(b) In this section, "primary American source of supply" means the distiller, the producer, the owner of the commodity at the time it becomes a marketable product, the bottler, or the exclusive agent of any of those. To be the "primary American source of supply" the nonresident seller must be the first source, that is, the manufacturer or the source closest to the manufacturer, in the channel of commerce from whom the product can be secured by American wholesalers.

[Acts 1977, 65th Leg., p. 447, ch. 194, § 1, eff. Sept. 1, 1977.]

**§ 37.11. Submission of Samples and Labels**

(b) The commission or its authorized agents shall test the contents and examine the label and container of the samples and determine whether they meet

all requirements of state law and of the rules of the commission. If the label, container, and contents are found to be in compliance, the commission shall issue the permittee a certificate to that effect.

(c) As to distilled spirits imported directly from the distiller, bottler, or the exclusive agent of either, or distilled spirits distilled or bottled by the nonresident seller or by a distiller or bottler for whom the nonresident seller is the exclusive agent, if the samples are approved under Subsection (b) of this section, the permittee is not required to submit additional samples unless there is a change in the label, contents, or style or size of the container, or unless he is directed to do so by the commission.

(d) As to all other distilled spirits, samples must be furnished to the commission for each brand and size in each proposed shipment into the state, together with a sworn statement of the quantity and sizes to be shipped, the permittee to whom the spirits are to be shipped, and the person or firm from whom they are to be shipped. The permittee may not ship the distilled spirits until he has in his possession a certificate of approval from the commission.

(e) Until January 1, 1980, the submission of samples and applications for label and container approval shall not be required for any distilled spirit imported direct from the distiller, bottler, or the exclusive agent of the distiller or bottler, or for any distilled spirit distilled or bottled by the holder of a nonresident seller's permit or by a distiller or bottler for whom he is the exclusive agent if a certificate of approval has previously been granted and the only change in container size is to the metric system container most nearly equivalent to a previously approved United States standard gallon system container, and the only change in label is the substitution of the metric measure for the formerly used statement of quantity content. This subsection expires January 1, 1980.

[Acts 1977, 65th Leg., p. 447, ch. 194, § 1, eff. Sept. 1, 1977. Amended by Acts 1977, 65th Leg., p. 1182, ch. 453, § 7, eff. Sept. 1, 1977.]

(b) If an officer wishes to examine the books, accounts, records, minutes, letters, memoranda, documents, checks, telegrams, constitution and bylaws, or other records of a nonresident seller's permittee, he shall make a written request to the permittee or his duly authorized manager or representative or, if the permittee is a corporation, to any officer of the corporation. An officer may examine the records as often as he considers necessary.

(c) When a request for an examination is made, the person to whom it is directed shall immediately allow the officer to conduct the examination, and the person shall answer under oath any question asked by the officer relating to the records.

(d) The officer may investigate the organization, conduct, and management of any nonresident seller's permittee and may make copies of any records which in the officer's judgment may show or tend to show that the permittee has violated state law or the terms of his permit.

(e) An officer may not make public any information obtained under this section except to a law enforcement officer of this state or in connection with an administrative or judicial proceeding in which the state or commission is a party concerning the cancellation or suspension of a nonresident seller's permit, the collection of taxes due under state law, or the violation of state law.

(f) The commission shall cancel or suspend a nonresident seller's permit in accordance with this code if a permittee or his authorized representative fails or refuses to permit an examination authorized by this section or to permit the making of copies of any document as provided by this section, without regard to whether the document is inside or outside the state, or if the permittee or his authorized representative fails or refuses to answer a question of an officer incident to an examination or investigation in progress.

(b) The county judge shall set the application for a hearing to be held not less than 5 nor more than 10 days after the application is filed.

(c) Each applicant for an original license, other than a branch or temporary license, shall pay a hearing fee of \$5 to the county clerk at the time of the hearing. The county clerk shall deposit the fee in the county treasury. The applicant is liable for no other fee except the annual license fee prescribed by this code.

(d) No person may sell beer during the pendency of his original license application. No official may advise a person to the contrary.

[Acts 1977, 65th Leg., p. 462, ch. 194, § 1, eff. Sept. 1, 1977.]

**§ 61.32. Hearing by County Judge**

(a) On hearing an application, if the county judge finds that all facts stated in the application are true and no legal ground to refuse a license exists, he shall enter an order certifying those findings and give the applicant a copy of the order. If the county judge finds otherwise, he shall enter an order accordingly.

(b) If the county judge enters an order favorable to the applicant, the applicant shall present a copy of the order to the assessor and collector of taxes of the

county and pay that officer the appropriate license fee. The assessor and collector of taxes then shall report to the commission on a form prescribed by the commission, certifying that the application was approved and that all required fees have been paid and furnishing any other information the commission requires. The assessor and collector of taxes shall attach a copy of the original application to the report.

(c) In the case of an application to sell beer at retail, the county judge shall give due consideration to any recommendations made by representatives of the commission, the sheriff or county or district attorney of the county where the license is sought, or the mayor or chief of police of the incorporated city where the applicant seeks to conduct business. [Acts 1977, 65th Leg., p. 462, ch. 194, § 1, eff. Sept. 1, 1977.]

#### § 61.33. Action by Commission or Administrator

(a) On receiving a report from the assessor and collector of taxes under Section 61.32(b) of this code, the commission or administrator shall issue the appropriate license if the commission or administrator finds that the applicant is entitled to a license. The license shall show the class of business the applicant is authorized to conduct, the amount of fees paid, the address of the place of business, the date the license is issued and the date it expires, and any other information the commission considers proper.

(b) The commission or administrator may refuse to issue a license after receiving the report of the assessor and collector of taxes if the commission or administrator possesses information from which it is determined that any statement in the license application is false or misleading or that there is other legal reason why a license should not be issued. If the commission or administrator refuses to issue a license, it or he shall enter an order accordingly and the applicant is entitled to a refund of any license fee he paid the assessor and collector of taxes in connection with the application. [Acts 1977, 65th Leg., p. 463, ch. 194, § 1, eff. Sept. 1, 1977.]

#### § 61.34. Appeal From Denial

(a) If the county judge, commission, or administrator denies an application, the applicant may appeal within 30 days from the date the order becomes final and appealable to the district court of the county where the application was made. The appeal is governed by Section 11.67 of this code, and the court may hear the appeal in termtime or vacation.

(b) If the judgment of the district court is in favor of the applicant, regardless of whether an appeal is taken, a copy of the judgment shall be presented to the assessor and collector of taxes of the county where the application was made. The assessor and collector of taxes shall accept the fees required by this code and proceed as provided under

Section 61.32 of this code as if the county judge had approved the application.

(c) If a license is issued on the basis of a district court judgment and that judgment is reversed on appeal, the mandate of the appellate court automatically invalidates the license and the applicant is entitled to a proportionate refund of fees for the unexpired portion of the license. As much of the proceeds from license fees collected under this subtitle as is necessary may be appropriated for the payment of those refunds.

(d) A person appealing from an order under this section shall give bond for all costs incident to the appeal and shall be required to pay those costs if the judgment on appeal is unfavorable to the applicant, but not otherwise. No bond is required on appeals filed on behalf of the state. [Acts 1977, 65th Leg., p. 463, ch. 194, § 1, eff. Sept. 1, 1977.]

#### § 61.35. License Fees

(a) A separate license fee is required for each place of business that manufactures, imports, or sells beer.

(b) All license fees, except those for temporary licenses, shall be deposited as provided in Section 205.02 of this code. The assessor and collector of taxes shall make statements of the amounts collected by him under this code to the commission at the times and in the manner required by the commission or administrator.

(c) No licensee may obtain a refund on the surrender or nonuse of a license except as provided by this code.

(d) If a licensee engaged in selling beer is prevented from continuing in business by a local option election, he is entitled to a refund of a proportionate amount of the license fees he has paid covering the unexpired term of his license. As much of the proceeds derived under the provisions of this subtitle as is necessary may be appropriated for that purpose. [Acts 1977, 65th Leg., p. 464, ch. 194, § 1, eff. Sept. 1, 1977.]

#### § 61.36. Local Fee Authorized

The commissioners court of a county may levy and collect a fee equal to one-half the state fee for each license, except a temporary or agent's beer license, issued for premises located within the county. Those authorities may not levy or collect any other fee or tax from the licensee except general ad valorem taxes, the hotel occupancy tax levied under Chapter 63, Acts of the 59th Legislature, Regular Session, 1965, as amended (Article 1269j-4.1, Vernon's Texas Civil

Statutes), and the local sales and use tax levied under the Local Sales and Use Tax Act, as amended (Article 1066c, Vernon's Texas Civil Statutes).

(b) The commission or administrator may cancel a license if it finds the permittee has not paid a fee levied by a city under this section. A licensee who sells an alcoholic beverage without first having paid a fee levied under this section commits a misdemeanor punishable by a fine of not less than \$10 nor more than \$200.

(c) Nothing in this code shall be construed as a grant to any political subdivision of the authority to regulate licensees except by collecting the fees authorized in this section and exercising those powers granted to political subdivisions by other provisions of this code.

[Acts 1977, 65th Leg., p. 464, ch. 194, § 1, eff. Sept. 1, 1977.]

(b) The city secretary or clerk of the city in which an application for a license is made shall certify whether the location or address given in the application is in a wet area and whether the sale of alcoholic beverages for which the license is sought is prohibited by charter or ordinance.

[Acts 1977, 65th Leg., p. 464, ch. 194, § 1, eff. Sept. 1, 1977.]

(b) When an original application to sell beer at retail at a location previously licensed is filed, the county clerk shall post at the courthouse door a written notice containing the substance of the application and the date set for hearing.

(c) When an original application to sell beer at retail at a location not previously licensed is filed, the county clerk shall publish notice for two consecutive issues in a newspaper of general circulation published in the city or town in which the applicant's place of business is to be located. If no newspaper of general circulation is published in that city or town, the notice shall be published in a newspaper of general circulation in the county where the applicant's business is to be located. If no newspaper of general circulation is published in that county, the notice shall be published in a newspaper which is published in the closest neighboring county and is circulated in the county where the license is sought.

The notice shall be in 10-point boldface type and shall set forth the type of license applied for; the exact location of the business; the name of the owner or owners; the trade name, if operating under an assumed name; and in the case of a corporate applicant, the names and titles of all officers of the corporation. At the time the application is filed, the applicant shall deposit with the clerk the cost of publishing notice, which the clerk shall use to pay for the publication.

[Acts 1977, 65th Leg., p. 465, ch. 194, § 1, eff. Sept. 1, 1977.]

**§ 61.39. May Contest Application**

No security for costs may be required of an officer of a county or incorporated city or town.

If the holder of the existing license desires to transfer the license to another location, he may apply for a transfer of location in accordance with this code. If the holder of the existing license has made a declaration required by the commission that he will no longer use the license, he may not manufacture or sell beer or possess it for the purpose of sale until the license has been reinstated. The holder may apply to the county judge for the reinstatement of his license in the same manner and according to the same procedure as in the case of an original license application. The county judge or the commission or administrator may deny reinstatement of the license for any cause for which an original license application may be denied.

The county judge shall not approve an application unless it is accompanied by the required sworn statement.

(b) This section does not apply to the holder of a manufacturer's license which was in effect on January 1, 1953.

[Acts 1977, 65th Leg., p. 474, ch. 194, § 1, eff. Sept. 1, 1977.]

**§ 62.04. Renewal of License During Preliminary Stages of Operation**

(a) A renewal of a manufacturer's license may not be denied during the two-year period following the issuance of the original license on the ground that the licensee has not brewed and packaged beer in this state if the licensee is engaged in good faith in constructing a brewing plant on the licensed premises or is engaged in one of the following preparatory stages of construction:

(c) After two years and 11 months has expired following the issuance of an original manufacturer's license, the commission shall not issue a renewal license if it finds that the licensee has not complied with his sworn statement filed with his original application or that he has not begun construction of a plant or initiated any of the preliminary stages of construction enumerated in Subsection (a) unless the commission also finds that the applicant has been prevented from doing so by causes beyond his reasonable control. If the commission finds that the licensee has been prevented from complying by causes beyond his reasonable control, it may grant one additional renewal for the licensee to comply with the terms of his sworn statement. Otherwise, the commission shall deny the renewal application and may not grant a subsequent original application by the licensee for a period of two years following the date of the denial.

(d) This section does not apply to the holder of a license that was in effect on January 1, 1953.

Regardless of any other provision of this code, a holder of a manufacturer's license may brew and package malt beverages or import them from outside the state, for shipment out of the state, even though the alcohol content, containers, packages, or labels make the beverages illegal to sell within the state. The licensee may export the beverages out of state or deliver them at his premises for shipment out of the state without being liable for any state tax on beer, ale, or malt liquor sold for resale in the state.

However, the nonresident manufacturer shall furnish the commission with a bond in an amount which, in the commission's judgment, will protect the revenue of the state from the tax due on the beer over any six-week period.

[Acts 1977, 65th Leg., p. 477, ch. 194, § 1, eff. Sept. 1, 1977.]

Acts 1977, 65th Leg., p. 1714, ch. 681, § 3, purports to add art. 667-5G to Penal Code (1925), without reference to repeal of the Liquor Control Act by Acts 1977, 65th Leg., p. 557, ch. 194, § 2. As so added, art. 666-11b reads:

"(a) The County Judge, Commission, or Administrator shall refuse to approve or issue an original or renewal Retail Dealer's or Retail Dealer's On-Premise License unless the applicant for the license files with his application a certificate issued by the Comptroller of Public Accounts stating that the applicant holds, or has applied for and satisfies all legal requirements for the issuance of, a sales tax permit for the place of business for which the license is sought.

"(b) The Commission or Administrator may suspend for not more than sixty (60) days or cancel a license if the Commission or Administrator finds, after notice and hearing, that the licensee:

"(1) no longer holds a sales tax permit for the place of business covered by the license; or

"(2) is shown on the records of the Comptroller of Public Accounts as being subject to a final determination of taxes due and payable under the Limited Sales, Excise and Use Tax Act (Chapter 20, Title 122A, Taxation—General, Revised Civil Statutes of Texas, 1925, as amended), or is shown on the records of the Comptroller of Public Accounts as being subject to a final determination of taxes due and payable under the Local Sales and Use Tax Act, as amended (Article 1066c, Vernon's Texas Civil Statutes)."

Section 3.11(c) of the Code Construction Act (Civil Statutes, art. 5429b-2) provides, in part,

that the repeal of a statute by a code does not affect an amendment of the statute by the same legislature which enacted the code and that the amendment is preserved and given effect as part of the code provision.

(a) An applicant for an original retail dealer's on-premise license shall submit to the county judge of the county in which the applicant desires to engage in business a complete set of fingerprints of the individual natural person applying for the license or, if the applicant is not an individual natural person, a complete set of fingerprints of the individual partner, officer, trustee, or receiver who is to be primarily responsible for the management of the premises.

(b) The county judge shall, no later than the next calendar day after receiving the prints, forward them by mail to the Texas Department of Public Safety. The department shall classify the prints and check them against their fingerprint files and shall certify their findings concerning the criminal record of the applicant, or the lack of record, to the county judge. No license may be issued until the certification is made to the county judge.

SUBCHAPTER A. GENERAL PROVISIONS

§ 102.01. Tied House Prohibited

(a) In this section, "tied house" means any overlapping ownership or other prohibited relationship between those engaged in the alcoholic beverage industry at different levels, that is, between a manufacturer and a wholesaler or retailer, or between a wholesaler and a retailer, as the words "wholesaler," "retailer," and "manufacturer" are ordinarily used and understood, regardless of the specific names given permits under Subtitle A, Title 3, of this code.

(b) In considering an original or renewal application for a permit issued under Subtitle A, Title 3, of this code, the commission or administrator may make any investigation or request any additional information necessary to enforce this section and to provide strict adherence to a general policy of prohibiting the tied house and related practices. The activities prohibited by this section are unfair competition and unlawful trade practices.

(c) No person having an interest in a permit issued under Subtitle A, Title 3, of this code may secure or hold, directly or indirectly, an ownership interest in the business or corporate stocks, including a stock option, convertible debenture, or similar interest, in a permit or business of a permittee of a different level who maintains licensed premises in Texas.

(d) No person may act or serve as officer, director, or employee of the businesses of permittees at different levels.

(e) No permittee may own the premises, fixtures, or equipment of a permittee of a different level.

(f) No permittee may secure or in any manner obtain the use of any premises, fixtures, or equipment on the credit of a permittee of a different level.

(g) No permittee may loan to, or by means of his credit secure a loan for, a permittee of a different level. If a permittee secures a loan from a source outside the state, there is a presumption of a tied house relationship or subterfuge, and the permittee securing the loan has the burden of showing that he has not violated this section.

(h) No permittee may enter with a permittee of a different level or with another person or legal entity into a conspiracy or agreement to control or manage, financially or administratively, directly or indirectly, in any form or degree, the business or interests of a permittee of a different level.

(i) No permittee may enter with another permittee into any type of profit-sharing agreement or any agreement relating to the repurchase of any assets or any agreement attempting to effectuate the shipment or delivery of an alcoholic beverage on consignment.

(j) On finding that a person has violated any provision of Subsections (c) through (i) of this section, the commission or administrator shall suspend for not less than six months or cancel the permit of any permittee involved. A person who held or had an interest in a permit cancelled under this subsection is ineligible to hold or have an interest in a permit for one year after the cancellation.

(k) This section does not apply to the application for renewal of a permit held by an applicant who was engaged in the legal alcoholic beverage business in this state under a charter or permit before August 24, 1935, or to an application for a nonresident seller's or wholesaler's permit held by an applicant who continuously has been the holder of a permit of that type since January 1, 1941.

[Acts 1977, 65th Leg., p. 498, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 102.02. Athletic Facility Owned by Manufacturer

The total or partial ownership by a manufacturer of premises primarily designed and used for athletic contests is not a ground for the denial, suspension, or cancellation of a retail license located on those premises.

[Acts 1977, 65th Leg., p. 499, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 102.03. Persons Barred From Interest in Premises of Retail Liquor Outlet

(a) This section applies to the holder of a brewer's, distiller's, winery, rectifier's, wholesaler's, class B wholesaler's, or wine bottler's permit.

(b) No holder of a permit named in Subsection (a) of this section may directly or indirectly, or through a subsidiary, affiliate, agent, employee, officer, director, or firm member, own an interest of any kind in the premises where a package store permittee, wine only package store permittee, or mixed beverage permittee conducts his business.

[Acts 1977, 65th Leg., p. 499, ch. 194, § 1, eff. Sept. 1, 1977. Amended by Acts 1979, 66th Leg., p. 2118, ch. 819, § 9, eff. June 13, 1979.]

#### § 102.04. Persons Barred From Interest in Mixed Beverage Business

(b) Except as permitted in Section 23.01 of this code, no person to whom this section applies may:

(1) have a direct or indirect interest in the business, premises, equipment, or fixtures of a mixed beverage establishment;

(2) furnish or lend any money, service, or other thing of value to a mixed beverage permittee or guarantee the fulfillment of a financial obligation of a mixed beverage permittee;

(3) enter or offer to enter into an agreement, condition, or system which in effect amounts to the shipment and delivery of alcoholic beverages on consignment;

(4) furnish, rent, lend, or sell to a mixed beverage permittee any equipment, fixtures, or supplies used in the selling or dispensing of alcoholic beverages;

(5) pay or make an allowance to a mixed beverage permittee for a special advertising or distributing service, or allow the permittee an excessive discount;

If the check or draft is dishonored by the drawee, the licensee or permittee who accepted it shall report that fact to the commission within two days after receiving notice of dishonor. Sections 2 and 3 of the 1981 Act provide:

"Sec. 2. "Sec. 3. Nothing in this Act shall interfere with litigation in progress on the effective date of this Act."

§ 102.72. Purposes

(a) This Act is promulgated pursuant to authority of the state under the provisions of the 21st amendment to the United States Constitution to promote the public's interest in the fair, efficient, and competitive distribution of beer within this state by requiring manufacturers and distributors to conduct their business relations so as to assure:

(1) that the beer distributor is free to manage its business enterprise, including the right to independently establish its selling prices; and

(2) that the public, retailers, and manufacturers are served by distributors who will devote their reasonable efforts and resources to the sales and distribution of all the manufacturer's products which the distributor has the right to sell and distribute and maintain satisfactory sales levels in the sales territory assigned the distributor.

(b) This Act shall govern all relations between manufacturers and their distributors, including any renewals or amendments to agreements between them, to the full extent consistent with the constitutions and laws of this state and the United States.

(c) The effect of this Act may not be varied by agreement. Any agreement purporting to do so is void and unenforceable to the extent of such variance only.

[Added by Acts 1981, 67th Leg., p. 60, ch. 26, § 1, eff. April 8, 1981.]

§ 102.73. Termination and Notice of Cancellation

(a) Except as provided in Subsection (c) of this section, and except as may be specifically agreed upon at the time by the parties, no manufacturer or beer distributor may cancel, fail to renew, or otherwise terminate an agreement unless the manufacturer or distributor furnishes prior notification in accordance with Subsection (b) of this section to the affected party.

(b) The notification required under Subsection (a) of this section shall be in writing and must be received by the affected party not less than 90 days before the date on which the agreement will be cancelled, not renewed, or otherwise terminated. Such notification shall contain a statement of intention to cancel, failure to renew, or otherwise terminate an agreement, a statement of reasons therefor, and the date on which such action shall take effect.

(c) A manufacturer or distributor may cancel, fail to renew, or otherwise terminate an agreement without furnishing any prior notification for any of the following reasons:

(1) in the event of insolvency or bankruptcy or dissolution or liquidation of the other party;

(2) in the event the other party shall make an assignment for the benefit of creditors or similar disposition of substantially all of the assets of such party's business;

(3) in the event of a conviction or plea of guilty or no contest to a charge of violating a law or regulation or the revocation or suspension of a license or permit for a period of 30 days or more relating to the business and which materially and adversely affects the party's ability to continue in business; or

(4) in the event of the failure to pay amounts owing the other when due, upon demand therefor, in accordance with agreed payment terms.

[Added by Acts 1981, 67th Leg., p. 60, ch. 26, § 1, eff. April 8, 1981.]

§ 102.74. Cancellation

No manufacturer or beer distributor may cancel, fail to renew, or otherwise terminate an agreement unless the party intending such action has good cause for such cancellation, failure to renew, or

termination and, in any case in which prior notification is required under Section 102.73 of this code, the party intending to act has furnished said prior notification and the affected party has not eliminated the reasons specified in such notification as the reasons for cancellation, failure to renew, or termination within 90 days after the receipt of such notification.

[Added by Acts 1981, 67th Leg., p. 60, ch. 26, § 1, eff. April 8, 1981.]

**§ 102.75. Prohibited Conduct**

No manufacturer shall:

- (1) induce or coerce, or attempt to induce or coerce, any distributor to engage in any illegal act or course of conduct;
- (2) require a distributor to assent to any unreasonable requirement, condition, understanding, or term of an agreement prohibiting a distributor from selling the product of any other manufacturer or manufacturers;
- (3) fix or maintain the price at which a distributor may resell beer;
- (4) fail to provide to each distributor of its brands a written contract which embodies the manufacturer's agreement with its distributor;

[Added by Acts 1981, 67th Leg., p. 60, ch. 26, § 1, eff. April 8, 1981.]

**§ 102.76. Transfer of Business Assets or Stock**

(a) No manufacturer shall unreasonably withhold or delay its approval of any assignment, sale, or transfer of the stock of a distributor or all or any portion of a distributor's assets, distributor's voting stock, the voting stock of any parent corporation, or the beneficial ownership or control of any other entity owning or controlling the distributor, including the distributor's rights and obligations under the terms of an agreement whenever the person or persons to be substituted meet reasonable standards imposed not only upon the distributor but upon all other distributors of that manufacturer of the same general class, taking into account the size and location of the sales territory and market to be served. Upon the death of one of the partners of a partnership operating the business of a distributor, no manufacturer shall deny the surviving partner or partners of such partnership the right to become a successor-in-interest to the agreement between the manufacturer and such partnership. Provided that the survivor has been active in the management of the partnership and/or is otherwise capable of carrying on the business of the partnership.

(b) Notwithstanding the provisions of Subsection (a) of this section, upon the death of a distributor no

manufacturer shall deny approval for any transfer of ownership to a surviving spouse or adult child of an owner of a distributor; provided, however, that such subsequent transfers of such ownership by such surviving spouse or adult child shall thereafter be subject to the provisions of Subsection (a) of this section.

In determining fair market value, consideration shall be given to all elements of value, including but not limited to goodwill and going concern value.

(b) In the event that the manufacturer and the distributor are unable to mutually agree on whether or not good cause exists for cancellation under Section 102.74 of this code or on the reasonable compensation to be paid for the value of the distributor's business, as defined herein, the matter may, at the option of either the distributor or manufacturer, be submitted to three arbitrators, one of whom shall be named in writing by each party and the third of whom shall be chosen by the two arbiters so selected. Should the arbiters selected fail to choose a third arbiter within 10 days, a judge of a district court in the county in which the distributor's principal place of business is located shall select the third arbiter. Arbitration shall be conducted in accordance with the Texas General Arbitration Act, as amended (Article 224, Revised Civil Statutes of Texas, 1925). Arbitration costs shall be paid one-half by the distributor and one-half by the manufacturer. The award of the arbitrators shall be binding on the parties unless appealed within 10 days from the date of the award. All proceedings on appeal shall be in accordance with and governed by the Texas General Arbitration Act, as amended (Article 224, Revised Civil Statutes of Texas, 1925).

(b) In any action under Subsection (a) of this section, the court may grant such relief as the court determines is necessary or appropriate considering the purposes of this Act.

(c) The prevailing party in any action under Subsection (a) of this section shall be entitled to actual damages, including the value of the distributor's business, as specified in Section 102.77 of this code, reasonable attorney's fees, and court costs.

[Added by Acts 1981, 67th Leg., p. 60, ch. 26, § 1, eff. April 8, 1981.]

(c) If the beer is determined not to be in a salable condition, the commission shall immediately destroy it. (b) The forfeiture suit shall be brought in the name of the State of Texas against the property or the proceeds in escrow, or both, and shall be brought in a court of competent jurisdiction in the county in which the seizure was made.

(b) Any person with an ownership or security interest in the vehicle may intervene in the suit for forfeiture to establish his rights. An intervenor under the provisions of this section has the burden of proving that he has a valid ownership or security interest in the vehicle.

(c) If the state fails to prove that the vehicle was used to transport an illicit beverage, the court shall render judgment returning the vehicle to the owner.

(d) If the state proves that the vehicle was used to transport an illicit beverage and that all intervenors, if any, knowingly violated some provision of this code, the court shall render judgment forfeiting the vehicle to the state.

(e) If the state proves that the vehicle was used to transport an illicit beverage but fails to prove that any intervenor knowingly violated some provision of this code, the court shall render judgment delivering possession of the vehicle to the innocent intervenor with the highest priority to possession of the vehicle. [Acts 1977, 65th Leg., p. 508, ch. 194, § 1, eff. Sept. 1, 1977.]

#### § 103.17. Forfeiture of Other Seized Property

(a) In any suit for forfeiture of proceeds in escrow from a sale of illicit beverages or of property other than vehicles, or both, seized under Section 103.03 of this code, the state shall have the burden of proving that:

- (2) the equipment is designed to be used on or is used in manufacturing an illicit beverage; or

103.03 of this code, any person who has a security interest in any of the seized property may intervene to establish his rights.

(b) An intervenor under the provisions of this section shall have the burden of proving that he has a valid security interest in the property and that he had no knowledge that the property in which he has a security interest had been used or was to be used in violation of this code at the time the security interest was created.

(c) If an intervenor under this section establishes a security interest and a lack of knowledge of unlawful use of the property, the court, in the judgment forfeiting the property, shall issue an order of sale directed to the sheriff or any constable of the county in which the property was seized. The order shall command the sheriff or constable to conduct a sale at the courthouse door of all or part of the property, whichever the court considers proper, in the same manner as personal property is sold under execution.

(d) The proceeds of a sale under Subsection (c) of this section shall be applied first to the payment of the costs of suit and the expenses incident to the sale. After the costs of suit and expenses of sale have been approved by the court that tried the suit, any remaining proceeds shall be applied toward payment of creditors secured by the property, according to their priorities. After all secured creditors are satisfied, any remaining proceeds shall be paid to the commission to be allocated in accordance with the provisions of Section 103.23 of this code.

(e) If all intervenors under this section fail to establish a valid security interest or lack of knowledge of unlawful use of the property, the court, in the judgment forfeiting the property, shall order disposal of the property in accordance with the provisions of Section 103.20 of this code.

## SUBCHAPTER B. OUTDOOR ADVERTISING

### § 108.51. Definitions

In this subchapter:

(1) "Outdoor advertising" means any sign bearing a word, mark, description, or other device that is used to advertise an alcoholic beverage or the business of a person who manufactures, sells, or distributes an alcoholic beverage if the sign is displayed outside the walls or enclosure of a building or structure where a license or permit is issued or if it is displayed inside a building but within five feet of an exterior wall facing a street or highway so that it is visible by a person of ordinary vision from outside the building. "Outdoor advertising" does not include advertising appearing on radio or television, in a public vehicular conveyance for hire, or in a newspaper, magazine, or other literary publication published periodically. For the purpose of this definition the word "sign," with respect to a retailer, does not include an identifying label affixed to a container as authorized by law or to a card or certificate of membership in an association or organization if the card or certificate is not larger than 80 square inches.

(2) "Billboard" means a structure directly attached to the land, a house, or a building having one or more spaces used to display a sign or advertisement of an alcoholic beverage or a person engaged in the manufacture, sale, or distribution of alcoholic beverages, whether or not the structure is artificially lighted. "Billboard" does not include a bench or a wall or other part of a structure used as a building, fence, screen, front, or barrier.

(3) "Electric sign" means a structure or device other than an illuminated billboard by which arti-

ficial light produced by electricity is used to advertise the alcoholic beverage business by a person who manufactures, sells, or distributes alcoholic beverages or to advertise an alcoholic beverage.

[Acts 1977, 65th Leg., p. 520, ch. 194, § 1, eff. Sept. 1, 1977. Amended by Acts 1979, 66th Leg., p. 500, ch. 231, § 1, eff. Aug. 27, 1979.]

### § 108.52. Permissible Outdoor Advertising

(a) No outdoor advertising is permitted in this state except that which is authorized by this section or under rules of the commission or administrator promulgated pursuant to Section 108.03 of this code.

(b) Billboards and electric signs are permitted if they are not located in a manner contrary to this code.

(c) Retail licensees and permittees may erect or maintain one sign at each place of business which may read as follows:

(1) if a beer retailer, the sign may read "Beer";

(2) if an off-premises beer retailer, the sign may read "Beer" or "Beer to Go";

(3) if a wine and beer retailer, the sign may read "Beer," "Beer and Wine," or "Beer, Wine and Ale";

(4) if a wine and beer off-premises retailer, the sign may read "Beer," "Beer to Go," "Beer and Wine," "Beer and Wine to Go," "Beer, Wine and Ale," or "Beer, Wine and Ale to Go";

(5) if a package store permittee, the sign may read "Package Store," "Liquors," or "Wines and Liquors," and if a retail dealer's off-premise license is also held, the sign may read "Package Store," "Wines, Liquors and Beer," or "Wine, Liquors and Beer to Go"; or

(6) if a wine only package store permittee, the sign may read "Wine" or "Wines," and if a retail dealer's off-premise license is also held, the sign may read "Wines and Beer," "Wine and Beer," or "Wine and Beer to Go."

(d) A sign erected under Subsection (c) of this section may be placed inside or outside the place of business so as to be visible to the general public. None of the letters on a sign may be more than 12 inches in height, and no sign may contain any wording, insignia, or device representative of the brand or name of an alcoholic beverage. The commission or administrator may permit a licensee or permittee to erect or maintain one sign at each entrance or side of a building occupied by him if it faces more than one street or highway.

(e) Billboards, electric signs, or other signs to designate the firm name or business of a permittee or licensee authorized to manufacture, rectify, bottle, or wholesale alcoholic beverages may be displayed at the licensee's or permittee's place of business.

(f) A display composed of alcoholic beverages or printed or lithographed material advertising alcoholic beverages located inside the licensed premises is permitted if the alcoholic beverages or advertising material is not placed within six inches of a window or opening facing a street, alley, or highway. A card or certificate of membership in an association or organization is not "advertising material" for the purpose of this subsection if it is not larger than 80 square inches.

(g) Outdoor advertising of an alcoholic beverage or of the business of any person engaged in the manufacture, sale, or distribution of an alcoholic beverage is permitted to be placed on or affixed to a bench unless:

(1) the advertising is prohibited by an ordinance of an incorporated city or town; or

(2) the advertising is in an area or zone where the sale of alcoholic beverages is prohibited by law.

(a) No person may erect a billboard or electric sign advertising an alcoholic beverage within 200 feet of a retail establishment authorized to sell that beverage unless he has first obtained a permit for that purpose from the commission. No permit is required for a billboard or electric sign that is not located within 200 feet of a retail establishment authorized to sell the advertised alcoholic beverage.

(b) The commission or administrator shall provide permit application forms, which may contain any information the commission or administrator deems necessary. The application shall contain a statement that the erection or maintenance of the billboard or electric sign will not have the effect of advertising or directing patronage to a particular retail establishment authorized to sell alcoholic beverages. Application shall be made under oath, addressed to the commission or administrator.

(c) The commission or administrator shall issue a permit if either of them finds that all statements in the application are true and the erection or maintenance of the billboard or electric sign will not be contrary to this code or to a rule of the commission. Otherwise, the commission or administrator shall refuse to issue a permit.

[Acts 1977, 65th Leg., p. 521, ch. 194, § 1, eff. Sept. 1, 1977.]

**§ 108.54. Nonconforming Outdoor Advertising: Seizure, Removal**

(a) No person may erect, maintain, or display any outdoor advertising, billboard, or electric sign which does not conform in all respects to the provisions of

this code. A billboard or electric sign that does not conform is illegal equipment which is subject to seizure and forfeiture as provided in this code.

(b) The owner of any outdoor advertising that does not conform to the provisions of this code is responsible for removing it from public view immediately, and the failure to do so is a violation of this code.

tions that were engaged in the legal alcoholic beverage business in this state under charter or permit prior to August 24, 1935. Partnerships, firms, and associations applying for permits shall be composed wholly of citizens possessing the qualifications above enumerated. Any corporation (except carrier) holding a permit under this code which shall violate any provisions hereof, or any rule or regulation promulgated hereunder, shall be subject to forfeiture of its charter and it shall be the duty of the attorney general, when any such violation is called to his attention, to file a suit for such cancellation in a district court of Travis County. A finding of deficiency under Section 202.09 of this code does not constitute a failure to pay a tax when due for purposes of this subsection or Subsection (g) or (h) of this section if the deficiency and any applicable penalty are paid within 10 days of the date of demand for payment by the commission.

(g) An exemption under Subsection (f) of this section terminates and the permittee must furnish a bond if the permittee fails to pay a tax or fee imposed by this code on or before the due date.

"For purposes of Subsections (f) through (h) of section 204.01, Alcoholic Beverage Code, as added, the 36 month period immediately preceding the effective date of this Act is counted in determining whether a permittee is entitled to an exemption from the requirement of furnishing a surety bond."

(b) A permittee who furnishes certificates of deposit or savings or letters of credit in lieu of all or part of the amount of bonds required by the commission or administrator to secure the payment of the gross receipts tax on mixed beverages may furnish any combination of these methods of securing the tax which satisfies that amount. The total of the bonds, certificates, and letters of credit of a permittee subject to the gross receipts tax on mixed beverages must be in an amount that, in the opinion of the commission or administrator, will protect the state, but in no case may the commission or administrator set the amount at less than \$1,000 or more than \$25,000.

(c) Bonds of other permittees, except those permittees covered by Subsection (d) of this section, may not be set at an amount less than \$1,000 or more than \$25,000.

**§ 251.53. Certification of Result**

Within three days after the result of a local option election has been declared, the county clerk shall certify the result to the secretary of state and the commission. The clerk may not charge a fee for this service.

[Acts 1977, 65th Leg., p. 554, ch. 194, § 1, eff. Sept. 1, 1977.]

**§ 251.54. Posting Order Prohibiting Sale**

A commissioners court order declaring the result of a local option election and prohibiting the sale of any or all types of alcoholic beverages must be published by posting the order at three public places in the county or other political subdivision in which the election was held. The posting of the order shall be recorded in the minutes of the commissioners court by the county judge. The entry in the minutes or a copy certified under the hand and seal of the county clerk is prima facie evidence of posting.

[Acts 1977, 65th Leg., p. 554, ch. 194, § 1, eff. Sept. 1, 1977.]

**§ 251.55. Election Contest**

(a) A qualified voter of the county, justice precinct, or incorporated city or town where a local option election is held may contest the election any time within 30 days after the result of that election is declared.

(b) The enforcement of local option laws in the political subdivision in which the election is being contested is not suspended during the election contest.

(c) The district court of the county in which the election is held has original and exclusive jurisdiction of all suits to contest the election. The district court has jurisdiction to try and determine all matters connected with the election. If it appears from the

evidence that such irregularities existed in bringing about or holding the election that the true result of the election is impossible to determine or the result is very doubtful, the court shall hold the election to be void and order the proper officer to order another election to be held by having a certified copy of the judgment and order of the court to be delivered to that officer.

(d) The election contest is conducted in the same manner as an election contest of a general election.

(e) Election contests have precedence in the appellate courts.

(f) The result of an election contest finally settles all questions relating to the validity of that election. No person may call the legality of that election in question again in any other suit or proceeding.

(g) If no election contest is instituted within the 30-day time limit, it is conclusively presumed that that election is valid and binding in all respects upon all courts.

[Acts 1977, 65th Leg., p. 554, ch. 194, § 1, eff. Sept. 1, 1977. Amended by Acts 1981, 67th Leg., p. 2637, ch. 707, § 20, eff. Aug. 31, 1981.]

