## PREFACE

---

These volumes of West's Texas Statutes and Codes include, in compact and convenient form, the text of all the general and permanent laws of the State of Texas enacted through the Regular Session and First Called Session of the 63rd Legislature, and the Texas Constitution, as amended through November 6, 1973.

The laws in West's Texas Statutes and Codes are under the same classification as Vernon's Annotated Texas Statutes and Vernon's Texas Codes Annotated. Therefore, the user of this edition may go from any article or section herein to the same article or section in the annotated editions, where the complete constructions of the laws by the state and federal courts, historical data relative to the origin and development of the law, and other helpful research aids, are conveniently available.

### Scope of Volumes

Volume 1 contains the Constitution of the State of Texas; the Business and Commerce Code; the Education Code; the Family Code; the Penal Code; Penal Auxiliary Laws (Liquor Control Act; Game, Fish and Oysters); the Code of Criminal Procedure; and the Water Code. The Business and Commerce, Education, Family, Penal and Water Codes are units of the Texas Legislative Council's on-going statutory revision program, authorized by Civil Statutes, Art. 5429b-1.

Volumes 3 to 5 contain the balance of the text of the Civil Statutes.

### Tables

Disposition Tables are provided following each Code and throughout the Civil Statutes, providing a means of tracing repealed subject matter to parallel provisions.

Special laws pertaining to education and water, which were neither repealed by, nor incorporated into, the Education and Water Codes, are tabulated following the respective Codes.

Additionally, Disposition Table 2 of the Penal Code shows the new official citations or classifications of unrepealed articles of the Texas Penal Code of 1925.

## PREFACE

### Indexes

A separate detailed descriptive word Index follows the Constitution, each Code and the Penal Auxiliary Laws to facilitate the search for specific provisions found therein. Laws in the Civil Statutes may be located by means of the Topical Index at the end of Volume 5.

#### Arts. 5575, 5576, Repealed by Acts 1965, 59th Leg., vol. 2, p. 1, ch. 721, § 10-102, eff. June 30, 1966

*Acts 1965, 59th Leg., vol. 2, p. 1, ch. 721, enacting the Uniform Commercial Code, repealed articles 5575, 5576 effective June 30, 1966. Acts 1965, 59th Leg., vol. 2, p. 1, ch. 721 was itself repealed by Acts 1967, 60th Leg., vol. 2, p. 2343, ch. 785, adopting the Business & Commerce Code effective September 1, 1967. However, the latter Act specifically provided that the repeal did not affect the prior operation of the 1965 Act or any prior action taken under it.*

See, now, Business and Commerce Code, §§ 7.104, 7.204, 7.501 et seq.

#### Art. 5577. Exceptions

[Acts 1925, S.B. 84.]

(b) The term "public grain warehouse," as used in this Act, shall be construed to mean any place where non-perishable grains and/or field seeds are received for storage for others in bulk and/or for handling for re-storage.

(c) The term "warehouseman," as used in this Act, shall be construed to mean any person operating a public grain warehouse as herein defined.

(d) The term "Commissioner," when used in this Act, shall mean the Commissioner of Agriculture of the State of Texas.

##### Enforcement; Personnel and Equipment

Sec. 2. The Commissioner shall carry out and enforce the provisions of this Act and is hereby empowered to appoint and fix the duties and compensation of inspectors and such other personnel and provide such equipment as may be necessary to assist him in enforcing the provisions hereof.

## Licenses and Bonds

Sec. 3. It shall be unlawful for any person to operate a public grain warehouse unless he shall have obtained and holds a license therefor issued by the Commissioner. Each application for such license shall be on a form prescribed by the Commissioner of Agriculture, which shall charge and collect a fee of Ten (\$10.00) Dollars for each such license and deposit the same in the State Department of Agriculture Grain and Field Seed Warehouse Inspection Fund. No such license shall be issued until the applicant therefor has filed with the Commissioner a corporate surety bond, in an amount not less than Five Thousand (\$5,000.00) Dollars, and not more than Fifty Thousand (\$50,000.00) Dollars on a form prescribed by the Commissioner, conditioned that the applicant will fulfill all of his obligations as a warehouseman. Subject to the limitations herein provided, such bond shall be payable to the State of Texas and shall be in such amount as the Commissioner determines will be sufficient to afford adequate protection to the public, and the amount thereof shall be changed from time to time, whenever the State Commissioner finds that the interests of the public require the same. Anyone injured by the violation of the terms of the bond may recover damages to the amount of the bond and suit therefor may be instituted by such injured person; provided, however, that the aggregate liability of the surety to all such injured persons for all such damages shall, in no event, exceed the amount of such bond. Each license issued under the provisions of this section shall expire one (1) year after its issuance, but may be suspended or revoked sooner by the Commissioner, after notice by registered mail and an opportunity to be heard has been given, for a failure to maintain the bond required herein or adequate insurance on all grains and field seeds received in store, or for a violation of any of the provisions of this Act or any rule or regulation of the Commissioner adopted pursuant to this Act. Provided, that upon evidence of just and good cause such license may be temporarily suspended without a hearing, for a period not to exceed thirty (30) days.

Where a warehouseman operates more than one (1) warehouse unit located in close proximity, and on the same general site as the one (1) unit for which he has been licensed, he shall be entitled to a permit or permits for the operation of such additional units, upon application for such permits made to the Commissioner on forms to be prescribed by him, and the payment of an annual permit fee in the amount of Ten (\$10.00) Dollars for each such permit, and such permit shall run concurrently with the license of this principal unit and one (1) bond shall cover all the units as a whole.

## Bond After Termination of License

Sec. 4. The Commissioner may require a bond from any warehouseman upon suspension, revocation or expiration of his license, for an

amount to be fixed by the Commissioner, to afford adequate protection to the holders of warehouse receipts issued by such warehouseman so long as any receipts remain outstanding or uncanceled.

## Reports; Inspections; Fees

Sec. 5. Each warehouseman shall, when requested by the Commissioner of Agriculture, make a report to the Commissioner concerning the condition, conduct, operation and business of each warehouse he operates and the grains and field seeds stored therein, and shall permit any representative or agent of the Commissioner to enter and inspect each such warehouse and its contents and the records thereof, and shall render any assistance necessary in checking any condition or books in connection therewith. The Commissioner shall charge and collect, for not to exceed one (1) annual examination and/or inspection of each warehouse unless an additional examination and/or inspection is made at the request of the warehouseman, an inspection fee at the rate of One (\$1.00) Dollar for each ten thousand (10,000) bushels of the rated grain storage capacity or fraction thereof of the warehouse inspected, but in no case shall such inspection fee be less than Fifteen (\$15.00) Dollars. The Commissioner may make as many inspections as he deems necessary providing that no more than one (1) inspection fee per year is charged. All such fees collected shall be deposited in an account to be known as the State Department of Agriculture Grain and Field Seed Warehouse Inspection Fund.

## Insurance of Stored Grains and Seeds

Sec. 6. Every person licensed under the provisions of this Act shall insure, and shall at all times keep insured, in his own name, all of the grains and seeds in store for the full market value thereof, against loss or damage by fire, lightning, inherent explosion, windstorm, cyclone, or tornado, and, in the event of any other damage to such grains and field seeds, or to the warehouse or warehouses, whether or not such loss was insured against, he shall immediately notify the Commissioner and shall at his own expense promptly take steps necessary to collect the moneys which may be due as indemnity for such loss or damage. For the purpose of this Section, "full market value" shall mean the value required by law to be used by underwriters in paying for losses of the grains and field seeds insured for their actual cash value. In the event the warehouseman insures against hazards not specified herein, such insurance shall inure to the benefit of the holders of the warehouse receipts.

Sec. 7. Each warehouseman shall, upon weighing grains and field seeds, issue to the person from whom the same are received a scale ticket in a form or forms approved by the Commissioner. Such scale ticket shall be non-

negotiable, but may singly or with others be exchanged for a negotiable warehouse receipt.

In cases where a part of the grains or field seeds represented by the receipt is delivered out of store and the remainder is left, new receipt may be issued for the remainder; but such new receipt shall bear the same date as the original, and shall state on its face that it is the balance of the receipt of the original number, and the receipt upon which a part has been delivered shall be cancelled in the same manner as if the grains or field seeds it calls for had all been delivered. In case it be desirable to divide one (1) receipt into two (2) or more, or in case it be desirable to consolidate two (2) or more receipts into one (1), and the warehouseman consents thereto, the original receipt shall be cancelled the same as if the grains or field seeds had been delivered from store, and the new receipts shall state on their face that they are parts of other receipts, or a consolidation of other receipts, as the case may be; and the numbers of the original receipts shall also appear upon the new receipts issued explaining the change; but no consolidation of receipts of dates differing more than ten (10) days shall be permitted, and all new receipts issued for old ones cancelled as herein provided shall bear the same dates as those originally issued as near as may be.

Lost or Destroyed Receipts

Sec. 11. In case a warehouse receipt is lost or destroyed, a duplicate so marked shall be issued therefor in the same manner as the original receipt upon affidavit of the owner of the original receipt that such receipt has been lost or destroyed, and the giving to the warehouseman of an acceptable bond with approved security in an amount equal to double the value, at the time the bond is given, of the grains or field seeds represented by said lost or destroyed receipt, which bond shall indemnify against loss or damage sustained by reason of the issuance of such duplicate receipt, and any cost of litigation incident thereto.

Equipment and Records

Sec. 12. Each warehouseman shall provide sufficient equipment for weighing and maintaining quality and keeping records of all grains and field seeds stored.

Liability for Loss or Injury

Sec. 13. A warehouseman shall be liable for any loss or injury to the goods caused by his failure to exercise such care in regard to them as a reasonably careful owner of similar goods would exercise, but he shall not be liable, in the absence of an agreement to the contrary, for any loss or injury to the goods which could not have been avoided by the exercise of such care.

Issuance of False or Fraudulent Receipts; Removal of Grain or Seed Without Return of Receipt

Sec. 14. Any warehouseman, or employee or manager of a public grain warehouse, who shall be guilty of issuing any warehouse receipt for any grains or field seeds that are not actually in store at the time of issuing such receipt, or who shall be guilty of issuing any warehouse receipt that is in any respect fraudulent in its character, either as to its date or as to the quantity, quality or inspected grade of such grains or field seeds or who shall remove any grains or field seeds from store (except to preserve the same from fire or other damage) without the return and cancellation of any and all outstanding receipts that may have been issued to represent such grains or field seeds, shall, when convicted thereof, be guilty of a felony, and shall be punished by a fine of not more than Five Thousand (\$5,000) Dollars or imprisonment in the State penitentiary for not more than five (5) years, or by both such fine and imprisonment.

Issuance of Receipt Without Knowledge; Delivery of Grain or Seeds Without Surrender of Receipt; Failure to Cancel Receipt

Sec. 15. Any warehouseman, or the manager or other employee of a public grain warehouse, who fraudulently issues or aids in issuing a warehouse receipt for any grains or field seeds, without knowing that the same have actually been placed in a public grain warehouse, or who shall deliver any grains or field seeds from a public grain warehouse without the sur-

render and cancellation of the receipt therefor, or who fails to mark his receipt "cancelled" on the delivery of such grains or field seeds, shall be guilty of a felony and upon conviction thereof shall be punished by a fine of not more than Five Thousand (\$5,000) Dollars or by imprisonment in the State penitentiary for a term of not more than five (5) years, or by both such fine and imprisonment.

**Offenses Respecting License; False or Fraudulent Receipts**

Sec. 16. No public grain warehouse shall be designated as being licensed or operated under the provisions of this Act, and no name or description conveying the impression that it is so licensed or operated shall be used unless such public grain warehouse is so licensed and operated. However, any part may be reserved and designated "not for public use", upon application to and approval of the commissioner.

(c) All warehouses owned or controlled by the warehouseman located in close proximity on the same general location may be considered as one unit for the purpose of determining the amount of bond and be included in the license.

(b) Any application for a license, or renewal thereof, shall be accompanied by a license fee of \$10.00 for each license.

(c) No licensed warehouseman shall make use of any increased warehouse capacity without first obtaining approval of the commissioner.

#### Issuance of License

Sec. 6. The commissioner is authorized to issue and amend a license, or renewal thereof, upon approval of the bond and insurance filed by the applicant, upon determination that the warehouse covered by such application is suitable for the proper storage of grain and upon determination that the applicant has complied with the provision of this Act and regulations promulgated thereunder.

## Bond Requisites

Sec. 7. (a) Each applicant for a license to conduct a warehouse under this Act shall, as a condition to the granting thereof, file or have on file with the commissioner, a bond, running to the State of Texas, executed by the applicant as principal, and by a corporate surety licensed to do business in the State of Texas, as surety.

(b) Such bond shall:

(1) be in such form and contain such terms and conditions as the commissioner shall prescribe;

(2) be conditioned upon the faithful performance of all obligations of a licensed warehouseman under the terms of this Act and regulations hereunder from the effective date of the bond until the license is revoked or the bond is cancelled as provided in this Act, whichever occurs first; and

(3) be further conditioned upon the faithful performance from the effective date of the bond and thereafter, whether or not said warehouse remains licensed under this Act, of such obligations as a warehouseman under contract with depositors of grain in the warehouse as exists on the effective date of the bond or are thereafter assumed prior to the time the license of the warehouseman is revoked or the bond is cancelled as provided herein, whichever occurs first; and

(4) in an amount of bond to be that the net worth of the company shall be the equivalent of 15¢ per bushel of the storage capacity, and the bond shall be not less than 15¢ per bushel on the first million bushels; 10¢ per bushel on the second million bushels; 5¢ per bushel on all capacity above two million bushels, the bond not to be less than \$10,000.00 nor more than \$500,000.00.

In the event the net worth of the company is less than 15¢ per bushel based on storage capacity, then a deficiency bond shall be established for the difference in addition to the above mentioned bond. Continuance certificates or renewal certificates shall be acceptable for reissuance of warehouse license.

(c) The applicant may give a single bond meeting the requirements of this Act and all licensed warehouses operating by him shall be deemed as one warehouse for the purpose of this bond.

(d) In no event shall the liability of the surety on any bond required by this Act accumulate for each successive license period during which the bond is in force. The liability of the surety is limited in the aggregate to the face amount of the bond.

## Action by Depositor Upon Bond

Sec. 8. (a) If no action upon the bond of a licensed warehouseman is commenced within thirty days after written demand to the com-

missioner any depositor shall have a right of action upon such bond for the recovery of all damages suffered by such depositor by reason of the failure of the warehouseman to comply with any condition of his bond.

(b) Recovery under such bond shall be prorated when the claims exceed the liability under such bond: Provided, that it shall not be necessary for any depositor suing on such bond to join other depositors in such suit and the burden of establishing proration shall be on the surety as a matter of defense.

## Casualty Insurance; Recovery for Loss

Sec. 9. (a) Each applicant for a license to conduct a warehouse under this Act shall, as a condition to the granting thereof, file or have on file with the commissioner a certificate of insurance evidencing an effective policy of insurance issued by an insurance company authorized to do business in the State of Texas insuring in the name of the applicant all grain which is or may be in the warehouse for their full market value against loss by fire, internal explosion, lightning, windstorm, cyclone, or tornado; provided that on certification by the warehouseman that all grain within the warehouse is actually owned by the warehouseman free of any lien, such insurance coverage would not be required.

(b) In case fire, internal explosion, lightning, windstorm, cyclone or tornado destroys or damages any grain in any licensed warehouse, the warehouseman shall, upon demand by the depositor, and upon being presented with the receipt or other evidence of ownership, make settlement, after deducting the warehouseman's charges and advances, at the market value of the grain based on the value at the average price paid for grain of the same grade and quality on the date of the loss at the location of the warehouse. In event such settlement is not made within 30 days from the date of such demand, the depositor shall have the right to seek recovery from the insurance company.

## Additional Bond and Insurance

Sec. 10. (a) Whenever the commissioner shall determine that a previously approved bond or previously approved insurance is insufficient, he shall require an additional bond or insurance to be given by the warehouseman, conforming with the requirements of this Act.

(b) The commissioner may require a bond from any warehouseman upon suspension, revocation or expiration of his license to protect depositors of grain so long as any receipts remain outstanding or uncanceled.

Cancellation of Bond and Insurance;  
Suspension of License

Sec. 11. (a) No licensed warehouseman may cancel an approved bond or approved insurance without prior written approval of the commissioner and his approval of a substitute bond or insurance. The surety on a bond may cancel a bond required by this Act only after

the expiration of ninety days from the date the surety shall have mailed a notice of intent to cancel, by registered or certified mail, to the commissioner. The surety and the insurance company shall, at the time of giving notice to the commissioner, send a copy of such notice to any other governmental agency requesting it. The commissioner shall promptly, upon receipt of any notice provided for in this section, notify the warehouseman involved.

(b) Notwithstanding any other provisions of this Act, the license of a warehouseman shall automatically be suspended for failure to

(1) file a new bond within the ninety day period as provided in this section, or

(2) file new evidence of insurance within thirty day period as provided in this section, or

(3) maintain at all times a bond and insurance as provided in this Act.

Such suspension shall continue as long as any such failure exists.

#### Warehouse Inspections and Fees

Sec. 12. (a) Every licensed warehouseman shall, when requested by the commissioner, make a report to the commissioner on the condition, conduct, operation and business of each warehouse he operates and the grain stored therein.

(b) Warehousemen shall permit any representative or agent of the commissioner to enter and inspect each licensed warehouse and its contents and the records related to stored grain thereof, and shall render any assistance necessary in checking any condition or records in connection therewith.

(c) The commissioner shall inspect and collect for one annual examination of each warehouse, unless additional inspections are made at the request of the warehouseman. The inspection fee shall be at the rate of \$1.00 for each ten thousand bushels of licensed storage capacity or fraction thereof of the warehouse inspected. In no case shall such fee be less than \$15.00.

(d) The commissioner may make as many inspections as he deems necessary, provided, that no more than one inspection fee per year is charged the warehouseman.

#### Suspension, Revocation, and Denial of License

Sec. 13. The commissioner is authorized to suspend, revoke or deny a license in any case in which he determines, after opportunity for a hearing, that there has been violation of or failure to comply with the requirements of this Act or the regulations promulgated thereunder. The commissioner, whenever he deems necessary, may suspend a license temporarily without hearing, for a period not to exceed thirty (30) days.

#### Operation After Revocation or Suspension of License

Sec. 14. (a) When a license is revoked, the warehouseman shall terminate, in the manner

prescribed by the commissioner, all arrangements covering storing, shipping or handling of grain in the warehouse, covered by such license, but shall be permitted, under the direction and supervision of the commissioner, to deliver grain previously received.

(b) During any suspension of a license, the warehouseman may, under the direction and supervision of the commissioner, operate the warehouse, but shall not receive grain for storing, shipping or handling during the term of such suspension.

#### Duty of Warehouseman to Receive: Issuance of Tickets and Receipts

Sec. 15. (a) Every licensed warehouseman shall, upon receiving grain, issue to the person from whom the grain was received, a serially numbered ticket in a form approved by the commissioner. Such tickets shall be nonnegotiable.

(b) Upon application of the depositor, the warehouseman shall issue to the depositor a warehouse receipt in a form prescribed by the commissioner and in conformity with Chapter 7, Texas Business & Commerce Code. Warehouse receipts issued under this chapter shall be subject to all the provisions of Chapter 7, Texas Business & Commerce Code.

(c) No two receipts bearing the same number shall be issued by the same warehouse during any one calendar year.

#### Receipt for Grain Owned by Warehouseman

Sec. 16. A licensed warehouseman may issue a receipt for grains owned by him, in whole or part, located in his licensed warehouse. The negotiation, transfer, sale, or pledge of any such receipt shall not be defeated by reason of such ownership.

#### Obligation of Warehouseman to Deliver

Sec. 17. The obligation of a warehouseman to deliver grain to a person holding a receipt for grain stored in the warehouse is controlled by Section 7.403, Texas Business & Commerce Code.

#### Termination of Storage at Warehouseman's Option

Sec. 18. A warehouseman desiring to terminate the storage of any person's grain in his warehouse shall do so according to the provisions of Section 7.206, Texas Business & Commerce Code.

#### Duplicate Receipts

Sec. 19. (a) While a receipt issued under this Act is outstanding and uncanceled by the licensed warehouseman issuing same, no other or further receipt shall be issued for the grain covered thereby or any part thereof, except that in case of lost, stolen or destroyed receipt, the owner shall be entitled to a new receipt shown to be duplicate or substitute for the missing receipt. Such duplicate or substitute receipt shall be endowed with all rights appertaining to the document for which it was issued, and shall state that it is in lieu of the

former receipt giving the number and date thereof. The warehouseman shall require an indemnity bond of double the market value of the grain covered by such missing receipt, in such form and with such surety as may be prescribed by the commissioner, as will fully protect all rights under the missing receipt.

(b) No licensed warehouseman shall become a surety on a bond for a lost, stolen, or destroyed receipt.

#### Records

Sec. 20. (a) Every warehouseman conducting a warehouse under this Act shall keep in a place of safety complete and correct records and accounts pertaining to the licensed warehouse, including records and accounts of all grains received therein and withdrawn therefrom, of all unissued receipts in his possession, of all receipts and tickets issued by him, and of the receipts returned to and cancelled by him. Such records shall be retained by the warehouseman for such period as may be prescribed by the commissioner; provided, that copies of receipts or other evidencing ownership of any grains or liability as a warehouseman shall be retained so long as such documents are outstanding, and any such document which has been cancelled shall be retained for a period of not less than two years from the date of cancellation.

(b) All cancelled receipts shall be clearly marked "cancelled" setting forth date of such cancellation.

(c) All such records and accounts shall be kept separate and distinct from records and accounts of any other business, and shall be subject to inspection by the commissioner at all reasonable times.

#### Posting of License

Sec. 21. Each licensed warehouseman shall immediately upon receipt of a license post it in a conspicuous place in the office of the licensed warehouse.

#### Receipt Forms; Printing; Cash Bond; Recovery

Sec. 22. (a) All receipt forms shall be supplied by the commissioner except where commissioner, in writing, approves the form and gives permission to a warehouseman to have receipts printed. Requests for receipts shall be on forms furnished by the commissioner and shall be accompanied by payment to cover estimated cost of printing, packaging, and shipping, as determined by the commissioner. Where privately printed, the printer shall furnish the commissioner an affidavit showing the amount of the receipts printed, and the serial numbers, thereof, and the warehouseman shall, at the discretion of the commissioner, furnish a bond in such form and in such amount not to exceed Five Thousand Dollars (\$5,000.00) as determined by the commissioner, to cover any loss resulting from the unlawful use of any receipt.

(b) All receipts remaining unused shall be recovered by the commissioner if the license

required by this Act is terminated or suspended.

#### Remedies of the Commissioner on Discovery of Shortage or Refusal to Submit to Inspection

Sec. 23. (a) Whenever it appears to the satisfaction of the commissioner that a licensed warehouseman has not in his possession sufficient commodities to cover the outstanding receipts and outstanding tickets issued or assumed by him, or when such warehouseman refuses to submit his records or property for lawful inspection, the commissioner may give notice to the warehouseman to comply with all or any of the following requirements:

- (1) Cover such shortage;
- (2) Give additional bond as requested by the commissioner;
- (3) Submit to such inspection as the commissioner may deem necessary.

(b) If such warehouseman fails to comply with the terms of such notice within twenty-four hours from the date of its issuance, or within such further time as the commissioner may allow, the commissioner may petition the district court for the county where the licensed warehouseman's principal place of business is located (as shown by the license application) for an order: Authorizing the commissioner to seize and take possession of all or a portion of any and all grains located in the licensed warehouse or warehouses of such warehouseman, and of all pertinent records and property.

(c) Upon taking possession the commissioner shall give written notice of its action to the surety on the bond of the warehouseman and may notify the holders of records, as shown by the warehouseman's records, of all receipts and tickets issued for grains, to present their receipts or tickets for inspection, or to account for the same. The commissioner may thereupon cause an audit and other investigation to be made of the affairs of such warehouse, especially with respect to the grains in which there is an apparent shortage, to determine the amount of such shortage and compute the shortage as to each depositor as shown by the warehouseman's records, if practicable. The commissioner shall notify the warehouseman and the surety on his bond for the approximate amount of such shortage and notify each depositor thereby affected by sending notice to the depositor's last known address as shown by the records of the warehouseman.

(d) The commissioner shall retain possession obtained under this section until such time as the warehouseman or the surety on the bond shall have satisfied the claims of all depositors, or until such time as the commissioner is ordered by the court to surrender possession.

(e) If during or after the audit or other investigation provided for in this section, or at any other time, the commissioner has evidence that the warehouseman is insolvent or is unable to satisfy the claims of all depositors, the commissioner may petition the district court

for the appointment of a receiver to operate or liquidate the business of the warehouseman in accordance with law.

(f) At any time within ten days after the commissioner takes possession, the warehouseman may serve notice upon the commissioner to appear in the district court of the county in which such warehouse is located at a time to be fixed by such court, which shall not be less than five, nor more than 15 days from the date of the service of such notice, and show cause why such possession should not be restored to the warehouseman.

**Injunction Against Operating Without a License or Interfering With the Commissioner**

Sec. 24. If after 15 days notice, the warehouseman refuses to comply with this Act, the commissioner shall apply for, and the courts of this state are vested with jurisdiction to issue, a temporary or permanent injunction against the operation of a warehouse, or the issuance of receipts or tickets, without a license, and against interference by any person with the carrying out by the commissioner, or by any receiver appointed under Section 23 of this Act, of its duties and powers under this Act.

**Penalties**

Sec. 25. (a) Unless otherwise provided in this Act, every person who shall violate any of the provisions of this Act shall be guilty of a misdemeanor and shall be punished by a fine of not less than One Hundred Dollars (\$100.00) or more than Five Hundred Dollars (\$500.00).

(b) Any person who shall transact any public warehouse business without first procuring a license as herein provided, or who shall continue to transact any such business after such license has been revoked or suspended except as provided in Section 15, shall upon conviction thereof be fined in any sum not less than \$100.00, or not more than \$500.00 for each day such business is carried on.

(c) Every person who issues or aids in issuing a receipt or ticket knowing that the grain for which such receipt or ticket is issued has not been actually received at the licensed warehouse, every person who issues or aids in issuing a duplicate, or additional negotiable receipt for grain knowing that a former negotiable receipt for the same grain or any part thereof is outstanding and uncanceled, except in case of a lost, stolen, or destroyed receipt, as provided in Section 20, and every person who shall fraudulently and without proper authority represent, forge, alter, counterfeit or simulate any license provided for in this Act, shall be guilty of a felony and upon conviction shall be subject to a fine not exceeding Five Thousand Dollars (\$5,000.00) or imprisonment not exceeding five (5) years, or to both.

(d) Except in case of sale or other disposition of the grain in lawful enforcement of the warehouseman's lien or on warehouseman's

lawful termination of storage, shipping or handling agreements, or except as permitted by regulations of the commissioner when necessary to effectuate the purpose of this Act:

(1) Every person who delivers any grain out of the warehouse for which a license has been issued, knowing that a negotiable receipt, the negotiation of which would transfer the right of possession of such grain is outstanding and uncanceled, without obtaining the possession of such receipt at or before the time of such delivery shall be subject to a fine not exceeding Five Thousand Dollars (\$5,000.00) or to imprisonment not exceeding five (5) years, or both.

(2) Any person who delivers any commodity out of warehouse for which a license has been issued, knowing that a non-negotiable receipt or ticket is outstanding and uncanceled, without the prior approval of the person lawfully entitled to delivery under such nonnegotiable receipt or ticket and without such delivery being shown on the appropriate records of the warehouseman, shall be subject to a fine not exceeding Five Thousand Dollars (\$5,000.00) or to imprisonment not exceeding five (5) years, or to both.

(e) Every person who fraudulently issues or aids in fraudulently issuing a receipt or ticket knowing that it contains any false statement shall be subject to a fine not exceeding Five Thousand Dollars (\$5,000.00) or to imprisonment not exceeding five (5) years.

(f) Every person who deposits grain to which he has not title, or upon which there is a lien or mortgage, and who takes for such grain a negotiable receipt which he afterwards negotiates for value with intent to deceive and without disclosing his want of title or the existence of the lien or mortgage, and every person who changes any receipt or ticket subsequent to issuance except for notations by the warehouseman or partial delivery, shall be subject to a fine not exceeding Five Thousand Dollars (\$5,000.00) or to imprisonment not exceeding five (5) years, or to both.

**Application Limited**

Sec. 26. The provisions of this Act shall not apply to any warehouse covered by a license issued under the United States Warehouse Act, and shall not apply to an individual producer-owner who does not receive from others grain for storage or handling for hire.

**Invalidation of Part of Act**

Sec. 27. If any clause, sentence, paragraph, or part of this Act shall, for any reason, be adjudged invalid, such judgment, shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, or part thereof directly involved in which said judgment shall be returned.

Deposit of Fees

Sec. 28. All fees received by the commissioner under this Act shall be deposited to the State Department of Agriculture Grain and Field Seed Warehouse Inspection Fund.

Art. 5579. Powers of Corporation

Corporations chartered hereunder shall have the right to act and do, and perform generally, all things which may be done and performed by warehousemen. Such corporations may sell in the market all products of the farm, ranch or orchard, on a commission basis, or such other basis as may be agreed upon by them with their customers. They may purchase, construct or lease all such warehouses, landings and buildings, as may be necessary for their business. They may employ such other instrumentalities and agencies as may be necessary for the storage, preservation and marketing of farm, ranch, and orchard products, to the best advantage of the members and customers. They may loan money upon products placed in their warehouses; provided, that the amount loaned thereon shall not exceed seventy-five per cent of the market value of the property so placed with them. They may loan money upon chattel mortgages, to their members only, for the purpose of enabling them to make and mature their crops, but such chattel mortgages shall always be upon property of at least double the value of money loaned thereon. They may loan money on crop mortgages, but such crop mortgages must always be the first mortgage thereon, exclusive of the landlord's lien, and shall always be secured by an acreage, which, under ordinary general conditions, would produce double the amount loaned thereon. They may invest their capital stock and surplus in a home office building, and may also invest such capital stock, surplus, and undivided profits in United States bonds, Texas State bonds, county, city district, and municipal bonds, and road bonds in the State of Texas; provided, such bonds are issued by authority of law, and interest upon them has never been defaulted. Such corporations shall never receive deposits, nor discount commercial paper generally, but may make such character of loans and investments as are herein provided for; provided, such corporations shall never be permitted to loan money upon chattel mortgages, crop mortgages, or personal security, except to their members, and then only to enable them to make, mature, and gather their crops, or market their farm, ranch or orchard products. After the investment in such securities has been made, the Commissioner<sup>1</sup> shall grant authority to the corporation to issue bonds in double the amount of such original capital stock, to bear not greater than six per cent interest, and to run not exceeding thirty years. When said bonds have been issued and signed by the proper officers of the corporation, they shall be registered by the Commissioner<sup>1</sup>. Said bonds shall show on their face that the principal thereon is secured by the securities herein required to be deposited in the State Treasury, and shall have plainly written, printed, lithographed, or engraved, on their face the words, "Sinking Fund Bonds of \_\_\_\_\_ State Bonded Warehouse," with the post-office address of the corporation, the blank space to be filled in with the name of the corporation. Said bonds shall show on their face that the interest contracted to be paid therein is secured to them by the general assets of the corporation. After said bonds have been issued and registered by the Commissioner<sup>1</sup> they shall be returned to the proper officer of the corporation issuing them, and may then be by such corporation placed on the market and sold; but they shall never be sold at less than ninety per cent of their face value.

#### Art. 5726a. False Weights and Measures; Penalties

Any person who, by himself or by his servant or agent, or as the servant or agent of another person, shall offer or expose for sale, sell, use in the buying or selling of any commodity or thing, or for hire or award, or in the computation of any charge for services ren-

dered on the basis of weight or measure, or in the determination of weight or measure when a charge is made for such determination, or retain in his possession, a false weight or measure or weighing or measuring device, or any weight or measure or weighing or measuring device which has not been sealed by the Commissioner, or his deputy, or inspectors, or by a sealer or deputy sealer of weights and measures within one year, or shall dispose of any condemned weight, measure, or weighing or measuring device contrary to law; or who shall sell or offer or expose for sale less than the quantity he represents of any commodity, thing, or service, or shall take or attempt to take more than the quantity he represents, when, as the buyer, he furnishes the weight, measure, or weighing or measuring device by means of which the amount of any commodity, thing, or service is determined; or who shall keep for the purpose of sale, offer or expose for sale, or sell any commodity in a manner contrary to law; or who shall sell or offer for sale, or use or have in his possession for the purpose of selling or using, any device or instrument to be used to or calculated to falsify any weight or measure, shall be guilty of a misdemeanor, and shall be punished by a fine of not less than Twenty Dollars (\$20) nor more than One Hundred Dollars (\$100), upon a first conviction in any court of competent jurisdiction; and upon a second or subsequent conviction in any court of competent jurisdiction he shall be punished by a fine of not less than Fifty Dollars (\$50) nor more than Two Hundred Dollars (\$200).

Sec. A. The word "person" as used in this Chapter shall be construed to include any individual and all officers, directors, managers, employees, and other agents of all corporations, companies, partnerships, societies and associations, and such is the legislative intent.

The words "weights, measures or (and) weighing or (and) measuring devices" as used in this Chapter, shall be construed to include all weights, scales, beams, measures of every kind, instruments and mechanical devices for weighing or measuring, and any appliances and accessories connected with any or all such instruments.

The words "sell" or "sale" as used in this Chapter, shall be construed to include barter and exchange.

The term "false weight or measure, or (and) weighing or measuring device" as used in this Chapter, shall be construed to mean any weight or measure or weighing or measuring device which does not conform as closely as practicable to the official standards, which is not accurate, which is of such construction that it is not reasonably permanent in its adjustment or will not correctly repeat its indications, which facilitates the perpetration of fraud, or which does not conform to the requirements of the Statutes of this State and to the specifications and tolerances promulgated by the Commissioner under authority of Article 5714, Chapter

7, Title 93, of the Revised Civil Statutes of Texas of 1925, as amended.

Sec. B. It shall be unlawful to sell, except for immediate consumption on the premises, liquid commodities in any other manner than by liquid measure, or commodities not liquid in any other manner than by measure of length, by weight, or by numerical count. Provided, however, that liquid commodities may be sold by weight if there exists a general consumer usage to express the quantity of such commodities by weight and such expression gives accurate information as to the quantity thereof; and that nothing in this Section shall be construed to prevent the sale of fruits, vegetables, and other dry commodities in the standard barrel or by other methods provided for by State or Federal Law; or of berries and small fruits in boxes as provided for in the provisions of other Articles of the Statutes; or of vegetables or fruits usually sold by the head or bunch in this manner. Provided further, that nothing in this Section shall be construed to apply to commodities put up in original packages.

For the purposes of this Section the term "original package" shall be construed to include a commodity in a package, carton, case, can, barrel, bottle, box, phial, or other receptacle, or in coverings or wrappings of any kind, put up by the manufacturer, which may be labeled, branded, or stenciled, or otherwise marked, or which may be suitable for labeling, branding, or stenciling, or marking otherwise, making one complete package of the commodity. The words "original package" shall be construed to include both the wholesale and the retail package.

For the purposes of this Section the term "commodities not liquid" shall be construed to include goods, wares, and merchandise which are not in liquid form and which have heretofore been sold by measure of length, by weight, by measure of capacity, or by numerical count, or which are susceptible of sale in any of these ways.

Sec. C. (1) It shall be unlawful to keep for the purpose of sale, offer or expose for sale, or sell, any commodity in package form unless (a) the net quantity of contents, in terms of weight, measure, or numerical count, and (b) the name and place of business of the manufacturer, packer, or distributor shall be plainly and conspicuously marked on the outside of the package. Provided, however, that under Clause (a) of this Section reasonable variations or tolerances shall be permitted, and exemptions as to small packages shall be made; and that under Clause (b) of this Section exemptions as to packages sold on the premises where packed shall be made. And provided further, that this Section shall not be construed to apply to those commodities in package form, the manner of sale of which is specifically regulated by the provisions of other Articles of the Statutes, or to bales of cotton; and that reasonable rules and regulations for

the efficient enforcement of this Act, not inconsistent herewith, and including the reasonable variations or tolerances and the exemptions prescribed herein, shall be made by the Commissioner.

(2) It shall be unlawful to keep for the purpose of sale, offer or expose for sale, or sell any commodity in package form if its container is so made, formed, or filled, or if it is so wrapped, as to mislead the purchaser as to the quantity of the contents; or if the contents of its container fall below the standard of fill prescribed by regulations promulgated as provided in this Section. For the effectuation of the purposes of this Section the Commissioner is hereby authorized to promulgate regulations fixing and establishing for any commodity in package form a standard of fill of container, which in his best judgment is reasonable with respect to the physical characteristics of the commodity, the size, shape, and physical characteristics of the container, prevailing methods of handling and transportation of packages, and generally accepted good commercial practice in filling methods; provided, however, that reasonable variations or tolerances shall be permitted, and that these reasonable variations or tolerances shall be established by regulations made by the Commissioner.

(3) The words "in package form" as used in this Chapter, shall be construed to include a commodity in package, carton, case, can, box, bag, barrel, bottle, phial, or on a spool or similar holder, or in a container or band, or in a roll, ball, coil, skein, or other receptacle, or in coverings or wrappings of any kind, put up by the manufacturer, or when put up prior to the order of the commodity, by the vendor, which may be suitable for labeling, branding, or stenciling, or marking otherwise, making one complete package of the commodity. The words "in package form" shall be construed to include both the wholesale and the retail package. Provided, however, that a box or carton used for shipping purposes containing a number of packages which are individually marked, as hereinbefore provided, will not be required to bear the weight or measure of the contents thereof, nor the name and place of business of the manufacturer, packer or distributor. And provided further, that the words "in package form" shall not be construed to include paper stationery in tablet form.

Sec. D. It shall be unlawful for any person to keep for the purpose of sale, offer or expose for sale, or sell, any milk or cream in bottles or other containers of any capacity other than those provided for measures of capacity for liquid in Article 5732, Chapter 7, Title 93, of the Revised Civil Statutes of Texas of 1925, to wit, the gallon, a multiple of the gallon, one-half gallon, quart, pint, one-half pint, and gill.

Sec. E. It shall be unlawful for any person to keep for the purpose of sale, offer or expose for sale, or sell, except for immediate consumption on the premises, any cheese, meat, or meat food products otherwise than by standard net

weight. Provided, however, that any cheese, meat, or meat food products, in package form, shall comply with the requirements of Section C of this Article. For the purposes of this Section the following shall be deemed to be meat and meat food products: All fresh, cured, or salt meats, fish, poultry, sausage, chile, head cheese, souse meat, loaf meat, boneless meat, shredded meat, Hamburger meat, or any other manufactured, prepared, or processed meat or meat food products. This Section shall be construed to require that all poultry sold by live weight shall be weighed alive at the time of sale, and that any poultry dressed or killed prior to time of sale, whether cooked or uncooked, shall be sold by net weight at time of sale and not by live weight or by the piece; provided, however, that fresh-cooked poultry may be sold by the piece or by the head.

The word "poultry" as used in this Section shall be construed to include turkeys, chickens, ducks, geese, guineas, squabs, and all other domesticated fowls.

Sec. F. Whenever any commodity is sold on a basis of weight, it shall be unlawful to employ any other weight in such sale than the net weight of the commodity, and all contracts concerning goods sold on a basis of weight shall be understood and construed accordingly. Whenever the weight of a commodity is mentioned in this Chapter, it shall be understood and construed to mean the net weight of the commodity. Provided, however, that this Section shall not be construed to apply to bales of cotton.

Sec. G. It shall be unlawful for any person to misrepresent the price of a commodity, thing, or service sold or offered or exposed for sale, or to represent the price or the quantity of any commodity, thing, or service sold or offered or exposed for sale in any manner calculated or tending to mislead or deceive an actual or prospective customer. Whenever any price sign, tag, card, poster, or other advertisement displaying the price of any commodity or thing, includes a whole number and a fraction, the figures in the fraction shall be of proportionate size and legibility with those of the whole number.

Sec. H. There shall be no violation under this Act for any discrepancy between actual weight or volume at the time of sale to the consumer and the weight marked on the container or between the fill of container and the capacity of the container if such discrepancy is due to unavoidable leakage, shrinkage, evaporation, waste or to causes beyond the control of the seller acting in good faith.

Sec. I. Any person who shall violate any provisions of this Act, or any of the reasonable rules and regulations promulgated hereunder, for which a specific penalty has not been provided, shall be guilty of a misdemeanor, and shall be punished by a fine of not less than Twenty Dollars (\$20) nor more than One Hundred Dollars (\$100) upon a first conviction in any court of competent jurisdiction; and upon

a second or subsequent conviction in any court of competent jurisdiction shall be punished by a fine of not less than Fifty Dollars (\$50) nor more than Two Hundred Dollars (\$200).

Sec. J. The Commissioner of Agriculture shall have the power to issue and enforce a written or printed "stop-sale" order to the owner or custodian of any commodity, thing or item covered by the provisions of this Act, which the Commissioner of Agriculture has reason to believe is in violation of any of the provisions of this Act, prohibiting further sale of such commodity, item or thing until the Commissioner of Agriculture has evidence that the law has been complied with. Provided, however, in respect to the commodity, thing or item which has been denied sale as provided for in this Section, the owner or custodian of such commodity, thing or item shall have the right to appeal from such order to a court of competent jurisdiction where the commodity, thing or item is found, praying for a judgment as to the justification of said order and the discharge of such commodity, thing or item from the order prohibiting the sale in accordance with the findings of the court; and provided further, that the provisions of this Section shall not be construed as limiting the right of the Commissioner of Agriculture to proceed as authorized by other Sections of this Act.

Sec. K. The Commissioner of Agriculture is hereby authorized to promulgate rules and regulations for the purpose of carrying out the provisions of this Act and for the purpose of bringing about uniformity between the standards required pursuant to the provisions of this Act and those standards required pursuant to rules, regulations or statutes of the Federal Government.

Section 2 of the amendatory Act of 1941 read as follows: "If any Article, section, provision, subdivision, or part of this Act should be held invalid for any reason, it is the legislative intent that the remainder of the Act shall remain in full force and effect."

Section 3 purported to repeal Acts 1923, 38th Leg., 3rd C.S., ch. 53, p. 121, and all conflicting laws and parts of laws. Reference to "3rd C.S." should probably be "2nd C.S." as there was no chapter 53 in the Second Called Session.

The unit of standard of length and surface, from which all the other measures of extension, whether lineal, superficial or solid, shall be derived and ascertained, is the standard yard designated in this chapter, which is divided into three equal parts called feet, and each foot into twelve equal parts called inches. For measures of cloth, and other commodities commonly sold by the yard, it may be divided into halves, quarters, eighths and sixteenths. The Commissioner of Agriculture and the Dairy Advisory Board shall approve milk testing apparatus on the basis of performance, accuracy and testing specifications, and is prohibited from officially approving any milk testing apparatus by brand, trade or manufacturer's name.

It is further provided that no milk testing apparatus shall be officially employed to determine butterfat content or other component parts of milk in the State of Texas until it has been approved by the Association of Official Analytical Chemists (AOAC).

[Acts 1931, 42nd Leg., p. 735, ch. 287, § 1; Acts 1971, 62nd Leg., p. 1215, ch. 296, § 1, eff. May 24, 1971.]

The Commissioner of Agriculture shall issue such license upon a form prepared by him and upon payment of a fee of Ten Dollars (\$10) for a period of twelve (12) months for each tester, and One Dollar (\$1) for a period of twelve (12) months for each contract milk hauler and said Commissioner or his agents are hereby authorized to make such investigations as he may deem necessary to determine whether the applicant for the position of tester or contract milk hauler is a reliable person and competent and qualified to operate and use such apparatus for either the purpose of making an accurate test, or for taking the sample. If the applicant is not found to be reliable, competent and qualified, the Commissioner of Agriculture may refuse to license him, and said Commissioner is hereby authorized and empowered to revoke the license of any person licensed to make the Babcock test of milk or cream under the laws of the State of Texas, or to revoke the license of

any person licensed to collect raw milk and take raw milk samples, who shall fail to fully comply with the provisions of said laws, or with any of the rules and regulations of the Department of Agriculture relating to said Babcock test. Said money for licenses shall be turned in by the Commissioner of Agriculture to the general revenue fund of the state. The testing of each lot of milk or cream or the collecting of said raw milk and securing sample of raw milk by any unlicensed person shall constitute a separate offense under this Act; provided that any licensed person or his employer may for a valid reason, which must in every instance be reported to the Commissioner of Agriculture, appoint a substitute for a period not to exceed fifteen (15) days, and provided further that such appointment may for a valid reason satisfactory to said Commissioner and subject to his approval, be extended for an additional ten (10) days. The test shall be clear butterfat, free from sediments, solids and other foreign substance, and must be read at a temperature of 130°-140°. Cream tests must be weighed and must not be taken except from milk or cream which has been thoroughly mixed by stirring with an instrument suitable for that purpose. The scales must be accurate and sensitive to a weight of thirty (30) milligrams; the tester and owner or owners are jointly responsible for their accuracy. For the purpose of providing official supervision of the operation of the Babcock test in all creameries, cheese factories, condensaries, ice cream plants and milk depots using said test, and all receiving stations conducted for the purchase of butterfat either in the form of cream or milk, the following regulations are hereby promulgated:

(1) That all individuals, corporations and partnerships authorized by license or permit to conduct the Babcock test in the State of Texas shall retain in a cool, clean, sanitary place and in tightly stopped bottles or tightly covered jars the exact, prop-

The Commissioner or his agents are authorized to enter upon any public or private

premises, during regular business hours in order to have access to the milk or milk products subject to the Act and the rules and regulations thereunder. The Commissioner of Agriculture individually or through his authorized agents is authorized to issue and enforce a written or printed "stop-sale" order to the owner or custodian of any lot of milk or milk products which the Commissioner of Agriculture has reason to believe is in violation of any of the provisions of this Act which shall prohibit the further sale of such milk or milk products until such officer has evidence that the law has been complied with. Provided that in respect to milk or milk products which have been denied sale as provided in this paragraph, the owner or custodian of such milk or milk products shall have the right to appeal from such order to a court of competent jurisdiction where the milk or milk products are found, praying for a judgment as to the justification of said order and for the discharge of such milk or milk products from the order prohibiting the sale in accordance with the findings of the court; and provided further that the provisions of this paragraph shall not be construed as limiting the right of the enforcement officer to proceed as authorized by the Sections of this Act.

[Acts 1931, 42nd Leg., p. 735, ch. 287, § 1; Acts 1967, 60th Leg., p. 766, ch. 320, § 1, eff. May: 27, 1967.]

### CHAPTER NINE. MARKETING AGREEMENTS

#### Art. 5764a. Citrus Marketing Act

##### Purpose of Act

Sec. 1. The unreasonable waste and inefficient use of the citrus resources, occasioned by the marketing within the State of Texas of greater quantities of fresh citrus fruits than are reasonably necessary to supply the demands of the market, are opposed to public interest. The difficulty inherent in any attempt of individuals to correlate within a reasonable degree the citrus production current demand creates chaotic economic conditions in the citrus areas of the State as defined in this Act of such severity as to imperil the ability of citrus producers to contribute in appropriate amounts to the support of ordinary governmental and educational functions, thus tending to increase, and increasing the tax burdens of other taxpayers for the same purposes, and is rendering it impossible for producers to be reasonably assured of adequate standard of living for themselves and their families. In the interest of the public welfare and general prosperity of the State, the unreasonable waste and inefficient use of citrus resources involved in the

marketing in this State of citrus fruits should be eliminated, while at the same time preserving to citrus producers of the areas covered by this Act an equality of opportunity.

#### Notice of Hearing; Procedure

Sec. 4. Whenever the Commissioner has reason to believe that the execution of a marketing agreement or the issuance of a license, or both, will tend to effectuate the declared policy of this Act with respect to citrus fruits, he shall, either upon his own motion, or upon application of any producer or handler of such commodity give due notice of, and an opportunity for hearing upon a proposed marketing agreement or license, or both. Such notice shall be given by posting at the office of the Commissioner at Austin, and by mailing a copy of such notice to the last known address of all known handlers affected by such agreement or license whose names appear upon the most recent lists in the office of the Commissioner. Such notice shall also be mailed to any such person who shall have filed with the Commissioner a request for such notice.

Such hearing shall be held within the citrus area of the State of Texas as defined in this Act. At said hearing the Commissioner shall receive and hear the evidence offered by any interested person in support of, or in opposition to, the issuance of such marketing agreement or license. through the operation of the marketing plan;

3. The marketing plan may be operated without permitting unreasonable profits to producers of such citrus fruits and without unreasonably enhancing prices of such citrus fruits to consumers;

he shall make written findings to that effect and shall enter into a marketing agreement or agreements and issue licenses, or both. If the Commissioner shall find against the existence of any of the facts required to be present under this Section, he shall not issue such marketing agreement or license.

Sec. 6. The Commissioner shall base the findings required by Section 5 hereof upon such of the following matters as shall be relevant, and in the administration of such marketing agreement or license, when and if issued, shall take the same into consideration:

(a) The quantity of the several grades, varieties and qualities of the particular citrus fruits under consideration and available for distribution to consumers in the marketing season or seasons during which the proposed program is to be effective.

(b) The quantity of the various grades, varieties and quality of such citrus fruits required by consumers during the marketing season or seasons during which the proposed program is to be effective.

(d) To recommending to the Commissioner amendments to such license;

(e) To collecting from each handler a fee or assessment representing his pro rata share of such estimated expenses, including expenses incurred in hearings held on, and in the execution of such marketing agreement, as the

Commissioner, after the submission to him by such administrative agency or agencies of a proposed budget, finds<sup>1</sup> will probably be required to cover expenditures necessarily to be incurred by such agency or agencies, during any period specified by him, for the maintenance and functioning of such agency or agencies; to receiving, expending, and accounting for the funds so collected, and to return to such handler his pro rata share of any unexpended balances which the administrative committee or committees, with the approval of the Commissioner, finds<sup>1</sup> are not so required.

(2) Any other terms and conditions incidental to, and not inconsistent with, the terms and conditions specified in Section 7.

<sup>1</sup> Probably should read "funds".

**Assent of Handlers and Producers; Procedure**

Sec. 9. Pursuant to the provisions of this Act, the Commissioner may, with respect to citrus fruits, enter into a marketing agreement or issue a license thereunder, but no license issued pursuant to this Act shall become effective

(a) unless and until the handlers of not less than fifty-one (51) per cent of the volume of the commodity covered by such license, or fifty-one (51) per cent of the number of such handlers, have assented thereto in writing, and

(b) unless and until the Commissioner determines that the issuance of such license is approved or favored, (1) by at least sixty-six and two-thirds (66 $\frac{2}{3}$ ) per cent of the producers who, during a representative period, determined by the Commissioner, have been engaged within the area covered by such license in the production for market of the citrus fruits covered thereby in commercial quantities, or, (2) by producers who, during such representative period, have produced for market for sale at least sixty-six and two thirds (66 $\frac{2}{3}$ ) per cent of the volume of such citrus fruits produced for market within the area covered by such license.

Such representative period may by the Commissioner be determined to be the next preceding crop season prior to the holding of said hearing, or may be such other representative period as the Commissioner may determine.

In the determination of whether the issuance of such license is approved or favored pursuant to the provisions of this Section, the Commissioner is required to determine the approval or disapproval of producers with respect to the issuance of any license or order, or any term or condition thereof, or the termination thereof, and the Commissioner shall consider the approval or disapproval by any Cooperative Association of Producers, bona fide engaged in marketing citrus fruits or products thereof

covered by such license or order, or in rendering services for or advancing the interest of the producers of such citrus fruits, as the approval or disapproval of the producers who are members of, stockholders in, or under contract with such cooperative association of producers.

Such approval, when executed by such cooperative marketing association may be executed in the name of such association and need not set forth the names of the producers on whose behalf it signs.

**License, Issuance of; Notice**

Sec. 10. (1) Whenever any member of any class of handlers, processors, or distributors is licensed hereunder, an identical license shall be issued to all members of the same class of handlers, processors, or distributors.

(2) Upon the issuance of any license, or any amendment thereof, a notice of said license or amendment shall be posted on a public bulletin board to be maintained by the Commissioner in his office and a copy of such notice shall be published in a daily newspaper of general circulation published in the citrus area covered by this Act, and in such other paper or papers as the Commissioner may prescribe. No license or any amendment thereof shall become effective until three (3) days after such posting and publication. It shall also be the duty of the Commissioner to mail a copy of the notice of said license to all known licensees whose names and addresses may be on file in the office of the Commissioner and to every person who files in the office of the Commissioner a written request for such notice.

**Termination or Suspension of License by Commissioner**

Sec. 11. (1) Whenever, upon his own investigation, or otherwise, the Commissioner finds that any marketing agreement theretofore executed or any license issued under this Act, or any provision thereof, obstructs or does not tend to effectuate the declared policy of this Act, he shall terminate, or suspend for a specified period, the operation of such marketing agreement or license or such provision thereof.

(2) If the Commissioner finds that the termination of any license or marketing agreement is favored by a majority of the producers who, during such representative period determined by the Commissioner, have been engaged in the production within the area in the State of Texas as covered by this Act for marketing of citrus fruits specified in such marketing agreement, or license, and who during such representative period, produced for market more than sixty-six and two thirds (66 $\frac{2}{3}$ ) per cent of the volume of such citrus fruits produced for market within the area in the State of Texas covered by this Act, or produced within the area in the State of Texas covered by this Act for marketing elsewhere, the Commissioner shall terminate, or suspend for a specified period, such marketing agreement or license or any term or provision thereof, but such termination shall be effective only if an-

nounced on or before such date (prior to the end of the then current marketing period) as may be specified in such marketing agreement or license.

Amendment of Agreement or License; Notice;  
Hearing; Findings Necessary

Sec. 12. Whenever the Commissioner shall have reason to believe that an amendment of any marketing agreement or license is necessary, or desirable, in order to effectuate the policy of this Act, he shall call a hearing upon such amendment. Such hearing shall be held in the same manner and upon the same notice as upon an original marketing agreement or license. The notice of hearing shall refer by name and date of execution of the agreement or to the issuance of license, or both, to which the amendment is proposed. At such hearing the Commissioner shall receive and hear evidence offered for and against the proposed amendment by any interested person.

If upon such hearing upon said proposed amendment it shall be found by the Commissioner that the following facts actually exist:

1. The proposed amendment will not prevent such marketing agreement and license, or either, from meeting the requirements of Section 5 of this Act;
2. The proposed amendment will tend to facilitate the administration of such marketing agreement and license, or will enable such marketing agreement and license to better meet the requirements of Section 5 of this Act;

he shall make written findings to that effect, and shall execute such amendment to such marketing agreement, or shall issue such amendment to such license, or both. If the Commissioner shall find against the existence of any of the facts required to be present under this Section, he shall not issue such amendment to such marketing agreement or license. Such findings, if against the existence of any such facts, shall in no way impair or affect the marketing agreement or license to which said amendment was proposed.

In considering such amendment, the Commissioner shall take into consideration the evidence presented at the original hearing on the marketing agreement, or license to which such amendment is proposed, and upon any prior amendment thereto.

No amendment to a marketing agreement or license shall be effective until approved in the same manner as required by Section 9 of this Act for the original marketing agreement or license to which such amendment was proposed.

Rules, Regulations and Orders of Commissioner

Sec. 13. The Commissioner may adopt and enforce all rules, regulations, and orders necessary or desirable to carry out the provisions of this Act and not inconsistent with law. Every general rule, regulation, or order of the Commissioner shall be posted for public inspection in the main office of the Commissioner at least

three (3) days before it shall become effective, and shall be given such further publicity, by advertisement in a daily newspaper of general circulation in the territory affected by the issuance of such rule, regulation, or order, or otherwise as the Commissioner shall deem advisable. An order applying only to a person or persons named therein shall be served on the person or persons affected: (1) by personal delivery of a certified copy; or (2) by mailing a certified copy in a sealed envelope with postage prepaid to each natural person or in the case of a corporation in like manner to any officer of or agent thereof. Compliance with these provisions shall constitute due and sufficient notice to all persons affected by such rule or order. The Commissioner shall upon request mail to any person affected by any general rule or regulation promulgated by him, a copy of the same and may charge a reasonable fee therefor.

Revocation or Suspension of License for Violation  
Thereof; Criminal Penalty; Civil  
Liability; Injunction

Sec. 14. (1) The Commissioner may, after reasonable notice and opportunity to be heard, revoke or suspend the license of any person issued hereunder for violation of such license or any provision thereof.

(2) Every person who violates any provision of any marketing agreement or license to which he is subject or who, after due revocation of his license, or while the same stands duly suspended, engages in transactions mentioned therein and regulated thereby, shall be guilty of a misdemeanor and on conviction thereof, punished by a fine of not less than Fifty Dollars (\$50) nor more than Five Hundred Dollars (\$500), or by imprisonment of not less than ten (10) days nor more than six (6) months, or by both such fine and imprisonment. Each day during which any of the violations above referred to continue shall constitute a separate offense.

(3) Any person willfully exceeding any quota, allotment, or salable percentage fixed for him by or under any license issued by the Commissioner, or any amendment thereto or any rule, regulation, or order issued by the Commissioner, or who shall make any shipment without first obtaining a required allotment or quota or qualifying to ship his salable percentage, or any other person knowingly participating or aiding in so doing, shall become civilly liable to the State in a sum equal to three times the current market value of any excess or shipment, such sum to be recoverable in a civil suit, brought in the name of the State of Texas or in the name of the administrative agency under the particular license involved. The funds so collected shall be used in the administration of the particular license.

(4) The Attorney General of this State, or any District Attorney of this State or any County Attorney, may, upon his own initiative, and shall upon complaint of any person, if aft-

er investigation he believes a violation to have occurred, bring an action in the name of the State of Texas in any court of competent jurisdiction of the State of Texas for an injunction against any person violating any provisions of any marketing agreement or license or order, rule, or regulation duly made or promulgated thereunder to which he is subject or who, after due revocation of his license or while the same stands duly suspended, engages in transactions mentioned therein and regulated thereby.

(5) Any administrative agency under any marketing agreement or license may, with the approval of the Commissioner, bring an action similar to that described in paragraph (3) of this Section.

(6) In any action brought to enforce any of the provisions of this Act, as provided in this Section 14:

(a) The judgment, if in favor of the plaintiff, shall provide that the defendant pay to the plaintiff a reasonable attorney's fee and any and all costs of suit.

(b) Any such action may be commenced either in the county where any defendant resides, or where any act or omission or part thereof complained of occurred.

(7) The penalties and remedies herein prescribed with regard to any violation mentioned in this Section 14 shall be concurrent and neither singly nor combined shall the same be exclusive and either singly or combined the same shall be cumulative with any and all other civil, criminal, or administrative rights, remedies, forfeitures, or penalties provided or allowed by law with respect to any such violation.

#### Assessments and Fees; Collection; Record; Reports

Sec. 15. (1) Any assessment or fee duly fixed and levied pursuant to any such marketing agreement or license, in accordance with Section 8, paragraph (2), subdivision (e) of this Act, shall constitute a personal debt of every person so assessed and shall be immediately due and payable to the administrative agency charged with the collection thereof and the latter may in its own name, with the approval of the Commissioner, bring an action in a State Court of competent jurisdiction for the collection thereof.

(2) Any funds collected by the administrative agency from the levying of such fees and assessments shall be used for the purpose set forth in the marketing agreement or license under which it was collected. A full and complete record thereof shall be kept to which the Commissioner may have access at any time, and a report of the activities and proceedings shall be filed with the Commissioner from time to time as he may require.

(2) Information obtained by any person hereunder shall be confidential and shall not be by him disclosed to any other person save to a person with like right to obtain the same or any attorney employed by an administrative agency to give legal advice thereon, or by Court order.

(3) For the purpose of carrying out the terms of this Act the Commissioner may hold hearings, take testimony, administer oaths, subpoena witnesses, and issue subpoenas for the production of relevant books, records, or documents of any kind.

(4) No person shall be excused from attending and testifying or from producing documentary evidence before the Commissioner in obedience to the subpoena of the Commissioner on the ground or for the reason that the testimony or evidence, documentary or otherwise, required of him may tend to incriminate him or subject him to a penalty or forfeiture. But no natural person shall be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter, or thing concerning which he may be so required to testify, or produce evidence, documentary or otherwise, before the Commissioner in obedience to a subpoena issued by him; provided that no natural person so testifying shall be exempt from prosecution and punishment for perjury committed in so testifying.

The Commissioner shall thereafter exact and require, by requisition on the appropriate administrative committee or committees, charged with the collection of funds for expenses under such marketing agreement, that such committee or committees collect, report, and pay over monthly to the Commissioner the amount deemed necessary and sufficient, and requisitioned from such administrative committee or committees by the Commissioner, to defray the actual expenses of the Commissioner to be incurred during the subsequent month in the administration

#### Disqualifications

Sec. 3. No minor shall be enlisted without the written consent of his parents or guardian. One who has been expelled or dishonorably discharged from military service of this State or of the United States shall not be eligible for enlistment or reenlistment, unless he produces the written consent to such enlistment of the commanding officer of the organization from which he was expelled or dishonorably discharged, and of the commanding officer of the organization who approved such expulsion or issued such dishonorable discharge.

#### Rules and Regulations

Sec. 4. The Governor shall have full control and authority over the Texas State Guard and is hereby authorized to prescribe rules and reg-

ulations not inconsistent with the provisions of this Act governing the enlistment, organization, administration, uniforms, equipment, maintenance, command, training and discipline of such forces; provided such rules and regulations, insofar as he deems practicable and desirable, shall conform to existing law governing and pertaining to the Texas National Guard and the rules and regulations promulgated thereunder.

#### Active Duty

Sec. 5. The Texas State Guard or any element, unit or member thereof, may be activated and may be called to active duty at the discretion of the Governor, and when so called or when upon active duty, the Texas State Guard, or any element or unit thereof, shall have and exercise all rights, privileges, duties, functions and authorities, which are now or may hereafter be conferred or imposed by law upon the State Military Forces.

Such officers and enlisted personnel may, at the discretion of the Governor, be advanced one grade or rank at the time of such transfer.

#### Financial Assistance

Sec. 7. The commissioners court of each county and the council or commission of each city or town in this State is hereby authorized, in the discretion of each, to appropriate a sufficient sum not to exceed One Hundred Dollars (\$100) per month, not otherwise appropriated, to assist in paying the necessary expenses for the administration of any unit of the Texas State Guard located in their respective counties and in or near their respective cities or towns; and any and all such donations heretofore made by any commissioners court or any council or commission of any city or town to any such unit or units of the Texas State Guard is hereby validated. The appropriation of State funds to the Texas State Guard shall be the amounts which are designated in line items in the biennial appropriations bill.

#### Maintenance of Records

Sec. 8. The Adjutant General of Texas is hereby charged with the care, maintenance and preservation of the individual, unit and organization records of the Texas State Guard and the Texas State Guard Honorary Reserve.

#### Equipment and Funds

Sec. 9. For the use of the Texas State Guard, the Governor is hereby authorized to requisition from the United States Government such arms and equipment as may be in posses-

sion, and can be spared by, the United States Government; and to make available to such forces the facilities of State armories and their equipment and such other State premises and property as may be available. Authorization is hereby provided for school authorities to permit the use of school buildings by the Texas State Guard; provided further that county commissioners courts, city authorities, communities, and civic and patriotic organizations are empowered and authorized by this Chapter to provide funds, armories, equipment, material, transportation, or other appropriate services or facilities, to the Texas State Guard.

#### Use Without This State

Sec. 10. The Texas State Guard shall not be required to serve outside the boundaries of this State except:

(a) Upon the request of the Governor of another state, the Governor of this State may, in his discretion, order any portion or all of such forces to assist the military or police forces of such other state, who are actually engaged in defending such other state. Such forces may be recalled by the Governor at his discretion.

(b) Any organization, unit, or detachment of such forces, upon order of the officer in immediate command thereof, may continue in fresh pursuit of insurrectionists, saboteurs, enemies, or enemy forces beyond the borders of this State into another state until they are apprehended or captured by such organization, unit, or detachment, or until the military or police forces of the other state, or the forces of the United States, have had a reasonable opportunity to take up the pursuit or to apprehend or capture such persons; provided such other state shall have given authority by law for such pursuit by such forces of this State. Any such person who shall be apprehended or captured in any other state by an organization, unit, or detachment of the forces of this State shall without unnecessary delay be surrendered to the military or police forces of the state in which he is taken, or to the United States, but such surrender shall not constitute a waiver by this State of its right to extradite or prosecute such person for any crime committed in this State.

#### Permission to Forces of Other States

Sec. 11. Any military forces or organization, unit, or detachment thereof, of another state, who are in fresh pursuit of insurrectionists, saboteurs, enemies, or enemy forces, may continue such pursuit into this State until the military or police force of this State or the forces of the United States have had a reasonable opportunity to take up the pursuit or to apprehend or capture such persons, and are hereby authorized to arrest or capture such persons within this State while in fresh pursuit. Any such person who shall be captured or arrested by the military forces of such other

state while in this state shall without unnecessary delay be surrendered to the military or police forces of this state to be dealt with according to law. This Section shall not be construed so as to make unlawful any arrest in this state which would otherwise be lawful.

#### Federal Service

Sec. 12. Nothing in this Chapter shall be construed as authorizing the Texas State Guard, or any part thereof, to be called, ordered, or in any manner drafted, as such, into the military service of the United States, but no person shall by reason of his enlistment or commission in any such forces be exempted from military service under any law of the United States.

#### Qualifications of General Officers

(A) if imposed upon a person attached to or embarked in a vessel, confinement for not more than three (3) consecutive days;

(B) correctional custody for not more than seven (7) consecutive days.

(i) fine or forfeiture of pay and allowances for not more than Ten Dollars (\$10);

(C) reduction to the next inferior pay grade, if the grade from which demoted is within the promotion authority of the officer imposing the reduction or any officer subordinate to the one who imposes the reduction;

(D) extra duties including fatigue or other duties, for not more than thirty (30) days, which need not be consecutive, and for not more than two (2) hours per day, holidays included;

(E) restriction to certain specified limits, with or without suspension from duty for not more than thirty (30) consecutive days;

(F) detention of not more than fourteen (14) days pay;

(G) if imposed by an officer of the grade of major or lieutenant commander, or above;

(i) the punishment authorized under subsection (b)(2)(A);

(ii) correctional custody for not more than thirty (30) consecutive days;

(iii) fine or forfeiture of pay and allowances for not more than Seventy-five Dollars (\$75).

(iv) reduction to the lowest or any intermediate pay grade, if the grade from which demoted is within the promotion authority of the officer imposing the reduction or any officer subordinate to the one who imposes the reduction, but an enlisted member in a pay grade above E-4 may not be reduced more than two (2) pay grades;

(v) extra duties, including fatigue or other duties, for not more than forty-five (45) days which need not be consecutive and for not more than two (2) hours per day, holidays included;

(vi) restriction to certain specified limits with or without suspension from duty, for not more than sixty (60) consecutive days;

(vii) detention of not more than one-half ( $\frac{1}{2}$ ) of one (1) months pay per month for three (3) months.

Detention of pay shall be for a stated period of not more than one (1) year but if the offender's term of service expires earlier, the detention shall terminate upon that expiration. No two (2) or more of the punishments of arrest in quarters, correctional custody, extra duties, and restriction may be combined to run consecutively in the maximum amount imposable for each. Whenever any of those punishments are combined to run consecutively, there must be an apportionment. In

addition, fine or forfeiture of pay may not be combined with detention of pay without an apportionment. For the purposes of this subsection "correctional custody" is the physical restraint of a person during duty or non-duty hours and may include extra duties, fatigue duties, or hard labor. If practicable, correctional custody will not be served in immediate association with persons awaiting trial or held in confinement pursuant to trial by courts-martial.

(c) An officer in charge may impose upon enlisted members assigned to the unit of which he is in charge such of the punishments authorized under subsection (b)(2)(A)-(G) as the Governor may specifically prescribe by regulation.

(d) The officer who imposes the punishment authorized in subsection (b) or his successor in command, may, at any time, suspend probationally any part or amount of the unexecuted punishment imposed and may suspend probationally a reduction in grade or fine or forfeiture imposed under subsection (b), whether or not executed. In addition, he may, at any time, remit or mitigate any part or amount of the unexecuted punishment imposed and may set aside in whole or in part the punishment, whether executed or unexecuted; and restore all rights, privileges, and property affected. He may also mitigate reduction in grade to fine or forfeiture or detention of pay.

