1954 SUPPLEMENT

This Supplement to **Vernon's Texas Statutes** includes the laws of a general and permanent nature enacted at the Regular Session of the 53rd Legislature. It directly supplements the 1948 Edition and the earlier 1950 and 1952 Supplements.

The Regular Session of the 53rd Legislature convened January 13, 1953, and adjourned May 27, 1953.

Important new laws, among others, included in this Supplement relate to —

Workmen's Compensation for Municipal Employees
Insurable Interest Under Life Policies
Venue in Negligence Cases
Small Claims Courts in Counties
Licensing of Veterinarians
Texas Turnpike Authority
Gas Conservation Cooperative Agreements

Vernon's Texas Statutes 1948 and Supplements are under the same classification and arrangement as **Vernon's Annotated Texas Statutes.** This means that users of this popular Edition may go from any article therein to the same article in **Vernon's Annotated Texas Statutes** where the complete constructions of the law by the state and federal courts, as well as complete historical data relative to the origin and development of the law, are immediately and currently available.

The same practical features which have served to popularize the 1948 Edition, such as a complete index, tables, etc., are continued in the Supplements.

The Publisher extends appreciative thanks to the office of the Secretary of State, as well as to other state officials, for guidance and suggestions during the preparation of this work.

In the event a person has crops or plants affected by drift of hormone type herbicides, he must notify the Commissioner of Agriculture of such effect before the crop is harvested or the plants destroyed, whichever fact first occurs. If no notice is given it shall be presumed there was no effect of hormone type herbicides, provided, however, such presumption may be rebutted by proper evidence to the contrary.

Upon written notice to the Commissioner, and under regulations which he may prescribe, experimental work with herbicides by the State Department of Agriculture, any recognized college or university, the United States Department of Agriculture and any body politic or public organization shall be exempted from obtaining a permit for the use of herbicides and from paying the fee therefor, and the Commissioner may exempt the above from any other requirements of the law or regulations.

The sections of original Article XII are repealed and new sections 1 to 36, inclusive, are substituted therefor.

A. GRIEVANCE COMMITTEES

Section 1. Grievance Committee Districts

Each Congressional District shall have one or more Grievance Committees as hereinafter set forth. At the first meeting of the Board of Directors after adoption of this amendment, the Board, with the advice of the Director for each Congressional District, shall determine whether the duties of a Grievance Committee can be performed effectively by one committee for the entire district, or whether the same should be divided into two or three Grievance Committee Districts; and where more than one such district is deemed in order, the Board shall create such districts, naming the county or counties to be included in each. The Board shall have the power to change the boundaries of such districts, and to create new ones, from time to time, as may be required by virtue of Congressional redistricting, or for other good reason.

Each member of a Grievance Committee shall be a resident of the Grievance Committee District for which he is appointed. Except as hereinafter provided, each member shall serve for a term of three years, beginning with the adjournment of the annual meeting of the State Bar.

All members shall be eligible to re-appointment.

The President and Directors shall give precedence to Grievance Committee appointments, and notice of the appointments, when made, shall be given the appointees, the holdover members, and the retiring members, of the Committee. In making appointments for the first time after this amended rule has been adopted and become effective, or after Congressional re-districting, or after change in boundaries of districts, the President shall specify which members of the Committee whose terms have not expired shall serve for one more year, which for two more years, and which, if any, shall serve for three more years, and likewise with reference to appointments then being made, which members shall serve for one, two, or three years, to the end that thereafter the terms of approximately one-third of the Committee shall expire each year.

(a) Barratry, as defined by the laws of this State, malpractice, or any fraudulent or dishonorable conduct, whether or not connected with the practice of law, regardless of the fact that such act or acts may constitute an offense under the Penal Code of this State, and regardless of whether the accused attorney is being prosecuted for, or has been convicted of, or has been acquitted of, the violation of such penal provision.

(b) Any willful violation of any Canon of Ethics contained in these rules or amendments thereto.

Section 9. Compulsory Disbarment

Disbarment shall be compulsory on proof of conviction of any felony, or of any misdemeanor involving the theft, embezzlement, or fraudulent appropriation of money or other property.

Source: Original Section 2, with changes. Note also 1925 RS, Art. 311 [V.A.T.S. art. 311].

Section 10. Four-year Limitation Rule and Exceptions

Except in cases where disbarment is compulsory under Section 9, no member shall be reprimanded, suspended, or disbarred for misconduct occurring more than four years prior to the time of filing of a complaint with the Grievance Committee; but limitation will not run where fraud or concealment is involved until such misconduct is discovered or should have been discovered by reasonable diligence. The complaint shall be considered as filed when made in writing to the Committee or any member thereof.

In cases where the accused attorney has been found guilty of professional misconduct, evidence may be introduced after the close of the trial, relating to misconduct otherwise barred by limitation, for consideration in determining the punishment to be decreed.

Source: Original Section 5, with additional provisions.

Section 11. Complaints, Filing of

It shall be the duty of each District Grievance Committee and its members to receive complaints of professional misconduct, alleged to have been committed by an attorney within the district, or by an attorney having his office or residence therein; and each Committee member shall report to his committee any case of professional misconduct which shall come or be brought to his attention. The Committee may, in any case, require a sworn statement setting forth the matter complained of as a condition to taking further action.

Source: Original Section 18 with slight changes. Last sentence is new.

Section 12. Complaints, Investigation of

The Committee shall make such investigation of each complaint as it may deem appropriate under the circumstances of the case, preliminary to taking action as set forth under Section 16. In conducting a hearing as a part of any investigation, the Committee may require testimony to be given under oath or affirmation. The name of the accused member and the proceedings shall be kept private, so far as is consistent with development of the facts. Where the complaint appears to be of such nature as will not call for disciplinary action and can probably be dismissed without the necessity of hearing the accused attorney, the Committee need not notify him of the filing of the complaint.

Source: Partly from Original Sections 18 and 19, and partly new.

Section 13. Notices Issued to Witnesses

In any investigation or hearing before the Grievance Committee, it may require the attendance of witnesses and the production of documentary or other evidence by issuing notices to witnesses, ordering them to appear and testify or to produce said documentary or other evidence. Such notices shall be issued at the request of the Committee, or the accused attorney, but in the latter case without expense to the State Bar. Such notice must be in writing and signed by the presiding member of the Committee, and shall notify the witness of the time and place he is to appear. If the witness is commanded to produce documentary or other evidence, the notice shall contain a brief description of such evidence.

Source: Original Section 29, virtually unchanged.

Section 14. Service of Notices to Witnesses

Notice to a witness shall be served on the witness personally or by mailing the same to him by registered mail, return receipt requested. Proof of service may be made by certificate of the person making the same, with return receipt attached when made by registered mail.

Source: Original Section 30. Second sentence changed.

Section 15. Examination of Witness before District Judge; Procedure

If any witness, other than the accused attorney, after such notice has been given, fails or refuses to appear before the Committee, or to produce books, papers, documents, letters, or other evidence described in the notice, or refuses to be sworn, or testify, or if a witness is not a resident of, or is not to be found in, the county in which the hearing is being held, such witness shall be compelled by a Judge of any district court to appear and testify at a hearing before such judge in the same manner as witnesses may be compelled to appear and testify in a civil suit in the district court. Application for such hearing may be filed by any party to such proceeding in any district court of the county in which such witness resides or may be found. The judge shall fix by order a time and place for such hearing and shall provide for such notice to the Grievance Committee and the accused attorney as he deems proper. If such witness fails to appear, or testify, or produce such documentary or other evidence as may be requested, he shall be punished as in cases of contempt.

Source: Original Section 31, virtually unchanged.

Section 16. Complaints, Action on, after Investigation

At the conclusion of its investigation, the Committee shall take action on the complaint in one of the following ways:

(a) If the Committee shall be of the opinion that no disciplinary action is warranted, it shall dismiss the complaint and notify the complainant,

and the accused attorney also, if he shall have had notice of the complaint.

(b) If, in a case where the accused has had notice of the complaint and opportunity to be heard, the Committee shall decide that he should be reprimanded, the reprimand shall be reduced to writing. At its discretion, the Committee may require the accused to appear before it for delivery of the reprimand, or it may send copy thereof to him by registered mail; and it shall determine what publicity, if any, shall be given the reprimand.

If the accused shall deem the reprimand unwarranted, he may, within ten days after delivery or mailing thereof, file suit in the district court of the county of his residence to set the same aside, failing which, the reprimand shall become final, and a copy thereof, together with a copy of the complaint, shall be mailed to the Clerk of the Supreme Court, also to the Secretary of the State Bar, and a memorandum of the reprimand shall be made on the membership rolls kept by said Clerk. At the discretion of the Committee, a third copy of the reprimand may be delivered to the Clerk of the District Court of the residence or office address of the attorney for entry upon the minutes of the court.

(c) If the Committee shall be of the opinion that the license of the accused should be revoked, or suspended for a period not to exceed three years, and shall have reason to believe the accused will accept its action as final, it shall prepare a form of judgment and submit the same to him; and upon his agreement to its entry, evidenced by memorandum in writing signed and acknowledged by him, the Committee shall enter judgment accordingly, and the same shall have the force and effect of a judgment of the District Court of the county of the residence of the accused. Copies of the judgment, together with copies of the complaint, shall be mailed to the Secretary of the State Bar, the Clerk of the Supreme Court, and the Clerk of the District Court of the county of residence of the accused, in the last case for entry upon the minutes of court. If the attorney's license has been revoked, the Clerk of the Supreme Court shall strike his name from the rolls; if suspended, the said Clerk shall strike the name from the rolls for the time suspended.

(d) In other cases, the Committee shall direct procedure by Formal Complaint as hereinafter set forth.

Sec. 2. Whenever the income of any water system shall be encumbered under this Act, the expense of operating and maintenance, including all salaries, labor, materials, interest, repairs and extensions necessary to render efficient service, and every proper item of expense shall always be a first lien and charge against such income. The rates charged for services furnished by said system shall be equal and uniform, and no free service shall ever be allowed, except in the discretion of the governing body, for city public schools, or buildings and institutions operated by such city, and there shall be charged and collected for such services a sufficient rate to pay for all operating, maintenance, depreciation, replacement, betterment and interest charges, and for an interest and sinking fund sufficient to pay any bonds or notes issued to purchase, construct or improve such system or any outstanding indebtedness against same.

Where bonds, notes or obligations are issued hereunder, and at the time of the authorization of such bonds or notes in the manner hereinafter prescribed, there are then outstanding other bonds, notes or obligations payable from the revenues of the water system, the additional bonds or notes may nevertheless be issued, but shall be issued in such manner that they are in all respects subordinate to each issue of bonds, notes or obligations then outstanding. Each series of bonds or notes issued hereunder shall, as to lien on the revenues and physical properties of the water system, be subordinate to each series of bonds, notes or obligations theretofore issued and remaining outstanding. Provided, however, in those instances where in the ordinance or Deed of Trust or indenture of trust provision has been or shall be made for the subsequent issuance of additional bonds on a parity with the bonds issued pursuant to the provisions of such ordinance or Deed of Trust or indenture of trust, any such city or town shall have the power to authorize, issue and sell additional bonds payable from the revenues of the water system and secured by pledges and liens on a parity with and of equal dignity with the pledges and liens securing the bonds previously issued; and such additional bonds, notes or obligations when issued shall in all respects be on a parity with and of equal dignity with said previously issued bonds which are then outstanding, provided in the ordinance or Deed of Trust or indenture of trust authorizing or securing such additional bonds they are declared to be on a parity and of equal dignity with said previously issued bonds, but subject in all respects to the conditions imposed upon the issuance of additional bonds by the ordinance, Deed of Trust or indenture of trust issuing or securing the bonds which are outstanding. In the issuance of revenue bonds in the future for any such purposes

any such city or town may prescribe in the ordinance or Deed of Trust or indenture of trust for the issuance later of additional issues or series of bonds on a parity with the bonds being issued pursuant to and subject to the restrictions, covenants and limitations contained in such ordinance, Deed of Trust or indenture of trust.

Subject to the terms and provisions hereof, the governing body of the city, in authorizing the issuance of bonds, notes or obligations hereunder, may enter into such agreements and covenants with respect to the manner of payment of such bonds, notes or obligations, and the application of the revenues of the water system as it may deem fit, provided, however, that no such bond, warrant or note shall ever be a general obligation of such city, and it shall be proper for the governing body to apply surplus revenues of the system not needed for the payment of principal of and interest on such bonds, notes or obligations, and not needed for the payment of operating and maintenance expenses, to the payment of any notes, warrants or other obligations the proceeds of which were used for the purpose of improving, repairing, adding to or extending the waterworks system. As amended Acts 1953, 53rd Leg., p. 419, ch. 121, § 1.

Property included in incumbrance; Attorney General to approve bonds; submission to voters

Sec. 6. In the encumbrance of any properties under this Act such city may encumber any such water systems, or any extensions, additions or enlargements thereof, singly or together, and may or may not include in such encumbrance the franchise provided for, and may omit or include in said encumbrances the whole or any part of the properties mentioned in Section 1 of this Act; but no such system shall ever be sold until such sale is authorized by a majority vote of the qualified property taxpayers of such city, or under the terms of any such mortgage or encumbrance, such vote where necessary to be ascertained at an election, of which notice shall have been given in like manner as in cases of the issuance of municipal bonds by such cities.

All bonds and notes issued hereunder shall be submitted to the Attorney General for examination, and upon his approval thereof, shall be registered by the State Comptroller in a book kept for that purpose, and the Comptroller shall endorse his certificate of registration on each such bond or note. Any bonds or notes so approved by the Attorney General, registered by the Comptroller, and delivered to the purchaser or purchasers for not less than their par value plus accrued interest shall thereafter be incontestable.

Bonds or notes may be issued under the provisions hereof and the revenues or physical properties of the water system encumbered as security for the payment of such bonds and notes; such bonds or notes shall not be issued, however, until such issuance has been authorized by a majority vote of the qualified electors who own taxable property in the city where said election is being held, and who have duly rendered their property for taxation, such electors voting only in the precinct of their residence, and voting on such proposition under the Constitution and laws of Texas. Such election shall be called and held in the manner provided for the calling and holding of other bond elections in such city. No other notices need be published or opportunities for the filing of petitions granted despite the provisions of any other statute or of the charter of any such city. As amended Acts 1953, 53rd Leg., p. 419, ch. 121, § 1.

Provided, further, that the election called for in Section 6 hereof shall not be necessary in said cities having a population of more than two hundred and ninety thousand (290,000) inhabitants according to the last preceding Federal Census, to authorize the issuance of bonds or notes payable solely out of the income of said system, and

Provided, further, that all bonds or notes of said last mentioned cities authorized under Section 1 of this Act shall be submitted to the Attorney General of Texas for his examination and when such bonds or notes have been examined and certified as legal obligations of such cities by said Attorney General they shall be registered by the Comptroller of Texas in a book kept for such purposes, and the Comptroller shall endorse his certificate of registration upon each of such bonds or notes; and any bonds or notes so approved by the Attorney General, registered by the Comptroller, and delivered to the purchaser or purchasers for not less than their par value plus accrued interest shall thereafter be incontestable.

Provided, further, that nothing in this Act, however, shall repeal or affect any other legislation pertaining to the same or similar subjects but shall be cumulative of all Acts granting the power to all such cities and towns, including home rule cities, operating under Title 28 of the Revised Civil Statutes of 1925, and it is not intended to limit or impair any power given by any other of such Acts, nor shall any other Act be deemed to limit or impair the power of any city under this Act. All elections held under the provisions of said charter for the purpose of electing members of the governing body of the city and the assumption of office by such elected members are hereby in all things validated. All acts of the city officers and officials of any such city are hereby in all things validated.

Sec. 2. Acts 1953, 53rd Leg., p. 362, ch. 88.

Art. 1182c—1. Cities which have annexed territory within water control and improvement or supply districts

Dissolution of water control and improvement districts within city

Sec. 2a. All water control and improvement districts which have heretofore been created out of territory which, at the time of such creation, was situated wholly within the corporate limits of any incorporated city may be abolished in the manner herein provided. The governing body of such city shall be authorized, by majority vote, to adopt an ordinance abolishing such water control and improvement district if such governing body finds (a) that such water control and improvement district is no longer needed or (b) that the services furnished and funtions performed by such district can be served and performed by the city and (c) that it would be to the best interests of the citizens and property within said district and the citizens and property within such city that such district be abolished, and (d) that the Board of Directors of such water control and improvement district shall have adopted a resolution evidencing the consent of such Board of Directors to abolition of such water control and improvement district.

If prior to the date when an ordinance adopted pursuant to this Section shall take effect, or within thirty (30) days after the same takes effect, or the publication of same, a petition signed and verified by the qualified voters of the city equal in number to ten per cent (10%) of the total vote cast at the city election next preceding the filing of said petition shall be filed with the city secretary protesting against the enactment or enforcement of such ordinance, it shall be suspended from taking effect and no action theretofore taken under such ordinance shall be legal or valid. Such city shall be authorized to issue refunding bonds in its own name to refund any bonds, warrants or other obligations, including unpaid earned interest thereon, so assumed by it. Such refunding bonds shall be issued in the manner provided in the Bond and Warrant Law of 1931, as heretofore or hereafter amended, provided that it shall not be necessary to give any notice of intention to issue such refunding bonds and no right of referendum thereon shall be available. In any such city, town or village so providing by ordinance for the appointment of the recorder of such Corporation Court and which has not theretofore provided for the election of such recorder in the manner authorized by Article 1197, Revised Civil Statutes of Texas, 1925, the mayor of such city, town or village shall cease to be the ex-officio recorder of such Court upon the enactment of such ordinance and the recorder first appointed shall hold his term of office corresponding to the unexpired term of said mayor, and every two (2) years thereafter a recorder shall be appointed for a term of two (2) years.

In any such city, town or village so providing for the appointment of the recorder of such Corporation Court and which has theretofore provided for the election of such recorder, the recorder first appointed shall be appointed at the expiration of the term of office of the then recorder so elected and shall hold his term of office for two (2) years, and every two (2) years thereafter a recorder shall be appointed for a term of two (2) years.

All recorders of such Corporation Courts in such cities, towns and villages shall hold their terms of office for the term appointed and until their successors have been appointed and qualified. Added Acts 1953, 53rd Leg., p. 39, ch. 31, § 1.

TITLE 30—COMMISSION MERCHANTS

Art. 1287a. Live stock auction commission merchants

Conditions, amount and termination of bond; reports

Sec. 3. Said bond shall be conditioned that such livestock commission auction merchant shall faithfully obey and carry out all the terms and provisions of this law, and will faithfully and truly perform all agreements entered into with all the consignors, owners, or those holding valid lien on said livestock with respect to receiving, handling, selling, and making remittances and payments of the net proceeds thereof to said named parties, or to the person, firm, or corporation to whom said consignor, owner, or valid lien holder shall direct such payments to be made; and said bond shall further provide and shall be conditioned that said auction commission merchant shall, within forty-eight (48) hours of a sale of the livestock so consigned, including the day of sale, Sundays, and holidays, remit the net proceeds thereof to the parties rightfully entitled to receive the same, or to such person, firm, or corporation to whom such parties shall direct the payment to be made, or shall, within forty-eight (48) hours of a sale of such livestock for said parties at interest, deposit to the credit of such parties their respective interests in the net proceeds thereof in some State or National Bank in the city, town, or county where such livestock auction commission merchant has his principal office or place of business, if requested by any or all of said parties at interest to do so. The amount of such bond shall be not less than the nearest multiple of One Thousand Dollars ($1,000) above the average amount of sales and/or purchases of livestock by such livestock auction commission merchant, during two (2) business days, based on the total number of the business days, and the total amount of such sales and/or purchases in the preceding twelve (12) months, or in such part thereof in which such livestock auction commission merchant did business, if any. For the purpose of this computation, three hundred and eight (308) shall be deemed the number of business days in a year, and all livestock auction commission merchants may in making this computation use three hundred and eight (308) days as the number of business days in a year, regardless of whether livestock auction sales are actually conducted on all of the three hundred and eight (308) days aforesaid. In any case, however, the amount of bond shall be not less than Two Thousand Dollars ($2,000); and when the sales and/or purchases, calculated as hereinbefore specified, exceed Fifty Thousand Dollars ($50,000) as to any particular livestock auction commission merchant, the amount of the bond need not exceed Fifty Thousand Dollars ($50,000) plus ten per cent (10%) of the excess. Any person, firm or corporation who has not heretofore engaged in the business of a livestock auction commission merchant shall give bond in an amount adequate to cover the probable volume of business to be done by such merchant, the amount of bond to be fixed by the County Judge of the county in which such livestock auction commission merchant has his principal office or place of business. After such livestock auction commission merchant, his successors or assigns, has engaged in such business for a period of twelve (12) months, then, the amount of such bond shall be determined as otherwise provided in this Act. In case two (2) or more livestock auction commission merchants are the employees or agents solely of the same principal, they may be covered by a single bond in an amount based on their combined purchases and/or sales determined in accordance with this Act.

In any other case, two (2) or more livestock auction commission merchants may be covered by a single bond; provided, however, that the amount of such combined bond shall be not less than the aggregate sum of individual bonds, determined in accordance with this Act. Said bond shall further provide that the person, firm, or corporation executing the same shall keep a true and accurate record of the description of all such livestock so sold at auction, which record shall be subject to be inspected by any citizen of Texas, which shall give a description of such livestock by color, probable age, and the marks and brands, if any there be, and the location of said marks and brands. Said livestock auction commission merchant executing such bond shall make quarterly report of such livestock so sold, giving the name of the consignor or person purporting to own the same, together with his address and the name and address of the person or persons purchasing the same. All such surety bonds shall contain a provision requiring that at least ten (10) days prior notice in writing be given to the County Judge of the county in which such commission auction merchant has his principal office or place of business by the party terminating such bond, in order to effect its termination. As amended Acts 1953, 53rd Leg., p. 57, ch. 46, § 1.

Effective 90 days after May 27, 1953, date of adjournment.

Exception of commission or company subject to Federal regulation

Sec. 3a. The provision of Section 3 above shall have no application to any Livestock Auction Commission or Company which is subject to and regulated by the United States Department of Agriculture under the Packers and Stock Yards Act.[1] Added Acts 1953, 53rd Leg., p. 708, ch. 271, § 1.

As amended Acts 1953, 53rd Leg., p. 907, ch. 374, § 4.

TITLE 43—COURTS—JUVENILE

Art. 2338—1. Delinquent children; juvenile court established in each county; jurisdiction

Establishment of Juvenile Courts

Sec. 4. There is hereby established as follows in each county of the State a court of record to be known as the juvenile court, having such jurisdictions as may be necessary to carry out the provisions of this Act.

In all counties having only one district court and having a juvenile board, such board shall designate the county court or the district court to be the juvenile court for such county, and in all other counties having only one district court, but no juvenile board, the county judge and the district judge of such county shall designate the county or district court of such county as the juvenile court. In counties having two or more district courts, or one or more district courts and one or more criminal district courts, and having a juvenile board, such board shall designate one of such district courts or criminal district courts, or the county court, to be the juvenile court of such county, and in all other counties having two or more district courts, or one or more district courts and one or more criminal district courts, the judges of such courts and the county judge of such counties shall designate one of such district courts or criminal district courts as the juvenile court of such county; provided, however, that in the event neither of the judges of the district courts or criminal district courts is a resident of the county, the county court may be designated as the juvenile court of such county. All such designations may be changed from time to time by such boards or such judges as are authorized herein to make the same, for the convenience of the people and the welfare of minors; provided that there shall be at all times a juvenile court designated for each county. It is the intent of the Legislature that in selecting a court to be the juvenile court of each county, such selection be made as far as practicable so that the court designated as the juvenile court will be one which is presided over by a judge who has a sympathetic understanding of the problems of child welfare, and that changes in the designations of juvenile courts be made only when the best interests of the public require it.

Any criminal district court so designated as a juvenile court, and the judges thereof, shall have the same jurisdiction, powers, authority and duties as are now, or may be hereafter, conferred upon district courts in regard to such children.

In all counties having two or more district courts, wherein a district court is designated as the juvenile court of said county, it shall give preference to cases of child delinquency, dependency, neglect, support, custody, and adoption, and to contempt proceedings growing out of or ancillary to such cases, and all other district courts in such counties may, from time to time, transfer to such district court as has been designated the juvenile court of such county, all such cases on their dockets, and may transfer to such district court as has been designated the juvenile court any or all cases of annulment or divorce which involve child custody or support, with the consent of the judge of the juvenile court.

Immediately after the designation of a juvenile court for each county, as herein provided for, the clerks of the courts of such counties shall transfer all cases of juvenile delinquency on their dockets to the docket of the juvenile court so designated, under the direction of the judges of said courts, and thereafter all cases of juvenile delinquency shall be filed in such juvenile courts.

In all counties having two or more district courts, or one or more district courts and one or more criminal district courts, wherein a district court or criminal district court is designated as the juvenile court of said county, in addition to cases of juvenile delinquency, all new cases of dependency, neglect, support, child custody, and adoption shall henceforth be filed in the juvenile court of such counties; provided, however, that nothing herein contained shall prevent the transfer of such cases to other courts having jurisdiction thereof under existing laws. The above provisions shall not be construed as requiring any divorce cases to be filed in any particular court, but same may be transferred to the juvenile court under the provisions above set forth where it appears to the judge in whose court such divorce case is pending, and the judge of the juvenile court, to be desirable to do so.

The jurisdiction, powers, and duties thus conferred upon the established courts hereunder are super-added jurisdictions, powers, and duties; it being the intention of the Legislature not to create hereby any additional offices.

Appeals from judgments of criminal district courts rendered in juvenile cases shall be taken to the proper Court of Civil Appeals. As amended Acts 1951, 52nd Leg., p. 270, ch. 156, § 1; Acts 1953, 53rd Leg., p. 475, ch. 165, § 1.

Emergency. Effective May 19, 1953.

Section 2 of the Act of 1953 provided that partial invalidity should not affect any other portion of the act.

Art. 2372l. Zoning of Padre Island

Legislative finding

Section 1. The Legislature finds as a matter of fact that that portion of Padre Island lying within Cameron and Willacy Counties is frequented for recreational purposes by citizens from every part of the State and that the orderly development and utilization of this area is a matter of concern to the entire State. The Legislature further finds as a matter of fact that buildings on islands which are frequented as resort areas tend to become congested and to be put to uses which interfere with the proper use of the area as a place of recreation, to the detriment of the health, safety, morals, and the general welfare of the public.

Authority of commissioners' courts

Sec. 2. For the purpose of promoting health, safety, peace, morals and the general welfare of the community, including the recreational use of county parks, the Commissioners Courts of Cameron and Willacy Counties are hereby empowered to regulate and restrict the height, number of stories, and size of buildings and other structures, the percentage of lot that may be occupied, the size of yards, courts and other open spaces, the density of population, and the location and use of buildings, structures and land for trade, industry, residence, or other purposes, and to regulate the placing of water, sewerage, park and other public require-

ments on such island in areas of such island lying outside the corporate limits of a city, town or village, and within two miles of any publicly owned park or recreational development and all areas which lie within two miles of any beach, wharf or bath house which is used by as many as five hundred persons annually.

Districts

Sec. 3. For any or all of said purposes the Commissioners Court of each said county may divide said area in said islands into districts of such number, shape, and area as may be deemed best suited to carry out the purposes of this Act; and within such districts it may regulate and restrict the erection, construction, reconstruction, alteration, repair, or use of buildings, structures, or land. All such regulations shall be uniform for each class or kind of building throughout each district, but the regulations in one district may differ from those in other districts.

Purposes in View

Sec. 4. Such regulations shall be made in accordance with a comprehensive plan and designed to lessen congestion in the streets and roads; to secure safety from fire, panic, and other dangers; to promote health and the general welfare; to provide adequate light and air; to prevent the overcrowding of land; to avoid undue concentration of population; to facilitate the adequate provision of transportation, water, sewerage, parks, and other public requirements, and to assist in developing said island into parks, playgrounds and places of recreation for the inhabitants of the State of Texas, and other states and nations. Such regulations shall be made with reasonable consideration, among other things, to the character of the district and its peculiar suitability for particular uses, and with a view to conserving the value of buildings and encouraging the most appropriate use of land throughout said islands, and it is hereby provided that this Act shall not enable said Commissioners Courts to require the removal or destruction of property existing at the time said Commissioners Courts shall take advantage of this Act.

Method of Procedure

Sec. 5. The said Commissioners Courts shall provide for the manner in which such regulations and restrictions and the boundaries of such districts shall be determined, established, and enforced, and from time to time amended, supplemented, or changed. However, no such regulation, restriction, or boundary shall become effective until after a public hearing in relation thereto, at which parties in interest and citizens shall have an opportunity to be heard. At least fifteen (15) days notice of the time and place of such hearing shall be published in a paper of general circulation in each said county.

Changes

Sec. 6. Such regulations, restrictions, and boundaries may from time to time be amended, supplemented, changed, modified, or repealed. In case, however, of a protest against such change, signed by the owners of twenty (20%) per cent or more either of the area of the lots included in such proposed change, or of those immediately adjacent in the rear thereof extending 200 feet therefrom, or from the street frontage of such opposite lots, such amendment shall not become effective except by the favorable vote of three-fourths of all the members of the Commissioners Court. The provisions of the previous section relative to public hearing and official notice shall apply equally to all changes or amendments.

Zoning Commission

Sec. 7. In order to avail itself of the powers conferred by this Act, the said Commissioners Courts shall appoint a commission, all of whom shall be residents of each said county, and to be known as the Zoning Commission, to be composed of seven (7) members, to recommend the boundaries of the various original districts, and appropriate regulations to be enforced therein. Such commission shall make a preliminary report and hold public hearings thereon before submitting its final report, and said Commissioners Court shall not hold its public hearings or take action until it has received the final report of such commission. Where a Board of Park Commissioners for each said county already exists, it may be appointed as the Zoning Commission. Written notice of all public hearings on proposed changes in classification shall be sent to all owners of property, or to the person rendering the same for county taxes, affected by such proposed changes of classification, and to all owners of property, or to the person rendering the same for county taxes, located within two hundred (200) feet of any property affected thereby, within not less than ten (10) days before any such hearing is held. Such notice may be served by depositing the same, properly addressed and postage paid, in the post office.

The Zoning Commission shall choose from its own membership its chairman for such tenure (not extending beyond the term of his office as a member of said commission) as it sees fit and at any time may choose from its own membership for any particular meeting or occasion, an acting chairman; and it may employ its own secretary, and at any time an acting secretary, and other technical and clerical help to be paid by each said county, compensation not in excess of the amount determined by prior order of the said Commissioners Court.

No member of the commission shall be entitled to compensation as such, but may be entitled to expenses actually incurred while serving on the commission in accordance with the provisions of any order entered by the County Commissioners Court to that effect.

Board of Adjustment

Sec. 8. The said Commissioners Court may provide for the appointment of a board of adjustment, and in the regulations and restrictions adopted pursuant to the authority of this Act may provide that the said board of adjustment may, in appropriate cases, and subject to appropriate conditions and safeguards, make special exceptions to the terms of the zoning regulations in harmony with their general purpose and intent and in accordance with general or specific rules therein contained.

The board of adjustment shall consist of five members, each to be appointed for a term of two (2) years and removable for cause by the appointing authority upon written charges and after public hearing. Vacancies shall be filled for the unexpired term of any member whose term becomes vacant.

The board shall adopt rules in accordance with the provisions of any order adopted pursuant to this Act. Meetings of the board shall be held at the call of the chairman and at such other times as the board may determine. Such chairman, or in his absence the acting chairman, may administer oaths and compel the attendance of witnesses. All meetings of the board shall be open to the public. The board shall keep minutes of its proceedings, showing the vote of each member upon each question, or,

if absent or failing to vote, indicating such fact, and shall keep records of its examinations and other official actions, all of which shall be immediately filed in the office of the board and shall be a public record.

Appeals to the Board of Adjustment may be taken by any person aggrieved or by any officer, department, board, or bureau of the county or of any municipality affected by any decision of the administrative officer. Such appeal shall be taken within a reasonable time, as provided by the rules of the board, by filing with the officer from whom the appeal is taken, and with the Board of Adjustment, a notice of appeal specifying the grounds thereof. The officer from whom the appeal is taken shall forthwith transmit to the board all the papers constituting the record upon which the action appealed from was taken.

An appeal stays all proceedings in furtherance of the action appealed from, unless the officer from whom the appeal is taken certifies to the Board of Adjustment after the notice of appeal shall have been filed with him that by reason of facts stated in the certificate a stay would, in his opinion, cause imminent peril to life or property. In such case proceedings shall not be stayed otherwise than by a restraining order which may be granted by the Board of Adjustment or by a court of record on application on notice to the officer from whom the appeal is taken and on due cause shown.

The Board of Adjustment shall fix a reasonable time for the hearing of the appeal, give public notice thereof, as well as due notice to the parties in interest, and decide the same within a reasonable time. Upon the hearing any party may appear in person or by agent or by attorney.

The Board of Adjustment shall have the following powers:

1. To hear and decide appeals where it is alleged there is error in any order, requirement, decision, or determination made by an administrative official in the enforcement of this Act or of any order adopted pursuant thereto;

2. To hear and decide special exceptions to the terms of the order upon which such board is required to pass under such order;

3. To authorize upon appeal in specific cases such variance from the terms of the order as will not be contrary to the public interest, where, owing to special conditions, a literal enforcement of the provisions of the order will result in unnecessary hardship, and so that the spirit of the order shall be observed and substantial justice done.

In exercising the above mentioned powers such board may, in conformity with the provisions of this Act, reverse or reaffirm, wholly or partly, or may modify the order, requirement, decision, or determination as ought to be made, and to that end shall have all the powers of the officer from whom the appeal is taken.

The concurring vote of four (4) members of the board shall be necessary to reverse any order, requirement, decision, or determination of any such administrative official, or to decide in favor of the applicant on any matter upon which it is required to pass under any such order, or to effect any variation in such order.

Any person, or persons, jointly or severally, aggrieved by any decision of the Board of Adjustment, or any taxpayer, or any officer, department, board, or bureau of the county or of the municipality, may present to a court of record a petition, duly verified, setting forth that such decision is illegal, in whole or in part, specifying the grounds of the illegality.

Such petition shall be presented to the court within ten (10) days after the filing of the decision in the office of the board.

Upon the presentation of such petition the court may allow a writ of certiorari directed to the Board of Adjustment to review such decision of the Board of Adjustment and shall prescribe therein the time within which a return thereto must be made and served upon the relator's attorney, which shall not be less than ten (10) days and may be extended by the court. The allowance of the writ shall not stay proceedings upon the decision appealed from, but the court may, on application, on notice to the board and on due cause shown, grant a restraining order.

The Board of Adjustment shall not be required to return the original papers acted upon by it, but it shall be sufficient to return certified or sworn copies thereof or of such portions thereof as may be called for by such writ. The return shall concisely set forth such other facts as may be pertinent and material to show the grounds of the decision appealed from and shall be verified.

If, upon the hearing, it shall appear to the court that testimony is necessary for the proper disposition of the matter, it may take evidence or appoint a referee to take such evidence as it may direct and report the same to the court with his findings of fact and conclusions of law, which shall constitute a part of the proceedings upon which the determination of the court shall be made. The court may reverse or affirm, wholly or partly, or may modify the decision brought up for review.

Costs shall not be allowed against the board unless it shall appear to the court that it acted with gross negligence, or in bad faith, or with malice in making the decision appealed from.

All issues in any proceeding under this section shall have preference over all other civil actions and proceedings.

Enforcement and Remedies

Sec. 9. The said Commissioners Court may provide by order for the enforcement of this Act and of any order or regulation made thereunder. A violation of this Act or of such order or regulation is hereby declared to be a misdemeanor, and such local legislative body may provide for the punishment thereof by fine or imprisonment or both. It is also empowered to provide civil penalties for such violation.

CHAPTER TWO—AGRICULTURAL AND MECHANICAL COLLEGE

Art. 2613a—3. Lease of lands for oil, gas or other mineral development authorized

Disposition of funds

Section 1. The Board of Directors of the Agricultural and Mechanical College of Texas is hereby authorized and empowered to lease for oil, gas, sulphur, mineral ore and other mineral developments to the highest bidder at public auction all lands used for experimental stations and all other lands under its exclusive control or any part thereof now owned by the State of Texas and acquired for the use of the Agricultural and Mechanical College of Texas and its divisions or that may hereafter be acquired for the use of the Agricultural and Mechanical College of Texas and its divisions. Any amounts received under and by virtue of this Act shall be deposited in the State Treasury to the credit of a special fund to be known as the "Agricultural and Mechanical College of Texas Special Mineral Fund," and any funds placed therein shall be appropriated by the Legislature of the State of Texas in its regular biennial appropriation bill exclusively for the Agricultural and Mechanical College of Texas and its branches or divisions; provided, the amounts received as bonuses and rentals between the effective date of this Act and August 31, 1937, are hereby appropriated to the Agricultural and Mechanical College of Texas to be expended as may be deemed proper by the Board of Directors of said College; provided, however, that the amounts received prior to August 31, 1937, as bonus money and rental money from leases of the land embraced in Experimental Station No. 4, located in Senatorial District No. 4, may be expended by the Board for the necessary improvements and maintenance of Experimental Station No. 4, and the Board is authorized to expend whatever amount they may deem necessary for improvements, livestock and maintenance of the Piney Woods Livestock Experimental Station in Senatorial District No. 4; provided, however, that any royalties received shall be placed in the special fund provided. All moneys realized from royalties and sales accruing under the terms of this Act shall be used exclusively for the purpose of creating a permanent improvement fund, the income from which shall be expended under the direction of the Board of Directors of the Agricultural and Mechanical College of Texas in erecting permanent improvements for the College and its branches and divisions.

Division of lands into lots or blocks

Sec. 2. The Board is hereby authorized to cause said lands to be surveyed or subdivided into such tracts, lots or blocks as will, in their judgment, be most conducive and convenient to facilitate the advanta-

geous sale of lease for oil, gas, sulphur, mineral ore and other minerals thereof and to make such maps and plats as may be thought necessary to carry out the purposes of this Act. The Board is further authorized to obtain authentic abstracts of title to all of said lands as they may deem necessary from time to time and to take such steps as may be necessary to perfect a merchantable title to said lands in the State of Texas.

Advertising for lease

Sec. 3. Whenever, in the opinion of the Board, there shall be such a demand for the purchase of oil, gas, sulphur, mineral ore or other mineral leases on any tract or part of any tract of land as will reasonably insure an advantageous sale, the Board shall place such oil, gas, sulphur, mineral ore or other mineral leases on said land on the market in such tract or tracts, or any part thereof, as the Board may designate. It shall cause to be advertised a brief description of the land from which the oil, gas, sulphur, mineral ore or other minerals is proposed to be leased. Such advertisement shall be made by inserting in two (2) or more papers of general circulation in this State and in addition the Board may, in its discretion, cause said advertisement to be placed in an Oil & Gas Journal published in and out of the State, and also mail copies of such proposals to the County Judge of the county where said lands are located, and mail copies of such proposals to such other persons as the Board might think would be interested therein.

The Board may sell the lease or leases to the highest bidder at public auction at the Agricultural and Mechanical College of Texas, College Station, Texas, at any hour between 10:00 A. M. and 5:00 P. M. The Board shall have the right to reject all bids. However, the highest bidder shall pay to the Board on the day of the sale twenty-five (25%) per cent of the bonus bid and the balance of the bid shall be paid to the Board within twenty-four (24) hours after being notified that the bid has been accepted. Payments shall be paid in cash, certified check or cashier's check, as the Board may direct; provided, the failure to pay the balance of the amount bid will forfeit to the Board the twenty-five (25%) per cent paid.

Bids for leases

Sec. 4. A separate bid shall be made for each tract or subdivision thereof. No bids shall be accepted which offer less than the fair market price per ton for the mineral ore or a royalty of less than one-eighth (1/8) of the gross production of oil, gas, sulphur and other minerals in the land bid upon and this minimum royalty may be increased at the discretion of the Board. Every bid shall carry the obligation to pay an amount not less than One ($1.00) Dollar per acre for delay in drilling or development; such amount to be fixed by the Board in advance of the advertisement and shall be paid every year for five (5) years unless in the meantime production in paying quantities is had upon the land or said land is re-leased by the lessee.

Sale of mineral ore located in and on said land

Sec. 4a. Mineral ore located in and on said lands may also be sold in place by the Board at not less than the fair market value as determined by the same methods as are provided for leasing of lands under this Act for development of the minerals in said lands.

Regulations on lease

Sec. 5. If in the opinion of the Board any one of the bidders shall have offered a reasonable and proper price for any tract and not less than the price fixed by the Board, the lands advertised may be leased for oil, gas, sulphur, mineral ore and other mineral purposes under the terms of this Act, and such regulations as the Board may prescribe, not inconsistent with the provisions of this Act. In the event no bid is accepted by the Board at public auction any subsequent procedure for the sale of oil, gas, sulphur, mineral ore and other mineral leases shall be in the manner above provided. Provided that no lease for oil, gas, sulphur, mineral ore and other minerals shall be made by said Board which will permit the drilling or mining for oil, gas, sulphur, mineral ore and other minerals within less than three hundred (300) feet of any building on said land, without the consent of the Board; and further providing that in making any lease on any experimental station and/or farm the lease shall provide that the operations for oil, gas, sulphur, mineral ore and other minerals shall not in any way interfere with the land as an experimental station and shall not cause the abandonment of said property or its use for experimental farm purposes; and the lessee operating said property shall drill, mine and carry on his operations in such a way as not to cause the abandonment of said property for experimental farm purposes and any such leased property shall be subject to the use by the State of Texas for all experimental purposes and said Board shall continue to operate said experimental station.

Acceptance of lease; termination

Sec. 6. If the Board shall determine that a satisfactory bid has been received for said oil, gas, sulphur, mineral ore and other mineral lands it shall accept the same and reject all other bids and file said accepted bid in the General Land Office. Whenever the royalties shall amount to as much as the yearly payments as fixed by the Board, the yearly payments may be discontinued. If before the expiration of five (5) years oil, gas, sulphur, mineral ore and other minerals shall not have been produced in paying quantities, the lease shall terminate, unless extended as hereinafter provided.

Award of lease to highest bidder; termination; extension

Sec. 7. (a) If the Board shall determine that a satisfactory bid has been received for said oil, gas, sulphur, mineral ore and other minerals, it will make an award to the bidder offering the highest price therefor, and a lease shall be filed in the General Land Office.

(b) The exploratory term of the lease as determined by the Board prior to the promulgation of the advertisement shall in no case exceed five (5) years, and each lease shall provide that the lease will terminate at the expiration of its exploratory term unless by unanimous vote of members of the Board such lease may be extended for a period of three (3) years, which lease may be extended where the Board finds that there is likelihood of oil, gas, sulphur, mineral ore and other minerals being discovered thereon by lessees, and that such lessees have proceeded with diligence to protect the interest of the State; provided, however, that if oil, gas, sulphur, mineral ore and other minerals are being produced in paying quantities from the premises, said lease shall continue in force and effect as long as such oil, gas, sulphur, mineral ore and other minerals are being so produced. Provided, that no extension hereunder may

be made by the Board until the last thirty (30) days of the original term of the lease. The lease shall include such additional provisions and regulations as the Board may prescribe to preserve the interest of the State, but not inconsistent with the provisions of this Act.