[Sections 251.56 to 251.70 reserved for expansion]

#### SUBCHAPTER D. MISCELLANEOUS LOCAL OPTION PROVISIONS

##### § 251.71. Wet and Dry Areas

(a) An area is a "dry area" as to an alcoholic beverage of a particular type and alcohol content if the sale of that beverage is unlawful in the area. An area is a "wet area" as to an alcoholic beverage of a particular type and alcoholic content if the sale of that beverage is lawful in the area.

(b) Those areas that are wet or dry when this code takes effect retain that status until the status of the area is changed as provided in this code.

(c) All trial courts of this state shall take judicial notice of the wet or dry status of an area in a criminal prosecution.

(d) In an information, complaint, or indictment, an allegation that an area is a dry area as to a particular type of alcoholic beverage is sufficient, but a different status of the area may be urged and proved as a defense.

[Acts 1977, 65th Leg., p. 555, ch. 194, § 1, eff. Sept. 1, 1977.]

##### § 251.72. Change of Status

Except as provided in Section 251.73 of this code, an authorized voting unit that has exercised or may exercise the right of local option retains the status adopted, whether absolute prohibition or legalization of the sale of alcoholic beverages of one or more of the various types and alcoholic contents on which an issue may be submitted under the terms of Section 251.14 of this code, until that status is changed by a

subsequent local option election in the same authorized voting unit.

[Acts 1977, 65th Leg., p. 555, ch. 194, § 1, eff. Sept. 1, 1977.]

##### § 251.73. Prevailing Status: Resolution of Conflicts

To insure that each voter has the maximum possible control over the status of the sale of alcoholic beverages in the area where he resides:

(1) the status that resulted from or is the result of a duly called election for an incorporated city or town prevails against the status that resulted from or is the result of a duly called election in a justice precinct or county in which the incorporated city or town, or any part of it is contained; and

(2) the status that resulted or is the result of a duly called election for a justice precinct prevails against the status that resulted from or is the result of a duly called election in an incorporated city or town in which the justice precinct is wholly contained or in a county in which the justice precinct is located.

[Acts 1977, 65th Leg., p. 555, ch. 194, § 1, eff. Sept. 1, 1977.]

##### § 251.74. Airport and Stadium as Wet Areas

(a) This section applies to any county:

(1) that has a population of more than 500,000, according to the most recent federal census;

(2) in which the sale of all alcoholic beverages has been legalized in all or any part of the county; and

(3) where, at the general election on November 3, 1970, the voters approved the constitutional amendment authorizing the sale of mixed beverages on a local option basis.

(b) In a county covered by this section, the commissioners court may designate as an area wet for the sale of mixed beverages only:

(1) the area encompassed by the building structure of a professional sports stadium, used wholly or partly for professional sporting events and having a seating capacity of at least 40,000, and not more than 125 acres of adjacent land used for the benefit of the stadium, regardless of ownership of the land, if no registered voters reside there; and

(2) the area encompassed by a regional airport.

(c) The order of the commissioners court authorizes the issuance of a mixed beverage permit.

[Acts 1977, 65th Leg., p. 555, ch. 194, § 1, eff. Sept. 1, 1977.]

##### § 251.741. Certain Airports as Wet Areas

In addition to those areas declared wet by order of the commissioners court under the authority of Sec-

tion 251.74 of this code, in a county with a population of more than 175,000 according to the most recent federal census where the sale of mixed beverages only is legalized in the most populous city in the county by a local option election held after May 18, 1971, the area actually encompassed by any municipal airport under the jurisdiction of that city is wet for the sale of mixed beverages only. Subsequent local option elections held by that city do not affect the local option status of the airport unless the result of the election prohibits the sale of mixed beverages, in which case the provisions of this section do not apply.

[Added by Acts 1977, 65th Leg., p. 1184, ch. 453, § 14, eff. Sept. 1, 1977.]

**§ 251.75. Continuance of Operation as Manufacturer or Brewer**

Notwithstanding any other provision of this code, if the sale of beer or ale is prohibited in an area by a local option election, a holder of a manufacturer's license or brewer's permit that was issued prior to the election may not be denied an original or renewal manufacturer's license or brewer's permit for the same location on the ground that the local option status of the area prohibits the sale of beer or ale. Except for the right to sell beer or ale contrary to the local option status of the area, the licensee or permittee may engage in all activities authorized by the license or permit, including the manufacturing, brewing, possessing, storing, and packaging of beer or ale, and transporting it to an area where its sale is legal. The licensee or permittee may deliver beer or ale at his licensed premises to a purchaser from outside the state, an authorized carrier, distributor, or class B wholesaler. The purchaser, carrier, distributor, or class B wholesaler may not receive the beer or ale for transportation unless there has first been an order, acceptance, and payment or legal satisfaction of payment in an area where the sale of beer or ale is legal.

[Acts 1977, 65th Leg., p. 556, ch. 194, § 1, eff. Sept. 1, 1977.]

**§ 251.76. Continuance of Operation as Distiller**

Notwithstanding any other provision of this code, a person who has been issued a distiller's permit may not subsequently be denied an original or renewal distiller's permit for the same location on the ground that the sale of distilled spirits has been prohibited in the area by a local option election. A person holding a permit at the time of the election or issued a permit under this section may exercise all privileges granted by this code to the holder of a distiller's permit, including the manufacturing, possessing, storing, packaging, and bottling of distilled spirits

and the transportation of them to areas in which their sale is legal.

[Acts 1977, 65th Leg., p. 556, ch. 194, § 1, eff. Sept. 1, 1977.]

**§ 251.77. Continuance of Operation as Distributor**

(a) Notwithstanding any other provision of this code, if the sale of beer is prohibited by local option election, a licensed distributor of beer whose warehouse or other facilities used in connection with the distributorship are located in the area affected, has the right to continue to operate as a distributor in that area and maintain the necessary premises and facilities for distribution. The distributor continues to enjoy all the rights and privileges incident to distributorship, including the right to possess, store, warehouse, and sell beer in that area, and deliver beer into and out of that area.

(b) A distributor in the area affected may sell or deliver beer only to licensed outlets located where the sale of beer is legal.

[Acts 1977, 65th Leg., p. 556, ch. 194, § 1, eff. Sept. 1, 1977.]

**§ 251.78. Continuance of Operation as Wholesaler**

(a) Notwithstanding any other provision of this code, if the sale of the type or types of liquor authorized to be sold by the holder of a wholesaler's permit whose warehouse or other facility used in connection with the wholesale operation is prohibited in an area by local option election, the holder of the wholesaler's permit shall have the right to continue to operate as a wholesaler in that area and maintain the necessary premises and facilities for the wholesale operation. The wholesaler shall enjoy all the rights and privileges incident to the permit, including the right to possess, store, warehouse, sell, deliver, and receive liquor.

(b) A wholesaler in the area affected may only sell or deliver liquor to permittees located where the sale of liquor is legal.

[Acts 1977, 65th Leg., p. 556, ch. 194, § 1, eff. Sept. 1, 1977.]

**§ 251.79. Areas in Which Certain Permits and Licenses May be Issued**

Notwithstanding any other provision of this code, a wholesaler's permit, general class B wholesaler's permit, local class B wholesaler's permit, or general, local or branch distributor's license may be issued and licensed premises maintained in any area where the sale of any alcoholic beverage is legal. A person issued a permit or license under this section may exercise all rights and privileges of other permittees and licensees of the same class.

[Acts 1977, 65th Leg., p. 557, ch. 194, § 1, eff. Sept. 1, 1977.]

#### SUBCHAPTER D. FILING

##### § 9.402. Formal Requisites of Financing Statement; Amendments; Mortgage as Financing Statement

[See Compact Edition, Volume 1 for text of (a) and (b)]

(c) A form substantially as follows is sufficient to comply with Subsection (a):

Name of debtor (or assignor) \_\_\_\_\_

Address \_\_\_\_\_

Name of secured party (or assignee) \_\_\_\_\_

Address \_\_\_\_\_

1. This financing statement covers the following types (or items) of property:

(Describe) \_\_\_\_\_

2. (If collateral is crops) The above described crops are growing or are to be grown on:  
(Describe Real Estate) \_\_\_\_\_

3. (If applicable) The above goods are or are to become fixtures on (or where appropriate substitute either "The above timber is standing on \_\_\_\_\_" or "The above minerals or the like (including oil and gas) or accounts will be financed at the wellhead or minehead of the well or mine located on \_\_\_\_\_")

(Describe Real Estate) \_\_\_\_\_ and this financing statement is to be filed for record in the real estate records. (If the debtor does not have an interest of record) The name of a record owner of the real estate concerned is \_\_\_\_\_

4. (If products of collateral are claimed) Products of the Collateral are also covered.

(use \_\_\_\_\_  
whichever \_\_\_\_\_

Signature of Debtor (or Assignor  
is \_\_\_\_\_

applicable)

Signature of Secured Party (or Assignee)

(d) A financing statement may be amended by filing a writing signed by both the debtor and the secured party, provided, however, that an amendment to a financing statement which changes only the name of the secured party or the required address of either the secured party or the debtor is sufficient when it is signed by the secured party instead of the debtor. An amendment does not extend the period of effectiveness of a financing statement. If any amendment adds collateral, it is effective as to the added collateral only from the filing date of the amendment. In this chapter, unless the context otherwise requires, the term "financing statement" means the original financing statement and any amendments.

(e) A financing statement covering timber to be cut or covering minerals or the like (including oil and gas) or accounts subject to Subsection (e) of Section 9.103, or a financing statement filed as a fixture filing (Section 9.313), must show that it covers this type of collateral, must recite that it is to be filed for record in the real estate records, and the financing statement must contain a description of the real estate sufficient if it were contained in a mortgage of the real estate to give constructive notice of the mortgage under the law of this state. If the debtor does not have an interest of record in the real estate, the financing statement must show the name of a record owner.

(f) A mortgage is effective as a financing statement filed as a fixture filing or as a financing statement covering timber to be cut or covering minerals or the like (including oil and gas) or

accounts subject to Subsection (e) of Section 9.103, from the date of its filing for record if (1) the goods or other collateral are described in the mortgage by item or type, (2) in the case of a fixture filing, the goods are or are to become fixtures related to the real estate described in the mortgage, (3) in the case of timber to be cut, the timber is standing on the real estate described in the mortgage, (4) in the case of minerals or the like (including oil and gas) or accounts subject to Subsection (e) of Section 9.103, the minerals or the like (including oil and gas) or the accounts are to be financed at the wellhead or minehead of the well or mine located on the real estate described in the mortgage, (5) the mortgage complies with the requirements for a financing statement in this section other than a recital that it is to be filed in the real estate records, and (6) the mortgage is duly filed for record. No fee with reference to the financing statement is required other than the regular recording and satisfaction fees with respect to the mortgage.

[See Compact Edition, Volume 1 for text of (g) and (h)]

[Amended by Acts 1975, 64th Leg., p. 940, ch. 353, §§ 2, 3, eff. June 19, 1975; Acts 1977, 65th Leg., p. 333, ch. 163, § 1, eff. Aug. 29, 1977.]

**§ 9.403. What Constitutes Filing; Duration of Filing; Effect of Lapsed Filing; Duties of Filing Officer**

(a) Presentation for filing of a financing statement or other statement and tender of the filing fee or acceptance of the financing statement or other statement by the filing officer constitutes filing under this chapter.

[See Compact Edition, Volume 1 for text of (b) and (c)]

(d) Except as provided in Subsection (g) a filing officer shall mark each financing statement with a file number and with the date and hour of filing and shall hold the financing statement or a microfilm or other photographic copy thereof for public inspection. In addition the filing officer shall index the financing statements according to the name of the debtor and shall note in the index the file number and the address of the debtor given in the financing statement. The filing officer shall mark each continuation statement with the date and hour of filing and shall note it in the index of the original financing statement.

(e) The uniform fee for filing and indexing and for stamping a copy furnished by the secured party to show the date and place of filing for an original financing statement or for a continuation statement shall be \$3.00 if the statement is in the standard form prescribed by the Secretary of State and otherwise shall be \$6.00, plus in each case, if the financing statement is subject to Subsection (e) of Section

9.402, an amount equal to the fee prescribed by law for recording and indexing in the real property records of the county clerk.

(f) A mortgage which is effective as a filing under Subsection (f) of Section 9.402 remains effective as such a filing as to the types of collateral enumerated in Subsection (f) of Section 9.402 until the mortgage is released or satisfied of record or its effectiveness otherwise terminates as to the real estate.

(g) When a financing statement covers timber to be cut or covers minerals or the like (including oil and gas) or accounts subject to Subsection (e) of Section 9.103, or is filed as a fixture filing, it shall be filed for record and recorded, and the filing officer shall index it under the names of the debtor and any owner of record shown on the financing statement in the same fashion as if they were the mortgagors in a mortgage of the real estate described, and, to the extent that the law of this state provides for indexing of mortgages under the name of the mortgagee, under the name of the secured party as if he were the mortgagee thereunder, or where indexing is by description in the same fashion as if the financing statement were a mortgage of the real estate described.

#### § 9.404. Termination Statement

[See Compact Edition, Volume 1 for text of (a) and (b)]

(c) If the termination statement is in the standard form prescribed by the Secretary of State, the uniform fee for filing and indexing the termination statement shall be \$3.00, and otherwise shall be \$6.00, plus, in each case where the original financing statement was filed pursuant to Subsection (e) of Section 9.402, an amount equal to the fee prescribed by law for recording and indexing in the real property records of the county clerk.

[Amended by Acts 1975, 64th Leg., p. 942, ch. 353, § 5, eff. June 19, 1975; Acts 1981, 67th Leg., p. 908, ch. 325, § 2, eff. Aug. 31, 1981.]

#### § 9.405. Assignment of Security Interest; Duties of Filing Officer; Fees

(a) A financing statement may disclose an assignment of a security interest in the collateral described in the financing statement by indication in the financing statement of the name and address of the assignee or by an assignment itself or a copy thereof on the face or back of the financing statement. On presentation to the filing officer of such a financing statement the filing officer shall mark the same as provided in Section 9.403.

[See Compact Edition, Volume 1 for text of (b) and (c)]

(d) The uniform fee for filing, indexing, and furnishing filing data for a financing statement so indicating an assignment shall be \$3.00 if the statement is in the standard form prescribed by the Secretary of State and otherwise shall be \$6.00, plus, in each case where the original financing statement was filed pursuant to Subsection (e) of Section 9.402, an amount equal to the fee prescribed by law for recording and indexing in the real property records of the county clerk.

[Amended by Acts 1975, 64th Leg., p. 942, ch. 353, § 6, eff. June 19, 1975; Acts 1981, 67th Leg., p. 909, ch. 325, § 3, eff. Aug. 31, 1981.]

#### § 9.406. Release of Collateral; Duties of Filing Officer; Fees

A secured party of record may by his signed statement release all or a part of any collateral described in a filed financing statement. The statement of release is sufficient if it contains a description of the collateral being released, the name and address of the debtor, the name and address of the secured party, and the file number of the financing statement. A statement of release signed by a person other than the secured party of record must be accompanied by a separate written statement of assignment signed by the secured party of record and complying with Subsection (b) of Section 9.405, including payment of the required fee. Upon presentation of such a statement of release to the filing officer he shall mark the statement with the hour and date of filing and shall note the same upon the margin of the index of the filing of the financing statement. The uniform fee for filing and noting such a statement of release shall be \$3.00 if the statement is in the standard form prescribed by the Secretary of State and otherwise shall be \$6.00, plus, in each case where the original financing statement was filed pursuant to Subsection (e) of Section 9.402, an amount equal to the fee prescribed by law for recording and indexing in the real property records of the county clerk.

### SUBCHAPTER E. DEFAULT

#### § 9.504. Secured Party's Right to Dispose of Collateral After Default; Effect of Disposition

[See Compact Edition, Volume 1 for text of (a) and (b)]

(c) Disposition of the collateral may be by public or private proceedings and may be made by way of one or more contracts. Sale or other disposition may be as a unit or in parcels and at any time and place and on any terms but every aspect of the disposition including the method, manner, time, place and terms must be commercially reasonable. Unless collateral is perishable or threatens to decline speedily in value

or is of a type customarily sold on a recognized market, reasonable notification of the time and place of any public sale or reasonable notification of the time after which any private sale or other intended disposition is to be made shall be sent by the secured party to the debtor, if he has not signed after default a statement renouncing or modifying his right to notification of sale. In the case of consumer goods no other notification need be sent. In other cases notification shall be sent to any other secured party who has a security interest in the same collateral and who has duly filed in the office of the Secretary of State or of the county clerk in the proper county in this state a financing statement indexed in the name of the debtor or from whom the secured party has received (before sending his notification to the debtor or before the debtor's renunciation of his rights) written notice of a claim of an interest in the collateral. The secured party may buy at any public sale and if the collateral is of a type customarily sold in a recognized market or is of a type which is the subject of widely distributed standard price quotations he may buy at private sale.

[See Compact Edition, Volume 1 for text of (a)]

(b) In any other case involving consumer goods or any other collateral a secured party in possession may, after default, propose to retain the collateral in satisfaction of the obligation. Written notice of such proposal shall be sent to the debtor if he has not signed after default a statement renouncing or modifying his rights under this subsection. In the case of consumer goods no other notice need be given. In other cases notice shall be given to any other secured party who has a security interest in the same collateral and who has duly filed in the office of the Secretary of State or the County Clerk in the proper county in this state a financing statement indexed in the name of the debtor or from whom the secured party has received (before sending his notice to the debtor or before the debtor's renunciation of his rights) written notice of a claim of an interest in the collateral. If the secured party receives objection in writing from a person entitled to receive notification within twenty-one days after the notice was sent, the secured party must dispose of the collateral under Section 9.504. In the absence of such written objection the secured party may retain the collateral in satisfaction of the debtor's obligation.

[Amended by Acts 1975, 64th Leg., p. 943, ch. 353, § 9, eff. June 19, 1975; Acts 1977, 65th Leg., p. 334, ch. 163, § 6, eff. Aug. 29, 1977.]

[See Compact Edition, Volume 1 for text of (c)]

(d) If the filing for record of a mortgage would have been effective as to the types of collateral enumerated in Subsection (f) of Section 9.402 if the 1973 amendments had been in effect on the date of the filing for record of the mortgage, the mortgage shall be deemed effective as such a filing as to the types of collateral enumerated in Subsection (f) of Section 9.402 of this code, as amended, on January 1, 1974.

## CHAPTER 17. DECEPTIVE TRADE PRACTICES

### SUBCHAPTER E. DECEPTIVE TRADE PRACTICES AND CONSUMER PROTECTION

#### Section

17.50A. Notice: Offer of Settlement.

17.50B. Damages and Defenses.

17.51 to 17.56. Repealed.

17.55A. Indemnity.

17.56A. Limitation.

#### § 17.42. Waivers: Public Policy

Any waiver by a consumer of the provisions of this subchapter is contrary to public policy and is unenforceable and void; provided, however, that a consumer, other than the State of Texas or any political subdivision thereof, with assets of at least \$25,000,000 or more at the time of such transactions, acts, or practices, may by written contract waive the provisions of this subchapter, other than Section 17.55A.

[Amended by Acts 1981, 67th Leg., p. 863, ch. 307, § 1, eff. Aug. 31, 1981.]

Section 2 of the 1981 amendatory act provides:

"Nothing in this Act shall affect procedurally or substantively a cause of action arising in whole or in part prior to the effective date of this Act."

#### § 17.43. Cumulative Remedies

The provisions of this subchapter are not exclusive. The remedies provided in this subchapter are in addition to any other procedures or remedies provided for in any other law; provided, however, that no recovery shall be permitted under both this subchapter and another law of both actual damages and penalties for the same act or practice. A violation of a provision of law other than this subchapter is not in and of itself a violation of this subchapter. An act or practice that is a violation of a provision of law other than this subchapter may be made the basis of an action under this subchapter if the act or practice is proscribed by a provision of this subchapter or is declared by such other law to be actionable under this subchapter. The provisions of this subchapter do not in any way preclude other political subdivisions of this state from dealing with deceptive trade practices.

[Amended by Acts 1979, 66th Leg., p. 1327, ch. 603, § 1, eff. Aug. 27, 1979.]

#### § 17.45. Definitions

As used in this subchapter:

(1) "Goods" means tangible chattels or real property purchased or leased for use.

(2) "Services" means work, labor, or service purchased or leased for use, including services furnished in connection with the sale or repair of goods.

[See *Compact Edition, Volume 1 for text of (3)*]

(4) "Consumer" means an individual, partnership, corporation, or governmental entity who seeks or acquires by purchase or lease, any goods or services.

(5) "Unconscionable action or course of action" means an act or practice which, to a person's detriment:

(A) takes advantage of the lack of knowledge, ability, experience, or capacity of a person to a grossly unfair degree; or

(B) results in a gross disparity between the value received and consideration paid, in a transaction involving transfer of consideration.

[See Compact Edition, Volume 1 for text of (6) to (8)]

(9) "Knowingly" means actual awareness of the falsity, deception, or unfairness of the act or practice giving rise to the consumer's claim or, in an action brought under Subdivision (2) of Subsection (a) of Section 17.50, actual awareness of the act or practice constituting the breach of warranty, but actual awareness may be inferred where objective manifestations indicate that a person acted with actual awareness.

[Amended by Acts 1975, 64th Leg., p. 149, ch. 62, § 1, eff. Sept. 1, 1975; Acts 1977, 65th Leg., p. 600, ch. 216, § 1, eff. May 23, 1977; Acts 1979, 66th Leg., p. 1327, ch. 603, § 2, eff. Aug. 27, 1979.]

**§ 17.46. Deceptive Trade Practices Unlawful**

(a) False, misleading, or deceptive acts or practices in the conduct of any trade or commerce are hereby declared unlawful and are subject to action by the consumer protection division under Sections 17.47, 17.58, 17.60, and 17.61 of this code.

(b) Except as provided in Subsection (d) of this section, the term "false, misleading, or deceptive acts or practices" includes, but is not limited to, the following acts:

- (1) passing off goods or services as those of another;
- (2) causing confusion or misunderstanding as to the source, sponsorship, approval, or certification of goods or services;
- (3) causing confusion or misunderstanding as to affiliation, connection, or association with, or certification by, another;
- (4) using deceptive representations or designations of geographic origin in connection with goods or services;
- (5) representing that goods or services have sponsorship, approval, characteristics, ingredients, uses, benefits, or quantities which they do not have or that a person has a sponsorship, approval, status, affiliation, or connection which he does not;

(6) representing that goods are original or new if they are deteriorated, reconditioned, reclaimed, used, or secondhand;

(7) representing that goods or services are of a particular standard, quality, or grade, or that goods are of a particular style or model, if they are of another;

(8) disparaging the goods, services, or business of another by false or misleading representation of facts;

(9) advertising goods or services with intent not to sell them as advertised;

(10) advertising goods or services with intent not to supply a reasonable expectable public demand, unless the advertisements disclosed a limitation of quantity;

(11) making false or misleading statements of fact concerning the reasons for, existence of, or amount of price reductions;

(12) representing that an agreement confers or involves rights, remedies, or obligations which it does not have or involve, or which are prohibited by law;

(13) knowingly making false or misleading statements of fact concerning the need for parts, replacement, or repair service;

(14) misrepresenting the authority of a salesman, representative or agent to negotiate the final terms of a consumer transaction;

(15) basing a charge for the repair of any item in whole or in part on a guaranty or warranty instead of on the value of the actual repairs made or work to be performed on the item without stating separately the charges for the work and the charge for the warranty or guaranty, if any;

(16) disconnecting, turning back, or resetting the odometer of any motor vehicle so as to reduce the number of miles indicated on the odometer gauge;

(17) advertising of any sale by fraudulently representing that a person is going out of business;

(18) using or employing a chain referral sales plan in connection with the sale or offer to sell of goods, merchandise, or anything of value, which uses the sales technique, plan, arrangement, or agreement in which the buyer or prospective buyer is offered the opportunity to purchase merchandise or goods and in connection with the purchase receives the seller's promise or representation that the buyer shall have the right to receive compensation or consideration in any form for furnishing to the seller the names of other prospective buyers if receipt of the compensation or consideration is contingent upon the occurrence of an event subsequent to the time the buyer purchases the merchandise or goods;

(19) representing that a guarantee or warranty confers or involves rights or remedies which it does not have or involve, provided, however, that nothing in this subchapter shall be construed to expand the implied warranty of merchantability as defined in Sections 2.314 through 2.318 of the Business & Commerce Code to involve obligations in excess of those which are appropriate to the goods;

(20) selling or offering to sell, either directly or associated with the sale of goods or services, a right of participation in a multi-level distributorship. As used herein, "multi-level distributorship" means a sales plan for the distribution of goods or services in which promises of rebate or payment are made to individuals, conditioned upon those individuals recommending or securing additional individuals to assume positions in the sales operation, and where the rebate or payment is not exclusively conditioned on or in relation to proceeds from the retail sales of goods;

(21) representing that work or services have been performed on, or parts replaced in, goods when the work or services were not performed or the parts replaced;

(22) filing suit founded upon a written contractual obligation of and signed by the defendant to pay money arising out of or based on a consumer transaction for goods, services, loans, or extensions of credit intended primarily for personal, family, household, or agricultural use in any county other than in the county in which the defendant resides at the time of the commencement of the action or in the county in which the defendant in fact signed the contract; provided, however, that a violation of this subsection shall not occur where it is shown by the person filing such suit he neither knew or had reason to know that the county in which such suit was filed was neither the county in which the defendant resides at the commencement of the suit nor the county in which the defendant in fact signed the contract; or

(23) the failure to disclose information concerning goods or services which was known at the time of the transaction if such failure to disclose such information was intended to induce the consumer into a transaction into which the consumer would not have entered had the information been disclosed.

(c)(1) It is the intent of the legislature that in construing Subsection (a) of this section in suits brought under Section 17.47 of this subchapter the courts to the extent possible will be guided by Subsection (b) of this section and the interpretations given by the Federal Trade Commission and federal courts to Section 5(a)(1) of the Federal Trade Commission Act [15 U.S.C.A. 45(a)(1)].

(2) In construing this subchapter the court shall not be prohibited from considering relevant and pertinent decisions of courts in other jurisdictions.

(d) For the purposes of the relief authorized in Subdivision (1) of Subsection (a) of Section 17.50 of this subchapter, the term "false, misleading, or deceptive acts or practices" is limited to the acts enumerated in specific subdivisions of Subsection (b) of this section.

[Amended by Acts 1977, 65th Leg., p. 601, ch. 216, §§ 2, 3, eff. May 23, 1977; Acts 1977, 65th Leg., p. 892, ch. 336, § 1, eff. Aug. 29, 1977; Acts 1979, 66th Leg., p. 1327, ch. 603, § 3, eff. Aug. 27, 1979.]

Section 9 of the 1979 amendatory act provided:

"This Act shall be applied prospectively only. Nothing in this Act affects either procedurally or substantively a cause of action that arose either in whole or in part prior to the effective date of this Act."

### § 17.47. Restraining Orders

(a) Whenever the consumer protection division has reason to believe that any person is engaging in, has engaged in, or is about to engage in any act or practice declared to be unlawful by this subchapter, and that proceedings would be in the public interest, the division may bring an action in the name of the state against the person to restrain by temporary restraining order, temporary injunction, or permanent injunction the use of such method, act, or practice. The consumer protection division may bring any action under this section against a licensed insurer or insurance agent for a violation of this subchapter, Article 21.21, Texas Insurance Code, as amended, or the rules and regulations of the State Board of Insurance issued under Article 21.21, Texas Insurance Code, as amended, only on the written request of the State Board of Insurance or the commissioner of insurance.

Nothing herein shall require the consumer protection division to notify such person that court action is or may be under consideration. Provided, however, the consumer protection division shall, at least seven days prior to instituting such court action, contact such person to inform him in general of the alleged unlawful conduct. Cessation of unlawful conduct after such prior contact shall not render such court action moot under any circumstances, and such injunctive relief shall lie even if such person has ceased such unlawful conduct after such prior contact. Such prior contact shall not be required if, in the opinion of the consumer protection division, there is good cause to believe that such person would evade service of process if prior contact were made or that such person would destroy relevant records if prior contact were made.

(b) An action brought under Subsection (a) of this section which alleges a claim to relief under this section may be commenced in the district court of the county in which the person against whom it is brought resides, has his principal place of business, has done business, or in the district court of the

county where the transaction occurred, or, on the consent of the parties, in a district court of Travis County. The court may issue temporary restraining orders, temporary or permanent injunctions to restrain and prevent violations of this subchapter and such injunctive relief shall be issued without bond.

(c) In addition to the request for a temporary restraining order, or permanent injunction in a proceeding brought under Subsection (a) of this section, the consumer protection division may request a civil penalty of not more than \$2,000 per violation, not to exceed a total of \$10,000, to be paid to the state.

(d) The court may make such additional orders or judgments as are necessary to compensate identifiable persons for actual damages or to restore money or property, real or personal, which may have been acquired by means of any unlawful act or practice. Damages may not include any damages incurred beyond a point two years prior to the institution of the action by the consumer protection division. Orders of the court may also include the appointment of a receiver or a sequestration of assets if a person who has been ordered by a court to make restitution under this section has failed to do so within three months after the order to make restitution has become final and nonappealable.

*[See Compact Edition, Volume 1 for text of (e) and (f)]*

[Amended by Acts 1977, 65th Leg., p. 602, ch. 216, § 4, eff. May 23, 1977.]

**§ 17.50. Relief for Consumers**

(a) A consumer may maintain an action where any of the following constitute a producing cause of actual damages:

- (1) the use or employment by any person of a false, misleading, or deceptive act or practice that is specifically enumerated in a subdivision of Subsection (b) of Section 17.46 of this subchapter;
- (2) breach of an express or implied warranty;
- (3) any unconscionable action or course of action by any person; or
- (4) the use or employment by any person of an act or practice in violation of Article 21.21, Texas Insurance Code, as amended, or rules or regulations issued by the State Board of Insurance under Article 21.21, Texas Insurance Code, as amended.

(b) In a suit filed under this section, each consumer who prevails may obtain:

- (1) the amount of actual damages found by the trier of fact. In addition the court shall award two times that portion of the actual damages that does not exceed \$1,000. If the trier of fact finds that the conduct of the defendant was committed knowingly, the trier of fact may award not more than three times the amount of actual damages in excess of \$1,000;

(2) an order enjoining such acts or failure to act;

(3) orders necessary to restore to any party to the suit any money or property, real or personal, which may have been acquired in violation of this subchapter; and

(4) any other relief which the court deems proper, including the appointment of a receiver or the revocation of a license or certificate authorizing a person to engage in business in this state if the judgment has not been satisfied within three months of the date of the final judgment. The court may not revoke or suspend a license to do business in this state or appoint a receiver to take over the affairs of a person who has failed to satisfy a judgment if the person is a licensee of or regulated by a state agency which has statutory authority to revoke or suspend a license or to appoint a receiver or trustee. Costs and fees of such receivership or other relief shall be assessed against the defendant.

(c) On a finding by the court that an action under this section was groundless and brought in bad faith, or brought for the purpose of harassment, the court shall award to the defendant reasonable and necessary attorneys' fees and court costs.

(d) Each consumer who prevails shall be awarded court costs and reasonable and necessary attorneys' fees.

[Amended by Acts 1977, 65th Leg., p. 603, ch. 216, § 5, eff. May 23, 1977; Acts 1979, 66th Leg., p. 1329, ch. 603, § 4, eff. Aug. 27, 1979.]

**§ 17.50A. Notice: Offer of Settlement**

(a) As a prerequisite to filing a suit seeking damages under Subdivision (1) of Subsection (b) of Section 17.50 of this subchapter against any person, a consumer shall give written notice to the person at least 30 days before filing the suit advising the person of the consumer's specific complaint and the amount of actual damages and expenses, including attorneys' fees, if any, reasonably incurred by the consumer in asserting the claim against the defendant.

(b) If the giving of 30 days' written notice is rendered impracticable by reason of the necessity of filing suit in order to prevent the expiration of the statute of limitations or if the consumer's claim is asserted by way of counterclaim, the notice provided for in Subsection (a) of this section is not required, but the tender provided for by Subsection (c) of this section and by Subsection (d), Section 17.50B of this subchapter may be made within 30 days after the filing of the suit or counterclaim.

(c) Any person who receives the written notice provided by Subsection (a) of this section may, within 30 days after the receipt of the notice, tender to the consumer a written offer of settlement, includ-

ing an agreement to reimburse the consumer for the attorneys' fees, if any, reasonably incurred by the consumer in asserting his claim up to the date of the written notice. A person who does not receive such a written notice due to the consumer's suit or counterclaim being filed as provided for by Subsection (b) of this section may, within 30 days after the filing of such suit or counterclaim, tender to the consumer a written offer of settlement, including an agreement to reimburse the consumer for the attorneys' fees, if any, reasonably incurred by the consumer in asserting his claim up to the date the suit or counterclaim was filed. Any offer of settlement not accepted within 30 days of receipt by the consumer shall be deemed to have been rejected by the consumer.

(d) A settlement offer made in compliance with Subsection (c) of this section, if rejected by the consumer, may be filed with the court together with an affidavit certifying its rejection. If the court finds that the amount tendered in the settlement offer is the same or substantially the same as the actual damages found by the trier of fact, the consumer may not recover an amount in excess of the amount tendered in the settlement offer or the amount of actual damages found by the trier of fact, whichever is less.

(e) The tender of an offer of settlement is not an admission of engaging in an unlawful act or practice or of liability under this Act. Evidence of a settlement offer may be introduced only to determine the reasonableness of the settlement offer as provided for by Subsection (d) of this section.

[Added by Acts 1977, 65th Leg., p. 604, ch. 216, § 6, eff. May 23, 1977; Acts 1979, 66th Leg., p. 1330, ch. 603, § 5, eff. Aug. 27, 1979.]

#### § 17.50B. Damages: Defenses

(a) In an action brought under Section 17.50 of this subchapter, it is a defense to the award of any damages or attorneys' fees if the defendant proves that before consummation of the transaction he gave reasonable and timely written notice to the plaintiff of the defendant's reliance on:

(1) written information relating to the particular goods or service in question obtained from official government records if the written information was false or inaccurate and the defendant did not know and could not reasonably have known of the falsity or inaccuracy of the information;

(2) written information relating to the particular goods or service in question obtained from another source if the information was false or inaccurate and the defendant did not know and could not reasonably have known of the falsity or inaccuracy of the information; or

(3) written information concerning a test required or prescribed by a government agency if

the information from the test was false or inaccurate and the defendant did not know and could not reasonably have known of the falsity or inaccuracy of the information.

(b) In asserting a defense under Subdivision (1), (2), or (3) of Subsection (a) of Section 17.50B above, the defendant shall prove the written information was a producing cause of the alleged damage. A finding of one producing cause does not bar recovery if other conduct of the defendant not the subject of a defensive finding under Subdivision (1), (2), or (3) of Subsection (a) of Section 17.50B above was a producing cause of damages of the plaintiff.

(c) In a suit where a defense is asserted under Subdivision (2) of Subsection (a) of Section 17.50B above, suit may be asserted against the third party supplying the written information without regard to privity where the third party knew or should have reasonably foreseen that the information would be provided to a consumer; provided no double recovery may result.

(d) In an action brought under Section 17.50 of this subchapter, it is a defense to a cause of action if the defendant proves that he received notice from the consumer advising the defendant of the nature of the consumer's specific complaint and of the amount of actual damages and expenses, including attorneys' fees, if any, reasonably incurred by the consumer in asserting the claim against the defendant, and that within 30 days after the day on which the defendant received the notice the defendant tendered to the consumer:

(1) the amount of actual damages claimed; and

(2) the expenses, including attorneys' fees, if any, reasonably incurred by the consumer in asserting the claim against the defendant.

[Added by Acts 1979, 66th Leg., p. 1331, ch. 603, § 6, eff. Aug. 27, 1979.]

#### § 17.51 to 17.54. Repealed by Acts 1977, 65th Leg., p. 605, ch. 216, §§ 10 to 13, eff. May 23, 1977

Prior to repeal, § 17.54 was amended by Acts 1975, 64th Leg., p. 149, ch. 62, § 2.

See, now, § 17.50B.

#### § 17.55A. Indemnity

A person against whom an action has been brought under this subchapter may seek contribution or indemnity from one who, under the statute law or at common law, may have liability for the damaging event of which the consumer complains. A person seeking indemnity as provided by this section may recover all sums that he is required to pay as a result of the action, his attorney's fees reasonable in relation to the amount of work performed in maintaining his action for indemnity, and his costs.

[Added by Acts 1977, 65th Leg., p. 604, ch. 216, § 7, eff. May 23, 1977.]

§ 17.56. Venue

An action brought which alleges a claim to relief under Section 17.50 of this subchapter may be commenced in the county in which the person against whom the suit is brought resides, has his principal place of business, or has a fixed and established place of business at the time the suit is brought or in the county in which the alleged act or practice occurred or in a county in which the defendant or an authorized agent of the defendant solicited the transaction made the subject of the action at bar. [Amended by Acts 1977, 65th Leg., p. 604, ch. 216, § 8, eff. May 23, 1977; Acts 1979, 66th Leg., p. 1332, ch. 603, § 7, eff. Aug. 27, 1979.]

§ 17.56A. Limitation

All actions brought under this subchapter must be commenced within two years after the date on which the false, misleading, or deceptive act or practice occurred or within two years after the consumer discovered or in the exercise of reasonable diligence should have discovered the occurrence of the false, misleading, or deceptive act or practice. The period of limitation provided in this section may be extended for a period of 180 days if the plaintiff proves that failure timely to commence the action was caused by the defendant's knowingly engaging in conduct solely calculated to induce the plaintiff to refrain from or postpone the commencement of the action.

[Added by Acts 1979, 66th Leg., p. 1332, ch. 603, § 8, eff. Aug. 27, 1979.]