When mitigating:

- (1) arrest in quarters to restriction, or
- (2) extra duties to restriction,

the mitigated punishment shall not be for a greater period than the punishment mitigated. When mitigating forfeiture of pay to detention of pay, the amount of the detention shall not be greater than the amount of the forfeiture. When mitigating reduction in grade to fine, forfeiture or detention of pay, the amount of the fine, forfeiture or detention shall not be greater than the amount that could have been imposed initially under this Article by the officer who imposed the punishment mitigated.

(e) A person punished under this Article who considers his punishment unjust or disproportionate to the offense may, through the proper channel, appeal to the next superior authority. The appeal shall be promptly forwarded and decided, but the person punished may in the meantime be required to undergo the punishment adjudged. The superior authority may exercise the same powers with respect to the punishment imposed as may be exercised under subsection (d) by the officer who imposed the punishment. Before acting on an appeal from a punishment of:

- (1) arrest in quarters for more than seven (7) days;
- (2) forfeiture of more than seven (7) days pay:

(3) reduction of one (1) or more pay grades from the fourth (4th) or a higher pay grade;

(4) extra duties for more than fourteen (14) days;

(5) restriction of more than fourteen (14) days pay;

(6) detention of more than fourteen (14) days pay;

the authority who is to act on the appeal shall refer the case to a judge advocate or legal officer of the state military forces for consideration and advice, and may so refer the case upon appeal from any punishment imposed under subsection (b).

(f) The imposition and enforcement of disciplinary punishment under this Article for any act or omission is not a bar to trial by court-martial for a serious crime or offense growing out of the same act or omission, and not properly punishable under this Article, but the fact that a disciplinary punishment has been enforced may be shown by the accused upon trial, and when so shown shall be considered in determining the measure of punishment to be adjudged in the event of a finding of guilty.

(g) The Governor may, by regulation, prescribe the form of records to be kept of proceedings under this Article and may also prescribe that certain categories of those proceedings shall be in writing.

#### PART IV. COURTS-MARTIAL JURISDICTION

##### Courts-Martial of State Military Forces Not in Federal Service—Composition—Jurisdiction—Powers and Proceedings

Sec. 401. (a) In the state military forces not in federal service, there are general, special and summary courts-martial constituted like similar courts of the armed forces of the United States. They have the jurisdiction and powers, except as to punishments, and shall follow the forms and procedures provided for those courts.

(b) The three (3) kinds of courts-martial are:

(1) General courts-martial, consisting of a law officer and not less than five (5) members;

(2) Special courts-martial, consisting of not less than three (3) members; and

(3) Summary courts-martial, consisting of one (1) commissioned officer.

##### Jurisdiction of Courts-Martial in General

Sec. 402. Each force of the state military forces has court-martial jurisdiction over all persons subject to this Code. The exercise of jurisdiction by one force over personnel of another force shall be in accordance with regulations prescribed by the Governor.

##### Jurisdiction of General Courts-Martial

Sec. 403. Subject to Section 402, general courts-martial have jurisdiction to try persons subject to this Code for any offense made punishable by this Code and may, under such limitations as the Governor may prescribe, adjudge any of the following punishments:

(1) A fine of not more than Two Hundred Dollars (\$200);

(2) Forfeiture of pay and allowances;

(3) A reprimand;

(4) Dismissal or dishonorable discharge;

(5) Reduction of a non-commissioned officer to the ranks; or

(6) Any combination of these punishments.

##### Jurisdiction of Special Courts-Martial

Sec. 404. Subject to Section 402, special courts-martial have jurisdiction to try persons subject to this Code, except officers, for any offense for which they may be punished under this Code. A special court-martial has the same powers of punishment as a general court-martial, except that a fine imposed by a special court-martial may not be more than One Hundred Dollars (\$100) for a single offense.

##### Jurisdiction of Summary Courts-Martial

Sec. 405. (a) Subject to Section 402, summary courts-martial have jurisdiction to try persons subject to this Code, except officers, for any offense made punishable by this Code.

(b) No person with respect to whom summary courts-martial have jurisdiction may be brought to trial before a summary court-martial if he objects thereto unless under Section 301 he has been permitted and has elected to refuse punishment under that Section. If objection to trial by summary court-martial is made by an accused who has not been permitted to refuse punishment under Section 301, trial shall be ordered by special or general court-martial, as may be appropriate.

(c) A summary court-martial may sentence to a fine of not more than Twenty-five Dollars (\$25) for a single offense, to forfeiture of pay and allowances, and reduction of a non-commissioned officer to the ranks.

Sentences of Dismissal or Dishonorable Discharge to be Approved by the Governor

Sec. 406. In the militia or state military forces not in federal service, no sentence of dismissal or dishonorable discharge may be executed until it is approved by the Governor.

Complete Record of Proceedings and Testimony if Dishonorable Discharge or Dismissal Adjudged

Sec. 407. A dishonorable discharge or dismissal may not be adjudged by any court-martial unless a complete record of the proceedings and testimony before the court has been made.

Confinement Instead of Fine

Sec. 408. In the militia or state military forces not in federal service a court-martial may, instead of imposing a fine, sentence to confinement for not more than one (1) day for each dollar of the authorized fine.

PART V. APPOINTMENT AND COMPOSITION OF COURTS-MARTIAL

Who May Convene General Courts-Martial

Sec. 501. In the militia or state military forces not in federal service general courts-martial may be convened by the Governor or by the Adjutant General under such regulations as the Governor may promulgate.

Special Courts-Martial of State Military Forces Not in Federal Service—Who May Convene

Sec. 502. In the state military forces not in federal service, the commanding officer of a garrison, fort, post, camp, air base, auxiliary air base, or other place where troops are on duty, or of a brigade, regiment, wing, group, detached battalion, separate squadron, or other detached command, may convene special courts-martial. Special courts-martial may also be convened by superior authority. When any such officer is an accuser, the court shall be convened by superior competent authority.

Summary Courts-Martial of State Military Forces Not in Federal Service—Who May Convene

Sec. 503. (a) In the state military forces not in federal service, the commanding officer of a garrison, fort, post, camp, air base, auxiliary air base, or other place where troops are on duty, or of a regiment, wing, group, detached battalion, detached squadron, detached company, or other detachment, may convene a summary court-martial consisting of one commissioned officer. The proceedings shall be informal.

(b) When only one commissioned officer is present with a command or detachment he shall be the summary court-martial of that command or detachment and shall hear and determine all summary court-martial cases brought before him. Summary courts-martial may, however, be convened in any case by superior competent authority when considered desirable by him.

Who May Serve on Courts-Martial

Sec. 504. (a) Any commissioned officer of or on duty with the state military forces is eligible to serve on all courts-martial for the trial of any person who may lawfully be brought before such courts for trial.

(b) Any warrant officer off or on duty with the state military forces is eligible to serve on general and special courts-martial for the trial of any person, other than a commissioned officer, who may lawfully be brought before such courts for trial.

(c) (1) Any enlisted member of the state military forces who is not a member of the same unit as the accused is eligible to serve on

general and special courts-martial for the trial of any enlisted member who may lawfully be brought before such courts for trial but he shall serve as a member of a court only if, before the convening of the court, the accused personally has requested in writing that enlisted members serve on it. After such a request, the accused may not be tried by a general or special court-martial the membership of which does not include enlisted members in a number comprising at least one-third ( $\frac{1}{3}$ ) of the total membership of the court, unless eligible members cannot be obtained on account of physical conditions or military exigencies. If such members cannot be obtained, the court may be convened and the trial held without them, but the convening authority shall make a detailed written statement, to be appended to the record, stating why they could not be obtained.

(2) In this Section, the word "unit" means any regularly organized body of the state military forces not larger than a company, a squadron, a division of the naval militia, or a body corresponding to one of them.

(d) (1) When it can be avoided, no person subject to this Code may be tried by a court-martial any member of which is junior to him in rank or grade.

(2) When convening a court-martial, the convening authority shall detail as members thereof such members as, in his opinion, are best qualified for the duty by reason of age, education, training, experience, length of service and judicial temperament. No member is eligible to serve as a member of a general or special court-martial when he is the accuser or a witness for the prosecution or has acted as investigating officer or as counsel in the same case. If within the command of the convening authority there is present and not otherwise disqualified a commissioned officer who is a member of the bar of the highest court of the state and of appropriate rank and grade, the convening authority shall appoint him as president of a special court-martial. Although this requirement is binding on the convening authority, failure to meet it in any case does not divest a military court of jurisdiction.

Law Officer of a General Court-Martial

Sec. 505. (a) The authority convening a general court-martial shall detail as law officer thereof a commissioned officer who is a member of the bar of the highest court of the state, and who is certified to be qualified for such duty by the State Judge Advocate. No person is eligible to act as law officer in a case if he is an accuser or a witness for the prosecution or has acted as investigating officer or as counsel in the same case.

(b) The law officer may not consult with the members of the court, other than on the form of the findings as provided in Section 704, except in the presence of the accused, trial counsel, and defense counsel, nor may he vote with the members of the court.

## Detail of Trial Counsel and Defense Counsel

Sec. 506. (a) For each general and special court-martial the authority convening the court shall detail trial counsel and defense counsel and such assistants as he considers appropriate. No person who has acted as investigating officer, law officer, or court member in any case may act later as trial counsel, assistant trial counsel, or, unless expressly requested by the accused, as defense counsel, or assistant defense counsel in the same case. No person who has acted for the prosecution may act later in the same case for the defense, nor may any person who has acted for the defense act later in the same case for the prosecution.

(b) Trial counsel or defense counsel detailed for a general court-martial:

(1) Must be a person who is a member of the bar of the highest court of the state; and

(2) Must be certified as competent to perform such duties by the State Judge Advocate.

(c) In the case of a special court-martial:

(1) If the trial counsel is qualified to act as counsel before a general court-martial, the defense counsel detailed by the convening authority must be a person similarly qualified; and

(2) If the trial counsel is a member of the bar of the highest court of the state, the defense counsel detailed by the convening authority must be a person similarly qualified.

## Detail or Employment of Reporters and Interpreters

Sec. 507. Under such regulations as the Governor may prescribe, the convening authority of a general or special court-martial or court of inquiry shall detail or employ qualified court reporters who shall record the proceedings of and testimony taken before that court. Under like regulations the convening authority of a military court may detail or employ interpreters who shall interpret for the court.

## Absent and Additional Members

Sec. 508. (a) No member of a general or special court-martial may be absent or excused after the accused has been arraigned except for physical disability or as the result of a challenge or by order of the convening authority for good cause.

(b) Whenever a general court-martial is reduced below five (5) members the trial may not proceed unless the convening authority details new members sufficient in number to provide not less than five (5) members. When the new members have been sworn, the trial may proceed after the recorded testimony of each witness previously examined has been read to the court in the presence of the law officer, the accused, and counsel.

(c) Whenever a special court-martial is reduced below three (3) members, the trial may

not proceed unless the convening authority details new members sufficient in number to provide not less than three (3) members. When the new members have been sworn, the trial shall proceed as if no evidence has previously been introduced, unless a verbatim record of the testimony of previously examined witnesses or a stipulation thereof is read to the court in the presence of the accused and counsel.

## PART VI. PRE-TRIAL PROCEDURE

## Charges and Specifications

Sec. 601. (a) Charges and specifications shall be signed by a person subject to this Code under oath before a person authorized by this Code to administer oaths and shall state:

(1) That the signer has personal knowledge of, or has investigated, the matters set forth therein; and

(2) That they are true in fact to the best of his knowledge and belief.

(b) Upon the preferring of charges, the proper authority shall take immediate steps to determine what disposition should be made thereof in the interest of justice and discipline, and the person accused shall be informed of the charges against him as soon as practicable.

## Compulsory Self-Incrimination Prohibited

Sec. 602. (a) No person subject to this Code may compel any person to incriminate himself or to answer any question the answer to which may tend to incriminate him.

(b) No person subject to this Code may interrogate, or request any statement from an accused or a person suspected of an offense without first informing him of the nature of the accusation and advising him that he does not have to make any statement regarding the offense of which he is accused or suspected and that any statement made by him may be used as evidence against him in a trial by court-martial.

(c) No person subject to this Code may compel any person to make a statement or produce evidence before any military tribunal if the statement or evidence is not material to the issue and may tend to degrade him.

(d) No statement obtained from any person in violation of this Section, or through the use of coercion, unlawful influence, or unlawful inducement may be received in evidence against him in a trial by court-martial.

## Investigation

Sec. 603. (a) No charge or specification may be referred to a general court-martial for trial until a thorough and impartial investigation of all the matters set forth therein has been made. This investigation shall include inquiry as to the truth of the matter set forth in the charges, consideration of the form of charges, and a recommendation as to the disposition which should be made of the case in the interest of justice and discipline.

(b) The accused shall be advised of the charges against him and of his right to be represented at that investigation by counsel. Upon his own request, he shall be represented by civilian counsel if provided by him, or military counsel of his own selection if such counsel is reasonably available, or by counsel detailed by the officer exercising general court-martial jurisdiction over the command. At that investigation full opportunity shall be given to the accused to cross-examine witnesses against him if they are available and to present anything he may desire in his own behalf, either in defense or mitigation, and the investigating officer shall examine witnesses requested by the accused. If the charges are forwarded after the investigation, they shall be accompanied by a statement of the substance of the testimony taken on both sides and a copy thereof shall be given to the accused.

(c) If an investigation of the subject matter of an offense has been conducted before the accused is charged with the offense, and if the accused was present at the investigation and afforded the opportunities for representation, cross-examination, and presentation prescribed in subsection (b), no further investigation of that charge is necessary under this Section unless it is demanded by the accused after he is informed of the charge. A demand for further investigation entitles the accused to recall witnesses for further cross-examination and to offer any new evidence in his own behalf.

(d) The requirements of this Section are binding on all persons administering this Code but failure to follow them does not divest a military court of jurisdiction.

#### Forwarding of Charges

Sec. 604. When a person is held for trial by general court-martial the commanding officer shall, within eight (8) days after the accused is ordered into arrest or confinement, if practicable, forward the charges, together with the investigation and allied papers, to the Governor. If that is not practicable, he shall report in writing to the Governor the reasons for delay.

#### Advice of Judge Advocate and Reference for Trial

Sec. 605. (a) Before directing the trial of any charge by general court-martial, the convening authority shall refer it to his judge advocate for consideration and advice. The convening authority may not refer a charge to a general court-martial for trial unless he has found that the charge alleges an offense under this Code and is warranted by evidence.

(b) If the charges or specifications are not formally correct or do not conform to the substance of the evidence, formal corrections, and such changes in the charges and specifications as are needed to make them conform to the evidence may be made.

#### Service of Charges

Sec. 606. The trial counsel to whom court-martial charges are referred for trial shall

cause to be served upon the accused a copy of the charges upon which trial is to be had. In time of peace no person may, against his objections, be brought to trial before a general court-martial within a period of five (5) days after the service of charges upon him, or before a special court-martial within a period of three (3) days after the service of charges upon him.

## PART VII. TRIAL PROCEDURE

### Governor May Prescribe Rules

Sec. 701. The procedure, including modes of proof, in cases before military courts and other military tribunals may be prescribed by the Governor by regulations, which shall, so far as he considers practicable, apply the principles of law and the rules of evidence generally recognized in the trial of criminal cases in the courts of the State of Texas, but which may not be contrary to or inconsistent with this Code.

### Unlawfully Influencing Action of Court

Sec. 702. No authority convening a general, special or summary court-martial nor any other commanding officer, or officer serving on the staff thereof, may censure, reprimand, or admonish the court or any member, law officer, or counsel thereof, with respect to the findings or sentence adjudged by the court, or with respect to any other exercise of its or his functions in the conduct of the proceeding. No person subject to this Code may attempt to coerce or, by any unauthorized means, influence the action of the court-martial or any other military tribunal or any member thereof, in reaching the findings or sentence in any case, or the action of any convening, approving, or reviewing authority with respect to his judicial acts.

### Duties of Trial Counsel and Defense Counsel

Sec. 703. (a) The trial counsel of a general or special court-martial shall prosecute in the name of the State of Texas, and shall, under the direction of the court, prepare the record of the proceedings.

(b) The accused has the right to be represented in his defense before a general, special or summary court-martial by civilian counsel if provided by him, or by military counsel of his own selection if reasonably available, or by the defense counsel detailed under Section 506. Should the accused have counsel of his own selection, the defense counsel, and assistant defense counsel, if any, who were detailed, shall, if the accused so desires, act as his associate counsel; otherwise they shall be excused by the president of the court.

(c) In every court-martial proceeding, the defense counsel may, in the event of conviction, forward for attachment to the record of proceedings, a brief of such matters he feels should be considered in behalf of the accused on review, including any objection to the con-

tents of the record which he considers appropriate.

(d) An assistant trial counsel of a general court-martial may, under the direction of the trial counsel or when he is qualified to be a trial counsel as required by Section 506, perform any duty imposed by law, regulation, or the custom of the service upon the trial counsel of the court. An assistant trial counsel of a special court-martial may perform any duty of the trial counsel.

(e) An assistant defense counsel of a general or special court-martial may, under the direction of the defense counsel or when he is qualified to be the defense counsel as required by Section 506, perform any duty imposed by law, regulation, or the custom of the service upon counsel for the accused.

#### Sessions

Sec. 704. Whenever a general or special court-martial deliberates or votes, only the members of the court may be present. After a general court-martial has finally voted on the findings, the court may request the law officer and the reporter to appear before the court to put the findings in proper form, and those proceedings shall be on the record. All other proceedings, including any other consultation of the court with counsel or the law officer, shall be made a part of the record and shall be in the presence of the accused, the defense counsel, the trial counsel, and in general court-martial cases, the law officer.

#### Continuances

Sec. 705. A court-martial may, for reasonable cause, grant a continuance to any party for such time, and as often, as may appear to be just.

#### Challenges

Sec. 706. (a) Members of a general or special court-martial and the law officer of a general court-martial may be challenged by the accused or the trial counsel for cause stated to the court. The court shall determine the relevancy and validity of challenges for cause, and may not receive a challenge to more than one (1) person at a time. Challenges by trial counsel shall ordinarily be presented and decided before those by the accused are offered.

(b) Each accused and the trial counsel is entitled to one preemptory challenge, but the law officer may not be challenged except for cause.

#### Oaths

Sec. 707. The law officer, interpreters, and in general and special courts-martial, members, trial counsel, assistant trial counsel, defense counsel, assistant defense counsel, and reporters shall take an oath or affirmation in the presence of the accused to perform their duties faithfully, as follows:

(a) Court members:

"You, \_\_\_\_\_, do swear (or affirm) that you will faithfully perform all the du-

ties incumbent upon you as a member of this court; that you will faithfully and impartially try, according to the evidence, your conscience, and the laws and regulations provided for trials by courts-martial, the case of (the) (each) accused now before this court; and that if any doubt should arise not explained by the laws and regulations, then according to the best of your understanding and the custom of war in like cases; that you will not divulge the findings and sentence in any case until they shall have been duly announced by the court; and that you will not disclose or discover the vote or opinion of any particular member of the court upon a challenge or upon the findings or sentence unless required to do so before a court of justice in due course of law. So help you God."

(b) Law officer:

"You, \_\_\_\_\_, do swear (or affirm) that you will faithfully and impartially perform, according to your conscience and the laws and regulations provided for trials by courts-martial, all the duties incumbent upon you as law officer of this court; that if any doubt should arise not explained by the laws and regulations, then according to the best of your understanding and the custom of war in like cases; and that you will not divulge the findings or sentence in any case until they shall have been duly announced by the court. So help you God."

(c) Trial Counsel:

"You, \_\_\_\_\_ and \_\_\_\_\_, do swear (or affirm) that you will faithfully perform the duties of trial counsel and will not divulge the findings or sentence of the court to any but the proper authority until they shall be duly disclosed. So help you God."

(d) Defense Counsel:

"You, \_\_\_\_\_ (and) \_\_\_\_\_, do swear (or affirm) that you will faithfully perform the duties of defense (and individual) counsel and will not divulge the findings or sentence of the court to any but the proper authority until they shall be duly disclosed. So help you God."

(e) Court of inquiry:

The recorder of a court of inquiry shall administer to the members the following oath: "You shall well and truly examine and inquire, according to the evidence, into the matter now before you without partiality, favor, affection, prejudice or hope of reward. So help you God." After which the president of the court shall administer to the recorder the following oath: "You do swear that you will according to your best abilities, accurately and impartially record the proceedings of the court and the evidence to be given in the case in hearing. So help you God."

## (f) Witnesses:

All persons who give evidence before a court-martial or court of inquiry shall be examined on oath administered by the judge advocate in the following form: "You swear (or affirm) that the evidence you shall give in the case now in hearing shall be the truth, the whole truth, and nothing but the truth. So help you God."

## (g) Reporter or interpreter:

"You swear (or affirm) that you will faithfully perform the duties of reporter (or interpreter) to this court. So help you God."

## Statute of Limitations

Sec. 708. (a) A person charged with desertion or absence without leave in time of war, or with aiding the enemy or with mutiny may be tried and punished at any time without limitation.

(b) Except as otherwise provided in this Section, a person charged with desertion in time of peace or with the offense punishable under Section 1041 is not liable to be tried by court-martial if the offense was committed more than three (3) years before the receipt of sworn charges and specifications by an officer exercising summary court-martial jurisdiction over the command.

(c) Except as otherwise provided in this Section, a person charged with any offense is not liable to be tried by court-martial or punished under Section 301 if the offense was committed more than two (2) years before the receipt of sworn charges and specifications by an officer exercising summary court-martial jurisdiction over the command, or before the imposition of punishment under Section 301.

(d) Periods in which the accused was absent from territory in which the state has the authority to apprehend him, or in the custody of civil authorities, or in the hands of the enemy, shall be excluded in computing the period of limitation prescribed in this Section.

## Former Jeopardy

Sec. 709. (a) No person may be tried a second time in any military court of the State of Texas for the same offense.

(b) No proceedings in which an accused has been found guilty by a court-martial upon any charge or specification is a trial in the sense of this Section until the finding of guilty has become final after review of the case has been fully completed.

(c) A proceeding which, after the introduction of evidence but before a finding, is dismissed or terminated by the convening authority or on motion of the prosecution for failure of available evidence or witnesses without any fault of the accused is a trial in the sense of this Section.

## Pleas of the Accused

Sec. 710. If an accused arraigned before a court-martial makes an irregular pleading, or

after a plea of guilty sets up matter inconsistent with the plea, or if it appears that he has entered the plea of guilty improvidently or through lack of understanding of its meaning and effect, or if he fails or refuses to plead, a plea of not guilty shall be entered in the record, and the court shall proceed as though he had pleaded not guilty.

## Opportunity to Obtain Witnesses and Other Evidence

Sec. 711. (a) The trial counsel, the defense counsel, accused, and the court-martial shall have equal opportunity to obtain witnesses and other evidence. Each shall have the right of compulsory process for obtaining witnesses.

(b) The president of a court-martial or a summary court officer may:

(1) Issue a warrant for the arrest of any accused person who having been served with a warrant and a copy of the charges, disobeys a written order by the convening authority to appear before the court;

(2) Issue a subpoenas duces tecum and other subpoenas;

(3) Enforce by attachment the attendance of witnesses and the production of books and papers; and

(4) Sentence for refusal to be sworn or to answer, as provided in actions before civil courts of the state.

(c) Process issued in court-martial cases to compel witnesses to appear and testify and to compel the production of other evidence shall run to any part of the state and shall be executed by civil officers as described by the laws of the state.

## Refusal to Appear or Testify

Sec. 712. Any person not subject to this Code who:

(1) Has been duly subpoenaed to appear as a witness or to produce books and records before a military court or before any military or civil officer designated to take a deposition to be read in evidence before a court;

(2) Has been duly paid or tendered the fees and mileage of a witness at the rates allowed to witnesses, said fees to be paid by the Adjutant General's Department as hereinafter provided; and

(3) Wilfully neglects or refuses to appear, or refuses to qualify as a witness or to testify or to produce any evidence which that person may have been legally subpoenaed to produce;

is guilty of an offense against the state and may be punished by fine not to exceed One Hundred Dollars (\$100) or confinement not to exceed thirty (30) days in jail, or by both fine and confinement, and such witness may be prosecuted in the proper county court.

## Contempts

Sec. 713. A military court may punish for contempt any person who uses any menacing word, sign, or gesture in its presence, or who disturbs its proceedings by any riot or disorder. Punishment may not exceed confinement for three (3) days or a fine of One Hundred Dollars (\$100), or both.

## Depositions

Sec. 714. (a) At any time after charges have been signed, as provided in Section 601, any party may take oral or written depositions unless an authority competent to convene a court-martial for the trial of those charges forbids it for good cause. If a deposition is to be taken before charges are referred for trial, such an authority may designate commissioned officers to represent the prosecution and the defense and may authorize those officers to take the deposition of any witness.

(b) The party at whose instance a deposition is to be taken shall give to every other party reasonable written notice of the time and place for taking the deposition.

(c) Depositions may be taken before and authenticated by any military or civil officer authorized by laws of the state or by the laws of the place where the deposition is taken to administer oaths.

(d) A duly authenticated deposition taken upon reasonable notice to the other parties, so far as otherwise admissible under the rules of evidence, may be read in evidence before any court-martial or in any proceeding before a court of inquiry, if it appears:

(1) That the witness resides or is beyond the state in which the court-martial or court of inquiry is ordered to sit, or beyond the distance of one hundred (100) miles from the place of trial or hearing;

(2) That the witness by reason of death, age or sickness, bodily infirmity, imprisonment, military necessity, non-amenability to process, or other reasonable cause, is unable or refuses to appear and testify in person at the place of trial or hearing; or

(3) That the present whereabouts of the witness is unknown

## Admissibility of Records of Courts of Inquiry

Sec. 715. (a) In any case not extending to the dismissal of a commissioned officer, the sworn testimony, contained in the duly authenticated record of proceedings of a court of inquiry, of a person whose oral testimony cannot be obtained, may, if otherwise admissible under the rules of evidence, be read in evidence by any party before a court-martial if the accused was a party before the court of inquiry and if the same issue was involved or if the accused consents to the introduction of such evidence.

(b) Such testimony may be read in evidence only by the defense in cases extending to the dismissal of a commissioned officer.

(c) Such testimony may also be read in evidence before a court of inquiry or a military board.

(d) In all courts of inquiry both enlisted men and officers shall have the right to counsel and the right to cross examination of all witnesses and all constitutional rights in all courts of inquiry before such evidence shall be admissible.

## Voting and Rulings

Sec. 716. (a) Voting by members of a general or special court-martial upon questions of challenge, on the findings, and on the sentence shall be by secret written ballot. The junior member of the court shall in each case count the votes. The count shall be checked by the president, who shall forthwith announce the result of the ballot to the members of the court.

(b) The law officer of a general court-martial and the president of a special court-martial shall rule upon interlocutory questions, other than challenge, arising during the proceedings. Any such ruling made by the law officer of a general court-martial or by the president of a special court-martial upon any interlocutory question other than a motion for a finding of not guilty, or the question of the accused's sanity, is final and constitutes the ruling of the court. However, the law officer or president may change the ruling at any time during the trial except a ruling on a motion for a finding of not guilty that was granted. Unless the ruling is final, if any member objects thereto, the court shall be cleared and closed and the question decided by a voice vote as provided in Section 717 beginning with the junior in rank.

(c) Before a vote is taken on the findings, the law officer of a general court-martial and the president of a special court-martial, shall, in the presence of the accused and counsel, instruct the court as to the elements of the offense and charge the court:

(1) That the accused must be presumed to be innocent until his guilt is established by legal and competent evidence beyond reasonable doubt;

(2) That in the case being considered, if there is a reasonable doubt as to the guilt of the accused, the doubt must be resolved in favor of the accused and he must be acquitted;

(3) That, if there is a reasonable doubt as to the degree of guilt, the finding must be in a lower degree as to which there is no reasonable doubt; and

(4) That the burden of proof of establishing the guilt of the accused beyond reasonable doubt is upon the state.

## Number of Votes Required

Sec. 717. (a) No person may be convicted of an offense, except by the concurrence of two-thirds of the members present at the time the vote is taken.

(b) All sentences shall be determined by the concurrence of two-thirds of the members present at the time the vote is taken.

(c) All other questions to be decided by the members of a general or special court-martial shall be determined by a majority vote. A tie vote on a challenge disqualifies the member challenged. A tie vote on a motion for a finding of not guilty or on a motion relating to the question of the accused's sanity is a determination against the accused. A tie vote on any other question is a determination in favor of the accused.

#### Court to Announce Action

Sec. 718. A court-martial shall announce its findings and sentence to the parties as soon as determined.

#### Record of Trial

Sec. 719. (a) Each court-martial shall keep a separate record of the proceedings of the trial of each case brought before it and the record shall be authenticated by the signature of the president and the law officer. If the record cannot be authenticated by either the president or the law officer, by reason of his death, disability, or absence, it shall be signed by a member in lieu of him. If both the president and the law officer are unavailable, the record shall be authenticated by two (2) members. A record of the proceedings of a trial in which the sentence adjudged includes a bad-conduct discharge or is more than that which could be adjudged by a special court-martial shall contain a verbatim account of the proceedings and testimony before the court. All other records of trial shall contain such matter and be authenticated in such manner as the Governor may by regulation prescribe.

(b) A copy of the record of the proceedings of each general and special court-martial shall be given to the accused as soon as it is authenticated. If a verbatim record of trial by general court-martial is not required by subsection (a), but has been made, the accused may buy such a record under such regulations as the Governor may prescribe.

### PART VIII. SENTENCES

#### Cruel and Unusual Punishments Prohibited

Sec. 801. Punishment by flogging, or by branding, marking or tattooing on the body, or any other cruel or unusual punishment, may not be adjudged by any court-martial or inflicted upon any person subject to this Code. The use of irons, single or double, except for the purpose of safe custody, is prohibited.

#### Maximum Limits

Sec. 802. The punishment which a court-martial may direct for an offense may not exceed the limits prescribed by this Code nor limits prescribed by the Governor of the State of Texas.

#### Effective Date of Sentences

Sec. 803. (a) Whenever a sentence of a court-martial as lawfully adjudged and approved includes a forfeiture of pay or allowances in addition to confinement not suspended, the forfeiture may apply to pay or allowances becoming due on or after the date the sentence is approved by the convening authority. No forfeiture may extend to any pay or allowances accrued before that date.

(b) Any period of confinement included in a sentence of a court-martial begins to run from the date the sentence is adjudged by the court-martial but periods during which the sentence to confinement is suspended shall be excluded in computing the service of the term of confinement. Regulations prescribed by the Governor may provide that sentences of confinement may not be executed until approved by designated officers.

(c) All other sentences of courts-martial are effective on the date ordered executed.

#### Execution of Confinement

Sec. 804. (a) A sentence of confinement adjudged by a military court, whether or not the sentence includes discharge or dismissal, and whether or not the discharge or dismissal has been executed, may be carried into execution by confinement in any place of confinement under the control of any of the forces of the state military forces or in any jail, penitentiary, or prison designated for that purpose. Persons so confined in a jail, penitentiary, or prison are subject to the same discipline and treatment as persons confined or committed to the jail, penitentiary, or prison by the courts of the state or of any political subdivision thereof.

(b) The omission of the words "hard labor" from any sentence or punishment of a court-martial adjudging confinement does not deprive the authority executing that sentence or punishment of the power to require hard labor as a part of the punishment.

(c) The keepers, officers, and wardens of city or county jails and other jails, penitentiaries, or prisons designated by the Governor, or by such person as he may authorize to act under Section 205 of this Code, shall receive persons ordered into confinement before trial and persons committed to confinement by a military court and shall confine them according to law. No such keeper, officer, or warden may require payment of any fee or charge for so receiving or confining a person.

### PART IX. REVIEW OF COURTS-MARTIAL

#### Execution of Sentence; Suspension of Sentence

Sec. 901. Except as provided in Sections 407 and 907 of this Code, a court-martial sentence, unless suspended, may be ordered executed by the convening authority when approved by him. He shall approve the sentence or such part, amount, or commuted form of the

sentence as he sees fit, and may suspend the execution of the sentence as approved by him.

#### Initial Action on the Record

Sec. 902. After trial by court-martial the record shall be forwarded to the convening authority, as reviewing authority, and action thereon may be taken by the person who convened the court, a commissioned officer commanding for the time being, a successor in command, or by the Governor.

#### Same General Court-Martial Records

Sec. 903. The convening authority shall refer the record of each general court-martial to his judge advocate who shall submit his written opinion thereon to the convening authority. If the final action of the court has resulted in an acquittal of all charges and specifications, the opinion shall be limited to questions of jurisdiction.

#### Reconsideration and Revision

Sec. 904. (a) If a specification before a court-martial has been dismissed on motion and the ruling does not amount to a finding of not guilty, the convening authority may return the record to the court for reconsideration of the ruling and any further appropriate action.

(b) Where there is an apparent error or omission in the record or where the record shows improper or inconsistent action by a court-martial with respect to a finding or sentence which can be rectified without material prejudice to the substantial rights of the accused, the convening authority may return the record to the court for appropriate action. In no case, however, may the record be returned:

- (1) For reconsideration of a finding of not guilty, or a ruling which amounts to a finding of not guilty;
- (2) For consideration of a finding of not guilty of any charge, unless the record shows a finding of guilty under a specification laid under that charge, which sufficiently alleges a violation of some Section of this Code; or
- (3) For increasing the severity of the sentence unless the sentence prescribed for the offense is mandatory.

#### Rehearings

Sec. 905. (a) If the convening authority disapproves the finding and sentence of a court-martial he may, except where there is lack of sufficient evidence in the record to support the findings, order a rehearing. In such a case he shall state the reasons for disapproval. If he disapproves the findings and sentence and does not order a rehearing, he shall dismiss the charges.

(b) Each rehearing shall take place before a court-martial composed of members not members of the court-martial which first heard the case. Upon a rehearing the accused may not be tried for any offense of which he was found not guilty by the first court-martial, and no

sentence in excess of or more severe than the original sentence may be imposed, unless the sentence is based upon a finding of guilty of an offense not considered upon the merits in the original proceedings, or unless the sentence prescribed for the offense is mandatory.

#### Approval by the Convening Authority

Sec. 906. In acting on the findings and sentence of a court-martial, the convening authority may approve only such findings of guilty, and the sentence or such part or amount of the sentence, as he finds correct in law and fact and as he in his discretion determines should be approved. Unless he indicates otherwise, approval of the sentence is approval of the findings and sentence.

#### Review of Records; Disposition

Sec. 907. (a) If the convening authority is the Governor, his action on the review of any record of trial is final.

(b) In all other cases not covered by subsection (a), if the sentence of a special court-martial is approved by the convening authority includes a bad-conduct discharge, whether or not suspended, the entire record shall be sent to the appropriate judge advocate or legal officer of the state military forces concerned to be reviewed in the same manner as a record of trial by general court-martial. The record and the opinion of the judge advocate or legal officer shall then be sent to the State Judge Advocate for review.

(c) All other special and summary court-martial records shall be sent to the judge advocate or legal officer of the appropriate force of the state military forces and shall be acted upon, transmitted, and disposed of as may be prescribed by regulations prescribed by the Governor.

(d) The State Judge Advocate shall review the record of trial in each case sent to him for review as provided under subsection (b). If the final action of the court-martial has resulted in an acquittal of all charges and specifications, the opinion of the State Judge Advocate is limited to questions of jurisdiction.

(e) The State Judge Advocate shall take final action in any case reviewable by him.

(f) In a case reviewable by the State Judge Advocate under this Section, the State Judge Advocate may act only with respect to the findings and sentence as approved by the convening authority. He may affirm only such findings of guilty, and the sentence or such part or amount of the sentence, as he finds correct in law and fact and determines, on the basis of the entire record, should be approved. In considering the record, he may weigh the evidence, judge the credibility of witnesses, and determine controverted questions of fact, recognizing that the trial court saw and heard the witnesses. If the State Judge Advocate sets aside the findings and sentence, he may, except where the setting aside is based on lack of sufficient evidence in the record to support

the findings, order a rehearing. If he sets aside the findings and sentence and does not order a rehearing, he shall order that the charges be dismissed.

(g) In a case reviewable by the State Judge Advocate under this Section, he shall instruct the convening authority to act in accordance with his decision on the review. If he has ordered a rehearing but the convening authority finds a rehearing impracticable, he may dismiss the charges.

(h) The State Judge Advocate may order one or more boards of review each composed of not less than three (3) commissioned officers of the state military forces, each of whom must be a member of the bar of the highest court of the state. Each board of review shall review the record of any trial by special court-martial, including a sentence to a bad conduct discharge, referred to it by the State Judge Advocate. Boards of review have the same authority on review as the State Judge Advocate has under this Section.

#### Error Law; Lesser Included Offense

Sec. 908. (a) A finding or sentence of a court-martial may not be held incorrect on the ground of an error of law unless the error materially prejudices the substantial rights of the accused.

(b) Any reviewing authority with the power to approve or affirm a finding of guilty may approve or affirm so much of the finding as includes a lesser included offense.

#### Review Counsel

Sec. 909. (a) Upon the final review of a sentence of a general court-martial or of a sentence to a bad conduct discharge, the accused has the right to be represented by counsel before the reviewing authority, before the judge advocate or legal officer, as the case may be, and before the State Judge Advocate.

(b) Upon the request of an accused entitled to be so represented, the State Judge Advocate shall appoint a lawyer who is a member of the state military forces and who has the qualifications prescribed in Section 506, if available, to represent the accused before the reviewing authority, before the judge advocate or legal officer, as the case may be, and before the State Judge Advocate, in the review of cases specified in subsection (a) of this Section.

(c) If provided by him, an accused entitled to be so represented may be represented by civilian counsel before the reviewing authority, before the judge advocate or legal officer, as the case may be, and before the State Judge Advocate.

#### Vacation of Suspension

Sec. 910. (a) Before the vacation of the suspension of a special court-martial sentence which is approved includes a bad conduct discharge, or of any general court-martial sentence, the officer having special court-martial jurisdiction over the probationer shall hold a

hearing on the alleged violation of probation. The probationer shall be represented at the hearing by counsel if he so desires.

(b) The record of the hearing and the recommendation of the officer having special court-martial jurisdiction shall be sent for action to the Governor in cases involving a general court-martial sentence and to the commanding officer of the force of the state military forces of which the probationer is a member in all other cases covered by subsection (a) of this Section. If the Governor or commanding officer vacates the suspension, any unexecuted part of the sentence except a dismissal shall be executed.

(c) The suspension of any other sentence may be vacated by any authority competent to convene, for the command in which the accused is serving or assigned, a court of the kind that imposed the sentence.

#### Petition For a New Trial

Sec. 911. At any time within two (2) years after approval by the convening authority of a court-martial sentence which extends to dismissal, dishonorable or bad conduct discharge, the accused may petition the Governor for a new trial on ground of newly discovered evidence or fraud on the court-martial.

#### Remission or Suspension

Sec. 912. (a) A convening authority may remit or suspend any part or amount of the unexecuted part of any sentence, including all uncollected forfeitures.

(b) The Governor may, for good cause, substitute an administrative form of discharge for a discharge or dismissal executed in accordance with the sentence of a court-martial.

#### Restoration

Sec. 913. (a) Under such regulations as the Governor may prescribe, all rights, privileges, and property affected by an executed part of a court-martial sentence which has been set aside or disapproved, except an executed dismissal or discharge shall be restored unless a new trial or rehearing is ordered and such executed part is included in a sentence imposed upon a new trial or hearing.

(b) If a previously executed sentence of dishonorable or bad conduct discharge is not imposed on a new trial, the Governor shall substitute therefor a form of discharge authorized for administrative issuance unless the accused is to serve out the remainder of his enlistment.

(c) If a previously executed sentence of dismissal is not imposed on a new trial, the Governor shall substitute therefor a form of discharge authorized for administrative issue, and the commissioned officer dismissed by that sentence may be reappointed by the Governor alone to such commissioned grade and with such rank as in the opinion of the Governor that former officer would have attained had he not been dismissed. The reappointment of such former officer may be made if a position vacancy is available under applicable tables of

organization. All the time between the dismissal and reappointment shall be considered as service for all purposes.

**Finality of Proceedings, Findings, and Sentences**

Sec. 914. The proceedings, findings, and sentences of courts-martial as reviewed and approved, as required by this Code, and all dismissals and discharges carried into execution under sentences by courts-martial following review and approval as required by this Code, are final and conclusive. Orders publishing the proceedings of the courts-martial and all action taken pursuant to those proceedings are binding upon all departments, courts, agencies, and officers of the state, subject only to action upon a petition for a new trial as provided in Section 911 of this Code.

#### Proclamation; Orders, Rules and Regulations; Duration

Sec. 3. During time of riot or unlawful assembly by three or more persons acting together by use of force or violence or if a clear and present danger exists of the use of force or violence, or during time of natural disaster or man-made calamity, the Governor may proclaim a state of emergency and designate the area involved upon the application of the chief executive officer of a county, city, or local municipality; or upon the application of the governing body of a county, city, or local municipality. Following such proclamation, the Governor may promulgate such reasonable orders, rules, and regulations as he deems necessary to protect life and property, or to bring the emergency situation within the affected area under control, after reasonable notice of such orders, rules, and regulations is given in a paper of general circulation or through television or radio serving the affected area or by circulating notice or by posting signs at conspicuous places within the affected area. Such orders, rules, and regulations may provide for the control of traffic, including public and private transportation, within the affected area; designation of specific zones within the area in

which, under necessitous circumstances, the occupancy and use of buildings and vehicles may be controlled, control of the movement of persons or vehicles into, within, or from those designated areas; control of places of amusement, or assembly, and of persons on public streets and thoroughfares; establishment of curfews; control of the sale, transportation, and use of alcoholic beverages and liquors; control of the sale, carrying, and use of firearms or other dangerous weapons and ammunition; and the control of the storage, use, and transportation of explosives or inflammable materials or liquids deemed to be dangerous to public safety. Such orders, rules, and regulations shall be effective from the time and in the manner prescribed in such orders, rules, and regulations and shall be made public prior to such time as provided herein. Such orders, rules, and regulations may be amended, modified, or rescinded, in like manner, from time to time by the Governor throughout the duration of the emergency, but in any event shall cease to be in effect 72 hours from the time of the proclamation, unless proclaimed for a shorter period or terminated at an earlier time by proclamation of the Governor. Such state of emergency, and all powers incident thereto, may be extended by proclamation of the Governor for as many successive like periods of not in excess of 72 hours each as may be reasonably necessary to protect the health, life, and property of the affected area and its inhabitants.

#### Duties of Law Enforcement Agencies

Sec. 4. When the Governor has issued a proclamation declaring that a state of emergency exists, it shall be the duty of all the law enforcement bodies of this state, whether state, county, city, or municipal, to cooperate in any manner requested by the Governor or his designated representative. It shall also be their duty to allow the use of such equipment and facilities as they may possess when the use is required by the Governor or his designated representative, provided that such use shall not substantially interfere with the normal duties of the law enforcement agency, if the agency is not located within an area designated by the Governor as an emergency area. It shall be the duty of any county, city, or municipal law enforcement agency to notify the Director of the Department of Public Safety in the event the local agency receives notice of any threatened or actual disturbance which indicates the possibility of serious domestic violence.

#### Militia Aid to Local Law Enforcement Agencies

Sec. 5. The chief executive officer of any county, city or municipality, or any governing body thereof, may request the Governor to provide militia forces to help bring under control conditions existing within their jurisdiction with which, in their judgment, their law enforcement agencies cannot cope without additional personnel. Upon receipt of such a request, the Governor may issue his order to any commander of any unit of the State Military

Forces of this state to appear at the time and place directed by the Governor to aid the civil authorities. When such troops have appeared at the appointed place, the commanding officer thereof shall obey and execute such general instructions, which shall be in writing, if practicable, otherwise verbal instructions may be given in the presence of two or more credible witnesses, as he may there and then receive from the civil authorities charged by law with the suppression of riot, the preservation of public peace and the protection of life and property; provided, however, the commanding officer of the State Military Forces shall exercise his discretion as to the proper method of practically accomplishing the instructions received.

#### Ordinances Providing for Declaration of State of Emergency

Sec. 6. Any city or town, including home-rule cities and those operating under the general law or special charters shall have the power to provide by ordinance, or by other orders of its governing body, for the declaration of a state of emergency during the time of riot or unlawful assembly by three or more persons acting together by use of force or violence, or if a clear and present danger exists of the use of force or violence, or during time of natural disaster or man-made calamity.

#### Local Powers During State of Emergency

Sec. 7. Such cities or towns shall have full power and authority to provide by ordinance for the exercise of all powers reasonably necessary to protect the health, security, peace, life and property of the city and its inhabitants, during the period of such civil emergency. Specifically, but not in limitation of said powers which said cities may exercise, said cities may provide by ordinance, after reasonable notice, having due regard to the circumstances and exigencies of the emergency at the time of said notice, given in a newspaper of general circulation or through television or radio serving the affected area or by circulating notice or by posting signs at conspicuous places within the affected area, the following:

(a) Imposition of a general or limited curfew regulating or prohibiting any person or persons from being or remaining, or loitering or congregating on any street, alley, park, public property; or any other place where they have no right or authority to be during said curfew.

(b) Limitation or prohibition of the sale or dispensing of beer, wine, liquor, and any and all other alcoholic beverages.

(c) Limitation or prohibition of the sale or dispensing of gasoline or other liquid flammable or combustible products, dynamite or other explosives, and firearms or ammunition.

(d) Limitation upon or prohibition against the operation of any establishment selling, distributing, dispensing, or giving

away any of the items enumerated in Subparagraphs (a), (b), and (c) hereinabove.

(e) Establishment of temporary, emergency housing for persons rendered homeless, or occupants of abodes not fit for human habitation, as a result of such natural disaster or man-made calamity, or for purposes of governmental operations, for not longer than three hundred sixty (360) consecutive days after commencement of such natural disaster or man-made calamity, or until termination of the emergency period by local governing body declaration, whichever first occurs, upon any and all lands to which such cities or towns have right of possession or custody, whether the same shall be deraigned from grantors, donors, or lessors by purchase, dedication, or otherwise, irrespective of local zoning ordinances, rules and regulations, or deed restrictions, effective at the time of or during the establishment of such housing.

(f) Upon finding by the local governing body of substantial disruption of the local (city or community) free, competitive market in the purchase or sale of herein-after designated classes of goods and services, promulgation of maximum retail prices chargeable or collectible in such cities or towns, for a period of not more than fifteen (15) days or until earlier termination of the subject emergency period by local governing body declaration, whichever first occurs, after the occurrence of a natural disaster or man-made calamity, on the purchase and sale of the following classes of goods and services, in whole or in part:

- (1) Groceries, beverages, toilet articles, and ice;
- (2) Construction and building materials and supplies, electrical and gas generating and transmission equipment, parts, and accessories;
- (3) Charcoal, briquettes, matches, candles, lamp illumination- and heat unit-carbides, dry batteries, light bulbs, flashlights, and hand lanterns;
- (4) Hand tools (manual and power), earth-moving equipment and machinery, automotive parts, supplies, and accessories;
- (5) Apartment, duplex, multi-family dwelling, rooming house, hotel and motel rentals, insofar as such regulations are not inconsistent with the National Housing Act, as amended, concerning Federally insured housing units;
- (6) Gasolines, diesel oils, motor oils, kerosenes, grease, and automotive lubricants;
- (7) Restaurant, cafeteria, and boarding-house meals;
- (8) Medicines, pharmaceuticals, medical instruments, equipment, and supplies;

(9) Blankets, quilts, bedspreads, bed linens, mattresses, bed springs, bedsteads, towels, and toilet paper.

No rule or regulation promulgated hereunder shall provide any maximum price for an item of goods or services enumerated above which is less than the arithmetically averaged, prevailing retail price for such item as of the date of the occurrence of such natural disaster or man-made calamity. Such prevailing retail price may be determined by statistical sampling as the local governing body may direct. Alternatively, however, the local governing body may set the maximum retail price for any or all items of goods and services enumerated above by declaring, in ordinance, that the price charged by the purveyor of such affected good or service within the jurisdictional limits of the local governing body on the said occurrence-date shall be the maximum retail price lawfully chargeable by the purveyor of such affected good or service. An added special transportation cost for any regulated goods may be permitted by the local governing body.

The local governing body promulgating such price maximums by declaring prevailing prices shall establish an appeals procedure whereby any person dissatisfied with such body's determination of any such price on the occurrence date is promptly afforded a public hearing and shall be permitted to present evidence of such price, be represented by counsel, and have access to all data and computations employed by the governing body in determining such price. Resort to such appeal shall be prerequisite to contest of the validity of such price determination in a court of law.

All district courts having jurisdiction within the county wherein such city or town is situated shall have concurrent jurisdiction of appeals under this Section's provisions for price regulation. The substantial evidence rule shall apply in all such cases. The burden of proof of the invalidity of such price determination shall rest upon the contestant.

In no event shall such city or town, its governing body, officers, employees, or agents be held pecuniarily liable for any losses or damages attributable to its regulation of prices hereunder.

In promulgating maximums hereunder, the declaration by the local governing body that the arithmetically averaged, prevailing price of any item charged on the occurrence-date in such town or city by the purveyors thereof shall be the maximum retail price chargeable by such purveyors for the period of price control shall be deemed sufficient for the invocation of the regulatory power herein provided.

Declaration in this manner, however, shall not preclude subsequent establishment of a higher maximum retail price dur-

ing the permissible regulatory period or the employment of a method of price calculation different from the method initially employed, so long as such method conforms to the terms of this Act.

(g) In the event of occurrence of a man-made calamity or natural disaster any local governing body whose territorial jurisdiction is affected thereby, under the terms of this Act, may remove, by ordinance or order, on one reading, the operation, in whole or in part, of the competitive bidding requirements of Article 2368a, Vernon's Texas Civil Statutes, and applicable local law, whether in Charter, ordinance, or order, for a period of not more than ninety (90) days after the calamity or disaster occurrence-date, provided, each such ordinance or order shall be preceded by final passage and approval of an ordinance or order of such local governing body declaring its finding of the existence of a prevalent man-made calamity or natural disaster, pursuant to the terms of this Act. Further provided, however, that, in the event of such action, the local governing body shall diligently solicit and procure, insofar as practicable, bids, quotations, or estimates of material, labor, and other costs for those purchases, goods, and works described in said Article 2368a, Vernon's Texas Civil Statutes, prior to entering into contract therefor and shall award such contract, if award be made, to the lowest and best bid, quotation, or estimate received.

**Duration of Local State of Emergency**

Sec. 8. The declaration of state of emergency by any city or town as provided for in this statute, except as otherwise expressly provided herein, shall automatically terminate at the end of seven (7) days after the time of declaration of said state of emergency, unless declared for a shorter period or terminated at an earlier time by the governing body of said city or town. Subject to the prior approval by the Governor, such state of emergency, and all powers incident thereto, may be extended by the governing body of said city or town for as many successive like periods of not in excess of seven (7) days after the time of declaration as may be reasonably necessary to protect the health, life, and property of the city and its inhabitants.

**Subordination of Local Powers**

Sec. 9. Action of any city or town under the provision of Sections 6, 7, or 8 shall be subject to action of the Governor under the provisions of Sections 3, 4, and 5.

**Violations**

Sec. 10. Any violations of the provisions of this Act or any orders, rules, or regulations or ordinances promulgated hereunder shall be (a) punishable as a misdemeanor and shall subject the offender to a fine of not more than Two Hundred Dollars (\$200) or not more than sixty (60) days incarceration, or both, upon conviction thereof, or (b) subject such violators to the processes of temporary restraining orders, temporary and permanent injunctions, as to such alleged violations, under the Rules of Civil Procedure of the State of Texas and applicable law. Such prosecutions for misdemeanor and suits for injunction may be instituted by the Governor or the local governing body in any court of competent jurisdiction within the State.

**Repealer**

Sec. 11. All laws in conflict herewith are hereby repealed to the extent of such conflict.

**Severability**

Sec. 12. If any provision of this Act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of this Act which can be given effect without the invalid provisions or application, and to this end the provisions of this Act are declared to be severable. If any clause, sentence, paragraph, or section of this Act shall, for any reason, be adjudged by any court of competent jurisdiction to be unconstitutional and invalid, such judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, or section thereof so found unconstitutional and invalid.

Sections 4 to 7 of the 1971 amendatory act provided: "Sec. 4. All Acts and governmental proceedings of cities and towns within the state included in disaster areas, as declared by the President of the United States, their governing bodies, officers, employees, contractors, and agents, performed in the year 1970 under expressed authority of Article 5890e aforesaid, are hereby in all respects validated as of the date of such Acts or proceedings.

"Sec. 5. All other provisions of Article 5890e, Vernon's Texas Civil Statutes, are hereby kept in full force and effect.

"Sec. 6. All laws or parts of laws in conflict herewith are hereby repealed to the extent of such conflict.

"Sec. 7. If any provision of this Act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of this Act which can be given effect without the invalid provisions or applications, and to this end the provisions of this Act are declared to be severable. If any section, paragraph, sentence, clause, phrase, or word of this Act shall, for any reason, be finally adjudged by any court of competent jurisdiction to be unconstitutional or invalid, such final judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the section, paragraph, sentence, clause, phrase, or word thereof so found unconstitutional or invalid."

#### 2. MINING REGULATIONS

##### Art. 5901. Shafts, Cages and Passways

Any shaft in process of sinking, and any opening projected for the purpose of mining coal of all kinds, shall be subjected to the provisions of this and the thirteen succeeding articles. At the bottom of each shaft and every caging place therein, a safe commodious passageway must be cut around said landing place, to serve as a traveling way by which employes shall pass from one side of the shaft to the other without passing under or on the cage. The upper and lower landings at the top of each shaft, and the openings of each intermediate seam from or to the shaft, shall be clear and free from loose materials and shall be securely fenced with automatic or other gates or bars so as to prevent either men or materials from falling into the shaft. Every hoisting shaft must be equipped with substantial cages fitted to guide rails running from the top to the bottom. Said cages must be safely constructed, they must be furnished with suitable boiler iron covers to protect persons riding thereon from falling objects, and they must be equipped with safety catches. Every cage on which people are carried must be fitted with iron bars, rings or chains in proper place and in sufficient number to furnish a secure handhold for every person permitted to ride thereon. At the top landing, cage supports, where necessary, must be carefully set and adjusted so as to work properly and securely hold the cages when at rest. In all cases where the human voice cannot be distinctly heard, there shall be provided a metal tube or telephone from the top to the bottom of the shaft or slope through which conversation may be held between persons at the bottom and top of such shaft or slope, and there shall also be maintained an efficient system of signaling to and from the top of the shaft or slope and each seam or opening. Every underground place on which persons travel, worked by self-acting engines, windlasses or machinery of any description, shall be provided with practical means of signaling between the stopping places and the ends of the plane, and shall further be provided, at intervals of not more than sixty feet, with sufficient manholes for places of refuge. [Acts 1925, S.B. 84.]

##### Art. 5901a. Shafts, Cages and Passways

Any shaft in process of sinking, and any opening projected for the purpose of mining

coal of all kinds shall be subjected to the provisions of this and the twelve succeeding articles. At the bottom of every shaft and every caging place therein, a safe, commodious passageway must be cut around said landing place, to serve as a traveling way by which employes shall pass from one side of the shaft to the other without passing under or on the cage. The upper and lower landings at the top of each shaft, and the openings of each intermediate seam from or to the shaft shall be clear and free from loose materials and shall be securely fenced with automatic or other gates or bars so as to prevent either men or materials from falling into the shaft. At the top landing, cage supports, where necessary, must be carefully set and adjusted so as to work properly and securely hold the cages when at rest. In all cases where the human voice can not be distinctly heard there shall be provided a metal tube or telephone from the top to the bottom of the shaft or slope through which conversation may be held between persons at the bottom and top of such shaft or slope, and there shall also be maintained an efficient system of signaling to and from the top of the shaft or slope in each seam or opening. Every underground place on which persons travel, worked by self-acting engines, windlasses or machinery of any description shall be provided with practical means of signaling between the stopping places and the ends of the plane, and shall further be provided, at intervals of not more than sixty feet, with sufficient manholes for places of refuge. Every mine shall be supplied with props and timbers of suitable length and size, and if from any cause the timbers are not supplied when required, the miners shall vacate any and all such working places until supplied with timber needed. All openings connected with worked out or abandoned portions of every operated mine likely to accumulate explosive gases or dangerous conditions shall be securely gobbled and blocked off from the operative portions thereof so as to protect every person working in such mines from all danger that may be caused or produced by such worked out portions of such mines.

[1925 P.C.]

#### Art. 5901b. Escapement Shaft

No owner, agent, lessee, receiver or operator of any mine in this State shall employ any person or persons in said mine for the purpose of working therein unless there are in connection with every seam or stratum of coal or ore

worked in such mine not less than two openings or outlets, separated by a stratum of not less than one hundred and fifty feet at surface and not less than thirty feet at any place, at which openings or outlets safe and distinct means of ingress and egress shall at all times be available for the persons employed in such mine. The escapement shafts or slopes shall be fitted with safe and available appliances by which the employes of the mine may readily escape in case of accident. In slopes used as haulage roads where the dip or incline is ten degrees or more there must be provided a separate traveling way which shall be maintained in a safe condition for travel and keep free from dangerous gases. The time which shall be allowed for completing such escapement shaft or opening shall be two years for all shafts or slopes more than two hundred feet in depth, and one year for all shafts two hundred feet in depth or less; and the time shall be reckoned in all cases from the date on which coal or ore is first hoisted from the original shaft or slope for sale or use. Any person, owner, agent, lessee, receiver or operator of any mine who shall violate or suffer or permit the violation of any provision of this article shall be fined not less than two hundred nor more than five hundred dollars, and each day such violation continues shall be a separate offense.

[1925 P.C.]

#### Art. 5902. Props and Timbers

Every mine shall be supplied with props and timbers of suitable length and size; and, if from any cause the timbers are not supplied when required, the miners shall vacate any and all such working places until supplied with timber needed.

[Acts 1925, S.B. 84.]

#### Art. 5903. Abandoned Workings

All openings connecting with worked-out or abandoned portions of every operated mine likely to accumulate explosive gases or dangerous conditions shall be securely gobbled and blocked off from the operated portions thereof, so as to protect every person working in such mines from all danger that may be caused or produced by such worked-out portions of such mines.

[Acts 1925, S.B. 84.]

#### Art. 5904. Ventilation

Throughout every mine there shall be maintained currents of fresh air sufficient for the health and safety of all men and animals employed therein, and such ventilation shall be produced by a fan or some other artificial means; provided, a furnace shall not be used for ventilating any mine in which explosive gases are generated. The quantity of air required to be kept in circulation and passing a given point shall be not less than one hundred cubic feet per minute for each person, and not less than three hundred cubic feet per minute for each animal, in the mine, measured at the

foot of the downcast; and this quantity may be increased at the discretion of the inspector whenever in his judgment unusual conditions make a stronger current necessary. Said current shall be forced into every working place throughout the mine, so that all parts of the same shall be reasonably free from standing powder smoke and deleterious air of any kind. The measurement of the current of air shall be taken with an anemometer at the foot of the downcast, at the foot of the upcast and at the working face of each division or split of the air current. The main current of air shall be split or subdivided so as to provide a separate current of reasonably pure air to every one hundred men at work; and the inspector shall have authority to order separate currents for smaller groups of men, if in his judgment special conditions make it necessary. The air current for ventilating the stables shall not pass into the intake air current for ventilating the working parts of the mine. Whenever the inspector shall find men working without sufficient air, he shall at once give the mine manager or operator notice and a reasonable time in which to restore the current; and, upon his refusal or neglect to act promptly, the inspector may order the endangered men out of the mine.

[Acts 1925, S.B. 84.]

#### Art. 5904a. Ventilation

Throughout every mine there shall be maintained currents of fresh air sufficient for the health and safety of all men and animals employed therein; and such ventilation shall be produced by a fan or some other artificial means; provided, a furnace shall not be used for ventilating any mine in which explosive gases are generated.

The quantity of air required to be kept in circulation and passing a given point shall be not less than one hundred cubic feet per minute for each person, and not less than three hundred cubic feet per minute for each animal in the mine, measured at the foot of the downcast; and this quantity may be increased at the discretion of the inspector, whenever, in his judgment, unusual conditions make a stronger current necessary. Said current shall be forced into every working place throughout the mine, so that all parts of the same shall be reasonably free from standing powder, smoke and deleterious air of any kind.

The measurement of the current of air shall be taken with an anemometer at the foot of the downcast, at the foot of the upcast, and at the working face of each division or split of the air current.

(1) if the subject of the gift is a security in registered form, by registering it in the name of the donor, another adult person or a trust company, followed, in substance, by the words: "as custodian for (name of minor) under the Texas Uniform Gifts to Minors Act";

I, (name of donor), hereby deliver to (name of custodian) as custodian for (name of minor) under the Texas Uniform Gifts to Minors Act, the following security(ies): (insert an appropriate description of the security or securities delivered sufficient to identify it or them)

(signature of donor)

(name of custodian) hereby acknowledges receipt of the above described security(ies) as custodian for the above minor under the Texas Uniform Gifts to Minors Act.

(4) if the subject of the gift is a life or endowment insurance policy or an annuity contract, such policy or contract shall be assigned to the custodian in his own name, followed, in substance, by the words: "as custodian for (name of minor) under the Texas Uniform Gifts to Minors Act." Such policy or contract shall be delivered to the person who has been designated as custodian thereof.

(b) Any gift made in a manner prescribed in Subsection (a) may be made to only one minor and only one person may be the custodian.

(c) A donor who makes a gift to a minor in a manner prescribed in Subsection (a) shall promptly do all things within his power to put the subject of the gift in the possession and control of the custodian, but neither the donor's failure to comply with this Subsection, nor his designation of an ineligible person as custodian, nor renunciation by the person designated as custodian affects the consummation of the gift.

**Effect of Gift**

Sec. 3. (a) A gift made in a manner prescribed in this Act is irrevocable and conveys to the minor indefeasibly vested legal title to the security or money, life or endowment insurance policies or annuity contracts given, but no guardian of the minor has any right, power, duty or authority with respect to the custodial property except as provided in this Act.

(b) By making a gift in a manner prescribed in this Act, the donor incorporates in his gift all the provisions of this Act and grants to the custodian, and to any issuer, transfer agent, bank, broker or third person dealing with a person designated as custodian, the respective powers, rights and immunities provided in this Act.

**Duties and Powers of Custodian**

Sec. 4. (a) The custodian shall collect, hold, manage, invest and reinvest the custodial property.

(b) The custodian shall pay over to the minor for expenditure by him, or expend for the minor's benefit, so much of or all the custodial property as the custodian deems advisable for the support, maintenance, education and benefit of the minor in the manner, at the time or times, and to the extent that the custodian in his discretion deems suitable and proper, with or without court order, with or without regard to the duty of himself or of any other person to support the minor or his ability to do so, and with or without regard to any other income or property of the minor which may be applicable or available for any such purpose.

(c) The court, on the petition of a parent or guardian of the minor, or of the minor if he has attained the age of fourteen (14) years, may order the custodian to pay over to the minor for expenditure by him or to expend so much of or all the custodial property as is necessary for the minor's support, maintenance or education.

(d) To the extent that the custodial property is not so expended, the custodian shall deliver or pay it over to the minor on his attaining the age of twenty-one (21) years or ceasing to be a minor by marriage or general removal of disabilities of minority, or, if the minor dies before attaining the age of twenty-one (21) years, he shall thereupon deliver or pay it over to the estate of the minor.

(e) The custodian, notwithstanding statutes restricting investments by fiduciaries, shall invest and reinvest the custodial property as would a prudent man of discretion and intelligence who is seeking a reasonable income and the preservation of his capital, except that he may, in his discretion and without liability to the minor or his estate, retain a security given to the minor in a manner prescribed in this Act.

(f) The custodian may sell, exchange, convert or otherwise dispose of custodial property in the manner, at the time or times, for the price or prices and upon the terms he deems advisable, provided that a custodian may not acquire as custodial property any property other than securities or money, life or endowment insurance policies or annuity contracts. He may vote in person or by general or limited proxy a security, policy or contract, which is custodial property. He may consent, directly or through a committee or other agent, to the

reorganization, consolidation, merger, dissolution or liquidation of an issuer of a security which is custodial property, and to the sale, lease, pledge or mortgage of any property by or to such an issuer, and to any other action by such an issuer. On dissolution or liquidation of an issuer of a security which is custodial property, the custodian may receive the minor's share of any property resulting from such dissolution or liquidation and retain and manage it as custodial property except that he cannot sell or exchange it for property not authorized to be acquired as custodial property. He may execute and deliver any and all instruments in writing which he deems advisable to carry out any of his powers as custodian.

(g) The custodian shall register each security which is custodial property and in registered form in the name of the custodian, followed, in substance, by the words: "as custodian for (name of minor) under the Texas Uniform Gifts to Minors Act." The custodian shall hold all money which is custodial property in an account with a broker or in a bank in the name of the custodian, followed, in substance, by the words: "as custodian for (name of minor) under the Texas Uniform Gifts to Minors Act." The custodian shall keep all other custodial property separate and distinct from his own property in a manner to identify it clearly as custodial property.

(h) The custodian shall keep records of all transactions with respect to the custodial property and make them available for inspection at reasonable intervals by a parent or legal representative of the minor or by the minor, if he has attained the age of fourteen (14) years.

(i) A custodian has and holds as powers in trust, with respect to the custodial property, in addition to the rights and powers provided in this Act, all the rights and powers which a guardian has with respect to property not held as custodial property.

(j) If the subject of the gift is a life or endowment insurance policy or an annuity contract, the custodian shall have all the incidents of ownership in such policy or contract which he may hold as custodian, to the same extent as if he were the owner thereof, except that the designated beneficiary of any such policy or contract held by a custodian shall always be the minor, or in the event of his death, the minor's estate.

**Custodian's Expenses, Compensation,  
Bond and Liabilities**

Sec. 5. (a) A custodian is entitled to reimbursement from the custodial property for his reasonable expenses incurred in the performance of his duties.

(b) A custodian may act without compensation for his services.

(c) Unless he is a donor, a custodian may receive from the custodial property reasonable compensation for his services determined by one of the following standards in the order stated:

(1) A direction by the donor when the gift is made;

(2) The statute of this State applicable to guardians;

(3) An order of the court.

(d) Except as otherwise provided in this Act a custodian shall not be required to give a bond for the performance of his duties.

(e) A custodian not compensated for his services is not liable for losses to the custodial property unless they result from his bad faith, intentional wrongdoing or gross negligence or from his failure to maintain the standard of prudence in investing the custodial property provided in this Act.

**Exemption of Third Persons From Liability**

Sec. 6. No issuer, transfer agent, bank, broker or other person acting on the instructions of or otherwise dealing with any person purporting to act as a donor or in the capacity of a custodian is responsible for determining whether the person designated by the purported donor or purporting to act as a custodian has been duly designated or whether any purchase, sale or transfer to or by or any other act of any person purporting to act in the capacity of custodian is in accordance with or authorized by this Act, or is obliged to inquire into the validity or propriety under this Act of any instrument or instructions executed or given by a person purporting to act as a donor or in the capacity of a custodian, or is bound to see to the application by any person purporting to act in the capacity of a custodian of any money or other property paid or delivered to him.

**Resignation, Death or Removal of Custodian; Bond;  
Appointment of Successor Custodian**

Sec. 7. (a) Only an adult member of the minor's family, a guardian of the minor or a trust company is eligible to become successor custodian. A successor custodian has all the rights, powers, duties and immunities of a custodian designated in a manner prescribed by this Act.

(b) A custodian, other than the donor, may resign and designate his successor by:

(1) executing an instrument of resignation designating the successor custodian; and

(2) causing each security which is custodial property and in registered form to be registered in the name of the successor custodian followed, in substance, by the words: "as custodian for (name of minor) under the Texas Uniform Gifts to Minors Act"; and

(3) delivering to the successor custodian the instrument of resignation, each security registered in the name of the successor custodian and all other custodial property, together with any additional instruments required for the transfer thereof.

(c) A custodian, whether or not a donor, may petition the court for permission to resign

and for the designation of a successor custodian.

