However, in the event the loan is paid in full by the borrower prior to the end of the full stated term of the loan and the interest received for the actual period of the existence of the loan exceeds the maximum lawful rate, the lender contracting for, charging, or receiving all such interest shall refund to the borrower the amount of the excess or shall credit the amount of the excess against amounts owing under the loan and shall not be subject to any of the penalties provided by law for contracting for, charging, or receiving interest in excess of the maximum lawful rate.

Such a loan shall not be subject to the defense of usury or the penalties for usury unless the interest rate exceeds the maximum lawful interest rate for corporations (other than nonprofit corporations).

Art. 5069-3.15. Maximum Rates of Interest

(1) Every licensee may contract for and receive on any loan made under this Chapter repayable in consecutive monthly installments, substantially equal in amount, an interest charge, however calculated or shown, that does not exceed an add-on interest charge computed on the cash advance for the full term of the loan contract in accordance with the following schedule:

Eighteen Dollars per One Hundred Dollars per annum on that part of the cash advance not in excess of Three Hundred Dollars, and Eight Dollars per One Hundred Dollars per annum on that part of the cash advance in excess of Three Hundred Dollars but not in excess of Twenty-five Hundred Dollars.

(2) Interest authorized in Section (1) of this Article may be computed at the time the loan is made for the full term of the loan contract notwithstanding the requirement of the loan contract for payment in substantially equal regular installments and may be computed on the basis of a full month for any fractional period in excess of fifteen days. Pre-computed interest authorized by Section (1) of this Article shall be added to the cash advance and said sum shall be the amount of the loan.

(3) Notwithstanding the foregoing, a licensee may make loans which require repayment in other than substantially equal successive monthly installments, as where payable in irregular or unequal installments either in amount or periods of the installments or in equal successive monthly installments followed by or interspersed with an irregular, unequal, or larger installment or installments, or in other than monthly installments or if the first installment is not payable one month from the date of the contract and may compute, contract for, charge, or receive interest charges under any method or formula different from that prescribed in Section (1) of this Article if the interest charges do not exceed an amount that, having due regard for the schedule of installment payments, will provide the same effective return as if the loan were repayable in equal successive monthly installments beginning one month from the date of the contract.

(4) Notwithstanding any other provision of this Chapter, a borrower and a licensee may enter into a written agreement pursuant to which one or more loans or advances to or for the account of the borrower may be made from time to time. The agreement shall contain the date of the agreement and the name and address of each borrower and of the licensee and shall be signed by the parties. A copy of the agreement shall be delivered to the borrower. The agreement may provide for a maximum loan charge on the unpaid principal amounts from time to time outstanding not in excess of a rate producing an interest yield equivalent to that which would be permitted on a similar loan made under Section (1) of this Article. The Commissioner shall prescribe monthly rates of charge which produce an interest yield equal to that permitted under Section (1) of this Article on a loan of the same amount. The loan agreement shall clearly set forth the insurance coverages afforded the borrower through the lender and, if a charge for insurance is to be made to the borrower, a simple statement of the amount of such charge or the method by which it will be calculated.

(5) On any loan contract which includes pre-computed interest and is payable in substantially equal successive monthly installments, additional interest for default, if contracted for, may equal but shall not exceed Five Cents for each One Dollar of any scheduled installment when any portion of such installment continues unpaid for ten days or more following the date such payment is due, including Sundays and holidays. Interest for such default shall not be collected more than once on the same installment. If the payment date of each wholly unpaid installment, on which no interest for default has been collected is deferred as of an installment date for one or more full months and the maturity of the contract is extended for a corresponding period of time, the licensee may charge and collect additional interest for such deferment. The interest for such deferment may be equal to the difference between the refund which would be required for prepayment in full, as of the date of deferment and the refund which would be required for prepayment in full as one month prior to such date multiplied by the number of months in the deferment period as defined below. The portion of the interest contracted for under Section (1) of this Article applicable to each deferred balance and installment period following a deferment period shall remain the same as that applicable to such balance and period under the original contract of loan. If a loan is prepaid in full during the deferment period defined below, the borrower shall receive, in addition to the refund required under Section (6) of this Article, a pro-rata refund of that portion of the interest for deferment applicable to any unexpired full month or months of such period. The deferment period is that period

beginning with the day following the due date of the scheduled installment preceding the first installment being deferred, and during which no payment is made or required by reason of such deferment. The interest for default or interest for deferment may be collected at the time of its accrual, or at any time thereafter. On any loan contract which includes precomputed interest but which is not payable in substantially equal successive monthly installments, the loan contract may provide for interest from the maturity date of any installment until paid at a rate not exceeding the highest lawful contract rate.

(6)(a) When any loan contract which includes precomputed interest and is payable in substantially equal successive monthly installments beginning within one month plus fifteen days after the date of the contract is prepaid in full by cash, a new loan, renewal, or otherwise, or when the licensee makes demand for payment in full of the unpaid balance, after the first installment due date but before the final installment due date, the licensee shall refund or credit the borrower with an amount which shall be as great a proportion of the total interest contracted for under Section (1) of this Article as the sum of the periodic balances scheduled to follow the installment date after the date of prepayment in full or demand for payment in full, bears to the sum of all the periodic time balances under the schedule of payments set out in the loan contract. If such prepayment in full or demand for payment in full occurs before the first installment due date the licensee shall retain for each elapsed day from the date the loan was made, one-thirtieth of the portion of the interest which could be retained if the first installment period were one month and the loan were prepaid in full on the first installment period due date and the interest contracted for under Section (1) of this Article in excess of such amount shall be refunded or credited to the borrower.

(b) When any loan contract which includes precomputed interest and is payable in other than substantially equal successive monthly installments beginning within one month plus fifteen days after the date the contract is prepaid in full by cash, a new loan, renewal, or otherwise, or when the licensee makes demand for payment in full of the unpaid balance prior to final maturity, the licensee may retain earned interest for the period from the date of the loan to the date of prepayment in full or date of demand for payment in full in an amount not to exceed that which would accrue at the simple annual interest rate which the loan contract would have produced over its full term if each scheduled payment had been paid on the date due when applied to the unpaid principal amounts determined to be outstanding from time to time according to the schedule of payments, having due regard for the amount of each scheduled installment and the time

of each scheduled installment period. In the event prepayment in full or demand for payment in full occurs on a date during an installment period, the licensee, in addition to interest earnings for the installment period or periods that have elapsed, may retain for each day elapsed from the immediately preceding installment due date to the date of prepayment in full or demand for payment in full an interest charge produced by applying the simple annual interest rate under the contract as heretofore described to the unpaid principal balance of the loan determined to be outstanding according to the schedule of payments as of the immediately preceding installment due date and dividing that product by three hundred sixty-five. All interest contracted for and precomputed in the amount of loan in excess of the interest authorized to be retained by this Subsection shall be refunded or credited to the borrower.

The licensee may also retain earned interest on any additions to principal or other permissible charges added to the loan subsequent to the date of the loan contract, at the simple annual interest rate as described above, from the date such additions are made until paid or until demand for payment in full of the total unpaid balance under the loan contract is made by the licensee.

If the loan contract does not contain precomputed interest, then interest may be earned on the principal balance, including additions to principal subsequent to the loan contract, from time to time unpaid, at the rate contracted for, until the date of payment in full or demand for payment in full.

(c) No refund shall be required for partial prepayments and no refund of less than One Dollar need be made.

Art. 5069-3.18. Insurance

[See Compact Edition, Volume 4 for text of (1) and (2)]

(3) When insurance is required in connection with a loan made under this Chapter, the lender shall furnish the borrower a statement which shall clearly and conspicuously state that insurance is required in connection with the loan, and that the borrower shall have the option of furnishing the required insurance either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverages through any insurance company authorized to transact business in Texas. In addition when any requested or required insurance is sold or procured by the licensee

at a premium or rate of charge not fixed or approved by the State Board of Insurance, the licensee shall include such fact in the foregoing statement, and the borrower shall have the option for a period of five days from the date of loan of furnishing the required insurance coverage either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverage through any insurance company authorized to transact business in Texas. Such statement or statements may be made as separate written statements delivered in conjunction with the loan contract or may be included as a part of the loan contract.

(4) All insurance for which a charge is included in the loan contract shall be written at lawful rates and in accordance with the provisions of the Texas Insurance Code by a company authorized to do business in this State.

(5) Where insurance for which a charge is included in the loan contract is to be procured by the lender, the lender shall within thirty days after execution of the loan contract deliver, mail, or cause to be mailed to the borrower at his address as specified in the contract, a policy, or policies, or certificates of insurance, clearly setting forth the amount of the premium, the kind or kinds of insurance, the coverages and all of the terms, options, limitations, restrictions and conditions of the policy or policies of insurance.

(6) If a borrower is obligated under the terms of a loan contract to obtain or maintain required insurance coverages and fails to do so or requests the lender to procure that insurance, the lender may procure substitute insurance coverage, which coverage is substantially equivalent to or more limited than that originally required, in accordance with Sections (4) and (5) of this Article, and may procure insurance to cover only the interest of the lender as a secured party if the borrower does not request that the borrower's interest be covered. The lender may add the premium advanced by the lender for that insurance to the unpaid balance of the loan contract and may charge interest on that amount from the time of its addition to the unpaid balance of the loan contract until it is paid at a rate not in excess of the rate that the loan contract would produce over its full term if each scheduled payment were paid on the date due. If any insurance for which a charge is included in or added to the loan contract is cancelled, adjusted or terminated for any reason, the refund for unearned insurance premiums received by the lender shall be credited, except to the extent applied to the purchase by the lender of similar insurance, to any amounts then unpaid on the account and the balance shall be promptly refunded to the borrower; provided, however, that no cash refund shall be required if the amount thereof is less than One Dollar.

(a) The names and addresses of the borrower and of the licensee; and

CHAPTER FOUR. INSTALLMENT LOANS

Art. 5069-4.01. Installment Loans Authorized

(1) Any bank or savings and loan association doing business under the laws of this State or of the United States, and any person licensed to do business under the provisions of Chapter 3 of this Subtitle relating to regulated loans may contract for and receive on any loan made under the authority of this Chapter repayable in consecutive monthly installments, substantially equal in amount, an interest charge, however calculated or shown, which does not exceed an add-on interest charge of Eight Dollars per One Hundred Dollars per annum for the full term of the loan contract.

(2) Interest authorized in Section (1) of this Article may be computed on the cash advance at the time the loan is made for the full term of the loan

contract notwithstanding the requirement of the loan contract for payment in substantially equal regular installments and may be computed on the basis of a full month for any fractional period in excess of fifteen days. Precomputed interest authorized by Section (1) of this Article shall be added to the cash advance and said sum shall be the amount of the loan.

(3) Notwithstanding the foregoing, a lender may make loans which require repayment other than in substantially equal successive monthly installments, as where payable in irregular or unequal installments either in amount or period of the installments or in equal successive monthly installments followed by or interspersed with an irregular, unequal, or larger installment or installments, or in other than monthly installments, or if the first installment is not payable one month from the date of the contract and may compute, contract for, charge, or receive interest charges under any method or formula different from that prescribed in Section (1) of this Article if the interest charges do not exceed an amount that, having due regard for the schedule of installment payments, will provide the same effective return as if the loan were repayable in equal successive monthly installments beginning one month from the date of the contract.

(4) Notwithstanding any other provision of this Chapter, a borrower and a lender may enter into a written agreement pursuant to which one or more loans or advances to or for the account of the borrower shall be made from time to time. The agreement shall contain the date of the agreement and the name and address of each borrower and of the lender and shall be signed by the parties. A copy of the agreement shall be delivered to the borrower. The agreement may provide for a maximum loan charge on the unpaid principal amounts from time to time outstanding not in excess of a rate producing an interest yield equivalent to that which would be permitted on a similar loan made under Section (1) of this Article. The Commissioner shall prescribe monthly rates of charge which produce an interest yield equal to that permitted under Section (1) of this Article on a loan of the same amount. The loan agreement shall clearly set forth, if a charge for insurance is to be included in the contract, a simple statement of the amount of such charge or the method by which it will be calculated.

(5) On any loan contract which includes precomputed interest, and is payable in substantially equal, successive monthly installments, additional interest for default, if contracted for, may equal but shall not exceed Five Cents for each One Dollar of any scheduled installment when any portion of such installment continues unpaid for ten days or more following the date such payment is due, including Sundays and holidays. Interest for such default

shall not be collected more than once on the same installment. If the payment date of each wholly unpaid installment, on which no interest for default has been collected is deferred as of an installment date for one or more full months and the maturity of the contract is extended for a corresponding period of time, the lender may charge and collect additional interest for such deferment. The interest for such deferment may be equal to the difference between the refund which would be required for prepayment in full as of the date of deferment and the refund which would be required for prepayment in full as of one month prior to such date multiplied by the number of months in the deferment period as defined below. The portion of the interest contracted for under Section (1) of this Article applicable to each deferred balance and installment period following a deferment period shall remain the same as that applicable to such balance and period under the original contract of loan. If a loan is prepaid in full during the deferment period defined below, the borrower shall receive, in addition to the refund required under Section (6) of this Article, a pro-rata refund of that portion of the interest for deferment applicable to any unexpired full month or months of such period. The deferment period is that period beginning with the day following the due date of the scheduled installment preceding the first installment being deferred, and during which no payment is made or required by reason of such deferment. The interest for default or interest for deferment may be collected at the time of its accrual or deferment or at any time thereafter. On any loan contract which includes precomputed interest but which is not payable in substantially equal successive monthly installments, the loan contract may provide for interest from the maturity date of any installment until paid at a rate not exceeding the highest lawful contract rate.

(6)(a) When any loan contract payable in substantially equal successive monthly installments beginning within one month plus fifteen days after the date of the contract and containing precomputed interest is prepaid in full by cash, a new loan, renewal, or otherwise, or when the lender demands payment in full of the unpaid balance after the first installment due date but before the final installment due date, the lender shall refund or credit the borrower with an amount which shall be as great a proportion of the total interest contracted for under Section (1) of this Article as the sum of the periodic balances scheduled to follow the installment date after the date of prepayment in full or demand for payment in full bears to the sum of all the periodic time balances under the schedule of payments set out in the loan contract. If such prepayment in full or demand for payment in full occurs before the first installment due date the lender shall retain for each elapsed day from date the loan was made, one-thirti-

eth of the portion of the interest which could be retained if the first installment period were one month and the loan were prepaid in full on the first installment period due date and the interest contracted for under Section (1) of this Article in excess of such amount shall be refunded or credited to the borrower.

When any loan contract which includes precomputed interest and is payable in other than substantially equal successive monthly installments beginning within one month plus fifteen days after the date of the contract is prepaid in full by cash, a new loan, renewal, or otherwise, or if the lender demands payment in full of the unpaid balance before the final installment due date, the lender shall retain earned interest for the period from the date of the loan to the date of prepayment in full or demand for payment in full in an amount not to exceed that which would accrue at the simple annual interest rate which the loan contract would have produced over its full term if each scheduled payment had been paid on the date due when applied to the unpaid principal amounts determined to be outstanding from time to time according to the schedule of payments having due regard for the amount of each scheduled installment and the time of each scheduled installment period. In the event prepayment in full or demand for payment in full occurs on a date during an installment period, the lender, in addition to interest earnings for the installment period or periods that have elapsed, may retain for each day elapsed from the immediately preceding installment due date to the date of prepayment in full or demand for payment in full an interest charge produced by applying the simple annual interest rate under the contract as heretofore described to the unpaid principal balance of the loan determined to be outstanding according to the schedule of payments as of the immediately preceding installment due date and dividing that product by three hundred sixty-five. All interest contracted for and precomputed in the amount of loan in excess of the interest authorized to be retained by this subsection shall be refunded or credited to the borrower.

The lender may also retain earned interest on any additions to principal or other permissible charges added to the loan subsequent to the date of the loan contract, at the simple annual interest rate as described above, from the date such additions are made until paid or until demand for payment in full of the total unpaid balance under the loan contract is made by the lender.

If the loan contract does not contain precomputed interest, then interest may be earned on the principal balance, including additions to principal subsequent to the loan contract, from time to time unpaid, at the rate contracted for, until the date of payment in full or demand for payment in full.

(c)¹ No refund shall be required for partial prepayments and no refund of less than One Dollar need be made.

Art. 5069-4.02. Insurance

[See Compact Edition, Volume 4 for text of (1) and (2)].

(3) When insurance is required in connection with a loan made under this Chapter, the lender shall furnish the borrower a statement which shall clearly and conspicuously state that insurance is required in connection with the loan, and that the borrower shall have the option of furnishing the required insurance either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverages through any insurance company authorized to transact business in Texas. In addition when any requested or required insurance is sold or procured by the lender at a premium or rate of charge not fixed or approved by the State Board of Insurance, the lender shall include such fact in the foregoing statement, and the borrower shall have the option for a period of five days from the date of loan of furnishing the required insurance coverage either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverage through any insurance company authorized to transact business in Texas. Such statement or statements may be made as separate written statements delivered in conjunction with the loan contract or may be included as a part of the loan contract.

(4) All insurance for which a charge is included in the loan contract shall be written at lawful rates and in accordance with the provisions of the Texas Insurance Code by a company authorized to do business in this State.

(5) Where insurance for which a charge is included in the loan contract is to be procured by the lender, the lender shall within thirty days after execution of the loan contract deliver, mail, or cause to be mailed to the borrower at his address as specified in the contract, a policy, or policies, or certificates of insurance, clearly setting forth the amount of the premium, the kind or kinds of insurance, the coverages and all of the terms, options, limitations, restrictions and conditions of the policy or policies of insurance.

(6) If a borrower is obligated under the terms of a loan contract to obtain or maintain required insurance coverages and fails to do so or requests the lender to procure that insurance, the lender may procure substitute insurance, which coverage is sub-

stantially equivalent to or more limited than that originally required, in accordance with Sections (4) and (5) of this Article and may procure insurance to cover only the interest of the lender as a secured party if the borrower does not request that the borrower's interest be covered. The lender may add the premium advanced by the lender for that insurance to the unpaid balance of the loan contract and may charge interest on that amount from the time of its addition to the unpaid balance of the loan contract until it is paid at a rate not in excess of the rate that the loan contract would produce over its full term if each scheduled payment were paid on the date due. If any insurance for which a charge is included in or added to the loan contract is cancelled, adjusted or terminated for any reason, the refund for unearned insurance premiums received by the lender shall be credited, except to the extent applied to the purchase by the lender of similar insurance, to any amounts then unpaid on the account and the balance shall be promptly refunded to the borrower; provided, however, that no cash refund shall be required if the amount thereof is less than One Dollar.

(1) When a loan is made under the authority of this Chapter, the lender shall deliver to the borrower, or if more than one to one of them, a copy of the note or agreement and all other documents signed by the borrower and a statement in writing in the English language showing the following information:

(a) The names and addresses of the borrower and of the lender; and

If such prepayment in full or demand for payment in full occurs before the first installment due date the lender shall retain for each elapsed day from date the loan was made, one-thirtieth of the portion of the interest which could be retained if the first installment period were one month and the loan were prepaid in full on the first installment period due date and the interest contracted for under Section (1) of this Article in excess of such amount shall be refunded or credited to the borrower. CHAPTER SIX. RETAIL INSTALLMENT SALES

Art. 5069-6.01. Definitions

As used in this Chapter, unless the context otherwise requires:

- (a) "Goods" means all tangible personal property when purchased primarily for personal, family or household use and not for commercial or business use, including such property which is furnished or used at the time of sale or subsequently, in the modernization, rehabilitation, repair, alteration, improvement or construction of real property so as to become a part thereof whether or not severable therefrom. The term also includes, but

is not limited to, a structure, except a mobile home, to be used as a residence, any boat, boat-trailer, motor scooter, motor-assisted bicycle, motorcycle, camper-type trailer, horse trailer, any vehicle propelled or drawn exclusively by muscular power, and merchandise certificates or coupons, issued by a retail seller, not redeemable in cash and to be used in their face amount in lieu of cash, in exchange for goods or services sold by such seller.

The term does not include (i) money, things in action or intangible personal property, other than merchandise certificates or coupons as herein described; or (ii) any automobile, mobile home, truck, trailer, semi-trailer, truck tractor or bus designed and used primarily to transport persons or property on a public highway; or (iii) any vehicle designed to run only on rails or tracks or in the air, as defined in Chapter 7 of this Subtitle; or (iv) any goods which are authorized to be and are included in a contract subject to Chapter 7 of this Subtitle.

(b) "Services" means work, labor, or services of any kind when purchased primarily for personal, family or household use and not for commercial or business use, and includes a maintenance or service contract or agreement or warranty, but does not include (i) the services of a professional person licensed by the State except when those services are rendered in connection with the purchase of goods; or (ii) services for which the cost is by law fixed or approved by, or filed with or subject to approval or disapproval by the United States or the State of Texas, or any agency, instrumentality or subdivision thereof; or (iii) educational services provided by an accredited college or university or a primary or secondary school providing education required by the State of Texas or services of a kindergarten or nursery school; (iv) any services which are authorized to be and are included in a contract subject to Chapter 7 of this Subtitle; or (v) any medical or legal services.

[See Compact Edition, Volume 4 for text of (c)]

(d) "Retail seller" or "seller" means a person regularly and substantially engaged in the business of selling goods or services to retail buyers, but does not include the services of a member of a learned profession.

(e) "Retail installment transaction" means any transaction in which a retail buyer purchases goods or services from a retail seller pursuant to a retail installment contract or a retail charge agreement, as defined in this Article, which provides for a time price differential, as defined in this Article, and under which the buyer agrees to pay the unpaid balance in one or more installments, together with a time price differential.

The term includes transactions made pursuant to a retail credit card arrangement as defined in this Article.

[See Compact Edition, Volume 4 for text of (f)]

(g) "Retail charge agreement" means an instrument or instruments prescribing the terms of retail installment transactions which may be made thereunder from time to time (whether secured or unsecured), and under the terms of which a time price differential, as defined in this Article, is to be computed in relation to the buyer's unpaid balance from time to time. The term includes an instrument or instruments prescribing the terms of a retail credit card arrangement.

(h) "Time price differential," however denominated or expressed, means the amount which is paid or payable for the privilege of purchasing goods or services to be paid for by the buyer in installments over a period of time. The term includes the amounts authorized by this Chapter when the parties have amended the contract to renew, restate, or reschedule the unpaid balance thereof or to extend or defer the scheduled due date of all or any part of any installment or installments.

In addition the term also includes any amounts paid or payable to a seller or holder as consideration for accepting payment in installments over time for goods and services charged under a retail credit card arrangement as defined by this Chapter.

The term does not include the amount, if any, charged for insurance premiums, delinquency charges, attorneys' fees, court costs or official fees. Nor shall the term be in anywise considered as interest as defined by the laws of this State.

(i) "Cash price" means the price stated in a retail installment contract or in a sales slip or other memorandum furnished by a retail seller to a retail buyer under or in connection with a retail charge agreement, for which the seller would have sold or furnished to the buyer and the buyer would have bought or obtained from the seller the goods or services which are the subject matter of a retail installment transaction, if the sale had been a sale for cash. The cash price may include any taxes and charges for delivery, installation, servicing, repairs, alterations or improvements and any of the charges described in Subsections (i), (iii), (iv), and (vi) of Section (j) of this Article which are not separately itemized on the contract.

(j) "Itemized Charges" however denominated or expressed means those amounts included in the contract or agreement but not included in the cash price for charges made to the buyer for:

(i) the amount of the fees prescribed by law for filing, recording, or otherwise perfecting and releasing or satisfying, a retained title lien or

other security interest created in connection with a retail installment transaction;

Art. 5069-6.02. Retail Installment Contracts—Requirements—Disclosure

[See Compact Edition, Volume 4 for text of (1)]

(2) The printed or typed portion of the contract, other than instructions for completion, shall be in a size equal to at least eight-point type. The contract shall be designated "Retail Installment Contract" and shall contain substantially the following notice printed or typed in a size equal to at least ten-point bold type:

"NOTICE TO THE BUYER. DO NOT SIGN THIS CONTRACT BEFORE YOU READ IT OR IF IT CONTAINS BLANK SPACES. YOU ARE ENTITLED TO A COPY OF THE CONTRACT YOU SIGN. UNDER THE LAW YOU HAVE THE RIGHT TO PAY OFF IN ADVANCE THE FULL AMOUNT DUE AND UNDER CERTAIN CONDITIONS MAY OBTAIN A PARTIAL REFUND OF THE FINANCE CHARGE. KEEP THIS CONTRACT TO PROTECT YOUR LEGAL RIGHTS."

[See Compact Edition, Volume 4 for text of (3) and (4)]

(5) The retail installment contract shall contain and disclose the following items:

(a) The cash price of the goods or services;

(b) The amount of the buyer's down payment, specifying the amounts paid in money and allowed for goods traded in;

(c) Any itemized charges, as defined in Article 6.01. Any charges for insurance permitted by Article 6.04 may be disclosed in the manner described in Article 6.04;

(d) In the event of any inconsistency or conflict between the disclosure requirements of this Chapter and those of a federal law, regulation, or an interpretation thereof, the requirements of the federal law, regulation, or interpretation shall control and the inconsistent or conflicting disclosures required by this Chapter need not to be given;

(e) Any promise, whether made in writing or orally, by the seller, made as an inducement to the buyer to become a party to the contract or which is part of the contract or which is made incidental to negotiations between the seller and the buyer with respect to the sale of the goods or services that are the subject of the contract, that the seller will compensate the buyer for referring customers or prospective customers to the seller for goods or services which the seller has for sale or for referring the seller to such customers or prospective customers. In any case in which, pursuant to the preceding provisions, the contract contains a promise to compensate the buyer for referring customers or prospective customers to the seller or the seller to such customers, the contract must contain a provision to the effect that the amount otherwise owing under the contract at any time is reduced by the amount of compensation owing pursuant to such promise.

[See Compact Edition, Volume 4 for text of (6)]

(7)(a) Retail installment contracts or retail charge agreements negotiated and entered into by mail or telephone, without solicitations in person by salesmen or other representatives of the seller, and based upon a catalog of the seller or other printed solicitation which clearly sets forth the cash prices of sales to be made through such medium, may be made as provided in this section. The provisions of this Article with respect to retail installment contracts shall be applicable to such sales, except that the designation and notice provisions of Section (2) of this Article shall not be applicable to such contract.

[See Compact Edition, Volume 4 for text of 7(b) to (9)]

(10) Notwithstanding the provisions of any retail installment contract to the contrary, any buyer may prepay in full the unpaid time balance thereof at any time before its final due date and, if he does so, or if the holder demands payment in full of the unpaid balance prior to its final due date, he shall receive a refund credit thereon for such prepayment or upon such demand for payment in full. The amount of such refund credit shall represent at least as great a proportion of the original time price differential, after first deducting therefrom an amount equivalent to the minimum charge authorized in this Article, as

(a) the sum of the monthly unpaid balances under the schedule of payments in the contract

(beginning as of the date after such prepayment or demand for payment in full which is the next succeeding monthly anniversary date of the due date of the first installment under the contract, or, of the prepayment or demand for payment in full is prior to the due date of the first installment under the contract, then as of the date after such prepayment or demand for payment in full which is the next succeeding monthly anniversary date of the date of the contract) bears to

(b) the sum of all the monthly unpaid balances under the schedule of installment payments in the contract. Where the amount of refund credit is less than One Dollar, no refund credit need be made. On contracts payable in other than substantially equal successive monthly installments commencing one month after the date of the contract, the refund shall be computed in a manner proportionate to the above described method, having due regard for the amount of each installment and to the irregularity of each installment period.

If, subsequent to demand of payment in full under a contract, the buyer and holder agree to reinstate such contract, they may do so and may amend the contract pursuant to Section (12) of this Article.

[See Compact Edition, Volume 4 for text of (11)]

(12)(a) The holder of a retail installment contract, upon request of the buyer, may agree to one or more amendments to extend or defer the scheduled due date of all or any part of any installment or installments and may collect for same a charge computed on the amount of the scheduled installment or installments extended or deferred for the period of extension or deferment at the rate of Fifteen Cents for each Ten Dollars per month; provided that a minimum extension or deferment charge of One Dollar may be charged and collected. Such amendments may also include payment by the buyer of the additional cost to the holder of premiums for continuing in force any insurance provided for in the contract and of any additional necessary official fees.

(b) The holder of a retail installment contract, upon request of the buyer may agree to an amendment to renew, restate or reschedule the unpaid balance of the contract and may collect for same a charge to be computed as follows: The sum of the unpaid balance as of the date of the amendment and the cost of any insurance, any additional necessary official fees and any accrued delinquency charges, after deducting an amount which would be equivalent to the required refund credit applicable in the case of prepayment in full as of the date of the amendment charges, shall constitute a principal balance on which a charge may be computed for the term of the amended contract at the applicable rate of charge as provided in Article 6.02.

(c) Any amendment to a retail installment contract must be confirmed in writing and signed by the buyer, and a copy of the writing shall be delivered to the buyer at the time of execution of same. Said writing together with the original contract and any previous amendments thereto shall constitute the retail installment contract.

[See Compact Edition, Volume 4 for text of (13)]

(14)(a) If, in a retail installment transaction, a retail buyer makes any subsequent purchases of goods or services from a retail seller from whom he has previously purchased goods or services under one or more retail installment contracts, and the amounts under such previous contract or contracts have not been fully paid, the subsequent purchases may, at the seller's option, be included in and consolidated with one or more of such previous contract or contracts. Each subsequent purchase shall be a separate retail installment contract under this Chapter, notwithstanding that the same may be included in and consolidated with one or more of such previous contract or contracts. All the provisions of this Chapter with respect to retail installment contracts shall be applicable to such subsequent purchases except as hereinafter stated in this section.

(b) In the event of such consolidation, in lieu of the buyer's executing a retail installment contract respecting each subsequent purchase, as provided in this Article, it shall be sufficient if the seller shall prepare a written memorandum of each subsequent purchase, in which case the provisions of Sections (1), (2), (3), and (5) of this Article shall not be applicable. The seller shall deliver to the buyer a copy of such memorandum prior to the due date of the first installment of such consolidated contract.

(c) When such subsequent purchases are made, if the seller has retained title or taken a lien or other security interest in any of the goods purchased under any one of the contracts included in the consolidation, the entire amount of all payments made prior to such subsequent purchases shall be deemed to have been applied to the previous purchases; and each payment after such subsequent purchase made on the consolidated contract shall be deemed to have been allocated to all of the various purchases in the same ratio as the original cash sale prices of the various purchases bear to the total of all. Where the amount of each installment payment is increased in connection with such subsequent purchases, at the seller's option, the subsequent payments may be deemed to be allocated as follows: an amount equal to the original periodic payment to the previous purchase, the balance to the subsequent purchase. However, the amount of any down payment on the subsequent purchase shall be allocated in its entirety to such subsequent purchase. The provisions of this Subsection (c) shall not apply to cases where such previous and subsequent purchases involve equipment, parts, or other goods attached or affixed to

goods previously purchased and not fully paid, or to services in connection therewith rendered by the seller at the buyer's request.

[Amended by Acts 1979, 66th Leg., p. 1569, ch. 672, §§ 29 to 34, eff. Aug. 27, 1979.]

Art. 5069-6.03. Retail Charge Agreements—Requirements—Disclosure

(1) A retail charge agreement may be established by a seller or credit card issuer upon the request of a buyer or prospective buyer. The retail charge agreement shall be in writing and signed by the buyer. A copy of such agreement executed on or after the effective date of this Chapter shall be delivered or mailed to the buyer prior to the date on which the first payment is due thereunder. Any acknowledgment by the buyer of delivery of a copy of the agreement contained in the body thereof shall be in a size equal to at least ten-point bold type and shall appear directly above the buyer's signature. No agreement executed on or after the effective date of this Chapter shall be signed by the buyer when it contains blank spaces to be filled in after it has been signed. The buyer's acknowledgment, conforming to the requirements of this section, of delivery of a copy of an agreement, shall be presumptive proof, in any action or proceeding, of such delivery and that the agreement, when signed, did not contain any blank spaces as herein provided. If no copy of the agreement is retained by the seller, a notation in his permanent record showing that such agreement was mailed and the date of mailing shall serve as presumptive proof of such mailing. Any such agreement shall contain substantially the following notice printed or typed in a size equal to at least ten-point bold type:

“NOTICE TO THE BUYER—DO NOT SIGN THIS AGREEMENT BEFORE YOU READ IT OR IF IT CONTAINS BLANK SPACES. YOU ARE ENTITLED TO A COPY OF THE AGREEMENT YOU SIGN. KEEP THIS AGREEMENT TO PROTECT YOUR LEGAL RIGHTS.”

(2) The buyer under the retail charge agreement shall be supplied with a statement as of the end of each monthly period (which need not be a calendar month), or other regular period agreed upon in writing, at the end of which there is any unpaid balance thereunder, which statement shall recite and disclose a legend to the effect that the buyer may at any time pay his total unpaid balance or any part thereof.

(2a) A retail charge agreement that complies with the applicable duties and requirements regarding disclosure under the Consumer Credit Protection Act (15 U.S.C. 1601 et seq.), shall be deemed to comply with the duties and requirements regarding disclosure included in Section (2) of this Article.

Art. 5069-6.04. Insurance

(1) On any retail installment contract or retail charge agreement made under the authority of this Chapter, a seller or holder may request or require a buyer to provide credit life insurance and credit health and accident insurance as additional protection for such contract or agreement and include the cost of such insurance as a separate charge in such contract or agreement. Only one policy of life insurance and one policy of health and accident insurance on any one buyer may be in force with respect to any one contract or agreement at any one time.

(2) A seller or holder may, in addition, request or require a buyer to insure the property purchased in, or improved by, goods and services provided under a retail installment transaction subject to this Chapter, including title insurance on real property involved in the retail installment contract or retail charge agreement and subject to a lien or security interest of seller or holder, and include the cost of such insurance as a separate charge in such contract or agreement. If the property involved in such contract or agreement is a boat which may be enrolled or licensed as a yacht with the United States Coast Guard and be subject to the maritime laws of the United States, a seller or holder may also require a buyer to provide protection and indemnity insurance, longshoremen's and harbor worker's compensation insurance and medical payments insurance in connection with the boat, and include the cost of such insurance as a separate charge in such contract or agreement. Such insurance and the premiums or charges for that insurance shall bear a reasonable relationship to the amount, term and conditions of the contract or agreement, the existing hazards or risk of loss, damage or destruction, or the potential liability and shall not provide for unusual or exceptional risks or coverages which are not ordinarily included in policies issued to the general public.

Additionally, the buyer and seller may agree to include in the retail installment contract charges for insurance coverages which (1) cover risks of loss or liability reasonably related to the goods or services sold, the anticipated use thereof, or goods or services related to the goods or services sold and which may be insured with the goods and services sold; and (2) are written on policies or endorsement forms prescribed or approved by the State Board of Insurance; and (3) are ordinarily offered in policies or endorsements offered to the general public. The retail installment contract shall clearly identify the type of coverage for each such type of coverage purchased

and the premiums therefor and shall clearly indicate that such coverage is optional.

(3) When insurance is required in connection with such a contract or agreement made under this Chapter, the seller or holder shall furnish the buyer a statement which shall clearly and conspicuously state that insurance is required in connection with the contract or agreement, and that the buyer shall have the option of furnishing the required insurance either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverages through any insurance company authorized to transact business in Texas. In addition when any requested or required insurance is sold or procured by the seller or holder and a premium or rate of charge not fixed or approved by the State Board of Insurance is included in the retail installment contract or under the retail charge agreement, the seller or holder shall include or cause to be included such fact in a written statement delivered or mailed to the buyer, and the buyer shall have the option for a period of ten days from the date of the contract or agreement or the mailing of the written statement to the buyer of furnishing the required insurance coverage either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverage through any insurance company authorized to transact business in Texas. Such statement or statements may be made in conjunction with or as part of the retail installment contract required by Article 6.02 or the retail charge agreement required by Article 6.03, respectively, or may be made in a separate written statement or statements.

(4) All such insurance subject to Section (1) or (2) of this Article for which a separate charge is included in the retail installment contract or under the retail charge agreement shall be written at lawful rates and in accordance with the provisions of the Texas Insurance Code by a company or companies authorized to do business in this State.

(5) The contract or agreement, separate written statement, or a specimen copy of a certificate or policy of insurance delivered to the buyer shall identify the type of coverage, term and amount of premium for such insurance coverages described in Sections (1) and (2) of this Article for which a separate charge is included in the retail installment contract or under the retail charge agreement.

(6) The buyer shall have the privilege at the time of execution of the contract or agreement of purchasing such insurance from an agent or broker of his own selection and of selecting an insurance company acceptable to the seller or holder, but, in such case the inclusion of the insurance premium in the contract or agreement shall be optional with the seller or holder.

(7)(a) Subsequent to the execution of the retail installment contract, a buyer and holder may agree to add to the unpaid balance of the contract premiums for insurance policies obtained subsequent to the retail installment transaction and covering the goods or services sold or goods or services related thereto, including premiums for renewal of policies originally included in the contract. Such policies shall comply with the limitations set out in Sections (1), (2), and (4) above, as applicable.

(b) If the buyer fails to present to the holder reasonable evidence that he or she has obtained or maintained a coverage required by the retail installment contract or retail charge agreement, the holder may but shall not be required to procure substitute insurance coverage which is substantially equivalent to or more limited than the coverages originally required and may add the premium advanced for that insurance to the unpaid balance of the contract or under the retail charge agreement. The substitute insurance may cover only the interest of the holder or the interest of the holder and the buyer. The substitute insurance shall be written at lawful rates and in accordance with the Texas Insurance Code by a company authorized to do business in this State.

(c) If any premium is added to the unpaid balance of a retail installment contract under this Section, the rate of time price differential previously agreed to in the retail installment contract remains in effect and shall be applied to the new unpaid balance or the contract may be rescheduled in accordance with Article 6.02. If any premium is added under a retail charge agreement, the premium shall be added to the unpaid balance under the retail charge agreement. When any substitute insurance is obtained by the holder of a retail installment contract or retail charge agreement when the buyer has failed to obtain or maintain a required coverage, the amendment adding the premium or rescheduling the contract need not be signed by the buyer but the holder shall deliver to the buyer or send to the buyer's last known address as shown by the records of the holder specific written notification of that action.

(8) If the insurance is to be procured by the seller or holder, he shall, within forty-five days after delivery of the goods or furnishing of the services under the contract or agreement, deliver, mail, or cause to be mailed to the buyer at his address as specified in the contract or agreement, a policy, or policies, or certificates of insurance, clearly setting forth the amount of the premium, the kind or kinds of insurance, the coverages and all the terms, options, limitations, restrictions and conditions of the policy or policies of insurance.

(9) If the insurance is cancelled, adjusted or terminated for any reason, the refund for unearned insurance premiums received by the seller or the

holder shall, at the seller or holder's option, be applied to replace required insurance coverages or be credited to the final maturing installments of the retail installment contract or retail charge agreement, and the remaining balance of the unearned insurance premiums shall be refunded to the buyer; provided, however, that no cash refund shall be required if the amount thereof is less than One Dollar.

(10) Any gain, or advantage to the seller or holder, or any employee, officer, director, agent, general agent, affiliate or associate from such insurance or its provision or sale shall not be considered as an additional charge or further time price differential in connection with any contract or agreement made under this Chapter except as specifically provided herein.

[Amended by Acts 1979, 66th Leg., p. 309, ch. 142, § 1, eff. Aug. 27, 1979; Acts 1979, 66th Leg., p. 1573, ch. 672, § 37, eff. Aug. 27, 1979.]

Art. 5069-6.05. Prohibited Provisions

No retail installment contract or retail charge agreement shall:

[See *Compact Edition, Volume 4 for text of (1) to (6)*]

(7) Provide for or grant a first lien upon real estate to secure such obligation, except, (a) such lien as is created by law upon the recording of an abstract of judgment or (b) such lien as is provided for or granted by a contract or series of contracts for the sale or construction and sale of a structure to be used as a residence so long as the time price differential does not exceed an annual percentage rate of 10 percent.

[Amended by Acts 1977, 65th Leg., p. 212, ch. 104, § 1, eff. May 4, 1977.]

Art. 5069-6.08. Application

None of the provisions of this Chapter shall affect or apply to any loans or to the business of making loans under or in accordance with the laws of this State, nor shall any of the provisions of the loan or interest statutes of this State affect or apply to any retail installment transaction. Nor shall any seller pay, promise to pay, or otherwise tender cash to any buyer as a part of any transaction made pursuant to this Chapter unless otherwise specifically authorized by this Chapter. Nothing in this Chapter shall be construed to impair or in any way affect any rule of law applicable to or governing retail installment sales not otherwise subject hereto. This Chapter shall apply exclusively to retail installment transactions as defined in Article 6.01 hereof. The provisions of this Chapter defining specific rates and amounts of charges and requiring certain credit disclosures to be made shall be deemed to control over any contrary Texas law respecting those sub-

jects. Except as displaced by the particular provisions of this Chapter, the Uniform Commercial Code as adopted in Texas,¹ other applicable statutes, and the principles of the common law shall remain applicable to transactions hereunder to the extent they are applicable.

Art. 5069-6A.03. Finance Charge, Time Price Differential, and Annual Percentage Rate

A. Rate. Notwithstanding the provisions of any other laws, the time price differential in a credit sale of a manufactured home pursuant to an installment contract payable in substantially equal successive monthly installments shall not exceed an amount determined under the following schedule:

(1) Any manufactured home which is the subject of a retail sale for the first time may be sold at a rate not in excess of \$7.50 per \$100 per annum.

(2) Any manufactured home which has been the subject of a prior retail sale may be sold at a rate not in excess of \$10 per \$100 per annum.

(3) Any manufactured home which is the subject of a retail sale with the purchase of said manufactured home being financed for a time period in excess of 60 months from the date of the contract may be sold with either a rate charge calculated pursuant to the applicable subparagraph above or a time price differential charge produced by but not in excess of the amount obtained by applying the true annual percentage rate produced by Subparagraph (1) above for a term of 60 months to the unpaid portion of the amount financed determined to be outstanding from time to time according to the terms and schedule of payments of said contract, so that all contracts in excess of 60 months may be financed at such annual percentage rate.

B. Date of Computation of Finance Charge. The finance charge shall be computed on the amount financed from the date of the credit sale contract until the maturity of the final installment, notwithstanding that the total of payments is required to be paid in installments.

C. Irregular Periods. For a period lesser or greater than 12 months or for amounts lesser or greater than \$100, the amount of the maximum charge set forth in the foregoing schedule shall be decreased or increased proportionately. A fractional monthly period of 15 days or more may be considered a full month.

D. Maximum Rate for Irregular Payments. If a credit sale contract is payable other than in substantially equal successive monthly installments, as where payable in irregular or unequal installments either in amount or periods thereof, or in equal successive monthly installments followed by or interspersed with an irregular, unequal, or larger installment or installments, or in other than monthly installments or if the first installment is not payable one month from the date of the contract, the finance charge may not exceed an amount which, having due regard for the schedule of installment payments, will provide the same effective return as if the credit sale contract were payable in substantially equal successive monthly installments beginning one month from the date of the credit sale contract as provided in Subparagraph A above.

E. Annual Percentage Rate. Except as otherwise provided in this section, the annual percentage rate shall be that nominal annual percentage rate determined as follows:

(1) In accordance with the actuarial method of computation so that it may be disclosed with an accuracy at least to the nearest quarter of one percent. The mathematical equation and technical instructions for determining the annual percentage rate in accordance with the requirements of this paragraph are set forth in Supplement I to Regulation Z of the federal Truth-in-Lending Act,

said supplement being incorporated in this chapter by reference.

(2) At the option of the creditor, by application of the United States rule so that it may be disclosed with an accuracy at least to the nearest quarter of one percent. Under this rule, the finance charge is computed on the unpaid balance for the actual time the balance remains unpaid and if the amount of a payment is insufficient to pay the accumulated finance charge, the unpaid accumulated finance charge continues to accumulate to be paid from the proceeds of subsequent payments and is not added to the amount financed.

F. Rate Tables. The Regulation Z Annual Percentage Rate Tables produced by the Federal Reserve Board may be used to determine the annual percentage rate, and any such rate determined from these tables in accordance with instructions contained therein will comply with the requirements of this section.

Art. 5069-6A.04. Disclosure Requirements

A. Multiple Creditors. If there is more than one creditor in a transaction, each creditor whose identity is known at the time of the credit extension shall be clearly identified. The disclosure of any one item by any creditor shall satisfy the requirement to disclose such item regardless of which creditor makes the disclosure.

B. Multiple Customers. If there is more than one customer in a credit sale, the creditor need furnish the disclosures required by this chapter to only one of the customers.

C. Leap Year. Any variance in the amount of any finance charge, payment, percentage rate, or other term required under this chapter to be disclosed or stated in any advertisement, which occurs by reason of the addition of February 29 in each leap year, may be disregarded, and such term may be disclosed or stated without regard to such variance.

D. Place and Time of Disclosure. The creditor shall make the disclosures required by this chapter before the customer signs the credit sale contract. At the time disclosures are made, the creditor shall furnish the customer with a duplicate of the instrument or a statement by which the required disclosures are made and on which the creditor is identified. All of the disclosures shall be made together on the credit sale contract on the same side of the page and above or adjacent to the customer's signature.

E. Signature. The credit sale contract shall be signed by both the customer and creditor and shall state the date of the credit sale contract, which shall be the date that the last signature is made.

F. Required Notice. The printed portion of the credit sale contract, other than instructions for completion, shall be in a size equal to at least eight-point type. Such contract shall contain substantially the following notice:

"NOTICE TO THE CUSTOMER—DO NOT SIGN THIS CONTRACT BEFORE YOU READ IT OR IF IT CONTAINS ANY BLANK SPACES. YOU ARE ENTITLED TO A COPY OF THE CONTRACT YOU SIGN. UNDER THE LAW YOU HAVE THE RIGHT TO PAY OFF IN ADVANCE THE FULL AMOUNT DUE AND UNDER CERTAIN CONDITIONS MAY OBTAIN A PARTIAL REFUND OF THE FINANCE CHARGE. KEEP THIS CONTRACT TO PROTECT YOUR LEGAL RIGHTS."

G. Identity of Parties. The credit sale contract shall contain the names of the creditor and the customer, the address of the place of business of the creditor, the residence or other address of the buyer as specified by the customer, and the name of the manufacturer and model of the manufactured home sold or to be sold.

H. Delinquency Charge. The creditor may collect a delinquency charge on each installment in default for a period of more than 10 days in an amount not to exceed five percent of each installment or not in excess of \$10, whichever is less. Only one such delinquency charge may be collected on any installment regardless of the period during which it remains in default. The creditor shall disclose on the credit sale contract the amount or method of computing the amount of any default, delinquency, or similar charges payable in the event of late payments. The charge or collection of a delinquency charge shall not affect the right of a creditor to accelerate the contract pursuant to Section 9 of this chapter.

I. Security Interest. The creditor shall disclose in the credit sale contract whether a security interest is retained. If a security interest is retained, the creditor shall give a general description of the property which is subject to the security interest. For purposes of this subparagraph, it shall be sufficient for the creditor to state that "The creditor retains a purchase money security interest in the manufactured home and all items sold pursuant to this contract."

J. Acknowledged Delivery. The customer's acknowledgment of delivery of a copy of the credit sale contract shall be conclusive proof of such delivery, and that such contract when signed by the customer did not contain any blank spaces except as herein provided, and of compliance with this section in any action or proceeding by or against a subse-

quent creditor without knowledge to the contrary when the creditor acquires the credit sale contract.

K. Payment Statement. Upon written request of the customer, the creditor shall give or forward to the creditor a written statement of the dates and amounts of the received installment payments and the total amount unpaid under such contract. Such a statement shall be given the customer once every six months without charge. If any additional statement is requested by the customer, it shall be supplied by the creditor at a charge not in excess of \$1 for each additional statement. A customer shall be given a written receipt for any payment when made in cash.

L. Special Order. If a customer desires to order a manufactured home from a creditor and the home is modified from a standard floor plan to fit the customer's specifications and the customer desires to purchase said home by executing a credit sale contract pursuant to this chapter, the creditor may require the customer to pay a deposit not in excess of three percent of the estimated cash price. Upon arrival of the special ordered home but not sooner, the customer shall execute a credit sale contract pursuant to the terms of this chapter and the deposit shall be applied toward the payment of the cash price. Prior to the execution of the credit sale contract, the customer may cancel said order. In such event, the creditor may retain all or any portion of the deposit, and the customer will not be responsible for any costs or expenses other than the forfeited deposit.

M. Price Block Disclosures. The following items, if applicable, shall be disclosed on the credit sale contract in the sequence stated below:

(1) the cash price of the manufactured house using the term, "cash price";

(2) the amount of the down payment itemized, as applicable, as down payment in money, using the term "cash down payment," down payment in property, using the term "trade-in," and the sum, using the term "total down payment";

(3) "other charges," individually itemized, which are included in the amount financed but which are not part of the finance charge, including insurance, taxes;

(4) the sum of Subparagraphs (1) and (3) of this paragraph less Subparagraphs (2) and (4) of this paragraph, using the term "amount financed";

(5) the total amount of the finance charge, using the term, "finance charge," and where the total charge consists of two or more types of charges, a description of the amount of each type.

N. Annual Percentage Rate. The credit sale contract shall also disclose the finance charge expressed as an annual percentage rate, using the term "annual percentage rate."

O. Payment Schedule. The number, amount, and due dates or periods of payments scheduled to repay the indebtedness and the sum of such payments using the term "total of payments." If any payment is more than twice the amount of an otherwise regularly scheduled equal payment, the creditor shall identify the amount of such payment by the term "balloon payment" and shall state the conditions, if any, under which that payment may be refinanced if not paid when due.

[Added by Acts 1979, 66th Leg., p. 1579, ch. 672, § 39, eff. Aug. 27, 1979.]

Art. 5069-6A.05. Prepayment

Notwithstanding the provisions of any credit sale contract to the contrary, any customer may prepay it in full at any time before maturity and, if he does so, shall receive a refund credit of the time price differential which shall not be less than the sum obtained by applying each payment first to the time price differential, which is treated as being earned at the time of said payment in the same manner as interest, with the balance of each payment being applied to the unpaid portion of the amount financed and subtracting the sum of the payments and the remaining balance of the amount financed from the total of payments and deducting an acquisition charge of \$50 from the remaining "unaccrued" time price differential.

[Added by Acts 1979, 66th Leg., p. 1581, ch. 672, § 39, eff. Aug. 27, 1979.]

Art. 5069-6A.06. Extension

A. The creditor of a credit sale contract, upon request by the customer, may agree to an amendment thereto to extend or defer the scheduled due date of all or any part of any installment or installments or to renew, restate, or reschedule the unpaid balance of such contract or to increase or reduce the number of installments and may collect for same a charge which will not exceed the amount obtained by the application of the actual annual percentage rate to the remaining balance of the amount financed of the credit sale contract calculated pursuant to Section 5 above for the period that any sum is extended or deferred. The creditor and customer may agree to an unlimited number of different extensions, with each extension for as long a period of time as agreed to by both parties. If the creditor imposes a charge or fee for deferral or extension, the creditor shall disclose to the customer:

(1) the amount deferred or extended;

(2) the date to which or the time period for which payment is deferred or extended; and

(3) the amount of the charge or fee for the deferral or extension.

B. Alternatively, the creditor of a credit sale contract, upon request by the customer, may agree to amend the credit sale contract by renewal, re-statement, or rescheduling of the unpaid portion of

the total of payments in the following manner. In such event the charge for such extension may be computed as follows: The sum of the unpaid amount financed as of the date of amendment and the cost of any insurance incidental to the amendment, any additional necessary official fees, and any accrued delinquency and collection charges, after deducting the prepayment refund credit required by Section 5 of this chapter, shall constitute an amount financed on which the charge may be computed for the term of the amended contract at the applicable time price differential provided in Section 3(A)(2) of this chapter. The provisions of this chapter relating to minimum charges and acquisition costs shall not apply in calculating the amount financed of the amended contract. The amendment to the contract must be confirmed in a writing signed by the buyer. The writing shall set forth the terms of the amendment and the new due dates and amounts of the installments. A copy thereof shall either be delivered to the buyer or mailed to him at his address as shown on the contract. Said writing together with the original contract and any previous amendments thereto shall constitute the credit sale contract. [Added by Acts 1979, 66th Leg., p. 1582, ch. 672, § 39, eff. Aug. 27, 1979.]

Art. 5069-6A.07. Insurance

A. Credit Life and Credit Accident and Health Insurance. On any credit sale contract made under the authority of this chapter, a creditor may request a customer to provide credit life insurance and/or credit health and accident insurance as additional protection for such contract and include the cost of such insurance as a separate charge in such contract. Only one policy of life insurance and one policy of health and accident insurance on any one customer may be in force with respect to any one loan contract at any one time. If the term or the initial amount of insurance of the credit life insurance or the credit accident and health insurance is less than the total of payments or the term of the credit sale contract, then the creditor shall disclose to the customer clearly and conspicuously the initial amount of the insurance and the credit sale contract shall state as follows:

"THE CREDIT LIFE INSURANCE OR CREDIT ACCIDENT AND HEALTH INSURANCE INCLUDED UNDER THIS CONTRACT MAY NOT SATISFY THE INDEBTEDNESS."

However, the creditor may not charge the customer a separate charge for credit life insurance or credit accident and health insurance when the customer is a group beneficiary and the credit insurance is a part of a group policy. In the event of group credit insurance, the creditor shall include the cost of such coverage in the finance charge.

B. Property Insurance. A creditor may, in addition, require a customer to insure tangible personal property involved in a credit sale contract made under authority of this chapter and include the cost of such insurance as a separate charge in such contract.

C. Purchase of Insurance. When insurance is required in connection with a credit sale made under this chapter, the creditor shall furnish the customer a statement which shall clearly and conspicuously state that insurance is required in connection with the contract and that the customer shall have the option of procuring and furnishing equivalent insurance coverages through any insurance company authorized to transact business in Texas. Such statement or statements may be made in conjunction with or as part of the credit sale contract.

D. Forced Place Insurance. If the customer fails to obtain the required insurance at any time, then the creditor may purchase said insurance and add the premium of said insurance together with interest at the rate of 10 percent per annum. At the creditor's option, such sum will be added either to the outstanding balance of the contract and will become due and payable on the date of the last installment or to each unpaid installment in equal increments with the interest being precalculated for the remainder of the term of the contract.

E. Optional Insurance. In addition to credit life insurance and credit accident and health insurance, a creditor may finance as part of the credit sale contract, as optional insurance, any insurance which might be required pursuant to Subparagraph B of this section as well as insurance providing coverage for household goods, personal effects, broad form theft, and comprehensive personal liability insurance as these coverages relate to the ownership and use of the manufactured home financed under this chapter. In the case of the voluntary election by the customer to purchase the optional insurance, the customer must sign a statement indicating the customer's desire to purchase the insurance and describing the term, premium, and type of insurance purchased. This statement may be included as part of the credit sale contract or may be on a separate document.

F. Insurance Disclosure. The credit sale contract shall disclose the term, premium, and type of insurance which is included in the amount financed. If required insurance is not included in the amount financed, then the creditor must disclose only the term and type of insurance required.

G. Insurance less than Contract Term. The premium of any insurance included in the credit sale contract may be included in the amount financed and paid as part of the total of payments even if the term of the insurance is less than the term of the credit sale contract.

H. Insurance Escrow. If agreed to between the creditor and customer, the customer may elect to purchase any insurance through the creditor and include the premiums of such insurance in the credit sale contract or pay to the creditor the first year's premium and on the date each installment is due, pay a sum (hereinafter "funds") equal to one-twelfth of the yearly premium installment for such insurance as reasonably estimated.

The funds shall be held in an institution, the deposits or accounts of which are insured or guaranteed by a federal or state agency. The creditor shall apply the funds to pay said insurance premiums. The creditor may not charge for so holding and applying the funds, analyzing said account, or verifying and compiling said bills. The creditor shall not be required to pay the customer any interest or earnings on the funds. The creditor shall give to the customer, without charge, an annual accounting of the funds showing credits and debits to the funds and the purpose for which each debit to the funds was made.

If the amount of the funds held by the creditor together with the future monthly installments of funds payable prior to the due dates of insurance premiums shall exceed the amount required to pay said insurance as they fall due, such excess shall be at the customer's option either repaid to the customer or credited to the customer on the future monthly installments of funds. If the amount of the funds held by the creditor shall not be sufficient to pay insurance premiums as they fall due, the customer shall pay to the creditor any amount necessary to make up the deficiency within 30 days from the date notice is mailed by the creditor to the customer requesting payment thereof. If the customer fails to make such adjustment with regard to insurance required pursuant to Subparagraph B above, the creditor may treat the deficiency in the same manner as forced placed insurance described in Subparagraph D of Section 7 of this subchapter.

I. Authorized Insurance Companies. All insurance required by this credit sale contract or included in the credit sale contract shall be written at lawful rates and in accordance with the provisions of the Texas Insurance Code by a company authorized to do business in Texas.

J. Right of Refusal. If the customer procures required insurance from someone other than the creditor, the creditor shall have the right for good cause to refuse to accept certain insurance policies from insurance companies designated by the creditor.

K. Unearned Premiums. If the insurance is cancelled, adjusted, or terminated for any reason, the refund for unearned insurance premiums received by the creditor shall be credited to the final maturing

installments of the credit sale contract, and the remaining balance of the unearned insurance premiums shall be refunded to the customer; provided, however, that no cash refund shall be required if the amount thereof is less than \$1.

L. Creditor Benefits. Any gain or advantage to the creditor or any employee, officer, director, agent, general agent, affiliate, or associate from such insurance or its provision or sale shall not be considered as an additional charge or further finance charge in connection with any credit sale contract made under this chapter except as specifically provided herein. [Added by Acts 1979, 66th Leg., p. 1582, ch. 672, § 39, eff. Aug. 27, 1979.]

Art. 5069-6A.08. Transfer

A creditor may agree to accept a subsequent customer as an obligor under an existing obligation. In such event, the creditor may charge and receive a transfer fee not in excess of \$50. The creditor shall make the disclosures to the subsequent customer as if the subsequent customer was a customer on a purchase pursuant to a credit sale contract under this chapter. Said disclosures shall be made as of the date of the subsequent purchase.

[Added by Acts 1979, 66th Leg., p. 1584, ch. 672, § 39, eff. Aug. 27, 1979.]

Art. 5069-6A.09. Default

A creditor may accelerate the maturity of any part or all of the amount owing on a credit sale contract if and only if the customer is in default on the performance of any obligation under the credit sale contract.

Not less than 30 days prior to taking any action to accelerate the maturity of any installment sales contract, to commence any legal action to recover under such obligation, or to take possession of any security of the installment buyer, the holder shall mail a written notice of intention to take such action by registered or certified mail to the address where the mobile home is located. The notice shall contain the following disclosures made in a clear and concise manner:

(1) the particular obligation or security interest, including the date of installment sale contract according to the records of the holder as well as a brief description of the mobile home;

(2) the nature of the default claimed, which may be stated in general terms—for example: "failure to make the required installment payments when due" or "failure to maintain property damage insurance" take at the expiration of the 30-day notice period;

(3) the right of the installment buyer to cure the default and the exact manner in which he may do so, including the sum of money which must be tendered, if any, in order to cure; the individual

or office address to whom it must be tendered; and the form of acceptable payment in accordance with the provisions of the Act.

The notice required above shall not be required when the installment buyer has abandoned or voluntarily surrendered the property which is the subject of the mobile home installment sale; provided that the holder retains evidence thereof satisfactory to the administrator.

In calculating the amount owing, the creditor shall grant to the customer a refund of the finance charge calculated pursuant to Section 5 of this chapter. In addition, the credit sale contract may provide for the payment of an attorney's reasonable fee and for court costs and disbursements, and in the event of repossession, sequestration, or other action necessary to secure possession of the manufactured home securing the payment of the credit sale contract, such contract may provide for the charge and collection of actual and reasonable out-of-pocket expenses incurred in connection with such repossession or foreclosure, including costs of storing, reconditioning, and reselling such manufactured home, subject to the standards of good faith and commercial reasonableness set by the Business & Commerce Code as adopted in Texas. In the event of default, any sum in an insurance escrow account established pursuant to Section 7 of this chapter shall be applied to the remaining balance of the contract.

[Added by Acts 1979, 66th Leg., p. 1585, ch. 672, § 39, eff. Aug. 27, 1979.]

Art. 5069-6A.10. Prohibited provisions

No credit sales contract shall:

(1) contain a power of attorney to confess judgment in this state or an assignment of wages;

(2) provide that the customer agrees not to assert against a creditor or any assignee of the credit sale contract any claim or defense arising out of the sale;

(3) authorize the creditor or other person acting on his behalf to enter upon the customer's premises unlawfully or to commit any breach of the peace in the repossession of a manufactured home;

(4) provide for or grant a first lien upon real estate to secure such obligation, except (a) such lien as is created by law upon the recording of an abstract of judgment or (b) such lien as is provided for or granted by a contract or series of contracts for the sale or construction and sale of a structure so long as the time price differential does not exceed an annual percentage rate of 10 percent;

(5) provide that a customer is required to enter into an insurance escrow agreement pursuant to Section 7 of this chapter.

[Added by Acts 1979, 66th Leg., p. 1585, ch. 672, § 39, eff. Aug. 27, 1979.]

Art. 5069-6A.11. Transfer of Creditor's Rights in a Credit Sale Contract

A. Right of Transfer. Any person may purchase or acquire or agree to purchase or acquire any credit sale contract or any outstanding balance from any other person on such terms and conditions and for such price as may be mutually agreed upon.

B. Transfer Notice. Notice to the customer of the transfer of rights and any requirement that the creditor be deprived of dominion over payments upon a credit sale contract, or over the manufactured home if returned to or repossessed by the creditor, is not necessary to the validity of a written transfer of the credit sale contract or any outstanding balance as against creditors, subsequent purchasers, pledgees, mortgages, and lien claimants of the creditor.

C. Payment after Transfer. Unless the customer has notice of the transfer of the credit sale contract or any outstanding balance thereunder, payment therefore made by the customer to the creditor last known to him shall be binding upon all subsequent creditors.

[Added by Acts 1979, 66th Leg., p. 1586, ch. 672, § 39, eff. Aug. 27, 1979.]

Art. 5069-6A.12. Application

None of the provisions of this chapter shall affect or apply to any loans or to the business of making loans under or in accordance with the laws of this state nor shall any of the provisions of the loan or interest statutes of this state affect or apply to any credit sale contract as defined in Section 2 of this chapter. Nothing in this chapter shall be construed to impair or in any way affect any rule of law applicable to or governing retail installment sales not otherwise subject hereto. This chapter shall apply exclusively to all credit sale contracts as defined in Section 2 of this chapter.

[Added by Acts 1979, 66th Leg., p. 1586, ch. 672, § 39, eff. Aug. 27, 1979.]

Art. 5069-6A.13. Waiver

No act or agreement of the customer before or at the time of the making of a credit sale contract or purchase thereunder shall constitute a valid waiver of any of the provisions of this chapter.

[Added by Acts 1979, 66th Leg., p. 1586, ch. 672, § 39, eff. Aug. 27, 1979.]

(f) "Cash Price" means the price stated in a retail installment contract for which the seller would have sold to the buyer and the buyer would have bought from the seller, the motor vehicle and other goods and services which are the subject matter of such contract if such sale had been a sale for cash. The cash price may include any taxes and charges for delivering, servicing, repairing, altering or improving the motor vehicle, or for installation of the motor vehicle or of goods to the motor vehicle, and charges for accessories and goods related to or used with the motor vehicle, if such charges are made to both cash and credit buyers alike and may include any of the charges described in Subsections (ii) and (iii) of Section (g) of this Article if they are not separately itemized on the contract.

(g) "Itemized Charges" however denominated or expressed means those amounts, if any, included in the contract but not included in the cash price for charges made to the buyer for:

(i) any registration, certificate of title, and license fees;

(ii) it may not exceed \$25;

(iv) all preliminary worksheets which are exhibited to the buyer in which the motor vehicle retail seller calculates a sale price for the buyer, the buyer's order, and the retail installment contract shall include in reasonable proximity to the point in the worksheet, buyer's order, and retail installment contract where the documentary fee is disclosed the amount of the documentary fee to be charged and the following notice in boldface type:

BUYERS MAY AVOID PAYMENT OF THE FEE TO THE SELLER BY HANDLING THE DOCUMENTS AND PERFORMING THE SERVICES RELATING TO THE CLOSING OF THE SALE. A DOCUMENTARY FEE MAY NOT EXCEED \$25. THIS NOTICE IS REQUIRED BY LAW."

(v) If the language primarily used in the oral sales presentation is not the same as that in which the retail installment contract is written, the seller shall furnish to the buyer a written statement containing the notice set out in Subsection (iv) in the language primarily used in the oral sales presentation.

Aug. 27, 1979.]

Art. 5069-7.02. Requirements and Prohibitions as to Retail Installment Contracts

(1) Each retail installment contract shall be in writing, dated, signed by both the buyer and the seller, and completed as to all essential provisions before it is signed by the buyer; provided, however, if delivery of the motor vehicle is not made at the time of the execution of the contract, the identifying numbers or marks or similar information and the due date of the first installment may be inserted in the contract after its execution. A retail installment contract need not be contained in a single document.

(2) The printed portion of the retail installment contract, other than instructions for completion, shall be in a size equal to at least eight-point type. Such contract shall contain substantially the following notice in a size equal to at least ten-point bold type:

UNDER THE LAW YOU HAVE THE RIGHT TO PAY OFF IN ADVANCE THE FULL AMOUNT DUE AND UNDER CERTAIN CONDITIONS MAY OBTAIN A PARTIAL REFUND OF THE FINANCE CHARGE. KEEP THIS CONTRACT TO PROTECT YOUR LEGAL RIGHTS."

(3) A retail installment contract or separate written statement shall also contain, in a size equal to at least ten-point bold type, a specific statement that liability insurance coverage for bodily injury and property damage caused to others is not included, if that is the case.

(4) The seller shall deliver to the buyer, or mail to him at his address shown on the retail installment contract, a copy of such contract as accepted by the seller. Until the seller does so, a buyer who has not received delivery of the motor vehicle shall have the right to rescind his contract and to receive a refund of all payments made and a return of all goods traded in to the seller on account of or in contem-

(e) The above items need not be stated in the sequence or order set forth and additional information may be included.

(7) The buyer's acknowledgment, conforming to the requirements of this Article, of delivery of a copy of the retail installment contract shall be conclusive proof of such delivery, that such contract when signed by the buyer did not contain any blank spaces except as herein provided, and of compliance with this Article in any action or proceeding by or against a holder of such contract without knowledge to the contrary when he purchases it.

(8) Upon written request of the buyer, the holder of a retail installment contract shall give or forward to the buyer a written statement of the dates and amounts of installment payments and the total amount unpaid under such contract. Such a statement shall be given the buyer once every six months without charge; if any additional statement is requested by the buyer, it shall be supplied by the holder at a charge not in excess of One Dollar for each additional statement. A buyer shall be given a written receipt for any payment when made in cash.

(9)(a) Except as provided in Subsection (b) of this Section, if any scheduled installment of a retail installment contract is more than twice as large as the average of all prior scheduled installments (except the down payment), the buyer has the right, at

the buyer's option, to refinance, without being charged an acquisition cost, that payment at the time it is due. The buyer has the right to refinance that payment in installments which are neither larger nor more frequent than the average amount and frequency of payments preceding that payment, and the rate of time price differential applicable to such refinancing shall not exceed that originally agreed upon.

(b) Section (9)(a) of this Article does not apply to:

(i) a lease;

(ii) a retail installment transaction for a vehicle to be used primarily for purposes other than personal, family, or household use;

(iii) a transaction for which the payment schedule is adjusted to the seasonal or irregular income or scheduled payments or obligations of the buyer; or

(iv) a transaction of a kind determined by the Commissioner as not requiring the protection of the buyer provided in Section (9)(a) of this Article.

Art. 5069-7.03. Finance Charge Limitations

(1) Notwithstanding the provisions of any other law, the time price differential in a retail installment contract payable in substantially equal successive monthly installments beginning one month after the date of the contract shall not exceed the larger of Twenty-five Dollars or an amount determined under the following schedule:

Class 1. Except the heavy commercial vehicles provided for in Class 2, any new domestic motor vehicle designated by the manufacturer by a year model not earlier than the year in which the sale is made and any new foreign motor vehicle—Seven Dollars and Fifty Cents per One Hundred Dollars per annum.

Class 2. Any new domestic motor vehicle not in Class 1, any used domestic motor vehicle designated by the manufacturer by a year model of the same or not more than two years prior to the year in which the sale is made, any used foreign motor vehicle not more than two years old, and any new or used heavy commercial vehicle not more than two years old—Ten Dollars per One Hundred Dollars per annum.

Class 3. Any used motor vehicle not in Class 2 and, if a domestic motor vehicle, designated by the manufacturer by a year model not more than four years prior to the year in which the sale is made, and, if a foreign motor vehicle, not more than four years old—Twelve Dollars and Fifty Cents per One Hundred Dollars per annum.

Class 4. Any used motor vehicle not in Class 2 or Class 3—Fifteen Dollars per One Hundred Dol-

lars per year. Provided, however, if the principal balance is Three Hundred Dollars or less, the time price differential shall be Eighteen Dollars per One Hundred Dollars per annum.

(2) Such charge shall be computed on the principal balance as defined under Article 7.01(h) of this Chapter from the date of the contract until the maturity of the final installment, notwithstanding that the balance thereof is required to be paid in installments.

[See Compact Edition, Volume 4 for text of (3) and (4)]

(5) A buyer under a retail installment contract may, upon written consent of the holder, transfer his equity in the motor vehicle at any time to another person, but in that event the holder shall be entitled to a transfer of equity fee not exceeding Twenty-five Dollars or Fifty Dollars in the case of a heavy commercial vehicle retail installment transaction.

[Amended by Acts 1979, 66th Leg., p. 88, ch. 52, § 3, eff. Aug. 27, 1979; Acts 1979, 66th Leg., p. 1589, ch. 672, § 43, eff. Aug. 27, 1979.]

Art. 5069-7.04. Refunds on Prepayment

Notwithstanding the provisions of any retail installment contract to the contrary, any buyer may prepay it in full at any time before maturity, and if he does so, or when the holder demands payment in full of the unpaid balance of the contract before its final installment is due, the buyer is entitled to receive the following refund credit thereon:

On a contract payable in substantially equal successive monthly installments commencing one month after the date of the contract, the amount of such refund credit shall represent at least as great a proportion of the finance charge, after first deducting therefrom an acquisition cost of Twenty-five Dollars, as (i) the sum of the monthly balances under the schedule of payments in the contract beginning as of the date after such prepayment or demand for payment in full which is the next succeeding monthly anniversary date of the due date of the first installment under the contract, or, if the prepayment or demand for payment in full is prior to the due date of the first installment under such contract, then as of the date after such prepayment or demand for payment in full, which is one month after the next succeeding monthly anniversary date of the date of such contract, bears to (ii) the sum of all the monthly balances under the schedule of payments in such contract. When the amount of refund credit is less than One Dollar no refund credit need be made. On contracts payable in other than substantially equal successive monthly installments commencing one month after the date of the contract, the refund shall be computed in a manner proportionate to the above-described method, having due regard to the

amount of each installment, to the irregularity of each installment period and to the provisions of Sections (2) and (4) of Article 7.03 hereof.

If, subsequent to demand of payment in full under a contract, the buyer and holder agree to reinstate such contract, they may do so and may amend the contract pursuant to Article 7.05 hereof.

[Amended by Acts 1979, 66th Leg., p. 1589, ch. 672, § 44, eff. Aug. 27, 1979.]

Art. 5069-7.05. Amendments of Retail Installment Contracts

(1) The holder of a retail installment contract upon request by the buyer, may agree to one or more amendments thereto to extend or defer the scheduled due date of all or any part of any installment or installments or to renew, restate or reschedule the unpaid balance of such contract, and may collect for same a charge not to exceed an amount computed under either of the following:

(a) If all or any part of any installment or installments is deferred for not more than three months per amendment, the holder may at his election charge and collect on the amount deferred for the period deferred a charge computed at a rate which will not exceed the same effective return as is permitted on monthly payment contracts under Article 7.03; provided that the minimum charge shall be One Dollar. Such amendment may also include payment by the buyer of the additional cost to the holder of premiums for continuing in force any insurance coverages provided for in the contract and any additional necessary official fees.

(b) In any other extension, renewal, restatement or rescheduling of the unpaid balance, the charge may be computed as follows: The sum of the unpaid balance as of the date of amendment and the cost of any insurance incidental to the amendment, any additional necessary official fees, and any accrued delinquency and collection charges, after deducting the prepayment refund credit required by Article 7.04, shall constitute a principal balance on which the charge may be computed for the term of the amended contract at the applicable time price differential provided in Article 7.03 after reclassifying the motor vehicle by its year model at the time of the amendment. The provisions of this Chapter relating to minimum charges under Article 7.03 and acquisition costs under the refund schedule in Article 7.04 shall not apply in calculating the principal balance of the amended contract. The amendment to the contract must be confirmed in a writing signed by the buyer, and a copy of the writing shall either be delivered to the buyer or mailed to him at his last known address as shown by the records of the

holder. Said writing together with the original contract and any previous amendments thereto shall constitute the retail installment contract.

[Amended by Acts 1979, 66th Leg., p. 1590, ch. 672, § 45, eff. Aug. 27, 1979.]

Art. 5069-7.06. Insurance

(1) On any retail installment contract made under the authority of this Chapter, a seller or holder may request or require a buyer to provide credit life insurance and credit health and accident insurance as additional protection for such contract, and include the cost of such insurance as a separate charge in such contract. Only one policy of life insurance and one policy of health and accident insurance on any one buyer may be in force with respect to any one loan contract at any one time.

(2) A seller or holder may, in addition, request or require a buyer to insure tangible personal property purchased in a retail installment transaction subject to this Chapter and accessories and related goods subject to the seller's security interest, and include the cost of such insurance as a separate charge in such contract. Such insurance and the premiums or charges therefrom shall bear a reasonable relationship to the amount, term and conditions of the contract, the existing hazards or risk of loss, damage or destruction, and shall not provide for unusual or exceptional risks or coverages which are not ordinarily included in policies issued to the general public. Additionally, the buyer and seller may agree to include in the retail installment contract charges for insurance coverages which (1) cover risks of loss or liability reasonably related to the motor vehicle, the use thereof, or goods or services related to the motor vehicle and which may ordinarily be insured with the motor vehicle; and (2) are written on policies or endorsement forms prescribed or approved by the State Board of Insurance; and (3) are ordinarily available in policies or endorsements offered to the general public. The retail installment contract shall clearly identify the type of coverage for each such type of coverage purchased and the premiums therefor and shall clearly indicate that such coverage is optional.

(3) When insurance is required in connection with such a contract or agreement made under this Chapter, the seller or holder shall furnish the borrower a statement which shall clearly and conspicuously state that insurance is required in connection with the contract, and that the buyer shall have the option of furnishing the required insurance either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverages through any insurance company authorized to transact business in Texas. In addition when any requested or required insurance is sold or procured by the seller or holder and a

premium or rate of charge not fixed or approved by the State Board of Insurance is included in the contract for that insurance, the seller or holder shall include or cause to be included such fact in a written statement delivered or mailed to the buyer, and the buyer shall have the option for a period of ten days from the date of the contract or agreement or the mailing or delivery of the written statement to the buyer of furnishing the required insurance coverage either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverages through any insurance company authorized to transact business in Texas. Such statement or statements may be made in conjunction with or as part of the retail installment contract required by Article 7.02 or may be made in a separate written statement or statements.

(4) All insurance described in Sections (1) and (2) of this Article for which a separate charge is included in the retail installment contract shall be written at lawful rates and in accordance with the provisions of the Texas Insurance Code by a company authorized to do business in this State.

(5) The retail installment contract must identify the type of coverage, term and amount of premium for such insurance coverages described in Sections (1) and (2) of this Article for which separate charges are included in the retail installment contract.

(6) If dual interest insurance on the motor vehicle is purchased by the seller or seller's assignee, as the case may be, it shall within a reasonable time after execution of the retail installment contract, send or cause to be sent to the buyer a policy, or policies, or certificates of insurance written by an insurance company authorized to do business in this State, clearly setting forth the amount of the premium, the kind or kinds of insurance, the coverage and all the terms, options, limitations, restrictions and conditions of the policy or policies of insurance. The buyer shall have the privilege at the time of execution of the contract of purchasing such insurance from an agent or broker of his own selection and of selecting an insurance company acceptable to the holder, but in such case the inclusion of the insurance premium in the retail installment contract shall be optional with the seller.

(7)(a) Subsequent to the execution of the retail installment contract, a buyer and holder may agree to add to the unpaid balance of the contract premiums for insurance policies obtained subsequent to the retail installment transaction and covering the motor vehicle or use thereof or goods or services related thereto, including premiums for renewal of policies originally included in the contract. Such policies shall comply with the limitations set out in Sections (1), (2), and (4) above, as applicable.

(b) If the buyer fails to present to the holder reasonable evidence that he or she has obtained or

maintained a coverage required by the contract, the holder may but shall not be required to procure substitute insurance coverage, which coverage is substantially equivalent to or more limited than that originally required, and may add the additional premium to the unpaid balance of the contract. The substitute insurance may at the holder's option cover only the interest of the holder or the interest of the holder and the buyer. The substitute insurance shall be written at lawful rates in accordance with the Texas Insurance Code by a company authorized to do business in this State.

(c) If any premium is added to the unpaid balance under this Section, the rate of time price differential previously agreed to in the retail installment contract remains in effect and shall be applied to the new unpaid balance or the contract may be rescheduled in accordance with Article 7.05, without reclassifying the motor vehicle by its year model at the time of the amendment. When any substitute insurance is obtained by the holder when the buyer has failed to obtain or maintain a required coverage, the amendment adding the premium or rescheduling the contract need not be signed by the buyer but the holder shall deliver to the buyer or send to the buyer's last known address as shown by the records of the holder specific written notification of that action.

(8) If the insurance is cancelled, adjusted or terminated for any reason, the refund for unearned insurance premiums received by the seller or the holder shall, at holder's option, be applied to replace required insurance coverages, or be credited to the final maturing installments of the retail installment contract, and the remaining balance of the unearned insurance premiums shall be refunded to the buyer; provided, however, that no cash refund shall be required if the amount thereof is less than One Dollar.

(9) A buyer and seller may agree to include motor vehicle property damage or bodily injury liability insurance, mechanical breakdown insurance, or a warranty or service contract relating to the motor vehicle as a separate charge in a contract for the sale of a motor vehicle. If a charge is added to a contract as provided by this section, the contract shall clearly and conspicuously disclose that fact.

(10) Any gain, advantage to the seller or holder, or any employee, officer, director, agent, general agent, affiliate or associate from such insurance or its provision or sale shall not be considered as an additional charge or further time price differential in connection with any retail installment contract made under this Chapter except as specifically provided herein.

[Amended by Acts 1977, 65th Leg., p. 1355, ch. 536, § 1, eff. June 15, 1977; Acts 1979, 66th Leg., p. 1591, ch. 672, § 46, eff. Aug. 27, 1979.]

Art. 5069-7.07. Prohibited Provisions

No retail installment contract or retail charge agreement shall:

(1) Provide that the seller or holder may accelerate the maturity of any part or all of the amount owing thereunder unless (a) the buyer is in default on the performance of any of his obligations or (b) the seller or holder in good faith believes that the prospect of payment or performance is impaired;

(2) Contain a power of attorney to confess judgment in this State or an assignment of wages;

(3) Authorize the seller or holder or other person acting on his behalf to enter upon the buyer's premises in violation of Chapter 9, Business & Commerce Code, as amended, or to commit any breach of the peace in the repossession of a motor vehicle;

(4) Provide for a waiver of the buyer's rights of action against the seller or holder or other person acting therefor for any illegal act committed in the collection of payments under the contract or agreement or in the repossession of a motor vehicle;

(5) Contain any provision by which the buyer executes a power of attorney appointing the seller or holder or other person acting on his behalf, as the buyer's agent in the repossession of a motor vehicle;

(6) Provide that the buyer agrees not to assert against the seller or holder of any claim or defense arising out of the sale;

(7) Contain an authorization for the seller or holder or any person acting on the seller's or holder's behalf to retain or dispose of other tangible personal property that is not subject to a security interest and that is acquired in the repossession of a motor vehicle, except property attached to the vehicle, unless the contract or a separate writing requires the seller or holder to send written notice of such an acquisition to the last known address of the buyer as shown by the records of the holder within fifteen days of the discovery of the personal property by the seller or holder. Such notice shall disclose to the buyer:

(a) that the buyer may identify and claim the property at a reasonable time before the end of the thirtieth day after the day on which the notice was mailed or delivered; and

(b) the location at which and reasonable times at which the buyer may identify and claim the property during that period.

If a contract contains an authorization complying with this Section and such property is not claimed within the thirty days after notice is mailed or delivered, the seller or holder may retain such property subject to any legal rights of buyer

or dispose of such property in a reasonable manner and distribute any proceeds of such disposition according to applicable law.

Art. 5069-7.09. Application

None of the provisions of this Chapter shall affect or apply to any loans or to the business of making loans under or in accordance with the laws of this State, nor shall any of the provisions of the loan or interest statutes of this State affect or apply to any retail installment transaction. Nor shall any seller pay, promise to pay, or otherwise tender cash to any buyer as a part of any transaction made pursuant to this Chapter unless otherwise specifically authorized by this Chapter. Nothing in this Chapter shall be construed to impair or in any way affect any rule of law applicable to, or governing retail installment sales not otherwise subject hereto. This Chapter shall apply exclusively to all retail installment transactions as defined in Article 7.01.

The provisions of this Chapter defining specific rates and amounts of charges and requiring certain credit disclosures to be made shall be deemed to control over any contrary Texas law respecting those subjects. Except as displaced by the particular provisions of this Chapter, the Uniform Commercial Code as adopted in Texas,¹ other applicable statutes, and the principles of the common law shall remain applicable to transactions hereunder to the extent they are applicable.

CHAPTER EIGHT. PENALTIES

Art. 5069-8.01. Contracting For, Charging or Receiving Interest, Time Price Differential or Other Charges Greater Than Authorized; Failure to Perform Duty or Committing Prohibited Act; Correction of Violations

(a) Any person who violates this Subtitle by contracting for, charging or receiving interest, time price differential or other charges which are greater than the amount authorized by this Subtitle, shall forfeit to the obligor twice the amount of interest or

time price differential and default and deferment charges contracted for, charged or received, and reasonable attorneys' fees fixed by the court.

(b) Any person who violates this Subtitle or Chapter 14 of this Title by

(i) failing to perform any duty or requirement specifically imposed on him by any provision of this Subtitle or Chapter 14 of this Title, or by

(ii) committing any act or practice prohibited by this Subtitle or Chapter 14 of this Title, shall be liable to the obligor for a penalty in an amount equal to twice the time price differential or interest contracted for, charged, or received but not to exceed \$2,000 in a transaction in which the amount financed is \$5,000 or less, and not to exceed \$4,000 in a transaction in which the amount financed is in excess of \$5,000 and reasonable attorneys' fees fixed by the court.

(c)(1) A person has no liability to an obligor for a violation of this Subtitle or of Chapter 14 of this Title if within 60 days after having actually discovered such violation such person corrects such violation as to such obligor by performing the required duty or act or by refunding any amount in excess of that authorized by law; provided, however, that such person gives written notice to such obligor of such violation prior to such obligor having given written notice of or having filed an action alleging such violation of this Subtitle or of Chapter 14 of this Title.

As used herein, the term "actually discovered" shall not be construed, interpreted, or applied in such manner as to refer to the time or date when, through reasonable diligence, an ordinarily prudent person could or should have discovered or known as a matter of law or fact of the violation in question, but such term shall be construed, interpreted, and applied to refer to the time of the discovery of the violation in fact, provided, however, that the actual discovery of such violation in one transaction may constitute actual discovery of the same violation in other transactions if the violation actually discovered is of such nature that it would necessarily be repeated and would be clearly apparent in such other transactions without the necessity of examining all such other transactions.

(2) A person has no liability to an obligor for a violation of this Subtitle or of Chapter 14 of this Title if prior to the effective date of the Act or within 60 days after the effective date of the Act such person corrects such violation as to such obligor by performing the required duty or act or by refunding any amount in excess of that authorized by law; provided, however, that such person gives written notice to such obligor of such correction prior to such obligor having given written notice of or having filed an action alleging such violation of this Subtitle or of Chapter 14 of this Title.

(3) If, subsequent to the times specified in Article 8.01(c)(1) and (2) of this Act but prior to the obligor having given written notice of or having filed an action alleging a violation for which a penalty is provided in Article 8.01(b) of this Act, such violation is corrected as to such obligor by performing the required duty or act and written notice of such violation is given to such obligor, then the liability of any person to such obligor shall be limited in each transaction to a penalty in an amount equal to the time price differential or interest contracted for, charged, or received but not to exceed \$2,000 and reasonable attorneys' fees fixed by the court.

(4) If, subsequent to the times specified in Article 8.01(c)(1) and (2) of this Act but prior to the obligor having given written notice of or having filed an action alleging a violation for which a penalty is provided in Article 8.01(a) of this Act for contracting for, charging, or receiving

(i) other charges in excess of the amount authorized by law, or

(ii) interest or time price differential in excess of the amount authorized by law, where such excess is directly and solely attributable to and calculated upon the amount of such other charges, or

(iii) both of the foregoing, such violation is corrected as to such obligor by refunding the amount of the excess and written notice of such refund is given to such obligor, then the liability of any person to such obligor shall be limited in each transaction to a penalty in an amount equal to the time price differential or interest contracted for, charged, or received but not to exceed \$2,000 and reasonable attorneys' fees fixed by the court.

(5) For purposes of this Article the giving of written notice shall be accomplished by and upon the delivery of such notice to the person to whom such notice is directed or to such person's duly authorized agent or attorney of record, such delivery to be made either in person or by United States mail to the address shown on the most recent documents in the transaction. Deposit of such notice as registered or certified mail in a postage paid, properly addressed wrapper in a post office or official depository under the care and custody of the United States Postal Service shall constitute prima facie evidence of the delivery of such notice to such person.

(d) The action of a person who corrects a violation of this Subtitle or of Chapter 14 of this Title pursuant to Article 8.01(c) of this Act shall be effective as to all persons in the same transaction, and such persons shall be entitled to the same protection as that provided by Article 8.01(c) of this Act to the person who makes the correction.

(e) If a person has violated both Articles 8.01(a) and 8.01(b) of this Act as part of the same transac-

tion, then he shall be liable only for the penalties set forth in Article 8.01(a) of this Act.

(f) A person may not be held liable in any action brought under this Article for a violation of this Subtitle or of Chapter 14 of this Title if such person shows by a preponderance of evidence that (1) the violation was not intentional and resulted from a bona fide error notwithstanding the maintenance of procedures reasonably adopted to avoid such violation or that (2) the violation was an act done or omitted in good faith in conformity with any rule, regulation, or interpretation of this Title by any state agency, board, or commission, or with the federal Consumer Credit Protection Act (15 U.S.C. Section 1601 et seq.) or with any rule, regulation, or interpretation thereof by any federal agency, board, or commission, notwithstanding that after such act or omission has occurred, such rule, regulation, or interpretation is amended, rescinded, or determined by judicial or other authority to be invalid for any reason.

(g) Multiple violations of this Subtitle or Chapter 14 of this Title occurring in a single transaction shall entitle the obligor to a single recovery.

(h) The liability of any person under this Article for a violation of this Subtitle is in lieu of and not in addition to his liability under the federal Consumer Credit Protection Act (15 U.S.C. Section 1601 et seq.). A final judgment granting or denying relief under the federal Consumer Credit Protection Act (15 U.S.C. Section 1601 et seq.) shall bar any subsequent action under this Article by the same obligor with respect to the same violation. If a final judgment has been rendered against any person in favor of an obligor pursuant to this Article and thereafter an action is instituted with respect to the same violation by the obligor under the federal Consumer Credit Protection Act (15 U.S.C. Section 1601 et seq.) against the same person, then such person may in the same or in an independent action have a cause of action against the obligor who obtained such judgment to recover the amount of the judgment rendered under this Article and reasonable attorneys' fees fixed by the court.

[Amended by Acts 1977, 65th Leg., p. 228, ch. 111, § 1, eff. Aug. 31, 1977.]

Section 2 of the 1977 amendatory act added subsec. (i) to art. 5069-14.19; §§ 3 to 5 thereof provided:

"Sec. 3. The provisions of this Act shall become effective at midnight on August 31, 1977, and shall apply to all transactions entered into prior to such date; provided, however, that this Act shall not apply to any action brought under Subtitle 2 or Chapter 14 of Title 79 that is pending on such date; and provided further, that the penalty for any violation of Title 79 of the type referred to in Article 8.01(b) of Section 1 of this Act occurring in a transaction entered into prior to July 1, 1976, which violation has not been corrected as provided in Article 8.01(c) of Section 1 of this Act, shall be determined by the law in effect prior to the effective date of this Act so that the penalty provided for in Article 8.01(b) shall apply only to violations in transactions entered into after June 30, 1976, which have not been corrected as provided in Article 8.01(c).

"Sec. 4. This Act shall supersede any other act passed at the Regular Session of the 65th Legislature which amends any article or section of Chapter 8 or Chapter 14 of Title 79, Revised Civil Statutes of Texas, 1925, as amended, regardless of the relative date of the passage or approval of such other act.

"Sec. 5. If any provision, paragraph, subsection, or section of this Act or the application thereof to any person or circumstance is determined to be invalid or unconstitutional, such invalidity or unconstitutionality shall not affect any other application thereof which can be given effect without the invalid or unconstitutional provision or application, and to this end the provisions, paragraphs, subsections, and sections of the Act are severable."

Art. 5069-8.02. Contracting For, Charging or Receiving Interest, Time Price Differential or Other Charges in Excess of Double the Amount Authorized

Any person who violates this Subtitle by contracting for, charging or receiving interest, time price differential or other charges which are in the aggregate in excess of double the total amount of interest, time price differential and other charges authorized by this Subtitle shall forfeit to the obligor as an additional penalty all principal or principal balance, as well as all interest or time price differential, and all other charges, and shall pay reasonable attorneys' fees actually incurred by the obligor in enforcing the provisions of this Article; provided further that any such person violating provisions of this Article shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not more than One Hundred Dollars. Each contract or transaction in violation of this Article shall constitute a separate offense punishable hereunder.

[Amended by Acts 1977, 65th Leg., p. 228, ch. 111, § 1, eff. Aug. 31, 1977.]

Art. 5069-8.03. Engaging in Lending Business Without License

In addition to the foregoing penalties, if applicable, any person engaging in any business under the scope of Chapters 3, 4, or 5 of this Subtitle without first securing a license provided, or without the authorization prescribed, in such Chapter shall be guilty of a misdemeanor and upon conviction thereof shall be punishable by a fine of not more than One Thousand Dollars, and each such loan made without the authority granted by such license shall constitute a separate offense punishable hereunder; and in addition such person shall forfeit all principal and charges contracted for or collected on each such loan, and shall pay reasonable attorneys' fees incurred by the obligor.

[Amended by Acts 1977, 65th Leg., p. 228, ch. 111, § 1, eff. Aug. 31, 1977.]

Art. 5069-8.04. Venue and Limitation Periods

(a) Actions under this Chapter may be brought in the county where the transaction was entered into or where the Defendant resides at the time the action was filed. Such actions may be brought within four years from the date of the loan or retail installment transaction or within two years from the date of the occurrence of the violation, whichever is later; provided, however, that in the case of open-end credit transactions, such actions may be brought within two years from the date of the occurrence of the violation.

(b) If an action alleging any violation or violations of this Subtitle or Chapter 14 of this Title¹ is brought as a class action and is determined by the court to be maintainable as a class action, the class may recover the amount of actual damages proximately caused to the members of the class as a result of a violation or violations. The court may assess a penalty of: (i) such amount for each obligor who is named as a class representative at the time that the action is determined to be maintainable as a class action as could be recovered by such persons under this Chapter; (ii) such amount as the court may allow for all other class members, except as to each such member of the class no minimum recovery shall be applicable, and the total recovery under this subparagraph in any class action or series of class actions arising out of the same failure to comply by the same person shall not be more than the lesser of \$100,000 or five percent of the net worth of the person; and (iii) in the case of any successful action to enforce the foregoing liability, the costs of the action together with a reasonable attorney's fee as determined by the court. In determining the amount of award in any class action, the court shall consider, among other relevant factors, the amount of any actual damages awarded, the frequency and persistence of failures of compliance by the creditor, the resources of the creditor, the number of persons adversely affected, and the extent to which the creditor's failure of compliance was intentional or reckless.

[Amended by Acts 1977, 65th Leg., p. 228, ch. 111, § 1, eff. Aug. 31, 1977; Acts 1979, 66th Leg., p. 1594, ch. 672, § 50, eff. Aug. 27, 1979.]

Article

5115.1. Commission on Jail Standards.

5115c. Intercounty Cooperation Regarding Furnishing and Operating Jail Facilities.

Art. 5115. Jails Provided

The Commissioners Court shall provide safe and suitable jails for their respective counties, and shall cause the same to be maintained in good sanitary condition at all times, properly ventilated, heated and lighted; structurally sound, fire resistant and kept in good repair. Furthermore, they shall cause the jails in their respective counties to be kept in a clean and healthy condition, provided with water of safe quality and ample quantity and sewer disposal facilities in accordance with good sanitary standards, and provided with clean, comfortable mattresses and blankets, sufficient for the comfort of the prisoners, and that food is prepared and served in a palatable and sanitary manner and according to good dietary practices and of a quality to maintain good health. Such jails shall comply with the provisions of this Act and with the rules and procedures of the Commission on Jail Standards.

SUITABLE SEGREGATION

The term "safe and suitable jails," as used in this Act, shall be construed to mean jails which provide adequate segregation facilities by having separate enclosures, formed by solid masonry or solid metal walls, or solid walls of other comparable material, separating witnesses from all classifications of prisoners; and males from females; and juveniles from adults; and first offenders, awaiting trial, from all classifications of convicted prisoners; and prisoners with communicable or contagious diseases from all other classifications of prisoners. Furthermore, the term "safe and suitable" jails shall be construed to mean jails either now or hereafter constructed, except that, in lieu of maintaining its own jail, any county whose population is not large enough to justify building a new jail or remodeling its old jail shall be exempt from the provisions of this Act by contracting with the nearest available county whose jail meets the requirements set forth in this Act for the incarceration of its prisoners at a daily per capita rate equal to the cost of maintaining prisoners in said jail, or at a daily rate mutually agreed to by the contracting counties.

No person suspected of insanity, or who has been legally adjudged insane, shall be housed or held in a

jail, except that such a person who demonstrates homicidal tendencies, and who must be restrained from committing acts of violence against other persons, may be held in a jail for a period of time not to exceed a total of twenty-four (24) hours, during which period he shall be kept under observation continuously. At the end of the twenty-four (24) hour period, such person shall be released or taken to a hospital or mental hospital. Furthermore, the floor and the walls of such enclosure shall be provided with a soft covering designed to protect a violent person, temporarily held therein, from self-injury or destruction. One hammock, not less than two (2) feet, three (3) inches wide and six (6) feet, three (3) inches long, made of elastic or fibrous material shall be provided in each such special enclosure.

SUITABLE SECURITY AND SAFETY

For the purpose of this Act, the term "safe and suitable jails" is further defined to mean jails which provide adequate security and safety facilities by having separate cells or compartments, dormitories, and day rooms, of varying dimensions and capacities for prisoners confined therein, except that, if practicable, no one such cell or compartment shall be designed for confining two (2) prisoners only. Cells or compartments shall be designed to accommodate from one (1) to eight (8) prisoners each, and furthermore, such dormitories and day rooms shall be designed to accommodate not more than twenty-four (24) prisoners each. Furthermore, in each such jail there shall be provided individual one-man or one-woman cells to accommodate not less than thirty per cent (30%) of the total designated prisoner capacity of the jail and dormitory-type space may be provided to accommodate not more than forty per cent (40%) of the total designated prisoner capacity of the jail. All cells, compartments and dormitories for sleeping purposes, where each such cell, compartment or dormitory is designed to accommodate three (3) or more prisoners, shall be accessible to a day room to which prisoners may be given access during the day. Cells for one (1) prisoner only shall have a minimum floor area of forty (40) square feet and all other cells, compartments, dormitories and day rooms (including

safety vestibule area) shall have a minimum floor area equal to eighteen (18) square feet for each prisoner to be confined therein. The ceiling height above finished floor shall be not less than eight (8) feet for any cell, compartment, dormitory or day room where prisoners are confined.

The term "safe and suitable jails," as used in this Act, is further defined to mean that, for reasons of safety to officers and security, the entrance and/or exit to each group of enclosures forming a cell block or group of cells and/or compartments used for the confinement of three (3) or more prisoners shall be through a safety vestibule having one (1) or more interior doors in addition to the main outside entrance door to such cell block, all arranged to be locked, unlocked, opened or closed by control means located outside of any such enclosure or cell block.

SUITABLE SANITATION AND HEALTH

The term "safe and suitable jails" is further defined to mean jails which provide adequate facilities for maintaining proper standards in sanitation and health. Each cell designed for one (1) prisoner only shall be provided with a water closet and a combination lavatory and drinking fountain, table and seat. Each cell, compartment or dormitory designed for three (3) or more prisoners, shall be provided with one (1) water closet and one (1) combination lavatory and drinking fountain for each twelve (12) prisoners or fraction thereof to be confined therein. Furthermore, all such cells, compartments and dormitories shall be provided with one (1) bunk, not less in size than two (2) feet, three (3) inches wide and six (6) feet, three (3) inches long, for each prisoner to be confined therein. Furthermore, each day room for the confinement of three (3) or more prisoners shall be provided with one (1) water closet, one (1) combination lavatory and drinking fountain and one (1) shower bath for each twelve (12) prisoners, or fraction thereof, to be confined therein. Furthermore, each day room shall be otherwise suitably furnished.

The provisions of this Act are enforceable by the Commission on Jail Standards. [Amended by Acts 1975, 64th Leg., p. 1283, ch. 480, § 15, eff. June 19, 1975.]

(10) determine annually, or more often, whether each county jail is in compliance with the rules and procedures promulgated under this Act.

county shall furnish the commission or any of its members, or the executive director or any employee designated by the executive director, any information which he states is necessary to enable the commission to discharge its functions, powers, and duties, to determine whether its rules are being observed or whether its orders are being obeyed and otherwise to implement the purposes of this Act. In the exercise of its function, powers, and duties, the commission may issue subpoenas and subpoenas duces tecum to compel the attendance of witnesses and the production of books, records, and documents, administer oaths, and take testimony concerning all matters within its jurisdiction. The commission is not bound by strict rules of evidence or procedure in the conduct of its proceedings, but its determinations shall be founded on sufficient legal evidence to sustain them. The commission may delegate to the executive director the authority conferred by this subsection.

(b) When the commission finds that a county jail is not in compliance with state law, or the rules and procedures of the commission, or fails to meet the minimum standards prescribed by the commission or by state law, it shall report the noncompliance to the commissioners and sheriff of the county responsible for the jail that is not in compliance. The commission shall send a copy of the report to the governor.

(c) The commission shall grant the county or sheriff a reasonable time, not to exceed one year after a report of noncompliance, to comply with its rules and procedures and with state law. On application of the sheriff or commissioners of a county, if clearly justified by the facts and circumstances, the commission may grant reasonable variances for operation of county jails not in strict compliance with state law, except that no variance may be granted to permit unhealthy, unsanitary, or unsafe conditions.

(d) If the commissioners or sheriff does not comply within the time granted by the commission, the commission may, by order, prohibit the confinement of prisoners in the noncomplying jail and designate another detention facility for their confinement. If a prohibition and transfer order is issued, the sheriff of the county in which the noncomplying jail is situated shall immediately transfer all prisoners to the detention facility specified by the commission.

(e) The county responsible for a nonconforming jail shall bear the cost of transportation and maintenance of prisoners transferred from a noncomplying jail by order of the commission. The costs of transportation and maintenance shall be determined by the commission and shall be paid into the treasury of the entity operating the detention facility to which the prisoners are transferred.

(f) The commission, in lieu of closing a county jail, may institute an action in its own name to enforce,

or enjoin the violation of, its orders, rules, or procedures, or of Article 5115, Revised Civil Statutes of Texas, 1925, as amended. The commission shall be represented by the attorney general. An action brought pursuant to this subsection is in addition to any other action, proceeding, or remedy provided by law, and may be brought in a district court of Travis County. A suit brought under this subsection shall be given preferential setting and shall be tried by the court, without a jury. The court shall issue an injunction ordering compliance if it finds:

- (1) that the county jail is being operated in such a manner that it does not comply with the rules and procedures promulgated by the commission or with state law; and
- (2) that the commissioners or sheriff has been given a reasonable time to comply with the rules and procedures and has failed to do so.

Judicial Review

Sec. 12. (a) A county may appeal a commission order issued under Subsection (d), Section 11, of this Act by filing a petition in a district court of Travis County.

(b) The petition must be filed within 30 days after the date of the commission's order.

(c) Service of citation on the commission must be accomplished within 30 days after the date the petition is filed. Citation may be served on the executive director.

(d) In an action brought under this section, the court is confined to the record developed by the commission, and the only issues before the court are:

- (1) whether the order of the commission is based on substantial evidence; and
- (2) whether the order is arbitrary, capricious, or illegal.

Regulations

Sec. 13. (a) The commission shall promulgate the regulations required by Section 9 of this Act on or before January 1, 1977.

(b) On or before March 1, 1977, the commission shall mail a copy of the regulations promulgated pursuant to Section 9 of this Act to each county sheriff in this state. The chairman shall certify to the governor that the commission has complied with the requirements established by this section.

Qualifications of Jail Personnel

Sec. 14. (a) The Commission on Law Enforcement Officer Standards and Education shall establish minimum physical, mental, educational, and moral standards for persons employed or utilized in the operation of county jails.

(b) The authority and power of the Commission on Law Enforcement Officer Standards and Education is extended to cover all county jail personnel. The staff of the Commission on Law Enforcement Officer Standards and Education shall be enlarged sufficiently to discharge the additional responsibilities imposed by this section. Counties shall have a period of one year following establishment of standards for county jail personnel within which to have all jail personnel certified by the Commission on Law Enforcement Officers Standards and Education.

(c) A standard requiring a person to have any degree of formal education or the equivalent is not applicable to a person who was employed or whose services were utilized in the operation of a county jail on August 29, 1977.

Art. 5115c. Intercounty Cooperation Regarding Furnishing and Operating Jail Facilities

Sec. 1. Two or more counties, acting through their commissioners courts, may contract with one another for the joint operation of a jail to serve the contracting counties. The contract may provide for the construction or acquisition of a facility for this purpose or for the use of an existing facility. The joint facility is not required to be located at the county seat of one of the contracting counties.

Sec. 2. A county that is party to a contract under this Act may use any method of financing its

share of the capital expenditures under the contract for acquisition, construction, enlargement, or improvement of the joint facility, including necessary acquisition of land, as would be available to it if the county operated its own jail, including the issuance as provided by law of general obligation bonds or other evidences of indebtedness.

Sec. 3. (a) The administration of a jail operated under this Act is the responsibility of the sheriff of the county where the jail is located unless he declines that responsibility by filing a written statement to that effect with the commissioners court of that county. If the sheriff so declines, the commissioners courts of the contracting counties by joint action shall appoint a jail administrator for the jail.

(b) The sheriff or jail administrator responsible for the administration of the jail has all the powers, duties, and responsibilities with regard to the keeping of prisoners and operation of the jail that are conferred by law on a sheriff in a county that operates its own jail.

(c) Action by a sheriff declining the responsibility for the administration of a jail operated under this Act does not take effect until a jail administrator has been appointed and has assumed his duties. If there is a vacancy in the position of jail administrator, the sheriff of the county where the jail is located is responsible for the administration of the jail until a new jail administrator is appointed and assumes the position.

(b) Such fee of Ten Dollars (\$10) shall be paid into the Wichita County Family Court Services Department by the person initiating such contempt proceedings but this sum, in addition to any other expenses incurred by the complainant in the prosecution of the contempt action may, in the judgment of the court, be assessed against the contemner for reimbursement to the complainant.

This Fund shall be supplemented out of the General Fund or other available funds of the County where necessary.

Sec. 12. Child Support Office

Sec. 7a. (a) Notwithstanding any other provision of this Act, the judges of the District Courts and Domestic Relations Courts in each of the counties of Brazoria, Fort Bend, Matagorda, and Wharton may create a child support office in the juvenile office of the county to receive payments for the support of children made under the order of a District Court or Domestic Relations Court. A child support office may serve more than one county. The child support office shall receive the payments and shall disburse the funds in the manner the court determines to be for the best interest of the parties involved in each case.

(b) The judges of the District Courts and Domestic Relations Courts may appoint an administrator and such assistants as in their judgment may be necessary for a term of two years. The judges of the District Courts and Domestic Relations Courts shall determine the duties to be assigned the administrator and his assistants and the salaries of the personnel of the child support office to be paid in equal monthly installments out of the general fund of the county, the child support fund, or other available fund. All claims for expenses of the administrator and his assistants and administrative expenses for operation of the child support office, including all necessary equipment and supplies, shall, before payment, be approved by the judges.

(c) If a child support office serves more than one county, the judges of the District Courts and the Domestic Relations Courts in those counties shall determine the location of the child support office. The powers and duties of the county officials and employees prescribed in this section shall be performed by the officials and employees of the county in which the child support office is located. The counties served by the child support office shall pay the salaries of the personnel, premiums for a bond, and other expenses in accordance with the proportion that the population of each county bears to the total population of all counties served by that office.

(d) Each administrator of a child support office shall make a surety bond in a solvent surety company authorized to make such bonds in Texas, conditioned on the faithful performance of the duties of his position and further conditioned on his properly accounting for the money entrusted to him. The bond shall be in an amount to be fixed by the County Auditor and subject to approval of the County Auditor. The county shall pay the premiums for the bond out of the general fund, the child support fund, or other available fund.

(e) Each child support office shall keep an accurate and complete record of its receipts and disbursements of support payment funds. The record is open to inspection by the public. It is the duty of the County Auditor or other duly authorized person in each county with a child support office to inspect and examine the records and audit the accounts quarterly and to report his findings and recommendations to the judges.

(f) A service fee for receiving and disbursing payments, not to exceed \$1 per month, shall be assessed each payor or payee of child support who is ordered by a court to pay support to a child support office. However, if the payor is a member of the armed services and the monthly payments for child support exceed the amount ordered by the court, the recipient (payee) of the support payments shall be the person responsible for paying the service fee into the child support office. The service fee applies to all support payments ordered paid to a child support office after the effective date of this amendment and to all other such payments, even though ordered prior to the effective date of this amendment, when the person ordered to make such payments has defaulted and has been cited for contempt of court. The service fee shall be collected by the child support office from the payor annually in advance and shall be paid to the county treasurer on the last day of each calendar month, to be kept in a separate account to be known as the "Child Support Fund." This fund shall be administered by the judges of the District Courts and Domestic Relations Courts, subject to the approval of the Commissioners Court, for the purpose of assisting in the payment of the salaries and operating expenses of the child support office. The first service fee shall be due on the date the payor of support payments has been ordered by the court to commence payments for child support and thereafter on each succeeding annual anniversary of the original court order for payment. In those instances where the payee is charged with the responsibility of making the service fee payments, the first payment shall be due on the date of receipt of the initial support payment and annually thereafter on the anniversary of the date of the receipt of the first support allotment check so long as the payor is a member of the armed services and so long as support allotment payments exceed the amount of

support ordered by the court. Failure or refusal of a person to pay the service fee on time and in the amount ordered by the court shall make that person susceptible to an action of contempt of court. A record shall be kept of all service fees collected and expended. The Child Support Fund is subject to regular audit by the County Auditor or other duly authorized person. Annual reports of receipts and expenditures in this account shall be made to the Commissioners Court.

Findings and Construction

Sec. 3. It is hereby found, determined, and declared:

(1) that the present and prospective health, safety, right to gainful employment, and general welfare of the people of this state require as a public purpose the promotion and development of new and expanded commercial, industrial, manufacturing, medical, and research enterprises;

(2) that the existence, development, and expansion of commerce and industry are essential to the economic growth of the state and to the full employment, welfare, and prosperity of its citizens;

(3) that the means and measures authorized by this Act and the assistance provided in this Act, especially with respect to financing, are in the public interest and serve a public purpose of the state in promoting the health, welfare, and safety of the citizens of the state, not only physically by encouraging medical research but also economically by the securing and retaining of private industrial, commercial, manufacturing, and other enterprises and the resulting maintenance of a higher level of employment, economic activity and stability;

(4) that community industrial development corporations in Texas have themselves invested substantial funds in successful industrial development projects and have experienced difficulty in undertaking such additional projects by reason of the partial inadequacy of their own funds or funds potentially available from local subscription sources and by reason of limitations of local financial institutions in providing additional and sufficiently sizable first mortgage loans; and

(5) that communities in this state are at a critical disadvantage in competing with communities in other states for the location or expansion of such enterprises by virtue of the availability and prevalent use in all other states of financing and other special incentives; therefore, the issuance of revenue bonds by corporations on behalf of political subdivisions of the state as hereinafter provided for the promotion and development of new and expanded commercial, industrial, manufacturing, medical, and research enterprises to provide and encourage employment, public health, and the public welfare is hereby declared to be in the public interest and a public purpose.

This Act shall be liberally construed in conformity with the intention of the legislature herein expressed.

Sec. 4. Any number of natural persons, not less than three, each of whom is at least 18 years of age and a qualified elector of the unit may file with the governing body of a unit a written application requesting that the unit authorize and approve creation of a corporation to act on behalf of the unit. If the governing body by appropriate resolution finds and determines that it is advisable that the corporation be authorized and created and approves the articles of incorporation proposed to be used in organizing the corporation, then the articles of incorporation for the corporation may be filed as herein-

after provided. A unit may authorize and approve creation of one or more corporations, provided that the resolution approving the creation of each corporation shall specify the public purpose or purposes of the unit which the corporation may further on behalf of the unit, which purpose or purposes shall be limited to the promotion and development of commercial, industrial, manufacturing, and medical research enterprises to promote and encourage employment, public health, and the public welfare. Sec. 24. (a) The commission shall approve the contents of any lease, sale, or loan agreement made under this Act. The commission shall prescribe rules and regulations setting forth minimum standards for lease, sale, and loan agreements and guidelines with respect to financial responsibilities of the lessee, purchaser, or borrower under any such agreement, but in no event shall the commission approve any agreement unless it affirmatively finds the lessee, purchaser, or borrower has the business experience, financial resources, and responsibility to provide reasonable assurance that all bonds and interest thereon to be paid from or by reason of such agreement will be paid as the same become due. Appeal from any adverse ruling or decision of the commission under this subsection may be made by the corporation to the District Court of Travis County. The substantial evidence rule shall apply. Rules, regulations, and guidelines promulgated by the commission and amendments thereto shall be effective only after they have been filed with the secretary of state.

(b) The corporation may submit a transcript of proceedings in connection with the issuance of the bonds to the commission and request that the commission approve such bonds. If the commission refuses to approve such bond issue solely on the basis of law, the corporation may seek a writ of mandamus from the Supreme Court, and for this purpose the chairman of the commission shall be considered a state officer as provided in Article 1733, Revised Civil Statutes of Texas, 1925.

(c) The commission may delegate to the executive director of the commission the authority to approve a bond issue or any documents submitted as provided herein.

The bonds may be issued in coupon or in registered form or both as the board of directors of the corporation may determine, and provisions may be made for the registration of any coupon bonds as to the principal alone and also as to both principal and interest and for the reconversion into coupon bonds of any bonds registered as to both principal and interest. The corporation may sell bonds at public or private sale and at an interest rate not to exceed that permitted by the constitution or laws of the state.

(c) The proceeds of the bonds of each issue shall be used solely for the payment of all or part of the cost of or for the making of a loan in the amount of all or part of the cost of the project or projects or medical research project or medical research projects for which authorized as defined herein and shall be disbursed in such manner and under such restrictions, if any, provided in the resolution authorizing the issuance of the bonds or in the trust agreement securing the same. Bond proceeds may be used to pay all costs incurred in issuing the bonds, interest on the bonds for such time as may be determined by the board of directors of the corporation, and to

establish reserve funds and sinking funds for the bonds. If the proceeds of the bonds of any series issued with respect to the cost of any project or medical research project shall exceed the cost of the project or medical research project for which the same shall have been issued, the surplus shall be deposited to the credit of the sinking fund for such bonds or used to purchase bonds in the open market.

(d) Prior to the preparation of definitive bonds, the corporation may under like restrictions issue interim notes or temporary bonds with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. Bonds may be issued and lease, sale, and loan agreements entered into under the provisions of this Act without obtaining the consent or approval of any department, division, commission, board, bureau, or agency of the state except as otherwise provided herein. Bonds may not be issued for a medical project until compliance with the provisions of the Texas Health Planning and Development Act, Chapter 323, Acts of the 64th Legislature, Regular Session, 1975, as amended (Article 4418h, Vernon's Texas Civil Statutes).

(e) The principal of and interest on any bonds issued by the corporation shall be secured by a pledge of the revenues and receipts derived by the corporation from the lease or sale of the project or medical research project so financed or from the loan made by the corporation with respect to the project or medical research project so financed or refinanced and may be secured by a mortgage covering all or any part of such project or medical research project, including any enlargements of and additions to such project or medical research project thereafter made. The resolution under which the bonds are authorized to be issued and any such mortgage may contain any agreements and provisions respecting the maintenance of the project or medical research project covered thereby, the fixing and collection of rents, purchase price payments or loan payments, the creation and maintenance of special funds from such revenues and the rights and remedies available in the event of default, all as the board of directors shall deem advisable and not in conflict with the provisions hereof. Each pledge, agreement, and mortgage made for the benefit or security of any of the bonds of the corporation shall continue effective until the principal of and interest on the bonds for the benefit for which the same were made have been fully paid.

(f) The governing body of the unit under whose auspices the corporation was created shall approve by written resolution any agreement to issue bonds adopted by a corporation, which agreement and resolution shall set out the amount and purpose of the bonds. Additionally, no issue of bonds, including refunding bonds, shall be sold and delivered by the

corporation without a written resolution of the governing body adopted no more than 60 days prior to the date of sale of the bonds specifically approving the resolution of the corporation providing for the issuance of the bonds.

Each corporation is hereby authorized to provide by resolution for the issuance of its revenue refunding bonds for the purpose of refunding any bonds then outstanding, issued on account of a project or medical research project, which shall have been issued under the provisions of this Act, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds and, if deemed advisable by the corporation, for the additional purpose of financing improvements, extensions, or enlargements to the project or the medical research project in connection with which the bonds to be refunded shall have been issued or for another project. The issuance of such bonds, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties, and obligations of the corporation in respect to the same shall be governed by the provisions of this Act insofar as the same may be applicable. Within the discretion of the corporation, the refunding bonds may be issued in exchange for outstanding bonds or may be sold and the proceeds used for the purpose of redeeming outstanding bonds.

Trust Agreements

Sec. 27. Any bonds issued under the provisions of this Act may be secured by a trust agreement by and between the corporation and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the state. Any such trust agreement may evidence a pledge or assignment of the lease, sale, or loan revenues to be received from a lessee or purchaser of or borrower with respect to a project or medical research project for the payment of principal of and interest and any premium on such bonds as the same shall become due and payable and may provide for creation and maintenance of reserves for such purposes. Any such trust agreement or resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties in relation to the acquisition of property and the construction, improvement, maintenance, repair, operation, and insurance of the project or medical research project in connection with which such bonds shall have been authorized, and the custody, safeguarding, and application of all money. It shall be lawful for any bank or trust company incorporated under the

laws of the state which may act as depository of the proceeds of bonds or of revenues to furnish such indemnifying bonds or to pledge such securities as may be required by the corporation. Any such trust agreement may set forth the rights and remedies of the bondholders and of the trustee and may restrict the individual right of action by bondholders as is customary in trust agreements or trust indentures securing bonds and debentures of private corporations. In addition to the foregoing, any such trust agreement may contain such provisions as the corporation may deem reasonable and proper for the security of the bondholders. All expenses incurred in carrying out the provisions of any such trust agreement may be treated as a part of the cost of the operation of the project or medical research project.

Enforcement of Agreements or Mortgages

Sec. 28. (a) Any agreement relating to any project or medical research project shall be for the benefit of the corporation. Any such agreement shall contain a provision that, in the event of a default in the payment of the principal of or the interest or premium on such bonds or in the performance of any agreement contained in such proceedings, mortgage, or instrument, such payment and performance may be enforced by mandamus or by the appointment of a receiver in equity with power to charge and collect rents, purchase price payments, and loan payments and to apply the revenues from the project or medical research project in accordance with such resolution, mortgage, or instrument.

(b) Any mortgage to secure bonds issued thereunder may also provide that, in the event of a default in the payment thereof or the violation of any agreement contained in the mortgage, the mortgage may be foreclosed and sold under proceedings in equity or in any other manner now or hereafter permitted by law. Such mortgage may also provide that any trustee under such mortgage or the holder of any of the bonds secured thereby may become the purchaser at any foreclosure sale if the highest bidder therefor.

Option to Purchase Granted to Lessee

Sec. 29. A corporation may grant a lessee an option to purchase all or any part of a project or medical research project when all bonds of the corporation delivered to provide such facilities have been paid or provision has been made for their final payment, provided during the time the bonds or interest thereon remains unpaid there is no failure to pay the lease rentals at the time and in the manner as the same become due, provided a payment shall be deemed paid when and as due if no event of default is declared and the payment is made within 15 calendar days of the date it was scheduled

to become due. The provisions of this law are procedurally exclusive for authority to convey or grant an option to purchase, and reference to no other law shall be required.

Authority of Corporation Regarding Bonds, Lease, Sale, or Loan Agreements

Sec. 30. Except as limited by the provisions of this Act or as limited by the rules, regulations, and guidelines of the commission, each corporation shall have full and complete authority with respect to bonds, lease, sale, or loan agreements and the provisions thereof.

Sec. 32. The legislature finds, determines, and declares that the activities of a corporation created and organized under the provisions of this Act affect all the people of the unit under whose auspices it is created by assuming to a material extent that which might otherwise become the obligation or duty of such unit, and therefore such corporation is an institution of purely public charity within the tax exemption of Article VIII, Section 2, of the Texas Constitution. Accordingly, the corporation, all properties at any time owned by it, the income therefrom, and all bonds issued by it, their transfer, and the income therefrom shall be exempt from all taxation by the state.

Authority to Alter or Dissolve Corporation

Sec. 34. At any time the unit may in its sole discretion alter the structure, organization, programs, or activities of the corporation or terminate and dissolve the corporation, subject only to any limitation provided by the constitution and laws of the state on the impairment of contracts entered into by the corporation. Such alteration or dissolution shall be made by written resolution of the governing body of the unit and as hereinafter provided.

(c) Whenever dissolution occurs, whether instituted by the governing body unit or by the board of directors of the corporation, the dissolution proceedings shall transfer the title to all funds and properties then owned by the corporation to the unit under whose auspices the corporation was created.

No proceedings, notice, or approval shall be required for the organization of the corporation or the issuance of any bonds or any instrument as security therefor, except as is herein provided, any other law to the contrary notwithstanding; provided that nothing herein shall be construed to deprive the state and its governmental subdivisions of their respective police powers over any properties of the corporation or to impair any police power thereover of any official or agency of the state and its governmental subdivisions as may be otherwise provided by law.

Nothing in this Act shall be construed to violate any provision of the federal or state constitution, and all acts done under this Act shall be in such manner as will conform thereto, whether expressly provided or not. Where any procedure hereunder may be held by any court to be violative of either of such constitutions, the corporation shall have the power by resolution to provide an alternative procedure conformable with such constitutions. If any provisions of this Act should be invalid, such fact shall not affect the validity of any other provisions of this Act, and the legislature hereby declares that it would have enacted the valid provisions of this Act notwithstanding the invalidity of any other provision or provisions hereof.

(b) Benefit Amount for Total Unemployment: Each eligible individual who is totally unemployed in any benefit period shall be paid with respect to such benefit period, benefits at the rate of one twenty-fifth ($\frac{1}{25}$) of his wages received from employment by employers during that quarter in his base period in which wages were highest, provided that:

[See Compact Edition, Volume 4 for text of
(b)(1)]

(2) Such rate shall not be more than Eighty-four Dollars (\$84) per benefit period nor less than Fifteen Dollars (\$15) per benefit period on valid initial claims filed on or after October 1, 1977; provided that if the annual average of the manufacturing production workers average weekly wage in Texas exceeds by Ten Dollars (\$10) the average weekly wage for those workers in 1976 as determined by the Texas Employment Commission and published in its report, "The Average Weekly Wage," the maximum weekly benefit amount shall be increased by Seven Dollars (\$7) and the minimum weekly benefit amount shall be increased by One Dollar (\$1) above the maximum and minimum amounts established herein, the increases to become effective on valid initial claims filed on or after October 1 following publication of "The Average Weekly Wage" report. Thereafter, each cumulative (additional) Ten Dollar (\$10) increase in the average weekly wage for manufacturing production workers in Texas, as annually determined and reported by the Texas Employment Commission, shall cumulatively increase the

maximum weekly benefit amount by an additional Seven Dollars (\$7) and the minimum weekly benefit amount by an additional One Dollar (\$1) beginning with the next October 1 following publication of "The Average Weekly Wage" report. The maximum benefit amount payable per benefit period under this section to any individual on the effective date of a valid claim shall remain the maximum benefit amount payable to that individual until that individual establishes a new benefit year.

[See Compact Edition, Volume 4 for text of
(c) and (d)]

(e) Benefit Wage Credits: "Benefit wage credits" means those wages as defined in this subsection of the Act, which are used in determining an individual's right to benefits. "Wages" as used in this Section shall be as defined in subsection (n) of Section 19 of this Act,¹ except that the six-thousand-dollar limitation on wages as set out in subsection (n)(1) of Section 19 shall not be applicable for the purposes of this Section 3; provided that, for the purposes of this Section 3, wages received by an individual in any calendar year shall include all remuneration from each employer for employment up to the maximum amount of wages as defined in the Federal Insurance Contributions Act (Section 3121, Chapter 21, Subtitle C, Internal Revenue Code of 1954),² as amended, or as it may hereafter be amended; and provided further, that wages which have been used to qualify an individual for regular benefits under this Act or under any other unemployment compensation law shall not be used again to qualify such individual for regular benefits.

If an employer fails to report wages which were paid to a claimant during a base period when requested by the Commission, the Commission may establish wage credits for such claimant for such base period on the basis of the best information which has been obtained by the Commission.

(f) Equal Treatment: Benefits based on services for all employers in employment defined in subsection 19(f) shall be payable in the same amount, on the same terms, and subject to the same conditions; except that:

(1) with respect to services in an instructional, research, or principal administrative capacity for an educational institution, benefits shall not be payable based on those services for any week commencing during the period between two (2) successive academic years or terms (or, when an agreement provides instead for a similar period between two (2) regular but not successive terms, during that period) to any individual if the individual performs those services in the first of the academic years (or terms) and if there is a contract or reasonable assurance that the individual

will perform services in that capacity for any educational institution in the second of the academic years (or terms);

(2) with respect to services in any other capacity for an educational institution (other than an institution of higher education), benefits shall not be payable on the basis of those services to any individual for any week which commences during a period between two (2) successive academic years or terms if the individual performs those services in the first of the academic years or terms and there is a reasonable assurance that the individual will perform those services in the second of the academic years or terms; and

(3) with respect to any services described in Paragraphs (1) and (2), benefits shall be denied to any individual for any week which commences during an established and customary vacation period or holiday recess if such individual performs such services in the period immediately before such vacation period or holiday recess and there is a reasonable assurance that such individual will perform such services in the period immediately following such vacation period or holiday recess.

(g) Athletes: Benefits shall not be payable to any individual on the basis of any services, substantially all of which consist of participating in sports or athletic events or training or preparing to so participate, for any week which commences during the period between two (2) successive sport seasons (or similar periods) if the individual performed those services in the first of the seasons (or similar periods) and there is a reasonable assurance that the individual will perform those services in the later of the seasons (or similar periods).

