## PREFACE

---

This 1981 Supplement to West's Texas Statutes and Codes, Compact Edition, includes the text of all the general and permanent laws of the State of Texas enacted at the Regular Session of the 64th Legislature (1975), the Regular and First Called Sessions of the 65th Legislature (1977), the Second Called Session of the 65th Legislature (1978), the Regular Session of the 66th Legislature (1979), the Regular and First Called Sessions of the 67th Legislature (1981) and the text of changes in the Texas Constitution as adopted by the people at the Elections held on April 22, 1975, November 8, 1977, November 7, 1978, November 6, 1979, November 4, 1980, and November 3, 1981.

The laws in West's Texas Statutes and Codes are under the same classification as Vernon's Annotated Texas Statutes and Vernon's Texas Codes Annotated. OF THE  
STATE OF TEXAS 1876**

**PROPOSED AMENDMENTS**

**ARTICLE III**

**LEGISLATIVE DEPARTMENT**

**REQUIREMENTS AND LIMITATIONS**

**§ 51-a. Assistance Grants and Medical Care for  
Needy Aged, Disabled and Blind Persons, and  
Needy Dependent Children; Federal Funds;  
Supplemental Appropriations**

Sec. 51-a. The Legislature shall have the power, by General Laws, to provide, subject to limitations herein contained, and such other limitations, restrictions and regulations as may by the Legislature be deemed expedient, for assistance grants to and/or medical care for, and for rehabilitation and any other services included in the federal laws as they now read or as they may hereafter be amended, providing matching funds to help such families and individuals attain or retain capability for independence or self-care, and for the payment of assistance grants to and/or medical care for, and for rehabilitation and other services to or on behalf of:

Needy dependent children and the caretakers of such children.

The Legislature may prescribe such other eligibility requirements for participation in these programs as it deems appropriate and may make appropriations out of state funds for such purposes. The maximum amount paid out of state funds to or on behalf of any needy person shall not exceed the amount of Eighty Million Dollars (\$80,000,000) during any fiscal year, except that the limit shall be One Hundred Sixty Million Dollars (\$160,000,000) for the two years of the 1982-1983 biennium. For the two years of each subsequent biennium, the maximum amount shall not exceed one percent of the state budget. The Legislature by general statute shall provide for the means for determining the state budget amounts, including state and other funds appropriated by the Legislature, to be used in establishing the biennial limit.

Provided further, that if the limitations and restrictions herein contained are found to be in conflict with the provisions of appropriate federal statutes, as they now are or as they may be amended to the extent that federal matching money is not available

to the state for these purposes, then and in that event the Legislature is specifically authorized and empowered to prescribe such limitations and restrictions and enact such laws as may be necessary in order that such federal matching money will be available for assistance and/or medical care for or on behalf of needy persons.

Nothing in this Section shall be construed to amend, modify or repeal Section 31 of Article XVI of this Constitution; provided further, however, that such medical care, services or assistance shall also include the employment of objective or subjective means, without the use of drugs, for the purpose of ascertaining and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision. Nothing herein shall be construed to permit optometrists to treat the eyes for any defect whatsoever in any manner nor to administer nor to prescribe any drug or physical treatment whatsoever, unless such optometrist is a regularly licensed physician or surgeon under the laws of this state.

Proposed by House Joint Resolution No. 62, Acts 1981, 67th Leg., p. 4220.  
For submission to the people in November, 1982.

**ARTICLE XVI**

**GENERAL PROVISIONS**

**§ 30. Duration of Offices; Railroad Commission**

Sec. 30. (a) The duration of all offices not fixed by this Constitution shall never exceed two years.

(b) When a Railroad Commission is created by law it shall be composed of three Commissioners who shall be elected by the people at a general election for State officers, and their terms of office shall be six years. Railroad Commissioners first elected after this amendment goes into effect shall hold office as follows: One shall serve two years, and one four years, and one six years; their terms to be decided by lot immediately after they shall have qualified. And one Railroad Commissioner shall be elected every two years thereafter. In case of vacancy in said office the Governor of the State shall fill said vacancy by appointment until the next general election.

(c) The Legislature may provide that members of the governing board of a district or authority created by authority of Article III, Section 52(b)(1) or (2), or Article XVI, Section 59, of this Constitution serve terms not to exceed four years.

Proposed by House Joint Resolution No. 77, Acts 1981, 67th Leg., p. 4222. For submission to the people in November 1982.

**§ 44. County Treasurer and County Surveyor**

Sec. 44. (a) Except as provided by Subsection (b) of this section, the Legislature shall prescribe the duties and provide for the election by the qualified voters of each county in this State, of a County Treasurer and a County Surveyor, who shall have an office at the county seat, and hold their office for four years, and until their successors are qualified; and shall have such compensation as may be provided by law.

(b) The office of County Treasurer in the counties of Tarrant and Bee is abolished and all the powers, duties, and functions of the office in each of these counties are transferred to the County Auditor or to the officer who succeeds to the auditor's functions.

(c) Provided however, that the office of County Treasurer shall be abolished in the above counties only after a local election has been held in each county and the proposition "to abolish the elective office of county treasurer" has passed by a majority of those persons voting in said election.

Proposed by House Joint Resolution No. 119, § 1, Acts 1981, 67th Leg., p. 4225. For submission to the people in November, 1982.

Section 2 of Acts 1981, 67th Leg., H.J.R. No. 119, proposes the addition of a temporary provision to the Constitution to read:

"The constitutional amendment proposed by the 67th Legislature, Regular Session, abolishing the office of county treasurer in Tarrant and Bee counties takes effect on January 1, 1983. This provision expires when executed."

**§§ 48-a, 48-b. Repealed. April 22, 1975**

See, now, art. 16, § 67.

**§ 49-b. Veterans' Land Program**

Sec. 49-b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties which has been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Office and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finances. One (1) such citizen member shall, with the advice and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased or resigning member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature.

The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present.

The Veterans' Land Board may provide for, issue and sell not to exceed Nine Hundred and Fifty Million Dollars (\$950,000,000) in bonds or obligations

of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund, Seven Hundred Million Dollars (\$700,000,000) of which have heretofore been authorized. Such bonds or obligations shall be sold for not less than par value and accrued interest; shall be issued in such forms, denominations, and upon such terms as are now or may hereafter be provided by law; shall be issued and sold at such times, at such places, and in such installments as may be determined by said Board; and shall bear a rate or rates of interest as may be fixed by said Board but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds may not exceed the rate specified in Section 65 of this Article. All bonds or obligations issued and sold hereunder shall, after execution by the Board, approval by the Attorney General of Texas, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchaser or purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas; and all bonds heretofore issued and sold by said Board are hereby in all respects validated and declared to be general obligations of the State of Texas. In order to prevent default in the payment of principal or interest on any such bonds, the Legislature shall appropriate a sufficient amount to pay the same.

In the sale of any such bonds or obligations, a preferential right of purchase shall be given to the administrators of the various Teacher Retirement Funds, the Permanent University Funds, and the Permanent School Funds.

Said Veterans' Land Fund shall consist of any lands heretofore or hereafter purchased by said Board, until the sale price therefor, together with any interest and penalties due, have been received by said Board (although nothing herein shall be construed to prevent said Board from accepting full payment for a portion of any tract), and of the moneys attributable to any bonds heretofore or hereafter issued and sold by said Board which moneys so attributable shall include but shall not be limited to the proceeds from the issuance and sale of such bonds; the moneys received from the sale or resale of any lands, or rights therein, purchased with such proceeds; the moneys received from the sale or resale of any lands, or rights therein, purchased with other moneys attributable to such bonds; the interest and penalties received from the sale or resale of such lands, or rights therein; the bonuses, income, rents, royalties, and any other pecuniary benefit received by said Board from any such lands; sums received by way of indemnity or forfeiture for the failure of any bidder for the purchase of any such bonds to comply with his bid and accept and pay for such bonds or for the failure of any bidder for the purchase of any lands comprising a part of said Fund to comply with his bid and accept and pay for any such lands; and interest received from investments of any such moneys. The principal and interest on the bonds heretofore and hereafter issued by

said Board shall be paid out of the moneys of said Fund in conformance with the Constitutional provisions authorizing such bonds; but the moneys of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes.

All moneys comprising a part of said Fund and not expended for the purposes herein provided shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of said Fund thereafter shall likewise be deposited to the credit of the General Revenue Fund.

When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased therewith) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and the interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party.

The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for a governmental purpose, although the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund.

The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, at such prices, at such rates of interest and under such rules and regulations as are now or may hereafter be provided by law to veterans who served not

less than ninety (90) continuous days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States after September 16, 1940, and who, upon the date of filing his or her application to purchase any such land is a citizen of the United States, is a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces above-named and who at the time of his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas, or who has resided in Texas at least five (5) years prior to the date of filing his or her application, and provided that in the event of the death of an eligible Texas Veteran after the veteran has filed with the Board an application and contract of sale to purchase through the Board the tract selected by him or her and before the purchase has been completed, then the surviving spouse may complete the transaction. The unmarried surviving spouses of veterans who died in the line of duty may also apply to purchase a tract through the Board provided the deceased veterans meet the requirements set out in this Article with the exception that the deceased veterans need not have served ninety (90) continuous days and provided further that the deceased veterans were bona fide residents of the State of Texas at the time of enlistment, induction, commissioning, or drafting. The foregoing notwithstanding, any lands in the Veterans' Land Fund which have been first offered for sale to veterans and which have not been sold may be sold or resold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now or may hereafter be provided by law.

Said Veterans' Land Fund, to the extent of the moneys attributable to any bonds hereafter issued and sold by said Board may be used by said Board, as is now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale, or resale, of any lands purchased with any of the moneys attributable to such additional bonds, such expenses to be added to the price of such lands when sold, or resold, by said Board; for the purpose of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the expenses of paying the interest or principal due or to become due on any such additional bonds.

All of the moneys attributable to any series of bonds hereafter issued and sold by said Board (a "series of bonds" being all of the bonds issued and sold in a single transaction as a single installment of bonds) may be used for the purchase of lands as herein provided, to be sold as herein provided, for a period ending eight (8) years after the date of sale of such series of bonds; provided, however, that so much of such moneys as may be necessary to pay interest on bonds hereafter issued and sold shall be set aside for that purpose in accordance with the

resolution adopted by said Board authorizing the issuance and sale of such series of bonds. After such eight (8) year period, all of such moneys shall be set aside for the retirement of any bonds hereafter issued and sold and to pay interest thereon, together with any expenses as provided herein, in accordance with the resolution or resolutions authorizing the issuance and sale of such additional bonds, until there are sufficient moneys to retire all of the bonds hereafter issued and sold, at which time all such moneys then remaining a part of said Veterans' Land Fund and thereafter becoming a part of said Fund shall be governed as elsewhere provided herein.

This Amendment being intended only to establish a basic framework and not to be a comprehensive treatment of the Veterans' Land Program, there is hereby reposed in the Legislature full power to implement and effectuate the design and objects of this Amendment, including the power to delegate such duties, responsibilities, functions, and authority to the Veterans' Land Board as it believes necessary.

Should the Legislature enact any enabling laws in anticipation of this Amendment, no such law shall be void by reason of its anticipatory nature.

The bonds shall be called "Farm and Ranch Loan Security Bonds" and shall be executed in such form, denominations, and on such terms as may be prescribed by law. The bonds shall bear interest rates fixed by the Legislature of the State of Texas.

(b) All money received from the sale of Farm and Ranch Loan Security Bonds shall be deposited in a fund hereby created with the State Treasurer to be known as the "Farm and Ranch Loan Security Fund." This fund shall be administered without further appropriation by the commissioner of agriculture in the manner prescribed by law.

(c) The Farm and Ranch Loan Security Fund shall be used by the commissioner of agriculture under provisions prescribed by the legislature for the purpose of guaranteeing loans used for the purchase of farm and ranch real estate, for acquiring real estate mortgages or deeds of trust on lands purchased with guaranteed loans, and to advance to the borrower a percentage of the principal and interest due on those loans; provided that the commissioner shall require at least six percent interest be paid by the borrower on any advance of principal and interest. The initial term of the commissioner of class (v) and the fourth commissioner of class (iiii) added by this amendment terminates on November 19, 1979. Each person holding office as a member of the Commission on the effective date of this amendment continues to hold the office for the term for which he was appointed.

*[See Compact Edition, Volume 1 for text of (3) and (4)]*

(5) The Commission may hold its meetings, hearings and other proceedings at such times and places as it shall determine but shall meet at Austin at least once each year. It shall annually select one of its members as Chairman. A quorum shall consist of six (6) members. Proceedings shall be by majority vote of those present, except that recommendations for retirement, censure, suspension, or removal of any person holding an office named in Paragraph A of Subsection (6) of this Section shall be by affirmative vote of at least six (6) members.

(6) A. Any Justice or Judge of the Appellate Courts and District and Criminal District Courts, and any County Judge, and any Judge of a County Court at Law, a Court of Domestic Relations, a Juvenile Court, a Probate Court, or a Corporation or Municipal Court, and any Justice of the Peace, and any Judge or presiding officer of any special court created by the Legislature as provided in Section 1, Article V, of this Constitution, may, subject to the other provisions hereof, be removed from office for willful or persistent conduct, which is clearly inconsistent with the proper performance of his said duties or casts public discredit upon the judiciary or administration of justice; or any person holding such office may be censured, in lieu of removal from office, under procedures provided for by the Legislature. Any person holding an office named in this subsection may be suspended from office with or without pay by the Commission immediately on being indicted by a State or Federal grand jury for a

felony offense; or, on the filing of a sworn complaint charging a person holding such office with willful and persistent conduct which is clearly inconsistent with the proper performance of his duties or which casts public discredit on the judiciary or on the administration of justice, the Commission, after giving the person notice and an opportunity to appear before the Commission, may recommend to the Supreme Court the suspension of such person from office. The Supreme Court, after considering the record of such appearance and the recommendation of the Commission, may suspend the person from office with or without pay, pending final disposition of the charge.

*[See Compact Edition, Volume 1, for text of (6) B]*

(7) The Commission shall keep itself informed as fully as may be of circumstances relating to the misconduct or disability of particular persons holding an office named in Paragraph A of Subsection (6) of this Section, receive complaints or reports, formal or informal, from any source in this behalf and make such preliminary investigations as it may determine. Its orders for the attendance or testimony of witnesses or for the production of documents at any hearing or investigation shall be enforceable by contempt proceedings in the District Court or by a Master.

(8) After such investigation as it deems necessary, the Commission may in its discretion issue a private or public reprimand, or if the Commission determines that the situation merits such action, it may institute formal proceedings and order a formal hearing to be held before it concerning the public censure, removal, or retirement of a person holding an office named in Paragraph A of Subsection (6) of this Section, or it may in its discretion request the Supreme Court to appoint an active or retired District Judge or Justice of a Court of Civil Appeals, or retired Judge or Justice of the Court of Criminal Appeals or the Supreme Court, as a Master to hear and take evidence in any such matter, and to report thereon to the Commission. (9) The Supreme Court shall review the record of the proceedings on the law and facts and in its discretion may, for good cause shown, permit the introduction of additional evidence and shall order public censure, retirement or removal, as it finds just and proper, or wholly reject the recommendation. Upon an order for involuntary retirement for disability or an order for removal, the office in

question shall become vacant. The Supreme Court, in an order for involuntary retirement for disability or an order for removal, may prohibit such person from holding judicial office in the future. The rights of an incumbent so retired to retirement benefits shall be the same as if his retirement had been voluntary.

(10) All papers filed with and proceedings before the Commission or a Master shall be confidential, unless otherwise provided by law, and the filing of papers with, and the giving of testimony before, the Commission, Master or the Supreme Court shall be privileged, unless otherwise provided by law; provided that upon being filed in the Supreme Court the record loses its confidential character. However, the Commission may issue a public statement through its executive director or its Chairman at any time during any of its proceedings under this Section when sources other than the Commission cause notoriety concerning a Judge or the Commission itself and the Commission determines that the best interests of a Judge or of the public will be served by issuing the statement.

[See Compact Edition, Volume 1, for text of (11)]

(12) No person holding an office named in Paragraph A of Subsection (6) of this Section shall sit as a member of the Commission in any proceeding involving his own suspension, censure, retirement or removal. A recommendation of the Commission for the suspension, censure, retirement, or removal of a Justice of the Supreme Court shall be determined by a tribunal of seven (7) Court of Civil Appeals Justices selected by lot to serve in place of the Supreme Court.

No person shall be eligible to serve in the office of Chief Justice or Justice of the Supreme Court unless the person is licensed to practice law in this state and is, at the time of election, a citizen of the United States and of this state, and has attained the age of thirty-five years, and has been a practicing lawyer, or a lawyer and judge of a court of record together at least ten years. In case of a vacancy in the office of Chief Justice or any Justice of the Supreme Court, the Governor shall fill the vacancy until the next general election for state

officers, and at such general election the vacancy for the unexpired term shall be filled by election by the qualified voters of the state. The Justices of the Supreme Court who may be in office at the time this amendment takes effect shall continue in office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified.

[Amended Nov. 4, 1980, eff. Sept. 1, 1981.]

The Supreme Court shall also have power, upon affidavit or otherwise as by the court may be determined, to ascertain such matters of fact as may be necessary to the proper exercise of its jurisdiction.

The Supreme Court shall appoint a clerk, who shall give bond in such manner as is now or may hereafter, be required by law, and he may hold his office for four years and shall be subject to removal by said court for good cause entered of record on the minutes of said court who shall receive such compensation as the Legislature may provide.

[Amended Nov. 4, 1980, eff. Sept. 1, 1981.]

In case of a vacancy in the office of a Judge of the Court of Criminal Appeals, the Governor shall, with the advice and consent of the Senate, fill said vacancy by appointment until the next succeeding general election.

The court must sit en banc during proceedings involving capital punishment and other cases as required by law. When convened en banc, five Judges shall constitute a quorum and the concurrence of five Judges shall be necessary for a decision. The Court of Criminal Appeals may appoint Commissioners in aid of the Court of Criminal Appeals as provided by law.

[Amended Nov. 8, 1977.]

**§ 5. Jurisdiction of Court of Criminal Appeals; Terms of Court; Clerk**

Sec. 5. The Court of Criminal Appeals shall have final appellate jurisdiction coextensive with the limits of the state, and its determinations shall be final, in all criminal cases of whatever grade, with such exceptions and under such regulations as may be provided in this Constitution or as prescribed by law.

The appeal of all cases in which the death penalty has been assessed shall be to the Court of Criminal Appeals. The appeal of all other criminal cases shall be to the Courts of Appeal as prescribed by law. In addition, the Court of Criminal Appeals may, on its own motion, review a decision of a Court of Appeals in a criminal case as provided by law. Discretionary review by the Court of Criminal Appeals is not a matter of right, but of sound judicial discretion.

Subject to such regulations as may be prescribed by law, the Court of Criminal Appeals and the Judges thereof shall have the power to issue the writ of habeas corpus, and, in criminal law matters, the writs of mandamus, procedendo, prohibition, and certiorari. **§ 6. Courts of Appeals; Transfer of Causes; Terms of Judges**

Sec. 6. The Legislature shall divide the State into such Supreme judicial districts as the population and business may require, and shall establish a Court of Appeals in each of said districts, which shall consist of a Chief Justice and at least two Associate Justices, who shall have the qualifications as herein prescribed for Justices of the Supreme Court. The Court of Appeals may sit in sections as authorized by law. The concurrence of a majority of the judges sitting in a section is necessary to decide a case. Said Court of Appeals shall have appellate jurisdiction co-extensive with the limits of their respective districts, which shall extend to all cases of which the District Courts or County Courts have original or appellate jurisdiction, under such restrictions and regulations as may be prescribed by law. Provided, that the decision of said courts shall be conclusive on all questions of fact brought before them on appeal or error. Said courts shall have such other jurisdiction, original and appellate, as may be prescribed by law.

[Amended Nov. 7, 1978; Nov. 4, 1980, eff. Sept. 1, 1981.]

The Legislature may provide for the taxation of intangible property and may also impose occupation taxes, both upon natural persons and upon corporations, other than municipal, doing any business in this State. It may also tax incomes of both natural persons and corporations other than municipal, except that persons engaged in mechanical and agricultural pursuits shall never be required to pay an occupation tax. The Legislature by general law shall exempt household goods not held or used for the production of income and personal effects not held or used for the production of income, and the Legislature by general law may exempt all or part of the personal property homestead of a family or single adult, "personal property homestead" meaning that personal property exempt by law from forced sale for debt, from ad valorem taxation. The occupation tax levied by any county, city or town for any year on persons or corporations pursuing any profession or business, shall not exceed one half of the tax levied by the State for the same period on such profession or business.

§ 1-b. Residence Homestead Exemption

Sec. 1-b.

[See Compact Edition, Volume 1 for text of (a)]

(b) From and after January 1, 1973, the governing body of any county, city, town, school district, or other political subdivision of the State may exempt by its own action not less than Three Thousand Dollars (\$3,000) of the market value of residence homesteads of persons, married or unmarried, including those living alone, who are under a disability for purposes of payment of disability insurance benefits under Federal Old-Age, Survivors, and Disability Insurance or its successor or of married or unmarried persons sixty-five (65) years of age or older, including those living alone, from all ad valorem taxes thereafter levied by the political subdivision. As an alternative, upon receipt of a petition signed by twenty percent (20%) of the voters who voted in the last preceding election held by the political subdivision, the governing body of the subdivision shall call an election to determine by majority vote whether an amount not less than Three Thousand Dollars (\$3,000) as provided in the petition, of the market value of residence homesteads of disabled persons or of persons sixty-five (65) years of age or over shall be exempt from ad valorem taxes thereafter levied by the political subdivision. An eligible disabled person who is sixty-five (65) years of age or older may not receive both exemptions from the same political subdivision in the same year but may choose either if the subdivision has adopted both. Where any ad valorem tax has theretofore been pledged for the payment of any debt, the taxing officers of the political subdivision shall have authority to continue to levy and collect the tax against the homestead property at the same rate as the tax so pledged until the debt is discharged, if the cessation of the levy would impair the obligation of the contract by which the debt was created. An exemption

adopted under this subsection based on assessed value is increased, effective January 1, 1979, to an amount that, when converted to market value, provides the same reduction in taxes, except that the market value exemption shall be rounded to the nearest \$100.

(c) Five Thousand Dollars (\$5,000) of the market value of the residence homestead of a married or unmarried adult, including one living alone, is exempt from ad valorem taxation for general elementary and secondary public school purposes. In addition to this exemption, the legislature by general law may exempt an amount not to exceed Ten Thousand Dollars (\$10,000) of the market value of the residence homestead of a person who is disabled as defined in Subsection (b) of this section and of a person sixty-five (65) years of age or older from ad valorem taxation for general elementary and secondary public school purposes. The legislature by general law may base the amount of and condition eligibility for the additional exemption authorized by this subsection for disabled persons and for persons sixty-five (65) years of age or older on economic need. An eligible disabled person who is sixty-five (65) years of age or older may not receive both exemptions from a school district but may choose either. An eligible person is entitled to receive both the exemption required by this subsection for all residence homesteads and any exemption adopted pursuant to Subsection (b) of this section, but the legislature shall provide by general law whether an eligible disabled or elderly person may receive both the additional exemption for the elderly and disabled authorized by this subsection and any exemption for the elderly or disabled adopted pursuant to Subsection (b) of this section. Where ad valorem tax has previously been pledged for the payment of debt, the taxing officers of a school district may continue to levy and collect the tax against the value of homesteads exempted under this subsection until the debt is discharged if the cessation of the levy would impair the obligation of the contract by which the debt was created. The legislature shall provide for formulas to protect school districts against all or part of the revenue loss incurred by the implementation of Article VIII, Sections 1-b(c), 1-b(d), and 1-d-1, of this constitution. The legislature by general law may define residence homestead for purposes of this section.

(d) Except as otherwise provided by this subsection, if a person receives the residence homestead exemption prescribed by Subsection (c) of this section for homesteads of persons sixty-five (65) years of age or older, the total amount of ad valorem taxes imposed on that homestead for general elementary and secondary public school purposes may not be increased while it remains the residence homestead of that person or that person's spouse who receives the exemption. However, those taxes may be increased to the extent the value of the homestead is increased by improvements other than repairs or improvements made to comply with governmental requirements.

(e) The governing body of a political subdivision may exempt from ad valorem taxation a percentage of the market value of the residence homestead of a

married or unmarried adult, including one living alone. The percentage may not exceed forty percent (40%) for the years 1982 through 1984, thirty percent (30%) for the years 1985 through 1987, and twenty percent (20%) in 1988 and each subsequent year. However, the amount of an exemption authorized pursuant to this subsection may not be less than Five Thousand Dollars (\$5,000) unless the legislature by general law prescribes other monetary restrictions on the amount of the exemption. An eligible adult is entitled to receive other applicable exemptions provided by law. Where ad valorem tax has previously been pledged for the payment of debt, the governing body of a political subdivision may continue to levy and collect the tax against the value of the homesteads exempted under this subsection until the debt is discharged if the cessation of the levy would impair the obligation of the contract by which the debt was created. The legislature by general law may prescribe procedures for the administration of residence homestead exemptions.

[Amended Nov. 7, 1978, eff. Jan. 1, 1979; Nov. 3, 1981, eff. Jan. 1, 1982.]

#### § 1-d-1. Open-Space Land

(a) To promote the preservation of open-space land, the legislature shall provide by general law for taxation of open-space land devoted to farm or ranch purposes on the basis of its productive capacity and may provide by general law for taxation of open-space land devoted to timber production on the basis of its productive capacity. The legislature by general law may provide eligibility limitations under this section and may impose sanctions in furtherance of the taxation policy of this section.

(b) If a property owner qualifies his land for designation for agricultural use under Section 1-d of this article, the land is subject to the provisions of Section 1-d for the year in which the designation is effective and is not subject to a law enacted under this Section 1-d-1 in that year.

- (1) granting exemptions or other relief from state ad valorem taxes on appropriate property so designated in the manner prescribed by law; and
- (2) authorizing political subdivisions to grant exemptions or other relief from ad valorem taxes on appropriate property so designated by the political subdivision in the manner prescribed by general law.

[Adopted Nov. 8, 1977.]

grant exemptions or other relief from ad valorem taxes on property located in a reinvestment zone for the purpose of encouraging development or redevelopment and improvement of the property.

(b) The legislature by general law may authorize an incorporated city or town to issue bonds or notes to finance the development or redevelopment of an unproductive, underdeveloped, or blighted area within the city or town and to pledge for repayment of those bonds or notes increases in ad valorem tax revenues imposed on property in the area by the city or town and other political subdivisions.

[Adopted Nov. 3, 1981.]

## § 2. Occupation Taxes; Equality and Uniformity; Exemptions from Taxation

Sec. 2. (a) All occupation taxes shall be equal and uniform upon the same class of subjects within the limits of the authority levying the tax; but the legislature may, by general laws, exempt from taxation public property used for public purposes; actual places of religious worship, also any property owned by a church or by a strictly religious society for the exclusive use as a dwelling place for the ministry of such church or religious society, and which yields no revenue whatever to such church or religious society; provided that such exemption shall not extend to more property than is reasonably necessary for a dwelling place and in no event more than one acre of land; places of burial not held for private or corporate profit; solar or wind-powered energy devices; all buildings used exclusively and owned by persons or associations of persons for school purposes and the necessary furniture of all schools and property used exclusively and reasonably necessary in conducting any association engaged in promoting the religious, educational and physical development of boys, girls, young men or young women operating under a State or National organization of like character; also the endowment funds of such institutions of learning and religion not used with a view to profit; and when the same are invested in bonds or mortgages, or in land or other property which has been and shall hereafter be bought in by such institutions under foreclosure sales made to satisfy or protect such bonds or mortgages, that such exemption of such land and property shall continue only for two years after the purchase of the same at such sale by such institutions and no longer, and institutions of purely public charity; and all laws exempting property from taxation other than the property mentioned in this Section shall be null and void.

[Amended Nov. 7, 1978.]

## § 18. Equalization of Valuations; Classification of Lands; Single Appraisal and Single Board of Equalization

Sec. 18. (a) The Legislature shall provide for equalizing, as near as may be, the valuation of all property subject to or rendered for taxation, and

may also provide for the classification of all lands with reference to their value in the several counties.

(b) A single appraisal within each county of all property subject to ad valorem taxation by the county and all other taxing units located therein shall be provided by general law. The Legislature, by general law, may authorize appraisals outside a county when political subdivisions are situated in more than one county or when two or more counties elect to consolidate appraisal services.

(c) The Legislature, by general law, shall provide for a single board of equalization for each appraisal entity consisting of qualified persons residing within the territory appraised by that entity. Members of the board of equalization may not be elected officials of the county or of the governing body of a taxing unit.

[Amended Nov. 3, 1981.]

## § 21. Increase in Total Property Taxes; Notice and Hearing; Calculation

Sec. 21. (a) Subject to any exceptions prescribed by general law, the total amount of property taxes imposed by a political subdivision in any year may not exceed the total amount of property taxes imposed by that subdivision in the preceding year unless the governing body of the subdivision gives notice of its intent to consider an increase in taxes and holds a public hearing on the proposed increase before it increases those total taxes. The legislature shall prescribe by law the form, content, timing, and methods of giving the notice and the rules for the conduct of the hearing.

(b) In calculating the total amount of taxes imposed in the current year for the purposes of Subsection (a) of this section, the taxes on property in territory added to the political subdivision since the preceding year and on new improvements that were not taxable in the preceding year are excluded. In calculating the total amount of taxes imposed in the preceding year for the purposes of Subsection (a) of this section, the taxes imposed on real property that is not taxable by the subdivision in the current year are excluded.

(c) The legislature by general law shall require that, subject to reasonable exceptions, a property owner be given notice of a revaluation of his property and a reasonable estimate of the amount of taxes that would be imposed on his property if the total amount of property taxes for the subdivision were not increased according to any law enacted pursuant

to Subsection (a) of this section. The notice must be given before the procedures required in Subsection (a) are instituted.

[Adopted Nov. 7, 1978, eff. Jan. 1, 1979. Amended Nov. 3, 1981.]

**§ 23. Statewide Appraisal of Real Property; Enforcement of Uniform Standards and Procedures for Appraisal**

Sec. 23. (a) There shall be no statewide appraisal of real property for ad valorem tax purposes; however, this shall not preclude formula distribution of tax revenues to political subdivisions of the state.

(b) Administrative and judicial enforcement of uniform standards and procedures for appraisal of property for ad valorem tax purposes, as prescribed by general law, shall originate in the county where the tax is imposed, except that the legislature may provide by general law for political subdivisions with boundaries extending outside the county.

Such machines may perform all banking functions. Banks which are domiciled within a city lying in two or more counties may be permitted to establish and operate unmanned teller machines within both the city and the county of their domicile. The Legislature shall provide that a bank shall have the right to share in the use of these teller machines, not situated at a banking house, which are located within the county or the city of the bank's domicile, on a reasonable, nondiscriminatory basis, consistent with anti-trust laws. #### § 67. State and Local Retirement Systems

Sec. 67. (a) General Provisions. (1) The legislature may enact general laws establishing systems and programs of retirement and related disability and death benefits for public employees and officers. Financing of benefits must be based on sound actuarial principles. The assets of a system are held in trust for the benefit of members and may not be diverted.

(2) A person may not receive benefits from more than one system for the same service, but the legislature may provide by law that a person with service covered by more than one system or program is entitled to a fractional benefit from each system or program based on service rendered under each system or program calculated as to amount upon the benefit formula used in that system or program. Transfer of service credit between the Employees Retirement System of Texas and the Teacher Retirement System of Texas also may be authorized by law.

(3) Each statewide benefit system must have a board of trustees to administer the system and to invest the funds of the system in such securities as the board may consider prudent investments. In making investments, a board shall exercise the judgment and care under the circumstances then prevailing that persons of ordinary prudence, discretion, and intelligence exercise in the management of their own affairs, not in regard to speculation, but in regard to the permanent disposition of their funds, considering the probable income therefrom as well as the probable safety of their capital. The legislature by law may further restrict the investment discretion of a board.

(4) General laws establishing retirement systems and optional retirement programs for public employees and officers in effect at the time of the adoption of this section remain in effect, subject to the general powers of the legislature established in this subsection.

(b) State Retirement Systems. (1) The legislature shall establish by law a Teacher Retirement System of Texas to provide benefits for persons employed in the public schools, colleges, and universities supported wholly or partly by the state. Other employees may be included under the system by law.

(2) The legislature shall establish by law an Employees Retirement System of Texas to provide benefits for officers and employees of the state and such state-compensated officers and employees of appellate courts and judicial districts as may be included under the system by law.

(3) The amount contributed by a person participating in the Employees Retirement System of Tex-

as or the Teacher Retirement System of Texas shall be established by the legislature but may not be less than six percent of current compensation. The amount contributed by the state may not be less than six percent nor more than 10 percent of the aggregate compensation paid to individuals participating in the system. In an emergency, as determined by the governor, the legislature may appropriate such additional sums as are actuarially determined to be required to fund benefits authorized by law.

(c) Local Retirement Systems. (1) The legislature shall provide by law for:

(A) the creation by any city or county of a system of benefits for its officers and employees;

(B) a statewide system of benefits for the officers and employees of counties or other political subdivisions of the state in which counties or other political subdivisions may voluntarily participate; and

(C) a statewide system of benefits for officers and employees of cities in which cities may voluntarily participate.

(2) Benefits under these systems must be reasonably related to participant tenure and contributions.

(d) Judicial Retirement System. (1) Notwithstanding any other provision of this section, the system of retirement, disability, and survivors' benefits heretofore established in the constitution or by law for justices, judges, and commissioners of the appellate courts and judges of the district and criminal district courts is continued in effect. Contributions required and benefits payable are to be as provided by law.

(2) General administration of the Judicial Retirement System of Texas is by the Board of Trustees of the Employees Retirement System of Texas under such regulations as may be provided by law.

(e) Anticipatory Legislation. Legislation enacted in anticipation of this amendment is not void because it is anticipatory.

§ 1.001. Purpose of Code

(a) This code is enacted as a part of the state's continuing statutory revision program, begun by the Texas Legislative Council in 1963 as directed by the

legislature in Chapter 448 Acts of the 58th Legislature, Regular Session, 1963 (Article 5429b-1, Vernon's Texas Civil Statutes). The program contemplates a topic-by-topic revision of the state's general and permanent statute law without substantive change.

- (1) rearranging the statutes into a more logical order;
- (2) employing a format and numbering system designed to facilitate citation of the law and to accommodate future expansion of the law;
- (3) eliminating repealed, duplicative, unconstitutional, expired, executed, and other ineffective provisions; and
- (4) restating the law in modern American English to the greatest extent possible.

[Acts 1981, 67th Leg., p. 1015, ch. 388, § 1, eff. Sept. 1, 1981.]