(d) If the person designated as custodian is not eligible, renounces or dies before the minor attains the age of twenty-one (21) years or otherwise ceases to be a minor, the guardian of the minor shall be successor custodian. If the minor has no guardian, a donor, his legal representative, the legal representative of the custodian, an adult member of the minor's family, or the minor, if he has attained the age of fourteen (14) years, may petition the court for the designation of a successor custodian.

(e) A donor, the legal representative of a donor, an adult member of the minor's family, a guardian of the minor, or the minor if he has attained the age of fourteen (14) years, may petition the court that, for cause shown in the petition, the custodian be removed and a successor custodian be designated or, in the alternative, that the custodian be required to give bond for the performance of his duties.

(f) Upon the filing of a petition as provided in this Section, the court shall grant an order, directed to the persons and returnable on such notice as the court may require, to show cause why the relief prayed for in the petition should not be granted and, in due course, grant such relief as the court finds to be in the best interests of the minor.

#### Accounting by Custodian

Sec. 8. (a) The minor, if he has attained the age of fourteen (14) years, or the legal representative of the minor, an adult member of the minor's family, or a donor or his legal representative may petition the court for an accounting by the custodian or his legal representative.

(b) The court, in a proceeding under this Act or otherwise, may require or permit the custodian or his legal representative to account and, if the custodian is removed, shall so require and order delivery of all custodial property to the successor custodian and the execution of all instruments required for the transfer thereof.

#### Construction

Sec. 9. (a) This Act shall be so construed as to effectuate its general purpose to make uniform the law of those States which enact it.

(b) This Act shall not be construed as providing an exclusive method for making gifts to minors.

### Art. 5949. Notary Public

#### Appointment; Number and Terms

1. The Secretary of State of the State of Texas shall appoint a convenient number of Notaries Public to serve each county of the state. Such appointments may be made at any time, and the terms of all appointments shall end on the first day of June of each odd-numbered year, unless sooner revoked by the Secretary of State.

#### Eligibility

2. To be eligible for appointment as Notary Public for any county, a person shall be a resident citizen of this state and at least twenty-one (21) years of age, and either a resident of the county for which he is appointed, or shall maintain his principal place of business or of employment in such county; provided that any person may be appointed, as hereinabove set out, in only one county in this state at the same time; provided further that where such person resides within the limits of a county with a population of more than fifty thousand (50,000), according to the last preceding federal census, containing an incorporated city, town or village partially located in another county, said person may be appointed a Notary Public for either of such counties; provided further that nothing herein shall invalidate any commission as Notary Public which has been issued and is outstanding at the time this Act becomes effective.

#### Procedure for Appointment; Application; Contents; Duties of County Clerks

3. Appointments to the office of Notary Public shall be made as follows:

Any person desiring appointment as a Notary Public shall make application in duplicate to the county clerk of his county of residence, or the county in which the applicant seeks to act as Notary Public, on forms prescribed by the Secretary of State, which includes his name as it will be used in acting as such Notary Public, his post-office address, his social security number, if any, a statement that he has never been convicted of a crime involving moral turpitude, and shall satisfy the clerk

that he is at least twenty-one (21) years of age and otherwise qualified by law for the appointment which is sought. One copy of each application, along with the names of all persons making such application shall be sent in duplicate by the county clerk to the Secretary of State with the certificate of the county clerk that according to the information furnished him, such person is eligible for appointment as Notary Public for such county. The Secretary of State shall act upon all such names submitted at the earliest practicable time and notify the county clerk whether such appointment or appointments have been made. Upon receiving notice from the Secretary of State of such appointments, the county clerk shall forthwith notify all persons so appointed to appear before him within fifteen (15) days from the date of such appointment and qualify as hereinafter provided. The appointment of any person failing to qualify within the time allowed shall be void, and if any such person desires thereafter to qualify, his name shall be resubmitted in the same manner as hereinabove provided.

#### Fees

4. At the time of such qualification the county clerk shall collect the fees allowed him by law for administering the oath and approving and filing the bond of such Notary Public, together with the fee allowed by law to the Secretary of State for issuing a commission to such Notary Public.

#### Notice to Secretary of State; Issuance of Commission; Rejection of Application; Appeal

5. Immediately after the qualification of any Notary Public, the county clerk shall forthwith notify the Secretary of State that such person has qualified and the date of such qualification, and shall remit with such notice the fee due the Secretary of State, whereupon, the Secretary of State shall cause a commission to be issued for the county in which such Notary Public has qualified, which commission shall be effective as of the date of qualification in that county. All such commissions shall be forwarded to the proper county clerk for delivery to such persons entitled to receive them. Nothing herein shall prevent any qualified Notary Public from performing the duties of his office from and after his qualification and before the receipt of his commission.

The Secretary of State may, for good cause, reject any application, or revoke the commission of any Notary Public, but such action shall be taken subject to the right of notice, hearing and adjudication, and the right of appeal therefrom. Such appeal shall be made to

the District Court of Travis County, Texas, but upon such appeal the Secretary of State shall have the burden of proof and such trial shall be conducted de novo.

"Good cause" shall include final conviction for a crime involving moral turpitude, any false statement knowingly made in an application, and final conviction for the violation of any law concerning the regulation of the conduct of Notaries Public in this state, or any other state.

**Expiration of Term; Reappointment; Changes of Address; Dates of Reappointment**

6. Any qualified Notary Public whose term is expiring may be reappointed by the Secretary of State without the necessity of the county clerk resubmitting his name to the Secretary of State, provided such appointment is made in sufficient time for such Notary Public to be qualified on the expiration date of the term for which he is then serving; and provided that if any such Notary Public has removed his residence, or his principal place of business or employment, to a county or counties other than the one for which he has been appointed, his office in such county or counties shall be automatically vacated and if he desires to act as a Notary Public in such other county or counties, his commission in such county or counties shall be surrendered to the Secretary of State and his name shall be submitted by the clerk of such county or counties as hereinabove provided.

The Secretary of State shall reappoint Notaries Public on May 1 of each odd-numbered year, which reappointment shall be effective June 1 of said year for the next term of office. The County Clerk of each county shall notify such persons, who are reappointed from his or her county, to qualify within the first fifteen (15) days of May of each odd-numbered year which qualifying shall become effective as of June 1 and shall not be effective prior thereto.

**Bond**

7. Any person appointed a Notary Public, before entering upon his official duties, shall execute a bond in the sum of One Thousand (\$1,000.00) Dollars with two or more solvent individuals, or one solvent surety company authorized to do business in this State, as surety, such bond to be approved by the county clerk of his county, payable to the Governor, and conditioned for the faithful performance of the duties of his office; and shall also take and subscribe his name and social security number to the official oath of office which shall be endorsed on said bond with the certificate of the official administering the same. Said bond shall be deposited in the office of the county clerk and shall not be void on the first recovery, and may be sued on in the name of the party injured from time to time until the whole amount thereof has been recovered. Any such person shall be deemed to be qualified when he has taken the official oath of office, furnished the bond and paid the fees herein provided for, all within the time allowed therefor.

**Failure or Refusal of County Clerk to Perform Duties**

8. If any county clerk fails or refuses to forward the names of persons requesting appointments, notices of qualification, or to remit any fees due to the Secretary of State, or to notify any applicant of his appointment within sixty (60) days after receipt of same by the county clerk, the Secretary of State shall certify such failure or refusal to the State Comptroller, the County Auditor and Commissioners Court of such county, after which no claim or account in favor of such clerk shall be approved or paid until the Secretary of State shall certify to such officials that all requirements hereunder have been complied with.

**Public Records; Inspection**

9. All matters pertaining to the appointment and qualification of Notaries Public shall be public records in the offices of the county clerks and in the office of the Secretary of State after any such Notary Public has qualified, and shall be open to inspection of any interested person at such reasonable times and in such manner as will not interfere with the affairs of office of the custodian of such records; but neither a county clerk nor the Secretary of State shall be required to furnish lists of the names of persons appointed before their qualification nor lists of unreasonable numbers of qualified Notaries Public.

**Administration and Enforcement of Act; Regulations**

10. The Secretary of State may make regulations necessary for the administration and enforcement of this Act consistent with all of its provisions.

[Acts 1925, S.B. 84.]

#### Art. 5962. Impeachment

The power of impeachment shall be vested in the House of Representatives. If the House shall be in session at a regular or called session of the Legislature when it is desired to present articles of impeachment, or to make any investigation pertaining to a contemplated impeachment, it may proceed without further call or action at its pleasure and may continue to meet and proceed for such purposes until such time as the matters under consideration, pertaining to impeachments, may be disposed of. If the House shall be in session at a regular or called session of the Legislature, at the time it undertakes any investigation pertaining to impeachments, and the legislative session shall expire by limitation, or it shall in conjunction with the Senate, decide to adjourn in so far as legislative matters are concerned, before said investigation has been completed and before such impeachment matters have been finally disposed of, it may continue such investigation through committees, or by itself, and may continue in session for such purposes, or may adjourn the House to such time as it may desire for reconvention for the final disposition of such matters, and, in the meantime, it may continue such investigations through committees or agents. The members of such committees and the members of the House and Senate, when either shall be sitting for impeachment purposes, and when not in session for legislative purposes, shall receive the per diem fixed for members of the Legislature during legislative sessions or out of the contingent funds of the respective Houses, and the agents of the House or Senate or of such committees shall be paid as may be provided in the resolutions providing therefor, out of said contingent funds.

If the House be not in session when the cause for impeachment may arise or be discovered, or when it is desired to institute any investigation pertaining to a contemplated impeachment, the House may be convened for the purpose of impeachment in the following manner:

1. By proclamation of the Governor; or
2. By proclamation of the Speaker of the House, which proclamation shall be

made only when petitioned in writing by not less than fifty members of the House; or

3. By proclamation in writing signed by a majority of the members of the House.

Such proclamation shall be published in at least three daily newspapers of general circulation, and a copy thereof shall be furnished in person or by registered mail to each member of the House who may be within the State and accessible, by the Speaker of the House, or under his direction, or, in case the same is issued under the authority of subparagraph 3, as above, by the members signing the same or some one or more of them designated by such signers for such purpose. Such proclamation shall in general terms, state the cause for which it is proposed to convene the House, and shall fix the time for the convention thereof. Two-thirds of the members of the House, upon such convention, shall constitute a quorum to do business, but a smaller number may adjourn from day to day and compel the attendance of absent members. The House, when so convened, may proceed in the manner, and shall have all the powers, pertaining to impeachments and investigations with respect thereto given it by the Constitution and by the terms of this law. The members of the House when so convened, shall receive the same mileage and per diem pay as is provided for members of the Legislature when in legislative session, and the members of the committees of the House, when so convened and serving upon such committees when the House itself is not in session, shall receive the said per diem pay, to be paid out of the appropriations then existing, or which thereafter may be made, for the per diem pay of members of the Legislature, and the agents of the House so convened or of such committees acting when the House itself is not in session shall receive such pay as may be provided for in the resolutions of such House out of the appropriations then existing, or thereafter to be made, to defray the contingent expenses of the House or to pay the mileage and per diem of members.

The House, at any time when considering impeachment matters or making investigations pertaining thereto, shall have the power itself, or through committees, to send for persons and papers and to compel the giving of testimony, and to punish for contempt, to the same extent as the district courts of the State.

Any committee of the House, acting under the terms of this law, shall have and exercise all the powers which may be conferred upon it by the House.

[Acts 1925, S.B. 84.]

#### Art. 5963. Trial by Senate

All officers, agents or employes against whom articles of impeachment may be preferred by said House shall be tried by the Senate sitting as a court of impeachment in the manner provided by Article XV of the Constitution of Texas.

If the Senate be in session, at a regular or called session of the Legislature when articles of impeachment are preferred against any officer, agent or employee by the House, it shall receive such articles from the House and as soon as practicable, organize a court of impeachment and dispose of such matters. If the session in which such articles are preferred and presented shall, for legislative purposes expire by limitation, or by adjournment in so far as legislative purposes are concerned, before the matters presented by such articles shall have finally been disposed of by the Senate, the Senate shall continue in session, for such purpose, so long as may be necessary to dispose of such matters, or may adjourn to some day certain, when it shall reconvene for the purpose of disposing of such matters and thereupon such matters shall be considered and disposed of as expeditiously as possible.

If the Senate be not in session at a regular or called session of the Legislature when articles of impeachment may be preferred by the House, the House shall cause a certified copy of such articles of impeachment to be delivered, by personal agent or registered mail, to the Governor and each member of the Senate who may be within the State and accessible, and a copy thereof shall be delivered to the Lieutenant Governor and the President Pro Tempore of the Senate. Thereupon the Senate shall be convened for the purpose of considering and disposing of such articles of impeachment in the following manner:

1. By proclamation of the Governor; or if the Governor shall fail to issue such proclamation within ten days after such articles of impeachment are preferred by the House then,

2. By proclamation of the Lieutenant Governor; or if the Lieutenant Governor shall fail to issue such proclamation within fifteen days from the date upon which articles of impeachment were preferred by the House then,

3. By proclamation of the President Pro Tempore of the Senate; or, if the President Pro Tempore of the Senate shall fail to issue such proclamation within twenty days from the date upon which such articles of impeachment were preferred by the house then,

4. By proclamation in writing signed by a majority of the members of the Senate.

Such proclamation, in either case, shall be in writing, shall state in general terms the purpose for which the Senate is to be convened, shall fix the date for the convening thereof for such purposes, which shall not be later than twenty days from the issuance of the proclamation, and shall be filed in the office of the Secretary of State as a public record. Such proclamation, in either case, shall be published in at least three daily newspapers of general circulation, and a copy thereof shall be sent by registered mail to each member of the Senate

by, or under the direction of the author or authors thereof. Upon the day fixed for the convening of the Senate for such purposes it shall be the duty of each member of the Senate to be in attendance thereupon, and upon such date the Senate shall convene. Two-thirds of the members of the Senate, upon such convention, shall constitute a quorum to do business, but a smaller number may adjourn from day to day and compel the attendance of absent members, and the Senate at such a session may compel the attendance of any absent member whether a quorum is present or not.

The Senate so convened shall continue in session until such matters are finally disposed of, or it may from time to time, adjourn to a day certain when the consideration of such matters shall be resumed and disposed of.

The Senate, at any time, shall have and exercise all the powers itself, or through committees or agents, which is or may be conferred upon it by law as in other cases when it is in session. It may send for persons, papers, records, books, etc., and compel the giving of testimony, and punish for contempt to the same extent as the district courts.

Members of the Senate when so convened, and the Lieutenant Governor when acting, shall receive the same mileage and per diem as is provided for members of the Legislature; the same, together with the pay of all agents, appointees, employees and other expenses incident to such impeachment trial, shall be paid from such appropriations as have been or shall be made for the contingent expenses of the Legislature or for the mileage and per diem of members.

### GENERAL PROVISIONS

#### Art. 6004. Casing

The owner or operator of any well being drilled for oil or gas shall, before drilling into the oil or gas bearing rock, incase such well with good and sufficient wrought iron or steel

casing, in such manner as shall exclude all surface or fresh water from the lower part of such well from penetrating the oil or gas bearing rock. Should any well be drilled through the first into a lower oil or gas bearing rock, the same shall be cased in such manner as will exclude all fresh water above the last oil or gas bearing rock penetrated.

[Acts 1925, S.B. 84.]

#### Art. 6005. Plugging Abandoned Wells

##### Definitions

Sec. 1. In this Article, unless the context requires a different definition,

(1) "well" means a hole drilled for the purpose of:

- (a) producing oil or gas; or
- (b) injecting any fluid or gas into the ground in connection with the exploration or production of oil or gas; or
- (c) obtaining geological information by taking cores or through seismic operations;

(2) "operator" means a person who is responsible for the physical operation and control of a well at the time the well is about to be abandoned or ceases operation;

(3) "nonoperator" means a person who owns a working interest in a well at the time the well is about to be abandoned or ceases operation and is not an "operator" as defined in Section 1, paragraph (2), herein. It is understood that the terms "operator" and "nonoperator" as defined in this Article do not mean a royalty interest owner or an overriding royalty interest owner;

(4) "landowner" means the owner of the land upon which the well is situated at the time the well is abandoned and one who holds a mineral interest therein;

(5) "person" means any natural person, corporation, association, partnership, receiver, trustee, guardian, executor and a fiduciary or representatives of any kind;

(6) "Commission" means the Railroad Commission of Texas.

##### Duty of Operator

Sec. 2. The operator of a well shall properly plug the well when required and in accordance with the Commission's rules and regulations which are in effect at the time of plugging.

##### Duty of Nonoperator

Sec. 3. If the operator of a well fails to comply with Section 2 of this Article, then each nonoperator is responsible for his proportionate share of the cost of the proper plugging of the well within a reasonable time, according to the rules and regulations of the Commission in effect at the time the responsibility attaches.

##### Duty of Landowner

Sec. 4. If the operator fails to comply with Section 2 of this Article and the nonoperator fails to comply with Section 3 of this Article, then, in that event each landowner is responsible for his proportionate share of the cost of proper plugging of the well within a reasonable time, according to the rules and regulations of the Commission in effect at the time the responsibility attaches.

##### Cause of Action

Sec. 5. If a landowner plugs or replugs a well under Section 4 of this Article then the landowner shall have a cause of action against the operator and nonoperator or either of them, as the case may be, in any court of competent jurisdiction for all reasonable costs and expenses incurred in the plugging or replugging of the well, to be secured by a lien upon the interest of the operator and the nonoperator, or either of them as the case may be, in the oil and gas underlying the lease upon which the well is located and upon the interest of the operator and the nonoperator, or either of them, as the case may be, in all fixtures, machinery and equipment found or used on said lease; provided, however, that if the landowner is responsible for the well not being properly plugged, then the said landowner shall not have a cause of action under this Article.

##### Recovery Against Others

Sec. 6. If an operator, nonoperator or landowner owns only a partial interest in the well, oil and gas or land, as the case may be, and said operator, nonoperator or landowner pays a larger proportion of the cost of plugging the well than his proportionate interest in the well, oil and gas or land, as the case may be, then he shall have a cause of action against the other operators, nonoperators or landowners, as the case may be, for their proportionate shares of the cost of plugging.

##### Duty of Commission

Sec. 7. (a) If it comes to the Commission's attention that a well which has been abandoned or is not being operated is causing or is likely to cause pollution of fresh water above or below the ground or if gas or oil is escaping from said well, the Commission, after due notice, at a hearing, shall determine whether or not the well was properly plugged under Section 2, Section 3 or Section 4 of this Article.

(b) If the Commission finds that the well was not properly plugged, it shall order the operator to plug the well according to the rules and regulations of the Commission in effect at the time the order is issued. If the operator cannot be found or is no longer in existence, or if the operator has no assets with which to properly plug the well, the Commission shall order the nonoperators to plug the well according to the rules and regulations of the Commission in effect at the time the order is issued. If the nonoperators cannot be found or are no longer in existence, or if the nonoperators have

no assets with which to properly plug the well, the Commission shall order the landowners to properly plug the well according to the rules and regulations of the Commission in effect at the time the order is issued.

**Power of the Commission**

Sec. 8. (a) Upon the determination by the Commission under Section 7(a) of this Article that such a well has not been properly plugged, or needs replugging, the Commission, through its employees or through a person acting as agent for the Commission, may plug or replug such a well, if

(1) the well was properly plugged according to regulations in effect at the time the well was abandoned or ceased to be operated; or

(2) neither the operator, nonoperator nor the landowner properly plugged the well, and

(A) neither the operator, nonoperator nor the landowner can be found; or

(B) neither the operator, nonoperator nor the landowner has assets with which to properly plug the well.

(b) The Commission, its employees, or its agents, or the operator, or the nonoperator, or the landowner may enter the land of another for the purpose of plugging or replugging the well which the Commission has determined, under the provisions of Section 7(a), has not been properly plugged. The Commission, its employees, its agents, the operator, nonoperator and the landowner shall not be liable for any damages which may occur as a result of acts done or omitted to be done by them or each of them in a good faith effort to carry out the provisions of this Article.

**Cause of Action of State**

Sec. 9. If the Commission plugs a well under Section 8 of this Article, the State has a cause of action for all reasonable expenses incurred in plugging or replugging the well according to the rules and regulations of the Commission in effect at the time the well is plugged or replugged. The cause of action is first against the operator, to be secured by a lien upon his interest in the oil and gas in the land and all his fixtures, machinery and equipment found or used on the land where the well is situated, and second, against the nonoperator at the time the well should have been plugged, to be secured by a lien upon his interest in the oil or gas in the land, and third, against the landowner, to be secured by a lien upon his interest in the land.

**Accepting Money From Private Persons**

Sec. 10. The Commission may accept money from private persons and use the money to plug or replug any well. Paying money to the Commission is not an admission that the person paying the money is obligated to plug or replug the well. Evidence that a person has paid money to the Commission is not admissi-

ble against the person in any suit in which the person's obligation to plug a well is an issue, and introducing the evidence is a compulsory ground for mistrial.

**Commission Enforcement**

Sec. 11. In addition to the powers specifically granted to the Commission under the provisions of this Article, the Commission may enforce the provisions of this Article or any rule, regulation or order of the Commission promulgated hereunder, in the same manner and upon the same conditions as provided for in Title 102 of the Revised Civil Statutes of Texas, 1925.

**Appeals to Courts**

Sec. 12. Any person affected hereby may sue to test the validity of any rule, regulations or order promulgated by the Commission under this Article in the same manner, upon the same conditions, and to the same court or courts, as prescribed for suits testing the validity of rules, regulations and orders of the Commission promulgated under the general oil conservation statutes of this State.

**Protection of Waters Against Pollution**

Sec. 13. The conservation and development of all of the natural resources of this State are hereby declared a public right and duty. It is further hereby declared that the protection of waters and lands of the State against pollution or the escape of oil or gas is in the public interest. It is therefore necessary and desirable in the exercise of the police power of the State to provide additional means whereby wells which are drilled for the exploration, development or production of oil or gas, or as injection or salt water disposal wells, and which have been abandoned and are leaking salt water, oil, gas or other deleterious substances into fresh water formations or upon the surface of the land, may be plugged, replugged or repaired, by or under the authority and direction of the Railroad Commission of Texas.

[Acts 1925, S.B. 84; Acts 1965, 59th Leg., p. 762, ch. 355, § 1.]

**Art. 6006. Illumination**

No person, co-partnership or corporation shall use natural gas for illuminating purposes by what are known as flambeau lights. Nothing herein shall prohibit the use of "Jumbo" burners or any other burners consuming no more gas than such "Jumbo" burners, but the person, co-partnership, or corporation, consuming such gas and using such burners in the open air, shall inclose the same in glass globes or lamps; and any one using such gas in the open air, or in or around derricks, shall turn off said gas not later than eight o'clock in the morning of each day such lights are burning or used, and shall not turn on or relight the same between the hours of eight o'clock a. m. and five o'clock p. m.

[Acts 1925, S.B. 84.]

**Art. 6007. Repealed by Acts 1935, 44th Leg., p. 180, ch. 76, § 17**

## Art. 6008. Production and Use of Natural Gas

## Declaration of Policy

Sec. 1. In recognition of past, present, and imminent evils occurring in the production and use of natural gas, as a result of waste in the production and use thereof in the absence of correlative opportunities of owners of gas in a common reservoir to produce and use the same, this law is enacted for the protection of public and private interests against such evils by prohibiting waste and compelling ratable production.

## Definitions

Sec. 2. Unless the context otherwise requires, the words defined in this Section shall have the following meaning when used in this Article to wit:

(a) "Commission" means the Railroad Commission of Texas;

(b) "Person" means any natural person, corporation, association, partnership, receiver, trustee, guardian, executor, administrator and a fiduciary or representative of any kind;

(c) The term "Common Reservoir" as used in this Article shall mean any oil and/or gas field or part thereof which comprises and includes any area which is underlaid, or which from geological or other scientific data or experiments or from drilling operations or other evidence appears to be underlaid by a common pool or accumulation of oil and/or gas;

(d) The term "gas well" is any well (a) which produces natural gas not associated or blended with crude petroleum oil at the time of production, or (b) which produces more than one hundred thousand (100,000) cubic feet of natural gas to each barrel of crude petroleum oil from the same producing horizon, or (c) which produces natural gas from a formation or producing horizon productive of gas only encountered in a well bore through which crude petroleum oil also is produced through the inside of another string of casing.

(e) The term "oil well" is any well which produces one (1) barrel or more of crude petroleum oil to each one hundred thousand (100,000) cubic feet of natural gas.

(f) "Dry Gas" is any natural gas produced from a stratum that does not produce crude petroleum oil.

(g) The term "sour gas" shall mean any natural gas containing more than one and one-half ( $1\frac{1}{2}$ ) grains of hydrogen sulphide per one hundred (100) cubic feet or more than thirty (30) grains of total sulphur per one hundred (100) cubic feet, or gas which in its natural state is found by the Commission to be unfit for use in generating light or fuel for domestic purposes.

(h) The term "sweet gas" shall mean all natural gas except "sour gas" and "casinghead gas."

(i) The term "casinghead gas" shall mean any gas and/or vapor indigenous to an oil stratum and produced from such stratum with oil.

(k) For the purposes of this Article, the term "cubic foot of gas" or "standard cubic foot of gas" means the volume of gas (including natural and casinghead) contained in one cubic foot of space at a standard pressure base and at a standard temperature base. The standard pressure base shall be 14.65 pounds per square inch absolute, and the standard temperature base shall be 60 degrees Fahrenheit. Whenever the conditions of pressure and temperature differ from the above standard, conversion of the volume from these conditions to the standard conditions shall be made in accordance with the Ideal Gas Laws, corrected for deviation.

## Waste Defined and Prohibited

Sec. 3. The production, transportation, or use of natural gas in such manner, in such amount, or under such conditions as to constitute waste is hereby declared to be unlawful and is prohibited. The term "waste" among other things shall specifically include:

(a) The operation of any oil well, or wells with an inefficient gas-oil ratio.

(b) The drowning with water of any stratum or part thereof capable of producing gas in paying quantities.

(c) Underground waste or loss however caused and whether or not defined in other subdivisions hereof.

(d) Permitting any natural gas well to burn wastefully.

(e) The creation of unnecessary fire hazards.

(f) Physical waste or loss incident to, or resulting from, so drilling, equipping, or operating well or wells as to reduce or tend to reduce the ultimate recovery of natural gas from any pool.

(g) The escape into the open air, from a well producing both oil and gas, of natural gas in excess of the amount which is necessary in the efficient drilling or operation of the well.

(h) The production of natural gas in excess of transportation or market facilities, or reasonable market demand for the type of gas produced.

(i) The use of natural gas for the manufacture of carbon black without first having extracted the natural gasoline content from such gas, except where it is utilized

in a plant producing an average recovery of not less than five (5) pounds of carbon black to each one thousand (1,000) cubic feet of gas it shall not be necessary to first extract the natural gasoline content from such gas.

(j) The use of sweet gas produced from a gas well for the manufacture of carbon black unless it is utilized in a plant producing an average recovery of not less than five (5) pounds of carbon black to each one thousand (1,000) cubic feet and unless such sweet gas is produced from a well located in a common reservoir producing both sweet and sour gas.

(k) Permitting any natural gas produced from a gas well to escape into the air before or after such gas has been processed for its gasoline content.

(l) The production of natural gas from a well producing oil from a stratum other than that in which the oil is found, unless such gas is produced in a separate string of casing from that in which the oil is produced.

(m) The production of more than one hundred thousand (100,000) cubic feet of gas to each barrel of crude petroleum oil unless such gas is put to one or more of the uses authorized for the type of such gas so produced under allocations made by the Commission.

#### Oil or Gas Wells

Sec. 4. (a) If oil and/or gas be produced through different strings of casing set in the same well bore, the inner string through which oil and/or gas be produced shall be regarded as one well, and each successive additional string of casing through which oil and/or gas shall be produced, from a different producing horizon, the others producing through the same well bore, shall be regarded as another well.

(b) No person in possession of or operating any oil well shall produce from such well natural gas found in a horizon productive of natural gas only.

#### Commission's Authority to Determine Gas-Oil Ratio

Sec. 5. The Commission is given authority to fix and determine the gas-oil ratio of all oil wells in this State, but nothing in this Act shall be construed to authorize the limitation of the production of marginal wells as such marginal wells are defined, below the amount fixed by statute. If any restriction imposed by the Commission upon the production of oil from any oil well operates to increase the gas-oil ratio of such well so as to then classify it as a gas well under the provisions of this Article, such well shall be deemed to be an oil well nevertheless.

#### Commission to Make and Enforce Rules and Regulations

Sec. 6. The Commission shall make and enforce rules, regulations, or orders for the conservation of natural gas, to prevent the waste thereof, and otherwise to accomplish the pur-

poses of this Article, including rules, regulations, or orders for the following purposes:

(1) To prevent the waste, as hereinbefore defined, of natural gas in drilling and producing operations and in the piping and distribution thereof.

(2) To require dry or abandoned wells to be plugged in such way as to confine natural gas, and water in the strata in which they are found and to prevent them from escaping into other strata.

(3) For the drilling of wells and preserving a record thereof.

(4) To require wells to be drilled and operated in such manner as to prevent injury to adjoining property.

(5) To prevent natural gas and water from escaping from the strata in which they are found into other strata.

(6) To require records to be kept and reports made.

(7) To provide for the issuance of permits, and other evidences of permission when the issuance of such permits,<sup>1</sup> or permission is necessary or incident to the enforcement of its blanket grant of authority to make any rules necessary to effectuate the law.

<sup>1</sup> So in enrolled bill. Session Laws duplicate words "or permission when the issuance of such permits."

#### Limiting Escape of Gas Encountered in Well and Purpose of Utilization of Gas

Sec. 7. After the expiration of ten (10) days from the time of encountering gas in a gas well, no gas from such well shall be permitted to escape into the air, and all gas produced therefrom shall be utilized for the following purposes:

(1) No sweet gas shall be utilized except for:

(a) Light or fuel.

(b) Efficient chemical manufacturing, other than the manufacture of carbon black, provided, however, that sweet gas produced from wells located in a common reservoir producing both sweet and sour gas may be used for the manufacture of carbon black where it is utilized in a plant producing an average recovery of not less than five (5) pounds of carbon black to each one thousand (1,000) cubic feet of gas.

(c) Bona fide introduction of gas into oil, or gas bearing horizon, in order to maintain or increase the rock pressure or otherwise increase the ultimate recovery of oil or gas from such horizon.

(d) The extraction of natural gasoline therefrom when the residue is returned to the horizon from which it is produced.

(2) In addition to the purposes for which sweet gas produced from a gas well may be used, sour gas may be used for ef-

ficient chemical manufacturing purposes including the manufacture of carbon black provided it is utilized in a plant producing a recovery of not less than one pound of carbon black to each one thousand (1,000) cubic feet of gas, and provided further that the gasoline content is removed and saved from such sour gas before the same is utilized for carbon black.

(3) Casinghead gas may be used for any beneficial purpose, which includes the manufacture of natural gasoline.

(4) Any producer of either sweet or sour gas or casinghead gas may use the same as gas lift in the bona fide production of oil where such gas is not used in excess of ten thousand (10,000) cubic feet per barrel of oil produced; provided that in order to prevent waste in any case where the facts in such case warrant it, the Commission may permit the use of additional quantities of gas to lift oil, provided all such gas so used in excess of ten thousand (10,000) cubic feet for each barrel of oil shall be processed for natural gasoline and the residue burned for carbon black when same is reproduced.

**Determination and Report to Commission of Open Flow and Rock Pressure of Natural Gas Well, Reports Open to Inspection**

Sec. 8. It shall be the duty of all persons, companies or corporations producing natural gas from any gas well to ascertain and determine during the months of January, and July, respectively, of each year hereafter, through appropriate tests, to be made in the presence of and under the supervision of a representative of the Commission, and under uniform and generally recognized methods, and under regulations which shall be prescribed by the Commission, the open flow and rock pressure of each gas well from which natural gas shall be produced, and verified reports thereof shall be filed with the Commission on or before the tenth day of each of the months aforesaid; which said reports shall be kept on file with the Commission and shall become a permanent public record and shall be open to the inspection and examination of the public, and which said reports shall disclose the name of the representative of the Commission who was actually present when such tests were made. If any person producing gas from the same common reservoir be dissatisfied with the test as made and reported, such person may demand a second test to be made in the manner herein provided and in the presence of such person or his representative.

**Inspection of Meters by Agent of Railroad Commission**

Sec. 9. The Railroad Commission shall require one of its duly authorized agents to inspect, read or test any meter, or meters, through which natural gas is being measured, or gauged, upon the request of any lessor, lessee, operator, or royalty owner from whose land, lease, or royalty interest natural gas is being produced.

**Commission to Prorate and Regulate Daily Production**

Sec. 10. It shall be the duty of the Commission to prorate and regulate the daily gas well production from each common reservoir in the manner and method herein set forth. The Commission shall prorate and regulate such production for the protection of public and private interest:

(a) In the prevention of waste as "waste" is defined herein;

(b) In the adjustment of correlative rights and opportunities of each owner of gas in a common reservoir to produce and use or sell such gas as permitted in this Article.

**Commission to Exercise Authority, When**

Sec. 11. The Commission shall exercise the authority to accomplish the purpose designated under item (a) of Section 10 when the presence or imminence of waste is supported by a finding based upon the evidence introduced at a hearing to be held as herein provided.

The Commission shall exercise the authority to accomplish the purpose designated under item (b) of Section 10 when evidence introduced at a hearing to be held as herein provided will support a finding made by the Commission that the aggregate lawful volume of the open flow or daily potential capacity to produce of all gas wells located in a common reservoir, is in excess of the daily reasonable market demand for gas from gas wells that may be produced from such common reservoir, to be utilized as permitted in this Article.

**Determination of Status of Gas Production; Proration and Regulation**

Sec. 12. It shall be the duty of the Commission to determine the status of gas production from all reservoirs in this state. If and when the Commission finds that waste exists or is imminent in the production of gas from any reservoir, or that the capacity of the wells to produce gas from any reservoir exceeds the market demand for gas from such reservoir, the Commission shall then proceed by proper order to prorate and regulate the gas production from such reservoir on a reasonable basis. On or before the 20th day of each month, the Commission, after notice and hearing, shall determine (1) the lawful market demand for gas to be produced from each such reservoir during the following month; and (2) the volume of gas that can be produced from such reservoir and each well therein during the following month, without waste. The Commission shall then fix the monthly reservoir allowable of gas to be produced from such reservoir at the lawful market demand therefor or at the volume that can be produced from such reservoir without waste, whichever is the smaller quantity. The monthly reservoir allowable shall be allocated among all wells entitled to produce gas therefrom so as to give each well its fair share of the gas to be produced from the reservoir, provided that each well shall be restricted to

the amount of gas that can be produced from it without waste. The volume of gas so allocated to each well shall be regarded as the monthly allowable for such well. The daily market demand for gas, and the daily allowable, shall be determined by dividing the monthly demand and the monthly allowable by the number of days in the month.

#### Factors in Determining Daily Allowable Production

Sec. 13. In determining the daily allowable production for each gas well the Commission shall take into account the size of the tract segregated with respect to surface position and common ownership upon which such gas well or wells are located; the relation between the daily producing capacity of each gas well and the aggregate daily capacity of all gas wells producing the same kind of gas in the same common reservoir or zone; and all other factors which are pertinent; provided that the Commission shall not take into account the size of the tract upon which any gas well or wells are located in excess of the efficient drainage area of such well or wells, producing at twenty-five per cent (25%) of the daily productive capacity, which drainage area shall be determined by the Commission. In ascertaining the drainage area of a well, the Commission shall take into account such factors as are reflected in the productive capacity of a gas well, including formation pressure, the permeability and porosity of the producing formation, and the well bore's structural position, together with all other factors taken into account by a reasonably prudent operator in determining the drainage area for a gas well.

#### Production and Sale of Gas From Common Reservoir Where Demand is Seasonal

Sec. 14. In order to adjust the correlative rights and opportunities of each owner to produce, use and sell gas from a common reservoir from which a portion of the market demand is seasonal or where a portion thereof fluctuates from month to month, the Commission may permit the wells in such reservoir to be produced in excess of the monthly allowable if no waste is occasioned thereby, provided (1) no well shall in any one month be permitted to produce in excess of two (2) times its monthly allowable or upon application to the Commission where there is shown to exist, or there is threatened and unforeseen, an emergency requiring an increase in the demand for such gas from such reservoir which cannot otherwise be satisfied from such reservoir, then such wells, under such application, may be produced as herein authorized but not in excess of four (4) times each of said well's monthly allowable; or to produce at a rate in excess of twenty-five per cent (25%) of the daily producing capacity of such well as found by the Commission; that (2) no well shall ever be allowed to produce in excess of twice its allowable for more than two (2) months in any period of six (6) months beginning on the 1st day of March and September of each year, and when any well has pro-

duced twice its allowable or more during any such six (6) month period as above it shall be closed in until its production and allowable are in balance; and that (3) the Commission shall, on the 1st day of March and September of each year, restrict production from all wells that are then overproduced to such fractional part of their monthly allowable as will bring the accumulated allowables and the accumulated monthly production in balance during the next six (6) months. If such over production is not balanced during such six (6) month period, then the overproduced well shall be shut in until its production and allowable are in balance. In like manner the Commission may by appropriate order permit any gas well to be underproduced for a period of six (6) consecutive months and may allow the accumulated underproduction to be produced in addition to the regular monthly allowable during the following six (6) month period.

#### Percentage of Daily Productive Capacity Allowable

Sec. 15. Nothing contained in this Article shall require that the production from any gas well with a daily natural open flow of two hundred thousand (200,000) cubic feet of natural gas or more to be restricted to a quantity less than fifty thousand (50,000) cubic feet of natural gas daily; and nothing herein shall require that the production from any gas well with a daily natural open flow of less than two hundred thousand (200,000) cubic feet of gas be reduced to a quantity less than twenty-five per cent (25%) of its natural open flow.

In all common reservoirs producing both sweet and sour gas, no gas well shall be permitted to produce in excess of twenty-five per cent (25%) of its daily productive capacity; provided the Commission, upon a finding that reservoir conditions require that such percentage be increased to prevent waste, and that such increase will not create a drainage condition as between sweet and sour gas lands, may authorize an increase in such allowable production. Where the allowable production theretofore allocated to any well is more than fifteen per cent (15%) of its daily producing capacity, and the Commission finds that the production of its daily allowable from such well will cause waste due to the intermingling of sweet and sour gas, the Commission may order the production from such well restricted to fifteen per cent (15%) of its daily producing capacity, but this sentence shall not be construed to militate against the right of the Commission to fix the allowable production of any well below fifteen per cent (15%) of its daily producing capacity in carrying out the requirements of Sections 13 and 14 of this Act.

#### Production in Violation of Valid Orders

Sec. 16. It shall be unlawful for any person to produce gas from a gas well in violation of the valid orders of the Railroad Commission of Texas.

**Restriction as to Wells Producing Gas From One Stratum and Oil and Gas From Another Stratum**

Sec. 17. Where gas is produced from one stratum and oil and gas is produced from another stratum in the same well bore, the Commission shall take into account the amount of gas produced from the oil stratum in determining the amount of gas that may be produced from the stratum producing gas only and may subtract the amount of the casinghead gas produced from the dry gas that would be allocated to said well if it produced dry gas and may restrict the dry gas production accordingly.

**Increase of Demand for Gas**

Sec. 18. When unforeseen contingencies increase the demand for gas required by any distributor, transporter or purchaser to an amount in excess of the total allowable production of the wells to which he is connected, such distributor, transporter or purchaser is authorized to increase his take ratably from all such wells in order to supply his demand for gas, provided, however, that notice of such increase and the amount thereof shall be given to the Commission within five (5) days; and provided further that the Commission, at its next hearing, shall adjust the inequality of withdrawals caused by such increase in fixing the allowable production of the various wells in the common reservoir or zone.

**Zoning Common Reservoirs**

Sec. 19. If the Commission finds upon consideration of the evidence introduced at a hearing that either or both of the purposes designated under Section 10 of this Article may be more adequately accomplished by zoning a common reservoir, the Commission shall zone such common reservoir. If the Commission zones such common reservoir, each zone shall be regarded as a separate common reservoir in making allocations of daily allowable production as provided in this Article. The Commission shall allocate to each zone its just proportion of the market demand for gas from the common reservoir, and shall establish appropriate rules and regulations applicable to each zone and shall have the right to adjust its orders to the practicable conditions which exist and to enter any reasonable order which is necessary to effectuate the purpose of this law. The Commission is expressly authorized to segregate a sour gas area from a sweet gas area and shall not be required to restrict the allowable production of the sour gas zone to the same percentages that may be produced from the sweet gas zone.

**Exclusion of Well Not Utilized in Allocating Daily Allowable Production From Reservoir or Zone**

Sec. 20. In the event the Commission finds that the owner of any gas well has failed or refused to utilize or sell the allowable production from his well when such owner has been offered a connection or market for such gas at a reasonable price, such well shall be excluded from consideration in allocating the daily allowable production from the reservoir or zone

in which same is located until the owner thereof signifies to the Commission his desire to utilize or sell such gas. In all other cases all gas wells shall be taken into account in allocating the allowable production among wells producing the same type of gas.

Sec. 21. Repealed by Acts 1949, 51st Leg., p. 477, ch. 259, § 4.

**Discretion of Commission**

Sec. 22. The Commission shall be vested with a broad discretion in administering this law, and to that end shall be authorized to adopt any and all rules, regulations or orders which it finds are necessary to effectuate the provisions and purposes of said law.

**Penalty and Suits to Enforce**

Sec. 23. Any person violating any of the provisions of this Article shall be liable to a penalty not to exceed One Thousand Dollars (\$1,000) for each offense, and each day's violation shall be a separate offense. Such penalty may be recovered by the State of Texas with the cost of suit in a civil action instituted in Travis County or in the County where the violation occurred by the Attorney General or by the County or District Attorney when joined by the Attorney General of Texas; and any and all violations or threatened violations of this Article may be enjoined by any Court of competent jurisdiction in which the suit for penalty may be brought, and in such cases the Court may issue such writs of injunction, mandatory or prohibitory, as the facts justify.

**Appeals to Courts**

Sec. 24. Any person may appeal for judicial review from any rule, order, or regulation of the Commission made and promulgated under the authority conferred by this Article, in the same manner, upon the same conditions and to the same court or courts as prescribed in this Chapter for appeals from other rules, regulations or orders of the Commission, promulgated under the general Oil Conservation Statutes of this State.

**Repeal and Effective Date**

Sec. 25. All laws or parts of laws in conflict with any of the provisions of this Act are hereby expressly repealed; provided that on account of the absence of pipe lines necessary to accomplish transportation of gas to carbon black plants from many areas producing sour gas in one or more of the common reservoirs of this State and in as much as many wells producing sweet gas are without market outlet for gas used as light and fuel which will require considerable time to make connection after hearing to determine the allowable production, it is provided that gas from a well producing sour gas only may be utilized as provided in said Article 6008 of the Revised Civil Statutes of 1925 as amended by Acts of the First Called Session of the Forty-second Legislature, as amended by Acts of the Regular Session of the Forty-third Legislature as aforesaid, until October 1, 1935, and the gas from a well producing sweet gas may be utilized as authorized un-

der said Act as amended until August 1, 1935, at which time this Article shall be effective as to sweet gas wells; provided, however, that nothing in this Act contained shall repeal, modify or impair any of the provisions of House Bill No. 782,<sup>1</sup> relating to oil and gas conservation, enacted at this session of the Legislature, or shall impair the power of the Commission, proceeding under the oil and gas conservation laws of this State, to prevent waste.

<sup>1</sup> Articles 6014, 6014a, 6029, 6033, 6036, 6036a, 6049c, §§ 5, 7, 6049d, §§ 6, 6-a, 8, 6049e.

#### Partial Invalidity

Sec. 26. If any section or sections, clause, sentence or provision of this Article should, for any reason, be held to be invalid or unconstitutional, it shall not affect in anywise the remaining parts of this Article, not so held, and all that portion not held invalid shall remain in full force and effect.

### Art. 6008-1. Interstate Compact to Conserve Oil and Gas; Extension of Compact

#### Governor Authorized to Execute Agreement

Sec. 1. The Governor of the State of Texas is hereby authorized and empowered, for and in the name of the State of Texas, to execute an agreement with other states now members of the Interstate Oil Compact Commission, by the terms of which the Interstate Compact to Conserve Oil and Gas, executed in the City of Dallas, Texas, on the 16th day of February, 1935, and now on deposit with the Department of State of the United States shall be extended for a period of four (4) years from its expiration date (September 1, 1947), subject to the approval of Congress.

#### Compact

Sec. 2. The Interstate Compact to Conserve Oil and Gas referred to in the above section and which was ratified, approved, and confirmed by the Regular Sessions of the Texas Legislature in 1935, 1937, 1939, 1941 and 1943, and which it is hereby proposed to extend by agreement subject to the approval of Congress, reads as follows:

### "AN INTERSTATE COMPACT TO CONSERVE OIL AND GAS

#### "ARTICLE I

"This agreement may become effective within any compacting state at any time as prescribed by that state, and shall become effective within those states ratifying it whenever any three (3) of the States of Texas, Oklahoma, California, Kansas and New Mexico have ratified, and Congress has given its consent.

Any oil-producing state may become a party hereto as hereinafter provided.

#### "ARTICLE II

"The purpose of this Compact is to conserve oil and gas by the prevention of physical waste thereof from any cause.

#### "ARTICLE III

"Each state bound hereby agrees that within a reasonable time it will enact laws, or if laws have been enacted, then it agrees to continue the same in force, to accomplish within reasonable limits the prevention of:

"(a) The operation of any oil well with an inefficient gas-oil ratio;

"(b) The drowning with water of any stratum capable of producing oil or gas, or both oil and gas, in paying quantities;

"(c) The avoidable escape into the open air or the wasteful burning of gas from a natural gas well;

"(d) The creation of unnecessary fire hazards;

"(e) The drilling, equipping, locating, spacing, or operating of a well or wells so as to bring about physical waste of oil or gas or loss in the ultimate recovery thereof;

"(f) The inefficient, excessive, or improper use of the reservoir energy in producing any well.

"The enumeration of the foregoing subjects shall not limit the scope of the authority of any state.

#### "ARTICLE IV

"Each state bound hereby agrees that it will, within a reasonable time, enact statutes, or if such statutes have been enacted then that it will continue the same in force, providing in effect that oil produced in violation of its valid order and/or gas conservation statutes or any valid rule, order, or regulation promulgated thereunder, shall be denied access to commerce; and providing for stringent penalties for the waste of either oil or gas.

#### "ARTICLE V

"It is not the purpose of this Compact to authorize the states joining herein to limit the production of oil or gas for the purpose of stabilizing or fixing the price thereof, or create or perpetuate monopoly, or to promote regimentation, but is limited to the purpose of conserving oil and gas and preventing the avoidable waste thereof within reasonable limitations.

#### "ARTICLE VI

"Each state joining herein shall appoint a representative to a Commission hereby constituted and designated as The Interstate Oil Compact Commission, the duty of which said Commission shall be to make inquiry and ascertain from time to time such methods, prac-

tices, circumstances, and conditions as may be disclosed for bringing about conservation and the prevention of physical waste of oil and gas; and at such intervals as said Commission deems beneficial it shall report its findings and recommendations to the several states for adoption or rejection.

"The Commission shall have power to recommend the coordination of the exercise of the police powers of the several states within their several jurisdictions to promote the maximum ultimate recovery from the petroleum reserves of said states, and to recommend measures for the maximum ultimate recovery of oil and gas. Said Commission shall organize and adopt suitable rules and regulations for the conduct of its business.

"No action shall be taken by the Commission, except: (1) by the affirmative votes of the majority of the whole number of the compacting states, represented at any meeting; and (2) by a concurring vote of a majority in interest of the compacting states at said meeting, such interest to be determined as follows: Such vote of each state shall be in the decimal proportion fixed by the ratio of its daily average production during the preceding calendar half-year to the daily average production of the compacting states during said period.

#### "ARTICLE VII

"No state by joining herein shall become financially obligated to any other state, nor shall the breach of the terms hereof by any state subject such state to financial responsibility to the other states joining herein.

#### "ARTICLE VIII

"This Compact shall expire September 1, 1937. But any state joining herein may, upon sixty (60) days notice, withdraw herefrom.

"The representatives of the signatory states have signed this agreement in a single original, which shall be deposited in the archives of the Department of State of the United States, and a duly certified copy shall be forwarded to the Governor of each of the signatory states.

"This Compact shall become effective when ratified and approved as provided in Article I. Any oil-producing state may become a party hereto by affixing its signature to a counterpart to be similarly deposited, certified, and ratified."

Sec. 3. The agreement to extend said Interstate Compact to Conserve Oil and Gas, and which the Governor of this state is hereby authorized and empowered to execute for and in the name of the State of Texas, shall be in substance as follows:

"It is hereby agreed that the Interstate Compact to Conserve Oil and Gas executed in the City of Dallas, Texas, on the 16th day of February, 1935, and now on deposit with the Department of State of the United States, be and the same is hereby extended for a period of four (4) years from its date of expiration

(September 1, 1947), this agreement to become effective when executed by any three (3) of the States of Texas, Oklahoma, California, Kansas and New Mexico, and consent thereto is given by Congress."

Sec. 4. The Governor of the State of Texas is further authorized and empowered, for and in the name of the State of Texas, to execute agreements for the further extension of the expiration date of the said Interstate Compact to Conserve Oil and Gas, and to determine if and when it shall be for the best interest of the State of Texas to withdraw from said Compact upon sixty days notice as provided by its terms. In the event he shall determine that the state should withdraw from said Compact, he shall have full power and authority to give necessary notice and take any and all steps necessary and proper to effect the withdrawal of the State of Texas from said Compact.

Sec. 5. The Governor shall be the official representative of the State of Texas on the Interstate Oil Compact Commission, provided for in the Compact to Conserve Oil and Gas, and shall exercise and perform for the State of Texas all the powers and duties as a member of the Interstate Oil Compact Commission; provided that he shall have the authority to appoint an assistant representative who shall act in his stead as the official representative of the State of Texas as a member of said Commission. Said representative shall take the oath of office prescribed by the Constitution, which shall be filed with the Secretary of State.

#### Art. 6008a. Production and Use of Sour Gas from Common Reservoirs for Carbon Black; Definitions

##### Meaning of Words

Sec. 1. Where used in this Act the following words shall have the meaning given to them by Section 2, Chapter 120,<sup>1</sup> Acts Forty-fourth Legislature, Regular Session, to-wit: "Commission", "person", "common reservoir", "gas well", "oil well", "sour gas", "sweet gas", "natural gasoline", "cubic foot of gas", "casinghead gas".

<sup>1</sup> Article 6008.

##### Maximum Daily Withdrawal for Manufacture of Carbon Black; Proration

Sec. 2. In any common reservoir in this State producing both sweet and sour gas, there shall never be produced from such common reservoir for utilization in carbon black manufacture, a maximum daily volume of sour gas from such gas wells in excess of seven hundred fifty million (750,000,000) cubic feet which daily volume of sour gas from gas wells shall be prorated by the Commission among all the sour gas wells in such reservoir so as to prevent cognizable and preventable drainage of gas from tracts of land in such sour gas pro-

ducing area segregated as to surface position and common ownership on which such sour gas wells are located; provided that if the daily demand for sour gas from gas wells for utilization in carbon black manufacture is less than the daily maximum allowable hereinabove permitted, the total daily volume of gas from gas wells from such sour gas area for utilization in carbon black manufacture shall be equal to such daily demand which demand shall be determined by the Commission and shall be prorated among all the sour gas wells in such area as hereinabove provided.

If a lawful daily demand exists for sour gas from gas wells for purposes of utilization permitted by existing law, other than the manufacture of carbon black, such additional demand shall be added to such daily demand for carbon black manufacture as hereinabove set forth, which sum shall constitute the daily volume of sour gas from gas wells which may be withdrawn from such common reservoir for utilization. Such daily volume shall be prorated by the Commission among the sour gas wells in such area on the basis hereinabove set forth.

It shall be unlawful for any person to produce sour gas from any sour gas well in such reservoir in excess of the daily allowable production for such gas well as fixed by the orders and schedules of the Commission. The rate of production from any sour gas well shall be deemed to be the daily average rate of production for the calendar month.

Hearings, Determination; Rules and Regulations of Commission

Sec. 2a. In administering the provisions of this law the Commission shall hold hearings, make determinations, and make and promulgate orders, rules and regulations as provided in Sections 12, 13, and 14 of Chapter 120,<sup>1</sup> Acts of the 44th Legislature, Regular Session. The Commission shall otherwise have the duty to make and promulgate any rule, regulation or order it may find necessary to carry out the provisions of this law, after notice and hearing for such purpose.

<sup>1</sup> Article 6008.

Commingling of Casinghead Gas With Sweet or Sour Gas or of Sweet and Sour Gas, Without Permit, Prohibited; Regulation of Use of Gases; Carbon Black, Use for

Sec. 3. (a) In any common reservoir in this State producing both sweet and sour gas, it shall be unlawful for any person to operate a plant for the extraction of the natural gasoline content of gas in which plant casinghead gas is commingled with either sweet gas or sour gas, or both, or where sweet gas and sour gas are commingled, until such person secures from the Commission a permit authorizing the operation of such plant. It shall be the duty of the Commission to issue such permit when it shall appear that such plant is being operated, and the residue gas from same is and shall be disposed of, in accordance with the provisions of this section.

5 West's Tex. Stats. & Codes—10

(b) Where any such plant in such common reservoir commingles casinghead gas with sweet gas or sour gas, or both, it shall not be lawful for the operator of such plant to blow, or permit to be blown, into the air any of the residue gas remaining after the gasoline content of such gas is extracted; provided, however, the operator of such plant shall be permitted to blow to the air such amount of residue gas from said plant as is determined by the Commission to be necessary in order to accomplish uninterrupted deliveries in required amounts to carbon black plants for carbon black manufacture.

(c) Where any such plant in such common reservoir commingles casinghead gas with sweet gas or where any such plant commingles sweet gas with sour gas, it shall be the duty of the Commission to ascertain the quantity of residue gas which is required to be used for fuel purposes in the efficient operation of the plant and also the quantity of residue gas which is required to be returned by the operator of such plant to the leases to which the plant is connected for use as fuel in the operation of such leases. The operator of such plant shall be required to utilize or cause to be utilized for one or more of the uses provided for sweet gas by existing law a quantity of the residue gas from such plant which is equal to the quantity of sweet gas which is taken into said plant for processing, less the extraction loss from such processing, but such operator shall not be credited with use of such residue for plant-fuel or lease-fuel operations in an amount in excess of the quantity of such residue gas found by the Commission to be necessary for the efficient operation of such plant and return to such leases for fuel for lease operations.

(d) The commingling in any such plant of casinghead gas with sweet gas or sour gas, or both, or of sweet gas with sour gas, except upon the conditions and requirements set forth in Section 3 of this Act, is hereby declared to be unlawful. Whenever it shall be made to appear to the Commission that any such plant is operating in violation of any of the provisions of this section, it shall be the duty of the Commission to cancel the permit so issued to such plant, and it shall thereafter be unlawful for the operator of such plant to commingle either casinghead gas with sweet gas or sour gas or to commingle sweet gas and sour gas in any such plant for the purpose of extracting the natural gasoline content thereof.

(e) Gas from any gas well completed on or before the effective date of this Act within a common reservoir producing both sweet and sour gas from which the gas has not been sold off the leased premises to an interstate pipeline company during the year immediately preceding the effective date of this Act, or gas from any gas well completed after the effective date of this Act within a common reservoir producing both sweet and sour gas, may be

used for the manufacture of carbon black, without the prior extraction of its natural gasoline content provided: (1) it is utilized in a plant producing an average recovery of not less than one and one-half (1½) pounds of carbon black to each one thousand (1,000) cubic feet of such gas; and (2) that the royalty rate and price paid for such gas at the wellhead at least equals the royalty rate and market price paid at the wellhead in the immediate area for gas used for light and fuel purposes. In arriving at such market price in the case of sour gas a reduction of not to exceed one-half (½) cent per thousand cubic feet shall be allowed for purifying such gas to render it suitable for light and fuel purposes. If such gas be used by a producer any royalty rate paid shall be paid on the same basis.

(f) It shall be the duty of the Railroad Commission, after due notice of hearing, to hold and conduct such annual or semi-annual hearings as they may deem necessary for the purpose of determining the market price that is being paid at the wellhead for gas being used and sold for light and fuel purposes. After such hearing and determination of such market price, the Railroad Commission shall thereafter post and publish such price in its main office in Austin, Texas, and its branch office, if any, in the area affected. Thereafter, all parties contracting for gas under the provisions of this Act shall be permitted to accept such posted and published price as the market price to be paid for such gas under the terms hereof.

(g) Sweet gas produced from any gas well in this state may be utilized without the prior extraction of its gasoline content for the manufacture of carbon black where it is utilized in a plant producing an average recovery of not less than five (5) pounds of carbon black for each one thousand (1,000) cubic feet of gas.

(h) Any natural gas, including casinghead gas, produced from any gas well or oil well in this State, containing less than one and one-half (1½) gallons of propane and heavier hydrocarbons per one thousand (1,000) cubic feet, as determined by fractional analysis made of such gas, may be used for the manufacture of carbon black in a plant producing an average recovery of as much as one and one-half (1½) pounds of carbon black for each one thousand (1,000) cubic feet of gas consumed, but natural gas, including casinghead gas, produced from any gas well or oil well in this State, containing one and one-half (1½) gallons or more of propane and heavier hydrocarbons per one thousand (1,000) cubic feet, as determined by fractional analysis made of such gas, may not be so used in such a plant without the prior extraction of its natural gasoline content; provided, however, that the Railroad Commission of Texas may upon application being filed therefor, and after notice and hearing, authorize the use of any natural gas, including casinghead gas, containing one and one-half (1½) gallons or more of propane and heavier hydrocarbons per one thousand (1,000)

cubic feet, as determined by fractional analysis made of such gas, in the manufacture of carbon black in such a plant where the Railroad Commission shall find it to be unprofitable to first extract the natural gasoline content of such gas. Provided, further, that in the event a general shortage of propane and/or heavier liquid hydrocarbons occurs, then after notice and hearing the Railroad Commission may require additional extraction of such hydrocarbons from such gas to alleviate such shortage, but such additional extraction shall not be required where it is not economically feasible to do so.

(i) The provisions of this Act shall not apply to natural gas produced from a common reservoir containing both sweet and sour gas which was being lawfully used for the manufacture of carbon black, or to gas from gas wells located in such reservoirs which was entitled to be so used at the time of the passage of this Act under the provisions of Section 3, Article 6008a, Title 102, Vernon's Revised Civil Statutes of Texas, being Senate Bill No. 407, Acts of the Forty-fifth Legislature, 1937, as amended by Senate Bill No. 227, Chapter 351, Acts of the Fiftieth Legislature, 1947.

**Hearings by Commission; Notice; Inspection of Books and Records; Sworn Reports**

Sec. 4. From time to time the Commission shall hold hearings, after notice to interested operators, for the purpose of hearing evidence, and to promulgate rules, regulations and orders to enforce the provisions of this law. In addition to the authority given by existing law, the Commission or its agents shall have the right to inspect the books and records of any person who is affected by the provisions hereof and to require sworn reports to be filed, such sworn reports to be filed from time to time as the Commission may find necessary. All rules, regulations and orders promulgated by the Commission under the terms of this law shall be deemed prima facie valid.

**Penalty; Injunction and Prohibition**

Sec. 5. Any person violating any of the provisions of this Act shall be liable to a penalty not to exceed One Thousand (\$1,000.00) Dollars for each offense and each day's violation shall constitute a separate offense. Such penalty may be recovered by the State of Texas, with costs of suit, in a civil action instituted by the Attorney General in Travis County or in the county where the violation occurred. Any and all violations, and threatened violations, of this Act may be enjoined by any court of competent jurisdiction in which suit for penalty may be brought, and in such cases the court shall issue such writs or injunction, prohibitory or mandatory, as the facts justify.

**Appeals to Courts**

Sec. 6. Any person affected thereby may sue to test the validity of any rule, regulation or order promulgated by the Commission under this Act in the same manner, upon the same conditions, and to the same court or courts, as

prescribed for suits testing the validity of rules, regulations and orders of the Commission promulgated under the general oil conservation statutes of this State.

**Repeal of Conflicting Laws; Provisions Cumulative**

Sec. 7. All laws or parts of laws in conflict with any of the provisions of this Act are hereby repealed; but where same are not in conflict the provisions of this Act shall be cumulative of existing laws.

**Partial Invalidity**

Sec. 8. If any clause, sentence, provision or section of this Act should for any reason be held to be invalid or unconstitutional, it shall not affect in anywise the remaining parts of this Act and such remaining parts shall remain in full force and effect.

[Acts 1937, 45th Leg., p. 746, ch. 367; Acts 1947, 50th Leg., p. 695, ch. 351, § 1; Acts 1949, 51st Leg., p. 900, ch. 482, § 1.]

**Art. 6008a-1. Channel Type Carbon Black Plants; Location; Emission of Smoke**

After the effective date of this Act<sup>1</sup> no channel type carbon black plant shall be erected or constructed closer than five (5) miles to the limits of any city, town or village, incorporated at or before the time the erection or construction of such a plant is begun, or to a commercially operated citrus fruit orchard planted not less than one (1) year before the time the erection or construction of such a plant is commenced, unless adequate precaution is taken to minimize the emission of smoke from such plant.

**Art. 6008b. Agreements for Pooled Units and Cooperative Facilities in Secondary Recovery Operations**

**Agreements Authorized; Approval; Permissible and Prohibited Provisions**

Sec. 1. Subject to approval of the Railroad Commission of Texas (hereinafter called Commission), as hereinafter set out, persons owning or controlling production, leases, royalties, or other interests in separate properties in the same oil field, gas field, or oil and gas field, may voluntarily enter into and perform agreements for the following purposes:

(A) To establish pooled units necessary to effect secondary recovery operations for oil or gas, including those known as cycling, recycling, repressuring, water flooding, and pressure maintenance and to establish and operate cooperative facilities necessary for said secondary recovery operations;

(B) To establish pooled units and cooperative facilities necessary for the conservation and utilization of gas, including those for extracting and separating the hydrocarbons from the natural gas or casinghead gas and returning the dry gas to a

formation underlying any lands or leases committed to the agreement.

Such agreements shall not become lawful nor effective until the Commission finds, after application, notice and hearing:

1. Such agreement is necessary to accomplish the purposes specified in (A) or (B) or both; that it is in the interest of the public welfare as being reasonably necessary to prevent waste, and to promote the conservation of oil or gas or both; and that the rights of the owners of all the interests in the field, whether signers of the unit agreement or not, would be protected under its operation;

2. The estimated additional cost, if any, of conducting such operation will not exceed the value of additional oil and gas so recovered, by or on behalf of the several persons affected, including royalty owners, owners of overriding royalties, oil and gas payments, carried interests, lien claimants and others as well as the lessees;

3. Other available or existing methods or facilities for secondary recovery operations and/or for the conservation and utilization of gas in the particular area or field concerned are inadequate for such purposes;

4. The area covered by the unit agreement contains only such part of the field as has reasonably been defined by development, and that the owners of interests in the oil and gas under each tract of land within the area reasonably defined by development are given an opportunity to enter into such unit upon the same yardstick basis as the owners of interests in the oil and gas under the other tracts in the unit.

Such agreements may provide for the location and spacing of input wells and for the extension of leases covering any part of lands committed to the unit so long as operations for drilling or reworking are conducted on the unit or so long as production of oil or gas in paying quantities is had from any part of the lands or leases committed thereto; provided that no such agreement shall relieve any operator from the obligation to develop reasonably the lands and leases as a whole committed thereto.

Such agreements shall not bind any land owner, royalty owner, lessor, lessee, overriding royalty owner or any other person who does not execute them, but shall bind only the persons who execute them, their heirs, successors, assigns and legal representatives; but no person shall be compelled or required to enter into such an agreement.

It shall be grounds for the disapproval of the agreement, if the Commission finds that the area described in the unit agreement is insufficient, or that it covers more acreage than is necessary, to accomplish the purposes of this Act.

All agreements executed hereunder shall be subject to any valid order, rule, or regulation

of the Commission relating to location, spacing, proration, conservation, or other matters within the authority of the Commission, whether promulgated prior to or subsequent to the execution of such agreement, and no such agreements shall attempt to contain the Field Rules for the area or field, that being solely the province of the Commission; and no such agreement shall provide for nor limit the amount of production of oil or gas from the unit properties, that being the province of the Commission.

No such agreement shall provide, directly or indirectly, for the cooperative refining of crude petroleum, distillate, condensate, or gas, or any by-product of crude petroleum, distillate, condensate or gas. The extraction of liquid hydrocarbons from gas, and the separation of such liquid hydrocarbons into propanes, butanes, ethanes, distillate, condensate, and natural gasoline, without any additional processing of any of them, shall not be considered to be refining.

No such agreement shall provide for the cooperative marketing of crude petroleum, condensate, distillate or gas, or any by-products thereof.

No provisions of this Act shall be construed as requiring the approval of the Commission of voluntary agreements for the joint development and operation of jointly owned properties.

Nothing herein shall restrict any of the rights which persons now may have to make and enter into unitization and pooling agreements.

The approval of any such agreement shall not of itself be construed as a finding that operations of a different kind or character in the portion of the field outside of the unit are wasteful or not in the interest of conservation.

#### Public Lands

Sec. 2. The Commissioner of the General Land Office, on behalf of the State of Texas or of any fund belonging thereto, is authorized to execute contracts committing to the agreements herein declared to be lawful the royalty interests in oil or gas, or both, reserved to the State or any fund thereof by law, in any patent, in any contract of sale, or under the terms of any oil and gas lease lawfully issued by an official, board, agent, agency or authority of the State; provided (a) that agreements which commit such royalty interests in lands set apart by the Constitution and laws of this State for the Permanent Free School Fund and the several asylum funds, in river beds, inland lakes, and channels, and the area within tide-water limits, including islands, lakes, bays, inlets, marshes, reefs, and the bed of the sea, are approved by the School Land Board and are executed by the owners of the soil if they cover lands leased for oil and gas under the Relinquishment Acts, Articles 5367 to 5379, inclusive, Revised Civil Statutes of Texas, 1925; and (b) that agreements which commit such royalty interests in lands or areas other than

those mentioned in the preceding clause (a) of this Section 2, are approved by the board, official, agent, agency, or authority of the State vested with authority to lease or to approve the leasing of said lands or areas for oil and gas.

An agreement authorized by this Act may provide that the dry gas after extraction of hydrocarbons may be returned to a formation underlying any lands or leases committed to the agreement, and may provide that no royalties are required to be paid on such gas so returned.

Sec. 3. Repealed by Acts 1955, 54th Leg., p. 88, ch. 55, § 434, eff. Jan. 1, 1956.

#### Repeals

Sec. 4. Section 21 of Chapter 120 of the Acts of the 44th Legislature, Regular Session, page 318,<sup>1</sup> and Chapter 309 of the Acts of the 49th Legislature, Regular Session, page 507,<sup>2</sup> and Chapter 80 of the Acts of the 49th Legislature, Regular Session, page 117,<sup>3</sup> are hereby repealed. All other laws and parts of laws in conflict herewith, to the extent only that they may be in conflict, are hereby repealed; but where the same are not in conflict, the provisions of this Act shall be cumulative of such other existing law; provided, however, that nothing in this Act contained shall repeal, modify or impair any of the provisions of House Bill No. 782, as heretofore amended, passed by Regular Session of 44th Legislature, relating to oil and gas conservation, nor shall impair the power of the Commission proceeding under the oil or gas conservation laws of this State, to prevent waste, except as provided in Section 5 of this Act.

#### Conflict With Anti-Trust Laws

Sec. 5. Agreements, and operations thereunder, in accordance with this Act, being necessary to prevent waste and conserve the natural resources of this State, shall not be construed to be in violation of the provisions of Title 126, Revised Civil Statutes, 1925, as amended, nor Chapter 3, Title 19, Penal Code of Texas, 1925, as amended, known as Anti-Trust Acts. However, if any court should find a conflict between this Act and Title 126, Revised Civil Statutes of Texas, 1925, as amended, or Chapter 3, Title 19, Penal Code of Texas, 1925, as amended, then this Act is intended as a reasonable exception thereto, necessary for the above stated public interests; provided further, that if any court should find that a conflict exists between this and the above mentioned laws, and that this Act is not a reasonable exception thereto, then it is the intent of the Legislature that this Act, or any conflicting portion hereof, shall be declared invalid rather than declaring the above mentioned Anti-Trust Laws, or any portion thereof, invalid.