(h) Aliens: Benefits shall not be payable on the basis of services performed by an alien unless the alien is an individual who was lawfully admitted for permanent residence at the time such services were performed, was lawfully present for purposes of performing such services, or was permanently residing in the United States under color of law at the time such services were performed (including an alien who was lawfully present in the United States as a result of the application of the provisions of Section 203(a)(7) or Section 212(d)(5) of the Immigration and Nationality Act),³ provided that:

(1) any data or information required of individuals applying for benefits to determine whether or not benefits are payable to them because of their alien status shall be uniformly required from all applicants for benefits; and

(2) in the case of an individual whose application for benefits would otherwise be approved, no determination that benefits are not payable to that individual because of his alien status may be made except on a preponderance of the evidence.

Provided that any modifications to the provisions of Section 3304(a)(14) of the Federal Unemployment Tax Act as provided by Public Law 94-566⁴ which specify other conditions or other effective date for the denial of benefits based on services performed by aliens and which modifications are required to be implemented under state law as a condition for full tax credit against the tax imposed by the Federal Unemployment Tax Act shall be considered applicable under the provisions of this Section.

(i) Previously Uncovered Services: With respect to weeks of unemployment beginning after December 31, 1977, benefit wage credits shall include wages for previously uncovered services, provided that benefit payments based on those services are reimbursable from the federal government in accordance with provisions of Public Law 94-566 and provided that no employer's account shall be charged with payments based on those benefit wage credits either as chargebacks or reimbursements. For the purpose of this subsection, the term "previously uncovered services" means services which were not employment and which were not services for an employer under any provision of this Act at any time during the one-year period ending December 31, 1975, and which constitute employment and services for an employer after December 31, 1977, in accordance with the provisions of Section 19 of this Act as services in agricultural labor, domestic services, services for a governmental employer, or services for a nonprofit educational institution which is not an institution of higher education, except to the extent that assistance under Title II of the federal Emergency Jobs and Unemployment Assistance Act of 1974⁵ was paid on the basis of those services.

Art. 5221b-3. Disqualification for Benefits

An individual shall be disqualified for benefits:

(a) If the Commission finds that he has left his last work voluntarily without good cause connected with his work. Such disqualification shall be for not less than one (1) nor more than twenty-five (25) benefit periods following the filing of a valid claim, as determined by the Commission according to the circumstances in each case.

(b) If the Commission finds he has been discharged for misconduct connected with his last work. Such disqualification shall be for not less than one (1) nor more than twenty-six (26) benefit periods following the filing of a valid claim, as determined by the Commission according to the seriousness of the misconduct.

(c) If the Commission finds that during his current benefit year he has failed, without good cause, either to apply for available, suitable work when so directed by the Commission or to accept suitable work when offered him, or to return to his customary self-employment (if any) when so directed by the Commission. Such disqualification shall be for not less than one (1) nor more than thirteen (13) benefit periods following the failure, as described above to apply for or accept suitable work, the degree of disqualification to be determined by the Commission according to the circumstances in each case.

(1) In determining whether or not any work is suitable for an individual, the Commission shall consider the degree of risk involved to his health, safety and morals at the place of performance of his work, his physical fitness and prior training, his experience and prior earnings, his length of unemployment and prospects for securing local work in his customary occupation, and the distance of the available work from his residence.

(2) Notwithstanding any other provisions of this Act, no work shall be deemed suitable and benefits shall not be denied under this Act to any otherwise eligible individual for refusing to accept new work under any of the following

conditions: (a) If the position offered is vacant due directly to a strike, lockout, or other labor dispute; (b) If the wages, hours, or other conditions of the work offered are substantially less favorable to the individual than those prevailing for similar work in the locality; (c) If as a condition of being employed the individual would be required to join a company union or to resign from or refrain from joining any bona fide labor organization.

(d) For any benefit period with respect to which the Commission finds that his total or partial unemployment is (i) due to the claimant's stoppage of work because of a labor dispute at the factory, establishment, or other premises (including a vessel) at which he is or was last employed, or (ii) because of a labor dispute at another place, either within or without this State, which is owned or operated by the same employing unit which owns or operates the premises at which he is or was last employed, and supplies materials or services necessary to the continued and usual operation of the premises at which he is or was last employed; provided that this subsection shall not apply if it is shown to the satisfaction of the Commission that:

(1) He is not participating in or financing or directly interested in the labor dispute; provided, however, that failure or refusal to cross a picket line or refusal for any reason during the continuance of such labor dispute to accept and perform his available and customary work at the factory, establishment, or other premises (including a vessel) where he is or was last employed shall be considered as participation and interest in the labor dispute; and

(2) He does not belong to a grade or class of workers of which, immediately before the commencement of the labor dispute, there were members employed at the premises (including a vessel) at which the labor dispute occurs, any of whom are participating in or financing or directly interested in the dispute; provided, that if in any case separate branches of work which are commonly conducted as separate businesses in separate premises are conducted in separate departments of the same premises, each such department shall, for the purposes of this subsection, be deemed to be a separate factory, establishment, or other premises; and where a disqualification arises from the employee's failure to meet the requirements of this paragraph (2) of this subsection (d) his disqualification shall cease if he shall show that he is not, and at the time of the labor dispute was not, a member of a labor organization which is the same as, represented by, or directly affiliated with, or that he, or such organization of which he is a member, if any, is not acting in concert or in sympathy with

a labor organization involved in the labor dispute at the premises at which the labor dispute occurred, and he has made an unconditional offer to return to work at the premises at which he is or was last employed.

(e) For any benefit period with respect to which he is receiving or has received remuneration in the form of:

(1) Wages in lieu of notice;

(2) Compensation for temporary partial disability, temporary total disability or total and permanent disability under the Workmen's Compensation Law of any State or under a similar law of the United States;

(3) Old Age Benefits under Title II of the Social Security Act as amended,¹ or similar payments under any Act of Congress, or a State Legislature; provided, that if such remuneration is less than the benefits which would otherwise be due under this Act, he shall be entitled to receive for such benefit period, if otherwise eligible, benefits reduced by the amount of such remuneration. If any such benefits, payable under this subsection, after being reduced by the amount of such remuneration, are not an even multiple of One Dollar (\$1), they shall be adjusted to the next higher multiple of One Dollar (\$1).

(f) In determining the number of benefit periods during which any individual is entitled to receive benefits in a benefit year, the Commission shall deduct any period of disqualification as provided in subsections (a), (b), and (c) of this Section from the total number of benefit periods during which he would otherwise be entitled to receive benefits except for such disqualification; provided, that in no case shall the number of benefit periods so deducted exceed the number of benefit periods during which the claimant is then eligible to receive benefits except for such disqualification; and provided further, that in no event shall a disqualification imposed under subsection (a) or (c) of this Section result in a total reduction of the claimant's benefit rights in his benefit year.

(g) For the duration of any period of unemployment with respect to which the Commission finds that such individual has left his most recent work for the purpose of attending an established educational institution; provided, that this subsection shall not apply during a period in which an individual is in training with the approval of the Commission.

(h) For weeks of unemployment beginning after March 31, 1980, for any benefit period with respect to which the individual is receiving a governmental or other pension, retirement or retired pay, annuity, or any other similar periodic payment which is based on the previous work of the individ-

ual and which is reasonably attributable to that benefit period; provided that if the remuneration is less than the benefits which would otherwise be due under this Act, the individual shall be entitled to receive for that benefit period, if otherwise eligible, benefits reduced by the amount of the remuneration. If those benefits payable under this subsection, after being reduced by the amount of the remuneration, are not an even multiple of One Dollar (\$1), they shall be adjusted to the next higher multiple of One Dollar (\$1).

The Legislature declares that the preceding paragraph is enacted because Section 3304(a)(15) of the Federal Unemployment Tax Act as provided in Public Law 94-566² requires this provision in State law as of January 1, 1978, as a condition for full tax credit against the tax imposed by the Federal Unemployment Tax Act; and it further declares that if Section 3304(a)(15) is amended to provide modifications of these requirements, the modified requirements, to the extent that they are required for full tax credit, shall be considered applicable under the provisions of this Section rather than the provisions stated in the preceding paragraph.

Art. 5221b-4. Claims for Benefits

[See Compact Edition, Volume 4 for text of (a)]

(b) An unemployed individual who has no current benefit year may file an initial claim in accordance with rules or regulations prescribed by the Commission. The Commission shall mail a notice of the filing of such initial claim to the individual or organization for which the claimant last worked prior to the effective date of the initial claim. If the individual or organization has more than one branch or division operating at different locations, notice of the filing of such initial claim shall be mailed to the branch or division where claimant last worked. Mailing of notice of the initial claim to the correct address of the individual or organization or the branch or division where claimant last worked shall constitute due notice to such individual or organization. If the individual or organization to which such notice is mailed has knowledge of any facts that may adversely affect such claimant's right to benefits, or that may affect a charge to its account, it shall notify the Commission of such facts promptly. If such individual or organization does not mail or deliver such notification to the Commission within twelve (12) days from the date notice of a claim was mailed to it by the Commission, such individual or organization shall be deemed to have waived all rights in connection with such claim, including any rights it may have under subsection 7(c)(2) of this Act,¹ except with respect to a clerical or machine

error as to the amount of its chargeback or maximum potential chargeback in connection with such claim.

The Commission shall determine whether such initial claim is valid. If such initial claim is valid, the Commission shall determine the benefit year, the benefit amount for total unemployment and the duration of benefits. A notice of the determination of the initial claim shall be mailed to the claimant at his last known address as reflected by Commission records. The claimant may within twelve (12) calendar days from the date such notice was mailed request a redetermination or appeal in the manner provided in this Section.

If such individual or organization for which claimant last worked has filed a notification with the Commission in accordance with this Section, an examiner shall make a determination as to whether the claimant is disqualified from receipt of benefits under Section 5 of this Act,² as to any other issue affecting the claimant's right to receive benefits which may have arisen under any other provision of this Act, and as to whether a chargeback shall be made to the account of the individual or organization if benefits are paid, and shall mail a copy of the determination to the claimant and to such individual or organization, or the branch or division for which the claimant last worked. In the absence of such notification from such individual or organization, if, from information on the claim or other information secured, an issue is raised affecting the claimant's rights to benefits under any provision of this Act, an examiner shall prepare a determination reflecting his decision and mail a copy of it to the claimant at his last known address.

Unless the claimant or the individual or organization or branch thereof to which the copy of the determination is mailed files an appeal from such determination within twelve (12) calendar days after such copy of the determination is mailed to his or its last known address as reflected by Commission records, such determination shall be final for all purposes and benefits shall be paid or denied in accordance therewith; provided, that within the same period of time, an examiner may file an appeal from such determination, or may, if he discovers error in connection therewith or additional information not previously available, reconsider and redetermine any such determination, and such redetermination shall replace such determination and shall become final unless an appeal therefrom is filed by such claimant or such individual or organization within twelve (12) calendar days after a copy of such redetermination was mailed to his or its last known address as reflected by Commission records.

Notwithstanding any provision in this Act under which benefits may be paid or denied, benefits shall

be paid promptly in accordance with a determination or redetermination of an examiner, a decision of an appeal tribunal, the Commission, or a reviewing court, on the issuance of that determination, redetermination or decision (regardless of the pendency of the period to apply for reconsideration, file an appeal, or petition for judicial review, or the pendency of that application, filing, or petition), unless and until that determination, redetermination, or decision has been modified or reversed by a subsequent redetermination or decision, in which event benefits shall be paid or denied in accordance with the modifying or reversing redetermination or decision. If a determination or decision is finally modified or reversed to deny benefits, no chargeback shall be made to the employer's account by reason of payments made to the claimant for any benefit period with respect to which he is finally denied benefits, and any benefits paid to the claimant which were not in accordance with the final decision shall be refunded by the claimant to the Commission or in the discretion of the Commission shall be deducted from future benefits payable to him under this Act.

[See Compact Edition, Volume 4 for text of (c) to (e)]

(f) Procedure: The manner in which disputed claims shall be presented, the reports thereon required from the claimant and from employers, or other individuals or organizations, and the conduct of hearings and appeals shall be in accordance with rules or regulations prescribed by the Commission for determining the rights of the parties. A full and complete record shall be kept of all proceedings in connection with a disputed claim and all testimony at any hearing upon a disputed claim shall be recorded.

Art. 5221b-4a. Extended Benefits

(a) Definitions: As used in this Section, unless the context clearly requires otherwise:

[See Compact Edition, Volume 4 for text of (a)(1)]

(2) There is a national "on" indicator for a week if, for the period consisting of that week and the immediately preceding twelve (12) weeks, the rate of insured unemployment (seasonally adjusted) for all states equaled or exceeded four and five-tenths percent (4.5%). The rate of insured unemployment, for the purposes of this subsection, shall be determined by the Secretary of Labor by reference to the average monthly covered employment for the first four (4) of the most recent six (6) calendar quarters ending before the close of that period.

(3) There is a national "off" indicator for a week if, for the period consisting of that week and the immediately preceding twelve (12) weeks, the rate of insured unemployment (seasonally adjusted) for all states was less than four and five-tenths percent (4.5%). The rate of insured unemployment, for the purposes of this subsection, shall be determined by the Secretary of Labor by reference to the average monthly covered employment for the first four (4) of the most recent six (6) calendar quarters ending before the close of that period.

[See Compact Edition, Volume 5 for text of (a)(4)]

(5) There is a State "off" indicator for this State for a week if the Commission determines, in accordance with the regulations of the United States Secretary of Labor, that, for the period consisting of such week and the immediately preceding twelve (12) weeks, either paragraph (A) or (B) of subdivision (4) is not satisfied. Provided that with respect to benefits for weeks of unemployment beginning after December 31, 1977, the determination of whether there has been a State "on" or "off" indicator beginning or ending any extended benefit period shall be made under this section as if subdivision (4) did not contain paragraph (A) thereof, and as if the figure "four" (4) contained in paragraph (B) thereof were "five" (5); except that, notwithstanding any other provision of this Section, any week for which there would otherwise be a State "on" indicator shall continue to be such a week and shall not be determined to be a week for which there is a State "off" indicator.

(10) "Exhaustee" means an individual who, with respect to any benefit period of unemployment in his eligibility period:

(A) has received, prior to such benefit period, all of the regular benefits that were available to him under this Act or any other state law (including dependents' allowances and benefits payable to federal civilian employees and ex-servicemen under 5 U.S.C. Chapter 85) in his current benefit year that includes such benefit period;

Provided, that, for the purposes of this subparagraph, an individual shall be deemed to have received all of the regular benefits that were available to him although, as a result of a pending appeal with respect to wage credits that were not considered in the original monetary determination in his benefit year, he may subsequently be determined to be entitled to added regular benefits, or

(B) had a benefit year that expired prior to such benefit period and has no, or insufficient, wage credits on the basis of which he could establish a new benefit year that would include such benefit period; and

(C)(i) has no right to unemployment benefits or allowances, as the case may be, under the Railroad Unemployment Insurance Act, the Trade Expansion Act of 1962, the Automotive Products Trade Act of 1965, or such other federal laws as are specified in regulations issued by the United States Secretary of Labor, and

(ii) has not received and is not seeking unemployment benefits under the unemployment compensation law of Canada; but if he is seeking such benefits and the appropriate agency finally determines that he is not entitled to benefits under such law, he is considered an exhaustee.

Sections 2 and 3 of Acts 1975, 64th Leg., p. 1, ch. 1, provided:

"Sec. 2. All laws or parts of laws in conflict herewith, insofar as they do conflict herewith, are hereby repealed, but such repeal shall in no way be construed as forfeiting or waiving any rights of the State of Texas or of the Texas Employment Commission which have accrued thereunder.

Sec. 3. "If any word, phrase, sentence, paragraph, subsection, or section of this Act shall be held invalid or unconstitutional, such holding shall not invalidate any other word, phrase, sentence, paragraph, subsection, or section hereof, and the legislature hereby expressly declares that it would have passed such remaining words, phrases, sentences, paragraphs, subsections, and sections despite such invalidity."

Art. 5221b-5. Contributions

(a) Payment: Contributions shall accrue and become payable by each employer for each calendar year, or portion thereof, in which he is subject to this Act, with respect to wages for employment paid during such calendar year, or portion thereof. Such contributions shall become due and be paid by each employer to the Commission for the fund in accordance with such rules or regulations as the Commission may prescribe, and shall not be deducted in

whole or in part from the wages of individuals in such employer's employ. For agricultural employers subject to this Act, the Commission may require estimated contributions quarterly, but shall require a full report only once each year.

(c) Experience rating:

[See Compact Edition, Volume 4 for text of (c)(1) and (2)(A)]

(2)(B) To each employer to whom notice of an initial claim has not already been mailed under subsection 6(b) of this Act,² and whose account is potentially chargeable with benefits as the result of such initial claim and payment of benefits, a notice of his maximum potential chargebacks shall be mailed when benefits are first paid and an opportunity afforded for protest of his potential chargebacks. If any such employer desires to protest his potential chargebacks, he shall, within twelve (12) days after such notice was mailed to him, mail his protest, including a statement of the facts upon which his protest is based, to the Commission at Austin, Texas. Any employer who does not protest his potential chargebacks within twelve (12) days after notice was mailed to him shall be deemed to have waived his right to protest such chargebacks. If a timely protest is filed, the examiner shall promptly decide the issues involved in such protest and shall mail a notice of his decision thereon to the protesting employer. Such decision shall become final twelve (12) days from the date of mailing thereof, unless such employer mails to the Commission at Austin, Texas, a written appeal therefrom within such twelve (12) days. Administrative review hereunder shall be in accordance with Commission rules or regulations, and appeals to the Courts shall be permitted only after such employer has exhausted his administrative remedies (not including a motion for rehearing) before the Commission, and within the time prescribed by subsection 6(h) and subsection 6(i) of this Act³ with respect to Commission decisions on benefits. Venue and jurisdiction of appeals to the Courts with respect to chargebacks shall be the same as venue and jurisdiction of suits to collect contributions and penalties under this Act.

If notice of the claim has been sent previously to the employer under the provisions of Section 6 of this Act,⁴ the employer shall be mailed a notice of the amount of his potential chargeback resulting from the claim, and may, within twelve (12) days from the date such notice was mailed, protest any clerical or machine error as to amounts. Such employer shall be mailed a decision on such protest and may appeal within twelve (12) days from the date notice of such decision was mailed to him.

(5) The replenishment ratio for a calendar year is a quotient, stated to the nearest hundredth, derived from the following numerator and denominator.

The numerator of the replenishment ratio shall be the amount of benefits paid from the Unemployment Compensation Fund during the twelve (12) months ending September 30 of the preceding year after deductions have been made for:

- (A) benefit warrants canceled,
- (B) repayment of benefits which have been overpaid, and
- (C) benefits paid which are repayable from reimbursing employers, the federal government, or any other governmental entity.

The denominator of the replenishment ratio shall be the total amount of chargebacks to the accounts of all taxed employers during the twelve (12) months ending September 30, of the preceding year.

The replenishment ratio for each calendar year shall be determined prior to the due date of the first contribution payment with respect to wages for employment paid in that year and such replenishment ratio thus determined shall not be affected or revised by virtue of any subsequent adjustment of any chargebacks of any employer.

Art. 5221b-5a. Reimbursements

[See Compact Edition, Volume 4 for text of (a) to (h)]

(i) Authority to Terminate Elections: If any reimbursing employer is delinquent in making reimbursements as provided under this Section, the Commission may terminate such reimbursing employer's election to make reimbursements as of the beginning of the next taxable year and such termination shall be effective for that and the succeeding taxable year.

(j) Bond: In the discretion of the Commission, any reimbursing employer (or group of such employers) that elects to become liable for reimbursements may be required to execute and file with the Commission a surety bond approved by the Commission. The amount of such bond shall be determined in accord-

ance with rules prescribed by the Commission. The Commission may require adjustments to be made in a previously filed bond if it deems such action appropriate. Failure by any reimbursing employer covered by such bond to pay the full amount of reimbursements when due, together with any applicable interest and penalties provided for under this Act, shall render the surety liable on such bond to the extent of the bond, as though the surety was such employer. If any reimbursing employer fails to make bond when directed to do so by the Commission, the Commission may terminate such employer's election to make reimbursements as of the beginning of the next taxable year and such termination shall be effective for that and the succeeding taxable year.

[See Compact Edition, Volume 5 for text of (k) and (l)]

(m) Notwithstanding any other provision in this Act, with respect to benefits paid for weeks of unemployment beginning after December 31, 1978, if the reimbursing employer is a state or political subdivision thereof, or any instrumentality of any one (1) or more of the foregoing which is wholly owned by one (1) or more states or political subdivisions, that employer shall pay one hundred percent (100%) of the extended benefits based on benefit wage credits earned from that employer instead of one-half (½) or fifty percent (50%) as indicated for other employers covered under this Act.

Art. 5221b-5b. Special Contributions for Governmental Employers

(a) Notwithstanding any provision in this Act to the contrary, after December 31, 1977, a governmental employer subject to the provisions of this Act and which pays contributions shall pay in accordance with the following.

(b) Contributions:

(1) Payments: Contributions shall accrue and become payable by each governmental employer for each calendar year, or portion thereof, in which it is subject to this Act with respect to wages for employment paid during the calendar year or portion thereof. The contributions shall become due and be paid by each such employer to the Commission for the fund in accordance with rules prescribed by the Commission and shall not be deducted in whole or in part from the wages of individuals in the employer's employ.

(2) Rate of Contributions: Each governmental employer shall pay contributions equal to one percent (1%) of the wages paid by the employer with respect to employment during each quarter for calendar years 1978 and 1979. The contribution

rate for calendar year 1980 shall be a percentage adjusted to the next higher one-tenth of one percent ($\frac{1}{10}$ of 1%) based on the following numerator and denominator: The numerator shall include all benefits paid during the preceding two (2) calendar years based on wage credits earned from employers which pay contributions under this Section (not including benefit payments which are reimbursable from any other source), and the denominator shall include the total wages paid by all employers which pay contributions under this Section for the same period. The contribution rate for calendar year 1981 and each calendar year thereafter shall be derived in the same manner as for calendar year 1980, except the numerator and denominator shall include benefit payments and wages paid by the employers for only the one calendar year prior to the calendar year for which the rate is computed.

Provided, if the total benefits paid during the period used for determining the rate are greater than the total contributions paid by these same employers for the same period, the amount of benefits paid in excess of the amount of contributions collected for the period shall be added to the numerator in determining the contribution rate, and if the amount of benefits paid for the period is less than the contributions paid by these employers for the same period, that amount shall be deducted from the numerator in computing the rate; provided that in no year shall the contribution rate under this Section be less than one-tenth of one percent ($\frac{1}{10}$ of 1%).

(3) Interest and Penalties on Past Due Contributions: If any governmental employer shall fail to pay contributions due under this Section on the date on which they are due and payable as prescribed by the Commission, the employer shall be subject to the same penalties as provided for other employers under subsection 14(a) of this Act.¹

(c) Collections:

(1) The provisions for collecting delinquent contributions provided under Section 14 of this Act² shall be applicable with respect to governmental employers.

(2) If any governmental employer is delinquent in payment of contributions or reimbursements under any section of this Act, the Commission shall notify the Comptroller of Public Accounts in writing of the name of the governmental employer and the amount of the delinquency. On receipt of this notice, the Comptroller shall pay a sum to the Commission in the amount of the delinquency from any funds which would otherwise be due from the State to the delinquent governmental employer.

(d) Reports: Each governmental employer shall keep such records and file such reports with the

Commission with respect to individuals in its employment as the Commission may prescribe by rules. A governmental employer failing to keep or file these reports when due shall be subject to the same penalties as provided for other employers under subsection 14(c) of this Act.³

(e) Separate Accounting: Benefit payments based on wages from employers under this Section shall be paid from the fund; provided the Commission shall establish separate accounting with respect to benefits paid and contributions collected under this Section and these benefits and contributions shall not be used in determining contribution rates under Section 7 of this Act.⁴

Art. 5221b-22a. Unemployment Compensation Special Administration Fund

There is hereby established as a special fund, separate and apart from all public moneys or funds of this State, an Unemployment Compensation Special Administration Fund which may be used by the Commission for the purposes of paying costs of the administration of this Act including the costs of reimbursing the Unemployment Compensation Benefit Accounts for unemployment compensation benefits paid to former employees of the State of Texas which are based on service for the state, and the costs of construction and purchase of buildings and land necessary in such administration. The State Treasurer shall be the Treasurer and custodian of the fund. He shall administer such fund in accordance with the directions of the Commission, and the Comptroller shall issue warrants upon it in accordance with the directions of the Commission. All interest and penalties collected under the provisions of this Act and all moneys now on deposit in the Unemployment Compensation Special Administration Fund shall be paid into this fund. Said moneys shall not be expended or available for expenditure in any manner which would permit their substitution

for (or a corresponding reduction in) Federal funds which would, in the absence of said moneys, be available to finance expenditures for the administration of the Texas Unemployment Compensation Act. Nothing in this Section, however, shall prevent said moneys from being used as a revolving fund, to cover expenditures, necessary and proper under the Texas Unemployment Compensation Act, for which Federal funds have been duly requested but not yet received, subject to the charging of such expenditures against such funds when received. The Commission may, by resolution duly entered in its Minutes, authorize to be charged against said moneys any expenditures which it deems proper in the interest of good administration of this Act, provided the Commission in such resolution finds that no other funds are available or can properly be used to finance such expenditures. All moneys which are deposited or paid into the Unemployment Compensation Special Administration Fund may be expended in accordance with the provisions of this Act, upon appropriation by the legislature, and shall not lapse at any time or be transferred to any other fund. All moneys in the Unemployment Compensation Special Administration Fund shall be deposited, administered, and disbursed in the same manner and under the same conditions and requirements as is provided by law for other special funds. The State Treasurer shall be liable on his official bond for the faithful performance of his duties in connection with the Unemployment Compensation Special Administration Fund provided herein. Such liability on the official bond shall be effective immediately upon the enactment of this provision, and such liability shall exist in addition to any liability upon any separate bond existent on the effective date of this provision, or which may be given in the future. All sums recovered on any Surety Bond for losses sustained by the Unemployment Compensation Special Administration Fund shall be deposited in said Unemployment Compensation Special Administration Fund. If it be determined by the Commission in accordance with the provisions of subsection 14(j) of this Act that the Commission should refund penalties which have been erroneously collected and which have been deposited in the Unemployment Compensation Special Administration Fund, the refund of such penalties shall be made, without interest, out of the Unemployment Compensation Special Administration Fund, notwithstanding the provisions of subsection 14(j) of this Act¹ that payment of all refunds shall be made out of the Unemployment Compensation Fund. Such refunds paid out of the Unemployment Compensation Special Administration Fund shall be paid upon warrants issued by the Comptroller under the direction of the Commission.

If any inspection authorized hereunder shall show the inspected boiler to be in an unsafe or dangerous condition, the Chief Inspector or any Deputy Inspector shall issue a preliminary order requiring such repairs and alterations to be made to such boiler as may be necessary to render it safe for use, and may also order the use of such boiler discontinued until such repairs and alterations are made or such dangerous and unsafe conditions are remedied. Unless such preliminary order be complied with by the owner or user, a hearing before the Commissioner shall be allowed, upon written request, at which the

owner or user, making the request, shall have opportunity to appear and show cause why the preliminary order should not be complied with. If it shall thereafter appear to the Commissioner that such boiler is unsafe and that the requirements contained in said preliminary order should be complied with, or that other things should be done to make said boiler safe, the Commissioner may order or confirm the withholding of the Certificate of Operation for said boiler and may make such requirements as may be deemed proper for the repair or alteration of said boiler or the correction of such dangerous and unsafe conditions. The Chief Inspector may issue a temporary Certificate of Operation for a period not to exceed thirty (30) days, pending the completion of replacements or repairs. Nothing in this Section shall be construed to limit the authority of the Commissioner as set forth in Section 6 of this Act. Any boiler which cannot be rendered safe for use shall be condemned and the use of such boiler shall be prohibited.

Interval Between Internal Inspections

Sec. 4a. Upon the approval of the Commissioner and the inspection agency having jurisdiction, the interval between internal inspections may be extended to a period not to exceed twenty-four (24) months for power boilers and forty-eight (48) months for waste heat boilers and for other unfired steam boilers using heat resulting from the operation of a process system, the interval may be extended to the next scheduled down time, but not to exceed 60 months provided: (1) continuous water treatment under competent and experienced supervision has been in effect since the last internal inspection for the purpose of controlling and limiting corrosion and deposits; (2) accurate and complete records are available showing that since the last internal inspection samples of boiler water have been taken or monitored at regular intervals not greater than twenty-four (24) hours of operation and that the water condition in the boiler is satisfactorily controlled; (3) accurate and complete records are available showing the dates such boiler has been out of service and the reasons therefor since the last internal inspection, and such records shall include the nature of all repairs to the boiler, the reasons why such repairs were made; and (4) the last internal and current external inspection of the boiler indicates the inspection period may be safely extended. When such an extended period between internal inspections has been approved by the Commissioner and the inspection agency having jurisdiction, as outlined in this Section, a new Certificate of Operation shall be issued for that extended period of operation.

Sec. 4b. Intervals of inspection for Nuclear Boilers shall be as established by the Commissioner and the owner.

Sec. 5. Every insurance company authorized to insure and inspect boilers in this State shall, within thirty (30) days after a certificate inspection file a report with the Commissioner stating the condition of the boiler. The report shall also include the location of the boiler, date inspected, and the name of the inspector.

Any boiler inspected by an authorized inspector shall be exempt from other inspections and inspection fees under the provisions of this Act; provided nothing in this Section shall prevent the Commissioner from authorizing the inspection of any boiler at any reasonable time when, in the opinion of the Commissioner, such boiler may be in an unsafe condition. The Commissioner shall contact the insurance company carrying insurance on the boiler and request the authorized inspector to participate with the Chief Inspector or Deputy Inspector to jointly inspect the boiler, within twenty (20) days. No additional charge shall be made for this inspection.

The Commissioner is authorized to issue a Certificate of Operation to the owner or user of all boilers subject to inspection under this Act. The owner or user shall remit to the Texas Department of Labor and Standards the sum of Five Dollars (\$5) for each Certificate of Operation to be issued. This fee is included in the internal and external inspection fee authorized in Section 11 of this Act.

Every insurance company shall notify the Commissioner in writing of the cancellation or expiration of every policy of insurance issued by it with reference to boilers in this State, within twenty (20) days after the expiration or cancellation of said policy, giving the cause or reason for such cancellation or expiration. Such notice of cancellation or expiration shall show the date of the policy and the date when the cancellation or expiration has or will become effective.

Rules and Regulations; Special Inspection Service; Exchange of Information

Sec. 6. The Commissioner is hereby authorized and empowered to promulgate and enforce a code of rules and regulations in keeping with standard usage, for the construction, inspection, installation, use, maintenance, repair, alteration, and operation of boilers. The Commissioner may adopt rules and regulations to provide inspection procedures for use of nondestructive examination equipment to comply with the inspection requirements specified in Section

4 of this Act. The Commissioner is empowered to provide special inspection service to owner-users and manufacturers including surveys required for certification to construct, assemble or repair boilers or pressure vessels. Provided that the Commissioner or any employee of the Department, shall not have authority to prescribe the make, brand or kind of boilers to buy or purchase.

The Commissioner may exchange information and experience data with other authorities having boiler inspection divisions or departments in assembling data for the promulgation of rules and regulations authorized under the provisions of this Act.

Prior to the adoption, amendment, or repeal of any rules, the Commissioner shall give at least 30 days' notice of the intended action. Notice of the proposed rule shall be filed with the secretary of state and published by the secretary of state in the Texas Register. The notice must include:

- (1) a brief explanation of the proposed rule;
- (2) the text of the proposed rule prepared in a manner to indicate the words to be added or deleted from the current text, if any;
- (3) a statement of the statutory or other authority under which the rule is proposed to be promulgated;
- (4) a request for comments on the proposed rule from any interested person; and
- (5) any other statement required by law.

Each notice of a proposed rule becomes effective as legal notice when published in the Texas Register. The notice shall be mailed to all persons who have made timely written requests of the Commissioner for advance notice of the rulemaking proceedings. However, failure to mail the notice does not invalidate any actions taken or rules adopted.

Prior to the adoption of any rule, the Commissioner shall afford all interested persons reasonable opportunity to submit data, views, or arguments, orally or in writing. In the case of substantive rules, opportunity for public hearing must be granted if requested by at least 25 persons or by any association having at least 25 members. The Commissioner shall consider fully all written and oral submissions concerning the proposed rule. On adoption of a rule, the Commissioner if requested to do so by an interested person either prior to adoption or within 30 days after adoption, shall issue a concise statement of the principal reasons for and against its adoption, incorporating in the statement its reasons for overruling the considerations urged against its adoption.

If the Commissioner finds that an imminent peril to the public health, safety, or welfare requires adoption of a rule on fewer than 30 days' notice and states in writing his reasons for that finding, he may proceed without prior notice or hearing or on any

abbreviated notice and hearing that he finds practicable to adopt an emergency rule. The rule may be effective for a period of not longer than 120 days renewable once for a period not exceeding 60 days, but the adoption of an identical rule under the provisions of this section is not precluded. An emergency rule adopted under these provisions and the Commissioner's written reasons for the adoption, shall be filed in the office of the secretary of state for publication in the Texas Register.

No rule adopted is valid unless adopted in substantial compliance with this section and the provisions of the Administrative Procedure and Texas Register Act.¹

Art. 5221f. Manufactured Housing Standards Act

Short Title

Sec. 1. This Act may be cited as the Texas Manufactured Housing Standards Act.

Purpose

Sec. 2. The legislature finds that there is a growing need to provide the citizens of the state with safe, affordable, and well-constructed housing. The legislature finds that manufactured housing has become a primary housing source of many of the state's citizens. It is the specific intent of the legislature to encourage the construction of housing for the state's citizens and to improve the general welfare and safety of purchasers of manufactured housing in this state. The legislature finds that existing statutes and regulations are not adequate to provide for the full protection of the consumer and to prevent certain discriminations that exist in the state with regard to manufactured housing. The legislature finds that it is the responsibility of the state to provide for the protection of its citizens who desire to purchase housing by imposing certain regulations on the construction and installation, to provide economic stability of manufactured housing manufacturers, retailers, installers, and brokers, and to provide fair and effective consumer remedies. In recognition of these findings, the legislature deems it necessary to expand various regulatory powers to deal with these problems. The legislature finds this to be the most economical and efficient means of dealing with this problem and serving the public interest. Accordingly, this Act shall be liberally

construed and applied to promote its underlying policies and purposes.

(c) Before the sale of a manufactured home to a consumer and before its installation, it is unlawful for any manufacturer, retailer, broker, or installer to make any alteration on a manufactured home to which a seal, label, or decal has been affixed or cause such an alteration to be made, unless prior written approval has been obtained from the department.

The department shall make and enforce rules and regulations reasonably required to effectuate the notification and correction procedures provided in Section 615 of the National Mobile Home Construction and Safety Standards Act of 1974.¹

(c) The department shall adopt rules and regulations, promulgate administrative orders, and take all actions necessary to comply with the provisions of the National Mobile Home Construction and Safety Standards Act of 1974 and to provide for the effective enforcement of all mobile home construction and safety standards in order to have its state plan approved by the secretary of the United States Department of Housing and Urban Development.

(d) At least 30 days before the adoption or promulgation of any change in or addition to the rules and regulations authorized in Subsections (b) and (c) of this section, the department shall publish in the Texas Register a notice including:

(1) a copy of the proposed changes and additions; and

(2) the time and place that the department will consider any objections to the proposed changes and additions.

(e) After giving the notice required by Subsection (d) of this section, the department shall afford interested persons an opportunity to participate in the rule-making through submission of written data, views, or arguments with or without opportunity to present the same orally on any matter.

(f) Every rule or regulation or modification, amendment, or repeal of a rule or regulation adopted by the department shall state the date it shall take effect.

(g) Immediately after their promulgation, the department shall publish in the Texas Register all rules and regulations or amendments thereto.

(h) The department through its authorized representatives is authorized to enter at reasonable times and without advance notice any factory, warehouse, establishment, or location of a registrant to make any inspections that are reasonably required to determine whether a registrant is in compliance with this Act and the rules, regulations, and administrative orders promulgated under this Act.

(i) The department is authorized to inspect, at reasonable times and within reasonable limits and in a reasonable manner, any such factory, warehouse, or establishment, and to inspect such books, papers, records, plans, and documents as may reasonably be required. Each such inspection shall be commenced and completed with reasonable promptness.

(j) The department may employ state inspectors to carry out the functions required of the department pursuant to this Act, to effectuate the provisions of this Act, and to enforce the rules, regulations, and administrative orders promulgated pursuant to this Act. The department may authorize state inspectors to travel inside or outside of the state to inspect manufacturing facilities in connection with the enforcement of this Act.

(k) The department may contract with any federal agency or any agency or political subdivision of any state for the performance of any inspections or inspection programs pursuant to this Act or the rules and regulations of the department to assure that manufactured homes sold or installed in the state comply with the Texas Manufactured Housing Standards Code.

(l) The department may enter into contracts with the Department of Housing and Urban Development or its designees to monitor the Department of Housing and Urban Development programs.

(m) When necessary or required by law, the department may obtain inspection search warrants.

Sec. 10. Repealed by Acts 1979, 66th Leg., p. 1417, ch. 625, § 18, eff. Sept. 1, 1979.

Sec. 11. (a) There shall be a fee of \$15 for the inspection of the installation of mobile homes which shall be paid by the installer of the mobile home. Said fee shall be paid to the state and shall accompany notification to the department of the exact location of the mobile home. The department shall make fee distributions to local governmental subdivisions performing inspections pursuant to contracts or other official designations.

(b) Looking for guidance to the rules and regulations promulgated under Title VI of the Housing and Community Development Act of 1974¹ and to that Act itself, the commissioner shall set fees for the following functions:

(1) There shall be a schedule of fees for the review of mobile home blueprints and supporting data when the department acts as a Design Approval Primary Inspection Agency. This fee shall be paid by the manufacturer seeking approval.

(2) There shall be an inspection fee on all mobile homes manufactured or assembled within the State of Texas. This fee shall be paid by the manufacturer of the home. The manufacturer shall also be charged for the actual cost of travel for representatives of the department to and from the manufacturing facility.

(3) The fees in Subsections (1) and (2) shall not be applicable when an accepted inspection agency authorized by the Department of Housing and Urban Development, other than the department, acts as the Design Approval Primary Inspection Agency or the In-Plant Inspection Agency.

(4) There shall be a fee for inspection of used mobile homes at retailer locations to check compliance with the code and to determine if the mobile home has been damaged in transit. This fee shall be paid by the retailer in possession of the mobile homes at the time the inspection was made. For any given mobile home at a retailer location, this fee may not be assessed more than one time.

(5) There shall be a fee charged on an hourly basis for inspection of alterations made upon the structure, plumbing, heating, or electrical systems of mobile homes. This fee shall be paid by the person making the alteration. The person shall also be charged for the actual cost of travel for representatives of the department to and from the place of inspection.

(6) There shall be a fee for the issuance of seals for used mobile homes which shall be paid by the retailer or broker.

(c) The installer of a modular home shall pay to the state a fee set by the commissioner for the inspection of the installation of the modular home.

¹ 42 U.S.C.A. § 5414.

Before installation the installer shall notify the department of the exact location of the modular home and shall pay the fee.

(d) Following a hearing pursuant to the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes), the commissioner shall set fees for the following functions:

(1) a fee paid by the manufacturer for the review of modular home designs, blueprints, and specifications;

(2) an inspection fee paid by the manufacturer for all modular homes manufactured in the state and for all modular homes manufactured outside of the state to be transported to retailers or consumers in the state;

(3) a fee charged on an hourly basis and paid by the person making the alteration for an inspection of the alterations made on a modular home after construction and certification by the manufacturer and before the closing of a sale to the consumer;

(4) annual fees for the issuance and renewal of manufacturers', retailers', brokers', and installers' certificates of registration; and

(5) a fee for the issuance of decals that shall be paid by the manufacturer.

(e) The person required to pay an inspection fee set in accordance with Subsection (d) of this section shall pay the cost of travel to and from the place of the inspection for representatives of the department who make the inspection.

(f) All fees assessed under this Act shall be paid to the State Treasurer and placed in the General Revenue Fund.

(g) The fees charged by the department in effect August 31, 1979, shall remain in effect until the new schedule of fees set forth in this section has been promulgated and adopted.

Sec. 12. [Deleted.]

Security Required

Sec. 13. (a) The department may not issue a certificate of registration, unless the applicant first files a surety bond, a cash deposit, or other security in such form as the commissioner may prescribe and a written irrevocable designation of the commissioner as agent for service of legal process.

(b) If a surety bond is filed, it shall be continuous and remain in effect until cancelled by the surety company with notice as provided by this Act. A cash deposit or other security need not be posted annually so long as the applicable amount specified in this section remains posted. If a claim is made against a cash deposit causing the deposit to be lessened, the depositor has 20 calendar days in which

to deposit additional money or other security so that compliance may be had with the requirements of this section. If the deficit is not eliminated within 20 days, the certificate of registration of the inadequately covered manufacturer, retailer, broker, or installer is immediately suspended. If a bond is cancelled, the certificate of registration is immediately suspended.

(c) If a cash deposit or other security is posted, the interest from said deposit shall go to the depositor.

(d) The bond shall be a surety bond issued by a company authorized to do business in this state and shall be in conformity with the Insurance Code. The cash deposit or other security shall be in such a form as the commissioner may deem appropriate.

(e) The bond, cash deposit, or other security shall be to the state for the use by a consumer, the state, or any political subdivision thereof who secures any judgment against a manufacturer, retailer, broker, installer or salesperson for damages, restitution, or expenses including reasonable attorney's fees resulting from a cause of action connected with the sale, lease-purchase, exchange, brokerage, or installation of a manufactured home, including but not limited to

(1) retention or conversion of money, property, or any other thing of value from consumers in the form of down payments, any sales and use taxes, deposits, or insurance premiums;

(2) failure to deliver proper title documents or certificates of title to consumers;

(3) failure to give or the breach of any manufactured home warranty required by this Act or by the Federal Trade Commission; or

(4) engaging in any false, misleading, or deceptive acts or practices as the term is set forth in and as those acts or practices are declared unlawful by the provisions of Chapter 17, Subchapter E, Business & Commerce Code. The bond or other security shall not be liable for judgments resulting from tort claims, except as expressly set forth hereinabove, nor for any punitive, exemplary, or treble damages. A consumer, the state, or any political subdivision thereof may recover against the principal or surety jointly and severally for such damages, restitution, or expenses; provided, however, that in no event shall a surety or the cash deposit or other security posted under this section be liable for an amount in excess of actual damages, restitution, or expenses, including reasonable attorney's fees. Any judgment obtained against a principal is conclusive against the surety or other security if notice of the filing of suit is given as required by this section. The bond or other security shall be open to successive claims up to the amount of face value of the bond or other

required security. The surety shall not be liable for successive claims in excess of the bond amount, regardless of the number of years the bond remains in force.

(f) A consumer shall inform the manufacturer, retailer, installer, or salesperson, and the department of any claim against the bond or security no later than two years after the purchase of the mobile home. Whenever the department receives notice of the claim against a bond, the department shall promptly notify the bonding company involved. If the consumer claim results in a private lawsuit being filed by the consumer, the consumer shall notify the attorney general's office and the surety company by certified mail of the filing of the lawsuit. At the time of sale or delivery of a manufactured home to a consumer, the consumer must be given conspicuous written notification of this two-year limit and the notice requirements.

(g) Any manufacturer, retailer, broker, or installer who maintains a place of business at one or more locations shall file with the department a separate bond or other security for each location. A manufactured home installed on a permanent foundation system and offered for sale as real estate is not a business location that requires a bond.

(h) A manufacturer shall be bonded, supply a cash deposit or other security in the amount of \$100,000. A retailer shall be bonded, supply a cash deposit, or other security in the amount of \$25,000. A salesperson shall be bonded, supply a cash deposit or other security in the amount of \$2,000. A broker shall be bonded, supply a cash deposit or other security in the amount of \$15,000. An installer shall be bonded, supply a cash deposit or other security in the amount of \$2,000. A retailer holding a valid certificate of registration shall not be required to be bonded or file any security to secure a certificate of registration as a broker or an installer.

(i) The bonding company must provide written notification to the department at least 60 days prior to the cancellation of any bond required by this Act. Any cash deposit or other security on file with the department shall remain on file with the department two years after the person ceases business as a manufacturer, retailer, broker, or installer or salesperson or at such time as the department may determine that no claims exist against the cash deposit or security.

Warranties

Sec. 14. (a) After the effective date of this Act, all new manufactured homes sold to consumers in the state shall be covered by the manufactured home warranty set forth in this section.

(b) The manufactured home warranty provided for in this Act is given by the manufacturer of the manufactured home.

(c) The manufactured home warranty shall be set forth in a separate written document; shall be delivered to the consumer by the retailer at the time the contract of sale is signed; and shall contain, but is not limited to, the following terms:

(1) that the manufactured home complies with the code;

(2) that the warranty shall be in effect for a period of at least one year from date of sale or initial installation, whichever is later;

(3) that the manufactured home and all appliances and other equipment installed and included therein by the manufacturer or retailer are free from defects in materials or workmanship;

(4) that the manufactured home is installed in accordance with all standards, rules, regulations, administrative orders, and requirements of the department;

(5) that the manufacturer or the retailer or both shall take appropriate corrective action within a reasonable period of time in instances of defects in materials or workmanship, or failures to comply with the code;

(6) that the warranty contains the address of the retailer and manufacturer where notices of defects may be given; and

(7) that the purchaser shall notify either the manufacturer or the retailer or both in writing of the need for appropriate corrective action in instances of defects in materials or workmanship or in failures to comply with the code.

(d) The manufacturer and retailer are jointly and severally liable to the consumer for the fulfillment of the manufactured home warranty.

(e) For all installations not covered by the warranty as set forth in Subsection (c) of this section, the installer shall give each manufactured home owner a written warranty that the installation of the home was done in accordance with all standards, requirements, rules, regulations, and administrative orders of the department.

Sec. 15. Repealed by Acts 1979, 66th Leg., p. 1417, ch. 625, § 18, eff. Sept. 1, 1979.

Penalties

Sec. 17. (a) A person, individual, or director, officer, or agent of a corporation who knowingly and willfully violates a provision of this Act or any rule, regulation, or administrative order of the department in a manner that threatens the health or safety of any purchaser or consumer commits a misdemeanor and on conviction shall be fined not more than \$1,000 or shall be confined in the county jail not longer than one year or both.

(b) Any person who violates any provision of this Act or the rules and regulations of the department may be assessed a civil penalty to be paid to the State of Texas in an amount not to exceed \$1,000 for each such violation as the court may deem proper, except that the maximum civil penalty may not exceed \$1,000,000 for any related series of violations occurring within one year from the date of the first violation.

(c) Whenever it appears that any person has violated or is threatening to violate any of the provisions of this Act or of the rules, regulations, and administrative orders of the department, either the attorney general or the department may cause a civil suit to be instituted either for injunctive relief to restrain the person from continuing the violation or threat of violation or for the assessment and recovery of the civil penalty or for both.

(d) Failure by a manufacturer or retailer to comply with the warranty provisions of this Act or any implied warranties or the violation of any provision of this Act by any person is a deceptive trade practice in addition to those practices delineated in Chapter 17, Subchapter E, Business & Commerce Code¹ and is actionable pursuant to said subchapter. As such, the venue provisions and all remedies available in said subchapter apply to and are cumulative of the remedies in this Act.

¹ Business and Commerce Code, § 17.41 et seq.

Miscellaneous Provisions

Sec. 18. (a) Any waiver by a consumer of the provisions of this Act is contrary to public policy and is unenforceable and void.

(b) No provision of this Act shall exclude any other remedy available at law or equity to the consumer.

(c) If any provision of this Act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of this Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable.

(d) If a retailer, broker, or installer does not possess a valid certificate of registration at the time of entering into any contract with a consumer, the contract between the consumer and the retailer, broker, or installer is voidable at the option of the consumer.

(e) Nothing in this Act shall be construed to modify or amend any provisions of The Real Estate License Act (Article 6573a, Vernon's Texas Civil Statutes).

(f) Notwithstanding any provisions of any other statute, regulation, or ordinance to the contrary, an installer is not required to secure any permit, certifi-

cate, or license or pay any fee for the transportation of manufactured housing to the place where it is to be installed except as required by the department or the State Department of Highways and Public Transportation. The State Department of Highways and Public Transportation shall cooperate with the department in the routing of the transportation of housing and shall not issue any permits for the transportation of manufactured housing except to persons holding valid certificates of registration issued by the department.

TITLE 84

LANDLORD AND TENANT

Article

5236f. Rights and Duties of Landlord and Tenant.

Art. 5236f. Rights and Duties of Landlord and Tenant

Definitions

Sec. 1. In this Act:

(a) "Landlord" means the owner, lessor, or sublessor of a residential rental unit. A managing agent, leasing agent, or resident manager shall be considered the agent of the landlord for purposes of notice and other communications required or allowed under this Act. Otherwise, a managing agent, leasing agent, or resident manager shall be considered a landlord under this Act only if such agent purports to be the owner or lessor in the rental agreement.

(b) "Tenant" means any person entitled under a rental agreement to occupy a residential rental unit to the exclusion of others.

(c) "Premises" means a residential rental unit and the appurtenances, grounds, and facilities held out for the use of the tenants generally, and any other area or facility the use of which is provided to the tenant in the rental agreement.

(d) "Rental agreement" means any agreement, written or oral, which establishes or modifies the terms, conditions, rules, regulations, or any other provisions regarding the use and occupancy of a residential rental unit, including any rental agreement as modified or changed pursuant to the provisions of Section 6(b) of this Act.

(e) "Normal wear and tear" means that deterioration which occurs, based upon the use for which the rental unit is intended, without negligence, carelessness, accident, or abuse of the premises or equipment or chattels by the tenant or members of his household, or his invitees or guests. Provided, however, "accident" shall not include breakage or malfunction due to age or deteriorated condition.

Landlord's Duty to Repair Certain Conditions

Sec. 2. (a) The landlord shall have a duty upon actual notice as provided herein, to make a diligent effort to repair or remedy any condition which materially affects the physical health or safety of an ordinary tenant.

(b) The landlord shall not have a duty to repair or remedy any condition which is caused by the tenant or the tenant's family, guests, or invitees during the term of the rental agreement or any renewal or extension period. The foregoing shall not relieve the landlord from a duty to repair a condition which was caused by normal wear and tear and which also materially affects the physical health or safety of an ordinary tenant.

(c) This Act shall not require a landlord to furnish utilities from a utility company if, as a practical matter, the utility lines of the utility company are not reasonably available. This Act shall not require a landlord to furnish security guards for the premises. This Act shall not extend to breakages, malfunctions, or other conditions which do not materially affect the health or safety of an ordinary tenant.

Landlord's Failure to Repair: Prerequisites for Statutory Remedies

Sec. 3. The tenant shall be entitled to all of the rights and remedies set forth in this Act if all of the following have occurred:

(a) the tenant has given notice to the person or place where rent is normally paid, specifying such condition. Written notice may be required only if such requirement is contained in a written rental agreement;

(b) the tenant was not delinquent in payment of rent under the rental agreement, as defined in Section 1(d), or any portion thereof at the time of notice of the condition to the landlord;

(c) the condition materially affects the physical health or safety of an ordinary tenant;

(d) the landlord has failed to make a diligent effort to repair or remedy the condition;

(e) the landlord has had a reasonable time, after receipt of notice as provided above, to repair or remedy the condition, considering the nature of the problem and the reasonable availability of material, labor, and utilities from a utility company.

In any judicial action for enforcement of rights and remedies which are conditioned on the above requirements, the tenant shall have the burden of proof. Provided, however, the landlord shall have the burden to prove that the landlord made a diligent effort to repair and that a reasonable time for repair did not elapse if the landlord fails to provide a written explanation of the reasons for delay within

five days after receipt of written demand from the tenant for such explanation.

Fire or Casualty Loss

Sec. 4. (a) Where the condition is the result of an insured casualty loss such as fire, smoke, hail, explosion, or similar cause, the time period for repair shall not commence until insurance proceeds are received by the landlord.

(b) If the rental premises are as a practical matter totally unusable for residential purposes after a casualty loss, and if the casualty loss is not due to the negligence or fault of the tenant or the tenant's family, guests, or invitees, either landlord or tenant may terminate the rental agreement at any time prior to completion of repairs by giving written notice to the other. In such event, the tenant shall only be entitled to a pro rata refund of rent from date of move-out and a refund of any security deposit as required by law.

(c) If the rental premises are partially unusable for residential purposes after a casualty loss, and if the casualty loss is not due to the negligence or fault of the tenant or the tenant's family, guest, or invitees, a tenant occupying the premises shall have a right of partial rent reduction only upon application by the tenant to the county or district court; provided, however, a landlord and tenant may agree otherwise in the written rental agreement. Any partial rent reduction shall be in relation to the extent of unusability of the premises due to the casualty.

Nonjudicial Remedy for the Tenant

Sec. 5. (a) The tenant shall have the right to terminate the rental agreement if:

(1) all the events in Sections 3(a), (b), (c), (d), and (e) have occurred; and

(2) after the lapse of a reasonable time for repair as set forth in Section 3(e), the tenant has given the landlord written notice that the tenant will terminate the rental agreement unless the condition is repaired or remedied within seven days.

(b) In the event of termination of the rental agreement by the tenant under this section and delivery of possession to the landlord, the tenant shall be entitled to a pro rata refund of rent from date of termination or move-out (whichever occurs later) and a refund of any security deposit as required by law. Termination of the rental agreement by the tenant shall preclude the remedies of Sections 6(a) and (b) of this Act.

Judicial Remedies for the Tenant

Sec. 6. The tenant shall have the right to recover judgment for any one or more of the remedies as set forth below, provided that all of the events in Sec-

tions 3(a), (b), (c), (d), and (e) have occurred and that the tenant has given the landlord written notice that the tenant will file suit under this Act unless the condition is repaired or remedied within seven days:

(a) a court order directing the landlord to take reasonable action to repair or remedy the condition which materially affects the physical health or safety of an ordinary tenant;

(b) a court order for a partial rent reduction in proportion to the reduction in rental value due to the condition in question until the condition is repaired or remedied;

(c) a court order imposing a civil penalty against the landlord in the amount of one month's rent plus \$100;

(d) a court order awarding actual damages to the tenant; and

(e) a court order assessing against the landlord court costs and attorney's fees pursuant to Section 10 hereof; provided, however, nothing in this Act shall authorize the recovery of attorney's fees for a cause of action for damages of any kind or nature relating to or arising out of personal injuries.

Retaliation by Landlord

Sec. 7. (a) A landlord shall not, within six months from the date of the tenant's repair notice, do any of the following acts in retaliation for the tenant's notice to repair or exercise of remedies for nonrepair of a condition which materially affects the health and safety of the ordinary tenant: (1) filing an eviction proceeding on grounds other than those set forth in Section 7(b) below, (2) depriving the tenant of the use of the premises except where authorized by law, (3) decreasing services to the tenant, or (4) giving the tenant notice of termination of the rental agreement or notice of rent increase, which is effective within six months from the date of such notice. The landlord shall have a defense to a cause of action for retaliation by proving that the landlord's actions were not for purposes of retaliation.

(b) The following shall not constitute retaliation and shall constitute valid grounds for eviction in any event:

(1) where the tenant was delinquent in rent as of the time of the landlord's written notice to vacate or as of the time of the filing of the eviction lawsuit;

(2) where property damage to the premises was intentionally caused by the tenant or the tenant's family, guests, or invitees;

(3) where the tenant or the tenant's family, guest, or invitee has threatened, by word or conduct, the personal safety of the landlord, the landlord's employees or other tenants;

(4) where the tenant has materially breached the rental agreement; provided, however, material breach for purposes of this subsection shall not include holding over except as provided below;

(5) where the tenant has held over after the tenant has given notice of termination of the rental agreement or notice of intent to vacate;

(6) where the tenant has held over after the landlord has given notice of termination of the rental agreement at the end of the rental term, and the landlord's termination notice was prior to receipt of actual notice to repair from the tenant; or

(7) where the tenant has held over and the landlord's notice of termination was motivated by a good faith belief that the tenant or the tenant's family, guests, or invitees may: (i) adversely affect the quiet enjoyment by other tenants or neighbors, or (ii) materially affect the health or safety of the landlord, other tenants, or neighbors, or (iii) cause damage to property of the landlord, other tenants, or neighbors.

(c) The following shall not constitute retaliation under this Act unless prohibited by previous court order under Section 6 hereof: (1) increases in rent pursuant to an escalation clause for utilities, taxes, or insurance in a written rental agreement, and (2) increases in rent or reduction in services which are part of a pattern of rental increases or service reductions for an entire multidwelling project.

(d) If the landlord has retaliated against the tenant in violation of this section, the tenant shall be entitled to recover from the landlord the following: (1) a court order imposing against the landlord a civil penalty of one month's rent plus \$100, (2) a court order against the landlord awarding the tenant reasonable moving costs, and (3) a court order assessing against the landlord court costs and attorney's fees pursuant to Section 10 hereof.

Retaliation by the Tenant

Sec. 8. The landlord shall be entitled to recover from the tenant a civil penalty of one month's rent plus \$100 and attorney's fees as defined in Section 10 hereof if the tenant has, after written notice by the landlord to the tenant of the penalties of this section, withheld payment of any portion of the rent due the landlord in retaliation for an alleged failure by the landlord to repair or remedy a condition of the premises complained of by the tenant. Written notice by the landlord may be in person, by mail, or by delivery to the rental premises.

Forcible Entry and Detainer Suits

Sec. 9. The landlord's failure to repair or remedy a condition pursuant to the provisions of Sections 2 and 3 of this Act shall not be a defense to eviction; however, retaliation by the landlord pursuant to

Section 7 of this Act shall be a defense to eviction and shall entitle the tenant to all other remedies set forth in Section 7.

Attorney's Fees

Sec. 10. Any party who prevails in a lawsuit brought under this Act shall be entitled to recover from the other party reasonable attorney's fees, together with costs of court. Attorney's fees, as referred to in this Act, shall mean attorney's fees in relation to work reasonably expended.

Harassment

Sec. 11. Any tenant or landlord who files or prosecutes a lawsuit under this Act in bad faith or for purposes of harassment shall be liable to the defendant for a civil penalty of one month's rent plus \$100 and attorney's fees as defined in Section 10 hereof.

Closing of the Rental Premises

Sec. 12. (a) Notwithstanding any provision of this Act, the landlord may at any time give written notice by certified mail return receipt requested, to the tenant and to the local health officer and to the local building inspector, if there is one, stating: (1) that the landlord is terminating the rental agreement as soon as legally possible, and (2) that when the tenant moves out, the landlord will immediately either demolish the rental unit or refrain from further use of the rental unit for residential purposes. Reoccupancy and reconnection of utilities shall be allowed only pursuant to Section 12(b) below.

(b) After such notice is received by the tenant and after the tenant moves out, the local health officer and/or building inspector shall not permit further occupancy or utility service by separate meter to the rental unit until such official certifies that there is no condition, known to said official, which materially affects the physical health or safety of an ordinary tenant. The landlord shall not allow reoccupancy or reconnection of utilities by separate meter within six months after the tenant moves out. Nothing herein shall be construed as prohibiting occupancy of other apartments. Nothing in this Act shall be construed as prohibiting occupancy of or utility service by master meter or individual meter to other rental units in an apartment complex which have not been closed down by the landlord pursuant to Section 12(a) of this Act.

(c) If such notice of closing of the rental unit occurs prior to the tenant's repair notice to the landlord, the remedies of this Act shall not apply.

(d) If such notice of closing of the rental unit occurs after the tenant's repair notice to the landlord but before a reasonable time has elapsed for repair by the landlord, only the remedies of Sections 12(f) and (g) shall apply.

(e) If such notice of closing of the rental unit occurs after the tenant's repair notice to the landlord and after a reasonable time has elapsed for repair by the landlord, only the remedies of Sections 6(c), (d), and (e) and Sections 12(f) and (g) shall apply.

(f) In the event a tenant moves out on or before the ending of the rental term after receiving notice as referred to in Section 12(d) and (e) above, the landlord shall pay to the tenant reasonable moving expenses actually incurred and the landlord shall make a pro rata return of rent from date of move-out and a return of any security deposit as required by law.

Before entering upon the duties of his or her office, each member of the board shall take and subscribe to the constitutional oath of office, and the same shall be filed with the secretary of state. All vacancies occurring in the membership of the board shall be filled by appointment by the governor for the unexpired term of the membership in the manner provided by this Act. All appointments made under this Act shall be made without regard to race, creed, sex, religion, or national origin. A member of the board may be appointed to succeed himself or herself, except that no member shall be eligible to serve more than two consecutive terms.

(c) The persons serving on the effective date of this Act as appointed members of the Board of Examiners of Licensed State Land Surveyors and of the State Board of Registration for Public Surveyors plus one public member constitute the initial Texas Board of Land Surveying.

A person who holds office on the effective date of this Act as a member of the State Board of Registration for Public Surveyors holds office as a member of the Texas Board of Land Surveying for the term for which the member was originally appointed. A person who holds office on the effective date of this Act as a member of the Board of Examiners of Licensed State Land Surveyors and whose term as a member of that board would expire December 2, 1980, holds office as a member of the Texas Board of Land Surveying for a term expiring September 6, 1979. The term of office succeeding a board member's term that expires September 6, 1983, expires January 31, 1989. Each succeeding term of office expires January 31 of an odd-numbered year.

Conflict of Interest Provisions for Board Members and Employees

Sec. 7. (a) A member or employee of the board may not be at any time during the member's term in office or the employee's term of employment any of the following:

(1) an executive officer, employee, or paid consultant of a trade or professional association in the regulated profession or industry; or

(2) related within the second degree of affinity or consanguinity to a person who is an executive officer, employee, or paid consultant of a trade or professional association in the regulated profession or industry.

(b) Members of the board, except those members who are licensed or registered under this Act, may not personally have nor be related to persons within the second degree by affinity or third degree by consanguinity who have, except as consumers, financial interests in the practice of public or state land surveying as officers, directors, partners, owners, employees, attorneys, or paid consultants.

(c) Any person who violates this section is ineligible to hold or continue to hold office or a position of employment with the board.

(d) A person who is required to register as a lobbyist under Chapter 422, Acts of the 63rd Legislature, Regular Session, 1973, as amended (Article 6252-9c, Vernon's Texas Civil Statutes), may not serve as a member of the board or act as the general counsel to the board. The general counsel and board members may appear and represent the board at committee hearings and other formal meetings of organs of the legislative or executive departments of government when invited to do so.

Organization and Meetings of the Board

Sec. 8. (a) The first board created under the provisions of this Act shall hold its first meeting within 90 days after the effective date of this legislation and shall elect from its number a vice-chairman, who shall thereafter be elected at the first meeting of the board subsequent to February 10th of each odd-numbered year. An executive secretary shall be appointed by the board to hold office at the pleasure of the board. The secretary shall make and file a bond with the comptroller of public accounts in an amount not less than \$2,500. The premium for the bond

shall be paid out of the "Land Surveying Fund" as provided in this Act. It is the duty of the Texas Board of Land Surveying to hold meetings at least twice each year at such times and places as the board may determine for the purpose of transacting its business and to examine all applicants for registration or licensure as a public surveyor or state land surveyor. Regular meetings of the board shall be held at such times as the board may fix and determine. Special meetings of the board shall be held at such times as the board may fix and determine. Special meetings of the board may be called by the chairman or in his absence from the state or inability to act by the vice-chairman of the board. A majority of the membership of the board constitutes a quorum.

(b) Each member of the board shall be present for at least one-half of the regularly scheduled meetings held each year by the board. The failure of a member to meet this requirement automatically removes the member from the board and creates a vacancy on the board.

(c) The board is subject to the open meetings law, Chapter 271, Acts of the 60th Legislature, Regular Session, 1967, as amended (Article 6252-17, Vernon's Texas Civil Statutes), and the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes).

Powers of the Board

Sec. 9. (a) The board shall have the authority and power to make and enforce all reasonable and necessary rules, regulations, and bylaws not inconsistent with the Texas Constitution, the laws of this state, and this Act for the performance of its duties in administering this Act and for the purpose of establishing standards of conduct and ethics for surveyors registered or licensed under this Act. The board shall not promulgate rules restricting competitive bidding by licensees and shall not promulgate rules restricting advertising by licensees except to the extent necessary to prohibit false, misleading, and deceptive practices. The violation by any registered public surveyor or licensed state land surveyor of any provision of this Act or any rule or regulation of the board is sufficient reason or ground to suspend or revoke the certificate of registration or licensure of the surveyor. In addition to any other action, proceeding, or remedy authorized by law, the Texas Board of Land Surveying has the right to institute an action in its own name in a district court of Travis County against any person, firm or corporation, partnership, or any other group or combination of persons to enjoin a violation of any provision of this Act or any rule or regulation of the board. Either party to such an action may appeal to the appellate court having jurisdiction of the cause. The board shall not be required to give an appeal

bond in any cause under this Act. The attorney general or his assistants shall act as legal advisor to the board and render such legal assistance as shall be necessary. If the appropriate standing committees of both houses of the legislature, acting under Subsection (g) of Section 5 of the Administrative Procedure and Texas Register Act, as added (Article 6252-13a, Vernon's Texas Civil Statutes), transmit to the board statements opposing adoption of a rule under this section, the rule may not take effect, or if the rule has already taken effect, the rule is repealed effective as of the date upon which the board receives the committees' statements.

(b) All rules and regulations promulgated by the State Board of Registration for Public Surveyors and the Board of Examiners of Licensed State Land Surveyors prior to the effective date of this Act shall remain in full force and effect until 180 days from the effective date of this Act or until sooner ratified by the board in the manner provided by the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes).

(c) A roster showing the names and places of business of all licensed state land surveyors and registered public surveyors, the rules and regulations promulgated by the board, and a copy of this Act and any amendments thereto shall be prepared by the secretary of the board during the month of July of each odd-numbered year. Copies of this roster shall be mailed to each person so registered or licensed, placed on file with the secretary of state, and furnished to the public upon request without charge.

(d) The board may adopt rules and regulations creating and providing for the administration of a staggered renewal program for all certificates of registration and licensure issued by it beginning in 1981.

(e) The board shall establish a public information program for the purpose of informing the public regarding the practice and regulation of land surveying in this state, including a standard complaint form, and such information shall be made readily available to the general public and other appropriate agencies of the state. Such program shall also include information designed to inform prospective applicants regarding the qualifications and requirements for registration or licensure under this Act.

(f) The board shall employ an executive secretary to conduct the administrative affairs of the board under the board's direction. The board may also employ or retain such other persons as are necessary for the proper performance of its work under this Act, including services of an investigative nature, and may make expenditures for this purpose. The board is authorized to accept at no cost to the board

such services from private sources. The compensation paid under this Act shall not be in excess of compensation paid for similar work in other state departments.

(g) The board shall arrange for such suitable office space and equipment as it may deem necessary, and the rental for such office space and the cost of such equipment shall be considered administration expenses.

Compensation and Expenses of Board Members

Sec. 10. Members of the board, other than the commissioner, shall receive as compensation the sum of \$25 per day for each day they are actually engaged in official board duties, including time spent in necessary travel, together with all legitimate expenses incurred in the performance of their duties. All per diem and expenses incurred under this Act shall be paid from the "Land Surveying Fund" as provided in this Act. The commissioner shall not receive per diem compensation or actual expenses for the discharge of his duties as a member of the board, except as otherwise provided by law.

Records and Reports

Sec. 11. (a) The board shall keep a record of its proceedings, which is open to public inspection at all reasonable times, and which includes a record of all money received and expended by the board and a register of all applicants for registration or licensure, showing the following:

- (1) the name, age, and residence of each applicant;
- (2) the date of application;
- (3) the place of business of such applicant;
- (4) the applicant's qualifications;
- (5) any reasons for rejection of an application;
- (6) the dates and results of all examinations;
- (7) the date and number of all certificates of registration or licensure issued; and
- (8) such other information as may be deemed necessary by the board.

(b) The board also shall keep a record of all registered professional engineers engaged in public surveying who register with the board, which includes the following:

- (1) the name, age, and residence of all registrants;
- (2) the place of business of the registrant;
- (3) the date and serial number of registration as a professional engineer;
- (4) the date of registration with the board; and
- (5) any other information that may be deemed necessary by the board.

Provisions for the Transfer of Personnel, Property, and Assets

Sec. 12. The personnel employed by the State Board of Registration for Public Surveyors and the records, property, and assets in the custody of the State Board of Registration for Public Surveyors and the Board of Examiners of Licensed State Land Surveyors on the effective date of this Act are hereby transferred to the Texas Board of Land Surveying.

Receipts and Disbursements

Sec. 13. The secretary of the board shall receive and account for all fees received under the provisions of this Act and shall deposit these funds in the State Treasury to the credit of a special fund to be known as the "Land Surveying Fund." At the beginning of each biennium all money then in such fund which is not then appropriated or obligated shall be set over and paid into the General Revenue Fund. This fund shall be paid out only by warrants of the comptroller of public accounts upon itemized vouchers approved by the secretary of the board. Under no circumstances shall the total amount of warrants issued by the comptroller of public accounts in payment of the expenses and compensation provided for in this Act exceed the amount in the Land Surveying Fund. All payments to persons retained or employed by the board or to members of the board and all per diem and expenses incurred under this Act shall be paid out of the Land Surveying Fund provided herein, and no part of the expense of administering this Act shall ever be a charge against the general funds of the State of Texas. The board shall as of August 31 of each year after the passage of this Act make a report to the governor, lieutenant governor, and speaker of the house of representatives for all receipts and disbursements under this Act. The financial transactions of the board shall be audited annually by the state auditor.

(a) All persons holding valid certificates of registration or licenses on the effective date of this Act from either the State Board of Registration for Public Surveyors or the Board of Examiners of Licensed State Land Surveyors shall be automatically registered or licensed under this Act. Those holding a certificate of registration as a registered public surveyor shall be registered as registered public surveyors and those holding a licensed state land surveyor's license shall be licensed as licensed state land surveyors. Those so registered shall retain their same registration numbers and those so registered or licensed shall retain their former certificate or license until such certificate or license is renewed as provided herein.

(b) Any person holding a valid license on the effective date of this Act from the State Board of

Registration for Professional Engineers who has been engaged in the practice of surveying for a period of not less than one year immediately preceding the effective date of this Act may apply for registration as a public surveyor within a period of one year from the effective date of this Act and on payment of the registration fee shall be registered as a public surveyor. The Texas Board of Land Surveying and the State Board of Registration for Professional Engineers shall determine whether an applicant qualifies for registration under this subsection. If the boards disagree about whether an applicant qualifies for registration under this subsection, the decision of the State Board of Registration for Professional Engineers controls.

(c) All persons registered or licensed under this section are presumed to be qualified as long as they annually renew their certificate of registration or licensure as required under this Act.

Qualifications for Registration and Licensure

Sec. 15. (a) No person, except those exempt from the operation of this Act, shall engage or continue in the practice of public surveying as defined in this Act, unless the person is registered or licensed as provided by this Act.

(1) be of good professional character and reputation;

(2) have satisfied one of the following educational and experience requirements:

(i) have successfully completed a full four-year course of study at an accredited college or university leading to a bachelor's or higher degree and have a specific experience of two or more years as a subordinate to a registered public surveyor or a person qualified in land surveying in the active practice of land surveying of a character indicating the applicant was in delegated responsible charge of the accuracy and correctness of the surveying work performed. The course of study shall have included not less than 32 semester hours of study or its academic equivalent in any combination of courses in civil engineering, land surveying, mathematics, photogrammetry, forestry, or land law and the physical sciences; or

(ii) have successfully completed a course of study in land surveying or board-approved survey-related courses of 32 semester hours of study or its academic equivalent and have a specific experience record of four or more years as a subordinate to a registered public surveyor or a person qualified in land surveying in the active practice of land surveying of a character indicating that the applicant was in delegated responsible charge as defined herein; or

(iii) have graduated from an accredited high school and have a specific experience record of six or more years as a subordinate to a registered public surveyor or a person qualified in land surveying in the active practice of land surveying of a character indicating that the applicant was in delegated responsible charge of the accuracy and correctness of the surveying work performed. Applicants under this subsection without the college, university, or board-approved courses listed in paragraphs (i) and (ii) must show they have become self-educated in the surveying field.

(d) Notwithstanding the requirements for registration set forth in Subdivision (2) of Subsection (c) of this section, the board shall adopt reasonable rules and regulations necessary to establish a surveyor-in-training program designed to reduce the educational and experience requirements set forth in said Subsection (c) through a concentrated course of study and training. Such program shall include the following provisions:

(i) minimum educational requirements of a lesser degree than those set forth in said Subsection (c);

(ii) examination for basic mathematical skills necessary to the practice of public surveying;

(iii) a board-approved program of intensive study through formal educational programs, private educational and professional programs and seminars, or both; and

(iv) a board-approved program of intensive experience covering a lesser period of time than that set forth in said Subsection (c); and

(v) examination for other basic skills and knowledge necessary to the practice of public surveying.

Upon proof of qualification under Paragraph (i) of this subsection and successful completion of the basic examination required by Paragraph (ii) of this subsection, an applicant shall receive a certificate declaring him or her a surveyor-in-training in a form to be approved by the board, and a record shall verify and note successful completion of each additional requirement of the surveyor-in-training program by the applicant. Upon successful completion of the program, the applicant shall receive a certificate of registration as a registered public surveyor upon payment of the necessary fee.

Applications, Examinations, and Fees for Licensure

Sec. 16. Any applicant seeking registration as a registered public surveyor or licensure as a licensed state land surveyor shall file an application in writing with the Texas Board of Land Surveying. An application fee, not to exceed \$50, shall be submitted with the application. If the board determines that the applicant is qualified to take the examination, it shall set and notify the applicant of the time and place of the examination. The applicant may take the examination on payment of an examination fee determined by the board, not to exceed \$100 for registered public surveyor examinations or \$50 for licensed state land surveyor examinations.

Applications for registration or licensure shall be on forms prescribed and furnished by the board and shall contain statements made under oath showing the applicant's education and experience. Applications for registration shall contain a detailed summary of the applicant's technical work and references of at least three surveyors having personal knowledge of his surveying experience.

The scope of the examination and the methods of procedure shall be prescribed by the board with special reference to the applicant's ability in order to insure the public safety, welfare, and property rights.

Not later than the 30th day after the day on which a person completes an examination administered by the board, the board shall send to the person his or her examination results. If requested in writing by a person who fails the examination, the board shall send to the person not later than the 30th day after the day on which the request is received by the board an analysis of the person's performance on the examination.

An applicant failing an examination may apply for and take a subsequent examination at the expiration of six months from the date of the preceding examination by filing an updated application and paying an additional examination fee not to exceed \$100.

On passing the appropriate examination, the applicant is entitled to a certificate of registration as a registered public surveyor or a certificate of licensure as a licensed state land surveyor. No certificate of licensure as a licensed state land surveyor shall be issued until the applicant has taken the oath of office and filed the bond as required by this Act. Each registered public surveyor shall also be issued a registration number which shall not thereafter be assigned to nor used by any other surveyor. The number shall be placed on the certificate of registration and recorded in the permanent records of the board and shall constitute the registration number of that surveyor to be used on all official documents. The certificate of registration and the certificate of licensure shall also show the full name of the registrant or licensee and shall be signed by the chairman and secretary of the board.

Renewal, Renewal Fees, Penalty for Late Renewals

Sec. 17. All certificates of registration or licensure shall expire on December 31 of each year or on a date set by the board as part of a staggered renewal system and shall become invalid on that date unless renewed. It shall be the duty of the secretary of the board to notify every person registered under this Act of the date of expiration of his or her certificate and the amount of the fee that shall be required for its renewal for one year. The notice shall be mailed at least one month in advance of the date of expiration of the certificate. For this and other purposes, each registrant or licensee shall notify the secretary of any change of address as it occurs. For the year in which the expiration date is changed, renewal fees payable on December 31 shall be prorated on a monthly basis so that each registrant or licensee shall pay only that portion of the renewal fee which is allocable to the number of months during which the renewal is valid. On renewal of the registration or license on the new expiration date, the total renewal fee is payable. Renewal may be effected at any time during the month of expiration by the payment of a fee set by the board, not to exceed \$50 for certificates of registration of registered public surveyors or \$25 for certificates of licensure for licensed state land surveyors. On receipt of the required fee within the time and in the manner prescribed by the board, the designated officer or employee of the board shall issue to the licensed or registered surveyor a certificate of renewal of his or her certificate for the term of one year. The failure on the part of a surveyor to

renew a certificate annually by the expiration date established by the board shall not deprive an individual of the right of renewal, but shall result in an increase in the renewal fee of \$20. If failure to renew shall continue for more than 90 days after the date of expiration of the certificate of registration or licensure, the board may require such registrant or licensee to reapply for registration or licensure and he or she must qualify and pay all fees provided herein as an original applicant therefor. All renewal certificates of registration shall carry the same registration number as the original certificate. All original and renewal certificates of registration or licensure shall be evidence that the person whose name and registration number appears thereon is qualified to practice as a registered public surveyor or a licensed state land surveyor so long as the certificate is valid and in force. Each person holding a certificate of registration or licensure shall display it at his or her place of business or practice and be prepared to substantiate annual renewal for the current year. The secretary shall immediately notify the commissioner whenever the license of any licensed state land surveyor is rendered invalid for his or her failure to timely renew such license.

Official Seals

Sec. 18. Each registered public surveyor on receiving a certificate of registration shall obtain an authorized seal bearing the registrant's name and number and the legend "Registered Public Surveyor." No licensee shall affix his or her name, seal, or certification to any plat, design, specification, or other work constituting the practice of the occupation regulated by this Act and prepared by an unlicensed person, unless the work was performed under the direction and supervision of the licensee and the unlicensed person is an employee of the same firm and under the licensee's direct supervision. For the purpose of this section, an "employee" means an individual who receives compensation for work performed from a firm which employs or has a principal licensed or registered surveyor on a full-time basis. No licensee shall allow a nonlicensed person to exert control over the end product of his or her professional work. Only one surveyor's seal is required for the documents of a single project as prepared by each firm. However, the surveyor whose seal is to be used must be a principal in the firm who has the primary responsibility for the particular project. In addition, the seals of other professionals in the firm may be used. When there is a joint surveying venture comprising an association of two or more firms, each firm shall use the seal of the surveyor who has the primary responsibility for the firm. Each licensed state land surveyor shall procure a seal of office. Around the margin shall be the words "Licensed State Land Surveyor," which shall be his or her official title, and between the points of

the star in the seal shall be the word "Texas." A licensed state land surveyor shall attest with the seal all official acts authorized under the provisions of the law. No act, paper, or map of a licensed state land surveyor shall be filed in the county records of the General Land Office unless certified to under the seal of the surveyor.

Oath and Bond

Sec. 19. (a) Before a licensed state land surveyor's license is issued and before one who has successfully passed the examination as provided in this Act is authorized to perform the duties of a licensed state land surveyor, he or she shall take the official oath and shall make a good and sufficient bond in the sum of \$1,000, payable to the governor and conditioned that he or she will faithfully, impartially, and honestly perform all the duties of a licensed state land surveyor to the best of his or her skill and ability in all matters wherein he or she may be employed. No state land surveyor's license may be issued under this Act to any person residing outside the State of Texas.

(b) The bond may be executed by two or more solvent personal sureties or by a solvent surety company authorized to transact business in this state. If the bond is signed by personal sureties, each shall take and subscribe an oath that he or she is worth, over and above all debts and exemptions, at least double the penalty of the bond. A personal bond also shall be approved by the commissioners court of the county where the applicant resides. After the oath and bond have been executed as provided by this Act, they shall be recorded in the office of the county clerk of the county in which the applicant resides and after being so recorded shall be filed at the Texas Board of Land Surveying, accompanied by a filing fee in an amount to be fixed by the board. Thereupon a license shall be issued to the applicant, and he or she is authorized to enter upon the discharge of the duties of a licensed state land surveyor. If for any reason the liability on the bond provided for by this Act is terminated, the licensee is not authorized to perform the duties of a licensed state land surveyor until a new bond is made as in the first instance. No surety on a bond shall be relieved of liability on the bond without first giving the board 30 days' notice in writing. The termination of a bond as provided in this Act or the revocation of a surveyor's license does not relieve the sureties on the bond from any liability that may have theretofore accrued on the bond. The board is directed to provide the General Land Office with a current list of bondholders.

(c) The secretary shall immediately advise the commissioner whenever any applicant has qualified for and has been issued a license as a licensed state land surveyor under this Act. The secretary shall

also immediately advise the commissioner whenever the liability on the bond of any licensee under this Act has been terminated for any reason.

Reciprocal Certificate

Sec. 20. The Texas Board of Land Surveying shall issue a certificate of registration as a registered public surveyor on a reciprocal basis to any person who:

(1) holds a public surveyor license or other form of permission issued by a governmental authority outside of this state if the licensing standards of the governmental authority are substantially equivalent to those of this state; and

(2) applies with the board for the certificate of registration and pays a fee set by the board not to exceed \$50.

Firm Names; Assumed Names

Sec. 21. Registrants and licensees holding current certificates of registration or licensure may organize or engage in any form of individual or group practice of surveying allowed by the statutes of this state, if the firm identity of that practice does not publicly imply registration authority to practice public or state land surveying without properly identifying the registrant responsible for that practice. Any person engaging in the practice of surveying in this state under any business title other than the real name or names of those legally authorized to engage in public or state land surveying, whether individually or as an association, partnership, or corporation, shall file in the office of this board a certificate stating the full name and residence of each person engaging in that practice and the place, including street, number, city, and zip code, where that practice or business is principally conducted.

Resignation of a Licensed State Land Surveyor

Sec. 22. A licensed state land surveyor may resign as such surveyor at any time by filing a resignation in writing with the Texas Board of Land Surveying. On the receipt of the resignation, the board shall note the receipt and inform the General Land Office. Resignation does not relieve the principal and sureties of the surveyor's official bond of any liability that may have accrued prior to the effectiveness of the resignation.

Penalties

Sec. 23. (a) The Texas Board of Land Surveying has the power to reprimand or suspend or to revoke the license and/or registration of any surveyor found guilty of:

(1) the practice of any fraud or deceit in obtaining a certificate of registration for registered public surveyors or a certificate of licensure for licensed state land surveyors;

(2) any gross negligence, incompetency, or misconduct in the practice of surveying as a registered public surveyor or licensed state land surveyor; or

(3) the violation of a provision of this Act or a rule or regulation promulgated by the board.

(b) The license of any licensed state land surveyor found to be directly or indirectly interested in the purchase or acquisition of title to public land is subject to revocation.

(c) After the effective date of this Act, any person found guilty of the following offenses shall be deemed guilty of a Class B misdemeanor:

(1) practicing or offering to practice public surveying or state land surveying in this state without being registered or licensed or exempt in accordance with the provisions of this Act;

(2) presenting or attempting to use the certificate of registration or licensure or seal of another;

(3) giving any false or forged evidence in order to obtain or assist another in obtaining a certificate of registration or licensure; or

(4) violating any of the provisions of this Act or any rules or regulations promulgated by the board.

Enforcement; Complaints; Hearings

Sec. 24. (a) Any person may file a complaint with the Texas Board of Land Surveying regarding a violation of this Act or any rule or regulation of the board. The board may also institute proceedings against a registrant or licensee on its behalf without a formal written third party complaint. Each alleged violation of applicable statutes, when duly reported and substantiated by sworn affidavits, shall be investigated. The board may employ the investigators or inspectors necessary to enforce properly the provisions of this Act.

(b) If it is determined that the complaint is not within the board's jurisdiction, the complainant shall be notified in writing within 30 days. If the board determines the complaint to be within its statutory jurisdiction, a written notice stating the nature of the charge or charges and the time and place of the hearing before the board shall be served on the accused not less than 20 days prior to the date of the hearing and within three months after the date on which the complaint was filed. The board or its legal counsel is authorized to hold conferences before or during the hearing process for the settlement or simplification of the issues and for such purposes as the demands of justice require. At any hearing, the respondent is entitled to appear in person and by counsel, present all relevant evidence and witnesses on his or her own behalf, cross-examine witnesses, and examine such evidence as may be produced against him or her. The failure of a respondent to

appear at a hearing may be deemed a waiver of all rights except the right to be served with any sanction imposed by the board. The board may, however, grant continuances on a written request, indicating good cause for failure to appear, filed with the board prior to the date of the hearing. The board is empowered to issue notices, subpoena witnesses, administer oaths, hear testimony, rule on objections and motions, and otherwise regulate and expedite the course and conduct of the hearing. Any individual appearing at a hearing in response to a subpoena or by request or permission of the board may be accompanied, represented, or advised by counsel.

(c) After all the parties have been given an opportunity to present proposed findings and arguments, the board shall prepare findings of fact, conclusions of law, and any subsequent order, ruling, or decision of the board to be served on all parties. In the proceedings under this section and the other sections of this Act, a majority of the board shall constitute a quorum.

(d) A stenographic record or tape recording of all hearings shall be kept and transcribed. A transcript shall be made available to any party on payment of the lawfully prescribed cost.

(e) A person, firm, partnership, or corporation aggrieved by an order, ruling, or decision of the board may file a motion for rehearing which must be filed within 15 days after the rendition of the order, ruling, or decision. Replies to motions for rehearings must be filed within 25 days after the rendition of the order, ruling, or decision. A party aggrieved by a final order, ruling, or decision of the board has the right to file suit in a district court of Travis County. The petition must be filed within 30 days after the decision, ruling, or order in question is final and appealable. The board may not be required to give bond in any cause or appeal arising under this Act. Neither the Texas Board of Land Surveying nor any member of the board is liable to any person, firm, or corporation charged or investigated by the board for any damages incident to the investigation or incident to any complaint, charge, prosecution, proceeding, or trial of the results of the investigation.

(f) The board for reasons it may deem sufficient may reissue a certificate of registration or licensure to any surveyor whose certificate has been revoked provided five or more members vote in favor of the reissuance. A new certificate of registration or licensure to replace a certificate revoked, lost, destroyed, or mutilated may be issued, subject to the rules of the board and a charge of \$5.

(g) The attorney general or his assistants shall act as legal advisor to the board and shall render such legal assistance as may be necessary in enforcing the provisions of this Act and the rules and regulations of the board.

(h) The board shall keep an information file on the disposition of each complaint filed with the board relating to a registrant or licensee. If a written complaint is filed with the board relating to a registrant or licensee, the board at least as frequently as quarterly shall notify the complainant of the status of the complaint until finally determined.

Authority of Licensee and Method of Obtaining Right to
Survey on Private Land

Sec. 25. (a) Licensed state land surveyors licensed under this Act are authorized to perform surveys under the provisions of Section 21.011, Natural Resources Code, and to perform the duties that may be performed by the county surveyors and are subject to the direction of the Commissioner of the General Land Office in matters of land surveying in such cases as may come under the supervision of such authorities. The jurisdiction of such licensees shall be coextensive with the limits of the state.

(b) Licensed state land surveyors may hold the office of county surveyor, and if so elected shall qualify as provided by law for county surveyors. The election of a county surveyor for a particular county does not limit the jurisdiction of the surveyor to that county, and the election of a county surveyor for any particular county does not prevent any licensed state land surveyor from performing the duties of a surveyor in that county.

(c) All official field notes made by a surveyor licensed under this Act shall be signed by the surveyor, followed by the designation, "Licensed State Land Surveyor."

(d) If a licensed state land surveyor is denied permission to cross the land owned by a private party when surveying in his or her official capacity, the county attorney of the county in which the land is located shall promptly seek an order from a court of competent jurisdiction giving the licensee authority to cross the private lands.

Field Notes to be Recorded

Sec. 26. The field notes and plats of every survey of public land made by a licensed state land surveyor licensed under this Act shall be recorded in the county surveyor's records of the county in which the land is situated. The field notes and plats of public land made by a licensed state land surveyor affecting the lines, boundaries, and areas of such land shall be forwarded to the General Land Office after the same have been recorded under the provisions of this Act. All field notes made by licensed state land surveyors in any county in this state have the same force and effect and are admissible in evidence the same as field notes made by a county surveyor.

Undisclosed Land

Sec. 27. If a licensed state land surveyor discovers any undisclosed tract of public land, the surveyor shall not make known that fact to anyone except to such person as may have it enclosed, except that the surveyor shall forward to the Commissioner of the General Land Office a report of the existence of the tract, the acreage in the tract, and its probable value.

County Surveyor Authorized to Record Field Notes and Documents in County Surveyor's Records; Exceptions; Fees; Access to Records

Sec. 28. (a) In cases where a county has a county surveyor, the county surveyor alone is authorized to file and record field notes and plats of all surveys made in that county and other documents required by law to be recorded in the county surveyor's records and to issue certificates of fact and certify the correctness of copies of any document, record, or entry shown by the records of a county surveyor. However, if a county surveyor and his or her authorized deputy or deputies are absent from the office, the county clerk of the county has free access to the county surveyor's office and public records and, in such event, is authorized to record field notes, plats, and other documents required to be recorded in the county surveyor's records and to issue certificates of fact and certify the correctness of copies of any document, record, or entry shown on the official records of the county surveyor. In cases where a county has no county surveyor, the county clerk of the county is the legal custodian of the surveyor's records and is authorized to make all the certificates and certify the copies that a legally authorized county surveyor may make.

(b) The fees for recording documents in the surveyor's records and issuing certificates and making certified copies are the fees now or hereafter provided by law. The county surveyor is entitled to fees for all documents recorded by the county surveyor or his or her deputies and for all certificates and certified copies issued by the county surveyor or his or her deputies. The county clerk is entitled to all fees for documents recorded by the county clerk and for all certificates and certified copies issued by the county clerk under the provisions of this Act.

(c) All licensed state land surveyors shall for the purpose of information and examination have access to the records of county surveyors, and no examination fee shall be charged in cases where an investigation of the records is being made with a view to making surveys of public lands under the laws regulating the sale or lease of the same or of identifying and establishing the boundaries of public land. All examinations shall be made under such regulations as may be provided by the county surveyor or the commissioners court for the safekeeping and preservation of the records.

Informing the Public Concerning the Regulation of Surveying

Sec. 29. All written contracts for surveying services in this state shall contain the name, mailing address, and telephone number of the regulatory board having jurisdiction over that licensed individual in responsible charge of providing those services and shall contain a statement that complaints about¹ surveying services may be forwarded to that regulatory board.

¹ So in enrolled bill.

Art. 5415e-2. Coastal Waterway Act of 1975

Short Title

Sec. 1. This Act may be cited as the "Texas Coastal Waterway Act of 1975."

Policy

Sec. 2. It is the policy of the State of Texas (i) to support the marine commerce and economy of this state by providing for the shallow draft navigation of the state's coastal waters in an environmentally sound fashion, and (ii) to prevent waste of both publicly and privately owned natural resources, to prevent or minimize adverse impacts on the environment, and to maintain, preserve, and enhance wildlife and fisheries; and to accomplish such policy the State of Texas shall act as the nonfederal sponsor of the main channel of the Gulf Coast Intracoastal Waterway from the Sabine River to the Brownsville Ship Channel, and shall satisfy the responsibilities of the nonfederal sponsor as determined by federal law consistent with the policy of the State of Texas as declared in this section.

Findings

Sec. 3. The legislature finds and declares that:

(a) Marine commerce is a vital element of the state's economy and the benefits derived therefrom are realized directly or indirectly by the entire state.

(b) The coastal public lands and the coastal marshes and similar coastal areas located on both publicly and privately owned lands are similarly vital elements of the state's economy, and to the maintenance, preservation, and enhancement of the environment, wildlife, and fisheries, the benefits of which are similarly realized directly or indirectly by the entire state.

(c) The coastal public lands and related natural resources constitute a vital asset of the state to be managed for the benefit of all citizens of the State of Texas.

(d) The Gulf Intracoastal Waterway traverses coastal public lands and areas in close proximity to the coastal marshes and similar coastal areas located on both publicly and privately owned lands.

(e) The Gulf Intracoastal Waterway can be maintained, operated, and improved in such a way as to prevent waste of both publicly and privately owned natural resources, that adverse environmental impacts are avoided or minimized, and that in some cases beneficial environmental effects can be realized.

(f) It is in the best interest of all citizens to accomplish the policy of the State of Texas as stated in Section 2 of this Act for the State of Texas to meet the responsibilities as required by federal law of the nonfederal sponsor of the Gulf Intracoastal Waterway.

Definitions

Sec. 4. As used in this chapter:

(a) "Coastal public lands" means all or any portion of the state-owned submerged land, the waters overlying those lands, and all state-owned islands or portions of islands that may be affected by the ebb and flow of the tide.

(b) "Coastal marshes and similar areas" means those soft, low-lying watery or wet lands and drainage areas in the coastal areas of the state which may or may not be subject to the ebb and flow of the tide but which are of ecological significance to the environment and to the maintenance, preservation, and enhancement of wildlife and fisheries.

(c) "Commission" means the State Highway Commission.

(d) "Gulf Intracoastal Waterway" means the main channel, not including tributaries or branches, of the shallow draft navigation channel running from the Sabine River southward along the Texas coast to the Brownsville Ship Channel near Port Isabel that is generally referred to as the Gulf Intracoastal Canal.

(e) "Person" means any individual, firm, partnership, association, corporation (public or private, profit or nonprofit), trust, or political subdivision or agency of the state.

Administrative Provisions

Sec. 5. (a) This Act shall be administered by the State Highway Commission.

(b) The provisions of this Act are cumulative of all other Acts relating to the commission.

(c) Nothing in this Act shall diminish the duties, powers, and authorities of the School Land Board to manage the coastal public lands of the state.

Duties and Powers

Sec. 6. (a) The commission shall cooperate and work with the Department of the Army, all other appropriate federal and state agencies, navigation districts and port authorities, counties, and other appropriate persons to determine specifically what must be done by the State of Texas to satisfy federal local sponsorship requirements relating to the Gulf Intracoastal Waterway in a manner consistent with the policy of the State of Texas as stated in Section 2 of this Act.

(b) The commission shall fulfill, in a manner consistent with the policy of the state as stated in Section 2 of this Act, the local sponsorship requirements of the Gulf Intracoastal Waterway as agent for the state.

(c) Subject to the provisions of Subsection (g) of this section, the commission is authorized to acquire

by gift, purchase, or condemnation any property or interest in property of any kind or character deemed necessary by the commission to fulfill its responsibilities under this Act as the nonfederal sponsor of the Gulf Intracoastal Waterway, including but not limited to easements and rights-of-way for dredge material disposal sites and easements and rights-of-way for channel expansion, relocation, or alteration, save and except oil, gas, sulphur, and other minerals of any kind or character which can be recovered without utilizing the surface of any such land for exploration, drilling, or mining purposes. All other provisions relating to the exercise of the power of eminent domain shall be in accord with the commission's existing powers and authority relating to eminent domain. However, the commission does not have the authority to condemn any submerged public lands under the jurisdiction of the School Land Board.

(d) Proposed actions and actions of the commission pursuant to this Act which have potential for significant environmental impact or effect upon coastal public lands, coastal marshes and similar areas, wildlife, and fisheries shall be coordinated with appropriate state and federal agencies having environmental, wildlife, and fisheries responsibilities.

(e) All agencies and political subdivisions of the State of Texas shall, within their legal authority and available resources, assist the commission in carrying out the purposes of this Act. All such agencies and political subdivisions are hereby authorized without any form of advertisement to make conveyance of title or rights and easements, owned by any such body, to any property needed by the commission to meet its responsibilities under this Act as the nonfederal sponsor of the Gulf Intracoastal Waterway.

(f) The commission, in cooperation with all appropriate persons, shall continually evaluate the Gulf Intracoastal Waterway as it relates to Texas. Such evaluations shall include an assessment of the importance of the Gulf Intracoastal Waterway, including an identification of direct and indirect beneficiaries; identification of principal problems and possible solutions to such problems, including estimated costs, economic benefits, and environmental effects; evaluation of the need for significant modifications to the Gulf Intracoastal Waterway; and specific recommendations for legislative actions that the commission believes to be in the best interest of the state in carrying out the policy of the state as declared in Section 2 of this Act. The results of this evaluation shall be published in a report to be presented to each regular session of the legislature.

(g) Prior to approval or implementation by the commission of any plan or project for acquisition or acquisition of any property or interest in property for any dredge material disposal site, or for the widening, relocation, or alteration of the main chan-

nel of the Gulf Intracoastal Waterway which requires the acquisition of any additional property or interest in property, to satisfy federal local sponsorship requirements, the commission shall hold public hearings for the purpose of receiving evidence and testimony concerning the desirability of such proposed dredge material disposal site and of any such widening, relocation, or alteration of the main channel of the Gulf Intracoastal Waterway, prior to which hearing the commission shall publish notice of such plan, project, and hearing, at least once a week for three successive weeks in a newspaper of general circulation published in the county seat of each county in which any such proposed dredge material disposal site or part thereof is located and in which the channel or any portion of the channel of the Gulf Intracoastal Waterway to be widened, relocated, or altered is located, of the date, time, and place of such hearing. If after such public hearing the commission shall determine that such proposed dredge material site plan or project or such proposed plan or project for widening, relocation, or alteration of the main channel of the Gulf Intracoastal Waterway, as the case may be, can be accomplished without unjustifiable waste of publicly or privately owned natural resources and without permanent substantial adverse impact on the environment, wildlife, or fisheries, the commission may then, upon its approval of such plan or project, proceed to implement such plan or project and acquire, in such manner as is provided in Section 6(c) of this Act, such additional property or interest in property necessary to satisfy federal local sponsorship requirements for implementation of such plans for such dredge material site or for such widening, relocation, or alteration of the main channel of the Gulf Intracoastal Waterway.

Funding

Sec. 7. The legislature is hereby authorized to appropriate from the General Revenue Fund funds in the amount necessary to accomplish the purposes of this Act.

(f) The state or local agency shall report such determination to the commissioner in writing within 60 days after its receipt of a copy of the application from the commissioner.

(g) If any state or local agency reports to the commissioner that the application is not in compliance, such agency shall set forth in detail the manner in which the application does not comply with any law or regulation administered by the agency and shall report to the commissioner how the application can be brought into compliance with the law or regulation involved. A copy of such report shall be forwarded by the commissioner to the applicant, and the applicant shall be entitled to respond in writing to the state or local agency which issued such report and to request that a public hearing be held by the commissioner on the provisions of the application determined by the state or local agency not to comply with state or local law.

(h) The failure of a state or local agency to forward a determination report to the commissioner within the time period established in Subsection (e) of this section shall constitute a presumption that the application complies with the law or regulations administered by that agency.

(i) One copy of the application shall be filed in the general land office and in the office of the county judge of the adjacent coastal county for public inspection and shall be available to the public for inspection or duplication during normal business hours. A person requesting a copy of the application may be charged a reasonable fee for duplicating and mailing costs. The applicant may be charged a reasonable fee to cover the costs of reproducing and mailing copies of applications to state and local agencies, unless the applicant provides the number of copies required by such agencies.

Hearings on the Application

Sec. 6. (a) As provided in Section 5(f) of this Act, an applicant shall be entitled to a public hearing

on the provisions in his application which have been determined by a state or local agency not to be in compliance with the laws which they have jurisdiction to administer.

(b) Upon receipt of a request from an applicant for such a hearing, the commissioner shall publish notice of such hearing as provided in Section 5(b) of this Act. The notice shall describe the purpose of the hearing and the date, time, and place of the hearing. The date of the publication and of any personal notice of the hearing shall be not less than 10 days before the date set for the hearing.

(c) The commissioner may also hold a public hearing on the determination of compliance reports submitted to him by the state and local agencies. Notice of such hearing shall be given as provided by Subsection (b) of this section.

(d) The commissioner may consolidate any hearing held under this section with the hearing required by the federal Deepwater Port Act of 1974, 33 U.S.C.A. 1501 et seq., to be held in Texas by the secretary of transportation.

(e) All hearings on the application shall be concluded not later than 120 days after the date on which the commissioner received the application from the governor; provided, however, that the commissioner shall be entitled to hold a hearing after such 120 day period if the federal hearing required to be held in Texas has not been held and the commissioner has determined and given notice that a hearing provided for in this section will be held in conjunction with the federal hearing.

(f) Notwithstanding Subsection (e) of this section, the commissioner shall be required to comply with the date provided in Section 7(a) for transmitting his report to the governor.

Report to the Governor

Sec. 7. (a) Within 150 days after the receipt of an application from the governor, the land commissioner shall transmit to the governor a report in the form of a written summary of the determination of compliance reports submitted by any state or local agency, together with the transcript and testimony from any public hearing held by the commissioner or any joint hearing held in the state with the secretary of transportation.

(b) If the commissioner's report contains a determination by a state or local agency that the application does not comply with a law relating to environmental protection, land and water use, or coastal zone management, the commissioner shall include in his report the manner in which the application does not comply and how the application can be brought into compliance.

(c) The failure of the commissioner to transmit his summary report to the governor within the time

period established in Subsection (a) of this section shall constitute a presumption that the application complies with state and local law.

Action on the Application by the Governor

Sec. 8. (a) Upon receipt of the report from the commissioner, and not later than 45 days after the last public hearing held on the application by the secretary of transportation pursuant to Section 5(g) of the federal Deepwater Port Act of 1974, 33 U.S.C.A. 1501 et seq., the governor shall notify the secretary of transportation whether he approves or disapproves the application.

(b) If the governor concludes that the application does not comply with state laws relating to environmental protection, land and water use, and coastal zone management, he may disapprove the application. However, if he concludes that the application can be amended to comply with such laws, he may approve the application and shall notify the secretary of transportation of the manner in which the application does not comply and how the application can be brought into compliance with such laws.

(c) The governor shall transmit copies of his notification to the secretary, the applicant, the commissioner, and to the state and local agencies to whom were transmitted copies of the application by the commissioner pursuant to Section 5(d) herein.

Art. 5421c-13. Trades of Interests in Public Free School Fund Lands

Sec. 1. (a) The School Land Board in conjunction with the General Land Office is authorized to trade fee and lesser interests in Public Free School Fund Lands for fee and lesser interests in lands not dedicated to the Public Free School Fund upon a decision by the School Land Board and the Commissioner of the General Land Office that such trade or trades are in the best public interest of the People of Texas. Such trade or trades may be made either for the purpose of aggregating sufficient acreage of contiguous lands to create a manageable unit; for acquiring lands having unique biological, geological, cultural, or recreational value; or to create a buffer zone for the enhancement of already existing public land, facilities, or amenities. Such trades shall be on an appraised value basis (such appraisal to be made by appraisers of the General Land Office and concurred in by the School Land Board, and such appraisal shall be conclusive proof of the value of the land). The trades shall be for land of at least equal value. Such trades shall be by a deed to be signed

jointly by the Commissioner of the General Land Office and the Governor. Failure of the Governor to sign such a deed constitutes his veto of the proposed trade, and the proposed trade shall not be made.

(b) All lands acquired by trade under the authority of this Act shall be dedicated to the Public Free School Fund.

Sec. 1A. If the State of Texas retains the subsurface mineral rights to all oil, gas, and other minerals in public free school fund land traded under Section 1 of this Act, an unrestricted right of ingress to and egress from the land by the state and its lessees shall be retained for the purpose of exploration, development, and production of the oil, gas, and other minerals to which rights are retained by the state. The state is entitled to lease the subsurface mineral rights retained under this section in the same manner and under the same conditions as subsurface mineral rights in permanent school fund land in which the state owns the surface title and the subsurface mineral rights. A lessee of the subsurface mineral rights retained under this section is liable to the owner of the land for actual damages to the land that may occur as a result of exploration for and development and production of the oil, gas, and other minerals to which rights are retained under this section. Notwithstanding anything to the contrary in this article, the School Land Board, in order to consummate a trade of equal value, is given the discretionary right to convey the surface estate and to reserve all the oil, gas, and other minerals with the surface owner acting as agent for the state under what is commonly known as the Relinquishment Act,¹ thereby receiving one-half the bonus, rental, and royalty as agent for the state in leasing the land and for surface damages in the leasing of oil and gas. The surface owner shall also receive 40 percent of the bonus, rental, and royalty for leasing and as compensation for surface damages for all leases negotiated by such agent covering sulphur, coal, lignite, uranium, and potash as set out under Chapter 16, Acts of the 62nd Legislature, Regular Session, 1967, as amended (Article 5421c-10, Vernon's Texas Civil Statutes).²

Sec. 2. In the event any such trade or trades be made, the School Land Board shall report each trade to the succeeding legislature, setting out such facts as warranted the trade or trades.

Sec. 3. The authority granted by this Act to trade Public Free School Fund Lands shall expire on December 31, 1982, and no trades shall be made after that date.

Maturity; Redemption

Sec. 13. All bonds issued by either Tribal Council shall mature serially or otherwise not more than 40 years from the date of issuance, and they may be made redeemable prior to maturity, at the option of the Tribal Council, with the written approval of the commission, at times and prices and under terms and conditions prescribed in the authorizing proceedings.

- (3) an assessment of less restrictive or other alternative methods of performing any regulation that the agency performs which could adequately protect the public;
- (4) the extent to which the advisory committee is needed and is used;
- (5) the extent to which the jurisdiction of the agency and the programs administered by the agency overlap or duplicate those of other agencies and the extent to which the programs administered by the agency can be consolidated with the programs of other state agencies;
- (6) whether the agency has recommended to the legislature statutory changes calculated to be of benefit to the public rather than to an occupation, business, or institution that the agency regulates;
- (7) the promptness and effectiveness with which the agency disposes of complaints concerning persons affected by the agency;
- (8) the extent to which the agency has encouraged participation by the public in making its rules and decisions as opposed to participation solely by those it regulates, and the extent to which the public participation has resulted in rules compatible with the objectives of the agency;
- (9) the extent to which the agency has complied with applicable requirements of an agency of the United States or of this state regarding equality of employment opportunity and the rights and privacy of individuals;
- (10) the extent to which changes are necessary in the enabling statutes of the agency so that the agency can adequately comply with the criteria listed in this section;
- (11) the extent to which the agency issues and enforces rules relating to potential conflict of interests of its employees;
- (12) the extent to which the agency complies with the "Open Records Act," Chapter 424, Acts of the 63rd Legislature, Regular Session, 1973, as amended

(Article 6252-17a, Vernon's Texas Civil Statutes), and with the "Open Meetings Act," Chapter 271, Acts of the 60th Legislature, Regular Session, 1967, as amended (Article 6252-17, Vernon's Texas Civil Statutes); and

(13) the impact in terms of federal intervention or loss of federal funds if the agency is abolished.

Recommendations

Sec. 1.11. In its report on a state agency, the commission shall:

- (1) make recommendations on the abolition, continuation, or reorganization of each affected state agency and its advisory committees and on the need for the performance of the functions of the agency and its advisory committees;
- (2) recommend appropriation levels for each state agency and advisory committee for which abolition or reorganization is recommended under Subdivision (1) of this section; and
- (3) include drafts of legislation necessary to carry out the commission's recommendations under Subdivision (1) of this section.

Rules

Sec. 1.12. The commission shall adopt rules necessary to carry out this Act.

Abolition of Advisory Committees

Sec. 1.13. Except as otherwise expressly provided by law, every advisory committee whose primary function is to advise a particular state agency is abolished on the date set for abolition of the agency unless the advisory committee is expressly continued by law.

Agencies Created in Future

Sec. 1.14. Every state agency created by law enacted after January 1, 1977, is subject to this Act and to this section except as otherwise expressly provided by the law creating the agency. A state agency created by law enacted in a fiscal biennium is abolished at the end of the sixth succeeding fiscal biennium unless continued by law.

Continuation by Law

Sec. 1.15. (a) During the regular session immediately preceding the abolition of a state agency or an advisory committee that is subject to this Act, the legislature by law may continue the agency or advisory committee for a period not to exceed 12 years.

(b) Nothing in this Act shall be construed to prohibit the legislature from terminating a state agency or advisory committee subject to this Act at a date earlier than that provided in this Act. Nothing in this Act shall be construed to prohibit the legislature from considering any other legislation relative to a state agency or advisory committee subject to this Act.

Legislative Consideration

Sec. 1.16. (a) No more than one state agency and its functions and advisory committees may be considered for continuation, transfer, or modification in a bill, except that when consolidation of agencies or advisory committees or their functions is proposed, only the agencies or advisory committees involved in the consolidation may be considered in a legislative bill.

(b) In a bill to continue a state agency, to transfer its functions, or to consolidate it with another agency, the affected agency or agencies shall be mentioned in the title of the bill.

After Termination

Sec. 1.17. (a) On abolishment in the odd-numbered year, each state agency may continue in existence until September 1 of the next succeeding year for the purpose of concluding its business. Unless otherwise provided by law abolishment does not reduce or otherwise limit the powers or authority of each respective state agency during such concluding year. Upon the expiration of the one-year period after abolishment each respective state agency is terminated and shall cease all activities.

(b) Any unobligated and unexpended appropriations of a state agency or advisory committee lapse on September 1 of the even-numbered year after abolishment of the agency or advisory committee.

(c) All money in a dedicated fund of an abolished state agency or advisory committee on September 1 of the even-numbered year after abolishment of the agency or advisory committee is transferred to the General Revenue Fund, except as provided in subsection (f) of this section and as otherwise provided by law. The part of the law dedicating the money to a specific fund of an abolished agency becomes void on September 1 of the even-numbered year after abolishment of the agency.

(d) If an abolished state agency or advisory committee is funded in the General Appropriations Act for both years of the biennium, the abolished agency or advisory committee may not spend or obligate any of the money appropriated to it for the second year of the biennium, unless otherwise provided by law or rider in the appropriations bill.

(e) Property and records in the custody of a state agency or advisory committee on September 1 of the even-numbered year after abolishment of the agency or advisory committee are transferred to the State Board of Control, except that where an appropriate state agency is designated by the governor pursuant to Subsection (f) of this section, the property and records are transferred to the state agency so designated.

(f) The legislature recognizes the state's continuing obligation to pay bonded indebtedness incurred by any agency abolished by the terms of this Act, and it is not the intention of this Act to impair or impede the payment of bonded indebtedness in accordance with its terms. If an abolished state agency has remaining outstanding bonded indebtedness, the bonds remain valid and enforceable in accordance with their terms and subject to all applicable terms and conditions of the laws and proceedings authorizing the bonds, notwithstanding the abolishment of the agency that issued the bonds. The governor shall designate an appropriate state agency, which shall continue to carry out all covenants contained in the bonds and the proceedings authorizing them, including the issuance of bonds to complete the construction of projects, and shall provide payment from the sources of payment of the bonds in accordance with the terms of the bonds, whether from taxes, revenues, or otherwise, until the bonds and interest on the bonds are paid in full. All funds established by laws or proceedings authorizing the bonds shall remain with the State Treasurer or previously designated trustees, if so provided in the proceedings; if not so provided, the funds shall be transferred to the designated state agency.

Subpoena Power

The term includes publications sponsored by or purchased for distribution by a state agency and publications released by private institutions, such as research and consulting firms, under con-

(3) "Depository libraries" means the Texas State Library, the Texas Legislative Reference Library, the Library of Congress, the Center for Research Libraries, and other libraries that the Texas Library and Historical Commission¹ designates as depository libraries.

Sec. 2. The Texas Library and Historical Commission shall adopt rules to establish procedures for the distribution of state publications to depository libraries and for the retention of those publications. The commission may contract with a depository library to receive all or a part of the state publications that are distributed.

Sec. 3. (a) Each state agency shall furnish to the Texas State Library its state publications in the quantity specified by the rules of the Texas Library and Historical Commission. The commission may not require more than 75 copies of a state publication.

A state agency's contact person shall furnish to the Texas State Library each month a list of all of the agency's state publications that were produced during the preceding month.

Sec. 6. If a state agency's printing is done by contract, an account for the printing may not be approved and a warrant for the printing may not be issued unless the agency first furnishes to the State Board of Control a receipt from the state librarian for the publication or a written waiver from the state librarian exempting the publication from the requirements of this Act.

Sec. 7. The state librarian may specifically exempt a publication from the requirements of this Act.

Art. 5442c. Maintenance and Disposition of Certain County Records

Definitions

Sec. 1. In this Act:

(1) "County record" means any record required or authorized by law to be maintained in a county or precinct office or the office of district clerk.

(2) "Custodian" means the officer responsible for keeping a county record.

Records Manual

Sec. 2. (a) The state librarian shall direct the staff of the regional historical resource depository program in the preparation of a county records manual. Those preparing the manual shall consult with affected local officials and other interested persons.

(b) The manual shall list the various types of county records, state the minimum retention period prescribed by law for those records for which a minimum retention period is so prescribed, and prescribe a minimum retention period for all other county records except those subject to Section 8 of this Act. When the manual takes effect, those retention periods prescribed by it for county records for which no retention period is prescribed by law have the same effect as if they were prescribed by law.

(c) The manual also shall contain information to assist local officials in carrying out their functions under this Act, including model records schedules and implementation plans, and may prescribe rules consistent with this Act governing the disposition of obsolete county records.

(d) The manual has no legal effect until it is approved by a majority of the members of a review committee constituted as provided in Section 3 of this Act. The committee's approval is effective when a copy of the manual and a statement of its approval, signed and acknowledged by a majority of the members of the committee, is filed in the office of the Secretary of State.

(e) The state librarian may amend the manual from time to time. An amendment is effective when the state librarian files a certified copy of the amendment in the office of the Secretary of State, except that an amendment must first be approved by a review committee in the same manner as provided for approval of the original manual if it:

(1) prescribes a minimum retention period for a county record required by law to be kept and for which a minimum retention period is not prescribed by state law;

(2) changes a minimum retention period established by the manual; or

(3) changes the rules governing disposition of obsolete county records.

Review Committee

Sec. 3. (a) A review committee required under this Act is composed of:

(1) the state librarian, who is chairman of the committee;

(2) the attorney general;

(3) a representative of the Texas Historical Commission, appointed by the commission; and

(4) one county clerk; one district clerk; one county judge or county commissioner; one county auditor; one county, district, or criminal district attorney; one county treasurer; one sheriff; and one county assessor-collector of taxes, each of whom shall be appointed by the state librarian.

(b) Except as provided in Subsection (d) of this section, an officer is eligible for appointment to the review committee under Subdivision (4), Subsection (a) of this section only if:

(1) he has been nominated by a petition signed by at least 50 other officers of the type nominated; or

(2) he has been nominated by an organization representing officers of the type nominated that has as members at least 50 of those officers.

(c) For the purposes of Subsection (b) of this section, county judges and commissioners are of the same type and county, district, and criminal district attorneys are of the same type.

(d) At least 30 days before making an appointment under Subdivision (4), Subsection (a) of this section, the state librarian shall cause to be published in the Texas Register a notice of his intention to make the appointment. If the state librarian does not receive a nomination for a particular type of officer meeting the requirements of Subsection (b) of this section before the 31st day after the notice is published, a nomination is not required.

(e) Service on a review committee by a public officer is an additional duty of his office.

(f) Members of the committee receive no compensation, but they are entitled to be paid their actual expenses incurred on committee business. The payment of the expenses of the attorney general and the representative of the Texas Historical Commission shall be paid from funds of the attorney general's office and the commission, respectively. The payment of the expenses of other members of the committee shall be from funds of the Texas State Library and Archives Commission.

(g) A review committee ceases to exist when it completes the work for which it was constituted unless it is sooner discharged by the state librarian.

Records Schedule and Implementation Plan

Sec. 4. (a) A custodian of county records may prepare a records schedule applicable to his office and a plan for its implementation. On the request of the custodian, the state librarian and the staff of the regional historical resource depository program shall assist the custodian in this regard by furnishing him recommended model records schedules and implementation plans and other information.

(b) A records schedule, if prepared, shall contain an inventory of county records kept by the custodian. It shall prescribe a minimum retention period for each type of record. The retention period for each type of record must be at least as long as that prescribed by law or established in the county records manual.

(c) If a custodian prepares a records schedule, he shall also prepare an implementation plan that prescribes, in conformity with this Act, the manner and procedure for disposing of records no longer needed on the expiration of the applicable retention period.

(d) The records schedule and implementation plan take effect when the custodian files a certified copy of the schedule and plan in the office of the county clerk. The custodian may amend an existing schedule or plan. An amendment takes effect when the custodian files a certified copy of it in the office of the county clerk.

Disposition of Obsolete Records

Sec. 5. (a) When the retention period expires for a county record subject to an approved records schedule and implementation plan, and in the judgment of the custodian the record is no longer needed, he may dispose of the record in accordance with the implementation plan, the county records manual, and the provisions of this Act.

(b) No county record may be destroyed pursuant to an implementation plan unless at least 60 days before the day it is destroyed the custodian gives written notice to the state librarian of his intention to destroy the record. The notice must sufficiently describe the record to enable the state librarian to

determine if it should be transferred to the state library for preservation in a regional historical resource depository. If the state librarian requests that a record be transferred, the custodian shall comply with the request. Otherwise, the record may be destroyed.

(c) County records may be destroyed only by the sale of them for recycling purposes or by shredding them or burning them. Regardless of the method used, adequate safeguards must be employed to insure that they do not remain in their original state and are no longer recognizable as county records.

(d) No later than the 10th day before records are destroyed, the custodian shall file and record with the county clerk a notice stating which records are to be destroyed, how they are to be destroyed, and the date they are to be destroyed. The same day the notice is filed, the county clerk shall post a copy of it in the same manner that notices of meetings are posted under Chapter 271, Acts of the 60th Legislature, Regular Session, 1967, as amended (Article 6252-17, Vernon's Texas Civil Statutes).

(e) No person is civilly liable for the destruction of a record in accordance with this Act and an approved records schedule and implementation plan.

Transferral of Records to State Library

Sec. 6. (a) A custodian may transfer to the state library for preservation in a regional historical resource depository any county record that is not needed for administrative purposes.

(b) When a custodian transfers a county record to the state library under Subsection (a) of this section or under Subsection (b), Section 5 of this Act, the state librarian shall give the custodian a receipt for the record. The custodian is not required to make a microfilm or other copy of the record before transferring it.

(c) The state librarian may make certified copies of county records that have been transferred to the state library. Each certified copy shall state that it is a true and correct copy of the record in the state librarian's custody. A certified copy made under the authority of this subsection has the same force and effect for all purposes as a copy certified by the county clerk or other custodian as provided by law.

Microfilming of Records

Sec. 7. This Act does not require the microfilming of county records, but an implementation plan may include provision for microfilming of records in accordance with other state law.

Exceptions

Sec. 8. This Act does not permit the establishment of a retention period for:

(1) any county record that affects the title to real property, other than a recorded lien that is no longer enforceable;

(2) a will;

(3) the minutes of a commissioners court; or

(4) the pleadings or any order, decree, or judgment, or any instrument incorporated by reference in an order, decree, or judgment, in a civil case in a court of record.

TITLE 90

LIENS

CHAPTER ONE. JUDGMENT LIENS

Article

5449(a). Discharge of Judgments and Judgment Liens Against Bankrupts.

Art. 5449(a). Discharge of Judgments and Judgment Liens Against Bankrupts

Application for Discharge and Cancellation of Judgment and Lien

Sec. 1. At any time after one year has elapsed since a bankrupt or debtor has been discharged from his debts, before or after the effective date of this Act, pursuant to the acts of Congress relating to bankruptcy, the bankrupt or debtor, or his, her, or its receiver, trustee, or any other interested person, including a corporation, may apply, upon proof of the discharge of the bankrupt or debtor, to the court in which a judgment was rendered against the bankrupt or debtor for an order directing the discharge and cancellation of the judgment, any abstract or abstracts of said judgment, and the lien represented thereby.

Order of Discharge and Cancellation: Entry; Effect; Recording

Sec. 2. If it appears upon the hearing that the bankrupt or debtor has been discharged from the payment of the obligation or debt represented by the judgment, the court shall enter an order of discharge and cancellation of said judgment and any abstracts of said judgment, which order of discharge shall be entered upon the docket of the court. Said order of discharge shall constitute a release, discharge, and cancellation of said judgment and any unsatisfied judgment liens represented by all abstracts of said judgment then or thereafter of record; provided, however, that a certified copy of said order of discharge must be duly recorded in the judgment lien records of a county in which an abstract of judgment has been or is thereafter recorded in order to discharge and cancel said abstract of judgment in said county.

Notice of Application for Discharge: Service; Publication

Sec. 3. Notice of said application for discharge, accompanied by copies of the papers upon which it is made, shall be served on the judgment creditor or his attorney of record in the action in which said judgment was rendered, in the manner prescribed for service of a notice in an action, if the residence or place of business of the judgment creditor, or of his attorney, is known. Upon proof by affidavit

that the address of neither the judgment creditor nor his attorney is known, and that the address of neither can be ascertained after due diligence, or that the judgment creditor is a nonresident of this state, and his attorney is dead, or removed from the state, or cannot be found within the state, a judge or justice of the court may by order direct that the notice of the application be published in a newspaper designated in the order once a week for not more than three consecutive weeks. Such publication, shown by the affidavit of the publisher, shall be sufficient service upon the judgment creditor of the application.

Judgment as Lien on Real Property

Sec. 4. Where the judgment was a lien on real property owned by the bankrupt or debtor prior to the time that he, she, or it was adjudged a bankrupt, or that a petition for debtor relief under the federal Bankruptcy Act of July 1, 1898, as amended (Title 11, U.S.C.A.), was filed, and the debt or obligation evidenced by said judgment was not discharged under the provisions of the Bankruptcy Act, the lien thereof upon said real estate shall not be affected by said order and may be enforced, but in all other respects the judgment shall be of no force or validity, nor shall the same be a lien on real property acquired by the bankrupt or debtor subsequent to the discharge in bankruptcy.

Judgment as Lien on Nonexempt Real Property

Sec. 5. Where the judgment was a lien on non-exempt real property owned by the bankrupt or debtor prior to the time he, she, or it was adjudged a bankrupt or that a petition for debtor relief under the federal Bankruptcy Act of July 1, 1898, as amended (Title 11, U.S.C.A.), was filed, and said real property is abandoned during the course of the proceeding, the lien thereof upon said real estate shall not be affected by said order and may be enforced, but in all other respects the judgment shall be of no force or validity, nor shall the same be a lien on real property acquired by the bankrupt or debtor subsequent to the discharge in bankruptcy.

III. MENTALLY RETARDED PERSONS ACT

Art. 5547-300. Mentally Retarded Persons Act of 1977

SUBCHAPTER A. GENERAL PROVISIONS

Short Title

Sec. 1. This Act shall be known and may be cited as the Mentally Retarded Persons Act of 1977.

Purposes

Sec. 2. (a) It is the public policy of the state that mentally retarded persons should have the opportunity to develop to the fullest extent possible their potential for becoming productive members of society. Therefore, it is the purpose of this Act to provide and assure a continuum of quality services to meet the needs of all mentally retarded persons in this state. The responsibility placed upon the state shall not in any way replace or impede parental rights and responsibilities or terminate the activities of those persons, groups, and associations that advocate for and assist mentally retarded persons.

(b) The legislature recognizes that the preservation and promotion of home-living situations where feasible is desirable. When home-living situations are not possible and placement in a residential facility for mentally retarded persons is necessary, the legislature declares that those persons must be admitted in accordance with basic due process requirements, giving due consideration to parental desires where possible, to a facility which provides habilitative training for the person's condition, which fosters

the personal development of the resident and enhances the person's ability to cope with the environment.

(c) Recognizing that persons have been denied rights solely on the basis of mental retardation, the legislature seeks to educate the general public to the fact that mentally retarded persons who have not been adjudicated incompetent and for whom a guardian has not been appointed by a due process proceeding in a court of law have the same rights and responsibilities enjoyed by all citizens of Texas. The legislature urges all citizens to assist mentally retarded persons in acquiring and maintaining their rights and in participating in community life as fully as possible.

The diagnosis and evaluation shall be performed at a diagnosis and evaluation center approved by the department.

(b) No person shall be voluntarily admitted for mental retardation services unless the comprehensive diagnosis and evaluation has been performed or updated within three months prior to the initial admission to services, except as provided in Subsections (g) and (h) of Section 34 of this Act.

(c) No person shall be determined to be in need of placement in a residential care facility by a court of law pursuant to Section 37 of this Act unless a comprehensive diagnosis and evaluation has been performed or updated within six months prior to the court hearing on the application for placement in a residential care facility. On receiving an application for placement in a residential care facility, the court shall order a comprehensive diagnosis and evaluation to be performed if a comprehensive diagnosis and evaluation has not been performed or updated within the previous six months.

Application for Diagnosis and Evaluation

Sec. 29. Any person believed to be mentally retarded or the parent of a minor or guardian of the person who is believed to be mentally retarded may make written application to the department on forms provided by the department for a comprehensive diagnosis and evaluation.

Report and Recommendations Required

Sec. 30. (a) Based on its comprehensive diagnosis and evaluation, the diagnosis and evaluation team shall prepare written findings and recommendations for needed services and appropriate placement.