**SUBCHAPTER B. STANDARD WEIGHTS  
AND MEASURES**

**§ 13.021. Legal Standards**

(a) The legal standard of weights and measures in this state is the standard of weights and measures adopted and used by the government of the United States. If the United States does not provide a standard of weight or measure for a commodity, the standard for that commodity is that established by this subchapter.

(b) The department may adopt rules for the purpose of administering this subchapter and bringing about uniformity between the standards established under this subchapter and the standards established by federal law. A person who violates a rule adopted under this subsection commits an offense.

(c) Except as otherwise provided by an express contract, a contract for work or sales by weight or measure shall be construed in accordance with the standards of this subchapter.

(d) The standards of this subchapter shall be the guide for making any adjustment of weights or measures under the law of this state.

[Acts 1981, 67th Leg., p. 1023, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 13.022. Standard for Length and Surface**

(a) The standard unit of length and surface is the yard. The yard is divided into three equal parts

called feet. Each foot is divided into 12 parts called inches. All measures of extension, including lineal, superficial, and solid measures, shall be derived and ascertained from the yard.

(b) For measure of a commodity commonly sold by the yard, including cloth, the yard may be divided into halves, quarters, eighths, and sixteenths.

(c) The rod, pole, or perch contains 5½ yards. The mile contains 1,760 yards. The Spanish vara contains 33⅓ inches.

(d) If land is measured by the English rule, the chain for measuring land shall be 22 yards long and divided into 100 equal parts called links.

(e) For land measure, the acre is measured horizontally and contains 4,840 square yards, and a square mile contains 640 acres.

[Acts 1981, 67th Leg., p. 1024, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 13.023. Standard for Weight**

(a) The standard for weight is the standard of avoirdupois and troy weights. Other weights shall be derived and ascertained from that standard.

(b) The avoirdupois pound bears to the troy pound the ratio of 7,000 grains to 5,760 grains. The avoirdupois pound is divided into 16 equal parts called ounces.

(c) The hundredweight consists of 100 avoirdupois pounds. The ton consists of 2,000 avoirdupois pounds.

(d) The troy ounce is equal to one-twelfth of a troy pound.

[Acts 1981, 67th Leg., p. 1024, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 13.024. Standard for Liquid Capacity.**

(a) The standard unit of measure of capacity for liquids is the gallon.

(b) The barrel consists of 31½ gallons. A hogshead consists of two barrels. Except as provided by Subsection (c) of this section all other measures of capacity for liquids are derived from the gallon by continual division by two, making half gallons, quarts, pints, half pints, and gills.

(c) A mechanism or machine that is adapted to measure and deliver liquid by volume and that indicates fractional parts of a gallon shall indicate the fractional parts either in terms of binary submultiple subdivisions or in terms of tenths of a gallon.

[Acts 1981, 67th Leg., p. 1024, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 13.025. Standard for Solid Capacity**

(a) The standard unit of measure of capacity for a solid is the half bushel.

(b) The peck, half-peck, quarter-peck, quart, and pint measures for solid commodities are derived

from the half bushel by successively dividing that measure by two.

(c) The bushel contains 2,150<sup>42</sup>/<sub>100</sub> cubic inches. The half bushel contains 1,075<sup>20</sup>/<sub>100</sub> cubic inches. The gallon contains 231 cubic inches.

(d) In measuring dry commodities, the measure may not be heaped but shall be stricken with a straight stick or roller.

[Acts 1981, 67th Leg., p. 1024, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 13.026. Cord

(a) A cord is equal to 128 cubic feet or the contents of a space 8 feet long, 4 feet wide, and 4 feet high.

(b) A cord of wood intended for use as fuel is the amount of wood contained in a space of 128 cubic feet when the wood is ranked and well-stowed and one-half the kerf of the wood is included.

[Acts 1981, 67th Leg., p. 1024, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 13.027. Standard Net Weight or Count Set by Rule

(a) The department by rule may establish a standard net weight or net count for any commodity and prescribe tolerances for those standards as the department considers necessary for the proper protection of the public.

(b) A person commits an offense if the person fails or refuses to comply with the rules adopted under this section.

[Acts 1981, 67th Leg., p. 1025, ch. 388, § 1, eff. Sept. 1, 1981.]

barley	48 pounds
shelled corn	56 pounds
flax seed	56 pounds
oats	32 pounds
rye	56 pounds
wheat	60 pounds

(3) "Package" includes a barrel, sack, bag, carton, or other container.

(b) The standard measures of cereal flour and cornmeal are packages containing net weights of 2, 5, 10, 25, 50, 100, 150, or 200 pounds avoirdupois. This subsection does not apply to cereals sold as grits.

(c) Each package of cereal flour or cornmeal shall be printed or marked in clearly readable figures and letters with the net weight of the package and:

(1) the name and address of the manufacturer;

(2) the name and address of the packer, if the flour or meal was not packed by the manufacturer; or

(3) the name and address of the distributor.

(d) If the name shown on the package is not the name of the manufacturer, the name must be preceded by "Manufactured for and Packed by" or "Distributed by" or a similar phrase, as applicable.

(e) The department may adopt rules as necessary for the administration of this section, including rules establishing reasonable variations and tolerances.

(f) This section does not apply to:

(1) the retailing of cereal flour or cornmeal directly to the consumer from bulk stock;

(2) the sale of flour to a bakery for its exclusive use;

(3) the exchange of flour or meal for wheat or corn between a gristmill and another mill grinding for compensation for producers; or

(4) the packing for sale, offering for sale, or sale of a prepared flour or meal designed for a special or limited use and packed and distributed in an identified original package of a net weight of five pounds or less.

(g) A person commits an offense if the person packs for sale, offers for sale, or sells in this state a cereal flour or cornmeal in a package that is not of the standard net weight prescribed by this section or is not labeled in accordance with this section.

[Acts 1981, 67th Leg., p. 1025, ch. 388, § 1, eff. Sept. 1, 1981.]

(b) This section does not apply to bales of cotton.

(c) A person commits an offense if, in the sale of a commodity by weight, the person employs a weight other than net weight.

[Acts 1981, 67th Leg., p. 1026, ch. 388, § 1, eff. Sept. 1, 1981.]

(a) Except as otherwise provided by this section, a liquid commodity shall be sold by liquid measure. A commodity, including a good, ware, or merchandise item, that is not liquid shall be sold by length, weight, or numerical count if the commodity has been or is capable of being sold by one of those measures.

(b) A liquid commodity may be sold by other than liquid measure if sold for immediate consumption on the premises where sold.

(c) A liquid commodity may be sold by weight if there is a general consumer usage to express the quantity of the commodity by weight and the expression gives accurate information as to the weight of the commodity.

(d) This section does not prevent the sale of:

(1) fruits, vegetables, or other dry commodities in the standard barrel or by other method provided for by state or federal law;

(2) berries and small fruits in boxes as provided for by other state law; or

(3) vegetables or fruits by the head or bunch if the vegetable or fruit is usually sold in that manner.

(e) This section does not apply to a commodity in an original package, which includes any wholesale or retail package, carton, case, can, barrel, bottle, box, phial, or other receptacle, or the coverings or wrappings of a commodity, that is put up by the manufacturer, that may be labeled, branded, stenciled, or otherwise marked, and that makes one complete package.

(f) A person commits an offense if in violation of this section the person sells a liquid commodity by other than liquid measure or a commodity that is not liquid by a measure other than length, weight, or numerical count.

[Acts 1981, 67th Leg., p. 1026, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 13.032. Standard Fill and Quantity Labeling for Commodities in Package Form**

(a) For the purpose of preventing the sale of commodities in package form with containers that mislead the purchaser as to quantity, the department by rule may establish a standard fill for commodities in package form. The rules must be reasonable with respect to the physical characteristics of the container, the prevailing method of handling and transporting the package, and generally accepted good commercial practice in filling methods. The rules shall provide for reasonable variations and tolerances.

(b) Except as otherwise provided by this section, a commodity in package form, including cheese, meat, or a meat food product as defined by Section 13.034

of this code, shall be plainly and conspicuously marked on the outside of the package with:

(1) the net quantity of the contents in terms of weight, measure, or numerical count; and

(2) the name and place of business of the manufacturer, packer, or distributor.

(c) The department by rule shall provide exemptions from the requirements of Subsection (b)(1) of this section for small packages and from the requirements of Subsection (b)(2) of this section for packages sold on the premises where packed.

(d) The department by rule shall prescribe reasonable variations or tolerances for the statement of net quantity required under Subsection (b)(1) of this section.

(e) A box or carton used for shipping purposes containing a number of packages that are individually marked in accordance with Subsection (b) of this section is not required to be marked in accordance with that subsection.

(f) A commodity is in package form if for wholesale or retail it:

(1) is in a package, carton, case, can, box, bag, barrel, bottle, or phial, on a spool or similar holder, in a container or band, in a roll, ball, coil, skein, or other receptacle, or in coverings or wrappings of any kind;

(2) is put up by the manufacturer or, if put up prior to ordering, by the vendor;

(3) is suitable for labeling, branding, stenciling, or marking in another manner; and

(4) makes one complete package.

(g) This section does not apply to bales of cotton, commodities in package form of which the manner of sale is regulated by other law, or to stationery in tablet form.

(h) A person commits an offense if the person sells, keeps for sale, or offers or exposes for sale a commodity in package form that is:

(1) not labeled in accordance with this section;

(2) in a container that is made, formed, filled, or wrapped so as to mislead the purchaser as to the quantity of the contents; or

(3) in a container the contents of which fall below the standard fill prescribed by rule under Subsection (a) of this section.

[Acts 1981, 67th Leg., p. 1026, ch. 388, § 1, eff. Sept. 1, 1981.]

(d) A person commits an offense if, in violation of this section, the person sells or keeps, offers, or exposes for sale cheese, meat, or a meat food product by a measure other than standard net weight.

(e) In this section:

(1) "Meat or meat food product" includes fresh, cured, or salt meats; poultry; fish; sausage; chili; headcheese; souse meat; loaf meat; boneless meat; shredded meat; hamburger; and any other manufactured, prepared, or processed meat or meat food product.

A person commits an offense if the person or the person's servant or agent:

(1) sells or offers or exposes for sale a quantity of a commodity or service that is less than the quantity the person represents; or

(a) A sealer appointed under Subchapter C of this chapter shall from time to time weigh or measure a package, or an amount of any commodity, that is kept or offered for sale, sold, or in the process of delivery, in order to determine:

(1) if the commodity is of the amount or quantity represented; or

(2) if the commodity is being offered for sale or sold in accordance with law.

(b) If a sealer finds that a package or any lot of a commodity contains less of the commodity than the amount represented, the sealer may seize the package or the commodity as evidence.

(c) A person commits an offense if the person or the person's employee or agent refuses to exhibit a commodity being sold or offered for sale at a given weight or quantity, or ordinarily sold in that manner, to a sealer for testing and proving as to quantity.

[Acts 1981, 67th Leg., p. 1029, ch. 388, § 1, eff. Sept. 1, 1981.]

The bond must be conditioned on the accurate weight or measure of a commodity being reflected on the certificate issued by the public weigher or deputy, on the protection of a commodity that the public weigher or deputy is requested to weigh or measure, and on compliance with all laws and rules governing public weighers. The bond shall be filed with the county clerk's office in the county for which the public weigher or deputy is appointed or elected. The bond is not void on first recovery. A person injured by the public weigher may sue on the bond.

**§ 13.259. Penalty for Issuing a False Certificate**

(a) A public weigher or deputy public weigher who intentionally or knowingly issues a certificate of weight or measure giving a false weight or measure for a commodity weighed or measured commits an offense.

(b) An offense under this section is a Class B misdemeanor.

(2) "Grain" means wheat, grain sorghum, corn, oats, barley, rye, soybeans, or any other grain, peas, or beans for which federal grain standards are established.

(3) "Open storage grain" means grain that:

(A) is received for storage by a public grain warehouse;

(B) is not covered by a negotiable warehouse receipt; and

(C) is not owned by the warehouse in which it is stored.

(4) "Public grain warehouse" means a building, bin, or similar structure used for:

(A) the receiving, storing, shipping, or handling of grain for hire; or

(B) the purchasing and selling of grain, including grain on which payment is deferred.

(5) "Receipt" means a negotiable warehouse receipt issued by a warehouseman licensed under this subchapter.

(6) "License" includes a renewal of or an amendment to a license.

(7) "Scale weight ticket" means a load slip other than a receipt given to a depositor by a warehouseman licensed under this subchapter on initial delivery of the grain to the warehouse.

(8) "Receipted grain" means grain that is stored in a public grain warehouse and for which a Texas grain warehouse receipt has been issued and has not been canceled.

(9) "Storage grain" means grain that:

[Acts 1981, 67th Leg., p. 1046, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 14.002. Limitation of Subchapter**

This subchapter does not apply to:

(1) a warehouse covered by a license issued under the United States Warehouse Act;

(2) an individual producer-owner who does not receive from others grain for storage or handling for hire;

(3) a person whose business is manufacturing grain or selling manufactured grain at retail, unless the person also satisfies the definition of a warehouseman; or

(4) a person who receives grain with the intent of using the grain for planting seed or for feeding livestock on the premises where the grain is received, unless the person requests in writing to the department to be licensed.

[Acts 1981, 67th Leg., p. 1046, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 14.003. Powers and Duties of Department**

(a) The department shall administer this subchapter and may:

(1) investigate the storing, shipping, and handling of grain and complaints relating to these activities through the inspection of:

(A) any public grain warehouse;

(B) the grain stored in any warehouse; or

(C) all property and records pertaining to a warehouse;

(2) determine whether a warehouse for which a license has been issued or applied for is suitable for properly storing, shipping, or handling grain that is stored in or expected to be stored in the warehouse;

(3) include field seed within the definition given to "grain" by Section 14.001 of this code;

(4) require reports it determines are necessary in the administration of this subchapter;

(5) require a warehouseman to terminate storing, shipping, and handling agreements on revocation of a license;

(6) prescribe forms, including the form of receipts, bonds, or applications for licenses; and

(7) adopt rules necessary to carry out the provisions of this subchapter.

(b) In any hearing held by the department under this subchapter, the department may:

(1) examine under oath any person and examine books and records of any licensee;

(2) hear testimony and gather evidence for the discharge of duties under this subchapter;

(3) administer oaths; and

(4) issue subpoenas, effective in any part of this state, and require attendance of witnesses and the production of books.

(c) The department may appoint and fix duties and compensation of inspectors and other personnel and provide equipment necessary to enforce the provisions of this subchapter.

[Acts 1981, 67th Leg., p. 1047, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 14.004. License Required**

A person may not operate a public grain warehouse without first obtaining from the department a license in the person's name covering the warehouse.

[Acts 1981, 67th Leg., p. 1047, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 14.005. Licensing Procedure**

(a) The department may issue, renew, or amend a license following a determination that:

(1) the applicant has filed an acceptable bond and possesses sufficient insurance;

(2) the warehouse is suitable for storage of grain; and

(3) the applicant has complied with this subchapter and rules adopted under this subchapter.

(b) An applicant must file a separate application for each license, renewal, or amendment and shall

accompany each application for a license or renewal with a \$10 license fee. The department shall prescribe the information to be contained in the application.

[Acts 1981, 67th Leg., p. 1047, ch. 388, § 1, eff. Sept. 1, 1981.]

#### § 14.006. Multiple Warehouses Operated Under a Single License

(a) For the purpose of granting a license, the department may consider as one unit all warehouses owned or controlled by the warehouseman that are located in close proximity on the same general location.

(b) All public grain warehouses operating under a single license shall be treated as a single warehouse for the purposes of this subchapter, including the issuance of receipts and the receipt and shipment of grain. However, the department may approve an application requesting that any part of a warehouse be reserved and designated "not for public use." [Acts 1981, 67th Leg., p. 1048, ch. 388, § 1, eff. Sept. 1, 1981.]

#### § 14.007. Requirement for Increasing Capacity

A warehouseman may not use any increased warehouse capacity without first obtaining approval from the department.

[Acts 1981, 67th Leg., p. 1048, ch. 388, § 1, eff. Sept. 1, 1981.]

#### § 14.008. Posting of License

Each warehouseman shall immediately on receipt of a license post it in a conspicuous place in the office of the public grain warehouse.

[Acts 1981, 67th Leg., p. 1048, ch. 388, § 1, eff. Sept. 1, 1981.]

#### § 14.009. Bond

(a) In accordance with this section, each applicant for a license shall file or have on file a bond with the department.

(b) The bond must:

- (1) be payable to the State of Texas;
- (2) be executed by the applicant as principal;
- (3) be issued by a corporate surety licensed to do business as surety in the State of Texas; and
- (4) be in a form and contain terms and conditions prescribed by the department.

(c) The bond must be conditioned on faithful performance of:

- (1) each obligation of a warehouseman as to receipted grain and open storage grain under this subchapter and rules adopted under this subchapter, from the effective date of the bond until the license is revoked or the bond is canceled, whichever occurs first; and

(2) each obligation of a warehouseman under any contract with a depositor that exists on the effective date of the bond or is assumed after the effective date of the bond and before the license is revoked or the bond is canceled, whichever occurs first and whether or not the warehouse remains licensed.

(d) The bond must be in an amount of not less than \$15,000 nor more than \$500,000, based on the following rate:

(1) 20 cents per bushel on the first million bushels of storage capacity;

(2) 15 cents per bushel on the second million bushels of storage capacity; and

(3) 10 cents per bushel on all bushels of storage capacity above two million bushels.

(e) If the actual net worth of an applicant equals less than 20 cents per bushel of storage capacity, the applicant shall file a deficiency bond in an amount equal to the difference between the actual net worth and an amount determined by multiplying 20 cents times each bushel of storage capacity in the applicant's warehouse. A deficiency bond is in addition to the bond required of an applicant by this section, and the maximum amount of a bond provided by Subsection (d) of this section does not apply.

(f) In considering the reissuance of a license, the department may accept a certificate from a surety stating that a bond filed with the department has been renewed or continued.

(g) The applicant may give a single bond meeting the requirements of this section to cover all licensed facilities operated by him or her, except that each warehouse operated by the applicant must be covered by the bond in the amount of at least \$15,000.

(h) The liability of the surety of a bond required by this subchapter is limited to the face amount of the bond and does not accumulate for each successive license period during which the bond is in force. [Acts 1981, 67th Leg., p. 1048, ch. 388, § 1, eff. Sept. 1, 1981.]

#### § 14.010. Recovery on Bond

(a) If no action on the bond of a warehouseman is begun before the 31st day after the date of a written demand to the department, a depositor has a right of action on the bond for recovery of damages suffered by the depositor as a result of the failure of the warehouseman to comply with any condition of the bond.

(b) Recovery on a bond shall be prorated if claims exceed liability on a bond, but a depositor suing on a bond is not required to join other depositors in a suit. The burden of establishing proration is on the surety as a matter of defense.

[Acts 1981, 67th Leg., p. 1049, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 14.011. Casualty Insurance**

(a) Except as provided by Subsection (c) of this section, an applicant for a license must file or have on file with the department a certificate of insurance evidencing that:

(1) the applicant has an effective policy of insurance issued by an insurance company authorized to do business in this state; and

(2) the policy insures, in the name of the applicant, all grain that is or may be in the public grain warehouse for its full market value against loss by fire, internal explosion, lightning, windstorm, cyclone, or tornado.

(b) If a fire, an internal explosion, lightning, a windstorm, a cyclone, or a tornado destroys or damages grain in a public grain warehouse, the warehouseman shall, on demand by the depositor and presentation of a receipt or other evidence of ownership, make settlement with the depositor of the grain. The amount of the settlement shall be the average price paid for grain of the same grade and quality on the date of the loss at the location of the warehouse, minus warehouseman's charges and advances. If a settlement is not made before the 31st day following the date of demand, the depositor is entitled to seek recovery from the insurance company.

(c) An applicant is not required to file a certificate of insurance if the applicant certifies that all grain within the warehouse is owned by the applicant free of any lien.

[Acts 1981, 67th Leg., p. 1049, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 14.012. Additional Bond or Insurance**

(a) If the department determines that an approved bond or insurance policy is insufficient, the department shall require the warehouseman to give additional bond or insurance.

(b) If a license has been suspended or revoked or has expired, the department may require a bond from the warehouseman to protect depositors of grain for as long as any receipts remain outstanding. [Acts 1981, 67th Leg., p. 1049, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 14.013. Bond or Insurance Cancellation**

(a) A warehouseman may not cancel a bond or insurance policy approved by the department unless the department first gives written approval of a substitute bond or policy.

(b) The surety or insurer may cancel a bond or insurance policy by sending notice of intent to cancel by registered or certified mail to the department. Cancellation of a bond may not be effective before the 91st day following the day on which the surety mails notice of intent to cancel. Cancellation of an insurance policy may not be effective before the 31st

day following the day on which the insurer mails notice of intent to cancel. On receipt of notice of cancellation of a bond or insurance policy, the department shall promptly notify the warehouseman involved.

(c) The surety or insurer shall send a copy of the notice required by this section to any government agency requesting it.

(d) Notwithstanding any other provision of this subchapter, the department shall automatically suspend the license if the warehouseman fails:

(1) to file a new bond before the cancellation of a bond is effective; or

(2) to file a new certificate of insurance before the cancellation of an insurance policy is effective.

(e) The suspension of a license under this section continues as long as the warehouseman fails to maintain the bond or insurance required by this subchapter.

[Acts 1981, 67th Leg., p. 1050, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 14.014. Inspections; Fee**

(a) On request by the department, a warehouseman shall report to the department on the condition, conduct, operation, and business of each public grain warehouse that the warehouseman operates and all grain stored in those warehouses.

(b) A warehouseman shall permit the department to enter and inspect each public grain warehouse, its contents, and all records related to the grain stored in the warehouse. The warehouseman shall render to the department any assistance necessary for an inspection under this section.

(c) The department shall inspect each public grain warehouse at least once annually and may make additional inspections as the department considers necessary. A warehouseman may request that the department make additional inspections.

(d) The department shall collect from the warehouseman whose public grain warehouse is inspected an inspection fee for an annual inspection or an inspection requested by the warehouseman, but may not collect an inspection fee for other inspections. The inspection fee is \$1 for each 10,000 bushels or fraction of 10,000 bushels of licensed storage capacity of the warehouse inspected or \$15, whichever is greater.

[Acts 1981, 67th Leg., p. 1050, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 14.015. Suspension, Revocation, or Denial of License**

(a) The department may suspend, revoke, or deny a license, if, after an opportunity for a hearing, the department determines that the warehouseman has violated or failed to comply with a requirement of

this subchapter or a rule adopted under this subchapter.

(b) If the department considers it necessary, the department may suspend a license without hearing for a period not to exceed 30 days.

[Acts 1981, 67th Leg., p. 1050, ch. 388, § 1, eff. Sept. 1, 1981.]

#### § 14.016. Operation After Revocation or Suspension of a License

(a) If a license is revoked, the warehouseman shall terminate, in a manner prescribed by the department, all arrangements concerning storing, shipping, or handling grain in the warehouse.

(b) During a suspension of a license the warehouseman may, under the direction and supervision of the department, operate the warehouse and deliver grain previously received, but may not receive grain for storing, shipping, or handling.

[Acts 1981, 67th Leg., p. 1051, ch. 388, § 1, eff. Sept. 1, 1981.]

#### § 14.017. Issuance of Scale Weight Ticket or Receipt

(a) On receiving grain, a warehouseman shall issue to the person delivering the grain a serially numbered scale weight ticket in a form approved by the department.

(b) On application of a depositor, the warehouseman shall issue to the depositor a Texas grain warehouse receipt, which must be:

(1) in a form prescribed by the department; and

(2) in conformity with Chapter 7, Business & Commerce Code.

(c) A Texas grain warehouse receipt issued under this subchapter is subject to the provisions of Chapter 7, Business & Commerce Code.

(d) A Texas grain warehouse receipt is a negotiable document of title. A scale weight ticket is not a negotiable document of title.

(e) Except as provided by Section 14.019 of this code for duplicate receipts, a warehouse may not issue two scale weight tickets or two receipts bearing the same number during any calendar year.

[Acts 1981, 67th Leg., p. 1051, ch. 388, § 1, eff. Sept. 1, 1981.]

#### § 14.018. Receipt for Grain Owned by Warehouse Owner

A warehouseman may issue a receipt for grain that is owned by the warehouseman, in whole or part, and located in the warehouseman's warehouse. The negotiation, transfer, sale, or pledge of that receipt may not be defeated because of its ownership.

[Acts 1981, 67th Leg., p. 1051, ch. 388, § 1, eff. Sept. 1, 1981.]

#### § 14.019. Duplicate Receipts

(a) Except as otherwise provided by this subsection, if a receipt issued under this subchapter is outstanding, another receipt covering all or part of the grain covered by the initial receipt may not be issued by the warehouseman or any other person. If a receipt is lost, stolen, or destroyed, the owner is entitled to a new receipt as a duplicate or substitute for the missing receipt. The duplicate or substitute receipt has the same legal effect as the original receipt and must:

(1) state that it is in lieu of the original receipt; and

(2) bear the number and date of the original receipt.

(b) Before issuing a duplicate receipt, the warehouseman shall require an indemnity bond of double the market value of the grain covered by the missing receipt. The bond must be in a form and with a surety prescribed by the department to fully protect all rights under the missing receipt.

(c) A warehouseman may not become a surety on a bond for a lost, stolen, or destroyed receipt. [Acts 1981, 67th Leg., p. 1051, ch. 388, § 1, eff. Sept. 1, 1981.]

#### § 14.020. Receipt Forms

(a) The department shall supply all receipt forms unless the department in writing approves a privately printed receipt form requested by the warehouseman. The warehouseman shall request receipt forms on a form furnished by the department and shall accompany a request with payment to cover estimated costs of printing, packaging, and shipping, as determined by the department. If the receipts are privately printed, the printer shall provide the department with an affidavit showing the number of the receipts printed and their serial numbers. The department may require a warehouseman who uses privately printed receipts to provide a bond to cover any loss resulting from the unlawful use of a receipt. The department shall determine the form and the amount of the bond, but the amount may not exceed \$5,000.

(b) The department shall recover all receipts remaining unused after a license required by this subchapter is revoked or suspended.

[Acts 1981, 67th Leg., p. 1051, ch. 388, § 1, eff. Sept. 1, 1981.]

#### § 14.021. Obligation to Deliver

The obligation of a warehouseman to deliver grain to a person holding a receipt for grain stored in the public grain warehouse is controlled by Section 7.403, Business & Commerce Code.

[Acts 1981, 67th Leg., p. 1052, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 14.022. Records.

(a) Every warehouseman shall keep in a safe place complete and correct records and accounts pertaining to the public grain warehouse, including records and accounts of:

- (1) grain received and withdrawn from the warehouse;
- (2) unissued receipts in the warehouseman's possession;
- (3) receipts and scale weight tickets issued by the warehouseman; and
- (4) receipts returned to and canceled by the warehouseman.

(b) The warehouseman shall retain the records required by this section for the period of time prescribed by the department. The warehouseman shall retain copies of receipts or other documents evidencing ownership of grain or liability of a warehouseman as long as the documents are outstanding. If the documents are canceled, the warehouseman shall retain the documents or receipts for a period of not less than two years from the date of cancellation.

(c) The warehouseman shall:

The petition must be submitted to the commissioner at least 105 days before the date of the election at which the referendum is to be conducted.

(b) If the commissioner determines that in the area described there exists among the producers of the commodity an interest in becoming subject to the jurisdiction of the board that is substantial enough to justify a referendum, the commissioner may transmit the petition to the board with an order authorizing the board in its discretion to conduct the election at its own expense. The petition and order must be transmitted to the board at least 75 days before the date of the election.

(c) The referendum shall be held on the date of the biennial election of board members. The board shall give public notice of:

(f) A producer who is qualified to vote in the referendum is eligible to be a member of or a candidate for membership on the board. If the board is elected from districts, a producer within the described boundaries may be a candidate only for at-large positions on the board, if any. In order to qualify as a candidate, the producer must comply with Section 41.025 of this code, except that the application shall be filed with the board and may not be filed before the first publication of notice under Subsection (d) of this section.

(g) In the area described in the petition, the ballot shall be prepared and distributed and the election shall be conducted in accordance with the rules of the commissioner under Section 41.022 of this code.

(h) Except as otherwise provided in this subsection, voters qualified to vote in the referendum are entitled to vote for candidates for membership on the board and for any other proposition printed on the ballot for the regular election. If board members are elected from districts, voters in the area described in the petition may vote only for at-large positions, if any.

(i) The ballots cast in the area described in the petition shall be canvassed, and the returns reported, separately from the ballots cast in other areas. On those returns, the board shall perform the functions of the commissioner described in Section 41.030 of this code, except that the board shall certify whether the referendum proposition carried or was defeated in the area described in the petition. If the referendum proposition is defeated, the ballots cast in the area described in the petition may not be counted for any other purpose. If the proposition carries, the returns shall be included in determining the election of board members and the outcome of other proposi-

- (2) the seed bears an official label issued by a seed certifying agency certifying that the seed is of a specific class, kind, species, subspecies, or variety.

(b) A person may not sell or offer, expose, or transport for sale seed labeled by variety name but not certified by an official seed certifying agency if it is a variety required by federal law to be sold only as a class of certified seed, except that seed from a certified lot may be labeled by variety name if used in a mixture by, or with the approval of, the owner of the variety.

[Acts 1981, 67th Leg., p. 1129, ch. 388, § 1, eff. Sept. 1, 1981.]

(b) Except as otherwise provided by this subsection, the germination test shall be performed within nine months, not including the calendar month in which the test was completed, immediately prior to being sold or offered, exposed, or transported for sale. The department by rule may designate a period of time longer than nine months if the department finds that the seed is packaged in a container or under conditions that will maintain the viability of the seed under ordinary conditions of handling during the longer period of time.

(c) At the request of a farmer or dealer, the department may conduct or provide for the testing of seed for purity and germination. The department may fix by rule and collect fees for tests made under this subsection.

#### § 61.010. Inspection of Seed

(a) At the time, place, and to the extent the department considers necessary, the department shall sample, inspect, analyze, and test agricultural and vegetable seed transported, sold, or offered or exposed for sale in this state for sowing purposes in order to determine if the seed is in compliance with this chapter. The department shall promptly notify of any violation the person who transported, sold, or offered or exposed the seed for sale.

(b) The department shall adopt rules governing the methods of sampling, inspection, analysis, and testing and the tolerances to be allowed in the administration of this chapter. The rules adopted shall be in general accord with officially prescribed practice in interstate commerce.

(c) In order to gain access to seed or to records from authorized personnel, the department is entitled to enter any public or private premises during regular business hours or any land, water, or air conveyance at any time when the conveyance is accessible.

A person may not use both procedures for fee payment. The person shall pay the fee during each germination period that the seed remains offered or exposed for sale. If the germination test has expired on any seed, the custodian of the seed is responsible for payment of the fee.

(b) In order to pay the fee, a person may purchase from the department a label known as the "Texas

Tested Seed Label." The department by rule may prescribe the form of the label and the manner of showing the information required by Section 61.004 of this code. The purchaser shall attach the label to each container of seed sold or offered or otherwise distributed for sale. If the seed is in bulk, the person selling or offering, exposing, or otherwise distributing the seed for sale shall furnish the purchaser one Texas Tested Seed Label for each 100 pounds or fraction of 100 pounds of seed.

(c) Instead of purchasing a Texas Tested Seed Label, a person may pay the fee on the total number of pounds of seed sold or offered, exposed, or otherwise distributed for sale in this state. In order to pay the fee on this basis, the person must apply to the department for a permit. The department shall issue to each applicant a permit bearing an assigned number. The holder of the permit shall:

(1) maintain records, as required by the department, that accurately reflect the total pounds of seed subject to the fee that are handled, sold, or offered or distributed for sale;

(2) file with the department quarterly sworn reports covering the total pounds of all sales of seed subject to the fee sold during the preceding quarter; and

(3) affix to each container of seed subject to the fee or to the invoice of subject seed sold in bulk a plainly written statement of the information required under Section 61.004 of this code.

(d) Quarterly reports filed under Subsection (c)(2) of this section are due within 30 days after the last day of November, February, May, and August. Unless filed in accordance with prior written approval of the department for late filing, a person who does not file the report within the allotted time shall pay to the department a penalty of \$10 or an amount equal to 10 percent of the amount of fee due, whichever is greater.

(e) The department is entitled to examine the records of a permittee under Subsection (c) of this section during regular business hours. If the permittee is located outside of this state, the permittee shall maintain the records and information required by Subsection (c) of this section in this state or pay all costs incurred in the auditing of records at another location. The department shall promptly furnish to the permittee an itemized statement of any costs incurred in an out-of-state audit and the permittee shall pay the costs not later than the 30th day following the date of the statement.

(f) The department may set the fee, prescribe and furnish forms, and require the filing of reports necessary for the payment of the inspection fee.

[Acts 1981, 67th Leg., p. 1130, ch. 388, § 1, eff. Sept. 1, 1981.]

[Acts 1981, 67th Leg., p. 1131, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 61.013. Vegetable Seed License**

(b) The department may fix by rule and collect a fee for the issuance of a vegetable seed license.

(c) An applicant for a vegetable seed license shall apply for the license on forms prescribed by the department.

(d) A vegetable seed license expires on August 31 of each year.

(e) A person who sells or offers, exposes, or otherwise distributes for sale vegetable seed in containers bearing the name and address of a licensee under this section is not required to be licensed under this section.

[Acts 1981, 67th Leg., p. 1131, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 61.014. Stop-Sale Order**

(a) If the department has reason to believe that agricultural or vegetable seed is in violation of any provision of this chapter, the department may issue and enforce a written or printed order to stop the sale of the seed. The department shall present the order to the owner or custodian of the lot of seed. The person who receives the order may not sell the seed until the seed is discharged by a court under Subsection (b) of this section or until the department finds that the seed is in compliance with this chapter.

(b) The owner or custodian of seed prohibited from sale by an order of the department is entitled to sue in a court of competent jurisdiction where the seed is found for a judgment as to the justification of the order and for the discharge of the seed in accordance with the findings of the court.

(c) This section does not limit the right of the department to proceed as authorized by another section of this chapter.

[Acts 1981, 67th Leg., p. 1131, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 61.015. Seizure of Seed Not in Compliance**

(a) The department may sue in a court of competent jurisdiction in the area in which the seed is located for the seizure of any lot of agricultural or vegetable seed that is not in compliance with this chapter.

(b) If the court finds that the seed is not in compliance with this chapter, the court may condemn the seed. Condemned seed shall be denatured, processed, destroyed, relabeled, or otherwise disposed of in accordance with the law of this state.

(c) The court may not condemn the seed unless the owner or custodian of the seed is given the opportunity to apply to the court for the release of the seed or for permission to condition or relabel the seed to bring it into compliance with this chapter.