#### Severability

Sec. 6. It is hereby declared to be the legislative intent to enact each provision of this Act

separately; and should any section, phrase, or part of this Act be declared unconstitutional, or for any reason invalid, such invalidity shall not affect any other remaining portion, provision, or section.

#### Art. 6008c. Mineral Interest Pooling Act

Sec. 1. This Act may be cited and referred to as the Mineral Interest Pooling Act. The term "mineral" as used herein is limited to oil and gas.

Sec. 2. (a) When two or more separately owned tracts of land are embraced within a common reservoir of oil or gas for which the Railroad Commission of Texas (hereinafter called "Commission") has established the size and shape of proration units, whether by temporary or permanent field rules, and where there are separately owned interests in oil and gas within an existing or proposed proration unit in the common reservoir, and the owners have not agreed to pool their interests, and where at least one of the owners of the right to drill has drilled or has proposed to drill a well on the existing or proposed proration unit to the common reservoir, the Commission, to avoid the drilling of unnecessary wells, or to protect correlative rights, or to prevent waste, shall, on the application to the Commission of the owner of any interest in oil and gas in an existing proration unit or with respect to a proposed unit, the owner of any working interest or any owner of an unleased tract other than a royalty owner, establish a unit and pool all of the interests therein within an area containing the approximate acreage of such proration unit, which unit shall in no event exceed 160 acres for an oil well or 640 acres for a gas well plus 10% tolerance. The applicant shall set forth in detail the nature of voluntary pooling offers made to the owners of the other interests in the proposed unit, and the Commission shall dismiss such application if it finds that a fair and reasonable offer to voluntarily pool has not been made by the applicant. An offer by any owner of a royalty or any other interest in oil or gas within an existing proration unit to share on the same yardstick basis as the other owners within the existing proration unit are then sharing shall be considered a fair and reasonable offer. The Commission shall not require the owner of a mineral interest, the productive acreage of which is equal to or in excess of the standard proration unit for the reservoir, to pool his interest with others, unless requested by the holder of an adjoining mineral interest, the productive acreage of which is smaller than such pattern, who has not been provided a reasonable opportunity to pool voluntarily, in which event the Commission shall pool the smaller tract with adjacent acreage on a fair and reasonable basis and may authorize a larger allowable for such unit if it exceeds the size of the standard proration unit for the reservoir. The Commission shall only

pool such acreage which at the time of its order reasonably appears to lie within the productive limits of the reservoir.

(b) A pooling agreement, offer to pool, or pooling order shall not be considered fair and reasonable if it provides for an operating agreement containing any of the following provisions:

- (1) Preferential right of the operator to purchase mineral interests in the unit;
- (2) A call on or option to purchase production from the unit;
- (3) Operating charges which include any part of district or central office expense other than reasonable overhead charges;
- (4) Prohibition against non-operators questioning the operation of the unit.

(c) Upon the filing of an application for the pooling of interests into a unit under this Act, at least 30 days notice shall be given to all interested parties, including notice by publication if there are unknown owners or owners whose whereabouts are unknown, in the manner and form prescribed by the Commission before hearing on such application, notwithstanding Article 6036a, Vernon's Civil Statutes of Texas.

(d) All orders effecting such pooling shall be made after notice, as provided above, and hearing; and shall be upon such terms and conditions as are fair and reasonable, and will afford to the owner or owners of each tract or interest in the unit the opportunity to produce or receive his fair share. Each order shall describe the lands included in the unit, identifying the reservoir to which it applies, shall designate the location of the well, and appoint an operator for the unit. All operations upon, and production from, any portion of a unit for which a pooling order has been entered, shall be deemed for all purposes the conduct of such operations upon and production from, each separately-owned tract in the pooled unit, and if any gas well on a pooled unit is shut in, it shall be deemed that the shut-in gas well is on each separately-owned tract in the pooled unit. If only part of a tract is included in the unit, operations upon, production from, or a shut-in gas well on, the unit shall maintain an oil and gas lease on the tract as to the part excluded from the unit only if the lease thereon would be maintained had the unit been created voluntarily under the provisions of the lease. For the purpose of determining the portions of production owned by the persons owning interests in the pooled unit, such production shall be allocated to the respective tracts within the unit in the proportion that the number of surface acres included within each tract bears to the number of surface acres included in the entire unit, unless the Commission finds that allocation on a surface-acreage basis does not allocate to each tract its fair share, in which event the Commission shall so allocate the production that each tract will receive its fair share,

which as to any non-consenting owner shall in no event be less than he would receive under a surface-acreage allocation. The pooling order of the Commission shall, as to each owner who elects not to pay his proportionate share of the drilling and completion costs in advance, make provision for reimbursement solely out of production, to the parties advancing the costs, of all actual and reasonable drilling, completing and operating costs plus a charge for risk not to exceed 100% of such drilling and completing costs. If there is any dispute relative to such costs, the Commission shall determine the proper costs and their allocation among working interest owners after due notice to interested parties and a hearing thereon.

(e) A unit established by order of the Commission under authority of this Act may not subsequently be modified or dissolved without the consent of all mineral owners affected, except as may be necessary to permit its enlargement as provided in Section 2(a) above; provided however, such unit shall be automatically dissolved one year after its effective date if no production or drilling operations have been had thereon, or six months after the completion of a dry hole thereon or cessation of production therefrom. Upon termination of any lease pooled by order of the Commission under authority of this Act, interests covered thereby shall be deemed pooled as unleased mineral interests.

(f) This Act shall not apply to any reservoir discovered and produced prior to March 8, 1961.

(g) Any person or party at interest aggrieved by an order of the Commission effecting pooling under this Act may appeal such order within 30 days to the District Court of the county in which the land or any part thereof covered by such order is located, and not elsewhere, notwithstanding the provisions of Section 8 of Article 6049c, Vernon's Civil Statutes of Texas.

(h) This Act shall not apply to any lands owned by the State of Texas, nor to lands in which the State of Texas has an interest directly or indirectly, nor shall this Act amend, repeal, change, alter or affect in any manner the authority or jurisdiction of the Commissioner of the General Land Office or the State of Texas with respect to any lands or interest in lands in which the Commissioner of the General Land Office has jurisdiction, nor shall this Act amend, repeal, change, alter or affect in any manner the authority, jurisdiction or consent of the Commissioner of the General Land Office of the State of Texas on the pooling of any interest now subject to the jurisdiction, authority or consent of the Commissioner of the General Land Office of the State of Texas; provided, however, that with the approval or consent first had and obtained, or at the instance of the Commissioner of the General Land Office of the State of Texas, or any board or agency having jurisdiction thereof,

the lands in which the State of Texas has such interest as described in this Section may be pooled under this Act.

**Art. 6009. Repealed by Acts 1934, 44th Leg., p. 180, ch. 76, § 17**

**Art. 6010. Water in Wells**

If any person or persons in this State, in boring any well or wells, for oil or gas, shall pierce any cap-rock or other geological formation in such manner as to cause a flow of salt water or fresh water injurious to any oil well already bored, or to any oil or gas deposits, and which shall or may probably result in the injury of such oil or gas field, or to such gas or oil wells already bored, such person or persons shall, if the flow of water cannot be cased off, immediately abandon all work upon such well and plug and fill the same in such manner and with such materials as will stop the flow of said water; and it shall be unlawful for any well owner, or person boring any such well, to remove the casing from the well drilled until the flow of water shall be stopped, either by casing off or plugging such well. The provisions of this article shall only apply where such cap rock or other formation is pierced at a depth below the horizon at which oil or gas has already been discovered.

**Art. 6011. Repealed by Acts 1935, 44th Leg., p. 180, ch. 76, § 17**

**Art. 6012. May Plug or Shut In**

If the owner of any such well shall neglect or refuse to cause said well to be plugged, or shut in, as herein provided, for a period of twenty days after a written notice to do so, which notice may be served personally upon such owner, or may be posted at a conspicuous place at or near the well, it shall be lawful for the owner or operator of any adjacent or neighboring lands to enter upon the premises where said well is situated and cause the same to be plugged if it be an abandoned well, or shut in if not abandoned, pursuant to the provisions hereof. The reasonable cost and expense incurred in so doing shall be paid by the owner of said well, and may be recovered as debts of like amount are by law recoverable.

[Acts 1925, S.B. 84.]

**Art. 6013. Petition to Restrain Waste**

In addition to the penalties provided in this title, it shall be the duty of any district judge, whether in term time or vacation, to hear and determine any petition which may be filed to restrain the waste of natural gas in the violation of this law, and to issue such mandatory or restraining orders as may in his judgment be necessary. Such petition may be filed by any citizen of this State, and the same need allege no further financial interest than the peti-

tioner possesses in common with all citizens of the State in the natural resources thereof.  
[Acts 1925, S.B. 84.]

#### Art. 6014. "Waste"

The production, storage or transportation of crude petroleum oil or of natural gas in such manner, in such amount, or under such conditions as to constitute waste is hereby declared to be unlawful and is prohibited. The term "waste" among other things shall specifically include:

(a) The operation of any oil well or wells with an inefficient gas-oil ratio, and the Commission is hereby given authority to fix and determine by order such ratio; provided that the utilization for manufacture of natural gasoline of gas produced from an oil well within the permitted gas-oil ratio shall not be included within the definition of waste.

(b) The drowning with water of any stratum or part thereof capable of producing oil or gas, or both oil and gas, in paying quantities.

(c) Underground waste or loss however caused and whether or not defined in other subdivisions hereof.

(d) Permitting any natural gas well to burn wastefully.

(e) The creation of unnecessary -fire hazards.

(f) Physical waste or loss incident to, or resulting from, so drilling, equipping, locating, spacing or operating well or wells as to reduce or tend to reduce the total ultimate recovery of crude petroleum oil or natural gas from any pool.

(g) Waste or loss incident to, or resulting from, the unnecessary, inefficient, excessive or improper use of the reservoir energy, including the gas energy or water drive, in any well or pool; however, it is not the intent of this Act to require repressuring of an oil pool or that the separately owned properties in any pool be unitized under one management, control or ownership.

(h) Surface waste or surface loss, including the storage either permanent or temporary of crude petroleum oil, or the placing any product thereof, in open pits or earthen storage, and all other forms of surface waste or surface loss, including unnecessary or excessive surface losses, or destruction without beneficial use, either of crude petroleum oil or of natural gas.

(i) The escape into the open air, from a well producing both oil and gas, of natural gas in excess of the amount which is necessary in the efficient drilling or operation of the well.

(j) The production of crude petroleum oil in excess of transportation or market facilities or reasonable market demand.

The Commission may determine when such excess production exists or is imminent and ascertain the reasonable market demand.

The Commission may consider any or all of the above definitions, whenever the facts, circumstances or conditions make them applicable, in making rules, regulations or orders to prevent waste of oil or gas.

Nothing in this Section shall be construed to authorize limitation of production of marginal wells, as such marginal wells are defined by Statute, below the amount fixed by Statute for such wells.

[Acts 1925, S.B. 84; Acts 1929, 41st Leg., p. 694, ch. 313; Acts 1931, 42nd Leg., 1st C.S., p. 46, ch. 26, § 1; Acts 1932, 42nd Leg., 4th C.S., p. 3, ch. 2, § 1; Acts 1935, 44th Leg., p. 180, ch. 76, § 2.]

#### Art. 6014a. Railroad Commission Without Power to Declare any Process of Refining Oil as Waste

The Commission shall have no authority to make any rule, regulation or order, or in any wise determine or hold that any mode, manner or process of refining crude petroleum oil constitutes waste.

Nothing in this Act shall be construed as granting to the Commission any power or authority to restrict, or in any manner limit the drilling of wells for the purpose of exploring for crude petroleum oil or natural gas or both in territory not known to produce either such oil or gas.

The Commission shall not, under the terms of Subdivision (j) of Section 2<sup>1</sup> hereof, restrict the production of crude petroleum oil from any new field brought into production by such exploration until the total production therefrom aggregates ten thousand (10,000) barrels of crude petroleum oil per day, provided, however, the Commission's power to restrict the production from such new field under the remaining subdivisions of said Section 2 shall not be affected or limited by this paragraph.

[Acts 1932, 42nd Leg., 4th C.S., p. 3, ch. 2, § 2; Acts 1935, 44th Leg., p. 180, ch. 76, § 3.]

#### Receiver at Instance of Commission for Violation of Regulations

Sec. 11f. Whenever, any order, rule or regulation promulgated by the Commission pursuant to this Act has been finally adjudged to be valid, in whole or in part, in any suit to which the Commission is a party, and thereafter any party to the suit or other proceedings in which such matter has been so adjudged, shall violate

such rule, regulation, order or judgment, or shall suffer any property owned or controlled by him to be used in violation of any such rule, regulation, order or judgment, the Commission shall have the power, and it shall be its duty, to make, application to the Judge of the trial court, setting out such rules, regulation, order or judgment and that such party, subsequent to the date of such judgment, has violated or is violating such rule, regulation, order, or judgment, and praying that a receiver be appointed as provided in this Section. Thereupon the judge of such trial court may after notice and hearing, appoint a receiver of the property involved or used in violating such rule, regulation, order, or judgment, and shall fix a proper bond for such receiver. As soon as such receiver has qualified, he shall take possession of such property, and such receiver thereafter shall perform his duties as receiver of such property under the orders of said court, strictly observing such rule, regulation, order or judgment. Any party whose property has been so placed in the hands of a receiver may move to dissolve such receivership and discharge the receiver only upon showing that such party has not wilfully violated nor suffered property owned or controlled by him to be used in violating such rule, regulation, order or judgment or upon other good cause shown. In its discretion such court may, before dissolving such receivership or discharging such receiver, require the party applying for such dissolution or discharge to give bond with good and sufficient sureties in an amount to be fixed by the court, sufficient reasonably to indemnify all persons who may suffer damage by reason of the violation of the rule, regulation or order so adjudged to be valid. In determining the amount of such bond, the judge shall take into consideration all of the facts and circumstances surrounding the parties which he may deem necessary to determine the reasonableness of the amount of such bond and any bond so executed, if made by any bonding or surety company, shall be by some company authorized to do business in Texas. Such bond shall be made payable to, and be approved by, the judge of said court and shall be for the use and benefit of, and may be sued on, by all persons who may suffer damage by reason of any further violation by the party giving the bond of the rule, regulation or order so adjudged to be valid, and who may bring suit thereon. From time to time on motion the court may increase or decrease the amount of such bond, and may require new or additional sureties as the facts may warrant or justify.

#### Discrimination as to Royalty Oil Forbidden

**Art. 6049b. Marginal Wells Defined; Curtailing Production**

Sec. 1. The term "marginal well" as used herein means any oil well which is incapable of producing its maximum capacity of oil except by pumping, gas lift, or other means of artificial lift, and which well so equipped is capable, under normal unrestricted operating conditions, of producing such daily quantities of oil as herein set out, as would be damaged, or result in a loss of production ultimately recoverable, or cause the premature abandonment of same, if its maximum daily production were artificially curtailed. The following described wells shall be deemed "marginal wells" in this State:

(a) Any oil well incapable of producing its maximum daily capacity of oil except by pumping, gas lift, or other means of artificial lift, within this State and having a maximum daily capacity for production of ten (10) barrels or less, averaged over the preceding thirty (30) consecutive days, producing from a depth of two thousand (2,000) feet or less.

(b) Any oil well incapable of producing its maximum daily capacity of oil except

by pumping, gas lift, or other means of artificial lift, within this State and having a maximum daily capacity for production of twenty (20) barrels or less, averaged over the preceding thirty (30) consecutive days, producing from a horizon deeper than two thousand (2,000) feet and less in depth than four thousand (4,000) feet.

(c) Any oil well incapable of producing its maximum daily capacity of oil except by pumping, gas lift, or other means of artificial lift, within this State and having a maximum daily capacity for production of twenty-five (25) barrels or less, averaged over the preceding thirty (30) consecutive days, producing from a horizon deeper than four thousand (4,000) feet and less in depth than six thousand (6,000) feet.

(d) Any oil well incapable of producing its maximum daily capacity of oil except by pumping, gas lift, or other means of artificial lift, within this State and having a maximum daily capacity for production of thirty (30) barrels or less, averaged over the preceding thirty (30) consecutive days, producing from a horizon deeper than six thousand (6,000) feet and less in depth than eight thousand (8,000) feet.

(e) Any oil well incapable of producing its maximum daily capacity of oil except by pumping, gas lift, or other means of artificial lift, within this State and having a maximum daily capacity for production of thirty-five (35) barrels or less, averaged over the preceding thirty (30) consecutive days, producing from a horizon deeper than eight thousand (8,000) feet.

The words, "gas lift," when used in this Section shall mean gas lift by the use of gas not in solution with oil produced.

Sec. 2. To artificially curtail the production of any "Marginal Well" below the marginal limit as set out above prior to its ultimate plugging and abandonment is hereby declared to be waste, and no rule or order of the Railroad Commission of Texas, or other constituted legal authority, shall be entered requiring restriction of the production of any "Marginal Well" as herein defined.

[Acts 1931, 42nd Leg., p. 92, ch. 58; Acts 1933, 43rd Leg., p. 215, ch. 97; Acts 1941, 47th Leg., p. 892, ch. 550, § 1.]

**Art. 6049c. Oil and Gas Conservation**

Secs. 1 to 3. [Amend arts. 6008, 6014 and 6036.]

Sec. 4. Repealed by Acts 1935, 44th Leg., p. 180, ch. 76, § 17.

**Powers and Duties of Railroad Commission**

Sec. 5. The Commission shall have the power, and it shall be its duty, from time to time to inquire into the production, storage, transportation, refining, reclaiming, treating, marketing or processing of crude petroleum oil and natural gas, and the reasonable market demand therefor, in order to determine whether or not waste exists or is imminent, or whether the oil

and gas conservation laws of Texas or the rules, regulations, or orders of the Commission promulgated thereunder are being violated. It shall be the duty of all persons producing, storing, transporting, refining, reclaiming, treating, marketing, or processing crude petroleum oil or natural gas or the products of either to keep in this State accurate records as to the amount produced, stored, transported, refined, reclaimed, treated, marketed or processed by such person; and as to the source from which such person has produced, obtained or received crude petroleum oil, natural gas or the products of either, and the disposition made of same. The Commission shall have the power to require all such persons to make and file with the Commission sworn statements or reports as to facts within their knowledge or possession pertaining to the reasonable market demand for crude petroleum oil and to the production, storage, transportation, refining, reclaiming, treating, marketing, or processing of crude petroleum oil or natural gas and products of either, including those facts enumerated herein; and to require any well, lease, refinery, plant, tank or storage, or pipe line, or gathering line, belonging to or under the control of any such person to be inspected or gauged by the agents of the Commission whenever and as often and for such periods as the Commission may deem necessary; and the Commission and its agents and the Attorney General and his assistants and representatives may likewise examine the books and records of any such person as often as deemed necessary for the purpose of ascertaining the facts concerning the matters and things hereinabove set forth. The failure of any corporation chartered under the laws of this State to comply with the provisions of this Section and to keep such records in this State, or the refusal to permit the officers herein mentioned to inspect and examine the records herein required, shall constitute grounds for a forfeiture of its charter rights and privileges and the dissolution of its corporate existence. Any such violation by a foreign corporation shall be ground for enjoining and forever prohibiting such corporation from doing business in this State. It shall be the duty of the Attorney General when in his judgment the public interest requires it, upon his motion, and without leave or order of any judge or Court, to institute suit or other appropriate action in Travis County for forfeiture of charter rights of any domestic corporation and enjoining any foreign corporation from doing business in this State, when any such corporation is deemed guilty of violating the provisions of this Section; and, upon judgment against such defendant for violation of the provisions of this Section, the Court may, if in its judgment the public interest requires it, forfeit the charter rights of a defendant domestic corporation and enjoin a defendant foreign corporation from doing business in this State thereafter.

Sec. 6. Repealed by Acts 1935, 44th Leg., p. 180, ch. 76, § 17.

#### Hearing by Commission as to Waste

Sec. 7. Upon the initiative of the Commission, or upon the verified complaint of any person interested in the subject matter, that waste of crude petroleum oil or natural gas is taking place in this State, or is reasonably imminent, the Commission may hold a hearing, at such time and place as it may fix, to determine whether or not waste is taking place, or is reasonably imminent and what, if any, rule, regulation, or order should be made or what, if any, other action should be taken to correct, prevent or lessen such waste. At said hearing all parties interested shall be entitled to be heard and introduce evidence and to require the attendance of witnesses, and the production of evidence may be required as provided by law. If upon the hearing the Commission shall find that waste is taking place, or is reasonably imminent, the Commission shall make such rule, regulation or order as in its judgment is reasonably required to correct, prevent or lessen such waste.

In the event any such rule, regulation or order which the Commission may adopt provides for the limitation or fixing of the production of crude petroleum oil, or of natural gas from wells producing gas only, in any pool or portion thereof, the Commission shall distribute, prorate, or otherwise apportion or allocate, the allowable production among the various producers on a reasonable basis.

From and after the promulgation of any rule, regulation or order of the Commission it shall be the duty of each person affected thereby to comply with the same.

#### Suits Authorized by Persons Aggrieved by Commission's Regulations or Orders

Sec. 8. Any interested person affected by the conservation laws of this State relating to crude petroleum oil or natural gas, and the waste thereof, including this Act, or by any rule, regulation or order made or promulgated by the Commission thereunder, and who may be dissatisfied therewith, shall have the right to file a suit in a Court of competent jurisdiction in Travis County, Texas, and not elsewhere, against the Commission, or the members thereof, as defendants, to test the validity of said laws, rules, regulations or orders. Such suit shall be advanced for trial and be determined as expeditiously as possible and no postponement thereof or continuance shall be granted except for reasons deemed imperative by the Court. In all such trials, the burden of proof shall be upon the party complaining of such laws, rule, regulation or order; and such laws, rule, regulation or order so complained of shall be deemed prima facie valid.

Sec. 9. Repealed by Acts 1932, 42nd Leg., 4th C.S., p. 3, ch. 2, § 11.

#### Notice to Commission as Condition Precedent to Injunction; Procedure

Sec. 10. No injunction, whether temporary restraining order, temporary injunction, permanent injunction, or other character of injunctive relief, shall be granted against the Rail-

road Commission, its members, agents, and representatives, to restrain it or them from enforcing any rule, regulation, or order made and promulgated by the Railroad Commission under the conservation statutes of this State relating to oil and gas, or any amendments thereof, or restrain the enforcement of any such statute, except after notice to the Commission and a hearing as hereinafter provided; provided that when a petition or application is filed asking for any such character of temporary injunctive relief, the clerk of the court in which such petition or application is filed shall issue notice to the Commission in writing, which notice shall contain the docket number, style, and a brief statement of the nature of such suit, and such notice shall be served on the Commission by delivering a copy of such citation to the Commission or any member thereof, or to the Secretary thereof, in Travis County, for the service of other citations, and five (5) days from and after the service of such notice a hearing may be had on such application; provided further that the rule, regulation, or order complained of shall be taken as prima facie valid and the use and introduction of the verified petition of plaintiff shall not be sufficient to overcome the prima facie validity of the rule, regulation, or order complained of, or to empower the court to grant any injunctive relief against the enforcement of said rule, regulation, or order; provided further, that before any order granting any character of injunctive relief against any such statute or against any such rule, regulation, or order of the Commission shall become effective the plaintiff shall be required by the court to execute a bond with good and sufficient sureties in an amount to be fixed by the court reasonably sufficient to indemnify all persons when<sup>1</sup> the court may find from the facts proven will suffer damages by reason of the violation of the statute, rule, regulation, or order complained of, such persons to be named in the order of the judge when the amount of the bond is fixed by the court and entered of record; provided further, that the finding of the court that any party is likely to suffer damage shall not be admissible as evidence of damages in any suit on such bond. In determining the amount of such bond it shall be the duty of the judge to take into consideration all of the facts and circumstances surrounding the parties and the ability of the plaintiff to make such bond in order to determine the amount and the reasonableness thereof under the facts and circumstances. Any bond made or executed by any bonding or surety company shall be by some company authorized to do business in Texas. Such bond shall be made payable and approved by the judge of said court and shall be for the use and benefit of and may be sued upon by all persons named in said order who may suffer damages by reason of the violations of such statute, rule, regulation, or order. Upon motion and for good cause shown, the court, after notice to the parties, may from time to time increase or decrease the amount of such bond, and may add

new beneficiaries, and may require new or additional sureties as the facts may justify. Any person interested in the subject matter may, in the discretion of the court, intervene in any such suit. All suits on such bonds shall be instituted within (6) months from the date of the final determination of the validity in whole or in part of such rule, regulation, or order.

Appeals Advanced in Appellate Court; Jurisdiction of Courts of Civil Appeals to Issue Writs

Sec. 11. After notice and hearing is had upon application for any such injunctive relief either party to said suit has the right of appeal from any judgment or order therein granting or refusing any injunction, whether temporary restraining order, temporary injunction, permanent injunction, or other character of injunctive relief, or from any order granting or overruling a motion to dissolve any such injunction. Said appeal shall at once be returnable to the appellate court and said action so appealed shall have precedence in said appellate court over all cases, proceedings, and causes of a different character therein pending. The provisions and requirements of Article 4662, Revised Civil Statutes of 1925, relating to temporary injunctions shall likewise apply to appeals from any order granting or refusing a temporary restraining order, or granting or overruling a motion to dissolve such temporary restraining order, under the provisions of this Act. In the Court of Civil Appeals such court shall immediately and at as early a date as possible decide the questions involved therein; and in the event any question or questions shall be certified to the Supreme Court or writ of error thereto be requested or granted, it is here made the duty of the Supreme Court immediately to set down said cause for hearing and decide the cause at as early a date as possible, and such cause shall have precedence over all other causes, proceedings and causes of a different character in such court.

The Courts of Civil Appeals and the judges thereof are hereby vested with jurisdiction to issue writs of prohibition, mandamus, and injunction to prevent the enforcement of any order or judgment of any trial court or judge granting any character of injunctive relief without notice and hearing in violation of the requirements of Section 10, Chapter 26, Acts of the First Called Session of the Forty-second Legislature, as amended by this Act. Whenever it shall appear that such requirements of said Section with respect to notice and hearing have not been complied with, upon proper application presented by the Railroad Commission to the Court of Civil Appeals having jurisdiction, the said Court of Civil Appeals shall be empowered and it shall be its duty to issue instant the necessary writs of prohibition, mandamus, or injunction to prohibit and restrain the trial judge, from enforcing or attempting to enforce the provisions of the injunction issued by him, and to prohibit and restrain the party or parties in whose favor such order has been entered from acting or attempt-

ing to act under the protection of said order or from violating the statute or the rule, regulation, or order of the Commission attacked.

#### Receiver for Property Involved in Violations

Sec. 12. Whenever any order, rule or regulation promulgated by the Commission has been finally adjudged to be valid, in whole or in part, in any suit to which the Commission is a party, and thereafter any party to the suit or other proceedings in which such matter has been so adjudged, shall violate such rule, regulation, order or judgment, or shall thereafter suffer any property owned or controlled by him to be used in violation of any such rule, regulation, order, or judgment, the Commission shall have the power, and it shall be its duty to make application to the judge of the trial court, setting out such rule, regulation, order or judgment and that such party, subsequent to the date of such judgment, has violated or is violating such rule, regulation, order or judgment, and praying that a receiver be appointed as provided in this Section. Thereupon, the judge of such trial court may, after notice and hearing, appoint a receiver of the property involved or used in violation of such rule, regulation, order or judgment, and shall fix a proper bond for such receiver. As soon as such receiver has qualified, he shall take possession of such property, and such receiver thereafter shall perform his duties as receiver of such property under the orders of said court, strictly observing such rule, regulation, order or judgment. Any party whose property has been so placed in the hands of a receiver may move to dissolve such receivership and to discharge the receiver upon such terms as the court may prescribe.

Any party owning any interest in any property or production which may be damaged by any other party violating this Act or any other Statute of this State prohibiting waste or violating any valid rule, regulation or order of the Commission, may sue for and recover such damages, and have such other relief as he may be entitled to in law or in equity.

##### Anti-Trust Laws Unaffected

Sec. 13. It is especially provided that nothing herein shall in any manner affect, alter, diminish, change or modify the anti-trust and/or monopoly statutes of this State, and that no provision of this Act shall in any manner directly or indirectly authorize a violation of such anti-trust and/or monopoly statutes, and in this connection it is hereby declared and especially provided by the Legislature of the State of Texas enacting this legislation that notwithstanding the provisions of Sections 10, 11 and 12, or any other sections of this Act, it is the legislative intent that no provision of this Act shall in any manner, affect, alter, diminish or amend any provision of the anti-trust and/or monopoly statutes of this State, or in any manner authorize a violation of such anti-trust and/or monopoly statutes; and it is further especially provided that if any provision of this Act shall be so construed by any court of this State as to in any manner affect, alter, diminish, or modify any provision of the anti-trust and/or monopoly statutes of this

State, then in that event any such section, subsection, sentence or clause or any provision of this Act so construed as conflicting with said monopoly and/or anti-trust statutes, it is hereby declared null and void rather than the anti-trust and/or monopoly statutes of this State. **Emergency Clause**

Sec. 13. The fact that the laws of this State are now inadequate to provide for an accurate check of the amount of oil and gas being produced within this State, and the fact that a great many landowners of this State are being defrauded of their proper royalty interest in oil and gas being produced, and the fact that by reason of the inadequacy of existing laws, the State of Texas is being defrauded of a vast amount of revenue being derived under the gross production tax laws of the State of Texas, create an emergency and an imperative public necessity that the Constitutional Rule requiring bills to be read on three separate days be suspended, and the same is hereby suspended, and it is so enacted.

[Acts 1933, 43rd Leg., p. 422, ch. 165; Acts 1934, 43rd Leg., 2nd C.S., p. 102, ch. 44, § 1.]

**NATURAL GAS**

**Art. 6050. Classification**

The term "gas utility" and "public utility" or "utility," as used in this subdivision, means and includes persons, companies and private corporations, their lessees, trustees, and receivers, owning, managing, operating, leasing or controlling within this State any wells, pipe lines, plant, property, equipment, facility, franchise, license, or permit for either one or more of the following kinds of business:

2. Owning or operating or managing a pipe line for the transportation or carriage of natural gas, whether for public hire or not, if any part of the right of way for said line has been acquired; or may hereafter be acquired by the exercise of the right

of eminent domain; or if said line or any part thereof is laid upon, over or under any public road or highway of this State, or street or alley of any municipality, or the right of way of any railroad or other public utility; including also any natural gas utility authorized by law to exercise the right of eminent domain.

3. Producing or purchasing natural gas and transporting or causing the same to be transported by pipe lines to or near the limits of any municipality in which said gas is received and distributed or sold to the public by another public utility or by said municipality, in all cases where such business is in fact the only or practically exclusive agency of supply of natural gas to such utility or municipality, is hereby declared to be virtual monopoly and a business and calling affected with a public interest, and the said business and property employed therein within this State shall be subject to the provisions of this law and to the jurisdiction and regulation of the Commission as a gas utility.

Every such gas utility is hereby declared to be affected with a public interest and subject to the jurisdiction, control and regulation of the Commission as provided herein.

4. Provided, however, that the act or acts of transporting, delivering, selling or otherwise making available natural gas for fuel, either directly or indirectly, to the owners of irrigation wells or the sale, transportation or delivery of natural gas for any other direct use in agricultural activities shall not be construed within the terms of this law as constituting any person, association, corporation, trustee, receiver or partnership as a "gas utility," "public utility," or "utility" as hereinabove defined so as to make such person, association, corporation, trustee, receiver or partnership subject to the jurisdiction, control and regulation of the Commission as a gas utility.

4a. The natural gas made available under the provisions of this Act shall be used exclusively for pumping water for farm and other agricultural purposes in order for the person, firm, association, or corporation furnishing such natural gas to be exempt from the provisions of said Article 6050 of the Revised Civil Statutes of Texas of 1925. The provisions of this Act shall be considered only as cumulative of other laws and shall not have the effect of repealing or amending any substantive or statutory law except as herein specifically provided.

[Acts 1925, S.B. 84; Acts 1954, 53rd Leg., 1st C.S., p. 70, ch. 31, § 1.]

**Art. 6051. May Enjoin Gas Pipe Line**

The operation of gas pipe lines for buying, selling, transporting, producing or otherwise

dealing in natural gas is a business which in its nature and according to the established method of conducting the business is a monopoly and shall not be conducted unless such gas pipe line so used in connection with such business be subject to the jurisdiction herein conferred upon the Commission. The Attorney General shall enforce this provision by injunction or other remedy.

[Acts 1925, S.B. 84.]

#### Art. 6052. Utility Office

Every gas utility as defined herein shall have an office in one of the counties of this State in which its property or some part thereof is located and shall keep in said office all books, accounts, papers, records, vouchers and receipts which the Commission shall require. No books, accounts, papers, records, receipts, vouchers or other data required by the Commission to be so kept shall be at any time removed from this State except upon such conditions as the Commission may prescribe.

(A) For the purpose of providing state control over safety standards and practices applicable to the transportation of gas and all gas pipeline facilities within the borders of this state to the maximum degree permissible under the federal Natural Gas Pipeline Safety Act of 1968,<sup>1</sup> the Railroad Commission of Texas is hereby expressly granted the power to describe or adopt by regulation safety standards for all such transportation of gas and gas pipeline facilities which are not subject to exclusive federal control, to require record maintenance and reports and to inspect records and facilities to determine compliance with such safety standards, and, from time to time, to make certifications and reports and to take any other requisite action in accordance with Section 5(a) of the Natural Gas Pipeline Safety Act of 1968.

(B) All terms employed in this Article which are defined in the Natural Gas Pipeline Safety Act of 1968 shall have the definition prescribed therein.

except that the maximum civil penalty shall not exceed \$200,000 for any related series of violations. Any such civil penalty may be compromised by the Attorney General in consideration of the appropriateness of the penalty to the size of the business of the person charged, the gravity of the violation, and the good faith of the person charged in attempting to achieve compliance after notification of violation.

(D) Nothing in this Article shall be construed to reduce, limit or impair any power heretofore vested by law in any incorporated city, town or village.

[Acts 1925, S.B. 84.]

#### Art. 6057. Discrimination

No such pipe line public utility shall discriminate in favor of or against any person, place or corporation, either in apportioning the supply of natural gas or in its charges therefor; nor shall any such utility directly or indirectly charge, demand, collect or receive from any one a greater or less compensation for any service rendered than from another for a like and contemporaneous service; provided this shall not limit the right of the Commission to prescribe different rates and regulations for the use of natural gas for manufacturing and similar purposes, or to prescribe rates and regulations for service from or to other or different places, as it may determine.

[Acts 1925, S.B. 84.]

#### Art. 6057a. Discrimination

No pipe line public utility, as such utility is defined in the laws of this State governing the production and delivery of natural gas, shall discriminate in favor of or against any person, place or corporation, either in apportioning the supply of natural gas or in its charges therefor; nor shall any such utility directly or indirectly charge, demand, collect or receive from any one a greater or less compensation for any service rendered than from another for a like and contemporaneous service; provided this shall not limit the right of the Railroad Commission to prescribe different rates and regulations for the use of natural gas for manufacturing and similar purposes or to prescribe rates and regulations for service from or to other or different places, as it may determine.

When a city government has ordered any existing rate reduced, the gas utility affected by such order may appeal to the Commission by filing with it on such terms and conditions as the Commission may direct, a petition and bond to review the decision, regulation, ordinance, or order of the city, town or municipality. Upon such appeal being taken the Commission shall set a hearing and may make such order or decision in regard to the matter involved therein as it may deem just and reasonable. The Commission shall hear such appeal de novo. Whenever any local distributing compa-

ny or concern, whose rates have been fixed by any municipal government, desires a change of any of its rates, rentals or charges, it shall make its application to the municipal government where such utility is located and such municipal government shall determine said application within sixty days after presentation unless the determination thereof may be longer deferred by agreement. If the municipal government should reject such application or fail or refuse to act on it within said sixty days, then the utility may appeal to the Commission as herein provided. But said Commission shall determine the matters involved in any such appeal within sixty days after the filing by such utility of such appeal with said Commission or such further time as such utility shall in writing agree to, but the rates fixed by such municipal government shall remain in full force and effect until ordered changed by the Commission.

[Acts 1925, S.B. 84.]

#### Art. 6059. Appeal From Orders

If any gas utility or other party at interest be dissatisfied with the decision of any rate, classification, rule, charge, order, act or regulation adopted by the Commission, such dissatisfied utility or party may file a petition setting forth the particular cause of objection thereto in a court of competent jurisdiction in Travis County against the Commission as defendant. Said action shall have precedence over all other causes on the docket of a different nature and shall be tried and determined as other civil causes in said court. Either party to said action may have the right of appeal; and said appeal shall be at once returnable to the appellate court, and said action so appealed shall have precedence in said appellate court of all causes of a different character therein pending. If the court be in session at the time such right of action accrues, the suit may be filed during such term and stand ready for trial after ten days notice. In all trials under this article the burden of proof shall rest upon the plaintiff, who must show by clear and satisfactory evidence that the rates, regulations, orders, classifications, acts or charges complained of are unreasonable and unjust to it or them.

An additional penalty of a like amount together with reasonable attorney's fees may also be recoverable by and for the use of any person, corporation or association of persons against whom there shall have been unlawful discrimination as herein defined; such suit to be brought in the name of and for the use of the party aggrieved.

When any oil has been retained in storage for a period of more than six (6) years without being used, consumed or moved into the regular channels of commerce, it shall be presumed that such oil is "unlawful oil." This presumption shall be rebutted by proof that such oil: (1) was produced from a well or wells within the production allowable then applying to such well or wells; and (2) was not produced in violation of any law of the State of Texas or order of the Commission; and (3) if transported from the lease from which it was produced, that such transportation was not in violation of any law of the State of Texas or order of the Commission.

(e) "Unlawful product" shall be construed to include any product any part of which was processed or derived in whole or in part from unlawful oil or from any product of unlawful oil, or from unlawful gas, or which is transported in violation of any order of the Commission or in violation of any law of Texas.

#### Transportation; Regulations

Sec. 2. (a) Whenever, by order of the Commission, a tender is required before oil or products may be transported, and whenever pursuant to such order, an agent of the Commission approves and issues or registers a tender authorizing the transportation of oil or products by trucks or motor vehicles, it shall be the duty of the person obtaining such tender to sign and issue a manifest to the operator of each such truck or motor vehicle, which manifest shall show the date and serial number of the tender authorizing such transportation; a separate manifest shall be issued for each load carried by such truck or motor vehicle. The person obtaining such tender shall not transport or deliver or cause or permit to be transported or delivered any more nor any different commodity than is authorized by such tender. Each transporter authorized to transport oil or products on a manifest issued by a shipper shall not receive for transportation any different commodity than is described in such manifest and shall not receive oil or products in excess of the amount authorized by such manifest. The person authorized to transport oil or products by a manifest issued by a shipper, which manifest bears on its face the date and serial number of such tender, may rely upon the manifest delivered to him, and each consignee or person to whom oil or a product covered by such manifest is delivered by such transporter may rely upon such manifest as authority for receiving the commodity delivered, provided such manifest appears to be valid on its face, is signed by the shipper, and bears the certificate of the shipper that the transportation of such oil or products is authorized by the tender the date and serial number of which is shown on such manifest.

(b) Whenever, pursuant to any order of the Commission, the transportation of oil or products by truck or motor vehicle is prohibited without a manifest showing the date and serial number of a tender authorizing such transportation, it shall be unlawful for any person to transport by truck or motor vehicle any oil or products without having or carrying in such truck or vehicle at all times between the point of origin and point of destination of such shipment a manifest bearing the date and serial number of the tender authorizing such transportation; and it shall be unlawful for any person to ship or transport or cause to be shipped or transported by truck or motor vehicle any oil or product without furnishing the operator of such truck or motor vehicle a manifest bearing the date and serial number of such tender, authorizing such shipment or transportation; provided, if the person to whom such tender is issued is the operator of such truck or motor vehicle and such tender

identifies the truck or motor vehicle by license number and covers one load, such tender in lieu of a manifest may be carried in said truck or vehicle. Products shipped or transported in violation of this Section shall be deemed to be unlawful products. Oil shipped or transported in violation of this Section shall be deemed to be unlawful oil.

(c) It shall be the duty of every person who transports any oil or products by truck or motor vehicle, under conditions that require a tender or manifest as herein provided, to secure from each person to whom any part of such oil or products is delivered a receipt upon the reverse side of said tender or manifest, which receipt shall contain the number of gallons of oil and of each product delivered, the date of delivery and the signature and address of the purchaser or consignee of said oil or products. It shall be the duty of every person who transports any oil or products by truck or motor vehicle and makes deliveries thereof to keep in this State for a period of two (2) years every such tender or manifest issued to him, together with the receipts and endorsements thereon. Such tenders or manifests shall at all times be subject to the inspection of the Commission, its agents and inspectors.

#### Arrests for Unlawful Transportation

Sec. 3. In order to enforce the provisions of this Act every agent of the Commission, highway patrolman, sheriff, constable and all peace officers of this State are empowered to stop any motor vehicle which may appear to be transporting oil or products, for the purpose of taking samples of the cargo and inspecting the shipping papers of such motor vehicle, provided such agent or officer shall have probable cause and reasonable grounds to believe that such vehicle is transporting any unlawful oil or unlawful products. If upon examination of such motor vehicle it is found that the same is transporting any unlawful oil or unlawful product, or is transporting any oil or product without authority of a tender required by order of the Commission, such authorized agent or officer shall, with or without warrant, arrest the driver thereof and carry him before the nearest Justice of the Peace and file a complaint under this Act against such driver. In any criminal action involving the provisions of this Act, no fee shall be allowed any such agent, patrolman, sheriff, constable or other officer for executing any warrant of arrest or *capias* or for making any arrest with or without a warrant.

a fine of not less than Fifty Dollars (\$50) nor more than Two Hundred Dollars (\$200).

(b) Every person who shall knowingly violate any provision of Section two (2) of this Act, or who shall knowingly ship or transport or cause to be shipped or transported by truck or motor vehicle over any public highway, in this State any unlawful oil or unlawful product, or who shall knowingly ship or transport or cause to be shipped or transported by truck or motor vehicle any oil or product without authority of a tender whenever a tender is required by any order of the Commission, or who shall knowingly receive from any truck or motor vehicle or knowingly deliver to any truck or motor vehicle any oil or product not covered by a tender authorizing the transportation thereof whenever a tender is required by any order of the Commission, shall be punished by a fine of not less than Fifty Dollars (\$50) nor more than Two Hundred Dollars (\$200).

(c) Whenever by order of the Commission a tender is required before oil or products may be transported or received for transportation by pipe line, railroad, boat or barge, and whenever pursuant to such order an authorized agent of the Commission approves or registers and issues to an initial transporter by pipe line, railroad, boat or barge a tender covering oil or products, such initial transporter may deliver to any connecting carrier or consignee the amount of oil or products covered by such tender, but shall not transport or deliver any more nor any different commodity than is authorized by such tender. Whenever such order provides that connecting carriers or consignees may rely upon the shipping papers executed by such initial transporter as authority to transport or receive the oil or products covered by such shipping papers provided such shipping papers show the date and serial number of the tender issued to the initial transporter, each such connecting carrier receiving oil or products from another transporter by pipe line, railroad, boat or barge, and each consignee receiving oil or products by pipe line, railroad, boat or barge under authority of shipping papers bearing the date and serial number of a tender issued to an initial transporter shall be deemed to be receiving such oil or products by authority of a tender under the provisions of this Act.

(d) Every person who shall knowingly ship or transport or cause or permit to be shipped or transported by pipe line, railroad, boat or barge any unlawful product or unlawful oil, or who shall knowingly receive or deliver for transportation by pipe line, rail, boat or barge any unlawful product or unlawful oil, or who shall knowingly ship or transport or cause or permit to be shipped or transported by pipe line, rail, boat or barge oil or any product without authority of a tender whenever a tender is required by any order of the Commission, or who shall knowingly receive or deliver by pipe line, rail, boat or barge oil or any product without authority of a tender whenever a tender is required by any order of the Commis-

sion, shall be punished by a fine of not less than Fifty Dollars (\$50) nor more than Two Hundred Dollars (\$200).

However, the absence of promulgation by publication as herein provided shall not affect the enforcement of any order of the Commission in any civil or quasi civil action brought pursuant to this Act or to any statute of this State.

Certificate of Promulgation as Prima Facie Evidence

Sec. 6. A certificate under the seal of the Commission executed by any member or the Secretary thereof, setting forth the terms of any order of the Commission and that it has been adopted, promulgated and published and was in effect at any date or during any period specified in such certificate shall be prima facie evidence of all such facts, and such certificate shall be admitted in evidence in any action, civil or criminal, involving such order and the publication thereof without further proof of such promulgation, adoption or publication and without further proof of its contents.

**Forfeiture of Unlawful Products; Suit by  
Attorney General; Notice; Hearing  
and Determination; Fees**

Sec. 10. (a) All unlawful oil and unlawful products, regardless of the date of production or manufacture thereof, are hereby declared to be a nuisance and shall be forfeited to the State as hereinafter provided. It shall be the duty of the Commission, its servants, agents, and employees, highway patrolmen, sheriffs, constables, and peace officers, upon the discovery of any unlawful oil or unlawful products, to file immediately with the Attorney General of Texas, a report giving a description of such unlawful oil and/or unlawful products, including the ownership, party in possession, the amount, the location and classification thereof.

If it shall appear to the court from an examination of the petition or after hearing evidence thereon at a preliminary hearing that unlawful oil and/or unlawful products mentioned in the petition are in danger of being removed, wasted, lost or destroyed, the court is authorized and required, in term time or in vacation, to issue restraining orders or injunctive relief, either mandatory or prohibitive, or to appoint a receiver to take charge of the oil or product in question, or to direct the sheriff of the county in which the unlawful oil or unlawful products are located to seize and impound the same until further orders of the court.

(c) Notice of pendency of such suit shall be served in the manner prescribed by law; either party to said suit may demand a trial by jury on any issue of fact raised by the pleadings and the case shall proceed to trial as other civil cases. If, upon the trial of such suit the oil or product in controversy is found to be unlawful oil or unlawful products, then the court trying said cause shall render judgment forfeiting the same to the State of Texas and au-

thorizing the issuance of an order of sale directed to the sheriff or any constable of the county where the oil or products are located commanding such officer to seize and sell said property in the same manner as personal property is sold under execution. The court may order the oil or products sold in whole or in part as may be deemed proper and the sale shall be conducted at the court house door of the county where the oil and/or products are located and shall conform in all respects to the sale of personal property as aforesaid. The money realized from the sale of any such unlawful oil and/or products shall be applied, first, to the payment of the costs of suit and expenses incident to the sale of such oil and/or products, then the court may allow compensation to any person for expenses incurred in the storage of such unlawful oil and/or products; provided that in no event shall such compensation exceed one-half of the money received from the sale of the unlawful oil and/or products, and after such expenses have been approved and allowed by the court trying the case, all funds then remaining, shall be remitted forthwith to the State Treasurer and shall be by the Treasurer placed to the credit of the General Revenue Fund of the State of Texas.

(d) The officers of said Court shall receive the same fees provided by law for other civil actions. Provided further that the Sheriff executing said sale shall issue a bill of sale or certificate to the purchaser of said oil and/or products and the Commission shall, upon the presentation of said certificate of clearance, issue a tender, if a tender is required, permitting the purchaser of said oil and/or products to move the same into commerce.

**Provisions Cumulative**

Sec. 11. The provisions of this Act shall be cumulative of all other provisions of the Civil Statutes, the Penal Code and the Code of Criminal Procedure, and the remedies herein provided shall be cumulative of all other remedies provided in the Civil Statutes, the Penal Code and the Code of Criminal Procedure.

**Partial Invalidity**

Sec. 12. It is hereby declared to be the legislative intent to enact each separate provision of this Act independent of all other provisions, and the fact that any section, word, clause, sentence or part of this Act shall be declared unconstitutional shall in no event affect any other section, word, clause, sentence or part thereof.

**Exception as to Retail Purchases**

Sec. 13. The provisions of this Act shall not apply to the retail purchase of the products of petroleum where such products so purchased at retail are contained in the ordinary equipment of a motor vehicle and are used only for the operation of such motor vehicle in which contained.

[Acts 1935, 44th Leg., p. 624, ch. 246; Acts 1965, 59th Leg., p. 1528, ch. 667, §§ 1, 2.]

**Art. 6066b. Standard Gas Measurement Law****Short Title**

Sec. 1. This Act shall be known and may be cited as the "Standard Gas Measurement Law."

**Cubic Foot of Gas Defined**

Sec. 2. The term "cubic foot of gas" or "standard cubic foot of gas" means the volume of gas contained in one cubic foot of space at a standard pressure base and at a standard temperature base. The standard pressure base shall be 14.65 pounds per square inch absolute and the standard temperature base shall be 60 degrees Fahrenheit. Whenever the conditions of pressure and temperature differ from the above standard conversion of the volume from these conditions to the standard conditions shall be made in accordance with the Ideal Gas Laws, corrected for deviation.

**Determination of Variable Factors; Use of Findings and Field Rules**

Sec. 4a. It shall be the duty of the Railroad Commission of Texas and said Commission is hereby authorized, empowered and directed to determine the average temperature of gas, as produced in each oil and gas field in Texas, and to determine the other variable factors necessary to calculate the metered volumes in accordance with the Ideal Gas Laws and the variable factors to correct for deviation from the Ideal Gas Laws in each of the oil and gas fields in the State of Texas. Upon request of any interested party the Railroad Commission of Texas shall give notice and hold a public hearing before making such determinations. Promptly upon such determinations the Railroad Commission of Texas shall make and publish such findings and promulgate such reasonable field rules as may be necessary to effectuate the provisions of this Act.

Any person, association of persons, or corporation shall be permitted to use the findings and field rules of the Commission for all purposes under this Act, but if such findings or field rules are not so used in determining volumes under this Act, the volumes so otherwise determined shall be corrected to the basis of the "standard cubic foot of gas" as defined in Section 2 of this Act.

**Reporting Volumes of Gas**

Sec. 4b. Any person required to report volumes of gas under the laws of this State as amended by Sections 3 and 4 hereof,<sup>1</sup> shall report such volumes in number of standard cubic feet calculated and determined under the provisions of this Act.

<sup>1</sup> Articles 6008, § 2(k), and former 7047b, § 2(12). See, now, Taxation-General, art. 3.04.

**Conformity to Standard Cubic Foot; Existing Contracts; Violations of Act**

Sec. 5. Each and every sale, and each and every purchase, delivery and receipt of gas by volume hereafter made in this State, by, for or on behalf of an oil and gas lease owner, royalty owner thereunder, or other mineral interest owner, shall be made and such gas shall be measured, calculated, purchased, delivered and

accounted for on the basis of "a standard cubic foot of gas" as defined in Section 2, and as determined under this Act. Whenever the provisions of this Act operate to change the basis of measurement provided for in existing contracts, then the price for gas, including royalty gas, provided for in such contracts shall, if either the purchaser or seller so desires, be adjusted to compensate for the change in the method of measuring the volume of gas delivered thereunder. This provision is intended to protect parties to contracts now in existence, so that after this Act becomes effective the total amount of money paid for a volume of gas purchased, or required to be accounted for, under existing contracts shall remain unaffected by this Act.

If the foregoing provisions of this Section 5, or any part thereof, shall be held by the courts to be unconstitutional or invalid then and in that event the remaining portions of this Act shall become ineffective and inoperative.

Nothing in this Section shall affect or apply to purchases or sales made on any basis other than a volume basis.

Any person, association of persons, or corporation who, as purchaser thereof, shall knowingly fail or refuse to so measure, calculate or account for any such gas so purchased, shall be subject to a penalty of not less than Ten Dollars (\$10) nor more than Five Hundred Dollars (\$500) for each offense recoverable in the name of the State in any District Court in Travis County, Texas, and each day of such violation shall constitute a separate offense. But it shall be a defense to any claim for such penalty that the Railroad Commission of Texas has not made and published the findings provided for in Section 4a, as to the particular field in question.

Nothing herein shall prevent an aggrieved party from maintaining a civil suit for damages in the county or counties in which the gas is produced.

**Partial Invalidity**

Sec. 6. Subject to the provisions in Section 5 hereof, if any part, Section, subsection, paragraph, sentence, clause, phrase, or word contained in this Act shall be held by the Courts to be unconstitutional or invalid, such holding shall not affect the validity of the remaining portions of this Act, and the Legislature hereby declares that it would have been enacted, and does here now enact, such remaining portions despite any such invalidity.

[Acts 1949, 51st Leg., p. 945, ch. 519.]

Section 2 of this Act amends art. 6008, § 2(k) and section 3 of former art. 7047b, § 2(12). See, now, Taxation-General, art. 3.04.

**Art. 6066c. Cooperative Facilities for Conservation and Utilization of Gas**

Sec. 1. The Railroad Commission of Texas (hereinafter called "Commission") may approve agreements, by persons owning or controlling leases or other interests in separate properties in oil fields, gas fields or oil and

gas fields, for the construction and operation of cooperative facilities necessary for the conservation and utilization of gas, including facilities for extracting and separating hydrocarbons from natural gas or casinghead gas.

Such agreements shall only be approved by the Commission after application, notice and hearing and a finding by the Commission that such cooperative facilities are in the interest of conservation and that secondary recovery operations are not feasible or necessary.

No agreement for the construction or operation of such cooperative facilities shall provide directly or indirectly for the cooperative refining of crude petroleum, distillate, condensate or gas or any by-product of crude petroleum, distillate, condensate or gas. The extraction of liquid hydrocarbons from gas and the separation of such liquid hydrocarbons into butanes, propanes, ethanes, distillate, condensate and natural gasoline without any additional processing of any of them shall not be considered to be refining. No such agreement shall provide for the cooperative marketing of crude petroleum, condensate, distillate or gas or any by-products thereof.

No provision of this Act shall be construed as requiring the approval of the Commission of voluntary agreements for the joint development and operation of jointly owned properties.

Nothing herein shall restrict any of the rights which persons now may have to make and enter into contracts for the construction and operation of cooperative facilities as herein provided.

The approval of any such agreement shall not of itself be construed as a finding that similar operations in other fields are wasteful or not in the interest of conservation.

Sec. 2. Agreements, and operations thereunder, in accordance with this Act, being necessary to prevent waste and conserve the natural resources of this State, shall not be construed to be in violation of the provisions of Title 126, Revised Civil Statutes, 1925, as amended, nor Chapter 3, Title 19, Penal Code of Texas, 1925, as amended, known as the Anti-Trust Acts. However, if any court shall find any conflict between this Act and Title 126, Revised Civil Statutes of Texas, 1925, as amended, or Chapter 3, Title 19, Penal Code of Texas, 1925, as amended, then this Act is intended as a reasonable exception thereto necessary for the above stated public interest; provided further, that if any court should find that a conflict exists between this and the above mentioned laws and this Act is not a reasonable exception thereto, then it is the intent of the Legislature that this Act, or any conflicting portion hereof, shall be declared invalid, rather than declaring the above mentioned anti-trust laws, or any portion thereof, invalid.

Sec. 3. It is hereby declared to be the legislative intent to enact each provision of this Act separately; and should any section, phrase or part of this Act be declared unconstitutional

or, for any reason, invalid, such invalidity shall not affect any other remaining portion, provision or section.

#### Suspension or Revocation

Sec. 15. The Commission is hereby authorized and empowered to suspend, or revoke any license, registration or permit granted pursuant to this Act, if it should appear upon a public hearing that the holder of said license, registration or permit has violated or failed to comply with, or is violating or failing to comply with any of the provisions of this Act, or any of the rules, regulations, standards and specifications prescribed, promulgated or adopted by the Railroad Commission pursuant to this Act.

#### Public Hearings

Sec. 16. The Commission is hereby authorized and empowered, and it shall be its duty to cause to be notified any person in writing of any acts, omissions or conduct on his part which the Commission considers to be in violation of or not in compliance with any provision or provisions of this Act, or any rules, regulations and/or standards promulgated and adopted pursuant thereto. Said complaint shall specify the particular acts, omissions or conduct complained of and shall designate a date by which time same must be corrected or discontinued. If said person has not corrected or discontinued the acts, omissions or conduct complained of on or before the designated date, the Commission shall cause to be held a public hearing not less than ten (10) days (exclusive of the day of mailing), after notice of such hearing has been forwarded by registered or certified mail to such person. Said notice shall designate the date, time and place for such hearing.

#### Investigation, Witnesses, Books, Records and Documents

Sec. 17. The Commission shall have the power to conduct any investigations related to

the subject matter of the hearing, to summon and compel the attendance at such hearing of any witnesses, to require the production of books, records and documents related to the subject matter of any investigation or hearing and to provide for the taking of depositions of witnesses and the use of interrogatories and admissions as set forth in the Texas Rules of Civil Procedure.

#### Right to be Heard

Sec. 18. Any person against whom a complaint has been filed shall be notified of the filing of such complaint as above set forth, and any such person shall have the right to appear at such hearing, file an answer to such complaint, introduce evidence, and be heard either in person or by counsel, or both.

#### Findings and Judgment

Sec. 19. At the conclusion of any such public hearing, the Commission shall cause to be entered its findings and judgment in writing which shall be filed in a permanent public record book maintained by the LPG Division. A copy thereof shall be furnished to the person charged in such complaint. If the Commission shall find that the party charged in such complaint has violated or failed to comply with, or is violating or failing to comply with any of the provisions of this Act, and/or any of the rules, regulations and/or standards promulgated and adopted pursuant to this Act, the Commission may suspend the license or registration involved for a definite period, not in excess of ninety (90) days, or may revoke same.

#### Action for Reinstatement

Sec. 20. Any person who has had a license or registration suspended or revoked, may file an action in the district court of the county or district wherein he resides or maintains his principal place of business for the reinstatement of such license or registration within thirty (30) days from the date the Commission rendered its order suspending or revoking same, and not thereafter. Such appeal to the district court shall be by way of a trial de novo, and such trial on appeal shall be the same as if such action had been originally filed in said court. If any person who has had a license or registration suspended or revoked should within ten (10) days after receipt of notice of such suspension or revocation, give written notice to the Commission of his intention to appeal from the order of the Commission, the action of the Commission suspending or revoking said license or registration shall be stayed for a period of thirty (30) days from and after the expiration of said ten (10) day period; provided, however, that if no action for reinstatement of the license or registration suspended or revoked is filed by such person within this period, the order of the Commission suspending or revoking same shall become final. If such an action for reinstatement is timely filed, the order of the Commission suspending or revoking such license or registra-

tion shall continue to be stayed until said action shall have been heard and disposed of by the district court.

#### Procedure Upon Refusal or Denial of License

Sec. 21. The same procedure as set forth above for suspension or revocation of a license or registration shall be applicable to the refusal or denial of the Commission to grant a person a license as a dealer in LPG after proper application therefor.

The district court of any county, wherein it is shown that all or any part of said acts have been or are about to be committed, shall have jurisdiction of any action brought under this Section, and this provision shall be superior to any other statutory provision fixing the jurisdiction or venue of suits for injunction. No bond for injunction shall be required of the Commission or Attorney General in any such proceeding.

No person shall be issued a license as an authorized dealer in Liquefied Petroleum Gas under any of the categories of Section 6 of this Act nor shall any such existing license be continued or renewed hereafter unless such person shall take out and maintain, so long as he continues in business as such a dealer, with a reliable insurance carrier qualified to do business in this State, the following kinds and amounts of insurance policies to guarantee

payment of damages proximately resulting from the negligent acts of such person while engaged in any of the activities hereinafter set forth:

The income derived from bonuses, rentals and royalties from such mineral leases shall first be applied to the payment and satisfaction of the indebtedness against the properties comprising Palo Duro Canyon State Park. After such indebtedness has been paid off and discharged, then all of such revenues as the State Parks Board may deem necessary for the improvement, beautification, and usefulness of such Park shall be used by said State Parks Board for that purpose; after which one-half ( $\frac{1}{2}$ ) of the balance of the unexpended revenues may be used by said State Parks Board on other State Parks, and the other one-half ( $\frac{1}{2}$ ), as well as any unexpended balances, shall go to the General Revenue Fund at the end of each biennium.

In making such pledge of the rents, revenues and income, the right under the conditions therein specified to issue additional bonds which will be on a parity with or subordinate to the bonds then being issued may be expressly reserved. In the event the Parks Board is unable to sell the revenue bonds after reasonable effort to do so has been made, said bonds (including refunding bonds) may be additionally secured by a deed of trust lien upon the lands and properties comprising the Palo Duro Canyon State Park, or any part thereof, after the Board has obtained the written approval therefor by the Governor of Texas, provided, however, that the Governor shall not give such written approval until he has obtained the advice and consent of the Legislative Budget Board.

Debt Against State

Sec. 9. Nothing herein shall be construed as creating a debt against the State of Texas or as binding the State of Texas in any way except as to the mortgage of the lands and properties comprising the Palo Duro Canyon State Park and as to the pledge of the rents, revenues and income thereof, as herein provided.

Partial Invalidity

Sec. 10. If any provision of this Act or the application thereof to any person or circumstance shall be held to be invalid or unconstitutional, the remainder of the Act, and the application of such provision to other persons or circumstances, shall not be affected thereby.

#### Survey and Subdivision; Abstracts of Title

Sec. 3. The Board is hereby authorized to cause State Park lands to be surveyed and subdivided into such lots or blocks as will be conducive or convenient to facilitate the advantageous sale of oil and/or gas leases thereon and identify such lots and blocks by permanent markings on the ground, and to make such maps and plats as may be thought necessary to carry out the purposes of this Act. The Board shall forthwith obtain authentic abstracts of title to such State Park lands, and cause same to be examined by the Attorney General who shall file written opinions thereon, and said Board shall take such steps as may be necessary to perfect a merchantable title to such lands in the State of Texas. Such Abstracts of Title and the Attorney General's opinion thereon shall be held on file in the General Land Office as public documents for the inspection of any prospective purchasers of oil and gas leases on said lands.

#### Advertisement for Bids

Sec. 4. Whenever, in the opinion of the Board, there shall be such a demand for the purchase of oil and/or gas leases on any lot or tract of said land as will reasonably insure an advantageous sale, the Board shall place such oil and gas in said land on the market in such blocks or lots as the Board may designate. It shall cause to be advertised a brief description of the land from which the oil and gas is proposed to be sold, and that sealed bids for the purchase of said oil and/or gas by lease will be opened at designated day, at ten o'clock a. m. that day, and that sealed bids received up to that time will be considered. Said advertisements shall be made:

(a) By insertion in two or more papers of general circulation in this State.

(b) By mailing a copy thereof to the county clerk and county judge of every county in this State in which an advertised area may be situated.

(c) In addition to the two foregoing the Board may in its discretion cause advertisement to be placed in oil and gas journals in and out of the State, and to be mailed generally to such persons as they think might be interested.

#### Bidding

Sec. 5. All bids shall be directed to the said Board in care of the General Land Office of the State of Texas, and shall be retained by the Commissioner of the General Land Office, until the day designated for the opening of bids, and upon that day the said Board, or a majority of its members, shall open said bids and shall list and file and register all bids and money received. A separate bid shall be made for each whole survey or subdivision thereof. No bid shall be accepted which offers a royalty of less than one-eighth ( $\frac{1}{8}$ th) of the gross production of oil and/or gas in the land bid upon, and this minimum royalty may be increased at the discretion of the Board, all members concurring, before the promulgation of the advertisement of the land. Every bid shall carry the obligation to pay an amount not less than One Dollar (\$1) per acre for delay in drilling, such amount to be fixed by the Board in advance of the advertisement, and which shall be paid every year for five (5) years, unless in the meantime production in paying quantities is had upon the land.

#### Payments Accompanying Bids; Requisites of Bids

Sec. 6. Every bid shall be accompanied by a payment equal to the minimum price fixed on the land per acre for the delay in drilling if the bid is accepted. The bid shall further indicate the royalty the bidder is willing to pay, which royalty shall not be less than one-eighth ( $\frac{1}{8}$ th) of the gross production. The bid shall further name such amount as the bidder may be willing to pay in addition to the royalty and in the annual payment herein provided for, and shall be accompanied by cash or checks collectable in Austin to cover said amounts.

#### Lease or Sale

Sec. 7. If any one of the bidders shall have offered a reasonable and proper price therefor, and less than the price fixed by the Board, the lands advertised, or any whole survey or subdivision thereof, may be leased for oil and/or gas purposes under the terms of this Act, and such regulations as the Board may prescribe, not inconsistent with the provisions of this Act. If after any bidding by sealed bids the Board should reject all bids, as it is hereby authorized to do, it may thereafter offer for sale and sell the oil and/or gas in said lands, in separate whole surveys only or subdivisions thereof, by open public auction at a price less than the price offered by the sealed bids. All bids may be rejected. In the event of no sale at public auction, any subsequent procedure for the sale of said oil and gas leases shall be in the manner above provided.

#### Filing Bids; Discontinuance of Yearly Payments; Termination of Lease

Sec. 8. If the Board shall determine that a satisfactory bid has been received for said oil and gas, it shall be filed in the General Land Office. Whenever the royalties shall amount to as much as the yearly payment as fixed by

the Board, the yearly payment may be discontinued. If before the expiration of three (3) years oil and/or gas shall not have been produced in paying quantities, the lease shall terminate.

**Rentals Not Payable During Drilling Operations; Discovery of Oil or Gas**

Sec. 9. If during the term of any lease issued under the provisions of this Act the lessee shall be engaged in actual drilling operations for the discovery of oil and/or gas on land covered by any such lease, no rentals shall be payable as to the tract on which such operations are being conducted so long as such operations are proceeding in good faith; and in the event oil or gas is discovered in paying quantities on any tract of land covered by any such lease, then the lease as to such tract shall remain in force so long as oil or gas is produced in paying quantities from such tract. In the event of the discovery of oil and/or gas on any tract covered by a lease issued hereunder or on any land adjoining same, the lessee shall conduct such operations as may be necessary to prevent drainage from the tract covered by such lease to properly develop the same. Failure to comply with the obligations provided by this Section shall subject the holder of the lease to penalties provided in Sections 12 and 13 of this Act.

**Duration of Rights; Assignment; Pipe Lines, Telephone Lines and Roads**

Sec. 10. Title to all rights purchased may be held by the owners so long as the area produces oil and gas in paying quantities. All rights purchased may be assigned in quantities of not less than forty (40) acres, unless there be less than forty (40) acres remaining in any survey, in which case such lesser area may be so assigned. All assignments shall be filed in the General Land Office within one hundred (100) days after the date of the first acknowledgment thereof, accompanied by ten cents (10¢) per acre for each acre assigned, and if not so filed and payment made, the assignment shall be ineffective. All rights to any whole survey and to any assigned portion thereof may be relinquished to the State at any time by having an instrument of relinquishment recorded in the county or counties in which the area may be situated, and filed in the Land Office accompanied with One Dollar (\$1) for each area assigned but such assignment shall not relieve the owner of any past due obligations theretofore accrued thereon. The Board shall authorize the laying of pipe line, telephone line, and the opening of such roads over State Park Lands as may be deemed reasonably necessary for and incident to the purposes of this Act.

**Payment of Royalty and Bonus; Sworn Statement; Inspection of Books and Accounts**

Sec. 11. Royalty and bonus as stipulated in the sale shall be paid to the General Land Office at Austin, Texas, for the benefit of the

State Park Development Fund on or before the last day of each month for the preceding month during the life of the rights purchased, and it shall be accompanied by the sworn statement of the owner, manager or other authorized agent showing the gross amount of oil produced and saved since the last report and the amount of gas produced and sold off the premises and the market value of the oil and gas, together with a copy of all daily gauges of tanks, gas meter readings, pipeline receipts, gas line receipts, and other checks and memoranda of the amounts produced and put into pipelines, tanks or pools and gas lines or gas storage. The books and accounts, receipts and discharges of oil wells, tanks, pools, meters, pipelines, and all contracts and other records pertaining to the production, transportation, sale and marketing of the oil and/or gas shall at all times be subject to inspection and examination by the Commissioner of the General Land Office, the Attorney General, or any member of the State Parks Board.