(b) The report and recommendations shall include but not be limited to:

(c) The report and recommendations shall be signed by each member of the diagnosis and evaluation team.

(d) If a court has ordered the comprehensive diagnosis and evaluation pursuant to Subsection (i) of Section 37 of this Act, the department shall promptly send a copy of the summary report and recommendations of the diagnosis and evaluation team to the court and to the person diagnosed and evaluated or the person's legal representative.

(e) If any person thought to be mentally retarded, parent of a minor, or guardian of the person requests the comprehensive diagnosis and evaluation pursuant to Section 29 of this Act, the person, parent of a minor, or guardian of the person shall be promptly notified of the findings of the diagnosis and evaluation team and its recommendations. The person, parent of a minor, and guardian of the person shall be informed of the right to an independent diagnosis and evaluation and the right to an administrative hearing for the purpose of contesting the findings or recommendations of the diagnosis and evaluation team if they are unsatisfactory.

Administrative Hearing

Sec. 31. (a) If the person, parent of a minor, or guardian of the person who requested the comprehensive diagnosis and evaluation wishes to contest the findings or recommendations of the diagnosis and evaluation team, he may request an administrative hearing by the agency conducting the diagnosis and evaluation. The appeal shall be by trial de novo and shall be given a preference setting over all other cases.

(j) The decision of the hearing officer shall be final within 30 days after the date of the decision unless a party files an appeal within such time. The filing of an appeal suspends the decision of the hearing officer, and no party may take any action based on such decision.

Application for Services

Sec. 32. (a) If the diagnosis and evaluation team recommends services, the client or the parent of a minor or guardian of the person may apply for needed services according to the provisions of Sections 33 and 34 of this Act.

The departmental facility or the community center shall develop a plan for appropriate programs or placement in programs or facilities approved or operated by the department. These programs or placements shall be suited to the needs of the proposed client and shall be consistent with the rights guaranteed in previous subchapters of this Act. The proposed client, his parent, if he is a minor, and/or his guardian shall be encouraged and permitted to participate in the development of the planned programs or placements.

Application for Voluntary Residential Care Services

Sec. 34. (a) No person shall be admitted voluntarily to a residential care program except pursuant to the provisions of this section.

(b) When voluntary placement in a residential care facility is requested, preference shall be given to the facility located nearest to the residence of the proposed resident except when there are compelling reasons for placement elsewhere.

(c) Application for voluntary admission may be made by a proposed client, the parents of a minor child, or the guardian of the person.

(d) The application for voluntary admission shall be made according to rules and regulations of the department and shall contain a statement of the reasons that placement is requested.

(2) "Emergency admission" for placement of a mentally retarded person, without court proceedings, when there is an immediate and compelling need for short-term training, treatment, and/or care.

(3) "Respite care" for placement of a mentally retarded person, without court proceeding, to provide special assistance or relief to the mentally retarded person and/or his family for brief periods of time.

(f) Regular voluntary admissions shall be permitted only after a comprehensive diagnosis and evaluation, if:

(2) The superintendent or director of the facility determines that the facility can and does provide services that meet the needs of the proposed resident.

(g) Emergency admissions shall be permitted even though a comprehensive diagnosis and evaluation has not been performed if:

(2) space is available at the facility for which placement is requested;

(3) the superintendent or director of the facility determines that the facility can and does provide services that meet the needs of the proposed resident;

(4) there is an urgent need by the proposed resident for short-term placement and care which the facility provides;

(5) relief for the urgent need of the proposed resident can be afforded within a period of one year following admission; provided that a comprehensive diagnosis and evaluation is performed within 30 days following admission.

(h) Respite care shall be permitted even though a comprehensive diagnostic evaluation has not been performed if:

(1) there is persuasive evidence that the proposed resident is mentally retarded;

(2) space is available at the facility for which respite care is requested;

(3) the superintendent or director of the facility determines that the facility can and does provide services that meet the needs of the proposed resident;

(4) there is a need for the mentally retarded person and/or his family that urgently requires assistance or relief;

(5) that assistance or relief to the mentally retarded person and/or his family can be provided within a brief period of time, not to exceed 30 consecutive days following admission. If the relief sought by the mentally retarded person or his family has not been achieved in the 30-day period, one 30-day extension may be allowed if:

(A) The superintendent or director of the facility determines that the relief may be achieved in the additional time period, and

(B) The parties agreeing to the original placement consent to the extension. If the extension is not permitted, the resident shall be released immediately and application may be made for other services.

**Voluntary Admission or Court Commitment of Minor
Who Reaches Majority**

Sec. 35. At the time a resident who was voluntarily admitted as a minor under Section 34 of this

Act, and who continues to be in need of residential services, approaches the age of majority, the superintendent shall take action to insure that at majority one of the following actions is taken for admission or commitment of the resident:

(1) obtain legally adequate consent for admission from the resident or the guardian of the person, or

(2) file or cause to be filed an application for court commitment under Section 37 of this Act.

**Withdrawal by Persons Voluntarily Admitted for
Residential Care Services**

Sec. 36. No person voluntarily admitted to a residential care facility may be detained more than 96 hours after he, his parents if he is a minor, or the guardian of his person has requested discharge in accordance with rules and regulations promulgated by the department, unless:

(a) The superintendent or director of the facility determines that the condition of the person or other circumstances are such that the person cannot be discharged without endangering the safety of himself or the general public; and

(b) The superintendent or director files or causes to be filed an application for judicial commitment. For purposes of this Act, the county in which the facility is located shall be deemed as the county of residence of the proposed resident; and

(c) Pending a final determination on the application, the court may, upon a finding of good cause, issue an order of protective custody, ordering the resident to remain in the facility where he was voluntarily admitted, or other suitable place designated by the court as provided in Subsection (k) of Section 37 of this Act.

Commitment to a Residential Care Facility

Sec. 37. (a) No person shall be committed to a residential care facility under the provisions of this Act except pursuant to the provisions of this section.

(b) No person shall be committed to a residential care facility unless:

(1) the person is mentally retarded;

(2) evidence is presented showing that because of retardation, the person represents a substantial risk of physical impairment or injury to himself or others, or he is unable to provide for and is not providing for his most basic physical needs;

(3) the person cannot be adequately and appropriately habilitated in an available, less restrictive setting;

(4) the residential care facility does provide habilitative services, care, training, and treatment appropriate to the individual's needs; and

(5) the committing court finds that the conditions of this subsection have been met.

(c) When placement in a residential care facility becomes necessary, preference shall be given to the facility located nearest to the residence of the proposed resident except when no vacancy is available in the nearest facility, or the proposed resident, parent of a minor, or guardian of the person requests otherwise, or there are other compelling reasons.

(d) The procedure prescribed in the following subsections shall be used for commitment to a residential care facility.

(e) The county court shall have original jurisdiction of all judicial proceedings for commitment of mentally retarded persons to residential care facilities.

(f) An alleged mentally retarded person, the parent of a minor, the guardian of the person, or any other interested person may file with the county clerk of the county of residence of the alleged mentally retarded person an application for a determination that the alleged mentally retarded person is in need of long-term placement in a residential care facility.

(g) The application shall be executed under oath and shall set forth:

(1) the name, birthdate, sex, and residence address of the proposed resident;

(2) the name and residence address of the proposed resident's parent or guardian;

(3) a short and plain statement of the facts to show that commitment to a residential care facility is necessary and appropriate; and

(4) a short and plain statement explaining the inappropriateness of admission to less restrictive services.

(h) A copy of the summary report and recommendations of the diagnosis and evaluation team, if completed, shall be included in the application.

(i) On the filing of the application, the court shall immediately set a date for a hearing to determine the appropriateness of the commitment of the proposed resident to a residential care facility. The court shall also order an immediate comprehensive diagnosis and evaluation of the proposed resident unless such a comprehensive diagnosis and evaluation has been completed or updated within six months prior to the date of the scheduled hearing.

(j) Copies of the application, notice of the time and place of the hearing, and if appropriate, the order for the comprehensive diagnosis and evaluation shall be served on the proposed resident or his representative, the parent of a minor, guardian of the person, and the department not less than 10 days before the hearing. The notice shall also specify in plain and simple language the right to an independent diagnosis and evaluation as provided in Subsection (e) of Section 30 of this Act, as well as the provisions of Subsections (l) and (m) of this section.

(k) If the county court in which an application has been filed in accordance with this section finds, pursuant to certificates filed with the court, that the proposed resident is believed to be mentally retarded and is likely to cause injury to himself or others if not immediately restrained, the judge may order any health or peace officer to take the proposed resident into protective custody and immediately transport him to a designated residential care facility when space is available or to a place deemed suitable by a county health officer, and detain him for a period not to exceed 20 days pending order of the court. No person may be detained in protective custody in a nonmedical facility used for the detention of persons charged with or convicted of a crime, except because of and during an extreme emergency and in no case for a period longer than 24 hours. The county health officer shall see that a person held in protective custody receives proper care and medical attention pending removal to a residential care facility. The head of a facility in which a person is held under this subsection shall discharge such person within 20 days if the court has not issued further orders; provided, however, if the head of such facility believes the person is dangerous to himself or others, he shall immediately so advise the court which issued the order of protective custody.

(l) If the proposed resident cannot afford counsel, the court shall appoint an attorney not less than 10 days before the hearing. An attorney appointed pursuant to this section shall be entitled to a reasonable fee to be paid from the general fund of the county in which the proceeding is brought. In all cases the proposed resident's attorney shall represent the rights and legal interests of the proposed resident regardless of who may initiate the proceeding or pay the attorney's fees.

(m) A full hearing on the application shall be held as soon as practicable after the application is filed in accordance with the following procedures:

(1) The hearing shall be open to the public unless the proposed resident or his representative requests that the hearing be closed and the court determines there is good cause therefor.

(2) Any party to the proceedings may demand a jury, or the court on its own motion may order a jury. The Texas Rules of Civil Procedure shall apply to the selection of the jury, the court's charge to the jury, and all other aspects of the proceedings and trial except when inconsistent with the provisions of this section.

(3) The proposed resident shall have the right to be present throughout the entire proceeding. If the court shall determine that the presence of the proposed resident would result in harm to the proposed resident, then the court may waive the requirement of this subsection in writing, clearly stating the basis for the determination.

(4) The proposed resident shall be represented by counsel and be provided the right and opportunity to confront and cross-examine all witnesses. The parent of a minor or guardian of the person may also be represented by counsel.

(5) The usual rules of evidence shall apply. The results of the current diagnosis and evaluation shall be presented in evidence.

(6) The party who filed the application shall prove beyond a reasonable doubt that long-term placement of the proposed resident in a residential care facility is appropriate.

(7) In all cases, the court shall promptly report in writing its decision and findings of fact.

(n) If the court determines that long-term placement in a residential care facility is inappropriate, the court shall enter a finding to that effect, dismiss the application, and, if appropriate, recommend application for admission to voluntary services pursuant to Sections 32, 33, and 34 of this Act.

(o) If the court determines that long-term placement in a residential care facility is appropriate, the court shall order commitment of the proposed resident for care, treatment, and training to a community center or the department when space is available in a residential care facility, and the court shall immediately forward a copy of the commitment order to the department or community center.

(p) Any party shall have the right to appeal the judgment of the court to the appropriate court of civil appeals, and such appeals, if any, shall be controlled by the Texas Rules of Civil Procedure. Appeals pursuant to this section shall be given a preference setting. The county court may grant a stay of the commitment pending appeal.

(q) In no case shall an order for commitment be considered an adjudication of mental incompetency.

(r) When a resident committed to a residential care facility pursuant to the provisions of this section is absent from the assigned facility without permission from the proper authority, the superintendent or director of the facility may immediately issue an order authorizing any peace officer to detain the resident. When a peace officer takes a resident into custody, he shall immediately notify the superintendent or director. When requested by the superintendent or director, the peace officer shall cause the resident to be returned promptly to the assigned facility.

SUBCHAPTER I. TRANSFER AND DISCHARGE OF CLIENTS

Transfer and Discharge

Sec. 38. Transfer and discharge of clients shall be made only in accordance with the rules and regulations of the department and provisions of this subchapter. This subchapter shall not apply to

transfers for emergency medical, dental, or psychiatric care for a period of time not to exceed 30 consecutive days, nor shall it apply to a voluntary withdrawal of a client from mental retardation services. This subchapter shall not apply to a discharge by a superintendent or director on the grounds that a person is not mentally retarded based upon a comprehensive diagnosis and evaluation, in which case a client shall be discharged without further hearings; provided, however, that the administrative hearing to contest the comprehensive diagnosis and evaluation provided for in Section 31 shall be available.

By Service Provider

Sec. 39. When a service provider finds that placement of a client in a facility is no longer appropriate to the person's individual needs or that the client can be better treated and habilitated in another facility, the service provider shall transfer or discharge the client pursuant to this subchapter.

Request of Client, Parent, Guardian

Sec. 40. A client or the parent of a minor or guardian of the person may request a transfer or discharge, and the service provider shall determine the appropriateness of the requested transfer or discharge. If such request is denied, the administrative hearing referred to in Section 41 shall be available.

Right to Administrative Hearing

Sec. 41. (a) A client shall not be transferred to another facility or discharged from any mental retardation services under this subchapter unless provided with a prior opportunity to request and receive an administrative hearing to contest the proposed transfer or discharge.

(b) No transfer of a client from one facility to another shall occur without prior approval and knowledge of the parents or guardian of the client.

Notice

Sec. 42. The client and the parent or guardian shall be given 30 days notice of the proposed transfer or discharge under this subchapter. The client and parent or guardian shall also be informed of the right to an administrative hearing for the purpose of contesting the proposed transfer or discharge.

Hearing to be Held

Sec. 43. If the client, parent of a minor, or guardian of the person wishes to contest the proposed or denied transfer or discharge, an administrative hearing shall be provided in accordance with the requirements of this section:

(a) The hearing shall be held as promptly as possible within 30 days and in a convenient location and with reasonable notice;

(b) The client, parent of a minor, guardian of the person, and the superintendent shall have the right to be present and represented at the hearing;

(c) The client, parent of a minor, and guardian of the person shall have reasonable access at a reasonable time prior to the hearing to any records concerning the client on which the proposed action may be based;

(d) Evidence shall be presented, which shall include oral and written testimony;

(e) In all cases the hearing officer shall promptly report his decision to the parties in writing, including findings of fact and the basis for those findings;

(f) Any party to such hearing shall have the right to appeal without the necessity of filing a motion for rehearing with the hearing officer. The appeal shall be brought in the county court of Travis County or the county in which the proposed client resides. The appeal shall be by trial de novo and shall be given a preference setting over all other cases;

(g) The decision of the hearing officer shall be final within 30 days after the date of the decision, unless a party files an appeal within such time pursuant to Subsection (f). The filing of an appeal suspends the decision of the hearing officer, and no party may take any action based on such decision. If no appeal is filed from a final order that the request for transfer or discharge should be granted, the superintendent shall proceed with such transfer or discharge. If no appeal is filed from a final order that the request for transfer or discharge should be denied, the client shall remain in the same program or facility where he is presently receiving services.

Alternative, Follow-up Supportive Services

Sec. 44. The department shall provide appropriate alternative or follow-up supportive services consistent with available resources. Provision of alternative or follow-up supportive services shall be made by agreement between the department and the client, parent of a minor, or guardian of the person, and shall be consistent with the rights guaranteed in Subchapters C, D, and E of this Act. Placement in a residential care facility, under the provisions of this Act, other than by transfer from another residential care facility shall be made only pursuant to Sections 34 and 37 of this Act.

Leave, Furlough

Sec. 45. The superintendent or director of a residential care facility, shall have the authority to grant or deny a resident a leave of absence or furlough.

Transfer to Mental Hospitals

Sec. 46. (a) Voluntary Residents. No voluntary resident shall be transferred to a state mental hospital for other than the emergency care provided for in Section 38 of this Act without legally adequate consent to such transfer.

(b) The superintendent or director of a residential care facility shall have the authority according to the procedures of this subchapter to transfer a resident committed pursuant to Section 37 of this Act to a state mental hospital under the control and management of the department for mental health care when an examination of the resident by a licensed physician indicates symptoms of mental illness to the extent that care, treatment, control, and rehabilitation in a state mental hospital would be in the best interest of the resident.

(c) For purposes of this Act, upon transfer of a court-committed resident to a state mental hospital, the director of the state mental hospital to which the resident was transferred shall immediately cause an evaluation of the resident's condition to be made. If at any time such an evaluation reveals that continued hospitalization is necessary for a period in excess of 30 days, the director shall promptly initiate appropriate court-ordered transfer proceedings in accordance with this section. In no event shall a resident transferred from a residential care facility to a state mental hospital remain in said hospital for more than 30 consecutive days unless such resident is transferred to the hospital under the provisions of this section.

(d) If a court-committed resident of a residential care facility requires hospitalization in excess of 30 consecutive days, the court transfer referred to in Subsection (c) above shall be accomplished in the following manner. The director of the state mental hospital shall request an order of transfer to the state mental hospital from the court which originally committed the resident to the residential care facility. In support of such request, the director of the state mental hospital shall forward Certificates of Medical Examination for Mental Illness as described in Article 5547-32 of the Texas Mental Health Code, as amended (Articles 5547-1 to 5547-204, Vernon's Texas Civil Statutes), completed by two physicians stating that the resident is mentally ill and requires observation and/or treatment in a mental hospital. Upon receipt of the director's request and the certificates of medical examination, the committing court shall set a date for a hearing on the proposed transfer. At least seven days prior to the date of the hearing, a copy of the transfer request and the notice of the hearing shall be personally served on the proposed patient. If the patient is a minor, notice shall also be served on his parents. If the patient has been declared to be incompetent under the Probate Code and a guardian for his person has

been appointed, notice shall also be served on the guardian. A jury shall be had unless a waiver of trial by jury is made in writing under oath by the adult resident, his parent if a minor, or his guardian of the person. Notwithstanding the executed waiver, the jury shall determine the issues in the case if jury trial is demanded by the adult resident, his parent if a minor, his guardian of the person, or by his attorney at any time prior to determination of the hearing.

The county judge may hold a hearing on the petition at any suitable place within the county, but such hearing should be held in a physical setting not likely to have a harmful effect on the condition of the resident. The resident shall not be denied the right to be present at the hearing, although the court may dispense with the presence of the resident if it is determined by the court to be in the resident's best interest. The hearing shall be open unless the court finds it in the best interests of the resident that the hearing be closed and the court obtains the consent of the adult resident, his parent if a minor, his guardian of the person, and his attorney for the closing of the hearing. At least two physicians, at least one of whom is a psychiatrist, who have examined the resident within the 15 days immediately preceding the hearing shall testify at the hearing. No person shall be transferred under this section to a mental hospital except upon the basis of competent medical or psychiatric testimony. The court or jury as the case may be shall determine:

- (1) whether the resident is mentally ill,
- (2) whether the resident requires a transfer to a state mental hospital for treatment for his own welfare and protection or the protection of others.

If the court or jury, as the case may be, finds that the patient is mentally ill and requires treatment in a state mental hospital for his own welfare and protection or the protection of others, the court shall issue an order approving the transfer of the resident to the state mental hospital.

(e) If the resident no longer requires treatment in a state mental hospital or a residential care facility, he shall be discharged. If he no longer requires treatment in a state mental hospital but requires treatment in a residential care facility, the superintendent or director of the residential care facility from which the resident is transferred shall be responsible for the immediate return of the resident to the residential care facility upon notification by the director of the mental hospital that hospitalization is no longer necessary or appropriate and that care in a residential care facility is required. If the resident has been transferred by a court to the state mental hospital under the provisions of this Act, the transfer to the residential care facility shall be made in accordance with the following provisions. The head of the state mental hospital shall forward a certifi-

cate evidencing that the resident is no longer in need of hospitalization in a state mental hospital but is still in need of care in a residential care facility due to a continuing diagnosis of mental retardation. The head of the state mental hospital shall request that the resident be transferred to a residential care facility. Such requested transfer shall be made only with the approval of the judge of the committing court by the entry of an order approving such transfer, in accordance with the provisions of Article 5547-75A of the Texas Mental Health Code.

(b) Except as hereinafter provided, a mentally retarded person voluntarily admitted to a residential care facility under laws previously in force shall be discharged within 96 hours of receipt by the superintendent or director of a written request from the person on whose application the mentally retarded person was admitted, or upon his own request. Pending a final determination of the application for commitment, the court may upon showing of good cause order the mentally retarded person placed in protective custody in the residential care facility as provided for in Subsection (k) of Section 37 of this Act.

(c) The state shall reimburse a county for not more than \$50 of the cost of a hearing held by the county court of the county for the commitment of a resident of a facility under the jurisdiction of the department who was committed under prior law and for whom the due process requirements of this Act require another commitment proceeding.

(a) Records of the identity, diagnosis, evaluation, or treatment of any person which are maintained in connection with the performance of any program or activity relating to mental retardation shall be confidential and disclosed only for the purposes and under the circumstances expressly authorized under Subsection (b) of this section.

(b) The content of any record referred to in Subsection (a) of this section may be disclosed in accordance with the prior written consent of the person with respect to whom such record is maintained, or parent if such person is a minor, or guardian if the person has been adjudicated incompetent to manage his personal affairs or executor or administrator if the person is deceased. If there is no appointment of an executor or administrator, such consent may be given by the deceased person's spouse or, if none, by any adult person related to the deceased person within the first degree of consanguinity. Disclosure

is permitted only to such extent, under the circumstances, and for the purposes as may be allowed under the regulations prescribed pursuant to Subsection (h) of this section. The content of any record referred to in Subsection (a) of this section is to be made available upon the request of any person thought to be mentally retarded upon whose behalf the record was made unless the qualified professional responsible for supervising the client's habilitation states in a signed written statement that it would not be in the best interest of the person in question. However, the parent of a minor or guardian of the person shall have access to the contents of any record referred to in Subsection (a) of this section.

(c) Whether or not the person with respect to whom any given record referred to in Subsection (a) of this section is maintained gives his written consent, the content of such record may be disclosed as follows:

(1) to medical personnel to the extent necessary to meet a bona fide medical emergency;

(2) to qualified personnel for the purpose of management audits, financial audits, program evaluation, or research approved by the department, but such personnel may not identify, directly or indirectly, any individual receiving services in any report of such research, audit, or evaluation, or otherwise disclose identities in any manner;

(3) if authorized by an appropriate order of a court of competent jurisdiction granted after application showing good cause therefor. In assessing good cause the court shall weigh the public interest and the need for disclosure against the injury to the person receiving services. On the granting of the order, the court, in determining the extent to which any disclosure of all or any part of any record is necessary, shall impose appropriate safeguards against unauthorized disclosure; and

(4) to personnel legally authorized to conduct investigations concerning complaints of abuse or denial of rights of mentally retarded persons.

(d) Except as authorized by a court order granted under Subsection (c)(3) of this section, no record referred to in Subsection (a) of this section may be used to initiate or substantiate any criminal charges against a person receiving services or to conduct any investigation of a person receiving services.

(e) The prohibitions of this section continue to apply to records concerning any individual who has received services irrespective of when the person received services.

(f) The prohibitions of this section apply to any interchange of records between governmental agencies or persons, except for interchanges of information necessary for delivery of services to clients or

for payment for mental retardation services as defined in this Act.

(g) A person who receives information deemed confidential by this section, other than the person thought to be mentally retarded on whose behalf the records are made, the parent of a minor, or guardian of the person shall not disclose the information except to the extent that disclosure is consistent with the authorized purpose for which the information was first obtained.

(h) The department shall prescribe regulations to carry out the purposes of this section. These regulations may contain such definitions and may provide for such safeguards and procedures as in the judgment of the department are necessary or proper to effectuate the purposes of this section, to prevent circumvention or evasion thereof, or to facilitate compliance therewith.

(i) Nothing contained in this subchapter shall prevent a qualified professional from disclosing the current physical and mental condition of a mentally retarded person to his or her parent, guardian, relatives, or friends.

(c) Commissioned officers, warrant officers, and noncommissioned officers have authority to quell quarrels, frays, and disorders among persons subject to this Code and to apprehend persons subject to this Code who take part therein.

Apprehension of Deserters

Sec. 8. Any civil officer or peace officer having authority to apprehend offenders under the laws of the United States or of a state, territory, commonwealth, or possession, or the District of Columbia, may summarily apprehend a deserter from the state

A commanding officer may authorize warrant officers or noncommissioned officers to order enlisted members of his company or subject to his authority into arrest or confinement.

(c) A commissioned officer or warrant officer may be ordered apprehended or into arrest or confinement only by a commanding officer to whose authority he is subject, by an order, oral or written, delivered in person or by another commissioned officer. The authority to order such persons apprehended or into arrest or confinement may not be delegated.

(d) No person may be ordered apprehended or into arrest or confinement except for probable cause.

(e) This Section does not limit the authority of persons authorized to apprehend offenders to secure the custody of an alleged offender until proper authority may be notified.

Delivery of Offenders to Civil Authorities

Sec. 14. (a) Under such regulations as may be prescribed under this Code a person subject to this Code who is on active state duty who is accused of an offense against civil authority may be delivered, upon request, to the civil authority for trial.

(b) Subject to subsection (a) of this Section, any commanding officer may, in addition to or in lieu of admonition or reprimand, impose one or more of the following disciplinary punishments for minor offenses without the intervention of a court-martial:

(1) upon officers of his command;

(A) restriction to certain specified limits with or without suspension from duty, for not more than 30 days;

(B) if imposed by the Governor, or an officer of general rank in command;

(i) arrest in quarters for not more than 30 days;

(ii) forfeiture of not more than one-half of 1 month's pay per month for 2 months or a fine of not more than \$75;

(iii) restriction to certain specified limits, with or without suspension from duty, for not more than 60 days;

(iv) detention of not more than one-half of one month's pay per month for 3 months;

(2) upon other personnel of his command;

(A) if imposed upon a person attached to or embarked in a vessel, confinement for not more than 3 days;

(B) correctional custody for not more than 7 days;

(C) forfeiture of not more than 7 days pay or a fine of not more than \$10;

(D) reduction to the next inferior pay grade, if the grade from which demoted is within the promotion authority of the officer imposing the reduction or any officer subordinate to the one who imposes the reduction;

(E) extra duties including fatigue or other duties, for not more than 30 days, which need not be consecutive, and for not more than 2 hours per day, holidays included;

(F) restriction to certain specified limits, with or without suspension from duty for not more than 14 days;

(G) detention of not more than 14 days pay;

(H) if imposed by an officer of the grade of major or above;

(i) the punishment authorized under subsection (b)(2)(A) of this Section;

(ii) correctional custody for not more than 30 days;

(iii) forfeiture of not more than one-half of 1 month's pay per month for 2 months or a fine of not more than \$75;

(iv) reduction to the lowest or any intermediate pay grade, if the grade from which demoted is within the promotion authority of the officer imposing the reduction or any officer subordinate to the one who imposes the reduction, but an enlisted member in a pay grade above E-4 may not be reduced more than 2 pay grades;

(v) extra duties, including fatigue or other duties, for not more than 45 days which need not be consecutive and for not more than 2 hours per day, holidays included;

(vi) restriction to certain specified limits with or without suspension from duty, for not more than 60 days;

(vii) detention of not more than one-half of 1 months pay per month for 3 months. Detention of pay shall be for a stated period of not more than 1 year but if the offender's term of service expires earlier, the detention shall terminate upon that expiration. No 2 or more of the punishments of arrest in quarters, correctional custody, extra duties, and restriction may be combined to run consecutively in the maximum amount imposable for each. Whenever any of those punishments are combined to run consecutively, there must be an apportionment. In addition, fine or forfeiture of pay may not be combined with detention of pay without an apportionment. For the purposes of this subsection "correctional custody" is the physical restraint of a person during duty or non-duty hours and may include extra duties, fatigue duties, or hard labor. If practicable, correctional custody will not be served in immediate association with persons awaiting trial or held in confinement pursuant to trial by courts-martial.

(c) An officer in charge may impose upon enlisted members assigned to the unit of which he is in charge such of the punishments authorized under subsection (b)(2)(A)-(G) of this Section as the Governor may specifically prescribe by regulation.

(d) The officer who imposes the punishment authorized in subsection (b) or his successor in command, may, at any time, suspend probationally any

part or amount of the unexecuted punishment imposed and may suspend probationally a reduction in grade or fine or forfeiture imposed under subsection (b), whether or not executed. In addition, he may, at any time, remit or mitigate any part or amount of the unexecuted punishment imposed and may set aside in whole or in part the punishment, whether executed or unexecuted; and restore all rights, privileges, and property affected. He may also mitigate reduction in grade to fine or forfeiture or detention of pay.

When mitigating:

(1) arrest in quarters to restriction, or

(2) extra duties to restriction, the mitigated punishment shall not be for a greater period than the punishment mitigated. When mitigating forfeiture of pay to detention of pay, the amount of the detention shall not be greater than the amount of the forfeiture. When mitigating reduction in grade to fine, forfeiture or detention of pay, the amount of the fine, forfeiture or detention shall not be greater than the amount that could have been imposed initially under this Section by the officer who imposed the punishment mitigated.

(e) A person punished under this Section who considers his punishment unjust or disproportionate to the offense may, through the proper channel, appeal to the next superior authority. The appeal shall be promptly forwarded and decided, but the person punished may in the meantime be required to undergo the punishment adjudged. The superior authority may exercise the same powers with respect to the punishment imposed as may be exercised under subsection (d) of this Section by the officer who imposed the punishment. Before acting on an appeal from a punishment of:

- (1) arrest in quarters for more than 7 days;
- (2) correctional custody for more than 7 days;
- (3) forfeiture of more than 7 days pay;
- (4) reduction of 1 or more pay grades from the fourth or a higher pay grade;
- (5) extra duties for more than 14 days;
- (6) restriction of more than 14 days pay;
- (7) detention of more than 14 days pay; the authority who is to act on the appeal shall refer the case to a judge advocate or legal officer of the state military forces for consideration and advice, and may so refer the case upon appeal from any punishment imposed under subsection (b).

(f) The imposition and enforcement of disciplinary punishment under this Section for any act or omission is not a bar to trial by court-martial for a serious crime or offense growing out of the same act or omission, and not properly punishable under this Section, but the fact that a disciplinary punishment has been enforced may be shown by the accused

upon trial, and when so shown shall be considered in determining the measure of punishment to be adjudged in the event of a finding of guilty.

(g) The Governor may, by regulation, prescribe the form of records to be kept of proceedings under this Section and may also prescribe that certain categories of those proceedings shall be in writing.

SUBCHAPTER IV. COURTS-MARTIAL

Courts-Martial Classified

Sec. 16. The three kinds of courts-martial in each of the state military forces are:

(1) general court-martial, consisting of:

(A) a military judge and not less than 5 members; or

(B) only a military judge, if before the court is assembled the accused, knowing the identity of the military judge and after consultation with defense counsel, requests in writing a court composed only of a military judge and the military judge approves;

(2) special court-martial, consisting of:

(A) not less than 3 members; or

(B) a military judge and not less than 3 members; or

(C) only a military judge, if one has been detailed to the court, and the accused under the same conditions as those prescribed in clause (1)(B) so requests; and

(3) Summary court-martial, consisting of 1 officer, who shall be a military judge or an attorney licensed to practice law in this state.

Jurisdiction of Courts-Martial in General

Sec. 17. Each force of the state military forces has court-martial jurisdiction over all persons subject to this Code. The exercise of jurisdiction by one force over personnel of another force shall be in accordance with regulations prescribed by the Governor.

Jurisdiction of General Courts-Martial

Sec. 18. (a) Subject to Section 17 of this Code, general courts-martial have jurisdiction to try persons subject to this Code for any offense made punishable by this Code and may, under such limitations as the Governor may prescribe, adjudge any of the following punishments:

- (1) A fine of not more than \$200 or confinement for not more than 200 days;
- (2) Forfeiture of pay and allowances;
- (3) A reprimand;
- (4) Dismissal or dishonorable discharge;
- (5) Reduction of a noncommissioned officer to the ranks; or

(6) Any combination of these punishments.

(b) A dismissal or dishonorable discharge may not be adjudged unless a complete record of the proceedings and testimony has been made, counsel having the qualifications prescribed under Section 27(b) of this Code was detailed to represent the accused, and a military judge was detailed to the trial.

Jurisdiction of Special Courts-Martial

Sec. 19. (a) Subject to Section 17 of this Code, special courts-martial have jurisdiction to try persons subject to this Code, except commissioned officers, for any offense for which they may be punished under this Code. A special court-martial has the same powers of punishment as a general court-martial, except that a fine or confinement imposed by a special court-martial may not be more than \$100 fine or confinement of not more than 100 days for a single offense.

(b) A dismissal or dishonorable discharge may not be adjudged unless a complete record of the proceedings and testimony has been made, counsel having the qualifications prescribed under Section 27(b) of this title was detailed to represent the accused, and a military judge was detailed to the trial, except in any case in which a military judge could not be detailed to the trial because of physical conditions or military exigencies. In any such case in which a military judge was not detailed to the trial, the convening authority shall make a detailed written statement, to be appended to the record, stating the reason or reasons a military judge could not be detailed.

Jurisdiction of Summary Courts-Martial

Sec. 20. (a) Subject to Section 17 of this Code, summary courts-martial have jurisdiction to try persons subject to this Code, except officers, for any offense made punishable by this Code.

(b) No person with respect to whom summary courts-martial have jurisdiction may be brought to trial before a summary court-martial if he objects thereto. If objection to trial by summary court-martial is made by an accused, trial may be ordered by special or general court-martial, as may be appropriate.

(c) A summary court-martial may sentence to a fine of not more than \$25 or confinement for not more than 25 days for a single offense, to forfeiture of pay and allowances, and reduction of a noncommissioned officer to the ranks.

Sec. 20A. Reserved.

Jurisdiction of Courts-Martial not Exclusive

Sec. 21. The provisions of this chapter conferring jurisdiction upon courts-martial do not deprive military commissions, provost courts, or other military

tribunals of concurrent jurisdiction with respect to offenders or offenses that by statute or by the law of war may be tried by military commissions, provost courts, or other military tribunals.

SUBCHAPTER V. COMPOSITION OF COURTS-MARTIAL

Who May Convene General Courts-Martial

Sec. 22. In the militia or state military forces not in federal service general courts-martial may be convened by:

(a) the Governor of the State of Texas; or

(b) the Adjutant General or any other General Officer under such regulations as the Governor may promulgate.

Who May Convene Special Courts-Martial

Sec. 23. In the state military forces not in federal service, the commanding officer of a garrison, fort, post, camp, air base, auxiliary air base, or other place where troops are on duty, or of a division, brigade, regiment, wing, group, detached battalion, separate squadron, or other detached command, may convene special courts-martial. Special courts-martial may also be convened by superior authority. When any such officer is an accuser, the court may be convened by superior competent authority if considered advisable by him.

Who May Convene Summary Courts-Martial

Sec. 24. (a) In the state military forces not in federal service, the commanding officer of a garrison, fort, post, camp, air base, auxiliary air base, or other place where troops are on duty, or of a regiment, wing, group, detached battalion, detached squadron, detached company, or other detachment, may convene a summary court-martial.

Who May Serve on Courts-Martial

Sec. 25. (a) Any state commissioned officer in a duty status is eligible to serve on all courts-martial for the trial of any person who may lawfully be brought before such courts for trial.

(b) Any warrant officer in a state duty status is eligible to serve on general and special courts-martial for the trial of any person, other than a commissioned officer, who may lawfully be brought before such courts for trial.

(c)(1) Any enlisted member of the state military forces in a state duty status who is not a member of the same unit as the accused is eligible to serve on general and special courts-martial for the trial of any enlisted member of the state military forces who may lawfully be brought before such courts for trial but he shall serve as a member of a court only if, before the conclusion of a session called by the military judge under Section 39(a) of this Code prior

to trial or, in the absence of such a session, before the court is assembled for the trial of the accused, the accused personally has requested in writing that enlisted members serve on it. After such a request, the accused may not be tried by a general or special court-martial the membership of which does not include enlisted members in a number comprising at least one-third of the total membership of the court, unless eligible members cannot be obtained on account of physical conditions or military exigencies. If such members cannot be obtained, the court may be convened and the trial held without them, but the convening authority shall make a detailed written statement, to be appended to the record, stating why they could not be obtained.

(2) In this Section, the word "unit" means any regularly organized body of the state military forces.

(d)(1) When it can be avoided, no person subject to this Code may be tried by a court-martial, any member of which is junior to him in rank or grade.

(2) When convening a court-martial, the convening authority shall detail as members thereof such members of the state military forces as, in his opinion, are best qualified for the duty by reason of age, education, training, experience, length of service, and judicial temperament. No member of the state military forces is eligible to serve as a member of a general or special court-martial when he is the accuser or a witness for the prosecution or has acted as investigating officer or as counsel in the same case.

Military Judge of a Court-Martial

Sec. 26. (a) The authority convening a general court-martial shall, and, subject to regulations issued by the Governor, the authority convening a special or summary court-martial may detail a military judge thereto. A military judge shall preside over open sessions of the court-martial to which he has been detailed.

(b) A military judge shall be a commissioned officer of the state military forces who is a member of the bar of a Federal court and a member of the bar of the highest court of this state and who is certified to be qualified for duty as a military judge by the State Judge Advocate General of the state military forces.

(c) The military judge of a general court-martial shall be designated by the State Judge Advocate General, or his designee, for detail by the convening authority, and, unless the court-martial was convened by the Governor or the Adjutant General, neither the convening authority nor any member of his staff shall prepare or review any report concerning the effectiveness, fitness, or efficiency of the military judge so detailed, which relates to his performance of duty as a military judge.

(d) No person is eligible to act as military judge in a case if he is the accuser or a witness for the prosecution or has acted as investigating officer or a counsel in the same case.

(e) The military judge of a court-martial may not consult with the members of the court except in the presence of the accused, trial counsel, and defense counsel, nor may he vote with the members of the court.

(f) A military judge detailed to preside over a court-martial hereunder shall not be subject to any report concerning the effectiveness, fitness, or efficiency of that military judge so detailed, which relates to his performance of duty as a military judge, by such convening authority, nor any member of his staff.

(g) All trial counsel, defense counsel, military judges, legal officers, summary court officers, and any other person certified by the State Judge Advocate General to perform legal functions under this Code, shall be used interchangeably, as needed, among all of the state military forces.

Detail of Trial Counsel and Defense Counsel

Sec. 27. (a) For each general, special, and summary court-martial the authority convening the court shall detail trial counsel and defense counsel and such assistants as he considers appropriate. No person who has acted as investigating officer, military judge, or court member in any case may act later as trial counsel, assistant trial counsel, or, unless expressly requested by the accused, as defense counsel, or assistant defense counsel in the same case. No person who has acted for the prosecution may act later in the same case for the defense, nor may any person who has acted for the defense act later in the same case for the prosecution.

(b) Trial counsel or defense counsel detailed for a general court-martial:

(1) Must be a graduate of an accredited law school and a member of the bar of a Federal court or of the highest court of a state; and

(2) Must be certified as competent to perform such duties by the State Judge Advocate General.

(c) In the case of a special or summary court-martial:

(1) The accused shall be afforded the opportunity to be represented at the trial by counsel having the qualifications prescribed under Section 27(b) of this Code unless counsel having such qualifications cannot be obtained on account of physical conditions or military exigencies. If counsel having such qualifications cannot be obtained, the court may be convened and the trial held but the convening authority shall make a detailed written statement, to be appended to the record, stating

why counsel with such qualifications could not be obtained;

(2) If the trial counsel is qualified to act as counsel before a general court-martial, the defense counsel detailed by the convening authority must be a person similarly qualified; and

(3) If the trial counsel is a judge advocate, or a member of the bar of a Federal court or the highest court of a state, the defense counsel detailed by the convening authority must be one of the foregoing.

Detail or Employment of Reporters and Interpreters

Sec. 28. Under such regulations as the Governor may prescribe, the convening authority of a general or special court-martial, military commission, court of inquiry, or a military tribunal shall detail or employ qualified court reporters who shall record the proceedings of and testimony taken before that court, commission, or tribunal. Under like regulations the convening authority may detail or employ interpreters who shall interpret for the court, commission, or tribunal.

Absent and Additional Members

Sec. 29. (a) No member of a general or special court-martial may be absent or excused after the court has been assembled for the trial of the accused except for physical disability or as the result of a challenge or by order of the convening authority for good cause.

(b) Whenever a general court-martial, other than a general court-martial composed of a military judge only, is reduced below 5 members the trial may not proceed unless the convening authority details new members sufficient in number to provide not less than 5 members. The trial may proceed with the new members present after the recorded evidence previously introduced has been read to the court in the presence of the military judge, the accused, and counsel for both sides.

(c) Whenever a special court-martial, other than a special court-martial composed of a military judge only, is reduced below 3 members, the trial may not proceed unless the convening authority details new members sufficient in number to provide not less than 3 members. The trial shall proceed with the new members present as if no evidence had previously been introduced at the trial, unless a verbatim record of the evidence previously introduced before the members of the court or a stipulation thereof is read to the court in the presence of the military judge, if any, the accused, and counsel for both sides.

(d) If the military judge of a court-martial composed of a military judge only is unable to proceed with the trial because of physical disability, as a result of a challenge, or for other good cause, the trial shall proceed, subject to any applicable condi-

tions of Section 16(1)(B) or (2)(C) of this Code, after the detail of a new military judge as if no evidence had previously been introduced, unless a verbatim record of the evidence previously introduced or stipulation thereof is read in court in the presence of the new military judge, the accused, and counsel for both sides.

SUBCHAPTER VI. PRE-TRIAL PROCEDURE

Charges and Specifications

Sec. 30. (a) Charges and specifications shall be signed by a person subject to this Code under oath before a commissioned officer of the state military force authorized to administer oaths and shall state:

(1) That the signer has personal knowledge of, or has investigated, the matters set forth therein; and

(2) That they are true in fact to the best of his knowledge and belief.

(b) Upon the preferring of charges, the proper authority shall take immediate steps to determine what disposition should be made thereof in the interest of justice and discipline, and the person accused shall be informed of the charges against him as soon as practicable.

Compulsory Self-Incrimination Prohibited

Sec. 31. (a) No person subject to this Code may compel any person to incriminate himself or to answer any question the answer to which may tend to incriminate him.

(b) No person subject to this Code may interrogate, or request any statement from an accused or a person suspected of an offense without first informing him of the nature of the accusation and advising him that he does not have to make any statement regarding the offense of which he is accused or suspected and that any statement made by him may be used as evidence against him in a trial by court-martial.

(c) No person subject to this Code may compel any person to make a statement or produce evidence before any military tribunal if the statement or evidence is not material to the issue and may tend to degrade him.

(d) No statement obtained from any person in violation of this Section, or through the use of coercion, unlawful influence, or unlawful inducement may be received in evidence against him in a trial by court-martial.

Investigation

Sec. 32. (a) No charge or specification may be referred to a general court-martial for trial until a thorough and impartial investigation of all the matters set forth therein has been made. This investigation shall include inquiry as to the truth of the

matter set forth in the charges, consideration of the form of charges, and a recommendation as to the disposition which should be made of the case in the interest of justice and discipline.

(b) The accused shall be advised of the charges against him and of his right to be represented at that investigation by counsel. Upon his own request, he shall be represented by civilian counsel if provided by him, or military counsel of his own selection if such counsel is reasonably available, or by counsel detailed by the officer exercising general court-martial jurisdiction over the command. At that investigation full opportunity shall be given to the accused to cross-examine witnesses against him if they are available and to present anything he may desire in his own behalf, either in defense or mitigation, and the investigating officer shall examine available witnesses requested by the accused. If the charges are forwarded after the investigation, they shall be accompanied by a statement of the substance of the testimony taken on both sides and a copy thereof shall be given to the accused.

(c) If an investigation of the subject matter of an offense has been conducted before the accused is charged with the offense, and if the accused was present at the investigation and afforded the opportunities for representation, cross-examination, and presentation prescribed in subsection (b) of this Section, no further investigation of that charge is necessary under this Section unless it is demanded by the accused after he is informed of the charge. A demand for further investigation entitles the accused to recall witnesses for further cross-examination and to offer any new evidence in his own behalf.

(d) The requirements of this Section are binding on all persons administering this Code but failure to follow them does not constitute jurisdictional error.

Forwarding of Charges

Sec. 33. When a person is held for trial by general court-martial the commanding officer shall, within 8 days after the accused is ordered into arrest or confinement, if practicable, forward the charges, together with the investigation and allied papers, to the officer exercising general court-martial jurisdiction. If that is not practicable, he shall report in writing to that officer the reasons for delay.

Advice of Staff Judge Advocate and Reference for Trial

Sec. 34. (a) Before directing the trial of any charge by general court-martial, the convening authority shall refer it to his staff judge advocate or legal officer for consideration and advice. The convening authority may not refer a charge to a general court-martial for trial unless he has found that the charge alleges an offense under this Code and is warranted by evidence indicated in the report of investigation.

(b) If the charges or specifications are not formally correct or do not conform to the substance of the evidence contained in the report of the investigating officer, formal corrections, and such changes in the charges and specifications as are needed to make them conform to the evidence may be made.

Service of Charges

Sec. 35. The trial counsel to whom court-martial charges are referred for trial shall cause to be served upon the accused a copy of the charges upon which trial is to be had. In time of peace no person may, against his objections, be brought to trial, or be required to participate by himself or counsel in a session called by the military judge under Section 39(a) of this Code in a general court-martial case within a period of 5 days after the service of charges upon him, or in a special court-martial case within a period of 3 days after the service of charges upon him.

SUBCHAPTER VII. TRIAL PROCEDURE

Governor May Prescribe Rules

Sec. 36. The procedure, including modes of proof, in cases before military courts and other military tribunals may be prescribed by the Governor by regulations, which shall, so far as he considers practicable, apply the principles of law and the rules of evidence generally recognized in the trial of criminal cases in the courts of the State of Texas, but which may not be contrary to or inconsistent with this Code.

Unlawfully Influencing Action of Court

Sec. 37. (a) No authority convening a general, special or summary court-martial nor any other commanding officer, or officer serving on the staff thereof, may censure, reprimand, or admonish the court or any member, military judge, or counsel thereof, with respect to the findings or sentence adjudged by the court, or with respect to any other exercise of its or his functions in the conduct of the proceeding. No person subject to this Code may attempt to coerce or, by any unauthorized means, influence the action of the court-martial or any other military tribunal or any member thereof, in reaching the findings or sentence in any case, or the action of any convening, approving, or reviewing authority with respect to his judicial acts. The foregoing provisions of the subsection shall not apply with respect to (1) general instructional or informational courses in military justice if such courses are designed solely for the purpose of instructing members of a command in the substantive and procedural aspects of court-martial, or (2) to statements and instructions given in open court by the military judge, president of a special court-martial, or counsel.

(b) In the preparation of an effectiveness, fitness, or efficiency report, or any other report or document used in whole or in part for the purpose of determining whether a member of the state military forces is qualified to be advanced in grade, or in determining the assignment or transfer of a member of the state military forces or in determining whether a member of the state military forces should be retained on duty, no person subject to this Code may, in preparing any such report (1) consider or evaluate the performance of duty of any such member as a member of a court-martial, or (2) give a less favorable rating or evaluation of any member of the state military forces because of the zeal with which such member, as counsel, represented any accused before a court-martial.

Duties of Trial Counsel and Defense Counsel

Sec. 38. (a) The trial counsel of a general or special court-martial shall prosecute in the name of the State of Texas, and shall, under the direction of the court, prepare the record of the proceedings.

(b) The accused has the right to be represented in his defense before a general, special or summary court-martial by civilian counsel if provided by him, or by military counsel of his own selection if reasonably available, or by the defense counsel detailed under Section 27 of this Code. Should the accused have counsel of his own selection, the defense counsel, and assistant defense counsel, if any, who were detailed, shall, if the accused so desires, act as his associate counsel; otherwise they shall be excused by the military judge or by the president of a court-martial without a military judge.

(c) In every court-martial proceeding, the defense counsel may, in the event of conviction, forward for attachment to the record of proceedings, a brief of such matters he feels should be considered in behalf of the accused on review, including any objection to the contents of the record which he considers appropriate.

(d) An assistant trial counsel of a general court-martial may, under the direction of the trial counsel or when he is qualified to be a trial counsel as required by Section 27 of this Code, perform any duty imposed by law, regulation, or the custom of the service upon the trial counsel of the court. An assistant trial counsel of a special court-martial may perform any duty of the trial counsel.

(e) An assistant defense counsel of a general or special court-martial may, under the direction of the defense counsel or when he is qualified to be the defense counsel as required by Section 27 of this Code, perform any duty imposed by law, regulation, or the custom of the service upon counsel for the accused.

Sessions

Sec. 39. (a) At any time after the service of charges which have been referred for trial to a court-martial composed of a military judge and members, the military judge may, subject to Section 35 of this Code, call the court into session without the presence of the members for the purpose of:

(1) Hearing and determining motions raising defenses or objections which are capable of determination without trial of the issues raised by a plea of not guilty;

(2) Hearing and ruling upon any matter which may be ruled upon by the military judge under this chapter, whether or not the matter is appropriate for later consideration or decision by the members of the court;

(3) If permitted by regulations of the Governor, holding the arraignment and receiving the pleas of the accused; and

(4) Performing any other procedural function which may be performed by the military judge under this chapter or under rules prescribed pursuant to Section 36 of this Code and which does not require the presence of the members of the court. These proceedings shall be conducted in the presence of the accused, the defense counsel, and the trial counsel and shall be made a part of the record.

(b) When the members of a court-martial deliberate or vote, only the members may be present. All other proceedings, including any other consultation of the members of the court with counsel or the military judge, shall be made a part of the record and shall be in the presence of the accused, the defense counsel, the trial counsel, and in cases in which a military judge has been detailed to the court, the military judge.

Continuances

Sec. 40. The military judge or a court-martial without a military judge may, for reasonable cause, grant a continuance to any party for such time, and as often, as may appear to be just.

Challenges

Sec. 41. (a) The military judge and members of a general or special court-martial may be challenged by the accused or the trial counsel for cause stated to the court. The military judge, or, if none, the court shall determine the relevancy and validity of challenges for cause, and may not receive a challenge to more than 1 person at a time. Challenges by trial counsel shall ordinarily be presented and decided before those by the accused are offered.

(b) Each accused and the trial counsel are entitled to 1 peremptory challenge, but the military judge may not be challenged except for cause.

Oaths

Sec. 42. Before performing their respective duties, military judges, members of general and special courts-martial, trial counsel, assistant trial counsel, defense counsel, assistant defense counsel, reporters, and interpreters shall take an oath to perform their duties faithfully. The oath or affirmation shall be taken in the presence of the accused, and shall read as follows:

(a) Court members:

"You, _____, do swear (or affirm) that you will faithfully perform all the duties incumbent upon you as a member of this court; that you will faithfully and impartially try, according to the evidence, your conscience, and the laws and regulations provided for trials by courts-martial, the case of (the) (each) accused now before this court; and that if any doubt should arise not explained by the laws and regulations, then according to the best of your understanding and the customs of the service in like cases; that you will not divulge the findings and sentence in any case until they shall have been duly announced by the court; and that you will not disclose or discover the vote or opinion of any particular member of the court upon a challenge or upon the findings or sentence unless required to do so before a court of justice in due course of law. So help you God."

(b) Military judge:

"You, _____, do swear (or affirm) that you will faithfully and impartially perform, according to your conscience and the laws and regulations provided for trials by courts-martial, all the duties incumbent upon you as military judge of this court; that if any doubt should arise not explained by the laws and regulations, then according to the best of your understanding and the customs of the service in like cases; and that you will not divulge the findings or sentence in any case until they shall have been duly announced by the court. So help you God."

(c) Trial counsel and assistant trial counsel:

"You, _____ (and) _____, do swear (or affirm) that you will faithfully perform the duties of trial counsel and will not divulge the findings or sentence of the court to any but the proper authority until they shall be duly disclosed. So help you God."

(d) Defense counsel and assistant defense counsel:

"You, _____ (and) _____, do swear (or affirm) that you will faithfully perform the duties of defense (and individual) counsel and will not divulge the findings or sentence of the

court to any but the proper authority until they shall be duly disclosed. So help you God."

(e) Court of inquiry:

The recorder of a court of inquiry shall administer to the members the following oath: "You shall well and truly examine and inquire, according to the evidence, into the matter now before you without partiality, favor, affection, prejudice or hope of reward. So help you God." After which the president of the court shall administer to the recorder the following oath: "You do swear that you will according to your best abilities, accurately and impartially record the proceedings of the court and the evidence to be given in the case in hearing. So help you God."

(f) Witnesses:

All persons who give evidence before a court-martial or court of inquiry shall be examined on oath administered by the presiding officer in the following form: "You swear (or affirm) that the evidence you shall give in the case now in hearing shall be the truth, the whole truth, and nothing but the truth. So help you God."

(g) Reporter or interpreter:

"You swear (or affirm) that you will faithfully perform the duties of reporter (or interpreter) to this court. So help you God."

Statute of Limitations

Sec. 43. (a) A person charged with desertion or absence without leave in time of war, or with aiding the enemy or with mutiny may be tried and punished at any time without limitation.

(b) Except as otherwise provided in this Section, a person charged with desertion in time of peace or with the offenses punishable under Sections 115, 116 and 117 of this Code is not liable to be tried by court-martial if the offense was committed more than 3 years before the receipt of sworn charges and specifications by an officer exercising summary court-martial jurisdiction over the command.

(c) Except as otherwise provided in this Section, a person charged with any offense is not liable to be tried by court-martial or punished under Section 15 of this Code if the offense was committed more than 2 years before the receipt of sworn charges and specifications by an officer exercising summary court-martial jurisdiction over the command, or before the imposition of punishment under Section 15 of this Code.

(d) Periods in which the accused was absent from territory in which the state has the authority to apprehend him, or in the custody of civil authorities, or in the hands of the enemy, shall be excluded in computing the period of limitation prescribed in this Section.

Former Jeopardy

Sec. 44. (a) No person may be tried a second time in any military court of the State of Texas for the same offense.

(b) No proceedings in which an accused has been found guilty by a court-martial upon any charge or specification is a trial in the sense of this Section until the finding of guilty has become final after review of the case has been fully completed.

(c) A proceeding which, after the introduction of evidence but before a finding, is dismissed or terminated by the convening authority or on motion of the prosecution for failure of available evidence or witnesses without any fault of the accused is a trial in the sense of this Section.

Pleas of the Accused

Sec. 45. (a) If an accused after arraignment makes an irregular pleading, or after a plea of guilty sets up matter inconsistent with the plea, or if it appears that he has entered the plea of guilty imprudently or through lack of understanding of its meaning and effect, or if he fails or refuses to plead, a plea of not guilty shall be entered in the record, and the court shall proceed as though he had pleaded not guilty.

(b) With respect to any charge or specification to which a plea of guilty has been made by the accused and accepted by the military judge, or by a court-martial without a military judge, a finding of guilty of the charge or specification may, if permitted by regulations of the Governor, be entered immediately without vote. This finding shall constitute the finding of the court unless the plea of guilty is withdrawn prior to the announcement of the sentence, in which event the proceedings shall continue as though the accused had pleaded not guilty.

Opportunity to Obtain Witnesses and Other Evidence

Sec. 46. (a) The trial counsel, the defense counsel, accused, and the court-martial shall have equal opportunity to obtain witnesses and other evidence. Each shall have the right of compulsory process for obtaining witnesses.

(b) The presiding officer of a court-martial may:

(1) Issue a warrant for the arrest of any accused person who having been served with a warrant and a copy of the charges, disobeys a written order by the convening authority to appear before the court;

(2) Issue subpoenas duces tecum and other subpoenas;

(3) Enforce by attachment the attendance of witnesses and the production of books and papers; and

(4) Sentence for refusal to be sworn or to answer, as provided in actions before civil courts of the state.

(c) Process issued in court-martial cases to compel witnesses to appear and testify and to compel the production of other evidence shall run to any part of the state and shall be executed by civil officers or peace officers as described by the laws of the state.

Refusal to Appear or Testify

Sec. 47. (a) Any person not subject to this Code who:

(1) Has been duly subpoenaed to appear as a witness or to produce books and records before a military court or before any military or civil officer or peace officer designated to take a deposition to be read in evidence before a court;

(2) Has been duly paid or tendered the fees and mileage of a witness at the rates allowed to witnesses under Section 145 of this Code. These fees are to be paid by the Adjutant General's Department as hereinafter provided; and

(3) Wilfully neglects or refuses to appear, or refuses to qualify as a witness or to testify or to produce any evidence which that person may have been legally subpoenaed to produce; is guilty of an offense against the state and may be punished by fine not to exceed \$1,000 or confinement not to exceed 60 days in jail, or by both fine and confinement, and such witness shall be prosecuted in the appropriate county court.

(b) The appropriate prosecuting official for the state in any county court having jurisdiction where the military proceeding was convened shall, upon submission of a complaint to him by the presiding officer of a military court, commission, court of inquiry, or board, file an information against and prosecute any person violating this Section.

Contempts

Sec. 48. A military court may punish for contempt any person who uses any menacing word, sign, or gesture in its presence, or who disturbs its proceedings by any riot or disorder. Punishment may not exceed confinement for 30 days or a fine of \$100, or both.

Depositions

Sec. 49. (a) At any time after charges have been signed, as provided in Section 30 of this Code, any party may take oral or written depositions unless the military judge, a court-martial without a military judge hearing the case, or, if the case is not being heard, an authority competent to convene a court-martial for the trial of those charges forbids it for good cause. If a deposition is to be taken before charges are referred for trial, such an authority may designate commissioned officers to represent the

prosecution and the defense and may authorize those officers to take the deposition of any witness.

(b) The party at whose instance a deposition is to be taken shall give to every other party reasonable written notice of the time and place for taking the deposition.

(c) Depositions may be taken before and authenticated by any military or civil officer authorized by laws of the state or by the laws of the place where the deposition is taken to administer oaths.

(d) Any duly authenticated deposition taken upon reasonable notice to the other parties, so far as otherwise admissible under the rules of evidence, may be read in evidence before any military court or commission, or in any proceeding before a court of inquiry or military board, if it appears:

(1) That the witness resides or is beyond the state in which the court-martial or court of inquiry is ordered to sit, or beyond the distance of 100 miles from the place of trial or hearing;

(2) That the witness by reason of death, age or sickness, bodily infirmity, imprisonment, military necessity, non-amenability to process, or other reasonable cause, is unable or refuses to appear and testify in person at the place of trial or hearing; or

(3) That the present whereabouts of the witness is unknown.

Admissibility of Records of Courts of Inquiry

Sec. 50. (a) In any case not extending to the dismissal of a commissioned officer, the sworn testimony, contained in the duly authenticated record of proceedings of a court of inquiry, of a person whose oral testimony cannot be obtained, may, if otherwise admissible under the rules of evidence, be read in evidence by any party before a court-martial if the accused was a party before the court of inquiry and if the same issue was involved or if the accused consents to the introduction of such evidence.

(b) Such testimony may be read in evidence only by the defense in cases extending to the dismissal of a commissioned officer.

(c) Such testimony may also be read in evidence before a court of inquiry or a military board.

(d) In all courts of inquiry both enlisted men and officers shall have the right to counsel and the right to cross examination of all witnesses.

Voting and Rulings

Sec. 51. (a) Voting by members of a general or special court-martial on the findings, on the sentence, and by members of a court-martial without a military judge upon questions of challenge, shall be by secret written ballot. The junior member of the court shall count the votes. The count shall be

checked by the president, who shall forthwith announce the result of the ballot to the members of the court.

(b) The military judge and, except for questions of challenge, the president of a court-martial without a military judge shall rule upon all questions of law and all interlocutory questions arising during the proceedings. Any such ruling made by the military judge upon any question of law or any interlocutory question other than the factual issue of mental responsibility of the accused, or by the president of a court-martial without a military judge upon any question of law other than a motion for a finding of not guilty, is final and constitutes the ruling of the court. However, the military judge or the president of a court-martial without a military judge may change his ruling at any time during the trial. Unless the ruling is final, if any member objects thereto, the court shall be cleared and closed and the question decided by a voice vote as provided in Section 52 of this Code beginning with the junior in rank.

(c) Before a vote is taken on the findings, the military judge or the president of a court-martial without a military judge shall, in the presence of the accused and counsel, instruct the members of the court as to the elements of the offense and charge them:

(1) That the accused must be presumed to be innocent until his guilt is established by legal and competent evidence beyond reasonable doubt;

(2) That in the case being considered, if there is a reasonable doubt as to the guilt of the accused, the doubt must be resolved in favor of the accused and he must be acquitted;

(3) That, if there is a reasonable doubt as to the degree of guilt, the finding must be in a lower degree as to which there is no reasonable doubt; and

(4) That the burden of proof of establishing the guilt of the accused beyond reasonable doubt is upon the state.

(d) Subsections (a), (b), and (c) of this Section do not apply to a court-martial composed of a military judge only. The military judge of such a court-martial shall determine all questions of law and fact arising during the proceedings and, if the accused is convicted, adjudge an appropriate sentence. The military judge of such a court-martial shall make a general finding and shall in addition on request find the facts specially. If an opinion or memorandum of decision is filed, it will be sufficient if the findings of fact appear therein.

Number of Votes Required

Sec. 52. (a) No person may be convicted of an offense, except by the concurrence of two-thirds of the members present at the time the vote is taken.

(b) All sentences shall be determined by the concurrence of two-thirds of the members present at the time the vote is taken.

(c) All other questions to be decided by the members of a general or special court-martial shall be determined by a majority vote. A tie vote on a challenge disqualifies the member challenged, but a determination to reconsider a finding of guilty or to reconsider a sentence, with a view toward decreasing it, may be made by any lesser vote which indicates that the reconsideration is not opposed by the number of votes required for that finding or sentence. A tie vote on a motion for a finding of not guilty or on a motion relating to the question of the accused's sanity is a determination against the accused. A tie vote on any other question is a determination in favor of the accused.

Court to Announce Action

Sec. 53. A court-martial shall announce its findings and sentence to the parties as soon as determined.

Record of Trial

Sec. 54. (a) Each general court-martial shall keep a separate record of the proceedings of the trial of each case brought before it and the record shall be authenticated by the signature of the military judge. If the record cannot be authenticated by the military judge by reason of his death, disability, or absence, it shall be authenticated by the signature of the trial counsel or by that of a member if the trial counsel is unable to authenticate it by reason of his death, disability, or absence. In a court-martial consisting of only a military judge, the record shall be authenticated by the court reporter under the same conditions that would impose such a duty on a member under this subsection. If the proceedings have resulted in an acquittal of all charges and specifications or, if not affecting a general or flag officer, in a sentence not including discharge and not in excess of that which may otherwise be adjudged by a special court-martial, the record shall contain such matters as may be prescribed by regulations of the Governor.

(b) Each special and summary court-martial shall keep a separate record of the proceedings in each case, and the record shall contain the matter and shall be authenticated in the manner required by such regulations as the Governor may prescribe.

(c) A copy of the record of the proceedings of each general and special court-martial shall be given to the accused as soon as it is authenticated.

SUBCHAPTER VIII. SENTENCES

Cruel and Unusual Punishments Prohibited

Sec. 55. Punishment by flogging, or by branding, marking or tattooing on the body, or any other cruel

or unusual punishment, may not be adjudged by any court-martial or inflicted upon any person subject to this Code. The use of irons, single or double, except for the purpose of safe custody, is prohibited.

Maximum Limits

Sec. 56. The punishment which a court-martial may direct for an offense may not exceed the limits prescribed by this Code nor limits prescribed by the Governor of the State of Texas.

Effective Date of Sentences

Sec. 57. (a) Whenever a sentence of a court-martial as lawfully adjudged and approved includes a forfeiture of pay or allowances in addition to confinement not suspended or deferred, the forfeiture may apply to pay or allowances becoming due on or after the date the sentence is approved by the convening authority. No forfeiture may extend to any pay or allowances accrued before that date.

(b) Any period of confinement included in a sentence of a court-martial begins to run from the date the sentence is adjudged by the court-martial, but periods during which the sentence to confinement is suspended or deferred shall be excluded in computing the service of the term of confinement.

(c) On application by an accused who is under sentence to confinement that has not been ordered executed, the convening authority or, if the accused is no longer under his jurisdiction, the officer exercising general court-martial jurisdiction over the command to which the accused is currently assigned, may in his sole discretion defer service of the sentence to confinement. The deferment shall terminate when the sentence is ordered executed. The deferment may be rescinded at any time by the officer who granted it or, if the accused is no longer under his jurisdiction, by the officer exercising general court-martial jurisdiction over the command to which the accused is currently assigned.

(d) In the militia or state military forces not in federal service, no sentence of dismissal or dishonorable discharge may be executed until it is approved by the Governor.

(e) All other sentences of courts-martial are effective on the date ordered executed.

Execution of Confinement

Sec. 58. (a) A sentence of confinement adjudged by a military court, whether or not the sentence includes discharge or dismissal, and whether or not the discharge or dismissal has been executed, may be carried into execution by confinement in any place of confinement under the control of any of the forces of the state military forces or in any jail, penitentiary, or prison designated for that purpose. Persons so confined in a jail, penitentiary, or prison are subject to the same discipline and treatment as

persons confined or committed to the jail, penitentiary, or prison by the courts of the state or of any political subdivision thereof.

(b) The omission of the words "hard labor" from any sentence or punishment of a court-martial adjudging confinement does not deprive the authority executing that sentence or punishment of the power to require hard labor as a part of the punishment.

(c) The keepers, officers, and wardens of city or county jails and other jails, penitentiaries, or prisons designated by the Governor, or by such person as he may authorize to act under Section 10 of this Code, shall receive persons ordered into confinement before trial and persons committed to confinement by a military court and shall confine them according to law. No such keeper, officer, or warden may require payment of any fee or charge for so receiving or confining a person.

SUBCHAPTER IX. REVIEW OF COURTS-MARTIAL

Error of Law; Lesser Included Offense

Sec. 59. (a) A finding or sentence of a court-martial may not be held incorrect on the ground of an error of law unless the error materially prejudices the substantial rights of the accused.

(b) Any reviewing authority with the power to approve or affirm a finding of guilty may approve or affirm, instead, so much of the finding as includes a lesser included offense.

Initial Action on the Record

Sec. 60. After trial by court-martial the record shall be forwarded to the convening authority, and action thereon may be taken by the person who convened the court, a commissioned officer commanding for the time being, a successor in command, or any officer exercising general court-martial jurisdiction.

Same General Court-Martial Records

Sec. 61. The convening authority shall refer the record of each general court-martial to his judge advocate who shall submit his written opinion thereon to the convening authority. If the final action of the court has resulted in an acquittal of all charges and specifications, the opinion shall be limited to questions of jurisdiction.

Reconsideration and Revision

Sec. 62. (a) If a specification before a court-martial has been dismissed on motion and the ruling does not amount to a finding of not guilty, the convening authority may return the record to the court for reconsideration of the ruling and any further appropriate action.

(b) Where there is an apparent error or omission in the record or where the record shows improper or inconsistent action by a court-martial with respect to a finding or sentence which can be rectified without material prejudice to the substantial rights of the accused, the convening authority may return the record to the court for appropriate action. In no case, however, may the record be returned:

(1) For reconsideration of a finding of not guilty, or a ruling which amounts to a finding of not guilty;

(2) For consideration of a finding of not guilty of any charge, unless the record shows a finding of guilty under a specification laid under that charge, which sufficiently alleges a violation of some Section of this Code; or

(3) For increasing the severity of the sentence unless the sentence prescribed for the offense is mandatory.

Rehearings

Sec. 63. (a) If the convening authority disapproves the finding and sentence of a court-martial he may, except where there is lack of sufficient evidence in the record to support the findings, order a rehearing. In such a case he shall state the reasons for disapproval. If he disapproves the findings and sentence and does not order a rehearing, he shall dismiss the charges.

(b) Each rehearing shall take place before a court-martial composed of members not members of the court-martial which first heard the case. Upon a rehearing the accused may not be tried for any offense of which he was found not guilty by the first court-martial, and no sentence in excess of or more severe than the original sentence may be imposed, unless the sentence is based upon a finding of guilty of an offense not considered upon the merits in the original proceedings, or unless the sentence prescribed for the offense is mandatory.

Approval by the Convening Authority

Sec. 64. In acting on the findings and sentence of a court-martial, the convening authority may approve only such findings of guilty, and the sentence or such part or amount of the sentence, as he finds correct in law and fact and as he in his discretion determines should be approved. Unless he indicates otherwise, approval of the sentence is approval of the findings and sentence.

Disposition of Records After Review by Convening Authority

Sec. 65. (a) If the convening authority is the Governor, his action on the review of any record of trial is final.

(b) In all other cases not covered by subsection (a) of this Section, if the sentence of a special court-

martial as approved by the convening authority includes a dishonorable discharge, whether or not suspended, the entire record shall be sent to the appropriate judge advocate or legal officer of the state military forces concerned to be reviewed in the same manner as a record of trial by general court-martial. The record and the opinion of the judge advocate or legal officer shall then be sent to the State Judge Advocate General for review.

(c) All other special and summary court-martial records shall be sent to the judge advocate or legal officer of the appropriate force of the state military forces and shall be acted upon, transmitted, and disposed of as may be prescribed by regulations prescribed by the Governor.

(d) The State Judge Advocate General shall review the record of trial in each case sent to him for review as provided under subsection (b) of this Section. If the final action of the court-martial has resulted in an acquittal of all charges and specifications, the opinion of the State Judge Advocate General is limited to questions of jurisdiction.

(e) The State Judge Advocate General shall take final action in any case reviewable by him.

Review by State Judge Advocate General

Sec. 66. (a) In a case reviewable by the State Judge Advocate General under this Section, the State Judge Advocate General may act only with respect to the findings and sentence as approved by the convening authority. He may affirm only such findings of guilty, and the sentence or such part or amount of the sentence, as he finds correct in law and fact and determines, on the basis of the entire record, should be approved. In considering the record, he may weigh the evidence, judge the credibility of witnesses, and determine controverted questions of fact, recognizing that the trial court saw and heard the witnesses. If the State Judge Advocate General sets aside the findings and sentence, he may, except where the setting aside is based on lack of sufficient evidence in the record to support the findings, order a rehearing. If he sets aside the findings and sentence and does not order a rehearing, he shall order that the charges be dismissed.

(b) In a case reviewable by the State Judge Advocate General under this or the preceding Section, he shall instruct the convening authority to act in accordance with his decision on the review. If he has ordered a rehearing but the convening authority finds a rehearing impracticable, he may dismiss the charges.

Review by Texas Court of Military Appeals

Sec. 67. (a)(1) There is hereby established a Texas Court of Military Appeals, located for administrative purposes only in the Adjutant General's Department, State of Texas. The court shall consist of 5

Initial appointments to this court will be: 1 judge for a 2-year term, 2 judges for a 4-year term, and 2 judges for a 6-year term. The term of office of all successor judges shall be for a 6-year period of time, but any judge appointed to fill a vacancy occurring prior to the expiration of the term for which his predecessor was appointed shall be appointed only for the unexpired term of his predecessor. The Adjutant General of Texas, upon the advice and recommendation of the State Judge Advocate General, shall appoint the chief judge of this court. A person is eligible for appointment to this court who:

(A) is a member of the bar of the highest court of this state;

(B) is a member of a Federal bar;

(E) has been engaged in the active practice of law for at least 5 years;

(F) has at least 5 years experience as a staff judge advocate, judge advocate, or legal officer with the state military forces. The requirements in (E) and (F) of this Section may be satisfied by equivalent experience or practice in the armed forces of the United States.

(2) The court may promulgate its own rules of procedure, provided, however, that a majority shall constitute a quorum and the concurrence of 3 judges shall be necessary to a decision of the court.

(3) Judges of the Texas Court of Military Appeals may be removed by the Adjutant General of Texas, upon notice and hearing for neglect of duty or malfeasance in office, or for mental or physical disability.

(4) If a judge of the Texas Court of Military Appeals is temporarily unable to perform his duties the Adjutant General upon the advice and recommendation of the State Judge Advocate General may designate a military judge, as defined in this Code, to fill the office for the period of disability.

(5) The judges of the Texas Court of Military Appeals, while actually sitting in review of a matter placed under their jurisdiction by this Code, and while travelling to and from such session, shall be paid compensation equal to that compensation as prescribed for the Judges of the Texas Courts of Civil Appeals, as per the then current appropriation bill for the State of Texas, together with the actual cost of their meals and lodging and actual travel expense or the amount set by the then current appropriation bill if private transportation is utilized.

(b) The Texas Court of Military Appeals shall have appellate jurisdiction, upon petition of an accused, to hear and review the record in:

(1) All general and special court-martial cases; and

(2) All other cases where a judge of this court has made a determination that there may be a constitutional issue involved.

(c) The accused has 60 calendar days, from the time of receipt of actual notice of the final action on his case, under this Code to petition the Texas Court of Military Appeals for review. The court shall act upon such a petition within 60 calendar days of the receipt thereof. In the event the court fails or refuses to grant such petition for review the final action of the convening authority will be deemed to have been approved; notwithstanding any other provision of this Code, upon the court granting a hearing of an appeal, the court may grant a stay or defer service of the sentence of confinement or any other punishment under this Code until the court's final decision upon the case.

(d) In a case reviewable under subsection (b)(1) of this Section the Texas Court of Military Appeals may act only with respect to the findings and sentence as finally approved and ordered executed by the convening authority. In a case reviewable under subsection (b)(2) of this Section this court need take action only with respect to issues specified in the grant of review. This court shall take action only with respect to matters of law, and the action of this court is final.

(e) If the Texas Court of Military Appeals sets aside the findings and sentence, it may, except where the setting aside is based on lack of sufficient evidence in the record to support the findings, order a rehearing. If it sets aside the findings and sentence and does not order a rehearing, it shall order that the charges be dismissed. After the Texas Court of Military Appeals has acted on the case, the record shall be returned to the State Judge Advocate General who shall notify the convening authority of the court's decision. If further action is required the State Judge Advocate General shall instruct the convening authority to take action in accordance with that decision. If the court has ordered a rehearing, but the convening authority finds a rehearing impracticable, he may dismiss the charges.

Sec. 68. Reserved.

Sec. 69. Reserved.

Appellate Counsel

Sec. 70. The trial counsel and defense counsel of a court-martial shall serve in the capacity of appellate counsel upon an appeal authorized under this

Code. The accused has the additional right to be represented by civilian counsel at his own expense. Should the defense or trial counsel become unable to perform their duties because of illness or other disability, the convening authority will appoint a qualified trial or defense counsel to continue the proceedings.

Sec. 71. Reserved.

Vacation of Suspension

Sec. 72. (a) Before the vacation of the suspension of a special court-martial sentence which as approved includes a dismissal or dishonorable discharge, or of any general court-martial sentence, the officer having special court-martial jurisdiction over the probationer shall hold a hearing on the alleged violation of probation. The probationer shall be represented at the hearing by military counsel if he so desires.

(b) The record of the hearing and the recommendation of the officer having special court-martial jurisdiction shall be sent for action to the Governor in cases involving a general court-martial sentence and to the commanding officer of the force of the state military forces of which the probationer is a member in all other cases covered by subsection (a) of this Section. If the Governor or commanding officer vacates the suspension, any unexecuted part of the sentence except a dismissal shall be executed.

(c) The suspension of any other sentence may be vacated by any authority competent to convene, for the command in which the accused is serving or assigned, a court of the kind that imposed the sentence.

Petition for a New Trial

Sec. 73. At any time within 2 years after approval by the convening authority of a court-martial sentence, the accused may petition the State Judge Advocate General for a new trial on ground of newly discovered evidence or fraud on the court-martial. If the accused's case is pending before the Texas Court of Military Appeals when this petition is filed, the appeal will not proceed until the State Judge Advocate General has made a decision on the request. If the petition is granted, the appeal will be dismissed. If the petition is denied, the Court of Military Appeals will continue its proceedings on the case.

Remission or Suspension

Sec. 74. (a) A convening authority may remit or suspend any part or amount of the unexecuted part of any sentence, including all uncollected forfeitures.

(b) The Governor may, for good cause, substitute an administrative form of discharge for a discharge or dismissal executed in accordance with the sentence of a court-martial.

Restoration

Sec. 75. (a) Under such regulations as the Governor may prescribe, all rights, privileges, and property affected by an executed part of a court-martial sentence which has been set aside or disapproved, except an executed dismissal or discharge shall be restored unless a new trial or rehearing is ordered and such executed part is included in a sentence imposed upon a new trial or hearing.

(b) If a previously executed sentence of dishonorable discharge is not imposed on a new trial, the Governor shall substitute therefor a form of discharge authorized for administrative issuance unless the accused is to serve out the remainder of his enlistment.

(c) If a previously executed sentence of dismissal is not imposed on a new trial, the Governor shall substitute therefor a form of discharge authorized for administrative issue, and the commissioned officer dismissed by that sentence may be reappointed by the Governor alone to such commissioned grade and with such rank as in the opinion of the Governor that former officer would have attained had he not been dismissed. The reappointment of such former officer may be made if a position vacancy is available under applicable tables of organization. All the time between the dismissal and reappointment shall be considered as service for all purposes.

Finality of Proceedings, Findings, and Sentences

Sec. 76. The appellate review of records of trial provided by this Code, the proceedings, findings, and sentences of courts-martial as reviewed and approved, as required by this Code, and all dismissals and discharges carried into execution under sentences by courts-martial following review and approval as required by this Code, are final and conclusive. Orders publishing the proceedings of the courts-martial and all action taken pursuant to those proceedings are binding upon all departments, courts, agencies, and officers of the state, subject only to action upon a petition for a new trial as provided in Section 73 of this Code.

Art. 5920-11. Surface Coal Mining and Reclamation Act

Short Title

Sec. 1. This Act may be cited as the Texas Surface Coal Mining and Reclamation Act.

Findings and Declaration of Policy

Sec. 2. The legislature finds and declares that:

(1) The Congress of the United States has enacted the Surface Mining Control and Reclamation Act of 1977, 30 U.S.C. 1201 (1977), which provides for the establishment of a nationwide program to regulate surface coal mining and reclamation and which vests exclusive authority in the Department of the Interior over the regulation of surface coal mining and reclamation within the United States.

(2) Section 101 of the Surface Mining Control and Reclamation Act of 1977, 30 U.S.C. 1201 (1977), contains the finding by Congress that because of the diversity in terrain, climate, biologic, chemical, and other physical conditions in areas subject to mining operations, the primary governmental responsibility for developing, authorizing, issuing, and enforcing regulations for surface mining and reclamation operations subject to that Act should rest with the states.

(3) Section 503 of the Surface Mining Control and Reclamation Act of 1977, 30 U.S.C. 1201 (1977), provides that each state may assume and retain exclusive jurisdiction over the regulation of surface coal mining and reclamation operations within that state by obtaining approval of a state program of regulation which demonstrates that the state has the capability of carrying out the provisions and meeting the purposes of the Surface Mining Control and Reclamation Act of 1977, 30 U.S.C. 1201 (1977).

(4) Section 503 of the Surface Mining Control and Reclamation Act of 1977, 30 U.S.C. 1201 (1977), further provides that a state wishing to assume exclusive jurisdiction over the regulation of surface coal mining and reclamation operations within the state must have a state law that provides for the regulation of surface coal mining and reclamation operations in accordance with the requirements of the Surface Mining Control and Reclamation Act of 1977, 30 U.S.C. 1201 (1977).

(5) The State of Texas wishes to assume exclusive jurisdiction over the regulation of surface coal

mining and reclamation operations within the state pursuant to the Surface Mining Control and Reclamation Act of 1977, 30 U.S.C. 1201 (1977). It is therefore declared to be the purpose of this Act:

(A) to prevent the adverse effects to society and the environment resulting from unregulated surface coal mining operations as defined in this Act;

(B) to assure that the rights of surface landowners and other persons with a legal interest in the land or appurtenances to the land are protected from unregulated surface coal mining operations;

(C) to assure that surface coal mining operations are conducted in a manner that will prevent unreasonable degradation of land and water resources;

(D) to assure that reclamation of all land on which surface coal mining takes place is accomplished as contemporaneously as practicable with the surface coal mining, recognizing that the extraction of coal by responsible mining operations is an essential and beneficial economic activity;

(E) to assure that the coal supply essential to the state's energy requirements and to its economic and social well-being is provided, and to strike a balance between protection of the environment and agricultural productivity and the state's need for coal as an essential source of energy; and

(F) to promote the reclamation of mined areas left without adequate reclamation prior to the enactment of the Surface Mining Control and Reclamation Act of 1977, 30 U.S.C. 1201 (1977), and that continue, in their unreclaimed condition, to substantially degrade the quality of the environment, to prevent or damage the beneficial use of land or water resources, or to endanger the health or safety of the public.

Definitions

Sec. 3. In this Act:

(1) "Alluvial valley floors" means the unconsolidated stream-laid deposits holding streams where water availability is sufficient for subirrigation or flood irrigation agricultural activities but does not include upland areas that are generally overlain by a thin veneer of colluvial deposits composed chiefly of debris from sheet erosion, deposits by unconcentrated runoff or slope wash, together with talus, other mass movement accumulation, and windblown deposits.

(2) "Applicant" means any person or other legal entity seeking a permit from the commission to conduct surface coal mining activities or underground mining activities pursuant to this Act.

(3) "Approximate original contour" means that surface configuration achieved by backfilling and grading of the mined area so that the reclaimed area, including any terracing or access roads, closely resembles the general surface configuration of the land prior to mining and blends into and complements the drainage pattern of the surrounding terrain, with all highwalls and spoil piles eliminated and water impoundments may be permitted if the commission determines that they are in compliance with Section 23(b)(8) of this Act.

(4) "Coal" means all forms of coal including lignite.

(5) "Coal exploration operation" means the substantial disturbance of the surface or subsurface for the purpose of or related to determining the location, quantity, or quality of a coal deposit.

(6) "Commission" means, the Railroad Commission of Texas.

(7) "Eligible land and water," particularly as it relates to Section 7 of this Act, means all land that was mined for coal or was affected by that mining, waste banks, coal processing, or other coal mining processing, and abandoned or left in an inadequate reclamation status prior to August 3, 1977, and for which there is no continuing reclamation responsibility under state or federal law.

(8) "Imminent danger to the health and safety of the public" means the existence of any condition or practice, or any violation of a permit or other requirement of this Act in a surface coal mining and reclamation operation, which condition, practice, or violation could reasonably be expected to cause substantial physical harm to persons outside the permit area before the condition, practice, or violation can be abated. A reasonable expectation of death or serious injury before abatement exists if a rational person, subjected to the same conditions or practices giving rise to the peril, would not expose himself to the danger during the time necessary for abatement.

(9) "Operator" means any person engaged in coal mining who removes or intends to remove more than 250 tons of coal from the earth by coal mining within 12 consecutive calendar months in any one location.

(10) "Other minerals" means clay, stone, sand, gravel, metalliferous and nonmetalliferous ores, and any other solid material or substances of commercial value excavated in solid form from natural deposits on or in the earth, exclusive of coal, and those minerals that occur naturally in liquid or gaseous form.

(11) "Permit" means a permit to conduct surface coal mining and reclamation operations issued by the commission.

(12) "Permit area" means the area of land indicated on the approved map submitted by the operator with his or her application, which area of land shall be covered by the operator's bond as required by Section 25 of this Act and shall be readily identifiable by appropriate markers on the site.

(13) "Permittee" means a person holding a permit to conduct surface coal mining and reclamation operations or underground mining activities pursuant to this Act.

(14) "Person" means an individual, partnership, society, joint-stock company, firm, company, corporation, business organization, governmental agency, or any organization or association of citizens.

(15) "Prime farmland" has the same meaning as that previously prescribed by the secretary on the basis of such factors as moisture availability, temperature regime, chemical balance, permeability, without regard to annual mean soil temperatures, surface layer composition, susceptibility to flooding, and erosion characteristics, and that historically has been used for intensive agricultural purposes, and as published in the Federal Register. Land will not be considered for purposes of this Act as having historically been used for the production of cultivated crops on the basis of use as woodland or rangeland, or where the only cultivation has been disking to establish or help maintain Bermuda Grass used as forage or where the only cultivation is disking to plant oats or rye for quick cover, not as a grain crop but to be used as forage. The slope of the land can be a factor in determining whether a given soil is outside the purview of prime farmland and the commission may thus make a negative determination based upon soil type and slope.

(16) "Surface coal mining and reclamation operations" means surface mining operations and all activities necessary and incident to the reclamation of those operations after August 3, 1977.

(17) "Surface coal mining operations" means:

(A) activities conducted on the surface of any land in connection with a surface coal mine or subject to the requirements of Section 28 of this Act incident to an underground coal mine. These activities include excavation for the purpose of obtaining coal including such common methods as contour, strip, auger, mountaintop removal, box cut, open pit, and area mining, the use of explosives and blasting, and in situ distillation or retorting, leaching or other chemical or physical processing, and the cleaning, concentrating, or other processing or preparation, loading of coal at or near the mine site; provided, however, that such activities do not include the extraction of coal incidental to the extraction of other minerals where the coal does not exceed

16-2/3 percentum of the total tonnage of coal and other minerals removed annually for purposes of commercial use or sale or coal explorations subject to this Act; and

(B) the areas on which such activities occur or where such activities disturb the natural land surface, and such areas shall also include any adjacent land the use of which is incidental to any such activities, all land affected by the construction of new roads or the improvement or use of existing roads to gain access to the site of such activities and for haulage, and excavations, workings, impoundments, dams, ventilation shafts, entryways, refuse banks, dumps, stockpiles, overburden piles, spoil banks, culm banks, tailings, holes or depressions, repair areas, storage areas, processing areas, shipping areas, and other areas on which are sited structures, facilities, or other property or materials on the surface, resulting from or incident to such activities.

(18) "Unwarranted failure to comply" means the failure of a permittee to prevent the occurrence of any violation of his or her permit or any requirement of this Act due to indifference, lack of diligence, or lack of reasonable care, or the failure to abate any violation of his or her permit or this Act due to indifference, lack of diligence, or lack of reasonable care.

(19) "Secretary" means the Secretary of Agriculture of the United States.

Jurisdiction

Sec. 4. The commission has exclusive jurisdiction over all surface coal mining and reclamation operations in the State of Texas.

General Authority of Commission

Sec. 5. To accomplish the purposes of this Act, the commission shall have the authority:

(1) to adopt, amend, and enforce rules pertaining to surface coal mining and reclamation operations consistent with the general intent and purposes of this Act;

(2) to issue permits pursuant to the provisions of this Act;

(3) to conduct hearings pursuant to the provisions of this Act and the Administrative Procedure and Texas Register Act, as amended;¹

(4) to issue orders requiring an operator to take actions that are necessary to comply with this Act and with rules adopted under this Act;

(5) to issue orders modifying previous orders;

(6) to issue a final order revoking the permit of an operator who has failed to comply with an order of the commission to take action required by this Act or rules adopted under this Act;

(7) to order the immediate cessation of an ongoing surface mining operation or part of an ongoing surface mining operation if the commission finds that the operation or part of the operation creates an imminent danger to the health or safety of the public, or is causing or can reasonably be expected to cause significant imminent harm to land, air, or water resources, and to take other action or make changes in a permit that are reasonably necessary to avoid or alleviate these conditions;

(8) to hire employees, adopt standards for employment of these persons, and hire and authorize the hiring of outside contractors to assist in carrying out the requirements of this Act;

(9) to enter on and inspect, in person or by its agents, a surface mining operation that is subject to the provisions of this Act to assure compliance with the terms of this Act;

(10) to conduct, encourage, request, and participate in studies, surveys, investigations, research, experiments, training, and demonstrations by contract, grant, or otherwise;

(11) to prepare and require permittees to prepare reports;

(12) to accept, receive, and administer grants, gifts, loans, or other funds made available from any source for the purposes of this Act;

(13) to take those steps necessary that the state may participate to the fullest extent practicable in the abandoned land program provided in Title IV of the Surface Mining Control and Reclamation Act of 1977, 30 U.S.C. 1201 (1977);

(14) to take those actions necessary to establish exclusive jurisdiction over surface coal mining and reclamation in Texas under the provisions of the Surface Mining Control and Reclamation Act of 1977, 30 U.S.C. 1201 (1977), including, in the event the federal administrative agency disapproves Texas' program as submitted, making recommendations for remedial legislation to clarify, alter, or amend the program to meet the terms of the Surface Mining Control and Reclamation Act of 1977, 30 U.S.C. 1201 (1977);

(15) to enter into contracts with state boards and agencies that have pertinent expertise to obtain the professional and technical services necessary to carry out the provisions of this Act;

(16) to establish a process, in order to avoid duplication, for coordinating the review and issuance of permits for surface coal mining and reclamation operations with any other federal or state permit process applicable to the proposed operations;

(17) to enter into cooperative agreements with the Secretary of the United States Department of the Interior for the regulation of surface coal

mining operations on federal land in accordance with the Surface Mining Control and Reclamation Act of 1977, 30 U.S.C. 1201 (1977); and

(18) to perform any other duties and acts required by and provided for in this Act.

¹ Article 6252-13a.

Rulemaking and Permitting

Sec. 6. (a) The commission shall promulgate rules pertaining to surface coal mining and reclamation operations that are required by this Act.

(b) The process of making and amending rules and issuing permits shall be pursuant to the Administrative Procedure and Texas Register Act, as amended.

(c) A rule or an amendment to a rule adopted or a permit issued by the commission may differ in its terms and provisions as to particular conditions, types of coal being extracted, particular areas of the state, or any other conditions that appear relevant and necessary so long as the action taken is consistent with attainment of the general intent and purposes of this Act.

Abandoned Mine Reclamation—Fund Participation

Sec. 7. The commission is authorized to take all action necessary to insure Texas' participation to the fullest extent practicable in the Abandoned Mines Reclamation Fund established by the Surface Mining Control and Reclamation Act of 1977, 30 U.S.C. 1201 (1977), and to function as the state's agency for such participation. Pursuant to the Surface Mining Control and Reclamation Act of 1977, 30 U.S.C. 1201 (1977), the commission shall by rule establish priorities that meet the terms of the Surface Mining Control and Reclamation Act of 1977, 30 U.S.C. 1201 (1977), for the expenditure of those funds, designate the land and water eligible for reclamation or abatement expenditures, submit reclamation plans, annual projects, and applications to the appropriate authorities pursuant to the terms of the Surface Mining Control and Reclamation Act of 1977, 30 U.S.C. 1201 (1977), and administer all money received for abandoned mine reclamation or related purposes.

Abandoned Mine Reclamation—Acquisition

Sec. 8. (a) If the commission makes a finding of fact that:

(1) land or water resources have been adversely affected by past coal mining practices; and

(2) the adverse effects are at a stage where, in the public interest, action to restore, reclaim, abate, control, or prevent the adverse effects of past coal mining practices should be taken; and

(3) the owners of the land or water resources where entry must be made to restore, reclaim, abate, control, or prevent the adverse effects of past coal mining practices are not known, or readily available; or

(4) the owners will not give permission for the state or any political subdivision to enter on the property to restore, reclaim, abate, control, or prevent the adverse effects of past coal mining practices;

then, on giving notice by mail to the owners, if known, or if not known by posting notice on the premises and advertising once in a newspaper of general circulation in the county in which the land lies, the commission is entitled to enter on the property adversely affected by the past coal mining practices and any other property necessary to have access to the property to do all things necessary or expedient to restore, reclaim, abate, control, or prevent the adverse effects. The money expended for that work and the benefits accruing to those premises entered on shall be chargeable against the land and shall mitigate or offset any claim in or any action brought by any owner of any interest in the premises for damages by virtue of such entry; provided, this provision is not intended to create new rights of action or eliminate existing immunities.

(b) The commission is entitled to enter on any property for the purposes of conducting studies or exploratory work to determine the existence of adverse effects of past coal mining practices and to determine the feasibility of restoration, reclamation, abatement, control, or prevention of those adverse effects.

(c) The state may acquire any land, where it is to the public interest, by purchase, donation, or condemnation, that is adversely affected by past coal mining practices if the commission determines that acquisition of the land is necessary to successful reclamation and that:

(1) the acquired land, after restoration, reclamation, abatement, control, or prevention of the adverse effects of past coal mining practices, will serve recreation and historic purposes, conservation and reclamation purposes, or provide open space benefits; and

(2) permanent facilities such as a treatment plant or a relocated stream channel will be constructed on the land for the restoration, reclamation, abatement, control, or prevention of the adverse effects of past coal mining practices; or

(3) acquisition of coal refuse disposal sites and all coal refuse on those sites will serve the purposes of this section or that public ownership is desirable to meet emergency situations and prevent recurrences of the adverse effects of past coal mining practices.

(d) Title to all land acquired pursuant to this section shall be in the name of the state. The price paid for land acquired under this section shall reflect the market value of the land as adversely affected by past coal mining practices.

(e) Where land acquired pursuant to this section is deemed to be suitable for industrial, commercial, residential, or recreational development, the state may sell the land by public sale under a system of competitive bidding, at not less than fair market value and under such rules as are promulgated to insure that the land is put to proper use consistent with local plans, if any, as determined by the commission and where federal funds are involved in the acquisition of the land to be sold, the land may be sold only when authorized by the Secretary of the United States Department of the Interior. The commission, after appropriate public notice, shall hold a public hearing in the county or counties of the state in which land acquired pursuant to this section is located, if requested by any person. The hearings shall be held at a time that shall afford local citizens and governments the maximum opportunity to participate in the decision concerning the use or disposition of the land after restoration, reclamation, abatement, control, or prevention of the adverse effects of past coal mining practices.

Abandoned Mine Reclamation—Liens

Sec. 9. (a) Within six months after the completion of projects to restore, reclaim, abate, control, or prevent the adverse effects of past mining practices on privately owned land, the commission shall itemize the money so expended and may file a statement of the money spent with the clerk of the county in which the land lies, together with a notarized appraisal by an independent appraiser of the value of the land before the restoration, reclamation, abatement, control, or prevention, of adverse effects of past mining practices if the money so expended will result in a significant increase in property value. The statement shall constitute a lien on the land second only to the lien of property taxes, not to exceed the amount determined by either of two appraisals to be the increase in the market value of the land as a result of the restoration, reclamation, abatement, control, or prevention of the adverse effects of past mining practices. No lien shall be filed against the property of any person, in accordance with this subsection, who owned the surface prior to May 2, 1977, and who neither consented to nor participated in nor exercised control over the mining operation that necessitated the reclamation performed hereunder.

(b) Any affected landowner may petition the commission within 60 days of the filing of the lien for a hearing concerning the amount of the lien. That hearing and any appeal will be conducted under the Administrative Procedure and Texas Register Act, as amended.

Abandoned Mine Reclamation—Emergency Powers

Sec. 10. (a) The commission is authorized to spend money from the state abandoned mine reclamation fund for the purposes of this section.

mation fund for the emergency restoration, reclamation, abatement, control, or prevention of adverse effects of coal mining practices on eligible land, if the commission makes a finding that:

(1) an emergency exists constituting a danger to the public health, safety, or general welfare; and

(2) no other person or agency will act expeditiously to restore, reclaim, abate, control, or prevent the adverse effects of coal mining practices.

(b) The commission may enter on any land where an emergency exists and any other land necessary to have access to that land to restore, reclaim, abate, control, or prevent the adverse effects of coal mining practices and to do all things necessary or expedient to protect the public health, safety, or general welfare. This entry shall be construed as an exercise of the police power and shall not be construed as an act of condemnation of property nor of trespass. The money expended for this work and the benefits accruing to the premises entered on shall be chargeable against the land and shall mitigate or offset any claim in or any action brought by any owner of any interest in the premises for any damages by virtue of the entry; provided, however, that this provision is not intended to create new rights of action or eliminate existing immunities.

Permits

Sec. 11. (a) No person shall conduct a surface coal mining operation in this state without having first received a permit for that operation from the commission, pursuant to either this Act or its predecessor, Chapter 131, Natural Resources Code.

(b) Not later than two months following approval by the federal government of the Texas program under the terms of the Surface Mining Control and Reclamation Act of 1977, 30 U.S.C. 1201 (1977), regardless of litigation contesting that approval or implementation, all operators of surface coal mines, in expectation of operating those mines after the expiration of eight months from the approval, shall file an application for a permit with the commission. The application shall cover all land to be mined after the expiration of eight months from the approval of the program. The commission will process those applications and grant or deny a permit within eight months after the date of approval of the program, unless specifically enjoined by a court of competent jurisdiction.

(c) In the event of disapproval of the Texas program by the federal government and prior to promulgation of a federal program or a federal land program for Texas, existing surface coal mining operations may continue. Permits that lapse during the period may continue in full force and effect until promulgation of a federal program or a federal land program.

(d) All permits issued pursuant to Chapter 131, Natural Resources Code, shall remain in full force and effect and their provisions enforceable by the commission until such time as a permit is issued pursuant to the provisions of this Act.

Term

Sec. 12. (a) Permits issued shall be for a term not to exceed five years, except that if the applicant demonstrates that a specified longer term is reasonably needed to allow the applicant to obtain necessary financing for equipment, or the opening of the operation, and if the application is full and complete for the specified longer term, the commission may grant a permit for that longer term. A successor in interest to a permittee who applies for a new permit within 30 days of succeeding to that interest and who is able to obtain the same bond coverage as the original permittee may continue the surface coal mining and reclamation plan of the original permittee until the successor's application is granted or denied.

(b) A permit shall terminate if the permittee has not commenced the surface coal mining operation covered by the permit within three years after commencement of the period for which the permit is issued. However, the commission may grant reasonable extensions of time on a showing that the extensions are necessary, by reason of litigation, precluding the commencement or threatening substantial economic loss to the permittee, or by reason of conditions beyond the control and without the fault or negligence of the permittee. With respect to coal to be mined for use in a synthetic fuel facility or specific major electric generating facility, the permittee shall be deemed to have commenced surface mining operations at the time the construction of the facility is initiated.

Renewal

Sec. 13. (a) Any permit issued pursuant to this Act shall carry with it the right of successive renewal on expiration with respect to areas within the boundaries of the existing permit. The permittee may apply for renewal and the renewal shall be issued, provided that on application for renewal the burden shall be on the opponents of renewal, subsequent to fulfillment of the public notice requirements of Section 20 of this Act, unless it is established and written findings by the commission are made that:

(1) the terms and conditions of the existing permit are not being satisfactorily met;

(2) the present surface coal mining and reclamation operation is not in compliance with the environmental protection standards of this Act;

(3) the renewal requested substantially jeopardizes the operator's continuing responsibility on existing permit areas;

(4) the operator has not provided evidence that the performance bond in effect for the operation will continue in full force and effect for any renewal requested in the application as well as any additional bond the commission might require pursuant to Section 25 of this Act; or

(5) any additional revised or updated information required by the commission has not been provided.

(b) Prior to the renewal of any permit the commission shall provide notice to the appropriate public authorities.

(c) If an application for renewal of an existing permit includes a proposal to extend the mining operation beyond the boundaries authorized in the permit, the portion of the application that addresses new land areas shall be subject to the full standards applicable to a new application under this Act; however, if the surface coal mining operations authorized by the existing permit are not subject to the standards contained in Section 21(b)(5)(A) and (B) of this Act, then the portion of the application for renewal that addresses any new land areas previously identified in the reclamation plan submitted pursuant to Section 15 of this Act shall not be subject to those standards.

(d) Any permit renewal shall be for a term not to exceed the period of the original permit established by this Act. Application for permit renewal shall be made at least 120 days prior to the expiration of the existing permit.

Contents of Permit Application

Sec. 14. (a) The permit application shall be submitted in a manner satisfactory to the commission and shall contain:

(1) the names and addresses of the applicant, every owner of record of the property to be mined, the holders of record of any leasehold interest in the property, any purchaser of record of the property under a real estate contract, the operator if he is a person different from the applicant, and if any of these are business entities other than a single proprietor, the names and addresses of the principals, officers, and resident agent;

(2) the names and addresses of the owners of record of the property adjoining the permit area;

(3) a statement of any current or previous surface coal mining permits held by the applicant including permit identification, and any pending application;

(4) information concerning ownership and management of the applicant or operator required by the commission in its rules;

(5) a statement of whether the applicant or any subsidiary, affiliate, or other person controlled by or under common control with the applicant has

Blasting Plan

Sec. 16. Each applicant for a surface coal mining and reclamation permit shall submit to the commission as a part of its application a blasting plan which shall outline the procedures and standards by which the operator will meet the provisions of Section 23(b)(15).

Public Inspection of Application

Sec. 17. (a) Each applicant for a surface coal mining and reclamation permit shall file a copy of the application for public inspection with the county clerk of the county in which the mining is proposed to occur, except for that information in the application pertaining to the coal seam itself.

(b) Copies of any records, reports, inspection materials, or information obtained under this Act by the commission shall be made immediately available to the public at central and sufficient locations in the county, multicounty, and state area of mining so that they are conveniently available to residents in the areas of mining.

Fee

Sec. 18. (a) Each application for a surface mining permit shall be accompanied by an initial application fee as determined by the commission in accordance with a published fee schedule. The initial application fee shall be based as nearly as possible on the actual or anticipated cost of reviewing the application, but shall not exceed \$1,000.

(b) This fee shall be deposited in the state treasury and credited to a special account to the commission and may be spent for the administration and enforcement of this Act.

Small Mine Exemption

Sec. 19. If the commission finds that the probable total annual production at all locations of any surface coal mining operator will not exceed 100,000 tons, the determination of probable hydrologic consequences and statement of the results of test borings or core samplings called for in Section 14 of this Act shall, on the written request of the operator, be performed by a qualified public or private laboratory designated by the commission, and the cost of the preparation of the determination and statement shall be assumed by the commission.

Public Notice of Applications, Hearings, and Appeal

Sec. 20. (a) At the time of submission of any application for a surface coal mining and reclamation permit, or renewal of an existing permit, the applicant's advertisement of ownership, location, and boundaries of the land to be affected shall be placed in a local newspaper of general circulation in the locality of the proposed surface coal mining operation at least once a week for four consecutive weeks.

The commission shall notify various local governmental bodies, planning agencies and sewage and water treatment authorities in the locality, of the operator's intention to conduct a surface mining operation indicating the application's number and the county courthouse in which a copy of the proposed surface coal mining and reclamation plan may be inspected. These local bodies, agencies, authorities, or companies may submit written comments within a period established by the commission on the mining applications with respect to the effect of the proposed operation on the environment that is within their area of responsibility. The comments shall immediately be transmitted to the applicant by the commission and shall be made available to the public at the same location as is the mining application.

(b) Any person having an interest that is or may be adversely affected and any federal, state, or local governmental agency or authority are entitled to file written objections to the proposed initial or revised application for a permit for surface coal mining and reclamation operation with the commission within 30 days after the last publication of the notice required by Subsection (a) of this section. Those objections shall immediately be transmitted to the applicant by the commission and shall be made available to the public.

(c) Within 45 days after the last publication of the notice provided in Subsection (a) of this section, the applicant or any person with an interest which is or may be adversely affected may request a hearing on the application. The hearing shall be held within 30 days after the request is received by the commission.

(d) The commission shall publish notice of the date, time, and location of the public hearing in a local newspaper of general circulation in the locality of the proposed surface coal mining operations at least once a week for three consecutive weeks before the scheduled hearing date.

(e) Within the time frame provided by the Administrative Procedure and Texas Register Act, as amended, if the public hearing provided by this section occurs, or within 45 days of the last publication of notice of application, if no public hearing is held, the commission shall notify the applicant and any objectors whether the application has been approved or denied.

(f) All provisions of the Administrative Procedure and Texas Register Act, as amended, apply to each permit application, and notice, other than that provided for by this section, of hearings and appeals are governed by that statute.

Permit Approval or Denial

Sec. 21. (a) On the basis of a complete application for a surface coal mining and reclamation permit or a revision or renewal of a permit, as required by this Act, the commission shall grant, require

modification of, or deny the application for a permit and, within a reasonable time, as set by the commission, notify the applicant in writing. The applicant for a permit or revision of a permit shall have the burden of establishing that his or her application is in compliance with all the requirements of this Act. Within 10 days after the granting of a permit, the commission shall notify the county judge in the county in which the land to be affected is located that a permit has been issued and shall describe the location of the land.

(b) No application for a permit or revision of a permit shall be approved unless the commission finds, in writing, on the basis of the information set forth in the application or from information otherwise available that will be documented in the approval and made available to the applicant, that:

(1) the application is accurate and complete and that it complies with all the requirements of this Act;

(2) the applicant has demonstrated that reclamation as required by this Act can be accomplished under the reclamation plan contained in the application;

(3) an assessment of the probable cumulative impact of all anticipated surface coal mining in the area on the hydrologic balance has been made by the commission, and the proposed operation has been designed to prevent material damage to the hydrologic balance outside the permit area;

(4) the area proposed to be mined is not included within an area designated unsuitable for surface coal mining pursuant to this Act nor is it within an area under study for this designation in an administrative proceeding commenced pursuant to this Act, unless in the area as to which an administrative proceeding has commenced, the applicant demonstrates that, prior to January 1, 1977, he or she has made substantial legal and financial commitments in relation to the operation for which he or she is applying for a permit;

(5) the proposed surface coal mining operation, if located west of the 100th meridian west longitude, would:

(A) not interrupt, discontinue, or preclude farming on alluvial valley floors that are irrigated or naturally subirrigated, excluding undeveloped range land that is not significant to farming on the alluvial valley floors and land on which the commission finds that the farming that will be interrupted, discontinued, or precluded is of such small acreage as to have negligible impact on the farm's agricultural production; or

(B) not materially damage the quantity or quality of water in surface or underground water systems that supply these valley floors.

This subsection shall not affect those surface coal mining operations that in the year preceding the enactment of this Act produced coal in commercial quantities and were located within or adjacent to alluvial valley floors or had obtained specific permit approval by the commission to conduct surface coal mining operations within the alluvial valley floors;

(6) in cases where the ownership of the coal has been severed from the private surface estate, the applicant has submitted to the commission:

(A) the written consent of the surface owner to the extraction of coal by surface mining methods;

(B) a conveyance that expressly grants or reserves the right to extract the coal by surface mining methods; or

(C) if the conveyance does not expressly grant the right to extract coal by surface mining methods, the surface-subsurface legal relationship shall be determined in accordance with state law; provided, that nothing in this Act shall be construed to authorize the commission to adjudicate property rights disputes.

(c) The applicant shall file, with his or her application, a schedule listing any and all notices of violations of this Act and any law, rule, or regulation of the United States, or the State of Texas, or of any department or agency in the United States pertaining to air or water environmental protection incurred by the applicant in connection with any surface coal mining operation within the state during the three-year period prior to the date of application, and shall include in the schedule, the final resolution of notice of violation. If the schedule or other information available to the commission indicates that any surface coal mining operation owned or controlled by the applicant is currently in violation of this Act or other laws referred to in this subsection, the permit shall not be issued until the applicant submits proof that the violation has been corrected or is in the process of being corrected to the satisfaction of the commission, department, or agency that has jurisdiction over the violation or that the notice of violation is being contested by the applicant, and no permit shall be issued to any applicant after a finding by the commission, after opportunity for hearing, that the applicant, or the operator specified in the application, controls or has controlled mining operations with a demonstrated pattern of wilful violations of this Act of such nature and duration with such resulting irreparable damage to the environment as to indicate an intent not to comply with this Act.

(d) In addition to finding the application in compliance with Subsection (b) of this section, if the area proposed to be mined contains prime farmland, the commission shall, after consultation with the

secretary, and pursuant to regulations issued pursuant to the Surface Mining Control and Reclamation Act of 1977, 30 U.S.C. 1201 (1977), by the Secretary of the U.S. Department of Interior with the concurrence of the secretary, grant a permit to mine on prime farmland, if the commission finds in writing that the operator has the technological capability to restore the mined area, within a reasonable time, to equivalent or higher levels of yield as nonmined prime farmland in the surrounding area under equivalent levels of management, and also finds that the applicant can meet the soil reconstruction standards of the Act. Except for compliance with Subsection (b) of this section, the requirements of this paragraph shall apply to all permits issued after August 3, 1977. Nothing in this subsection shall apply to any permit issued prior to August 3, 1977, or to any revisions or renewals of a permit, or to any existing surface mining operations for which a permit was issued prior to that date.

Revision and Transfer of Permits

Sec. 22. (a) During the term of a permit, the permittee may submit an application for a revision of the permit, together with a revised reclamation plan, to the commission. An application for a revision of a permit shall not be approved unless the commission finds that reclamation as required by this Act can be accomplished under the revised reclamation plan. The revision shall be approved or disapproved within 90 days. The commission shall establish guidelines for determination of the scale or extent of a revision request for which all permit application information requirements and procedures, including notice and hearings, shall apply; however, any revisions that propose significant alterations in the reclamation plan shall, at a minimum, be subject to notice and hearing requirements. Any extensions of the area covered by the permit except incidental boundary revisions must be made by application for another permit.

(b) No transfer, assignment, or sale of the rights granted under any permit issued pursuant to this Act shall be made without the written approval of the commission.

(c) The commission shall, within a time limit prescribed by rule, review outstanding permits and may require reasonable revision or modification of the permit provisions during the terms of the permit. Any revision or modification shall be based on a written finding and subject to the provisions of notice and hearing contained in the Administrative Procedure and Texas Register Act, as amended.

Performance Standards

Sec. 23. (a) A permit issued under this Act to conduct surface coal mining operations shall require that the operations meet all applicable performance standards of this Act.

(b) Performance standards applicable to all surface coal mining and reclamation operations that are not exempt or excluded shall require the operator to:

(1) conduct surface coal mining operations so as to maximize the utilization and conservation of the solid fuel resource being recovered so that re-affecting the land in the future through surface coal mining can be minimized;

(2) restore the land affected to a condition capable of supporting the uses that it was capable of supporting prior to any mining, or higher or better uses of which there is reasonable likelihood, so long as the use or uses do not present any actual or probable hazard to public health or safety or pose any actual or probable threat of water diminution or pollution, and the permit applicants' declared proposed land use following reclamation is not deemed to be impractical or unreasonable, inconsistent with applicable land use policies and plans, involves unreasonable delay in implementation, or is violative of federal, state or local law;

(3) except as provided in Subsection (c) of this section, with respect to all surface coal mining operations, backfill, compact, where advisable to insure stability or to prevent leaching of toxic materials, and grade in order to restore the approximate original contour of the land with all highwalls, spoil piles, and depressions eliminated, unless small depressions are needed in order to retain moisture to assist revegetation or as otherwise authorized pursuant to this Act; provided, however, that in surface coal mining that is carried out at the same location over a substantial period of time where the operation transects the coal deposit, and the thickness of the coal deposits relative to the volume of the overburden is large and where the operator demonstrates that the overburden and other spoil and waste materials at a particular point in the permit area or otherwise available from the entire permit area is insufficient, giving due consideration to volumetric expansion to restore the approximate original contour, the operator, at a minimum, shall backfill, grade, and compact, where advisable, using all available overburden and other spoil and waste materials to attain the lowest practicable grade but not more than the angle of repose, to provide adequate drainage and to cover all acid-forming and other toxic materials, in order to achieve an ecologically sound land use compatible with the surrounding region; and provided further, that in surface coal mining, where the volume of overburden is large relative to the thickness of the coal deposit and where the operator demonstrates that due to volumetric expansion the amount of overburden and other spoil and waste materials removed in the course of the mining operation is more than sufficient to restore the approximate

original contour, the operator shall, after restoring the approximate contour, backfill, grade, and compact, where advisable, the excess overburden and other spoil and waste materials to attain the lowest grade but not more than the angle of repose, and to cover all acid-forming and other toxic materials, in order to achieve an ecologically sound land use compatible with the surrounding region and that the overburden or spoil shall be shaped and graded in such a way as to prevent slides, erosion, and water pollution and is revegetated in accordance with the requirements of this Act;

(4) stabilize and protect all surface areas, including spoil piles affected by the surface coal mining and reclamation operation, to effectively control erosion and attendant air and water pollution;

(5) remove the topsoil from the land in a separate layer, replace it on the backfill area, or if not utilized immediately, segregate it in a separate pile from other spoil and when the topsoil is not replaced on a backfill area within a time short enough to avoid deterioration of the topsoil, maintain a successful cover by quick growing plant or other means thereafter so that the topsoil is preserved from wind and water erosion, remains free of any contamination by other acid or toxic material, and is in a usable condition for sustaining vegetation when restored during reclamation, except if topsoil is of insufficient quantity or of poor quality for sustaining vegetation requirements, or if other strata can be shown to be more suitable for vegetation requirements, then the operator shall remove, segregate, and preserve in a like manner the other strata that are best able to support vegetation;

(6) restore the topsoil or the best available subsoil which is best able to support vegetation;

(7) for all prime farmland to be mined and reclaimed, specifications for soil removal, storage, replacement, and reconstruction shall be established by the secretary, and the operator shall, as a minimum, be required to:

(A) segregate the A horizon of the natural soil, except where it can be shown that other available soil materials will create a final soil having a greater productive capacity, and if not utilized immediately, stockpile this material separately from other spoil, and provide needed protection from wind and water erosion or contamination by other acid or toxic materials;

(B) segregate the B horizon of the natural soil, or underlying C horizons or other strata, or a combination of those horizons or other strata that are shown to be both texturally and chemically suitable for plant growth and that can be shown to be equally or more favorable for plant growth than the B horizon, in sufficient quanti-

ties to create in the regraded final soil a root zone of comparable depth and quality to that which existed in the natural soil, and if not utilized immediately, stockpile this material separately from other spoil, and provide needed protection from wind and water erosion or contamination by other acid or toxic material, and the commission may authorize the permittee to:

(i) remove all soil and overburden in one step;

(ii) store all the soil and overburden in one stockpile; and

(iii) commence reclamation by replacing and grading the stockpile material, all without regard to soil horizons, on proper documentation supporting the use of this mining technique to obtain equivalent or higher yields as on surrounding nonmined soil of the same type;

(C) replace and regrade the root zone material described in Subsection (b)(7)(B) of this section with proper compaction and uniform depth over the regraded spoil material; and

(D) redistribute and grade in a uniform manner the surface soil horizon described in Subsection (b)(7)(A) of this section;

(8) create, if authorized in the approved mining and reclamation plan and permit, permanent impoundments of water on mining sites as part of reclamation activities only when it is adequately demonstrated that:

(A) the size of the impoundment is adequate for its intended purposes;

(B) the impoundment dam construction will be designed so as to achieve necessary stability with an adequate margin of safety compatible with that of structures constructed under the Watershed Protection and Flood Prevention Act, 16 U.S.C. 1006 (1954);

(C) the quality of impounded water will be suitable on a permanent basis for its intended use and that discharges from the impoundment will not degrade the water quality below water quality standards established pursuant to applicable federal and state law in the receiving stream;

(D) the level of water will be reasonably stable;

(E) final grading will provide adequate safety and access for proposed water users; and

(F) the water impoundments will not result in the diminution of the quality or quantity of water utilized by adjacent or surrounding landowners for agricultural, industrial, recreational, or domestic uses;

(9) conduct any augering operation associated with surface mining in a manner to maximize recoverability of coal reserves remaining after the operation and reclamation are complete, and seal all auger holes with an impervious and noncombustible material in order to prevent drainage except where the commission determines that the resulting impoundment of water in the auger holes may create a hazard to the environment or the public health or safety; provided, that the commission may prohibit augering if necessary to maximize the utilization, recoverability, or conservation of the solid fuel resources or to protect against adverse water quality impacts;

(10) minimize the disturbances to the prevailing hydrologic balance at the mine site in associated offsite areas and to the quality and quantity of water in surface and ground water systems both during and after surface coal mining operations and during reclamation by:

(A) avoiding acid or other toxic mine drainage by such measures as, but not limited to:

(i) preventing or removing water from contact with toxic-producing deposits;

(ii) treating drainage to reduce toxic content that adversely affects downstream water on being released to water courses; or

(iii) casing, sealing, or otherwise managing boreholes, shafts, and wells and keeping acid or other toxic drainage from entering surface water and ground water;

(B)(i) conducting surface coal mining operations so as to prevent, to the extent possible using the best technology currently available, additional contributions of suspended solids to streamflow or runoff outside the permit area, but in no event shall contributions be in excess of requirements set by applicable state or federal law;

(ii) constructing any siltation structures pursuant to Subsection (b)(10)(B)(i) of this section prior to commencement of surface coal mining operations, these structures to be certified by a qualified registered engineer to be constructed as designed and as approved in the reclamation plan;

(C) cleaning out and removing temporary or large settling ponds or other siltation structures from drainways after disturbed areas are revegetated and stabilized, and depositing the silt and debris at a site and in a manner approved by the commission;

(D) restoring recharge capacity of the mined area to approximate premining conditions;

(E) avoiding channel deepening or enlargement in operations requiring the discharge of water from mines;

(F) preserving throughout the mining and reclamation process the essential hydrologic functions of alluvial valley floors in the arid and semiarid areas of the country; and

(G) other actions as the commission may prescribe;

(11) with respect to surface disposal of mine wastes, tailings, coal processing wastes, and other wastes in areas other than the mine working or excavations, stabilize all waste piles in designated areas through construction in compacted layers including the use of incombustible and impervious materials, if necessary, and assure the final contour of the waste pile will be compatible with natural surroundings and that the site can and will be stabilized and revegetated according to the provisions of this Act;

(12) refrain from surface coal mining within 500 feet from active and abandoned underground mines in order to prevent breakthroughs and to protect health or safety of miners; provided, that the commission shall permit an operator to mine near, through, or partially through an abandoned underground mine or closer to an active underground mine if the nature, timing, and sequencing of the approximate coincidence of specific surface mine activities with specific underground mine activities are jointly approved by the regulatory authorities concerned with surface mine regulation and the health and safety of underground miners, and the operations will result in improved resource recovery, abatement of water pollution, or elimination of hazards to the health and safety of the public;

(13) design, locate, construct, operate, maintain, enlarge, modify, and remove or abandon, in accordance with the standards and criteria developed pursuant to commission rule, all existing and new coal mine waste piles, consisting of mine wastes, tailings, coal processing wastes, or other liquid and solid wastes, and used either temporarily or permanently as dams or embankments;

(14) insure that all debris, acid-forming materials, toxic materials, or materials constituting a fire hazard are treated or buried and compacted or otherwise disposed of in a manner designed to prevent contamination of surface water or ground water and that contingency plans are developed to prevent sustained combustion;

(15) insure that explosives are used only in accordance with existing state and federal law and the regulations promulgated by the commission, which shall include provisions to:

(A) provide adequate advance written notice to local governments and residents who might be affected by the use of the explosives, by publication of the planned blasting schedule in a newspaper of general circulation in the locality

and by mailing a copy of the proposed blasting schedule to every resident living within one-half mile of the proposed blasting site and by providing daily notice to resident/occupiers in the areas prior to any blasting;

(B) maintain for a period of at least three years and make available for public inspection on request, a log detailing the location of the blasts, the pattern and depth of the drill holes, the amount of explosives used per hole, and the order and length of delay in the blasts;

(C) limit the type of explosives and detonating equipment, the size, the timing, and frequency of blasts based upon the physical conditions of the site so as to prevent injury to persons, damage to public and private property outside the permit area, adverse impacts on any underground mine, and change in the course, channel, or availability of ground or surface water outside the permit area;

(D) require that all blasting operations be conducted by trained and competent persons as certified by the commission;

(E) provide that on the request of a resident or owner of a man-made dwelling or structure within one-half mile of any portion of the permitted area, the applicant or permittee shall conduct a preblasting survey of the structures and submit the survey to the commission and a copy to the resident or owner making the request, the area of the survey shall be decided by the commission;

(16) insure that all reclamation efforts proceed in an environmentally sound manner and as contemporaneously as practicable with the surface coal mining operations; provided, however, that if the applicant proposes to combine surface mining operations with underground mining operations to assure maximum practical recovery of the coal resources, the commission may grant a variance for specific areas within the reclamation plan from the requirement that reclamation efforts proceed as contemporaneously as practicable to permit underground mining operations prior to reclamation:

(A) if the commission finds in writing that:

(i) the applicant has presented, as part of the permit application, specific, feasible plans for the proposed underground mining operations;

(ii) the proposed underground mining operations are necessary or desirable to assure maximum practical recovery of the coal resource and will avoid multiple disturbance of the surface;

(iii) the applicant has satisfactorily demonstrated that the plan for the underground mining operations conforms to requirements

for underground mining in the jurisdiction and that permits necessary for the underground mining operations have been issued by the appropriate authority;

(iv) the areas proposed for the variance have been shown by the applicant to be necessary for implementing the proposed underground mining operations;

(v) no substantial adverse environmental damage, either on-site or off-site, will result from the delay in completion of reclamation as required by this Act;

(vi) provisions for the offsite storage of spoil will comply with Subsection (b)(22) of this section;

(B) if the commission has promulgated specific regulations to govern the granting of the variances in accordance with the provisions of this subsection, and has imposed the additional requirements it deems necessary;

(C) if variances granted under the provisions of this subsection are to be reviewed by the commission not more than three years from the date of issuance of the permit; and

(D) if liability under the bond filed by the applicant with the commission pursuant to Section 25(b) of this Act is for the duration of the underground mining operations and until the requirements of Sections 23(b) and 26 of this Act have been fully complied with;

(17) insure that the construction, maintenance, and postmining conditions of access roads into and across the site of operations will control or prevent erosion and siltation, pollution of water, damage to fish or wildlife or their habitat, or public or private property;

(18) refrain from the construction of roads or other access ways up a stream bed or drainage channel or in such proximity to the channel as to seriously alter the normal flow of water;

(19) establish on the regraded areas, and all other land affected, a diverse, effective, and permanent vegetative cover of the same seasonal variety native to the area of land to be affected and capable of self-regeneration and plant succession at least equal in extent of cover to the natural vegetation of the area, except, that introduced species may be used in the revegetation process where desirable and necessary to achieve the approved postmining land use plan;

(20) assume the responsibility for successful revegetation, as required by Subsection (b)(19) of this section, for a period of five full years after the last year of augmented seeding, fertilizing, irrigation, or other work in order to assure compliance with Subsection (b)(19) of this section, except in those areas or regions of the state where the

annual average precipitation is 26 inches or less, then the operator's assumption of responsibility and liability will extend for a period of 10 full years after the last year of augmented seeding, fertilizing, irrigation, or other work; provided, that if the commission approves a long-term intensive agricultural postmining land use, the applicable 5- or 10-year period of responsibility for revegetation shall commence at the date of initial planting for the long-term intensive agricultural postmining land use; provided further, that if the commission issues a written finding approving a long-term intensive, agricultural, postmining land use as part of the mining and reclamation plan, the commission may grant exception to the provisions of Subsection (b)(19) of this section;

(21) protect off-site areas from slides or damage occurring during the surface coal mining and reclamation operations, and not deposit spoil material or locate any part of the operations or waste accumulations outside the permit area;

(22) place all excess spoil material resulting from coal surface mining and reclamation activities in such a manner that:

(A) spoil is transported and placed in a controlled manner in position for concurrent compaction and in such a way to assure mass stability and to prevent mass movement;

(B) the areas of disposal are within the bonded permit areas and all organic matter shall be removed immediately prior to spoil placement;

(C) appropriate surface and internal drainage systems and diversion ditches are used so as to prevent spoil erosion and movement;

(D) the disposal area does not contain springs, natural water courses, or wet weather seeps unless lateral drains are constructed from the wet areas to the main underdrains in such a manner that filtration of the water into the spoil pile will be prevented;

(E) if placed on a slope, the spoil is placed on the most moderate slope, among those on which, in the judgment of the commission, the spoil could be placed in compliance with all the requirements of this Act, and shall be placed, where possible, on or above a natural terrace, bench, or berm, if the placement provides additional stability and prevents mass movement;

(F) where the toe of the spoil rests on a downslope, a rock toe buttress of sufficient size to prevent mass movement is constructed;

(G) the final configuration is compatible with the natural drainage pattern and surroundings and suitable for intended uses;

(H) design of the spoil disposal area is certified by a qualified registered professional engineer in conformance with professional standards; and

(I) all other provisions of this Act are met;

(23) meet other criteria necessary to achieve reclamation in accordance with the purposes of this Act, taking into consideration the physical, climatological, and other characteristics of the site;

(24) to the extent possible, using the best technology currently available, minimize disturbance and adverse impacts of the operation on fish, wildlife, and related environmental values, and achieve enhancement of those resources where practicable; and

(25) provide for an undisturbed natural barrier beginning at the elevation of the lowest coal seam to be mined and extending from the outslope for the distance the commission determines shall be retained in place as a barrier to slides and erosion.

(c)(1) The commission, by rule, shall include procedures pursuant to which it may permit surface mining operations for the purposes set forth in Subdivision (3) of this subsection.