(c) Whenever, in the discretion of said Board, it is deemed for the best interest of the State to extend a lease issued by said Board, the Board is hereby granted and given full authority by unanimous vote to extend said lease for a period not to exceed three (3) years, upon the condition that the lessee shall continue to pay yearly rental as provided in the lease and such additional terms as the Board may see fit and proper to demand. The Board is hereby given full authority to extend such lease and execute an extension agreement therefor.

(d) Whenever, in the discretion of the Board, it is for the best interest of the State to prorate, or reduce production of any land, said Board shall have and is hereby given authority to execute the necessary contract to carry out such purpose.

Rentals under lease

Sec. 8. If, during the term of any lease issued under the provisions of this Act, the lessee shall be engaged in actual drilling and mining operations for the discovery of oil, gas, sulphur, mineral ore, and other minerals on land covered by any such lease, no rentals shall be payable as to the tract on which such operations are being conducted so long as such operations are proceeding in good faith; and in the event oil, gas, sulphur, mineral ore, and other minerals are discovered in paying quantities on any tract of land covered by any such lease, then the lease as to such tract shall remain in force so long as oil, gas, sulphur, mineral ore, and other minerals are produced in paying quantities from such tract. In the event of the discovery of oil, gas, sulphur, mineral ore, and other minerals on any tract covered by a lease issued hereunder or on any land adjoining same, the lessee shall conduct such operations as may be necessary to prevent drainage from the tract covered by such lease to properly develop the same, to the extent that a reasonably prudent operator would do under the same and similar circumstances.

Rights of purchaser; assignments

Sec. 9. Title to all rights purchased may be held by the owners so long as the area produces oil, gas, sulphur, mineral ore, and other minerals in paying quantities. All rights purchased may be assigned. All assignments shall be filed in the General Land Office within one hundred (100) days from the date of the first acknowledgement thereof, accompanied by ten (10¢) cents per acre for each acre assigned and if not so filed and payment made, the assignment shall not be effective. All rights to any whole tract or to any assigned portion thereof may be relinquished to the State at any time by having an instrument of relinquishment recorded in the county or counties in which the area may be situated, and filed with the Chairman of the Board accompanied with One ($1.00) Dollar for each area assigned, but such assignment shall not relieve the owner of any past due obligations theretofore accrued thereon. The Board shall authorize the laying of pipe line, telephone line, and the opening of such roads as may be deemed reasonably necessary for and incident to the purpose of this Act.

Royalty payable to General Land Office

Sec. 10. If oil or other minerals are developed on any of the lands leased by the Board, the royalty or moneys as stipulated in the sale shall be paid to the General Land Office at Austin, Texas, on or before the 20th day of each succeeding month for the preceding month during the life of the rights purchased, and be set aside in the State Treasury as specified in Section 1 hereof, and said funds may be used as therein provided. Said royalty or moneys paid to the General Land Office as above stipulated shall be accompanied by the sworn statement of the owner, manager, or other authorized agent showing the gross amount of oil, gas, sulphur, mineral ore, and other minerals produced and saved since the last report and the amount of oil, gas, sulphur, mineral ore, and other minerals produced and sold off the premises and the market value of the oil, gas, sulphur, mineral ore, and other minerals together with a copy of all daily gauges, or vats, tanks, gas meter readings, pipe line receipts, gas line receipts and other checks and memoranda of the amounts produced and put into pipe lines, tanks, vats, or pool and gas lines, gas storage, other places of storage and other means of transportation. The books and accounts, receipts and discharges of all wells, tanks, vats, pools, meters, pipe lines, and all contracts and other records pertaining to the production, transportation, sale and marketing of the oil, gas, sulphur, mineral ore, and other minerals shall at all times be subject to inspection and examination of any member of the Board of Directors of the Agricultural and Mechanical College of Texas or any duly authorized representative of said Board. The Commissioner of the General Land Office shall tender to the Board of Directors of the Agricultural and Mechanical College of Texas at the close of each month a report of all receipts from the lease or sale of oil, gas, sulphur, mineral ore, and other minerals turned into the special fund in the State Treasury.

Protection of contiguous or adjoining lands

Sec. 11. In every case where the area in which oil, gas, sulphur, mineral ore, and other minerals sold shall be contiguous or adjacent to lands which are not lands belonging to and held by the Agricultural and Mechanical College of Texas, the acceptance of the bid and the sale made thereby shall constitute an obligation on the owner thereof to adequately protect the land leased from drainage from said adjacent lands to the extent that a reasonably prudent operator would do under the same and similar circumstances. In cases where the area in which the oil, gas, sulphur, mineral ore, and other minerals are sold is contiguous to other lands belonging to and held by the Agricultural and Mechanical College of Texas which have been leased or sold at a lesser royalty, the owner shall likewise protect said land from drainage from the lands so leased or sold for a lesser royalty. Upon failure to protect the land from drainage as herein provided the sale and all rights thereunder may be forfeited by the Board in the manner elsewhere provided for forfeitures.

Forfeitures

Sec. 12. If the owner of the rights acquired under this Act shall fail or refuse to make the payments of any sum due thereon, either as rental, royalty on production or other payments, within thirty (30) days after the same shall become due, or if such owner or his authorized agent should make any false return or false report concerning production, royalty or drilling or mining or if such owner shall fail or

refuse to drill any offset well or wells in good faith, as required by his lease, or if such owner or his agent should refuse the proper authority access to the records and other data pertaining to the operations under this Act, or if such owner, or his authorized agent, should fail or refuse to give correct information to the proper authorities, or fail or refuse to furnish the log of any well within thirty (30) days after production is found in paying quantities, or if any of the material terms of the lease should be violated, such lease shall be subject to forfeiture by the Board by an order entered upon the minutes of the Board reciting the facts constituting the default, and declaring the forfeiture. The Board may, if it so desires, have suit instituted for forfeiture through the Attorney General of the State. Upon proper showing by the forfeiting owner, within thirty (30) days after the declaration of forfeiture, the lease may, at the discretion of the Board and upon such terms as it may prescribe, be reinstated. In case of violation by the owner of the lease contract, the remedy of the State by forfeiture shall not be the exclusive remedy but suit for damages or specific performance, or both, may be instituted. The State shall have a first lien upon oil, gas, sulphur, mineral ore, and other minerals produced upon the leased area, and upon all rigs, tanks, vats, pipe lines, telephone lines, and machinery and appliances used in the production and handling of oil, gas, sulphur, mineral ore, and other minerals produced thereon, to secure any amount due from the owner of the said lease.

Records filed in General Land Office

Sec. 13. All surveys, files, records, copies of sale and lease contracts and all other records pertaining to the sales and leases hereby authorized shall be filed in the General Land Office and constitute archives thereof. Payment hereunder shall be made to the Commissioner of the General Land Office at Austin, Texas, who shall transmit to the State Treasurer all royalties, lease fees, rentals for delay in drilling or mining and all other payments, including all filing assignments and relinquishment fees hereunder, to be deposited in the special fund in the State Treasury to the credit of the Agricultural and Mechanical College of Texas as above provided.

Adoption of forms and regulations

Sec. 14. The Board shall adopt proper forms and regulations, rules and contracts as will in its best judgment protect the income from lands leased hereunder. A majority of the Board shall have power to act in all cases, except where otherwise herein provided. The Board may reject any and all bids and shall have the further right to withdraw any lands advertised for lease or for the sale of mineral ore in place.

Comptroller's warrants for expenses

Sec. 15. The expenses of executing the provisions of this Act shall be paid by warrants drawn by the Comptroller of the State on the State Treasurer, and for that purpose the sum of Two Thousand ($2,000.00) Dollars or so much thereof as may be necessary is hereby appropriated out of any moneys in the State Treasury not otherwise appropriated until September 1, 1937, after which time expenses of executing the provisions of this Act shall be paid by warrants drawn by the Comptroller of the State on the State Treasurer against the income from the special fund accumulated from leases, rentals, royalties, and other payments.

Partial invalidity

Sec. 16. If any section, subsection, paragraph, clause or sentence in this Act is declared to be unconstitutional, the same shall not affect the remaining portions of this Act. As amended Acts 1953, 53rd Leg., p. 679, ch. 260, § 1.

Emergency. Effective June 4, 1953.

Sec. 2. The Auditor of the Texas Technological College shall collect said fees provided for in Section 1 hereof and shall credit the money received from the said fees to an account known as the Student Union Building Account.

provided, however, that the county superintendents in such counties who have been heretofore elected to the office of county superintendent shall serve until the expiration of the time for which they were elected, and that thereafter the duties now performed by county superintendents in such counties shall be performed by the county judges of such counties. As amended Acts 1953, 53rd Leg., p. 793, ch. 322, § 2.

Sec. 2. In counties coming under the provisions of this Act, the county judge shall receive and retain for his services in performing the duties of county superintendent of public instruction, in addition to all other compensation provided by law, such salary as the county board of school trustees of the respective counties may provide subject to the provisions of Article 3888, Revised Civil Statutes, 1925, as amended, whether the county judge is compensated on a fee or salary basis by the county. Such salary shall be paid in the manner and from funds as provided by law for the payment of ex-officio county superintendents. In the same manner and extent, and from the same funds, as provided in Articles 2701 and 3888, Revised Civil Statutes, 1925, as amended, the county board of school trustees in the respective counties may appoint an assistant to the ex-officio county superintendent, provide for his salary, and provide for the office and traveling expenses for the office of the ex-officio county superintendent. Any child lawfully enrolled in any district or independent district, may by order of the county superintendent, approved in writing, be transferred to the enrollment of any other district or independent district in the same county upon a written application of the parent or guardian or person having lawful control of such child, filed with the county superintendent, not later than June 1; provided that any district or independent district being dissatisfied with any transfers made by approval in writing of the county superintendent may appeal from such action to the county board of trustees of said county who shall have the right to annul and cancel the transfer allowed by the county superintendent.

The applicant shall state in said application that it is his bona fide intention to send said child to the school to which the transfer is asked.

Upon the certification of the transfer of any child, from one district to another district, by the county superintendent of the county in which said child resides at the time of the transfer, the State Department of Education shall authorize the State Treasurer to pay over directly the per capita apportionment, in independent districts of five hundred (500) or more scholastic population, to the district to which such child is transferred; and in all other districts, to county superintendents, to be paid by him to the respective districts to which such children are transferred;

Art. 2698. Emergency transfers

In case of conditions resulting from public calamity in any section of the State such as serious floods, prolonged drought, or extraordinary border disturbances, resulting after the scholastic census has been taken, in such sudden change of the scholastic population of any county as would work a hardship in the support of the public free schools of the said county, the State apportionment of any child of school age may, on approval of the State Board of Education, be ordered by the State Commissioner of Education to be transferred to any other county or independent school district in any other county; provided, that the facts warranting such transfer shall be sent to the Commissioner of Education by the county or district board of trustees of schools to which transfer is to be made with a formal request for the said transfer before the first of June of the year in which such unusual conditions occur. No application for emergency transfers shall be granted unless the increase in scholastic population, as evidenced by a list of pupils within the scholastic age actually residing within the district not enumerated in said district, and filed with the State Department of Education is in excess of twenty per cent (20%) of the number of children assigned to said district; including regular transfers, as a result of the preceding census. The Commissioner of Education shall in such case notify the County Superintendent of both counties that final apportionment of school funds cannot be made under these circumstances before June 15. All arrangements for the said emergency transfers must be completed by the 15th of June following the unusual conditions causing the emergency. Children whose State funds are thus transferred to any county shall be included in the number of children for whom the county school apportionment of the said county is made. As amended Acts 1953, 53rd Leg., p. 839, ch. 339, § 2.

The salary of the ex-officio superintendent of public instruction, the salary of the assistant ex-officio superintendent of public instruction and the office and traveling expenses for the office of the ex-officio superintendent in all counties in Texas shall be from and after September 1, 1947, paid from the State and County Available School Fund, and shall be received and retained in addition to all other compensation provided by law whether the county judge is compensated on a fee or salary basis. Section 5 of the Act of 1953 provided that the provisions of the act should be cumulative of all other laws. Section 6 provided that the act should become operative on the first day of the month immediately succeeding the effective date thereof. It is hereby provided that in cases of unusual increase of scholastic population of any school district caused by the location therein or adjacent thereto of camps, reservations, building or dam projects sponsored by Federal Government or State Government ownership and whose creation results in an unusual increase in scholastic population in a school district upon the certified request of the county superintendent of the county in which such an unusual increase exists, the State Commissioner of Education, at district expense, shall require a supplemental scholastic census to be taken of the district involved. In the event that the census herein authorized shows a substantial increase in scholastic population, the Commissioner of Education may approve a supplemental census roll, adding the names of additional eligible scholastics to the rolls of the district. Said supplement of the scholastic census roll shall be considered a part of the original census as if it were taken in the last preceding month of January of the school year and the scholastic apportionment shall be paid in accordance with said scholastic population. Provided further that such supplemental census shall be taken not later than January 15 of any fiscal year, and shall include only such scholastics that are enrolled and are in actual attendance. In making these consolidated rolls, he shall scrutinize carefully the work of the census trustees, and shall have power to summon witnesses, take affidavits and correct any errors he may find in any census trustee's roll, and he shall carefully exclude all duplicates. If he deems it necessary he may reject any roll, and appoint another census trustee to take the census of the district, in which case he shall not approve the warrant to pay the census trustee whose work has been rejected. When the county superintendent has prepared his consolidated census rolls, one for each race, he shall make a duplicate of each, and he shall make affidavit to the correctness of both originals and duplicates. The originals he shall, on or before May first, forward to the State Commissioner of Education, and the duplicates shall be filed with the county clerk and become permanent records of his office. The county superintendent shall forward with his consolidated rolls an abstract on the prescribed form, under oath, showing the number of children of each race, of the different years of school age, and the total number of children of each race, and the total of both races in his county. In making his consolidated rolls and in investigating the work of any census trustee, the county superintendent shall refer to the forms and rolls of previous years, when necessary, and they shall be carefully preserved for this purpose. Provided, further, that such supplemental census shall be taken not later than January 15th of any fiscal year, and no adjustment of scholastic apportionment to any District entitled thereto shall be in an amount more than that necessary for the additional expenditures needed to care for the needs of such districts, and which shall be approved by the State Department of Education.

Partial invalidity

Sec. 7. If any word, phrase, clause, sentence, paragraph, section or part of this Act shall be held to be invalid or unconstitutional, such decision shall not affect the remaining portions of this Act; and the Legislature hereby declares that it would have passed such remaining portions of this Act despite such invalidity or unconstitutionality. The sum so contributed by such member and received by the Retirement System shall be deposited by said Retirement System in the Teacher Saving Fund to the credit of the member's individual account and shall be treated in the same manner as funds contributed by the member while he was employed as a teacher or auxiliary employee under the provisions of this Act. As amended Acts 1953, 53rd Leg., p. 565, ch. 210, § 1.

Emergency. Effective May 27, 1953.

"Present and prospective liabilities" as used herein shall mean at any time an amount equal to twice that amount in the Teacher Saving Fund at that time which will eventually be transferred to the Membership Annuity Reserve Fund, according to calculations made by the Actuary and approved by the State Board of Trustees

(b) When the amount in the State Membership Accumulation Fund shall become sufficient to meet the present and the prospective liabilities of this Fund, the State of Texas shall thereafter pay each year in equal monthly installments into the State Membership Accumulation Fund an amount equal to a per centum of the contributions of the members during such year which shall be calculated by the Actuary and certified to the Comptroller of Public Accounts by the State Board of Trustees as being the necessary and required per centum to maintain a reserve in this Fund equal to present and prospective liabilities of the Fund. The rate per centum so certified shall continue in force until modified by the Board of Trustees on the basis of a new investigation and valuation as provided for herein to be made at the end of each five-year period.

(c) Upon the retirement of a member, an amount equal to twice his accumulated contributions in the Teacher Saving Fund shall be transferred from the State Membership Accumulation Fund into the Membership Annuity Reserve Fund as a reserve for his Membership Annuity. As amended Acts 1953, 53rd Leg., p. 1022, ch. 422, § 3.

The teacher for an exceptional children teacher unit shall be employed by the Board of Trustees of the district in which the class is to be taught, and such unit shall be administered solely and exclusively by the Superintendent of such district. The State Commissioner of Education, upon certification of such agreement by the County School Superintendent, shall allot to each district party to such agreement a fractional part of an exceptional children teacher unit, provided that the sum of such units so allotted shall not be greater than the number of units for which said district would be eligible provided no cooperative agreement existed.

In no event, however, shall such schools be operated by such district at such property where the property is located more than one (1) mile from the boundary lines of such district whether the same be located within this State or not. Art. 2922—16. Finances

Economic index for counties

Sec. 3. In determining the taxpaying ability of each school district, the State Commissioner of Education, subject to the approval of the State Board of Education, shall calculate an economic index of the financial ability of each county to support the Foundation School Program.

The economic index of a county shall be calculated to approximate the percent of the total taxpaying ability in the State which is in a given county, and shall constitute for the purpose of this Act a measure of one county's ability to support schools in relation to the ability of other counties in the State. The economic index for each county shall be based upon and determined by the following weighted factors:

a. Assessed valuation of the county, weighted by twenty (20);

b. Scholastic population of the county, weighted by eight (8);

c. Income for the county as measured by: Value added by manufacture, value of minerals produced, value of agricultural products, payrolls for retail establishments, payrolls for wholesale establishments, payrolls for service establishments, weighted collectively by seventy-two (72).

Provided, however, that during the 1953–54 and the 1954–55 fiscal years no county shall be assigned an amount, in any one year, that exceeds the previous year's assignment more than ten percent. Upon application of the economic index all amounts in excess of ten percent increase over the previous year's assignment shall be deducted from that county's assignment and redistributed among the balance of the counties in the State in the same proportion that each county's assignment, under the new economic index, bears to the total amount assigned to the counties that showed less than a ten percent increase.

The Commissioner of Education, subject to approval of the State Board of Education, shall recompute annually a new economic index not later than the first week in March of each year, using an average of data for a three-year period which shall be taken from the most recently available official publications and reports of agencies of the State of Texas or the Federal Government. The first economic index so determined for each county under the provisions of this amendatory Act shall be effective beginning with the 1953–54 school year, and thereafter the economic index re-computed annually shall be effective beginning with the new school year in the calendar year of its re-computation.

Provided, however, that the requirement of this Act that the re-computation of the economic index shall be had not later than the first week in March of each year, shall not preclude the computation of the index prescribed herein after that time for the purposes of the 1953–54 school year. As amended Acts 1953, 53rd Leg., p. 188, ch. 174, § 1.

Effective 90 days after May 27, 1953, date of adjournment.

Art. 3202—a. Price for care

The Board for Texas State Hospitals and Special Schools, directly or through an authorized agent or agents, may make contracts fixing the price for the support, maintenance, and treatment of children maintained, supported and treated, in the State Orphans Home, the State Home for Dependent and Neglected Children, Austin State School, and the Deaf, Dumb and Blind Institute for Colored Youths, at a sum fixed by the Board for Texas State Hospitals and Special Schools, not to exceed the actual cost of supporting such child, or for such part thereof as the estate of said child or any person legally liable for such child's support may be able to pay or agree to pay, and binding the person making such contracts to payments thereunder. The costs of educating such children, however, shall not be included in arriving at such costs. Such payments by guardians shall be in accordance with the legal method controlling expenditures by guardians. The Board for Texas State Hospitals and Special Schools is authorized to demand investigation to determine whether or not a child is possessed of or entitled to property and whether or not some other person is legally liable for his support and to pay therefor. The county judge of the county from which the child is received into such institution or the county having jurisdiction over the estate of such child may from time to time, upon the request of the Board for Texas State Hospitals and Special Schools, cite the guardian of such child, or other persons legally liable for his support, to appear at some regular term of the county court having jurisdiction of such matter, then and there to show cause why the State should not be paid or have judgment for the amount due it for the support and maintenance of such child; or such guardian or other persons legally liable for the support of such child may be cited to appear at some regular term of the district court having jurisdiction of such matter, then and there to show cause why the State should not have judgment for the amount due it for the support and maintenance of such child; and, if sufficient cause be not

The certificate of the superintendent of the State institution or school wherein such child is being, or shall have been supported and maintained, as to the amount due, shall be sufficient evidence to authorize the Court to render judgment. The county or district attorney, upon request of the Board for Texas State Hospitals and Special Schools, shall appear and represent the State in all cases provided for in this Section; provided, however, that the provisions of this Act shall not apply to any child maintained, supported or treated in the Deaf, Dumb and Blind Institute for Colored Youths or Austin State School unless the person legally liable for the support of such child agrees to pay such cost as is herein provided. Art. 3206. Repealed. Acts 1953, 53rd Leg., p. 23, ch. 15, § 1. Eff. 90 days after May 27, 1953, date of adjournment

Art. 3220—1. Repealed. Acts 1953, 53rd Leg., p. 24, ch. 16, § 1. Eff. 90 days after May 27, 1953, date of adjournment

Art. 3241. Classification of patients

Patients admitted to any State tuberculosis hospital or sanatoria shall be of two classes, to-wit: (1) indigent public patients; (2) non-indigent patients.

Indigent public patients are those who possess no property of any kind nor have any one legally responsible for their support, and who are unable to reimburse the State. This class shall be supported at the expense of the State.

Non-indigent patients are those who possess some property out of which the State may be reimbursed, or who have some one legally liable for their support. This class shall be kept and maintained at the expense of the State, as in the first instance, but in such case the State shall have the right to be reimbursed for the support of such patients, and the claim of the State shall constitute a valid lien against any property of any such patient or in case he has a guardian, against any property of his which is in the possession of said guardian, or against the person or persons who may be legally liable for his support and financially able to contribute as herein provided; and such claim may be collected by suit or other proceedings in the name of the State of Texas by the County or District Attorney of the county from which said patient is sent or the Attorney General, against such patient or his guardian or the person or persons liable for his support; and the suit shall be brought in the county from which such patient was sent. Such suit shall be instituted upon the written request of the Superintendent of said institution accompanied by a certificate as to the amount due the State, which in no case shall exceed the actual cost of maintaining and treating such patient. In all suits or proceedings, the certificate of the Superintendent shall be sufficient evidence of the amount due the State for the support of such patient. It shall be the duty of said Attorney upon such request being made to institute and conduct such proceedings and for which he shall be entitled to a commission of ten per cent of the amount collected. The director or his duly authorized representative shall have permission to examine the records of the permittee and verify the statement of tonnage sold during any period.

Whenever the manufacturer or importer or shipper of a feeding stuff shall have filed the certified statement provided for in Article 3874, and paid the inspection tax, no agent or seller of said manufacturer, importer or shipper shall be required to file such statement or pay such tax. The Comptroller of Public Accounts is hereby directed to transfer to the State Highway Department all deeds and conveyances of land or interests in land to the State of Texas for highway purposes which have heretofore been filed and deposited in the office of the Comptroller of Public Accounts along with all files and filing equipment heretofore used by him in filing and maintaining such records. Art. 4357. 4348 Auditing claims and issuing warrants

No warrant shall be prepared except on presentation to the warrant clerk of a properly audited claim, verified by affidavit to its correctness, the proper auditing of which claim shall be evidenced by the initials written thereon by the person auditing the same; and such claim so verified and audited shall be sufficient and the only authority for the preparation of a warrant or warrants. No claim shall be paid from appropriations unless presented to the Comptroller for payment within two (2)

years from the close of the fiscal year for which such appropriations were made, but any claim not presented for payment within such period may be presented to the Legislature as other claims for which no appropriations are available. No warrant shall be drawn against an appropriation of a special fund unless there is sufficient cash money in the fund in the State Treasury to pay such warrant, and no warrant, general or special, shall be released or delivered by the Comptroller unless there is sufficient balance in the appropriation against which the warrant is drawn to pay such warrant. When a claim has been audited and warrant drawn therefor, the claim shall be numbered with the same number as the warrant; and such claim shall be filed numerically according to class: "general," "special," "pension," respectively. The claims, as paid, shall be filed in such method as may be found most advisable to the Comptroller. After the expiration of two (2) years such claims shall be removed from the files and stored as records. As amended Acts 1953, 53rd Leg., p. 864, ch. 350, § 1.

Emergency. Effective June 8, 1953.

Art. 4358. 4349 Pay warrants

The Comptroller shall have printed uniform pay warrants, which shall be of three (3) classes: "general," "special," "pension." Such warrants shall be serially numbered and shall be of a color of paper different from the other class. A separate series of numbers may be used for warrants issued for payrolls to be paid from the General Revenue Fund, and for warrants issued for claims to be paid from "highway" or other special funds, when the Comptroller deems such special series of numbers advisable. Such warrants shall be prepared so as to provide for entering thereon in addition to other appropriate matters, the following:

1. Initials of the person in the Comptroller's Department comparing the warrant with the claim.

2. Designation of the fund against which the warrant is drawn.

3. Appropriation against which disbursement is to be charged. As amended Acts 1953, 53rd Leg., p. 864, ch. 350, § 1.

Art. 4359. 4350 Pay warrants register

The Comptroller shall provide a pay warrant register for each class of pay warrants, each volume of which shall be appropriately designated by class, number or otherwise. When a pay warrant is prepared, it shall be registered in the pay warrant register for the class to which it belongs; and such registry shall consist of an entry of the amount of the warrant, name of the payee, appropriation to which charged, and such other information as may be deemed advisable by the Comptroller. After a warrant has been prepared and registered as herein provided it shall be checked against the claim, and the warrant number shall be entered on the claim papers. The initials of the person checking the warrant with the claim shall be written on both the warrant and the claim, and the warrant together with the claim upon which it is based shall be passed to the Comptroller for his signature or the signature of such person as may be authorized by law to sign the same in his stead; and such warrant together with a copy of the warrant register shall then be passed to the State Treasury and registered in the Treasury, and signed by the State Treasurer or some person authorized by law to sign for him, and returned to the Comptroller's Department. Such warrant shall then be delivered by the Comptroller to the person entitled to receive it, and the Comptroller shall at his option take a receipt therefor and file the receipt

in his office. The Comptroller shall also keep a "warrants cancelled register" in which shall be entered the details of all warrants cancelled.

It is hereby provided that a department, court, school, or other state agency may prepare and present payroll claims to the Comptroller prior to the end of the payroll period, which said payroll claims shall be verified by affidavit as to services theretofore actually performed within such payroll period prior to the date of such payroll claims; and such payroll claims need not be verified by affidavit as to any services to be performed during such payroll period subsequent to the date of such payroll claims. Such claims when so presented shall be prepared and approved as otherwise provided below. The Comptroller shall accept such payroll claim when presented and prepare warrants in payment thereof prior to date such claims become due and payable, and hold such warrants for delivery until the claims become due and payable. Such warrants shall be dated as of the due date of the claim and shall not be delivered to the claimant until the end of the pay period. The Treasurer is hereby authorized to countersign such warrants and to make such entry as to properly take them into account. In order that such warrants may be ready for delivery at the end of the pay period the Comptroller is authorized to make such rules and regulations as may be necessary for filing payroll claims in advance of the pay period, and for the preparation and writing of warrants in payment thereof to adequately and properly achieve such purpose.

One person shall be designated by the Comptroller as Chief of the Claims Division, and such person shall prepare or be responsible for the preparation of all pay warrants, and shall be accountable to the Comptroller for warrants coming into his possession. As amended Acts 1953, 53rd Leg., p. 864, ch. 350, § 1.

Art. 4365. 4359 Duplicate warrants

The Comptroller, when satisfied that any original warrant drawn upon the State Treasurer has been lost or destroyed, or when any certificate or other evidence of indebtedness approved by the auditing board of the State has been lost, is authorized to issue a duplicate warrant in lieu of the original warrant or a duplicate or a copy of such certificate, or other evidence of indebtedness in lieu of such original; but no such duplicate warrant, or other evidence of indebtedness, shall issue until the applicant has filed with the Comptroller his affidavit, stating that he is the true owner of such instrument, and that the same is in fact lost or destroyed, and shall also file with the Comptroller his bond in double the amount of the claim with two or more good and sufficient sureties, payable to the Governor, to be approved by the Comptroller, and conditioned that the applicant will hold the State harmless and return to the Comptroller, upon demand being made therefor, such duplicates or copies, or the amount of money named therein, together with all costs that may accrue against the State on collecting the same. Provided, however, that any state department, court, school, school district, or other state agency, or federal agency, shall not be required to make bond for the issuance of duplicate warrants. The head of such state agency or federal agency and one other person connected with the handling of warrants for such agency shall be required to make the affidavit for duplicate to issue in case of lost or destroyed warrant belonging to such agency. After the issuance of said duplicate or copy if the Comptroller should ascertain that the same was improperly issued, or that the applicant or party to whom the same was issued was not the owner thereof,

he shall at once demand the return of said duplicate or copy if unpaid, or the amount paid out by the State, if so paid; and, upon failure of the party to return same or the amount of money called for, suit shall be instituted upon said bond in Travis County. As amended Acts 1953, 53rd Leg., p. 576, ch. 219, § 1.

Emergency. Effective May 27, 1953.

Art. 4413(32). Cooperation by state departments and agencies

Short title

Section 1. This Act may be referred to as "The Interagency Cooperation Act."

Agency defined

Sec. 2. When used in this Act the word "agency" includes department, board, bureau, commission, court, office, authority, council, institution, university, college, and any service or part of a State institution of higher education.

Authority to contract to furnish services; reimbursement of cost

Sec. 3. Any State agency may enter into and perform a written agreement or contract with other agencies of the State for furnishing necessary and authorized special or technical services, including the services of employees, the services of materials, or the services of equipment. The actual cost of rendering the services, or the nearest estimate of the cost that is practicable, shall be reimbursed, except in case of service rendered in the fields of national defense or disaster relief, or in cooperative efforts, proposed by the Governor, to promote the economic development of the State. Provided, however, nothing herein shall authorize any agency to construct any highway, street, road, or other building or structure for any other agency, except as otherwise specifically authorized by existing law. Provided, however, no agency shall supply any services, supplies, or materials to another agency which are required by Section 21 of Article 16 of the Constitution of Texas to be supplied under contract given to the lowest responsible bidder.

Written agreement or contract

Sec. 4. Before any services may be rendered or received, a written agreement or contract shall be entered into, specifying the kinds and amounts of services to be rendered, the bases for calculating reimburseable costs, and the maximum amount of the costs during the time period covered by the agreement. In emergency situations for the defense or safety of the civil population, or in planning and preparation therefor, or in cooperative efforts, proposed by the Governor, for the economic development of the State, or where the amount involved is less than Twenty-five Dollars ($25), no written contract or advance approval by the Board of Control is required. To be valid, the written agreement or contract must have the advance approval of the administrator of the State agencies which are parties thereto, and of the Board of Control.

Restrictions on contracts; review by Board of Control

Sec. 5. No agreement or contract may be entered into or performed which will require or permit an agency of the State to exceed its constitutional or statutory duties and responsibilities, or the limitations of its appropriated funds. In reviewing proposed agreements or contracts of the character described in this Act, the Board of Control is authorized and directed to consider the following factors, which shall not be construed to be exclusive:

(a) Whether the services specified are necessary and essential for activities and work that are properly within the statutory functions and programs of the affected agencies of the State Government;

(b) Whether the proposed arrangements serve the interests of efficient and economical administration of the State Government; and

(c) Whether the specified bases for reimbursing actual costs are fair, equitable, and realistic and in conformity with the limitations of funds prescribed in the current appropriations act or other applicable statutes.

Payments

Sec. 6. Payments for such services by a receiving agency shall be made from the appropriation items or accounts of the receiving agency from which like expenditures would normally be made, based upon vouchers drawn for this purpose by the receiving agency payable to the furnishing agency. Payments received by the State agency performing the services shall be credited to that State agency's current appropriation items or accounts from which the expenditures of that character were originally made. Payments for intraagency transactions shall be handled in the same manner as interagency transactions or by interdivisional transfer of funds on the records of the agency concerned, subject to the applicable provisions of the biennial appropriations act.

Summary included in board's annual report

Sec. 7. A summary of all such agreements or contracts entered into during any fiscal year by State departments or agencies and aggregating over One Hundred Dollars ($100), including descriptions of the purposes of the agreements or contracts, names of the State agencies involved, time period covered, and amounts of reimbursement, shall be included in the Board of Control's annual report. Acts 1953, 53rd Leg., p. 841, ch. 340.

Emergency. Effective June 8, 1953.

Art. 4494n. County hospital districts; Counties of 190,000 and Galveston county

Creation of district

Section 1. Any county having a population of 190,000 or more, and Galveston County, according to the last preceding Federal Census, that does not own or operate or that does own and operate a hospital or hospital system by itself or jointly with a city for indigent and needy persons may be constituted a hospital district to take over the hospital or hospital system, either owned separately by a county or jointly with a city and thereafter operate and administer such hospital or hospital system by furnishing medical aid and hospital care to the indigent and needy persons residing in said hospital district; provided, however, that such district shall not be created unless and until an election is duly held in said county, which said election may be initiated by the Commissioners Court upon its own motion or upon a petition of 100 resident qualified property tax paying voters to be held not less than 30 days from the time said election is ordered by the Commissioners Court. At said election there shall be submitted to the qualified property taxpaying voters the proposition of whether or not a hospital district shall be created in the county, and a majority of the qualified property taxpaying voters participating in

said election voting in favor of the proposition shall be necessary. The ballots shall have printed thereon:

"FOR the creation of a hospital district; providing for the levy of a tax not to exceed Seventy-five (75¢) Cents on the One Hundred ($100.00) Dollars valuation;" and

"AGAINST the creation of a hospital district; providing for the levy of a tax not to exceed Seventy-five (75¢) Cents on the One Hundred ($100.00) Dollars valuation."

If there are any outstanding bonds, then there shall be added to such proposition the assumption of the bonds by said district. A hospital district created shall be known as ———————————— County Hospital District.

Taxes and bonds of district

Sec. 2. The Commissioners Court of any county which has voted to create a hospital district shall have the power and the authority to levy for the benefit of the district along with county taxes, using the same values and the same tax roll, a tax of not to exceed Seventy-five (75¢) Cents on the One Hundred ($100.00) Dollars valuation on all taxable property within the district for the purpose of creating a sinking fund to pay the outstanding bonded indebtedness assumed as herein provided and to pay the interest and sinking fund requirements on hospital bonds that may have been issued by the city or county, either or both of them. The district shall have the power and authority to issue and sell bonds for the acquisition, purchase, construction, equipment, enlargement, operation, and maintenance of the hospital or hospital system; provided however, that a sufficient tax shall be levied to provide an interest and sinking fund to meet the maturities, which said tax shall be a part of the Seventy-five (75¢) Cents tax herein authorized. Any bonds issued by such district must, however, be authorized by a vote of the legally qualified property taxpaying voters residing in such district as in the case of bonds issued by other political sub-divisions of the State.

County or city property; transfer to district

Sec. 3. Any lands, buildings, or equipment that may be jointly or separately owned by such county and city where such medical services and hospital care are furnished to the indigent or needy persons of the city and county, shall become the property of the hospital district, and title thereto shall vest in the district; provided however, that any outstanding bonded indebtedness incurred by the city or county, either or both of them, in the acquisition of the lands, buildings, and equipment or in the construction and equipping of such hospital facilities shall be assumed by the hospital district and become the obligation of the district; and the city or county, either or both of them, that issued such bonds, shall be relieved of any further liability for the payment thereof. The Commissioners Court and the city where a hospital or hospital system is jointly owned and operated, or the Commissioners Court where the county owns the hospital or hospital system, as the case may be, shall execute and deliver to the hospital district an instrument in writing, conveying to said district the hospital property, including lands, buildings, and equipment.

Board of hospital managers

Sec. 4. The Commissioners Court, unless otherwise provided by Act of the Legislature, shall appoint a Board of Hospital Managers consisting of not less than five (5) nor more than seven (7) members who shall serve, for a term of two years with overlapping terms, if desired, with

The Board of Managers shall have the power and authority to promulgate rules and regulations for the operation of the hospital or hospital system and shall employ such doctors, technicians, nurses, and employees as may be deemed advisable for the efficient operation of the hospital or hospital system. The Board shall be responsible to the Commissioners Court for the operation of the hospital, and individual members may be removed for cause. The county auditor shall disburse the funds of the district upon orders of the Board unless the Board orders otherwise.

Hospital advisory board in counties of 800,000 population

Sec. 4-A. There is hereby created a Hospital Advisory Board in all counties in this State having a population of 800,000 or more according to the last preceding or any future Federal Census, which shall be composed of the Mayors of all of the incorporated cities in such county. Such Advisory Board shall organize by electing a chairman and a secretary, and shall meet at such times and places as such Advisory Board may deem necessary.

Provided that in any county having a population of 800,000 or more according to the last preceding or any future Federal Census, the Board of Hospital Managers shall consist of seven members, three of whom shall be appointed by the Commissioners Court of said county, and three of whom shall be appointed by the Hospital Advisory Board heretofore created, and the seventh member of such Board shall be appointed in a joint session of the Commissioners Court and the Hospital Advisory Board. Said Board shall elect its own chairman. Otherwise, the said Board of Hospital Managers shall function as provided in other sections of this Act.

Provided further, that the said Board of Managers shall be responsible jointly to the Commissioners Court and to the governing body of such cities in said county, and individual members may be removed for cause by said Commissioners Court and said governing body in joint session.

County and city taxes

Sec. 5. No county that has been constituted a hospital district, and no city therein shall thereafter levy any tax for hospital purposes and such district shall be deemed to have assumed full responsibility for the furnishing of medical and hospital care for the needy and indigent persons residing in said district. Acts 1953, 53rd Leg., p. 691, ch. 266.

Emergency. Approved June 4, 1953.

Effective upon adoption of constitutional amendment, Const. art. IX, sec. 4, proposed by Senate Joint Resolution No. 2, 53rd Legislature, 1953, authorizing the Legislature to create county-wide hospital districts in counties having a population in excess of 190,000 and in Galveston County, to be voted on at the General Election in November, 1954, as provided in Acts 1953, 53rd Leg., p. 691, ch. 266, § 6.

CHAPTER SIX—MEDICINE

Art. 4498a. Registration of practitioners and interns; fees

Section 1. It shall be the duty of all persons now lawfully qualified to practice medicine in this State as defined in Article 4510, Revised Civil Statutes of 1925, or who shall hereafter be licensed for such practice by the Texas State Board of Medical Examiners, to be registered as such practitioners with the Texas State Board of Medical Examiners on or before the First day of January, A.D., 1932, and thereafter to register in like manner annually, on or before the First day of January of each succeeding year. Each person so registering with the Texas State Board of Medical Examiners shall pay, in connection with each annual registration and for the receipt hereinafter provided for, a fee of Five Dollars ($5), which fee shall accompany the application of every such person for such registration. Such payment shall be made to the Texas State Board of Medical Examiners. Every person so registering shall file with the Texas State Board of Medical Examiners a written application for annual registration, setting forth his full name, his age, his Post Office address, his place of residence, the county or counties in which his certificate entitling him to practice medicine has been registered, and the place or places where he is engaged in the practice of medicine, as well as the school of medicine to which he professes to belong and the number and date of his license certificate. All persons desiring to serve as interns or residents at hospitals in this State shall register with the Texas State Board of Medical Examiners within thirty (30) days after beginning their service as a resident or intern, and shall pay a registration fee of One Dollar ($1) to the Texas State Board of Medical Examiners. Upon termination of said internship or residency, notification of such termination shall be given within thirty (30) days to the Texas State Board of Medical Examiners. Registration as an intern or resident does not authorize the practice of medicine as defined by law unless the other provisions regulating the practice of medicine have been complied with.

When a licensee under this Act shall have failed to pay his annual registration fee by March 1st, it shall be the duty of the Board, acting through its Secretary, to notify such licensee at his last known address by registered mail that his annual registration fee is due and unpaid. Fifteen (15) days after date of mailing such notice, it shall be the duty of the Board, acting through its Secretary, to suspend his license for nonpayment of the annual registration fee and to notify such licensee of such suspension by registered letter addressed to his last known address. If the said registration fee is not then paid within thirty (30) days from date of such notice of suspension, the Board shall then cancel such license. Practicing medicine as defined in Article 4510, Revised Civil Statutes of Texas, without an annual registration receipt for the current year as provided herein shall have the same force and effect and be subject to all penalties of practicing medicine without a license. After the Board shall have declared a license cancelled as provided herein, the Board may thereafter in its discretion refuse to issue a new license until such licensee has passed the regular examination for license as provided in this Act.

Upon receipt of such application, accompanied by the registration fee of Five Dollars ($5), the Texas State Board of Medical Examiners, after

ascertaining, either from the records of the Board or from other sources deemed by it to be reliable, that the applicant is a licensed practitioner of medicine in this State, shall issue to the applicant an annual registration receipt, certifying that the applicant has filed such application and has paid the registration fee mentioned for the year in question; provided, that the filing of such application, the payment of the registration fee, and the issuance of such receipt shall not entitle the holder thereof to lawfully practice medicine within the State of Texas, unless he has in fact been previously licensed as such practitioner by the Texas State Board of Medical Examiners, as prescribed by law, and has recorded his license certificate entitling him to practice, as issued by said Board, in the District Clerk's Office of the several counties in which the same may be required by law to be recorded, and unless his license to practice medicine is in full force and effect; and provided further that, in any prosecution for the unlawful practice of medicine as denounced in Chapter 6, Title 12, of the Penal Code of Texas, such receipt showing payment of the annual registration fee required by this Act shall not be treated as evidence that the holder thereof is lawfully entitled to practice medicine.

Section 3. All annual registration fees collected by the Texas State Board of Medical Examiners under this Act shall be placed in the State Treasury, to the credit of a special fund to be known as the "Medical Registration Fund," and the Comptroller shall upon requisition of the Board from time to time draw warrants upon the State Treasurer for the amounts specified in such requisition; provided, however, the fees from this Medical Registration Fund shall be expended as specified by itemized appropriation in the General Departmental Appropriation Bill, and shall be used by the Texas State Board of Medical Examiners, and under its direction, in the enforcement of the laws of this State prohibiting the unlawful practice of medicine, and in the dissemination of information to prevent the violation of such laws and to aid in the prosecution of those who violate such laws. The Texas State Board of Medical Examiners shall be authorized to employ and to compensate from such special fund employees and such other persons as may be found necessary to assist the local prosecuting officers of any county in the enforcement of all the laws of the State prohibiting the unlawful practice of medicine, and to carry out the other purposes for which said fund is hereby appropriated. Provided that all such prosecutions shall be subject to the direction and control of the regularly and duly constituted prosecuting officers, and nothing in this Act shall be construed as depriving them of any authority vested in them by law.

In performing the duties devolved by this Act upon the Board of Medical Examiners, said Board shall act through the Secretary-Treasurer of the Board of Medical Examiners. The Secretary-Treasurer shall receive a salary to be fixed by the Legislature in its General Appropriation Bill for the performance of such duties under this Act, and shall make and file a surety bond in favor of the Texas State Board of Medical Examiners in the sum of not less than Ten Thousand Dollars ($10,000), conditioned that he will faithfully discharge the duties of his office. Such salary shall be paid out of said "Medical Registration Fund" and shall not be, in any way, a charge upon the general revenue of the State. The Texas State Board of Medical Examiners shall employ and provide such clerks and employees as may be necessary to assist the Secretary-Treasurer in performing his duties and in carrying out the purposes of this Act; provided, that the compensation of all persons authorized to be employed under this chapter, shall be paid only out of said "Medical Registration Fund." All disbursements from said fund shall be made only upon writ-

ten approval of the President and Secretary-Treasurer of the State Board of Medical Examiners and upon warrants drawn by the Comptroller to be paid out of said fund.

Sec. 4. The annual registration fee shall apply to all persons licensed by the Texas State Board of Medical Examiners, whether or not they are practicing within the borders of this State. As amended Acts 1953, 53rd Leg., p. 1029, ch. 426, § 1.

Emergency. Effective June 13, 1953.

Section 8 of the Act of 1953 repealed Articles 4507 and 4508. Section 13 repealed conflicting laws and parts of laws. Section 14 provided that partial invalidity should not affect the remaining parts of the Act.

Art. 4499. 5737 Medical Register

It shall be the duty of every district clerk to keep as a permanent record of his office a book of suitable size, to be known as the "Medical Register," and shall record therein all licenses to practice medicine issued by the Texas State Board of Medical Examiners which shall be presented to him for registration and all matters and things required by the preceding Article to be recorded, and shall, as required by law, make therein notation of the cancellation of licenses so registered, and of the death or removal from the county of physicians whose licenses are so registered. When the Texas State Board of Medical Examiners or any district court shall revoke, suspend or cancel the license of any person to practice medicine, the said clerk shall, if said license is registered in his county, note the revocation, suspension or cancellation of such license upon the Medical Register of such county, and shall forthwith certify to the Texas State Board of Medical Examiners, through the Secretary of such Board, under the seal of the District Court which he serves, the fact that such license is no longer registered, giving the exact date of such revocation, suspension or cancellation as received by him, and shall tax the fee for making such certificate against the Board as part of the costs of the cancellation proceedings. Each County Health Officer shall keep informed of the death or removal of all registered physicians residing in the county where he resides, and upon the death or removal of any such physician from said county, shall certify the fact of such death or removal, giving the name of the physician who has died or so removed, the date or approximate date of such death or removal, and shall date and sign such certificate and deliver the same, either in person or by registered mail, to the district clerk of such county, and such clerk shall make notation forthwith of such death or removal in said Medical Register, and notify the Secretary of the Texas State Board of Medical Examiners of such death or removal. The notation of such revocation, suspension or cancellation shall consist of writing in large, legible letters across the face of the record of such license revoked, suspended, or cancelled, the words "Cancelled this ——— day of ————————, A.D. ——— by the Texas State Board of Medical Examiners, or by ——— District Court of ———————— County."; filling in the blanks correctly so as to indicate the date of such cancellation, and such notation shall be dated and signed officially by the clerk. The notation of the death or removal of a registered physician by the district clerk shall be by noting the fact of such death or removal upon the record of the license of the physician who has died or removed from the county, in large legible letters, the date of such notation, and the official signature of the clerk. The district clerk shall collect from each physician who presents a license for registration the sum of One Dollar ($1) at the time such license is presented to him for registration, and that sum shall be full compensation for recording said license and

making all notations in the Medical Register required by law to be so made in reference to the physician named in said license. All matters pertaining to each physician shall be kept and written upon one page of said Medical Register, and no other entry or registration shall ever be made on said page. It shall be unlawful for any district clerk to make a certified copy of any page or entry in said medical register, or any part thereof, which is not an exact copy of the entire page, or which does not include all notations regarding the revocation, suspension or cancellation of license, death or removal of the physician in question, appearing in the office of said clerk. A copy from the Medical Register pertaining to any person whose license is registered therein, certified to by the district clerk having the custody of the said Medical Register, under the seal of the Court which he serves, shall be competent evidence in all trial courts and in hearings before the Texas State Board of Medical Examiners. The certificate of a district clerk under the seal of his office certifying that the person named in said certificate is not registered as a physician in the office of the district clerk shall also be prima facie evidence in all trial courts and in hearings conducted by the Texas State Board of Medical Examiners. As amended Acts 1953, 53rd Leg., p. 1029. ch. 426, § 2.

Art. 4499a. Loss or destruction of license; duplicate license

If any license issued under this Act shall be lost or destroyed, the holder of any such license may present his application for duplicate license to the Texas State Board of Medical Examiners, on a form to be prescribed by the Board, together with his affidavit of such loss or destruction, and that he is the same person to whom such license was issued, and other information concerning its loss or destruction as the Texas State Board of Medical Examiners shall require, and shall, upon payment of a fee of Ten Dollars ($10) be granted a duplicate license; provided further that the same fee as set forth above for duplicate licenses shall also apply to endorsements by the Board. Added Acts 1953, 53rd Leg., p. 1029, ch. 426, § 3.

Art. 4500. 5738 Reciprocal arrangements

The Texas State Board of Medical Examiners may, in its discretion, upon payment by an applicant of a fee of One Hundred Dollars ($100) grant a license to practice medicine to any reputable physician who is a citizen of the United States or has filed his declaration of intention to become a citizen, and who is a graduate of a reputable medical college, or who has qualified on examination for a certificate of medical qualification for a commission in the United States Army or Navy, and to licentiates of other State or Territories having requirements for medical registration and practice equal to those established by the laws of this State. Applications for license under the provisions of this Act shall be in writing, and upon a form prescribed by the Texas State Board of Medical Examiners. Said application shall be accompanied by a diploma or photograph thereof, awarded to the applicant by a reputable medical college, and in the case of an Army Officer or Naval Officer, a certified transcript, or a certificate, or license, or commission issued to the applicant by the Medical Corps of the United States Army or Navy, or by a license, or a certified copy of license to practice medicine, lawfully issued to the applicant, upon examination, by some other State or Territory of the United States; provided that the licensing board of such other State or Territory in its examination requires the same general degree of fitness required by this State and grants the same reciprocal privileges to persons licensed

by the Texas State Board of Medical Examiners of this State. Said application shall also be accompanied by an affidavit made by an executive officer of the United States Army or Navy, the President or Secretary of the Board of Medical Examiners which issued the license, or by a duly constituted registration officer of the State or Territory by which the certificate or license was granted, and on which the application for medical registration in Texas is based, reciting that the accompanying certificate or license has not been cancelled, suspended or revoked, except by honorable discharge from the Medical Corps of the United States Army or Navy, and that the statement of the qualifications made in the application for medical license in Texas is true and correct. Applicants for license under the provisions of this Act shall subscribe to an oath in writing before an officer authorized by law to administer oaths, which shall be a part of such application, stating that the license, certificate, or authority under which the applicant practiced medicine in the State or Territory from which the applicant removed, was at the time of such removal in full force and not cancelled or suspended or revoked. Said application shall also state that the applicant is the identical person to whom the said certificate, license, or commission, and the said medical diploma were issued, and that no proceeding has been instituted against the applicant for the cancellation, suspension or revocation of such certificate, license, or authority to practice medicine in the State or Territory in which the same was issued; and that no prosecution is pending against the applicant in any State or Federal Court for any offense which under the laws of the State of Texas is a felony. A reputable physician under the meaning of this Act shall be one who would be eligible for examination by the Texas State Board of Medical Examiners. A reputable medical college within the meaning of this Act shall be such as is defined in Article 4501 of the Revised Civil Statutes of Texas of 1925, as amended. It is provided, however, that the Board may, in its discretion, grant a license to any reputable physician of another State or Territory, who graduated prior to 1907 from a medical college which at the time of his graduation required only three (3) courses of instruction of not less than six (6) months each for attainment of its diploma, or the Degree of Doctor of Medicine, and which, at the time of his graduation, was generally recognized by the medical examining boards of the States or Territories as maintaining entrance requirements and courses of instruction equal to those maintained by the then better class of medical schools of the United States; provided that the provisions of all other laws of this State are complied with, including a certificate from the State Board of Examiners in the Basic Sciences. As amended Acts 1953, 53rd Leg., p. 1029, ch. 426, § 4.

Art. 4501. 5739 Examination

All applicants for license to practice medicine in this State not otherwise licensed under the provisions of law must successfully pass an examination by the Texas State Board of Medical Examiners. The Texas State Board of Medical Examiners is authorized to adopt and enforce rules of procedure not inconsistent with the statutory requirements. An applicant, to be eligible for examination, must be a citizen of the United States, or has filed his declaration of intention to become a citizen, and must present satisfactory proof to the Board that he is at least twenty-one (21) years of age, of good moral character, who has completed sixty (60) semester hours of college courses other than in medical school, which courses would be acceptable, at the time of completing same, to the University of Texas for credit on a Bachelor of Arts Degree or a Bachelor

CHAPTER FIVE—RATING AND POLICY FORMS

SUBCHAPTER A. MOTOR VEHICLE OR AUTOMOBILE INSURANCE

Art. 5.01. Fixing Rate of Automobile Insurance

Every insurance company, corporation, interinsurance exchange, mutual, reciprocal, association, Lloyd's or other insurer, hereinafter called insurer, writing any form of motor vehicle insurance in this State, shall annually file with the Board of Insurance Commissioners, hereinafter called Board, on forms prescribed by the Board, a report showing its premiums and losses on each classification of motor vehicle risks written in this State.

The Board shall have the sole and exclusive power and authority, and it shall be its duty to determine, fix, prescribe, and promulgate just, reasonable and adequate rates of premiums to be charged and collected by all insurers writing any form of insurance on motor vehicles in this State, including fleet or other rating plans designed to discourage losses from fire and theft and similar hazards and any rating plans designed to encourage the prevention of accidents. In promulgating any such rating plans the Board shall give due consideration to the peculiar hazards and experience of individual risks, past and prospective, within and outside the State and to all other relevant factors, within and outside the State. The Board shall have the authority also to alter or amend any and all of such rates of premiums so fixed and determined and adopted by it, and to raise or lower the same or any part thereof.

Said Board shall have authority to employ clerical help, inspectors, experts, and other assistants, and to incur such other expenses as may be necessary in carrying out the provisions of this law; provided, however, that the number of employees and salary of each shall be fixed in the General Appropriation Bill passed by the Legislature. The Board shall ascertain as soon as practicable the annual insurance losses incurred under all policies on motor vehicles in this State, make and maintain a record thereof, and collect such data as will enable said Board to classify the various motor vehicles of the State according to the risk and usage made thereof, and to classify and assign the losses according to the various classes of risks to which they are applicable; the Board shall also ascertain the amount of premiums on all such policies for each class of risks, and maintain a permanent record thereof in such manner as will aid in determining just, reasonable and adequate rates of premiums.

Motor vehicle or automobile insurance as referred to in this subchapter shall be taken and construed to mean every form of insurance on any automobile or other vehicle hereinafter enumerated and its operating equipment or necessitated by reason of the liability imposed by law for damages arising out of the ownership, operation, maintenance, or use in this State of any automobile, motorcycle, motorbicycle, truck, truck-tractor, tractor, traction engine, or any other self-propelled vehicle, and

including also every vehicle, trailer or semi-trailer pulled or towed by a motor vehicle, but excluding every motor vehicle running only upon fixed rails or tracks. Workmen's Compensation Insurance is excluded from the foregoing definition. As amended Acts 1953, 53rd Leg., p. 64, ch. 50, § 2.

Emergency. Effective April 1, 1953.

Art. 5.04. Experience as Factor

To insure the adequacy and reasonableness of rates the Board may take into consideration past and prospective experience, within and outside the State, and all other relevant factors, within and outside the State, gathered from a territory sufficiently broad to include the varying conditions of the risks involved and the hazards and liabilities assumed, and over a period sufficiently long to insure that the rates determined therefrom shall be just, reasonable and adequate, and to that end the Board may consult any rate making organization or association that may now or hereafter exist. As amended Acts 1953, 53rd Leg., p. 64, ch. 50, § 3.

Emergency. Effective April 1, 1953.

Art. 5.05. Reports on Experience

(a) Recording and Reporting of Loss Experience and Other Data.

The Board shall, after due consideration, promulgate reasonable rules and statistical plans, which may be modified from time to time and which shall be used thereafter by each insurer in the recording and reporting of its loss experience and such other data as may be required, in order that the total loss and expense experience of all insurers may be made available at least biennially in such form and detail as may be necessary to aid in determining whether rates comply with the standards set forth in Article 5.04. In promulgating such rules and plans, the Board shall have due regard for the rates approved by it, and in order that such rules and plans may be as uniform as is practicable, to the rules and to the form of the plans used in other states. The Board may designate one or more rating organizations or other agencies to gather and compile such experience.

(b) Interchange of Rating Plan Data.

Reasonable rules and plans may be promulgated by the Board after due consideration, requiring the interchange of loss experience necessary for the application of rating plans.

(c) Consultation with other States.

In order to further uniform administration of rating laws, the Board and every insurer and rating organization may exchange information and experience data with insurance supervisory officials, insurers and rating organizations in other states and may consult and cooperate with them with respect to rate-making and the application of rating systems.

(d) The Commissioner is hereby authorized and empowered to require sworn statements from any insurer affected by this Act, showing its experience on any classification or classifications of risks and such other information which may be necessary or helpful in determining proper classification and rates or other duties or authority imposed by law. The Commissioner shall prescribe the necessary forms for such statements and reports, having due regard to the rules, methods and forms in use in other states for similar purposes in order that uniformity of statistics may not be disturbed. As amended Acts 1953, 53rd Leg., p. 64, ch. 50, § 4.

Emergency. Effective April 1, 1953.

Art. 5.09. Discriminations or Distinctions

No insurer coming within the terms of this subchapter shall, in its business in this State, make or permit any distinction or discrimination in favor of the insured having a like hazard, in the matter of the charge of premiums for insurance, or in dividends or other benefits payable under any policy, nor shall any such insurer or agent make any contract of insurance, or agreement as to such insurance, other than expressed in the policy, nor shall any such insurer or its agents or representatives pay, allow or give, or offer to pay, allow or give, directly or indirectly, as an inducement to insured, any rebate payable upon the policy or any special favor or advantage in dividends or other benefits to accrue, or anything of value whatsoever, not specified in the policy; provided that nothing in this subchapter shall be construed to prohibit the modification of rates by rating plans designed to encourage the prevention of accidents, and to take account of the peculiar hazards and experience of individual risks, past and prospective, within and outside the State, and of all other relevant factors, within and outside the State, provided such plan shall have been approved by the Board. As amended Acts 1953, 53rd Leg., p. 64, ch. 50, § 5.

Upon receipt of request that such hearing is desired, the Board shall forthwith set a date for the hearing, at the same time notifying all interested parties in writing of the place and date thereof, which date, unless otherwise agreed to by the parties at interest, shall not be less than ten (10) nor more than thirty (30) days after the date of said notice. Any party aggrieved shall have the right to apply to any court of competent jurisdiction to obtain redress.

No hearing shall suspend the operation of any classification, rate, rating plan or policy form unless the Board shall so order. As amended Acts 1953, 53rd Leg., p. 64, ch. 50, § 6.

To insure the adequacy and reasonableness of rates, the Board shall take into consideration the experience, past and prospective, within and outside the State, and all other relevant factors, within and outside the State, gathered from a territory sufficiently broad to include the varying conditions of the industries in which the classifications are involved, and over a period sufficiently long to insure that the rates determined therefrom shall be just, reasonable, and adequate rates. G. WORKMEN'S COMPENSATION AND LONGSHOREMEN'S AND HARBOR WORKERS' COMPENSATION INSURANCE

Art. 5.76. Prevention of Injuries and Assignment of Rejected Risks

(a) The words "company" and "association" used in this Sub-chapter shall mean the Texas Employers' Insurance Association, or any stock company, or any mutual company, or any reciprocal, or any inter-insurance exchange, or Lloyds association authorized to write Workmen's Compensation and/or Longshoremen's and Harbor Workers' Compensation Insurance in this State. The words "Board" shall mean the Board of Insurance Commissioners of this State.

(b) For the purpose of carrying into effect the provisions of this Article, and with the approval of the Board, there shall be organized and maintained in this State, by insurance companies and associations as defined herein, an Administrative Agency to be known as "The Texas Workmen's Compensation Assigned Risk Pool" (hereinafter referred to as "Agency"), and every such company and association shall be a member of the Agency. Provided, that any company or association not engaged in writing such insurance for members of the public generally shall, upon being so certified by the Board and under such conditions and for such time as the Board may determine, be exempt from the provisions of this Article during the period of any such certification.

(c) It shall be the duty of companies and associations, members of the Agency established pursuant to paragraph (b) of this Article, to provide insurance, in the manner herein provided, for any risk under the Workmen's Compensation Law of Texas [1] and/or the Longshoremen's and

Harbor Workers' Compensation Act,[2] which risk shall have been tendered to and rejected by any member of said Agency. From and after the date the rules made and adopted under paragraph (e) have been approved by the Board the procedures and remedies established under this Article shall be the sole and exclusive procedure and remedies, either at law or in equity, of any applicant for such insurance whose insurance has been rejected or cancelled by any company or association.

(d) When any such rejected risk is called to the attention of said Agency and it appears that said risk is in good faith entitled to insurance, said Agency shall calculate the deposit premium therefor in accordance with the classifications and rates promulgated by the Board and upon payment thereof, the Agency shall designate a member whose duty it shall be to issue a policy on such form and for such limits of liability as shall be prescribed by the Board as provided in paragraph (g) of this Article, but the undertakings of said policy shall be entirely reinsured by all members of said Agency, and the liability of the member issuing said policy shall be limited to its liability as a reinsurer. On all such policies all members of said Agency shall be reinsurers as among themselves in proportion to the amount which the premiums on such insurance written in this State during the preceding calendar year by such member bears to the total such premiums written in this State during the preceding calendar year by all members of said Agency, and each said policy may be endorsed to reflect the plan of reinsurance hereinabove provided.

(e) The Agency shall make and adopt such rules as may be necessary to carry this Article into effect, subject to the approval of the Board.

(f) As a prerequisite to the writing of such insurance in this State every company and association, members of the Agency established pursuant to paragraph (b) of this Article, shall file with the Board written authority permitting said Agency to act in its behalf, as provided in this Article.

(g) The Board, in addition to the provisions prescribed by Subchapter (d) is hereby authorized and empowered to determine, fix, prescribe, promulgate, change, or amend policy forms, endorsements, rates, rating plans or minimum premiums normally applicable to a risk so as to apply to any and every risk assigned by said Agency such policy forms, endorsements, rates, rating plans and minimum premiums as are commensurate with the greater hazard of the risk, considering in connection therewith, the experience, physical or other conditions of such risk. In promulgating a rate or rates for any risk or risks assigned by said Agency the Board shall give due consideration to an appropriate allowable for losses, claims expense, audit expenses, taxes, general administration expense, acquisition expense, inspection expense, an allowance for profit and contingencies, and any other relevant factors in connection with insuring and servicing such risk or risks.

(h) Any company or association may make and enforce reasonable rules for the prevention of injuries to employees of its policyholders or applicants for insurance under the Workmen's Compensation Act. For this purpose, representatives of any such company or association, and representatives of the Board, shall be granted free access to the premises of each such policyholder or applicant during regular working hours. Failure or refusal by any such policyholder or applicant to comply with any such reasonable rule for the prevention of injuries as shall be prescribed by the Agency, together with such other relevant factors, shall determine the issue of whether said policyholder or applicant in good faith is entitled to such insurance. Any policyholder or applicant ag-

grieved by any such rule for the prevention of injuries may, within thirty (30) days after notice of such rule, petition the Board for a review, and the Board, upon a hearing held after notice and in conformity with Article 5.65 of this Code, shall affirm, modify or annul such rule. Added Acts 1953, 53rd Leg., p. 716, ch. 279, § 1.

Section 4 of the Act of 1953 repealed section 18 of Article 8308. Section 5 repealed all inconsistent laws or parts of laws. Section 6 provided that partial invalidity should not affect words, etc., not held invalid. Section 7 provided that the Act should take effect July 1, 1953.

SUBCHAPTER H. PREMIUM RATING PLANS

Art. 5.77.[1] Premium Rating Plans; Powers of Board

The Board of Insurance Commissioners is hereby authorized and empowered to make or approve and promulgate premium rating plans designed to encourage the prevention of accidents, to recognize the peculiar hazards of individual risks and to give due consideration to interstate as well as intrastate experience of such risks for Workmen's Compensation, Motor Vehicle and other lines of Casualty Insurance to be applicable separately for each class of insurance, or in combination of two or more of such classes. Such plans may be approved on an optional basis to apply prospectively, or retrospectively and may include premium discount plans, retrospective rating plans or other systems, plans or formulas, however named, if the rates thereby provided are not excessive, inadequate or unfairly discriminatory. The Board shall also have authority to make or approve and promulgate such reasonable rules and regulations as may be necessary, not in conflict with provisions of this Act. Acts 1953, 53rd Leg., p. 64, ch. 50, § 1.

1 Not enacted as part of the Insurance Code.

Emergency. Effective April 1, 1953.

Sections 11 and 11A of the amendatory Act of 1953 read as follows:

"Sec. 11. This Act shall be cumulative of existing laws but in the event of conflict between the provisions of this Act and the provisions of any existing law, the provisions of this Act shall prevail, and all laws, or parts of laws, in conflict with the provisions of this Act are hereby repealed to the extent of such conflict.

"Sec. 11A. Nothing in this Act shall be construed to affect in any way any pending litigation."

Art. 5.78 [1] Consideration of All Relevant Factors

Before the Board of Insurance Commissioners approves class rates or rating plans, due consideration shall be given to all relevant factors to the end [2] that no unfair discrimination shall exist in class rates or rating plans as they may affect risks of various size. Acts 1953, 53rd Leg., p. 64, ch. 50, § 1a.

CHAPTER ELEVEN—MUTUAL LIFE INSURANCE COMPANIES

Art. 11.02. Certificate of Authority

If the Attorney General approves such articles of incorporation, he shall so certify thereon in writing and return them to the Board of Insurance Commissioners, which shall file the same in its office.

The Board shall thereupon immediately make, or cause to be made, at the expense of the company, a full and thorough examination thereof. If it finds that the company has complied with all applicable laws and is possessed of surplus of not less than Twenty-five Thousand ($25,000.00) Dollars paid in by one or more of the directors named in the charter under the conditions specified in Article 11.16 of this code, and that such surplus is in the custody of the officers, either in cash or securities of the class in which such companies are authorized to invest or loan their funds, it shall issue to such company a certificate of authority to transact a life, health or accident insurance business within this State as such officers may apply for and as may be authorized by its charter issued pursuant to Article 11.10 of this Chapter; which certificate shall be issued for a period of not more than fifteen (15) months and not extending more than ninety (90) days beyond the last day of February next after the date of its issuance, on which date such certificate shall expire by its terms unless revoked or suspended according to law. The foregoing requirement as to surplus shall not affect or apply to mutual assessment companies or associations which may convert to mutual legal reserve companies under the provisions of Article 11.10 of the Insurance Code as amended by this Act, and such companies shall continue to be governed by said Article 11.10 as so amended. No original or first certificate of authority shall be granted, except in conformity herewith. Provided further, that all insurance over One Thousand ($1,000.00) Dollars on each or any life shall be re-insured so long as the surplus above provided shall be between Twenty-five Thousand ($25,000.00) Dollars and Fifty Thousand ($50,000.00) Dollars; and further provided, that all insurance over and above Five Thousand ($5,000.00) Dollars on each and every life shall be re-insured when said surplus shall be between Fifty Thousand ($50,000.00) Dollars and One Hundred Thousand ($100,000.00) Dollars; and after said surplus passes One Hundred Thousand ($100,000.00) Dollars, no re-insurance shall be required.

Section 1aa. All companies in existence now shall increase their surplus to Twenty-five Thousand ($25,000.00) Dollars within the next five (5) years. As amended Acts 1953, 53rd Leg., p. 1010, ch. 415, § 1.

Effective 90 days after May 27, 1953, date of adjournment.

Sections 5 and 6 of the Act of 1953 read as follows:

"Sec. 5. The foregoing amendments to Articles 11.02, 11.10, 11.12, and 11.17, shall not apply to or affect any company now doing business under the laws amended, and such companies shall continue to be governed by the regulatory provisions of the laws in effect immediately prior to these amendments.

"Sec. 6. If any section or portion of section of this Act shall for any reason be declared invalid by a court of competent jurisdiction, such adjudication shall not affect the validity of any other section or portion of section of this Act."

Art. 11.10. Mutual Assessment Companies May Convert

Mutual assessment companies and associations organized and operating under the laws of this State on May 17, 1943, which desire to convert to mutual legal reserve companies and qualify under Chapter Eleven of the Insurance Code shall be subject to the following surplus and contingency reserve requirements:

A minimum of Five Thousand ($5,000.00) Dollars for each One Million ($1,000,000.00) Dollars or less of insurance in force and an additional Two Thousand, Five Hundred ($2,500.00) Dollars for each additional One Million ($1,000,000.00) Dollars of insurance in force, with a maximum of Fifty Thousand ($50,000.00) Dollars.

And further provided that such converted mutual assessment associations shall within five (5) years from the date of conversion bring the maximum surplus and contingency reserve to Five Thousand ($5,000.00) Dollars for each One Million ($1,000,000.00) Dollars of insurance in force, with a maximum surplus and contingency reserve requirement in all cases of Twenty-five Thousand ($25,000.00) Dollars, such increase to be at the rate of at least twenty (20%) per cent each year from such conversion date; provided, however, that the Board of Insurance Commissioners shall have the discretion to extend the time for such increase.

Providing further, that nothing in this article or in the provisions of this chapter or Chapter 3 of this code shall ever be construed to mean that any of the associations or similar concerns, by whatsoever name or class designated, whether specifically named herein or not, shall be required by the Board of Insurance Commissioners to make the change herein provided for unless they voluntarily decide to do so, and that this article is purely permissive and if such associations do not so voluntarily decide to come under this Chapter, then this Chapter shall not in any way apply to such associations. As amended Acts 1953, 53rd Leg., p. 1010, ch. 415, § 2.

Art. 11.12. Surplus and Dividends

Each such company shall make an annual accounting and apportionment of divisible surplus to each policyholder, beginning not later than the end of the second policy year on all policies issued; and each such policyholder shall be entitled to and credited with or paid such portion of the entire divisible surplus as may be equitably apportioned to his policy. Upon the 31st day of December of each year, or as soon thereafter as may be practicable, each such company shall truly ascertain the surplus earned by it during such year; and after setting aside from such surplus such portion thereof as the Board of Insurance Commissioners may approve for retirement of any unpaid advances theretofore made pursuant to Article 11.16 of this chapter and after deducting the contingency reserve provided for in this chapter, it shall apportion to each of its policies upon which all premiums due and payable for at least two (2) years have been paid, an equitable proportion of the remainder of such surplus, and shall immediately submit a detailed report of such apportionment under oath of its president or secretary to the Board of Insurance Commissioners. If such Board shall find such apportionment to be equitable and just to the policyholders and in accordance with the provisions of this chapter, it shall approve the same, and it shall become effective. If it shall not approve such apportionment, it shall make such changes therein as it shall deem equitable and just and necessary to make the same comply with the provisions of this chapter, and shall certify such changes to such company, whereupon such apportionment as changed by such Board shall become effective. Each dividend declared as aforesaid shall be paid in cash, or in the equivalent of its cash value in any option stated in the policy and selected by the policyholder, notice of which selection by the policyholder shall be given to the company in writing. It is provided, however, that no converted mutual assessment company or association shall be required to pay dividends to policyholders until the maximum surplus and contin-

gency reserve requirements have been met by the converted mutual assessment company or association. As amended Acts 1953, 53rd Leg., p. 1010, ch. 415, § 3.

Art. 11.17. Liabilities

At any time when the assets of any such company shall be in excess of its liabilities, computing its reserve liability upon the mortality tables and the interest rates specified in its policy contracts, by less than One Hundred Thousand ($100,000.00) Dollars surplus required by the provisions of Article 11.02, the company shall cease the issuance of new policies until the impairment of such surplus shall be made good. It is the purpose and intention of this, and related sections, to require such companies to keep and maintain unimpaired at all times a minimum of One Hundred Thousand ($100,000.00) Dollars in free surplus. The foregoing requirement as to surplus shall not affect or apply to mutual assessment companies or associations which may convert to mutual legal reserve companies under the provisions of Article 11.10 of the Insurance Code as amended by this Act, and such companies shall continue to be governed by said Article 11.10 as so amended.

Whenever the liabilities of any mutual legal reserve company, computing its reserve liability upon the mortality tables and interest rates specified in its policy contracts, exceeds its assets, the Board of Insurance Commissioners may request the Attorney General to file suit in the name of the State in the District Court of the county in which such company is located, for the appointment of a receiver to terminate and liquidate the affairs of the company, and such action may be maintained. In any such action, such District Court, or the Judge thereof, in vacation, shall have the power, if in his opinion the interests of the policyholders of the company require it, to enter an order for the reinsurance of all outstanding risks of such company in some other life insurance company authorized to do business in this State upon such terms and conditions as may be approved by the Board of Insurance Commissioners, and by such court, or the Judge thereof, in vacation, and such court or Judge may for that purpose direct the conveyance of the entire assets of any such company, or any portion thereof, to such reinsuring company in consideration of such reinsurance. As amended Acts 1953, 53rd Leg., p. 1010, ch. 415, § 4.

CHAPTER SIXTEEN—FARM MUTUAL INSURANCE COMPANIES

Art. 16.06. Conditions of Incorporation

organized; or (c) anywhere in Texas if its reserve fund exceeds the sum of Fifty Thousand ($50,000.00) Dollars in cash or securities in which the reserve fund of stock fire insurance companies may be invested; provided, however, that the provisions of this amendatory article shall not apply to any farm mutual insurance company now organized and operating in Texas and that as to all such farm mutual insurance companies now organized and operating, the provisions of the present Article 16.07 of Chapter 16 of the Insurance Code shall remain in full force and unaffected by the provisions of this amendatory Act. As amended Acts 1953, 53rd Leg., p. 1020, ch. 421, § 2.

Art. 16.11. By-Laws

(a) The by-laws shall state the time and manner of the levy and payment of all premiums or assessments for all insurance written by the company.

(b) They shall also fix the liability of the policyholders for all losses accrued while the policies are in force in addition to the regular premium or assessments for the same and the time and manner of the payment of such liability; provided that the amount of such contingent liability shall never be less than One ($1.00) Dollar for each One Hundred ($100.00) Dollars of insurance in such policy.

(c) Farm mutual companies may adopt all rules, regulations, provisions and requirements contained in the standard policies of companies writing fire or windstorm insurance as promulgated from time to time by the Board of Insurance Commissioners, insofar as they are applicable to farm mutual insurance companies, as a part of their by-laws and contracts of insurance, which adoption shall be evidenced either by statement to that effect in the by-laws or in the policies.

(d) The by-laws may also provide that when a loss occurs, the companies may, at their option, provide and require that all or a certain per cent of the money to be paid for the loss be put back into a replacement or repair of the property damaged or destroyed, provided such provision may be equally made applicable to real and personal property and property exempt from execution such as homesteads or buildings on the homestead and exempt personal property. Provided also, that farm mutual companies may in their by-laws provide that the requirements of Article 6.13 of this Code shall not be applicable to their contracts of insurance. As amended Acts 1953, 53rd Leg., p. 1020, ch. 421, § 3.

CHAPTER SEVENTEEN—COUNTY MUTUAL INSURANCE COMPANIES

Art. 17.05. Conditions of Incorporation

Before a charter shall be granted a county mutual insurance company, the incorporators must have on hand:

(a) Not less than twenty-five (25) applications in writing for insurance on not less than one hundred (100) separate risks; provided that no one risk shall be for more than one (1%) per cent of the total amount of insurance applied for in the new company, and that a separate risk shall be one or more items of real or personal property which is not exposed to any other property on which insurance is applied for in the new company;

(b) Not less than One ($1.00) Dollar for each One Hundred ($100.00) Dollars of insurance applied for at the time of incorporation, in cash or securities in which the reserve funds may be invested;

(c) Not less than Ten Thousand ($10,000.00) Dollars in free surplus which shall be in cash or securities in which its reserve funds may be invested, if the company is organized to write insurance locally in the county of its domicile and any adjoining counties; if such company is organized to write insurance in any county within this State, its surplus requirement as provided herein shall be Twenty-Five Thousand ($25,000.00) Dollars in cash or securities in which its reserve funds may be invested; and

(d) Said application for charter shall also be accompanied by a copy of the by-laws of the company, and the bond of the secretary or manager of the same in such sum and conditioned as the Board may determine.

When the foregoing requirements have been complied with to the satisfaction of the Board of Insurance Commissioners, the Board, upon the payment of a fee of Fifty ($50.00) Dollars, shall issue such company a charter to do business as an incorporated company. As amended Acts 1953, 53rd Leg., p. 540, ch. 196, § 1.

Emergency. Effective May 22, 1953.

Section 10 of the amendatory Act of 1953 provided that partial invalidity should not affect the validity of other portions of the Act.

Art. 17.06. By-Laws; Additional Provisions

The by-laws shall state the time and manner of the levy and payment of all premiums or assessments for all insurance written by the company.

They shall also fix the liability of the policyholders for all losses accrued while the policies are in force, in addition to the regular premium or assessments for the same and the time and manner of the payment of such liability; the amount of such liability shall never be less than One ($1.00) Dollar for each One Hundred ($100.00) Dollars of insurance in such policy. Such by-laws shall provide that the regular premium specified in the policy contract on all forms of insurance shall constitute the policyholders' entire liability while, but only while, the company is possessed of assets in the sum sufficient to discharge all liabilities including reserves required by Article 17.11.

County mutual companies may adopt all rules, regulations, provisions and requirements contained in the standard policies of companies writing fire, gas explosion, lightning, windstorm or hail insurance as promulgated from time to time by the Board of Insurance Commissioners of the State of Texas insofar as they are applicable to county mutual insurance companies, as a part of their by-laws and contracts of insurance, which adoption shall be evidenced either by statement to that effect in the by-laws or in the policies.

The by-laws may also provide that when a loss occurs, the companies may at their option provide and require that all or a certain per cent of the money to be paid for the loss be put back into a replacement or repair of the property damaged or destroyed, provided such provision may be equally made applicable to real and personal property and property exempt from execution, such as homesteads or buildings on the homestead and exempt personal property. County mutual companies may in

their by-laws provide that the requirements of Article 6.13 of this code shall not be applicable to their contracts of insurance. As amended Acts 1953, 53rd Leg., p. 540, ch. 196, § 2.

Art. 17.11. Financial Requirements

There shall be maintained at all times such reserves as the laws of this State or the lawful regulations of the Board of Insurance Commissioners now or hereafter require to be maintained by stock fire insurance companies.

There shall be maintained at all times assets in the sum sufficient to discharge all liabilities, including reserves, and to provide a surplus over all liabilities, including reserves of not less than Ten Thousand ($10,000.00) Dollars if the company is operating locally in the county of its organization or adjoining counties, and not less than Twenty-Five Thousand ($25,000.00) Dollars if the company is operating on a statewide basis. Such reserves and surplus shall be maintained in cash or securities of the kind in which stock fire insurance companies are authorized by law to invest or lend their reserve funds.

Any county mutual insurance company whose surplus as herein required shall be less than such minimum requirements, shall cease issuance of new policies until such minimum surplus is restored either by profits from operation or by contributions to such surplus made in the manner provided in Article 17.17. As amended Acts 1953, 53rd Leg., p. 540, ch. 196, § 3.

Art. 17.16. Location of Business

A county mutual insurance company possessed of Ten Thousand ($10,000.00) Dollars or more in surplus, as provided in Article 17.11, may write insurance in any county adjoining the county in and for which it is organized; and such company possessing as much as Twenty-five Thousand ($25,000.00) Dollars in such surplus may write insurance anywhere within this State. As amended Acts 1953, 53rd Leg., p. 540, ch. 196, § 4.

Art. 17.17. Advancements to the Company

One or more of the policyholders of the company may advance to the company such funds as are necessary for the purposes of its business or to enable it to comply with any requirement of this Chapter, including the surplus requirement of Article 17.11, and such moneys and interest thereon as may have been agreed upon, not exceeding ten (10%) per cent per annum, shall be payable, subject to the approval of the Board of Insurance Commissioners, only out of the surplus remaining, after providing for all reserves, other liabilities and required surplus, and shall not otherwise be a liability or claim against the company or any of its assets. No commission or promotion expense, or other bonus, shall be paid in connection with the advance of any such money to the company, and the amount of all such advances shall be reported in each annual statement. As amended Acts 1953, 53rd Leg., p. 540, ch. 196, § 5.

Art. 17.25. County Mutual Insurance Companies

Sec. 4. Deposit.—Each such company shall place with the State Treasurer through the Board of Insurance Commissioners a deposit equal to the largest amount assumed on any one risk, or upon a showing or reinsurance acceptable to the Board, the largest amount retained on any

one risk after re-insurance, which deposit may be in cash or in convertible securities subject to approval of the Board. Such deposit shall be liable for the payment of all judgments against the company, and subject to a garnishment after final judgment against the company. When such deposit becomes impounded or depleted it shall at once be replenished immediately on demand by the Board, or the company may be regarded as insolvent.

When any company shall desire to state in advertisements, letters, literature or otherwise, that it has made a deposit with the Board as required by law, it must also state in full the purpose of the deposit, the conditions under which it is made, and the exact amount and character thereof. As amended Acts 1953, 53rd Leg., p. 540, ch. 196, § 6.

Sec. 7. **Organizers' Permit.**—The Board shall make investigation of the individuals who shall make application for a charter under and in the manner provided by Article 17.03. When the Board shall be satisfied that the organizers are responsible persons and of the probability that the territory to be served can support such company, that the articles of association, constitution, by-laws, and certificates are in proper form as prescribed by this Article and so worded as not to be misleading to the policyholders and the public, that the statutory deposit has been posted in the required amount, that the company is possessed of the minimum reserve requirement set out in Article 17.11, and the bond shall have been approved, it shall issue a permit to the organizers authorizing them to solicit applications for insurance as provided under Article 17.05. As amended Acts 1953, 53rd Leg., p. 540, ch. 196, § 7.

Sec. 9. **Agents' License.**—Such company shall also file with the Board, and secure license for, each of its agents, or solicitors, upon payment of license fee of Two ($2.00) Dollars for each agent or solicitor, under the provisions of Article 21.07 of this Code. As amended Acts 1953, 53rd Leg., p. 540, ch. 196, § 8.

Sec. 22. **Existing Companies; Compliance with Law.**—All county mutual insurance companies operating under the provisions of Chapter 17 of this code as enacted in Senate Bill No. 236, 52nd Legislature, and licensed by the Board at the effective date of this Article, shall have until May 31, 1954 to comply with the requirements of this Act. Any such company which shall fail to so comply shall not thereafter write new business or issue new policies until such requirements are met. Any company failing to qualify may continue under the Articles amended by this Act insofar as business on its books at May 31, 1954 is concerned, and may be so licensed; but no county mutual insurance company shall ever write new business or issue new policies after May 31, 1954 until the requirements of Chapter 17 of this code as amended herein are complied with; provided, however, that the provisions of this Act shall not apply to any county mutual insurance company now organized and operating as a county mutual fire insurance company whose business is devoted exclusively to the writing of industrial fire insurance policies covering dwellings, household goods and wearing apparel on a weekly, monthly or quarterly basis on a continuous premium payment plan.

Provided further, that this exemption shall apply only so long as said companies are engaged exclusively in the writing of such industrial fire insurance policies. Added Acts 1953, 53rd Leg., p. 540, ch. 196, § 9.

CHAPTER FOURTEEN—UNEMPLOYMENT COMPENSATION

Art. 5221b—5. Contributions

(c) Experience Rating: * * *

(7) If, subsequent to the twenty-seventh day of October, 1936, an employing unit becomes an employer under the terms of subsection 19 (f) (2) of this Act,[1] or acquires a part of the organization, trade or business of an employer, such acquiring successor employing unit and such predecessor employer may jointly make written application to the Commission for that compensation experience of such predecessor employer which is attributable to the organization, trade or business or the part thereof acquired to be treated as compensation experience of such successor employing unit. The Commission shall approve such application if it finds that: (i) immediately after such acquisition the successor employing unit continued operation of substantially the same organization, trade or business or part thereof acquired; and (ii) the predecessor employer has waived, in writing, all his rights to an experience rating based on the compensation experience attributable to the organization, trade or business or part thereof acquired by the successor employing unit; and (iii) in the event of the acquisition of only a part of a predecessor employer's organization, trade or business, such acquisition was of a part to which a definitely identifiable and segregable part of the predecessor's compensation experience was and is attributable; and (iv) if the successor employing unit was not an employer at the time of the acquisition, such successor has elected to become an employer as of the date of the acquisition or has otherwise become an employer during the year in which the acquisition took place.

If the application for transfer of experience is approved and the successor employing unit was an employer immediately prior to the acquisition, such successor shall pay contributions from the date of the acquisition until the end of the calendar year in which the acquisition occurred at the rate applicable to the successor on the date of the acquisition. If such application is approved and the successor employing unit was not an employer immediately prior to the date of the acquisition, such successor shall pay contributions from the date of the acquisition until the end of the calendar year in which the acquisition occurred at the highest rate applicable at the time of the acquisition to any predecessor employer who was a party to the acquisition with respect to which the joint application was made.

In the event the acquisition is the result of the death of the predecessor employer, the requirements of this subsection relating to the necessity for the predecessor to join in the application and the requirements of condition (ii) hereof shall not apply.

"Compensation experience," as used in this subsection includes duration of chargeability with benefit wages as well as all factors mentioned in subsection 7 (c) of this Section necessary to the computation of experience rating under subsection 7 (c) of this Section. As amended Acts 1949, 51st Leg., p. 283, ch. 148, § 5D; Acts 1953, 53rd Leg., p. 47, ch. 38, § 1.

1 Article 5221b—17.

Sections 2 to 4 of the Act of 1953 read as follows:

"Sec. 2. The provisions of this Act shall repeal all parts of the Texas Unemployment Compensation Act, as amended, in conflict herewith, and all laws or parts of laws in conflict herewith.

"Sec. 3. If any word, phrase, sentence, paragraph, section or subsection of this Act shall be held invalid or unconstitutional, such holding shall not invalidate any other word, phrase, sentence, paragraph, section or subsection hereof; and the Legislature hereby expressly declares that it would have passed the remaining portions of this Act despite such invalidity.

"Sec. 4. The fact that said existing Subsection 7 (c) (7) provides an arbitrary date which is inequitable and has been construed contrary to the intention of the Legislature and the fact that it was the intention of the Legislature by the enactment of said Subsection 7 (c) (7) to correct the erroneous and inequitable construction placed upon the Subsection amended and the fact that the Legislature has intended since the date of the enactment of the Texas Unemployment Compensation Act in 1936 that two corporations, partnerships or other entities could succeed to the compensation experience of the single predecessor entity, whether before or after June Thirtieth, 1949, and the fact that under present law the Commission is required to demand that many employers pay unemployment taxes at rates many times higher than the rates to which they would be entitled in the absence of the requirement that their applications for transfer of compensation experience be received by the Commission within one hundred eighty (180) days following the date of the acquisition constitutes an inequity which should be immediately corrected and creates an emergency and an imperative public necessity requiring that the Constitutional Rule requiring bills to be read on three several days in each House be suspended, and the same is hereby suspended, and this Act shall be in full force and effect from and after the date of its passage, and it is so enacted."

Section 1. Each valid and subsisting mineral lease of oil and gas heretofore issued by the Commissioner of the General Land Office of Texas covering rivers, channels, unsold school lands, both surveyed and unsurveyed, or any area within tidewater limits, including islands, lakes, salt water lakes, bays, inlets, marshes, the bed of the sea, and that portion of the Gulf of Mexico now or hereafter within the jurisdiction of the State of Texas, shall be amended by the Commissioner of the General Land Office by instrument in writing, upon application of lessee, to provide, and each such lease issued hereafter shall provide:

(a) That in the event production of oil or gas on the leased premises after once obtained shall cease from any cause at the expiration of the primary term thereof or at any time or times thereafter, such lease shall not terminate if the lessee commences additional drilling or reworking operations within sixty (60) days thereafter, and such lease shall remain in full force and effect so long as such operations continue in good faith and in workmanlike manner, without interruptions, totaling more than sixty (60) days during any one such operation; and if such drilling or reworking operations result in the production of oil or gas, such lease shall remain in full force and effect so long as oil or gas is produced therefrom in paying quantities or payment of shut-in gas well royalties or compensatory royalties is made as hereafter provided in this Act or as provided elsewhere in the statutes of the State of Texas;

(b) That if at the expiration of the primary term or at any time thereafter there is located on the leased premises a well or wells capable of producing gas in paying quantities and such gas is not produced for lack of a suitable market and such lease is not being otherwise maintained in force and effect, the lessee may pay as royalty a sum of money equal to double the annual rental provided for in such lease, but in no event to be less than Twelve Hundred ($1200.00) Dollars per annum for each well capable of producing gas in paying quantities, such payment to be made prior to the expiration of the primary term of the lease, or, if the primary term has expired, within sixty (60) days after the lessee ceases to produce gas from such well; and if such payment is made, the lease shall be considered to be a producing lease and such shut-in gas well royalty payment shall extend the term of the lease for a period of one (1) year from the end of the primary term or from the first day of the month next succeeding the month in which production ceased; and thereafter if no suitable market for such gas exists, the lessee may extend the lease for four (4) additional and successive periods of one (1) year each by the payment of a like sum of money each year on or before the expiration of the extended term. Provided, however, that if, while such lease is being maintained in force and effect by payment of such shut-in gas well royalty, gas should be sold and delivered in paying quantities from a well situated within one thousand (1,000) feet of the leased premises and completed in the same producing reservoir or in any case where drainage is occurring, the right to further extend the lease by such shut-in gas well royalty payments shall cease but such lease shall remain in force and effect for the remainder of the current one (1) year period for which the shut-in gas well royalty has been paid, and for an additional period not to exceed five (5) years from the expiration of the primary term by payment by the lessee of compensatory royalty, at the royalty rate provided for in such lease, of the value at the well of production from the well completed in the same producing reservoir from which gas is being sold and delivered and which is situated within one thousand (1,000) feet of, or draining, the leased premises on which such shut-in gas well is situated, such compensatory royalty to be paid monthly to the Commissioner of the General Land Office beginning on or before the 20th day of the month next succeeding the month in which such gas is sold and delivered from the well situated within one thousand (1,000) feet of, or draining, the leased premises and completed in the same producing reservoir; provided further, that in the event such compensatory royalties paid in any twelve (12) month period are in a sum less than the annual shut-in gas well royalties provided for in this section, lessee shall pay a sum of money equal to the difference within thirty (30) days from the end of such twelve (12) month period; provided fur-

Section 1. Cities and towns chartered or organized under the General Laws of Texas, or by special act or charter, are hereby authorized to insert in any oil and gas lease or in any oil, gas and mineral lease executed by them in accordance with existing law, a provision which authorizes the lessee to pool the lease, the lands or minerals included in it, or any part thereof, with any other lands, leases, mineral estates, or parts thereof, to form a drilling or spacing unit or units for the exploration, development, and production of oil or gas; and which authorizes the lessee to form such units and accomplish such pooling by written designations filed in the county in which the land is situated. With respect to any lands owned by any such city or town, the drilling or spacing units shall not exceed the minimum number of acres upon which an oil or gas well must be located in order to comply with the rules, regulations, or orders of the Railroad Commission of Texas or any other regulatory body, State or Federal, having authority to control or regulate the spacing of such oil or gas wells. Any such lease may further provide in substance: (1) that the entire acreage so pooled into a unit shall be treated for all purposes except the payment of royalties as if it were included in the lease, and drilling or re-working operations and production of oil or gas on any part of such unit shall be considered for all purposes except the payment of royalties as if the operations were on and production were from the land included in the lease whether or not the well or wells are located on the premises included in the lease; and (2) that in lieu of the royalties provided for in the lease, the lessor shall receive on production from a pooled unit only such proportion of the royalty provided for in the lease as the amount of lessor's acreage placed in the unit or its royalty interest therein on an acreage basis bears to the total acreage contained in the unit.

Leases by political subdivisions

Sec. 2. Political subdivisions which are bodies corporate with recognized and defined areas are hereby authorized to insert in any oil and gas lease or in any oil, gas and mineral lease executed by them in accordance with existing law a provision which authorizes the lessee to pool the lease, the lands or minerals included in it, or any part thereof, with any other lands, leases, mineral estates, or parts thereof, to form a drilling or spacing unit or units for the exploration, development, and production of oil or gas; and which authorizes the lessee to form such units and accomplish such pooling by written designations filed in the county in which the land is situated. With respect to school lands owned by a county, which are governed by Article 7, Section 6, of the Constitution of Texas, the leases may authorize the formation of drilling or spacing units upon such terms and provisions as the Commissioners Court of the county may deem best. With respect to any other lands owned by any such political subdivision, the drilling or spacing units shall not exceed the minimum number of acres upon which an oil or gas well must be located in order to comply with the rules, regulations, or orders of the Railroad Commission of Texas or any other regulatory body, State or Federal, having authority to control or regulate the spacing of such oil or gas wells. Any such lease may further provide in substance: (1) that the entire acreage so pooled into a unit shall be treated for all purposes except the payment of royalties as if it were

included in the lease, and drilling or re-working operations and production of oil or gas on any part of such unit shall be considered for all purposes except the payment of royalties as if the operations were on and production were from the land included in the lease whether or not the well or wells are located on the premises included in the lease; and (2) that in lieu of the royalties provided for in the lease, the lessor shall receive on production from a pooled unit only such proportion of the royalty provided for in the lease as the amount of lessor's acreage placed in the unit or its royalty interest therein on an acreage basis bears to the total acreage contained in the unit.

Amendment of existing leases

Sec. 3. Upon application of the lessee, or present owner of any oil and gas lease or oil, gas and mineral lease heretofore validly executed by any city, town or political subdivision referred to in this Act, such lease may, in the discretion of the governing body of such city, town or political subdivision, without notice, be amended so as to include a pooling provision containing the terms set out above.

Cities and towns chartered or organized under the General Laws of Texas, or by any special act or charter referred to in Section 1 above, and political subdivisions which are bodies corporate with recognized and defined areas, referred to in Section 2 above, are hereby authorized to commit, without notice, any royalty interest owned by them in oil or gas to agreements that provide for the operation of areas as a unit for the exploration, development, and production of oil or gas. Such agreements may contain such terms and provisions as such city, town or political subdivision may deem best, and may provide in substance: (a) that operations incident to the drilling of a well upon any portion of a unit shall be deemed for all purposes to be the conduct of such operations upon each separately-owned tract in the unit by the several owners thereof; (b) that the production allocated to each tract included in a unit shall, when produced, be deemed for all purposes to have been produced from such tract by a well drilled thereon; (c) that any lease covering any part of the area committed to the agreement shall continue in force as long as oil or gas is produced in paying quantities from any part of the unit area; and (d) that royalties reserved to such city, town or political subdivision from any tract or portion thereof included within the unit shall be paid only on that portion of the production allocated to the tract, or on the value of such production so allocated, in accordance with the agreement. No agreement shall be entered into by any city, town or political subdivision that shall in any manner commit such city, town or political subdivision to the payment of any part of the cost or expense of operating any unit area or any well located thereon.

(c) Upon filing of a petition or application, the court shall set a day for the hearing, which hearing must be held not less than five (5) days and no more than twenty (20) days from the filing of the petition. The alleged alcoholic shall be personally served with a copy of the petition or application and the order fixing the time of hearing of the same by the sheriff of the county in which he is found and the court may proceed to hear the cause at the stated time, with or without the presence of the alleged alcoholic and with or without an answer by him, provided such service is perfected at least three (3) days prior to the hearing. (b) On appeal, trial shall be de novo and the appellant shall be entitled to trial by jury.

Sec. 11. If a writ of habeas corpus to be obtained in behalf of a person committed to and confined by an order of a court and it appears at the hearing on the return of such writ that such person may properly be discharged, or if the person's condition is such that it will be safe for him or her or others for him or her to be released, the judge before whom the hearing is held shall so direct; but if it appears from the condition of such person that he or she requires treatment, he or she shall be remanded to the care and custody of the Commission or its authorized representative for such treatment.

No person may be so committed who in the opinion of the judge has exhibited definite criminal tendencies, or is feeble-minded or psychotic. Appeals from such orders of the court may be taken in the same manner as provided for appeals from any other judgment of such court.

Sec. 13. Under such rules as it may prescribe the Commission or its authorized representative may receive as a patient for treatment, any alcoholic resident of this State against whom no criminal charges are pending, and who shall voluntarily apply for treatment, and may retain for not more than ninety (90) days and treat and restrain such person in the same manner as if committed by order of court, provided, however, that such person must be released within ten (10) days after receipt in writing of notice from such person of his or her intention or desire to leave. The Commission or its authorized representative may refuse admittance to any applicant who has been a patient receiving treatment solely for alcoholism in any Texas State Hospital and who has been released therefrom within

Sec. 15. The provisions of law with respect to the costs of commitment and the cost of support, including methods of determination of the persons liable therefor, and methods of determination of financial ability, and all provisions of law enabling the State to secure reimbursement of actual cost, applicable to the commitment to and support of mentally ill persons in State Hospitals, shall apply with equal force in respect to each item of expense incurred by the State in connection with the commitment, care, custody, treatment and rehabilitation of any person securing care and treatment under this Act. All funds so collected are hereby appropriated to the Commission for the purpose of this Act.

Sec. 16. No person who is committed for treatment under the provisions of this Act, either through voluntary application or involuntary procedure, shall forfeit or be abridged thereby of any of his or her rights as a citizen of the United States or of the State of Texas. The record of any individual committed for treatment, guidance and rehabilitation shall be confidential and the contents thereof shall not be divulged except on order of a court of competent jurisdiction.

Each license issued under the provisions of this section shall expire one (1) year after its issuance, but may be suspended or revoked sooner by the Commissioner, after notice by registered mail and an opportunity to be heard has been given, for a failure to maintain the bond required herein or adequate insurance on all grains and field seeds received in store, or for a violation of any of the provisions of this Act or any rule or regulation of the Commissioner adopted pursuant to this Act. Provided, that upon evidence of just and good cause such license may be temporarily suspended without a hearing, for a period not to exceed thirty (30) days.

Where a warehouseman operates more than one (1) warehouse unit located in close proximity, and on the same general site as the one (1) unit for which he has been licensed, he shall be entitled to a permit or permits for the operation of such additional units, upon application for such permits made to the Commissioner on forms to be prescribed by him, and the payment of an annual permit fee in the amount of Ten ($10.00) Dollars for each such permit, and such permit shall run concurrently with the license of this principal unit and one (1) bond shall cover all the units as a whole.

Sec. 4. The Commissioner may require a bond from any warehouse man upon suspension, revocation or expiration of his license, for an amount to be fixed by the Commissioner, to afford adequate protection to the holders of warehouse receipts issued by such warehouseman so long as any receipts remain outstanding or uncancelled.

Reports; inspections; fees

Sec. 5. Each warehouseman shall, when requested by the Commissioner of Agriculture, make a report to the Commissioner concerning the condition, conduct, operation and business of each warehouse he operates and the grains and field seeds stored therein, and shall permit any representative or agent of the Commissioner to enter and inspect each such warehouse and its contents and the records thereof, and shall render any assistance necessary in checking any condition or books in connection therewith. In cases where a part of the grains or field seeds represented by the receipt is delivered out of store and the remainder is left, new receipt may be issued for the remainder; but such new receipt shall bear the same date as the original, and shall state on its face that it is the balance of the receipt of the original number, and the receipt upon which a part has been delivered shall be cancelled in the same manner as if the grains or field seeds it calls for had all been delivered. In case it be desirable to divide one (1) receipt into two (2) or more, or in case it be desirable to consolidate two (2) or more receipts into one (1), and the warehouseman consents thereto, the original receipt shall be cancelled the same as if the grains or field seeds had been delivered from store, and the new receipts shall state on their face that they are parts of other receipts, or a consolidation of other receipts, as the case may be; and the numbers of the original receipts shall also appear upon the new receipts issued explaining the change; but no consolidation of receipts of dates differing more than ten (10) days shall be permitted, and all new receipts issued for old ones cancelled as herein provided shall bear the same dates as those originally issued as near as may be.

and to otherwise administer the laws concerning coal mining; and

"Whereas, Coal mining has been of little significance as an industry in Texas since the development of the petroleum industry, the Legislature has made no appropriation for many years for the support of these offices, but in 1931 and 1933 transferred the duties of the State Mining Board to the Bureau of Labor by appropriation rider, the legality of transferring the functions of this agency in this manner being somewhat questionable; and

NATURAL GAS

GENERAL PROVISIONS

Art. 6008—1. Interstate Compact to Conserve Oil and Gas; Extension of Compact

Extension to Sept. 1, 1955:
U.S.—Resolution of Congress, Aug. 28, 1951, c. 350, 65 Stat. 199.
Ill.—Laws 1951, p. 1172, S.H.A. ch. 104, § 24.
Kan.—Laws 1951, ch. 329.
Neb.—Laws 1953, ch. 201.

NATURAL GAS

Art. 6066c. Cooperative facilities for conservation and utilization of gas

Section 1. The Railroad Commission of Texas (hereinafter called "Commission") may approve agreements, by persons owning or controlling leases or other interests in separate properties in oil fields, gas fields or oil and gas fields, for the construction and operation of cooperative facilities necessary for the conservation and utilization of gas, including facilities for extracting and separating hydrocarbons from natural gas or casinghead gas.

Such agreements shall only be approved by the Commission after application, notice and hearing and a finding by the Commission that such cooperative facilities are in the interest of conservation and that secondary recovery operations are not feasible or necessary.

No agreement for the construction or operation of such cooperative facilities shall provide directly or indirectly for the cooperative refining of crude petroleum, distillate, condensate or gas or any by-product of crude petroleum, distillate, condensate or gas. The extraction of liquid hydrocarbons from gas and the separation of such liquid hydrocarbons into butanes, propanes, ethanes, distillate, condensate and natural gasoline without any additional processing of any of them shall not be considered to be refining. No such agreement shall provide for the cooperative marketing of crude petroleum, condensate, distillate or gas or any by-products thereof.

No provision of this Act shall be construed as requiring the approval of the Commission of voluntary agreements for the joint development and operation of jointly owned properties.

Nothing herein shall restrict any of the rights which persons now may have to make and enter into contracts for the construction and operation of cooperative facilities as herein provided.

The approval of any such agreement shall not of itself be construed as a finding that similar operations in other fields are wasteful or not in the interest of conservation.

Sec. 2. Agreements, and operations thereunder, in accordance with this Act, being necessary to prevent waste and conserve the natural re-

sources of this State, shall not be construed to be in violation of the provisions of Title 126, Revised Civil Statutes, 1925, as amended, nor Chapter 3, Title 19, Penal Code of Texas, 1925, as amended, known as the Anti-Trust Acts. However, if any court shall find any conflict between this Act and Title 126, Revised Civil Statutes of Texas, 1925, as amended, or Chapter 3, Title 19, Penal Code of Texas, 1925, as amended, then this Act is intended as a reasonable exception thereto necessary for the above stated public interest; provided further, that if any court should find that a conflict exists between this and the above mentioned laws and this Act is not a reasonable exception thereto, then it is the intent of the Legislature that this Act, or any conflicting portion hereof, shall be declared invalid, rather than declaring the above mentioned anti-trust laws, or any portion thereof, invalid.

Sec. 3. It is hereby declared to be the legislative intent to enact each provision of this Act separately; and should any section, phrase or part of this Act be declared unconstitutional or, for any reason, invalid, such invalidity shall not affect any other remaining portion, provision or section. Acts 1953, 53rd Leg., p. 407, ch. 117.

Emergency. Effective May 12, 1953.

Persons eligible to participate; members in armed services

Sec. 6. Any person who, at the establishment of said Fund, or thereafter, shall have been duly appointed and enrolled in the Fire Department, Police Department, or Fire Alarm Operators Department of any such city or town within the provisions of this Act, and who has signed an application for participation in said Fund, and has allowed deductions from his salary under any former law and still is in good standing, and who has filed written application within thirty (30) days after the organization of such Board, or who shall file his application within sixty (60) days after becoming a regular member of such Departments, and after he shall have served the usual probationary period, if any, and who shall have allowed such deductions from his salary; and in addition to the membership provided herein, any person heretofore duly appointed or enrolled in the Fire Department, Police Department, or Fire Alarm Operators Department of any such city or town who is not now a member of the Pension Fund, may file his application with the Board within sixty (60) days after this Act becomes effective and apply for participation therein; provided, however, that said applicant shall pass a physical examination of the same character that is required for original admission into the respective Department in which he serves, and provided that he shall pay into such fund a sum of money equal to the amount of salary deductions he would have paid had he joined immediately upon becoming eligible to participate in the benefits of said fund, as well as the beneficiaries hereinafter named shall be entitled to participate in said fund.

When any incorporated city containing the number of inhabitants stated in Section 1 of Chapter 173, page 292, Acts of the Regular Session of the 52nd Legislature [1], is consolidated under one government with any other municipality which has maintained a fully paid Fire and Police Department, all permanent policemen and firemen duly appointed or enrolled in the Fire Department or Police Department of the city or town surrendering its corporate existence and who are thereafter duly and lawfully appointed, enrolled or transferred to the respective departments of the city retaining its corporate existence, shall be entitled to membership in the Fund, and the benefits thereof, upon compliance with the requirements of this Act which provides the exclusive procedure for obtaining and maturing any rights and benefits under Chapter 33, Acts of 1941,[2] including all amendments thereto. Written application for participation must be filed with the Board within sixty (60) days after becoming a member of either of such Departments of said city, and in addition shall pass a physical examination of the same character that is required for original admission into the respective departments in which he subsequently serves, and provided he shall pay into such fund within a year the sum of money equal to the salary deduction he would have paid had he been eligible to membership upon becoming a policeman or fireman in any other city or town, and shall also allow the deductions from his current salary as therein provided. The benefits of this Fund accruing to such policemen or firemen shall be all of the benefits accruing to other

policemen or firemen generally under the provisions of the original Act of which this is an amendment, and accruing to his years of service, the time he was legally and regularly employed as a policeman or fireman in such other city or town. No policeman or fireman coming under the applicable provisions of this Section shall be entitled to the full benefits of this Act until all of the money herein required to be paid has been in fact paid to the custodian of the Fund. The custodian of the Fund shall certify to the governing body of the city the fact of compliance with this section, and the said governing body shall appropriate to said Pension Fund from any available funds a sum of money equal to the contributions it would have made had such policeman or fireman been originally employed by the consolidated city retaining its corporate existence. The provisions of this Act shall never be construed as permitting a policeman or fireman to be a member of more than one Pension Fund or to again become a contributing member of the Pension Fund where he is now, either for himself or his heirs receiving any payments from said Fund by reason of any service with the City Police and Fire Departments of the city retaining its corporate existence.

Any member of the Firemen, Policemen and Fire Alarm Operators Pension Fund at the time of the commencement of the Korean conflict; or who may hereafter become a member of said Pension Fund during said conflict or other national emergency connected therewith, who has entered the armed services of the United States or who may hereafter enter the armed services of the United States in any of its branches, voluntarily or involuntarily, or who may be called into the armed services as a member of the Organized Reserve Corps or Texas National Guard upon being released or discharged from said armed service of the United States, and upon his return to duty with the Fire Department, the Police Department, or Fire Alarm Operators Department of any city within the provisions of this Act, may make the payments into said Pension Fund that he would have paid, or would have been required to pay had he remained in said Fire Department, Police Department, or Fire Alarm Operators Department, without interest, within a period of one (1) year from the date of his re-entry into the service of the Department of which he was a former member, and shall be entitled to each and every benefit of said Firemen, Policemen and Fire Alarm Operators Pension Fund and his service shall be computed as being continuous for the purpose of benefits, longevity and retirement, and for all other purposes provided in the Firemen, Policemen and Fire Alarm Operators Pension Act for those members of the Firemen, Policemen and Fire Alarm Operators Pension Fund who remained and continued in that service; provided, however, that payments hereinabove referred to must be made in a lump sum, and until so made the provisions of these rules shall not apply and no person shall be entitled to the benefits hereof until such payment has been made in full. Any member of said Departments, at his option, who has already entered the armed service of the United States, or who may hereafter enter the armed service of the United States, voluntarily or involuntarily, may make such contributions to the Pension Fund monthly as though he were an active member of said Department, so that upon his return from the armed service he will have kept his payments into said Pension Fund current; provided, however, if any such member who makes such contributions monthly, dies while in the armed service of the United States or becomes disabled so as to prevent him from further rendering service as a Fireman, Policeman or Fire Alarm Operator, then and in that event the contributions made by said member, in the event

of death, shall be returned to his legal beneficiaries designated under the Pension Act, and no benefit to a widow or dependent shall accrue; and in the case of disability, the contributions made by the member during the time he was in the armed service of the United States shall be returned to him without interest. In the event any member of the Pension Fund shall die or become disabled through illness or injury while in the armed service of the United States, such member's widow, dependents or beneficiaries named in the Pension Act shall not be entitled to any of the benefits under the Pension Act; nor shall such injured or disabled member be entitled to any disability compensation; provided however, if any member becomes disabled through injuries or illness while in the armed service of the United States, and such member has had twenty years service and membership in the Pension Fund, then his beneficiaries, in case of death, or such member in case of disability injury while in the armed service shall be entitled to the benefits of the Pension Law. All pensions and benefits heretofore granted to such members under any law, or city charter of any city within the provisions of this Act, in force prior to the passage of this Act, such members having served in the armed forces of the United States in conformity with such prior law, or city charter, and having complied with the provisions of such law, or such city charter, are hereby validated. As amended Acts 1953, 53rd Leg., p. 3, ch. 3, § 2.

The issuance of such certificate shall be mandatory upon the Board; provided, however, that when said member reaches the age of fifty (50) years he may, after making application, be retired. No person to whom such certificate shall have been issued who has not reached the age of fifty (50) years shall be entitled to receive any retirement benefits until he reaches the age of fifty (50) years, and then upon his application. If any such member shall voluntarily or involuntarily leave the service of the city after he has received such certificate and before he reaches the age of fifty (50) years, he shall not be entitled to participate in the benefits of this Act until he is fifty (50) years of age; provided, however, that if any such member voluntarily or involuntarily leaves the service of the city and thereafter becomes physically disabled before he reaches the age of fifty (50) years, he shall be entitled to apply for, and the Board may grant to him, a disability pension in accordance with this Act, unless such disability was caused by his committing a felony or by an intentional self-inflicted injury, which said pension shall become a retirement pension subject to the provisions of this Act upon his reaching the age of fifty (50) years. In the event such member so retiring, voluntarily or involuntarily, after he has such certificate and before he reaches the age of fifty (50) years, shall die, then his widow or children, or other dependents named in this Act, if any shall be entitled to share in the benefits of this Act. A member retiring under the provisions of this Act shall receive one-half (½) of the salary received by him at the time of his retirement; provided, however, that in no instance shall the monthly pension allowance awarded him be in

excess of one-half (½) of the base pay of a private per month, plus one-half (½) of the service money granted to the member under any provision of any State law or any city charter of any city within the provisions of this Act; which pension allowance shall be computed on the basis of the current payroll. This pension allowance, set out above based on the current payroll, shall be granted to the man going on the Pension Fund as well as the man already on the pension. Any member reaching the age of sixty-five (65) years and having served twenty (20) years in either of the Departments, and who has not then retired from such Departments, may be summoned before the Board for the purpose of determining whether or not he should be retired under the provisions of this Act. As amended Acts 1953, 53rd Leg., p. 3, ch. 3, § 3.

Pensions to disabled or diseased members

Sec. 9. When any member of the Fire Department, Police Department, and Fire Alarm Operators Department of the city or town within the provisions of this Act, and who is contributing to said Fund, as herein provided, shall become so permanently disabled through injury or disease, unless such disability was caused by his committing a felony or by an intentional self-inflicted injury, as to incapacitate him from the performance of his duties, and shall make written application subject to medical examination for such injuries or disease, he shall be retired from the service and be entitled to receive from the said Fund one-half (½) the base pay of a private per month, plus one-half (½) of the service money granted to the member under the provisions of any State law or any city charter of any city within the provisions of this Act; which base pay of a private shall be computed on the basis of the current payroll. The pension allowance shall be granted to the man going on a pension as well as to the man already on the pension at the time he became disabled or diseased, the same to be paid in monthly installments, which monthly installments shall in no instance exceed one-half (½) of the base pay of a private per month, plus one-half (½) of the service money granted to the member under the provisions of any State law or any city charter of any city within the provisions of this Act. In no case shall a disability claim be acknowledged or award made hereunder until disability has been proven to be continuous and the member wholly incapacitated for a period of not less than ninety (90) days. As amended Acts 1953, 53rd Leg., p. 3, ch. 3, § 4.

Death benefits to widow and minor children of member

Sec. 10. In case of the death before or after retirement of any member of the Fire Department, Police Department, or Fire Alarm Operators Department of any city or town within the provisions of this Act, from disease contracted or injury received and who at the time of his death or retirement was a member of either of said Departments and a contributor to the said Fund, leaving a widow, child or children under seventeen (17) years of age, the widow and such child or children shall be entitled to receive from the said Fund an amount not to exceed one-half (½) of the base pay of a private per month, plus one-half (½) of the service money granted to members under the provision of any State law or any city charter of any city within the provisions of this Act; one-half (½) of the widow's amount in the aggregate shall go to the children under seventeen (17) years of age, and balance of one-half (½) for the widow. No child of any such member resulting from any marriage contract subsequent to the date of the retirement of such member, shall be entitled to a pension under this Act. In case there are no children, the widow

shall receive one-fourth (¼) of the base pay of a private per month, plus one-fourth (¼) of the service money granted to members under the provisions of any State law or any city charter of any city within the provisions of this Act. The one-fourth (¼) awarded to the children shall be paid by the Board to the widow, who shall equally and uniformly distribute the amount among the children. In no instance shall the amount received by the widow, child or children, exceed a pension allowance of one-half (½) of the base pay of a private per month, plus one-half (½) of the service money granted to members under any State law or any city charter of any city within the provisions of this Act. Wherein the Board, after a thorough examination and by a majority vote in favor thereof, determines that the child or children are unable to and lack the proper discretion to handle said amount provided herein for them, shall designate and appoint said child's or children's natural guardian as custodian of said Fund. Where there is no parent and natural guardian living, the Board shall have the power and authority to designate a suitable person to receive and administer the said Fund; which said party shall receive for such child or children under the age of seventeen (17) years, one-fourth (¼) of the base pay of a private and one-fourth (¼) of the service money granted to members under any State law or any city charter of any city within the provisions of this Act, per month. The said party designated by the Board shall receive his authority and power according to established legal practice. When any child or children, who are beneficiaries under this Act, shall reach the age of seventeen (17) years, then such child or children, if any, shall no longer participate in the division of said wages of said deceased, but the same shall be paid to the remaining child or children, if any under seventeen (17) years of age. In no case shall the amount paid to any one family exceed the amount of one-half (½) of the base pay of a private per month, plus one-half (½) of the service money granted to members under the provisions of any State law or any city charter of any city within the provisions of this Act. Upon the remarriage of the widow, either statutory or common law, or the marriage of any child granted such pension, the pension shall cease. No widow of any such member resulting from any marriage contract subsequent to the date of the retirement of said member, shall be entitled to a pension under this Act. As amended Acts 1953, 53rd Leg., p. 3, ch. 3, § 5.

Death benefits to dependent father and mother of member

Sec. 11. If any member of the Fire, Police, and Fire Alarm Operators Department of any city within the provisions of this Act dies from injury received or disease contracted, who was a member of either of such Departments and a contributor to said Fund and entitled to participation in said Fund himself, leaves no widow or child but leaves surviving him a dependent father and mother wholly dependent upon said person for support, such dependent father and mother shall be entitled to receive one-half (½) of the base pay of a private per month, plus one-half (½) of the service money granted to members under the provisions of any State law or any city charter of any city within the provisions of this Act, to be equally divided between said father and mother, so long as they are wholly dependent. Where there is one dependent, either father or mother, the Board shall grant the surviving dependent one-fourth (¼) of the base pay of a private per month, plus one-fourth (¼) of the service money granted to members under any provisions of any State law or any city charter of any city within the provisions of this Act. The Board shall have authority to make a thorough investigation

and from investigation determine the facts as to the dependency of the said parties and each of them, as to how long the same exists; and may, at any time, upon the request of any contributor to such Fund, reopen any award made to any of said parties and discontinue such pension as to all or any of them as it may deem proper; and the findings of said Board in regard to any matters, as well as to all pensions granted under this Act, shall be final upon all parties seeking a pension as a dependent of said deceased, or otherwise, until such award of the trustee shall have been set aside or revoked by a court of competent jurisdiction. As amended Acts 1953, 53rd Leg., p. 3, ch. 3, § 6.

Emergency. Effective Feb. 9, 1953.

Sections 1, 7-9 of the amendatory Act of 1953, read as follows:

"Section 1. This Act shall apply to those cities and those cities only which come within and are now within the provisions of Senate Bill No. 128, Acts 1951, 52nd Legislature, Regular Session, Chapter 173, page 292, Section 1, which said Act applies to all cities and towns within this State which operate a separate Firemen's, Policemen's and Fire Alarm Operators' Pension System, and which contain and have four hundred thirty-two thousand (432,000) or more inhabitants according to the last preceding Federal Census and having a fully or partially paid Fire, Police, and Fire Alarm Operators Departments.

"Sec. 7. All pensions and benefits heretofore granted by the said Board of any city within the provisions of this Act resulting from death, disease or injury whether the same was received in the line of duty or not are hereby validated.

"Sec. 8. All laws or parts of laws in conflict with this Act are hereby repealed to the extent of such conflict.

"Sec. 9. If any section, clause, part, phrase, or word of this Act shall be held by the courts to be unconstitutional or invalid, it is declared to be the legislative intent that such invalidity shall not invalidate, impair or affect the remaining portions of this Act, and that such remaining portions of this Act be and the same are enacted regardless of such invalidity of any part of this Act."

Art. 6243e. Firemen's Relief Pension Fund

Retirement age and pension

Sec. 6. Any person who has been duly appointed and enrolled and who has attained the age of fifty-five (55) years, and who has served actively for a period of twenty (20) years in one or more regularly organized fire departments in any city or town in this State now within or that may come within the provisions of this Act, in any rank, whether as wholly paid, part paid or volunteer fireman, shall be entitled to be retired from such service or department and shall be entitled to be paid from the Firemen's Relief and Retirement Fund of that city or town, a monthly pension equal to one half of his average monthly salary not to exceed a maximum of One Hundred Dollars ($100) per month, except as hereinafter provided; such average monthly salary to be based on the monthly average of his salary for the five (5) year period preceding the date of such retirement; provided further, that if his average monthly salary is Fifty Dollars ($50) or less per month, or if a volunteer fireman with no salary, he shall be entitled to a monthly pension or retirement allowance of Twenty-five Dollars ($25). Notwithstanding any other provision of this Act, it is hereby specially provided that any eligible and qualified fireman who shall have completed twenty (20) years of service before reaching the age of fifty-five (55) years may apply to the Board of Trustees for, and it shall be the Board's duty to issue, a certificate showing the completion of such service and showing and certifying that such fireman, when reaching the age of fifty-five (55) years, will be entitled to the retirement and other applicable benefits of this Act; provided further, that when any fireman shall have been issued such certificate he shall, when reaching retirement age, be entitled to all the applicable bene-

fits of the Act, even though he shall not have been engaged in active service as a fireman after the issuance of such certificate. Provided further, that in order to participate in the benefits authorized under this Act all persons shall continue to pay into the Firemen's Relief and Retirement Fund the amounts provided for all participants thereunder up to the time of their retirement. Provided, further, that any regularly organized 'full paid' fire department in any city or town in this State now within or that may come within the provisions of this Act may, upon a majority vote of said Board of Trustees, increase the maximum pension to One Hundred and Fifty Dollars ($150) per month. As amended Acts 1953, 53rd Leg., p. 352, ch. 82, § 1.

Emergency. Effective April 29, 1953.

Retirement on disability

Sec. 7. Whenever a person serving as an active fireman duly enrolled in any regularly active fire department in any city or town in the State, now within, or that may hereafter come within the provisions of this Act, shall become physically or mentally disabled while in and/or in consequence of, the performance of his duty, said Board of Trustees may, upon his request, or without such request if it shall deem proper and for the good of the department, retire such person from active service either upon total or partial disability as the case may warrant and shall order that he be paid from such Fund, (a) if for total disability, an amount equal to one half the average monthly salary of such fireman, not to exceed the sum of One Hundred Dollars ($100) per month, except as hereinafter provided, such average monthly salary to be based on the monthly average of his salary for the five (5) year period, or so much thereof as he may have served, preceding the date of such retirement; provided that if such average monthly salary be Fifty Dollars ($50) or less per month, or if he be a volunteer fireman with no salary, the amount so ordered paid shall not be less than Twenty-five Dollars ($25) per month; and provided further that any regularly organized 'full paid' fire department in any city or town in this State now within or that may come within the provisions of this Act may, upon a majority vote of the participating members of that respective Fund, increase the maximum disability pension to One Hundred and Fifty Dollars ($150) per month; or, (b) if the disability be less than total, then such sum as in the judgment of the Board of Trustees may be proper and commensurate with the degree of disability; provided further, that if and when such disability shall cease, such retirement or disability allowance shall be discontinued and such person shall be restored to active service at not less than the same salary he received at the time of his retirement for disability. As amended Acts 1953, 53rd Leg., p. 352, ch. 82, § 2.

Emergency. Effective April 29, 1953.

Death or disability from cause not resulting from performance of duties

Sec. 7A. Whenever a person serving as an active fireman duly enrolled in any regularly active fire department in any city or town in the State now within or that may hereafter come within the provisions of this Act shall die or become disabled from any cause other than a disability acquired in the performance of his duty as a fireman, a pension allowance shall be paid to the widow or fireman. The monthly pension allowance shall be computed as follows: five per cent (5%) of the total amount the individual fireman or widow would have been entitled to receive had such death or disability occurred as the result of such fireman's being incapacitated or killed while in and/or in consequence of the

performance of his duty as a fireman shall be allowed for each year of participation in the relief and retirement fund. In no event, however, shall such fireman or widow receive an amount less than Fifty Dollars ($50) per month. If such fireman be a volunteer fireman and thereby receiving no salary, the amount so ordered paid, if all of the other conditions have been met, shall be not less than Twenty-five Dollars ($25) per month.

Provided, however, that the provisions of this section shall not apply if the death or disability of the fireman was caused while such fireman was gainfully employed by someone other than the respective fire department for which he was employed or contributed his services.

Provided further, that the provisions of this section shall not be applicable to any particular relief or retirement fund until after an election has been held and the majority of the participating members of that respective fund have voted to include the provisions contained in this section within the Relief and Retirement Fund. At such election the effective date of these provisions shall also be set. Added Acts 1953, 53rd Leg., p. 352, ch. 82, § 3.

Emergency. Effective April 29, 1953.

Art. 6243g. Pension system in cities over 384,000

Persons eligible in cities hereafter coming under this Act

Sec. 3A.

(b) Any person who shall hereafter become an employee of any such city shall automatically and immediately at the beginning of his first full pay period, become a member of the Pension System as a condition of his employment. As amended Acts 1953, 53rd Leg., p. 888, ch. 367, § 1.

(d) Any employee who was an employee of any such city and who was eligible for membership in such system upon its original establishment on May 24, 1943, and who declined to become a member of such system and who has not thereafter become a member as provided in the Amended Act of 1947, may hereafter become a member by paying to such system an amount equal to the total of all of his monthly contributions back to May 24, 1943, or to the date of employment if said employment did not date back to May 24, 1943, and such employee shall thereupon become entitled to credit for all his service rendered such city as an employee prior to becoming a member in said Pension System, provided that such payments of back contributions be made by payroll deductions within a period to be determined by said Board, plus interest at the rate of six per cent (6%) per year, and that said employee's final payment of all back contributions shall have been made in accordance with this Section before prior service shall be credited for the purpose of receiving the pension authorized by such prior service. It is further provided that said employee shall submit to a physical examination, said physician being selected by the Pension Board, with the employee paying the cost of any such examination required, the Pension Board being authorized to reject any membership into the pension system any employee who fails to qualify through physical examination, or other requirements as established by the Board.

The provisions of this paragraph shall expire on January 1, 1954, and thereafter any employee who has still not become a member shall become a member only after passing a physical examination, and meeting other requirements, as prescribed by the Pension Board, and such employee who becomes a member after January 1, 1954, shall not receive credit for services rendered any such city prior to becoming a member of such system. Added Acts 1953, 53rd Leg., p. 888, ch. 367, § 2.

Retirement on pension

Sec. 12. Any member of such Pension System who has been in the service of the city for the period of twenty-eight (28) years and has attained fifty-five (55) years of age shall be entitled to a retirement Pension of One Hundred Dollars ($100) per month for the rest of his life, upon his retirement from the service of said city. Upon the completion of said twenty-eight (28) years of service and attaining fifty-five (55) years of age, such Pension Board shall issue to said member a certificate showing that he is entitled to said retirement Pension and thereafter when such member retires, whether such retirement be voluntary or involuntary, such monthly payment shall begin forthwith and continue for the remainder of said member's life. Upon the date of any member's retirement, if he shall have served in excess of twenty-eight (28) years, he shall in addition to the said sum of One Hundred Dollars ($100), receive an additional sum of Three Dollars and Fifty Cents ($3.50) per month for each additional year served in excess of twenty-eight (28) years. If said member continues his service with said city in excess of twenty-eight (28) years, such member shall be required to continue his monthly payments into the fund during such additional period of service. If any member of such System is retired for any reason prior to completing twenty-eight (28) years service, and such member has completed at least ten (10) years service, he shall receive a monthly pension of less than One Hundred Dollars ($100) calculated on the prorata basis that his total service bears to the full term of twenty-eight (28) years. Provided, that where any member of any such System has completed ten (10) years service with such city and shall thereafter attain sixty (60) years of age, he may, at his option, be retired and upon retirement shall receive a monthly Pension which shall be calculated on the pro rata basis that his term of service upon reaching sixty (60) years of age bears to the full term of twenty-eight (28) years. It shall be compulsory for any member to retire from service upon attaining sixty-five (65) years of age, unless his service is extended by the governing body of the city upon the recommendation of the chief administrative officer of such city, which in no event shall be beyond the employee's reaching seventy (70) years of age. As amended Acts 1951, 52nd Leg., p. 378, ch. 242, § 1B; Acts 1953, 53rd Leg., p. 888, ch. 367, § 3.

Disability pensions

Sec. 13. If any member has completed ten (10) years but less than twenty-eight (28) years service with the city and shall thereafter become totally and permanently disabled for any reason whatsoever, he shall be retired on a monthly Pension which shall be calculated on the prorata basis that his term of service bears to the full term of twenty-eight (28) years. If any member has completed twenty-eight (28) years service with the city and thereafter becomes totally and permanently disabled for any reason whatsoever, he shall be retired on the full One Hundred Dollars ($100) per month Pension, plus any bonus accrued for additional service as provided in Section 12, hereof.

If any member has completed less than ten (10) years service and becomes totally and permanently disabled as a result of the performance of his duties or as a consequence of such performance, he shall be retired on a monthly Pension of Thirty-five Dollars and Seventy Cents ($35.70) per month.

If such member becomes disabled from a chronic disease or infirmity of the body such as (but not limited to) tuberculosis, heart disease, ar-

thritis, varicose veins, high blood pressure, and the like, and such member has completed not less than three (3) years continuous service, the Board shall be entitled to presume that the disease or infirmity arose as a consequence of such member's performance of duty, in the absence of convincing evidence to the contrary. In the case of less than three (3) years service, the burden shall be on the employee to show that the disabling chronic disease or infirmity arose as a consequence of his performance of duty. In any event, the Board's decision shall be final.

By "total and permanent disability" is meant such disability as permanently incapacitates a member from performing the usual and customary duties which he has been performing for such city.

Before any disability Pension is allowed, the Pension Board shall require such medical examination and such other evidence as it may see fit to establish such total and permanent disability, as above provided.

When any member has been retired for total and permanent disability, he shall be subject at all times to re-examination by the Pension Board and shall submit himself to such further examination as the Pension Board may require. If any member shall refuse to submit himself to any such examination, the Pension Board may, within its discretion, order said payments stopped. If a member who has been retired under the provisions of this Section should thereafter recover so that in the opinion of the Pension Board he is able to perform the usual and customary duties formerly handled by him for said city, and such member is reinstated or tendered reinstatement to the position he held at the time of his retirement, then the Pension Board shall order such Pension payments stopped. As amended Acts 1953, 53rd Leg., p. 888, ch. 367, § 4.

Termination of employment; reemployment

Sec. 16. When any member of such Pension System shall leave the employment of such city, either voluntarily or involuntarily, before becoming eligible for a retirement or disability pension, he shall thereupon cease to be a member of such Pension System, but shall have refunded to him all of the payments made by him into said Pension Fund by way of salary deductions without interest, except the sum of Twenty-five Dollars ($25), which sum of Twenty-five Dollars ($25) shall be withheld from such refund to compensate the System for disability coverage during the period of employment of such member, and if he shall have paid in less than Twenty-five Dollars ($25), he shall not be entitled to any reimbursement; provided, that if such member has completed twenty-eight (28) years, or more, of service with the city prior to becoming fifty-five (55) years of age, and is let out of employment by the city, he may allow his prior payments to remain in the Pension Fund and such member, but not the city, shall continue such monthly payments into the Pension Fund until he becomes fifty-five (55) years of age, whereupon he will be entitled to a retirement Pension for life for such amount as he would have received had he continued working for such city.

It is contemplated that said sum shall be paid such departing member in a lump sum, but if in the opinion of the Pension Board, the funds on hand are too low to justify such lump sum payment, said payment shall be refunded on a monthly basis in such amounts as may be determined by the Pension Board.

When a member has left the service of the city as aforesaid and has therefore ceased to be a member of such Pension System, if such person shall thereafter be re-employed by the city, he shall thereupon be rein-

stated as a member of such Pension System provided he is in good physical and mental condition as evidenced by a written certificate executed under oath by a duly licensed and practicing physician residing in said city, satisfactory to the Pension Board. Prior service of such member with such city shall not be counted toward his retirement Pension unless such member returns to the service within ten (10) years from his separation therefrom and also shall, within six (6) months after his reemployment by the city, repay to such Pension Fund all moneys withdrawn by him upon his separation from the service, plus interest thereon at the rate of three per cent (3%) per annum from date of such withdrawal. As amended Acts 1951, 52nd Leg., p. 378, ch. 242, § 1C; Acts 1953, 53rd Leg., p. 888, ch. 367, § 5.

Emergency. Effective June 8, 1953.

TITLE 116—ROADS, BRIDGES, AND FERRIES

CHAPTER ONE—STATE HIGHWAYS

1. STATE HIGHWAYS

Art. 6673a. Sale or exchange and conveyance of abandoned routes; correction deeds; tax exemption

Sale or exchange; deeds

Section 1. Whenever the State Highway Commission determines that any real property, or interest therein, heretofore or hereafter acquired by the State for highway purposes, is no longer needed for such purposes, and in the case of highway right-of-way it has further determined that such right-of-way is no longer needed for use of citizens as a road, the State Highway Commission may recommend to the Governor that such land or interest therein be sold, and the Governor may execute a proper deed conveying all the State's rights, title and interest in such land. It shall be the duty of the Commission to determine the fair and reasonable value of the State's interest in such land and to advise the Governor thereof. All money derived from such sales shall be deposited in the State Treasury to the credit of the State Highway Fund. Provided further, that where right-of-way property owned by the State was acquired by a city or county and the State Highway Commission determines that said right-of-way property should be sold, such property shall be sold with the following priorities:

(1) To abutting or adjoining landowners;

(2) To original grantors, heirs or assigns of the original tract from whence the right-of-way was conveyed; or

(3) To the general public.

Notice of said sale shall be advertised at least twenty days before the day of sale by having notice thereof published in the English language once a week for three consecutive weeks preceding such sale in a newspaper in the county in which the real estate is located. Such sale shall be made on a sealed bid basis, and said land shall not be sold for less than the value recommended by the State Highway Commission as provided above.

Upon recommendation of the State Highway Commission, the Governor may execute a proper deed exchanging any such real property, or interest therein, either as a whole or part consideration, for any other real property, or interest therein, needed by the State for highway purposes.

Provided further, that upon recommendation of the State Highway Commission the Governor may execute a proper deed relinquishing and conveying the State's right, title and interest in such real property as follows:

(a) If title to the State was acquired by donation, convey to the grantor, his heirs or assigns; or if acquired by purchase by a county or city, convey to the county or city, or to the grantor, his heirs or assigns at the request of the county or city.

(b) If the rights and interests conveyed to the State consist only of the right to use such property, and title is not held by the State, convey the State's rights and interests to the owner of the fee in said property.

(c) If title or any interest in such property was acquired and held by a county or city in its own name for use by the State, quit claim to the county or city any interests of the State which might accrue from the State's use of the property; or if there is no record title to such property, quit claim the State's interests, which might accrue from its use of the property, to the county or city wherein such land is located, or to abutting property owners at the request of the county or city.

(d) Quit claim the State's title, rights and interest as necessary to comply with reversionary clauses contained in instruments by which the State's title, rights or interests were acquired.

Sec. 2. In all cases where there is an ambiguity or an error in any instrument by which title to, or any right or interest in, any real property is or has been conveyed to the State of Texas for highway right-of-way purposes because the metes and bounds description of said property is incomplete or incorrect, or for any other reason, and such ambiguity or error is of sufficient consequence to raise doubt as to the location or extent of the property conveyed thereby, or results in the acquisition of land or an interest in land not intended to be included therein and not needed for highway purposes, the Governor of this State, upon receipt of a recommendation from the State Highway Commission that he so do, shall execute and deliver, in the name of the State of Texas, a quit claim deed, correction deed or other conveyance deemed necessary to rectify and resolve any such ambiguity or error.

Rights of public utilities

Sec. 4. Whenever any real property owned by the State and sold and conveyed hereunder is being used by a public utility or common carrier having right of eminent domain for right-of-way and easement purposes the sale, conveyance and surrender of possession herein provided for shall be and remain in all things subject to the right and continued use of such public utility or common carrier.

Approval of transfers; rights of way not infringed; expenses

Sec. 5. The Attorney General shall approve all transfers and conveyances under this Act, and in no event shall the right of the State of Texas to full and exclusive right of possession of all retained rights-of-way be infringed or lessened in any manner thereby. All expenses of the State Highway Department incurred under any of these provisions, including the cost of advertising all sales made hereunder, shall be borne by the grantee in the deeds issued hereunder and payment of such expenses shall be a condition precedent to the delivery of such deeds.

Tax exemption of land used for road purposes

Sec. 6. In the event any public road or State highway is located on land in which the fee simple title is not vested in the State or the county wherein such road is located, such land so dedicated and used for such road purpose shall not be assessed for ad valorem taxation, or the fee simple owner required to pay ad valorem taxes thereon for any purpose so long as same is used for such road purpose. It shall be the duty of the Tax Assessor whenever his attention is called thereto by the fee simple owner of lands so used for public road or State highway purposes to note on the assessment sheet the amount of land so used. As amended Acts 1953, 53rd Leg., p. 795, ch. 323, § 1.

Effective 90 days after May 27, 1953, date of adjournment.

Section 2 of the Act of 1953 repealed conflicting laws and parts of laws. Section 3 provided that partial invalidity should not affect the remainder of the Act.

Sec. 2. Turnpike revenue bonds issued under the provisions of this Act shall not be deemed to constitute a debt of the State or of any political subdivision thereof or a pledge of the faith and credit of the State or of any such political subdivision, but such bonds shall be payable solely from the funds herein provided therefor from revenues. All such turnpike revenue bonds shall contain on the face thereof a statement to the effect that neither the State, the Turnpike Authority or any political subdivision of the State shall be obligated to pay the same or the interest thereon except from revenues of the particular project for which they are issued and that neither the faith and credit nor the taxing power of the State or any political subdivision thereof is pledged to the payment of the principal of or the interest on such bonds. The Turnpike Authority shall not be authorized to incur financial obligations which cannot be serviced

from tolls or revenues realized from operating its projects as defined in this Act or from moneys provided by this Act.

Sec. 3. There is hereby created an authority to be known as the "Texas Turnpike Authority," hereinafter sometimes referred to as the "Authority." By and in its name the Authority may sue and be sued, and plead and be impleaded. The Authority is hereby constituted an agency of the State of Texas, and the exercise by the Authority of the powers conferred by this Act in the construction, operation, and maintenance of turnpike projects shall be deemed and held to be an essential governmental function of the State.

The Board of Directors of the Authority (hereinafter in this Act sometimes called the "Board") shall be composed of directors, who shall occupy, respectively, places on the Board to be designated as Places 1, 2, 3, 4, 5, 6, 7, 8, and 9. The Directors occupying Places 7, 8, and 9 shall serve terms expiring on February 15, 1959. The Directors who will occupy Places 2, 3, 5, 6, 8 and 9 shall be appointed by the Governor, by and with the advice and consent of the Senate, and the successors in office of each such Director shall be appointed for a term of six (6) years by the Governor, by and with the consent of the Senate. Each Director appointed to fill Places 2, 3, 5, 6, 8, and 9 shall have been a resident of the State and of the County from which he shall have been appointed for a period of at least one (1) year prior to his appointment.

The members of the Texas State Highway Commission at the time this Act becomes effective are hereby made Directors of said Authority, and if for any reason said Texas State Highway Commission at such time because of vacancies is composed of less than three (3) members, then the person or persons appointed to fill such vacancies are hereby made Directors of said Authority. The Highway Commissioners serving terms expiring February 15, 1955, February 15, 1957, and February 15, 1959, and their successors in office, shall respectively and successively occupy Places 1, 4, and 7 on such Board. All members of the Board of Directors shall be eligible for reappointment. All Directors shall have equal status and all Directors shall have a vote. Each member of the Board before entering upon his duties shall take an oath as provided by Section 1 of Article XVI of the Constitution of the State of Texas.

The Board shall elect one of the Directors as chairman and another as vice chairman, and shall elect a secretary and treasurer who need not be a member of the Board. Six members of the Board shall constitute a quorum and the vote of a majority of the members present at any meeting shall be necessary for any action taken by the Board. No vacancy in the membership of the Board shall impair the right of a quorum to exercise all the rights and perform all the duties of the Board.

Before the issuance of any turnpike revenue bonds under the provisions of this Act, each Director shall execute a surety bond in the penal sum of Twenty-five Thousand Dollars ($25,000) and the secretary and treasurer shall execute a surety bond in the penal sum of Fifty Thousand

Dollars ($50,000), each surety bond to be conditioned upon the faithful performance of the duties of his office, to be executed by a surety company authorized to transact business in the State of Texas as surety and to be approved by the Governor and filed in the office of the Secretary of State. The expense of such bonds shall be paid by the Authority.

Each appointed Director may be removed by the Governor for misfeasance, malfeasance or willful neglect of duty, but only after reasonable notice and public hearing unless the notice and public hearing are in writing expressly waived.

The members of the Authority shall not be entitled to any additional compensation for their services, but each member shall be reimbursed for his actual expenses necessarily incurred in the performance of his duties. All expenses incurred in carrying out the provisions of this Act shall be payable solely from funds provided under the authority of this Act and no liability or obligation shall be incurred by the Authority hereunder beyond the extent to which moneys shall have been provided under the authority of this Act.

The Legislature imposes on any Director, who may be a member of the State Highway Commission the extra duties required hereunder.

(d) To construct, maintain, repair and operate Turnpike Projects as hereinabove defined at such locations within the State as may be determined by the Authority subject to approval as to location by the State Highway Commission; provided that the Authority shall have no power to fix, charge, or collect tolls for transit over any existing free public Highway;

(g) To acquire, hold, and dispose of real and personal property in the exercise of its powers and the performance of its duties under this Act;

(i) To designate the location, and establish, limit and control such points of ingress to and egress from, each Turnpike Project as may be necessary or desirable in the judgment of the Authority and the Texas Highway Department to insure the proper operation and maintenance of such Project, and to prohibit entrance to such Project from any point or points not so designated.

In all cases where county or other public roads are affected or severed, the Authority is hereby empowered and required to move and replace the same, with equal or better facilities; and all expenses and resulting damages, if any, shall be paid by the Authority.

(j) To make and enter into contracts and operating agreements with similar authorities or agencies of other states; to make and enter into all contracts and agreements necessary or incidental to the performance of its duties and the execution of its powers under this Act; and to employ consulting engineers, attorneys, accountants, construction and financial experts, superintendents, managers and such other employees and agents as may be necessary in its judgments, and to fix their compensation; provided, that all such expenses shall be payable solely from the proceeds of turnpike revenue bonds issued under the provisions of this Act or from revenues; and provided further that no compensation for employees of Authority shall exceed the salary schedule of the State Highway Department for comparable positions and services.

(k) To receive and accept grants for or in aid of the construction of any Turnpike Project, and to receive and accept aid or contributions from

any source, of either money, property, labor or other things of value, to be held, used and applied only for the purposes for which such grants and contributions may be made;

(*l*) To make and enforce rules and regulations not inconsistent with the provision of this Act for use of any such Project;

(m) All contracts of the Authority for the construction, improvement, repair, or maintenance of any turnpike project shall, in so far as applicable, be made and awarded under the same conditions, terms, requirements, and provisions as are now provided for with respect to contracts of the State Highway Department in Sections 8 and 9 of Chapter 186, pages 457, 458, Acts, Thirty-ninth Legislature, 1925, as amended by Chapter 103, page 286, Acts, Forty-third Legislature, First Called Session, 1933, and Sections 10 and 13 of Chapter 186, page 458, Acts, Thirty-ninth Legislature, 1925, codified as Articles 6674h, 6674i, 6674j, and 6674m, Vernon's Civil Statutes, and in the making and awarding of such contracts the Authority shall, in so far as applicable, be under the same duties and responsibilities with respect thereto as are now imposed upon the State Highway Department by the terms and provisions of the Statutes herein enumerated. It is hereby declared to be the intention of the Legislature that the provision of this paragraph shall be mandatory.

(n) Provided, however, that the Authority in this Act created, save and except for the region included within the boundaries of Dallas and Tarrant Counties of this State, shall not be empowered or authorized to process or commence plans for or the construction of any toll road or turnpike over the same route or parts thereof or between the same terminal or intervening cities or towns, or through any counties or regions served by a toll road corporation as hereinafter described, which could in any manner whatsoever be construed as a duplication of the services rendered by a toll road running in the same general directions over the same general route or part thereof or through the same regions or counties of the State which has been planned, commenced or constructed by a toll road corporation chartered prior to April 1, 1953, under the laws of this State which provides in its articles of incorporation, bylaws, or otherwise, that none of the net income or profits, whether realized or unrealized, shall ever inure to the benefit of or be distributed to any private shareholder or any other private person, association or corporation whatsoever, and that, after payment of all indebtedness for the acquisition, construction, maintenance and operation of such toll road, the title of all the assets of said toll road corporation shall be conveyed to the State of Texas or to the county or counties in which such toll road is situated; provided further, however, that such toll road corporation commence the construction of such toll road within a period of eighteen (18) months from the effective date of this Act.

(*o*) To do all acts and things necessary or appropriate to carry out the powers expressly granted in this Act.

Incidental Powers

Sec. 6. The Authority shall have authority to construct grade separations at intersections of Turnpike Projects with railroads and with highways, and to change and adjust the lines and grades of such highways so as to accommodate the same to the design of such grade separation. The cost of such grade separations and any damage incurred in changing and adjusting the lines and grades of railroads or such highways shall be paid by the Authority as a part of the cost of such Turnpike Project.

If the Authority shall find it necessary to change the location of any portion of any highway, it shall cause the same to be reconstructed at such location as the Authority and the Texas Highway Department shall deem most favorable and of substantially the same type and in as good condition as the original highway. The cost of such reconstruction and any damage incurred in changing the location of any such highway shall be ascertained and paid by the Authority as a part of the cost of such Turnpike Project. No Project shall be instituted for the purpose of being substituted for or taking the place of an existing highway. Each Project shall be essentially an additional facility.

In addition to the foregoing powers, the Authority and its authorized agents and employees may enter upon any lands, waters and premises in the State for the purpose of making surveys, soundings, drillings and examinations as it may deem necessary or appropriate for the purpose of this Act, and such entry shall not be deemed a trespass, nor shall any entry for such purposes be deemed an entry under any condemnation proceedings which may be then pending. The Authority shall make reimbursement for any actual damages resulting to such lands, waters and premises as a result of such activities.

The Authority also shall have power to make reasonable regulations for the installation, construction, maintenance, repair, renewal, relocation and removal of tracks, pipes, mains, conduits, cables, wires, towers, poles and other equipment and appliances (herein called "Public Utility Facilities") of any public utility, railroad or pipeline company, or of any person, in, on, along, over or under the Turnpike Project. Whenever the Authority shall determine that it is necessary that any Public Utility Facilities which now are, or hereafter may be, located in, on, along, over or under the Turnpike Project should be relocated in such Project, or should be removed from such Project, or should be carried along or across the Turnpike by grade separation, the owner or operator of such facilities shall relocate or remove the same in accordance with the order of the Authority; provided, however, that the cost and expenses of such relocation or removal or grade separation, including the cost of installing such facilities in a new location or new locations, and the cost of any land, or any rights, or interest in lands, and any other rights, acquired to accomplish such relocation or removal, and the cost of maintenance of grade separation structures, shall be paid by the Authority as a part of the cost of or cost of operating such Turnpike Project. In case of any such relocation or removal of facilities, the owners or operators of the same, their successors or assigns, may use and operate such facilities, with the necessary appurtenances, in the new location or new locations, for as long a period, and upon the same terms and conditions, as they had the right to maintain and operate such facilities in their former location or locations. Provided, however, notwithstanding anything contained herein to the contrary, the provisions of House Bill No. 393, Acts, Fifty-first Legislature, 1949, Chapter 228, Page 427,[1] shall apply to the erection, construction, maintenance, and operation of lines and poles owned by corporations organized under the Electric Cooperative Corporation Act of this State,[2] and all other corporations (including River Authorities created by the Legislature of this State) engaged in either the generation, transmission, or distribution of electric energy in Texas and whose operations are subject to the Judicial and Legislative processes of this State, over, under, across, upon and along any Project constructed by the Authority; provided, however, that the Authority shall have the same powers and duties as are delegated the State Highway Commission under the provisions of said House Bill No. 393, Acts,

Fifty-first Legislature, 1949, Chapter 228, Page 427, and further provided that notwithstanding anything contained herein to the contrary, the existing laws of the State of Texas applicable to the use of public roads, streets and waters of the State by telephone and telegraph corporations shall apply also to the erection, construction, maintenance, location and operation of lines, poles and other fixtures by telegraph and telephone corporations over, under, across, upon and along any Project constructed by the Authority.

The State of Texas hereby consents to the use of all lands owned by it, including lands lying under water, which are deemed by the Authority to be necessary for the construction or operation of any Turnpike Project. Provided, however, that nothing herein shall be construed as depriving the School Land Board of authority to execute leases in the manner authorized by law for the development of oil, gas and other minerals on State-owned lands adjoining any such Project, or in tidewater limits, and to this end such leases may provide for directional drilling from such adjoining land and tidewater area.

1 Article 1436a.
2 Article 1528b.

Purchase of Property

Sec. 7. The Authority is hereby authorized and empowered to acquire by purchase, whenever it shall deem such purchase expedient, any land, property rights, right-of-ways, franchises, easements and other interests in lands as it may deem necessary for the construction or operation of any Turnpike Project upon such terms and at such price as may be considered by it to be reasonable and can be agreed upon between the Authority and the owner thereof, and to take title thereto in the name of the Authority.

The governing body of every county, city, town, political subdivision or public agency is authorized without any form of advertisement to make conveyance of title or rights and easements to any property needed by the Authority to effect its purposes in connection with the construction or operation of a Turnpike Project.

Condemnation of Property

Sec. 8. Whenever a reasonable price cannot be agreed upon, or whenever the owner is legally incapacitated, or is absent, unknown or unable to convey valid title, the Authority is hereby authorized, and empowered to acquire, by the exercise of the power of condemnation and in accordance with and subject to the provisions of any and all existing laws and statutes applicable to the exercise of the power of condemnation of property for public use, any land, property rights, right-of-ways, franchises, easements or other property deemed necessary or appropriate for the construction or the efficient operation of any Turnpike Project or necessary to the restoration of, public or private property damaged or destroyed; provided, however, the Authority may not condemn any land except such as will be necessary for road and right-of-way purposes. The road and right-of-way purposes for which the Authority may condemn land, shall include the land necessary for access, approach, and interchange roads, but shall not include any supplemental facility for other purposes. Such supplemental facilities must be constructed upon land acquired by purchase and not by condemnation. In any condemnation proceedings the Court having jurisdiction of the suit, action or proceeding, may make such orders as may be just to the Authority and to the owners of the property to be condemned

and may require an undertaking or other security to secure such owners against any loss or damage by reason of the failure of the Authority to accept and pay for the property, but neither such undertaking or security nor any act or obligation of the Authority shall impose any liability upon the State or the Authority except such as may be paid from the funds provided under the authority of this Act.

In all cases where property of an owner is severed by the Turnpike Project, the Authority shall pay the value of the property acquired and the severance damages, to the property remaining in the owner. Such severance damages shall include those arising from the inaccessibility of one tract to the other. The Authority shall provide and maintain at all times for the owner of such severed land, his employees and representatives, without charge, a passageway over or under the project, provided however that the Authority shall not be required to furnish such a passageway (1) if the owner waives such requirement, or (2) if the original tract or ownership involved is less than eighty acres. The Authority is hereby authorized and empowered to negotiate for, and purchase the land or either tract of the land severed, provided satisfactory terms may be agreed upon with the owner. All severed land acquired by the Authority, as herein provided, shall be sold and disposed of by the Authority within a period of two years after its acquisition.

In addition to any other power granted in this Act, the powers and procedure granted to and available to the State Highway Commission for acquisition of property, are likewise granted to and made available to the Authority, subject to the provisions of this Act.

Turnpike Revenue Bonds

Sec. 9. The Authority is hereby authorized to provide by resolution, from time to time, for the issuance of turnpike revenue bonds of the Authority for the purpose of paying all or any part of the cost of a Turnpike Project. Each Project shall be financed and built by a separate issue of bonds. The proceeds of no issue of bonds shall be divided between or among two or more projects. The cost of each Project shall be determined and set up as a separate project and undertaking. The principal of and the interest on such bonds shall be payable solely from the funds herein provided for such payment and from the revenues of the particular project for which such bonds were issued. The bonds of each issue shall be dated, shall bear interest at such rate or rates, not exceeding five (5) per centum per annum, shall mature at such time or times, not exceeding forty (40) years from their date or dates, as may be determined by the Authority, and may be made redeemable before maturity, at the option of the Authority, at such price or prices and under such terms and conditions as may be fixed by the Authority prior to the issuance of the bonds.

The Authority shall determine the form of the bonds, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the State. The bonds shall be signed by the Chairman of the Authority, or shall bear his facsimile signature, and the official seal of the Authority or a facsimile thereof shall be impressed or printed thereon, and attested by the Secretary and Treasurer of the Authority. Any coupons attached thereto shall bear the facsimile signature of the Chairman of the Authority. In cases where any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons

shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes, the same as if he had remained in office until such delivery. All bonds issued under the provisions of this Act shall have and are hereby declared to have all the qualities and incidents of, and are hereby declared to be and are constituted negotiable instruments under the negotiable instruments law of the State. The bonds may be issued in coupon or in registered form, or both, as the Authority may determine, and provisions may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds of any bonds registered as to both principal and interest. If the duty of such reconversion is imposed on the Trustee in a Trust Agreement as authorized under Section 11, the substituted coupon bonds need not be reapproved by the Attorney General of Texas, and they shall remain incontestable. The Authority may sell such bonds in such manner, either at public or at private sale, and for such price, as it may determine to be for the best interests of the Authority, but no such sale shall be made at a price so low as to require the payment of interest on the money received therefor at more than five (5) per centum per annum, computed with relation to the absolute maturity of the bonds in accordance with standard tables of bond values, excluding, however, from such computation the amount of any premium to be paid on redemption of any bonds prior to maturity.

The proceeds of the bonds of each issue shall be used solely for the payment of the Cost of the Turnpike Project for which such bonds shall have been issued, and shall be disbursed in such manner and under such restrictions, if any, as the Authority may provide in the resolution authorizing the issuance of such bonds or in the trust agreement hereinafter mentioned securing the same. If the proceeds of the bonds of any issue, by error of estimates or otherwise, shall be less than such Cost, additional bonds may in like manner be issued to provide the amount of such deficit, and, unless otherwise provided in the resolution authorizing the issuance of such bonds or in the trust agreement securing the same, shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued. If the proceeds of the bonds of any issue shall exceed the Cost of the Turnpike Project for which the same shall have been issued, the surplus shall be deposited to the credit of the sinking fund for such bonds.

Prior to the preparation of definitive bonds, the Authority may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable or definitive bonds when such bonds shall have been executed and are available for delivery. The Authority may also provide without reapproval by the Attorney General, for the replacement of any bonds which shall become mutilated or shall be destroyed or lost. Bonds may be issued under the provisions of this Act without obtaining the consent of any department, division, commission, board, bureau or agency of the State, and without any other proceedings or the happening of any other conditions or things than those proceedings, conditions or things which are specifically required by this Act.

Before the Authority may deliver any bonds issued hereunder to the purchaser thereof, the proceedings authorizing their issuance and securing the bonds shall be presented to the Attorney General of Texas for examination and approval. If the bonds shall have been duly authorized in accordance with the Constitution and laws of the State and

constitute valid and binding obligations of the Authority, according to their tenor and effect, and proper charges against the revenues pledged to their payment, he shall approve the bonds. Without such approval the bonds cannot be so issued and delivered to the purchaser. The bonds when approved shall be registered by the Comptroller of Public Accounts of the State of Texas. After such approval and registration the bonds shall be incontestable.

Turnpike Revenue Refunding Bonds

Sec. 10. The Authority is hereby authorized to provide by resolution for the issuance of turnpike revenue refunding bonds of the Authority for the purpose of refunding any bonds then outstanding, issued on account of a Project, which shall have been issued under the provisions of this Act, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds, and, if deemed advisable by the Authority, for the additional purpose of constructing improvements, extensions or enlargements to the Turnpike Project in connection with which the bonds to be refunded shall have been issued. The issuance of such bonds, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties and obligations of the Authority in respect of the same, shall be governed by the provisions of this Act in so far as the same may be applicable. Within the discretion of the Authority the refunding bonds may be issued in exchange for outstanding bonds or may be sold and the proceeds used for the purpose of redeeming outstanding bonds.

Trust Agreement

Sec. 11. In the discretion of the Authority any bonds issued under the provisions of this Act may be secured by a trust agreement by and between the Authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the State. Any such trust agreement may pledge or assign the tolls and other revenues to be received, but shall not convey or mortgage any Turnpike Project or any part thereof.

No trust agreement shall evidence a pledge of the revenues of any Project to any other purpose than for the payment of the cost of maintaining, repairing and operating the Turnpike Project and the principal of and interest on such bonds as the same shall become due and payable and to create and maintain reserves for such purposes, as prescribed in Section 12 hereof. Any such trust agreement or any resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the Authority in relation to the acquisition of property and the construction, improvement, maintenance, repair, operation and insurance of the Turnpike Project in connection with which such bonds shall have been authorized, and the custody, safeguarding and application of all moneys, and provisions for the employment of consulting engineers in connection with the construction or operation of such Turnpike Project. It shall be lawful for any bank or trust company incorporated under the laws of the State which may act as depository of the proceeds of bonds or of revenues to furnish such indemnifying bonds or to pledge such securities as may be required by the Authority. Any such trust agreement may set forth the rights and remedies of the bondholders and of the trustee, and may restrict the individual right of action by bondholders as is

customary in trust agreements or trust indentures securing bonds and debentures of corporations. In addition to the foregoing, any such trust agreement may contain such provisions as the Authority may deem reasonable and proper for the security of the bondholders. All expenses incurred in carrying out the provisions of any such trust agreement may be treated as a part of the cost of the operation of the Turnpike Project.

Revenues

Sec. 12. The Authority is hereby authorized to fix, revise, charge and collect tolls for the use of each Turnpike Project and the different parts or sections thereof, and to contract with any person, partnership, association or corporation desiring the use of any part thereof, including the right-of-way adjoining the paved portion, for placing thereon gas stations, garages, stores, hotels, restaurants, or for any other purpose except for tracks for railroad or railway use, and except for use by telephone, telegraph, electric light or power lines and to fix the terms, conditions, rents and rates of charges for such use. Such tolls shall be so fixed and adjusted in respect of the aggregate of tolls from the Turnpike Project in connection with which the bonds of any issue shall have been issued as to provide a fund sufficient with other revenues, if any, to pay (a) the cost of maintaining, repairing and operating such Turnpike Project and (b) the principal of and the interest on such bonds as the same shall become due and payable, and to create reserves for such purposes. Such tolls shall not be subject to supervision or regulation by any other commission, board, bureau or agency of the State. The tolls and all other revenues derived from the Turnpike Project in connection with which the bonds of any issue shall have been issued, except such part thereof as may be necessary to pay such cost of maintenance, repair and operation and to provide such reserves therefor as may be provided for in the resolution authorizing the issuance of such bonds or in the trust agreement securing the same, shall be set aside at such regular intervals as may be provided in such resolution or such trust agreement in a sinking fund which is hereby pledged to, and charged with, the payment of (1) the interest upon such bonds as such interest shall fall due, (2) the principal of such bonds as the same shall fall due, (3) the necessary charges of paying agents for paying principal and interest, and (4) the redemption price or the purchase price of bonds retired by call or purchase as therein provided. The use and disposition of moneys to the credit of such sinking fund shall be subject to the provisions of the resolution authorizing the issuance of such bonds or of such trust agreement.

The revenues and disbursements for and on behalf of each Project shall be kept separately. No revenues of one Project shall be used to pay cost of another Project. The moneys in the sinking fund, less such reserve as may be provided in such resolution or trust agreement, if not used within a reasonable time for the purchase of bonds for cancellation as above provided, shall be applied to the redemption of bonds at the redemption price then applicable.

Trust Funds

Sec. 13. All moneys received pursuant to the authority of this Act, whether as proceeds from the sale of bonds or as revenues, shall be deemed to be trust funds, to be held and applied solely as provided in this Act. The resolution authorizing the issuance of bonds of any issue or the trust agreement securing such bonds shall provide that any officer

to whom, or any bank or trust company to which, such moneys shall be paid shall act as trustee of such moneys and shall hold and apply the same for the purpose thereof, subject to such regulations as this Act and such resolution or trust agreement may provide.

Remedies

Sec. 14. Any holder of bonds issued under the provisions of this Act or any of the coupons appertaining thereto, and the trustee under any trust agreement, except to the extent the rights herein given may be restricted by such trust agreement, may, either at law or in equity, by suit, action, mandamus, or other proceedings, protect and enforce any and all rights under the laws of the State or granted hereunder or under such trust agreement or the resolution authorizing the issuance of such bonds, and may enforce and compel the performance of all duties required by this Act or by such trust agreement, or resolution to be performed by the Authority or by any officer thereof, including the charging and collecting of tolls.

Exemption from Taxation

Sec. 15. The exercise of the powers granted by this Act will be in all respects for the benefit of the people of the State, for the increase of their commerce and prosperity, and for the improvement of their health and living conditions, and as the operation and maintenance of Turnpike Projects by the Authority will constitute the performance of essential governmental functions, the Authority will not be required to pay any taxes or assessments upon any Turnpike Project or any property acquired or used by the Authority under the provisions of this Act or upon the income therefrom, and the bonds issued under the provisions of this Act, their transfer and the income therefrom, including any profit made on the sale thereof, shall at all times be free from taxation within the State.

Eligibility of Bonds

Sec. 16. All bonds of the Authority shall be and are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, savings and loan associations, insurance companies, fiduciaries, trustees, guardians, and for the sinking funds of cities, towns, villages, counties, school districts, and other political corporations or subdivisions of the State of Texas. Such bonds shall be eligible to secure the deposit of any and all public funds of the State of Texas, of any and all public funds of cities, towns, villages, counties, school districts and other political subdivisions of the State of Texas; and such bonds shall be lawful and sufficient security for said deposits to the extent of their face value or to the extent of their market value, whichever value is the smaller, when accompanied by all unmatured coupons appurtenant thereto.

Dallas-Fort Worth Turnpike Project

Sec. 17. The Authority is expressly authorized and required to take immediate steps to process the construction of a Project to be known as "Dallas-Fort Worth Turnpike," and to construct, maintain, repair and operate such Turnpike Project between the cities of Dallas and Fort Worth. The project shall extend from a convenient connecting point in the principal East-West highway artery through the City of Dallas in Dallas County, to a convenient connecting point in the principal East-West highway artery through the City of Fort Worth in Tarrant

County, along a route to be approved by the Highway Commission of the State of Texas, to be situated for the greater part of its length between United States Highway No. 80 and State Highway No. 183, and shall embrace all bridges, tunnels, overpasses, underpasses, interchanges, entrance plazas, approaches, toll houses, service stations and administration, storage and other buildings which the Authority may deem necessary for the operation of the Project, together with all property rights, easements and interests which may be acquired by the Authority for the construction or the operation of the Project.

Existing toll roads as part of free highway system

Sec. 18. The Authority hereby created is authorized, empowered and directed to receive and accept for the State of Texas as a part of the free highway system thereof any toll road constructed and operated by a toll road corporation as described in Section 5, subsection (n), hereof, subject to the following conditions and requirements:

"1. That at the time of such acceptance such toll road shall be free and clear of any and all encumbrances.

"2. That no compensation whatsoever shall be required to be paid therefor by the State of Texas.

"3. That at the time of such acceptance by the Authority such toll road shall be in good condition and repair to the satisfaction of the State Highway Commission.

"4. That such toll road shall have been constructed and maintained in such a manner as to be equal or superior to the standards of the State Highway Commission.

"5. That in letting the contracts for the construction and maintenance of said road such toll road corporation shall have followed the methods and procedures as are used by the State Highway Commission of Texas in such matters.

"A toll road corporation as described in Section 5, subsection (n) hereof, shall be obligated to make an irrevocable gift of all of its assets to the State of Texas and shall irrevocably bind itself to use all of its net income or profits to retire the indebtedness created for the acquisition, construction, maintenance and operation of such road, and which corporation shall at the time of the acquisition of any real property execute such instruments as may be necessary to convey or transfer such real property to the State of Texas, which instruments shall be deposited in escrow with any banking corporation chartered under the laws of Texas or of the United States with an escrow agreement which shall authorize and empower said escrow agent to deliver such instruments of conveyance and transfer to the Authority herein created when the requirements and conditions set forth above have been met and complied with. The authority herein created is hereby authorized, empowered and directed on behalf of the State of Texas to execute such instruments as may be necessary to complete such escrow agreement.

"The equitable, beneficial and superior title to the property belonging to a corporation described in Section 5, subsection (n) hereof, which is subject to an escrow agreement provided herein shall be vested at all times in the State of Texas and shall constitute public property used for public purposes, subject only to any liens or encumbrances created against said property by such corporation to finance the acquisition, construction, maintenance or operation of such road, and the board of directors of such corporation is hereby authorized and empowered to

pledge, mortgage or otherwise encumber any of its properties or revenues, whether realized or unrealized, for such purposes, and the authorities herein created shall be required to execute such instruments of consent and subordination as may be required to give and grant such corporation such rights to pledge, mortgage or otherwise encumber its property for the purposes above set forth and, provided further, that neither the State of Texas nor any of its political subdivisions nor the Authority herein created shall ever be liable in any way for any indebtedness created by such a corporation or for any claim, demand, or obligation of any kind which may arise or be asserted against such a corporation, and that all bonds or other evidences of indebtedness of such corporation shall contain a statement to that effect on the fact thereof."

Cessation of Tolls

Sec. 19. When all bonds issued under the provisions of this Act in connection with any Turnpike Project, and the interest thereon shall have been paid or a sufficient amount for the payment of all such bonds and the interest thereon to the maturity thereof or for the redemption thereof, shall have been set aside in trust for the benefit of the bondholders, such Project, if then in good condition and repair to the satisfaction of the State Highway Commission, shall become part of the State Highway Commission and shall thereafter be maintained by the State Highway Commission, free of tolls. But if at the time such bonds are so paid or the redemption thereof so provided for, the State Highway Commission determines that the Project is not in such state of repair as justifies its acceptance as a part of the State Highway System, the Authority shall continue to operate the Project as a toll facility, and shall continue the tolls then in effect or revise the tolls so as to provide money sufficient to assure payment of the expense of maintenance and operation, and the making of such repairs and replacements as are necessary to meet the minimum requirements of the State Highway Commission within the shortest practicable time. Any money remaining to the credit of such Project after retirement of all of the bonds issued on its account—shall, upon acceptance of the Project by the State Highway Commission, be delivered by the Authority to the State Highway Commission and shall be held by it as a special reserve fund to assure continued maintenance of the facilities comprising the Project, to be administered under rules and regulations to be prescribed by the State Highway Commission. When the bonds issued to finance a Turnpike Project are fully paid and the Turnpike Project has been accepted by the State Highway Commission as provided for in this Section 19, within one (1) year from date of acceptance of said Project, including all the installations thereon, excepting only the roadbed and highway sections, the State Highway Department shall advertise for public sale all of said installations which may have been acquired as provided in Section 12 hereof, and shall receive sealed bids therefor. It may reject any or all bids but shall dispose of all such properties within two (2) years after accepting title to the Turnpike Project.

Preliminary Expenses

Sec. 20. The State Highway Commission is hereby authorized in its discretion, if and to the extent requested by the Authority, to expend out of any funds available for the purpose, such moneys as may be necessary for the study of a Project and to use its engineering and other forces, including consulting engineers and traffic engineers, for the purpose of effecting such study and to pay for such additional engineering

Within its discretion the Authority may make arrangements with the Department of Public Safety for the services of police officers of that Agency.

All private property damaged or destroyed in carrying out the powers granted by this Act shall be restored or repaired and placed in its original condition as nearly as practicable or adequate compensation made therefor out of funds provided under the authority of this Act.

In making such report, each project shall be listed and reported separately. Each such report shall set forth a complete operating and financial statement covering its

operations for each project during the year. The Authority shall cause an audit of its books and accounts to be made at least once in each year by certified public accountants and the cost thereof may be treated as a part of the cost of construction or of operation of the Turnpike Project.

Additional Method

Sec. 22. The foregoing sections of this act shall be deemed to provide an additional and alternative method for the doing of the things authorized thereby, and shall be regarded as supplemental and additional to powers conferred by other laws, and shall not be regarded as in derogation of any powers now existing; provided, however, that the issuance of turnpike revenue bonds or turnpike revenue refunding bonds under the provisions of this Act need not comply with the requirements of any other law applicable to the issuance of bonds.

Art. 6701c—1. Commercial vehicles or truck-tractors; operation by other than owner

Definitions

Section 1. The following words and phrases, when used in this Act, shall, for the purpose of this Act, have the meanings respectively ascribed to them in this section, as follows:

"Vehicle". Every mechanical device, in, upon, or by which any person or property is or may be transported or drawn upon a public highway, including motor vehicles, commercial motor vehicles, truck-tractors, trailers, and semi-trailers, severally, as hereinafter defined, but excepting devices moved by human power or used exclusively upon stationary rails or tracks.

"Commercial Motor Vehicle". Every motor vehicle, other than a motorcycle or passenger car, designed or used primarily for the transportation of property, including any passenger car which has been reconstructed so as to be used, and which is being used, primarily for delivery purposes, with the exception of passenger cars used in the delivery of the United States mails.

"Truck-tractor". Every motor vehicle designed or used primarily for drawing other vehicles, and not so constructed as to carry a load other than a part of the weight of the vehicle and load so drawn.

Filing copy of lease, memorandum or agreement; copies carried in cab; display; exceptions to application of act

Sec. 2. No commercial motor vehicle nor any truck-tractor shall be operated over any public highway of this State by any person other than the registered owner thereof, or his agent, servant or employee under the supervision, direction, and control of such registered owner unless such other person under whose supervision, direction and control said motor vehicle or truck-tractor is operated shall have cause to be filed with the Department of Public Safety an executed copy of the lease, memorandum, or agreement under which such commercial motor vehicle or truck-tractor is being operated and shall have in the cab thereof a true copy of the lease, memorandum or agreement together with a true copy of the letter of transmittal to the Department of Public Safety, signed by the owner or an official of the company, showing the date that the lease, memorandum or agreement covering any such motor vehicle or truck-tractor was posted or otherwise transmitted to the Department of Public Safety at Austin, Texas, and such lease, memorandum or agreement and letter shall be displayed to any officer authorized to enforce this Act, upon request by such officer. For the purposes of this Act, a lease, memorandum or agreement shall be considered as filed with the Department of Public Safety by depositing an executed copy of such lease, memorandum or agreement in the United States mail, properly addressed to the Department of Public Safety at Austin, Texas. Provided, however, that this Act shall not apply to any vehicle lawfully registered as a farm vehicle under the provisions of Acts of the 41st Legislature, 2nd Called Session, 1929, Chapter 88, page 172, Section 6a, as amended by subsequent session of the Legislature and as codified as Article 6675a—6a, Revised Civil Statutes of Texas. And provided further, that this Act shall not apply to motor vehicles, commercial motor vehicles, and truck-tractors used exclusively to transport sand, gravel, dirt, caliche, shell, cement, ready-mix concrete, asphalt rock, and aggregate; nor shall this Act apply to such vehicles as are used exclusively in the transportation of sand, gravel, dirt, caliche, shell, cement, ready-mix concrete, asphalt rock, aggregate, and other similar road-building substances ordinarily transported in bulk when such substances are being transported to or from the job site of any construction project being performed for or on behalf of the Federal Government, the State of Texas or any political subdivision thereof, or to or from the construction site of any national defense project, airport and roadways leading thereto, or to or from the construction site of any road, highway, and expressway; nor shall the requirements of this Act apply to any motor vehicle or truck-tractor which is used exclusively in the transportation of liquefied petroleum gases when such vehicle is being operated in accordance with the provisions of Chapter 363, page 612, Acts 52nd Legislature, 1951, and the provisions of Article 6053, Revised Civil Statutes of Texas, 1925, as amended, and the rules and regulations adopted by the Railroad Com-

mission of Texas governing the handling and odorization of liquefied petroleum gases and specifications for the design, construction and installation of equipment used in the transportation, storage, dispensing, and consumption of liquefied petroleum gases. And provided further, that this Act shall not apply to commercial motor vehicles and truck-tractors leased or rented:

(a) without drivers from an individual, person, co-partnership, association or corporation whose principal business is the leasing or renting of motor vehicle equipment without drivers for compensation;

(b) and who maintain an established place of business and whose lease or rental contracts require the motor vehicle equipment to return to the established place of business;

(c) and who have dated and filed within ten (10) days of January 1st, April 1st, July 1st, and October 1st of each year, with the Department of Public Safety, a complete list giving a full description of all such commercial motor vehicles and truck-tractors owned by such individual, person, co-partnership, association or corporation, as of the date of the report, and available for lease or rent without drivers for compensation. After the first complete list is filed under the terms hereof, the subsequent quarterly filing of a list of the additional equipment so owned and available, as well as deletions from former lists filed, shall be sufficient.

If for any reason any one or more of the foregoing exceptions contained in this Act is unconstitutional or invalid, it is hereby declared to be the intention of the Legislature to enact, and it does here now enact and pass, this Act without any such exception, one or more, and if any such exception, one or more, be invalid, then such exception alone shall fall and be held for nought, and the remainder of the Act shall be and remain unimpaired, and it is so enacted.

Subsequent lease, memorandum or agreement covering same vehicle

Sec. 3. When any such lease, memorandum, or agreement, as required by Section 2 of this Act, shall have been filed with the Department of Public Safety covering the operation of any commercial motor vehicle or truck-tractor, no further such lease, memorandum, or agreement covering the operation of the same commercial motor vehicle or truck-tractor may be accepted by the Department of Public Safety for filing until the existing lease, memorandum, or agreement shall have expired in accordance with its own terms or there shall have been filed with the Department of Public Safety a full release thereof.

Contents of lease, memorandum or agreement; information confidential

Sec. 4. Such lease, memorandum, or agreement as required by Section 2 of this Act shall contain, but shall not be limited to, the name and address of the registered owner of such commercial motor vehicle or truck-tractor, the name and address of the person other than the owner, under whose supervision, direction and control the same is being operated, the actual consideration, the term, and the commodity or commodities to be transported under such lease, memorandum, or agreement and a full description of the commercial motor vehicle or vehicles or truck-tractors covered thereby, and shall state that such commercial motor vehicle or vehicles or truck-tractors are not the subject of any other such lease, memorandum, or agreement which shall have been filed with the Department of Public Safety in accordance with Section 2 of this Act and which is still in effect.

All information contained in any lease, memorandum, or agreement filed with the Department of Public Safety as required by Section 2 of this Act shall, with the exception of the name and address of the registered owner, the name and address of the person other than the owner, under whose supervision, direction and control the same is being operated, and a full description of the commercial motor vehicle or truck-tractor covered thereby, shall be for the confidential use of the Department of Public Safety; except, however, that the Department of Public Safety may make such information available to the law enforcement officers of the Interstate Commerce Commission, and may further use such information in any judicial proceeding brought in the name of the State of Texas.

Filing fee

Sec. 5. Any filing of a lease, memorandum, or agreement, or of a release thereof, as provided for in Section 2 and Section 3 of this Act, shall be accompanied by a fee of One ($1.00) Dollar, which shall be deposited in the Treasury of the State of Texas to the credit of the Operator's and Chauffeur's License Fund to be used by the Department of Public Safety for the purpose of enforcement of this Act.

Sign or placard

Sec. 6. No commercial motor vehicle or truck-tractor shall be operated over any public highway of this State when said vehicle is being operated by a person other than the registered owner or his agent, servant or employee under the supervision, direction, and control of such registered owner, unless there shall be affixed in a conspicuous place on each side thereof a sign or placard, in letters not less than two inches in height or less than one-fourth inches in width, showing the name and address of such person, firm or corporation under whose control, direction and supervision said vehicle is being operated, whether individually or through an agent, servant or employee, under the supervision, direction, and control of such person, firm or corporation other than the registered owner. Such sign or placard as is required by the provisions of this section to be affixed in a conspicuous place on each side of the vehicle need not be painted on such vehicle but may be placed on a durable placard, canvas or other material by painting, drawing, stenciling or otherwise, and in such event such placard or canvas or other material shall be securely affixed to each side of such vehicle.

No presumption of violation of other laws

Sec. 7. Compliance with the requirements of this Act shall not be construed as making a prima facie case of a bona fide lease covering a motor vehicle, nor shall compliance be construed as creating any presumption that the commercial motor vehicle or truck-tractor in question is not being operated in violation of the terms and provisions of the Acts of the 41st Legislature, 1929, Chapter 314, page 698, as amended by Acts of the 42nd Legislature, 1931, Chapter 277, page 480, as amended by Acts of the 47th Legislature, 1941, Chapter 442, page 713, and Chapter 290, page 463, and codified as Article 911b, Vernon's Civil Statutes, and Article 1690b, Vernon's Penal Code.

Loan of vehicle without compensation

Sec. 8. It shall be a complete defense to any alleged violation hereof that such commercial motor vehicle or any truck-tractor was under loan to the driver thereof or his employer, and that no compensation was paid for the use thereof.

Violations—Punishment

Sec. 9. The driver, operator, or other person operating or driving such commercial motor vehicle or truck-tractor failing to comply with any provision of this Act shall be guilty of a misdemeanor and upon conviction shall be fined in any sum not exceeding Two Hundred ($200.00) Dollars. Acts 1953, 53rd Leg., p. 561, ch. 209.

Effective 90 days after May 27, 1953, date of adjournment.

Section 10 of the Act of 1953 repealed conflicting laws and parts of laws and provided that partial invalidity should not impair the remainder of the Act.

Art. 6701c—2. Special license tags for operators of mobile amateur radio equipment

Section 1. Residents of the State of Texas who hold an unrevoked and unexpired official amateur radio station license issued by the Federal Communications Commission and who operate receiving and transmitting mobile amateur radio equipment in passenger cars, upon application, accompanied by proof of ownership of such amateur license, complying with the State motor vehicle laws relating to registration and licensing of motor vehicles, and upon payment of the regular license fee for tags, as prescribed by Article 6675a—5 of Texas Revised Civil Statutes (1925), and the payment of an additional fee of Two ($2.00) Dollars for the first year of such registration and One ($1.00) Dollar for each annual registration thereafter, shall be issued license plates, upon which may be inscribed the official amateur call letters of such applicant as assigned by the Federal Communication Commission.

Sec. 2. Applicants shall furnish proof of the Federal Communications Commission authority and their call letters to the State Highway Department, on or before the 1st day of October, preceding each registration year, and the State Highway Department shall furnish their respective Tax Assessors and Collectors license plates bearing the call letters of the applicant.

At the regular registration period the Tax Collector shall give the applicant the call letter tags and corresponding receipts. Such call letter license tags shall be the legal registration indignia [1] for the registration year for which issued, on the passenger car containing the mobile amateur radio equipment, while applicant is the bona fide owner of said vehicle.

Sec. 4. If during the registration year the applicant shall sell, trade, give, or in any way dispose of the vehicle upon which the call letter license tags are affixed, he shall turn such tags into the County Tax Assessor and Collector and receive from him replacement license tags for a fee as prescribed by law. Sec. 104. (a) The driver of a vehicle upon a highway outside of a business or residence district upon meeting or overtaking from either direction any school bus which has stopped on the highway for the purpose of receiving or discharging any school children shall stop the vehicle immediately before passing the school bus but may then proceed past

Compulsory inspection

Sec. 140. (a) It shall be the duty of the Texas Department of Public Safety to require every owner of a motor vehicle, trailer, semitrailer, pole trailer or mobile home, registered in this State, to have the brakes, lighting equipment, horns and warning devices, mirrors, and windshield wipers upon such vehicles inspected at State-appointed inspection stations or by State Inspectors as hereinafter provided, that provisions relating to the inspection of trailers and semitrailers shall not apply when the gross weight of such trailers and semitrailers and the load carried thereon is four thousand (4,000) pounds or less. Only the brakes, lighting equipment, horns and warning devices, mirrors, and windshield wipers may be inspected and the owner shall not be required to have any other equipment or part of his motor vehicle inspected as a prerequisite for the issuance of said inspection certificate.

(b) If such inspection discloses the necessity for adjustments, corrections or repairs, only the brakes, lighting equipment, horns and warning devices, mirrors, windshield wipers shall be adjusted, corrected or repaired before a certificate is issued as hereinafter provided. The owner may have such adjustments, corrections or repairs made by such qualified person or persons as he may choose, subject to reinspection as hereinafter provided.

(c) Official inspection stations appointed and supervised by the State of Texas shall make all inspections pursuant to the provisions of this Section, except as provided in subdivision (d) hereof. The Department shall cause one (1) inspection to be made in the year commencing with the effective date of this Act, and annually thereafter. The periods of inspection shall be fixed by the Department, provided, however, that at no time shall a certificate of inspection or a receipt for a certificate of inspection be required or demanded as a condition precedent to securing a license plate for any motor vehicle, regardless of any period or periods of inspection as may be fixed by the Department. The Department shall have power to make rules and regulations, not inconsistent with law, with respect to the periods of inspection.

(d) The Department may, in its discretion, permit inspection as herein provided to be made by State inspectors under such terms and conditions as the Department may prescribe. Provided, however, the Department may authorize the acceptance in this State of a certificate of inspection and approval issued in another state having a similar inspection law and may extend the time within which a certificate shall be obtained by the resident owner of a vehicle which was not in this State during the time an inspection was required.

(e) After the period designated for the inspection, no person shall operate on the highways of this State any motor vehicle registered in this State unless a valid certificate of inspection is displayed thereon as required by this Section and any inspector or patrolman of the Department of Public Safety, or any sheriff or deputy sheriff, or any City policeman who shall exhibit his badge or other signs of authority, may stop any motor vehicle not displaying this inspection certificate on the windshield and require the owner or operator to produce an official inspection certificate for the motor vehicle being operated.

(f) Any person operating a motor vehicle on the highways of this State, other than a motor vehicle licensed in another State and being temporarily and legally operated under a valid reciprocity agreement,

in violation of the provisions of this Act, or without displaying an inspection certificate shall be guilty of a misdemeanor, and shall upon conviction be punished as provided in Section 143.

(g) The Department may appoint and remove such patrolmen, assistants, inspectors and employees as it may deem necessary to carry out the provisions of this Section, prescribe their powers and duties, and fix their compensation within the amounts made available by appropriation.

(h) The provisions of this Act shall not apply to the vehicles referred to in paragraph (a) of this Section when moving under or bearing current "Factory Delivery License Plates" or current "Intransient License Plates." Nor shall the provisions of this Act apply to farm machinery, farm trailers, farm tractors, and motor vehicles of factory model 1935 or earlier, provided such motor vehicle is not driven on a federal or state highway. As amended Acts 1953, 53rd Leg., p. 738, ch. 290, § 2.

State appointed inspection stations

Sec. 141. (a) The Department may establish State-appointed inspection stations to carry out the provisions of this Section. Such stations may be located anywhere in the State, and should any be established or appointed, there shall be at least one (1) for each county. The Department is authorized to furnish instructions to, and to supervise official inspection stations for inspection of motor vehicles, trailers, semitrailers, pole trailers and mobile homes for the proper and safe performance of brakes, lighting equipment, horns and warning devices, mirrors, windshield wipers only. Every person desiring to operate as an official inspection station shall file an application for a certificate of appointment with the Department.

The application shall be made upon a form prescribed and furnished by the Department, and shall set forth the name under which the applicant transacts or intends to transact business, the location of his place of business within the State, and such other information as the Department may require. If the applicant has or intends to have more than one place of business within the State, a separate application shall be made for each place of business.

If the applicant is an association, the application shall set forth the names and the addresses of the persons constituting the association, and if a corporation, the names and addresses of the principal officers thereof, and any other information prescribed by the Department for purposes of identification. The application shall be signed and verified by oath or affirmation by the owner, if a natural person; in the case of a corporation, by an executive officer thereof or some person specifically authorized by the corporation to sign the application, to which shall be attached written evidence of his authority.

Only such locations which fulfill the Department's requirements and whose owners or proprietors comply with Department regulations shall qualify and be appointed and issued a certificate. Upon approval of an application, the Department shall issue to the owner a certificate of appointment as an official inspection station for the place of business within the State set forth in the application.

Certificates of appointment shall not be assignable, and shall be valid for the owners in whose names issued and for the transaction of business at the place designated therein, and shall at all times be conspicuously displayed at the place for which issued.

Upon being advised that an application will be approved, the applicant shall provide the bond hereinafter required and a fee of Five Dollars ($5) which shall constitute the certificate fee until August thirty-first of the odd-numbered year following the date of appointment. Thereafter, appointments shall be made for two-year periods and the certificate fee for each such period shall be Five Dollars ($5). All certificate fees shall be placed in a fund in the State Treasury to be known as the Motor Vehicle Inspection Fund and shall be used by the Department in the administration of this Act. Provided, however, that any balance remaining in such fund which is determined at any time by the Public Safety Commission to be in excess of the amount required for the administration of this Act may be used by, and is hereby appropriated to, the Texas Department of Public Safety, to be used as follows:

First, to pay the Captains, Sergeants, Privates and Patrol Inspector of the Highway Patrol Division, the Sergeants, Inspectors and Assistant Chief Inspector of the License and Weight Division, and the Captains, Senior Rangers and Junior Rangers of the Texas Rangers, in addition to their regular salary, the maximum sum of Ten Dollars ($10) per month to those who have completed five (5) years service as a law enforcement officer with the Department, the maximum sum of Twenty Dollars ($20) per month to those who have completed ten (10) years of such service, and the maximum sum of Thirty Dollars ($30) per month to those who have completed fifteen (15) years of such service.

Second, for the employment of additional Highway Patrolmen in addition to, but at salaries not to exceed those provided for by the Legislature in the biennial Departmental appropriation, and for defraying the necessary expenses incident to their employment, training, equipping, care, maintenance and administration.

(b) Every owner of an official inspection station shall be required to furnish a bond payable to the State of Texas in the amount of One Thousand Dollars ($1,000), to be approved by the Director of the Department, with two or more good and solvent sureties, or one corporate surety qualified by law to make such bond, to indemnify the State against the violation of any of the terms and conditions of this Act. Except where the surety is a corporate surety as herein provided, the bond shall first be submitted to the county judge of the county in which the inspection station is located, who shall make his recommendation to the Director whether the bond be approved or disapproved. Any inspector or any official or employee of any inspection station who shall issue an official certificate of inspection without having made an inspection of the vehicle for which it is issued or who shall knowingly or willfully issue an official inspection certificate for a motor vehicle or vehicle, the brakes, lighting equipment, horns and warning devices, mirrors, windshield wipers of which are not at the time of such issuance in a good condition and in conformity with the laws of this State shall forfeit said bond to the State of Texas.

(c) Any owner of an official inspection station who by himself, agent, servant or employee, violates any provision of this Section or requires the repair of any equipment other than that equipment set forth in Section 140(a) of this Act, shall upon conviction, be punished by a fine not exceeding Five Hundred Dollars ($500). The court in which the conviction was had shall forward to the Department a record of the conviction and may recommend the suspension or cancellation of the certificate of appointment.

The Department may for cause, upon notice in an administrative hearing, cancel or suspend the certificate of any inspection station and

the decision of the Department in respect to the cancellation or suspension of the license of an official inspection station for cause, or the refusal to reissue a license to an official inspection station shall be final. Any aggrieved party may appeal from the decision of said administrative hearing. The proceeding on appeal shall be a trial de novo, as such term is commonly used and intended in an appeal from the justice court to the county court and which appeal shall be taken in any district court of the county in which the person whose certificate of inspection station is involved, resides. At such trial the burden of proof shall always be on the Department and never shifts to the aggrieved party.

(d) The fee for compulsory inspection to be made under this Section shall be One Dollar ($1). One-fourth (¼) of each fee shall be paid to the Department and shall be placed in the Motor Vehicle Inspection Fund for the purpose of paying the expense of the administration of this law. The Department may require each official inspection station to make an advance payment of twenty-five cents (25¢) for each inspection certificate furnished to it, and the money so received shall be placed in the Motor Vehicle Inspection Fund, and no further payment to the Department shall be required upon issuance of the certificate. If such advance payment has been made, the Department shall refund to the inspection station the amount of twenty-five cents (25¢) for each unissued certificate which the inspection station returns to the Department in accordance with rules and regulations promulgated by the Department.

If an inspection disclosed the necessity for adjustments, corrections, or repairs to brakes, lighting equipment, horns and warning devices, mirrors, windshield wipers, such motor vehicles shall be reinspected free of charge after the adjustments, corrections or repairs have been made. Any such motor vehicle under the terms of this Act if involved in an accident subsequent to the required inspection shall return to an inspection station after adequate repairs are made for a second and reinspection procedure.

(e) No certificate of inspection shall be issued by any inspector or inspection station until the brakes, lighting equipment, horns and warning devices, mirrors and windshield wipers of the vehicle inspected shall have been found to be in proper and safe condition and to comply with the laws of this State. No person shall make, issue or knowingly use an imitation or counterfeit of an official inspection certificate. As amended Acts 1953, 53rd Leg., p. 738, ch. 290, § 3.

Standards of safety; certificates of inspection

Sec. 142. (a) The Department may establish uniform standards of safety as prescribed in Article XIV of this Act wherever applicable, with respect to brakes, lighting equipment, horns and warning devices, mirrors, and windshield wipers. Such standards of safety shall be posted in every official inspection station. Every motor vehicle inspected shall be required to conform in all respects to the standards of safety established pursuant to this Section.

(b) The Department shall furnish to inspection stations certificates of inspection, serially numbered, each of which shall, when issued, bear the registration number of the motor vehicle for which issued and shall be countersigned by the inspector or person in charge of the inspection station, and shall bear the true date of issuance, and shall be valid for a period not to exceed twelve (12) months from the date of issuance, but in any event such certificates of inspection shall be invalid after the first day of the next ensuing period of inspection. One (1) of such certificates of inspection shall be designated for the windshield of any motor vehicle,

and shall be pasted in the lower right-hand corner of the windshield. A certificate issued on a vehicle other than a motor vehicle shall be attached to such vehicle as the Department may require. The Commission is strictly prohibited from promulgating any regulation not prescribed by Article 14 of this Act. As amended Acts 1953, 53rd Leg., p. 738, ch. 290, § 4.

Effective 90 days after May 27, 1953, date of adjournment.

Section 1 of the amendatory Act of 1953 repealed Acts 1951, 52nd Leg., p. 240, ch. 141, which amended sections 140–142 of this article. Sections 5–7 read as follows:

"Sec. 6. As much of the Motor Vehicle Inspection Fund as may be necessary is hereby appropriated and set aside to pay refunds as provided by law.

"Sec. 7. If any portion of this Act is held unconstitutional by a court of competent jurisdiction, the remaining portions shall nevertheless be valid the same as if the invalid portion had not been a part hereof."

Notice to appear in court; promise to appear

Sec. 148. (a) Whenever a person is arrested for any violation of this Act punishable as a misdemeanor, and such person is not immediately taken before a magistrate as hereinbefore required, the arresting officer shall prepare in duplicate written notice to appear in court containing the name and address of such person, the license number of his vehicle, if any, the offense charged, and the time and place when and where such person shall appear in court. Provided, however, that the offense of speeding shall be the only offense making mandatory the issuance of a written notice to appear in court, and only then if the arrested person gives his written promise to appear in court, by signing in duplicate the written notice prepared by the arresting officer; and provided further, that it shall not be mandatory for an officer to give a written notice to appear in court to any person arrested for the offense of speeding when such person is operating a vehicle licensed in a state or country other than the State of Texas or who is a resident of a state or country other than the State of Texas.

(b) The time specified in said notice to appear must be at least ten (10) days after such arrest unless the person arrested shall demand an earlier hearing.

(c) The place specified in said notice to appear must be before a magistrate within the city or county in which the offense charged is alleged to have been committed and who has jurisdiction of such offense.

(d) The arrested person in order to secure release as provided in this section, must give his written promise so to appear in court by signing in duplicate the written notice prepared by the arresting officer. The original of said notice shall be retained by said officer and the copy thereof delivered to the person arrested. Thereupon, said officer shall forthwith release the person arrested, from custody.

"Whereas, "Speed traps" are sometimes tolerated in some small towns situated in the more thickly populated counties, which adds to the confusion and bottlenecks; and

"Whereas, Such confusion and bottlenecks create traffic problems and hazards on our State Highways; and

1. One or more freeholders, or owners of lands, persons, firms or corporations, into whose lands there is now no public road or public means of access, who desires an access road connecting his said land with the county public road system, may make a sworn application to the Commissioners Court for an order establishing such road, designating the lines sought to be opened, and the names and residences of the person or persons affected by such proposed access road, and stating the facts which show a necessity therefor.

It is the purpose of this Act to make accessible to the public, properties belonging to such private individuals as have been deprived, or may be deprived, of any means of access to their said properties from the county public road system, and which properties are not now accessible to the general public, by establishing such roads over the most economical and convenient route to be determined as hereinabove set out. Sec. 2. Before the adoption of any plan for major highways and the establishing of building or set-back lines thereon the Commissioners Court shall hold at least one public hearing related thereto, fifteen days notice of the time and place of which shall be published in at least one newspaper having general circulation within the county. Such hearing may be adjourned from time to time. Adoption of the major highway plan shall be by resolution carried by not less than a majority vote of the full membership of the court. The establishment of building or set-back lines shall be by order passed by not less than a majority vote of the full membership of the court. All building lines established pursuant to this Act shall be shown in a general manner upon a map and the same shall be filed with the County Clerk and notice thereof shall be published in at least one newspaper having general circulation within the county, and such notice shall also be posted in at least three conspicuous places along each highway affected; provided, however, that in the event the county should

fail to begin the construction of the improvement or widening of the road on which any building or set-back line has been established within four (4) years from the date when said building or set-back line had been fixed, such designation of the building or set-back line shall cease and be of no force or effect unless the time is extended therefor by agreement of the county and the property owners interested.

Board of adjustment

Sec. 4. The Commissioners Court is hereby authorized and empowered to appoint a Board of Adjustment. Such Board shall consist of five (5) freeholders of such county. The membership of the first Board appointed shall serve respectively: two members for one year, and three members for two years. Thereafter members shall be appointed for terms of two years. Members shall be removable for cause by the Commissioners Court upon written charge after public hearings. Vacancies shall be filled by the Commissioners Court for the unexpired term of any member whose term becomes vacant. Such Board of Adjustment shall hear and decide appeals where, by reason of exceptional narrowness, shallowness, shape, topography, existing building development or other exceptional and extraordinary situation or condition of a specific piece of property, the strict application of a building line established under this Act would result in peculiar and exceptional difficulties to, or hardship to, the owner of such property, to authorize upon an appeal relating to such property, a variance from the strict application under such conditions as such Board of Adjustment may impose so as to relieve the hardship or difficulties, provided such relief can be granted without substantially impairing the intent and purpose of the building line or set-back line.

The Board of Adjustment shall, with appropriate safeguards, authorize the construction of improvements or structures which may encroach on any building or set-back line established under this Act; provided, however, that should the county proceed with the projected improvement of the road within the time specified herein, then the owner of such improvements will be required to remove the same without cost to the county whatsoever.

(b) Provided further, that the tax on one and one-half per cent (1½%) of the taxable gallonage shall be deducted by the distributor in the payment to the State of Texas of the tax levied hereby. This deduction is for ordinary evaporation and other handling losses not provided for in Section 13 of this Article [1] from the time of the first sale or distribution of motor fuel in this State until its ultimate delivery to the person using or consuming such motor fuel and for the expense of collecting, accounting for, and reporting the tax levied hereunder.

(3) One-third (⅓) to the retailer or other person making a sale or distribution of such motor fuel to the person using or consuming such motor fuel.

In the distribution of motor fuel in this State if any person performs more than one (1) of the three (3) functions or activities referred to above (distributor, jobber or wholesaler, and retailer) then he shall be entitled to an allowance of one-third (⅓) of said one and one-half per cent (1½%) for each such function or activity, provided the aggregate allowances shall never exceed said one and one-half per cent (1½%).

Nothing contained herein shall be construed as entitling any person using or consuming motor fuel in this State to any portion of the allowance or deduction above provided for.

Pursuant to rules and regulations to be issued by the Comptroller of Public Accounts the allowance of one and one-half per cent (1½%) provided for in the first paragraph of this Section 2 (b) shall be allocated and distributed to the persons entitled thereto as follows: (I) every distributor who makes a first sale or distribution of motor fuel to any person described in (2) above after setting out the tax separately on the manifest at the rate of four cents (4¢) per gallon as required by Section 9 (b) of this Article shall deduct one per cent (1%) from the amount of such tax and the balance shall be the amount of tax such distributor shall be entitled to collect from such purchaser and (II) any person described in (2) above who makes a sale or distribution of motor fuel to any person described in (3) above after setting out the tax separately on the manifest at the rate of four cents (4¢) per gallon as required by Section 9 (b) of this Article shall deduct one-half (½) of one per cent (1%) from the amount of such tax and the balance shall be the amount of tax such person shall be entitled to collect from such purchaser. Art. 7345b. Suits for delinquent taxes by taxing units

Sale for less than adjudged value or aggregate of judgments in suit to party other than taxing unit prohibited; distribution of proceeds

Sec. 8. No property sold for taxes under decree in such suit shall be sold to the owner of said property, directly or indirectly or to anyone having an interest therein, or to any party other than a taxing unit which is a party to the suit, for less than the amount of the adjudged value aforesaid of said property or the aggregate amount of the judgments against the property in said suit, whichever is lower, and the net proceeds of any sale of such property made under decree of court in said suit to any party other than any such taxing unit shall belong and be distributed to all taxing units which are parties to the suit which by the judgment in said suit have been found to have tax liens against such property, pro rata and in proportion to the amounts of their respective tax liens as established in said judgment, but any excess in the proceeds of sale over and above the amount necessary to defray the costs of suit and sale and other expenses hereinabove made chargeable against such proceeds, and to fully discharge the judgments against said property, shall be paid by the sheriff or constable making the sale to the clerk of the court out of which execution or other final process issued to be retained and disposed of by him as follows:

Such excess funds shall be retained by the clerk of the court for a period of three (3) years from the date received, unless otherwise ordered by the court, after which time he shall forward such excess funds to the State Treasurer, who shall hold the same in trust to be paid to the owner against whom said taxes were assessed or the heirs or legal representative of a deceased owner. The clerk shall note upon the execution docket in each such case the amount of such excess funds, the date received by him, and the date transmitted to the State Treasurer, and shall accompany such remittance with a statement upon a form to be prescribed by the Comptroller showing the style and number of the case, the court from which execution issued, which statement shall be filed and kept by the Treasurer and a duplicate thereof shall be forwarded to the Comptroller, who shall also keep an account of such excess funds transmitted to the Treasury.

At any time within four (4) years from the date such excess funds are forwarded to the State Treasurer by the clerk of the court, anyone claiming the same may file a petition in the case out of which execution or other final process issued, setting forth in said petition the basis upon which claimant claims such excess funds, and the court shall set the same for hearing. A copy of such petition shall be served on the County or District Attorney of the county, at least twenty (20) days prior to the date of hearing, and a copy of such petition shall be forwarded to the State Treasurer and the Comptroller.

The County Attorney, or District Attorney if there be no County Attorney, of such county, shall represent the State at such hearing.

If the court shall find that such claimant is entitled to recover such excess funds, it shall make an order directing the Comptroller to issue his warrant on the Treasury against such trust funds for the payment of same, but without interest or cost; a copy of which order under the seal of the court shall be sufficient voucher for issuing such warrant.

After expiration of four (4) years from date such excess funds are received by the Treasurer he shall transfer the same from the trust fund to the general revenue fund unless there is then pending a petition by a claimant of such excess funds not acted upon, and if such claimant has not within four (4) years as herein provided filed a petition for such excess funds, the same shall be forever barred, and no claim shall be thereafter filed or allowed.

This Act shall apply to and govern the handling and disposition of excess funds arising from delinquent tax sales in the hands of the District Clerk or the State Treasurer at the effective date of this Act. The District Clerk shall submit to the State Treasurer all such excess funds which have been in his hands three (3) years or more prior to the effective date of this Act, but the District Clerk shall have thirty (30) days from the effective date of this Act to comply herewith, and such excess funds may be claimed within four (4) years from the effective date of this Act in the same manner as such funds transmitted to the State Treasurer under the terms of this Act after its effective date.

After the expiration of four (4) years from the effective date of this Act such excess funds remaining in the trust fund, unless a petition is then pending claiming such funds, the State Treasurer shall transfer all of such unclaimed funds from the trust fund to the general revenue fund and thereafter the claim for such funds shall be forever barred and no claim shall be thereafter filed or allowed. (d) The Board shall conduct hearings under such rules as the Board may adopt, and may administer oaths and subpoena and compel attendance of witnesses, deemed by the Board or the licensee to have knowledge which would aid the Board in reaching a proper decision and for enforcement of this Act, in the same manner as the District Courts of this State in civil proceedings.

(e) The Board may, by a three-fourths vote of the members of the Board present, evidenced by the signatures of such members on the order, reprimand a licensee or order an accused licensee's license suspended for such time as the Board may determine, or order his license revoked.

Appeals

Sec. 16. Within thirty (30) days after issuance of an order by the Board suspending or revoking a license, or the refusal of the Board to examine qualifications, or refusal by the Board to issue or renew a license, the affected applicant or licensee may appeal such order or refusal to the district court of the county of his residence. And the trial in said court shall be de novo as in cases of appeal from justice court to county court in the State of Texas, and upon final hearing the court shall enter its judgment suspending or revoking said license or refusing to suspend or revoke said license as the court or jury may determine. Either party may appeal as in other civil cases.

Injunction against unlawful practice

Remedy by injunction is cumulative of other remedies for prevention of unlawful practice of veterinary medicine.

from this fund shall be on order of the Board, on warrants issued by the State Comptroller for the purposes and in the amounts fixed by the Legislature in appropriation bills; except, however, for the first biennium from and after the effective date of this Act, the State Board of Veterinary Medical Examiners shall have power and authority to expend such funds as they now have, and to receive, collect and expend all such funds for the compensation and expenses of the Board members and employee salaries and other expenses for the administration and enforcement of this Act. On August 31st of each year, all money in excess of Twenty Thousand Dollars ($20,000) remaining in said "Veterinary Fund" shall revert to the General Revenue Fund of the State Treasury.

Louis W. Prentiss, representing the United States of America, an original counterpart of which has been deposited in the office of the Secretary of State for the State of Texas, is hereby, in all respects, ratified and confirmed, said Compact being as follows:

SABINE RIVER COMPACT

Entered Into by the States of
LOUISIANA
and
TEXAS

Logansport, Louisiana
January 26, 1953

SABINE RIVER COMPACT

The State of Texas and the State of Louisiana, parties signatory to this Compact (hereinafter referred to as "Texas" and "Louisiana", respectively, or individually as a "State", or collectively as the "States"), having resolved to conclude a compact with respect to the waters of the Sabine River, and having appointed representatives as follows:

For Texas: Henry L. Woodworth, Interstate Compact Commissioner for Texas; and John W. Simmons, President of the Sabine River Authority of Texas;

For Louisiana: Roy T. Sessums, Director of the Department of Public Works of the State of Louisiana;

and consent to negotiate and enter into the said Compact having been granted by Act of the Congress of the United States approved November 1, 1951 (Public Law No. 252; 82nd Congress, First Session), and pursuant thereto the President having designated Louis W. Prentiss as the representative of the United States, the said representatives for Texas and Louisiana, after negotiations participated in by the representative of the United States, have for such Compact agreed upon Articles as hereinafter set forth. The major purposes of this Compact are to provide for an equitable apportionment between the States of Louisiana and Texas of the waters of the Sabine River and its tributaries, thereby removing the causes of present and future controversy between the States over the conservation and utilization of said waters; to encourage the development, conservation and utilization of the water resources of the Sabine River and its tributaries; and to establish a basis for cooperative planning and action by the States for the construction, operation and maintenance of projects for water conservation and utilization purposes on that reach of the Sabine River touching both States, and for apportionment of the benefits therefrom.

It is recognized that pollution abatement and salt water intrusion are problems which are of concern to the States of Louisiana and Texas, but inasmuch as this Compact is limited to the equitable apportionment of the waters of the Sabine River and its tributaries between the States of Louisiana and Texas, this Compact does not undertake the solution of those problems.

ARTICLE I.

As used in this Compact:

(a) The word "Stateline" means the point on the Sabine River where its waters in downstream flow first touch the States of both Louisiana and Texas.

(b) The term "waters of the Sabine River" means the waters either originating in the natural drainage basin of the Sabine River, or appearing as streamflow in said River and its tributaries, from its headwater source down to the mouth of the River where it enters into Sabine Lake.

(c) The term "Stateline flow" means the flow of waters of the Sabine River as determined by the Logansport gauge located on the U. S. Highway 84, approximately four (4) river miles downsteam from the Stateline. This flow, or the flow as determined by such substitute gauging station as may be established by the Administration, as hereinafter defined, pursuant to the provisions of Article VII of this Compact, shall be deemed the actual Stateline flow.

(d) The term "Stateline reach" means that portion of the Sabine River lying between the Stateline and Sabine Lake.

(e) The term "the Administration" means the Sabine River Compact Administration established under Article VII.

(f) The term "Domestic use" means the use of water by an individual, or by a family unit or household for drinking, cooking, laundering, sanitation and other personal comforts and necessities; and for the irrigation of an area not to exceed one acre, obtained directly from the Sabine River or its tributaries by an individual or family unit, not supplied by a water company, water district or municipality.

(g) The term "stock water use" means the use of water for any and all livestock and poultry.

(h) The term "consumptive use" means use of water resulting in its permanent removal from the stream.

(i) The terms "domestic" and "stock water" reservoir mean any reservoir for either or both of such uses having a storage capacity of fifty (50) acre feet or less.

(j) "Stored water" means water stored in reservoirs (exclusive of domestic or stock water reservoirs) or water withdrawn or released from reservoirs for specific uses and the identifiable return flow from such uses.

(k) The term "free water" means all waters other than "stored waters" in the Stateline reach including, but not limited to, that appearing as natural stream flow and not withdrawn or released from a reservoir for specific uses. Waters released from reservoirs for the purpose of maintaining stream flows as provided in Article V, shall be "free water". All reservoir spills or releases of stored waters made in anticipation of spills, shall be free water.

(l) Where the name of the State or the term "State" is used in this Compact, it shall be construed to include any person or entity of any nature whatsoever of the States of Louisiana or Texas using, claiming, or in any manner asserting any right to the use of the waters of the Sabine River under the authority of that State.

(m) Wherever any State or Federal official or agency is referred to in this Compact, such reference shall apply equally to the comparable official or agency succeeding to their duties and functions.

ARTICLE II.

Subject to the provisions of Article X, nothing in this Compact shall be construed as applying to, or interfering with, the right or power of

either signatory State to regulate within its boundaries the appropriation, use and control of water, not inconsistent with its obligation under this Compact.

ARTICLE III.

Subject to the provisions of Article X, all rights to any of the waters of the Sabine River which have been obtained in accordance with the laws of the States are hereby recognized and affirmed; provided, however, that withdrawals, from time to time, for the satisfaction of such rights, shall be subject to the availability of supply in accordance with the apportionment of water provided under the terms of this Compact.

ARTICLE IV.

Texas shall have free and unrestricted use of all waters of the Sabine River and its tributaries above the Stateline subject, however, to the provisions of Articles V and X.

ARTICLE V.

Texas and Louisiana hereby agree upon the following apportionment of the waters of the Sabine River:

(a) All free water in the Stateline reach shall be divided equally between the two States, this division to be made without reference to the origin.

(b) The necessity of maintaining a minimum flow at the Stateline for the benefit of water users below the Stateline in both States is recognized, and to this end it is hereby agreed that:

(1) Reservoirs and permits above the Stateline existing as of January 1, 1953 shall not be liable for maintenance of the flow at the Stateline.

(2) After January 1, 1953, neither State shall permit or authorize any additional uses which would have the effect of reducing the flow at the Stateline to less than 36 cubic feet per second.

(3) Reservoirs on which construction is commenced after January 1, 1953, above the Stateline shall be liable for their share of water necessary to provide a minimum flow at the Stateline of 36 cubic feet per second; provided, that no reservoir shall be liable for a greater percentage of this minimum flow than the percentage of the drainage area above the Stateline contributing to that reservoir, exclusive of the watershed of any reservoir on which construction was started prior to January 1, 1953. Water released from Texas' reservoirs to establish the minimum flow of 36 cubic feet per second, shall be classed as free water at the Stateline and divided equally between the two States.

(c) The right of each State to construct impoundment reservoirs and other works of improvement on the Sabine River or its tributaries located wholly within its boundaries is hereby recognized.

(d) In the event that either State constructs reservoir storage on the tributaries below Stateline after January 1, 1953, there shall be deducted from that State's share of the flow in the Sabine River all reductions in flow resulting from the operation of the tributary storage and conversely such State shall be entitled to the increased flow resulting from the regulation provided by such storage.

(e) Each State shall have the right to use the main channel of the Sabine River to convey water stored on the Sabine River or its tributaries located wholly within its boundaries, downstream to a desired point of removal without loss of ownership of such stored waters. In the event that such water is released by a State through the natural channel of a tributary and the channel of the Sabine River to a downstream point of removal, a reduction shall be made in the amount of water which can be withdrawn at the point of removal equal to the transmission losses.

(f) Each State shall have the right to withdraw its share of the water from the channel of the Sabine River in the Stateline reach in accordance with Article VII. Neither State shall withdraw at any point more than its share of the flow at that point except, that pursuant to findings and determination of the Administration as provided under Article VII of this Compact, either State may withdraw more or less of its share of the water at any point providing that its aggregate withdrawal shall not exceed its total share. Withdrawals made pursuant to this paragraph shall not prejudice or impair the existing rights of users of Sabine River waters.

(g) Waters stored in reservoirs constructed by the States in the Stateline reach shall be shared by each State in proportion to its contribution to the cost of storage. Neither State shall have the right to construct a dam on the Stateline reach without the consent of the other State.

(h) Each State may vary the rate and manner of withdrawal of its share of such jointly stored waters on the Stateline reach, subject to meeting the obligations for amortization of the cost of the joint storage. In any event, neither State shall withdraw more than its pro-rata share in any one year (a year meaning a water year, October 1st to September 30th) except by authority of the Administration. All jointly stored water remaining at the end of a water year shall be reapportioned between the States in the same proportion as their contribution to the cost of the storage.

(i) Except for jointly stored water, as provided in (h) above, each State must use its apportionment of the natural stream flows as they occur and there shall be no allowance of accumulation of credits or debits for or against either State. The failure of either State to use the stream flow or any part thereof, the use of which is apportioned to it under the terms of this Compact, shall not constitute a relinquishment of the right to such use in the future; conversely, the failure of either State to use the water at the time it is available does not give it the right to the flow in excess of its share of the flow at any other time.

(j) From the apportionment of waters of the Sabine River as defined in this Article, there shall be excluded from such apportionment all waters consumed in either State for domestic and stock water uses. Domestic and stock water reservoirs shall be so excluded.

(k) Each State may use its share of the water apportioned to it in any manner that may be deemed beneficial by that State.

ARTICLE VI.

(a) The States through their respective appropriate agencies or subdivisions may construct jointly, or cooperate with any agency or instrumentality of the United States in the construction of works on the Stateline reach for the development, conservation and utilization for all beneficial purposes of the waters of the Sabine River.

(b) All monetary revenues growing out of any joint State ownership, title and interest in works constructed under Section (a) above, and accruing to the States in respect thereof, shall be divided between the States in proportion to their respective contributions to the cost of construction; provided however, that each State shall retain undivided all its revenues from recreational facilities within its boundaries incidental to the use of the waters of the Sabine River, and from its severally State-owned recreational facilities constructed appurtenant thereto.

(c) All operation and maintenance costs chargeable against any State ownership, title and interest in works constructed under Section (a) above, shall be assessed in proportion to the contribution of each State to the original cost of construction.

ARTICLE VII.

(a) There is hereby created an interstate administrative agency to be designated as the 'Sabine River Compact Administration' herein referred to as 'the Administration'.

(b) The Administration shall consist of two members from each State and of one member as representative of the United States, chosen by the President of the United States, who is hereby requested to appoint such a representative. The United States member shall be ex-officio chairman of the Administration without vote and shall not be a domiciliary of or reside in either State. The appointed members for Texas and Louisiana shall be designated within thirty days after the effective date of this Compact.

(c) The Texas members shall be appointed by the Governor for a term of two years; provided, however, that one of the original Texas members shall be appointed for a term to establish a half-term interval between the expiration dates of the terms of such members, and thereafter one such member shall be appointed annually for the regular term. One of the Louisiana members shall be ex-officio the Director of the Louisiana Department of Public Works; the other Louisiana member shall be a resident of the Sabine Watershed and shall be appointed by the Governor of Louisiana for a term of four years; provided, that the first member so appointed shall serve until June 30, 1958. Each State member shall hold office subject to the laws of his State or until his successor has been duly appointed and qualified.

(d) Interim vacancy, for whatever cause, in the office of any member of the Administration shall be filled for the unexpired term in the same manner as hereinabove provided for regular appointment.

(e) Within sixty days after the effective date of this Compact, the Administration shall meet and organize. A quorum for any meeting shall consist of three voting members of the Administration. Each State member shall have one vote, and every decision, authorization, determination, order or other action shall require the concurring votes of at least three members.

(f) The Administration shall have power to:

(1) Adopt, amend and revoke by-laws, rules and regulations, and prescribe procedures for administration of and consistent with the provisions of this Compact;

(2) Fix and determine from time to time the location of the Administration's principal office;

(3) Employ such engineering, legal, clerical and other personnel, without regard to the civil service laws of either State, as the Administration may determine necessary or proper to supplement State-furnished assistance as hereinafter provided, for the performance of its functions under this Compact; provided, that such employees shall be paid by and be responsible to the Administration and shall not be considered to be employees of either State;

(4) Procure such equipment, supplies and technical assistance as the Administration may determine to be necessary or proper to supplement State-furnished assistance as hereinafter provided, for the performance of its functions under this Compact;

(5) Adopt a seal which shall be judicially recognized.

(g) In cooperation with the chief official administering water rights in each State and with appropriate Federal agencies, the Administration shall have and perform powers and duties as follows:

(1) To collect, analyze, correlate, compile and report on data as to water supplies, stream flows, storage, diversions, salvage and use of the waters of the Sabine River and its tributaries, and as to all factual data necessary or proper for the administration of this Compact;

(2) To designate as official stations for the administration of this Compact such existing water gauging stations (and to operate, maintain, repair and abandon the same), and to locate, establish, construct, operate, maintain, repair and abandon additional such stations, as the Administration may from time to time find and determine necessary or appropriate;

(3) To make findings as to the deliveries of water at Stateline as hereinabove provided, from the stream-flow records of the Stateline gauge which shall be operated and maintained by the Administration or in cooperation with the appropriate Federal agency, for determination of the actual Stateline flow unless the Administration shall find and determine that, because of changed physical conditions or for any other reason, reliable records are not obtainable thereat; in which case such existing Stateline station may with the approval of the Administration be abandoned and, with such approval, a substitute Stateline station established in lieu thereof;

(4) To make findings as to the quantities of reservoir storage (including joint storage) and releases therefrom, diversions, transmission losses and as to incident stream-flow changes, and as to the share of such quantities chargeable against or allocable to the respective States;

(5) To record and approve all points of diversion at which water is to be removed from the Sabine River or its tributaries below the Stateline; provided that, in any case, the State agency charged with the administration of the water laws for the State in which such point of diversion is located shall first have approved such point for removal or diversion; provided further, that any such point of removal or diversion once jointly approved by the appropriate State agency and the Administration, shall not thereafter be changed without the joint amendatory approval of such State agency and the Administration;

(6) To require water users at their expense to install and maintain measuring devices of approved type in any ditch, pumping station or other water diversion works on the Sabine River or its tributaries below the Stateline, as the Administration may determine necessary or proper for the purposes of this Compact; provided that the chief official of each State charged with the administration of water rights therein shall supervise the execution and enforcement of the Administration's requirements for such measuring devices;

(7) To investigate any violation of this Compact and to report findings and recommendations thereon to the chief official of the affected State charged with the administration of water rights, or to the Governor of such State as the Administration may deem proper;

(8) To acquire, hold, occupy and utilize such personal and real property as may be necessary or proper for the performance of its duties and functions under this Compact;

(9) To perform all functions required of the Administration by this Compact, and to do all things necessary, proper or convenient in the performance of its duties hereunder.

(h) Each State shall provide such available facilities, supplies, equipment, technical information and other assistance as the Administration may require to carry out its duties and function, and the execution and enforcement of the Administration's orders shall be the responsibility of the agents and officials of the respective States charged with the administration of water rights therein. State officials shall furnish pertinent factual and technical data to the Administration upon its request.

(i) Findings of fact made by the Administration shall not be conclusive in any court or before any agency or tribunal but shall constitute prima facie evidence of such facts.

(j) In the case of a tie vote on any of the Administration's determinations, orders or other actions subject to arbitration, then arbitration shall be a condition precedent to any right of legal action. Either side of a tie vote may, upon request, submit the question to arbitration. If there shall be arbitration, there shall be three arbitrators: one named in writing by each side, and the third chosen by the two arbitrators so elected. If the arbitrators fail to select a third within ten days, then he shall be chosen by the Representative of the United States.

(k) The salaries, if any, and the personal expenses of each member of the Administration, shall be paid by the Government which he represents. All other expenses incident to the administration of this Compact and which are not paid by the United States shall be borne equally by the States. Ninety days prior to the Regular Session of the Legislature of either State, the Administration shall adopt and transmit to the Governor of such State for his approval, its budget covering anticipated expenses for the forthcoming biennium and the amount thereof payable by such State. Upon approval by its Governor, each State shall appropriate and pay the amount due by it to the Administration. The Administration shall keep accurate accounts of all receipts and disbursements and shall include a statement thereof, together with a certificate of audit by a certified public accountant, in its annual report. Each State shall have the right to make an examination and audit of the accounts of the Administration at any time.

(*l*) The Administration shall, whenever requested, provide access to its records by the Governor of either State or by the chief official of either State charged therein with the administration of water rights. The Administration shall annually on or before January 15th of each year make and transmit to the Governors of the signatory States, and to the President of the United States, a report of the Administration's activities and deliberations for the preceding year.

ARTICLE VIII.

(a) This Compact shall become effective when ratified by the Legislature and approved by the Governors of both States and when approved by the Congress of the United States.

(b) The provisions of this Compact shall remain in full force and effect until modified, altered or amended, or in the same manner as hereinabove required for ratification thereof. The right so to modify, alter or amend this Compact is expressly reserved. This Compact may be terminated at any time by mutual consent of the signatory States. In the event this Compact is terminated as herein provided, all rights then vested hereunder shall continue unimpaired.

(c) Should a court of competent jurisdiction hold any part of this Compact to be contrary to the constitution of any signatory State or of the United States of America, all other severable provisions of this Compact shall continue in full force and effect.

ARTICLE IX.

This Compact is made and entered into for the sole purpose of effecting an equitable apportionment and providing beneficial uses of the waters of the Sabine River, its tributaries and its watershed, without regard to the boundary between Louisiana and Texas, and nothing herein contained shall be construed as an admission on the part of either State or any agency, commission, department or subdivision thereof, respecting the location of said boundary; and neither this Compact nor any data compiled for the preparation or administration thereof shall be offered, admitted or considered in evidence, in any dispute, controversy, or litigation bearing upon the matter of the location of said boundary.

The term "Stateline" as defined in this Compact shall not be construed to define the actual boundary between the State of Texas and the State of Louisiana.

ARTICLE X.

Nothing in this Compact shall be construed as affecting, in any manner, any present or future rights or powers of the United States, its agencies, or instrumentalities in, to and over the waters of the Sabine River Basin.

IN WITNESS WHEREOF, the Representatives have executed this Compact in three counterparts hereof, each of which shall be and constitute an original, one of which shall be forwarded to the Administrator, General Services Administration of the United States of America and one of which shall be forwarded to the Governor of each State.

Said bond shall be conditioned upon the faithful performance of the duties of the Secretary under the law, and for

the delivery to his successor or other employee designated by the Board to receive same, all moneys, books, and other property belonging to the State then in his hands or under his control, or with which he may be legally chargeable as Secretary of the Board. The premium on such bond shall be paid out of funds made available to the Board by the Legislature. The Secretary shall keep full and accurate minutes of all meetings of the Board and complete records of all its proceedings and transactions and of every ruling, order, and decision made by it. The Secretary shall be custodian of all files and records of the Board.

(8) The Board shall hold regular meetings on dates specified by order of the Board entered upon minutes. Special meetings may be held at such times and places as said Board may deem necessary and proper in the performance of its duties. Two (2) members of said Board shall constitute a quorum for the transaction of business at any regular or special meeting. A quorum shall be present at all times during any hearing conducted under the provisions of this Chapter, and the Chairman or a member of the Board designated by him shall conduct all such hearings.

(9) The Board shall make biennial reports in writing to the Governor, in which shall be included statements of its activities, the data and information collected, and such suggestions as to the amendment of existing laws and the enactment of new laws as it may deem desirable. (11) The Attorney General shall be the legal advisor of the Board and shall represent it in litigation to which it may be a party; provided, that in addition, the Chairman, subject to approval of the Board and the written consent of the Attorney General of this State, may employ other legal counsel regularly, or may engage their services temporarily. Suits to enforce any provisions of this Chapter may be prosecuted in the courts of the State by the Attorney General.

(12) Any person affected by any ruling, order, decision, or other act of the Board, may, within one hundred and twenty (120) days after the date on which such act is performed, or, in case of a ruling, order, or decision, within one hundred and twenty (120) days after the effective date thereof, file a petition in an action to review, set aside, modify, or suspend such ruling, order, decision, or other act. Or any party affected by the failure of the Board to act in a reasonable time upon an application to appropriate water, or to perform with reasonable promptness any other duty imposed by this Chapter, may file a petition in an action to compel the Board to show cause why it should not be directed by the court to take immediate action. The venue in any or all such actions is hereby fixed exclusively in the District Court of Travis County, Texas.

(13) In all suits brought to review, modify, suspend or set aside rules and regulations, orders, decisions, or other acts of the Board, the trial shall be de novo, as that term is used and understood in an appeal from a Justice of the Peace Court to the county court. In such de novo trials, no presumption of validity or reasonableness or presumption of any character shall be indulged in favor of any such order, rule or regulation, but evidence as to the validity or reasonableness thereof shall be heard and

the determination in respect thereto will be made upon facts found therein, as in other civil cases, and the procedure for such trials and the determination of the orders and judgments to be entered therein shall be governed solely by the rules of law, evidence and procedure prescribed for the courts of this State by its Constitution, Statutes and rules of procedure applicable to the trial of civil actions. It is the intent of the Legislature that such trial shall be strictly de novo and that the decision in each such case shall be made independently of any action taken by the Board, upon a preponderance of the evidence adduced at such trial and entirely free of the so-called "substantial evidence" rule enunciated by the courts in respect to orders of other administrative or quasi-judicial agencies.

(14) Any party aggrieved by any judgment or order of a district court in any suit or judicial proceeding brought under the provisions of this Chapter shall have the right to a review on appeal to the Court of Civil Appeals, and by appeal or writ of error to the Supreme Court, as in other civil cases in which the district court has original jurisdiction, and subject to the Statutes and rules of practice and procedure in civil cases.

(15) The Board in making investigations, surveys and studies, and in performing other duties prescribed by this Chapter, may cooperate with agencies of the United States, with other agencies of this State or of any other State, with political subdivisions of the State and with persons.

(16) Upon the application of any person and upon payment of the fees prescribed therefor in the rules and regulations of the Board, the Board shall furnish certified copies of any of its proceedings or other official acts of record, or of any paper, map or document filed in the office of the Board, in connection with the appropriation of water, determination of water rights, or administration of water rights. Such certified copies under the hand of the Chairman or the Secretary, and the seal of the Board shall be admissable [1] in evidence in any court or administrative proceeding, in the same manner and with like effect as the original would be. As amended Acts 1953, 53rd Leg., p. 874, ch. 357, § 1.

At any port where vessels shall receive or discharge their cargoes at an anchorage outside of the bar, such vessel shall be liable to pilotage at the above rate to such anchorage, but shall not be liable for or compelled to pay pilotage from such anchorage to the open seas; and if any vessel bound from open sea to such anchorage, while under way, shall decline the services of a pilot, and shall afterward receive or discharge any portion of her cargo at such anchorage on the lighters or otherwise, she shall be liable for the payment of half pilotage at the above rate to such anchorage to the first pilot whose services shall have been tendered to and declined by her, but not liable for any pilotage from such anchorage to the open sea; and when a pilot takes charge of a vessel twenty miles outside of the bar, and brings her to it, he shall be entitled to one-fourth pilotage for such off-shore service, in addition to what he is entitled to recover for bringing her in, but if such offshore services be declined, no portion of said compensation shall be recovered. As amended Acts 1951, 52nd Leg., p. 252, ch. 148, § 1; Acts 1953, 53rd Leg., p. 61, ch. 48, § 1.

Disbursements from this appropriation shall be made on warrants issued by the State Comptroller based upon accounts approved by the Chairman of said Committee. Acts 1953, 53rd Leg., p. 879, ch. 359.

Effective 90 days after May 27, 1953, date of adjournment.

Title of Act:

An Act creating a Water Resources Committee; providing for its membership; prescribing the tenure of office of its members; providing for its organization; prescribing its powers, duties, and functions; providing for the emoluments of its members; making the necessary appropriations; repealing all laws in conflict; and declaring an emergency. Acts 1953, 53rd Leg., p. 879, ch. 359.

Art. 8280—6. Exclusion from conservation districts of lands within certain cities with less than 20,000 inhabitants

Section 1. Whenever there are lands presently incorporated in, or subsequently annexed to and brought within the corporate limits of any incorporated city in this State which has a population of not less than twenty thousand (20,000) inhabitants according to the latest available Federal Census, and which city also has, within its corporate limits, lands

of at least three (3) conservation districts which are organized and existing under Article 16, Section 59a of the Constitution of Texas, and all of which districts are organized primarily for irrigation purposes, the owner of such lands common to both said city and one or more such districts shall have the right to have same excluded from and taken out of any one or more of said districts of which said lands form a part, by filing an application with the governing body of any said district requesting said land to be excluded from said district by reason of it being a part of an incorporated city, and said petition shall be granted upon proof of that fact, as a matter of right, by entering upon the minutes of said district an order excluding said lands from said district; and thereafter said land which is the subject of said petition and order, shall cease to be a part of said district and shall not be subject to any other charges, taxes or assessments by said district; provided, however, said land shall continue to be liable for and subject to its proportionate part of the lawful bonded indebtedness existing against said district at time of exclusion of said land.

Sec. 2. Whenever any territory shall be excluded from a district as herein provided and at the time of such exclusion said district shall owe any bonded indebtedness for the payment of which said excluded land is subject to lawful taxes, such excluded land shall not be released from the payment of its proportionate part of annual ad valorem taxes to pay said indebtedness, but said district shall continue to levy, assess and collect ad valorem taxes annually on such excluded property at the same rate as is levied on other lands remaining in said district, until such taxes so collected shall equal the share of the bonded indebtedness chargeable to said excluded land at time of its exclusion. The taxes so collected shall be charged only with the cost of levying and collecting same, and the same shall be applied exclusively to the payment of its said proportionate part of said indebtedness. Nothing herein shall be construed or have effect to prevent the owner of any lands excluded from paying in full, at any time the proportionate share of said indebtedness, principal and interest, chargeable against said land so excluded. Acts 1953, 53rd Leg., p. 931, ch. 390.

Emergency. Effective June 8, 1953.

TITLE 130—WORKMEN'S COMPENSATION LAW

PART 4

PART I

Art. 8306. Damages and compensation for personal injuries

Accrual of compensation; medical aid, etc.

Sec. 6. No compensation shall be paid under this law for an injury which does not incapacitate the employee for a period of at least one week from earning full wages, but if incapacity extends beyond one week compensation shall begin to accrue on the eighth day after the injury. The medical aid, hospital services, chiropractic services, and medicines, as provided for in Section 7 hereof, shall be supplied as and when needed and according to the terms and provisions of said Section 7. If incapacity does not follow at once after the infliction of the injury or within eight days thereof but does result subsequently, compensation shall

begin to accrue with the eighth day after the date incapacity commenced. In any event the employee shall be entitled to the medical aid, hospital service, chiropractic service, and medicines provided in this law. Provided further, that if such incapacity continues for four (4) weeks or longer, compensation shall be computed from the inception date of such incapacity. As amended Acts 1953, 53rd Leg., p. 493, ch. 178, § 1.

Effective 90 days after May 27, 1953, date of adjournment.

Medical aid, hospital services, chiropractic services, and medicines

Sec. 7. During the first four weeks of the injury, dating from the date of its infliction, the association shall furnish reasonable medical aid, hospital services, nursing, chiropractic services, and medicines. During the fourth or any subsequent week, upon application of the attending physician or chiropractor certifying the necessity therefor to the Board and to the association, the Board may authorize additional medical attention, nursing and chiropractic services not to exceed one (1) week, unless at the end of such additional week the attending physician or chiropractor shall certify to the necessity for another week of medical or chiropractic attention or nursing or so much thereof as may be needed, but in no event shall such medical attention, nursing, or chiropractic services be authorized for a period longer than ninety-one (91) days from date of injury. If the association fails to so furnish same as and when needed during the time specified after notice of the injury to the association or subscriber, the injured employee may provide said medical aid, nursing, hospital services, chiropractic services, and medicines at the cost and expense of the association. The employee shall not be entitled to recover any amount expended or incurred by him for said medical aid, nursing, hospital services, chiropractic services, or medicines, nor shall any person who supplied the same be entitled to recover of the association therefor, unless the association or subscriber shall have had notice of the injury and shall have refused, failed or neglected to furnish it or them within a reasonable time. At the time of the injury or immediately thereafter, if necessary, the employee shall have the right to call in any available physician, surgeon, or chiropractor to administer first-aid treatment as may be reasonably necessary at the expense of the association. During the fourth or any subsequent week of continuous total incapacity requiring the confinement to a hospital, the association shall, upon application of the attending physician, surgeon or chiropractor certifying the necessity therefor to the Industrial Accident Board and to the association, furnish such additional hospital services as may be deemed necessary not to exceed one (1) week, unless at the end of such additional week the attending physician or chiropractor shall certify to the necessity for another week of hospital services or so much thereof as may be needed, but in no event shall such hospital services be authorized for a period longer than one hundred and eighty (180) days from date of injury. Such additional hospital services as are herein provided shall not be held to include any obligation on the part of the association to pay for medical, nursing or surgical services not ordinarily provided by hospitals as a part of their services. As amended Acts 1947, 50th Leg., p. 521, ch. 307, § 1; Acts 1953, 53rd Leg., p. 493, ch. 178, § 2.

Change in medical aid, hospital services, chiropractic services and medicines

Sec. 7a. If it be shown that the association is furnishing medical aid, hospital services, chiropractic services, and medicines provided for by Section 7 hereof in such manner that there is reasonable ground for believing that the life, health or recovery of the employee is being endangered or impaired thereby, the Board may order a change in the

physician, chiropractor or other requirements of said section. If the association fails promptly to comply with such order after receiving it, the Board may permit the employee or some one for him to provide the same at the expense of the association under such reasonable regulations as may be provided by said board. As amended Acts 1953, 53rd Leg., p. 493, ch. 178, § 3.

Fees and charges for medical aid, hospital services, chiropractic services or medicines

Sec. 7b. All fees and charges under Section 7 and 7a hereof shall be fair and reasonable, shall be subject to regulation of the Board and shall be limited to such charges as are reasonable for similar treatment of injured persons of a like standard of living where such treatment is paid for by the injured person himself or someone acting for him. In determining what fees are reasonable, the Board may also consider the increased security of payment afforded by this law. Where such medical aid, hospital service, chiropractic service or medicines are furnished by a public hospital or other institution, payment thereof shall be made to the proper authorities conducting the same, and the amount so paid shall be promptly reported to the Board. As amended Acts 1953, 53rd Leg., p. 492, ch. 177, § 4.

Physicians or chiropractors employed by subscriber or association

Sec. 12f. In all cases where a subscriber or the association has in his or its employ a physician or physicians, a chiropractor or chiropractors, regularly paid in any manner whatsoever by such subscriber or association to administer to or treat injured employees, the name or names of such physicians or chiropractors at the date of employment of the same shall be filed with the Board together with a copy of the contract of such employment. If the contract of such physician or physicians, chiropractor or chiropractors is not in writing, then the same shall be reduced to writing and a copy thereof filed with the Board. Such contract shall state fully the extent and scope of the employment and the compensation to be paid such physicians or chiropractors. If the association or subscriber willfully fails or refuses to comply with this provision of this law, then an injured employee or any person acting for him shall have the right to provide hospital services, chiropractic services, medical aid and medicine for said injured employee, at the expense of and the same shall be charged to the association, and the subscriber or association shall notify the employee at or before the time of injury what physician or physicians, chiropractor or chiropractors are contracted with to attend and render professional services to his or its employees. As amended Acts 1953, 53rd Leg., p. 493, ch. 178, § 5.

Section 15 of the amendatory Act of 1953 provided that partial unconstitutionality should not affect the remaining portions of the Act.

City, town and village employees, application of this article, see section 6 of Art. 8309e.

PART 2

Art. 8307. Industrial Accident Board

Rules: Physical examination; suspension of compensation; procedure and powers

Sec. 4. The Board may make rules not inconsistent with this law for carrying out and enforcing its provisions, and may require any employee claiming to have sustained injury to submit himself for examination before such Board or someone acting under its authority at some

reasonable time and place within the State, and as often as may be reasonably ordered by the Board to a physician or physicians, a chiropractor or chiropractors authorized to practice under the laws of this State. If the employee or the association requests, he or it shall be entitled to have a physician or physicians, chiropractor or chiropractors of his or its own selection present to participate in such examination. Refusal of the employee to submit to such examination shall deprive him of his right to compensation during the continuance of such refusal. When a right to compensation is thus suspended no compensation shall be payable in respect to the period of suspension. If any employee shall persist in insanitary or injurious practices which tend to either imperil or retard his recovery, or shall refuse to submit to such medical or surgical treatment, chiropractic service or other remedial treatment recognized by the State, as is reasonably essential to promote his recovery, the board may in its discretion order or direct the association to reduce or suspend the compensation of any such injured employee. No compensation shall be reduced or suspended under the terms of this Section without reasonable notice to the employee and an opportunity to be heard.

When authorized by the Board, the Association shall have the privilege of having any injured employee examined by a physician or physicians, chiropractor or chiropractors of its own selection, at reasonable times, at a place or places suitable to the condition of the injured employee and convenient and accessible to him. The Association shall pay for such examination and the reasonable expense incident to the injured employee in submitting thereto. The injured employee shall have the privilege to have a physician or chiropractor of his own selection present to participate in such examination. Provided, when such examination is directed by the Board at the request of the Association, the Association shall pay the fee of the physician or chiropractor selected by the employee, such fee to be fixed by the Board.

Process and procedure shall be as summary as may be under this law. The Board or any member thereof shall have the power to subpœna witnesses, administer oaths, inquire into matters of fact, examine such parts of the books and records of the parties to a proceeding as relate to questions in dispute, punish for contempt in the same manner and to the same extent as a District Court may do, and to bar persons guilty of unethical or fraudulent conduct from practicing before the Board. All rulings and decisions of the board relating to disputed claims shall be upon questions of fact and in accord with the provisions of this law. As amended Acts 1953, 53rd Leg., p. 493, ch. 178, § 6.

Effective 90 days after May 27, 1953, date of adjournment.

PART 3

Art. 8308. Employers' Insurance Association

Chiropractic service defined; chiropractor defined

Sec. 1A. The term "chiropractic service" shall include, but shall be limited to, chiropractic as defined by the Laws of this State and the term "chiropractor" shall include, but be limited to chiropractors licensed by the Texas Board of Chiropractic Examiners whose licenses are properly registered and in good standing as required by the Laws of this State. Added Acts 1953, 53rd Leg., p. 493, ch. 178, § 6a.

Effective 90 days after May 27, 1953, date of adjournment.

Sec. 16. The board of directors may, from time to time, by vote fix the amount to be paid as dividends to its subscribers, in such manner and under such plan as shall be determined by said directors in the exercise of their powers and discretion. No such dividend shall take effect until the same has been approved by the Board of Insurance Commissioners, and no such dividend shall be approved until adequate reserves have been provided by the Association, said reserves to be computed on the same basis as required for other classes of stock or mutual companies, reciprocals, inter-insurance exchanges, or Lloyds' associations under the laws of this State and applicable rules of the Board of Insurance Commissioners. Dividends and assessments may be fixed by and for groups, but the entire assets of the Association, including the liability of the subscriber to assessment within the limits fixed by the bylaws or by special agreement in writing as authorized, shall be subject to the payment of any approved claim for compensation against the Association. As amended Acts 1953, 53rd Leg., p. 55, ch. 44, § 1.

Emergency. Effective March 26, 1953.

Sec. 18. Repealed Acts 1953, 53rd Leg., p. 716, ch. 279, § 4. Eff. July 1, 1953.

Section 2 of Acts 1953, 53rd Leg., p. 55, ch. 44, repealed inconsistent laws or parts of laws, Section 3 related to the effect of partial invalidity.

PART 4

Art. 8309. Definitions and general provisions

Insurance companies may insure

Sec. 2. Any insurance company, which term shall include mutual and reciprocal companies, lawfully transacting a liability or accident business in this State, shall have the same right to insure the liability and pay the compensation provided for in Part I of this law, and when such company issues a policy conditioned to pay such compensation, the holder of such policy shall be regarded as a subscriber so far as applicable under this law, and when such company insures such payment of compensation it shall be subject to the provisions of Parts I, II and IV [1] and of Sections 10, 17, 18a and 21 of Part III of this law.[2] Such company may have and exercise all of the rights and powers conferred by this law on the association created hereby, but such rights and powers shall not be exercised by a mutual or reciprocal organization unless such organization has at least fifty (50) subscribers who have not less than two thousand (2,000) employees. Nothing contained in this or any other law shall require an insurance company or the association to issue a policy to any applicant applying for coverage under this law, except as provided in Article 5.76 of the Insurance Code of Texas. As amended Acts 1953, 53rd Leg., p. 716, ch. 279, § 3.

Provided, however, when such injured employee is being paid compensation as provided in the Workmen's Compensation Act, and the Insurance Association is furnishing either hospitalization, chiropractic service or medical treatment to such employee, the Industrial Accident Board may, within its discretion, delay or postpone the hearing of his claim, and no appeal shall be taken from any such order made by the Board. Provided that whenever in the above adopted Sections of Articles 8306, 8307, and 8309 of the Revised Civil Statutes of Texas, 1925, as amended, or herein amended, the words "association," "subscriber," or "employer," or their equivalents appear in such Articles, they shall be construed to and shall mean "the institution." As amended Acts 1949, 51st Leg., p. 840, ch. 457, § 4; Acts 1953, 53rd Leg., p. 493, ch. 178, § 8.

Effective 90 days after May 27, 1953, date of adjournment.

Examination by physicians or chiropractors; process and procedure

Sec. 10. The Board may require any workman claiming to have sustained injury to submit himself for examination before such Board or some one acting under its authority at some reasonable time and place within the State, and as often as may be reasonably ordered by the Board to a physician or physicians, chiropractor or chiropractors, authorized to practice under the Laws of this State. If the workman or the institution requests, he or it shall be entitled to have a physician or physicians, a chiropractor or chiropractors of his or its own selection present to participate in such examination. Refusal of the workman to submit to such examination shall deprive him of his right to compensation during the continuance of such refusal. When a right to compensation is thus suspended no compensation shall be payable in respect to the period of suspension. If any workman shall persist in insanitary or injurious practices which tend to either imperil or retard his recovery, or shall refuse to submit to such medical or surgical treatment, chiropractic, or other remedial treatment recognized by the State, as is reasonably essential to

promote his recovery, the Board may in its discretion order or direct the institution to reduce or suspend the compensation of any such injured workman. No compensation shall be reduced or suspended under the terms of this Section without reasonable notice to the workman and an opportunity to be heard.

The institution shall have the privilege of having any injured workman examined by a physician or physicians, a chiropractor or chiropractors of its own selection, at reasonable times, at a place or places suitable to the condition of the injured workman and convenient and accessible to him. The institution shall pay for such examination and the reasonable expense incident to the injured workman in submitting thereto. The injured workman shall have the privilege to have a physician or chiropractor of his own selection present to participate in such examination. Provided, when such examination is directed by the Board or the institution, the institution shall pay the fee of the physician or chiropractor selected by the workman, such fee to be fixed by the Board.

Process and procedure shall be as summary as may be under this Act. The Board or any member thereof shall have power to subpœna witnesses, administer oaths, inquire into matters of fact, examine such parts of the books and records of the parties to a proceeding as relate to questions in dispute. All rulings and decisions of the Board relating to disputed claims shall be upon questions of fact and in accord with the provisions of this Act. As amended Acts 1953, 53rd Leg., p. 493, ch. 178, § 9.

Rules and regulations; physicians or chiropractors for examinations; reports of examinations

Sec. 13. The institution is authorized to promulgate and publish such rules and regulations and to prescribe and furnish such forms as may be necessary to the effective administration of this Act, and the institution shall have authority to make and enforce such rules for the prevention of accidents and injuries as may be deemed necessary. It shall be the duty of the institution to designate a convenient number of regularly licensed practicing physicians, surgeons and chiropractors for the purpose of making physical examinations of all persons employed or to be employed in the service of the institution to determine who may be physically fit to be classified as "workman" as that term is defined in subsection 2 of Section 2 of this Act, and said physicians, surgeons and chiropractors so designated and so conducting such examinations shall make and file with the institution a complete transcript of said examination in writing and sworn to upon a form to be furnished by the institution. It shall be the duty of the institution to preserve as a part of the permanent records of the institution all reports of such examinations so filed with it. As amended Acts 1953, 53rd Leg., p. 493, ch. 178, § 10.

Physical examination necessary to be certified as workman

Sec. 14. No person shall be certified as a workman in the institution under the terms and provisions of this Act until he has submitted himself for a physical examination as provided in Section 13 herein and has been certified by the examining physician, surgeon or chiropractor to be physically fit to perform the duties and services to which he is to be assigned, provided that absence of a physical examination shall not be a bar to recovery. As amended Acts 1953, 53rd Leg., p. 493, ch. 178, § 11.

Hearing of Claim

Sec. 18. When an injured workman has sustained an injury in the course of his employment, and filed claim for compensation and given notice as required by law, the Board shall hear his claim for compensation within a reasonable time; provided, however, when such injured workman is being paid compensation as provided in this Act, and the institution is furnishing either hospitalization, medical treatment, or chiropractic care to such workman, the Board may, within its discretion, delay or postpone the hearing of his claim, and no appeal shall be taken from any such order made by the Board. As amended Acts 1953, 53rd Leg., p. 493, ch. 178, § 11a.

Art. 8309c. County employees

As amended Acts 1953, 53rd Leg., p. 493, ch. 178, § 12.

Effective 90 days after May 27, 1953, date of adjournment.

Medical examinations; insanitary or injurious practices; process and procedure

Sec. 9. The Board may require any employee claiming to have sustained injury to submit himself for examination before such Board or someone acting under its authority at some reasonable time and place within the State, and as often as may be reasonably ordered by the Board to a physician or physicians, a chiropractor or chiropractors authorized to practice under the Laws of this State. If the employee of the County requests, he or it shall be entitled to have a physician or physicians, a chiropractor or chiropractors of his or its own selection present to participate in such examination. Refusal of the employee to submit to such examination shall deprive him of his right to compensation during the continuance of such refusal. When a right to compensation is thus suspended, no compensation shall be payable in respect to the period of suspension. If any employee shall persist in insanitary or injurious practices which tend to either imperil or retard his recovery, or shall refuse to submit to such medical or surgical treatment, chiropractic, or other remedial treatment recognized by the State, as is reasonably essential to promote his recovery, the Board may in its discretion order or direct the county to reduce or suspend the compensation of any such injured employee. No compensation shall be reduced or suspended under the terms of this Section without reasonable notice to the employee and an opportunity to be heard.

The county shall have the privilege of having any injured employee examined by a physician or physicians, a chiropractor or chiropractors of its own selection, at reasonable times, at a place or places suitable to the condition of the injured employee and convenient and accessible to him. The county shall pay for such examination and the reasonable expense incident to the injured employee in submitting thereto. The injured employee shall have the privilege to have a physician or physicians, a chiropractor or chiropractors of his own selection present to participate in such examination. Provided, when such examination is directed by the Board or the county, the county shall pay the fee of the physician or chiropractor selected by the employee, such fee to be fixed by the Board.

Process and procedure shall be as summary as may be under this Act. The Board or any member thereof shall have power to subpœna witnesses, administer oaths, inquire into matters of fact, examine such parts of the books and records of the parties to a proceeding as relate to questions in dispute. All rulings and decisions of the Board relating to disputed claims shall be upon questions of fact and in accord with the provisions of this Act. As amended Acts 1953, 53rd Leg., p. 493, ch. 178, § 13.

Time of hearing of claim

Sec. 15. When an injured employee has sustained an injury in the course of employment and filed claim for compensation and given notice as required by law, the Board shall hear his claim for compensation within a reasonable time. Provided, however, when such injured employee is being paid compensation as provided in this Act, and the county is furnishing hospitalization, medical treatment or chiropractic service to such employee, the Board may, within its discretion, delay or postpone the hearing of his claim and no appeal shall be taken from any such order made by the Board. As amended Acts 1953, 53rd Leg., p. 493, ch. 178, § 14.

Art. 8309e. City, town and village employees

Constitutional authority

Section 1. By virtue of the provisions of Section 61, Article III of the Constitution of the State of Texas granting the Legislature power to pass such laws as may be necessary to enable all cities, towns and villages of this State to provide for Workmen's Compensation Insurance, including the right to provide its own insurance risk, for all city, town and village employees as in its judgment is necessary or required, and to provide for the administration of such insurance in the cities, towns and villages, of this State, and to provide for the payment of all costs, charges and premiums on such policies of insurance and the benefits to be paid thereunder, provision is made as hereinafter set forth.

Definitions

Sec. 2. The following words and phrases as used in this Law shall, unless a different meaning is plainly required by the context, have the following meanings, respectively:

5. "Insurance" shall mean Workmen's Compensation Insurance.

6. "Board" shall mean the Industrial Accident Board of the State of Texas.

9. The terms "injury" or "personal injuries" and "injury sustained in the course of employment" shall be as defined in Section 1 of Article 8309 of Revised Civil Statutes of Texas, 1925.

10. Any reference to an employee herein who has been injured shall, when the employee is dead, also include the legal beneficiaries as that term is herein used, of such employee to whom compensation may be payable. 11. An employee having treatment by prayer or spiritual means shall be compensated for his injuries, occupational disease, and time, and allowed payment for treatment and necessary services in connection therewith, as fully as if any other form of treatment had been employed. Such employee, however, shall submit to all physical examinations as required by law or as may be directed by the Board or that may be requested by the Association or other insurance company.

Insurance; acceptance of provisions; departments and divisions

Sec. 3. Cities, towns and villages are hereby authorized to either be self-insuring or they may purchase Workmen's Compensation Insurance for their employees from a company authorized to do business in Texas and are charged with the administration of this Act. It is expressly understood that the provision authorizing cities, towns or villages to provide such compensation or insurance is permissive and not mandatory. The duly and legally constituted governing body of any city, town or village may by proper order put into effect the provisions of this Act. The legally constituted governing body of the city, town or village shall notify the Board of the effective date of such insurance, stating in such

notice the nature of the work performed by the employee of the city, town or village, the approximate number of employees, and the estimated amount of payroll.

The duly and legally constituted governing body of the city, town or village shall give notice to all workmen that effective at the time stated in such notice, the city, town or village has provided for payment of insurance.

Employees of the city, town or village shall be conclusively deemed to have accepted the provisions hereof in lieu of common law or statutory causes of action, if any, for injuries resulting in the course of their employment.

The duly and legally constituted governing body of a city, town or village may by proper order authorize the provisions of this Act to apply to its employees on a departmental basis with the provisions of this Act being put into effect as to the employees in one or more departments or divisions of a city, town or village and not put into effect as to employees of other divisions or departments of the city, town or village.

Defenses; wilful injury; intoxication

Sec. 4. In an action to recover damages for personal injuries sustained by an employee in the course of his employment or for death resulting from personal injuries so sustained, the city, town or village may defend in such action on the ground that the injury was caused by the wilful intention of the employee to bring about the injury or was so caused while the employee was in a state of intoxication.

Exclusiveness of remedy; exemption of compensation; assignability

Sec. 5. Employees of the city, town or village and the parents of minor employees shall have no right of action against the officers, agents, servants or employees of the city, town or village for personal injuries, nor shall representatives and beneficiaries of deceased employees have a right of action against the officers, agents, servants or employees of the city, town or village for injuries resulting in death; but such employees and their representatives and beneficiaries shall look for compensation solely to the insurer as provided in this Law. All compensation allowed herein shall be exempt from garnishment, attachment, judgment and all other suits or claims, and no such right of action and no such compensation and no part thereof nor of either shall be assignable except as otherwise herein provided; and any attempt to assign the same shall be void.

1 Article 8306, § 7d.

Attorneys' fees

Sec. 7. For representing the interest of any claimant in any manner carried from the Board into the courts, it shall be lawful for the attorney representing such interest to contract with any beneficiary under this Law for an attorney's fee for such representation, such fee to be determined as herein provided and, when the amount recovered exceeds the amount of the award appealed from, to include not more than one-third (1/3) of the amount by which the judgment exceeds the award, such fee for services so rendered to be determined and allowed by the trial court in which such cause may be heard and determined.

Payment of compensation

Sec. 8. It is the purpose of this Law that the compensation herein provided for shall be paid from week to week and as it accrues and directly to the person entitled thereto, unless the liability is redeemed as in such cases provided elsewhere herein.

Examination by physician or chiropractor; insanitary or injurious practices; process and procedure

Sec. 9. The Board may require any employee claiming to have sustained injury to submit himself for examination before such Board or someone acting under its authority at some reasonable time and place within the State, and as often as may be reasonably ordered by the Board to a physician or physicians, chiropractor or chiropractors, authorized to practice under the Laws of this State. If the employee of the city, town or village requests, he or it shall be entitled to have a physician or physicians, chiropractor or chiropractors, of his or its own selection present to participate in such examination. Refusal of the employee to submit to such examination shall deprive him of his right to compensation during the continuance of such refusal. When a right to compensation is thus suspended, no compensation shall be payable in respect to the period of suspension. If any employee shall persist in insanitary or injurious practices which tend to either imperil or retard his recovery, or shall refuse to submit to such medical, surgical, chiropractic or other remedial treatment recognized by the State, as is reasonably essential to promote his recovery, the Board may in its discretion order or direct the city, town or village to reduce or suspend the compensation of any such injured employee. No compensation shall be reduced or suspended under

the terms of this Section without reasonable notice to the employee and an opportunity to be heard.

The city, town or village shall have the privilege of having any injured employee examined by a physician or physicians, chiropractor or chiropractors, of its own choice, at reasonable times, at a place or places suitable to the condition of the injured employee and convenient and accessible to him. The city, town or village shall pay for such examination and the reasonable expense incident to the injured employee in submitting thereto. The injured employee shall have the privilege to have a physician or chiropractor of his own selection present to participate in such examination. Provided, when such examination is directed by the Board or the city, town or village, the city, town or village shall pay the fee of the physician or chiropractor selected by the employee, such fee to be fixed by the Board.

Process and procedure shall be as summary as may be under this Act. The Board or any member thereof shall have the power to subpœna witnesses, administer oaths, inquire into matters of fact, examine such parts of the books and records of the parties to a proceeding as relate to questions in dispute. All rulings and decisions of the Board relating to disputed claims shall be upon questions of fact and in accord with the provisions of this Act.

Questions determined by board; suit to set aside decisions; suit on order, ruling or decision; suit to collect award

Sec. 10. All questions arising under this Act, if not settled by agreement of the parties interested therein and within the provisions of this Act, shall, except as otherwise provided, be determined by the Board. Any interested party who is not willing and does not consent to abide by the final ruling and decision of said Board shall within twenty (20) days after the rendition of said final ruling and decision by said Board, file with said Board notice that he will not abide by said final ruling and decision. And he shall within twenty (20) days after giving such notice bring suit in the county where the injury occurred to set aside said final ruling and decision and said Board shall proceed no further toward the adjustment of such claim, other than hereinafter provided. Whenever such suit is brought, the rights and liability of the parties thereto shall be determined by the provisions of this Act and the suit of the injured employee or person suing on account of the death of such employee shall be against the city, town or village. If the final order of the Board is against the city, town or village, then the city, town or village shall bring suit to set aside said final ruling and decision of the Board, if it so desires, and the court shall in either event determine the issues in such cause instead of the Board upon trial de novo and the burden of proof shall be upon the party claiming compensation. The Board shall furnish any interested party in said claim pending in court upon request, free of charge, with a certified copy of the notice of the city, town or village becoming an insurer filed with the Board and the same when properly certified to shall be admissible in evidence in any court in this State upon trial of such claim therein pending and shall be prima-facie proof of all facts stated in such notice in the trial of said cause unless same is denied under oath by the opposing party therein.

In case of recovery the same shall not exceed the maximum compensation allowed under the provisions of this Act. If any party to any such final ruling and decision of the Board, after having given notice as above provided, fails within said twenty (20) days to institute and prosecute

a suit to set the same aside, then said final ruling and decision shall be binding upon all parties thereto, and, if the same is against the city, town or village, it shall at once comply with such final ruling and decision.

In all cases where the Board shall make a final order, ruling, or decision, as provided in the preceding Section and against the city, town or village and the city, town or village shall fail and refuse to obey or comply with the same and shall fail or refuse to bring suit to set the same aside as in said Section is provided, then in that event the claimant in addition to the rights and remedies given him and the Board in said Section may bring suit in a court of competent jurisdiction, upon said order, ruling, or decision. If he secures a judgment sustaining such order, ruling, or decision in whole or in part, he shall also be entitled to recover the further sum of twelve per cent (12%) as damages upon the amount of compensation so recovered in said judgment, together with a reasonable attorney's fee for the prosecution and collection of such claim.

Where the Board has made an award against the county requiring the payment to an injured employee or his beneficiaries of any weekly or monthly payments, under the terms of this Law, and the city, town or village should thereafter fail or refuse, without justifiable cause, to continue to make said payments promptly as they mature, then the said injured employee or his beneficiaries, in case of his death, shall have the right to mature the entire claim and to institute suit thereon to collect the full amount thereof, together with twelve per cent (12%) penalties and attorney's fees as herein provided for. Suit may be brought under provisions of this Section, either in the county where the accident occurred, or in any county where the claimants reside, or where one (1) or more of such claimants may have his place of residence at the time of the institution of the suit.

Records and reports

Sec. 11. The city, town or village shall hereafter keep a record of all injuries fatal or otherwise, sustained by its employees in the course of their employment. Within eight (8) days after the occurrence of an accident resulting in an injury to an employee, causing his absence from work for more than one (1) day, a written report thereof shall be made to the Board on blanks to be procured from the Board for the purpose. Upon the termination of the incapacity of the injured employee, or if such incapacity extends beyond a period of sixty (60) days, the department shall make a supplemental report upon blanks to be procured for that purpose. The said report shall contain the name, age, sex, and occupation of the injured employee and the character of work in which he was engaged at the time of the injury, and shall state the place, date and hour of receiving such injury and the nature and cause of the injury and such other information as the Board may require. The city, town or village shall be responsible for the submission of the reports in the time specified in this Section.

Rules and regulations

Sec. 12. The city, town or village is authorized to promulgate and publish such rules and regulations and to prescribe and furnish such forms as may be necessary to the effective administration of this Law, and the city, town or village shall have authority to make and enforce such rules for the prevention of accidents and injuries as may be deemed necessary.

Order, award or proceeding as evidence; certified copies

Sec. 13. Any order, award, or proceeding of said Board when duly attested by any member of the Board or its secretary shall be admissible as evidence of the act of said Board in any court of this State.

Upon the written request and payment of the fees therefor, which fees shall be the same as those charged for similar services in the Secretary of State's office, the Board shall furnish to any person entitled thereto a certified copy of any order, award, decision, or paper on file in the office of said Board and the fees so received for such copies shall be paid into the State Treasury and credited to the General Revenue Fund; provided that the city, town or village shall be furnished such certified copies without charge. No fee or salary shall be paid to any person in said Board for making such copies in excess of the fees charged for such copies.

Time for suit to set aside decision; venue

Sec. 14. Any interested party who is not willing and does not consent to abide by the final ruling and decision of the Board shall, in the manner and within the time provided by Section 11 of this Law, file notice with said Board, and bring suit in the county where the injury occurred to set aside said final ruling and decision; however, in the event such suit is brought in any county other than the county where the injury occurred, the Court in which same is filed shall upon ascertaining that it does not have jurisdiction to render judgment upon the merit, transfer the case to the proper court in the county where the injury occurred. Provided, however, that notice of said transfer shall be given to the parties and said suit when filed in the court to which the transfer is made, shall be considered for all purposes, the same as if originally filed in said court.

Time for hearings

Sec. 15. When an injured employee has sustained an injury in the course of employment and filed claim for compensation and given notice as required by Law, the Board shall hear his claim for compensation within a reasonable time. Provided, however, when such injured employee is being paid compensation as provided in this Act, and the city, town or village is furnishing either hospitalization or medical treatment to such employee, the Board may, within its discretion, delay or postpone the hearing of his claim and no appeal shall be taken from any such order made by the Board.

Costs and expenses, provision for

Sec. 16. The city, town or village is hereby authorized to set aside from available appropriations, other than itemized salary appropriations, an amount not to exceed five per cent (5%) of the annual employee payroll of the city, town or village for the payment of all costs, administrative expenses, charges, benefits, insurance and awards authorized by this Act.

The amount so set aside shall be set up in a separate account in the records of the city, town or village which account shall show the disbursements authorized by this Act; provided the amount so set aside

shall not exceed five per cent (5%) of the annual employee payroll at any one time. A statement of the amount set aside for the disbursements from said account shall be included in an annual report made to the city, town or village treasurer and the duly and legally constituted governing body of said city, town or village.

City, town or village attorney, duties of

Sec. 17. The city, town or village attorney shall be the regular representative of the city, town or village and is hereby given power and authority to bring and defend all suits and hearings necessary to carry out the provisions of this Act in all cases where the city, town or village is the insurer.

Notice of suit; mailing copy of judgment; filing judgment and copy

Sec. 18. That in every case appealed from the Board to the district or county court, the clerk of such court shall, within twenty (20) days after the filing thereof, mail to the Board a notice giving the style, number and date of the filing of such suit, and shall, within twenty (20) days after judgment is rendered in such suit, mail to the Board a certified copy of the judgment. The duty devolved upon the district and county clerks under this Act shall constitute a part of their regular duties and for such services they shall not be entitled to any fee. In every case the attorney preparing the judgment shall file the original and a copy of the same with the clerk of the court. However, the failure of such attorney to comply with this provision shall not excuse the failure of the clerk of a district or county court to mail a certified copy of such judgment to the Board as above provided. Any county or district clerk who fails to comply with the provisions of this Act shall be guilty of a misdemeanor, and upon conviction shall be punished by a fine of not more than Two Hundred and Fifty Dollars ($250). Acts 1953, 53rd Leg., p. 805, ch. 327.

Emergency. Effective June 8, 1953.

TITLE 10—OFFENSES AGAINST MORALS, DECENCY AND CHASTITY

CHAPTER SEVEN—MISCELLANEOUS OFFENSES

Art. 534a. Contributing to delinquency of child or acting in conjunction with child

Section 1. In all cases where any child shall be a delinquent, dependent or neglected child, as defined in the statutes of this State, irrespective of whether any former proceedings have been had to determine the status of such child, the parent or parents, legal guardian, or any person having such custody of such child, or any other person or persons who shall by any act encourage, cause or contribute to the dependency or delinquency of such child, or who acts in conjunction with such child in the acts which cause such child to be dependent or delinquent, shall be guilty of a misdemeanor, and upon conviction shall be punished by fine not exceeding Five Hundred ($500.00) Dollars, or by imprisonment in the county jail for not more than six (6) months, or by both fine and imprisonment; provided, however, that the court in which the case is heard may suspend the sentence for violation of the provisions of this Act, and imposed conditions upon the defendant as to his future conduct, and may make such suspension dependent upon the fulfillment by the defendant of such conditions; and in case of the breach of such conditions or any part of them, the court may impose sentence as though there had been no such suspension. The court may also as a condition of such suspension, require a bond in such sum as the Court may designate, to be approved by the Judge requiring it, to secure the performance by such person of the conditions placed by the court on such suspension; the bond by its terms shall be made payable to the County Judge of the county in which the prosecution is pending, and any money received from a breach of any of the provisions of the bond shall be paid into the County Treasury. The provisions of law regulating forfeiture of appearance bonds shall govern so far as they are applicable. Exclusive jurisdiction of the offense defined in this Act is hereby conferred on Juvenile Courts, in accordance with the provisions of law establishing such courts.

Sec. 2. By the term "delinquency," as used in this Act, is meant any act which tends to debase or injure morals, health or welfare of a child, drinking intoxicating liquor, the use of narcotics, going into or remaining in any bawdy house, assignation house, disorderly house or roadhouse, hotel, public dance hall, or other gathering place where prosti-

tutes, gamblers or thieves are permitted to enter and ply their trade, going into a place where intoxicating liquors or narcotics are kept, drunk, used, sold or given away, or associating with thieves and immoral persons, or enticing a minor to leave home or to leave the custody of its parents, guardians or persons standing in lieu thereof, without first receiving the consent of the parent, guardian or other person, in addition to all of the other acts which any other laws now in effect define to be delinquency or which create any child a delinquent.

Sec. 3. Nothing contained in this Act shall be construed to repeal or affect any other statutes regulating the powers and duties of Juvenile Courts; but Article 534 of the Penal Code, as amended, is expressly repealed insofar as it conflicts herewith. As amended Acts 1953, 53rd Leg., p. 733, ch. 288, § 1.

Art. 666—32. Local option election

The Commissioners Court of each county in the State upon proper petition may order an election wherein the qualified voters of any county or of any justice precinct or incorporated town or city may by the exercise of local option determine whether or not the sale of alcoholic beverages of one or more of the various types and alcoholic content shall be prohibited or legalized within the prescribed limits of such county, justice precinct, or incorporated town or city; and local option elections shall be called by the Commissioners Court upon proper petition as herein provided. Upon the written application of any one or more qualified voters of any county, justice precinct, or incorporated town or city, the county clerk of such county shall issue to the applicant or applicants a petition to be circulated among the qualified voters thereof for the signatures of those qualified voters in such area who desire that a local option election be called therein for the purpose of determining whether the sale of alcoholic beverages of one or more of the various types and alcoholic content shall be prohibited or legalized within the prescribed limits of such county, justice precinct or incorporated town or city. The petition so issued shall clearly state the issue to be voted upon in such election; each such petition shall show the date of its issue by the county clerk and shall be serially numbered, and each page of such petition shall bear the same date and serial number, and shall bear the seal of the county clerk. The county clerk shall deliver as many copies of said petition as may be required by the applicant and each copy shall bear the date, number and seal on each page as required in the original. The county clerk shall keep a copy of each such petition and a record of the applicants therefor. incorporated town or city, together with a notation showing the residence address of each of the said signers taking the votes for Governor at the last preceding general election at which time presidential electors were elected as the bases for determining the qualified voters in any such county or political subdivision, it is hereby required that the Commissioners Court at its next regular session shall order a local option election to be held upon the issue set out in such petition. It shall be the duty of the county clerk to check the names of the signers of any such petition and the voting precincts in which they reside to determine whether or not the signers of such petition are in fact qualified voters of the county or political subdivision at the time such petition is presented, and to certify to the Commissioners Court the number of qualified voters signing such petition. No signature shall be counted where there is reason to believe that it is not the actual signature of the purported signer. The minutes of the Commissioners Court shall record the date any such petition is presented, the names of the signers thereof, and the action taken with relation to the same. No subsequent election upon the same issue in the same political subdivision shall be held within one (1) year from the date of the preceding local option election in any county or political subdivision thereof, and no election shall be held in any area to prohibit the sale of any alcoholic beverages of any type or alcoholic content which is already prohibited in the entire area. No ballot shall be received or counted by the officers at such elections that is not an official ballot, and that has not the name of the presiding officer of such election written thereon in the handwriting of such presiding officer as provided by this Act. As amended Acts 1953, 53rd Leg., p. 643, ch. 249, § 4.

666—36. Conformity to general election laws

The officers holding such election shall, in all respects not herein specified, conform to the General Election Laws in force regulating elections and after the polls are closed proceed to count the votes and within twenty-four (24) hours thereafter make due report of said election to the aforesaid Court. The provisions of the General Election Laws shall be followed in calling and conducting said election where not inconsistent herewith. As amended Acts 1953, 53rd Leg., p. 643, ch. 249, § 5.

Effective 90 days after May 27, 1953, date of adjournment.

Art. 666—37. Canvass of votes

Said court shall hold a special session on the fifth day after holding of said election, or as soon thereafter as practicable, for the purpose of canvassing the votes and certifying the results, and if a majority of the voters favor the issue "Against the legal sale, etc." as to any alcoholic beverages of the various types and alcoholic content, said court shall immediately make an order declaring the results of said vote and absolutely prohibiting the sale of such prohibited type or types of alcoholic beverages within the political subdivision after thirty (30) days from the date of declaring the results thereof, and thereafter until such time as the qualified voters therein may thereafter at the legal election held for such purpose by a majority vote decide otherwise; and the order thus made shall be held as prima facie evidence that all provisions of law have been complied with in giving notice of and holding said election and counting and returning the votes and declaring the results thereof. If a majority voting at such election favor the issue "For the legal sale, etc." as to any alcoholic beverages of the various types and alcoholic content, the court shall make an order declaring the results and have

the same entered of record in the office of the clerk of said court, whereupon it shall be lawful in such political subdivision to manufacture, sell or distribute such type or types of alcoholic beverages as may be favored in the election in accordance with the terms of this Act, until such time as the qualified voters therein may thereafter, at a legal election held for that purpose, by a majority vote decide otherwise, and the order thus made shall be held prima facie evidence that all the provisions of law have been complied with in giving notice of and holding said election and counting and returning the votes and declaring the results thereof. It shall be the duty of the county clerk within three (3) days after the results of any such election have been declared to certify such results to the Secretary of State at Austin. The Assessor and Collector of Taxes shall thereupon transmit to the Board the original copy of said application for renewal together with the certification that all required fees have been paid for the ensuing license period; and upon receiving the original copy of said application and certification as to the payment of fees, the Board or Administrator may in its discretion issue the license applied for, or may reject the same and require that the applicant for renewal file application with the County Judge and submit to hearing before such County Judge in the manner required of any applicant for the primary or original license. Any such application may be subject to protest and hearing as though it were an original application. No additional license fees for the remaining unexpired term of the license shall be required of the applicant for change of location.

(e). No licensee shall obtain any refund upon the surrender or nonuse of any license for the manufacture, distribution, importation, or sale of beer except as otherwise provided in this Article.

(f). No person shall conduct as owner or part owner thereof any place of business engaged in the manufacture, distribution, importation or sale of beer except under the name to which the license covering such place of business is issued.

(g). Every license issued prior to the effective date hereof authorizing the manufacture, distribution, or sale of beer shall remain in force until the date of its expiration, but the licensee thereunder shall hold such license as fully subject to all the provisions of this Act, including, but not limited to, the cancellation or suspension thereof for cause as any license that may be issued on or after the effective date hereof.

(h). Should the license of any licensee become mutilated or destroyed the Board or Administrator may issue another license by way of replacement in any manner deemed appropriate by the Board or Administrator.

Art. 667—23¼. Tax levied only on first sale; duty of paying; exemptions; importation of beer; bonds; statements and remittances; prima facie evidence

(a). The tax levied in Section 23 of Article II of the Texas Liquor Control Act [1] is levied only on its first sale in Texas or only on its importation into Texas, whichever shall first occur.

(b). On beer imported into this State the duty of paying the tax shall rest primarily upon the Importer, and said tax shall become due and payable on the fifteenth day of the month following that month in which said beer was imported into this State.

(c). On beer manufactured in this State the duty of paying the tax shall rest primarily upon the Manufacturer, and said tax shall become due and payable on the fifteenth day of the month following that month in which the first sale of said beer was made in this State.

(d). It is not intended that the tax levied in Section 23 of Article II of the Texas Liquor Control Act shall be collected on beer shipped out of this State for consumption outside this State, or sold aboard ships for ship's supplies, or on beer shipped to any installation of the National Military Establishment, wherein the State of Texas has ceded police jurisdiction, for consumption by military personnel within said installation, and the Board shall provide forms on which Distributors and Manufacturers may claim and obtain exemption from the tax on such beer. If any Distributor or Manufacturer has paid the tax on any beer and thereafter said beer is shipped out of this State, for consumption outside this State, or sold aboard ships for ship's supplies, or is shipped into any installation of the National Military Establishment as referred to above,

for consumption by military personnel therein, a claim for refund may be made at the time and in the manner prescribed by the Board or Administrator. So much of any funds derived hereunder as may be necessary, not to exceed two per cent (2%) thereof, is hereby appropriated for such purpose. The Board may promulgate rules and regulations generally for the enforcement of this provision.

(e). It shall be unlawful for any Importer, unless he be the holder of an Importer's Carrier's License, to import beer into this State except by steam, electric and motor power railway carriers, and common carrier motor carriers operating under certificates of convenience and necessity issued by the Railroad Commission of Texas, or such certificates issued by the Interstate Commerce Commission. Any such carrier shall be the holder of a Carrier's Permit provided for in Section 15 (12), Article I of the Act,[2] and shall comply with all the requirements thereof as in the transportation of liquor. It shall be unlawful for any carrier enumerated herein to transport beer into this State unless the same shall be consigned to an Importer.

(f). As used in Article II,[3] an "Importer" is a person who imports beer into this State in quantities in excess of two hundred and eighty-eight (288) fluid ounces in any one (1) day. It shall be unlawful for any Importer to import beer into this State unless and until he shall first obtain from the Board an Importer's License, the fee for which shall be Five Dollars ($5) per year or fraction thereof. The application for such license shall contain such information as the Board may require. No Importer's License shall be granted any person who is not already the holder of a Manufacturer's License or a Distributor's License, and all Importer's Licenses shall terminate at the same time as the primary license under which it was issued.

(g). No Importer shall import beer into this State by any means of transportation other than those set out in paragraph (e) hereof unless he shall first obtain from the Board an Importer's Carrier's License, which license shall entitle him to import beer into this State in vehicles owned or leased in good faith by him. The fee for such license shall be Five Dollars ($5) per year or fraction thereof. The application for such license shall contain such information as to description of the vehicles and such other information as the Board may require. All vehicles used under such licenses shall have painted or printed thereon such designation as the Board may require. It shall be unlawful for any Importer to import beer into this State in any vehicle not fully described in his application, except as is permitted in paragraph (e) hereof. No Importer's Carrier's License shall be issued to any person who is not already the holder of an Importer's License, and all Importer's Carrier's Licenses shall terminate at the same time as the primary license under which it was issued.

(h). The Board is hereby authorized and empowered to require of all Manufacturers of beer in this State, and of all Manufacturers of beer imported into this State, and of all Importers and Distributors, such information as to purchases, sales and shipments as will enable the Board to collect the full amount of the tax due the State, and it shall be unlawful for any such Manufacturer, Importer or Distributor of beer to fail or refuse to give the Board such information. The Board shall have the power to seize and withhold from sale any beer the Manufacturer, Importer or Distributor of which fails or refuses to give to the Board any information which the Board may require under this provision, or fails

or refuses to permit the Board to make investigation of pertinent records, whether they be located within or without this State.

(i). Any person in possession of beer on which the tax is delinquent shall be held in violation of this Article and liable for the taxes herein provided and for the penalties for such violations.

(j). The Board shall require of Manufacturers of beer in Texas, and of Importers of beer into Texas, a bond or bonds executed by the Manufacturer or Importer as principal, and a surety company, duly qualified and doing business in this State, as surety, and said bond or bonds shall be made payable to the order of the State of Texas and conditioned as the Board may require and approved by the Attorney General of Texas as to form. Said bond or bonds shall be in such amount as will adequately protect the State against the anticipated tax liability of the principal during any six (6) weeks period.

(k). Such sworn statements of taxes due as may be required by the Board, and remittances therefor made payable to the State Treasurer, shall be forwarded to the Board each month not later than the due date set out herein. All such remittances shall be turned over by the Board to the State Treasurer, and after the allocation of funds to defray administrative expenses of the Board as provided in the current Departmental Appropriation Act, all remaining funds shall be deposited in the State Treasury as set out in paragraphs (a) and (b) of Section 23½ of Article II of the Texas Liquor Control Act.[4]

(*l*). In any suit brought to enforce the collection of any tax due on beer manufactured in or imported into Texas, a certificate by the Board or Administrator showing the delinquency shall be prima facie evidence of the levy of the tax, or the delinquency of the amount of tax and penalty set forth therein and of compliance by the Board with all provisions of this Act in relation to the computation and levy of the tax.

(m). This Section shall be effective on and after October 1, 1949, and on and after that date the purchase, affixing or mutilation of beer tax stamps shall no longer be required in Texas, and all requirements as to beer tax stamps in the Texas Liquor Control Act as amended [5] heretofore and herein are hereby specifically repealed. Provided, however, that any such shipments must be accompanied by a written statement furnished and signed by the shipper, showing the name and address of the consignor and the consignee, the origin and destination of such shipment, and such other information as may be required by the Board or Administrator; and it shall be the duty of the person in charge of such cargo while it is being so transported to exhibit such written statement to any representative of the Board or any peace officer making demand therefor, and said statement shall be accepted by such officer as prima facie evidence of the lawful right to transport such beer. The transportation of beer not accompanied by statement herein required, or failure to exhibit the same upon lawful demand, shall be a violation of this Act, and any beer being transported in violation hereof shall be subject to seizure without warrant.

(b). Possession by any person in any dry area of beer in any quantity exceeding twenty-four (24) bottles having a capacity of twelve (12) ounces shall be prima facie evidence of possession for the purpose of sale in a dry area.

(c). Common carriers shall be privileged to deliver beer in dry areas only when consigned to the holder of a Local or General Distributor's License, and when such Distributor has previously declared his intention to transport the same to a licensed place of business in a wet area. A reinstatement fee of Five Dollars ($5) shall be required if the application for renewal is made during said thirty (30) day period, but no examination or inspec-

tion of the beauty shop shall be required or made to obtain such renewal. Provided, however, where an instructor, operator, or manicurist retires from the active practice of hairdressing, cosmetology or manicuring, as defined in this Act, for not more than five (5) years, he or she may have his or her license reinstated, without examination, upon proper application to the Board, accompanied by each year's annual renewal fee; and provided, further, that such person shall furnish the Board with a health certificate as provided for under other provisions of this Act; and provided, further, that the Board may refuse to issue or renew such license for any of the causes set forth in this Act.

(b) The annual fee for renewal of license for conducting a beauty shop or beauty parlor, as defined herein, shall be the sum of Five Dollars ($5), but no inspection for renewal shall be made or required as the basis therefor; and the annual fee for renewal of license for operators to engage in the trade or practice of hairdressing and cosmetology shall be the sum of Three Dollars ($3); and the annual renewal fee for a manicurist shall be Two Dollars and Fifty Cents ($2.50); and the annual renewal fee for an instructor shall be Ten Dollars ($10); and the annual renewal fee to conduct a beauty culture school shall be One Hundred Dollars ($100).

(c) The establishment of itinerant shops is hereby expressly prohibited, and it shall be unlawful for any person, firm, association or corporation to operate a beauty shop as defined in this Act, unless the same is a bona fide establishment with a permanent and definite location. Any license granted under the terms of this Act shall permit the licensee to practice in only such bona fide established beauty shop; provided, however, that nothing in this Act shall prohibit the removal or change of location of a beauty shop. Provided, further, that nothing in this Act shall prohibit the establishment of chain beauty shops which have definite and permanent locations and have complied with all the other terms of this law.

Sanitary rules; clerical help; inspectors and inspection

Sec. 9. (a) The said Board shall, with the approval of the State Board of Health and in compliance with the sanitary provisions contained in Article 728–734 of the Penal Code of the State of Texas, prescribe such sanitary rules, as it may determine necessary, and approved in writing by the Attorney General as to their validity and filed in the office of the Secretary of State of Texas for public inspection before same shall be effective, to be employed to prevent the spread of infectious and contagious diseases. Any person who fails to comply with such sanitary rules shall be subject to the penalties provided for in this Act. It shall be unlawful for a person, firm, association or corporation to operate a beauty shop or a beauty school, as defined in this Act, unless the same is a bona fide establishment with a permanent and definite location completely and permanently separated by solid walls, with no openings from rooms used wholly or in part for residential or sleeping purposes. Provided, a person may have a shop in his or her home where the requirements, provisions, and sanitary rules of this Act are complied with.

(b) The salaries and number of clerical help and inspectors for the purpose of enforcing compliance with this Act shall be provided by law. Provided, however, that all the expense of such help and inspectors shall be paid out of the funds derived from the fees provided for by this Act and not otherwise. And no salaries, compensation or expenses provided by any part of this Act shall, in any event, exceed the salaries, compensa-

tion or expenses allowed for like service in the Comptroller's Department by the general appropriation bill.

'(c) No person shall be employed by the Board as an inspector unless such person is at least twenty-five (25) years of age, and has had at least five (5) years actual experience as a hairdresser and cosmetologist or as an instructor under a license issued by the Board, and who shall be a citizen of this State.

(d) The said Board, or any duly appointed agent, shall have authority to inspect any beauty shop, beauty parlor, or beauty culture school at any time during normal business or school hours and in such manner as not to interfere with the conduct or operation of the business or school.

Grounds for refusing, suspending or revoking license

'Sec. 10. The Board may refuse to issue or to renew or may suspend or revoke any license issued in accordance with the provisions of this Act for the following reasons:

(a) Conviction of a licensee of any felony involving moral turpitude under the laws of this State or of any other state or of the United States of America as shown by a certified copy of the judgment of conviction;

(b) Conviction by a Court of competent jurisdiction of a licensee for the violation of any provision of this Act;

(c) Conviction of any misdemeanor involving immoral conduct;

(d) Knowingly making false or misleading statements in any advertising of the licensee's services;

(e) Advertising, practicing, or attempting to practice under the name or trade name of another licensee under this Act;

(f) Habitual drunkenness of a licensee or his or her addiction to the use of any narcotic drug;

'(g) Practicing hairdressing or cosmetology outside of a beauty shop except as provided by Section 12 of this Act.

Conviction as condition of refusal to renew, suspension or revocation; hearings; appeal

Sec. 11. (a) The Board shall neither refuse to renew, nor shall it suspend nor revoke any certificate of registration, for any of the causes enumerated in this Act, except for failure of applicant to furnish the Board with a health certificate and Wasserman test, as required by the provisions of this Act, showing such applicant or licensee to be free from contagious or infectious disease as determined by a general examination and such test, unless the person accused has been convicted of violation of the provisions of this Act in a Court of competent jurisdiction; however, upon any such conviction, the Board may suspend or revoke any such certificate of license or registration after giving the person so convicted at least twenty (20) days written notice of time and place of hearing before the Board for such purpose. Upon the hearing of such proceeding the accused shall have the power to summon witnesses and to require the production of books and records, and to prepare for the purpose of such hearing, and to administer oaths. Any District Court or any Judge of such Court in this State, in term time or in vacation, upon application by the accused or of the Board or a member thereof, may, by order duly entered, require the attendance of witnesses and the production of relevant books and papers before the Board, in any hearing relating to the refusal, sus-

pension, renewal or revocation, or issuing of a certificate of registration, and may order the sheriff or any other peace officers of the County wherein said order is made and entered to serve such process as may be issued in order to compel the attendance of witnesses before said Board, for which services so rendered by such officer or officers the fees and mileage of the sheriff and of witnesses shall be the same as allowed in criminal cases and shall be paid from the fund of the Board as herein provided for, as other expenses of the Board are paid. However, the officers shall make claim for fees as in criminal cases and be paid upon warrant drawn by the Comptroller as in criminal cases. If the accused shall prevail at such hearing, the Board shall grant him the proper relief without delay. Any investigation, inquiry, or hearing thus authorized may be entertained or held by or before a majority of the members of the Board and the finding or order of such members, when approved and confirmed by the Board, shall be deemed a finding or order of the Board, and at such hearing the Board may be represented by the District Attorney or County Attorney, or the Attorney General of Texas.

(b) In such hearing, or other proceeding hereunder, the Board shall be represented by the Attorney General, District Attorney of the District, or the County Attorney of the county in which the hearing or other proceeding is conducted, or on their failure or refusal to act within a reasonable time, after requested so to do, the Board may employ private counsel to represent the Board, and reasonable compensation shall be paid such counsel from the funds herein provided for as any other expense; provided, however, such private counsel shall be employed only for the conduct of the pending matter, and the Board shall not be authorized hereby to place a private attorney upon an annual retainer or on a regular salary. If the Board suspends, revokes or refuses to issue or renew such license at said hearing, then such person may file suit to prevent same or to appeal from said order, and be entitled to a trial de novo, as such term is commonly used and intended in an appeal from the Justice Court to the County Court; and it is expressly provided that in such appeals on a trial de novo that the 'substantial evidence rule' shall not apply, and which appeal shall be taken in any District Court of the county in which the person whose license is involved, resides. Any and all such suits filed hereunder shall be filed within twenty (20) days from the date of the order of said Board. Service of such order shall be by registered mail, with return receipt as evidence thereof. The venue in all suits instituted hereunder, civil or criminal, shall be filed in the county of the residence of the person whose license is involved.

Services excepted; license of hair cutters and manicurists

Sec. 12. Nothing in this Act shall prohibit service in case of emergency, or domestic administration, nor service by persons authorized under the laws of this State to practice medicine, surgery, dentistry, chiropody, osteopathy, or chiropractic; nor registered nurses; nor service by any licensed barber engaged in the usual and ordinary duties of their vocations; and nothing herein contained shall be construed to mean that a barber, working in a beauty shop in the capacity of a haircutter only, shall be subject to the provisions of this Act, provided that any person who works in a beauty shop in the capacity of a haircutter shall be a licensed barber and any person who works in a barber shop in the capacity of a manicurist as herein defined shall be licensed as a manicurist. Provided, further, that nothing in this Act shall prohibit a person licensed under this Act from performing duties as prescribed by this Act in the home of a customer in cases of emergency, when sent by a shop owner. Pro-

vided, further, that nothing in this Act shall, in any manner apply to, limit or prohibit the arranging, dressing, curling, waving, cleansing, singeing, bleaching, coloring of, or any work upon the hair of a person when performed in a private home without charge of fee. Nothing in this Act shall be construed so as to prevent bona fide salesmen from demonstrating any preparations herein referred to.

Disposition of funds

Sec. 13. (a) Any and all sums of money paid into the State Treasury and credited to the State Board of Hairdressers and Cosmetology Fund shall be, and the same are hereby, appropriated for the fiscal years ending August 31, 1936, and for August 31, 1937, and each succeeding year thereafter to be expended under the direction of the Legislature as may be provided by law.

(b) On August 31st of each year the Board shall file with the State Comptroller its annual report in such form as may be required by the Comptroller.

(c) Ten per cent (10%) of all moneys received by the Board shall be paid into the General Revenue Fund of the State of Texas at the end of each fiscal year.

(d) Nothing herein shall affect, impair, modify, amend, or change any funds credited to the State Board of Hairdressers and Cosmetology Fund at the effective date of this Act. All funds received by the said Board during the remainder of the biennium ending August 31, 1953, shall likewise be applied as provided by law prior to the effective date hereof, and especially as provided in the Departmental Appropriation Bill, Acts, 1945, Forty-ninth Legislature, Chapter 378.

(e) It is hereby specifically provided that if for any reason an applicant pays money to the Board for application fees for license or any other fees provided for under this Article, and when such applicant fails to take the examination as required by this law, then the Board of Hairdressers and Cosmetologists is hereby authorized and directed to refund the amount of money paid by such applicant from the moneys in the State Board of Hairdressers and Cosmetology Fund.

Infectious and contagious diseases

Sec. 14. It shall be unlawful for the owner, operator or manager of a beauty shop or beauty culture school to knowingly permit any person suffering from an infectious or contagious disease to act as an employee or operator or student within such beauty shop or beauty culture school. It shall be unlawful for any hairdresser, cosmetologist, manicurist or instructor, who, in his or her own knowledge, is suffering an infectious or contagious disease, to practice the operations of a hairdresser, cosmetologist, manicurist or instructor.

Offenses

Sec. 15. Each of the following offenses shall constitute a misdemeanor punishable on conviction in a Court of competent jurisdiction by a fine of not less than Twenty-five Dollars ($25) nor more than One Hundred Dollars ($100):

(a) The violation of any of the provisions of this Act;

(b) Obtaining or attempting to obtain a license by false representation;

Partial invalidity

Sec. 18. In case any one (1) or more of the Sections or provisions of this Act, or the application of such Sections or provisions to any situation, circumstance or person, shall for any reason be held to be unconstitutional, such unconstitutionality shall not affect any other Section or provision of this Act or the application of such Section or provision to any other situation, circumstance or person, and it is intended that this law shall be construed and applied as if such invalid Section or provisions had not been included herein. As amended Acts 1953, 53rd Leg., p. 605, ch. 242, § 1.

Art. 827a, sec. 6. Weighing loaded vehicles by inspectors

Sec. 6. Subdivision 1. Any License and Weight inspector of the Department of Public Safety, any highway patrolman or any sheriff or

his duly authorized deputy, having reason to believe that the gross weight or axle load of a loaded motor vehicle is unlawful, is authorized to weigh the same by means of portable or stationary scales furnished or approved by the Department of Public Safety, or cause the same to be weighed by any public weigher, and to require that such vehicle be driven to the nearest available scales for the purpose of weighing. In the event the gross weight of such vehicle be found to exceed the maximum gross weight authorized by law, plus a tolerance allowance of five per cent (5%) of the gross weight authorized by law, such license and weight inspector, highway patrolman, sheriff or his duly authorized deputy, shall demand and require the operator or owner of such motor vehicle to unload such portion of the load as may be necessary to decrease the gross weight of such vehicle to the maximum authorized by law plus such tolerance allowance. Such operator or owner shall forthwith unload such vehicle to the extent necessary to reduce the gross weight thereof to such lawful maximum and such vehicle may not be operated further over the public highways or roads of the State of Texas until the gross weight of such vehicle has been reduced to a weight not in excess of the maximum limit plus such tolerance allowance. In the event the axle load of any such vehicle be found to exceed the maximum authorized by law, plus a tolerance allowance of five per cent (5%) of the axle load authorized by law, such officer shall demand and require the operator or owner thereof to rearrange his cargo, if possible, to bring such vehicle and load within the maximum axle load authorized by law, and if this cannot be done by rearrangement of said cargo, then such portion of the load as may be necessary to decrease the axle load to the maximum authorized by law plus such tolerance allowance shall be unloaded before such vehicle may be operated further over the public highways or roads of the State of Texas. Provided, however, that if such load consists of livestock, then such operator shall be permitted to proceed to destination without being unloaded provided destination be within the State of Texas.

It is further provided that in the event the gross weight of the vehicle exceeds the registered gross weight, the License and Weight Inspector, State Highway Patrolman or Sheriff or his duly authorized Deputy shall require the operator or owner thereof to apply to the nearest available County Tax Assessor-Collector for additional registration in an amount that will cause his gross registration to be equal to the gross weight of the vehicle, provided such total registration shall not exceed the legal gross weight allowed for such vehicle, before such operator or owner may proceed. Provided, however, that if such load consists of livestock or perishable merchandise then such operator or owner shall be permitted to proceed with his vehicle to the nearest practical point in the direction of his destination where his load may be protected from damage or destruction in the event he is required to secure additional registration before being allowed to proceed. It shall be conclusively presumed and deemed prima facie evidence that where an operator or owner is apprehended and found to be carrying a greater gross load than that for which he is licensed or registered, he has been carrying similar loads from the date of purchase of his current license plates and will therefore be required to pay for the additional registration from the date of purchase of such license. Provided further that when an operator or owner is required to purchase additional registration in a county other than the county in which the owner resides, the Tax Assessor-Collector of such county shall remit the fees collected for such additional registration to the State Highway Department to be deposited in the State Highway Fund. It shall be the duty of the State Highway Department, and the necessary funds are hereby

appropriated, to remit the counties' portion of such fees collected to the county of the residence of the owner; and it is provided further that the provisions of this Section will in no way conflict with Article 6675a, Section 2, of the Revised Civil Statutes.

It is further provided that all forms and accounting procedure necessary to carry out the provisions of this Section shall be prescribed by the State Highway Department.

Subdivision 2. The officers named herein are the only officers authorized to enforce the provisions of this Act.

Subdivision 3. It shall be unlawful for any of the persons, officers or deputies authorized to enforce the weighing and unloading provisions of this Act, to accept or agree to accept any gift, emolument, money or thing of value, privilege or the promise of either, from any person, firm, corporation, association, partnership, or the officers, agents, servants, or employees thereof as an inducement to enforce or attempt to enforce the weighing and unloading provisions of this Act. Any person who violates the provisions of this Section shall be guilty of a felony and upon conviction shall be punished as provided in Article 159, Penal Code of Texas.

Subdivision 4. It shall be unlawful for any person, firm, corporation, association, partnership, or the officers, agents, servants or employees thereof, to give, or offer to give or promise to give to any of the persons, officers or deputies authorized to enforce the weighing and unloading provisions of this Act, any gift, emolument, money or thing of value, privilege, or the promise of either, as an inducement to enforce or attempt to enforce the weighing and unloading provisions of this Act. Any person who violates the provisions of this Section shall be guilty of a felony and upon conviction shall be punished as provided in Article 158, Penal Code of Texas.

Provided, however, if a corporation shall be convicted of a violation of any of the provisions of this Section the penalty shall be a fine of not less than One Hundred Dollars ($100) nor shall be a fine of not more than Five Thousand Dollars ($5,000) for each such offense.

Subdivision 5. The inhibitions in Subdivisions 3 and 4 above shall not apply to the regular compensation paid to such persons or officers by the State or a county of this State. As amended Acts 1951, 52nd Leg., p. 189, ch. 116, § 1; Acts 1953, 53rd Leg., p. 892, ch. 368, § 1.

Effective 90 days after May 27, 1953, date of adjournment.

Section 2 of the amendatory Act of 1953 provided that partial unconstitutionality should not affect the validity of the remaining portions of the act. Section 3 repealed conflicting laws and parts of laws to the extent of such conflict.

Art. 827a—2. Weight of vehicles transporting ready-mix concrete

For a period of two (2) years commencing September 7, 1953, vehicles used exclusively to transport ready-mix concrete may be operated upon the public highways of this State with a tandem axle load not to exceed thirty-six thousand (36,000) pounds, provided that where the vehicle is to be operated with a tandem axle load in excess of thirty-two thousand (32,000) pounds, the owner of such vehicle shall first file with the State Highway Department a surety bond in the principal sum as fixed by the State Highway Department, which sum shall not be set at a greater amount than Ten Thousand Dollars ($10,000) for each vehicle; said bond to be conditioned that the owner of such vehicle will pay to the State of Texas, within the limit of such bond, all damages done to the

highways by reason of the operation of such vehicle with a tandem axle load in excess of thirty-two thousand (32,000) pounds; such bond shall be in an amount to be fixed by the State Highway Department and shall be subject to the approval of the State Highway Department. Acts 1953, 53rd Leg., p. 747, ch. 293, § 1.

Effective 90 days after May 27, 1953, date of adjournment.

A vehicle registered under the terms of this Act may not be operated in Texas after the expiration of the temporary permit unless the non-resident owner secures a second temporary permit as provided above, or unless the non-resident owner registers the vehicle under the appropriate Texas vehicular registration statutes, applicable to residents, for the remainder of the registration year. No such vehicle may be registered with a Texas farm truck license.

Nothing in this Act shall be construed to authorize such non-resident owner or operator to operate or cause to be operated any of such vehicles

The director of said experiment station is hereby empowered to prescribe the form of such tags, and adopt such regulations as may be necessary for the enforcement of this law.

In lieu of the requirement for affixing the tax tag provided for in the preceding paragraph, upon application of any manufacturer, importer, agent, or seller to the director of the Texas Agricultural Experiment Station for a permit to report the tonnage of feeding stuff sold and to pay the inspection tax of ten cents (10¢) per ton on the basis of said report, the director shall grant the permit upon compliance with the following conditions:

(1) The applicant must agree to keep such records as may be necessary to indicate accurately the tonnage of feeding stuff sold;

(2) Before the permit is granted, the applicant must deposit with the director cash in the amount of One Thousand Dollars ($1,000) or securities acceptable to and approved by the director of a value of at least One

Thousand Dollars ($1,000), or must post with the director a surety bond payable to the State of Texas in the amount of One Thousand Dollars ($1,000), executed by a corporate surety company authorized to do business in Texas and approved by the director, conditioned upon the faithful performance of the provisions of this article; or must post with the director a bond with at least two good and sufficient and solvent personal sureties, payable to the State of Texas, in the amount of One Thousand Dollars ($1,000) and approved by the director, conditioned upon the faithful performance of the provisions of this article;

A sworn report of tonnage shall be filed in the office of the director within ten (10) days after the close of each quarter year ending with the last day of November, February, May, and August, covering the tonnage of feeding stuff sold during the preceding quarter, and shall be accompanied by the amount of tax due for that quarter. If the permittee fails to file the report or pay the tax within the time allowed herein, or if the amount of tonnage reported is less than the amount actually sold, the director shall revoke the permit after reasonable notice and opportunity for hearing. A penalty of ten per cent (10%) of any tax which is not paid within the time allowed shall be added to the amount of tax due, and the amount of the tax and the penalty shall constitute a debt and shall be recoverable out of the securities or bond hereinbefore referred to. Venue of all suits for the recovery of taxes and penalties shall be in the county in which the offense occurs. The director or his duly authorized representative shall have permission to examine the records of the permittee and verify the statement of tonnage sold during any period.

Whenever the manufacturer or importer or shipper of a feeding stuff shall have filed the certified statement provided for in Article 3874, and paid the inspection tax, no agent or seller of said manufacturer, importer or shipper shall be required to file such statement or pay such tax. After such sale and slaughter the Commission is authorized to pay the owners of such animals out of funds appropriated by the Legislature for that purpose an amount not to exceed fifty per cent (50%) of the appraised value of such animals after deducting the amount of salvage received for them. TITLE 8—TRIAL AND ITS INCIDENTS

CHAPTER FIVE—THE TRIAL BEFORE THE JURY

Art. 658. 735–736 Charge of court

In each felony case and in each misdemeanor case tried in a court of record, the Judge shall, before the argument begins, deliver to the jury, except in pleas of guilty, where a jury has been waived, a written charge distinctly setting forth the law applicable to the case; not expressing any opinion as to the weight of the evidence, not summing up the testimony, discussing the facts or using any argument in his charge calculated to arouse the sympathy or excite the passions of the jury. Before said charge is read to the jury, the defendant or his counsel shall have a reasonable time to examine the same and he shall present his objections thereto in writing, distinctly specifying each ground of objection. Said objections may embody errors claimed to have been committed in the charge, as well as errors claimed to have been committed by omissions therefrom or in failing to charge upon issues arising from the facts, and in no event shall it be necessary for the defendant or his counsel to present special requested charges to preserve or maintain any error assigned to the charge, as herein provided. As amended Acts 1953, 53rd Leg., p. 486, ch. 172, § 1.

The court shall give or refuse these charges with or without modification, and certify thereto; and when the court shall modify a charge it shall be done in writing and in such manner as to show clearly what the modification is. The defendant may, by a special requested instruction, call the trial court's attention to error in the charge, as well as omissions therefrom, and no other exception or objection to the court's charge shall be necessary to preserve any error reflected by any special requested instruction which the trial court refuses. As amended Acts 1953, 53rd Leg., p. 485, ch. 171, § 1.

Emergency. Effective May 19, 1953.

The defendant, by himself or counsel, may tender his bills of exception to any decision, opinion, order or charge of the court or other proceedings in the case; and the Judge shall sign such bills of exception, under the rules prescribed in civil suits, in order that such decision, opinion, order, or charge may be revised upon appeal. The bills of exception may be in narrative form or by questions and answers, and no par-

ticular form of words shall be required. Where the matter about which complaint is made and the trial court's ruling thereon reasonably appear from any formal or informal bill of exception, same shall be considered upon appeal, regardless of whether or not the bill of exception is multifarious or relates to more than one subject, complaint, or objection. Where the argument of State's counsel about which complaint is made in a bill of exception is manifestly improper, or violates some mandatory statute, or some new fact is thereby injected into the case, it shall not be necessary that the bill of exception negative that the argument was not invited, or in reply to argument of defendant or his counsel, or any other fact by which the argument complained of may have been authorized. If such matters exist, the trial court by qualification or otherwise, may require the bill of exception to reflect any reason whereby the argument complained of would not be error. As amended Acts 1953, 53rd Leg., p. 670, ch. 254, § 1.

Effective 90 days after May 27, 1953, date of adjournment.

Section 1c of the amendatory Act of 1953 provided that partial invalidity should not affect the remaining portion of the Act.

Art. 678. 755, 735 Jury may have witness reexamined or testimony read

In the trial of any criminal case in any District Court, Criminal District Court, or County Court, County Criminal Court, or County Court at Law, of this State, if the jury disagree as to the statement of any witness they may, upon applying to the court, have read to them from the court reporter's notes that part of such witness's testimony on the particular point in dispute, and no other; but if there be no such reporter, or if his notes cannot be read to the jury, the court may cause such witness to be again brought upon the stand and the Judge shall direct him to repeat his testimony as to the point in dispute, and no other, as nearly as he can in the language used on the trial. As amended Acts 1953, 53rd Leg., p. 906, ch. 373, § 1.

Emergency. Effective June 4, 1953.

TITLE 9—PROCEEDINGS AFTER VERDICT

CHAPTER ONE—NEW TRIALS

Art. 759a. Statement of facts and bills of exception

Designation of portions of evidence

D. Within fifteen (15) days after notice of appeal is given and where a request is made of the official court reporter for the preparation of a transcript of all or any part of the evidence adduced on trial of the case, or whenever, with or without such a request, a statement of facts is filed or offered for filing by appellant, the appellant shall deliver or mail to the attorney for the state and file with the clerk of the court a designation in writing of the portions of the evidence desired, and shall specify the portions desired in narrative form, if any, and the portions desired in question and answer form, if any, and the portions that are desired to be omitted. Within ten (10) days thereafter, any party to the appeal may file a designation in writing of any additional portions of the evidence to be included, specifying the portions to be requested and whether desired in narrative form or question and answer form, and the opposing party, if dissatisfied with a narrative form of such evidence, may require the testimony in question and answer form to be substituted for all or a part of such additional portions so requested. As amended Acts 1953, 53rd Leg., p. 670, ch. 254, § 1A.

Form and contents of bill of exceptions; excluded testimony; formal exceptions unnecessary

Sec. 2. (a) Where the statement of facts in question and answer form reflects the admission or rejection of testimony objected to or offered by the defendant, the defendant's objection thereto, the evidence rejected, the court's ruling thereon, or the said statement of facts shows any ruling or opinion or other action of the court, with the defendant's objection thereto, he may except thereto at the time the said ruling is made or announced or such action taken, and such statement of facts shall constitute a bill of exception to such ruling, opinion or other action of the court, and no formal bill of exception thereto shall be necessary. The defendant may, however, prepare and have filed a formal bill of exception if he so desires. Where the defendant offers testimony which is rejected by the court, the judge, if requested by defense counsel, shall immediately retire the jury and hear such testimony to allow defendant to perfect his bill of exception. Such rejected testimony may be carried in the statement of facts and may be considered a bill of exception.

(b) Formal exceptions to rulings on evidence, opinions or other action of the court, as provided in Subdivision (a) above, are unnecessary; but for all purposes for which an exception has heretofore been necessary, it is sufficient that a party, at the time the ruling, opinion, or action of the court is made or sought, makes known to the court the action which he desires the court to take or his objection to the action of the court and his grounds therefor; and if a party has no opportunity to object to the ruling or order at the time it is made, the absence of an objection does not thereafter prejudice him. As amended Acts 1953, 53rd Leg., p. 670, ch. 254, § 1B.

Effective 90 days after May 27, 1953, date of adjournment.

Section 1c of the amendatory Act of 1953 provided that partial invalidity should not affect the remaining portion of the Act.

The Commissioners Court shall approve such account for such amounts as they find to be correct and order a draft to be issued on the County Treasurer in favor of such Judge or Justice for the amount due said Judge or Justice from the county. The Commissioners Court shall not however pay any account or trial fees in any case tried and in which an acquittal is had unless the State of Texas was represented in the trial of said cause by the County Attorney or his assistant, Criminal District Attorney or his assistant and the certificate of said Attorney is attached to said account certifying to the fact that said cause was tried, and the State of Texas was represented, and that in their judgment there was sufficient evidence in said cause to demand a trial of the same. All fees provided herein which are paid to officers who are compensated on a salary basis shall be paid into the Officers Salary Fund. As amended Acts 1953, 53rd Leg., p. 852, ch. 344, § 1.

Effective 90 days after May 23, 1953, date of adjournment.

Section 2 of the amendatory Act of 1953 provided that partial invalidity should not affect the remaining portions of the act. Section 3 repealed conflicting laws or parts of laws.
