The state board of education is hereby empowered and required to provide rooms, appliances and teachers for giving instruction in the subjects of manual training, domestic science and agriculture in said state normal schools. The state board of education is further empowered and instructed to employ a teacher or teachers that have been trained and equipped to give instruction in these subjects in the said state normal schools; provided, that the state board of education is hereby authorized to fix the salaries of the presidents, principals, professors, instructors, teachers and other employes in said normal schools. The state superintendent of public instruction shall make accurate and full investigation of the school property, appliances and ground possessed by any board of trustees that may seek aid under the provisions of this chapter, and he shall also inquire into the qualifications of the teacher or teachers who are to give instruction in agriculture, manual training and domestic economy in the school or schools seeking aid under the provisions of this chapter, and shall make a report of the result of his investigation to the state board of education, together with his conclusions and recommendations touching the same. The state board of education shall grant aid to those high schools that have complied with the provisions of this chapter and that have been recommended by the state superintendent of public instruction and that shall give evidence that, after the state aid is withdrawn, the district will continue to maintain the department for instruction in agriculture out of its own funds. [Id. sec. 5.]

Art. 2733. Board may create school districts at eleemosynary institutions.—The state board of education is hereby authorized and empowered to create new school districts at such of the several eleemosynary institutions of this state, including the state orphan asylum, or at any and all orphan homes or like institutions now existing, or that may hereafter be established by the Odd Fellows, Masons, Knights of Pythias and other fraternal organizations; provided only, that the number of children within the scholastic age in each instance be sufficient to justify such action. The territorial limits in each case shall be co-extensive with the property lines of the institution. [Acts 1905, p. 263, sec. 176.]

Art. 2734. Trustees for such districts.—Upon the exercise of the power here granted, the state superintendent of public instruction shall appoint a board of three trustees for each district so created; and such trustees need not be residents of such district, and the fact shall be duly certified to local authorities for information and observance; and upon the creation of such districts the trustees shall take and certify the census of the children within the scholastic age, and the funds shall thereafter be apportioned directly to such district; and the law pertaining to independent districts shall govern so far as applicable, though the state board of education may make special regu-

[Id. sec 178.]

BOARD AUTHORIZED TO INVEST SCHOOL FUND.

Art. 2736. Authorized to invest state permanent school fund.—The board of education is authorized and empowered to invest the permanent public free school funds of the state in bonds of the United States, the state of Texas, the bonds of the counties of the state, and the independent or common school districts, road precinct, drainage, irrigation, navigation, and levee districts of said state, and the bonds of incorporated cities and towns, and the bonds of road precincts of any county of Texas, and the bonds of drainage, irrigation, navigation, and levee districts of any county or counties of Texas. [Acts 1905, p. 263, sec. 2. Amended 1909, p. 216.]

Art. 2737. Duties of parties offering bonds for sale.—Hereafter when any county bonds, or the bonds of any incorporated city, independent or common school district, road precinct, drainage, irrigation, navigation and levee districts are offered for sale, the party offering, or proposing to sell, such bonds shall first submit them to the attorney general of the state, who shall carefully inspect and examine the same in connection with the law under which they were issued, and shall diligently inquire into the facts and circumstances so far as may be necessary to determine the validity thereof; and, upon being satisfied that such bonds were issued in conformity with law, and that they are valid and binding obligations upon the county or incorporated city, or common school district, road precinct, drainage, irrigation, navigation and levee districts, by which they were issued, he shall thereupon certify to their validity; and his certificate to that effect, so procured by the party offering such bonds for sale, shall be submitted to the comptroller or board of education, with the bonds so offered for sale; and, should the same be purchased as an investment for the permanent public free school fund from the county or incorporated city or common school district, road precinct, drainage, irrigation, navigation and levee districts issuing the same, or from any person authorized by said county or incorporated city or common school district, road precinct, drainage, irrigation, navigation and levee districts to act for it in the negotiations or sale of such bonds, they shall thereafter be held in every action or proceeding in which their validity is, or may be, called in question, to be valid and binding obligations of the county, or incorporated city, or common school district, road precinct, drainage, irrigation, navigation and levee districts issuing the same, unless fraudulently issued, or issued in violation of the constitutional limitation; and, in every such action, a certificate of the attorney general as aforesaid (which shall be carefully preserved by the comptroller), shall be admitted and received as prima facie evidence of the validity of the bonds and coupons thereto, which may have been so purchased; and it is further provided, that the commissioners' courts of the counties of this state are hereby authorized to invest the permanent school fund belonging to their counties in the manner provided in this article for the investment of the state fund. [Id. sec. 3.]

Art. 2738. Board must examine bonds.—Nothing in the preceding article shall be so construed as to relieve the comptroller or board of education from the duty of a careful examination of the bonds offered as an investment for the permanent public free school fund of the state, an investigation of the

facts tending to show the validity thereof; and such board of education may decline to purchase same, unless satisfied that they are a safe and proper investment for such fund; and no bonds shall be purchased as an investment for the permanent public free school fund that do not bear as great a rate of interest as at least three per cent per annum; and no county bond or bonds of any incorporated city, independent or common school district, road precinct, drainage, irrigation, navigation and levee districts shall be purchased as an investment for the permanent public free school fund when the indebtedness of such county, incorporated city, independent or common school district, road precinct, drainage, irrigation, navigation and levee districts, inclusive of the bonds so offered, shall exceed seven per cent of the assessed value of the real estate in such county or incorporated city, independent or common school district, road precinct, drainage, irrigation, navigation and levee districts; and, if any default be made in the payment of interest due upon such bonds, the board of education may at any time prior to the payment of such overdue interest, elect to treat the principal as also due, and the same shall thereupon, at the option of the board of education, become due and payable; and the payment of both such principal and interest shall in all such cases be enforced in such manner as is or may be provided by law, and the right to enforce such collection shall never be barred by any law or limitation whatever. [Id. sec. 4.]

Art. 2739. **Estoppel.**—In all cases where the proceeds of the sales of any bonds have been received by the proper officers of the county, or incorporated city, independent or common school district, road precinct, drainage, irrigation, navigation and levee districts, or by the party acting for it in negotiating the sale thereof, such county or incorporated city, independent or common school district, road precinct, drainage, irrigation, navigation and levee districts shall thereafter be estopped from denying the validity of such bonds so issued, and the same shall be held to be valid and binding obligations of the county or incorporated city, independent or common school district, road precinct, drainage, irrigation, navigation and levee districts for the amount of bonds sued on and interest thereon, at the rate mentioned therein, deducting such amounts, if any, as have been previously paid thereon. [Act 1905, p. 263, sec. 5. Amended Act 1909, p. 216.]

Art. 2740. **Bonds must be offered to state board.**—Whenever any county, or incorporated city, independent or common school district, road precinct, drainage, irrigation, navigation and levee districts of this state issues any bonds, and they have been approved by the attorney general, as is required by the previous articles of this chapter, the county judge of the county, or the mayor of the incorporated city, or the president of the board of trustees of the independent or common school district, or the county judge or party authorized by law to sell the bonds of road precincts, or drainage, irrigation, navigation, or levee districts, as the case may be, shall notify the state board of education of all bids received for such bonds; and the county judge, or mayor, or president of the board of trustees, as the case may be, shall give the state board of education an option of ten days in which to purchase such bonds; provided, that the board of education will pay the price offered for such bonds by the best bona fide bidder; and, if the board of education shall fail to purchase such bonds within the prescribed time, then the county judge, or mayor, or president of the board of trustees, as the case may be, shall sell the bonds to the best bona fide bidder. In the event the state board of education shall pay a premium out of the permanent school fund on any bonds purchased as an investment for the permanent school fund, then the principal of such bonds and an amount of the interest first accruing on such bonds equal to the premium so paid, shall be and be treated as the principal in such investment, and, when such first interest is collected, such sum of the same shall

be returned to the permanent school fund, and, if they purchase said bonds for less than par, the discount they receive in the purchase of said bonds shall be paid to the available school fund when the bonds are paid off and discharged. The price paid for bonds shall be endorsed thereon at the time the same are purchased; provided, that where said board shall refuse to purchase bonds from the county, city, or independent or common school district, road precinct, drainage, irrigation, navigation and levee districts, or the parties to whom said bonds were issued, then in no event shall said board purchase said bonds from any subsequent owner or holder of the same. [Id. sec. 6.]

Art. 2741. **Payment of interest on bonds to be waiver.**—The payment of any interest upon any bonds heretofore purchased with public school funds, or belonging thereto, shall be deemed and held a waiver of any supposed error, irregularity or want of authority affecting, or tending to affect, the validity of any such bonds, and the same shall thereafter be held to be valid and binding obligations upon the county by which they appear or purport to have been issued, notwithstanding any such supposed error, irregularity or want of authority as aforesaid. [Act 1905, p. 263, sec. 7.]

Art. 2742. **Jurisdiction in district court of Travis county.**—The district court of Travis county shall have jurisdiction of any suit upon bonds or obligations belonging to the permanent public school funds, or purchased therewith, concurrent with that of any other court having jurisdiction in said case. [Id. sec. 8.]

Art. 2743. **Extent of these provisions.**—The provisions of this chapter shall extend to any bonds or securities other than the bonds of the state or of the United States, in which the public school funds are, or may hereafter be, invested, as now or hereafter authorized or prescribed by law, and also to any bonds or securities purchased with any of the permanent funds set apart for the support, maintenance and improvement of any of the asylums or other institutions of this state. person of educational attainments, good moral character, and executive ability, and who shall be provided by the commissioners' court with an office in the court house, and with necessary office furniture and fixtures. He shall be the holder of a teacher's first grade certificate, or teacher's permanent certificate, and he shall hold his office for the term of two years, and until his successor is elected and qualified. In every county that shall attain three thousand scholastic population or more, the commissioners' court shall appoint a county superintendent of public instruction, with qualifications above described, who shall perform the duties of such office until a county superintendent shall have been elected as hereinbefore provided, and shall have qualified; provided, that in counties having less than three thousand scholastic population, whenever more than twenty-five per cent of the qualified voters of said county, as shown by the vote for governor at the last preceding general election, shall petition the commissioners' court therefor, the commissioners' court shall order an election for said county to determine whether or not the office of county superintendent shall be created in said county; and, if a majority of the qualified property taxpaying voters, voting at said election, shall vote for the creation of the office of county superintendent in said county, the commissioners' court, at its next regular term, after the holding of said election, shall create the office of county superintendent, and name a county superintendent, who shall qualify under this chapter, and hold such office until the next general election, and until his successor shall have been elected and qualified. Shall give bond.—The county superintendent of public instruction, before entering upon the discharge of his duties, shall take the oath of office prescribed by the constitution, and shall enter into a bond in the sum of one thousand dollars, with good and sufficient sureties, to be approved by the county commissioners' court, and to be filed with the county clerk of his county. Said bond shall be made payable to the county commissioners' court and their successors in office, in trust for the available school fund of the county, and be conditioned upon the faithful performance of the duties of his office. In case said bond should be forfeited and collected, the sum so collected shall become a part of the available school fund of the county. [Acts 1905, p. 263, sec. 38.]

Art. 2752. Shall have immediate supervision of schools.—The county superintendent of public instruction shall have, under the direction of the state superintendent of public instruction, the immediate supervision of all matters pertaining to public education in his county. He shall confer with the teachers and trustees and give them advice when needed, visit and examine schools, and deliver lectures that shall tend to create an interest in public education. He shall spend as much as four days in each week visiting the schools while they are in session, when it is possible for him to do. He shall have authority over all of the public schools within his county, except such of the independent school districts as have a scholastic population of five hundred or more. In such independent school districts as have less than five hundred scholastic population, the reports of the principals and treasurers to the state department of education shall be approved by the county superintendent before they are forwarded to the state superintendent; and all appeals in such independent school districts shall lie to the county superintendent, and from the decisions of the county superintendent to the state superintendent of public instruction, and to the state board of education. [Id. sec. 37. Amended Acts 1907, p. 210.]

Shall conduct county teachers' institute.—The county superintendent shall organize and hold, with such assistance as may be necessary, within the first four months of the scholastic year, one institute of five consecutive days for white and for colored teachers, respectively, and he shall

require the attendance of white teachers upon the institute for white teachers and the attendance of colored teachers upon the institute for colored teachers; provided, that a failure to comply with these requirements shall be a sufficient cause for his removal from office; provided, further, that the county superintendent of public instruction shall be authorized to cancel the certificate of any teacher who wilfully and persistently absents himself from attendance upon the county teachers' institute; provided, that the board of school trustees in any independent school district, having five hundred or more scholastic population, may authorize the superintendent or principal to organize and hold institutes for the teachers of such district, in lieu of the county institute; and the work of the teachers in said city institutes shall be counted toward the extension of their certificates; provided, that the plan, scope and quality of the work of said city institutes shall be approved by the state superintendent of public instruction. Within thirty days after such apportionment by the county superintendent of education, or county judge who is ex officio county superintendent of education, the trustees of each district shall, if possible, agree upon a division of the funds of the district among the schools thereof, and shall fix the term for which the schools of the district shall be maintained for the year. Should they agree upon a division of the funds of the district or upon the length of the term for which the schools of the district shall be maintained, they shall at once certify their agreement to the county superintendent, or county judge who is ex officio county superintendent, who shall not approve any contracts with teachers of the district until such agreement is received. Should the trustees fail to agree upon a division of the funds of the district, or upon the length of the term for which the schools of the district shall be maintained, they shall at once certify their disagreement to the county superintendent, or the county judge who is ex officio county superintendent, who shall proceed to fix the school term of such school district and declare the division of the school fund of the district among the schools thereof, endeavoring as far as practicable to provide, for

the schools of such district, school terms of the same length. [Id. sec. 94. Amended Acts 1907, p. 204.]

Art. 2756. Shall approve contracts and vouchers.—The county superintendent shall approve all vouchers legally drawn against the school fund of his county. He shall examine all the contracts between the trustees and teachers of his county, and if, in his judgment, such contracts are proper, he shall approve the same; provided, that in considering any contract between a teacher and trustees he shall be authorized to consider the amount of salary promised to the teacher. He shall distribute all school blanks and books to the officers and teachers of the public schools, and shall make such reports to the state superintendent as may be required by that officer. Immediately after qualifying, he shall appoint a county board of examiners, consisting of three resident white teachers holding first grade certificates, who shall serve during the pleasure of the county superintendent of public instruction, subject to the provisions hereafter made. But this shall be done before the apportionment is made, and the apportionment shall be made with respect to such consolidation. [Id. sec. 54.]

Art. 2760. Application of parent or guardian.—Any child lawfully enrolled in any district, or independent district, may be transferred to the enrollment of any other district, or independent district, in the same county, upon the written application of the parent or guardian or person having the lawful control of such child, filed with the county superintendent; but no child shall be transferred more than once; provided, the party making application for transfer shall state in said application that it is the bona fide intention of applicant to send child to the school to which transfer is asked. Upon the transfer of any child, its portion of the school funds shall follow and be paid over to the district, or independent district, to which such child is transferred; provided, no transfer shall be made after August first, after the enrollment was made. [Id. sec. 91.]

Art. 2761. To district in adjoining county.—Any child specified in the preceding article, and its portion of the school fund, may be transferred to an adjacent district in another county, in the same manner as is provided in said article for the transfer of such child or children from one district to another in the same county; provided, that it must be shown to the county superintendent that the school in the district in which such child or children resides on account of distance or some uncontrollable and dangerous obstacle is inaccessible to such child or children. [Acts 1907, p. 242, sec. 91a.]

Art. 2762. By agreement of trustees.—Except as herein provided, no part of the school fund apportioned to any district or county shall be transferred to any other district or county; provided, that districts lying in two or more counties, and situated on the county line, may be consolidated for the support of one or more schools in such consolidated district; and, in such case, the school funds shall be transferred to the county in which the principal school building for such consolidated district is located; and provided, further, that all the children residing in a school district may be transferred to another district, or to an independent district, upon such terms as may be agreed upon by the trustees of said districts interested. It shall be the duty of the census trustee to take, between the first day of May and the first day of June after his appointment, a census of all the children that will be over seven and under seventeen years of age on the first day of the following September, and who are residents of the school district on said first day of May, and to make report under oath to the county superintendent on or before the first day of June next thereafter. In taking the said census he shall visit each home, residence, habitation and place of abode, and shall, by actual observation and interrogation, enumerate the children thereof in the following manner: He shall use for each parent, guardian or person having control of any such children, a prescribed form showing the name, color, and nationality of the person rendering such children, the name and number of the school district in which the

children reside, and the name, sex and date of birth of each child of which he is the parent or guardian, or of which he has control, and which child will be over seven and under seventeen years of age on the first day of September next following. The census trustee shall require such form to be subscribed and sworn to by the person rendering the children, and he is hereby authorized to administer oaths for this purpose. When the census trustee visits any home or house or place of abode of a family, and fails to find either the parent or any person having legal control, it shall be the duty of the census trustee to leave the prescribed census blank for the use of parents at such home or place of abode, with a note to the parent or guardian having legal control of child or children, requiring that the form be filled out, sworn and subscribed to before the census trustee, or any officer authorized to administer oaths, and that the blank, when so filled out, shall be delivered by the parent or person having legal control of the child or children to the census trustee. [Acts 1905, p. 263, sec. 89.]

Art. 2775. Duty of census trustee.—Only children of the same family shall be listed on one form; and, if one person has under his control children of different family name, he should use a separate form for each family name. The census trustee shall arrange the forms for white and colored children separately, in alphabetical order, according to the family name of the children reported thereon. He shall also make, on a prescribed form, separate census rolls for the white and colored children of his district, showing the name, age, sex and color of each child, and the name of the parent, guardian or person having control of said child, by whom it is reported. He shall also make a summary of his rolls showing the number of children of each race that will be of the different ages over seven and under seventeen on the first day of next September, which shall continue to be the scholastic age, as is now provided by law, he shall make oath to his rolls and summaries, and to the faithful and accurate discharge of his duties, deliver the rolls, together with the forms arranged in alphabetical order, to the county superintendent on or before June first next after his appointment. [Id.]

Art. 2776. Duty of county superintendent as to.—The rolls and summaries of the census trustee shall be preserved by the county superintendent in his office for three years after they are filed. The county superintendent shall make, on prescribed forms, separate consolidated rolls for the white and colored children of his county, showing the name, age and sex of each, together with the number of the district in which it lives, and the name of the parent or guardian, arranging the names of the children according to the alphabetical order of their family names. In making these consolidated rolls, he shall scrutinize carefully the work of the census trustees, and shall have power to summon witnesses, take affidavits and correct any errors he may find in any census trustee's roll, and he shall carefully exclude all duplicates. If he deems it necessary, he may reject any roll, and appoint another census trustee to take the census of the district, in which case he shall not approve the warrant to pay the census trustee, whose work has been rejected, for his services. When the county superintendent has prepared his consolidated census rolls, one for each race, he shall make a duplicate of each, and he shall make affidavit to the correctness of both originals and duplicates. The originals he shall, on or before July first, forward to the state superintendent of public instruction at Austin, and the duplicates shall be filed with the county clerk and become permanent records of his office. The county superintendent shall forward with his consolidated rolls and abstract on the prescribed form, under oath, showing the number of children of each race, of the different years of the school age, and the total number of children of each race and the total of both races in his county. In making his consolidated rolls and in investigating the work of any census trustee, the county superintendent shall refer

to the forms and rolls of previous years, when necessary, and they shall be carefully preserved for this purpose. [Id.]

Art. 2777. Duty and powers of state superintendent as to.—The state superintendent shall have authority to investigate the census of any county, to correct errors, and, in extreme cases when he believes gross errors have occurred, or that fraud has been practiced, he may, with the approval of the state board of education, reject any county's roll and require the census of the county to be retaken. [Id.]

Art. 2778. Compensation of census trustees.—For their services, the census trustees shall receive four cents per capita of the children of scholastic age taken by them in county districts, and three cents per capita in towns of twenty-five hundred inhabitants and upwards to five thousand inhabitants, and two cents per capita in cities of more than five thousand inhabitants; and the county superintendent shall receive one cent per capita of the scholastic population reported by him; but these amounts shall not be paid until the census of the county is accepted by the state superintendent, and shall be forfeited as follows: The trustee's compensation, if his work is rejected by the county superintendent, and the census of his district ordered retaken, and both the county superintendent's and the trustee's compensation, if the census of the county is rejected and ordered by the state superintendent and the state board of education to be retaken. [Id.]

Art. 2779. Above articles apply to cities and towns, except, etc.—The provisions of this chapter shall apply to the taking of the scholastic census in cities and towns constituting independent districts, except as specially provided herein below, to-wit: The census trustee shall be appointed by the president of the board of trustees, and a census trustee may be appointed for each ward or school subdistrict, at the discretion of the president of the school board making such appointment. Art. 2782. **Instructions must be given in English.**—It shall be the duty of every teacher in the public free schools of this state to use the English language exclusively, and to conduct all recitations and school exercises exclusively in the English language; provided, that this provision shall not prevent the teaching of any other language as a branch of study, but, when any other language is so taught, the use of said language shall be limited to the recitations and exercises devoted to the teaching of said language as such branch of study. [Id. sec. 102.]

Art. 2783. **Prescribed studies.**—All public schools in this state shall be required to have taught in them spelling, reading in English, writing, arithmetic, English grammar, modern geography, composition, physiology and hygiene, including the effects of alcoholic stimulants and narcotics on the human system, mental arithmetic, Texas history, United States history, civil government, elementary agriculture, and other branches as may be agreed upon by the trustees, or directed by the state superintendent of public education; provided, that the subject of elementary agriculture shall not be required to be taught in independent school districts having a scholastic population of three hundred or more, unless so ordered by the school boards; provided, further, that suitable instruction shall be given in the primary grades once each week regarding kindness to animals of the brute creation and the protection of birds and their nests and eggs. [Id. sec. 100, as amended Acts 1907, p. 316.]

They shall make such reports at the end of the school term as may be prescribed by the state superintendent, and, until such term reports are made, the trustees shall not approve vouchers for last month's salaries, nor shall the

county treasurers pay the same. All monthly and term reports shall be made under oath, and county superintendents are hereby empowered to administer oaths for such purposes. The county superintendent, unless he knows the fact personally, shall require satisfactory proof of the applicant that he has ability to use the English language as above provided, before issuing his recommendation to the board of examiners, and the examiners shall also consider it as an element in determining his grade upon the branches upon which he is examined. The institutions to be recognized as colleges or universities of the first class shall be determined by the state superintendent of public instruction upon the recommendation of the state board of examiners. [Acts 1905, p. 263, sec. 123. Amended Acts 1909, p. 394.]

Art. 2809. Course of study for first grade certificates in certain institutions.—The state superintendent of public instruction may grant first grade state certificates to students who have satisfactorily completed four full academic courses and one full course in education and pedagogy in any institution ranked as first class by the state superintendent of public instruction, upon the recommendation of the state board of examiners, and each certificate so issued shall be valid for a period of two years. [Id. sec. 122. Amended 1909, p. 394.]

Art. 2810. City certificates.—A city or town which has a scholastic population of five hundred or more, and has become an independent school district, and which levies a local tax for educational purposes, or maintains a system of free schools for nine months in each year, and which has employed a superintendent of city schools, may have a city board of examiners. Said board of examiners shall, in all cases, consist of a city superintendent of the city schools, together with two other persons who shall be appointed by him, and who shall be teachers, and the superintendent shall not be subject to examination. The city board of examiners are hereby authorized to issue certificates valid only in the city in which they are issued. Such certificates shall be of two kinds as follows: Temporary certificates; permanent certificates. Temporary and permanent certificates shall be of three classes for each kind as follows: Temporary certificates shall be second grade, first grade and high school; permanent certificates shall be primary, first grade and high school. A temporary city certificate shall be good for any period not exceeding four years, to be determined by the board of trustees of such city or town. A permanent city certificate shall be good during good behavior, and shall not be issued to any person who has not been engaged successfully in teaching in the schools of Texas for a period of at least three years. The further regulation of the issuance of such certificate shall be provided for by the board of trustees of such cities or towns; provided, that no city or town shall make the requirements for its temporary certificates inferior to the requirements prescribed by law for county or state certificates of the corresponding grades, or the requirements for its permanent certificates less than those prescribed by law for permanent county or state certificates of corresponding grades. Nothing in this chapter shall interfere with the validity of outstanding certificates in such cities or towns, or prevent the extension of such certificates upon such conditions as may be prescribed by the board of trustees regarding professional reading, attendance upon city institutes, and other means of professional growth. A city or town authorized by the provisions of this chapter to have a city board of examiners, may, at the discretion of the superintendent of the city schools, employ a teacher of any special branch not included in the requirements for a state certificate, without requiring an examination or a teacher's certificate; and nothing in this chapter shall prevent the board of trustees of any city or town from recognizing the certificates issued in any other such city or town in this state, and validating the same in the city or town so recognizing them; provided, nothing in this chapter shall be held to repeal or interfere with any law now in force in this state regulating the granting and extension of teachers' certificates issued, or to be issued, by county boards of examiners or the state board of examiners on certifications and examination papers sent up to said state board of examiners by such county board of examiners. [Id. sec. 124. Amended Acts 1909, p. 394.]

Art. 2811. Kindergarten.—The trustees of any school district in the state of Texas may establish and maintain free kindergartens in connection with the public schools of said district, for the training of children between four and seven years of age residing in said district, and shall establish such courses of training, study and discipline, and such rules and regulations gov-

erning such kindergartens as said trustees may deem best. Provided, that nothing in this article shall be construed to change the law relating to the taking of the scholastic census, or the apportionment of state and county school funds among the several counties and districts in this state. Provided, further, that the cost of establishing and maintaining such kindergartens shall be paid from the special school tax of said districts. Said kindergartens shall be a part of the public school system, and shall be governed, as far as practicable, in the same manner and by the same officers as is now, or hereafter may be, provided by law for the government of the other public schools of the state. [Acts 1907, p. 289.]

Art. 2812. **Kindergarten certificates.**—Trustees shall be empowered to employ to teach in free kindergartens only those who hold diplomas or certificates as follows:

(a) A diploma of graduation from a state educational institution of Texas, which maintains, or may hereafter establish and maintain, a department for training kindergarten teachers; such diploma to certify that the holder thereof has, in addition to a regular course, completed the kindergarten course, said course to consist of not less than two years training with daily practice in kindergarten.

(b) A diploma or certificate of graduation from a well established kindergarten training school or department, provided that the name of such school or department is on the state superintendent's list of approved kindergarten training schools. A list of approved kindergarten training schools and departments shall be kept and revised from time to time by the state superintendent of public instruction; it shall be his duty to make thorough investigation of the merits of all schools and departments applying for recognition, and to decline to recognize those in which the standard of training is lower than that indicated in (a) of this article. Certificates or diplomas of approved schools or departments shall be valid for a term of four years; provided, that the state superintendent, on the receipt of satisfactory evidence of successful practice of the holder of such certificate as a kindergarten teacher, may extend the term of validity of such certificate for four years; and, provided, further, that at any time during the validity of said certificate or diploma, as provided herein, and following three years successful practice of the holder thereof as a kindergarten teacher, the state superintendent may issue to the holder of such certificate or diploma a permanent state kindergarten certificate on presentation of letters from city or county superintendents, or other school authorities under whose supervision the said holder has taught, giving satisfactory evidence of her success as a teacher.

(c) A kindergarten certificate, which shall be issued by the state superintendent of public instruction to any candidate who passes satisfactorily an examination which said state superintendent shall offer to those who apply. Said examination shall be equivalent to the examination for a first grade certificate in the state of Texas, and shall also include examination in the theory and practice of occupations, theory and practice of gifts, mother play, program and psychology; said certificate to be valid for a term of four years from date; provided, that the state superintendent is authorized to renew said certificate for a term of two years on receiving satisfactory evidence that the holder thereof is in every way qualified and deserving of such renewal. [Acts 1907, p. 289, sec. 2.]

Art. 2813. **Extension of term of validity of certificates.**—A teacher holding a valid certificate to teach in the schools of this state under the laws thereof, who, during the validity of such certificate, shall attend as a bona fide participant therein the five days session of the county teachers' institute, called by the county superintendent of public instruction, or the county judge when

he acts as such, each year, and shall also attend, either as a pupil or teacher, a summer normal institute each alternate summer during the validity of the certificate, shall not be required to be re-examined; and the certificate held by the teacher thus attending shall be renewed for a time equal to the original term of validity of said certificate when the fact of such attendance shall have been duly and properly certified to the authority issuing said certificate; provided, that a teacher whose certificate is to be extended and held valid under the provisions of this article shall in no case have his certificate extended and continued valid, unless said teacher shall have faithfully attended the county teachers' institute each year, and also a summer normal institute in some county in Texas, during the validity of his certificate for not less than twenty full days each alternate summer; provided, further, that in no instance shall a teacher have his certificate extended and held valid under the provisions of this chapter who has not made a general average of at least seventy-five per cent at the last examination for teacher's certificate at which he was examined; provided, further, that in no instance shall a certificate be extended and continued valid under the provisions of this chapter where the teacher holding said certificate has failed to teach in the schools of this state each year during the validity of his or her certificate. [Act 1905, p. 263, sec. 125.]

Art. 2814. **Cancellation of certificate.**—Any certificate may be canceled for cause by the authority issuing it; and the state superintendent of public instruction shall have power to cancel any certificate upon satisfactory evidence that the holder thereof is conducting his school in violation of the laws of the state, or is a person unworthy to instruct the youth of this State; provided, if any teacher holding a certificate to teach in the public schools of this state, shall enter into a written contract with any board of trustees to teach in any public school in this State, and shall, after making such contract and without the consent of the trustees, abandon said contract, except for good cause, such abandonment shall be considered sufficient grounds for the cancellation of said teacher's certificate, and the same may be canceled upon the complaint of said trustees, or either of them; provided, that, before any certificate shall be canceled, the holder thereof shall be notified, and shall have an opportunity to be heard, and he shall have the right of appeal from such decision to the state superintendent, and the state board of education; provided, that, when the state superintendent shall have canceled the certificate, the appeal shall be to the state board of education. Article 2815. **Establishment of districts.**—It shall be the duty of the county commissioners' courts of all organized counties, not already subdivided, to subdivide their respective counties into convenient school districts; and any county hereafter organized shall be so subdivided before the beginning of the next ensuing school year after its organization; provided, the county commissioners' court may reduce the area of any common school district and create such additional school districts as may be necessary for the best interests of the school children; provided, that no school district shall be reduced to contain less than nine square miles of territory; and no new district shall hereafter be created, having a less area than nine square miles; and provided, further, that the area of a school district having an outstanding bonded indebtedness shall never be reduced until after such bonded indebtedness shall have been fully discharged. The commissioners' court shall designate said school districts by numbers; provided, that all school districts in this state heretofore laid out and attempted to be established by the proper officers of any county, and heretofore recognized by said county authorities as school districts of said county, are hereby validated in all respects, as though they had been duly and legally established in the first instance. [Act 1905, p. 263, sec. 50. Amended Act 1909, p. 17.]

Art. 2816. **Commissioners' court may change district lines.**—It shall be the duty of the commissioners' court, at any time they deem necessary, to redistrict a part or all of said county; and they may at any time consolidate two or more adjacent school districts, or may subdivide any school district or districts. The commissioners' court of any organized county, to which any unorganized county is attached for judicial purposes, may, and, upon the written petition of not less than ten resident citizens of such unorganized county, shall create such unorganized county into one or more school districts, and shall cause an order to that effect to be entered upon the minutes of said court. [Id. sec. 51.]

Art. 2817. **Court shall give metes and bounds of each district.**—School districts shall be so made as to be as convenient as possible to the scholastic population; and said courts shall give the metes and bounds of each district, and shall designate the same carefully by giving the whole surveys and parts of surveys with acreage of whole surveys and approximate acreage of parts of surveys in each district, and the county clerk shall carefully record the same; and each district shall be given a number, which number shall be painted in

large letters or figures over the doors of the schoolhouses, said signs to be provided by the district trustees of each district. [Id. sec. 53.]

TRUSTEES.

Art. 2818. Election and qualification.—On the first Saturday in April of each year, the qualified voters of each school district, at a school district meeting for that purpose, shall elect three trustees for said district, who shall enter upon the discharge of their duties on the first of May next following. They shall immediately thereafter organize by electing one of their number president and one secretary of the board of trustees. The term of office of said trustees shall be divided into two classes, and they shall draw for the different classes; the one drawing number one shall serve for one year, and those drawing numbers two and three shall serve for two years, and until their successors shall have been elected or appointed, and shall have qualified. On the first Saturday in April of each year thereafter, there shall be an election in each school district for the election of a trustee or trustees, as the case may be, and the trustee or trustees so elected shall serve for two years and until his or their successor or successors shall have been elected or appointed and shall have been qualified. The trustees so elected or appointed shall, before entering upon the discharge of their duties, qualify by taking the oath as provided by the constitution, and shall, as soon as practicable, file said oath with the county superintendent or county judge; provided, that nothing herein shall interfere with the term of office of trustees already chosen in accordance with the provisions of the law. [Id. sec. 67.]

Art. 2819. Election officers; how appointed; returns, etc.—The commissioners' court shall appoint three persons, qualified voters of the district, to hold such election, who shall make returns thereof to the county clerk within five days after such election shall have been held. If, at the time and place for holding such election, any or all of the persons so appointed to hold such election are absent or refuse to act, then the electors present may select of their number a person or persons to act in the place of those absent or refusing to act. No person shall be eligible to serve as a school trustee who can not read and write, and has not been a resident of the school district for six months prior to election held for trustees. [Id. sec. 68.]

Art. 2820. Returns of election.—The returns of the election of the trustees to be elected, as hereinbefore provided for the control and management of the schools of the district, shall be made to the county clerk of the county where such election is held, who shall deliver the same to the commissioners' court, to be canvassed and the result declared as in cases of other elections, which commissioners' court shall issue to the persons so elected their commissions as such trustees. [Id. sec. 93. Amended Acts 1907, p. 204.]

Art. 2821. Suit for removal of trustee.—The trustees elected must be able to read and write intelligently the English language, and read, comprehend and interpret the laws of the state of Texas relating to the public school system; and, in the event a trustee elected, in the opinion of the county superintendent or the county judge, who is ex officio county superintendent, is not qualified to serve under the provisions of this article, it shall be the duty of the county superintendent, or such county judge who is ex officio county superintendent, to refuse to recognize such person who has been so elected as such school trustee, and to make written request, within twenty days after such election, of the county attorney, or district attorney in case there be no county attorney, to institute and prosecute with dispatch such suit, in the name of the state of Texas, for the removal of such trustee, in the district court of the county where such trustee resides, at the option of the

county attorney, or district attorney in case there be no county attorney; provided, it shall be lawful under the provisions of this article, upon good cause shown within the discretion of the court where such suit is pending, to enjoin and restrain such person from acting as such trustee during the pendency of such suit for his removal. It shall be lawful under the provisions of this article to summon such trustee so elected before the court in the trial of such cause, and there make examination of him as to his qualifications to serve as such trustee as defined by this article, and, in case such trustee, after having been duly cited to answer in said cause and summoned as herein above provided to appear for examination, shall fail, neglect or refuse to obey said summons and fail to appear for the purpose of examination, and fail or refuse to submit to such examination, such failure, neglect or refusal shall be prima facie evidence of his disqualification under the terms of this article, and because thereof the court trying such cause shall be authorized to render thereupon judgment by default against such trustee so defaulting removing him from his said office of school trustee, and declaring the same vacant. It shall be the duty of the commissioners' court of the county where such trustee has been elected to appoint some suitable person, who is qualified as herein defined, to act as such trustee during the pendency of such suit to remove such trustee so elected, if he shall be enjoined from so acting, and, in case such trustee so elected shall be so removed by such suit brought by the county attorney, or district attorney in case there be no county attorney, then such trustee, so appointed by the commissioners' court of said county, shall continue to serve until the next regular election of school trustees for such district; provided, however, that such trustee so appointed may be removed for the causes and in the manner provided by this article. In case of vacancy in said office of trustee, by resignation or otherwise, the commissioners' court of the county shall appoint a suitable person qualified under the provisions of this article to so act as such trustee until the next regular election of school trustees for such district; and, in case such commissioners' court, under the provisions hereof, should appoint some person not qualified, suit for his removal shall be brought by the county attorney, or district attorney in case there be no county attorney, of the state, in the name of the state of Texas, in the manner and upon the same terms and conditions as has been herein provided for in case of the election of persons who are not qualified to act as such trustees. [Id. sec. 93. Amended Acts 1907, p. 204.]

Art. 2822. Art. 2823. Shall have management and control of schools.—The trustees of school districts shall have the management and control of the public schools and public school grounds. It shall be unlawful for any person or persons to loiter or loaf upon any public school grounds in this state during the session of such school, after being warned by the person in charge of such school to leave such grounds; and such person or persons so found shall be guilty of a misdemeanor, and, upon conviction therefor, shall be fined in any sum not less than five and not

to exceed twenty-five dollars. They shall have the power to employ and dismiss teachers, but in case of dismissal, teachers shall have the right of appeal to the county and state superintendents. [Id. sec. 70.]

Art. 2824. Make contracts for the district.—School trustees shall determine how many schools shall be maintained in their school district, and at what points they shall be located; provided, that not more than one school for white children and one school for colored children shall be established for each sixteen square miles of territory or major fraction thereof, within such district; they shall determine when the schools shall be opened and when closed; they shall contract with teachers and manage and supervise the schools, subject to the rules and regulations of the county and state superintendents; they shall approve all teachers vouchers, and all other claims against the school fund of their district; provided, that trustees, in making contracts with teachers, shall not create a deficiency debt against the district. [Id. sec. 71.]

Art. 2825. Contracts with teachers.—Trustees of a district shall make contracts with teachers to teach the public schools of their district, but the compensation to a teacher, under written contract with the trustees, shall be approved by the county superintendent before the school is taught, stating that the teacher will teach such school for the time and money specified in the contract; and the board of trustees shall have authority, whenever the average daily attendance exceeds thirty-five pupils, to employ one competent assistant to every thirty-five pupils of such excess and fractional part thereof exceeding fifteen pupils; and all children within the scholastic age residing in such district, though they may have settled in such district since the scholastic census was taken, shall be entitled to receive all the benefits of the schools of such district; and in a district that levies a special school tax, the trustees shall have the right to increase the salaries of teachers and the scholastic age, and may also have the schools taught longer than six months, if it is deemed advisable. [Id. sec. 72.]

Art. 2826. Check for payment of teacher.—The amount contracted by trustees to be paid a teacher shall be paid on a check, drawn by a majority of the trustees, on the county treasurer, and approved by the county superintendent. The check shall in all instances be accompanied by the affidavit of the teacher that he is entitled to the amount specified in the check, as compensation under his contract as a teacher. [Id. sec. 74.]

LOCAL TAX.

Art. 2827. Special tax authorized.—The commissioners' court of any county in this state shall have power to levy a special tax for the further maintenance of public free schools, and the erection within each school district of a schoolhouse or schoolhouses; provided, a majority of the qualified property taxpaying voters of the district, voting at an election to be held for the purpose, shall vote such tax, not to exceed in any year fifty cents on the one hundred dollars valuation of the property subject to taxation in such district; provided, that all property assessed for school purposes shall be assessed at the rate of value of property as said property is assessed for state and county purpose. [Id. sec. 57. Amended Acts 1909, p. 17.]

Art. 2828. Petition for tax election.—Whenever twenty or more, or a majority of the property taxpaying voters of a district, wish to tax themselves for the purpose of supplementing the state school fund appropriated to said district, they shall make application to the county judge, who shall issue an order for an election to be held in said district, to determine whether such tax shall be levied. Said application shall designate either the specific rate of tax

to be levied, or a rate of tax not exceeding fifty cents on the one hundred dollars valuation of property, and the order of said judge shall state:

1. When said election shall be held.
2. At what point or points the polls shall be opened.
3. The rate of tax to be voted on; provided, that no election shall be held to determine the levy of a tax exceeding fifty cents on the one hundred dollars valuation of property, but the proposition may be for a specific tax rate within this limit or for a school tax not exceeding fifty cents on the one hundred dollars valuation of taxable property in the district.

Art. 2830. Hours of election.—All polls for school district elections shall be opened at eight o'clock a. m., and shall be closed at six o'clock p. m., and none of the officers holding such election shall be entitled to compensation therefor. [Id. sec. 60. Amended Act 1909, p. 17.]

Art. 2831. Who entitled to vote.—All persons who are legally qualified voters of this state, and of the county of their residence, and who are resident property taxpayers in said district, shall be entitled to vote in such school district election; and, if at such election a majority shall vote for the tax, it shall be declared by the commissioners' court to have carried in said district, and entered upon the records of said court to have been carried; and in all cases the returning officer shall make a full and complete return, as in other elections, to said court, within five days after said election is held, and said return shall be opened and counted at the first meeting of said court and the result declared. [Id. sec. 61. Amended 1909, p. 17.]

Art. 2832. Challenge of voters.—Any one person may challenge a voter; but if the challenged party takes an oath that he is a qualified voter of the state and county, and that he is a resident property taxpayer in said district, he shall be entitled to vote. [Id. sec. 62.]

Art. 2833. Election to abrogate, increase or diminish tax.—At any time after the expiration of two years after any district has levied a school tax on itself, twenty property taxpaying qualified voters, or a majority of such voters of the district, may have an election held, upon the proper petition to the county judge, to determine whether such tax shall be abrogated, increased or diminished. Such election shall be held and conducted as elections provided for in article 2829, and persons entitled to vote at such elections shall possess the qualifications prescribed in article 2831. [Id. sec. 63.]

Art. 2834. Form of ballot.—If the election be to abrogate or diminish the school tax, each voter favoring the abrogation or diminution shall have written or printed upon his ticket, "For abrogating school tax," or, "For diminishing school tax to — cents," as the case may be; and each voter opposing the abrogation or diminution shall have written or printed on his ballot, "Against abrogating school tax," or, "Against diminishing school tax to — cents," as the case may be; and a majority vote shall be necessary to abrogate or diminish the school tax. [Id. sec. 64.]

[Id. sec. 65. Amended Acts 1909, p. 17.]

Art. 2836. **Levy of tax.**—The county commissioners' court shall, at the time of levying the taxes for county purposes, also levy upon such school district the rate of tax said district has voted upon itself, or, if the proposition shall have been, "for a school tax not exceeding fifty cents on the one hundred dollars valuation of taxable property in the district," the commissioners' court shall levy such a rate within that limit as shall have been determined by the board of trustees of said district and the county superintendent, and certified to said court by the county superintendent. It shall be the duty of the tax assessor to assess said tax as other taxes are assessed, and to make an abstract showing the amount of special taxes assessed against each school district in his county, and to furnish the same to the county superintendent, on or before the first day of September of the year for which such taxes are assessed; and the taxes levied upon the real property in said districts shall be a lien thereon, and the same shall be sold for unpaid taxes in the manner and at the time of sales for state and county taxes. The tax collector shall pay all such taxes to the county treasurer; and said treasurer shall credit each school district with the amount belonging to it, and pay out the same in accordance with the law. [Id. sec. 66. Amended Act 1909, p. 17.]

[Id. sec. 80. Amended acts 1909, p. 17.]

[Id. sec. 77. Amended Acts 1909, p. 17.]

Art. 2840. Form of bond.—The said school district schoolhouse bonds shall express on their face: The state of Texas, the name of the county, and the number or corporation name of the district issuing said bonds; provided, the bonds shall not run more than forty years, and shall bear not more than five per cent interest per annum, and shall never be sold below par. [Id. sec. 81. Amended acts 1909, p. 17.]