[Acts 1981, 67th Leg., p. 1131, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 61.016. Exceptions**

(a) Sections 61.001, 61.003-61.005, and 61.008 of this code do not apply to:

(1) seed or grain not intended for sowing purposes;

(2) seed in storage for cleaning or conditioning, if the label or other records pertaining to the seed bear the phrase "seed for conditioning"; or

(3) seed being transported or consigned to a seed cleaning or conditioning establishment for cleaning or conditioning, if the invoice or labeling accompanying the seed bears the phrase "seed for conditioning."

(b) The exceptions provided by Subsection (a) of this section do not affect the criminal liability of a person for false or misleading labeling or advertising of unclean seed under Section 61.018 of this code.

(c) This chapter does not prevent one farmer from selling to another farmer seed grown on his or her own farm without having the seed tested or labeled as required by this chapter if the seed:

(1) is not advertised in the public communications media outside the vendor's home county;

(2) is not sold or offered or exposed for sale by an individual or organization for the farmer; and

(3) is not shipped by a common carrier.

[Acts 1981, 67th Leg., p. 1132, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 61.017. Prosecutions**

(a) If the department has reason to believe that a person has violated any provision of this chapter, the department shall conduct a private hearing on the alleged violation, giving the accused the opportunity to appear and, either in person or by agent or attorney, present evidence. After the hearing, or without a hearing if the accused or the agent or attorney of the accused fails or refuses to appear,

the department may file with the appropriate district or county attorney the evidence of the violation or take other steps necessary to institute the prosecution of the violation. Venue for the prosecution is in the area in which the violation occurred.

(b) The county or district attorney or the attorney general, as applicable, shall institute proceedings at once against the person charged with the violation, if in his or her judgment the information submitted warrants the action.

(c) After judgment by a court in any case arising under this chapter, the department may publish any information pertinent to the issuance of the judgment in any media that it considers appropriate. [Acts 1981, 67th Leg., p. 1132, ch. 388, § 1, eff. Sept. 1, 1981.]

#### § 61.018. Penalties

(a) A person commits an offense if the person sells or offers, exposes, or transports for sale agricultural or vegetable seed within this state that:

(1) has not been tested for germination in accordance with Section 61.009 of this code;

(2) is not labeled in accordance with Section 61.004, 61.005, or 61.006 of this code, as applicable;

(3) has false or misleading labeling;

(4) is represented by a false or misleading advertisement;

(5) contains noxious weed seeds in excess of the limitations per pound, allowing for tolerances, prescribed under Section 61.008 of this code;

(6) has labeling or advertising subject to this chapter that represents the seed to be certified in violation of Section 61.007 of this code; or

(7) is labeled by variety name in violation of Section 61.007(b) of this code.

(b) A person commits an offense if the person:

(1) detaches, alters, defaces, or destroys any label provided for in this chapter or the rules adopted under this chapter;

(2) alters or substitutes seed in a manner that may defeat the purposes of this chapter;

(3) disseminates a false or misleading advertisement concerning agricultural or vegetable seed;

(4) fails to comply with a stop-sale order issued under Section 61.014 of this code;

(5) hinders or obstructs an authorized person in the performance of duties under this chapter;

(6) uses the word "type" in violation of Section 61.004(b) of this code; or

(7) violates any other provision of this chapter.

(c) An offense under this section is a misdemeanor punishable by a fine not exceeding \$50, unless the accused has been previously convicted of a similar offense, in which case the fine may not exceed \$200.

(d) If a person is prosecuted under this section for selling or offering or exposing for sale in this state agricultural or vegetable seed that is incorrectly labeled or represented as to kind, variety, type, treatment, or origin and that cannot be identified by examination, it is a defense to prosecution that the defendant obtained an invoice or grower's declaration giving kind, kind and variety, or kind and type, treatment, and origin, if required.

### § 62.001. Definitions

In this chapter:

(1) "Board" means the State Seed and Plant Board.

(2) The term "certified seed" or "certified plant" means a seed or plant that has been determined by a seed or plant certifying agency to meet agency rules and standards as to genetic purity and identity.

(3) "Plant" includes plant parts.

[Acts 1981, 67th Leg., p. 1134, ch. 388, § 1, eff. Sept. 1, 1981.]

### § 62.002. State Seed and Plant Board

(a) The State Seed and Plant Board is an agency of the state. The board is composed of six members appointed by the governor with the advice and consent of the senate. Membership must include:

(1) one individual from the Soils and Crop Sciences Department, Texas Agricultural Experiment Station, Texas A & M University;

(2) one individual from the Department of Plant and Soil Sciences, Texas Tech University;

(3) one individual licensed as a Texas Foundation, Registered, or Certified seed or plant producer who is not employed by a public institution;

(4) one individual who sells Texas Foundation, Registered, or Certified seed or plants;

(6) the head of the seed division of the department.

(b) An individual appointed from a state university or the department serves on the board as an ex officio member. A member serves for a term of two years and until a successor has qualified. Members serve without compensation but are entitled to reimbursement by the state for actual expenses incurred in the performance of their duties.

(c) A member whose employment is terminated with the agency or department from which the member was appointed or who ceases to be engaged in the business or professional activity that the member was appointed to represent vacates membership on the board.

(d) The board annually shall elect a chairman, vice-chairman, and secretary. The board shall meet at times and places determined by the chairman.

(e) The State Seed and Plant Board is subject to the Texas Sunset Act (Article 5429k, Vernon's Texas Civil Statutes). Unless continued in existence as provided by that Act the board is abolished, and this chapter expires effective September 1, 1987.

[Acts 1981, 67th Leg., p. 1134, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 62.003. Classes of Certified Seed**

(a) The four classes of certified seed and plants are Breeder, Foundation, Registered, and Certified.

(b) A Breeder seed or Breeder plant is directly controlled by the originating or sponsoring person or the person's designee and is the primary source for the production of seed and plants of the other classes.

(c) A Foundation seed or Foundation plant is the progeny of Breeder or Foundation seed or plants and is produced and handled under the procedures established, in accordance with federal requirements, by a seed or plant certifying agency for the Foundation class of seed or plants for the purpose of maintaining genetic purity and identity.

(d) A Registered seed or Registered plant is the progeny of Breeder or Foundation seed or plants and is produced and handled under procedures established, in accordance with federal requirements, by a seed or plant certifying agency for the Registered class of seed or plants for the purpose of maintaining genetic purity and identity.

(e) A Certified seed or Certified plant is the progeny of Breeder, Foundation, or Registered seed or plants, except as otherwise provided by federal law, and is produced and handled under procedures established, in accordance with federal requirements, by a seed or plant certifying agency for the Certified

class of seed or plants for the purpose of maintaining genetic purity and identity.

[Acts 1981, 67th Leg., p. 1134, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 62.004. Eligibility for and Standards of Certification**

(a) The board may establish, not inconsistent with federal law, the eligibility of various kinds and varieties of seed and plants for genetic purity and identity certification and the procedures for that certification.

(b) The board may establish standards of genetic purity and identity, not inconsistent with federal law, for classes of certified seed and plants for which the board determines that standards are desirable. In establishing the standards, the board may consider all factors affecting the quality of seed and plants.

(c) The board shall report to the department the kinds and varieties of seed and plants eligible for certification and the standards adopted for certification eligibility.

[Acts 1981, 67th Leg., p. 1135, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 62.005. Licensing of Producers of Foundation, Registered, or Certified Seed**

(a) A person who wants to produce a certified class of seed or plant for which the board has established standards of genetic purity and identity may apply to the board for licensing as a Foundation, Registered, or Certified producer of seed or plants. To be licensed as a producer, a person must satisfy the board that:

(1) he or she is of good character and has a reputation for honesty;

(2) his or her facilities meet board requirements for producing and maintaining seed or plants for the certification generations desired; and

(3) he or she has met any other board requirements as to knowledge of the production or maintenance of seed or plants for the certification generations for which he or she applies to be licensed.

(b) The board may adopt rules governing the production and handling by licensed producers of certified classes of seed and plants to ensure the maintenance of genetic purity and identity.

(c) A license to produce Foundation, Registered, or Certified seed or plants is not transferable and is permanent unless revoked as provided in this chapter. A person licensed as a producer of Foundation, Registered, or Certified seed or plants is eligible to produce certified seed or plants, as provided in the license, of the class for which he or she is licensed or of any lower class of certified seed or plants, as determined by the board.

[Acts 1981, 67th Leg., p. 1135, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 62.006. Registration of Plant Breeders**

(a) A person engaging in the development, maintenance, or production of seed or plants for which standards of genetic purity and identity have been established by the board may apply to the board for registration as a plant breeder. The applicant shall apply on forms prescribed by the board and shall include with the application a nonrefundable registration fee of not more than \$100, as determined by the board. To be registered as a plant breeder, a person must satisfy the board that the person is skilled in the science of plant breeding. The board may require skill to be shown by evidence of accomplishments in the field and may require an oral or written examination in the subject.

(b) A certificate of registration is not transferable and is permanent unless revoked as provided in this chapter.

[Acts 1981, 67th Leg., p. 1135, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 62.007. Protection of Foundation, Registered, and Certified Cotton Varieties**

(a) The board shall adopt rules governing the registration for certification eligibility of newly developed varieties of cotton. A person desiring to register a new variety of cotton shall apply for registration to the board on forms prescribed by the board. To obtain registration for a new variety of cotton, a person must satisfy the board that the cotton to be registered is a distinct new variety and must meet board requirements regulating control of production, maintenance, and handling of the cotton for genetic purity and identity.

(b) On issuance of a certificate of registration for a new cotton variety, the board shall notify the department of the eligibility for certification of seed of the variety.

(c) After issuance of a certificate of registration for a new cotton variety, a person may not use the name given the new variety by the registrant in the sale of noncertified cottonseed for a period of 17 years from the date of issuance of the certificate of registration. This subsection does not apply to a variety for which an application is pending for United States plant variety protection, not specifying sale by variety name only as a class of certified seed, nor to a variety for which a certificate has been issued for United States plant variety protection, not specifying sale by variety name only as a class of certified seed.

(d) This section does not require registration of new varieties of cotton. On 10 days' notice to the board, a person may withdraw from the operation of this section a cotton variety previously registered to that person.

(e) This section does not prohibit contracts between a registrant and seedmen or farmers for the

production or sale of certified seed of the new cotton variety.

(f) This section does not prohibit one farmer from selling to another farmer cottonseed of a new variety grown on his or her own farm in accordance with Section 61.016(c) of this code.

(g) If the board determines that a critical situation exists because rain, hail, drouth, insects, or other natural elements beyond producers' control have reduced the supply of planting seed of a registered cotton variety, the board may hold a public hearing to determine the extent of the emergency. The board shall publish notice of the time, place, and nature of the hearing in at least three newspapers of general circulation in the state at least seven days before the hearing. At the hearing and after presentation of evidence from interested parties, the board may allow noncertified seed grown from certified seed of the variety in which a shortage exists to be sold by variety name for that crop year only. This subsection does not apply to a variety for which an application is pending for United States plant variety protection, specifying sale by variety name only as a class of certified seed, nor to a variety for which a certificate has been issued for United States plant variety protection, specifying sale by variety name only as a class of certified seed.

(h) This section does not apply to seeds marketed or approved for certification eligibility before September 1, 1969.

[Acts 1981, 67th Leg., p. 1136, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 62.008. Certification of Seed and Plants**

(a) The department is the certifying agency in Texas for the certification of seed and plants. The department shall employ a sufficient number of inspectors from persons nominated by the board to carry out the inspection provisions of this chapter. Inspectors must meet qualifications set by the board.

(b) A person who is licensed as a Foundation, Registered, or Certified seed or plant producer, who is registered as a plant breeder, or who has a certificate of registration for a cotton variety is eligible to have seed or plants of an eligible class and variety certified by the department. On request by a licensed producer, registered plant breeder, or registrant of a cotton variety to have seed or plants certified, the department shall inspect the producer's or registrant's fields, facilities, and seed or plants. Inspection may include tests approved by the board and carried out by inspectors under the authority of the department.

(c) After inspection, if the department determines that the production of seed or plants has met the standards and rules prescribed by the board, it shall cause to be attached to each container of the product a label identifying the seed or plant and the certified

class and including other information required by statute or by rule of the board. The board shall prescribe the format of the label.

(d) The department shall fix and collect a fee for the issuance of a certification label in an amount necessary to cover the costs of inspection and labels. [Acts 1981, 67th Leg., p. 1137, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 62.009. Seed and Plants From Outside the State**

(a) The department may adopt rules, including testing requirements and standards, which must be met before seed or plants represented to be of a certified class may be shipped into the state for distribution in the state. The rules adopted shall be designed to ensure buyers in the state of having available certified seed and plants of known origin, genetic purity, and identity and shall correspond to appropriate rules used in certifying seed and plants produced in Texas.

(b) The department may require inspections of seed and plants represented to be of a certified class and shipped into the state for distribution in the state and may collect fees to cover costs of inspection, as determined by the department. The department may require inspection fee payment before distribution in the state.

(c) A person may not distribute in this state seed or plants represented to be of a certified class and shipped into the state for distribution in the state, unless the person has first complied with any rules, including testing requirements, adopted by the department for seed or plants shipped into the state.

(d) A person may not sell or offer for sale in this state seed or plants represented to be of a certified class and shipped into the state for distribution in the state, unless the seed or plants have been certified by an official certifying agency in the state, province, or country of origin or have been certified by the department.

(e) Seed or plants shipped into the state for distribution in the state which are represented to be of a certified class and which are found by the department after investigation to violate the requirements of this section are restricted from distribution. In addition, the department may order the seed or plants in violation confiscated and retained under general supervision of the department. An owner or consignee of restricted or confiscated seed or plants may appeal the order by filing an appeal within 10 days of the order. Appeal is in the county court of the county where the seed or plants are restricted or were confiscated. The appeal in county court is by trial de novo. If no appeal is filed as provided in this section or if after an appeal in county court, the department's action is not reversed, the department may destroy confiscated seed or plants.

[Acts 1981, 67th Leg., p. 1137, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 62.010. Revocation of Registration, License, or Certification**

(a) If an inspector reports to the department that a registered plant breeder or licensed producer of Foundation, Registered, or Certified seed or plants has made exaggerated claims for products or has failed to observe any rule governing the maintenance and production of a certified class of seed or plants that he or she is registered or licensed to produce or maintain, the department may give written notice to the breeder or producer of the time and place of a revocation hearing to be held by the department not later than the 10th day following the day on which notice is issued.

(b) If at the hearing, the department finds that the registered plant breeder or licensed producer has made exaggerated claims or has violated any rule for the production and maintenance of the certified class of seed or plants involved, the department may revoke the registration or license and order the cancellation and withdrawal of all appropriate certification labels previously issued for the seed or plants.

(c) A registered plant breeder or licensed producer whose registration or license has been revoked and whose certification labels have been canceled and withdrawn may appeal the action to the board by filing a notice of appeal with the department within 30 days of the revocation. The department shall report the notice of appeal to the board, which shall give written notice of the time and place for an appeal hearing to the appellant. The hearing on appeal may not be less than 10 nor more than 30 days after the day on which notice of appeal is filed with the department. If the department's action is reversed at the appeal hearing, the board shall direct the department to reinstate the registration or license and reissue certification labels for seed or plants for which labels were previously canceled and withdrawn.

[Acts 1981, 67th Leg., p. 1138, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 62.011. Penalties**

(a) A person permits an offense if the person:

(1) sells or offers for sale in this state seed or plants with labeling or packaging accompanying the seed or plants using the terms "from officially inspected fields," "state inspected," "approved seed," "approved plants," "approved sods," "approved trees," "inspected fields," "foundation seed," "certified plants," or terms having the same meaning, unless the seed or plants have been certified as Foundation, Registered, or Certified seed or plants;

(2) represents himself or herself to be a registered plant breeder or licensed producer of Foundation, Registered, or Certified seed or plants un-

less he or she has been registered or licensed under this chapter;

(3) sells or offers for sale in this state Foundation, Registered, or Certified seed or plants that are not in compliance with this chapter or with the rules adopted under this chapter;

(4) sells or offers for sale seed or plants represented to be certified in explicit oral or written statements or by misleading oral or written statements if the seed or plants have not been certified or have not been certified as being of the class of which they are represented;

(5) violates Section 62.007(c) of this code;

(6) violates Section 62.009(c), (d), or (e) of this code.

(b) An offense under Subsection (a)(1), (a)(2), or (a)(6) of this section is a misdemeanor punishable by:

(1) a fine of not less than \$10 nor more than \$100;

(2) confinement in county jail for not more than 30 days; or

(3) both fine and confinement under this subsection.

(b) Unprocessed, unpackaged, or unmanipulated lime, limestone, marl, or gypsum is not a commercial fertilizer subject to this chapter.

(c) The excreta of an animal, plant remains, or mixtures of those substances, are not commercial fertilizers subject to this chapter if no claim of grade is made for the substance or mixture.

(d) A plant food element or additive other than nitrogen, phosphorus, or potassium, determinable by an acceptable method, may be incorporated into a commercial fertilizer and guaranteed only if, and in the manner, authorized by rule of the director. Any additional plant food element or additive is subject to the inspection, analysis, and other provisions of this chapter.

The persons conducting the hearing shall take the constitutional oath of office and may administer oaths to take testimony.

(b) The persons conducting the hearing shall record the proceedings and make a written report to the department with findings, and reasons supporting the findings as to:

In addition, the department may petition the court to appoint a receiver for the premises.

(b) In an action under this section, it is presumed that the person on whom the order was served was the owner, part owner, or caretaker when the time for compliance expired, and the state is required only to allege and prove that, at the time the order was served, the person was the owner, part owner, or caretaker of the premises subject to the order.

(c) Venue for a suit under this section is in the county in which the premises subject to the order are located.

Proceeds of the sale in excess of the amount owed to the department shall be paid to the owner of the premises or to the county treasurer subject to the order of the owner.

(c) The department may fix the lien by filing the lien, a sworn statement of the indebtedness, and a description of the property subject to the lien with the county clerk of the county in which the premises are located. The lien must be filed before the 31st day following the last day of action by the department under Section 72.042(g) of this code. Within 24 months after filing the lien, the department shall file suit in a court of competent jurisdiction for collection of the account and foreclosure of the lien. Neither the department nor any person to whom the account is assigned may be required to post a cost bond in that suit. The court shall enter judgment for the debt with interest and costs of suit and foreclosing the lien on premises as the court determines necessary for defraying expenses, court costs, and the fees owed.

(b) Any resident of this state may sue for an injunction or mandamus to compel compliance with this chapter or to restrain a violation of this chapter. (e) If the department finds that a type of application of a herbicide does not create a hazard in a particular area, the department by rule shall exempt that area from the permit and fee requirement of this section.

(f) A permit to apply a herbicide and payment of the permit fee is not required for experimental work

with a herbicide by the department, a recognized college or university, the United States Department of Agriculture, a governmental body, or a public organization if the entity gives written notice of the work to the department and does the work in accordance with rules adopted by the department. (a) Except as provided by Subsection (d) of this section, each person who applies a herbicide shall record each application of a herbicide that he or she makes and shall keep a copy of the records for at least two years after the date the application was made.

(b) The department shall adopt rules that prescribe the information to be stated in the records required by this section.

(c) To be eligible to hold a valid permit to apply a herbicide, a person must submit to the department, within a period prescribed by rule of the department, the record of each application of a herbicide made by the person. The department may require all persons who apply a herbicide to submit periodically to the department a copy of the records required by this section.

(d) A person, other than a custom applier, who applies a herbicide to a lawn is not required to make and keep the records required by Subsection (a) of this section for that application of a herbicide.

[Acts 1981, 67th Leg., p. 1182, ch. 388, § 1, eff. Sept. 1, 1981.]

(a) Each custom applier shall:

(1) deposit with the department a surety bond approved by the department in the amount of \$20,000 plus \$2,000 for each piece of spraying equipment licensed for use by the custom applier; or

(2) subscribe for and hold a policy of crop damage insurance approved by the department with coverage in the amount described by Subdivision (1) of this subsection.

(b) A custom applier shall increase the amount of a bond or the amount of coverage of crop damage insurance by \$2,000 for each piece of spraying equipment used by the custom applier.

(c) A surety bond must be conditioned on compliance with this chapter and rules adopted under this chapter.

(d) Failure to perform the conditions of a bond resulting in injury to any crop or valuable plants is grounds for forfeiture of the bond to the person owning the crop or plants in a suit brought by the department or an interested party.

(e) The department shall prescribe requirements of crop damage insurance policies.

(f) The furnishing of a surety bond or crop damage insurance does not limit any civil or criminal liability incurred because of the negligent or unlawful use of a herbicide.

[Acts 1981, 67th Leg., p. 1183, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 75.015. Notice of Effects of Herbicide; Inspection**

(a) The department shall:

(1) inspect all crops reported to it as being affected by a herbicide;

(2) inspect the area surrounding the crops to find possible sources of drift; and

(3) report all findings concerning the affected crops.

(b) If a person's crops or plants are affected by drift of a hormone-type herbicide, the person shall notify the department of the effect. The person shall give notice before the crop is harvested or the plants are destroyed, whichever occurs first.

(c) If notice is not given in accordance with Subsection (b) of this section, it is presumed that there was no effect of a hormone-type herbicide. This presumption is rebuttable.

[Acts 1981, 67th Leg., p. 1183, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 75.016. Equipment License; Fee**

(a) A custom applier may not use equipment to apply a herbicide unless the equipment first is inspected and licensed by the department.

(b) The department shall inspect a piece of equipment before renewing an equipment license. If the equipment is used on an aircraft, the department shall inspect the equipment:

(1) during each 30-day period while the equipment is installed on the aircraft and is in use; or

(2) before the equipment is used, if removed from the aircraft and reinstalled after the 30th day after the day on which the equipment was last inspected.

(c) At the time of inspection, a custom applier shall pay an inspection fee of \$10 for each piece of equipment inspected.

(d) An equipment license expires on January 1 of each year.

[Acts 1981, 67th Leg., p. 1183, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 75.017. Regulation of Equipment**

The department by rule may:

(1) provide requirements for all equipment regardless of whether the equipment is required to be licensed;

(2) regulate or prohibit the use of equipment that may be hazardous in an area of the state; and

(3) define what constitutes an installation of equipment on an aircraft.

[Acts 1981, 67th Leg., p. 1184, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 75.018. Rules**

(a) Before the 21st day after the day on which the department receives, from an interested person, a written request for a revision of a rule, an exemption from a requirement of this chapter, or a prohibition of the spraying of a herbicide in an area, the department shall hold a public hearing to consider the request.

(b) Before the 10th day before the day on which a hearing required by this section is held, the department shall deliver notice of the hearing to each holder of a permit or license in the area affected by the hearing.

(c) The department may not hold more than one hearing to consider the condition of a particular area during a 90-day period unless the department determines that more frequent hearings are necessary.

(d) The department shall distribute in printed form all rules of the department adopted under this chapter and shall deliver a copy of those rules to each applicant for a permit or license.

[Acts 1981, 67th Leg., p. 1184, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 75.019. Enforcement**

(a) The department shall enforce this chapter and rules adopted under this chapter.

(b) If a county or district attorney refuses to act on behalf of the department in its enforcement of this chapter or a rule adopted under this chapter, the attorney general shall act on the department's behalf.

[Acts 1981, 67th Leg., p. 1184, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 75.020. Employees**

The department may employ inspectors and other employees necessary for the proper enforcement of this chapter and rules adopted under this chapter.

[Acts 1981, 67th Leg., p. 1184, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 75.021. County Herbicide Inspector**

(a) The commissioners court of each county may appoint and compensate persons to be herbicide inspectors for the area designated by the appointment.

(b) A county herbicide inspector shall cooperate with and work under the supervision of the department in enforcing this chapter and rules adopted under it.

(c) A county herbicide inspector has the powers of an employee of the department.

[Acts 1981, 67th Leg., p. 1184, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 75.022. Application of Chapter**

(a) Because there is no crop or vegetation of value susceptible to damage in the area, Sections 75.006–75.017 of this code do not apply to a county of this state, except Dawson County, that lies north or west of:

(1) the southern boundaries of Andrews, Martin, Howard, Mitchell, Nolan, Taylor, Callahan, and Eastland counties;

(2) the eastern boundaries of Eastland, Stephens, and Young counties; and

(3) the southern and eastern boundaries of Clay County.

[Acts 1981, 67th Leg., p. 1184, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 75.023. Revocation and Reinstatement of Exemption**

(a) If the commissioners court of a county exempted by Section 75.022 of this code determines that a crop or vegetation of value that is susceptible to damage exists in the county or a portion of the county and evidences its determination by an appropriate order entered in the minutes of the court, Sections 75.006–75.017 of this code become effective in that county or portion of the county immediately on entry of the order.

(b) If the commissioners court of a county, all or a part of which has been removed from the exemption of Section 75.022 of this code under Subsection (a) of this section, determines that there is no longer a crop or vegetation susceptible to damage in that county or portion of the county, the court may order the exemption reinstated.

(c) If the commissioners court of a county that is subject to this chapter determines that there is no crop or vegetation of value susceptible to damage in the county or a portion of the county, the court by order may exempt the county or that portion of the county from the application of Sections 75.006–75.017 of this code.

(d) If a county or a portion of a county has been exempted under Subsection (c) of this section, the commissioners court may hold a hearing and enter an order revoking that exemption.

(e) Before an order may be entered under this section, the commissioners court shall hold a hearing to determine whether the order should be issued. The hearing may be held only once each year and only in the month of October, November, or December. Before the 10th day before the day on which the hearing is to be held, the commissioners court shall give notice of the hearing in at least one newspaper in the county.

(f) Before the 21st day after the day on which an order is entered, an interested person may appeal an order of a commissioners court issued under this section to district court to test the reasonableness of the commissioners court's fact-finding. On appeal, the district court shall follow the rules governing judicial review of contested cases under Section 19, Administrative Procedure and Texas Register Act (Article 6252–13a, Vernon's Texas Civil Statutes), and shall apply the substantial evidence rule. Appeals may be taken from the district court as in other civil cases.

(g) An order issued by the commissioners court under this section becomes effective January 1 of the year following the date of the hearing.

(h) The commissioners court shall notify the department of a change in the status of the exemption of a county or a portion of a county under this section.

[Acts 1981, 67th Leg., p. 1185, ch. 388, § 1, eff. Sept. 1, 1981.]

ed body and for the most part belonging to the class Insecta, comprising six-legged, usually winged forms such as beetles, bugs, bees, and flies. The term includes allied classes of arthropods, the members of which are wingless and usually have more than six legs, such as spiders, mites, ticks, centipedes, and wood lice.

(13) "Label" means the written, printed, or graphic matter on or attached to a pesticide or device or any of its containers or wrappers.

(14) "Labeling" means a label or any other written, printed, or graphic matter prepared by a registrant:

(a) After notice and public hearing, the department may adopt lists of state-limited-use pesticides for the entire state or for a designated area within the state.

(b) A pesticide may be included on a list of state-limited-use pesticides if the department determines that, when used as directed or in accordance with widespread and commonly recognized practice, the pesticide requires additional restrictions to prevent unreasonable risk to man or the environment, taking into account the economic, social, and environmental costs and benefits of use of the pesticide.

(c) The department may regulate the time and conditions of use of a state-limited-use pesticide and may require that it be purchased or used only:

(b) The department may require the applicant to submit the complete formula for a pesticide, including active and inert ingredients, as a prerequisite to registration.

(c) The department may require a full description of the tests made and the results of the tests on which claims are based before approving registration of a pesticide that is not registered under federal law or for which federal or state restrictions on use are being considered.

(d) A person located outside this state, as a condition to registration of a pesticide, shall file with the department a written instrument designating a resident agent for service of process in actions taken in the administration and enforcement of this chapter. Instead of designating a resident agent, the person may designate in writing the secretary of state as the recipient of service of process for the person in this state.

(b) If a person fails to apply for renewal of registration before March 1 of any year, the person, as a condition to renewal, shall pay a late registration fee of \$5 for each brand to be renewed, in addition to the renewal fee.

[Acts 1981, 67th Leg., p. 1193, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 76.045. Department Approval**

(2) the pesticide, its labeling, and other materials required to be submitted under this chapter comply with the requirements of this chapter.

[Acts 1981, 67th Leg., p. 1193, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 76.046. Registration for Special Local Need**

[Acts 1981, 67th Leg., p. 1193, ch. 388, § 1, eff. Sept. 1, 1981.]

(b) The department shall issue written notice of a hearing under this section to the registrant of the pesticide. The notice must contain a statement of the time and place of the hearing. The hearing shall be held after the 10th day following the day on which the notice is issued.

(c) After opportunity at the hearing for presentation of evidence by interested parties, the department may deny or cancel the registration of the pesticide if the department finds that:

(1) use of the pesticide has demonstrated uncontrollable adverse environmental effects;

(2) use of the pesticide is a detriment to the environment that outweighs the benefits derived from its use;

(3) even if properly used, the pesticide is detrimental to vegetation, except weeds, to domestic animals, or to public health and safety;

(4) a false or misleading statement about the pesticide has been made or implied by the registrant or the registrant's agent, in writing, verbally, or through any form of advertising literature; or

(5) the registrant has not complied or the pesticide does not comply with a requirement of this chapter or a rule adopted under this chapter.

[Acts 1981, 67th Leg., p. 1194, ch. 388, § 1, eff. Sept. 1, 1981.]

(b) A person may file an application for an experimental use permit before or after applying for registration.

(c) Use of a pesticide under an experimental use permit is under the supervision of the department and is subject to the terms and conditions, and valid for a period of time, prescribed by the department in the permit.

(d) The department may revoke an experimental use permit at any time if the department finds that:

(1) the terms or conditions of the permit are being violated; or

(2) the terms and conditions of the permit are inadequate to avoid any unreasonable risk to man or the environment, taking into account the economic, social, and environmental costs and benefits of use of the pesticide.

[Acts 1981, 67th Leg., p. 1194, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 76.074. Display of Dealer License**

(a) Each dealer shall prominently display the pesticide dealer license in the dealer's place of business.

(b) Failure to display a license as required by this section is a ground for revocation of the license. [Acts 1981, 67th Leg., p. 1195, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 76.075. Records**

The department shall make full use of grants-in-aid and cooperative agreements in administering this subchapter.

[Acts 1981, 67th Leg., p. 1196, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 76.103. Program Contingent on Federal Funds

(a) The licensing of certified commercial and non-commercial applicators is contingent on the availability of federal funds to pay part of the costs of administering and enforcing the program.

(b) If federal funds and other funds made available for this program are not sufficient to pay all costs of administering and enforcing the program, the department shall certify that fact and discontinue the licensing of certified commercial and noncommercial applicators. The department shall publish notice of the discontinuance of the program in the Texas Register.

(c) If sufficient funds become available after discontinuance, the department shall certify the availability of sufficient funds to pay all costs of administration and enforcement of the program and shall resume the licensing of certified commercial and noncommercial applicators. The department shall publish notice of resumption of the program in the Texas Register.

(d) The department shall determine the effective date of discontinuance or resumption of the program, but the date may not be before the date of publication of notice in the Texas Register.

(e) During any period in which the program has been discontinued, a person is not required to have a license provided by this subchapter in order to use pesticides, but a person may be prosecuted for acts committed or omitted when the program was in effect.

§ 76.104. Agency Rules for Application of a Pesticide

(a) The head of each regulatory agency may, after notice and public hearing, adopt rules to carry out the provisions of this subchapter for which the agency is responsible.

(b) Rules adopted under this section may:

(1) prescribe methods to be used in the application of a restricted-use or state-limited-use pesticide;

(2) relate to the time, place, manner, method, amount, or concentration of pesticide application or to the materials used in pesticide application; and

(3) restrict or prohibit use of a restricted-use or state-limited-use pesticide in designated areas during specific periods of time.

(c) A regulatory agency may adopt a rule under this section only after consideration of precautions or restrictions necessary to prevent unreasonable risk to man or the environment, taking into account the economic, social, and environmental costs and benefits of the use of the pesticide.

[Acts 1981, 67th Leg., p. 1197, ch. 388, § 1, eff. Sept. 1, 1981.]

#### § 76.105. License Required

(a) Except as otherwise provided by this section, a person may not use or supervise the use of a restricted-use or state-limited-use pesticide unless the person is:

(1) licensed as a certified commercial or non-commercial applicator; and

(2) authorized by the license to use the restricted-use or state-limited-use pesticide in the license use categories covering the proposed pesticide use.

(b) Subsection (a) of this section does not apply to an individual acting under the direct supervision of a certified applicator.

(c) For purposes of this section, an individual is under the direct supervision of a certified applicator if the individual is acting under the instructions and control of a certified applicator who is responsible for the actions of that individual and who is available if and when needed. The certified applicator is not required to be physically present at the time and place of the pesticide application.

[Acts 1981, 67th Leg., p. 1197, ch. 388, § 1, eff. Sept. 1, 1981. Amended by Acts 1981, 67th Leg., p. 2589, ch. 693, § 3, eff. Sept. 1, 1981.]

#### § 76.106. Classification of Commercial and Non-commercial Licenses

(a) The head of each regulatory agency may classify commercial and noncommercial licenses under subcategories of license use categories according to the subject, method, or place of pesticide application.

(b) A regulatory agency head shall establish separate testing requirements for licensing in each license use category for which the agency is responsible and may establish separate testing requirements for licensing in subcategories within a license use category.

(c) Each regulatory agency may charge a nonrefundable testing fee of not more than \$10 for testing in each license use category.

[Acts 1981, 67th Leg., p. 1198, ch. 388, § 1, eff. Sept. 1, 1981.]

#### § 76.107. Certification by More Than One Agency

(a) A person who wants to be certified as a pesticide applicator under license use categories regulated by more than one regulatory agency may do so by paying a single license fee to the agency regulating the person's primary business and meeting certification requirements for each category for which the person desires certification.

(b) A person certified under this section must pay testing fees required by each regulatory agency. [Acts 1981, 67th Leg., p. 1198, ch. 388, § 1, eff. Sept. 1, 1981.]

#### § 76.108. Commercial Applicator License

(a) A person who operates a business that applies state-limited-use or restricted-use pesticides to the land of another person for hire or compensation and who is required to be licensed by Section 76.105 of this code shall apply to the appropriate regulatory agency for a commercial applicator license issued for the license use categories and subcategories in which the pesticide application is to be made.

(b) A person shall apply for an original or renewal commercial applicator license on forms prescribed by the regulatory agency. The application shall include information as required by rule of the head of the agency and must be accompanied by an annual license fee of no more than \$100, as fixed by the head of the agency.

(c) The head of a regulatory agency may not issue an original commercial applicator license before the applicant has:

(1) filed with the agency evidence of financial responsibility as required by Section 76.111 of this code; and

(2) passed an examination under Section 76.110 of this code.

(d) The head of a regulatory agency may not issue a commercial applicator license if it has been determined that:

(1) the applicant has been convicted of a felony involving moral turpitude in the last five years;

(2) the applicant has had a license issued under this subchapter revoked within the last two years;

(3) the applicant, or the applicant's representative if the applicant is a business, has been unable to satisfactorily fulfill certification requirements; or

(4) the applicant for any other reason cannot be expected to be able to fulfill the provisions of this subchapter applicable to the license use category for which application is made.