(2) If an applicant meets the requirements of Subdivisions (3) and (4) of this subsection, a permit, without regard to the requirement to restore to approximate original contour set forth in Subsection (b)(3) or (d)(2) and (3) of this section, may be granted for the surface mining of coal where the mining operation will remove an entire coal seam or seams running through the upper fraction of a mountain, ridge, or hill, except as provided in Subsection (c)(4)(A) of this section, by removing all of the overburden and creating a level plateau or a gently rolling contour with no highwalls remaining, and capable of supporting postmining uses in accord with the requirements of this subsection.

(3) In cases where an industrial, commercial, agricultural, residential, or public facility, including recreational facilities, use is proposed for the postmining use of affected land, the commission may grant a permit for a surface mining operation of the nature described in Subsection (c)(2) of this section where:

(A) after consultation with the appropriate land use planning agencies, if any, the proposed postmining land use is deemed to constitute an equal or better economic or public use of the affected land, as compared with premining use;

(B) the applicant presents specific plans for the proposed postmining land use and appropriate assurances that the use will be:

- (i) compatible with adjacent land uses;
- (ii) obtainable according to data regarding expected need and market;
- (iii) assured of investment in necessary public facilities;

(iv) supported by commitments from public agencies, where appropriate;

(v) practicable with respect to private financial capability for completion of the proposed use;

(vi) planned pursuant to a schedule attached to the reclamation plan so as to integrate the mining operation and reclamation with the postmining land use; and

(vii) designed by a registered engineer in conformance with professional standards established to assure the stability, drainage, and configuration necessary for the intended use of the site;

(C) the proposed use would be consistent with adjacent land uses and existing state and local land use plans and programs;

(D) the commission provides the county in which the land is located and any state or federal agency which the commission, in its discretion, determines to have an interest in the proposed use, an opportunity of not more than 60 days to review and comment on the proposed use; and

(E) all other requirements of this Act are met.

(4) In granting any permit pursuant to this subsection, the commission shall require that:

(A) the toe of the lowest coal seam and the overburden associated with it are retained in place as a barrier to slides and erosion;

(B) the reclaimed area is stable;

(C) the resulting plateau or rolling contour drains inward from the outslopes except at specified points;

(D) no damage will be done to natural watercourses;

(E) spoil will be placed on the mountaintop bench as is necessary to achieve the planned postmining land use; provided, that all excess spoil material not retained on the mountaintop shall be placed in accordance with the provisions of Subsection (b)(22) of this section;

(F) insure stability of the spoil retained on the mountaintop and meet the other requirements of this Act.

(5) The commission shall promulgate specific rules to govern the granting of permits in accord with the provisions of this subsection and may impose additional requirements it deems to be necessary.

(6) All permits granted under this subsection shall be reviewed not more than three years from the date of issuance of the permit, unless the applicant affirmatively demonstrates that the proposed development is proceeding in accordance

with the terms of the approved schedule and reclamation plan.

(d) The following performance standards shall be applicable to steep slope surface coal mining and shall be in addition to those general performance standards required by this section; provided, however, that the provisions of this subsection shall not apply to those situations in which an operator is mining on flat or gently rolling terrain, on which an occasional steep slope is encountered through which the mining operations are to proceed, leaving a plain or predominantly flat area or where an operator is in compliance with provisions of Subsection (c) of this section:

(1) the operator shall insure that when performing surface coal mining on steep slopes, no debris, abandoned or disabled equipment, spoil material, or waste mineral matter be placed on the downslope below the bench or mining cut; provided, that spoil material in excess of that required for the reconstruction of the approximate original contour under the provisions of Subsection (b)(3) or (d)(2) of this section shall be permanently stored pursuant to Subsection (b)(22) of this section;

(2) complete backfilling with spoil material shall be required to cover completely the highwall and return the site to the appropriate original contour, which material will maintain stability following mining and reclamation;

(3) the operator may not disturb land above the top of the highwall unless the commission finds that the disturbances will facilitate compliance with the environmental protection standards of this section; provided, however, that the land disturbed above the highwall shall be limited to that amount necessary to facilitate the compliance;

(4) for the purposes of this subsection, the term "steep slope" is any slope above 20 degrees or such lesser slope as may be determined by the commission after consideration of soil, climate, or other characteristics of a region or state.

(e)(1) The commission, by rule, shall include procedures pursuant to which it may permit variances for the purposes set forth in Subdivision (3) of this subsection, provided that the watershed control of the area is improved; and further provided complete backfilling with spoil material shall be required to cover completely the highwall, which material will maintain stability following mining and reclamation.

(2) Where an applicant meets the requirements of Subdivisions (3) and (4) of this subsection, a variance from the requirement to restore to approximate original contour set forth in Subsection (d)(2) of this section may be granted for the surface mining of coal where the owner of the surface knowingly

requests in writing, as a part of the permit application, that the variance be granted so as to render the land, after reclamation, suitable for an industrial, commercial, residential, or public use, including recreational facilities, in accord with the further provisions of Subdivisions (3) and (4) of this subsection;¹

(3) After consultation with the appropriate land use planning agencies, if any, if the potential use of the affected land:

(A) is deemed to constitute an equal or better economic or public use;

(B) is designed and certified by a qualified registered professional engineer in conformance with professional standards established to assure the stability, drainage, and configuration necessary for the intended use of the site; and

(C) is approved by the appropriate state environmental agencies, the watershed of the affected land is deemed to be improved;¹

(4) In granting a variance pursuant to this subsection, the commission shall require that only those amounts of spoil will be placed off the mine bench as is necessary to achieve the planned postmining land use, insure stability of the spoil retained on the bench, meet all other requirements of this Act, and all spoil placement off the mine bench must comply with Subsection (b)(22) of this section.

(5) The commission shall promulgate specific rules to govern the granting of variances in accord with the provisions of this subsection, and may impose any additional requirements it deems to be necessary.

(6) All exceptions granted under the provisions of this subsection shall be reviewed not more than three years from the date of issuance of the permit, unless the permittee affirmatively demonstrates that the proposed development is proceeding in accordance with the terms of the reclamation plan.

¹ Punctuation so in enrolled bill.

Public Liability Insurance

Sec. 24. Each applicant for a permit shall submit to the commission, as part of each permit application, a certificate satisfactory to the commission that the applicant has a public liability insurance policy in force for the surface coal mining and reclamation operation for which the permit is sought, or evidence satisfactory to the commission that the applicant should be allowed to be self-insured. The policy shall provide for personal injury and property damage protection in an amount adequate to compensate any persons damaged as a result of the surface coal mining and reclamation operations including the use of explosives, and entitled to compensation under state law. The policy shall be maintained in full force and effect during the terms of the permit or any renewal, including all reclamation operations.

Performance Bond

Sec. 25. (a) After a surface coal mining and reclamation permit application has been approved but before the permit is issued, the applicant shall file with the commission, on a form prescribed and furnished by the commission, a bond for performance payable to the State of Texas and conditioned on faithful performance of all requirements of this Act and the permit. The bond shall cover that area of land within the permit area on which the applicant will initiate and conduct surface coal mining and reclamation operations within the initial term of the permit. As succeeding increments of surface coal mining and reclamation operations are initiated and conducted within the permit area the permittee shall provide an additional bond or bonds to cover those increments. The amount of the bond required for each bonded area shall reflect the probable difficulty of the reclamation giving consideration to such factors as topography, geology of the site, hydrology, and revegetation potential, and shall be determined by the commission. The amount of the bond shall be sufficient to assure the completion of the reclamation plan if the work had to be performed by the commission in the event of forfeiture, and in no case shall the bond for the entire area under one permit be less than \$10,000.

(b) Liability under the bond shall be for the duration of the surface coal mining and reclamation operation and for a period coincident with applicant's responsibility for revegetation. The bond shall be executed by the applicant and a corporate surety licensed to do business in Texas except that the applicant may elect to deposit cash, negotiable bonds of the United States government or the state, or negotiable certificates of deposit of any bank organized or transacting business in the United States, as security for the performance of his or her obligations under the bond. The cash deposit or market value of the securities shall be equal to or greater than the amount of the bond required for the bonded area.

(c) The commission may accept the bond of the applicant without separate surety when the applicant demonstrates to the satisfaction of the commission the existence of a suitable and continuous operation sufficient for authorization to self-insure or bond such amount, or in lieu of the establishment of a bonding program as set forth in this section, the commission may approve an alternative system that will achieve the objectives and purposes of the bonding program pursuant to this section.

(d) The amount of the bond or deposit required and the terms of each acceptance of the applicant's bond shall be adjusted by the commission from time to time as affected land acreages are increased or decreased or where the cost of future reclamation changes.

Release of Bonds or Deposits

Sec. 26. (a) The permittee may file a request with the commission for the release of all or part of a performance bond or deposit. Within 30 days after any application for bond or deposit release has been filed with the commission, the permittee shall submit a copy of an advertisement placed at least once a week for four consecutive weeks in a newspaper of general circulation in the locality of the surface coal mining operation. The advertisement shall be considered part of any bond release application and shall contain a notification of the precise location of the land affected, the number of acres, the permit and the date approved, the amount of the bond filed and the portion sought to be released, the type and appropriate dates of reclamation work performed, and a description of the results achieved as they relate to the permittee's reclamation plan. In addition, as part of any bond release application, the applicant shall submit copies of letters which he or she has sent to adjoining property owners, local governmental bodies, planning agencies, and sewage and water treatment authorities in the locality, as the commission may direct, notifying them of his intention to seek release from the bond.

(b) On receipt of the notification and request, the commission shall within 30 days conduct an inspection and evaluation of the reclamation work involved. The evaluation shall consider, among other things, the degree of difficulty to complete any remaining reclamation, whether pollution of surface and subsurface water is occurring, the probability of continuance of future occurrence of the pollution, and the estimated cost of abating the pollution. The commission shall notify the permittee, in writing, of its decision to release or not to release all or part of the performance bond or deposit within 60 days from the filing of the request, if no public hearing is held, and if there has been a public hearing, within 30 days after the hearing.

(c) The commission may release the bond or deposit in whole or in part if it is satisfied the reclamation covered by the bond or deposit or portion of the reclamation has been accomplished as required by this Act according to the following schedule:

(1) if the permittee completes the backfilling, regrading, and drainage control of a bonded area in accordance with the reclamation plan, the release of 60 percent of the bond or collateral for the applicable permit area;

(2) after revegetation has been established on the regraded mined lands in accordance with the reclamation plan; when determining the amount of bond to be released after successful revegetation has been established, the commission shall retain the amount of the bond for the revegetated area that is sufficient for a third party to establish

revegetation and for the period specified for permittee responsibility in Section 23(b)(20) of this Act. No part of the bond or deposit shall be released under this paragraph so long as the land to which the release would be applicable is contributing suspended solids to streamflow or runoff outside the permit area in excess of the requirements by Section 23(b)(10) of this Act or until soil productivity for prime farmland has returned to equivalent levels of yield as nonmined land of the same soil type in the surrounding area under equivalent management practices as determined from the soil survey performed pursuant to Section 14(a)(14) of this Act; where a silt dam is to be retained as a permanent impoundment pursuant to Section 23(b)(8) of this Act, the portion of bond may be released under this subdivision so long as provisions for sound future maintenance have been made with the commission;

(3) when the permittee has successfully completed all surface coal mining and reclamation activities, the release of the remaining portion of the bond, but not before the expiration of the period specified for permittee responsibility in Section 23(b)(20) of this Act; however, no bond shall be fully released until all reclamation requirements of this Act are fully met.

(d) If the commission disapproves the application for release of the bond or a portion of the bond, it shall notify the permittee, in writing, stating the reasons for disapproval and recommending corrective actions necessary to secure said release and allowing opportunity for a public hearing.

(e) When an application for total or partial bond release is filed with the commission, it shall notify the county judge of any county in which the surface coal mining operation is located by certified mail at least 30 days prior to the release of all or a portion of the bond.

(f) Any person with a valid legal interest that might be adversely affected by release of the bond or the responsible officer or head of any federal, state, or local governmental agency that has jurisdiction by law or special expertise with respect to any environmental, social, or economic impact involved in the operation, or is authorized to develop and enforce environmental standards with respect to the operations, is entitled to file written objections to the proposed release from bond with the commission within 30 days after the last publication of the notice. If written objections are filed and a hearing requested, the commission shall inform all the interested parties of the time and place of the hearing and hold the hearing in the locality of the surface coal mining operation or at the state capital at the option of the objector, within 30 days of the request for such hearing. The date, time, and location of such public hearings shall be advertised by the com-

mission in a newspaper of general circulation in the locality for two consecutive weeks and the public hearing and any appeal shall be conducted pursuant to the provisions of the Administrative Procedure and Texas Register Act, as amended.

Coal Exploration Permits

Sec. 27. (a) Coal exploration operations that substantially disturb the natural land surface shall be conducted in accordance with rules issued by the commission. The rules shall include, at a minimum, the requirement that prior to conducting the exploration, a person must file with the commission notice of intent to explore and the notice shall include a description of the exploration area and the period of proposed exploration, and provisions for reclamation in accordance with the performance standards in Section 23 of this Act of all lands disturbed in exploration, including excavations, roads, drill holes, and the removal of necessary facilities and equipment.

(b) Information submitted to the commission pursuant to this section as confidential concerning trade secrets or privileged commercial or financial information that relates to the competitive rights of the person intending to explore the described area shall not be available for public examination.

(c) Any person who conducts any coal exploration operations that substantially disturb the natural land surface in violation of this section or the rules issued pursuant to this section shall be subject to the provisions of Section 30 of this Act.

(d) No operator shall remove more than 250 tons of coal pursuant to an exploration permit without the specific written approval of the commission.

Surface Effects of Underground Mining

Sec. 28. The commission shall adopt rules applicable to the surface effects of underground mining that are consistent with the requirements of the Surface Mining Control and Reclamation Act of 1977, 30 U.S.C. 1201 (1977), and regulations adopted pursuant to that statute by the Secretary of Interior of the United States. The provisions of this Act, including but not limited to those provisions relating to a permit application, a reclamation plan, a performance bond, and administrative or judicial review, also apply to the regulation of the surface effects of underground mining operations as established in Section 516 of the Surface Mining Control and Reclamation Act of 1977, 30 U.S.C. 1201 (1977).

Inspection and Monitoring

Sec. 29. (a) The commission shall require such monitoring and reporting, shall have made such inspections of any surface coal mining and reclamation operations, shall require the maintenance of such signs and markers, and shall take other actions as

are necessary to administer, enforce, and evaluate the administration of this Act and to meet the state program requirements of the Surface Mining Control and Reclamation Act of 1977, 30 U.S.C. 1201 (1977), and for such purposes, the commission or authorized representative shall, without advance notice and on presentation of appropriate credentials, have a right of entry to any surface coal mining and reclamation operation or any premises in which any records required to be maintained are located, and may at reasonable times, without delay, have access to and copy any records and inspect any monitoring equipment and method of operation required under this Act or the rules issued pursuant to this Act.

(b) Each inspector, on detection of each violation of any requirement of this Act, shall forthwith inform the operator in writing, and shall report in writing the violation to the commission.

(c) For those surface coal mining and reclamation operations that remove or disturb strata that serve as aquifers which significantly insure the hydrologic balance of water use either on or off the mining site, the commission shall specify:

(1) monitoring sites to record the quantity and quality of surface drainage above and below the minesite as well as in the potential zone of influence;

(2) monitoring sites to record level, amount, and samples of ground water and aquifers potentially affected by the mining and also directly below the lowermost, deepest, coal seam to be mined;

(3) records of well logs and boreholes data to be maintained; and

(4) monitoring sites to record precipitation.

(d) The commission shall issue rules that provide for informing the operator of violations detected by an inspector and for making public all inspection and monitoring reports and other records and reports required to be kept pursuant to this Act and the rules issued pursuant to this Act.

(e) The inspections by the commission shall:

(1) occur on an irregular basis averaging not less than one partial inspection per month and one complete inspection per calendar quarter for the surface coal mining and reclamation operation covered by each permit;

(2) occur without prior notice to the permittee or his agents or employees except for necessary on-site meetings with the permittee; and

(3) include the filing of inspection reports adequate to enforce the requirements of and to carry out the terms and purposes of this Act.

(f) No employee of the commission performing any function or duty under this Act shall have a direct or indirect financial interest in any underground or surface coal mining operation. Whoever

knowingly violates the provisions of this subsection shall, on conviction, be punished by a fine of not more than \$2,500, or by imprisonment of not more than one year, or by both.

Penalties

Sec. 30. (a) Any permittee or person who violates any permit condition or any provision of this Act may be assessed a civil penalty by the commission. If the violation leads to the issuance of a cessation order, a civil penalty must be assessed. The penalty shall not exceed \$5,000 for each violation. Each day a violation continues may be deemed a separate violation for purposes of penalty assessments. In determining the amount of the penalty, consideration shall be given to the permittee's history of previous violations at the particular surface coal mining operation, the seriousness of the violation, including any irreparable harm to the environment and any hazard to the health or safety of the public, whether the permittee or person was negligent, and the demonstrated good faith of the permittee or person charged in attempting to achieve rapid compliance after notification of the violation.

(b) A civil penalty shall be assessed only after the person charged with a violation described under Subsection (a) of this section has been given an opportunity for a public hearing. Where the public hearing has been held, the commission shall make findings of fact, and it shall issue a written decision as to the occurrence of the violation and the amount of the penalty that is warranted, incorporating, when appropriate, an order requiring that the penalty be paid. When appropriate the commission shall consolidate the hearings with other proceedings under Section 32 of this Act. Any hearing under this section shall be of record and shall be subject to the Administrative Procedure and Texas Register Act, as amended. Where the person charged with the violation fails to avail himself or herself of the opportunity for a public hearing, a civil penalty shall be assessed by the commission after it has determined that a violation did occur, and the amount of the penalty which is warranted. The commission shall then issue an order requiring that the penalty be paid.

(c) On the issuance of a notice or order charging that a violation of the Act has occurred, the commission shall inform the permittee and any other person charged within 30 days of the proposed amount of the penalty. The person charged with the penalty shall then have 30 days to pay the proposed penalty in full or, if the person wishes to contest either the amount of the penalty or the fact of the violation, forward the proposed amount to the commission for placement in an escrow account. If through administrative or judicial review of the proposed penalty it is determined that no violation occurred or that the

amount of the penalty should be reduced, the commission shall, within 30 days, remit the appropriate amount to the person, with interest at the prevailing United States Department of the Treasury rate. Failure to forward the money to the commission within 30 days shall result in a waiver of all legal rights to contest the violation or the amount of the penalty.

(d) Civil penalties owed under this Act may be recovered in a civil action brought by the attorney general at the request of the commission.

(e) Any person who wilfully and knowingly violates a condition of a permit issued pursuant to this Act or fails or refuses to comply with any order issued under this Act, or any order incorporated in a final decision issued by the commission under this Act, except an order incorporated in a decision issued under Subsection (b) of this section, shall, on conviction, be punished by a fine of not more than \$10,000, or by imprisonment for not more than one year, or by both.

(f) Any permittee or person who fails to correct a violation for which a citation has been issued under Section 32(a) of this Act within the period permitted for its correction, which period shall not end until the entry of a final order by the commission, in the case of any review proceedings initiated by the permittee in which the commission orders, after an expedited hearing, the suspension of the abatement requirements of the citation after determining that the permittee will suffer irreparable loss or damage from the application of those requirements, or until the entry of an order of the court, in the case of any review proceedings initiated by the permittee in which the court orders the suspension of an abatement requirement of the citation, shall be assessed a civil penalty of not less than \$750 for each day during which the failure or violation continues.

(g) Whenever a corporate permittee or person violates a condition of a permit issued pursuant to a state program under Section 32 of this Act or fails or refuses to comply with any order issued under Section 32 of this Act, or any order incorporated in a final decision issued by the commission under this Act, except an order incorporated in a decision issued under Subsection (b) of this section, any director, officer, or agent of the corporation who wilfully and knowingly authorized, ordered, or carried out the violation, failure, or refusal shall be subject to the same civil penalties, fines, and imprisonment that may be imposed on a person under Subsections (a) and (e) of this section.

(h) Whoever knowingly makes any false statement, representation, or certification, or knowingly fails to make any statement, representation, or certification in any application, record, report, or other document filed or required to be maintained pursuant to a state program or this Act or any order of

decision issued by the commission under this Act, shall, on conviction, be punished by a fine of not more than \$10,000, or by imprisonment for not more than one year, or by both.

Citizen Suits

Sec. 31. (a) Except as provided in Subsection (b) of this section, any person having an interest that is or may be adversely affected may commence a civil action on his or her own behalf to compel compliance with this Act against:

(1) the commission to the extent permitted by the Eleventh Amendment to the United States Constitution where there is alleged a failure of the commission to perform any act or duty under this Act that is not discretionary with the commission;

(2) any state governmental instrumentality or agency to the extent permitted by the Eleventh Amendment to the United States Constitution that is alleged to be in violation of the provisions of this Act or of any rule, regulation, order, or permit issued pursuant to this Act, or against any other person who is alleged to be in violation of any rule, regulation, order, or permit issued pursuant to this Act.

(b) No action may be commenced under Subsection (a)(1) of this section prior to 60 days after the plaintiff has given notice in writing of the action to the commission, in the manner as the commission shall by rule prescribe, except that the action may be brought immediately after the notification in the case where the violation or order complained of constitutes an imminent threat to the health or safety of the plaintiff or would immediately affect a legal interest of the plaintiff.

(c) No action may be commenced under Subsection (a)(2) of this section:

(A) prior to 60 days after the plaintiff has given notice in writing of the violation to the commission and to any alleged violator; or

(B) if the state of Texas has commenced and is diligently prosecuting a civil action in a court of the United States or this state to require compliance with the provisions of this Act, or any rule, regulation, order, or permit issued pursuant to this Act.

(d)(1) Any action respecting a violation of this Act or the regulations under this Act may be brought only in the judicial district in which the surface coal mining operation complained of is located.

(2) In the action under this section, the commission, if not a party, may intervene as a matter of right.

(e) The court, in issuing any final order in any action brought pursuant to Subsection (a) of this section, may award costs of litigation, including attorney and expert witness fees, to any party, when-

ever the court determines the award is appropriate. The court may, if a temporary restraining order or preliminary injunction is sought, require the filing of a bond or equivalent security in accordance with the Texas Rules of Civil Procedure.

(f) Nothing in this section shall restrict any right that any person or class of persons may have under any statute or common law to seek enforcement of any of the provisions of this Act and the regulations adopted under this Act, or to seek any other relief, including relief against the commission.

(g) Any person who is injured in his person or property through the violation by any permittee of any rule, regulation, order, or permit issued pursuant to this Act may bring an action for damages, including reasonable attorney and expert witness fees, only in the judicial district in which the surface coal mining operation complained of is located. Nothing in this subsection shall affect the rights established by or limits imposed under workers' compensation laws of this state.

Enforcement

Sec. 32. (a) On the basis of any inspection, if the commission or its authorized representative or agent determines that a condition exists or practices exist or that a person or permittee is in violation of a requirement of this Act or a permit condition required by this Act and that this condition, practice, or violation also creates an imminent danger to the health or safety of the public or is causing or can reasonably be expected to cause significant imminent environmental harm to land, air, or water resources, the commission or its authorized representative shall immediately order a cessation of surface coal mining operations or the portion thereof relevant to the condition, practice, or violation. The cessation order shall remain in effect until the commission or its authorized representative determines that the condition, practice, or violation has been abated, or until modified, vacated, or terminated by the commission or its authorized representative pursuant to Subsection (d) of this section. If the commission finds that the ordered cessation of surface coal mining and reclamation operations, or any portion of those operations, will not completely abate the imminent danger to health or safety of the public or the significant imminent environmental harm to land, air, or water resources, the commission shall, in addition to the cessation order, impose affirmative obligations on the operator requiring him or her to take whatever steps the commission deems necessary to abate the imminent danger or the significant environmental harm.

(b) On the basis of an inspection, if the commission or its authorized representative or agent determines that a permittee is in violation of a requirement of this chapter or a permit condition required

by this Act, but the violation does not create an imminent danger to the health or safety of the public or is not causing or reasonably expected to cause significant imminent environmental harm to land, air, or water resources, the commission or its authorized representative shall issue a notice to the permittee setting a reasonable time not to exceed 90 days for the abatement of the violation. If, on expiration of the period of time as originally set or subsequently extended, for good cause shown, and on written finding of the commission or its authorized representative, the commission or its authorized representative finds that the violation has not been abated, it shall order a cessation of surface mining operations or the portion relevant to the violation. The cessation order shall remain in effect until the commission determines that the violation has been abated or until modified, vacated, or terminated by the commission under Subsection (e) of this section.

(c)(1) A permittee issued notice or order by the commission pursuant to the provisions of Subsections (a) and (b) of this section or any person having an interest which is or may be adversely affected by the notice or order or by any modification, vacation, or termination of the notice or order, may apply to the commission for review of the notice or order within 30 days of receipt thereof or within 30 days of its modification, vacation, or termination. On receipt of the application, the commission shall have an investigation made as it deems appropriate. The investigation shall provide an opportunity for a public hearing, at the request of the applicant or the person having an interest which is or may be adversely affected, to enable the applicant or the person to present information relating to the issuance and continuance of the notice or order or the modification, vacation, or termination of the notice or order. The filing of an application for review under this subsection shall not operate as a stay of any order or notice. The permittee and other interested persons shall be given written notice of the time and place of the hearing at least five days prior to the hearing. Any hearing shall be of record and shall be subject to the Administrative Procedure and Texas Register Act.

(2) On receiving the report of the investigation, the commission shall make findings of fact, and shall issue a written decision, incorporating in the decision an order vacating, affirming, modifying, or terminating the notice or order or the modification, vacation, or termination of the notice or order complained of and incorporate its findings therein. Where the application for review concerns an order for cessation of surface coal mining and reclamation operations issued pursuant to the provisions of Subsection (a) or (b) of this section, the commission shall issue the written decision within 30 days of the receipt of the application for review, unless temporary relief has been granted by the commission under Subdivision (3) of this subsection.

(3) Pending completion of the investigation and hearing required by this section, the applicant may file with the commission a written request that the commission grant temporary relief from any notice or order issued under this section, together with a detailed statement giving reasons for granting the relief. The commission shall issue an order or decision granting or denying the relief expeditiously; provided, that where the applicant requests relief from an order for cessation of coal mining and reclamation operations issued under Subdivision (1) or (2) of this subsection, the order or decision on the request shall be issued within five days of its receipt. The commission may grant the relief, under conditions it may prescribe, if:

(A) a hearing has been held in the locality of the permit area on the request for temporary relief in which all parties were given an opportunity to be heard;

(B) the applicant shows that there is substantial likelihood that the findings of the commission will be favorable to him; and

(C) the relief will not adversely affect the health or safety of the public or cause significant, imminent environmental harm to land, air, or water resources.

(4) Following the issuance of an order to show cause as to why a permit should not be suspended or revoked under this section, the commission shall hold a public hearing after giving written notice of the time, place, and date of the hearing. The hearing shall be of record and shall be subject to the Administrative Procedure and Texas Register Act. If the commission revokes the permit, the permittee shall immediately cease surface coal mining operations on the permit area and shall complete reclamation within a period specified by the commission, or the commission shall declare as forfeited the performance bonds for the operation.

(5) Whenever an order is issued under this section, or as a result of any administrative proceeding under this Act, at the request of any person, a sum equal to the aggregate amount of all costs and expenses, including attorney fees, as determined by the commission to have been reasonably incurred by the person for or in connection with his participation in the proceedings, including any judicial review of agency actions, may be assessed against either party as the court, resulting from judicial review or the commission resulting from administrative proceedings, deems proper.

(d) On the basis of an inspection, if the commission has reason to believe that a pattern of violations of any requirements of this Act or any permit conditions required by this Act exists or has existed, and if the commission or its authorized representative also finds that these violations are caused by the unwarranted failure of the permittee to comply with

requirements of this Act or any permit conditions, or that the violations are wilfully caused by the permittee, the commission shall issue an order to the permittee forthwith to show cause as to why the permit should not be suspended or revoked. The order shall set a time and place for a public hearing, if requested, to be held in accordance with the notice and procedural requirements of the Administrative Procedure and Texas Register Act, as amended. On failure of a permittee to show cause why the permit should not be suspended or revoked, the commission shall promptly suspend or revoke the permit.

(e) Notices and orders issued pursuant to this section shall set forth with reasonable specificity the nature of the violation and the remedial action required, the period of time established for abatement, and a reasonable description of the portion of the surface coal mining and reclamation operation to which the notice or order applies. Each notice or order issued under this section shall be given promptly to the permittee or his agent by the commission or its authorized representatives. Any notice or order issued pursuant to this section may be modified, vacated, or terminated by the commission or its authorized representative. Any notice or order issued pursuant to this section that requires cessation of mining by the operator shall expire within 30 days of actual notice to the operator unless a public hearing is held at the site or within a reasonable proximity to the site so that any viewings of the site can be conducted during the course of the public hearing.

(f) The commission may request the attorney general to institute a civil action for relief, including a permanent or temporary injunction, restraining order, or other appropriate order, if the permittee:

(1) violates or fails or refuses to comply with an order or decision issued by the commission under this Act;

(2) interferes with, hinders, or delays the commission or its authorized representative in carrying out the provisions of this section;

(3) refuses to admit an authorized representative to the mine;

(4) refuses to permit inspection of the mine by an authorized representative;

(5) refuses to furnish information or a report requested by the commission under the commission's rules; or

(6) refuses to permit access to and copying of records the commission determines reasonably necessary to carry out this Act.

The action shall be brought in a district court in Travis County or in the county in which the greater portion of the surface mining and reclamation operation is located.

The court has jurisdiction to provide the relief that is appropriate, and relief granted by the court to enforce Subdivision (1) of this subsection shall continue in effect until the completion or final termination of all proceedings for review of the order under this section unless before that time the district court granting the relief sets the order aside or modifies it.

Areas Unsuitable for Surface Coal Mining

Sec. 33. (a) The commission shall develop a process for designating areas unsuitable for surface coal mining that includes:

(1) surface coal mining land review;

(2) developing a data base and an inventory system which will permit proper evaluation of the capacity of different land areas of the state to support and permit reclamation of surface coal mining operations;

(3) developing, by rule, a method or methods for implementing land use planning decisions concerning surface coal mining operations; and

(4) developing, by rule, proper notice, provisions, and opportunities for public participation, including a public hearing, prior to making any designation or redesignation pursuant to this section.

(b) On petition pursuant to Subsection (c) of this section, the commission shall designate an area as unsuitable for all or certain types of surface coal mining operations if the commission determines that reclamation pursuant to the requirements of this Act is not technologically and economically feasible. On petition pursuant to Subsection (c) of this section, a surface area may be designated unsuitable for certain types of surface coal mining operations if those operations will:

(1) be incompatible with existing state or local land use plans or programs;

(2) affect fragile or historic land in which the operations could result in significant damage to important historic, cultural, scientific, and esthetic values and natural systems;

(3) affect renewable resource lands in which the operations could result in a substantial loss or reduction of long-range productivity of water supply or of food or fiber products, the land to include aquifers and aquifer recharge areas; or

(4) affect natural hazard land in which the operations could substantially endanger life and property, the land to include areas subject to frequent flooding and areas of unstable geology.

Determinations of the unsuitability of land for surface coal mining, as provided by this section, shall be integrated as closely as possible with present and future land use planning and regulation processes at

the federal, state, and local levels. The requirements of this section shall not apply to land on which surface coal mining operations were being conducted on August 3, 1977, or under a permit issued pursuant to this Act, or where substantial legal and financial commitments in the operation or proposed operation were in existence prior to January 4, 1977.

(c) Any person having an interest that is or may be adversely affected shall have the right to petition the commission to have an area designated as unsuitable for surface coal mining operations, prior to the filing of an application, or to have such a designation terminated. The petition shall contain allegations of facts with supporting evidence that would tend to establish the allegations. Within 10 months after receipt of the petition the commission shall hold a public hearing under the Administrative Procedure and Texas Register Act, as amended, in the locality of the affected area. After a person having an interest that is or may be adversely affected has filed a petition and before the hearing, as required by this subsection, any person may intervene by filing allegations of facts with supporting evidence that would tend to establish the allegations. In the event that all the petitioners stipulate agreement prior to the requested hearing and withdraw their request, the hearing need not be held.

(d) Prior to designating any land areas as unsuitable for surface coal mining operations, the commission shall prepare a detailed statement on the potential coal resources of the area, the demand for coal resources, and the impact of the designation on the environment, the economy, and the supply of coal.

(e) After the enactment of this Act and subject to valid existing rights, no surface coal mining operations except those that existed on August 3, 1977, shall be permitted:

(1) that will adversely affect any publicly owned park or place included in the National Register of Historic Sites unless approved jointly by the commission and the federal, state, or local agency with jurisdiction over the park or the historic site;

(2) within 100 feet of the outside right-of-way line of any public road, except where mine access roads or haulage roads join the right-of-way lines and except that the commission may permit these roads to be relocated or the area affected to lie within 100 feet of the public road, if, after public notice and opportunity for public hearing in the locality, a written finding is made that the interests of the public and the landowners affected by the relocation will be protected; or

(3) within 300 feet of any occupied dwelling, unless waived by the owner of the dwelling, or within 300 feet of any public building, school, church, community, or institutional building, public park, or within 100 feet of a cemetery.

Mining by Governmental Agencies; Mining on Government Land

Sec. 34. (a) The commission may enter into cooperative agreements with the federal government pursuant to the provisions of the Surface Mining Control and Reclamation Act of 1977, 30 U.S.C. 1201 (1977).

(b) Any agency, unit, or instrumentality of federal, state, or local government, including any publicly owned utility or publicly owned corporation of federal, state, or local government, that proposes to engage in surface coal mining operations that are subject to the requirements of this Act shall comply with all provisions of this Act.

Exemptions

Sec. 35. The provisions of this Act shall not apply to any of the following activities:

(1) the extraction of coal by a landowner for his or her own noncommercial use from land owned or leased by him or her; provided that this does not exempt the noncommercial production of coal, when produced by in situ distillation or retorting, leaching, or other chemical or physical process or preparation;

(2) the extraction of coal for commercial purposes where the surface mining operation affects two acres or less;

(3) the extraction of coal as an incidental part of federal, state or local government-financed highway or other construction under rules established by the commission; and

(4) the extraction of coal incidental to the extraction of other minerals where the coal does not exceed 16-2/3 percentum of the total tonnage of coal and other minerals removed annually for purposes of commercial use or sale or coal explorations subject to this Act.

Experimental Practices

Sec. 36. In order to encourage advances in mining and reclamation practices and to allow postmin-

ing land use for industrial, commercial, residential, or public use, including recreational facilities, the commission may, with approval by the secretary, authorize departures in individual cases on an experimental basis from the environmental protection performance standards of this Act. These departures may be authorized if the experimental practices are potentially more or at least as environmentally protective, during and after mining operations, as those required by this Act, the mining operations approved for particular land-use or other purposes are not larger or more numerous than necessary to determine the effectiveness and economic feasibility of the experimental practices, and the experimental practices do not reduce the protection afforded public health and safety below that provided by promulgated standards.

Water Rights and Replacement

Sec. 37. (a) Nothing in this Act shall be construed as affecting in any way the right of any person to enforce or protect, under applicable law, his or her interest in water resources affected by a surface coal mining operation.

(b) The operator of a surface coal mining operation shall replace the water supply of an owner of interest in real property who obtains all or part of his supply of water for domestic, agricultural, industrial, or other legitimate use from an underground or surface source where the supply has been affected by contamination, diminution, or interruption proximately resulting from the surface coal mine operation.

Certification of Blasters

Sec. 38. The commission shall promulgate rules requiring the training, examination, and certification of persons engaging in or directly responsible for blasting or use of explosives in surface coal mining operations.

TITLE 99

NOTARIES PUBLIC

Article

5960a. Rubber Stamp for Seal.

Art. 5949. Notary Public

Appointment; Number and Terms; Jurisdiction

1. The Secretary of State of the State of Texas shall appoint a convenient number of Notaries Public in this state. Such appointments may be made at any time, and the term of each appointment shall end four years after the date of qualification of each individual Notary Public, unless sooner revoked by the Secretary of State. The jurisdiction of each Notary Public appointed after the effective date of this Act shall be coextensive with the boundaries of the state, irrespective of the county in which he is appointed.

Eligibility

2. To be eligible for appointment as a Notary Public, a person shall be a resident citizen of the United States and of this state and at least eighteen (18) years of age. Nothing herein shall invalidate any commission as Notary Public which has been issued and is outstanding at the time this Act becomes effective.

Procedure for Appointment; Contents; Duties of Secretary of State

3. (a) Any person desiring appointment as a Notary Public shall make application to the Secretary of State on forms prescribed by the Secretary of State, which includes his name as it will be used in acting as such Notary Public, his post-office address, his county of residence, his business address, the name of the county in which his business is located, his social security number, a statement that he has never been convicted of a crime involving moral turpitude, and shall satisfy the Secretary of State that he is at least eighteen (18) years of age and otherwise qualified by law for the appointment which is sought; provided that if the person is a qualified Notary Public before January 1, 1980, in another county, his commission in that county shall be surrendered to the Secretary of State at the time application for the appointment is made. The Secretary of State shall act upon all such names submitted at the earliest practicable time and notify each applicant whether the appointment has been made.

(b) Upon receiving notice from the Secretary of State of such appointment, the applicant shall, with-

in twenty (20) days from the date of appointment, qualify as hereinafter provided. The appointment of any person failing to qualify within the time allowed shall be void, and if any such person desires thereafter to qualify, his name shall be resubmitted in the same manner as hereinabove provided.

Fees

4. At the time of such qualification the applicant shall forward to the Secretary of State a fee in the amount of Four (\$4.00) Dollars for approving and filing the bond of such Notary Public, together with the fee allowed by law to the Secretary of State for issuing a commission to such Notary Public.

Issuance of Commission; Non-Attorney Notice; Literal Translation; Rejection of Application; Appeal

5. (a) Immediately after the qualification of any Notary Public, and the receipt of the fees due the Secretary of State, the Secretary of State shall cause a commission to be issued to such Notary Public, which commission shall be effective as of the date of qualification. Nothing herein shall prevent any qualified Notary Public from performing the duties of his office from and after his qualification and before the receipt of his commission.

(b) Every Notary Public who is not an attorney who advertises the services of a Notary Public in a language other than English, whether by radio, television, signs, pamphlets, stationery, or other written communication, shall post or otherwise include with the advertisement a notice that the person is not an attorney. The notice shall be in English and in the other language in letters of a conspicuous size. If the advertisement is by radio or television, the statement may be modified, but must include substantially the same message. The notice shall include the fees that a Notary Public may charge and the following statement:

"I AM NOT AN ATTORNEY LICENSED TO PRACTICE LAW IN TEXAS AND MAY NOT GIVE LEGAL ADVICE OR ACCEPT FEES FOR LEGAL ADVICE."

(c) Literal translation of the phrase "Notary Public" into Spanish is prohibited. In this subsection, "literal translation" of a word or phrase from one language to another means the translation of a word or phrase without regard to the true meaning of the word or phrase in the language which is being translated.

(d) The failure to comply with Subsection (b) or (c) of this section constitutes a deceptive trade practice in addition to any other law of the State of Texas and is actionable under Chapter 17 of the Business & Commerce Code.

(e) The Secretary of State may, for good cause, reject any application, or revoke the commission of any Notary Public, but such action shall be taken subject to the right of notice, hearing and adjudication, and the right of appeal therefrom. Such appeal shall be made to the District Court of Travis County, Texas, but upon such appeal the Secretary of State shall have the burden of proof and such trial shall be conducted de novo.

(f) "Good cause" shall include final conviction for a crime involving moral turpitude, any false statement knowingly made in an application, the failure to comply with Subsection (b) or (c) of this section, and final conviction for the violation of any law concerning the regulation of the conduct of Notaries Public in this state, or any other state.

The Secretary of State shall notify all Notaries Public whose terms are expiring at least ninety (90) days prior to expiration.

(b) Upon receiving notice of appointment made by the Secretary of State for another term of office, the applicant must qualify not later than the expiration date of the term for which he is serving, which qualifying shall become effective on the expiration date of his term and shall not be effective prior thereto. The appointment for another term of office of any person who fails to qualify on or before the expiration date of the term he is serving shall be void, and if the person later desires to qualify, his name must be resubmitted in the same manner as provided in Section 3 of this Article.

TITLE 100

OFFICERS—REMOVAL OF

Art. 5963. Trial by Senate

(a) All persons against whom articles of impeachment are preferred by the House of Representatives shall be tried by the Senate sitting as a court of impeachment in the manner provided by Article XV of the Constitution of Texas.

(b) If the Senate is in session, at a regular or called session of the Legislature when articles of impeachment are preferred by the House, it shall receive the articles when presented and, on a day and time to be set by the Senate, shall resolve into a court of impeachment to consider the articles. The Senate may continue in session as a court of impeachment beyond any date of expiration of the session for legislative purposes or may adjourn as a court of impeachment to a day and time set by the Senate.

(c) If the Senate is not in session at a regular or called session of the Legislature when articles of impeachment are preferred by the House, the House shall cause a certified copy of the articles of impeachment to be delivered, by personal messenger or registered or certified mail, to the Governor, the Lieutenant Governor, and each member of the Senate. A record of the deliveries and a copy thereof shall be delivered to the Lieutenant Governor and the President Pro Tempore of the Senate. Thereupon the Senate shall be convened for the purpose of considering such articles of impeachment in the following manner:

1. By proclamation of the Governor; or if the Governor fails to issue such proclamation within ten days after the day the articles of impeachment are preferred by the House, then

2. By proclamation of the Lieutenant Governor; or if the Lieutenant Governor fails to issue such proclamation within fifteen days from the day the articles of impeachment are preferred by the House, then

3. By proclamation of the President Pro Tempore of the Senate; or, if the President Pro Tempore of the Senate fails to issue such proclamation within twenty days from the day the articles of impeachment are preferred by the House, then

4. By proclamation in writing signed by a majority of the members of the Senate.

(d) The proclamation convening the Senate shall be in writing, shall state the purposes for which the Senate is to be convened and shall fix the date for

the convening thereof, which may not be later than twenty days from the issuance of the proclamation. The proclamation shall be published in at least three daily newspapers of general circulation, and a copy of the proclamation shall be sent by registered or certified mail to each member of the Senate and the Lieutenant Governor. On the day set for the convening of the Senate, the Senate shall convene, shall receive the articles of impeachment when presented, and shall resolve into a court of impeachment for purposes of considering the articles of impeachment.

(e) Once the Senate resolves into a court of impeachment, it shall adopt rules of procedure and shall proceed to consider the articles of impeachment. It may from time to time recess or adjourn to a day and time to be set by the Senate. The Senate may designate the day and time of reconvening in relation to the occurrence of one or more events specified in the motion and may make the reconvening contingent on the occurrence of those events. At all times the Senate is scheduled to be in session as a court of impeachment it is the duty of each member of the Senate to be in attendance. The Senate may compel the attendance of any absent Senator. Two-thirds of the members of the Senate constitute a quorum, but a smaller number may adjourn from day to day and compel the attendance of absent members.

(f) The Senate shall have and exercise the power to send for persons, papers, records, books, and other documents, to compel the giving of testimony, to punish for contempt to the same extent as the district courts, and to meet in closed sessions for purposes of deliberation, and all other powers necessary to carry out its duties under Article XV of the Texas Constitution. The Senate may employ such aid and assistance as it deems necessary to enforce, execute, and carry into effect the lawful orders, mandates, writs, process, and precepts of the Senate sitting as a court of impeachment and may empower its officers, committees, or agents to exercise such powers as the Senate may prescribe.

(g) When convened as a court of impeachment, the members of the Senate and the Lieutenant Governor shall receive the same mileage and per diem as is provided for members of the Legislature; the same with all expenses incident to the impeachment trial shall be paid from appropriations made for the contingent expenses of the Legislature or for the mileage and per diem of members. However, if the

Senate is not in session as a court of impeachment for more than four consecutive days as a result of recess or adjournment, the members of the Senate and the Lieutenant Governor are not entitled to the per diem for those days.

Petition for Order Compelling Person to Attend or Testify or Produce Writings or Things: Service of Order to Appear Before Court: Order to Appear Before Commission or Master: Contempt

Sec. 8. If any person other than the judge refuses to attend or testify or produce any writings or things required by any such subpoena, the commission or the master may petition any district court for an order, or the master may issue an order, compelling such person to attend and testify or produce the writings or things required by the subpoena before the commission or the master. The court or the master shall order such person to appear before it at a specified time and place and then and there show cause why he has not attended or testified or produced the writings or things as required. A copy of the order shall be served upon him. If it appears to the court or the master that the subpoena was regularly issued, the court or the master shall order such person to appear before the commission or the master at the time and place fixed in the order and testify or produce the required writings or things. Upon failure to obey the order, such person shall be dealt with as for contempt of court.

Sec. 9. In any pending investigation or formal proceeding, the commission or the master may order the deposition of a person residing within or without the State to be taken in such form and subject to such limitations as may be prescribed in the order. If the judge and counsel for the commission do not stipulate as to the manner of taking the deposition, either the judge or counsel may file in any district court a petition entitled "In the Matter of Proceeding of State Commission on Judicial Conduct No. — (state number)," and stating generally, without identifying the judge, the nature of the pending matter, the name and residence of the person whose testimony is desired, and, directions, if any, of the commission or master, asking that an order be made requiring such person to appear and testify before a designated officer. Upon the filing of the petition, the court may make an order requiring such person to appear and testify. A subpoena for such deposition shall be issued by the clerk and the deposition shall be taken and returned, in the manner prescribed by law for depositions in civil actions. If the deposition is that of a person residing or present within this state, the petition shall be filed in the district court of the county in which such person resides or is present, otherwise in the district court of any county in which the commission maintains an office. Upon the failure to obey such subpoena or any order issued in connection therewith, such a person shall be dealt with as for contempt of court.

Fees and Mileage of Witnesses

Sec. 10. Each witness, other than an officer or employee of the state or a political subdivision or an officer or employee of a court of this state, shall receive for his attendance the same mileage and per diem as is allowed witnesses before any grand jury in the state. The amounts shall be paid by the commission from funds appropriated for the use of the commission.

Any retired judge or justice of a district court, a court of civil appeals, the Court of Criminal Appeals, or the Supreme Court appointed to act as such master shall receive while in the performance of their duties as such master a per diem of \$25 for each day or fraction thereof spent in the performance of their duties as master and in addition an amount representing the difference between all of the retirement benefits of such judge or justice as a retired judge or justice and the salary and compensation received from the state by active judges or justices of the district courts, courts of civil appeals, the Court of Criminal Appeals, or the Supreme Court as the case might be. Such retire-

ment allowances shall continue to be paid by and from the same source as in the instance of a retired judge who had not been assigned duties. Payments of the additional amounts provided for by this section shall be upon certificates of approval by the commission.

[See Compact Edition, Volume 5 for text of 13]

Immunity

Sec. 14. Any person other than the judge who refuses to testify, give testimony or produce documents or things in any proceeding or deposition in connection with any proceeding before the commission or a master upon the ground that his testifying, his testimony or the production of such document or thing may tend to incriminate him, may nevertheless be required to testify and to produce such document or thing, but when so required under the provisions of Section 8 hereof over his proper claim of privilege against self-incrimination or his right not to testify, such person shall not be subject to indictment or prosecution for any transaction, matter or thing concerning which he truthfully testified or produced evidence, documentary or otherwise. 2. Owning or operating or managing a pipe line for the transportation or carriage of natural gas, whether for public hire or not, if any part of the right of way for said line has been acquired, or may hereafter be acquired by the exercise of the right of eminent domain.

3. Producing or purchasing natural gas and transporting or causing the same to be transported by pipe lines to or near the limits of any municipality in which said gas is received and distributed or sold to the public by another public utility or by said municipality, in all cases where such business is in fact the only or practically exclusive agency of supply of natural gas to such utility or municipality, is hereby declared to be virtual monopoly and a business and calling affected with a public interest, and the said business and property employed therein within this State shall be subject to the provisions of this law and to the jurisdiction and regulation of the Commission as a gas utility.

4a. The natural gas made available under the provisions of this Act shall be used exclusively for pumping water for farm and other agricultural purposes in order for the person, firm, association, or corporation furnishing such natural gas to be exempt from the provisions of said Article 6050 of the Revised Civil Statutes of Texas of 1925. Art. 6142a. Clarifying Description of Texas Flag

[See Compact Edition, Volume 5 for text of 1 to 5]

Rules Governing the Use of the Texas Flag

Sec. 6. When the Texas Flag is displayed out-of-doors, it should be on either a flagpole or a staff, and the staff should be at least two and one-half times as long as the Flag. The Flag is always attached at the spearhead end of the staff, and the heading must be made of material strong enough to protect the Colors.

The Texas Flag should not be displayed outdoors earlier than sunrise nor later than sunset. However, when a patriotic effect is desired, the Texas Flag may be displayed 24 hours a day if properly illuminated during the hours of darkness, or under the same circumstances as the Flag of the United States of America may be displayed.

The Texas Flag should not be displayed on days when the weather is inclement, unless a weather-proof flag is displayed.

The Texas Flag should be displayed on all State Memorial Days and on special occasions of historical significance.

Every school in Texas should fly the Texas Flag on all regular school days. This courtesy is due to the Lone Star Flag of Texas.

The Texas Flag should always be hoisted briskly, and furled slowly with appropriate ceremonies.

The Texas Flag should not be fastened in such a manner that it can be torn easily.

When the Texas Flag is flown from a flagpole or staff, the white stripe should always be at the top of the Flag, except in cases of distress, and the red stripe should be directly underneath the white.

The Texas Flag should be on the marching left when it is carried in a procession in which the Flag of the United States of America is unfurled.

The Texas Flag should be on the left of the Flag of the United States of America, and its staff should be behind the staff of the Flag of the United States

of America when the two are displayed against a wall from crossed staffs.

When the Texas Flag is flown on a flagpole adjacent to the flagpole on which the Flag of the United States of America is flown, it should be unfurled after the Flag of the United States of America, and it should be displayed at the left of the Flag of the United States of America.

When the Texas Flag and the Flag of the United States of America are displayed at the same time, they should be flown on separate flagpoles of equal length, and the Flags should be approximately the same size. However, when it is necessary for the Texas Flag and the Flag of the United States of America to be flown from the same halyard, the Texas Flag must be beneath the Flag of the United States of America.

When the Texas Flag is flown from a window-sill, balcony, or front of a building, and flat against the wall, it should be on a staff, and the blue field should be at the observer's left.

When the Texas Flag and the Flag of the United States of America are displayed on a speaker's platform at the same time, the Texas Flag should be on the left side of the speaker, while the Flag of the United States of America is on the right side of the speaker.

The Texas Flag should never be used to cover a platform or speaker's desk, nor to drape over the front of a speaker's platform.

When the Texas Flag is displayed flat on the wall of a platform, it should be above the speaker, and the blue field must always be at the Flag's right.

When the Texas Flag is displayed on a motor car, the staff should be fastened firmly to the chassis of the car, or clamped firmly to the right fender, unless the Flag of the United States of America is flown on the right fender, in which case the Texas Flag should be so displayed on the left fender.

When the Texas Flag is displayed on a float in a parade, it should always be attached securely to a staff.

The Texas Flag should not be allowed to touch the ground or the floor, nor to trail in water.

The Texas Flag should not be draped over the hood, top, sides, or back of any vehicle, or of a railroad train, boat, or aircraft.

The Texas Flag should not be used as a covering for a ceiling.

The Texas Flag should not be used as any portion of a costume or athletic uniform.

The Texas Flag should not be embroidered upon cushions or handkerchiefs, nor printed on paper napkins or boxes.

The Texas Flag must not be treated disrespectfully by having printing or lettering of any kind placed upon it.

The Texas Flag should not be used in any form of advertising, and, under no circumstances, may advertisements of any kind be attached to the flagpole or staff.

It is disrespectful to the Texas Flag to use it for purposes of decoration, either as a covering for automobiles or floats in a parade, or for draping speakers' platforms or stands, or for any other similar purpose of decoration. For such purposes of decoration the colors of the Flag may be used in bunting or other cloth.

The Texas Flag should, whenever practicable, not be carried flat or horizontally, but always aloft and free, as it is carried in a parade.

The Texas Flag is flown at half-mast by first raising it to the top of the flagpole, and then slowly lowering it to a position one-half of the distance down the flagpole, and there leaving it during the time it is to be displayed. In taking the Flag down, it should first be raised to the top of the flagpole, and then slowly lowered with appropriate ceremony.

The Texas Flag should not be displayed, used, nor stored in such a manner that it can be easily soiled or otherwise damaged.

When the Texas Flag is in such condition of repair that it is no longer a suitable Emblem for displaying, it should be totally destroyed, preferably by burning, and that privately; or this should be done by some other method in keeping with the spirit of respect and reverence which all Texans owe the Emblem which represents the Lone Star State of Texas. [Amended by Acts 1977, 65th Leg., p. 728, ch. 272, § 1, eff. Aug. 29, 1977.]

Secretary; Meetings; Seal; Repairs; Revenues; Bonds

Sec. 6. The Commission shall select one of its members as Chairman, and shall select a Secretary

who may or may not be a member. The Commission shall meet on the first Thursday of each month and at such other times as the Chairman deems necessary, by giving the other members notice in writing thereof. The Commission shall procure and adopt a seal bearing the words "State of Texas Battleship Texas Commission" encircled by the oak and olive branches.

The Commission shall have the duty of maintaining and keeping in proper repair the Battleship Texas located in San Jacinto State Park, and shall exact fees or charges from persons for the admission to and inspection of said vessel. Said Commission shall have the power to let concession contracts to the highest bidders for the sale of wares or merchandise to visitors in connection with admission to and inspection of said vessel, and such fees and charges and concession revenues shall be used to pay the operation, repair, and maintenance expenses of said vessel. Said Commission shall also have the power and authority to issue negotiable revenue bonds in the name of "State of Texas Battleship Texas Commission" for the purpose of repairing or improving said vessel or for the construction of protective improvements, including the construction of a bulkhead or bulkheads to prevent erosion around the slip wherein said vessel is berthed or located. Said bonds shall be secured by and payable solely from the net revenues derived by the hereinabove mentioned fees and charges and concession contracts. The Commission is hereby given complete discretion in fixing the form, conditions, and details of such bonds, and in entering into covenants relating to the use of the net revenues in connection with said bonds. Said bonds shall not in any manner constitute an indebtedness of the State of Texas or of said Commission, but shall be payable solely from the net revenues as above specified, and each of said bonds shall have words to this effect printed on the face thereof. Any interest or principal falling due during the period of the construction of repairs or improvements or protective work and all costs incident to the issuance and sale of the bonds may be paid from the bond proceeds. Said bonds shall mature serially over a period of years not to exceed forty (40), bear interest at a rate not to exceed three (3%) per cent per annum, be signed by the Chairman of the Commission and countersigned by the Secretary; provided that the interest coupons may bear the facsimile signatures of such officers. Said bonds shall be sold for not less than their par value plus accrued interest. Said bonds shall be submitted to the Attorney General for examination, and upon approval, shall be registered by the Comptroller of Public Accounts. After such approval and registration and delivery to the purchaser or purchasers, said bonds shall be incontestable. Such bonds and the interest thereon shall be exempt from taxation by the State of Texas

or by any municipal corporation, county or political subdivision, or taxing district of the State. While said bonds or any of them are outstanding, the Commission shall fix said fees and charges for admission and inspection and the payments under the concession contracts in an amount as will be ample to produce sufficient net revenues (the revenues remaining from the gross revenues after the payment of all proper expenses of operation and maintenance) to pay all requirements of such bonds and to create, establish, and maintain such reserves as may be specified in the proceedings authorizing the issuance of such bonds. The Commission shall have the power and duty to revise the fees and charges so that the net revenues will at all times be sufficient for the purpose described above. Any bonds issued under this Act may be refunded at the same or a lower rate of interest upon the cancellation by the Comptroller of the bonds being refunded at the time of registration of the refunding bonds, the said refunding bonds to be issued under the terms and conditions of this Act relating to the original bonds.

No net revenues derived from admission or inspection fees and charges or from concession contracts shall be paid into the General Revenue Fund when there are outstanding revenue bonds payable from said net revenues; provided that if there are no such outstanding revenue bonds, then on August 31st of each year while there are no such outstanding bonds, the Commission shall cause to be paid into the State Treasury of the State of Texas for the benefit of the General Revenue Fund all net revenues then on hand in excess of Three Hundred Thousand Dollars (\$300,000).

Art. 6145-12. Inauguration of Governor and Lieutenant Governor

Appointment of Inaugural Committee

Sec. 1. (a) Not later than the 10th day after the date of each November general election for governor and lieutenant governor, the secretary of state shall issue a proclamation stating who in the secretary of state's opinion based on the best information then available are the governor-elect and lieutenant governor-elect. The secretary of state shall promptly cause certified copies of the proclamation to be delivered to the individuals named in the proclamation.

(b) As soon as possible after receiving notice of the proclamation, the individuals designated in the proclamation as governor-elect and lieutenant governor-elect shall each file with the secretary of state a signed instrument. The governor-elect shall designate in that instrument one individual to serve as

chairman of the inaugural committee and one individual to serve as a cochairman of the committee. The lieutenant governor shall also designate one individual to serve as a cochairman of the committee. The governor- and lieutenant governor-elect may appoint such other members to the inaugural committee as they deem necessary. They shall make their additional appointments, if any, by written instrument filed with the secretary of state. An individual who holds a position of profit under this state or the United States is ineligible for appointment to the committee.

(c) If after issuing a proclamation under this section the secretary of state becomes aware of information that indicates that the previous designation of governor-elect or lieutenant governor-elect was incorrect, the secretary of state shall issue a corrected proclamation and cause certified copies of it to be delivered to the previous designee, the new designee, and each member of the inaugural committee appointed by the previous designee. Issuance of a corrected proclamation terminates the membership on the inaugural committee of appointees of the previous designee but does not affect any action taken by the committee before the proclamation was issued. As soon as possible after the new designee receives notice of his or her designation as governor- or lieutenant governor-elect, he or she shall make the appointments to which he or she is entitled under this section.

(d) A vacancy on the committee is filled by appointment by the original appointing authority according to the procedure applicable to original appointments.

(e) Designation of an individual as governor- or lieutenant governor-elect under this section has no legal effect except for purposes of this Act.

Organization, Powers, and Duties of Committee

Sec. 2. (a) As soon as possible after the members of the committee have been appointed, they shall convene at a time and place designated by the individual appointed chairman, take the constitutional oath of office, and hold an organizational meeting.

(b) The committee may hold subsequent meetings at times it determines or on the call of the chairman. The chairman presides at meetings. If the chairman is absent, one of the cochairmen presides.

(c) The committee may adopt rules to govern its proceedings.

(d) Members of the committee serve without compensation but may be reimbursed for actual and necessary expenses they incur in the performance of their duties as provided by legislative appropriation.

(e) The committee shall make such arrangements as are necessary for conducting ceremonies and events to observe the inauguration of the governor

and lieutenant governor. The committee may employ staff or engage the services of consultants to assist in its work.

(f) The committee may request the cooperation of agencies and officials of state and local government. The agencies and officials shall cooperate with the committee to the extent possible.

Inaugural Fund

Sec. 3. (a) The Inaugural Fund is created in the State Treasury. Money in the Inaugural Fund may be appropriated only for expenditures authorized by this Act.

(b) The State Treasurer shall credit to the Inaugural Fund a pro rata share of the interest received from the deposit of state funds as if the Inaugural Fund were a constitutional fund.

Inaugural Contributions

Sec. 4. (a) An individual, association, corporation, or other legal entity may contribute funds, services, or other things of value to defray the expenses of or otherwise provide for an inauguration. Such a contribution is not a political contribution for purposes of state law regulating political contributions or prohibiting such contributions by corporations or labor organizations.

(b) A contribution of funds to defray the expenses of an inauguration may be made to the inaugural committee or to the secretary of state. If the secretary of state receives a contribution while the inaugural committee is in existence, the secretary of state shall deliver the contribution to the committee. If the secretary of state receives a contribution at any other time, the secretary of state shall transmit the contribution to the State Treasurer, and the treasurer shall deposit the contribution in the State Treasury to the credit of the Inaugural Fund.

(c) When the secretary of state receives a contribution, the secretary of state shall execute duplicate copies of a receipt that shows the name and mailing address of the contributor, the amount of the contribution, the date of the contribution, and that the contribution was received to defray inaugural expenses. If the secretary of state issues a receipt, the secretary of state shall give one copy to the contributor and retain the other.

(d) The secretary of state shall keep all receipts on file in the office of the secretary of state for at least four years. The secretary of state shall maintain an index of those receipts that are on file, arranged alphabetically by contributor, showing the date of the contribution, name and mailing address of the contributor, and amount of each contribution. The index and receipts are public information.

Expenditures

Sec. 5. (a) Subject to any conditions attached to a particular appropriation, money appropriated from the Inaugural Fund may be expended for the following purposes:

- (2) the employment of staff;
- (3) the lease of office space and payment of utility expenses;
- (4) professional and consultant fees;
- (5) postage, telephone, and telegraph expenses;
- (6) payment of expenses incurred by committee members; and
- (7) any other public purpose reasonably related to conducting inaugural ceremonies and related events, including expenses of raising funds.

(b) Contributions received by the committee and not deposited in the State Treasury may be expended for any purpose that the committee considers appropriate.

(c) Each voucher for an expenditure from the Inaugural Fund must be approved in writing by the chairman.

(d) The State Purchasing Act of 1957 (Article 664-3, Vernon's Texas Civil Statutes) does not apply to the inaugural committee.

Competitive Bidding

Sec. 6. The committee may not make a contract covered by the competitive bidding requirements of Article XVI, Section 21, of the Texas Constitution, unless before awarding the contract the committee obtains at least three bids. The committee may reject all bids if none of them in the opinion of the committee is responsible and is able to fulfill the terms of the contract at a reasonable price.

Records of Expenditures

Sec. 7. The committee in addition to maintaining records required by law with regard to the expenditure of appropriated funds shall maintain a record of each expenditure of funds other than appropriated funds. The record must contain the following information about each expenditure:

- (2) the amount of the expenditure;
- (3) the date of the expenditure; and
- (4) the purpose of the expenditure.

Final Report; Dissolution of Committee

Sec. 8. (a) As soon after the inauguration as the committee determines that it has completed its work and has satisfied its financial obligations but not later than June 30 of the year in which the inauguration is held, the committee shall file with the secretary of state a final report verified by a certified public accountant that shows:

(1) the total amount of contributions received by the committee, including contributions paid to the secretary of state during the committee's existence and paid by the secretary of state to the committee;

(2) the total amount of expenditures made by the committee from nonappropriated funds; and

(3) the total amount of nonappropriated funds remaining in the committee's possession.

(b) On the date on which the committee files its final report with the secretary of state, the committee shall transmit to the State Treasurer all nonappropriated unexpended funds it possesses. The treasurer shall deposit the funds in the State Treasury to the credit of the Inaugural Fund.

(c) When the secretary of state determines that the committee has complied with Subsections (a) and (b) of this section, the secretary of state shall issue a proclamation to that effect. The committee is dissolved on the day after the date that the proclamation is issued.

(d) The final report of the committee is public information.

state a verified claim for an amount alleged to be due to the claimant under a contract made by the committee pursuant to this Act before its dissolution, the secretary of state shall submit a copy of the claim to the governor, lieutenant governor, and attorney general. If each of those officers files with the secretary of state a signed statement finding that the claim is valid, the secretary of state shall forward the original claim and the statements of those officers to the comptroller of public accounts. If funds for the payment of expenses of the type covered by the claim have been appropriated and are available and if there is no legal reason for refusing payment, the comptroller shall cause the claim to be paid. Appropriations for the payment of claims under this section must be from the Inaugural Fund.

Additional State Funding

Sec. 10. In addition to making appropriations from the Inaugural Fund as authorized by this Act, the legislature may appropriate other funds for any purpose for which money in the Inaugural Fund may be appropriated.

Sec. 11. If on the effective date of this Act an inaugural committee or other entity that was formed to solicit and expend funds for an inauguration held before the effective date of this Act has in its possession a portion of the funds it received for that purpose, it may contribute those funds to the secretary of state for deposit in the Inaugural Fund pursuant to this Act.

Sec. 1. The Texas Department of Corrections is hereby authorized to grant work furlough privileges, under the "Work Furlough Plan," as hereinafter provided, which may include programs and procedures for inmates to contribute restitution or reparation to victims of the prisoner's crime, as established by the judgment of the court that sentenced the prisoner to his term of imprisonment, to any inmate of the state prison system serving a term of imprisonment, under such rules, regulations, and conditions as the department of corrections may prescribe.

Texas Work Furlough Program Advisory Board

Sec. 1A. (a) The Texas Work Furlough Program Advisory Board is hereby created. Its main office is in Huntsville, Texas, at the location of the office of the director of the Texas Department of Corrections.

(b) The board is composed of nine members appointed by the governor with the advice and consent of the senate. Except for the initial appointees, the

members of the board hold office for terms of six years, with the terms of three members expiring on January 31 of each odd-numbered year. In making the initial appointments, the governor shall designate three for terms expiring January 31, 1979, three for terms expiring January 31, 1981, and three for terms expiring January 31, 1983. The governor shall make the appointments in such a manner that the term of one member representing a recognized labor union, as required by Subsection (d) of this section, expires every two years.

(c) To be qualified for appointment as a member of the board, a person must be a citizen of the United States and a resident of Texas.

(d) Not less than three members of the board shall be representatives of recognized labor unions. When a board member presents his oath of office and the certificate of his appointment to the secretary of state, the secretary of state shall issue a commission to him. The commission from the secretary of state is evidence of authority to act as a member of the board.

(f) The board shall formally elect a chairman and a secretary-treasurer from its members. The board may adopt rules necessary for the orderly conduct of its business.

(g) Five members of the board shall constitute a quorum for the transaction of business and may act for the board. The board shall prepare and preserve minutes and other records of its proceedings and actions.

(h) Members of the board do not receive a salary for their services but each member is entitled to \$25 for each day spent in attending meetings of the board, including time spent in travel to and from the meetings, not to exceed \$500 a year. Members of the board are also entitled to be reimbursed for travel and other necessary expenses incurred while performing their official duties if the expenses are evidenced by voucher approved by the chairman or the secretary-treasurer of the board.

(i) It shall be the functions of the board to advise the department of corrections in its administration of the Work Furlough Program and to provide a forum for the hearing and resolution of grievances against the program. In the fulfillment of its grievance resolution functions, the board shall have im-

mediate access to all records maintained by the department in its administration of the Work Furlough Program and may request further pertinent information from the department not found in those records.

(j) The board shall prepare an annual report to be filed not later than 60 days following the close of each fiscal year with the governor, the lieutenant governor, members of the legislature, and the legislative budget board showing the activities of the board, together with such recommendations regarding the Work Furlough Program as deemed advisable.

(2) such employment shall not result in the displacement of employed workers or be in occupations, skills, crafts, or trades in which there is a surplus of available and qualified workers in the locality, the existence of such surplus to be determined by the Texas Employment Commission;

(6) not more than 10 percent of a work furlough employer's labor force shall be composed of work furlough inmates unless prior special emergency approval for temporarily exceeding that percentage be secured from the Texas Work Furlough Program Advisory Board;

(7) in the event a work furlough employer provides its employees with paid vacation leave which, due to their incarceration, work furlough inmates are unable to enjoy, said employer must either hold accrued vacation time for the inmate to take after discharge from the department of corrections or, at the election of the inmate, the employer must pay the inmate regular wages for the accrued vacation time;

(8) in the event a National Labor Relations Board certification or decertification election is to be conducted at any premises of a work furlough employer, no prisoners employed by the employer under this Act shall be permitted to participate in the election.

After deduction of such amounts the director of the department of corrections shall disburse the wages or salaries of employed prisoners for the following purposes and in the order stated:

- (1) necessary travel expense to and from work and other incidental expenses of the prisoner;
- (2) support of the prisoner's dependents, if any;

2. REGULATIONS AND DISCIPLINE

Art. 6181-1. Inmate Classification and Good Conduct Time

Sec. 1. For the purpose of this Article:

- (1) "Department" means the Texas Department of Corrections.
- (2) "Director" means the Director of the Texas Department of Corrections.

(3) "Inmate" means a person confined by order of a court in the Texas Department of Corrections, whether he is actually confined in the institution or is under the supervision or custody of the Board of Pardons and Paroles.

(4) "Term" means the maximum term of confinement in the Texas Department of Corrections stated in the sentence of the convicting court. When two or more sentences are to be served consecutively and not concurrently, the aggregate of the several terms shall be considered the term for purposes of this Article. When two or more sentences are to run concurrently, the term with the longest maximum confinement will be considered the term for the purposes of this Article.

Sec. 2. The department shall classify all inmates as soon as practicable upon their arrival at the department and shall reclassify inmates as circumstances may warrant. All inmates shall be classified according to their conduct, obedience, industry, and

prior criminal history. The director shall maintain a record on each inmate showing all classifications and reclassifications with dates and reasons therefor.

Sec. 3. (a) Inmates shall accrue good conduct time based upon their classification as follows:

(1) 20 days for each 30 days actually served while the inmate is classified as a Class I inmate;

(2) 10 days for each 30 days actually served while the inmate is classified as a Class II inmate; and

(3) 10 additional days for each 30 days actually served if the inmate is a trusty.

(b) No good conduct time shall accrue during any period the inmate is classified as a Class III inmate or is on parole or under mandatory supervision.

Sec. 4. Good conduct time applies only to eligibility for parole or mandatory supervision as provided in Section 15, Article 42.12, Code of Criminal Procedure, 1965, as amended, and shall not otherwise affect the inmate's term. Good conduct time is a privilege and not a right. Consequently, if during the actual term of imprisonment in the department, an inmate commits an offense or violates a rule of the department, all or any part of his accrued good conduct time may be forfeited by the director. The director may, however, in his discretion, restore good conduct time forfeited under such circumstances subject to rules and policies to be promulgated by the department. Upon revocation of parole or mandatory supervision, the inmate loses all good conduct time previously accrued, but upon return to the department may accrue new good conduct time for subsequent time served in the department.

Sec. 5. If the release of an inmate falls upon a Saturday, Sunday, or legal holiday, the inmate may, at the discretion of the director, be released on the preceding workday.

Membership shall begin on the first day of the seventh calendar month in which the person is employed. Contributions based on the service as a temporary employee may not be paid to the system until the person is a member of the system and elects to establish credit for the service as provided by Subsection F, Section 4 of this Act.

In this subdivision, a "temporary employee" is a person who has a position only until another person can be hired or only for the duration of a specific project scheduled to end less than six months after the date of hiring or only until a specific date less than six months after the date of hiring or only until a volume of work estimated to be completed in less than six months after the date of hiring is completed.

B. 1. Nothing in this subsection shall be construed to impair a right to benefits arising from creditable service established on or before December 31, 1977.

2. On and after January 1, 1978, service creditable as elective state official service shall be limited to service as a member of that class as defined in this Act including active duty military service creditable under this Act but not to exceed the amount of active duty military service actually performed. Any member may establish in, or have transferred to, his appointive officer or employee account any credit for elective state official service if the contributions required to establish that service were of an amount equal to or exceeding the contributions required of an appointive officer or employee at the same rate of pay.

3. On and after January 1, 1978, service creditable as appointive officer or employee service shall be limited to credit for service actually performed as an appointive officer or employee of the State of Texas to be granted in accordance with the rules of the board of trustees at the time the service is performed, such active duty military service as is creditable under the terms of this Act, and service transferred to the Employees Retirement System of Texas under the terms of Chapter 75, Acts of the 54th Legislature, 1955, as amended (Article 6228a-2, Vernon's Texas Civil Statutes), to be granted in accordance with the rules of the board of trustees at the time the service is transferred. Provided, however, that any member of an administrative board of a statutory state department, agency, or commission as defined in Section 4H.2. of this Act may, on or before December 31, 1977, become a contributing member of the Employees Retirement System of Texas, and only persons who establish retirement credit for board service during December, 1977, may continue to establish credit for subsequent, continuous board service in the manner prescribed by that section and purchase his previous service in accordance with the terms of this Act. Only those members who, on or before December 31, 1977, held a position named in Section 5B.5. of this Act may retire under the terms of that section.

4. Any person who becomes an elective state official by reason of election or appointment shall within six months from the month in which he takes the oath of office execute an election to become a member of the retirement system or not to become a member of the retirement system. This election shall be filed with the state board of trustees on a form provided by the board. Following election to become a member, contributions shall be due and payable for the month in which he took the oath of office and each month of creditable service thereafter.

5. Any retirement credit established after December 31, 1977, for active duty military service may not be included in calculating service retirement benefits or nonoccupational disability retirement benefits unless the member has sufficient creditable service exclusive of military service credit to be eligible for a service retirement at age 60.

[See Compact Edition, Volume 5 for text of 3C]

D. If a contributing member enters active military duty for which he is later eligible to establish creditable service, such creditable service shall, upon payment of applicable contributions, fees, and interest, be added to other creditable service in the class of membership in which he last performed State service prior to his entry into such military service.

Membership is terminated by death, retirement, or withdrawal of accumulated contributions.

4. Re-employment of Retired Appointive Officers or Employees. Any retired appointive officer or employee may return to state employment as an appointive officer or employee, on a temporary basis, provided, however, that such reemployment shall not be for a longer period than six (6) months within any one (1) year. Any retired appointive officer or employee reemployed by the state on a part-time or consulting basis may work without loss of benefits under the Employees Retirement System. It is provided that in the event a retired state appointive officer or employee resumes temporary employment with a state department, commission, institution or agency, he shall notify the Retirement System in writing prior to resuming actual employment, and the head of any state department, commission, institution or agency of the state shall notify the Retirement System in writing before employment of a retired state appointive officer or employee and furnish the Retirement System the name of said retired appointive officer or employee and the dates of employment. After a reemployed, retired appointive officer or employee has worked six (6) months

in any one (1) year, retirement benefit payments that would otherwise have been paid to said member shall be suspended and shall be resumed when said member leaves said employment. For the purposes of the six (6) months per year limitation on reemployment, employment for any part of a month shall constitute a full month. It is provided further, that if the retired member had elected to receive an annuity in a guaranteed payment for a certain number of years or months after retirement, that the time so spent in state employment over six (6) months within any one (1) year by such retired member after the initial or original retirement shall not count as time within said certain number of years or months. Any retired member temporarily employed in a class of service from which he has retired shall not contribute to the Retirement System during such reemployment, and the Retirement Plan in effect at the time of his original retirement shall remain unchanged.

E. Return of Accumulated Contributions.

1. Any member of the System, after termination of employment with the State, may, on application filed with the Employees Retirement System or with the department or agency by which he was last employed, withdraw his accumulated contributions. Withdrawal may not be made, however, if the member is employed again by the State within the calendar month following the month in which employment is terminated, and withdrawal may be made only if the application is filed prior to any subsequent employment by the State. The withdrawal of accumulated contributions cancels all accumulated creditable service for purposes of retirement or any other benefit under this Act.

[See Compact Edition, Volume 5 for text of 5E2 and 3]

4. (a) After the close of each fiscal year, the Employees Retirement System shall review the active accounts of members who are, according to its records, fifty-eight (58) years of age or older and who have not contributed to the System during that year.

(b) The System shall send by certified mail to each member described in Paragraph (a) of this subdivision, a statement of the member's account and legal rights with respect to it, including a statement of any possible retirement annuity that may become payable. If at the end of sixty (60) days from the date of mailing, the System has not received a written response from the member or, if the member has died, from a designated beneficiary or other lawful claimant, the account is

inactive, and the State Board of Trustees shall cause to be published in a newspaper of general circulation in the State a notice that money is being held in the name of the member. The notice must include the name of the member and his last known mailing address. In the absence of a written response from the member or a lawful claimant, the State Board of Trustees shall cause a second notice including the same information to be published in a newspaper of general circulation in the State five (5) years after publication of the first notice. If no legal claim to the money is made within two (2) years after publication of the second notice, the money in the member's account is forfeited to the State and shall be transferred to the State Accumulation Fund. All forfeitures must be recorded in the minutes of the records of the State Board of Trustees.

[See Compact Edition, Volume 5 for text of 5E5]

6. If any contributing member in a retirement program administered by the board of trustees with less than 20 years of creditable service dies after becoming eligible for a service retirement from service established in one or more retirement programs administered by the board of trustees by meeting the requirements of creditable service and attained age, an annuity may be paid to the member's surviving spouse or minor children. The surviving spouse may select an option plan in the same manner as the member could have if he had retired on the last day of the month of his death. If there is no surviving spouse, the guardian of the deceased member's surviving minor children may select an option plan for the benefit of the minor children. If there is no surviving spouse or minor children, no annuity may be paid pursuant to this subdivision.

7. (A) A person whose total creditable service in programs for retirement administered by the board of trustees equals or exceeds 20 years of creditable service may file an optional death benefit plan which shall apply to all creditable service the person has established in all retirement programs administered by the board.

(B) The optional death benefit plan filed by any member of a retirement program administered by the board of trustees based upon service in such program shall also apply to creditable service established by the member in other retirement programs administered by the board. If a member is eligible to file death benefit plans under more than one of the retirement programs administered by the board, all shall be effective. The last death benefit plan selection filed by the member shall govern payments based upon other creditable service established by the member in another retirement program administered by the board for which the

amount of service is insufficient for selection of an optional death benefit plan.

(C) If a member who is eligible to file a death benefit plan pursuant to this subdivision fails to do so or if the death benefit plan filed by such a member cannot be effective, the surviving spouse may choose an option plan in the same manner as if the member had completed it. If there is no surviving spouse, the personal representative of the estate may choose a plan for the benefit of the decedent's heirs or devisees.

Benefit Increases: Continuance of Annuities and Death Benefit Plans

Sec. 5-1. Notwithstanding any other provisions of Chapter 352, Acts of the 50th Legislature, 1947, as amended (Article 6228a, Vernon's Texas Civil Statutes), the provisions of this section shall apply to annuities payable to retired employees or appointed officers or their survivors on and after September 1, 1977. Nothing in this section shall be construed to reduce any preexisting annuity. Service retirement standard annuities payable for appointive officers and employees by virtue of retirements or deaths occurring on and after August 31, 1977, shall be computed on the basis of the average monthly compensation of the member for the thirty-six (36) highest months of compensation during the last sixty (60) months of creditable service times one and one-half per cent (1½%) of such average for each of the first ten (10) years of creditable service plus two per cent (2%) of such average for each subsequent year of creditable service, but the service retirement standard annuity may not be less than Seventy-five Dollars (\$75.00) per month and may not exceed eighty per cent (80%) of the average compensation so calculated. Service retirement standard annuities for elective state officials payable by virtue of retirement or death of any person retired or who retires as an elective state official or who at the time of death was eligible to select a death benefit annuity as an elective state official shall on and after September 1, 1975, be calculated upon the basis of two per cent (2%) of the State salary paid to district judges on that date or as adjusted thereafter times years of creditable service as an elective state official, but no service retirement standard annuity so calculated may exceed sixty per cent (60%) of such judicial salary. A disability retirement annuity for appointive officers and employees retiring on disability on and after February 25, 1975, shall be calculated on the basis of one and seven-tenths per cent (1.7%) per year of creditable service, but in no event will the disability retirement annuity be greater than seventy per cent (70%) of compensation as calculated under Section 5 of this Act, nor less than the greater of (a) thirty-five per cent (35%) of such compensation or (b) One Hundred Ten Dollars (\$110.00) per month. Any death benefit annuity plan selected by a member shall remain in effect

during such time as such person may be receiving disability retirement benefits; and upon death of the person receiving such benefits, the designated beneficiary shall receive monthly annuities in accordance with the plan selected. Notwithstanding any other provisions of this Act, the State of Texas shall pay from the State Accumulation Fund an additional lump sum death benefit in the amount of Five Thousand Dollars (\$5,000) upon satisfactory proof of the death, occurring on or after September 1, 1975, of any officer or employee retired as an annuitant under the provisions of the Retirement Acts administered by the Board of Trustees of the Employees Retirement System. Such benefit shall be paid to such persons as may be designated by the retired member in a signed and witnessed writing. If the retired member makes no such written designation, the benefit shall be paid to the executor or administrator of his estate, or, if there is no executor or administrator of the estate, then payment shall be under the laws of descent and distribution. Upon certification by the Employees Retirement System the Comptroller of Public Accounts shall transfer each month from the General Revenue Fund to the State Accumulation Fund the estimated amount required for the payment of such death benefits. The Board of Trustees shall certify to the Comptroller of Public Accounts and to the State Treasurer at the close of each fiscal year the amount required for that year. With respect to retirements on and after September 1, 1975, the calculation of reduced annuities provided in Subsection B of Section 5 of this Act shall be made without regard to the sex of annuitant or nominee involved.

Group Insurance Premiums

Sec. 5-2. On and after September 1, 1975, the appropriated amount available for Group Insurance premiums for retired annuitants under the jurisdiction of the Board of Trustees of the Employees Retirement System of Texas shall be applied to Group Health Insurance premiums for such annuitants.

Benefit Increases for Retirement or Death Before August 31, 1976

Sec. 5-3. Monthly benefits, payable to appointive officers or employees who retired on or before August 31, 1976; or their survivors, or to survivors of deceased appointive officer or employee members whose death occurred on or before August 31, 1976, shall be increased effective with the June, 1977, benefit payment. Such increases shall be computed as follows:

(a) Each year of creditable service up to 30 years multiplied by the sum of:

- (1) 75 cents, plus
- (2) two cents for the fiscal year in which the retirement or death occurred plus two cents for each fiscal year thereafter through August 31, 1976, but not to exceed 50 cents.

(b) For each year of creditable service in excess of 30 years, there shall be an additional increase per month equal to one-half the amount provided for each year of service in Subsection (a).

(c) The reduction factors applied at the time of retirement to each member's retirement benefits for early age retirement and for retirement under the option selected by that member shall also be applied to the increases provided in this section.

Sec. 7. A. All money from whatever source coming into the Fund and all other securities, money, and assets of the Employees Retirement System of Texas shall be administered by said Board and said Board shall be the trustees thereof. The Treasurer of the State of Texas shall be custodian of said money and securities. Said Board is hereby authorized and empowered to acquire, hold, manage, purchase, sell, assign, trade, transfer, and dispose of any securities, evidences of debt, and other investments in which said securities, money, and assets have been or may hereafter be invested by said Board. Said Board is hereby authorized and empowered to invest and reinvest any of said money, securities, and assets, as well as the proceeds of any of such investments, in bonds, notes, or other evidences of indebtedness which are guaranteed as to principal and interest by the United States or any agency of the United States, or by the State of Texas, or by any county, city, school district, municipal corporation, or other political subdivision of the State of Texas, both general and special obligations; or in home office facilities to be used in administering the Employees Retirement System including land, equipment, and office building; or in such corporation bonds, notes, other evidences of indebtedness, and corporation stocks, including common and preferred stocks, of any corporation created or existing under the laws of the United States or of any of the states of the United States, as said Board may deem to be proper investments; provided that in making each and all of such investments said Board shall exercise the judgment and care under the circumstances then

prevailing which men of ordinary prudence, discretion, and intelligence exercise in the management of their own affairs, not in regard to speculation but in regard to the permanent disposition of their funds, considering the probable income therefrom as well as probable safety of their capital; and further provided, that a sufficient sum shall be kept on hand to meet payments as they become due each year under such retirement plan, as may now or hereafter be provided by law. Unless investments authorized herein are hereafter further restricted by an Act of the Legislature, no more than one per cent (1%) of the book value of the total assets of the Employees Retirement System shall be invested in the stock of any one (1) corporation, nor shall more than five per cent (5%) of the voting stock of any one (1) corporation be owned; and provided further, that stocks eligible for purchase shall be restricted to stocks of companies incorporated within the United States which have paid cash dividends for ten (10) consecutive years or longer immediately prior to the date of purchase and which, except for bank stocks and insurance stocks, are listed upon an exchange registered with the Securities and Exchange Commission or its successor; and provided further, that not less than twenty-five per cent (25%) at any one time of the book value of investments of said Fund shall be invested in Government and Municipal Securities as enumerated above.

B. The State Board of Trustees, on August 31, 1975, and thereafter on the last day of each fiscal year, shall transfer from the Interest Fund to the Employees Saving Fund interest computed at the rate of five per cent (5%) on the mean balances of the amounts for the fiscal year standing to the credit of all members. In addition, the Board shall, as required during the year, transfer interest from the Interest Fund to the Employees Saving Fund in amounts equal to the interest credited during the year to members whose accounts are closed by death, retirement, or withdrawal of contributions.

The State Board of Trustees, on August 31, 1975, and thereafter on the last day of each fiscal year, shall transfer from the Interest Fund to the Retirement Annuity Reserve Fund an amount equal to five per cent (5%) of the mean amount in the Retirement Annuity Reserve Fund for the fiscal year then ending.

The State Board of Trustees shall transfer from the Interest Fund to the Expense Fund such amounts as are determined from time to time to be necessary for the payment of expenses of the Employees Retirement System in excess of amounts otherwise available.

The State Board of Trustees, on August 31, 1975, and thereafter on the last day of each fiscal year, after making other transfers as provided in this

subsection, shall transfer all remaining interest in the Interest Fund to the State Accumulation Fund.

Method of Financing

Sec. 8. A. Notwithstanding any other provisions of Chapter 352, Acts of the 50th Legislature, 1947, as amended (Article 6228a, Vernon's Texas Civil Statutes), the provisions of this subsection shall apply on and after September 1, 1977, with respect to the amounts to be paid by members and by the State. The terms "State Contributions," "State Matching," and "State Matching Contributions" as used in this Act shall mean State money paid to the System at the rate of eight per cent (8%) of the aggregate compensation paid contributing members. The amount contributed by the State of Texas to the Retirement System during any one (1) year shall be at least eight per cent (8%) of the aggregate compensation of all members and shall be paid in monthly installments. For creditable service not previously established, the State shall contribute funds in an amount which shall bear the same ratio to the members contribution required to establish such service as the State's contribution bears to the contributions required of contributing employee members at the time such service is established. Effective September 1, 1975, the amount contributed by each member of the Retirement System shall be six per cent (6%) of the annual compensation paid to each member, except that members of the Texas Legislature shall contribute eight per cent (8%) of such compensation. Notwithstanding any other provisions of Chapter 352, Acts of the 50th Legislature, 1947, as amended (Article 6228a, Vernon's Texas Civil Statutes), a member's contribution on or after September 1, 1975, for any previous service to be credited as elective state official service shall be the greater of (a) eight per cent (8%) of the salary being paid to members of the Legislature at the time the service is established or (b) six per cent (6%) of the State salary currently applicable to the position previously occupied plus in either case, applicable fees and interest charges. It is provided further, that all contributions made by the State shall be from and charged to the respective funds appropriated, allocated, and provided to pay the salary or compensation of the member for whose benefit the contribution is made. All of the assets of the Retirement System shall be credited according to the purpose for which they are held to one (1) of five (5) funds; namely, the Employees Saving Fund, the State Accumulation Fund, the Retirement Annuity Reserve Fund, the Interest Fund, and the Expense Fund.

1. The Employees Saving Fund.

The Employees Saving Fund shall be a fund in which shall be accumulated six per cent (6%) contri-

butions from the compensation of members, including interest earnings. Contributions to and payments from the Employees Saving Fund shall be made as follows:

(a) Beginning on the effective date of this Act, each department of the State shall cause to be deducted from the salary of each member on each and every payroll period, six per cent (6%) of his earnable compensation. In determining the amount earnable by a member in a payroll period, the State Board of Trustees may consider the rate of annual compensation payable to such member on the first day of the payroll period as continuing throughout such payroll period, and it may omit deductions from compensation for any period less than one-half ($\frac{1}{2}$) of a full payroll period if an employee was not a member on the first day of the payroll period, and to facilitate the making of deductions, it may modify the deductions required of any member by such an amount as shall not exceed one-tenth ($\frac{1}{10}$) of one per cent (1%) of the annual compensation upon the basis of which such deduction is to be made.

(b) The deductions provided for herein shall be made notwithstanding that the minimum compensation provided for by law for any member shall be reduced thereby. Every member shall be deemed to consent and agree to the deductions made and provided for herein and shall receipt for his full salary or compensation, and payment of salary or compensation less said deduction, shall be a full and complete discharge and acquittance of all claims and demands whatsoever for the services rendered by such person during the period covered by such payment, except as to the benefits provided under this Act. The department head of the State shall certify to the State Board of Trustees on each and every payroll, or in such other manner as said Board may prescribe, the amounts to be deducted; and each of said amounts shall be deducted, and when deducted shall be paid into said Employees Saving Fund, and shall be credited to the individual account of the member from whose compensation said deduction was made.

(c) After August 31, 1974, interest computed at the rate of five (5%) per cent per year on amounts credited to the accounts of individual members is earned monthly, to be credited on August 31, 1975, and thereafter on the last day of each fiscal year. However, after the last day of the month in which this Act takes effect, interest shall be credited to accounts closed by death or withdrawal of contributions through the last day of the month preceding the calendar month in which death occurs or in which the withdrawal request is validated by the Employees Retirement System, and interest shall be credited to accounts closed by retirement through the date of retirement. Interest shall be

computed on the mean balance standing to the credit of the member for the fiscal year, or for the applicable portion of the fiscal year in case of death, retirement, or withdrawal of contributions.

(d) Upon the retirement of a member, his accumulated contributions shall be transferred from the Employees Saving Fund to the Retirement Annuity Reserve Fund.

2. State Accumulation Fund.

The State Accumulation Fund shall be the fund in which shall be accumulated all contributions made to the Employees Retirement System by the State of Texas. Contributions to and payments from this fund shall be made as follows:

(a) The State of Texas shall pay each year in monthly installments into the State Accumulation Fund the amount of State contributions required by this subsection. The State Board of Trustees shall certify annually to the Comptroller of Public Accounts and to the State Treasurer the amount so ascertained, and such an amount shall be paid each year in monthly installments in the manner hereinafter provided into the State Accumulation Fund by the Comptroller from the funds appropriated as contributions to the Employees Retirement System by the State of Texas.

(b) Upon the retirement of a member, an amount equal to the difference between the total reserve at present worth reserve value of the retirement annuity of the member and the amount standing to the credit of the individual account of the member who retires shall be transferred from the State Accumulation Fund into the Retirement Annuity Reserve Fund as a part of the reserve requirements for the annuity to be paid to the retired member.

3. Retirement Annuity Reserve Fund.

The Retirement Annuity Reserve Fund shall be the fund in which shall be held all reserves granted and in force except as hereinafter provided, and from which shall be paid all annuities payable as provided in this Act. This fund shall be made up of the transfers as follows:

(a) At the time of service or disability retirement the accumulated contributions of a retiring member shall be transferred from the Employees Saving Fund to the Retirement Annuity Reserve Fund as a partial reserve for the annuity purchased by his contributions.

(b) An amount equal to the difference between the total reserve at present worth reserve value of the retirement annuity of the member and the amount standing to the credit of the individual account of the member who retires shall be transferred from the State Accumulation Fund into the Retirement Annuity Reserve Fund as a part of the

reserve requirements for the annuity to be paid to the retired member.

(c) Transfers and payments from the Retirement Annuity Reserve Fund shall be made as provided in Section 5, Subsection C, Paragraph 6, upon the death, restoration to active service or removal from the disability list of a beneficiary retired on account of disability.

4. Interest Fund.

The Interest Fund is hereby created to facilitate the crediting of interest to the various other funds. All income, interest, and dividends derived from the deposits and investments authorized by this Act shall be paid into the Interest Fund.

5. Expense Fund.

The Expense Fund shall be the fund from which the expenses of administration and maintenance of the Retirement System shall be paid. Transfers to and payments from this fund shall be made as follows:

(a) The Executive Secretary shall prepare annually an itemized budget showing the amount required to defray the expenses for the ensuing fiscal year and shall submit the report to the State Board of Trustees for its review and adoption.

(b) Each member shall pay with the first payment to the Employees Saving Fund each year and each year thereafter he is a member of the System, and in addition thereto, a sum of Two Dollars (\$2), which amount shall be credited to the Expense Fund, said payments for the Expense Fund shall be made to the State Board of Trustees in the same way as payments to the Employees Saving Fund shall be made, as provided for in this Act; provided, however, that if said payment for the Expense Fund of any member is not made with said first payment of said member, the State Board of Trustees may deduct the amount of the payment for the Expense Fund from said first payment of said member.

(c) If the amount estimated to be required to meet the expenses of the State Board of Trustees is in excess of Two Dollars (\$2) per member contributor for the year, the State Board of Trustees as evidenced by a resolution by the Board recorded in its minutes shall transfer to the Expense Fund from the Interest Fund an amount necessary to cover the expenses as estimated for the year.

(d) With respect to any fiscal year for which the Legislature, on behalf of each contributing member of the Employees Retirement System, appropriates for deposit in the Expense Fund a membership fee equal to or exceeding Two Dollars (\$2) for each such member, the fees required in Paragraph (b) above shall be waived.

6. Benefit Increase Reserve Fund.

The Benefit Increase Reserve Fund shall be the fund in which shall be held all reserves for increases in preexisting annuities for appointive officer and employee members and their survivors authorized by the legislature after April 30, 1977.

(a) The Benefit Increase Reserve Fund shall consist of:

(1) "Law enforcement officer" means a member of the Employees Retirement System of Texas who has been commissioned as a law enforcement officer by the Department of Public Safety, the Texas Alcoholic Beverage Commission, the State Board of Control Capitol Area Security Force, or the Parks and Wildlife Department and who is recognized as a commissioned law enforcement officer by the Commission on Law Enforcement Officer Standards and Education.

(2) "Custodial officer" means a member of the Employees Retirement System of Texas who is

employed by the Texas Department of Corrections and whose normal duties with the department require the person to supervise and have direct contact with inmates of that institution.

(3) "Credited service" means service as a law enforcement officer or custodial officer for which retirement contributions have been made to and are being held by the Employees Retirement System of Texas, accruing as provided by rules of the State Board of Trustees of the Employees Retirement System of Texas or on a month-to-month basis, whichever is greater. Supplemental Retirement Benefits

Text of section effective September 1, 1980

Sec. 4. (a) A person who has 20 years of credited service or more as a law enforcement officer or custodial officer is entitled to retire regardless of age and receive supplemental service retirement benefits as provided by this Act. A person who retires under this Act retires simultaneously under Chapter 352, Acts of the 50th Legislature, 1947, as amended (Article 6228a, Vernon's Texas Civil Statutes), although the person must meet any applicable age requirements in that Act before being entitled to receive a service retirement annuity under that Act. In addition to the benefits provided in this Act, a retiring law enforcement or custodial officer is entitled to receive the rights and benefits of retirement available under the Employees Retirement System of Texas except as otherwise provided by this Act. Service retirement annuity payments from the fund created by this Act shall be derived by application of the following table, except that the amount so derived shall be reduced by the amount, if any, to which the retiree is entitled under Chapter 352, Acts of the 50th Legislature, 1947, as amended (Article 6228a, Vernon's Texas Civil Statutes), for service as a law enforcement officer or custodial officer:

(b) The combined service retirement annuities included in the table in Subsection (a) of this section as percentages of final average compensation are based on retirement at or above the age of 55. The combined service retirement annuity of a law enforcement or custodial officer who retires before attaining the age of 55 shall be actuarially reduced from age 55 to the earlier retirement age. A law enforcement or custodial officer's combined service retirement annuity shall be computed on the final average, determined in the manner provided by Chapter 352, Acts of the 50th Legislature, 1947, as amended (Article 6228a, Vernon's Texas Civil Statutes), of the person's base salary and longevity pay, excluding overtime compensation, as a law enforcement or custodial officer. Any eligible member may, in lieu of the standard combined service retirement annuity computed as provided in this section, elect to receive the actuarial equivalent as a reduced annuity under any of the service retirement options available under the Employees Retirement System of Texas. The same option applies to all components of any available annuity.

(c) Occupational disability retirement benefits for law enforcement and custodial officers shall be granted, except as provided by this subsection, under the same terms and conditions and at the same time as occupational disability retirement benefits are granted under Chapter 352, Acts of the 50th Legislature, 1947, as amended (Article 6228a, Vernon's Texas Civil Statutes). An occupational disability retirement annuity is based on the officer's salary at the time of the disabling injury or disease. The level of benefits shall be computed on the percentages provided by this Act for service retirement benefits, but may not be reduced by reason of age. A minimum of 50 percent of salary is payable, regardless of the amount of credited service of the occupationally disabled member.

(d) The provisions of this subsection govern the recomputation of certain annuities payable on or after September 1, 1980, by virtue of deaths, service retirements, or occupational disability retirements occurring before that date. The recomputations apply only to a person, or his surviving annuitant, who at the time of service retirement or death prior to service retirement had completed 20 or more years of credited service as a law enforcement or custodial officer or who became occupationally disabled while serving as a law enforcement or custodial officer. Each recomputation shall be made by applying the provisions of Subsections (a), (b), and (c) of this section as if they had been in effect at the time of service retirement, death prior to retirement, or occupational disability retirement of the eligible law enforcement or custodial officer. The amount payable out of the Law Enforcement and Custodial Officer Supplemental Retirement Fund is the amount, if any, by which the recomputed amount exceeds the amount payable under Chapter 352, Acts of the 50th Legislature, 1947, as amended (Article 6228a, Vernon's Texas Civil Statutes).

Law Enforcement and Custodial Officer Supplemental Retirement Fund

Sec. 5. (a) There is created with the State Treasurer, to provide the necessary funding for administration and payment of the benefits provided by this Act, a fund to be known as the Law Enforcement and Custodial Officer Supplemental Retirement Fund. The State Treasurer is the custodian of all money and securities held in the name of the fund.

(b) Payments to the fund shall be made from funds collected as part of the motor vehicle inspection fee. Seventy-five cents of the amount collected from the motor vehicle inspection fee on each vehicle required to be inspected as set out in Subsection (c) of Section 141 of the Uniform Act Regulating Traffic on Highways, as amended (Article 6701d, Vernon's Texas Civil Statutes), shall be transferred monthly by the Department of Public Safety to the Law Enforcement and Custodial Officer Supplemental Retirement Fund.

(c) The legislature may make appropriations to the fund as needed to fund benefits authorized by law.

Reports

Sec. 6. Within 60 days after the effective date of this Act, the Department of Public Safety, the Texas Alcoholic Beverage Commission, the Parks and Wildlife Department, and the Texas Department of Corrections shall certify to the Employees Retirement System of Texas the names of law enforcement officers and, as appropriate, custodial officers employed, and the number of years of service each employee has performed as a law enforcement or custodial officer. Thereafter, at the end of each

state fiscal year each department and commission named in this section shall certify the names of its employees and amount of service each employee performed as a law enforcement officer or custodial officer as defined in this Act during the fiscal year just ending.

Administration

Sec. 7. (a) This Act shall be administered by the State Board of Trustees of the Employees Retirement System of Texas. The board shall adopt all necessary rules for the administration of this Act. All payments from the fund created by this Act shall be made, without further appropriation, by the State Treasurer on warrants drawn by the comptroller of public accounts, supported only on vouchers signed by the executive director and the chairman of the State Board of Trustees of the Employees Retirement System of Texas or their authorized representatives. A duly attested copy of a resolution of the board of trustees designating authorized representatives shall be filed with the comptroller as the authority for issuing the warrants.

(b) The State Board of Trustees of the Employees Retirement System of Texas shall be the trustees of the fund provided under this Act. The board may authorize the executive director of the Employees Retirement System of Texas to purchase, sell, hold, manage, assign, and exchange any security, evidence of debt, or other investment in which money and assets of the fund may be invested. The money in the fund in excess of the amount of cash required for current operations shall be invested and reinvested for the benefit of the fund by the executive director as authorized by the board in the following securities:

(1) interest-bearing bonds of the United States or of any authority or agency of the United States or any securities guaranteed as to the payment of principal and interest by the United States or by any authority or agency of the United States;

(2) corporate bonds or debentures of any company incorporated in the United States which is rated "A" or better by a nationally recognized bond rating service acceptable to the board of trustees; and

(3) short-term securities approved by the board of trustees.

(c) The board of trustees shall designate an actuary who must be thoroughly qualified to act as the technical advisor of the board on matters regarding the operation of the fund created by this Act. The actuary shall perform such other duties as are prescribed by the board.

(d) Annually, the actuary shall make a valuation of the assets and liabilities of the fund created by this Act based on tables and rates adopted by the board of trustees.

(e) At least once in each five-year period after September 1, 1980, the actuary shall make, under the direction of the board of trustees, an actuarial investigation into the mortality, service, and compensation experience of the members and beneficiaries under this Act and shall make a valuation of the assets and liabilities of the Law Enforcement and Custodial Officer Supplemental Retirement Fund, and taking into account the result of the investigation and valuation, the board of trustees shall adopt such mortality, service, and other tables as are considered necessary for carrying out the purposes of this Act.

(f) Payment for services required of the actuary, as approved by the board of trustees, shall be paid from the Law Enforcement and Custodial Officer Supplemental Retirement Fund.

(g) On or before the first day of November next preceding each regular session of the legislature, the board of trustees shall certify to the Legislative Budget Board and the budget division of the governor's office an estimate of the amount of appropriated funds required to carry out the purposes of this Act for the ensuing biennium. The estimate shall be determined on the basis of actuarial valuations of the amount of appropriated funds required, in addition to other funds accruing to the Law Enforcement and Custodial Officer Supplemental Retirement Fund, to adequately fund all benefits provided under this Act, including the funding of liabilities accrued by virtue of service performed prior to the effective date of this Act within a period not to exceed 36 years after the effective date of this Act. This amount shall be included in the state budget that the governor submits to the legislature.

(h) In addition to providing funds necessary for funding benefits to be provided and liabilities incurred under the provisions of this Act, the legislature shall appropriate to the Employees Retirement System of Texas funds necessary for the administration of this Act. The board of trustees shall furnish the Legislative Budget Board and the governor's office as a separate item an estimate of reimbursement due the Employees Retirement System of Texas for administering the provisions of this Act for the ensuing biennium.

Restrictions on Use of Funds

Sec. 8. (a) None of the money appropriated to pay benefits under this Act may be diverted or used to pay any benefits other than those provided by this Act.

(b) This Act does not limit or reduce any benefit otherwise payable at or above the age of 55 under Chapter 352, Acts of the 50th Legislature, 1947, as amended (Article 6228a, Vernon's Texas Civil Statutes).

Protection Against Conversion of Funds and Fraud

Sec. 9. (a) A person who knowingly or intentionally confiscates, misappropriates, or converts money provided under this Act is guilty of a felony and on conviction is punishable by confinement in the Texas Department of Corrections for not less than one nor more than five years.

(b) A person who knowingly or intentionally makes any false statement or falsifies or permits to be falsified any record or records required under the provisions of this Act in any attempt to defraud or to increase benefits for any person is guilty of a felony and on conviction is punishable by confinement in the Texas Department of Corrections for not less than one nor more than five years.

(c) If any change or error in the records results in any person receiving more or less supplemental retirement benefits than the person would have been entitled to receive under the provisions of this Act had the records been correct, the State Board of Trustees of the Employees Retirement System of Texas shall correct the error and so far as practicable shall adjust the payment so that the actuarial equivalent of the benefit to which the person was actually entitled shall be paid.

Participation of any subdivision shall begin as of the first day of any month designated by the governing body and approved by the Board.

[See Compact Edition, Volume 5 for text of 3.1(b) to (d)]

2. Participation of Employees.

The membership of the System shall be composed as follows:

[See Compact Edition, Volume 5 for text of 3.2(a) and (b)]

(c) Any person, not a member of this System, who has been an employee of a participating subdivision prior to the effective date of participation of such subdivision but who is not an employee of such participating subdivision on the effective date of participation of such subdivision, shall, if he again becomes an employee of such subdivision after the effective date of its participation become a member of the System upon the date he again becomes an employee, provided he is then under the age of sixty (60) or as to persons sixty (60) years or over, if such re-employment is within five (5) years after the effective date of the subdivision's participation, provided the extent of his prior service to such subdivision is equal to or in excess of the period by which his then attained age exceeds the age of sixty (60) years; and otherwise such person shall not be eligible to become a member of this System.

(d) Any person who has been a member of this System and whose membership has terminated by withdrawal, shall, if he again becomes an employee of a participating subdivision, become a member of the System upon the first day of the month following the date such person again becomes an employee if he is then under the age of sixty (60) years, but any such person who is then sixty (60) years or over shall not be eligible to become a member of the System.

(e) Membership in the System shall cease and terminate if:

(1) A member is absent from service for sixty (60) consecutive months prior to accumulating sufficient creditable service to entitle the member (under Subsection 11(d)(8) of Section 6 or Subsection 4 of Section 7) to a vested right to retirement, or prior to accumulating at least four (4) years of creditable service with one or more participating subdivisions that have adopted twelve-year vesting pursuant to Subsection 11(d)(8) of Section 6; and provided, however, that during the time the United States is at war, and for a period of twelve (12) months thereafter, time spent by a member of the System (1) on active duty in the Armed Forces of the United States and their auxiliaries and/or in the Armed Forces Reserve of the United States and their auxiliaries and/or in the service of the American Red Cross as a result of having volunteered or having been drafted and/or conscript-

ed thereinto; or (2) in war work as a direct result of having been drafted or conscripted by governmental action into said war work, shall not be construed as absent from service insofar as the provisions of this Act are concerned but shall count toward membership service. "War" means declared or undeclared war or any conflict between the Armed Forces of the United States and any foreign armed forces.

(2) A member's service in a participating subdivision is discontinued and the member withdraws his accumulated deposits, or

(3) A member dies, or

(4) A member becomes an annuitant.

(f) Any person who was no more than 61 years old when he became an elected official of a participating subdivision shall become a member of the system, provided that such person and the participating subdivision have made or do make contributions determined by the director to be sufficient to maintain the fiscal and actuarial integrity of the system. Such person may be allowed current service credits for service prior to the effective date of this Act which he would have earned had he not been ineligible for membership at the time he became an employee of the subdivision solely because of his age.

Revenue

Sec. 4. 1. Member deposits.

[See Compact Edition, Volume 5 for text of 4.1(a) and (b)]

(c) The governing body of any subdivision having a participation date prior to January 1, 1978 by appropriate order or resolution, certified to the Board, may provide that earnings of the several employees of the subdivision in excess of the sum of Three Thousand Six Hundred Dollars (\$3,600) in any year, or earnings in excess of any other greater multiple of One Thousand Two Hundred Dollars (\$1,200) per year, shall be excluded in calculating the deposits and contributions to be made by reason of current service of its employee-members; and the amounts required to be paid in each month by the members as deposits shall not exceed deposits calculated on the basis of one-twelfth ($\frac{1}{12}$ th) of the maximum annual earnings to be considered for retirement purposes as specified by such order or resolution. In like manner, the governing body may increase the amount of earnings on which such deposits and contributions shall be made.

[See Compact Edition, Volume 5 for text of 4.1(d) to (h)]

2. Subdivision Contributions.

(a) Each participating subdivision shall make benefit contributions to the System each month equal to the amount paid to the System by all of its employ-

ees for the same payroll period. All such benefit contributions shall be credited to the subdivision's account in the Subdivision Accumulation Fund.

(b) Each participating subdivision shall make payment of the expense contribution to the System each month of the same amount as the contributions made to the Expense Fund by all of its employees for the same payroll periods.

(c) On or before the fifteenth day of each month, each participating subdivision shall remit or cause to be paid to the System at its office the amounts of the benefit contributions and expense contributions due for the preceding month as herein provided.

(d) Unless otherwise provided for and paid by a subdivision all contributions of the subdivision shall be paid out of the fund from which earnings are paid to the members or out of the General Fund of the subdivision.

Method of Financing

Sec. 5.

1. Funds of the System:

All the assets of the System shall be credited according to the purpose for which they are held to one (1) of six (6) funds, namely, the Employees Saving Fund, the Subdivision Accumulation Fund, the Current Service Annuity Reserve Fund, the Interest Fund, the Endowment Fund and the Expense Fund.

2. The Employees Saving Fund:

The Employees Saving Fund shall be a Fund in which shall be accumulated the deposits from the compensation of members plus current interest earnings. Contributions to and payments from the Employees Saving Fund shall be made as follows:

(a) Each participating subdivision shall cause to be deducted from the salary of each member, on each and every payroll of such employer for each and every payroll period, a sum of money equal to seven per centum (7%), six per centum (6%), five per centum (5%), or four per centum (4%) of his current-service earnings, as fixed by the governing body of the participating subdivision. In determining the amount earnable by a member in a payroll period, the Board may consider the rate of annual compensation payable to such member on the first day of the payroll period as continuing throughout such payroll period, and it may omit deductions from earnings for any period less than a full payroll period, if the employee was not a member on the first day of the payroll period, and to facilitate the making of deductions, it may modify the deduction required of any member for any payroll period by the amount of twenty-five cents (25¢) or less.

(b) The deductions provided for herein shall be made notwithstanding that the minimum compen-

sation provided for by law for any member shall be reduced thereby. Every member shall be deemed to consent and agree to the deductions made and provided for herein and shall receipt for his salary or compensation and payment of salary or compensation, less said deduction, shall be a full and complete discharge and acquittance of all claims and demands whatsoever for the services rendered by such person during the period covered by such payment, except as to the benefits provided under this Act. The employer shall certify to the Board on each and every payroll, or in such other manner as said Board may prescribe, the amounts to be deducted; and each of said amounts shall be deducted, and when deducted shall be paid into said Employees Saving Fund, and shall be credited to the individual account of the member from whose compensation said deduction was made.

(c) During the time that the United States is at war (as hereinabove defined) and for twelve (12) months thereafter, a member of the System (1) in the Armed Forces of the United States or their auxiliaries or in the Armed Forces Reserve of the United States and their auxiliaries or in the service of the American Red Cross, as a result of having volunteered or having been drafted or conscripted thereinto, or (2) in war work as a result of having been drafted or conscripted by governmental action into said war work, shall be permitted to deposit each year to the System a sum not to exceed the amount deposited by him to said System during the last year that he was employed as an employee under the provisions of this Act. The sum so deposited by such member and received by the System shall be deposited by said System in the Employees Saving Fund to the credit of the member's individual account and shall be treated in the same manner as funds deposited by the member while he was last employed as under the provisions of this Act. The subdivision by which such person was last employed shall make concurrent benefit contributions matching those so made by such member.

(d) Current interest on member's deposit shall be credited annually as of the thirty-first day of December and shall be allowed on the amount of the accumulated deposits standing to the credit of the member at the beginning of the year and shall not be allowed for parts of a year.

(e) Should a member cease to be an employee of a participating subdivision except by death or retirement under the provisions of this Act, upon the filing of formal application therefor, such member's accumulated deposits shall be paid to him and his account in the Employees Saving Fund closed.

Following the automatic termination of membership in the System for those members who have been absent from service in all participating subdivisions more than sixty (60) consecutive months, the Employees Saving Fund account of such members shall cease to draw interest.

(f) Should a member die before retirement the amount of his accumulated deposits shall be paid as provided in Section VII of this Act.

(g) Upon the retirement of a member his accumulated deposits shall be transferred from the Employees Saving Fund to the Current Service Annuity Reserve Fund.

3. Subdivision Accumulation Fund:

The Subdivision Accumulation Fund shall be the Fund in which shall be accumulated all benefit contributions made to the Texas County and District Retirement System by the participating subdivisions and from which transfers and payments shall be made as below provided.

(a) The balances standing to the credit of each participating subdivision in its accumulation accounts in the System on December 31, 1977, after all other closing entries for such year have been made shall be credited to such subdivision's account in the Subdivision Accumulation Fund effective January 1, 1978. All benefit contributions thereafter payable by participating subdivisions shall be paid into the Subdivision Accumulation Fund and shall be credited to the accounts of the respective participating subdivisions in such Fund.

(b) Upon the retirement of a member, an amount equal to that proportion of his accumulated deposits in the Employees Saving Fund which the participating subdivision agreed on its participation date to provide as reserves for the Basic Annuity of the member shall be transferred from the Subdivision Accumulation Fund into the Current Service Annuity Reserve Fund. If the accumulated deposits of such retiring members have accumulated from deposits made while an employee of a single participating subdivision, such subdivision's account in the Subdivision Accumulation Fund shall be reduced by the amount so transferred. If such accumulated deposits arose from service in more than one participating subdivision, the accounts of the involved participating subdivisions in the Subdivision Accumulation Fund shall be reduced by the respective amounts chargeable to such participating subdivisions.

(c) All payments under prior service annuities heretofore granted and in force and all payments under Supplemental Annuities arising from credits granted by a participating subdivision shall be paid from this Fund and charged to such participating subdivision's account in this Fund subject

to the following: The Board shall have the power to reduce proportionately all payments under such annuities at any time and for such period of time as is necessary so that the payments under such annuities in any year shall not exceed the amounts available in such participating subdivision's account in the Subdivision Accumulation Fund.

(d) In the event that a county which has provided for participation of county hospital employees separately from the participation of other county employees shall cease to operate a county hospital, the commissioners court may by order direct that the separate Subdivision Accumulation Fund accounts maintained by the county with the System be consolidated, and all obligations of the county arising under this Act out of service performed by employees of the county shall thereafter be charges against the consolidated Subdivision Accumulation Fund account. The System shall, following adoption of such order, consolidate the accounts of the county as directed.

(e) If any participating subdivision has no employees who are currently members of the System and has no present or potential liabilities resulting from the participation of former employees, then in such event any amount standing to the credit of such subdivision in the Subdivision Accumulation Fund shall upon its application be repaid to such subdivision, and its participation in the System shall cease. If any such subdivision has been merged or consolidated with a city or other agency which is not eligible to participate in the System and no longer exists as a separate entity and if under the applicable law or merger agreement the successor agency is entitled to the assets of the merged or consolidated subdivision, then the amount standing to the credit of such subdivision shall upon application be paid to the successor agency.

4. Current Service Annuity Reserve Fund:

The Current Service Annuity Reserve Fund shall be the Fund in which shall be held all reserves for current service annuities heretofore granted and in force and for all Basic Annuities hereafter granted, and from which shall be paid all such annuities and all benefits in lieu of such annuities, payable as provided in this Act. This Fund shall be made up of transfers as follows:

(a) At the time of service or disability retirement, the accumulated deposits of a retiring member shall be transferred from the Employees Saving Fund to the Current Service Annuity Reserve Fund as reserves for the Basic Annuity purchased by said member's deposits.

(b) An amount equal to that proportion of the accumulated deposits of each retiring member which the participating subdivision agreed on its

participation date to provide at retirement, shall be transferred, upon such member's retirement, from the Subdivision Accumulation Fund as additional Basic Annuity reserves.

Transfers and payments from the Current Service Annuity Reserve Fund shall be made as provided in Section VII of this Act, upon the death, restoration to active service or removal from the disability list, of an annuitant retired on account of disability.

5. Interest Fund:

The Interest Fund is hereby created to facilitate the crediting of interest to the various other Funds. All income, interest and dividends derived from the deposits and investments authorized by this Act shall be paid into the Interest Fund. Once each year on the thirty-first day of December, interest shall be allowed and transferred to the other Funds respectively. After interest-bearing funds have been duly credited with interest for the year in the manner provided by this Act, the Board annually shall transfer all excess earnings from the Interest Fund to one or another of the several special accounts of the Endowment Fund as in its judgment the needs and condition of the System may require.

6. Endowment Fund:

The Endowment Fund shall be a Fund in which shall be accumulated gifts, awards, funds and assets accruing to the System which are not specifically required by other Funds established by this Act. The Endowment Fund shall consist of the following special accounts: the general reserves account; the distributive benefits account; the perpetual endowment account; and such other special accounts as the Board by resolution may establish.

(a) There shall be credited to the general reserves account all current interest allocable to the Endowment Fund, and there shall be transferred from the Interest Fund to said account such portion of the excess earnings, as in the judgment of the Board may be necessary: (1) to provide adequate reserves against insufficient future earnings on investments to allow regular interest on Funds entitled thereto under the provisions of this Act; (2) to provide adequate reserves against special and general contingency requirements of other funds of the System; and (3) to provide such amount, if available, as is required for the administrative expenses of the System in the ensuing year. The requirements of this account shall constitute a first charge against excess interest earnings standing to the credit of the Interest Fund at the end of any year. If in the judgment of the Board, the amount to the credit of the general reserves account is in excess of that needed to provide adequate reserves against insufficient earnings on investments, and special and general contingency requirements, then so much of any

excess as remains as is required to pay administrative expenses for the ensuing year may be transferred to the Expense Fund.

(b) After the requirements of the general reserves account of this Fund have been satisfied, the Board may transfer any balance of excess earnings remaining in the Interest Fund at the end of a calendar year to a special account in the Endowment Fund to be denominated the "distributive benefits account." If in the judgment of the Board the amount to the credit of the distributive benefit account at the end of the year is sufficient to warrant such action, the Board may by resolution:

(1) authorize the distribution and payment of all or part of said amount as a distributive benefit to the persons who were annuitants of the System on the last day of said calendar year in the ratio that the monthly benefit of each such annuitant bears to the total of all annuity payments made by the System for the final month of such year.

(2) authorize the distribution and application of all or part of said amount as supplemental interest earned by, and to be paid and credited to the respective individual accounts of members in the Employees Saving Fund, and to the respective accounts of participating subdivisions in the Subdivision Accumulation Fund, in proportion to the current interest allowed on individual accounts of members in the Employees Saving Fund and the regular interest allowed on accounts of participating subdivisions in the Subdivision Accumulation Fund. The supplemental interest shall be allowed on the Employees Saving Fund in the same manner that current interest is allowed on said Fund; and supplemental interest shall be allowed on the Subdivision Accumulation Fund in the same manner that regular interest is allowed on said Fund.

(c) The perpetual endowment account shall be the account in which there shall be deposited and kept such funds, gifts and awards as the grantors thereof may designate as a perpetual endowment for the System.

7. Expense Fund:

The Expense Fund shall be the Fund from which the expenses of administration and maintenance of the System shall be paid.

(a) The Director shall prepare annually an itemized budget showing the amount required to defray the expenses for the ensuing fiscal year and shall submit the report to the Board for its review, amendment and adoption.

(b) The amount estimated to be required to meet the expenses of the System shall be paid from the general reserves account of the Endow-

ment Fund to the extent available. The Board, as evidenced by a resolution of the Board recorded in its minutes, may transfer to the Expense Fund the amount required to cover the expenses as estimated for the year.

(c) If the amount estimated to be required to meet said expenses of the System is in excess of the amount in the general reserves account of the Endowment Fund which is available for administrative expenses, the Board, by a resolution recorded in its minutes, shall assess the estimated additional amount against and collect the same from the participating subdivisions and from members as Expense Fund contributions.

Creditable Service

Sec. 6.

[See Compact Edition, Volume 5 for text of 6.1 to 6.4]

5. Creditable service at retirement on which the retirement allowance of a member shall be based shall consist of the current service rendered by him for which he has contributions credited to his account in the Employees Saving Fund, and also, if he has a prior service certificate which is in full force and effect, the length of the service credited on his prior service certificate.

Any participating subdivision by order of its governing body may allow those persons who are members at the date of said order and who have terminated a previous membership in the System by withdrawal of then-accumulated deposits and who at date of such order have or thereafter accumulate at least twenty-four (24) consecutive months of creditable service with such subdivision since reestablishment of membership, to redeposit with the System in a single sum the accumulated deposits made as an employee of such subdivision, plus a withdrawal charge of five percent (5%) per annum from date of withdrawal to date of redeposit, and to provide that such member shall thereupon be entitled to restoration of all creditable service deriving from service performed by such member for such subdivision, which the member had at date of termination of the earlier membership.

Any such eligible member who makes the required deposits and pays the withdrawal charges above provided shall thereupon be entitled to restoration of all creditable service derived from service with such participating subdivision, which the member had at date of such previous membership; and the amount redeposited shall be placed in the member's individual account in the Employees Saving Fund of the System, but the five percent (5%) per annum withdrawal charge shall be deposited in the Subdivision Accumulation Fund to the credit of the participating subdivision assuming the other obligations arising

from granting of credit for such former service. In such event the consenting subdivision's account in the Subdivision Accumulation Fund shall be charged with the necessary reserves to fund any credits restored to the member. No such restoration of credits shall be undertaken by any participating subdivision unless it shall first be determined by the actuary that the granting of such credits by the participating subdivision would not impair the ability of the subdivision to meet all present and prospective liabilities of the subdivision's account in the Subdivision Accumulation Fund, and would not impair the ability of the subdivision to provide for payment of Basic Annuities or Supplemental Annuities.

[See Compact Edition, Volume 5 for text of 6.6]

7. "Allocated Prior Service Credit" shall mean that percentage of the calculated "Maximum Prior Service Credit" of a member which is granted by the subdivision to the member, such percentage to be the same for all of the members of the subdivision and to be such that the total "Allocated Prior Service Credits" granted by the subdivision will not exceed in the aggregate an amount for which the prospective benefit contributions of such subdivision will be adequate:

(a) to fund, within twenty-five (25) years from such subdivision's participation date, all obligations that are charges against its account in the Subdivision Accumulation Fund; and

(b) to provide the amount required according to this Act to be paid during such period under Supplemental Annuities arising from credits granted by such participating subdivision, and to provide such amounts as will be required to provide Basic Annuities in accordance with Paragraph b of Subsection 4 of Section V.

[See Compact Edition, Volume 5 for text of 6.8]

9. (a) "Current Service Credit" as used herein means an amount equivalent to a percentage (determined as hereinafter provided) of the deposits made to the System by a member during a given calendar year. Such percentage of deposits shall be the percentage agreed to by the subdivision on its participation date. For subdivisions participating on or after January 1, 1978, such percentage shall be 100%.

(b) "Accumulated Current Service Credit" shall mean the "current service credit" allowed a member for a given calendar year, accumulated at interest (as provided in this subsection) from the end of such year until the effective date of such member's retirement. Interest shall be allowed for each respective year of the accumulation period at the rate of interest allowed by the System on members' deposits for such year, but interest shall not be allowed for part of a year.

10. (a) "Multiple Matching Credit" shall mean an amount equivalent to a percentage (determined as hereinafter provided) of the deposits made to the System by a member during a given calendar year. Such percentage shall be 0% until some greater percentage is elected by the member's participating subdivision in accordance with the provisions of Subsection 11 of Section VI. The Multiple Matching Credit of a member shall include the excess, if any, of his Current Service Credit in force on January 1, 1978, over his Current Service Credit as defined in Paragraph (a) of Subsection 9 of this Section VI.

(b) "Accumulated Multiple Matching Credit" shall mean the Multiple Matching Credit allowed a member for a given calendar year, accumulated at interest (as provided in this subsection) from the end of such year until the effective date of such member's retirement. Interest shall be allowed for each respective year of the accumulation period at the rate of interest allowed by the System on members' deposits for such year, but interest shall not be allowed for part of a year.

11. (a) A participating subdivision may increase benefits theretofore granted, or credits upon which future retirements will be allowed, or may adopt any additional coverage allowed by this Act, in the time and manner, and subject to the conditions set out in this section.

(b) A participating subdivision may provide for increase in such benefits or credits or may adopt additional coverage only after an actuarial valuation (as prescribed by Section 8, Section 4(e)) has been made as of December 31 valuation date which is co-terminal with, or subsequent to, completion of three or more years of participation from and after the later of the following dates, viz:

(1) the original date of participation by the subdivision involved; or

(2) the effective date of the latest preceding increase in benefits, or extension of coverage, allowed by such subdivision under this section.

(c) Any extension of coverage, or increase in benefits, may be made effective only on January 1 of a calendar year, and after the lapse of twelve months from the actuarial valuation date above mentioned.

(d) The increases in credits or benefits and additional coverages which may be adopted and allowed by the subdivision (conditioned that it may provide for funding the same as hereinbelow provided) are one or more of the following:

(1) Increase in Multiple Matching Credits theretofore allowed and to be allowed thereafter with such increase to be a multiple of 10% of member deposits, provided that all Multiple Matching Credits theretofore allowed shall be further increased, if necessary, so that all Multiple Matching Credits are provided on the basis of the same percentage of member deposits;

(2) Increase in monthly benefit payments attributable to benefits payable from the Current Service Annuity Reserve Fund;

(3) Increase in Allocated Prior Service Credits theretofore granted and in effect;

(4) Increase in monthly benefit payments attributable to benefits payable from the Subdivision Accumulation Fund;

(5) Granting the right of deferred service retirement, as hereinbelow defined, to any of its employees who has accumulated twenty (20) or more years of Creditable Service with such subdivision and other participating subdivisions which have adopted twenty-year deferred service eligibility.