Art. 2841. Levy of bond tax.—When the commissioners' court shall provide for the issuance of such bonds, and each year thereafter so long as the bonds or any of them are outstanding, said court shall levy a tax not to exceed twenty-five cents on the one hundred dollars valuation of taxable property of said school district, sufficient to pay the interest on the bonds and to produce a sinking fund, which, together with the interest thereon when placed at interest, shall be sufficient to pay the principal of said bonds at maturity. The rate of such tax shall be determined by the trustees of the district and the county superintendent, and certified by the county superintendent to the commissioners' court; provided, that the rate of the bond tax, together with the rate of special local tax of the district for the maintenance of schools therein, shall never exceed fifty cents on the one hundred dollars valuation of taxable property of said school district; but, if the rate of bond tax certified by the county superintendent to the commissioners' court, together with the rate of maintenance tax previously voted in the district, shall at any time exceed fifty cents on the one hundred dollars, such bond tax shall operate to reduce the maintenance tax to the difference between the rate of the bond tax and fifty cents. Said school district bond tax shall be assessed and collected in the manner provided by law for the assessment and collection of the special local tax for the maintenance of public free schools; provided, that the rate of school tax certified to the commissioners' court by the county superintendent shall be the rate to be levied by the commissioners' court in the school district, until a change in such rate shall be recommended by the county superintendent and board of trustees of the district within the limits prescribed by law. [Id. sec. 78. Amended acts 1909, p. 17.]

Art. 2842. Tax must be levied until bonds are paid.—After said bonds shall have been issued and sold, and said tax shall have been levied sufficient to pay said bonds and the interest thereon as provided above, it shall not be lawful to hold an election in said district to determine whether or not said tax shall be discontinued or lowered until said bonds, together with the interest thereon,

shall have been fully paid; nor shall the limits and boundaries of said common school district ever be decreased until after said bonds and the accrued interest thereon shall have been fully paid. [Acts 1905, p. 263, sec. 79.]

Art. 2843. **Expenditure of proceeds of bonds.**—The funds arising from the sale of said common school district bonds of any district, and placed to the credit of said district in the treasury of said county, shall be apportioned to the use of the public free schools of said district for the purpose of building and equipping schoolhouses, in accordance with the method and manner provided by law for the division of the funds for the maintenance of public free schools therein. [Id., p. 263, sec. 82.]

SCHOOL PROPERTY.

Art. 2844. **Trustees to contract for building.**—The trustees of a school district shall contract for the erection of the buildings and superintend the construction of the same; and the county superintendent shall draw his warrant or warrants upon the school fund so appropriated only upon the accounts first approved by them. [Id. sec. 84.]

Art. 2845. **Lien may not be acquired.**—No mechanic, contractor, material man, or other person, can contract for, or in any other manner have or acquire, any lien upon the house so erected or the land upon which the same is situated; and all contracts with such parties shall expressly stipulate for a waiver of such lien. [Id. sec. 85.]

Art. 2846. **Sale of school property.**—The trustees of any school district, upon the order of the commissioners' court, prescribing the terms thereof, when deemed advisable, may make sale of any property belonging to said school district, and apply the proceeds to the purchase of necessary grounds, or to the building or repairing of schoolhouses, or place the proceeds to the credit of the available school fund of the district. [Id. sec. 86.]

Art. 2847. **Control of school property.**—All schoolhouses erected, grounds purchased or leased for a school district, and all other property belonging thereto, shall be under the control of the district trustees of such district. [Id. sec. 87.]

Art. 2848. **Protection of houses of respective races.**—A schoolhouse constructed in part by voluntary subscription by colored parents or guardians, and for a school for colored children, shall not be used for white children without the consent of the trustees of the district, and a like rule shall protect the use of schoolhouses erected in part by voluntary subscription of white parents or guardians for the benefit of white children. [Id. sec. 88.]

Art. 2849. **Title to property.**—All conveyances, devises and bequests of property for the benefit of the public schools made by any one for any county, city or town, or district, shall, when not otherwise directed by the grantor or deviser, vest said property in the county judge of the county, or the board of school trustees of the city or town, or the trustees of the school district, or their successors in office, as the trustees for those to be benefited thereby, and the same, when not otherwise directed, shall be administered by said officers under such rules as may be established by the state superintendent. Article 2850. **Application to county judge for elections.**—At any time hereafter, it shall be lawful for any town or village which may desire to incorporate for school purposes only, to make application to the county judge for the organization of an independent school district, as provided for by the general statutes governing such cases, and for the election of a board of trustees, as provided in this title, and on receipt of such application it shall be the duty of the county judge to proceed as required in articles and of this chapter. [Acts 1905, p. 263, sec. 172.]

Art. 2851. **Incorporation.**—A town or village authorized to incorporate under this chapter, or having two hundred inhabitants or over, may form an incorporation for free school purposes only, which may include within its bounds a town or village incorporated for municipal purposes, the same not having assumed control of the public schools within its limits; provided, that the territory so incorporated for free school purposes shall not exceed an area of twenty-five square miles; provided, that said corporation shall be laid out in a square as near as is practicable with reference to the location of the school building; and, when so desiring an election may be held under the provisions of this title and chapter; and if, at such election, a majority of the votes cast be in favor of the incorporation, it shall be the duty of the county judge to make return thereof, and cause a record of the result of such election to be made, the same as provided for by articles 1040 and 1041, Revised Statutes of Texas, upon which entry being made, such town or village shall be regarded as duly incorporated for the purpose of establishing and maintaining free schools therein, and shall, upon notice to the state board of education by the board of trustees hereinafter provided for, receive such pro rata share of the available school fund as its scholastic population may entitle it to. And provided also that all school incorporations hereafter formed under the provisions of this chapter shall have the right to levy and collect taxes and issue bonds for school purposes, the same as school incorporations heretofore formed. When a town or village is included in a corporation for free school purposes, and such town or village shall afterwards be incorporated for municipal purposes, it shall not thereby acquire a right to take the control of the schools within its limits out of the hands of the school corporation. [Id. sec. 149.]

Art. 2852. **Board of trustees.**—It shall be the duty of the county judge to order an election of seven school trustees for such town or village so incorporated for school purposes, who shall be elected in the same manner and at the same time, and whose term of office shall be the same as that of trustees of districts. [Id. sec. 160.]

Art. 2853. **Powers of the board.**—The trustees elected in accordance with the preceding article shall be vested with the full management and control of the free schools of such incorporated town or village, and shall in general be vested with all the powers, rights and duties in regard to the establishment

and maintaining of free schools, including the powers and manner of taxation for free school purposes that are conferred by the laws of this state upon the council or board of aldermen of incorporated cities and towns. [Id. sec. 161.]

Art. 2854. **Exclusive control.**—All such towns and villages shall have exclusive control of the public free schools within their limits. [Id. sec. 152.]

Art. 2855. **Districts validated.**—Independent school districts heretofore organized which have not the required population in the town proper, but have such population in the whole independent district, shall be validated by this chapter. [Id. sec. 150.]

Art. 2856. **General laws apply to all districts.**—All school districts, heretofore provided for by special act of the legislature, are placed under the general laws relating to incorporated school districts, and all provisions of any and all such special acts in conflict with the general laws are hereby specifically repealed, except in so far as those acts relate to the boundaries established by the acts incorporating such districts. All incorporated districts, having each fewer than one hundred and fifty scholastics according to the latest census, shall be governed in the general administration of their schools by the laws which apply to common school districts; and all funds of such districts shall be kept in the county depositories and paid out on order of the trustees approved by the county superintendent. [Id. sec. 154a. Added acts 1909, p. 17.]

TAXES AND BONDS.

Art. 2857. **Local taxes; bonds.**—Trustees of a district that has been, or may hereafter be, incorporated under general or special laws, for school purposes only, shall have power to levy and collect an annual ad valorem tax not to exceed fifty cents on the one hundred dollars valuation of taxable property of the district, for the maintenance of schools therein, and a tax not to exceed twenty-five cents on the one hundred dollars for the purchase of sites and the purchasing, construction, repairing or equipping public free school buildings within the limits of such incorporated districts; provided that the amount of maintenance tax, together with the amount of bond tax of the district, shall never exceed fifty cents on the one hundred dollars valuation of taxable property. Said trustees shall have power to issue coupon bonds of the district for building purposes, to be made payable not exceeding forty years from date, in such sums as they shall deem expedient, to bear interest not to exceed five per cent per annum; provided, that when such buildings are to be wooden the bonds herein provided for shall not run for a longer period than twenty years; provided, that the aggregate amount of bonds issued for the above named purpose shall never reach such an amount that the tax of twenty-five cents on the hundred dollars valuation of property in the district will not pay current interest and provide a sinking fund sufficient to pay the principal at maturity; and provided, further, that no such tax shall be levied and no such bonds issued until after an election shall have been held, wherein a majority of the taxpaying voters voting at said election shall have voted in favor of the levying of said tax, of the issuance of said bonds, or both, as the case may be; provided, that the specific rate of tax need not be determined in the election. [Id. sec. 154. Amended acts, 1909, p. 17.]

Art. 2858. **Election to be ordered by trustees.**—The election provided for in the preceding article may be ordered by the trustees on the written petition of at least twenty taxpaying voters of said town or village, at any time not less than thirty days from the date of the order; which order shall state the date and place when said election shall be held, the amount of tax to be levied, or the amount of bonds to be issued, as the case may be; and the trustees shall also name and appoint therein the manager or managers of said election, which shall be held as nearly as may be possible in conformity with the gen-

eral election law of the state; provided, that, when a proposition to levy such a tax shall be defeated, no election for that purpose shall be ordered until after the expiration of one year. [Id. sec. 157.]

Art. 2859. **Notice of election.**—Public notice of said election shall be given by the said trustees, by placing notices of the same in three different portions of such incorporated district at least twenty days before said election; which notice shall state the time and place of the election, and the amount of the tax to be levied, or the amount of bonds to be issued, or both, as the case may be. [Id. sec. 158.]

Art. 2860. **Who may vote; ballots.**—No person shall vote at said election unless he be a qualified voter under the constitution and laws of this state, and a taxpayer in such incorporated district; and those in favor of the levying of such tax, or the issuance of such bonds, shall write or print upon their ballots, "For the Tax," and those against the levying of such tax, or the issuance of such bonds, shall write or print on their ballot, "Against the Tax;" and due returns thereof shall be made to said trustees within ten days, and the result thereof shall be recorded by said trustees in a well bound book to be kept for that purpose. [Id. sec. 159.]

Art. 2861. **Collection of taxes.**—The assessor and collector of taxes of the district shall have the same power and shall perform the same duties with reference to the assessment and collection of taxes for free school purposes that are conferred by law upon the city marshal of an incorporated town or village, and he shall receive such compensation for his services as the board of trustees may allow, except in cities and towns otherwise provided for, not to exceed four per cent of the whole amount of taxes received by him; and he shall give bond in double the estimated amount of taxes coming annually into his hands, payable to the president of the board or his successors in office, conditioned for the faithful discharge of his duties, and that he will pay over to the treasurer of the board all the funds coming into his hands by virtue of his office as such assessor and collector; provided, that, in the enforced collection of taxes, the board of trustees shall perform the duties which now devolve in such a case upon the city council of an incorporated city or town; the president of the board of trustees shall perform the duties which devolve in such a case upon the mayor of an incorporated city or town; and the county attorney of the county in which the independent school district is located shall perform the duties which in such a case devolve upon the city attorney of an incorporated city or town under the provisions of chapter 103, general laws, regular session, twenty-fifth legislature. [Id. sec. 166.]

Art. 2862. **Assessment and collection of taxes by county officers.**—When a majority of the board of trustees of an independent school district prefer to have the taxes of their district assessed and collected by the county assessor and collector, same shall be assessed and collected by said county officers, and turned over to the treasurer of the independent school district for which such taxes have been collected; provided, that the property of such districts having their taxes assessed and collected by the county assessor and collector, shall not be assessed at a greater value than that assessed for county and state purposes: provided, further, that when the county assessor and county collector are required to assess and collect the taxes of independent school districts, they shall, respectively, receive one per cent for assessing and collecting same. [Id. sec. 165.]

Art. 2863. **Trustees authorized to invest sinking funds.**—Trustees of towns and villages that have been, or may hereafter be, incorporated for school purposes only, that have issued, or may hereafter issue, bonds under the provisions of this chapter, may, as it accumulates, invest the sinking funds in bonds of the United States, of the state of Texas, of counties of this state, or in bonds

of cities and towns and independent school districts of this state, that have been approved by the attorney general. [Id. sec. 155.]

Art. 2864. Refunding bonds.—Where bonds have been legally issued, or may be hereafter issued, by any town or village incorporated for free school purposes only, new bonds, bearing the same or a less rate of interest, may be issued in conformity with this chapter in lieu thereof; provided, no election shall be necessary to authorize the issuance of such new bonds; and provided, further, that the state treasurer shall, upon order of the state board of education, exchange bonds not matured held by him for the permanent school fund for the new refunding bonds issued by the same incorporation under the provisions of this chapter, in case the rate of interest on the new bonds is not less than the rate of interest on the bonds for which they are exchanged. [Acts 1905, p. 263, sec. 156.]

CHANGE OF BOUNDARIES.

Art. 2865. Extension of boundaries.—Whenever the territory heretofore incorporated, or which may hereafter be incorporated, for free school purposes, shall contain less than twenty-five square miles, and thereafter the majority of the inhabitants, qualified to vote for members of the legislature, of any territory adjoining the limits of the town or village so incorporated, shall desire such territory to be added to and become a part of such incorporated town or village for free school purposes only, and a majority of such qualified voters sign a petition to that effect, any three of such qualified voters may file with the board of trustees of such incorporated town or village the said petition, making affidavit of the facts set forth in said petition, fully describing by metes and bounds the territory proposed to be annexed and showing its location with reference to the existing territory of the town or village already incorporated; provided, that said territory proposed to be added must be contiguous to one line of said corporation, and upon filing of said petition, affidavits and descriptions, with the president of the board of trustees, it shall be his duty to submit the same to the board, and, if upon investigation by the board it is found that the proposed addition will not increase the corporate limits so that the whole, when so increased, will exceed twenty-five square miles, then the said board of trustees, by resolution duly entered upon its minutes, may receive such proposed territory as an addition to, and become a part of, the corporate limits of such town or village; a copy of which resolution, containing a description of the added territory, shall be filed for record in the county clerk's office of the county in which said town or village is situated, after which the territory so received shall be a part of said incorporated town or village; and the inhabitants thereof shall thenceforth be entitled to all the rights and privileges, and subject to the same liabilities of taxation as other citizens, and all property within said limits shall thenceforth be subject to such taxation as may have been, or may hereafter be, provided by said incorporation for free school purposes only. [Id. sec. 153.]

Art. 2866. Change in boundaries by commissioners' court.—The commissioners' court of any county shall have the authority to change the boundaries of any independent district situated in said county, when in the judgment of said court the public good demands such change; provided, that, before any change is made in the boundary lines of any independent district, the president of the board of trustees of the independent district to be affected by the proposed change shall be notified, and said board of trustees shall have the right to be heard in case there is opposition to the change; provided, further, that this provision shall apply only to school districts incorporated for school purposes only; and, provided, further, that no change shall be made that would reduce the total value of taxable property in any independent district against which there are outstanding bonds legally issued. [Id. sec. 52.]

Article 2867. **City or town may assume control of schools.**—Any city or town in this state may acquire the exclusive control of the public free schools within its limits. [Acts 1905, p. 263, sec. 134.]

Art. 2868. **Same.**—Any city or town which has heretofore, under the act of March 15, 1875, or any subsequent law, assumed control of the public free schools within its limits, and has continued to exercise the same until the present time, or may hereafter determine so to do by a majority vote of the property taxpayers of said city or town voting at an election held for that purpose, may have exclusive control of the public free schools within its limits. [Id. sec. 133.]

Art. 2869. **Election to determine question.**—The mayor of said city or town shall, upon the written application of not less than fifty of the qualified electors of such city or town, order, within twenty days of such application, an election by the qualified electors of such city or town, to be conducted as other municipal elections, to decide, by a majority of the votes cast by the qualified electors of such city or town at such election, whether such city or town shall acquire the exclusive control of the public free schools and institutions of learning within its limits; provided, that one election, and no more, shall be held hereafter in any one calendar year to determine whether such city shall acquire the exclusive control of the public free schools within its limits. [Id. sec. 135.]

Art. 2870. **Shall receive pro rata of school funds.**—Such city or town, after notice to the state board of education that it has determined to assume control of the public free schools within its limits, shall receive such pro rata of the available school fund as its scholastic population may entitle it to. [Id. sec. 139.]

Art. 2871. **General laws shall govern.**—Schools thus organized and provided for by incorporated cities and towns shall be subject to the general laws, so far as the same are applicable; but each city or town having control of schools within its limits shall constitute a separate school district, and may provide for the organization of schools and the appropriation of its school funds in such manner as may be best suited to its population and condition [Id. sec. 144.]

Art. 2872. **Property vested in trustees.**—In every city or town in this state which has assumed, or may hereafter assume, the exclusive control and management of public free schools within its limits, and which has determined, or may hereafter determine, that such exclusive control and management of the public free schools within its limits shall be in a board of trustees, and organized under an act of the sixteenth legislature, approved April 3, 1879, and acts amendatory thereto, the title to all houses, lands and other property owned, held, set apart, or in any way dedicated to the use and benefit of the public free schools of such city or town, including property heretofore ac-

quired, as well as that which may hereafter be acquired, shall be vested in the board of trustees and their successors in office, in trust for the use and benefit of the public free schools in such city or town; and such board of trustees shall have and exercise the exclusive control and management of such school property, and shall have and exercise the exclusive possession thereof for the purposes aforesaid; provided, that where trustees are named other than the municipal corporation itself, in any instrument conveying, donating, bequeathing or devising any money or other property, real or personal, for the benefit of any city or town, this law shall not interfere, in any manner, with the title or authority of such trustees to or over such money or other property. And such board of trustees shall constitute a body corporate, and shall have full power to protect the title, possession and use of all such property within the limits of such city or town, and may bring and maintain such suit or suits in law or in equity in any court of competent jurisdiction when necessary to recover the title or possession of any such property that may be adversely held or seized, or to prevent any trespass upon or injury to such property; provided, that the provisions of this article shall not apply to lands belonging to the state upon which houses for school purposes have been built without authority from the state. [Id. sec. 136.]

Art. 2873. Sale of school property.—Any houses or lands held in trust by any city or town for public free school purposes may be sold for the purpose of investing in more convenient and desirable school property, with the consent of the state board of education, by the board of trustees of such city or town; and, in such case, the president of the school board shall execute his deed to the purchaser for the same, reciting the resolution of the state board of education giving consent thereto and the resolution of the board of trustees authorizing such sale. [Id. sec. 146.]

Art. 2874. Schoolhouse bonds to be issued by city council.—Towns or cities which have assumed, or may hereafter assume control and management of the public free schools within their limits may also provide for building sites and buildings for such public free schools and institutions of learning, in the manner, and under the restrictions and limitations provided in article [925] Revised Statutes, relating to cities and towns. [Id. sec. 147.]

CITY SCHOOL TAXES.

Article 2875. Local maintenance tax.—After a city or town has assumed control of the public free schools within its limits, the council or board of aldermen shall also submit the question to the property taxpayers as to whether or not the additional amount as provided for hereinafter shall be raised by taxation. [Id. sec. 140.]

Art. 2876. Two-thirds majority necessary.—If, at an election held for that purpose at which none but property taxpayers, as shown by the last assessment rolls, who are qualified voters of such city or town, shall vote, two-thirds of those voting shall vote in favor thereof, such an amount shall be raised by taxation not to exceed one-half of one per cent, in addition to the pro rata of the available school fund received from the state, as may be necessary to conduct the schools for ten months in the year. [Id. sec. 141.]

Art. 2877. Election for local tax.—The city or town council, or board of aldermen of any city, town or village, whether incorporated under any act of the congress of the republic, or the legislature of the state of Texas, or under any act of incorporation whatever, shall have power by ordinance to annually levy and collect not exceeding one-half of one per cent ad valorem taxes for the support and maintenance of public free schools in the city or town where such city or town is a separate and independent school district; provided, that no such tax shall be levied until an election shall have been

held at which none but property taxpayers, as shown by the last assessment rolls, who are qualified voters of such city or town, shall vote, and two-thirds of those voting shall vote in favor thereof. The proposition submitted may be for a tax not exceeding one-half of one per cent, or may be for a specific per cent. One election, and no more, shall be held hereafter in any one calendar year to ascertain whether a school tax shall be levied. If the proposition is carried, the school tax shall be continued to be annually levied and collected for at least two years, and thereafter, unless it be discontinued at an election held to determine whether the tax shall be continued or discontinued, at the request of fifty property taxpayers of such city or town. When the tax is continued, no election to discontinue it shall be held for two years; when the tax is discontinued, no election to levy a tax shall be held during the same year. [Id. sec. 142.]

Art. 2878. **Levy of tax.**—If the vote of the taxpayers is in favor of said tax, then it shall be the duty of the council or board of aldermen, annually thereafter, to levy upon the taxable property in the limits of such city or town, in accordance with the usual assessment of taxes for municipal purposes, such additional tax as may be necessary for the support of the schools for ten months in the year, not to exceed one-half of one per cent. [Id. sec. 143.]

Art. 2879. **Same.**—In a city or town that has assumed the exclusive control of the public free schools within its limits and has decided, under the laws providing therefor, that a special tax shall be levied for the support of such public free schools, the mayor and council or board of aldermen of such city or town shall annually assess and levy such tax by ordinance duly passed and approved in the same manner as is required in the assessment and levy of taxes for general purposes in such city or town. In a city or town which has voted upon, and directed, the levy of a special tax not exceeding one-half of one per cent, the mayor or council or board of aldermen of such city or town shall annually levy such rate of tax for public school purposes, not exceeding one-half of one per cent, as shall be sufficient for the support of the public free schools for the term as required by law; but in a city or town that has voted upon, and decided, at an election held for that purpose, that a specified rate of tax shall be assessed and levied in such city or town for the support of its public free schools, the mayor and council or board of aldermen of such city or town shall have no discretion in fixing the rate at which such tax shall be levied, but shall assess and levy the same at the rate fixed in the proposition as submitted and adopted by the qualified voters of such city or town at the election held for that purpose. [Id. sec. 138.]

Art. 2880. **Trustees determine annual rate.**—In a city or town that may now or hereafter constitute independent school districts, and where a special tax for school purposes has been voted by the people, or provided by special charter, not exceeding one-half of one per cent, it shall be the duty of said board of trustees to determine what amount of said tax, within the limit voted by the people or fixed by special charter, will be necessary for the maintenance of the schools for each current year; and it shall become the duty of the city council, upon the requisition of the said board of trustees, to annually levy and collect said tax, as other taxes are levied and collected; and said tax, when collected, shall be placed at the disposal of the said school board, by paying over monthly to the treasurer of said board the amount collected for the support of the schools of such district, to be used for the maintenance and support of the public free schools of such independent district. [Id. sec. 168.]

Art. 2881. **Assessment and collection.**—In an independent school district constituted of a city or town having a city assessor and collector of taxes, such assessor and collector of taxes shall assess and collect the taxes for school purposes; provided, that in a city or town having an assessor and collector

of taxes, the levy of taxes for school purposes shall be based upon the same assessment of property upon which the levy for other city purposes is based. It is further provided, that, in such a city or town, the assessor and collector of taxes shall receive no other compensation for collecting school taxes than the compensation paid him for assessing and collecting city taxes; and taxes for school purposes in such a city or town shall be assessed and collected as other city taxes are assessed and collected. [Id. sec. 165.]

Art. 2882. **Funds to be turned over to school treasurer.**—The pro rata of the available school fund of the state appropriated and set apart to such city or town shall be, by the proper officer or department of the state, paid over directly to such treasurer of the board of trustees, who shall execute the proper receipts therefor; and all moneys and funds arising from the assessment and collection of any special tax in such city or town for public free school purposes shall be by the assessor and collector, or other proper officer of such city or town whose duty it is to collect the taxes, turned over directly to the treasurer of the board of trustees of such city or town, who shall execute and deliver his receipt to such collector; and the mayor and council or board of aldermen of such city or town shall have no power or control of such funds. [Id. sec. 137.]

Art. 2883. **Extension of city limits for school purposes.**—Any city or town that has taken charge of the public free schools within its limits, or that shall hereafter take charge of the same, may, by ordinance, extend its corporation lines for school purposes only, on a petition signed by a majority of the resident qualified voters of the territory, which is to be taken into said city or town for school purposes only, and recommended by a majority vote of the trustees of the public free schools of said city or town; provided, that the proposed change shall not deprive the scholastic children of the remaining part of the common school district or districts which may be affected by the proposed change, of the opportunity of attendance upon school. The added territory shall bear its pro rata part according to taxable values of any school debt or debts that may be owed or contracted by said city or town to which it shall have been added, and shall not bear any part of any other debt that may be owed or contracted by such city or town. The property of the added territory shall bear its pro rata part of all school taxes, but of no other taxes. The added territory shall not affect the city's debts or business relations in any manner whatever, except for school purposes as provided above. The officers whose duty it is to assess and collect school taxes within the city limits shall also assess and collect school taxes within the territory added for school purposes as herein provided. [Id. sec. 148.]

Art. 2887. **Board of school trustees shall order elections.**—All elections shall be ordered by the board of trustees of each independent school district; and such order shall be made at least ten days before the date of election; and a notice of the order shall be posted at three different places in the district. The board of school trustees, at the time of ordering such election, shall appoint persons to hold the election, and shall designate the places where the polls shall be open.

All such elections shall be held in accordance with the state law governing elections; and returns of such elections shall be made to the board of school trustees in the same manner as election returns are made under such state law.

The board of school trustees shall canvass such returns, declare the result of such election, and issue certificates of election to the persons shown by such returns to be elected. [Id. sec. 164.]

Art. 2888. **Who shall be declared elected.**—All the qualified voters of each independent district shall be entitled to vote at a trustees' election; and the seven candidates receiving the largest number of votes at the first election held hereunder shall be entitled to serve as trustees as hereinbefore provided; and, at all subsequent trustees' elections, the three or four candidates, as the case may be, receiving the largest number of votes shall be entitled to serve as trustees for the full term for which they are elected. [Id. sec. 169.]

Art. 2889. **Terms of office.**—The terms of office of the seven trustees chosen at the first election shall be divided into two classes, and the members shall draw for the different classes, the four members drawing the numbers one, two, three, and four shall serve for one year or part thereof; that is, until the first May thereafter, and until their successors are elected and qualified; and the three members drawing the numbers five, six, and seven shall serve for two years; that is, until the second May thereafter, and until their successors are elected and qualified; and regularly thereafter, on the first Saturday in May of each year, four trustees and three trustees, alternately, shall be elected for a term of two years, to succeed the trustees whose term shall at that time expire. [Id. sec. 163.]

Art. 2890. **Oath of office.**—Before any trustee enters upon the discharge of the duties of his office, he shall swear that he will faithfully and impartially discharge the duties of such office; and his affidavit to that effect shall be filed after the first election with the county judge, and after all subsequent elections with the president or chairman of the school board. [Id. sec. 167.]

Art. 2891. **Organization of board.**—The trustees chosen under this chapter shall meet within twenty days after the election, or as soon thereafter as possible, for the purpose of organizing. A majority of said board shall constitute a quorum to do business; and they shall choose from their number a president; and they shall choose a secretary, a treasurer, assessor and collector of taxes, and other necessary officers and committees. [Id. sec. 165.]

Art. 2892. **Board shall adopt rules and regulations.**—Said board of trustees shall adopt such rules, regulations and by-laws as they may deem proper; and the public free schools of such independent district shall be under their control; and they shall have the exclusive power to manage and govern said schools, and all rights and titles to property for school purposes heretofore vested in the mayor, city councils or school trustees by articles [3995, 4013 and 4032,] Revised Statutes, [1895,] or other statutes, general and special, except such cities as are exempted by this title, shall be vested in said board of trustees and their successors in office; and their claims shall apply to any action or suit now pending, or which may hereafter arise, to which said board are parties. Article 2905. **Subjects covered in adoption.**—The governor of this state shall, at such time after this act takes effect as will, in his opinion, best insure the proper accomplishment of its purpose, and not later than January 1, 1908, appoint five teachers holding first grade or permanent certificates who have been actively engaged in teaching in the public schools of the state for the past three years, one of whom shall be a primary teacher of recognized ability, who, together with the governor and the state superintendent of public instruction, shall constitute the said text-book board, of which the governor shall be the chairman, and said board shall, when called together by the governor for that purpose, select and adopt text-books for use in the public schools in this state for a period of five years, beginning September 1, 1908; said board is hereby authorized and required to select and adopt a uniform system of text-books to be used in the public free schools of Texas; and the series so selected shall include and be limited to text-books on the following subjects: Spelling, a graded series of reading books, a course of language lessons, grammar, elementary English, composition, geography, arithmetic, mental arithmetic, elementary physiology and hygiene, civil government, elementary algebra, physical geography, history of the United States in which the construction placed on the federal constitution by the fathers of the Confederacy shall be fairly presented, history of Texas, elementary agriculture, and a graded system of writing books; provided, that none of the said text-books shall contain anything of a partisan or sectarian character, and that nothing in this act shall be construed to prevent the teaching of German, Bohemian, Spanish, French, Latin or Greek in any of the public schools as a branch of study; but the teaching of one or more of these languages shall not interfere with the use of the text-books herein prescribed; and the study of a language known as a dead language, such as Latin and Greek, shall never be made compulsory as a requirement for the completion of any regular course of study in any public school in this state, without providing an equivalent course for graduation, equal in all other respects to such course, containing such dead language or languages, which shall not include the same; provided, however, that nothing herein shall be construed to prevent the use of supplementary books. The text-book board shall adopt a series of supplementary reading books for the

first, second and third grades and each bidder presenting books for adoption shall state at what price the readers are offered as basic readers and as supplementary readers. Such supplementary books shall not be used, unless approved by the trustees of such school as to price, binding, printing and general arrangement; and they shall not then be used to the exclusion of the books prescribed under the provisions of this chapter. But full use must be made in good faith of the books adopted under this chapter; provided, that when supplementary books are used, they shall be furnished at prices to be fixed by the trustees of the school in which they are used; and if any teacher or trustee shall knowingly and, directly or indirectly, receive from any pupil a greater price therefor, he shall be punished as provided in the Penal Code; provided, that no trustee or teacher shall ever receive any commission or rebate on any book used in the schools with which he is connected as such trustee or teacher; and, if any such trustee or teacher shall receive or accept any such commission or rebate, he shall be subject to the penalty above provided; provided, the state board of education shall be empowered, at its discretion, to authorize the school authorities of any city acting under a special charter to retain in use any book or books now in use in the public schools of said city, upon application therefor to said board by said authorities, supported by proof satisfactory to the board that a change therein would now [not], considering the general result, save expense to the patrons of the schools of said city; and, in the event said board should grant such authority or shall specify the books which are thus permitted to be retained in use and the prices to be paid therefor, and in the event any change shall be made therein, either in such books or the prices thus fixed, such authority shall thereby be revoked. No such authority shall be given, however, unless the publishers of the books in use, or about to be used, in any such city, shall agree in writing to receive, during the term of the contract entered into under the provisions of this chapter, in exchange for such books any of the books adopted by the text-book board herein provided for, under regulations and at prices to be fixed by the state board of education; provided, that any book or books retained in use in the public schools of cities under special charters shall be furnished to the pupils at a price as low as the price of books contracted for by said board. [Acts 1907, 1 S. S., p. 448, sec. 1.]

Art. 2906. Contractors shall establish depositories.—The party with whom the contract has been made shall establish and maintain in some city in this state a depository where a stock of their goods to supply all immediate demands shall be kept; all contractors not maintaining their own individual or separate state agencies or depositories shall maintain a joint state agency or depository, to be located at some convenient and suitable distributing point, at which general depository each contractor joining in said joint agency shall keep on hand a sufficient stock of books to supply sub-depositories; and every contractor shall establish and maintain in every county in the state having an enrollment of five hundred pupils or more in the public schools, as shown in the last preceding report to the county superintendent on file in the office of the state superintendent of public instruction, one or more agencies, one of which shall be at the county seat. At each county seat as above provided, and in every city in this state containing one thousand inhabitants or over, shall be maintained an agency carrying a sufficient stock of all books contracted for to supply all immediate demands. Provided, that in the counties not entitled to a depository under the conditions as provided for in this chapter, contractors shall supply such adopted books under such rules and regulations as may be prescribed by the state board of education. Any person, dealer, or school board in any county in the state may order from the central agency; and the books so ordered shall be furnished at the same rates and discount as are granted to agents at the county seat; provided, that the price of books

so ordered be paid in advance. Upon failure of any contractor, under the provisions of this chapter, to furnish the books as provided in the contract and in this chapter, the county judge in the county wherein such books have not been so furnished shall report the fact to the attorney general, and he shall bring suit on account of such failure in the name of the state of Texas in the district court of Travis county, and shall recover on the bond given by such contractor for the full value of the books not furnished as required, and, in addition thereto, the sum of one hundred dollars; and the amounts so recovered shall be placed to the credit of the available school fund of the state. Unorganized counties shall be furnished from the same agency as the county to which said unorganized county is attached for judicial purposes, in the same manner as such organized county. [Id. sec. 8.]

Art. 2907. Period of use of present adopted books.—The books adopted by the board under the provisions of this chapter shall be introduced and used as text-books to the exclusion of all others in the public free schools of this state for a period covering five scholastic years, beginning September 1, 1908; provided, nothing in this chapter shall be construed to prevent or prohibit the patrons of the public schools throughout the state from procuring books in the usual way, in the event that no contracts are made, or in the event that the contractor fails or refuses to furnish the books provided for in this chapter at the time that said books are required for use in the schools. [Id. sec. 10.]

Art. 2908. State assumes no liability to contractors.—It shall be part of the terms and conditions of every contract made in pursuance of this chapter, that the state of Texas shall not be liable to any contractor thereunder for any sum whatever; but all such contractors shall receive compensation solely and exclusively from the proceeds of the sale of school books as provided in this chapter; and it is hereby provided that the state shall have the right to terminate said contract whenever the law is repealed or amended, altered or qualified as to make necessary or expedient that such contract should be revoked; and all contracts shall contain a stipulation to that effect. The state may at its election cancel any contract entered into by virtue of the provisions of this chapter, for fraud or collusion upon the part of either party to the contract, or any member of the board, or any person, firm, corporation, or their agents making said bond or contract; and, for the cancellation of any such contract, the attorney general is hereby authorized to bring suit in the proper court of Travis county; and, in case of the cancellation of any contract as provided for, the damages are fixed at not less than the amount of said bond, to be recovered as liquidated damages in the same suit cancelling said contract; and on account of the difficulty of determining the damage that might accrue by reason of such fraud and cancellation of such contract, the full amount of the bond given by any contractor shall be considered as liquidated damages to be recovered out of said bond by the state at the suit of the attorney general; and every contract shall contain a clause to this effect. [Id. sec. 6.]

Art. 2909. Process to be served on secretary of state.—Any person, firm or corporation with whom a contract has been entered into under the provisions of this chapter shall designate the secretary of state of Texas as its or their agent upon whom citation and all other writs and process may be served, in the event any suit shall be brought against such person, firm or corporation. Article 2920. **Judges and clerks of election; presiding judges; appointment, qualification and duties.**—The county commissioners' court shall, at the February term, appoint from among the citizens of each voting precinct in which there are less than one hundred voters who have paid their poll tax and received their certificates of exemption two reputable men who are qualified voters as judges of the election. They shall be selected from different political parties, if practicable, and shall continue to act until their successors are appointed. When the bounds of the precinct are changed so that one or more judges reside outside of the precinct for which they were appointed, the court shall appoint others to fill such vacancy or vacancies. One of the judges, who shall, in all cases, belong to the party that, at the last general election, cast the largest vote for governor throughout the state shall be designated as the presiding judge at elections; he shall appoint two competent and reputable clerks of different political parties, if practicable, who are qualified voters, to act as clerks of the election. The order appointing all judges shall be entered of record. The presiding judge shall act in receiving and depositing the votes in the ballot boxes, and the other judge shall act in counting the votes cast; one of the clerks shall keep the poll list and list of qualified voters, and, upon the poll list he shall write at the time of voting the name and number of each voter; the other clerk shall act as canvassing clerk, and shall keep the tally list of votes counted; said officers shall perform such other duties as the presiding judge may direct. [Acts 1905, S. S., p. 533, sec. 57.]

Art. 2921. **Judges and clerks of election in precincts of over 100 poll tax receipts, appointment and duties.**—For every precinct in which there are one hundred male citizens or more who have paid their poll tax or received their certificates of exemption, the commissioners' court shall appoint four judges of election, who shall be chosen when practicable from opposing political parties, one of whom shall be designated as presiding judge. The presiding and one associate judge shall act in receiving and depositing the votes in the ballot box, and the other two judges shall act in counting the vote cast. The presiding judge shall appoint four competent and reputable clerks who have paid their poll tax, and of different political parties, when practicable; two of said clerks shall assist in keeping poll lists and the list of qualified voters; upon the poll lists they shall write the name and number of each voter, and at the time voted. Two clerks shall be canvassing clerks, who shall keep tally lists of votes counted and perform such other duties as the presiding judge may direct. At the close of the canvassing, and during its progress, the tally clerks shall compare their tally lists and certify officially to their correctness. Provided, that in all elections held under the provisions of this title, other than general elections, local option elections and primary elections, the officers to be appointed by the commissioners' court to hold said elections shall be a presiding judge, and assistant judge and two clerks, whose compensation shall be two dollars per day, and two dollars to the presiding judge extra for making return of the election. [Id. sec. 58.]

[Note.—For appointment of judges and clerks by voters, see Art. 2994.]

Art. 2922. Disqualifications for being judges, etc., or members of executive committees.—No one who holds an office of profit or trust under the United States or this state, or in any city or town in this state, except a notary public, or who is a candidate for office, or who has not paid his poll tax, shall act as judge, clerk or supervisor of any election, nor as chairman nor as member of an executive committee, either for the state or any district or county. [Id. sec. 60.]

Art. 2923. Supervisors of elections, appointment, etc., powers and duties.—The chairman of the county executive committee, for each political party that has candidates on the official ballot, or if he fails to act, any three members of such committee, may, not less than five days before the general election, nominate one supervisor of election for each voting precinct, who has paid his poll tax, by presenting his name to the county judge, who shall indorse his approval on the certificate of his nomination if he is a reputable citizen, but not otherwise. And thereupon, on his presenting such nomination and its approval to the presiding judge of the precinct, he shall be permitted to sit conveniently near the judges, so that he can observe the conduct of the election, including the counting of the votes, the locking and sealing of the ballot boxes, their custody and safe return. He shall not be permitted to enter into any conversation with the judges or clerks regarding the election while it is progressing, except to call the attention of the judges or clerks to any irregularity or violation of the law that he may observe. Before he shall be permitted to act as supervisor, he shall take an oath, to be administered by the presiding judge, that he will mention and note any errors he may see in testing or counting the votes, and that he will well and truly discharge his duties as supervisor impartially, and will report in writing all violations of the law and irregularities that he may observe to the next grand jury. [Id. sec. 59.]

Art. 2924. Supervisors, appointed, how, etc.; duties.—Any one-fifth of the candidates whose names appear on the official ballot may, on the day preceding the election or prior thereto, agree in writing signed by them upon two supervisors who, when selected, shall be sworn as election officers. Said supervisors shall be qualified voters of the county in which they may serve as such supervisors. Said supervisors, while the election is being held, shall remain in view of the ballot boxes until the count is concluded. It shall be their duty to be present at the marking of the ballot of any voter, by the judge of said election, not able to make his own ballot, to see that said ballot is marked in accordance with the wishes of the voter; and it shall further be their duty to see that each and every ballot is correctly called. Article 2964. **Ballot, vote shall be by; numbering; safeguards, etc.; no registration; cities included.**—In all elections by the people, the vote shall be by official ballot, which shall be numbered, and elections so guarded and conducted as to detect fraud and preserve the purity of the ballot. No registration in cities with a population of ten thousand or more shall be hereafter required as a qualification to vote, but all the provisions of this title which prescribe qualifications for voting and which regulate the holding of elections, shall apply to elections in cities. [Acts 1905, 1 S. S., p. 521, sec. 5.]

Art. 2965. **Ballot, official, required; to contain what.**—No ballot shall be used in voting at any general, primary or special election held to elect public officers, select candidates for office or determine questions submitted to a vote of the people, except the official ballot, unless otherwise authorized by law. At the top of the official ballot shall be printed in large letters the words "Official Ballot." It shall contain the printed names of all candidates whose nominations for an elective office have been duly made and properly certified. The names shall appear on the ballot under the title of the party that nominates them, except as otherwise provided by this title. [Id. sec. 46.]

Art. 2966. **No candidate on ballot, except, etc.**—No name shall appear on the official ballot except that of a candidate who was actually nominated (either as a party nominee or as a non-partisan or independent candidate) in accordance with the provisions of this title. [Id. sec. 118.]

Art. 2967. **Candidates of certain parties not on ballot unless, etc.**—The name of no candidate of any political party that cast one hundred thousand votes or more at the last preceding general election shall be printed on any official ballot for a general election, unless nominated by primary election, on primary election day, except as herein otherwise provided. [Id. sec. 52.]

Art. 2968. **Vacancy, where nominee declines or dies, etc., substitution on ballot, etc.**—Where a nominee shall have declined his nomination, or shall have died, and the vacancy so created shall have been filled, and such facts shall have been certified in accordance with the provisions of article 3172, thereupon the secretary of state or county judge, as the case may be, shall promptly notify the official board created by this act to furnish election supplies that such vacancy has occurred, and the name of the new nominee shall then be printed upon the official ballot, if the ballots are not already printed. If such declination or death of the nominee occurs after the ballots are printed, or due notice of the name of the new nominee is received after such printing, the official board charged with the duty of furnishing election supplies shall prepare as many pasters bearing the name of the new nominee as there are official ballots, which shall be pasted over the name of the former nominee on the official ballot before the presiding judge of the precinct indorses his name on the ballot for identification.

No paster shall be used except as herein authorized, and if otherwise used the names pasted shall not be counted. [Id. sec. 50.]

Art. 2969. **Ballots, how printed; form, etc.; manner of voting.**—All ballots shall be printed with black ink on clear white paper of sufficient thickness to prevent the marks thereon to be seen through the paper, and of uniform style. The tickets of each political party shall be placed or printed on one ballot, arranged side by side in columns separated by parallel rule. The space which shall contain the title of the office and the name of the candidate (or candidates, if more than one is to be voted for for the same office) shall be of uniform style and type on said tickets. At the head of each ticket shall be printed the name of the party. When a party has not nominated a full ticket, the titles of those nominated shall be in position opposite to the same office in a full ticket, and the titles of the offices shall be printed in the corresponding positions in spaces where no nominations have been made. In the blank columns and independent columns, the titles of the offices shall be printed in all blank spaces to correspond with a full ticket. When presidential electors are to be voted on, their names shall appear at the heads of their respective tickets. When constitutional amendments or other propositions are to be voted on, the same shall appear once on each ballot in uniform style and type. When a voter desires to vote a ticket straight, he shall run a pencil or pen through all other tickets on the official ballot, making a distinct marked line through such ticket not intended to be voted; and when he shall desire to vote a mixed ticket he shall do so by running a line through the names of

such candidates as he shall desire to vote against in the ticket he is voting, and by writing the name of the candidate for whom he desires to vote in the blank column and in the space provided for such office; same to be written with black ink or pencil, unless the names of the candidates for which he desires to vote appear on the ballot, in which event he shall leave the same not scratched. [Id. sec. 53.]

[Note.—For provision, prohibiting any symbol or device, etc., on ballot for primary or general election, see Arts. 3096 and 3097.]

Art. 2970. **Ballot, further regulations as to.**—The name of no candidate shall appear more than once upon the official ballot, except as a candidate for two or more offices permitted by the constitution to be held by the same person. The name of the candidate nominated by any political party shall appear on the ballot, and under the head of the party making such nomination. [Id. sec. 49.]