§ 17.59. Post Judgment Relief

(a) If a money judgment entered under this subchapter is unsatisfied 30 days after it becomes final and if the prevailing party has made a good faith attempt to obtain satisfaction of the judgment, the following presumptions exist with respect to the party against whom the judgment was entered:

- (1) that the defendant is insolvent or in danger of becoming insolvent; and
- (2) that the defendant's property is in danger of being lost, removed, or otherwise exempted from collection on the judgment; and
- (3) that the prevailing party will be materially injured unless a receiver is appointed over the defendant's business; and
- (4) that there is no adequate remedy other than receivership available to the prevailing party.

(b) Subject to the provisions of Subsection (a) of this section, a prevailing party may move that the defendant show cause why a receiver should not be appointed. Upon adequate notice and hearing, the court shall appoint a receiver over the defendant's business unless the defendant proves that all of the presumptions set forth in Subsection (a) of this section are not applicable.

(c) The order appointing a receiver must clearly state whether the receiver will have general power to manage and operate the defendant's business or have power to manage only a defendant's finances. The order shall limit the duration of the receivership to such time as the judgment or judgments awarded under this subchapter are paid in full. Where there are judgments against a defendant which have been awarded to more than one plaintiff, the court shall have discretion to take any action necessary to efficiently operate a receivership in order to accomplish the purpose of collecting the judgments.

The mere filing of an assumed business or professional name certificate pursuant to this chapter shall not constitute actual use of the assumed name set out therein for purposes of determining priority of rights.

- (E) self-help skills; or

(2) an organic defect or condition that is very likely to result in such a delay.

(c) A developmentally delayed child is eligible for services under this section if the child is under three years of age or until reaching the age of eligibility for entry into the comprehensive special education program for handicapped children under Section 16.104 of the Texas Education Code.

(d) The agency shall allocate appropriated funds to local intervention programs on a competitive basis giving consideration to the following:

- (2) the cost of initiating a program, if applicable;
- (3) the need for funds from the agency if other funding sources are available;
- (4) the proposed cost to the parents for the services; and

#### § 11.10. Regional Day Schools for the Deaf

(a) to (m) Repealed by Acts 1979, 66th Leg., p. 1326; ch. 602, § 35(a), eff. Aug. 27, 1979.

[See Compact Edition, Volume 1 for text of (n)]

(o) To carry out legislative intent and the objectives of Subsection (n) and the following subsections of this Section 11.10, the Central Education Agency shall employ a director and assistant director of services to the deaf. The director of services to the deaf shall develop and administer a comprehensive statewide plan for deaf education services including continuing diagnosis and evaluation, counseling and teaching, and designed to accomplish the following objectives:

(1) Assisting and counseling parents of children of any age whose hearing is determined by professionally acceptable evaluation to be nonfunctional for education purposes, such assistance and counseling to be provided in each of the regional day school programs for the deaf hereinbelow authorized, and admitting all children under 21 years of age whose hearing is determined by professionally acceptable evaluation to be nonfunctional for educational purposes to the regional day school programs for the deaf; and

(2) Enabling a majority or as many as may be practicable of deaf children to reside with their parents or guardians and be afforded compensatory education in their home school districts or in facilities of regional day school programs for the deaf; and

(3) Enabling deaf children who are unable to attend schools at their place of residence and whose parents or guardians live too far from facilities of regional day school programs for the

deaf for daily commuting or to be accommodated five nights a week in foster homes or other residential school facilities provided for by the Central Education Agency in order that such children may attend a regional day school program for the deaf; and

(4) Enrolling in the Texas School for the Deaf at Austin or any other educational facility for the deaf as determined by the parents of deaf children only those children whose needs can best be met in that institution, designating the Texas School for the Deaf as the statewide educational resource for students to whom adequate educational opportunities are unavailable in local or regional programs; and

(5) Encouraging children enrolled in regional day school programs for the deaf who have demonstrated ability to do so to return to regular school classes on a part-time, full-time or trial basis. Supplemental aid from the regional day school program for the deaf shall be made available to such children; and

(6) Recognizing the need for development of oral communications abilities in deaf children and the ability of many to achieve high educational excellence through that method, but also recognizing the inability of some to gain their education successfully by this means, the comprehensive plan developed by the director of services to the deaf will call for the use of methods of communication which will best meet the needs of each individual deaf child in this state, with each child to be examined thoroughly so as to ascertain his potential for communications through oral means. The director of services to the deaf may establish separate programs to accommodate diverse communication methodologies.

[See Compact Edition, Volume 1 for text of (p)]

(q) It is the intent of the legislature that local resources be utilized to the fullest practicable extent in the establishment and operation of the regional day school programs for the deaf. The Central Education Agency is authorized and expected to contract with any qualified public or private organization or qualified individuals for diagnostic, evaluation and instructional services or any other services incidental to the education of deaf children, including transportation and/or maintenance.

The Central Education Agency shall employ educational and other personnel, may purchase or lease real or personal property, may accept gifts or grants of real or personal property or services from any source, public or private, including independent school districts and any institution of higher learning in this state, for the purpose of establishing and operating regional day school programs for the deaf.

The Central Education Agency may provide by rule or regulation that upon establishment of each regional school the countywide school(s) in that region shall become a part of the regional school

operation and that all equipment, classroom supplies, and other personal property owned by the county-wide schools shall become the property of the regional day school. When any such programs are combined, the directors and employees of the former countywide schools shall be employed in appropriate, substantially similar capacities within the regional day school program for that region.

(r) Except for certain transportation costs, costs of operation of the regional day school programs for the deaf shall be borne by the state and paid from the Foundation School Program Fund. Such costs shall be considered and included by the Foundation School Fund Budget Committee in estimating the needs for purposes of the Foundation School Program and the regional day school programs for the deaf. However, funds allocated to countywide schools shall remain so allocated except in those regions in which the countywide program has been made a part of the appropriate region, as aforesaid. Funds specially appropriated to the regional day school program by the General Appropriations Act of the 63rd Legislature, or any substitute therefor, shall be used so as to implement as completely as may be possible the provisions of this Act during the next biennium and in accordance with a budget of expenditures approved by the State Board of Education with the first funds, however, hereby required to be expended for staffing and planning of the regional day school program. Such funds may be used in conjunction with funds from the Foundation School Program Fund in accordance with rules and regulations adopted by the Central Education Agency, the allocation and reallocation of which is hereby authorized. While the principal cost of educating deaf children shall be borne by the state, independent school districts and all institutions of higher learning in the state are hereby authorized and encouraged to make available real or personal property or services in cooperation with the regional day school programs for the deaf for any activities related to education and betterment of education of deaf children including but not limited to research and personnel training and development. The school district in which a regional day school is located shall bear the costs of transporting students in the program who live within the district and is entitled to have those students counted in its allotment of transportation funds from the state. The regional day school program shall bear the costs of transporting children who live outside the district to the regional day school. It is the intent of the legislature in enacting this subsection that the use of all of the educational resources of this state be maximized to carry out the intent and objectives of this Act.

(s) Operating costs for the program in each regional day school program for the deaf shall be determined and paid on the following basis:

(1) An estimated allocation of \$2,700 for each student enrolled in the program of the regional day school program for the deaf in any current year.

(2) Teachers, principals, supervisors, counselors, para-professional and supporting personnel shall be employed in such numbers as the Central Education Agency finds to be necessary to establish and operate the regional day school programs for the deaf, and such numbers shall not be less than student-professional ratios known to be requisite for success in education of deaf children. Salaries of all personnel employed in the regional day school programs for the deaf shall be determined in accordance with policies established by the State Board of Education.

(3) Local districts may receive allocations for transportation of students participating in the regional day school programs on the same basis as that provided for in Section 16.206 of this code.

(t) To assure effective implementation of this Act the Central Education Agency shall upon the passage of this Act institute planning and research designed to accomplish the intent and objectives set forth herein including employment of personnel considered essential to meet the operational date specified for this Act.

(3) A Regional Education Media Center is an area center, composed of one or more Texas school districts, that is approved to house, circulate, and service educational media for the public schools of the participating districts.

Title to and all educational media and property purchased by the center shall remain with and in the center.

(5) The cost incident to setting up the centers, their operation, and the purchase of education media supplies and equipment shall be borne by the state and each participating district to the extent and in the manner provided in this subsection.

(6) The state shall allot and pay to each approved center annually an amount determined on the basis of not to exceed \$1, or a greater amount provided by the General Appropriations Act, for each scholastic in average daily attendance for the next preceding school year in the district or districts that are participants in an approved center. The funds or amount provided by the state shall be used only to purchase, maintain, and service educational media or equipment for the center which have prior approval of its Regional Board of Directors and the State Board of Education through its budgetary system.

The matching funds provided by the participant districts, including any donated or other local funds, may be used to pay for costs of administration of or servicing by the center and to purchase supplemental educational media. A center shall not enter into obligations which shall exceed funds available or reasonably anticipated as receivable for the current school year.

(8) Annually, pursuant to such rules and procedure as may be prescribed by the State Board of Education, the governing board of each center shall determine the rate per pupil based on average daily student attendance the next preceding school year,

not to exceed the limit prescribed in this subsection, which shall constitute the basis for determination of total amount to be transmitted by participant districts to the center and as matching funds from the state's contribution to this program.

(9) The state's share of the cost in the regional media centers program shall be paid from the Foundation School Fund, and this cost will be considered by the Foundation Program Committee in estimating the funds needed for foundation program purposes. Nothing in this subsection shall be construed to prohibit a center from receiving and utilizing matching funds in any amount for which it may be eligible from federal sources.

(b)(1) A program of financial assistance for computer services to school districts of the state through Regional Education Service Centers shall be developed by the State Board of Education to encourage a planned statewide network or system of computer services designed to meet public school educational and informational needs. Toward achievement of maximum efficiency and to insure a practicable uniformity in services, the State Board of Education, by rules and regulations, shall adopt eligibility requirements for data processing computer services to receive the state financial assistance authorized herein.

(3) The State Board of Education annually shall approve a state assistance allotment for computer services to be paid to eligible Regional Education Service Centers that qualify, and in an amount to be determined under rules and regulations adopted by the State Board of Education for that purpose; provided that the allotment amounts here authorized to be granted by the State Board of Education shall not exceed in any year a sum equal to \$1, or a greater amount provided by the General Appropriations Act, multiplied by the average daily attendance in the public schools of Texas as determined for the next preceding school year.

(4) The state's share of the cost of this program authorized by this subsection shall be paid from the Foundation School Fund, and this cost shall be considered by the Foundation School Fund Budget Committee in estimating the funds needed for Foundation School Program purposes.

(c)(1) The State Board of Education shall promulgate rules, in compliance with the approved statewide design for special education, to provide for a plan for the coordination of services to handicapped children within each geographical area served by a Regional Education Service Center. Regional Education Service Centers, under the procedures set forth in this plan, may provide supplementary or technical assistance to school districts for:

(B) identification and referral of handicapped children who cannot be appropriately served by the school district in which they reside to other appropriate programs;

[See Compact Edition, Volume 1 for text of (a)]

(b) Each district shall file, immediately after the regular term of the school year has been completed, a report with the Central Education Agency setting out the total number of days of sick leave utilized by teachers and other professional personnel, excepting excess units, approved and listed for foundation school program benefits. The Central Education Agency, each current scholastic year, shall calculate the cost of providing approved sick leave for each person listed at the rate of \$20 per day and shall reimburse the participating local district on the basis of the percentage relationship between the state and the district in financing the cost of the foundation school program multiplied by the total approved sick leave expenditure for the year. Said reimbursement shall be paid from the Foundation Program Fund and this cost shall be considered by the Foundation School Fund Budget Committee in estimating the funds needed for foundation program purposes.

[See Compact Edition, Volume 1 for text of (c) and (d)]

**§ 13.906. Student Teachers**

(a) A person assigned to perform student teaching in a student teacher center is entitled to the same protection of law accorded to the supervising teacher and the principal of the school in which the student teacher serves or acts in the course of employment. This protection includes the limitation of liability accorded to all professional employees as specified in Section 21.912 of this code. While serving as a student teacher, a person shall comply with the rules of the school and of the board of trustees of the district serving as the student teacher center.

(b) The institution of higher education in which the student teacher is enrolled, the supervising teacher, and the principal of the school in which the student teacher serves shall cooperatively assign to the student teacher responsibilities and duties that will provide adequate preparation for teaching. Those duties and responsibilities may include any duty or responsibility granted by the district to certified teachers generally or any school program duty or responsibility granted to the supervising teacher, but may not include administering corporal punishment. While performing those duties and responsibilities under the supervision of the supervising teacher and the principal, the student teacher is entitled to exercise any authority relating to student management that is granted to certified teachers generally, including the handling of confidential records. Supervision of a student teacher for purposes of this subsection does not require that the student teacher perform entirely in the presence of the supervising teacher or principal.

(c) The institution of higher education, the supervising teacher, and the principal shall exercise due care to avoid placing the student teacher in a situation that any of them knows the student teacher is not capable of handling successfully.

(d) Except as otherwise provided by this section, a student teacher may not be required to serve as a substitute teacher. A student teacher is not considered to be serving as a substitute if the student teacher assumes responsibility for the class while the supervising teacher is out of the classroom for part of the day but is in the building or is engaged in an

approved activity relating to student teaching, including conferring with a university supervisor or attending a professional development seminar to improve supervisory skills related to student teaching. A student teacher is considered to be serving as a substitute if:

(1) the supervising teacher is absent from school, no other teacher is provided as a substitute, and the student teacher is fully responsible for one or more classes; or

(2) the student teacher is taken from the class of the assigned supervising teacher and placed in another classroom in place of the regular teacher under conditions in which the regular teacher is either absent from school or performing duties requiring absence from the regularly assigned teaching station.

(e) If a supervising teacher cannot perform regularly assigned duties as a result of illness of the teacher or a member of the teacher's family, a death in the teacher's family, or other cause for which the district excuses teachers from duties, the student teacher may serve as a substitute for the supervising teacher, or at the discretion of the department chairman or lead teacher, for not more than one day if:

(1) a substitute teacher is not immediately available;

(2) the student teacher has been in that student teaching assignment for a minimum of 15 school days;

(3) the supervising teacher, the principal of the school, and the university supervisor agree that the student teacher is capable of handling successfully the teaching responsibilities;

(4) a certified classroom teacher in an adjacent room or a member of the same teaching team as the student teacher is aware of the absence of the supervising teacher and agrees to assist the student teacher if needed; and

(5) the principal of the school or the principal's representative is readily available in the building.

(f) A student teacher may not be paid for any service rendered while serving as a substitute teacher.

§ 16.001. State Policy

It is the policy of the State of Texas that the provision of public education is a state responsibility and that a thorough and efficient system be provided and substantially financed through state revenue

sources so that each student enrolled in the public school system shall have access to programs and services that are appropriate to his or her educational needs and that are substantially equal to those available to any similar student, notwithstanding varying local economic factors.

[Amended by Acts 1975, 64th Leg., p. 877, ch. 384, § 1, eff. Sept. 1, 1975; Acts 1977, 65th Leg., 1st C.S., p. 11, ch. 1, § 1, eff. Sept. 1, 1977; Acts 1979, 66th Leg., p. 1300, ch. 602, § 1, eff. Aug. 27, 1979.]

The 1975 Act, which by §§ 1 to 9 revised this Chapter 16 and made other conforming amendments, provided in §§ 12 to 15:

"Sec. 12. (a) The Legislative Budget Board shall conduct a performance audit and evaluation to determine that the methods by which state funds are allocated to vocational and special education programs are consistent with the objectives of the programs.

"(b) The State Board of Education in cooperation with the Legislative Budget Board shall develop appropriate criteria, including cost-effective or performance-based criteria, or both, for funding and evaluation of vocational and special education programs.

"(c) The Legislative Budget Board shall recommend funding levels for the programs at the beginning of each regular session of the legislature which will insure adequate delivery of services.

"Sec. 13. (a) Not later than July 15, 1975, the governor shall transmit to the commissioner of education the Official Compilation of 1974 School District Market Value Data prepared by his office with all necessary adjustments and corrections which the facts warrant.

"(b) The commissioner of education shall appoint a review panel consisting of five persons representing different areas of the state who are knowledgeable in the field of property taxation to review all questions relating to the property values reported for school districts in the official compilation and to recommend necessary adjustments based on factual evidence to the commissioner.

"(c) Members of the review panel are entitled to compensation of \$75 per day and reimbursement for actual and necessary expenses incurred in carrying out their duties.

"(d) There is hereby appropriated to the commissioner of education from the General Revenue Fund for the biennium ending August 31, 1977, the sum of \$200,000 to carry out the provisions of this section.

"Sec. 14. This Act takes effect on September 1, 1975, except that the section amending the Texas Unemployment Compensation Act and the section providing for the adjustments and corrections of the Official Compilation of 1974 School District Market Value Data take effect immediately.

"Sec. 15. If any provision of this Act or the application thereof to any person or circumstance is declared invalid, such invalidity shall not affect any other provision or application of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared severable."

The 1977 Act, which by §§ 1 to 31 amended various sections of this Chapter and made other conforming amendments, provided in §§ 33 and 34:

All other sections of this Act take effect on September 1, 1977.

"(b) Records and materials compiled by, transferred to, or in the possession of the governor pursuant to Section 10, Chapter 334, Acts of the 64th Legislature, 1975, are transferred to the School Tax Assessment Practices Board to assist it in performing its duties under this Act.

"(c) There are hereby appropriated out of the Foundation School Fund, or out of the General Revenue Fund as may be necessary from time to time, additional funds which, together with the appropriations made specifically in House Bill No. 510, Acts of the 65th Legislature, Regular Session, 1977, will be sufficient to carry out the purposes of this Act. The appropriations shall include additional funds for the vocational education, comprehensive special education, statewide visually handicapped, regional school for the deaf, bilingual education, and preschool non-English programs which, together with the sums certain appropriated in House Bill No. 510 for those purposes, will be sufficient to provide the salary increases authorized by this Act for personnel employed in vocational education, comprehensive special education, statewide visually handicapped, regional schools for the deaf, bilingual education, and preschool non-English programs.

"In addition, there is hereby appropriated to the Central Education Agency out of the General Revenue Fund an amount, not to exceed \$3,000,000 in the biennium ending August 31, 1979, sufficient to carry out the purposes of Senate Concurrent Resolution No. 29 and Senate Concurrent Resolution No. 30, Acts of the 65th Legislature, Regular Session, 1977.

"Sec. 34. If any article, section, sentence, clause, or phrase of this Act is for any reason held to be unconstitutional, such invalid portion shall not affect the validity of the remaining portions of this Act. The legislature hereby declares that it would have passed the valid portions of this Act irrespective of the fact that any one or more portions be declared unconstitutional."

Section 34 of the 1979 amendatory act provided:

"It is the intent of the legislature that the school districts of this state be entitled to additional funds to replace the revenues lost as a result of the passage of House Joint Resolution 1 of the 2nd Called Session of the 65th Legislature. In this Act, it is the express intent of the legislature that a portion of the increased state funding for current operating expenses and the amount of additional state aid created by reduction of local fund assignments be utilized by the school districts to substantially replace local revenues lost as a result of the implementation of the Tax Relief Amendment."

SUBCHAPTER C. PERSONNEL SUPPORT COMPONENT

§ 16.101. Personnel Support: General Rules

A school district's entitlement for personnel support is equal to the aggregate minimum salaries

required by law for personnel units allotted to the district in accordance with the provisions of this subchapter.

[Amended by Acts 1975, 64th Leg., p. 877, ch. 334, § 1, eff. Sept. 1, 1975; Acts 1979, 66th Leg., p. 1301, ch. 602, § 3, eff. Aug. 27, 1979.]

§ 16.102. Education Program Personnel

(a) Education program personnel units shall be allotted to each school district on the basis of the district's current average daily attendance for the best five six-week reporting periods of the school term unless exceptions are authorized by other sections of this code.

(b) The attendance of kindergarten students may not be counted for personnel unit allotment purposes for more than one-half of a school day during the full school year or for the full school day for more than one-half of the school year unless the student is educationally handicapped. An educationally handicapped student is a student who cannot speak and comprehend the English language or who is from a family whose income, according to standards promulgated by the State Board of Education, is at or below a subsistence level.

(c) Each school district shall be allotted personnel units on the basis of the district's average daily attendance in education programs as follows:

(1) one personnel unit for each 18.5 students in average daily attendance in kindergarten and grades 1 through 3;

(2) one personnel unit for each 21 students in average daily attendance in grades 4 through 6;

(3) one personnel unit for each 20 students in average daily attendance in grades 7 through 9; and

(4) one personnel unit for each 18 students in average daily attendance in grades 10 through 12.

(d) The personnel unit allotment for a school district which contains at least 300 square miles and which has not more than 1,000 students in average daily attendance in its education program shall be adjusted according to the following formula:

$$[1 + (1000 - ADA) (.000455)] \times PU = APU$$

where PU is the district's personnel units determined in accordance with Subsection (c) of this section; and APU is the district's adjusted personnel units.

(e) The personnel unit allotment for a school district which contains less than 300 square miles and has not more than 1,000 students in average daily attendance in its education program shall be adjusted according to the following formula:

$$[1 + (1000 - ADA) (.0003)] \times PU = APU$$

where PU is the district's personnel units determined in accordance with Subsection (c) of this section; and APU is the district's adjusted personnel units.

(f) Fractional personnel units in excess of one-half shall be counted as whole units.

(g) A district's total personnel units, as adjusted, shall be reduced by an amount equal to one-half of the sum of the personnel unit values for vocational personnel allocated to the district under the provisions of Section 16.103 of this chapter, by an amount equal to one-half of the sum of the personnel unit values for school-community guidance center personnel allocated to the district under the provisions of Section 16.403 of this chapter, and by an amount equal to .275 of the sum of the personnel unit values for special education personnel allocated to the district under the provisions of Section 16.104 of this code.

(h) Under rules of the State Board of Education, the commissioner shall adjust a district's personnel units to take into account cooperative programs and contract services.

(i) A school district may use its personnel units for any combination of personnel classified under the Texas Public Education Compensation Plan which the district feels will best meet the needs of the students in the district, provided that the total of the number of personnel units for each position chosen multiplied by the personnel unit value for that position specified on the salary schedule, does not exceed the total number of personnel units to which the district is entitled under the provisions of this section. The commissioner, with the approval of the State Board of Education, shall establish minimum standards for staffing patterns for all personnel.

(j) A district need not employ personnel for the full number of personnel units to which it is entitled.

(k) Notwithstanding the provisions of Subsection (i) of this section, 95 percent of the personnel units, excluding fractional units, earned by a school district as a result of student attendance in kindergarten and grade one pursuant to Subsection (c) of this section shall be used to employ personnel assigned instructional duties in kindergarten or grade one. Eighty percent of the personnel units, excluding fractional units, earned by a school district as a result of student attendance in grades two and three shall be used to employ personnel assigned instructional duties in grade two or three. This section does not prohibit a teacher or aide from performing instructional duties in more than one grade, and, for purposes of determining compliance with the provisions of this subsection, the State Board of Education shall promulgate rules governing the calculation of fractional personnel unit values based on class time to be assigned to personnel who teach at more than one grade level. Regular teachers assigned to classroom teaching duties, special area teachers, educational aides, and librarians assigned to these grades shall be included in these calculations. The commissioner of education may make a limited waiver of the provisions of this subsection for a period not to exceed two years for school districts that demonstrate an inability to assign personnel as required by this subsection because of a lack of classroom space.

(l) A qualified teacher, educational aide, or counselor may perform services in a combination of regular, special, or vocational education programs, and the State Board of Education shall promulgate rules governing the distribution of the personnel units utilized and the salary allocated among the programs involved in proportion to the services performed in each program.

(m) Where a school district is consolidated or contracted with another district, or annexed in whole or part to another district or districts, or where the number of grades taught has been reduced, or where the scholastics are transferred to another district, or where there is an annual fluctuation in the attendance in the district, or where for any reason there is a marked increase or decrease in the attendance of any school district, adjustments in personnel allotments shall be made by the state commissioner of education.

(n) Notwithstanding Subsections (d) and (e) of this section, a school district that has 1,000 or fewer students in average daily attendance shall be allotted not less than 12 personnel units if it offers a kindergarten through grade 12 program and has a prior year's average daily attendance of at least 90 students or is 30 miles or more by bus route from the nearest high school district. A district offering a kindergarten through grade 8 program whose prior year's average daily attendance was at least 50 students or is 30 miles or more by bus route from the nearest high school district shall be allotted not less than 7.2 personnel units. Not less than 4.2 personnel units shall be allotted if a district offers a kindergarten through grade 6 program and has a prior year's average daily attendance of at least 40 students or is 30 miles or more by bus route from the nearest high school district. In addition, each school district that has 1,000 or fewer students in average daily attendance shall be allotted .6 personnel unit to be used cooperatively with other districts to provide support services necessary to meet accreditation standards. [Amended by Acts 1975, 64th Leg., p. 877, ch. 334, § 1, eff. Sept. 1, 1975; Acts 1977, 65th Leg., 1st C.S., p. 17, ch. 1, § 5, eff. Sept. 1, 1977; Acts 1979, 66th Leg., p. 1304, ch. 602, § 5, eff. Aug. 27, 1979; Acts 1981, 67th Leg., p. 2225, ch. 524, § 2, eff. Sept. 1, 1981.]

#### § 16.103. Vocational Personnel Units

(a) Vocational personnel units for each school district shall be determined and allotted as prescribed by this section.

(b) Each school district having a four-year accredited high school shall be eligible, under rules and regulations of the State Board of Education, for two vocational teacher units to teach one or more vocational programs provided there is a need thereof, and provided the programs have been approved by the commissioner of education.

(c) Additional vocational teacher units for districts with four-year accredited high schools may be allotted according to needs determined by a survey

of the community and approved by the commissioner of education.

(d) A district having an accredited high school which qualifies, according to the rules and regulations of the State Board of Education, for less than one vocational teacher unit, may be allotted by the commissioner of education a fractional part of a vocational teacher professional unit. A fractional part of a vocational teacher professional unit shall entitle a district to employ a part-time vocational teacher or assign a classroom teacher to serve as part-time vocational teacher.

(e) Each school district having a four-year accredited high school shall be eligible, under rules and regulations approved by the State Board of Education, for such specialized vocational supervisor units and vocational counselor units as there is a need, and in the number determined by application of formulas adopted by the State Board of Education and subject to approval by the commissioner of education.

(f) Vocational professional unit allotments, except classroom teachers who also served as part-time vocational teachers, shall be made in addition to other professional unit allotments. Any school district may, with the commissioner's approval, utilize its vocational professional unit allotments to employ vocational teachers, vocational supervisors, vocational counselors, and job placement coordinators on a 10-, 11-, or 12-month basis, in accordance with rules adopted by the State Board of Education. Vocational administrative units shall be approved on a 12-month contract, based on need. In addition to the regular operating allowance, there shall be an additional allocation of \$400 for each vocational teacher unit which shall be used for instructional materials related to vocational education programs operated by the district.

(g) School districts which, because of limited enrollments, tax resources, or facilities are unable to offer appropriate vocational education in all occupational areas needed may enter into contracts with post-secondary public institutions, as defined by the State Board of Education, to provide for such appropriate vocational education instruction provided the instructors and instructional materials and equipment utilized meet secondary school program requirements.

(h) The contract shall be executed pursuant to rules and regulations of the State Board of Education and the cost to the state shall not exceed the cost that would result if the programs were operated by the respective school districts entering into the contracts.

(i) The legislature shall set a limit on the amount of funds that may be expended under the provisions of this section each year in the General Appropriations Act. Should the amount of funds required to fully fund the provisions of this section pursuant to the rules and regulations of the State Board of Education exceed the amount set by the legislature,

the commissioner, with the approval of the board, shall make such adjustments as are necessary to reduce the total cost of the vocational education program to the limit set by the legislature.

[Amended by Acts 1975, 64th Leg., p. 877, ch. 334, § 1, eff. Sept. 1, 1975; Acts 1977, 65th Leg., 1st C.S., p. 19, ch. 1, § 6, eff. Sept. 1, 1977; Acts 1979, 66th Leg., p. 1304, ch. 602, § 6, eff. Aug. 27, 1979.]

**§ 16.104. Comprehensive Special Education Program for Handicapped Children**

(a) The commissioner of education, with the approval of the State Board of Education, shall develop, and modify as necessary, a statewide design for the delivery of services to handicapped children in Texas which includes rules for the administration and funding of the special education program so that a free appropriate public education is available to all handicapped children between the ages of three and 21 by no later than September 1, 1980. The statewide design shall include, but may not be limited to, the provision of services primarily through local school districts and special education cooperatives, supplemented by a regional delivery structure. The commissioner shall further develop and implement a statewide plan with programmatic content which includes procedures designed to:

(1) ensure state compliance with requirements for supplemental federal funding for all state-administered programs involving the delivery of instructional or related services to handicapped students as defined in this section;

(2) facilitate interagency coordination when state agencies other than the Central Education Agency are involved in the delivery of instructional or related services to handicapped students;

(3) assess statewide personnel needs in all areas of specialization related to special education on a periodic basis and pursue strategies to meet those needs through a consortium of representatives from regional education service centers, local education agencies, and institutions of higher education and through other available alternatives;

(4) ensure that regional education service centers throughout the state maintain a regional support function, which may include direct service delivery and a component designed to facilitate the placement of handicapped students who cannot be appropriately served within their resident districts;

(5) allow the Central Education Agency to effectively monitor and periodically conduct site visits of all local districts to ensure that agency rules adopted under this section are applied in a consistent and uniform manner, to ensure that districts are complying with those rules, and to ensure that annual statistical reports filed by the districts are accurate and complete;

(6) ensure the availability of sequentially related, field-based, inservice special education training programs for regular and special educators serv-

ing handicapped students and further ensure that all local districts dedicate at least the equivalent of one full day of their required inservice program per school year to that special education inservice training for those personnel;

(7) ensure that appropriately trained personnel are involved in the diagnostic and evaluation procedures operating in all local districts and that those personnel routinely serve on local district admissions, review, and dismissal teams;

(8) ensure that an individualized education plan for each handicapped student is properly developed, implemented, and maintained in the least restrictive environment which is appropriate to meet the student's educational needs;

(9) ensure that, when appropriate, each handicapped student is provided an opportunity to participate in vocational and physical education classes, in addition to participation in regular or special classes; and

(10) ensure that each handicapped student is provided necessary related services.

(b) As used in this section:

(1) "Special services" means:

(A) "special teaching," which may be provided by professional and paraprofessional personnel in the following instructional settings:

(i) resource room;

(ii) self-contained classroom, regular or special campus;

(iii) hospital or community class;

(iv) homebound or bedside;

(v) speech or hearing therapy class; or

(B) "related services," which are developmental, corrective, supportive, or evaluative services, not instructional in nature, that may be required for the proper development and implementation of a handicapped student's individualized educational plan, including but not limited to special transportation, school health services, counseling with students or families, psychological services, audiological services, visual training, medical or psychiatric diagnostic services, occupational therapy, physical therapy, recreational therapy, social work services, parent counseling and training, adaptive equipment, special seating, orientation and mobility training, speech therapy, music therapy, and corrective therapy.

(2) "Resident district" means the local school district in which the parent or other person who has the primary legal obligation for care, control, and custody of a handicapped student resides, except that if the state is managing conservator of the student, the resident district is the district within which the student is placed by the state.

(c) The commissioner, with the approval of the State Board of Education, shall develop specific eligibility criteria based on the general classifications

established by this section with reference to contemporary diagnostic or evaluative terminologies and techniques. Eligible handicapped students shall enjoy the right to a free appropriate public education, which may include instruction in the regular classroom, instruction through special teaching, or instruction through contracts approved under this section. Instruction shall be supplemented by the provision of related services when appropriate. The following classifications of handicapped students shall serve as the general eligibility criteria for participation in a district's special education program:

(1) "Handicapped students" means students between the ages of 3 and 21, inclusive;

(A) with educational handicaps (physically handicapped, auditorially handicapped, visually handicapped, mentally retarded, emotionally disturbed, learning disabled, speech handicapped, autistic, or multiply handicapped); and children leaving and not attending public school for a time because of pregnancy; and

(B) whose disabilities are so limiting as to require the provision of special services in place of or in addition to instruction in the regular classroom.

(2) "Physically handicapped students" means students whose body functions or members are so impaired from any cause that they cannot be adequately or safely educated in the regular classes of the public schools without the provision of special services.

(3) "Auditorially handicapped students" means students whose hearing is so impaired that they cannot be adequately educated in the regular classes of the public schools without the provision of special services.

(4) "Visually handicapped students" means students whose sight is so impaired that they cannot be adequately or safely educated in the regular classes of the public schools without the provision of special services.

(5) "Mentally retarded students" means students with significantly subaverage general intellectual functioning existing concurrently with deficiencies in adaptive behavior and manifested during the developmental period such that they cannot be adequately educated in the regular classes of the public schools without the provision of special services.

(6) "Emotionally disturbed students" means students whose emotional condition is psychologically or psychiatrically determined to be such that they cannot be adequately and safely educated in the regular classes of the public schools without the provision of special services.

(7) "Learning disabled students" means students:

(A) who demonstrate a significant discrepancy between academic achievement and intellec-

tual abilities in one or more of the areas of oral expression, listening comprehension, written expression, basic reading skills, reading comprehension, mathematics calculation, mathematics reasoning, or spelling;

(B) for whom it is determined that the discrepancy is not primarily the result of visual handicap, hearing impairment, mental retardation, emotional disturbance, or environmental, cultural, or economic disadvantage; and

(C) for whom the inherent disability exists to a degree such that they cannot be adequately served in the regular classes of the public schools without the provision of special services.

(8) "Speech handicapped students" means students whose speech is so impaired that they cannot be adequately educated in regular classes of the public schools without the provision of special services.

(9) "Autistic students" means students whose disturbances of speech and language, relatedness, perception, developmental rate, and motility are such that they cannot be adequately educated in the regular classes of the public schools without the provision of special services.

(10) "Multiply handicapped students" means students handicapped by any two or more of the handicapping conditions described in Subdivisions (2) through (9) of this subsection that may result in multisensory or motor deficiencies and developmental lags in the cognitive, affective, or psychomotor areas such that they cannot be adequately educated in the regular classes of the public schools without the provision of special services.

(d)(1) Except as provided in Subdivision (2) of this subsection a school district is allocated 30 special education personnel units for the first 3,000 students in refined average daily attendance, one special education personnel unit for each additional 100 students in refined average daily attendance up to a total of 6,000 students in refined average daily attendance, and .85 special education personnel unit for each additional 100 students in refined average daily attendance thereafter. The units may be used only for personnel listed in Subsections (e) and (f) of this section.

(2) If less than 12 percent of the district's students are identified as eligible handicapped students and provided with special services by the district's special education personnel, the number of special education personnel units to which the district is entitled under Subdivision (1) of this subsection shall be reduced to a percent of full allocation based on the percent of students served according to the following schedule:

Percent served	Percent of full allocation
12%	100%
11%	94%
10%	88%
9%	82%
8%	76%
7%	70%
6%	63%
0-5% set by commissioner, not to exceed 56%	

IM-407

(3) The percent of students served is determined by dividing the number of identified and eligible handicapped students served by the district's special education personnel by the district's refined average daily attendance and rounding the dividend to the nearest 10th. A district that serves less than 12 percent of the students in refined average daily attendance is entitled to an increase in the percent of allocation for a percent of students served specified in the schedule above equal to one percent of full allocation for each additional one-tenth of one percent of the students served but not exceeding the allocation specified on the schedule for the next highest percent of students served.

(4) Local districts may receive an additional allocation of \$100 per personnel unit as a start-up allocation during the first year of a new unit's activation.

(5) In addition to all other allocations authorized in this section, any local district may receive supplemental special education personnel unit allocations through application by the district to the commissioner of education. The application shall include a thorough demonstration of the particular needs which justify the requested supplemental allocation. Under rules adopted by the State Board of Education, the commissioner may approve the allocations on a discretionary basis, having primary regard for those requests which demonstrate such circumstances as:

(A) an unusually high concentration of handicapped students or an unusually high concentration of severely handicapped students eligible to receive services required by law to be provided by the applicant district's personnel and to whom the actual demonstrated cost of providing an appropriate education to those students either individually or collectively overcomes the district's ability to meet those needs after a proper utilization of that district's allocations under this section;

(B) an unusual cost burden imposed on a rural school district due to the difficulty involved in serving handicapped students in sparsely populated areas; or

(C) an unusual difficulty involved in the administration of a special education cooperative which indicates a need for additional support personnel.

(6) Each local district is entitled to a basic support allocation of \$400 for each personnel unit activated under this section. Local districts may expend these funds to provide special instructional materials and related services or for consultant services, pupil evaluation services, or personnel travel in multicounty or

multicity school districts in accordance with rules adopted by the State Board of Education.

(7) Any personnel units allocated under this subsection but not utilized by the local district may be reallocated by the commissioner in the manner described in Subdivision (5) of this subsection.

(e) Professional personnel for the operation and maintenance of a program of special education shall be:

(1) handicapped students' teachers, including itinerant teachers whose duties may or may not be performed in whole or in part on the campus of a school;

(2) special education related service personnel, including occupational therapists, physical therapists, nurses, orientation and mobility instructors, and other noneducational personnel who are otherwise professionally licensed by state or national certification recognized by the commissioner of education; and

(3) special education support personnel, including special education directors, special education supervisors, special education counselors, special education visiting teachers, psychologists, educational diagnosticians, and other pupil evaluation specialists.

(f) Paraprofessional personnel for the operation and maintenance of a program of special education shall consist of persons engaged as teacher aides, who may or may not hold a teacher certificate.

(g) Certification standards for professional and paraprofessional personnel authorized in Subsections (e) and (f) of this section shall be developed by the commissioner, approved by the State Board of Education, and reviewed periodically. The standards shall be independent of certification or endorsement in other fields and shall include requirements for additional training and recertification as necessary.

(h) Except as provided by Subsection (i) of this section, the minimum salary levels, months of service, and personnel unit values for all authorized personnel shall be determined by the provisions of Section 16.056 of this code. If positions authorized in this section are not specifically provided for in Section 16.056, the commissioner shall add those positions to the Texas Public Education Compensation Plan in accordance with Subsection (e) of Section 16.056 of this code.