The terms "right of deferred service retirement" as used above means the right to remain in service and to file a written selection with the Retirement Board of an optional allowance and designated nominee (as provided in Subsection 3 of Section 7), and in the event the member thereafter dies before retirement he shall be considered to have retired under the optional benefit selected effective as of the last day of the calendar month next preceding the month in which death occurs. In event any person eligible for deferred service retirement shall die without having a written selection of optional allowance and designated beneficiary on file with said Board, and if the member leaves a lawful spouse surviving, then the surviving spouse of such member may select the optional benefit in the same manner as if the member had made the selection; but if the member leaves no lawful spouse surviving, then at the election of the executor or administrator of the estate of the member, the member shall be considered to have retired under an Option 4A benefit effective at the end of the month preceding the death of the member, or such deceased member shall be considered as having been an active member at death, and the estate of the member shall be entitled to receive the accumulated contributions of the member.

(6) Granting prior service credit for any periods of active service (not in excess of 36 months total), in the armed forces of the United States performed during the time the United States was involved in organized conflict with foreign forces, whether in a formal state of war or police action, to any person who was an employee of such subdivision immediately prior to the beginning of such service in the armed forces, who entered such service without intervening employment and who returned to the employment of the participating subdivision within one hundred eighty (180) days following his discharge from or release from active duty with the armed forces.

(7) Granting the right of deferred service retirement, as that term is defined in Paragraph (5) above, to any of its employees who shall have attained the age of sixty (60) years and has accumulated twelve (12) or more years of creditable service with such subdivision and other participating subdivisions which have adopted twelve-year deferred service eligibility, provided, however, that no participating subdivision shall be eligible to grant the benefits described in this Paragraph (7) unless such subdivision has previously granted or is currently granting the twenty-year deferred service benefits as described in Paragraph (5) above.

(8) Granting to any of its employees who has accumulated at least twelve (12) years of creditable service with such subdivision and other participating subdivisions which have adopted twelve-year vesting, the right, if he withdraws from service prior to attainment of age sixty (60), to remain a member and to retire at age sixty (60), or at any date subsequent thereto, conditioned that the member is still living at date of retirement and conditioned that he has not withdrawn his accumulated contributions.

(9) Granting to any person who is or was a member of the military service during the time the United States was or is involved in organized conflict with foreign forces, whether in a state of war or a police action involving conflict with foreign forces, or for reason of crisis within this country, and within a period of twelve (12) months after the end of the conflict, and who has been or is relieved from active military service under conditions other than dishonorable, and who at any time thereafter becomes a member of the Texas County and District Retirement System, either as an elective or appointive officer or an employee, the right to apply for and receive credit for retirement service under this Act, upon the following conditions having been met: (A) If such elective official or appointive official or employee has been employed by a participating subdivision or subdivisions for ten (10) years and has ten (10) years' retirement credit as an employee, he shall be allowed Current Service Credit and Multiple Matching Credit for each month of his active military service, but not to exceed three (3) years. (B) If such elective official or appointive official or employee has been employed by a participating subdivision or subdivisions for fifteen (15) years, and has fifteen (15) years' retirement credit as an employee, he shall be allowed Current Service Credit and Multiple Matching Credit for each month of his active military service, but not to exceed five (5) years. (C) Notwithstanding any other provisions herein no person otherwise eligible for credit for military service herein shall be eligible to receive such credit if such person shall

be receiving or hereafter receives any military retirement provided by any federal law or regulation or federal retirement act, for at least twenty (20) years' active duty. No person shall be granted credit for any such service that is simultaneously credited by the Texas County and District Retirement System or by any other retirement system or program established under or governed by the laws of this State. All applications for credit for military service under this Act must be made within one year after the effective date of granting by the subdivision of such credit for military service, or within one year of the date the person making such application first is eligible for said credit, whichever is later. Any person applying for credit authorized by this provision shall pay to the Texas County and District Retirement System a sum equal to the number of months in actual service for which credit or additional credit is sought times his average per month deposit, not to exceed Fifteen Dollars (\$15) per month, made with the retirement system during the first twelve (12) months as an employee after becoming a member of the retirement system. Such contributions made for military retirement credit shall be deposited in the member's individual account in the Employees Saving Fund. Benefit contributions shall be made by the subdivision in an amount equal to the amount deposited by the member, and shall be deposited to its account in the Subdivision Accumulation Fund. The Board of Trustees of the Texas County and District Retirement System shall determine and by order define the period or periods which shall be recognized as organized conflict or crisis within the contemplation of this Act; and thereupon shall allow credit for every full month of such period or periods.

(e) No increase in monthly benefit payments attributable to benefits payable from the Current Service Annuity Reserve Fund or from the Subdivision Accumulation Fund, Allocated Prior Service Credits, Current Service Credits, or Multiple Matching Credits theretofore allowed shall be permitted which would produce greater benefits for such completed service than would be provided for Current Service Credits and Multiple Matching Credits allowable for comparable current and future service.

(f) No such proposed increase in benefits or credits, or proposed extension of coverage shall be permitted if the result thereof (on the basis of calculations made by the actuary and approved by the Board) would impair the ability of the subdivision to fund within twenty-five (25) years from date of the December 31 valuation referred to in 11(b) above all obligations that are charges against its account in the Subdivision Accumulation Fund.

(g) No such increase in benefits or credits or proposed extension of coverage shall be permitted unless it is determined and certified by the actuary that the particular December 31 valuation date referred to in 11(b) above, all obligations of the subdivision then existing before any such increase, would be amortized on or before the 20th anniversary of said particular December 31 valuation date.

(h) No such increase in benefits or credits, or proposed extension of coverage shall be effective unless and until the proposal is approved by the Board as conforming to all of the requirements above.

[See Compact Edition, Volume 5 for text of 6.12]

13. Each subdivision having active members and annuitants who have had benefit credits calculated on a basis other than the member's full earnings may elect, effective January 1, 1978, or at the beginning of any subsequent calendar year, to have all such benefit credits of members not retired, and future payments of retirement benefits in force on the date of election recalculated on a full earnings basis, subject to the following conditions:

(a) Each member in the electing subdivision shall have his Maximum Prior Service Credit (or Maximum Special Prior Service Credit, if applicable) recalculated as the sum of:

(1) an amount determined in accordance with the provisions of Subsection 6 of Section VI (or Subsection 9(e) of Section X, if applicable) provided that such member's average prior service earnings for the purpose of such recalculation shall be as defined in Subsection 16 of Section II, except that actual earnings in excess of limits imposed by Subsections 16(a) and (b) of Section II shall not be excluded in determining such member's average prior service earnings; and

(2) an amount determined as two times the excess of (i) over (ii), discounted at regular interest from the date one year prior to the date of election to the subdivision's participation date, where (i) is the amount of accumulated deposits the member would have had one year prior to the date of election if in each calendar year since his date of membership in the System he had contributed on the basis of the deposit rate applicable at that time and his total earnings at that time, and (ii) is his actual accumulated deposits one year prior to the date of election.

(b) Each annuitant in the electing subdivision will have future payments of his monthly retirement benefit recalculated as the amount the annuitant would have been receiving as a monthly benefit on the date of election if at date of the member's retirement the monthly benefit had been calculated in accordance with the formula set out in the above Paragraph (a) of this subsection, except that the

accumulated deposits used in the calculation shall be determined as of the member's retirement date.

(c) Each subdivision electing this option must also elect for its members to make deposits after the date of election on a full earnings basis.

(d) No such recalculation of benefit credits shall be permitted if it is determined by the actuary that such recalculation would impair the ability of the subdivision to fund all obligations that are charges against its account in the Subdivision Accumulation Fund within the twenty-five (25) year period specified in Subsection 11(g) above.

Benefits

Sec. 7.

1. Composition of Retirement Benefits.

Each retirement benefit shall be composed of a Basic Annuity as defined in Subsection 20 of Section II and a Supplemental Annuity as defined in Subsection 21 of Section II. The Basic Annuity shall be payable from the Current Service Annuity Reserve Fund, and the Supplemental Annuity shall be payable from the Subdivision Accumulation Fund. All Supplemental Annuities shall be subject to reduction by the Board under the circumstances provided in Section V of this Act.

2. Service Retirement Eligibility.

(a) Any member, after one (1) year from the effective date of his membership, shall be eligible for service retirement who (1) shall have attained the age of sixty (60) years and shall have completed at least twelve (12) years of creditable service, or (2) shall have completed thirty (30) years of creditable service.

(b) Application for service retirement shall be made to the Board setting forth the date the member desires his retirement to become effective provided: (1) such application shall be executed and filed at least thirty (30) and not more than ninety (90) days prior to the date on which such retirement is to become effective; (2) the effective date specified in the application shall be the last day of a calendar month, and shall not be a date preceding the termination of the member's employment with an employing subdivision.

(c) With the provision that no retirement shall be effective within one (1) year after the effective date of his membership, each member shall be retired from employment by all subdivisions on the last day of the calendar year in which the age of seventy (70) is attained, or upon the last day of the calendar year in which he completes twelve (12) years of creditable service, whichever shall last occur; provided, however, that in exceptional cases and for substantial cause such retirement may be deferred by mutual consent of the member

and the employing subdivision from year to year for a period of not to exceed one (1) year at any time.

(d) Any member who has accepted service retirement shall be ineligible and disqualified to resume or continue service in any participating subdivision.

3. (a) Standard Service Retirement Benefit.

A member who retires upon the basis of service eligibility shall be entitled to receive a "standard service retirement benefit" which shall be the actuarial equivalent of the sum of a member's accumulated deposits, Accumulated Current Service Credit, Accumulated Allocated Prior Service Credit, and Accumulated Multiple Matching Credit.

The standard service retirement benefit shall be payable during the life of the member, but with the provision that upon the member's death an amount equal to the excess, if any, of the member's accumulated deposits at time of retirement over the sum of the "standard service retirement benefit" payments received by the member shall be paid to the member's estate unless he has directed such amount to be paid otherwise. Such excess shall be paid from the Current Service Annuity Reserve Fund and the Subdivision Accumulation Fund in the proportion that parts of the member's standard service retirement benefit that were payable from the respective funds bear to the whole benefit determined as of the effective date of retirement.

(b) Optional Service Retirement Benefits.

In lieu of the "standard service retirement benefit" allowable under Subsection 3(a) above, and provided that the member shall make such election and nomination within thirty (30) days after the date fixed for retirement, any member retiring for service may elect to receive the actuarial equivalent of his standard service retirement benefit as an optional service retirement benefit payable to the member during his lifetime, but with the provision that:

Option 1. Upon his death, the optional service retirement benefit shall be continued throughout the life of, and paid to, such person as the member shall nominate by written designation duly acknowledged and filed with the Board within the time above provided; or

Option 2. Upon his death, one-half of the optional service retirement benefit shall be continued throughout the life of, and paid to, such person as the member shall nominate by written designation duly acknowledged and filed with the Board within the time above provided; or

Option 3. In the event of his death before sixty (60) monthly payments have been made of the optional service retirement benefit, the payments shall be continued to such person as the

member nominates by written designation (or if no such designated beneficiary survives the member, to the member's estate) until the remainder of the sixty (60) monthly payments have been made; or

Option 4A. In the event of his death before one hundred twenty (120) payments have been made of his optional service retirement benefit, the payments shall be continued to such person as the member nominates by written designation (or if no such designated beneficiary survives the member, to the member's estate) until the remainder of the one hundred twenty (120) monthly payments have been made; or

Option 5. Some other benefit or benefits may be paid either to the member or to such person or persons as he may nominate, provided the same shall be approved by the Board, and provided such other benefit or benefits, shall be certified by the actuary to be the actuarial equivalent of the standard service retirement benefit to which the member is entitled at the effective date of his retirement.

Any member retiring for service who dies within thirty (30) days after the effective date of his retirement and who has not made an election to receive an optional service retirement benefit as herein provided shall be considered to have elected Option 4A above or, at the election of his beneficiary, such deceased member shall be considered as having been an active member at death and the beneficiary may thereby elect to receive the accumulated contributions of the deceased member.

4. Vesting. Deferred Service Retirement.

Any member who shall have accumulated at least twenty (20) years of creditable service may withdraw from service prior to the attainment of the age sixty (60) and shall become entitled to retirement with a Service Retirement Allowance upon his attainment of the age of sixty (60) years, or at his option at any date subsequent to his attainment of said age provided that such member is then living and has not withdrawn his contributions and provided that such retirement may not be effective prior to one year after the effective date of his membership and will be effective only as of the last day of a calendar month and will be effective not less than thirty (30) days or more than (90) days subsequent to the execution and filing with the Retirement Board of written application therefor.

Any member who has accumulated thirty (30) or more years of creditable service shall have the right, until the effective date of his retirement, to remain in service and to file a written selection with the Retirement Board, in such form as the Retirement Board may prescribe, of an optional allowance and designated nominee, as provided for in subsection

3(b) of this Section, and in the event such member thereafter dies before retirement he shall be considered to have retired effective as of the last day of the calendar month next preceding the month in which death occurs or as of the end of one year after the effective date of his membership whichever date shall occur last; and any such member who has filed such selection of optional allowance and designated nominee, may at his option from time to time, prior to retirement or death, file an amended written selection of optional allowance and designated nominee. If any such member who has accumulated thirty (30) or more years of creditable service dies before retirement without having a written selection of optional allowance and designated nominee on file with the Retirement Board, and if the member leaves a lawful spouse surviving, then the surviving spouse of such member may select the optional benefit in the same manner as if the member had made the selection; but if the member leaves no lawful spouse surviving, then at the election of the executor or administrator of the estate of the member, the member shall be considered to have retired under an Option 4A benefit effective at the end of the month preceding the death of the member, or such deceased member shall be considered as having been an active member at death, and the estate of the member shall be entitled to receive the accumulated contributions of the member.

5. Disability Retirement Eligibility:

With the provision that no retirement shall be effective within one (1) year after the effective date of membership, upon the application of a member or of his employer or his legal representative acting in his behalf, any member with less than twelve (12) years of creditable service may be retired by the Board, not less than thirty (30) and not more than ninety (90) days next following the date of filing of such application, on a disability retirement allowance, provided that the Medical Board, after a medical examination of such member, shall certify that such member is mentally or physically incapacitated for the further performance of duty, that such incapacity is the direct result of injuries sustained subsequent to the effective date of membership by external and violent means as a direct and proximate result of the performance of his duties, that such incapacity is likely to be permanent and that such member should be retired.

With the provision that no retirement shall be effective within one (1) year after the effective date of membership, upon the application of a member or of his employer or his legal representative acting in his behalf, any member with twelve (12) years or more of creditable service, who is not eligible for service retirement, may be retired by the Board, not less than thirty (30) and not more than ninety (90) days next following the date of filing of such appli-

cation on a disability retirement allowance, provided that the Medical Board, after a medical examination of such member, shall certify that such member is mentally or physically incapacitated for the further performance of duty, that such incapacity is likely to be permanent and that such member should be retired.

6. Standard Disability Retirement Benefits:

Upon retirement for disability a member shall receive a disability retirement benefit which shall be the actuarial equivalent of the sum of the member's accumulated deposits, Accumulated Current Service Credit, Accumulated Allocated Prior Service Credit and Accumulated Multiple Matching Credit.

7. Requirements and Conditions Applicable to Disability Benefits:

Once each year during the first five (5) years following retirement of a member on a disability retirement benefit, and once in every three-year period thereafter, the Board may, and upon his application shall, require any disability annuitant who has not yet attained the age of sixty (60) years to undergo a medical examination, such examination to be made at the place of residence of said annuitant or any other place mutually agreed upon, by a physician or physicians designated by the Board. Should any disability annuitant who has not yet attained the age of sixty (60) years refuse to submit to at least one (1) medical examination in any such periods by a physician or physicians designated by the Board, his allowance shall be discontinued until his withdrawal of such refusal, and should his refusal continue for one (1) year, all his rights in and to his allowance shall be revoked by the Board.

(a) Should the Medical Board report and certify to the Board that such disability annuitant is no longer physically or mentally incapacitated for the performance of duty, or that such disability annuitant is engaged in or is able to engage in a gainful occupation, and should the Board by a majority vote concur in such report, then his allowance shall be discontinued.

(b) Should a disability annuitant under the age of sixty (60) years be restored to active service in a participating subdivision, his retirement allowance shall cease, he shall again become a member of the System, and any reserves on his Basic Annuity at that time in the Current Service Annuity Reserve Fund shall be transferred to the Employees Saving Fund and to the Subdivision Accumulation Fund, respectively, in proportion to the original sum transferred to the Current Service Annuity Reserve Fund at retirement. Upon restoration to membership, any Prior Service Certificate on the basis of which his service was computed at the time of his retirement shall be restored to full force and effect, and in addition, upon his subsequent retirement, he shall be

credited with all his membership service. Should a disability annuitant die or be removed from the disability list for any cause other than restoration to active service, an amount equal to the amount by which such annuitant's accumulated deposits at the time of disability retirement exceed the sum of the Basic Annuity and Supplemental Annuity payments received by such annuitant under his disability allowance, if any such excess exists, shall be paid from the Current Service Annuity Reserve Fund and the Subdivision Accumulation Fund, in the proportion that parts of the disabled annuitant's disability retirement benefit that were payable from the respective funds bear to the whole benefit determined as of the effective date of retirement. Such payment shall be made to such annuitant if living; otherwise, such amount shall be paid to his estate unless he has directed such amount to be paid otherwise.

8. Return of Deposits Upon Other Terminations:

Should a member cease to be an employee of a participating subdivision except by death or retirement under the provisions of this Act, he shall, upon application, be paid in full the amount of the accumulated deposits standing to the credit of his individual account in the Employees Saving Fund. In the event of death of a member before retirement, and in the event no deferred retirement benefit is payable by reason of such death, the amount of his accumulated deposits standing to the credit of his individual account in the Employees Saving Fund (together with interest on the mean amount of his accumulated contributions from the beginning of the year in which death occurs to the end of the month preceding the month in which death occurs at the annual rate of interest credited by the System on member accounts during the preceding year) shall be paid to his estate unless he has directed the account to be paid otherwise. Seven (7) years after cessation of service, if no previous demand has been made, any accumulated deposits of a contributor shall be returned to him or to his estate. If the contributor or the administrator of his estate cannot then be found, his accumulated deposits shall be escheated to the Retirement System, and shall be credited to the perpetual endowment account of the Endowment Fund.

9. Valuation Basis Adjustment in Current Service Annuities.

The Board of Trustees is authorized to increase the monthly benefits payable after July 1, 1977, on each current service annuity on which a monthly benefit payment was made on June 30, 1977. The monthly benefits payable may be increased by the percentage by which (a) exceeds (b), where (a) is the Current Service Annuity Reserve Fund balance as of July 1, 1977, plus regular interest on the mean

balance of such fund from January 1, 1977, to July 1, 1977, and (b) is the System's current service annuity reserve calculated on the basis of four percent (4%) interest and such mortality and other tables adopted by the Board as may become effective on July 1, 1977.

10. Valuation Basis Adjustment in Prior Service Annuities.

The Board of Trustees is authorized to increase the monthly benefits payable after July 1, 1977, on each prior service annuity on which a monthly benefit payment was made on June 30, 1977. The monthly benefit payable may be increased for annuitants in each participating subdivision by the percentage by which (a) exceeds (b), where (a) is the subdivision's prior service reserve calculated on the basis of three percent (3%) interest and such mortality and other tables adopted by the Board as are in effect on June 30, 1977, and where (b) is the subdivision's prior service annuity reserve calculated on the basis of four percent (4%) interest and such mortality and other tables adopted by the Board as may become effective July 1, 1977. It is further provided that no increase in monthly benefits payable on prior service annuities for annuitants of a particular subdivision shall be made in an amount which (according to calculations made by the actuary on the basis of four percent (4%) interest and such mortality and other tables as are adopted by the Board) would result in a probable future depletion of the subdivision's account in the Subdivision Prior Service Accumulation Fund with the resulting need to reduce prior service annuities payable to retired members.

Administration

Sec. 8.

[See Compact Edition, Volume 5 for text of 8.1]

1a. The Board of Trustees of the Texas County and District Retirement System is subject to the Texas Sunset Act,¹ but it is not abolished under that Act. The board shall be reviewed under the Texas Sunset Act during the period in which state agencies abolished effective September 1 of 1989 and of every 12th year after 1989 are reviewed.

2. The Board shall have, in addition to all other powers and duties arising out of this Act not otherwise specifically reserved or delegated to others, the following specific powers and duties and is hereby authorized and directed to:

(a) Hold regular meetings in March, June, September and December of each year, and such special meetings at such other times as may be called by the Director upon written notice to the trustees. Five (5) days notice of each special meeting shall be given to each trustee, unless such notice is waived. All meetings of the Board shall

be open to the public and shall be held in the offices of the Board or in any other place specifically designated in the notice of any meeting.

(b) Consider and pass on all applications for annuities and benefits, authorize the granting of all annuities and benefits and suspend any payment or payments, all in accordance with the provisions of this Act.

(c) Certify the current rate of interest as approved in writing by the actuary and notify all participating subdivisions thereof.

(d) Obtain such information from any member or from any participating subdivision as shall be necessary for the proper operation of the System.

(e) Establish an office in the Capital City or in one of the participating subdivisions. All books and records of the System shall be kept in such office.

(f) Appoint a Director for the purpose of managing this System, investing the Funds and carrying out the administrative duties of the System. The Board shall also appoint an actuary for the purpose of carrying out all the necessary actuarial requirements of the System; appoint an attorney; appoint a Medical Board; and employ such additional actuarial, clerical, legal, medical and other assistants as shall be required for the efficient administration of the System; and determine and fix the compensation to be paid.

(g) Have the accounts of the System audited at least annually by a Certified Public Accountant.

(h) Submit an annual statement to the governing body of each subdivision and to any member, upon request, as soon after the end of each calendar year as possible. Such statement shall include at least the following: a balance sheet showing the financial and actuarial condition of the System as of the end of the calendar year; a statement of receipts and disbursements during each year; a statement showing changes in the asset, liability, reserve and surplus accounts during the year; and such additional statistics as are deemed necessary for a proper interpretation of the condition of the System.

(i) The Board annually on December 31 shall allow regular interest on the mean amount in the Current Service Annuity Reserve Fund for the year then ending and shall allow regular interest on the amount in the Subdivision Accumulation Fund at the beginning of such year and shall allow current interest as defined in Section II of this Act on the amount in the Endowment Fund at the beginning of such year and on an amount in the Employees Saving Fund equal to the sum of the accumulated deposits standing to the credit at the beginning of such year of all members included in the membership of the System on December 31 of

such year, before any transfers for retirement effective December 31 of such year are made. The amounts so allowed shall be due and payable to said funds and shall be credited thereto by the Board on December 31 of each year from the moneys of the System held in the Interest Fund, provided that current interest shall not be at a rate greater than regular interest and that any excess earnings over such amount required shall be paid to one or another of the several accounts of the Endowment Fund as provided in Section V of this Act.

(j) Accept any gift, grant or bequest of any money or securities for the purposes designated by the grantor, if such purposes are specified as providing an endowment or retirement benefits to some or all of the participating employees or annuitants of this System, or if no such purposes are designated, for deposit to the credit of the Endowment Fund.

(k) Determine the limitations on the amounts of cash to be invested in order to maintain such cash balances as may be deemed advisable to meet payments of benefits and expenses, and invest the remaining available cash in securities in accordance with Subsection (7) of this Section.

(l) Keep in convenient form such data as shall be necessary for all required calculations and valuations as required by the actuary and keep a permanent record of all the proceedings of the Board.

(m) The Board shall have power to incur indebtedness and to borrow money upon the faith and credit of the System for the purpose of paying and providing for the payment of the expenses incident to the operation of the System, and to renew, extend or refund such indebtedness heretofore incurred or hereafter incurred, and for such purposes to issue and sell the negotiable promissory notes or negotiable bonds of the System, maturing within twenty (20) years from date of issuance, and bearing interest at a rate not to exceed six percent (6%) per annum; and such notes or bonds shall be a charge against and shall be payable from the Expense Fund of the System, hereinabove provided for, but shall expressly provide that the same shall never be held or considered to be an obligation of the State of Texas; but the total indebtedness against the Expense Fund of the System shall never exceed at any one time the sum of One Hundred Thousand Dollars (\$100,000).

(n) Establish such rules and regulations not inconsistent with the provisions of the Act and generally carry on such other reasonable activities as are deemed necessary or desirable for the efficient administration of the System.

Merger of Existing County Systems

Sec. 10.

[See Compact Edition, Volume 5 for text of 10.1 to 10.4]

5. All persons who conform to the definition of "employee" as set out in Subsection 6 of Section II, but who were not eligible for membership in the local system as established, and are not members of the local system at the date of merger, shall become members of the state system under the merger agreement, unless such person executes a waiver of membership in the time and manner prescribed below: provided, however, that no employee who is sixty (60) years of age or more at date of merger shall be eligible for membership unless his service to such subdivision prior to the date of merger is equal to or is in excess of the period by which his then attained age exceeds the age of sixty (60) years.

Any person who becomes a member of the state system as of the date of merger under this Subsection 5 shall not be allowed any credit for service prior thereto except upon the following conditions:

If, for all months during which such person performed service as an employee (as defined in subsection 6, Section II, above) of the subdivision between the time the local system was established and the date of merger, such person shall pay to the state system (within 90 days after date of merger) a sum equal to the deposits which a member of the local system drawing the same compensation during the same period was required to make to the local system, and if the subdivision pursuant to the merger agreement contributes to the state system within the 90-day period an equal amount, then in such event:

(a) the sum so deposited by such member with the state system shall be deposited by it to the credit of such member's individual account in the Employees Saving Fund and shall be treated in the same manner as provided in subsection 9(a) below as to transfer upon merger of individual deposits of members of the local system;

(b) the sum so deposited by the subdivision shall be received and deposited in the subdivision's account in the Subdivision Accumulation Fund in the manner provided in subsection 9(c) below; and

(c) such member shall thereupon receive credit for all service to the subdivision antedating the effective date of merger.

Any person not a member of the local system, but who would become a member of the state system

under the terms of this subsection may elect not to become a member if within thirty (30) days after the effective date of the merger agreement, he shall execute and file with the Director of the state system a written waiver of membership in such form as the Board may prescribe. Any such person who files such a waiver of membership may apply for membership in the state system as of the first day of any month thereafter, if the person would then be eligible for membership in the system as a beginning employee of the subdivision, and such person may thereupon become a member of the system but without credit for any service antedating date of membership.

[See Compact Edition, Volume 5 for text of 10.6 to 10.8]

9. Upon merger, the total assets of the local system shall be transferred to the state system, valued as provided in Subsection 8 above, and such assets shall be credited as follows:

(a) An amount equal to the sum of the accumulated deposits of the individual members of the local system will be credited to the Employees Saving Fund of the state system. The state system will establish individual accounts for all such members and will credit to such individual accounts the respective accumulated deposits of the individual members as of the effective date of merger. No current service credits shall accrue in this System to the members of the local system on account of the accumulated deposits so transferred and credited upon merger.

(b) An amount equal to the required annuity reserve, based on such annuity tables as shall be adopted by the Board with regular interest, for current service annuities in effect in the local system as of the date of merger shall be credited to the Current Service Annuity Reserve Fund of this System and such current service annuities shall thereafter be obligations of and paid from the Current Service Annuity Reserve Fund of this System.

(c) The remaining assets of the local system will be credited to the subdivision's account in the Subdivision Accumulation Fund of the state system for the partial funding of the obligations assigned to such account in accordance with this Act.

(d) Each member transferred under the merger, and each person who becomes a member at the date of merger and qualifies for creditable service antedating merger as provided by Subsection 5 above, will be given an "allocated special prior service credit" determined as provided in paragraphs (e) and (f) following.

(e) "Maximum Special Prior Service Credit," as used in this Section shall mean an amount equiva-

lent to the accumulation at interest of a series of monthly payments for the number of months of all creditable service allowed to the member pursuant to the merger agreement for service to the date of merger, each such monthly payment being equal to twice the subdivision's initial deposit rate multiplied by the member's "average local system earnings," with such accumulation then being reduced by an amount equal to the individual member's accumulated deposits transferred on merger or paid in by the member in accordance with Subsection 5 of this Section. Such accumulation shall be at regular interest and on the basis that interest is allowed at the end of each twelve (12) months period and is allowed on the accumulation at the beginning of each such twelve (12) months period and is not allowed for parts of a year.

"Average local system earnings" as used in this subsection means the average monthly earnings received by an employee for service rendered to the local system subdivision during the thirty-six (36) months immediately preceding the effective date of merger of such subdivision's local system into the System, or if there be less than thirty-six (36) months of such service, the average shall be computed for the number of months of such service within such thirty-six (36) months period, or if there be no such service during said thirty-six (36) months, the average shall be computed for the number of months of service rendered to the local system subdivision during the twenty-four (24) months immediately preceding said thirty-six (36) months; provided however, that in calculating the "average local system earnings" of any employee, actual earnings in any month shall be excluded to the extent that they exceed the lower of the following rates of earnings: (i) the annual earnings prescribed by the governing body at the time of merger as the maximum current service earnings for current service deposits and contributions; or (ii) annual earnings in excess of Twelve Thousand Dollars (\$12,000.00) per annum.

(f) "Allocated Special Prior Service Credit" as used in this section and in merger agreements thereunder shall mean that percentage of the calculated "Maximum Special Prior Service Credit" of a member which is granted by the subdivision to the member, such percentage, except as hereinafter provided in this paragraph, to be the same for all of the members of the subdivision and to be such that the total "Allocated Special Prior Service Credits" granted by the subdivision will not exceed in the aggregate an amount for which the assets credited to the Subdivision Accumulation Fund on merger and the prospective benefit contributions of such subdivision will be adequate:

(i) to fund, within twenty-five (25) years from such subdivision's participation date, all

obligations that are charges against its account in the Subdivision Accumulation Fund; and

(ii) an amount for which the prospective benefit contributions of such subdivision will be adequate to provide the amount required according to this Act to be paid during such period under Supplemental Annuities arising from credits granted by such participating subdivision, and to provide such amounts as will be required to provide Basic Annuities in accordance with paragraph (b) of Subsection 4 of Section V.

[See Compact Edition, Volume 5 for text of 10.10 and 10.11]

12. From and after date of merger, the rights and obligations of the employing subdivision and of persons who as its employees or pursuant to the merger agreement become members of the state system shall be governed by the provisions of Sections I through IX of this Act, except as modified by the terms of the merger agreement and by the provisions of this Section; and provided, as to local systems which have been merged into the state system prior to December 31, 1977, that the balances standing to the credit of the participating subdivision in its accumulation accounts in the System on December 31, 1977, after all other closing entries for such year have been made, shall be credited to such subdivision's account in the Subdivision Accumulation Fund effective January 1, 1978.

Optional Coverage of Employees Receiving Supplemental Compensation From Participating Counties

Sec. 11A.

[See Compact Edition, Volume 5 for text of 11A.1]

2. All persons who on the effective date specified in the order are within the class designated to be included in the System by the order of the governing body of any participating subdivision under this section, shall become members of the System at the effective date specified in the order unless the person executes a waiver of membership in the time and manner prescribed below. Any person thereafter employed for the first time by the subdivision in any covered employment shall become a member of the System at the date of his employment if he is at that date less than sixty (60) years of age.

[See Compact Edition, Volume 5 for text of 11A.3 to 11A.5]

6. Any person who becomes a member of the System by virtue of this section as an employee of a county which prior to its participation in this System operated and maintained a "local system" (as defined in Section 10) that was merged into this System pursuant to Section 10 shall not be allowed

credit for service rendered the subdivision prior to the effective date of the merger, except upon the following conditions:

(a) The member and the subdivision make the deposits in the amounts and within the time prescribed by Subsection 4, above, to entitle the member to current service credit as provided in Subsection 4; and

(b) For all months during which the person performed service as an employee (as defined in Subsection 6, Section 2) of the subdivision between the time the local system was established and the date of merger, the person shall pay to the State system (within ninety (90) days after the effective date specified in the order of the governing body adopted under this section) a sum equal to the deposits which a member of the local system drawing the same compensation during the same period was required to make to the local system, and the subdivision shall contribute to the State system within said ninety (90) day period an equal amount to match the members' deposits.

In the event the deposits required under this subsection are made within the time specified, the sum so deposited by the member with the State system shall be deposited by it to the credit of the member's individual account in the Employees Saving Fund and shall be treated in the same manner as provided in Subsection 9(a) of Section 10, as to the transfer upon merger of individual deposits of members of the local system; the sum so deposited by the subdivision shall be received and deposited in the subdivision's account in the Subdivision Accumulation Fund in the manner provided in Subsection 9(c) of Section 10; and the member shall receive credit for all service to the subdivision antedating the effective date of merger, and will be given an "Allocated Special Prior Service Credit" determined in the same manner and on the same percentages of Maximum Special Prior Service Credit as was used in determining the Allocated Special Prior Service Credit of employees of the county who became members of the State system at the effective date of merger.

Miscellaneous

"Sec. 4. This Act takes effect on adoption by the qualified voters of this state of S.J.R. No. 3, 64th Legislature, Regular Session Iso adopted at election held on April 22, 1975."

Art. 6228k. Fractional Service Retirement Benefits

Definitions

Sec. 1. In this Act:

(1) "Statewide retirement system" means

- (A) the Teacher Retirement System of Texas,
- (B) the Employees Retirement System of Texas,
- (C) the Judicial Retirement System of Texas,
- (D) the Texas Municipal Retirement System, and
- (E) the Texas County and District Retirement System.

(2) "Creditable service" means service earned or allowed in satisfaction of length-of-service requirements prescribed for eligibility for service retirement by the act governing the system in which such service is credited.

(3) "Combined creditable service" means the total of the person's creditable service in only those statewide retirement systems for which the length-of-service requirements for service retirement would be satisfied by such total creditable service at the person's attained age. Service which, due to length-of-service requirements in the system in which it was earned, does not qualify as combined creditable service in that system shall be excluded in determining combined creditable service in other statewide retirement systems. Creditable service earned with or allowed by more than one statewide retirement system for the same period of time shall be counted only once in determining the amount of a person's combined creditable service. Creditable service earned with or allowed by a subdivision or municipality electing not to participate in the program established by this Act may not be considered in determining combined creditable service.

Membership

Sec. 2. Membership in a statewide retirement system does not terminate for absence from employment covered by that system during a period for which the member is allowed creditable service in an employment covered by another statewide retirement system. For the purpose of membership terminations only, absence from employment for those whose membership in a statewide retirement system is continued by this section shall be calculated from the last date of employment covered by any statewide retirement system. A member may continue membership in a particular system after he or she is absent from service with all systems if, according to the laws governing that system, he or she would be eligible to continue membership, assuming his or her creditable service maintained in all statewide retirement systems had all been earned with that system. In this section "employment covered by another statewide retirement system" does not include em-

ployment by a subdivision or municipality which is not participating.

Fractional Benefits

Sec. 3. (a) Combined creditable service applies only to determine eligibility for service retirement, and not to determine eligibility for disability retirement, death benefits, or any other eligibility requirements, except eligibility for service retirement, prescribed by the laws governing any statewide retirement system. A person having service in a statewide retirement system may use his or her combined creditable service only to satisfy the length-of-service requirements of that system for service retirement.

(b) Any person who has membership in two or more statewide retirement systems shall have his or her eligibility for service retirement benefits from any of the systems determined by the laws governing that system but, for the purpose of determining whether the member satisfies length-of-service requirements defining eligibility for but not amount of benefits, as if his or her combined creditable service were all creditable service with that system.

(c) The amount of the benefit payable by any statewide retirement system shall be computed according to and in the manner prescribed by the laws governing that system and based solely on the member's credits in that system and on service credits earned with or allowed by that system.

(d) A person receiving service retirement or lifetime disability benefits from one or more statewide retirement systems may rely on the provisions of this Act to qualify for subsequent service retirement under any other statewide retirement system in which he or she has rendered creditable service, either if he or she was not eligible to retire under the latter system at the time of any previous service retirement or qualification for lifetime disability benefits from a statewide retirement system or if his or her previous retirement did not rely on combined creditable service.

(e) Retirement annuity minimums which do not vary in amount directly with the amount of creditable service of a member, postretirement fixed lump-sum death benefits, and survivor benefits payable to beneficiaries of retirees of the Teacher Retirement System of Texas, when paid to or on behalf of a person who has relied on this section to qualify for benefits from at least one statewide retirement system, shall be calculated as a percentage of the normal benefit payable had the member retired only in that system. The percentage applied shall be equal to the amount of creditable service actually granted for employment covered by that system divided by the amount of creditable service in that system which would have been required for the member to have been granted a service retirement

without benefit of this Act, such percentage not to exceed 100 percent.

(f) The beneficiary of a person receiving service retirement benefits from more than one statewide retirement system which also provides death benefits for its retirees is entitled to such death benefits from each system calculated as provided in Subsection (e) of this section if the retiree has relied on this section to qualify for benefits from at least one of the systems.

Election of Participation

Sec. 4. (a) Each participating subdivision of the Texas County and District Retirement System and each participating municipality in the Texas Municipal Retirement System as of January 1, 1978, may elect whether to participate in the program of fractional benefits established in this Act. The election shall be made by vote of the governing body of the particular subdivision or municipality in the same manner as other such actions of the governing body and shall be effective on February 1, 1978. Notice of an election made as provided in this section must be received by the board of trustees of the Texas County and District Retirement System or the Texas Municipal Retirement System, as appropriate, before February 1, 1978. Failure to notify the system board of trustees of an election prior to February 1, 1978, waives the right of election and the participating subdivision or municipality failing to notify automatically becomes a participant in the program on February 1, 1978.

(b) A subdivision or municipality electing not to participate in the program established in this Act may subsequently elect to participate. The effective date of participation by a subdivision or municipality is the first day of the month after the date of receipt by the appropriate board of trustees of notice of an election.

(c) Each subdivision or municipality electing to begin participation in either system after January 31, 1978, simultaneously becomes a participant in the program established in this Act by virtue of the election.

(d) Participation in the program established in this Act applies to all employees and former employees of the participating subdivision or municipality who are included in the membership of the retirement system as provided by law on or after the effective date of participation by the participating subdivision or municipality in the program established in this Act.

Special Provisions

Sec. 5. (a) Any member who, on or before December 31, 1977, has met the length-of-service requirements under the terms of laws in effect on that date governing the Employees Retirement System of

Texas, the Teacher Retirement System of Texas, and the Judicial Retirement System of Texas may retire from the service used in satisfaction of those requirements on meeting the age requirements in effect on December 31, 1977.

(b) The Board of Trustees of the Employees Retirement System of Texas may, by rule or regulation:

(1) consider the classes of service under the terms of Chapter 352, Acts of the 50th Legislature, Regular Session, 1947, as amended (Article 6228a, Vernon's Texas Civil Statutes), as if they were classes in separate systems under the terms of this Act;

(2) permit a member who retires with 10 or more years' service credit in the Employees Retirement System of Texas, exclusive of military service credit, to receive retirement benefits as an elective state official for such percentage of his eligible military service as is derived by dividing the number of months actually served as an elective state official by 96 months, but not more than 100 percent;

(3) permit persons who are retiring exclusively from programs administered by the board to use the shortest vesting period required for any class of service in which the member has retirement credit in such programs.

Administration

Sec. 6. Each board of trustees of a statewide retirement system may adopt such rules as are necessary to implement the provisions of this Act. Each system shall determine the eligibility of its members for benefits, including whether sufficient combined creditable service exists to qualify the member for benefits under this Act, and the amount and duration of benefits payable by that system under this Act pursuant to the respective laws governing each system. Each statewide retirement system shall cooperate with the other statewide retirement systems in the implementation of this Act. The Employees Retirement System of Texas, not later than December 15th of each even-numbered year, shall report to the governor and the Legislative Budget Board on the current and long-range fiscal and actuarial effects of this Act on that system and shall include in its biennial budget estimates a reasonable amount for reimbursement of expenses incurred by it in the performance of duties required of the system by this Act.

Confidentiality of Records

Sec. 7. Records of all individual members and beneficiaries in the custody of statewide retirement systems are personnel records and are deemed to be confidential information under the provisions of Chapter 424, Acts of the 63rd Legislature, Regular

Session, 1973, as amended (Article 6252-17a, Vernon's Texas Civil Statutes), except that information in the records may be transferred between statewide retirement systems to the extent necessary to administer the Act.

Statutory Construction

Sec. 8. The provisions of this Act which conflict with any other statutory provisions governing each statewide retirement system shall be considered as exceptions which shall prevail over such laws only as explicitly provided in this Act and shall be construed strictly as against those statutory provisions. It is the legislative intent of this Act to implement the authority granted the legislature in Article XVI, Section 67, of the Texas Constitution, to provide a system of fractional benefits to qualified members of more than one statewide retirement system. It is contrary to the legislative intent of this Act for any person or class of persons to receive by virtue of this service in more than one statewide retirement system a proportionately greater benefit from a particular statewide retirement system than persons who have rendered faithful career service under that statewide retirement system only. The provisions of this Act do not in any respect repeal the provisions of Chapter 75, Acts of the 54th Legislature, 1955, as amended (Article 6228a-2, Vernon's Texas Civil Statutes).

Repealer

Sec. 9. Chapter 573, Acts of the 63rd Legislature, Regular Session, 1973, as amended (Article 6228i, Vernon's Texas Civil Statutes), is repealed.

Effective Date

Sec. 10. This Act takes effect January 1, 1978. [Acts 1977, 65th Leg., p. 1407, ch. 570, §§ 1 to 10, eff. Jan. 1, 1978.]

Art. 6228I. Audits, Reports, and Actuarial Studies of Certain Retirement Systems

Sec. 1. In this Act, "public retirement system" means a continuing, organized program of service retirement, disability retirement, or death benefits for officers or employees of the state or a political subdivision. The term does not include, however, the Employees Retirement System of Texas, the Teacher Retirement System of Texas, the Judicial Retirement System of Texas, the Texas Municipal Retirement System, the Texas County and District Retirement System, an optional retirement program for officers or employees of institutions of higher education, a retirement program for which the only funding agency is a life insurance company, a program providing only workmen's compensation benefits, or a program administered by the federal government.

Sec. 2. The governing body of a public retirement system shall employ an actuary, as a full- or part-time employee or as a consultant, to make a valuation of the assets and liabilities of the system on the basis of assumptions and methods that are reasonable in the aggregate, taking into account the experience of the plan and reasonable expectations, and which, in combination, offer the actuary's best estimate of anticipated experience under the plan. The first valuation shall be done within a one-year period beginning January 1, 1978, and subsequent valuations shall be done not less frequently than once every three years. Based on this valuation, the actuary shall make recommendations to insure the actuarial soundness of the system. The actuary employed by the system must be a fellow of the Society of Actuaries, a member of the American Academy of Actuaries or an enrolled actuary under the federal Employee Retirement Income Security Act of 1974.¹

Sec. 3. The governing body of a public retirement system shall have the accounts of the system audited at least annually by a certified public accountant.

Sec. 4. The governing body of a public retirement system shall publish an annual report showing the financial condition of the system as of the last day of the 12-month period covered in the report, and including a statement of receipts and disbursements during the 12-month period, a statement showing changes in various accounts within the system during the 12-month period, and a statement showing any investments of the system existing on the last day of the 12-month period. This annual report shall also show the actuarial condition of the system based on the most recent actuarial valuation of the system.

Sec. 4A. If the governing body of a public retirement system fails or refuses to comply with a requirement of this Act, a person residing in the political subdivision in which the members of the governing body are officers may file a motion, petition, or other appropriate pleading in a district court having jurisdiction in a county in which the political subdivision is located in whole or in part, for a writ of mandamus to compel the governing body to comply with the requirements of this Act. If the prevailing party is other than the governing body of a public retirement system, the court may award reasonable attorney's fees and costs of suit.

The copy sent to the board must be accompanied by an actuarial analysis prepared by an actuary who is a fellow of the Society of Actuaries, a member of the American Academy of Actuaries, or an enrolled actuary under the federal Employees Retirement Income Security Act of 1974.¹

If the bill or resolution applies to more than one public retirement system, the cost estimates in the analysis may be limited to each affected state-financed public retirement system and each affected public retirement system in a city having a population of 200,000 or more, according to the most recent federal census. An actuarial analysis shall state the actuarial assumptions and methods of computation used in the analysis and shall state whether or not the bill or resolution, if enacted, will make the affected public retirement system actuarially unsound using an advanced funding actuarial

cost method or, in the case of a system already actuarially unsound, using an advanced funding actuarial cost method, more unsound.

(d) An actuarial analysis required by this section must be attached to the bill or resolution for which it is required before a committee hearing on the bill or resolution may be conducted. The actuarial analysis shall remain with the bill or resolution throughout the legislative process including the process of submission to the governor.

Definitions

Sec. 1. In this Act:

(1) "Public retirement system" means a continuing, organized program of service retirement, disability retirement, or death benefits for officers or employees of the state or a political subdivision, other than a program for which the only funding agency is a life insurance company, a program providing only workers' compensation benefits, a program administered by the federal government, or the Judicial Retirement System of Texas.

(2) "Governing body of a public retirement system" means the board of trustees, pension board, or other public retirement system governing body that has the fiduciary responsibility for assets of the system and has the duties of overseeing the investment and expenditure of funds of the system and the administration of benefits of the system.

Actuarial Report

Sec. 2. (a) An actuary commissioned by a governmental entity to make an actuarial study that is required by law for a public retirement system shall include in the study a complete definition of each actuarial term used in the study and, either in the study or in a separate report made available as a public record, an enumeration and explanation of each actuarial assumption used in the valuation made for the study.

(b) The governmental entity that commissioned the study shall include the information required by this section in the actuarial report it publishes for the public retirement system.

Sec. 3. The governing body of a public retirement system shall hold or cause to be held in trust the assets appropriated or dedicated to the system, for the benefit of the members and retirees of the system and their survivors.

Actuarial Analysis of Legislation

Sec. 4. A bill or resolution that proposes to change the amount or number of benefits or change participation in benefits of a public retirement system or that proposes to change the liability of a public retirement system may not be reported from a legislative committee of either house for consideration by the full membership of a house unless the bill or resolution is accompanied by an actuarial analysis.

Requirements of Actuarial Analysis

Sec. 5. (a) An actuarial analysis required by this Act must show the economic effect of the bill or resolution on the public retirement system, including a projection of the annual cost to the system of implementing the legislation for at least 10 years. If a bill or resolution proposes to change benefits, change benefit participation, or provide liability assumption for more than one public retirement system, the actuarial analysis shall project costs for each affected state-financed public retirement system and for each affected public retirement system in a city having a population of 200,000 or more, according to the most recent federal census. An actuarial analysis shall state the actuarial assumptions and methods of computation used in the analysis and shall state whether or not the bill or resolution, if enacted, will make the affected public retirement system actuarially unsound using an advanced funding actuarial cost method or, in the case of a system already actuarially unsound, using an advanced funding actuarial cost method, more unsound.

¹ Generally, 29 U.S.C.A. § 1001 et seq.

Exemption

Sec. 6. Sections 4 and 5 of this Act do not apply to legislation that proposes to have an economic effect on a public retirement system only by providing new or increased administrative duties.

Contract for Professional Investment Management

Sec. 7. (a) The governing body of a public retirement system may contract for professional investment management services for the system with one or more organizations, which may include a bank if it has a trust department, that are in the business of managing investments and that meet qualifications provided by Section 9(e) of this Act for investment managers.

(b) In a contract made under this section, the governing body shall specify any policies, requirements, or restrictions, including criteria for determining the quality of investments, that the governing body considers prudent for investments made on behalf of the system by the investment manager.

(c) The cost of professional investment management services under a contract made as provided by this section may be paid in whole or in part by a political subdivision of which members of the retirement system are officers or employees. Any cost not paid directly by a political subdivision shall be paid from funds of the public retirement system.

Sec. 8. (a) If the governing body of a public retirement system contracts for professional investment management services, it also shall enter into an investment custody account agreement designating a state or national bank as custodian for all assets allocated to or generated under the contract.

(b) Under a custody account agreement, the governing body of a public retirement system shall require the designated bank to perform the duties and assume the responsibilities for funds under the contract for which the custody account agreement is established that are performed and assumed, in the absence of a contract, by the custodian of system funds.

(c) The cost of bank services under a custody account agreement may be paid in whole or in part

by a political subdivision of which members of the retirement system are officers or employees. Any cost not paid directly by a political subdivision shall be paid from funds of the public retirement system.

Fiduciary Responsibility Regarding Investment of Surplus

Sec. 9. (a) When, in the opinion of the governing body of a public retirement system, a surplus of funds exists in accounts of the retirement system over the amount needed to make payments as they become due within the next year, the governing body shall deposit the surplus, or as much of the surplus as the governing body considers prudent, in a reserve fund.

(b) In making and supervising investments, the governing body of a public retirement system shall discharge its duties with respect to a plan solely in the interest of the participants and beneficiaries:

(1) for the exclusive purposes of:

(A) providing benefits to participants and their beneficiaries; and

(B) defraying reasonable expenses of administering the plan;

(2) with the care, skill, prudence, and diligence under the circumstances then prevailing that a prudent person acting in a like capacity and familiar with such matters would use in the conduct of an enterprise of a like character and with like aims;

(3) by diversifying the investments of the plan so as to minimize the risk of large losses, unless under the circumstances it is clearly prudent not to do so; and

(4) in accordance with the documents and instruments governing the plan insofar as the documents and instruments are consistent with the provisions of this Act.

(c) The governing body of a public retirement system is charged with the management and administration of the funds of the system. In its management and administration of the funds, the governing body may directly manage investments of the fund, and it has the authority to exercise discretion in determining the procedure that it deems most efficient and beneficial for the reserve fund in carrying out its responsibilities. The governing body may choose and contract for professional investment management services. In choosing and contracting for professional investment management services, the governing body must do so prudently and in the interest of the participants and beneficiaries and also must act in this manner in continuing the use of an investment manager. Any contract that the governing body makes with an investment manager shall set forth policies and guidelines of the governing body with reference to standard rating services and specific criteria for determining the quality of investments.

(d) If an investment manager has been appointed under Section 9(c) of this Act, no trustee is liable for the acts or omissions of the investment manager nor is obligated to invest or otherwise manage any asset of the plan that is subject to the management of the investment manager.

(e) An investment manager appointed under this Act shall acknowledge in writing his or her fiduciary responsibilities to the fund that he or she is appointed to manage. To be eligible for appointment under this Act, an investment manager must be:

Sec. 10. (a) The governing body of a public retirement system, in exercising its control of the system, may at any time and shall at frequent intervals monitor the investments made by any investment manager for the system. The governing body may contract for professional evaluation services to fulfill this requirement.

(b) The cost of professional evaluation services performed under a contract made as provided by this section may be paid in whole or in part by a political subdivision of which members of the retirement system are officers or employees. Any cost not directly paid by a political subdivision shall be paid from funds of the public retirement system.

Custody and Use of Funds

Sec. 11. (a) An investment manager other than a bank having a contract with a public retirement system under Section 7 of this Act may not be a custodian of any assets of the reserve fund of the system.

(b) When demands of the public retirement system require, the governing body shall withdraw from a custodian of system funds money for use in paying benefits to members and other beneficiaries of the retirement system and for other uses authorized by this Act and approved by the governing body.

Exemptions

Sec. 12. The Employees Retirement System of Texas, the Teacher Retirement System of Texas, the Texas Municipal Retirement System, and the Texas County and District Retirement System are exempt from Sections 7, 8, 9, 10, and 11 of this Act.

Remedy

Sec. 13. (a) Except as provided by Subsection (b) of this section, if the governing body of a public retirement system fails or refuses to comply with a requirement of this Act that applies to it, a person residing in the political subdivision in which the members of the governing body are officers may file a motion, petition, or other appropriate pleading in a district court having jurisdiction in a county in which the political subdivision is located in whole or in part, for a writ of mandamus to compel the governing body to comply with the applicable requirement.

(b) If the governing body of the Employees Retirement System of Texas, the Teacher Retirement System of Texas, the Texas Municipal Retirement System, or the Texas County and District Retirement System fails or refuses to comply with a requirement of this Act that applies to it, any resident of the state may file a pleading in a district court in Travis County for a writ of mandamus to compel the governing body to comply with the applicable requirement.

(c) If the prevailing party is other than the governing body of a public retirement system, the court may award reasonable attorney's fees and costs of suit.

Administrator of Fund; Professional Investment Management Services

Sec. 1C. (a) The Board of Trustees shall have the authority to appoint an administrator to keep records, make computations and perform various other related duties necessary for the operation of the Firemen, Policemen, and Fire Alarm Operators' Pension Fund, but except for clerical assistance, he

shall not have any duties relating to investment of the Reserve Retirement Fund, as provided in Section 15 hereof. Compensation for such an administrator shall be determined by the city and paid out of the general funds of the city.

(b) A person appointed administrator of the Fund shall not, by virtue of that appointment, become Secretary of the Board, but the Board may also appoint him as its Secretary, in which event he shall serve in that capacity with no additional compensation.

(c) If the Board appoints an administrator for the Fund, he shall perform in his office the functions of the City Secretary as they are specified in any other Sections hereof, and the City Secretary shall be relieved of such functions, except that the City Secretary shall continue to attest all certificates and documents issued under the seal of the city.

(d) In the administration of the Reserve Retirement Fund pursuant to Section 15, if the Board of Trustees determines that assistance provided by advisory service alone, as authorized under Section 1A above, will not enable the Board to make investments of such funds as efficiently and beneficially as could be done with the service of professional investment management, the Board may contract for such service with one or more organizations in such business, including a bank maintaining a trust department, any such investment manager to have the qualifications required by law and also the approval of the Board; provided the Board does not delegate its ultimate responsibility for investing the Reserve Retirement Fund. In any such contract, the Board, in the exercise of its discretion with respect to investments, shall specify policies and guidelines with which the investment manager must comply in respect to each investment arranged by such manager.

(e) The cost of any investment management services contracted for by the Board of Trustees may be paid in whole or in part by the city. If the city does not make provision for payment of such cost, either in whole or in part, then the amount required to make payment in full shall be paid from the Firemen, Policemen, and Fire Alarm Operators' Pension Fund.

[See Compact Edition, Volume 5 for text of 2 to 4]

Custody of Fund

Sec. 5. The Treasurer of said city or town shall be Ex-officio Treasurer of said Fund. All money for said Fund shall be paid over to and received by the Treasurer for the use of said Fund, and the duties thus imposed upon such Treasurer shall be additional duties for which he shall be liable under his oath and bond as such city or town Treasurer, but he shall receive no compensation therefor. The principal duties hereby imposed on the Treasurer are that he

receive and promptly deposit income, including periodic contributions to the Fund, and make transfers of sums in conformity with the system adopted by the Board to make funds available for investment, paying annuities, making refunds, and other authorized payments.

Investment Custody Account Agreements

Sec. 5A. (a) If the Board contracts for investment management service, as authorized by Section 1C(d) above, it may, with respect to every such contract, also enter into an investment custody account agreement, designating a bank as custodian for all the assets allocated to the Reserve Retirement Fund for a particular investment manager.

(b) Under a custody account agreement, the Board shall require the designated bank to perform the duties and assume the responsibilities of custodian in relation to the investment contract to which the custody account agreement is established.

(c) The authority of the Board to make a custody account agreement is supplementary to its authority to make an investment management contract to which it relates. Allocation of assets to a custody account shall be coordinated by the Treasurer and the bank designated as custodian for such assets.

(d) The cost of any custody account agreement entered into by the Board of Trustees may be paid in whole or in part by the city. If the city does not make provision for payment of such cost, either in whole or in part, then the amount required to make payment in full shall be paid from the Firemen, Policemen, and Fire Alarm Operators' Pension Fund.

[See Compact Edition, Volume 5 for text of 6 to 13]

Share of Cost to be Paid Out of Public Treasury

Sec. 14. The financial share of the cost of the pension system to be paid out of the public Treasury shall be as follows:

(a) Funds contributed by the city as its share of the amount required for the payment of benefits due members under the pension system and for no other purpose. Such contributions shall be annually appropriated by the City Council and periodically paid on the basis of a percentage of the total wages and salaries of the members of the Police and Fire Departments who are under the pension system. The amount of this percentage and any change in it can be determined only by the Legislature or by a majority vote of the voters of the city.

(b) Funds appropriated by the City Council to carry out various other provisions of the Act that authorize expenditures in connection with the administration of the Act.

(c) The percentage of contributions from the city shall be according to the following:

(1) effective October 1, 1979, twenty (20%) percent;

(2) effective October 1, 1980, twenty-one (21%) percent;

(3) effective October 1, 1981, twenty-two (22%) percent;

(4) effective October 1, 1982, twenty-three (23%) percent;

(5) effective October 1, 1983, twenty-four (24%) percent;

(6) effective October 1, 1984, twenty-five (25%) percent until amended by the Legislature or by a majority vote of the voters of the city provided that the percentage of contributions by the city shall not be less than twenty (20%) percent nor more than twenty-five (25%) percent. If an election is held and the proposal is approved by the members of the fund after October 1, 1979, the percentage of the increase in contributions for the members and the city shall not be effective until October 1 of the following year. The increase in the percentage of contributions shall then begin at the first step.

(d) The obligation of the city to contribute funds under this section shall be conditioned upon the approval by the majority of the members of the fund at an election to be held within two years of the enactment of this Act of an increase in the percentage of member contributions according to the following:

(1) effective October 1, 1979, ten (10%) percent;

(2) effective October 1, 1980, ten and one-half (10.5%) percent;

(3) effective October 1, 1981, eleven (11%) percent;

(4) effective October 1, 1982, eleven and one-half (11.5%) percent;

(2) the change must be approved by a majority of all persons then making contributions to the fund, voting by secret ballot at an election held after ten (10) days' notice given by posting at a prominent place in every fire station, every police station and substation, and in the city hall;

(3) whether the fund for the police and the fund for the firemen and fire alarm operators are operated as separate funds or as one fund, all changes shall be uniform for both departments and contributing members of both departments shall have the right to vote;

(4) the changes, except changes made under the provisions of Subdivision (1), Subsection (a), of this section, shall apply only to active member employees who are members of the departments at the time the change becomes effective and those who enter the departments thereafter; and

The board of trustees, in its discretion, may require other or additional evidence of disability before ordering retirement or payment.

If any fireman or one or more beneficiaries of a fireman shall be or become entitled to receive payments from a fund under the provisions of more than one section of this Act, the fireman or beneficiaries shall be entitled to and shall be required to elect one section under which such payments shall be computed and paid.

Required Contributions

Sec. 9. Each fireman who is a member of a fully paid fire department which has a firemen's relief and retirement fund and who was participating in the firemen's relief and retirement fund of his city on July 22, 1957, shall be required to make the contributions to the fund provided by this Act, and those firemen shall be entitled to participate in the benefits provided by this Act.

**Contributions; Membership; Creditable Service; Investment
of Surplus Funds**

Sec. 10. The firemen, by a majority vote in favor of an increase in contributions above the 11.85 percent, shall increase each member's contribution above 11.85 percent in whatever amount the pension board recommends.

(d) Each person who is an active member of a firemen's relief and retirement fund previously organized and existing under the laws of this state at the effective date of this amendment shall continue as a member of the fund, and he shall retain and be allowed credit for all service to which he was entitled in the fund of which he was a member immediately prior to the effective date of this amendment.

(e) The severance benefit of a fireman who subsequently terminates his employment before he is eligible for retirement shall be an amount equal to the sum total of his monthly contributions made while a participating member of the firemen's relief and retirement fund. (f) These provisions apply to all active full-time members of the fire department and to those persons who shall become members of the fire department at any time in the future.

(g) When, in the opinion of the board of trustees, there is on hand in the firemen's relief and retirement fund of any city under this Act a surplus over and above a reasonable and safe amount to take care of the current demands on the fund, the surplus, or so much of it as in the judgment of the board is deemed safe, may be invested in federal, state, county, or municipal bonds, and in shares or share accounts of savings and loan associations, where the shares or share accounts are insured under and by virtue of the Federal Savings and Loan Insurance Corporation, and in the securities in which the state

The monthly pension payable to the spouse of a member who dies while in or as a consequence of the performance of duty shall be not less than \$100, and the monthly pension payable to the surviving spouse of a member who dies while not in the performance of duty shall be not less than \$100.

(b) Each child of a deceased member under the age of 18 is entitled to receive as a monthly pension \$50 if there is a surviving spouse entitled to a pension, or \$100 if not. The benefits paid to the minor children are in addition to the minimums provided for the surviving spouse, or any accrued amount that the surviving spouse may be entitled to.

(c) On the death of a retired member, the surviving spouse, provided the spouse married the member prior to the member's retirement, is entitled to receive as a monthly pension, 75 percent of the pension being paid to the member. Each child of such deceased retired member under the age of 18 is entitled to receive as a monthly pension \$50 if there is a surviving spouse entitled to a pension, or \$100 if not.

(d) If a deceased member or retired member leaves no surviving spouse or children eligible to receive a benefit hereunder but is survived by a dependent parent, or parents, such dependent parent, or one of the surviving parents designated by the board of trustees, is entitled to receive as a monthly pension, the amount otherwise payable to the surviving spouse.

(e) If a deceased member leaves no surviving spouse, children, or dependent parent eligible to receive a benefit as provided in this section, the member's total contributions, less any amount previously paid to the member, shall be paid to the member's estate.

(f) Payments to a child shall be made whether or not a spouse survives and shall continue after the death of a surviving spouse, but shall cease on the earliest of such child's death, marriage, or attainment of age 18. Payment to a surviving spouse or parent shall cease upon the earlier of such person's death or marriage. After all payments cease, any excess of the member's total contributions at date of death over any disability and death benefits shall be paid to the member's estate.

(g) The provisions of this section shall apply even though the death was caused while the member was gainfully employed by someone other than the respective fire department for which he was employed.

(h) Benefits provided in this section shall be payable on the first day of each month commencing with the month following the one in which the member's death occurs.

(i) The board of trustees shall determine all questions of dependency, and their determination shall be final and conclusive on all parties. All unmarried, legitimate, and legally adopted children under age 18, in the absence of a determination to the contrary, are considered dependent.

of service. If out of service more than five years, no previous service shall be counted, provided however, that if a fireman is out of service over five years through no fault of his own and subsequently returns to the department, this period of time shall not be counted against him insofar as his retirement time is concerned. He shall not be entitled to any disability benefits on account of any sickness or injury received before the statement was filed.

Sec. 4. (a) Any person who has been duly appointed and enrolled and who has attained the age of 50 years, and who has served actively for a period of 20 years or more and has participated in a fund in a city which is within the provisions of this Act, shall be entitled to be retired from the service or department and shall be entitled to be paid from the firemen's relief and retirement fund of that city or town, a monthly pension equal to 50 percent of his average salary for the highest 36 months of his service. Any fireman shall be entitled to be paid in addition to the benefits provided for in this subsection an additional pension allowance of one percent of his average monthly salary for the highest 36 months during his participation for each year of service after the date on which such fireman shall be entitled to be retired.

(b) A fireman who has 20 years of service and participation in a fund under this section may, if he so elects, be retired from the department and receive a monthly pension allowance of 35 percent of his average monthly salary for the highest 36 months during his participation. If the fireman shall participate in the fund for a period in excess of 20 years he shall, in addition to the monthly pension allowance of 35 percent be paid an additional monthly pension allowance equal to three percent of his average monthly salary for each year of service in excess of 20 years until the fireman completes 25 years of service thereby providing a monthly pension allowance equal to 50 percent of the fireman's average monthly salary for the highest 36 months during his participation. If the fireman remains in the active service for a period in excess of 25 years, he shall receive, in addition to the pension allowances provided for in Subsection (b) of this section, an additional monthly pension allowance equal to one percent of his average salary for each year of participation in excess of 25 years.

However, the fireman shall continue to pay his pension contribution monthly or in advance until the fireman reaches retirement age. Any fireman who does not make his pension contribution monthly or in advance shall automatically forfeit any retirement or other benefits he or his beneficiaries may have been entitled to under this Act.

(e) All firemen entering a fire department coming within the provisions of this section after the effective date of this Act shall retire under the benefit provisions of Subsection (b) of this section unless the retirement is for disability.

(f) All firemen who retire under the provisions of this section or Section 6 or 7 of this Act shall have their retirement allowances adjusted annually in accordance with the Consumer Price Index for Urban Wage Earners and Clerical Workers as determined by the United States Department of Labor. The adjusted pension allowance shall never be less than the amount granted the member on the date of his retirement without regard to changes in the consumer price index. The adjusted pension allowance shall never be more than the amount granted the member on the date of his retirement increased by three percent annually notwithstanding a greater increase in the consumer price index.

The average monthly salary shall be based on the monthly average of the fireman's salary for the highest 36 months during his service, or so much as he may have served preceding the date of the retirement.

(2) If the fireman was eligible to be retired under the provisions of Section 4 of this Act, he or his beneficiaries may elect to have their monthly pension allowance calculated under that section.

(3) If a fireman dies and leaves surviving him both a widow who married the fireman prior to his retirement, and a child or children of the fireman under the age of 18 years, the board of trustees shall order paid to the widow of the fireman a monthly pension allowance equal to one-half of the amount the fireman would have been entitled to receive, if disabled, under the provisions of

If the fireman leaves no child under the age of 18 years surviving him or if at any time after the death of the fireman no child is entitled to allowance, then the monthly pension allowance to be paid the widow shall be equal to the full amount the fireman would have been entitled to receive, if disabled, under Subdivision (1) of this subsection, except that the allowance to a widow, if no child is entitled to allowance, shall not exceed one-half of the maximum base salary for the position of pipeman at the time of the death of the fireman.

(4) If the fireman dies and if his widow dies after being entitled to her allowance, or in the event that there is no widow to receive an allowance, the amount of the monthly pension allowance to be paid, for use and benefit of the child or children under the age of 18 years, to the person having the care and custody of the child or children shall be computed as follows: an amount equal to one-half of the amount the fireman would have been entitled to receive, if disabled, under the provisions of Subdivision (1) of this subsection shall be paid for each of the fireman's children under the age of 18 years, except that the total monthly pension allowance provided for children shall not exceed the amount to which the fireman would have been entitled under Subdivision (1) of this subsection, nor shall the allowance for the children exceed one-half of the maximum base salary provided for the position of pipeman at the time of the death of the fireman.

(5) If the fireman dies and only if no widow or child is entitled to an allowance under the provisions of this section, a monthly pension allowance equal to one-half of the amount the fireman would have been entitled to receive, if disabled, under Subdivision (1) of this subsection shall be paid to each parent of the deceased fireman on proof to the board of trustees that the parent was dependent on the fireman immediately prior to the death of the fireman, except that the total monthly pension allowance provided for parents shall not exceed one-half of the maximum base salary provided for the position of pipeman at the time of the death of the fireman.

(c) Allowance or benefits payable under the provisions of this section for any minor child shall cease when that child becomes 18 years of age or marries. If a fireman who is covered by a provision of this Act dies and leaves a child who is totally disabled as a result of a physical or mental illness, injury, or

retardation, that child is entitled to receive any pension allowance to which he is entitled under this Act and is further entitled to continue receiving the allowance so long as he remains totally disabled. If the child is not entitled to a pension allowance under this Act solely because he is over the maximum age at the time of the death of his parent and the child is totally disabled as a result of a physical or mental illness, injury, or retardation, the child is entitled to receive as an allowance that to which he would have been entitled had he been under the maximum age at the time of the death of his parent.

(d) The provisions of this section are not applicable to a fireman or his beneficiaries if the fireman's death or disability results from suicide or attempted suicide before the fireman has completed two years of service with the fire department for which he was employed.

(e) The wife of a deceased fireman who had served actively for a period of 20 years or more in a regularly active fire department shall, insofar as the provisions of this section are concerned, be considered the fireman's widow as long as she is not married, notwithstanding that she may have married and divorced or married after the fireman died and she became a widow. A widow covered under this section shall be limited to the pension allowance of the deceased member of this fund, to whom she was last married.

(f) The monthly pension allowance of beneficiaries of a deceased fireman who retired after the effective date of this Act shall have their monthly pension allowances provided for under this section or Section 11 adjusted annually in accordance with the Consumer Price Index for Urban Wage Earners and Clerical Workers as determined by the United States Department of Labor. The adjusted pension allowance shall never be less than the amount granted the beneficiaries on the death of the member without regard to changes in the consumer price index. The adjusted pension allowance shall never be more than the amount granted the beneficiaries on the death of the member increased by three percent annually notwithstanding a greater increase in the consumer price index.

Certificates of Disability

Sec. 8. (a) No person may be retired either for total or temporary disability, except as provided in this Act, nor receive any allowance from the fund, unless and until there has been filed with the board of trustees certificates of his disability or eligibility signed and sworn to by that person and his physician or by any physician selected by the board of trustees. The board of trustees, in its discretion, may require other or additional evidence of disability before ordering retirement or payment.

(b) Any fireman or beneficiary who is entitled to receive a pension allowance under any provision of this Act is entitled to receive the allowance from and after the date on which the fireman ceases to carry out his regular duties as a fireman, notwithstanding the fact that the fireman may remain on the payroll of his fire department or receive sick leave, vacation, or other pay after the termination of his regular duties as a fireman, except that in the event of a delay resulting from the requirements of Subsection (a) of this section, the fireman or beneficiary shall, when the allowance is approved by the board, be paid the full amount of the allowance which has accrued since the termination of the fireman's regular duties as a fireman.

(c) If any fireman or one or more beneficiaries of a fireman shall be or becomes entitled to receive payments from a fund under the provisions of more than one section of this Act, the fireman or beneficiaries shall be entitled to and shall be required to elect one section under which the payments shall be computed and paid.

Contributions of Members

Sec. 9. Each fireman who is a member of a fully paid fire department which has a firemen's relief and retirement fund, and who was participating in the firemen's relief and retirement fund of his city on July 22, 1957, shall be required to make the contributions to the fund provided by this Act, and each fireman shall be entitled to participate in the benefits provided by this Act.

Monthly Salary Deductions; Contributions and Appropriations; Membership; Service Credit; Termination

Sec. 10. (a) The governing body of the city shall deduct monthly a sum equal to nine percent from the salary or compensation of each fireman participating in the fund.

(b) The city shall contribute and appropriate monthly to the fund an amount equal to twice the total sum paid to the fund by salary deductions of the members, and each city shall contribute and appropriate monthly to the fund, for each person who holds a 20-year pension certificate and who is not engaged in active service as a fireman and who has not retired, an amount equal to twice the total sum paid into the fund by the member. Contributions and appropriations shall be made to the fund at the same time the city makes its contributions for the participating members of the fund.

(c) Money deducted from salaries or compensation as provided by this section and the payments and contributions provided by this section shall become and form a part of the firemen's relief and retirement fund of the city in which the contributing fireman serves.

(d) Each person who becomes a fireman in any city which has a firemen's relief and retirement fund in which he is eligible for membership, shall become a member of the fund as a condition of his appointment, and shall by acceptance of the position agree to make and shall make contributions required under this Act of members of the fund, and shall participate in the benefits of membership in the fund as provided in this Act, except that no person shall be eligible to membership in the fund who is more than 30 years of age at the time he first enters service as a fireman. Any person who enters service as a fireman may be denied or excused from membership in the fund if the board of trustees of the fund determines that the person is not of sound health. The applicant shall pay the cost of any physical examination required in that instance by the board of trustees.

(e) Each person who is an active member of the firemen's relief and retirement fund previously organized and existing under the laws of this state at the effective date of this Act shall continue as a member of the fund, and he shall retain and be allowed credit for all service to which he was entitled in the fund of which he was a member immediately prior to the effective date of this Act.

(f) If any member's employment by the city, as an employee of the fire department, is terminated for any reason other than those qualifying the employee for a pension, neither the employee nor his beneficiary or estate shall receive any amount paid by him into the pension fund or any interest his contributions may have accrued.

Allowance to Beneficiaries of Deceased Members

Sec. 11. (a) If a member of a fire department who has been retired on allowances because of length of service or disability dies from any cause whatsoever, or if while in service any member dies from any cause growing out of or in consequence of the performance of his duty and the member is participating in a fund, or dies from any cause whatsoever after he has become entitled to an allowance or pension certificate, and if the fireman leaves surviving a widow, a child or children under the age of 18 years, or a dependent parent or parents, the board of trustees shall order paid a monthly pension allowance which shall be based on the amount which the fireman would have been entitled to receive had he continued to live and be retired on allowance at the date of his death. The allowance or allowances shall be paid as follows:

(1) If the member dies and leaves surviving him both a widow who married the member prior to his retirement and a child or children of the member under the age of 18 years, the board of trustees shall order paid to the widow of the member a monthly pension allowance equal to one-half of

the amount the member would have been entitled to receive, and in addition the board of trustees shall order paid to the widow or other person having the care and custody of the child or children under the age of 18 years a monthly pension allowance, for the use and benefit of the child or children, equal to the amount provided for the widow. If the member leaves no child under the age of 18 years surviving him or if at any time after the death of the member no child is entitled to allowance, the monthly pension allowance to be paid the widow shall equal the full amount the member would have been entitled to receive, except that the allowance to a widow, if no child is entitled to allowance, shall not exceed one-half of the maximum base salary provided for the position of pipeman at the time of the death of the member.

(2) If the member dies and if his widow dies after being entitled to her allowance, or in the event there is no widow to receive an allowance, the amount of the monthly pension allowance to be paid, for the use and benefit of the child or children under the age of 18 years, to the person having the care and custody of the child or children shall be computed as follows: an amount equal to one-half of the amount that member would have been entitled to receive shall be paid for each of the member's children under the age of 18 years, except that the total monthly pension allowance provided for children shall not exceed the amount which the member would have been entitled to receive, nor shall such allowance for the children exceed one-half of the maximum base salary provided for the position of pipeman at the time of the death of the member.

(3) If the member dies and only if no widow or child is entitled to an allowance under the provisions of this section, a monthly pension allowance equal to one-half of the amount that member would have been entitled to receive shall be paid to each parent of the deceased member on proof of the board of trustees that the parent was dependent on the member immediately prior to the death of the member, except that the total monthly pension allowance provided for parents shall not exceed one-half of the maximum base salary provided for the position of pipeman at the time of the death of the member.

(b) Allowance or benefits payable under the provisions of this section for any minor child shall cease when the child becomes 18 years of age or marries, except that if a fireman who is covered by a provision of this Act dies and leaves a child who is totally disabled as a result of a physical or mental illness, injury, or retardation, that child is entitled to receive any pension allowance to which he is entitled under this Act and is further entitled to continue receiving

the allowance so long as he or she remains totally disabled. If the child is not entitled to a pension allowance under this Act solely because he or she is over the maximum age at the time of the death of his or her parent and the child is totally disabled as a result of a physical or mental illness, injury, or retardation, the child is entitled to receive as an allowance that to which he or she would have been entitled had he or she been under the maximum age at the time of the death of his parent.

(c) The wife of a deceased fireman who has been retired on disability allowances because of length of service or has been retired for disability after having served actively for a period of 20 years or more shall, insofar as the provisions of this section are concerned, be considered the fireman's widow as long as she is not married, notwithstanding that she may have married and divorced or married and became a widow after such fireman died. A widow covered under this section shall be limited to the pension allowance of the deceased member to whom she was last married.

Exemption of Benefits from Judicial Process

Sec. 12. No portion of the firemen's relief and retirement fund shall, either before or after its order of disbursement by the board of trustees to retired or disabled fireman or the widow, the guardian of any minor child or children, or the dependent parent of any deceased, retired, or disabled fireman, be ever held, seized, taken, subjected to, or detained, or levied on by virtue of any execution, attachment, garnishment, injunction, or other writ, order, or decree, or any process or proceedings whatsoever issued out of, or by, any court for the payment or satisfaction in whole or in part of any debt, damage, claim, demand, or judgment against a fireman or his widow, the guardian of his minor child or children, or his dependent father or mother, nor shall the fund or any claim be directly or indirectly assigned or transferred, and any attempt to transfer or assign the same shall be void. The fund shall be sacredly held, kept, and disbursed for the purposes provided by this Act and for no other purpose.

Integration of Fund with Social Security Benefits

Sec. 13. No benefit or pension allowance shall ever be integrated with benefits payable under the federal Social Security Act, and benefits which might be available to a fireman under the federal Social Security Act may never be taken into account in a city where firemen are eligible to enroll for or receive retirement benefits under the Social Security Act when determining the amount of benefits which a fireman may receive under the provisions of this Act.

Certificate to Fireman Eligible For the Retirement or Disability Allowance; Continuance in Service

Sec. 14. Any fireman possessing the qualifications and being eligible for voluntary retirement who elects to continue in the service of the fire department may apply to the board of trustees for a certificate, and if found to possess the qualifications and be eligible for retirement as provided in this Act, the board of trustees shall issue to the fireman a certificate showing him to be entitled to retirement or disability allowance, and on his death the certificate is prima facie proof that his widow or dependents are entitled to their respective allowances without further proof except as to her or their relationship.

Medical Examination of Persons Retiring for Disability

Sec. 15. The board of trustees, in its discretion, at any time may cause any person retired for disability under the provisions of this Act to appear and undergo a medical examination by any physician appointed or selected by the board of trustees for the purpose, and the result of the examination and report by the physician shall be considered by the board of trustees in determining whether the relief in the case shall be continued, increased (if less than the maximum provided), decreased, or discontinued. Should any person receiving relief under the provisions of this Act, after due notice from the board of trustees to appear and be reexamined, unless excused by the board, fail to appear or refuse to submit to reexamination, the board of trustees may in its discretion reduce or entirely discontinue relief.

Recall for Duty in Emergency

Sec. 16. Any retired fireman may be recalled to duty in case of great conflagration and shall perform such duty as the chief of the fire department may direct, but shall have no claim against a city for payment for duty so performed.

Appeal to District Court

Sec. 17. Any person possessing the qualifications required for retirement for length of service or disability or having claim for temporary disability, or any of his beneficiaries, who deems himself aggrieved by the decision or order of the board of trustees, whether because of rejection or the amount allowed, may appeal from the decision or order of the board of a district court in the county where the board is located by giving written notice of the intention to appeal. The notice shall contain a statement of the intention to appeal, together with a brief statement of the grounds and reasons why the party feels aggrieved. The notice shall be served personally on the chairman or secretary or treasurer of the board within 20 days after the date of the order or decision. After service of the notice, the party appealing shall file with the district court a copy of the notice of intention to appeal, together

with the affidavit of the party making service showing how, when, and on whom the notice was served. Within 30 days after service of the notice of intention to appeal upon the board, the secretary or treasurer of the board shall make up and file with the district court a transcript of all papers and proceedings in the case before the board and when the copy of the notice of intention to appeal and the transcript has been filed with the court, the appeal shall be deemed perfected and the court shall docket the appeal, assign the appeal a number, fix a date for hearing the appeal, and notify both the appellant and the board of the date fixed for the hearing. At any time before rendering its decision on the appeal, the court may require further or additional proof or information, either documentary or under oath. On rendition of a decision on the appeal, the court shall give to each party to the appeal a copy of the decision and shall direct the board as to the disposition of the case. The final decision or order of the district court is appealable in the same manner as are civil cases generally.

Employment of Certified Public Accountants; Audit

Sec. 18. The board of trustees may engage and employ a certified public accountant or firm of certified public accountants to perform an audit of the firemen's relief and retirement fund at times and intervals as it may deem necessary. The city may pay the entire cost of the audits; if not paid by the city, the cost may be paid from the assets of the fund.

Computation of Length of Service

Sec. 19. In computing the time or period for retirement for length of service, less than one year out of service or any time served in the armed forces of the nation during war or national emergency shall be construed as continuous service, but if out more than one year and less than five years, credit shall be given for prior service but deduction made for the length of time out of service. If out of service more than five years, no previous service shall be counted, except that if a fireman is out of service over five years through no fault of his own and subsequently returns to the department, this period of time shall not be counted against him insofar as his retirement time is concerned.

City Attorney to Represent Board of Trustees in Appeals

Sec. 20. The city attorney, without additional compensation, shall appear for and represent the board of trustees of the fund in that city in all legal matters of litigation.

Investment of Surplus

Sec. 21. (a) Whenever, in the opinion of the board of trustees, there is on hand in the firemen's relief and retirement fund a surplus over and above a reasonably safe amount to take care of current

demands upon the fund, the surplus, or so much of the fund as in the judgment of the board is deemed proper, may be invested in bonds or other interest bearing obligations and securities of the United States, the State of Texas, or any county, city, or other political subdivision of the State of Texas; in shares or share accounts of savings and loan associations, where the shares or share accounts are insured under and by virtue of the Federal Savings and Loan Insurance Corporation; in first lien real estate mortgage securities issued by the Federal Housing Administration under the National Housing Act of the United States, as amended from time to time; and in such corporation bonds, preferred stocks, and common stocks as the board may deem to be proper investments for the fund.

(b) In making each and all investments, the board shall exercise the judgment and care under the circumstances then prevailing which men of ordinary prudence, discretion, and intelligence exercise in the management of their own affairs not in regard to speculation but in regard to the permanent disposition of their funds, considering the probable income as well as the probable safety of their capital.

(c) Not more than four percent of the fund shall be invested in corporate securities issued by any one corporation, nor shall more than five percent of the voting stock of any one corporation be owned.

(d) Stocks eligible for purchase shall be restricted to stocks of companies incorporated within the United States which have paid dividends for five consecutive years or longer immediately prior to the date of purchase and which, except for bank stocks and insurance stocks, are listed on an exchange registered with the Securities and Exchange Commission or its successors.

Employment of Counseling Service

Sec. 22. The board of trustees may engage and employ professional investment counselors to advise and assist the board in the investment of the assets of the fund. The investment counseling service must be provided by a nationally known organization whose business functions include rendering continuous investment advisory service to public pension and retirement funds. The city may pay the entire cost of this counseling service; if not paid by the city the cost may be paid from the assets of the fund.

Employment of Actuary

Sec. 23. The board of trustees may employ an actuary no more than once every three years and pay his compensation out of the pension fund.

Action for Recovery of Benefits Wrongfully Obtained

Sec. 24. The board of trustees may recover by civil action from any offending party or from his

bondsmen, if any, any money paid out or obtained from the fund through fraud, misrepresentation, defalcation, theft, embezzlement, or misapplication and may institute, conduct, and maintain the action in the name of the board of trustees for the use and benefit of the fund.

Pro Rata Reduction of Benefits on Deficiency

Sec. 25. If for any reason the fund or funds made available for any purpose covered by this Act shall be insufficient to pay in full any allowance or disability benefits, all granted allowances or disability benefits shall be proratably reduced for such time as the deficiency exists.

Termination of Active Service; Allowances and Benefits

Sec. 26. After a fireman terminates his active service, the amounts of all allowances and benefits which the fireman or his beneficiaries may thereafter become entitled to receive from a firemen's relief and retirement fund shall be computed on the basis of the schedule of allowances and benefits in effect for the firemen's relief and retirement fund at the time of the termination of the fireman's active service.

Employment of Attorney

Sec. 27. The board of trustees of the firemen's relief and retirement fund may employ an attorney to render a legal opinion or to represent the trustees in any litigation involving matters coming under this Act.

Employment of Physician

Sec. 28. The board of trustees of the firemen's relief and retirement fund may employ a physician or physicians to examine firemen prior to their becoming a member of the fund or to examine a fireman applying for a disability pension allowance.

Increase of Monthly Allowance

Sec. 29. The monthly pension benefit or allowance provided by any section of this Act may be increased if:

(1) the increase is first approved by a qualified actuary selected by the board of trustees of the firemen's relief and retirement fund; the qualified actuary shall if an individual, be a Fellow of the Society of Actuaries or a Fellow of the Conference of Actuaries in Public Practice or a Member of the American Academy of Actuaries;

(2) a majority of the participating members of the pension fund vote for the increase by a secret ballot;

(3) increase applies only to active firemen in the department at the time of the change of the increase and those who enter the department thereafter; and

(4) the increase does not deprive a member, without his written consent, of a right to receive benefits which have already become fully vested and matured in a member.

Cities With Full Paid Fire Department; Transfer of Firemen

Sec. 30. (a) A fireman who transfers from the fire department of one city to that of a city covered by this Act and desires to participate in the fund of that city shall:

(1) be less than 35 years old;

(2) pass a physical examination taken at his expense and performed by a physician selected by the board; and

(3) pay into the fund of that city an amount equal to the total contribution he would have made had he been employed by that city instead of the city from which he transferred, plus six percent interest.

(b) The city to which the fireman has transferred shall pay an amount equal to the amount it would have paid had the fireman been employed by that city instead of the city from which he transferred, plus six percent interest.

(c) No fireman may participate in the fund of the city to which he has transferred until he has complied with the provisions of this Act.

(b) Participation in the fund is optional. Any governing body may, not later than 60 days after the effective date of this Act and in accordance with the usual procedures prescribed for other official actions of the governing body, elect to exempt itself from the requirements of this Act. Any action to provide for an exemption from the requirements of this Act may be rescinded by the governing body at any time.

(c) Every governing body shall contribute for each fire fighter at least \$12 for each month of qualified service beginning on the date the fire fighter enters the pension system. (j) The local board, the state board, and the commissioner may administer oaths, receive evidence, issue subpoenas to compel the attendance of witnesses and the production of papers and documents related to the hearing, and make findings of fact and decisions in administering this Act.

(k) The attorney general shall represent the commissioner in all proceedings under this Act which require representation.

(l) The local board may be represented by the city attorney or, where appropriate, the county attorney or counsel it may choose to employ.

(m) The Administrative Procedure and Texas Register Act (Article 6252-13a, Vernon's Texas Civil Statutes) applies to all hearings authorized by this Act.

Certification of Physical Fitness

Sec. 8. A fire fighter entering service in a member fire department after the effective date of this Act must be certified as physically fit by the local board of trustees prior to admission to the pension system.

Transfer of Accrued Benefits

Sec. 9. A member fire fighter who terminates service and later resumes service with the same fire department or transfers to another member department may transfer all accrued benefits to the new or resumed service.

Entering the Pension System; Required Election

Sec. 10. (a) An election must be held within the local fire department to merge its current pension plan with the pension system.

(b) The election must be held within 14 days after:

- (1) a petition calling for an election and signed by 50 percent of the active fire fighters in the department is filed at the local department; and
- (2) the disclosure required by Section 16 of this Act is made to the fire fighters in the local department.

(c) If the current pension plan of the fire department is not solvent, the election to enter the pension system in this Act must be decided by a majority of the votes cast by qualified fire fighters in the department.

(d) If the current pension plan of the fire department is solvent, the election to enter the pension system in this Act must be decided by at least 60 percent of all votes cast.

(e) In the election required in this section, a fire fighter's vote must be multiplied by the number of years of participation in the current pension plan.

Merger of the Current Pension Plan with the Pension System

Sec. 11. (a) When a fire department under a current pension plan elects to participate in the pension system in this Act, the current pension plan is merged with the pension system.

(b) The costs of the current pension plan shall be determined on an actuarially sound basis using the attained-age normal method and actuarial assumptions described in Subdivision 6 of Section 1 of this Act. The costs must be certified by a qualified actuary as of the effective date of merger or within three years preceding the date of merger.

(c) On the date of merger, all assets and liabilities of the current pension plan are transferred to the pension system and become an allocated part of the system. The assets may be merged with the pension system assets for investment purposes, but a separate account must be maintained for the funds allocated to each plan that has merged with the system.

(d) Following merger, a member's retirement benefits in the pension system are determined by either the future-service method or the buy-back method. The options are available only to fire fighters participating in the current pension plan.

(e)(1) In the future-service method, the qualified service required to earn retirement benefits in the pension system begins as of the date of merger. For determining a person's retirement benefits in the pension system, a fire fighter may choose the formula for benefits used in the current pension plan or the formula for benefits as outlined in this Act. Any retirement benefits accrued prior to the date of merger will also be paid on retirement according to the formula for benefits under the current pension plan.

(2) In the buy-back method in determining the fire fighters' retirement benefits in the pension system, a fire fighter may choose the formula for benefits used in the current pension plan or the formula for benefits as outlined in this Act. The fire fighter who has less than 15 years of service remaining before retirement as of the date of merger may count time served under the current pension plan before the date of merger as qualified service. The time period necessary to make 15 years of service before retirement may be used.

(f) A fire fighter who terminates service prior to the date of merger of his fire department's current pension plan with the pension system is entitled to receive at retirement age the retirement benefits vested under the pension plan in effect during his service. The pension system pays his benefits.

(g) Any benefits being paid by the current pension plan at the date of merger will be paid by the pension system following merger.

(h) On merger of a current pension plan with the pension system, the sponsors of the current pension plan are obligated to make contributions to the pension system in this Act to fund the unfunded prior-service cost. The unfunded prior-service cost is determined as of the date of merger using the attained-age normal method and the actuarial assumptions in the definition of "actuarially sound pension system." The period of funding these contributions shall not exceed 40 years measured from the date of merger.

(i) An election for the local board of trustees must be held within 30 days of entering the pension system. The names of the elected trustees are filed with the commissioner.

Withdrawing from the Pension System

Sec. 12. (a) A current pension plan that merges with the pension system may withdraw from the pension system within five years after the date of merger on a majority vote of the fire fighters in the department voting in the same manner as provided in Section 10 of this Act.

(b) On withdrawal from the pension system, the allocated assets and liabilities as apportioned by an actuary retained by the pension system must be transferred to the plan chosen to replace the pension system.

(c) If a fire fighter terminates service before retirement, vested retirement benefits must be paid to the fire fighter at retirement age. There is no penalty for nonconsecutive years of service.

Benefits Received from Other Plans or Insurance

Sec. 13. The rights to benefits under this pension system are not defeated by benefits or payments received by other plans or insurance.

Investment and Management of the Fund

Sec. 14. (a) If the commissioner's annual report shows a surplus in the fund over the amount necessary to pay benefits due for a reasonable period of time not to exceed five years, the commissioner and trustees shall invest the surplus.

(b) The surplus may be invested in:

(1) bonds or other interest-bearing obligations and securities issued by governmental entities;

(2) shares or share accounts of savings and loan associations insured by the Federal Savings and Loan Insurance Corporation;

(3) shares and share accounts of banks insured by the Federal Deposit Insurance Corporation;

(4) first lien real estate mortgage securities insured by the Federal Housing Administration under the National Housing Act, as amended;¹

(5) investments made by a life insurance company in order to effect a group annuity contract; or

(6) corporation bonds, preferred stocks, and common stocks.

(c) The state board of trustees shall employ a professional investment counselor, a legal reserve life insurance company licensed to do business in the State of Texas, or a bank with trust powers under the laws of the State of Texas. The investment counselor or bank employed by the board must be a nationally known organization whose business includes investment counseling for public pension and retirement funds. A life insurance company employed by the board must provide a group annuity contract that guarantees expenses and provides a formula for determining the amount of funds available for transfer at the end of a contract period. The contract may not include requirements that guaranteed life annuities be purchased.

(d) The cost of the investment counseling service may be paid from income earned by investments.

(e) No portion of the corpus or income of the fund may be used for purposes other than the benefit of member fire fighters and their beneficiaries.

¹ 12 U.S.C.A. § 1701 et seq.

Pension Plans Required to be Solvent

Sec. 15. (a) Every fire fighter in the state who serves without monetary remuneration must be a member of a solvent pension plan.

(b) After the effective date of this Act, an insolvent pension plan for fire fighters who serve without monetary remuneration must become actuarially sound within three years. An insolvent pension plan must demonstrate to the commissioner within six months after becoming insolvent that steps are being taken to become actuarially sound.

Disclosure of Pension Plan Information Required

Sec. 16. (a) The governing body shall disclose to each fire fighter who serves without monetary remuneration and who is eligible for participation in the pension system the information required by this section.

(b) The commissioner shall distribute to each fire department and each governing body the following information:

- (1) all benefits that are available in the pension system in this Act;
- (2) the contributions required by the pension system;
- (3) the expected return on the investment of a member fire fighter;

- (6) rights of withdrawing members;
- (7) procedures for filing claims and appeals;
- (8) tax consequences; and
- (9) changes in the law.

(c) The local fire department shall disclose to each fire fighter in the department and to each new fire fighter on his commissioning the information in Subsection (b) of this section.

(d) After a petition for an election as required in Section 10 of this Act has been filed and before the election occurs, the directors of a current pension plan must disclose to its members the information required in Subsection (b) of this section about the current pension plan.

Penalties

Sec. 17. (a) A governing body which does not disclose the information required in Section 16 of this Act or which does not meet the requirements of a solvent pension fund as required in Section 15 of this Act is subject to a civil penalty of not less than \$100 nor more than \$1,000 for each violation, plus reasonable attorney's fees.

(b) The attorney general shall bring suit in a court of appropriate jurisdiction to collect the civil penalties authorized by this Act.

Commissioner

Sec. 18. The duties of the commissioner under this Act shall be performed by the Firemen's Pension Commissioner appointed under the provisions of Chapter 125, Acts of the 45th Legislature, Regular Session, 1937, as amended (Article 6243e, Vernon's Texas Civil Statutes).

Commissioner's Duties

Sec. 19. (a) The commissioner may not administer any fire fighters' pension plan other than the pension system created by this Act and the system created by Chapter 125, Acts of the 45th Legislature, Regular Session, 1937, as amended (Article 6243e, Vernon's Texas Civil Statutes).

(b) The commissioner may hear appeals from decisions of local boards in other pension plans.

(c) The commissioner and the state board of trustees shall assemble and disseminate the information necessary for the disclosure requirements concerning the pension system as outlined in Section 16 of this Act.

(d) The commissioner is responsible for recovering any fraudulently acquired benefits. If it appears that fraud has occurred, the commissioner shall notify the local board and the claimant and hold a hearing. If after the hearing the commissioner decides that benefits have been or are being fraudulently acquired, he shall seek action in a court of appropriate jurisdiction.

(e) The commissioner shall collect the revenues from the local boards of trustees for the fund.

(f) The commissioner may request and administer additional state funds in an emergency.

(g) The commissioner shall require annual reports from the local boards of trustees.

(h) The commissioner may at any reasonable time examine the records and accounts of local boards of trustees.

(i) The commissioner may recommend to the state board of trustees rules to implement this Act.

(j) The commissioner shall keep a copy of all rules promulgated under this Act on file in the commissioner's office. A copy of the rules shall be placed with each local board of trustees and shall be made available for public inspection at any reasonable time.

(k) The commissioner shall prepare the necessary forms for use by local boards of trustees.

(l) The commissioner shall prepare an annual report on the activity and status of the fund. The report shall go to the governor, the lieutenant governor, and the speaker of the house.

(m) The commissioner shall oversee the distribution of all benefits. The commissioner shall make benefit payments to claimants after receiving a copy

of a local board of trustees' decision in favor of a claim and reviewing that decision.

(n) If the commissioner overrules a local board's decision, he shall immediately notify the local board and the claimant.

(o) The commissioner shall hear all appeals from local boards of trustees' decisions and issue written opinions in compliance with the procedures required by this Act.

(p) The commissioner shall keep a written transcript of all proceedings and hearings required by this Act.

State Board of Trustees

Sec. 20. (a) There is a state board of trustees composed of six members of the fund.

(b) The governor, with the advice and consent of two-thirds majority membership of the senate, shall appoint the trustees from a list of three to five nominees submitted by the State Firemen's and Fire Marshals' Association of Texas for each vacancy.

(c) The trustees shall serve six-year terms. The trustees appointed to serve on the first board of trustees shall draw by lot at the first board meeting to determine the length of term to be served. Two trustees shall serve a two-year term; two trustees shall serve a four-year term; and two trustees shall serve a six-year term. Thereafter each term shall be for six years.

(d) Five trustees constitute a quorum.

(e) A board decision or recommendation is made by a majority vote of trustees present. The vote must be recorded in the minutes of board meetings.

(f) The trustees shall serve without compensation. Trustees may be reimbursed for travel expenses to attend board meetings.

Duties of the State Board of Trustees

Sec. 21. (a) The board shall employ the certified public accountant, the actuary, and the investment advisors for the fund.

(b) The board shall establish rules and regulations necessary for the administration of the fund.

(c) The board shall hear appeals from the commissioner's decisions.

(d) The board may authorize a cost-of-living increase for any benefit provided in the pension system. If benefits are increased, the board may require an increase in the governing body's contributions to maintain the actuarial soundness of the fund.

(e) The board shall give notice and hold a hearing before authorizing a cost-of-living increase in benefits.

(f) Any cost-of-living increase in benefits is effective after approval by the legislature by concurrent resolution.

Local Board of Trustees

Sec. 22. (a) The local board of trustees is composed of the following:

(1) one representative selected by the governing body;

(2) five members of the local fire department chosen by a majority of fire fighters in qualified service; and

(3) two tax-paying voters who are chosen by the other members of the board.

(b) The local board shall elect a chairman from the members at the first meeting.

(c) Trustees serve two-year terms.

(d) On the first local board, the fire department representatives shall serve staggered terms. The fire department representatives shall draw by lot at the first board meeting to determine the length of term to be served. Three representatives shall serve two-year terms, and two representatives shall serve one-year terms. The first appointments of the tax-paying or citizen representatives shall be one appointed for a two-year term and one appointed for a one-year term. Thereafter, all appointments are for two-year terms.

(e) If a vacancy occurs on the board, it is filled for the remainder of the unexpired term by the procedure by which the position was originally filled.

(f) A majority of board members constitute a quorum.

(g) A board decision is made by majority vote of all members present. The vote must be recorded in the minutes of board meetings.

(h) No member of the local board may receive compensation for service as a trustee.

Duties of the Local Board of Trustees

Sec. 23. (a) The local board of trustees shall collect all governing body contributions at least semiannually and send the contributions to the commissioner.

(b) The local board shall hear and decide all claims for benefits according to the procedures in Section 7 of this Act.

(c) The board shall mail a copy of a decision on a claim to the parties involved and to the commissioner.

(d) The board shall keep complete records of all claims and proceedings.

(e) The local board shall require a fire fighter who is receiving temporary disability benefits to file a disability rating report from a physician every three months. The board may choose the physician. When the reports indicate a significant change of condition, the local board, after notice and a hearing, must enter an order to modify or terminate benefit

payments. The order is sent to the commissioner. If the board terminates benefits, the fire fighter is presumed able to resume fire-fighting duties.

Certification of the Fund

Sec. 24. The commissioner and state board of trustees shall certify the actuarial and financial soundness of the fund every two years. The state board shall employ a qualified actuary and a certified public accountant to assist in the required certification.

Act Not to Repeal Statutory Authority

Sec. 25. This Act does not repeal the statutory authority for any existing or current pension plan. This Act is intended to provide a pension system and death and disability benefits for fire fighters who serve without monetary remuneration. The provisions of this Act are not to be interpreted to affect fully paid fire fighters or their pension systems in any way.

[See Compact Edition, Volume 5 for text of 1]

Increase in Board Membership

Sec. 1A. Said board of trustees shall be increased in number from seven to nine by the addition of two retiree/beneficiary representatives, one each from the rolls of retirees, the widows, or the widowers of retirees of the fire department and police department, respectively. Such trustees shall have full voting and membership rights on said board. They shall each be elected by secret written ballot of the retirees, widows, or widowers of retirees of their respective departments, and the board, through its secretary, shall administer the required elections (with ballots to be mailed to out-of-town retirees and beneficiaries). Their terms of office shall each be four years, with one such trustee to be elected every two years.

The first election, however, shall be for both memberships and shall be conducted not later than 60 days after the effective date hereof. At such election the representative trustee for police department retirees and beneficiaries shall be elected for a term extending through May, 1983, and the representative trustee for fire department retirees and beneficiaries shall be elected for a term extending through May, 1981.

Only retirees and widows or widowers of members duly enrolled on the pension rolls shall be eligible for membership on the board.

[See Compact Edition, Volume 5 for text of 2]

Recall of Trustee

Sec. 3. The trustees elected to the board by the members of the fire and police departments may be recalled from such positions by a vote of the membership of their respective departments. Such recall election shall be held within 30 days after the board of trustees (the member in question not voting) certifies that a proper petition for a recall election on the trustee in question has been signed by at least 20 percent of the active members and contributors of the fund of such department. If a majority of the members of said department voting at such recall election shall vote to recall said trustee, his term of service shall end immediately upon the entry of an order by the board canvassing the results of such election and declaring the results thereof. The board shall, at the same time, call a special election to be held not less than 20 nor more than 30 days thereafter for the purpose of filling such vacancy for the unexpired term of said recalled trustee. The trustee recalled shall not be eligible to run in said special election but shall be eligible to run in all elections for trustee in said department thereafter. A recall petition must be filed with the board within 45 days after the first signature thereon has been obtained. Each signature shall be dated or be invalid.

Contributions to Fund, Deductions From Wages

Sec. 4. There shall be deducted for such fund from the wages of each fireman and policeman in the employment of such city a sum equal to eight percent of the total salary excluding overtime pay. Such city shall pay into said fund, and at the same time, an amount equal to double the sum total of all such deductions. Any donations made to said fund and all funds received from any source for such fund shall be deposited in like manner in such fund. The city's double matching amount referred to above shall be in lieu of all other payments heretofore required by law to be made by the city except as provided in Sections 26B(3) and 26C hereof. Department chiefs shall contribute on the basis of the salary of their permanent civil service rank plus their individual longevity pay and upon death or retirement their pensions shall be computed on the same basis.

Who May Share in Fund

Sec. 7.

[See Compact Edition, Volume 5 for text of 7(a) and (b)]

(c) Members of this Pension Fund who are called to active military service shall not be required to

make the monthly payments into the fund provided for in this Act as long as they are thus engaged in active military service, nor shall they lose any seniority rights or retirement benefits provided for in the Act by virtue of such military service, provided that after their reinstatement to an active status in either the fire or police department they must file a written statement of intent with the secretary of the Pension Fund within 90 days of their return to such active status to pay into the Pension Fund an amount equal to what they would have paid in if they had remained on active status in the department during the period of their absence in military service and make such payment in full within an amount of time after their return equal to the time they were absent, in each case, or forever lose all credit toward a retirement pension for the length of time such member was engaged in active military service. No disability resulting from either injury or disease contracted after the effective date of this Act while engaged in military service shall ever entitle a member of the fund to a disability pension. When payments are made into the fund by a member pursuant to this section, the city shall double match such payment.

[See Compact Edition, Volume 5 for text of 7(d)]

Retirement Pension

Sec. 8(a). Whenever any member of said departments shall have contributed a portion of his salary as provided by this Act, and shall have both contributed and served for a period of 20, 21, 22, 23, 24, 25, 26, 27, 28, 29 or 30 years or more in either of said departments, the board shall, upon the application of any such member for retirement and a retirement pension, authorize a retirement pension to said applicant based on the average of the member's total salary excluding overtime pay for the highest five years of such member's pay at the rate of two percent thereof for each full year served as such contributing member but the highest pension paid shall not exceed 60 percent of such highest five years salary average as of the date of retirement. Provided, however, that any member of said departments qualifying for membership in the Pension Fund who is employed after the effective date of this Act must also have reached 50 years of age before being eligible for a retirement pension. No member shall ever receive any award from this fund for retirement until he has served at least 20 years in either or all of the departments and has also contributed the required amount of money for at least 20 years. In determining the number of years service in a department, the member shall be given full credit for such time, or periods of time, said member was actively engaged in the military service, but only strictly in accordance with the provisions of Section 7(c) of this Act. Disciplinary suspensions of 15 days, or less, shall not be subtracted

from a member's service time credit under this Act toward a retirement pension, provided that the member shall pay into the fund within 30 days after the termination date of each suspension a sum of money equal to the amount of money which would have been deducted from his salary during that period of suspension if it had not been for that suspension and upon such payment the city shall double match it.

(b). From and after January 1, 1959, whenever any member of said departments shall have served for a period of 30 years or more in either of said departments and shall have contributed a portion of his salary, as provided by this Act, for the same period of time, he shall be retired automatically from service upon attaining the age of 65 years and receive a pension based upon 60 percent of the average of his total salary excluding overtime pay for the highest five years of such member's pay computed to the date of his retirement. Failure of such employee to comply with this provision shall deprive the member, and his widow and children and dependent parents, of any and all pensions and benefits herein provided.

Provided, however, when a member in said departments attains the age of 65 years without having served for a period of 30 years in either of said departments and without having contributed a portion of his salary as provided by this Act for a period of 30 years, he may continue his service until his period of service and period of Pension Fund contributions shall cover 30 years.

[See Compact Edition, Volume 5 for text of 9]

Retirement When Disabled

Sec. 10. When any duly appointed and enrolled member of the fire department or police department of the city who is contributing to said fund, as herein provided, shall become so permanently disabled through injury or disease so as to incapacitate him from the performance of his duties, and shall make written application subject to medical examination for such injury or disease, he shall be retired from the service, if a member in good standing of said department at the time of retirement, and be entitled to receive from the said fund one-half of the average of his total salary excluding overtime pay based on his five highest paid years of service, or if he has served less than five years, a theoretical average based on all of his years of service extended back to a date five years before the date of retirement under this Act, using (for the extended period) the actual base pay of a private as of that period of time, in each case, in making the computation. In no case shall a disability claim for incapacity from fire or police duties be received or considered, nor an award made hereunder until disability therefrom has first been proved to be continuous and wholly inca-

pacitating for a period of not less than 30 days. The amount of one-half of the average total salary excluding overtime pay as set out above is the maximum amount of disability pension for total and permanent disability. Disability resulting from injury or disease incurred after the effective date of this Act while engaged in the active military service shall not entitle a member of this fund to a disability pension. However, total and permanent disability resulting from injury or disease incurred while a member is on suspension shall, if the suspended member makes up all deducted contributions lost by reason of the suspension within 30 days of the date that they would otherwise have been deducted from his pay, entitle a member of this fund to a disability pension, except in the case of an indefinite suspension. In the latter case action on an application for a disability pension shall await a final determination of any and all appeals. If the member is finally discharged he shall not be entitled to a disability pension and his application shall be dismissed. If the member is restored to duty, or given a suspension for a specific period of time, his application shall be heard and acted on in the same manner as any other application. These provisions shall not affect the right conferred by Section 9 of this Act. The city shall double match all contributions made into the fund by the member pursuant to this section.

Death Benefits to Widows and Children

Sec. 11. In case of the death before or after retirement of any member of the Fire and Police Pension Fund of such city, who at the time of his death or retirement was a contributor to the said fund, and a member in good standing of said fund, leaving a widow, child or children under the age of 17 years, or an unmarried child or unmarried children 17 years of age or over but under 19 years of age currently attending a public or private educational institution, the widow and such child or children shall be entitled to receive from the said fund an amount not to exceed one-half of the average total salary excluding overtime pay of the deceased member based on his five highest paid years of service, or a theoretical average based on all of his years of service extended back to a date five years before the date of his death, using (for the extended period) the actual base pay of a private as of that period in time, in each case, in making the computation; one-half of the widow's amount in the aggregate shall go to the eligible children and one-half for the widow. No child resulting from any marriage subsequent to the date of the retirement of said member shall be entitled to a pension under this Act. In case there are no children, the widow shall receive an amount not to exceed one-half of the average total salary excluding overtime pay of the deceased member computed as provided above if he has served less than five years. In case there is no

widow, the children shall receive one-fourth of the average total salary computed as provided above, except that if the board determines upon investigation that the eligible child or children is or are destitute then the board may increase the pension to an amount not exceeding two-fifths of that average total salary. The amount awarded hereunder to any child or children shall be paid by the board of trustees to the legal guardian of said child or children. In no instance shall the amount received by the widow, child or children exceed a pension allowance of one-half of the average total salary excluding overtime pay of the deceased member computed as provided above, and in the event of the death of a member who retired upon 20 years service and less than 25 years service in no instance shall the amount received by the widow and child or children or the widow alone, exceed a total of two-fifths of that average total salary computed as provided above. A child or children alone in such case shall receive only one-fifth of that average total salary as computed above. A child who is so mentally or physically retarded as to be incapable of its own support to any extent shall, if otherwise qualified, enjoy the rights of children under 17 years of age regardless of age. Provided, further, that any pension paid hereunder to any mentally or physically retarded child or children shall be reduced to the extent that any of same shall receive any state pension or aid. Provided, however, that in no other instance under this Act shall any child be entitled to any benefit after becoming 19 years of age. On the remarriage of the widow, either statutory or common law, or the marriage of any child granted such pension, the pension shall cease; provided, however, that if such remarried widow again becomes unmarried she shall then be entitled to 75 percent of her original pension as long as she remains unmarried. No widow shall ever be entitled to more than one pension from this fund. No widow whose status as such resulted from any marriage subsequent to the date of the retirement of said member shall be entitled to a pension under this Act. The pension rights of qualified widows, children, and dependent parents of deceased members or pensioners who retired or died before the effective date of the 1971 amendment hereto shall be computed on the basis of the base pay of a private in the department as of the date of such retirement or death. In the event of the death of a member who is under suspension at the time, including an indefinite suspension which has not yet become final, his widow and children shall enjoy the same rights as any other member hereunder. All widows, or other dependent beneficiaries under this Act, or guardians thereof, may be required by the board to file an affidavit annually as to their marital status, or that of their wards, or to give an affidavit to the board at other times when probable cause to suspect the possibility of remarriage exists. In the

event of the failure or refusal of such widow or other beneficiary or guardian to file such affidavit, or in the event they should file an incomplete, incorrect, or false affidavit, the board may suspend pension payments to such widow, other beneficiary, or guardian indefinitely, and until there has been full compliance with the requests and orders of the board. This provision shall not be construed to be a limitation on or in derogation of any other powers, specific or implied, of the board as set out in Sections 2, 10, 13, and 14 of the Act, or elsewhere herein.

[See Compact Edition, Volume 5 for text of 12]

Death Benefits to Dependent Father and/or Mother; Investigations

Sec. 13. If any member of the fire or police department dies before or after retirement, who was a contributor to said fund and a member in good standing thereof, and leaves no widow or child, but leaves surviving him a father and/or mother wholly dependent upon him for support, such dependent father and/or mother shall be entitled to receive one-third of the average total salary excluding overtime pay of the deceased member based on his five highest paid years of service, or a theoretical average based on all of his years of service extended back to a date five years before the date of death under this Act using (for the extended period) the actual base pay of a private as of such period in time, in each case, in making such computation, to be equally divided between said father and mother, so long as they are wholly dependent. When there is only one dependent, either father or mother, the board shall grant the surviving dependent one-fourth of that average total salary as computed above. The board shall have the authority to make a thorough investigation, determine the facts as to the dependency of the said parties, and each of them, as to how long the same exists and may at any time, upon the request of any beneficiary or any contributor to such fund, reopen any award made to any of said parties and discontinue such pension as to all or any of them as it may deem proper and the findings of any board in regard to any matters, as well as to all pensions granted under this Act, shall be final upon all parties seeking a pension until such award of the trustees shall have been set aside or revoked by a court of competent jurisdiction. The board shall have the power to make any such investigation into any pension application whatsoever or any pensioner's status on its own initiative. In the event of the death of a member who is under suspension at the time, including an indefinite suspension which has not yet become final, his dependent parents shall enjoy the same rights as any other member under this Act. If any member of the fire and police department in active service should die, leaving neither a widow, a child or children, under

17 years of age, a child under 19 years of age who is attending school, or a retarded child, or dependent father and mother, or one such, the estate of said deceased member of the fire or police department shall be entitled to a burial death benefit payment in the amount of \$2,000 from said fund. This benefit shall never be paid if the member of the fund dying is survived by one or more beneficiaries as defined hereunder.

(b) The board shall require each member of the fund retiring on a disability pension after the effective date of this Act to provide the board annually on or before May 1 of each year thereafter with a true and complete copy of his income tax return for the previous year. If such pensioner is or has been receiving income from other employment or employments (to include self-employment) during each such preceding year the board may reduce such pension by the amount of \$1 per month for each \$2 of income earned by such pensioner from such employment during each month thereof, provided that such pension shall in no event be decreased below an amount based on two percent of his high five year salary average for each year of service in the department (less overtime pay).

(c) No disability pension shall be originally granted or if granted continued, if the chief of the member's department is able and willing to provide such member employment within such department commensurate with his physical and mental capabilities. Such determination shall be solely within the discretion of the department chief, reasonably exercised.

Public Funds

Sec. 16. Funds are hereby authorized to be paid out of the General Fund or the Special Fund of any such incorporated city. Nothing herein is to be construed as denying any city any right which it may have at any time to raise or procure money for the benefit of said pension fund, which might be in addition to the method or methods herein provided.

Cost of Living Increases or Decreases

Sec. 26A.

[See Compact Edition, Volume 5 for text of 26A(1)]

(2) The board shall annually, beginning in 1980, at or before its regular meeting in the month of March,

review the Cost of Living Indexes of the United States Bureau of Labor Statistics for the preceding calendar year. If such index should report an increase or decrease during such calendar year in the cost of living as much as three percent as compared with the Cost of Living Index at the close of the previous year the board shall enter its order increasing or decreasing all pension payments by three percent, or more (depending on the amount of increase or decrease) but only by full percentage points closest to the exact amount of such increase or decrease; provided, however, that any increased pension payments shall only be at the rate of 75 percent of the applicable cost of living percentage for each such year for those pensioners (and the beneficiaries of such pensioners) who were pensioned on and after August 30, 1971, and none other. Such increase or decrease shall be effective retroactively as of the month of January next preceding such March (or earlier) board meeting and shall continue in effect for at least one full year thereafter, and until there has been an additional increase or decrease of at least three percent compared to such base figure and until the board enters a further order as provided herein. The cost of living increase paid to any pensioner or beneficiary of a member or pensioner during the first full year after the effective date of any such retirement or beneficiary pension shall be prorated. It is further provided that no pension shall ever be decreased below the amount at which it was originally granted, except pursuant to the provisions of Sections 11 and 15 of this Act. That part of any pension hereunder which is attributable to cost of living increases granted under this subsection at any time may be decreased in accordance with decreases in the cost of living, as provided above.

[See Compact Edition, Volume 5 for text of 26A(3) to 26B(3)]

Cost of Living Increases

Sec. 26C. (a) All pensions granted before September 1, 1971, in the Fund created by this Act, are increased in the amount of Sixty Dollars (\$60) per month beginning with the first whole calendar month after the effective date of this Act, subject to the continuing right of the Board to change any percentage of disability as provided in Section 15 of this Act.

(b) The increase granted in Subsection (a) of this section shall be subject to the cost of living increases or decreases provided for in Subsection (2), Section 26A of this Act in the same way and to the same extent as the rest of the pensions.

(c) The cost of paying the increases provided for in this section shall be paid by the city out of general funds of the city.

Pension Board

Sec. 5.

[See Compact Edition, Volume 5 for text of 5(a) to (i)]

(j) The Pension Board shall determine each member's credited service on the basis of the personnel and financial records of the city and the records of the Pension Board. The Board may permit any member to pay into the Pension Fund and thereby obtain credit for any service with the city for which credit would otherwise be allowable under this amended Act save only for the fact that no contributions were made by such member with respect to such service, or the fact that contributions, although made with respect thereto, were thereafter refunded to such member as a separation allowance and not subsequently repaid. The following provisions shall apply to such payments:

(1) For service during the period September 1, 1943, to May 29, 1967, the employee shall pay a sum computed at the rate of Twelve Dollars (\$12) a month, and the city shall pay into the Pension Fund one and one-half (1½) times the amount so paid by the employee.

(2) For service during the period May 29, 1967, to January 5, 1970, the employee shall pay a sum computed at the rate of three percent (3%) of his salary with the minimum payment being Twelve Dollars (\$12) a month, and the city shall pay into the Pension Fund one and one-half (1½) times the amount so paid by the employee.

(3) For service during the period January 5, 1970, to September 1, 1971, the employee shall pay a sum computed at the rate of three percent (3%) of his salary with the minimum payment being Twelve Dollars (\$12) a month, and the city shall pay into the Pension Fund an amount equal to eleven and one-quarter percent (11¼%) of such salary for the same period of time.

(4) For service during the period September 1, 1971, to January 1, 1976, the employee shall pay a sum computed at the rate of four percent (4%) of his salary, and the city shall pay into the Pension Fund an amount equal to thirteen and one-half percent (13½%) of such salary for the same period of time.

(5) For service on and after January 1, 1976, the employee shall pay a sum computed at the rate of four percent (4%) of his salary, and the city shall pay into the Pension Fund an amount equal to eighteen percent (18%) of such salary for the same period of time.

(6) In addition to the amounts to be paid by the employee as specified above, the employee shall also pay interest on the same amounts at the rate of six percent (6%) per annum from the time the contributions would have been deducted, if made, or the time contributions were refunded as a separation allowance, as the case may be, to the time of repayment of such contributions into the Pension Fund.

[See Compact Edition, Volume 5 for text of 6 and 7]

Contributions by City

Sec. 8. In addition to the payments provided for in the next preceding section, such city shall pay monthly into such Pension Fund, from its general fund or other available source, an amount equal to eighteen percent (18%) of the total of the monthly salaries paid to members for the same period of time, less an amount equal to the total amount of the employer's part of the payments made by the city for such period of time with respect to such members, to the federal government under the provisions of the Social Security Act and Federal Insurance Contributions Act, it being the intention hereof that the combined total of the payments made by such city, as an employer, with respect to such members, for social security and pension fund purposes shall at all times be eighteen percent (18%) of the total of all salaries paid to all such members.

Surplus: Investment

Sec. 10. (a) Whenever, in the opinion of the said Pension Board, there is on hand in said Pension Fund a surplus over and above a reasonably safe amount to take care of current demands upon such Funds, such surplus, or so much thereof as in the judgment of the said Pension Board is deemed proper, may be invested in the following:

(1) In bonds or other interest-bearing obligations and securities of the United States, the State of Texas, or any county, city or other political subdivision of the State of Texas;

(2) In first lien real estate mortgage securities insured by the Federal Housing Administration

under the National Housing Act of the United States, as amended from time to time;¹

(3) In such corporation bonds, preferred stocks and common stocks as the Pension Board may deem to be proper investments for said Funds, provided, however, that not more than fifty percent (50%) of said Funds shall be invested at any given time in corporate stocks, nor shall investments in securities issued by any one (1) corporation be more than five percent (5%) of this Fund, nor shall more than five percent (5%) of the voting stock of any one (1) corporation be owned; and provided further, that stocks eligible for purchase shall be restricted to stocks of companies incorporated within the United States which have paid dividends for ten (10) consecutive years or longer immediately prior to the date of purchase and which, except for bank stocks and insurance stocks, are listed upon an exchange registered with the Securities and Exchange Commission or its successors, except that two percent (2%) of the Fund may be invested in common stocks that do not have a ten (10) year dividend record; or

(4) In real property, divided or undivided, whether or not productive or unproductive of income, including, without limitation, investments of undivided interests in real property consisting of beneficial shares or interests in any commingled fund or any commingled trust which is established for the purpose of, and is primarily engaged in, investment in real property, such as, for example, a group or collective investment trust administered and controlled by a bank or trust company; provided that not more than ten percent (10%) of said Fund shall be invested at any given time in such real property.

(b) In making each and all such investments said Pension Board shall exercise the judgment and care under the circumstances then prevailing which men of ordinary prudence, discretion, and intelligence exercise in the management of their own affairs not in regard to speculation but in regard to the permanent disposition of their funds, considering the safety of their capital. The said Board shall have authority to buy and sell any of its authorized investments.

¹ 12 U.S.C.A. § 1701 et seq.

Retirement on Pension

Sec. 11. (a) Any member of such Pension System who has attained fifty (50) years of age and completed twenty-five (25) or more years of credited service, and any member of such Pension System who has attained fifty-five (55) years of age and completed twenty (20) or more years of credited service, and any member of the Pension System who has attained sixty (60) years of age and completed ten (10) or more years of credited service shall be eligible for a pension.

(b) The amount of pension a month for each such member shall equal two percent (2%) of the member's average monthly salary multiplied by the total number of years of credited service of such member. For purposes of this Subsection, such average monthly salary shall be computed by adding together the thirty-six (36) highest monthly salaries paid to a member during his period of credited service and dividing the sum by thirty-six (36). Provided, however, that no member's pension shall be more than eighty percent (80%) of such average monthly salary; and no member's pension shall be less than Eight Dollars (\$8) a month for each year of credited service, or One Hundred Dollars (\$100) a month total pension, whichever is the greater amount.

(c) A member shall continue to accrue benefits in the Pension System as long as he remains an employee, regardless of his age. Any present employee who was prohibited by previous amendments from accruing any additional benefits upon reaching seventy (70) years of age and prevented from making further contributions into the Pension Fund shall be permitted to continue the accrual of credited service for the period from age seventy (70) until retirement by repaying in one lump sum Twelve Dollars (\$12) a month for each month of service with the city from the date that he reached seventy (70) years of age to the effective date of this amendment and making regular employee contributions thereafter. Any present employee who failed to become a member because he had passed sixty (60) years of age at the time his employment commenced shall now be permitted to become a member by repaying, in one lump sum, Twelve Dollars (\$12) a month for each month of service with the city to the effective date of this amendment and making regular employee contributions thereafter. Any elected official who becomes a member of the Pension System as permitted by this amended Act may receive credit for any service as an elected official that preceded the effective date of this amended Act by paying, in one lump sum, Twelve Dollars (\$12) a month for each month of such preceding service and making regular employee contributions for any service with the city after the effective date of this amended Act. The city shall also contribute one and one-half (1½) times the amount so paid into the Fund by such employees and officials.

(d) All members who retire under this section or under Section 12 on or after January 1, 1976, shall have their pensions adjusted annually upward or downward in accordance with the Consumer Price Index for Urban Wage Earners and Clerical Workers as determined by the United States Department of Labor. The adjusted pension shall never be less than the basic pension which the retired member would otherwise be entitled to receive without regard to changes in the Consumer Price Index. The adjusted pension shall never be greater than the

amount of the retired member's basic pension plus cumulative increases of not to exceed two percent (2%) annually, notwithstanding a greater increase in the Consumer Price Index.

Disability Pensions

Sec. 12.

[See Compact Edition, Volume 5 for text of 12(a) to (c)]

(d) Any member receiving a pension on account of "ordinary" or "accidental disability" shall, each January 1, submit a sworn affidavit stating his earnings, if any, obtained from any gainful occupation. If the earnings together with the pension being received by any member exceed the monthly salary of such member at the time of his separation from service, the Pension Board shall have authority to reduce the amount of pension. Failure to submit an affidavit of earnings or a materially false affidavit shall be cause for suspension of the pension upon proper action by the Pension Board.

No member shall receive payment of a pension under Section 11 and this section at the same time. However, in the event a member already eligible for retirement under Section 11 should retire for disability under this section, and, thereafter, although his disability ceases to exist, he does not return to work for the city, he shall be entitled to continue to receive a pension under Section 11, calculated in accordance with the length of service and the schedule of benefits for Section 11 which would have been applicable at the time of his original retirement for disability.

When any member has been retired for ordinary or accidental disability, he shall be subject at all times to re-examination by the Pension Board and shall submit himself to such further examination as the Pension Board may require. If any member shall refuse to submit himself to any such examination, the Pension Board may, within its discretion, order said payments stopped. If a member who has been retired under the provisions of this Section should thereafter recover so that in the opinion of the Pension Board he is able to perform the usual and customary duties formerly handled by him for said city, and such member is reinstated or tendered reinstatement to the position he had at the time of his retirement, then the Pension Board shall order such pension payments stopped.

Monthly Allowance to Widows and Children

Sec. 13. If any member of the Pension System, as herein defined, shall die from any cause whatsoever after having completed ten (10) years of service with the city, or if, while in the service of the city, any member shall die from any cause growing out of or in consequence of the performance of his duty, or

shall die after he has been retired on pension because of length of service or disability and shall leave a surviving widow or widower, or a child or children under the age of eighteen (18) years, or both such widow or widower and child or children, said Board shall order paid monthly allowances as follows:

(a) To the widow or widower, so long as she or he remains a single person and provided she or he shall have married such member prior to her or his retirement, a sum equal to one-half ($\frac{1}{2}$) of the retirement benefits that the deceased member would have been entitled to had she or he been totally disabled at the time of her or his retirement or death, but the allowance payable to any such widow or widower shall not in any event be less than Fifty Dollars (\$50) a month.

(b) To the guardian of each child the sum of Sixteen Dollars (\$16) a month until such child reaches the age of eighteen (18) years.