Art. 2971. **Constitutional amendment and other questions, how submitted.**—When a constitutional amendment or other question submitted by the legislature is to be voted on, the form in which it is submitted shall be described by the governor in his proclamation in such terms as to give the voter a clear idea of the scope and character of the amendment, and printed once at the bottom of each ballot as described by this title, the words “for” and “against” under it; provided, the legislature has failed to prescribe a form. If a proposition or question is to be voted on by the people of any city, county or other subdivision of the state, the form in which such proposition shall be voted on shall be prescribed by the local or municipal authority submitting it. [Id. sec. 4.]

Art. 2972. **Ballot, any, at school election, city, etc.**—At the election of school district officers or school officers for a city, town or village, at which no officer is to be elected, or election of officers of fire departments, any ballot may be used prescribed by local authorities. [Id. sec. 51.]

Art. 2973. **Ballots, how many furnished.**—For each voting precinct, there shall be furnished one and a half times as many official ballots as there are qualified voters in the precinct, as shown by the list required to be furnished by the tax collector to precinct judges. [Id. sec. 48.]

Art. 2974. **Ballots (counted) etc., delivered to judges.**—The official ballots to be counted before delivery and sealed up and together with the instruction cards, with poll lists, tally sheets, distance markers, returning blanks and stationery, shall be delivered to the precinct judges, and the number of each indorsed on the package, and entered of record by the county clerk in the minutes of the commissioners’ court. In like manner, shall be sent the list of qualified voters for the precinct, certified to by the collector, if the presiding judge has not already received it. [Id. sec. 44.]

Art. 2975. **Ballots, voters may provide when.**—If, from any cause, the official ballots furnished for an election precinct have been exhausted or not delivered to the precinct judges, the voters may provide their own ballot after the style of the official ballot described in this title. [Id. sec. 47.]

So help me God." [Acts 1905, 1 S. S., p. 533, sec. 56.]

Art. 2992. Polls, preliminary arrangement of and examination; regulation as to ballots, instruction cards, distance markers; notices as to electioneering, loitering, etc.—The judges and clerks of election for each precinct (and supervisors, if any have been selected) shall meet at the polling place at least half an hour before the time for opening the polls, and shall proceed to arrange the guard rail, the space within the guard rail, the voting booths, (if any), and the furniture for the orderly and legal conduct of the election. The judges of election shall then examine the ballot boxes required for the reception of the ballots and the blank official ballots, and shall deposit such ballots as are found to be defective in printing in ballot box No. 4 for mutilated or returned ballots. They shall also examine the sample ballots, instruction cards, distance markers, tally sheets, return sheets, certified list of voters, rubber or wooden stamps, and all things required for the election; but the package containing the official ballots shall not be opened until the morning of the election and at the polling place. One instruction card shall be posted near each distance marker, where it can be read by citizens before voting. The package of official ballots shall remain in the custody of the judges and the polling clerks. The judges shall cause to be placed at the distance of one hundred feet from the entrance of the room at which the election is held visible distance markers in each direction of approaches to the polls, on each of which shall be printed in large letters the words: "Distance markers. No electioneering or loitering between this point and the entrance to the polls." The judges shall examine the ballot boxes and then relock them, after all present can see they are empty. The instruction cards and distance markers shall be posted up and shall not be defaced or removed during the progress of the election. The ballot clerks with official ballots, the presiding officer of the election, the poll clerk, the election supplies and the certified lists of qualified voters for the precinct, and the supervisors, if there are any, shall be as conveniently near each other as practicable within the polling place. [Id. sec. 55.]

Art. 2993. Instruction card posted in booth.—Before the election begins, one instruction card shall be posted up in each voting booth where it can be read; and, when there are no voting booths, one shall be posted up in plain view at the place prepared for the voter to make out his ballot. [Id. sec. 56.]

Art. 2994. Judges, appointment by voters, when; certificate; presiding judge to appoint assistant, when.—If a presiding judge fails to attend on election day, or fails to act, or none shall have been appointed, the voters present may appoint their own presiding officer, who has paid his poll tax, and such voters may also appoint the necessary assistant judges of election. When a presiding officer, who has been appointed by a commissioners' court, fails to act in conducting an election, and one is selected by the voters present, the judges and clerks at such election shall, in making their returns of election, certify to that fact, and state that the acting judges were appointed by the voters present. When an assistant judge or clerk has not been appointed, or, having been theretofore appointed, fails to act at the opening of the polls or during the election, the presiding judge shall appoint in his place

another with the same qualifications, and return a certificate of such appointment with each election return. [Id. sec. 83.]

Art. 2995. Judges may administer oaths; powers of presiding judge.—Judges of elections are authorized to administer oaths to ascertain all facts necessary to a fair and impartial election. The presiding judge of election, while in the discharge of his duties as such, shall have the power of the district judge to enforce order and keep the peace. He may appoint special peace officers to act as such during the election, and may issue warrants of arrest for felony, misdemeanor or breach of peace committed at such election, directed to the sheriff or any constable of the county, or such special peace officer, who shall forthwith execute any such warrants, and, if so ordered by the presiding judge, confine the party arrested in jail during the election or until the day after the election, when his case may be examined into before some magistrate, to whom the presiding judge shall report it; but the party arrested shall first be permitted to vote, if entitled to do so; provided, that, if said party is drunk from the use of intoxicating liquor, he shall not be permitted to vote until he is sober. [Id. sec. 67.]

Art. 2996. Ballot boxes, preliminary inspection.—Before the balloting begins, the presiding judge shall unlock ballot box No. 1, and after all the officers of the election and supervisors have inspected the same to see that it is empty, relock it and place it within view, where it shall remain until removed to make room for ballot box No. 2. A like examination shall be made of ballot box No. 2. [Id. sec. 68.]

Art. 2997. Poll tax receipt, etc.—No citizen shall be permitted to vote, unless he first presents to the judge of election his poll tax receipt or certificate of exemption issued to him before the first day of February of the year in which he offers to vote, except as otherwise permitted in this title, unless the same has been lost or mislaid, or left at home, in which event he shall make an affidavit of that fact, which shall be left with the judges and sent by them with the returns of the election; provided, that, if since he obtained his receipt or certificate he removes from the precinct or county of his residence, he may vote on complying with other provisions of this title. [Id. sec. 66.]

Art. 2998. Poll tax receipt, etc., receiving; testing voter, etc.—One of the election judges shall receive from the voter his poll tax receipt or certificate of exemption, when he presents himself to vote; the voter shall announce his name, and the judge, after comparing the appearance of the party with the description given in the certified list of qualified voters of the precinct made out by the county collector, and being satisfied that it accords therewith, shall pronounce in an audible voice the name of the voter and his number, as given in the list of qualified voters. If the voter has lost, mislaid or left at home his receipt or certificate, and shall present his written affidavit of that fact, and if his appearance tallies with that given for the same number and name on the list of qualified voters, or if the voter presents his written affidavit of removal from some other precinct or county, in cases where the same is permitted by this title, together with his receipt or certificate or affidavit of the loss thereof, and the judges of election shall be satisfied that he paid his poll tax or received his certificate of exemption before the first day of the preceding February, the judge shall in like manner pronounce in an audible voice the name and number of the elector on the certified list of qualified voters with the word, "correct." [Id. sec. 71.]

Art. 2999. Examination of challenged voter on oath; noted on poll list.—When a person offering to vote shall be objected to by an election judge or a supervisor or challenger, the presiding judge shall examine him upon an oath touching the points of such objection, and, if such person fails to establish his right to vote to the satisfaction of the majority of the judges, he shall

not vote. If his vote be received, the word, "sworn," shall be written upon the poll list opposite the name of the voter. [Id. sec. 73.]

Art. 3000. [1736] **Challenged vote in certain cities, proceedings on.**—In any election, state, county or municipal, being held in any city or town of ten thousand inhabitants or more, according to the last preceding United States census, when the right to vote of any elector offering to vote is challenged, proceedings shall be had as prescribed in article 790. [Acts 1891, p. 47.]

Art. 3001. **Poll tax receipt stamping; delivery of ballot with signature of presiding judge; preparing ballot.**—When the judges are satisfied as to the right of the citizen to vote, and one has pronounced in an audible voice his name and number as shown on the list of qualified voters of the precinct, and the word, "correct," the judge shall stamp in legible characters with a stamp of wood or rubber the poll tax receipt or certificate of exemption with the words: "Voted —— day of ——, A. D. 19——," or write the same words in ink and then return said receipt or certificate to the voter, and shall at the same time deliver to him one official ballot on the blank side of which the presiding judge shall have previously written his signature. The voter shall then immediately repair to one of the voting booths, or places prepared for voting by the election officers, and there prepare his ballot, in the manner provided by article 2969. [Id. sec. 72.]

Art. 3002. **Marked ballot or memorandum; powers and duties of judge.**—Any judge may require a citizen to answer under oath before he secures an official ballot whether he has been furnished with any paper or ballot on which is marked the names of any one for whom he has agreed or promised to vote or for whom he has been requested to vote, or has such paper or marked ballot in his possession, and he shall not be furnished with an official ballot until he has delivered to the judge such marked ballot or paper, if he has one. [Id. sec. 70.]

Art. 3003. **One voter at a time in booth; assistance to illiterates; regulations as to interpreter; supervisors may be present, etc.**—Not more than one person at the same time shall be permitted to occupy any one compartment, voting booth or place prepared for a voter, except, when a voter is unable to prepare his ballot from inability to read or write, or physical disability, two judges or an interpreter, if he can not both read and speak the English language, shall assist him, they having been first sworn that they will not suggest, by word or sign or gesture, how the voter shall vote; that they will confine their assistance to answering his questions, to naming candidates, and the political parties to which they belong, and that they will prepare his ballot as the voter himself shall direct. The judges who assist the voter in preparing his ballot shall be of different political parties, if there be such judges present, and an election supervisor or supervisors may be present, but must remain silent, except in case of irregularity or violation of the law. [Id. sec. 82.]

Art. 3004. **Judge, etc., shall not electioneer, etc.**—No election judge, clerk or other person connected with the holding of an election shall, on election day, indicate by words, sign, symbol or writing to any citizen, how he shall or should not vote; provided, nothing herein shall interfere with the operation of article 3003. [Id. sec. 65.]

Art. 3005. **Ballot delivery by voter, deposit, and requirements connected therewith.**—When a citizen shall have prepared his ballot, he shall fold the same so as to conceal the printing thereon, and so as to expose the signature of the presiding judge on the blank side, which shall always be indorsed by the judge before the ballot is delivered, and shall, after leaving the booth, hand to the numbering judge his ballot, who shall number the same. If the judges are satisfied that the ballot returned is the one delivered to the voter, the numbering judge shall number the ballot, writing on the blank side the number

opposite the voter's name on the voting list, and shall stamp or write the same with the word, "voted," and deposit the ballot in the ballot box. The letter, "v," shall, at the same time, be marked by one of the clerks on the certified list or supplemental list of qualified voters opposite the voter's name thereon, and the voter shall thereupon immediately leave the polling place. [Id. sec. 74.]

Art. 3006. **Mutilated, etc., ballots, rule as to.**—No voter shall be entitled to receive a new ballot in lieu of one mutilated and defaced, until he first returns such ballot and it is deposited in box No. 4; nor shall any one be supplied with more than three ballots in succession, when they are mutilated or defaced. A register shall be kept by the clerks as the voting progresses of the mutilated or defaced ballots, which shall be deposited in box No. 4, in which shall also be deposited and returned all official ballots not used. [Id. sec. 75.]

Art. 3007. **Ballot boxes and ballots, custody; admission to polls, information.**—From the time of opening the polls until the announcement of the results of the canvass of votes cast and the signing of the official returns, the boxes and official ballots shall be kept at the polling place in the presence of one or more of the judges and supervisors, if there are any. [Id.]

Art. 3064. [1804g] **Bonds subject to suit.**—The bonds required to be filed by the contestant and contestee under the provisions of this chapter shall remain on file in the office of the clerk where filed, and may be sued upon as other bonds. [Id.]

[Id.]

Art. 3070. [1804m] **Depositions may be taken in such case.**—At any time after filing said papers with said returning officer, either party to said contest may proceed, at his own expense, to take such written testimony as he may deem proper, having first served the opposite party, his agent or attorney, with a copy of the interrogatories he intends to propound to each witness, and the name of the officer before whom such interrogatories will be answered, as well as the time and place of taking such testimony. [Id.]

Art. 3071. [1804n] **Who may take such depositions.**—Any officer authorized by the law of this state to administer oaths, upon being satisfied as to any costs, including his own fees, that may accrue in the taking of such testimony, shall proceed, upon the application of the party desiring it, to summon the witness or witnesses named in the interrogatories and take his or their answers in writing and under oath to such interrogatories and cross-interrogatories as may be propounded in writing.

Art. 3072. Any one or more of the committee dissenting from the views of the majority may present a minority report. [Id.]

Art. 3074. [1804q] **Hearing of evidence by committee on privileges and election; powers and duties of committee.**—The rules of evidence and the laws in force respecting the admissibility of evidence, the taking of depositions and the issuance and service of process in the district courts of this state shall be observed by said committee, so far as the same may be applicable. Said committee shall have the power to send for persons and papers, and the chairmen of said committees shall have the power to issue all process necessary to secure the attendance of witnesses and the production of papers, ballot boxes and other documents before said committee, and such process shall be executed by the sergeant-at-arms of the house in which the contest is pending, or by such other person as may be designated by the presiding officer of said house. 1. NOMINATIONS BY PARTIES OF ONE HUNDRED THOUSAND VOTES AND OVER.

Article 3084. Candidates of parties of 100,000 votes and over to be nominated by primary election.—On primary election day in 1912, and every two years thereafter, candidates for governor and for all other state offices to be chosen by a vote of the entire state, and candidates for congress and all district offices to be chosen by the vote of any district comprising more than one county, to be nominated by each organized political party that cast one hundred thousand votes or more at the last general election, shall, together with all candidates for offices to be filled by the voters of a county, or of a portion of a county, be nominated in primary elections by the qualified voters of such party. [Acts 1905, S. S. p. 549, sec. 117.]

Art. 3085. Primary election defined.—The term, “primary election,” as used in this chapter, means an election held by the members of an organized political party for the purpose of nominating the candidates of such party to be voted for at a general or special election, or to nominate the county executive officers of a party. [Id. sec. 102.]

Art. 3086. Primary election day and second primary; special primaries; city, etc., primaries.—The fourth Saturday in July in the year 1912, and every two years thereafter, shall be the legal primary election day, and primary elections to nominate candidates for a general election shall be held on no other day, except when specially authorized. Any political party may hold a second primary election on the second Saturday in August to nominate candidates for a county or precinct office, where a majority vote is required to make a nomination; but, at such second primary, only the two candidates who received the two highest votes at the first primary for the same office shall be voted for. Nominations of candidates to be voted for at any special election shall be made at a primary election at such time as the party executive committee shall determine, but no such committee shall ever have the power to make such nominations; provided, that all precincts in the same county and all counties in the same district, shall vote on the same day. Nominations of party candidates for offices to be filled in a city or town shall be made not less than ten days prior to the city or town election at which they are to be chosen, in such manner as the party executive committee for such city or town shall direct, and all laws prescribing the method of conducting county primary elections shall apply to them. [Id. sec. 105.]

Art. 3087. Places of holding primaries.—The places of holding primary elections of political parties in the various precincts of the state shall not be within one hundred yards of the place at which such elections or conventions are held by a different political party. When the chairman of the executive committees of the different parties can not agree on the places where precinct primary elections to be held on the same day shall be held, such places in each precinct shall be designated by the county judge, who shall cause public notice thereof to be given at once in some newspaper in the county, or if there be none, by posting notices in some public place in the precinct. [Id. sec. 122.]

Art. 3088. Polls, primary, hours for opening and closing, etc.—The polls at primary elections shall be open at eight o'clock in the morning and closed at seven o'clock in the evening of the same day, and the election shall be held for one day only. [Id. sec. 125.]

Art. 3089. Officers, etc., of primary election; appointment and qualifications.—All the precinct primary elections of a party shall be conducted by a presiding judge, to be appointed by a chairman of the county executive committee of the party, with the assistance and approval of at least a majority of the members of the county executive committee. Such presiding judge shall select an associate judge and two clerks to assist in conducting the election; two supervisors may be chosen by any one-fourth of the party candidates, who, with the judges and clerks, shall take the oath required of such officers in general elections. Two additional clerks may be appointed, but only when, in the opinion of the presiding judge, there will be more than one hundred votes polled at the primary election in the precinct. No one shall serve as judge, clerk or supervisor at a primary election, unless he has paid his poll tax. [Id. sec. 123.]

Art. 3090. Judges of primary election, powers and duties.—Judges of primary elections have the authority, and it shall be their duty, to administer oaths, to preserve order at the election, to appoint special officers to enforce the observance of order and to make arrests, as judges of general elections are authorized and required to do. Such judges and officers shall compel the observance of the law that prohibits loitering or electioneering within one hundred feet of the entrance of the polling place, and shall arrest, or cause to be arrested, anyone engaged in the work of conveying voters to the polls in carriages or other mode of conveyance, except as permitted by this title. [Id. secs. 134 and 104.]

Art. 3091. Majority or plurality vote, question of, determined how; second election.—The county executive committee shall decide whether the nomination of county officers shall be by majority or plurality vote, and, if by majority vote, the committee shall call as many such elections as may be necessary to make such nomination, and, in case the committee fails to so decide, then the nomination of all such officers shall be by a plurality of the votes cast at such election. [Acts 1905, S. S., p. 546, sec. 111.]

Art. 3092. Majority or plurality vote, question of, determined how.—The county executive committee may determine whether the nomination of county officers shall be by a majority or plurality vote in such county, and, if by a majority vote, then the committee may call as many such elections as may be necessary to make such nomination. [Id. sec. 117.]

Art. 3093. Qualifications for voting; poll tax in cities of 10,000 and over; additional qualifications, etc.—No one shall vote in any primary election, unless he has paid his poll tax or obtained his certificate of exemption from its payment, in cases where such certificate is required, before the first of February next preceding, which fact must be ascertained by the officers conducting the primary election by an inspection of the certified lists of qualified voters of the precinct, and of the poll tax receipts or certificates of exemption; nor shall he vote in any primary election except in the voting precinct of his residence; provided, that, if this receipt or certificate be lost or misplaced, or inadvertently left at home, that fact must be sworn to by the party offering to vote; and provided, further, that the requirements as to presentation of the poll tax receipt, certificate of exemption or affidavit shall apply only to cities of ten thousand population or over as shown by the last United States census; provided, that the executive committee of any party for any county may prescribe additional qualifications for voters in such primaries, not inconsistent with this title. [Id. sec. 103.]

Art. 3094. **Expenses of primary election how met.**—At the meeting of the county executive committee provided for in article 3106, the county committee shall also carefully estimate the cost of printing the official ballots, renting polling places where same may be found necessary, providing and distributing all necessary poll books, blank stationery and voting booths required, compensation of election officers and clerks and messengers, to report the result in each precinct to the county chairman, as provided for herein, and all other necessary expenses of holding such primaries in such counties, and shall apportion such cost among the various candidates for nomination for county and precinct offices only as herein defined, and offices to be filled by the voters of such county, or precinct only, (candidates for state offices excepted), in such manner as in their judgment is just and equitable, giving due consideration to the importance and emoluments of each such office for which a nomination is to be made, and shall, by resolution, direct the chairman to immediately mail to each person whose name has been requested to be placed on the official ballot a statement of the amount of such expenses so apportioned to him, with the request that he pay the same to the county chairman on or before the fourth Monday in June thereafter. [Id. sec. 111.]

Art. 3095. **Ballot, official, at primaries, form, etc., of, and manner of voting.**—The vote at all general primaries shall be by official ballot, which shall have printed at the head the name of the party, and under such head the names of all candidates, those for each nomination being arranged in the order determined by the various committees as herein provided for, beneath the title of the office for which the nomination is sought. The voter shall erase or mark out all the names he does not wish to vote for. The official ballot shall be printed in black ink upon white paper, and beneath the name of each candidate thereof for state and district offices, there shall be printed the county of his residence. The official ballot shall be printed by the county committee in each county, which shall furnish to the presiding officer of the general primary for each voting precinct at least one and one-half times as many of such official ballots as there are poll taxes paid for such precinct, as shown by the tax collector's list. Where two or more candidates are to be nominated for the same office, to be voted for by the qualified voters of the same district, county or justice precinct, such candidates shall be voted for and nominations made separately, and all nominations shall be separately designated on the official ballots by numbering the same, "1," "2," "3," etc., printing the abbreviation "No.," and the designating number after the title of the office for which such nominations are to be made. Each candidate for such nominations shall designate in the announcement of his candidacy, and in his request to have his name placed on the official ballot, the number of the nomination for which he desires to become a candidate, and the names of all candidates so requesting shall have their names printed beneath title of the office and the number so designated. Each voter shall vote for only one candidate for each such nomination. [Id. sec. 107.]

Art. 3096. **Ballot, primary, no symbol, etc., on, except, etc., ballot without test not counted, etc.**—No official ballot for primary election shall have on it any symbol or device or any printed matter, except a primary test, to be uniform throughout the state, which shall read as follows: "I am a _____ (inserting the name of the political party or organization of which the voter is a member) and pledge myself to support the nominees of this primary;" and any ballot which shall not contain such test printed above the names of the candidates thereon, shall be void and shall not be counted. Such ballot shall also contain the names and residences of the candidates.

Art. 3097. **Ballot, primary or general, no symbol, etc., on, etc.; referendum on U. S. senator.**—No official ballot, either for a primary or general election, shall have on it any symbol or device or any printed matter, except that which is authorized by law; and no ballot cast in violation of this article shall be

counted for any candidate. Provided, that the executive committee of the party for any county shall print on the primary ticket the names of all persons whose names, not less than thirty days prior to the day of the primary, shall be requested to be printed thereon as candidates for United States senator; and the executive committee shall forward to each nominee of the party for state senator and representative voted for by the voters of such county, a certified statement of the vote cast in the county for each such candidate. [Id. sec 124.]

Art. 3098. **Ballot, primary, candidate for state office, placed on, how.**—Any person affiliating with any party who desires his name to appear on the official ballot for a general primary, as a candidate for the nomination of such party for any state office, shall file with the state chairman not later than the first Monday in June preceding such primary, his written request that his name be placed upon such official ballot as a candidate for the nomination named therein, giving his age and occupation, the county of his residence and his post-office address, which shall be signed by him and acknowledged by him before some officer. Any twenty-five qualified voters may likewise join in the request that the name of any person affiliating with such party be placed upon the official ballot as a candidate for any state nomination, giving the occupation, county of residence and postoffice address of such person signing and acknowledging the same as above provided, and may file the same with the state chairman on, or prior to, the date above mentioned, with the same effect as if such request had been filed by the party named therein as a candidate for such nomination. All such requests shall be considered filed with the state chairman when they are sent from any point in this state by registered mail, addressed to the state chairman at his postoffice address. [Id. sec. 108.]

Art. 3099. **State executive committee to meet when and certify names of candidates in primary to county chairman.**—On the second Monday in June preceding each general primary, the state committee shall meet at some place to be designated by its chairman, of which designation it shall be the duty of such chairman to notify by mail all members of said committee, and all persons whose names have been requested to be placed upon the official ballot, not less than three days prior to such meeting. Such committee at this meeting shall, by resolution, direct their chairman to certify to each county chairman in the state the names of such candidates and county of residence of each as shown by the requests filed with the state chairman. Copies of such certificates shall be immediately furnished to each newspaper in the state desiring to publish the same, and one copy shall be immediately mailed to the chairman of the executive committee of each county. [Id., sec. 109.]

Art. 3100. **Ballot, primary, candidate for district office placed on how; certification.**—Any person desiring his name to appear on the official ballot as a candidate for the nomination for chief justice or associate justice of the court of civil appeals, or for representative in congress, or for state senator, or for representative, or district judge, or district attorney, in representative or judicial districts composed of more than one county, shall file with the chairman of the executive committee of the party for the district, the request prescribed in this chapter, with reference to the candidate for state nominations, or, if there be no chairman of such district executive committee, then with the chairman of each county composing such district, not later than the first Monday in June preceding the general primary. Such requests may likewise be filed not later than said date by any twenty-five qualified voters resident within such district, signed and acknowledged by such voters in the manner prescribed respecting such request signed by a candidate named therein. Article 3521. County court may determine and declare heirship, etc., when; venue.—Whenever any person has died, or shall hereafter die, intestate, owning or being entitled to any real or personal property in this state, or any share or interest therein, and there shall have been no administration in this state upon the estate of such decedent, and whenever there has been a will probated in this state or elsewhere, or an administration in this state upon the estate of such decedent, and any real or personal property in this state has been omitted from such will or from such administration, or no final disposition thereof has been made in such administration, the county court of the county of this state in which such proceedings were last pending, or, in the event no will of such decedent has been admitted to probate in this state, and no administration has been granted in this state upon the estate of such decedent, then the county court of the county in which any of the real property belonging to such estate is situated, or, if there be no such real property, then of the county in which any personal property belonging to such estate may be found, may determine and declare in the manner hereinafter provided in this chapter, who are the heirs and only heirs of such decedent, and their respective shares and interests, under the laws of this state, in the estate of such decedent, and actions therefor shall be known as actions to declare heirship. [Acts 1907, p. 230, sec. 1.]

Art. 3522. Who may maintain action, and how; requisites of petitions; parties.—Such action may be instituted and maintained in any of the instances enumerated in article 3521 by any person or persons claiming to be the owner or owners of the estates of such decedent, or of any share or interest therein. Such action shall be instituted by the filing in the proper court of a petition which shall give the name and also the time and place of the death and the names and places of residence of the heirs of such decedent, if known to the petitioners or any of them, and, if the time and place of the death or the names and places of residence of all the heirs of such decedent be not definitely known to such petitioners or any of them, then such petition shall set forth, in at least general terms, any and all of such material facts and circumstances within the knowledge or information of such petitioners, or any of them, as may reasonably tend to show the time and place of the death and the names and places of residence of the heirs of such decedent, and the true share and interest of each such petitioner, and of each such heir, in the estate of such decedent. Such petition shall, so far as is known to any of the petitioners, also contain such a description of all the real property of such decedent as would be sufficient in a conveyance thereof, and also a description, in at least general terms of all the personal property belonging to the estate of such decedent. Such petition shall be supported by the written personal affidavit of each such petitioners to the effect that, in so far as is known to such petitioner, all the allegations of such petition are true in substance and in fact and that no such material fact or circumstance has, within such affiant's knowledge, been omitted from such petition. The unknown heirs of such decedent, and, excepting only the plaintiffs, all persons who may be named in such petition as heirs of such decedent, and all persons who may, at the date of the filing of such petition, be shown by the deed records of the

county in which any of the real property described in such petition may be situated, to own any share or interest in any such real property, shall be made parties defendant in such action. [Id. sec. 2.]

Art. 3523. Notice, citation, etc., cause to be transferred when, and to what court.—Due notice of the filing of such petition shall be given in the manner and for the length of time and in accordance with the provisions of law now in force in this state concerning the issuance and service of citations upon resident defendants, and notice to non-resident defendants, and citation by publication for unknown heirs, respectively; and, in so far as they are applicable thereto, all provisions of laws now in force in this state, relative to or concerning suits wherein citation by publication is provided for by law, shall apply to and govern in all suits provided for in this chapter. In the event an administration upon the estate of any such decedent shall be granted in any county in this state, after the institution of any such action, and in the event the will of such decedent shall be admitted to probate in any county in this state after the institution of such action, then, and in either such event, the court in which such action may then be pending, shall, by an order to be entered of record therein, transfer such cause to the county court of the county in which such administration shall have been granted or such will shall have been probated, and, thereupon, the clerk of the court in which such action was originally filed shall transmit to the clerk of the court named in such order, a certified transcript of all docket entries and orders of the court in such cause. The clerk of the court to which such cause shall be so transferred shall file such transcript, and record the same in the minutes of the court, and shall duly docket such cause, and same shall thereafter proceed as though originally filed in that court. [Id. sec. 3.]

Art. 3524. Hearing and procedure on; judgment to declare and contain what; effect of.—Upon the hearing of such cause, the trial court may require the issues involved to be duly framed and submitted, and shall confine the proof to such issues; and all the evidence shall be reduced to writing, and shall be subscribed and sworn to by the witnesses, respectively, and filed in the cause, and recorded in the minutes of the court. The judgment of the court in such cause shall declare the names and places of residence of the heirs of such decedent, and their respective shares and interests in the real and personal property of such decedent, in so far as such facts shall be ascertainable from the evidence under the laws of this state and the rules of evidence, and shall state in what respects, if any, the evidence presented upon such hearing fails to develop such issues, or any of them; and all issues in the cause which may be framed by the court, or under its direction, shall be embodied in the judgment of the court. As between and as among all parties to such cause who may have been personally so duly served with citation or notice, as to a non-resident in such cause, and as between any and all of them, and any and all bona fide purchasers for value from them, or any of them, of any of the real or personal property of such decedent, which is described in such judgment, or any interest therein, such judgment shall be conclusive, and as to any and all other persons such judgment shall be prima facie evidence that the heirs of such decedent and that their respective interests in the real and personal property described in such judgment are as therein stated; but such judgment shall not preclude any suit or suits against the persons therein named as heirs of such decedent, or any one or more of them, based upon the allegation that such heir or heirs have received more than his or their proper and just share of the property of such decedent. Such judgment shall have the force and effect of a final judgment of such court; and any party or parties to such cause may appeal from such judgment in like manner and under the same conditions as is now, or may hereafter be, provided by law in other cases arising under the probate laws of this state. [Id. sec. 4.]

Art. 3525. **Certified copy of judgment to be filed for record, etc., where, etc., constructive notice.**—A certified copy of such judgment may be filed for record in the office of the county clerk of the county in which any of the real property described in such judgment may be situated, and recorded in the deed records of such county, and indexed in the name of such decedent as grantor and of the heirs named in such judgment as grantees; and, from and after such filing, such judgment shall constitute constructive notice of the facts set forth in such judgment. [Id. sec. 5.]

Art. 3526. **Provisions of chapter cumulative.**—The provisions of this chapter shall be deemed and held to be cumulative of all existing laws, and shall not be held to repeal any existing law. [Id. sec. 6.]

[Id. p. 117, sec. 94.]

Art. 3532. [2159] [2104] **Upon return of citation served, court shall proceed, etc.**—Upon the return of any such citation, served at the return term thereof, or at some succeeding term, to which the application may be continued, if it shall appear that such citation has been served or published as required by law, the court shall ascertain whether the whole, or any part, of such property is susceptible of partition, also the value of the property, and that there is a residue of the estate on hand subject to partition and distribution, the court shall proceed to have such residue partitioned and distributed among the persons entitled thereto in the manner hereinafter provided. [Acts 1876, p. 120. Acts 1905, p. 108.]

Art. 3533. [2160] [2105] **Court shall ascertain what facts.**—In the proceeding to partition an estate, the court shall ascertain:

[2164] [2109] **Court shall appoint commissioners, when.**—If the estate does not consist entirely of money or debts due the estate, or both, the court shall appoint three or more discreet and disinterested persons as commissioners, to make a partition and distribution of the estate, unless the court has already determined that the estate is incapable of partition. [2165] [2110] **Writ of partition shall issue.**—When commissioners are appointed, the clerk shall issue a writ of partition directed to the commissioners appointed, commanding them to proceed forthwith to make such partition and distribution in accordance with the decree of the court, a copy of which decree shall accompany the writ, and also commanding them to make due return of said writ, with their proceedings under it, at some term of the court to be named in the writ. [Act August 9, 1876, p. 120. sec. 102.]

Art. 3539. [2166] [2111] **Service of writ.**—Such writ shall be served by delivering the same and the accompanying copy of the decree of partition to any one of the commissioners appointed, and by notifying the other commissioners, verbally or otherwise, of their appointment, and such service may be made by any person.

Art. 3540. [2167] [2112] **Manner of making partition by commissioners.**—It shall be the duty of the commissioners of partition under this chapter to make a fair, just and impartial partition and distribution of the estate in the following order:

1. Of the land or other property by allotment to each distributee of a part in each parcel or of parts in one or more parcels, or of one or more parcels, either with or without the addition of a part or parts of other parcels, as shall be most for the interest of the distributees; provided, the said real estate is capable of being so divided without manifest injury to all or any of the distributees.

2. If the real estate is not capable of a fair, just and equal division in kind, but may be made so by allotting to one or more of the distributees a proportion of money or other personal property to supply the deficiency or deficiencies, the commissioners shall have power to make, as near as may be, an equal division of the real estate and supply the deficiency of any share or shares from the money or other property.

3. The commissioners shall proceed to make a like division in kind, as near as may be, of the money and other personal property, and shall determine by

lot among equal shares to whom each particular share shall belong. [Id. p. 121, sec. 104.]

[2168] [2113] **Report of commissioners when division is made.**—Said commissioners having divided the whole, or any part of the estate, shall make to the court a report in writing, subscribed and sworn to by them, containing a statement of the property divided by them, and also a particular description of the property allotted to each distributee and its value. And, if it be real estate that has been divided, said report shall contain a general plat of said land with the division lines plainly set down and the number of acres in each share. [Id. p. 122, sec. 106.]

Art. 3542. [2169] [2114] **Action of court upon report of commissioners.**—Upon the return of such report, it shall be the duty of the court, at some regular term, to examine the same carefully and to hear all exceptions and objections made thereto, and to hear evidence in favor of or against the same, and, if it be merely informal, to cause said informality to be corrected; and, if such division shall appear to have been fairly made according to law, and no valid exceptions are taken to it, the court shall approve it and order it to be recorded, and shall enter a decree vesting title in the distributees of their respective shares or portions of the property as set apart to them by the commissioners; but, if said division shall not appear to have been fairly made according to law, or any valid exceptions are taken to it, the court shall set aside said report and division and order a new partition to be made. [Id.]

Art. 3543. [2170] [2115] **Court to make special finding as to property incapable of division, and value of same.**—When, in the opinion of the court, the whole or any portion of the estate is not capable of fair and equal division among the distributees, the court shall make a special finding in writing, specifying therein the property that is so incapable of division and the value of the same as found by it. [Acts 1876, p. 120. Acts 1905, p. 109.]

Art. 3544. [2171] [2116] **Distributees may pay appraised value and take property incapable of division, when.**—Upon such special finding of the court, and not less than twenty days after such finding, and before any exception thereto is filed, or after such exception is acted upon by the court, any one or more of the distributees, at a regular term of the court, by the payment to the executor or the administrator of the value of the property found by the court, that is incapable of division, shall have the right to take such property. [Id.]

Art. 3545. [2172] [2117] **May take it on credit, when.**—Should the court think it for the interest of the distributees to allow a credit, any one or more of such distributees shall have the right to take said property by executing his or their obligations with two or more good and sufficient sureties in favor of each of the other distributees for their share of the appraised value of such property, payable at such time, not exceeding twelve months from the date thereof, as the court may designate; and, when such obligations are executed, a lien shall exist upon such property by operation of law to secure the payment of the same. [Act Aug. 9, 1876, p. 120, sec. 102.]

Art. 3546. [2173] [2118] **Decree of court in such cases vesting title.**—Should any one or more of the distributees take the said property as aforesaid, it shall be the duty of the court to enter upon the minutes a decree stating the facts; and, on the entry of such decree, the property shall vest as fully and absolutely in the person or persons taking the same as the deceased was vested therewith, subject to the lien for the purchase money thereof, as provided in the preceding article. [Id.]

Art. 3547. [2174] [2119] **New appraisalment of property, when.**—Any distributee shall have the right to file his exception to said finding within twenty days after the finding of the court. The court shall hear proof of same; and, if satisfied that its finding is erroneous, it may make such additional or

amendatory finding so as to conform to the proof. [Acts 1876, p. 120, Acts 1905, p. 109.]

Art. 3548. [2175] [2120] **If no distributee take property, it shall be sold, etc.**—If no distributee take the said property as aforesaid, the court shall order the sale of the same, either for cash or on a credit, as may be most for the interest of the distributees, and the proceeds of sale when collected shall be distributed by the court among those entitled thereto. [Act August 9, 1876, p. 120, sec. 102.]

Art. 3549. [2176] [2121] **Distributee purchasing at sale shall pay only the excess of his share.**—At any such sale, if any distributee shall bid off any of the said property, he shall be required to pay, or secure, as the case may be, only such amount of his bid as may exceed the amount of his share of such property. [Id.]

Art. 3550. [2177] [2122] **Court may order sale, when.**—When any portion of the estate to be partitioned lies in another county and can not be fairly partitioned without prejudice to the interests of the distributees, the commissioners may report such facts to the county judge in writing; whereupon he may, at some regular term of the court, if satisfied that the said property can not be fairly and advantageously divided, or that its sale would be more advantageous to the distributees, order a sale thereof for cash, or on a credit of not more than twelve months, at his discretion; and, when the proceeds of such sale have been collected, they shall be distributed by him among those entitled thereto. [Id. p. 122, sec. 107.]

Art. 3551. [2178] [2123] **If property is not sold, commissioners in county where it is situated shall be appointed, etc.**—If the court is not satisfied that such property can not be fairly and advantageously divided, or that its sale would be more advantageous to the distributees, three or more commissioners may be appointed in each county where any portion of the estate so reported is situated, and the same proceedings shall be had thereon as is provided in this chapter for commissioners to make partition. The officer making the levy shall give the defendant or his attorney written notice of such sale, either in person or by mail, which notice shall substantially conform to the foregoing requirements. Art. 3766. [2376] [2316a] **Deeds to the state in usual form.**—In all cases where property is purchased by the state, under article 357, the officer selling the same shall execute and deliver to the state a deed of conveyance to the same, such as is prescribed for individuals in similar cases. [Acts of 1879, p. 9.]

Art. 3767. [2377] [2317] **Conveyance made after death of purchaser.**—In case the purchaser, having complied with the terms of the sale, shall die before a conveyance shall have been executed to him, the officer shall convey the property sold to the purchaser, nevertheless, and the conveyance shall have the same effect as if it had been executed in the lifetime of the purchaser.

Art. 3768. [2378] [2318] **Purchaser deemed innocent.**—A purchaser at sale under execution shall be deemed to be an innocent purchaser without notice in all cases where he would be deemed to be such had the sale been made voluntarily by the defendant in person.

[Id. P. D. 3786.]

Art. 3772. [2382] [2322] **Re-sale of property.**—When the terms of the sale shall not be complied with by the bidder, the sheriff shall proceed to sell the property again on the same day, if there be sufficient time; but, if not, he shall readvertise and sell the same as in the first instance. [Id. P. D. 3787.]

Art. 3773. [2383] [2323] **Return of execution by mail.**—When an execution is issued to any county other than the one in which the judgment is rendered, return may be made by mail; but money can not be thus sent except by direction of the party entitled to receive the same or his attorney of record.

Art. 3774. [2384] [2324] **Money to be paid over.**—When an officer has collected money on execution, he shall pay over the same to the party entitled thereto at the earliest opportunity.

Art. 3775. [2385] [2325] **Failure to pay over money.**—Should an officer fail or refuse to pay over money collected under an execution when demanded by the person entitled to receive the same, he shall be liable to pay to such person the amount so collected, with damages at the rate of five per cent per month thereon, besides interests and costs, which may be recovered of him and his sureties by the party entitled to receive the same on motion before the court from which said execution issued, five days' previous notice thereof being given to said officer and his sureties. [Id. P. D. 3781.]

Art. 3776. [2386] [2326] **Failure to levy or sell, penalty for.**—Should an officer fail or refuse to levy upon or sell any property justly liable to execution, when the same might have been done, he and his sureties shall be liable to the party entitled to receive the money collected on such execution for the full amount of the debt, interest and costs, to be recovered on motion before the court from which said execution issued, five days' previous notice thereof being given to said officer and his sureties. [Id. P. D. 3796.]

Art. 3777. [2387] [2327] **Failure to return execution.**—Should an officer neglect or refuse to return any execution as required by law, or should he make a false return thereon, he and his sureties shall be liable to the party entitled to receive the money collected on such execution for the full amount of the debt, interests and costs, to be recovered as provided in the preceding article. [Id. P. D. 3796.]

Art. 3778. [2388] [2328] **Surplus to be paid to defendant.**—If, on the sale of property, more money is received than is sufficient to pay the amount of the execution or executions in the hands of the officer, the surplus shall be immediately paid over to the defendant, his agent or attorney. Art. 3781. [2391] [2331] **Death of plaintiff does not abate writ.**—An execution shall not be abated by the death of the plaintiff therein after the execution has been issued, but the same shall be executed and returned in the same manner as if the plaintiff was still living.

Art. 3782. [2392] [2332] **Execution docket.**—The clerk of each of the several courts shall keep an execution docket in which he shall enter a statement of all executions as they are issued by him, specifying the names of the parties, the amount of the judgment, the amount due thereon, the rate of interest when it exceeds eight per cent, the costs, the date of issuing the execution, to whom delivered, and the return of the officer thereon, with the date of such return; and such docket entries shall be taken and deemed to be a record. [Id.]

Art. 3799. [2408] [2348] **Notice, what.**—The notice mentioned in the preceding article shall be written or printed, and shall be signed by the sheriff or constable. [Id.]

3. If the defendant has failed or refused to deliver to him the designation of his homestead within the time prescribed by law, the return shall show that fact, and also that commissioners were duly appointed by him, and that the designation made by such commissioners was filed by him with the clerk of the county court, stating the times when said acts were done; and such return shall be prima facie evidence of the facts therein stated. Article 3980. **Public rivers, etc., property of state, etc.; under jurisdiction of commissioner, etc.**—All of the public rivers, bayous, lagoons, lakes, bays and inlets in this state and all that part of the Gulf of Mexico within the jurisdiction of this state, together with their beds and bottoms, and all of the products thereof, shall be, continue and remain the property of the state of Texas, except so far as their use shall be permitted by the laws of this state. So far as this use shall relate to the fish and oyster industry, the state game, fish and oyster commissioner shall have jurisdiction and control thereof according to the authority vested in him by the fish and oyster laws of this state. [Acts 1905, p. 129.]

Art. 3981. [25181] **Private and public oyster beds defined.**—All oyster beds shall be public or private; all not designated private shall be public. All natural oyster beds and oyster reefs of this state shall be deemed public, and a natural oyster bed shall be declared to exist when as many as five barrels of oysters may be found therein within twenty-five hundred square feet of any position of said reef or bed; and any lands covered by water containing less oysters than the above amount shall be subject to location at the discretion of the game, fish and oyster commissioner, but this shall not apply to a reef or bed that has been exhausted within a period of eight years. [Acts 1907, p. 236. Acts 1899, p. 314. Acts 1895, p. 70.]

Art. 3982. [25180] **Riparian rights prescribed.**—Whenever any creek, bayou, lake or cove shall be included within the metes and bounds of any original grant or location in this state, the lawful occupant of such grant or location shall have the exclusive right to use said creek, lake, bayou or cove for gathering, planting or sowing oysters within the metes and bounds of the

official grant or patent of said land. But if said creek, bayou, lake or cove is not included in the survey of said lands, then the exclusive rights of the riparian owner shall extend to the middle of said creek, bayou, lake or cove; provided, said creek, bayou, lake or cove be not more than two hundred yards in width; but, if said creek, bayou, lake or cove be more than two hundred yards in width, then the riparian owner's right shall extend only one hundred yards from the shore. No person shall locate any water, or ground covered with water, for planting oysters along any bay shore in this state nearer than one hundred yards from the shore, which one hundred yards is declared to be the riparian right of the land owner for planting oysters. In determining such riparian right of any land owner, the starting point must be at high water mark or where the land survey ceases, and measure out into the bay one hundred yards; provided, that, should a natural oyster bed or reef be on this one hundred yards riparian reservation, the land owner shall have no exclusive right to the same. [Acts 1895, p. 70.]