(e) An individual to whom a commercial applicator license is issued is a certified applicator authorized to use and supervise the use of restricted-use and state-limited-use pesticides in the license use categories and subcategories in which the individual is licensed.

(f) If a license is issued in the name of a business, the business must have a certified applicator employed at all times. Failure to have a certified applicator employed is a ground for revocation of a business commercial applicator license.

(g) As a condition to issuance of a commercial applicator license, an applicant located outside this state shall file with the regulatory agency a written instrument designating a resident agent for service of process in actions taken in the administration and enforcement of this chapter. Instead of designating a resident agent, the applicant may designate in writing the secretary of state as the recipient of service of process for the applicant in this state. [Acts 1981, 67th Leg., p. 1198, ch. 388, § 1, eff. Sept. 1, 1981. Amended by Acts 1981, 67th Leg., p. 2590, ch. 693, § 4, eff. Sept. 1, 1981.]

**§ 76.109. Noncommercial Applicator License**

(a) A person who is required to be licensed under Section 76.105 of this code but who does not qualify as a commercial applicator or a private applicator shall apply to the appropriate regulatory agency for a noncommercial applicator license issued for the license use categories and subcategories in which the pesticide application is to be made.

(b) A person shall apply for an original or renewal noncommercial applicator license on forms prescribed by the regulatory agency. A nongovernmental applicant shall include with the application an annual license fee of not more than \$50, as fixed by the head of the regulatory agency. A regulatory agency may not charge a governmental entity applicant a license fee.

(c) The head of a regulatory agency may not issue an original noncommercial applicator license before the applicant has passed an examination under Section 76.110 of this code.

(d) An individual to whom a noncommercial applicator license is issued is a certified applicator authorized to use and supervise the use of restricted-use and state-limited-use pesticides in the license use categories and subcategories in which the individual is licensed.

(e) If a license is issued in the name of a governmental entity, the entity must have a certified applicator employed at all times. Failure to have a certified applicator employed is a ground for revocation of a governmental entity noncommercial applicator license.

(f) As a condition to issuance of a noncommercial applicator license, an applicant located outside this state shall file with the regulatory agency a written instrument designating a resident agent for service of process in actions taken in the administration and enforcement of this chapter. Instead of designating a resident agent, the applicant may designate in

writing the secretary of state as the recipient of service of process for the applicant in this state. [Acts 1981, 67th Leg., p. 1199, ch. 388, § 1, eff. Sept. 1, 1981. Amended by Acts 1981, 67th Leg., p. 2590, ch. 693, § 5, eff. Sept. 1, 1981.]

**§ 76.110. Certified Applicator Examination; Reciprocal Agreements**

(a) Each person applying for a license as a certified applicator must pass an examination demonstrating that the person:

(1) is properly qualified to perform functions associated with pesticide application to a degree directly related to the nature of the activity and the associated responsibility; and

(2) has knowledge of the use and effects of restricted-use and state-limited-use pesticides in the license use categories and subcategories in which the person is to be licensed.

(b) The head of a regulatory agency may waive part or all of any license examination requirements on a reciprocal basis with any other state or federal agency that has substantially the same examination standards.

[Acts 1981, 67th Leg., p. 1199, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 76.111. Commercial Applicator Proof of Financial Responsibility**

(a) Each applicant for a commercial applicator license shall file with the regulatory agency issuing the license:

(1) a bond executed by the applicant as principal and by a corporate surety licensed to do business in Texas as surety; or

(2) a liability insurance policy, or certification of a policy, protecting persons who may suffer damages as a result of the operations of the applicant.

(b) The bond or liability insurance policy is not required to apply to damages or injury to agricultural crops, plants, or land being worked on by the applicant.

(c) The bond or liability insurance policy must be approved by the regulatory agency and conditioned on compliance with the requirements of this chapter and rules adopted under this chapter.

(d) The amount of the bond or liability insurance required by a regulatory agency may not be less than \$5,000 nor more than \$100,000 for property damage insurance and may not be less than \$5,000 for bodily injury insurance. The head of a regulatory agency by rule may require different amounts of bond or insurance coverage for different classifications of operations under this chapter. At all times during the license period, the bond or liability insurance must be maintained at not less than the amount set by the agency head.

(e) At least 10 days before a reduction requested by a licensee or a cancellation of a bond or liability insurance policy, the party taking the action shall notify the head of the appropriate regulatory agency. If the party does not give that notice, the liability of the surety or insurer is limited to the bond or liability insurance policy.

(f) The head of a regulatory agency may accept a bond or liability insurance policy in the proper sum which has a deductible clause in an amount of not more than \$1,000 for the total amount of the bond or liability insurance policy required by this section. If the applicant has not satisfied the requirement of the deductible amount in any prior legal claim, an agency head may not accept a bond or policy with a deductible clause unless the applicant furnishes the agency with a surety bond that satisfies the amount of the deductible clause as to all claims that may arise as a result of the applicant's operation.

(g) Should the surety furnished under this section become insufficient or otherwise unsatisfactory, a licensee shall, on notice of the insufficiency or other defect, immediately file a new bond or liability insurance policy. A licensee may not operate as a commercial applicator during an uninsured period. Failure to file a bond or liability insurance policy or failure to maintain the surety in the required amount is a ground for suspension or revocation of a commercial applicator license.

[Acts 1981, 67th Leg., p. 1200, ch. 388, § 1, eff. Sept. 1, 1981. Amended by Acts 1981, 67th Leg., p. 2590, ch. 693, § 6, eff. Sept. 1, 1981.]

#### § 76.112. Private Applicator

(a) A person is a private applicator if the person uses or supervises the use of a restricted-use or state-limited-use pesticide for the purpose of producing an agricultural commodity:

(1) on property owned or rented by the person or the person's employer or under the person's general control; or

(2) on the property of another person if applied without compensation other than the trading of personal services between producers of agricultural commodities.

(b) A private applicator is not required to be licensed or certified to use restricted-use or state-limited-use pesticides.

(c) The department may establish a voluntary program to certify private applicators who wish to apply restricted-use pesticides in compliance with federal law.

(d) An employee qualifies as a private applicator under Subdivision (1) of Subsection (a) of this section only if he is employed to perform other duties related to agricultural production and provide labor for the pesticide application but does not provide the necessary equipment or pesticide.

[Acts 1981, 67th Leg., p. 1200, ch. 388, § 1, eff. Sept. 1, 1981. Amended by Acts 1981, 67th Leg., p. 2590, ch. 693, § 7, eff. Sept. 1, 1981.]

#### § 76.113. Expiration and Renewal of Licenses

(a) Each commercial or noncommercial applicator license expires on the last day of February of the year following the year in which it was issued.

(b) Except as provided by Subsection (c) of this section, a person having a valid current commercial or noncommercial applicator license may renew the license for another year without retesting by paying to the regulatory agency the annual license fee required by this subchapter.

(c) A licensee must undertake training, submit to retesting, or both, before renewal of a license if the head of the agency determines that additional knowledge is required in the license use categories or subcategories in which the licensee applies for renewal.

[Acts 1981, 67th Leg., p. 1201, ch. 388, § 1, eff. Sept. 1, 1981. Amended by Acts 1981, 67th Leg., p. 2591, ch. 693, § 8, eff. Sept. 1, 1981.]

(c) A licensee shall keep records required under this section for a period of two years from the date of the pesticide application.

(d) On written request of the regulatory agency, a licensee shall furnish the agency a copy of any requested record pertaining to the application of pesticides.

[Acts 1981, 67th Leg., p. 1201, ch. 388, § 1, eff. Sept. 1, 1981.]

#### § 76.115. Registration and Inspection of Equipment

(a) Each regulatory agency shall provide for the registration and inspection of equipment used in the commercial application of a restricted-use or state-limited-use pesticide.

(b) A regulatory agency may require repairs or alterations of equipment before further use.

(c) The head of a regulatory agency by rule shall adopt standards that must be met before equipment may be registered.

(d) Each piece of registered equipment shall be identified by a license plate or decal furnished by a regulatory agency at no cost to the licensee. The license plate or decal must be attached to the equipment in a manner and location prescribed by the regulatory agency.

[Acts 1981, 67th Leg., p. 1201, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 76.116. Suspension, Modification, or Revocation of License**

(a) The head of a regulatory agency that licensed a certified applicator may suspend, modify, or revoke any provision in the license of the certified applicator if the head of the agency finds that the licensee has:

- (1) made a pesticide recommendation or application inconsistent with the pesticide's labeling or with the restrictions on the use of the pesticide imposed by the state or the Environmental Protection Agency;
- (2) operated in a faulty, careless, or negligent manner;
- (3) refused or, after notice, failed to comply with an applicable provision of this chapter, a rule adopted under this chapter, or a lawful order of the head of a regulatory agency by which the licensee is licensed;
- (4) refused or neglected to keep and maintain the records required by this chapter or to make reports when and as required;
- (5) failed to maintain a bond or policy of insurance as required by this chapter;
- (6) made false or fraudulent records, invoices, or reports;
- (7) used fraud or misrepresentation in making an application for a license or renewal of a license; or
- (8) aided or abetted a licensed or an unlicensed person to evade the provisions of this chapter, conspired with a licensed or an unlicensed person to evade the provisions of this chapter, or allowed the licensee's license to be used by another person.

(b) A regulatory agency may temporarily suspend a license under this section for not more than 10 days after giving the licensee written notice of non-compliance. In order to suspend a license for more than 10 days or to modify or revoke a license, the regulatory agency shall conduct a hearing on the action. The hearing must be held before the 11th day following the day on which the agency issues written notice to the licensee of the time, place, and nature of the hearing.

[Acts 1981, 67th Leg., p. 1201, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 76.117. Property Owner Use**

This chapter does not prohibit a property owner from using in the property owner's house, lawn, or garden a pesticide that is labeled for that use, other than a pesticide that may be registered and classified for use only by certified applicators.

[Acts 1981, 67th Leg., p. 1202, ch. 388, § 1, eff. Sept. 1, 1981.]

(a) A person whose application for an experimental use permit, pesticide dealer license, commercial applicator license, or noncommercial applicator license has been denied or whose experimental use permit, pesticide dealer license, commercial applicator license, or noncommercial applicator license has been suspended for more than 10 days, revoked, or modified may appeal the action in the manner provided for appeal of contested cases under the Administrative Procedure and Texas Register Act (Article 6252-13a, Vernon's Texas Civil Statutes).

(b) Appeal under this section is governed by the substantial evidence rule.

To be eligible for consideration by the agency, the report must be filed before the 31st day following the day of the alleged occurrence or, if a growing crop is alleged to have been damaged, before the time that 25 percent of the crop has been harvested or before the 31st day, whichever is less. The report must contain the name of the person allegedly responsible for the application of the pesticide and the name of the owner or lessee of the land on which the crop is

grown and to which damage is alleged to have occurred. The regulatory agency shall prepare a form to be furnished to persons for use in filing damage reports. The form may contain other information that is required by the head of the regulatory agency.

In order that damage may be assessed, the claimant shall permit the regulatory agency and the licensee to observe, within reasonable hours, the land or nontarget organism alleged to have been damaged.

(d) Failure to file a report does not bar maintenance of a civil or criminal action. If a person fails to file a report and is the only person claiming injury from the particular use or application of a pesticide, the regulatory agency may, if in the public interest, refuse to hold a hearing for the denial, suspension, or revocation of a license issued under this chapter to the person alleged to have caused the damage. (3) takes possession of vegetables for consignment or handling in a manner that does not require or result in payment to the producer, seller, or consignor of the full amount of the purchase price in United States currency at the time of delivery or at the time that the vegetables pass from the producer, seller, or consignor to the person.

(e) A person shall apply for licensing as a cash vegetable dealer if the person:

#### § 101.005. Application for License

(a) A person required under Section 101.003 of this code to be licensed shall apply for a license to the department on a form furnished by the department. The application must be made under oath and contain the following information:

(1) the full name of the applicant and whether the applicant is an individual, partnership, corporation, exchange, or association;

(2) the full name and address of the principal business office of the applicant;

(3) the address of the applicant's principal business office in this state;

(4) if the applicant is a foreign corporation, the state in which the corporation is chartered and the name and address of an agent in this state for service of legal process; and

(5) the length of time that the applicant has been engaged in business in this state.

(b) In addition to providing the information under Subsection (a) of this section, each applicant shall answer the following questions on the application:

(1) "Have you previously been licensed in this state to handle vegetables?"

(2) "If you answered that you have been previously licensed, has any license issued to you in this state ever been suspended or revoked?"

(3) "If you have answered that a license issued to you in this state has been suspended or revoked, when, where, and for what reason was the license suspended or revoked?"

(c) A person applying for a license as a cash dealer must indicate in the application that a cash dealer license is applied for.

[Acts 1981, 67th Leg., p. 1253, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 101.006. License Fee**

(a) Except as otherwise provided by this section, a person applying for a license shall include with the license application a license fee of \$25.

(b) A producer is not required to pay a license fee in order to be licensed as a dealer or handler if the producer handles or deals exclusively in the producer's own product.

(c) A person who applies for a license as a dealer under both this chapter and Chapter 102 of this code is entitled to pay a single license fee of \$25. The person's license shall reflect that the person is licensed to handle both citrus fruit and vegetables.

[Acts 1981, 67th Leg., p. 1253, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 101.007. Issuance or Refusal of License**

(a) Except as otherwise provided by this section, the department shall immediately issue a license to an applicant who:

- (1) tenders an application;
- (2) pays the license fee, if required; and
- (3) pays the appropriate fee to the produce recovery fund under Chapter 103 of this code, if required.

(b) If an applicant for a license indicates on the application that a previous license of the applicant has been or is suspended or has been revoked, the department may not issue a license to the applicant until the department is furnished with satisfactory proof that the applicant is, on the date of application, qualified to receive the license for which the applicant applied.

(c) The issuance of a license to a person who has suffered a previous suspension or revocation is discretionary with the department. In exercising that discretion, the department may consider:

- (1) the facts and circumstances pertaining to the prior suspension or revocation;
- (2) the financial condition of the applicant as of the date of the application;
- (3) any judgment by a court of this state that is outstanding against the applicant and is due and owing to a grower or producer of vegetables; and
- (4) any certified claim against the applicant by a grower or producer of vegetables that is under consideration by the department.

(d) Before refusing an application for a license under this section, the department shall conduct a hearing on the license application, and the applicant may appeal the decision of the department, in the

manner provided for contested cases under the Administrative Procedure and Texas Register Act (Article 6252-13a, Vernon's Texas Civil Statutes).

(e) If the department refuses an application for a license, the department shall deduct from the license fee tendered with the application the sum of \$5 for the purpose of defraying the costs incident to the filing and examination of the application. The department shall refund the balance of the license fee to the applicant.

[Acts 1981, 67th Leg., p. 1253, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 101.008. Term and Renewal of License**

(a) A license expires one year from the date of issuance.

(b) A license may be renewed by completion of a renewal application form and the payment of the license fee provided for issuance of the original license.

[Acts 1981, 67th Leg., p. 1254, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 101.009. Licensee List**

The department may publish as often as it considers necessary a list in pamphlet form of all persons licensed under this chapter.

[Acts 1981, 67th Leg., p. 1254, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 101.010. Transporting Agent or Buying Agent Identification Card**

(a) In accordance with the rules of the department, a licensee may apply to the department for a reasonable number of identification cards for:

- (1) transporting agents to act for the licensee in the transporting of vegetables; and
- (2) buying agents to act for the licensee in any act requiring licensing under Section 101.003 of this code.

(b) The department may collect a fee not to exceed \$1 for each card and shall issue transporting agent cards in a color different from buying agent cards.

(c) An identification card must bear:

- (1) the name of the licensee;
- (2) the number of the licensee's license;
- (3) the name of the agent; and
- (4) a statement that the licensee, as principal, has authorized the agent named on the card to act for and on behalf of the licensee, either as buying agent or transporting agent, as applicable.

(d) A buying agent or transporting agent shall carry the identification card on the agent's person at all times. On demand of the department or any person with whom the agent is transacting business, the agent shall display the identification card.

(e) If the holder of an identification card ceases to be the agent of the licensee, the agent shall immediately return the card to the department for cancellation.

[Acts 1981, 67th Leg., p. 1254, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 101.011. License or Identification Card Not Assignable**

A license or identification card is not assignable, and any attempt to assign voids the license or card. [Acts 1981, 67th Leg., p. 1255, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 101.012. Cancellation of License or Identification Card**

(a) On complaint of any person aggrieved, injured, or damaged as a result of a violation of this chapter by a licensee or the transporting agent or buying agent of a licensee, the department shall conduct a hearing on the cancellation of the licensee's license or the agent's identification card. The complaint must be filed within 12 months after the date of the act that aggrieved, injured, or damaged the complaining party.

(b) If, following the hearing, the department finds that the evidence warrants cancellation of the license or identification card, the department shall issue an order cancelling the license or card.

(c) The department shall conduct the hearing under this section, and the person whose license or identification card is canceled may appeal the decision of the department, in the manner provided for contested cases under the Administrative Procedure and Texas Register Act (Article 6252-13a, Vernon's Texas Civil Statutes). The department may recess the hearing from day to day as justice requires. [Acts 1981, 67th Leg., p. 1255, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 101.013. Payment of Purchase Price on Demand**

(a) If a licensee causes a producer, seller, or owner, or an agent of a producer, seller, or owner, to part with control or possession of all or any part of the person's vegetables and agrees by contract of purchase to pay the purchase price on demand following delivery, the dealer shall make payment immediately on demand.

(b) If a person makes demand for the purchase price in writing, the mailing of a registered letter that makes the demand and is addressed to the licensee at the licensee's business address is prima facie evidence that demand was made at the time the letter was mailed.

(c) If the producer, seller, owner, or agent waives the right to payment of purchase price on demand, the contract for the handling, purchase, or sale of the vegetables must be in writing. The parties shall

prepare the contract in duplicate and set out in the contract the full details of the transaction. If the contract does not specify the time and manner of settlement, the licensee shall pay the full amount called for by the contract directly to the producer, seller, owner, or agent before the 31st day following the day of delivery of the vegetables into the licensee's control.

[Acts 1981, 67th Leg., p. 1255, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 101.014. Commission or Service Charge in Contract**

If a licensee handles vegetables by guaranteeing a producer or owner a minimum price and handles the vegetables on the account of the producer or owner, the licensee shall include in the contract with the producer or owner the maximum amount that the licensee will charge for commission, service, or both, in connection with the vegetables handled.

[Acts 1981, 67th Leg., p. 1256, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 101.015. Settlement on Grade and Quality**

(a) Except as otherwise provided by this section, a licensee shall settle with the producer or seller of vegetables on the basis of the grade and quality that is referred to in the contract under which the licensee obtained possession or control of the vegetables.

(b) If the vegetables have been inspected by a state or federal inspector in this state and found to be of a different grade or quality than that referred to in the contract, the licensee shall settle with the producer or seller of the vegetables on the basis of the grade and quality determined by the inspector.

(c) This section does not prevent parties, instead of an inspection, from agreeing in writing that the grade or quality of the vegetables were different from that referred to in the contract.

(d) Failure of a licensee to settle with a producer or seller on grade and quality in the manner provided by this section is a ground for revocation of the licensee's license.

(e) This section does not apply to vegetables that are obtained and handled by a licensee solely on a consignment basis without a price guarantee.

[Acts 1981, 67th Leg., p. 1256, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 101.016. Records of Purchase**

(a) A licensee or a packer, processor, or warehouseman may not receive or handle vegetables without requiring the person from whom the vegetables are purchased or received to furnish a statement in writing showing:

- (1) the owner of the vegetables;
- (2) the grower of the vegetables;
- (3) the approximate location of the land on which the vegetables were grown;

(4) the date the vegetables were gathered; and  
 (5) by whose authority the vegetables were gathered.

(b) The licensee, packer, processor, or warehouseman shall keep records of statements furnished under Subsection (a) of this section in a permanent book or folder and shall make the records available to inspection by any interested party.

[Acts 1981, 67th Leg., p. 1256, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 101.017. Record of Sale**

(a) Unless otherwise agreed to in writing by a licensee and the owner of the vegetables, a licensee who handles vegetables on a consignment or commission basis shall, on demand of the owner, seller, or agent of the owner or seller, furnish a complete and accurate record showing:

- (1) the date of sale of the vegetables;
- (2) the person to whom the vegetables were sold;
- (3) the grade and selling price of the vegetables; and
- (4) an itemized statement of expenses of any kind or character incurred in the sale or handling of the vegetables, including the amount of the commission to the licensee.

(b) The licensee shall furnish information demanded under this section before the 11th day following the date of demand by the owner, seller, or agent.

[Acts 1981, 67th Leg., p. 1256, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 101.018. Department Enforcement**

(a) For the purpose of enforcing this chapter, the department shall, on its own initiative or on receipt of a verified complaint, investigate all alleged violations of this chapter.

(b) For the purpose of conducting an investigation under this section, the department is entitled to free and unimpeded access at all times to all books, records, buildings, yards, warehouses, storage facilities, transportation facilities, and other facilities or places in which vegetables are kept, stored, handled, processed, or transported.

(c) The department is entitled to examine any portion of the ledger, books, accounts, memoranda, documents, scales, measures, or other matters, objects, or persons relating to a violation under investigation.

(d) Following an investigation, the department shall conduct hearings and take actions as it considers necessary, including issuance of an order for the suspension or cancellation of the license of a licensee who violated this chapter. The department shall conduct hearings under this subsection in the

county in which a violation is alleged to have occurred.

(e) If a person who has received at least 15 days' notice of an order of the department refuses to comply with that order, the department may seek temporary or permanent relief to require compliance. The district court has jurisdiction to grant that relief.

[Acts 1981, 67th Leg., p. 1257, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 101.019. Venue of Civil or Criminal Action**

The venue of a civil action or criminal prosecution instituted under this chapter is in the county in which the violation occurred or in which the vegetables were received by the licensee, packer, or warehouseman.

[Acts 1981, 67th Leg., p. 1257, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 101.020. Penalties**

(a) A person commits an offense if the person:

- (1) acts in violation of Section 101.003 of this code without first obtaining a license or after receiving notice of cancellation of a license;
- (2) acts or assumes to act as a commission merchant without first obtaining a license as a commission merchant;
- (3) acts or assumes to act as a transporting agent or buying agent without first obtaining an identification card;

- (7) as a cash vegetable dealer, pays for vegetables by a means other than United States currency; or
- (8) as a licensee, transporting agent, or buying agent, violates a provision of this chapter.

(b) An offense under this section is a misdemeanor or punishable by a fine of not more than \$500.

(c) A person commits a separate offense for each day the person acts in violation of Section 101.003 of this code without first obtaining a license or violates Subsection (a)(2) or (a)(3) of this section.

[Acts 1981, 67th Leg., p. 1257, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 101.021. Conflict With Antitrust Laws**

This chapter does not affect the application of Chapter 15, Business & Commerce Code. If any provision of this chapter is held to conflict with that chapter, the entire chapter is void.

(e) A person shall apply for licensing as a cash citrus dealer if the person:

- (1) purchases citrus fruit only from a licensee;
- (2) receives the citrus fruit at the licensee's place of business; and

(a) Except as otherwise provided by this section, the department shall immediately issue a license to an applicant who:

- (1) tenders an application;
- (2) pays the license fee, if required; and
- (3) pays the appropriate fee to the produce recovery fund under Chapter 103 of this code, if required.

(b) If an applicant for a license indicates on the application that a previous license of the applicant has been or is suspended or has been revoked, the department may not issue a license to the applicant until the department is furnished with satisfactory proof that the applicant is, on the date of application, qualified to receive the license for which the applicant applied.

(c) The issuance of a license to a person who has suffered a previous suspension or revocation is discretionary with the department. In exercising that discretion, the department may consider:

- (1) the facts and circumstances pertaining to the prior suspension or revocation;
- (2) the financial condition of the applicant as of the date of the application;
- (3) any judgment by a court of this state that is outstanding against the applicant and is due and owing to a grower or producer of citrus fruit or of a perishable agricultural commodity; and
- (4) any certified claim against the applicant by a grower or producer of citrus fruit or a perishable agricultural commodity that is under consideration by the department.

(d) Before refusing an application for a license under this section, the department shall conduct a hearing on the license application, and the applicant

may appeal the decision of the department, in the manner provided for contested cases under the Administrative Procedure and Texas Register Act (Article 6252-13a, Vernon's Texas Civil Statutes).

(e) If the department refuses an application for a license, the department shall deduct from the license fee tendered with the application the sum of \$5 for the purpose of defraying the costs incident to the filing and examination of the application. The department shall refund the balance of the license fee to the applicant.

#### § 102.009. Licensee List

The department may publish as often as it considers necessary a list in pamphlet form of all persons licensed under this subchapter.

[Acts 1981, 67th Leg., p. 1262, ch. 388, § 1, eff. Sept. 1, 1981.]

#### § 102.010. Transporting Agent or Buying Agent Identification Card

(a) In accordance with the rules of the department, a licensee may apply to the department for a reasonable number of identification cards for:

(1) transporting agents to act for the licensee in the transporting of citrus fruits; and

(2) buying agents to act for the licensee in any act requiring licensing under Section 102.003 of this code.

(b) The department may collect a fee not to exceed \$1 for each card and shall issue transporting agent cards in a color different from buying agent cards.

(c) An identification card must bear:

(1) the name of the licensee;

(2) the number of the licensee's license;

(3) the name of the agent; and

(4) a statement that the licensee, as principal, has authorized the agent named on the card to act for and on behalf of the licensee, either as buying agent or transporting agent, as applicable.

(d) A buying agent or transporting agent shall carry the identification card on the agent's person at all times. On demand of the department or any person with whom the agent is transacting business, the agent shall display the identification card.

(e) If the holder of an identification card ceases to be the agent of the licensee, the agent shall immediately return the card to the department for cancellation.

[Acts 1981, 67th Leg., p. 1262, ch. 388, § 1, eff. Sept. 1, 1981.]

#### § 102.011. License or Identification Card Not Assignable

A license or identification card is not assignable and any attempt to assign voids the license or card.

[Acts 1981, 67th Leg., p. 1262, ch. 388, § 1, eff. Sept. 1, 1981.]

#### § 102.012. Cancellation of License or Identification Card

(a) On complaint of any person aggrieved, injured, or damaged as a result of a violation of this subchapter by a licensee or the transporting agent or buying agent of a licensee, the department shall conduct a hearing on the cancellation of the licensee's license or the agent's identification card. The complaint must be filed within 12 months after the date of the act that aggrieved, injured, or damaged the complaining party.

(b) If, following the hearing, the department finds that the evidence warrants cancellation of the license or identification card, the department shall issue an order canceling the license or card.

(c) The department shall conduct the hearing under this section, and the person whose license or identification card is canceled may appeal the decision of the department, in the manner provided for contested cases under the Administrative Procedure and Texas Register Act (Article 6252-13a, Vernon's Texas Civil Statutes). The department may recess the hearing from day to day as justice requires. [Acts 1981, 67th Leg., p. 1262, ch. 388, § 1, eff. Sept. 1, 1981.]

#### § 102.013. Payment of Purchase Price on Demand

(a) If a licensee causes a producer, seller, or owner, or an agent of a producer, seller, or owner, to part with control or possession of all or any part of the person's citrus fruit and agrees by contract of purchase to pay the purchase price on demand following delivery, the licensee shall make payment immediately on demand.

(b) If a person makes demand for the purchase price in writing, the mailing of a registered letter that makes the demand and is addressed to the licensee at the licensee's business address is prima facie evidence that demand was made at the time the letter was mailed.

(c) If the producer, seller, owner, or agent waives the right to payment of the purchase price on demand, the contract for the handling, purchase, or sale of the citrus fruit must be in writing. The

parties shall prepare the contract in duplicate and set out in the contract the full details of the transaction. If the contract does not specify the time and manner of settlement, the licensee shall pay the full amount called for by the contract directly to the producer, seller, owner, or agent before the 31st day following the day of delivery of the citrus fruit into the licensee's control.

[Acts 1981, 67th Leg., p. 1263, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 102.014. Commission or Service Charge in Contract**

If a licensee handles citrus fruit by guaranteeing a producer or owner a minimum price and handles the citrus fruit on the account of the producer or owner, the licensee shall include in the contract with the producer or owner the maximum amount that the licensee will charge for commission, service, or both, in connection with the citrus fruit handled.

[Acts 1981, 67th Leg., p. 1263, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 102.015. Settlement on Grade and Quality**

(a) Except as otherwise provided by this section, a licensee shall settle with the producer or seller of citrus fruit on the basis of the grade and quality that is referred to in the contract under which the licensee obtained possession or control of the fruit.

(b) If the citrus fruit has been inspected by a state or federal inspector in this state and found to be of a different grade or quality than that referred to in the contract, the licensee shall settle with the producer or seller of the citrus fruit on the basis of the grade and quality determined by the inspector.

(c) This section does not prevent parties, instead of an inspection, from agreeing in writing that the grade or quality of the citrus fruit was different from that referred to in the contract.

(d) Failure of a licensee to settle with a producer or seller on grade and quality in the manner provided by this section is a ground for revocation of the licensee's license.

(e) This section does not apply to a licensee who obtains and handles citrus fruit solely on a consignment basis without a price guarantee.

[Acts 1981, 67th Leg., p. 1263, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 102.016. Buying by Weight**

A licensee who buys citrus fruit by weight shall weigh the fruit on state-tested scales.

**§ 102.017. Records of Purchase**

without requiring the person from whom the citrus fruit is purchased or received to furnish a statement in writing showing:

(b) The licensee, packer, processor, or warehouseman shall keep records of statements furnished under Subsection (a) of this section in a permanent book or folder and shall make the records available to inspection by any interested party.

(c) The department may periodically investigate licensees or persons alleged to be selling citrus fruit in violation of this subchapter and, without notice, may require evidence of purchase of any citrus fruit in a person's possession.

[Acts 1981, 67th Leg., p. 1264, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 102.018. Record of Sale**

(a) Unless otherwise agreed in writing by a licensee and the owner of citrus fruit, a licensee who handles citrus fruit on a consignment or commission basis shall, on demand of the owner, seller, or agent of the owner or seller, furnish a complete and accurate record showing:

- (1) the date of sale of the citrus fruit;
- (2) the person to whom the citrus fruit was sold;
- (3) the grade and selling price of the citrus fruit; and
- (4) an itemized statement of expenses of any kind or character incurred in the sale or handling of the citrus fruit, including the amount of the commission to the licensee.

(b) The licensee shall furnish information demanded under this section before the 11th day following the date of demand by the owner, seller, or agent.

[Acts 1981, 67th Leg., p. 1264, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 102.019. Department Enforcement**

(a) For the purpose of enforcing this subchapter, the department shall, on its own initiative or on receipt of a verified complaint, investigate all alleged violations of this subchapter.

(b) For the purpose of conducting an investigation under this section, the department is entitled to free and unimpeded access at all times to all books, records, buildings, yards, warehouses, storage facilities, transportation facilities, and other facilities or

places in which citrus fruit is kept, stored, handled, processed, or transported.

(c) The department is entitled to examine any portion of the ledger, books, accounts, memoranda, documents, scales, measures, or other matters, objects, or persons relating to an alleged violation under investigation.

(d) Following an investigation, the department shall conduct hearings and take actions as it considers necessary, including issuance of an order for the suspension or cancellation of the license of a licensee who violated this subchapter. The department shall conduct hearings under this subsection in the nearest city or town in the county in which a violation is alleged to have occurred.

(e) If a person who has received at least 15 days' notice of an order of the department refuses to comply with that order, the department may seek temporary or permanent relief to require compliance. The district court has jurisdiction to grant that relief.

[Acts 1981, 67th Leg., p. 1264, ch. 388, § 1, eff. Sept. 1, 1981.]

#### § 102.020. Venue of Civil or Criminal Action

The venue of a civil action or criminal prosecution instituted under this subchapter is in the county in which the violation occurred or in which the citrus fruit was received by the licensee, packer, or warehouseman.

[Acts 1981, 67th Leg., p. 1265, ch. 388, § 1, eff. Sept. 1, 1981.]

[Sections 102.105 to 102.150 reserved for expansion]

SUBCHAPTER C. CITRUS MARKETING AGREEMENTS AND LICENSES

§ 102.151. Policy

The unreasonable waste and inefficient use of the citrus resources, caused by the marketing within this state of greater quantities of fresh citrus fruit than are reasonably necessary to supply the demands of the market, are not in the public interest. The difficulty inherent in an attempt of individuals to correlate within a reasonable degree the citrus production to current demand creates chaotic economic conditions in the citrus areas of the state of such severity as to imperil the ability of citrus producers

to contribute in appropriate amounts to the support of ordinary governmental and educational functions, thus tending to increase the tax burden of other taxpayers for the same purposes, and renders it impossible for producers to be reasonably assured of an adequate standard of living for themselves and their families. In the interest of the public welfare and general prosperity of the state, the unreasonable waste and inefficient use of citrus resources involved in the marketing of citrus fruit in this state should be eliminated, while at the same time preserving to citrus producers in the area covered by this subchapter an equality of opportunity.

[Acts 1981, 67th Leg., p. 1267, ch. 388, § 1, eff. Sept. 1, 1981.]

- (4) "Person" means an individual, corporation, or association.
- (5) "Producer" means a person who is engaged in the production of citrus fruit in this state for commercial purposes or who is a substantial stockholder in a corporation engaged in the production of citrus fruit in this state for commercial purposes.

[Acts 1981, 67th Leg., p. 1267, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 102.153. Limited Application of Subchapter**

This subchapter applies only to areas of three citrus fruit producing counties whose boundaries are contiguous and whose aggregate population according to the last preceding federal census is not less than 165,043. This subchapter does not apply to citrus fruit grown in other areas of this state. [Acts 1981, 67th Leg., p. 1268, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 102.154. Marketing Agreements and Licenses**

In accordance with this subchapter, the department may execute marketing agreements and issue licenses to persons engaged in intrastate commerce transactions in the marketing, processing, packing, shipping, handling, or distributing of citrus fruit. [Acts 1981, 67th Leg., p. 1268, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 102.155. Hearing**

(a) On its own motion or on application of a producer or handler of citrus fruit, the department may conduct a hearing on the execution of a marketing agreement or on the issuance of a license if the department has reason to believe that the marketing agreement or license will tend to effectuate the policy of this subchapter.