(c) In the event the widow or widower dies after being entitled to her or his allowance as provided, or in the event there be no widow or widower to receive such allowance, the amount to be paid to the guardian of any child or children under the age of eighteen (18) years shall be increased to the sum of Thirty-Two Dollars (\$32) a month for each such child; provided, however, that the total allowance to be paid all beneficiaries or dependents, as herein provided, shall not exceed the monthly pension that would have been paid the pensioner had he continued to live and retire on pension at the date of his death. Allowances or benefits payable to any minor child shall cease when such child becomes eighteen (18) years of age or marries, provided that when there are only children to collect a pension as beneficiaries, if at the time the last child reaches eighteen (18) years of age, the amount the employee contributed has not been paid out in pensions, the balance shall be refunded to the children. By the term "guardian," as used herein, shall be meant the surviving widow or widower with whom the child or children reside, or any guardian appointed by law, or the person standing in "loco parentis" to such dependent minor child responsible for his or her care and upbringing.

Termination of Employment; Death; Reemployment

Sec. 16. When any member of such Pension System shall leave the employment of such city, either voluntarily or involuntarily, before becoming eligible for a retirement or disability pension, he shall thereupon cease to be a member of such Pension System, and shall have refunded to him all of the payments made by him into said Pension Fund by way of

salary deductions without interest, subject to the following provisos:

(a) If such member has completed twenty-five (25) or more years of service at the time of termination of employment but has not yet attained the age of fifty (50) years he may, by written notice to the Pension Board, make an irrevocable election to leave his contributions in the Pension Fund, in which event he shall, upon reaching the age of fifty (50) years, be entitled to a pension on the basis of the schedule of benefits for retiring members that was in effect at the time of his separation from the service.

(b) If such member has completed twenty (20) or more years of service at the time of termination of employment but has not yet attained the age of fifty-five (55) years he may, by written notice to the Pension Board, make an irrevocable election to leave his contributions in the Pension Fund, in which event he shall, upon reaching the age of fifty-five (55) years, be entitled to a pension on the basis of the schedule of benefits for retiring members that was in effect at the time of his separation from service.

(c) If such member has completed fifteen (15) or more years of service at the time of termination of employment but has not yet attained the age of sixty (60) years he may, by written notice to the Pension Board, make an irrevocable election to leave his contributions in the Pension Fund, in which event he shall, upon reaching the age of sixty (60) years, be entitled to a pension on the basis of the schedule of benefits for retiring members that was in effect at the time of his separation from service.

(d) If, while still employed by the city, whether eligible for a pension or not, a member dies, then, unless the provisions of Section 13 hereof are applicable, all of his rights in the Pension Fund shall be satisfied by the refund to his designated beneficiary, if any, or if none, to his estate, of all the payments theretofore made by him into the Pension Fund by way of employee's contributions, without interest.

(e) The provisions of Section 13 concerning payments to widows, widowers and children shall apply in the case of any former member who has made the election permitted by (a), (b) or (c), above, and who dies before reaching the age at which he would be entitled to a pension. If there be no surviving widow, widower or children, then all of such member's rights in the Pension Fund shall be satisfied by the refund to his designated beneficiary if any, or if none, to his estate, of all the payments theretofore made by him into the Pension Fund by way of employee's contributions, without interest.

(f) It is not the intention of this Amendatory Act to change the status of any former member of the Pension System whose services with the city were terminated under a previous Act. Refunds of contributions above provided for shall be paid such departing member, his beneficiary or estate in a lump sum, but if, in the opinion of the Pension Board, the funds on hand are too low to justify such lump sum payment, said payment shall be refunded on a monthly basis in such amounts as may be determined by the Pension Board.

(g) When a member has left the service of such city, as aforesaid, and has therefore ceased to be a member of such Pension System, if such person shall thereafter be reemployed by the city, he shall thereupon be reinstated as a member of such Pension System, provided he is in good physical and mental condition as evidenced by a written certificate by a duly licensed and practicing physician residing in said city, satisfactory to the Pension Board. Previous service of such member with such city shall not be counted toward his retirement pension unless such member returns to the service of the city within ten (10) years from his separation therefrom and also shall, within three (3) months after his reemployment by the city, repay in one lump sum to such Pension Fund all moneys withdrawn by him upon his separation from the service plus interest thereon at the rate of six percent (6%) a year from the date of such withdrawal. The three (3) months limitation above mentioned is subject, nevertheless, to the Board's authority as expressed in Section 5(j).

(h) If any member of the pension system, after having made the election permitted by (a), (b) or (c), above, at the time of separation from the service of the city, shall be reemployed by the city before becoming eligible to receive pension benefits, the following provisions shall apply to the computation of the pension due such member upon his subsequent retirement:

1. The portion of such member's pension attributable to his period of credited service accrued prior to his making the aforesaid election shall be calculated on the basis of the schedule of benefits for retiring members that was in effect at the time said election was made.

2. The portion of such member's pension attributable to his period of credited service accrued after his reemployment by the city shall be calculated on the basis of the schedule of benefits for retiring members that is in effect at the time of such subsequent retirement.

Employees on Retirement When Act Enacted

Sec. 22. Subject to the provisions of Section 17, any former employee of any city now on retirement by such city shall hereafter be paid at the same rate he is now receiving and it is not the intention of this Act to change the status of any member now on Pension by such city. Provided, however, that the minimum pension payable to retired employees shall be One Hundred Dollars (\$100) a month, and as to those surviving spouses of former employees, who receive pensions under Section 13 of this Act, the minimum pension shall be Fifty Dollars (\$50) a month, it being further provided that this provision shall not apply retroactively to any pension payments previously made to any of such persons.

Sec. 6.

[See Compact Edition, Volume 5 for text of 6(a)]

(b) The maximum contribution which may be made to the fund by a member shall be limited to a contribution based on the salary of the second highest classification within the salary schedule of the police department. However, should the Police Pension Board deem it necessary for the welfare of the Pension System to increase the contribution of each member of the Police Pension System within the statutory limits of Section 6 of this Act, then the contribution made to the Police Pension System by the city may, with the approval of the City Council, be increased by not less than one and one-half (1½) times the percentage increase in contribution of the members. As an example: If contributing members are assessed at a six percent (6%) contribution rate, then the city may, by appropriate Council action, raise its contribution to not more than nine percent (9%) of the payroll of the police department. Effective on January 1, 1976, the city shall pay monthly into the Pension Fund, from the general or other appropriate fund of the city, an amount equal to two times the sum of the salary deductions paid into the pension fund by members of the pension system.

[See Compact Edition, Volume 5 for text of 8]

Investment of Surplus

Sec. 9. (a) Whenever in the opinion of the said Pension Board, there is on hand in said Pension Fund a surplus over and above a reasonably safe amount to take care of current demands upon such

funds, such surplus, or so much thereof as in the judgment of the said Pension Board is deemed proper, may be invested in bonds or other interest-bearing obligations and securities of the United States, the State of Texas, or any county, city or other political subdivision of the State of Texas, or in first lien real estate mortgage securities insured by the Federal Housing Administration under the National Housing Act of the United States, as amended from time to time,¹ and in such corporation bonds, corporate notes or other obligations, preferred stocks and common stocks as the Pension Board may deem to be proper investments for said funds. The funds may also be invested in a sum not to exceed ten percent (10%) with a Federal Credit Union restricted to employees of the city. In making each and all investments, such Pension Board shall exercise the judgment and care under the circumstances then prevailing which men of ordinary prudence, discretion, and intelligence exercise in the management of their own affairs, not in regard to speculation but in regard to the permanent disposition of their funds, considering the probable income therefrom as well as the probable safety of their capital; provided, however, that not more than fifty percent (50%) of said funds shall be invested at any given time in corporate stocks, nor shall more than five percent (5%) of said funds be invested in securities issued by any one (1) corporation, nor more than five percent (5%) of the voting stock of any one (1) corporation be owned; and provided further, that stocks eligible for purchase shall be restricted to stocks of companies incorporated within the United States which have paid dividends for ten (10) consecutive years or longer immediately prior to the date of purchase, and which, except for bank stocks and insurance stocks, are listed upon an exchange registered with the Security and Exchange Commission or its successors.

(c) The Pension Board may employ professional investment advisors to manage the investment of the Pension Fund. These professional services may

include investment counseling, evaluation of fund performance, investment research, and other comparable services.

(d) The selection of investment advisors may occur when, in the opinion of a majority of the Board members, the financial advice being received by the Board needs review. Selection of financial advisors must be made from firms that have made presentations to the Board. The Board shall advertise its intent to receive presentations from investment advisors in a newspaper of general circulation within the city not less than thirty (30) days before the date of the Board meeting at which the selection of an investment advisor will be considered. The Board may receive a written presentation instead of an appearance before the Board. Final selection of an investment advisor is determined by majority vote.

(e) A contract with an investment advisor may not be in effect for more than one (1) year and shall provide that the Board may withdraw from the contract at any time after giving notice thirty (30) days before termination. Retirement: Amount of Pension

Sec. 11. (a) A person who becomes a member of the Pension System on or after the effective date of this amendatory Act and who has been in the service of the city police department for the period of twenty (20) years may retire at the age of fifty (50) years and shall be entitled to a retirement pension of an amount equal to thirty percent (30%) of the base salary provided for the classified position in the police department held by the member, provided that if the member has not held the same classified position for five (5) years prior to the date of retirement, the retirement pension shall be based on the average monthly base salary of the member for five (5) years preceding retirement. Except as provided in Subsection (a-1) of this section, no retirement pension may be paid to a member who has not attained the age of fifty (50) years. Subject to the limitations provided in Subsection (b) of this section, the computation of retirement pension shall include any increase or decrease of the base salary or the average monthly base salary for the classified position or positions on which the member retired even though the increase or decrease occurs after retirement.

(a-1) A person who was a member of the pension system before the effective date of this amendatory Act, may retire regardless of age upon completion of twenty (20) years of service in the city police department and shall be entitled to a retirement pension of

an amount equal to thirty percent (30%) of the base salary provided for the classified position in the police department held by the member, provided that if the member has not held the same classified position for five (5) years prior to the date of retirement, the retirement pension shall be based on the average monthly base salary of the member for five (5) years preceding retirement. Subject to the limitations provided in Subsection (b) of this section, the computation of retirement pension shall include any increase or decrease of the base salary or the average monthly base salary for the classified position or positions on which the member retired even though the increase or decrease occurs after retirement.

(b) If a member of the Police Pension System is promoted or appointed to any classified position above the second highest in the police department personnel classification schedule, that member's contribution and retirement benefits will be computed on the base salary of the second highest classified position in the police department personnel classification schedule, provided that if the member has not held the same classified position for five (5) years prior to the date of retirement, the retirement pension shall be based on the average monthly base salary of the member for five (5) years preceding retirement. For the purposes of this Act, the position of the Chief of Police shall be considered the highest classified position in the personnel classification schedule in the police department.

(c) Any member of such Pension System who has been in the service of the city police department for a period of years in excess of twenty (20) years, and who retires from the service of the police department, shall, in addition to the thirty percent (30%) of his base salary be paid an additional sum equal to two percent (2%) of his base salary per month for each year of service in the police department in excess of twenty (20) years. For example, a member with twenty-five (25) years' service would be entitled to forty percent (40%); a member with thirty (30) years, fifty percent (50%); etc.

(d) It shall be compulsory for any member to retire from the service of the police department upon attaining the age of sixty-five (65) years. Failure of any member of the Pension System to comply with this provision shall deprive the member and his dependents of any of the benefits provided for herein. If at the time of retirement because of maximum age requirements, the member has completed less than twenty (20) years of service, his monthly retirement pension shall be prorated on the basis of one and one-half percent (1½%) of the base salary of the classified position of the member per month for each year of service completed. Subject to the limitations provided in Subsection (b) of this section, the computation of retirement pension shall include any increase or decrease of the base salary or the

average monthly base salary for the classified position or positions on which the member retired even though the increase or decrease occurs after retirement.

(e) Upon a member's completion of twenty (20) years of service in the police department and thereafter, when such member retires, whether such retirement be voluntary or involuntary, such monthly payment shall begin forthwith and continue for the remainder of the member's life. However, when such member has completed twenty (20) years' service in the police department and if the physicians of Pension Board agree that the member is physically fit to continue his active duties in the police department, they may so certify, and the member may continue in the service of the city police department until the member attains the age of sixty-five (65) years, at which time his retirement pension shall be computed as hereinbefore stated.

(f) No member shall be required to make any payments into the Pension Fund after the member has retired from the service of the police department.

Rights of Survivors

Sec. 13. (a) If any member of the police department who has been retired on allowance because of length of service or disability thereafter dies from any cause whatsoever after he has become entitled to an allowance or pension, or if while in service any member dies from any cause growing out of or in consequence of the performance of his duty, and leaves surviving a spouse to whom the member was married prior to his retirement, a child or children under the age of eighteen (18) years or a dependent parent, the Board shall order paid a monthly allowance as follows:

(a) to the spouse, so long as he or she remains a widow or widower, a sum equal to the allowance which was granted to the member upon service or disability pension based on his length of service in the police department;

(b) to the guardian of each child, the sum of twenty-five (\$25) Dollars a month until the child reaches the age of eighteen (18) years or marries;

(c) to the guardian of each child, only in case no spouse is entitled to an allowance, the sum the spouse would have received, to be divided equally among the unmarried children under eighteen (18) years;

(d) to the dependent parent, only in case no spouse or dependent child is entitled to an allowance, the sum the spouse would have received, to be paid to but one (1) parent and such parent to be determined by the Pension Board.

(b) If any member of the Pension System has not completed ten (10) years or more of service in the police department and is killed or dies from any cause growing out of or in consequence of any act which is clearly not in the actual performance of his official duty, his surviving spouse or dependent child or children shall be refunded any contributions which the member made to the Pension System.

[See Compact Edition, Volume 5 for text of 13(c) to 14]

Termination of Employment: Reemployment

Sec. 15. (a) When any member of the Pension System leaves the employment of the police department other than as provided for in Section 12 or Section 22, either voluntarily or involuntarily, before becoming eligible for a retirement or disability pension, he shall cease to be a member of the Pension System.

(b) Any member of the Pension System who has completed at least five (5) years but less than twenty (20) years of service and whose service with the police department ceases before becoming eligible for a retirement or disability pension is entitled to a refund of the total of the contributions which that member made to the Pension System. The refund does not include interest, and neither the city nor the member is entitled to a refund of the city's contributions made on the member's behalf.

(c) The Pension Board shall notify each member of the Pension System of the right to a refund as authorized by this section.

(d) A member must apply to the Pension Board for a refund before the last day of the ninth month after employment is terminated. The nine (9) month period is calculated by counting the month in which employment is terminated as the first month of the nine (9) month period. Failure to apply for the refund within the nine (9) month period constitutes a waiver of all rights to a refund.

(e) Heirs, executors, administrators, personal representatives, or assigns are not entitled to apply for and receive the refund authorized by this section except as provided by Section 13(b) of this Act.

(f) If such person is thereafter reemployed by the city police department, he shall thereupon be reinstated as a member of such Pension System provided he is in good physical and mental condition as evidenced by a written certificate executed under oath by a duly licensed and practicing physician or physicians in the city, satisfactory to the Pension Board. Prior service of such member with the city police department shall not be counted toward his retirement pension unless such member returns to the service within two (2) years from his separation therefrom and makes within six (6) months after his reemployment by the city in the police department

written application to the Pension Board for reinstatement in the Pension System.

(g) A person who is reemployed by the city police department within twenty-four (24) months from the date the person's employment is terminated is required to pay the Pension Fund an amount equal to any contributions previously refunded to the member under Subsection (b) of this section. The person may execute a promissory obligation to pay the Pension Fund within two (2) years of the date of reemployment the full amount of the contributions previously refunded to the member. A member who dies or retires before a promissory obligation executed by the member and payable to the Pension Fund is fully paid is not eligible, nor are the member's beneficiaries eligible, for any benefits from the Pension Fund until the promissory obligation is paid in full.

In addition, he shall be paid

an additional sum equal to two percent (2%) of his base salary per month for each year of service in the police department in excess of twenty (20) years. [See Compact Edition, Volume 5 for text of II, 25 to 31]

Participation

Sec. III.

[See Compact Edition, Volume 5 for text of III, 1]

2. Participation of Employees

(a) All persons who are employees of a participating department on the effective date of the participation of such department shall become members of the Retirement System as of that date. This, however, shall not apply to any person who on the effective date hereof has a contract of employment with a municipality which would be violated by the requirement of participation as herein specified, unless such person elects to become a member, but each such person who shall have had deposits to this System deducted or who shall have been notified of the creation of this System shall be deemed to have elected to become a member unless such person files with the Board prior to the effective date of participation a written notice of election not to become a member. Any person so electing not to become a member shall forever thereafter be precluded from becoming a member of this System.

(b) Any person not a member of this System, who becomes an employee for the first time of a participating department of a municipality after the effective date of participation, of such department shall become a member of the System upon the date such person becomes an employee, provided he is then under the age of fifty-five (55) years

but any such person who is fifty-five (55) years or over on such date of employment shall not be eligible to become a member of this System.

(c) Any person, not a member of this System, who has been an employee of a participating municipality prior to the effective date of participation of such municipality but who is not an employee of such participating municipality on the effective date of participation of such municipality shall, if he again becomes an employee of a participating department of such municipality after the effective date of participation of such department, become a member of the System upon the date he again becomes an employee, provided he is then under the age of fifty-five (55) years or provided the extent of his prior service to such municipality is equal to or in excess of the period by which his then attained age exceeds the age of fifty-five (55) years, and otherwise such person shall not be eligible to become a member of this System.

(d) Any person who has been a member of this System and whose membership has terminated by withdrawal, shall, if he again becomes an employee of a participating department of a municipality, become a member of the System upon the date such person again becomes an employee if he is then under the age of fifty-five (55) years but any such person who is fifty-five (55) years or over on such date of re-employment shall not be eligible to become a member of the System.

(e) Membership in the Retirement System shall cease and terminate if:

(1) A member is absent from service in a participating department of a municipality more than sixty (60) consecutive months, or

(2) A member's service in a participating department of a municipality is discontinued and the member withdraws his accumulated deposits, or

(3) A member dies, or

(4) A member becomes an annuitant, provided, however, that during the time the United States is in a state of war and for a period of twelve (12) months thereafter, time spent by a member of the System (1) on active duty in the Armed Forces of the United States and their auxiliaries and/or in the Armed Forces Reserve of the United States and their auxiliaries and/or in the service of the American Red Cross as a result of having volunteered or having been drafted and/or conscripted thereinto; or (2) in war work as a direct result of having been drafted or conscripted by governmental action into said war work, shall not be construed as absent from service in so far as the provisions of this Act are concerned but shall count toward membership service.

(f) Any person who is an employee of a participating department on the effective date of this amendment, but who is not a member of the System because such person was more than fifty (50) years of age at time of last becoming an employee of a participating department, shall become a member of the System as a condition of employment on the first day of the calendar month following the effective date of this amendment unless such person was more than fifty-five (55) years of age on the first day of January, 1979. Within sixty (60) days after becoming a member, such person may elect to pay and may within such period make deposits to his individual account in the System for the number of months elapsing between January 1, 1979, and date of membership in the amounts such employee would have deposited if such membership had been effective from date of employment or January 1, 1979, whichever date is later; and the member shall thereunder be allowed current service credit for each month of service following January 1, 1979, for which such deposits are made and shall be treated thereafter as if he had been a member for each month for which such deposits are made. If the member fails to make such deposits within sixty (60) days after becoming a member, such member shall be allowed current service only from the date of membership.

(c) Repealed by Acts 1975, 64th Leg., p. 382, ch. 171, § 2, eff. Sept. 1, 1975.

[See Compact Edition, Volume 5 for text of IV, 1(d) to 2(b)]

(c) Each participating municipality shall make payment of Prior Service Contributions to the Municipality Prior Service Accumulation Fund of the System each month of an amount equal to a per cent of the earnings during such month of the members of the System employed by such participating municipality which per cent shall be calculated annually by the actuary and approved by the Board as being the necessary and required per cent, on the basis of regular interest:

(i) to accumulate in such municipality's account in the Prior Service Accumulation Fund by or before the end of the twenty-fifth year of participation of such participating municipality or by or before the end of the twentieth year from date of allowance by such municipality of any special prior service credits or antecedent service credits pursuant to Sections XV or XVI hereof, or by the end of the twenty-fifth year from date of (a)

allowance of or increase in Updated Service Credits, or (b) increase in annuities pursuant to Sections XVII or XVIII hereof, whichever date is the later, a sum equal to the reserve required (according to calculations made by the actuary and approved by the Board, on the basis of mortality and other tables adopted by the Board) to meet in full all payments which may become due after the end of such period under existing and anticipated prior service annuities arising from prior service credits, special prior service credits, and antecedent service credits, or Updated Service Credits granted by such participating municipality; and

(ii) to provide the amount required according to this Act to be paid during such period under prior service annuities arising from prior service credits, special prior service credits, and antecedent service credits or Updated Service Credits granted by such participating municipality.

If the per cent of earnings calculated as above for Prior Service Contributions when added to the per cent of earnings calculated according to the preceding paragraph for normal contributions shall together exceed the maximum contributions prescribed in paragraph (a) of this subsection, then in such event, the per cent of earnings for Prior Service Contributions shall be reduced to a per cent which together with the percentage for normal contributions will equal the maximum contributions prescribed by paragraph (a) of this subsection.

[See Compact Edition, Volume 5 for text of IV, 2(d) to (f)]

Method of Financing

Sec. V. All of the assets of the System shall be credited according to the purpose for which they are held to one (1) of eight (8) funds, namely, the Employees Saving Fund, the Municipality Current Service Accumulation Fund, the Municipality Prior Service Accumulation Fund, the Current Service Annuity Reserve Fund, the Prior Service Annuity Reserve Fund, the Interest Fund, the Endowment Fund and the Expense Fund.

[See Compact Edition, Volume 5 for text of V, 1 and 2]

3. Municipality Prior Service Accumulation Fund:

The Municipality Prior Service Accumulation Fund shall be the Fund in which shall be accumulated all prior service contributions made to the Retirement System by the participating municipalities for the purpose of providing the amounts required for payment of prior service annuities; and from which prior service annuities shall be paid to the extent herein provided.

Contributions to and payments from this Fund shall be made as follows:

(a) All prior service contributions payable by participating municipalities shall be paid into the Municipality Prior Service Accumulation Fund and shall be credited to the accounts of the respective participating municipalities in such Fund.

(b) All payments under annuities arising from prior service credits, special prior service credits, and antecedent service credits, or updated service credits granted by a participating municipality, as well as increased payments authorized by the participating municipality under Section XVIII on or after January 1, 1978, shall be paid from this Fund and charged to such participating municipality's account in this Fund subject to the following: the Board shall have the power to reduce proportionately all payments under all such annuities and other benefits payable from said account, at any time and for such period of time as is necessary so that all such payments in any year shall not exceed the amounts available in such participating municipality's account in the Municipality Prior Service Accumulation Fund in such year.

(c) Whenever, at the end of any year, the amount accumulated in any municipality's account in the Municipality Prior Service Accumulation Fund shall equal or exceed the reserve required, as of the end of such year, according to calculations made by the actuary and approved by the Board on the basis of mortality and other tables adopted by the Board, to meet all future payments in full under prior service annuities, arising from prior service credits, special prior service credits, and antecedent service credits, or updated service credits granted by such participating municipality, then in effect or to become effective thereafter, then the payment of prior service contributions to the System by such participating municipality shall be discontinued.

Thereafter, should it be determined, according to calculations made by the actuary and approved by the Board on the basis of mortality and other tables adopted by the Board, that the amount to the credit of such participating municipality's account in the Municipality Prior Service Accumulation Fund at the end of any year is less than the reserve required as of the end of such year to meet all future payments in full under prior service annuities, then in effect or to become effective thereafter arising from prior service credits, special prior service credits, antecedent service credits, or updated service credits granted by such participating municipality, such municipality shall resume payment of Prior Service Contributions, subject to the limitations of Section IV of this Act.

[See Compact Edition, Volume 5 for text of V, 4]

5. Refunds to Certain Municipalities.

If any participating municipality has no employees who are currently members of the System, and has

no present or potential liabilities resulting from the participation of former employees, then in such event any amount standing to the credit of such municipality in the Prior Service Accumulation Fund and in the Municipality Current Service Accumulation Fund shall upon its application be repaid to such municipality, and its participation in the System shall cease.

[See Compact Edition, Volume 5 for text of V, 6 to 8]

Creditable Service

Sec. VI.

[See Compact Edition, Volume 5 for text of VI, 1 to 5]

6. (a) As to employees of municipalities beginning participation in the System prior to January 1, 1976, "Prior Service Credit" shall mean an amount equivalent to the accumulation at interest of a series of equal monthly payments of ten per cent (10%) of a member's "average prior service compensation" (not to exceed Three Hundred Dollars (\$300.00) per month) for the number of months of prior service certified to in such member's Prior Service Certificate. Such accumulation shall be at regular interest and on the basis that interest is allowed at the end of each twelve (12) months period and is allowed on the accumulation at the beginning of each such twelve (12) months period and is not to be allowed for parts of a year.

(b) As to employees of municipalities beginning participation in the System on and after January 1, 1976, "Prior Service Credit" shall mean such percentage (any multiple of ten percent (10%) but not exceeding one hundred percent (100%)) of the "Base Prior Service Credit" as may be specified in the participation ordinance adopted by the governing body, condition that it shall first have been determined, according to calculations made by the actuary and approved by the Board, that the municipality has the ability to fund within twenty-five (25) years from date of participation all prior service obligations proposed to be undertaken by the municipality. "Base Prior Service Credit" shall be determined as an amount equivalent to the accumulation at three percent (3%) interest of a series of monthly payments for the number of months of prior service certified to in such member's Prior Service Certificate. Each monthly payment will be equal to the member's "average prior service compensation" multiplied by the sum of (1) the member's deposit rate and (2) the member's deposit rate multiplied by the municipal current service matching ratio.

[See Compact Edition, Volume 5 for text of VI, 7]

8. Any member who has terminated a previous membership by withdrawal of then-accumulated de-

posits while absent from service, may if the municipality with which he is presently employed agrees to underwrite and assumes the obligations therefor and if the member has at least twenty-four (24) consecutive months of creditable service with his present employer since reestablishment of membership, deposit in the System in a lump-sum payment the amount withdrawn, plus a withdrawal charge of five percent (5%) of such amount per annum from the date of withdrawal to the date of redeposit, and shall thereupon be entitled to credit for all service to which he had been entitled at date of termination of the earlier membership, with like effect as if all such service had been performed as an employee of the consenting municipality. The amount so redeposited shall be placed in the member's individual account in the Employees Saving Fund of the System, but the five percent (5%) per annum charge shall be deposited to the Municipality Current Service Accumulation account of the municipality assuming the municipality obligations arising from granting of credit for such former service. Upon granting of such credits to the member, the consenting municipality's account in the Municipality Prior Service Accumulation Fund shall be charged with the necessary reserves to fund any such prior service credits so granted to the member, and its account in the Municipality Current Service Accumulation Fund shall be charged with the reserves required to provide for funding of any such current service credits so granted to the member. No such granting of credits shall be undertaken by any municipality unless it shall first be determined by the actuary that the granting of such credits by the participating municipality would not impair the ability of the municipality to meet all present and prospective liabilities of the municipality's account in the Municipality Prior Service Accumulation Fund and in the Municipality Current Service Accumulation Fund, and would not impair the ability of the municipality to provide for payment of prior service annuities or current service annuities.

Benefits

Sec. VII. 1. Service Retirement Eligibility;

[See Compact Edition, Volume 5 for text of VII, 1(a)]

(b) In any participating municipality which hereafter elects to participate in the System, and in those presently participating municipalities which by action of the governing body shall hereafter elect to provide the additional coverage allowed by this paragraph, any member of the System, after one year from the effective date of his membership, shall also be eligible for service retirement who shall have attained the age of fifty (50) years, and shall have completed at least twenty-five (25) years of creditable service in the municipality electing to provide

the coverage allowed by this paragraph, and in any such participating municipality as shall have elected to provide the additional coverage allowed by this paragraph, any member who is an employee of such participating municipality at the time of his completion of at least twenty (20) years of creditable service with cities that have granted such vesting who may withdraw from service shall continue to be a member despite the fact that his absence from service may exceed sixty (60) consecutive months, and shall become eligible for service retirement at attainment of a prescribed minimum service retirement age. If it is so elected by a presently participating municipality, and approved by the Board, the amount of additional current service reserves required on account of the increased coverages permitted by this subsection shall be transferred as the effective date of such increased coverages from the municipality's account in the Municipality Prior Service Accumulation Fund to its account in the Municipality Current Service Accumulation Fund. No such transfer shall be authorized, unless it shall be determined, according to calculations made by the actuary, that such transfer would not impair the ability of the municipality to meet all liabilities of the municipality's account in the Municipality Prior Service Accumulation Fund and would not impair the ability of the municipality to provide for payment of prior service annuities.

[See Compact Edition, Volume 5 for text of VII, 1(c)]

(d) Repealed by Acts 1979, 66th Leg., p. 444, ch. 202, § 2, eff. Aug. 27, 1979.

The "standard service retirement benefit" of a member shall consist of (1) a current service benefit which is the actuarial equivalent of his current service annuity reserve, and (2) a prior service benefit to which his Accumulated Prior Service Credit, Accumulated Special Prior Service Credit, and Accumulated Antecedent Service Credit, or to which his Accumulated Updated Service Credit, if any, entitles him under the provisions of this Act.

3. Optional Service Retirement Benefits;

Option 1. Upon his death, the current service annuity shall be continued throughout the life of, and paid to, such person as the member shall nominate by written designation duly acknowledged and filed with the Board within the time above provided; or

Option 2. Upon his death, one-half of the current service annuity shall be continued throughout the life of, and paid to, such person as the member shall nominate by written designation duly acknowledged and filed with the Board within the time above provided; or

Option 3. In the event of his death before one hundred twenty (120) monthly payments have been made of his reduced current service annuity, the payments shall be continued to his beneficiary (or to his estate) until the remainder of the one hundred twenty (120) monthly payments have been made; or

Option 4A. In the event of his death before one hundred eighty (180) monthly payments have been made of his reduced current service annuity, the payments shall be continued to his beneficiary (or to his estate) until the remainder of the one hundred eighty (180) monthly payments have been made; or

Option 4B. A benefit payable in equal monthly installments only during the lifetime of the member; or

Option 5. Some other benefit or benefits may be paid either to the member, or to such person or persons as he may nominate, provided the same shall be approved by the Board, and provided such

other benefit or benefits, together with the current service annuity of the member, shall be certified by the actuary to be the equivalent in actuarial value of the current service annuity reserve to which the member is entitled at the date fixed for his retirement.

(b) Any member who makes an effective election to have his current service benefit paid in accordance with Option 1, Option 2, Option 3, Option 4A, Option 4B or Option 5, shall likewise receive his prior service benefit, if any, in an adjusted annuity payable upon the same conditions and to the same beneficiary as that selected for his current service benefit, but with the further proviso that all prior service benefits shall be subject to reduction by the Board under the circumstances provided for in Section V of this Act.

4. Deferred Service Retirement with Optional Selection;

Any member who has accumulated sufficient creditable service and who is otherwise qualified for service retirement shall have the right to apply for an optional benefit to be paid, upon the terms and with the effect hereinbelow provided, in the event the member dies prior to the effective date of the retirement of the member.

The member shall apply for such optional benefit in writing (on such forms as the Board may prescribe) and shall select one of the optional benefits authorized under Subsection 3, above, and designate the beneficiary of the optional benefit selected. After filing of the application and selection, the member may continue in the service of a participating municipality, and he may thereafter retire at the end of any month, by filing a written application for retirement with the Board at least thirty (30) days before the effective date of retirement; or, if such member shall die while in service or before the effective date of the member's retirement, the optional benefit selected under this subsection shall be effective as of the last day of the calendar month preceding the month of death and shall be calculated as if the member had retired as of that date and on the optional benefit selected. Any such member who has applied for such optional benefit may from time to time, prior to the effective date of retirement, file an amended application, changing his written selection of optional allowance and/or designated beneficiary. In the event a member who is eligible for service retirement shall die without having a written selection of optional allowance and designated beneficiary on file with said Board, and if the member leaves a lawful spouse surviving, then the surviving spouse of such member may select the optional benefit in the same manner as if the member had made the selection; but if the member leaves no lawful spouse surviving, then at the election of the executor or administrator of the estate of

the member, the member shall be considered to have retired under an Option 4A benefit effective at the end of the calendar month preceding that in which the death of the member occurs, or such deceased member shall be considered as having been an active member at death, and the estate of the member shall be entitled to receive the accumulated contributions of the member.

[See Compact Edition, Volume 5 for text of VII, 5]

6. Standard Disability Retirement Benefits;

Upon retirement for disability a member shall receive a disability retirement benefit consisting of (1) a current service annuity, which shall be the actuarial equivalent of his current service annuity reserve, and (2) a prior service annuity to which his Accumulated Prior Service Credit, Accumulated Special Prior Service Credit and Accumulated Antecedent Service Credit, or of his Accumulated Updated Service Credit, as applicable, entitles him under the provisions of this Act.

(a) His current service annuity reserve shall be derived from:

(1) His accumulated deposits credited to his account in the Employees Saving Fund at the time of retirement; and

(2) An additional sum from the Municipality Current Service Accumulation Fund equal to the accumulated deposits provided by the member, or such greater sum as the participating municipality has undertaken to provide.

(b) If at time of retirement, a member is entitled to and has in full force and effect any prior service credits, special prior service credits, antecedent service credits, or updated service credits, the prior service annuity shall be the actuarial equivalent of his Accumulated Prior Service Credit, Accumulated Special Prior Service Credit and Accumulated Antecedent Service Credit, or of his Accumulated Updated Service Credit, as applicable, at time of retirement. Upon the recommendation of the actuary, the Board shall have the power to reduce payments for prior service annuities as provided in Section V of this Act.

7. Requirements and Conditions Applicable to Disability Benefits;

Once each year during the first five (5) years following retirement of a member on a disability retirement allowance, and once in every three-year period thereafter, the Board may, and upon his application shall, require any disability annuitant who has not yet attained the age of sixty (60) years to undergo a medical examination, such examination to be made at the place of residence of said annuitant or any other place mutually agreed upon, by a physician or physicians designated by the Board.

Should any disability annuitant who has not yet attained the age of sixty (60) years refuse to submit to at least one (1) medical examination in any such periods by a physician or physicians designated by the Board, his allowance shall be discontinued until his withdrawal of such refusal, and should his refusal continue for one (1) year, all his rights in and to his allowance shall be revoked by the Board.

[See Compact Edition, Volume 5 for text of VII, 7(a)]

(b) Should a disability annuitant under the age of sixty (60) years be restored to active service in a participating department of a participating municipality, his retirement allowance shall cease, he shall again become a member of the System, and any reserves on his current service annuity at that time in the Current Service Annuity Reserve Fund shall be transferred to the Employees Saving Fund and to the Municipality Current Service Accumulation Fund, respectively, in proportion to the original sum transferred to the Current Service Annuity Reserve Fund. Upon restoration to membership, any Prior Service Credit, Special Prior Service Credit, Antecedent Service Credit, or Updated Service Credit, on the basis of which his service was computed at the time of his retirement shall be restored to full force and effect, and in addition, upon his subsequent retirement, he shall be credited with all his membership service. Should a disability annuitant die or be removed from the disability list for any cause other than restoration to active service, an amount equal to the amount by which such annuitant's accumulated deposits at the time of disability retirement exceed the current service annuity payments received by such annuitant under his disability allowance, if any such excess exists, shall be paid from the Current Service Annuity Reserve Fund to such annuitant if living; otherwise, such amount shall be paid to his estate unless he has directed such amount to be paid otherwise.

8. Return of Deposits Upon Other Terminations;

Should a member cease to be an employee of a participating department except by death or retirement under the provisions of this Act, he shall, upon application, be paid in full the amount of the accumulated deposits standing to the credit of his individual account in the Employees Saving Fund. In the event of death of a member before retirement, and prior to eligibility of the member to deferred retirement as hereinabove provided, the amount of his accumulated deposits standing to the credit of his individual account in the Employees Saving Fund (together with interest on the amount of his accumulated contributions at the beginning of the year in which death occurs, computed from the first day of such year to the first day of the month in which death occurs at the annual rate of interest credited by the System on member accounts during the pre-

ceding year) shall be paid to his estate unless he has directed the account to be paid otherwise. Seven (7) years after cessation of service, if no previous demand has been made, any accumulated deposits of a contributor shall be returned to him or to his estate. If the contributor or the administrator of his estate cannot then be found, his accumulated deposits shall be escheated to the Retirement System, and shall be credited to the permanent endowment account of the Endowment Fund.

9. Valuation Basis Adjustment in Current Service Annuities;

The Board of Trustees is authorized to increase the monthly benefits payable after July 1, 1977, on each current service annuity on which a monthly benefit payment was made on June 30, 1977. The monthly benefits payable may be increased by the percentage by which (a) exceeds (b), where (a) is the Current Service Annuity Reserve Fund balance as of July 1, 1977, plus regular interest on the mean balance of such Fund from January 1, 1977, to July 1, 1977, and (b) is the System's current service annuity reserve calculated on the basis of four percent (4%) interest and such mortality and other tables adopted by the Board to become effective on July 1, 1977.

10. Valuation Basis Adjustment in Prior Service Annuities;

The Board of Trustees is authorized to increase the monthly benefits payable after July 1, 1977, on each prior service annuity on which a monthly benefit payment was made on June 30, 1977. The monthly benefit payable may be increased for annuitants in each municipality by the percentage by which (a) exceeds (b), where (a) is the municipality's prior service annuity reserve calculated on the basis of three percent (3%) interest and such mortality and other tables adopted by the Board that are in effect on June 30, 1977, and where (b) is the municipality's prior service annuity reserve calculated on the basis of four percent (4%) interest and such mortality and other tables adopted by the Board to become effective July 1, 1977. It is further provided that no increase in monthly benefits payable on prior service annuities for annuitants of a particular municipality shall be made in an amount which (according to calculations made by the actuary on the basis of four percent (4%) interest and such mortality and other tables adopted by the Board) would result in a probable future depletion of the municipality's account in the Municipality Prior Service Accumulation Fund with the resulting need to reduce prior service annuities payable to retired members.

11. Reduction in Payments at Request of Annuitant;

At the written request of any person receiving payments of an annuity, the Director may cause the

monthly amount payable as such benefit to be reduced to such amount as the person entitled to such payment shall request, and on written request of the person entitled to such payment may thereafter increase the amount of the monthly payment during the remaining period for which the benefit is payable to an amount not exceeding the monthly amount originally payable under such annuity. Any amounts by which the monthly benefit is reduced at the annuitant's request shall be relinquished to the System, and no person shall have any claim to recover any amounts, the payment of which is foregone under the provisions hereof.

Optional Provision for Increased Current Service Annuities

Sec. XIV. Any participating municipality electing to do so may provide for an increased current service annuity reserve at retirement of employees of such municipality, upon the following terms and conditions:

[See Compact Edition, Volume 5 for text of XIV, 1 to 5]

6. The increased rate of contributions authorized hereunder shall only be made effective at the beginning of a calendar year. A municipality beginning participation in the System on or after January 1, 1976, however, may elect to begin participation on the basis of contributing at retirement one hundred fifty percent (150%) or two hundred percent (200%) of its member's accumulated deposits arising from service during each year such undertaking remains in effect.

7. A participating municipality may revert to current-service contributions on an equal-matching basis, or reduce from two hundred per centum (200%) matching to one hundred fifty per centum (150%) matching of deposits as to any service rendered by its members or after the 1st day of January of the ensuing calendar year after adoption of an ordinance terminating (as to such future service) contributions at the higher per-

centages allowed under this Section; provided such ordinance shall have been adopted prior to the 1st day of January of the ensuing calendar year.

Optional Provision for Antecedent Service Credits

Sec. XV. Any participating municipality electing to do so may provide for "special prior service credits" to be allowed as to employees of such municipality retiring subsequent to the effective date of the undertaking of the municipality to provide such increased credits, upon the following terms and conditions:

[See Compact Edition, Volume 5 for text of XV, (1) to (6)]

(7) No participating municipality may allow special prior service credits after January 1, 1976, but any such credits theretofore allowed shall remain in effect, unless supplanted by Updated Service Credits allowed by such municipality.

Optional Provision for Antecedent Service Credits

Sec. XVI. Subject to the terms and conditions hereinafter stated, any participating municipality electing to do so may undertake to grant antecedent service credit to those persons in its employment at the effective date of the municipality's election to provide such credit.

[See Compact Edition, Volume 5 for text of XVI, (1) to (8)]

(9) No participating municipality may allow Antecedent Service Credits after January 1, 1976, but any such credits theretofore allowed shall continue in effect unless supplanted by Updated Service Credits allowed by such municipality.

Optional Provision for Updated Service Credits

Sec. XVII. (1)(a) Under the conditions hereinbelow set forth, any municipality participating in this System prior to January 1, 1975, may provide for each of its members to be granted an "Updated Service Credit" as a substitute for and in lieu of all Prior Service Credits, Special Prior Service Credits and Antecedent Service Credits theretofore allowed such member by reason of service with such municipality, or as a substitute for previously granted Updated Service Credits.

(b) Any municipality beginning participation between January 1, 1975, and December 1, 1975, shall not be eligible to allow Updated Service Credits until it has been a participating municipality in the System for one or more calendar years. Any municipality beginning participation on or after January 1, 1976, shall not be eligible to allow Updated Service Credits until it has been a participating municipality in the System for four or more calendar years.

(2) The governing body by ordinance shall determine whether to grant Updated Service Credits to members by reason of employment with such municipality, and shall designate the effective date of election of such credits; provided that the date elected shall be the beginning of any calendar year subsequent to the effective date of this section and further provided that the System shall receive the ordinance prior to the effective date of election. Except for the first election to grant Updated Service Credits, the effective date of any such election by a participating municipality must be four or more years subsequent to the effective date of any previous election.

(3) Updated Service Credit shall mean such percentage (any multiple of ten percent (10%) but not exceeding one hundred percent (100%)) of the "Base Updated Service Credit" as the governing body may select; provided, however, that each member shall be entitled as a minimum to an Updated Service Credit that is equal to the total of the member's Accumulated Prior Service Credit, Accumulated Special Prior Service Credit and Accumulated Antecedent Service Credit, or his previously granted Accumulated Updated Service Credit, as of the study date. The study date on which updated service credits are calculated shall be one year prior to the effective date of election of such Updated Service Credits.

(4) "Base Updated Service Credit" shall be determined as the number 1.03 multiplied by the difference by which the amount calculated as provided in (a) below, exceeds the amount calculated as provided in (b) below, and where:

"(a)" is an amount equivalent to the accumulation at three percent (3%) interest of a series of monthly payments for the number of months of creditable service standing to the credit of the member for service to the study date. Each such monthly payment shall be equal to the member's average updated service compensation, as defined below, multiplied by the sum of (1) the member's deposit rate and (2) the member's deposit rate multiplied by the municipal current service matching ratio in effect at the effective date of election. "Average updated service compensation" means the monthly average compensation received by an employee member for the three (3) years immediately preceding the study date; but if there are less than three (3) years of such service, the average shall be computed for the number of months of such service within such thirty-six (36) month period. If an employee member has no service during the three (3) years immediately preceding the study date, then the average shall be computed for the three (3) years, or fraction thereof, of service rendered in the most recent period preceding the study date; and

"(b)" is an amount equal to the sum of: (1) the member's accumulated contributions on the study date subject to a 1 to 1 matching ratio multiplied by 2, and (2) the member's accumulated contributions on the study date subject to a 1.5 to 1 matching ratio multiplied by 2.5, and (3) the member's accumulated contributions on the study date subject to a 2 to 1 matching ratio multiplied by 3.

(5) Municipality liabilities attributable to Updated Service Credits shall be an obligation of the municipality to the Municipality Prior Service Accumulation Fund and shall be paid for by prior service contributions by the participating municipality as provided elsewhere in this statute. The actuary shall annually determine the municipality prior service contribution rate necessary to pay for these liabilities and other liabilities of the municipality to the Municipality Prior Service Accumulation Fund.

(6) No Updated Service Credit shall be permitted, and no provision therefor shall become effective, unless and until the proposal is approved by the Board as conforming to requirements of this Act. The Board shall adopt such rules as it deems necessary to insure that the System receives from the participating municipality such certified information as is required by the actuary in sufficient time to make the necessary studies prior to the effective date of election of Updated Service Credits. The Board shall not approve the allowance of Updated Service Credit by any participating municipality until it shall have been determined (according to calculations made by the Actuary and approved by the Board, on the basis of mortality and other tables adopted by the Board) that (a) all obligations of the Municipality Prior Service Accumulation Fund including those arising from the Updated Service Credits can be funded by the municipality within its maximum total contribution rate by the end of the twenty-fifth year from the latest effective date of election of allowance of Updated Service Credits, or from the latest effective date of increase in annuities to retired members and their beneficiaries, whichever period is longer; and (b) prior service annuities payable thereafter will not result in a probable future depletion of the Municipality's Prior Service Accumulation Fund with the resulting need to reduce prior service annuities payable to retired members.

(7) Accumulated Updated Service Credit shall mean Updated Service Credit accumulated at regular interest from the effective date of election of Updated Service Credits until the effective date of such member's retirement.

(8) Any participating municipality electing to provide Updated Service Credits must also elect on the same date to base member's monthly deposits on the member's total monthly earnings, if not previously so elected.

(9) Any municipality granting Updated Service Credits shall not be eligible to grant Special Prior Service Credits, as defined in Section XV, and Antecedent Service Credits, as defined in Section XVI, subsequent to their date of election of Updated Service Credits.

Optional Increases in Benefits to Persons Drawing Annuities

Sec. XVIII. (1) Subject to the limitations hereinbelow set out, any participating municipality may from time to time authorize and provide for increases in the current service annuities and prior service annuities being paid to retired employees and to beneficiaries of deceased employees of such municipality.

(2) The increased benefit shall be ten percent (10%), twenty percent (20%), thirty percent (30%), forty percent (40%), or fifty percent (50%) of the then benefit being paid to such retired member or beneficiary by reason of service performed by such member for the municipality undertaking to grant such increase; and the governing body of the municipality shall by ordinance determine the percentage of increase to be so allowed.

(3) All increases in monthly benefit payments on account of current service annuities and of prior service annuities hereafter authorized under this Section shall be obligations of the participating municipality's account in the Municipality Prior Service Accumulation Fund, and shall be subject to the limitations of Section V, providing that all benefit payments chargeable to the account of the participating municipality in the Prior Service Accumulation Fund in any year may not exceed the amounts available in said account in said year.

(4) The reserves required to fund increases allowed by such municipality in payments on account of current service annuities and of prior service annuities being paid to its retired employees and their beneficiaries, shall become a charge against and an additional obligation of the municipality's account in the Prior Service Accumulation Fund of the System; and such liabilities, together with all other liabilities chargeable to its account in the Municipality Prior Service Accumulation Fund, shall be paid for by contributions to said Fund as elsewhere provided in this statute. The actuary shall annually determine the municipality prior service contribution rate necessary to pay for the additional liabilities above, and all other liabilities of the municipality to the Municipality Prior Service Accumulation Fund, within a period of twenty-five (25) years from effective date of latest increases in annuities to retired members and beneficiaries, or from the latest effective date of allowance by the municipality of Updated Service Credits, whichever is later.

(5) The increases in benefits payable to retired employees and their beneficiaries may be made ef-

fective on the first day of the next ensuing calendar year; provided, that no additional increase in benefits shall be allowed by a participating municipality until four years have elapsed since the effective date of the latest increase in any such benefits; and provided further that any annuitant receiving a benefit which became effective after the participating municipality last adopted Updated Service Credits, shall be ineligible to receive any increase in payments on account of such annuity, unless the participating municipality shall simultaneously allow Updated Service Credits in substitution for those previously granted.

(6) No increases in benefits being paid to retired members and their beneficiaries shall be permitted, and no provision therefor shall become effective, unless and until the proposal is approved by the Board as conforming to requirements of this Act. The Board shall not approve the allowance by any participating municipality of increases in annuities to retired employees and their beneficiaries, until it shall have been determined (according to calculations made by the Actuary and approved by the Board, on the basis of mortality and other tables adopted by the Board) that (a) all obligations of the municipality in the Municipality Prior Service Accumulation Fund, including those arising from such increased benefits can be funded by the municipality within its maximum total contribution rate by the end of the twenty-fifth year from the effective date of election of such increased benefits or the granting of Updated Service Credits, whichever is later, and (b) prior service annuities payable thereafter will not result in a probable future depletion of the municipality's account in the Municipality Prior Service Accumulation Fund with the resulting need to reduce prior service annuities payable to retired members.

Optional Supplemental Death Benefits

Sec. XIX. 1. Establishment of Supplemental Death Benefits Fund.

(a) The Board of Trustees shall establish in addition to the several Funds listed in Section V, an additional and separate Fund to be known as the "Supplemental Death Benefits Fund" to provide for payment of supplemental death benefits upon the terms and conditions hereinafter stated.

(b) The Supplemental Death Benefits Fund and the coverage authorized under this section shall not become operative until a sufficient number of municipalities elect to participate in the Fund to cover into the Fund at least four thousand (4,000) members of the System. The Board shall determine the operative date and shall furnish to municipalities which have elected to participate in the Fund notice of the effective date of their participation in the Fund, which shall not precede the operative date of

the Fund. Municipalities electing to participate in the Fund after the operative date may begin participation on the first day of any calendar month following notification to the Board of its election to enter the Fund.

2. Participation in Fund by Municipalities.

(a) Any municipality which has one or more of its departments participating in this System on a full-salary basis may, by action of its governing body, elect to participate in the Supplemental Death Benefits Fund for the purpose of providing for its current employees who are members of the System an in-service death benefit described below, and, if the municipality shall further elect such additional coverage, providing the post-retirement death benefits described below for annuitants of the System who were employees of such municipality at time of retirement. If the municipality has less than ten (10) employees who are members of the System, the Board may require evidence satisfactory to the Board of the good health of such members prior to permitting such municipality to participate in the Fund.

(b) Any municipality may elect to discontinue participation in the Supplemental Death Benefits Fund and terminate the coverage herein provided for effective January 1 of any year by giving the System written notice of its intention to discontinue not later than October 31 preceding the date of termination. The Board of Trustees shall have the right to place such restrictions as it deems proper upon the right of that municipality to again participate in the Fund, if it has previously discontinued participation in the Fund.

3. In-service Death Benefits.

(a) Conditions and Amount of Payment. In the event of the death of a covered member while in service as an employee of a municipality participating in the Supplemental Death Benefits Fund or while such member is covered by Extended Supplemental Death Benefit protection as hereinafter provided, there will be paid from the Fund a cash benefit equal in amount to the current annual salary of the member. The current annual salary shall be the amount actually paid to such employee as compensation for services and on which contributions were made to the System during the period of twelve (12) calendar months preceding the month of death. If the employee has been employed for a lesser period, the current annual salary shall be determined by converting to an annual basis the compensation which was actually paid to the member and on which contributions were made to the System for the period of his actual employment. If the employee received no compensation for services during the period of twelve (12) calendar months preceding the month of death, the current annual salary shall be determined by converting to an annu-

al basis the compensation paid during the month of death. For the member who is covered by Extended Supplemental Death Benefit protection, the current annual salary shall be computed as described above and as if the member had died during the first month of such protection. The Board shall have the power to require such proof of amounts of compensation and periods of employment as it deems necessary.

(b) Period of coverage. A person employed by a participating municipality will be covered for in-service supplemental death benefits effective on the first day of the first month during which all of the following requirements are satisfied:

(i) the employing municipality is participating in the Supplemental Death Benefits Fund for coverage of all System members in its employment;

(ii) the employee is a member of the System; and

(iii) the employee-member is obligated to make a contribution to the System.

Coverage once established will continue in effect during each month thereafter in which all of the above requirements are satisfied as to the employee-member involved; coverage terminates (unless the member qualifies for extended supplemental death benefit protection) on the last day of any month in which the person involved fails to satisfy all of the above requirements. However, in no event will coverage continue beyond the date of termination of such coverage by the municipality or beyond the date of termination of membership in the System.

If a member makes deposits to the System during the same month as an employee of more than one municipality participating in the Fund, a death benefit will be payable only on the basis of the member's employment in such municipality for which he last worked.

(c) Extended Supplemental Death Benefit Protection. A member covered for in-service supplemental death benefits who fails in a succeeding month to earn compensation for service to a municipality participating in this Fund may be granted Extended Supplemental Death Benefit protection despite failure to make a contribution to the System, provided the member applies for such extended coverage and submits proof satisfactory to the Board:

(i) that as a result of illness or injury, the member is unable to engage in any gainful employment; and

(ii) that the member made to the System a required contribution as an employee of a municipality participating in the Supplemental Death Benefits Fund for the month preceding the first entire month for which the Board finds the member to have been unable to engage in any gainful employment.

The Extended Supplemental Death Benefit protection once approved by the Board shall continue for such member until the end of the month in which occurs the first of the following events:

- (i) the member returns to work as an employee of a participating municipality; or
- (ii) the Board finds that the member has become able to engage in gainful employment; or
- (iii) the person ceases to be a member of the System; or
- (iv) the member retires under the provisions of this Act.

The Board may require that satisfactory proof of continued inability to engage in gainful occupation be submitted once every twelve (12) months, and the Board may require the member to submit to examination by physicians designated by the Board as a condition to granting or continuation of such extended protection. Failure of a member to submit to an examination shall be sufficient grounds for finding that the member has become able to engage in gainful employment.

4. Post-Retirement Death Benefits.

In the event that the municipality for which an annuitant was last employed as a member of the System has elected to provide post-retirement supplemental death benefits and such annuitant shall die while such coverage under the Supplemental Death Benefits Fund is maintained in effect by such municipality, there shall be paid from the Fund a cash benefit in the amount of Two Thousand Five Hundred Dollars (\$2,500.00).

No benefit shall be payable by reason of death of an annuitant subsequent to the date of termination of such coverage by the municipality by which the annuitant was last employed as a member of the System.

5. Contributions Required of Municipalities Participating in Fund.

(a) Board to Adopt Tables and Rates. Based upon the recommendations of the actuary, the Board shall adopt, to become effective on the date that the Supplemental Death Benefits Fund and the coverage under this section become operative, such rates and tables as are considered necessary to determine the Supplemental Death Benefits contribution rates required of each municipality. As soon as is practical after the establishment of the Supplemental Death Benefits program and periodically thereafter as part of each general investigation of the mortality and service experience of the members and annuitants of the System, the actuary shall make such investigation of the mortality experience of the members and eligible annuitants participating in the Supplemental Death Benefits program as is deemed necessary and on the basis of such investigation shall

recommend for adoption by the Board such rates and tables as are considered necessary to determine Supplemental Death Benefits contribution rates.

The rates and tables recommended by the actuary and adopted by the Board may provide for the anticipated mortality experience of persons covered under the Fund, and for a contingency reserve.

(b) Contribution Rates for Supplemental Death Benefits. At the beginning of each municipality's participation in the Supplemental Death Benefits Fund, the actuary shall calculate the Supplemental Death Benefits contribution rate applicable to the municipality for the remainder of that calendar year and thereafter shall calculate the rate applicable for each succeeding calendar year for participation in the Fund. The rate of contribution shall be calculated on the basis of the rates and tables adopted by the Board and effective for the period for which such determination is made and shall be expressed as a percentage of earnings of members of the System employed by such municipality.

Each municipality participating in the Supplemental Death Benefits Fund shall make monthly contributions to the Fund in an amount determined by multiplying the Supplemental Death Benefits contribution rate applicable to such municipality (as calculated by the actuary and approved by the Board) by all earnings during the month of members of the System employed by such municipality.

Such contributions shall be in addition to and shall not be included within the limitations prescribed in other sections of this Act on the rate of contribution which may be made by the participating municipality for benefits under the System.

6. Operation of Supplemental Death Benefits Fund.

All Supplemental Death Benefits contributions required of and paid in by municipalities participating in the Supplemental Death Benefits Fund shall be credited to said Fund, and not to separate accounts of the municipalities participating therein. All Supplemental Death Benefits payable under the provisions of this section shall be paid from said Fund and shall be obligations only of said Fund, and not of other funds of the System.

If at any time the amount of benefit payments due from the Supplemental Death Benefits Fund exceeds the balance of such Fund, the Board may direct that funds be transferred from the Endowment Fund General Reserves Account (to the extent that such money is available) to the Supplemental Death Benefits Fund in such amounts as are necessary to cover the deficiency, and the Board may provide for adjustments in future contributions to the Supplemental Death Benefits Fund such as may be required to restore to the General Reserves

Account of the Endowment Fund the amounts theretofore transferred to the Supplemental Death Benefits Fund.

The Supplemental Death Benefits Fund shall be managed, controlled, and handled as are other funds of the System. Regular interest shall be allowed by the Board on December 31 in each year on the mean amount in the Fund during the year, and the sum so allowed shall be transferred to the Supplemental Death Benefits Fund from the Interest Fund at the time and in the manner in which interest is allowed to other interest-bearing funds of the System.

7. Discontinuance of Fund.

If the total number of members covered under the Fund becomes less than four thousand (4,000), the Board may order the Fund to be discontinued and all coverage terminated at the end of a calendar year as designated by the Board; provided that no such termination date shall be fixed that is less than six (6) months beyond the date of adoption of the order of termination.

8. Reinsurance of Certain Risks.

The Board is authorized, if in its judgment such action is necessary, to secure reinsurance from one or more stock insurance companies doing business in this state, to protect against adverse claim experience. Premiums for such reinsurance shall be paid from the Supplemental Death Benefits Fund.

9. Beneficiaries of Supplemental Death Benefits.

Unless the member shall otherwise direct on written forms adopted by the Board the Supplemental Death Benefit shall be paid:

(a) to such person as a covered member has designated as the beneficiary to whom his accumulated contributions shall be paid; or

(b) to such person as a covered annuitant has designated as the person to whom any remaining payments of the benefit are to be continued after death of the annuitant.

If no designated beneficiary survives the covered member or covered annuitant, as the case may be, the Supplemental Death Benefit shall be paid to his or her estate.

Optional Benefit Package

Sec. XX. 1. The governing body of any participating municipality which began participation on or after January 1, 1976, or which has adopted and allowed Updated Service Credits may adopt the following plan provisions for employees of all of its participating departments to be effective on the first day of any ensuing calendar month:

(a) Each person who becomes an employee of any participating department and who is not already a member of the System shall become a

member of the System as a condition of employment, provided such person is then under sixty (60) years of age;

(b) Any member, after one (1) year from the effective date of membership, shall be eligible for service retirement who has attained the age of fifty (50) years and has completed twenty-five (25) years of creditable service with the municipality electing the provisions of this section, who has attained the age of sixty (60) years and has completed at least ten (10) years of creditable service with participating municipalities which have adopted the plan provisions of this section or who has become eligible for service retirement under any other applicable provision of this Act;

(c) The membership of any member who has completed at least ten (10) years of creditable service with participating municipalities which have adopted the plan provisions of this section shall not terminate because of absence from service; and if the member does not withdraw his accumulated contributions, he shall become eligible for service retirement upon satisfaction of the applicable age and creditable service requirements; and

(d) Any person who is an employee of a participating department of the municipality at the effective date of the adoption by such municipality of the plan provisions of this section, but who at the date of his employment was under sixty (60) years of age but did not become a member because he was then above the maximum age then prescribed by law for initial membership in the System, shall become a member of the System at the effective date of the ordinance, unless he has already become a member because of Subsection 2(f) of Section III, and shall be allowed prior service credit for each month of creditable service performed for such municipality subsequent to the date such person was ineligible for membership and prior to the effective date of his membership. 2. Any municipality hereafter electing to participate in the System shall adopt the plan provisions of this section as a condition of participation.

3. The plan provisions of this section may not be adopted by a participating municipality until it shall have been determined (according to calculations made by the actuary of the System) on the basis of mortality and other tables adopted by the Board (a) that all obligations of the municipality to the Municipality Prior Service Accumulation Fund, including the additional obligations under this section, can be funded by the municipality within its maximum

contribution rate within a period of twenty-five (25) years from the effective date of the municipality's participation in the System, the latest increases in annuities to retired members and beneficiaries, or from the latest effective date of allowance by the municipality of Updated Service Credits, whichever is latest, and (b) that prior service annuities payable thereafter will not result in a probable depletion of the Municipality's Prior Service Accumulation Fund account with the resulting need to reduce prior service annuities payable to retired members.

(1) "Consulting service" means the human service of studying or advising an agency under an independent contract. The term includes routine work provided to an agency under an independent contract that is necessary to the functioning of the agency's programs. The term includes only services for which payment is made from funds:

(A) that are appropriated by the legislature;

(B) that are generated by statutory functions of the agency; or

(3) "State agency" means any state department, commission, board, office, institution, facility, or other agency, including a university system or an institution of higher education as defined in Section 61.003, Texas Education Code, as amended, other than a public junior college.

Exemption

Sec. 2. This Act does not apply to employment of registered professional engineers or registered architects for architectural or engineering studies or for the design or construction of state facilities, private legal counsel, investment counselors, actuaries, or physicians, dentists, or other medical or dental services providers, and it is not intended to discourage their use.

Use and Selection of Private Consultant

Sec. 3. (a) A state agency may use a private consultant only if:

(1) there is a substantial need for the consulting services; and

(2) the state agency cannot adequately perform the consulting services with its own personnel or through contract with another state agency.

(b) In selecting a private consultant, a state agency shall:

(1) base its choice on demonstrated competence, knowledge, and qualifications, and on the reasonableness of the proposed fee for the services; and

(2) when other considerations are equal, give a preference to a private consultant whose principal place of business is within the state or who will manage the consulting engagement wholly from one of its offices within the state.

Notice of Intent to Employ Consultant

Sec. 4. At least 30 days before contracting to use a private consultant whose total anticipated fee exceeds \$10,000, a state agency shall notify the Legislative Budget Board and the Governor's Budget and Planning Office of the agency's intent to use a private consultant and shall supply the Legislative Budget Board and the Governor's Budget and Planning Office with information demonstrating that the agency has complied with the policies of Section 3 of this Act.

Information Relating to Consultant Studies

Sec. 5. (a) After a state agency contracts to use a private consultant, the state agency shall, upon request, supply the Legislative Budget Board and the Governor's Budget and Planning Office with copies of all documents, films, recordings, or reports of intangible results of the consultant service that are developed by the private consultant.

(b) Copies of all documents, films, recordings, or reports of intangible results shall be filed with the Texas State Library and shall be retained by the library at least five years after receipt.

(c) As part of the biennial budgetary hearing process conducted by the Legislative Budget Board and the Governor's Budget and Planning Office, a state agency shall supply the Legislative Budget Board and the Governor's Budget and Planning Office with reports on what action was taken in response to the recommendations of any private consultant employed by the state agency.

Publication in Texas Register

Sec. 6. (a) If it is reasonably foreseeable that a proposed use of a private consultant may involve a contract with a value in excess of \$10,000, a state agency or a regional council of government created under Chapter 570, Acts of the 59th Legislature, Regular Session, 1965, as amended (Article 1011m, Vernon's Texas Civil Statutes), that proposes the use of a private consultant shall file, at least 40 days before contracting with a private consultant, the following information with the Secretary of State for publication in the Texas Register:

- (1) a notice of invitation for offers of consulting services;
- (2) the person who should be contacted by a private consultant who wants to make an offer;
- (3) the closing date for receipt of offers of consulting services; and
- (4) the procedure by which the agency or council of government will award the contract for consulting services.

(b) A state agency or regional council of government that complies with Subsection (a) of this section shall file within 10 days after contracting with

the private consultant the following information with the Secretary of State for publication in the Texas Register:

- (2) the name and business address of the private consultant;
- (3) the total value and the beginning and ending dates of the contract; and
- (4) the due dates of documents, films, recordings, or reports of intangible results that the private consultant is to present to the agency or council of government.

(c) The Texas State Library shall compile a list of documents, films, recordings, and reports of intangible results submitted to it under Section 5(b) of this Act and shall file the list in each quarter of the calendar year with the Secretary of State for publication in the Texas Register.

(d) If the consulting service desired by a state agency is a continuation of a service previously performed by a private consultant, the agency shall state this in the invitation for offers filed with the Secretary of State under Subsection (a) of this section. If the state agency intends to award the contract for the consulting services to the private consultant that previously performed the services unless a better offer is submitted, it shall state this in the invitation for offers.

Conflicts of Interest

Sec. 6A. An officer or employee of a state agency who has a financial interest in a firm or corporation that is a private consultant and that submits an offer to provide consulting services to the agency or who is related within the second degree by consanguinity or affinity to a person having the financial interest shall report the financial interest to the executive head of the state agency not later than the 10th day after the day on which the private consultant submits the consulting services offer.

Restriction on Former Employees of a State Agency

Sec. 6B. A person who offers to perform a consulting service for a state agency and who has been employed by the agency or by another state agency at any time during the two years preceding the making of the offer shall disclose in the offer the nature of the previous employment with the agency or the other state agency, the date of termination of the employment, and the annual rate of compensation for the employment at the time of its termination. A state agency that accepts the offer shall include in the information filed under Subsection (b) of Section 6 of this Act a statement about the previous employment and the nature of the employment.

Contract Void

Sec. 6C. (a) If a state agency contracts to use a private consultant without complying with the requirements of Section 6 of this Act or if a person contracts to perform a consulting service for a state agency without complying with the requirements of Section 6B of this Act, the contract is void.

(b) If a contract is void under this section, the comptroller or a state agency may not make any payments under the contract from any state or federal funds held in or outside the State Treasury.

Legislative Intent

Sec. 6D. (a) It is the intent of the legislature that this Act be interpreted in a manner that assures the greatest fair competition in the selection by state agencies and regional councils of government of private consultants under contracts covered by this Act and that assures that all potential providers of consulting services are afforded notice of the need for and opportunity to provide the services.

(b) This Act is not intended to discourage the use by state agencies or regional councils of government of private consultants if their use may reasonably be expected to result in a more efficient and less costly operation or project. This Act is not intended to prohibit the letting of a sole-source contract for consulting services if no proposal is received from a competent, knowledgeable, and qualified private consultant at a reasonable fee, after the procedures set forth in this Act have been followed.

Art. 6252-13a. Administrative Procedure and Texas Register Act

Purpose

Sec. 1. It is declared the public policy of this state to afford minimum standards of uniform practice and procedure for state agencies, to provide for public participation in the rulemaking process, to provide adequate and proper public notice of proposed agency rules and agency actions through publication of a state register, and to restate the law of judicial review of agency action.

Short Title

Sec. 2. This Act shall be known and may be cited as the Administrative Procedure and Texas Register Act.

Definitions

Sec. 3. As used in this Act:

(1) "Agency" means any state board, commission, department, or officer having statewide jurisdiction, other than an agency wholly financed by federal funds, the legislature, the courts, the Industrial Accident Board, and institutions of higher education, that makes rules or determines contested cases.

(2) "Contested case" means a proceeding, including but not restricted to ratemaking and licensing, in which the legal rights, duties, or privileges of a party are to be determined by an agency after an opportunity for adjudicative hearing.

(3) "License" includes the whole or part of any agency permit, certificate, approval, registration, or similar form of permission required by law.

(4) "Licensing" includes the agency process respecting the granting, denial, renewal, revocation, suspension, annulment, withdrawal, or amendment of a license.

(5) "Party" means each person or agency named or admitted as a party.

(6) "Person" means any individual, partnership, corporation, association, governmental subdivision, or public or private organization of any character other than an agency.

(7) "Rule" means any agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedure or practice requirements of an agency. The term includes the amendment or repeal of a prior rule but does not include statements concerning only the internal management or organization of any agency and not affecting private rights or procedures.

(8) "Register" means the Texas Register established by this Act.

Public Information; Adoption of Rules; Availability of Rules
and Orders

Sec. 4. (a) In addition to other rulemaking requirements imposed by law, each agency shall:

(1) adopt rules of practice setting forth the nature and requirements of all formal and informal procedures available;

(2) index and make available for public inspection all rules and all other written statements of policy or interpretations formulated, adopted, or used by the agency in the discharge of its functions; and

(3) index and make available for public inspection all final orders, decisions, and opinions.

(b) No agency rule, order, or decision made or issued on or after the effective date of this Act is valid or effective against any person or party, nor may it be invoked by the agency for any purpose, until it has been indexed and made available for public inspection as required by this Act. This provision is not applicable in favor of any person or party who has actual knowledge of the rule, order, or decision.

Procedure for Adoption of Rules

Sec. 5. (a) Prior to the adoption of any rule, an agency shall give at least 30 days' notice of its intended action. Notice of the proposed rule shall be filed with the secretary of state and published by the secretary of state in the Texas Register. The notice must include:

(1) a brief explanation of the proposed rule;

(2) the text of the proposed rule, except any portion omitted as provided in Section 6(c) of this Act, prepared in a manner to indicate the words to be added or deleted from the current text, if any;

(3) a statement of the statutory or other authority under which the rule is proposed to be promulgated;

(4) a fiscal note stating the fiscal implications of the proposed rule to the state and to the units of local government of the state, including the total probable cost of enforcing or administering the rule and the amount of revenue that will need to be raised, or will be lost or spent, as a consequence of the rule, each year for the first five years; or stating that the proposed rule has no fiscal implications for the state or for units of local government;

(5) a request for comments on the proposed rule from any interested person; and

(6) any other statement required by law.

(b) Each notice of a proposed rule becomes effective as notice when published in the register. The notice shall be mailed to all persons who have made timely written requests of the agency for advance notice of its rulemaking proceedings. However, fail-

ure to mail the notice does not invalidate any actions taken or rules adopted.

(c) Prior to the adoption of any rule, an agency shall afford all interested persons reasonable opportunity to submit data, views, or arguments, orally or in writing. In the case of substantive rules, opportunity for public hearing must be granted if requested by at least 25 persons, by a governmental subdivision or agency, or by an association having at least 25 members. The agency shall consider fully all written and oral submissions concerning the proposed rule. On adoption of a rule, the agency, if requested to do so by an interested person either prior to adoption or within 30 days after adoption, shall issue a concise statement of the principal reasons for and against its adoption, incorporating in the statement its reasons for overruling the considerations urged against its adoption.

(d) If an agency finds that an imminent peril to the public health, safety, or welfare requires adoption of a rule on fewer than 30 days' notice and states in writing its reasons for that finding, it may proceed without prior notice or hearing or on any abbreviated notice and hearing that it finds practicable to adopt an emergency rule. The rule may be effective for a period of not longer than 120 days renewable once for a period not exceeding 60 days, but the adoption of an identical rule under Subsections (a) and (c) of this section is not precluded. An emergency rule adopted under the provisions of this subsection, and the agency's written reasons for the adoption, shall be filed in the office of the secretary of state for publication in the Texas Register.

(e) No rule hereafter adopted is valid unless adopted in substantial compliance with this section. A proceeding to contest any rule on the ground of noncompliance with the procedural requirements of this section must be commenced within two years after the effective date of the rule.

(f) An agency may use informal conferences and consultations as means of obtaining the viewpoints and advice of interested persons concerning contemplated rulemaking. Each agency also is authorized to appoint committees of experts or interested persons or representatives of the general public to advise it with respect to any contemplated rulemaking. The powers of these committees are advisory only.

(g) Each house of the legislature shall adopt rules establishing a process under which the presiding officer of each house shall refer each proposed agency rule to the appropriate standing committee for review prior to adoption of the rule. When an agency files notice of a proposed rule with the secretary of state pursuant to Subsection (a) of this section, it shall also deliver a copy of the notice to the lieutenant governor and the speaker. On the vote of a majority of its members, a standing committee may transmit to the agency a statement supporting or opposing adoption of a proposed rule.

Creation of Texas Register

Sec. 6. (a) The secretary of state shall compile, index, and publish a publication to be known as the Texas Register, which shall contain:

(1) notices of proposed rules issued after the effective date of this Act and filed in the office of the secretary of state as provided in Section 5 of this Act;

(2) the text of rules adopted after the effective date of this Act and filed in the office of the secretary of state;

(3) notices of open meetings issued after the effective date of this Act and filed in the office of the secretary of state as provided by law;

(4) executive orders issued by the governor after the effective date of this Act;

(5) summaries of requests made after the effective date of this Act for opinions of the attorney general, which shall be prepared by the attorney general and forwarded to the secretary of state;

(6) summaries of opinions of the attorney general issued after the effective date of this Act, which shall be prepared by the attorney general and forwarded to the secretary of state; and

(7) other information of general interest to the public of Texas, which may include, but is not limited to, federal legislation or regulations affecting the state or state agencies and state agency organizational and personnel changes.

(b) The secretary of state shall publish the register at regular intervals, but not less than 100 times each calendar year.

(c) The secretary of state may omit from the register any information the publication of which he deems cumbersome, expensive, or otherwise inexpedient, if the information is made available in printed or processed form by the adopting agency on application for it, and if the register contains a notice stating the general subject matter of the information and the manner in which a copy of it may be obtained.

(d) One copy of each issue of the register shall be made available free on request to each board, commission, and department having statewide jurisdiction, to the governor, to the lieutenant governor, to the attorney general, to each member of the legislature, to each county clerk in the state, and to the supreme court, court of criminal appeals, and each court of civil appeals.

(e) The secretary of state shall make copies of the register available to other persons on payment of reasonable fees to be fixed by the secretary of state.

Filing of Existing Documents

Sec. 7. Before March 1, 1976, each agency shall file in the office of the secretary of state two certified copies of each rule existing on the effective

date of this Act. Existing rules become effective immediately on filing with the secretary of state.

Filing Procedures

Sec. 8. (a) Each agency shall file a document for publication in the Texas Register by delivering to the office of the secretary of state during normal working hours two certified copies of the document to be filed. On receipt of a document required by this Act to be filed in the office of the secretary of state and published in the register, the secretary of state shall note the day and hour of filing on the certified copies. One certified copy of each filed document must be maintained in original form or on microfilm in a permanent register in the office of the secretary of state and, on filing, shall be made available immediately for public inspection during regular business hours.

(b) If there is a conflict, the official text of a rule is the text on file with the secretary of state, and not the text published in the register or on file with the issuing agency.

(c) The secretary of state may promulgate rules to insure the effective administration of this Act. The rules may include, but are not limited to, rules prescribing paper size and the format of documents required to be filed by this Act. The secretary of state may refuse to accept for filing and publication any document that does not substantially conform to the promulgated rules.

(d) The secretary of state may maintain on microfilm the files of agency rules and any other information required by this Act to be published in the register and, after microfilming, destroy the original copies of all information submitted for publication.

Tables of Contents; Certification; Liaison

Sec. 9. (a) Each issue of the register must contain a table of contents.

(b) A cumulative index to all information required by this Act to be published during the previous year shall be published at least once each year.

(c) Each document submitted to the secretary of state for filing or publication as provided in this Act must be certified by an official of the submitting agency authorized to certify documents of that agency.

(d) Each agency shall designate at least one individual to act as a liaison through whom all required documents may be submitted to the secretary of state for filing and publication.

Effect of Filing

Sec. 10. (a) Each rule hereafter adopted becomes effective 20 days after the filing of two certified copies in the office of the secretary of state, except that:

(1) if a later date is required by statute or specified in the rule, the later date is the effective date; and

(2) subject to applicable constitutional or statutory provisions, an emergency rule becomes effective immediately on filing with the secretary of state, or on a stated date less than 20 days thereafter, if the agency finds that this effective date is necessary because of imminent peril to the public health, safety, or welfare; and

(3) if a federal statute or regulation requires that an agency implement a rule by a certain date, the rule is effective on the prescribed date.

(b) An agency finding, as described in Subsection (a)(2) of this section, and a brief statement of the reasons for it, shall be filed with the rule. The agency shall take appropriate measures to make emergency rules known to persons who may be affected by them.

(c) A rule adopted as provided in Subsection (a)(3) of this section shall be filed in the office of the secretary of state and published in the register.

Petition for Adoption of Rules

Sec. 11. Any interested person may petition an agency requesting the adoption of a rule. Each agency shall prescribe by rule the form for petitions and the procedure for their submission, consideration, and disposition. Within 60 days after submission of a petition, the agency either shall deny the petition in writing, stating its reasons for the denial, or shall initiate rulemaking proceedings in accordance with Section 5 of this Act.

Declaratory Judgment on Validity or Applicability of Rules

Sec. 12. The validity or applicability of any rule, including an emergency rule adopted under Section 5(d) of this Act, may be determined in an action for declaratory judgment in a district court of Travis County, and not elsewhere, if it is alleged that the rule, or its threatened application, interferes with or impairs, or threatens to interfere with or impair, the legal rights or privileges of the plaintiff. The agency must be made a party to the action. A declaratory judgment may be rendered whether the plaintiff has requested the agency to pass on the validity or applicability of the rule in question. However, no proceeding brought under this section may be used to delay or stay a hearing after notice of hearing has been given if a suspension, revocation, or cancellation of a license by an agency is at issue before the agency.

Contested Cases; Notice; Hearings; Records

Sec. 13. (a) In a contested case, all parties must be afforded an opportunity for hearing after reasonable notice of not less than 10 days.

(b) The notice must include:

(1) a statement of time, place, and nature of the hearing;

(2) a statement of the legal authority and jurisdiction under which the hearing is to be held;

(3) a reference to the particular sections of the statutes and rules involved; and

(4) a short and plain statement of the matters asserted.

(c) If the agency or other party is unable to state the matters in detail at the time the notice is served, the initial notice may be limited to a statement of the issues involved. Thereafter, on timely written application, a more definite and detailed statement must be furnished not less than three days prior to the date set for the hearing.

(d) Opportunity must be afforded all parties to respond and present evidence and argument on all issues involved.

(e) Unless precluded by law, informal disposition may be made of any contested case by stipulation, agreed settlement, consent order, or default.

(f) The record in a contested case includes:

(1) all pleadings, motions, and intermediate rulings;

(2) evidence received or considered;

(3) a statement of matters officially noticed;

(4) questions and offers of proof, objections, and rulings of them;

(5) proposed findings and exceptions;

(6) any decision, opinion, or report by the officer presiding at the hearing; and

(7) all staff memoranda or data submitted to or considered by the hearing officer or members of the agency who are involved in making the decision.

(g) Proceedings, or any part of them, must be transcribed on written request of any party. The agency may pay the cost of the transcript or assess the cost to one or more parties. This Act does not limit an agency to a stenographic record of proceedings.

(h) Findings of fact must be based exclusively on the evidence and on matters officially noticed.

Interpreters for Deaf Parties and Witnesses

Sec. 13A. (a) If a party or subpoenaed witness in a contested case is deaf, the agency shall provide an interpreter whose qualifications are approved by the State Commission for the Deaf to interpret the proceedings for that person.

(b) In this section, "deaf person" means a person who has a hearing impairment, whether or not the person also has a speech impairment, that inhibits the person's comprehension of the proceedings or communication with others.

Rules of Evidence, Official Notice

Sec. 14. (a) In contested cases, irrelevant, immaterial, or unduly repetitious evidence shall be excluded. The rules of evidence as applied in nonjury civil cases in the district courts of this state shall be followed. When necessary to ascertain facts not reasonably susceptible of proof under those rules, evidence not admissible thereunder may be admitted, except where precluded by statute, if it is of a type commonly relied upon by reasonably prudent men in the conduct of their affairs. Agencies shall give effect to the rules of privilege recognized by law. Objections to evidentiary offers may be made and shall be noted in the record. Subject to these requirements, if a hearing will be expedited and the interests of the parties will not be prejudiced substantially, any part of the evidence may be received in written form.

(b) In connection with any contested case held under the provisions of this Act, an agency may swear witnesses and take their testimony under oath.

(c) On its own motion or on the written request of any party to a contested case pending before it, on a showing of good cause, and on deposit of sums that will reasonably insure payment of the amounts estimated to accrue under Subsections (1)(1) and (2) of this section, an agency shall issue a subpoena addressed to the sheriff or any constable to require the attendance of witnesses and the production of books, records, papers, or other objects as may be necessary and proper for the purposes of the proceedings.

(d) On its own motion or on the written request of any party to a contested case pending before it, on a showing of good cause, and on deposit of sums that will reasonably insure payment of the amounts estimated to accrue under Subsections (1)(1) and (2) of this section, an agency shall issue a commission, addressed to the several officers authorized by statute to take depositions, to require that the deposition of a witness be taken, which commission shall authorize the issuance of any subpoenas necessary to require that the witness appear and produce, at the time the deposition is taken, books, records, papers, or other objects as may be necessary and proper for the purposes of the proceeding. The deposition of a member of an agency board may not be taken after a date has been set for hearing.

(e) The place of taking the depositions shall be in the county of the witness' residence, or where the witness is employed or regularly transacts business in person. The commission shall authorize and require the officer or officers to whom it is addressed, or either of them, to examine the witness before him on the date and at the place named in the commission and to take answers under oath to questions which may be propounded to the witness by the parties to the proceeding, the agency, or the attor-

neys for the parties or the agency. The commission shall require the witness to remain in attendance from day to day until the deposition is begun and completed.

(f) The witness shall be carefully examined, the testimony shall be reduced to writing or typewriting by the officer taking the deposition, or by some person under the officer's personal supervision, or by the deponent in the officer's presence, and by no other person, and shall, after it has been reduced to writing or typewriting, be subscribed by the deponent.

(g) The officer taking the oral deposition may not sustain objections to any of the testimony taken, or exclude any of it, and any of the parties or attorneys engaged in taking testimony have their objections reserved for the action of the agency before which the matter is pending. The administrator or other officer conducting the hearing is not confined to objections made at the taking of the testimony.

(h) When the testimony is fully transcribed, the deposition shall be submitted to the witness for examination and read to or by the witness, unless the examination and reading are waived by the witness and by the parties in writing. However, if the witness is a party to the contested case pending before the agency with an attorney of record, the deposition officer shall notify the attorney of record in writing by registered mail or certified mail that the deposition is ready for examination and reading at the office of the deposition officer, and if the witness does not appear and examine, read, and sign the deposition within 20 days after the mailing of the notice, the deposition shall be returned as provided in this Act for unsigned depositions. In any event, the witness must sign the deposition at least three days prior to the hearing, or it shall be returned as provided in this Act for unsigned depositions. Any changes in form or substance which the witness desires to make shall be entered on the deposition by the officer with a statement of the reasons given by the witness for making them. The deposition shall then be signed by the witness, unless the parties present at the taking of the deposition by stipulation waive the signing or the witness is ill, cannot be found, or refuses to sign. If the deposition is not signed by the witness, the officer shall sign it and state on the record the fact of the waiver, illness, or absence of the witness or the fact of the refusal to sign, together with the reason, if any, given for failure to sign. The deposition may then be used as fully as though signed.

(i) A deposition may be returned to the agency before which the contested case is pending either by mail, or by a party interested in taking the deposition, or by any other person. If returned by mail, the agency shall endorse on the deposition that it was received from the post office and shall cause the

agency employee so receiving the deposition to sign it. If not sent by mail, the person delivering it to the agency shall make affidavit before the agency that he received it from the hands of the officer before whom it was taken, that it has not been out of his possession since, and that it has undergone no alteration.

(j) A deposition, after being filed with the agency, may be opened by any employee of the agency at the request of either party or his counsel. The employee shall endorse on the deposition on what day and at whose request it was opened, signing the deposition, and it shall remain on file with the agency for the inspection of any party.

(k) Regardless of whether cross interrogatories have been propounded, any party is entitled to use the deposition in the contested case pending before the agency.

(l) A witness or deponent who is not a party and who is subpoenaed or otherwise compelled to attend any hearing or proceeding to give a deposition or to produce books, records, papers, or other objects that may be necessary and proper for the purposes of the proceeding under the authority of this section is entitled to receive:

(1) mileage of 10 cents a mile, or a greater amount as prescribed by agency rule, for going to, and returning from the place of the hearing or the place where the deposition is taken, if the place is more than 25 miles from the person's place of residence; and

(2) a fee of \$10 a day, or a greater amount as prescribed by agency rule, for each day or part of a day the person is necessarily present as a witness or deponent.

(m) Mileage and fees to which a witness is entitled under this section shall be paid by the party or agency at whose request the witness appears or the deposition is taken, on presentation of proper vouchers sworn by the witness and approved by the agency.

(n) In the case of failure of a person to comply with a subpoena or commission issued under the authority of this Act, the agency issuing the subpoena or commission, acting through the attorney general, or the party requesting the subpoena or commission, may bring suit to enforce the subpoena or commission in a district court in Travis County. The court, if it determines that good cause exists for the issuance of the subpoena or commission, shall order compliance with the requirements of the subpoena or commission. Failure to obey the order of the court may be punished by the court as contempt.

(o) In contested cases, documentary evidence may be received in the form of copies or excerpts if the original is not readily available. On request, parties shall be given an opportunity to compare the copy with the original.

(p) In contested cases, a party may conduct cross-examinations required for a full and true disclosure of the facts.

(q) In connection with any hearing held under the provisions of this Act, official notice may be taken of all facts judicially cognizable. In addition, notice may be taken of generally recognized facts within the area of the agency's specialized knowledge. Parties shall be notified either before or during the hearing, or by reference in preliminary reports or otherwise, of the material officially noticed, including any staff memoranda or data, and they must be afforded an opportunity to contest the material so noticed. The special skills or knowledge of the agency and its staff may be utilized in evaluating the evidence.

(r) In contested cases, all parties are entitled to the assistance of their counsel before administrative agencies. This right may be expressly waived.

Discovery, Entry on Property; Use of Reports and Statements

Sec. 14a. (a) Upon motion of any party showing good cause therefor and upon notice to all other parties, and subject to such limitations of the kind provided in Rule 186b of the Rules of Civil Procedure as the agency may impose, the agency in which an action is pending may order any party:

(1) to produce and permit the inspection and copying or photographing by or on behalf of the moving party any of the following which are in his possession, custody, or control: any designated documents, papers, books, accounts, letters, photographs, objects, or tangible things, not privileged, which constitute or contain, or are reasonably calculated to lead to the discovery of, evidence material to any matter involved in the action; and

(2) to permit entry upon designated land or other property in his possession or control for the purpose of inspecting, measuring, surveying, or photographing the property or any designated object or operation thereon which may be material to any matter involved in the action.

(b) The order shall specify the time, place, and manner of making the inspection, measurement, or survey and taking the copies and photographs and may prescribe such terms and conditions as are just.

(c) The identity and location of any potential party or witness may be obtained from any communication or other paper in the possession, custody, or control of a party, and any party may be required to produce and permit the inspection and copying of the reports, including factual observations and opinions, of an expert who will be called as a witness. Provided, that the rights herein granted shall not extend to other written statements of witnesses or other written communications passing between agents or representatives or the employees of any party to the suit or to other communications be-

tween any party and his agents, representatives, or other employees, where made subsequent to the occurrence or transaction upon which the suit is based, and made in connection with the prosecution, investigation, or defense of such claim or the circumstances out of which same has arisen.

(d) Any person, whether or not a party, shall be entitled to obtain, upon request, a copy of any statement he has previously made concerning the action or its subject matter and which is in the possession, custody, or control of any party. If the request is refused, the person may move for an agency order under this section. For the purpose of this paragraph, a statement previously made is (1) a written statement signed or otherwise adopted or approved by the person making it, or (2) a stenographic, mechanical, electrical, or other recording, or a transcription thereof, which is a substantially verbatim recital of an oral statement by the person making it and contemporaneously recorded.

Examination of Record by Agency

Sec. 15. If in a contested case a majority of the officials of the agency who are to render the final decision have not heard the case or read the record, the decision, if adverse to a party to the proceeding other than the agency itself, may not be made until a proposal for decision is served on the parties, and an opportunity is afforded to each party adversely affected to file exceptions and present briefs to the officials who are to render the decision. If any party files exceptions or presents briefs, an opportunity must be afforded to all other parties to file replies to the exceptions or briefs. The proposal for decision must contain a statement of the reasons for the proposed decision and of each finding of fact and conclusion of law necessary to the proposed decision, prepared by the person who conducted the hearing or by one who has read the record. The proposal for decision may be amended pursuant to exceptions, replies, or briefs submitted by the parties without again being served on the parties. The parties by written stipulation may waive compliance with this section.

Decisions and Orders

Sec. 16. (a) A final decision or order adverse to a party in a contested case must be in writing or stated in the record.

(b) A final decision must include findings of fact and conclusions of law, separately stated. Findings of fact, if set forth in statutory language, must be accompanied by a concise and explicit statement of the underlying facts supporting the findings. If, in accordance with agency rules, a party submitted proposed findings of fact, the decision shall include a ruling on each proposed finding. Parties shall be notified either personally or by mail of any decision

or order. On written request, a copy of the decision or order shall be delivered or mailed to any party and to his attorney of record.

(c) A decision is final, in the absence of a timely motion for rehearing, on the expiration of the period for filing a motion for rehearing, and is final and appealable on the date of rendition of the order overruling the motion for rehearing, or on the date the motion is overruled by operation of law. If an agency board includes a member who (1) receives no salary for his work as a board member and who (2) resides outside Travis County, the board may rule on a motion for rehearing at a meeting or by mail, telephone, telegraph, or other suitable means of communication. If an agency finds that an imminent peril to the public health, safety, or welfare requires immediate effect of a final decision or order in a contested case, it shall recite the finding in the decision or order as well as the fact that the decision or order is final and effective on the date rendered, in which event the decision or order is final and appealable on the date rendered and no motion for rehearing is required as a prerequisite for appeal.

(d) The final decision or order must be rendered within 60 days after the date the hearing is finally closed. In a contested case heard by other than a majority of the officials of an agency, the agency may prescribe a longer period of time within which the final order or decision of the agency shall be issued. The extension, if so prescribed, shall be announced at the conclusion of the hearing.

(e) Except as provided in Subsection (c) of this section, a motion for rehearing is a prerequisite to an appeal. A motion for rehearing must be filed within 15 days after the date of rendition of a final decision or order. Replies to a motion for rehearing must be filed with the agency within 25 days after the date of rendition of the final decision or order, and agency action on the motion must be taken within 45 days after the date of rendition of the final decision or order. If agency action is not taken within the 45-day period, the motion for rehearing is overruled by operation of law 45 days after the date of rendition of the final decision or order. The agency may by written order extend the period of time for filing the motions and replies and taking agency action, except that an extension may not extend the period for agency action beyond 90 days after the date of rendition of the final decision or order. In the event of an extension, the motion for rehearing is overruled by operation of law on the date fixed by the order, or in the absence of a fixed date, 90 days after the date of the final decision or order.

(f) The parties may by agreement with the approval of the agency provide for a modification of the times provided in this section.

Ex Parte Consultations

Sec. 17. Unless required for the disposition of ex parte matters authorized by law, members or employees of an agency assigned to render a decision or to make findings of fact and conclusions of law in a contested case may not communicate, directly or indirectly, in connection with any issue of fact or law with any agency, person, party, or their representatives, except on notice and opportunity for all parties to participate. An agency member may communicate ex parte with other members of the agency, and pursuant to the authority provided in Subsection (q) of Section 14, members or employees of an agency assigned to render a decision or to make findings of fact and conclusions of law in a contested case may communicate ex parte with employees of the agency who have not participated in any hearing in the case for the purpose of utilizing the special skills or knowledge of the agency and its staff in evaluating the evidence.

Licenses

Sec. 18. (a) When the grant, denial, or renewal of a license is required to be preceded by notice and opportunity for hearing, the provisions of this Act concerning contested cases apply.

(b) When a licensee has made timely and sufficient application for the renewal of a license or a new license for any activity of a continuing nature, the existing license does not expire until the application has been finally determined by the agency, and in case the application is denied or the terms of the new license limited, until the last day for seeking review of the agency order or a later date fixed by order of the reviewing court.

(c) No revocation, suspension, annulment, or withdrawal of any license is effective unless, prior to the institution of agency proceedings, the agency gave notice by personal service or by registered or certified mail to the licensee of facts or conduct alleged to warrant the intended action, and the licensee was given an opportunity to show compliance with all requirements of law for the retention of the license.

Judicial Review of Contested Cases

Sec. 19. (a) A person who has exhausted all administrative remedies available within the agency and who is aggrieved by a final decision in a contested case is entitled to judicial review under this Act. This section is cumulative of other means of redress provided by statute.

(b) Proceedings for review are instituted by filing a petition within 30 days after the decision complained of is final and appealable. Unless otherwise provided by statute:

(1) the petition is filed in a District Court of Travis County, Texas;

(2) a copy of the petition must be served on the agency and all parties of record in the proceedings before the agency; and

(3) the filing of the petition vacates an agency decision for which trial de novo is the manner of review authorized by law, but does not affect the enforcement of an agency decision for which another manner of review is authorized.

(c) If the manner of review authorized by law for the decision complained of is by trial de novo, the reviewing court shall try all issues of fact and law in the manner applicable to other civil suits in this state but may not admit in evidence the fact of prior agency action or the nature of that action (except to the limited extent necessary to show compliance with statutory provisions which vest jurisdiction in the court). Any party to a trial de novo review may have, on demand, a jury determination of all issues of fact on which such a determination could be had in other civil suits in this state.

(d) If the manner of review authorized by law for the decision complained of is other than by trial de novo:

(1) after service of the petition on the agency, and within the time permitted for filing an answer (or such additional time as may be allowed by the court), the agency shall transmit to the reviewing court the original or a certified copy of the entire record of the proceeding under review. By stipulation of all parties to the review proceedings, the record may be shortened. A party unreasonably refusing to stipulate to limit the record may be taxed by the court for the additional costs. The court may require or permit subsequent corrections or additions to the record;

(2) any party may apply to the court for leave to present additional evidence and the court, if it is satisfied that the additional evidence is material and that there were good reasons for the failure to present it in the proceeding before the agency, may order that the additional evidence be taken before the agency on conditions determined by the court. The agency may modify its findings and decision by reason of the additional evidence and shall file such evidence and any modifications, new findings, or decisions with the reviewing court;

(3) the review is conducted by the court sitting without a jury and is confined to the record, except that the court may receive evidence of procedural irregularities alleged to have occurred before the agency but which are not reflected in the record.

(e) The scope of judicial review of agency decisions is as provided by the law under which review is sought. Where the law authorizes appeal by trial de novo, the courts shall try the case in the manner applicable to other civil suits in this state and as

though there had been no intervening agency action or decision. Where the law authorizes review under the substantial evidence rule, or where the law does not define the scope of judicial review, the court may not substitute its judgment for that of the agency as to the weight of the evidence on questions committed to agency discretion but may affirm the decision of the agency in whole or in part and shall reverse or remand the case for further proceedings if substantial rights of the appellant have been prejudiced because the administrative findings, inferences, conclusions, or decisions are:

- (1) in violation of constitutional or statutory provisions;
- (2) in excess of the statutory authority of the agency;
- (3) made upon unlawful procedure;
- (4) affected by other error of law;
- (5) not reasonably supported by substantial evidence in view of the reliable and probative evidence in the record as a whole; or
- (6) arbitrary or capricious or characterized by abuse of discretion or clearly unwarranted exercise of discretion.

Appeals

Sec. 20. Appeals from any final judgment of the district court may be taken by any party in the manner provided for in civil actions generally, but no appeal bond may be required of an agency.

Exceptions

Sec. 21. (a) This Act does not apply to suspensions of driver's licenses as authorized in Article IV, Chapter 173, Acts of the 47th Legislature, Regular Session, 1941, as amended (Article 6687b, Vernon's Texas Civil Statutes).

(b) Sections 12 through 20 of this Act do not apply to the granting, payment, denial, or withdrawal of financial or medical assistance or benefits under service programs of the State Department of Public Welfare.

(c) Sections 12 through 20 of this Act do not apply to the Texas Department of Mental Health and Mental Retardation in the allocation of grants-in-aid by the department to mental health and mental retardation services provided by community centers.

Text of subsec. (d) added by Acts 1977, 65th Leg., p. 1960, ch. 780, § 2

(d) This Act does not apply to matters related solely to the internal personnel rules and practices of an agency.

Text of subsec. (d) added by Acts 1977, 65th Leg., p. 2193, ch. 866, § 1

(d) Sections 12 through 20 of this Act do not apply to action by the Commissioner of Banking or

the State Banking Board with respect to the issuance of a state bank charter for a bank to assume the assets and liabilities of a state bank the commissioner deems to be in an unsafe condition as defined in Section 1, Article 1a, Chapter VIII, Texas Banking Code of 1943.¹

(e) Sections 12 through 20 of this Act do not apply to the Texas Board of Pardons and Paroles in the conducting of hearings or interviews relating to the grant, rescission, or revocation of parole or other form of administrative release.

(f) Sections 12 through 20 do not apply to hearings by the Texas Employment Commission to determine whether or not a claimant is entitled to unemployment compensation nor shall the remainder of this Act have applicability to other than matters of unemployment insurance maintained by the Texas Employment Commission. In regard to the applicability of Sections 1 through 11, regarding unemployment insurance matters, the agency is precluded from complying with Subdivision (3) of Subsection (a) and Subsection (b) of Section 4 as related to orders and decisions.

Chapter 274, Acts of the 57th Legislature, Regular Session, 1961, as amended (Article 6252-13, Vernon's Texas Civil Statutes), and all other laws and parts of laws in conflict with this Act are repealed. This Act does not repeal any existing statutory provisions conferring investigatory authority on any agency, including any provision which grants an agency the power, in connection with investigatory authority, to take depositions, administer oaths or affirmations, examine witnesses, receive evidence, conduct hearings, or issue subpoenas or summons.

Definitions

Sec. 2. As used in this Act:

(1) "Agency" means any state board, commission, department, or officer having statewide jurisdiction, other than an agency wholly financed by federal funds, the legislature, the courts, the Industrial Accident Board, and institutions of higher education, that makes rules or determines contested cases.

(2) "Code" means the Texas Administrative Code established by this Act.

(3) "Rule" means any agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedure or practice requirements of an agency. The term includes the amendment or repeal of a prior rule but does not include statements concerning only the internal management or organization of any agency and not affecting private rights or procedures.

Periodic supplementation of the code shall be made as often as necessary, but not less than once each year. The code shall contain all rules adopted by each agency pursuant to the Administrative Procedure and Texas Register Act,¹ but shall not contain emergency rules adopted pursuant to Section 10(a)(2) of that Act. The code shall also contain appropriate annotations to judicial decisions and opinions of the Attorney General of the State of Texas.

(b) The secretary of state may omit from the code all rules which are general in form but of such local or limited application as to make their inclusion therein impracticable, undesirable, or unnecessary. The secretary of state may also omit from the code any information the publication of which he deems cumbersome, expensive, or otherwise inexpedient, if the information is made available in printed or processed form by the adopting agency on application for it, and if the code contains a notice stating the general subject matter of the information and the manner in which a copy of it may be obtained. Any such exclusions from publication in the code shall not affect the validity or effectiveness of any rules omitted.

Art. 6252-17. Prohibition on Governmental Bodies From Holding Meetings Which are Closed to the Public

[See Compact Edition, Volume 5 for text of 1 and 2]

Mandamus or Injunction to Prevent Closed Meetings

Sec. 3. Any interested person, including bona fide members of the news media, may commence an action either by mandamus or injunction for the purpose of stopping or preventing violations or threatened violations of this Act by members of a governing body.

Notice of Meetings

Sec. 3A. (a) Written notice of the date, hour, place, and subject of each meeting held by a governmental body shall be given before the meeting as prescribed by this section, and any action taken by a governmental body at a meeting on a subject which was not stated on the agenda in the notice posted for such meeting is voidable. The requirement for notice prescribed by this section does not apply to matters about which specific factual information or a recitation of existing policy is furnished in response to an inquiry made at such meeting, whether such inquiry is made by a member of the general public or by a member of the governmental body. Any deliberation, discussion, or decision with respect to the subject about which inquiry was made shall be limited to a proposal to place such subject on the agenda for a subsequent meeting of such governmental body for which notice has been provided in compliance with this Act.

Provided further, that where a meeting has been called with notice thereof posted in accordance with this subsection, additional subjects may be added to the agenda for such meeting by posting a supplemental notice, in which the emergency or urgent public necessity requiring consideration of such additional subjects is expressed. In the event of an emergency meeting, or in the event any subject is added to the agenda in a supplemental notice posted for a meeting other

than an emergency meeting, it shall be sufficient if the notice or supplemental notice is posted two hours before the meeting is convened, and the presiding officer or the member calling such emergency meeting or posting supplemental notice to the agenda for any other meeting shall, if request therefor containing all pertinent information has previously been filed at the headquarters of the governmental body, give notice by telephone or telegraph to any news media requesting such notice and consenting to pay any and all expenses incurred by the governmental body in providing such special notice. The notice provisions for legislative committee meetings shall be as provided by the rules of the house and senate.

(c) Appointments to the commission shall be made without regard to the race, creed, sex, religion, or national origin of the appointees. Each member of the commission shall be a citizen of Texas and a qualified voter. Six members shall have been engaged in the real estate brokerage business as licensed real estate brokers as their major occupations for at least five years next preceding their appointments. Three members must be representatives of the general public who are not licensed under this Act and who do not have, other than as consumers, a financial interest in the practice of a real estate broker or real estate salesman. It is grounds for removal from the commission if:

(1) a broker-member of the commission ceases to be a licensed real estate broker;

(2) a public member of the commission or a person related to the member within the second degree by consanguinity or within the second degree by affinity acquires a real estate license or a financial interest in the practice of real estate; or

(3) a member of the commission or a person related to the member within the second degree by consanguinity or within the second degree by affinity becomes an employee or paid consultant of a real estate trade association or an officer of a statewide real estate trade association elected by the entire voting membership of the statewide association.

(d) Each member of the commission shall receive as compensation for each day actually spent on his official duties the sum of \$50 and his actual and necessary expenses incurred in the performance of his official duties.

(e) The commission shall have the authority and power to make and enforce all rules and regulations necessary for the performance of its duties, to establish standards of conduct and ethics for its licensees in keeping with the purposes and intent of this Act or to insure compliance with the provisions of this Act. If the appropriate standing committees of both houses of the legislature acting under Subsection (g), Section 5, Administrative Procedure and Texas Register Act, as added (Article 6252-13a, Vernon's Texas Civil Statutes), transmit to the commission statements opposing adoption of a rule under that section, the rule may not take effect, or if the rule has already taken effect, the rule is repealed effective on the date the commission receives the committees' statements. In addition to any other action, proceeding, or remedy authorized by law, the commission shall have the right to institute an action in its own name to enjoin any violation of any provision of this Act or any rule or regulation of the commission and in order for the commission to sustain such action it shall not be necessary to allege or prove, either than an adequate remedy at law does not exist, or that substantial or irreparable damage would result from the continued violation thereof. Either party to such action may appeal to the appellate court having jurisdiction of said cause. The commission shall not be required to give any appeal bond in any action or proceeding to enforce the provisions of this Act.

(f) The commission is empowered to select and name an administrator, who shall also act as executive secretary, and to select and employ such other subordinate officers and employees as are necessary to administer this Act. The salaries of the administrator and the officers and employees shall be fixed by the commission not to exceed such amounts as are fixed by the applicable general appropriations bill.

The commission may designate a subordinate officer as assistant administrator who shall be authorized to act for the administrator in his absence. A person who is required to register as a lobbyist under Chapter 422, Acts of the 63rd Legislature, Regular Session, 1973, as amended (Article 6252-9c, Vernon's Texas Civil Statutes), may not act as the general counsel to the commission or serve as a member of the commission.

(g) When in this Act a power, right, or duty is conferred on the commission, the power, right, or duty shall be exercised by the administrator or by the assistant administrator, unless the commission directs otherwise by an order entered in the minutes of a commission meeting; and in such case, the power, right, or duty shall rest in or on the commission. Service of process on the administrator or assistant administrator shall be service of process on the commission. Reports, notices, applications, or instruments of any kind required to be filed with the commission shall be considered filed with the commission if filed with the administrator or assistant administrator. A decision, order, or act of the commission referred to in this Act, other than an order of the commission relative to the administrator or his powers, rights, or duties, means and includes an order, decision, or act of the administrator or of the assistant administrator when duly acting for the administrator. Where the commission is authorized in this Act to delegate authority or to designate agents, the administrator, or the assistant administrator when duly acting for the administrator, shall have the right and the power to delegate authority and designate agents, unless the commission shall enter its order in the minutes of a commission meeting directing otherwise. The administrator, or the assistant administrator when duly acting for the administrator, shall act as manager, secretary, and custodian of all records, unless the commission shall otherwise order, and each shall devote his entire time to his office.

(h) The commission shall adopt a seal of a design which it shall prescribe. Copies of all records and papers in the office of the commission, duly certified and authenticated by the seal of the commission, shall be received in evidence in all courts with like effect as the original.

(i) Except as provided in Subsection (j) of this section, all money derived from fees, assessments, or charges under this Act, shall be paid by the commission into the State Treasury for safekeeping, and shall be placed by the State Treasurer in a separate fund to be available for the use of the commission in the administration of this Act on requisition by the commission. A necessary amount of the money so paid into the State Treasury is hereby specifically appropriated to the commission for the purpose of paying the salaries and expenses necessary and prop-

er for the administration of this Act, including equipment and maintenance of supplies for the offices or quarters occupied by the commission, and necessary travel expenses for the commission or persons authorized to act for it when performing duties under this Act. At the end of the state fiscal year, any unused portion of the funds in the special account, except such funds as may be appropriated to administer this Act pending receipt of additional revenues available for that purpose, shall be paid into the General Revenue Fund. The comptroller shall, on requisition of the commission, draw warrants from time to time on the State Treasurer for the amount specified in the requisition, not exceeding, however, the amount in the fund at the time of making a requisition. However, all money expended in the administration of this Act shall be specified and determined by itemized appropriation in the general departmental appropriation bill for the Texas Real Estate Commission, and not otherwise.

(j) Fifteen dollars received by the commission for each annual certification of real estate broker licensure status and \$7.50 received by the commission for each annual certification of real estate salesman licensure status shall be transmitted to Texas A&M University for deposit in a separate banking account. The money in the separate account shall be expended for the support and maintenance of the Texas Real Estate Research Center and for carrying out the purposes, objectives, and duties of the center.

(k) The Texas Real Estate Commission is subject to the Texas Sunset Act¹; and unless continued in existence as provided by that Act the commission is abolished, and this Act expires effective September 1, 1991.

(l) The commission is subject to the open meetings law, Chapter 271, Acts of the 60th Legislature, Regular Session, 1967, as amended (Article 6252-17, Vernon's Texas Civil Statutes), and the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes).

¹ Article 5429k.

Licenses; Qualification

Sec. 6. (a) A person desiring to act as a real estate broker in this state shall file an application for a license with the commission on a form prescribed by the commission. A broker desiring to engage a person to participate in real estate brokerage activity shall join the person in filing an application for a salesman license on a form prescribed by the commission.

(b) To be eligible for a license, an individual must be a citizen of the United States or a lawfully admitted alien, be at least 18 years of age, and be a legal resident of Texas for at least 60 days immediately preceding the filing of an application, and must satisfy the commission as to his honesty, trust-

worthiness, integrity, and competency. However, the competency of the individual, for the purpose of qualifying for the granting of licensure privileges, shall be judged solely on the basis of the examination referred to in Section 7 of this Act.

(c) To be eligible for a license, a corporation must designate one of its officers to act for it. The designated person must be a citizen of the United States or a lawfully admitted alien, be at least 18 years of age, and be a resident of Texas for at least 60 days immediately preceding the filing of an application, and must be qualified to be licensed individually as a real estate broker. However, the competency of the person shall be judged solely on the basis of the examination referred to in Section 7 of this Act.

Moral Character Checks

Sec. 6A. (a) If, at any time before a person applies for a license under this Act, the person requests the commission to determine whether his moral character complies with the commission's moral character requirements for licensing under this Act and the person pays a \$10 fee for the moral character determination, the commission shall make its determination of the person's moral character.

(b) Not later than the 30th day after the day on which the commission makes its determination, the commission shall give the person notice of the determination.

(c) If the person later applies for a license under this Act, the commission may conduct a supplemental moral character check of the person. The supplemental check may cover only the time since the day on which the person requested the original moral character determination.

Examinations, Educational Requirements; Evidence of Qualification

Sec. 7. (a) Competency as referred to in Section 6 of this Act shall be established by an examination prepared by or contracted for by the commission. The examination shall be given at such times and at such places within the state as the commission shall prescribe. The examination shall be of scope sufficient in the judgment of the commission to determine that a person is competent to act as a real estate broker or salesman in a manner to protect the interest of the public. The examination for a salesman license shall be less exacting and less stringent than the examination for a broker license. The commission shall furnish each applicant with study material and references on which his examination shall be based. When an applicant for real estate licensure fails a qualifying examination, he may apply for reexamination by filing a request therefor together with the proper fee. The examination requirement shall be satisfied within one year from the date the application for a license is filed.

Courses of study required for licensure shall include but not be limited to the following: arithmetical calculations as used in real estate transactions; rudimentary principles of conveyancing; the general purposes and effect of deeds, deeds of trust, mortgages, land contracts of sales, leases, liens, and listing contracts; elementary principles of land economics and appraisals; fundamentals of obligations between principal and agent; principles of real estate practice and canons of ethics pertaining thereto; and the provisions of this Act and rules and regulations of the commission.

(b) The commission shall waive the examination of an applicant for broker licensure who has, within one year previous to the filing of his application, been licensed in this state as a broker, and shall waive the examination of an applicant for salesman licensure who has, within one year previous to the filing of his application, been licensed in this state as either a broker or salesman.

(c) From and after the effective date of this Act, each applicant for broker licensure shall furnish the commission satisfactory evidence that he has had not less than two years active experience in this state as a licensed real estate salesman practitioner during the 36-month period immediately preceding the filing of the application; and, in addition, prior to January 1, 1977, shall furnish the commission satisfactory evidence that he has successfully completed 180 classroom hours in real estate courses or related courses accepted by the commission. On or after January 1, 1977, an applicant for real estate broker licensure shall submit evidence, satisfactory to the commission, of successful completion at an accredited college or university of 12 semester hours of real estate or related courses accepted by the commission, or of a course of study accepted by the commission as being equivalent to the courses offered by accredited colleges and universities. On or after January 1, 1979, the number of required semester hours shall be increased to 15; on or after January 1, 1981, the number of required semester hours shall be increased to 36; and on or after January 1, 1983, the number of required semester hours shall be increased to 48. On or after January 1, 1985, an applicant for a real estate broker license shall submit evidence, satisfactory to the commission, that he has successfully completed 60 semester hours in real estate or related courses accepted by the commission from an accredited college or university, or that he has completed a course of study accepted by the commission as being equivalent to the courses offered by accredited colleges and universities. The requirement of not less than two years experience as a Texas real estate licensee during the 36-month period immediately preceding the filing of the application for broker licensure shall not apply to applications submitted on or after January 1, 1985. These

qualifications for broker licensure shall not be required of an applicant who, at the time of making the application, is duly licensed as a real estate broker by any other state in the United States if that state's requirements for licensure are comparable to those of Texas.

(d) From and after the effective date of this Act, as a prerequisite for applying for salesman licensure prior to January 1, 1977, each applicant shall furnish the commission satisfactory evidence that he has completed 30 classroom hours in a basic real estate fundamentals course or related course accepted by the commission. As a condition for the second annual certification of salesman licensure privileges, the licensee shall furnish the commission satisfactory evidence that he has successfully completed an additional 30 classroom hours of real estate courses or related courses accepted by the commission, and as a condition for the third annual certification of salesman licensure privileges, the licensee shall furnish the commission satisfactory evidence that he has successfully completed an additional 30 classroom hours of real estate courses or related courses accepted by the commission. On or after January 1, 1977, an applicant for real estate salesman licensure shall submit evidence, satisfactory to the commission, of successful completion at an accredited college or university of six semester hours of real estate courses or related courses accepted by the commission, or of a course of study accepted by the commission as being equivalent to the courses offered by accredited colleges and universities. On or after January 1, 1979, the number of required semester hours shall be increased to 12; on or after January 1, 1981, the number of required semester hours shall be increased to 21; and on or after January 1, 1983, the number of required semester hours shall be increased to 36.

(e) On or after January 1, 1985, the commission shall accept applications for broker licensure only, and each license issued on or after January 1, 1985, shall be designated as a license to practice real estate.

(f) Insofar as is necessary for the administration of this Act, the commission is authorized to inspect and accredit educational programs or courses of study in real estate and to establish standards of accreditation for such programs conducted in the State of Texas, other than accredited colleges and universities. Schools, other than accredited colleges and universities, which are authorized to offer real estate educational courses pursuant to provisions of this section shall be required to maintain a corporate surety bond in the sum of \$10,000 payable to the commission, for the benefit of a party who may suffer damages resulting from failure of a commission approved school or course to fulfill obligations attendant to the approval.

(g) A person who is licensed as a salesman on the effective date of this Act is not subject to the educational requirements or prerequisites of this Act as a condition for holding salesman licensure privileges. A person who is licensed as a broker on the effective date of this Act is not subject to the educational requirements or prerequisites of this Act as a condition for holding broker licensure privileges. A person who is licensed as a real estate salesman on the effective date of this Act may submit an application for broker licensure during the 24-month period immediately following such date if he furnishes evidence satisfactory to the commission that he meets the prerequisites for applying for broker licensure in force and effect on the day prior to the effective date of this Act.

(h) Notwithstanding any other provision of this Act, from and after the effective date of this Act each applicant for broker licensure shall furnish the commission with satisfactory evidence:

(1) that he has satisfied the requirements of Subsection (c) of this section;

(2) that he has satisfied the requirements for broker licensure effective on or after January 1, 1985, as provided by Subsection (c) of this section;

(3) that he is a licensed real estate broker in another state, that he has had not less than two years' active experience in the other state as a licensed real estate salesman or broker during the 36-month period immediately preceding the filing of the application, and that he has satisfied the educational requirements for broker licensure as provided by Subsection (c) of this section; or

(4) that he has, within one year previous to the filing of his application, been licensed in this state as a broker.

(i) Notwithstanding any other provision of this Act, the commission shall waive the requirements of Subsection (d) of Section 7 of this Act for an applicant for salesman licensure who has, within one year previous to the filing of his application, been licensed in this state as a broker or salesman. However, with respect to an applicant for salesman licensure who was licensed as a salesman within one year previous to the filing of the application but whose original licensure privileges were issued under the provisions that second and third annual certification of the licensure privileges would be conditioned upon furnishing satisfactory evidence of successful completion of additional education, the commission shall require the applicant to furnish satisfactory evidence of successful completion of any additional education that would have been required if the licensure privileges had been maintained without interruption during the previous year.

(j) Not later than the 30th day after the day on which a person completes an examination adminis-

tered by the commission, the commission shall send to the person his or her examination results. If requested in writing by a person who fails the examination, the commission shall send to the person not later than the 30th day after the day on which the request is received by the commission an analysis of the person's performance on the examination.

(k) All applicants for licensure must complete at least three classroom hours of coursework on federal, state, and local laws governing housing discrimination, housing credit discrimination, and community reinvestment or at least three semester hours of coursework on constitutional law.

Real Estate Recovery Fund

Sec. 8. Part 1. (a) The commission shall establish a real estate recovery fund which shall be set apart and maintained by the commission as provided in this section. The fund shall be used in the manner provided in this section for reimbursing aggrieved persons who suffer monetary damages by reason of certain acts committed by a duly licensed real estate broker or salesman, or by an unlicensed employee or agent of a broker or salesman, provided the broker or salesman was licensed by the State of Texas at the time the act was committed, provided the act was performed in the scope of activity which constitutes a broker or salesman as defined by this Act, and provided recovery is ordered by a court of competent jurisdiction against the broker or salesman. The use of the fund as provided in Part 1 of this section is limited to an act that is either:

(1) a violation of Section 15(3) and (4) of this Act, or

(2) conduct which constitutes fraud, misrepresentation, deceit, false pretenses, or trickery.

(b) On the effective date of this Act, the commission shall collect from each real estate broker and salesman licensed by this state a fee of \$10 which shall be deposited in the real estate recovery fund. The commission shall suspend a license issued under the provisions of this Act for failure to pay this fee. After the effective date of this Act, when a person makes application for an original license pursuant to this Act he shall pay, in addition to his original license application fee, a fee of \$10 which shall be deposited in the real estate recovery fund. If the commission does not issue the license, this fee shall be returned to the applicant.

Part 2. If on December 31 of any year the balance remaining in the real estate recovery fund is less than \$300,000, each real estate broker and each real estate salesman, on recertification of his license during the following calendar year, shall pay, in addition to his license recertification fee, a fee of \$10, which shall be deposited in the real estate recovery fund, or a pro rata share of the amount

necessary to bring the fund to \$1 million, whichever is less.

Part 3. (a) No action for a judgment which subsequently results in an order for collection from the real estate recovery fund shall be started later than two years from the accrual of the cause of action. When an aggrieved person commences action for a judgment which may result in collection from the real estate recovery fund, the real estate broker or real estate salesman shall notify the commission in writing to this effect at the time of the commencement of the action.

(b) When an aggrieved person recovers a valid judgment in a court of competent jurisdiction against a real estate broker, or real estate salesman, on the grounds described in Part 1(a) of this section that occurred on or after the effective date of this Act, the aggrieved person may, after final judgment has been entered, execution returned nulla bona, and a judgment lien perfected, file a verified claim in the court in which the judgment was entered and, on 20 days' written notice to the commission, may apply to the court for an order directing payment out of the real estate recovery fund of the amount unpaid on the judgment, subject to the limitations stated in Part 8 of this section.

(c) The court shall proceed on the application forthwith. On the hearing on the application, the aggrieved person is required to show that:

(1) the judgment is based on facts allowing recovery under Part 1(a) of this section;

(2) he is not a spouse of the debtor, or the personal representative of the spouse;

(3) he has obtained a judgment as set out in Part 3(b) of this section, stating the amount of the judgment and the amount owing on the judgment at the date of the application;

(4) the judgment debtor lacks sufficient attachable assets to satisfy the judgment; and

(5) the amount that may be realized from the sale of real or personal property or other assets liable to be sold or applied in satisfaction of the judgment and the balance remaining due on the judgment after application of the amount that may be realized.

(d) The court shall make an order directed to the commission requiring payment from the real estate recovery fund of whatever sum it finds to be payable on the claim, pursuant to and in accordance with the limitations contained in this section, if the court is satisfied, on the hearing, of the truth of all matters required to be shown by the aggrieved person by Part 3(c) of this section and that the aggrieved person has satisfied all of the requirements of Parts 3(b) and (c) of this section.

(e) If the commission pays from the real estate recovery fund any amount toward satisfaction of a judgment against a licensed real estate broker or real estate salesman, the license of the broker or salesman shall be automatically revoked on the issuance of a court order authorizing payment from the real estate recovery fund. No broker or salesman is eligible to receive a new license until he has repaid in full, plus interest at the current legal rate, the amount paid from the real estate recovery fund on his account. A discharge in bankruptcy shall not relieve a person from the penalties and disabilities provided in this Act.

Part 4. The sums received by the real estate commission for deposit in the real estate recovery fund shall be held by the commission in trust for carrying out the purposes of the real estate recovery fund. These funds may be invested and reinvested in the same manner as funds of the Texas State Employees Retirement System, and the interest from these investments shall be deposited to the credit of the real estate recovery fund, provided, however, that no investments shall be made which will impair the necessary liquidity required to satisfy judgment payments awarded pursuant to this section.

Part 5. When the real estate commission receives notice of entry of a final judgment and a hearing is scheduled under Part 3(d) of this section, the commission may notify the Attorney General of Texas of its desire to enter an appearance, file a response, appear at the court hearing, defend the action, or take whatever other action it deems appropriate on behalf of, and in the name of, the defendant, and take recourse through any appropriate method of review on behalf of, and in the name of, the defendant. In taking such action the real estate commission and attorney general shall act only to protect the fund from spurious or unjust claims.

Part 6. When, on the order of the court, the commission has paid from the real estate recovery fund any sum to the judgment creditor, the commission shall be subrogated to all of the rights of the judgment creditor to the extent of the amount paid. The judgment creditor shall assign all his right, title, and interest in the judgment up to the amount paid by the commission which amount shall have priority for repayment in the event of any subsequent recovery on the judgment. Any amount and interest recovered by the commission on the judgment shall be deposited to the fund.

Part 7. The failure of an aggrieved person to comply with the provisions of this section relating to the real estate recovery fund shall constitute a waiver of any rights under this section.

Part 8. (a) Notwithstanding any other provision, payments from the real estate recovery fund are

subject to the conditions and limitations in Subsections (b) through (d) of this part.

(b) Payments may be made only pursuant to an order of a court of competent jurisdiction, as provided in Part 3, and in the manner prescribed by this section.

(c) Payments for claims, including attorneys' fees, interest, and court costs, arising out of the same transaction shall be limited in the aggregate to \$20,000 regardless of the number of claimants.

(d) Payments for claims based on judgments against any one licensed real estate broker or salesman may not exceed in the aggregate \$50,000, until the fund has been reimbursed by the licensee for all amounts paid.

Part 9. Nothing contained in this section shall limit the authority of the commission to take disciplinary action against a licensee for a violation of this Act or the rules and regulations of the commission; nor shall the repayment in full of all obligations to the real estate recovery fund by a licensee nullify or modify the effect of any other disciplinary proceeding brought pursuant to this Act.

Part 10. Any person receiving payment out of the real estate recovery fund pursuant to Section 8 of this Act shall be entitled to receive reasonable attorney fees as determined by the court, subject to the limitations stated in Part 8 of this section.

**Issuance of License; Annual Certification Fees;
Expiration Dates**

Sec. 9. (a) When an applicant has satisfactorily met all requirements and conditions of this Act, a license shall be issued which may remain in force and effect so long as the holder of the license remains in compliance with the obligations of this Act, which include payment of the annual certification fee as provided in Section 11 of this Act. Annual certification fees shall be paid in September, October, and November of each calendar year. Each salesman license issued shall be delivered or mailed to the broker with whom the salesman is associated and shall be kept under his custody and control.

(b) An applicant is not permitted to engage in the real estate business either as a broker or salesman until a license evidencing his authority to engage in the real estate business has been received.

(c) The commission by rule may adopt a system under which licenses expire on various dates during the year. Dates for payment of the annual certification fee shall be adjusted accordingly. For the year in which the certification date is changed, annual certification fees payable shall be prorated on a monthly basis so each licensee shall pay only that portion of the license fee which is allocable to the number of months during which the license is valid.

On certification of the license on the new certification date, the total annual certification fee is payable.

Refusal to Issue License; Review

Sec. 10. If the commission declines or fails to license an applicant, it shall immediately give written notice of the refusal to the applicant. Before the applicant may appeal to a district court as provided in Section 18 of this Act, he must file within 10 days after the receipt of the notice an appeal from the ruling, requesting a time and place for a hearing before the commission. The commission shall set a time and place for the hearing within 30 days from the receipt of the appeal, giving 10 days' notice of the hearing to the applicant. The time of the hearing may be continued from time to time with the consent of the applicant. Following the hearing, the commission shall enter an order which is, in its opinion, appropriate in the matter concerned.

If an applicant fails to request a hearing as provided in this section, the commission's ruling shall become final and not subject to review by the courts.

Fees

Sec. 11. The commission shall charge and collect the following fees:

(1) a fee not to exceed \$40 for the filing of an original application for real estate broker licensure;

(2) a fee not to exceed \$40 for annual certification of real estate broker licensure status;

(3) a fee not to exceed \$20 for the filing of an original application for salesman licensure;

(4) a fee not to exceed \$20 for annual certification of real estate salesman licensure status;

(5) a fee not to exceed \$10 for taking a license examination;

(6) a fee not to exceed \$10 for filing a request for a license for each additional office or place of business;

(7) a fee not to exceed \$10 for filing a request for a license for a change of place of business or change of sponsoring broker;

(8) a fee not to exceed \$10 for filing a request to replace a license lost or destroyed;

(9) a fee not to exceed \$400 for filing an application for approval of a real estate course pursuant to the provisions of Subsection (f) of Section 7 of this Act; and

(10) a fee not to exceed \$200 per annum for and in each year of operation of a real estate course, established pursuant to the provisions of Subsection (f) of Section 7 of this Act.

Maintenance and Location of Offices; Display of License

Sec. 12. (a) Each resident broker shall maintain a fixed office within this state. The address of the office shall be designated on the broker's license. Within 10 days after a move from a previously designated address, the broker shall submit applications for new licenses for himself and each salesman associated with him, designating the new location of his office, together with the required fee, or fees, whereupon the commission shall issue a license, or licenses, reflecting the new location, provided the new location complies with the terms of this section.

(b) If a broker maintains more than one place of business within this state, he shall apply for, pay the required fee for, and obtain an additional license to be known as a branch office license for each additional office he maintains.

(c) The license or licenses of the broker shall at all times be prominently displayed in the licensee's place or places of business.

(d) Each broker shall also prominently display in his place or in one of his places of business the license of each real estate salesman associated with him.

Inactive Licenses

Sec. 13. (a) When the association of a salesman with his sponsoring broker is terminated, the broker shall immediately return the salesman license to the commission. The salesman license then becomes inactive.