(i) Special education unit personnel may be employed on a full-time, part-time, or consultative basis. Any school district may, with the commissioner's approval, utilize its personnel unit allocations to employ authorized personnel on a 10-, 11-, or 12-month basis in accordance with rules adopted by the State Board of Education. Handicapped students' teachers, paraprofessional personnel, or related service personnel employed on an extended basis under this subsection shall, during the extended period of their contract, only be engaged in pupil evaluations or in direct service delivery to handicapped students

for which the disruption of continuous services may result in severe regression.

(j) In accordance with rules adopted by the State Board of Education, local districts may jointly operate their special education programs. Personnel units and other funds to which the cooperating districts are entitled under this section may be allocated to the districts jointly as cooperative units or cooperative funds in accordance with the cooperative districts' agreement.

(k) Any local district, special education cooperative, or regional education service center may contract with any public or private facility, institution, or agency within or outside of this state for the provision of services to handicapped students under rules adopted by the State Board of Education. Contracts for residential placements, including placements with the Texas Department of Mental Health and Mental Retardation and its community facilities, Texas School for the Blind, Texas School for the Deaf, and other public or private agencies, institutions, or facilities, shall be approved by the commissioner. The rules shall provide for approval of residential placement contracts only after at least a programmatic evaluation of personnel qualifications, adequacy of physical plant and equipment, and curriculum content. Either the whole or a part of a facility or program may be approved. Rules relating to the residential contract approval process shall include provisions designed to ensure that no contract is approved which:

(1) involves the delivery of unapproved services;

(2) involves the delivery of services which the district is capable of providing or is developing the capability to provide; or

(3) is not cost-effective when compared with other alternatives.

(l) Except as provided by Subsection (m) of this section, contracts for residential placements when approved may be paid for from a combination of federal, state, and local funds. The local share of the total contract cost per pupil is that portion of the local tax effort (total dollars generated by debt service and maintenance taxes) which exceeds the district's local fund assignment, divided by the average daily attendance in the district. If the contract involves a private facility, the state share of the total contract cost is that which remains after subtracting the local share. If the contract involves a public facility other than a program or facility administered by the Central Education Agency, the state share is that which remains after subtracting the local share from that portion of the contract which involves the costs of instructional and related services. If the contract involves a program or facility administered by the Central Education Agency, there is no state share paid from this program.

(m) If the state is managing conservator of a student placed in a private residential facility, the

total cost of the residential placement shall be paid from state and federal funds. If the contract involves a public facility other than a program or facility administered by the Central Education Agency, the total of that portion of the contract which involves the costs of instructional and related services shall be paid from state and federal funds. If the contract involves a program or facility administered by the Central Education Agency, there is no state share paid from this program. The State Board of Education shall adopt rules governing the use of federal funds as supplemental or partial payment of the local or state share under Subsections (l) and (m) of this section.

(n) The resident district has the ultimate responsibility for providing or causing the provision of appropriate services to each handicapped student. If the district contracts for the provision of services rather than providing the services of its own accord, then that district retains the responsibility of overseeing the implementation of the student's individualized education plan as well as the responsibility of an annual reevaluation of the appropriateness of the arrangement. An approved facility, institution, or agency with whom the district contracts shall assume as a part of the contract the responsibility of providing the district with periodic reports of services the student has received or will receive in accordance with the terms of the contract as well as diagnostic or other evaluative information which the district requires in order to fulfill its obligations under this section. The State Board of Education shall adopt rules designed to effectuate this subsection.

(o) The salary costs of special education teacher units, other professional and paraprofessional units authorized in this section, operating costs as provided in Subsection (d)(6) of this section and state-portion contract costs as provided in Subsections (l) and (m) of this section, computed as other costs of the Foundation School Program for local fund assignment purposes, shall be paid from the Foundation School Program Fund. Provided further, that any school district may supplement any part of the comprehensive special education program it operates or participates in with funds or resources available to it from local sources, public or private. Local enrichment may take the form of but is not limited to employing personnel in excess of the state allocation or supplementing minimum salaries of any personnel employed by the district, and any district may at local expense pay for all or part of further or continuing training or education of its special education personnel.

(p) The legislature shall set a limit on the amount of funds that may be expended under the provisions of this section each year in the General Appropriations Act. Should the amount of funds required to fully fund the provisions of this section pursuant to the rules and regulations of the State Board of Education exceed the amount set by the legislature,

the commissioner, with the approval of the board, shall make such adjustments as are necessary to reduce the total cost of the special education program to the limit set by the legislature. The commissioner may make allocations under Subsection (d)(5) of this section not to exceed \$3 million a year from the sum appropriated to fund the provisions of this section. The restriction on the dollar amount available under Subsection (d)(5) of this section does not apply to any funds remaining from the sum appropriated after all other allocations are made or to the remaining balance of unexpended funds carried over from the previous fiscal year.

§ 16.106. Support for Fast-Growing School Districts

(a) It is the purpose of this section to provide state aid to local school districts which experience unusually rapid growth in student enrollment from one year to the next so as to assist those districts in sustaining an adequate educational program for all students.

(b) A district is eligible to receive aid under this section if:

(1) the district's effective tax rate as determined under Subsection (c) of this section is greater than the statewide average effective tax rate as determined under that subsection;

(2) the district's current year's total number of students in average daily attendance as determined under Section 16.102 of this code is equal to or greater than 106 percent of its prior year's total number of students in average daily attendance; and

(3) the district raises its local fund assignment.

(c) For purposes of this section, a district's effective tax rate shall be determined by dividing the total amount of ad valorem tax revenue collected in the immediately preceding school year in the district by the total value of property which is used to calculate the district's local fund assignment. The statewide average effective tax rate shall be determined by dividing the total amount of ad valorem tax revenue collected by all the school districts in the state in the immediately preceding school year by the total index value of property in the state as determined pursuant to Section 11.86 of this code. For the 1979-1980 and 1980-1981 school years, the index values used herein shall be determined in accordance with Section 16.252(b) of this chapter.

(d) For the 1979–1980 school year and for each school year thereafter, the amount of state aid for each eligible school district under this section shall be determined by the formula:

$$\text{FGA} = \left( \frac{\text{PDG}}{.06} - 1 \right) \times \text{CADA} \times \$30$$

“FGA” is the district’s fast growth allotment; “PDG” is the percentage of the district’s student growth, as determined by dividing the difference between the district’s current and previous year’s number of students in average daily attendance by the district’s previous year’s number of students in average daily attendance; and

“CADA” is the district’s current year’s number of students in average daily attendance as determined under Section 16.102 of this code.

(e) If the district’s index value per student in average daily attendance as determined under Section 16.252(b) of this code is more than \$150,000 for each student in average daily attendance, the state aid provided in this section shall be determined by multiplying the following fraction to the otherwise computed amount:

$$\frac{1 - (\text{District's index value per ADA} - \$150,000)}{\$100,000}$$

#### SUBCHAPTER E. CATEGORICAL PROGRAM AID COMPONENT

##### § 16.176. Support for Educationally Disadvantaged Pupils

(a) In this section “educationally disadvantaged pupils” are pupils who are eligible for the free and reduced lunch program under the provisions of the national school lunch program. The commissioner of education with the approval of the State Board of Education shall review the standards established for educationally disadvantaged pupils and adjust the standards if they perpetuate inequities or become obsolete.

(b) Each school district which is eligible and which also receives aid under the national school lunch program is eligible to receive an allotment of \$44, or a greater amount provided by the General Appropriations Act, for each educationally disadvantaged pupil enrolled in its public schools. For purposes of the allocation made pursuant to this section, the number of educationally disadvantaged pupils in each district shall be determined by averaging the best six months’ enrollment in the free and reduced lunch program for the school year preceding the biennium in which the allocation is made.

(c) Beginning with the 1979–1980 school year, and each year thereafter the Central Education Agency shall adopt and administer appropriate criterion referenced assessment instruments designed to assess minimum basic skills competencies in reading, writing, and mathematics for all pupils at the fifth grade level and shall also adopt and administer to all ninth grade pupils secondary exit level assessment instruments designed to assess minimum mathematics and English language arts competencies which it deems appropriate for a high school graduate. All ninth grade students who fail to demonstrate mastery of minimum exit level competencies shall be given the opportunity to retake the assessment instrument each year the assessment instrument is administered. Beginning with the 1980–1981 school year and each year thereafter, the Central Education Agency shall adopt and administer appropriate criterion referenced assessment instruments designed to assess basic skills competencies among all students at the third grade level. In addition to the assessment instruments adopted and administered by the Central Education Agency, a local school district may adopt and administer criterion and/or norm referenced assessment instruments at any grade level. Any student who has a physical or mental impairment or a learning disability that prevents the student from mastering the competencies which the assessment instruments are designed to measure

may be exempted from the requirements of this section.

(d) In adopting assessment instruments pursuant to this section, the Central Education Agency and/or a local school district shall insure the security of the instruments in their preparation, administration, and grading. Meetings or portions of meetings held by the Central Education Agency and/or a local school district at which individual assessment instruments or assessment instrument items are discussed or adopted are not open to the public under Chapter 271, Acts of the 60th Legislature, Regular Session, 1967, as amended (Article 6252-17, Vernon's Texas Civil Statutes), and the assessment instruments and items are confidential.

(e) The results of individual student performance on assessment instruments administered pursuant to this section are confidential and may be made available only to the student, the student's parent or guardian, and to the school personnel directly involved with the student's educational program. However, overall student performance data shall be aggregated by campus and district and made available to the public, with appropriate interpretations, at regularly scheduled meetings of the governing board of each school district. The information may not contain the names of individual students or teachers. The commissioner of education shall compile all of the data and report it to the legislature, lieutenant governor, and governor no later than January 1 of each odd-numbered year.

(f) Each school district shall utilize the student performance data resulting from the assessment instruments administered pursuant to this section to design and implement appropriate compensatory instructional services for students in the district's schools and shall submit an annual report to the commissioner of education which describes how state compensatory funds received pursuant to this section have been used to provide for those services.

(g) The legislature in each General Appropriations Act shall set a limit on the amount of funds that may be expended under this section each year. If the total amount of compensatory education aid required by this section exceeds the limit set by the legislature, each district's allotment shall be reduced proportionately until the amount of aid allocated equals that limit.

(h) If the cost of preparing, administering, or grading the assessment instruments is paid from the compensatory aid provided by this section, each district shall bear the cost on the basis of the number of students in the district to whom the instruments are administered. If a district does not receive an allocation of compensatory aid, the commissioner of education shall subtract the cost from the district's foundation school fund allocation.

**§ 16.177. Driver Education**

(a) The Central Education Agency shall develop a program of organized instruction in driver education and traffic safety for public school students who are 15 years of age or older.

(b) With the approval of the State Board of Education, the commissioner of education shall establish standards for the certification of professional and paraprofessional personnel who conduct the programs in the public schools.

(c) Beginning with the 1975-1976 school year, a school district is eligible to receive annually funds to finance a driver education program in an amount not to exceed \$25 multiplied by 20 percent of its high school enrollment in grades 10-12, but in no instance shall the allotment made to the district exceed \$25 multiplied by the number of students actually enrolled in driver education during the school year for which the funds were provided.

[Amended by Acts 1975, 64th Leg., p. 877, ch. 334, § 1, eff. Sept. 1, 1975.]

**§ 16.202. Public School Transportation System**

(a) The county school boards, where funded under law, or local district school boards, subject to approval by the state commissioner of education, are authorized to establish and operate an economical public school transportation system within their respective counties or school districts.

(b) In establishing and operating such transportation systems, the county or local district school boards shall:

- (1) requisition buses and supplies from the state board of control as provided for in this subchapter;
- (2) prior to June 1 of each year, with the commissioner's approval, establish school bus routes in

their respective counties or districts for the succeeding school year;

(3) employ school bus drivers certified in accordance with standards and qualifications promulgated jointly by the Central Education Agency and the Texas Department of Public Safety as required by law; and

### § 16.203. County and District Transportation Funds

State warrants for transportation, payable to the county or district school transportation fund, shall be for the total amount of transportation funds for which the county or district is eligible under the provisions of this subchapter.

[Amended by Acts 1975, 64th Leg., p. 877, ch. 334, § 1, eff. Sept. 1, 1975; Acts 1979, 66th Leg., p. 1314, ch. 602, § 12, eff. Aug. 27, 1979.]

### § 16.204. Use of Buses for Extracurricular Activities, etc.

(a) The county or district school boards and the state commissioner of education shall promulgate regulations in regard to the use of school buses, for other than transporting eligible children to and from school. Under rules and regulations of the State Board of Education, the appropriate allocation in the county transportation fund, when approved by the county school board, or the district transportation fund, when approved by the board of trustees of the independent school district operating its own transportation system, may be used for school bus transportation of its pupils and necessary personnel on extracurricular activities and field trips sponsored by the respective district.

(b) Subject to the rules of the commissioner of education, a school district or county school board governing a countywide transportation system may contract with nonschool organizations for the use of school buses. The district may provide services relating to the maintenance and operation of the buses in accordance with the terms of the contract.

[Amended by Acts 1975, 64th Leg., p. 877, ch. 334, § 1, eff. Sept. 1, 1975; Acts 1977, 65th Leg., p. 1884, ch. 750, § 1, eff. June 16, 1977; Acts 1977, 65th Leg., p. 2191, ch. 864, § 1, eff. ### § 16.205. Approved School Bus Routes

School buses shall be operated to and from school on approved school bus routes and no variations shall be made therefrom. The penalty for varying from authorized routes and for unauthorized use of buses shall be the withholding of transportation funds from the offending county or school district. In the

event the violation is committed by a district which receives no Foundation School Program funds, the penalty provisions of Section 4.02 of this code shall be applied.

[Amended by Acts 1975, 64th Leg., p. 877, ch. 334, § 1, eff. Sept. 1, 1975.]

### § 16.206. Calculation of Allotment

(a) The total annual regular transportation cost allotment for each district or county shall be based on the rules and formulas of this section.

(b) As used in this section:

(1) "Regular eligible pupil" means a pupil who resides two or more miles from his or her campus of regular attendance, measured along the shortest route that may be traveled on public roads, and who is not classified as an eligible handicapped pupil.

(2) "Eligible handicapped pupil" means a pupil who is handicapped as defined in Section 16.104 of this code and who would be unable to attend classes without special transportation services.

(3) "Linear density" means the average number of regular eligible pupils transported daily, divided by the approved daily route miles traveled by the respective transportation system.

(c) For the 1979-1980 and 1980-1981 school years, allowable total base costs of maintenance, operation, salaries, depreciation, etc., for each bus route shall be:

Linear Density Grouping	Allocation per mile of approved route
2.40 and above	\$ .94
1.65 to 2.40	.75
1.15 to 1.65	.68
.90 to 1.15	.59
.65 to .90	.52
.40 to .65	.48
up to .40	.44

Density grouping shall be based on the 1977-78 data compiled by the commissioner of education pursuant to Section 10, Chapter 1, Acts of the 65th Legislature, 1st Called Session, 1977.

(d) For the 1981-82 school year and thereafter, the commissioner of education shall determine the daily cost per regular eligible pupil of operating and maintaining the regular transportation system based on the linear density of that system. In determining the cost, the commissioner shall give consideration to factors affecting the actual cost of providing these transportation services in each district. The average actual cost is to be computed by the commissioner of education and included for consideration by the Foundation School Program Committee and the legislature in the General Appropriations Act.

(e) A district may apply for and on approval of the commissioner of education receive an additional amount of up to 10 percent of its regular transportation allotment to be used for the transportation of children living within two miles of the school they

attend who would be subject to hazardous traffic conditions if they walked to school. Each board of trustees shall provide to the commissioner the definition of hazardous conditions applicable to that district and shall identify the specific hazardous areas for which the allocation is requested. A hazardous condition exists where no walkway is provided and children must walk along or cross a freeway or expressway, an underpass, an overpass or a bridge, an uncontrolled major traffic artery, an industrial or commercial area, or another comparable condition.

(f) The state commissioner of education may grant an amount not exceeding \$600 per pupil per year in 1979-1980 and 1980-1981 for private or commercial transportation for eligible pupils from isolated areas. The per pupil per year allowable for the 1981-1982 school year and thereafter shall be determined by the commissioner of education and included for consideration by the Foundation School Program Committee and the legislature in the General Appropriations Act. The need for this type of transportation grant shall be determined on an individual basis and the amount granted shall not exceed the actual cost. The grants shall be made only in extreme hardship cases, and no grants shall be made if the pupils live within two miles of an approved school bus route.

(g) The cost of transporting vocational education students from one campus to another inside a district or from a sending district to another secondary public school for a vocational program or an area vocational school or to an approved post-secondary institution under a contract for instruction approved by the Central Education Agency shall be reimbursed based on the number of actual miles traveled times the district's official extracurricular travel per mile rate as set by their local board of trustees and approved by the Central Education Agency.

(h) A school district that provides special transportation services for eligible handicapped pupils is entitled to a state allocation. Allocations for handicapped transportation in district- or county-operated school buses shall be paid on a previous year's cost-per-mile basis. For the 1979-1980 and 1980-1981 school years, the maximum allowable per mile cost will be 80 cents. For the 1981-1982 and 1982-1983 school years and thereafter, the maximum rate per mile allowable shall be recalculated based on data gathered from the first year of each preceding biennium. Districts may use a portion of their support allocation to pay transportation costs, if necessary. The commissioner of education may grant an amount not to exceed 18 cents per mile or a maximum of \$600 per pupil per year for private transportation to reimburse parents or their agents for transporting eligible handicapped pupils. For the 1981-1982 and 1982-1983 school years and thereafter, the rate per mile and the maximum allowable per pupil will be determined by the commissioner of education for consideration by the Foundation School Program Committee and the legislature in the General Appro-

priations Act. The mileage allowed shall be computed along the shortest public road from the pupil's home to school and back, morning and afternoon. The need for this type transportation shall be determined on an individual basis and shall be approved only in extreme hardship cases.

(i) The allocation for eligible regular students transported by the regular transportation system shall be increased by five percent for any district or county school board which has complied with the provisions of Section 21.173 of this code in accordance with rules adopted by the State Board of Education.

(j) The total allocation for a district or county transportation unit for the 1979-1980 or 1980-1981 school year shall not be less than the total allocation received for the 1978-1979 school year based on an equal number of state-approved bus routes. If the district or county has deleted routes, the minimum allocation shall be proportionately reduced.

[Amended by Acts 1975, 64th Leg., p. 877, ch. 334, § 1, eff. Sept. 1, 1975; Acts 1977, 65th Leg., 1st C.S., p. 23, ch. 1, § 9, eff. Sept. 1, 1977; Acts 1979, 66th Leg., p. 1314, ch. 602, § 12, eff. Aug. 27, 1979.]

**§ 16.207. Routes and Systems: Evaluation and Approval**

(a) All bus routes and transportation systems shall be reviewed by the state commissioner of education and he shall be responsible for establishing criteria for evaluating the several transportation systems of this state, but all the criteria shall be subject to approval by the State Board of Education.

(b) The commissioner shall evaluate all transportation systems as rapidly as possible.

(c) No new bus routes or extensions shall be approved prior to the survey of the transportation system of the district or county requesting them.

(d) In approving a transportation system for a district or county, consideration shall be given to providing transportation for only those pupils who reside in hazardous areas or live two or more miles from the school they attend except handicapped pupils. No consideration shall be given to providing transportation for pupils transferred from one district to another when their grades are taught in their home district unless transferred as provided by law and transportation has been approved as provided by law.

(e) There shall be no duplication of bus routes and services within sending districts by buses operated by two school districts and/or counties except on approval by the state commissioner of education.

[Amended by Acts 1975, 64th Leg., p. 877, ch. 334, § 1, eff. Sept. 1, 1975; Acts 1977, 65th Leg., 1st C.S., p. 48, ch. 1, § 35, eff. Sept. 1, 1977; Acts 1979, 66th Leg., p. 1314, ch. 602, § 12, eff. Aug. 27, 1979.]

### § 16.208. Use of Transportation Funds for Other Purposes

No funds paid to the several transportation units for the operation of transportation systems in this state shall be expended for any other purpose. [Amended by Acts 1975, 64th Leg., p. 877, ch. 334, § 1, eff. Sept. 1, 1975.]

### § 16.209. Rules of Commissioner

The commissioner of education shall formulate rules and regulations, subject to approval by the State Board of Education for enforcing the provisions of this subchapter.

[Amended by Acts 1975, 64th Leg., p. 877, ch. 334, § 1, eff. Sept. 1, 1975.]

### § 16.210. Appeals

Appeals to the commissioner of education and to the State Board of Education may be had from policy decisions of the school boards affecting transportation.

[Amended by Acts 1975, 64th Leg., p. 877, ch. 334, § 1, eff. Sept. 1, 1975; Acts 1979, 66th Leg., p. 1314, ch. 602, § 12, eff. Aug. 27, 1979.]

### § 16.211. Purchase of Vehicles

(a) Motor vehicles used for the purpose of transporting school children, including school buses, their chassis and/or bodies purchased through the state board of control, shall be paid for by the state board of control as set out in applicable laws. The legislature may appropriate out of any money in the state treasury not otherwise appropriated a sum not exceeding \$250,000, or as much thereof as necessary, for the state board of control to be used for such purposes.

(b) Any sum appropriated shall be known as the school bus revolving fund. When motor vehicles and school buses are delivered to the various schools coming within the provisions of this chapter, the governing bodies of those schools shall reimburse the state board of control for the money expended for such school buses including their chassis and/or bodies and the money shall be deposited by the state board of control in the school bus revolving fund. [Amended by Acts 1975, 64th Leg., p. 877, ch. 334, § 1, eff. Sept. 1, 1975.]

### § 16.212. Contract With Public Transportation Company

(a) As an alternative to maintaining and operating a complete public school transportation system under this subchapter, a county or district school board may contract with public transportation companies for all or any part of its public school transportation if the board is able to obtain an economically advantageous contract.

(b) A contract is economically advantageous if the cost of the service contracted for is equal to or less than the total cost to the school district for providing its own complete bus service. The total cost to

the school district is the state transportation cost allotment plus the supplementary funds necessarily provided by the local school district to provide complete transportation services.

(c) This section in no way prohibits the local school board from supplementing the state transportation cost allotment with local funds necessary to provide complete transportation services.

(d) The state commissioner of education, subject to the approval of the State Board of Education, shall make rules for the administration of this section.

(e) Contracts for alternative public school transportation may include provisions for transporting students to and from approved school activities.

(f) Upon approval of the contract by the State Board of Education, the portion of the annual transportation allotment which is to be used to finance the contract for alternative transportation services shall be included in the annual transportation cost allotment for the respective county or district.

[Added by Acts 1979, 66th Leg., p. 1314, ch. 602, § 12, eff. Aug. 27, 1979.]

## SUBCHAPTER G. FINANCING THE PROGRAM

### § 16.251. Financing; General Rule

(a) The sum of the approved minimum salaries for personnel, current operating expenses, categorical program aid, and transportation services for each district, computed in accordance with the provisions of this chapter, constitute the total cost of the Foundation School Program.

(b) The program shall be financed by:

(1) ad valorem tax revenue generated by an equalized local school district effort;

(2) state available school funds distributed in accordance with law; and

(3) state funds appropriated for the purposes of public school education and allocated to each district in an amount sufficient to finance the cost of each district's Foundation School Program not covered by other funds specified in this subsection.

value of property determined pursuant to Section 11.86 of this code. The commissioner of education shall utilize the official biennial report of the State Property Tax Board estimates of index value in each school district for determining the local fund assignment.

(b) No district's local fund assignment as determined pursuant to this section shall exceed 120 percent of its prior year's local fund assignment.

(c) The commissioner of education shall adjust the values reported in the official report of the State Property Tax Board to reflect reductions in taxable value of property resulting from natural or economic disaster after January 1 in the year in which the valuations are determined. The decision of the commissioner of education shall be final. Appeals of district values shall be held pursuant to Subsection (d) of Section 11.86 of this code.

(d) A district need not raise its total local share of its program cost.

**§ 16.301. Determination of Equalization Aid Entitlement**

The amount of state equalization aid to which a district is entitled is determined by the formula:

$$\frac{DPV}{ADA}$$

$$SEA = 1 - (SPV/ADA \times 1.10) \times ADA \times MAXENT$$

where

“SEA” is the state equalization aid guaranteed to the district;

“DPV/ADA” is the average of the district’s market value and index value of property as determined pursuant to Section 11.86 of this code divided by the number of students in average daily attendance in the district, which for districts not offering a kindergarten through grade 12 program includes the average daily attendance of eligible students transferred to other school districts in grades not taught by the resident district;

“SPV/ADA” is the average of the total statewide market value and index value of property as determined pursuant to Section 11.86 of this code divided by the total number of students in average daily attendance in the state;

“MAXENT” is the maximum entitlement per ADA, which is \$290 or a greater amount provided by the General Appropriations Act;

“ADA” is the number of students in average daily attendance in the district.

**§ 16.302. Districts in Major Disaster Areas**

If a school district is within an area that has been declared a major disaster area by the governor and has suffered a property value loss equivalent to 12½ percent or more of its prior year valuations for tax purposes, the school district shall be eligible under rules and regulations of the commissioner of education for the maximum entitlement provided by this section for the two subsequent school years.

[Amended by Acts 1979, 66th Leg., p. 1319, ch. 602, § 14, eff. Aug. 27, 1979.]

**§ 16.303. Payment of State Aid**

(a) The state’s equalization aid for program enrichment shall be paid from the Foundation School Fund pursuant to regulations of the State Board of Education.

(b) The legislature in each General Appropriations Act shall set a limit on the amount of funds that may be expended under this subchapter each year. If the amount of state aid required by this subchapter exceeds the limit set by the legislature, the amount of state equalization aid guaranteed to each district shall be reduced proportionately until the total amount of funds required equals that limit. [Amended by Acts 1979, 66th Leg., p. 1319, ch. 602, § 14, eff. Aug. 27, 1979; Acts 1981, 67th Leg., p. 2540, ch. 675, § 6, eff. Sept. 1, 1981.]

<sup>1</sup> See § 16.056.

**§ 16.404. Operating Costs**

(a) The cost of operating an approved school-community guidance center shall be borne by the state and each participating district on the same percentage basis that applies to financing the Foundation School Program within the district. The state's share of the cost shall be paid from funds appropriated for that purpose. While in attendance at a school-community guidance center, a student may not be counted in the average daily attendance of the school district for other Foundation School Program purposes.

(b) Should the appropriation in any biennium be insufficient to fully fund the Act, the State Board of Education shall establish criteria in addition to those provided herein for selecting districts to be funded on a need basis. The commissioner shall use these criteria to determine annually the districts to be authorized to receive funds for operating school-community guidance centers.

The deleted section, relating to a termination date, was added by Acts 1977, 65th Leg., p. 1858, ch. 736, § 1.

Section 3 of the 1981 Act provided that it was to take effect with the 1981-1982 school year (which, under § 21.001, was September 1, 1981) except that to the extent it affected this section it was to take effect immediately. Due to failure to take record vote of yeas and nays, however, as required by Const. Art. 3, § 39, the Act's effect on this section did not take effect until the general 90-day effective date, August 31, 1981.

**SUBCHAPTER J. EDUCATIONAL PROGRAMS FOR GIFTED AND TALENTED STUDENTS**

**§ 16.501. Exemplary Programs**

(a) As used in this section, "gifted and talented student" means a student who, by virtue of outstanding mental abilities, is capable of high performance. The student may demonstrate, singly or in combination, above-average achievement or potential in such areas as general intellectual ability, specific subject matter aptitude, ability in creative and productive thinking, and leadership ability. The phrase does not include students who demonstrate above-average achievement or potential in areas relating to physical abilities.

(b) The Central Education Agency shall establish exemplary programs for gifted and talented students in various regions of the state. The exemplary programs shall reflect different approaches and alternatives suitable to the needs of the gifted and talented and commensurate with their learning abilities and special talents. The exemplary programs shall be representative of different types of districts in various parts of the state in terms of size, composition, geographical influences, and shall be proportionate to the number of gifted and talented students and districts to benefit by their establishment.

(c) Students shall be identified as gifted and talented for the exemplary programs through the use of criteria established by the commissioner of education.

(d) A school district or a combination of school districts electing to establish an exemplary program for gifted and talented students shall submit an application to the Central Education Agency based on guidelines established by the commissioner of education. To be eligible for funding consideration, an educational program for gifted and talented students shall be planned and conducted for no less than a full school year.

(e) The Central Education Agency shall develop and periodically update a state plan for the education of the gifted and talented to guide local education agencies in establishing and improving programs for students identified as gifted and talented. The Central Education Agency shall assist local education agencies in the development of planned programs which are appropriately designed to meet the special needs of gifted and talented students.

[Added by Acts 1979, 66th Leg., p. 1161, ch. 562, § 1, eff. Aug. 27, 1979.]

**§ 16.502. Funding**

(a) The funds for the exemplary programs for gifted and talented students shall be administered by the Central Education Agency. If the total amount of aid requested by applying eligible districts for exemplary programs for gifted and talented students exceeds the amount appropriated for the programs, the Central Education Agency shall select programs to be funded based on the criteria in

Subsection (b) of Section 16.501 and the guidelines established by the commissioner of education pursuant to Subsection (d) of Section 16.501. The state's share of the cost shall be paid from the foundation school fund and shall be considered by the foundation school fund budget committee in estimating the funds needed for foundation school program purposes.

(b) Applying eligible districts shall receive an allotment of \$150 per pupil identified and served by the district in an exemplary program. A district or combination of districts must identify a minimum of 20 students to be eligible for an allotment. For the purposes of receiving funds under this section, no district may count as pupils served more than five percent of its total average daily attendance and no district shall receive in excess of \$100,000.

(c) Up to 10 percent of the funds allocated for the establishment of the exemplary programs may be reserved by the commissioner of education for program administration in coordination with the regional education service centers for program planning, technical assistance, and statewide staff development.

SUBCHAPTER C. MISCELLANEOUS PROVISIONS

§ 20.42. Investment of Bond Proceeds in Obligations of United States; Interest Bearing Secured Time Bank Deposits

From and after the effective date of this code, any school district within the state which has or may have on hand any sums of money which are proceeds received from the issue and sale of bonds or certificates of indebtedness of any such school district, either before or after the effective date of this code, which proceeds are not immediately needed for the purposes for which such bonds or certificates of indebtedness were issued and sold, may, upon order of the board of trustees of such school district, place the proceeds of such bonds or certificates of indebtedness on interest bearing time deposit, secured in the manner provided in Section 23.79 of this code, with a state or national banking corporation within this state the deposits of which are insured by the Federal Deposit Insurance Corporation, or invest the proceeds of such bonds or certificates of indebtedness in bonds of the United States of America or in other obligations of the United States of America, as may be determined by the board of trustees of the school district; but such interest bearing secured time deposits or bonds or other obligations of the United States of America shall be of a type which cannot be cashed, sold or redeemed for an amount less than the sum deposited or invested therein by such school district; and when such sums so placed or so invested by a school district are needed for the purposes for which the bonds or certificates of in-

debtedness of the school district were originally authorized, issued and sold, such time deposits or bonds or other obligations of the United States of America in which such sums have been placed or invested shall be cashed, sold or redeemed and the proceeds thereof shall be used for the purposes for which the bonds or certificates of indebtedness of the school district were originally authorized, issued and sold. [Amended by Acts 1979, 66th Leg., p. 2167, ch. 829, § 1, eff. Aug. 27, 1979.]

§ 20.43. Interest Bearing Time Warrants

(a) Any school district in the State of Texas in need of funds to repair or renovate school buildings; purchase school buildings and school equipment; to equip school properties with necessary heating, water, sanitation, lunchroom and electric facilities; or is in need of funds with which to employ an individual firm or corporation deemed to have special skill and experience to compile taxation data for use by its board of equalization; and said school district is financially unable out of available funds to make such repairs, renovations of school buildings, purchase school buildings, purchase school equipment, to equip school properties with necessary heating, water, sanitation, lunchroom or electric facilities or is unable to pay such individual or corporation for the performance of the professional duties hereinabove mentioned, may, subject to the provisions hereof, issue interest-bearing time warrants, in amounts sufficient to make such purchase and improvements, to pay all or part of the compensation of such individual, firm or corporation to compile such data, any law to the contrary notwithstanding. Such warrants shall mature in serial installments of not more than five years from their date of issue, and to bear interest at a rate not to exceed six percent per annum. Such warrants shall upon maturity be payable out of any available funds of such school district in the order of their maturity dates. Any such interest-bearing time warrants so issued may be issued and sold by such district for not less than their face value, and the proceeds thereof used to provide funds required for the purpose for which they are issued. Such warrants shall be entitled to first and prior payment out of any available funds of such district as they become due. Included in such purposes is the payment of any amounts owed by said school districts, which indebtedness was incurred in carrying out any of such purposes.

(b) No such interest-bearing time warrants shall be issued or sold by a common school district or rural high school district until the same shall have been approved by the county board of school trustees; and said board shall, upon application of such school district, inquire into the financial conditions and needs of such district, and shall not approve the issuance of such interest-bearing time warrants unless in its opinion said district is in need of such repair and renovation of school building, and school equipment and to equip school properties with neces-

sary heating, water, sanitation, lunchroom and electric facilities, and will be able with the resources in prospect to liquidate said warrants at their maturity.

(c) No school district in the State of Texas shall issue such interest-bearing time warrants in excess of five percent of the assessed valuation of the district, for the year in which such interest-bearing time warrants are issued; nor shall the payment of such interest-bearing time warrants in any one year exceed the anticipated surplus income of the district for the year in which the warrants are issued. Based on the budget of the district for said year, such anticipated income to be computed by taking the entire expected income of such school district from every source for the year in which such interest-bearing time warrants are issued, less teachers' salaries, bus aid included in the foundation fund, and that part of the local maintenance tax earmarked for salaries and known in the Gilmer-Aiken Law as the economic index or fund assignment. The anticipated income computation as herein defined shall be exclusive of all bond taxes. No school district shall have outstanding at any one time warrants totaling in excess of \$120,000 under the provisions of this section.

(d) In every instance wherein interest-bearing time warrants or other evidence of indebtedness have been issued by school districts within the State of Texas for any of the purposes herein provided for, the act of the board of trustees, and/or governing board of such district in issuing such interest-bearing time warrants are each and all hereby expressly validated. The indebtedness thus attempted to be created by such action is hereby declared to be the indebtedness of such district and shall be paid out of available funds as herein provided.

(e) Whenever any such interest-bearing time warrants have been issued under this section, and so long as any of them may be outstanding the officer in charge of the collection of delinquent taxes shall pay the same to legal depository of the district, to be deposited and held in a special fund for the payment of such interest-bearing time warrants, and except as herein otherwise provided, no part thereof shall be applied or used for any other purpose.

(f) Interest and penalties on delinquent taxes shall be deemed a part of such taxes for the purpose of this section. Should any delinquent taxes, including interest and penalties, be cancelled, waived, released or reduced either by such school district or in any other way, with or without its consent, the amount of the loss so sustained shall be paid by the district to the special fund provided for herein out of funds not otherwise pledged to such special fund.

(g) All school districts issuing interest-bearing time warrants shall have the power to fix lien on and encumber and mortgage any and all property purchased with the proceeds of such warrants, and to fix a lien on and encumber any property, including teacherages owned by the district to secure the payment of legally incurred obligations. Provided,

however, there shall never be a valid lien authorized or fixed on any school building wherein actual classroom instruction of pupils attending such school is being carried on or conducted.

(h) The word "interest-bearing time warrant" as used in this section means promissory note, interest-bearing time warrant, obligation or other evidence of indebtedness issued under this section.

(i) Taxes levied in any year to pay principal and interest of bonds and which taxes subsequently become delinquent for the purpose of this section, shall not be included in the term taxes or revenues or delinquent taxes as herein used.

(a) The board of trustees of any school district may suspend from the privileges of the schools any pupil found guilty of incurable conduct, but such suspension shall not extend beyond the current term of the school.

(b) A teacher may remove a pupil from class in order to maintain effective discipline in the classroom. The principal shall respond by employing disciplinary alternatives consistent with local policy.

(c) A teacher may recommend for suspension, and remove from class immediately, any pupil who assaults that teacher on school property as defined in Section 4.23(b) of this code, or has been documented in that teacher's opinion to repeatedly interfere with that teacher's ability to communicate effectively with the majority of students in the class.

(d) Upon a recommendation for suspension under Subsection (c) of this section, the principal shall schedule a hearing within three class days following the pupil's removal between the principal, or a designated representative, a parent or guardian of the pupil, the teacher, and the pupil. Following the

hearing, and whether or not all requested parties are in attendance after valid attempts to require their attendance, the principal shall:

(1) suspend the pupil from the privileges of the schools for any period of time consistent with local policy, but not beyond the current term of school; or

(2) suspend the pupil from the class for any period of time not to extend beyond the current term of school; or

(3) place the pupil back in that class. If the pupil commits a second offense under this section, the pupil may be removed from that class immediately by the teacher, and following the teacher's recommendation for suspension may not return to that class during the current term of school without the teacher's approval. The recommendation of the teacher may only be reversed by action of the superintendent at the request of the principal. Upon any third or subsequent offense under this section by the same pupil, only the board of trustees may return that pupil to that class during the current term of school after the teacher's recommendation has been reversed by the principal and superintendent.

(e) Regardless of the decision at any hearing, any party may appeal the decision to the superintendent of schools and thereafter, if desired, to the board of trustees.

**SUBCHAPTER L. BILINGUAL EDUCATION AND SPECIAL LANGUAGE PROGRAMS****§ 21.451. State Policy**

English is the basic language of the State of Texas. Public schools are responsible for providing full opportunity for all students to become competent in speaking, reading, writing, and comprehending the English language. The legislature finds that there are large numbers of students in the state who come from environments where the primary language is other than English. Experience has shown that public school classes in which instruction is given only in English are often inadequate for the education of these students. The legislature recognizes that the mastery of basic English language skills is a prerequisite for effective participation in the state's educational program. The legislature believes that bilingual education and special language programs can meet the needs of these students and facilitate their integration into the regular school curriculum. Therefore, pursuant to the policy of the state to insure equal educational opportunity to every student, and in recognition of the educational needs of students of limited English proficiency, it is the purpose of this subchapter to provide for the establishment of bilingual education and special language programs in the public schools and to provide supplemental financial assistance to help local school districts meet the extra costs of the programs. [Amended by Acts 1981, 67th Leg., p. 2138, ch. 498, § 1, eff. Sept. 1, 1981.]