Art. 3983. [2514] **Special tax on fish, oysters, etc., taken from public coast waters.**—For the purpose of protecting the fish and improving the natural oyster reefs and protecting both the natural reefs and private oyster beds, and to carry out the fish and oyster laws of the state of Texas, and as one of the conditions on which the state consents to the taking or removing of fish from her waters, or to the fishing or removal of oysters from her natural reefs, or the use or rental of her water bottoms for oyster propagating purposes, there shall be, and is hereby, levied a special tax of one-tenth of one cent per pound on all fish, turtle, terrapin and shrimp taken for market from the public coast waters within the jurisdiction of this state, and a tax of two cents per barrel on each and every barrel of oysters gathered from the said waters of this state, whether from the natural reefs or private oyster beds, for sale or shipment; provided, that oysters taken from any waters for bedding purposes shall not be subject to this tax until again taken up for sale or shipment. This special tax shall be paid to the fish and oyster commissioner or his deputy by the person bringing said fish, turtle, terrapin, shrimp or oysters to market, whether he be the person who fished said products or his agent, before he shall be allowed to sell same or consign same to any other party for sale, shipment or storage. [Acts 1905, p. 129. Acts 1903, p. 189. Acts 1899, p. 312. Acts 1895, p. 70.]

Art. 3984. **Registration of fishermen, etc., in coast waters; application; certificate; fees; marking boats, etc.**—Any person who is a citizen of the United States wishing to engage in the catching of fish, green turtle or terrapin or gathering oysters for market in any of the coast waters in this state in accordance with the provisions of the fish and oyster law of this state, shall apply to the game, fish and oyster commissioner, or his deputy, for registration. Such applicant shall furnish said officer on oath his name, place of residence, the name and kind of boat, vessel or craft to be used or employed by him, and the number of men to be employed; thereupon, the said officer shall register such applicant and his boat, and prescribe for his boat a number corresponding with his registered number, which number the applicant shall cause to be plainly marked or placed on each side of the prow of his vessel, boat or craft, for which registration he shall pay the said officer a fee of fifty cents for each vessel, boat or craft registered; and the said officer shall furnish the applicant with a certificate of such registration. [Acts 1901, p. 304.]

Art. 3985. [2514] **Permit to sell, with receipts or seizure and sale; proceeds how disposed of.**—When this special tax provided for in this chapter has been paid, it shall be the duty of the game, fish and oyster commissioner, or his deputy receiving the tax, to give a receipt for same, together with a permit authorizing the holder thereof to dispose of the products on which the special tax has been paid. A duplicate of which receipt and permit shall be

retained in the office of said commissioner issuing same. This permit shall be given by the person delivering said products to the person, firm or corporation to whom the products mentioned therein shall be sold or delivered for sale, shipment or storage. Any fish, turtle, terrapin or oysters found in the possession of any packer, buyer or commission man, for which he can not show the state's permit for the disposition of these products so found, shall continue the property of the state, and may be seized by the game, fish and oyster commissioner, or any of his deputies, and sold, the proceeds thereof to go to the fish and oyster fund of the state. [Acts 1903, p. 189. Acts 1899, p. 312. Acts 1895, p. 70. Id.]

Art. 3986. [2518k] **License to catch or take fish, oysters, etc.: prerequisites to issue of.**—Any captain, master or manager of any boat wishing to engage in the business of catching or taking any fish, turtle, terrapin, shrimp or oysters from the waters of the state for market shall, before engaging in such business, secure from the game, fish and oyster commissioner, or one of his deputies, a license granting to said person permission to take from the waters of the state any fish, turtle, terrapin, shrimp or oysters; provided, that the licensee, in exercising the privilege named in his license, shall at all times be governed by the fish and oyster laws of this state. For the purpose of obtaining this license, the person desiring same must make written application to the game, fish and oyster commissioner, or one of his deputies, in which he (the applicant) shall set forth under oath required that he is a citizen of the United States, the name, class and register number of his boat, and the names of the men working on said boat. If the application be for a license to use seines or nets, the applicant shall state the number, class and length of the seines or nets to be used by him; and, if the application be for a license to gather oysters, he must state the number of tongs to be used by him; and the applicant shall also agree that because of the privilege which he shall receive from the state of Texas of taking fish, turtle, terrapin, shrimp or oysters from her waters, all such products at all times be subject to inspection by the game, fish and oyster commissioner, or any of his deputies, and that said application shall authorize said commissioner, or any of his deputies, to enter at any time his boat, or any house where he may have such products stored, and inspect same; and he shall further agree to pay to the state the special tax provided for in article 3983, of the fish and oyster laws. This application having been duly executed and handed to the game, fish and oyster commissioner, or his deputy, accompanied by the applicant's registration certificate and the fee for the license applied for, it shall thereupon be the duty of the game, fish and oyster commissioner, or the deputy receiving same, to issue to the applicant a license to engage in the business set forth in his application. Said license must be signed by the game, fish and oyster commissioner, or his deputy, stamped with the seal of office, and state the name of the licensee, name and class of his boat, if any, and the names of the men working on same, and the date of issuance. The license shall always be kept subject to the inspection of the game, fish and oyster commissioner, or any of his deputies, and it shall not be good for any other person or persons, nor on any other boat than the one originally named therein, without the consent of the game, fish and oyster commissioner, or one of his deputies, written across the face of said license. Any person engaged in the business of taking or catching any fish, turtle, terrapin, shrimp or oysters for market, who is not, while so engaged, directly working for a boat previously licensed under the terms of this act, shall pro-

cure a license in the same manner as the captains, masters and managers of boats so engaged; provided, that one license so issued under this article shall authorize the licensee to engage in the business of taking or catching any of the products named herein. [Acts 1905, p. 131. Acts 1903, p. 190. Acts 1899, p. 314. Acts 1895, p. 70. Acts 1907, p. 235.]

He shall also agree to keep a correct record of all purchases made by him under this chapter, in a book to be furnished by the game, fish and oyster commissioner, and, further, that failure on his part to keep a correct record shall be grounds for the forfeiture of his license granted him under the application aforesaid. [Id.]

Art. 3989. Issuance of license, requirements, fee.—This application having been duly executed and delivered to the game, fish and oyster commissioner, or any of his deputies, together with the fee for same, it shall then be the duty of the game, fish and oyster commissioner, or his deputy, to issue to the applicant a license to engage in the business set forth in the application. Said license must be signed by the game, fish and oyster commissioner, or one of his deputies, stamped with the seal of his office, and state the name of the licensee, place of business and the kind of license applied for and shall be good for twelve months following the date of issuance. Art. 4158. [2656] [2575] **Citation upon application for sale of real estate.**—Whenever an application for the sale of real estate is filed, it shall be the duty of the clerk immediately to issue a citation to all persons interested in the ward to appear at a regular term of the court, to be named in such citation, and show cause why such application should not be granted; which citation shall state the property sought to be sold, and shall be served by posting, as in the case of sales of real estate of the estates of decedents, for at least twenty days before the first day of the term of the court to which such citation is made returnable. [Id. sec. 104.]

Art. 4159. [2657] [2576] **No order of sale shall be made until citation has been served, etc.**—No order for the sale of real property shall be made unless the citation provided for in the preceding article has been served in the manner, and for the length of time, thereby required and returned into court by the officer who served the same. 3. "Pensions." The forms for pensions shall be prescribed by the comptroller, and shall be uniform in size, arrangement, matter and form.

Art. 4348. **List of claims to be kept.**—When claims and accounts are received, it shall be ascertained if there are funds available therefor; and the persons making the examination shall indicate such fact by marking his initials upon such claim; and, if there are no funds available, that fact shall be written or stamped upon such claim; and the same shall be held to await the authority to issue a proper warrant therefor. When a claim has been audited and warrant drawn therefor, the claim shall be numbered with the same number as the warrant; and such claim shall be filed numerically according to class, "general," "special," and "pension," respectively. There shall be kept, either in book form or in the form of a card index, an alphabetical index of claimants; but, as to pay rolls, the department or institution shall be the claimant. The index shall show only the name of the claimant and the number of the claim. After the expiration of two years, such claims shall be removed from the files and otherwise securely stored and preserved as records.

Art. 4349. **Pay warrants.**—The comptroller shall have printed uniform pay warrants, which shall be of three classes, "general," "special," and "pension." Such warrants shall be prepared in duplicate, and shall be marked "original," and "duplicate," respectively; and each class shall be serially numbered and shall be of a color of paper different from the other class. Such warrants shall be prepared so as to provide for entering thereon, in addition to other appropriate matter, the following:

(a) Initials of the person in the comptroller's department comparing the warrant with the claim.

(b) Initials of the person in the comptroller's department registering the warrant.

(c) Designation of the fund against which the warrant is drawn.

Art. 4350. **Pay warrants registered.**—The comptroller shall provide a pay warrant register for each class of pay warrants, each volume of which shall be appropriately designated by number or otherwise, and the pages of which shall be ruled, and the lines numbered consecutively. When a pay warrant is prepared, it shall be registered in the pay warrant register for the class to which it belongs; and such entries in those registers shall be on the line corresponding in number with the number on the pay warrant register; and such registry shall consist only of an entry of the amount and name of the payee of such warrant; and, if a warrant is erroneously prepared and not issued, or is canceled, or is properly shown to be lost or destroyed, such fact shall be noted in the register opposite the number of such warrant in the register. One person shall be designated by the comptroller as warrant clerk and such person shall prepare or be responsible for the preparation of all pay warrants, and shall be accountable to the comptroller for warrants coming into his possession. No warrant shall be prepared except on presentation to the warrant clerk of a properly verified and audited claim, the proper auditing of which claim shall be evidenced by the initials written thereon by the person auditing the same; and such claim so verified and audited shall be sufficient and the only authority for the preparation of a warrant or warrants. When a warrant has been properly prepared, the claim upon which it was prepared shall be initialed with the initials of the warrant clerk, and such warrant shall be registered as herein provided; and the fact of the registration thereof shall be shown by writing thereon the initials of the person registering the same. When a warrant is properly prepared, it shall be, with the claim upon which it is based, passed to the comptroller for his signature or the signature of such person as may be authorized by law to sign the same in his stead. Such warrant shall then be passed to, and registered in, the treasurer's department and signed by the state treasurer, or some

person authorized by law to sign for him, and returned to the comptroller's department. Such warrant shall then be delivered by the comptroller to the person entitled to receive it; and he shall, at his option, take a receipt from such person therefor; which receipt shall be filed in his office. The printed forms for these warrants shall be so prepared and arranged that the original and duplicate may, and the same shall, by the use of carbon sheets, be prepared at one and the same writing.

Art. 4351. Law not to apply to pension warrants.—Applications for pensions and the issuance of pension warrants shall not be subject to the provisions of this chapter. Such warrants shall be separately serially numbered.

Art. 4352. Registration of bonds.—The comptroller shall procure for the use of his department suitable books appropriately ruled and printed, to be known as "bond registers," the volumes of which shall be separately designated by number or otherwise, in which he shall register alphabetically all state, county, school, municipal, and drainage or other such bonds required by law to be registered by him. Neither the bonds nor opinion of the attorney general, nor the record or other papers or documents relative thereto, shall be recorded in full; but only the name of the authority issuing and the names and official capacities of the officers signing such bonds, the date of issue, date of registration, amount of principal, date of maturity, number, time of option of redemption, rate of interest and day of the month of each year when the interest shall fall due, of each bond so registered, shall be entered upon such register; and, on the same line where such entry is made, shall be provided blank spaces in which shall be entered the date of payment or redemption of each bond when the same is paid or redeemed; and, when any bond is paid or redeemed, it shall be the duty of the proper officer of the authority paying such bond to notify the comptroller of the fact and date of such payment or redemption, and for entering the file number of all documents and other papers filed in connection with such bond; and all papers and documents pertaining to such bonds shall be filed and appropriately numbered.

Art. 4353. Account of bonds belonging to each fund to be kept separate.—The comptroller shall keep appropriate accounts by funds, showing a short description of the essential features of each, of each bond or of each purchase of similar or like bonds, or other securities purchased by and belonging to the permanent school and other funds of the state; each of which accounts shall be charged with the principal of such bond or purchase; and, with each separate item of interest payments to accrue thereon, and shall be credited with payments as made. He shall also keep controlling or total accounts of such bonds or other securities; which accounts shall be kept with respect to the total amount of bonds or other securities belonging to each separate fund; each of which controlling accounts shall be balanced quarterly at the same time as and the balance of which shall correspond with like accounts kept by the state treasurer.

Art. 4354. State general ledger.—The comptroller shall establish and maintain a double entry system of bookkeeping to be in charge of the chief bookkeeper. The accounts of each of the funds shall be opened in a "state general ledger;" and, at the start, credited with a balance of the funds on hand. An account shall also be opened with the state treasurer and charged with the cash on hand and the balance in depositories. Each charge shall represent the aggregate amount of cash held by him for the various funds. Thereafter, no entry shall be made in the ledger except by means of the double entry system. Warrants issued shall be charged in monthly totals to the fund accounts. Accounts shall be opened for the purpose of showing the amount of outstanding pay warrants from time to time; which accounts shall be credited with the warrants issued and charged with the warrants paid. All outstanding pay warrants, at the time this act shall go into effect, shall

be definitely ascertained, and the account started with a credit for the aggregate amount, and the several fund accounts charged with the outstanding pay warrants against said accounts respectively. The comptroller shall charge the state treasurer in totals with all deposit warrants as issued and credit him with warrants paid so that the balance in the treasurer's hands, together with the balance in the state depositories, shall agree with the balance shown by this account.

Art. 4355. **Revenue ledger.**—The comptroller shall keep a ledger, to be known as "revenue ledger," in which a distribution shall be made of the revenues derived by the state from all sources, and the amount derived from each source, as stated. The sources of revenue printed on the back of the duplicate in each deposit warrant issued therefor by the comptroller shall be posted to the revenue ledger, and its balances periodically agreed with the deposit warrants issued.

Art. 4356. **Ledger for accounting of tax collectors.**—The comptroller shall keep the accounts of tax collectors in a separate ledger, one for current taxes and the other for delinquent and insolvent taxes, and these ledgers shall be made self-balancing by means of controlling accounts.

Art. 4357. **Ledger for account of state treasurer.**—The comptroller shall keep a suspense ledger in which the accounts of the state treasurer shall be stated in respect to moneys held by him, pending the issuance of deposit warrants and moneys and securities held, other than those for state purposes, for all of which the comptroller shall issue deposit receipts, posting the same in total to this ledger. It shall also include the accounts of heads of departments for all moneys received by them, and not deposited with the state treasurer; which accounts shall be kept in monthly totals based upon monthly reports furnished to the comptroller by each of the heads of departments.

Art. 4358. **Shall keep journals.**—The comptroller shall keep journals through which all entries are made in the ledgers.

Art. 4359. **Issue duplicate warrants, when.**—The comptroller of public accounts, when satisfied that any original warrant drawn upon the state treasurer has been lost, or destroyed, or when any certificate or other evidence of indebtedness approved by the auditing board of the state has been lost, is authorized to issue a duplicate warrant in lieu of the original warrant or a duplicate or a copy of such certificate, or other evidence of indebtedness in lieu of such original; but no such duplicate warrant, or other evidence of indebtedness, shall issue until the applicant has filed with the comptroller his affidavit, stating that he is the true owner of such instrument, and that the same is in fact lost or destroyed, and shall also file with the comptroller his bond in double the amount of the claim, with two or more good and sufficient sureties, payable to the governor, to be approved by the comptroller, and conditioned that the applicant will hold the state harmless and return to the comptroller, upon demand being made therefor, such duplicates or copies, or the amount of money named therein, together with all costs that may accrue against the state on collecting the same.

Art. 4360. **Duty when duplicates are improperly issued.**—If, after the issuance of said duplicate or copy, the comptroller should ascertain that the same was improperly issued, or that the applicant or party to whom the same was issued was not the owner thereof, he shall at once demand the return of said duplicate or copy if unpaid, or the amount paid out by the state, if so paid; and, upon failure of the party to return same or the amount of money called for, suit shall be instituted upon said bond in the court having jurisdiction of the amount in controversy, in the city of Austin, Travis county, Texas.

Art. 4361. **Comptroller and treasurer to examine and cancel warrants.**—The comptroller shall examine the disbursements of the treasurer at the

end of each quarter, and shall, together with the treasurer, cancel the warrants which have been paid in such manner as to prevent their future circulation, and shall examine if the receipts acknowledged by the treasurer during the quarter correspond with the deposits, and if the balance of money reported to be in his possession is actually in his hands.

Art. 4365. [2852] **New bond may be required.**—It shall be the duty of the attorney general, with the comptroller, on the first days of June and

December of every year, to examine the bond of the treasurer and make diligent inquiry into the condition of the sureties on said bond; and, if, in the opinion of the attorney general, said bond is not sufficient, from death, removal, insolvency of said sureties, or from any cause, to secure the state in her rights, then, it shall be the duty of the attorney general to notify said treasurer in writing of the insufficiency of said bond; and, should said treasurer fail, for the space of twenty days from the date of such notice, to furnish a sufficient new bond, it shall be the duty of the governor forthwith to suspend said treasurer from office. [Id. sec. 4. Re-enacted Act 1909, 2 S. S., p. 438, sec. 5.]

Daily statement from land office.—The state treasurer shall receive daily from the general land office a detailed list of remitters of money for interest, principal and leases of school, university and asylum lands, together with the actual remittances, which he shall cash and deposit in his vault, if the necessity arises. A deposit receipt shall be issued by the comptroller for the daily total of such remittances; and the cashier of the treasurer's department shall keep a cash book, to be called "suspense cash book," in which to enter these deposit receipts, and any others issued for cash received for which no deposit warrants can be issued, or when their issuance is delayed. When deposit warrants are issued, they shall be credited in this cash book, as well as any refunds; and the balance shall represent the aggregate of items still in suspense. The pay warrants issued, except those for bonds, shall be charged to the several fund accounts from the warrant register in daily totals. [Id. sec. 27.]

Art. 4390. **Bond book.**—The state treasurer shall keep a bond book, with columns for each fund, which shall start with the aggregate amount of bonds now held and be charged with all subsequent additions and credited with all bonds sold or redeemed. The entries in the bond book shall be posted from the deposit warrant and special warrant registers, being the deposit warrants issued for bonds sold or redeemed and special warrants for bonds purchased. The treasurer shall also keep a bond register, in which shall be entered the essential details of all bonds held by him and belonging to any state fund. [Id. sec. 28.]

Art. 4391. **Bond, etc., register.**—The state treasurer shall keep a suitable register in which to enter all bonds, cash and other securities lodged with him by bond investment, surety and insurance companies, and state depository banks, and all other bonds lodged with him under the provisions of the statutes, the registration of which is not otherwise provided for by law. The relinquishment of these securities shall be on the authority of the comptroller. 3. **Calculate net value of policies.**—He shall, as soon as practicable in each year, calculate or cause to be calculated in his office, by an officer or employe of his department, the net value on the thirty-first day of December of the previous year of all the policies in force on that day in each life or health insurance company doing business in the state, upon the basis and in the manner prescribed by law. [Id. par. 3.]

4. **Shall see that the company has net value of policies on hand.**—Having determined the net value of all the policies in force, it shall be his duty to see that the company has in safe securities of the class and character required by the laws of this state the amount of said net value of all its policies, after all its debts and claims against it and at least one hundred thousand dollars of surplus to policy holders have been provided for. [Id. par. 4.]

5. **May accept the valuation of commissioners of other states.**—He may accept the valuation made by the insurance commissioner of the state under whose authority a life insurance company was organized, when such valuation has been properly made on sound and recognized principles, as a legal basis as above; provided, the company shall furnish to him a certificate of the insurance commissioner of such states, setting forth the value calculated on the data designated above of all the policies in force in the company on the previous thirty-first day of December, and stating that, after all other debts of the company and claims against it at that time, and one hundred thousand dollars surplus to policy holders, were provided for, the company had, in safe

6. **Shall see that company furnishes certificate.**—Every life insurance company doing business in this state during the year for which the statement is made that fails promptly to furnish the certificate aforesaid shall be required to make full detailed lists of policies and securities to the insurance commissioner, and shall be liable for all charges and expenses consequent upon not having furnished said certificates. [4337] Corporate authorities may establish quarantine, when.—Nothing contained in this title shall be construed to prevent any town, city or county from establishing any quarantine which they may think necessary for the preservation of the health of the same; provided, that the rules and

regulations of such quarantine be not inconsistent with the provisions of this title, and be consistent with, and subordinate to, said provisions and the rules and regulations prescribed by the governor and Texas state board of health. [Id.]

Art. 4567. [4338] **Municipal authorities may co-operate, how.**—The municipal authorities of towns and cities, and commissioners' courts of the counties wherein such towns and cities are situated, may co-operate with each other in making such improvements connected with said towns, cities and counties as may be deemed by said authorities and courts necessary to improve the public health and to promote efficient sanitary regulations; and, by mutual agreement, they may provide for the construction of said improvements and the payment therefor. [Acts of 1879, S. S. p. 9.]

Art. 4568. [4340] **Commissioners' court may direct county physician to declare quarantine, when.**—Whenever the commissioners' court of any county has reason to believe that they are threatened at any point or place within or without the county limits with the introduction or dissemination of a dangerous, contagious or infectious disease that can and shall be guarded against by quarantine, they may direct their county health officer to declare and maintain said quarantine against any and all such dangerous diseases; to establish, maintain and supply stations or camps for those held in quarantine; to provide hospitals, tents or pest houses for those sick of contagious and infectious disease; to furnish provisions, medicine and all other things absolutely essential for the comfort of the well and the convalescence of the sick. The county physician shall keep an itemized account of all lawful expenses incurred by local quarantine, and his county shall assume and pay them as other claims against the county are paid. Chartered cities and towns are embraced within the purview of this article, and the mere fact of incorporation does not exclude them from the protection against epidemic diseases given by the commissioners' court to other parts of their respective counties. The medical officers of chartered cities and towns can perform the duties granted or commanded in their several charters, but must be amenable and obedient to rules prescribed by the Texas state board of health. This article, however, must not be construed as prohibiting any incorporated town or city from declaring, maintaining and paying for local quarantine. [Id. sec. 15.]

Art. 4569. [4341] **Bond of health officer at Galveston.**—The quarantine or health officer at Galveston, Texas, shall give bond, with two or more good and sufficient sureties, payable to the governor, in the sum of ten thousand dollars, conditioned for the care and preservation of any steam vessel or vessels belonging to the state at his station, and for the faithful performance of his duty. [Id. sec. 16.]

Art. 4570. [4342] **To prescribe rules, etc.**—It is hereby made the duty of the governor and Texas state board of health, upon completion of the disinfecting warehouse at Galveston or any port on the coast of Texas, to prescribe such rules and regulations as may be necessary for the disinfection of all vessels and their cargoes and passengers arriving at said ports from any infected port or district, the object of such rules and regulations being to provide safety for the public health of the state without unnecessary restrictions upon commerce and travel. [Id. sec. 17.]

Art. 4571. [4342a] **Sale of condemned property.**—The state health officer be and is hereby authorized, with the advice and consent of the governor, to sell to the best advantage of the state, for cash, any property in the quarantine service that is useless, and to apply the proceeds thereof to the general revenue of the state of Texas, and make due report of said sale or sales to the governor. [Acts of 1895, p. 2.]

Art. 4572. **Vessels to be disinfected; fees of quarantine officer, etc.**—Any vessel arriving at a port of this state, and required to be disinfected by the

terms of the governor's quarantine proclamation, shall be disinfected by the quarantine officer of such port and shall pay to such quarantine officer such fees as may be prescribed by the governor, before being released from quarantine. All vessels boarded by the quarantine officer of any port shall pay to such officer such fees as are prescribed by the governor. The quarantine officer receiving such fees shall give bond in such sum as may be prescribed by the governor for the safe keeping of such collection, and shall report and remit them to the Texas state board of health at least once every month. [Act 1901, p. 266.]

Art. 4573. **Persons to disinfect at their own expense.**—Every person having control of any public building, railway company, sleeping car company, or other corporation, company or individual, or the receiver thereof, engaged in the carrying of passengers in this state, shall, at their own expense, within a prescribed time after receiving notice of the promulgation of the rules and regulations of the state board of health in relation thereto, carry the same into effect, or be punished as prescribed in the Penal Code. [Act 1903, p. 180.]

Art. 4574. **In case of irreconcilable conflict.**—Any provisions of this chapter which may irreconcilably conflict with the provisions of the foregoing chapter, shall yield to such provisions.

[Id. sec. 18.]

And he shall give notices of the judgments of the courts, by publication in such manner as he may prescribe by the rules and regulations, and the expenses of such publication shall be paid by the state. The commissioner, his deputy, or any person by said commissioner duly appointed for that purpose, is authorized at all times to seize and take possession of any and all food, drugs, drinks, and dairy products, substitutes thereof, or imitations thereof, kept for sale, exposed for sale, exposed for exchange, held in possession or under the control of any person which in the opinion of the said commissioner or his deputy, or such person by him duly appointed, shall be contrary to the provisions of this chapter. First, the person so making such seizure as aforesaid shall take from such goods as seized a sample for the purpose of analysis, and shall cause the remainder thereof to be boxed and sealed and shall leave the same in the possession of the person from whom they were seized subject to such disposition as shall thereafter be made thereof according to the provisions of this chapter. Second, the person so making such a seizure shall forward the sample so taken to the commissioner for analysis, who shall make an analysis of the same and shall certify the results of such analysis to any court where the same shall be offered in evidence. [Act Jan. 6, 1841. P. D. 3449]

Art. 4631. [2977] **Divorce may be granted in what cases.**—A divorce by separation from the bonds of matrimony may be decreed in the following cases:

1. Where either the husband or wife is guilty of excesses, cruel treatment or outrages toward the other, if such ill treatment is of such a nature as to render their living together insupportable.

3. In favor of the wife, where the husband shall have left her for three years with intention of abandonment, or where he shall have abandoned her and lived in adultery with another woman.

In all such suits and proceedings the husband and wife shall be competent witnesses for and against each other, but neither party shall be compelled to testify as to any matter that will criminate himself or herself; and where the husband or wife testifies, the court or jury trying the case shall determine the credibility of such witness, and the weight to be given such testimony; but no divorce shall be granted upon the evidence of either husband or wife, if there be any collusion between them. [Acts 1897, p. 49.]

Art. 4634. [2980] **Division of property.**—The court pronouncing a decree of divorce from the bonds of matrimony shall also decree and order a division of the estate of the parties in such a way as to the court shall seem just and right, having due regard to the rights of each party and their children, if any; provided, however, that nothing herein contained shall be construed to compel either party to divest himself or herself of the title to real estate. [2981] **Condonation, connivance and collusion.**—In any suit for divorce for the cause of adultery, if it shall be proved that the complainant has been guilty of the like crime, or has admitted the defendant into conjugal society or embraces after he or she knew the criminal fact, or that the complainant, if the husband, connived at his wife's prostitution, or exposed her to lewd company, whereby she became ensnared to the crime aforesaid, it shall be a good defense and a perpetual bar against said suit; or if it appears that the adultery complained of is occasioned by collusion of the parties, and done with intention to procure a divorce, or where both parties shall be guilty of adultery, then no divorce shall be decreed. [P. D. 3460.]

Art. 4636. [2982] **Legitimacy of children; parties may marry again.**—A divorce from the bonds of matrimony shall not in any wise affect the legitimacy of the children thereof; and either party may, after the dissolution of the marriage, marry again. [P. D. 3453.]

Art. 4637. [2983] **Debts and alienations after suit filed.**—On and after the day on which the action for divorce shall be brought, it shall not be lawful for the husband to contract any debts on account of the community, nor to dispose of the lands belonging to the same; and any alienation made by him after that time shall be null and void, if it be proved to the satisfaction of the court that such alienation was made with a fraudulent view of injuring the rights of the wife. [P. D. 3457.]

Art. 4638. [2984] **Inventory and appraisement; injunction.**—At any time during a suit for divorce the wife may, for the preservation of her rights, require an inventory and an appraisement to be made of both real and personal estate which are in the possession of the husband, and an injunction restraining him from disposing of any part thereof in any manner. [P. D. 3456.]

Art. 4641. [2987] **Custody of children.**—The courts aforesaid shall have power, in all cases of separation between man and wife, to give the custody and education of the children to either father or mother, as to the said court shall seem right and proper, having regard to the prudence and ability of the parents, and the age and sex of the child or children, to be determined and decided on the petition of either party; and in the meantime to issue any injunction or make any order that the safety and well being of any such children may require. [P. D. 3461.]

Art. 4642. [2988] **Costs.**—The court may award costs to the party in whose behalf the sentence or decree shall pass, or that each party shall pay his or her own costs, as to the court shall appear reasonable.

Article 4643. [2989] **Writs of injunction granted, when.**—Judges of the district and county courts shall, either in term time or vacation, hear and determine all applications and may grant writs of injunctions returnable to said courts in the following cases:

1. Where it shall appear that the party applying for such writ is entitled to the relief demanded, and such relief or any part thereof requires the restraint of some act prejudicial to the applicant.

2. Where, pending litigation, it shall be made to appear that a party doing some act respecting the subject of litigation, or threatens or is about to do some act or is procuring or suffering the same to be done in violation of the rights of the applicant, which act would tend to render judgment ineffectual.

3. In all cases where the applicant for such writ may show himself entitled thereto under the principles of equity, and as provided by statutes in all other acts of this state, providing for the granting of injunctions, or where a cloud would be put on the title of real estate being sold under an execution against a person, partnership or corporation, having no interest in such real estate subject to the execution at the time of the sale, or irreparable injury to real estate or personal property is threatened, irrespective of any legal remedy at law. Provided, that no district judge shall have the power to grant any writ of injunction returnable to any other court than his own, unless the application or petition therefor shall state that the resident judge, that is, the judge in whose district the suit is, or is to be brought is absent from his district, or is sick and unable to hear or act upon the application, or is inaccessible, or unless such resident judge shall have refused to hear or act upon such application for the writ of injunction, or unless such judge is disqualified to hear or act upon the application; and the facts of, and relating to, such judge's

absence, or sickness and inability, or disqualification, or inaccessibility, or refusal to act, must be fully set out in the application for the writ, or in an affidavit accompanying said application; and, in case of such absence or sickness and inability or inaccessibility or disqualification of the resident judge, or in case of his refusal to hear or act upon such application, no district judge shall have the power to grant the writ when the application therefor shall have once been acted upon by a district judge of the state; provided, that when the judge applied to shall have refused to hear or act upon such application he shall indorse thereon, or annex thereto, his refusal to hear or act upon such application, together with his reason therefor; provided, that nothing herein shall apply to the granting of writs of injunction by non-resident judges to stay execution or to restrain foreclosures, or to restrain sales under deeds of trust, or to restrain trespasses, or to restrain the removal of property, or to restrain acts injurious to or impairing riparian or easement rights where proof is made to the satisfaction of such non-resident judge that it is impracticable for the applicant to reach the resident judge and procure his action in time to effectuate the purpose of the application. A resident judge shall be deemed inaccessible, within the meaning of this act, when, by the ordinary and available means and modes of travel and communication, he can not be reached in sufficient time to effectuate the purpose of the writ of injunction sought. Whenever an application or petition for the writ of injunction shall be made to a non-resident judge upon the ground that the resident judge is inaccessible as hereinbefore defined, the party making such application, or his attorney, shall make and file with the application, as a part thereof or annexed thereto, an affidavit setting out fully the facts showing that the resident judge is inaccessible, and the efforts made by the applicant to reach and communicate with said resident judge, and the result of said efforts in that behalf; and, unless it appears from said affidavit that the applicant has made a fair and reasonable effort to procure the action of the resident judge upon said application, no non-resident judge shall have the power to hear said application upon the ground of inaccessibility of the resident judge; and should any non-resident judge hear said application upon said ground of inaccessibility of the resident judge, and should grant the writ of injunction prayed for, said injunction so granted shall be dissolved upon it being shown that the petitioner has not first made reasonable effort to procure a hearing upon said application before the resident judge. [Const., art. 5, secs. 8, 16. Amended Acts 1909, p. 354.]

Art. 4644. Appeals allowed to courts of civil appeals.—Any party or parties to any civil suit wherein a temporary injunction may be granted, refused or dissolved, under any of the provisions of this title, in term time or in vacation, may appeal from the order or judgment granting, refusing or dissolving such injunction, to the court of civil appeals having jurisdiction of the case; but such appeal shall not have the effect to suspend the enforcement of the order appealed from, unless it shall be so ordered by the court or judge who enters the order; provided, the transcript in such case shall be filed with the clerk of the court of civil appeals not later than fifteen days after the entry of record of such order or judgment granting, refusing or dissolving such injunction. [Acts 1909, p. 354, sec. 2.]

Art. 4645. Proceedings on appeal.—It shall not be necessary to brief such case in the court of civil appeals or supreme court, and the case may be heard in the said courts on the bill and answer, and such affidavits and evidence as may have been admitted by the judge granting, refusing or dissolving such injunction; provided, the appellant may file a brief in the court of civil appeals or supreme court upon the furnishing the appellee with a copy thereof not later than two days before the case is called for submission in such court,

and the appellee shall have until the day the case is called for submission to answer such brief. [Id. sec. 3.]

Art. 4646. **Case to have precedence on appeal.**—Such case shall be advanced in the court of civil appeals or supreme court on motion of either party, and shall have priority over other cases pending in such courts. [Id. sec. 4.]

Art. 4647. [2990] **No injunction against a judgment, except, etc.**—No injunction shall be granted to stay any judgment or proceedings at law, except so much of the recovery or cause of action as the complainant shall in his petition show himself equitably entitled to be relieved against, and so much as will cover the costs. [Act May 13, 1846, p. 363. P. D. 3930.]

Art. 4648. [2991] **Injunction to stay execution within twelve months, unless, etc.**—No injunction to stay an execution upon any valid and subsisting judgment shall be granted after the expiration of one year from the rendition of such judgment, unless it be made to appear that an application for such injunction has been delayed in consequence of the fraud or false promises of the plaintiff in the judgment, practiced or made at the time of, or after rendition of, such judgment, or unless for some equitable matter or defense arising after the rendition of such judgment. If it be made to appear that the applicant was absent from the state at the time such judgment was rendered, and was unable to apply for such writ within the time aforesaid, such injunction may be granted at any time within two years from the date of the rendition of the judgment. [Id. P. D. 3931.]

Art. 4649. [2992] **Injunctions granted on sworn petition.**—No writ of injunction shall be granted, unless the applicant therefor shall present his petition to the judge, verified by his affidavit taken before some officer authorized to administer oaths, and containing a plain and intelligible statement of the grounds for such relief. [P. D. 3929.]

Art. 4650. [2993] **Judge's fiat to be indorsed on petition.**—If, upon the inspection of such petition, it shall appear to the judge from the facts stated therein that the applicant is entitled to the writ, he shall indorse on such petition or annex thereto his written order directing the clerk of the proper court to issue the writ of injunction prayed for, upon such terms and under such modifications, limitations and restrictions as may be specified in said order; and the judge shall also specify in such order the amount of the bond to be given by the applicant as a prerequisite to the issuance of the writ. If the injunction be applied for to restrain the execution of a money judgment or the collection of a debt, the bond shall be fixed in double the amount of such judgment or debt. [P. D. 3933.]

Art. 4651. [2994] **Notice to opposite party, when.**—Upon application for any writ of injunction, if it appear to the judge that delay will not prove injurious to either party, and that justice may be subserved thereby, he may cause notice of such application to be served upon the opposite party, his agent or attorney, in such manner as he may direct, and fix a time and place for the hearing of such application.

Art. 4652. [2995] **Petition to be filed and cause docketed.**—Upon the grant of any writ of injunction, the party to whom the same is granted shall file his petition therefor, together with the order of the judge granting the same, with the clerk of the proper court; and, if such writ of injunction does not pertain to a pending suit in said court, the cause shall be entered on the civil docket of the court in its regular order in the name of the party to whom the writ is granted as plaintiff and of the opposite party as defendant.

Art. 4653. [2996] **Writs, where returnable.**—Writs of injunction granted to stay proceedings in a suit, or execution on a judgment, shall be returnable to and tried in the court where such suit is pending, or such judgment was rendered; writs of injunction for other causes, if the party against whom it

Article 4724. **Terms defined.**—A life insurance company shall be deemed to be a corporation doing business under any charter involving the payment of money or other thing of value, conditioned on the continuance or cessation of human life, or involving an insurance, guaranty, contract or pledge for the payment of endowments or annuities. An accident insurance company shall be deemed to be a corporation doing business under any charter involving the payment of money or other thing of value, conditioned upon the injury, disablement or death of persons resulting from traveling or general accidents by land or water. A health insurance company shall be deemed to be a corporation doing business under any charter involving the payment of any amount of money, or other thing of value, conditioned upon loss by reason of disability due to sickness or ill health. When consistent with the context and not obviously used in a different sense, the term, "company," or, "insurance company," as used herein, includes all corporations engaged as principals in the business of life, accident or health insurance. The term, "home," or domestic company, as used herein, designates those life, accident, or life and accident, health and accident, or life, health and accident insurance companies incorporated and formed in this state. The term, "foreign company," means any life, accident or health insurance company organized under the laws of any other state or territory of the United States or foreign country. The term, "home office," of a company means its principal office within the state or country in which it is incorporated and formed. The "insured" or "policy-holder" is the person on whose life a policy of insurance is effected. The "beneficiary" is the person to whom a policy of insurance effected is payable. By the term, "net assets," is meant the funds of the company available for the payment of its obligations in this state, including uncollected premiums not more than three months past due and deferred premiums on policies actually in force, after deducting from such funds all unpaid losses and claims, and claims for losses, and all other debts, exclusive of capital stock. The "profits" of a company are that portion of its funds not required

for the payment of losses and expenses, nor set apart for any other purpose required by law. [Acts 1909, p. 192, sec. 1.]

Art. 4725. Who may incorporate.—Any three or more citizens of this state, who shall be known as incorporators, may associate themselves for the purpose of forming a life insurance company, or accident insurance company, or life and accident, health and accident, or life, health and accident insurance company; provided, that no such company shall transact more than one of the foregoing classes of business, except in separate and distinct departments. In order to form such a company, the incorporators shall sign and acknowledge its articles of incorporation before any officer authorized to take acknowledgments to deeds and file the same in the office of the commissioner of insurance and banking. Such articles of incorporation shall specify:

- (a) The name and place of residence of each of the incorporators.
- (b) The name of the proposed company, which shall contain the words, "Insurance Company," as a part thereof, and which must not so closely resemble the name of any existing company transacting insurance business in this state as to mislead the public.
- (c) The location of its home office.
- (d) The kind or kinds of insurance business it purposes to transact.
- (e) The amount of its capital stock, not less than \$100,000, all of which capital stock must be subscribed and fully paid up and in the hands of the incorporators before said articles of incorporation are filed, such capital stock to be divided into shares of one hundred dollars each.
- (f) The period of time it is to exist, which shall not exceed five hundred years.
- (g) The number of shares of such capital stock.
- (h) Such other provisions not inconsistent with the law as the incorporators may deem proper to insert therein. [Id. sec. 2.]

Art. 4726. Charter to be approved by attorney general, etc.—When such articles of incorporation are filed with the commissioner of insurance and banking, together with an affidavit made by two or more of its incorporators that all the stock has been subscribed in good faith and fully paid for, together with a charter fee of twenty dollars, it shall be the duty of the commissioner to submit such articles of incorporation to the attorney general for examination; and, if he approves the same as conforming with the law, he shall so certify and deliver such articles of incorporation, together with his certificate of approval attached thereto, to the commissioner of insurance and banking, who shall, upon receipt thereof, record the same in a book kept for that purpose; and upon receipt of a fee of one dollar, he shall furnish a certified copy of the same to the incorporators, upon which, they shall be a body politic and corporate, and may proceed to complete the organization of the company, for which purpose they shall forthwith call a meeting of the stockholders, who shall adopt by-laws for the government of the company, and elect a board of directors not less than five, composed of stockholders; which board shall have full control and management of the affairs of the corporation, subject to the by-laws thereof as adopted or amended from time to time by the stockholders or directors, and to the laws of this state. The board of directors so elected shall serve until the second Tuesday in March thereafter, on which date annually thereafter there shall be held an annual meeting of the stockholders at the home office, and a board of directors elected for the ensuing year. At all meetings of the stockholders, each stockholder shall be entitled to one vote for each share of stock fully paid up appearing in his name on the books of the company, which vote may be given in person or by written proxy. The majority of the paid up capital stock at any meeting of the stockholders shall constitute a quorum. [Id. sec. 3.]

Art. 4727. **Amendment of charter.**—At any regular meeting or called meeting of the stockholders, they may, by resolution, provide for any lawful amendment to the charter or articles of incorporation; and such amendment, accompanied by a copy of such resolution duly certified by the president and secretary of the company, shall be filed and recorded in the same manner as the original charter, and shall thereupon become effective. Stockholders representing a majority of the capital stock of any such company may in such manner also increase or reduce the amount of its capital stock; provided, that the capital stock shall in no case be reduced to less than one hundred thousand dollars fully paid up. A statement of any such increase or reduction shall be signed and acknowledged by two officers of the company and filed and recorded along with the certified copy of the resolution of the stockholders provided therefor in the same manner as the charter or amendment thereto. For any such increase or reduction, the company may require the return of the original certificates as other evidences of stock in exchange for new certificates issued in lieu thereof. The shares of stock of such company shall be transferable on its books, in accordance with law and the by-laws of the company, by the owner in person or his authorized agent; and every person becoming a stockholder by such transfer shall succeed to all rights of the former holder of the stock transferred, by reason of such ownership. [Id. sec. 3.]

Art. 4728. **Examination by commissioner before commencing business.**—When the first meeting of the stockholders shall be held and the officers of the company elected, it shall be the duty of the president or secretary to notify the commissioner of insurance and banking; and he shall thereupon immediately make, or cause to be made, at the expense of the company, a full and thorough examination thereof; and, if he shall find that all of the capital stock of the company, amounting to not less than one hundred thousand dollars, has been fully paid up and is in the custody of the officers, either in cash or securities of the class in which such companies are authorized by this chapter to invest or loan their funds, he shall issue to such company a certificate of authority to transact such kind or kinds of insurance business within this state as such officers may apply for and as may be authorized by its charter; which certificate shall expire on the last day of February next after the date of its issuance. Before such certificate is issued, not less than two officers of such company shall execute and file with the commissioner of insurance and banking a sworn schedule of all the assets of the company exhibited to him upon such examination, showing the value thereof, together with a sworn statement that the same are bona fide, the unconditional and unencumbered property of the company and are worth the amounts stated in such schedule. No original or first certificate of authority shall be granted, except in conformity herewith, regardless of the date of filing of the articles of incorporation with the commissioner of insurance and banking. [Id. sec. 4.]

Art. 4729. **Shall file annual statement.**—Each life insurance company, or accident insurance company, or life and accident, health and accident, or life, health and accident insurance company, organized under the laws of this state, shall, after the first day of January of each year and before the first day of March following, and before the renewal of its certificate of authority to transact business, prepare, under oath of two of its officers, and deposit in the office of the commissioner of insurance and banking, a statement, accompanied with the fee for filing annual statements of ten dollars, showing the condition of the company on the thirty-first day of December the next preceding, which shall include a statement in detail showing the character of its assets and liabilities on that date, the amount and character of business transacted, moneys received and how expended during the year, and the number and amount of its policies in force on that date in Texas, and the total amount

of all policies in force; and the commissioner of insurance and banking may, from time to time, make such changes in the forms and requirements of the annual statements of companies as shall seem to him best adapted to elicit from the companies a true exhibit of their condition and method of conducting business; and such statement shall also contain and set forth an exhibit of the investments of such company; provided, that such terms and requirements shall elicit only such information as shall pertain to the business of the company. [Id. sec. 5.]