(b) The salesman license may be activated if, within the calendar year, a request, accompanied by the required fee, is filed with the commission by a licensed broker advising that he assumes sponsorship of the salesman.

Unlawful Employment or Compensation; Nonresident License

Sec. 14. (a) It is unlawful for a licensed broker to employ or compensate directly or indirectly a person for performing an act enumerated in the definition of real estate broker in Section 2 of this Act if the person is not a licensed broker or licensed salesman in this state or an attorney at law licensed in this state or in any other state. However, a licensed broker may pay a commission to a licensed broker of another state if the foreign broker does not conduct in this state any of the negotiations for which the fee, compensation, or commission is paid.

(b) A resident broker of another state who furnishes the evidence required in Subsection (h) of Section 7 of this Act may apply for a license as a broker in this state. A nonresident licensee need not maintain a place of business in this state. The commission may in its discretion refuse to issue a broker license to an applicant who is not a resident of this state for the same reasons that it may refuse to license a resident of this state.

(c) Each nonresident applicant shall file an irrevocable consent that legal actions may be commenced against him in the proper court of any county of this state in which a cause of action may arise, or in which the plaintiff may reside, by service of process or pleading authorized by the laws of this state, or by serving the administrator or assistant administrator of the commission. The consent shall stipulate that the service of process or pleading shall be valid and binding in all courts as if personal service had been made on the nonresident broker in this state. The consent shall be duly acknowledged, and if made by a corporation, shall be authenticated by its seal. A service of process or pleading served on the commission shall be by duplicate copies, one of which shall be filed in the office of the commission and the other forwarded by registered mail to the last known principal address which the commission has for the nonresident broker against whom the process or pleading is directed. No default in an action may be taken except on certification by the commission that a copy of the process or pleading was mailed to the defendant as provided in this section, and no default judgment may be taken in an action or proceeding until 20 days after the day of mailing of the process or pleading to the defendant.

Notwithstanding any other provision of this subsection, a nonresident of this state who resides in a city whose boundaries are contiguous at any point to the boundaries of a city of this state, and who has been an actual bona fide resident of that city for at least 60 days immediately preceding the filing of his application, is eligible to be licensed as a real estate broker or salesman under this Act in the same manner as a resident of this state. If he is licensed in this manner, he shall at all times maintain a place of business either in the city in which he resides or in the city in this state which is contiguous to the city in which he resides, and he may not maintain a place of business at another location in this state unless he also complies with the requirements of Section 14(b) of this Act. The place of business must satisfy the requirements of Subsection (a) of Section 12 of this Act, but the place of business shall be deemed a definite place of business in this state within the meaning of Subsection (a) of Section 12.

Investigations; Suspension or Revocation of License; Civil or Criminal Liability

Sec. 15. The commission may, on its own motion, and shall, on the verified complaint in writing of any person, provided the complaint, or the complaint together with evidence, documentary or otherwise, presented in connection with the complaint, provides reasonable cause, investigate the actions and records of a real estate broker or real estate salesman. The commission may suspend or revoke a license issued under the provisions of this Act at any time when it has been determined that:

The commission shall determine that such schedule of charges bears a reasonable relationship to the amount, term, and conditions of the contract within 60 days of filing, and may reject any schedule which does not bear such reasonable relationship.

(c) The commission shall approve any evidence of coverage if the requirements of this section are met. If the commission disapproves such filing, it shall notify the filer. (3) contracts providing coverage prior to the time that an interest in the residential property to which it attaches is sold, upon the contingency that such sale does not occur.

Suspension or Revocation of License

Sec. 18. (a) The commission may suspend or revoke any license issued to a service company under this Act if the commission finds any of the following conditions exist:

(1) the service company is operating in contravention of its basic organization documents or in a manner which is contrary to that described in and reasonably inferred from any information submitted under Section 7 of this Act, unless amendments to such submissions have been filed with and approved by the commission;

(2) the service company issues evidence of coverage or uses a schedule of charges which does not comply with the requirements of Section 15 of this Act;

(3) the service company is no longer financially responsible and may be reasonably expected to be unable to meet its obligations to service contract holders;

(4) the service company has failed to comply with the provisions of Section 9 of this Act;

(5) the service company, or any person on its behalf, has advertised or merchandised its services in an untrue, misrepresentative, misleading, deceptive, or unfair manner;

(6) the continued operation of the service company would be hazardous to its contract holders;

(7) the service company has otherwise failed to comply substantially with this Act, and any rule or regulation thereunder.

(b) When the license of a service company is revoked, such service company shall proceed, immediately following the effective date of the order of revocation, to wind up its affairs, and shall conduct no further business except as may be essential to the orderly conclusion of the affairs of such organization. It shall engage in no further advertising or solicitation whatsoever. The commission may, by written order, permit such further operation of the service company as it may find to be in the best interests of the service contract holders, to the end that the holders will be afforded the greatest practical opportunity to obtain the services contracted for.

Receivership

Sec. 19. When, in the opinion of the commission, the continued operation of a service company would be hazardous either to the service contract holders or to the people of the state, the commission may request a district court in Travis County, Texas, to appoint a receiver. Upon adequate notice and hearing, if the court determines that a receiver should be appointed in order to protect the rights of the service contract holders or the public, the court shall issue an order appointing a receiver. Said order must clearly state whether the receiver will have general power to manage and operate the service company's business or have power to manage only the service company's finances.

Appeals

Sec. 20. Any person adversely affected by any rule, ruling, or decision of the commission may file a petition setting forth the particular objection to such rule, ruling, or decision, or either or all of them, in a district court of Travis County, Texas, and not elsewhere, against the Texas Real Estate Commission as a defendant. Said action shall have precedence over all other causes on the docket of a different nature. Said appeal shall be filed within 20 days after the commission has entered an order. The decision of the commission shall not be enjoined or stayed except on application to such district court after notice to the Texas Real Estate Commission. The proceedings on appeal shall be under the substantial evidence rule. Either party to said action may appeal to the appellate court having jurisdiction of said cause and said appeal shall at once be returnable to said appellate court having jurisdiction of said cause and said action so appealed shall have precedence in said appellate court over all causes of a different character therein pending. The commission shall not be required to give any appeal bond in any cause arising hereunder.

Penalty

Sec. 21. A person or persons who wilfully violate this Act or the rules promulgated pursuant to this Act or who knowingly makes a false statement with respect to a report or a statement required by this Act is guilty of a Class B misdemeanor. Any service company doing business in violation of this Act shall forfeit \$100 for every day it continues to write new business while in violation of this Act.

Injunctions

Sec. 22. When it appears to the commission that a service company is violating or has violated this Act or any rule or regulation issued pursuant to this Act, the commission may bring suit in a district court of Travis County, Texas, to enjoin the viola-

tion and for such other relief as the court may deem appropriate.

Civil Penalty

Sec. 23. Any violation of this Act is a deceptive trade practice and is actionable by any person for \$1,000 as a civil penalty, or actual damages sustained, whichever is greater. Any plaintiff who shows a violation of this Act shall recover court costs and attorney's fees that are reasonable in relation to the amount of work expended. Such violation is also actionable by any consumer as a deceptive trade practice pursuant to Chapter 17, Subchapter E, Business & Commerce Code, as amended.

Fees

Sec. 24. Every person subject to this chapter shall pay the commission the following fees:

- (a) for filing a copy of its original application for license or amendment thereto not to exceed \$3,500;
- (b) for filing each annual report pursuant to Section 10 of this Act, not to exceed \$3,500;
- (c) the expense of any examinations conducted pursuant to this Act; and
- (d) for every other filing required by this Act, not to exceed \$500.

Exemptions

Sec. 25. The provisions of this Act shall not apply to any of the following persons and transactions, and each and all of the following persons and transactions are hereby exempted from the provisions of this Act, to wit:

- (a) performance guarantees given by either the builder of a home or the manufacturer or seller of an appliance or other system or component;
- (b) any residential service contract executed on or before the effective date of this Act;
- (c) any service contract, guarantee, or warranty intending to guarantee or warrant the repairs or service of a home appliance, system, or component, provided such service contract, guarantee, or warranty is issued by a person who has sold, serviced, repaired, or provided replacement of such appliance, system, or component at the time of, or prior to the issuance of such contract, guarantee, or warranty; and provided further that the person issuing the service contract, guarantee, or warranty does not engage in the business of a service company;
- (d) any person engaging in the business of structural pest control in compliance with the Tex-

as Structural Pest Control Act, as amended (Article 135b-6, Vernon's Texas Civil Statutes, 1925);

Sections 3 and 4 of the 1975 Act amended arts. 6663 and 6669; § 5 thereof repealed art. 4413(34) creating the Mass Transportation Commission.

Art. 6663c. Administration and Funding of Mass Transportation

Findings and Purpose

Sec. 1. (a) The legislature finds that:

- (1) transportation is the lifeblood of an urbanized society, and the health and welfare of that society depend on the provision of efficient, economical, and convenient transportation within and between urban areas;
 - (2) public transportation is an essential component of the state's transportation system;
 - (3) energy consumption and economic growth are vitally influenced by the availability of public transportation;
 - (4) providing public transportation has become so financially burdensome that private industry can no longer provide service in many areas in the state and that the continuation of this essential service on a private or proprietary basis is threatened; and
 - (5) providing public transportation is a public, governmental responsibility and a matter of direct concern to state government and to all the citizens of the state.
- (b) The purposes of this Act are to provide:
- (1) improved public transportation for the state through local governments acting as agents and instrumentalities of the state;

(2) state assistance to local governments and their instrumentalities in financing public transportation systems to be operated by local governments as determined by local needs; and

(3) coordinated direction by a single state agency of both highway development and public transportation improvement.

Definitions

Sec. 2. In this Act:

(1) "Capital improvement" means the acquisition, construction, reconstruction, or improvement of facilities, equipment, or land for use by operation, lease, or otherwise in public transportation service in urbanized areas, and all expenses incidental to the acquisition, construction, reconstruction, or improvement including designing, engineering, supervising, inspecting, surveying, mapping, relocation assistance, acquisition of rights-of-way, and replacement of housing sites.

(2) "Commission" means the State Highway and Public Transportation Commission.

(3) "Department" means the State Department of Highways and Public Transportation.

(4) "Federally funded project" means a public transportation project proposed for funding under this Act which is being funded in part under the provisions of the Urban Mass Transportation Act of 1964, as amended,¹ the Federal-Aid Highway Act of 1973, as amended,² or other federal program for funding public transportation.

(5) "Local share requirement" means the amount of funds which are required and are eligible to match federally funded projects for the improvement of public transportation in this state.

(6) "Public transportation" means transportation by bus, rail, watercraft, or other means which provides general or specialized service to the public on a regular or continuing basis.

(7) "Urbanized area" means an area so designated by the United States Bureau of the Census or by general state law.

Formula Program

Sec. 3. (a) The commission shall administer the formula program and allocate 60 percent of the funds in the public transportation fund to that program.

(b) Only an urbanized area with a population in excess of 200,000 according to the last preceding federal census is eligible for participation in the formula program. A municipality, regional authority, or other local governmental entity designated as a recipient of federal funds by the governor with the concurrence of the Secretary of the United States Department of Transportation is a designated recipient of funds under the formula program.

(c) The funds allocated to the formula program shall be apportioned annually on the basis of a formula under which the designated recipients of an eligible urbanized area are entitled to receive an amount equal to the sum of:

(1) one-half of the total amount apportioned to the formula program for the year multiplied by the ratio by which the population of the eligible urbanized area bears to the total population of all eligible urbanized areas that are eligible for the formula program; and

(2) one-half of the total amount apportioned to the formula program for the year multiplied by the ratio by which the number of inhabitants per square mile of the eligible urbanized area bears to the combined number of inhabitants per square mile of all eligible urbanized areas.

(d) Designated recipients may only use formula program funds to provide 65 percent of the local share requirement of federally funded projects for capital improvements.

(e) Within 30 days after an application for funds under the formula program is received, if there are unallocated formula funds for the applicant, the commission shall certify to the federal government that the state share of the local share requirement is available. The application must contain a certification by the designated recipient that:

(1) funds are available to provide 35 percent of the local share requirement of federally assisted programs; and

(2) the proposed public transportation project is consistent with ongoing, continuing, cooperative, and comprehensive regional transportation planning being carried out in accordance with the provisions of the Urban Mass Transportation Act of 1964, as amended, and the Federal-Aid Highway Act of 1973, as amended.

(f) If the commission has previously certified that the state share is available for a project, the commission shall direct that payment of the state share be made to the designated recipient within 30 days after federal approval of a proposed transportation project proposal.

(g) Funds allocated by the department for use in the formula program which are unencumbered and unexpended one year after the close of the fiscal year for which the funds were originally allocated shall be transferred at that time by the commission for use in the discretionary program.

Discretionary Program

Sec. 4. (a) The commission shall allocate 40 percent of the funds annually credited to the public transportation fund to the discretionary program, which shall be administered by the commission.

(b) Except as provided in Subsection (e) of this section, only rural and urban areas of the state other than urbanized areas eligible for participation in the formula program are eligible for participation in the discretionary program. Any local government having the power to operate or maintain a public transportation system may be a designated recipient of funds from the discretionary program.

(c) Designated recipients under the discretionary program may use discretionary program funds only to provide 65 percent of the local share requirement of federally funded projects for capital improvements, except that if a designated recipient certifies that federal funds are unavailable for a proposed project and the commission finds that the project is vitally important to the development of public transportation in this state, the commission may supply 50 percent of the total cost of that public transportation project to the designated recipient.

(d) In considering any project under this section, the commission shall take into consideration the need for fast, safe, efficient, and economical public transportation.

(e) Designated recipients in urbanized areas eligible for participation in the formula program and any local government having the power to operate or maintain a public transportation system within an urbanized area are also eligible to apply for and receive funds allocated by the commission for use in the discretionary program which are unexpended and unencumbered 180 days after the close of the fiscal year for which the funds were originally allocated and all unexpended and unencumbered funds transferred from the formula program to the discretionary program. The commission shall make grants out of the discretionary fund to designated recipients under the provisions of this section.

Public Transportation Fund

Sec. 5. The Public Transportation Fund is established as a special fund in the State Treasury. The Public Transportation Fund may only be used by the State Department of Highways and Public Transportation in carrying out the responsibilities and duties of the commission and the department for public transportation purposes as established under this state law. Grants of money to the state from public and private sources for public transportation shall be deposited in the Public Transportation Fund. On the effective date of this Act, the comptroller of public accounts shall transfer the sum of \$1,000,000 from the General Revenue Fund to the Public Transportation Fund. There is hereby appropriated from the Public Transportation Fund the sum of \$1,000,000 for use by the department for the period from the effective date of this Act through August 31, 1975, and thereafter. On September 1, 1975, and on September 1, 1976, the comptroller of public accounts shall transfer the sum of \$15,000,000 each

All bids so received by the District Engineer shall be tabulated and forwarded to the Commission, and the Commission shall have the right to accept or reject same, and if accepted, award the contract to the lowest bidder. It shall be the duty of the Commission to prescribe rules and regulations on all bidders on bids received by District Engineers, but the rules and regulations required by the Commission for bids received at Austin by said Commission shall not apply to bidders submitting bids to District Engineers.

Said contracts may provide for partial payments to an amount not exceeding ninety-five per cent (95%) of the value of the work done. Five per cent (5%) of the contract price shall be retained until the entire work has been completed and accepted. Provided, that at the request of the contractor and with the approval of the State Highway Department and the State Treasurer the five per cent (5%) retained amount may be deposited under the terms of a trust agreement with a state or national bank domiciled in Texas as selected by the contractor. Said bank, acting as escrow agent and by instructions from the

contractor, may reinvest the retained amount in certificates of deposit issued by state or national banks domiciled in Texas, bank time deposits, or other similar investments prescribed by the trust agreement. Interest earned on said funds shall be paid to the contractor unless otherwise specified under the terms of said trust agreement. The escrow agent shall be responsible for all investments and funds as a result of the deposits of the retained amounts until released from such responsibility as instructed by the provisions of said trust agreement. The State Highway Department shall provide a trust agreement that will protect the interests of the State of Texas. All expenses incident to the deposit and all charges made by the escrow agent for custody of the securities and forwarding of interest thereon shall be paid solely by the contractor. No such expense or charge shall apply to either the contract or the State of Texas.

Art. 6674v. Turnpike Projects

[See Compact Edition, Volume 5 for text of 1 and 2]

Texas Turnpike Authority

Sec. 3. There is hereby created an authority to be known as the "Texas Turnpike Authority," hereinafter sometimes referred to as the "Authority." By and in its name the Authority may sue and be sued, and plead and be impleaded. The Authority is hereby constituted an agency of the State of Texas, and the exercise by the Authority of the powers conferred by this Act in the construction, operation, and maintenance of turnpike projects shall be

deemed and held to be an essential governmental function of the State.

The Board of Directors of the Authority (hereinafter in this Act sometimes called the "Board") shall be composed of directors, who shall occupy, respectively, places on the Board to be designated as Places 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, and 12. The Directors who will occupy Places 2, 3, 5, 6, 8, 9, 10, 11, and 12 shall be appointed by the Governor, by and with the advice and consent of the Senate. Appointed Directors shall serve staggered terms of six (6) years with the terms of one-third of the members expiring on February 15 of each odd-numbered year. Each Director appointed to fill Places 2, 3, 5, 6, 8, 9, 10, 11, and 12 shall have been a resident of the State and of the County from which he shall have been appointed for a period of at least one (1) year prior to his appointment.

Appointments to the Authority shall be made without regard to the race, creed, sex, religion, or national origin of the appointees.

The members of the Texas State Highway Commission¹ at the time this Act becomes effective are hereby made Directors of said Authority, and if for any reason said Texas State Highway Commission at such time because of vacancies is composed of less than three (3) members, then the person or persons appointed to fill such vacancies are hereby made Directors of said Authority. The Highway Commissioners and their successors in office shall respectively and successively occupy Places 1, 4, and 7 on such Board. Each member of the Texas State Highway Commission shall serve ex officio as a member of the Board of Directors of such Authority. All Directors shall serve until their successors have been duly appointed and qualified, and vacancies in unexpired terms shall be promptly filled by the Governor.

All members of the Board of Directors shall be eligible for reappointment. All directors shall have equal status and all Directors shall have a vote. Each member of the Board before entering upon his duties shall take an oath as provided by Section 1 of Article XVI of the Constitution of the State of Texas.

The Board shall elect one of the Directors as chairman and another as vice chairman, and shall elect a secretary and treasurer who need not be a member of the Board. Seven members of the Board shall constitute a quorum and the vote of a majority shall be necessary for any action taken by the Board. No vacancy in the membership of the Board shall impair the right of a quorum to exercise all the rights and perform all the duties of the Board.

Before the issuance of any turnpike revenue bonds under the provisions of this Act, each Director shall execute a surety bond in the penal sum of Twenty-

five Thousand Dollars (\$25,000) and the secretary and treasurer shall execute a surety bond in the penal sum of Fifty Thousand Dollars (\$50,000), each surety bond to be conditioned upon the faithful performance of the duties of his office, to be executed by a surety company authorized to transact business in the State of Texas as surety and to be approved by the Governor and filed in the office of the Secretary of State. The expense of such bonds shall be paid by the Authority.

Each appointed Director may be removed by the Governor for misfeasance, malfeasance or willful neglect of duty, but only after reasonable notice and public hearing unless the notice and public hearing are in writing expressly waived. Failure of an appointed member to attend at least one-half of the regularly scheduled meetings held each year automatically removes such member and creates a vacancy on the Board.

The members of the Authority shall not be entitled to any additional compensation for their services, but each member shall be reimbursed for his actual expenses necessarily incurred in the performance of his duties. All expenses incurred in carrying out the provisions of this Act shall be payable solely from funds provided under the authority of this Act and no liability or obligation shall be incurred by the Authority hereunder beyond the extent to which moneys shall have been provided under the authority of this Act.

The Legislature imposes on any Director, who may be a member of the State Highway Commission the extra duties required hereunder.

¹ Name changed to State Highway and Public Transportation Commission; see art. 6663.

Application of Sunset Act

Sec. 3a. The Texas Turnpike Authority is subject to the Texas Sunset Act;¹ and unless continued in existence as provided by that Act the authority is abolished, and this Act expires effective September 1, 1991.

Texas Turnpike Authority Feasibility Study Fund

Sec. 12b. Any funds of the Dallas-Fort Worth Turnpike remaining on December 31, 1977, or on such earlier date as the tolls may be lifted in the authority's discretion, after provision for transition expenses, debts, and obligations pursuant to Section 17a of this Act shall be deposited by the authority in a fund which shall be entitled "Texas Turnpike Authority Feasibility Study Fund." No more than One Million Dollars shall be so deposited on such date. The amount deposited shall be reduced by the cost of feasibility studies, if any, requested by the authority and approved by the State Highway and

Public Transportation Commission between April 4, 1977, and the date of such deposit. Such fund shall be a revolving fund held in trust by a banking institution chosen by the authority separate and apart from the funds of any project. No funds from any other existing, presently constructed project shall be added to this fund. Such fund shall be used for the purpose of paying the expenses of studying the cost and feasibility and any other expenses relating to the preparation and issuance of turnpike revenue bonds for the construction of any turnpike project; the study of which thereafter shall be authorized by the Texas Turnpike Authority, subject to the prior approval of the State Highway and Public Transportation Commission. The funds expended from this fund on behalf of any such new project shall be regarded as a part of the cost of such new project, and said fund shall be reimbursed out of the proceeds of turnpike revenue bonds issued for the construction of any such additional project. After this Act is signed by the governor, all money reimbursable from the sale of bonds of projects whose studies and other expenses have been advanced from funds of the Dallas-Fort Worth Turnpike shall be reimbursed to this fund for use as a part hereof. For the same purposes the authority may borrow money and issue promissory notes or other interest-bearing evidences of indebtedness payable out of this fund, pledging or hypothecating thereto any sums therein or to be placed therein.

In addition to the above, any municipality or group of municipalities, any county or group of counties, or any combination of municipalities and counties, or any private group or combination of individuals within the state may pay all or part of the expenses of studying the cost and feasibility and any other expenses relating to the preparation and issuance of turnpike revenue bonds for the construction of a turnpike project. The funds expended on behalf of any new project shall be regarded as part of the cost of such new project and, with the consent of the Texas Turnpike Authority, shall be reimbursable to the party paying the expenses out of the proceeds of turnpike revenue bonds issued for the construction of such new project.

Persons interested in the project shall be given an opportunity at the public hearing to testify about the project and to inspect the plans and designs prepared for the project.

(b) Not less than 15 days nor more than 21 days before the public hearing, the authority shall furnish a written notice of the public hearing to the governing body of each county, city, or town in which any part of the project is to be located and shall publish the notice in the general locality in which the project is to be located in a manner likely to inform the general public of the public hearing.

(c) At least seven days before the public hearing, the authority shall file with the governing bodies the plans and designs prepared for the project.

Toll Free Status of Dallas-Fort Worth Turnpike; Transition Plan

Sec. 17a. This section shall apply only to the Dallas-Fort Worth Turnpike, constructed pursuant to this Act and presently existing in Dallas and Tarrant Counties, and to no other project now or hereafter existing and shall supersede any provisions of this Act in conflict herewith. The Dallas-Fort Worth Turnpike shall become toll free, at 12:00 p. m. on December 31, 1977, or on such earlier date as the tolls may be lifted in the authority's discretion. The authority shall, with the approval of the State Highway and Public Transportation Commission, effectuate a plan for an orderly transition of the Dallas-Fort Worth Turnpike to the State Department of Highways and Public Transportation on the date when tolls are lifted. In no event shall the transition plan operate to extend the cutoff time for the collection of tolls set out above. The transition plan shall provide a reasonable time within which said plan shall be consummated and shall include retention by the authority of toll collection and accounting equipment, toll booths and other equipment, furnishings, and supplies usable by the authority in the operation of other projects, the provision of funds for unemployment compensation and other payments required by state law in the termination of employment of state employees, the payment of debts and other contractual obligations of the authority payable from funds of the Dallas-Fort Worth Turnpike, including but not limited to the payment to the City of Fort Worth and Tarrant County of their proportionate interests in the balance remaining in the Special Trust Fund created to hold money paid by said city and county for free use of the Dallas-Fort Worth Turnpike from Oakland Boulevard to the Fort Worth terminus and such other requisites to the transition as may be appropriate. Money for the payment of such transition expenses, debts, and obligations shall be set aside and retained by the authority for such purposes in a trust fund with a banking institution chosen by the authority to be used for such purposes and the payment of expenses appurtenant thereto.

An action by the Authority may be evidenced in any legal manner, including a resolution adopted by its Board of Directors.

If the Authority employs a general counsel, the counsel shall be prohibited from lobbying for the Authority, and no member of the Authority shall engage in activities requiring registration as a lobbyist under Chapter 422, Acts of the 63rd Legislature, Regular Session, 1973, as amended (Article 6252-9c Vernon's Texas Civil Statutes).

Any member, agent or employee of the Authority who contracts with the Authority or is interested, either directly or indirectly, in any contract with the Authority or in the sale of any property, either real or personal, to the Authority, shall be punished by a fine of not more than One Thousand Dollars (\$1,000).

Any person who uses any turnpike project and fails or refuses to pay the toll provided therefor, shall be punished by a fine of not more than One

Hundred Dollars (\$100) and in addition thereto the Authority shall have a lien upon the vehicle driven by such person for the amount of such toll and may take and retain possession thereof, until the amount of such toll and all charges in connection therewith shall have been paid.

The Authority shall cause an audit of its books and accounts to be made at least once in each year by certified public accountants and the cost thereof may be treated as a part of the cost of construction or of operation of the Turnpike Project.

(b) The secretary, treasurer, the project manager of a project, and the executive head of the authority are entitled to reimbursement for actual and necessary expenses incurred for travel on official business, except that reimbursement for transportation expenses is at the rates provided in the travel provisions of the General Appropriations Act.

Reports

Sec. 21b. (a) The authority shall file with the governor, the Legislative Reference Library, and the Legislative Budget Board certified copies of the minutes of the authority's meetings. The authority similarly shall file copies of any corrections or changes of the minutes. The authority shall file the copies as soon as possible after the minutes, changes, or corrections are approved by the authority.

(b) On or before March 1 of each year, the authority shall file with the governor's budget and planning office, or its successor, and the Legislative Budget Board an itemized budget covering the current calendar year.

(c) On or before March 31 of each year, the authority shall file with the governor, the legislature, and the Legislative Budget Board a report about the authority's activities during the preceding calendar year. The report shall include information about each project, including a complete operating and financial statement covering each project, and shall include an itemized statement about the professional or consulting fees paid by the authority, including the name of each individual or business entity who received the fees and a description of the purposes for which the fees were paid.

Secs. 24 to 26. [Omitted].

Project Pooling Within the Same County

Sec. 27. Notwithstanding any conflicting provisions in this Act and superseding the same where in conflict with this section, the authority is hereby authorized and empowered, but only as to projects located wholly within the same county and subject to all the provisions of this section:

(a) To determine after a public hearing, subject to prior approval by the State Highway and Public Transportation Commission and a resolution approving the same duly passed by the county commissioners court of the county where the projects are located, that any two or more projects now or hereafter constructed or determined to be constructed by the authority in the same county shall be pooled and designated as a "pooled project." Any existing project or projects may be pooled in whole or in part with any new project or projects or parts thereof. Upon designation such "pooled project" shall become a "project" or "turnpike project" as defined in Section 4(c) of this Act and as used in other sections of this Act. No project may be pooled more than once. Consistent with the trust indenture regarding securing bonds of that project, the resolution of the county commissioners court shall set a date certain when each of the projects being authorized to be pooled shall become toll free.

(b) Subject to the terms of this Act and subject to the terms of any trust agreement securing the payment of any turnpike revenue bonds, the authority is authorized to provide by resolution from time to time for the issuance of turnpike revenue bonds of the authority for the purpose of paying all or any part of the cost of any pooled project or the cost of any part of such pooled project and to pledge revenues of such pooled project or any part thereof.

(c) Subject to the terms of any trust agreement securing the payment of any turnpike revenue bonds, the authority is authorized to issue by resolution turnpike revenue refunding bonds of the authority for the purpose of refunding any bonds then outstanding, issued on account of any pooled project or any part of any pooled project issued under the provisions of this Act, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds and, if deemed advisable by the authority, for the additional purpose of constructing improvements, extensions, and enlargements to the pooled project or to any part of any pooled project in connection with which or in connection with any part of which bonds to be refunded shall have been issued. Revenues of all or any part of such pooled project may be pledged to the payment of such refunding and improvement bonds. Such improvements, extensions, or

enlargements are not restricted to and need not be constructed on any particular part of a pooled project in connection with which bonds to be refunded may have been issued but may be constructed in whole or in part on other parts of the pooled project not covered by the bonds to be refunded. The issuance of such bonds, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties, and obligations of the authority in respect of the same shall be governed by the provisions of this Act insofar as the same may be applicable. Within the discretion of the authority, the refunding bonds may be issued in exchange for outstanding bonds or may be sold and the proceeds used for the purpose of redeeming outstanding bonds.

Whether bonds be refunded or not, the authority may, subject to the terms of any trust agreement securing the payment of any turnpike revenue bonds, issue from time to time by resolution, bonds, of parity or otherwise, for the purpose of paying the cost of all or any part of any pooled project or for the purpose of constructing improvements, extensions, or enlargements to all or any part of any pooled project and to pledge revenues of all or any part of such pooled project to the payment thereof. Art. 6674w-3. Acquisition of Property

In addition to other powers conferred by law, the following are added, to wit:

1. Powers of Purchase and Condemnation for Highway Purposes. (a) Any land in fee simple or

any lesser estate or interest therein; any property rights of any kind or character including, but not limited to, rights of ingress and egress and reservation rights in land which restrict or prohibit the adding of new, or addition to or modification of existing improvements on such land, or subdividing the same; and any timber, earth, stone, gravel, or other material which the State Highway and Public Transportation Commission may in its judgment determine to be necessary or convenient to any State Highway to be constructed, reconstructed, maintained, widened, straightened or lengthened including, but not limited to, any land, property rights or materials deemed by the Commission necessary or convenient for the purpose of protecting any State Highway; draining any State Highway; diverting streams or rivers or any other watercourse from the right of way of any State Highway; storing materials and equipment used in the construction and maintenance of State Highways; constructing and operating warehouses and other buildings and facilities used in connection with the construction, maintenance, and operation of State Highways; laying out, construction, and maintenance of roadside parks; laying out, construction, and maintenance of vehicular parking lots that will contribute to maximum utilization of State Highways with the least possible congestion; and any other purpose related to the laying out, construction, improvement, maintenance, beautification, preservation and operation of State Highways, may be purchased by the State Highway and Public Transportation Commission in the name of the State of Texas, on such terms and conditions and in such manner as the Commission may deem proper.

(b) Any land or any estate or interest therein; any property rights of any kind or character including, but not limited to, rights of ingress and egress, and reservation rights in land which restrict or prohibit for any period of time not to exceed seven (7) years the adding of new, or addition to or modification of existing improvements on such land, or subdividing or resubdividing same; and any timber, earth, stone, gravel, or other material which the State Highway and Public Transportation Commission may in its judgment determine to be necessary or convenient to any State Highway to be constructed, reconstructed, maintained, widened, straightened or lengthened including, but not limited to, any land, property rights or materials deemed by the Commission necessary or convenient for the purpose of protecting any State Highway; draining any State Highway; diverting streams or rivers or any other watercourse from the right of way of any State Highway; laying out, construction, and maintenance of roadside parks; laying out, construction, and maintenance of vehicular parking

lots that will contribute to maximum utilization of State Highways with the least possible congestion; and any other purpose related to the laying out, construction, improvement, maintenance, and operation of State Highways, may be acquired by the exercise of the power of Eminent Domain by the State Department of Highways and Public Transportation in the name of the State of Texas in the manner hereinafter provided.

The purchase or power of Eminent Domain being hereby authorized is granted regardless of the location of any such land, property rights, or materials to be acquired, whether within or without the confines of any incorporated city, town or village, whether same are incorporated under general or special laws, including Home Rule Cities.

In the prosecution of any condemnation suit brought by the State Highway and Public Transportation Commission in the name of the State of Texas for the acquisition of property pursuant to the powers granted in this Act, the Attorney General, at the request of the Commission, or, at the Attorney General's direction, the applicable County or District Attorney or Criminal District Attorney, shall bring and prosecute the suit in the name of the State of Texas and the venue of any such suit shall be in the county in which the property or a part thereof is situated.

In the exercise of the powers of Eminent Domain herein conferred, the State Department of Highways and Public Transportation shall be subject to the laws and procedures prescribed by Title 52, Articles 3264 to 3271, inclusive, Revised Civil Statutes of Texas, 1925, as said Articles or said Title have been or may be from time to time amended, and shall be entitled to condemn the fee or such lesser estate or interest as it may specify in any statement or petition in any condemnation proceeding filed by it pursuant to such powers; provided however, that any statement or petition in condemnation brought by the Department pursuant hereto shall exclude from the estate sought to be condemned all the oil, gas and sulphur which can be removed from beneath the land condemned without any right whatever remaining to the owners of such oil, gas and sulphur of ingress or egress to or from the surface of the land condemned for the purpose of exploring, developing, drilling or mining of the same; and further provided, that none of the powers granted herein shall be a grant to the State Highway and Public Transportation Commission for the purpose of condemning property which is used and dedicated for cemetery purposes pursuant to Articles 912a-10 et seq., Vernon's Revised Civil Statutes of Texas.

2. State and Other Public Lands. The governing body of every county, city, town, village, political subdivision or public agency is hereby autho-

rized without any form of advertisement to make conveyance of title or rights and easements, owned by any such body, to any property needed by the State Highway and Public Transportation Commission to effect its purposes in connection with the construction or operation of the State Highway System.

Whether purchased or condemned by the Commission, the lands, property rights and materials which are purchased or condemned may also include those belonging to the public, whether under the jurisdiction of the State or any department or agency thereof, county, city, town, village, including Home Rule Cities, or other entity or subdivision thereof.

The State of Texas hereby consents to the use of all lands owned by it, including lands lying underwater, which are deemed by the Commission to be necessary for the construction or operation of any State Highway; provided, however, that nothing herein shall be construed as depriving the School Land Board of authority to execute leases in the manner authorized by law for the development of oil, gas and other minerals on State-owned lands adjoining any such State Highway, or in tidewater limits, and to this end such leases may provide for directional drilling from such adjoining land and tidewater area. The Commission shall advise, and make arrangements with, the State Department or agency having jurisdiction over such lands to accomplish such necessary purposes. Any such State Department or agency is hereby directed to cooperate with the State Department of Highways and Public Transportation in this connection, and as to any such department or agency not expressly authorized to act through some designated representatives, express authority is hereby granted to such department or agency to do whatever acts are necessary hereunder by and through the Chairman of its Board, Department Head, or Executive Director, whether appointed or elected, whichever may be appropriate.

If the land, property rights, or material to be acquired by the State Department of Highways and Public Transportation are of such a nature that its acquisition under the provisions of this Act will deprive any such department or agency of the State of a thing of value to such department or agency in the exercise of its lawful functions, then adequate compensation therefor shall be made, based upon vouchers drawn for this purpose payable to the furnishing department or agency. Payments received by the furnishing department or agency shall be credited to that department's or agency's current appropriation items or accounts from which the expenditures of that character were originally made, or if no such items or

accounts from which the expenditures of that character were originally made, or if no such item or account exists, then to an account of such department or agency determined to be appropriate thereto by the Comptroller of Public Accounts.

In the event, but only in the event, the State Department of Highways and Public Transportation and such other department or agency are unable to agree upon adequate compensation, then the State Board of Control shall determine the fair, equitable and realistic compensation to be paid.

They shall be issued in addition to regular license plates in years in which license plates are issued or as the legal registration insignia in years in which license plates are not issued.

"Permanently Disabled" Defined; Application

Sec. 2. A person is "permanently disabled" if he has lost, or lost the use of, both legs or is so severely disabled as to be unable to ambulate without the aid of a wheelchair or other mechanical device. Owners

of motor vehicles regularly operated by or for the transportation of such persons may make application to the department through the county tax collector of the county in which they reside for the special symbol, tab, or other device on a form prescribed and furnished by the department. The first such application must be accompanied by acceptable medical proof that the operator or regularly transported passenger is currently and permanently disabled.

This exemption does not apply to fees or penalties imposed by a branch of the United States government. This section does not permit parking a vehicle at a place or time that parking is prohibited.

Disposition of Devices Upon Disposal of Vehicle

Sec. 7. Except as provided by Section 9(d) of this Act, if the owner of a vehicle bearing such special devices disposes of the vehicle during the registration year, he shall turn the devices in to the county tax assessor-collector. The person shall attach the devices to the plates issued under Section 5e.

(c) If a person has registered a motor vehicle under this Act and then applies for registration of the vehicle under Section 5e, the person shall return to the Department the license plates and devices issued under this Act. After the person pays the registration fee required by Section 5e, the Department shall issue license plates as provided by that section and also shall issue without charge a set of devices provided for by this Act.

Art. 6686. Dealer's and Manufacturer's License Plates and Tags

(a) Dealer's and Manufacturer's License Plates for Unregistered Motor Vehicles, Motorcycles, House Trailers, Trailers, and Semitrailers.

(1) Dealer's License. Any dealer in motor vehicles, motorcycles, house trailers, trailers, or semitrailers doing business in this State may, instead of registering each vehicle he operates or permits to be operated for any reason upon the streets or public highways, apply for and secure a general distinguishing number and master dealer's license plate which may be attached to any such vehicle he owns and operates or permits to be operated

unregistered. Each dealer holding a current distinguishing number and master dealer's license plate may apply for and be issued additional or supplemental metal dealer's plates, as hereinafter provided, which may be attached to any vehicle which he owns and operates or permits to be operated unregistered in the same manner as a vehicle operated on the master dealer's license plate. A dealer within the meaning of this Act means any person, firm, or corporation regularly and actively engaged in the business of buying, selling, or exchanging motor vehicles, motorcycles, house trailers, trailers, or semitrailers at an established and permanent place of business; provided, however, that at each such place of business a sign in letters at least six (6) inches in height must be conspicuously displayed showing the name of the dealership under which such dealer is doing business, and that each such place of business must have a furnished office and, except for dealers who are licensed by the Texas Motor Vehicle Commission pursuant to the Texas Motor Vehicle Commission Code¹ and dealers who sell vehicles to or exchange vehicles with no person other than another dealer licensed under this Act, sufficient space to display five (5) vehicles of the type customarily bought, sold, or exchanged by such dealer.

[See Compact Edition, Volume 5 for text of (a)(2)]

(3) Buyer's Temporary Cardboard Tags. Each dealer holding a current distinguishing number may issue temporary cardboard tags, which may be used by a buyer to operate an unregistered vehicle he purchased from said dealer for a period of twenty (20) days from the date of purchase; provided, however, that a dealer may issue only one (1) buyer's tag to a purchaser for each unregistered vehicle said dealer sells. The specifications, color, and form of such buyer's cardboard tag shall be prescribed by the Department; provided, however, that each dealer shall be responsible for the safekeeping and distribution of all cardboard tags obtained by him; and furthermore, each dealer is responsible for showing in ink on each buyer's cardboard tag he issues the actual date of sale of each unregistered vehicle together with other information asked for thereon.

(4) Dealer's Temporary Cardboard Tags. Each dealer holding a current distinguishing number may issue temporary cardboard tags, which may only be used by such dealer or his employees for the following purposes:

(a) to demonstrate or cause to be demonstrated his unregistered vehicles to prospective buyers only for the purpose of sale; provided, however, that no provision of this Act shall be construed to prohibit a dealer from permitting a prospective buyer to operate such vehicles in the course of demonstration.

(b) to convey or cause to be conveyed his unregistered vehicles from the dealer's place of business in one part of the State to his place of business in another part of the State, or from his place of business to a place to be repaired, reconditioned, or serviced, or from the point in this State where such vehicles are unloaded to his place of business, including the moving of such vehicles from the State line to his place of business, or to convey such vehicles from one dealer's place of business to another dealer's place of business or from the point of purchase of such vehicles by the dealer to the dealer's place of business, or for the purpose of road testing, and such vehicles displaying such tags while being so conveyed shall be exempt from the mechanical inspection requirements of Sections 140 and 141 of the Uniform Act Regulating Traffic on Highways.²

Such tags shall not be used to operate vehicles for the personal use of a dealer or his employees. Whenever a dealer sells an unregistered vehicle to a retail purchaser, it shall be such dealer's responsibility to display the Buyer's Temporary Cardboard Tag thereon pursuant to Subsection (3) of this Act. The specifications, form, and color of such dealer's cardboard tags shall be prescribed by the Department.

(5) Cancellation of License. It shall be the duty of the Department to cancel the dealer's or manufacturer's license issued to a person, firm or corporation when such license was obtained by submitting false or misleading information; and the Department is hereby authorized to cancel dealer's licenses whenever a person, firm, or corporation fails, upon demand, to furnish within thirty (30) days to the Department satisfactory and reasonable evidence of being regularly and actively engaged in the business of buying, selling, or exchanging new or used motor vehicles, motorcycles, house trailers, trailers, or semitrailers at either wholesale or retail; and, it is also provided that the Department may cancel dealer's or manufacturer's licenses issued under this Act for the violation of any provisions of this Act or for the misuse or for allowing the misuse of any cardboard tag authorized under this Act; and, furthermore, the Department is hereby authorized to cancel such licenses whenever a dealer refuses to show on such tags the date of sale or any other reasonable information required to be shown thereon by the Department; provided, however, that nothing in this Act shall be construed to prohibit new entries into the business of buying, selling, exchanging, or manufacturing such vehicles; and provided further that any dealer or manufacturer whose license was cancelled under the terms of this Act shall, within ten (10) days, surrender to a representative of the Department any and all license

plates, cardboard tags, license stickers, and receipts issued pursuant to this Act. If any dealer or manufacturer shall fail to surrender to the Department the license plates, the cardboard tags, license stickers, and receipts as provided herein, the Department shall forthwith direct any peace officer to secure possession thereof and to return same to the Department. Whenever a dealer's or manufacturer's license is cancelled under the provisions of this Act, all benefits and privileges afforded to Texas licensed dealers or manufacturers under the Certificate of Title Act (Article 6687-1, Vernon's Texas Civil Statutes), are automatically cancelled, also.

(6) Limited Use of Dealer's Plates and Tags. The use of dealer's license or dealer's temporary cardboard tags is prohibited on service or work vehicles or on commercial vehicles carrying a load; provided, however, that a boat trailer carrying a boat will not be considered to be a commercial vehicle carrying a load, and a dealer complying with the provisions of this Act may affix to the rear of a boat trailer he owns or to the rear of a boat trailer he sells such dealer's distinguishing number or cardboard tags pursuant to the provisions of Subsections (1), (3) and (4) of this section; and, further provided, that the term "commercial vehicle carrying a load" shall not be construed to prohibit the operation or conveyance of unregistered vehicles by licensed dealers (or buyers therefrom) utilizing the full mount method, the saddle mount method, the tow bar method, or any combination thereof, pursuant to Subsections (3) and (4) of this section.

(7) Fees and Forms. Each applicant for a dealer's or manufacturer's general distinguishing number and master dealer's license plate shall pay to the Department an annual fee of One Hundred Dollars (\$100) for the number and master dealer's plate and Ten Dollars (\$10) for each additional or supplemental metal dealer's plate desired, and all such fees shall be deposited in the State Highway Fund. Applications for a dealer's or manufacturer's license plate, and for renewals thereof, shall be made in writing on forms prescribed and furnished by the Department, and such applications shall require any pertinent information, including sufficient information for the Department to determine that the applicant is actively and regularly engaged in the sale of motor vehicles, motorcycles, house trailers, trailers, or semitrailers as a dealer, to insure proper enforcement and administration; and, furthermore, each such application shall contain a statement to the effect that the applying dealer agrees to permit the Department to examine during working hours the ownership papers for each vehicle, registered or unregistered, in the possession of said dealer or under his control. All facts stated in an application shall be

sworn to before an officer authorized to administer oaths and no dealer's or manufacturer's distinguishing number shall be issued until this Act is complied with. All such applications for dealer's or manufacturer's licenses, accompanied by the prescribed fee, should be made to the Department by January 15 of each year and the license plates for those applications meeting the provisions of this Act will be mailed to the applicants during the succeeding months of February and March. Each dealer's and manufacturer's license shall expire at the expiration of the "Motor Vehicle Registration Year."

The individual record of a licensee who is employed as a peace officer or a fire fighter shall not include information relating to a traffic accident if the accident occurred during an emergency while the peace officer or fire fighter was driving a law enforcement vehicle or fire department vehicle in pursuit of his or her duties as a peace officer or fire fighter. Before licensing or renewing any license, the Department shall examine the applicant's record for information concerning conviction of traffic violations and involvement in traffic accidents. ARTICLE IV—CANCELLATION, SUSPENSION, AND REVOCATION OF LICENSES

Authority of Department to Suspend or Revoke a License

Sec. 22. (a) When under Section 10 of this Act the Director believes the licensee to be incapable of safely operating a motor vehicle, the Director may notify said licensee of such fact and summons him to appear for hearing as provided hereinafter. Such hearing shall be had not less than ten (10) days after notification to the licensee or operator under any of the provisions of this section, and upon charges in writing, a copy of which shall be given to said operator or licensee not less than ten (10) days before said hearing, except as otherwise provided by this subsection. For the purpose of hearing such cases, jurisdiction is vested in the mayor of the city, or judge of the police court, or a Justice of the Peace in the county where the operator or licensee resides. Such officer may receive a fee for hearing such cases if such a fee is approved and set by the County Commissioners Court which has jurisdiction over the residence of the operator or licensee and such fee shall not exceed Five Dollars (\$5.00) per case and shall be paid from the General Revenue Fund of the County. Any fees, not to exceed Five Dollars (\$5.00) per case, which the County Commissioners Court may determine to be owed to such officer for past hearings, or any fees, not to exceed Five Dollars (\$5.00) per case, previously paid such officer for hearing said cases, is hereby authorized. Such court may administer oaths and may issue subpoenas for the attendance of witnesses and the production of relative books and papers. It shall be the duty of the court to set the matter for hearing upon ten (10) days' written notice to the Department. Upon such hearing, the issues to be determined are whether the license shall be suspended or whether the license shall be revoked, and, in the event of a suspension, the length of time of the suspension, which shall not exceed one (1) year. The officer who presides at such hearing shall report the finding to the Department which shall have authority to suspend the license for the length of time reported; provided, however, that in the event of such affirmative finding, the licensee may appeal to the county court of the county wherein the hearing was held, said appeal

to be tried de novo. Notice by registered mail to the address shown on the license of the licensee shall constitute service for the purpose of this section. If the hearing is to determine whether a licensee is an habitual violator of the traffic law, and if the registered letter is returned to the Department because the Department has not been notified of the licensee's correct address or because the licensee has refused to accept the registered letter, the Director may give the licensee notice of a pending hearing by publishing notice in a newspaper of general circulation in the County of the licensee's residence, as listed in Department records, at least thirty (30) days before the hearing. The Director shall specify in the notice the place, time, and date of the hearing and shall state in the notice that the Department is entitled to suspend for a period of not more than one (1) year the license of a licensee who is found to be an habitual violator of the traffic law.

Occupational License to Meet Essential Need; Hearing; Restrictions; Financial Responsibility; Violations

Sec. 23A. (a) Any person whose license has been suspended for causes other than physical or mental disability or impairment may file with the judge of the county court or district court having jurisdiction within the county of his residence, or with the judge of the county court or district court having jurisdiction within the county where an offense occurred for which his license was suspended, a verified petition setting forth in detail an essential need for operating a motor vehicle in the performance of his occupation or trade. The hearing on the petition may be ex parte in nature. The judge hearing the petition shall enter an order either finding that no essential need exists for the operation of a motor vehicle in the performance of the occupation or trade of the petitioner or enter an order finding an essential need for operating a motor vehicle in the performance of the occupation or trade of the petitioner. In the event the judge enters the order finding an essential need as set out herein, he shall also, as part of such finding, determine the actual need of the petitioner in operating a motor vehicle in his occupation or trade and shall restrict the use of the motor vehicle to the petitioner's actual occupation or trade and the right to drive to and from the place of employment of the petitioner, and shall require the petitioner to give proof of a valid policy of automobile liability insurance in accordance with the provisions of the Texas Safety Responsibility Law, Article 6701h, Vernon's Annotated Texas Statutes. Such restrictions shall be definite as to hours of the day, days of the week, type of occupation and areas or routes of travel to be permitted, except that the petitioner shall not be allowed to operate a motor vehicle more than ten (10) hours in any twenty-four (24) consecu-

tive hours. On a proper showing of necessity, however, the court may waive the 10-hour restriction. Unless further extended at the discretion of the court, orders entered by such court shall extend for a period of twelve (12) months or less from the date of the original suspension. A certified copy of the petition and the court order setting out the judge's finding and the restrictions shall be forwarded to the Department.

[See Compact Edition, Volume 5 for text of 23A(b) to 24A]

Court to Report Convictions; Restricted Licenses for Convicted Persons

Sec. 25. (a) Whenever any person is convicted of any offense for which this Act makes automatic the suspension of the operator's, commercial operator's, or chauffeur's license of such person, the court in which such conviction is had shall require the surrender to it of all operators', commercial operators', and chauffeurs' licenses then held by the person so convicted and the clerk of said court shall thereupon forward the same together with a record of such conviction. The court may enter an order restricting the operation of a motor vehicle to the person's occupation or to participation in an alcoholic or drug treatment, rehabilitation, or educational program, provided the person gives proof of a valid policy of automobile liability insurance in accordance with the provisions of the Texas Motor Vehicle Safety-Responsibility Act, as amended (Article 6701h, Vernon's Texas Civil Statutes). The order shall state restrictions as to hours of the day, days of the week, type of occupation or program, and areas or routes of travel to be permitted, except that the person convicted may not be allowed to operate a motor vehicle more than ten (10) hours in any consecutive twenty-four (24) hours, providing, on proper showing of necessity, the court may waive the ten (10) hour restriction. The order shall be effective for a period to be determined by the judge and may be extended at the discretion of the judge, provided that if the order is granted for longer than a twelve (12) month period, the person convicted must give proof to the Department of Public Safety of a valid policy of automobile liability insurance in accordance with the provisions of the Texas Motor Vehicle Safety-Responsibility Act (Article 6701h, Vernon's Texas Civil Statutes). But in no event may the order remain in effect beyond the period for which the convicted person's license has been suspended. A certified copy of the order shall be given to the person convicted and shall be forwarded to the Department together with the person's licenses and the record of his conviction. Upon receipt of the order, the Department shall issue a license showing upon its face the restrictions and expiration date set out in the order. The person convicted may use the order of the court as a restricted license for a period of

fourteen (14) days following the date of the order. Any person who violates the restrictions of the order of the court or on the license issued under this section is guilty of a misdemeanor and upon conviction shall be punished in the same manner as one convicted of driving a motor vehicle while license is suspended, and the license and order shall be automatically cancelled.

[See Compact Edition, Volume 5 for text of 25(b) to 29]

Cancellation of License for Medical Reasons

Sec. 30. It shall be unlawful for any person to act as an operator, commercial operator, or chauffeur who is addicted to the use of alcohol or narcotic drugs, or who has been adjudged mentally incompetent and has not been restored to competency by judicial decree or released from a hospital for the mentally incompetent upon a certificate of the superintendent that such person is competent. Any finding by any court of competent jurisdiction that any person holding an operator's license, commercial operator's license, or chauffeur's license is mentally incompetent or addicted to the use of alcohol or narcotics shall carry with it a revocation of such operator's, commercial operator's, or chauffeur's license. It shall be the duty of the clerk of any court in which such findings are made, to certify same to the Department within ten (10) days.

[See Compact Edition, Volume 5 for text of 30A and 31]

The driver of any vehicle involved in an accident resulting only in damage to a vehicle which is driven or attended by any person shall immediately stop such vehicle at the scene of such accident or as close thereto as possible without obstructing traffic more than is necessary but shall forthwith return to and in every event shall remain at the scene of such accident until he has fulfilled the requirements of Section 40. However, when an accident occurs on a main lane, ramp, shoulder, median, or adjacent area of a freeway in a metropolitan area and each vehicle involved can be normally and safely driven, each driver shall move his vehicle as soon as possible off the freeway main lanes, ramps, shoulders, medians, and adjacent areas to a designated accident investigation site, if available, a location on the frontage road, the nearest suitable cross street, or other suitable location to complete the requirements of Section 40, so as to minimize interference with the freeway traffic. Any person failing to stop or to comply with said requirements under such circumstances shall be guilty of a misdemeanor.

Duty to Give Information and Render Aid

Sec. 40. The driver of any vehicle involved in an accident resulting in injury to or death of any person or damage to any vehicle which is driven or attended by any person shall give his name, address, and the registration number of the vehicle he is driving and

the name of his motor vehicle liability insurer, and shall upon request and if available exhibit his operator's, commercial operator's, or chauffeur's license to the person struck or the driver or occupant of or person attending any vehicle colliding with and shall render to any person injured in such accident reasonable assistance, including the carrying, or the making of arrangements for the carrying, of such person to a physician, surgeon, or hospital for medical or surgical treatment if it is apparent that such treatment is necessary or if such carrying is requested by the injured person.

Immediate Reports of Accidents

Sec. 43. The driver of a vehicle involved in an accident resulting in injury to or death of any person or damage to any vehicle to the extent that it cannot be normally and safely driven shall immediately by the quickest means of communication give notice of such accident to the local police department if such accident occurs within a municipality, otherwise to the office of the county sheriff or the nearest office of the Texas Highway Patrol.

Investigation of Accidents

Sec. 43A. A peace officer notified of a motor vehicle accident resulting in injury to or death of any person or damage to the property of any one person to an apparent extent of Two Hundred and Fifty Dollars (\$250) or more may investigate the accident and file any justifiable charges relating thereto without regard to whether the accident occurred on a public street or highway or other public property, on a road owned and controlled by any water control and improvement district, whether or not a fee is charged for the use of the road, or on private property commonly used by the public such as supermarket or shopping center parking lots, parking areas provided by business establishments for the convenience of their customers, clients, or patrons, parking lots owned and operated by the State or any other parking area owned and operated for the convenience of, and commonly used by, the public. It is specifically provided, however, that this Section shall not apply to accidents occurring on privately owned residential parking areas or on privately owned parking lots where a fee is charged for the privilege of parking or storing a motor vehicle.

Written Reports of Accident

Sec. 44. (a) The driver of a vehicle involved in an accident resulting in injury to or death of any person, or damage to the property of any one person, including himself, to an apparent extent of at least Two Hundred Fifty Dollars (\$250), shall within ten (10) days after such accident forward a written report of such accident to the Department. Any

person who shall fail to make such a report shall be guilty of a misdemeanor and upon conviction shall be punished as provided in Section 143. The venue for the prosecution of such offense shall be in the county where the accident occurred.

Also, the forms for the written reports shall include a means for designating and identifying peace officers and fire fighters who during an emergency are involved in accidents while driving law enforcement vehicles or fire department vehicles in pursuit of their duties. (b) A person who operates a motor vehicle in violation of Subsection (a) of this section commits an offense. The fact that any person charged with a violation of this section is or has been entitled to use the controlled substance or drug under the laws of this State is not a defense against any charge of violating this section.

(d) Except as provided in Subsection (d-1) of this section, the driver of a vehicle approaching the intersection of a different street or roadway, not otherwise regulated herein, or controlled by traffic control signs or signals, shall stop, yield and grant the privilege of immediate use of such intersection to any other vehicle which has entered the intersection from such driver's right or is approaching such intersection from such driver's right in such proximity thereto as to constitute a hazard and after so stopping may only proceed thereafter when such driver may safely enter such intersection without interference or collision with traffic using such different street or roadway.

(d-1) The driver of a vehicle approaching the intersection of a through street or roadway from a street or roadway which terminates at the intersection, not otherwise regulated in this section or controlled by traffic control signs or signals, shall stop, yield, and grant the privilege of immediate use of the intersection to another vehicle which has entered the intersection from the through street or roadway or is approaching the intersection on the through street or roadway in such proximity as to constitute a hazard and after stopping may only proceed when the driver may safely enter the intersection without interference or collision with the traffic using the through street or roadway.

(e) A driver obligated to stop and yield the right-of-way in accord with Sections (a), (b), (c), (d), and (d-1) of Section 71, who is involved in a collision or interference with other traffic at such intersection is presumed not to have yielded the right-of-way as required by this Act.

ARTICLE XV—INSPECTION OF VEHICLES

Compulsory Inspection

Sec. 140. (a) Every owner of a motor vehicle, trailer, semitrailer, pole trailer, or mobile home, registered in this state and operated on the highways of this state, shall have the tires, brake system (including power brake unit), lighting equipment, horns and warning devices, mirrors, windshield wipers, front seat belts in vehicles where seat belt anchorages were part of the manufacturer's original equipment on the vehicle, steering system (including power steering), wheel assembly, safety guards or flaps if required by Section 139A of this Act, exhaust system, and exhaust emission system inspected at state-appointed inspection stations or by State Inspectors as hereinafter provided. Provisions relating to the inspection of trailers, semitrailers, pole trailers, or mobile homes shall not apply when the gross weight of such vehicles and the load carried thereon is four thousand (4,000) pounds or less. Only the mechanism and equipment designated in this section may be inspected, and the owner shall not be required to have any other equipment or part of his motor vehicle inspected as a prerequisite for the issuance of an inspection certificate.

(b) If such inspection discloses the necessity for adjustments, corrections, or repairs, the vehicle shall be adjusted, corrected, or repaired before a certificate is issued as hereinafter provided. The owner may have such adjustments, corrections, or repairs made by such qualified person or persons as he may choose, subject to reinspection as hereinafter provided.

[See Compact Edition, Volume 5 for text of 140(c) and (d)]

(e) After the fifth (5th) day following the expiration of the period designated for the inspection, no person shall operate on the highways of this State any motor vehicle registered in this State unless a valid certificate of inspection is displayed thereon as required by this Section. It is a defense to a prosecution under this Section that a valid inspection permit for the vehicle is in effect at the time of the arrest. Any peace officer of the Department of Public Safety, or any sheriff or deputy sheriff, or any City policeman who shall exhibit his badge or other signs of authority, may stop any vehicle not displaying this inspection certificate as required by the Department and require the owner or operator to produce an official inspection certificate for the Vehicle being operated.

(f) All motor-assisted bicycles shall be subject to annual inspection in the same manner as are motorcycles, except (1) the fee for inspection shall be Two Dollars (\$2.00), One Dollar (\$1.00) of which shall be paid to the Department to be placed in the Motor Vehicle Inspection Fund and used for the purposes prescribed by law, and (2) the only items of equipment required to be inspected are the brakes, headlamps, and reflectors, which are required to comply with the standards prescribed in Section 184 of this Act. The Department shall promulgate rules and regulations relating to the inspection of motor-assisted bicycles and the issuance and display of inspection certificates with respect to those vehicles.

(g) Any person operating a vehicle on the highways of this State, other than a vehicle licensed in another State and being temporarily and legally operated under a valid reciprocity agreement, in violation of the provisions of this Act or without displaying a valid inspection certificate or having equipment which does not comply with the provisions of Article XIV of this Act is guilty of a misdemeanor and on conviction shall be punished as provided in Section 143 of this Act.

[See Compact Edition, Volume 5 for text of 140(h)]

State Appointed Inspection Stations

Sec. 141. (a) The Department may establish state-appointed inspection stations to carry out the provisions of this Section. Such stations may be located anywhere in the state, and should any be established or appointed, there shall be at least one (1) for each county. The Department is authorized to furnish instructions to, and to supervise official inspection stations and mechanics for inspection of motor vehicles, trailers, semitrailers, pole trailers, and mobile homes for the proper and safe performance of the required items of inspection. The certification of persons to inspect vehicles shall be in accordance with the rules and regulations promulgated by the Department. Every person desiring to operate as an official inspection station shall file an application for a certificate of appointment with the Department.

The application shall be made upon a form prescribed and furnished by the Department, and shall set forth the name of the applicant, the name under which the applicant transacts or intends to transact business, the location of his place of business within the state, and such other information as the Department may require. If the applicant has or intends to have more than one place of business within the state, a separate application shall be made for each place of business.

If the applicant is an association, the application shall set forth the names and the addresses of the persons constituting the association, and if a corpo-

ration, the names and addresses of the principal officers thereof, and any other information prescribed by the Department for purposes of identification. The application shall be signed and verified by oath or affirmation by the owner, if a natural person; in the case of a corporation, by an executive officer thereof or some person specifically authorized by the corporation to sign the application, to which shall be attached written evidence of his authority.

Only such locations which fulfill the Department's requirements and whose owners or proprietors comply with the Department regulations shall qualify and be appointed and issued a certificate. Upon approval of an application, the Department shall issue to the owner a certificate of appointment as an official inspection station for the place of business within the state set forth in the application.

Certificates of appointment shall not be assignable, and shall be valid for the owners in whose names issued and for the transaction of business at the place designated therein, and shall at all times be conspicuously displayed at the place for which issued.

An applicant for appointment as an inspector shall submit with his first application a certificate fee of Five Dollars (\$5). An individual's first appointment as an inspector is effective until August 31 of the year following the date of appointment. Thereafter, appointments as inspectors shall be made for one-year periods, and the certificate fee for each year shall be Five Dollars (\$5).

Upon being advised that an application will be approved, an applicant for an appointment as an inspection station shall pay a fee of Thirty Dollars (\$30) which shall constitute the certificate fee until August 31st of the odd-numbered year following the date of appointment. Thereafter, appointments of stations shall be made for two-year periods and the certificate fee for each such period shall be Thirty Dollars (\$30). All certificate fees shall be placed in a fund in the State Treasury to be known as the Motor Vehicle Inspection Fund and shall be used by the Department in the administration of this Act.

(b) Any owner of an official inspection station who by himself, agent, servant, or employee, violates any provision of Section 140, 141, or 142 of this Act, or requires the repair of any mechanism or equipment other than that set forth in the uniform standards of safety items to be inspected as established, shall upon conviction, be punished by a fine not exceeding Two Hundred Dollars (\$200).

(c) The fee for compulsory inspection to be made under this Section shall be Five Dollars (\$5.00). One Dollar and Seventy-Five Cents (\$1.75) of each fee shall be paid to the Department and shall be placed in the Motor Vehicle Inspection Fund for the purpose of paying the expense of the administration of this law

and the payment of supplemental retirement benefits as provided by law. The Department may require each official inspection station to make an advance payment of One Dollar and Seventy-Five Cents (\$1.75) for each inspection certificate furnished to it, and the money so received shall be placed in the Motor Vehicle Inspection Fund, and no further payment to the Department shall be required upon issuance of the certificate. If such advance payment has been made, the Department shall refund to the inspection station the amount of One Dollar and Seventy-Five Cents (\$1.75) for each unissued certificate which the inspection station returns to the Department in accordance with rules and regulations promulgated by the Department.

If an inspection disclosed the necessity for adjustments, corrections, or repairs, such vehicle shall be reinspected once within seven (7) days free of charge at the same inspection station after the adjustments, corrections, or repairs have been made. Any such vehicle under the terms of this Act, if involved in an accident subsequent to the required inspection, which accident affects the safe operation of any item of inspection, shall return to an inspection station after adequate repairs are made. The subsequent inspection shall be as if the vehicle had not been inspected before. The inspection fee shall be charged for reinspection.

(d) No certificate of inspection shall be issued by any inspector or inspection station until the vehicle has been inspected and found to be in proper and safe condition and to comply with the uniform standards of safety, inspection rules and regulations, and laws of this state. No person shall make, issue, or knowingly use an imitation or counterfeit of an official inspection certificate. No certificate of inspection may be issued by any inspector or inspection station for a motor vehicle equipped with a carburetion device permitting the use of liquefied gas alone or interchangeably with other fuels, unless a currently valid liquefied gas tax decal issued by the comptroller of public accounts is affixed to the lower right-hand corner of the front windshield of the vehicle on the passenger side.

No person shall display or cause or permit to be displayed any inspection certificate knowing the same to be fictitious or issued for another vehicle or issued without the required inspection having been made. No person may transfer an inspection certificate from one windshield or location to another windshield or location.

No person shall perform an inspection or issue an inspection certificate without such person first having been certified to do so by the Department.

No person shall drive or move on any highway any motor vehicle, trailer, semitrailer, pole trailer, mobile home, or combination thereof unless the equipment

upon any and every said vehicle is in good working order and adjustment as required in this Act and said vehicle is in such safe mechanical condition as not to endanger the driver or other occupant or any person or property.

(e) The Department may appoint as official inspection stations, for the limited purpose of inspecting vehicles owned by political subdivisions and agencies of the state, vehicle maintenance facilities owned and operated by the political subdivisions or agencies. The political subdivisions and agencies may not be required to pay the vehicle-inspection fee provided for in Subsection (c) of this section, but shall pay to the Department an advance payment of One Dollar (\$1.00) for each inspection certificate issued to it. The funds received by the Department shall be placed in the Motor Vehicle Inspection Fund for the purpose of paying the expense of the administration of this Act. Inspection stations appointed under this subsection must satisfy all requirements set forth in Sections 140, 141, and 142 of this Act except the provisions relating to the fee contained in Subsection (a) of this section. No officer, employee, or inspector of any political subdivision or agency shall place or cause to be placed any inspection certificate received from the Department under the provisions of this subsection on any vehicle other than a vehicle owned by the political subdivision or agency.

(f) The Director may deny an application for a license or revoke or suspend an outstanding certificate of any inspection station or the certificate of any person to inspect vehicles, in addition to action taken under Subsection (g) of this section, for any of the following reasons:

- (1) issuing a certificate without required adjustments, corrections, or repairs having been made when an inspection disclosed the necessity for those adjustments, corrections, or repairs;
- (2) refusing to allow the owner of the vehicle to have required corrections or adjustments made by any qualified person he may choose;
- (3) issuing an inspection certificate without having made an inspection of the vehicle;
- (4) knowingly or wilfully issuing an inspection certificate for a vehicle without the required items of inspection or with items which were not at the time of issuance in good condition and in conformity with the laws of this state or in compliance with rules of the Commission;
- (5) failure to charge the required fee for inspection;
- (6) charging more than the required inspection fee;
- (7) issuing an inspection certificate without being certified to do so by the Department;

(8) proof of unfitness of applicant or licensee under standards set out in this Act or in Commission rules;

(9) material misrepresentation in any application or any other information filed under this Act or Commission rules;

(10) wilful failure to comply with this Act or any rule promulgated by the Commission under the provisions of this Act;

(11) failure to maintain the qualifications for a license; or

(12) any act or omission by the licensee, his agent, servant, employee, or person acting in a representative capacity for the licensee which act or omission would be cause to deny, revoke, or suspend a license to an individual licensee.

When there is cause to deny an application for a certificate of any inspection station or the certificate of any person to inspect vehicles or revoke or suspend the outstanding certificate, the Director shall, in less than thirty (30) days before refusal, suspension, or revocation action is taken, notify the person, in writing, in person, or by certified mail at the last address supplied to the Department by the person, of the impending refusal, suspension, or revocation, the reasons for taking that action, and of his right to an administrative hearing for the purpose of determining whether or not the evidence is sufficient to warrant the refusal, suspension, or revocation action proposed to be taken by the Director. If, within twenty (20) days after the personal notice of the notice is sent or notice has been deposited in the United States mail, the person has not made a written request to the Director for this administrative hearing, the Director, without a hearing, may suspend or revoke or refuse to issue any certificate. On receipt by the Director of a written request of the person within the twenty-day (20-day) period, an opportunity for an administrative hearing shall be afforded as early as is practicable. In no case shall the hearing be held less than ten (10) days after written notification, including a copy of the charges, is given the person by personal service or by certified mail sent to the last address supplied to the Department by the applicant or certificate holder. The administrative hearing in these cases shall be before the Director or his designee. The Director or his designee shall conduct the administrative hearing and may administer oaths and issue subpoenas for the attendance of witnesses and the production of relevant books, papers, or documents. On the basis of the evidence submitted at the hearing, the Director acting for himself or upon the recommendation of his designee may refuse the application or suspend or revoke the certificate.

Any person dissatisfied with the action of the Director, without filing a motion for rehearing, may appeal the action of the Director by filing a petition

within thirty (30) days after the action is taken in a district court in the county where the person resides or in a district court of Travis County, and the court is vested with jurisdiction, and it shall be the duty of the court to set the matter for hearing upon ten (10) days written notice to the Director and the attorney representing the Director. The court in which the petition of appeal is filed shall determine whether any action of the Director shall be suspended pending hearing and enter its order accordingly, which shall be operative when served upon the Director, and the Director shall provide the attorney representing the Director with a copy of the petition and order. The Director shall be represented in these appeals by the district or county attorney of the county, or the attorney general, or any of their assistants.

(g) No person who performs an inspection at a state-appointed inspection station may fraudulently represent to an applicant that a mechanism or item of equipment required to be inspected must be repaired, adjusted, or replaced before the vehicle will pass inspection when that is not the case. The Department may cancel or suspend the certificate of appointment of any state-appointed inspection station or the certificate of the person performing the inspection if it finds, after notice and hearing, that a violation of this Section occurred at the inspection station.

Safety Standards and Inspection Certificates

Sec. 142. (a) The Public Safety Commission shall establish uniform standards of safety whenever applicable with respect to items to be inspected as provided by Section 140 of this Act and shall list those items to be inspected in conformity with these standards established as provided by law. The list of items to be inspected and uniform standards of safety shall be posted in every official inspection station. Every vehicle inspected shall conform in all respects to the uniform standards of safety and the list of items to be inspected established pursuant to this Section.

(b) The Department shall furnish serially numbered certificates of inspection to inspection stations. Each certificate, when issued, shall bear such information as required by the Department for the type of vehicle that was inspected. The certificate shall be invalid after the end of the twelfth month in which the vehicle was last inspected, approved, and the certificate of inspection issued. A certificate of inspection and approval for any vehicle shall be attached to or produced for such vehicle as the Department shall require. The Department shall require that certificates for motorcycles be attached to the rear of the vehicle near the license plate. A record and report as prescribed by the Department shall be made of every inspection and every certifi-

cate so issued. No unused certificates of inspection representing a prior inspection period shall be issued after the beginning of the next ensuing period.

(c) The Department may adopt rules necessary for the administration and enforcement of Article XV of this Act.

Inspection Before Certificate of Title Registration

Sec. 142A. (a) Before a vehicle may be registered and titled under Subsection (a), Section 30, Certificate of Title Act, as amended (Article 6687-1, Vernon's Texas Civil Statutes), the owner must have the vehicle inspected as required under Section 140 of this Act and must have the state-appointed inspection station record the permanent identification number of the vehicle on the certificate of inspection.

(b) An inspection station may not issue a certificate required under Subsection (a) of this section unless the vehicle satisfies the requirements for certification under Article XV of this Act.

(c) The inspection station shall charge a fee of \$5 for the inspection and certificate issued under this section and shall pay \$1 of each fee to the department for payment into the Motor Vehicle Inspection Fund for use in paying expenses of administering this section. The fee for an inspection required by this section is in lieu of the fee provided for by Subsection (c) of Section 141 of this Act.

(d) The department shall furnish forms for the certificates to official inspection stations and may require that an inspection station make an advance payment of \$1 for each inspection certificate furnished it. The department shall pay the money received from an advance payment into the Motor Vehicle Inspection Fund and may not require an additional payment to the department when the certificate is issued. The department shall refund to the inspection station the amount of \$1 for each unissued certificate which the inspection station returns to the department and for which advance payment has been made.

Dismissal of Certain Misdemeanor Charges Upon Completing Driving Safety Course

Sec. 143A. (a) When a person is charged with a misdemeanor offense under this Act, other than a violation of Section 50 or 51, committed while operating a motor vehicle, the court:

(1) in its discretion may defer proceedings and allow the person 90 days to present evidence that, subsequent to the alleged act, the person has successfully completed a defensive driver's course

approved by the Texas Department of Public Safety or other driving safety course approved by the court; or

(2) shall defer proceedings and allow the person 90 days to present written evidence that, subsequent to the alleged act, the person has successfully completed a driving safety course approved by the court, if:

(A) the person presents to the court an oral request or written motion to take a course;

(B) the person has a valid Texas driver's license or permit; and

(C) the person's driving record as maintained by the Texas Department of Public Safety does not indicate successful completion of a driving safety course under this subdivision within the two years immediately preceding the date of the alleged offense.

(b) When the person complies with the provisions of Subsection (a) of this section and the evidence presented is accepted by the court, the court shall dismiss the charge.

When a charge is dismissed under this section, the charge may not be part of the person's driving record or used for any purpose, but the court shall report the fact that a person has successfully completed a driving safety course and the date of completion to the Texas Department of Public Safety for inclusion in the person's driving record. The court shall note in its report whether the course was taken under the procedure provided by Subdivision (2) of Subsection (a) of this section for the purpose of providing information necessary to determine eligibility to take a subsequent course under that subdivision.

Disposition of Fines and Forfeitures

Sec. 144. (a) Fines collected for violation of any highway law as set forth in this Act shall be used by the municipality or the counties in which the same are assessed and to which the same are payable in the construction and maintenance of roads, bridges, and culverts therein, and for the enforcement of the traffic laws regulating the use of the public highways by motor vehicles and motorcycles and to help defray the expense of county traffic officers.

(b) When a person is convicted in a municipal court of the offense of operating a vehicle on an interstate highway, as that term is defined in Subsection 144(c), at a speed greater than is reasonable and prudent under the circumstances, the municipal court shall remit to the state treasurer any portion of the fine assessed and collected which exceeds two dollars (\$2) times the number of miles per hour by which the offender exceeded the posted speed limit as such excess speed is determined by a speed-measuring device as defined in Subsection 144(d). The number of miles per hour by which an offender exceeds the posted speed limit is determined by subtracting the posted prima facie speed limit from the number of miles per hour the offender is alleged to have driven at the time of the offense according to the summons or promise to appear. The state treasurer shall deposit funds received under this Section in the General Revenue Fund.

(c) Definition: "Interstate highway" as used herein is a portion of the national system of interstate and defense highways located within this state which now or hereafter may be designated officially by the Texas Highway Commission and approved pursuant to Title 23, United States Code.¹

(d) Definition: "Speed-measuring device" as used herein is any "Doppler shift speed meter" or other "radar" device whether operating under a pulse principle or a continuous-wave principle, photo-traffic camera, or any other electronic device used to detect and measure speed.

(d) A person may not operate a motor vehicle on a beach at a speed greater than 25 miles per hour during the daytime or greater than 20 miles per hour during the nighttime.

Authority of State Highway Commission to Alter Maximum Speed Limits

Sec. 167.

[See Compact Edition, Volume 5 for text of 167(a) to (c)]

(d) The State Highway and Public Transportation Commission shall hold upon request a public hearing at least once each calendar year to consider maximum prima facie speed limits on highways in the State Highway System that are near public or private institutions of elementary or secondary education.

Authority of County Commissioners Court and Governing Bodies of Incorporated Cities, Towns and Villages to Alter Maximum Prima Facie Speed Limits

Sec. 169.

[See Compact Edition, Volume 5 for text of 169(a) and (b)]

(c) An incorporated city, town, or village with respect to any highway, street, or part of a highway or street, including those marked as a route of a highway of the State Highway System, within its corporate limits, shall have the same authority to alter maximum prima facie speed limits upon the basis of an engineering and traffic investigation as that delegated to the State Highway Commission with respect to any officially designated or marked highway, road, or street of the State Highway System, when the highway, street, or part of a highway or street, including those marked as a route of a highway of the State Highway System, is under repair, construction, or maintenance, which limits, when appropriate signs giving notice of the limits are erected, shall be effective at that highway, street, or part of a highway or street, including those marked as a route of a highway of the State Highway System at all times or during hours of daylight or darkness, or at other times as may be determined; provided that under no circumstances may any governing body have the authority to modify or alter the basic rule established in Subsection (a) of Section 166, nor to establish a speed limit higher than sixty (60) miles per hour, and that any order of the State Highway Commission declaring a speed limit upon any part of a designated or marked route of the State Highway System made pursuant to Section 167 or Section 169B shall supersede any conflicting designated speed established under the provisions of this section.

[Text of subsec. (d) added by Acts 1977, 65th Leg., p. 916, ch. 344, § 2]

(d) The governing body of an incorporated city, town, or village in which a public or private institution of elementary or secondary education is located shall hold upon request a public hearing at least once each calendar year to consider maximum prima facie speed limits on streets and highways, including highways in the State Highway System, near the institution. If a county road outside the State Highway System is located within 500 feet of a public or private institution of elementary or secondary education that is not within the limits of an incorporated city, town, or village, the county commissioners court shall hold upon request a public hearing at least once each calendar year to consider the maximum prima facie speed limit on the road near the institution. A municipal governing body or commissioners court may hold upon request one public hearing for all public and private institutions of elementary or secondary education within its jurisdiction.

[Text of subsec. (d) added by Acts 1977, 65th Leg., p. 2120, ch. 846, § 1]

(d) The commanding officer of a United States military reservation, with respect to any highway, street, or part of a highway or street, including one marked as a route of a highway of the State Highway System, within the limits of the military reservation, has the same authority by order to alter maximum prima facie speed limits on the basis of an engineering and traffic investigation as that delegated to the State Highway and Public Transportation Commission with respect to any officially designated or marked highway, road, or street of the State Highway System. However, a commanding officer may not modify or alter the basic rule established in Subsection (a) of Section 166 of this Act, as amended, nor may he establish a speed limit higher than sixty (60) miles an hour. An order of the State Highway and Public Transportation Commission declaring a speed limit on any part of a designated or marked route of the State Highway System made pursuant to Section 167 or Section 169B of this Act, as amended, supersedes any conflicting order of a commanding officer.

(e) The chairman of the State Highway and Public Transportation Commission and the chairman of the State Board of Education shall provide assistance and information relevant to consideration of speed limits to commissioners courts, municipal governing bodies, and other interested persons.

Art. 6701d-11. Regulating Operating of Vehicles on Highways

[See Compact Edition, Volume 5 for text of 1 and 2]

Width, Length and Height

Sec. 3. (a) No vehicle shall exceed a total outside width, including any load thereon, of ninety-six (96) inches, except that the width of a farm tractor shall not exceed nine (9) feet, excepting further that the limitations as to size of vehicle stated in this Section shall not apply to implements of husbandry, machinery used solely for the purpose of drilling water wells regardless of whether it is a unit in itself or is a unit mounted on a conventional vehicle or chassis, and highway building and maintenance machinery temporarily propelled or moved upon the public highways, excepting further, that the limitations as to size of vehicles stated in this Section shall not apply to vehicles on which implements of husbandry are being carried or moved provided such vehicles are being moved by the owner thereof or his agent

or employee for the purpose of carrying on agricultural operations, and provided further that such implements are being moved or carried a distance of not more than fifty (50) miles, and excepting further, that the width of a motor bus or trolley bus operated exclusively within the limits of an incorporated city or town in this State and suburbs contiguous thereto and the county in which said incorporated city is located shall not exceed one hundred and two (102) inches. However, a vehicle used to carry cylindrically shaped bales of hay may exceed ninety-six (96) inches in width but its width may not exceed one hundred and twenty (120) inches.

No vehicle, other than vehicles herein exempted from these provisions, which has a total outside width, including any load thereon, in excess of the applicable width herein stated shall be permitted to operate on the public highways except under a special permit issued for such movement as prescribed in Section 2 of this Act or in Chapter 41, General Laws of the Forty-first Legislature, Second Called Session, 1929, as amended (Article 6701a of Vernon's Texas Civil Statutes) or except as authorized in some other Statute permitting or regulating such movement.

Vehicles Transporting Seed Cotton Modules

Sec. 3B. (a) Except as provided by Subsection (d) of this section, a single motor vehicle used exclusively to transport seed cotton modules may exceed the limitation on width provided for a single vehicle by Subsection (a) of Section 3 of this Act but may not exceed a width of one hundred and eight (108) inches.

(b) Except as provided by Subsection (d) of this section, a single motor vehicle used exclusively to transport seed cotton modules may exceed the limitation on length provided for a single vehicle by Subsection (c) of Section 3 of this Act but may not exceed a length of forty-eight (48) feet.

(c) Except as provided by Subsection (d) of this section, a vehicle or combination of vehicles used exclusively to transport seed cotton modules may exceed the limitations on weight provided by Section 5 of this Act, but the load on any one axle may not exceed twenty thousand (20,000) pounds, the tandem axle load may not exceed thirty-eight thousand (38,000) pounds without van-type cover; thirty-nine thousand, four hundred (39,400) pounds with van-type cover, and the overall gross weight of the vehicle or vehicles may not exceed fifty-nine thousand, four hundred (59,400) pounds.

(d) A vehicle may not be operated on the national system of interstate and defense highways if it

exceeds the maximum size or weight authorized by 23 U.S.C. Section 127.

(e) The owner of a vehicle covered by this section having a tandem axle weight greater than thirty-four thousand (34,000) pounds is liable to and shall compensate the state, county, or city for all damages to a highway, street, road, or bridge caused by the weight of the tandem axle load.

[See Compact Edition, Volume 5 for text of 4]

Weight of Load

Sec. 5. Except as otherwise provided by law, no commercial motor vehicle, truck-tractor, trailer or semitrailer, nor combination of such vehicles, shall be operated over, on, or upon the public highways outside the limits of an incorporated city or town, having a weight in excess of one or more of the following limitations:

(1) No such vehicle nor combination of vehicles shall have a greater weight than twenty thousand (20,000) pounds carried on any one axle, including all enforcement tolerances; or with a tandem axle weight in excess of thirty-four thousand (34,000) pounds, including all enforcement tolerances; or with an overall gross weight on a group of two or more consecutive axles produced by application of the following formula:

$$W=500 \left(\frac{LN}{N-1} + 12N + 36 \right)$$

where W = overall gross weight on any group of two or more consecutive axles to the nearest 500 pounds, L = distance in feet between the extreme of any group of two or more consecutive axles, and N = number of axles in group under consideration, except that two consecutive sets of tandem axles may carry a gross load of 34,000 pounds each providing the overall distance between the first and last axles of such consecutive sets of tandem axles is thirty-six (36) feet or more; provided, that such overall gross weight may not exceed eighty thousand (80,000) pounds, including all enforcement tolerances.

(2) No such vehicle nor combination of vehicles shall have a greater weight than six hundred (600) pounds per inch width of tire upon any wheel concentrated upon the surface of the highway and using high-pressure tires, and a greater weight than six hundred and fifty (650) pounds per inch width of tire upon any wheel concentrated upon the surface of the highway and using low-pressure tires, and no wheel shall carry a load in excess of eight thousand (8,000) pounds on high-pressure tires and ten thousand (10,000) pounds on low-

pressure tires, nor any axle a load in excess of sixteen thousand (16,000) pounds on high-pressure tires, and twenty thousand (20,000) pounds on low-pressure tires.

(3) Nothing in this section shall be construed as permitting size or weight limits on the national system of interstate and defense highways in this state in excess of those permitted under 23 U.S.C. Section 127. If the federal government prescribes or adopts vehicle size or weight limits greater than those now prescribed by 23 U.S.C. Section 127 for the national system of interstate and defense highways, the increased limits shall become effective on the national system of interstate and defense highways in this state.

(4) Nothing in this section shall be construed to deny the operation of any vehicle or combination of vehicles that could be lawfully operated upon the highways and roads of this state on December 16, 1974.

(5) In this section, an axle load is defined as the total load transmitted to the road by all wheels whose centers may be included between two (2) parallel transverse vertical planes forty (40) inches apart, extending across the full width of the vehicle. Tandem axle group is defined as two (2) or more axles spaced forty (40) inches or more apart from center to center having at least one (1) common point of weight suspension.

Weighing Loaded Vehicles by Inspectors

Sec. 6. Subd. 1. Any License and Weight inspector of the Department of Public Safety, any highway patrolman or any sheriff or his duly authorized deputy, having reason to believe that the gross weight or axle load of a loaded motor vehicle is unlawful, is authorized to weigh the same by means of portable or stationary scales furnished or approved by the Department of Public Safety, or cause the same to be weighed by any public weigher, and to require that such vehicle be driven to the nearest available scales for the purpose of weighing. In the event the gross weight of such vehicle be found to exceed the maximum gross weight authorized by law, plus a tolerance allowance of five per cent (5%) of the gross weight authorized by law, such license and weight inspector, highway patrolman, sheriff or his duly authorized deputy, shall demand and require the operator or owner of such motor vehicle to unload such portion of the load as may be necessary to decrease the gross weight of such vehicle to the maximum authorized by law plus such tolerance allowance, except as otherwise provided.¹ Such operator or owner shall forthwith unload such vehicle to the extent necessary to reduce the gross weight thereof to such lawful maximum and such vehicle may not be operated further over the public highways or roads of the State of Texas until the gross weight of such vehicle has been reduced to a weight

not in excess of the maximum limit plus such tolerance allowance. In the event the axle load of any such vehicle be found to exceed the maximum authorized by law, plus a tolerance allowance of five per cent (5%) of the axle load authorized by law, such officer shall demand and require the operator or owner thereof to rearrange his cargo, if possible, to bring such vehicle and load within the maximum axle load authorized by law, and if this cannot be done by rearrangement of said cargo, then such portion of the load as may be necessary to decrease the axle load to the maximum authorized by law plus such tolerance allowance shall be unloaded before such vehicle may be operated further over the public highways or roads of the State of Texas. Provided, however, that if such load consists of livestock, then such operator shall be permitted to proceed to destination without being unloaded provided destination be within the State of Texas.

It is further provided that in the event the gross weight of the vehicle exceeds the registered gross weight, the License and Weight Inspector, State Highway Patrolman or Sheriff or his duly authorized Deputy shall require the operator or owner thereof to apply to the nearest available County Tax Assessor-Collector for additional registration in an amount that will cause his gross registration to be equal to the gross weight of the vehicle, provided such total registration shall not exceed gross weight allowed for such vehicle, before such operator or owner may proceed. Provided, however, that if such load consists of livestock or perishable merchandise then such operator or owner shall be permitted to proceed with his vehicle to the nearest practical point in the direction of his destination where his load may be protected from damage or destruction in the event he is required to secure additional registration before being allowed to proceed. It shall be conclusively presumed and deemed prima facie evidence that where an operator or owner is apprehended and found to be carrying a greater gross load than that for which he is licensed or registered, he has been carrying similar loads from the date of purchase of his current license plates and will therefore be required to pay for the additional registration from the date of purchase of such license. Provided further that when an operator or owner is required to purchase additional registration in a county other than the county in which the owner resides, the Tax Assessor-Collector of such county shall remit the fees collected for such additional registration to the State Highway Department to be deposited in the State Highway Fund. It shall be the duty of the State Highway Department, and the necessary funds are hereby appropriated, to remit the counties' portion of such fees collected to the county of the residence of the owner; and it is provided further that the provisions of this Section

will in no way conflict with Article 6675a, Section 2, of the Revised Civil Statutes.

It is further provided that all forms and accounting procedure necessary to carry out the provisions of this Section shall be prescribed by the State Highway Department.

[See Compact Edition, Volume 5 for text of 6, 2 to 5]

Subd. 6. Notwithstanding Subdivision 1 of Section 6 of this Article, neither the operator nor the owner of a motor vehicle loaded with timber or pulp wood or agricultural products in their natural state being transported from the place of production to the place of market or first processing shall be required to unload any portion of his load.

Art. 6701h. Safety Responsibility Law

[See Compact Edition, Volume 5 for text of 1 to 3]

ARTICLE III—SECURITY FOLLOWING ACCIDENT

[See Compact Edition, Volume 5 for text of 4 and 4A]

Security; Determination of Amount; Suspension of License and Registrations; Notice; Exceptions

Sec. 5. (a) If twenty (20) days after the receipt of a report of a motor vehicle accident within this State which has resulted in bodily injury or death, or damage to the property of any one person of at least Two Hundred Fifty Dollars (\$250), the Department does not have on file evidence satisfactory to it that the person who would otherwise be required to file security under Subsection (b) of this section has been released from liability, or has been finally adjudicated not to be liable, or has executed a duly acknowledged written agreement providing for the payment

of an agreed amount in installments with respect to all claims for injuries or damages resulting from the accident, and the Department finds that there is a reasonable probability of a judgment being rendered against the person as a result of the accident, the Department shall determine the amount of security which shall be sufficient in its judgment, and in no event less than Two Hundred Fifty Dollars (\$250) to satisfy any judgment or judgments for damages resulting from such accident as may be recovered against each operator or owner.

(b) The Department shall, subject to the provisions of Subsection (c) of this section, suspend the license and all registrations of each operator and owner of a motor vehicle in any manner involved in such accident, if there is found to be a reasonable probability of a judgment being rendered against that person as a result of the accident, and if such operator or owner is a nonresident the privilege of operating a motor vehicle within this State, and the privilege of the use within this State of any motor vehicle owned by him unless such operator, owner or operator and owner shall deposit security in the sum so determined by the Department or by a person presiding at a hearing and in no event less than Two Hundred Fifty Dollars (\$250), and unless such operator and owner shall give proof of financial responsibility.

Before suspension of a license, registration, or privilege, the Department must find that there is a reasonable probability of a judgment being rendered against the person as a result of the accident and the amount of security that must be deposited. For this purpose it may consider the report of the investigating officer, the accident reports of all parties involved, and any affidavits of persons having knowledge of the facts. Notice of the determination by the Department shall be served personally on the person or mailed by certified mail, return receipt requested, to the affected person's last known address, as shown by the records of the Department. The notice shall specify that the license to operate a motor vehicle and the registration, or nonresident's operating privilege, will be suspended unless the person, within twenty (20) days after personal service or the mailing of the notice, establishes that the provisions of this section are not applicable to him and that he has previously furnished such information to the Department or that there is no reasonable probability of a judgment being rendered against him as a result of the accident. The notice shall recite that the person to whom it is addressed is entitled to a hearing as provided in this Act if a written request for a hearing is delivered or mailed to the Department within twenty (20) days after personal service or the mailing of the notice. The person's license to operate the vehicle and his registration or nonresident's operating privilege may not

be suspended pending the outcome of the hearing and any appeal.

If a hearing is requested, the Department shall summon the person requesting the hearing to appear for the hearing as provided in this subsection. The hearing shall be held not less than ten (10) days after notice is given to the person requesting the hearing and written charges shall be made and a copy given to the person requesting the hearing at the time he is given the hearing notice. Jurisdiction for the hearing is vested in the judge of a police court, or a justice of the peace in the county and precinct in which the person requesting the hearing resides. The hearing officer may receive a fee for hearing these cases if the fee is approved by the commissioners court of the county of jurisdiction, but the fee may not be more than Five Dollars (\$5) a case and shall be paid from the general revenue fund of the county. The hearing officer may administer oaths and may issue subpoenas for the attendance of witnesses and the production of relative books and papers. It shall be the duty of the court to set the matter for hearing upon ten (10) days written notice to the Department. Such proceeding shall have precedence over all other matters of a different nature, and shall be tried before the judge within fifteen (15) days from the filing thereof, and neither party shall be entitled to a jury. At the hearing, the issues to be determined are whether there is a reasonable probability of a judgment being rendered against the person requesting the hearing as a result of the accident and, if so, the amount of security that will be sufficient to satisfy any judgment or judgments for damages resulting from the accident, but in no event less than Two Hundred Fifty Dollars (\$250), that may be recovered from the person requesting the hearing. The officer who presides at the hearing shall report the findings in the case to the Department. Notice as required by this paragraph shall be served personally on the person or mailed by certified mail, return receipt requested, to the person's last known address, as shown by the records of the Department.

If, after a hearing, the determination is that there is a reasonable probability of a judgment being rendered against the person as a result of the accident, the person may appeal the findings to the county court of the county in which the hearing was held and the appeal shall be de novo.

If a written request for a hearing is not delivered or mailed to the Department within twenty (20) days after personal service or the mailing of notice and the person has not established within that time that the provisions of this section do not apply to him or if within twenty (20) days after a hearing and exhaustion of the appeal procedure, if an appeal is made in which the decision is against the person requesting the hearing, security and proof of finan-

cial responsibility are not deposited with the Department, the Department shall suspend the person's license to operate a motor vehicle, the vehicle registration, or nonresident's operating privilege until the person complies with the provisions of this Act.

Notice of such suspension shall be sent by the Department to such operator and owner not less than ten (10) days prior to the effective date of such suspension and shall state the amount required as security and the necessity for proof of financial responsibility. Where erroneous information is given the Department with respect to the matters set forth in subdivisions 2, 3, and 4 of Subsection (c) of this Section, it shall take appropriate action as hereinbefore provided, within sixty (60) days after receipt by it or correct information with respect to said matters.

The determination by the Department or by a person presiding at a hearing of the question of whether there is a reasonable probability of a judgment being rendered against a person as a result of an accident may not be introduced in evidence in any civil suit for damages arising from the accident.

(c) This section shall not apply under the conditions stated in Section 6 nor:

1. To a motor vehicle operator or owner against whom the Department or a person presiding at a hearing finds there is not a reasonable probability of a judgment being rendered as a result of the accident;

2. To such operator or owner if such owner had in effect at the time of such accident a motor vehicle liability policy with respect to the motor vehicle involved in such accident;

3. To such operator, if not the owner of such motor vehicle, if there was in effect at the time of such accident a motor vehicle liability policy or bond with respect to his operation of motor vehicles not owned by him;

4. To any person employed by the government of the United States, when such person is acting within the scope or office of his employment;

5. To such operator or owner if the liability of such operator or owner for damages resulting from such accident is, in the judgment of the Department, covered by any other form of liability insurance policy or bond; nor

6. To any person qualifying as a self-insurer under Section 34 of this Act, or to any person operating a motor vehicle for such self-insurer.

No such policy or bond shall be effective under this section or under Section 7 unless issued by an insurance company or surety company authorized to write motor vehicle liability insurance in this State, except that if such motor vehicle was not registered in this State, or was a motor vehicle

which was registered elsewhere than in this State at the effective date of the policy, or the most recent renewal thereof, such policy or bond shall not be effective under this section unless the insurance company or surety company if not authorized to do business in this State shall execute a power of attorney authorizing the Department to accept service on its behalf of notice or process in any action upon such policy or bond arising out of such accident; providing, however, every such policy or bond is subject, if the accident has resulted in bodily injury or death, to a limit, exclusive of interest and costs, of not less than Ten Thousand Dollars (\$10,000) because of bodily injury to or death of one person in any one accident and, subject to said limit for one person, to a limit of not less than Twenty Thousand Dollars (\$20,000) because of bodily injury to or death of two (2) or more persons in any one accident, and, if the accident has resulted in injury to or destruction of property, to a limit of not less than Five Thousand Dollars (\$5,000) because of injury to or destruction of property of others in any one accident. The policy or bond may exclude coverage of the first Two Hundred Fifty Dollars (\$250) of liability for bodily injury to or death of any one person in any one accident, and, subject to that exclusion for one person, may exclude coverage for the first Five Hundred Dollars (\$500) of liability for the bodily injury to or death of two (2) or more persons in any one accident and may exclude coverage for the first Two Hundred Fifty Dollars (\$250) of liability for the injury to or destruction of property of others in any one accident.

7. Wherever the word "bond" appears in this section or this Act, it shall mean a bond filed with and approved by the Department of Public Safety. [See Compact Edition, Volume 5 for text of 6 to 43]

[Amended by Acts 1975, 64th Leg., p. 931, ch. 347, § 1, eff. June 19, 1975.]

Art. 6701i. Brake Fluids; Marketing Regulated; Penalties

Definitions

Sec. 1. In this Act:

(1) "Brake fluid" means the liquid medium through which force is transmitted in the hydraulic brake system of any motor vehicle operated upon the highways of this state.

(2) "Package" means the immediate container in which the brake fluid is packed for sale but does not include a carton or wrapping containing several packages, nor a tank car or truck.

(3) "Packer" means a person who fills with brake fluid a package that is subsequently distributed for sale in this state.

(4) "Person" means an individual, corporation, or association.

(5) "Sell" means to convey, give, barter, trade, exchange, keep for sale, offer for sale, expose for sale, advertise for sale, deliver for or after sale, or distribute.

(6) "Labeling" means written, printed, or graphic representations in any form printed on or affixed to a package.

(7) "Department" means the Department of Public Safety.

Purpose

Sec. 1A. The legislature of the State of Texas, mindful of the importance of braking systems in motor vehicles, determines that it is necessary in the interest of the safety of the motoring public to establish brake fluid standards and provide for the proper enforcement of the standards. It is the purpose of this Act to insure to the motoring public at the time of purchase of brake fluid that the fluid meets the necessary minimum standards established under this Act.

Prohibition

Sec. 2. (a) A person who knowingly, intentionally, or recklessly manufactures, packs, sells, or adds to the hydraulic brake system of a motor vehicle in this state, any brake fluid (1) which is misbranded, (2) which is not currently registered under this Act, or (3) which is adulterated, commits an offense.

(b) An offense under this section is a Class B misdemeanor.

Misbranding and Adulteration

Sec. 3. (a) A brake fluid is misbranded:

(1) if its labeling is false or misleading in any particular; or

(2) if the package in which it is packed for sale does not bear a label or imprint containing in clear and legible type:

(A) the name and address of the manufacturer, packer, or seller;

(B) the words "brake fluid" and a designation of the contents as described by rule of the department; and

(C) an accurate statement of the net contents in terms of liquid measure.

(b) A brake fluid is adulterated:

(1) if the formula for or proportions of its contents have been changed since it was most recently registered; or

(2) if its quality or characteristics do not meet the standards and specifications for brake fluid established by the department.

Rules

Sec. 4. The Department of Public Safety shall from time to time adopt rules relating to the enforcement of this Act and establishing as minimum standards and specifications for brake fluids and packages for brake fluid the standards adopted from time to time by the United States Department of Transportation.

Registration

Sec. 5. (a) Any manufacturer, packer, or distributor, or their agents or representatives, desiring to market any brake fluid in the State of Texas that is not currently registered under this Act shall first furnish to the department such sample of the fluid as it may require for testing purposes and present in writing to the department an application for registration of the brake fluid for marketing in Texas.

(b) An application must be accompanied by a report of an independent testing laboratory approved by the department. The report must contain an analysis of the contents of the brake fluid submitted to the laboratory, showing that the quality of the laboratory sample meets the standards and specifications for brake fluid established by departmental rule. The applicant shall sign a sworn statement attached to the report, certifying that the formula for and proportions of the contents of the sample of brake fluid submitted to the independent testing laboratory are the same as the formula and proportions of the sample submitted to the department and the formula and proportions of the brake fluid being manufactured or packaged for sale.

(c) The department shall cause such tests to be made as may be necessary to determine whether or not a sample of brake fluid conforms to the standards and specifications adopted under this Act and may submit any sample to the University of Texas for official testing for the department.

(d) After the department has caused such tests to be made of a sample of brake fluid submitted for registration as the department finds necessary, the department, if the sample meets the standards and specifications adopted under this Act, shall issue the applicant a certificate of registration authorizing manufacture, packing, and sale in the state of the brake fluid for which the sample is a representative during the time specified on the certificate.

(e) After such testing as the department finds necessary, if the department finds that a sample of brake fluid does not meet the standards and specifications established by rule, the department shall deny registration of the brake fluid and notify the applicant by registered or certified mail of its decision. The notice shall specify the reasons for denying registration.

(f) Within 30 days after receipt of a notice of a denial of registration, an applicant may request the

department to hold a hearing on the department's decision.

(g) After providing notice and an opportunity for a hearing, the department may revoke registration and cancel a certificate of registration for brake fluid if the department finds that:

(1) any portion of the brake fluid is misbranded or adulterated; or

(2) the registrant has failed since registration to comply with a requirement of this Act or a rule issued under the authority of this Act.

(h) An appeal from a decision of the department after a hearing under Subsection (f) or (g) of this section is by trial de novo.

Enforcement

Sec. 6. (a) If brake fluid is manufactured, packed, or sold in violation of Section 2 of this Act, the department may issue and enforce a written or printed stop-sale order prohibiting the further manufacture, packing, or sale of brake fluid of the same brand name on the premises where the violation occurred. The department shall terminate a stop-sale order after remedy of the violation or after voluntary destruction or other disposal, under the supervision of the department, of the fluid that is the subject of the violation. The owner or custodian of brake fluid to which a stop-sale order applies may appeal the stop-sale order to a district court in the county in which the brake fluid is located. Appeal is by trial de novo.

(b) The department may apply to a magistrate in a county in which brake fluid manufactured, packed, or sold in violation of Section 2 of this Act is located for a search warrant to inspect the premises where the violation occurred or is occurring and to seize misbranded, unregistered, or adulterated brake fluid. Brake fluid seized under warrant issued under this subsection is subject to disposition in the manner provided for disposition of brake fluid seized as provided by Subsection (d) of this section.

(c) The department may institute an action in a district court in the county in which a violation of Section 2 of this Act has occurred or is occurring, to enjoin further violations of this Act. A bond may not be required for issuance of an injunction under this subsection.

(d) Any misbranded, unregistered, or adulterated brake fluid sold within this state may be proceeded against in any county or district court in any county of the state where it may be found, by the county or district attorney for the county, and seized for confiscation by process of libel for condemnation. If, following seizure, the article is condemned it shall, after entry of decree, be disposed of by destruction or sale as the court may direct, and the proceeds, if such article is sold, less legal costs, shall be paid to

the State Treasury. The article shall not be sold contrary to the provisions of this Act and upon payment of costs and execution and delivery of a good and sufficient bond, to be approved by the court, conditioned that the article shall not be disposed of unlawfully, the court may direct that the article be delivered to the owner thereof for relabeling or reprocessing as the case may be.

(e) The department may enter, during reasonable hours, any premises where brake fluid is manufactured, packed, or sold, for the purpose of enforcing this Act. The department may inspect, sample, analyze, and test any brake fluid found on the premises. Before the department requests entrance to premises where brake fluid is manufactured, packed, or sold or if the department is refused entrance to the premises, the department may request a magistrate in the county in which the premises are located to issue a search warrant to inspect the area. The magistrate shall issue the warrant without prior notice to the owner or custodian of the premises if the department shows specific evidence of a violation of a requirement of this Act or a rule adopted under the authority of this Act or shows that the department has complied with reasonable administrative standards for conducting inspections under this Act. The department shall adopt rules prescribing reasonable administrative standards for conducting inspections under this Act.

(f) The methods of enforcement provided by this section are cumulative, and the use of one method does not preclude the use of any other method provided by this section.

(g) The department shall cooperate with the National Highway Traffic Safety Administration of the United States Department of Transportation in enforcing this Act and the provisions of the National Traffic and Motor Vehicle Traffic Safety Act, 15 U.S.C. Section 1391 et seq., relating to motor vehicle safety standards.

[Amended by Acts 1979, 66th Leg., p. 2013, ch. 790, §§ 1, 2, eff. Sept. 1, 1979.]

Sections 3 and 4 of the 1979 amendatory act provided:

"Sec. 3. In enacting this legislation, the legislature intends that if the registration provisions of this Act are held invalid by a court of competent jurisdiction, the provisions of this Act relating to the enforcement of brake fluid standards established by the United States Department of Transportation shall be given effect if at all possible.

"Sec. 4. This Act takes effect on September 1, 1979. Chapter 224, Acts of the 55th Legislature, Regular Session, 1957 (Article 6701i, Vernon's Texas Civil Statutes), is continued in effect as it existed on August 31, 1979, for the prosecution of offenses committed before the effective date of this Act."

CHAPTER FIVE. BRIDGES AND FERRIES

Art. 6795b-1. Causeways, Bridges, Tunnels, Turnpikes, or Highways Authorized in Gulf Coast Counties of 50,000 or More

Construction and Operation Authorized; Cost and Expenses

Sec. 1. Any county in the State of Texas which borders on the Gulf of Mexico or any bay or inlet opening thereto and which has a population of fifty thousand (50,000) or more, according to the last Federal Census preceding the authorization of bonds hereunder, acting through its Commissioners Court, is hereby authorized and empowered to construct, acquire, improve, operate and maintain a causeway, bridge, tunnel, turnpike, highway, or any combination of such facilities, including all necessary overpasses, underpasses, interchanges, entrance plazas, toll houses, service stations, approaches, fixtures, accessories, equipment, and administration, storage, and other necessary buildings, together with all property rights, easements, and interests acquired in connection therewith (all of which are hereinafter referred to as "the project") from one (1) point in said county to another, or from one (1) point in said county to a point in another county (regardless of the population of such other county), and to issue its tax bonds, revenue bonds, or combination tax and revenue bonds, to pay the cost of such construction, acquisition, or improvement. Among other things,

the cost of the project may include the following: the cost of construction; the cost of all property, real, personal, and mixed, and all appurtenances, easements, contracts, franchises, pavements, and properties of every nature, used or useful in connection with the construction, acquisition, improvement, operation, and maintenance of the project; the payment of the cost of condemning any such property, including both the payment of the award and the payment of the court costs and attorneys fees; the payment of all legal, fiscal, and engineering expenses incurred in connection with the acquisition and construction of the project and the making of preliminary surveys and investigations and the authorization and issuance of the bonds; and the payment of interest on the bonds and operating expenses on the project prior to and during the period occupied by the construction of the project and for one (1) year thereafter. If the Commissioners Court shall consider it desirable to acquire, through purchase or lease, existing ferry properties for the purpose of operating such properties during the period of construction, over the route to be traversed by the project, such properties may be so acquired and the cost thereof paid from the proceeds of the bonds. Any preliminary expenses paid from county funds shall be repaid to such funds from the proceeds of the bonds when available, and all engineering and fiscal contracts and agreements for such projects heretofore entered into are hereby validated and confirmed. Where any causeway, bridge, tunnel, turnpike, highway, or combination thereof constructed or acquired and financed hereunder extends from a point in the county issuing the bonds to a point in another county, it may be so constructed or acquired only after there shall have been adopted by the Commissioners Court of the county not issuing the bonds, a resolution approving and consenting to such construction or acquisition, and the Commissioners Court of any such county is hereby authorized to adopt such resolution. So long as and to the extent that the project, or part thereof, has not been designated as part of the State Highway System and is not considered a Turnpike Project, as defined in Chapter 410, Acts of the Fifty-Third Legislature, 1953, as amended,¹ that part of the project (which has not been so designated and is not so considered) in each county shall be considered a part of the county road system of such county, and all laws relating to the maintenance and operation of county roads are hereby made applicable to any project constructed or acquired hereunder in so far as they do not conflict with the provisions hereof; and each county into which the project extends may acquire necessary lands or right of ways or other property by purchase, condemnation or otherwise, under the General Laws of Texas, and the county issuing the bonds shall have such powers with respect to necessary lands or right of ways or other property in each

county into which the project extends; provided that provision for the payment of the purchase price, award, or other costs may be upon such terms as may be agreed upon by the Commissioners Courts of the county issuing the bonds and the other county, and the proceeds of the bonds issued hereunder may be used for such purposes; and provided, further, that no election shall be necessary to authorize the issuance of any bonds issued hereunder payable solely from revenues, but in case no election is held, notice of intention to issue such bonds shall be given as provided in Sections 2 and 3 of the Bond and Warrant Law of 1931, as amended,² and the authority to issue such bonds shall be subject to the right of referendum provided in Section 4 of said Law. Bonds authorized to be issued under this law shall be sold in such manner, either at public or private sale, and for such price as the Commissioners Court of the county issuing the bonds may determine to be for the best interests of the county.

¹ Article 6674v.

² Article 2368a.

Bonds; Charge Only on Revenues of Project; Approval and Registration; Alternative Methods

Sec. 2. No bonds authorized pursuant to Subsection (a) of this section shall ever be a debt of the county issuing them, but shall be solely a charge upon the revenues of the project and shall never be reckoned in determining the powers of the county to issue any bonds, payable in whole or in part from taxes, for any purpose authorized by law. Each such bond payable solely from the revenues of a project shall contain this clause: "The holder hereof shall never have the right to demand payment of this obligation out of any funds raised or to be raised by taxation." All bonds issued hereunder may be presented to the Attorney General for his approval in the same manner and with like effect as is provided for the approval of tax bonds issued by counties. In such case the bonds shall be registered by the State Comptroller as in the case of other county bonds. But notwithstanding any limitations in this Act or in the law which it amends, any county proceeding hereunder after this amendatory Act becomes effective may issue bonds for such purpose secured by any one of the following methods:

(a) Solely by the pledge of revenues as prescribed hereinabove in this Section and elsewhere in Chapter 304, Acts of the Regular Session of the Fiftieth Legislature, as amended;¹ or

(b) A pledge of and payable from either an ad valorem tax levied under Article 8, Section 9 of the Constitution, or an unlimited ad valorem tax authorized under Article 3, Section 52 of the Constitution and laws enacted pursuant thereto; or

(c) A designated part of the bonds to be secured solely by a pledge of revenues as provided under sub-section (a) and a designated part of the bonds

to be secured by pledges of such ad valorem tax as provided under sub-section (b) of this Section; or

(d) A combination of the methods prescribed under sub-sections (a) and (b) wherein all of the bonds are to be supported and secured by such ad valorem tax with the duty imposed on the County to collect tolls for use of the facilities so long as any of the bonds are outstanding so that in the manner to be prescribed in the bond resolution or the trust indenture the amount of the tax to be collected from time to time may be reduced or abated to the extent that the revenues from the operation of the facilities are sufficient to meet the requirements for operation and maintenance and to provide funds for the bonds as prescribed in the indenture.

But no such bonds wholly or partially supported by an ad valorem tax shall be issued unless and until they shall have been authorized at an election at which the question of their issuance shall have been submitted.

¹ This article.

Pooled Projects

Sec. 2a. Any two or more projects constructed by a county proceeding hereunder may, upon the adoption of a resolution approving the same, duly passed by the Commissioners Court, be pooled and designated as a "pooled project." Any existing project or projects may be pooled in whole or in part with any new project or projects thereof. After being so designated, such "pooled project" shall become a "project" as used in Chapter 304, Acts of the Regular Session of the Fiftieth Legislature, 1947, as amended. No project may be pooled more than once. Consistent with the resolution or order providing for the issuance of the bonds or the trust indenture securing the same, the resolution of the Commissioners Court shall set a date certain when each of the projects being authorized to be pooled shall be available for the free use of the public. Subject to the terms of any such bond resolution or trust indenture, any county proceeding hereunder is authorized to issue from time to time bonds of the county as hereinbefore authorized, including bonds which are payable either in whole or in part from the revenues of a pooled project, for the purpose of (i) paying all or any part of the cost of such pooled project or the cost of any part of such pooled project, (ii) paying the costs of constructing improvements, extensions, or enlargements to all or any part of any pooled project, or (iii) refunding any bonds then outstanding issued on account of any pooled project or any part of any pooled project, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds, and, if deemed advisable by the Commissioners Court, paying the costs of constructing improvements, extensions, and enlarge-

ments to the pooled project or to any part of any pooled project in connection with which or in connection with any part of which bonds to be refunded shall have been issued. Revenues of all or any part of such pooled project may be pledged to the payment of such bonds. Improvements, extensions, or enlargements to be paid from refunding bonds issued hereunder are not restricted to and need not be constructed on any particular part of a pooled project in connection with which bonds to be refunded may have been issued but may be constructed in whole or in part on other parts of the pooled project not covered by the bonds to be refunded. Within the discretion of the issuing county, refunding bonds issued hereunder may be issued in exchange for outstanding bonds or may be sold and the proceeds used for the purpose of redeeming outstanding bonds. Any county having previously designated a "pooled project" may from time to time, subject to the terms of any bond resolution or trust indenture, add to, delete from, or otherwise amend the extent or component parts of any pooled project, which pooled project as so amended shall be and become a project as used in Chapter 304, Acts of the Regular Session of the Fiftieth Legislature, Regular Session, 1947, as amended.

Contract or Agreement for Project Construction, Acquisition, etc.; Project Feasibility Studies and Surveys

Sec. 3a. Notwithstanding anything contained herein to the contrary, any county proceeding hereunder may contract or agree with any other county, city, village, town, special district, or any other legally constituted political subdivision or agency of the State of Texas, or any combination of these, to construct, acquire, improve, operate, and maintain a project. Any such contract or agreement may provide for joint ownership of the project or for title to the project to be in any one of the contracting parties. In addition, any contracting county proceeding hereunder may issue its bonds, as authorized herein, for the purpose of paying all or any part of the cost of a project which said county is obligated to pay under any such contract or agreement. Any contract or agreement entered into under this section may contain any terms and extend for any period of time to which the parties can agree, and may provide that it will continue in effect until bonds specified in it and refunding bonds issued in lieu of those bonds are paid. If any such contract or agreement so provides, payments made thereunder shall be operating and maintenance expenses of the project, and the revenues derived from operation of such project may be pledged to such payment.

If on the effective date of this amendment any agency of the State of Texas has expended funds in the amount of \$75,000 or more for the purpose of

conducting studies and surveys or making other investigations for the purpose of determining the feasibility and practicability of constructing a toll project, a county proceeding hereunder may not, without the consent of such state agency, assume sole responsibility for the construction, acquisition, improvement, operation, and maintenance of the project and thereby exclusively preempt the state agency from constructing such project; provided, however, that the foregoing restriction set forth in this sentence shall not apply to any county proceeding hereunder if such county has given the state agency written notice by certified mail of its intention to proceed with construction, acquisition, improvement, operation, and maintenance of the project and the state agency has failed or refused for any reason within six months from the date of such notice to issue its bonds in the amount required to pay the cost of the project.

Bonds; Tolls; Trust Indenture

Sec. 4. The bonds issued hereunder may be authorized by resolution at one time or from time to time. If such bonds are payable in whole or in part from the revenues to be derived from the operation of the project, it shall be the mandatory duty of the county, which duty may be executed by an operating board appointed pursuant to Section 5b hereof, to impose such tolls and charges for use of the project as will be fully sufficient, when taken with any other funds or revenues available for such purposes, to pay the maintenance and operating expenses which are charged against the revenues of the project, to pay the principal of and premium, if any, and interest on the bonds when due, to establish such reserve therefor as may be provided, and to establish an adequate fund for depreciation and replacement. As to such bonds which are payable either in whole or in part from the revenues to be derived from the operation of a project, the operating and maintenance expenses of the project which shall be charged against the revenues of the project shall include only such items as are set forth and defined in the proceedings authorizing the issuance of such bonds. The Commissioners Court shall have full discretion in fixing the details of the bonds authorized to be issued hereunder and in determining the manner of sale thereof, provided that the bonds, whether term, serial, or combination thereof, shall mature not more than forty (40) years from their date. The bonds may contain such mandatory or optional redemption provisions and may mature in such manner and at such prices as may be determined by the Commissioners Court prior to the issuance of the bonds. All bonds issued hereunder shall and are hereby declared to have all of the qualifications and incidents of negotiable instruments under the Negotiable Instruments Law of Texas. Provision may be made for registration of

such bonds as to principal or interest or both. The proceeds of the bonds shall be used solely to pay the cost of the project as above defined, and shall be disbursed under such restrictions as may be provided in the bond resolution or trust indenture hereinafter mentioned, and there shall be and is hereby created and granted a lien upon such moneys until so applied in favor of the holders of the bonds or any trustee provided for in respect of such bonds. Unless otherwise provided in such resolution or indenture, if the proceeds of the bonds prove insufficient to pay the cost of the project, additional bonds may be issued to the amount of the deficit and shall be deemed to be of the same issue and entitled to payment from the same fund without preference or priority of the bonds first issued. Any surplus remaining from bond proceeds after the cost of the project has been paid in full shall be used in paying interest on and retiring bonds unless otherwise provided in the bond resolution or trust indenture. Prior to the issuance of definitive bonds, interim bonds, with or without coupons, exchangeable for definitive bonds may be issued. Such bonds may be authorized and issued without any proceedings or the happening of any conditions or things or the publication of any proceedings or notices other than those specifically specified and required by this Act, and may be authorized and issued without regard to the requirements, restrictions, or procedural provisions contained in any other law. The resolution authorizing the bonds may provide that such bonds shall contain a recital that they are issued pursuant to this Act and such recital shall be conclusive evidence of their validity and the regularity of their issuance.

If so provided by the Commissioners Court, the bonds may be secured by a trust indenture by and between the county and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or outside of the State of Texas. Such trust indenture may pledge or assign tolls and revenues but shall not convey or mortgage the project itself or any part thereof. Either the resolution providing for the issuance of the bonds or such trust indenture may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the county in relation to the acquisition of properties and the construction, maintenance, operation, repair, and insurance of the project, and the custody, safeguarding, and application of all moneys. It shall be lawful for any bank or trust company in this State to act as depository of the proceeds of the bonds or revenues derived from the operation of the project and to furnish such indemnity bonds or to pledge such securities as may be required by the county. Such bond resolution or indenture may set forth the rights

and remedies of the bondholders and of the trustee and may restrict the individual rights of action of the bondholders. In addition to the foregoing, such bond resolution or trust indenture may contain such other provisions as the Commissioners Court may deem reasonable and proper for the security of the bondholders including, but without limitation, covenants prescribing all happenings or occurrences which constitute events of default and the terms and conditions upon which any or all of the bonds shall become or may be declared to be due before maturity and as to the rights, liabilities, powers and duties arising upon the breach by the county of any of its duties or obligations.

Operating Board

Sec. 5b. Any county proceeding hereunder, upon a determination by the Commissioners Court thereof that a project could be developed, constructed, operated, and managed better and more efficiently by an operating board, may provide for the appointment of such an operating board. An operating board so appointed shall have and may exercise, subject to such limitations and restrictions as may be prescribed by the Commissioners Court, the same power and authority, including the power of eminent domain, as may be exercised by the Commissioners Court in regard to the development, construction, operation, and management of a project; provided, however, that an operating board appointed hereunder shall not have the power to tax or to borrow money. Without limiting the generality of the foregoing, such an operating board shall have the power and authority, subject to the restrictions and limitations prescribed by the Commissioners Court, to design the project, to acquire necessary lands or rights-of-way or other property for the project by purchase, condemnation, or otherwise, to establish and revise from time to time the rates and tolls charged for use of said project, to establish and prescribe the methods, systems, procedures, and policies for the operation, maintenance, and use of the project, and to employ consultants, attorneys, engineers, financial advisors, agents, and other employees or contractors in connection with the development, construction, operation, and management of the project.

Bonds for Payment of Outstanding Toll Bridge Revenue Bonds

Sec. 8a. When any county has heretofore issued or may hereafter issue bonds under authority of Chapter 304, Acts of the Regular Session of the Fiftieth Legislature, 1947, as amended payable from the revenues derived from tolls collected for the use of a project and which bonds are also payable from

an unlimited tax authorized under Article III, Section 52, of the Constitution, and laws enacted pursuant thereto, such county acting through its Commissioners Court may, after being duly authorized in the manner provided by Article III, Section 52, of the Constitution, and laws enacted pursuant thereto, authorize, issue, and sell its bonds and use the proceeds therefrom in an amount sufficient to call, redeem, and pay off its outstanding tax and revenue bonds pursuant to the terms of said bonds, and thereby remove the pledge of the revenues from such facility and the covenants in connection with said bonds and the operation of said project, and make such project available for the free use of the public.

[Amended by Acts 1977, 65th Leg., p. 2160, ch. 861, §§ 1 to 7, eff. Aug. 29, 1977.]

Section 8 of the 1977 amendatory act provided:

"If any word, phrase, clause, sentence, or part of this Act shall be held by any court of competent jurisdiction to be invalid or unconstitutional, it shall not affect any other word, phrase, clause, sentence, or part of this Act, and such remaining portions shall remain in full force and effect."

Art. 6795c. Toll Bridges in Counties Bordering River Between Texas and Mexico

[See Compact Edition, Volume 5 for text of 1 and 2]

Tolls, Fees and Charges; Power of County to Collect; Purpose of Tolls

Sec. 3. Any such county thus acquiring any such toll bridge or bridges or constructing a new toll bridge shall have power, through its Commissioners Court as expressed by appropriate resolution or order thereof, to fix and to enforce and collect tolls, fees and charges for the use thereof, and for the passage or transportation of persons or property, passengers, vehicles, freight and commodities, over and across such toll bridge or bridges. Such tolls, fees and charges shall be fixed from time to time by the Commissioners Court of such county and collected under its direction in accordance with the provisions and requirements of any permits or franchises granted or extended by any governmental authority in respect of or applicable thereto; and, subject to the provisions and requirements of such permits or franchises, such tolls, fees and charges shall be just and reasonable and non-discriminatory, as determined by the Commissioners Court of such county, and, subject to the provisions and requirements of any such permits and franchises, shall be sufficient to at least produce revenues adequate:

(a) To pay all expenses necessary for the maintenance and operation of such toll bridge or bridges, and to comply with the requirements and make all payments necessary under the provisions of any such permits and franchises therefor;

(b) To pay the interest on and the principal of all bonds and/or warrants issued under this Act, when and as the same shall become due and payable;

(c) To pay all sinking fund and/or reserve fund payments agreed to be made in respect of any such bonds and/or warrants, and, payable out of such revenues, when and as the same shall become due and payable; and

(d) To fulfill the terms of any agreements made with the holders of such bonds and/or warrants and/or with any person in their behalf;

(e) To recover a reasonable rate of return on invested capital;

(f) Out of the revenues which may be received in excess of those required for the purposes specified in (a), (b), (c), (d), and (e) above, the Commissioners Court of any such county may in its discretion use such excess revenues for any or all of the following:

(1) to establish a reasonable depreciation and emergency fund;

(2) to retire by purchase and cancellation or redemption any outstanding bonds or outstanding warrants issued under the authority of this Act and amendments thereto;

(3) to provide needed budgetary support to local government for legitimate public purposes and for the general welfare;

(4) to apply the same to accomplish the purposes of this Act and amendments thereto;

(g) It is the intention of this Act that the tolls, fees and charges herein provided for shall be those necessary to fulfill all obligations imposed by this Act and amendments thereto, and shall be sufficient to produce revenues to comply with the above subparagraphs (a), (b), (c), (d), (e), and (f). Nothing herein shall be construed as depriving the State of Texas or the United States of America, or other appropriate agencies having jurisdiction, of its power to regulate and control tolls and charges to be collected for such purposes, provided that the State of Texas does hereby pledge to and agree with the purchasers and successive holders of the bonds and/or warrants issued hereunder that the State will not limit or alter the power hereby vested in any such county and the Commissioners Court thereof to establish and collect such tolls and charges as will produce revenues sufficient to pay the items specified in subparagraphs (a), (b), (c), (d), (e), and (f) of this Section 3 of this Act, or exercise its powers in any way which may impair the rights or remedies of the holders of the bonds and/or warrants, or of any person acting in their behalf until the bonds and/or warrants, together with interest thereon and with interest on unpaid installments of interest and all costs and expenses

in connection with any acts or proceedings by or on behalf of the bondholders and/or warrant holders and all other obligations of any such county in connection with such bonds and/or warrants are fully met and discharged.

(h) This section shall apply to international toll bridges now in existence and owned by a county or that may be acquired or controlled by a county in the future.

Operating Board

Sec. 3a. Any such county acquiring any such toll bridge or bridges, upon a determination by the Commissioners Court thereof that the same could be better and more efficiently operated by an operating board, may provide by either the resolution or order providing for the issuance of bonds or the trust indenture securing same that such toll bridge or bridges will be operated by an operating board to be appointed as provided in such resolution, order, or trust indenture and with such powers, except the power of eminent domain and the power to borrow money, as may be granted by such resolution, order, or trust indenture.

CHAPTER SIX. PARTICULAR COUNTIES, LAW RELATING TO

Article

6812f. Road Improvements and Assessments by Galveston County Commissioners Court.

Art. 6812f. Road Improvements and Assessments by Galveston County Commissioners Court

Improvements Authorized

Sec. 1. The Commissioners Court of Galveston County may cause to be improved any county road in the county, whether by filling, grading, raising, paving, or repairing in a permanent manner, or by constructing, reconstructing, repairing, or realigning curbs, gutters, and sidewalks, or by constructing drains and culverts.

Constitutional Basis

Sec. 2. This Act is a local law relating to the maintenance of public roads authorized by Article VIII, Section 9, of the Texas Constitution.

Assessments Against Property Owners; Liens

Sec. 3. (a) The commissioners court by order may assess all or any part of the cost of constructing, reconstructing, repairing, or realigning curbs,

gutters, and sidewalks, and not more than nine-tenths of the cost of any other improvements authorized by this Act, against property abutting on the portion of the county road to be improved, and against the owners of that property. The commissioners court may provide the time, terms, and conditions of payment and default of the assessments, and may prescribe the rate of interest on them, which may not exceed eight percent a year.