(b) The department shall conduct a hearing under this section in the area subject to this subchapter and shall within a reasonable time make the evidence and exhibits offered at the hearing available at a central point to any interested party. The department shall produce a transcript of the hearing and make it available to any interested party. [Acts 1981, 67th Leg., p. 1268, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 102.156. Findings**

(a) Following a hearing, the department may execute a marketing agreement or issue a license only if it finds that:

(1) the supply of a citrus fruit available for marketing exceeds or is likely to exceed the demand for the fruit at prices that will provide a reasonable return to representative producers of that fruit;

(2) the return to producers of the citrus fruit will tend to be increased through the operation of the marketing plan;

(3) the marketing plan may be operated without permitting unreasonable profits to producers of the citrus fruit and without unreasonably enhancing prices of the citrus fruit to consumers; and

(4) the marketing plan will tend to advance public welfare and conserve the agricultural wealth of the state by preventing threatened economic or agricultural waste and will tend to prevent chaotic marketing of the citrus fruit.

(b) The findings of the department, and the administration of any marketing agreement or license, shall be based on relevant considerations, including:

(1) the quantity of the several grades, varieties, and qualities of the citrus fruit under consideration and available for distribution to consumers in the marketing season during which the program is to be effective;

(2) the quantity of the several grades, varieties, and qualities of the citrus fruit required by consumers during the marketing season during which the program is to be effective;

(3) the cost of production of the citrus fruit;

(4) the general purchasing power of consumers of the citrus fruits;

(5) the general level of prices of commodities that farmers buy; and

(6) the general level of prices of other commodities that compete with or are used as substitutes for the citrus fruit.

[Acts 1981, 67th Leg., p. 1268, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 102.157. Terms of Agreement or License**

(a) Any marketing agreement executed or license issued may:

(1) limit or provide a method for limiting the total quantity of any grade, variety, size, or quality of citrus fruit that may be produced during one or more specified periods and marketed in or transported to a market in intrastate commerce;

(2) allot or provide a method for allotting the amount of citrus fruit or any grade, variety, size, or quality of citrus fruit that each handler may market in intrastate commerce;

(3) determine or provide a method for determining the existence and extent of a surplus of a citrus fruit or of any grade, variety, size, or quality of a citrus fruit, provide for the control and disposition of that surplus in a manner that does not burden or obstruct interstate or foreign commerce, and equalize the burden of a surplus elimination or control among the producers and handlers of the citrus fruit;

(4) provide for administrative committees under Section 102.158 of this code; and

(5) provide other terms or conditions incidental to and consistent with this section.

(b) If the marketing agreement or license allots or provides a method for allotting the amount of a citrus fruit that a handler may handle, the marketing agreement or license must:

(1) be under a uniform rule based on one or both of the following:

(A) the amount of the citrus fruit or grade, variety, size, or quality of the citrus fruit that

each handler has available for current shipment; and

(B) the amount shipped by each handler in a prior representative period, as determined by the department; and

(2) equitably apportion among all the handlers the total quantity of the citrus fruit or any grade, variety, size, or quality of the citrus fruit to be marketed in or transported to markets in intrastate commerce.

(c) A marketing agreement or license may include one or more of the terms and conditions under Subsection (a) of this section, but may not include others.

[Acts 1981, 67th Leg., p. 1269, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 102.158. Administrative Committee**

(a) A marketing agreement or license may authorize the department to select and define the powers and duties of one or more administrative committees to administer the program.

(b) The department may authorize an administrative committee to:

- (1) administer the license in accordance with its terms and provisions;
- (2) adopt rules to effectuate the terms and provisions of the license;
- (3) receive, investigate, and report to the department complaints of violations of the license;
- (4) recommend to the department amendments to the license; and
- (5) collect assessments in accordance with Section 102.159 of this code.

(c) The department may require an administrative committee to file reports of the activities and proceedings of the committee.

[Acts 1981, 67th Leg., p. 1269, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 102.159. Assessment**

(a) If an administrative committee is authorized to collect an assessment, for each marketing season or year in which the marketing agreement or license is effective the committee shall collect from each handler an assessment representing the handler's pro rata share of the estimated expenses incurred by the department in conducting hearings and incurred by the administrative committee in administering the agreement or license during the marketing season or year. The department shall estimate those expenses after each administrative committee submits to the department a proposed budget.

(b) An assessment levied under this section is a personal debt of each person assessed and is immediately due and payable to the administrative committee charged with collection. With the approval of

the department, an administrative committee may sue in its own name in a court of competent jurisdiction for the collection of an assessment.

(c) In accordance with the rules of the department, each administrative committee charged with the collection of assessments shall collect, report, and pay monthly to the department the amount of the assessments that the department determines will be necessary to defray the department's cost of administering the marketing agreement or license during the subsequent month.

(d) The department shall submit to each administrative committee charged with collecting assessments quarterly statements reporting the receipts and expenditures during the quarter in connection with the administration of the appropriate marketing agreement or license.

(e) An administrative committee may expend assessments for the purposes set forth in the marketing agreement or license under which the assessment is collected. The committee shall keep a full and complete record of those expenditures and the department is entitled to access to that record at any time.

(f) An administrative committee shall retain custody of assessments that are not paid to the department or expended under Subsection (e) of this section. At the close of the marketing season or year for which an assessment is collected, the committee shall return to each handler a pro rata share of assessments that are not paid to the department or expended by the committee.

**§ 102.160. Approval by Producers and Handlers**

(a) A license may not be issued until:

(1) assented to in writing by:

(A) 51 percent of the total number of handlers of the citrus fruit; or

(B) the handlers of at least 51 percent of the total volume of the citrus fruit covered by the license; and

(2) the department determines that the issuance of the license is approved by:

(A) 66 $\frac{2}{3}$  percent of the producers who, during a representative period determined by the department, have been engaged in the production of the citrus fruit in commercial quantities in the area covered by the license; or

(B) the producers who, during the representative period, produced for market at least 66 $\frac{2}{3}$  percent of the volume of the citrus fruit produced for market in the area covered by the license.

(b) In determining the representative period under Subsection (a)(2) of this section, the department may select the crop season prior to the holding of a

hearing on the issuance of the license or any other period that the department determines to be representative.

(c) In determining the approval of producers under Subsection (a)(2) of this section, the department shall determine the approval or disapproval of the producers in respect to the issuance of any license or order or any term or condition of a license or order. The department shall consider the approval or disapproval of any cooperative association of producers that is engaged in marketing the citrus fruit for producers or is rendering service to or advancing the interest of those producers as the approval or disapproval of the producers who are members of, stockholders in, or under contract with the association. Approval by an association may be executed in the name of the association and is not required to set forth the names of the producers represented by the association.

[Acts 1981, 67th Leg., p. 1270, ch. 388, § 1, eff. Sept. 1, 1981.]

#### § 102.163. Amendment of Marketing Agreement or License

(a) If the department has reason to believe that an amendment of a marketing agreement or license is necessary or desirable to achieve the policy of this subchapter, the department shall conduct a hearing on the proposed amendment in the manner provided for the original hearing on execution of the agreement or issuance of the license.

(b) Notice of a hearing under this section must refer to the marketing agreement to be amended by name and date of execution and must refer to the license to be amended by name and date of adoption.

(c) The department may adopt an amendment under this section if it finds that the proposed amendment:

(1) will not prevent the marketing agreement or license from meeting the requirements of Section 102.156 of this code; and

(2) will tend to facilitate the administration of the marketing agreement or license or will enable the marketing agreement or license to better meet the requirements of Section 102.156 of this code.

(d) A marketing agreement or license is not affected by a negative department finding under Subsection (c) of this section.

(e) In considering an amendment under this section, the department shall consider the evidence presented at the original hearing or a hearing on a previously proposed amendment.

(f) An amendment under this section is not effective until approved by the handlers and producers in the manner provided by Section 102.160 of this code.

[Acts 1981, 67th Leg., p. 1271, ch. 388, § 1, eff. Sept. 1, 1981.]

(a) The department shall suspend for a specified period or terminate the operation of a marketing agreement, a license, or a provision of a marketing agreement or license if the department finds:

(1) following investigation, that the agreement, license, or provision obstructs or does not tend to effectuate the policy of this subchapter; or

(2) that termination of the agreement, license, or provision is favored by a majority of the producers who, during a representative period determined by the department;

(A) have been engaged in the production of the citrus fruit in the area covered by the agreement or license; and

(B) produced more than 66% percent of the volume of the citrus fruit that was produced for market within the area of the state covered by this subchapter or was produced within the area of this state covered by this subchapter for market elsewhere.

(b) Termination of a marketing agreement, a license, or a provision of a marketing agreement or license is effective only if announced on or before the end of the current marketing period specified in the agreement or license.

[Acts 1981, 67th Leg., p. 1272, ch. 388, § 1, eff. Sept. 1, 1981.]

#### § 102.165. Suspension or Revocation of Individual License

In addition, the information may be disclosed in response to a court order.

[Acts 1981, 67th Leg., p. 1272, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 102.167. Powers and Duties of the Department**

(a) The department may adopt rules and issue orders as necessary or desirable to carry out this subchapter.

(b) The department may hold hearings, take testimony, administer oaths, subpoena witnesses, and issue subpoenas for the production of relevant books, records, or documents. A person may not be excused from attending and testifying or from producing documentary evidence before the department in obedience to a subpoena on the ground that the testimony or evidence required may tend to incriminate the person or subject the person to a penalty or forfeiture. An individual may not be prosecuted or subjected to any penalty or forfeiture because of any transaction, matter, or thing concerning which the person is required to testify or produce evidence before the department in obedience to a subpoena. An individual so testifying is not exempt from prosecution and punishment for perjury committed in that testimony.

(c) The department may permit an administrative committee to use the various employees or officers of the department in carrying out this subchapter or a marketing agreement or license under this subchapter.

The report must include a complete statement of receipts and expenditures under this subchapter during the biennium.

(f) At the end of each month, the department shall report to the comptroller of public accounts, and the comptroller shall deposit in the state treasury, all money received under this subchapter. [Acts 1981, 67th Leg., p. 1272, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 102.168. Enforcement by Civil Suit**

(a) The state or, with the approval of the department, an administrative committee may sue a person who:

(1) wilfully exceeds any quota, allotment, or salable percentage fixed for the person under a license issued or rule adopted by the department;

(2) makes a shipment without first obtaining a required allotment or quota or qualifying to ship the person's salable percentage; or

(3) knowingly participates or aids in activities under Subdivision (1) or (2) of this subsection.

(b) If successful in a suit under Subsection (a) of this section, the state or administrative committee is entitled to recover an amount equal to three times the current market value of the citrus fruit excess or the citrus fruit shipment, as applicable. Funds recovered in a suit under this section shall be used in the administration of the license involved in the suit. [Acts 1981, 67th Leg., p. 1273, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 102.169. Injunction**

The attorney general or a district or county attorney on the attorney's own initiative may, or in response to a complaint shall, investigate violations of this subchapter. If the attorney believes that a violation has occurred, the attorney may sue in the name of the state for an injunction against a person who:

(1) is violating a provision of a marketing agreement, a license, or an order or rule of the department to which the person is subject; or

(2) engages in transactions mentioned in and regulated by a license during suspension or after revocation of the person's license.

[Acts 1981, 67th Leg., p. 1273, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 102.170. Attorney's Fees; Venue; Cumulative Remedies**

(a) In an action brought under Section 102.168 or 102.169 of this code, the judgment, if in favor of the plaintiff, shall provide that the defendant pay to the plaintiff a reasonable attorney's fee and all costs of suit. An action under those sections may be brought in the county where the defendant resides or where the act, omission, or part of the act or omission occurred.

(b) The remedies and penalties of this subchapter are cumulative and action or prosecution under a

section of this subchapter does not prohibit action or prosecution under another section of this subchapter or any other civil or criminal law.

[Acts 1981, 67th Leg., p. 1274, ch. 388, § 1, eff. Sept. 1, 1981.]

(2) the sale of the commodity in the pool; and

(3) the equitable distribution of the proceeds of the sale among persons participating in the pool.

(b) If a by-product pool is established, the marketing committee may:

(1) receive the commodity from each producer or handler participating in the pool;

(2) handle the commodity according to the grade, size, quality, or condition of the commodity; and

(3) account to each participating producer or handler on a pro rata basis for net proceeds of the sale of the commodity.

(c) The marketing committee may not market the products of the by-product pool in a form that would compete directly with the portion of the commodity marketed in regular channels of trade.

(d) The marketing committee may transfer any of the contents of the by-product pool without charge to charitable organizations or similar agencies under proper safeguards to ensure that none of the commodity competes directly with the unrestricted portion of the commodity.

(e) The marketing committee may dispose of the products of the by-product pool in regular marketing

channels in a manner and at times that the committee determines advisable if the manner and times are consistent with the maintenance of stabilized marketing conditions for the commodity.

[Acts 1981, 67th Leg., p. 1291, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 104.144. Facilities for Surplus Commodities**

[Acts 1981, 67th Leg., p. 1291, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 104.146. Equalization Fund; Assessments**

If a marketing order authorizes the establishment of a stabilization fund or a by-product pool, the marketing committee may create an equalization fund and may maintain the fund by a uniform assessment on producers or some other uniform and equitable method. The committee may use the money in the fund:

(1) to remove inequalities between producers or handlers participating in the pool that result from errors in estimating production or surplus;

(2) to indemnify producers whose production, in whole or in part, is diverted from normal marketing outlets or diverted to by-products;

(3) for relief; or

(4) for other noncompetitive purposes permitted by the marketing order.

### SUBCHAPTER I. ASSESSMENTS AND BUDGET APPROVAL

**§ 104.161. Levy**

formulation, issuance, administration, and enforcement of the marketing order.

[Acts 1981, 67th Leg., p. 1292, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 104.162. Assessment Rate**

(a) Each marketing order must state the assessment to be collected or the maximum rate of assessment.

(b) The rate of assessment for producers may not exceed 2½ percent of the gross dollar volume of sales of the agricultural commodity made by all producers regulated by the order.

(c) The rate of assessment for handlers may not exceed 2½ percent of the gross dollar volume of purchases of the agricultural commodity from producers or 2½ percent of the gross dollar volume of sales of the agricultural commodity handled by all handlers regulated by the order during the marketing season for which the order is effective.

[Acts 1981, 67th Leg., p. 1292, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 104.163. Recommendation and Approval of Budget and Assessment Rate**

(a) The marketing committee shall recommend to the department:

- (1) a budget to cover the necessary expenses; and
- (2) the rate of assessment under this subchapter.

(b) If the department determines that the budget and assessment rate are proper and equitable and that they will provide sufficient money to pay incurred expenses, the department may:

- (1) approve the budget and assessment rate; and
- (2) order each producer and handler assessed to pay to the department, at the rate and in the installments prescribed by the department, an assessment based on the units in which the agricultural commodity is marketed, or on any other uniform basis that the department determines is reasonable and equitable.

[Acts 1981, 67th Leg., p. 1292, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 104.164. Personal Debt**

An assessment imposed in accordance with this subchapter is a personal debt of the person assessed. If the person fails to pay the assessment on or before the due date determined by the department, the department may:

- (1) file in a court of competent jurisdiction a complaint against the person for collection of the assessment; and

(2) to pay the cost of enforcing the collection of the unpaid assessment, add to the amount due an amount that does not exceed 10 percent of the unpaid amount.

[Acts 1981, 67th Leg., p. 1292, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 104.165. Collection of Assessment**

(a) Each marketing order must provide for the collection of assessments imposed in accordance with this subchapter.

(b) To conveniently collect producer assessments, the department may collect those assessments from the handlers of the commodity affected by the marketing order.

(c) If a handler pays to the department the assessment of a producer, the handler may deduct an amount equal to the amount paid from money that the handler owes to the producer.

(d) The department may require an assessed person to deposit in advance with the department an amount necessary for expenses. The department shall base the amount of the advance deposit on the estimated number of units to be marketed or handled by the person assessed or on any other uniform basis that the department determines is reasonable and equitable. The basis for determining the amount of the advance deposit is applicable to the marketing season for which the marketing order is effective.

(e) After the amount of money credited to the administrative account of the marketing order is sufficient to warrant an adjustment or at the end of the marketing season, the department shall adjust, to the proper amount assessed, the amount that the department requires a person to deposit in accordance with Subsection (d) of this section.

[Acts 1981, 67th Leg., p. 1293, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 104.166. Disposition of Money at End of Fiscal Period**

(a) After each fiscal period used by a marketing committee for budgeting, the department may:

- (1) refund, in accordance with Subsection (b) of this section, money in an amount equal to the amount of the assessments collected but not spent for expenses of the marketing order; or
- (2) carry over all or part of the unspent money to the next succeeding fiscal period if the department finds that the money is required to pay expenses of the marketing order.

(b) The department shall pay refunds made under this section on a pro rata basis to persons from whom, or on whose behalf, the assessments were collected.

[Acts 1981, 67th Leg., p. 1293, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 104.167. Disposition of Money After Termination of Order**

(a) Except as provided by this section, the department, after the termination of a marketing order, shall refund an amount equal to the amount of the assessments collected for expenses of the marketing order but not spent. The department shall pay the refunds on a pro rata basis to all persons from whom, or on whose behalf, the assessments were collected.

(b) If the department finds that the amounts to be refunded are so small that computation and remittance of the refunds are impractical, the department is not required to return the money.

[Acts 1981, 67th Leg., p. 1293, ch. 388, § 1, eff. Sept. 1, 1981.]

(b) If the magistrate finds that there is reason to believe that a violation described by Subsection (a) of this section has occurred, the magistrate shall issue an administrative inspection permit to allow the inspector access to specified agricultural commodities in specified locations.

(c) An inspector may hold any lot of an agricultural commodity that is subject to a permit for a reasonable period, not to exceed 24 hours for a perishable agricultural commodity or 72 hours for a nonperishable commodity, to enable the inspector to ascertain whether the lot complies with the marketing requirements of the order.

(b) A person other than an authorized inspector or enforcing officer may not:

(1) detach, alter, deface, or destroy an official notice, warning tag, or marking affixed to a lot that is being held; or

- (2) the expiration of 72 hours after the time at which notice of noncompliance is given, if the commodity is nonperishable.

(b) If the lot is reconditioned or the deficiencies are corrected within the period prescribed by Subsection (a) of this section, the enforcing officer shall remove the warning tags or markings and shall release the lot for marketing.

(a) If the owner of any lot of an agricultural commodity being held does not recondition the agricultural commodity or correct the deficiencies within the period prescribed by Section 104.185 of this code, and if the owner fails or refuses to give the consent to divert or destroy the lot, the enforcing officer shall file in a court of competent jurisdiction in this state a verified petition requesting permission to divert the lot to any other available lawful use or to destroy the lot. The petition must state:

ic, antioxidant, medicine, drug, chemical, or other material used as an ingredient or component of a mixture of materials used as a feed for an animal.

(b) Except as specifically provided by this chapter, a customer-formula feed is a commercial feed subject to this chapter.

(c) The following are not commercial feeds subject to this chapter:

(1) unground hay;

(2) planting seed;

(3) cottonseed;

(4) whole grain not containing chemical adulterants;

(5) unadulterated cottonseed, peanut, or rice hulls;

Following notice and public hearing, the director may adopt rules as necessary for the enforcement of this chapter, including rules defining and establishing minimum standards for commercial feed. To the extent practicable, rules that define and establish minimum standards for commercial feed must be in harmony with the official standards of the Association of American Feed Control Officials. [Acts 1981, 67th Leg., p. 1324, ch. 388, § 1, eff. Sept. 1, 1981.]

(2) the results of the analyses of official samples of commercial feed distributed in this state as compared to the analyses guaranteed in the registration and on the label.

(b) The director may publish other information relating to feed as the director considers necessary or desirable to the public interest. The director shall prescribe the form of publications under this section.

(c) A publication under this section may not disclose the scope of operations of any person.

**§ 141.024. Changes in Guaranteed Composition**

The director may permit a change in the guarantee of the chemical or ingredient composition of a registered commercial feed if the registrant submits satisfactory evidence that the change will not result in a lowered feeding value of the product for the purpose for which it was designed.

(a) Each packaged commercial feed distributed in this state, other than customer-formula feed, must have a label with the following information:

(1) the net weight avoirdupois of the feed in the container, unless the net weight is shown on the container; and

(2) the information required on the registration application under Section 141.022(a) of this code.

(b) The manufacturer or other person distributing the feed shall affix the label required by this section to the outside of the container in a place prescribed by the director. The information must be grouped together and plainly printed in English in the size of type prescribed by the director.

(c) If the net weight is shown on the container rather than printed on the label, the net weight must be plainly printed in a conspicuous place in the size of type prescribed by the director.

[Acts 1981, 67th Leg., p. 1326, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 141.052. Labeling of Bulk Commercial Feed**

At the time of delivery of bulk commercial feed distributed in this state, other than customer-formula feed, the manufacturer or other person distributing the feed shall furnish the purchaser with a written or printed statement showing the information required on the registration application under Section 141.022(a) of this code.

[Acts 1981, 67th Leg., p. 1326, ch. 388, § 1, eff. Sept. 1, 1981.]

(b) If all ingredients for a customer-formula feed are furnished by the mixer, miller, or processor, the director may permit a customer-formula feed to be identified by means of an identifying name, number, or similar designation rather than by listing the

ingredients under Subsections (a)(4) and (a)(5) of this section. The director may adopt rules and prescribe forms for identification of a customer-formula feed under this subsection.

[Acts 1981, 67th Leg., p. 1327, ch. 388, § 1, eff. Sept. 1, 1981.]

## SUBCHAPTER D. INSPECTION FEE

**§ 141.071. Inspection Fee**

(a) For each state fiscal year, a person who manufactures or distributes commercial feed or a component of commercial feed in this state, including a person who mixes, mills, or processes customer-formula feed, shall pay to the director at the director's office an inspection fee prescribed by this section.

(b) Except as otherwise provided by this section, the inspection fee is 12 cents per ton of commercial feed. With the approval of the board of regents of The Texas A & M University System, the director may reduce or increase the inspection in increments of 1 cent per fiscal year, as needed, to a minimum of 10 cents per ton or a maximum of 25 cents per ton.

(c) For each fiscal year or part of a fiscal year, a person who manufactures or distributes commercial feed in individual containers of five pounds or less may pay an advance inspection fee of \$25 for each brand of commercial feed manufactured or distributed. All others shall pay the fee on the basis of tags, certificates, or tonnage reporting, or a combination of those procedures, in accordance with this subchapter.

(d) A person is not required to pay an inspection fee on a portion of a customer-formula feed that is produced by the purchaser or acquired by the purchaser from a source other than the person who mixes, mills, or processes the mixture.

(e) The director by rule may provide that a person is not required to pay an inspection fee on commercial feed that the person manufactures or distributes solely for investigational, experimental, or laboratory use by qualified persons, if the investigation or experiment is conducted in the public interest.

[Acts 1981, 67th Leg., p. 1327, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 141.072. Tags or Certificates**

(a) In order to pay the inspection fee, a person may obtain from the director a tag or certificate printed with:

(1) a statement that all charges under this chapter have been paid; and

(2) the information required for a label under Subchapter C of this chapter.

(b) If the feed is not customer-formula feed and is distributed in a container, the person paying the fee shall affix a tag or certificate to each container of feed. If the feed is customer-formula feed or bulk feed, the person shall attach the tag or certificate to the invoice covering the feed.

(c) The director shall prescribe the form and denomination of tags and certificates under this section. If the actual cost of providing the tags or certificates, including the cost of printing and handling, is equal to more than 50 percent of the amount of the inspection fee, the director may charge the actual cost for the tags or certificates in addition to the amount of the inspection fee. The director shall give reasonable notice before charging the actual cost for tags or certificates.

[Acts 1981, 67th Leg., p. 1328, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 141.073. Tonnage Reporting**

(a) A person may pay the inspection fee on the basis of reports of the number of tons of feed manufactured or distributed in this state, regardless of the circumstances of the feed's entry into or presence in this state.

(b) In order to pay the fee on the basis of tonnage reporting, a person must apply to the department for a permit. In addition, the person shall deposit with the director:

(1) \$1,000 in cash or in securities acceptable to and approved by the director; or

(2) a surety bond approved by the director in the amount of \$1,000 that is payable to the State of Texas, executed by a corporate surety company authorized to do business in Texas or by at least

two good, sufficient, and solvent personal sureties, and conditioned on the faithful performance of the requirements of this chapter. The bond must be in a form prescribed by the director and is effective for the period of time prescribed by the director.

(c) If the director approves an application for a permit under this section, the director shall issue to the applicant a permit bearing an assigned number.

(d) The holder of the permit shall file with the director a quarterly sworn report setting forth the tonnage of all commercial feed that the person manufactured or distributed in this state during the preceding quarter. Each quarterly tonnage report must be accompanied by payment of the inspection fee due based on the tonnage reported for that quarter.

(e) A quarterly tonnage report and inspection fee payment is due before the 31st day following the last day of November, February, May, and August.

(f) The director may prescribe and furnish forms as necessary under this section.

[Acts 1981, 67th Leg., p. 1328, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 141.074. Penalty for Late Payment**

(a) If a person paying the inspection fee on the basis of tonnage reporting does not pay the fee before the 31st day following the last day of a quarter, the person shall pay a penalty equal to 10 percent of the inspection fee due.

(b) A penalty under this section is a debt and is recoverable out of the security deposited under Section 141.073(b) of this code.

[Acts 1981, 67th Leg., p. 1329, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 141.075. Records; Additional Reports; Audits**

(a) As required by the director, a person who pays the inspection fee on the basis of tonnage reporting shall maintain and furnish records that accurately reflect the total tonnage of feed manufactured, mixed, milled, processed, or distributed and the portion of the feed that is subject to the inspection fee. The director may require the person to file additional reports, including reports for the purpose of identifying or verifying the records maintained under this section.

(b) The director is entitled to examine at reasonable times the records maintained under this section.

(c) Unless otherwise authorized by the director, a person shall preserve and maintain the records under this section in usable condition for at least two years. The director may require a person to retain the records for a period longer than two years if the director determines it to be in the public interest.

(d) If a person is located outside this state, the person shall maintain records required under this section in this state or pay all costs incurred in the auditing of the records at another location. The director shall promptly furnish to the person an itemized statement of any costs incurred in an out-of-state audit and the person shall pay the costs before the 31st day following the date of the statement.

[Acts 1981, 67th Leg., p. 1329, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 141.076. Refusal of Tag or Certificate; Revocation of Permit**

(a) If a person fails to comply with this chapter or a rule adopted under this chapter, the director may:

(1) refuse to issue a tag or certificate to the person; or

(2) revoke the person's permit to pay the inspection fee on the basis of tonnage reporting.

(b) The director shall revoke the permit and cancel all registrations of a person who fails either to maintain records in this state or to pay for an out-of-state audit under Section 141.075(d) of this code.

[Acts 1981, 67th Leg., p. 1329, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 141.077. Disposition and Use of Fees**

(a) The director shall deposit fees collected under this subchapter in the state treasury to the credit of a special fund known as the feed control fund.

(b) The feed control fund shall be used, with the approval and consent of the board of regents of The Texas A & M University System, for administering this chapter, including paying the cost of:

(1) equipment and facilities;

(2) inspecting, analyzing, and examining commercial feed manufactured for distribution in this state; and

(3) experiments and research relative to the value of commercial feed.

[Acts 1981, 67th Leg., p. 1329, ch. 388, § 1, eff. Sept. 1, 1981.]

[Sections 141.078 to 141.100 reserved for expansion]

**SUBCHAPTER E. INSPECTION, SAMPLING, AND ANALYSIS**

**§ 141.101. Inspection and Sampling; Entry Power**

In order to determine if feed is in compliance with this chapter, the director is entitled to:

(1) enter during regular business hours and inspect any place of business, mill, building, or vehicle and to open any container, bin, or parcel that is

used in the manufacture, transportation, importation, sale, or storage of commercial feed or is suspected of containing a commercial feed; and

(2) take samples from feed found during that inspection.

[Acts 1981, 67th Leg., p. 1330, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 141.102. Procedure for Sampling**

(a) The director shall take samples in the presence of the manufacturer or other person in possession of the feed or a representative of that person. If the person refuses to be present and take part in the sampling, the director may take samples in the presence of two disinterested witnesses.

(b) The director shall take samples in the number and quantity that the director determines to be representative of the lot of feed sampled.

(c) If the feed is in bulk, the director shall take portions at random from not less than four different locations in the bulk lot. The director shall thoroughly mix and divide those portions so that each part fairly represents the whole. Any of those parts may be considered the official composite sample of the bulk feed.

[Acts 1981, 67th Leg., p. 1330, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 141.103. Identification of Sample**

(a) Each sample taken shall be sealed with a label placed on the container of the sample showing:

(1) the serial number of the sample;

(2) the date on which the sample was taken; and

(3) the signature of the person who took the sample.

(b) Each sample shall be sent to the director. In addition, a report shall be sent to the director stating:

(1) the name or brand of the commercial feed or material sampled;

(2) the serial number of the sample;

(3) the manufacturer of the lot sampled, if known;

(4) the name of the person in possession of the lot sampled;

(5) the date and place of taking the sample;

(6) the name of the person who took the sample; and

(7) the name of each person witnessing the taking of the sample.

(c) For the purpose of properly identifying a sample with the lot sampled, the director is entitled to examine and copy any invoice, transportation record, or other record pertaining to the lot.

[Acts 1981, 67th Leg., p. 1330, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 141.104. Procedure for Analysis

(a) The director shall divide each sample into at least four equal portions and retain at least three portions for the purpose of independent analysis under Section 141.105 of this code.

(b) The analysis of a sample shall be made in accordance with the official methods of the Association of Official Analytical Chemists or other methods that the director considers authentic by research and investigation.

[Acts 1981, 67th Leg., p. 1331, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 141.105. Independent Analysis of Sample

(a) If the director finds through chemical analysis or another method that a commercial feed is in violation of a provision of this chapter, the director shall notify the manufacturer or other person who caused the feed to be distributed. The notice must be in writing and give full details of the director's findings.

(b) A person who receives a notice under this section may request that the director submit portions of the sample analyzed to other chemists for independent analysis. After receiving a request, the director shall submit two portions of the sample analyzed to two qualified chemists selected by the director. The justice and the freeholders shall certify their findings under oath in writing.

(b) If the justice and freeholders determine that the fence of the complaining person is sufficient, the owner of the trespassing livestock is liable to that person for damages resulting from the trespass. Notice must be given for at least 30 days before the date of the election. [Acts 1981, 67th Leg., p. 1341, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 143.023. Election**

(a) If the election is not countywide, the county judge at the time the election order is issued shall appoint election officers for the election. In order to serve as an election officer, a person must be a freeholder of the county and a qualified voter. The election officers may appoint their own clerks.

(b) If the election is countywide, it shall be held at the usual voting places in the election precincts. If the election is not countywide, the county judge shall designate the particular places in the petitioning area at which the polls are to be open.

(c) In order to vote at an election, a person must be a freeholder and a qualified voter.

(d) Ballots for the election shall be printed to provide for voting for or against the proposition, "Letting \_\_\_\_\_ run at large," with the blank space printed with the name of each animal designated in the election order.

(e) The election officers shall make returns to the county judge of all votes cast for each proposition not later than the 10th day after the day of the election. The commissioners court shall open, tabulate, and count the returns in the manner provided for general elections in this state. The county judge shall immediately issue a proclamation declaring the result and post the proclamation at the courthouse door.

[Acts 1981, 67th Leg., p. 1341, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 143.024. Effect of Election; Adoption of Subchapter**

(a) If a majority of the votes in an election are cast against the proposition, this subchapter is adopted and, after the 30th day following the date on which the proclamation of results is issued, a person may not permit any animal of the class mentioned in the proclamation to run at large in the county or area in which the election was held.

(b) Sections 143.023-143.034 of this code apply only in the county or area in which this subchapter has been adopted.

[Acts 1981, 67th Leg., p. 1341, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 143.025. Subsequent Elections to Adopt Subchapter**

(a) Except as provided by Subsection (b) of this section, if this subchapter is not adopted at an election, another election for that purpose may not be held in the county or area in which the election was held earlier than one year after the date of the election.

(b) Defeat of adoption of this subchapter at a countywide election does not prevent another election for that purpose from being held immediately thereafter for an area within the county. Defeat of adoption of this subchapter at an election held in an area within a county does not prevent a countywide election for that purpose from being held immediately thereafter.

[Acts 1981, 67th Leg., p. 1342, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 143.026. Repeal**

(a) The freeholders of a county or an area in which this subchapter has been adopted may petition the commissioners court to conduct an election for repeal of that adoption. The petition must be signed by a majority of the freeholders who are qualified voters in the county or area subject to this subchapter.

(b) An election under this section shall be ordered and conducted, the returns shall be made, and the results shall be declared in the same manner provided by this subchapter for an election to adopt this subchapter.

(c) An election under this section may not be held earlier than two years after the date of the last election under this subchapter in the applicable county or area.

(d) If at an election under this section a majority of the votes are cast for allowing the named animals to run at large, after the expiration of 180 days after the date of the proclamation of results a person may permit an animal of the class mentioned in the proclamation to run at large in the county or area in which the election was held. If a majority of

the votes are cast against letting the named animals run at large, the operation of this subchapter in the county or area is not affected.

[Acts 1981, 67th Leg., p. 1342, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 143.027. Extension of Subchapter to Adjoining Area by Order**

A commissioners court by order shall extend application of this subchapter to territory that is between two areas of the county that have adopted this subchapter or is adjacent to an area, in that county or in another county, that has adopted this subchapter if:

(1) there are fewer than 20 freeholders in the territory and a majority of the owners of the land in the territory petition the court to extend application of this subchapter to that area;

(2) there are no freeholders in the territory and the owners of the land petition the commissioners court to extend application of this subchapter to that territory; or

(3) a person who owns land that is adjacent to land to which this subchapter has been extended petitions the court to extend application of this subchapter to that person's land.

[Acts 1981, 67th Leg., p. 1342, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 143.028. Fences**

(a) A person is not required to fence against animals that are not permitted to run at large. Except as otherwise provided by this section, a fence is sufficient for purposes of this chapter if it is sufficient to keep out ordinary livestock permitted to run at large.

(b) In order to be sufficient, a fence must be at least four feet high and comply with the following requirements:

(1) a barbed wire fence must consist of three wires on posts no more than 30 feet apart, with one or more stays between every two posts;

(2) a picket fence must consist of pickets that are not more than six inches apart;

(3) a board fence must consist of three boards not less than five inches wide and one inch thick; and

(4) a rail fence must consist of four rails.

(c) The freeholders of the county or area may petition the commissioners court for an election to determine whether three barbed wires without a board are to constitute a sufficient fence in the county or area. The election shall be conducted in the same manner and is governed by the same provisions of this subchapter provided for elections on the adoption of this subchapter.

[Acts 1981, 67th Leg., p. 1342, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 143.029. Trespassing Animals; Impoundment by Individual**

(a) If an animal not permitted to run at large enters the enclosed land or, without being herded with other animals, roams about the residence, lot, or cultivated land of another person without the person's consent, that person, whether owner, lessee, or other person in lawful possession of the land, may impound the animal and detain it until all damages and fees under this subchapter have been paid by the owner of the animal. After impounding an animal under this subsection, the person shall immediately give notice to the owner of the animal and shall return possession of the animal to the owner after receiving payment of the fees and damages. If the owner of the animal is unknown, the person impounding the animal may, after five days, treat the animal as an estray under Chapter 142 of this code or may have the animal sold under Section 143.032 of this code.