Art. 4730. **Renewal certificates.**—Whenever any life insurance company, or accident insurance company, or life and accident, or health and accident, or life, health and accident insurance company, transacting insurance business in this state, shall have filed its annual statement in accordance with the preceding article, showing a condition which entitles it to transact business in this state in accordance with the provisions of this chapter, the commissioner of insurance and banking shall, upon receipt of a fee of one dollar, issue a renewal certificate of authority to such company, which shall expire on the last day of February of the subsequent year. [Id. sec. 6.]

Art. 4731. **Copy of certificate for agents.**—Any such company organized under the laws of this state, having received authority from the commissioner of insurance and banking to transact business in this state, shall receive from such commissioner, upon written request therefor, a certified copy of its certificate of authority for each of its agents in this state. [Id. sec. 7.]

Art. 4732. **To sue and be sued; commissioner only can enjoin.**—Actions may be maintained by a company organized under the laws of this state against any of its policy holders, stock holders, or other person, for any cause relating to the business of such company; and actions may also be prosecuted and maintained by any policy holder, or the heirs or legal representatives of any such policy holder, against the company for losses which accrue on any policy; but no action shall be brought or maintained by any person other than the commissioner of insurance and banking of this state for the enjoining, restraining or interfering with the prosecution of the business of the company. [Id. sec. 8.]

Art. 4733. **Laws relating to corporations shall govern.**—The laws relating to and governing corporations in general shall apply to and govern companies organized under this chapter, in so far as the same are pertinent and not in conflict with the provisions of this chapter. [Id. sec. 9.]

Art. 4734. **May invest in what securities.**—A life insurance company organized under the laws of this state may invest in or loan upon the following securities, viz.:

(a) It may invest any of its funds or accumulations in the bonds of the United States or of any state, county, or city of the United States, or the bonds of any independent or common school district, or first mortgage bonds of any dividend paying railroad or electric railway company duly incorporated under the laws of the United States, or any state thereof.

(b) It may loan any of its funds and accumulations, taking as security therefor such collateral as under the previous subdivision it may invest in, and upon first liens upon real estate, the title to which is valid, and the value of which is double the amount loaned thereon; provided, that, if any part of such value is in buildings, such buildings shall be insured against loss by fire for at least fifty per cent of the value thereof, with loss clause payable to such company. It may also make loans upon the security of or purchase its own policies, but no loan on any policy shall exceed the reserve value thereof. No investment or loan, except policy loans, shall be made by any such insurance company, unless the same shall first have been authorized by the board of directors, or by a committee charged with the duty of supervising such investments or loans. No such company shall subscribe to, or participate in, any

underwriting of the purchase or sale of securities or property, or enter into any such transaction for such purpose, or sell on account of such company jointly with any other person, firm or corporation; nor shall any such company enter into any agreement to withhold from sale any of its property; but the disposition of its property shall be at all times within the control of its board of directors. Every such company possessed of assets not authorized by this chapter shall dispose of the same within five years after July 10, 1909, unless such time is extended for good cause by the commissioner of insurance and banking. [Id. sec. 10.]

Art. 4735. **May hold real estate for what purposes and for how long.**—Every such insurance company may secure, hold and convey real property only for the following purposes and in the following manner:

1. One building site and office building for its accommodation in the transaction of its business and for lease and rental.
2. Such as shall have been acquired in good faith by way of security for loans previously contracted or for moneys due.
3. Such as shall have been conveyed to it in the satisfaction of debts previously contracted in the course of its dealings.
4. Such as shall have been purchased at sales under judgment or decrees of court, or mortgage or other liens held by such companies.

All such real property specified in subdivisions 2, 3 and 4 of this article, which shall not be necessary for its accommodation in the convenient transaction of its business, shall be sold and disposed of within five years after the company shall have acquired title to the same, or within five years after the same shall have ceased to be necessary for the accommodation of its business; and it shall not hold such property for a longer period, unless it shall procure a certificate from the commissioner of insurance that its interests will suffer materially by the forced sale thereof; in which event, the time for the sale may be extended to such time as the commissioner shall direct in such certificate. [Id. sec. 11.]

Art. 4736. **Director not to do certain things.**—No director or officer of any insurance company transacting business in this state, or organized under the laws of this state, shall receive any money or valuable thing for negotiating, procuring, recommending or aiding in any purchase or sale by such company of any property, or any loan from such company, nor be pecuniarily interested, either as principal, co-principal, agent or beneficiary, in any such purchase, sale or loan; provided, that nothing contained in this article shall prevent a life insurance corporation from making a loan upon a policy held therein, by the borrower, not in excess of the reserve value thereof. [Id. sec. 12.]

Art. 4737. **May reinsure.**—Any life insurance company, organized under the laws of this state, may reinsure in any insurance company authorized to transact business in this state, any risk or part of a risk which it may assume; provided, that no such company shall have the power to so reinsure its entire outstanding business until the contract therefor shall be submitted to the commissioner of insurance and banking, and be by him approved, as protecting fully the interests of all the policy holders. [Id. sec. 13.]

Art. 4738. **Dividends to be paid only from profits.**—No life insurance company, organized under the laws of this state, shall declare or pay any dividends to its policy holders, except from the profits made by such company; provided, that this shall not prohibit the issuance of policies guaranteeing a definite payment or reduction in premiums, not exceeding the expense loading on said premiums; but, where said reduction exceeds said expense loading, the proper reserve therefor must be held by the company to provide for the deficiency so arising in the net premium; and provided, further, that this shall not apply to payments to holders of special or board contracts heretofore issued. No such life insurance company shall declare or pay any dividends

to its stockholders, except from the profits made by said company, not including surplus arising from the sale of stock. [Id. sec. 14.]

Art. 4739. **Salaries.**—No domestic life insurance company shall pay any salary, compensation or emolument to any officer, trustee or director thereof, nor any salary, compensation or emolument amounting in any year to more than five thousand dollars to any person, firm or corporation, unless such payment be first authorized by a vote of the board of directors of such life insurance company; provided, that the limitation as to time contained herein shall not be construed as preventing a life insurance company from entering into contracts with its agents for the payment of renewal commissions. No such company shall grant any pension to any officer, director or trustee thereof, or to any member of his family after his death. [Id. sec. 20.]

Art. 4740. **Disbursements to be made by vouchers only.**—No domestic life insurance company shall make any disbursement of one hundred dollars or more, unless the same be evidenced by a voucher signed by, or on behalf of, the person, firm or corporation receiving the money and correctly describing the consideration for the payment. If the expenditure be for both services and disbursements, the voucher shall set forth the service rendered and statement of the disbursement made. If the expenditure be in connection with any matter pending before any legislature or public body, or before any department or officer of any state or government, the voucher shall correctly describe, in addition, the nature of the matter and of the interest of such company therein. When such voucher can not be obtained, the expenditure shall be evidenced by a paid check or an affidavit describing the character and object of the expenditure and stating the reason for not obtaining such voucher. [Id. sec. 21.]

Art. 4741. **Policies shall contain what.**—No policy of life insurance shall be issued or delivered in this state, or be issued by a life insurance company organized under the laws of this state, unless the same shall contain provisions substantially as follows:

1. A provision that all premiums shall be payable in advance either at the home office of the company or to an agent of the company upon delivery of a receipt signed by one or more of the officers who are designated in the policy.

2. A provision for a grace of at least one month for the payment of every premium after the first, which may be subject to an interest charge, during which month the insurance shall continue in force, which provision may contain a stipulation that, if the insured shall die during the period of grace, the overdue premium will be deducted in any settlement under the policy.

3. A provision that the policy, or policy and application, shall constitute the entire contract between the parties and shall be incontestable not later than two years from its date, except for non-payment of premiums; and which provision may or may not, at the option of the company, contain an exception for violations of the conditions of the policy relating to naval and military services in time of war.

4. A provision that all statements made by the insured shall, in the absence of fraud, be deemed representations and not warranties.

5. A provision that, if the age of the insured has been understated, the amount payable under the policy shall be such as the premium paid would have purchased at the correct age.

6. A provision that, after three full years premiums have been paid, the company, at any time while the policy is in force, will advance upon proper assignment of the policy and upon the sole security thereof at a specified rate of interest a sum equal to, or at the option of the owner of the policy less than, the legal reserve at the end of the current policy year on the policy and on any dividend addition thereto, less than a sum not more than two and

one-half per centum of the amount insured by the policy, and of any dividend additions thereto; and that the company may deduct from such loan value any existing indebtedness on the policy and any unpaid balance of the premium for the current policy year, and may collect interest in advance on the loan to the end of the current policy year, which provision may further provide that such loans may be deferred for not exceeding six months after application therefor is made. It shall further be stipulated in the policy that failure to repay any such advance, or to pay interest, shall not void the policy until the total indebtedness thereon to the company shall equal or exceed the loan value. No condition other than as herein provided shall be exacted as a prerequisite to any such advance. This provision shall not be required in term insurances, nor in pure endowments issued or granted as original policies, or in exchange for lapsed or surrendered policies; and no provision herein required shall compel any company to loan on any policy an amount greater than ninety-seven and one-half per centum of the face value thereof, including net dividend additions thereto.

7. A provision which, in event of default in premium payments, after premiums shall have been paid for three full years, shall secure to the owner of the policy a stipulated form of insurance, the net value of which shall be at least equal to the reserve at the date of default on the policy, and on any dividend additions thereto, specifying the mortality table and rate of interest adopted for computing such reserves, less a sum not more than two and one-half per cent of the amount insured by the policy and of any existing dividend additions thereto, and less any existing indebtedness to the company on the policy. Such provision shall stipulate that the policy may be surrendered to the company at its home office within one month from date of default for a specified cash value at least equal to the sum which would otherwise be available for the purchase of insurance, as aforesaid, and may stipulate that the company may defer payment for not more than six months after the application therefor is made. This provision shall not be required in term insurances.

8. A table showing in figures the loan values, and the options available under the policies each year, upon default in premium payments during the first twenty years of the policy or the period during which premiums are payable, beginning with the year in which such values and options become available.

9. A provision that if, in event of default in premium payments, the value of the policy shall be applied to the purchase of other insurances; and if such insurance shall be in force and the original policy shall not have been surrendered to the company and canceled, the policy may be reinstated within three years from such default, upon evidence of insurability satisfactory to the company and payments of arrears of premiums with interest.

10. A provision that, when a policy shall become a claim by the death of the insured, settlement shall be made upon receipt of due proof of death and the right of the claimant to the proceeds, or not later than two months after the receipt of such proof.

11. A table showing the amounts of installments in which the policy may provide its proceeds may be payable.

Any of the foregoing provisions, or portions thereof, not applicable to single premium policies shall, to that extent, not be incorporated therein. [Id. sec. 22.]

Art. 4742. **Policies shall not contain what.**—No policy of life insurance shall be issued or delivered in this state, or be issued by a life insurance company incorporated under the laws of this state, if it contains any of the following provisions:

1. A provision limiting the time within which any action at law or in equity may be commenced to less than two years after the cause of action shall accrue.

2. A provision by which the policy shall purport to be issued or to take effect more than six months before the original application for the insurance was made, if thereby the insured would rate at any age younger than his age at date when the application was made, according to his age at nearest birthday.

3. A provision for any mode of settlement at maturity of less value than the amounts insured on the face of the policy, plus dividend additions, if any, less any indebtedness to the company on the policy, and less any premium that may, by the terms of the policy, be deducted; provided, that any company may issue a policy promising a benefit less than the full benefit in case of the death of the insured by his own hand while sane or insane, or by following stated hazardous occupations. This provision shall not apply to purely accident and health policies. None of the foregoing provisions relating to policy forms shall apply to policies issued in lieu of, or in exchange for, any other policy issued before July 10, 1909. [Id. sec. 23.]

Art. 4743. **Policies of foreign companies may contain.**—The policies of a life insurance company not organized under the laws of this state may contain any provision which the law of the state, territory, district or country, under which the company is organized, prescribes shall be in such policies when issued in this state; and the policies of a life insurance company organized under the laws of this state may, when issued or delivered in any other state, territory, district or country, contain any provision required by the laws of the state, territory, district or country in which the same are issued, anything in this chapter to the contrary notwithstanding. [Id. sec. 24.]

Art. 4744. **Venue of suits on policies.**—Suits on policies may be instituted and prosecuted against any life insurance company, or accident insurance company, or life and accident, or health and accident, or life, health and accident insurance company, in the county where the home office of such company is located, or in the county where loss has occurred or where the policy holder or beneficiary instituting such suit resides. [Id. sec. 33.]

Art. 4745. **Service of process.**—Process in any civil suit against any domestic life insurance company, or accident insurance company, or life and accident, health and accident, or life, health and accident insurance company, may be served only on the president, or any active vice president, or secretary, or general counsel residing at the city of the home office of the company, or by leaving a copy of same at the home office of such company during business hours. [Id. sec. 34.]

Art. 4746. **Losses shall be paid promptly.**—In all cases where a loss occurs and the life insurance company, or accident insurance company, or life and accident, health and accident, or life, health and accident insurance company liable therefor shall fail to pay the same within thirty days after demand therefor, such company shall be liable to pay the holder of such policy, in addition to the amount of the loss, twelve per cent damages on the amount of such loss together with reasonable attorney fees for the prosecution and collection of such loss. [Id. sec. 35.]

Art. 4747. **Certificate null and void, when.**—Should any life insurance company, accident insurance company, life and accident, health and accident, or life, health and accident insurance company fail to pay off and satisfy any execution that may lawfully issue on any final judgment against said company within thirty days after the officer holding such execution has demanded payment thereof from any officer or attorney of record of such company, in this state, or out of it, such officer shall immediately certify such demand and failure to the commissioner of insurance and banking; and thereupon the com-

missioner shall forthwith declare null and void the certificate of authority of such company; and such company shall be prohibited from transacting any business in this state until such execution shall be fully satisfied and discharged, and until such commissioner shall renew his certificate of authority to such company. [Id. sec. 36.]

Art. 4748. **Business of life insurance companies limited to certain kinds of business.**—It shall be unlawful for any life insurance company, accident insurance company, life and accident, health and accident, and life, health and accident insurance company to take any kind of risks or issue any policies of insurance, except those of life, accident or health; nor shall the business of life, accident or health insurance in this state be in any wise conducted or transacted by any company which, in this or any other state or country, is engaged or concerned in the business of marine, fire or inland insurance. [Id. sec. 37.]

Art. 4749. **Deposit of securities.**—Any life insurance company, accident insurance company, life and accident, health and accident, or life, health and accident insurance company, organized under the laws of this state, may, at its option, deposit with the treasurer of this state securities equal to amount of its capital stock, and may, at its option, withdraw the same, or any part thereof, first having deposited in the treasury in lieu thereof other securities equal in value to those withdrawn. Any such securities, before being so originally deposited or substituted, shall be approved by the commissioner of insurance and banking; and, when any such deposit is made, the treasurer shall execute to the company making the deposit a receipt therefor, giving such description to such securities as will identify the same; and such company shall have the right to advertise such fact, or print a copy of the treasurer's receipt on the policies it may issue; and the proper officers or agents of each insurance company making such deposit shall be permitted, at all reasonable times, to examine such securities and to detach coupons therefrom and to collect interest thereon, under such reasonable rules and regulations as may be prescribed by the treasurer, and the commissioner of insurance and banking, of this state. The deposit herein provided for, when made by any company, shall thereafter be maintained as long as said company shall have outstanding any liability to its policy holders. For the purpose of state, county and municipal taxation, the situs of all personal property belonging to such companies shall be at the home office of such company. [Id. sec. 38.]

Art. 4750. **Same.**—Any life insurance company now incorporated, or which may hereafter be incorporated, under the laws of this state, may deposit with the commissioner of insurance and banking of the state of Texas, for the common benefit of all the holders of its policies and annuity bonds, securities of the kinds in which, by the laws of this state, it is permitted to invest or loan its funds, equal to the legal reserve on all its outstanding policies in force, which securities shall be held by said commissioner in trust for the purpose and objects herein specified. Any such company may deposit lawful money of the United States in lieu of the securities above referred to, or any portion thereof, and may also, for the purposes of such deposit, convey to said commissioner in trust the real estate in which any portion of its said reserve may be lawfully invested; and, in such case, said commissioner shall hold the title thereto in trust until other securities in lieu thereof shall be deposited with him, whereupon he shall reconvey the same to such company. Said commissioner may cause any such securities or real estate to be appraised and valued prior to their being deposited with, or conveyed to, him in trust as aforesaid, the reasonable expense of such appraisement or valuation to be paid by the company. [Act 1909, p. 448, 2 S. S. sec. 1.]

Art. 4751. **Policies shall have indorsed on face, etc.**—After making the deposit mentioned above, no company shall thereafter issue a policy of in-

insurance or endowment or annuity bond, except policies of industrial insurance, unless it shall have upon its face a certificate substantially in the following words: "This policy is registered, and approved securities equal in value to the legal reserve hereon are held in trust by the commissioner of insurance and banking of the state of Texas," which certificate shall be signed by such commissioner and sealed with the seal of his office. All policies and bonds of each kind and class issued and the forms thereof filed in the office of said commissioner shall have printed thereon some appropriate designating letter or figure, combination of letters or figures or terms identifying the particular form of contract, together with the year of adoption of such form; and, whenever any change or modification is made in the form of contracts, policy or bond, the designating letters, figures or terms and year of adoption thereon shall be correspondingly changed. The commissioner of insurance and banking shall prepare and keep such registers thereof as will enable him to compute their value at any time. Upon written proof attested by the president or vice president and secretary of the company which shall have issued such policies or annuity bonds that any of them have been commuted or terminated, the commissioner shall commute or cancel them upon his register; and, until such proof is furnished all registered, contracts shall be considered in force for the purposes of this chapter. The net value of every policy or annuity bond, according to the standard prescribed by the laws of this state for the valuation of policies of life insurance companies, when the first premium shall have been paid thereon, less the amount of such liens as the company may have against it (not exceeding such value), shall be entered opposite the record of said policy or annuity bond in the register aforesaid at the time such record is made. On the first day of January of each year, or within sixty days thereafter, the commission shall cause the policies and annuity bonds of each company accepting the terms of this chapter to be carefully valued; and the actual value thereof at the time fixed for such valuation, less such liens as the company may have against it, not exceeding such value, shall be entered upon the register opposite the record of such policy or bond, and the commissioner shall furnish a certificate of the aggregate of such value to the company. It shall be the duty of the commissioner to cancel mutilated or surrendered policies and annuity bonds issued by any such company, and register other like policies or bonds issued in lieu thereof. Each company, which shall have made the deposit herein provided for, shall make additional deposits from time to time, in amounts not less than five thousand dollars, and of such securities as are permitted by this chapter to be deposited, so that the market value of the securities deposited shall always be equal to the net value of the policies and annuity bonds issued by said company, less such liens as the company may have against them, not exceeding such net value. So long as any company shall maintain its deposits as herein prescribed at an amount equal to, or in excess of, the net value of its policies and annuity bonds as aforesaid, it shall be the duty of said commissioner to sign and affix his seal to the certificates before mentioned on every policy and annuity bond presented to him for that purpose by any company so depositing. The commissioner shall keep a careful record of the securities deposited by each company, showing by item the amount and market value thereof. If at any time it shall appear therefrom that the value of the securities held on deposit is less than the actual value of the policies and annuity bonds issued by such company and then in force, it shall be unlawful for the commissioner to execute the certificate on any additional policies or annuity bonds of such company until it shall have made good the deficit. Any company depositing under the provisions of this chapter may increase its deposits at any time by making

additional deposits of not less than five thousand dollars of such securities as are authorized by this chapter. Any such company whose deposits exceed the net value of all policies and annuity bonds it has in force, less such liens (not exceeding such net value) as the company may hold against them, may withdraw such excess; and it may withdraw any of such securities at any time by depositing others of equal value and of the character authorized by this chapter in their stead; and it may collect the interest coupons, rents and other income on the securities deposited as the same accrue.

The securities deposited under this chapter by each company shall be placed and kept by the commissioner of insurance and banking of the state in some secure safe-deposit, fire-proof box or vault in the city or town in or near which the home office of the company is located; and the officers of the company shall have access to such securities for the purpose of detaching interest coupons and crediting payment and exchanging securities as above provided, under such reasonable rules and regulations as the commissioner may establish. [Id. sec. 2.]

Art. 4752. Fees for making deposits.—Every company making deposit under the provisions of this chapter shall pay to the commissioner of insurance and banking for each certificate placed on registered policies or annuity bonds issued by the company, after the original or first deposit is made hereunder, a fee of twenty-five cents; and the fee so received shall be disposed of by said commissioner as follows:

1. The payment of the annual rent or hire of the safety deposit fire-proof box above provided.

2. Payment for the services of a competent and reliable representative of said commissioner, to be appointed by him, who shall have direct charge of the securities and safety box containing the same, and through whom, and under whose supervision, the insurance company may have access to its securities for the purposes above provided. The sum paid such representative shall not exceed sixty dollars per annum for each company.

3. The balance of such fees shall be paid to, or deposited with, the state treasurer to the credit of the general fund. [Id. sec. 3.]

Art. 4753. Securities may include capital stock; securities to be increased.—Any life insurance company organized under the laws of this state and making the deposit provided for by this chapter, may include, as a part thereof, securities representing its capital stock, and any deposits of its securities heretofore or hereafter made in compliance with the laws of this state representing its capital stock, and shall only be required to deposit in addition thereto the remainder of its total reserve on outstanding policies and annuity bonds after deducting therefrom the amount of its capital stock securities so deposited. Deposits of securities made hereunder to the value of the reserve on all outstanding policies and annuity bonds shall be added to, and maintained from time to time as the reserve values increase, by the company issuing such contracts, or by any company which may reinsure or assume them; and such securities shall be held by the commissioner of insurance and banking and his successors in office in trust for the benefit of such policies and annuity bonds so long as the same shall remain in force. No company, making the deposit provided for herein, shall reinsure its outstanding business, or the whole of any one or more of its risks, except in or with a company or companies incorporated and organized under the laws of this state, or a company having permission to do business in this state. [Id. secs. 4, 5.]

Art. 4755. **No commissions to be paid officers.**—No life insurance company transacting business in this state shall pay, or contract to pay, directly or indirectly, to its president, vice president, secretary, treasurer, actuary, medical director or other physician charged with the duty of examining risks or applications for insurance or to any officer of the company other than an agent or solicitor, any commission or other compensation contingent upon the writing or procuring of any policy of insurance in such company, or procuring an application therefor by any person whomsoever, or contingent upon the payment of any renewal premium, or upon the assumption of any life insurance risk by such company; and, should any company violate the provisions of this article, it shall be the duty of the commissioner of insurance and banking to revoke its certificate of authority to transact business in this state. [Id. sec. 7.]

Art. 4756. **Co-operative companies.**—The provisions of articles 4750 to article 4755, inclusive, shall likewise apply to and govern co-operative life insurance companies organized under the laws of this state. [Id. sec. 8.]

[Act 1909, p. 192. sec. 39.]

Art. 4758. **Impairment of capital stock.**—Any such insurance company transacting business within this state, whose capital stock shall become impaired to the extent of thirty-three and one-third per cent thereof, computing its liabilities according to the terms of this chapter, shall make good such impairment within sixty days, by reduction of its capital stock (provided such capital stock shall in no case be less than one hundred thousand dollars), or otherwise; and failure to make good such impairment within said time shall forfeit its right to write new business in this state until said impairment shall have been made good. And provided, that the commissioner of insurance and banking may apply to any court of competent jurisdiction for the appointment of a receiver to wind up the affairs of such company when its capital stock shall become impaired to the extent of fifty per cent thereof, computing its policy liabilities according to the American experience table of mortality and four and one-half per cent interest. And provided, further, that no company shall write new business in Texas when its net surplus to policy holders is less than one hundred thousand dollars. [Id. sec. 43.]

Art. 4759. **Form of policies to be filed.**—Life insurance companies shall, within five days after the issuance of, and the placing upon the market, any form of policies of life insurance, file a copy of such form of policy with the department of insurance and banking. [Id. sec. 44.]

Art. 4760. **Policy to be approved by commissioner.**—No insurance company transacting business in this state shall hereafter be permitted to issue or sell any policy of industrial life insurance, or any policy of accident or health insurance, until the form thereof has been submitted to the commissioner of insurance and banking. Such certificate of authority shall expire on the last day of February in each year, and shall be renewed annually so long as the company shall continue to comply with the laws of the state, such renewals to be granted upon the same terms and considerations as the original certificate. Such report shall contain such other information as may be required by the commissioner to determine whether or not such company has continuously and in good faith complied with this law; and for that purpose the commissioner may, whenever he shall deem it proper, require such special or supplemental reports as he may deem necessary. [Id. sec. 4.]

Art. 4779. Report showing gross amount of receipts.—Each life insurance company not organized under the laws of this state, transacting business in this state, shall annually, on or before the first day of March, make a report to the commissioner of insurance and banking of this state, which report shall be sworn to by either the president or vice president and secretary or treasurer of such company, and which shall show the gross amount of premiums collected during the year ending on December 31, preceding, from citizens of this state, upon policies of insurance; and each such company shall pay annually an occupation tax equal to three per cent of such gross premium receipts; provided, that when the report of the investment in Texas securities, as defined by law, of any such companies as of December 31, of any year, shall show that it has invested on said date as much as thirty per cent of its total Texas reserves, as defined by law, in promissory notes or other obligations secured by mortgage, deed of trust, or other lien on Texas real estate, the rate of occupation tax shall be reduced to two and six-tenths per cent; and, when such report shall show that such company has so invested on said date as much as sixty per cent of its total Texas reserve, the rate of such occupation tax shall be reduced to two and three-tenths per cent; and when such a report shall show that such company has so invested, on said date, as much as seventy-five per cent of its total Texas reserve, the rate of such occupation tax shall be reduced to two per cent; provided, that all such companies shall in any event make the investments in Texas securities in proportion to the amount of Texas reserves as required by law. Such occupation taxes shall be for and on account of the business transacted within this

state during the calendar year in which such premiums were collected, or for that portion thereof during which the company shall have transacted business in this state. [Act 1909, 1 S. S. p. 264, sec. 1.]

Art. 4780. **Taxes to be paid before certificate is issued.**—Upon the receipt of sworn statements showing the gross premium receipts of such company, the commissioner of insurance and banking of this state shall certify to the treasurer of this state the amount of taxes due by such company for the preceding year; which taxes shall be paid to the state treasurer for the use of the state, by such company. Upon his receipt of such certificate, and the payment of such tax, the treasurer shall execute a receipt therefor, which receipt shall be evidence of the payment of such taxes; and no such life insurance company shall receive a certificate of authority to do business in this state until such taxes are paid. If, upon the examination of any company, or in any other manner, the commissioner of insurance and banking shall be informed that the gross premium receipts of any year exceed in amount those shown by the report thereof, theretofore made as above provided, it shall be the duty of such commissioner to file with the state treasurer a supplemental certificate showing the additional amount of taxes due by such company, which shall be paid by such company upon notice thereof. It shall be the duty of the state treasurer of this state if, within fifteen days after the receipt by him of any certificate or supplemental certificate provided for by this article, the taxes due as shown thereby have not been paid, to report the facts to the attorney general, who shall immediately institute suit in the proper court in Travis county to recover such taxes. Art. 4782. **Companies deemed to have accepted provisions of this chapter, when.**—Each life insurance company not organized under the laws of this state, hereafter granted a certificate of authority to transact business in this state, shall be deemed to have accepted such certificate and to transact such business hereunder subject to the conditions and requirements that, after it shall cease to transact new business in this state under a certificate of authority, and so long as it shall continue to collect renewal premiums from citizens of this state, it shall be subject to the payment of the same occupation tax in proportion to its gross premiums during any year, from citizens of this state, as is or may be imposed by law on such companies transacting new business within this state, under certificates of authority during such year; provided, that the rate of such tax to be so paid by any such company shall never exceed the rate imposed by this chapter upon insurance companies transacting business in this state; and each such company shall make the same reports of its gross premium receipts for each such year and within the same period as is or may be required of such companies holding certificates of authority; and shall at all times be subject to examination by the commissioner of insurance and banking, or some one selected by him for that purpose, in the same way and to the same extent as is or may be required of companies transacting new business under certificates of authority in this state, the expenses of such examination to be paid by the company examined; and the respective duties of the commissioner of insurance and banking in certifying the amount of such taxes, and of the state treasurer and attorney general in their collection, shall be the same as are or may be prescribed re-

specting taxes due from companies authorized to transact new business within this state. [Id. sec. 7.]

Art. 4783. **Companies desiring to do business after having ceased to do so.**—Any life insurance company which has heretofore been, may now be, or may hereafter be, engaged in writing policies of insurance upon the lives of citizens of this state, which has heretofore ceased, or may hereafter cease, writing such policies, and which does not now or may not hereafter have a certificate of authority to transact the business of life insurance in this state, but which has continued or may continue to collect renewal or other premiums upon such policies, shall, before it may again obtain a certificate of authority to transact the business of life insurance in this state, report under oath to the commissioner of insurance and banking of this state the gross amount of premiums so collected from citizens of this state upon policies of insurance during each calendar year since the end of the period covered by the last preceding report by such company of gross premium receipts upon which it paid an occupation tax, and shall pay to the state a sum equal to the percentage of its gross premium receipts for each such year that was required by law to be paid as occupation taxes by companies doing business in this state, during such year or years; and, upon the payment of such sum and securing a certificate of authority to do business in this state, the penalties provided for the failure to pay such taxes and make such reports in the past shall be remitted. [Id. sec. 8.]

Art. 4784. **Failure to renew certificate, may do what.**—Any company which shall fail to renew its certificate of authority or continue to write new business in this state shall, nevertheless, have the right to maintain an agent or agents in Texas for the purpose of collecting renewal premiums on outstanding business written by it under certificate of authority, and also for the purpose of making investments as provided by this chapter. [Id. sec. 9.]

Art. 4785. **Commissioner may revoke certificate, when and how.**—If any life insurance company, while holding a certificate of authority to transact business in this state, shall fail or refuse to comply with any of the provisions or requirements of this chapter, it shall be the duty of the commissioner of insurance and banking, upon ascertaining such fact, to notify such company by registered letter, properly addressed and mailed, or by any other form of actual notice in writing delivered to an executive officer of such company, of his intention to revoke its certificate of authority to transact business in this state at the expiration of thirty days after the mailing of such registered letter, or the date upon which such actual notice is served; and, if such provisions or requirements are not fully complied with upon the expiration of said thirty days, it shall be the duty of the commissioner of insurance and banking to revoke the certificate of authority of such company; and, in case of such revocation, such company shall not be entitled to receive another certificate of authority for a period of one year, and until it shall have fully and in good faith complied with all such provisions and requirements of this chapter. Any company feeling itself aggrieved by the action of the commissioner in revoking its certificate of authority to do business in this state may bring suit against him in the court of Travis county having jurisdiction thereof, to annul and vacate the order revoking such certificate. [Id. sec. 10.]

Art. 4786. **Penalty for failure to report or investment.**—If any company shall intentionally fail or refuse to make the investments required by this chapter, or make any report required by this chapter, or to make any special report requested by the commissioner of insurance and banking under the authority of this chapter, or generally to comply with any provision or requirements of this chapter, while holding a certificate of authority to transact business in this state, or after it shall cease to write new business or cease to hold such certificate, such failure or refusal shall subject such com-

pany, in addition to the penalty provided in the preceding article, in cases to which said article may be applicable, to the payment of a penalty of twenty-five dollars per day for each day that such company shall remain in default after the commissioner of insurance and banking shall notify such company of such default, in the manner provided in the preceding article, to be recovered in a suit to be brought by the attorney general in behalf of the state in the district court of Travis county. And in any suit that may be brought to recover such penalty or penalties, there shall be a prima facie presumption, subject to rebuttal, that any default that may have occurred was intentional, and that the notice required by this chapter was given, and the burden of proof shall be on the defendant company to prove that the investments required by this chapter were made as herein required whenever the question of whether or not such investments were thus made is in issue. [Id. sec. 11.]

Any such securities, before being so originally deposited or substituted, shall be approved by the commissioner of insurance and banking; and, when any such deposit is made, the treasurer shall execute to the company making such deposit a receipt therefor, giving such description of said stock or securities as will identify the same, and stating that the same are held on deposit as the capital stock investments of such company; and such company shall have the right to advertise such fact or print a copy of the treasurer's receipt on the policies it may issue; and the proper officers or agent of each insurance company making such deposit shall be permitted at all reasonable times to examine such securities and to detach coupons therefrom and to collect interest thereon, under such reasonable rules and regulations as may be prescribed by the treasurer and the commissioner of insurance and banking of this state. The deposit herein provided for, when made by any company, shall thereafter be maintained so long as said company shall have outstanding any liability to its policy holders in this state. [Id. sec. 14.]

Art. 4788. **Not to apply to certain companies.**—The provisions of this chapter requiring investments in Texas securities shall not apply to any life insurance company, the total amount of whose Texas reserves does not exceed five thousand dollars, or to any such company doing only a reinsurance business in this state, but all of the other provisions of this chapter shall apply to such companies. Such articles shall set forth:

1. The name and residence of each of the incorporators.
2. The name of the proposed company, which shall contain the words, "Co-operative Life Insurance Company," as a part thereof, and which shall not be so similar to that of any other life insurance company or association transacting business in this state as to mislead the public.

If this showing is not made within six months after the date upon which such articles of incorporation are filed with the commissioner of insurance and banking, it shall be his duty to cancel the certificate of authority of such company to receive applications for insurance, and to notify each incorporator of such action. When the commissioner of insurance and banking shall be notified that any such company has complied with all

the foregoing provisions of this article, he shall make, or cause to be made, at the expense of such company, an examination thereof; and, if he shall find that the law has been in all respects fully complied with, it shall be his duty to issue to it a certificate of authority to transact the business of a co-operative life insurance company, in accordance with the terms of this chapter. [Act 1909, p. 285, sec. 1.]

Art. 4810. Officers, directors and policy holders, their powers and duties.—The business of a co-operative life insurance company shall be controlled and directed by a board of directors consisting of not less than five nor more than nine members, who shall be elected annually as provided in this chapter, those to serve until the first annual election to be named in the charter, and who shall hold office until their successors shall be elected and qualified, or until they shall be removed for improper practices. Such board of directors shall elect the officers of the company, which shall be a president, and such number of vice presidents as the by-laws may provide, a secretary, a treasurer, a medical director, and such other officers as the by-laws of the company may provide for, and shall fix the compensation of all such officers. The duties of all officers shall be prescribed by the by-laws. The by-laws governing the society until the date of its first annual meeting, as provided by this chapter, shall be adopted by the board of directors at their first meeting after the certificate of authority shall be issued authorizing the company to transact the business of a co-operative life insurance company. There shall be an annual meeting of all the policy holders of each co-operative life insurance company at the home office of such company on the second Tuesday in January after it shall have received a certificate of authority to transact the business of life insurance, and annually thereafter, at which the directors shall be elected for the succeeding year, and at which by-laws for the government of the company not inconsistent with the provisions of this chapter or with the laws of this state may be adopted, and at which the existing by-laws may be repealed or amended. At such annual meeting, every policy holder shall be entitled to one vote for each five hundred dollars of insurance held by him; and any policy holder may execute his proxy authorizing and entitling the holder to exercise his voting powers, unless such proxy shall be revoked previous to such annual meeting. The president, secretary and treasurer shall each give a bond for the protection of the company and its policy holders in amount and with securities to be approved by the commissioner of insurance and banking, conditioned for the faithful performance of their respective duties. [Id. sec. 2.]

Art. 4811. Investment and disposition of funds: not to hold real estate, except.—Co-operative life insurance companies shall invest their funds only in bonds of the state of Texas, or of some county, city, town, school district, or other subdivision, organized, or which may hereafter be organized, and authorized, or which may hereafter be authorized, to issue bonds under the constitution and laws of this state, or in mortgages upon improved, unincumbered real estate, the title to which is valid, situate within the state of Texas, worth double the amount of the loan thereon exclusive of buildings, unless such buildings are insured in some fire insurance company, authorized to transact business under the laws of this state, and the policy or policies transferred to the company, or in not more than one office building located in some city or town of this state in which the home office of such company is located, the actual value of which is not less than the amount invested therein. All moneys of any such company coming into the hands of any officer thereof or subject to his control, when not invested as prescribed in this article, shall be deposited in the name of such company in some bank or banks in this state which are subject to either state or national regulation and supervision, and which have been approved by the commissioner of in-

insurance and banking as depositories therefor. No co-operative life insurance company shall purchase or hold real estate except the building in which it has its home office and the land upon which it stands, or such as it shall acquire in good faith through foreclosure sale or otherwise in satisfaction of debts contracted or loans made in the course of its dealings. [Id. sec. 3.]

Art. 4812. **Shall not borrow money or create debts, except.**—No co-operative life insurance company shall have the power to borrow money for any purpose other than the payment of death losses. No such company shall have the power to incur any debt on any account, except under policies issued by it or for money borrowed to pay death losses, for which any portion of its assets over and above that which may represent or be derived from the expense loading of the premiums collected by it, shall in any event be subject to execution upon a judgment therefor. [Id. sec. 4.]

Art. 4813. **Policies to be valued by commissioner.**—The commissioner of insurance and banking shall annually make valuations of all outstanding policies of co-operative life insurance companies as of December 31 of each year, in accordance with the one year preliminary term method based upon the American Experience Table of Mortality, and three and one-half per cent interest per annum. [Id. sec. 5.]

Art. 4814. **Net premiums to be computed.**—The net premiums upon all policies issued by any such company shall be computed in accordance with the provisions of this article, and no portion of such net premium collected upon any policy, and no portion of the gross premium collected upon any policy, except the expense loading, shall ever be used or applied for the payment of any expenses of the company of any kind or character, or for any other purpose than the payment of death losses, surrender values, or lawful dividends to policy holders, loans to policy holders, or for the purposes of such investments of the company as are prescribed in this chapter. [Id.]

Art. 4815. **May set aside reserve.**—Every co-operative life insurance company may maintain and set aside, before declaring any dividends to policy holders, in addition to an amount equal to the net value of its policies, computed as required by this chapter, a contingency reserve not exceeding the following respective percentage of said net values, to-wit: When said net values are less than one hundred thousand dollars, twenty per centum thereof, or the sum of ten thousand dollars, whichever is the greater; when said net values are greater than one hundred thousand dollars, the percentage thereof measuring the contingency reserve shall decrease one-half of one per cent for each one hundred thousand dollars of said net values up to one million dollars; and, thereafter, one-half of one per centum for each additional one million dollars; provided, that as the net values of said policies increase and the maximum percentage measuring the contingency reserve decreases, such company may maintain the contingency reserve already accumulated hereunder, although for the time being it may exceed the maximum percentage herein prescribed, but may not add to the contingency reserve when the addition will bring it beyond the maximum percentage. [Id. sec. 6.]

Art. 4816. **Shall make apportionment of surplus.**—Every co-operative life insurance company organized under this chapter shall make an annual apportionment and accounting of divisible surplus to each policy holder after the end of the second policy year on all policies issued; and each such policy holder shall be entitled to and credited with or paid, in a manner hereafter provided, such a portion of the entire divisible surplus as has been contributed thereto by his policy. Upon the thirty-first day of December of each year, or as soon thereafter as may be practicable, every such company shall well and truly ascertain the surplus earned by it during such year; and, after setting aside from such surplus the contingency reserve provided in this chapter, it shall apportion to its policies upon which all premiums due and payable for the

first two years thereof have been paid, the proportion of the remainder of such surplus which has been contributed by each such policy, and shall immediately submit a detailed report of such apportionment under the oath of its president or secretary to the commissioner of insurance and banking. If such commissioner shall find such apportionment to be equitable and just to the policy holders and to be in accordance with the provisions of this chapter, he shall approve the same, and it shall become effective; and, if he shall not approve such apportionment, he shall make such changes therein as he shall deem equitable and just and necessary to make the same comply with the provisions of this chapter, and shall certify such changes to such company, whereupon such apportionment as changed by the commissioner shall become effective. The dividends declared as aforesaid shall be applied toward the payment of any premium or premiums upon such policy which shall come due more than thirty days after such apportionment shall become effective. [Id. sec. 7.]

Art. 4817. **Transact business only in Texas; form of policy.**—Co-operative life insurance companies are authorized to transact business only within the state of Texas, and shall issue no policies other than whole life or twenty-payment life policies on the annual dividend plan; and the forms of all policies issued by any such company shall be prescribed by the commissioner of insurance and banking; and all such policies shall have plainly printed both on the face and the reverse side thereof the words, "The form of this policy is prescribed by the commissioner of insurance and banking of the state of Texas;" and it shall be the duty of the commissioner to revoke the certificate of authority of any company which shall issue any policy except upon such form so prescribed. All such policies may provide for not more than one year preliminary term insurance. No such company shall issue any policy or policies by which it shall be bound for more than five thousand dollars upon any one life at any time when the amount of its total insurance in force is less than ten million dollars. [Id. sec. 8.]

Art. 4818. **Medical examination.**—No co-operative life insurance company shall enter into any contract of insurance upon the life of any person without having previously made, or caused to be made, a detailed medical examination, prescribed by its medical director and approved by its board of directors, of the insured by a duly qualified and licensed medical practitioner, and without his certificate that the insured was in sound health at the date of examination. [Id. sec. 9.]

Art. 4819. **Premiums, when to be paid, and notice of.**—The policies issued by a co-operative life insurance company may provide that the premiums thereon may be paid annually, semi-annually, quarterly or monthly; and, in the event that such premiums are payable other than annually, no deduction shall be made from the amounts due on any policy in the event that the death of the policy holder shall occur prior to the completion of a full policy year. It shall be the duty of the company to mail from its home office to each policy holder a notice of the date upon which each premium is to become due at least thirty days prior to such date if the premium is payable annually, semi-annually, or quarterly, and at least ten days prior to such date if the same is payable monthly; provided, that local agents may be authorized and empowered by the board of directors to collect premiums and to give the notice required by this article. [Id. sec. 10.]

Art. 4820. **Loan value; non-forfeitable after three years.**—After three full years premiums have been paid upon any policy in a co-operative life insurance company, the owner thereof shall be entitled, on proper assignment of such policy and on the sole security thereof, to borrow from the company a sum not greater than the reserve value thereof, and apply the same in payment of any premiums due or to become due upon such policy. In the

event of default in the payment of any premium after three full years premiums have been paid upon any policy, the owner, within one month after any default, may elect to accept the value of such policy in cash, or to have the insurance continued in force from the date of default, without future participation and without the right to loans, for its face amount less any indebtedness to the company thereon, or to purchase non-participating paid-up insurance, payable at the same time and on the same conditions as such policy. The cash value will be the reserve at the date of default computed in accordance with the provisions of this chapter, less such surrender charge as may be provided in the policy, not exceeding two and one-half per centum of the amount insured thereby and less any existing indebtedness to the company on such policy. Payment of such cash value may be deferred by the company for not exceeding six months after the application therefor is made. The terms for which the insurance will be continued, or the amount of the paid-up policy, will be such as the cash value will purchase as a net single premium at the attained age of the insured according to the American Experience Mortality Table and interest at the rate of three and one-half per cent per annum. If the owner shall not, within one month from such default, surrender the policy to the company at its home office for a cash surrender value or paid-up insurance, the company shall continue the insurance as above provided. [Id. sec. 11.]