Section 2 of the 1981 amendatory act provides:  
 "Bilingual education or special language programs as defined by this Act shall be taught in the public schools only for the purpose of assisting the learning ability of limited English proficiency students and to enhance the English language."

Section 3 of the 1981 amendatory act provided that it took effect beginning with the 1981-1982 school year which, under provisions of § 21.001, began on September 1, 1981.

**§ 21.452. Definitions**

In this subchapter the following words have the indicated meanings:

- (1) "Agency" means the Central Education Agency.
- (2) "Board" means the governing board of a school district.
- (3) "Students of limited English proficiency" means students whose primary language is other than English and whose English language skills are such that the students have difficulty performing ordinary classwork in English.
- (4) "Parent" means the parent(s) or legal guardian(s) of the student.

[Amended by Acts 1981, 67th Leg., p. 2138, ch. 498, § 1, eff. Sept. 1, 1981.]

**§ 21.453. Establishment of Bilingual Education and Special Language Programs**

(a) The State Board of Education shall adopt rules establishing a procedure for identifying school districts that are required to offer bilingual education and special language programs in accordance with this subchapter.

(b) Within the first four weeks following the first day of school, the language proficiency assessment committee established under Section 21.462 shall determine and report to the governing board of the school district the number of students of limited English proficiency on each campus and shall classify them according to the language in which they possess primary proficiency. The governing board shall report that information to the agency before the first day of November each year.

(c) Each school district which has an enrollment of 20 or more students of limited English proficiency in any language classification in the same grade level shall offer a bilingual education or special language program.

(d) Each district that is required to offer bilingual education and special language programs under this section shall offer the following for students of limited English proficiency:

- (1) bilingual education in kindergarten through the elementary grades;
- (2) bilingual education, instruction in English as a second language, or other transitional language instruction approved by the agency in post-elementary grades through grade 8; and
- (3) instruction in English as a second language in grades 9-12.

(e) If a program other than bilingual education must be used in kindergarten through the elementa-

ry grades, documentation for the exception must be filed with and approved by the commissioner of education, pursuant to the rules of the State Board of Education.

(f) An application for an exception may be filed with the commissioner of education when an individual district is unable to hire a sufficient number of endorsed bilingual teachers to staff the required program. The exception must be accompanied by:

- (1) documentation showing that the district has taken all reasonable affirmative steps to secure endorsed bilingual teachers and has failed;
- (2) documentation showing that the district has affirmative hiring policies and procedures consistent with the need to serve limited English proficiency students;
- (3) documentation showing that, on the basis of district records, no teacher with a bilingual endorsement or emergency credentials has been unjustifiably denied employment by the district within the past 12 months; and
- (4) a plan detailing specific measures to be used by the district to eliminate the conditions that created the need for an exception.

(g) An exception shall be granted under Subsection (f) of this section on an individual district basis and is valid for only one year. Application for an exception a second or succeeding year must be accompanied by the documentation set forth in Subdivisions (1), (2), (3), and (4) of Subsection (f) of this section.

(h) During the period of time for which the school district is granted an exception under Subsection (f) of this section, it must use alternative methods approved by the commissioner of education, pursuant to the rules of the State Board of Education, to meet the needs of its students of limited English proficiency such as, but not limited to, the hiring of teaching personnel on a bilingual emergency permit. [Amended by Acts 1975, 64th Leg., p. 897, ch. 334, § 6, eff. Sept. 1, 1975; Acts 1981, 67th Leg., p. 2138, ch. 498, § 1, eff. Sept. 1, 1981.]

**§ 21.454. Program Content; Method of Instruction**

(a) The bilingual education program established by a school district shall be a full-time program of dual-language instruction that provides for learning basic skills in the primary language of the students of limited English proficiency who are enrolled in the program, and that provides for carefully structured and sequenced mastery of English language skills. The program shall be designed to consider the students' learning experiences and shall incorporate the cultural aspects of the students' backgrounds.

(b) The program of instruction in English as a second language established by a school district shall be a program of intensive instruction in English from teachers trained in recognizing and dealing

with language differences. The program shall be designed to consider the students' learning experiences and shall incorporate the cultural aspects of the students' backgrounds.

(c) In subjects such as art, music, and physical education students of limited English proficiency shall participate fully with English-speaking students in regular classes provided in the subjects.

(d) Elective courses included in the curriculum may be taught in a language other than English.

(e) Each school district shall insure to students enrolled in the program a meaningful opportunity to participate fully with other students in all extracurricular activities.

(f) The State Board of Education shall establish a limited number of pilot programs for the purpose of examining alternative methods of instruction in bilingual education and special language programs.

(g) Districts approved to establish pilot programs as required by Subsection (f) of this section shall be allocated an amount per student which is equal to the amount per student allocated to districts with approved bilingual education programs as outlined in this subchapter.

[Amended by Acts 1981, 67th Leg., p. 2138, ch. 498, § 1, eff. Sept. 1, 1981.]

#### § 21.455. Enrollment of Students in Program

(a) The State Board of Education by rule shall adopt standardized criteria for the identification, assessment, and classification of students of limited English proficiency eligible for entry into the program or exit from the program. The parent must be notified of a student's entry into the program, exit from the program, or placement within the program. A student's entry into the program or placement within the program must be approved by the student's parents. The local school district may appeal the decision under Section 21.463 of this code. The parent may appeal the decision under Section 21.463 of this code. The criteria may include, but are not limited to, the following:

(1) results of a home language survey conducted within four weeks of each student's enrollment in order to determine the language normally used in the home and the language normally used by the student, conducted in English and the home language, signed by the student's parents if in kindergarten through grade 8 or by the student if in grades 9 through 12, and kept in the student's permanent folder by the language proficiency assessment committee;

(2) the results of an agency-approved English language proficiency test administered to all students identified through the home survey as normally speaking a language other than English to determine the level of English language proficiency, with students in kindergarten or grade 1 being administered an oral English proficiency test and students in grades 2 through 12 being adminis-

tered an oral and written English proficiency test; and

(3) the results of an agency-approved proficiency test in the primary language administered to all students identified under Subdivision (2) of this subsection as being of limited English proficiency to determine the level of primary language proficiency, with students in kindergarten or grade 1 being administered an oral primary language proficiency test and students in grades 2 through 12 being administered an oral and written primary language proficiency test.

(b) Tests under Subsection (a) of this section should be administered by professionals or paraprofessionals with the appropriate English and primary language skills and the training required by the test publisher.

(c) The language proficiency assessment committee may classify a student as limited English proficiency if one or more of the following criteria are met:

(1) the student's ability in English is so limited or the student is so handicapped that assessment procedures cannot be administered;

(2) the student's score or relative degree of achievement on the agency-approved English proficiency test is below the levels established by the agency as indicative of reasonable proficiency;

(3) the student's primary language proficiency score as measured by an agency-approved test is greater than his proficiency in English; or

(4) the language proficiency assessment committee determines, based on other information such as (but not limited to) teacher evaluation, parental viewpoint, or student interview, that the student's primary language proficiency is greater than his proficiency in English or that the student is not reasonably proficient in English.

(d) Within 10 days after the student's classification as limited English proficiency, the language proficiency assessment committee shall give written notice of the classification to the student's parent. The notice must be in English and the primary language. The parents of students eligible to participate in the required bilingual education program shall be informed of the benefits of the bilingual education or special language program and that it is an integral part of the school program.

(e) All records obtained under this section may be retained by the language proficiency assessment committee for documentation purposes.

(f) The school district may not refuse instruction in a language other than English to a student solely because the student has a handicapping condition.

(g) With the approval of the school district and a student's parents, a student who does not have limited English proficiency may also participate in a bilingual education program. The number of participating students who do not have limited English

proficiency may not exceed 40 percent of the students enrolled in the program.

(h) A school district may transfer a student of limited English proficiency out of a bilingual education or special language program if the student is able to participate equally in a regular all-English instructional program as determined by:

(1) tests administered at the end of each school year to determine the extent to which the student has developed oral and written language proficiency and specific language skills in both the student's primary language and English;

(2) an achievement score at or above the 40th percentile in the reading and language arts sections of an English standardized test approved by the agency; and

(3) other indications of a student's overall progress as determined by, but not limited to, criterion-referenced test scores, subjective teacher evaluation, and parental evaluation.

(i) If later evidence suggests that a student who has been transferred out of a bilingual education or special language program has inadequate English proficiency and achievement, the language proficiency assessment committee may reenroll the student in the program. Classification of students for reenrollment must be based on the criteria required by this section.

[Amended by Acts 1981, 67th Leg., p. 2138, ch. 498, § 1, eff. Sept. 1, 1981.]

**§ 21.456. Facilities; Classes**

(a) Bilingual education and special language programs shall be located in the regular public schools of the district rather than in separate facilities.

(b) Students enrolled in bilingual education or a special language program shall be placed in classes with other students of approximately the same age and level of educational attainment. The school district shall insure that the instruction given each student is appropriate to his or her level of educational attainment, and the district shall keep adequate records of the educational level and progress of each student enrolled in the program.

(c) The maximum student-teacher ratio shall be set by the agency and shall reflect the special educational needs of students enrolled in the programs. [Amended by Acts 1981, 67th Leg., p. 2138, ch. 498, § 1, eff. Sept. 1, 1981.]

**§ 21.457. Cooperation Among Districts**

(a) A school district may join with any other district or districts to provide the bilingual education and special language programs required by this subchapter. The availability of the programs shall be publicized throughout the affected districts.

(b) A school district may allow a nonresident student of limited English proficiency to enroll in or attend its bilingual education or special language programs if the student's district of residence pro-

vides no appropriate program. The tuition for the student shall be paid by the district in which the student resides.

[Amended by Acts 1981, 67th Leg., p. 2138, ch. 498, § 1, eff. Sept. 1, 1981.]

**§ 21.458. Preschool, Summer School, and Extended Time Programs**

A school district may establish on a full- or part-time basis preschool, summer school, extended day, or extended week bilingual education or special language programs for students of limited English proficiency and may join with other districts in establishing the programs. The preschool or summer programs shall not be a substitute for programs required to be provided during the regular school year.

[Amended by Acts 1981, 67th Leg., p. 2138, ch. 498, § 1, eff. Sept. 1, 1981.]

**§ 21.459. Bilingual Education and Special Language Program Teachers**

(a) The State Board of Education shall promulgate rules and regulations governing the issuance of teaching certificates with bilingual education endorsements to teachers who possess a speaking, reading, and writing ability in a language other than English in which bilingual education programs are offered and who meet the general requirements set out in Chapter 13 of this code. The State Board of Education shall also promulgate rules and regulations governing the issuance of teaching certificates with an endorsement for teaching English as a second language. The agency may issue emergency endorsements in bilingual education and in teaching English as a second language.

(b) A teacher assigned to a bilingual education program must be appropriately certified by the agency for bilingual education.

(c) A teacher assigned to an English as a second language or other special language program must be appropriately certified by the agency for English as a second language.

(d) The minimum monthly base pay and increments for teaching experience for a bilingual education teacher or a special language program teacher are the same as for a classroom teacher with an equivalent degree under the Texas State Public Education Compensation Plan. The minimum annual salary for a bilingual education teacher or a special language program teacher is the monthly base salary, plus increments, multiplied by 10, 11, or 12, as applicable.

(e) The district may compensate out of funds appropriated in Subsection (a) of Section 21.460 of this subchapter a bilingual education or special language teacher for participating in a continuing education program which is in addition to the teacher's regular contract. The continuing education program must be designed to gain advanced bilingual education or special language program endorsement or skills.

(f) The agency shall be authorized to conduct or contract for teacher training for persons in the acquisition of endorsements in English as a second language. The agency shall determine the amount required for the implementation of this subsection.

(g) The State Board of Education, through the Commission on Standards for the Teaching Profession, and the Coordinating Board, Texas College and University System, shall develop a comprehensive plan for meeting the teacher supply needs created by the programs outlined in this subchapter. The board shall submit a plan, which includes legislative recommendations, to the 68th Legislature in January, 1983.

[Amended by Acts 1981, 67th Leg., p. 2138, ch. 498, § 1, eff. Sept. 1, 1981.]

#### § 21.460. Allotments for Operational Expenses and Transportation

(a) Under the rules of the State Board of Education, each school district operating an approved bilingual education or special language program shall be allotted a special allowance equal to: (1) the number of limited English proficiency students enrolled in the bilingual education program multiplied by \$50, or a greater amount as provided by the General Appropriations Act, and (2) the number of limited English proficiency students enrolled in the ESL or special language program multiplied by 25 percent of the bilingual education per pupil allocation. A district's bilingual education or special language allocation may be used for program and pupil evaluation and equipment, instructional materials and equipment, staff development, supplemental staff expenses, and other supplies required for quality instruction.

(b) The cost of transporting bilingual education and special language program students from one campus to another within a district or from a sending district to an area vocational school or to an approved post-secondary institution under a contract for instruction approved by the agency shall be reimbursed based on the number of actual miles traveled times the district's official extracurricular travel per mile rate as set by their local board of trustees and approved by the agency.

(c) The Foundation School Fund Budget Committee shall consider all amounts required for the operation of bilingual education and special language programs in estimating the funds needed for purposes of the Foundation School Program.

[Amended by Acts 1981, 67th Leg., p. 2138, ch. 498, § 1, eff. Sept. 1, 1981.]

#### § 21.461. Compliance

(a) The legislature recognizes that compliance with this subchapter is an imperative public necessity. Therefore, pursuant to the policy of the state, the agency shall monitor school district compliance with the state rules by inspecting each school district on site at least every three years.

(b) The areas to be monitored include:

- (1) program content and design;
- (2) program coverage;

(3) identification procedures;

(4) classification procedures;

(5) staffing;

(6) learning materials;

(7) testing materials;

(8) reclassification of students for either entry into regular classes conducted exclusively in English or for reentry into a bilingual education or special language program; and

(9) activities of the language proficiency assessment committee.

(c) Not later than the 30th day after the date of an on-site monitoring inspection, the agency shall report its findings to the school district and to the division of accreditation.

(d) The agency shall notify a school district found to be in noncompliance in writing not later than the 30th day after the date of the on-site monitoring. The district shall take immediate corrective action.

(e) If a school district fails to or refuses to comply after proper notification, the agency shall apply sanctions, which may include removal of accreditation, loss of foundation school funds, or both.

[Added by Acts 1981, 67th Leg., p. 2138, ch. 498, § 1, eff. Sept. 1, 1981.]

#### § 21.462. Language Proficiency Assessment Committees

(a) The State Board of Education by rule shall require districts that are required to offer bilingual education and special language programs to establish a language proficiency assessment committee.

(b) Each committee shall be composed of members including but not limited to a professional bilingual educator, professional transitional language educator, a parent of a limited English proficiency student, and a campus administrator.

(c) The language proficiency assessment committee shall:

(1) review all pertinent information on limited English proficiency students, including the home language survey, the language proficiency tests in English and the primary language, each student's achievement in content areas, and each student's emotional and social attainment;

(2) make recommendations concerning the most appropriate placement for the educational advancement of the limited English proficiency student after the elementary grades;

(3) review each limited English proficiency student's progress at the end of the school year in order to determine future appropriate placement;

(d) The State Board of Education by rule may prescribe additional duties for language proficiency assessment committees.

[Added by Acts 1981, 67th Leg., p. 2138, ch. 498, § 1, eff. Sept. 1, 1981.]

**§ 21.463. Appeals**

A parent of a student enrolled in a district offering bilingual education or special language programs may appeal to the commissioner of education under Section 11.13 of this code if the district fails to comply with the requirements of law or the rules of the State Board of Education. If the parent disagrees with the placement of the student in the program, he or she may appeal that decision to the local board of trustees. Appeals shall be in accordance with procedures adopted by the State Board of Education consistent with the appeal of contested cases under the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes).

### § 23.022. Districts With Fewer Than 150 Students

(a) In accordance with this section, an independent school district with fewer than 150 students in gross average daily attendance may be governed by a board of three or five trustees.

(b) If at least 10 percent of the registered voters of the district sign and present to the board a petition requesting submission to the voters of the proposition that the district be governed by a board of three trustees or by a board of five trustees, the board shall order the proposition placed on the ballot at the next regular school board election. The petition must be presented before the 25th day preceding the election at which the proposition is to be submitted and must specify the number of trustees sought to govern the district.

(c) The board of trustees on its own motion may order by resolution that the proposition that the district shall be governed by a board of three trustees or by a board of five trustees be placed on the ballot at the next regular school board election. The order must be entered before the 25th day preceding the election at which the first three-member or five-member board is to be elected.

(d) Approval of the proposition is by majority vote. If the proposition is approved, the district shall be governed by a board of three or five trustees, as applicable, beginning with the next following regular school board election.

(e) At the first election following approval of a proposition, that the district shall be governed by a board of three or five trustees, all positions on the board shall be filled. If the board is to be composed of three trustees, the trustees then elected shall draw lots so that one member shall serve for a term of one year, one shall serve for a term of two years, and one shall serve for a term of three years. If the board is to be composed of five trustees, the trustees then elected shall draw lots so that one member will serve for a term of one year, two shall serve for terms of two years, and two shall serve for terms of three years. Thereafter, one or two members, as applicable, shall be elected annually to a term of three years.

(f) In an independent school district with a board of three trustees or a board of five trustees, the ballot shall be prepared and the election shall be conducted in the same manner as provided by this chapter for other independent school districts.

(g) An independent school district that adopts a three-member or a five-member board of trustees as provided by this section shall remain governed by a board of that size even if the gross average daily attendance increases to 150 or more students. If the attendance so increases, the membership of the board may be increased to seven members in the manner provided for special law districts under Section 23.021 of this code.

[Added by Acts 1979, 66th Leg., p. 1786, ch. 725, § 1, eff. Aug. 27, 1979.]

### § 23.023. Districts With 66,000 or More Scholastics

(a) Any independent school district, whether created by special or general law, with 66,000 or more students in average daily attendance for the 1975-1976 school year or thereafter shall be under the management and control of a board of nine trustees elected in accordance with the provisions of this section.

(b) At all elections held after December 31, 1977, seven members of the board of trustees shall be elected by the qualified voters of single-member districts and two members, who shall be the president and vice-president of the board, shall be elected at large.

(c) At least 120 days before the school board election to be held in April, 1978, the board shall divide the school district into seven trustee districts which are compact, contiguous, and contain as nearly as practicable an equal population according to the last preceding federal decennial census.

(d) Except as provided for the initial election under single-member districts, a candidate seeking to represent a trustee district must reside in the district he seeks to represent, and vacates his office if he ceases to reside in that district. A candidate for president or vice-president may seek election to only one position and shall be designated on the official ballot according to the position for which he seeks election. A candidate for president or vice-president must reside in the school district, and vacates his office if he ceases to reside in the district.

(e) The candidate receiving a majority of the votes cast in each position is elected. If no candidate receives a majority of the votes cast for that position, the board shall order a runoff to be held on the third Saturday in April immediately following the first election, and only the names of the two candidates receiving the highest number of votes in the first election shall be listed on the ballot. The candidate receiving the majority of the votes cast in the runoff election is elected.

(f) A member of the board may resign his position to seek election to the office of president or vice-president.

(g) At least 120 days before an election to be held in the second year following the calendar year in which the federal decennial census is taken, the board shall redivide the district into seven trustee districts if the census data indicate that the population of the most populous district exceeds the population of the least populous district by more than 10 percent.

(h) In districts with seven board members on January 1, 1978, members of the board serving on that date shall serve for the remainder of their terms, except those choosing to resign. At the election held in April, 1978, four members shall be elected—the president, vice-president, and two regular members. The president and vice-president then elected shall

serve for a term of two years. The other two members then elected shall draw lots so that one will serve for a term of two years, and one will serve for a term of four years. The five members of the board holding the offices for which there was no election shall draw lots to determine which trustee district they will represent during the remainder of their terms. Thereafter, all members shall be elected to staggered terms of four years.

(i) A school district having 66,000 or more students in average daily attendance for the 1975-1976 school year or thereafter which has previously adopted single-member district representation may continue to operate under that plan.

(j) This section does not apply to a district with 66,000 or more students in average daily attendance for the 1975-1976 school year or thereafter all or part of which is located in a city with a population of between 600,000 and 700,000 according to the 1970 federal census.

(k) A school district with less than 66,000 students in average daily attendance for the 1975-1976 school year that later becomes subject to this section shall begin electing trustees from single-member districts in accordance with this section no later than the first regular election following the next calendar year in which the federal census is taken. A school district subject to this section whose average daily attendance drops below 66,000 students shall continue to be governed by this section.

[Added by Acts 1977, 65th Leg., p. 2134, ch. 852, § 1, eff. Aug. 29, 1977.]

Section 2 of the 1977 Act provides:  
 "If any provision of this Act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable."

Section 3 of the 1977 Act, the emergency clause, provides in part:  
 "The legislature finds:

"(1) that in the school districts with the largest number of students, the at-large election of all members of the board of trustees increases the number of constituents represented by each trustee and hinders communication between the trustee and the constituents, and therefore makes the representation of those constituents less effective;

"(2) that in the school districts with the largest number of students, the at-large election of all members of the board of trustees may work to dilute the voting power of identifiable ethnic groups;

"(3) that in structuring solutions to the dilution of ethnic group voting power, the federal courts have decided that preference should be given to some form of single-member district representation; and

"(4) that the need for increasing the effectiveness of political representation, preserving the voting power of all ethnic groups, complying with the preference for single-member district representation, and assuring the participation of all people in the political process creates an emergency " " " "

**§ 23.03. Application to Get on Ballot**

(a) Applications of candidates for a place on the ballot shall be filed not less than 30 days prior to the day of the election, and no candidate shall have his name printed on said ballot unless there has been compliance with the provisions of this section.

(b) Candidates for office of trustee of an independent school district must file their applications with the secretary of the school board of trustees.

(c) In those districts in which the positions on the board of trustees are authorized to be designated by number, as provided in Section 23.11 of this code, each applicant shall also state the number of the

position for which he is filing as candidate. No candidate shall be eligible to have his name placed on the official ballot under more than one position to be filled at such election.

(d) In those districts in which the positions on the board of trustees are not authorized to be designated by number, it shall not be necessary for an applicant to state which other candidate, if any, he is opposing. **§ 23.06. Ballots**

(a) Ballots for the election of school trustees for independent school districts shall be prepared as ordered by the trustees of the district and must fulfill the requirements of this section.

(b) The ballots must be of uniform style and dimension and must be of the stub type provided for in the general election laws.

(c) The ballots must be printed with black ink on clear white paper of sufficient thickness to prevent the marks thereon from being seen through the paper.

(d) The ballots shall have printed at the top, "Official Ballot, \_\_\_\_\_ Independent School District," specifying the name of the school district.

(e) The names of all eligible persons who have properly qualified as candidates for school trustee of the district shall be included, and if the positions on the board are designated by number as provided in Section 23.11 of this code, the position for which each person is a candidate shall be clearly shown. [Amended by Acts 1978, 65th Leg., 2nd C.S., p. 16, ch. 7, § 7, eff. Aug. 14, 1978.]

**§ 23.10. Returns; Canvass**

The election returns certified to by the election officers shall be made to the board of school trustees which shall canvass the returns, declare the results of the election, and issue certificates of election to the persons shown to be elected.

[Amended by Acts 1978, 65th Leg., 2nd C.S., p. 16, ch. 7, § 8, eff. Aug. 14, 1978.]

**§ 23.11. Election by Position**

[See Compact Edition, Volume 1 for Text of (a) and (b)]

(c) The positions on the board of trustees shall be designated by number in any independent school district in which the board of trustees, by appropriate action as specified below, orders that all candidates for trustee be voted upon and elected separately for positions on the board of trustees and that all candidates be designated on the official ballot according to the number of the positions for which they seek election.

For purposes of this paragraph "government obligations" means any of the following which at the time of investment are legal investments under the laws of the state for the monies proposed to be invested therein:

(e) An individual who is 18 years of age or over who has come from outside Texas and who is gainfully employed in Texas for a 12-month period immediately preceding registration in an educational institution shall be classified as a resident student as long as he continues to maintain a legal residence in Texas.

The nonresident junior college student described in this section shall pay an amount equivalent to the amount charged a Texas student registered at a similar school in the state in which the nonresident student resides. The nonresident student described in this section shall pay equivalent fees and charges to those charged Texas students registered at a similar institution in the state in which the nonresident student resides, when such student registers at a Texas public senior upper level (those institutions offering only junior, senior, and graduate level programs) institution of higher education located within the Texas public junior college district from which the nonresident student has graduated or completed 45 semester credit hours.

§ 54.062. **Tuition Limit in Cases of Concurrent Enrollment**

When a student registers at more than one public institution of higher education at the same time, his tuition charges shall be determined in the following manner:

(1) The student shall pay the full tuition charge to the first institution at which he is registered; and in any event he shall pay an amount at least equal to the minimum tuition specified in this code.

(2) If the minimum tuition specified in this code for the first institution at which the student is registered is equal to or greater than the minimum tuition specified in this code for the second institution at which the student is registered concurrently, the student shall not be required to pay the specified minimum tuition charge to the second institution in addition to the tuition charge paid to the first institution, but shall pay only the

hourly rates, as provided in this code, to the second institution.

(3) If the minimum tuition specified in this code for the first institution at which the student is registered is less than the specified minimum tuition charge at the second institution (that is, if the second institution has a higher minimum tuition charge specified in this code), then the student shall first register at the institution having the lower minimum tuition and shall pay to the second institution only the amount equal to the difference between his total tuition charge at the second institution and his total tuition charge at the first institution, but in no case shall the student pay to the second institution less than the hourly rates as provided in this code.

(4) If a student is considered to be a Texas resident and therefore qualified to pay Texas resident tuition rates by one institution at which he is registered, that student shall be considered a Texas resident at each of the institutions at which he is concurrently registered for the purposes of determining the proper tuition charges. Nothing in this subsection shall be so construed as to allow a nonresident to pay resident tuition except at institutions covered by Section 54.060 of this code.

[Added by Acts 1977, 65th Leg., p. 21, ch. 7, § 1, eff. March 3, 1977.]

#### SUBCHAPTER E. OTHER FEES AND DEPOSITS

#### § 54.503. Student Service Fees

(a) For the purposes of this section, "student services" means activities which are separate and apart from the regularly scheduled academic functions of the institution and directly involve or benefit students, including textbook rentals, recreational activities, health and hospital services, medical services, automobile parking privileges, intramural and intercollegiate athletics, artists and lecture series, cultural entertainment series, debating and oratorical activities, student publications, student government, and any other student activities and services specifically authorized and approved by the governing board of the institution of higher education. The term does not include services for which a fee is charged under another section of this code.

(b) The governing board of an institution of higher education may charge and collect from students registered at the institution fees to cover the cost of student services. The fee or fees may be either voluntary or compulsory as determined by the governing board. The total of all compulsory student services fees collected from a student for any one semester or summer session shall not exceed \$60. All compulsory student services fees charged and collected under this section by the governing board of an institution of higher education, other than a public junior college, shall be assessed in proportion to the number of semester credit hours for which a student registers. No fee for parking services or facilities may be levied on a student unless the student desires to use the parking facilities provided.

[See Compact Edition, Volume 1 for text of (c) to (f)]

(g) Prior to recommending student fee raises to the governing board, the president of each institution may duly consider the recommendations of a student fee advisory committee. Other committee members from the staff and faculty may be included and selected as the president sees fit. The regents may duly consider the matter of raising student fees

in open meeting. Along with his own recommendations, the president may make known to the Board of Regents the student fee committee's recommendations. If the decision of the board differs from that of the student fee committee, the president may deliver to the student fee committee a written explanation of the board's decision within 30 days of that decision.

(a) For the purposes of this section "mandatory student services fees" means health and hospital services, intramural and intercollegiate athletics, student union, shuttle bus service, and any other student activities and services specifically authorized, approved, and mandated by the appropriate governing body, and "concurrent enrollment" means enrollment in joint or cooperative programs involving two or more institutions within a college or university system.

(b) When a student registers at more than one public institution of higher education within a college or university system under concurrent enrollment provisions of joint or cooperative programs between said institutions, the student shall pay all mandatory student services fees to the institution designated as the "home institution" under the joint or cooperative program and the governing board may waive the payment of all mandatory student services fees at the other institution(s).

**CHAPTER 55. FINANCING PERMANENT IMPROVEMENTS**

**SUBCHAPTER B. REVENUE BONDS AND FACILITIES**

**§ 55.16. Rentals, Rates, Charges, and Fees**

Each board shall be authorized to fix and collect rentals, rates, charges, and/or fees from students and others for the occupancy, services, use, and/or availability of all or any of its property, buildings, structures, activities, operations, or other facilities, in such amounts and in such manner as may be determined by the board; provided, however, that all student use fees shall be fixed and collected in

proportion to the number of semester credit hours for which a student registers, and shall not exceed \$6 per semester hour, except that those schools charging more than \$6 per semester hour as of May 1, 1975, shall not exceed the amount being charged as of that date, and except that the legislature may specifically authorize individual boards to levy fees in excess of the \$6 limit set herein. The board may waive all or any part of any such student use fees in the case of any student for whom the payment of such student use fee would cause an undue economic hardship, except that the number of such students for whom such waivers are granted shall not exceed 5% of the total enrollment; and further provided that nothing in this section shall affect, limit, or impair any pledge, covenant, or option made or reserved by the board with respect to any revenue bonds outstanding as of the 1975 amendment to this section, issued by the board pursuant to this chapter; and provided that hereafter if bonds are issued pursuant to Section 55.17 of this code, to be secured by a pledge of a limited or unlimited use fee, and if, at the time of authorizing the issuance of the bonds, (1) the estimated maximum amount per semester hour of such pledged use fee (based on then current enrollment and conditions) during any future semester necessary to provide for the payment of the principal of and interest on the bonds when due, together with (2) the aggregate amount of all use fees which were levied on a semester hour basis for the then current semester to pay the principal of and interest on all previously issued bonds, do not exceed \$6 per semester hour, then such limited or unlimited use fee shall be levied and collected when and to the extent required by the resolution authorizing the issuance of the bonds in any amount required to provide for the payment of the principal of and interest on the bonds, regardless of any other provision of this section or the limitations contained herein.

**§ 55.171. Specific Institutions**

[See Compact Edition, Volume 1 for text of (a)]

(b) The board of directors of the Texas A & M University System may acquire, purchase, construct, improve, enlarge, and equip property, buildings, structures, and facilities for Texas A & M University at Galveston, and for these purposes may issue revenue bonds pursuant to this subchapter. The board may pledge irrevocably to the payment of these revenue bonds all or any part of the aggregate amount of student tuition charges required or authorized by law to be imposed on students enrolled at Texas A & M University and Texas A & M University at Galveston; and the amount of any pledge so made shall never be reduced or abrogated while the bonds are outstanding. However, the tuition charges shall not be pledged pursuant to the authority granted by this subsection except to the payment

of bonds issued in an aggregate principal amount not to exceed \$7.5 million for the purpose of providing funds to acquire, purchase, construct, improve, enlarge, and equip property, buildings, structures, and facilities for Texas A & M University at Galveston.

The legislature, giving due consideration to the historical and continuing interest of the people of the State of Texas in encouraging deserving and qualified persons to realize their aspirations for education beyond high school finds and declares that postsecondary education for those who desire such an education and are properly qualified therefor is important to the welfare and security of this state and the nation and, consequently, is an important public purpose. SUBCHAPTER A. GENERAL PROVISIONS

§ 57.01. Declaration of Policy

The legislature, giving due consideration to the historical and continuing interest of the people of the State of Texas in encouraging deserving and qualified persons to realize their aspirations for education beyond high school, finds and declares that postsecondary education for those who desire such an education and are properly qualified therefor is important to the welfare and security of this state and the nation and, consequently, is an important public purpose. The legislature finds and declares that the state can achieve its full economic and social potential only if every individual has the opportunity to contribute to the full extent of his or her capabilities and only when financial barriers to his or her economic, social, and educational goals are removed. It is, therefore, the purpose of this chapter to establish a guaranteed student loan program to enable qualified students to receive a postsecondary education.

CHAPTER 58. COMPENSATION OF RESIDENT PHYSICIANS

Section	
58.001.	Legislative Finding and Intent.
58.002.	Definitions.
58.003.	Authorization for Legislative Appropriations of Funds; Conditions Regarding Those Funds.
58.004.	Contingent Arrangement in the Event of Insufficient Funds.
58.005.	Appointment of Resident Physicians Under Certain Conditions.

§ 58.001. Legislative Finding and Intent

(a) The legislature finds that it will improve the quality of the delivery of medical care to the citizens of this state and, therefore, that it will be in the public interest of this state for the resident physicians being educated, trained, developed, and prepared for a career in medicine by the schools of medicine in The University of Texas System, the Texas

Tech University Health Sciences Center, the Texas A & M University Medical Program, and the Texas College of Osteopathic Medicine to be compensated by those schools while the resident physicians are undergoing education, training, development, and preparation. The legislature further finds that the delivery of quality medical care to the citizens of this state has been and will continue to be enhanced by the expansion of family practice residency programs as provided by Sections 61.501 through 61.505 of this code and intends that nothing in this chapter be interpreted or implemented in a manner that will deter the development or expansion of family practice residency programs or will deter the legislative goal of having at least 25 percent of the first-year residency positions devoted to family medicine.

(b) Beginning September 1, 1981, and subject to the provisions of Section 58.003 of this code, each resident physician being educated, trained, developed, and prepared for a career in medicine by an accredited school of medicine in the schools listed in Subsection (a) of this section shall be compensated by that school while the person is undergoing education, training, development, and preparation at or under the direction and supervision of the school. [Added by Acts 1981, 67th Leg., p. 3245, ch. 855, § 1, eff. Aug. 31, 1981.]

§ 58.002. Definitions

(a) In this chapter:

(1) "Resident physician" means a person who is appointed a resident physician by one of the schools of medicine listed in Section 58.001 of this code and who:

(A) has received a Doctor of Medicine or a Doctor of Osteopathic Medicine degree from the Baylor College of Medicine or from one of the schools listed in Section 58.001 of this code; or

(B) is a citizen of Texas and has received a Doctor of Medicine or a Doctor of Osteopathic Medicine degree from some other school of medicine that is accredited by the Liaison Committee on Medical Education or by the Bureau of Professional Education of the American Osteopathic Association.

(2) "Primary teaching hospital" means a hospital at which one of the schools listed in Section 58.001 of this code educates and trains both resident physicians and undergraduate medical students.

(3) "Compensation" includes stipends; payments, if any, for services rendered; and fringe benefits when applied to payments to or for the benefit of resident physicians.

(b) A person may not be considered a resident physician for a period of time longer than is ordinarily and customarily required for a resident physician to complete a graduate medical specialty program approved by the Accrediting Council on Graduate Medical Education or the American Osteopathic As-

sociation for the specialty in which the resident physician seeks certification as a diplomate and to obtain the certification from the appropriate board or agency approved by the American Board of Medical Specialties or the American Osteopathic Association.

(c) Notwithstanding the provisions of Subsection (b) of this section, a person may not be considered a resident physician under this Act for a period of time longer than four years.

(d) The total number of the first-year resident physicians compensated under this chapter and Sections 61.097 through 61.099 of this code may not exceed the combined total number of persons in the previous year's graduating classes of the schools listed in Section 58.001 of this code and the Baylor College of Medicine. Each school shall give priority consideration to applicants who demonstrate a willingness to practice in medically underserved areas of Texas.

(e) It is the intent of this chapter that eventually at least 50 percent of the first-year resident physicians appointed by medical schools shall be in the primary care areas of family medicine, internal medicine, pediatrics, geriatrics, and obstetrics/gynecology, with 25 percent of those residents in family practice.

[Added by Acts 1981, 67th Leg., p. 3245, ch. 855, § 1, eff. Aug. 31, 1981.]

**§ 58.003. Authorization for Legislative Appropriations of Funds; Conditions Regarding Those Funds**

(a) Beginning September 1, 1981, each accredited school listed in Section 58.001 of this code is entitled to receive funds appropriated by the legislature in an amount not to exceed \$15,000 in any fiscal year for each resident physician appointed by the school as a resident physician for that year. Money appropriated under this chapter may not be transferred from the resident physicians program.

(b) If a resident physician under this chapter does not perform in that appointed capacity during an entire fiscal year, the compensation paid to the person by the school shall be reduced proportionately to cover only the part of the fiscal year during which the performance is actually rendered.

(c) If any resident physician under this chapter is compensated by an agency or institution of the federal government or by any other agency or institution other than a primary teaching hospital for the person's performance as a resident physician, the compensation that would otherwise be paid to the person by the school shall be reduced by the amount of the compensation actually received by the person from the agency or institution. If a school under this chapter receives from an agency or institution of the federal government or from any other agency or institution other than a primary teaching hospital compensation for the performance of resident physicians' duties by any of the school's resident physi-

cians to or for the benefit of the agency or institution, to the extent of the compensation actually received by the school, the school is prohibited from spending funds appropriated under this chapter that would otherwise be available to pay the same resident physicians for the performance of the same resident physician duties.

(d) If a school covered by this chapter receives from the Coordinating Board, Texas College and University System, a sum granted for the education, training, development, and preparation of the school's family practice resident physicians, to the extent of the sum actually received by the school, the school is prohibited from spending funds appropriated under this chapter that would otherwise be available to pay the same family practice resident physicians for the same education, training, development, and preparation.

(e) To the extent that The University of Texas Medical Branch at Galveston receives legislative appropriations under this chapter for the education and training of resident physicians, that school may not receive legislative appropriations in any other state appropriation act for the education and training of the same resident physicians in the same fiscal year.