(b) If a trespass has been committed by any cattle or horses on the cleared or cultivated land of any person who has complied with this subchapter in erecting a sufficient fence, the person may file a complaint with the justice of the peace of the precinct in which the trespass was committed. On receiving the complaint, the justice shall summon two impartial and disinterested freeholders and shall, with those freeholders, examine the fence and land and determine if the person's fence was sufficient and what damages, if any, the person sustained as a result of the trespass. The justice and the freeholder<sup>1</sup> shall certify their findings under oath in writing. If they determine that the fence of the complaining person was sufficient, the owner of the trespassing animals is liable to that person for damages resulting from the trespass. If the same cattle or horses trespass a second time on the cleared and cultivated land of the person, the person may impound the animals if he or she considers it necessary for the protection and preservation of the premises or the crops growing on the premises. A person who impounds animals under this section shall turn them over to the sheriff or constable and the impounded animals may be sold in order to compensate the injured person for damages and costs resulting from the trespass and impoundment. In addition, the person impounding the animals may charge the owner 25 cents per day per animal impounded.

[Acts 1981, 67th Leg., p. 1343, ch. 388, § 1, eff. Sept. 1, 1981.]

<sup>1</sup> So in enrolled bill.

**§ 143.030. Fees and Damages**

(a) Except as provided by Subsection (b) of this section, a person who impounds animals under this

subchapter is entitled to the following fees for each day in which the person detains the animals:

Horses or mules	50 cents a head
Jacks or jennets	30 cents a head
Hogs	25 cents a head
Sheep or goats	15 cents a head

(b) In Menard County, a person who impounds hogs is entitled to a fee not to exceed \$5 a head for each day the person detains the hogs.

(c) The fees due under this section and the damages owed as a result of trespass by animals shall be assessed by three disinterested freeholders of the county or area in which this subchapter has been adopted. If this subchapter is applicable to an area within a county, the justice of the peace of the precinct in which the area is located shall appoint the freeholders on application of the person who impounds the animals. If the justice fails or refuses to make the appointments or if this subchapter has been adopted for the entire county, the county judge shall make the appointments.

(d) If the owner of the animals is known, the owner shall be given at least five days' notice of the meeting of the freeholders. If the owner is unknown, written notice of the meeting shall be posted at two public places in the applicable area or county and at the courthouse door.

(e) After being sworn to discharge their duties impartially, the appointed freeholders shall examine the evidence and determine whether a trespass prohibited by this subchapter has occurred, the amount of damages incurred, if any, and the fees owed to the person who impounded the animals. The freeholders shall make their determination of fees and damages in a written assessment and file that assessment with the justice of the peace. The assessment must be signed by at least two of the freeholders and verified by an affidavit of each freeholder to the effect that the assessment is just and that each freeholder has no bias in favor of or against any interested party.

(f) The assessment of the freeholders is final. [Acts 1981, 67th Leg., p. 1344, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 143.031. Impounding of Animals by Sheriff or Constable**

(a) The sheriff or a constable of the county or area shall seize and impound in a place provided for that purpose any animal that the sheriff or constable knows to be running at large in violation of this subchapter. If the officer knows who the owner of the animal is, the officer shall immediately notify the owner that the animal has been impounded.

(b) Except as provided by Subsection (c) of this section, an owner of an animal impounded under this section may redeem the animal on payment of an impoundment fee of \$1 plus an additional fee in the

following amount for each day the animal was impounded:

Horses or mules	\$1 a head
Jacks or jennets	50 cents a head
Sheep, goats, or hogs	25 cents a head

(c) In Menard County, the owner of impounded hogs shall pay an impoundment fee of \$1 plus an additional fee not to exceed \$5 a head for each day the hogs were impounded.

[Acts 1981, 67th Leg., p. 1344, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 143.032. Sale of Impounded Animal**

(a) If the owner of an animal impounded under this subchapter is known, the animal may be sold in accordance with this section if:

(1) the animal was impounded by an individual and an assessment of fees and damages under this subchapter has been filed; or

(2) the animal was impounded by a sheriff or constable and five days have expired following notice of the impoundment to the owner.

(b) If the owner of an animal impounded under this subchapter is unknown, the animal may be sold in accordance with this section if the individual or officer who impounded the stock makes an affidavit before a justice of the peace that describes the animal and states that the owner is unknown. The justice of the peace shall file the affidavit with the county clerk and the county clerk shall maintain the affidavit open for inspection in the clerk's office.

(c) The constable of the precinct in which the animal was impounded shall sell the animal at public auction for cash. The constable shall give notice of the sale in the manner provided by the Rules of Civil Procedure for the execution sale of personal property.

(d) The proceeds of the sale shall be applied to the expenses of the sale and then to the fees and damages owed to the person impounding the animal. If the owner of the animal is known, any balance remaining shall be paid to the owner. If the owner of the animal is unknown, the constable shall report the balance under oath to the county clerk, who shall remit the funds to the county treasurer. If an individual impounded the animal, the county treasurer shall deposit and disburse the funds in the manner provided by Chapter 142 of this code for proceeds from the sale of an estray. If an officer impounded the animal, the county treasurer shall deposit the funds to the credit of the road and bridge fund of the county.

[Acts 1981, 67th Leg., p. 1345, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 143.033. Injury to Trespassing Animal**

If a person whose fence is insufficient under this subchapter maims, wounds, or kills a head of cattle or a horse, mule, jack, or jennet, or procures the maiming, wounding, or killing of one of those animals, by any means, including a gun or a dog, the person is liable to the owner of the animal for damages. This section does not authorize a person to maim, wound, or kill any horse, mule, jack, jennet, or head of cattle of another person.

[Acts 1981, 67th Leg., p. 1345, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 143.034. Penalty**

(1) turns out or causes to be turned out on land that does not belong to or is not under the control of the person an animal that is prohibited from running at large under this subchapter;

(2) fails or refuses to keep up an animal that is prohibited from running at large under this subchapter;

(3) allows an animal to trespass on the land of another in an area or county in which the animal is prohibited from running at large under this subchapter; or

(4) as owner, agent, or person in control of the animal, permits an animal to run at large in an area or county in which the animal is prohibited from running at large under this subchapter.

(b) An offense under this section is a misdemeanor or punishable by a fine of not less than \$5 nor more than \$50.

(b) A petition for a countywide election must be signed by at least 50 freeholders. A petition for an election in an area of a county that has adopted Subchapter B of this chapter must be signed by at

least 20 freeholders. A petition for an election in an area that is between two areas that have adopted Subchapter B of this chapter and in which there are fewer than 50 freeholders must be signed by a majority of the freeholders in the area.

(c) If the election is to be less than countywide, the petition must describe the boundaries of the area in which the election is to be held in the same manner as the description provided for the election on adoption of Subchapter B of this chapter.

[Acts 1981, 67th Leg., p. 1346, ch. 388, § 1, eff. Sept. 1, 1981.]

(b) Immediately after passage of a commissioners court order for an election, the county judge shall issue an order for the election that specifies:

(1) the petition and action of the commissioners court;

(2) the classes of animals that are to be allowed a limited period of free range;

(3) the period in which the animals are to have free range;

(b) If the limited period of free range is defeated at a countywide election, this section does not prohibit another election on the proposition from being held immediately thereafter for an area within the county. If the limited period of free range is defeated at an election in an area within a county, no other election covering that area may be held except an election in the same area, which must be held at least one year after the prior election.

(c) If at a subsequent election in a county or area that has adopted the limited period of free range the majority of votes are cast against the proposition, the limited period of free range is repealed and a person may not permit hogs to run at large in that county or area effective on the 11th day following the day on which the proclamation is issued. If the majority of the votes are cast for the proposition, the operation of the limited period of free range is not affected.

- (3) driven in the county for slaughter.

(b) The inspector or a deputy inspector shall inspect animals being driven for sale or shipment out of the county before the animals are removed from the county.

(c) The inspector or deputy inspector shall examine each hide or animal separately so as to identify:

- (1) the number, age, marks, and brands of an animal; or
- (2) the number, marks, and brands of a hide, whether the hide was dry or green, and the vendor and purchaser of the hide.

(d) The inspector shall record the information obtained under Subsection (c) of this section in a well-bound book. On the last day of each month the inspector shall file a certified copy of the entries for the previous month with the county clerk, who shall file that copy in the records of the county court.

[Acts 1981, 67th Leg., p. 1371, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 146.061. Certificate of Inspection**

(a) For each inspection of animals, following proof of ownership under Subsection (b) of this section and payment of inspection fees, the inspector shall issue a certificate of inspection stating that the inspector has carefully examined and inspected each animal and that the purchaser has complied with the law. If cattle were inspected, the certificate must also state:

- (1) the number of cattle for each mark or brand;
- (2) the age and sex of each head;
- (3) the name of the person for whom the cattle were inspected and that the cattle appear to be the property of that person as either the owner of the mark or brand or as the person named in the bill of sale;
- (4) that no other cattle in the herd or under control of the person for whom they are inspected should be inspected;
- (5) that the person for whom the cattle were inspected intends to drive or ship them; and
- (6) the name of the place in this state at which the cattle are to be sold or slaughtered or the place on the border through which they are to be shipped.

(b) Except as otherwise provided by this subsection, the inspector may not issue a certificate of inspection unless presented with a written bill of sale or power of attorney from the owner of the animal or an agent authorized to act for the owner by a written, signed, and acknowledged instrument. The inspector shall carefully examine the bills of sale and lists of marks and brands for cattle inspected. Before issuing a certificate of inspection for cattle, the inspector must be satisfied that no cattle are among the herd inspected other than those for which the person claiming the cattle has:

- (1) a bill of sale or chain of transfer in writing from the record owner; or
- (2) a certificate from a county clerk stating that the mark and brand are recorded with the clerk as the mark and brand of that person.

(c) The certificate of inspection and bill of sale shall be recorded in the office of the county clerk and certified under the clerk's hand and seal. Each inspector shall maintain a record of all certificates issued.

(d) The inspector shall deliver the certificate of inspection to the purchaser of the animal under the bill of sale or to the purchaser's agent.

(e) A person who possesses a certificate of inspection may not be required to pay inspection fees for inspection of the animals described in the certificate in any county other than a county from which the animals are exported.

[Acts 1981, 67th Leg., p., 1371, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 146.062. Inspection of Herds in Transit**

(a) On request of any person, the inspector shall stop and inspect any drove of cattle that is passing through the county. The inspector may not unnecessarily detain the drove.

(b) If any cattle found in a drove inspected under this section are not listed in the certificate of inspection of the county in which the drove was gathered, the fees for inspection under this section shall be paid from the sale of those cattle.

(c) If all cattle found in a drove inspected under this section are listed in the certificate of inspection accompanying the drove, the fees for inspection under this section shall be paid by the person who requested that the drove be inspected.

[Acts 1981, 67th Leg., p. 1372, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 146.063. Change of Destination**

If the owner of inspected cattle desires to sell, ship, or slaughter the animals at a place other than the destination named in the certificate of inspection, the owner may have the animals inspected at the point of destination named in the certificate and have issued a new certificate with a new destination. On arrival at the new destination point, the herd shall be inspected and compared as provided for at the original destination point.

[Acts 1981, 67th Leg., p. 1372, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 146.064. Inspection at Point of Destination**

(a) If the inspector of a herd at the point of destination finds cattle other than those covered by the certificate of inspection from the county from which the cattle were driven, the inspector shall seize the cattle. If the person in charge of the cattle refuses to deliver them to the inspector, the inspector may apply for a writ of sequestration from a court of competent jurisdiction, as determined by the value of the cattle, by filing with the court an affidavit stating that the inspector believes the cattle to have been unlawfully acquired. The court shall issue the writ without bond and the sheriff or a constable of the county shall immediately execute the writ.

(b) The court issuing the writ of sequestration shall issue a citation directed to the constable and addressed "To whom it may concern." The citation must state that the animals have been seized, describe the animals, and command that concerned persons appear on a day named in the citation to show cause why the animals should not be forfeited to and sold for the benefit of the county in which they were seized. The sheriff or constable shall post certified copies of the citation in three public places in the county for a period of 10 days before the date named in the citation. On receiving proof of post-

ing, the court shall proceed to condemn the animals unless satisfactory proof of ownership is made or unless other sufficient cause is shown why the property should not be condemned.

(c) If animals are condemned under this section, the court shall order the inspector to sell the animals at public auction to the highest bidder. The inspector is entitled to retain one-fourth of the proceeds of the sale after deducting expenses. The remaining proceeds shall be paid into the county treasury subject to the claim of the true owner of the cattle. The deposit in the county treasury must be accompanied by a certified statement, under the hand and seal of the inspector, of the number of cattle sold, the mark and brand of each animal, and the sale price. If a claim to those proceeds is not established earlier than one year after the date of deposit in the county treasury, the proceeds pass to the general fund of the county and all claims to the proceeds are barred.

(d) Proceedings under this section may be conducted while the court is in term or on vacation. [Acts 1981, 67th Leg., p. 1372, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 146.065. Inspection Before Movement Out of State**

(a) The inspector at the point of shipment or at the border county, as applicable, shall inspect any herd about to be driven or shipped out of this state that the inspector has reason to believe contains animals not covered by the certificate of inspection or by a bill of sale.

(b) If on inspection under this section the inspector finds in the herd animals that are not covered by the certificate of inspection or by a bill of sale, the fees for inspection shall be paid from the sale of those animals. The inspector is not entitled to more than three cents for each head of cattle so inspected.

(c) If on inspection under this section the inspector finds that all animals in the herd are covered by the certificate of inspection or by a bill of sale, the fees for inspection shall be paid by the person requesting the inspection, unless the inspection was made on the inspector's own motion, in which case the inspector is not entitled to fees.

[Acts 1981, 67th Leg., p. 1373, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 146.066. Inspection of Animals Exported to Mexico**

(a) A person may not drive or ship animals to Mexico from a point in Texas other than a point where a customhouse of the United States is located.

(b) A person driving or shipping animals from Texas to Mexico shall have the animals inspected by the inspector of the county in which the point of

shipment or place at which they are to be driven across the Rio Grande is located. The inspection must occur before the animals are shipped from this state or pass across the river.

[Acts 1981, 67th Leg., p. 1373, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 146.067. Inspection of Hides and Animals Imported from Mexico**

(a) The inspector of the county into which cattle hides or cattle, horses, or mules are imported from Mexico shall inspect those hides or animals.

(b) If an importer of hides fails or refuses to place the imported hides in a position where they may be inspected, or if the inspector finds that the hides are folded or bound together in a manner that prevents inspection without injury to the hides, the inspector shall take possession of the hides and have them treated in a manner that permits the hides to be unfolded without injury. The inspector is not liable for any damage to the hides resulting from treatment under this subsection. Treatment is at the risk of the importer or the person in possession of the hides after importation.

(c) In addition to the inspection fees allowed by this subchapter, the importer or the person in possession of the hides after importation shall pay all expenses of treatment of the hides under Subsection (b) of this section, including the cost of freight and handling.

(d) If a person responsible for payment fails or refuses to pay the inspection fees under this subchapter or the treatment expenses under this section, the inspector may retain possession of the hides or animals and sell a number of them sufficient to pay the fees and expenses. The inspector shall give three days' public notice of the sale and shall sell the hides or animals to the highest and best bidder. [Acts 1981, 67th Leg., p. 1373, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 146.068. Seizure of Imported Hides or Animals Believed Stolen**

(a) An inspector shall take possession of any hides or animals imported from Mexico that the inspector has reason to believe, on the basis of the brands or other evidence, are stolen from the lawful owner. The inspector shall notify any person that the inspector believes to be interested to institute suit for recovery of the hides or animals. If no person claims the hides or animals within 24 hours, the inspector under oath shall notify a court of competent jurisdiction, as determined by the value of the property seized, that there is reason to believe that the hides or animals are stolen. The court shall issue a citation directing the owner or person claiming the hides or animals to appear at the judge's or justice's office within a specified time, not to exceed

24 hours, to show cause why the property should not be condemned.

(b) If a person proves to be the lawful owner of hides or animals seized under this section, the court shall direct that the property be delivered to that person on payment of the inspection fees and other costs. A person may prove ownership by showing a bill of sale from the prior owner or an agent of the prior owner and a complete chain of transfer of title from the original owner.

(c) If no person proves to be the owner of hides or animals seized under this section, the court shall direct that the property be sold at public auction by the inspector. Notice of the sale shall be published for 10 days in a newspaper published in the county. If no newspaper is published in the county, notice shall be posted for 10 days at the courthouse door and at two or more other places in the county. The property shall be sold to the highest and best bidder.

(d) Proceeds of a sale under this section shall first be used to satisfy expenses of the sale. Of the balance remaining, the inspector is entitled to retain 25 percent and shall remit 75 percent to the county treasurer. The county treasurer shall deposit one-half of that sum to the credit of the county available school fund and one-half to the credit of the county jury fund.

(e) At any time before proceedings are begun under this section, the importer of the hides or animals may pay the lawful owner or the owner's agent or attorney for those hides or animals. Following that payment and payment of the inspection fees, the inspector shall release the hides or animals to the importer.

[Acts 1981, 67th Leg., p. 1374, ch. 388, § 1, eff. Sept. 1, 1981.]

(b) Unless the hide or animal is identified in accordance with Subsection (c) of this section, an inspector may seize and sequester a hide or an animal that is about to be slaughtered or driven or shipped out of the county if:

- (1) the hide or animal is unbranded;
- (2) the mark or brand for the animal cannot be ascertained; or
- (3) the animal is a calf or yearling on which a fresh mark or brand is unhealed.

(c) An inspector may not seize a hide or an animal that is identified by a bill of sale signed by the owner or the owner's agent and acknowledged be-

fore an officer authorized to authenticate instruments for record in this state. An inspector may not seize a calf or yearling that is accompanied by its mother.

(d) An inspector who seizes a hide or an animal under this section shall report the seizure to a court of competent jurisdiction as determined by the value of the property seized. The court shall issue a citation directed to the sheriff or a constable that is addressed "To whom it may concern." The citation must state that the property has been seized, describe the property, and command that concerned persons appear at a day named in the citation to show cause why the property should not be forfeited to and sold for the benefit of the county in which it was seized.

(e) The sheriff or constable shall post certified copies of the citation in three public places in the county for a period of 10 days before the date named in the citation. On receiving proof of posting, the court issuing the citation shall proceed to condemn the property unless satisfactory proof of ownership is made or unless other sufficient cause is shown why the property should not be condemned.

(f) If the property is condemned, the court shall order the inspector to sell it at public auction to the highest bidder. The inspector is entitled to retain one-fourth of the proceeds of the sale after deducting expenses and shall immediately pay the remaining proceeds into the county treasury for deposit to the credit of the general fund of the county.

**SUBCHAPTER B. BOND**

**§ 147.021. Bond required**

Before engaging in business as a commission merchant, a person shall file a bond with the county judge of the county of the commission merchant's principal place of business.

[Acts 1981, 67th Leg., p. 1379, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 147.022. Terms and Conditions of Bond**

(a) Each bond filed under this chapter must be:

(1) signed by a solvent surety company authorized to do business in this state and having a paid-up capital of at least \$500,000;

(2) payable to the county judge of the county of the commission merchant's principal office or place of business as trustee for all persons who may be entitled to recover under the bond; and

(3) conditioned that the commission merchant will comply with the requirements of this chapter and will well and truly perform all agreements entered into with a consignor or owner of livestock, or with a person holding a lien on livestock, in relation to receiving, handling, and selling the livestock and remitting the net proceeds of a sale.

(b) Each bond must contain a provision requiring that, in order to terminate a bond, the terminating party must give at least 10 days' written notice to the county judge prior to the termination.

The average amount of sales and purchases for one day is determined by dividing the total sales and purchases for the preceding year by 308, regardless of the actual number of business days.

(b) A bond may not be in an amount less than \$2,000.

(c) If the amount equal to twice the average sales and purchases of a commission merchant on a business day exceeds \$50,000, the bond must be in an amount equal to \$50,000 plus 10 percent of the amount of sales and purchases in excess of \$50,000.

(d) If prior to filing bond a person has no previous sales and purchases on which to determine the amount of the bond, the bond must be in an amount adequate to cover the probable volume of business to be done by that person, as determined by the county judge of the county of the commission merchant's principal place of business. After that person has engaged in business as a commission merchant for one year, the amount of the bond shall be determined as otherwise provided by this section.

(e) If in the judgment of the county judge the condition of the business of a livestock commission merchant renders the bond inadequate, the county judge shall notify the livestock commission merchant and the commission merchant shall increase the bond to an amount determined adequate by the county judge.

#### SUBCHAPTER B. BRUCELLOSIS CONTROL AREAS

##### § 163.021. Petition; Boundaries

(a) The cattle owners of any county or area may petition the commission to designate the county or area as a brucellosis control area. The petition must be signed by persons who, according to the tax rolls:

(1) constitute at least 75 percent of the cattle owners in the county or area; and

(2) own at least 51 percent of the cattle in the county or area.

(b) The petition must state whether the brucellosis control area requested is to be a Type I or Type II area as provided by this subchapter. The commission may not establish a control area unless the petition states the type requested.

(c) If the commission determines that conditions within and surrounding a county from which a petition originates make it impractical to operate a brucellosis control area within the boundaries of the county, the commission may add a reasonable amount of territory to that proposed, or eliminate a reasonable amount of territory from that proposed, in order to establish the boundaries along practical and reasonable lines. Before establishing a control area with boundaries determined under this subsection, the commission must determine that designation of the area as a modified certified brucellosis free area is requested by persons in the area who, according to the tax rolls:

(1) constitute at least 75 percent of the cattle owners in the area; and

(2) own at least 51 percent of the cattle in the area.

(d) If the area follows county boundary lines, the commission shall designate it as a county brucellosis control area, with the name of the county identifying the area. If the area does not follow county boundary lines, the commission shall designate it as a special brucellosis control area.

[Acts 1981, 67th Leg., p. 1413, ch. 388, § 1, eff. Sept. 1, 1981.]

##### § 163.022. Proclamation

(a) Before establishing a brucellosis control area, the commission shall issue a proclamation that:

(1) describes the area by boundaries;

(2) states that the area is to be designated a county or special brucellosis control area;

(3) states the type of control area to be established;

(4) states the date on which brucellosis control work is to begin in the area, which must be not earlier than the 90th day after the date of the proclamation; and

(5) states the date for a hearing on the establishment of the control area, which must be not earlier than the 30th day after the date of the proclamation.

(b) The commission shall post the proclamation in at least three public places in the area and at the door of the courthouse of each county in the area. The proclamation must be posted not later than the 90th day before the date on which brucellosis control work is to begin in the area.

[Acts 1981, 67th Leg., p. 1414, ch. 388, § 1, eff. Sept. 1, 1981.]

##### § 163.023. Hearing

(a) Before establishing a brucellosis control area, the commission shall conduct a hearing at its office at which any person owning cattle in the affected area is entitled to appear and protest the establishment of the area.

(b) A person may present views at a hearing under this section by appearing in person, by representative, or by both.

(c) The commission shall issue a written statement of its decision on establishment of the brucellosis control area not later than the 10th day after the day of the hearing. The decision of the commission is final.

[Acts 1981, 67th Leg., p. 1414, ch. 388, § 1, eff. Sept. 1, 1981.]

##### § 163.024. Type I Area

(a) If an area is established as a Type I area, no testing is required of cattle in the area, but each person who owns cattle in the area shall have the person's female calves officially vaccinated in accordance with the rules of the commission. The commission by rule shall specify the ages within which the calves must be vaccinated.

(b) Vaccination of female calves in a Type I area is at the expense of the owner.

[Acts 1981, 67th Leg., p. 1414, ch. 388, § 1, eff. Sept. 1, 1981.]

##### § 163.025. Type II Area

(a) If an area is established as a Type II area, the commission may, in accordance with its rules, conduct tests, vaccinations, and identifying and other practices, establish quarantines, and provide for the disposition of infected animals.

(b) The commission may adopt and enforce rules in a Type II area as necessary to qualify the county for certification or recertification as a modified certified brucellosis free area as outlined in the uniform regulations of the United States Department of Agriculture and the rules of the commission.

(c) Notwithstanding any other provision of this chapter, the commission may designate any county or area as a Type II area if the commission finds that establishment of Type II areas has been requested by petition by persons who, according to the tax rolls:

(1) constitute at least 75 percent of the cattle owners in the state; and

(2) own at least 51 percent of the cattle in the state.

(d) If directed by the commission or its representative, the owner, part owner, or caretaker of cattle located in a Type II area shall submit the cattle and furnish sufficient labor and facilities in order that:

(1) necessary blood or milk specimens may be taken from the cattle; or

(2) the cattle may be vaccinated, tattooed, branded, ear-notched, or tagged in accordance with the rules of the commission.

**§ 163.041. Designation of Modified Certified Free Area**

The commission may designate an area as a modified certified brucellosis free area if not more than one percent of the cattle in the area and not more than five percent of the herds in the area are positive to the official brucellosis agglutination test, not including:

(1) officially vaccinated animals under 30 months of age;

(2) calves under 6 months of age; and

(3) steers and spayed heifers.

[Acts 1981, 67th Leg., p. 1415, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 163.064. Testing and Vaccination**

(a) Only a person certified by the commission may perform testing and vaccinating under Subchapters A–D of this chapter, regardless of whether the person is a veterinarian.

(b) In order to certify or recertify cattle to be free of brucellosis, an owner, part owner, or caretaker of cattle is entitled to have the commission test the cattle by means of a brucellosis milk ring test. The person shall submit the cattle for the test and the cattle must show a negative reaction to three successive tests each year conducted not less than three nor more than four months apart.

(c) If any one of the three annual milk ring tests shows a positive reaction and indicates that a reactor may be present in a herd, the commission shall notify the owner, part owner, or caretaker. That person may request and is entitled to receive a second milk ring test, but must request it not later than the 10th day following the day on which the person receives the notice. If the second test shows a positive reaction, the person shall submit the cattle

for a brucellosis blood test at the expense of the commission and the commission may determine the cattle to be free of brucellosis only if the cattle show a negative reaction to the blood test.

(d) If cattle show a positive reaction to a blood test under Subsection (c) of this section, the owner, part owner, or caretaker may request and is entitled to receive a second blood test at the expense of the commission. If the second blood test shows a positive reaction, the cattle shall be branded and disposed of in accordance with Section 163.065 of this code.

(e) In the milk ring testing of a problem herd, the commission shall send the culture material of a positive reactor to an approved laboratory to determine if the positive test is the result of inoculation with a brucellosis vaccine or the actual disease of brucellosis.

- (1) furnish the owner of the animal with written data showing that the animal is infected;
- (2) fire brand the animal on the left jaw with the letter "B";
- (3) place a metal tag with a number in the ear of the animal; and
- (4) report the tag number in writing to the commission.

(b) The branding, tagging, and reporting of cattle that show a positive reaction to a blood test must be performed within 48 hours after the test.

(c) An animal branded under this section and the herd of which it is a part shall be handled in accordance with the rules of the commission, which may provide for:

#### § 163.066. Regulation of Movement of Cattle; Exception

The commission may not adopt a rule that:

(1) prohibits or interferes with the free movement of officially vaccinated calves that are under 30 months of age and from unquarantined herds; or

(2) prohibits a person from moving cattle owned by that person within an area that is declared to be in the process of accreditation or is a modified certified brucellosis free area, if the movement is confined to unquarantined contiguous lands owned or controlled by that person.

[Acts 1981, 67th Leg., p. 1417, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 167.101. Inspectors**

(a) The commissioners court of a county in which the commission conducts tick eradication may nominate the number of local inspectors found by the commission to be necessary for tick eradication in that county. The commission shall appoint those persons nominated unless, following appointment of local inspectors, the commission finds that the county is trying to retard tick eradication or is nominating persons who are incompetent or negligent in the performance of duty. In that case, the commission may ignore the nominations of the county.

(b) If a commissioners court fails or refuses to nominate persons as local inspectors, the commission shall appoint local inspectors without nomination.

(c) Local inspectors work under the direction and orders of the commission and are subject to discharge by the commission. The commission shall fix and the state shall pay the salaries of local inspectors, but a county may pay the salary and traveling expenses of a local inspector.

(d) The commission may employ county and district supervising inspectors without nomination by the commissioners courts.

If the warrant is obtained for the purpose of seizing or dipping livestock, the application and the warrant shall describe the livestock, state whether the animals are cattle, horses, mules, jacks, or jennets, and give the approximate number of animals. If any of that information is unknown to the applicant, the application and warrant shall state that the information is unknown.

In addition, the warrant authorizes the peace officer and the assistants to perform any duty authorized by this chapter.

(e) A search warrant issued under this section permits entry and reentry for the purposes of this section for a period of 60 days beginning on the day on which it is issued. After that period, additional search warrants may be issued as often as necessary.

(c) The commission or a resident of a county or part of a county in which tick eradication is being conducted may sue for permanent or temporary relief to compel a person who is an owner, part

owner, or caretaker of livestock to dip that livestock in accordance with this chapter if the person has failed or refused to dip the livestock or has threatened to fail or refuse to dip the livestock. If the court finds that the defendant has been served with an order of the commission to dip the livestock, that the livestock are subject to dipping, and that the material allegations of the plaintiff's petition are true, the court shall enter an order commanding the defendant to dip the livestock in accordance with the directions of the commission at the time and place designated in the order of the commission or in the order of the court. If the defendant fails to comply with the order of the court, the court may hold the defendant in contempt and punish the defendant accordingly and shall order a peace officer to deputize assistants and dip the livestock in accordance with the order of the court. The expense of dipping the livestock and employing the peace officer and assistants shall be taxed against the defendant as a cost of suit.

The officer shall conduct the sale at the courthouse door of the county in which the livestock are located and shall post notice of the sale at that courthouse door at least five days before the day of the sale.

(c) If any proceeds of the sale remain after deducting the amount to which the peace officer is entitled, the peace officer shall pay those proceeds to the county treasurer subject to the order of the owner of the livestock.

(d) A peace officer who dips livestock under Section 167.103 of this code is entitled to act under this section to secure the expenses of each day on which the animals are dipped.

The statement must describe the livestock and must be filed within six months after the dipping or other action of the peace officer giving rise to the lien. The statement may cover a single action or actions over a period of time. If the statement covers actions over a period of time, the statement must be filed within six months after the last dipping or other action giving rise to the lien.

(d) A peace officer may perfect a lien under Subsection (b) of this section by filing a sworn statement covering a single dipping or a number of dippings with the clerk of the district court. The statement must show the number of livestock dipped and must describe the livestock. The statement must be filed within 12 months after each dipping.

(e) A peace officer may foreclose a lien under Subsection (a) of this section by filing suit against the owner of the livestock in a court of competent jurisdiction for collection of the account and foreclosure of the lien. The suit must be filed within 24 months after the statement is filed with the county clerk. In the suit, the court may not require a cost bond of the peace officer or any person to whom the peace officer has assigned the account. The court shall enter judgment for the debt, with interest and costs of suit, and for foreclosure of the lien on the number of animals that the court determines necessary to defray the expenses and fees secured.

(f) The court shall foreclose a lien under Subsection (b) of this section after the filing of the statement and shall do so against the number of animals necessary for the payment of the expenses and costs. The court shall order those animals sold as under execution.

(g) If a lien is foreclosed under this section, the remainder of the proceeds of the sale following deduction of expenses and costs shall be paid to the

clerk of the court in which the suit is pending and are subject to the order of the owner of the livestock.

(b) In a prosecution for a violation of this chapter, the state is not required to include in the complaint, information, or indictment a verbatim copy of a written instrument or proclamation, but may allege the issuance and identify it by date of issuance.

(c) In the trial of a civil or criminal case under this chapter, in which a certified copy of a commission written instrument or a proclamation is to be introduced in evidence, the instrument or proclamation is not required to be filed with the papers of the cause and the party introducing it is not required to give notice of it to the other party.

[Acts 1981, 67th Leg., p. 1450, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 167.110. Presumption of Existence or Sufficiency of Dip

(a) In the trial of any case under this chapter in connection with the dipping of livestock or the failure to dip livestock, it is presumed that:

(1) the dipping vat contained a sufficient amount of dipping solution and the dipping solution had been properly tested; or

(2) the dipping solution could have and would have been put into the vat and tested if the owner or caretaker had brought the livestock to the vat for the purpose of dipping.

(b) In a criminal prosecution for failure to dip livestock under this chapter, the state is not required to allege and prove that the vat contained dipping solution.

(c) If it is necessary in a court proceeding to prove the test of a dipping solution, it is only necessary to prove that:

(1) the dipping solution used was one of the official dipping materials prescribed by the commission; and

(2) the inspector tested the dipping solution in accordance with the rules of the commission.

[Acts 1981, 67th Leg., p. 1450, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 167.111. Presumption of Ownership or Care

(a) If an inspector determines that a person is the owner, part owner, or caretaker of livestock subject

to dipping and an order to dip is issued and served, it is presumed that, at the time of a failure to dip, the person was still the owner, part owner, or caretaker of livestock subject to dipping located on the premises described in the order. In that case, the state is required to prove only that the person was the owner, part owner, or caretaker of livestock subject to dipping located on the premises at the time the order was served.

(b) After the service of an order to dip, if there are no longer any livestock subject to dipping located on the premises and if no livestock subject to dipping have been illegally removed, the defendant may file a sworn statement of that fact at the beginning of the trial. If the defendant does not file that statement, it is presumed that the defendant's status as owner, part owner, or caretaker remained unchanged since the service of the order. [Acts 1981, 67th Leg., p. 1451, ch. 388, § 1, eff. Sept. 1, 1981.]

#### § 167.112. Venue of Criminal Prosecution

The owner, part owner, or caretaker of livestock is subject to prosecution under this chapter in the county in which the livestock and the premises are located, regardless of whether the defendant was in the county at the time of issuance and service of the order to dip, at the time of the failure to dip, or at the time of violation of the quarantine.

[Acts 1981, 67th Leg., p. 1451, ch. 388, § 1, eff. Sept. 1, 1981.]

#### § 167.113. Civil Suit Against Corporate Offender

If a corporation or an agent of the corporation acting within the agent's scope of authority commits an offense under this chapter, the county attorney of the county in which the violation occurs shall institute a civil suit on behalf of the state in a court of competent jurisdiction for collection of the fine. [Acts 1981, 67th Leg., p. 1451, ch. 388, § 1, eff. Sept. 1, 1981.]