Art. 4821. **Annual certificates and statements.**—The original certificate of authority to transact the business of a co-operative life insurance company, issued to any such company by the commissioner of insurance and banking, shall expire on March 1 next succeeding the date of its issuance. Each such company is required to render annually, under oath by its president or a vice-president and its secretary or treasurer, and file not later than February 15 of each year, in the office of the commissioner of insurance and banking, a statement, in such form and upon such blanks as may be prescribed by the commissioner of insurance and banking, accompanied by a filing fee of ten dollars, showing the condition of the company on the thirty-first day of December next preceding, which shall include a statement in detail showing the class and character of its assets and liabilities on said date, the amount and character of business transacted, moneys received and disbursed during the preceding calendar year and the number and amount of its policies in force on said date, and such other facts as may be required by the commissioner of insurance and banking. When such annual statement is filed with the commissioner of insurance and banking, upon receipt of a fee of one dollar, if he is satisfied that the company has in all respects complied with the laws of the state, he shall issue a certificate of authority to such company for the year beginning March 1 after the filing of such statement. [Id. sec. 12.]

Art. 4822. **Agents shall have certificates.**—No agent or other person shall solicit or receive applications for insurance in a co-operative life insurance company without a certificate of authority from the commissioner of insurance and banking, which shall expire on March 1 next after the date of its issuance. Such certificates of authority shall not be issued by such commissioner, except upon application therefor, signed by the president or secretary of the company, which application shall state that the contract between the company and such agent has been made in writing, and that a true copy of such contract is attached to and made a part of such application, and that such contract fully shows the entire compensation that such agent is to receive, directly or indirectly, on account of any services to be rendered by him for such company; and no such certificate of authority shall be issued by such commissioner, unless it shall be shown that the compensation to be paid such agent, together with all other expenses of any sort likely to be incurred in connection with or attributable to the obtaining of new insurance through

such agent, shall not exceed eighty per centum of the expense loading in the premiums to be collected therefor. [Id. sec. 13.]

Art. 4823. Annual examination and statement.—It shall be the duty of the commissioner of insurance and banking to have made, at least once in each calendar year, a thorough and full examination of the affairs of each cooperative life insurance company, the report of which examination shall be made to such commissioner under oath, which shall be accompanied by a list of all policy holders as shown by the books of the company, together with the postoffice address of each; and it shall be the duty of the commissioner of insurance and banking, if he shall approve the report of such examination, after having given the officers of the company an opportunity to be heard, to mail a printed copy of such report to each such policy holder. The expense of each such examination and of mailing the copies of such reports to the policy holders shall be borne by the company examined. [Id. sec. 14.]

Art. 4824. Additional examination; may suspend certificates; receiver.—If at any time the commissioner of insurance and banking deems it necessary to make an additional examination of any such company, he may do so; and, if as a result of any such examination or from other information, he shall have the opinion that the operations of the company are unsafe or hazardous to the policy holders' interests, or in violation of any law of this state, he shall suspend its certificate of authority, and direct its officers to call a special meeting of its policy holders and direct them to cease the further issuance of policies until such meeting is held. At such meeting of the policy holders, the commissioner of insurance and banking shall present the facts for such action as the policy holders may deem advisable. If, in the opinion of the commissioner of insurance and banking, such action of the policy holders when taken will not fully protect the interests of all policy holders, he shall apply to the district court of the county in which the home office of the company is situated, or to the judge thereof, in vacation, for the appointment of a receiver to take temporary charge of the business and affairs of such company, who shall receive the compensation allowed by law to state bank examiners, and who shall have all power and authority of the board of directors to manage and control the business and affairs of such company, subject to the orders of the district court or judge in vacation, until the reasons for his appointment shall, in the opinion of the judge appointing him, have been removed. At any time when the liabilities of any such company, computing its reserve liability upon the American Experience Table of Mortality and three and one-half per cent interest per annum, shall be in excess of its assets, the company shall cease the issuance of new policies until the impairment in its reserves shall be made good. Whenever the liabilities of any such company, computing its reserve liability upon the American Experience Table of Mortality and four and one-half per cent per annum, exceed its assets, the commissioner of insurance and banking may request the attorney general to file suit in the name of the state in the district court of the county in which such company is located for the appointment of a receiver to wind up its affairs, and such action may be maintained. In any such action, such district court, or judge thereof, in vacation, shall have the power, if in his opinion the interests of the policy holders of such company require it, to enter an order providing for the re-insurance of all outstanding risks of such company in some other life insurance company authorized to do business in this state upon such terms and conditions as may be approved by the commissioner of insurance and banking, and by such court, or the judge thereof, in vacation; and such court or judge may for that purpose direct the conveyance of the entire assets of any such company, or of any portion thereof, to such re-insuring company in consideration of such re-insurance. [Id. sec. 15.]

Art. 4825. **Taxes, how calculated; authorized to deposit securities.**—For the purposes of state, county and city taxation, the amount of the reserve and contingency reserve of all co-operative life insurance companies shall be treated as debts due by them to their policy holders; and the total value of their property for such purposes shall be ascertained by deducting from the total amount of their gross assets the amount of such reserves and contingency reserves. [Id. sec. 16]

Art. 4826. **General law as to deposits applicable to.**—The provisions of article 4749 to article 4750, inclusive, in chapter 2 of this title, relating to the deposit of securities by insurance companies, shall likewise apply to and govern co-operative life insurance companies organized under the provisions of this chapter. [Acts 1909, p. 448, 2 S. S. sec. 8.]

Article 4827. **Defined.**—Any corporation, society, order, or voluntary association, without capital stock, organized and carried on solely for the mutual benefit of its members and their beneficiaries, and not for profit, and having a lodge system with a ritualistic form of work and representative form of government, and which may make provision for the payment of death benefits, is hereby declared to be a fraternal beneficiary association. [Act 1909, p. 357, sec. 1.]

Art. 4828. **Lodge system defined.**—Any association having a supreme governing or legislative body and subordinate lodges or branches, by whatever name known, into which members shall be elected in accordance with its constitution, laws, rules and regulations, and initiated in accordance with the prescribed ritualistic ceremonies in lodge sessions, which subordinate lodges or branches shall be required by the laws of such association to hold regular or stated meetings at least once in each month, shall be deemed to be operating under the lodge system. [Id. sec. 2.]

Art. 4829. **Representative form of government defined.**—Any association shall be deemed to have a representative form of government when it shall provide in its constitution and laws for a supreme legislative or governing body, composed of the representatives elected by the members, or by dele-

gates elected, directly or indirectly, by the members, together with such other members as may be prescribed by its constitution and by-laws; provided, that the elective representatives shall constitute a majority in number and have not less than a majority of the votes, nor less than the votes required to amend its constitution and by-laws; and provided, further, that the meetings of the supreme or governing body and the election of officers shall be held as often as once in four years. [Id. sec. 3.]

Art. 4830. **Exemptions.**—Except as herein provided, such associations shall be governed by this chapter, and shall be exempt from all provisions of the insurance laws of this state, not only in governmental relations with the state, but for every other purpose; and no law hereafter passed shall apply to them, unless they be expressly designated therein. [Id. sec. 4.]

Art. 4831. **Benefits.**—Every association transacting business under this chapter shall provide for the payment of death benefits, and may provide for benefits payable to its members on the death of either husband or wife, and may provide for the payment of benefits in case of temporary or permanent disability, either as the result of disease, accident or old age; provided, the period of life at which the payment of benefits for disability on account of old age shall commence shall not be under seventy years, and may provide for the erection and payment of monuments at the graves of their deceased members. [Id. sec. 5.]

Art. 4832. **Benefits confined to whom.**—The payment of death benefits shall be confined to wife, husband, relative by blood to the fourth degree ascending or descending, step-father, step-mother, step-children, children by legal adoption, or a person or persons dependent upon the member; provided, that, if after the issuance of the original certificate the member shall become dependent upon the charity of an individual or of an institution, he shall have the privilege, with the consent of the association, to make such individual or institution his beneficiary. Within the above restrictions, each member shall have the right to designate his beneficiary, and, from time to time, have the same changed in accordance with the laws, rules or regulations of the association; and no beneficiary shall have or obtain any vested interest in the said benefit until the same has become due and payable upon the death of the said member; provided, that any association may, by its laws, limit the scope of beneficiaries within the above classes. [Id. sec. 6.]

Art. 4833. **Qualifications for membership.**—Any association may admit to beneficial membership any person over sixteen and under sixty years of age who has been examined by a competent physician, and whose examination has been supervised and approved in accordance with the laws of the association; provided, that any beneficiary member of such association who shall apply for a certificate providing for disability benefits, need not be required to pass an additional medical examination therefor. Nothing herein contained shall prevent such association from accepting general or social members. [Id. sec. 7.]

Art. 4834. **Certificate.**—Every certificate issued by any association shall specify the maximum amount of benefit provided thereby, and the conditions governing the payment thereof, and shall provide that the certificate, the charter, or articles of association, the constitution and laws of the association and the application for membership and medical examination signed by the applicant, shall constitute the contract between the association and the member; and copies of the same, certified by the secretary of the association or corresponding officer, shall be received in evidence of the terms and conditions of the contract; and any changes, additions or amendments to said charter or articles of association, constitution or laws, duly made or enacted subsequent to the issuance of the benefit certificate, shall bind the member and his beneficiaries and shall govern and control the contract in all

respects the same as though such changes, additions or amendments had been made prior to, and were in force at the time of the application for membership; provided, it shall never be necessary for any such association to accompany its contract, policy or certificate with the copy of the application of such policy, contract or certificate, nor with a copy of the questions and answers thereto. All benefit certificates shall from the date of their issuance be non-contestible on account of any statement or representation made by said applicant for membership, either in his application or otherwise, or his medical examination, unless such representation shall be material to the risk assumed; and the burden of proof shall be upon the defendant to affirmatively establish such defense. [Amended Acts 1909, 2 S. S., p. 443, sec. 8.]

Art. 4835. Funds.—Any association may create, maintain, disburse and apply a reserve, emergency or surplus fund, in accordance with its constitution and laws not inconsistent with the provisions of this chapter. Any such reserve, emergency or surplus funds shall be held, invested and disbursed for the use and benefit of the association; and no such association shall be permitted to use any portion of such funds for any purpose, except the payment of death or disability benefits. Provided, that a separate fund created for the purpose of paying the assessments of a certain class of members, may be used for that purpose and no other. The funds from which benefits shall be paid, and the funds from which the expenses of the association shall be defrayed, shall be derived from the periodical or other payments by the members of the association and accretions of said funds; and every contract hereafter made between such association and its members shall provide that, if such regular payments are insufficient to pay all matured death and disability claims in full, and to provide for the creation and maintenance of the funds required by its constitution and laws, extra assessments may be levied upon the members to meet such deficiency. [Act 1909, p. 357, sec. 9.]

Art. 4836. Investment of funds.—Any such association may invest its funds in real estate for office purposes, and may hold or sell and convey any real estate acquired by foreclosure or received in satisfaction of loans. It may also invest its funds in government, state, provincial, county or municipal bonds, or bonds of any township, park or school district having taxing powers: provided, such bonds shall be a direct obligation on all the taxable property within such municipality or district, or irrigation, paving or drainage district bonds; provided, such obligation shall be a direct obligation on all real estate within such district, or first lien or ground rents upon improved real estate, not exceeding fifty per cent of the market value thereof. [Id. sec. 10.]

Art. 4837. Annual sworn statement.—Not later than March the first of each calendar year, the officer or officers, board or committee, or other body charged or authorized by the laws or rules or regulations of such association with the duty of investing the funds of such association, shall either jointly or severally make, execute and file with the commissioner of insurance and banking a sworn statement that within their knowledge no part of the money collected by or on behalf of such association for mortuary or disability purposes, and no part of the reserve, emergency or surplus fund, nor the net accretions of either or any of said funds has been used for expenses, or for any purpose other than those permitted by this chapter, during the preceding year. Provided, that any association that provides in its laws for using any portion of the first year's assessments, received from new members, for expenses, shall not be held or considered to be acting contrary to or in violation of this article. [Id. sec. 12.]

Art. 4838. Distribution of funds.—Every provision for payment by members of such an association in whatever form made, shall distinctly state the purpose of the same, and the proportion thereof which may be used for ex-

penses; and no part of the money collected for mortuary or disability purposes, and no part of the reserve, emergency or surplus funds, or the net accretions of either or any of said funds, shall be used for expenses. [Id. sec. 13.]

Art. 4839. **Organization.**—Seven or more persons, citizens of the United States, and a majority of whom are citizens of this state, who desire to form a fraternal beneficiary association, as defined by this chapter, may make and sign (giving their addresses) and acknowledge before some officer competent to take acknowledgment of deeds, articles of association, in which shall be stated:

1. The proposed corporate name of the association, which shall not so closely resemble the name of any association or insurance company already transacting business in this state as to mislead the public or lead to confusion.

2. The purpose for which it is formed, which shall not include more liberal powers than are granted by this chapter; provided, that any lawful social, intellectual, educational, moral or religious advantages may be set forth among the purposes of the association and the mode in which its corporate powers are to be exercised.

3. The names, residences and official titles of all the officers, trustees, directors or other persons who are to have and exercise the general control and management of the affairs and funds of the association for the first year, or until the ensuing election, at which all such officers shall be elected by the supreme legislative or governing body.

4. Such articles of association, and duly certified copies of the constitution and laws, rules and regulations, and copies of all proposed forms of benefit certificates, applications therefor, and literature to be issued by such association, and a bond in the sum of five thousand dollars with a corporate surety, approved by the commissioner of insurance and banking, and authorized to carry on a surety business within the State of Texas, conditioned upon the return of the advance payments, as provided in this article to applicants, if the organization is not completed within one year, shall be filed with the commissioner of insurance and banking, who may require such further information as he deems necessary; and, if the purposes of the association conform to the requirements of this chapter, and all provisions of the law have been complied with, the commissioner of insurance and banking shall so certify and retain and record the articles of association in a book to be kept for that purpose and furnish the incorporators a preliminary certificate authorizing said association to solicit members as hereinafter provided. Upon receipt of said certificates from the commissioner of insurance and banking, said association may solicit members for the purpose of completing its organization, and shall collect from each applicant the amount of not less than one death benefit assessment or payment, in accordance with its tables of rates, as provided by its constitution and laws, and shall issue to each such applicant a receipt for the amount so collected; but no association shall incur any liability other than for such advanced payments, nor issue any benefit certificate, nor pay, or allow, or offer, or promise to pay, or allow, to any person, any death or disability benefit until actual bona fide applications for death benefit certificates have been secured upon at least five hundred lives for at least one thousand dollars each, and all such applicants for death benefits shall have been regularly examined by legally qualified practicing physicians, and certificates of such examinations have been duly filed and approved by the chief medical examiner of such association, nor until there shall be established ten subordinate lodges or branches into which said five hundred applicants have been initiated, nor until there has been submitted to the commissioner of insurance and banking, under oath of the president and secretary, or corre-

sponding officers of such association, a list of such applicants, giving their names, addresses, date examined, date approved, date initiated, name and number of the subordinate branch of which applicant is a member, amount of benefits to be granted, rate of regular payments or assessments, nor until it shall be shown to the commissioner of insurance and banking, by the sworn statement of the treasurer or corresponding officer of such association, that at least two hundred applicants have each paid in cash at least one regular monthly payment or assessment as herein provided per one thousand dollars of indemnity to be effected, which payments shall amount to one assessment to aggregate not less than five hundred dollars, all of which shall be credited to the mortuary or disability fund on account of such applicants, and no part of which may be used for expenses. Said advanced payments shall, during the period of organization, be held in trust for, and, if the organization is not completed within one year, as hereinafter provided, returned to said applicants. Such association shall provide in its constitution or laws that no benefit in excess of one thousand dollars shall be payable by it until it shall have one thousand bona fide paying benefit members, and no such association shall be authorized to issue one benefit certificate for more than said sum until it has secured such members. The commissioner of insurance and banking may make such examination and require such further information as he deems advisable, and, upon presentation of satisfactory evidence that the association has complied with all the provisions of law, he shall issue to such association a certificate to that effect. Such certificate shall be prima facie evidence of the existence of such association at the date of such certificate. The commissioner of insurance and banking shall cause a record of such certificate to be made, and a certified copy of such record may be given in evidence with like effect as the original certificate. No preliminary certificate granted under the provisions of this article shall be valid after one year from its date, or after such further period, not exceeding one year, as may be authorized by the commissioner of insurance and banking upon cause shown, unless the five hundred applicants herein required have been secured and the organization has been completed as herein provided; and the articles of association and all proceedings thereunder shall become null and void in one year from the date of said preliminary certificate, or at the expiration of said extended period, unless such association shall have completed its organization and commenced business, as herein provided. When any domestic association shall have discontinued business for the period of one year, its charter shall become null and void. [Id. sec. 14.]

Art. 4840. **Powers retained; re-incorporation; amendments.**—Any association engaged in transacting business on the tenth day of July, A. D. 1909, in the state, may exercise all the rights conferred by this chapter, and all the rights, powers and privileges then exercised or possessed by it under its charter of articles of association, not inconsistent with this chapter, or it may be reincorporated hereunder. But no association at said date organized and doing business in this state shall be required to reincorporate hereunder, nor shall it be required to adopt the provisions prescribed herein for new associations, in order to avail itself of the privileges of this chapter, and any such association may amend its articles of association from time to time in the manner provided herein, or its constitution or laws, and all such amendments shall be filed with the commissioner of insurance and banking, and shall become operative upon such filing unless a later time be provided in such amendments or in its articles of association, constitution or laws. [Id. sec. 15.]

Art. 4841. **Transfer of membership.**—No domestic association shall transfer its membership or funds to any association not authorized by the commissioner of insurance and banking to transact business in this state, nor shall any such association transfer its membership or funds to any licensed association, un-

less the said contract of transfer has been approved by a two-thirds vote of the members of the supreme body of the association, whose membership is proposed to be transferred, and by a two-thirds vote of the trustees or board having charge of the association proposing to take such membership. [Id. sec. 16.]

Art. 4842. **Annual license.**—Associations mentioned in article 4827 of this chapter may continue such business until the first day of March, A. D. 1910; and the authority of such association shall thereafter be renewed annually upon compliance with this chapter, but in all cases to terminate on the last day of the succeeding February. For each such license or renewal, the association shall pay the commissioner of insurance and banking ten dollars. A duly certified copy of such license shall be prima facie evidence that the licensee is a fraternal beneficiary association within the meaning of this chapter. [Id. sec. 17.]

Art. 4843. **Admission of foreign associations.**—No foreign association transacting business in this state on the tenth day of July, 1909, and organized prior to said date, which was not then authorized to transact business in this state, shall transact business therein without a license from the commissioner of insurance and banking. Any such association shall be entitled to a license to transact business within this state, upon filing with the commissioner of insurance and banking a duly certified copy of its charter or articles of association; a copy of its constitution or laws, certified by its secretary or corresponding officer; a power of attorney to the commissioner of insurance and banking, as hereinafter provided; a statement under oath of its president and secretary, or corresponding officer, in the form required by the commissioner of insurance and banking, duly verified by an examination made by the supervisory insurance official of its home state, of its business for the preceding year; a certificate from the proper official in its home state, province or country, that the association is legally organized; a copy of its contract, which must show that benefits are provided for by assessment upon, or other payments, by persons holding similar contracts; and upon the furnishing the commissioner of insurance and banking such other information as he may deem necessary to a proper exhibit of its business and plan of working, and upon showing that its assets are invested in accordance with the laws of the state, territory, district, province or country where it is organized, he shall issue a license to such association to do business in this state, until the last day of the succeeding February, and such license shall, upon compliance with the provisions of this chapter, be renewed annually, but in all cases to terminate on the last day of the succeeding February. Any foreign association organized after said tenth day of July, 1909, desiring admission to this state, in addition to the foregoing requirements of this article, shall have the further qualifications required of domestic associations, organized under this chapter, and have its assets invested as required by the laws of this state. For each such license or renewal, the association shall pay the commissioner of insurance and banking ten dollars. When the commissioner of insurance and banking refuses to license any association, or revokes its authority to do business in this state, he shall reduce his ruling, order or decision to writing and file the same in his office, and shall furnish a copy thereof, together with a statement of his reasons, to the officers of the association, upon request; and the action of the commissioner of insurance and banking shall be reviewable by proper proceedings in any court of competent jurisdiction within this state; provided, however, that nothing contained in this or the preceding article shall be taken or construed as preventing any such association from continuing in good faith all contracts made in this state during the time such association was legally authorized to transact business therein. [Id. sec. 18.]

Art. 4844. Power of attorney and service of process.—Every association, domestic or foreign, shall, before being licensed, appoint in writing the commissioner of insurance and banking and his successors in office to be its true and lawful attorney, upon whom all legal process in any action or proceeding against it shall be served, and in such writing shall agree that any lawful process against it, which is served upon such attorney, shall be of the same legal force and validity as if served upon the association, and that the authority shall continue in force so long as any liability remains outstanding in this state. Copies of such appointment certified by said commissioner of insurance and banking shall be deemed sufficient evidence thereof and shall be admitted in evidence with the same force and effect as the original thereof might be admitted. Service may only be made upon such attorney, must be made in duplicate and shall be deemed sufficient service upon such association; provided, however, that no such service shall be valid or binding against any such association when it is required thereunder to file its answer, pleading, or defense in less than thirty days after the date of such service. When legal process against any such association is served upon said commissioner of insurance and banking, he shall forthwith forward, by registered mail, one of the duplicate copies, prepaid and directed to its secretary or corresponding officer. The plaintiff in such process so served shall pay to the commissioner of insurance and banking for the use of the state, at the time of such service, a fee of two dollars, which shall be recovered by him as part of the taxable costs, if he prevails in the suit. [Id. sec. 19.]

Art. 4845. Place of meeting; location of office.—Any domestic association may provide that the meetings of its legislative or governing body may be held in any state, district, province or territory wherein such association has subordinate branches; and all business transacted at such meetings shall be as valid in all respects as if such meetings were held in this state. But its principal office shall be located in this state. [Id. sec. 20.]

Art. 4846. No personal liability.—Officers and members of the supreme, grand or any subordinate body of any such incorporated association shall not be individually liable for the payment of any disability or death benefit provided for in the laws and contracts of such associations, but the same shall be payable only out of the funds of such association, and in the manner provided by its laws. [Id. sec. 21.]

Art. 4847. Cannot waive provisions of law.—No subordinate body, or any of its officers or members, shall have the power or authority to waive any of the provisions of the laws and constitution of the association, and the same shall be binding on the association and each and every member thereof and their beneficiaries. [Id. sec. 22.]

Art. 4848. Separate jurisdiction, provisions.—All grand lodges, by whatever name known, whether incorporated or not, holding charters from any supreme governing body, which were conducting business in this state on the tenth day of July, 1909, as a fraternal beneficiary association, upon what is known as the separate jurisdiction plan, shall be treated as single state organization, and all reports required by the provisions of this chapter, shall be made and furnished by the officers of such supreme state governing body, and shall embrace and contain the transactions, liabilities and assets of such state organization. [Id. sec. 23.]

Art. 4849. Constitution and laws; amendments.—Every association transacting business under this chapter shall file with the commissioner of insurance and banking a duly certified copy of all amendments of, or additions to, its constitution and laws within ninety days after the enactment of the same. Printed copies of the constitution and laws, and of additions or amendments thereto, certified by the secretary or corresponding officer of the association, shall be prima facie evidence of the legal adoption thereof. [Id. sec. 24.]

Art. 4850. **Annual reports.**—Every association transacting business in this state shall annually, on or before the first day of March, file with the insurance commissioner, in such form as he may require, a statement under oath of its president and secretary, or corresponding officer, of its condition and standing on the thirty-first day of December next preceding, and of its transactions for the year ending on that date. However, if any such association has had its books and accounts audited within the time inquired about by some auditor of recognized honesty and ability, in some other state, and whose honesty and ability is recognized and approved by the commissioner of Texas, and if said auditing and report is approved by the insurance commissioner of some other state, then a certified copy of said auditing and report, under oath, shall be accepted by the commissioner of this state as to all matters contained therein. The insurance commissioner may at other times require any further statement he may deem necessary to be made relating to such associations. But such insurance commissioner shall neither make, nor permit to be made from any information so obtained, any valuation of its outstanding benefit certificates, unless requested to make such valuation by the association. [Id. sec. 25.]

Art. 4851. **Examination of domestic association.**—The commissioner of insurance and banking, or any person he may appoint, shall have the power of visitation and examination into the affairs of any domestic association. He may employ assistants for the purpose of such examination, and he, or any person he may appoint, shall have free access to all the books, papers and documents that relate to the business of the association and may summon and qualify as witness under oath and examine its officers, agents and employes or other persons, in relation to the affairs, transactions and conditions of the association. The expense of such examination shall be paid by the association examined, upon a sworn itemized statement thereof being presented by the commissioner of insurance and banking, or his authorized representative, a copy of which statement shall be filed in the office of said commissioner; provided the expense of such examination shall be limited to fifty dollars. Whenever after examination, or from other information, the commissioner is satisfied that any domestic association is insolvent, as insolvency is herein defined, or has failed to comply with any provisions of this law, or is exceeding its powers, or is not carrying out its contract in good faith, or is transacting business fraudulently, or whenever any domestic association, after the existence of one year or more, shall have a membership of less than five hundred, or votes to discontinue business, the commissioner of insurance and banking may present the facts relating thereto to the attorney general, who shall, if he deem the circumstances warrant, commence an action in quo warranto in a court of competent jurisdiction; and such court shall thereupon notify the officers of such association of a hearing; and, unless it shall then appear that some special and good reason exists why such association should not be closed; said association shall be enjoined from carrying on any further business, and some person shall be appointed receiver of such association, and shall proceed at once to take possession of the books, papers, moneys and other assets of the association, and shall forthwith, under the direction of the court, proceed to close the affairs of the association and to distribute its funds to those entitled thereto. No such proceeding shall be commenced by the attorney general against such association until after notice has been duly served on the chief executive officer of the association and a reasonable opportunity given to it on a date to be named in said notice, which shall not be less than thirty days after service of notice, to show cause why such proceedings should not be continued. No such receiver shall receive compensation for his services greater than that allowed by law to state bank examiners. Pending, during or after an examination or investigation of any such

association, whether domestic or foreign, the commissioner of insurance and banking shall make public no statement, report or finding, nor shall he permit to become public any statement, report or finding, affecting the status, standing or rights of any such association until a copy thereof shall have been served upon the president or secretary, or corresponding officer, of such association, nor until such association shall have been afforded a reasonable opportunity to answer any such statement, report, or finding, and to make such showing in connection therewith as it may desire. If such statement, report or finding shall not be withdrawn after such hearing, it shall not thereafter be made public except in connection with the answer or explanation of the association concerned. [Id. sec. 26.]

Art. 4852. **Application for receiver, etc.**—No application for injunction or other proceeding for the dissolution of, or the appointment of a receiver for, any such domestic association, or branch thereof, shall be entertained by any court in this state, unless the same is made by the attorney general. [Id. sec. 27.]

Art. 4853. **Examination of foreign associations.**—The commissioner of insurance and banking, or any person whom he may appoint, may examine any foreign association transacting, or applying for admission to transact, business in this state. The commissioner may employ assistants for the purpose of such examination, and he, or any person he may appoint, shall have free access to all the books, papers and documents that relate to the business of the association, and may summon and qualify as witnesses under oath and examine its officers, agents, employes, and other persons, in relation to the affairs, transactions and conditions of the association. He may, in his discretion, accept in lieu of such examination, the examination of the insurance department of the state, territory, district, province or country where such association is organized. The expenses of such examination shall be paid by the association examined, upon a sworn itemized statement thereof being presented by the commissioner of insurance and banking, or his authorized representative, a copy of which statement shall be filed in the office of said commissioner. If any such association or its officers refuse to submit to such examination, or to comply with the provisions of this article relating thereto, the authority of such association to transact business in this state shall be revoked until satisfactory evidence is furnished the commissioner of insurance and banking relating to the condition and affairs of the association; and, during such revocation, the association shall not transact any business in this state; provided, no such revocation shall be made until thirty days written notice shall be given to such association at its home office; provided, that the total cost of this examination shall never in any one year exceed the sum of fifty dollars. [Id. sec. 28.]

Art. 4854. **Revocation of license.**—When the commissioner, on investigation, is satisfied that any foreign association transacting business under this chapter, is insolvent, or has exceeded its powers, or has failed to comply with any provision of this law, or to pay off and satisfy any execution that may lawfully issue on any final judgment against it within sixty days after the officer holding such execution has demanded payment thereof, or is conducting business fraudulently, or is not carrying out its contracts in good faith, he shall notify the president and secretary, or other officers corresponding thereto, of his findings, and state in writing the grounds of his dissatisfaction, and, after not less than ten days notice, require said association, on a date named, to show cause why its license should not be revoked. If, on the date named in said notice, such objections have not been removed to the satisfaction of the commissioner of insurance and banking, or the association does not present good and sufficient reason why its authority to transact business in this state

should not at that time be revoked, he may revoke the authority of the association to continue business in this state. All decisions and findings of the commissioner of insurance and banking made under the provisions of this article may, by proper proceedings in any court of competent jurisdiction, as provided in article [4843], be reviewed. [Id. sec. 29.]

Art. 4855. **Exemption of certain associations.**—Nothing contained in this chapter shall be construed to affect or apply to grand or subordinate lodges of Masons, Odd Fellows or Knights of Pythias (exclusive of the insurance department of the Supreme Lodge Knights of Pythias); nor the Junior Order of United American Mechanics (exclusive of the beneficiary degree or insurance branch of the National Council Junior Order United American Mechanics); nor to societies which limit their membership to a particular vocation; nor to similar associations which do not issue insurance certificates; nor to an association of local lodges of an association doing business in this state, which provide death benefits not exceeding three hundred dollars to any one person, or disability benefits not exceeding five hundred dollars in any one year to any one person, or both; nor to any contract or reinsurance of, or between, such local lodges of such association doing business on such plan in this state, nor to domestic associations, which limit their membership to the employes of a particular city or town, designated firm, business house or corporation; nor to domestic lodges, orders or associations of a purely religious, charitable and benevolent description, which do not provide for a death benefit of more than one hundred dollars, or for disability benefit of more than one hundred and fifty dollars to any one person in any one year; provided, always, that any such domestic order or association which has more than five hundred members and provides for death or disability benefits, and any such domestic lodge, order, or association which issues to any person a certificate providing for the payment of benefits, shall not be exempt by the provisions of this article, but shall comply with all the requirements of this chapter. The commissioner of insurance and banking may require from any association such information as will enable him to determine whether such association is exempt from the provisions of this chapter. [Id. sec. 30.]

Art. 4856. **Exempt from taxation.**—Every fraternal beneficiary association, organized or licensed under this chapter, is hereby declared to be a charitable and benevolent institution; and all of its funds and assets shall be exempt from any state, county and municipal tax other than taxes on real estate and office equipment. [Id. sec. 31.]

Art. 4857. **Shall secure additional members or forfeit permit.**—All associations, domestic or foreign, which were doing business in this state on July 10, 1909, and which are not by the terms of this act exempted from its provisions, and having less than three hundred bona fide paying benefit members, and less than three hundred thousand dollars insurance in force upon their lives, shall, within twelve months from said date, secure at least three hundred such members, upon whose lives said amount of insurance shall be in force; or failing therein, it shall be the duty of the commissioner of insurance and banking to revoke the license of such association, which shall do no further business in the state until it shall have procured bona fide applications for insurance on said number of lives upon which one full monthly assessment has been paid in accordance with the constitution and laws of such association. [Id. sec. 32.]

Art. 4858. **Commissioner to issue certificates to agents.**—All certificates of authority for agents or solicitors shall be issued by the commissioner upon application made therefor by any of the general officers of the association, or by any agent whom the properly authorized governing body of the association has, by resolution filed with the commissioner of insurance and bank-

ing, duly empowered to make such application; and all such certificates shall be revoked by the commissioner, upon the request of the association, and may be revoked for cause upon like ground and in like manner as the certificates of authority of agents for life insurance companies under the laws of this state. All such certificates shall be renewed annually, and shall expire on the last day of February of each year, and a fee of one dollar shall be paid for the use of the state for the issuance of each such certificate. [Id. sec. 33.]

Art. 4859. Local companies exempt from chapter shall file statement.—The provisions of this chapter shall not apply to incorporated or unincorporated mutual relief, or benefit, or burial associations, operating upon the assessment plan, whose business is confined to not more than one county in the state, or to a territory in two or more adjacent counties included within a radius of not more than twenty-five miles surrounding the city or town in which its principal office is to be located, which is designated in its charter, which are hereby denominated local mutual aid associations, providing that such associations are in no manner, directly or indirectly, connected, federated or associated with any such association, and do not, directly or indirectly, contribute to the expense or support of any other such association, or to the officers, promoters or managers thereof. And provided, that no person or officer shall receive from said association any payment on account of organization or other expenses or salaries not a bona fide resident of such county in which such association is domiciled. The association above mentioned shall annually, on or before March 1, file a statement with the commissioner of insurance and banking, which shall be signed and sworn to by the president, secretary and treasurer, or the officer holding positions corresponding thereto. Such statement shall show whether the association has, during the preceding year, done any business outside of the county in which it is domiciled, and shall state whether or not said association is associated, federated, or directly or indirectly, connected with any other, and shall show what, if anything, has been contributed during the preceding year by said association, or the members, to any person or officer or director thereof for salaries, commissions or promotion expenses, and the name and residence of the party or parties receiving the same. The commissioner of insurance and banking may, at his option, and it shall be his duty, if not satisfied with said statement, to demand other and additional statements, and examine the books, papers and records of said association, either himself or by some other suitable person authorized by him. Should it appear to the commissioner of insurance and banking that any such local mutual aid association is not carrying on business as set forth in this article, and is not entitled to the exemption therein set forth, such association shall be subject to and comply with all provisions of this chapter as a fraternal beneficiary association. Every such local association claiming to be entitled to the benefit of the exemption created by this article shall plainly state upon its certificates, applications and all advertising matter, in a conspicuous manner, that said association is a local mutual aid association, or same shall be deemed subject to all provisions of this chapter concerning fraternal beneficiary associations. [Id. sec. 34.]

Article 4862. [3074] **Marine, fire and other than life or health insurance companies, may do what.**—It shall be lawful for any insurance company doing business in this state under the proper certificate of authority, except a life or health insurance company, to insure houses, buildings and all other kinds of property against loss or damage by fire, and to take all kinds of insurance on goods, merchandise or other property in the course of transportation, whether on land or water, or any vessel afloat, wherever the same may be; to lend money on bottomry or respondentia, and to cause itself to be insured against any loss or risk it may have incurred in the course of its business, and upon the interest which it may have in any property, by means of any loan or loans which it may have made on bottomry or respondentia, and generally to do and perform all other matters and things proper to promote these objects. [Act Feb. 17, 1875, p. 34, sec. 8.]

Art. 4863. [3077] **Commissioner may permit capital stock of company to be reduced, when.**—Whenever the joint stock of any fire, fire and marine, or marine insurance company of this state becomes impaired, the commissioner of insurance and banking may, in his discretion, permit the said company to reduce its capital stock and par value of its shares in proportion to the extent of impairment; but in fixing such reduced capital no sum exceeding twenty-five thousand dollars shall be deducted from the assets and property on hand, which shall be retained as surplus assets; and no part of such assets and property shall be distributed to the stockholders, nor shall the capital stock of a company in any case be reduced to an amount less than one hundred thousand dollars. [Act Aug. 21, 1876, p. 222, sec. 8, subdivision 11.]

Art. 4864. [3078] **When company is called upon to make good its capital stock, shall do what.**—Any fire, marine, or inland, insurance company having received notice from the commissioner of insurance and banking to make good its whole capital stock within sixty days, shall forthwith call upon its stockholders for such amounts as shall make its capital equal to the amount fixed by the charter of such company. [Id. sec. 221.]

Art. 4865. [3079] **Stockholder failing to pay when called upon, what course shall be taken.**—In case any stockholder of such fire, marine, or inland insurance company shall neglect or refuse to pay the amount so called

for, after notice personally given, or by advertisement for such time and in such manner as said commissioner shall approve, it shall be lawful for said company to require the return of the original certificate of stock held by such stockholder, and in lieu thereof to issue new certificate for such number of shares as such defaulting stockholders may be entitled to, in the proportion that the ascertained value of the funds of said company may be found to bear to the original capital of said company; the value of such shares, for which new certificates are issued, to be ascertained under the direction of said commissioner, and the company shall pay for the fractional parts of shares. [Id. sec. 8.]

Art. 4866. [3080] **Company may create and dispose of new stock, when.**—It shall be lawful for such fire, marine, or inland insurance company to create new stock and dispose of the same, and to issue new certificates therefor, to any amount sufficient to make up the original capital of the company. [Id.]

Art. 4867. [3087] **Unlawful dividends.**—It shall not be lawful for any life, health, fire, marine, or inland insurance company organized under the laws of this state to make any dividend, except from the surplus profits arising from its business; and in estimating such profits there shall be reserved therefrom a sum equal to forty per cent of the amount received as premiums on unexpired fire risks and policies, and one hundred per cent of the premiums received on unexpired life, health, marine, or inland transportation risks and policies, which amount so reserved is hereby declared to be unearned premiums; and there shall also be reserved the amount of all unpaid losses, whether adjusted or unadjusted; all sums due the company on bonds, mortgages, stocks and book accounts, of which no part of the principal or the interest thereon has been paid during the year preceding such estimate of profits, and upon which suit for foreclosure or collection has not been commenced, or which, after judgment has been obtained thereon, shall have remained more than two years unsatisfied, and upon which interest shall not have been paid; and, in case of any such judgment, the interest due or accrued thereon and remaining unpaid shall also be reserved. [Id. sec. 15.]

Art. 4868. [3088] **Penalty for making unlawful dividends.**—Any dividends made contrary to the provisions of the preceding article shall subject the company making it to a forfeiture of its charter, and the commissioner of insurance and banking shall forthwith revoke its certificate of authority. [Id.]

Art. 4869. [3076] **Insurance companies shall not purchase or hold real estate, except, etc.**—No fire, marine, or inland insurance company organized under the laws of this state shall purchase or hold any real estate, except—

1. Such as shall be requisite for its convenient accommodation in the transaction of its business.

3. Such as shall have been conveyed to it in satisfaction of debts previously contracted in the legitimate business of the company or for money due.

4. Such as shall have been purchased at sales under judgments, decrees or mortgages obtained or made for such debts.

All lands purchased or held in violation of this article shall be forfeited to the state. [Id. sec. 16.]

Art. 4870. **Shall file bond.**—Every fire insurance company, not organized under the laws of this state, applying for a certificate of authority to transact any kind of insurance in this state, shall, before obtaining such certificate, file with the commissioner of insurance and banking a bond, with good and sufficient surety or sureties, to be approved by the commissioner of insurance and banking, payable to the commissioner of insurance and banking, and his successors in office, in a sum equal to twenty-five per cent of its premiums collected from citizens or upon property in this state during the preceding cal-

endar year, as shown by its annual report for such year; provided, however, the bond in no case shall exceed fifty thousand dollars, nor be less than ten thousand dollars, conditioned that said company will pay all its lawful obligations to citizens of this state. Such bonds shall be subject to successive suits by citizens of this state so long as any part of the same shall not be exhausted, and the same shall be kept in force unimpaired until all claims of citizens of this state arising out of obligations of said company have been fully satisfied. Such bonds shall provide that, in the event the company shall become insolvent or cease to transact business in this state, at any time when it has outstanding policies of insurance in favor of citizens of this state, or upon property in this state, the commissioner of insurance and banking shall have the power, after having given ten days notice to the officers of such company, or any receiver in charge of its property and affairs, to contract with any other insurance company transacting business in this state for the assumption and reinsurance by it of all the insurance risks outstanding in this state of such company which is insolvent, or which has ceased to transact business in this state, which contract shall also provide for the assumption by such reinsuring company of all outstanding and unsatisfied lawful claims then outstanding against such company which has become insolvent, or ceased to transact business in this state; and in the event of the commissioner making any such contract, and if the same shall be approved as reasonable by the attorney general and the governor of this state, the reinsuring company shall be entitled to recover from the makers of such bond the amount of the premium or compensation so agreed upon for such reinsurance. Any company desiring to do so may, at its option, in lieu of giving the bond required by this article, deposit securities of any kind, in which it may lawfully invest its funds with the state treasurer of this state upon such terms and conditions as will in all respects afford the same protection and indemnity as is herein provided for to be afforded by said bond. [Acts 1909, p. 182, sec. 1.]

Art 4871. May deposit securities in lieu of bond.—Every fire insurance company, not organized under the laws of this state, hereafter issuing, or causing or authorizing to be issued, any policy of insurance other than life insurance, shall first have filed with the commissioner of insurance and banking during the calendar year in which such policy may issue, or authorize or cause to be issued, a bond of good and sufficient sureties to be approved by such commissioner in a sum of not less than ten thousand dollars, conditioned for the payment of all lawful obligations to citizens of this state arising out of any policies or contracts issued by such fire insurance company; which such bond shall be subject to successive suits by citizens of this state so long as any part of the same shall not be adjusted, and so long as there remains outstanding any such obligations or contracts of such fire insurance company. Article 4876. **Companies deemed to have accepted provisions of law.**—Every fire insurance company, every marine insurance company, every fire and marine insurance company, every fire and tornado insurance company, and each and every insurance company of every kind and name, issuing a contract or policy of insurance, or contracts or policies of insurance against loss by fire on property within this state, whether such property be fixed or movable, stationary or in transit, or whether such property is consigned or billed for shipment within or beyond the boundary of this state or to some foreign country, whether such company is organized under the laws of this state or under the laws of any other state, territory or possession of the United States, or foreign country, or by authority of the federal government, now holding a certificate of authority to transact business in this state, or hereafter granted authority to transact business in this state, shall be deemed to have accepted such certificate and to transact business thereunder, upon condition that it consents to the terms and provisions of this chapter and that it agrees to transact business in this state subject thereto; it being intended that every contract or policy of insurance against the hazard of fire shall be issued in accordance with the terms and provisions of this chapter, and the company issuing the same governed thereby, regardless of the kind and character of such property and whether the same is fixed or movable, stationary or in transit, including the share end of all marine risks insured against loss by fire. [Act 1910, 4 S. S., p. 195.]

Art. 4877. **State insurance board; appointment, etc.**—That there may be reasonable and just insurance rates in Texas, there is hereby created a board to be known as the "state insurance board," which shall be composed of the commissioner of insurance and banking, who shall be chairman thereof, and two members who shall be appointed by the governor, by and with the consent of the senate, subject to removal as provided for removal of state officers by article 6027 of the Revised Statutes of Texas; the members of said board, other than the commissioner of insurance and banking, shall be appointed as herein provided; one of said members shall be appointed for a term ending February 1, 1911, and biennially thereafter; the other of said members of said board shall be appointed for a term ending February 1, 1912, and biennially thereafter. The commissioner of insurance and banking, for the purpose of this law, may be referred to as the commissioner of insurance.

Art. 4878. **Compensation, etc.**—The members of said board, other than the commissioner of insurance and banking, shall each receive as compensation for their services the sum of twenty-five hundred dollars per annum; and the commissioner of insurance and banking shall receive as compensation or salary for his services under this law, the sum of five hundred dollars per annum, in addition to his compensation as now fixed by law. Such salaries of the said two appointed members of said board and the said five hundred dollars salary of the commissioner of insurance and banking, together with the necessary compensation of experts, the clerical force, and other persons employed by said board, and all necessary traveling expenses, and such other expenses as may be necessary, incurred in carrying out the provisions of this chapter, shall be paid by warrants drawn by the comptroller upon the state treasurer, upon the order of said board; provided, that the total amount of all salaries and said other expenses shall not exceed the sum of twenty-five thousand dollars annually.