[Added by Acts 1981, 67th Leg., p. 3245, ch. 855, § 1, eff. Aug. 31, 1981.]

Section 3 of the 1981 Act provided:

"The 67th Session of the Texas Legislature [1981] shall appropriate no funds for this legislation but may authorize the use of federal block grant funds if such funds become available."

**§ 58.004. Contingent Arrangement in the Event of Insufficient Funds**

Notwithstanding any other provisions of this chapter, if at any time a school under this chapter determines that it does not have sufficient available funds from legislative appropriations and other sources to support adequately the full number of resident physicians that the school deems to be required in order to provide the delivery of the best possible medical care to the citizens of this state, the school may assign and place for education and training in any hospital or hospitals with which the school has a resident physician affiliation agreement any of its resident physicians that cannot be supported adequately from the funds available for that purpose. During the period for which a resident physician is assigned and placed in a hospital or hospitals under the terms of this section, the resident physician shall directly or indirectly receive all or the primary portion of his or her compensation from the hospital or hospitals just as has been ordinarily and customarily done before the adoption of this chapter. The exact method and manner of compensating the resident physician shall be set forth in the resident physician affiliation agreement entered into between the school and the hospital or hospitals.

**§ 61.096. Restrictions: Medical School Admission Policies**

As a restriction of the authority granted to the Coordinating Board by Sections 61.092 and 61.093 of this Code, no contract shall be entered into with the Baylor College of Medicine until the Baylor College of Medicine promulgates appropriate rules and regulations pertaining to the admission of students to medical schools under its jurisdiction which will provide for admission of those students to its entering class each year who are equally or as well qualified as all other students, and who have entered a contract with or received a commitment for a stipend, grant, loan or scholarship from the State Rural Medical Education Board. The State Rural Medical Education Board may contract with medical students providing for such students to engage in a general or family practice of medicine for not less than four years after licensing and a period of medical residency, as determined by the rules and regulations established by the State Rural Medical Education Board, in cities of Texas which have a population of less than 5,000 or in rural areas, as that term may be defined by the State Rural Medical Education Board, and said Board is hereby given the authority to define and from time to time redefine the term rural area, at the time the medical practice is commenced. This contract shall provide for a monthly stipend of at least \$100 to be granted by the State Rural Medical Education Board to each person under contract with the State while enrolled as a medical school student.

All of the terms and provisions of this Act are to be liberally construed to effectuate the purposes, powers, rights, functions, and authorities herein set forth."

**§ 61.097. Contracts with Respect to Resident Physicians**

(a) The board shall contract with the Baylor College of Medicine for the administration, direction, and performance of services necessary or proper to

the education, training, development, and preparation of resident physicians for a career in medicine. Included in those services shall be the payment and furnishing by the medical school to the resident physicians of all compensation that has previously been paid or furnished by the hospital or hospitals in which the resident physicians have been educated and trained.

(b) In Sections 61.097 and 61.098 of this code:

(1) "Resident physician" means a person who is appointed a resident physician by the Baylor College of Medicine and who:

(A) has received a Doctor of Medicine or a Doctor of Osteopathic Medicine degree from the Baylor College of Medicine or from one of the schools of medicine listed in Section 58.001 of this code; or

(B) is a citizen of Texas and has received a Doctor of Medicine or a Doctor of Osteopathic Medicine degree from some other school of medicine that is accredited by the Liaison Committee on Medical Education or by the Bureau of Professional Education of the American Osteopathic Association.

(2) "Primary teaching hospital" is a hospital at which the Baylor College of Medicine educates and trains both resident physicians and undergraduate medical students.

(3) "Compensation" includes stipends; payments, if any, for services rendered; and fringe benefits when applied to payments to or for the benefit of resident physicians.

(c) A person may not be considered a resident physician for a period of time longer than is ordinarily and customarily required for a resident physician to complete a medical specialty program approved by the Accrediting Council on Graduate Medical Education for the specialty in which the resident physician seeks certification as a diplomate and to obtain the certification from the appropriate board or agency approved by the American Board of Medical Specialties.

(d) Notwithstanding the provisions of Subsection (c) of this section, a person may not be considered a resident physician under this section for a period of time longer than four years.

(e) The total number of the first-year resident physicians compensated under this section and Chapter 58 of this code may not exceed the combined total number of persons in the previous year's graduating classes of the schools listed in Section 58.001 of this code and the Baylor College of Medicine. The Baylor College of Medicine shall give priority consideration to applicants who demonstrate a willingness to practice in medically underserved areas of Texas.

(f) It is the intent of this section that eventually at least 50 percent of the first-year resident physicians appointed by medical schools shall be in the primary care areas of family medicine, internal medicine,

pediatrics, geriatrics, and obstetrics/gynecology, with 25 percent of those residents in family practice.

(g) In the exercise of the authority under Subsection (a) of this section, the board shall disburse to the Baylor College of Medicine, out of funds appropriated by the legislature to the board for that purpose, an amount not to exceed \$15,000 per fiscal year of disbursement for each resident physician appointed by the school for that year. The board shall establish, by contract with the Baylor College of Medicine, the method by which the disbursement shall be accomplished. The funds authorized by this section are separate from and in addition to the funds authorized in Sections 61.092 and 61.093 of this code.

[Added by Acts 1981, 67th Leg., p. 3248, ch. 855, § 2, eff. Aug. 31, 1981.]

Section 3 of the 1981 Act provided:

"The 67th Session of the Texas Legislature [1981] shall appropriate no funds for this legislation but may authorize the use of federal block grant funds if such funds become available."

#### § 61.098. Contract Provisions

(a) Notwithstanding the provisions of Section 61.092 of this code, the board shall include in the contract that it makes with the medical school under Section 61.097 of this code provisions that will effectuate the terms and conditions provided in this section.

(b) The money appropriated to the board and disbursed to the Baylor College of Medicine under Section 61.097 of this code shall be spent by the school exclusively for the education, training, development, and preparation of resident physicians for a career in medicine.

(c) If a resident physician does not perform in that capacity during an entire fiscal year of disbursement, the compensation paid to the person by the medical school shall be reduced proportionately to cover only the part of the fiscal year during which such performance is actually rendered.

(d) If a resident physician is compensated by an agency or institution of the federal government or by any other agency or institution other than a primary teaching hospital on account of the person's performance as a resident physician, the compensation that would otherwise be paid to the person by the medical school shall be reduced by the amount of the compensation actually received by the person from such agency or institution. If the medical school receives from an agency or institution of the federal government or from any other agency or institution other than a primary teaching hospital compensation for the performance of resident physicians' duties by any of the school's resident physicians to or for the benefit of such agency or institution to the extent of the compensation actually received by the medical school, the school is prohibited from spending funds that are appropriated and disbursed under Section 61.097 of this code and that would otherwise be available to pay the same resi-

dent physicians for the performance of the same resident physician duties.

(e) If the medical school receives from the Coordinating Board, Texas College and University System, a sum granted for the education, training, development, and preparation of the school's family practice resident physicians, to the extent of the sum actually received by the medical school, the school is prohibited from spending funds that are appropriated and disbursed under Section 61.097 of this code and that would otherwise be available to pay the same family practice resident physicians for the same education, training, development, and preparation.

(f) If at any time the medical school determines that it does not have sufficient available funds from legislative appropriations and other sources to support adequately the full number of resident physicians that the school deems to be required in order to provide the delivery of the best possible medical care to the citizens of this state, the school may assign and place for education and training in any hospital or hospitals with which the school has a resident physician affiliation agreement any of its resident physicians that cannot be supported adequately from the funds available for that purpose. During the period for which a resident physician is assigned and placed in a hospital or hospitals under this subsection, the resident physician shall directly or indirectly receive all or a primary portion of his or her compensation from the hospital or hospitals just as has been ordinarily and customarily done before the adoption of this section. The exact method and manner of compensating the resident physician shall be set forth in the resident physician affiliation agreement entered into between the school and the hospital or hospitals.

[Added by Acts 1981, 67th Leg., p. 3248, ch. 855, § 2, eff. Aug. 31, 1981.]

**§ 61.099. Appointment of Resident Physicians Under Certain Conditions**

Notwithstanding any other provisions of Sections 61.097 and 61.098 of this code, if at any time the medical school determines that it cannot provide one of its primary teaching hospitals with resident physicians who qualify under Subdivision (1) of Subsection (b) of Section 61.097 of this code in sufficient quantity or kind to meet the standard that the medical school deems necessary in order to provide the delivery of the best possible medical care to the citizens of this state, until the medical school is able to provide the hospital with a sufficient quantity and kind of resident physicians who do qualify, the medical school may appoint, to be educated and trained in the hospital, resident physicians who are not citizens of Texas but otherwise qualify under Subdivision (1) of Subsection (b) of Section 61.097 of this code and may compensate the resident physicians as if they did qualify under the provisions of that section.

**SUBCHAPTER F. TUITION EQUALIZATION GRANT**

**§ 61.225. Qualifications For Grant**

To be eligible for a tuition equalization grant, a person must:

(1) be a Texas resident as defined by the coordinating board and meet, at a minimum, the resident requirements defined by law for Texas resident tuition in fully state-supported institutions of higher education;

(2) be enrolled for at least one-half of a full course load conforming to an individual degree plan in an approved college or university;

**§ 61.227. Payment of Grant; Amount**

[See Compact Edition, Volume 1 for text of (a) and (b)]

(c) In no event shall a tuition equalization grant paid pursuant to this subchapter in behalf of any student during any one fiscal year exceed an amount equal to 50 percent of the average state appropriation in the biennium preceding the biennium in which the grant is made for a full-time student or the equivalent at public senior colleges and universities, as determined by the board. A grant to a part-time student shall be made on a pro-rata basis of a full-time equivalent.

[Amended by Acts 1979, 66th Leg., p. 93, ch. 56, § 2, eff. Aug. 27, 1979.]

**SUBCHAPTER G. REGULATION OF PRIVATE DEGREE-GRANTING INSTITUTIONS OF HIGHER EDUCATION**

**§ 61.301. Purpose**

It is the policy and purpose of the State of Texas to prevent deception of the public resulting from the conferring and use of fraudulent or substandard college and university degrees; it is also the purpose of this subchapter to regulate the use of academic terminology in naming or otherwise designating educational institutions, the advertising, solicitation or representation by educational institutions or their agents, and the maintenance and preservation of essential academic records. Because degrees and

equivalent indicators of educational attainment are used by employers in judging the training of prospective employees, by public and private professional groups in determining qualifications for admission to and continuance of practice, and by the general public in assessing the competence of persons engaged in a wide range of activities necessary to the general welfare, regulation by law of the evidences of college and university educational attainment is in the public interest. To the same end the protection of legitimate institutions and of those holding degrees from them is also in the public interest. [Added by Acts 1975, 64th Leg., p. 1867, ch. 587, § 1, eff. June 19, 1975.]

### § 61.302. Definitions

[Added by Acts 1975, 64th Leg., p. 1867, ch. 587, § 1, eff. June 19, 1975. Amended by Acts 1981, 67th Leg., p. 2729, ch. 745, § 1, eff. June 16, 1981.]

(B) is a candidate for accreditation by a recognized accrediting agency on the effective date of this Act, so long as the institution maintains candidacy status or subsequently is fully accredited.

(2) an institution whose graduates are subject to licensure by an agency of the State of Texas prior to their engaging in professions directly related to their course of study.

(d) An exempt institution or person would continue in that status only so long as it maintained accreditation standards acceptable to the board.

(e) The board shall provide for due process and procedures for revoking the exemption status of an institution or person.

(f) A private institution of higher education may not establish or operate a branch campus, extension center, or other off-campus unit in Texas except as provided by Subsection (g) of this section or as provided under the rules of the board.

by the board in accordance with the provisions of this subchapter. No person may represent that credits earned or granted by that person or institution are applicable for credit toward a degree to be granted by some other person or institution except under conditions and in a manner specified and approved by the board. The board is empowered to specify and regulate the manner, condition, and language used by an institution or person or agents thereof in making known that the person or institution holds a certificate of authority and the interpretation of the significance of such certificate.

[Added by Acts 1975, 64th Leg., p. 1867, ch. 587, § 1, eff. June 19, 1975.]

**§ 61.305. Application for Certificate of Authority**

(a) A private institution of higher education may apply to the board for a certificate of authority to grant a degree in a specified program of study on application forms provided by the board.

(a) Royalty as stipulated in the sale shall be paid to the Board of Regents of The University of Texas System at Austin, Texas, for the benefit of the university permanent fund as provided in this section.

(1) Royalty on oil is due and payable on or before the fifth day of the second month succeeding the month of production, and royalty on gas is due and payable on or before the 15th day of the second month succeeding the month of production.

(2) Royalty payments shall be accompanied by:

(a) an affidavit of the owner, manager, or other authorized agent completed in the form and manner required by the Board of Regents of The University of Texas System and showing the gross amount and disposition of all oil and gas produced and the market value of the oil and gas;

(b) a copy of all documents, records, or reports confirming the gross production, disposition, and market value, including gas meter readings, pipeline receipts, gas line receipts, and other checks or memoranda of amount produced and put into pipelines, tanks, pools, and gas lines or gas storage;

(3) The lessee has the responsibility for paying royalties or having royalties paid by the date provided for payment in this section.

Payment of this penalty in no way operates to prohibit the state's right of forfeiture as provided by law and does not postpone the date on which royalties were originally due. The penalty does not apply in cases of title dispute as to the state's portion of the royalty or to that portion of the royalty in dispute as to fair market value. Except as provided in Subsection (g), Section 66.68 of this code, royalty payments shall be made in cash by bank draft drawn on a state or national bank in Texas, by a post-office or express money order, or in any other form that the law may provide for making payments to the State Treasury and are payable to the Board of Regents of The University of Texas System.

Section 4 of the 1981 amendatory act provides:

"All references to and appropriations for the Texas Maritime Academy and Moody College of Marine Sciences and Maritime Resources, sometimes referred to as Moody College, apply to Texas A & M University at Galveston."

§ 87.202. General Powers and Duties

The board shall:

(1) employ a superintendent of the university, who shall also be commander;

(2) employ instructors and the necessary employees and determine their number, duties, and compensation;

(3) fix the terms and conditions under which pupils shall be received, instructed, and graduated;

(4) arrange cruises to and from the harbors of Houston, Galveston, Beaumont, Port Arthur, and Corpus Christi; and

(5) establish rules and regulations for the proper management of the university.

[Amended by Acts 1981, 67th Leg., p. 3051, ch. 799, § 1, eff. June 17, 1981.]

§ 87.204. Funds, Properties, Agreements

The board may receive any funds or property that may be subscribed, loaned, or bequeathed for the organization or maintenance of the university and shall execute all necessary agreements for the faithful application of the funds or property.

[Amended by Acts 1981, 67th Leg., p. 3051, ch. 799, § 1, eff. June 17, 1981.]

§ 87.205. Fees and Charges

The fact that provision for the establishment of this university is for the primary purpose of giving students practical and technical instruction in the arts and sciences relating to the foregoing subjects, and the further fact that training in these fields will lead to immediate and remunerative employment for those who have finished the prescribed courses, make it necessary that larger fees be charged those students who enter the university than is now paid by students enrolled in state-supported institutions of higher education. Therefore, the provisions of Subchapter E, Chapter 54 of this code,<sup>1</sup> do not apply to the students enrolled in the university. The board is specifically charged with the duty of assessing such fees and charges against the students who enter the university as may be necessary to provide for the maintenance and support of the university.

(2) the territory consists of a school district or part of a school district and:

(A) is not contiguous with any junior college district;

(B) is not more than five miles from the annexing junior college district at its closest point; and

(C) is located in the same county as the annexing junior college district and the county has a population of 1,500,000 or more.

[Amended by Acts 1981, 67th Leg., p. 3056, ch. 802, § 1, eff. Aug. 31, 1981.]

#### § 130.071. Annexation of City Territory by Certain Districts

(a) A junior college district that is located within part of a city, town, or village may annex the territory included within the city, town, or village in accordance with this section if the district has a total annual income of \$25 million or less, as determined by the Coordinating Board, Texas College and University System, for the fiscal year preceding the fiscal year in which the annexation election is ordered. For purposes of this subsection, "income" means money received from any source for expenditure by the district, including appropriations, tuition, taxes, and grants.

(b) Except as provided by Subsection (k) of this section, the governing board of the junior college district shall order an election to be conducted within the boundaries of the district as changed by the proposed annexation. The order for the election shall:

(1) describe the territory to be annexed; and

(2) set a date for the election, which shall be the next uniform election date that is more than 45 days from the date of the order.

(c) The president of the board of trustees shall give notice of the election in the manner provided by law for notice by the county judge of general elections.

(d) The governing board of the junior college district shall procure the election supplies necessary to conduct the election and shall determine the quantity of the various types of supplies to be provided for use at each precinct polling place and absentee polling place.

(e) Any qualified voter residing within the boundaries of the district as changed by the proposed annexation is entitled to vote at the election.

(f) The ballot shall be printed to provide for voting for or against the proposition: "Annexation of the following territory for junior college purposes: \_\_\_\_\_", with the blank filled in with a description of the territory proposed for annexation.

(g) To be adopted, the measure must receive a favorable vote of a majority of those voting on the measure.

(h) If the measure is adopted, the governing board of the district shall enter an order declaring the result of the election and that the territory is annexed for junior college purposes. If the governing board members are elected from single-member districts, the order shall also assign the annexed territory to one or more single-member districts that are contiguous with the annexed territory.

(i) If the measure is not adopted, another election to annex the same territory may not be held earlier than one year after the date of the election in which the measure is defeated.

(j) An annexation does not affect the term of office for governing board members serving on election day.

(k) If the junior college district annexes under this section territory comprising all of a city, town, or village, the governing board by order may annex for junior college purposes any territory later annexed by the city, town, or village. The income limitation provided by Subsection (a) of this section does not apply to annexation under this subsection.

(l) A junior college district may not annex under this section territory that is included within the boundaries of another junior college district.

[See Compact Edition, Volume 1 for text of (a) to (c)]

(d) The number of members or trustees of the governing board shall be either seven or nine, in accordance with the laws applicable to the junior college district on the effective date of this code or on the date of the creation of a new district or a new board. Any seven-member board may be increased to nine, and the two additional members shall be appointed by resolution or order of the board for terms of office as prescribed in Subsection (e) of this section. Any vacancy occurring on the board through death, resignation, or otherwise, shall be filled by appointment by resolution or order of the board. If the vacancy occurs on a board whose members are elected in at-large elections, the person appointed to fill the unexpired term shall serve until the next regular election of members to the board, at which time the position shall be filled by election for a term appropriately shortened to conform with what regularly would have been the length of the term for that position. If the vacancy occurs on a board whose members are elected from single-mem-

ber districts, the person appointed to fill the unexpired term shall serve until the next regular election for that particular district. Each member of the board shall be a resident, qualified voter of the district and shall take the proper oath of office before taking up the duties thereof. Members of a board shall not receive any remuneration or emolument of office, but they shall be entitled to reimbursement for their actual expenses incurred in performing their duties, to the extent authorized and permitted by the board. The board shall elect one of its members as president of the board, and the president shall preside at meetings of said board and perform such other duties and functions as are prescribed by the board. The president of the board shall have a vote the same as the other members. The board shall elect a secretary of the board who may or may not be a member of the board, and who shall be the official custodian of the minutes, books, records, and seal of said board, and who shall perform such other duties and functions as are prescribed by the board. The board shall be authorized to elect any other officers as deemed necessary or advisable. Officers of the board shall be elected at the first regular meeting of the board following the regular election of members of the board in even-numbered years, or at any time thereafter in order to fill a vacancy. Said board shall be authorized to appoint or employ such agents, employees, and officials as deemed necessary or advisable to carry out any power, duty, or function of said board; and to employ a president, dean, or other administrative officer, and upon the president's recommendation to employ faculty and other employees of the junior college. Said board shall act and proceed by and through resolutions or orders adopted or passed by the board and the affirmative vote of a majority of all members of the board shall be required to adopt or pass a resolution or order, and the board shall adopt such rules, regulations, and bylaws as it deems advisable, not inconsistent with this section.

[See Compact Edition, Volume 1 for text of (e) to (h)]

(i) The governing board of a countywide junior or community college district that contains a city with a population of more than 800,000 residents may set the date for an election held under the provisions of this section on any day in April by a resolution adopted not less than 90 days before the date selected; provided, however, that such election may not be held on the same date as the election of the governing board of any independent school district in such county unless the election date of all independent school districts in such county is on such date. The elections in each trustee district may be conducted jointly with the elections held in April in a city or school district in the trustee district. When a runoff election is necessary, the board may order the election for a date to coincide with the date of the runoff election for city officials, if the city is holding a runoff election; otherwise, the board shall

set the date of the runoff election for not later than three weeks following the regular election. When members of the board and municipal officers are to be elected on the same day, the governing bodies of the district and the city shall enter into an agreement governing the conduct of the joint election in accordance with the provisions of Article 978b, Revised Civil Statutes of Texas, 1925, as amended. [Amended by Acts 1975, 64th Leg., p. 2035, ch. 673, § 1, eff. June 20, 1975; Acts 1977, 65th Leg., p. 1386, ch. 554, § 1, eff. June 15, 1977.]

**§ 130.0821. Governing Board of Certain Countywide Community College Districts**

(a) The members of the governing board of a countywide community college district that contains a city with a population of more than 800,000 residents shall be elected from single-member trustee districts at all elections held after January 1, 1978.

(b) Before January 1, 1978, the board of trustees shall divide the district into seven compact trustee districts which contain as nearly as practicable an equal number of inhabitants according to the last preceding federal census. Residents of each trustee district shall be entitled to elect one member of the board, and each candidate seeking to represent a trustee district must reside in the trustee district he seeks to represent. Trustees shall, during their term of office, reside within the trustee district from which they were elected.

(c) Members of the board of trustees of the district shall serve for staggered terms of six years with the terms of two or three members expiring in even-numbered years.

(d) The trustees elected in 1978 shall draw lots for appropriate terms so that the terms of two trustees shall expire in 1980, two in 1982, and three in 1984.

(e) Within 90 days following the publication of census tract data compiled during each subsequent decennial federal census, the board of trustees shall redivide the district into seven trustee districts if such census data indicates that the population of the most populous trustee district exceeds the population of the least populous district by more than 10 percent. At the next district election following the redivision of the district, each trustee district shall elect a member of the board, and the members elected shall draw lots for two two-year terms, two four-year terms, and three six-year terms.

(f) Any election held pursuant to the terms of this section shall be conducted in accordance with the provisions of Subsection (i), Section 130.082 of this code.

(g) Trustees elected under the provisions of this section take office on the first Tuesday in May. [Added by Acts 1977, 65th Leg., p. 1868, ch. 743, § 1, eff. Aug. 29, 1977.]

### § 130.086. Branch Campuses.

(a) The board of trustees of a junior college district may establish and operate branch campuses, centers, or extension facilities, without regard to the geographical bounds of the junior college district, provided that each branch campus, center, or extension facility and each course or program offered in such locations is subject to the prior and continuing approval of the Coordinating Board, Texas College and University System.

(b) Such branch campuses, centers, or extension facilities shall be within the role and scope of the junior college as determined by the Coordinating Board, Texas College and University System.

[See Compact Edition, Volume 1 for text of (c)]

(d) Before any course may be offered by a junior college within the district of another operating public junior college, it must be established that the second public junior college is not capable of or is unable to offer the course. If the course is to be offered in a county which has a population of more than 97,500 persons, according to the last preceding federal census, and which has no state-supported senior college or university within its boundaries, it must also be established that any other college or university in the county is not able and willing to offer the course. After the need is established and the course is not locally available, then the first junior college may offer the course when approval is granted by the Coordinating Board, Texas College and University System, under the provisions of Subsection (a).

[See Compact Edition, Volume 1 for text of (e)]

(f) Out-of-district branch campuses, centers, or extension facilities of junior colleges existing prior to September 1, 1971, shall be reviewed by the Coordinating Board, Texas College and University System, to determine their feasibility and desirability with respect to the junior college and the population of the geographical area served by the branch campus, center, or extension facility.

[Amended by Acts 1975, 64th Leg., p. 2035, ch. 673, § 2, eff. June 20, 1975; Acts 1975, 64th Leg., p. 2109, ch. 689, §§ 1 to 4, June 20, 1975.]

The sole purpose of the report is to aid the court in determining whether the suit for divorce should be continued pending further counseling, and the report shall not be admitted as evidence in the suit. Copies of the report shall be furnished to the parties.

(c) If the court is of the opinion that there exists a reasonable expectation of the parties' reconciliation, the court may by written order continue the proceedings and direct the parties to any person or persons named by the court for further counseling for a period of time fixed by the court not to exceed 60 days, subject to any terms, conditions, and limitations the court deems desirable. A transfer or debt is not void if the person dealing with the transferor or debtor spouse did not have notice of the intent to injure the rights of the other spouse. In an action to void any transfer or debt the spouse seeking to void said transfer or debt shall have the burden of proving that the person dealing with the transferor or debtor spouse had notice of the intent to injure the rights of the other spouse.

§ 5.45. Marital Agreements: Burden of Proof

In any proceeding in which the validity of a provision of an agreement, partition, or exchange agreement made under this subchapter is in issue as against a spouse or a person claiming from a spouse, the burden of showing the validity of the provision is on the party who asserts it. The proponent of the agreement, partition, or exchange agreement or any person claiming under the proponent has the burden to prove by clear and convincing evidence that the party against whom enforcement of the agreement is sought gave informed consent and that the agreement was not procured by fraud, duress, or overreaching.

[Added by Acts 1981, 67th Leg., p. 2964, ch. 782, § 2, eff. Sept. 1, 1981.]

§ 5.46. Marital Agreements: Rights of Creditors,  
Recordation

(a) A provision of an agreement, partition, or exchange agreement made under this subchapter is void with respect to rights of a preexisting creditor whose rights are intended to be defrauded by it.

(b) An agreement, partition, or exchange agreement made under this subchapter may be recorded in the deed records of the county in which the parties, or one of them, reside and in the county or counties in which the real property affected or to be affected is located. As to real property, an agreement, partition, or exchange agreement made under this subchapter is not constructive notice to a good faith purchaser for value or a creditor without actu-

al notice unless the instrument is acknowledged and recorded in the county in which the real property is located.

(2) if a guardian of the person has been appointed by order of a county or probate court and a managing conservator has not been appointed, the child resides in the county where the guardian of the person resides;

(4) if the child is under the care and control of an adult other than a parent and (A) neither a managing conservator nor a guardian of the person has been appointed or (B) the whereabouts of the managing conservator or the guardian of the person is unknown or (C) the person whose residence determines the residence of the child under this section has left the child under the care and control of the adult, the child resides where the adult having care and control of the child resides;

**§ 11.045. Original Jurisdiction**

(a) A court has original jurisdiction of a suit affecting the parent-child relationship, whether or not the child is physically present in the state, only if one of the following conditions is met:

(1) this state:

(A) is the principal residence of the child at the time the proceeding is commenced; or

(B) was the principal residence of the child at any time during the six-month period before the proceeding was commenced, and a parent or person acting as a parent resides in this state at the time the proceeding is commenced; or

(2) it is in the best interest of the child that a court of this state assume jurisdiction because:

(A) the child and the child's parents or the child and at least one contestant have a significant connection with this state and there is available in this state substantial evidence concerning the child's present or future care, protection, training, and personal relationships;

(B) the child is physically present in this state and there is a serious immediate question concerning the welfare of the child; or

(C) it appears that no other state would have jurisdiction under prerequisites substantially in accordance with this section, or another state has declined to exercise jurisdiction on the ground that this state is the more appropriate forum to determine issues concerning the child.

(b) The physical presence in this state of the child or of the child and one of the contestants is alone insufficient to confer jurisdiction to the court to make a determination under this subtitle.

[Added by Acts 1979, 66th Leg., p. 1202, ch. 584, § 2, eff. June 13, 1979.]

### § 11.05. Continuing Jurisdiction

*Text of subsection as amended by Acts 1979, 66th Leg., p. 1201, ch. 584, § 1, and Acts 1979, 66th Leg., p. 1888, ch. 763, § 1*

(a) Except as provided in Subsections (b), (c), (d), and (e) of this section and in Section 11.052 of this code, when a court acquires jurisdiction of a suit affecting the parent-child relationship, that court retains continuing jurisdiction of all parties and matters provided for under this subtitle in connection with the child. No other court of this state has jurisdiction of a suit affecting the parent-child relationship with regard to that child except on transfer as provided in Section 11.06 of this code.

*Text of subsection as amended by Acts 1979, 66th Leg., p. 1471, ch. 643, § 2, and Acts 1979, 66th Leg., p. 1888, ch. 763, § 1*

(a) Except as provided in Subsections (b), (c), (d), and (e) of this section and Section 17.05 of this code, when a court acquires jurisdiction of a suit affecting the parent-child relationship, that court retains continuing jurisdiction of all matters provided for under this subtitle in connection with the child, and no other court has jurisdiction of a suit affecting the parent-child relationship with regard to that child except on transfer as provided in Section 11.06 or 17.06 of this code.

(b) A final decree of adoption ends a court's continuing jurisdiction over the child, and any subsequent suit affecting the child shall be commenced as though the child had not been the subject of a suit for adoption or any other suit affecting the parent-child relationship prior to the adoption.

(c) A court shall have jurisdiction over a suit affecting the parent-child relationship if it has been, correctly or incorrectly, informed by the Texas Department of Human Resources that the child has not been the subject of a suit affecting the parent-child relationship and the petition states that no other court has continuing jurisdiction over the child.

(d)(1) In a suit in which a determination of paternity is sought, except as provided in paragraph (2), the jurisdiction of the court terminates when an order dismissing with prejudice a suit under Chapter 13<sup>1</sup> becomes final, or when an order under Subsection (b), Section 13.08, declaring that the alleged father is not the father of the child becomes final, or

when an order denying voluntary legitimation under Section 13.21 becomes final.

(2) The jurisdiction of the court does not terminate if the child was subject to the jurisdiction of the court or some other court in a suit affecting the parent-child relationship prior to the commencement of the suit to determine paternity.

*Text of subsection as added by Acts 1979, 66th Leg., p. 1201, ch. 584, § 1*

(e) A court does not acquire continuing, exclusive jurisdiction over the matters provided for under this subtitle in connection with the child before the entry of a final decree. A voluntary or involuntary dismissal of a suit affecting the parent-child relationship or the entry of a decree by another court having dominant jurisdiction of the suit terminates all jurisdiction of the court. Unless a final decree has been entered by a court of continuing, exclusive jurisdiction, a subsequent suit shall be commenced as an original proceeding.

*Text of subsection as added by Acts 1979, 66th Leg., p. 1888, ch. 763, § 2*

(e) A court acquires jurisdiction of a suit affecting the parent-child relationship without a transfer under Section 11.06 of this code, even though another court has continuing jurisdiction over the child, if the parents of the child have remarried after the dissolution of a previous marriage between the parents and file in the court acquiring jurisdiction a suit for the dissolution of their subsequent marriage combined with a suit affecting the parent-child relationship concerning the child.

[Amended by Acts 1975, 64th Leg., p. 1254, ch. 476, §§ 4 to 6, eff. Sept. 1, 1975; Acts 1979, 66th Leg., p. 1201, ch. 584, § 1, eff. June 13, 1979; Acts 1979, 66th Leg., p. 1471, ch. 643, § 2, eff. Sept. 1, 1979; Acts 1979, 66th Leg., p. 1888, ch. 763, §§ 1, 2, eff. Aug. 27, 1979.]

<sup>1</sup> Section 13.01 et seq.

### § 11.051. Acquiring Jurisdiction Over Nonresident

In a suit affecting the parent-child relationship, the court may exercise personal jurisdiction over a person on whom service of citation is required or over the person's personal representative, although the person is not a resident or domiciliary of this state, if:

(1) the child was conceived in this state and the person on whom service is required is a parent or an alleged or probable father of the child;

(2) the child resides in this state, as defined by Section 11.04 of this code, as a result of the acts or directives or with the approval of the person on whom service is required;

(3) the person on whom service is required has resided with the child in this state; or

(4) notwithstanding Subdivisions (1), (2), or (3) above, there is any basis consistent with the constitutions of this state or the United States for the exercise of the personal jurisdiction.

[Added by Acts 1975, 64th Leg., p. 1255, ch. 476, § 7, eff. Sept. 1, 1975.]

**§ 11.052. Exceptions to Continuing Jurisdiction**

(a) Except on the written agreement of all the parties, a court may not exercise its continuing jurisdiction to modify:

(1) the appointment of a managing conservator if the managing conservator and the child have established and continued to maintain their principal residence in another state for more than six months unless the action was filed and pending before the six-month period; or

(2) any part of a decree if all of the parties and the child have established and continue to maintain their principal residence outside this state.

(b) This section does not affect the power of the court to enforce and enter a judgment on its decree.

[Added by Acts 1979, 66th Leg., p. 1202, ch. 584, § 3, eff. June 13, 1979.]

**§ 11.053. Recognition of Out-of-State Decrees Affecting a Child**

A court of this state shall recognize and enforce an original or modified final decree granted by a court of another state and entered in litigation that would have been a suit affecting the parent-child relationship in this state unless it is shown that the out-of-state court did not exercise jurisdiction under statutory authority substantially in accordance with the jurisdictional prerequisites of this code.

[Added by Acts 1979, 66th Leg., p. 1202, ch. 584, § 4, eff. June 13, 1979.]

**§ 11.06. Transfer of Proceedings**

(a) If venue is improperly laid in the court in which a suit affecting the parent-child relationship is filed, and no other court has continuing jurisdiction of the suit, on the timely motion of any party other than the petitioner, the court shall transfer the proceeding to the county where venue is proper on the basis of either a supporting uncontroverted affidavit or after a hearing when a controverting affidavit contesting the venue has been filed.

(b) If a petition for further action concerning the child or a motion to modify or enforce a decree is filed in a court having continuing jurisdiction of the suit, on the timely motion of any party, the court shall transfer the proceeding to the county where venue is proper on the basis of either a supporting uncontroverted affidavit or after a hearing when a controverting affidavit contesting the venue has been filed. If the basis of the motion is that the child resides in another county, the court may deny the motion if it is shown that the child has resided in that county for less than six months at the time the proceeding is commenced. If the child resided in another county for six months or longer, the court shall transfer the proceeding to that county. In computing the period of time during which the child has resided in that county, the court shall not require that the period of residence be continuous and uninterrupted but shall look to the child's principal residence during the said six-months period.

(c) On a showing that a suit for dissolution of the marriage of the child's parents has been filed in another court, the court having continuing jurisdiction of a suit affecting the parent-child relationship shall transfer the proceedings to the court where the dissolution of the marriage is pending.

(d) For the convenience of the parties and witnesses and in the interest of justice, the court, on the timely motion of any party, may transfer the proceeding to a proper court in any other county in the state.

(e) If a court has continuing jurisdiction over a child but another court has acquired jurisdiction over the child in suit affecting the parent-child relationship under Section 11.05(c) or (e) of this code, the court previously having jurisdiction over the child, on a motion of any party, on the court's motion, or on the request of the other court, shall transfer the proceeding to the court which has acquired jurisdiction under Section 11.05(c) or (e) of this code.

(f) A motion to transfer by a petitioner or movant is timely if it is made at the time the initial pleadings are filed. A motion to transfer by any other party is timely if it is made on or before the Monday next after the expiration of 20 days after the date of service of citation or notice of the action or before the commencement of the hearing, whichever is sooner. If a timely motion to transfer has been filed and no controverting affidavit is filed within the period allowed for its filing, the proceeding shall be transferred promptly without a hearing to the proper court.

(g) On or before the Monday next after the expiration of 20 days after the date of notice of a motion to transfer is served, a party desiring to contest the motion must file a controverting affidavit denying that grounds for the transfer exist.

(h) If a controverting affidavit contesting the motion to transfer is filed, each party is entitled to at least 10 days' notice of the hearing on the motion to transfer.

(i) Only evidence pertaining to venue shall be taken at the hearing. An order transferring or refusing to transfer the proceeding is not subject to interlocutory appeal.

(j) The court transferring a proceeding shall send to the proper court in the county to which transfer is made the complete files in all matters affecting the child, certified copies of all entries in the minutes, and a certified copy of any decree of dissolution of marriage issued in a suit joined with the suit affecting the parent-child relationship. If the transferring court retains jurisdiction of another child who was the subject of the suit, the court shall send a copy of the complete files to the court to which the transfer is made and shall keep the original files.

(k) A court to which a transfer is made becomes the court of continuing jurisdiction, and all proceedings in the suit are continued as if it were brought there originally. All judgments, decrees, and orders

transferred shall have the same effect and be enforced as if originally entered in the transferee court. The transferee court shall enforce judgments, decrees, and orders of the transferring court by contempt or by any other means by which the transferring court could have enforced them. The transferee court shall specifically have the power to punish disobedience of the transferring court's judgments, decrees, and orders, whether occurring before or after the transfer, by contempt. After transfer, the transferring court does not retain jurisdiction of the child who is the subject of the transfer.

[Amended by Acts 1975, 64th Leg., p. 1255, ch. 476, § 8, eff. Sept. 1, 1975; Acts 1979, 66th Leg., p. 1888, ch. 763, § 3, eff. Aug. 27, 1979; Acts 1981, 67th Leg., p. 942, ch. 355, § 1, eff. Sept. 1, 1981.]

#### § 11.07. Commencement of Suit and Petition for Further Remedy

(a) A suit affecting the parent-child relationship shall be commenced by the filing of a petition as provided in this chapter.

(b) Except in a motion to modify as provided in Section 14.08 of this code, a request for further action concerning a child who is the subject of a suit affecting the parent-child relationship and who is under the jurisdiction of a court with continuing jurisdiction shall be initiated by the filing of a petition as provided in this chapter.

(c) On the receipt of a petition requesting further action concerning the child in the court of continuing jurisdiction, the clerk shall file the petition and all other papers relating to the request for further action in the file of the suit affecting the parent-child relationship under the same docket number as the prior proceeding.