**Disposition of Money Received**

Sec. 11a. It is expressly provided, however, that any royalty or bonus derived from those park lands operated by local park commissions with the advice and consent of the Board of Control shall be paid to the General Land Office at Austin, Texas to the credit of the State Park Development Fund, which fund is hereby created. All moneys or sums so deposited to the State Park Development Fund shall be appropriated and expended by the Legislature.

**Protection From Drainage**

Sec. 12. In every case where the area in which oil and/or gas sold shall be contiguous to or adjacent to land not State Park Land, the acceptance of the bid and the sale made thereby shall constitute an obligation on the owner thereof to adequately protect the land leased from drainage from adjacent lands. In cases where the area in which the oil and/or gas is sold at a lesser royalty, the owner shall likewise protect the State from drainage from the land so leased or sold for lesser royalty. Upon failure to protect the land from drainage as herein provided the sale and all rights thereunder may be forfeited by the Board in the manner elsewhere provided herein for forfeitures.

**Forfeiture of Lease; Damages; Specific Performance; Lien of State**

Sec. 13. If the owner of the rights acquired under this Act shall fail or refuse to make the payment of any sum due thereon, either as rental or royalty on the production, within thirty (30) days after same shall become due, or if such owner or his authorized agent should make any false return or false report concerning production, royalty or drilling, or if such owner shall fail or refuse to drill any offset well or wells in good faith, as required by his lease, or if such owner or his agent should refuse the proper authority to access to the records and other data pertaining to the operations under this Act, or if such owner, or his

authorized agent, should fail or refuse to give correct information to the proper authorities, or fail or refuse to furnish the log of any well within thirty (30) days after production is found in paying quantities, or if any of the material terms of the lease should be violated, such lease shall be subject to forfeiture by the Board by an order entered upon the minutes of the Board reciting the facts constituting the default, and declaring the forfeiture. The Board may, if it so desires, have suit instituted for forfeiture through the Attorney General of the State. Upon proper showing by the forfeiting owner, within thirty (30) days after the declaration of forfeiture, the lease may, at the discretion of the Board and upon such terms as it may prescribe, be reinstated. In case of violation by the owner of the lease contract, the remedy of the State by forfeiture shall not be the exclusive remedy but suit for damages or specific performance, or both, may be instituted. The State shall have a first lien upon all oil and/or gas produced upon the leased area, and upon all rigs, tanks, pipe lines, telephone lines, and machinery and appliances used in the production and handling of oil and gas produced thereon, to secure any amount due from the owner of the said lease.

**Filing Papers; Payments; Appropriation and Expenditure**

Sec. 14. All surveys, files, records, copies of sale and lease contracts and all other records pertaining to the sales and leases hereby authorized on State Park Land under the control of State Parks Board, shall be filed in the General Land Office and constitute archives thereof. Payment hereunder shall be made to the Commissioner of the General Land Office at Austin, Texas, who shall transmit to the State Treasurer all bonus payments and royalty for deposit to the credit of the State Park Development Fund, and all rentals for delay in drilling and all other payments, including all filing assignments and relinquishment fees hereunder to the credit of the State Park Development Fund. All moneys or sums so deposited to the State Park Development Fund shall be appropriated and expended by the Legislature for the development, improvement and maintenance of State Parks.

**Park Lands Operated by Local Park Commissions**

Sec. 14a. Provided, however, that all bonus payments, royalty payments, delay rentals and all other payments paid in connection with park lands operated by local park commissions with the advice and consent of the Board of Control shall be paid to the State Park Development Fund.

**Payment of Expenses**

Sec. 15. The expenses of executing the provisions of this Act shall be paid monthly by warrants drawn by the Comptroller on the State Treasurer; and for that purpose the sum of Two Thousand Dollars (\$2,000), or as much thereof as may be necessary is hereby appropriated out of any money in the Treasury not

otherwise appropriated until September 1, 1951.

**Partial Unconstitutionality**

Sec. 16. If any provision hereof should be held unconstitutional, the balance of the Act shall not be affected thereby.

**Powers of Board**

Sec. 17. The Board shall adopt proper forms and regulations, rules and contracts as will in its best judgment protect the income from lands leased hereunder. A majority of the Board shall have power to act in all cases, except where otherwise herein provided. The Board may reject any and all bids and shall have the further right to withdraw any lands advertised for lease prior to receiving and opening bids. Any and all or parts of laws in conflict with this Act are hereby repealed.

##### Withdrawal of Surface Estates From Sale

Sec. 2. The Legislature of the state of Texas hereby withdraws from sale the surface estates of all state-owned lands in said area re-

Deed of Conveyance; Consideration; Execution; Jurisdiction; Reservation; Mineral Interests

Sec. 3. The United States of America through the Secretary of Interior is granted permission, subject to the limitations contained in this Act, to acquire the area that has been defined as Padre Island National Seashore and the School Land Board of the State of Texas is hereby authorized and directed forthwith to execute a deed of conveyance to the United States of America conveying all of the right, title and interest of the State of Texas in the surface estate of all lands described in Section 1 hereof, subject to the exceptions and reservations hereinafter set forth under the terms of this Act, for the Padre Island National Seashore for the use of the public as a recreation area, in consideration of the United States of America agreeing to establish and maintain the land described in Section 1 hereof as a National Seashore area, as provided for under an Act of Congress, being Public Law 87-712, enacted by the 87th Congress of the United States, and to cede to the United States of America jurisdiction over said lands, and including lands acquired under Section 6 hereof, in conformity with the provisions of Article 5247, Revised Civil Statutes of Texas 1925. Said deed shall be executed by a majority of the then members of the School Land Board and shall also reserve to the State of Texas the right of concurrent jurisdiction with the United States of America, both civil and criminal, over every portion of the lands described in Section 1 hereof, so that all process, civil and criminal, issuing under the authority of this state or any of the courts or judicial officers thereof, may be executed by the proper officers of the state, upon any person amenable to the same within the limits of the land constituting the "Padre Island National Seashore," as set out in Section 1 hereof, in like manner and like effect as if no such cession had taken place; and, reserving further to the state the right to levy and collect taxes on sales, use or gross receipts from sales of products or commodities upon which a tax is levied in this state, and to tax persons and corporations, their franchises, properties and incomes, on land or lands conveyed under the terms of this Act; and reserving also, to persons residing in or on any of the land or lands conveyed, the right to vote at all elections within the counties in which said land or lands are located, upon like terms and conditions and to the same extent as they would be entitled to vote in such counties had not such lands been conveyed as aforesaid to the United States of America.

Said state land shall not be conveyed unless the entire mineral interest is reserved in the state, and unless the right of occupation and use of so much of the surface of the land or waters as may be required for all purposes rea-

sonably incident to the mining, development, or removal of the minerals, is adequately protected.

In all conveyances of said park property under Sections 3 and 6 hereof to the United States of America, the Secretary of the Interior shall permit a reservation by the grantor of all oil, gas, and other minerals in such land or waters with the right of occupation and use of so much of the surface of the land or waters as may be required for the purposes of reasonable development of oil, gas and other minerals, under such rules and regulations as may be established by the Railroad Commission of the State of Texas. The Railroad Commission shall submit a copy of any proposed rules and regulations affecting the National Seashore area to the United States Department of Interior, Washington, D. C., by certified mail. The Department of Interior shall have thirty (30) days from receipt thereof to submit, by certified mail, to the Railroad Commission of Texas, any objection or exceptions to such proposed regulations. Thereupon, such rules and regulations, with amendments, if any, promulgated by the Railroad Commission of Texas, shall become effective. It is the intention of the Legislature of the State of Texas that the use of said land for this purpose be carried out in such a manner as to not unreasonably interfere with the use of said land for park purposes.

#### List of Lands Owned by State

Sec. 4. The Commissioner of the General Land Office shall prepare a list of the lands now owned in said area by the State of Texas or its instrumentalities for any purpose and deliver a certified copy of such list to the School Land Board for its records.

#### Suit to Enlarge Title Granted by Deeds

Sec. 5. Any deed executed pursuant to the authority hereinabove set out shall be null and void and of no force and effect and any and all rights, titles, and interests granted and conveyed thereby shall revert to the State of Texas upon the initiation by any agent, agency, officer, department, or employee of the Federal Government of the United States, whether appointed or elected, of a suit at law or in equity in any Federal Court of the United States to enlarge or expand the titles, rights, or interests granted by said deed or deeds.

Sec. 6. The United States of America, through the Secretary of the Interior, is hereby authorized to purchase, condemn, receive, hold and acquire title to the surface estate of any land not owned by the state in the area above-described as the Padre Island National Seashore for use as a recreational park; provided that the acquisition of lands in such area shall not deprive the grantor or successor in title of the right of ingress and egress for the purpose of exploring for, developing, processing, storing and transporting minerals from be-

neath said lands and waters with the right of housing employees for such purposes. The same reservations and regulations enumerated in Section 3 hereof, relating to civil and criminal jurisdiction, process, levy and collection of taxes, mineral development, and voting rights, shall apply to all lands acquired by the United States of America under this Section.

Surface Estate and Interests of Willacy County  
Navigation District

Sec. 7. The surface estate in and to the lands, spoil banks, easements or rights-of-way owned, leased or otherwise controlled by the Willacy County Navigation District may be acquired for inclusion in Padre Island National Seashore with the consent of the District. All such surface estates in and to lands, spoil banks, easements and rights-of-way owned, leased or otherwise controlled by the Willacy County Navigation District located in the Padre Island National Seashore shall be used solely for public purposes.

Roadways

Sec. 8. The Secretary of the Interior is requested to provide for roadways from the north and south boundaries of such public recreation area to the access highways from the Mainland to Padre Island. For the purpose of this Section, the south boundary shall be considered the Port Mansfield cut.

Reversion

Sec. 9. If the United States of America (1) fails to acquire the surface estate in two-thirds of the total privately-owned land located within the Padre Island National Seashore Area as defined in Section 1 of this Act within ten (10) years from the date of acquisition by the United States of America of the state-owned portion of the land described in Section 1 hereof, or (2) after such ten-year period ceases to use the surface estate of the privately-owned land so acquired under the authority of this Act for a national seashore area as contemplated herein, then in either event, all state-owned lands conveyed to the United States of America under the authority of Section 3 hereof shall ipso facto and without further action by any of the parties hereto revert to the State of Texas and to the fund to which they belonged prior to the passage of this Act, unless such reversion shall be waived by the Legislature of the State of Texas during the biennium following the happening of either of the conditions of reversion.

Severability

Sec. 10. If any provision of this Act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable.

(b) If at any time in the future an Act of Congress provides that the national welfare or an emergency requires the development and production of the minerals underlying the lands within the boundaries of the national park, or any portion thereof, and such Act authorizes the United States Secretary of the Interior to lease said land for the purpose of

drilling, mining, developing, and producing said minerals, the State of Texas reserves the preferential right, without consideration to the United States, to lease all of the mineral rights and interests which were donated by the State of Texas under this Act.

(c) If at any time oil, gas, or other minerals should be discovered and produced in commercial quantities from lands outside the boundaries of the park, thereby causing drainage of oil, gas, or other minerals from lands within the boundaries of the park, and if the Secretary of the Interior participates in a communitization agreement or takes other action to protect the rights of the United States, the State of Texas reserves the right to its proper share of the proceeds, if any, derived from such agreement or action; said proper share to be not less than all bonuses, rentals, and royalties attributable to all minerals and mineral rights to be conveyed to the United States of America under the terms of this Act.

Such parks shall remain open for the free use of the public under such reasonable rules and regulations as said court may prescribe.

Notice of the time and place of such hearing and of the issues to be determined shall be published in the English language once a week for three (3) consecutive weeks preceding such hearing in some newspaper published in said county. The first of said publications shall appear not less than twenty-one (21) days immediately preceding the date set for such hearing. If there be no newspaper published in the county, the County Commissioners Court shall then post such notice in writing at the Courthouse door of such county, for at least twenty-one (21) days successively next before the date set for such hearing.

At such hearing said County Commissioners Court shall hear evidence as to whether such parcel of land is desirable for park purposes, and shall make a full investigation as to whether the public interest would be better served by the retention and maintenance of said parcel of land as a county park or by closing and abandoning such parcel of land as a park, and, after such hearing, such County Commissioners Court shall enter an order in its minutes, either retaining said parcel of land as a park or closing and abandoning the same as such, according to its determination as to the best public interest.

Should said order direct the closing and abandonment of such parcel of land as a park, such previous dedication thereof shall cease, terminate and expire and the owner of such parcel of land shall thereafter hold the unencumbered fee simple title thereto, free and clear of such dedication. Provided said owner shall pay all taxes due the State and/or any

subdivision thereof at the time said property was conveyed to the county for park purposes. [Acts 1935, 44th Leg., p. 376, ch. 138, § 1.]

#### Art. 6079. Privileges and Concessions

No person, firm or association of persons shall have the right to offer for sale or barter, exhibit anything or conduct any place of amusement where a fee is charged within said parks without first obtaining the consent of the commissioners court or its duly authorized agent, paying for such privilege or concession the sum agreed upon with said court or its duly authorized agent. All revenue from the sale of such privileges or concessions shall go into a fund for the maintenance of said parks. [Acts 1925, S.B. 84.]

It is provided, however, that in any county which has voted and issued bonds for park purposes, the Commissioners Court may expend such amount in addition thereto as it finds necessary properly to maintain and operate its park or parks.

#### Suits

Sec. 11. Such Board shall have the right to sue and be sued in its own name.

#### Revenue Bonds

Sec. 12. (a) For the purpose of providing funds for the acquisition of any permanent improvements to such park or parks, or for the acquisition by construction or otherwise of any facilities to be used in or connected with or incident to any such park or parks, or for any

one or more of such purposes, the Board shall have the power from time to time and is hereby authorized by resolution (hereinafter sometimes called the "Resolution"), to procure the issuance of revenue bonds, hereinafter sometimes called the "Revenue Bonds," which shall be fully negotiable instruments under the Uniform Negotiable Instruments Law<sup>1</sup> and all other laws of Texas. Included but without limiting, among the permanent improvements and facilities which may be acquired through the issuance of Revenue Bonds are the following: bath houses, bathing beaches, swimming pools, pavilions, auditoriums, coliseums, stadia, athletic fields, golf courses, buildings and grounds for assembly, entertainment, health and recreation, restaurant and refreshment places, yacht basins, and landing strips and ports for aircraft. Provided that no Revenue Bonds shall be issued under authority of such Resolution unless and until said Resolution shall have first been approved by the Commissioners Court of such County, evidenced by an order to that effect. Such Revenue Bonds shall be issued in the name of such County, signed by the County Judge and attested by the County Clerk and Ex Officio Clerk of the Commissioners Court of said County. They shall have impressed thereon the seal of the Commissioners Court of said County, shall mature serially or otherwise in not to exceed forty (40) years and may be sold by the Board at a price and under terms determined by the Board to be the most advantageous reasonably obtainable, provided that the average interest cost, taking into consideration the maturity date or dates of the Revenue Bonds calculated by the use of standard bond interest tables currently in use by insurance companies and investment houses, shall not exceed six per cent (6%) per annum. The Resolution authorizing the issuance of the bonds, rendered effective by the approving order of the Commissioners Court shall prescribe the details as to the Revenue Bonds. It may contain provisions for the calling of the Revenue Bonds for redemption prior to their respective maturity dates at such prices and at such times as may be prescribed in such Resolution, but except for such rights of redemption expressly reserved in the Resolution and in the Revenue Bonds they shall not be subject to redemption prior to their scheduled maturity date or dates. The bonds may be made payable at such times and at such places, within or without the State of Texas, as may be prescribed in the Resolution, and they may be made registerable as to principal, or as to both principal and interest.

(b) The Revenue Bonds may be issued in one or more series from time to time as required for carrying out the purposes of this Act.

(c) The bonds may be secured by a pledge of all or a part of the Net Revenues (as defined in Section 12(d) hereof) from the operation of such park or the parks, or the facilities thereof and incident thereto, or by a pledge of the net revenues both from said park or parks and said

facilities, or any one or more thereof. The net revenues of any one or more contracts, operating contracts, leases, or agreements theretofore or thereafter made or to be made may be pledged as the sole, or as additional security, for the support of the bonds. Any other revenue specified in the Resolution of the Board may be pledged as the principal or as additional security for the bonds. In any such Resolution the Board may reserve the right under conditions therein specified to issue additional bonds which will be on a parity with, or subordinate to the bonds then being issued.

(d) The term "Net Revenues" as used in this Section and in this Act shall mean the gross revenues from the operation of the park or the parks, and the facilities thereof, leases, agreements and contracts, and incidents thereto, or from any one or more thereof, whose revenues shall have been thus pledged, after deduction of the necessary expenses as defined in Section 14 hereof.

(e) From the proceeds of the Revenue Bonds the Board may set aside, as shall be prescribed in the Resolution, an amount for payment of interest estimated to accrue during the construction period and in addition thereto such reserve for the interest and sinking fund as may be deemed proper. From the proceeds of the Revenue Bonds all expenses necessarily incurred in issuing and in selling the Revenue Bonds shall be paid. The remainder of such proceeds shall be used for the purposes specified in the Resolution, and comprehended by the purposes permitted under Section 12(d) of this Act.

(f) Said bonds shall never be construed to be a debt of the County or the State of Texas within the meaning of any constitutional or statutory provisions, but shall be payable solely and only from the revenues pledged to their payment as herein provided. Each Revenue Bond shall contain on its face substantially the following provisions:

"The holder hereof shall never have the right to demand payment of this obligation out of any funds raised or to be raised by taxation."

No such bonds shall ever be a debt of such County, but solely a charge upon the pledged revenues. Such bonds shall never be reckoned in determining the power of the County to incur obligations payable from taxation.

(g) So long as any of the Revenue Bonds are outstanding no additional bonds of equal dignity shall be issued against the pledged revenues except to the extent and in the manner expressly permitted in the Resolution.

(h) Before any such bonds are delivered to the purchaser they shall be submitted to the Attorney General along with the record pertaining thereto for his examination and approval. It shall be the duty of the Attorney General to approve the Revenue Bonds when issued in accordance with this Act. Bonds thus approved by the Attorney General and regis-

tered within the office of the Comptroller of Public Accounts shall be incontestable.

<sup>1</sup> Repealed; see, now, Business and Commerce Code, § 3.101 et seq.

#### Revenue and Refunding Bonds; Covenants as to by Commissioners Court Order

Sec. 12a. Notwithstanding any of the provisions of this law the Revenue Bonds permitted by Section 12 hereof to be issued, or the refunding bonds permitted by Section 13 hereof to be issued, shall be authorized by an order passed by the Commissioners Court of the county, on its own motion, and by such order said Court may make such covenants on behalf of the county as it may deem necessary and advisable, and said Court shall perform or cause to be performed any covenants thus made. The provisions of this section shall take precedence over any other provisions of this law that may be in conflict herewith or contrary thereto.

#### Refunding Bonds

Sec. 13. Revenue Bonds which likewise will be fully negotiable, may be issued by Resolution first adopted by the Board and thereafter approved by order of the Commissioners Court of such County for the purpose of refunding bonds issued under this Act. The refunding bonds may be secured in the manner provided in this Act for securing original Revenue Bonds. No election shall be required for the issuance either of the bonds or of any refunding bonds. Such refunding bonds may be sold and the proceeds used to retire the original bonds, or may be issued in exchange for the original bonds, as may be provided in the resolution authorizing their issuance.

#### Expenses; Fees and Tolls

Sec. 14. (a) The expense of operation and maintenance of facilities whose revenues are pledged to the payment of bonds shall always be a first lien on and charge against the income thereof. So long as any of said bonds or interest thereon remain outstanding the Board shall charge or require the payment of fees and tolls for the use of such facilities which shall be equal and uniform within classes defined by the Board and which shall yield revenues at least sufficient to pay the expenses of such operation and maintenance, and to provide for the payments prescribed in the Resolution for "Debt service" as that term may be defined in the Resolution (which without limitation may include provisions for any or all of the following: the payment of principal and interest as such principal and interest respectively mature, the establishment and maintenance of funds for extensions and improvements, an operating reserve, and an interest and sinking fund reserve).

(b) The Board is authorized to determine the rates, charges and tolls which must be charged by it and by those, if any, having operating or lease contracts whose revenues are pledged with the Board for the use of such facilities

and for the services to be rendered by such facilities.

Provisions Applicable to Bonds

Sec. 15. The following provisions shall be applicable as to Revenue Bonds issued under this Act:

(a) It shall be the duty of the Board to fix such tolls and charges for the use of the facilities whose revenues are thus pledged as will yield revenues fully sufficient to operate and maintain such facilities and to permit full compliance by the Board with the covenants contained in the Resolution for the making of payments into the Debt Service Fund, including payments into any reserve accounts or funds created in the Resolution in connection with the issuance of the Bonds. In the event that any part of the security for the Revenue Bonds consists of money to be received by the Board as consideration for facilities belonging to the Board but operated by another or others under some form of lease or operating contract, it shall be the duty of the Board to fix and authorize rates, charges and tolls to be made by such person or persons for services to be rendered by such facilities, at least sufficient to assure the receipt by the Board of money which the Board is committed to pay from such source for Debt Service under the terms of the Resolution.

(b) The proceeds of the bonds shall be used and shall be disbursed under such restrictions as may be provided in the Resolution, and there shall be and there is hereby created and granted a lien upon such moneys, until so applied, in favor of the holders of the Revenue Bonds or of any trustee provided for in respect to such bonds, but neither the depository of such funds nor the trustee shall be obligated to see to the proper application of such fund except as expressly provided in the Resolution or in the indenture securing the bonds. Any surplus remaining from the bond proceeds after providing for the following: interest during construction and for such additional period as may be prescribed in the Resolution, and the creating of any reserve fund prescribed in the Resolution, shall be used for retiring the bonds to the extent that they can be purchased at prevailing market prices, with any remainder after such purchase to be deposited in the fund established in the Resolution for debt service.

(c) The Resolution may provide that such Revenue Bonds shall contain a recital that they are issued pursuant to and in strict conformity with this Act and such recital when so made shall be conclusive evidence of the validity of the Revenue Bonds and the regularity of their issuance.

(d) Any Revenue Bond issued pursuant to the provisions of this Act shall be ex-

empt from taxation by the State of Texas or by any municipal corporation, county, or other political subdivision or taxing district of the State.

(e) If so provided in the Resolution an indenture securing the bonds may be executed by and between the County and a corporate trustee, and such Resolution may provide also for execution of the indenture by a corporate or an individual cotrustee. Any such corporate trustee or corporate cotrustee shall be any trust company or bank within or without the State of Texas having the powers of a trust company.

(f) Either the Resolution or such indenture may contain such provisions for protecting or enforcing the rights or remedies of the bondholders as may be considered by the Board reasonable and proper and not in violation of law, including covenants setting forth the duties of the Board in reference to maintenance, operation or repair, and insurance (including within the discretion of the Board insurance against loss of use and occupancy) of the facilities whose revenues are pledged, and the custody, safeguarding and application of all moneys received from the sale of the Revenue Bonds, and from revenues to be received from the operation of the project.

(g) It shall be lawful for any bank or trust company in this State to act as depository for the proceeds of the bonds or revenues derived from the operation of facilities whose revenues may be pledged, or for the special funds created to assure payment of principal and interest on the Revenue Bonds, including reserve funds and accounts, or for one or more of such classes of deposits, and to furnish such indemnity bonds or to pledge such securities as may be required by the Board.

(h) The Board may select such depository or depositories without the necessity of seeking competitive bids. Such deposits shall be secured in the manner required by law for the security of money belonging to counties. Provided that the Board in the Resolution or the indenture securing the Revenue Bonds may bind the Board to the use of direct obligations of the United States Government or obligations unconditionally guaranteed by the United States Government as security for such deposits. Such indenture, or ordinance, may set forth the rights and remedies of the bondholders and of the Trustee and may restrict the individual rights of action of the bondholders. The Resolution may contain all other suitable provisions such as the Board may deem reasonable and proper for the security of the bondholders, including but without limitation covenants prescribing all happenings or occurrences which constitute events of default and the terms and conditions upon which any or all of the bonds shall become, or may be declared

to be due before maturity, and as to the rights, liabilities, powers and duties arising from the breach by the Board of any of its duties or obligations.

(i) That any holder or holders of the Revenue Bonds issued hereunder, including a trustee or trustees for such holders, shall have the right in addition to all other rights by mandamus or other proceedings in any court of competent jurisdiction to enforce his or their rights against the Board or its employees, the agents and employees thereof, or any lessee or any of said facilities whose revenues are pledged, including but not limited to the right to require the Board to impose and establish and enforce sufficient and effective tolls and charges to carry out the agreements contained in the Resolution and indenture, or in both the Resolution and indenture, and to perform all agreements and covenants therein contained and duties arising therefrom, and in the event of default as defined in the Resolution authorizing the Revenue Bonds or in the indenture securing the Revenue Bonds to apply for and obtain the appointment of a receiver for any of the properties involved. If such receiver be appointed he shall enter and take possession of the facilities whose revenues shall have been pledged and until the Board and the County may be no longer in default, or until relieved by the Court, retain possession of the properties involved and collect and receive all revenues and tolls arising therefrom in the same manner as the Board itself might do, and shall dispose of all such moneys and apply same in accordance with the obligations of the Board under the Resolution or indenture, and as the Court may direct. Nothing in this Act shall authorize any bondholder to require the Board to use any funds in the payment of the principal or of interest on the bonds except from the revenues pledged for their payment.

(j) The Resolution or the indenture securing the bonds may contain provisions to the effect that so long as the revenues of such park facilities are pledged to the payment of Revenue Bonds no free service shall be rendered by any of such facilities of the park for which tolls, charges and rentals are to be effective under the Resolution.

(k) All such revenue bonds shall be and are hereby declared to be legally authorized investments for banks, savings banks, trust companies, building and loan associations, insurance companies, fiduciaries, trustees, and for the sinking funds and other funds of the State of Texas, and of all municipal corporations, counties, political subdivisions, public agencies, and taxing districts within the State of Texas. Such bonds shall be eligible to secure the deposit of any and all public funds of the State of Texas and any and all public

funds of all municipal corporations, counties, political subdivisions, public agencies and taxing districts within the State of Texas, and such bonds shall be lawful and sufficient security for such deposits to the extent of their face value when accompanied by all matured coupons appurtenant thereto.

(l) The provisions contained in the Resolution and in the indenture and the applicable provisions of this Act shall constitute an irrevocable contract between the Board and the County on the one part and the holders of such bonds on the other part.

Leases or Operating Agreements Made Prior to, or  
Concurrently With, Authorization of Bonds

Sec. 16. At any time prior to the authorization of Revenue Bonds secured by a pledge of the revenues from any designated facility or facilities of the park or parks, the Board may within its discretion and for such period of time as it may determine make a contract or lease agreement with a company, corporation, or individual, for the operation of such facility, or facilities, the consideration for such contract or lease agreement to be specified, or the method of determining such consideration to be prescribed in such contract or lease agreement. The revenues from any such contract or agreement may be pledged in the Resolution or indenture as security or additional security for the Revenue Bonds. Any such facility or facilities may likewise be leased under such contract or lease agreement concurrently with the authorization of the issuance of said Revenue Bonds, and the revenues therefrom pledged as security or additional security for the Revenue Bonds; and in the event that issuance of said Revenue Bonds is authorized concurrently with the contract or lease agreement then the revenues from such contract or agreement shall constitute the sole or substantially all of the security for the Revenue Bonds such contract or agreement must provide that the rentals, tolls and charges to be enforced by such lessee for the use or services provided by such facility or facilities shall be sufficient at least to yield in the aggregate money necessary to pay the reasonable operation and maintenance expenses to assure proper operation and maintenance of such facility or facilities, plus an amount which will assure income to the Board to permit and assure payments into the several funds and accounts in the manner, at the times and in the amounts specified in the Resolution. Any such lease agreement or contract may provide that such rentals, tolls and charges may be sufficient to yield a reasonable profit to the other party to the lease agreement or contract, but to be realized only after payment in full of the obligation to the Board; any such operating or lease contract may provide for payment of the annual consideration or rental in monthly installments approximately equal and that failure to pay any required sum when due may be declared to be a breach of contract or agreement, entitling the Board under regulations

prescribed therein to declare the contract or agreement forfeited and to take over the operation and maintenance of such facility or facilities, but such remedy shall be cumulative of all others therein provided or recognized.

**Annual Financial Statement; Budget; Operation Without Seeking Appropriation**

Sec. 17. Before July 1st of each year the Board shall prepare and not later than July 1st file with the County Judge of such County a complete statement showing the financial status of the Board, its properties, funds and indebtedness. The statement shall be in two (2) parts or shall be so prepared as to show separately (a) all information concerning the Revenue Bonds, the income from pledged facilities, and expenditures of such revenues, and (b) all information concerning moneys which may have been appropriated to the Board by the Commissioners Court, realized from taxation, and moneys, if any, realized from the sale of tax supported bonds theretofore issued by the County. Concurrently with the filing of such statement, the Board shall file with the County Judge of such County a proposed budget of its needs, if any, for the next succeeding calendar year. To the extent that the Board is able to finance its operations and to maintain its property from the revenues of facilities, whose income is pledged to Revenue Bonds, in the manner provided in the Resolution or in the trust indenture, no approval or authorization by the Commissioners Court shall be necessary. But such budget shall involve only anticipated supplemental expenditures. The County Judge shall incorporate such requested budget in the County budget to be prepared by him during the month of July of each year. As a part of the County's tentative budget, the items thus certified by the Board shall be subject to the procedure for the County budget prescribed by Chapter 206, Acts of the Regular Session of the Forty-second Legislature, Sections 10 to 13, both inclusive, carried forward in Vernon's Annotated Statutes as Articles 689-a-9 to 689-a-12. It shall be the duty, however, of the Board to so operate said park or parks that there will be available from the gross revenues received from the operation of park facilities whose revenues are pledged to the payment of Revenue Bonds money sufficient to pay the operation and maintenance expenses of said facilities without seeking from the Commissioners Court the appropriation of additional money for the expense of maintaining and operating such facilities.

**Rules and Regulations**

Sec. 18. The Board shall have the power to adopt and promulgate all reasonable regulations and rules, applicable to tenants, concessionaires, residents and users of park facilities, regulating hunting, fishing, boating and camping and all recreational and business privileges in any such park or parks.

**Acceptance of Grants and Gratuities**

Sec. 19. The Board is hereby authorized to accept grants and gratuities in any form from any source approved by the Board including the United States Government or any agency thereof, the State of Texas or any agency thereof, any private or public corporation; and any other person, for the purpose of promoting, establishing and accomplishing the objectives and purposes and powers herein set forth.

**Validation of Appointment and Acts of Existing Board**

Sec. 20. The appointment of any Board of Park Commissioners heretofore made is hereby validated provided any such park commissioners heretofore appointed shall within fifteen (15) days after this Act becomes law file a good and sufficient bond, as provided for herein in Section 4; and all acts, contracts, leases, and agreements heretofore made by any existing Board of Park Commissioners pertaining to any of the powers or purposes of this Act are hereby validated.

**Exercise of Powers by Commissioners Court**

Sec. 21. In the event the County Commissioners Court of any Eligible County, as hereinbefore defined, does not pass a resolution authorizing the establishment of such Board of Park Commissioners, or in the event the establishment of any such Board of Park Commissioners be declared by the courts to be invalid, then, in either event, the County Commissioners Court of any such Eligible County is hereby expressly granted the right to exercise, solely if the establishment of no such Board has been attempted or by ratification of the actions of any such Board prior to the declaration of the invalidity of said Board's establishment, any and all of the powers, acts and authority by this Act conferred, authorized and delegated to said Board of Park Commissioners, provided, nothing contained in this Section shall be construed as authorizing any such Commissioners Court to limit or restrict any such Board of Park Commissioners from exercising any and all of the powers, acts and authority conferred, authorized and delegated to it by the Legislature.

**Laws Cumulative; Conflict With Other Laws**

Sec. 22. This Act is cumulative of all other laws relating to County Parks, but this Act shall take precedence in the event of conflict.

**Partial Unconstitutionality**

Sec. 23. In case any one or more of the sections or provisions of this Act, or the application of such sections or provisions to any situation, circumstance, or person, shall for any reason be held to be unconstitutional, such unconstitutionality shall not affect any other sections or provisions of this Act or the application of such sections or provisions to any other situation, circumstance, or person, and it is intended that this law shall be construed and applied as if such section or provision had not

been included herein for any constitutional application.

**Art. 6079c-1. Bonds for Construction of Roads; Counties on Gulf Having Islands Suitable for Recreational Purposes**

Sec. 1. Any county situated on the coast of the Gulf of Mexico and having within its boundaries any islands susceptible of development for recreational purposes for the use and benefit of the inhabitants of such county shall be authorized to construct, improve and operate roads on such islands and to issue bonds for such purpose payable from tolls charged for their use, or from taxation, or from both such sources. Such bonds may be issued and secured in the manner and in accordance with the provisions of Chapter 304, Acts 1947, 50th Legislature, as amended by Chapter 122, Acts 1949, 51st Legislature,<sup>1</sup> except that no bonds, whether payable from taxes or revenues, shall be issued, nor shall any county funds be expended in any manner in connection with or on any such revenue project, unless and until they shall have been authorized at an election at which the question of their issuance and/or expenditure shall have been submitted to a vote of the people.

<sup>1</sup> Article 6795b-1.

Sec. 2. In those instances where any such county has issued bonds under said Chapter 304, Acts 1947, as amended, for any of the purposes authorized thereby and has secured the payment of such bonds by a pledge of the revenues to be derived from the operation of any such facility and further secured said bonds by the levy of ad valorem taxes authorized under Article 3, Section 52 of the Constitution, and which county may issue bonds for the purposes authorized in Section 1 hereof, where such bonds shall be payable wholly or partially from revenues, the provisions of Section 7 of said Chapter 304, as amended, empowering the State Highway Commission to declare such facilities to be a part of the State Highway System and thereafter to maintain and operate said facilities free of tolls shall be inapplicable to the facility first constructed, until the bonds issued under this Act shall have been paid, or a sufficient amount for the payment of all such bonds and interest thereon to maturity shall have been set aside in a trust fund for the benefit of the bondholders for such purpose.

[Acts 1955, 54th Leg., p. 666, ch. 237.]

**Art. 6079d. Validation of Acts, Proceedings and Orders; Taxes**

Title 103, Chapters 5 and 6, of the Revised Civil Statutes of Texas, 1925, as amended, to wit: "Articles 6078-6081h, both inclusive of such Revised Civil Statutes, 1925, as amended," and all orders heretofore made and proceedings by and before Commissioners Courts of such counties to acquire and operate certain lands as county parks under the provisions of any of the foregoing Articles, shall be and the same are hereby ratified, validated, approved and confirmed in all respects, as if they had been duly and legally made in the first instance and as if same had been made with full statutory authority, regardless of whether the acquisition of such lands for use as county parks was by gift, purchase, condemnation proceedings, or otherwise.

Sec. 2. Any taxes heretofore levied by the Commissioners Court of such counties for the improvement and operation of such lands as county parks are hereby ratified and validated in all respects. All taxes either real, personal, or both heretofore levied, assessed and charged against any person by any Commissioners Court in such counties for the improvement and operation of county parks are hereby declared to be valid and binding tax obligations of said individuals and the same shall be collectible under the laws of this State providing for the collection of delinquent taxes with penalty and interest.

Nor shall this Act apply to any matters which have heretofore been declared invalid by a court of competent jurisdiction in this state.

Sec. 2. If any provision or part of this Act or the application thereof to any person or circumstance shall be held by a court of compe-

tent jurisdiction to be invalid or unconstitutional, the remainder of this Act and the application of such provision or part to other persons or circumstances shall not be affected thereby, and to this end the provisions of this Act are declared to be severable.

[Acts 1963, 58th Leg., p. 806, ch. 309, eff. Aug. 23, 1963.]

**Art. 6079e. Counties of 350,000 or More**

**Applicability of Law**

Sec. 1. The provisions of this Act shall apply to any county in this State having a population of three hundred fifty thousand (350,000) or more according to the last preceding Federal Census.

**Creation of Board; Powers**

Sec. 2. Any such county, for the purpose of acquiring, improving, equipping, maintaining, financing, and operating any one or more public parks owned or to be acquired by such county, may by order passed by the Commissioners Court adopt the provisions of this Act, and thereby obtain the benefits hereof for said purpose. In such order it shall be provided, with respect to such park or parks, whether the Commissioners Court shall exercise all the powers granted by and perform all the duties specified in this Act, or whether a "Board of Park Commissioners" (hereinafter sometimes referred to as the "Board") shall be created and exercise the powers and perform the duties hereinafter provided with respect to such

Board. In the event that it is provided that the Commissioners Court shall exercise all the powers and perform all the duties, then the provisions of this Act with reference to the powers and duties of such Board shall apply to said Commissioners Court, and all the powers granted by and duties specified in this Act relating to said Board and to the Commissioners Court shall be exercised and performed by said Court. In the event that it is provided that such Board shall be created, then the powers granted by and duties specified in this Act shall be exercised and performed by said Commissioners Court and Board in the manner hereinafter set forth. Further, in the event that it is provided that such Board shall be created, the Commissioners Court shall transfer to said Board jurisdiction and control of such park or parks, subject, however, to the provisions of this Act.

**Personnel of Board; Compensation; Expenses; Oath and Bond**

Sec. 3. The Board of Park Commissioners shall be composed of seven (7) members. After the Commissioners Court has adopted an order creating such Board, as provided in Section 2 hereof, the Commissioners Court shall appoint seven (7) persons as members of such Board. Three (3) members of the first Board so appointed shall serve for a term expiring on February 1st following their appointment and until their successors have been appointed and qualified, and the remaining four (4) members shall serve for a term expiring on the second February 1st which follows their appointment (being one year from the date of the expiration of the term of the three (3) members, as provided above) and until their successors have been appointed and qualified. In the appointment of the members of said first Board, the Commissioners Court shall designate the respective terms of office of such members. Except for the first Board, the term of office of members of the Board shall be for two (2) years ending on February 1st and until their successors are appointed and qualified, and in the month of January of each year the Commissioners Court shall appoint three (3) or four (4) Park Commissioners, as the case may be, to succeed the members whose term shall expire on the following February 1st. If a vacancy on the Board occurs because of the resignation or death of a member, or otherwise, the Commissioners Court shall fill the same for the unexpired term by the appointment of a successor member. Each Park Commissioner shall be a duly qualified resident voter of the county but shall not be an officer or employee of the county or of any incorporated city therein. Each Park Commissioner shall within fifteen (15) days after his appointment qualify by taking the official oath and by filing a good and sufficient bond with the County Clerk, payable to the County Judge of such county. Such bond shall be in the sum prescribed theretofore by the Commissioners Court, but not less than Five Thousand Dollars (\$5,000).

Said bond shall be conditioned upon the faithful performance of the duties of such Park Commissioner, including the proper handling of all moneys that may come into his hands in his capacity as a Park Commissioner, and the cost of said bonds shall be paid by the Board. A certificate of the appointment or re-appointment of any such Park Commissioner executed by the County Judge and attested by the County Clerk shall be filed in the office of such County Clerk, and shall be conclusive evidence of the due and proper appointment of such Commissioner. Each Park Commissioner shall annually receive as compensation a sum to be fixed by the Commissioners Court not to exceed Fifteen Dollars (\$15) for each meeting attended for the first fifty-two (52) meetings held during a calendar year, but shall receive no compensation for any additional meetings held during such calendar year. Each Park Commissioner shall be compensated for all necessary expenses, including traveling expenses, incurred in performing his (or her) duties as Commissioner.

#### Supervision of Commissioners Court

Sec. 4. Notwithstanding anything in this Act to the contrary, the Board shall be subject to the supervision of the Commissioners Court in exercise of all its rights, powers, and privileges granted hereunder and in performance of all its duties required hereunder; and the Commissioners Court shall approve all contracts, leases, deeds, and other agreements made or granted by the Board, and appropriate minute entry in the official minutes of said Court shall constitute sufficient evidence of such approval.

#### Chairman of Board; Officers; Quorum; Meetings; Records; Seal

Sec. 5. At the time of appointment of the Park Commissioners of the first Board, the Commissioners Court shall designate one of the Commissioners as Chairman of such Board, who shall serve in that capacity until the expiration of the term for which he was appointed (or within such period until he may have vacated his office as a Park Commissioner), and thereafter the Board shall elect a Chairman from among its Park Commissioners. The Board shall elect from among its own members a Vice-chairman, a Secretary and a Treasurer. The offices of Secretary and Treasurer may be held by the same person, and in the absence or unavailability of the Secretary or the Treasurer, in the event two (2) persons are holding said positions, the other such officer may act for and perform all of the duties of such absent or unavailable officer during the period of absence or unavailability. The Board shall hold regular meetings at such times to be fixed by the Board, and may hold special meetings at such other times as the business or necessity may require. Four (4) Park Commissioners shall constitute a quorum of the Board for the purpose of conducting or transacting any of its business and exercising any of its powers, and for all other purposes, and any and all action

of the Board may be taken by a majority vote of the Park Commissioners present. The Board shall keep a true and full account of all its meetings and proceedings, and shall preserve its minutes, accounts, contracts, and all other records in a fireproof vault or safe. All such records shall be the property of the Board and shall be subject to inspection by the Commissioners Court and other officers of the county at all reasonable times during office hours on business days. The Board shall adopt a seal which shall be placed on all leases, deeds, and other instruments which are usually executed under seal, and on such other instruments as may be required by the Board.

#### Secretaries and Stenographers; Employment of Park Managers

Sec. 6. The Board may employ secretaries, stenographers, bookkeepers, accountants, technical experts, and such other agents and employees, permanent or temporary, as it may require and shall determine their qualifications, duties, and compensation. In addition, the Board may also employ and compensate a manager for any park or parks, and may give him full authority in the management and operation of the park or parks, subject to direction and orders of the Board and the Commissioners Court.

#### Depositories; Audit of Moneys; Warrants or Checks

Sec. 7. (a) The depository or depositories of all moneys or funds belonging to or under the control of the Board (other than bond proceeds or revenues and funds pledged to the payment of revenue bonds, which are hereinafter provided for) shall be selected by the Commissioners Court on the basis of competitive bids substantially in the manner prescribed by law for county funds, and the moneys and funds so deposited shall be secured substantially in the manner and amount prescribed by law for county funds.

(b) The County Auditor shall maintain a current audit of all such moneys and funds, and shall prepare monthly and annual audit reports, which reports shall be filed with the Commissioners Court and with the Board, and shall be available for public inspection at all reasonable times during office hours on business days.

(c) Warrants or checks for the withdrawal of such moneys or funds shall be signed by any officer of the Board (or, when duly designated by order or resolution of the Board, by one bonded employee of the Board) and countersigned by the County Auditor.

(d) The County Attorney shall perform all the necessary legal services for the Board.

#### Personal Interest

Sec. 8. No Park Commissioner or employee of the Board shall acquire any pecuniary interest, direct or indirect, in any improvements, concessions, equipment, or any business located within the confines of any public park administered by the Board or in any way related there-

to, nor shall any Park Commissioner have any interest, direct or indirect, in any contract or proposed contract for construction, materials, or services in connection with or related to any park under administration by the Board.

**Maintenance and Operation of Parks; Contracts, Leases and Agreements; Disbursement of Funds**

Sec. 9. Subject to the supervision of the Commissioners Court, the Board shall maintain and operate any park or parks administered by said Board, and subject to the approval of said Court, the Board shall have full and complete authority to enter into any contract, lease, or other agreement connected with or incident to or in any manner affecting the acquisition, financing, construction, equipment, maintenance, or operation of any facility or facilities located or to be located on or pertaining to any park or parks administered by the Board; and any such contract, lease, or other agreement may be for such length or period of time and upon such terms and conditions as may be prescribed therein. The Board shall also have authority to disburse and pay out moneys and funds under its control for any lawful purpose for the benefit of such park or parks.

**Contracts, Leases and Agreements Necessary and Convenient**

Sec. 10. Such Board shall have general power and authority to make and enter all contracts, leases, and agreements which the Board shall deem necessary or convenient to carry out any of the purposes and powers granted in this Act, upon such terms and conditions and for such length or period of time as may be prescribed therein. Any such contract, lease, or agreement may be entered into with any person, real or artificial, any corporation, municipal or private, any governmental agency or bureau, including the United States Government and the State of Texas and political subdivisions of said State, and the Board may make contracts, leases, and agreements with any such persons, corporations, or entities for the acquisition, financing, construction, or operation of any facilities in or connected with or incident to any such park. Any and all contracts, leases, and agreements herein authorized, to be effective, shall be authorized by order or resolution of the Board, shall be executed by its Chairman or Vice-chairman and attested by its Secretary or Treasurer, and shall be approved by the Commissioners Court. Any such contract, lease, or agreement shall be binding upon the Board and the County, the powers and provisions set forth in this Act being complete within themselves, without reference to any other statute or statutes.

**Rules and Regulations; Grants and Gratuities; Suits**

Sec. 11. (a) The Board shall have the power and authority, subject to the approval of the Commissioners Court, to adopt and promulgate all reasonable regulations and rules concerning the use of any park or parks administered by said Board.

(b) The Board is hereby authorized to accept grants and gratuities (for the benefit of any park or parks administered by the Board or for the use of the Board in carrying out its powers and duties with respect to any such park or parks) in any form and from any source approved by the Board and the Commissioners Court, including the United States Government or any part thereof, the State of Texas or any agency thereof, any private or public corporation, or any other person or persons.

(c) Such Board shall have the right to sue and be sued in its own name.

**Revenue Bonds**

Sec. 12. (a) For the purpose of providing funds to acquire, improve, equip, and repair any such park or parks, or for the acquisition by construction or otherwise of any facilities to be used in or connected with or incident to such park or parks, or for any one or more of such purposes, a county within the purview of this Act shall have the power and is hereby authorized, from time to time, to issue revenue bonds (hereinafter sometimes called the "Revenue Bonds" or "Bonds"), which shall be fully negotiable instruments under the Uniform Negotiable Instruments Law and other laws of the State of Texas. Included, but without limiting, among the properties, improvements, and facilities that may be acquired through the issuance of Revenue Bonds are the following; stadia, coliseums, auditoriums, athletic fields, pavilions, and buildings and grounds for assembly, together with parking facilities or other improvements incident thereto. Any such Revenue Bonds shall be authorized by order (hereinafter sometimes called the "Bond Order") adopted by the Commissioners Court. Such Revenue Bonds shall be issued in the name of the county, shall be signed by the County Judge and attested by the County Clerk, and shall have impressed thereon the seal of the Commissioners Court; provided, that the signature of the County Judge and the signature of the County Clerk on the Revenue Bonds may be the facsimile signatures of such officers, either or both, and the seal of the Commissioners Court may be a facsimile seal, all as may be provided in the Bond Order, and the interest coupons attached to such Revenue Bonds may also be executed by the facsimile signatures of said officers; provided, further, that said facsimile signatures and facsimile seal may be lithographed, engraved, or printed. Such Revenue Bonds shall mature serially or otherwise in not to exceed forty (40) years from their date or dates. Such Bonds may be sold by the Commissioners Court at a price and under terms determined by said Court to be the most advantageous reasonably obtainable, provided that the average interest cost, taking into consideration the maturity date or dates of such Bonds calculated by the use of standard bond yield tables currently in use by insurance companies and investment houses, shall not exceed six per cent (6%) per annum. The Bond Order shall prescribe the details as to

the Revenue Bonds. It may contain provisions for the calling of the Bonds for redemption prior to the respective maturity dates at such prices and at such time or times as may be prescribed in such Bond Order, but except for such rights of redemption expressly reserved in the Bond Order and in the Bonds, they shall not be subject to redemption prior to their scheduled maturity date or dates except with the consent of the holder or holders. The Bonds may be made payable at such time or times and at such place or places, within or without the State, as may be prescribed in the Bond Order, and such Bonds may be non-registerable or may be made registerable as to principal alone, or as to both principal and interest, all as may be provided in said Bond Order.

(b) Revenue Bonds may be issued from time to time in one or more installments and in one or more series.

(c) Such bonds may be secured by a pledge of all or any part of the Net Revenues (as defined below) from the operation of such park or parks, or from the properties or facilities thereof and incident thereto, either or both. The Net Revenues of any one or more contracts, operation contracts, leases, or agreements theretofore or thereafter made or to be made may be pledged as the sole, or as additional, security for the support of the Bonds. Any other revenue, other than tax revenue, as may be specified in the Bond Order, may be pledged for the support of the Bonds. In any Bond Order, the right may be reserved in the county under conditions and terms therein specified for the issuance of additional Revenue Bonds which will be on a parity with, or subordinate to, the Revenue Bonds then being issued, either or both.

(d) The term "Net Revenues" as used in this Act shall mean the gross revenues from the operation of those properties and facilities of the park or parks, the net revenues of which properties and facilities are pledged for the support of the Bonds, after deduction of the necessary and reasonable expenses of operation and maintenance of such properties and facilities.

(e) From the proceeds of the Bonds, there may be set aside (as shall be prescribed in the Bond Order) an amount for payment of interest on the Bonds estimated to accrue during the construction period and, in addition, such reserve moneys for the benefit of the payment of the Bonds as may be deemed proper (which reserve moneys may be placed into the interest and sinking fund or into a separate reserve fund, as shall be prescribed in the Bond Order). Also, from said proceeds there shall be paid all expenses necessarily incurred in issuing and selling such Bonds. The remainder of such proceeds shall be used for the purposes specified in the Bond Order and in the Bonds.

(f) Said Bonds shall not be, and shall never be construed to be, a debt of the county or of the State of Texas, but shall be payable solely and only from the revenues pledged to their

payment as herein provided. No principal of or interest on such Bonds or any refunding bonds issued to refund such Bonds shall be a debt against the tax revenues of such county, but solely a charge upon the pledged revenues. Such Bonds or refunding bonds shall never be reckoned in determining the power of the county to incur obligations payable from taxation. Each such Bond shall contain on its face substantially the following provision: "The holder hereof shall never have the right to demand payment of this obligation out of any funds raised or to be raised by taxation."

(g) So long as any of the Revenue Bonds are outstanding no other obligations shall be issued against the pledged revenues except to the extent and in the manner expressly permitted in the Bond Order.

(h) No such bonds shall ever be issued unless authorized by a majority vote of duly qualified resident voters of said county who own taxable property within said county and who have duly rendered the same for taxation, voting at an election called for such purpose by the Commissioners Court, which election shall be called and held and notice thereof given as is provided in Chapter 1, Title 22, Revised Civil Statutes of Texas, 1925, as amended, except that the proposition to be submitted shall not provide for the levy of any tax whatsoever, and the ballot shall be substantially as follows:

"FOR the issuance of \$\_\_\_\_\_ park revenue bonds payable solely from revenues."

"AGAINST the issuance of \$\_\_\_\_\_ park revenue bonds payable solely from revenues."

(i) After any Bonds have been authorized by the Commissioners Court, such Bonds and the record relating to their issuance shall be submitted to the Attorney General of Texas for his examination and approval, and it shall be the duty of the Attorney General to approve such Bonds when issued in accordance with this Act. After such Bonds have been approved by the Attorney General, they shall be registered by the Comptroller of Public Accounts of Texas. When any such Bonds have been approved by the Attorney General, registered by the Comptroller of Public Accounts, and delivered to the purchasers, they shall thereafter be incontestable. When any Bonds recite that they are secured partially or otherwise by a pledge of the proceeds of or income from any contract, lease, or other agreement, a copy of such contract, lease, or other agreement and of the proceedings authorizing the same may be submitted to the Attorney General along with the Bond record, and in such event the approval of the Attorney General of the Bonds shall constitute an approval of such contract, lease, or other agreement, and thereafter the same shall be incontestable except for forgery or fraud.

#### Refunding Bonds

Sec. 13. Revenue Bonds which likewise will be fully negotiable may be issued by the Com-

missioners Court for the purpose of refunding Bonds issued under this Act, and no election shall be necessary for the issuance of such refunding bonds. The refunding bonds may be secured in the manner provided in this Act for securing original Revenue Bonds. Such refunding bonds may be issued to refund bonds of more than one series or issue of such outstanding Bonds and combine pledges for the outstanding Bonds for the security of the refunding bonds, and such refunding bonds may be secured by other and additional revenues; provided, that such refunding bonds will not impair the contract rights of the holders or any of the outstanding Bonds which are not to be refunded. Refunding bonds shall be authorized by order of the Commissioners Court, and shall be executed and mature as is provided in this Act for original Bonds. They shall bear interest at the same or lower rate than that of the Bonds refunded unless it is shown mathematically that a saving will result in the total amount of interest to be paid. They shall be approved by the Attorney General as in the case of original Bonds, and shall be registered by the Comptroller upon surrender and cancellation of the Bonds to be refunded, but in lieu thereof, the order authorizing their issuance may provide that they shall be sold and the proceeds thereof deposited in the place or places where the original Bonds are payable, in which case the refunding bonds may be issued in an amount sufficient to pay the interest on the original Bonds to their option or maturity date, and the Comptroller shall register them without the surrender and cancellation of the original Bonds. All such refunding bonds, after they have been approved by the Attorney General and registered by the Comptroller, shall be incontestable.

#### Expenses; Fees and Tolls

Sec. 14. (a) The necessary and reasonable expenses of operation and maintenance of the properties and facilities whose revenues are pledged to the payment of the Revenue Bonds shall always be a first lien on and charge against the income thereof. So long as any of said Bonds or interest thereon remain outstanding, the Board shall charge and require the payment of fees, charges, and tolls for the use of such properties and facilities which shall be equal and uniform within classes and which shall yield revenues at all times at least sufficient to pay such expenses of operation and maintenance, and to provide for the payments prescribed in the Bond Order for the establishment and maintenance of the interest and sinking fund, reserve fund or funds, and such other funds as may be provided in such Bond Order; and the Bond Order may include and make any additional covenants with respect to the Bonds and the pledged revenues and the operation, maintenance, and upkeep of those improvements and facilities, the income of which is pledged.

(b) The Board is authorized to determine the rates, charges, and tolls which must be charged

by it for the use, operation, or lease of such properties and facilities.

(c) It shall be the duty of the Commissioners Court to see that the rates, charges, and tolls charged by the Board are sufficient to comply with the terms and provisions of this Section 14 and of Section 15 following, and if for any reason the same are not so sufficient, then the Commissioners Court shall have the duty to, and shall, impose additional rates, charges, and tolls so that there will be revenues sufficient at all times for the purposes set forth in this Section 14 and in Section 15 following, which additional rates, charges, and tolls will govern over those fixed by the Board.

#### Provisions Applicable to Bonds

Sec. 15. The following provisions shall be applicable to Revenue Bonds and refunding bonds issued under this Act:

(a) It shall be the duty of the Board to fix such rates, charges, and tolls for the use of the properties and facilities whose revenues are thus pledged as will yield revenues fully sufficient at all times to operate and maintain such properties and facilities, to pay the interest on and principal of the Bonds, and to make any and all other payments or deposits as provided in or required by the Bond Order. In the event any part of the security for the Revenue Bonds consists of money to be received by the Board as consideration for properties or facilities belonging to the county but operated by others than the Board under some form of lease or operating contract, it shall be the duty of the Board to fix and authorize rates, charges, and tolls to be made by such other person or persons for services rendered or to be rendered by such properties or facilities, at least sufficient to assure receipt by the Board of money which the Board is committed to pay from such source for the benefit of the Revenue Bonds under the Bond Order.

(b) The proceeds of the Bonds shall be used and shall be disbursed under such restrictions as may be provided in the Bond Order or in a separate escrow agreement, or in both such Order and escrow agreement, and there is hereby created and granted a lien upon such moneys until so applied, in favor of the holders of the Revenue Bonds or of any trustee provided for in respect to such Bonds. Any surplus remaining from the Bond proceeds after providing for the following: interest during construction and for such additional period as may be prescribed in the Bond Order, and creating any reserve fund or funds prescribed in said Order, and after paying all expenses relating to the issuance and sale and delivery of said Bonds, and after the accomplishment of the Bond purposes, shall be used for retiring the Bonds to the extent that they can be pur-

chased at prevailing market prices, with any remainder after such purchase to be deposited into the interest and sinking fund of the Bonds.

(c) The Bond Order may provide that such Revenue Bonds shall contain a recital to the effect that they are issued pursuant to and in strict conformity with this Act, and such recital when so made shall be conclusive evidence of the validity of such Bonds and the regularity of their issuance.

(d) Any Revenue Bond issued pursuant to the provisions of this Act shall be exempt from taxation by the State of Texas or by any municipal corporation, county, or other political subdivision or taxing district or entity of the State.

(e) If so provided in the Bond Order, an indenture securing the Bonds may be entered into between, and executed by, the county and a corporate trustee, or entered into between, and executed by, the county and a corporate trustee and a corporate or individual co-trustee. Any such corporate trustee or corporate co-trustee shall be any trust company or bank within or without the State of Texas having the powers of a trust company.

(f) Either the Bond Order or indenture (if any), either or both, may contain such provisions for protecting or enforcing the rights or remedies of the Bondholders as may be considered by the Commissioners Court reasonable and proper and not in violation of law, including covenants setting forth the duties of the county and the Board in reference to maintenance, operation, repair, and insurance (including insurance against loss of use and occupancy) of the properties or facilities whose revenues are pledged, and the custody, safeguarding, and application of the Bond proceeds and of the revenues to be received from the operation of properties or facilities; and provide for the flow of funds, the establishment and maintenance of the interest and sinking fund, reserve fund or funds, and other funds, and may include such additional covenants with respect to the Bonds and the pledged revenues and the operation, maintenance, and upkeep of those properties and facilities the income of which is pledged, as the Commissioners Court may deem appropriate.

(g) It shall be lawful for any bank or trust company in this State to act as depository for the proceeds obtained from the sale of any Bonds, which depository shall be selected by the Commissioners Court, without the necessity of seeking competitive bids, and without reference to any other statute, which moneys shall be secured in the manner and amount as may be prescribed by the Commissioners Court

or by the Bond Order, indenture (if any), or separate escrow agreement.

(h) The Bond Order shall provide for and designate the depository or depositories of the interest and sinking fund, reserve fund or funds, and any other funds established by such Order, and such depository or depositories may be any bank or trust company within or without the State of Texas, and in this connection, such depository or depositories may be selected and designated without the necessity of seeking competitive bids, and without reference to any other statute. The moneys in such funds shall be secured in the manner and to the extent as provided in the Bond Order, and in this connection the Bond Order may provide that such moneys shall be secured by direct obligations of the United States Government or obligations unconditionally guaranteed by the United States Government.

(i) The Bond Order and indenture (if any), either or both, may set forth the rights and remedies of the Bondholders and of the Trustee, and may (subject to paragraph j immediately following this paragraph i) restrict the individual rights of action of the Bondholders; may set forth and contain such other provisions and covenants as may be deemed reasonable and proper for the security of the Bondholders, including, but without limitation, provisions prescribing happenings or occurrences which constitute events of default and the terms and conditions upon which any or all of the Bonds shall become due, or may be declared to be due, before maturity, and as to the rights, liabilities, powers, and duties arising from the breach by the Board or by the Commissioners Court of any of its duties or obligations.

(j) Any holder or holders of any Bonds issued hereunder or of interest coupons originally attached thereto, may either at law or in equity, by suit, action, mandamus, or other proceeding, enforce and compel performance of all duties required by this Act to be performed by the Board or by the Commissioners Court, including the making and collection of reasonable and sufficient fees, charges, and tolls for the use of the properties and facilities the income of which is pledged, the segregation of the income and revenues of such properties and facilities, and the application of such income and revenues pursuant to the provisions of the Bond Order and indenture (if any) and this Act.

(k) The Bond Order or the indenture (if any), either or both, may contain provisions to the effect that so long as any Bonds are outstanding either as to principal or interest, no free service shall be rendered by any of the properties or facilities the income of which is pledged.

(l) All Bonds issued under this Act shall be and are hereby declared to be, and to have all the qualifications of, negotiable instruments under the Negotiable Instruments Law of the State of Texas, and all such bonds shall be and are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, insurance companies, fiduciaries, trustees, guardians, and for the sinking funds of cities, towns, villages, counties, school districts, and other political subdivisions or corporations of the State of Texas. Such Bonds shall be eligible to secure the deposit of any and all public funds of the State of Texas, and any and all public funds of cities, towns, villages, counties, school districts, and other political subdivisions or corporations of the State of Texas; and such Bonds shall be lawful and sufficient security for said deposits to the extent of their face value when accompanied by all unmaturing coupons appurtenant thereto.

(m) The provisions contained in the Bond Order and in the indenture (if any) and the applicable provisions of this Act shall constitute an irrevocable contract between the Board and the Commissioners Court, on the one part, and the holders of the Bonds, on the other part.

**Annual Financial Statement; Budget; Operation Without Appropriation**

Sec. 16. On or immediately after January 1st of each year, the Board shall prepare and file with the Commissioners Court a complete statement showing the financial status of the Board and the properties, funds, and indebtedness under the administration of said Board. Said statement shall be so prepared as to show separately all information concerning the Revenue Bonds, the gross revenues from properties or facilities the net revenues of which are pledged to the payment of the Revenue Bonds, and the expenditures from said gross revenues, and all information concerning moneys which may have been appropriated by the county for operational and maintenance expenses. Concurrently with the filing of such statement with the Commissioners Court, the Board shall file with the County Auditor (a) a copy of said statement, and (b) a proposed budget of its needs for the then current calendar year. The County Auditor shall include such proposed budget as a part of the county budget prepared and submitted to the Commissioners Court under the provisions of House Bill No. 958, page 144, Acts of the Forty-sixth Legislature of Texas, Regular Session, 1939, as the same is now or hereafter may be amended. In this connection it shall be the duty of the Board to operate the properties or facilities the net revenues of which are pledged to the payment of Revenue Bonds so that the gross revenues derived from the operation of such properties or facilities will be sufficient to pay the operation and maintenance expenses of such properties and

facilities and make all payments required under the Bond Order for the benefit of such Bonds (thereby making it unnecessary to appropriate tax moneys for such operation and maintenance expenses and Revenue Bond payments).

**Invalidity of Establishment; Exercise of Powers by Commissioners Court**

Sec. 17. In the event that the establishment hereunder of any Board of Park Commissioners be declared by the courts to be invalid or unconstitutional, then all the powers granted to and duties imposed upon such Board by this Act shall be exercised and performed by said Commissioners Court, and all acts of such Board prior to its being so declared to be invalid shall be deemed to have been the acts of said Court.

**Powers and Duties With Respect to Other Parks**

Sec. 18. The Commissioners Court of any county covered by this Act may from time to time adopt the provisions hereof with respect to another park or parks and may exercise the powers granted by and perform the duties specified in this Act with respect to such other park or parks, and may appoint another Board of Park Commissioners for such other park or parks, all as provided in Section 2 and in the remainder of this Act. The Commissioners Court may also transfer to a previously created Board jurisdiction and control of an additional park or parks, provided that the same will not impair the contract rights of the holders of any outstanding Revenue Bonds. With respect to such other park or parks, the powers granted by this Act shall be exercised in such a manner so as not to infringe in any way upon the contract rights of the holders of then outstanding Revenue Bonds, and such other park or parks shall not be operated or maintained in any manner which would compete with or reduce the revenues of any park properties or facilities the income of which has been pledged to the payment of any then outstanding Revenue Bonds.

**Law Cumulative; Conflict With Other Laws**

Sec. 19. This Act is cumulative of all other laws relating to county parks, but this Act shall take precedence in the event of conflict.

**Partial Invalidation**

Sec. 20. In case any one or more of the Sections or provisions of this Act, or the application of such sections or provisions to any situation, circumstance, or person, shall not affect any other sections or provisions of this Act or the application of such sections or provisions to any other situation, circumstance, or person, and it is intended that this Act shall be construed and applied as if such section or provision had not been included herein for any constitutional application.

[Acts 1957, 55th Leg., 1st C.S., p. 7, ch. 7; Acts 1959, 56th Leg., p. 1036, ch. 478, § 1.]

**Art. 6079f. Adjacent Counties Having Population of 350,000 or More**

**Applicability of Law**

Sec. 1. The provisions of this Act are applicable to any two (2) adjacent counties in this State each having a population of three hundred fifty thousand (350,000) or more according to the last preceding Federal Census.

**Joint Park Board; Creation; Powers**

Sec. 2. Any two (2) such counties, for the purpose of providing public parks or park for the two (2) such counties, may by order passed by the Commissioners Court of each of the two (2) such counties, create a Board to be designated "Joint Board of Park Commissioners," hereinafter sometimes in this Act referred to as the "Joint Board" or "Joint Park Board" and by resolution transfer to said Joint Board jurisdiction and control over any park or parks any part of which is within an area containing any part of the boundary separating the two (2) said counties and/or any park or parks entirely or wholly within either of the two (2) said counties. Any such Joint Board shall have the powers authorized in and shall perform the duties specified in this Act.

**Personnel of Joint Board; Terms; Vacancies; Expenses**

Sec. 3. The Joint Board of Park Commissioners shall be composed of thirteen (13) Commissioners, consisting of a Chairman and twelve (12) members, to be appointed by the Governor with the advice and consent of the Senate. Six (6) members shall be appointed from each of the two (2) counties, and the Chairmanship shall alternate between the two (2) counties as hereinafter provided. Three (3) of the members who are first appointed from each county shall be designated by the Governor to serve for terms of one (1) year and three (3) shall be designated to serve for terms of two (2) years from the date of their appointments, and thereafter each of the twelve (12) members shall be appointed for a term of office of two (2) years. At the time of the creation of the Joint Board the Governor shall appoint a Chairman from the county having the larger population according to the last preceding Federal Census, who shall be appointed for a term of two (2) years from the date of his appointment; and upon the expiration of the two-year term of the Chairman who is first so appointed, the Governor shall appoint a Chairman from the county having the smaller population at the time of the creation of the Board, to serve for a term of two (2) years; and the Chairmanship of the Joint Board shall alternate thusly between the two (2) counties every two (2) years. No Joint Park Commissioner may be an officer or employee for either of the two (2) counties for which the Joint Board of Park Commissioners is created, or an officer or employee of any incorporated city located in either of said counties. A Joint Park Commissioner shall hold office until his successor has been appointed and

qualified. Vacancies on the Joint Board of Park Commissioners shall be filled by appointment by the Governor. Each Joint Park Commissioner shall be compensated for all necessary expenses, including traveling, incurred in performing his duties as Joint Park Commissioner; when an account shall thus have been approved by the Commissioners Court of his county it will be paid in due time by the Joint Board's check or warrant.

**Oath and Bond**

Sec. 4. Each Joint Park Commissioner so appointed shall within fifteen (15) days after his appointment qualify by taking the official oath and by filing a good and sufficient bond with the County Clerk of his county, payable to the order of the County Judge of such county, and approved by the Commissioners Court of such county. Such Bond shall be in the sum prescribed heretofore by the Commissioners Court of such county, but not less than Five Thousand Dollars (\$5,000). Said bond shall be conditioned upon the faithful performance of the duties of such Joint Park Commissioner, including the proper handling of all moneys that may come into his hands in his capacity as a Joint Park Commissioner; the cost of said bonds shall be paid by the Joint Board.

Sec. 5. The powers under this Act shall be vested in the Joint Board of Park Commissioners as constituted from time to time. Seven (7) Joint Park Commissioners shall constitute a quorum of the Joint Board for the purposes of conducting its business and exercising its powers, and for all other purposes, provided that at least three (3) of the said Joint Park Commissioners shall be present from each of the two (2) such counties. The action of the Joint Board may be taken by a majority vote of the Joint Park Commissioners present. The Joint Board shall elect from among its own members a Vice-Chairman who shall not represent the same county as the Chairman of the Joint Board; a Secretary and a Treasurer, provided that the Treasurer shall not represent the same county as the Secretary, and these officers shall serve for terms of two (2) years. In the absence or unavailability of either the Secretary or the Treasurer the other such officer may act for and perform all of the duties of such absent or unavailable officer during such period of absence or unavailability. The Joint Board shall hold regular meetings at times to be fixed by the Joint Board and may hold special meetings at such other times as the business or necessity may require. The money belonging to or under control of the Joint Board shall be deposited and shall be secured substantially in the manner prescribed by law for county funds.