Art. 4879. **Insurance board to fix rates, etc.**—The state insurance board shall have the power and authority, and it shall be its duty, to prescribe, fix, control and regulate rates of fire insurance, as provided in this chapter. It shall make and prescribe general basis schedules, together with rules and regulations for determining maximum specific rates therefrom, and furnish each insurance company now doing business in this state, or which may hereafter be granted a certificate of authority to do business in this state, a copy of such general basis schedules; and the said board shall also have authority to alter or amend such general basis schedules in accordance with the provisions of this chapter. Said board shall also supervise, control and regulate rates of insurance, and shall have authority to alter and revise and to raise and lower such rates, and to alter and revise, raise and lower such general basis schedules, or any part thereof, and decide all questions required, authorized or permitted to be passed upon by said board under the provisions of this chapter. Said board shall also have authority to employ clerical help, experts, inspectors, and such other assistants, and to incur such other expenses as may be necessary in carrying out the provisions of this chapter, not to exceed the sum of twenty-five thousand dollars per annum, including salaries of the members of the board, and all other expenses, to be paid out of the state treasury. It shall be the duty of said board to ascertain, as soon as practicable, the annual fire loss in this state; to obtain, to make and maintain a record thereof and collect such data and information with respect thereto as will enable said board to classify the fire losses of this state, the causes thereof, and the amount of premiums collected therefor for each class of risks and the amount paid thereon, in such manner as will be of assistance in determining equitable insurance rates, methods of reducing such fire losses, and reducing the insurance rates of the state.

Art. 4880. **Secretary and fire marshal.**—For the purpose of facilitating the work of said board, one of the appointed members thereof shall be selected by the board as its secretary, who shall perform the duties which shall appertain to that position, and whose official title shall be "secretary of the state insurance board;" the other of said appointed members thereof shall be selected by said board as fire marshal of the state insurance board, and his official title shall be "fire marshal of the state insurance board;" but the said members, so selected as secretary and fire marshal as aforesaid, shall receive no compensation for filling their respective positions other than their salaries as members of the state insurance board, and shall perform the duties of these respective positions at the will of the board, but their expenses incurred in performing the duties of these positions shall be paid as provided in this chapter.

Art. 4881. **Duties of fire marshal.**—It shall be the duty of the fire marshal of the state insurance board, who for the purpose of this law, may be referred to as the state fire marshal, at the discretion of the board, and upon the request of the mayor of any city or village, or the chief of a fire department of any city or village, or any fire marshal where a fire occurs within such city or village, or of a county or district judge, or of the sheriff or county attorney of any county, where a fire occurs within the district or county of the officer making such request, or of any fire insurance company, or its general, state or special agent, interested in a loss, or of a policy holder sustaining a loss, or upon the direction of the state insurance board, to forthwith investigate, at the place of such fire, the origin, cause and circumstances of any fire occurring within this state, whereby property has been destroyed or damaged, and shall ascertain if possible whether the same was the result of any accident, carelessness or design, and shall make a written report thereof to the state insurance board, and shall also furnish in writing, to the county or district attorney of the county in which such fire occurred, all the information and evidence obtained by him, including a copy of all the pertinent testimony taken in the case.

Art. 4882. **Same.**—The state fire marshal shall have the power to administer oaths, take testimony, compel the attendance of witnesses and the production of documents, and to enter at any reasonable time any buildings or premises where a fire has occurred or is in progress, or any place contiguous thereto, for the purpose of investigating the cause, origin, and circumstances of such fire. And he may enter and examine at any reasonable time any building, structure or place, for the purpose of ascertaining the fire hazard, and may remove, or require the owner or occupant to remove or safely store combustible material, dangerously exposed or improperly placed therein, and to remove any unnecessary exposure to fire hazard found therein. The said state fire marshal is hereby authorized, when necessary, to apply to a court of competent jurisdiction for the necessary writs or orders to enforce the provisions of this article; and in such case he shall not be required to give bond.

Art. 4883. **When state fire marshal is unable to act.**—If for any reason the state fire marshal is unable to make any required investigation in person, he may designate the fire marshal of such city or town, or some other suitable person, to act for him; and such person so designated shall have the same authority as is herein given the state fire marshal with reference to the particular matter to be investigated by him, and shall receive such compensation for his services as may be allowed by the state insurance board. If the investigation of a fire is made at the request of an insurance company, or at the request of a policy holder sustaining loss, or at the request of the mayor, town clerk or chief of the fire department of any city, village or town in which the fire occurred, then the expenses of the fire marshal, clerical expenses, witnesses' and officers' fees incident and necessary to such investigation shall be paid by such insurance company, or such policy holder, or such city or town, as the case may be, otherwise the expenses of such investigation are to be paid as part of the expenses of the state insurance board. Provided, the party or parties, company or companies, requesting such investigation, shall, before such investigation is commenced, deposit with the state insurance board an amount of money in the judgment of said board sufficient to defray the expenses of said fire marshal in conducting such investigation.

Art. 4884. **Action of fire marshal not to affect policies, etc.**—No action taken by the state fire marshal shall affect the rights of any policy holder or any company, in respect to a loss by reason of any fire so investigated, nor shall the result of any such investigation be given in evidence upon the trial of any civil action upon such policy, nor shall any statement made by any insurance

company, its officers, agents or adjusters, nor by any policy holder or any one representing him, made with reference to the origin, cause or supposed origin or cause, of a fire to the fire marshal, or to any one acting for him, or under his directions, be admitted in evidence or made the basis for any civil action for damages.

Art. 4885. Statement to be made to insurance board.—The said board is authorized and empowered to require sworn statements from any insurance company affected by this law, and from any of its officers, directors, representatives, general agents, state agents, special agents and local agents, of the rates and premiums collected for fire insurance on each class of risks on all property in this state during any or all years for the five years next preceding the first day of January, 1910, and of the causes of fires, if such be known, if they are in possession of such data and information, or can obtain it at a reasonable expense; and said board is empowered to require such statements for any period of time after the first day of January, 1910; and said board is empowered to require such statements, showing all necessary facts and information to enable said board to make, amend and maintain the general basis schedules provided for in this chapter, and the rules and regulations for applying same, and to determine reasonable and proper maximum specific rates, and to determine and assist in the enforcement of the provisions of this chapter. The said board shall also have the right, at its discretion, either personally or by some one duly authorized by it, to visit the offices, whether general, local or otherwise, of any insurance company doing business in this state, and the home office of said company outside of this state, if there be such, and the office of any officers, directors, general agents, state agents, local agents, or representatives, of such company, and there require such company, its officers, agents or representatives, to produce for inspection by said board or any of its duly authorized representatives, all books, records and papers of such company or such agents and representatives; and the said board, or its duly authorized agents or representatives, shall have the right to examine such books and papers and make, or cause to be made, copies thereof, and shall have the right to take testimony under oath with reference thereto, and to compel the attendance of witnesses for such purpose; and any company, its officers, agents or representatives failing to make such statements and reports herein referred to, and failing or refusing to permit the examination of books, papers and records as herein required, when so called upon, or declining or failing to comply with any provision of this article, shall be subject to the penalties provided for in article 4900.

Art. 4886. Board to prepare basis of schedules of rates.—Said board is empowered, and it is made its duty, to prepare a system of general basis schedules, together with rules for applying the same, for determining fire insurance rates on property in this state; the said general basis schedules and the rules for applying the same to be at all times reasonable; the said board may employ and use any facts and information in the possession of or in the records of the present state fire rating board, as well as all facts obtainable from and concerning fire insurance companies transacting business in this state, showing the experience of said companies, and charges for premiums on fire insurance, and generally as to the transaction of their said business during the years named in article 4885, or during any other period of time, in order to devise and fix reasonable general basis schedules and rules for applying the same for determining the maximum specific rates. The said board, in preparing such general basis schedules showing the rates on all classes of risks insurable by any company in this state, shall show all charges, credits, terms, privileges and conditions which in anywise affect such rates, or the application of such rates to specific risks, or the cost of insurance; provided, that such schedules and the rules for applying the same shall be furnished by said board to any

and all insurance companies affected by this chapter applying therefor; and the same shall be furnished to any citizen of this state applying therefor upon the payment of the actual cost thereof; that such general basis schedules, and the rules prescribed with reference thereto, shall not take effect until said board shall have entered an order or orders fixing the same, and shall have given notice to all insurance companies affected by this law, authorized to transact business in this state.

Art. 4887. Companies to file schedules of specific risks; rates to be approved by board.—After the adoption and promulgation of the general basis schedules and the rules and regulations for applying the same, as herein provided for by the board, every insurance company writing fire insurance policies within this state, shall, within a reasonable time, file with the state insurance board its application of said general basis schedules to the specific risks of the state, and the specific rates obtained thereby in accordance with the several provisions of this chapter; and provided, further, that any one or more insurance companies may employ, for the application of such general basis schedules and the making of such specific rates, the service of such experts as they may deem advisable for such purpose; but the contract or contracts of employment of such experts shall first be submitted to the state insurance board for its approval; provided, further, that the state insurance board shall have authority, and it shall be the duty of said board, personally or by its agents, to inspect and supervise the work of said experts in the application of said general basis schedules in the determination of specific rates, which rates shall be the maximum insurance rates that may be charged for insurance in this state; provided, further, that any company may write insurance at a lower rate than the maximum on any risk or class of risks in any particular locality; and provided, further, that any company making any such reduction shall forthwith file with the state insurance board a statement of such reduction, showing the maximum rate and the reduced rate thereon, such statement to be on forms prescribed by the board and signed by the state or general agent of such company, which statement, when so filed, shall be subject to the inspection of the public. The state insurance board, upon the filing of such statement, shall file a certified copy thereof with the city secretary of any city, town or village of such locality, if there be such, or if there be no such officer, then the board shall file a certified copy thereof with the county clerk of the county of such locality, which said statement, when so filed, shall be subject to public inspection. The county clerk or city secretary aforesaid shall receive as compensation the sum of ten cents for each such statement filed by him, which shall be paid to him by the state insurance board of funds which shall be deposited with the state insurance board for such purpose by any such company; provided, further, that said company or companies shall file with the board copies of all maps and copies of the analysis of all applications of said general basis schedules to the specific risks of this state, if required to do so by the board. And it shall be the duty of the expert or experts representing the insurance companies, or any insurance company in this state, to furnish, at the date of the inspection, to the owners of all risks inspected for the purpose of applying the general basis schedules provided for in this chapter, a copy of such inspection report showing all defects that operate as charges to increase the insurance rate. The maximum specific rates so made by a company or companies for any city, town, village or locality, shall not take effect, and such company or companies shall not write insurance thereunder, until such maximum specific rates shall have been approved by the board. The board shall have the authority to reject said maximum specific rates so made, or any part, or to alter, amend, modify or change the same; or to permit such maximum specific rates to become effective for a limited time, or any modification or change thereof for a limited

time, in its discretion; provided, however, that the said board shall have authority, in its discretion, to permit the said company or companies to apply the said schedules of basis rates to risks other than mercantile and special hazards without having first submitted the maximum specific rates so made to said board for approval. But such rates that the board may permit any company or companies to apply without the board's approval shall always be subject to review by the board, and by the proper showing of any policy holder or policy holders may be reduced. It is further provided that all changes made by any company in the maximum specific rates made by it in applying the general basis schedules shall be subject to the review of the board for its approval or disapproval, and shall be reported to the board in such manner and form as may be prescribed by the board. Provided, further, that any insurance company or companies, affected by this law, shall have the right at any time to petition the board for an order changing or modifying the general basis schedules, or the application of the general basis schedules to the specific risks; and the board shall consider such petition as provided in this chapter, and enter such order as the board may deem just and equitable to such company or companies, to competing companies and to the public. Provided, further, also, that any company, or any policy holder affected by this law, shall have the right to apply to the board for an order reducing the maximum specific rates of insurance on property within this state; and the board shall consider such application and enter such order with reference thereto as it may deem just and equitable to such company, to competing companies and to the public. The board shall also have the power and authority to give each city, town, village or locality credit for each and every hazard they may reduce or entirely remove, also for all added fire-fighting equipment, increased police protection, or any other equipment or improvement that has a tendency to reduce the fire hazard of any such city, town, village, or locality, and also to give credit for a good fire record of each city, town, village or locality. The board shall also have the power and authority to compel any company to give any or all policy holders credit for any and all hazards that said policy holder or policy holders, may reduce or remove. Said credit shall be in proportion to such reduction or removal of such hazard; and said company or companies shall return to such policy holder or policy holders such proportional part of unearned premiums charged for such hazards that may be reduced or removed.

Art. 4888. Policy holders to be furnished with analysis of rates.—After the approval by the board of the maximum specific rates made by the insurance companies hereunder, thereafter when a policy of insurance is written the policy holder shall be furnished by the company with a copy of the analysis of his maximum specific rates showing the items of charge and credit which determine the rate, unless such policy holder has theretofore been furnished with such analysis of his rate. It is also further provided that the general basis schedules and all maximum specific rates and local tariffs, filed in accordance with the provisions of this chapter, shall be open to the inspection of the public, and each local agent shall have and exhibit to the public copies thereof relative to all risks upon which he is authorized to write insurance.

Art. 4889. Present rates continued until rates have been determined and filed.—Until the general basis schedules, herein provided for, shall have been promulgated by the board, and the maximum specific rates thereunder determined, all companies subject to the provisions of this chapter shall write insurance at the rates now in force in this state, including the reductions heretofore ordered by the state fire rating board, in localities where such specific rates have been determined and filed with the board; provided, the general basis schedules from which such specific rates have been made, and such specific rates shall be subject to the authority of the board under this chapter.

Provided, further, however, that wherever such specific rates have not been determined, then the board shall designate at what rate the company shall write insurance; provided, however, that all rates under this article shall be maximum rates, and the companies shall have the right to write insurance below such rates by complying with the terms and conditions of article 4887.

Art. 4890. Authority to revise general basis schedules.—The said board shall have authority, upon reasonable notice not exceeding thirty days of its intention to do so, to alter, amend or revise said general basis schedules promulgated by it, or the specific maximum rates approved or ordered by it, as herein provided, and to give reasonable notice of such alteration, amendment or revisions to the public, or to any company or companies affected thereby. Such altered, amended or revised schedules or maximum rates shall be the schedules or maximum rates to be thereafter charged for insurance by any company in this state; provided, that the board may order changes to be made to meet unusual conditions in any particular locality, should such conditions exist or arise, by giving similar notice to the public, or to any company affected thereby. Provided, the changes or amendments made to the general basis schedules shall apply only to policies of insurance written after the order of the board making such changes or amendments becomes effective. Provided, further, that no policy existing prior to the taking effect of such changes or amendments to the general basis schedules shall be affected by such changes or amendments, unless there shall be a change in the hazard of the risk necessitating a change in the rate applicable to such risk, in which event such policy shall be affected by such changes or amendments, unless there shall be a change in the hazard of the risk necessitating a change in the rate applicable to such risk, in which event such policy shall be subject to the new rates applicable under the changed or amended general basis schedules.

Art. 4891. Duties of board to establish uniform policies.—It shall be the duty of the state insurance board to make, promulgate and establish uniform policies of insurance applicable to the various risks of this state, copies of which uniform policies shall be furnished each company doing business in this state, or which may hereafter do business in this state. That after such uniform policies shall have been established and promulgated, and furnished the respective companies doing business in this state, such companies shall, within sixty days after the receipt of such forms of policies, adopt and use said form or forms and no other; and all companies which may commence business in this state, after the adoption and promulgation of such forms of policies, shall adopt and use the same and no other forms of policies. The said insurance board shall also prescribe all standard forms, clauses and endorsements used on, or in connection with, insurance policies. All other forms, clauses, and endorsements placed upon insurance policies shall be placed thereon subject to the approval of the board. The board shall also have authority in its discretion to change, alter or amend such form or forms of policy or policies, and such clauses and endorsements used in connection therewith, upon giving notice and proceeding in accordance with article 4895.

Art. 4892. Certain provisions in policies void.—Any provision in any policy of insurance issued by any company subject to the provisions of this chapter, to the effect that if said property is incumbered by a lien of any character, or shall after the issuance of such policy become incumbered by a lien of any character, that such incumbrance shall render such policy void, shall be of no force and effect, and any such provision within or placed upon any such policy shall be absolutely null and void.

Art. 4893. Co-insurance clauses.—No company subject to the provisions of this chapter may issue any policy or contract of insurance covering property in this state, which shall contain any clause or provision requiring the assured to take out or maintain a larger amount of insurance than that expressed

in such policy, nor in any way providing that the assured shall be liable as co-insurer with the company issuing the policy for any part of the loss or damage which may be caused by fire to the property described in such policy; and any such clause or provision shall be null and void and of no effect; provided, that it may be optional with the assured to accept a policy or contract of insurance containing a co-insurance clause or provision when a reduction in the rate of insurance on the property described in such policy is the consideration named in such clause, and when so accepted, the co-insurance clause or provision shall be binding on the assured.

Art. 4894. Rights of persons to petition insurance board.—Any citizen or number of citizens of this state, or any policy holder or policy holders, or any insurance company affected by this law, or any board of trade, chamber of commerce, or other civic organization, or the civil authorities of any town, city or village, shall have the right to file a petition with the insurance board, setting forth any cause of complaint that they may have as to any order made by this board, or any schedule promulgated by this board, or as to any specific rate approved by this board, and that they shall have the right to offer evidence in support of the allegations of such petition by witnesses, or by depositions, or by affidavits; that upon the filing of such petition, the party complained of, if other than the board, shall be notified by the board of the filing of such petition, and a copy thereof furnished the party or parties, company or companies, of whom complaint is made; and the said petition shall be set down for a hearing at a time not exceeding thirty days after the filing of such petition, and the board shall hear and determine said petition; but it shall not be necessary for the petitioners, or any one of them, to be present to present the cause to the board, but they shall consider the testimony of all witnesses, whether such witnesses testify in person, or by deposition, or by affidavits; and, if it be found that the complaint made in such petition is a just one, then the matter complained of shall be corrected or required to be corrected by said board.

Art. 4895. Regulations of hearings, insurance board.—The state insurance board shall give the public, and all insurance companies to be affected by its orders or decisions, reasonable notice thereof, not exceeding thirty days, and an opportunity to appear and be heard with respect to the same; which notice to the public shall be published in one or more daily papers of the state, and such notice to the insurance company or companies to be affected thereby shall be by letter deposited in the postoffice, addressed to the state or general agent of such company or companies, if the address of such state or general agent be known to the board, or, if not known, then such letter shall be addressed to some local agent of such company or companies, or, if the address of a local agent be unknown to the board, then by publication in one or more of the daily papers of the state; and the board shall hear all protests or complaints from any insurance company or any citizen or any city, town or village, or any commercial or civic organization, as to the inadequacy or unreasonableness of any rates fixed by it or approved by it, or as to the inadequacy or unreasonableness of any general basis schedules promulgated by it, or the injustice of any order or decision by it; and, if any insurance company, or other person, or commercial or civic organization, or any city, town or village, which shall be interested in any such order or decision, shall be dissatisfied with any regulation, schedule or rate adopted by such board, such company or person, commercial or civic organization, city, town or village, shall have the right, within thirty days after the making of such regulation, or order, or rate, or schedule, or within thirty days after the hearing above provided for, to bring an action against said board in the district court of Travis county to have such regulation, or order, or schedule, or rate, vacated or modified, and shall set forth in a petition therefor the principal ground or

grounds of objection to any or all of such regulations, schedules, rates or orders. In any such suit, the issue shall be formed and the controversy tried and determined as in other civil cases; and the court may set aside and vacate or annul any one or more, or any part of any of the regulations, schedules, orders or rates promulgated or adopted by said board, which shall be found by the court to be unreasonable, unjust, excessive or inadequate, without disturbing others. No injunction, interlocutory order or decree suspending or restraining, directly or indirectly, the enforcement of any schedule, rate, order or regulation of said board shall be granted. Provided, that in such suit, the court, by interlocutory order, may authorize the writing and acceptance of fire insurance policies at any rate, which in the judgment of the court is fair and reasonable, during the pending of such suit, upon condition that the party to such suit in whose favor the said interlocutory order of said court may be, shall execute and file with the commissioner of insurance and banking a good and sufficient bond, to be first approved by said court, conditioned that the party giving said bond will abide the final judgment of said court and will pay to the commissioner of insurance and banking whatever difference in the rate of insurance it may be finally determined to exist between the rate as fixed by said board complained of in such suit, and the rate finally determined to be fair and reasonable by the court in said suit; and the said commissioner of insurance and banking, when he receives such difference in money, shall transmit the same to the parties entitled thereto. Whenever any action shall be brought by any company under the provisions of this article within said period of thirty days, no penalties nor forfeitures shall attach or accrue on account of the failure of the plaintiff to comply with the orders, schedules, rates or regulations sought to be vacated in such action, until the final determination of the same. Either party to any such action, if dissatisfied with the judgment or decree of said court, may appeal therefrom as in other civil cases. No action shall be brought in any court of the United States to set aside any orders, rates, schedules or regulations made by said board under the provisions of this chapter until all of the remedies provided herein shall have been exhausted by the party complaining. If any insurance company affected by the provisions of this chapter shall violate any of the provisions hereof, the commissioner of insurance shall, by and with the consent of the attorney general, cancel its certificate of authority to transact business in this state.

Art. 4896. Insurance companies not to do certain things.—No company shall engage or participate in the insuring or reinsuring of any property in this state against loss or damage by fire, except in compliance with the terms and provisions of this chapter, nor shall any such company knowingly write insurance at any rate higher than the maximum rates herein provided for, and it shall be unlawful for any company so to do; and it shall be unlawful for any company, or its officers, directors, general agents, state agents, special agents, local agents, or its representatives, to grant or contract for any special favor or advantages in the dividends or other profits to accrue thereon or in commissions or division of commissions, or any position, or any valuable consideration, or any inducement not specified in the policy contract of insurance; nor shall such company give, sell or purchase, offer to give, sell or purchase, directly or indirectly, as an inducement to insure or in connection therewith, any stocks, bonds or other securities of any insurance company, or other corporation, partnership or individual, or any dividends or profits accrued, or to accrue, thereon or anything of value whatsoever, not specified in the policy; but nothing in this article or in this chapter shall be construed to prohibit a company from sharing its profits with its policy holders; provided, that such agreement as to profit-sharing shall be placed on or in the face of the policy, and such profit-sharing shall be uniform and shall not discriminate between

individuals or between classes; provided, however, that no part of the profit shall be paid until the expiration of the policy. Any company, or any of its officers, directors, general agents, state agents, special agents, local agents or its representatives, doing any of the acts in this article prohibited, shall be deemed guilty of unjust discrimination; provided, however, that if any agent or company shall issue a policy without authority, and any policy holder holding such policy shall sustain a loss or damage thereunder, said company or companies shall be liable to the policy holders thereunder in the same manner and to the same extent as if said company had been authorized to issue said policy, although the company issued said policy in violation of the provisions of this chapter. But this shall not be construed to give any company the right to issue any contract or policy of insurance other than as provided in this chapter.

Art. 4897. **Unlawful to accept rebate.**—No person shall knowingly receive or accept from any insurance company, or from any of its agents, sub-agents, brokers, solicitors, employes, intermediaries or representatives, or any other person, any rebate of premium payable on the policy, or any special favor or advantage in the dividends or other financial profits accrued, or to accrue, thereon, or any valuable consideration, position or inducement not specified in the policy of insurance; and any person so doing shall be guilty of a violation of the provisions of this article, and shall be punished as provided in the Penal Code.

Art. 4898. **Law not applicable to collection of premiums.**—The provisions of this law shall not deal with the collection of premiums, but each company shall be permitted to make such rules and regulations as it may deem just between the company, its agents, and its policy holders; and no bona fide extension of credit shall be construed as a discrimination, or in violation of the provisions of this chapter.

Art. 4899. **Commissioner of insurance may revoke authority of company, when.**—The commissioner of insurance, upon ascertaining that any insurance company or officer, agent or representative thereof, has violated any of the provisions of this chapter may, at his discretion, and with the consent and approval of the attorney general, revoke the certificate of authority of such company, officer, agent or representative; but such revocation of any certificate shall in no manner affect the liability of such company, officer, agent or representative, to the infliction of any other penalty provided by this chapter; and provided, that any action, decision or determination of the commissioner of insurance and banking and the attorney general in such cases shall be subject to the review of the courts of this state as herein provided.

Art. 4900. **Unlawful for agents or company to evade law.**—Any insurance company affected by this law, or any officer or director thereof, or any agent or person acting for, or employed by, any insurance company, who, alone or in conjunction with any corporation, company or person, who shall wilfully do, or cause to be done, or shall wilfully suffer, or permit to be done, any act, matter or thing prohibited or declared to be unlawful by this chapter, or who shall wilfully omit or fail to do any act, matter or thing required to be done by this chapter, or shall cause or wilfully suffer or permit any act, matter or thing directed not to be done, or who shall be guilty of any wilful infraction of this law, shall be deemed guilty of a misdemeanor, and, upon conviction thereof, shall be punished as provided in the Penal Code.

Art. 4901. **Persons testifying in trials of violation of this law, not to be prosecuted.**—No person shall be excused from giving testimony or producing evidence when legally called upon to do so at the trial of any other person or company charged with violating any of the provisions of this chapter on the ground that it may incriminate him under the laws of this state; but no person shall be prosecuted, or subjected to any penalty or forfeiture, for or on ac-

count of any transaction, matter or thing concerning which he may testify or produce evidence under this chapter, except for perjury in so testifying.

Art. 4902. **Law not to apply to certain companies.**—This chapter shall not apply to purely mutual or to purely profit-sharing fire insurance companies, incorporated or unincorporated under the laws of this state, and carried on by the members thereof solely for the protection of their property and not for profit; nor to purely co-operative inter-insurance and reciprocal exchanges carried on by the members thereof solely for the protection of their property and not for profit.

Art. 4903. **Companies to bear expense of board.**—Not later than March 15 of each year, it shall be the duty of the commissioner of insurance, for the purpose of reimbursing the state for the amount to be so expended during the current year in carrying out the provisions of this chapter, to collect from each insurance company affected by this law, which transacted business in this state during the preceding calendar year, or any portion thereof, the proportion of said twenty-five thousand dollars which the gross premiums collected by said company during such year from persons or upon property located in this state bears to the aggregate amount of gross premiums so collected during such year by all insurance companies affected by this law transacting business in this state; provided, that, in computing such gross premium receipts, there shall be deducted therefrom the amount paid out for reinsurance and for return premiums on canceled policies. If, at the end of any year, it shall be found that the aggregate amount expended in carrying out the provisions of this chapter during such year has been less than twenty-five thousand dollars, the amount remaining unexpended shall be applied in the reduction of the amount to be collected from said companies for the succeeding year. The amount due under the provisions of this article by each company shall be certified by the commissioner of insurance to such company, and he shall revoke the certificate of authority of any company which shall fail to pay the same within thirty days after the receipt of such certificate; provided, that the collections from insurance companies provided for in this article shall not be made for any year during which any such company shall be liable under the laws of this state to the payment of an occupation tax at a rate of two and one-half per cent or more of the gross premiums received, less deductions for reinsurance and return premiums on canceled policies.

Art. 4904. **Unconstitutionality of part of law not to affect whole law.**—If any part of this chapter be, for any reason, held unconstitutional, it shall not affect any other portion or part of the same.

Article 4905. **Incorporation of, and by what law regulated.**—Any number of persons, not less than seven, who shall be resident citizens of the state of Texas, and freeholders in the state, may form and incorporate a company for the purpose of mutual insurance against loss or damage by fire, lightning and storms; provided, that every company incorporated under the provisions of this article, shall embody the word, "mutual," in its title, which shall appear upon the first page of every policy and renewal receipt, and shall state in the body of the policy, that it is subject to assessment to pay all losses occurring during the life of the policy. Every such company so organized shall be amendable to, and subject to, the provisions of all laws of this state governing stock fire insurance companies in so far as they are applicable, and not in conflict with the provisions of this article as hereinafter provided, and shall make the reports to the commissioner of insurance and banking required of other fire insurance companies. [Act 1903, p. 166, sec. 1.]

Art. 4906. **Application for permit, etc.**—When any number of persons, not less than seven, desire to organize a mutual insurance company, as herein provided, they shall make application to the commissioner of insurance and banking for permission to solicit insurance on the mutual plan, stating the name of the company, the purposes for which company is to be organized, classifying the risks which the company purposes to insure against loss or damage by fire, storm and lightning, and stating the first assessment to be levied on each class of risks. Upon receipt of said application, the commissioner of insurance and banking shall issue to said applicants a permit to solicit insurance on the mutual plan in accordance with the terms of the application, but not to issue policies of insurance. Said mutual company shall take from each applicant an obligation specifying the property to be insured and the amount to be paid, as the first assessment on delivery of the policy, and a non-negotiable promissory note for such sum and payable upon the state of Texas granting to said mutual insurance company a charter authorizing it to do business in this state. [Id. sec. 2.]

Art. 4907. **Conditions, etc., for obtaining charter, and fees.**—No such company shall be granted a charter by the secretary of state, or be authorized to issue policies, until applications have been secured for insurance with such company from at least one hundred applicants, citizens of this state, each owning real estate within this state to the value of at least one thousand dollars, the first assessment or premium on which shall amount to at least ten thousand dollars, and for which notes of solvent parties, founded on actual bona fide applicants for insurance, payable upon the granting a charter by the state to said mutual insurance company, which said notes and applications shall be submitted to the commissioner of insurance and banking, who, upon payment of a fee of twenty-five dollars, shall have examined into the genuineness of the applications and the solvency of the notes; and, if he

finds that the applications are genuine and the notes executed by solvent parties, he shall certify to that fact; and the secretary of state shall, upon proper application, to which shall be attached the certificate of the commissioner of insurance and banking, permit said company to incorporate, and issue to it a charter. A certified copy of the charter shall be filed with the commissioner of insurance and banking, who, upon the payment of the fees required by law, shall issue to said mutual company a license to solicit business and issue policies against loss by fire, storm and lightning. Every person making application for insurance in such company and signing a note, shall be liable upon the note upon the granting of a charter by the state, and, if payment is refused, suit may be brought on same in any court in this state having jurisdiction of the amount; and said mutual insurance company shall be entitled to recover, in addition to the face of the note, interest on said amount at the rate of six per cent per annum from date of the issuance of the charter, and ten per cent on amount due as penalty for attorney fees. [Id. sec. 3.]

Art. 4908. **Organization and qualifications of officers and directors.**—Upon the issuance of a charter by the secretary of state, such mutual insurance companies shall effect an organization by the election of a board of directors, consisting of not less than seven persons, all of whom shall be residents of this state, and whose term of office shall not be less than one year nor more than five years, as provided by the by-laws of said company. Said board of directors shall elect a president, secretary and treasurer, and such other officers as the by-laws may provide, whose term of office shall not be longer than five years. The president shall be required to execute a bond in the sum of two thousand dollars, the secretary a bond in the sum of two thousand dollars, conditioned for the faithful performance of their duty, and the treasurer shall execute a bond in the sum of at least ten thousand dollars, conditioned for the faithful performance of his duty, and that he will account for all moneys that may come into his hands. Said bonds shall be payable to the commissioner of insurance and banking of Texas and his successors in office, and shall be signed by two or more good and solvent sureties, or be executed by a guaranty company authorized to do business in this state, and shall be approved by said commissioner of insurance and banking. [Id. sec. 4.]

Art. 4909. **Funds to be invested, how.**—Upon receipt of license, said mutual company shall issue policies at once on the application submitted to the commissioner of insurance and banking for inspection, and collect the amount due on the notes representing the first assessment on the policies issued. Sixty per cent of the amount so collected (it being not less than six thousand dollars) shall be invested by the duly authorized officers of said mutual company in first mortgage bonds on lands in this state, at not exceeding sixty per cent of the value of said lands, or in bonds of this state, or any county in this state, or in the bonds of any city, town or school district or corporation, provided said bonds have been approved by the attorney general, and deposit the said securities with the treasurer of this state within ninety days after the issuance of charter, in trust for the policy holders for such mutual company; but such company may collect and receive the interest and dividends thereon, and use such interest and dividends in defraying the expenses and paying the losses of said mutual company. Said mutual company may withdraw said securities on depositing with said treasurer other securities of like character and value, but no security shall be estimated above the par value of the same. [Id. sec. 5.]

Art. 4910. **Procedure in case of failure to pay loss.**—Upon the issuance of every policy, the first assessment shall be collected, according to the table of rates furnished the commissioner of insurance and banking in the application; and the directors shall, as often as may be necessary, and in the by-laws of

said company be authorized, after receiving notice of loss under any policy upon which the company is liable, or the rendition of any judgment against such company on account of loss under any policy issued, settle and determine the sum to be paid by the several members holding policies in said company, and notify each member of the amount required to be paid by him; and each such notification shall contain a statement of the disposition of the previous assessment. Should any company incorporated under the provisions of this chapter within sixty days after the rendition of any judgment against such company, fail to pay same, upon request of the party obtaining the judgment, the commissioner of insurance and banking shall furnish to him a list of the securities held in trust by the state treasurer for such company, and all such securities shall be subject to garnishment. [Id. sec. 6.]

Art. 4911. **Funds, how used and disposed of.**—No assessment, other than the first assessment collected upon the issuance of the policy, shall be assessed or collected by any mutual insurance company other than for the payment of losses by fire or lightning or storm, or when ordered by the commissioner of insurance and banking for the purpose of making good any deficit in the reserve fund required to be kept on deposit in the office of the state treasurer. After the issuance of the policies and the collection of the assessments first in this chapter provided for, requiring the investment of six thousand dollars as a reserve fund out of all assessments collected, at least fifty per cent of each and every assessment collected shall be used exclusively for the payment of losses and for no other purpose; ten per cent thereof shall be used in increasing the reserve fund until said company shall have on deposit with the state treasurer one hundred thousand dollars in securities; the remainder of such assessment may be used in paying necessary expenses, if authorized by the board of directors, assessments to bear equally on all members in proportion to the amount of insurance and classification of risk. [Id. sec. 7.]

Art. 4912. **Who are members, their right to vote, etc.**—Every person effecting insurance in any mutual insurance company shall become, and is hereby declared to be, a member of such mutual company during the period of his insurance and entitled to one vote for each policy he holds, and shall be notified of the time and place of its meetings by a written notice, or by an imprint on the back of each policy and renewal certificate. Members may vote by proxies dated and executed within twelve months of the date of meeting, and returned and recorded on the books of the company one day or more before the meeting at which they are to be used. [Id. sec. 8.]

Art. 4913. **Permit canceled and charter forfeited, when.**—An examination shall annually, and at such other times as he deems proper, be made by the commissioner of insurance and banking into the affairs of said company, and of the securities held in trust by the state treasurer; and, if it shall appear that the amount of securities on deposit is less than the amount herein required to be on deposit, he shall at once notify the officers of said company, and unless the amount of the deficiency is placed on deposit with the state treasurer in money or securities as herein provided within sixty days, the permit issued by him to said company shall be canceled; and he shall report the same to the attorney general, who shall at once bring suit to forfeit the charter of such company; and such company shall not be authorized to levy or collect assessments on premiums after the institution of such suit. The securities in the hands of the state treasurer, over and above the amount necessary to pay losses already incurred, shall be by the commissioner of insurance and banking, divided among the policy holders at the date of forfeiture in proportion to the amount of insurance then held by them. [Id. sec. 9.]

Art. 4914. **Tax on gross premiums.**—Each and every mutual insurance company, operating under this chapter, shall pay to the insurance and bank-

ing commissioner annually on the thirty-first day of December, one-half of one per cent of all the gross premiums received during the year; and no other tax shall be required of such mutual insurance companies, their officers and agents, except such fees shall be paid to the commissioner of insurance and banking as is required by law. [Id. sec. 10.]

Art. 4915. **Funds set apart for payment of losses, etc.**—All mutual insurance companies heretofore incorporated under the laws of this state, and those incorporated by virtue of this chapter, shall set aside sixty per cent of all gross premiums received as a fund for the payment of losses, which fund shall be kept separate from all the funds of said companies, and set aside five per cent of all gross premiums received, as a reserve fund to be invested as hereinbefore provided; the remainder of the gross premiums received may be used in paying the expenses of such corporation, provided same is necessary; but, in the event more money is received from such source in any one year than is necessary to pay expenses of the company, such surplus shall be appropriated annually on the thirty-first day of December to the reserve fund. And should any mutual insurance company on the thirty-first day of December of each and every year have on hand any funds, other than is necessary to pay losses already incurred, such surplus shall be invested in securities as hereinbefore provided, and deposited with the state treasurer as part of the reserve fund, until such reserve fund shall amount to one hundred thousand dollars. [Id. sec. 11.]

Art. 4916. **What mutual companies subject to this chapter.**—Every mutual insurance company, organized under the laws of this state, shall conform to the provisions of this chapter; provided, that local mutual insurance companies organized, or hereafter organized, to transact business in only one county in the state, such county being its domicile; or any mutual fire, storm or lightning insurance society or association that has been incorporated under the laws of the state, or that may hereafter be incorporated under the provisions of this chapter, that does not solicit insurance by or through agents or solicitors of any kind in any manner whatsoever, or to pay any one a commission, fee or compensation of any nature for the procurement of any insurance, but conducts its business in the various localities by and through local chapters, councils or societies, a quorum of not less than five, or whose members meet at their respective places of meeting at regular intervals for the purpose of transacting such business; that make due election to membership by a secret ballot cast by the members of the local chapter, council or society, who shall have jurisdiction over such candidate a prerequisite to becoming one of the policy holders; that has a representative form of government and does not permit any voting by proxy; that binds and holds every one of its policy holders, by an instrument in writing duly signed and delivered, liable on every policy issued by such association or society, in which contract such members bind themselves respectively to pay any and all unpaid premiums, assessments or dues for which they may become liable during the life of any policy that they may hold in such association or society, and default of such payment all costs of court incurred in collecting same, including a reasonable attorney's fee, and who have filed and may file with the commissioner of insurance and banking a copy of their constitution and by-laws as well as any additions and amendments thereto that have been made, and may be made, from time to time, within thirty days after such addition or amendments have been adopted or enacted; and that collects separate premiums or assessments to pay losses, and separate premiums or assessments to pay operating expenses and salaries, the amount of which latter assessments or premiums collected during any calendar year shall not exceed twenty-five cents on each one hundred dollars of insurance in force during such year, unless a special occasion arises, in which event such assessment

or premiums may be increased to thirty-five cents on each one hundred dollars, after having obtained the consent and approval of the commissioner of insurance and banking to do so, and the bond of whose treasurer shall be fixed in amount and approved as to sureties by the commissioner of insurance of the state of Texas and approved by him, shall not be required to create any reserve fund, nor deposit securities with the state treasurer, nor be subject to the provisions of this chapter, other than they shall make annual reports to the commissioner of insurance and banking, as provided in the succeeding article. [Id. sec. 12.]

Art. 4917. **Local companies shall report annually and pay fee.**—All mutual fire and tornado insurance companies, which transact business in only one county, shall report annually, on or before the first day of February, to said commissioner of insurance and banking, on blanks prepared by him, and pay to said commissioner, as a fee for filing the same, the sum of five dollars; and such associations shall not be required to pay the annual franchise tax collected of other corporations under the laws of this state. [Acts 1909, p. 219, sec. 10.]

Art. 4918. **Venue of suits against.**—Any person having a claim or demand against any such mutual insurance company incorporated or acting under this chapter may sue said company in any court of competent jurisdiction in any county in this state wherein resides one or more of the members of said company. CHAPTER FOURTEEN.

EMPLOYER'S LIABILITY INSURANCE COMPANIES.

Reserve, how reported and calculated...	Article. 4941	Commissioner may accept certificate, when	Article. 4942
-----------------------------------------	------------------	----------------------------------------------------	------------------

Article 4941. **Reserve, how reported and calculated.**—Every insurance company which has for ten years or more undertaken to insure persons, firms or corporations against loss or damage on account of the bodily injury or death by accident of any person, for which loss or damage said persons, firms or corporations are respectively responsible, shall, on or before the first day of October in each year, render to the insurance commissioner a statement in writing of its business transacted in the United States, which shall show separately for each of the five calendar years constituting the first half of the period of ten years next preceding the thirty-first day of December of the year in which the statement is made:

1. The number of persons reported injured under all its forms of liability policies, whether such injuries were reported to the home office of the company or to any of its representatives, and whether such injury resulted in loss to the company or not.

2. The amount that, on or before the thirty-first day of August of the year in which the statement is made, had been paid on account or in consequence of all injuries so reported, including therein all payments on suits arising from such injuries.

3. The number of suits or actions under such policies on account of injuries reported which have been settled, either by payments or compromise.

4. The amount paid in settlement of such suits or actions on or before the thirty-first day of August of the year when the statement is made, including therein all payments made on account or in consequence of injuries from which the suits arose, whether prior to or later than the date when the suits were brought. Every such company shall, in its financial statements hereafter made in this state, use the experience so ascertained for computing its outstanding losses under all its forms of liability policies, irrespective of the date when the policies were issued. The average cost per suit of settling such cases, as computed by the data required in this article, shall be multiplied by the number of suits or actions pending on account of injuries reported prior to eighteen months previous to the date on which the condition of the company is to be ascertained and shown, which suits or actions are being defended for or on account of a holder of any such policy, also the average cost on account of each injured person, determined as aforesaid from the company's experience, shall be multiplied by the number [of injuries reported within the eighteen months prior to] making the statement of the company's condition, whether such injuries were reported to the home office of the company or to any of its representatives. From the sum of these two products so ascertained there shall be deducted the amount of all payments made on account or in consequence of said injuries reported within eighteen months, this amount so deducted to be taken as of the date at which the said statement is made. The sum remaining after making this deduction shall be charged as the liability of the company on account of outstanding losses. Any admitted company issuing liability contracts, which, by reason of its limited experience in liability underwriting, cannot furnish the information required by this article shall, nevertheless, until it is able to comply with said requirements, be charged with a liability for outstanding losses upon all kinds of its liability policies an amount not less than the amount resulting from the following process:

The number of suits or actions pending on account of injuries reported prior to eighteen months previous to the date of making up the statement, whether such injuries were reported to the home office of the company or to any of its representatives, which are being defended on account of the holder of any policy, shall be multiplied by the average cost per suit as shown by the average experience of all other admitted liability companies ascertained from the data required by this article, also the number of injuries reported under said policies at any time within eighteen months of making up the statement, whether reported to the home office of the company or to any of its representatives, and whether such injuries resulted in loss to the company or not, shall be multiplied by the average cost for each injured person as shown by the average of said experience of all other admitted liability companies, ascertained from the data required by this article. From the sum of these two products there shall be deducted the amount of all payments made on account or in consequence of said injuries reported within eighteen months, this amount to be taken as of the date at which the statement is made. A sum not less than the amount remaining after this deduction shall be charged as a liability for outstanding losses to liability companies covered by the provisions of this paragraph. The average cost for suits and for injured persons required by this paragraph shall, on or before the first day of December of each year, be furnished by the insurance commissioner to every such company which has not had an experience of ten years in liability underwriting. Besides the reserve provided for in this article, each such company shall be charged as a liability with all unpaid losses of which the company received notice on or before December 31, and all other debts and liabilities. If the capital stock of any such company, computing its liabilities in accordance with the provisions of this article, shall be at any time impaired to the extent of twenty per cent thereof, it shall be the duty of the commissioner of insurance and banking to give notice to the company to make good its whole capital stock within sixty days; and, if this is not done, he shall require the company to cease to do business within this state, and shall thereupon, in case the company is organized under the authority of the state, immediately institute legal proceedings to wind up the affairs of such company. [Acts 1909, p. 193, sec. 54.]

Art. 4942. **Commissioner may accept certificate, when.**—The commissioner of insurance and banking, in calculating the reserve liability of any such company, may accept the certificate of the officer of any other state charged with the duty of supervising such company as to any such company organized under the laws of such state; provided, such certificate shows that such liability has been computed in accordance with the provisions of the preceding article.