[Amended by Acts 1975, 64th Leg., p. 1255, ch. 476, § 9, eff. Sept. 1, 1975.]

#### § 11.071. Identification of Court of Continuing Jurisdiction

(a) The petitioner or the court shall request from the Texas Department of Human Resources identification of the court that last had jurisdiction of the child in a suit affecting the parent-child relationship unless:

(1) the petition alleges that no court has continuing jurisdiction of the child, and the issue is not disputed by the pleadings; or

(2) the petition alleges that the court in which the suit, petition for further remedy, or motion to modify has been filed has acquired and retains continuing jurisdiction of the child as the result of a prior proceeding, and the issue is not disputed by the pleadings.

(b) The department shall, on the written request of the court, an attorney, or any party, identify the court that last had jurisdiction of the child in a suit affecting the parent-child relationship and give the docket number of the suit, or state that the child has not been the subject of a suit affecting the parent-

child relationship. The child shall be identified in the request by name, birthdate, and place of birth. The department shall transmit this information within 10 days after the day the request is received.

(c) If a request for information from the department relating to the identity of the court having continuing jurisdiction of the child has been made pursuant to Subsection (a), no final order, except an order of dismissal, shall be entered until the information is filed with the court. If a final order is entered in the absence of the filing of the information from the department, the order is voidable on a showing that a court other than the court that entered the order had continuing jurisdiction.

(d) If the court in which a petition in a suit affecting the parent-child relationship is filed determines that another court has continuing jurisdiction of the child, the court in which the petition is filed shall dismiss the suit without prejudice.

[Added by Acts 1975, 64th Leg., p. 1255, ch. 476, § 10, eff. Sept. 1, 1975. Amended by Acts 1981, 67th Leg., p. 2269, ch. 551, § 2, eff. Aug. 31, 1981.]

#### § 11.08. Contents of Petition

### § 11.10. Guardian Ad Litem

(a) In any suit in which termination of the parent-child relationship is sought, the court shall appoint a guardian ad litem to represent the interests of the child, unless the child is a petitioner or unless an attorney ad litem has been appointed for the child or unless the court finds that the interests of the child will be represented adequately by a party to the suit and are not adverse to that party. In any other suit under this subtitle, the court may appoint a guardian ad litem. The managing conservator may be appointed guardian ad litem if he is not a parent of the child or a person petitioning for adoption of the child and if he has no personal interest in the suit.

(b) A guardian ad litem shall be appointed to represent any other person entitled to service of citation under the provisions of Section 11.09 of this code if the person is incompetent or a child, unless the person has executed an affidavit of relinquishment of parental rights or an affidavit of waiver of interest in child containing a waiver of service of citation.

(c) The court may appoint an attorney for any party in a case in which it deems representation necessary to protect the interests of the child who is the subject matter of the suit.

(d) In any suit brought by a governmental entity seeking termination of the parent-child relationship or to be named conservator of a child, the court shall appoint an attorney ad litem to represent the interests of the child as soon as practicable to insure adequate representation of the child's interest.

(e) An attorney appointed to represent a child as authorized by this section is entitled to a reasonable fee in the amount set by the court which is to be paid by the parents of the child unless the parents are indigent. June 16, 1981.]

<sup>1</sup>Section 51.01 et seq.

### § 11.11. Temporary Orders

(a) In a suit affecting the parent-child relationship, the court may make any temporary order for the safety and welfare of the child, including but not limited to an order:

- (1) for the temporary conservatorship of the child;
- (2) for the temporary support of the child;
- (3) restraining any party from molesting or disturbing the peace of the child or another party;

(4) prohibiting a person from removing the child beyond the jurisdiction of the court as under a writ of ne exeat; or

(5) for payment of reasonable attorney's fees, and future expenses properly chargeable as court costs, on proof of necessity, as provided by Section 11.18 of this code.

(b) Except as provided by Subsection (c) of this section, temporary restraining orders and temporary injunctions under this section shall be granted without the necessity of an affidavit or verified pleading stating specific facts showing that immediate and irreparable injury, loss, or damage will result before notice can be served and a hearing can be held. (a) A court order or the portion of a decree that provides for the support of a child or the appointment of a conservator or that sets the terms and conditions of conservatorship for support for, or access to a child may be modified only by the filing of a motion in the court having jurisdiction of the suit affecting the parent-child relationship. Any party affected by the order or the portion of the decree to be modified may file the motion.

(b) Each party whose rights, privileges, duties, or powers may be affected by the motion is entitled to at least 30 days' notice of a hearing on the motion to modify.

(c) After a hearing, the court may modify an order or portion of a decree that:

(1) designates a managing conservator if the circumstances of the child or parent have so materially and substantially changed since the entry of the order or decree to be modified that the retention of the present managing conservator would be injurious to the welfare of the child and that the appointment of the new managing conservator would be a positive improvement for the child; or

(2) provides for the support of a child, sets the terms and conditions for access to or possession of a child, or prescribes the relative rights, privileges, duties, and powers of conservators if the circumstances of the child or a person affected by the order or portion of the decree to be modified have materially and substantially changed since the entry of the order or decree; except that an order providing for the support of a child may be modified only as to obligations accruing subsequent to the motion to modify.

(d) If the motion is filed for the purpose of changing the designation of the managing conservator and is filed within one year after the date of issuance of the order or decree to be modified, there shall be attached to the motion an affidavit executed by the person making the motion. The affidavit must contain at least one of the following allegations along with the supportive facts:

(1) that the child's present environment may endanger his physical health or significantly impair his emotional development; or

(2) that the managing conservator is the person seeking the modification or consents to the modification, and the modification is in the best interest of the child.

(e) On the filing of a motion to which the provisions of Subsection (d) of this section apply, the court shall deny the motion and refuse to schedule a hearing unless the court determines, on the basis of the affidavit, that adequate facts to support an allegation listed in Subdivision (1) or (2) of Subsection (d) of this section are stated in the affidavit. If the court determines that the facts stated are adequate to support an allegation, a time and place for the hearing shall be set.

[Amended by Acts 1975, 64th Leg., p. 1265, ch. 476, § 29, eff. Sept. 1, 1975.]

### § 14.10. Habeas Corpus

[See Compact Edition, Volume 1 for text of (a)]

(b) The court shall disregard any cross action or motion pending for modification of the decree determining managing conservatorship, possession, or support of or access to the child unless it finds that:

(1) the previous order was granted by a court that did not have jurisdiction of the parties; or

(2) the child has not been in the relator's possession and control for at least 6 months immediately preceding the filing of the petition for the writ.

[See Compact Edition, Volume 1 for text of (c) and (d)]

(e) If the right to possession of a child is not governed by a court order, the court in a habeas corpus proceeding involving the right of possession of the child shall compel return of the child to the relator if, and only if, it finds that the relator has a superior right to possession of the child by virtue of the rights, privileges, duties, and powers of a parent as set forth in Section 12.04 of this code.

(f) The court shall disregard any motion for temporary or permanent adjudication relating to the possession of the child in a habeas corpus proceeding brought under Subsection (e) of this section unless at the time of the hearing an action is pending under this subtitle, in which case the court may proceed to issue any temporary order as provided by Section 11.11 of this code.

[Amended by Acts 1975, 64th Leg., p. 1266, ch. 476, § 30, eff. Sept. 1, 1975; Acts 1977, 65th Leg., p. 1290, ch. 508, § 1, eff. Aug. 29, 1977.]

### § 14.11. [Blank]

### § 14.12. Probation of Contempt Order

(a) If the court finds that a person who has been ordered to make payments for the support of a child is in contempt of the court for the failure or refusal to make a payment, the court may suspend the imposition of the court's order of commitment and place the person on probation on the condition that the person shall continue the court-ordered child support payments with court costs and on other reasonable conditions that the court requires.

The terms and conditions of probation may include but shall not be limited to the conditions that the probationer shall:

1. report to the probation officer as directed;
2. permit the probation officer to visit him at his home or elsewhere;
3. obtain counseling on financial planning, budgeting management, alcohol or drug abuse, or other matters causing the defendant to fail to pay the child support payments;
4. pay all court costs.

(b) The probation may be for any period not to exceed five years or until one year has elapsed after all payments in arrears have been paid, whichever period is the longer.

(c) A court granting probation may fix a fee not exceeding \$10 per month to be paid to the court by the probationer during the probationary period. The court may make payment of the fee a condition of granting or continuing the probation.

The court shall deposit the fees received under this section in the special fund of the county treasury provided by Subsection (b) of Section 4.05 of Article 42.121, Code of Criminal Procedure, 1965, to be used for the provision of adult probation or community-based adult corrections services or facilities other than a jail or prison.

(d) If a probationer violates a condition of probation, the court may cause the probationer's arrest by warrant as in other cases. An arrested probationer shall be brought promptly before the court causing the arrest, and the court, after a hearing without a jury, may continue, modify, or revoke the probation as the evidence warrants.

(e) When a probationary period has been satisfactorily completed, the court shall on its own motion discharge the probationer from probation. On the motion of a probationer who has satisfactorily completed one year of probation while not delinquent in the payment of child support, the court may discharge the probationer from probation.

between a child and a man who has executed an affidavit of waiver of interest in the child, including the right to seek voluntary legitimation of the child, if the court finds that rendition of the decree is in the best interest of the child.

**§ 16.03. Prerequisites to Petition**

### § 17.01. Governmental Entity May Bring Suit

A suit affecting the parent-child relationship may be brought by a governmental entity with an interest in the child under Chapters 11, 13, 14, and 15 of this code. An emergency order or taking possession of a child without a court order as provided by Section 17.02 or 17.03 of this code is governed by this chapter.

[Amended by Acts 1975, 64th Leg., p. 1270, ch. 476, § 44, eff. Sept. 1, 1975; Acts 1979, 66th Leg., p. 1472, ch. 643, § 4, eff. Sept. 1, 1979.]

### § 17.011. Living Child After Abortion

An authorized representative of the Texas Department of Human Resources may assume the care, control, and custody of a child born alive as the result of an abortion as defined in Subsection (b) of Section 15.022 of this code and, if so, shall file a petition under Section 17.02 of this code and comply with all the provisions of Section 11.09 of this code. A child the possession of whom is assumed under this section need not be delivered to the court except on the order of the court.

[Added by Acts 1979, 66th Leg., p. 1193, ch. 580, § 3, eff. June 13, 1979.]

This section was added by Acts 1979, 66th Leg., p. 1193, ch. 580, § 3, without reference to the amendment of this chapter by Acts 1979, 66th Leg., p. 1471, ch. 643, § 4.

### § 17.02. Emergency Orders

(a) Before any temporary restraining order or attachment of the child is issued without a full adversary hearing in a suit affecting the parent-child relationship brought by a governmental entity, the court must be satisfied from a sworn petition or affidavit that:

- (1) there is an immediate danger to the physical health or safety of the child; and
- (2) there is no time, consistent with the physical health or safety of the child, for an adversary hearing.

(b) The petition or affidavit required by Subsection (a) of this section shall be sworn to by a person with personal knowledge and shall state facts sufficient to satisfy a person of ordinary prudence and caution that there is an immediate danger to the physical health or safety of the child and that there is no time, consistent with the physical health or safety of the child, for an adversary hearing.

(c) A temporary restraining order or attachment of the child issued under Subsection (a) of this section may not extend for more than 10 days. [Amended by Acts 1979, 66th Leg., p. 1472, ch. 643, § 2, eff. Sept. 1, 1979.]

### § 17.03. Taking Possession of a Child Without a Court Order

(a) An authorized representative of the Texas Department of Human Resources, a law enforcement officer, or a juvenile probation officer may take possession of a child without a court order under the following conditions and no others:

(1) upon discovery of a child in a situation of danger to the child's physical health or safety when the sole purpose is to deliver the child without unnecessary delay to the parent, managing conservator, possessory conservator, guardian, caretaker, or custodian who is presently entitled to possession of the child;

(2) upon the voluntary delivery of the child by the parent, managing conservator, possessory conservator, guardian, caretaker, or custodian who is presently entitled to possession of the child;

(3) upon personal knowledge of facts which would lead a person of ordinary prudence and caution to believe that there is an immediate danger to the physical health or safety of the child and that there is no time to obtain a temporary restraining order or attachment under Section 17.02 of this code; or

(4) upon information furnished by another which has been corroborated by personal knowledge of facts and all of which taken together would lead a person of ordinary prudence and caution to believe that there is an immediate danger to the physical health or safety of the child and that there is no time to obtain a temporary restraining order or attachment under Section 17.02 of this code.

(b) When a child is taken into possession under Subdivision (3) or (4) of Subsection (a) of this section, the person taking the child into possession shall, without unnecessary delay, cause to be filed a suit affecting the parent-child relationship and request the court to cause hearing to be held by no later than the first working day after the child is taken into possession.

(c) The court in which the suit affecting the parent-child relationship has been filed under Subsection (b) of this section shall hold a hearing on or before the first working day after the child is taken

into possession and shall make such orders as are necessary to protect the physical health and safety of the child. If the court is unavailable for a hearing on the first working day, then, and only in that event, the hearing shall be held no later than the first working day after the court becomes available, provided that the hearing is held no later than the third working day after the child is taken into possession. The hearing may be ex parte and proof may be by sworn petition or affidavit if a full adversary hearing is not practicable. If the hearing established by this subsection is not held within the time limits required, the child shall be returned to the parent, managing conservator, possessory conservator, guardian, caretaker, or custodian who is presently entitled to possession of the child.

(d) Unless the court at the hearing required under Subsection (c) of this section is satisfied that there is a continuing danger to the physical health or safety of the child if the child is returned to the parent, managing conservator, possessory conservator, guardian, caretaker, or custodian who is presently entitled to possession of the child, the court shall order the return of the child to the person entitled to possession.

(e) A full adversary hearing shall be held within 10 days of the taking of the child into possession under Subdivision (3) or (4) of Subsection (a) of this section and such orders made as are necessary for the protection of the physical health and safety of the child.

(f) When possession of the child has been acquired under Subdivision (2) of Subsection (a) of this section, the person taking the child into possession shall cause to be filed a suit affecting the parent-child relationship within 60 days from the date of the taking of the child into possession and a hearing to be held thereon.

(g) When a child is taken into possession under this section, that child shall not be held in a jail or juvenile detention facility.

[Amended by Acts 1979, 66th Leg., p. 1471, ch. 643, § 4, eff. Sept. 1, 1979.]

**§ 17.04. Adversary Hearing**

(a) Unless the child has already been returned to the parent, managing conservator, possessory conservator, guardian, caretaker, or custodian entitled to possession and any temporary orders dissolved, a full adversary hearing shall be held within 10 days of:

(1) the taking of the child into possession by authority of Subdivision (3) or (4) of Subsection (a) of Section 17.03 of this code;

(2) the taking of the child into possession by authority of a temporary restraining order or attachment of a child issued under Section 17.02 of this code; or

(3) the filing of the suit provided under Subsection (f) of Section 17.03 of this code.

(b) At the conclusion of the full adversary hearing, the court shall order the return of the child to the parent, managing conservator, possessory conservator, guardian, caretaker, or custodian entitled to possession unless the court finds sufficient evidence to satisfy a person of ordinary prudence and caution that there is a danger to the physical health or safety of the child which was caused by any act or failure to act of the person entitled to possession.

(c) If the court finds sufficient evidence to satisfy a person of ordinary prudence and caution that there is a danger to the physical health or safety of the child, the court shall issue appropriate temporary orders under Section 11.11 of this code.

[Amended by Acts 1979, 66th Leg., p. 1471, ch. 643, § 4, eff. Sept. 1, 1979.]

**§ 17.05. Jurisdiction of Chapter 17 Proceedings**

(a) A suit affecting the parent-child relationship brought by a governmental entity seeking conservatorship or termination and a temporary restraining order or attachment of a child under this chapter may be filed in any court with jurisdiction to hear suits affecting the parent-child relationship in the county in which the child is found.

(b) Immediately after the issuance of such temporary orders as are necessary for the protection of the child pending a final hearing, a governmental entity shall determine the court of continuing jurisdiction and shall institute any transfers as are necessary under Section 17.06 or 11.06 of this code.

[Amended by Acts 1975, 64th Leg., p. 1270, ch. 476, § 45, eff. Sept. 1, 1975; Acts 1979, 66th Leg., p. 1472, ch. 643, § 4, eff. Sept. 1, 1979.]

**§ 17.06. Transfers in Chapter 17 Proceedings**

(a) Immediately after entry of temporary orders necessary for the protection of the child pending a final hearing, the court on the motion of a party shall transfer to the court of continuing jurisdiction, if there is a court of continuing jurisdiction, or if there is no court of continuing jurisdiction, to the court having venue of the suit affecting the parent-child relationship under Section 11.04 of this code. Transfers shall be made under the procedures provided by Section 11.06 of this code.

(b) Temporary orders issued under this chapter are valid and enforceable until properly superseded by a court with jurisdiction to do so.

(c) Any court to which the suit has been transferred may enforce by contempt or otherwise any temporary order properly issued under this chapter. [Amended by Acts 1979, 66th Leg., p. 1471, ch. 643, § 4, eff. Sept. 1, 1979.]

The plaintiff shall attach to the petition a certified copy of the court order, decree, or judgment of support sought to be enforced, whether interlocutory or final, if any. The plaintiff may include in or attach to the petition any information which may help in locating or identifying the defendant, such as a photograph of the defendant, a description of any distinguishing marks of his person, other names and aliases by which he has been or is known, the name of his employer, his fingerprints, or Social Security number.

## § 21.28. Court of This State as Initiating State

If the court of this state acting as an initiating state finds that the petition sets forth facts from which it may be determined that the defendant owes a duty of support and that a court of the responding state may obtain jurisdiction of the defendant or his property, it shall so certify and shall cause three copies of the petition, its certificate, and this chapter to be transmitted to the court in the responding state. If the name and address of such court is unknown and the responding state has an information agency comparable to that established in the initiating state, it shall cause such copies to be transmitted to the state information agency or other proper official of the responding state, with a request that it forward them to the proper court, and that the court of the responding state acknowledge their receipt to the court of the initiating state.

## § 21.31. State Information Agency

The Texas Department of Human Resources is the state information agency under this chapter, and it shall:

(1) compile a list of the courts and their addresses in this state having jurisdiction under this chapter and transmit the same to the state information agency of every other state which has adopted this chapter or a substantially similar act; and

(2) maintain a register of such lists received from other states and transmit copies thereof as soon as possible after receipt to every court in this state having jurisdiction under this chapter.

[See Compact Edition, Volume 1, for text of (b)]

[Amended by Acts 1981, 67th Leg., p. 946, ch. 356, § 9, eff. Aug. 31, 1981; Acts 1981, 67th Leg., p. 2271, ch. 551, § 11, eff. Aug. 31, 1981.]

## § 21.35. Testimony of Husband and Wife

Laws attaching a privilege against the disclosure of communications between husband and wife are inapplicable to proceedings under this chapter. The defendant is a competent witness in the responding court and may be compelled to testify to any relevant matter, including marriage and other relevant matter establishing the duty of support or the ability to contribute support, which testimony may be the only evidence that is the basis for entry of an order.

[Amended by Acts 1981, 67th Leg., p. 946, ch. 356, § 10, eff. Aug. 31, 1981.]

## § 21.36. Rules of Evidence; Presumptions

(a) In any hearing under this chapter, the court shall be bound by the same rules of evidence that bind the district court.

(b) In any suit brought under this chapter, if the initiating court certifies that the petition sets forth facts from which it may be determined that the defendant owes a duty of support and that a court of the responding state may obtain jurisdiction over the defendant or his property, the certified petition shall be admitted in the responding state as prima facie evidence that the defendant's duty to support exists.

(c) In a contested case, it is presumed:

(1) that the obligor and the obligee have an equal duty of support; or

(2) if there is a prior support order, that the most recent order correctly designates the current amount of support and duty of support.

[Amended by Acts 1981, 67th Leg., p. 947, ch. 356, § 11, eff. Aug. 31, 1981.]

**§ 21.39. Enforcement Power of Court**

In addition to the foregoing powers, the court of this state when acting as the responding state has the power to subject the defendant to such terms and conditions as the court may deem proper to assure compliance with its orders, and in particular:

(1) to require the defendant to furnish a cash deposit or bond of such character and in such amount as the court may deem proper to assure payment of any amount required to be paid by the defendant;

(2) to require the defendant to make payments at specified intervals to the district clerk or probation department of the court;

(3) to punish the defendant who shall violate any order of the court to the same extent as is provided by law for contempt of the court in any other suit or proceeding cognizable by the court; and

(4) to order the defendant (obligor) to pay as court costs a reasonable fee to any attorney or to the prosecuting attorney's office who represents the petitioner in any enforcement proceeding.

[Amended by Acts 1975, 64th Leg., p. 1271, ch. 476, § 49, eff. Sept. 1, 1975.]

No proceeding under this chapter shall be stayed because of the existence of a pending suit for divorce, separation, annulment, dissolution, habeas corpus, custody proceeding, or suit affecting the parent-child relationship.

[Amended by Acts 1981, 67th Leg., p. 947, ch. 356, § 12, eff. Aug. 31, 1981.]

**§ 21.45. Interdistrict Application**

(a) This chapter is applicable when both the plaintiff and the defendant are in this state but in different judicial districts.

(b) If the initiating court finds that the petition sets forth facts from which it may be determined that the defendant owes a duty of support and finds that another court in this state may obtain jurisdiction of the defendant or his property, the clerk of the court shall send three copies of the petition and a certification of the findings to the court of the judicial district in which the defendant or his property is found. The clerk of the court receiving these copies shall notify the prosecuting attorney of their receipt. The prosecuting attorney and the court to which the copies are forwarded shall then have duties corresponding to those imposed upon them when acting for the state as a responding state.

(c) In a suit under this section, no defense may be raised other than payment and satisfaction of the support obligation or invalidity of the decree or judgment creating the obligation.

[Amended by Acts 1981, 67th Leg., p. 947, ch. 356, § 13, eff. Aug. 31, 1981; Acts 1981, 67th Leg., p. 2272, ch. 551, § 12, eff. Aug. 31, 1981.]

[See Compact Edition, Volume 1 for text of (b) and (c)]

(d) If the judge of a court designated in Subsection (b) or (c) of this section is not an attorney licensed in this state, there shall also be designated an alternate court, the judge of which is an attorney licensed in this state. (A) he may remain silent and not make any statement at all and that any statement he makes may be used in evidence against him;

(B) he has the right to have an attorney present to advise him either prior to any questioning or during the questioning;

(C) if he is unable to employ an attorney, he has the right to have an attorney to counsel with him prior to or during any interviews with peace officers or attorneys representing the state;

(D) he has the right to terminate the interview at any time;

(E) if he is 15 years of age or older at the time of the violation of a penal law of the grade of felony the juvenile court may waive its jurisdiction and he may be tried as an adult; and

(F) the statement must be signed in the presence of a magistrate by the child with no law enforcement officer or prosecuting attorney present. The magistrate must be fully convinced that the child understands the nature and contents of the statement and that the child is signing the same voluntarily. If such a statement is taken, the magistrate shall sign a written statement verifying the foregoing requisites have been met.

The child must knowingly, intelligently, and voluntarily waive these rights prior to and during the making of the statement and sign the statement in the presence of a magistrate who must certify that he has examined the child independent of any law enforcement officer or prosecuting attorney and determined that the child understands the

[Amended by Acts 1975, 64th Leg., p. 2154, ch. 693, § 9, eff. Sept. 1, 1975.]

[See *Compact Edition, Volume 1 for text of (a) and (b)*]

(c) In each county, the judge of the juvenile court and the members of the juvenile board, if there is one, shall personally inspect the detention facilities at least annually and shall certify in writing to the authorities responsible for operating and giving financial support to the facilities that they are suitable or unsuitable for the detention of children in accordance with:

- (1) the requirements of Subsection (a) of this section;
- (2) the requirements of Article 5115, Revised Civil Statutes of Texas, 1925, as amended, defining "safe and suitable jails," if the detention facility is a county jail; and

out judicial order. However, if the fingerprints or photographs are not destroyed, the juvenile court, on its own motion or on application by the person fingerprinted or photographed, shall order the destruction as required by this section.

(h) If, during the investigation of a criminal offense, a law enforcement officer has reason to believe that a photograph of a child taken into custody or detained as permitted under this title will assist in the identification of the offender and if not otherwise prohibited by law, the officer may photograph the face of the child. If the child is not identified as an offender, the photograph and its negative shall be destroyed immediately. If the child is identified through the photograph and the child is referred to the juvenile court for the offense investigated, the photograph and its negative shall be delivered to the juvenile court for disposition. If the child is not referred to the juvenile court for the offense investigated, the photograph and its negative shall be destroyed immediately.

[Amended by Acts 1975, 64th Leg., p. 2156, ch. 693, § 12, eff. Sept. 1, 1975; Acts 1979, 66th Leg., p. 1101, ch. 517, §§ 1 to 3, eff. June 11, 1979.]

**§ 51.16. Sealing of Files and Records**

[See *Compact Edition, Volume 1 for text of (a) to (g)*]

(h) A person whose files and records have been sealed under this Act is not required in any proceeding or in any application for employment, information, or licensing to state that he has been the subject of a proceeding under this Act; and any statement that he has never been found to be a delinquent child shall never be held against the person in any criminal or civil proceeding.

(i) On the motion of a person in whose name files and records are kept or on the court's own motion, the court may order the destruction of all files and records concerning a person who has been adjudicated to be a child in need of supervision or a delinquent child if:

- (1) seven years have elapsed since the child's 16th birthday; and
- (2) the person has not been convicted of a felony.

## CHAPTER 53. PROCEEDINGS PRIOR TO JUDICIAL PROCEEDINGS

### § 53.02. Release from Detention

[See Compact Edition, Volume 1 for text of (a)]

(b) A child taken into custody may be detained prior to hearing on the petition only if:

(1) he is likely to abscond or be removed from the jurisdiction of the court;

(2) suitable supervision, care, or protection for him is not being provided by a parent, guardian, custodian, or other person;

(3) he has no parent, guardian, custodian, or other person able to return him to the court when required;

(4) he is accused of committing a felony offense and may be dangerous to himself or others if released; or

(5) he has previously been found to be a delinquent child or has previously been convicted of a penal offense punishable by a term in jail or prison and is likely to commit an offense if released.

(c) If the child is not released, a request for detention hearing shall be made and promptly presented to the court, and an informal detention hearing as provided in Section 54.01 of this code shall be held promptly, but not later than the time required by Section 54.01 of this code.

[Amended by Acts 1979, 66th Leg., p. 1102, ch. 518, § 1, eff. June 11, 1979; Acts 1981, 67th Leg., p. 291, ch. 115, § 1, eff. Aug. 31, 1981.]

## CHAPTER 54. JUDICIAL PROCEEDINGS

Section	
54.041.	Orders Affecting Parents and Others.
54.061.	Payment of Probation Fees.
54.10.	Hearings Before Referee.

### § 54.01. Detention Hearing

(a) If the child is not released under Section 53.02 of this code, a detention hearing without a jury shall be held promptly, but not later than the second working day after he is taken into custody; provided, however, that when a child is detained on a Friday or Saturday, then such detention hearing shall be held on the first working day after the child is taken into custody.

[See Compact Edition, Volume 1 for text of (b) to (d)]

(e) At the conclusion of the hearing, the court shall order the child released from detention unless it finds that:

(1) he is likely to abscond or be removed from the jurisdiction of the court;

(2) suitable supervision, care, or protection for him is not being provided by a parent, guardian, custodian, or other person;

(3) he has no parent, guardian, custodian, or other person able to return him to the court when required;

(4) he is accused of committing a felony offense and may be dangerous to himself or others if released; or

(5) he has previously been found to be a delinquent child or has previously been convicted of a penal offense punishable by a term in jail or prison and is likely to commit an offense if released.

[See Compact Edition, Volume 1 for text of (f) to (l)]

(m) The detention hearing required in this section may be held in the county of the designated place of detention where the child is being held even though the designated place of detention is outside the county of residence of the child or the county in which the alleged delinquent conduct or conduct indicating a need for supervision occurred.

[Amended by Acts 1975, 64th Leg., p. 2156, ch. 693, §§ 14 and 15, eff. Sept. 1, 1975; Acts 1979, 66th Leg., p. 1102, ch. 518, § 2, eff. June 11, 1979.]

### § 54.02. Waiver of Jurisdiction and Discretionary Transfer to Criminal Court

[See Compact Edition, Volume 1 for text of (a) to (i)]

(j) The juvenile court may waive its exclusive original jurisdiction and transfer a person to the appropriate district court or criminal district court for criminal proceedings if:

(1) the person is 18 years of age or older;

(2) the person was 15 years of age or older and under 17 years of age at the time he is alleged to have committed a felony;

(3) no adjudication concerning the alleged offense has been made or no adjudication hearing concerning the offense has been conducted; and

(4) the juvenile court finds from a preponderance of the evidence that after due diligence of the state it was not practicable to proceed in juvenile court before the 18th birthday of the person because:

(A) the state did not have probable cause to proceed in juvenile court and new evidence has been found since the 18th birthday of the person; or

(B) the person could not be found.

(k) The petition and notice requirements of Sections 53.04, 53.05, 53.06, and 53.07 of this code must be satisfied, and the summons must state that the hearing is for the purpose of considering waiver of jurisdiction under Subsection (j) of this section.

(l) The juvenile court shall conduct a hearing without a jury to consider waiver of jurisdiction under Subsection (j) of this section.

[Amended by Acts 1975, 64th Leg., p. 2156, ch. 693, § 16, eff. Sept. 1, 1975.]

§ 54.03. Adjudication Hearing

[See Compact Edition, Volume 1 for text of (a) and (b)]

(c) Trial shall be by jury unless jury is waived in accordance with Section 51.09 of this code. Jury verdicts under this title must be unanimous.

[See Compact Edition, Volume 1 for text of (d)]

(e) A child alleged to have engaged in delinquent conduct or conduct indicating a need for supervision need not be a witness against nor otherwise incriminate himself. An extrajudicial statement which was obtained without fulfilling the requirements of this title or of the constitution of this state or the United States, may not be used in an adjudication hearing. A statement made by the child out of court is insufficient to support a finding of delinquent conduct or conduct indicating a need for supervision unless it is corroborated in whole or in part by other evidence. An adjudication of delinquent conduct or conduct indicating a need for supervision cannot be had upon the testimony of an accomplice unless corroborated by other evidence tending to connect the child with the alleged delinquent conduct or conduct indicating a need for supervision; and the corroboration is not sufficient if it merely shows the commission of the alleged conduct. Evidence illegally seized or obtained is inadmissible in an adjudication hearing.

[See Compact Edition, Volume 1 for text of (f) to (h)]

[Amended by Acts 1975, 64th Leg., p. 2157, ch. 693, § 17, eff. Sept. 1, 1975; Acts 1979, 66th Leg., p. 1098, ch. 514, § 1, eff. Aug. 27, 1979.]

§ 54.04. Disposition Hearing

[See Compact Edition, Volume 1 for text of (a) to (c)]

(d) If the court makes the finding specified in subsection (c) of this section, it may:

(1) place the child on probation on such reasonable and lawful terms as the court may determine for a period not to exceed one year, subject to extensions not to exceed one year each:

- (A) in his own home or in the custody of a relative or other fit person;
- (B) in a suitable foster home; or
- (C) in a suitable public or private institution or agency, except the Texas Youth Council; and
- (D) the juvenile court, on notice to the child and on hearing, may order the child to make full or partial restitution to the victim of the offense. An order under this subsection may provide for periodic payments by the child for the period specified in the order not to exceed five years after the 18th birthday of the child. If the child is unable to make full or partial restitution or if a restitution order is not appropriate under the circumstances, the court may order the child to render personal services to a chari-

table or educational institution in the manner prescribed in the court order in lieu of restitution. The victim of an offense is not entitled to receive more than actual damages under a juvenile court order;

(2) if the court or jury found at the conclusion of the adjudication hearing that the child engaged in delinquent conduct, the court may commit the child to the Texas Youth Council.

[See Compact Edition, Volume 1 for text of (e), (f)]

(g) Repealed by Acts 1975, 64th Leg., p. 2158, ch. 693, § 23, eff. Sept. 1, 1975.

§ 54.041. Orders Affecting Parents and Others

(a) When a child has been found to have engaged in delinquent conduct or conduct indicating a need for supervision and the juvenile court has made a finding that the child is in need of rehabilitation or that the protection of the public or the child requires that disposition be made, the juvenile court, on notice to all persons affected, may:

(1) order any person found by the juvenile court to have, by a wilful act or omission, contributed to, caused, or encouraged the child's delinquent conduct or conduct indicating a need for supervision to do any act that the juvenile court determines to be reasonable and necessary for the welfare of the child or to refrain from doing any act that the juvenile court determines to be injurious to the welfare of the child; or

(2) enjoin all contact between the child and a person who is found to be a contributing cause of the child's delinquent conduct or conduct indicating a need for supervision.

(b) If a child is found to have engaged in delinquent conduct arising from the commission of an offense in which property damage occurred, the juvenile court, on notice to all persons affected and on hearing, may order the child or a parent to make full or partial restitution to the victim of the offense. An order under this subsection may provide for periodic payments by the child or a parent of the child for the period specified in the order not to exceed five years after the 18th birthday of the child. If the child or parent is unable to make full or partial restitution or if a restitution order is not appropriate under the circumstances, the court may order the child to render personal services to a charitable or educational institution in the manner prescribed in the court order in lieu of restitution. Restitution under this section is cumulative of any other remedy allowed by law and may be used in addition to other remedies; except that a victim of an offense is not entitled to receive more than actual damages under a juvenile court order.

(c) A person subject to an order proposed under Subsection (a) of this section is entitled to a hearing on the order before the order is entered by the court.

(d) An order made under this section may be enforced as provided by Section 54.07 of this code. [Added by Acts 1975, 64th Leg., p. 2157, ch. 693, § 18, eff. Sept. 1, 1975. Amended by Acts 1979, 66th Leg., p. 338, ch. 154, § 2, eff. Sept. 1, 1979.]

#### § 54.05. Hearing to Modify Disposition

[See Compact Edition, Volume 1 for text of (a) to (c)]

(d) A hearing to modify disposition shall be held on the petition of the child and his parent, guardian, guardian ad litem, or attorney, or on the petition of the state, a probation officer, or the court itself. Reasonable notice of a hearing to modify disposition shall be given to all parties. When the petition to modify is filed under Section 51.03(a)(2) of this code, the court must hold an adjudication hearing and make an affirmative finding prior to considering any written reports under Subsection (e) of this section.

(e) After the hearing on the merits or facts, the court may consider written reports from probation officers, professional court employees, or professional consultants in addition to the testimony of other witnesses. Prior to the hearing to modify disposition, the court shall provide the attorney for the child with access to all written matter to be considered by the court in deciding whether to modify disposition. The court may order counsel not to reveal items to the child or his parent, guardian, or guardian ad litem if such disclosure would materially harm the treatment and rehabilitation of the child or would substantially decrease the likelihood of receiving information from the same or similar sources in the future.

[See Compact Edition, Volume 1 for text of (f) to (i)]

[Amended by Acts 1979, 66th Leg., p. 1829, ch. 743, § 1, eff. Aug. 27, 1979.]

#### § 54.061. Payment of Probation Fees

(a) If a child is placed on probation under Section 54.04(d)(1) of this code, the juvenile court, after giving the child, parent, or other person responsible for the child's support a reasonable opportunity to be heard, may order the child, parent, or other person, if financially able to do so, to pay to the court a fee of not more than \$15 a month during the period that the child continues on probation.

(b) Orders for the payment of fees under this section may be enforced as provided by Section 54.07 of this code.

(c) The court shall deposit the fees received under this section in the county treasury to the credit of a special fund that may be used only for juvenile probation or community-based juvenile corrections services or facilities in which a juvenile may be required to live while under court supervision.

[Added by Acts 1979, 66th Leg., p. 338, ch. 154, § 1, eff. Sept. 1, 1979. Amended by Acts 1981, 67th Leg., p. 2425, ch. 617, § 4, eff. Sept. 1, 1981.]

#### § 54.07. Enforcement of Order

[See Compact Edition, Volume 1 for text of (a)]

(b) The juvenile court may enforce its order for support or for the payment of restitution or probation fees by civil contempt proceedings after 10 days' notice to the defaulting person of his failure or refusal to carry out the terms of the order.

(c) On the motion of the juvenile court or any person or agency entitled to receive restitution or probation payments or payments for the benefit of a child, the juvenile court may render judgment against a defaulting person for any amount unpaid and owing after 10 days' notice to the defaulting person of his failure or refusal to carry out the terms of the order. The judgment may be enforced by any means available for the enforcement of judgments for other debts.

[Amended by Acts 1979, 66th Leg., p. 339, ch. 154, § 3, eff. Sept. 1, 1979.]

#### § 54.10. Hearings Before Referee

(a) The hearing provided in Sections 54.01, 54.03, and 54.04 of Title 3 of this code and the hearing provided in Article IV, Article V, and Article VI of the Uniform Interstate Compact on Juveniles (Chapter 25 of this code) may be held by a referee appointed in accordance with Section 51.04(g) of this code provided:

(1) the parties have been informed by the referee that they are entitled to have the hearing before the juvenile court judge or in the case of a detention hearing provided for in Section 54.01 of this code, a substitute judge as authorized by Section 51.04(f) of this code; or

(2) the child and the attorney for the child have in accordance with the requirements of Section 51.09 of this code waived the right to have the hearing before the juvenile court judge or substitute judge.

(b) At the conclusion of the hearing, the referee shall transmit written findings and recommendations to the juvenile court judge. The juvenile court judge shall adopt, modify, or reject the referee's recommendations within 24 hours. In the same case of a detention hearing as authorized by Section 54.01 of this code, the failure of the juvenile court to act within 24 hours results in release of the child by operation of law and a recommendation that the child be released operates to secure his immediate release subject to the power of the juvenile court judge to modify or reject that recommendation. [Added by Acts 1975, 64th Leg., p. 2157, ch. 693, § 19, eff. Sept. 1, 1975. Amended by Acts 1979, 66th Leg., p. 1830, ch. 743, § 2, eff. Aug. 27, 1979.]