#### SUBCHAPTER A. GENERAL PROVISIONS

##### § 201.001. Findings, Purpose, and Policy

(a) The legislature finds that the farm and grazing lands of the State of Texas are among the basic assets of the state and that the preservation of these lands is necessary to protect and promote the health, safety, and general welfare of its people; that im-

proper land-use practices have caused and have contributed to, and are now causing and contributing to, progressively more serious erosion of the farm and grazing lands of this state by wind and water; that the breaking of natural grass, plant, and forest cover has interfered with the natural factors of soil stabilization, causing loosening of soil and exhaustion of humus, and developing a soil condition that favors erosion; that the topsoil is being blown and washed out of fields and pastures; that there has been an accelerated washing of sloping fields; that these processes of erosion by wind and water speed up with removal of absorptive topsoil, causing exposure of less absorptive and less protective but more erosive subsoil; that failure by an occupier of land to conserve the soil and control erosion upon the land causes a washing and blowing of soil and water onto other lands and makes the conservation of soil and control of erosion on those other lands difficult or impossible.

(b) The consequences of soil erosion in the form of soil-blowing and soil-washing are the silting and sedimentation of stream channels, reservoirs, dams, ditches, and harbors; the loss of fertile soil material in dust storms; the piling up of soil on lower slopes, and its deposit over alluvial plains; the reduction in productivity or outright ruin of rich bottom lands by overwash of poor subsoil material, sand, and gravel swept out of the hills; deterioration of soil and its fertility, deterioration of crops, and declining acre yields despite development of scientific processes for increasing such yields; loss of soil and water that causes destruction of food and cover for wildlife; a blowing and washing of soil into streams that silt over spawning beds and destroy waterplants, diminishing the food supply of fish; a diminishing of the underground water reserve that causes water shortages, intensifies periods of drought, and causes crop failures; an increase in the speed and volume of rainfall runoff, causing severe and increasing floods that bring suffering, disease, and death; impoverishment of families attempting to farm eroding and eroded lands; damage to roads, highways, railways, farm buildings, and other property from floods and from dust storms; and losses in navigation, hydroelectric power, municipal water supply, irrigation developments, farming, and grazing.

(c) In order to conserve soil resources and control and prevent soil erosion, it is necessary that land-use practices contributing to soil waste and soil erosion may be discouraged and discontinued, and appropriate soil-conserving land-use practices be adopted and carried out. Among the procedures necessary for widespread adoption are engineering operations such as the construction of terraces, terrace outlets, check dams, dikes, ponds, ditches, and the like; the utilization of strip-cropping, lister furrowing, contour cultivating, and contour furrowing; land irrigation; seeding and planting of waste, sloping, abandoned,

or eroded lands to water-conserving and erosion-preventing plants, trees, and grasses; forestation and reforestation; rotation of crops, soil stabilization with trees, grasses, legumes, and other thick-growing, soil-holding crops, retardation of runoff by increasing absorption of rainfall; and retirement from cultivation of steep, highly erosive areas and areas now badly gullied or otherwise eroded.

(d) It is the policy of the legislature to provide for the conservation of soil and soil resources of this state and for the control and prevention of soil erosion, and thereby to preserve natural resources, control floods, prevent impairment of dams and reservoirs, assist in maintaining the navigability of rivers and harbors, preserve wildlife, protect the tax base, protect public lands, and protect and promote the health, safety, and general welfare of the people of this state, and thus to carry out the mandate expressed in Article XVI, Section 59a, of the Texas Constitution. It is further declared as a matter of legislative intent and determination of policy that the agencies created, powers conferred, and activities contemplated in this chapter for the conservation of soil and water resources and for the reduction of public damage resulting from failure to conserve those natural resources, are supplementary and complementary to the work of various river and other authorities in this state and to other state officers, agencies, and districts engaged in closely related projects, and shall not duplicate or conflict with that work.

[Acts 1981, 67th Leg., p. 1458, ch. 388, § 1, eff. Sept. 1, 1981.]

### SUBCHAPTER C. CREATION, BOUNDARY CHANGES, AND DISSOLUTION OF SOIL AND WATER CONSERVATION DISTRICTS

#### § 201.041. Petition

(a) The eligible voters of any territory may petition the state board for the organization of a soil and water conservation district. The petition must be signed by at least 50 persons eligible to vote in an election to create the conservation district unless the territory contains fewer than 100 eligible voters, in which case the petition must be signed by a majority of the eligible voters in the territory.

(b) The petition must contain:

(1) a proposed name for the conservation district;

(2) a description of the territory proposed to be organized as a conservation district;

(3) a statement that there is need for a conservation district to function in the described territory in the interest of the public health, safety, and welfare; and

(4) a request that:

(A) the state board define the boundaries of the conservation district;

(B) an election be held within the defined territory on the question of creation of a conservation district in that territory; and

(C) the state board determine that the conservation district be created.

(c) The petition is not required to describe the territory by metes and bounds or by legal subdivisions, but must be generally accurate in order to be sufficient.

(d) If more than one petition is filed covering parts of the same territory, the state board may consolidate any or all of the petitions.

[Acts 1981, 67th Leg., p. 1464, ch. 388, § 1, eff. Sept. 1, 1981.]

#### § 201.042. Hearing

(a) Not later than the 30th day after the day on which a petition is filed with the state board, the state board shall give notice of a hearing on:

(2) the question of the appropriate boundaries to be assigned to the conservation district;

(3) the propriety of the petitions and other proceedings taken under this chapter; and

(4) all questions relevant to those matters.

(b) Following notice, the state board shall conduct a hearing on the petition. Any interested person, including a person who is an eligible voter in the territory described in the petition or in the territory that is considered for addition to the described territory, is entitled to attend the hearing and be heard.

(c) If it appears at the hearing that it may be desirable to include within the conservation district territory that is outside the area within which notice has been given, the state board shall adjourn the hearing and give notice of further hearings throughout the entire area considered for inclusion in the conservation district. Following that notice, the board shall reconvene the hearing.

(d) After the hearing, if the state board, on the basis of the facts presented at the hearing and other available information, determines that there is need, in the interest of the public health, safety, and welfare, for a conservation district to function in the territory considered at the hearing, the board shall record that determination, define the boundaries of the conservation district by metes and bounds or by legal subdivisions, and conduct an election in accordance with Section 201.043 of this code. The board may not include within the defined boundaries any territory that is within the boundaries of another conservation district.

(e) In making the determination of need and defining the boundaries of the conservation district, the state board shall give due weight and consideration to:

(1) the topography of the area considered and of the state;

(2) the soil composition of the area considered and of the state;

(3) the distribution of erosion, the prevailing land-use practices, and the desirability and necessity of including within the conservation district the area under consideration;

(4) the benefits the area under consideration may receive from being included within the boundaries of the conservation district;

(5) the relation of the area considered to existing watersheds and agricultural regions and to other conservation districts in existence or proposed to be created; and

(6) other relevant physical, geographical, and economic factors, having due regard to the legislative determinations made in Section 201.001 of this code.

(f) After the hearing and consideration of the relevant facts, if the state board determines that there is no need for a conservation district to function in the territory considered at the hearing, it shall record that determination and deny the petition.

(g) The state board shall pay all expenses for the issuance of notices of the public hearings. The board shall supervise the conduct of those hearings and may adopt rules governing the conduct of the hearings.

(b) The state board shall give notice of the election and the notice must state the boundaries of the proposed conservation district.

(c) The ballot for the election shall be printed to provide for voting for or against the proposition: "The creation of a soil and water conservation district from the land below described in general terms and lying in the county (or counties) of \_\_\_\_\_."

(d) Each eligible voter in the proposed conservation district, as determined by the state board, is entitled to vote in the election. If part of a county is included within a proposed conservation district and the polling place of an eligible voter within the county is not included within the conservation district, the voter is entitled to vote at the polling place for the voter's land in the conservation district.

(e) Except as otherwise provided by this chapter, the election shall be conducted in conformity with the general laws relating to elections.

(f) The state board shall adopt rules for the conducting of elections, including rules providing for the registration of all eligible voters prior to the date of the election or prescribing another appropriate procedure for the determination of eligibility to vote.

[Acts 1981, 67th Leg., p. 1466, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 201.044. State Board Determination of Administrative Practicability and Feasibility**

(a) After announcing the results of an election, the state board shall consider, determine, and record its determination of whether the operation of the conservation district within the defined boundaries is administratively practicable and feasible. In making that determination, the state board shall give due regard and consideration to:

(1) the attitude of eligible voters in the defined boundaries;

(2) the number of persons eligible to vote in the election who voted;

(3) the number of votes cast in the election favoring creation of the conservation district in proportion to the total number of votes cast;

(4) the approximate wealth and income of the eligible voters of the proposed conservation district;

(5) the probable expense of carrying on erosion control operations within the proposed conservation district; and

(6) other relevant social and economic factors, having due regard for the legislative determinations made in Section 201.001 of this code.

(b) The state board may proceed with the organization of the conservation district only if:

(1) the board determines that the operation of the conservation district is administratively practicable and feasible; and

(2) at least two-thirds of the votes cast in the election were in favor of creation of the conservation district.

(c) If the state board determines that the operation of the conservation district is not administratively practicable and feasible, the state board shall deny the petition.

[Acts 1981, 67th Leg., p. 1466, ch. 388, § 1, eff. Sept. 1, 1981.]

If the state board denies a petition under this subchapter, a subsequent petition covering the same or substantially the same territory may not be filed with the board until six months have expired following the date of denial.

[Acts 1981, 67th Leg., p. 1467, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 201.046. Establishment of District Subdivisions; Appointment of Initial Directors**

After determining that the operation of the conservation district is administratively practicable and feasible, the state board shall divide the conservation district into five numbered subdivisions that are as nearly equal in area as practicable. The board shall appoint one director each from the subdivisions numbered two and four. Those directors shall perform the duties required by this subchapter and shall serve on the initial governing board of the conservation district until the regular election for those subdivisions.

[Acts 1981, 67th Leg., p. 1467, ch. 388, § 1, eff. Sept. 1, 1981.]

The application and the statement are not required to contain any detail other than a recital of the information required by this section.

(3) the board did define the boundaries of the conservation district;

(4) notice was given and an election held on the question of the creation of the conservation district;

(5) the result of the election showed a two-thirds majority of the votes cast in the election to be in favor of the creation of the conservation district; and

(6) the board did determine that the operation of the conservation district is administratively practicable and feasible.

(d) The directors shall subscribe and swear to the application before an officer authorized by law to take and certify oaths. That officer shall certify on the application that the officer personally knows the directors, that the officer knows them to be the directors as affirmed in the application, and that each director has subscribed to the application in the officer's presence.

[Acts 1981, 67th Leg., p. 1467, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 201.048. Issuance of Certificate**

(a) The secretary of state shall examine the application for a certificate of organization and the statement of the state board. If the secretary of state finds that the name proposed for the conservation district is not identical to that of another conservation district or so nearly similar as to lead to confusion or uncertainty, the secretary shall receive the application and statement, file them, and record them in an appropriate book of record in the secretary's office.

(b) If the secretary of state finds that the name proposed for the conservation district is identical to that of another conservation district or so nearly similar as to lead to confusion or uncertainty, the secretary shall certify that fact to the state board and the state board shall submit to the secretary a new name for the conservation district that is free of that defect. After receipt of a name that is free of that defect, the secretary shall record the application and statement, with the modified name, in an appropriate book of record in the secretary's office.

(c) When the application and statement are filed and recorded as provided by this section, the conservation district constitutes a governmental subdivision and a public body corporate and politic.

(d) The secretary of state shall make and issue to the directors a certificate, under the seal of this

state, of the due organization of the conservation district. The secretary shall record the certificate with the application and statement.

[Acts 1981, 67th Leg., p. 1468, ch. 388, § 1, eff. Sept. 1, 1981.]

In a suit, action, or proceeding involving the validity or enforcement of, or relating to, a contract, proceeding, or action of a conservation district, the conservation district is considered to have been established in accordance with this chapter on proof of the issuance of a certificate of organization by the secretary of state. A copy of the certificate certified by the secretary of state is admissible in evidence in the suit, action, or proceeding and is proof of the filing of the certificate and the contents of the certificate.

[Acts 1981, 67th Leg., p. 1468, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 201.050. Change in Conservation District or Subdivision Boundaries**

(a) A group of eligible voters may petition the state board for the inclusion of additional territory in an existing conservation district. Except as provided by Subsection (b) of this section, the petition is governed by, and the state board shall conduct proceedings on the petition in accordance with, the provisions of this subchapter relating to petitions for the creation of a conservation district. The state board shall prescribe the form for the petition, which must be as similar as practicable to the form provided for petitions for the creation of a conservation district.

(b) If there are fewer than 100 eligible voters in the area proposed for inclusion in the conservation district, and the petition is signed by two-thirds of those persons, the area may be included in the conservation district without an election. A person is eligible to vote at an election for including territory in an existing conservation district only if the person owns land in the territory to be included.

(c) The board of directors of one or more conservation districts may submit a petition to the state board requesting a division of the conservation district, a combination of two or more conservation districts, or a transfer of land from one conservation district to another. The petition must be signed by a majority of the directors of each conservation district affected. The state board shall determine the practicability and feasibility of the proposed change. If the state board determines that the change is not administratively practicable and feasible, it shall record that determination and deny the petition. If the board determines that the change is administratively practicable and feasible, it shall record that determination and reorganize the conservation districts in the manner set out in the petition.

(d) The state board, in cooperation with the land-owners of a conservation district, may change the boundaries of the subdivisions of the conservation district as may be necessary or desirable because of additions of territory to the conservation district.

[Acts 1981, 67th Leg., p. 1469, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 201.051. Dissolution of Conservation District**

(a) A conservation district may be dissolved by majority vote of the eligible voters in an election conducted in the manner provided by this subchapter for its creation.

(b) Certification by the state board to the secretary of state is sufficient notice of the dissolution of a conservation district.

(c) Except as provided by Subsection (d) of this section, after dissolution of a conservation district has been authorized as provided in Subsection (a) of this section, the directors of the conservation district shall sell at public sale all machinery, equipment, and supplies of the conservation district purchased with state funds. The directors shall deposit the proceeds of that sale and any other state funds to the credit of the conservation district in the state treasury to the credit of the general revenue fund.

(d) If the dissolution of a conservation district is for the purpose of adjusting the boundaries and the conservation district is immediately reorganized, the funds and equipment of the dissolved conservation district pass to the reorganized conservation district. If more than one conservation district is created under the reorganization, the funds and equipment of the dissolved conservation district shall be divided under terms satisfactory to the directors of the reorganized conservation districts.

For that purpose, the eligible voters shall meet on a date and at a time and place designated by the existing board of directors. The directors shall designate for the election a date that is after September 30 and before October 16.

(b) The eligible voters meeting for the purpose of electing a director shall proceed by electing a chairman, a secretary, and tally clerks. Nominations are then in order, and when nominations have ceased, the secretary shall announce the nominees. Each eligible voter present shall cast a vote by written ballot. (2) require observance of particular methods of cultivation, including:

(A) contour cultivating, contour furrowing, lister furrowing, or strip cropping;

143

(5) provide other means, measures, operations, or programs that may assist conservation of soil resources or prevent or control soil erosion in the conservation district, having due regard for the legislative determinations made in Section 201.001 of this code.

(c) Land-use regulations must be uniform throughout the conservation district, except that the directors may classify land in the conservation district according to relevant factors, including soil type, degree of slope, degree of erosion threatened or existing, or cropping or tillage practices in use. The land-use regulations may vary with the type or class of land affected, but must be uniform as to all land within the type or class.

[Acts 1981, 67th Leg., p. 1476, ch. 388, § 1, eff. Sept. 1, 1981.]

#### § 201.122. Hearing

The directors of a conservation district may conduct public hearings and public meetings on proposed land-use regulations as necessary to assist the directors in the adoption of an ordinance.

#### § 201.123. Election

(a) The directors may not adopt an ordinance prescribing land-use regulations unless adoption of the ordinance is approved by at least 90 percent of the eligible voters voting in an election under this section. If the voters approve the ordinance by that percentage, the directors shall adopt the ordinance.

(b) The directors shall give notice of the election that either recites the contents of the proposed ordinance or states where copies of the proposed ordinance may be examined. The directors shall make copies of the proposed ordinance available for public inspection during the period between publication of notice and the election.

(c) The ballot for the election shall be printed to provide for voting for or against the proposition: "Approval of the proposed Ordinance No. \_\_\_\_\_, prescribing land-use regulations for conservation of soil and prevention of erosion."

(d) The directors shall adopt rules governing the conduct of the election, supervise the election, and announce the result.

[Acts 1981, 67th Leg., p. 1476, ch. 388, § 1, eff. Sept. 1, 1981.]

#### § 201.124. Effect of Ordinance

An ordinance adopted under this subchapter has the force and effect of law in the conservation district and is binding on all owners or occupiers of land in the conservation district.

[Acts 1981, 67th Leg., p. 1477, ch. 388, § 1, eff. Sept. 1, 1981.]

#### § 201.126. Amendment or Repeal of Ordinance

(a) An owner or occupier of land in a conservation district may at any time file a petition with the directors requesting the amendment, supplementation, or repeal of land-use regulations prescribed by ordinance.

(b) Land-use regulations prescribed by ordinance may be amended, supplemented, or repealed in accordance with the procedure prescribed by this subchapter for adoption of an ordinance, except that an ordinance may be suspended or repealed on majority vote of the eligible voters voting in the election.

[Acts 1981, 67th Leg., p. 1477, ch. 388, § 1, eff. Sept. 1, 1981.]

#### § 201.127. Frequency of Elections

[Acts 1981, 67th Leg., p. 1477, ch. 388, § 1, eff. Sept. 1, 1981.]

#### § 201.128. Enforcement

(a) The directors are entitled to go upon any land in the conservation district to determine if land-use regulations adopted under this subchapter are being observed.

(b) If the directors find that provisions of land-use regulations prescribed by ordinance are not being observed on particular land and that the nonobservance tends to increase erosion on that land and is interfering with the prevention or control of erosion on other land in the conservation district, the directors may bring suit in a court of competent jurisdiction against the occupier of the land. If the occupier of the land is not the owner, the owner shall be joined as a party defendant. The petition to the court may request that the court:

(1) require the defendant to perform the work, operations, or avoidances within a reasonable time;

(2) order that if the defendant fails to perform, the directors may go upon the land and perform the work or other operations or otherwise bring the condition of the land into conformity with the land-use regulations; and

(3) order that the directors recover their costs and expenses, with interest, from the defendant.

(c) The petition to the court must be verified and must:

(1) set forth the adoption of the ordinance prescribing the land-use regulations;

(2) set forth the failure of the defendant to observe the regulations and to perform the particular work, operations, or avoidances required by the regulations; and

(3) state that the nonobservance tends to increase erosion on that land and is interfering with the prevention or control of erosion on other land in the conservation district.

(d) On presentation of the petition, the court shall cause process to be issued against the defendant and shall hear the case. If it appears to the court that testimony is necessary for the proper disposition of the matter, the court may take evidence or appoint a referee to take evidence as the court directs and to report the evidence to the court with findings of fact and conclusions of law. The findings and conclusions of a referee constitute part of the proceedings on which the court may make its determination. The court may dismiss the petition or may:

(1) require the defendant to perform the work, operations, or avoidances;

(2) order that, on the failure of the defendant to initiate performance within a time specified in the order of the court and to perform to completion with reasonable diligence, the directors may enter on the land involved and perform the work or operation or otherwise bring the condition of the land into conformity with the regulations; and

(3) order that the directors recover their costs and expenses, with interest.

(e) The court shall retain jurisdiction of the case until after the work has been completed. If the work is performed by the directors under the order of the court, the directors, after completion of the work, may file a petition with the court stating the costs and expenses sustained by them in the performance of the work and seeking judgment for those costs and expenses, with interest. The court may enter judgment for the amount of the costs and expenses, with interest, and for the costs of suit, including a reasonable attorney's fee fixed by the court, but the total charge to a defendant for work done by the directors or anyone under the directors may not exceed in any one year an amount equal to 10 percent of the assessed valuation of the land for state and county purposes.

(f) A judgment under Subsection (e) of this section shall be collected in the same manner provided by Chapter 202 of this code for the collection of assessments in wind erosion conservation districts. [Acts 1981, 67th Leg., p. 1477, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 201.129. Board of Adjustment**

(a) If the directors of a conservation district adopt an ordinance prescribing land-use regulations, the directors by ordinance shall provide for the establishment of a board of adjustment organized in accordance with this section.

(b) A board of adjustment is composed of three members appointed by the state board with the advice and approval of the directors of the conservation district for which they are appointed.

(c) Except as provided for the initial board, members of a board of adjustment serve for staggered terms of two years with the terms of one or two members expiring every other year. In making initial appointments to a board of adjustment, the state board shall designate one or two members to serve a term of one year with the remaining member or members serving for a term of two years.

(d) Following notice and a hearing, a member of a board of adjustment may be removed, but only for neglect of duty or malfeasance in office. The state board and the directors of the conservation district for which the board is appointed shall conduct removal hearings jointly.

(e) A vacancy on a board of adjustment is filled for the unexpired term in the manner provided for the original appointment.

(f) A member of the state board or a director of the conservation district for which a board of adjustment is appointed is ineligible for appointment to the board of adjustment for that conservation district during the member's or director's tenure in office.

(g) Members of a board of adjustment are entitled to compensation for services of \$3 a day for time spent on work of the board. The state board shall pay that compensation from appropriations made for that purpose for not more than 10 days each year.

(h) The directors of the conservation district for which the board of adjustment is appointed shall pay the necessary administrative and other expenses of operation incurred by the board on presentation of a certificate of the chairman of the board of adjustment.

[Acts 1981, 67th Leg., p. 1478, ch. 388, § 1, eff. Sept. 1, 1981.]

**§ 201.130. Procedures of Board of Adjustment**

(a) A board of adjustment shall adopt rules to govern its proceedings that are consistent with this chapter and the land-use regulations adopted for the conservation district.

(b) A board of adjustment shall designate a chairman from among its members and may change that designation from time to time.

(c) A board of adjustment shall meet at the call of the chairman and at other times determined by the board.

(d) The chairman of the board of adjustment, or the chairman's designee as acting chairman from among the board's members, may administer oaths and compel the attendance of witnesses.

(e) All meetings of a board of adjustment are open to the public.

(f) A board of adjustment shall keep a full and accurate record of all proceedings, of all documents filed with the board, and of all orders entered. The record is public information and shall be filed in the office of the board of adjustment.

[Acts 1981, 67th Leg., p. 1479, ch. 388, § 1, eff. Sept. 1, 1981.]

#### § 201.131. Petition for Variance

(a) An owner or occupier of land within a conservation district may petition the board of adjustment of that conservation district to authorize a variance from the terms of land-use regulations in the application of those regulations to land owned or occupied by the petitioner.

(b) A petition for a variance must allege that there are great practical difficulties or unnecessary hardships in the manner in which the land-use regulations require the petitioner to carry out the strict letter of those regulations.

(c) A petitioner for a variance shall serve copies of the petition on the chairman of the directors of the conservation district in which the petitioner's land is located and on the chairman of the state board.  
[Acts 1981, 67th Leg., p. 1479, ch. 388, § 1, eff. Sept. 1, 1981.]

#### § 201.132. Hearing on Variance Petition

(a) After receiving a petition for a variance, a board of adjustment shall schedule a hearing on the petition and give notice of that hearing.

(b) The directors of the conservation district and the members of the state board are entitled to appear and be heard at a hearing on a petition for a variance.

(c) Any owner or occupier of land within the conservation district who objects to the granting of the variance sought may intervene and become a party to the proceedings.

(d) A party to a hearing on a petition for a variance may appear in person or by agent or attorney.

[Acts 1981, 67th Leg., p. 1479, ch. 388, § 1, eff. Sept. 1, 1981.]

#### § 201.133. Granting of variance

(a) If, on the basis of the facts presented at a hearing on a petition for a variance, the board of adjustment determines that there are great practical difficulties or unnecessary hardships in the manner of applying the strict letter of any land-use regulation on the land of the petitioner, the board shall record that determination and make and record findings of fact as to the specific conditions that establish the difficulties or hardships.

(b) On the basis of the board's determinations and findings under Subsection (a) of this section, the board of adjustment by order may authorize a variance from the land-use regulations that will:

- (1) relieve the great practical difficulties or unnecessary hardships;
- (2) not be contrary to the public interest;
- (3) observe the spirit of the land-use regulations;
- (4) secure the public health, safety, and welfare; and
- (5) do substantial justice.

[Acts 1981, 67th Leg., p. 1480, ch. 388, § 1, eff. Sept. 1, 1981.]

### SUBCHAPTER G. POWERS AND DUTIES OF OTHER GOVERNMENTAL SUBDIVISIONS

#### § 201.151. Use of County Machinery and Equipment

(a) A county may employ or permit to be employed in soil conservation and the prevention of soil waste through erosion, any county machinery, including road machinery or county road equipment. Before employing the machinery or equipment or permitting it to be employed, the commissioners court must determine that the machinery or equipment is not demanded for building or maintaining the roads of the county and must enter that determination in the minutes of the court. The commissioners court shall provide for compensation to be paid for employment of the machinery or equipment and for that compensation to be paid into the county road fund or the road fund of a defined conservation district or authorized subdivision in the county.

(b) In the public service of conserving the soil fertility of the land of the county, the commissioners court may cooperate with the landowners and taxpayers of the county in all judicious efforts for the preservation of the productivity of the soil from avoidable waste and loss of productivity of agricultural crops necessary to the public welfare. In doing that, the county may permit the use of available machinery and equipment for those purposes by written contract, under which the county is to receive compensation from the landowner or taxpayer.

(c) The compensation under a contract under Subsection (b) of this section must be paid on a uniform basis considered equitable and proper by the commissioners court. The compensation shall be paid into the road and bridge fund of the county. The commissioners court may provide for the payments from landowners or taxpayers to be paid in equitable amounts and intervals when county taxes are collected.

(d) The commissioners court or a representative of the commissioners court may not go on the land of any landowner to improve, terrace, protect, or ditch the land until requested to do so in writing by the owner of the land. The commissioners court may not be required to do that work unless the court determines that the work is of public benefit and elects to do the work.

**TITLE 8. PROTECTION AND PRESER-  
VATION OF AGRICULTURAL  
OPERATIONS**

**CHAPTER 251. EFFECT OF NUISANCE AC-  
TIONS AND GOVERNMENTAL REQUIRE-  
MENTS ON PREEXISTING AGRICULTUR-  
AL OPERATIONS**

Section	
251.001.	Policy.
251.002.	Definitions.
251.003.	Established Date of Operation.
251.004.	Nuisance Actions.
251.005.	Effect of Governmental Requirements.

**§ 251.001. Policy**

It is the policy of this state to conserve, protect, and encourage the development and improvement of its agricultural land for the production of food and other agricultural products. It is the purpose of this chapter to reduce the loss to the state of its agricultural resources by limiting the circumstances under which agricultural operations may be regulated or considered to be a nuisance.

[Added by Acts 1981, 67th Leg., p. 2595, ch. 693, § 21, eff. Aug. 31, 1981.]

**§ 251.002. Definitions**

In this chapter:

(1) "Agricultural operation" includes but is not limited to the following activities: cultivating the soil; producing crops for human food, animal feed, planting seed, or fiber; floriculture; viticulture; horticulture; raising or keeping livestock or poultry; and planting cover crops or leaving land idle for the purpose of participating in any governmental program or normal crop or livestock rotation procedure.

(2) "Governmental requirement" includes any rule, regulation, ordinance, zoning, or other requirement or restriction enacted or promulgated by a county, city, or other municipal corporation that has the power to enact or promulgate the requirement or restriction.

[Added by Acts 1981, 67th Leg., p. 2595, ch. 693, § 21, eff. Aug. 31, 1981.]

**§ 251.003. Established Date of Operation**

For purposes of this chapter, the established date of operation is the date on which an agricultural operation commenced operation. If the physical facilities of the agricultural operation are subsequently expanded, the established date of operation for each expansion is a separate and independent established date of operation established as of the date of commencement of the expanded operation, and the commencement of expanded operation does not divest the agricultural operation of a previously established date of operation.

[Added by Acts 1981, 67th Leg., p. 2595, ch. 693, § 21, eff. Aug. 31, 1981.]

**§ 251.004. Nuisance Actions**

(a) No nuisance action may be brought against an agricultural operation that has lawfully been in operation for one year or more prior to the date on which the action is brought, if the conditions or circumstances complained of as constituting the basis for the nuisance action have existed substantially unchanged since the established date of operation. This subsection does not restrict or impede the authority of this state to protect the public health, safety, and welfare or the authority of a municipality to enforce state law.

(b) A person who brings a nuisance action for damages or injunctive relief against an agricultural operation that has existed for one year or more prior to the date that the action is instituted or who violates the provisions of Subsection (a) of this section is liable to the agricultural operator for all costs and expenses incurred in defense of the action, including but not limited to attorney's fees, court costs, travel, and other related incidental expenses incurred in the defense.

(c) This section does not affect or defeat the right of any person to recover for injuries or damages sustained because of an agricultural operation or portion of an agricultural operation that is conducted in violation of a federal, state, or local statute or governmental requirement that applies to the agricultural operation or portion of an agricultural operation.

[Added by Acts 1981, 67th Leg., p. 2595, ch. 693, § 21, eff. Aug. 31, 1981.]

**§ 251.005. Effect of Governmental Requirements**

(a) For purposes of this section, the effective date of a governmental requirement is the date on which the requirement requires or attempts to require compliance as to the geographic area encompassed by the agricultural operation. The recodification of a municipal ordinance does not change the original effective date to the extent of the original requirements.

(b) A governmental requirement of a political subdivision of the state other than a city:

(1) applies to an agricultural operation with an established date of operation subsequent to the effective date of the requirement;

(2) does not apply to an agricultural operation with an established date of operation prior to the effective date of the requirement; and

(3) applies to an agricultural operation if the governmental requirement was in effect and was applicable to the operation prior to the effective date of this chapter.

(c) A governmental requirement of a city does not apply to any agricultural operation situated outside the corporate boundaries of the city on the effective date of this chapter. If an agricultural operation so situated is subsequently annexed or otherwise brought within the corporate boundaries of the city, the governmental requirements of the city do not apply to the agricultural operation unless the requirement is reasonably necessary to protect persons who reside in the immediate vicinity or persons on public property in the immediate vicinity of the agricultural operation from the danger of explosion, flooding, vermin, insects, physical injury, contagious disease, removal of lateral or subjacent support, contamination of water supplies, radiation, storage of toxic materials, discharge of firearms, or traffic hazards.

(d) This section shall be construed to maintain, to the limited degree set forth in this section, the authority of a political subdivision under prior law over nonconforming uses but may not be construed to expand that authority.

[Added by Acts 1981, 67th Leg., p. 2595, ch. 693, § 21, eff. Aug. 31, 1981.]

(a) A family farm and ranch security loan shall be transacted on forms approved by the commissioner with the advice of the attorney general. Before approving an application, the commissioner shall obtain an appraisal of the property in order to determine its value. Any appraiser representing the commissioner must be reasonably qualified to give competent appraisals of land. The appraiser shall make a written report to the commissioner in affidavit form, sworn to before a notary public or other official authorized to administer oaths, showing:

- (1) the appraised value of the land;
- (2) the name and address of each person communicated with relative to the valuation of the land;
- (3) that the appraiser has examined the records of the county clerk's office relative to the land;
- (4) that the appraiser has checked past sales of adjacent lands to aid in determining valuation; and
- (5) that neither the appraiser nor a member of the appraiser's family has received a personal benefit from the transaction and does not expect to receive any future personal benefits.

(b) The applicant shall pay the cost of an appraisal made under Subsection (a) of this section before the date on which the application is reviewed by the advisory council.

(c) The commissioner shall establish by rule an appraisal procedure to determine the income potential of the property to be purchased under a family farm and ranch security loan and may not approve an application if the purchase price exceeds the appraisal value and income potential of the land. #### § 252.025. Payment Adjustment

(a) If a family farm and ranch security loan has a term of not more than 20 years and provides for payments at least annually so that the loan is amortized over its term with equal annual payments of principal and interest, an applicant or borrower may apply for a payment adjustment. If the application is approved by the advisory council, the commissioner may annually pay to the lender four percent of the outstanding balance due on the loan at the

beginning of the year during the first 10 years of the loan. Beginning with the 11th year of the loan, the borrower shall reimburse the commissioner for the sums paid in his or her behalf plus six percent simple interest. A borrower may petition the commissioner for one 10-year renewal of the payment adjustment, in which case the borrower shall reimburse the commissioner beginning with the 21st year after the loan was granted for all the sums paid in his or her behalf plus six percent simple interest. A borrower is entitled to make reimbursements for payment adjustments in equal annual payments over a term not to exceed 10 years.

(b) The borrower, the borrower's spouse, and their dependents shall annually submit to the commissioner a sworn statement of their net worth. If their net worth in any year exceeds \$150,000, the borrower is ineligible for a payment adjustment in that year.

(c) The obligation to repay a payment adjustment is a lien against the property.

(d) A lender receiving a payment from the commissioner on behalf of a borrower under this section shall reduce the borrower's payments for the next year in accordance with the amount received from the commissioner.

(f), of Civil Statutes, art. 55g [now, this section], without reference to the repeal of said article by Acts 1981, 67th Leg., p. 1487, ch. 388, § 4(1). As so amended and added, subsecs. (b) to (f) read:

"(b) If the family farm and ranch security loan has a term of not more than 20 years and provides for payments at least annually so that the loan is amortized over its term with equal annual payments of principal and interest, an applicant may apply for a payment adjustment. If the application is approved by the advisory council, the commissioner subject to the availability of funds may annually pay to the lender an amount not to exceed four percent of the outstanding balance due on the loan at the beginning of the year during the first 10 years of the loan. Beginning with the 11th year of the loan, the applicant shall reimburse the commissioner for the sums paid in his or her behalf plus six percent simple interest. An applicant may petition the commissioner for one 10-year renewal of the payment adjustment, in which case if approved by the commissioner and the

advisory council the applicant must reimburse the commissioner beginning with the 21st year after the loan was granted for all the sums paid in his or her behalf plus six percent simple interest. An applicant is entitled to make reimbursements for payment adjustments in equal annual payments over a term not to exceed 10 years.

"(c) The borrower, the borrower's spouse, and their dependents shall annually submit to the commissioner a sworn statement of their net worth. If their net worth in any year exceeds \$200,000, exclusive of the residential homestead, the applicant is ineligible for a payment adjustment in that year.

"(d) The obligation to repay a payment adjustment is a lien against the property.

"(e) A lender receiving a payment from the commissioner on behalf of a borrower under this section shall reduce the borrower's payments for the applicable year in accordance with rules adopted by the commissioner.

"(f) Payment adjustments under this section shall be made only out of income received from the investment of the farm and ranch loan security funds, and from funds, if any, appropriated for that purpose."

Section 3.11(c) of the Code Construction Act (Civil Statutes, art. 5429b—2) provides, in part, that the repeal of a statute by a code does not affect an amendment of the statute by the same legislature which enacted the code and that the amendment is preserved and given effect as part of the code provision.