[3125] **Corporations may be formed to operate under this chapter.**—Corporations may be formed and chartered, under the provisions of this chapter and of the general corporation laws of the state of Texas, for the purpose of constructing, maintaining and operating canals, ditches, flumes, feeders, laterals, reservoirs, dams, lakes and wells, and of conducting and transferring water to all persons entitled to the same for irrigation, mining, milling, to cities and towns for waterworks, and for stockraising, and for the purpose of building storage reservoirs for the collection and storage of water for the purposes before mentioned. All such corporations shall have full power and authority to make contracts for the sale of permanent water rights, and to have the same secured by liens on the land or otherwise, and to lease, rent or otherwise dispose of the water controlled by such corporation for such time as may be agreed upon, and, in addition to the lien on the crops hereinafter provided for, the lease or rental contract may be secured by a lien on the land or otherwise. All persons who own or hold a possessory right or title to land adjoining or contiguous to any canal, ditch, flume or lateral constructed and maintained under the provisions of this chapter, and who shall have secured a right to the use of water in said canal, ditch, flume, lateral, reservoir, dam or lake, shall be entitled to be supplied from such canal, ditch, flume, lateral, dam or lake with water for irrigation of such land, and for mining, milling and stockraising in accordance with the terms of his or their contract; provided, that, if the person, association or corporation owning or controlling such water, and the person who owns or holds a possessory right or title to land adjoining or contiguous to any canal, ditch, flume or lateral constructed and maintained under the provisions of this chapter fail to agree upon a price for a permanent water right, or for the use or rental of the necessary water to irrigate the land of such person and for mining, milling and stockraising, such person, firm, association or corporation shall nevertheless, if such person, firm, association or corporation has or controls any water not contracted to others, furnish the necessary water to such person to irrigate his lands, and for mining, milling and stockraising, at such prices as may be reasonable and just; provided, further, that, in case of shortage of water from drought, accident or other cause, the water to be distributed shall be divided among all consumers pro rata, according to the amount he or they may be entitled to, to the end that all shall suffer alike, and preference be given to none. The sale of the permanent water right shall be an easement to the land and pass with the title thereof; and the owner thereof shall be entitled to the use of the water upon the terms provided in his or their contract with such person or corporation, or in case no contract is entered into, then at just and reasonable prices. Any instrument of writing providing a permanent water right shall be admitted to record in the same manner as other instruments relating to the conveyance of land. [Id.]

Art. 5003. [704] **Power to enter lands, etc.**—Every canal corporation, for the purpose of irrigation, shall have power to cause such examination and survey for its proposed canal to be made as may be necessary to the selection of the most advantageous route, and for such purpose, by its officers, agents or servants, to enter upon the land or waters of any person.

Art. 5004. [3126] **Right of way over public lands.**—All corporations and associations formed for the purpose of irrigation, mining, milling, the construction of waterworks for cities and towns, and stockraising, as provided in this chapter, are hereby granted the right of way, not to exceed one hundred feet in width, over all public, public free school, university and asylum lands of the state, with the use of the rock, gravel and timber on the right of way for construction purposes, and may obtain the right of way over private lands by contract. Any such corporation or association of persons, or any city or town, may also obtain the right of way over private lands, and also the land for dam sites and storage reservoirs and the water belonging to the riparian owner by condemnation, by causing the damages for any private property appropriated by any such persons, corporations or associations to be assessed and paid for as provided in cases of railroads, and the delay necessary to condemn and acquire the property needed for the ditch, dam site, reservoir and sewers for water supply and drainage or water of the riparian owner shall not work to the prejudice of the person, corporation or association of persons constructing such ditch, canal, lake, reservoir or dam, and shall not be taken into account in estimating the time for the completion of such work. [Id. p. 21.]

Art. 5005. [3127] **Surplus water to be returned.**—All surplus water of a running stream not used or disposed of as provided in the preceding articles shall be conducted back to the stream from which it was taken through a ditch or canal constructed under the provisions of this chapter, or through a natural channel leading back to the stream. [Id.]

Art. 5006. [3128] **Right of way across highways, etc.; conditions precedent thereto.**—All said persons, corporations and associations shall have the right to run along or across all roads and highways necessary in the construction of their work, and shall at all such crossings construct and maintain necessary bridges for the accommodation of the public, and shall not impair the usefulness of such road or highway; provided, that if any public road or highway or public bridges should be upon the ground necessary for the dam site, reservoir or lake, it shall be the duty of the commissioners' court to change said road and to remove such bridges that the same may not interfere with the construction of the proposed dam, reservoir or lake; provided, further, that the expense of making such change shall be paid by the person, firm or corporation owning such dam site, lake, reservoir or canal. [Id.]

Art. 5007. [3129] **No cause of action for damages, when.**—Unless such person, association of persons, or corporation shall fence their said ditch, canal, reservoir, dam or lake, and keep the same securely fenced, then there shall accrue in their favor no cause of action against owners of livestock for any trespass thereon. [Id.]

Art. 5008. [704] **May construct over and along streams.**—Such canal corporation, for the purpose of irrigation, shall have power to construct its canal across, along or upon any stream of water.

Art. 5009. [3130] **Liens for water rent.**—Every person, corporation or association of persons which has heretofore constructed, or which may hereafter construct, any ditch, canal, dam, lake or reservoir for the purpose of irrigation, and who shall lease or rent the water from said ditch, canal, dam, lake or reservoir to any person or association of persons or corporation owning any lands subject to irrigation from any such ditch, canal, lake, dam or reservoir, such person, corporation or association of persons owning such ditch,

canal, lake, dam or reservoir shall have a preference lien, superior to every other lien, upon the crop or crops raised upon the land thus irrigated under such lease or contract. [Id.]

Art. 5010. [3131] **Conditions under which corporations may acquire lands.**—Any corporation organized under the provisions of the general laws of this state or the provisions of this chapter, for the purpose of irrigation, shall have the power to acquire lands by voluntary donation or purchase or in payment of stock or water rights, and to hold and dispose of all such land and other property, and to borrow money for the construction, maintenance and operation of its canals, ditches, flumes, feeders, reservoirs, dams, lakes and wells, and may issue bonds and mortgage its corporate and other property and franchises to secure the payment of any debts contracted for same; provided, no corporation shall issue stock or bonds, except for money paid, labor done, or property actually received, and all fictitious increase of stock or indebtedness shall be void; and provided, further, all lands acquired by said corporation, except such as are used for the construction, maintenance and operation of said canals, ditches, laterals, feeders, reservoirs, dams, lakes and wells, shall be alienated within fifteen years from the date of acquiring said lands or be subject to judicial forfeiture. [Id. p. 27.]

Art. 5011. **Reclamation and irrigation act of U. S. Congress.**—Where, in the examination, survey, or construction of any irrigation or reclamation project under the provisions of the act of congress, approved June 17, 1902, thirty-second statutes, 388, known as the reclamation act, it shall be found advisable or necessary to irrigate or reclaim lands within limits of the state of Texas, the secretary of the interior is authorized to make all necessary examinations and surveys for, and to locate and construct, irrigation or reclamation works within said state, and to perform any and all acts necessary to carry into effect the provisions of the reclamation act as to such lands, subject to all the provisions, limitations, charges, terms and conditions of the said reclamation act. ORGANIZATION.

Article 5012. **Who may propose organization of district.**—A majority in numbers of the holders of title, or evidence of title, to lands susceptible of irrigation from a common source, and by the same system of works, such holders of title, or evidence of title, representing a majority in value of said land, according to the county assessment roll or rolls for the year last preceding,

may propose the organization of an irrigation district under the provisions of this law. [Acts 1905, p. 235, sec. 1.]

Art. 5013. **The petition.**—In order to propose the organization of an irrigation district, a petition shall be presented to the commissioners' court of the county in which the lands within the proposed district, or the greater portion thereof, are situated, signed by the required number of holders of title, or evidence of title, to lands within such proposed district, and representing the requisite majority in value of said lands, which petition shall set forth the boundaries of the proposed district, and shall state generally the source from which said lands are proposed to be irrigated, and the character of the works proposed to be acquired or constructed for irrigation purposes, and shall pray that the territory embraced within the boundaries of the proposed district may be organized as an irrigation district under the provisions of this law. The petition must be accompanied with a good and sufficient undertaking, to be approved by the county commissioners' court, in double the amount of the probable cost of organizing such district, conditioned that the sureties shall pay all of said costs, in case said organization shall not be effected. Said petition shall be presented at a regular meeting of said commissioners' court, and shall be published for at least two weeks before the time at which the same is to be presented, in some newspaper of general circulation printed and published in the county where said petition is presented, together with the notice stating the time of the meeting at which the same will be presented; and, if any portion of the lands within said district lie within another county or counties, then said petition and notice shall be published, as above provided, in a newspaper published in each of said counties. When such petition is presented, said commissioners' court shall hear the same, and may adjourn such hearing from time to time, not exceeding four weeks in all. And on final hearing, said commissioners' court shall make such changes in the proposed boundaries as may be deemed advisable, and shall define and establish such boundaries. But said commissioners' court shall not modify said boundaries so as to exclude from such proposed district any territory which is susceptible of irrigation from a common source, and by the same system of works applicable to the other lands in such proposed district; nor shall any lands which will not, in the judgment of the commissioners' court, be benefited by irrigation, by the same system of works, be included within such proposed district. Any person whose lands are susceptible of irrigation, from the same source and system of works, may, upon his application, in the discretion of said commissioners' court, have such lands included within said proposed district. [Id. sec. 2.]

Art. 5014. **Commissioners' court to hear petition and take testimony.**—Upon such hearing of said petition, the commissioners' court shall determine whether or not said petition complies with the requirements of the two preceding articles, and for that purpose must hear all competent and relevant testimony offered in support or in opposition thereto. Such determination shall be entered upon the minutes of said commissioners' court. [Id. sec. 3.]

Art. 5015. **Who may appeal.**—The right of appeal from said order to the district court of the county where said petition is heard is hereby given to any person interested who is a party to the record; provided, that, if more than one appeal be taken, they shall be consolidated and tried together. Such appeal shall be taken within ten days after the entry of such order upon the minutes of the commissioners' court. Upon the appeal, the district court may make and enter its judgment affirming, modifying or reversing the order appealed from. Within ten days thereafter, the district court must cause its decree to issue to said commissioners' court, and, if said order of the commissioners' court is modified or reversed, the judgment of the district court and its decree shall direct the commissioners' court what order it shall enter.

Such decree shall be filed by the clerk of the commissioners' court; and, at the first regular meeting of the commissioners' court thereafter, it shall cause to be entered in its minutes the order as directed by said district court. The appeal herein provided for shall be heard and determined at the first regular term of the district court after the filing of the notice of appeal. [Id. sec. 4.]

Art. 5016. **Districts to be divided into divisions.**—If, on said final hearing, the boundaries of the proposed district are defined and established, said commissioners' court shall make an order dividing said district into five divisions, as nearly equal in size as may be practicable, which shall be numbered first, second, third, fourth and fifth, and one director shall be elected for each division by the electors thereof; provided, that, if so requested in said petition, the commissioners' court may order that there be only three divisions in said district, and that only three directors be elected, or that they be elected for the district at large. [Id. sec. 5.]

Art. 5017. **Notice of election to be given.**—Said commissioners' court shall then give notice of an election to be held in such proposed district for the purpose of determining whether or not the same shall be organized under the provisions of this law. Such notice shall describe the boundaries so established and shall designate a name for the proposed district; and said notice shall be published for at least three weeks previous to such election in a newspaper published within the county in which the petition for the organization for the proposed district was presented; and, if any portion of such proposed district is within another county or counties, then such notice shall be published for the same length of time in a newspaper published in each of said counties. Such notice shall require the electors to cast ballots, which shall contain the words, "Irrigation District, Yes," or, "Irrigation District, No," signed by the voter, or words equivalent thereto, and also the names of persons to be voted for at said election. For the purposes of said election, the commissioners' court must establish a convenient number of election precincts in said proposed district, and define the boundaries of the same. Such election shall be conducted as nearly as practicable in accordance with the general election laws of the state, but no particular form of ballot shall be required. [Id. sec. 6.]

Art. 5018. **Election of officers.**—At such election, there shall be elected a board of directors, and an assessor, tax collector and treasurer; provided, that, where a consolidation of offices as hereinafter provided for is deemed advisable in the organization of the district, the petitioners may request in their petition to organization such consolidation; and the commissioners' court calling the election shall in its order therefor announce such consolidation, and then only one person shall be elected to fill the several offices so consolidated. [Id. sec. 7.]

Art. 5019. **Qualification of electors.**—No person shall be entitled to vote at any election held under the provisions of this law, unless he possesses all the qualifications required of electors under the general election laws of this state, and must be a resident property taxpayer in the district. [Id. sec. 8.]

Art. 5020. **Commissioners' court to canvass votes, etc.**—The commissioners' court shall meet on the second Monday succeeding such election, and shall proceed to canvass the votes cast thereat; and, if upon such canvass it appears that at least two-thirds of all the votes cast are "Irrigation District, Yes," said commissioners' court shall, by order entered on its minutes, declare the territory duly organized as an irrigation district, under the name theretofore designated, and shall declare the persons receiving respectively the highest number of votes at said election to be duly elected. [Id. sec. 9.]

Art. 5021. **Copy of order to be filed.**—Said commissioners' court shall then cause a copy of such order, duly certified, to be immediately filed for record in the office of the county clerk of any county in which any portion of the land embraced in such district is situated, and must also immediately forward

a copy thereof to the commissioners' court of each of said last mentioned counties, and no commissioners' court of any county in which any portion of the lands embraced in such districts are situated shall, after the date of the organization thereof, allow another district to be formed including any portion of said lands, without the consent of the board of directors of the district in which they are situated. From and after such filing, the organization of such district shall be complete. [Id. sec. 10.]

Art. 5022. **Election may be contested, how.**—Such election on organization may be contested by any person owning property within the proposed district liable to assessment. The directors elected at such election shall be made parties defendant. Such contest shall be brought in the district court of the county where the petition for organization is filed; provided, that, if more than one contest be pending, they shall be consolidated and tried together. The court having jurisdiction shall speedily try such contest, and determine upon the hearing whether the election was fairly conducted, and in substantial compliance with the requirements of this law, and enter its judgment accordingly. Such contest must be brought within twenty days after the canvass of the vote and declaration of the result by the commissioners' court. The right of appeal is hereby given to either party to the record as in other cases tried before the district court. [Id. sec. 11.]

Art. 5023. **Officers shall qualify, etc.**—The officers elected at the election hereinbefore provided for shall immediately enter upon their duties as such, upon qualifying in the manner for such officers herein provided. Said officers shall hold office respectively until their successors are elected and qualified. [Id. sec. 12.]

OFFICERS.

Art. 5024. **Classification of directors.**—The directors of any district, on the first Tuesday after their election, after they shall have qualified, shall meet and classify themselves by lot into two classes, as nearly equal in number as possible, and the term of office of the class having the greater number shall expire at the next general February election in this law provided for, and the term of office of the class having the lesser number shall terminate at the next general February election thereafter. After such classification, said directors shall organize as a board, shall elect a president from their number, and appoint a secretary, who shall each hold office during the pleasure of the board. The salary of the secretary and the amount of the bond to be given by him for the faithful performance of his duties shall be fixed by the board of directors. [Id. sec. 13.]

Art. 5025. **Meetings of directors.**—The board of directors shall hold a regular monthly meeting in their office on the first Tuesday in every month, and such special meetings as may be required for the proper transaction of business; provided, that all special meetings must be ordered by a majority of the board. The order must be entered of record, and five days notice thereof must by the secretary be given to each member not joining in the order. The order must specify the business to be transacted, and none other than that specified must be transacted at such special meeting. All meetings of the board must be public, and three members constitute a quorum for the transaction of business; provided, however, that when the board consists of three members only, then in such case two shall constitute a quorum for the transaction of business, but, on all questions requiring a vote, there shall be a concurrence of at least the number constituting a quorum. All records of the board shall be open to public inspection during business hours. The board of directors shall, on the first Tuesday in January of each and every year, render, and immediately thereafter cause to be published, a verified statement of the financial condition of the district, showing particularly the receipts and dis-

bursements of the last preceding year, together with the source of such receipts and purpose of said disbursements. Said publication shall be made at least once a week for two weeks in some paper published in the county where the office of the board of directors of such district is situated. [Id. sec. 14.]

Art. 5026. Powers and duties of directors.—The board shall have the power, and it shall be their duty, to manage and conduct the business and affairs of the district, make and execute all necessary contracts, employ and appoint such agents, officers and employes as may be required, and prescribe their duties. The board and its agents and employes shall have the right to enter upon any land to make surveys, and may locate the necessary irrigation works and the line for any canal or canals, and the necessary branches for the same, on any lands which may be deemed best for such location. Said board shall also have the right to acquire, either by purchase or condemnation, or other legal means, all lands, and waters, and water rights, and other property necessary for the construction, use, supply, maintenance, repair and improvements of said canal or canals and works including canals and works constructed and being constructed by private owners, lands for reservoirs for the storage of needful waters, and all necessary appurtenances. But no such purchase of any waters, or water rights, or canals, or reservoirs, or reservoir rights, or irrigation works, or other real property of any nature or kind, for any price in excess of ten thousand dollars, shall be final or binding on the district, nor shall the purchase price thereof be paid until a petition of a majority of the holders of title, or evidence of title, to lands within the district, such holders of title, or evidence of title, representing a majority in value of said lands, according to the last assessment roll of the district, shall have been filed with the board and an order of the board made thereon confirming such purchase. Said board may also construct the necessary dams, reservoirs and works for the collection of water for said district, and do any and every lawful act necessary to be done, that sufficient water may be furnished to each land owner in said district for irrigation purposes. The said board is hereby authorized and empowered to take conveyances or other assurances for all property acquired by it under the provisions of this law, in the name of such irrigation district, to and for the uses and purposes herein expressed, and to institute and maintain any and all actions and proceedings, suits at law or in equity, necessary or proper in order to fully carry out the provisions of this law, or to enforce, maintain, protect or preserve any and all rights, privileges and immunities created by this law, or acquired in pursuance thereof. And in all courts, actions, suits or proceedings, the said board may sue, appear and defend in person or by attorneys, and in the name of such irrigation district. It shall be the duty of said board to establish equitable by-laws, rules and regulations for the distribution and use of water among the owners of said lands, which must be printed in convenient form for distribution in the district. Said board shall have power generally to perform all such acts as shall be necessary to fully carry out the purposes of this law. [Id. sec. 15.]

Art. 5027. Duty of board in condemnation proceedings.—In case of condemnation proceedings, the board shall proceed in the name of the district, under the provisions of the law relating to the condemnation of land by railroads. [Id. sec. 16.]

Art. 5028. Vacancy in office, how filled.—In case of a vacancy in the office of assessor, collector or treasurer, the vacancy shall be filled by appointment of the board of directors; provided, that, if said board of directors shall neglect or refuse to make such appointment within a period of forty days, then the commissioners' court of the county wherein the office of said board of directors is situated shall make such appointment. In case of a vacancy in the office of director, the vacancy shall be filled by appointment by the commissioners' court of the county where the office of such board of directors

is situated from the division in which the vacancy occurred. An officer appointed as above provided shall hold his office until the next regular election for said district and until the successor is elected and qualified. [Id. sec. 25.]

Art. 5029. **Director must be resident, etc., of district.**—A director shall be a resident and property taxpayer of the irrigation district, but not necessarily of the division for which he is elected. [Id. sec. 26.]

The order of consolidation must be made at least thirty days prior to general election of the district, and shall take effect at the next preceding election; provided, that the board of directors may, at least thirty days before the general election of the district, where the offices have been consolidated, segregate the same and each office to be filled at such election. [Id. sec. 27.]

Art. 5031. **Petition as to number of directors to be elected.**—In any district, the board of directors thereof may, upon the presentation of a petition therefor, by majority of the holders of title, or evidence of title, of said district, evidenced as above provided, order that, on or after the next ensuing general election for the district, there shall be either three or five directors, as said board may order, and they shall be elected by the district at large, or by divisions, as so petitioned and ordered; and after such order such directors shall be so elected. [Id. sec. 28.]

Art. 5032. **Compensation of directors.**—The directors when sitting as a board, or acting under the orders of a board, shall each receive not to exceed three dollars per day and actual and necessary expenses paid while engaged in official business under the order of the board. The board shall fix the compensation to be paid to all officers named in this law, to be paid out of the treasury of the district; provided, that said board shall, upon the petition of at least fifty or a majority of the freeholders within such district therefor, submit to the electors at any general election a schedule of salaries and fees to be paid hereunder. Such petition must be presented to the board not less than twenty days nor more than forty days prior to the general election; and the result of such election shall be determined and declared under this law. [Id. sec. 46.]

Art. 5033. **Contracts, interest in forbidden.**—No director or other officer of any irrigation district, organized under the provisions of this chapter, shall in any manner be interested, directly or indirectly, in any contract awarded or to be awarded by the board, or in the profits to be derived therefrom. For the violation of this provision, such officer shall be punished as provided in the Penal Code for this offense. [Id. sec. 47.]

The person receiving the highest number of votes for any office to be filled at such election shall be elected thereto. The assessor, collector and treasurer shall each hold office from the first Tuesday in March next after for two years and until his successor is elected and qualified. Prior to the time for posting the notices, the board must appoint for each precinct, from the electors thereof, one inspector and two judges who shall constitute a board of election for said precinct. Art. 5038. **Voting, same as in general election.**—Voting may commence as soon as the polls are opened, and may be continued during all the time the polls remain open, and shall be conducted, as nearly as practicable, in accordance with the provisions of the general election laws of this state. [Id. sec. 23.]

Art. 5039. **Canvass of vote to be made in public.**—No list, tally sheet or certificate returned from any election shall be set aside or rejected for want of form, if it can be satisfactorily understood. The board of directors must meet at its usual place of meeting on the first Monday after each election to canvass the returns. If, at the time of meeting, the returns from each precinct in the district in which the polls were opened have been received, the board of directors must then and there proceed to canvass the returns, but, if all the returns have not been received, the canvass be postponed from day to day until all the returns have been received, or until six postponements have been had. The canvass must be made in public and by opening the returns and estimating the vote of the district for each person voted for and declaring the result thereof. [Id. sec. 24.]

At such election, the ballot shall contain the words, "Bonds, Yes," or, "Bonds, No," or words equivalent thereto. If two-thirds of the votes cast are, "Bonds, Yes," the board of directors shall cause bonds in said amount to be issued; if more than one-third of the votes cast at any bond election are, "Bonds, No," the result of such election shall be so declared and entered of record. Whenever thereafter a petition of the character hereinbefore provided for in this article is presented to the board, it shall so declare of record in its minutes, and shall thereupon submit such questions to said electors in the same manner and with like effect as at such previous election; provided, that only one such election can be held in any one year. Sale of bonds, etc.—The board may sell said bonds from time to time in such quantities as may be necessary and most advantageous to raise money for the construction of said canals and works, the acquisition of said property and rights, and otherwise to fully carry out the objects and purposes of this law. Before making any sale, the board shall, at a meeting, by resolution, declare its intention to sell a specified amount of the bonds, and the day and hour and place of such sale, and shall cause such resolution to be entered in the minutes, and notice of the sale to be given, by public issue thereof at least three weeks, in some newspaper published in the county where the office of the board of directors is located, and in any other newspaper, at its discretion. Said proposals shall be opened by the board in open meeting at the time to be named in the notice, and the lowest bid for said bonds must be accepted; provided, that no bond shall be redeemed at a rate above par. In case the bids are equal, the lowest numbered bond shall have the preference. effect that they severally consent that the lands mentioned in the petition, or such portion thereof as may be excluded from said district by order of said board, may be excluded from the district; and, if said lands, or any portion thereof, be thereafter excluded from the district, the lands so excluded shall be released from the lien of such outstanding bonds. The assent must be acknowledged by the several holders of such bonds in the same manner and form as is required in case of the conveyance of land. The assent shall be filed with the board, and must be recorded in the minutes of the board; and said minutes, or a copy thereof certified by the secretary of the board, shall be admissible in evidence with the same effect as the said assent; and such certified copy thereof may be recorded in the office of the county clerk wherein said lands are situated. The ballots cast at said election shall contain the words, "For reducing bonds—Yes," or, "For reducing bonds—No." When the vote is canvassed by the board of directors and entered of record, if a majority of the votes cast shall be "For reducing bonds—Yes," then in that event the board of directors shall only be empowered to issue or sell such amount of bonds as is stipulated in the said notice of such special election; but, if a majority of said votes are not "For reducing bonds—Yes," then the authorized bonds shall remain the same as before said special election was held. [Id. sec. 81.]

Art. 5049. Outstanding bonds.—In case there be outstanding bonds of any district desiring to take advantage of the provisions of this law concerning reduction of bonded indebtedness, the assent of such bond holders may be obtained to such reduction of the bonded indebtedness in the same manner as provided in article 5047. If such assent is obtained in the manner therein provided, then, and in that event, such district shall be empowered to take advantage of all the provisions of this law, but not otherwise. No reduction of the bonded indebtedness as in this law provided shall in any manner affect any order of court that may have been made adjudicating and confirming the validity of said bonds. [Id. sec. 82.]

Art. 5050. The board must fix the compensation of such deputies, which shall be paid out of the treasury of the district. The compensation must not exceed five dollars per day for each deputy for the time actually engaged, nor must any allowance be made, but for work done between the first Monday in March and the first Monday in August in each year. [Id. sec. 36.]

Art. 5058. Assessment to be completed, etc.—On or before the first Monday in August in each year, the assessor must complete his assessment book and deliver it to the secretary of the board, who must immediately give notice thereof, and of the time the board of directors, acting as a board of equalization, will meet to equalize the assessment, by publication in a newspaper published in each of the counties comprising the district. BOUNDARIES.

Art. 5065. **Boundaries may be changed, etc.**—The boundaries of any irrigation district organized under the provisions of this law may be changed; and tracts of land which were included within the boundaries of such district

at or after its organization, under the provisions of this law, may be excluded therefrom in the manner herein prescribed; but neither such change of the boundaries of the district nor such exclusion of lands from the district shall impair or affect its organization or its right in or to property, or any of its rights or privileges of whatever kind and nature; nor shall it affect, impair or discharge any contract, obligation, lien or charge for or upon which said district was and may become liable or chargeable had such change of its boundaries not been made or had not such land been excluded from the district. [Id. sec. 56.]

Art. 5066. **Land may be excluded, when, etc.**—The owner or owners in fee of one or more tracts of land, which constitute a portion of an irrigation district, may jointly or severally file with the board of directors of the district, a petition praying that such tract or tracts, and any other tracts contiguous thereto, may be excluded and taken from said district. The petition shall state the grounds and reasons upon which it is claimed that such lands should be excluded, and shall describe the boundaries thereof, and also the lands of such petitioner or petitioners which are included within such boundaries; but the description of such land need not be more particular or certain than is required when the lands are entered in the assessment book by the county assessor. Such petition must be verified by oath of each signer thereto. [Id. sec. 57.]

Art. 5067. **Notice to be published.**—The secretary of the board of directors shall cause the notice of the filing of such petition to be published at least two weeks in some newspaper published in the county where the office of the board of directors is situated; and, if any portion of such territory to be excluded lies within another county or counties, then said notice shall be so published in a newspaper published within each of said counties; or, if no newspaper be published therein, then by posting such notice for the same time in at least three public places in said district; and, in case of the posting of said notices, one of said notices must be posted on the lands proposed to be excluded. The time to be specified in the notice at which they shall be required to show cause shall be the regular meeting of the board next after the expiration of the time for the publication of the notice. [Id. sec. 58.]

Art. 5068. **Board to hear petition to exclude, etc.**—The board of directors, at the time and place mentioned in the notice, or at the time or times to which the hearing of said petition may be adjourned, shall proceed to hear the petition and all of the evidence or proofs that may or shall be introduced by or in behalf of the petitioner or petitioners, and all objections to such petition that may or shall be presented, in writing, by any person showing cause as aforesaid, and all evidence and proof that may be introduced in support of such objections. The failure of any person interested in said district, other than the holders of bonds thereof outstanding, at the time of the filing of said petition with said board, to show cause, in writing, why the tract or tracts of land mentioned in said petition should not be excluded from said district, shall be deemed and taken as an assent by him to the exclusion of such tract or tracts of land, or any part thereof, from said district; and the filing of such petition with said board as aforesaid shall be deemed and taken as an assent by each and all of such petitioners to the exclusion from such district of the lands mentioned in the petition, or any part thereof. The expenses

of giving said notice, and of the aforesaid proceedings, shall be paid by the person or persons filing such petition. [Id. sec. 59.]

Art. 5069. Duty of board upon hearing petition to exclude.—If upon the hearing of any such petition no evidence or proofs in support thereof be introduced, or if the evidence fails to sustain said petition, or if the board deem it not to be the best interest of the district that the lands, or some portion thereof mentioned in the petition, should be excluded from the district, the board shall order the said petition to be denied as to such lands; but, if the said board deem it for the best interests of the district that the lands mentioned in the petition, or some portion thereof, be excluded from the district, and if no person interested in the district show cause in writing why said lands, or some portion thereof, should not be excluded from the district, or if, having shown cause, withdraws the same, or upon the hearing fails to establish such objections as he may have made, then it shall be the duty of the board to and it shall forthwith make an order that the lands mentioned and described in the petition, or some defined portion thereof, be excluded from said district; provided, that it shall be the duty of said board to so order, upon petition therefor as aforesaid, that all lands so petitioned to be excluded from said district shall be excluded therefrom which can not be irrigated from, or which are not susceptible to, or would not by reason of being permanently devoted to uses other than agricultural or horticultural. [Id. sec. 60.]

Art. 5070. In cases where land is excluded.—In the event the board of directors shall exclude any lands from said district, upon petition therefor, it shall be the duty of the board of directors to make an entry in the minutes of the board describing the boundaries of the district, should the exclusion of said land change the boundaries of said district; and for that purpose the board may cause a survey to be made of such portions of the district as the board may deem necessary; and a certified copy of the entry in the minutes of the board excluding any lands, certified by the president and secretary of the board, shall be filed for record in the county clerk's office of each county within which are situated any of the lands of the district; but said district, notwithstanding such exclusion, shall be and remain an irrigation district as fully, to every intent and purpose, as it would be had no change been made in the boundaries of the district, or had the lands excluded therefrom never constituted a portion of the district. [Id. sec. 62.]

Art. 5071. Office of director to become vacant when land is excluded.—If the lands excluded from any district under this law shall embrace the greater part of any division or divisions of such district, then the office of director of such division or divisions shall become and be vacant at the expiration of ten days from the final order of the board excluding said lands; and such vacancy or vacancies shall be filled by appointment by the county commissioners' court of the county where the office of such board is situated from the district at large. A director appointed as above provided shall hold his office until the next regular election for said district and until his successor is elected and qualified. [Id. sec. 63.]

Art. 5072. Director to be elected for each division.—At least thirty days before the next general election of such district, the board of directors thereof shall make an order dividing said district into three or five divisions, as the case may require, as nearly equal in size as may be practicable, which shall be numbered first, second, third, and so on, and one director shall be elected by each division. For the purpose of elections in such districts, the said board of directors must establish a convenient number of election precincts and define the boundaries thereof; which said precincts will be changed from time to time as the board of directors may deem necessary. [Id. sec. 64.]

Art. 5073. Guardian, executor, etc., may petition.—A guardian, an executor, or an administrator of an estate, who is appointed as such under the laws of

this state; and who as such guardian, executor, or administrator, is entitled to the possession of the lands belonging to the estate which he represents, may, on behalf of his ward, or the estate which he represents, upon being thereto properly authorized by the proper court, sign and swear to the petition in this law mentioned, and may show cause as in this law provided why the boundaries of the district should not be changed. [Id. sec. 65.]

Art. 5074. Lands excluded not released from debt, etc.—Nothing in this law shall in any manner operate to release any of the lands so excluded from the district from any obligation to pay, or any lien thereon, of any valid outstanding bonds, or other indebtedness of said district at the time of the filing of said petition for the exclusion of said lands, but upon the contrary said lands shall be held subject to said lien and answerable and chargeable for and with the payment and discharge of all said outstanding obligations at the time of the filing of the petition for the exclusion of said lands as fully as though said petition for such exclusion were never filed, and said order or decree of exclusion never made; and, for the purpose of discharging such outstanding indebtedness, said lands so excluded shall be deemed and considered as a part of said irrigation district, the same as though said petition for its exclusion had never been filed, or said order or decree of exclusion never made; and all provisions which may have been resorted to to compel the payment by said lands of its quota or portion of said outstanding obligations, had said exclusion never been accomplished, may, notwithstanding said exclusion, be resorted to to compel and enforce the payment on the part of said lands of its quota and portion of said outstanding obligations of said irrigation district for which it is liable as herein provided. But said lands so excluded shall not be held answerable or chargeable for any obligation of any nature or kind whatever incurred after the filing with the board of directors of said district of the petition for the exclusion of said lands from the said district; provided, that the provisions of this article shall not apply to any outstanding bonds, the holders of which have assented to the exclusion of such lands in said district as hereinbefore provided. [Id. sec. 66.]

Art. 5075. Changes in boundary not to impair organization.—The boundaries of any irrigation district, organized under the provisions of this law, may be changed in the manner herein prescribed; but such change of boundaries of the district shall not impair or affect its organization or its rights in or to property or any of its rights or privileges of whatsoever kind and nature; nor shall it affect, impair, or discharge any contract, obligation, lien, or charge for or upon it [which] was or might become liable or chargeable had such change of its boundaries [not] been made. [Id. sec. 67.]

Art. 5076. Changing boundaries.—The holder or holders of title, or evidence of title, representing one-half or more of any body of lands adjacent to the boundary of an irrigation district, which are contiguous, and which taken together constitute one tract of land, may file with the board of directors of said district a petition in writing, praying that the boundaries of said district may be so changed as to include therein said lands. The petition shall describe the boundaries of said parcel or tract of land and shall also describe the boundaries of the several parcels owned by the petitioners, if the petitioners be the owners, respectively, of distinct parcels; but such description need not be more particular than they are required to be when such lands are entered by the county assessor in the assessment book. Such petition must contain the assent of the petitioners to the inclusion within said district of the parcels or tracts of land described in the petition, and of which said petition alleges they are respectively the owners; and it must be verified by oath of each signer thereto. [Id. sec. 68.]

Art. 5077. Notice.—The secretary of the board of directors shall cause a notice of the filing of said petition to be given and published in the same

manner and for the same time that notice of special elections for the issue of bonds are required by this law to be published. The notice shall state the filing of such petition and the names of the petitioners, a description of the lands mentioned in said petition, and the prayer of said petition; and it shall notify all persons interested in or that may be affected by such change of the boundaries of the district to appear at the office of said board at a time named in said notice and show cause in writing, if any they have, why the changes in the boundaries of said district as proposed in said petition should not be made. The time to be specified in the notice at which they shall be required to show cause shall be the regular meeting of the board next after the expiration of the time for the publication of the notice. The petitioners shall advance to the secretary sufficient money to pay the estimated costs of all proceedings under this law. [Id. sec. 69.]

Art. 5078. **Board to hear petition, etc.**—The board of directors, at the time and place mentioned in said notice, or at such other time or times to which the hearing of said petition may be adjourned, shall proceed to hear the petition and all the objections thereto, presented in writing by any person showing cause as aforesaid why said proposed change of the boundaries of the district should not be made. The failure by any persons interested in said district, or in the matter of the proposed changes of its boundaries, to show cause in writing as aforesaid shall be deemed and taken as an assent on his part to a change of the boundaries of the district as prayed for in said petition, or to such a change thereof as will include a part of said lands. And the filing of such petition with said board as aforesaid shall be deemed and taken as an assent on the part of each and all of such petitioners to such a change of said boundaries that they may include the whole or any portion of the lands described in said petition. [Id. sec. 70.]

Art. 5079. **Petitioners shall pay, etc.**—The board of directors to whom such petition is presented may require, as a condition precedent to the granting of the same, that the petitioners shall severally pay to such district such respective sums, as nearly as the same can be estimated (the several amounts to be determined by the board), as said petitioners or their grantors would have been required to pay to such district as assessments had such lands been included in such district at the time the same was originally formed. [Id. sec. 71.]

Art. 5080. **Board may order petition rejected.**—The board of directors, if they deem it not for the best interest of the district that a change of its boundaries be so made as to include therein the lands mentioned in the petition, shall order that the petition be rejected. But if they deem it for the best interest of the district that the boundaries of said district be changed, and if no person interested in said district, or the proposed change of its boundaries, shows cause in writing why the proposed change should not be made, or if, having shown cause, withdraws the same, the board may order that the boundaries of the district be so changed as to include therein the lands mentioned in said petition, or some part thereof. The order shall describe the boundaries as changed, and shall also describe the entire boundaries of the district, as they will be after the change thereof as aforesaid is made; and, for that purpose, the board may cause a survey to be made of such portion of such boundaries as is deemed necessary. [Id. sec. 72.]

Art. 5081. **Resolution of board on petition.**—If any person interested in said district, or the proposed change of its boundaries, shall show cause as aforesaid why such boundaries should not be changed, and shall not withdraw the same, and if the board of directors deem it for the best interest of the district that the boundaries thereof be so changed as to include therein the lands mentioned in petition, or some part thereof, the board shall adopt a resolution thereof to that effect. The resolution shall describe the exterior

boundaries of the lands, which the board are of the opinion should be included within the boundaries of the district when changed. [Id. sec. 73.]

Art. 5082. **Board to fix time for election.**—Upon the adoption of the resolution mentioned in the last preceding article, the board shall order that an election be held within said district to determine whether the boundaries of the district shall be changed as mentioned in said resolution; and shall fix the time at which election shall be held, and cause notice thereof to be given in public. Such notice shall be given in public, and such election shall be held and conducted, the returns thereof shall be made, and canvassed, and the result of the election ascertained, and declared, and all things pertaining thereto conducted in the manner prescribed by this law in case of a special election to determine whether bonds of an irrigation district shall be issued. The ballots cast at said election shall contain the words, "For change of boundary," or, "Against change of boundary," or the equivalent thereto. The notice of the election shall describe the proposed change of the boundaries in such manner and terms that it can be readily traced. [Id. sec. 74.]

Art. 5083. **Result of election.**—If, at such election, a majority of all the votes cast at said election shall be against such changes in the boundaries of the district, the board shall order that said petition be denied, and shall proceed no further in that matter. But, if a majority of such votes be in favor of such change of the boundaries of the district, the board shall thereupon order that the boundaries be changed in accordance with said resolution adopted by the board. The said order shall describe the entire boundaries of said district, and, for that purpose, the board may cause a survey of such portions thereof to be made as the board may deem necessary. [Id. sec. 75.]

Art. 5084. **Change of boundaries to be recorded.**—Upon a change of the boundaries of the district being made, a copy of the order of the board of directors ordering such change, certified by the president and secretary of the board, shall be filed for record in the county clerk's office of each county within which are situated any of the lands of the district; and thereupon the district shall be and remain an irrigation district as fully and to every intent and purpose as if the lands which are included in the district by the change of boundaries, as aforesaid, had been included therein at the original organization of the district. [Id. sec. 76.]

Art. 5085. **Minutes of board admissible in evidence, when.**—Upon the filing of the copies of the order as in the last preceding article mentioned, the secretary shall record in the minutes of the board the petition aforesaid; and the said minutes or a certified copy thereof, shall be admissible in evidence with the same effect as the petition. [Id. sec. 77.]

Art. 5086. **Guardian, etc., may swear to petition, etc.**—A guardian, an executor, or an administrator of an estate, who is appointed as such under the laws of the state, and who as such guardian, executor, or administrator is entitled to the possession of the lands belonging to the estate which he represents, may, on behalf of his ward, or the estate which he represents, upon being thereunto authorized by the proper court, sign and swear to the petition mentioned in this law, and may show cause as in this why the boundaries of the district may not be changed. [Id. sec. 78.]

Art. 5087. **In case of inclusion of land.**—In case of the inclusion of any land within any district by proceedings under this law, the board of directors must, at least thirty days prior to the next succeeding general election, make an order re-dividing such district into three or five divisions, as the case may require, as nearly equal in size as may be practicable, which shall be numbered first, second, third, and so on, and one director shall thereafter be elected by each division. For the purposes of election, the board of directors must establish a convenient number of election precincts in said districts.

and define the boundaries thereof, which said precincts may be changed from time to time as the board may deem necessary. [Id. sec. 79.]

Art. 5088. **Water declared a public use.**—The use of all water required for the irrigation of the land of any district formed under the provisions of this law, together with the rights of way for canals and ditches, sites for reservoirs, and all other property required in fully carrying out the provisions of this law, is hereby declared to be a public use, subject to the regulation and control of the state, in the manner as may be prescribed by law. [Id. sec. 17.]

Art. 5089. **Water apportioned ratably.**—It is hereby expressly provided that all waters distributed for irrigation purposes shall be apportioned ratably to each land owner upon the basis of the ratio which the last assessment of such owner for district purposes within said district bears to the whole sum assessed upon the district; provided, that any land owner may assign the rights to the whole or any portion of the waters so apportioned to him. Art. 5090. **Water to be apportioned.**—In case the volume of water in any stream or river shall not be sufficient to supply the continual wants of the entire country through which it passes, and of irrigation therefrom, then it shall be the duty of the water commissioners, constituted as hereinafter provided, to apportion in a just and equitable proportion a certain amount of said water to different localities as they may in their judgment think best to the interest of all parties concerned and with due regard to the legal and equitable rights of all. Said water commissioners shall consist of the chairman of the board of directors of each of the districts affected. [Id. sec. 51.]

Art. 5091. **Navigation not to be impaired.**—Navigation shall never in any wise be impaired by the operation of this law, nor shall any vested interest in or to any mining water rights or ditches, or in or to any water, or water rights, or reservoirs, or dams now used by the owners or possessors thereof in connection with any mining industry, or by persons purchasing or renting the use thereof, or in or to any other property now used, directly or indirectly, in carrying on or promoting the mining industry, ever be affected by or taken under its provisions, save and except the rights of way may be acquired over the same. [Id. sec. 52.]

Art. 5092. **Right of condemnation.**—Nothing herein contained shall be deemed to authorize any person or persons to divert the waters of any river, creek, stream, canal, or ditch from its channel to the detriment of any person or persons having any interest in such river, creek, stream, canal, or ditch, or the waters therein, unless previous compensation be ascertained and paid therefor, under the laws of this state authorizing the taking of private property for public uses. [Id. sec. 53.]

Said notice shall set forth that plans and specifications can be seen at the office of the board and that the board will receive sealed proposals therefor, and that the contract will be let to the lowest responsible bidder, stating the time and place for opening said proposals, which at the time and place appointed shall be opened in public; and as soon as convenient thereafter the board shall let said work, either in portions or as a whole, to the lowest responsible bidder; or they may reject any and all bids and re-advertise for proposals, or may proceed to construct the work under their own superintendence. [Id. sec. 55.]

Art. 5101. **Board may lease water for mechanical purposes, when.**—Whenever any irrigation district organized under the provisions of this law, in the development of its works as by law provided, may have opportunity, without increased expenditure, to utilize the water by it owned or controlled for mechanical purposes, not inconsistent with the provisions of this law, the board of directors may lease the same as in this law herein provided. [Id. sec. 83.]

Art. 5102. **Such lease to be let to highest bidder.**—Whenever the board of directors may desire to lease the use of water as hereinbefore stated, they shall pass a resolution of intention to so lease the same. [Id. sec. 88.]

Art. 5107. **Other laws unrepealed.**—Nothing in this chapter shall be construed as repealing or in any wise modifying the provisions of any other law relating to the subject of irrigation, except in so far as they may be inconsistent herewith; and provided, that nothing contained in this chapter shall be so construed as to make its provisions applicable to water secured or provided by wells.