**Depositories; Warrants or Checks; Employees and Agents; Manager; Seal**

Sec. 6. The depository or depositories for such funds shall be selected by the Joint

Board. Warrants or checks for the withdrawal of money shall be signed by an officer of the Joint Board and one (1) other Joint Park Commissioner both of whom shall be duly designated by resolution entered in the minutes of the Joint Board, or, when duly designated by resolution of the Joint Board, by two (2) bonded employees of the Joint Board. The Joint Board may employ secretaries, stenographers, bookkeepers, accountants, technical experts, and such other agents and employees, permanent or temporary, as it may require and shall determine their qualifications, duties and compensation. In addition the Joint Board may also employ and compensate a manager for any park or parks and may give him full authority in the management and operation of the park or parks subject only to the direction and orders of the Joint Park Board. The Joint Board shall adopt a seal which shall be placed on all leases, deeds, and other instruments which are required to be executed under seal.

#### Personal Interest

Sec. 7. No Joint Park Commissioner or employee of the Joint Board shall acquire any pecuniary interest, direct or indirect, in any improvements, concessions, equipment or any business located within the confines of or in any way related to any public park administered by such Joint Board, nor shall he have any interest, direct or indirect, in any contract or proposed contract for construction, materials or services in connection with or related to any park under control of the Joint Board.

#### Records

Sec. 8. The Joint Board of Park Commissioners shall keep a true and full account of all its meetings and proceedings and preserve its minutes, contracts, accounts, and all other records in a fireproof vault or safe. All such records shall be the property of the Joint Board and shall be subject to inspection by the Commissioners Court of either of the two (2) such counties at all reasonable times during office hours on business days.

#### Contracts, Leases and Agreements; Disbursement of Funds

Sec. 9. Such Joint Board shall have full and complete authority to enter into any contract, lease or other agreement connected with or incident to or in any manner affecting the acquisition, financing, construction, equipping, maintaining, or operating all facilities located or to be located on or pertaining to any park or parks under its control. It shall also have authority to disburse and pay out all funds under its control for any lawful purpose for the benefit of any such park or parks.

#### Contracts, Leases and Agreements Necessary and Convenient

Sec. 10. Such Joint Board shall have general power and authority to make and enter into all contracts, leases and agreements which said Joint Board shall deem necessary and convenient to carry out any of the purposes and

powers granted in this Act. Any such contract, lease or agreement may be entered into, with any person, real or artificial, any corporation, municipal, public or private, any governmental agency or bureau, including the United States Government and the State of Texas, and may make contracts, leases, and agreements, with any such persons, corporation or entities for the acquisition, financing, construction or operation of any facilities in, connected with or incident to any such park. Any and all contracts, leases and agreements herein authorized, to be effective, shall be approved by resolution of the Joint Board and shall be executed by its Chairman or Vice-Chairman and attested by its Secretary or Treasurer.

#### Suits; Title to Properties; Levy of Tax

Sec. 11. Such Joint Board shall constitute a body corporate and politic, and shall have the right to sue and be sued in its own name. Title to the park or parks and all properties and facilities relating thereto shall be vested in the Joint Board. The Joint Board shall not have the power to levy a tax for any purpose.

#### Revenue Bonds

Sec. 12. (a) For the purpose of providing funds to acquire, improve, equip and repair such park or parks, or for the acquisition by construction or otherwise of any facilities to be used or connected with or incident to any such park or parks, or for any one or more of such purposes, the Joint Board shall have the power from time to time and is hereby authorized by resolution (hereinafter sometimes called the "Resolution"), to issue bonds, which shall be fully negotiable instruments under the Uniform Negotiable Instruments Law and all other laws of Texas. Included but without limiting, among the permanent improvements and facilities which may be acquired through the issuance of Bonds are the following: stadia, coliseums, auditoriums, athletic fields, pavilions and buildings and grounds for assembly, together with parking facilities and other improvements incident thereto. Such Revenue Bonds shall be issued in the name of the Joint Board, shall be signed by the Chairman of the Joint Board and attested by the Secretary, or the facsimile signature of either or both may be printed thereon, and the seal of the Joint Board shall be impressed, printed or lithographed thereon. The bonds shall mature serially or otherwise in not to exceed forty (40) years and may be sold by the Joint Board at a price and under terms determined by the Joint Board to be the most advantageous reasonably obtainable, provided that the average interest cost, taking into consideration the maturity date or dates of the Revenue Bonds calculated by the use of standard bond interest tables currently in use by insurance companies and investment houses, shall not exceed six per cent (6%) per annum. The Resolution authorizing the issuance of the bonds shall prescribe the details as to the Bonds. It may contain provisions for the calling of the Bonds for redemp-

tion prior to their respective maturity dates at such prices and at such times as may be prescribed in such Resolution, but except for such rights of redemption expressly reserved in the Resolution and in the Bonds they shall not be subject to redemption prior to their scheduled maturity date or dates. The bonds may be made payable at such times and at such places, within or without the State of Texas, as may be prescribed in the Resolution, and they may be made registrable as to principal, or as to both principal and interest.

(b) The Bonds may be issued in one or more series from time to time as required for carrying out the purposes of this Act.

(c) The bonds may be secured by a pledge of all or a part of the net revenues from such park or parks, or the facilities thereof and incident thereto, or by a pledge of the net revenues both from said park or parks and said facilities or any one or more thereof. The net revenues of any one or more contracts, operating contracts, leases or agreements theretofore or thereafter made or to be made, may be pledged as the sole, or as additional security, for the support of the bonds. The bonds may be additionally secured by a mortgage upon any or all of the real and personal property owned and to be owned by the Joint Board. In any such Resolution the Joint Board may reserve the right under conditions therein specified to issue additional bonds which will be on a parity with, or subordinate to the bonds then being issued.

(d) The term "Net Revenues" as used in this Section and in this Act shall mean the gross revenues from the park or the parks, and the facilities thereof, leases, agreements and contracts, and incidents thereto, or from any one or more thereof, whose revenues shall have been thus pledged, after deduction of the necessary expenses as defined in Section 14 hereof.

(e) From the proceeds of the bonds the Joint Board may set aside, as shall be prescribed in the Resolution, an amount for payment of interest estimated to accrue during the construction period and in addition thereto such reserve for the interest and sinking fund as may be deemed proper. From the proceeds of the bonds all expenses necessarily incurred in issuing and in selling the revenue bonds shall be paid. The remainder of such proceeds shall be used for the purposes specified in the Resolution.

(f) Said bonds shall never be construed to be a debt of either of the two (2) such counties, or of the two (2) such counties jointly or collectively, or the State of Texas, or of the individual members of the Joint Board, but shall be payable solely and only from the income and properties of the Joint Board. Each bond shall contain on its face substantially the following provisions:

The holder hereof shall never have the right to demand payment of this obligation

out of any funds raised or to be raised by taxation.

(g) So long as any of the bonds are outstanding no additional bonds of equal dignity shall be issued against the pledged revenues except to the extent and in the manner expressly permitted in the Resolution.

(h) Before any such bonds are delivered to the purchaser they shall be submitted to the Attorney General along with the record pertaining thereto for his examination and approval. It shall be the duty of the Attorney General to approve the bonds when issued in accordance with this Act. Bonds thus approved by the Attorney General and registered within the office of the Comptroller of Public Accounts shall be incontestable.

#### Refunding Bonds

Sec. 13. Bonds which likewise will be fully negotiable, may be issued by Resolution adopted by the Joint Board for the purpose of refunding bonds issued under this Act. The refunding bonds may be secured in the manner provided in this Act, for securing original bonds. Such refunding bonds may be sold and the proceeds used to retire the original bonds, or may be issued in exchange for the original bonds, as may be provided in the Resolution authorizing their issuance.

#### Expenses; Rates, Charges and Tolls

Sec. 14. (a) The expense of operation and maintenance of facilities whose revenues are pledged to the payment of the bonds shall always be a first lien on and charge against the income thereof. So long as any of said bonds or interest thereon remain outstanding the Joint Board shall charge or require the payment of fees and tolls for the use of such facilities which shall be equal and uniform within classes defined by the Joint Board and which shall yield revenues at least sufficient to pay the expenses of such operation and maintenance, and to provide for the payments prescribed in the Resolution for "Debt Service" as that term may be defined in the Resolution (which without limitation may include provisions for any or all of the following: The payment of principal and interest as such principal and interest respectively mature, the establishment and maintenance of funds for extensions and improvements, and operating reserve, and an interest and sinking fund reserve).

(b) The Joint Board is authorized to determine the rates, charges and tolls which must be charged by it for the use, operation or lease of such facilities.

#### Provisions Applicable to Bonds

Sec. 15. The following provisions shall be applicable as to bonds issued under this Act:

(a) It shall be the duty of the Joint Board to fix such tolls and charges for the use of the facilities whose revenues are thus pledged as will yield revenues fully sufficient to operate and maintain such facilities and to permit full compliance by

the Joint Board with the covenants contained in the Resolution for the making of payments in the Debt Service Fund, including payments into any reserve accounts or funds created in the Resolution in connection with the issuance of the bonds. In the event that any part of the security for the bonds consists of money to be received by the Joint Board as consideration for facilities belonging to the Joint Board but operated by another or others under some form of lease or operating contract, it shall be the duty of the Joint Board to fix and authorize rates, charges and tolls to be made by such person or persons for services to be rendered by such facilities, at least sufficient to assure the receipt by the Joint Board of money which the Joint Board is committed to pay from such source for Debt Service under the terms of the Resolution.

(b) The proceeds of the bonds shall be used and shall be disbursed under such restrictions as may be provided in the Resolution, and there shall be and there is hereby created and granted a lien upon such moneys, until so applied, in favor of the holders of the bonds or of any trustee provided for in respect to such bonds, but neither the depository of such funds nor the trustee shall be obligated to see to the proper application of such fund except as expressly provided in the Resolution or in the indenture securing the bonds. Any surplus remaining from the bond proceeds after providing for the following: interest during construction and for such additional period as may be prescribed in the Resolution, and the creating of any reserve fund prescribed in the Resolution, and the accomplishment of the bond purpose, shall be used for retiring the bonds to the extent that they can be purchased at prevailing market prices, or be retained for future expansion or improvements.

(c) The Resolution may provide that such bonds shall contain a recital that they are issued pursuant to and in strict conformity with this Act and such recital when so made shall be conclusive evidence of the validity of the bonds and the regularity of their issuance.

(d) Any Bond issued pursuant to the provisions of this Act shall be exempt from taxation by the State of Texas, or by any municipal corporation, county, or other political subdivision or taxing district of the state.

(e) If so provided in the Resolution, an indenture securing the bonds may be executed by and between the Joint Board and a corporate trustee, and such Resolution may provide also for execution of the indenture by a corporate or individual co-trustee. In addition to the pledge of revenues, the indenture may grant a mortgage or deed of trust lien on all or any part<sup>1</sup>

real and personal property of the Joint Board theretofore and thereafter acquired. Any such corporate trustee or corporate co-trustee shall be any trust company or bank within or without the State of Texas having trust powers.

(f) Either the Resolution or such indenture may contain such provisions for protecting or enforcing the rights or remedies of the bondholders as may be considered by the Joint Board reasonable and proper and not in violation of law, including covenants setting forth the duties of the Joint Board in reference to maintenance, operation or repair, and insurance (including within the discretion of the Joint Board insurance against loss of use and occupancy) of the facility whose revenues are pledged and the custody, safeguarding and application of all moneys received from the sale of the bonds, and from revenues to be received from the operation of the project.

(g) It shall be lawful for any bank or trust company in this state to act as depository for the proceeds of the bonds or revenues derived from the operation of facilities whose revenues may be pledged, or for the special funds created to assure payment of principal and interest on the bonds, including reserve funds and accounts, or for one or more of such classes of deposits, and to furnish such indemnity bonds or to pledge such securities as may be required by the Joint Board.

(h) The Joint Board may select such depository or depositories without the necessity of seeking competitive bids. Such deposits shall be secured in the manner required by law for the security of money belonging to counties. Provided, that the Joint Board in the Resolution or the indenture securing the bonds may bind the Joint Board to the use of direct obligations of the United States Government or obligations unconditionally guaranteed by the United States Government as security for such deposits. Such indenture or Resolution may set forth the rights and remedies of the bondholders and of the trustee and may restrict the individual rights of action of the bondholders. The Resolution may contain all other suitable provisions such as the Joint Board may deem reasonable and proper for the security of the bondholders, including but without limitation covenants prescribing all happenings or occurrences which constitute events of default and the terms and conditions upon which any or all of the bonds shall become, or may be declared to be due before maturity, and as to the rights, liabilities, powers and duties arising from the breach by the Joint Board of any of its duties or obligations.

(i) That any holder or holders of the bonds issued hereunder, including a trust-

tee or trustees for such holders, shall have the right in addition to all other rights, by mandamus or other proceedings in any court of competent jurisdiction to enforce his or their rights against the Joint Board or its employees, the agents and employees thereof, or any lessee of any of said facilities whose revenues are pledged, including but not limited to the right to require the Joint Board to impose and establish and enforce sufficient and effective tolls and charges to carry out the agreements contained in the Resolution and indenture, or in both the Resolution and indenture, and to perform all agreements and covenants therein contained and duties arising therefrom, and in the event of default, as defined in the Resolution authorizing the bonds or in the indenture securing the bonds to apply for and obtain the appointment of a receiver for any of the properties involved. If such receiver be appointed he shall enter and take possession of the facilities mortgaged and whose revenues shall have been pledged and until the Joint Board may be no longer in default, or until relieved by the court, retain possession of the properties involved and collect and receive all revenues and tolls arising therefrom, and make and renew contracts and leases with approval of the court, in the same manner as the Joint Board itself might do, and shall dispose of all such moneys and apply same in accordance with the obligations of the Joint Board under the Resolution or indenture, and as the court may direct.

(j) The Resolution or the indenture securing the bonds may contain provisions to the effect that so long as the revenues of such park facilities are pledged to the payment of bonds no free service shall be rendered by any of such facilities of the park for which tolls, charges and rentals are to be effective under the Resolution.

(k) All such bonds shall be and are hereby declared to be legally authorized investments for banks, savings banks, trust companies, building and loan associations, insurance companies, fiduciaries, trustees, and for the sinking funds and other funds of the State of Texas. Such bonds shall be eligible to secure the deposit of any and all municipal corporations, counties, political subdivisions, public agencies, and taxing districts within the State of Texas, and such bonds shall be lawful and sufficient security for such deposits to the extent of their face value when accompanied by all unmatured coupons appurtenant thereto.

(l) The provisions contained in the Resolution and in the indenture and the applicable provisions of this Act shall constitute an irrevocable contract between the Joint Board and the holders of such bonds.

<sup>1</sup> So in enrolled bill.

Leases or Operating Agreements Made Prior to, or  
Concurrently With, Authorization of Bonds

Sec. 16. At any time prior to the authorization of bonds secured by a pledge of the revenues from any designated facility or facilities of the park or parks, the Joint Board may, for such period of time as it may determine, make a contract or lease agreement with a company, corporation, or individual for the operation of such facility, or facilities, the consideration for such contract or lease agreement to be specified, or the method of determining such consideration to be prescribed in such contract or lease agreement. The revenues from any such contract or agreement may be pledged in the Resolution or indenture as security or additional security for the revenue bonds. Any such facility or facilities may likewise be leased under such contract or lease agreement concurrently with the authorization of the issuance of said bonds, and the revenues therefrom pledged as security or additional security for the bonds; and in the event that issuance of said bonds is authorized concurrently with the contract or lease agreement then the revenues from such contract or agreement shall constitute security for the bonds. Such contract or agreement must provide that the rentals, tolls and charges to be enforced by such lessee for the use or services provided by such facility or facilities shall be sufficient at least to yield in the aggregate money necessary to pay the reasonable operation and maintenance expenses to assure proper operation and maintenance of such facility or facilities, plus an amount which will assure income to the Joint Board to permit and assure payments into the several funds and accounts in the manner, at the times and in the amounts specified in the Resolution. Any such lease agreement or contract may provide that such rentals, tolls and charges may be sufficient to yield a reasonable profit to the other party to the lease agreement or contract, but to be realized only after payment in full of the obligation to the Joint Board; any such operating or lease contract may provide for payment of the annual consideration or rental in monthly installments approximately equal and that failure to pay any required sum when due may be declared to be a breach of contract or agreement, entitling the Joint Board under regulations prescribed therein to declare the contract or agreement forfeited and to take over the operation and maintenance of such facility or facilities, but such remedy shall be cumulative of all others therein provided or recognized. The Joint Board may, in the alternative, reserve the right under conditions specified in the Resolution or Trust Indenture to make such lease after issuance of the bonds.

Annual Financial Statement; Form; Proposed Budget;  
Operation and Maintenance Expenses

Sec. 17. Before July 1st of each year the Joint Board shall prepare and not later than July 1st, file with the County Clerk of each of the two (2) such counties, a complete state-

ment showing the financial status of the Joint Board, its properties, funds and indebtedness. The statement shall be so prepared as to show separately all information concerning the bonds, the income from pledged facilities, and expenditures of such revenues, and all information concerning any moneys which might have been appropriated to the Joint Board by the Commissioners Court of each of the two (2) such counties for operational and maintenance expenses. Concurrently with the filing of such statement, the Joint Board shall file with the County Clerk of each of the two (2) such counties a proposed budget of its needs for the next succeeding calendar year. It shall be the duty of the Joint Board to so operate said park or parks that there will be available from the gross revenues received from the operation of park facilities whose revenues are pledged to the payment of bonds money sufficient to pay the operation and maintenance expenses of said facilities.

Rules and Regulations

Sec. 18. The Joint Board shall have the power to adopt and promulgate all reasonable regulations and rules, applicable to tenants, concessionaires, residents and users of park facilities, regulating hunting, fishing, boating and camping and all recreational and business privileges in any such park or parks.

Acceptance of Grants and Gratuities

Sec. 19. The Joint Board is hereby authorized to accept grants and gratuities in any form from any source approved by the Joint Board and the Commissioners Court of each of the two (2) such counties including the United States Government or any agency thereof, the State of Texas or any agency thereof, any private or public corporation; and any other person, for the purpose of promoting, establishing and accomplishing the objectives and purposes and powers herein set forth.

Exercise of Powers by Commissioners Court

Sec. 20. (a) In the event the County Commissioners Court of either of the two (2) such counties as hereinbefore defined, does not pass a Resolution authorizing the establishment of such Joint Board of Park Commissioners, the establishment of such Joint Board shall not be consummated.

(b) In the event the establishment of any such Joint Board of Park Commissioners be declared by the courts to be invalid, then the County Commissioners Courts of the two (2) such counties, acting jointly and together, are hereby expressly granted the right to ratify any or all of the actions taken by such Joint Board prior to the declaration of the invalidity of said Joint Board's establishment and to exercise any and all of the powers, acts and authority by this Act conferred, authorized and delegated to said Joint Board of Park Commissioners.

Law Cumulative; Conflict With Other Laws

Sec. 21. This Act is cumulative of all other laws relating to county parks or to parks operated jointly by two (2) adjacent counties as hereinbefore defined, but this Act shall take precedence in the event of a conflict.

Partial Invalidity

Sec. 22. If any provision of this Act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable.

Sec. 1. This Act shall be applicable to all cities contained in any county which has, in conjunction with an adjoining county, created a Joint Board of Park Commissioners under the provisions of Chapter 137, Acts of the Fifty-sixth Legislature.<sup>1</sup>

Sec. 2. Any such city may sell and convey any land owned by it to such Joint Board of Park Commissioners or to such counties, provided the governing body of the city finds that such land will not be required for city purposes. Art. 6081c. Development by Certain Cities of Lands Owned Outside Limits for Parks and Playgrounds

Sec. 1. That whenever any incorporated city having a population of more than 43,000 according to the United States census of 1920, in any county having a population of less than 100,000 according to said census may own land without its limits, and devoted to use as a public park or playground, either or both, and which may be contiguous to any land owned by the county in which such city is situated and devoted to use as a public park, the governing body of such city may purchase for the city and the Commissioners' Court of such county may sell to the city, upon such terms as may be agreed upon, the lands so owned and held by the county, the same to be acquired by the city to be used exclusively in connection with its adjacent or contiguous lands devoted to park or playground purposes, either or both, and the land so acquired to be devoted to a like use; or the governing body of such city may sell to and the Commissioners' Court thereof may buy for such county, upon such terms as may be agreed upon, the lands so owned and held by the city, the same to be acquired by the county for the exclusive use in connection with its adjacent or contiguous lands devoted to use as a public park and to be devoted only to such purpose; provided, however, that in all cases of such sales the minimum consideration which may be agreed upon shall be adequate to pay, or provide for the payment of any portion of any unmatured bonded indebtedness which may have been incurred by the seller in originally acquiring the land so sold, all sums to the credit of the sinking fund of such indebtedness to be deducted from the face value of the unmatured bonds in determining the outstanding indebtedness within the meaning of this Act, and this provision to in no wise be deemed as prohibiting any agreement upon a greater consideration for the property.

Sec. 3. Any roadway upon which land acquired for park purposes under the provision of this Act abuts on both sides may be closed by order of the Commissioners' Court of the county in which said roadway is located, and thereafter all rights which the State may have in and to such roads by reason of previous dedication shall be cancelled and surrendered back to the county.

Provided, that no city shall be liable for injuries to persons resulting from or caused by any defective, unsound, or unsafe condition of any such park or playground, or any part thereof, or thing of any character therein resulting from or caused by any negligence, want of skill, or lack of care on the part of any governing board, officer, servant, employee or other person with reference to the construction, management, conduct, or maintenance of any such park or playground or any improvement, structure, or thing of any character whatsoever located therein or connected therewith.

**Powers Additional to Charter Powers**

Sec. 6. minimum consideration which may be agreed upon shall be adequate to pay, or to provide for the payment of, any portion of any outstanding bonded indebtedness which may have been incurred by the seller in originally acquiring the land sold, all sums to the credit of the Sinking Fund of such indebtedness to be deducted from the face value of the unpaid bonds in determining the outstanding indebtedness within the meaning of this Act and this provision in no wise to be deemed as prohibiting any agreement upon a greater consideration for the sale of the property.

**Closing Roads Through Lands Acquired**

**Art. 6081g. Cities of 60,000 or More Bordering on Gulf of Mexico Granted Use and Occupancy for Park Purposes of Tidelands and Waters**

**Right of Use and Occupancy Granted; Rights of City**

Sec. 1. Any city in this State bordering upon the Gulf of Mexico, which has or hereafter may have a population of sixty thousand (60,000) or more inhabitants as shown by the next preceding Federal Census taken before any action by such city is taken hereunder, shall have, and is hereby granted for park purposes, the right of use and occupancy of the tidelands between the lines of the ordinary high tide and the ordinary low tide of the Gulf of Mexico and the adjacent waters of the Gulf of Mexico, and the bed thereof, for a distance into and over the waters and bed of the Gulf of Mexico, of not over two thousand (2,000) feet from the line of ordinary high tide, between extensions into the Gulf of Mexico of property lines of property above and fronting upon the tidelands owned or acquired by the city for park purposes, or in or to which it has or may acquire easements, or other rights or privileges authorizing it to use and occupy the same for park purposes, and such city may declare abandoned for use as streets or highways and take, occupy and use for park purposes any lands, or parts thereof, theretofore dedicated as public streets or highways which because of submersion by the waters of the Gulf of Mexico or the building of a seawall, breakwater, or other structure, have become unfit for use as streets or highways, if so found and declared by the governing body of the city. Provided that the

distance between the extensions mentioned above shall never exceed one thousand (1,000) feet. Provided, however, that nothing in this Act contained shall be deemed as authorizing the taking of any private property or interest therein without compensation as required by the Constitution of the State of Texas.

The right of use and occupancy granted herein is upon the express condition that the State of Texas shall retain all of the oil, gas and other mineral rights in and under any of the land which it owns affected hereby.

The governing body of any such city shall have full rights of management and control of such tidelands, waters and bed of the Gulf of Mexico for park purposes to the extent allowed by this Act, including right and power on the part of such governing body, within its discretion, to acquire, erect, build and construct, repair, enlarge, extend, improve and remodel, furnish and equip and conduct, operate and maintain upon, over and into such tidelands and waters and bed of the Gulf of Mexico, a pier extending from the shore, with structures thereon to provide facilities for recreation, amusement, comfort, assemblies, and lodging of the public; provided, however, that no such city shall maintain and operate more than one such pier and no such pier shall extend into the Gulf of Mexico a distance in excess of two thousand (2,000) feet from the line of ordinary high tide, nor shall any such pier be constructed or maintained in any part of any channel deepened or improved for commercial navigation or between the shore line and any such channel, or in any arm, inlet, bay or body of water other than the main body of the Gulf of Mexico.

Without limiting the authority of the governing body of any city erecting or acquiring any pier as above authorized to determine the suitability of structures and facilities to be provided thereon for the purposes above authorized, it is hereby declared and enacted that for such purposes there may be erected, provided, operated and maintained thereon structures or facilities for any one or more of the following (the singular including the plural): theatre, restaurant, accommodations for overnight and transient guests, convention hall, dance hall, aquarium, exhibition hall, stadium for aquatic or other sports, concession and amusement devices stands or platforms, platform from which fishing may be carried on, together with walkways and rest room and toilet facilities and resting places, and other facilities for the convenience and comfort of the public; it being here expressly declared that the listing of the aforesaid structures and facilities is not intended to and shall not exclude other structures and facilities and uses reasonably adapted and suitable for park purposes upon, or in connection with, any such pier.

Acquisition of Privately Owned Lands for Park Purposes  
in Connection With Pier

Sec. 2. (a) That any city of the class defined in Section 1 hereof acquiring or erecting,

or to acquire or erect, any such pier, as is authorized in said Section 1, shall be, and is hereby, empowered to acquire by gift or purchase such privately owned land and rights in privately owned land within the limits of the city, for use for park purposes in connection with such pier as the governing body of the city may determine to be necessary.

(b) That any such city, through its governing body, is hereby authorized, and shall have the power, to enter into contracts upon such terms as it may deem to be to the best interest of the city in connection with said pier and its facilities, including, but without in any way limiting the generalization of the foregoing, lease contracts whereby said pier in whole or in part is leased to another party or parties (public agencies or otherwise), and operation contracts whereby said pier in whole or in part is to be operated by another party or parties (public agencies or otherwise). Any such lease contract or operation contract shall be authorized by ordinance or resolution adopted by the governing body of the city, and may cover any term of years not to exceed forty (40) years from the date thereof. All or any part of the proceeds to be derived by the city from any such contract may be pledged to the payment of revenue bonds issued by the city under Section 4 hereof. Among other things, any lease contract may provide that the lessee shall have the right to acquire or construct improvements or facilities, which (if so provided in said lease contract) will belong to the city at the termination of the period or periods covered by such lease contract.

Bonds and Taxes for Pier; Election

Sec. 3. For the purpose of obtaining funds to defray in whole, or in part, the costs of acquiring privately owned lands, if any, to be used in connection with any such pier or structure as is authorized in Section 1 hereof, and the cost of erecting, constructing, furnishing and equipping the same, any City of a class covered by this Act may borrow money and may issue its negotiable bonds and levy and collect annual ad valorem taxes not in excess of any Constitutional limitation sufficient to pay the interest on and provide a sinking fund for such bonds with which to pay them as they mature; provided, however, that the terms and requirements of Chapter 1, Title 22, Revised Civil Statutes of 1925 and Acts amendatory of and supplementary thereto, shall apply to and govern the issuance of all such bonds; and provided, further, that when any bonds to be issued for a purpose herein authorized have heretofore been duly authorized at an election called and conducted in the manner prescribed and required by the aforesaid Chapter 1, Title 22, Revised Civil Statutes of 1925 and Acts amendatory of and supplementary thereto, the governing body of the City wherein such election has been conducted may issue the bonds authorized at such election without another election thereon. If the governing body of the City so decides, the proceeds of bonds issued

under authority of this Section may be used to pay in part the cost of building, erecting, constructing, furnishing and equipping any such structures, or improvements as are authorized by this Act which, together with lands and interest in lands occupied by, or used in connection therewith, and the income therefrom may have been, or are to be mortgaged and encumbered for the purpose of providing funds with which to pay additional costs of acquiring, building, erecting, constructing, furnishing, or equipping the same; or for any one or more of such purposes.

**Mortgaging Pier, Equipment and Income**

Sec. 4. That for the purpose of obtaining funds for any of the purposes provided in Section 1 of, or elsewhere in, this Act, any city of the class defined in said Section 1, through its governing body, is hereby authorized, and shall have the power, from time to time, to issue bonds, notes or warrants secured by a pledge of and payable from the net revenues derived from the operation of all or any designated part or parts of such pier, structures, or improvements. As additional security for such bonds, notes or warrants, said city is hereby authorized, and shall have the power, to mortgage and encumber all or any designated part or parts of such pier, structures, or improvements and the furnishings and equipment thereof, together with all lands and interests, easements and other rights in land acquired or to be acquired and used in connection therewith, including the right of use and occupancy of the tidelands and waters and bed of the Gulf of Mexico herein granted (and, if the city now or hereafter owns, or has title to or rights in, the tidelands or bed of the Gulf of Mexico or the waters thereof, including said tidelands, bed, and waters and the rights therein). As further additional security for such bonds, notes or warrants, said city may, by the terms of any such mortgage, grant to the purchaser under sale or foreclosure thereunder a franchise to operate the properties purchased for a period of not over seventy-five (75) years after the purchase thereof; and during such period, in the case of any pier, structures, or improvements located at the time of said sale or foreclosure, wholly or in part, over and into state-owned tidelands and waters and bed of the Gulf of Mexico, such purchaser, his, their, or its heirs, successors or assigns shall have a like right of use and occupancy of said state-owned tidelands and waters and bed of the Gulf of Mexico in connection with such pier, structures or improvements for like purposes as are herein granted to the city, and such right of use and occupancy upon the termination of such period or upon the cessation of the use of the properties for such purpose occurring prior to the termination of such period shall revert to the city.

The power to issue bonds, notes and warrants payable from net revenues and the power to mortgage and encumber in this Section granted may be exercised as to property ac-

quired, built, erected, constructed, furnished or equipped for the purposes of this Act authorized, whether the entire cost thereof shall be defrayed wholly from the proceeds of revenue bonds, notes or warrants issued pursuant to this Section 4, or partly from such proceeds and partly with the proceeds from bonds or warrants issued under authority of Section 3 and Section 5 hereof, or either of them, or with funds obtained from any other lawful source.

All bonds issued under the authority of this Section shall be made payable to bearer or to the order of a named payee and shall be negotiable instruments and are hereby declared to have all the qualities and incidents of negotiable instruments under the Negotiable Instruments Law of the State of Texas,<sup>1</sup> but shall be payable solely from the special fund herein provided, and, at the option of the city, additionally secured by the mortgage and franchise above authorized. Such bonds shall bear interest not exceeding six per cent (6%) per annum, have such dates and such maturities serially or otherwise not exceeding forty (40) years from their date or dates, be in such denominations and be payable as to principal and interest at such place or places (which may be at any bank, either within or without the state), in such medium of payment, contain such provisions for redemption prior to maturity and be in such form as the governing body of the city may determine. No such bond or the interest coupons appurtenant thereto bearing the signature or facsimile signature of any official of the city duly authorized to sign the same at the time such signature may be actually affixed thereto, shall be invalid by reason of such official ceasing to hold office prior to the delivery of such bond, or not having held office on the date of such bond.

Interest on such bonds may be payable in such manner as the governing body of the city may prescribe, and such bonds may in the discretion of the governing body of the city be made registrable as to principal and interest, or as to principal only, under such terms as the governing body may prescribe, or may be issued not subject to registration. Such bonds may be executed in the manner set forth in the proceedings authorizing the issuance of the same, and such proceedings may provide that the bonds and coupons, either or both, shall be executed by facsimile signatures and that the seal of the city on the bonds shall be the printed facsimile seal.

In the proceedings authorizing the issuance of such bonds, the governing body may prohibit the further issuance of bonds payable from the pledged revenues, or may reserve the right to issue additional bonds to be secured by a pledge of and payable from said net revenues in all respects on a parity with, or subordinate to, the lien and pledge in support of the bonds being issued, subject to such conditions as are set forth in said proceedings. When any bonds recite that they are secured partially or other-

wise by a pledge of the proceeds of a contract or contracts made between the city and another party or parties (public agencies or otherwise), including but without in any way limiting the generalization of the foregoing, lease contracts and operation contracts, a copy of such contract or contracts and of the proceedings authorizing the same shall be submitted to the Attorney General, and the approval by the Attorney General of the bonds shall constitute an approval of such contract or contracts, and thereafter the contract or contracts shall be incontestable except for forgery or fraud.

No obligation issued and secured under authority of this Section shall ever be a debt of the city issuing the same, but shall be solely a charge upon the income and properties encumbered and shall never be reckoned in determining the power of such city to issue any bonds for any purpose authorized by law. Every such obligation shall contain substantially the following clause: "The holder hereof shall never have the right to demand payment of this obligation out of any funds raised or to be raised by taxation."

The nature of the pledge of income and encumbrance of properties to secure any such obligations and the control, management and operation of such properties while any such obligation remains unpaid, shall be subject to and be governed by the provisions of Articles 1111 to 1118, both inclusive, Vernon's Texas Civil Statutes, as amended, in like manner as are parks and systems named in Article 1111, as amended; provided, that no election shall be necessary to authorize the issuance of bonds under this Section.

The governing body of the city is hereby authorized to provide by ordinance for the issuance of revenue refunding bonds of the city for the purpose of refunding any revenue bonds issued under the provisions of this Section and then outstanding, together with accrued interest thereon, interest on past due principal, interest on past due interest, and judgments of courts of competent jurisdiction pertaining to past due principal and interest. The issuance of such revenue refunding bonds, the maturities and all other details thereof, the rights of the holders thereof and the duties and powers of the city in respect to the same, shall be governed by the provisions of this Act insofar as the same may be applicable. Such revenue refunding bonds may bear interest at a rate or rates higher than that borne by the underlying bonds, but such rate or rates to be borne by the revenue refunding bonds shall not exceed six per cent (6%) per annum.

<sup>1</sup> Repealed; see, now, Business and Commerce Code, § 3.101 et seq.

**Bonds Declared Negotiable Instruments; Legal Investments and Security for Deposit of Public Funds**

Sec. 4a. All bonds issued under this Act (both tax bonds and revenue bonds) shall be and are hereby declared to be, and to have all

the qualifications of, negotiable instruments under the Negotiable Instruments Law of the State of Texas,<sup>1</sup> and all such bonds shall be and are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, insurance companies, fiduciaries, trustees, guardians, and for the sinking funds of cities, towns, villages, counties, school districts, or other political corporation or subdivision of the State of Texas. Such bonds shall be eligible to secure the deposit of any and all public funds of the State of Texas, and any and all public funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas; and such bonds shall be lawful and sufficient security for said deposits to the extent of their face value when accompanied by all unmatured interest coupons appurtenant thereto.

<sup>1</sup> Repealed; see, now, Business and Commerce Code, § 3.101 et seq.

**Additional Taxes; Limitation on Rate**

Sec. 5. In addition to any taxes authorized for the purpose of paying the interest on and principal of any bonds issued under authority of Section 3 hereof, the governing body of any City building or acquiring a pier, structure or improvements with proceeds of bonds or warrants issued under authority of Sections 3 and 4 hereof, either or both, shall have and is hereby given the power to levy and collect annual ad valorem taxes of, and at a rate not to exceed Five (5¢) Cents in any one (1) year on each One Hundred (\$100.00) Dollars valuation of taxable property in such City for the purpose of defraying in part the cost of acquiring, building, constructing, erecting, furnishing or equipping such pier, structure, or improvement or the cost of land, or interest in land to be used in connection therewith, or for the purpose of repairing, enlarging, extending, altering or improving the same after completion; and within its discretion, such governing body for such purposes, or any of them, may issue interest-bearing time warrants of the City to be payable from taxes authorized to be levied and collected by this Section.

**Partial Invalidity**

Sec. 6. Invalidity of any Section, term or provision hereof shall not render invalid the remaining Sections, terms and provisions hereof which would otherwise be valid.

**Powers Additional and Supplemental**

Sec. 7. ## Limited Partner as Creditor of Partnership

Sec. 14. (a) A limited partner also may loan money to and transact other business with the partnership, and, unless he is also a general partner, receive on account of resulting claims against the partnership, with general creditors, a pro-rata share of the assets. No limited partner shall in respect to any such claim:

(1) Receive or hold as collateral security any partnership property, or

If such an agreement is made it shall be stated in the certificate, and in the absence of such a statement all the limited partners shall stand upon equal footing.

#### Share of Profits or Compensation

Sec. 16. A limited partner may receive from the partnership the share of the profits or the compensation by way of income stipulated for in the certificate; provided, that after such payment is made, whether from the property of the partnership or that of a general partner, the partnership assets are in excess of all liabilities of the partnership except liabilities to limited partners on account of their contributions and to general partners.

#### Return of Contribution

Sec. 17. (a) A limited partner shall not receive from a general partner or out of partnership property any part of his contribution until:

(1) All liabilities of the partnership, except liabilities to general partners and to limited partners on account of their contributions, have been paid or there remains property of the partnership sufficient to pay them.

(d) A limited partner may have the partnership dissolved and its affairs wound up when:

(1) He rightfully but unsuccessfully demands the return of his contribution, or

#### Liabilities of Limited Partner to Partnership

Sec. 18. (a) A limited partner is liable to the partnership:

(1) Specific property stated in the certificate as contributed by him, but which was not contributed or which has been wrongfully returned, and

(2) Money or other property wrongfully paid or conveyed to him on account of his contribution.

(c) The liabilities of a limited partner as set forth in this section can be waived or compromised only by the consent of all members; but a waiver or compromise shall not affect the right of a creditor of a partnership, who extended credit or whose claim arose after the filing and before a cancellation or amendment of the certificate, to enforce such liabilities.

(d) When a contributor has rightfully received the return in whole or in part of the capital of his contribution, he is nevertheless liable to the partnership for any sum, not in excess of such return with interest, necessary to discharge its liabilities to all creditors who extended credit or whose claims arose before such return.

(d) An assignee shall have the right to become a substituted limited partner if all the members (except the assignor) consent thereto or if the assignor, being thereunto empowered by the certificate, gives the assignee that right.

(e) An assignee becomes a substituted limited partner when the certificate is appropriately amended in accordance with Section 26.

(f) The substituted limited partner has all the rights and powers, and is subject to all the restrictions and liabilities of his assignor, except those liabilities of which he was ignorant at the time he became a limited partner and which could not be ascertained from the certificate.

(g) The substitution of the assignee as a limited partner does not release the assignor from liability to the partnership under Sections 7 and 18.

#### Retirement, Death or Insanity of General Partner

Sec. 21. The retirement, death or insanity of a general partner dissolves the partnership, unless the business is continued by the remaining general partners.

(a) Under a right so to do stated in the certificate, or

(b) With the consent of all members.

Sec. 22. (a) On the death of a limited partner his executor or administrator shall have all the rights of a limited partner for the purpose of settling his estate, and such power as the deceased had to constitute his assignee a substituted limited partner.

(b) The estate of a deceased limited partner shall be liable for all his liabilities as a limited partner.

#### Creditors of Limited Partners, Remedies of

Sec. 23. (a) On due application to a court of competent jurisdiction by any judgment creditor of a limited partner, the court may charge the interest of the indebted limited partner with payment of the unsatisfied amount of the judgment debt; and may appoint a receiver, and make all other orders, directions, and inquiries which the circumstances of the case may require.

(b) The interest may be redeemed with the separate property of any general partner, but may not be redeemed with partnership property.

(c) The remedies conferred by paragraph (a) shall not be deemed exclusive of others which may exist.

(d) Nothing in this Act shall be held to deprive a limited partner of his statutory exemption.

#### Order of Payment of Liabilities on Dissolution

Sec. 24. (a) In settling accounts after dissolution the liabilities of the partnership shall be entitled to payment in the following order:

(3) The law of agency shall apply under this Act.

(4) This Act shall be so interpreted and construed as to effect its general purpose to make uniform the law of those states which enact it.

(5) This Act shall not be construed so as to impair the obligations of any contract existing when the Act goes into effect, nor to affect any action or proceedings begun or right accrued before this Act takes effect.

Rules for Cases Not Provided for in This Act

Sec. 5. In any case not provided for in this Act the rules of law and equity, including the law merchant, shall govern.

PART II. NATURE OF A PARTNERSHIP

Partnership Defined

Sec. 6. (1) A partnership is an association of two or more persons to carry on as co-owners a business for profit.

(2) But any association formed under any other Statute of this state, or any Statute adopted by authority, other than the authority of this state, is not a partnership under this Act, unless such association would have been a partnership in this state prior to the adoption of this Act; but this Act shall apply to limited partnerships except in so far as the Statutes relating to such partnerships are inconsistent herewith.

(3) An association is not a partnership under this Act if:

(a) The word "association" or "associates" is part of and always used in the name under which it transacts business, and

(b) Its assumed name certificates, filed in accordance with law, contain a statement substantially as follows: "This association intends not to be governed by the Texas Uniform Partnership Act," and

(c) The business it transacts is wholly or partly engaging in an activity in which corporations cannot lawfully engage.

This Subsection shall not be construed to change in any way the law applicable to associations which are not partnerships under this Act.

Rules for Determining the Existence of a Partnership

Sec. 7. In determining whether a partnership exists, these rules shall apply:

(1) Except as provided by Section 16 persons who are not partners as to each other are not partners as to third persons.

(2) Joint tenancy, tenancy in common, tenancy by the entireties, joint property, common property, or part ownership does not of itself establish a partnership, whether such co-owners do or do not share any profits made by the use of the property.

(3) The sharing of gross returns does not of itself establish a partnership, whether or not the persons sharing them have a joint or common right or interest in any property from which the returns are derived.

(4) The receipt by a person of a share of the profits of a business is prima facie evidence that he is a partner in the business, but no such inference shall be drawn if such profits were received in payment:

(a) As a debt by installments or otherwise,

(b) As wages of an employee or rent to a landlord,

(c) As an annuity to a widow or representative of a deceased partner,

(d) As interest on a loan, though the amount of payment vary with the profits of the business,

(e) As the consideration for the sale of a good-will of a business or other property by installments or otherwise.

(5) Operation of a mineral property under a joint operating agreement does not of itself establish a partnership.

#### Partnership Property

Sec. 8. (1) All property originally brought into the partnership stock or subsequently acquired by purchase or otherwise, on account of the partnership, is partnership property.

(2) Unless the contrary intention appears, property acquired with partnership funds is partnership property.

(3) Any estate in real property may be acquired in the partnership name. Title so acquired can be conveyed only in the partnership name.

(4) A conveyance to a partnership in the partnership name, though without words of inheritance, passes the entire estate of the grantor unless a contrary intent appears.

### PART III. RELATIONS OF PARTNERS TO PERSONS DEALING WITH THE PARTNERSHIP

#### Partner Agent of Partnership as to Partnership Business

Sec. 9. (1) Every partner is an agent of the partnership for the purpose of its business, and the act of every partner, including the execution in the partnership name of any instrument, for apparently carrying on in the usual way the business of the partnership of which he is a member binds the partnership, unless the partner so acting has in fact no authority to act for the partnership in the particular matter, and the person with whom he is dealing has knowledge of the fact that he has no such authority.

(2) An act of a partner which is not apparently for the carrying on of the business of the partnership in the usual way does not bind the partnership unless authorized by the other partners.

(3) Unless authorized by the other partners or unless they have abandoned the business, one or more but less than all the partners have no authority to:

(a) Assign the partnership property in trust for creditors or on the assignee's promise to pay the debts of the partnership,

(b) Dispose of the good-will of the business,

(c) Do any other act which would make it impossible to carry on the ordinary business of a partnership,

(d) Confess a judgment,

(e) Submit a partnership claim or liability to arbitration or reference.

(4) No act of a partner in contravention of a restriction on authority shall bind the partnership to persons having knowledge of the restriction.

#### Conveyance of Real Property of the Partnership

Sec. 10. (1) Where title to real property is in the partnership name, any partner may convey title to such property by a conveyance executed in the partnership name; but the partnership may recover such property unless the partner's act binds the partnership under the provisions of paragraph (1) of Section 9, or unless such property has been conveyed by the grantee or a person claiming through such grantee to a holder for value without knowledge that the partner, in making the conveyance, has exceeded his authority.

(2) Where title to real property is in the name of the partnership, a conveyance executed by a partner, in his own name, passes the equitable interest of the partnership, provided the act is one within the authority of the partner under the provisions of paragraph (1) of Section 9.

(3) Where title to real property is in the name of one or more but not all the partners, and the record does not disclose the right of the partnership, the partners in whose name the title stands may convey title to such property, but the partnership may recover such property if the partners' act does not bind the partnership under the provisions of paragraph (1) of Section 9, unless the purchaser or his assignee, is a holder for value, without knowledge.

(4) Where the title to real property is in the name of one or more or all the partners, or in a third person in trust for the partnership, a conveyance executed by a partner in the partnership name, or in his own name, passes the equitable interest of the partnership, provided the act is one within the authority of the partner under the provisions of paragraph (1) of Section 9.

(5) Where the title to real property is in the names of all the partners a conveyance executed by all the partners passes all their rights in such property.

(6) Nothing in this Section shall be deemed to modify the Statutes of limitations of actions for lands.

#### Partnership Bound by Admission of Partner

Sec. 11. An admission or representation made by any partner concerning partnership affairs within the scope of his authority as defined by this Act is evidence against the partnership.

#### Partnership Charged with Knowledge of or Notice to Partner

Sec. 12. Notice to any partner of any matter relating to partnership affairs, and the

knowledge of the partner acting in the particular matter, acquired while a partner or then present to his mind, and the knowledge of any other partner who reasonably could and should have communicated it to the acting partner, operate as notice or knowledge of the partnership, except in the case of a fraud on the partnership committed by or with the consent of that partner.

**Partnership Bound by Partner's Wrongful Act**

Sec. 13. Where, by any wrongful act or omission of any partner acting in the ordinary course of the business of the partnership or with the authority of his co-partners, loss or injury is cause to any person, not being a partner in the partnership, or any penalty is incurred, the partnership is liable therefor to the same extent as the partner so acting or omitting to act.

**Partnership Bound by Partner's Breach of Trust**

Sec. 14. The partnership is bound to make good the loss:

(a) Where one partner acting within the scope of his apparent authority receives money or property of a third person and misapplies it; and

(b) Where the partnership in the course of its business receives money or property of a third person and the money or property so received is misapplied by any partner while it is in the custody of the partnership.

**Nature of Partner's Liability**

Sec. 15. All partners are liable jointly and severally for all debts and obligations of the partnership including those under Sections 13 and 14.

**Partner by Estoppel**

Sec. 16. (1) When a person, by words spoken or written or by conduct, represents himself, or consents to another representing him to any one, as a partner in an existing partnership or with one or more persons not actual partners, he is liable to any such person to whom such representation has been made, who has, on the faith of such representation, given credit to the actual or apparent partnership, and if he has made such representation or consented to its being made in a public manner he is liable to such person, whether the representation has or has not been made or communicated to such person so giving credit by or with the knowledge of the apparent partner making the representation or consenting to its being made:

(a) When a partnership liability results, he is liable as though he were an actual member of the partnership;

(b) When no partnership liability results, he is liable jointly with the other persons, if any, so consenting to the contract or representation as to incur liability, otherwise separately,

(2) When a person has been thus represented to be a partner in an existing partnership, or with one or more persons not actual partners, he is an agent of the persons consenting to such representation to bind them to the same extent and in the same manner as though he were a partner in fact, with respect to persons who rely upon the representation. Where all the members of the existing partnership consent to the representation, a partnership act or obligation results; but in all other cases it is the joint act or obligation of the person acting and the persons consenting to the representation.

(3) A representation that a person is an "associate" or a "non-partner member" of a partnership is not a representation that he is a partner in the partnership.

**Liability of Incoming Partner**

Sec. 17. A person admitted as a partner into an existing partnership is liable for all the obligations of the partnership arising before his admission as though he had been a partner when such obligations were incurred, except that this liability shall be satisfied only out of partnership property.

**PART IV. RELATIONS OF PARTNERS TO ONE ANOTHER**

**Rules Determining Rights and Duties of Partners and Employees**

Sec. 18.

(1) The rights and duties of the partners in relation to the partnership shall be determined, subject to any agreement between them, by the following rules:

(a) Each partner shall be repaid his contributions, whether by way of capital or advances to the partnership property, and share equally in the profits and surplus remaining after all liabilities, including those to partners, are satisfied; and must contribute toward the losses, whether of capital or otherwise, sustained by the partnership according to his share in the profits.

(b) The partnership must indemnify every partner in respect of payments made and personal liabilities reasonably incurred by him in the ordinary and proper conduct of its business, or for the preservation of its business or property.

(c) A partner, who in aid of the partnership makes any payment or advance beyond the amount of capital which he agreed to contribute, shall be paid interest from the date of the payment or advance.

(d) A partner shall receive interest on the capital contributed by him only from the date when repayment should be made.

(e) All partners have equal rights in the management and conduct of the partnership business.

(f) No partner is entitled to remuneration for acting in the partnership business, except that a surviving partner is entitled to reasonable compensation for his services in winding up the partnership affairs.

(g) No person can become a member of a partnership without the consent of all the partners.

(h) Any difference arising as to ordinary matters connected with the partnership business may be decided by a majority of the partners; but no act in contravention of any agreement between the partners may be done rightfully without the consent of all the partners.

(2) By written agreement, the partners may establish various classes of partners (such as "senior partners," "junior partners," "managing partners" and others) and may provide for their varying rights and duties in relation to the partnership.

(3) By written agreement, the partners may establish various classes of non-partner employees (such as "associates," "non-partner members" and others) and may provide for their varying rights and duties in relation to the partnership.

#### Partnership Books

Sec. 19. The partnership books shall be kept, subject to any agreement between the partners, at the principal place of business of the partnership, and every partner shall at all times have access to and may inspect and copy any of them.

#### Duty of Partners to Render Information

Sec. 20. Partners shall render on demand true and full information of all things affecting the partnership to any partner or the legal representative of any deceased partner or partner under legal disability.

#### Partner Accountable as a Fiduciary

Sec. 21. (1) Every partner must account to the partnership for any benefit, and hold as trustee for it any profits derived by him without the consent of the other partners from any transaction connected with the formation, conduct, or liquidation of the partnership or from any use by him of its property.

(2) This Section applies also to the representatives of a deceased partner engaged in the liquidation of the affairs of the partnership as the personal representatives of the last surviving partner.

#### Right to an Account

Sec. 22. Any partner shall have the right to a formal account as to partnership affairs:

(a) If he is wrongfully excluded from the partnership business or possession of its property by his co-partners,

(b) If the right exists under the terms of any agreement,

(c) As provided by Section 21,

5 West's Tex. Stats. & Codes—18

(d) Whenever other circumstances render it just and reasonable.

#### Continuation of Partnership Beyond Fixed Term

Sec. 23. (1) When a partnership for a fixed term or particular undertaking is continued after the termination of such term or particular undertaking without any express agreement, the rights and duties of the partners remain the same as they were at such termination, so far as is consistent with a partnership at will.

(2) A continuation of the business by the partners or such of them as habitually acted therein during the term, without any settlement or liquidation of the partnership affairs, is prima facie evidence of a continuation of the partnership.

### PART V. PROPERTY RIGHTS IN PARTNERSHIP

#### Extent of Property Rights of a Partner

Sec. 24. The property rights of a partner are (1) his rights in specific partnership property, (2) his interest in the partnership, and (3) his right to participate in the management. The community property rights of a partner's spouse are stated in Section 28-A.

#### Nature of a Partner's Right in Specific Partnership Property

Sec. 25. (1) A partner is co-owner with his partners of specific partnership property holding as a tenant in partnership.

(2) The incidents of this tenancy are such that:

(a) A partner, subject to the provisions of this Act and to any agreement between the partners, has an equal right with his partners to possess specific partnership property for partnership purposes; but he has no right to possess such property for any other purpose without the consent of his partners.

(b) A partner's right in specific partnership property is not assignable except in connection with the assignment of rights of all the partners in the same property.

(c) A partner's right in specific partnership property is not subject to attachment or execution, except on a claim against the partnership. When partnership property is attached for a partnership debt the partners, or any of them, or the representatives of a deceased partner, cannot claim any right under the homestead or exemption laws.

(d) On the death of a partner his right in specific partnership property vests in the surviving partner or partners, except where the deceased was the last surviving partner, when his right in such property vests in his legal representative. Such surviving partner or partners, or the legal representative of the last surviving partner, has no right to possess the partner-

ship property for any but a partnership purpose.

(e) A partner's right in specific partnership property is not subject to dower, curtesy, or allowances to widows, heirs, or next of kin.

Nature of Partner's Interest in the Partnership

Sec. 26. A partner's interest in the partnership is his share of the profits and surplus, and the same is personal property for all purposes.

Assignment of Partner's Interest

Sec. 27. (1) A conveyance by a partner of his interest in the partnership does not of itself dissolve the partnership, nor, as against the other partners in the absence of agreement, entitle the assignee, during the continuance of the partnership, to interfere in the management or administration of the partnership business or affairs; it merely entitles the assignee to receive in accordance with his contract the profits to which the assigning partner would otherwise be entitled and, for any proper purpose, to require reasonable information or account of partnership transactions and to make reasonable inspection of the partnership books.

(2) In case of a dissolution of the partnership, the assignee is entitled to receive his assignor's interest.

Interest in Partnership Subject to Charging Order

Sec. 28. (1) On due application to a competent court by any judgment creditor of a partner (or of any other owner of an interest in the partnership), the court which entered the judgment, order, or decree, or any other court, may charge the interest of the debtor partner (or such other owner) with payment of the unsatisfied amount of such judgment debt with interest thereon; and may then or later appoint a receiver of his share of the profits, and of any other money due or to fall due to him in respect of the partnership, and make all other orders, directions, accounts and inquiries which the debtor partner (or such other owner) might have made, or which the circumstances of the case may require.

(2) The interest charged may be redeemed at any time before foreclosure, or in case of a sale being directed by the court may be purchased without thereby causing a dissolution:

(a) With separate property, by any one or more of the partners, or

(b) With partnership property, by any one or more of the partners with the consent of all the partners whose interests are not so charged or sold.

(3) Nothing in this Act shall be held to deprive a partner (or other owner) of his right, if any, under the exemption laws, as regards his interest in the partnership.

Extent of Community Property Rights of a Partner's Spouse

Sec. 28-A. (1) A partner's rights in specific partnership property are not community property.

(2) A partner's interest in the partnership may be community property.

(3) A partner's right to participate in the management is not community property.

Effect of Death or Divorce on Interest in the Partnership

Sec. 28-B. (1)(A) On the divorce of a partner, the partner's spouse shall, to the extent of such spouse's interest in the partnership, be regarded for purposes of this Act as an assignee and purchaser of such interest from such partner.

(B) On the death of a partner, such partner's surviving spouse (if any) and such partner's heirs, legatees or personal representative, shall to the extent of their respective interests in the partnership, be regarded for purposes of this Act as assignees and purchasers of such interests from such partner.

(C) On the death of a partner's spouse, such spouse's heirs, legatees or personal representative shall, to the extent of their respective interests in the partnership, be regarded for purposes of this Act as assignees and purchasers of such interests from such partner.

(2) A partnership is not dissolved by the death of a partner's spouse unless the agreement between the partners provides otherwise.

(3) Nothing in this Act shall impair any agreement for the purchase or sale of an interest in a partnership at the death of the owner thereof or at any other time.

PART VI. DISSOLUTION AND WINDING UP

Dissolution Defined

Sec. 29. The dissolution of a partnership is the change in the relation of the partners caused by any partner ceasing to be associated in the carrying on as distinguished from the winding up of the business.

Partnership Not Terminated by Dissolution

Sec. 30. On dissolution the partnership is not terminated, but continues until the winding up of partnership affairs is completed.

Causes of Dissolution

Sec. 31. Dissolution is caused:

(1) Without violation of the agreement between the partners,

(a) By the termination of the definite term or particular undertaking specified in the agreement,

(b) By the express will of any partner when no definite term or particular undertaking is specified,

(c) By the express will of all the partners who have not assigned their interests or suffered them to be charged for their separate debts, either before or after the termination of any specified term or particular undertaking,

(d) By the expulsion of any partner from the business bona fide in accordance with such a power conferred by the agreement between the partners;

(2) In contravention of the agreement between the partners, where the circumstances do not permit a dissolution under any other provision of this Section, by the express will of any partner at any time;

(3) By any event which makes it unlawful for the business of the partnership to be carried on or for the members to carry it on in partnership;

(4) By the death of any partner unless the agreement between the partners provides otherwise;

(5) By the bankruptcy of any partner or the partnership;

(6) By decree of court under Section 32.

#### Dissolution by Decree of Court

Sec. 32. (1) On application by or for a partner the court shall decree a dissolution whenever:

(a) A partner has been declared a lunatic in any judicial proceeding or is shown to be of unsound mind,

(b) A partner becomes in any other way incapable of performing his part of the partnership contract,

(c) A partner has been guilty of such conduct as tends to affect prejudicially the carrying on of the business,

(d) A partner wilfully or persistently commits a breach of the partnership agreement, or otherwise so conducts himself in matters relating to the partnership business that it is not reasonably practicable to carry on the business in partnership with him,

(e) The business of the partnership can only be carried on at a loss,

(f) Other circumstances render a dissolution equitable.

(2) On the application of the purchaser of a partner's interest under Sections 27 and 28:

(a) After the termination of the specified term or particular undertaking,

(b) At any time if the partnership was a partnership at will when the interest was assigned or when the charging order was issued.

#### General Effect of Dissolution on Authority of Partner

Sec. 33. Except so far as may be necessary to wind up partnership affairs or to complete transactions begun but not then finished, dis-

solution terminates all authority of any partner to act for the partnership:

(1) With respect to the partners,

(a) When the dissolution is not by the act, bankruptcy or death of a partner; or

(b) When the dissolution is by such act, bankruptcy or death of a partner, in cases where Section 34 so requires.

(2) With respect to persons not partners, as declared in Section 35.

#### Right of Partner to Contribution from Co-partners After Dissolution

Sec. 34. Where the dissolution is caused by the act, death or bankruptcy of a partner, each partner is liable to his co-partners for his share of any liability created by any partner acting for the partnership as if the partnership had not been dissolved unless:

(a) The dissolution being by act of any partner, the partner acting for the partnership had knowledge of the dissolution, or

(b) The dissolution being by the death or bankruptcy of a partner, the partner acting for the partnership had knowledge or notice of the death or bankruptcy.

#### Power of Partner to Bind Partnership to Third Persons After Dissolution

Sec. 35. (1) After dissolution a partner can bind the partnership except as provided in paragraph (3):

(a) By any act appropriate for winding up partnership affairs or completing transactions unfinished at dissolution;

(b) By any transaction which would bind the partnership if dissolution had not taken place, provided the other party to the transaction:

(I) Was a creditor of the partnership at the time of dissolution or had extended credit to the partnership within two years prior to dissolution and, in either case, had no knowledge or notice of his want of authority; or

(II) Though he was not such a creditor or had not so extended credit, had nevertheless known of the partnership prior to dissolution, and, having no knowledge or notice of dissolution, the fact of dissolution had not been advertised in a newspaper of general circulation in the place (or in each place if more than one) at which the partnership business was regularly carried on.

(2) The liability of a partner under Paragraph (1b) shall be satisfied out of partnership assets alone when such partner had been prior to dissolution:

(a) Unknown as a partner to the person with whom the contract is made; and

(b) So far unknown and inactive in partnership affairs that the business reputation of the partnership could not be said to have been in any degree due to his connection with it.

(3) The partnership is in no case bound by any act of a partner after dissolution:

(a) Where the partnership is dissolved because it is unlawful to carry on the business, unless the act is appropriate for winding up partnership affairs; or

(b) Where the partner has become bankrupt; or

(c) Where the partner has no authority to wind up partnership affairs; except by a transaction with one who:

(I) Was a creditor of the partnership at the time of dissolution or had extended credit to the partnership within two years prior to dissolution and, in either case, had no knowledge or notice of his want of authority; or

(II) Though he was not such a creditor or had not so extended credit to the partnership prior to dissolution; and, having no knowledge or notice of his want of authority, the fact of his want of authority has not been advertised in the manner provided for advertising the fact of dissolution in Paragraph (1bII).

(4) Nothing in this Section shall affect the liability under Section 16 of any person who after dissolution represents himself or consents to another representing him as a partner in a partnership engaged in carrying on business.

#### Effect of Dissolution on Partner's Existing Liability

Sec. 36. (1) The dissolution of the partnership does not of itself discharge the existing liability of any partner.

(2) A partner is discharged from any existing liability upon dissolution of the partnership by an agreement to that effect between himself, the partnership creditor and the person or partnership continuing the business; and such agreement may be inferred from the course of dealing between the creditor having knowledge of the dissolution and the person or partnership continuing the business.

(3) Where a person agrees to assume the existing obligations of a dissolved partnership, the partners whose obligations have been assumed shall be discharged from any liability to any creditor of the partnership who, knowing of the agreement, consents to a material alteration in the nature or time of payment of such obligations.

(4) The individual property of a deceased partner shall be liable for all obligations of the partnership incurred while he was a partner but subject to the prior payment of his separate debts.

#### Right to Wind Up

Sec. 37. Unless otherwise agreed the partners who have not wrongfully dissolved the partnership or the legal representative of the last surviving partner, not bankrupt, has the right to wind up the partnership affairs; provided, however, that any partner, his legal representative or his assignee, upon cause shown, may obtain winding up by the court.

#### Rights of Partners to Application of Partnership Property

Sec. 38. (1) When dissolution is caused in any way, except in contravention of the partnership agreement, each partner, as against his co-partners and all persons claiming through them in respect of their interests in the partnership, unless otherwise agreed, may have the partnership property applied to discharge its liabilities, and the surplus applied to pay in cash the net amount owing to the respective partners. But if dissolution is caused by expulsion of a partner, bona fide under the partnership agreement and if the expelled partner is discharged from all partnership liabilities, either by payment or agreement under Section 36(2), he shall receive in cash only the net amount due him from the partnership.

(2) When dissolution is caused in contravention of the partnership agreement the rights of the partners shall be as follows:

(a) Each partner who has not caused dissolution wrongfully shall have,

(I) All the rights specified in paragraph (1) of this Section, and

(II) The right, as against each partner who has caused the dissolution wrongfully, to damages for breach of the agreement.

(b) The partners who have not caused the dissolution wrongfully, if they all desire to continue the business in the same name, either by themselves or jointly with others, may do so, during the agreed term for the partnership and for that purpose may possess the partnership property, provided they secure the payment by bond approved by the court, or pay to any partner who has caused the dissolution wrongfully, the value of his interest in the partnership at the dissolution, less any damages recoverable under clause (2aII) of this Section, and in like manner indemnify him against all present or future partnership liabilities.

(c) A partner who has caused the dissolution wrongfully shall have:

(I) If the business is not continued under the provisions of paragraph (2b) all the rights of a partner under paragraph (1), subject to clause (2aII), of this Section,

(II) If the business is continued under paragraph (2b) of this Section the right as against his co-partners and all claiming through them in re-

spect of their interests in the partnership, to have the value of his interest in the partnership, less any damages caused to his co-partners by the dissolution, ascertained and paid to him in cash, or the payment secured by bond approved by the court, and to be indemnified against all existing liabilities of the partnership; but in ascertaining the value of the partner's interest the value of the good-will of the business shall not be considered.

**Rights Where Partnership is Dissolved for Fraud or Misrepresentation**

Sec. 39. Where a partnership contract is rescinded on the ground of the fraud or misrepresentation of one of the parties thereto, the party entitled to rescind is, without prejudice to any other right, entitled:

(a) To a lien on, or right of retention of, the surplus of the partnership property after satisfying the partnership liabilities to third persons for any sum of money paid by him for the purchase of an interest in the partnership and for any capital or advances contributed by him; and

(b) To stand, after all liabilities to third persons have been satisfied, in the place of the creditors of the partnership for any payments made by him in respect of the partnership liabilities; and

(c) To be indemnified by the person guilty of the fraud or making the representation against all debts and liabilities of the partnership.

**Rules for Distribution**

Sec. 40. In settling accounts between the partners after dissolution, the following rules shall be observed, subject to any agreement to the contrary:

(a) The assets of the partnership are:

(I) The partnership property,

(II) The contributions of the partners necessary for the payment of all the liabilities specified in clause (b) of this paragraph.

(b) The liabilities of the partnership shall rank in order of payment, as follows:

(I) Those owing to creditors other than partners,

(II) Those owing to partners other than for capital and profits,

(III) Those owing to partners in respect of capital,

(IV) Those owing to partners in respect of profits.

(c) The assets shall be applied in the order of their declaration in clause (a) of this paragraph to the satisfaction of the liabilities.

(d) The partners shall contribute, as provided by Section 18(a) the amount necessary to satisfy the liabilities; but if any,

but not all, of the partners are insolvent, or, not being subject to process, refuse to contribute, the other partners shall contribute their share of the liabilities, and, in the relative proportions in which they share the profits, the additional amount necessary to pay the liabilities.

(e) An assignee for the benefit of creditors or any person appointed by the court shall have the right to enforce the contributions specified in clause (d) of this paragraph.

(f) Any partner or his legal representative shall have the right to enforce the contributions specified in clause (d) of this paragraph, to the extent of the amount which he has paid in excess of his share of the liability.

(g) The individual property of a deceased partner shall be liable for the contributions specified in clause (d) of this paragraph.

(h) When partnership property and the individual properties of the partners are in possession of a court for distribution, partnership creditors shall have priority on partnership property and separate creditors on individual property, saving the rights of lien or secured creditors as heretofore.

(i) Where a partner has become bankrupt or his estate is insolvent the claims against his separate property shall rank in the following order:

(I) Those owing to separate creditors,

(II) Those owing to partnership creditors,

(III) Those owing to partners by way of contribution.

**Liability of Persons Continuing the Business in Certain Cases**

Sec. 41. (1) When any new partner is admitted into an existing partnership, or when any partner retires and assigns (or the representative of the deceased partner assigns) his rights in partnership property to two or more of the partners, or to one or more of the partners, and one or more third persons, if the business is continued without liquidation of the partnership affairs, creditors of the first or dissolved partnership are also creditors of the partnership so continuing the business.

(2) When all but one partner retire and assign (or the representative of a deceased partner assigns) their rights in partnership property to the remaining partner, who continues the business without liquidation of partnership affairs, either alone or with others, creditors of the dissolved partnership are also creditors of the person or partnership so continuing the business.

(3) When any partner retires or dies and the business of the dissolved partnership is continued as set forth in paragraphs (1) and

(2) of this Section, with the consent of the retired partners or the representative of the deceased partner, but without any assignment of his right in partnership property, rights of creditors of the dissolved partnership and of the creditors of the person or partnership continuing the business shall be as if such assignment had been made.

(4) When all the partners or their representatives assign their rights in partnership property to one or more third persons who promise to pay the debts and who continue the business of the dissolved partnership, creditors of the dissolved partnership are also creditors of the person or partnership continuing the business.

(5) When any partner wrongfully causes a dissolution and the remaining partners continue the business under the provisions of Section 38(2b), either alone or with others, and without liquidation of the partnership affairs, creditors of the dissolved partnership are also creditors of the person or partnership continuing the business.

(6) When a partner is expelled and the remaining partners continue the business either alone or with others, without liquidation of the partnership affairs, creditors of the dissolved partnership are also creditors of the person or partnership continuing the business.

(7) The liability of a third person becoming a partner in the partnership continuing the business, under this Section, to the creditors of the dissolved partnership shall be satisfied out of partnership property only.

(8) When the business of a partnership after dissolution is continued under any conditions set forth in this Section the creditors of the dissolved partnership, as against the separate creditors of the retiring or deceased partner or the representative of the deceased partner, have a prior right to any claim of the retired partner or the representative of the deceased partner against the person or partnership continuing the business, on account of the retired or deceased partner's interest in the dissolved partnership or on account of any consideration promised for such interest or for his right in partnership property.

(9) Nothing in this Section shall be held to modify any right of creditors to set aside any assignment on the ground of fraud.

(10) The use by the person or partnership continuing the business of the partnership name, or the name of a deceased partner as part thereof, shall not of itself make the individual property of the deceased partner liable for any debts contracted by such person or partnership.