**§ 252.026. Seller-Sponsored Loans**

(a) If the seller is an individual, the commissioner may approve for guarantee a loan in which part or all of the purchase price of the farmland or ranchland is financed by a loan from the seller of the property with the remainder of the loan, if any, supplied by a lender.

(b) A seller-sponsored loan shall be secured by a purchase money first real estate mortgage or deed of trust evidenced by a negotiable note or notes. If a note is sold or exchanged, the holder of the note shall notify the commissioner of the sale or exchange in writing within 30 days after the day that the note is sold or exchanged.

**§ 252.027. Sale or Conveyance**

A borrower who sells or conveys the property for which a family farm and ranch security loan was issued shall immediately retire the entire indebted-

ness owed to the lender and the state. A family farm and ranch security loan may not be assumed by a new owner. This section does not prohibit a borrower from granting a security interest in the property for the purposes of securing an additional loan.

[Acts 1981, 67th Leg., p. 1073, ch. 388, § 1, eff. Sept. 1, 1981. Renumbered from § 15.027 by Acts 1981, 67th Leg., p. 2597, ch. 693, § 22, eff. Aug. 31, 1981.]

**Amendment by Acts 1981, 67th Leg., p. 3139, ch. 826, § 5**

*Section 5 of Acts 1981, 67th Leg., p. 3139, ch. 826, eff. June 17, 1981, purported to amend § 10 of Civil Statutes, art. 55g [now, this section], without reference to the repeal of said article by Acts 1981, 67th Leg., p. 1487, ch. 388, § 4(1). As so amended, § 10 reads:*

*"Except as the commissioner by rule prescribes, any borrower who sells or conveys the property for which a family farm and ranch security loan was issued shall immediately retire the entire indebtedness owed to the lender and the state. A family farm and ranch security loan may not be assumed by a new owner. This section does not prohibit a borrower from granting a security interest in the property for the purposes of securing an additional loan approved by the commissioner in accordance with rules adopted hereunder."*

*Section 3.11(c) of the Code Construction Act (Civil Statutes, art. 5429b-2) provides, in part, that the repeal of a statute by a code does not affect an amendment of the statute by the same legislature which enacted the code and that the amendment is preserved and given effect as part of the code provision.*

**§ 252.028. Default**

(a) A borrower is in default if, for a period longer than one year, the borrower fails to devote and maintain land purchased under a family farm and ranch security loan to one or more of the following activities:

- (1) cultivating the soil and producing crops for human food, animal feed, planting seed, or fiber;
- (2) floriculture, viticulture, or horticulture;
- (3) raising or keeping livestock; or
- (4) planting cover crops or leaving land idle for the purpose of participation in a governmental program or normal crop or livestock rotation.

(b) Within 90 days of default on a family farm and ranch security loan, the lender shall notify the borrower that the lender must notify the commissioner if the default continues for another 90 days. The lender also shall inform the borrower of the consequences of that default. The lender and the

borrower may agree to take any reasonable steps to ensure the fulfillment of the loan obligation.

(c) If the borrower has not made arrangements to meet the obligation by the end of the 180th day following the initial default, the lender shall file a claim with the commissioner identifying the loan and the nature of the default. The commissioner shall then conduct a hearing on the alleged default as a contested case under the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes). Appeal of the commissioner's decision to the district court is under the substantial evidence rule. The commissioner may waive default in the event of extenuating circumstances, including the borrower's physical disability. If the commissioner finds that the borrower is in default and the commissioner does not waive default, the lender shall assign to the state all of the lender's security and interest in the loan in exchange for payment of 90 percent of all sums due and payable under the first real estate mortgage or deed of trust. If the loan is seller-sponsored, the seller may elect to pay the commissioner all sums owed the commissioner by the applicant and retain title to the property in lieu of payment by the commissioner under the terms of the loan guarantee. If the commissioner determines that the lender has met his or her obligations regarding the loan guarantee, the commissioner shall authorize payment to the lender and shall notify the defaulting party. The state shall then become holder of the mortgage or deed of trust.

(d) If the state acquires the mortgage or deed of trust on the property, the commissioner shall undertake to sell the property after all appeals are concluded. The commissioner shall publish notice of the impending sale at least one each week for four consecutive weeks in a newspaper of general circulation in the county in which the property is located and in a publication having general statewide circulation. The notice shall specify the time and place in the county at which the sale will be held and give a description of the lots or tracts to be offered and a general statement of the terms of sale. The commissioner shall sell the property to the highest bidder as determined by taking sealed bids or by public auction. In either case, the commissioner shall determine the successful bidder within 15 days of the date of the last published notice of sale. Each bidder shall submit bid security in the form of a certified check or bid bond in the amount of two percent of the bid price. The successful bidder shall remit the balance of the purchase price to the commissioner within 90 days of the date of sale. On remittance of the balance, the commissioner shall transfer all right, title, and interest of the state in the property to the purchaser. If the purchaser fails to remit any part of the balance within the 90 days, the purchaser forfeits all rights to the property and

any money paid for it, and the commissioner shall restart the sale process.

(e) Proceeds from the sale of property obtained by the state under this section shall be paid into the farm and ranch loan security fund, except that if the payment made to a lender under this chapter is less than the amount due and payable to the lender, proceeds in excess of the amount of that payment shall be paid to the lender to the extent required in order to reimburse the lender in full.

*"The commissioner, by rule, may prescribe procedures to be followed by the commissioner and by a borrower or lender under a loan in default, together with substantive rights consistent with this Act as amended, that are alternative or additional to the procedures specified by this section, if in the commissioner's judgment the procedures would provide for a more workable, equitable, and financially sound administration of this Act. The rules may include, but are not limited to, the right to make partial payments of loans instead of or pending foreclosure of property under the procedures specified by this section or by the rules."*

*Section 3.11(c) of the Code Construction Act (Civil Statutes, art. 5429b-2) provides, in part, that the repeal of a statute by a code does not affect an amendment of the statute by the same legislature which enacted the code and that the amendment is preserved and given effect as part of the code provision.*

**SUBCHAPTER D. BONDS**

**§ 252.051. Issuance of Farm and Ranch Loan Security Bonds**

(a) The commissioner by order may provide for the issuance of negotiable farm and ranch loan security bonds in one or more installments and in an aggregate amount not to exceed \$10 million. The order entered shall describe the terms and conditions of the bonds.

(b) The commissioner may not sell an installment or series of bonds for an amount less than the face value of all of the bonds comprising the installment or series with the interest accrued from their date of issuance.

(c) The commissioner shall determine the rate of interest of an installment or series of bonds and shall determine whether interest is payable annually or semiannually.

(d) The commissioner shall determine:

(1) the form of the bonds, including the form of any interest coupons to be attached;

(2) the denominations of the bonds; and

(3) the places for payment of principal and interest.

(e) The bonds of each issue mature, serially or otherwise, not more than 40 years from their date. In issuing bonds, the commissioner may determine the price, terms, and conditions for redemption of bonds before maturity.

(f) The commissioner may provide for the registration of bonds as to ownership, successive conversion and reconversion from bearer to registered bonds, and successive conversion and reconversion from registered to bearer bonds.

(g) The bonds shall be executed on behalf of the commissioner as general obligations of the state. The commissioner shall sign the bonds and impress the seal of the commissioner on them. The governor shall sign and the secretary of state shall attest the bonds, and the state seal shall be impressed on them.

(h) The commissioner may prescribe the extent to which facsimile signatures and facsimile seals instead of manual signatures and manually impressed seals may be used in executing the bonds and appurtenant coupons. Interest coupons may be signed by the facsimile signature of the commissioner. If an officer whose signature or facsimile signature appears on a bond or whose facsimile signature appears on a coupon ceases to be an officer before delivery of the bond, the signature is valid and sufficient for all purposes as if that officer had remained in office until the delivery had been made. **§ 252.052. Notice of Bond Sales**

After determining to sell a series of bonds, the commissioner shall publish notice of the sale at least once not less than 10 days before the date of the sale in at least one financial publication of general circulation published in the state and in at least one financial publication of general circulation published outside the state.

**§ 252.053. Competitive Bidding**

The commissioner may sell bonds only after competitive bidding to the highest and best bidder. The commissioner may reject any or all bids. The commissioner shall require every bidder, except administrators of state funds, to include with the bid an exchange or cashier's check for an amount the commissioner considers adequate as a deposit guaranteeing acceptance of and payment for all bonds covered by the bid.

[Acts 1981, 67th Leg., p. 1075, ch. 388, § 1, eff. Sept. 1, 1981. Renumbered from § 15.053 by Acts 1981, 67th Leg., p. 2597, ch. 693, § 22, eff. Aug. 31, 1981.]

**§ 252.054. Approval by Attorney General**

Before delivering bonds to the purchasers, the commissioner shall submit the bonds and the records pertaining to them for approval by the attorney general. When approval is obtained, the bonds shall be registered in the office of the comptroller of public accounts.

[Acts 1981, 67th Leg., p. 1075, ch. 388, § 1, eff. Sept. 1, 1981. Renumbered from § 15.054 by Acts 1981, 67th Leg., p. 2597, ch. 693, § 22, eff. Aug. 31, 1981.]

**§ 252.055. Validity of Bonds**

After approval by the attorney general, registration by the comptroller, and delivery to the purchaser, the bonds are incontestable and constitute general obligations of the state and shall be held to be valid and binding obligations of the state in any action, suit, or other proceeding in which their validity is questioned. In an action to enforce collection of the bonds or rights incident to the bonds, the certificate of approval by the attorney general and a certificate of registration by the comptroller, or certified copies of these certificates, are admissible evidence constituting proof of the validity of the bonds.

[Acts 1981, 67th Leg., p. 1075, ch. 388, § 1, eff. Sept. 1, 1981. Renumbered from § 15.055 by Acts 1981, 67th Leg., p. 2597, ch. 693, § 22, eff. Aug. 31, 1981.]

**§ 252.056. Disposition of Bond Proceeds**

(a) Except as provided by Subsection (b) of this section, proceeds derived from the sale of the bonds, less the administrative costs of issuing the bonds, shall be deposited with the state treasurer to the credit of the farm and ranch loan security fund.

(b) In authorizing a series of bonds, the commissioner may appropriate to the interest and sinking fund from the proceeds of the sale of bonds an amount that, together with the accrued interest received, is sufficient to pay interest coupons becoming due during the fiscal year in which the bonds are sold and to establish appropriate reserves.

**§ 252.058. Refunding Bonds**

The commissioner may provide for the issuance of refunding bonds. The commissioner may sell these bonds and use the proceeds to retire the outstanding bonds issued under this subchapter, including interest accrued on outstanding bonds, or the commissioner may exchange refunding bonds for outstanding bonds, including accrued interest. The issuance of the refunding bonds, their maturity, the rights of the bondholders, and the duties of the commissioner's office regarding refunding bonds are governed by the provisions of this subchapter relating to the original bonds, to the extent they are applicable, and by refunding statutes of general application not in conflict with this subchapter.

interest on farm and ranch loan security bonds and any exchange and collection charges, the comptroller shall transfer the amount in excess of those payments to the credit of the farm and ranch security fund for the purpose of financing payment adjustments.

(c) After all bonds have been paid, the comptroller shall transfer the balance of the interest and sinking fund to the credit of the farm and ranch loan security fund.

1.03.	Public Policy.
1.04.	Definitions.
1.05.	General Penalty.
1.06.	Code Exclusively Governs.

**§ 1.01. Purpose of Code**

(a) This code is enacted as a part of the state's continuing statutory revision program, begun by the Texas Legislative Council in 1963 as directed by the legislature in Chapter 448, Acts of the 58th Legislature, 1963 (Article 5429b-1, Vernon's Texas Civil Statutes). The program contemplates a topic-by-topic revision of the state's general and permanent statute law without substantive change.

(b) Consistent with the objectives of the statutory revision program, the purpose of this code is to make the general and permanent alcoholic beverage law more accessible and understandable, by:

- (1) rearranging the statutes into a more logical order;
- (2) employing a format and numbering system designed to facilitate citation of the law and to accommodate future expansion of the law;
- (3) eliminating repealed, duplicative, unconstitutional, expired, executed, and other ineffective provisions; and
- (4) restating the law in modern American English to the greatest extent possible.

[Acts 1977, 65th Leg., p. 393, ch. 194, § 1, eff. Sept. 1, 1977.]

**§ 1.02. Construction of Code**

The Code Construction Act (Article 5429b-2, Vernon's Texas Civil Statutes) applies to the construction of each provision in this code, except as otherwise expressly provided by this code.

[Acts 1977, 65th Leg., p. 393, ch. 194, § 1, eff. Sept. 1, 1977.]

**§ 1.03. Public Policy**

This code is an exercise of the police power of the state for the protection of the welfare, health, peace, temperance, and safety of the people of the state. It shall be liberally construed to accomplish this purpose.

[Acts 1977, 65th Leg., p. 393, ch. 194, § 1, eff. Sept. 1, 1977.]

The commission or administrator may render a decision on the basis of the record or the proposal for decision if one is required under the Administrative Procedure and Texas Register Act (Article 6252-13a, Vernon's Texas Civil Statutes) as if the administrator or entire commission had conducted the hearing. The commission may prescribe its rules of procedure.

(b) If a witness in attendance before the commission or before an authorized representative refuses without reasonable cause to be examined or answer a legal or pertinent question, or to produce a book, record, or paper when ordered by the commission to do so, the commission may apply to the district court for a rule or order returnable in not less than two nor more than five days, directing the witness to show cause before the judge why he should not be punished for contempt. The commission may apply to the district court of any county where the witness is in attendance, on proof by affidavit of the fact, unless the order of contempt is sought under the Administrative Procedure and Texas Register Act

(Article 6252-13a, Vernon's Texas Civil Statutes), in which case the commission shall apply to a district court of Travis County in conformity with that Act. On return of the order, the judge hearing the matter shall examine the witness under oath, and the witness shall be given an opportunity to be heard. If the judge determines that the witness has refused, without reasonable cause or legal excuse, to be examined or answer a legal or pertinent question, or to produce a book, record, or paper which he was ordered to bring or produce, he may forthwith punish the offender as for contempt of court.

(c) Subpoenas are served and witness fees and mileage paid as in civil cases in the district court in the county to which the witness is called, unless the proceeding for which the service or payment is made is pursuant to the Administrative Procedure and Texas Register Act (Article 6252-13a, Vernon's Texas Civil Statutes), in which case the service or payment shall be made as provided in that Act. Witnesses subpoenaed at the instance of the commission shall be paid their fees and mileage by the commission out of funds appropriated for that purpose. The treasurer shall deposit the fees in the state treasury to the credit of an appropriation made to the commission for payment of fees and mileage of witnesses called by the commission.

(b) An employee of the commission who travels inside or outside the state on official business as the designated representative of the administrator is entitled to reimbursement for meals, lodging, and travel at the same rate as is applicable to members of the commission.

and authenticated under the seal of the commission, is admissible as prima facie evidence of the existence and validity of the original document and entitled to the same credibility as the original document. If a suit is brought on a bond or other written instrument, and the person alleged to have executed the instrument denies by a sworn pleading to have executed the instrument, the court shall require the production and proof of the instrument.

(b) A member of the commission or the administrator may execute a certificate under the seal of the commission setting forth the terms of an order, rule, bond, or other instrument referred to in this section. In the case of an order or rule, the certificate may state that the order or rule was adopted, promulgated, and published and filed with the commission and was in force at any date or during any period of time. In the case of a bond or other instrument, the certificate may state that it was executed and filed with the commission and was in force at any date or during any period of time. The certificate is prima facie evidence of the facts stated in it and is admissible as evidence in any action, civil or criminal, involving the facts contained in the certificate without further proof of those facts. [Acts 1977, 65th Leg., p. 402, ch. 194, § 1, eff. Sept. 1, 1977.]

(b) The private records of a permittee, licensee, or other person that are required or obtained by the commission or its agents, in connection with an investigation or otherwise, are privileged unless introduced in evidence in a hearing before the commis-

sion or before a court in this state or the United States.

[Acts 1977, 65th Leg., p. 402, ch. 194, § 1, eff. Sept. 1, 1977.]

Section 17 of the 1981 amendatory act provides:

"This Act does not affect the eligibility of a person who holds a license or permit on the effective date of this Act to continue to hold the license or permit and to continue to engage in the activities authorized by the license or permit until the expiration of the license or permit."

#### § 11.47. Refusal of Permit: Interest in Beer Establishment

The commission or administrator may refuse to issue an original or renewal permit with or without a hearing if it has reasonable grounds to believe and finds that the applicant or a person with whom he is residentially domiciled has a financial interest in a permit or license authorizing the sale of beer at retail, except as is authorized by Section 22.06, 24.05, or 102.05 of this code. This section does not apply to an applicant for a permit which authorizes the sale of mixed beverages.

[Acts 1977, 65th Leg., p. 409, ch. 194, § 1, eff. Sept. 1, 1977.]

#### § 11.48. Refusal of Package Store or Mixed Beverage Permit

(a) The commission or administrator may refuse to issue an original or renewal mixed beverage permit with or without a hearing if it has reasonable grounds to believe and finds that the applicant, directly or indirectly, or through a subsidiary, affiliate, agent, or employee, or through an officer, director, or firm member, owns an interest of any kind in the premises, business, or permit of a package store.

(b) The commission or administrator may refuse to issue an original or renewal package store permit with or without a hearing if it has reasonable grounds to believe and finds that the applicant, directly or indirectly, through a subsidiary, affiliate,

agent, or employee, or through an officer, director, or firm member, owns an interest of any kind in the premises, business, or permit of a mixed beverage establishment.

(c) This section does not apply to anything permitted by Section 102.05 of this code.

[Acts 1977, 65th Leg., p. 409, ch. 194, § 1, eff. Sept. 1, 1977.]

#### § 11.49. Premises Defined; Designation of Licensed Premises

(a) In this code, "premises" means the grounds and all buildings, vehicles, and appurtenances pertaining to the grounds, including any adjacent premises if they are directly or indirectly under the control of the same person.

(b) (1) Subject to the approval of the commission or the administrator, and except as provided in Subsection (c) of this section, an applicant for a permit or license may designate a portion of the grounds, buildings, vehicles, and appurtenances to be excluded from the licensed premises. (2) If such a designation has been made and approved as to the holder of a license or permit authorizing the sale of alcoholic beverages at retail or as to a private club registration permit, the sharing of space, employees, business facilities, and services with another business entity (including the permittee's lessor, which, if a corporation, may be a domestic or foreign corporation, but excluding a business entity holding any type of winery permit, a manufacturer's license, or a general, local, or branch distributor's license), does not constitute a subterfuge or surrender of exclusive control in violation of Section 109.53 of this code or the use or display of the license for the benefit of another in violation of Subdivision (15) of Subsection (a) of Section 61.71 of this code. This subsection shall not apply to original or renewal package store permits, wine only package store permits, local distributor's permits, or any type of wholesaler's permits.

(c) An applicant for an original or renewal package store permit, wine only package store permit, local distributor's permit, or any type of wholesaler's permit may not take advantage of the right conferred by Subsection (b) of this section except as permitted in Section 11.50 or 109.53 of this code.

(d) Any package store, wine only package store, wholesaler's, or local distributor's permittee who is injured in his business or property by another person (other than a person in his capacity as the holder of a wine and beer retailer's permit, wine and beer retailer's off-premise permit, private club registration permit, or mixed beverage permit or any person in the capacity of lessor of the holder of such a permit) by reason of anything prohibited in this section or Section 109.53 of this code is entitled to the same remedies available to a package store permittee under Section 109.53 of this code. Except for

actions brought against a person in his capacity as the holder of or as the lessor of the holder of a wine and beer retailer's permit, wine and beer retailer's off-premise permit, mixed beverage permit, or private club registration permit, the statute of limitations for any action brought under this section or Section 109.53 of this code for any cause of action arising after the effective date of this Act is four years unless a false affidavit has been filed with the commission in which event the statute of limitations is 10 years for all purposes.

(e) When a designation under Subsection (b) of this section is made by a wine and beer retailer or a beer retailer, selling primarily for off-premise consumption, or by a wine and beer retailer's off-premise permittee, no more than 20 percent of the retail floor and display space of the entire premises may be included in the licensed premises, and all the retail floor and display space in the licensed premises must be compact and contiguous and may not be gerrymandered. However, the retail floor and display space included in the licensed premises may be in two separate locations within the retail premises if the total retail floor and display space included in the licensed premises does not exceed 20 percent of the floor and display space of the entire premises and each of the two portions of floor and display space included in the licensed premises is itself compact and contiguous and not gerrymandered. In addition to the one or two separate locations of retail floor and display space on the premises, the licensed premises may include the cash register and check-out portions of the premises provided that (1) no alcoholic beverages are displayed in the check-out or cash register portion of the premises, and (2) the area of the check-out and cash register portions of the premises are counted towards the total of 20 percent of the retail floor and display space that may be dedicated to the sale and display of wine and beer. A storage area that is not accessible or visible to the public may be included in the licensed premises but shall not be considered retail floor and display space for purposes of this section. The commission or administrator shall adopt rules to implement this subsection and to prevent gerrymandering.

[Acts 1977, 65th Leg., p. 410, ch. 194, § 1, eff. Sept. 1, 1977. Amended by Acts 1979, 66th Leg., p. 1443, ch. 634, § 1, eff. Aug. 27, 1979.]

Section 5 of the 1979 amendatory act provided:

"This Act takes effect immediately, except that Section 11.49(d), Alcoholic Beverage Code, as it applies to injury caused by a wine only package store permittee takes effect September 1, 1980."

**§ 11.491. Expired**

Former § 11.491, added by Acts 1979, 66th Leg., p. 1444, ch. 634, § 2, and relating to a change of license or permit, expired of its own terms on September 1, 1980, except that it continues in effect for consideration and disposition of applications for changes of licenses or permits filed before that date.

**§ 11.50. Licensing a Portion of a Building as Premises**

(a) This section applies to a package store permit which was issued on or before April 1, 1971, and which was in good standing, not under suspension, and in actual operation and doing business on that date, unless temporarily prevented from operation by a natural disaster. This section does not apply to a permit if a change in the size or location of the licensed premises has occurred subsequent to April 1, 1971, or if after that date a change in ownership has occurred, by majority stock transfer or otherwise, except by devise or descent where the holder of the permit died on or after April 1, 1971.

(b) Notwithstanding any other provision of this code, the holder of a package store permit to which this section applies may continue to operate a package store on premises comprising a portion of a building if not later than November 28, 1971, he clearly defined the licensed premises by isolating it from the remainder of the building by the erection of a wall or screen so that the licensed premise is accessible from the remainder of the building only through a door or archway, eight feet or less in width, in the wall or screen. The door or archway must be kept closed during the hours in which it is not legal to sell liquor.

(c) If the right to continue operation under this exception terminates for any reason, the right shall not revive.

[Acts 1977, 65th Leg., p. 410, ch. 194, § 1, eff. Sept. 1, 1977.]

(a) As used in Subsection (b) of this section, the word "permittee" also includes each member of a partnership or association and, with respect to a corporation, each officer and the owner or owners of a majority of the corporate stock. This section shall not be construed as prohibiting anything permitted under Section 22.06, 24.05, or 102.05 of this code.

(b) The commission or administrator may suspend for not more than 60 days or cancel an original or renewal permit if it is found, after notice and hearing, that any of the following is true:

(6) the permittee is not of good moral character or his reputation for being a peaceable and law-abiding citizen in the community where he resides is bad;

(8) the permittee is not maintaining an acceptable bond;

(9) the permittee maintains a noisy, lewd, disorderly, or unsanitary establishment or has supplied impure or otherwise deleterious beverages;

(20) the permittee permitted a person to open a container of alcoholic beverage or possess an open container of alcoholic beverage on the licensed premises unless a mixed beverage permit has been issued for the premises.

(c) The commission or administrator may refuse to renew or, after notice and hearing, suspend for not more than 60 days or cancel a permit if the commission or administrator finds that the permittee:

(1) no longer holds a sales tax permit, if required, for the place of business covered by the alcoholic beverage permit; or

(2) is shown on the records of the comptroller of public accounts as being subject to a final determination of taxes due and payable under the Limited Sales, Excise and Use Tax Act (Chapter 151, Tax Code), or is shown on the records of the comptroller of public accounts as being subject to a final determination of taxes due and payable under the Local Sales and Use Tax Act, as amended (Article 1066c, Vernon's Texas Civil Statutes).

#### § 11.611. Conviction of Offense Relating to Discrimination

The commission or administrator may suspend for not more than 60 days or cancel an original or renewal permit if it is found, after notice and hearing that:

(1) the permittee has been finally convicted of any offense under state or federal law or a municipal ordinance prohibiting the violation of an individual's civil rights or the discrimination against an individual on the basis of the individual's race, color, creed, or national origin; and

(2) the offense was committed on the licensed premises or in connection with the operation of the permittee's business.

[Added by Acts 1979, 66th Leg., p. 1440, ch. 632, § 1, eff. Aug. 27, 1979.]

#### § 11.62. Hearing for Cancellation or Suspension of Permit

The commission or administrator may, on the motion of either, set a date for a hearing to determine if a permit should be cancelled or suspended. The commission or administrator shall set a hearing on the petition of the mayor, chief of police, city marshal, or city attorney of the city or town in which the licensed premises are located or of the county judge, sheriff, or county or district attorney of the

county in which the licensed premises are located. The petition must be supported by the sworn statement of at least one credible person. The commission or administrator shall give the permittee notice of the hearing and of his right to appear and show cause why the permit should not be cancelled. A notice of hearing for the refusal, cancellation, or suspension of a license or permit may be served personally by a representative of the commission or sent by registered or certified mail addressed to the licensee or permittee.

[Acts 1977, 65th Leg., p. 412, ch. 194, § 1, eff. Sept. 1, 1977.]

**§ 11.64. Alternatives to Suspension, Cancellation**

(a) When the commission or administrator is authorized to suspend a permit or license under this code, the commission or administrator shall give the permittee or licensee the opportunity to pay a civil penalty rather than have the permit or license suspended. The commission or administrator shall determine the amount of the penalty and in doing so shall consider the economic impact a suspension would have on the permittee or licensee. The amount of the civil penalty may not be less than \$150 for each day the permit or license was to have been suspended. If the licensee or permittee does not pay the penalty before the sixth day after the commission or administrator notifies him of the amount, he loses the opportunity to pay it and the commission or administrator shall impose the suspension.

(b) In the case of a violation of this code by a permittee or a retail dealer's off-premise licensee, the commission or administrator may relax any provision of the code relating to the suspension or cancellation of the permit or license and assess a sanction the commission or administrator finds just under the circumstances, and the commission or administrator may reinstate the license or permit at any time during the period of suspension on payment by the permittee or licensee of a fee of not less than \$75 nor more than \$500, if the commission or administrator finds that any of the circumstances described in Subsection (c) of this section exists.

(c) The following circumstances justify the application of Subsection (b) of this section:

(1) that the violation could not reasonably have been prevented by the permittee or licensee by the exercise of due diligence;

(2) that the permittee or licensee was entrapped;

(3) that an agent, servant, or employee of the permittee or licensee violated this code without the knowledge of the permittee or licensee;

(4) that the permittee or licensee did not knowingly violate this code; or

(5) that the violation was a technical one.

(d) Fees and civil penalties received by the commission under this section shall be deposited in the confiscated liquor fund.

**§ 11.65. Notice of Cancellation or Suspension**

A notice of cancellation or suspension of a license or permit shall be given to the licensee or permittee personally or by registered or certified mail. Cancellation or suspension takes effect when the notice is given or delivered.

[Acts 1977, 65th Leg., p. 412, ch. 194, § 1, eff. Sept. 1, 1977.]

**§ 11.66. Suspension or Cancellation Against Retailer**

Except for a violation of the credit or cash law, a penalty of suspension or cancellation of the license or permit of a retailer shall be assessed against the permit or license for the premises where the offense was committed.

[Acts 1977, 65th Leg., p. 413, ch. 194, § 1, eff. Sept. 1, 1977.]

**§ 11.67. Appeal From Cancellation, Suspension, or Refusal of License or Permit**

(a) An appeal from an order of the commission or administrator refusing, cancelling, or suspending a permit or license may be taken to the district court of the county in which the applicant, licensee, or permittee resides or in which the owner of involved real or personal property resides.

(b) The appeal shall be under the substantial evidence rule and against the commission alone as defendant. The rules applicable to ordinary civil suits apply, with the following exceptions, which shall be construed literally:

(1) the appeal shall be perfected and filed within 30 days after the date the order, decision, or ruling of the commission or administrator becomes final and appealable;

(2) the case shall be tried before a judge within 10 days from the date it is filed;

(3) neither party is entitled to a jury; and

(4) the order, decision, or ruling of the commission or administrator may be suspended or modified by the court pending a trial on the merits, but the final judgment of the district court may not be modified or suspended pending appeal.

[Acts 1977, 65th Leg., p. 413, ch. 194, § 1, eff. Sept. 1, 1977. Amended by Acts 1981, 67th Leg., p. 2636, ch. 707, § 18, eff. Aug. 31, 1981.]

**§ 11.68. Activities Prohibited During Suspension**

No permittee may sell, offer for sale, distribute, or deliver any alcoholic beverage while his permit is suspended.

[Acts 1977, 65th Leg., p. 413, ch. 194, § 1, eff. Sept. 1, 1977.]

**§ 11.69. Disposal of Beverages in Bulk**

The commission may provide by rule the manner and time in which a person whose license or permit is suspended or cancelled or a receiver or successor in interest of a deceased, insolvent, or bankrupt permittee or licensee may dispose of in bulk the alcoholic beverages on hand at the termination of the use of the permit or license.

[Acts 1977, 65th Leg., p. 413, ch. 194, § 1, eff. Sept. 1, 1977.]

**§ 11.70. Liability of Surety**

(a) If a permittee or a person having an interest in a permit is finally convicted of the violation of a provision of this code or of a rule or regulation of the commission, or if a permit is cancelled by the commission and no appeal is pending, the commission may institute action in its own name, for the benefit of the state, on the bond supporting the permit. If the cancellation or conviction is proved, the court shall render judgment in favor of the commission for all fines, costs, and 15 percent of the face value of the bond.

(b) If a permittee fails to seasonably remit any money due the state, the surety on his bond is liable for the amount of money due the state plus a penalty of 15 percent of the face value of the bond.

(c) A suit for the collection of any of the amounts specified in this section shall be brought in a court of competent jurisdiction in Travis County.

(d) Nothing in this code shall be construed as imposing on a surety a greater liability than the total amount of the bond less any portion of the bond which has been extinguished by a prior recovery.

[Acts 1977, 65th Leg., p. 413, ch. 194, § 1, eff. Sept. 1, 1977.]

**§ 11.71. Surety May Terminate Liability**

A surety under the bond of a permittee may terminate its liability by giving 30 days' written notice of termination, served personally or by registered mail on the principal and the commission. The surety is discharged from all liability under the bond for any act or omission of the principal occurring after the expiration of 30 days from the date the notice is served. If the principal fails to duly file a new bond in the same amount and with the same conditions as the original bond before the expiration of the 30-day period, his permit shall terminate when the 30-day period expires.

Acts 1977, 65th Leg., p. 1713, ch. 681, § 1, purports to add art. 666-11b to Penal Code (1925), without reference to repeal of the Liquor Control Act by Acts 1977, 65th Leg., p. 557, ch. 194, § 2. As so added, art. 666-11b reads:

"(a) The Commission or Administrator shall refuse to issue an original or renewal permit authorizing the retail sale of alcoholic beverages unless the applicant for the permit files with his application a certificate issued by the Comptroller of Public Accounts stating that the applicant holds, or has applied for and satisfies all legal requirements for the issuance of, a sales tax permit, if required, for the place of business for which the alcoholic beverage permit is sought.

"(b) The Commission or Administrator may suspend for not more than sixty (60) days or cancel a permit under this Act if the Commission or Administrator finds, after notice and hearing, that the permittee:

"(1) no longer holds a sales tax permit, if required, for the place of business covered by the alcoholic beverage permit; or

"(2) is shown on the records of the Comptroller or Public Accounts as being subject to a final

determination of taxes due and payable under the Limited Sales, Excise and Use Tax Act (Chapter 20, Title 122A, Taxation—General, Revised Civil Statutes of Texas, 1925, as amended), or is shown on the records of the Comptroller of Public Accounts as being subject to a final determination of taxes due and payable under the Local Sales and Use Tax Act, as amended (Article 1066c, Vernon's Texas Civil Statutes)."

Section 3.11(c) of the Code Construction Act (Civil Statutes, art. 5429b-2) provides, in part, that the repeal of a statute by a code does not affect an amendment of the statute by the same legislature which enacted the code and that the amendment is preserved and given effect as part of the code provision.

**§ 28.04. Change in Corporate Control**

(a) A mixed beverage permit held by a corporation may not be renewed if the commission or administrator finds that legal or beneficial ownership of over 50 percent of the stock of the corporation has changed since the time the original permit was issued.

(b) The commission or administrator may adopt reasonable rules and regulations in accordance with the provisions of this section.

(c) A corporation which is barred from renewing a permit because of this section may file an application for an original permit and may be issued an original permit if otherwise qualified.

(1) brought about by the death of a shareholder if his surviving spouse or descendants are his successors in interest; or

(2) brought about when legal or beneficial ownership of over 50 percent of the stock of the corporation has been transferred to a person who possesses the qualifications required of other applicants for permits and is an officer of the corporation or has been an officer of the corporation since the original permit was issued.

(b) If a holder of a mixed beverage permit is in an area where there are no local distributors, he may purchase alcoholic beverages in any area where local distributors are located and may transport them to his premises provided that he is also a holder of a beverage cartage permit. The transporter may acquire the alcoholic beverages only on the written order of the holder of the mixed beverage permit. The alcoholic beverages must be accompanied by a written statement furnished and signed by the local distributor showing the name and address of the consignee and consignor, the origin and destination of the shipment, and any other information required by the commission or administrator. The person in charge of the alcoholic beverages while they are being transported shall exhibit the written statement to any representative of the commission or any peace officer on demand, and the statement shall be accepted by the representative or officer as prima facie evidence of the lawful right to transport the alcoholic beverages.

(c) If a mixed beverage permittee holds a beverage cartage permit and his premises are located in a regional airport governed by a board, commission, or

authority composed of members from two or more counties, and there is no local distributor at the airport, the mixed beverage permittee may purchase alcoholic beverages from any local distributor in a trade area served by the airport and transport them to his licensed premises. #### § 28.09. Invalidation of Stamp

(b) Each holder of a mixed beverage permit shall provide at all service counters where distilled spirits are poured from bottles the necessary facilities for the invalidation of identification stamps on bottles so that persons emptying distilled spirits bottles may immediately invalidate the identification stamps on them.

(c) If an empty distilled spirits bottle has locked on it an automatic measuring and dispensing device of a type approved by the commission or administrator, which prevents the refilling of the bottle without unlocking the device and removing it from the bottle, the identification stamp is not required to be invalidated until immediately after the device has been unlocked and removed from the bottle.