(b) Any assessment against abutting property is a first and prior lien on the property from the date improvements are ordered, and is a personal liability and charge against the owner or owners of the property, whether named or not. Nothing in this Act empowers the commissioners court to fix a lien against any interest in property that is exempt at the time the improvements are ordered, but the owner or owners of the property are personally liable for any assessment in connection with the property.

Front Foot Rule

Sec. 4. The part of the cost of improvements on each portion of the county road ordered improved which is assessed against abutting property and owners of the property shall be apportioned among the parcels of abutting property and the owners thereof in accordance with the front foot plan or rule, except that if the application of this rule would, in the judgment of the commissioners court, in particular cases, result in injustice or inequity, the commissioners court may apportion and assess the costs against abutting property owners in a manner that the commissioners court determines is just and equitable, so as to produce a substantial equality of benefits received and burdens imposed. Provided, however, it is expressly found and determined that railroad rights-of-way will not benefit from such improvements and may not be assessed therefor.

Certificates

Sec. 5. (a) The commissioners court may order the issuance of assignable certificates in evidence of assessments levied, declaring the lien on the property and the liability of the true owner or owners of the property, and may fix the terms and conditions of the certificates. Any certificate that recites substantially that the proceedings referred to in it have occurred in compliance with law and that all prerequisites to the fixing of the assessment lien against the property described in the certificate and the personal liability of the owner or owners of the property have been performed, is prima facie evidence of all matters recited in the certificate, and no further proof of the matters is required.

(b) In any suit on an assessment or reassessment in evidence of which a certificate may be issued in accordance with the provisions of this Act, it is

sufficient to allege the substance of the recitals in the certificate and that the recitals are in fact true. Further allegations as to the proceedings relating to the assessment or reassessment are not necessary.

(c) The assessments are collectable with interest, expense of collections, and reasonable attorney's fee, if any are incurred, and are a first and prior lien on the property assessed, superior to all other liens and claims except county, school district, and city ad valorem taxes, and are a personal liability and charge against owners of the property assessed.

Joint Assessments

Sec. 6. Assessments against several parcels of property may be made in one assessment when owned by the same person, firm, corporation, or estate, and property owned jointly may be assessed jointly.

Estimate

Sec. 7. No assessment is valid unless the commissioners court makes or causes to be made an estimate of the cost of the improvement or improvements to be constructed, and the estimate is included in any published or mailed notice of the public hearing required by this Act.

Public Hearing and Notice

Sec. 8. (a) No assessment may be made against any abutting property or its owners until after notice and opportunity for hearing has been provided in accordance with this Act, and no assessment may be made against any abutting property or owners of it in excess of the special benefits to the property and owners resulting from the enhanced value of the property by means of the improvement, as may be determined at the hearing.

(b) Notice shall be by advertisement inserted at least three times in a newspaper of general circulation in the county, the first publication to be made at least 21 days before the date of the hearing. Additional written notice of the hearing shall be given by depositing in the United States mail, at least 14 days before the date of the hearing, postage prepaid, in an envelope addressed to the owners of the respective properties abutting the county road to be improved, as the names of the owners are shown on the then current rendered or unrendered tax rolls of the county, at the addresses listed there. To be sufficient and binding on any person owning or claiming the abutting property, or any interest in it, the mailed notice must describe in general terms the nature of the improvements for which assessments are to be levied, the county road or portion of it to be improved, the estimated cost per front foot proposed to be assessed against the property and the owner or owners of the property, the estimated total cost of the improvement or improvements, and the time and place of the hearing. The notice to be

mailed may be a copy of the public notice, which must contain all of the information required for a mailed notice to be sufficient and binding. If the owner is listed on the county tax rolls as "unknown," no notice is required to be mailed. If the owner is shown on the county tax roll as an estate, the mailed notice may be addressed to the estate.

(c) The commissioners court shall hold the hearing. Any person owning abutting property or any interest in it may be heard at the hearing on any matter relating to the improvement or assessment, including the amount of the proposed assessment or assessments, the lien and liability created by it, the special benefits to the abutting property and owners of the property by the improvements for which assessments are to be levied, and the accuracy, sufficiency, regularity, and validity of the proceedings and contract in connection with the improvements and proposed assessments.

(d) The commissioners court may correct any errors, inaccuracies, irregularities, and invalidities, and may supply any deficiencies, and may determine the amount of assessments and all other matters necessary, and may levy the assessments before, during, or after the construction of the improvements, except no part of any assessment may be made to mature prior to acceptance by the county of the improvements for which the assessment is levied.

Appeal

Sec. 9. Any person owning or claiming any interest in any property assessed under the provisions of this Act, who desires to contest any assessment because of the amount of it or any inaccuracy, irregularity, invalidity, or insufficiency of the proceedings or contract with reference to it, or with reference to the improvements, or because of any matter or thing not in the discretion of the commissioners court, may appeal to a district court in the county within 15 days after the time the assessment is levied. Any person who fails to institute suit within this time shall be held to have waived every matter that might have been heard at the hearing before the commissioners court, and shall be barred and estopped from contesting or questioning the assessment or any matter relating to it, and the only

defense to any assessment in a suit to enforce it is that the notice of hearing was not mailed or delivered as required by this Act, was not published, or did not contain the information required by this Act, or that the assessments exceeded the amount of the estimate. No words or acts of any officer or employee of the county, or any member of the commissioners court, shall in any way affect the force and effect of the provisions of this Act.

Changes in Proceedings

Sec. 10. The commissioners court may provide for any changes in plans, methods, or contracts for improvements, but any change substantially affecting the nature or quality of any improvements may be made only after it is determined by a four-fifths vote of the commissioners court that it is not practical to proceed with the improvement as previously provided, and following any such vote, the commissioners court may make the substantial change only after first obtaining the consent of the person, firm, or corporation with which the commissioners court has contracted for construction of the improvements, and after obtaining a new estimate for the cost of the improvements and holding a new hearing, together with the issuance of proper notice as required by this Act. The commissioners court may at any time abandon any improvement with the consent of the person, firm, or corporation constructing the improvements, and shall by order cancel any assessments levied for abandoned improvements.

Correction

Sec. 11. If any assessment is for any reason held or determined to be invalid or unenforceable, the commissioners court may supply any deficiency in proceedings and correct any mistake or irregularity relating to the assessment, and may at any time make and levy reassessments after notice and hearing as nearly as possible in the manner provided by this Act for the original improvements. Recitals in certificates issued in evidence of reassessments shall have the same force as provided for recitals relating to original assessments.

[See Compact Edition, Volume 5 for text of 1]

Application of Act

Sec. 2. The provisions of this Act shall apply to all officers, heads of state agencies, state employees, and prospective state employees incurring expenses when requested to visit a state agency, department, or institution of higher education for the purpose of being interviewed and evaluated for employment. Heads of state agencies shall mean elected state officials, excluding members of the Legislature who shall receive travel reimbursement as provided by the Constitution, appointed state officials, appointed state officials whose appointment is subject to Senate confirmation, directors of legislative interim committees or boards, heads of state hospitals and special schools, and heads of state institutions of higher education.

Basis of Reimbursement or Advance; Per Diem and Transportation Allowance; Rate and Computation; Revolving Petty Cash Fund

Sec. 3.a A reimbursement or advance from funds appropriated by the Legislature for traveling and other necessary expenses incurred by the various officials, heads of state agencies, and employees of the state in the active discharge of their duties shall be on the basis of either a per diem or actual expenses as specifically fixed and appropriated by the Legislature in General Appropriation Acts. A per diem allowance shall mean a flat daily rate payment in lieu of actual expenses incurred for meals and lodging and as such shall be legally construed as additional compensation for official travel purposes only.

[See Compact Edition, Volume 5 for text of 3b]

c. All agencies, boards, commissions, departments, and institutions are authorized to establish a revolving petty cash fund out of funds in the State Treasury or local funds in accordance with Section 6, Subsection g of this Article. The sole purpose of the petty cash fund shall be to advance projected travel expense. This fund shall be reimbursed by warrants drawn and approved by the Comptroller of Public Accounts out of funds in the State Treasury or checks drawn against funds held outside the treasury.

[See Compact Edition, Volume 5 for text of 4]

Advanced Approval of Governor; Travel Outside United States

Sec. 5. Any travel connected with official business of the state for which reimbursement for travel expenses incurred is claimed or for which an advance for travel expenses to be incurred is sought, with the exception of travel to, in, and from the several states, United States possessions, Mexico, and Canada, must have the advance written approval of the Governor. Blanket authority by the Governor may be given to the International Trade Development Division personnel of the Texas Industrial Commission and to the Department of Public Safety to law enforcement personnel.

Rules and Regulations; Standard Expense Account Forms; Reimbursement or Advance Payment for Travel by Private Conveyance; Overpayment

Sec. 6.

[See Compact Edition, Volume 5 for text of 6a]

b. Standard expense account forms shall be used by all state agencies in preparing the expense accounts for traveling state employees. Such forms shall contain information stating

- (1) the point of origin and the town, place or point of destination of each trip and the reimbursable mileage travelled, or projected, between each point, town, or place. This provision shall also apply to intra-city mileage;

(2) the actual period of time the employee is away, or plans to be away, from his designated headquarters entitling him to travel expenses; and

(3) a brief statement which clearly shows the purpose of the trip and the character of official business performed or to be performed.

c. In determining transportation reimbursement or advance payment for travel by private conveyance, the Comptroller shall determine the mileage by shortest highway distance between point of origin and the destination via intermediate points at which official state business is conducted and other necessary mileage at points where official state business is conducted. In determining the amounts of reimbursement or advance payment for transportation by personal car within the State, the Comptroller shall compute all distances according to the shortest route between points. In determining the amount of reimbursement or advance payment for transportation by personal car within this state, the Comptroller shall adopt a mileage guide including a chart of distances showing the shortest route between points, and which shall include all Farm-to-Market roads and shall be reissued annually.

[See Compact Edition, Volume 5 for text of 6d]

e. When two, three, or four officials or employees of the same state agency with the same itinerary on the same dates are required to travel on the same official state business for which travel reimbursement for mileage in a personal car is claimed, or for which an advance payment is sought, a payment will be claimed and allowed for only one of the employees except as provided hereafter. To the extent of mileage claimed, the Comptroller shall consider such travel claims as multiple claims and may pay only one such claim. If more than four employees attend such meeting or conference in more than one car, full mileage shall be allowed for one car for each four employees and for any fraction in excess of a multiple of four employees. If, in any instance, it is not feasible for these officials or employees to travel in the same car, then prior official approval from the head of the state department or agency shall be obtained and shall be considered as authorization and the basis for reimbursement, or advance payment, for travel for each person authorized to use his personal car in such travel.

[See Compact Edition, Volume 5 for text of 6f]

g. The Comptroller shall, by promulgation of appropriate rules and regulations, establish a procedure by which a state officer or employee may receive in advance the projected travel expense to be incurred in a particular exercise of official duties. The Comptroller shall require a final accounting after the actual travel expense has been determined to provide for reimbursement and adjustment, as necessary, to equalize the allowance and the actual expense incurred.

Double Travel Expense Payments; Compensation by Non-state Agency

Sec. 7. Double travel expense payments to state officials or employees are prohibited. When an employee engages in travel for which he is to be compensated by a non-state agency, he shall not receive any reimbursement, and may not seek an advance payment, for such travel from authorized amounts in the General Appropriation Acts.

Local Transportation Allowance; Limits

Sec. 8. An employee whose duties customarily require travel within his designated headquarters may be authorized a local transportation allowance for this travel. Such allowance, however, may not exceed the transportation allowance for use of a privately owned automobile as set by the Legislature in the General Appropriations Acts, except that an employee with a physical handicap which precludes his personal operation of a privately owned automobile may, without regard to the standard otherwise set in the General Appropriations Acts, be authorized a reasonable transportation allowance not to exceed the amount to which such handicapped employee would be entitled for similar travel occurring outside of his designated headquarters.

[See Compact Edition, Volume 5 for text of 9]

Public Conveyances; Courtesy Cards

Sec. 10. The provisions of this Act shall not preclude reimbursement of claims, or requests for advance payments, by officials or employees for use of public conveyances. Transportation is authorized by courtesy cards for air, rail and bus lines.

TITLE 119

SEQUESTRATION

Art. 6840. Grounds for Issuance and Dissolution

Sec. 1. (a) Judges of the district and county courts and justices of the peace shall, at the commencement or during the progress of any civil suit, before final judgment, have power to issue writs of sequestration, returnable to their respective courts, in the cases and upon the grounds provided for in Subsections (b) through (e) of this section.

(b) When a person sues for the title or possession of any personal property or fixtures of any type or kind or sues for the foreclosure or enforcement of a mortgage or lien or security interest upon personal property or fixtures of any type or kind, a writ of sequestration may be issued if a reasonable conclusion may be drawn that there is immediate danger that the defendant or party in possession thereof will conceal, dispose of, ill-treat, waste, or destroy such property, or remove the same out of the limits of the county during the pendency of the suit.

(c) When a person sues for the title or possession of real property or sues for the foreclosure or enforcement of a mortgage or of a lien on real property, a writ of sequestration may be issued if a reasonable conclusion may be drawn that there is immediate danger that the defendant or party in possession thereof will make use of his possession to injure or ill-treat such property or waste or convert to his own use the timber, rents, fruits, or revenue thereof.

(d) A writ of sequestration may be issued when any person sues for the title or possession of any property from which he has been ejected by force or violence.

(e) A writ of sequestration may be issued when any person sues to try the title to any real property, or to remove cloud upon the title to such real property, or to foreclose a lien upon any such real property, or for a partition of real property, and makes oath that the defendant or either of them, in the event there be more than one defendant, is a nonresident of this state.

Sec. 2. The application for the issuance of the writ shall be made under oath and shall set forth specific facts stating the nature of the plaintiff's claim, the amount in controversy, if any, and the facts justifying the issuance.

Sec. 3. (a) When a writ of sequestration has been issued as provided in this article and the rules of civil procedure, the defendant may seek a dissolution of the writ by written motion filed with the court.

(b) A hearing on the motion to dissolve the writ shall be held and the issue determined not later than 10 days after the motion to dissolve is filed, unless the parties agree to an extension of time. At the hearing, the writ shall be dissolved unless the party who secured the issuance of the writ proves the specific facts alleged and the grounds relied upon for its issuance.

(c) If the writ is dissolved, the action shall proceed as if no writ had been issued except that an action for damages for wrongfully securing the issuance of the writ must be brought as a compulsory counterclaim. In addition to all other elements of damages, the party moving to dissolve the writ may recover his reasonable attorney's fees incurred in the dissolution of the writ.

(d) If the writ is dissolved and the personal property sought to be subjected to the writ is consumer goods, as that term is defined in the Texas Business and Commerce Code, the defendant or the party in possession shall be entitled to damages which shall be reasonable attorney's fees and the greatest of One Hundred Dollars (\$100.00), the finance charge contracted for, or actual damages. No damages may be awarded for the failure of the plaintiff to prove by a preponderance of the evidence the specific facts alleged and such failure is a result of a bona fide error. For a bona fide error to be available as a defense, the plaintiff must prove the use of reasonable procedures to avoid such error.

(e) A motion to dissolve the writ is cumulative of the right of replevy, and the filing of the motion to dissolve shall stay any further proceedings under the writ until a hearing is had, and the issue is determined.

Sec. 4. Requisites of Writ of Sequestration. There shall be prominently displayed on the face of the writ, in 10-point type and in a manner calculated to advise a reasonably attentive person of its contents, the following:

"YOU HAVE A RIGHT TO REGAIN POSSESSION OF THE PROPERTY BY FILING A 'REPLEVY' BOND.

"YOU HAVE A RIGHT TO SEEK TO REGAIN POSSESSION OF THE PROPERTY BY FILING WITH THE COURT A MOTION TO DISSOLVE THIS WRIT."

The Governor and Disaster Emergencies

Sec. 5. (a) The governor is responsible for meeting the dangers to the state and people presented by disasters.

(b) Under this Act, the governor may issue executive orders, proclamations, and regulations and amend or rescind them. Executive orders, proclamations, and regulations have the force and effect of law.

(c) The governor may establish by executive order a Disaster Emergency Services Council to advise and assist him in all matters relating to disaster preparedness, emergency services, and disaster recovery. The Disaster Emergency Services Council is composed of the heads of state agencies, boards, and commissions and representatives of organized volunteer groups.

(d) A disaster emergency may be declared by executive order or proclamation of the governor if he finds a disaster has occurred or that the occurrence or the threat of disaster is imminent. The state of disaster emergency continues until the governor finds that the threat or danger has passed or the disaster has been dealt with to the extent that emergency conditions no longer exist and terminates the state of disaster emergency by executive order, but no state of disaster emergency may continue for longer than 30 days unless renewed by the governor. The legislature by law may terminate a state of disaster emergency at any time. On termination by the legislature, the governor shall issue an executive order ending the state of disaster emergency. All

executive orders or proclamations issued under this subsection shall indicate the nature of the disaster, the area threatened, and the conditions which have brought it about or which make possible termination of the state of disaster emergency. An executive order or proclamation shall be disseminated promptly by means calculated to bring its contents to the attention of the general public and, unless the circumstances attendant on the disaster prevent or impede, promptly filed with the State Division of Disaster Emergency Services, the secretary of state, and the county clerk or city secretary in the area or areas to which it applies.

(e) An executive order or proclamation setting forth a state of disaster emergency activates the disaster response and recovery aspects of the state, local, and interjurisdictional disaster emergency plans applicable to the political subdivision or area in question and is authority for the deployment and use of any forces to which the plan or plans apply and for use or distribution of any supplies, equipment, and materials and facilities assembled, stockpiled, or arranged to be made available pursuant to this Act or any other provision of law relating to disaster emergencies.

(f) During the continuance of any state of disaster emergency and the pursuant recovery period, the governor is commander-in-chief of state agencies, boards, and commissions having emergency responsibilities. To the greatest extent practicable, the governor shall delegate or assign command authority by prior arrangement embodied in appropriate executive orders or plans, but nothing in this Act restricts his authority to do so by orders issued at the time of the disaster emergency.

(g) In addition to any other powers conferred on the governor by law, he may

(1) suspend the provisions of any regulatory statute prescribing the procedures for conduct of state business or the orders, rules, or regulations of any state agency if strict compliance with the provisions of any statute, order, rule, or regulation would in any way prevent, hinder, or delay necessary action in coping with the emergency;

(2) utilize all available resources of the state government and of each political subdivision of the state which are reasonably necessary to cope with the disaster emergency;

(3) temporarily reassign direction, personnel, or functions of state executive departments and agencies or their units for the purpose of performing or facilitating emergency services;

(4) subject to any applicable requirements for compensation under Section 13 of this Act, commandeer or utilize any private property if he finds this necessary to cope with the disaster emergency;

(5) recommend the evacuation of all or part of the population from any stricken or threatened area in the state if he deems this action necessary for the preservation of life or other disaster mitigation, response, or recovery;

(6) prescribe routes, modes of transportation, and destinations in connection with evacuation;

(7) control ingress and egress to and from a disaster area and the movement of persons and the occupancy of premises in the area;

(8) suspend or limit the sale, dispensing, or transportation of alcoholic beverages, firearms, explosives, and combustibles;

(9) enter into purchase, lease, or other arrangements with an agency of the United States for temporary housing units to be occupied by disaster victims and to make units available to any political subdivision of the state;

(10) assist any political subdivision which is the locus of temporary housing for disaster victims to acquire sites necessary for temporary housing and to do all things required to prepare the site to receive and utilize temporary housing units by advancing or lending funds available to the governor from any appropriation made by the legislature or from any other source; "passing through" funds made available by any agency, public or private; or becoming a copartner with the political subdivision for the execution and performance of any temporary housing for disaster victims project;

(11) under such regulations as he shall prescribe, temporarily suspend or modify for not to exceed 60 days any public health, safety, zoning, transportation within or across the state, or other requirement of law or regulation within this state when by proclamation he deems the suspension or modification essential to provide temporary housing for disaster victims;

(12) on his determination that a local government of the state has or will suffer a substantial loss of tax and other revenues from a major disaster and has demonstrated a need for financial assistance to perform its governmental functions, apply to the federal government on behalf of the local government for a loan, receive and disburse the proceeds of any approved loan to any applicant local government, determine the amount needed by any applicant local government to restore or resume its governmental functions, certify that to the federal government provided that no application amount may exceed 25 percent of the annual operating budget of the applicant for the fiscal year in which the major disaster occurs, and recommend to the federal government, based on his review, the cancellation of all or any part of repayment when in the first three full fiscal-year periods following the major disaster the revenues

of the local government are insufficient to meet its operating expenses, including additional disaster-related expenses of a municipal operation character;

(13) through the use of state departments or agencies or the use of any of the state's instrumentalities, clear or remove from publicly or privately owned land or water, debris and wreckage that may threaten public health or safety or public or private property in any disaster emergency declared by the governor or major disaster as declared by the President of the United States;

(14) accept funds from the federal government and utilize the funds to make grants to any local government for the purpose of removing debris or wreckage from publicly or privately owned land or water;

(15) on his determination that financial assistance is essential to meet disaster-related necessary expenses or serious needs of individuals or families adversely affected by a major disaster which cannot be otherwise adequately met from other means of assistance, accept a grant by the federal government to fund financial assistance, subject to terms and conditions as may be imposed on the grant, and enter into an agreement with the federal government or any officer or agency of the United States pledging the state to participate in funding not more than 25 percent of the financial assistance authorized in this subsection;

(16) make financial grants to meet disaster-related necessary expenses or serious needs of individuals or families adversely affected by a major disaster which cannot otherwise adequately be met from other means of assistance, which shall not exceed an aggregate amount in excess of that established by federal statute to an individual or family in any single major disaster declared by the President of the United States; and

(17) make rules and regulations as are necessary for carrying out the purposes of this Act, including standards of eligibility for persons applying for benefits, procedures for applying and administration, methods of investigation, filing, and approving applications, and formation of local or statewide boards to pass on applications and procedures for appeals.

(h) The governor may designate the Texas Department of Public Welfare or other state agency to carry out the functions of providing financial aid to individuals or families qualified for disaster relief. The governor may allocate funds appropriated under this Act to implement the purposes of this Act.

(i) Nothing in this Act may be construed to limit the governor's authority to apply for, administer, or expend any grant, gift, or payment in aid of disaster prevention, preparedness, response, or recovery.

(j) No debris or wreckage from public or private property may be removed until the affected local government, corporation, organization, or individual presents an unconditional authorization for removal to the governor. No debris or wreckage may be removed from private property until the state is indemnified against any claim arising from removal. Whenever the governor provides for clearance of debris or wreckage under the provisions of this Act, state employees or other individuals acting by authority of the governor may enter on private land or water to perform tasks necessary to the removal or clearance operation. Except in cases of willful misconduct, gross negligence, or bad faith, a state employee or agent performing his duties while complying with orders of the governor issued under the provisions of this Act shall not be liable for the death of or injury to persons or damage to property.

(k) Any political subdivision of this state is expressly authorized to acquire, temporarily or permanently, by purchase, lease, or otherwise, sites required for installation of temporary housing units for disaster victims and to enter into whatever arrangements (including purchase of temporary housing units and payment of transportation charges) which are necessary to prepare or equip the sites to utilize the housing units.

State Division of Disaster Emergency Services

Sec. 6. (a) A Division of Disaster Emergency Services is established in the office of the governor. The division shall have a director appointed by and shall serve at the pleasure of the governor. The division shall have coordinating and planning officers and other professional, technical, secretarial, and clerical employees necessary for the performance of its functions.

(b) The Division of Disaster Emergency Services shall prepare and maintain a comprehensive state disaster plan and keep it current. The plan may include

- (1) provisions for prevention and minimization of injury and damage caused by disaster;
- (2) provisions for prompt and effective response to disaster;
- (3) provisions for emergency relief;
- (4) identification of areas particularly vulnerable to disasters;
- (5) recommendations for zoning, building, and other land-use controls, safety measures for securing mobile homes or other nonpermanent or semi-permanent structures, and other preventive and preparedness measures designed to eliminate or reduce disasters or their impact;
- (6) provisions for assistance to local officials in designing local emergency action plans;

(7) authorization and procedures for the erection or other construction of temporary works designed to protect against or mitigate danger, damage, or loss from flood, conflagration, or other disaster;

(8) preparation and distribution to the appropriate state and local officials of state catalogs of federal, state, and private assistance programs;

(9) organization of manpower and channels of assistance;

(10) coordination of federal, state, and local disaster activities;

(11) coordination of the state disaster plan with the disaster plans of the federal government; and

(12) other necessary matters relating to disasters.

(c) The Division of Disaster Emergency Services shall take an integral part in the development and revision of local and interjurisdictional disaster plans prepared under Section 8 of this Act. To this end it shall employ or otherwise secure the services of professional and technical personnel capable of providing expert assistance to political subdivisions, their disaster agencies, and interjurisdictional planning and disaster agencies. These personnel shall consult with subdivisions and agencies on a regularly scheduled basis and shall make field reviews of the areas, circumstances, and conditions to which particular local and interjurisdictional disaster plans are intended to apply and may suggest revisions.

(d) In preparing and revising the state disaster plan, the Division of Disaster Emergency Services shall seek the advice and assistance of local government, business, labor, industry, agriculture, civic, and volunteer organizations and community leaders. In advising local and interjurisdictional agencies, the Division of Disaster Emergency Services shall encourage them also to seek advice from the sources.

(e) The state disaster plan or any part of it may be incorporated in regulations of the Division of Disaster Emergency Services or executive orders which have the force and effect of law.

(f) The Division of Disaster Emergency Services shall

(1) determine requirements of the state and its political subdivisions for food, clothing, and other necessities in event of an emergency;

(2) procure and pre-position supplies, medicines, materials, and equipment;

(3) promulgate standards and requirements for local and interjurisdictional disaster plans;

(4) periodically review local and interjurisdictional disaster plans;

(5) provide for mobile support units;

(6) establish and operate or assist political subdivisions, their disaster agencies, and interjurisdic-

tional disaster agencies to establish and operate training programs and programs of public information;

(7) make surveys of public and private industries, resources, and facilities in the state which are necessary to carry out the purposes of this Act;

(8) plan and make arrangements for the availability and use of any private facilities, services, and property and provide for payment for use under terms and conditions agreed on if the facilities are used and payment is necessary;

(9) establish a register of persons with types of training and skills important in emergency prevention, preparedness, response, and recovery;

(10) establish a register of mobile and construction equipment and temporary housing available for use in a disaster emergency;

(11) prepare, for issuance by the governor, executive orders and regulations necessary or appropriate in coping with disasters;

(12) cooperate with the federal government and any public or private agency or entity in achieving any purpose of this Act and in implementing programs for disaster prevention, preparation, response, and recovery; and

(13) do other things necessary, incidental, or appropriate for the implementation of this Act.

Financing

Sec. 7. (a) It is the intent of the legislature and declared to be the policy of the state that funds to meet disaster emergencies always be available.

(b) The Disaster Emergency Funding Board, which is composed of the governor, the lieutenant governor, the chairman of the State Board of Insurance, the commissioner of the State Department of Public Welfare, and the director of the Division of Disaster Emergency Services, is established.

(c) A disaster contingency fund is established which shall receive money appropriated by the legislature.

(d) It is the legislative intent that the first recourse shall be to funds regularly appropriated to state and local agencies. If the governor finds that the demands placed on these funds in coping with a particular disaster are unreasonably great, he may with the concurrence of the Disaster Emergency Funding Board make funds available from the Disaster Contingency Fund.

(e) Whenever the federal government or any other public or private agency or individual offers to the state or through the state to any political subdivision of the state, services, equipment, supplies, materials, or funds as gifts, grants, or loans for purposes of emergency services or disaster recovery,

the governor, if required by the donor, and the political subdivision through its executive officer or governing body may accept the offer in behalf of the state or its political subdivision. The governor or his designated agent is authorized to determine when a public calamity or disaster has occurred. Where any gift, grant, or loan is accepted by the state, the governor or on his designation the State Disaster Emergency Services Council or the State Coordinator of Disaster Emergency Services may dispense the gift, grant, or loan directly to accomplish the purpose for which it was made or allocate and transfer to any political subdivision of this state, services, equipment, supplies, materials, or funds in the amount he or his designated agent may determine. All these funds received by the state shall be placed in a special fund or funds and shall be disbursed by warrants issued by the comptroller of public accounts on order of the governor or his designated agent, who may be named by him either in a written agreement accepting the funds or in a written authorization filed with the secretary of state. Where the funds are to be used for the purchase of equipment, supplies, or commodities of any kind, it is not necessary that bids be obtained or that the purchases be approved by any other agency. On receipt of an order for disbursement, the comptroller shall issue a warrant without delay. Political subdivisions are authorized to accept and utilize all services, equipment, supplies, materials, and funds to the full extent authorized by the agreement under which they are received by the state or by the political subdivision.

Local and Interjurisdictional Disaster Agencies and Services

Sec. 8. (a) Each political subdivision within this state is within the jurisdiction of and served by the Division of Disaster Emergency Services and by a local or interjurisdictional agency responsible for disaster preparedness and coordination of response.

(b) Each county shall maintain a disaster agency or participate in a local or interjurisdictional disaster agency which, except as otherwise provided under this Act, has jurisdiction over and serves the entire county or interjurisdictional area.

(c) The governor shall determine which municipal corporations need disaster agencies of their own and shall recommend that they be established and maintained. He shall make his determinations on the basis of the municipality's disaster vulnerability and capability of response related to population size and concentration. The disaster agency of a county shall cooperate with the disaster agencies of municipalities situated within its borders but shall not have jurisdiction in a municipality having its own disaster agency. The Division of Disaster Emergency Services shall publish and keep current a list of municipalities required to have disaster agencies under this

subsection. Nothing in this subsection may be construed as limiting the constitutional and statutory powers of local governments.

(d) The governor may recommend that a political subdivision establish and maintain a disaster agency jointly with one or more contiguous political subdivisions if he finds that the establishment and maintenance of any agency or participation in it is made necessary by circumstances or conditions that make it unusually difficult to provide disaster prevention, preparedness, response, or recovery services under other provisions of this Act.

(e) Each political subdivision which does not have a disaster agency and has not made arrangements to secure or participate in the services of an agency shall have a liaison officer designated to facilitate the cooperation and protection of that subdivision in the work of disaster prevention, preparedness, response, and recovery.

(f) The mayor, county judge, or other principal executive officer of each political subdivision in the state shall notify the Division of Disaster Emergency Services of the manner in which the political subdivision is providing or securing disaster planning and emergency services, identify the person who heads the agency from which the service is obtained, and furnish additional pertinent information that the division requires.

(g) Each local and interjurisdictional agency shall prepare and keep current a local or interjurisdictional disaster emergency plan for its area.

(h) The local or interjurisdictional disaster agency shall prepare in written form and distribute to all appropriate officials a clear and complete statement of the emergency responsibilities of all local agencies and officials and of the disaster channels of assistance.

(i) A political subdivision may make appropriations for disaster emergency services as provided by law for making appropriations for ordinary expenses of the political subdivisions and may enter into agreements for the purpose of organizing disaster emergency service divisions, provide for a mutual method of financing the organization of units on a basis satisfactory to the political subdivisions, and render aid to other subdivisions under mutual aid agreements provided that the functioning of said units shall be coordinated by the State Disaster Emergency Services Council. For the payment of the cost of any equipment, construction, acquisition, or any improvements for carrying out the provisions of this Act, counties and incorporated cities and towns may issue time warrants. These time warrants shall be issued in accordance with the provisions of Chapter 163, General Laws, Acts of the 42nd Legislature, Regular Session, 1931, as amended (Article 2368a, Vernon's Texas Civil Statutes). Time warrants shall not be issued for financing perma-

nent construction or improvements for disaster emergency services purposes except on the right of a referendum vote as provided in Section 4, Chapter 163, General Laws, Acts of the 42nd Legislature, Regular Session, 1931, as amended (Article 2368a, Vernon's Texas Civil Statutes).

**Establishment of Interjurisdictional Disaster Planning
and Service Areas**

Sec. 9. (a) If the governor finds that two or more adjoining counties would be better served by an interjurisdictional arrangement than by maintaining separate disaster agencies and services, he may delineate by executive order or regulation an interjurisdictional area adequate to plan for, prevent, or respond to disaster in that area and direct steps to be taken as necessary, including the creation of an interjurisdictional relationship, a joint disaster emergency plan, mutual aid, or an area organization for emergency planning and services. A finding of the governor pursuant to this subsection shall be based on one or more factors related to the difficulty of maintaining an efficient and effective disaster prevention, preparedness, response, and recovery system on a unijurisdictional basis, such as

- (1) small or sparse population;
- (2) limitations on public financial resources severe enough to make maintenance of a separate disaster agency and services unreasonably burdensome;
- (3) unusual vulnerability to disaster as evidenced by a past history of disasters, topographical features, drainage characteristics, disaster potential, and presence of disaster-prone facilities or operations;
- (4) the interrelated character of the counties in a multicounty area; or
- (5) other relevant conditions or circumstances.

(b) If the governor finds that a vulnerable area lies only partly within this state and includes territory in another state or states or territory in a foreign jurisdiction and that it would be desirable to establish an interstate or international relationship, mutual aid, or an area organization for disaster, he shall take steps to that end as desirable. If this action is taken with jurisdictions that have enacted the Interstate Civil Defense and Disaster Compact (Article 6889-5, Vernon's Texas Civil Statutes), any resulting agreement or agreements may be considered supplemental agreements pursuant to Article 6 of that compact.

(c) If the other jurisdiction with which the governor proposes to cooperate pursuant to Subsection (b) of this section has not enacted that compact, he may negotiate special agreements with the jurisdiction. Any agreement, if sufficient authority for its making does not otherwise exist, becomes effective only after its text has been communicated to the legisla-

ture and provided that neither house of the legislature has disapproved it by adjournment of the next ensuing session competent to consider it or within 30 days of its submission, whichever is longer.

Intergovernmental Arrangements

Sec. 10. (a) This state has enacted into law and enters into the Interstate Civil Defense and Disaster Compact (Article 6889-5, Vernon's Texas Civil Statutes) with all states, as defined in that Act, bordering this state which have enacted or may enact the compact in the form substantially contained in Chapter 312, Acts of the 52nd Legislature, 1951 (Article 6889-5, Vernon's Texas Civil Statutes).

(b) The governor may enter into the compact with any state which does not border this state if he finds that joint action with that state is desirable in meeting common intergovernmental problems of emergency disaster planning, prevention, response, and recovery.

(c) Nothing in Subsections (a) and (b) of this section may be construed to limit previous or future entry into the Interstate Civil Defense and Disaster Compact of this state with other states.

(d) If any person holds a license, certificate, or other permit issued by any state or political subdivision of any state evidencing the meeting of qualifications for professional, mechanical, or other skills, the person may render aid involving the skill in this state to meet an emergency or disaster, and this state shall give due consideration to the license, certificate, or other permit.

Local Disaster Emergencies

Sec. 11. (a) A local disaster emergency may be declared only by the governing body of a political subdivision. It may not be continued or renewed for a period in excess of seven days except by or with the consent of the governing body of the political subdivision. Any order or proclamation declaring, continuing, or terminating a local disaster emergency shall be given prompt and general publicity and shall be filed promptly with the city secretary or county clerk as applicable.

(b) The effect of a declaration of a local disaster emergency is to activate the response and recovery aspects of any and all applicable local or interjurisdictional disaster emergency plans and to authorize the furnishing of aid and assistance under the declaration.

(c) No interjurisdictional agency or its official may declare a local disaster emergency unless expressly authorized to do so by the agreement pursuant to which the agency functions. However, an interjurisdictional disaster agency shall provide aid and services in accordance with the agreement pursuant to which it functions.

Disaster Prevention

Sec. 12. (a) In addition to disaster prevention measures as included in the state, local, and interjurisdictional disaster plans, the governor shall consider on a continuing basis steps that could be taken to prevent or reduce the harmful consequences of disasters. At his direction and pursuant to any other authority and competence they have, state agencies including but not limited to those charged with responsibilities in connection with floodplain management, stream encroachment and flow regulation, weather modification, fire prevention and control, air quality, public works, land use and land-use planning, and construction standards shall make studies of disaster-prevention-related matters. The governor from time to time shall make recommendations to the legislature, local governments, and other appropriate public and private entities as may facilitate measures for prevention or reduction of the harmful consequences of disasters.

(b) The Water Development Board and other state agencies in conjunction with the Division of Disaster Emergency Services shall keep land uses and construction of structures and other facilities under continuing study and identify areas which are particularly susceptible to severe land shifting, subsidence, flood, or other catastrophic occurrence. The studies undertaken under this subsection shall concentrate on means of reducing or avoiding the dangers caused by this occurrence or its consequences.

(c) If the Division of Disaster Emergency Services believes on the basis of the studies or other competent evidence that an area is susceptible to a disaster of catastrophic proportions without adequate warning, that existing building standards and land-use controls in that area are inadequate and could add substantially to the magnitude of the disaster, and that changes in zoning regulations, other land-use regulations, or building requirements are essential in order to further the purposes of this section, it shall specify the essential changes to the governor. If the governor on review of the recommendations finds after public hearing that the changes are essential, he shall make appropriate recommendations to the agencies or local governments with jurisdiction over the area and subject matter. If no action or insufficient action pursuant to his recommendations is taken within the time specified by the governor, he shall so inform the legislature and request legislative action appropriate to mitigate the impact of disaster.

(d) The governor, at the same time that he makes his recommendations pursuant to Subsection (c) of this section, may suspend the standard or control which he finds to be inadequate to protect the public safety and by regulation place a new standard or control in effect. The new standard or control shall remain in effect until rejected by concurrent resolution of both houses of the legislature or amended by

the governor. During the time it is in effect, the standard or control contained in the governor's regulation shall be administered and given effect by all relevant regulatory agencies of the state and local governments to which it applies. The governor's action is subject to judicial review but is not subject to temporary stay pending litigation.

Compensation

Sec. 13. (a) Each person in this state shall conduct himself and keep and manage his affairs and property in ways that will reasonably assist and will not unreasonably detract from the ability of the state and the public successfully to meet disaster emergencies. This obligation includes appropriate personal service and use or restriction on the use of property in time of disaster emergency. This Act neither increases nor decreases these obligations but recognizes their existence under the constitution and statutes of this state and the common law. Compensation for services or for the taking or use of property shall be only to the extent that obligations recognized in this Act are exceeded in a particular case and then only to the extent that the claimant may not be deemed to have volunteered his services or property without compensation.

(b) No personal services may be compensated by the state or any subdivision or agency of the state except pursuant to statute or ordinance.

(c) Compensation for property shall be made only if the property was commandeered or otherwise used in coping with a disaster emergency and its use or destruction was ordered by the governor or a member of the disaster emergency forces of this state.

(d) Any person claiming compensation for the use, damage, loss, or destruction of property under this Act shall file a claim for compensation with the Division of Disaster Emergency Services in the form and manner the Division of Disaster Emergency Services provides.

(e) Unless the amount of compensation on account of property damaged, lost, or destroyed is agreed between the claimant and the Division of Disaster Emergency Services, the amount of compensation shall be calculated in the same manner as compensation due for taking of property pursuant to the condemnation laws of this state.

(f) Nothing in this section applies to or authorizes compensation for the destruction or damaging of standing timber or other property in order to provide a firebreak or to the release of water or the breach of impoundments in order to reduce pressure or other danger from actual or threatened flood, or contravention of Article I, Section 17, of the Texas Constitution, or statutes pertaining to that section.

Communications

Sec. 14. The Division of Disaster Emergency Services shall ascertain in cooperation with the Criminal Justice Council or its successor agency what means exist for rapid and efficient communication in times of disaster emergencies. The division shall consider the desirability of supplementing these communication resources or of integrating them into a comprehensive state or state-federal telecommunication or other communication system or network. In studying the character and feasibility of any system or its several parts, the division shall evaluate the possibility of their multipurpose use for general state and local governmental purposes. The division shall make recommendations to the governor as appropriate.

Mutual Aid

Sec. 15. (a) Political subdivisions not participating in interjurisdictional arrangements pursuant to this Act nevertheless shall be encouraged and assisted by the Division of Disaster Emergency Services to conclude suitable arrangements for furnishing mutual aid in coping with disasters. The arrangements shall include provision of aid by persons and units in public employ.

(b) In reviewing local disaster plans, the governor or his agent shall consider whether they obtain adequate provisions for the rendering and receipt of mutual aid.

(c) It is a sufficient reason for the governor or his agent to require an interjurisdictional agreement or arrangement pursuant to Section 9 of this Act that the area involved and political subdivisions in it have available equipment, supplies, and forces necessary to provide mutual aid on a regional basis and that the political subdivisions have not already made adequate provision for mutual aid, but in requiring the making of an interjurisdictional arrangement to accomplish the purpose of this section, the governor need not require establishment and maintenance of an interjurisdictional agency or arrangement for any other disaster purposes.

Weather Modification

Sec. 16. The Division of Disaster Emergency Services shall keep continuously apprised of weather conditions which present danger of precipitation or other climatic activities severe enough to constitute a disaster. If the division determines that precipitation that may result from weather modification operations, either by itself or in conjunction with other precipitation or climatic conditions or activity, would create or contribute to the severity of a disaster, it shall request in the name of the governor that the officer or agency empowered to issue permits for weather modification operations suspend the is-

suance of the permits. On the governor's request, no permits may be issued until the division informs the officer or agency that the danger has passed.

Insurance Coverage

Sec. 17. Property damage insurance covering state facilities may be purchased by agencies of the state when necessary to qualify for federal disaster assistance funds. If sufficient funds are not available for the required insurance, then the agency may petition the Disaster Emergency Funding Board to purchase the insurance in the agency's behalf. The board may expend money from the Disaster Contingency Fund to purchase the required insurance.

Severability

Sec. 18. If any provision of this Act or the application thereof is held invalid, such invalidity shall not affect other provisions or applications of the Act, and to this end the provisions of this Act are held to be severable. All plans, regulations, and executive orders and proclamations not in conflict herewith are continued in full force and effect.

Repealer

Sec. 19. The Texas Disaster Act of 1973 (Article 6889-6, Vernon's Texas Civil Statutes) is repealed. [Acts 1975, 64th Leg., p. 731, ch. 289, eff. May 22, 1975. Amended by Acts 1977, 65th Leg., p. 1164, ch. 443, § 1, eff. June 15, 1977.]

[Amended by Acts 1977, 65th Leg., p. 1649, ch. 646, § 1, eff.

Art. 6910b. Payment for Livestock Purchased for Slaughter

Definitions

Sec. 1. As used in this Act, unless the context
clearly requires otherwise, the following words and
phrases shall have the meaning ascribed to them in
this section:

(a) "Livestock" means cattle, sheep, goats, or
hogs.

(b) "Meat Processor" means a person, corpora-
tion, association, or other legal entity engaged in
the business of slaughtering cattle, sheep, goats,
or hogs, and processing or packaging them for sale
as meat.

Method and Time of Payment

Sec. 2. A meat processor who purchases livestock
from a seller, or any person, corporation, association,
or other legal entity who purchases livestock from a
seller for slaughter, shall make payment by cash or
check for the purchase price of the livestock and
actually deliver the cash or check to the seller or his
representative at the location where the purchaser
takes physical possession of the livestock on the day
the transfer of possession occurs or shall wire trans-
fer of funds on the business day within which the
possession of said livestock is transferred; provided
that if the transfer of possession is accomplished
after normal banking hours, said payment shall be
made in the manner herein provided not later than

the close of the first business day following said
transfer of possession. In the case of "grade and
yield" selling, the purchaser shall make payment by
wire transfer of funds not later than the close of the
first business day following determination of "grade
and yield." Provided, however, that an alternate
method of payment may be made by an agreement
in writing between the owner of the livestock and
the purchaser thereof, or their respective representa-
tives with express authority; that such agreement
must state that it may be cancelled at any time by
either party, from and after which cancellation, pay-
ment as herein provided shall be required. No such
agreement shall alter any other provision of this or
any other section of this Act.

Further, all instruments issued in payment here-
under shall be drawn on banks which are so located
as not to artificially delay collection of funds
through mail or otherwise cause a lapse of undue
time in the clearance process.

Penalty for Noncompliance

Sec. 3. In all cases where a purchaser who pur-
chases livestock for slaughter from a seller shall fail
to make payment for such livestock as herein provid-
ed or shall artificially delay collection of funds for
the payment of such livestock, such purchaser shall
be liable to pay the owner of such livestock, in
addition to the price of the livestock, twelve percent
(12%) damages on the amount of such price, together
with interest on the purchase price of the livestock
at the highest legal rate from and after the transfer
of possession until payment is made as herein pro-
vided, together with a reasonable attorneys' fee for
the prosecution of collection of such payment.

Lien to Secure Sales Price

Sec. 4. Any person, partnership, firm, corpora-
tion, or other organization who sells livestock for
slaughter shall have a lien on such animal, its car-
cass, all products therefrom, and proceeds thereof to
secure all or a part of its sales price.

Attachment and Perfection of Lien

Sec. 5. The lien provided herein shall be deemed
to have attached and to be perfected upon delivery
of the livestock to the purchaser without further
action, and such lien shall continue in the livestock,
its carcass, all products therefrom, and proceeds
thereof without regard to possession thereof by the

party entitled to such lien without further perfection.

Lien on Commingled Livestock, Carcasses or Products

Sec. 6. If the livestock or its carcass or products therefrom are so commingled with other livestock, carcasses, or products therefrom so that the identity thereof is lost, then the lien herein granted shall extend to the same effect as if same had been perfected originally in all such animals, carcasses, and products with which it has become commingled; provided, however, that all liens so extended under this section to such commingled livestock, carcasses, and products shall be on a parity with one another, and provided further that with respect to such commingled carcasses or products upon which a lien or liens have been so extended under this section, no such lien shall be enforceable as against any purchaser without actual knowledge thereof purchasing one or more of such carcasses or products in the ordinary course of trade or business from the party having commingled such carcasses or products, nor against any subsequent transferee from such purchaser, but in the event of such sale, such lien shall instead extend to the proceeds of such sale.

Priority of Lien

Sec. 7. The lien provided for in this article shall have priority over any other lien or perfected security interest in the livestock, its carcass, all products therefrom, and proceeds thereof not granted hereunder.

Severability

Sec. 8. If any provision of this Act or the application thereof to any person or circumstance shall be held to be invalid or unconstitutional, the remainder of the Act, and the application of such provision to other persons or circumstances shall not be affected thereby.

(5) "Flock" means poultry and their eggs.

Control and Eradication Program

Sec. 2. The experiment station shall promulgate and administer a program to control and eradicate pullorum disease and fowl typhoid, with standards at least as stringent as those specified in the National Poultry Improvement Plan (9 C.F.R. Part 445, 7 U.S.C. Section 429).

Administration of Program; Search Warrant for Inspection of Premises

Sec. 3. (a) In administering the program, the experiment station may:

(1) require the registration of all hatcheries and hatchery supply flocks;

(2) examine, test, monitor, and collect samples from any flock, whether a hatchery supply flock or not, if the flock is suspected of being infected or a potential source of infection;

In applying for the warrant, he shall describe the premises or place to be entered and shall by oath or affirmation give evidence of probable cause to believe that entry is necessary for the control or eradication of pullorum disease or fowl typhoid. The application for the warrant and the warrant itself need only describe the property or premises in terms sufficient to enable the owner or caretaker to know what property is referred to in the documents. The issuing magistrate may not charge court costs or other fees for the issuance of this warrant.

Sec. 4. (a) If the experiment station determines that any part of a flock is infected, it shall certify that information to the commission, and the commission shall verify the infection and immediately quarantine part or all of the flock. (c) The owner of a quarantined flock is entitled to a retesting of his flock before its disposal.

Public Exhibitions

Sec. 5. All poultry entered in public exhibition shall originate from flocks or hatcheries free of pullorum disease and fowl typhoid or have a negative pullorum-typhoid test within 90 days before exhibition. 7425a-3. Authority of Fiduciaries and Custodians Regarding Certain Securities.

7425d-1. Death Benefits Under Employees' Trusts.

IN GENERAL

Art. 7425a-3. Authority of Fiduciaries and Custodians Regarding Certain Securities

Sec. 1. In this Act:

(1) "Fiduciary" has the meaning given it in Section 1, Chapter 1002, Acts of the 62nd Legislature, Regular Session, 1971 (Article 7425a-2, Vernon's Texas Civil Statutes), and includes a state or national bank acting in a fiduciary capacity.

(2) "Clearing corporation" has the meaning given it in Section 8.102, Business and Commerce Code, as amended.

Sec. 2. In the absence of contrary or limiting provisions in the court order or decree appointing a fiduciary, or in a subsequent order or decree, or in the will, deed, or other instrument appointing a fiduciary, any fiduciary holding securities in its fiduciary capacity, and any bank, trust company, or private banker holding securities as a custodian for a fiduciary or as a managing agent or custodian, is authorized if a member of the Federal Reserve System to deposit, or arrange for the deposit if not a member of the Federal Reserve System, with the Federal Reserve Bank of Dallas, of any securities the principal and interest of which the United States or any department, agency, or instrumentality of the United States has agreed to pay or has guaranteed payment. A bank, trust company, or private banker so depositing securities with the Federal Reserve Bank of Dallas shall be subject to such rules with respect to making and maintenance of the deposit as, in the case of state chartered or private banking institutions, the Finance Commission of Texas, and, in the case of national banking associations, the Comptroller of the Currency, may from time to time issue. The records of the fiduciary, bank, trust company, or private banker shall at all times show the ownership of securities held in such an account. The Federal Reserve Bank of Dallas may apply book entry procedures to the securities in such an account, whereby the ownership of and other interests in the securities may be transferred by entries on the books of the Federal Reserve Bank of Dallas without phys-

ical delivery of the securities. A bank, trust company, or private banker acting as custodian for a fiduciary, on demand by the fiduciary, shall certify in writing to the fiduciary the securities so deposited by the bank, trust company, or private banker with the Federal Reserve Bank. Any fiduciary or any bank, trust company, or private banker acting as fiduciary, custodian, custodian for a fiduciary, or managing agent, on demand by any party to its accounting or on demand by the attorney for the party, shall certify in writing to the party the securities so deposited by the bank, trust company, or private banker with the Federal Reserve Bank.

Sec. 3. (a) In the absence of contrary or limiting provisions in the court order or decree appointing a fiduciary, or in a subsequent order or decree, or in the will, deed, or other instrument appointing a fiduciary, any fiduciary holding securities in its fiduciary capacity, and any bank, trust company, or private banker holding securities as custodian, custodian for a fiduciary, or managing agent is authorized to deposit or arrange for the deposit, either in this state or elsewhere, of such securities in a clearing corporation, irrespective of whether the clearing corporation is domiciled, located, has any office or place of business, or is licensed or authorized to do business in this state. When the securities are so deposited, certificates representing securities of the same class of the same issuer may be merged and held in bulk in the name of the nominee of the clearing corporation with any other securities deposited in the clearing corporation by any person, regardless of the ownership of the securities, and certificates of small denomination may be merged into one or more certificates of larger denomination. The records of the fiduciary and the records of the bank, trust company, or private banker acting as a custodian for a fiduciary, managing agent, or custodian shall at all times show the name of the party for whose account the securities are so deposited. Ownership of, and other interests in, the securities may be transferred by entries on the books of the clearing corporation without physical delivery of certificates representing the securities. A bank, trust company, or private banker so depositing securities pursuant to this Act shall be subject to such rules as, in the case of state chartered or private banking institutions, the Finance Commission of Texas, and, in the case of national banking associations, the Comptroller of the Currency, may from time to time issue. A bank,

trust company, or private banker acting as custodian for a fiduciary, on demand by the fiduciary, shall certify in writing to the fiduciary the securities so deposited by the bank, trust company, or private banker in the clearing corporation for the account of the fiduciary. Any fiduciary or any bank, trust company, or private banker acting as fiduciary, custodian for a fiduciary, custodian, or managing agent, on demand by any party to its accounting or on demand by the attorney for the party, shall certify in writing to the party the securities deposited by the fiduciary, bank, trust company, or private banker with the clearing corporation.

(b) As between the fiduciary and the beneficial owner of securities deposited by the fiduciary in a clearing corporation, the fiduciary is liable for any loss occasioned by the acts or omissions of the clearing corporation, but nothing in this Act affects the liabilities as between the fiduciary and the clearing corporation.

Sec. 4. (a) This Act applies to any fiduciary holding securities in its fiduciary capacity and to any bank, trust company, or private banker holding securities as fiduciary, custodian for a fiduciary, custodian, or managing agent, acting on the effective date of this Act or thereafter, regardless of the date of the agreement, instrument, or court order by which it is appointed and regardless of whether or not the fiduciary, custodian for a fiduciary, managing agent, or custodian owns capital stock of the clearing corporation.

(b) This Act does not apply to securities held by any fiduciary, bank, trust company, or private banker on behalf of any domestic insurance company, unless the prior express approval of the State Board of Insurance is obtained. The State Board of Insurance may grant that approval generally to all domestic insurance companies or specifically to individual domestic insurance companies on a case-by-case basis.

TEXAS TRUST ACT

Art. 7425b-19. Contracts of Trustee

Whenever a trustee shall make a contract which is within his powers as trustee, or a predecessor trustee shall have made such a contract, and a cause of action arises thereon:

A. The party in whose favor the cause of action has accrued may sue the trustee in his representative capacity, and any judgment rendered in such action in favor of the plaintiff shall be collectible by execution out of the trust property. In such an action the plaintiff need not prove that

the trustee could have secured reimbursement from the trust fund if he had paid the plaintiff's claim.

B. No judgment shall be rendered in favor of the plaintiff in such action unless he proves that within thirty (30) days after the beginning of such action, or within such other time as the court may fix, and more than thirty (30) days prior to obtaining the judgment, he notified each of the beneficiaries known to the trustee who then had a present or contingent interest, or in the case of a charitable trust the Attorney General of Texas and any corporation which is a beneficiary or agency in the performance of such charitable trust, of the existence and nature of the action. Such notice shall be given by mailing copies thereof by registered mail addressed to the parties to be notified at their last known addresses. The trustee shall furnish the plaintiff a list of the beneficiaries or persons having an interest in the trust estate, and their addresses, if their whereabouts are known to the trustee, within ten (10) days after written demand therefor, and notification of the persons on such list shall constitute compliance with the duty placed on the plaintiff by this section.

Any beneficiary, or in the case of charitable trusts the Attorney General of Texas, and any corporation which is a beneficiary or agency in the performance of such charitable trust, may intervene in such action and contest the right of the plaintiff to recover. If any beneficiary is a minor or has been adjudged incompetent, the court shall appoint a guardian ad litem, whose duty it shall be to defend such action.

C. The plaintiff may also hold the trustee who made the contract personally liable on such contract, if the contract does not exclude such personal liability. The addition of the word "trustee" or the words "as trustee" after the signature of a trustee to a contract shall be deemed prima facie evidence of an intent to exclude the trustee from personal liability.

D. Notwithstanding anything to the contrary in this Act, if a decedent was a partner in a general partnership and the articles of partnership provide that, on the death of a partner, his or her trustee shall be entitled to the place of a deceased partner in the firm, a trustee so contracting to come into the partnership shall, to the extent allowed by law, be liable to third persons only to the extent of the deceased partner's capital in the partnership and his or her trust funds held by the trustee. Likewise, any other trustee contracting to enter into a general partnership in its capacity as trustee shall, to the extent allowed by law, have its liability limited to the trust assets contributed to the partnership and the other assets of that trust under the control and management of the

contracting trustee. This subdivision does not exonerate a trustee from liability for his or her negligence.

[Amended by Acts 1979, 66th Leg., p. 71, ch. 46, § 2, eff. April 11, 1979.]

Art. 7425b-25. Powers, Duties, and Responsibilities of Trustees

In the absence of contrary or limiting provisions in the instrument creating the trust, or a subsequent order or decree of a court of competent jurisdiction, the trustee of an express trust is authorized.

A. To exchange, re-exchange, sub-divide, develop, improve, dedicate to public use, make or vacate public plats, adjust boundaries, and/or partition real property, and to adjust differences in valuation by giving or receiving money or money's worth. Easements may be dedicated to public use without consideration if deemed by the trustee to be for the best interest of the trust.

B. To grant options and to sell real or personal property at public auction or at private sale for cash, or upon credit secured by lien upon the property sold or upon such property or a part thereof and/or other property.

C. To grant or take leases of real property for any term of years, and of all rights and privileges above or below the surface of real property for any term or terms, including exploration for and removal of oil, gas, and other minerals, with or without options of purchase, and with or without covenants as to erection of buildings, or as to renewals thereof, through the term of the lease or renewals thereof, or of such options extending beyond the term of the trust.

D. To raze existing walls or buildings and/or erect new party walls or buildings alone or jointly with the owners of any adjacent property. To make ordinary repairs and in addition thereto such extraordinary alterations, changes, and additions in buildings or other structures which are necessary to make the property productive or more productive. To effect and keep in force, fire, rent, title, liability, casualty, or other insurance of any nature, in any form and in any amount.

E. To compromise, contest, arbitrate, or settle any and all claims of or against the trust estate or the trustee as such. To abandon property deemed by the trustee burdensome or valueless.

F. To pay calls, assessments, and any other sums chargeable or accruing against, or on account of shares of stock or other securities in the hands of the trustee where such payment may be legally enforceable against the trustee or any property of the trust, or where the trustee deems payment expedient and for the best interests of the trust. To sell or exercise stock subscription or conversion rights, participate in the foreclosures,

reorganizations, consolidations, mergers, liquidations, pooling agreements and voting trusts; to assent to corporate sales, leases, and encumbrances, and in general, except as limited by the particular will, indenture, trust agreement, or other trust instrument, have and exercise all powers of an absolute owner in respect of such securities. In the exercise of the foregoing powers the trustee shall be authorized, where he deems such course expedient, to deposit stocks, bonds, or other securities with any protective or other committee formed by or at the instance of persons holding similar securities, under such terms and conditions respecting the deposit thereof as the trustee may approve. Any stock or other securities obtained by conversion, reorganization, consolidation, merger, liquidation, or the exercise of subscription rights shall be free, unless the trust instrument provides otherwise, from any restrictions on sale or otherwise contained in the trust instrument relative to the securities originally held.

G. Generally to execute and deliver any deed or other instrument and to do all things in relation to such trust necessary, desirable, or advisable for carrying out any of the above powers or those considered incident to the purposes of such trust. In addition to the other rights, powers, and authority granted to and conferred upon the trustee of an express trust by this, The Texas Trust Act, the trustee may sell, exchange, transfer, assign, convey, mortgage, or otherwise encumber, lease, contract for the joint exploration and development of the trust property, with other properties, and otherwise contract with reference to oil, gas, or other minerals or natural resources, and mineral rights and mineral royalties, which may be or become a part of the trust estate, upon such terms and conditions, and for such royalties, rents, benefits, and consideration as the trustee may deem to be to the best interest of the trust estate.

H. (1) Employ attorneys, accountants, agents, and brokers reasonably necessary in the administration of the trust estate.

(2) Permit real estate held in trust to be occupied by a surviving spouse or minor child of the trustor and, where reasonably necessary for the maintenance of the surviving wife or minor child, to invest trust funds in real property to be used for a home by any such beneficiary, and, in the trustee's discretion, to pay funeral expenses of any beneficiary actually receiving benefits from the trust estate at the time of his or her death.

I. The following rules of administration shall be applicable to all express trusts but such rules

shall not be exclusive of those otherwise imposed by law, unless the latter be contrary to these rules:

1. Where a trustee is authorized to sell or dispose of land, such authority shall include the right to sell or dispose of a part thereof, whether the division is horizontal, vertical, or made in any other way, or of undivided interests therein.

2. Where a trustee is authorized by the trust instrument creating the trust or by law to pay, expend, or otherwise apply capital money subject to the trust for any purpose or in any manner, he shall have and shall be deemed always to have had the power to raise the money so required by selling, converting, calling in, or mortgaging or otherwise encumbering all or any part of the trust property for the time being in possession.

3. A trustee shall have a lien, and may reimburse himself with interest, for, or pay or discharge out of the trust property, either principal or income or both, all advances made for the convenience, benefit or protection of the trust or its property, and all expenses, losses, and liabilities, not resulting from the negligence of the trustee, incurred in or about the execution or protection of the trust or because of his holding or ownership of any property subject thereto.

4. When the happening of any event, including marriage, divorce, attainment of a certain age, performance of educational requirements, death, or any other event, determines or affects the distribution of income or principal of trust estates, the trustees shall not be liable for mistakes of fact made prior to the actual knowledge or written notice of such fact.

J. The powers, duties, and responsibilities stated in this Act shall not be deemed to exclude other implied powers, duties, or responsibilities not inconsistent herewith.

K. Pay all taxes and assessments levied or assessed against the trust estate or the trustee by governmental taxing or assessing agencies.

L. Unless the instrument creating the trust provides to the contrary, the trustee of any trust created after the effective date of this amendment shall be required to give bond payable to all persons interested in the trust as their interest may appear, conditioned for the faithful performance of the duties as trustee, to be in such amount and with such surety or sureties as the District Court shall, by order entered in a proceeding brought for such purpose, direct and approve. If the proceeding be brought by the person named as trustee, citation in respect thereof shall not be necessary, but the proceeding may be upon ex parte verified petition showing the nature and probable value of the trust estate, and the District Court may, in

term time or vacation, hear the application and enter such order in respect thereof as the court shall deem proper. If the proceeding be brought by some other person interested in the estate, citation shall issue, as required by law, to the trustee, unless such citation be expressly waived in writing. Any bond made pursuant to the provisions of this Subsection L shall be subject to increase, decrease, or the substitution or addition of another surety or other sureties upon order of the District Court in an action brought by any person interested in the trust estate, as in Section 24¹ hereof provided. Any bond made pursuant to the terms of this Subsection shall be deposited with the Clerk of the District Court in which the order shall have been entered, and suit may be maintained on a certified copy thereof, provided that any recovery thereon shall, upon appropriate proof by the surety or sureties, reduce their liability on such bond pro tanto. Failure to comply with the provisions of this paragraph shall not render void or voidable, or otherwise affect, any act or transaction of the trustee with any third person.

Provided, however, that this Subsection shall not apply to corporate trustees which are authorized by law to act as trustee of any trust affected by this Act.

¹ Article 7425b-24.

M. In the event that any property which is or may become a part of the assets of a trust is situated in a state or states other than the State of Texas, or in a foreign country, the Texas trustee is empowered to name an individual or corporate trustee qualified to act in any such state or foreign country in connection with the property situated therein as ancillary trustee of such property and require such security as may be designated by the Texas trustee. The ancillary trustee so appointed shall have all rights, powers, discretions, responsibilities and duties as are delegated to it by the Texas trustee, within the limits of the authority possessed by the Texas trustee, but shall exercise and discharge same subject to such limitations or directions of the Texas trustee as shall be specified in the instrument evidencing the appointment. The ancillary trustee shall be answerable to the Texas trustee for all monies, assets or other property entrusted to it or received by it in connection with the administration of the trust. The Texas trustee may remove such ancillary trustee and may or may not appoint a successor at any time or from time to time as to any or all of the assets. Provided, however, that if the ancillary trustee is to be appointed in any jurisdiction that requires any kind of procedure or judicial order for the appointment of such an ancillary trustee or to authorize it to act, the Texas trustee and the ancillary trustee must conform to all such requirements.

N. Whenever an instrument containing a trust reserves unto the trustor, or vests in an advisory or investment committee, or in any other person or persons (including a co-trustee), to the exclusion of the trustee or to the exclusion of one or more of several trustees, authority to direct the making or retention of investments, or of any investment, or the performance of any other act in the management and administration of the trust, the excluded trustee or co-trustee shall not be liable as trustee or co-trustee for any loss resulting from the making or retention of any investment pursuant to such authorized direction, or from the doing of any act in the management and administration of the trust in accordance with such authorized direction. This Subsection shall not be applicable if the terms of the trust instrument contain contrary provisions with respect to the liability of the excluded trustee or co-trustee.

Payments to Trustee Under Will

Sec. 3. Death benefits may be made payable to a trustee named, or to be named, as trustee of a trust created by a will of the employee, if such trustee is designated as beneficiary in accordance with the terms of the plan of which the employees' trust is a part or in accordance with the terms of the retirement-annuity contract, whether or not such will has been executed at the time of such designation. Upon probate of such will the death benefits shall be payable to such trustee to be held, administered, and disposed of in accordance with the terms of the trust created by such will as they exist on the date of death of the employee. Death benefits may be made payable to a trustee named as trustee of a trust created by a will of any person other than the employee if such will has been probated at the death of the employee and the death benefits shall be payable to such trustee to be held, administered, and disposed of in accordance with the terms of the trust created by such will.

Payment Where No Trustee Makes Claim

Sec. 4. In the event no trustee makes claim to the death benefits within a period of one year after the date of death of the employee or if satisfactory evidence is furnished to a trustee or other fiduciary of the employees' trust or other obligor within such one-year period that there is or will be no trustee to receive the death benefits, payment of such death benefits shall be made as required or permitted by such employee's beneficiary designation, the plan of which the employees' trust is a part, or the retirement-annuity contract, and failing such other designation or provision in such plan or contract, such death benefits shall be paid to the personal representative of the deceased employee as a part of such deceased employee's estate.

Exemption from Taxes and Debts

Sec. 5. Unless the trust agreement, declaration of trust, or will provides otherwise, death benefits payable to a trustee as provided in Sections 2, 3, and 4 of this Act (i) shall not be deemed part of the deceased employee's estate, (ii) shall not be subject

to any obligation to pay debts of the deceased employee or his estate or other charges enforceable against such estate, and (iii) shall not be subject to any obligation to pay any taxes enforceable against the deceased employee's estate to any greater extent than if such death benefits were payable, free of trust, to beneficiaries other than the executor or administrator of the estate of the deceased employee.

Commingling of Assets

Sec. 6. Death benefits paid to a trustee in accordance with Sections 2, 3, or 4 of this Act may be commingled with any other assets accepted by such trustee either before or after receipt of such death benefits, and held in trust.

Application of This Act

Sec. 7. Nothing in this Act shall affect the validity of any beneficiary designation heretofore made by an employee, in accordance with the terms of the plan of which the employees' trust is a part or in accordance with the terms of the retirement-annuity contract, naming a trustee of a trust under a trust agreement, declaration of trust, or under a will as beneficiary of death benefits.

Declaratory of Common Law; Liberal Construction

Sec. 8. This Act shall, insofar as possible, be deemed declaratory of the common law of the State of Texas and shall be liberally construed so as to effectuate the intent that death benefits received by a trustee of a trust under a trust agreement, declaration of trust, or will are not subject to the obligations of the employee or of his estate unless such trust expressly provides otherwise. Neither a reference in any will to any death benefits nor the naming of the trustee of a trust created by a will shall cause such death benefits to be included in the property administered as a part of the testator's estate or require inclusion of such death benefits in any inventory filed with the county court.

(a) The trustee of any trust described in Section 1 of this Act (with the consent of the trustor, if then living and competent to give consent) may, without judicial proceedings, amend such trust to expressly exclude the application of Section 1 of this Act by executing a written amendment to the trust and filing a duplicate original of such amendment with the Attorney General of Texas, and upon filing

of such amendment, Section 1 of this Act shall not apply to such trust.

(b) The powers given under Subdivision (2), Paragraph H, Section 25, Texas Trust Act,¹ shall not apply to a charitable remainder unitrust, annuity trust, or pooled income fund, whether presently in existence or hereafter created, that is intended to qualify for a federal tax deduction under Section 664

Licensees shall pay to the Board for annual renewal of licenses, a fee of not less than Ten Dollars (\$10), nor more than Sixty Dollars (\$60), as determined by the Board, based upon the needs of the Board, and a licensee whose license has been lost or destroyed shall be issued a duplicate license after application and upon payment of a fee of not less than Twenty Dollars (\$20) nor more than Forty Dollars (\$40). Art. 7465c. Responsibility of Veterinarian Toward Animals in His Care

Sec. 1. (a) Unless otherwise provided by contract between a veterinarian and his client, a veterinarian may dispose of any animal abandoned in his care if he gives notice of his intention to do so by certified mail sent to the last known address of the client. The veterinarian must allow the client 12 days from the mailing of the certified mail in which to retrieve the animal.

(b) Contact of the veterinarian by the client by mail, telephone, or personal communication does not extend the obligation of the veterinarian to treat, board, or care for an animal unless both the client and the veterinarian agree. If no agreement is made to extend the care for the animal, the animal is considered abandoned after 12 days from the date the veterinarian notifies the client that the animal must be removed from the veterinarian's care.

(c) The giving of notice by a veterinarian as prescribed in Subsection (a) of this section does not relieve the client of his liability for payment for treatment, board, or care furnished.

Sec. 2. A veterinarian who, on his own initiative or at the request of a person other than the owner, renders emergency treatment to an ill or injured animal is not liable to the owner for damages to the animal except in cases of gross negligence. If the veterinarian performs euthanasia on the animal, it is presumed that it was a humane act necessary to relieve pain and suffering.

Sec. 2a. The acceptance by a nonresident of this State of the rights, privileges and benefits extended by law to such persons of employing labor within the State of Texas shall be deemed equivalent to an appointment by such nonresident of the Chairman of the Industrial Accident Board of this State, or his successor in office, to be his true and lawful attorney and agent upon whom may be served all lawful process in any civil action or proceeding now pending or hereafter instituted against said nonresident growing out of any accident resulting in the injury or death of any employee of said nonresident, occurring in the course of employment of the employee in this State, or occurring in the course of employment of the employee in a foreign jurisdiction when the employee is a Texas resident recruited in this State, when the action or proceeding is brought by the employee, his heirs or legal representative. Service of process under this Section shall be in the same manner and method as that prescribed in Chapter 125, Acts of the Forty-first Legislature, Regular Session, 1929, as last amended by Chapter 502, Acts of the Fifty-sixth Legislature, Regular Session, 1959 (compiled as Article 2039a of Vernon's Texas Civil Statutes), which relates to citation of nonresident motor vehicle operators by serving the Chairman of the State Highway Commission.

Medical Services

Sec. 7. The employee shall have the sole right to select or choose the persons or facilities to furnish medical aid, chiropractic services, hospital services, and nursing and the association shall be obligated for same or, alternatively, at the employee's option, the association shall furnish such medical aid, hospital services, nursing, chiropractic services, and medicines as may reasonably be required at the time of the injury and at any time thereafter to cure and relieve from the effects naturally resulting from the injury. Such treatment shall include treatments necessary to physical rehabilitation, including proper fitting and training in the use of prosthetic appliances, for such period as the nature of the injury may require or as necessary to reasonably restore the employee to his normal level of physical capacity or as necessary to give reasonable relief from pain, but shall not include any other phase of vocational rehabilitation. The obligation of the association to be responsible for hospital services as herein provided shall not be held to include any obligation on the part of the association to pay for medical, nursing or surgical services not ordinarily provided by hospitals as a part of their services.

Upon receipt thereof, the Board shall promptly analyze each notice of injury incurred by an injured employee covered under this law. If the Board concludes that vocational rehabilitation is indicated in any such case, it immediately shall take the necessary steps to inform the injured employee of the services and facilities available to him under the Texas Rehabilitation Commission and the Board immediately shall notify said Commission of such case. In each such case recommendation of services and facilities shall be made after consultation by the Board with the physician or chiropractor furnishing medical aid or chiropractic services as required by this Section, who shall retain general supervision of treatment of the injured employee and, should the employee request it, the Board shall consult with a physician or chiropractor specially trained in such treatment. The Board shall co-operate with said Texas Rehabilitation Commission with reference to the work of said Commission in providing said services and facilities to injured employees covered under the provisions of this law.

Provided that any physician or chiropractor rendering medical or chiropractic care to any injured worker shall render an initial report as soon as practical identifying the injured worker and stating the nature and extent of the injury and thereafter shall render subsequent reports reasonably necessary to keep the status of the claimant's condition known.

Hospitals shall, upon request of either the injured worker, his attorney, or the association, furnish records pertaining to treatment or hospitalization for which compensation is being sought. All reports and records requested hereunder shall be made to the association and the injured worker or his attorney. The failure of the physician or chiropractor to make such reports or of the hospital to furnish requested records shall relieve the association and the injured worker from any obligation to pay for the services rendered by the physician, chiropractor, or hospital. All charges for the furnishing of reports and records hereunder shall be subject to regulation by the Board in accordance with Section 7b hereof, provided however, such charges shall in no event be less than the fair and reasonable charge for the furnishing of said reports and records.

In the event that the association shall contend before the Board that charges for medical aid, hospital services, chiropractic services, nursing services, or medicines are not fair and reasonable, the Board's award shall make an express finding of the amounts which are fair and reasonable charges for the aid or services rendered or the medicines provided. If the amount found is less than those charges submitted by the provider of the aid, services, or medicines, then said provider shall be entitled to appeal the Board's determination as if it were a party to the action. In any subsequent appeal from the award of the Board, if the person or facility providing medical aid, hospital services, chiropractic services, nursing services, or medicines recovers an amount equal to or in excess of the charges submitted to the Board, such person or facility shall be entitled to recover from the association an additional amount equal to 12 percent of the amount unpaid and reasonable attorney's fees. If the amount so recovered is less than the charges submitted to the Board, the association shall be entitled to recover its reasonable attorney's fees from the person or facility providing the medical aid, hospital services, chiropractic services, nursing services, or medicines.

Artificial Appliances

Sec. 7-e. (a) In all cases where liability for compensation exists for an injury sustained by an employee in the course of his employment where artificial appliances of any kind would materially and beneficially improve the future usefulness and occu-

pational opportunities of such injured employee, the association shall furnish such employee with the artificial appliance or appliances needed by him for such occupational opportunities and shall continue to furnish the needed artificial appliance or appliances until a satisfactory fit is obtained in the judgment of the attending physician or physicians. The association shall also be liable for replacing or repairing any artificial appliances so furnished, when needed as determined by the physician or physicians, unless the need for such repair or replacement is due to lack of proper care by the employee. The cost of such artificial appliances so furnished to any such employee shall be in keeping with the salary or wages received by such employee.

(b) In the event the association shall fail or refuse to furnish or provide such artificial appliances, such employee shall make application to the Board for such artificial appliances. On receipt of such application the Board shall order a medical examination of the employee and obtain such other evidence as in their opinion they may deem necessary, after which the Board shall determine whether or not the artificial appliances would materially and beneficially improve the future usefulness and occupational opportunities of the injured employee and in the event they find that such improvement would exist, then the Board shall order the association to furnish the artificial appliances.

Persons to Whom Death Benefits Payable; Exemptions; Distributions; Payments

Sec. 8a. The compensation provided for in the foregoing section of this law shall be for the sole and exclusive benefit of the surviving husband who has not, for good cause and for a period of three years prior thereto, abandoned his wife at the time of the injury, and of the wife who has not, at the time of the injury without good cause and for a period of three years prior thereto, abandoned her husband, and of the minor children, parents and stepmother, without regard to the question of dependency, dependent grandparents, dependent children, dependent grandchildren and dependent brothers and sisters of the deceased employee; and the amount recovered thereunder shall not be liable for the debts of the deceased nor the debts of the beneficiary or beneficiaries and shall be distributed among the beneficiaries as may be entitled to the same as hereinbefore provided, according to the laws of descent and distribution of this State; provided, the right in such beneficiary or beneficiaries to recover compensation for death be determined by the facts that exist at the date of the death of the deceased and that said right be a complete, absolute and vested one. Any parent who, during a substantial period of the minority of the deceased worker, shall

have abandoned the worker shall be deemed to have waived any entitlement to benefits, and such parent's benefits shall be paid as if the parent had predeceased the deceased worker. The burden of proof shall be upon any beneficiary seeking to disqualify the parent on the grounds of abandonment or failure to support. Such compensation shall not pass to the estate of the deceased to be administered upon, but shall be paid directly to said beneficiaries when the same are capable of taking, under the laws of this State, or to their guardian in case of lunacy, infancy or other disqualifying cause; except payments may be made directly to the person having custody of the person of such beneficiary, who shall be entitled to receive and receipt for such payments unless or until the association is notified that a guardian has been appointed, in which event payment shall thereafter be made to such guardian. The compensation provided for in this law shall be paid weekly to the beneficiaries herein specified, subject to the provisions of this law.

Funeral Expenses

Sec. 9. If the deceased employee leaves no legal beneficiaries, the association shall pay all expenses incident to his last sickness as a result of the injury, and in addition a funeral benefit not to exceed One Thousand, Two Hundred and Fifty Dollars (\$1,250).

If the deceased employee leaves a legal beneficiary or beneficiaries, and is buried at the expense of the beneficiary or beneficiaries, or is buried at the expense of his employer or any other person, the expense of such burial, not to exceed One Thousand, Two Hundred and Fifty Dollars (\$1,250), shall be payable without discount for present payment to the person or persons at whose expense the burial occurred, subject to the approval of the Board; and such burial expense, regardless of to whom it is paid, shall be in addition to the compensation due the beneficiary or beneficiaries of such deceased employee.

[See Compact Edition, Volume 5 for text of 10 to 12b]

Subsequent Injury; Second Injury Fund

Sec. 12c. If an employee who has suffered a previous injury shall suffer a subsequent injury which results in a condition of incapacity to which both injuries or their effects have contributed, the association shall be liable because of such injury only for the compensation to which the subsequent injury would have entitled the injured employee had there been no previous injury; provided that there shall be created a fund known as the "Second Injury Fund," hereinafter described, from which an employee who has suffered a subsequent injury shall be compensated for the combined incapacities resulting from both injuries. Provided further, however, that notice of

injury to the employer and filing of a claim with the Industrial Accident Board as required by law shall also be deemed and considered notice to and filing of a claim against the "Second Injury Fund".

Permanent and Total Incapacity Through Loss of or Loss of Use of, Another Member or Organ

Sec. 12c-1. If an employee who has previously lost, or lost the use of, one hand, one arm, one foot, one leg, or one eye, becomes permanently and totally incapacitated through the loss or loss of use of another member or organ, the association shall be liable only for the compensation payable for such second injury; provided, however, that in addition to such compensation and after the combination of the payments therefor, the employee shall be paid the remainder of the compensation that would be due for the total permanent incapacity out of the special fund known as "Second Injury Fund," hereinafter defined.

Second Injury Fund; How Created; Presumptions

Sec. 12c-2. The special fund known as the "Second Injury Fund" shall be created in the following manner:

(a) In every case of the death of an employee under this act where there is no person entitled to compensation surviving said employee, the association shall pay to the Industrial Accident Board the full death benefits, but not to exceed 360 weeks of compensation, as provided in Section 8, of Article 8306, Revised Civil Statutes of Texas, 1925, as amended, to be deposited with the Treasurer of the State for the benefit of said Fund and the Board shall direct the distribution thereof.

(b) When the total amount of such payments into the Fund, together with the accumulated interest thereon, equals or exceeds Seven Hundred Fifty Thousand Dollars (\$750,000) in excess of liabilities, whether vested or contingent, known to the Board, no further payment shall be required to be paid to said Fund; but whenever thereafter the amount of such Fund shall be reduced below Three Hundred Thousand Dollars (\$300,000) in excess of liabilities, whether vested or contingent, known to the Board, by reason of payments from such Fund, the payments to such Fund shall be resumed forthwith, and shall continue until such Fund again amounts to Seven Hundred Fifty Thousand Dollars (\$750,000) including accumulated interest thereon, in excess of liabilities, whether vested or contingent, known to the Board.

(c) Unless a claim for fatal benefits is filed with the Board by a beneficiary or beneficiaries within eight (8) months following the date of death of the employee, it shall be presumed for purposes of this section only that no person entitled to compensation under Section 8a of this article survived the deceased employee; provided, however, that the

presumption created hereby shall not apply against minor beneficiaries or to beneficiaries of unsound mind for whom no guardian has been appointed.

(d) If the Board enters an initial award ordering payments to the Fund hereunder and it is determined by a subsequent final award of the Board or judgment of a court of competent jurisdiction that a beneficiary under Section 8a of the article is entitled to fatal benefits, the Board shall order reimbursement from the Fund to the association of the amounts paid by it to the Fund in good faith by reason of the initial award of the Board.

Injuries Sustained Outside State; Venue

Sec. 19. If an employee, who has been hired or, if a Texas resident, recruited in this State, sustain injury in the course of his employment he shall be entitled to compensation according to the Law of this State even though such injury was received outside of the State, and that such employee, though injured out of the State of Texas, shall be entitled to the same rights and remedies as if injured within the State of Texas, except that in such cases of injury outside of Texas, the suit of either the injured employee or his beneficiaries, or of the Association, to set aside an award of the Industrial Accident Board of Texas, or to enforce it, as mentioned in Article 8307, Sections 5-5a, shall be brought either

a. In the county of Texas where the contract of hiring was made or where the employee was recruited; or

b. In the county of Texas where such employee or his beneficiaries or any of them reside when the suit is brought, or

c. In the county where the employee or the employer resided when the contract of hiring was made or when the employee was recruited, as the one filing such suit may elect.

Providing that such injury shall have occurred within one year from the date such injured employee leaves this State; and provided, further, that no recovery can be had by the injured employee hereunder in the event he has elected to pursue his remedy and recovers in the state where such injury occurred.

Subscriber's Filing Fee

Sec. 28. In addition to all other taxes now being paid, each stock company, mutual company, reciprocal, or inter-insurance exchange or Lloyds Association writing Workmen's Compensation insurance in this state, shall pay annually into the General Revenue Fund in the State Treasury an amount equal to forty-five one-hundredths ($\frac{45}{100}$) of one percent (1%) of gross premiums collected by such company or

association during the preceding year under workmen's compensation policies written by such companies or associations covering risks in this state according to the reports made to the Board of Insurance Commissioners as required by law. Said amount shall be collected at the same time and in the same manner as provided by law for the collection of taxes on gross premiums of such workmen's compensation insurance carriers. All self-insurers under any of the Workmen's Compensation Acts of the State of Texas shall report to the State Board of Insurance the total amount of their medical and indemnity costs for the previous year and pay a like amount of tax as provided above on said total amount of medical and indemnity costs. Failure to make any report required by this Section shall be punishable by fine not to exceed One Thousand (\$1000) Dollars and the failure to pay any tax within thirty (30) days after same is due under this Section shall be punishable by a penalty of ten percent (10%) of the amount, and shall be recovered by the Attorney General in a suit brought by him in the name of the State of Texas and such penalties when collected shall be deposited in the General Revenue Fund in the State Treasury.

Maximum and Minimum Weekly Benefits

Sec. 29.

[See Compact Edition, Volume 1 for text of 29(a) and (b)]

(c) If the annual average of the manufacturing production workers average weekly wage in Texas exceeds by Ten Dollars (\$10) the average weekly wage for those workers in 1974 as determined by the Texas Employment Commission and published in its report, "The Average Weekly Wage," the maximum weekly benefit shall be increased by Seven Dollars (\$7) and the minimum weekly benefit shall be increased by One Dollar (\$1) above the amounts specified in Subsection (b) of this section beginning with the commencement of the state fiscal year following the publication of the report. Thereafter, each cumulative Ten Dollar (\$10) increase in the average weekly wage for manufacturing production workers in Texas as annually determined and reported by the Texas Employment Commission shall cumulatively increase the maximum weekly benefit by an additional Seven Dollars (\$7) and the minimum weekly benefit by an additional One Dollar (\$1) beginning with the commencement of the state fiscal year following the publication of the report.

Sec. 1. The term "workmen's compensation" shall hereafter be known as "workers' compensation," and references to "workmen's compensation" in the statutes of this state shall be changed to "workers' compensation" when sections of those laws are being amended for any purpose.

Sec. 2. Forms and printed materials used by any state agency which incorporate the term "workmen's compensation" shall be modified to substitute the term "workers' compensation" after the present supply of forms and materials is exhausted. Application of Administrative Procedure and Texas Register Act

Sec. 4b. Sections 1 through 12 of the Administrative Procedure and Texas Register Act (Article 6252-13a, Vernon's Texas Civil Statutes) apply to the Industrial Accident Board. However, Section 4(a)(3) and Sections 13 through 20 of the Administrative Procedure and Texas Register Act do not apply, and Section 4(b) of that Act shall not apply to orders and decisions of the Industrial Accident Board.

Determination of Questions; Suit to Set Aside Final Ruling and Decision; Revocation of Association's License

Sec. 5. All questions arising under this law, if not settled by agreement of the parties interested therein and within the provisions of this law, shall, except as otherwise provided, be determined by the Board. Any interested party who is not willing and does not consent to abide by the final ruling and decision of said Board shall, within twenty (20) days after the rendition of said final ruling and decision by said Board, file with said Board notice that he will not abide by said final ruling and decision. And he shall within twenty (20) days after giving such

notice bring suit in the county where the injury occurred, or in the county where the employee resided at the time the injury occurred (or, if such employee is deceased, then in the county where the employee resided at the time of his death), to set aside said final ruling and decision, and said Board shall proceed no further toward the adjustment of such claim, other than hereinafter provided. In all cases of occupational diseases, for the purpose of determining venue when an appeal is effected to set aside the final ruling and decision of the Board, suit shall be brought in a court of competent jurisdiction in the said county in which the employee was last exposed to the disease alleged, prior to the manifestation of the disease, or death therefrom, or in the county in which the adverse party resides, or has a permanent place or business, or by agreement of the parties in a court of competent jurisdiction in any county in this state. Whenever such suit is brought, the rights and liability of the parties thereto shall be determined by the provisions of this law, and the suit of the injured employee or person suing on account of the death of such employee shall be against the Association, if the employer of such injured or deceased employee at the time of such injury or death was a subscriber as defined in this law. If the final order of the Board is against the Association, then the Association and not the employer shall bring suit to set aside said final ruling and decision of the Board, if it so desires, and the court shall in either event determine the issues in such cause, instead of the Board, upon trial de novo, and the burden of proof shall be upon the party claiming compensation. The Industrial Accident Board shall furnish any interested party in said claim pending in court, upon request, free of charge, with a certified copy of the notice of the employer becoming a subscriber, filed with the Board, and the same when properly certified to shall be admissible in evidence in any court in this state upon trial of such claim therein pending, and shall be prima facie proof of all facts stated in such notice in the trial of said cause unless same is denied under oath by the opposing party therein. In case of recovery, the same shall not exceed the maximum compensation allowed under the provisions of this law. If any party to such final ruling and decision of the Board, after having given notice as above provided, fails within said twenty (20) days to institute and prosecute a suit to set the same aside, then said final ruling and decision shall be binding upon all parties thereto; and, if the same is against the Association, it shall at once comply with such final ruling and decision; and failing to do so, the Board shall certify the fact to the Commissioner of Insurance, and such certificate shall be sufficient cause to justify said Commissioner to revoke or forfeit the license or permit of such Association to do business in Texas.

Notwithstanding any other provision of this law, as amended, no award of the Board, and no judgment of the court, having jurisdiction of a claim against the association for the cost or expense of items of medical aid, hospital services, nursing, chiropractic services, medicines or prosthetic appliances furnished to an employee under circumstances creating a liability therefor on the part of the association under the provisions of this law, shall include in such award or judgment any cost or expense of any such items not actually furnished to and received by the employee prior to the date of said award or judgment. The first such final award or judgment rendered on such claim shall be res judicata of the liability of the association for all such cost or expense which could have been claimed up to the date of said award or judgment and of the issue that the injury of said employee is subject to the provisions of this law with respect to such items, but shall not be res judicata of the obligation of the association to furnish or pay for any such items after the date of said award or judgment. After the first such final award or judgment, the Board shall have continuing jurisdiction in the same case to render successive awards to determine the liability of the association for the cost or expense of any such items actually furnished to and received by said employee not more than six (6) months prior to the date of each such successive award, until the association shall have fully discharged its obligation under this law to furnish all such medical aid, hospital services, nursing, chiropractic services, medicines or prosthetic appliances to which said employee may be entitled; provided, each such successive award of the Board shall be subject to a suit to set aside said award by a court of competent jurisdiction, in the same manner as provided in the case of other awards under this law.

Record of Injuries; Reports

Sec. 7. Every subscriber shall hereafter keep a record of all injuries, fatal or otherwise, sustained by his employees in the course of their employment. After the occurrence of an accident resulting in an injury to an employee, causing his absence from work for more than one (1) day, or after the employee notifies the employer of a definite manifestation of an occupational disease, a written report thereof shall be made within eight (8) days following said absence from work and notice thereof to the employer or notice of manifestation of an occupational disease to the Board on blanks to be procured from the Board for that purpose. Upon the termination of the incapacity of the injured employee, or if such incapacity extends beyond a period of sixty (60) days, the subscriber shall make a supplemental report upon blanks to be procured for that purpose. The said report shall contain the name and nature of

the business of the employer, the location of the establishment, the name, age, sex and occupation of the injured employee, and the character of work in which he was engaged at the time of the injury, and shall state the date and hour of receiving such injury or of the definite manifestation of the occupational disease, and the nature and cause of the injury, and such other information as the Board may require. Any employer wilfully failing or refusing to make any such report within the time herein provided, or wilfully failing or refusing to give said Board any information demanded by said Board relating to any injury to any employee, which information is in the possession of or can be ascertained by the employer by the use of reasonable diligence, shall be liable for and shall pay to the State of Texas a penalty of not more than One Thousand (\$1,000.00) Dollars for each and every offense, the same to be recovered in a suit to be instituted and prosecuted in Travis County by the Attorney General or by the district or county attorney, under his direction, in a District Court thereof.

Confidentiality of Records; Fraudulent Claims or Claimants

Sec. 9a. (a) Information in a worker's claim file is confidential and may not be disclosed except as provided in this section.

(b) If there is a workers' compensation claim for the named claimant open or pending before the Industrial Accident Board or on appeal to a court of competent jurisdiction from the Board or which is the subject matter of a subsequent suit where the carrier is subrogated to the rights of the named claimant at the time a record search or request for information is presented to the Board, the information shall be furnished as provided in this section. The first, middle, and last name of the claimant, age and social security number, and, if possible, dates of injury and the names of prior employers must be given in the request for information by the requesting party. The Board will furnish the requested information or a record check only to the following:

- (1) the claimant;
- (2) the attorney for the claimant;
- (3) the carrier;
- (4) the employer at the time of the current injury;
- (5) third-party litigants; or
- (6) the State Board of Insurance.

A third-party litigant in a suit arising out of an occurrence with respect to which a workers' compensation claim was filed is entitled to the information without regard to whether or not the compensation claim is still pending.

(c) All information of the Industrial Accident Board concerning any person who has been finally adjudicated to be a fraudulent claimant as provided in this section is not confidential and shall be furnished to any person requesting the information, notwithstanding any other provision of this law.

(d) The Board shall release to any employer with whom a person has made application for employment within the 14 days prior to the request the date of injury and nature of injury to that person if that person has had three or more general injury claims filed in the preceding five years in which weekly compensation payments have been made. The request for information shall give the name, address, and social security number of the person about whom information is sought. The Board shall release this information only if the employer has written authorization from the person about whom information is sought. The Board shall release the information by telephone, but the employer must file the written authorization with the Board within 10 days after the information is released. If the employer requests information about three or more persons at the same time, the Board may refuse to release the information except on written request from the employer and receipt of the written authorization from each person about whom the information is sought. An employer who receives the information but fails to file the authorization within the required period is guilty of a misdemeanor and on conviction shall be fined not more than \$1,000. Failure to file each authorization is a separate offense.

(e)(1) The attorney general shall promptly investigate any allegation of fraud on the part of an employer, employee, attorney, person or facility furnishing medical services authorized by Section 7 of Article 8306, Revised Civil Statutes of Texas, 1925, or insurance company or its representative relating to any claim. In order to carry out the requirements of this section, the attorney general is vested with complete power to investigate and prosecute any and all allegations of fraudulent claim practices which may be submitted to the Board or which may be uncovered through the attorney general's own efforts. The attorney general shall cooperate with professional grievance committees, law enforcement officials, the Industrial Accident Board, and other state agencies in the investigation and prosecution of fraudulent practices. It shall be the responsibility of the attorney general to prosecute those cases in which he finds the reasonable probability that acts of fraud exist before all hearings of the Board or on appeal from the determination of such hearings.

(2) In those cases in which a claimant makes a fifth claim for compensation within any five-year period, the Board shall automatically notify the attorney general who shall investigate to determine if the probability of fraud exists in connection with the current claim or any of the prior claims.

(3) If the attorney general finds that a reasonable probability of fraud exists, the attorney general shall request a hearing and the Board shall set the matter for hearing. On the setting of this matter, the Board shall promptly notify the person under investigation, as well as the other parties involved in the case, in writing of the allegation against him and of his rights to attend and offer evidence at the hearing. This notice must be mailed by certified mail to the last known address of the person, must state the time and place for the hearing, which shall be within 45 days after determination by the attorney general that the probability of fraudulent acts exists and must notify the person of his right to counsel and his right of access to the complete Board files relating to the claim or claims under investigation. This notice shall be forwarded to the person, return receipt requested, acknowledging receipt at least 30 days before the hearing. Any investigation initiated under this section shall be concluded within 60 days unless by a unanimous vote of the Board the time is extended, which in no event may be more than an additional 60 days.

(f) In addition to the powers granted under Section 4 of this article, as amended, the Board or any member thereof has the power to compel the attendance of witnesses, take evidence, and require the production of any records in conjunction with this hearing. The person under investigation has the same power to compel the attendance of witnesses and the production of records and documents.

(g) After this hearing, the Board shall reduce its findings to writing and provide the person under investigation, as well as the other parties involved in the case, with a copy. If the Board determines that the claimant has been fraudulent in any or all of his claims for compensation, the Board shall then classify that claimant as a fraudulent claimant, which designation is final unless appealed by the claimant as provided in this section. If the Board determines that any other person except an employer under investigation has been fraudulent in connection with a claim for compensation, the Board may exercise its authority under Section 4 of this article, as amended, or report its findings to the appropriate professional grievance committee, law enforcement officials, or other state agencies for prosecution, or both. An employer who has been adjudicated to be fraudulent shall be subject to the provisions of Chapter 115, Acts of the 62nd Legislature, Regular Session, 1971 (Article 8307c, Vernon's Texas Civil Statutes), as if he had discriminated against an employee for filing a claim. Actions taken by the Board in accordance with this procedure may be appealed by the aggrieved person by trial de novo to a district court of competent jurisdiction in the county of his residence, whose final judgment shall be determinative of his classification as a fraudulent claimant. Appeal shall be in accordance with Section 5 of this article, as amended.

(h) Pending an investigation and hearing or appeal of allegations of fraud under this section, the Board may not approve a compromise settlement agreement or make a final award in connection with the worker's claims then pending before the Board.

(i) If any worker shall be finally adjudicated to be a fraudulent claimant, the Board may terminate any compensation which the fraudulent claimant is currently drawing and require repayment to the association of any amounts so drawn.

(j) If any worker is finally adjudicated to be a fraudulent claimant, that fact shall automatically be furnished to any employer, any insurance carrier, or any attorney for the claimant as regards all claims then pending before the Board and as regards all future claims which that claimant may thereafter file with the Industrial Accident Board; otherwise, the Board shall process the claim as generally provided under the workers' compensation law.

(k) Nothing in the preceding sections shall diminish the power of the Industrial Accident Board on its own initiative to investigate or punish fraudulent acts.

(l) This section does not give authority to withhold information from committees of the legislature to use for legislative purposes.

(m) Any information pertaining to a worker's compensation file which is confidential by virtue of any of the terms of this Act shall retain such confidentiality when released to any investigative, legislative, or law enforcement agency including the attorney general, district attorneys, grand juries, or legislative committees. Any individual who shall publish, disclose, or distribute any such confidential information which is possessed by any investigative, legislative, or law enforcement agency to any other individual, corporation, or association not entitled to have received such information directly from the Industrial Accident Board under the provisions of this law commits an offense, and any person, corporation, or association who receives any such confidential information when such person was not entitled to have received the same from the Industrial Accident Board under the provisions of this law commits an offense. An offense under this subsection is a Class A misdemeanor. Any district court of Travis County shall have jurisdiction to enjoin possession and the use by any individual, corporation, or association of any information made confidential by this Act when such possession or use is not authorized by this Act. This subsection does not prohibit an employer from releasing information about a former employee to another employer with whom the employee has made application for employment, provided such information was lawfully acquired by the employer releasing the same.

(n) Nothing herein prohibits any person from receiving from the Industrial Accident Board all infor-

mation contained in any record or file of the Industrial Accident Board begun after September 1, 1971, in statistical form and in a manner so as not to disclose the name or identity of any person, except as provided in this section.

Hearings; Investigations; Appearance of Claimants; Pre-hearing Conferences and Officers; Rules and Regulations

Sec. 10. (a) Said Board or any member thereof may hold hearings or take testimony or make investigations at any point within this state, reporting the result thereof, if the same is made by one member, to the Board. The Board shall also employ and use the assistance of a sufficient number of pre-hearing officers for the purpose of adjusting and settling claims for compensation; provided, however, that pre-hearing officers shall not be empowered to take testimony.

Notwithstanding any provision of this Act, no claimant shall be required to appear before the Board or Board Member within a distance greater than one hundred (100) miles from the courthouse of the county of the claimant's residence or within a greater distance than one hundred (100) miles of the courthouse of the county where the injury occurred.

(b) The Board shall examine and review all controverted claims and shall schedule and hold pre-hearing conferences on such claims as the Board may designate. It shall have the power to direct the parties, their attorneys, or authorized agents of the parties to appear before the Board, any member thereof or a pre-hearing officer for pre-hearing conferences to attempt to adjust and settle the claim amicably and to take such other action other than taking of testimony that may aid in the disposition of the claim. Provided, however, that no matter occurring during, or fact developed in, a pre-hearing conference shall be deemed as admissions or evidence or impeachment against the association, employee or the subscriber in any other proceedings except before the Board.

Provided further that pre-hearing officers shall prepare a report to the Board Members on cases not settled at pre-hearing conference, stating the pre-hearing officer's recommendations for the award, and the basis therefor, with copies of said recommendations furnished to all interested parties and the association shall furnish a copy of the recommendation to the subscriber.

The Board shall provide a reasonable time to all interested parties in each case for filing a formal statement of respective positions, both factual and legal, as well as reply to pre-hearing officer's recommendations, all of which evidence shall be duly considered by the Board Members in making said final award. Unrepresented claimants are exempted from the provision requiring formal statement of respective positions.

The Association and counsel for claimant shall be required to admit, deny, or qualify each point in the pre-hearing officer's recommendations.

The Board shall promulgate procedural rules and regulations not inconsistent with this law to govern such pre-hearing conferences and provided further, such rules and regulations shall not affect nor change any substantive portion of this law.

Settlement of Suits to Set Aside Awards

Sec. 12a. On the application of either party to a suit to set aside the award of the board, the court may approve a settlement agreement presented at any time before the jury has returned in the trial of the suit. In approving the settlement agreement, the court may either conduct a hearing on the agreement or approve it without a hearing if the claimant submits a sworn affidavit acknowledging his agreement to settle the cause of action and evidencing his full understanding of all the provisions of the settlement agreement.

In authorizing these payments for emergency leave, the administrative head or heads of the agency or institution must review the merits of each case individually. If payment for emergency leave is authorized, the agency or institution shall attach a statement of the reasons for the authorization to its duplicate payroll voucher for the first payroll period affected by the leave.

(c) The director has authority under Section 5 of this article to provide rules for the administration of this section.

PART 5

Art. 8309-1. Crime Victims Compensation Act

Short Title

Sec. 1. This Act may be cited as the Crime Victims Compensation Act.

Declaration of Purpose

Sec. 2. The legislature recognizes that many innocent persons suffer personal injury or death as a result of criminal acts. Crime victims and persons who intervene in crimes on behalf of peace officers may suffer disabilities, incur financial burdens, or become dependent on public assistance. The legislature finds and determines that there is a need for indemnification of victims of crime and citizens who suffer personal injury or death in the prevention of crime or the apprehension of criminals.

Definitions

Sec. 3. In this Act:

(1) "Board" means the Industrial Accident Board.

(2) "Claimant" means a victim or an authorized person acting on behalf of any victim.

(3) "Collateral source" means a source of benefits or advantages for pecuniary loss awardable

other than under this Act which the victim has received, or which is readily available to him or her from:

(A) the offender under an order of restitution to the claimant imposed by a court as a condition of probation;

(B) the United States or a federal agency, a state or any of its political subdivisions, or an instrumentality of two or more states, unless the law providing for the benefits or advantages makes them in excess of or secondary to benefits under this Act;

(C) Social Security, Medicare and Medicaid;

(D) state-required temporary nonoccupational disability insurance;

(E) workers' compensation;

(F) wage continuation programs of any employer;

(G) proceeds of a contract of insurance payable to the victim for loss which he or she sustained because of the criminally injurious conduct; or

(4) "Criminally injurious conduct" means conduct that:

(A) occurs or is attempted in this state;

(B) poses a substantial threat of personal injury or death;

(C) is punishable by fine, imprisonment, or death, or would be so punishable but for the fact that the person engaging in the conduct lacked capacity to commit the crime under the laws of this state; and

(D) is not conduct arising out of the ownership, maintenance, or use of a motor vehicle, aircraft, or water vehicle except when intended to cause personal injury or death in violation of Section 38, Uniform Act Regulating Traffic on Highways, as amended (Article 6701d, Vernon's Texas Civil Statutes), or Article 6701/-1 or 6701 1-2, Revised Civil Statutes of Texas, 1925, as amended.

(C) a posthumous child of the deceased intervenor or victim.

(6) "Financial stress" means financial hardship experienced by a claimant as a result of pecuniary loss from criminally injurious conduct giving rise

to a claim under this Act. A claimant suffers financial stress only if he or she cannot maintain his or her customary level of health, safety, and education for himself or herself and his or her dependents without undue financial hardship. In making its finding, the board shall consider all relevant factors, including:

- (A) the number of the claimant's dependents;
 - (B) the usual living expenses of the claimant and his or her family;

 - (iii) care of minor children enabling a victim or his or her spouse, but not both of them, to continue gainful employment at a rate not to exceed \$30 per child per week up to a maximum of \$75 per week for any number of children; and
 - (B) as a consequence of death for:
 - (i) funeral and burial expenses;
 - (ii) loss of support to a dependent or dependents not otherwise compensated for as a pecuniary loss for personal injury, for as long as the dependence would have existed had the victim survived, at a rate of not more than a total of \$150 per week for all dependents; and
 - (iii) care of minor children enabling the surviving spouse of a victim to engage in lawful employment, where that expense is not otherwise compensated for as a pecuniary loss for personal injury, at a rate not to exceed \$30 per week per child, up to a maximum of \$75 per week for any number of children.
 - (C) pecuniary loss does not include loss attributable to pain and suffering.
- (8) "Intervenor" means a person who goes to the aid of another and is killed or injured in the good faith effort to prevent criminally injurious conduct, to apprehend a person reasonably suspected of having engaged in such conduct, or to aid a police officer. - (A) a person who is a Texas resident at the time of the crime and who suffers personal injury or death as a result of criminally injurious conduct;
- (B) an intervenor;
- (C) a dependent of a deceased victim; and

No act involving the operation of a motor vehicle, aircraft, or water vehicle that results in injury or death constitutes a crime of violence for the purposes of this Act, except that a crime of violence includes injury or death intentionally inflicted through the use of a motor vehicle, aircraft, or water vehicle, or injury or death sustained in an accident caused by a driver in violation of Section 38, Uniform Act Regulating Traffic on Highways, as amended (Article 6701d, Vernon's Texas Civil Statutes), or Article 6701f-1 or 6701f-2, Revised Civil Statutes of Texas, 1925, as amended.

Application

Sec. 4. (a) An applicant shall apply in writing in a form that conforms substantially to that prescribed by the board.

(b) No claimant may file an application unless the victim reports the crime to the appropriate state or local public safety or law enforcement agency within 72 hours after the crime is committed or within a longer period that is justified by extraordinary circumstances as determined by the board.

(c) A claimant may file an application within 180 days after the date of the crime, except that the board may extend the time for filing for good cause shown by the claimant.

(d) The application shall be verified and shall contain the following:

- (1) a description of the date, nature, and circumstances of the criminally injurious conduct;
- (2) a complete financial statement, including the cost of medical care or burial expenses and the loss of wages or support the claimant has incurred or will incur and the extent to which the claimant has been indemnified for these expenses from any collateral source;
- (3) when appropriate, a statement indicating the extent of any disability resulting from the injury incurred;

(4) an authorization permitting the attorney general to verify the contents of the application; and

(5) other information as the board may require.

Review, Verification, Hearing

Sec. 5. (a) The board shall appoint a clerk to review all applications for assistance made by claimants under Section 4 of this Act in order to ensure that they are complete. If an application is not complete, the clerk shall return it to the claimant with a brief statement of the additional information required. Within 30 days after receiving the returned application, the claimant may either supply the additional information or appeal the action to the board, which shall review the application to determine whether or not it is complete.

(b) Immediately on receipt of the application, the board shall send a copy of the application and all pertinent documents to the attorney general. The attorney general may investigate the application, appear in hearings on the application, and present evidence supporting or opposing approval of the application.

(c) The board shall appoint one of its members to determine whether a hearing is necessary. If the member determines that a hearing is not necessary, he or she may approve the application in accordance with the provisions of Section 6 of this Act. If the member determines that a hearing is necessary or if the attorney general or the claimant requests a hearing, the board shall then consider the application at a hearing at a time and place of its choosing. The board shall notify all interested persons, including the attorney general, not less than 10 days prior to the date of the hearing.

(d) At the hearing the board shall:

(1) review the application for assistance and the report prepared by the attorney general and any other evidence obtained as a result of his or her investigation; and

(2) receive other evidence that the board finds necessary or desirable to evaluate the application properly.

(e) Incident to its review, verification, and hearing duties under this Act, the board shall have the following powers:

(1) to request from prosecuting attorneys and law enforcement officers investigations and data to enable the board to determine whether and the extent to which a claimant qualifies for an award;

(2) the powers given to the board under Section 4, Article 8307, Revised Civil Statutes of Texas, 1925, as amended (Article 8307, Vernon's Texas Civil Statutes), except as modified by this Act; and

(3) if the mental, physical, or emotional condition of a victim is material to a claim, to order the victim to submit to a mental or physical examination by a physician or psychologist and to order an autopsy of a deceased victim. The order may be made for good cause shown upon notice to the person to be examined and to all persons who have appeared. The order shall specify the time, place, manner, conditions, and scope of the examination or autopsy and the person by whom it is to be made and shall require that person to file with the board a detailed written report of the examination or autopsy. The report shall set out his or her findings, including results of all tests made, diagnoses, prognoses, and other conclusions and reports of earlier examinations of the same conditions. The physician or psychologist shall be compensated from funds appropriated for the administration of this Act.

(f) On request of the person examined, the board shall furnish him or her a copy of the report. If the victim is deceased, the board on request shall furnish the claimant a copy of the report.

Approval or Rejection of Claim

Sec. 6. (a) The board shall award compensation for pecuniary loss arising from criminally injurious conduct if satisfied by a preponderance of the evidence that the requirements set forth in this Act have been met.

(b) The board shall establish that as a direct result of criminally injurious conduct the victim suffered physical injury or death that resulted in a pecuniary loss which the victim is unable to recoup without suffering financial stress and for which he or she is not compensated from any collateral source.

(c) The board shall deny the application if:

(1) the criminally injurious conduct is not reported or the application is not made in the manner specified in Section 4 of this Act;

(2) the victim or person whose injury or death gives rise to the application knowingly and willingly participated in the criminally injurious conduct;

(3) the claimant will not suffer financial stress as a result of the pecuniary loss arising out of criminally injurious conduct; or

(4) the victim resided in the same household as the offender or his or her accomplice.

(d) The board may deny or reduce an award otherwise payable:

(1) if the victim has not substantially cooperated with appropriate law enforcement agencies;

(2) if the behavior of the victim at the time of the act or omission giving rise to the claim was such that he or she bears a share of the responsibility for the act or omission; or

(3) to the extent that pecuniary loss is recouped from other persons, including collateral sources.

Types of Assistance; Awards

Sec. 7. (a) If an application for compensation is approved under Section 6 of this Act, the board shall determine what type of state assistance will best aid the claimant. The board may take any or all of the following actions:

(1) authorize cash payment or payments to or on behalf of the claimant for pecuniary loss as defined in Subdivision (7), Section 3 of this Act;

(2) refer the claimant to a state agency for vocational or other rehabilitative services; and

(3) provide counseling services for victims or contract with private entities to provide these services.

(b) Awards payable to a victim and all other claimants sustaining pecuniary loss because of injury or death of that victim may not exceed \$50,000 in the aggregate.

(c) The board may provide for the payment of an award in a lump sum or in installments. The part of an award equal to the amount of pecuniary loss accrued to the date of the award shall be paid in a lump sum. An award for allowable expense that would accrue after the award is made may not be paid in a lump sum. Except as provided in Subsection (d) of this section, the part of an award that may not be paid in a lump sum shall be paid in installments.

(d) At the instance of the claimant, the board may compute future pecuniary loss to a lump sum but only upon a finding by the board that:

(1) the award in a lump sum will promote the interests of the claimant; or

(2) the present value of all future pecuniary loss does not exceed \$1,000.

(e) An award for future pecuniary loss payable in installments may be made only for a period as to which the board can reasonably determine future pecuniary loss.

(f) An award is not subject to execution, attachment, garnishment, or other process, except that an award is not exempt from a claim of a creditor to the extent that he or she provided products, services, or accommodations, the costs of which are included in the award.

(g) An assignment or agreement to assign a right to reparations for loss accruing in the future is unenforceable except:

(1) an assignment of a right to reparations for work loss to secure payment of alimony, maintenance, or child support; or

(2) an assignment of a right to reparations to the extent that the benefits are for the cost of

products, services, or accommodations necessitated by the injury or death on which the claim is based and are provided or to be provided by the assignee.

Emergency Award

Sec. 8. If prior to taking action on an application it appears likely that a final award will be made and that the claimant will suffer undue hardship if immediate economic relief is not had, the board or board member may make an emergency award in an amount not to exceed \$1,500. The amount paid shall be deducted from the final award or repaid by and recoverable from the claimant to the extent that it exceeds the final award.

Reconsideration; Judicial Review

Sec. 9. (a) The board on its own motion or on request of the claimant may reconsider a decision making or denying an award or determining its amount. The board shall reconsider at least annually every award being paid in installments. An order on reconsideration of an award shall not require refund of amounts previously paid unless the award was obtained by fraud.

(b) The right of reconsideration does not affect the finality of a board decision for the purpose of judicial review.

(c) Within 20 days after the rendition of a final ruling and decision by the board, the claimant or the attorney general may file with the board notice of dissatisfaction with the final ruling and decision. The dissatisfied party shall within 20 days after giving the notice bring suit in the district court having jurisdiction in the county where the injury or death occurred or the county where the victim resided at the time the death or injury occurred, and the board shall provide for the suspension of payments to a claimant and may not reconsider an award during the pendency of an appeal of the ruling and decision on that claim. The court shall determine the issues in the cause by trial de novo, and the burden of proof is on the claimant. In computing the 20 days for filing a notice of dissatisfaction or the 20 days to bring suit, if the last day is a legal holiday or Sunday, the last day shall not be counted, and the time shall be extended to include the next business day.

Rules and Regulations; Notice of Provisions of Act

Sec. 10. (a) The board shall promulgate and adopt rules consistent with this Act governing its administration, including rules relating to the method of filing claims and the proof of entitlement to compensation. Sections 1 through 12 of the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes), except Subdivision (3) of Subsection (a) and Subsection (b) of Section 4, apply to the board.

Sections 13 through 20 of that Act do not apply to the board or its orders and decisions.

(b) The board may appoint hearing officers to conduct hearings or prehearing conferences under this Act when hearings or prehearing conferences are necessary to determine eligibility for compensation.

(c) When hearings or prehearing conferences are conducted, they shall be open to the public unless in a particular case the hearing officer or board determines that the hearing or prehearing conference or a part of it should be held in private because a criminal suspect has not been apprehended or because it is in the interest of the claimant.

(d) The board may suspend the proceedings pending disposition of a criminal prosecution that has been commenced or is imminent, but may make an emergency award under Section 8 of this Act.

(e) Every hospital licensed under the laws of this state shall display prominently in its emergency room posters giving notification of the existence and general provisions of this Act. The board shall set standards for the location of the display and shall provide posters, application forms, and general information regarding this Act to each hospital and physician licensed to practice in the State of Texas.

(f) Every local law enforcement agency shall inform victims of criminally injurious conduct of the provisions of this Act and provide application forms to victims who desire to seek assistance. The board shall provide application forms and all other documents that local law enforcement agencies may require to comply with this section. The attorney general shall set standards to be followed by local law enforcement agencies for this purpose and may require them to file with him or her a description of the procedures adopted by each agency to comply.

Subrogation; Notice of Private Action

Sec. 11. (a) If compensation is awarded, the state is subrogated to all the claimant's rights to receive or recover benefits for pecuniary loss to the extent compensation is awarded from a source which is or if readily available to the claimant would be a collateral source.

(b) Before a claimant may bring an action to recover damages related to criminally injurious conduct for which compensation is claimed or awarded, the claimant must give the board prior written notice of the proposed action. After receiving the notice, the board shall promptly:

(1) join in the action as a party plaintiff to recover reparations awarded;

(2) require the claimant to bring the action in his or her individual name as a trustee in behalf of the state to recover reparations awarded; or

(3) reserve its rights and do neither in the proposed action.

(c) If, as requested by the board under Subsection (b) of this section, the claimant brings the action as trustee and recovers compensation awarded by the board, he or she may deduct from the reparations recovered in behalf of the state the reasonable expenses of the suit, including attorney's fees, expended in pursuing the recovery for the state. The claimant shall justify this deduction in writing to the board on a form provided by the board.

Attorney's Fees

Sec. 12. As part of an order, the board shall determine and award reasonable attorney's fees, commensurate with services rendered, to be paid by the state to the attorney representing the claimant. Additional attorney's fees may be awarded by a court in the event of review. Attorney's fees may be denied on a finding that the claim or appeal is frivolous. Awards of attorney's fees shall be in addition to awards of compensation. It is unlawful for an attorney to contract for or receive any larger sum than the amount allowed. Attorney's fees may not be paid to an attorney of a claimant unless an award is made to the claimant.

Annual Report

Sec. 13. The board shall prepare and transmit annually to the governor and the legislature a report of its activities, including a statistical summary of claims and awards made and denied. The report shall be based on the state fiscal year and shall be filed not more than 30 days after the end of each fiscal year.

Fund

Sec. 14. (a) The Compensation to Victims of Crime Fund is created in the State Treasury to be used by the board for the payment of compensation to claimants under this Act and other expenses in administering this Act. The board shall make no payments which exceed the amount of money in the fund. No general revenues may be used for payments under this Act.

(b) A person shall pay \$15 as a court cost, in addition to other court costs, on conviction of any felony and shall pay \$10 as a court cost, in addition to other court costs, on conviction of a misdemeanor punishable by imprisonment or by a fine of more than \$200.

(c) Court costs under this section are collected in the same manner as other fines or costs.

(d) The officer collecting the costs in a municipal court case shall keep separate records of the funds collected as costs under this section and shall deposit the funds in the municipal treasury. The officer collecting the costs in a justice, county, or district

court case shall keep separate records of the funds collected as costs under this section and shall deposit the funds in the county treasury.

(e) The custodian of a municipal or county treasury shall keep records of the amount of funds on deposit collected under this section and shall remit to the comptroller of public accounts before the 10th day of each month the funds collected under this section during the preceding month. The city and the county may retain five percent of the funds collected under this section as a collection fee.

(f) The comptroller of public accounts shall deposit the funds received by him or her under this section in the Compensation to Victims of Crime Fund.

(g) If application is made and an award granted for which no funds or insufficient funds are available, the board shall establish a waiting list of qualified claimants, with payment to be made when funds become available.

Effective Date

Each owner, operator or manager of a barber shop that is first opened for business hereafter shall within three days after the opening of such shop submit an application to the barber board for a barber shop permit.

(b) In order that the public may fix responsibility for services, acts, or treatments performed by persons licensed by the State Board of Barber Examiners vis-a-vis those performed by persons licensed by the Texas Cosmetology Commission, to promote the efficient and orderly administration of laws regulating barbers and the practice of barbering and the laws regulating cosmetologists and the practice of cosmetology and to avoid confusion of the public as well as avoiding conflicts of jurisdiction between such board and commission which might impede effective administration or enforcement of the laws under their respective jurisdictions, from and after January 31, 1980:

(1) a person licensed by the barber board may practice barbering only at a location for which the board has issued a barber shop permit, barber school or college permit, or any other permit. (c) If the State Board of Barber Examiners and the Texas Cosmetology Commission license the same facility, the agencies may not adopt rules requiring:

(1) that the work areas of barbers and cosmetologists practicing in the facility be separated;

(2) that the waiting areas for customers of the barbers and cosmetologists practicing in the facility be separated;

(3) that the facility have separate restrooms for the barbers or cosmetologists practicing in the facility or for the customers of the barbers and cosmetologists; or

(d) There shall at all times be prominently displayed in each shop and salon regulated under this Act, a sign in letters no smaller than one inch in height, the contents of which shall contain the name, mailing address, and telephone number of the regulatory board having jurisdiction over those individuals licensed under this Act and which shall contain a statement informing consumers that complaints against licensees can be directed to the regulatory board.

When such an appeal is filed and the court thereby acquires jurisdiction, all administrative or executive action taken prior thereto shall be null and void and of no force and effect, and the rights of the parties thereto shall be determined by the court upon a trial of the matters in controversy under rules governing the trial of other civil suits in the same manner and to the same extent as though the matter had been committed to the courts in the first instance and there had been no intervening administrative or executive action or decision. Under no circumstances shall the substantial evidence rule as interpreted and applied by the courts of Texas in other cases ever be used or applied to appeals prosecuted under the provisions of this Act.

(c) Before September 1 of each year, the board shall make a written report to the governor accounting for all receipts and disbursements under this Act.

(d) The state auditor shall audit the financial transactions of the board during each fiscal year.

Rules

Sec. 7. (a) The board shall adopt only those rules consistent with this Act to govern the conduct of its business and proceedings and shall adopt standards governing revocation of certificates of registration and connections to public or private water supplies by a licensed irrigator or a licensed installer.

(b) The board does not have authority to amend or enlarge by rule on any provision of this Act, to change the meaning of this Act by rule in any manner, to adopt a rule that is contrary to the underlying and fundamental purposes of this Act, or to make a rule that is unreasonable, arbitrary, capricious, illegal, or unnecessary.

(c) The board shall adopt no rules which would preclude advertising or competitive bidding.

(d) If the appropriate standing committee of either house of the legislature acting under Subsection (g), Section 5, Administrative Procedure and Texas Register Act, as added (Article 6252-13a, Vernon's Texas Civil Statutes), transmits to the board statements opposing adoption of a rule under that section, the rule may not take effect, or if the rule has already taken effect, the rule is repealed effective on the date the board receives the committee's statements.

Registration Requirement

Sec. 8. (a) No person may act as a licensed irrigator or licensed installer unless he or she has a valid certificate of registration under this Act.

(b) The board shall issue certificates of registration to persons of good moral character who have shown themselves fit, competent, and qualified to act as licensed irrigators or licensed installers by passing a uniform, reasonable examination which will include the principles of cross connections and safety devices to prevent contamination of potable water supplies.

(c) The board shall provide in its rules for the preparation, administration, and grading of examinations to acquire certificates of registration under this Act. The fee for taking the examination is \$50 for the irrigator certificate of registration and \$35 for the installer certificate of registration.

(d) A person holding a certificate of registration under this Act shall not be required to comply with any other licensing requirements of other state agencies to perform connections to private or public raw or potable water supply systems.

(e) Not later than the 30th day after the day on which a person completes an examination administered by the board, the board shall send to the person his or her examination results. If requested in writing by a person who fails the examination, the board shall send to the person not later than the 30th day after the day on which the request is received by the board an analysis of the person's performance on the examination.

Reciprocity

Sec. 9. (a) The board may certify for registration without examination an applicant who is registered as a licensed irrigator or licensed installer in another state or country that has requirements for registration that are at least substantially equivalent to the requirements of this state and that extends the same privilege of reciprocity to licensed irrigators or licensed installers registered in this state.

(b) The application for registration under this section shall be accompanied by a fee of not to exceed \$50 for a licensed irrigator or \$35 for a licensed installer as determined by the board.

Renewal

Sec. 10. (a) Certificates of registration expire on August 31 of each year.

(b) The board or the executive secretary shall notify every person registered under this Act of the date of expiration of his or her certificate and the amount of the fee that is required for renewal for one year. The notice shall be mailed at least two months in advance of the date of expiration of the certificate.

(c) A person may renew his or her certificate at any time during the months of July and August of each year by payment of the fee adopted by the board in an amount of not more than \$100 for a licensed irrigator or \$50 for a licensed installer.

(d) Failure of a registrant to renew his or her certificate by August 31 does not deprive the registrant of the right to renewal, but the fee paid for renewal of a certificate after the August 31 expiration date shall be increased 10 percent for each month or part of a month that renewal payment is delayed. If the registrant fails to renew within 90 days after the date of expiration of the registration certificate, the registrant must reapply for registration and must qualify under Section 8 of this Act to act as a licensed irrigator or licensed installer.

(e) Renewal certificates carry the same registration number as the original certificates.

(f) By rule, the board may adopt a system under which certificates of registration may expire on various dates during the year. Renewals may be made at any time during the two-month period before the designated expiration date, and renewal fees paid

after the expiration date shall be increased 10 percent for each month or part of a month that renewal payment is delayed. If a registrant fails to renew within 90 days after the expiration date of the registration, the registrant must reapply for registration and must qualify under Section 8 of this Act to act as a licensed irrigator or a licensed installer. For the year in which the expiration date is changed, registration fees payable on August 31 shall be prorated on a monthly basis so that each registrant will pay only that portion of the registration fee that is allocable to the number of months during which the registration is valid, and on renewal of the registration on the new expiration date, the total of the registration fee is payable.

Revocation

Sec. 11. (a) The commission may revoke a certificate of registration of any registrant whom it finds guilty of:

- (1) violations of this Act or rules adopted under this Act;
- (2) fraud or deceit in obtaining a certificate of registration; or
- (3) gross negligence, incompetency, or misconduct while acting as a licensed irrigator or licensed installer.

(b) The commission shall hear complaints under Subsection (a) of this section subject to standards adopted by the board in its rules.

(c) Any person may file a complaint with the board. The complaint shall be in writing, shall be notarized, and shall set forth the facts alleged. Three copies of the written allegations shall be filed with the executive director. One copy shall be sent by certified mail to the alleged violator.

(d) On receipt of written allegations, the board, if it considers the information sufficient to support further action, shall issue an order referring the complaint to the commission for setting a hearing.

(e) If the executive director determines through investigation that evidence exists of a violation, he may refer such evidence to the board or may proceed directly to the commission to request setting of a hearing.

(f) The commission may compel the attendance of a witness before it as in civil cases in the district court by issuance of a subpoena.

Penalty; Injunction

Sec. 12. (a) A person who represents himself or herself as a licensed irrigator or licensed installer in this state without being registered or exempted under this Act, who presents or attempts to use as his or her own the certificate of registration or the seal of another person who is a licensed irrigator or licensed installer, who gives false or forged evidence

of any kind to the board or to any member of the board in obtaining or assisting in obtaining for another a certificate of registration, or who violates a provision of this Act or a rule adopted under this Act shall be guilty of a Class C misdemeanor. Each day a violation of this subsection occurs constitutes a separate offense.

(b) The board or the executive director may request the attorney general to seek injunctive relief to prevent any of the acts of violation listed in Subsection (a) of this section.

Enforcement of Act

Sec. 13. The executive director with the assistance of the attorney general shall enforce this Act and the rules adopted by the board.

Local Rules and Regulations

Sec. 14. The regulatory authority of any city, town, county, special purpose district, or other political subdivision of the state may require licensed irrigators or licensed installers to comply with any reasonable inspection requirements or ordinances and regulations designed to protect the public water supply and pay any reasonable fees imposed by that local entity relating to work performed by licensed irrigators within its jurisdiction.

Certification of Certain Persons

Sec. 15. A person who holds a license as a landscape irrigator under Chapter 457, Acts of the 61st Legislature, Regular Session, 1969, as amended (Article 249c, Vernon's Texas Civil Statutes), on the effective date of this Act is entitled to be certified as a licensed irrigator without meeting the requirements of Section 8 of this Act; however, persons seeking to become licensed installers must comply with Section 8 of this Act.

Sunset Provision

Sec. 16. The board is subject to the Texas Sunset Act,¹ and unless continued in existence as provided by that Act, the board is abolished and this Act expires effective September 1, 1991.