### CHAPTER 55. PROCEEDINGS CONCERNING CHILDREN WITH MENTAL ILLNESS, RETARDATION, DISEASE, OR DEFECT

#### § 55.01. Physical or Mental Examination

(a) At any stage of the proceedings under this title, the juvenile court may cause the child to be

examined by a physician, psychiatrist, or psychologist.

(b) If an examination ordered under Subsection (a) of this section is to determine whether the child is mentally retarded, the examination must consist of a comprehensive diagnosis and evaluation as defined in the Mentally Retarded Persons Act<sup>1</sup> and shall be conducted at a facility approved by the Texas Department of Mental Health and Mental Retardation.

[Amended by Acts 1977, 65th Leg., p. 1453, ch. 591, § 1, eff. Jan. 1, 1978.]

<sup>1</sup> See Civil Statutes, art. 5547-300.

§ 55.02. Mentally Ill Child

[See Compact Edition, Volume 1 for text of (a) and (b)]

(c) If the juvenile court enters an order of temporary hospitalization of the child, the child shall be cared for, treated, and released in conformity to the Texas Mental Health Code except:

(1) a juvenile court order of temporary hospitalization of a child automatically expires when the child becomes 18 years of age;

(2) the head of a mental hospital shall notify the juvenile court that ordered temporary hospitalization at least 10 days prior to discharge of the child; and

(3) appeal from juvenile court proceedings under this section shall be to the court of civil appeals as in other proceedings under this title.

[See Compact Edition, Volume 1 for text of (d)]

(e) If the child is discharged from the mental hospital before reaching 18 years of age, the juvenile court may:

(1) dismiss the juvenile court proceedings with prejudice; or

(2) continue with proceedings under this title as though no order of temporary hospitalization had been made.

[Amended by Acts 1975, 64th Leg., p. 2157, ch. 693, §§ 20 and 21, eff. Sept. 1, 1975.]

§ 55.03. Mentally Retarded Child

(a) If it appears to the juvenile court, on the suggestion of a party or on the court's own notice, that a child alleged or found to have engaged in delinquent conduct or conduct indicating a need for supervision may be mentally retarded, the court shall order a comprehensive diagnosis and evaluation of the child to be performed at a facility approved by the Texas Department of Mental Health and Mental Retardation. If the court finds that the results of such comprehensive diagnosis and evaluation indicate a significantly subaverage general intellectual function of 2.5 or more standard deviations below the age-group mean for the tests used existing concurrently with deficits in adaptive behavior of Levels I-IV, the court shall initiate proceedings

to order commitment of the child to a facility for the care and treatment of mentally retarded persons.

(b) The Mentally Retarded Persons Act (Article 3871b, Vernon's Texas Civil Statutes)<sup>1</sup> governs proceedings for commitment of a child meeting the criteria set forth in Subsection (a) of this section except that:

(1) the juvenile court shall conduct the proceedings whether or not the juvenile court is also a county court; and

(2) on receipt of the court's order entering the findings set forth in Subsection (a) of this section, together with those findings set forth in the Mentally Retarded Persons Act as prerequisites for court commitments, the Texas Department of Mental Health and Mental Retardation or the appropriate community center shall thereupon admit the child to a residential care facility for the mentally retarded.

[See Compact Edition, Volume 1 for text of (c) and (d)]

(e) If the child is discharged from the facility for the care and treatment of mentally retarded persons before reaching 18 years of age, the juvenile court may:

(1) dismiss the juvenile court proceedings with prejudice; or

(2) continue with proceedings under this title as though no order of commitment had been made.

[Amended by Acts 1975, 64th Leg., p. 2158, ch. 693, § 22, eff. Sept. 1, 1975; Acts 1977, 65th Leg., p. 1453, ch. 591, § 2, eff. Jan. 1, 1978.]

(3) "Family" includes individuals related by consanguinity or affinity, individuals who are former spouses of each other, and a foster child and foster parent, whether or not those individuals reside together.

(4) "Household" means a unit composed of persons living together in the same dwelling, whether or not they are related to each other.

(5) "Member of a household" includes a former member of a household who has filed an application or for whom protection is sought as provided by Subsection (c) of Section 71.04 of this code.

[Added by Acts 1979, 66th Leg., p. 185, ch. 98, § 11, eff. Sept. 1, 1979.]

**§ 71.06. Dismissal of Application**

(b) If a person entitled to service of citation is not served at least 48 hours before the time set for the hearing, the hearing must be rescheduled unless the person entitled to service is present at the hearing and waives notice of the hearing.

(c) If a hearing set under Subsection (a) of this section is not held because of the failure of a party to receive service of citation, the applicant may request the court to reschedule the hearing. The date for a rescheduled hearing under this subsection must be not later than 20 days after the date on which the request is made.

(d) Except as provided by Subsections (a), (b), and (c) of this section, the court may schedule hearings under this chapter as in other civil cases generally.

**§ 71.10. Findings**

(a) At the close of a hearing on an application, the court shall find whether or not family violence has occurred and whether or not family violence is likely to occur in the foreseeable future.

(b) If the court finds that family violence has occurred and that family violence is likely to occur in

the foreseeable future, the court may make any protective order authorized by this chapter that is in the best interest of the family or household or a member of the family or household.

(c) A protective order may apply only to an individual, including an applicant, who is a party to the proceeding and who:

(1) is found to have committed family violence; or

(2) has agreed to the order under Section 71.12 of this code.

[Added by Acts 1979, 66th Leg., p. 185, ch. 98, § 11, eff. Sept. 1, 1979.]

**§ 71.11. Protective Order**

(a) In a protective order the court may:

(1) prohibit a party from:

(A) committing family violence;

(B) directly or indirectly communicating with a member of the family or household;

(C) going to or near the residence or place of employment or business of a member of the family or household or any other place a member of the family or household may be;

(D) removing a child member of the family or household from the possession of a person named in the court order or from the jurisdiction of the court; or

(E) transferring, encumbering, or otherwise disposing of property mutually owned or leased by the parties, except when in the ordinary course of business;

(2) grant exclusive possession of a residence to a party and, if appropriate, direct one or more other parties to vacate the residence if:

(A) the residence is jointly owned or leased by the party receiving exclusive possession and by some other party denied possession;

(B) the residence is owned or leased by the party retaining possession; or

(C) the residence is owned or leased by the party denied possession but only if that party has an obligation to support the party granted possession of the residence or a child of the party granted possession;

(3) provide for possession of and access to a child of a party;

(4) require the payment of support for a party or for a child of a party if the person required to make the payment has an obligation to support the other party or the child;

(5) require one or more parties to counsel with a social worker, family service agency, physician, psychologist, or any other person qualified to provide psychological or social guidance;

(6) award to a party use and possession of specified property that is community property or jointly owned or leased; or

(7) prohibit a party from doing specified acts or require a party to do specified acts necessary or appropriate to prevent or reduce the likelihood of family violence.

(b) A protective order or an agreement approved by the court under this chapter does not affect the title to real property.

(c) A protective order made under this section that conflicts with any other court order made under Subtitle A, Title 2, of this code<sup>1</sup> is to the extent of the conflict invalid and unenforceable.

[Added by Acts 1979, 66th Leg., p. 185, ch. 98, § 11, eff. Sept. 1, 1979.]

<sup>1</sup>Section 11.01 et seq.

### § 71.12. Agreed Orders

(a) To facilitate the settlement of a proceeding under this chapter, two or more parties to the proceeding may agree in writing, subject to the approval of the court, to do or refrain from doing any act that the court could order under Section 71.11 of this code. If all or part of an agreement is approved by the court, the part of the agreement approved shall be attached to the protective order and become a part of the order of the court.

(b) An agreement that is made a part of the court's order is enforceable as a court order and is not enforceable as a contract. The agreement expires when the court order expires.

[Added by Acts 1979, 66th Leg., p. 185, ch. 98, § 11, eff. Sept. 1, 1979.]

### § 71.13. Duration of Protective Orders

(a) An order made under Section 71.11 of this code is effective for the period specified in the order, not to exceed one year.

(b) An order of a court having jurisdiction of a suit for divorce or annulment prevails over a conflicting portion of an order made under this title and relating to the parties to the suit for divorce or annulment.

[Added by Acts 1979, 66th Leg., p. 185, ch. 98, § 11, eff. Sept. 1, 1979.]

### § 71.14. Modification of Orders

(a) On the motion of any party, the court, after notice to the other parties and a hearing, may modify a prior order to exclude any item included in the prior order or to include any item that could have been included in the prior order.

(b) An order may not be modified to extend the period of its validity beyond one year after the date the original order was made.

[Added by Acts 1979, 66th Leg., p. 185, ch. 98, § 11, eff. Sept. 1, 1979.]

### § 71.15. Temporary Orders

(a) If the court finds from the information contained in an application that there is a clear and present danger of family violence, the court, without

further notice to any other member of the family or household and without a hearing, may enter a temporary ex parte order for the protection of the applicant or any other member of the family or household. The court may direct any member of the family or household who is alleged to have committed family violence to do or refrain from doing specified acts.

(b) A temporary ex parte order is valid for the period specified in the order, not to exceed 20 days.

(c) On the request of an applicant or on the court's own initiative, a temporary ex parte order may be extended for an additional 20 days and may be extended thereafter for additional 20-day periods.

(d) The court in its discretion may dispense with the necessity of a bond in connection with a temporary ex parte order.

(e) Any member of the family or household may at any time file a motion to vacate a temporary ex parte order, and on the filing of the motion the court shall set a date for a hearing on the motion as soon as possible.

(f) During the period of its validity, a temporary ex parte order prevails over any other court order made under Subtitle A, Title 2, of this code,<sup>1</sup> except that on a motion to vacate the temporary ex parte order, the court shall vacate those portions of the temporary order shown to be in conflict with any other court order made under Subtitle A, Title 2, of this code.

[Added by Acts 1979, 66th Leg., p. 185, ch. 98, § 11, eff. Sept. 1, 1979.]

### § 71.17. Copies of Orders

(a) A protective order made under this chapter shall be served on the person to whom the order applies in open court at the close of the hearing or in the same manner as a writ of injunction.

(b) The clerk of the court issuing a protective order under this chapter shall send a copy of the order to the chief of police of the city where the member of the family or household protected by the order resides, if the person resides in a city, or to the sheriff of the county where the person resides, if the person does not reside in a city.

[Added by Acts 1979, 66th Leg., p. 185, ch. 98, § 11, eff. Sept. 1, 1979.]

**§ 71.18. Duties of Law Enforcement Agencies**

In order to insure that officers responding to calls are aware of the existence and terms of protective orders issued under this chapter, each municipal police department and sheriff shall establish proce-

dures within the department or office to provide adequate information or access to information for law enforcement officers of the names of persons protected by order issued under this chapter and of persons to whom protective orders are directed.

[Added by Acts 1979, 66th Leg., p. 185, ch. 98, § 11, eff. Sept. 1, 1979.]

**§ 71.19. Relief Cumulative**

Except as provided by this chapter, the relief and remedies provided by this chapter are cumulative of other relief and remedies provided by law.

[Added by Acts 1979, 66th Leg., p. 185, ch. 98, § 11, eff. Sept. 1, 1979.]

**§ 1.001. Purpose of Code**

(a) This code is enacted as a part of the state's continuing statutory revision program, begun by the Texas Legislative Council in 1963 as directed by the legislature in Chapter 448, Acts of the 58th Legislature, Regular Session, 1963 (Article 5429b-1, Vernon's Texas Civil Statutes). The program contemplates a topic-by-topic revision of the state's general and permanent statute law without substantive change.

(b) Consistent with the objectives of the statutory revision program, the purpose of this code is to make the general and permanent human resources law more accessible and understandable by:

- (1) rearranging the statutes into a more logical order;
- (2) employing a format and numbering system designed to facilitate citation of the law and to accommodate future expansion of the law;
- (3) eliminating repealed, duplicative, unconstitutional, expired, executed, and other ineffective provisions; and
- (4) restating the law in modern American English to the greatest extent possible.

[Acts 1979, 66th Leg., p. 2334, ch. 842, art. 1, § 1, eff. Sept. 1, 1979.]

(b) In considering the amount of income or other resources available to a child or a relative claiming financial assistance on the child's behalf, the department shall also consider reasonable expenses attributable to earning the income. The department may permit all or part of the earned or other income to be set aside for the future identifiable needs of the child, subject to limitations prescribed by the department.

(c) The department's agents employed in the region or county in which the dependent child resides shall determine the amount to be paid in accordance with the rules promulgated by the department.

##### § 31.004. Foster Care

The department may accept and spend funds available from any source to provide foster care in facilities approved by the licensing division of the department for dependent children who meet the specifications set out in Section 31.002(b) of this code.

(b) The department shall formulate policies for studying and improving the child's home conditions and shall plan services for the protection of the child and for the child's health and educational needs.

(c) A dependent child who is between 18 and 21 years of age and whose family is receiving financial assistance or services on his or her behalf must enroll in school during the regular school term unless the department finds that good cause exists for the nonattendance of the child at school. Failure to comply with this requirement constitutes good cause for the termination of the financial assistance or services.

(d) The department shall develop a plan for the coordination of the services provided for dependent children under this chapter and other child welfare services for which the department is responsible. [Acts 1979, 66th Leg., p. 2344, ch. 842, art. 1, § 1, eff. Sept. 1, 1979.]

**§ 31.006. Welfare and Related Services**

(a) The department shall develop and implement a program of welfare and related services for each dependent child which, in light of the particular home conditions and other needs of the child, will best promote the welfare of the child and his or her family and will help to maintain and strengthen family life by assisting the child's parents or relatives to attain and retain their capabilities for maximum self-support and personal independence consistent with the maintenance of continued parental care and protection.

(b) The department shall coordinate the services provided under the program with other services provided by the department and by other public and private welfare agencies for the care and protection of children.

(c) The department may promulgate rules which will enable it to fully participate in work and training programs authorized by federal law, to provide for all services required or deemed advisable under the provisions of the program, and to accept, transfer, and expend funds made available from public or private sources for the purpose of carrying out the provisions of this section.

**§ 31.008. Counseling and Guidance Services**

(a) If the department believes that financial assistance to a family with a dependent child is not being, or may not be, used in the best interest of the child, the department may provide counseling and

guidance services to the relative receiving financial assistance with respect to the use of the funds and the management of other funds in the child's best interest.

(b) The department may advise the relative that continued failure to use the funds in the child's best interest will result in the funds being paid to a substitute payee. If the department determines that protective payments are required to safeguard the best interest of the child, the department may pay the funds to a substitute payee on a temporary basis in accordance with the department's rules.

(c) If the situation in the home which made the protective payments necessary does not improve, and if the department determines that the relative with whom the child is living is unable or does not have the capacity to use the funds for the best interest of the child, then the department may make arrangements with the family for other plans for the care of the child. The other plans may include:

If the department finds that a person who is required to register is not registered, the department may not make the payment.

FROM ANOTHER STATE**

§ 45.001. Definitions

In this subchapter:

(1) "Child" means a person who, by reason of minority, is legally subject to parental, guardianship, or similar control.

(2) "Child-care facility" means a facility that provides care, training, education, custody, treatment, or supervision for a minor child who is not related by blood, marriage, or adoption to the owner or operator of the facility, whether or not the facility is operated for profit, and whether or not the facility makes a charge for the service offered by it.

(3) "Placement" means an arrangement for the care of a child in a family free, in a boarding home, or in a child-care facility or institution, including an institution caring for the mentally ill, mentally defective, or epileptic, but does not include an institution primarily educational in character or a hospital or other primarily medical facility.

(4) "Sending agency" means a state, a subdivision of a state, an officer or employee of a state or a subdivision of a state, a court of a state, or a person, partnership, corporation, association, charitable agency, or other entity, located outside this state, which sends, brings, or causes to be sent or brought a child into this state.

[Acts 1979, 66th Leg., p. 2371, ch. 842, art. 1, § 1, eff. Sept. 1, 1979.]

#### § 45.002. Required Notice of Intention to Place a Child

(a) Prior to the placement in this state of a child from another state, the sending agency shall furnish the department written notice of its intention to place the child in this state. The notice must contain:

(1) the name and the date and place of birth of the child;

(2) the names and addresses of the child's parents or legal guardian, and the legal relationship of the named persons to the child;

(3) the name and address of the person, agency, or institution with which the sending agency proposes to place the child; and

(4) a full statement of the reasons for the placement and evidence of the authority under which the placement is proposed to be made.

(b) After receipt of a notice provided for in Subsection (a) of this section, the commissioner may request additional or supporting information considered necessary from an appropriate authority in the state where the child is located.

(c) No sending agency may send, bring, or cause to be sent or brought into this state a child for placement until the commissioner notifies the sending agency in writing that the proposed placement does not appear to be contrary to the best interests of the child.

(d) The commissioner may not approve the placement in this state of a child from outside this state without the concurrence of the individuals with whom the child is proposed to be placed or the head of an institution with which the child is proposed to be placed.

(e) No child-care facility in this state may receive a child for placement unless the placement conforms to requirements of this subchapter.

[Acts 1979, 66th Leg., p. 2371, ch. 842, art. 1, § 1, eff. Sept. 1, 1979.]

#### § 45.003. Responsibilities of Sending Agency

(a) After placement in this state, the sending agency retains jurisdiction over the child sufficient to determine all matters relating to the custody, supervision, care, treatment, and disposition of the child which it would have had if the child had remained in the sending agency's state, until the child is adopted, reaches majority, becomes self-supporting, or is discharged with the concurrence of the commissioner. The sending agency may cause the child to be returned to it or transferred to another location, except as provided by Subsection (e) of this section.

(b) The sending agency has financial responsibility for support and maintenance of the child during each period of placement in Texas. If the sending agency fails wholly or in part to provide financial support and maintenance during placement, the commissioner may bring suit under Section 14.05, Family Code, and may file a complaint with the appropriate prosecuting attorney, claiming a violation of Section 25.05, Penal Code.

(c) After failure of the sending agency to provide support or maintenance, if the commissioner determines that financial responsibility is unlikely to be assumed by the sending agency, or by the child's parents or guardian, if not the sending agency, the commissioner shall cause the child to be returned to the sending agency.

(d) After failure of the sending agency to provide support or maintenance, the department shall assume financial responsibility for the child until responsibility is assumed again by the sending agency, until it is assumed by the child's parents or guardian, or until the child is safely returned to the sending agency.

(e) The commissioner may not concur in the discharge of a child placed in a public institution in this state without the concurrence of the head of the institution.

[Acts 1979, 66th Leg., p. 2372, ch. 842, art. 1, § 1, eff. Sept. 1, 1979.]

#### § 45.004. Delinquent Child

No child adjudicated delinquent in another state may be placed in Texas unless the child has received a court hearing, after notice to a parent or guardian, at which the child had an opportunity to be heard and the court found that:

(1) equivalent facilities for the child are not available in the sending agency's jurisdiction; and

(2) institutional care in Texas is in the best interests of the child and will not produce undue hardship.

[Acts 1979, 66th Leg., p. 2373, ch. 842, art. 1, § 1, eff. Sept. 1, 1979.]

§ 45.005. Private Charitable Agencies

This subchapter does not prevent a private charitable agency authorized to place children in this state from performing services or acting as agent in this state for a private charitable agency in a sending state, or prevent the agency in this state from discharging financial responsibility for the support and maintenance of a child who has been placed on behalf of a sending agency, without altering financial responsibility as provided by Section 45.003 of this code.

[Acts 1979, 66th Leg., p. 2373, ch. 842, art. 1, § 1, eff. Sept. 1, 1979.]

§ 45.006. Exemptions

This subchapter does not apply to:

(1) the sending or bringing of a child into this state by his parent, stepparent, grandparent, adult brother or sister, adult uncle or aunt, or the child's guardian, and the leaving of the child with a person described in this subdivision or with a nonagency guardian in this state; or

(2) the placement, sending, or bringing of a child into this state under the provisions of an interstate compact to which both Texas and the state from which the child is sent or brought are parties.

(b) A child-care facility in this state that violates Subsection (e) of Section 45.002 of this code is guilty of a Class B misdemeanor. On conviction, the court shall revoke any license to operate as a child-care facility or child-care institution issued the facility by the department.

SUBCHAPTER B. INTERSTATE COMPACT ON THE PLACEMENT OF CHILDREN

§ 45.021. Adoption of Compact; Text

The Interstate Compact on the Placement of Children is adopted by this state and entered into with all other jurisdictions joining therein in form substantially as follows:

INTERSTATE COMPACT ON THE PLACEMENT OF CHILDREN

ARTICLE I. PURPOSE AND POLICY

It is the purpose and policy of the party states to cooperate with each other in the interstate placement of children to the end that:

(a) Each child requiring placement shall receive the maximum opportunity to be placed in a suitable environment and with persons or institutions having appropriate qualifications and facilities to provide a necessary and desirable degree and type of care.

(b) The appropriate authorities in a state where a child is to be placed may have full opportunity to ascertain the circumstances of the proposed placement, thereby promoting full compliance with applicable requirements for the protection of the child.

(c) The proper authorities of the state from which the placement is made may obtain the most complete information on the basis on which to evaluate a projected placement before it is made.

(d) Appropriate jurisdictional arrangements for the care of children will be promoted.

ARTICLE II. DEFINITIONS

As used in this compact:

(a) "Child" means a person who, by reason of minority, is legally subject to parental, guardianship, or similar control.

(b) "Sending agency" means a party state, officer, or employee thereof; a subdivision of a party state, or officer or employee thereof; a court of a party state; a person, corporation, association, charitable agency, or other entity which sends, brings, or causes to be sent or brought any child to another party state.

(c) "Receiving state" means the state to which a child is sent, brought, or caused to be sent or brought, whether by public authorities or private persons or agencies, and whether for placement with state or local public authorities or for placement with private agencies or persons.

(d) "Placement" means the arrangement for the care of a child in a family free or boarding home or in a child-caring agency or institution but does not include any institution caring for the mentally ill, mentally defective, or epileptic or any institution primarily educational in character, and any hospital or other medical facility.

ARTICLE III. CONDITIONS FOR PLACEMENT

(a) No sending agency shall send, bring, or cause to be sent or brought into any other party state any child for placement in foster care or as a preliminary to a possible adoption unless the sending agency shall comply with each and every requirement set forth in this article and with the applicable laws of the receiving state governing the placement of children therein.

(b) Prior to sending, bringing, or causing any child to be sent or brought into a receiving state for placement in foster care or as a preliminary to a possible adoption, the sending agency shall furnish the appropriate public authorities in the receiving state written notice of the intention to send, bring, or place the child in the receiving state. The notice shall contain:

(1) the name, date, and place of birth of the child;

(2) the identity and address or addresses of the parents or legal guardian;

(3) the name and address of the person, agency, or institution to or with which the sending agency proposes to send, bring, or place the child;

(4) a full statement of the reasons for such proposed action and evidence of the authority pursuant to which the placement is proposed to be made.

(c) Any public officer or agency in a receiving state which is in receipt of a notice pursuant to Paragraph (b) of this article may request of the sending agency, or any other appropriate officer or agency of or in the sending agency's state, and shall be entitled to receive therefrom, such supporting or additional information as it may deem necessary under the circumstances to carry out the purpose and policy of this compact.

(d) The child shall not be sent, brought, or caused to be sent or brought into the receiving state until the appropriate public authorities in the receiving state shall notify the sending agency, in writing, to the effect that the proposed placement does not appear to be contrary to the interests of the child.

#### ARTICLE IV. PENALTY FOR ILLEGAL PLACEMENT

The sending, bringing, or causing to be sent or brought into any receiving state of a child in violation of the terms of this compact shall constitute a violation of the laws respecting the placement of children of both the state in which the sending agency is located or from which it sends or brings the child and of the receiving state. Such violation may be punished or subjected to penalty in either jurisdiction in accordance with its laws. In addition to liability for any such punishment or penalty, any such violation shall constitute full and sufficient grounds for the suspension or revocation of any license, permit, or other legal authorization held by the sending agency which empowers or allows it to place or care for children.

#### ARTICLE V. RETENTION OF JURISDICTION

(a) The sending agency shall retain jurisdiction over the child sufficient to determine all matters in relation to the custody, supervision, care, treatment, and disposition of the child which it would have had if the child had remained in the sending agency's state, until the child is adopted, reaches majority, becomes self-supporting or is discharged with the concurrence of the appropriate authority in the receiving state. Such jurisdiction shall also include the power to effect or cause the return of the child or its transfer to another location and custody pursuant to law. The sending agency shall continue to have financial responsibility for support and maintenance of the child during the period of the placement. Nothing contained herein shall defeat a claim

of jurisdiction by a receiving state sufficient to deal with an act of delinquency or crime committed therein.

(b) When the sending agency is a public agency, it may enter into an agreement with an authorized public or private agency in the receiving state providing for the performance of one or more services in respect of such case by the latter as agent for the sending agency.

(c) Nothing in this compact shall be construed to prevent a private charitable agency authorized to place children in the receiving state from performing services or acting as agent in that state for a private charitable agency of the sending state; nor to prevent the agency in the receiving state from discharging financial responsibility for the support and maintenance of a child who has been placed on behalf of the sending agency without relieving the responsibility set forth in Paragraph (a) hereof.

#### ARTICLE VI. INSTITUTIONAL CARE OF DELINQUENT CHILDREN

A child adjudicated delinquent may be placed in an institution in another party jurisdiction pursuant to this compact but no such placement shall be made unless the child is given a court hearing on notice to the parent or guardian with opportunity to be heard, prior to his being sent to such other party jurisdiction for institutional care and the court finds that:

(1) equivalent facilities for the child are not available in the sending agency's jurisdiction; and

(2) institutional care in the other jurisdiction is in the best interest of the child and will not produce undue hardship.

#### ARTICLE VII. COMPACT ADMINISTRATOR

The executive head of each jurisdiction party to this compact shall designate an officer who shall be general coordinator of activities under this compact in his jurisdiction and who, acting jointly with like officers of other party jurisdictions, shall have power to promulgate rules and regulations to carry out more effectively the terms and provisions of this compact.

#### ARTICLE VIII. LIMITATIONS

This compact shall not apply to:

(a) the sending or bringing of a child into a receiving state by his parent, stepparent, grandparent, adult brother or sister, adult uncle or aunt, or his guardian and leaving the child with any such relative or nonagency guardian in the receiving state;

(b) any placement, sending, or bringing of a child into a receiving state pursuant to any other interstate compact to which both the state from which the child is sent or brought and the receiving state are party, or to any other agreement between said states which has the force of law.

ARTICLE IX. ENACTMENT AND WITHDRAWAL

This compact shall be open to joinder by any state, territory, or possession of the United States, the District of Columbia, the Commonwealth of Puerto Rico, and, with the consent of congress, the government of Canada or any province thereof. It shall become effective with respect to any such jurisdiction when such jurisdiction has enacted the same into law. Withdrawal from this compact shall be by the enactment of a statute repealing the same, but shall not take effect until two years after the effective date of such statute and until written notice of the withdrawal has been given by the withdrawing state to the governor of each other party jurisdiction. Withdrawal of a party state shall not affect the rights, duties, and obligations under this compact of any sending agency therein with respect to a placement made prior to the effective date of withdrawal.

ARTICLE X. CONSTRUCTION AND SEVERABILITY

The provisions of this compact shall be liberally construed to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

## § 72.001. Policy and Purpose

It is the policy of this state to foster and support families as the most important continuing factor in determining what a child will become and to provide effective public services to strengthen the family unit to fulfill the unmet developmental needs of children and youth. Each child is entitled to the concern and full protection of this state acting in concert with communities in which the child lives. In the absence of parents or in the inability of parents to provide essential care, protection, and nurture for their children, competent substitute care, protection, and nurture should be provided by proper coordinative efforts. The legislature recognizes that the public interest requires the wise investment of resources to prevent abnormalities and maladjustments in children who will later require institutional care and treatment at many times the human and fiscal costs of prevention. It further recognizes that supportive activities to families with children and youth are primarily a community responsibility that can best be served by having the state assist in the coordination of programs within communities and rural areas of the state. To carry out these policies and purposes, this chapter is enacted authorizing the Texas Department of Community Affairs to assist communities in providing for programs to enhance the development of children and youth.

[Added by Acts 1981, 67th Leg., p. 1788, ch. 390, § 1, eff. Aug. 31, 1981.]

**§ 94.001. Definitions**

In this chapter:

(1) "Blind person" means a person having not more than 20/200 visual acuity in the better eye with correcting lenses or visual acuity greater than 20/200 but with a limitation in the field of vision such that the widest diameter of the visual field subtends an angle no greater than 20 degrees.

(2) "Vending facility" means a facility in which food, drinks, drugs, novelties, souvenirs, tobacco products, notions, or related items are sold regularly. The term excludes facilities consisting solely of vending machines that do not compete directly or indirectly with a facility that is or could be operated by a vocationally handicapped person.

(3) "State property" means land and buildings owned, leased, or otherwise controlled by the state.

(4) "Agency" means the state agency in charge of state property.

(5) "Handicapped" means a physical or mental condition that the commission or rehabilitation commission determines to constitute a substantial vocational disadvantage.

(6) "Commission" means the State Commission for the Blind.

(7) "Rehabilitation commission" means the Texas Rehabilitation Commission.

[Acts 1979, 66th Leg., p. 2411, ch. 842, art. 1, § 1, eff. Sept. 1, 1979.]

**§ 94.002. License or Permit Required**

No person may operate a vending facility or a facility with vending machines or other coin-operated devices on state property unless the person is licensed to do so by the commission or is authorized to do so by an agency granted a permit to arrange for vending facilities.

[Acts 1979, 66th Leg., p. 2411, ch. 842, art. 1, § 1, eff. Sept. 1, 1979.]

**§ 94.003. Licensing Procedure**

(a) On its own initiative or at the request of an agency that controls state property, the commission shall survey the property, or blueprints and other available information concerning the property, to determine whether the installation of a vending facility is feasible and consonant with the commission's vocational rehabilitation objectives.

(b) If the installation of the facility is feasible, the commission shall either license a blind person to operate a facility to be installed by the commission or allow the rehabilitation commission to install a facility to be operated by a handicapped person who is not blind according to rules and procedures comparable to those adopted by the commission. The commission and the rehabilitation commission may enter into agreements relating to management services and related forms of necessary assistance.

[Acts 1979, 66th Leg., p. 2411, ch. 842, art. 1, § 1, eff. Sept. 1, 1979.]

**§ 94.004. Location of Vending Facilities**

(a) With the concurrence of the agency in charge of state property, the commission shall designate the location of vending facilities that have been requested by the agency.

(b) The agency responsible for state property shall alter the property to make it suitable for the proper operation of the vending facilities. To this end, the agency in charge of constructing new state property shall consult with the commission during the planning stage on the construction.

[Acts 1979, 66th Leg., p. 2412, ch. 842, art. 1, § 1, eff. Sept. 1, 1979.]

**§ 94.005. Issuance of Licenses; Eligibility**

(a) The commission may issue a license to operate its vending facilities on state property to blind citizens of the state who are capable of operating the facilities in a manner that is reasonably satisfactory to all parties concerned.

(b) Before issuing a license to a person, the commission shall determine whether the person has the physical, psychological, and personal traits and abilities required to operate a vending facility in a satisfactory manner.

(c) The commission shall maintain a roster of the names of each person who has been certified as suitable for licensing. If two or more equally qualified persons are listed on the roster and apply for a license to operate an available vending facility, the commission shall issue the license to the person who is most in need of employment.

(d) The granting of a license does not vest the licensee with property or other rights which may constitute the basis of a cause of action, at law or in equity, against the state or its officers or employees. [Acts 1979, 66th Leg., p. 2412, ch. 842, art. 1, § 1, eff. Sept. 1, 1979.]

#### § 94.006. Expiration, Renewal, and Revocation of Licenses

(a) A license or general permit to operate a vending facility on state property is valid for a period of three years from the date it is issued.

(b) The commission shall review each license or permit prior to its expiration and shall issue a new or different license or permit as the circumstances warrant.

(c) The commission and the agency may consent mutually to revoke a general permit prior to its expiration if changed circumstances warrant that action.

(d) A blind person's wilful failure to comply with the commission's rules or the provisions of this chapter constitutes grounds for the automatic revocation of the person's license.

(e) The commission shall adopt substantive and procedural rules governing the revocation of licenses.

[Acts 1979, 66th Leg., p. 2412, ch. 842, art. 1, § 1, eff. Sept. 1, 1979.]

#### § 94.007. Operation of Vending Facilities Under the Rehabilitation Commission

(a) If the commission determines that a blind person could not properly operate a vending facility at a particular location, the rehabilitation commission may survey the property to determine whether a handicapped person whose disability is not of a visual nature could operate the facility in a proper manner.

(b) The commission and the rehabilitation commission may develop procedures and methods of exchanging information necessary to implement cooperative activities.

(c) The installation and operation of a vending facility by the rehabilitation commission must conform to the provisions of this chapter applicable to vending facilities installed by the commission.

[Acts 1979, 66th Leg., p. 2412, ch. 842, art. 1, § 1, eff. Sept. 1, 1979.]

#### § 94.008. Closing Certain Facilities Prohibited

Neither a vending facility operated by a blind or otherwise vocationally handicapped individual nor a

vending facility location surveyed by the commission may be closed as a result of the transfer of state property from one agency to another, the alteration of a state building, or the reorganization of a state agency unless the commission or the rehabilitation commission agrees to the closing.

[Acts 1979, 66th Leg., p. 2413, ch. 842, art. 1, § 1, eff. Sept. 1, 1979.]

#### § 94.009. Employment of Assistants

(a) If an individual licensed to operate a vending facility on state property requires an assistant, a qualified visually handicapped person must be given preference for employment. If the commission determines that a visually handicapped person could not perform the labor for which an assistant is required, or if a visually handicapped person is not available, a handicapped person whose disability is not of a visual nature must be given preference for employment. If no handicapped person is available for the job, preference must be given to a person who is socially, culturally, economically, or educationally disadvantaged.

(b) An assistant employed by a blind person licensed by the commission must be approved by the commission, and the deliberate refusal of a blind licensee to comply with this section constitutes grounds for the revocation of his or her license. [Acts 1979, 66th Leg., p. 2413, ch. 842, art. 1, § 1, eff. Sept. 1, 1979.]

#### § 94.010. Competing Vending Machines

(a) If the commission and an agency agree to the installation and operation of an additional vending facility or vending machine on property that already has a commission-sponsored vending facility, no additional permit or license is required. However, the installation of a competing vending facility consisting of vending machines or other coin-operated devices must be authorized by the commission. The commission's authorization must be made with a view toward providing the greatest economic benefits for blind persons consonant with supplying the additional services required at the building.

(b) State agencies shall cooperate and negotiate in good faith to accomplish the purposes of this chapter.

(c) Vocationally handicapped individuals who operate vending facilities on state property are entitled to receive all commissions from vending machines installed on the same property. If two or more vending facilities are operated by vocationally handicapped persons in a building in which vending machines are installed, the commission shall divide the commissions from the vending machines among the handicapped operators in a manner that will achieve equity and equality in the incomes of the handicapped operators. If the commission and the rehabilitation commission have decided not to locate a vending facility in a building, the agency to whom a general permit has been issued shall determine the

assignment of the commissions from vending machines installed in the building.

[Acts 1979, 66th Leg., p. 2413, ch. 842, art. 1, § 1, eff. Sept. 1, 1979.]

**§ 94.011. Vending Facility Equipment and Stock**

(a) The commission may supply a blind vending facility operator with equipment and initial stock necessary for the operator to begin business.

(b) The commission shall collect and set aside from the proceeds of the operation of its vending facilities enough money:

(1) to insure a sufficient amount of initial stock for the facilities and for their proper maintenance;

(2) to pay the costs of supervision and other expenses incidental to the operation of the facilities; and

(3) to pay other program costs to the extent necessary to assure fair and equal treatment of the blind persons licensed to operate the facilities and to the extent allowed under federal programs that provide financial support to the commission.

(c) Except for purchasing and installing original equipment, the operation of commission-sponsored vending facilities must be as self-supporting and self-sustaining as possible. To achieve this end, the commission shall periodically review and, when necessary, revise its schedules for collecting and setting aside money from the proceeds of its vending facilities.

[Acts 1979, 66th Leg., p. 2414, ch. 842, art. 1, § 1, eff. Sept. 1, 1979.]

**§ 94.012. Duties and Privileges of Parties**

(a) The commission may promulgate rules and initiate procedures necessary to implement this chapter.

(b) A blind person licensed to operate a vending facility on state property shall operate the facility in accordance with law and the commission's rules and policies.

(c) The agency in charge of state property shall cooperate with the commission and its blind licensees to accomplish the purposes of this chapter. The agency shall also furnish all necessary utility service, including connections and outlets required for the installation of the facility, janitorial and garbage disposal services where feasible, and other related assistance.

[Acts 1979, 66th Leg., p. 2414, ch. 842, art. 1, § 1, eff. Sept. 1, 1979.]

**§ 94.013. Training Programs**

The commission may establish training or experimentation locations necessary to train blind persons who desire to be licensed to operate vending facilities and to develop techniques which will allow blind persons to operate the facilities or related types of small businesses more efficiently and productively.

[Acts 1979, 66th Leg., p. 2414, ch. 842, art. 1, § 1, eff. Sept. 1, 1979.]

**§ 94.014. Conformity With Federal Statutes**

(a) This chapter shall be construed in a manner consistent with the requirements of federal programs that provide financial assistance to the commission.

(b) If a provision of this chapter conflicts with a federal program requirement, the commission may waive or modify the provision to the extent necessary to secure the full benefits of the federal program.

[Acts 1979, 66th Leg., p. 2414, ch. 842, art. 1, § 1, eff. Sept. 1, 1979.]

**§ 94.015. Application of Chapter**

(a) This chapter does not apply to property over which the federal government maintains partial or complete control or to property maintained and operated by state-supported institutions of higher education. However, the commission may enter into agreements with state institutions of higher education concerning the use of blind labor in vending facilities at the institutions.