**Rights of Retiring or Estate of Deceased Partner  
When the Business is Continued**

Sec. 42. When any partner retires or dies, and the business is continued under any of the conditions set forth in Section 41 (1, 2, 3, 5, 6) or Section 38(2b), without any settlement of

accounts as between him or his estate and the person or partnership continuing the business, unless otherwise agreed, he or his legal representative as against such persons or partnership may have the value of his interest at the date of dissolution ascertained, and shall receive as an ordinary creditor an amount equal to the value of his interest in the dissolved partnership with interest, or, at his option or at the option of his legal representative, in lieu of interest, the profits attributable to the use of his right in the property of the dissolved partnership; provided that the creditors of the dissolved partnership as against the separate creditors, or the representative of the retired or deceased partner, shall have priority on any claim arising under this Section as provided by Section 41(8) of this Act.

**Accrual of Actions**

Sec. 43. The right to an account of his interest shall accrue to any partner, or his legal representative, as against the winding up partners or the surviving partners or the person or partnership continuing the business, at the date of dissolution, in the absence of any agreement to the contrary.

**PART VII. MISCELLANEOUS PROVISIONS**

**Severability; Effect of Partial Invalidity**

Sec. 44. If a court shall adjudge to be invalid or unconstitutional any provision of this Act, such judgment or decree shall not affect other provisions or applications of this Act, but the effect thereof shall be confined to the provision so adjudged to be invalid or unconstitutional. To this end, the provisions of this Act are severable.

**Effective Date**

Sec. 45. This Act shall take effect and be in force from and after January 1, 1962.

## CHAPTER THREE. REAL ESTATE INVESTMENT TRUSTS

### Art. 6138A. Real Estate Investment Trust Act

#### Short Title

Sec. 1. This Act shall be known and may be cited as the "Texas Real Estate Investment Trust Act."

#### Real Estate Investment Trust Defined

Sec. 2. A real estate investment trust is an unincorporated trust formed by one or more trust managers under the provisions of Section 3 of this Act and managed in accordance with the provisions of Section 4 of this Act.

#### Formation of Real Estate Investment Trust

Sec. 3. (A) One or more persons, may act as trust manager(s) of a real estate investment trust by subscribing and acknowledging to a declaration of trust before an officer duly authorized to take acknowledgments of deeds, which shall set forth:

(1) The name of the trust and a statement that an assumed name certificate setting forth such name has been filed in the manner prescribed by law.

(2) A statement that it is formed pursuant to the provisions of this Act and has the following as its purpose:

To purchase, hold, lease, manage, sell, exchange, develop, subdivide and improve real property and interests in real property, and in general, to carry on any other business and do any other acts in connection with the foregoing and to have and exercise all powers conferred by the laws of the State of Texas upon real estate investment trusts formed under the Texas Real Estate Investment Trust Act, and to do any or all of the things hereinafter set forth to the same extent as natural persons might or could do. The term "real property" and the term "interests in real property" for the purposes stated herein shall not include severed mineral, oil or gas royalty interests.

(3) As to any real property of any character, major capital improvements must be made within fifteen (15) years of purchase or the property must be sold. Such major capital improvements must equal or exceed the purchase price of such real property, if the same is unimproved property at the time of purchase or property outside the corporate limits of a city, town or village. Any citizen of the State of Texas may force compliance with this provision by filing suit in any district court of this state and shall receive from such real estate investment trust forced to sell under this provision the sum of five per cent (5%) of the sale price of such real property interest as compensation.

(4) The post office address of its initial principal office and place of business.

(5) The name and post office address of each trust manager, specifying the resident trust manager.

(6) The period of its duration, which may be for a term of years or perpetual.

(7) The aggregate number of shares of beneficial interests the trust shall have authority to issue, the par value to be received by the trust for the issuance of each of such shares and a statement that each share shall be equal in all respects to every other share.

(8) A statement that shares of beneficial interests will be issued only for money or property actually received.

(9) A statement that the trust manager(s) shall hold the money or property received for the issuance of shares for the benefit of the owners of such shares.

(10) A statement that the trust will not commence operations until the beneficial ownership is held by one hundred or more persons with no five (5) persons owning more than fifty per cent (50%) of the total number of outstanding shares of beneficial interest. The word person as used herein shall not include corporations.

(11) Any provision, not inconsistent with law, including any provision which under this Act is permitted to be set forth in the by-laws, which the trust manager(s) elect to set forth in the declaration of trust for the regulation of the internal affairs of the trust.

(B) The declaration of trust shall be filed for record with the County Clerk of the county of the principal place of business of the trust.

#### Operation of Real Estate Investment Trust

Sec. 4. (A) The control, operation, disposition, investment, reinvestment and management of the trust estate and whether included in the foregoing or not, all powers necessary or appropriate to effect any or all of the purposes for which the trust is organized shall be vested in the trust manager(s) named in the declaration of trust or successor(s) selected in accord-

ance therewith; provided that naming successor trust manager(s) shall be considered an amendment to the declaration of trust. At least a majority of the trust managers must be natural persons and residents of the State of Texas and the other trust manager(s), if any, need not be residents of this state or shareholders of the trust unless the declaration of trust or by-laws so require. The declaration of trust or by-laws may prescribe other qualifications for the trust manager(s).

(B) Any vacancy occurring in the trust manager(s) may be filled by a two-thirds vote of the outstanding shares of the trust.

(C) If the trust is managed by three (3) or more trust managers, a majority of the number of trust managers shall constitute a quorum for the transaction of business unless a greater number is required by the declaration of trust or the by-laws.

(D) The trust manager(s) may designate such of its members to constitute officers of the trust to the extent provided in the declaration of trust or in the by-laws of the trust, who shall have and may exercise all of the authorities of the trust manager(s) in the business and affairs of the trust except where action of the trust manager(s) is specified by this Act or other applicable laws, but the designation of such officers and the delegation thereto of authority shall not operate to relieve the trust manager(s), or any member thereof, of any responsibility imposed upon them or him by law. All officers and agents of the trust shall have such authority and perform such duties in the management of the trust as may be provided in the by-laws or as may be determined by the trust manager(s) not inconsistent with the by-laws. Any officer or agent elected or appointed by the trust manager(s) may be removed by the trust manager(s) whenever in their judgment the best interests of the trust will be served thereby, but such removal shall be without prejudice to the contract rights, if any, if the person is so removed. Election or appointment of an officer or agent shall not of itself create contract rights.

(E) The trust manager(s) or officers shall have the power to exercise complete discretion with respect to the investment of the trust estate subject to the limitation that seventy-five per cent (75%) of the total trust assets shall be invested in real property (including fee ownership and co-ownership of land or improvements thereon and leaseholds of land or improvements thereon), interests in mortgages on real property, shares in other real estate investment trusts, cash and cash items (including receivables) and Government securities; provided, that the trust manager(s) or officers shall not have the power to invest in severed mineral, oil or gas royalty interests.

(F) The trust manager(s) and the officers of the trust shall receive such compensation as may be provided in the declaration of trust, the by-laws or as determined by majority vote of the holders of all the outstanding shares.

## Service of Process on Real Estate Investment Trust

Sec. 5. The resident trust manager(s) and any one of them if more than one and any officer of the trust shall be an agent of such trust upon whom any process, notice, or demand required or permitted by law to be served upon the trust may be served.

## General Powers of Real Estate Investment Trust

Sec. 6. (A) Subject to the provisions of paragraphs (B) and (C) of this Section, each real estate investment trust shall have power:

(1) To have perpetual succession by its trust name unless a limited period of duration is stated in its declaration of trust.

(2) To sue and be sued, complain and defend, in its trust name.

(3) To purchase, receive, lease, or otherwise acquire, own, hold, improve, use and otherwise deal in and with, real or personal property or any interest therein, wherever situated, as the purposes of the trust shall require, but the trust shall not own more than one thousand (1,000) acres outside the corporate limits of a town or city at any one time.

(4) To sell, convey, mortgage, pledge, lease, exchange, transfer and otherwise dispose of all or any part of its property and assets.

(5) To purchase, receive, subscribe for, or otherwise acquire, own, hold, vote, use, employ, mortgage, lend, pledge, sell or otherwise dispose of, and otherwise use and deal in and with, securities, shares or other interests in, or obligations of, domestic or foreign corporations, associations, partnerships, other real estate investment trusts, or individuals, or direct or indirect obligations of the United States or of any other government, state, territory, government district, or municipality, or of any instrumentality thereof.

(6) To make contracts, and incur liabilities, borrow money at such rates of interest as the trust may determine, issue its notes, bonds, and other obligations, and secure any of its obligations by mortgage or pledge of all or any of its property, franchises, and income.

(7) To lend money for its trust purposes, invest and reinvest its funds, and take and hold real and personal property as security for the payment of funds so loaned or invested.

(8) To conduct its business, carry on its operations, and have offices and exercise the powers granted by this Act in any state, territory, district or possession of the United States, or in any foreign country.

(9) To elect or appoint officers and agents of the trust for such period of time as the trust may determine, and define their duties and fix their compensation.

(10) To make and alter by-laws, not inconsistent with its declaration of trust or with the laws of this state, for the administration and regulation of the affairs of the trust.

(11) To cease its trust activities and terminate its existence by voluntary dissolution.

(12) Whether included in the foregoing or not, to have and exercise, all powers necessary or appropriate to effect any or all of the purposes for which the trust is organized.

(B) Nothing in this Section grants any authority to officers or trust manager(s) of a real estate investment trust to perform any of the foregoing powers inconsistent with the limitations on any of the same which may be expressly set forth in this Act or in the declaration of trust or in any other laws of this state. Authority of officers and trust manager(s) to act beyond the scope of the purpose or purposes of a real estate investment trust is not granted by any provision of this Section.

(C) Nothing contained in this Act shall be deemed to authorize any action in violation of the Anti-Trust Laws of this state as now existing or hereafter amended.

## Consideration and Payment for Shares

Sec. 7. (A) Shares may be issued for such consideration expressed in dollars as shall be fixed from time to time by the trust manager(s).

(B) The consideration paid for the issuance of shares shall consist of money paid or property actually received. Shares may not be issued until the full amount of the consideration has been paid. When such consideration shall have been paid to the trust, the shares shall be deemed to have been issued, and the shareholder entitled to receive such issue, shall be a shareholder with respect to such shares, and the shares shall be considered fully paid and non-assessable.

(C) Neither promissory notes nor the promise of future services, nor past services shall constitute payment or part payment for shares of a real estate investment trust.

(D) In the absence of fraud in the transaction, the judgment of the trust manager(s) or the shareholders, as the case may be, as to the value of the consideration received for shares shall be conclusive.

## Liability of Shareholders

Sec. 8. (A) A holder of a certificate of shares shall not be personally or individually liable in any manner whatsoever for any debt, act, omission or obligation incurred by the trust or the trust manager(s) and shall be under no obligation to the trust or to its creditors with respect to such shares other than the obligation to pay to the trust the full amount of the consideration for which such shares were issued or to be issued.

(B) Any person becoming an assignee or transferee of a certificate of shares in good faith and without knowledge or notice that the full consideration therefor has not been paid shall not be personally liable to the trust or its creditors for any unpaid portion of such consideration.

(C) An executor, administrator, conservator, guardian, trustee, assignee for the benefit of creditors, or receiver, shall not be liable personally as a holder of shares of a trust, but the estate and funds in his hands shall be liable to pay to the trust the full amount of the consideration for which such shares were issued or to be issued.

(D) No pledgee or other holder of shares as collateral security shall be personally liable as a shareholder.

(E) No real estate investment trust may impose restrictions on the sale or other disposition of its shares and on the transfer thereof.

#### By-laws

Sec. 9. The initial by-laws of the trust shall be adopted by shareholders in person or by proxy. The power to alter, amend, or repeal the by-laws or to adopt new by-laws shall be vested in the shareholders. The by-laws may contain any provisions for the regulation and management of the affairs of the trust not inconsistent with law or the declaration of trust.

#### Meetings of Shareholders

Sec. 10. (A) Meetings of shareholders shall be held at such place, either within or without the state, as may be provided in the by-laws. In the absence of any such provision, all meetings shall be held at the principal office of the trust.

(B) An annual meeting of the shareholders shall be held at such time as may be provided in the by-laws. In the event the trust manager(s) fail to call the annual meeting at the designated time, any shareholder may make demand that such meeting be held within a reasonable time, such demand to be made in writing by registered mail directly to any officer or trust manager of the trust. If the annual meeting of the shareholders is not called within sixty (60) days following such demand, any shareholder may compel the holding of such annual meeting by legal action directed against said trust manager(s), and all of the extraordinary writs of the common law and of a court of equity shall be available to such shareholder to compel the holding of such annual meeting. Each and every shareholder is hereby declared to have a justiciable interest sufficient to enable him to institute and prosecute such legal proceedings.

(C) Special meetings of the shareholders may be called by the trust manager(s), any officer of the trust, the holders of not less than one-tenth ( $\frac{1}{10}$ ) of all the shares entitled to vote at the meetings, or such other persons as may be provided in the declaration of trust or the by-laws.

#### Notice of Shareholders Meetings

Sec. 11. Written or printed notice stating the place, day and hour of the meeting and, in case of a special meeting, the purpose or purposes for which the meeting is called, shall be delivered not less than ten (10) nor more than fifty (50) days before the date of the meeting, either personally or by mail, by or at the direction of the trust manager(s) or any officer or person calling the meeting, to each shareholder of record entitled to vote at such meeting. If mailed, such notice shall be deemed to be delivered when deposited in the United States Mail addressed to the shareholder at his address as it appears on the books of the trust, with postage thereon prepaid.

#### Quorum of Shareholders

Sec. 12. Unless otherwise provided in the declaration of trust, the holders of a majority of the shares entitled to vote, represented in person or by proxy, shall constitute a quorum at a meeting of shareholders, but in no event shall a quorum consist of the holders of less than one-third ( $\frac{1}{3}$ ) of the shares entitled to vote and thus represented at such meeting. The vote of the holders of a majority of the shares entitled to vote and thus represented at a meeting at which a quorum is present, shall be the act of the shareholders meeting, unless the vote of a greater number is required by law, the declaration of trust or by-laws.

#### Voting of Shares

Sec. 13. (A) Each outstanding share shall be entitled to one vote on each matter submitted to a vote at a meeting of shareholders.

(B) A shareholder may vote either in person or by proxy executed in writing by the shareholder or by his duly authorized attorney in fact. No proxy shall be valid after eleven (11) months from the date of its execution unless otherwise provided in the proxy. Each proxy shall be revocable unless expressly provided therein to be irrevocable, but in no event shall it remain irrevocable for a period of more than eleven (11) months.

(C) (1) At each election for trust manager(s) every shareholder entitled to vote at such election shall have the right to vote, in person or by proxy, the number of shares owned by him for as many persons as there are trust manager(s) to be elected and for whose election he has a right to vote, or unless expressly prohibited by the declaration of trust, to cumulate his votes by giving one (1) candidate as many votes as the number of such trust manager(s) multiplied by his shares shall equal, or by distributing such votes on the same principle among any number of such candidates.

(2) No amendment of the declaration of trust prohibiting the right of cumulative voting shall be effective unless at least sixty-six and two-thirds per cent ( $66\frac{2}{3}\%$ ) of the outstanding shares entitled to vote upon such amendment shall have been voted in favor of such amendment.

(3) Any shareholder who intends to cumulate his votes as herein authorized shall give written notice of such intention to the trust manager(s) on or before the day preceding the election at which such shareholder intends to cumulate his votes.

#### Dividends

Sec. 14. (A) The trust manager(s) may from time to time, declare and the trust may pay, dividends on its outstanding shares in cash, in property, or in its own shares, except when the trust is insolvent or when the payment thereof would render the trust insolvent, or when the declaration or payment thereof would be contrary to any restrictions contained in the declaration of trust.

(B) The trust manager(s) must, when requested by the holders of at least one-third ( $\frac{1}{3}$ ) of the outstanding shares of the trust, present written reports of the situation and amount of business of the trust and, subject to limitations on the authority of the trust manager(s) by provisions of law, or the declaration of trust or the by-laws, the trust manager(s) shall declare and provide for payment of such dividends of the profits from the business of the trust as such trust manager(s) shall deem expedient.

#### Liability of Trust Manager(s)

Sec. 15. (A) In addition to any other liabilities imposed by law upon trust manager(s) of a real estate investment trust:

(1) The trust manager(s) of a trust who vote for or assent to any distribution of assets of a trust to its shareholders during the liquidation of the trust without the payment and discharge of, or making adequate provisions for, all known debts, obligations and liabilities of the trust shall be jointly and severally liable to the trust for the value of such assets which are distributed, to the extent that such debts, obligations and liabilities of the trust are not thereafter paid and discharged.

(2) The trust manager(s) of a trust who vote for or assent to the making of a loan to an officer or trust manager(s) of the trust or the making of any loans secured by the shares of the trust, shall be jointly and severally liable to the trust for the amount of such loan until the repayment thereof.

(3) If the trust shall commence operations before the beneficial ownership is held by one hundred (100) or more persons with no five (5) persons owning more than fifty per cent (50%) of the total number of outstanding shares of beneficial interest, the trust manager(s) who assent thereto shall be jointly and severally liable to the trust for all debts and obligations incurred by the trust prior to the time the beneficial ownership is so held, but such liability shall be terminated when the trust has actually issued the required number of shares.

(B) The trust manager(s) shall not be liable under Subsection 1 of paragraph (A) of this Section if, in the exercise of ordinary care, in good faith, in determining the amount available for any such dividend or distribution, he considered the assets to be of their book value.

(C) A trust manager(s) shall not be liable for any claims or damages that may result from his acts in the discharge of any duty imposed or power conferred upon him by the trust, if, in the exercise of ordinary care, he acted in good faith and in reliance upon the written opinion of an attorney for the trust.

(D) No trust manager shall be liable for any act, omission, loss, damage, or expense arising from the performance of his duty under a real estate investment trust, save only for his own willful misfeasance or malfeasance or negligence.

#### Share as Personal Property

Sec. 16. A share of beneficial ownership in a real estate investment trust shall be considered personal property.

#### Joinder of Shareholders Not Required

Sec. 17. The joinder of shareholders in any sale, mortgage, lease, or other disposition of all or any part of assets of a real estate investment trust shall not be required.

#### Books and Records

Sec. 18. (A) Each trust shall keep complete and correct books of account and shall keep minutes of the proceedings of its shareholders and trust manager(s) and shall keep at its principal office or place of business a record of its shareholders giving the names and addresses of all shareholders and the number of shares held by each.

(B) Any person who shall have been a shareholder of record for at least six (6) months immediately preceding his demand, or who shall be the holder of record of at least five per cent (5%) of all the outstanding shares of a trust, upon written demand stating the purpose thereof shall have the right to examine, in person or by agent or attorney, at any reasonable time or times, for any proper purpose, its books and records of account, minutes and record of shareholders, and shall be entitled to make extracts therefrom.

(C) Nothing herein contained shall impair the power of any court of competent jurisdiction, upon proof by a shareholder of proper purpose, irrespective of the period of time during which such shareholder shall have been a shareholder of record, and irrespective of the number of shares held by him, to compel production, for examination by such shareholder, of the books and records of account, minutes, and record of shareholders of a trust.

#### Transfer of Shares

Sec. 19. The shares of ownership shall be transferable by an appropriate instrument in writing and by the surrender of the shares of ownership to the trust manager(s) or to the

persons designated by them, but no transfer shall be of any effect as against the trust or the trust manager(s) until it has been recorded upon the books of the trust kept for that purpose.

#### Termination and Liquidation

Sec. 20. A real estate investment trust may be dissolved by the affirmative vote of two-thirds ( $\frac{2}{3}$ ) of the owners of shares of the trust. Upon receiving such vote, the trust manager(s) shall liquidate the trust and distribute the remaining property and assets of the trust among its shareholders in accordance with their respective rights and interests after applying such property as far as it will go to the just and equitable payment of the liabilities and obligations of the trust. Upon the filing by the trust manager(s) of a withdrawal of assumed name certificate as provided by law, the trust shall cease to carry on its business, except in so far as may be necessary for the winding up thereof.

#### Greater Voting Requirements

Sec. 21. Whenever, with respect to any action taken by the shareholders of a trust, the declaration of trust requires the vote or concurrence of the holders of a greater portion of the shares than is required by this Act, with respect to such action, the provisions of the declaration of trust shall control.

#### Waiver of Notice

Sec. 22. Whenever any notice is required to be given to any shareholder of a trust under the provisions of this Act or under the provisions of the declaration of trust or by-laws of the trust, a waiver thereof in writing, signed by the person or persons entitled to such no-

tice, whether before or after the time stated therein, shall be equivalent to the giving of such notice.

#### Right to Amend Declaration of Trust

Sec. 23. A real estate investment trust may amend its declaration of trust, from time to time, in any and as many respects as may be desired, so long as its declaration of trust as amended contains only such provisions as may be lawfully contained in original declaration of trust at the time of making such amendment, and, if a change in shares or the rights of shareholders, or an exchange, reclassification, or cancellation of shares or rights of shareholders is to be made, such provisions as may be necessary to effect such change, exchange, reclassification or cancellation. The declaration of trust may be amended upon receipt of the affirmative vote of the holders of at least two-thirds ( $\frac{2}{3}$ ) of the outstanding shares of the trust. Any and all amendments to the declaration of trust shall be made of record in the same manner as the original declaration of trust.

#### Cases Not Provided For

Sec. 24. In any case not provided for in this Act, the rules of law and equity, including the law of merchant shall govern. For purposes of the Texas Trust Act and this Act, a real estate investment trust created hereunder shall be considered a "business trust." Any unincorporated trust which does not meet the requirements of this Act shall be treated as an unincorporated association pursuant to Chapter 2 of this Title 105.

sentation of any such flag to advertise, call attention to, decorate, mark or distinguish the article or substance on which so placed, or who shall publicly mutilate, deface, defy, or defile, trample upon or cast contempt, either by words or act, upon such flag, shall forfeit a penalty of fifty dollars for each such offense. **Art. 6142a. Clarifying Description of Texas Flag**

**Purpose**

Sec. 1. This act of the Legislature is not a substitute for any previous legislation pertaining to the Lone Star Flag of Texas which may have been passed by either the Republic of Texas or the Legislature of this State, but the sole purpose of this act is to clarify the description of the Texas Flag, to standardize the star in the blue field, and to outline some important rules to govern the correct use of the Texas Flag.

**Illustrating Texas Flag**

Sec. 2. A drawing of the Texas Flag to illustrate the general outline of the three stripes, and the star in the blue stripe:

The Texas Flag

[A2167]

**Salute to the Texas Flag**

Sec. 3.

“Honor the Texas Flag;  
I pledge allegiance to thee,  
Texas, one and indivisible.”

**Description of the Texas Flag**

Sec. 4. The Texas Flag is an emblem of four sides, and four angles of ninety (90) degrees each. It is a rectangle having its width equal to two-thirds of its length. The flag is divided into three equivalent parts, called bars or stripes, one stripe being blood red, one white, and the other azure blue. These stripes are rectangles, also, and they are exact duplicates of one another in every respect. The width of each stripe is equal to one-half of its length, or one-third of the length of the Flag, while the length of each stripe is equal to the width of the Flag, or two-thirds of the length of the Emblem.

One end of the Flag is blue, and it is called the Flag's "right." This stripe is a perpendicular bar next to the staff or the halyard, and it is attached by means of a heading made of strong and very durable material. The remaining two-thirds of the Flag is made up of two

horizontal bars of equal width, one being white and the other red, and this end of the Emblem is called the Flag's "left." Each one of the stripes is perpendicular to the blue stripe, and when the Flag is displayed on a flagpole or staff, or flat on a plane surface, the white stripe should always be at the top of the Flag, with the red stripe directly underneath it. Thus, each stripe on the Texas Flag touches each of the other stripes, which signifies that the three colors are mutually dependent upon one another in imparting the lessons of the Flag: bravery, loyalty, and purity.

**Description of the Star**

Sec. 5. In the center of the blue stripe is a white star of five points. One point of this star is always at the top, and in a vertical line drawn from one end of the blue stripe to the other, and midway between its sides. This line is the vertical axis of the blue stripe, and it is perpendicular to the horizontal axis at the central point of the stripe. The two lowest points of the star are in a line parallel to the horizontal axis, and the distance from the topmost point of the star to the line through these two points is equal to approximately one-third of the length of the blue stripe, or one-third of the width of the Flag. The center of the star is at the point of intersection of the horizontal axis with the vertical axis, or at the central point of the blue stripe. The other two points of the star are above the horizontal axis, and near the sides of the blue stripe.

A few fundamental facts concerning the dimensions of the star and its position in the blue stripe are outlined here for the assistance of makers of the Texas Flag:

It is a white star of five points.

The center of the star is at the central point of the blue stripe.

The five points of the star are on a circle whose center is at the central point of the blue stripe.

The length of the diameter of the circle which passes through the five points of the star is always equal to three-fourths of the width of the blue stripe, or three-eighths of the width of the Flag.

The radius of the circle which passes through the five points of the star, then, is equal to three-eighths of the width of the blue stripe.

The topmost point of the star is at the point of intersection of this circle with the vertical axis of the blue stripe.

The two lowest points of the star are in a line parallel to the horizontal axis of the blue stripe, and the distance from the topmost point of the star to this line is equal to approximately one-third of the length of the blue stripe, or it is equal to approximately one-third of the width of the Flag.

The other two points of the star are above the horizontal axis, and near the sides of the blue stripe, and these two

points are in a line parallel to the horizontal axis.

The five angles of the points of the star are equal to one another, and each angle contains thirty-six (36) degrees.

The geometrical figure in the center of the star is a regular pentagon, or polygon of five equal sides and five equal angles, and each angle of the pentagon contains one hundred and eight (108) degrees.

With the use of a ruler and a compass, this star is very easily constructed. First, draw the line through the middle points of the ends of the blue stripe, or draw the vertical axis; then, draw the line through the middle points of the sides of the blue stripe, or draw the horizontal axis. These two axes intersect in the central point of the blue stripe, and they bisect each other.

Now, divide the horizontal axis into eight equal parts, and draw a circle with its center at the central point of the blue stripe and its radius equal to three-eighths of the length of the horizontal axis. The point in which this circle intersects the vertical axis above the central point of the blue stripe is the topmost point of the star.

Next, find the middle point of the radius of this circle which coincides with one end of the horizontal axis. Using this point as a center, and with a radius equal to the distance to the topmost point of the star, describe an arc intersecting the opposite end of the horizontal axis. The distance from the last point found to the topmost point of the star is equal to one-fifth of the circumference of the circle.

Then, beginning at the topmost point of the star, and using the measure just found as a unit of length, divide the circumference of the circle into five equal parts. The four additional points found on the circle in this way are the remaining points of the star. Two of these points are above the horizontal axis and two of them are below it, while two of the points are at the left of the vertical axis and two are at the right of it.

Now, connect the topmost point of the star with the two points below the horizontal axis. Then, connect the point which is below the horizontal axis and at the left of the vertical axis with the point which is above the horizontal axis and at the right of the vertical axis. Likewise, connect the point which is below the horizontal axis and at the right of the vertical axis with the point which is above the horizontal axis and at the left of the vertical axis. Finally, connect the two points which are above the horizontal axis and on opposite sides of the vertical axis, and the symmetrical figure thus completed is the beautiful Lone Star of the Texas Flag.

#### Rules Governing the Use of the Texas Flag

Sec. 6. When the Texas Flag is displayed out-of-doors, it must be on either a flagpole or a staff, and the staff should be at least two

and one-half times as long as the Flag. The Flag is always attached at the spearhead end of the staff, and the heading must be made of material strong enough to protect the Colors.

The Texas Flag should not be unfurled out-of-doors earlier than sunrise, and it should be taken down, or furled, not later than sunset. Of course the Flag may be flown for any length of time between sunrise and sunset, as may be directed by proper authority.

It is disrespectful to the Texas Flag to leave it unfurled in inclement weather, such as rain, sleet, snow, hail, or storm, and it should never be left out-of-doors at night.

The Texas Flag shall be displayed on all State Memorial Days, and on special occasions of historical significance.

Every school in Texas should fly the Texas Flag on all regular school days. This courtesy is due to the Lone Star Flag of Texas.

The Texas Flag should always be hoisted briskly, and furled slowly with appropriate ceremonies.

The Texas Flag should not be fastened in such a manner that it can be torn easily.

When the Texas Flag is flown from a flagpole or staff, the white stripe should always be at the top of the Flag, except in cases of distress, and the red stripe should be directly underneath the white.

The Texas Flag should be on the marching left when it is carried in a procession in which the Flag of the United States of America is unfurled.

The Texas Flag should be on the left of the Flag of the United States of America, and its staff should be behind the staff of the National Colors, when the two are displayed against a wall from crossed staffs.

When the Texas Flag is flown from the same halyard as the Flag of the United States of America is flown, it must be underneath our National Colors.

When the Texas Flag is flown on a flagpole adjacent to the flagpole on which the Flag of the United States of America is flown, it must be unfurled after our National Colors, and it must be displayed at the left of the Flag of the United States of America.

When the Texas Flag and the Flag of the United States of America are displayed at the same time, they should be flown on separate flagpoles of equal length, and the Flags should be approximately the same size.

When the Texas Flag is flown from a window-sill, balcony, or front of a building, and flat against the wall, it should be on a staff, and the blue field should be at the observer's left.

When the Texas Flag and the Flag of the United States of America are displayed on a speaker's platform at the same time, the Texas Flag should be on the left side of the speaker, while our National Colors are on the right side of the speaker.

The Texas Flag should never be used to cover a platform or speaker's desk, nor to drape over the front of a speaker's platform.

When the Texas Flag is displayed flat on the wall of a platform, it should be above the speaker, and the blue field must always be at the Flag's right.

When the Texas Flag is displayed on a motor car, the staff should be fastened firmly to the chassis of the car, or clamped firmly to the radiator cap.

When the Texas Flag is displayed on a float in a parade, it should always be attached securely to a staff.

The Texas Flag should not be allowed to touch the ground or the floor, nor to trail in water.

The Texas Flag should not be draped over the hood, top, sides, or back of any vehicle, or of a railroad train, boat, or aeroplane.

The Texas Flag should not be used as a covering for a ceiling.

The Texas Flag should not be used as any portion of a costume or athletic uniform.

The Texas Flag should not be embroidered upon cushions or handkerchiefs, nor printed on paper napkins or boxes.

The Texas Flag must not be treated disrespectfully by having printing or lettering of any kind placed upon it.

The Texas Flag should not be used in any form of advertising, and, under no circumstances, may advertisements of any kind be attached to the flagpole or staff.

It is disrespectful to the Texas Flag to use it for purposes of decoration, either over the middle of streets, or as a covering for automobiles or floats in a parade, or for draping speakers' platforms or stands, or for any other similar purpose of decoration. For such purposes of decoration the colors of the Flag may be used in bunting or other cloth.

The Texas Flag should not be carried flat or horizontally but always aloft and free, as it is carried in a parade.

The Texas Flag is flown at half-mast by first raising it to the top of the flagpole, and then slowly lowering it to a position one-fourth of the distance down the flagpole, and there leaving it during the time it is to be displayed, observing the rule, of course, that it must not be raised before sunrise, and it must be taken down each day before sunset. In taking the Flag down, it should first be raised to the top of the flagpole, and then slowly lowered with appropriate ceremony.

The Texas Flag should not be displayed, used, nor stored in such a manner that it can be easily soiled or otherwise damaged.

When the Texas Flag is in such condition of repair that it is no longer a suitable Emblem for displaying, it should be totally destroyed, preferably by burning, and that privately; or this should be done by some other method in

keeping with the spirit of respect and reverence which all Texans owe the Emblem which represents the Lone Star State of Texas.

**Art. 6144a. Texas Week**

Therefore, be it resolved, that the Senate of Texas, the House of Representatives concurring therein, does here and now approve this Resolution and set apart annually the entire week in which March the Second comes as a season to be known as Texas Week; and by this action of the Legislature His Excellency, the Governor of Texas, is hereby vested with the power and is besought to issue and to publish annually his proclamation outlining the purpose and the spirit of Texas Week and urging every citizen of this State to exalt and extol the highest and the best cultural and spiritual values of Texas throughout Texas Week; and

Be it further resolved, that it is now and ever shall be in direct violation of the purpose and spirit of Texas Week to observe it as a season of holidays; and the Legislature of the State of Texas does affirm that, under no condition, is Texas Week to be looked upon as a week of holidays; but on the other hand and quite to the contrary, it is hereby alleged that during Texas Week every citizen of this State is encouraged to work, insofar as he is able, and to do his work a bit better than he does it during other weeks of the year; and

Therefore, be it further resolved, that the Legislature by this Resolution does urge His Excellency, the Governor of Texas, to suggest to the citizens of this State in his annual proclamations that they observe the following forms of activity, and from time to time such other forms of observance that he may deem

wise, insofar as his suggestions do not conflict with the purpose and spirit of Texas Week as outlined in this Resolution:

First, it is enjoined that every home; every office, place of business and industry; every school, parochial, private, or public; every college and university; and all institutions of whatever class or character, educational or eleemosynary, be requested through this Resolution and the annual proclamations of the Governor of Texas to hoist a Texas Flag from some prominent point of vantage and let it be unfurled each day during Texas Week; and

On the other hand, better work shall be expected of all schools throughout Texas Week; and

Third, it is enjoined upon commerce and industry, professional life and activity, civic activity, and every other kind of occupational pursuit, in which Texas citizens may be engaged, that they recognize and observe Texas Week in a fitting manner. To this end it is recommended that courts in session, luncheon clubs, women's organizations, churches, conventions, lodges, and the Legislature when in session, all departments of government, city, county, and State; and any and every other group of citizens for whatever purpose they may be assembled, be urged now and ever in the future to observe Texas Week appropriately by rendering programs in keeping with the purpose and spirit of this occasion as set forth in this Resolution; and

Fourth, that every citizen, old or young, within the borders of this great State be urged now and ever in the future, by this Act of the Legislature and in accordance with the proclamations of the Governor of Texas issued and published annually to be seen and read by all citizens of Texas, to exalt and extol the cultural and spiritual values which we cherish so fondly; the blessed and romantic traditions of our glorious history; the high standards and lofty ideals of statesmanship, of scholarship, of leadership, of character, and of

service which our forefathers gave to us as our rare and rich heritage, and to give thanks for this marvelous inheritance as we faithfully and conscientiously observe Texas Week.

Commutation of time for good conduct, industry and obedience shall be granted by the General Manager<sup>1</sup> and twenty (20) days per month deduction shall be made from the term or terms of sentences of all prisoners in Class I; provided, however, that for State-approved trusties thirty (30) days deduction per month shall be made from the term or terms of all sentences of such State-approved trusties, and ten (10) days per month deduction shall be made from the term or terms of sentences of all prisoners in Class II as hereinafter provided, when no charge of misconduct has been sustained against a prisoner. When present overtime job assignments carrying more than twenty (20) days per month credit are vacated by the present incumbent for any reason, said job assignment shall not be renewed for a credit of more than twenty (20) days per calendar month.

The Classification Committee, as soon as practicable, shall classify all prisoners according to their industry, conduct and obedience in three (3) classifications: Class I, Class II, Class III; and reclassify any of such prisoners from time to time as in their opinion the circumstances may require. The General Manager shall keep or cause to be kept a conduct record in card or ledger form and a calendar card on each inmate showing all classifications, changes of classifications and forfeitures of commutation of time and reasons therefor. ### Art. 6203a. Lease of Prison Lands for Oil and Gas

#### Creation of Board

Sec. 1. A Board is hereby created to consist of the Commissioner of the General Land Office, one (1) citizen of the state, appointed by the Governor with the advice and consent of the Senate, who shall serve for a term of two (2) years, and the chairman of the State Prison Board,<sup>1</sup> who shall perform the duties hereinafter indicated; the Board shall be known as the "Board for Lease of Texas Prison Lands." The term "Board" wherever it appears hereafter in this Act shall mean the "Board for Lease of Texas Prison Lands." This Board shall keep a complete record of all its proceedings.

<sup>1</sup> Changed to Texas Board of Corrections. See art. 6166a-1.

#### Lands Subject to Lease

Sec. 2. All lands or any parcel of same now owned, or that may be owned and held by the State as State prison lands may be leased by the Board to any person, or persons, firms, or corporation, subject to and as provided for in this Act for the purpose of prospecting, or exploring for and mining, producing, storing, caring for, transporting, preserving, and disposing of the oil and/or gas therein belonging to the State.

#### Subdivision of Lands; Abstracts of Title

Sec. 3. The Board is hereby authorized to cause the State Prison Lands to be surveyed and sub-divided into such lots or blocks as will be conducive or convenient to facilitate the advantageous sale of oil and/or gas leases thereon, and identify such lots and blocks by permanent markings on the ground, and to make such maps and plats as may be thought necessary to carry out the purposes of this Act. The Board shall forthwith obtain authentic abstracts of Title to all prison lands, and cause same to be examined by the Attorney General, who shall file written opinions thereon, and said Board shall take such steps as may be necessary to perfect a merchantable title to such lands in the State of Texas. Such Abstracts of Title and the Attorney General's opinion thereon shall be held on file in the General Land Office as public documents for the inspection of any prospective purchaser of oil and gas leases on said lands.

#### Advertisements for Bids

Sec. 4. Wherever, in the opinion of the Board there shall be such a demand for the purchase of oil and/or gas leases on any lot or tract of land as will reasonably insure an advantageous sale, the Board shall place such oil and gas in said land on the market in such blocks or lots as the Board may designate. It shall cause to be advertised a brief description of the land from which the oil and gas is proposed to be sold and that sealed bids for the purchase of said oil and/or gas by lease will be opened at a designated day, at ten o'clock, A.M., that day and that sealed bids received up

to that time will be considered. Said advertisements shall be made:

(a) By mailing a copy thereof to the County Judge of every County in this State, two daily newspapers published in Texas.

(b) In addition the Board may in its discretion, cause said advertisement to be placed in oil and gas journals in and out of the State to be mailed generally to such persons as they think might be interested.

#### Opening and Acceptance of Bids

Sec. 5. All bids shall be directed to the said Board in care of the General Land Office of the State of Texas, and shall be retained by the Commissioner of the General Land Office until the day designated for the opening of bids and upon that day the said Board, or a majority of its members shall open said bids and shall list and file and register all bids and money received. A separate bid shall be made for each whole survey or subdivision thereof. No bid shall be accepted which offers a royalty of less than one-eighth of the gross production of oil and/or gas in the land bid upon, and this minimum royalty may be increased at the discretion of the Board, all members concurring, before the promulgation of the advertisement of the land. Every bid shall carry the obligation to pay an amount not less than One Dollar per acre for delay in drilling, such amount to be fixed by the Board in advance of the advertisement, and which shall be paid every year for five years, unless in the meantime production in paying quantities is had upon the land.

#### Payments Accompanying Bids

Sec. 6. Every bid shall be accompanied by a payment equal to the minimum price fixed on the land per acre for delay in the drilling if the bid is accepted. The bid shall further indicate the royalty the bidder is willing to pay, which royalty shall not be less than one-eighth of the gross production. The bid shall further name such amount as the bidder may be willing to pay in addition to the royalty and the annual payment herein provided for, and shall be accompanied by cash or checks collectable in Austin to cover said amounts.

#### Lease to Bidder; Rejection of Bids

Sec. 7. If any one of the bidders shall have offered a reasonable and proper price therefor, not less than the price fixed by the Board, the lands advertised, or any whole survey or subdivision thereof, may be leased for oil and/or gas purposes under the terms of this Act and such regulations as the Board may prescribe, not inconsistent with the provisions of this Act. If after any bidding by sealed bids the Board should reject all bids, as it is hereby authorized to do, it may thereafter offer for sale and sell the oil and/or gas in said lands, in separate whole surveys only or subdivisions thereof, by open public auction at a price less than the price offered by the sealed bids. All

bids may be rejected. In the event of no sale at public auction, any subsequent procedure for the sale of said oil and gas leases shall be in the manner above provided.

**Bid Filed in General Land Office**

Sec. 8. If the Board shall determine that a satisfactory bid has been received for said oil and gas, it shall be filed in the General Land Office. Whenever the royalty shall amount to as much as the yearly payment as fixed by the Board, the yearly payment may be discontinued. If before the expiration of five years oil and/or gas shall not have been produced in paying quantities, the lease shall terminate.

**No Rentals Payable Pending Drilling Operations; Lease Continued During Productive Period**

Sec. 9. If during the term of any lease issued under the provisions of this Act the lessee shall be engaged in actual drilling operations for the discovery of oil and/or gas on land covered by any such lease, no rentals shall be payable as to the tract on which such operations are being conducted so long as such operations are proceeding in good faith; and in the event oil or gas is discovered in paying quantities on any tract of land covered by any such lease, then the lease as to such tract shall remain in force so long as oil or gas is produced in paying quantities from such tract. In the event of the discovery of oil and/or gas on any tract covered by a lease issued hereunder or on any land adjoining same, the lessee shall conduct such operations as may be necessary to prevent drainage from the tract covered by such lease and to properly develop the same. Failure to comply with the obligations provided by this section shall subject the holder of the lease to the penalties provided in Sections 12 and 13 of this Act.

**Assignment of Rights**

Sec. 10. Title to all rights purchased may be held by the owners so long as the area produces oil and gas in paying quantities. All rights purchased may be assigned in quantities of not less than forty acres, unless there be less than forty acres remaining in any survey, in which case such lesser area may be so assigned. All assignments shall be filed in the General Land Office within one hundred days after the date of the first acknowledgment thereof, accompanied by ten cents per acre for each acre assigned, and if not so filed and payment made, the assignment shall be ineffective. All rights to any whole survey and to any assigned portion thereof may be relinquished to the State at any time by having an instrument of relinquishment recorded in the county or counties, in which area may be situated and filed in the Land Office accompanied with one dollar for each area assigned, but such assignment shall not relieve the owner of any past due obligations theretofore accrued thereon. The Board shall authorize the laying of pipeline, telephone lines, and the opening of such roads over the Prison lands as may be deemed

reasonably necessary for and incident to the purpose of this Act.

**Royalties Paid to General Land Office; Sworn Statements as to Production**

Sec. 11. Royalty as stipulated in the sale shall be paid to the General Land Office at Austin, Texas, for benefit of the General Revenue Fund on or before the last day of each month for the preceding month during the life of the rights purchased and it shall be accompanied by the sworn statement of the owner, manager or other authorized agent showing the gross amount of oil produced and saved since the last report and the amount of gas produced and sold off the premises and the market value of the oil and gas, together with a copy of all daily gauges of tanks, gas meter readings, pipeline receipts, gas line receipts, and other checks and memoranda of the amounts produced and put into pipelines, tanks or pools and gas lines or gas storage. The books and accounts and all bids, receipts and discharges of all wells, tank pools, meters, pipelines, and all contracts and other records pertaining to the production, transportation, sale and marketing of the oil and/or gas shall at all times be on file in the General Land Office and be subject to inspection and examination by the Commissioner of the General Land Office, the Attorney General, the Governor or any member of the State Prison Board.<sup>1</sup>

<sup>1</sup> Changed to Texas Board of Corrections. See art. 6166a-1.

**Protection of Contiguous or Adjacent Lands**

Sec. 12. In every case where the area in which oil and/or gas sold shall be contiguous or adjacent to land not Prison land, the acceptance of the bid and the sale made thereof to adequately protect the land leased from drainage from adjacent lands. In cases where the area in which the oil and/or gas is sold, as a lesser royalty, the owner shall likewise protect the State from drainage from the land so leased or sold for lesser royalty. Upon failure to protect the land from drainage as herein provided the sale and all rights thereunder may be forfeited by the Board in the manner elsewhere provided herein for forfeitures.

**Forfeitures; Grounds**

Sec. 13. If the owner of the rights acquired under this Act shall fail or refuse to make the payment of any sum due thereon, either as rental or royalty on the production within thirty days after same shall become due, or if such owner or his authorized agent should make any false return or false report concerning production, royalty or drilling, or if such owner shall fail or refuse to drill any offset well or wells in good faith, as required by his lease, or if such owner or his agent should refuse the proper authority to access to the records and other data pertaining to the operations under this Act, or if such owner, or his authorized agent, should fail or refuse to give correct information to the proper authorities, or fail or refuse to furnish the log of any well within

thirty days after production is found in paying quantities, or if any of the material terms of the lease should be violated, such lease shall be subject to forfeiture by the Board by an order entered upon the minutes of the Board reciting the facts constituting the default, and declaring the forfeiture. The Board may, if it so desires, have suit instituted for forfeiture through the Attorney General of the State. Upon proper showing by the forfeiting owner, within thirty days after the declaration of forfeitures, the lease may, at the discretion of the Board and upon such terms as it may prescribe, be reinstated. In case of violation by the owner of the lease contract, the remedy of the State by forfeiture shall not be the exclusive remedy, but suit for damages or specific performance, or both, may be instituted. The State shall have a first lien upon all oil and/or gas produced upon the leased area and upon all rigs, tanks, pipe line, telephone line, and machinery and appliances used in the production and handling of oil and gas produced thereon, to secure any amount due from the owner of said lease.

#### Records Filed in General Land Office

Sec. 14. All surveys, files, records, copies of sale and lease contracts, and all other records pertaining to the sales and leases hereby authorized shall be filed in the General Land Office and constitute archives thereof. Payment hereunder shall be made to the Commissioner of the General Land Office at Austin, Texas, who shall transmit to the State Treasurer all royalty for deposit to the credit of the General Revenue Fund and all rentals for delay in drilling and all other payments including all filing assignments and relinquishment fees hereunder to the credit of the General Revenue Fund.

#### Expenses Paid by Comptroller's Warrant

Sec. 15. The expenses of executing the provisions of this Act shall be paid monthly by warrants drawn by the Comptroller on the State Treasurer, and for that purpose the sum of Two Thousand (\$2,000.00) Dollars or as much thereof as may be necessary is hereby appropriated out of any money in the Treasury not otherwise appropriated until September 1, 1930.

#### Partial Invalidity

Sec. 16. If any provision hereof should be held unconstitutional, the balance of the Act shall not be affected thereby.

#### Forms and Regulations Adopted by Board

Sec. 17. The Board shall adopt proper forms and regulations, rules and contract as will in its best judgment protect the income from lands leased hereunder. A majority of the Board shall have power to act in all cases, except where otherwise herein provided. The Board may reject any and all bids, and shall have the further right to withdraw any lands advertised for lease prior to receiving and

opening bids. Any and all or parts of laws in conflict with this Act are hereby repealed.

Purpose

Sec. 1. The purpose of this Act is to renovate, improve and rehabilitate the Central Unit of the Texas Prison System<sup>1</sup> at Huntsville and to construct and modernize the prison farm units of said system to the end that the prison population of Texas may be adequately housed, and securely confined, and gainfully employed in such enterprises as will, in the opinion of the Prison Board,<sup>2</sup> prove most remunerative to the State and beneficial to the prisoners, it being the Legislative intent to first relieve the emergency now existing in the walls at Huntsville by providing for reasonable sanitation and hospitalization within this unit and by supplying needed and practicable industrial equipment therein, and then to relieve prison congestion by erecting permanent housing facilities on and for designated farm units.

<sup>1</sup> Changed to Texas Board of Corrections. See art. 6166a-1.

<sup>2</sup> Changed to Department of Corrections. See art. 6166a-1.

Powers of Board of Corrections

Sec. 2. To accomplish the purposes enumerated herein the Texas Prison Board<sup>1</sup> is authorized and directed as follows:

A. To equip the present property within the walls with reasonable sanitary devices including the installation of a sewer system for all cell blocks and at other points therein if needed.

B. To provide adequate hospitalization within the walls, including equipment for the scientific diagnosis and treatment of diseases and the installation of an adequate medical supply depot.

C. To acquire and install emergency mechanical devices, equipment, and machinery for shops and industries now operated or that may be operated profitably in said Central Unit.

D. To erect and equip such prison farm units, as in the opinion of the Prison Board, are necessary to relieve the present prison congestion. The Board is hereby authorized to erect and equip one modern, sanitary fire-proof farm unit on either the Imperial, the Darrington or the Harlem Farm. Or, in the alternative, if the said Board so elects, it is hereby authorized to erect two such units and locate same on any two of said farms, or if the Board deems expedient, it is hereby authorized to erect three such plants and place one on each of said farms. If one unit is erected it shall be sufficiently commodious to accommodate the number of persons reasonably required for agricultural enterprises on all accessible farms when used in conjunction with the present tenantable and usable facilities now on said farms. If two or three units are erected they shall

be so constructed as to accommodate enough prisoners to care for and tend all land accessible thereto. Such unit or units shall be equipped with modern, sanitary devices and supplied with such facilities as are necessary to insure comfortable and humane living conditions for prison inmates. Each unit shall be equipped with a hospital ward adequate for all anticipated needs.

E. The Prison Board is further directed to renovate, remodel and repair the present improvements on the Goree Farm, and to make such additions thereto as may be necessary to provide adequate housing facilities for all female inmates of the prison system, and to supply industrial employment for such of the female inmates as may be used profitably in such employment. Adequate hospital facilities shall be provided on this farm for all female prisoners. White and Colored prisoners shall be segregated in separate living quarters, work shops, and hospitals.

F. The Prison Board is further directed to take such steps, other and additional, as are incident or necessary to effectuate any and all of the several undertakings herein specially delineated.

Sec. 3. [Blank]

#### Use of Prison Labor

Sec. 4. In the erection of the improvements authorized by this Act, it shall be the duty of the Prison Board to use prison labor where practicable, but if such labor is found impracticable, then the Board may contract for such free labor as is necessary. For these enterprises the Board is also directed to use the services of any experts, engineers, architects, or specialists now employed by the State in any Department or Institution, and if not inconsistent with pre-existing duties, it shall be incumbent upon any and all such experts, engineers, architects, and specialists to render such aid as may be requested by such Board.

#### Roads Connecting Prison Farms

Sec. 5. The Prison Board and the State Highway Commission are hereby directed to construct such adequate hard surfaced roads as may be necessary to connect the three prison farms specially mentioned in this Act, to-wit: the Imperial, Darrington, and Harlem Farms with existing improved or hard surfaced State or County highways, it being the intention of the Legislature to make these farm units accessible to vehicular traffic at all times. The Highway Department will lay out the necessary roads, make all plans and specifications, necessary therefor, and furnish all such material and equipment as may be necessary for their construction, and also furnish all such supervising, engineering service as may be necessary for such road building projects. The Prison Board is hereby authorized to provide portable housing facilities and road

camps for the purpose of utilizing prison labor on these road building projects. The Prison Board is directed to furnish all labor for these road building enterprises and to cooperate with the Highway Department in their construction, to the end that these projects may be built out of prison labor as nearly as practicable. The expense incurred by the State Highway Department in the construction of these roads shall be borne by said Department and paid out of any funds in its hands available for building or for aiding the construction of public highways in this State.

#### Improvements on Wynne Farm

Sec. 6. The Prison Board is here directed to remodel, repair and renovate the present improvements on the Wynne farm and to make such additions to the present housing and hospital equipment thereon as may, in the opinion of the Board, be necessary to convert same into a modern and sanitary prison unit for all tubercular inmates of the prison system, it being the intention of the Legislature to authorize the Prison Board to so equip this unit as to make the same available for the proper housing, treatment and employment of prisoners afflicted with tuberculosis.

#### Sale of Shaw Farm Authorized

Sec. 7. The Prison Board may in its discretion, sell the Shaw Farm located in Bowie County, (same being all the prison owned land in said County,) at any time after having given public notice in as many as four daily newspapers published in the State, stating the time, place, and terms of sale, and terms being for not less than one-fifteenth cash, with remainder divided into fifteen equal annual payments, maturing in one to fifteen years, with interest payable annually at the rate of 5% per annum, said deferred payments to be secured by vendor's lien. The proposals for purchase shall be in the form of sealed bids accompanied by Cashier's Check, payable to the State Treasurer, for the initial cash payment. All conveyances of such land shall be signed and acknowledged by the Governor of Texas and by the Chairman of the Prison Board. All oil, gas and mineral rights in and to said land shall be reserved to the State of Texas, with the provision that as and when such oil, gas or other minerals are sold, either by lease or otherwise, an equal one-eighth portion of the net proceeds of such sale or sales, shall be paid to the State's vendee of the surface, or the heirs or assigns of said vendee. The State shall reserve the usual rights of ingress and egress, and such other rights as are incident and necessary for the proper exploration of said lands for mineral deposits and for the development and sale of such deposits. **Prison-Made Goods Act of 1963**

Sec. 9. (a) This Section may be cited as the "Prison-Made Goods Act of 1963."

(b) It is hereby declared to be the intent of this Act:

(1) To provide more adequate, regular and suitable employment for the vocational training and rehabilitation of the prisoners of this state, consistent with proper penal purposes;

(2) To utilize the labor of prisoners for self-maintenance and for reimbursing this state for expenses incurred by reason of their crimes and imprisonment; and

(3) To effect the requisitioning and disbursement of prison products directly through established state authorities without possibility of private profits therefrom.

(c) The Texas Department of Corrections is authorized to purchase in the manner provided by law, equipment, raw materials and supplies, and to engage the supervisory personnel necessary to establish and maintain for this state at the penitentiary or any penal farm or institution now or hereafter under control of said Board, industries for the utilization of services of prisoners in the manufacture or production of such articles or products as may be needed for the construction, operation, maintenance or use of any office, department, institution or agency supported in whole or in part by this state and the political subdivisions thereof.

(d) On and after the effective date of this Act, all offices, departments, institutions and agencies of this state which are supported in whole or in part by this state shall purchase from the Texas Department of Corrections all articles or products required by such offices, departments, institutions, agencies, or political subdivisions of this state, produced or manufactured by the Texas Department of Corrections with the use of prison labor, as provided for by this Act, and no such article or product may be purchased by any such office, department, institution or agency from any other source, unless excepted from the provisions of this subparagraph as hereinafter provided. All purchases made by state agencies shall be made through the Board of Control upon requisition by the proper authority of the office, department, institution or agency. Political subdivisions of this state may purchase directly from the Texas Department of Corrections.

Any article or product manufactured by the Texas Department of Corrections for sale through the State Board of Control to any office, department, institution or agency of the state or to any political subdivision thereof, shall be manufactured and/or produced only upon state specifications developed by and through the State Board of Control. However, if such specifications have not been developed by the Board of Control then production may be based upon commercial specifications in current use by industry for the manufacture of such articles and products for sale to the state and political subdivisions thereof which have first been approved by the State Board of Control. For purposes of this Act, state specifications and commercial specifications approved by the Board of Control shall mean the latest complete version of any specification including amendments thereto.

(e) Exceptions from the operation of the mandatory provisions in the first paragraph of subparagraph (d) hereof may be made in any case where, in the opinion of the State Board of Control, the article or articles or product or products so produced or manufactured does or do not meet the reasonable requirements of or for such offices, departments, institutions, agencies, or in any case where the requisitions made cannot be reasonably complied with. No such office, department, institution, or agency shall be allowed to evade the intent and meaning of this Section by slight variations from standards adopted by the State Board of Control, when the articles or products produced or manufactured by the Texas Department of Corrections, in accordance with established standards, are reasonably adapted to the actual needs of such office, department, institution, or agency.

(f) The Texas Department of Corrections shall cause to be prepared, at such times as it may determine, catalogues containing an accurate and complete description of all articles and products manufactured or produced by it pursuant to the provisions of this Act. Copies of such catalogues shall be sent to all offices, departments, institutions and agencies of this state and made accessible to all political subdivisions of this state referred to in the preceding subparagraphs. At least thirty (30) days before the beginning of each fiscal year, the Board of Control shall provide to the Texas Department of Corrections summary reports of the kind and amount of articles and products purchased for state offices, departments, institutions, and agencies based upon the previous nine (9) months experience. Not more than one hundred (100) days following the close of each fiscal year, the State Board of Control shall submit to the Texas Department of Corrections a report showing the kinds and amounts of such prison-manufactured articles purchased by all state offices, departments, institutions, and agencies based upon the purchase experience of the entire previous fiscal year. All such reports shall refer, insofar as

possible, to the items or products contained in the catalogue as issued by the Texas Department of Corrections. The Board of Control may at any time request the Texas Department of Corrections to manufacture or produce additional articles or products.

(g) In keeping with the primary objective of vocational training and rehabilitation of prisoners, the articles or products manufactured or produced by prison labor in accordance with the provisions of this Act shall be devoted, first, to fulfilling the requirements of the offices, departments, institutions and agencies of this state which are supported in whole or in part by this state; and secondly, to supplying the political subdivisions of this state with such articles and products.

(h) The Texas Department of Corrections and the Board of Control shall fix and determine the prices at which all articles or products manufactured or produced shall be furnished.

(i) In addition to the information ordinarily required by law in the annual audits of expenditures and operations of the Texas Department of Corrections made by the State Auditor, after the effective date of this Act such annual audit reports shall also include a detailed statement of all materials, machinery or other property procured, and the cost thereof, and the expenditures made during the audited year for manufacturing purposes, together with a statement of all materials on hand to be manufactured, or in process of manufacture, or manufactured, and the values of all machinery, fixtures or other appurtenances for the purpose of utilizing the productive labor of prisoners, and the earnings realized therefrom during the year.

(j) The Texas Board of Corrections shall have the power and authority to prepare and promulgate policies which are necessary to give effect to the provisions of this Act with respect to matters of administration respecting the same.

(k) In order to carry out the provisions of this Act, the Legislature shall authorize in its biennial Appropriations Acts an industrial revolving fund, and set the amount therein, for the use of the Texas Department of Corrections; and said Department is authorized to expend such monies out of appropriations for said revolving fund as may be necessary to erect buildings, to improve existing facilities, to purchase equipment, to procure tools, supplies and materials, to purchase, install or replace equipment, and otherwise to defray the necessary expenses incident to the employment of prisoners as herein provided.

(l) All monies collected by the Texas Department of Corrections from the sale or disposition of articles and products manufactured or produced by prison labor in accordance with the provisions of this Act, shall be forthwith deposited with the State Treasurer to be kept and maintained in the industrial revolving

fund authorized by this Act, and such monies so collected and deposited shall be used solely for the purchase of raw materials, manufacturing supplies, equipment, machinery and buildings used to carry out the purposes of this Act, to otherwise defray the necessary expenses incident thereto, including the employment of such necessary supervisory personnel as is unavailable in the prison inmate population, all of which shall be subject to the approval of the Texas Board of Corrections; provided, however, that said industrial revolving fund shall never be maintained in excess of the amount necessary to carry out efficiently and properly the intentions of this Act. When, in the opinion of the Governor and the Legislative Budget Board, said industrial revolving fund has reached a sum in excess of the requirements of this Act, such excess shall be transferred by the Texas Department of Corrections to the State General Revenue Fund.

(m) On and after the effective date of this Act, it shall be unlawful to sell or offer for sale on the open market of this state, any articles or products manufactured wholly or in part, in this or any other state by prisoners of this state or any other state, except prisoners on parole or probation; however, the Texas Board of Corrections shall have the power to authorize the Director of the Texas Department of Corrections to sell and dispose of all surplus agricultural products and all personal property owned by the Texas Department of Corrections, which have not been manufactured by the Department for the purpose of sale, at such prices and on such terms and under such rules and regulations as it deems best to adopt. The Texas Department of Corrections shall continue to exercise its rights and privileges as provided in the Salvage and Surplus Act of 1957 (compiled as Article 666 of Vernon's Texas Civil Statutes), relative to the sale and disposal of serviceable state personal property no longer needed by state agencies.

(n) Any person who wilfully violates the provisions of subsection (m) of this Act shall be guilty of a misdemeanor, and upon conviction, shall be confined in jail not less than ten (10) days nor more than one (1) year, or fined not less than Ten Dollars (\$10.00) nor more than Five Hundred Dollars (\$500.00) or both, in the discretion of the court.

Sec. 1. There shall be paid, and there is hereby granted, an annual pension of Two Thousand, Four Hundred (\$2,400.00) Dollars to every surviving indigent soldier or indigent volunteer who was in the actual military or naval service of Texas at the time of the siege of Bexar in December, 1835, or at the time of the Battle of San Jacinto in April, 1836, and who actually participated in any battle in Texas in 1836, or who was in such actual military service for as much as six (6) weeks between the commencement of the Revolution at Gonzales in 1835 and the 1st day of January, 1837, and to every indigent surviving widow of any such soldier or volunteer so long as such widow may live.

Sec. 2. Each applicant for a pension under this law shall make application in writing for the same to the County Judge of his or her residence stating the name, age and residence of the applicant, and in the case of a widow the name of the soldier or volunteer to whom she

was married, and shall state the period of service during which said soldier or volunteer was in actual military service. Such application shall be signed and sworn to by the applicant and forwarded by the County Judge to the Comptroller of Public Accounts of the State of Texas, who shall thereon forthwith pay such pension to such applicant in monthly installments so long as he or she shall live; provided only that the Comptroller may investigate and determine the genuineness of said application, and upon being satisfied that same is genuine, he shall proceed as above provided.

#### Art. 6228. Mothers' Aid

Any widow who is the mother of a child or children under sixteen years of age, and who is unable to support them and maintain her home, may present to the Commissioners' Court of the county wherein she has resided for the preceding two years a sworn petition for aid showing:

First:—Her name, time and place of her marriage, date of the death of her husband, or date of his confinement in the penitentiary or in an insane asylum, or date of his abandonment of her; names, sex, and the dates and places of their birth.

Second:—Her length of residence in the State, her present residence, and her residence during each of the previous five years.

Third:—All the property belonging to her and to each of her children, including any future or contingent interest she or any of them may have.

Fourth:—The efforts made by her to support her children.

By "widow", as used herein, means a mother who is widowed by death or divorce, or whose husband has abandoned her for more than the two preceding years, or whose husband is confined in the penitentiary or in a State Hospital for the insane.

A copy of said petition and a notice of the time and place it will be presented to said Court shall be served on or mailed to the County Judge of said county at least five days before the time the court shall be requested in said petition to hear the same. When service is complete said Court shall examine under oath those who desire to be heard, and may subpoena witnesses; or the Court may refer said matter to a Commissioner to be appointed by it to hear said witnesses. Such Commissioner shall make a report to the Court stating the facts as proven before him. If the Court concludes that unless relief is granted the widow will be unable to properly support and educate her children, and that they may become a public charge, it may make an order directing

a monthly payment to her, out of the County Funds, for the support of such children, not more than Fifteen (\$15.00) Dollars for one child, and Six (\$6.00) Dollars additional for each other child. Such allowance shall be discontinued as to any such child who reaches the age of sixteen. The Court shall have the right to refuse any such petition, and its action in so doing shall be final. The Court shall see that any widow receiving such aid is properly caring for her children. When it is found that she is not properly caring for her children, or that she is an improper guardian for them, or when the Court finds that she no longer needs such aid, it shall thereupon revoke at any time with or without notice any order made pursuant to this Article.

Sec. 3. A. The membership of said Retirement System as an appointive officer or employee of any department, commission, institution or agency of the State Government of the State of Texas shall be composed as follows:

All persons who on the effective date of this Act are members of the Employees Retirement System of Texas shall continue to be members of this System subject to the provisions of this Act. The following persons shall, however, not be eligible for participation in the Retirement System:

1. Persons who are covered by the Teachers Retirement System or the Judicial Retirement System of the State of Texas.

2. Persons employed on a piecework basis or operators of equipment or drivers of

teams whose wages are included in the rental rate paid the owners of said equipment or team.

3. Employees who are employed in a position normally requiring less than nine hundred (900) hours per year.

Notwithstanding any other provisions of this Act, it is expressly provided herein that the Texas Public Employees Association of Texas shall be designated as a State agency, for retirement purposes only. This Association was formed and supported by contributions of employees of the State of Texas for the purpose of increasing efficiency in the State Government and therefore it is further expressly provided herein that the employees of this Association shall be members of the Retirement System and as such shall be governed by the same restrictions, privileges, and benefits as other employee members.

B. The membership of said Retirement System as an elective State official of the State of Texas shall be composed as follows:

1. The membership of said Retirement System shall be composed of any elective State official or appointee in an elective office of the state, including all elected or appointed members of the State Legislature, and District Attorneys receiving salaries paid by the State from the State General Revenue Fund, but shall not include any elective official in the Judicial, Education, District, or County, of the State of Texas other than those expressed eligible as provided herein.

2. Any person who on January 1, 1963, is an elective State official as defined herein, shall, before October 1, 1964, execute an election to become a member of the Retirement System as of January 1, 1963, or election not to become a member of the Retirement System. This election to become a member or not to become a member shall be filed with the State Board of Trustees on a form provided by the Board. The election not to become a member will include a duly executed waiver of all present and prospective benefits which would otherwise inure to him on account of his participation in the System. Contributions shall be due and payable for the month of January, 1963, and each month thereafter, and membership service shall begin as of January 1, 1963.

3. Any person who becomes an elective State official by reason of election or appointment after January 1, 1963, shall within six (6) months from the month in which he takes the oath of office or October 1, 1964, whichever date is later, execute an election to become a member of the Retirement System or not to become a member of the Retirement System. This election to become a member or not to become a member shall be filed with the State Board of Trustees on a form pro-

vided by the Board. The election not to become a member will include a duly executed waiver of all present and prospective benefits which would otherwise inure to him on account of his participation in the System. Contributions shall be due and payable for the month in which he takes the oath of office, and each month thereafter, and membership service shall begin with the first day of the month in which he takes the oath of office.

4. A person who was an elected state official and who completed an entire term of office as a member of the 57th Legislature is entitled to become a member of the Retirement System and to receive the service and benefits of the Retirement System. Before September 1, 1965, he must choose whether to become a member of the Retirement System.

C. 1. Any person who becomes an appointive officer or employee on or after the effective date of this Act shall become a member of the Retirement System on the first day of employment as a condition of employment. The term appointive officer or employee shall mean a person paid a monthly or hourly salary from the funds of the State and the position occupied by such person must be one that subjects that person to the laws, rules and regulations of the State as applicable to its employees. Contributions by such a member under this Act shall begin with the first payroll period in which he is employed and creditable service shall then begin to accrue. Any person elected or appointed to an elective office shall become a member of the Retirement System in the same month in which he takes the oath of office as a requirement for filling such elective position, if he elects to become a member of the Retirement System.

2. Upon verification by the Employees Retirement System, any contributing member of this System may claim and receive credit as an elective or appointive officer or employee for service not previously creditable because of a waiting period required prior to September 1, 1958. Applicable contributions and State matching shall be required for any such service. Members who fail to establish credit for such service within 12 months after first becoming eligible to claim such service, shall be deemed to have waived such service. Payment thereafter shall be subject to the applicable penalty interest provision of this Act.

D. Should any member who was an appointive State officer or employee in any period of six (6) consecutive years after becoming a member be absent from service more than sixty (60) consecutive months, he would automatically terminate membership if he has less than fifteen (15) years creditable service; if an elective State official eight (8) years; or should any member withdraw his accumulated contributions, or become a beneficiary, or upon death, he shall thereupon cease to be a member; however, during the time the United

States was or is involved in organized conflict whether in a state of war or in a police action involving conflict with foreign forces, or for reason of a crisis within this country, and within a period of twelve (12) months thereafter, time spent by a member of the Employees Retirement System (1) in the Armed Forces of the United States of America and their auxiliaries and/or in the Armed Forces Reserve of the United States of America and their auxiliaries and/or in the service of the American Red Cross as a result of having volunteered or having been drafted and/or conscripted thereinto, or (2) in war work as a direct result of having been drafted and/or conscripted into said war work, shall not be construed as absent from service insofar as the provisions of this Act are concerned. The State Board of Trustees shall determine and by order define the period or periods which shall be recognized as involving organized conflict or crisis within the contemplation of this Act.

E. Any person who was an elective State official and who has served in the Legislature of Texas but whose last elective service occurred prior to January 1, 1963 and who has not less than eight (8) years creditable service may become a member of the Employees Retirement System by paying into such System in a lump sum payment an amount for each year of creditable service. The amount required shall be computed at the rate of six per cent (6%) per year of the yearly salary being paid to members of the Legislature at the time the person elects to establish such service. Credit for such service shall be granted only after payment of all contributions, interest and fees required. Credit for service granted may not thereafter be simultaneously granted by any other retirement system. Such person must be a contributing member of the System at the time he establishes credit for such service and shall pay interest at the rate of ten per cent (10%) per year dating from the time such service was performed. Interest shall be credited to the State Accumulation Fund. State matching contribution from the State shall be provided in the same manner as set forth in the applicable provisions of the Employees Retirement Act.

#### Creditable Service

Sec. 4. A. Creditable service shall be the total of prior service plus membership service. For appointive officers and employees of the State, prior service shall be granted for eligible service rendered prior to the establishment of the Retirement System on September 1, 1947, and membership service shall be granted for eligible service rendered on and after September 1, 1947. Service as an elected State official as defined in this Act may be claimed as creditable service as an appointed officer or employee.

Each appointive officer or employee, as defined in Section 3 of this Act, who becomes a member and contributes as such for a period of twenty-four (24) months, shall file a detailed

statement of all Texas service for which he claims credit.

B. Creditable service shall be the total of prior service plus membership service. For elective State officials, prior service shall be granted for eligible service rendered prior to January 1, 1963, and membership service shall be granted for eligible service rendered on and after January 1, 1963.

Under such rules and regulations as the Board of Trustees shall adopt, each elective State official who was employed as defined in Section 3 of this Act, at any time prior to January 1, 1963, as an elective State official, who on that date or thereafter becomes an elective State official shall file a detailed statement of all service as an elective State official rendered by him for which he claimed credit.

It is expressly provided herein that any service allowed under the provisions of this Act as a member of the Legislature of Texas, for retirement purposes, either as an appointive officer or employee or as an elective State official shall be computed on the basis of earnable compensation at the rate of Four Thousand, Eight Hundred Dollars (\$4,800) per annum.

It is expressly provided in this Act that creditable service of any elective State official may be transferred by him upon his application to the Board of Trustees to coverage under the requirements and benefits for appointive officers or employees as provided in this Act. Provided, however, that before such transfer can be made, such elective State official must pay all such contributions and fees required of an appointive State officer or employee prerequisite for such benefits. It is also provided that if such transfer is filed by an elective State official and this election is made, that State matching contributions from the State shall be provided in the same manner as set forth in the provisions of the Employees Retirement Act herein.

It is expressly provided in this Act that any elective State official may claim such service as an appointive State officer or employee, to be included with his elective service, for benefits under this Act, and that further, such service must be claimed by the elective State official and after verification by the State Board of Trustees shall be granted.

C. The State Board of Trustees shall fix and determine by appropriate rules and regulations how much service in any year is equivalent to one (1) year of service, but in no case shall more than one (1) year of service be creditable for all service in one (1) year.

D. Subject to the above restrictions and to such other rules and regulations as the State Board of Trustees may adopt, the State Board of Trustees shall verify and adjust, as soon as practicable after the filing of such statements of service, the service therein claimed.

E. Upon adjustment and verification of the statement of service, the State Board of Trustees shall issue prior service certificates certi-

fying to each member the length of Texas service rendered prior to the date of the establishment of the Retirement System, with which he is credited on the basis of his statement of service. So long as membership continues a prior service certificate shall be final and conclusive for retirement purposes as to such service, provided, however, that any member may, within one (1) year from the date of issuance or modification of such certificate, request the State Board of Trustees to modify or correct his prior service certificate. When membership ceases, such prior service certificate shall become void. Should he again become a member, such person shall enter the System as a member not entitled to prior service credit except as provided elsewhere in this Act.

F. Each member, as defined in this Act, who has heretofore withdrawn his contributions and cancelled his accumulated creditable service for retirement purposes, may, if he returns to State employment and continues as such for a period of twenty-four (24) months, or if an elective State official, upon taking the oath of office, be entitled to deposit in the Retirement System in a lump sum payment the amount withdrawn plus interest of five per cent (5%) per annum from the date of withdrawal to the date of redeposit, plus any membership fees due, and have his creditable service reinstated for retirement purposes; however, it is provided that the amount withdrawn by the person and deposited with the System shall be placed in his individual account in the Employees Saving Fund and the five per cent (5%) per annum interest shall be placed in the State Accumulation Fund. The amounts to be deposited shall be determined in each case by the Employees Retirement System and in no event shall any such person be granted retirement upon such former service credits until the amount so determined shall have been paid in full.

Each member, as defined in this Act, who is eligible to claim creditable service not previously established, shall have the privilege of electing to receive credit for all previous creditable State service provided such person shall deposit with the Employees Retirement System in a lump sum all required membership fees, contributions and interest with respect to each of the years and months employed dating from the date such service was performed provided that the contributions shall be equal to six per cent (6%) of the applicable salary rate for each month of service but not less than Eighteen Dollars (\$18.00) per month, together with interest from the date of such service at the rate of ten per cent (10%) per annum, and provided further, that the required contributions shall be placed in his individual account in the Employees Saving Fund, and the interest shall be placed in the State Accumulation Fund. The amounts to be deposited shall be determined in each case by the Employees Retirement System and in no event shall any

such person be granted retirement upon such former service credits until the amounts so determined shall have been paid in full, and provided further, that the total of all such contributions shall be matched by an equal sum by the State of Texas in the manner and from the funds as now provided in the State Employees Retirement Act. Interest payments provided herein shall be calculated on the basis of the State fiscal year.

G. A member of the Employees Retirement System who has served on active Federal duty as a member of the Armed Forces of the United States of America during the time the United States was or is involved in organized conflict, whether in a state of war or a police action involving conflict with foreign forces, or for reason of a crisis within this country, and within a period of twelve (12) months after the end of the conflict, and who has been or is relieved from active military service under conditions other than dishonorable shall be entitled to apply for and receive creditable service, not to exceed sixty (60) months under this Act as hereafter provided. A member of the System currently contributing as a member of the Legislature shall be allowed two (2) years retirement credit for having served at least eighteen (18) months on active Federal duty military service.

Notwithstanding any other provision herein, no person, otherwise eligible for credit for military service shall be eligible for such credit if such person shall be receiving or hereafter receives any military retirement provided by any Federal law or regulation or Federal retirement Act, for at least twenty (20) years' active duty or the equivalent thereof. Any person applying for credit authorized by this subsection, shall pay to the Employees Retirement System a sum equal to the number of full months in actual service for which credit or additional credit is sought, times the rate of his first contribution to the System for his first full month of State employment following the date of release from active Federal duty military service provided, however, that such contribution shall not be less than Eighteen Dollars (\$18.00) per month. A member of the Legislature who applies for two (2) years' military service credit under the provisions of this subsection shall pay to the Employees Retirement System an amount equal to twenty-four (24) times the rate of his first contribution to the System as a member of the Legislature, provided, however, that such contribution shall not be less than Twenty-four Dollars (\$24.00) per month. Such contributions made for military retirement credit shall be deposited in the member's individual account in the Employees Saving Fund. State matching in a sum equal to the amount of the member's contribution shall be paid to the Employees Retirement System from the fund from which the member received his compensation for his first full month of State employment following the date of his release from active Federal duty mili-

tary service. Such matching money shall be deposited in the State Accumulation Fund. Members who (1) were eligible to establish credit for military service before September 1, 1972, but failed to do so, and (2) all other eligible members who do not establish such credit before September 1, 1974, or within twelve (12) months after becoming members, whichever is later, shall pay interest on the amount due for military service credit at the rate of ten per cent (10%) per year dating from the date of first eligibility. Such interest shall be deposited in the State Accumulation Fund. Members shall furnish to the System all necessary data including verification of any creditable military service performed by the member, as provided for herein, in such manner and at such time as determined by the Board of Trustees so as to permit the Employees Retirement System to determine the amount of State money required to support and fund the actuarial cost of such military service previously established as well as service to be established in the future. The State Board of Trustees shall determine and by order define the period or periods which shall be recognized as organized conflict or crisis within the contemplation of this Act.

Military service credit shall be included in determining all death benefits, eligibility for selection of an optional death benefit plan, and in calculating occupational disability retirement benefits. Military service credit shall be included in calculating service retirement and nonoccupational disability retirement benefits only if the member at the time of retirement has ten (10) years of creditable State service as an appointive officer or employee exclusive of military service credit, or six (6) years of creditable service as an elective State official exclusive of military service credit.

H. Any contributing member of the System, upon completing the required number of months of service necessary to establish previous service, as provided for in this Act, shall be eligible to claim credit for service as defined in this subsection. The Employees Retirement System shall verify all such service claimed under the provisions of this subsection. Credit for all such service shall be granted only after payment of all contributions for all such service plus interest, and fees required. A member claiming service under this subsection, shall pay interest at the rate of 10% per year dating from the date such service was performed. Interest shall be credited to the State Accumulation Fund. State matching contributions from the State shall be provided in the same manner as set forth in applicable provisions of the Employees Retirement Act. The Employees Retirement System shall not grant credit for any such service that is simultaneously credited by any other retirement system or program established under or governed by the laws of this State. Credit for service granted by the Employees Retirement System may not thereafter be simultaneously

credited by any other system or program. Annuities for such service shall be based upon the provisions of the Employees Retirement Act with respect to annuities payable to elective officials or to employees and appointive officials whichever is applicable. Members who are eligible may claim credit for the following service:

1. Service in the State of Texas as a Criminal District Attorney or as a County Attorney.

Contributions required of members claiming service as a Criminal District Attorney or as a County Attorney shall be based upon State salaries paid to District Attorneys during the periods of time for which such service is claimed, provided, however, the minimum contribution shall not be less than Twenty-four Dollars (\$24.00) per month.

2. Service as a Board member of a statutory Texas State department, agency, or commission having statewide jurisdiction, the employees of which, under requirements of law, are members of the Employees Retirement System; provided that such service was not in a full time salaried position but was subject to confirmation by the Senate of Texas. It shall be provided further that a minimum of 24 months of such service shall qualify a Board member to become a member of the System and be eligible to establish such service upon the effective date of membership in the System.

Contributions required of eligible Board members shall be based upon the highest salary paid to any officer or employee of such department, agency, or commission during the time for which such credit is claimed.

3. Judicial service as a commissioner, judge, or justice of a District Court, Criminal District Court, Court of Civil Appeals, Court of Criminal Appeals, or Supreme Court of this State.

Contributions required of members claiming judicial service under this subsection shall be based upon the contribution rate and amount of salary applicable under the Judicial Retirement System during the periods of time for which such service is claimed.

4. Service as a District Clerk performed prior to service as Clerk of the Supreme Court of Texas or Clerk of the Court of Criminal Appeals, provided that not more than one year of service as a District Clerk shall be credited for each two years of service as Clerk of the Supreme Court or Clerk of the Court of Criminal Appeals. Contributions required of members claiming service as a District Clerk shall be based upon the salary paid to the Clerk of the Supreme Court or to the Clerk of the

Court of Criminal Appeals at the time service as District Clerk was performed, provided, however, the minimum contribution shall not be less than Eighteen Dollars (\$18.00) per month.

5. Any person who became a member of the Employees Retirement System prior to September 1, 1965, under the provisions of Senate Bill No. 217, Chapter 116, Acts of the 59th Legislature, Regular Session, 1965,<sup>1</sup> may claim as prior service any creditable service in State employment performed prior to January 1, 1963, and if retired prior to the effective date of this Act, may make application to the retirement system for recomputation of his annuity to include such service; provided, however, any increased annuity shall be payable only for the month in which such application is received and thereafter.

3. Any member may withdraw from service prior to the attainment of the age of sixty (60) years who shall have completed at least thirty (30) years of creditable service as an employee or appointive officer, or twelve (12) years of creditable service as an elective official and shall become entitled to a service retirement upon attaining the age of fifty-five (55) without actuarial reduction because of age. Any person previously retired with thirty (30) years or more of creditable service, as an employee or appointive officer, or twelve (12) years or more years of creditable service as an elective official and who at the time of retirement was at least fifty-five (55) years, but less than sixty (60) years of age, and whose service annuity was actuarially reduced, may, on and after the effective date of this Act, apply in writing for recomputation of his annuity so as to restore the reduction previously imposed, such restoration to be effective only with respect to annuity payments due for the month in which such application is received and thereafter. 1. The allowance for service retirement shall be computed on the basis of the average monthly compensation of the member for the sixty (60) highest months of compensation during the last one hundred

and twenty (120) months of creditable service. The rate of benefits shall be based upon the following schedule:

First ten (10) years of service	-----1.35% per year
Second ten (10) years of service	-----1.60% per year
Third ten (10) years of service	-----1.70% per year
All subsequent years	-----1.90% per year

It is provided, however, that if the service retirement standard annuity calculated on the basis of the Rate of Benefits set forth herein is less than Sixty-five Dollars (\$65.00) per month, then the benefits shall be increased to equal the sum of Sixty-five Dollars (\$65.00) per month.

It is expressly provided that any service or disability annuity or allowance under the provisions of this Act shall begin with the first day of the month following the effective date of retirement and shall be paid in monthly installments and shall cease on the day the beneficiary or person dies who is receiving such an annuity or allowance except as otherwise provided in this Act.

2. It is expressly provided that no annuity being paid to a beneficiary of the Retirement System who retired prior to September 1, 1973, shall be decreased by the provisions of this Act.

**3. Optional Allowances for Service Retirement.**

Any member may elect to receive a standard annuity payable throughout his life, with the provision that such election shall not be effective in case he dies during the first month after the effective date of his retirement in which case he shall be considered as an active member at the time of his death. In lieu of a standard annuity he may elect to receive the actuarial equivalent thereof as a reduced annuity payable throughout his life with the provisions that:

Option (1) Upon his death, his reduced annuity shall be continued throughout the life of, and paid to, such person as he shall nominate by written designation duly acknowledged and filed with the State Board of Trustees at the time of his retirement; or

Option (2) Upon his death, one half ( $\frac{1}{2}$ ) of his reduced annuity shall be continued through the life of, and paid to, such person as he shall nominate by written designation duly acknowledged and filed with the State Board of Trustees at the time of his retirement; or

Option (3) In the event of his death before sixty (60) monthly payments of such annuity have been made, such

payments shall be continued to his nominee designated in writing, or to his estate, until the remainder of the sixty (60) payments have been made; or

Option (4) In the event of his death before one hundred and twenty (120) monthly payments of such annuity have been made, such payments shall be continued to his nominee designated in writing, or to his estate, until the remainder of the one hundred and twenty (120) payments have been made; or

Option (5) Such other benefit arrangement as may be approved by the Board of Trustees and the whole of which benefit is certified by the Actuary to constitute the reduced actuarial equivalent of the retirement benefit to which the member is entitled.

#### 4. Re-employment of Retired Appointive Officers or Employees.

Any retired appointive officer or employee may return to state employment as an appointive officer or employee, on a temporary basis, provided, however, that such reemployment shall not be for a longer period than six (6) months within any one (1) year. Any retired appointive officer or employee reemployed by the state on a part-time or consulting basis may work without loss of benefits under the Employees Retirement System. It is provided that in the event a retired state appointive officer or employee resumes temporary employment with a state department, commission, institution or agency, he shall notify the Retirement System in writing prior to resuming actual employment, and the head of any state department, commission, institution or agency of the state shall notify the Retirement System in writing before employment of a retired state appointive officer or employee and furnish the Retirement System the name of said retired appointive officer or employee and the dates of employment. After a reemployed, retired appointive officer or employee has worked six (6) months in any one (1) year, retirement benefit payments that would otherwise have been paid to said member shall be suspended and shall be resumed when said member leaves said employment, provided that the annuity payments as suspended shall be paid into the State Accumulation Fund. For the purposes of the six (6) months per year limitation on reemployment, employment for any part of a month shall constitute a full month. It is provided further, that if the retired member had elected to receive an annuity in a guaranteed payment for a certain number of years or months after retirement, that the time so spent in state employment over six

(6) months within any one (1) year by such retired member after the initial or original retirement shall count as time within said certain number of years or months, the same as if said retired member had not returned to state employment, provided that said retired member temporarily employed shall not contribute to the Retirement System during such reemployment, and the Retirement Plan in effect at the time of his original retirement shall remain unchanged.

5. Notwithstanding any other provisions of this Act, it is further provided that a member who has accumulated thirty (30) or more years of creditable service as a member of the Employees Retirement System of Texas and who has service credit of not less than eight (8) years in one or more of the following named offices of the State Legislature: House Administrative Officer, House Chief Clerk, House Journal Clerk, House Enrolling and Engrossing Clerk, House Calendar Clerk, House Sergeant at Arms, Secretary of the Senate, Senate Calendar Clerk, Senate Journal Clerk, Senate Enrolling and Engrossing Clerk, and Senate Sergeant at Arms shall have his service retirement standard annuity computed on a rate of benefit basis of two percent (2%) per year of total creditable service. It is further provided that the service retirement standard annuity so computed shall not exceed eighty percent (80%) of the average monthly compensation of the member for the sixty (60) highest months of compensation during the last one hundred and twenty (120) months of creditable service.

#### C. Disability Retirement Benefits for Appointive Officers or Employees.

1. Upon the application of a member or his employer or his legal representative acting in his behalf, any member, under age sixty (60), who has had ten (10) or more years of creditable service may be retired by the State Board of Trustees, not less than thirty (30) and not more than ninety (90) days next following the date of filing such application, on a nonoccupational disability retirement allowance, provided that the Medical Board, after a medical examination of such member, shall certify that such member is mentally or physically incapacitated for the further performance of duty, that such incapacity is likely to be permanent, and that such member should be retired.

Upon the application of a member or his employer or his legal representative acting in his behalf, any member regardless of age and regardless of creditable service may be retired by the State Board of Trustees, not less than thirty (30) and not more than ninety (90) days next following the date of filing such application on an Occupational Disability Retirement Allowance,

provided that the Medical Board, after a medical examination of such member, shall certify that such member is mentally or physically incapacitated for the further performance of duty, as such incapacity is likely to be permanent, and such person should be retired.

2. Allowance on Disability Retirement—Nonoccupational, for Appointive Officers or Employees.

Upon retirement for disability (nonoccupational) a member shall receive a service retirement allowance if he has attained the age of sixty (60) years, otherwise, he shall receive a disability retirement allowance computed at one and one-half (1½%) per cent per year of service, multiplied by the average monthly compensation for the sixty (60) highest consecutive months during his last preceding one hundred and twenty (120) months of creditable service, provided, however, that in no event will his disability retirement allowance be less than thirty (30%) per cent of his average compensation so computed, nor his maximum benefit exceed sixty (60%) per cent of his average compensation so computed.

It is provided, however, that if the disability retirement annuity calculated on the basis of the Rate of Benefits set forth herein is less than Seventy-Five Dollars (\$75.00) per month then the benefits shall be increased to equal the sum of Seventy-Five Dollars (\$75.00) per month.

It is further provided, however, that any member who retired on disability prior to September 1, 1958, will receive an increase of fifteen (15%) per cent or if less than Seventy-Five Dollars (\$75.00) per month then the benefits shall be increased to equal the sum of Seventy-Five Dollars (\$75.00) per month.

It is expressly provided that all non-occupational disability retirements previously awarded and in effect at the time this Act becomes effective, shall be reviewed, and the benefits of this Act shall be applied to each retirement; provided, however, that no person shall receive an annuity less than that being paid at the effective date of this Act.

3. Allowance on Occupational Disability Retirement for Appointive Officers or Employees.

Upon retirement for occupational disability a member shall receive a disability retirement allowance computed at one and one-half (1½%) per cent per year of creditable service multiplied by the monthly rate of compensation being paid to the member at the time of the disabling injury or disease; provided, however, that in no event shall the disability retirement allowance be less than thirty (30%) per cent nor more than sixty (60%) per cent of the monthly rate of compensation.

It is provided, however, that if the occupational disability retirement annuity calculated on the basis of the Rate of Benefits set forth herein is less than Seventy-Five Dollars (\$75.00) per month then the benefits shall be increased to equal the sum of Seventy-Five Dollars (\$75.00) per month.

It is expressly provided that all occupational disability retirements previously awarded and in effect at the time this Act becomes effective, shall be reviewed, and the benefits of this Act shall be applied to each retirement; provided, however, that no person shall receive an annuity less than that being paid at the effective date of this Act.

4. Once each year during the first five (5) years following retirement of a member on a disability retirement allowance, and once in every three-year period thereafter, the State Board of Trustees may, and upon his application shall, require any disability beneficiary who has not yet attained the age of sixty (60) to undergo a medical examination, such examination to be made at the place of residence of said beneficiary or any other place mutually agreed upon, by a physician or physicians designated by the State Board of Trustees. Should any disability beneficiary who has not yet attained the age of sixty (60) years refuse to submit to at least one (1) medical examination in any such periods by a physician or physicians designated by the State Board of Trustees, his allowance shall be discontinued until his withdrawal of such refusal, and should his refusal continue for one (1) year, all his rights in and to his allowance shall be revoked by the State Board of Trustees.

5. Should the Medical Board report and certify to the State Board of Trustees that such disability beneficiary is no longer physically or mentally incapacitated for the performance of duty, or that such disability beneficiary is engaged in or is able to engage in gainful occupation, and should the State Board of Trustees by a majority vote concur in such report, then the amount of his allowance shall be discontinued or reduced to an amount by which the amount of the last year's salary of the beneficiary, as a member, exceeds his present earning capacity. Should his earning capacity be later changed, the amount of his allowance may be further modified; provided that the revised allowance shall not exceed the amount of the allowance originally granted, nor shall it exceed an amount which, when added to the amount earnable by the beneficiary, equals the amount of his compensation for the last year prior to retirement.

6. Should a disability beneficiary under the age of sixty (60) years be restored to active service, his retirement allowance

shall cease, he shall again become a member of the Retirement System, and the balance of his retirement reserve shall be transferred to the Employees Saving Fund and to the State Accumulation Fund, respectively, in proportion to the original sum transferred to the Retirement Annuity Reserve Fund at retirement. Upon restoration to membership, any prior service certificate on the basis of which his service was computed at the time of his retirement shall be restored to full force and effect, and in addition, upon his subsequent retirement he shall be credited with all his membership service. Should a disability beneficiary die or be removed from the disability list for any cause other than restoration to active service, an amount equal to the amount by which such beneficiary's accumulated contributions at the time of disability retirement exceed the annuity payments received by such beneficiary under his disability allowance, if any such excess exists, shall be paid from the Retirement Annuity Reserve Fund to such beneficiary if living; otherwise, such amount shall be paid as provided by the laws of descent and distribution of Texas unless the beneficiary has directed such amount to be paid otherwise. If the member is granted a nonoccupational disability allowance while employed by the state or on compensation insurance or temporary sick leave and dies while receiving this nonoccupational disability allowance and is survived by a spouse at the date of his death, and if there is no surviving spouse, then only to the guardian of the dependent minor children will be granted a death benefit as set forth under Section 5, Subsection E, Paragraph 2, a, b, c, or d, whichever is applicable. Such benefit granted would be paid from the State Accumulation Fund.

It is provided, however, that if the disability beneficiary has been retired for occupational disability and should such beneficiary die while receiving such occupational disability benefits, an amount equal to the amount by which such beneficiary's accumulated contributions at the time of occupational disability retirement exceeds the annuity payments received by such beneficiary under his occupational disability allowance, if any such exists, shall be paid as provided by the laws of descent and distribution of Texas, unless the beneficiary has directed such amount to be paid otherwise, and provided further, that this refund as set forth herein shall be made only if the cause of the death of the beneficiary is from or connected with the occupational injury or disability resulting in the occupational disability retirement; otherwise, the provisions above set forth in this paragraph shall apply.

It is further provided, that if the beneficiary dies while receiving an occupational disability allowance and he is survived by a spouse and if there is no surviving spouse then only to the guardian of the dependent minor children, then an additional death benefit will be paid an amount equal to the full annual salary before the deceased appointive officer or employee at the rate of pay he was receiving at the date he was granted occupational disability. This additional benefit payment would be paid from the State Accumulation Fund. The Board of Trustees shall determine if the death is an occupational death and its decision shall be final.

7. It is expressly provided herein that an appointive officer or employee who applies for Occupational Disability Retirement benefits shall be required to furnish the Board of Trustees all information and data requested by the Board of Trustees and provided further that the head and all employees of the department in which the member applying for Occupational Disability Retirement is employed shall be required to furnish all information and data concerning the application for Occupational Disability Retirement of the member and further, the Board of Trustees shall have the right to inquire and require any additional data concerning the application for occupational disability in order that the Board may have all information necessary to act upon said application for occupational disability. In the event that such information is withheld or denied, then the Board of Trustees may refuse to accept the application for Occupational Disability Retirement and shall consider the application only for Nonoccupational Disability Retirement Benefits. It is expressly provided herein that the Board of Trustees shall act upon the facts and its decision regarding Occupational Disability Retirement herein applied for, shall be final.

#### D. Service Retirement Benefits for Elective State Officials.

1. Any member may retire upon written application to the State Board of Trustees, setting forth at what time, not less than thirty (30) days nor more than ninety (90) days subsequent to the execution of and filing thereof, he desires to be retired, provided that retirement will be effective only as of the last day of the calendar month, and provided that the said member at the time so specified for his retirement shall have attained the age of sixty (60) years and shall have completed eight (8) or more years of creditable service, provided, however, any member who has completed at least twelve (12) years of creditable service shall be entitled to a service retirement provided such member has attained the age of fifty-five (55).

The Maximum Service Retirement allowance shall be computed at the rate of six per cent (6%) per year of the monthly salary paid to duly elected members of the Legislature of the State of Texas on date of retirement and as such monthly salary may be adjusted from time to time thereafter. The Maximum Service Retirement allowance so computed shall not exceed sixty per cent (60%) of such salary or Nine Hundred Dollars (\$900) whichever is the greater of the two.

It is expressly provided that any annuity or allowance payable under the provisions of this Act shall begin with the last day of the month following the effective date of retirement and shall be paid in monthly installments and shall cease with the last day of the month preceding the month in which the beneficiary or person dies who is receiving such an annuity or allowance as provided in this Act.

It is further provided, that the Rate of Benefits scheduled as provided for by this Act shall be applied to all service retirement annuities payable on the effective date of this Act and previously awarded under the laws governing the Employees Retirement System as effective September 1, 1963, or as amended thereafter.

2. Any member who has accumulated a minimum of eight (8) years of creditable service as provided herein and who does not withdraw his account from the Retirement System prior to the attainment of age sixty (60) shall remain an active member and shall be entitled to a service retirement allowance upon attaining age sixty (60).

It is further provided, that upon the death of any member, with not less than eight (8) years of creditable service under the provisions of this Act, one-half ( $\frac{1}{2}$ ) of the total service retirement allowance provided herein to which such member is entitled or would have been entitled at age sixty (60), or at the time of his death, whichever is later, shall be paid to the surviving spouse at the time of the death of such member, provided, however, that this provision shall not be applicable in the event the member was eligible to select or had selected a Death Benefit Plan for a monthly annuity to be effective in the event of death prior to retirement as provided herein. Occupational Death Benefit provisions of this Act shall also be applicable to Elective State Officials.

Prior to retirement any contributing member with ten (10) or more years creditable service, and any noncontributing member with twelve (12) or more years creditable service, may select a Death Benefit Plan and designate a nominee to receive a reduced monthly annuity either for life, or for a ten (10) year guaranteed period, to become effective and payable, in lieu of the refund of the member's con-

tributions, to such nominee beginning the month following the death of such member. If the qualified member dies without having made such Death Benefit Plan selection, the surviving spouse may choose the plan in the same manner as if the member had completed the selection and, further provided, that only the surviving spouse may make such a selection and if there is no surviving spouse, then the selection may be made only by the guardian of the dependent minor children and if there be no dependent minor children then the provisions of Paragraph 2, Subsection E of Section 5, pertaining to death benefits shall apply upon death of the member. Application for such plan shall be on forms prescribed by the State Board of Trustees. The reduced benefits shall be computed in the same manner as for a member's service retirement as provided elsewhere in this Act. The ages of the member and the nominee at the date of the member's death shall be used in determining the reduced annuity. The plan selected shall remain in effect until amended or superseded by the member's retirement selection.

3. It is provided herein that for service retirement Elective State Officials shall be eligible to select any of the optional allowance plans as provided for appointive officers and employee members, as set forth in Section 5, Subsection B, Paragraph 3, of this Act.

4. Disability Retirement Benefits for Elective State Officials.

Upon the application of a member or his employer or his legal representative acting in his behalf, any member under age sixty (60), who has eight (8) or more years of creditable service, or if Occupational Disability regardless of age or length of service, may be retired by the State Board of Trustees, not less than thirty (30) and not more than ninety (90) days next following the date of filing such application, provided the Medical Board, after a medical examination of such member, shall certify that such member is mentally or physically incapacitated for the further performance of duty, that such incapacity is likely to be permanent, and that such member should be retired.

The benefit to be paid by the Retirement System shall be the same as that set forth for service retirement without reduction for reason of age, provided, however, that no optional plan may be selected, and further provided, that should the disabled retired member die before the full amount of contributions standing to his credit shall have been paid, then the remainder of his account shall be paid to the beneficiary of such disabled retired member. It is provided herein that additional provisions after disability retirement applicable for appointive officers and

employee members as set forth in Section 5, Subsection C, Paragraphs 4, 5, and 6, will be applicable also to disability retirement for Elective State Officials. Occupational Disability Benefit shall be based on the member's actual creditable service or eight (8) years, whichever is greater.

E. Return of Accumulated Contributions.

1. Should a member with less than fifteen (15) years of creditable service cease to be employed, except by death or retirement, under the provisions of this Act he shall be paid in full the amount of accumulated contributions standing to the credit of his individual account in the Employees Saving Fund.

2. Should a member die before retirement the amount of his accumulated contributions standing to the credit of his individual account shall be paid as provided by the laws of descent and distribution of Texas unless he has directed the account to be paid otherwise.

If such a member dies before retirement, an additional death benefit will be paid to the designated nominee if living, otherwise to the estate of the deceased member. It is expressly provided that such additional death benefit herein will be paid only if the member dies and is actively employed by the state or on disability retirement, compensation insurance or temporary sick leave on the date of his death. Such payments of the additional death benefit will be made from the State Accumulation Fund as follows:

(a) At the death of such a member who has less than twenty (20) years of creditable service, an amount equal to five (5%) per cent of the amount standing to the credit of his account in the Employees Saving Fund, shall be paid for each full year of creditable service. Such amount shall be paid to his last named nominee or beneficiary, if living, and otherwise to his estate.

(b) At the date of the death of the member whose death benefit plan could not be effective or who had not chosen an optional death benefit plan as provided for members credited with twenty (20) years of service or more, the surviving spouse may choose an option plan in the same manner as if the member had completed the selection. If there is no surviving spouse, the Executor of the estate of the deceased member may choose the option plan for the benefit of the estate heirs.

3. Provided, however, in the event that the death of the appointive officer or employee member is an occupational death, there shall be refunded, in addition to any other benefit or payment authorized by this Act, an amount equal to the full annual salary of the deceased appointive

officer or employee member based upon his rate of pay at the time of death, but such additional refund shall be paid only to the surviving spouse, and if no surviving spouse, then payment shall be made to the guardian of the dependent minor children, if any, and provided that such additional death benefit shall be paid from the State Accumulation Fund. The Board of Trustees shall determine if the death is an occupational death, and its decision shall be final.

4. After such cessation of service if no previous demand has been made, any accumulated contributions of a contributor shall be returned to him or to his heirs. If the contributor or his heirs cannot be found after seven (7) years, his accumulated contributions shall be forfeited to the Retirement System and credited to the State Accumulation Fund.

5. It is provided that any member who has completed twenty (20) years of creditable State service in Texas, may by written designation in such form as the Board of Trustees may prescribe, select a nominee and an optional allowance for retirement as set forth under the preceding Section 5, Subsection B, Paragraph 3, providing for optional allowances for service retirement, and which selection shall become effective and payable to such nominee beginning with the month following the month in which the member died, provided, however, if such a member having completed twenty (20) years of State service in Texas failed to make a selection in the event of his death then a surviving spouse may choose the option plan in the same manner as if the member had completed the selection and, further provided, that only the surviving spouse may make such a selection and if there is no surviving spouse, then the selection may be made only by the guardian of the dependent minor children and if there be no dependent minor children, then the provisions of the preceding Subsection E, Paragraph 2, pertaining to death benefits shall apply upon death of the member.

6. Repealed by Acts 1971, 62nd Leg., p. 1359, ch. 359, § 8, eff. Sept. 1, 1971.

Annuity Increase; Continuance of Death Benefit Plan

It is provided, however, that if the standard annuity calculated under the provisions of Section 5 of the State Employees Retirement Act is less than Sixty-five Dollars (\$65.00) per month, it shall be adjusted to whichever is greater of (a) Sixty-five Dollars (\$65.00) per month, or (b) the amount derived by the percentage adjustment herein provided.

Notwithstanding any other provisions of this Act, a member retiring on disability after September 1, 1973, shall have his annuity calculated on the basis of one and six-tenths (1.6%) per cent per year, provided, however, that in no event will his disability retirement annuity be less than thirty-two (32%) per cent of his average compensation so computed, nor his maximum benefit exceed sixty-three (63%) per cent of his average compensation so computed. It is further provided that if the disability retirement annuity calculated under the provisions of Section 5 of the Act is less than Ninety-five Dollars (\$95.00) per month, it shall be adjusted to whichever is the greater of (a) Ninety-five Dollars (\$95.00) per month, or (b) the amount derived by the percentage increase adjustment herein provided.

Any death benefit plan selected by a member with twenty (20) or more years of creditable service shall remain in effect during such time as such member may be receiving disability retirement benefits; and upon his death while receiving such benefits, his designated beneficiary shall receive monthly annuities in accordance with the plan selected.

Section 3 of Acts 1949, 51st Leg., p. 416, ch. 222, read as follows: "If any part, section, subsection, paragraph, sentence, clause, phrase or word contained in this Act, or the application thereof to any person or circumstances, shall be declared by a court of competent jurisdiction to be unconstitutional or invalid, such decision or holding shall not affect the validity of the remaining portions or provisions of this Act, and the Legislature hereby declares it would have passed such remaining provisions without the invalid provisions, and to this end the provisions of this Act are declared to be severable. All laws or parts of laws that are inconsistent with the provisions of this Act, or that conflict herewith are, insofar as such inconsistency or conflict exists, hereby repealed and this Act shall prevail over any conflicting provision of law. It is provided, however, that Chapter 352, Acts of the Regular Session of the Fiftieth Legislature, or its application to any person or circumstances, and all benefits and obligations created by virtue thereof before the effective date of this amendatory Act, shall be and remain valid and binding until the effective date of this Act."

The Legislature further finds that by statute the County Attorneys have been given the duty, in the absence of the District Attorney, to represent the State of Texas in all criminal cases under examination or prosecution in their counties. The Legislature further finds that by statute the County Attorneys of the State have been required to act in behalf of the State of Texas in matters of habeas corpus, in the absence of the District Attorney, and that the County Attorneys have been directed by statute to accept felony complaints, and when requested the County Attorneys have been directed to assist the District Attorney in the presentation of matters before a grand jury, and in the

trial of felony cases. The Legislature further finds that the County Attorneys have been directed by statute to report to the Attorney General when so requested such information as may be required in relation to criminal matters and the interest of the State. Therefore the Legislature finds and determines that the various County Attorneys of the State are state officials.

becomes a member and continues as an employee for five consecutive years, under the provisions of Chapter 402, Acts of the Regular Session of the 55th Legislature, 1957, as amended, may claim service prior to September 1, 1937, as a teacher, or September 1, 1949, as an auxiliary employee as defined under the provisions of Chapter 530, Acts of the Regular Session of the 54th Legislature, 1955, as amended, provided, however, that if any person has withdrawn or withdraws their funds and/or has signed a waiver with the Teacher Retirement System, such person may not claim prior service as provided herein, unless and until such person has deposited with the Employees Retirement System all funds withdrawn, plus any penalties and fees required by the Employees Retirement Act in like manner as if such service had been State Employee Service; provided, further, that if such member has signed a waiver, payment shall be made to the Employees Retirement System as if such service had been State Employee Service waived in the Employees Retirement System, and in addition thereto shall make any other deposits that may be required by the Employees Retirement Act.

Notwithstanding any other provisions of this Section, nothing herein shall authorize payment or repayment of such funds except during the time members of the Employees Retirement System shall likewise be given the privilege, by the terms of the Employees Retirement Act, of depositing the amount of funds withdrawn and/or the amount that would have been paid to the Employees Retirement System had the member not signed a waiver.

Upon verification of such service the Employees Retirement System of Texas shall issue a Prior Service Certificate, including such service as prior service with the Employees Retirement System to the same extent and value as provided in the Employees Retirement Act, as amended, for service as a teacher prior to September 1, 1937, or auxiliary employee service prior to September 1, 1947, and shall require and receive deposits as retirement contributions on such service after September 1, 1947, but prior to September 1, 1949, in such amounts as would have been required had such service been covered by the Employees Retirement Act.

It is provided herein that such service transferred from one system to the other shall be governed as set forth in subsections 1.01 and 1.02 of this Act.

It is provided that the account of the member transferred from any one system to the other will be cancelled by the system from which it is transferred and will be granted by the other system as if said service had not been heretofore granted, but shall be granted as set forth in this Act under subsections 1.01 and 1.02.

(b) "Judge" and "Judges" shall include all Commissioners, Judges and Justices of Appellate Courts, Judges of District Courts and Criminal District Courts, and none others.

**Qualifications for Retirement; Death Benefit Plan Selection; Retirement Pay; Reduced Annuity Plans; Retirement Age**

Sec. 2. (a) Any judge in this state may, at his option, retire from regular active service after attaining the age of sixty-five (65) years and after serving on one or more of the courts of this state at least ten (10) years continuously or otherwise, provided that his last service prior to retirement shall be continuous for a period of not less than one year. Any person who has served on one or more of the courts of this state at least twelve (12) years, continuously or otherwise, regardless of whether he is serving on a court at such time, shall after attaining the age of sixty-five (65) years, be qualified for retirement pay under this Act. Any person retiring in accordance with this Act after the effective date of this amendment shall, during the remainder of such person's lifetime receive from the State of Texas monthly a base retirement payment equal to fifty percent (50%) of the salary being received by a judge of a court of the same classification

last served by such person as judge. An additional ten percent (10%) of the applicable salary shall be added to the base retirement payments to the following judges: (1) those eligible for retirement under any provisions of this Act as amended who retire at or before age seventy (70); (2) those who are not eligible by length of service to retirement benefits at age 70 but who retire immediately upon becoming eligible; and (3) those in office on September 1, 1967, who then are or during their current term of office will be seventy (70) or more years of age and who retire at or before the end of their current term of office; provided, however, the additional ten percent (10%) benefit shall not be paid to any judge who has been out of office for a period of longer than one (1) year at the time he applies for retirement benefits under this Act. Any judge drawing retirement at the effective date of this Act shall receive the same retirement pay as judges of the same classification who have retired on the current pay scale; that said judge shall be entitled to any raises based upon increases in current salary.

(a-1) Prior to retirement any contributing member with ten (10) or more years creditable service, and any noncontributing member with twelve (12) or more years creditable service, may select a Death Benefit Plan and designate a nominee to receive a reduced monthly annuity either for life, or for a ten (10) year guaranteed period, to become effective and payable, in lieu of the refund of the member's contributions, to such nominee beginning the day following the death of such member. If the qualified member dies without having made such Death Benefit Plan Selection, the surviving spouse may choose the plan in the same manner as if the member had completed the selection; otherwise, contributions shall be refunded to the designated beneficiary. Application for such plan shall be on forms prescribed by the State Board of Trustees. The reduced benefits shall be computed in the same manner as for a member's service retirement as provided elsewhere in this Act. The ages of the member and the nominee at the date of the member's death shall be used in determining the reduced annuity. The plan selected shall become null and void upon the effective date of the member's retirement, provided, however, that any member with seven (7) or more years of creditable service who is required to retire on disability, as provided elsewhere in this Act, shall be eligible to select a reduced annuity in the same manner as that provided for members retiring on a service retirement.

(b) The retirement payments of all persons who have retired under provisions of prior law shall continue without regard to the provisions of subsection (a) and such subsection shall not have the effect of increasing or diminishing such payments.

(c) A person retiring under the provisions of this Act after September 1, 1967, shall have the right to accept a reduced annuity similar

to that provided in the State Employees Retirement System Act so as to convert the actuarial equivalent of the retirement payments which would accrue to such person hereunder during the life expectancy of such person to either a joint survivorship annuity plan or a fixed term annuity plan similar to that provided in the State Employees Retirement System Act for the benefit of the spouse or a specified dependent of such person. Application for such plan shall be made to the State Employees Retirement Board within thirty (30) days after such person retires under this Act. A person who has retired under the provisions of this Act prior to September 1, 1967, shall have the right to accept a reduced annuity in the manner set forth above provided (1) such person makes application therefor within ninety (90) days after September 1, 1967, and (2) repays to the State of Texas the difference between the reduced annuity and the amount actually received by such person in retirement payments. The ages upon which the reduced annuity shall be computed shall be the ages of the retired judge and the beneficiary as of the date of retirement. The beneficiary of an annuity plan under this subsection (c) shall not be entitled to any benefits under Section 6A of this Act.

(d) Any person qualified for retirement pay under this Act shall, after reaching the age of sixty (60) years, if he elects to receive retirement pay prior to reaching sixty-five (65) years of age, be qualified for retirement pay but shall have his benefits reduced from age sixty-five (65) years and his monthly base retirement payments shall be the following percent of the salary being received by a judge of a court of the same classification last served by such person as a judge, based upon his retirement age as follows:

If the retirement age is sixty (60) years, the percent shall be forty (40) percent;

If the retirement age is sixty-one (61) years, the percent shall be forty-one and seven-tenths (41.7) percent;

If the retirement age is sixty-two (62) years, the percent shall be forty-three and six-tenths (43.6) percent;

If the retirement age is sixty-three (63) years, the percent shall be forty-five and six-tenths (45.6) percent;

If the retirement age is sixty-four (64) years, the percent shall be forty-seven and seven-tenths (47.7) percent;

(e) The reduced retirement benefits authorized by Section 1 hereof shall not apply if said judge retires as authorized by statute, or, is made to retire by the State Judicial Qualification Commission, because of physical or mental illness, but a judge so retiring or made to retire because of mental or physical illness, if he is eligible for retirement pay, shall, regardless of age, be paid retirement benefits on the basis of the percentages provided by Section 1 of Chapter 435, Acts of the 61st Legislature of

Texas, 1969 and compiled as Section 2(a) of Article 6228b, Vernon's Texas Civil Statutes.

#### Credit for Service in Armed Forces

Sec. 2A. #### Credit for Legislative Service

Sec. 2B. The time served in the Legislature of the State of Texas by any judge coming within the purview of this statute shall be credited to the length of judicial service.

Any judge coming within the purview of this Statute who shall apply for retirement by reason of physical incapacity shall file with the Supreme Court of Texas written reports by two (2) licensed physicians of the State of Texas fully reporting the claimed physical incapacity; and the Chief Justice of the Supreme Court of Texas is hereby vested with the authority to appoint a licensed physician of the State of Texas to make any additional medical investigation they deem necessary. Provided, however, that if such physical disability is caused or results from the intemperate use of alcohol or narcotic drugs, such facts shall be grounds for denial of such benefits.

#### Proof of Physical Incapacity

Sec. 3A. Any Judge coming within the purview of this Statute who shall apply for retirement by reason of physical incapacity shall file with the Supreme Court of Texas written reports by two (2) licensed physicians of the State of Texas fully reporting the claimed physical incapacity; and the Chief Justice of the Supreme Court of Texas is hereby vested with the authority to appoint a licensed physician of the State of Texas to make any additional medical investigation they deem necessary.

#### Judges of Abolished Courts; Continuity of Service

Sec. 4. Any person who was, or but for the abolishment of such Court before the expiration of his term of office would have been, serving as a Judge of a Court of this State at the time the Retirement Amendment, House Joint Resolution No. 39, was adopted November

2, 1948, and who had served on one (1) or more of the Courts of this State at least ten (10) years, continuously or otherwise, and had attained the age of sixty-five (65) years at the time of the adoption of the Retirement Amendment, shall be deemed to come within the provisions of this law and be entitled to receive retirement pay under the same terms and limitations provided in Section 2 of this Act, regardless of whether he is now serving on a Court of this State. Any person who has served on one (1) or more Courts of this State as defined herein for twenty-four (24) years or more at any time, continuously or otherwise, provided that his last service prior to the date of retirement shall have been continuous for a period of not less than ten (10) years, shall likewise be entitled to retirement pay under the provisions of this Act.

One-twelfth (1/12) of such amount shall be deducted by the State Comptroller each month from the salary of such Judge and the balance only paid him by the Comptroller. The amount deducted shall remain in the State General Fund and be subject to appropriation by the State Legislature as other moneys in said fund. The Legislature shall appropriate such sums of money as may be necessary to carry out this Act.

#### Payment of Accumulated Contributions Upon Death or Resignation From Office; Removal From Office; Ineligibility for Retirement Pay

Provided, however, if any person subject to the foregoing provision later becomes a judge of a court of this state he must pay back to the state the amount of the contributions which he received before being entitled to retirement benefits under the provisions of this Act. The fact that a judge resigns his office prior to applying for retirement benefits shall not prejudice the right of such judge to such benefits if he is otherwise eligible. Any judge who is removed from office by impeachment, or is otherwise removed for official misconduct, shall be ineligible to

draw retirement pay under the provisions of this Act.

#### Disposition of Balance of Retirement Contributions of Deceased Retired Judge

#### Participation

##### Sec. 3. 1. Participation of Subdivisions.

(a) Each subdivision electing to participate in this System shall be included within and subject to the provisions of this System. Election to participate shall be by vote of the governing body of the subdivision in accordance with the usual procedure prescribed for other official actions of the subdivision. The governing body of any subdivision so electing shall notify the Board of such action within ten (10) days thereafter. Participation of any subdivision shall begin as of the first day of any month designated by the governing body and approved by the Board.

(b) The Board is hereby authorized to make and enforce rules with reference to the time of beginning of participation, and to notice, information and reports required of subdivisions electing to participate in this System.

(c) A subdivision which once elects to participate in the System may subsequently elect to discontinue the enrollment of new employees into the System, but shall never discontinue as to any members.

(d) Upon the terms and conditions provided in Section 11A, a subdivision which has elected to participate in the System may subsequently elect to include classes of employees not originally included in this Act, but included herein by amendment.

##### 2. Participation of Employees.

The membership of the System shall be composed as follows:

(a) All persons who are employees of a participating subdivision on the effective date of its participation in the System

shall become members of the System as of that date; provided, however, that this provision shall not apply to any of the following persons or groups of persons, to wit:

(1) Any person, except by his consent, who on the effective date of participation has a basis of employment with the subdivision which would be violated by the requirement that he become a member; but each such person, being notified that the governing body has determined that the subdivision shall participate in the System, shall be deemed to have consented and elected to become a member of the System, unless prior to the date fixed for participation he shall file with the governing body, written notice of his election not to become a member. Any person so electing not to become a member, may at any time thereafter during his employment by the subdivision and before he becomes 60 years of age, elect to become a member of the System as of the first day of the calendar month following filing by him with the Board and with the governing body, of notice of his wish to become a member; but in such event he shall enter the System without credit or claim of credit for prior service or other service, and shall for purposes of this Act be considered as a person entering the employment of the subdivision for the first time on the date he becomes a member of the System.

(2) Employees of any county hospital which hospital is governed by the terms and provisions of Chapter 5, Title 71, Vernon's Texas Civil Statutes, where the commissioners court of the county elects to preclude the employees of any such hospital from becoming members of the System. If employees of a county hospital are not included in the System, the commissioners court may thereafter elect to require such employees to become members of the System, and such employees shall become members of the System at the date fixed by the order for their participation; the rights and obligations of such employees and of the county as employer of such persons shall be determined as if such county hospital employees were employees of a separate subdivision.

(b) Any person not a member of this System, who becomes an employee for the first time of a participating subdivision after the effective date of participation of such subdivision, shall become a member of the System, upon the first day of the month following the date such person becomes an employee, provided he is then un-

der the age of 60 years but any such person who is then 60 years or over shall not be eligible to become a member of this System.

(c) Any person, not a member of this System, who has been an employee of a participating subdivision prior to the effective date of participation of such subdivision but who is not an employee of such participating subdivision on the effective date of participation of such subdivision, shall, if he again becomes an employee of such subdivision after the effective date of its participation become a member of the System upon the date he again becomes an employee, provided he is then under the age of fifty-eight (58) or as to persons fifty-eight (58) years or over, if such re-employment is within five (5) years after the effective date of the subdivision's participation, provided the extent of his prior service to such subdivision is equal to or in excess of the period by which his then attained age exceeds the age of fifty-eight (58) years; and otherwise such person shall not be eligible to become a member of this System.

(d) Any person who has been a member of this System and whose membership has terminated by withdrawal, shall, if he again becomes an employee of a participating subdivision, become a member of the System upon the first day of the month following the date such person again becomes an employee if he is then under the age of fifty-eight (58) years, but any such person who is then fifty-eight (58) years or over shall not be eligible to become a member of the System.

(e) Membership in the System shall cease and terminate if:

(1) A member is absent from service in a participating subdivision more than sixty (60) consecutive months prior to accumulating twenty (20) years of creditable service; provided, however, that during the time the United States is at war, and for a period of twelve (12) months thereafter, time spent by a member of the System (1) on active duty in the Armed Forces of the United States and their auxiliaries and/or in the Armed Forces Reserve of the United States and their auxiliaries and/or in the service of the American Red Cross as a result of having volunteered or having been drafted and/or conscripted thereinto; or (2) in war work as a direct result of having been drafted or conscripted by governmental action into said war work, shall not be construed as absent from service insofar as the provisions of this Act are concerned but shall count toward membership service. "War" means declared or undeclared war or any con-

flict between the Armed Forces of the United States and any foreign armed forces.

(2) A member's service in a participating subdivision is discontinued and the member withdraws his accumulated deposits, or

#### Revenue

#### Sec. 4. 1. Member deposits.

(a) Each subdivision electing to participate in this System shall designate by order or resolution of its governing body whether the deposits to be made to the System on account of current service of the employees of such subdivision shall be at the rate of four per centum (4%), five per centum (5%), six per centum (6%), or seven per centum (7%) of the current service earnings of such employees. The rate so designated to be effective at and after the date of participation is the "initial deposit rate" of such subdivision. The governing body of the subdivision may increase the deposit rate of the subdivision after it has been in effect for at least one (1) year. The rate of deposits once fixed by the governing body of a participating subdivision shall not be reduced until it has been in effect at least five (5) years. After a particular deposit rate has been in effect for at least five (5) years, the governing body of the subdivision may decrease the same to one of the other permitted rates of contribution provided that no reduction of a deposit rate shall be permitted, if the result thereof (according to calculations made by the actuary and approved by the Board) is to impair the ability of the subdivision to fund within twenty-five (25) years from date of participation all obligations arising from Allocated Prior Service Credits granted by the subdivisions, or, if the subdivision has undertaken to allow increased benefits or additional coverages have been pursuant to Subsection 11 of Section 6, if the proposed reduction would impair the ability of the subdivision to fund all such obligations (including those arising from Allocated Prior Service Credits granted by the subdivision) within twenty-five (25) years from the valuation date on the basis of which valuation the latest increase in benefits or coverage was undertaken by the subdivision.

Any reduction in deposit rate shall be effective only on the anniversary of the participation date or dates of the subdivision, and upon ninety (90) days prior written notice to the Board, and subject to its determination that the proposed reduction will not violate the limitations above set forth.

(b) Each member shall make deposits to the System at the rate of four per centum (4%), five per centum (5%), six per centum (6%) or seven per centum (7%) of current-service earnings as fixed by the governing body of the employing subdivision.

(c) The governing body of any participating subdivision by appropriate order or resolution, certified to the Board, shall provide that earnings of the several employees of the subdivision in excess of the sum of Three Thousand Six Hundred Dollars (\$3,600) in any year, or earnings in excess of any other greater multiple of One Thousand Two Hundred Dollars (\$1,200) per year, shall be excluded in calculating the deposits and contributions to be made by reason of current service of its employee-members; and the amounts required to be paid in each month by the members as deposits shall not exceed deposits calculated on the basis of one-twelfth ( $\frac{1}{12}$ th) of the maximum annual earnings to be considered for retirement purposes as specified by such order or resolution. In like manner, the governing body may increase the amount of earnings on which such deposits and contributions shall be made.

(d) As to each and every payroll subsequent to the effective date of participation of the subdivision by which such person is employed, the employing subdivision shall cause to be deducted from the compensation due to each member of the System in the employment of the subdivision, the deposit which the member is required under this Act to pay to the System on account of such earnings.

(e) The Treasurer or proper disbursing officer of each participating subdivision shall make deductions from salaries of members as provided in this Act, and shall transmit monthly, or at such time as the Board shall designate, such payroll and other pertinent information in substance and form as the Board may prescribe, together with the amount specified to be deducted, which shall be paid to the Board at its home office. After making a record of all such receipts, the said Board shall deposit such receipts to the credit of the Employees Saving Fund, as hereinafter provided, and such funds shall be deemed as appropriated for use according to the provisions of this Act.

(f) For the purpose of efficient handling of members' deposits to be made as simple as possible, the Treasurer or other payroll disbursing officer of each participating subdivision shall prepare and file with the Director such reports as the Board may require, in such form and within the time specified by the Board.

(g) The records of the Board shall be open to public inspection and any member

shall be furnished with a statement of the amount to the credit of his individual account upon written request, provided that the Board shall not be required to answer more than one such request of a member in any one year.

(h) Each member shall pay, along with his deposits to the Employees Saving Fund, an expense contribution to the System at a rate, not exceeding fifty cents (50¢) per month per member, as is set by the Board, and certified to the participating subdivision.

## 2. Subdivision Contributions.

(a) Each participating subdivision shall make benefit contributions to the System each month equal to the amount paid to the System by all of its employees for the same payroll period.

(b) Until such time as the participating subdivision shall have fully funded the reserves for all Allocated Prior Service Credits granted by it, and all such reserves have been transferred to the Prior Service Annuity Reserve Fund as hereinafter provided, the benefit contributions to the System by each participating subdivision shall be allocated into normal contributions to the System, determined as provided in subsection (c) of this section, and prior service contributions to the System determined as provided in subsection (d) of this section.

(c) Each participating subdivision shall make payment of normal contributions to the Subdivision Current Service Accumulation Fund of the System each month of an amount equal to the per cent of the current-service earnings during such month of the members of the System employed by such participating subdivision which per cent shall be calculated annually by the actuary and approved by the Board as being the necessary and required per cent: (1) to maintain a reserve in such subdivision's account in the Subdivision Current Service Accumulation Fund equal to the present and prospective liabilities of such subdivision's account in the Subdivision Current Service Accumulation Fund, and (2) to amortize over a period of five (5) years the amount by which the present and prospective liabilities of such subdivision's account in the Subdivision Current Service Accumulation Fund was greater or less than the amount in such account on January 1st of the year preceding the then current year. "Present and prospective liabilities" as used in this subsection shall mean, at any time, an amount equal to that amount in the Employees Saving Fund standing to the credit of a participating subdivision's members at that time which will eventually be transferred to the Current Service Annuity Reserve Fund, adjusted proportionately for all such amounts in the Employees

Saving Fund for which the participating subdivision is obligated to provide reserves at retirement in a ratio other than one to one, according to calculations made by the actuary and approved by the Board on the basis of mortality and other tables adopted by the Board.

(d) Each participating subdivision shall make payment of Prior Service Contributions to the Subdivision Prior Service Accumulation Fund of the System each month of an amount equal to a per cent of the current-service earnings during such month of the members of the System employed by such participating subdivision which per cent shall be the difference between the normal contribution rate, as above determined, and the subdivision benefit contribution rate as determined pursuant to paragraph (a) of subsection 1 of this section.

(e) The above percentages for each participating subdivision shall be determined annually from the most recent data available at the time of such determination, and shall be certified by the Board to each participating subdivision prior to the beginning of each calendar year.

(f) Each participating subdivision shall make payment of the expense contribution to the System each month of the same amount as the contributions made to the Expense Fund by all of its employees for the same payroll periods.

(g) On or before the fifteenth day of each month, each participating subdivision shall remit or cause to be paid to the System at its office the amounts of the normal contributions, prior service contributions and expense contributions due for the preceding month as herein provided.

(h) Unless otherwise provided for and paid by a subdivision all contributions of the subdivision shall be paid out of the fund from which earnings are paid to the members or out of the General Fund of the subdivision.

#### Method of Financing

Sec. 5. All the assets of the System shall be credited according to the purpose for which they are held to one (1) of eight (8) funds, namely, the Employees Saving Fund, the Subdivision Current Service Accumulation Fund, the Subdivision Prior Service Accumulation Fund, the Current Service Annuity Reserve Fund, the Prior Service Annuity Reserve Fund, the Interest Fund, the Endowment Fund and the Expense Fund.

#### 1. The Employees Saving Fund:

The Employees Saving Fund shall be a Fund in which shall be accumulated the deposits from the compensation of members plus current interest earnings. Contributions to and

payments from the Employees Saving Fund shall be made as follows:

(a) Each participating subdivision shall cause to be deducted from the salary of each member, on each and every payroll of such employer for each and every payroll period, a sum of money equal to seven per centum (7%), six per centum (6%), five per centum (5%), or four per centum (4%) of his current-service earnings, as fixed by the governing body of the participating subdivision. In determining the amount earnable by a member in a payroll period, the Board may consider the rate of annual compensation payable to such member on the first day of the payroll period as continuing throughout such payroll period, and it may omit deductions from earnings for any period less than a full payroll period, if the employee was not a member on the first day of the payroll period, and to facilitate the making of deductions, it may modify the deduction required of any member for any payroll period by the amount of twenty-five cents (25¢) or less.

(b) The deductions provided for herein shall be made notwithstanding that the minimum compensation provided for by law for any member shall be reduced thereby. Every member shall be deemed to consent and agree to the deductions made and provided for herein and shall receipt for his full salary or compensation and payment of salary or compensation, less said deduction, shall be a full and complete discharge and acquittance of all claims and demands whatsoever for the services rendered by such person during the period covered by such payment, except as to the benefits provided under this Act. The employer shall certify to the Board on each and every payroll, or in such other manner as said Board may prescribe, the amounts to be deducted; and each of said amounts shall be deducted, and when deducted shall be paid into said Employees Saving Fund, and shall be credited to the individual account of the member from whose compensation said deduction was made.

(c) During the time that the United States is at war (as hereinabove defined) and for twelve (12) months thereafter, a member of the System (1) in the Armed Forces of the United States or their auxiliaries or in the Armed Forces Reserve of the United States and their auxiliaries or in the service of the American Red Cross, as a result of having volunteered or having been drafted or conscripted thereinto, or (2) in war work as a direct result of having been drafted or conscripted by governmental action into said war work, shall be permitted to deposit each year to the System a sum not to exceed the amount

deposited by him to said System during the last year that he was employed as an employee under the provisions of this Act. The sum so deposited by such member and received by the System shall be deposited by said System in the Employees Saving Fund to the credit of the member's individual account and shall be treated in the same manner as funds deposited by the member while he was last employed as under the provisions of this Act. The subdivision by which such person was last employed shall make concurrent benefit contributions matching those so made by such member.

(d) Current interest on member's deposit shall be credited annually as of the thirty-first day of December and shall be allowed on the amount of the accumulated deposits standing to the credit of the member at the beginning of the year and shall not be allowed for parts of a year.

(e) Should a member cease to be an employee of a participating subdivision except by death or retirement under the provisions of this Act, upon the filing of formal application therefor, such member's accumulated deposits shall be paid to him and his account in the Employees Saving Fund closed.

Following the automatic termination of membership in the System for those members who have been absent from service in all participating subdivisions more than sixty (60) consecutive months, the Employees Saving Fund account of such members shall cease to draw interest.

(f) Should a member die before retirement the amount of his accumulated deposits shall be paid as provided in Section VII of this Act.

(g) Upon the retirement of a member his accumulated deposits shall be transferred from the Employees Saving Fund to the Current Service Annuity Reserve Fund.

## 2. Subdivision Current Service Accumulation Fund:

The Subdivision Current Service Accumulation Fund shall be the Fund in which shall be accumulated all normal contributions made to the Texas County and District Retirement System by the participating subdivisions and from which shall be transferred to the Current Service Annuity Reserve Fund, at the retirement of a member, an amount equal to that proportion of the accumulated deposits of the member which the participating subdivision has agreed to provide.

Contributions to and payments from this Fund shall be made as follows:

(a) All normal contributions payable by participating subdivisions shall be paid into the Subdivision Current Service Accumulation Fund and shall be credited to

the accounts of the respective participating subdivisions in such Fund.

(b) Upon the retirement of a member, an amount equal to that proportion of his accumulated deposits in the Employees Saving Fund which the participating subdivision has agreed to provide shall be transferred from the Subdivision Current Service Accumulation Fund into the Current Service Annuity Reserve Fund. If the accumulated deposits of such retiring members have accumulated from deposits made while an employee of a single participating subdivision, such subdivision's account in the Subdivision Current Service Accumulation Fund shall be reduced by the amount so transferred. If such accumulated deposits arose from service in more than one participating subdivision, the accounts of the involved participating subdivisions in the Subdivision Current Service Accumulation Fund shall be reduced by the respective amounts chargeable to such participating subdivisions.

## 3. Subdivision Prior Service Accumulation Fund:

The Subdivision Prior Service Accumulation Fund shall be the Fund in which shall be accumulated all prior service contributions made to the System by the participating subdivisions for the purpose of providing the amounts required for payment of prior service annuities; and from which prior service annuities shall be paid to the extent herein provided.

Contributions to and payments from this Fund shall be made as follows:

(a) All prior service contributions payable by participating subdivisions shall be paid into the Subdivision Prior Service Accumulation Fund and shall be credited to the accounts of the respective participating subdivisions in such Fund.

(b) All payments under prior service annuities arising from allocated prior service credits granted by a participating subdivision shall be paid from this Fund and charged to such participating subdivision's account in this Fund subject to the following: The Board shall have the power to reduce proportionately all payments under prior service annuities arising from allocated prior service credits granted by any participating subdivision, at any time and for such period of time as is necessary so that the payments under such prior service annuities in any year shall not exceed the amounts available in such participating subdivision's account in the Subdivision Prior Service Accumulation Fund for payment of prior service annuities in such year.

(c) Whenever, at the end of the twenty-fifth or any subsequent year of participation, the amount accumulated in any subdivision's account in the Subdivision Prior Service Accumulation Fund shall equal or

exceed the reserve required, as of the end of such year, according to calculations made by the actuary and approved by the Board on the basis of mortality and other tables adopted by the Board, to meet all future payments in full under prior service annuities, arising from prior service credits granted by such participating subdivision, then in effect or to become effective thereafter, then,

(1) the amount of the reserve required at the end of such year under such prior service annuities as are then in effect shall be transferred from the Subdivision Prior Service Accumulation Fund to the Prior Service Annuity Reserve Fund and such subdivision's account in the Subdivision Prior Service Accumulation Fund shall be reduced by such amount so transferred; and

(2) future payments under such prior service annuities so transferred shall thereafter be paid by the System from the Prior Service Annuity Reserve Fund; and

(3) the payment of prior service contributions to the System by such participating subdivision shall be discontinued.

Thereafter, upon retirement of a member with prior service credits granted by such participating subdivision the amount of the reserve required as of the effective date of such retirement to meet all future payments in full under such member's prior service annuity shall be transferred from the Subdivision Prior Service Accumulation Fund to the Prior Service Annuity Reserve Fund and such municipality's account in the Subdivision Prior Service Accumulation Fund shall be reduced by such amount so transferred.

Thereafter, should it be determined, according to calculations made by the actuary and approved by the Board on the basis of mortality and other tables adopted by the Board, that the amount to the credit of such participating subdivision's account in the Subdivision Prior Service Accumulation Fund at the end of any year is less than the reserve required to meet all future payments in full under prior service annuities, arising from allocated prior service credits granted by such participating subdivision, to become effective after the end of such year, such subdivision shall resume payment of Prior Service Contributions, subject to the limitations of Section IV of this Act of such percentages as is required to amortize such deficiency over a period of five (5) years or less.

Whenever all prior service annuities, arising from allocated prior service credits granted by a participating subdivision have become effective and the reserves therefor transferred to the Prior Service Annuity Reserve Fund as provided above, any then remaining balance to the credit of such subdivision's account in the

Subdivision Prior Service Accumulation Fund shall be transferred to such subdivision's account in the Subdivision Current Service Accumulation Fund, and the subdivision's account in the Subdivision Prior Service Accumulation Fund closed.

#### 4. Current Service Annuity Reserve Fund:

The Current Service Annuity Reserve Fund shall be the Fund in which shall be held all reserves for current service annuities granted and in force and from which shall be paid all current service annuities and all benefits in lieu of current service annuities, payable as provided in this Act. This Fund shall be made up of transfers as follows:

(a) At the time of service or disability retirement, the accumulated deposits of a retiring member shall be transferred from the Employees Saving Fund to the Current Service Annuity Reserve Fund as reserves for the current service annuity purchased by said member's deposits.

(b) An amount equal to that proportion of the accumulated deposits of each retiring member which the participating subdivision has agreed to provide at retirement, shall be transferred, upon such member's retirement, from the Subdivision Current Service Accumulation Fund as additional current service annuity reserves.

Transfers and payments from the Current Service Annuity Reserve Fund shall be made as provided in Section VII of this Act, upon the death, restoration to active service or removal from the disability list, of an annuitant retired on account of disability.

#### 5. Prior Service Annuity Reserve Fund:

The Prior Service Annuity Reserve Fund shall be the Fund in which shall be accumulated all transfers from the Subdivision Prior Service Accumulation Fund as herein provided. All prior service annuity payments under prior service annuities, the reserves for which have been transferred to this Fund, shall be paid from this Fund. The Board shall have the power to reduce proportionately all payments for prior service annuities payable from this Fund at any time and for such period of time as is necessary so that payments under such prior service annuities in any year shall not exceed the available assets in the Fund in such year.

Transfers from this Fund shall be made as provided in Section VII of this Act, upon the restoration to active service as an annuitant retired on account of disability.

#### 6. Interest Fund:

The Interest Fund is hereby created to facilitate the crediting of interest to the various other Funds. All income, interest and dividends derived from the deposits and investments authorized by this Act shall be paid into the Interest Fund. Once each year on the thirty-first day of December, interest shall be allowed and transferred to the other Funds respectively. After interest-bearing funds have

been duly credited with interest for the year in the manner provided by this Act, the Board annually shall transfer all excess earnings from the Interest Fund to one or another of the several special accounts of the Endowment Fund as in its judgment the needs and condition of the System may require.

#### 7. Endowment Fund:

The Endowment Fund shall be a Fund in which shall be accumulated gifts, awards, funds and assets accruing to the System which are not specifically required by other Funds established by this Act. The Endowment Fund shall consist of the following special accounts: the general reserves account; the distributive benefits account; the perpetual endowment account; and such other special accounts as the Board by resolution may establish.

(a) There shall be credited to the general reserves account all current interest allocable to the Endowment Fund, and there shall be transferred from the Interest Fund to said account such portion of the excess earnings, as in the judgment of the Board may be necessary:

(1) to provide adequate reserves against insufficient future earnings on investments to allow regular interest on Funds entitled thereto under the provisions of this Act;

(2) to provide adequate reserves against special and general contingency requirements of other funds of the System; and

(3) to provide such amount, if available, as is required for the administrative expenses of the System in the ensuing year. The requirements of this account shall constitute a first charge against excess interest earnings standing to the credit of the Interest Fund at the end of any year. If in the judgment of the Board, the amount to the credit of the general reserves account is in excess of that needed to provide adequate reserves against insufficient earnings on investments, and special and general contingent requirements, then so much of any excess as remains as is required to pay administrative expenses for the ensuing year may be transferred to the Expense Fund.

(b) After the requirements of the general reserves account of this Fund have been satisfied, the Board may transfer any balance of excess earnings remaining in the Interest Fund at the end of a calendar year to a special account in the Endowment Fund to be denominated the "distributive benefits account." If in the judgment of the Board the amount to the credit of the distributive benefit account at the

end of the year is sufficient to warrant such action, the Board may by resolution:

(1) authorize the distribution and payment of all or part of said amount as a distributive benefit to the persons who were annuitants of the System on the last day of said calendar year in the ratio that the monthly benefit of each such annuitant bears to the total of all annuity payments made by the System for the final month of such year.

(2) authorize the distribution and application of all or part of said amount as supplemental interest earned by, and to be paid and credited to the respective individual accounts of members in the Employees Saving Fund, and to the respective accounts of participating subdivisions in the Subdivision Current Service Accumulation Fund, in the same manner that current interest was allowed to such accounts and in proportion to the current interest allowed such accounts for such calendar year.

(c) The perpetual endowment account shall be the account in which there shall be deposited and kept such funds, gifts and awards as the grantors thereof may designate as a perpetual endowment for the System.

#### 8. Expense Fund:
