Art. 3202-a. Price for Care

The Board for Texas State Hospitals and Special Schools, directly or through an authorized agent or agents, may make contracts fixing the price for the support, maintenance, and treatment of children maintained, supported and treated, in the State Orphans Home, the State Home for Dependent and Neglected Children, Austin State School, and the Deaf, Dumb and Blind Institute for Colored Youths, at a sum fixed by the Board for Texas State Hospitals and Special Schools, not to exceed the actual cost of supporting such child, or for such part thereof as the estate of said child or any person legally liable for such child's support may be able to pay or agree to pay, and binding the person making such contracts to payments thereunder. The county or district attorney, upon request of the Board for Texas State Hospitals and Special Schools, shall appear and represent the State in all cases provided for in this Section; provided, however, that the provisions of this Act shall not apply to any child maintained, supported or treated in the Deaf, Dumb and Blind Institute for Colored Youths or Austin State School unless the person legally liable for the support of such child agrees to pay such cost as is herein provided.

Sec. 9. The Secretary of the Board shall receive and account for all moneys derived under the provisions of this Act, and shall pay the same weekly to the State Treasurer who shall keep such moneys in a separate fund to be known as the "Professional Engineers' Fund". Such fund shall be paid out only by warrant of the State Comptroller upon the State Treasurer, upon itemized vouchers, approved by the Chairman and attested by the Secretary of the Board. All moneys in the "Professional Engineers' Fund" are hereby specifically appropriated for the use of the Board in the administration of this Act. The Secretary of the Board shall give a surety bond to the Governor of the State of Texas in the sum of Two Thousand Five Hundred (\$2,500.00) Dollars. The premium on said bond shall be paid out of the "Professional Engineers' Fund". The Secretary of the Board shall receive such salary as the Board shall determine in addition to the compensation and expenses provided for in this Act. The Board shall employ such clerical or other assistants as are necessary for the proper performance of its work, and may make expenditures of this fund for any purpose which in the opinion of the Board is reasonably necessary for the proper performance of its duties under this Act. Under no circumstances shall the total amount of warrants issued by the State Comptroller in payment of the expenses and compensation provided for in this Act exceed the amount of the "Professional Engineers' Fund". Provided further, that the salaries paid herein shall not be in excess of salaries paid for similar work in other departments.

Records and Reports

Sec. 10. (a) The Board shall keep a record of its proceedings and register of all applications for registration, which register shall show (a) the name, age and residence of each applicant; (b) the date of the application; (c) the place of business of such applicant; (d) his educational and other qualifications; (e) whether or not an examination was required; (f) whether the applicant was rejected; (g) whether a certificate of registration was granted; (h) the date of the action of the Board; and (i) such other information as may be deemed necessary by the Board.

The records of the Board shall be available to the public at all times and shall be prima facie evidence of the proceedings of the Board set forth therein, and a transcript thereof, duly certified by the Secretary of the Board under seal, shall be admissible in evidence with the same force and effect as if the original was produced.

(b) On or before January 1 of each year, the Board shall file with the Governor and the presiding officer of each house of the legislature a complete and detailed written report accounting for all funds received and disbursed by the Board in the preceding year.

(c) The State Auditor shall audit the financial transactions of the Board in each fiscal biennium.

Roster of Registered Engineers

Sec. 11. A roster showing the names and places of business of all registered professional engineers shall be prepared and published by the Board each biennium at a time determined by the Board. Copies of this roster shall be furnished without charge to any engineer licensed by the Board on the written request of the engineer, placed on file with the Secretary of State, and furnished to any person upon written request who tenders a reproduction fee set by the Board.

General Requirements for Registration

Sec. 12. The following shall be considered as minimum evidence satisfactory to the Board that the applicant is qualified for registration as a professional engineer, to-wit:

(a) Graduation from an approved course in engineering of four (4) years or more in a recognized school or college approved by the Board as a satisfactory standing, and a specific record of an additional four (4) years or more of active practice in engineering work, of a character satisfactory to the Board, indicating that the applicant is competent to be placed in responsible charge of such work; or

(b) Successfully passing a written, or written and oral, examination designed to show knowledge and skill approximating that attained through graduation from an approved four (4) years engineering course; and a specific record of at least eight (8) years of active practice in engineering work of a character satisfactory to the Board and indicating that the applicant is competent to be placed in responsible charge of such work.

(c) At any time within five (5) years after this Act becomes effective the Board may accept as evidence that the applicant is qualified for registration as a professional engineer a specific record of twelve (12) years or more of active practice in engineering work of a character satisfactory to the Board and indicating that the applicant is qualified to design, to operate, or to supervise construction of engineering work and has had responsible charge of important engineering work for at least five (5) years and provided applicant is not less than thirty-five (35) years of age, and was not practicing professional engineering at the time this Act becomes effective.

(d) After this Act shall have been in effect five (5) years, the Board shall issue certificates of registration only to those applicants who meet the requirements of Section 12, (a), or (b), or Section 21.

(e) Provided, that no person shall be eligible for registration as a professional engineer who is not of good character and reputation; and provided further, that any engineer licensed under this Act shall be eligible to hold any appointive engineering position with the State of Texas.

(f) In considering the qualifications of applicants, responsible charge of engineering teaching may be construed as responsible charge of engineering work. The satisfactory completion of each year of an approved course in engineering in a school or college approved by the Board as of satisfactory standing, without graduation, shall be considered as equivalent to a year of active practice. Graduation in a course other than engineering from a college or university of recognized standing shall be considered as equivalent to two (2) years of active practice; provided, however, that no applicant shall receive credit for more than four (4) years of active practice because of educational qualifications. The mere execution, as a contractor, of work designed by a professional engineer, or the supervision of the construction of such work as foreman or superintendent shall not be deemed to be active practice in engineering work.

(g) Any person having the necessary qualifications prescribed in this Act to entitle him to registration shall be eligible for such registration though he may not be practicing at the time of making his application.

Certification of Engineer-in-Training

Sec. 12a. (a) The term "Engineer-in-Training," as used in this Section shall mean a person who complies with the requirements for education, experience and character, and has passed an examination in the fundamental engineering subjects, as provided in Sections 12 and 14 of this Act.

(b) The following shall be considered as minimum evidence that the applicant is qualified for certification as an Engineer-in-Training:

(1) A graduate of an approved engineering curriculum of four (4) years or more who has passed the Board's eight (8) hour written examination in the fundamentals of engineering shall be certified or enrolled as an Engineer-in-Training, if he is otherwise qualified; or

(2) An applicant having a high school education and a specific record of eight (8) or more years of experience or having completed an approved four (4) year curriculum in engineering technology with six (6) years of experience in engineering work of a grade and character satisfactory to the Board, who passes the Board's eight (8) hour written examination in the fundamentals of engineering shall be certified or enrolled as an Engineer-in-Training, if he is otherwise qualified.

(c) The fee for Engineer-in-Training certification or enrollment shall be established by the Board and shall accompany the application. This fee may be credited toward the fee necessary for registration.

(d) The certification or enrollment of an Engineer-in-Training shall be valid for a period of twelve (12) years.

Applications and Registration Fees

Sec. 13. Applications for registration shall be on forms prescribed and furnished by the Board, shall contain statements made under oath, showing the applicant's education and a detailed summary of his actual engineering work, and shall contain not less than five (5) references, of whom three (3) or more shall be engineers having personal knowledge of his engineering experience.

The Board shall establish reasonable and necessary fees for the administration of this Act in amounts not to exceed:

1. Registration fee	\$ 50
2. Annual renewal fee	45
3. Reciprocal registration fee	50
4. Duplicate certificate of registration	5
5. Engineer-in-training certificate	15
6. Roster of engineers	10
7. Examination fee	75

The Board shall not maintain unnecessary fund balances, and fee amounts shall be set in accordance with this requirement.

Examinations

Sec. 14. (a) When oral or written examinations are required, they shall be held at such time and place as the Board shall determine. The scope of the examinations and the methods of procedure shall be prescribed by the Board with special reference to the applicant's ability to design and supervise engineering works, which shall insure the safety of life, health, and property. Examinations shall be given for the purpose of determining the qualifications of applicants for registration in professional engineering. A candidate failing on examination may apply for re-examination at the expiration of six (6) months and will be re-examined without payment of additional fees. Re-examination may be granted at any time upon payment of a fee to be determined by the Board.

(b) Within 30 days after the day on which a licensing examination is administered under this Act, the Board shall notify each examinee of the results of the examination. However, if an examination is graded or reviewed by a national testing service, the Board shall notify examinees of the results of the examination within two weeks after the day that the Board receives the results from the testing service. If the notice of the examination results will be delayed for longer than 90 days after the examination date, the Board shall notify the examinee of the reason for the delay before the 90th day.

(c) If requested in writing by a person who fails the licensing examination administered under this Act, the Board shall furnish the person with an analysis of the person's performance on the examination.

(d) The Board may administer written examinations for record purposes as a convenience to the public and may charge an appropriate fee.

Certificates, Seals

Sec. 15. The Board shall issue a certificate of registration upon payment of registration fee as provided for in this Act, to any applicant, who, in the opinion of the Board, has satisfactorily met all the requirements of this Act. In case of a registered engineer, the certificate shall authorize the practice of professional engineering. Certificates of registration shall show the full name of the registrant, shall have a serial number, and shall be signed by the Chairman and the Secretary of the Board under seal of the Board. The issuance of a certificate of registration by this Board shall be evidence that the person named therein is entitled to all rights and privileges of a registered professional engineer, while the said certificate remains unrevoked or unexpired.

Each registrant hereunder shall upon registration obtain a seal of the design authorized by the Board, bearing the registrant's name and the legend "Registered Professional Engineer". Plans, specifications, plats, and reports issued by a registrant shall be stamped with the said seal when filed with public authorities, during the life of the registrant's certificate, but it shall be unlawful for any one to stamp or seal any documents with said seal after the certificate of the registrant named thereon has expired or has been revoked, unless said certificate shall have been renewed or reissued.

Expirations and Renewals

Sec. 16. (a) It shall be the duty of the Board to notify every person registered under this Act of the date of the expiration of his certificate and the amount of the fee that shall be required for its renewal for one year; such notice shall be mailed at least one month in advance of the date of the expiration of said certificate.

(b) A person may renew an unexpired license by paying to the Board before the expiration date of the license the required renewal fee.

(c) If a person's license has been expired for not longer than 90 days, the person may renew the license by paying to the Board the required renewal fee and a fee that is one-half of the application fee for the license.

(d) If a person's license has been expired for longer than 90 days but less than two years, the person may renew the license by paying to the Board all unpaid renewal fees and a fee that is equal to the application fee for the license.

(e) If a person's license has been expired for two years or longer, the person may not renew the license. The person may obtain a new license by submitting to an examination to be determined by the Board and complying with the requirements and procedures for obtaining an original license.

Expiration Dates of Certificates of Registration; Proration of Fees

Sec. 16.1. The board by rule may adopt a system under which certificates of registration expire on various dates during the year, and the dates for reinstatement shall be adjusted accordingly. For the year in which the expiration date is changed, certificate renewal fees payable on December 31 shall be prorated on a monthly basis so that each certificate holder shall pay only that portion of the certificate renewal fee which is allocable to the number of months during which the certificate is valid. On renewal of the certificate on the new expiration date, the total certificate renewal fee is payable.

Firms, Partnerships, Corporations and Joint Stock Associations

Sec. 17. A firm, or a co-partnership, or a corporation, or a joint stock association may engage in the practice of professional engineering in this State, provided such practice is carried on by only professional engineers registered in this State.

Sec. 18. No firm, partnership, association, corporation or other business entity shall hold itself out to the public or any member thereof as being engaged in the practice of engineering under any assumed, trade, business, partnership or corporate name or employ, use, cause to be used or make use of in any manner whatsoever any such words or terms as "engineer," "engineering," "engineering services," "engineering company," "engineering, inc.," "professional engineers," "licensed engineer," "registered engineer," "licensed professional engineer," "registered professional engineer," "engineered," or any combinations, abbreviations or variations thereof, or in combination with any other words, letters, initials, signs or symbols on, in or as a part of, directly or indirectly, any sign, directory, listing, contract, document, pamphlet, stationery, letterhead, advertisement, signature, trade name, assumed name, corporate or other business name unless such firm, partnership, association, corporation or other business entity is actually and actively engaged in the practice of engineering or offering engineering services to the public, and any and all services, work, acts or things performed or done by it which constitute any part of the practice of engineering are either personally performed or done by a registered engineer or under the responsible supervision of a registered engineer.

Public Work

Sec. 19. After the first day of January, 1938, it shall be unlawful for this State, or for any of its political subdivisions, for any county, city, or town, to engage in the construction of any public work involving professional engineering, where public health, public welfare or public safety is involved, unless the engineering plans and specifications and

estimates have been prepared by, and the engineering construction is to be executed under the direct supervision of a registered professional engineer; provided, that nothing in this Act shall be held to apply to any public work wherein the contemplated expenditure for the completed project does not exceed Three Thousand (\$3,000.00) Dollars. Provided, that this Act shall not apply to any road maintenance or betterment work undertaken by the County Commissioners' Court.

Sec. 20. The following persons shall be exempt from the provisions of this Act, provided that such persons are not represented or held out to the public as duly licensed and registered by the Board to engage in the practice of engineering:

(a) A person not a resident of and having no established place of business in this state, practicing or offering to practice here the profession of engineering, when such practice does not exceed in the aggregate more than sixty (60) days in any calendar year; provided, such person is legally qualified by registration to practice the said profession in his own state or country in which the requirements and qualifications for obtaining a certificate of registration are not lower than those specified in this Act.

to prevent any citizen from identifying himself in the name and trade of any engineers' labor organization with which he may be affiliated. Provided, however, that nothing in this Act shall be construed as permitting any person other than a licensed professional engineer affixing his signature as such to engineering plans, or specifications.

(f) A person, firm, partnership, joint stock association or private corporation, erecting, constructing, enlarging, altering or repairing, or drawing plans and specifications for: (1) any private dwelling, or apartments not exceeding eight units per building for one story buildings, or apartments not exceeding four units per building and having a maximum height of two stories, or garages or other structures pertinent to such buildings; or (2) private buildings which are to be used exclusively for farm, ranch or agricultural purposes, or used exclusively for storage of raw agricultural commodities; or (3) other buildings, except public buildings included under Section 19 of this Act, having no more than one story and containing no clear span between supporting structures greater than 24 feet on the narrow side and having a total floor area not in excess of five thousand square feet; provided that on unsupported spans greater than 24 feet on such buildings only the trusses, beams, or other roof supporting members need to be engineered or pre-engineered; provided that no representation is made or implied that engineering services have been or will be offered to the public.

This exemption includes the use of job titles and personnel classifications by such persons not in connection with any offer of engineering services to the public, providing that no name, title, or words are used which tend to convey the impression that an unlicensed person is offering engineering services to the public.

Reciprocity

Sec. 21. The Board may, upon application therefor, and the payment of a fee, issue a certificate of registration as a professional engineer to any person who holds a certificate of qualification or registration issued to him by proper authority of the National Council of State Boards of Engineering Examiners, or of the National Bureau of Engineering Registration, or of any state or territory or possession of the United States, or any country provided that the requirements for the registration of professional engineers under which said certificate of qualification or registration was issued do not conflict with the provisions of this Act and are of a standard not lower than that specified in Section 12 of this Act. The Board may waive any license requirement for an applicant with a valid license from another state having license requirements substantially equivalent to those of this State.

Revocation, Suspension, Probation, Reprimand, Re-Issuance and Refusal of Certificate

If the Board proposes to suspend or revoke a person's certificate of registration, the person is entitled to a hearing before the Board. Proceedings for the suspension or revocation of a certificate of registration are governed by the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes).

The Board, for reasons it may deem sufficient, may re-issue a certificate of registration to any person whose certificate has been revoked, provided six (6) or more members of the Board vote in favor of such re-issuance. A new certificate of registration, to replace any certificate revoked, lost, destroyed, or mutilated, may be issued, subject to the rules of the Board.

Sec. 22A. (a) The Board shall keep an information file about each complaint filed with the Board relating to a licensee.

(b) If a written complaint is filed with the Board relating to a licensee, the Board, at least as frequently as quarterly, shall notify the parties to the complaint of the status of the complaint until final disposition unless the notification would jeopardize an undercover investigation.

The Attorney General or his assistants shall act as legal adviser of the Board and shall render such legal assistance as may be necessary in enforcing and making effective the provisions of this Act; provided that this shall not relieve the local prosecuting officers of any of their duties under the law as such.

Invalid Portions

Sec. 24. If any article, section, subsection, sentence, clause or phrase of this Act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this Act. The Legislature hereby declares that it would have passed this Act and such section, subsection, sentence, clause or phrase thereof irrespective of the fact that any one or more of the sections, subsections, sentences, clauses or phrases be declared unconstitutional.

Art. 3709. Repealed by Rules of Civil Procedure (Acts 1939, 46th Leg., p. 201, § 1)

Art. 3710. Privileged from Arrest

Witnesses shall be privileged from arrest, except in cases of treason, felony and breach of the peace, during their attendance at court, and in going to and returning therefrom, allowing one day for each twenty-five miles from their place of abode.

Arts. 3711, 3712. Repealed by Rules of Civil Procedure (Acts 1939, 46th Leg., p. 201, § 1)

Art. 3712a. Interpreters for Deaf Persons

(a) In all civil cases or in the taking of depositions, where a party or a witness is a deaf person, he shall have the proceedings of the trial interpreted to him in any language that he can understand, including but not limited to sign language, by an interpreter appointed by the court, whose qualifications have been approved by the State Commission for the Deaf. In this Act, "deaf person" means a person who has a hearing impairment, regardless of whether the person also has a speech impairment, that inhibits the person's comprehension of the proceedings or communication with others.

(b) In any case where an interpreter is required to be appointed by the court under this Act, the court shall not commence proceedings until the appointed interpreter is in court in a position not exceeding 10 feet from and in full view of the deaf person.

(c) The interpreter appointed under the terms of this Act shall be required to take an oath that he will make a true interpretation to the deaf person of all the proceedings of the case in a language that he understands; and that he will repeat the deaf person's answer to questions to counsel, court, or jury, in the English language, in his best skill and judgment. When a deaf person communicates through an interpreter to a person under such circumstances that the communication would be privileged and the deaf person could not be compelled to testify as to the communications, the privilege applies to the interpreter as well.

(d) Interpreters appointed under this Act shall be paid a reasonable fee determined by the court after considering the recommended fees of the State Commission for the Deaf. When travel of the interpreter is involved all the actual expenses of travel, lodging, and meals incurred by the interpreter pertaining to the case he is appointed to serve shall be paid at the same rate applicable to state employees. The fee and expenses shall be paid from the general fund of the county in which the case was instituted.

(e) On the court's motion or the motion of a party, the court may order testimony of a deaf witness and the interpretation of that testimony by the interpreter visually, electronically recorded for use in verification of the transcription of the reporter's notes. The clerk of the court shall include the recording in the appellate record if requested by a party.

Any written instrument which is permitted or required by law to be made, filed, kept or recorded (including but not limited to certificate, written statement, contract, deed, conveyance, lease, concession, covenant, grant, record, return, report or recorded event) by an officer or clerk of the United States or of another state or nation or of any governmental subdivision of any of the foregoing, or by his deputy or employee; or by any Notary Public of a foreign country in a protocol or similar book in the performance of the functions of his office, shall, so far as relevant, be admitted in the courts of this State as evidence of the matter stated therein, subject to the provisions in Section 3.

Where any business, as that term is defined in Chapter 321 of the General Laws of Texas 1951,¹ in the regular course of business has kept any memorandum of or made any record of an act, event or condition, and has caused the same to be copied or reproduced by any photographic, photostatic, microfilm or other process which accurately reproduces or forms a durable medium for so reproducing the original, such reproduction shall be admissible in evidence under the provisions of Section 3 of this Article.

Sec. 3. Such photograph, photostat, microfilm or other reproduction shall be, so far as relevant, admitted in any judicial or administrative proceeding in this state as evidence of the matters stated therein, in any instance in which the original memorandum, record, document, entry or report would be admitted under the provisions of Chapter 321 or Chapter 471 of the General Laws of Texas 1951.² In the case of public records the reproduction may be proved to be correct by following the procedure set forth in Chapter 471 of the General Laws of Texas 1951, as amended. In the case of business records the reproduction may be proved to be correct by the testimony of the entrant, custodian or other qualified witness.

An enlargement or facsimile of such reproduction is likewise admissible in evidence if the original reproduction is in existence and available for inspection under the direction of the court. Repeal

By order of the Texas Supreme Court dated November 23, 1982, effective September 1, 1983, adopting the Texas Rules of Evidence, this article is deemed to be repealed insofar as it relates to civil actions by the Rules of Practice Act, Acts 1939, 46th Leg., p. 201, § 1, classified as art. 1731a, § 1.

Art. 3737g. Advance Payment to Tort Claimants; Introduction of Evidence

Purpose of Act

Sec. 1. The purpose of this Act is to promote the making of advance payments for economic loss to claimants without permitting the introduction of evidence of advance payments on the issue of liability or damages during subsequent litigation, but permitting the allowance of advance payments as a credit against any sum judicially established as a claimant's total damages. The making of periodic payments to claimants for medical expenses, wages lost, and property damaged, often without taking any form of release, will avoid delays in and promote payments for economic loss to persons in need.

"Advance Payment" Defined

Sec. 2. In this Act, "advance payment" includes but is not limited to, any partial payment or payments made by any person, corporation, or insurer to another which is predicated on possible tort liability for medical, surgical, hospital, or rehabilitation services, facilities, or equipment; loss of earnings; out-of-pocket expenses; bodily injury; death; or property damage, loss, or destruction.

Inadmissibility of Evidence of Advance Payment at Trial

Sec. 3. In any civil action in which a party or someone on his behalf, such as his insurer, has made an advance payment prior to trial, any evidence of or concerning the advance payment shall be inadmissible at the trial on liability or damages in any action brought by the claimant, his survivor, or his personal representative to recover damages for personal injuries or related damages, for wrongful death of another, or for property damage or destruction.

Admissibility of Evidence of Advance Payment after Verdict or Decision; Right to Jury Trial Undenied

Sec. 4. If an action results in a jury verdict or decision of the court for damages in favor of a party, the party against whom the verdict or decision is entered may introduce evidence of advance payments after the verdict or decision and before

final judgment, and the court shall then reduce the amount awarded to the claimant by the amount of the advance payment proved to have been made prior to trial. Such advance payments shall not be permitted as a reduction of the amount awarded unless there is evidence at the trial on liability that the party to whom the advance payments were made suffered loss as described in Section 2 herein, equal to or exceeding the amount of such advance payments. Nothing in this Act shall be construed to deny to any party his constitutional right to trial by jury on the amount of the credit at a time subsequent to the trial on liability and damages.

Application of Act

Sec. 5. This Act applies to any action filed after the effective date of this Act, regardless of the site of the accident, location of property, or residence of the parties.

Statute of Limitations Tolled

Sec. 6. The making of an advance payment tolls the running of the statute of limitations until the last payment is made unless the person making the advance payment notifies the recipient in writing at the time of each payment that the applicable statute of limitations is not tolled.

[Acts 1975, 64th Leg., p. 962, ch. 364, eff. June 19, 1975.]

Repeal

By order of the Texas Supreme Court dated November 23, 1982, effective September 1, 1983, adopting the Texas Rules of Evidence, this article is deemed to be repealed insofar as it relates to civil actions by the Rules of Practice Act, Acts 1939, 46th Leg., p. 201, § 1, classified as art. 1731a, § 1.

Art. 3737h. Necessity of Services and Reasonableness of Charges

Sec. 1. (a) In a civil action other than an action on sworn account, the amount charged for services by a person or institution, when supported by affidavit that the charges reflected in the affidavit were reasonable at the time and place that the services were rendered and that the services were necessary, is sufficient evidence to support a finding of fact by judge or jury that the services were necessary or that the amount charged was reasonable, or both. The affidavit shall be taken before an officer authorized to administer oaths, shall be made by a person who rendered the services or who is in charge of records that show the services rendered and the charges made, and shall include an itemized statement of the services and the charges.

(b) As a condition precedent to applicability of Subsection (a) of this Section 1, the party asserting such applicability, or such party's attorney of record, shall file the affidavit provided for in said Subsection (a) with the clerk of the court and shall serve a copy thereof on each other party to the

cause, or such other party's attorney of record, at least 14 days prior to the day on which presentation of evidence at trial of the cause commences. As a condition precedent to controverting a claim covered by an affidavit so filed and served, any party intending to controvert all or part of any such claim shall, within 10 days after receipt of such party's copy of such affidavit, or with leave of court first had and obtained at any time prior to commencement of evidence at trial of the cause, file a counter-affidavit with the clerk of the court and serve a copy thereof on each other party to the cause, or such other party's attorney of record. The counter-affidavit shall give reasonable notice of the basis upon which the party filing it intends at trial to controvert all or part of the claim covered by the initial affidavit. The counter-affidavit shall be taken before a person authorized to administer oaths and may be made upon information and belief by the party filing it, or such party's attorney of record. When a counter-affidavit is so filed and served, then Subsection (a) of this Section 1 shall thereafter have no force or effect at the trial of the cause.

Sec. 2. This Act does not apply to civil actions in which judgment was rendered prior to the effective date of this Act, nor to attorney fees charged in the trial of the cause or preparation thereof.

The amount of salaries paid to assistants and deputies shall also be clearly shown by such officer, giving the name, position, and amount paid each; and in no event shall any officer show any greater amount than actually paid any such assistant or deputy. The amount of such expenses, together with the amount of salaries paid to assistants, deputies, and clerks, shall be paid out of the fees earned by such officer. If such expenses be incurred in connection with any particular case, such report shall name such case. Such report, invoices, and

requisitions shall be subject to the audit of the county auditor, if any, otherwise by the Commissioners Court, and if it appears that any item was not incurred by such officer, or that such item was not a necessary or legal expense of such office, or purchased upon proper requisition, such item shall be by said county auditor or court rejected, in which case the payment of such item may be adjudicated in any court of competent jurisdiction. All such approved claims and accounts shall be paid from the Officers Salary Fund unless otherwise provided herein.

Chapter 220 of the Acts of the Forty-third Legislature, appearing at Page 734 of said Acts, in monthly installments in all cases in which the earnings and/or collections are sufficient for the purpose, and such of the deputies, assistants, and employees of said officials as are now or may be compensated from fees of office shall also be authorized to receive such compensation as is now or may hereafter be provided for them by law in monthly installments provided the earnings and/or collections are sufficient for the purpose, and the payment of such compensation to such officials and their deputies, assistants, and employees is hereby authorized to be made in twelve monthly installments, the same to be as nearly equal as the circumstances will permit, the same to be paid as nearly as possible on the first day of each calendar month for services rendered during the preceding month. Provided that all of the expenses which said officials are now or may hereafter be authorized by law to incur and pay in any calendar year from the fees of their respective offices, in the operation of said offices, other than the compensation allowed to such officers by said Article 3883 as amended as aforesaid, and that allowed or to be allowed by law to the deputies, assistants, and other employees of said officers, shall first be paid from and out of the fees earned and collected in cash by such officer during the calendar year in which such expense was incurred, and the balance remaining, if any, of the fees earned and collected in such calendar year, after the payment of the expenses incurred in such calendar year (exclusive of the said compensation of such officers and their deputies, assistants, and employees), shall then be applied ratably to the payment of said then earned or proportionate monthly compensation of such officers, and their deputies, assistants, and other employees. Sec. 2. fees, and the right to use delinquent fees monthly for the purposes named herein shall in no wise alter the final application of such fees and their accounting as provided in Articles 3883, 3891, 3892, and 3902, all as amended by the Acts of the Forty-third Legislature, but each such officer shall, at the close of each calendar year, finally adjust and settle his accounts with the County as provided by the said articles last above referred to, it being the intention of this Act that the provision for the use of delinquent fees is intended to facilitate and expedite payment of salaries and expenses without repealing the provisions of the named statutes with respect to the use of current and/or delinquent fees collected during the calendar year.

Sec. 3. Subject to the terms and provisions hereinbefore set out, when, in any county subject to the terms and provisions of this Act, any of the officers hereinbefore mentioned and/or their predecessors in office, and/or the said deputies, assistants, or employees of such officers and those of their predecessors in office, are or shall be entitled to any wages, salaries, or compensation for services heretofore rendered, or hereafter to be rendered, which wages, salaries, or compensation have not been paid, and which are or may become due under the terms of this or any former or other law, and which said wages, salaries, or compensation are or may be represented by, or payable in whole or in part, from any warrants issued by the State Comptroller for fees and remaining unpaid by the State for a period of not less than thirty days, any of said officers in office may apply to the Commissioners' Court of his County in writing for authority to sell, at the market price prevailing therefor, so many of such warrants as shall be necessary to meet and defray such unpaid wages, salaries, or compensation, setting up in his application the amount thereof unpaid; provided that such Court shall hear such application within five (5) days from the date of the filing thereof, and at such hearing shall enter its order granting the application, if the facts are found to be as alleged and the application conforms to the requirements of this Act, and shall in such order find and declare the true market price prevailing for such warrants, whereupon such officer may sell such warrants at a price not less than that fixed in the order relating thereto, and the proceeds arising from such sale shall be deposited and accounted for as fees of office as provided by law, and said officer shall be authorized to pay off and discharge said unpaid wages, salaries, and compensation in the manner provided by law; provided further that the difference between the sale price and the face value of any warrant so sold shall never be chargeable against any such officer in any settlement with his County.

Sec. 4. The Commissioners' Courts of such counties are authorized to purchase such warrants from any such officers and to pay therefor, from any available county funds, the market price prevailing as determined by the Court, and such officer, upon

receiving from such county an amount equivalent to such market value of such warrants is authorized to indorse over and deliver such warrants to such county, provided that whenever such warrants become redeemable in cash and such county shall obtain from the State the proceeds of such redemption, such proceeds shall be paid into and shall become a part of the general fund of such county.

Sec. 5. Nothing herein contained shall be construed as repealing, or affecting the provisions of, Article 3892 of the Revised Civil Statutes of 1925, as amended by the Acts of the Forty-first Legislature, and otherwise known as Section 4 of Chapter 20 of the Acts of the Fourth Called Session of said Legislature, appearing at page 30 of said Acts, nor as increasing or diminishing the salaries now authorized by law to be paid to any such officer, his deputies, assistants, and employees, nor as repealing, altering or affecting any of the provisions of Chapter 98 of the Acts of the Regular Session of the Forty-third Legislature, otherwise known as House Bill No. 875.¹

Sec. 1. acquisition of rights of way for public roads or highways, and provided that such fees and commissions shall be deposited into the Officers' Salary Fund of the County by the County Officer collecting such fee.

Determination by Commissioners' Court as to Precinct Officers and Officers in Counties of Less Than 20,000

Sec. 2. The Commissioners' Court of each county in the State of Texas, at its first regular meeting in January of each calendar year, shall, by order made and entered in the minutes of said court, determine whether precinct officers of such county (except public weighers and registrars of vital statistics) shall be compensated on a salary basis as provided for in this Act, or whether they shall receive as their compensation, such fees of office as may be earned by them in the performance of the duties of their offices, and it shall be the duty of the county clerk of each county to forward to the Comptroller of Public Accounts of the State of Texas on or before the 31st day of January a certified copy of such order. In counties having a population of less than twenty thousand (20,000) inhabitants according to the last preceding Federal Census, it shall likewise be the duty of the Commissioners' Court, by its order duly made and entered of record at its first regular meeting in January of each calendar year, to determine whether county officers of such county (excluding county surveyors, registrars of vital statistics and notaries public) shall be compensated for the fiscal year on the basis of an annual salary or whether they shall be compensated on the basis of fees earned by them in the performance of their official duties, and it shall also be the duty of the county clerk to forward to the Comptroller of Public Accounts of the State of Texas, on or before the 31st day of January, a certified copy of said order of said Commissioners' Court.

Additional Fees of Precinct Officers

Sec. 2a. In all counties of this State containing a population of less than one hundred and ninety thousand (190,000) inhabitants, according to the last preceding Federal Census, wherein the precinct officers are compensated on a salary basis under the provisions of this Act, such precinct officers shall receive, in addition to the salary fixed by the Commissioners Court, all fees, commissions, or payments for performing marriage ceremonies and for acting as registrar for the Board of Vital Statistics, and for acting as ex-officio notary public.

Payment of Salaries in Lieu of Fees

Sec. 3. In all cases where the Commissioners Court shall have determined that county officers or precinct officers in such county shall be compensated for their services by the payment of an annual salary, neither the State of Texas nor any county shall be charged with or pay to any of the officers so compensated, any fee or commission for the performance of any or all of the duties of their offices but such officers shall receive said salary in

lieu of all other fees, commissions or compensation which they would otherwise be authorized to retain; provided, however, that the assessor and collector of taxes shall continue to collect and retain for the benefit of the Officers' Salary Fund or funds herein-after provided for all fees and commissions which he is authorized under law to collect; and it shall be his duty to account for and to pay all such moneys received by him into the fund created and provided for under the provisions of this Act; provided further, that the provisions of this Section shall not affect the payment of costs in civil cases or eminent domain proceedings by the State but all costs so paid shall be accounted for by the officers collecting the same, as they are required under the provisions of this Act to account for fees, commissions and costs collected from private parties, providing further that the provisions of this Section shall not affect the payment of fees and commissions by the State or County for services rendered by County Officers in connection with the acquisition of rights of way for public roads or highways, and provided that such fees and commissions shall be deposited into the Officers' Salary Fund of the County by the County Officer collecting such fee.

Officers' Salary Fund in Counties of Less Than 190,000

Sec. 4. In all counties of this State containing a population of less than one hundred and ninety thousand (190,000) inhabitants according to the last preceding Federal Census wherein the county or precinct officers are compensated on a salary basis under the provisions of this Act, there shall be created a fund to be known as the "Officers' Salary Fund of _____ County, Texas." Such fund shall be kept separate and apart from all other county funds, and shall be held and disbursed for the purpose of paying the salaries of officers and the salaries of deputies, assistants and clerks of officers who are drawing a salary from said fund under the provisions of this Act, and to pay the authorized expenses of their offices. Such fund shall be deposited in the county depository and shall be protected to the same extent as other county funds. The Commissioners Court of the county, at its first regular meeting in January of each year, may determine by order made and entered in the minutes of the court that all fees, costs, compensation, salaries, expenses, and other funds which would otherwise be deposited in the Officers' Salary Fund shall be paid into and drawn from the general fund of the county. In a county where the Commissioners Court has entered an order to that effect, any reference in this Act to a salary fund shall be construed to mean the general fund of the county.

Fees Collected Deposited in Officers' Salary Fund

Sec. 5. It shall be the duty of all officers to charge and collect in the manner authorized by law all fees and commissions which are permitted by law to be assessed and collected for all official service performed by them. As and when such fees are collected they shall be deposited in the Officers'

Salary Fund, or funds provided in this Act. In event the Commissioners' Court finds that the failure to collect any fee or commission was due to neglect on the part of the officer charged with the responsibility of collecting same, the amount of such fee or commission shall be deducted from the salary of such officer. Before any such deduction is made, the Commissioners' Court shall furnish such officer with an itemized statement of the uncollected fees with which his account is to be charged, and shall notify such officer of the time and place for a hearing on same, to determine whether such officer was guilty of negligence, which time for hearing shall be at least ten days subsequent to the date of notice. Unless an officer is charged by law with the responsibility of collecting fees, the Commissioners' Court shall not in any event make any deductions from the authorized salary of such officer.

Apportionment of Appropriations

Sec. 6. (a) In counties wherein the county officials are on a salary basis, in addition to the monies deposited in said Officers' Salary Fund or funds under the provisions of Sections 1, 3 and 5 of this Act there shall be deposited therein quarterly on the first day of January, April, July and October of each year, such sums as may be apportioned to such county under the provisions of this Act, out of the available appropriations made by the Legislature for such purposes, provided, however, that in counties wherein the Commissioners' Court is authorized to determine whether county officers shall be compensated on a salary basis, no apportionment shall be made to such county until the Comptroller of Public Accounts shall have been notified of the order of the Commissioners' Court that the county officers of such county shall be compensated on a salary basis for the fiscal year, and in that case the first quarterly payment of such apportionment shall be made in fifteen (15) days after the receipt of such notice by the Comptroller, and the remaining payments on the dates hereinabove prescribed. It shall be the duty of the Comptroller of Public Accounts to annually apportion to all counties in which the county officers are to be compensated on the basis of a salary any monies, appropriated for said year for such apportionment; each county entitled to participate in such apportionment shall receive for the benefit of its Officers' Salary Fund or funds its proportionate part of the appropriation which shall be distributed among the several counties entitled to participate therein, on the basis of the per capita population of each county according to the last preceding Federal Census; provided that the annual apportionment for such purposes shall not exceed fourteen (14¢) cents per capita of said population of each county where county officers are compensated on a salary basis under the provisions of this Act. Provided that in all counties which had a population of less than sixty thousand (60,000) inhabitants in 1930 according to the last preceding Federal Census and which now have ad valorem valuations for all

purposes according to the last approved tax roll of such county, which have increased at least fifty (50) per cent over the valuation for 1930, the amount to be paid to each of said counties for its salary fund shall be the sum not to exceed twenty-five (25¢) cents per capita based on the 1930 population. The quarterly payment of such apportionment of such appropriation shall be made on warrants drawn by the State Comptroller upon the State Treasury payable to the county treasurer of the county in whose favor the apportionment is made and said warrants shall be registered by the Comptroller and the Treasurer and shall be mailed by the Comptroller to the Treasurer of the county.

(b) No officer receiving a salary shall hereafter receive any ex officio compensation; provided, however, the Commissioners' Court shall transfer from the General Fund of the county to the Officers' Salary Fund or funds of such county such funds as may be necessary to pay the salaries and other claims chargeable against the same when the monies deposited therein are insufficient to meet the claims payable therefrom.

(c) Any monies remaining in the Officers' Salary Fund or funds of any county at the end of any fiscal year after all salaries and authorized expenses incurred against said fund for said year shall have been paid may be, by order of the Commissioners' Court, transferred to the credit of the General Fund of the county.

Warrants on Officers' Salary Fund

Sec. 7. All monies drawn from said Officers' Salary Fund or funds shall be paid out only on warrants approved by the county auditor in counties having a county auditor; otherwise all claims against said fund shall first have been audited and approved by the Commissioners' Court of said county and the monies shall be disbursed on such approved claims by warrants drawn by the county treasurer on said fund.

No warrant shall be drawn on said fund or funds in favor of any person indebted to the State, county or to said fund or in favor of his agent or assignee until such debt is paid.

It shall be the duty of the Comptroller of Public Accounts to annually apportion to such counties any monies appropriated for said year for such apportionment; each such county entitled to participate in such apportionment shall receive for the benefit of its officers salary fund or funds its proportionate part of the appropria-

Said application shall be accompanied by a statement showing the probable receipts and disbursements of said office, and shall be presented to the District Judges, who shall then carefully consider same; and, if after such consideration, a majority of the District Judges shall approve the appointments sought to be made, and shall also approve the salary to be paid each, they shall certify said list to the Commissioners' Court of said county; and said application and the order of the District Judges thereon shall be recorded in the minutes of the District Court.

The Commissioners' Court shall thereupon order the amount approved to be paid from the General Fund, officers' salary fund, or any other fund of the county, as herein provided, upon the performance of the services required, and said Commissioners' Court shall appropriate adequate funds for that purpose. All assistants to the District Clerk shall be paid from the General Fund of the county or the Officers' Salary Fund, as per the order of the Commissioners' Court, except as herein provided; and be it further provided that the Commissioners' Court may authorize that the court clerks, the index clerk, and the clerk handling the jury in each such county can be paid either from the General Fund or the Jury Fund of said county.

The deputies appointed by the District Clerk shall be authorized to discharge such duties as may be assigned to them by the District Clerk and provided for by law, and all of said assistants shall take the oath of office for faithful performance of duty. The District Clerk shall have the right to discontinue the services of any assistants employed in accordance with the provisions of this Article, but no assistant shall be employed except in the manner herein provided. In like manner, the Judges of the District Court may authorize the appointment of additional assistants when, in the judgment of the District Clerk, a necessity exists therefor.

(h-3) In any county of this State with a population of two hundred and ninety thousand (290,000) inhabitants and over, and less than three hundred and ninety thousand (390,000) inhabitants, according to the last preceding Federal Census, the District Clerk may make written application to the Commissioners Court of said county, subject to the approval by the Court, for the appointment of assistants and/or deputies and the salaries to be paid same, setting forth the number of assistants and/or deputies sought to be appointed and the salaries to be paid each, such salaries to be not more than allowed

by law in Senate Bill 5, Acts of the Forty-fourth Legislature, Second Called Session,¹ and amendments thereto.

The Commissioners Court, upon approval of the application, shall thereupon order the amount approved to be paid from the General Fund, officers' salary fund, or any other fund of the county, as herein provided, and said Commissioners Court shall appropriate adequate funds for that purpose. Assistants to the District Clerk shall be paid from the General Fund of the county or the officers' salary fund, provided the Commissioners Court may authorize that the Court clerks, the index clerk, and the clerk handling the jury in each such county can be paid either from the General Fund or the Jury Fund of said county; and be it further provided that the per capita payments made by the State to the counties in lieu of felony fees formerly paid to the officers shall be apportioned by the County Auditor, as follows: after paying the fees to precinct officers rendering services in felony cases, pay to the District Clerk and the Sheriff the same amount each officer earned in felony fees during the year 1935, and the remaining balance shall be paid to the District Attorney or Criminal District Attorney, as the case may be.

The deputies appointed by the District Clerk shall be authorized to discharge such duties as may be assigned to them by the District Clerk and provided for by law, and all of said assistants shall take the oath of office for faithful performance of duty. The District Clerk shall have the right to discontinue the services of any assistants employed in accordance with the provisions of this Article, but no assistant shall be employed except in the manner herein provided. Such fund shall be deposited in the county depository and shall be protected to the same extent, and draw the same interest, as other county funds. The Commissioners' Court of each county affected by the provisions of this Section, at its first regular meeting in January of each calendar year, may determine, by order made and entered in the minutes of said court, that all fees, costs, compensation, salaries, expenses, etc., provided for in this Section, shall be paid into and drawn from the general fund of such county; in which event each reference in

this Section to a salary fund shall be read as and interpreted to be "General Fund".

(j) Each district, county, and precinct officer who shall be compensated on a salary basis shall continue to charge for the benefit of the Officers' Salary Fund of his office provided for in this Section, all fees and commissions which he is now or hereafter may be authorized to charge against and collect from the State of Texas for services performed by him in civil proceedings and to file claims for the fees or commissions due for such services in the manner now or hereafter provided by law; and it shall be the duty of said officer to account for and cause to be paid to the salary fund created for such officer all such commissions and fees when paid by the State in like manner as for costs collected from private parties; provided further, that such warrants issued by the State Comptroller of Public Accounts shall be made payable jointly to the officer in office at the date of payment and to the county treasurer, and that upon endorsement thereof such warrants shall be deposited forthwith by said county treasurer in the salary fund created for such officer.

(k) No officer receiving a salary shall receive any ex-officio compensation from the county; provided, however, the Commissioners' Court shall transfer from the general fund of the county to any Officers' Salary Fund of such county such funds as may be necessary to pay the salaries and other legally authorized claims chargeable against such fund when the moneys deposited to the credit of such fund are insufficient to meet the claims against it.

(l) Each district, county, and precinct officer receiving an annual salary as compensation shall be entitled, subject to the provisions of this Section, to issue warrants against the salary fund created for his office in payment of the services of deputies, assistants, clerks, stenographers, and investigators, for such amounts as said employees may be entitled to receive for services performed under their authorizations of employment. And such officer shall be entitled to file claims for and issue warrants in payment of all actual and necessary expenses incurred by him in the conduct of his office, such as stationery, stamps, telephone, traveling expenses, premiums on deputies' bonds, and other necessary expenses. If such expenses be incurred in connection with any particular case, such claim shall state such case. All such claims shall be subject to the audit of the county auditor; and if it appears that any item of such expense was not incurred by such officer, or such item was not a necessary expense of office, or such claim is incorrect or unlawful, such item shall be by such auditor rejected, in which case the correctness, legality, or necessity of such item may be adjudicated in any Court of competent jurisdiction. Provided, the Assessor and Collector of Taxes shall be authorized in like manner annually to incur and pay for insurance premiums in a reasonable sum for policies to carry insurance against loss of funds by fire, burglary, or theft.

At the close of each month of the tenure of his office, each officer named herein shall make as a part of the report required by Subsection (o) of this Section an itemized and sworn statement of all expense claims paid during said month. And said report shall give the name, position, and amount paid to each authorized employee of such officer. Such deputies, assistants, clerks, or other employees as well as expenses shall be paid from the Officers' Salary Fund in cases in which the officer is on a salary basis, and from fees earned and collected by such officer in all cases in which the officer is compensated on a basis of fees earned by him.

The Commissioners Court may allow, upon the written and sworn application of the sheriff showing the necessity therefor, one or more automobiles to be used by the sheriff or his deputies in the discharge of his official duties, which, if purchased by the county, shall be bought in the manner prescribed by law for the purchase of supplies, and shall be paid for out of the Officers' Salary Fund, and said automobiles shall be and remain the property of the county. The expense of operating and maintaining said automobile shall be paid in the manner and subject to the provisions herein provided for other expense items. The Commissioners Court by an order entered of record may make provision for payment of depreciation upon automobiles owned personally by the sheriff or his deputies.

The Commissioners Court may, upon the written and sworn application of the District Attorney or Criminal District Attorney stating the necessity therefor, allow one or more automobiles to be used by him in the discharge of his official duties, which if purchased shall be bought by the county in the manner prescribed by law for the purchase of supplies and paid for out of the Officers' Salary Fund, and they shall be and remain the property of the county. The amount to be expended for the purchase of an automobile or automobiles shall not exceed the sum of One Thousand, Two Hundred Dollars (\$1,200) for the first year, and shall not exceed the sum of Five Hundred Dollars (\$500) for any year thereafter. The expense of the maintenance and operation of such automobile or automobiles as may be allowed shall be paid for by the District Attorney or the Criminal District Attorney from the Officers' Salary Fund, and the amount thereof shall be reported in detail by the District Attorney or the Criminal District Attorney on his monthly report, as is required by this Section in reporting expenses incurred by him in the conduct of his office. Such expense account for the maintenance and operation of such automobile or automobiles shall be subject to audit as hereinabove provided.

(m) All moneys drawn from said Officers' Salary Funds shall be paid out only on warrants approved by the county auditor. No warrants shall be drawn on said fund in favor of any person indebted to the

State, county, or to said fund or in favor of his agent or assignee until such debt is paid, when notice of such indebtedness has been filed with the county auditor.

All moneys remaining in any Officers' Salary Fund of the county at the end of any fiscal year after all salaries and authorized expenses incurred against said fund for said year shall have been paid and the accounts of said officer have been audited and approved by the county auditor shall be by order of the Commissioners' Court transferred by warrant issued by the county clerk when approved to the credit of the general fund of the county.

(n) Each district, county and precinct officer shall keep a correct detailed statement of all amounts earned by him and of sums coming into his hands as fees, costs, and commissions, in a book to be provided for him by the proper authorities of the county for that purpose in which the officer at the time when fees or moneys are earned or shall come into his hands shall enter the same in such form as may be lawfully required.

(o) The fiscal year, within the meaning of this Section, shall begin on January 1st of each year; and each district, county, and precinct officer shall file his annual report and make the final settlement required in this Act by January 15th of each year; provided, however, that officers receiving an annual salary as compensation for their services shall on or before the fifth day of each month file with the county auditor on forms prescribed by him and as part of the report required by subsection 1 of this Section, a detailed and itemized report of all fees, commissions, and compensations collected by him during the preceding month, and shall forthwith pay into the Officers' Salary Fund for his office, all fees, commissions, and compensations collected by him during said month. Whenever such officer serves a fractional part of the fiscal year, he shall, nevertheless, file his report and make final settlement for such part of the year as he serves and shall be entitled to such proportionate part of his compensation as the time of his service bears to the entire year.

(p) It shall be the official duty of each clerk of the district and county courts and of all justices of the peace to require at the commencement of any civil suit adequate security for costs; provided a pauper's oath may be filed and contested as provided by law. No district, county or precinct officer shall under the penalties now provided by law waive any fees or costs but it shall be the duty of all officers to assess and collect all fees and commissions which they are permitted or directed by law to assess and collect for services performed by them. Where any officer receives a salary payable from the salary fund created for such officer all fees, commissions, and other compensation received by him in his official capacity shall be by him deposited and paid monthly, or oftener, into the salary fund created for such officer, and such remittance shall

be accompanied by his official report thereof, as provided for in this Section.

(q) Each district, county, and precinct officer, at the close of each fiscal year (December 31st), shall make to the district court of such county a sworn statement in triplicate (on forms designed and approved by the State Auditor), a copy of which statement shall be forwarded to the State Auditor by the clerk of the district court of said county within fifteen (15) days after the same has been filed in his office, and one (1) copy shall be filed with the county auditor. Said report shall show the amount of all fees, commissions, and compensations whatever earned by said officer during the fiscal year; and the amount of fees, commissions, and compensations collected by him during the fiscal year and their disposal. Said report shall contain an itemized statement of all fees, commissions, and compensations earned during the fiscal year which were not collected, together with the style of the case and number, the name of the party owing said fees, commissions, and compensations, the nature of the security for costs, and the reason for non-collection. Said report shall show the names of the deputies and assistants employed by him during the year, the time served, and the amount paid or to be paid each. Said report shall be filed not later than February 1, following the close of the fiscal year. For failure to file said report said officer shall be subject to removal from office. The county auditor shall audit such report and file his report with the Commissioners Court, and said county auditor also shall prepare and file with the district or criminal district attorney a detailed report of all fees, commissions, and compensations uncollected which have been due and payable to any officer of the county for a period of more than six (6) months; and a similar report of all fees, commissions, and compensations collected by said officers and not reported by them and a list of cases filed since January 1, 1936, in which any county or district clerk or justice of the peace has not taken adequate security for costs or required a pauper's oath. It shall be the duty of the district or criminal district attorney to institute proceedings for the collection of such fees, commissions, and compensations, all of which are declared to be the property of the county and shall be deposited in the general fund.

(r) The moneys received from the State by each such county under the provisions of Section 6 and subsection b of Section 13 of this Act shall be apportioned by the Commissioners' Court to the proper Officers' Salary Fund of each such county.

(s) Notaries Public, public weighers, and county surveyors are expressly exempted from the provisions of this Section.

(t) It is hereby declared to be the intention of the Legislature that the provisions of this Section control in all things as to the counties affected hereby. Nothing herein shall be held to repeal Chapter 122, Page 330, Acts of the 44th Legislature, 1935, Regu-

lar Session,² except insofar as its provisions may be in direct conflict herewith, in which event the terms of this Section shall prevail, nor shall anything herein contained affect or be construed as repealing Chapter 34, Acts of the 44th Legislature, Regular Session, appearing at Page 100, et sequente, of said Acts,³ or Art. 3912a, Revised Civil Statutes of Texas, the same being Acts 1933, 43rd Legislature, Page 107, Chapter 54.

(u) The provisions of this Section shall be severable and if any subsection, sentence, clause, phrase, word or part of the same shall be held to be unconstitutional or invalid for any reason, the same shall not be construed to affect the validity of any of the remaining provisions of this Section. It is hereby declared to be the Legislative intent that this Section would have been adopted had such invalid provision not been included therein.

In addition to any other sums now provided for by law, the District Attorney or Criminal District Attorney in each of the counties affected hereby may be allowed, by order of the Commissioners' Court of his county, such amount as said Court may deem necessary to pay for or aid in the proper administration of the duties of his office, which sum may be expended in aid of the discharge of the duties of his office for any purposes, whether similar or dissimilar to the type of expense authorized by Article 3899 of the Revised Civil Statutes, as amended by Chapter 37 of the Acts of the First Called Session of the 45th Legislature, and whether for a purpose similar or dissimilar to those authorized by the preceding Section of this Act; provided further that all sums expended under the authority of this Section of this Act shall not exceed Two Thousand, Five Hundred (\$2,500.00) Dollars in any one calendar year; and provided further that such amounts as may be authorized hereunder shall be allowed by said Court upon written application of such District Attorney or Criminal District Attorney showing the necessity therefor, and the Commissioners' Court may require any other evidence that it may deem necessary to show the necessity for any such expenditures, and its judgment in allowing or refusing to allow any such expenditure shall be final; provided no payment for any such expenditure shall be made except upon an itemized sworn statement of such expense filed in the manner provided for by Section 19 of Chapter 465 of the Acts of the 44th Legislature,¹ generally known as the "Fee Bill," and all such expenditures and the accounts therefor shall be subject to approval of the County Auditor and audit by such Auditor as in the case of other claims and expenditures.

such warrants shall issue, subject to the above limitations; provided, that from time to time, additional sums may be requested and allowed in like manner and subject to the same limitations; and provided further, that such District Attorney and his bondsmen shall be and remain liable for any illegal expenditures of such funds; and provided that within twelve (12) months after the termination of the Grand Jury's investigation of the matter from which said funds were expended, the District Attorney or Criminal District Attorney expending the same shall duly account under oath in writing for the same by proper accounts, vouchers and receipts to the County Auditor in such form as said Auditor shall require, and the County Auditor shall, upon the receipt of any such accounts, vouchers or receipts, keep secret all matters pertaining to the same for twelve (12) months after his receipt thereof. Nothing herein contained shall be construed as authorizing any Grand Jury to investigate any matter that it may not by law now be authorized to investigate.

County Treasurer and Assistants

Sec. 2. The County Treasurer in such counties shall have one assistant at a reasonable salary, to be determined by the Commissioners Court, not exceeding that allowed assistants or deputies of other officers, and the Commissioners Court of such counties may allow one additional assistant upon adequate written sworn proof of necessity therefor for a limited emergency period at a reasonable salary to be determined by the Commissioners Court. Said assistants shall be appointed in the same manner as the assistants of other officers and subject to the same legal requirements. The County Treasurer of each of such counties may designate, subject to the approval of the Commissioners Court, one of said assistants or any named person to act for him and in his stead when he shall be absent from the county, unavoidably detained, incapacitated, or be unable to act. The particulars justifying such appointment shall be placed before the Commissioners Court, which is authorized to make full inquiry into the necessity for such appointment. Upon approval by the Commissioners Court of such appointment, it shall be recorded in the minutes of the court, and thereupon such person may act for the County Treasurer during such periods of absence, detention, incapacity, or inability to act; provided, however, that such appointment shall not become effective until such named person shall have given such additional surety bond in favor of the county and the County Treasurer, as their interests appear, in such amount or amounts as the Commissioners Court may in its order require, and provided any person named other than a regularly appointed assistant shall receive no salary from the county.

Commissioners Court, Authority as to Appointments, Salaries, Etc.; Applications for Increases in Salaries; Hearing

Sec. 3. The provisions of this Act shall not apply where the laws in effect on January 1, 1945, in such counties place no limit upon the salaries authorized for deputies, assistants, employees or department heads; and it shall apply only to those salaries or compensations of deputies, assistants, employees or department heads on which the laws in effect January 1, 1945, placed a fixed limit.

The Commissioners Court of counties coming within the terms of this Act may continue to appoint or approve the appointment of deputies, assistants, employees or department heads and fix their salaries where such matters come within its jurisdiction, and may continue in the manner provided by law to approve the number and fix or approve the salaries of deputies, assistants, employees or department heads legally appointed by county or flood control district officials or department heads within the limitations of number and amount of salaries now or hereafter fixed by law.

In cases in which an officer of said county or any flood control district or conservation or reclamation district wholly within the boundaries of said county desires to increase the salary of any deputy, assistant, employee or department head beyond the limit now fixed by existing law, he shall file a sworn application addressed to the Commissioners Court with the County Clerk and County Auditor, giving full data and information to the extent and in the manner required by the regulations of the court previously adopted and entered in its minutes; and where such sworn applications have been filed, the court shall fix a date for the hearing and considera-

tion thereof, and shall give public notice of the date of such hearing. All such applications shall be acted upon in open court at such public hearing, and any citizen or taxpayer may appear in favor of or in opposition to such application. Such hearing may be continued by the court from day to day. If, after such hearing, the court be of the opinion that such application should be granted in whole or in part, it shall have authority to grant, or authorize the grant of, an increase in salary of any deputy, assistant, employee or department head appointed by the court, or under its authority, or appointed by any other elected or appointed officials, or department heads, in such sum as the court may in its discretion determine without regard to existing limitations of amounts: provided, however, that the amount so allowed or the total amount so allowed when added to funds previously budgeted shall not create any deficit for the current year in any fund, or create an obligation against future revenues; provided further, such increases shall not become effective until approved by the County Auditor and he shall have affixed his certificate to the application that funds are, or will be, available for payment thereof when due.

Regulations, Hours of Work, Vacations, Sick Leaves

Sec. 4. The Commissioners Court of such counties shall have the authority to adopt and enforce all reasonable regulations applying to all such deputies, assistants, employees or department heads governing the hours of work, vacations, and sick leaves, in the interest of obtaining uniform restrictions, conditions, and regulations governing all such deputies, assistants, employees or department heads in the manner now provided by law.

Budget Adjustments or Revisions; Notice; Hearing

Sec. 5. In all cases where the appointment of any deputy, assistant, or employee, or the fixing of any salary, or the approval thereof by the Commissioners Court and the County Auditor shall make necessary an adjustment in the previously adopted budget of such counties, such adjustment or revision may be made to the extent and in the manner made necessary by the appointment and increase or approval of any salaries of any such deputies, assistants, employees or department heads, or by any increase in salary of any officials herein authorized; provided, that in case of necessity to amend any previously adopted budget, it shall be done only upon submission to the Commissioners Court of a supplemental budget by the County Auditor as Budget Officer of the county which shall be advertised and set for hearing in the same manner as for adoption of the original county or flood control district budget for the year. Elected Officers: Restrictions

Sec. 2. (a) The salaries, expenses, and other allowances of elected county and precinct officers shall be set each year during the regular budget hearing and adoption proceedings on giving notice as provided by this Act.

(b) There is hereby created in each county a salary grievance committee composed of:

(1) the county judge, who shall be chairman of the committee but who shall not be entitled to vote;

(2) the sheriff, the county tax assessor-collector, the county treasurer, the county clerk, the district clerk, and the county attorney or criminal district attorney; and

(3) three residents of the county selected as provided by Subsection (c) of this Section; or if one person holds more than one of the offices described in Subdivision (2) of this subsection or if one or more of those offices is not filled in the county, a number sufficient to establish the total voting membership of the committee at nine members.

(4) Notwithstanding any other Section or subsection of this Act, the commissioners court may vote to have all nine members of the salary grievance committee be residents of the county selected as provided by Subsection (c) of this Section. Such vote by the commissioners court, if any, shall be held on the second Monday in January of each year.

(c) The public members of the committee shall be selected at the meeting of the commissioners court held on the second Monday in January of each year. Before that meeting, the clerk of the commissioners court shall prepare slips with a name on each slip corresponding to the names of all persons who served on grand juries in the county during the preceding calendar year. At the meeting, the slips shall be folded, placed in an appropriate receptacle, mixed, and drawn at random by the county judge until he has drawn a number equal to the number of public members required to constitute the committee. The county judge shall then announce the names on the slips drawn, and those persons shall be deemed appointed to the committee on accept-

ance submitted in writing to the clerk. If any person refuses or is unable to serve, a replacement shall be selected at the next regular or called meeting of the commissioners court by random selection of a slip from the remaining slips containing the names of grand jurors for the preceding year, with the process repeated as necessary to constitute the required membership of the committee. The public members of the committee shall serve for the year ending with the appointment of their successors the following January. A vacancy in the public membership of the committee shall be filled for the unexpired portion of the term by random selection of a slip from the remaining slips at a meeting of the commissioners court.

(d) The commissioners court of each county prior to filing of the annual budget with the clerk of the county court shall give written notice to each elected county and precinct officer of his salary and personal expenses to be included in the budget.

(e) Any elected county or precinct officer who is aggrieved by the setting of his salary or personal expenses may within 5 days of his notification request a hearing before the salary grievance committee. The request shall be in writing, shall state the change in his salary or personal expenses he desires, and shall be delivered to the chairman of the committee. The chairman shall announce the time and place of the hearing, which shall be within 10 days after receipt of the request. If after a public hearing the committee by a vote of six of its voting members decides to recommend a change in the salary or personal expenses of the person requesting the hearing, it shall prepare its recommendation in writing and deliver it to the commissioners court, which shall consider the recommendation at its next meeting. A written recommendation signed by all nine members and delivered to the commissioners court shall be entered into the budget prior to filing and shall become effective in the next budget year.

(f) The authority given to the salary grievance committee is specifically limited to increasing items concerning salaries or personal expenses of county and precinct officers. Nothing in this Act shall be interpreted to allow the committee to set policy of the county or add new items to a proposed county budget.

Sec. 3. (a) In addition to transcript fees, fees for statements of facts, and other expenses necessary to the office authorized by law, the official shorthand reporter of each district or domestic relations court shall be paid a salary set by order of the judge of that court; provided that such salary shall be no lower than the salary on the effective date of this Act. If a judicial district is composed of more than one county, each county shall pay a portion of the salary equal to the proportion that its population bears to the total population of the judicial district.

(b) Any increase in the salary of a shorthand reporter to become effective in 1972 or any subsequent calendar year must be ordered by the judge, and the order submitted to the commissioners court of each county in the district, not later than September 1 immediately preceding the adoption of the county budget for the following year. A commissioners court in its discretion may allow an extension of this time limit.

(c) An official shorthand reporter may not be paid a salary more than 10 percent in excess of the salary paid to him during the preceding budget year, except with the approval of the commissioners court of each county in the judicial district.

(d) A person initially appointed to succeed an official shorthand reporter may be paid a salary not to exceed the salary paid to the person he succeeds.

Definitions

The following terms, words, and phrases as used in subdivision B of this Article shall have the following meanings unless a different meaning is plainly required by the context:

a. "Story" means the space included between two (2) successive floor levels except that a basement shall be construed as a story only when the floor level immediately above the basement is ten (10) feet or more above grade line on one or more sides of the building.

b. Types of construction shall be, for purpose of application of this law, classified as follows: "Fireproof," "semi-fireproofed," and "ordinary" as defined in the latest edition of the Building Code Recommended By The National Board Of Fire Underwriters.

Art. 4344a. Transfer of Balance in Dormant Fund to General Revenue Fund

The Comptroller, with the consent and approval of the State Auditor and Efficiency Expert, and the State Treasurer, may, at any time, transfer any balance in any dormant fund, the source of which is unknown or the purpose for which it was collected has become moot, into the General Revenue Fund. Any transfer so made may be subject to appropriation as a refund by the Legislature, should the source and purpose of such fund become known and active at any time in the future.

[Acts 1945, 49th Leg., p. 199, ch. 152, § 2.]

Art. 4344b. Purpose; Construction of laws; Reorganization and Consolidation of Divisions; Electronic Data Processing Center; Electronic Funds Transfer System

(1) It is the purpose of this Act to authorize the Comptroller of Public Accounts to organize and maintain within his department such divisions of service as are necessary for the efficient and orderly conduct of the work of the department. The enumeration in laws prior to this Act of certain designated divisions and chiefs of divisions of the office of the Comptroller of Public Accounts and the imposition of specific duties on named divisions and chiefs of divisions shall not be construed as mandatory and nothing therein shall prohibit the Comptroller of Public Accounts from effecting a reorganization or consolidation of divisions, operations, functions or positions provided for by this Chapter or other laws, in the interest of more efficient and economical management and direction of the office of the Comptroller of Public Accounts.

(2) The Comptroller of Public Accounts is authorized to establish and operate a central electronic computing and data processing center to be used to maintain the central accounting records of the state,

to prepare payrolls and other warrants, to audit tax reports, and to perform such other accounting and data processing activities as may be economically and practically adapted to the use of this equipment. In order to provide for the orderly and economical use of this equipment the Comptroller is further authorized to prescribe and revise claim forms, registers, warrants, and other documents submitted in support of payroll or other claims or to support tax or any other payments to the state.

The Comptroller of Public Accounts and any state agency as that term is defined in "The Interagency Cooperation Act" (codified as Article 4413(32) Vernon's Revised Civil Statutes) may enter into an agreement under the provisions of the Interagency Cooperation Act for electronic computing or data processing services.

(3) Notwithstanding the provisions of any other statute, the Comptroller of Public Accounts may establish and operate an electronic funds transfer system to transfer directly into their accounts in financial institutions only: (i) employees' gross state salaries less deductions specifically authorized by state or federal law or reimbursement for travel and subsistence of employees and (ii) payments to annuitants by the Employees Retirement System of Texas or the Teacher Retirement System of Texas under either system's administrative jurisdiction. An authorized payee must request in writing to participate in any electronic funds transfer system established and operated by the Comptroller of Public Accounts. A single transfer may contain payments to multiple payees without the necessity of issuing individual warrants for each payee. The Comptroller shall establish procedures for administering the system and may use the services of financial institutions, automated clearinghouses, and the federal government. The use of electronic funds transfer or any other payment means does not create any rights that would not have been created had an individual state warrant been used as the payment medium. The State Treasurer may not make payment of a state employee's salary before the last working day of the payroll period.

[Acts 1959, 56th Leg., p. 704, ch. 324, § 1. Amended by Acts 1981, 67th Leg., p. 632, ch. 253, § 1, eff. Aug. 31, 1981.]

Art. 4344c. Temporary Transfer of Surplus Cash

Sec. 1. The comptroller of public accounts, with the consent of the State Treasurer, may transfer surplus cash, excluding constitutionally dedicated revenues, between funds in the State Treasury. Those transfers are authorized to allow effective management of the cash flow of the General Reve-

nue Fund and to avoid temporary cash deficiency in the General Revenue Fund. The comptroller shall return the surplus cash to the fund from which it was transferred as soon as practicable. The comptroller shall preserve the fund equity and the State Treasurer shall allocate the depository interest as if the transfers had not been made.

Sec. 2. If the comptroller submits a statement to the governor and to the legislature under Article III, Section 49a, of the Texas Constitution when surplus cash transferred under this article is in the General Revenue Fund, in that statement the comptroller shall indicate that the transferred surplus cash:

- (1) is in the General Revenue Fund;
- (2) is a liability of the General Revenue Fund; and
- (3) is not available for appropriation by the legislature.

The comptroller of public accounts may create and use suspense accounts and funds for the collection, allocation, and distribution of revenue, including the allocation of revenue which is required to be deposited to the credit of the available school fund.

[Acts 1981, 67th Leg., p. 2249, ch. 540, § 2, eff. Sept. 1, 1981.]

Art. 4344e. Available School Fund Credits

(1) Except as provided in Section (2) of this article, when state revenue is allocated in proportional amounts to the available school fund and to the general revenue fund, the comptroller of public accounts shall deposit all revenue to the credit of the general revenue fund and then, as a ministerial duty on the 10th day of each month and on the last day of the fiscal year, shall transfer from the general revenue fund to the available school fund the equivalent to the proper proportional amount as required by law to be allocated to the available school fund from the revenue received from the tax during the preceding month or, in the case of the last month of the fiscal year, during the last month of the fiscal year.

(2) All net revenue derived from the collection of the taxes imposed by Chapter 7, Title 122A, Taxation—General, Revised Civil Statutes of Texas, 1925, as amended,¹ shall be deposited in the general revenue fund, and the comptroller of public accounts shall, as a ministerial duty on the 10th day of each month and on the last day of each fiscal year, transfer from the general revenue fund to the proper funds and accounts the amounts calculated by the comptroller equal to the amounts required by Chapter 7 and Article 24.01, Title 122A, Taxation—

General, Revised Civil Statutes of Texas, 1925, as amended.²

Art. 4346. Custodian of Obligations

Except as otherwise specifically provided, all deeds to the State, all liens, mortgages, bonds, notes, and other securities for money given to the State or any officer for the use of the State, contracts involving pecuniary obligations to the State, and all other documents or instruments creating a pecuniary obligation in favor of the State, shall be deposited in the office of the Comptroller, except that all deeds conveying land or interests in land to the State of Texas for highway purposes, shall hereafter be deposited in the offices of the State Highway Department at Austin, Texas. The Comptroller of Public Accounts is hereby directed to transfer to the State Highway Department all deeds and conveyances of land or interests in land to the State of Texas for highway purposes which have heretofore been filed and deposited in the office of the Comptroller of Public Accounts along with all files and filing equipment heretofore used by him in filing and maintaining such records.

Sec. 1. Terms used in this Act, unless provided herein to the contrary, shall have the following meanings:

"Public Corporations" shall include counties, cities, districts, authorities, non-profit corporations, public agencies, and all other entities authorized by law to issue bonds which are to be registered in the office of the Comptroller of Public Accounts.

"Comptroller" means the Comptroller of Public Accounts of the State of Texas.

"Registered or unregistered bonds of any Public Corporation which have been left in and still remain in the office of the Comptroller may be considered as 'unneeded' after the expiration of five years from the date of the bonds."

Sec. 2. It shall be the duty of the Comptroller, from time to time, to cancel by perforation all unneeded bonds and to return them by mail, express or freight, to the respective issuers, at the expense of such issuers. Provided, that not less than thirty days before he shall thus cancel unneeded bonds of a Public Corporation he shall give notice, by registered or certified mail, to such Public Corporation of the proposed cancellation. Such notice shall be addressed in accordance with the latest information available in the office of the Comptroller, and if the Comptroller receives advice that the written notice is undeliverable because such Public Corporation is no longer in existence, or for any other reason, he shall, in like manner and for a like thirty day period of time, notify the county judge of the county in which the Public Corporation was situated, wholly or partially, of such intended cancellation and of such failure of delivery of the initial notice. Such Public Corporation or such county judge as the case may be, prior to the date fixed for cancellation, upon written notice and upon execution of a receipt in the form prescribed by the Comptroller may repossess such bonds. Any shipping expense involved in such transaction shall be paid by the Public Corporation involved, or by the county whose county judge shall have acted in its behalf. A permanent record shall be made in the office of the Comptroller of any such cancellation or return of unneeded bonds.

[Acts 1959, 56th Leg., p. 436, ch. 196.]

Art. 4347. When Accounts Closed

The accounts of the Comptroller shall be annually closed on the last day of August; and he shall exhibit all books, papers, vouchers and all other matters pertaining to his office, for the examination of either branch of the Legislature, or any committee which may be by them appointed, whenever required by them to do so.

[Acts 1925, S.B. 84.]

Art. 4348. Statement to Governor

In addition to the reports required by the Constitution, the Comptroller shall exhibit to the Governor, on the first Monday of November of each year, and at such other times as he shall require, an exact and complete statement of the funds of the State, of its revenues, and of the public expenditures during the preceding year (or for such other times as may be required), with a detailed estimate of the expenditures to be defrayed from the Treasury for the ensuing year, specifying therein each object of the expenditures and distinguishing between such as are provided for by general or special appropriation, and such as are required to be provided for by law, and showing the means from which such expenditures are to be defrayed.

[Acts 1925, S.B. 84.]

Art. 4348a. Preparation of Financial Statements and Itemized Estimates; Probable Receipts and Disbursements; Committee on State Revenue Estimates

a. In preparing the financial statements and in making the itemized estimates required by Article III, Section 49a of the State Constitution, the Comptroller of Public Accounts shall take into consideration his estimate of the probable receipts and disbursements as of August 31st for the then current fiscal year.

The words "probable receipts" shall mean and include all such moneys estimated by the Comptroller to be received by the State through August 31st of the then current fiscal year; and his financial statements shall show the fund or funds to which such receipts are to be credited.

The words "probable disbursements" shall mean, and the Comptroller shall consider and report under such term, only those payments estimated to be made and warrants which will be issued by the State through August 31st of the then current fiscal year.

In addition thereto, for the information of the Governor and the Legislature the Comptroller shall list other outstanding appropriations which may exist after the end of the then current fiscal year, but they shall not be deducted from the cash condition of the Treasury or the anticipated revenues of the next biennium for the purpose of certification.

It is the Legislative intent that the Comptroller's reports, estimates, and certifications of available funds in each instance shall be based upon the actual or estimated cash condition of the State Treasury and that outstanding and undisbursed appropriations at the end of each biennium shall be considered as probable disbursements of the succeeding biennium in the same manner that earned but uncollected income of a current biennium is considered in probable receipts of the succeeding biennium. The provisions of this Act shall be immediately effective and the Comptroller shall revise his

current report and estimates in accordance therewith.

b. In carrying out the duties imposed upon the Comptroller of Public Accounts by Section 49a of Article III of the Constitution of the State of Texas, the Comptroller shall, in submitting to the Legislature and the Governor estimates of anticipated revenues, set forth in his estimate report the detailed calculations and all other pertinent information considered by him in arriving at such estimates.

There is hereby created the Committee on State Revenue Estimates which shall be composed of the Governor, or his duly appointed representative, who shall serve as Chairman, the Director of the Legislative Budget Board, and the State Auditor. The Committee shall carefully review all revenue estimates prepared and submitted by the Comptroller of Public Accounts pursuant to Section 49a of Article III of the Constitution of the State of Texas and shall report the result of such review in an official public document to the Budget Division of the Governor's Office, the Legislature and the Comptroller. The Comptroller shall furnish additional information to the Committee, as it may deem necessary, to clarify any of the revenue estimates contained in the estimate report.

All heads of departments, managers of State institutions or other persons intrusted with the power or duty of contracting for supplies, or in any manner pledging the credit of the State for any deficiency that may arise under their management or control, shall, at least thirty days before such deficiency shall occur, make out a sworn estimate of the amount necessary to cover such deficiency until the meeting of the next Legislature. Such estimate shall be immediately filed with the Governor, who shall thereupon carefully examine the same and approve or disapprove the same in whole or in part. When such deficiency claim, or any part thereof, has been so approved by the Governor he shall indorse his approval thereon, designating the amount and items thereof approved and the items disapproved, and file same with the Comptroller; and the same shall be authority for the Comptroller to draw his deficiency warrant for so much thereof as may be approved; but no claim, or any part thereof, shall be allowed or warrants drawn therefor by the Comptroller, or paid by the Treasurer, unless such estimate has been so approved and filed. If there is a deficiency appropriation sufficient to meet such claims, then a warrant shall be drawn therefor and the same shall be paid; but, if there is no such appropriation, or if such appropriation be so exhausted that it is not sufficient to pay such deficiency claim, then a deficiency warrant shall issue therefor; and such claim shall remain unpaid until provision be made therefor at some session of the Legislature thereafter. The provisions of this article shall not apply to fees and dues for which the State may be liable under the general laws. When any injury or damage shall occur to any public property from flood, storm or any unavoidable cause, the estimate may be filed at once but must be approved by the Governor as provided in this article.

Art. 4351½. Suit Against State on Claims

That all concurrent resolutions heretofore adopted at any regular or special session of the legislature of the State of Texas for the purpose of granting to any persons, firms or corporations permission to sue the State of Texas through any of its courts, are hereby validated and made effective to grant such permission, both as to suits already filed

and pending in the courts of this state and as to any suits which may hereafter be filed by virtue of the permission granted by such resolutions heretofore adopted. Provided, however, that nothing herein shall operate to create any cause of action against the State of Texas.

In order that such warrants may be ready for delivery at the end of the pay period the Comptroller is authorized to make such rules and regulations as may be necessary for filing payroll claims in advance of the pay period, and for the preparation and writing of warrants in payment thereof to adequately and properly achieve such purpose.

One person shall be designated by the Comptroller as Chief of the Claims Division, and such person shall prepare or be responsible for the preparation of all pay warrants, and shall be accountable to the Comptroller for warrants coming into his possession.

The Comptroller shall charge the State Treasurer in totals of all deposit warrants and the deposit receipts as issued, and credit him with warrants paid, so that the balance in the Treasurer's hands, together with the balance in the State Depositories, shall agree with the balance shown by the accounts.

Accounts shall be kept for the purpose of showing the amounts of outstanding pay warrants of each class, which shall be credited with the warrants issued and charged with the warrants paid, so that the balances shall represent the aggregate amount of outstanding warrants.

Accounts shall be kept for funds, a separate account for each fund, which shall be credited with deposit warrants and charged with pay warrants issued: Balances of such accounts shall represent balances in the funds after taking into consideration all warrants issued. Accounts shall also be kept showing the bonds or securities owned by each fund.

4. REVENUE ANALYSIS.—A revenue analysis record shall be kept in which a distribution shall be made of the revenues derived by the State from all sources, and the amounts derived from each source. The sources of revenue received as represented by the deposit warrants issued therefor by the Comptroller shall be posted to this record.

5. EXPENSE ANALYSIS.—An expense analysis record shall be kept, in which a distribution shall be made of the disbursements made from State funds, which shall be classified by departments or institutions, by objects of expenditure, or other classifications as may be deemed advisable.

6. ACCOUNTS OF TAX COLLECTORS.—A ledger shall be kept which shall contain controlling accounts against which the individual accounts with Tax Collectors shall be balanced. This ledger shall be kept on a double-entry basis, shall be self-balancing, and shall be balanced at the close of each month. Individual accounts shall be kept with Tax Collectors, which shall be charged with all amounts of taxes due the State, and which are to be collected by the Tax Collectors, or which have been collected

by the Tax Collectors and have not been paid over to the State Treasurer; and credited with all payments, commissions, cancellations and other adjustments of such taxes allowed by law, which accounts shall be balanced monthly with the controlling accounts. Separate accounts shall be kept for current taxes and for delinquent taxes, or other accounts as may be necessary.

7. **SUSPENSE LEDGER.**—A suspense ledger shall be kept in which the accounts of the State Treasurer shall be stated in respect to moneys held by him pending the issuance of deposit warrants and moneys and securities held other than those for State purposes, for all which the Comptroller shall issue deposit receipts, posting the same to this ledger. It shall also include the accounts with heads of departments for all moneys received by them and deposited with the State Treasurer in suspense.

8. **APPROPRIATION LEDGERS.**—The Comptroller shall keep accounts with all appropriations made by the Legislature, an account being kept for each appropriation, which shall be credited with the amount of the appropriation and charged with all pay warrants issued under the authority of appropriations. Each account shall show the law authorizing the appropriation. The total of all appropriations so credited shall be credited to a control account called "appropriations voted." The daily totals of the warrants issued shall be charged to this control account, so that the balance shall represent the amount of unused appropriations. The individual appropriation accounts shall be balanced monthly against the "appropriations voted" account. The heads of all State Departments, Institutions, Boards and Commissions or other officials or employees of the State who are or may be authorized to make purchases or incur any indebtedness to be paid from appropriated funds shall keep accounts for such appropriations as apply to their respective Departments, Institutions, Boards or Commissions, and shall balance such accounts monthly against the like accounts kept by the Comptroller.

Art. 4365. Duplicate Warrants

The Comptroller, when satisfied that any original warrant drawn upon the State Treasurer has been lost, destroyed, or stolen, or that the payee's endorsement on the original warrant has been forged, or when any certificate or other evidence of indebtedness approved by the auditing board of the State has been lost, is authorized to issue a duplicate warrant in lieu of the original warrant or a duplicate or a copy of such certificate, or other evidence of indebtedness in lieu of such original; but no such duplicate warrant, or other evidence of indebtedness, shall issue until the applicant has filed with the Comptroller his affidavit, stating that he is the true owner of such instrument, and that the same is in fact lost, destroyed, or stolen, or that the payee's endorsement on the instrument has been forged, and shall also file with the Comptroller his bond in double the amount of the claim with two or more good and sufficient sureties, payable to the Governor, to be approved by the Comptroller, and conditioned that the applicant will hold the State harmless and return to the Comptroller, upon demand being made therefor, such duplicates or copies, or the amount of money named therein, together with all costs that may accrue against the State on collecting the same. Provided, however, that any state department, court, school, school district, or other state agency, or federal agency, shall not be required to make bond for the issuance of duplicate warrants. The head of such state agency or federal agency and one other person connected with the

handling of warrants for such agency shall be required to make the affidavit for duplicate to issue in case of lost or destroyed warrant belonging to such agency. In the case of a stolen warrant or a warrant on which the payee's endorsement has been forged, if the Comptroller is satisfied that the warrant is in the possession of the appropriate law enforcement officials, and if the applicant is the same person as the payee, the Comptroller may issue the duplicate warrant without requiring a bond. Any entity, other than a law enforcement official, that has possession of a stolen warrant or a warrant on which the payee's endorsement has been forged shall immediately deliver the warrant to the issuing agency or the Comptroller upon request. The agency or Comptroller shall then issue a receipt for the warrant. After the issuance of said duplicate or copy if the Comptroller should ascertain that the same was improperly issued, or that the applicant or party to whom the same was issued was not the owner thereof, he shall at once demand the return of said duplicate or copy if unpaid, or the amount paid out by the State, if so paid; and, upon failure of the party to return same or the amount of money called for, suit shall be instituted upon said bond in Travis County. The Comptroller shall adopt rules, regulations, and forms regarding the issuance of duplicate warrants.

All of such funds shall be placed in a separate account entitled "Flood Area School and Road Fund" to the credit of the Comptroller of Public Accounts and shall never become a part of the general funds of the state. The Comptroller shall annually pay over such funds to the school district or districts, county, or other political subdivision, as hereinafter provided, to be expended for school purposes, or on the roads, as contemplated by the Act of Congress.

Sec. 2. It shall be the duty of each school district tax collector, county tax collector, or other person charged with the duty of collecting school taxes or road taxes, the territory of which district, county or other political subdivision is within, or partly within, any flood control district, or flood control area, created or designated under authority of law, to prepare and file with the Comptroller of Public Accounts of this state a report under oath showing the total number of acres of land acquired by the United States for flood control purposes within the boundaries of such school district, county, or other political subdivision; and the tax rate per one hundred dollars of valuation for school purposes and for road purposes levied by such district, county, or other political subdivision for the year in which such report is made.

Sec. 3. On or before the 15th day of September of the year 1945 and each year thereafter, the Comptroller of Public Accounts shall pay to the school district or districts and to the county or other political subdivision collecting road taxes, their proportionate share of funds on deposit in such "Flood Area School and Road Fund" which were produced by leases upon lands acquired by the United States for flood control purposes located within such school district, county or other political subdivision, the pro rata to be allotted to the school districts and to the road taxing entity to be based upon the proportion which their respective tax rates bears to the sum of the two rates. The Comptroller shall add the school district tax rate and the road tax rate together and the school district shall be entitled to receive such a percentage of the "Flood Area School and Road Fund" as their tax rate bears to the sum of the school tax rate and the road tax rate; and the county, or other road taxing entity, shall be entitled to receive its proportionate part of such fund based upon the proportion which its tax rate bears to the sum of the two tax rates. If, during any school year, there shall be on hand in said "Flood Area School and Road Fund" any moneys which may be distributable to any school district, the Comptroller of Public Accounts may in his discretion, upon application of such school district or districts, make a distribution of such funds upon any dates other than those above fixed, as may be determined by him.

Art. 4366d. Federal Resource Receipts Distribution Fund

Definitions

Sec. 1. In this Act:

(1) "Comptroller" means the comptroller of public accounts.

(2) "Fund" means the federal resource receipts distribution fund.

(3) "Eligible county" means a county in which is located federal public land for which the state receives a portion of the money from sales, bonuses, royalties, or rentals under Section 191 or Section 355, Title 30, United States Code.

Federal Resource Receipts Distribution Fund

Sec. 2. (a) The federal resource receipts distribution fund is created in the State Treasury.

(b) Money received by the state under Section 191 or Section 355, Title 30, United States Code, shall be deposited in the fund.

(c) Money in the fund shall be distributed by the comptroller to each eligible county in the amount, in the manner, and for the purposes provided by federal law and this Act.

Amount of Distribution

Sec. 3. An eligible county is entitled to receive from the fund all of the money paid to the state and deposited in the fund from all sales, bonuses, royalties, and rentals received from federal public land located in that county.

Method of Distribution

Sec. 4. (a) Not later than the 10th day after the day it receives a payment from the comptroller, a county shall distribute the payment in accordance with this section.

(b) Of the comptroller's payment to the county:

(1) 50 percent of the payment is available for distribution to the independent school districts located in whole or part in the county with each school district receiving a proportionate share in accordance with Subsection (c) of this section;

(2) 15 percent of the payment is available for distribution to the incorporated cities located in whole or part in the county with each city receiving a proportionate share in accordance with Subsection (d) of this section; and

(3) 35 percent of the payment is available for retention by the county.

(c) The proportionate share of an independent school district located in whole or part in the county is determined by multiplying the total amount of the payment available for the county's distribution to independent school districts by the ratio that the average daily attendance for students who reside in the county and who attend that school district bears to the average daily attendance for all students who reside in the county and who attend any independent school district. However, if there are fewer than 10 independent school districts located in whole or part in the county and if an independent school district would receive under this formula less than 10 percent of the total payment available for distribution to independent school districts, the school district's share shall be increased to 10 percent of the total payment and the shares of the school districts that would receive more than 10 percent under the formula shall be reduced proportionately, but not to an amount less than 10 percent of the total payment. Each independent school district shall develop a reasonable method for determining the average daily attendance for students who reside in the county and who attend the school district.

(d) The proportionate share of a city located in whole or part in the county is determined by multiplying the total payment available for the county's distribution to cities by the ratio that the number of residents of that city who live in the county bears to the total number of residents of all cities who live in the county. The number of residents shall be determined according to the most recent federal census.

Purposes for Which Money May be Spent

Sec. 5. The money from the fund may be used only for:

This article shall not apply to warrants drawn on the Special Game Fund nor on funds collected for and appropriated to the State Highway Department nor to any special fund

Art. 4413d-2. Coordinating Relationships Between Local Governmental Units and Federal Agencies

Declaration of Public Policy

Sec. 1. The Legislature finds that the federal government has established and continues to establish grant programs of direct assistance to cities, counties, school districts, hospital districts and other political subdivisions of the state and political subdivisions of the county, and that, due to the large number of such local governmental agencies in this state and that the lack of coincidence of service needs and taxing power within such local jurisdictions, it is frequently difficult for local government to marshal the technical and financial resources needed to meet the needs of its residents. For the state to assume its proper responsibility and leadership in meeting the needs of its residents, the declared policy of the state is to render technical assistance and to assume responsibility for coordinating relationships between local governmental units governed by this Act and federal agencies with regard to such programs.

Duty of Governor to Coordinate Actions of Political Subdivisions; Rules and Regulations

Sec. 2. Except where a single state agency is otherwise designated or established pursuant to any other law of this state, it shall be the duty of the Governor of the State of Texas or any state agency designated by the governor for such purpose to coordinate the actions of any city, county, school district, hospital district or any other political subdivision of the state or political subdivision of the county participating in any grant program established pursuant to an Act of Congress or administrative ruling pursuant thereto. Such coordination shall be established under such rules and regulations as the governor or the state agency designated for such purpose shall promulgate. Such rules and regulations shall be approved by the Attorney General of Texas and filed with the secretary of state.

Requesting Governor or State Agency to Stand in Place of Political Subdivision; Revocation of Request

Sec. 3. Any city, county, school district, hospital district or other political subdivision of the state or political subdivision of the county may in the discretion of the governing body of such city, county, school district, hospital district or other political subdivision of the state or political subdivision of the county by order or resolution request the governor or the state agency established for such purpose to stand in the place and stead of such city, county, school district, hospital district or political subdivision of the state or political subdivision of the county in any matter pertaining to requests for financial assistance, either grants or loans, as to any agreement or assurance of compliance or requirement in connection therewith and as to any enforcement action relating thereto, which may be designated in such request. The governing body of any city, county, school district, hospital district or other political subdivision of the state or political subdivision of the county which has requested the governor or the state agency designated by the governor for such purpose to stand in its place and stead may by order or resolution revoke such request under any authority delegated thereby to the governor or the state agency established for such purpose.

Applications for Federal Grants Submitted to Governor or State Agency; Approval or Disapproval of Grants Outlined in Request

Sec. 4. Whenever the governing body of any city, county, school district, hospital district or other political subdivision of the state or political subdivision of the county has requested the Governor of the State of Texas or the state agency established for such purpose to stand in the place and stead of such city, county, school district, hospital district or other political subdivision of the state or political subdivision of the county, all applications for federal grants designated by such local governing body shall be submitted to the governor or such agency of the state established for such purpose. The governor or such state agency shall approve or disapprove grants outlined in the request by the local governing body whenever any federal financial assistance, grant, loan or contract which would accrue to such city, county, school district, hospital district or other political subdivision of the state or political subdivision of the county under any existing federal assistance program is withheld from any such local governmental unit or if payment is deferred because of any action by any agency of the federal government in connection with the federal financial assistance program, the governor or the state agency established for such purpose shall take whatever action in the discretion of the governor or such state agency established for such purpose deems necessary or appropriate to meet the needs of such city, county, school district, hospital district,

or other political subdivision of the state or political subdivision of the county.

The Parks and Wildlife Department is hereby authorized to enter into contracts, agreements or perform these services with departmental personnel, for the eradication of noxious vegetation from the waters of this state. Out of any money appropriated to the Parks and Wildlife Department from the Land and Water Recreation and Safety Fund No. 63, for the fiscal biennium ending August 31, 1969, and ensuing bienniums, the Department may expend the sum of \$200,000, or so much of this amount as may be needed to carry out the purposes of this Act.

Not less than one-third of the members of the board must be members of the general public. For the purposes of this section, a person is a member of the general public if the person is qualified under Section 3 of this Act to serve as a public member on the Commission.

One member must be a person who is licensed under the provisions of this Act. Each licensed member must have been licensed for the five consecutive years preceding his appointment. Any member chosen by the

(e) A member or employee of the Commission may not be an officer, employee, or paid consultant of a trade association in the law enforcement industry. For the purposes of this section, "trade associations in the law enforcement industry" does not include associations whose purpose and membership is solely for the benefit of law enforcement officers themselves.

(f) A person who is required to register as a lobbyist under Chapter 422, Acts of the 63rd Legislature, Regular Session, 1973, as amended (Article 6252-9c, Vernon's Texas Civil Statutes), by virtue of his activities for compensation in or on behalf of a profession related to the operation of the Commission may not serve as a member of the Commission or act as the general counsel to the Commission.

(a) A peace officer serving under a permanent appointment prior to September 1, 1970, is not required to meet a requirement under Subsection (b) of this section as a condition of tenure, continued employment, or promotion unless the officer seeks a new appointment on or after September 1, 1984.

(b) Except as provided by Subsection (a) of this Section, a person who has not satisfactorily completed preparatory training in law enforcement at a school that is operated by or approved by the Commission is eligible to be appointed as a peace officer or reserve law enforcement officer only on a probationary basis. A probationary peace officer or a probationary reserve law enforcement officer who fails to complete the required training within the probationary period must be removed from office and may not be reappointed on a probationary basis. The probationary period expires 12 months after the date of the original appointment except that:

(2) if a probationary peace officer is employed in a regional planning commission area in which no approved course is offered during the one-year period, the probationary period is extended until the date the first course in that area is offered and, if the peace officer enrolls in and attends the course, until the date on which the peace officer completes or ceases to attend the course.

(c) No person who does not have a license issued by the Commission shall be appointed as a peace officer, jailer or guard of a county jail, or reserve law enforcement officer. (f) Nothing herein shall be construed to preclude an employing agency from establishing qualifications and standards for hiring or training peace officers, jailers or guards of county jails, or reserve

law enforcement officers which exceed the minimum standards set by the Commission nor shall anything herein be construed to affect any sheriff, constable or other law enforcement officer elected under the provisions of the Constitution of the State of Texas.

(g) Any peace officer already serving under permanent appointment prior to September 1, 1970, and any sheriff, constable, or other law enforcement officer elected to office under the provisions of the Constitution of the State of Texas, shall be eligible to attend peace officer training courses subject to the rules and regulations established by the Commission.

(j) The Commission shall maintain records submitted in accordance with Sections 6(c) and 7A(c) of this Act as evidence of qualifications for employment of peace officers or of jailers or guards of a county jail, including records that relate to age, education, physical standards, citizenship, good moral character, experience, and other matters relating to competence and reliability, and the Commission shall maintain records of a psychologist's or physician's declaration of psychological and emotional health of a peace officer or of a jailer or guard of a county jail. If the Commission has on record evidence of fulfillment of employment or appointment qualifications of a peace officer or of a jailer or guard of a county jail, the peace officer, jailer, or guard may not be required to submit duplicate records of qualifications if the peace officer, jailer, or guard is employed or appointed by another law enforcement agency as a peace officer or a jailer or guard of a county jail.

(k) After submitting the proper application, a peace officer, reserve law enforcement officer, or a jailer or guard of a county jail who has completed the required training, received a passing grade on the examination required by Section 6B of this Act, is declared to be in satisfactory psychological and emotional health as required by Section 7A of this Act, has demonstrated weapons proficiency if required to by Section 7(c) of this Act, and has acquired the necessary experience for certification shall be certified by the Commission. A certified peace officer, a certified reserve law enforcement officer, or a certified jailer or guard of a county jail may be employed or appointed by a law enforcement agency and the law enforcement agency shall report the employment or appointment to the Commission within 30 days after the date of employ-

ment or appointment. If there is a break in employment of a peace officer, reserve law enforcement officer, or of a jailer or guard of a county jail for a period of 180 days or more, the appointing law enforcement agency shall also include with its report a new criminal history record check, a new declaration of psychological and emotional health, and two completed fingerprint cards.

(b) The Commission shall keep an information file about each complaint filed with the Commission relating to a licensee.

(c) If a written complaint is filed with the Commission relating to a licensee, the Commission, at least as frequently as quarterly and until final disposition of the complaint, shall notify the parties to the complaint of the status of the complaint unless the notice would jeopardize an undercover investigation.

(d) If the Commission proposes to suspend or revoke a person's license, the person is entitled to a hearing before the board.

(e) Proceedings for the suspension or revocation of a license are governed by the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes).

(b) The Commission shall prescribe the content of an examination for a peace officer's license, for a reserve law enforcement officer's license, and for a jailer's or guard's license and shall include in each examination a written examination that tests the knowledge of the applicant about the occupation for which he is seeking a license.

(c) The Commission shall determine the standards for acceptable performance on the examination.

(d) Not later than the 30th day after the day on which a licensing examination is administered under this Act, the Commission shall notify each examinee of the results of the examination. If the notice of the examination results will be delayed for longer than 90 days after the examination date, the Commission shall notify the examinee of the reason for the delay before the 90th day.

(e) If requested in writing by a person who fails the licensing examination administered under this Act, the Commission shall furnish the person with an analysis of the person's performance on the examination.

A jailer or guard of a county jail who has received a temporary or probationary appointment on or after September 1, 1979, and who fails to satisfactorily complete a basic course in the operation of a county jail, as prescribed by the Commission, within a one-year period from the date of his original appointment, forfeits his position and shall be removed from the position. The temporary or probationary employment may not be extended beyond one year by renewal of appointment or otherwise, except that after the lapse of one year from the date of the person's forfeiture and removal, the sheriff may petition the Commission for reinstatement of the person to temporary or probationary employment.

Powers and Duties of Municipal or County Governments

Sec. 8. Except as expressly provided in this Act, nothing herein contained shall be deemed to limit the powers, rights, duties and responsibilities of municipal or county governments, nor to affect provisions of Article 1269m, Fire and Police Civil Service Acts of the Vernon's Civil Statutes.

(c) For the purposes of this section, a person is convicted of a felony when an adjudication of guilt on a felony offense is entered against the person by a court of competent jurisdiction, whether or not:

Any person called upon to testify or to produce papers upon any matter properly under inquiry by the board, who refuses to so testify or produce papers upon the ground that his testimony or the production of papers would incriminate him or tend to incriminate him, shall nevertheless be required to testify or to produce papers, but when so required under these objections he is not subject to indictment or prosecution for any transaction, matter, or thing concerning which he truthfully testifies or produces evidence.

(c) If a witness refuses to obey a subpoena or to give any evidence relevant to proper inquiry by the board, then the board may petition a district court of the county in which the hearing is held to compel the witness to obey the subpoena or to give the

evidence. The court shall immediately issue process to the witness and shall hold a hearing on the petition as soon as possible. If the witness then refuses, without reasonable cause or legal grounds, to be examined or to give any evidence relevant to proper inquiry by the board, the court shall punish the witness for contempt.

(d) Investigators employed by the board are authorized to take statements under oath in any investigation of a matter covered by this Act.

(e) The board may institute an action in its name against a person to enjoin a violation of this Act or a rule or regulation of the board. For the board to sustain the action, the board does not have to allege or prove that an adequate remedy at law does not exist or that substantial or irreparable damage would result from the continued violation. The board may not be required to give an appeal bond in any cause arising under this Act.

Revocation, Suspension, etc.

Sec. 11B. (a) The board shall revoke or suspend any registration, license, or security officer commission, reprimand any registrant, licensee, or commissioned security officer, or deny an application for a registration, license, or security officer commission, or renewal thereof, or may place on probation a person whose registration, license, or security officer commission has been suspended, on proof:

(1) that the applicant, licensee, commissioned security officer, or registrant has violated any provisions of this Act or of the rules and regulations promulgated under this Act;

(2) that the applicant, licensee, commissioned security officer, or registrant has committed any act resulting in conviction of a felony;

(e) If the board is authorized to suspend a license under this Act, the board may give the licensee the opportunity to pay a civil penalty rather than have the license suspended. The amount of the civil penalty may not be more than \$200 for each day the license was to have been suspended. If the licensee does not pay the penalty before the sixth day after the board notifies him of the amount, he loses the opportunity to pay it and the board shall impose the suspension.

Action on Bonds to Recover Damages

Sec. 41. The bond required by this Act shall be made payable to the State of Texas, and anyone so injured by the principal, its servants, officers, agents and employees, shall have the right and be permitted to sue directly upon this obligation in their own names, and this obligation shall be subject to successive suits for recovery until complete exhaustion of the face amount hereof.

Suspension for Failure to File Surety Bond or Insurance

Sec. 42. (a) Every licensee shall at all times maintain on file with the board the surety bond and certificate of insurance required by this Act in full force and effect and upon failure to do so, the license of such licensee shall be forthwith suspended and shall not be reinstated until an application therefor, in the form prescribed by the board, is filed together with a proper bond, insurance certificate, or both.

(b) The board may deny the application notwithstanding the applicant's compliance with this section:

(1) for any reason which would justify refusal to issue or a suspension or revocation of a license; or

(2) for the performance by applicant of any practice while under suspension for failure to keep his bond or insurance certificate in force, for which a license under this Act is required.

(c) Bonds executed and filed with the board pursuant to this Act shall remain in force and effect until the surety has terminated future liability by a 30-day notice to the board.

(d) Insurance certificates executed and filed with the board pursuant to this Act shall remain in force and effect until the insurer has terminated future liability by a 10-day notice to the board.

Expiration Dates of Licenses; Proration of Fees

Sec. 46. The board by rule may adopt a system under which the expiration date of a license may be changed at renewal time so that a licensee may pay only that portion of the license renewal fee which is allocable to the number of months during which the license is valid. On renewal of the license on the new expiration date, the total license renewal fee is payable.

Activity During Suspension of License

Art. 4413(29cc). Polygraph Examiners Act

Short Title

Sec. 1. This Act shall be known, and may be cited, as the Polygraph Examiners Act.

Sec. 2. It is the purpose of this Act to regulate all persons who purport to be able to detect deception or to verify truth of statements through the use of instrumentation (as lie detectors, polygraphs, deceptographs, and/or similar or related devices and instruments without regard to the nomenclature applied thereto) and this Act shall be liberally construed to regulate all such persons and instruments. No person who purports to be able to detect deception or to verify truth of statements through instrumentation shall be held exempt from the provisions of this Act because of the terminology which

he may use to refer to himself, to his instrument, or to his services.

Sec. 3. In this Act, unless the context requires a different definition,

(1) "board" means the Polygraph Examiners Board;

(2) "secretary" means that member of the Polygraph Examiners Board selected by the board to act as secretary;

(3) "internship" means the study of polygraph examinations and of the administration of polygraph examinations by a trainee under the personal supervision and control of a polygraph examiner in accordance with a course of study prescribed by the board at the commencement of such internship;

Patterns of other physiological changes in addition to (1) and (2) may also be recorded. The use of any instrument or device to detect deception or to verify truth of statements which does not meet these minimum instrumentation requirements is hereby prohibited and the operation or use of such equipment shall be subject to penalties and may be enjoined in the manner hereinafter provided.

Creation of the Board

Sec. 5. (a) There is hereby established a Polygraph Examiners Board consisting of six members who shall be citizens of the United States and residents of the state for at least two years prior to appointment. Four members shall each have been engaged for a period of five consecutive years as a polygraph examiner prior to appointment to the board, and at the time of appointment as an active polygraph examiner. Two members must be representatives of the general public. A person is eligible for appointment as a public member if the person and the person's spouse are not licensed by an occupational regulatory agency in the field of polygraph examining, are not employed by and do not participate in the management of an agency or business entity related to the field of polygraph examining, and do not have, other than as consumers, a financial interest in a business entity related to the field of polygraph examining. No two board members may be employed by the same person or

agency. Two of the members who are polygraph examiners must be qualified examiners of a governmental law enforcement agency, one of which shall be the supervisor of the polygraph section of the Department of Public Safety, and two of the members who are polygraph examiners must be qualified polygraph examiners in the commercial field. The members shall be appointed by the Governor of the State of Texas with the advice and consent of the Senate for a term of six years. Any vacancy in an unexpired term shall be filled by appointment of the Governor with the advice and consent of the Senate for the unexpired term. Appointments shall be made without regard to the race, creed, sex, religion, or national origin of the appointees.

(b) The board shall contract with the Department of Public Safety for the administrative functions of the board including the collection of all fees and money due and the payment of all expenses, including travel expenses of board members. A member may not receive any compensation for travel expenses, including expenses for meals and lodging other than transportation expenses. A member is entitled to compensation for transportation expenses as prescribed by the General Appropriations Act.

(c) The board shall meet within 30 days after the effective date of this Act and elect a chairman, vice-chairman, and secretary from among its members. At the meeting, the board shall specify dates spaced at three month intervals on which examinations for polygraph examiners' licenses will be held. A copy of those dates shall forthwith be delivered to the secretary.

(d) The vote of a majority of the board members is sufficient for passage of any business or proposal which comes before the board.

(e) The Polygraph Examiners Board is subject to the Texas Sunset Act, as amended (Article 5429k, Vernon's Texas Civil Statutes); and unless continued in existence as provided by that Act the board is abolished, and this Act expires effective September 1, 1993.

(f) A member or employee of the board may not be an officer, employee, or paid consultant of a trade association in the polygraph examining field. A member or employee of the board may not be related within the second degree by affinity or consanguinity to a person who is an officer, employee, or paid consultant of a trade association in the regulated industry.

(h) It is a ground for removal from the board if a member:

(1) does not have at the time of appointment the qualifications required by Subsection (a) of this section for appointment to the board;

(2) does not maintain during his service on the board the qualifications required by Subsection (a) of this section for appointment to the board;

(3) violates a prohibition prescribed by Subsection (f) or (g) of this section; or

(4) fails to attend at least half of the regularly scheduled board meetings held in a calendar year, excluding meetings held while the person was not a board member.

(i) If a ground for removal of a member from the board exists, the board's actions taken during the existence of the ground for removal are not invalid for that reason.

(j) The board is subject to the open meetings law, Chapter 271, Acts of the 60th Legislature, Regular Session, 1967, as amended (Article 6252-17, Vernon's Texas Civil Statutes), and the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes).

(k) The board may recognize, prepare, or implement continuing education programs for polygraph examiners and trainees. Participation in the programs is voluntary.

Administration and Expenses

Sec. 6. (a) The board shall issue regulations consistent with the provisions of this Act for the administration and enforcement of this Act and shall prescribe forms which shall be issued in connection therewith. The board may not adopt rules restricting competitive bidding or advertising by a licensee of the board except to prohibit false, misleading, or deceptive practices by the licensee. The board may not include in its rules to prohibit false, misleading, or deceptive practices by a licensee a rule that:

(1) restricts the licensee's use of any medium for advertising;

(2) restricts the licensee's personal appearance or use of his voice in an advertisement;

(3) relates to the size or duration of an advertisement by the licensee; or

(4) restricts the licensee's advertisement under a trade name.

(b) An order or a certified copy thereof, over the board seal and purporting to be signed by the board members, shall be prima facie proof that the signatures are the genuine signatures of the board members, and that the board members are fully qualified to act.

(c) All fees collected under the provisions of this Act shall be paid to the Treasurer of the State of Texas. Funds necessary for the enforcement of this Act and the administration of its provisions

shall be appropriated by the Legislature, but the funds so appropriated for a biennium shall not exceed the total amount of the fees which it is anticipated will be collected hereunder during such biennium.

(d) During each fiscal biennium, the state auditor shall audit the financial transactions of the Department of Public Safety that relate to the administration of this Act.

(e) On or before January 1 of each year, the Department of Public Safety shall make in writing to the governor and the presiding officer of each house of the legislature a complete and detailed report accounting for all funds received and disbursed by the department under this Act during the preceding year.

(f) If the appropriate standing committees of both houses of the legislature acting under Subsection (g), Section 5, Administrative Procedure and Texas Register Act, as added (Article 6252-13a, Vernon's Texas Civil Statutes), transmit to the board statements opposing adoption of a rule under that section, the rule may not take effect, or if the rule has already taken effect, the rule is repealed effective on the date the board receives the committees' statements.

Unauthorized Practice

Sec. 7. It shall be unlawful for any person, including a city, county or state employee, to administer polygraph or other examinations utilizing instrumentation for the purpose of detecting deception or verifying truth of statements or to attempt to hold himself out as a polygraph examiner or to refer to himself by any other title which would indicate or which is intended to indicate or calculated to mislead members of the public into believing that he is qualified to apply instrumentation to detect deception or to verify truth of statements without first securing a license as herein provided.

Examiner's License Qualifications

Sec. 8. (a) A person is qualified to receive a license as an examiner

(1) who has not been convicted of a felony or a misdemeanor involving moral turpitude; and

(3) who is a graduate of a polygraph examiners course approved by the board and has satisfactorily completed not less than six months of internship training, provided that if the applicant is not a graduate of an approved polygraph examiners course, satisfactory completion of not less than 12

(4) who has passed an examination conducted by the board, or under its supervision, to determine his competency to obtain a license to practice as an examiner.

(b) Prior to the issuance of a license, the applicant must furnish to the board evidence of a surety bond or insurance policy. Said surety bond or insurance policy shall be in the sum of \$5,000.00 and shall be conditioned that the obligor therein will pay to the extent of the face amount of such surety bond or insurance policy all judgments which may be recovered against the licensee by reason of any wrongful or illegal acts committed by him in the course of his examinations.

(c) The board by rule shall establish the criteria by which it determines whether an applicant complies with the active investigative experience requirement established by Subdivision (2) of Subsection (a) of this section.

Acquisition of License by Present Examiners

Sec. 9. On the effective date of this Act, any person who held a license issued by the board established or attempted to be established by Chapter 441, Acts of the 59th Legislature, Regular Session, 1965, and whose license was in effect on the date on which said Act was held invalid, shall be automatically licensed hereunder until such date as his license under the Act aforesaid has expired and thereafter may renew his license on payment of the fee herein provided. The applicant must also satisfy the provisions of Subsection (b) of Section 8 of this Act.

Applications for Original License

Sec. 10. Applications for original licenses shall be made to the secretary of the board in writing under oath on forms prescribed by the board and shall be accompanied by the required fee, which is not refundable. Any such application shall require such information as in the judgment of the board will enable it to pass on the qualifications of the applicant for a license.

Non-Resident Applicants

Sec. 11. (a) Each non-resident applicant for an original license or a renewal license shall file with the board an irrevocable consent that actions against said applicant may be filed in any appropriate court of any county or municipality of this state in which the plaintiff resides or in which some part of the transaction occurred out of which the alleged cause of action arose and that process on any such action may be served on the applicant by leaving two copies thereof with the secretary. Such consent shall stipulate and agree that such service or process shall be taken and held to be valid and binding for all purposes. The secretary of the board shall send forthwith one copy of the process

to the applicant at the address shown on the records of the board by registered or certified mail.

(b) Non-resident applicants must satisfy the requirements of Section 8 of this Act.

Applicant With Out-of-State License

Sec. 12. The board may waive any license requirement for an applicant with a valid license from another state having license requirements substantially equivalent to those of this state.

The application shall contain such information as may be required by the board.

(b) An internship license shall be valid for the term of 12 months from the date of issue. Such license may be extended or renewed for any term not to exceed 6 months upon good cause shown to the board.

(c) A trainee shall not be entitled to hold an internship license after the expiration of the original 12 month period and 6 month extension, if such extension is granted by the board, until 12 months after the date of expiration of the last internship license held by said trainee.

Sec. 13A. (a) Within 30 days after the date a license examination is administered under this Act, the board shall notify each examinee of the results of the examination. However, if an examination is graded or reviewed by a national testing service, the board shall notify each examinee of the results of the examination within two weeks after the date the board receives the results from the testing service. If it is foreseeable that the notice of the examination results will be delayed for more than 90 days after the examination date, the board shall notify each examinee of the reason for the delay before the 90th day.

(b) If requested in writing by a person who fails a license examination administered under this Act, the board shall furnish the person with an analysis of the person's performance on the examination.

Change of Business Address

Sec. 16. Notice in writing shall be given to the secretary by the licensed examiner of any change of principal business location within 30 days of the time he changes the location. A change of business location without notification to the secretary shall automatically suspend the license theretofore issued.

Termination and Renewal of Examiner's License

Sec. 17. (a) Each polygraph examiner's license shall be issued for the term of one year and shall, unless suspended or revoked, be renewed annually.

(b) A person may renew his unexpired license by paying to the board before the expiration date of the license the required renewal fee.

(c) If a person's license has been expired for not more than 90 days, the person may renew the license by paying to the board the required renewal fee and a fee that is one-half of the examination fee for the license.

Expiration Dates of Licenses; Proration of Fees

Sec. 17A. The board by rule may adopt a system under which licenses expire on various dates during the year. For the year in which the expiration date is changed, license fees payable on the date in effect at the time the rule is adopted shall be prorated on a monthly basis so that each licensee shall pay only that portion of the license fee which is allocable to the number of months during which the license is valid. On renewal of the license on the new expiration date, the total license renewal fee is payable.

License Required to Maintain Suit

Sec. 18. No action or counterclaim shall be maintained by any person in any court in this state with respect to any agreement or service for which a license is required by this Act, or to recover the agreed price or any compensation under such agreement, or for such services for which a license is required by this Act without alleging and proving that such person had a valid license at the time of making such agreement or performing such services.

Violation by One Examiner or Trainee Not To Affect Employer

Sec. 20. Any unlawful act or violation of any of the provisions of this Act on the part of any polygraph examiner or trainee shall not be cause for revocation of the license of any other polygraph examiner for whom the offending examiner or trainee may have been employed, unless it shall appear to the satisfaction of the board that the polygraph examiner-employer has willfully or negligently aided or abetted the illegal actions or activities of the offending polygraph examiner or trainee.

Judicial review of an action of the board shall be conducted under the substantial evidence rule.

Sec. 24. Upon the revocation or suspension of any license, the licensee shall forthwith surrender the license or licenses to the secretary; failure of a licensee to do so shall be a violation of this Act and upon conviction, shall be subject to the penalties hereinafter set forth. Sec. 24A. Emergency Clause

Sec. 30. The fact that Acts, 1965, 59th Leg., R.S., Ch. 441, p. 888, has been held by the Texas Supreme Court to be invalid solely because of a defect in the caption to the bill and that this state will have no law licensing and regulating the use of lie detection or polygraph examination techniques and instruments by reason of said decision, and that untrained and unlicensed examiners, and examiners using inadequate techniques and equipment cause great harm to the general public, creates an emergency and an imperative public necessity that the Constitutional Rule requiring bills to be read on three separate days in each House be suspended, and this Rule is hereby suspended; and that this Act take effect and be in force from and after its passage, and it is so enacted.

Acts 1965, 59th Leg., p. 888, ch. 441 enacted a Polygraph Examiners Act, classified as art. 2615f-2. Said Act was held unconstitutional by *Fletcher v. State* (Sup. 1969) 439 S.W.2d 656, on ground of insufficiency of the title of the Act under Const. Art. 3, § 35.

Acts 1969, 61st Leg., p. 2504, ch. 839 was editorially classified as art. 2615f-3 and subsequently re-classified as this article.

Sections 5 and 6 of the 1981 amendatory act provides:

"Sec. 5. A rule adopted by the Polygraph Examiners Board before September 1, 1981, that conflicts with the Polygraph Examiners Act, as amended (Article 4413(29cc), Vernon's Texas Civil Statutes), as amended by this Act, is void. Within 90 days after September 1, 1981, the board shall repeal the rule.

"Sec. 6. (a) A person holding office as a member of the Polygraph Examiners Board on the effective date of this Act continues to hold the office for the term for which the member was originally appointed.

"(b) The governor shall appoint two public members to fill the offices of the incumbent members who are not polygraph examiners in the commercial field and whose terms expire June 18, 1983, and June 18, 1985."

Art. 4413(29dd). Fingerprinting by Law Enforcement Agencies Upon Request

Sec. 6. Nothing in this Act shall be construed to apply to the position of private secretary or deputy of any official or department or to any person holding a strictly confidential relation to the appointing or employing officer.

Art. 4413(32). Interagency Cooperation Act

Short Title

Sec. 1. This Act may be referred to as "The Interagency Cooperation Act."

Agency Defined

Sec. 2. When used in this Act the word "agency" includes department, board, bureau, commission, court, office, authority, council, institution, university, college, and any service or part of a State institution of higher education.

**Authority to Contract to Furnish Services;
Reimbursement of Cost**

Sec. 3. Any state agency may enter into and perform a written agreement or contract with other agencies of the state for furnishing necessary and authorized special or technical services, including the services of employees, the services of materials, or the services of equipment. The actual cost of rendering the services, or the nearest estimate of the cost that is practicable, shall be reimbursed, except in case of service rendered in the fields of national defense or disaster relief, or in cooperative efforts, proposed by the Governor, to promote the economic development of the state. Provided, however, nothing herein shall authorize any agency to construct any highway, street, road, or other building or structure for any other agency, except as otherwise specifically authorized by existing law, and, except as to the right of the Texas Highway Department to enter into interagency agreements with any state college or university or public junior

colleges providing for the maintenance, improvement, relocation or extension of existing on-campus streets, parking lots and access-ways. Provided, however, no agency shall supply any services, supplies, or materials to another agency which are required by Section 21 of Article 16 of the Constitution of Texas to be supplied under contract given to the lowest responsible bidder.

Written Agreement or Contract

Sec. 4. Before any services may be rendered or received, a written agreement or contract shall be entered into, specifying the kinds and amounts of services to be rendered, the bases for calculating reimbursable costs, and the maximum amount of the costs during the time period covered by the agreement. In emergency situations for the defense or safety of the civil population, or in planning and preparation therefor, or in cooperative efforts, proposed by the Governor, for the economic development of the State, or where the amount involved is less than Three Hundred and Fifty Dollars (\$350), no written contract or advance approval by the Board of Control is required. To be valid, the written agreement or contract must have the advance approval of the administrator of the State agencies which are parties thereto, and of the Board of Control.

Restrictions on Contracts; Review by Board of Control

Sec. 5. No agreement or contract may be entered into or performed which will require or permit an agency of the State to exceed its constitutional or statutory duties and responsibilities, or the limitations of its appropriated funds. In reviewing proposed agreements or contracts of the character described in this Act, the Board of Control is authorized and directed to consider the following factors, which shall not be construed to be exclusive:

(a) Whether the services specified are necessary and essential for activities and work that are properly within the statutory functions and programs of the affected agencies of the State Government;

(b) Whether the proposed arrangements serve the interests of efficient and economical administration of the State Government; and

(c) Whether the specified bases for reimbursing actual costs are fair, equitable, and realistic and in conformity with the limitations of funds prescribed in the current appropriations act or other applicable statutes.

Payments

Sec. 6. Payments for such services by a receiving agency shall be made from the appropriation items or accounts of the receiving agency from which like expenditures would normally be made, based upon vouchers drawn for this purpose by the receiving agency payable to the furnishing agency. Payments received by the State agency performing the services shall be credited to that State agency's

current appropriation items or accounts from which the expenditures of that character were originally made. Payments for intraagency transactions shall be handled in the same manner as interagency transactions or by interdivisional transfer of funds on the records of the agency concerned, subject to the applicable provisions of the biennial appropriations act.

Summary Included in Board's Annual Report

Sec. 7. A summary of all such agreements or contracts entered into during any fiscal year by State departments or agencies and aggregating over One Hundred Dollars (\$100), including descriptions of the purposes of the agreements or contracts, names of the State agencies involved, time period covered, and amounts of reimbursement, shall be included in the Board of Control's annual report.

Sec. 2. The Governor is hereby designated the Chief Planning Officer of the State.

Sec. 3. The Governor shall appoint Interagency Planning Councils to coordinate joint planning efforts in the various functional areas of government, and each Council shall be composed of a member of the Governor's Office and the Administrative heads of the several State agencies and departments and institutions of higher education represented on the respective Councils. (7) to administer the funds provided by this Act in such a manner as to ensure that grants received under this section do not supplant state or local funds;

(8) to establish procedures and policies that require that the costs of programs and projects funded to local general purpose units of government be assumed over a period of five years out of local revenues;

(9) to monitor and evaluate programs and projects funded under this section, to cooperate with and render technical assistance to state agencies and local governments seeking to reduce crime or enhance the performance and operation of the criminal justice system, and to collect from any state or

Art. 4413(32d). Cultural Basin Act of 1973**Short Title**

Sec. 1. This Act may be cited as the Cultural Basin Act of 1973.

Findings

Sec. 2. (a) The Legislature of the State of Texas finds that there is an immediate state interest in an efficient and comprehensive system of local, regional, basinwide, and statewide planning, goal-setting, and decision-making processes.

(b) The legislature finds that the problems and opportunities of the state are not accurately reflected by statewide averages. The diversity of the state and its people, their general well-being, and their quality of life varies tremendously.

(c) The legislature finds a need to form an alliance among local citizens and representatives of federal, state, and local government to focus energies, expertise, and funds into an effective mechanism for solving problems and developing opportunities with the appropriate discretion to meet the diverse needs of all the residents of Texas.

(d) The legislature finds that the efforts by local, state, and federal governments remain fragmented and that current efforts must be orchestrated and redirected to insure that the goals and priority-setting processes are attuned to the needs of local entities and residents of the state.

Statement of Purpose

Sec. 3. It is the purpose of this Act to improve the quality of life for the residents of Texas by stimulating orderly economic and socially desirable development and conservation and utilization of the

state's human and natural resources. The administrative structure provided by this Act is a partnership of local citizens, local governments, state agencies, and federal agencies and creates a vehicle of change broad enough to plan and operate interagency and intergovernmental programs and flexible enough to respond to locally determined needs.

Designation of Cultural Basins

Sec. 4. (a) The Governor of Texas is instructed to designate appropriate cultural basins within the State of Texas where

(1) there is a commonality within a geographic area, culturally, historically, and economically;

(2) areas within a county or counties within the proposed area are contiguous; and

(3) grouping of state planning regions can be utilized as building blocks for the formation of such cultural basins.

(b) The governor shall designate at least four cultural basins; however, no more than seven shall be designated to insure economies of scale. Each of three major metropolitan areas should be in separate commissions.

Formation of Commissions

Sec. 5. A commission shall be appointed in each cultural basin that is designated by the governor. Each commission shall hold quarterly meetings. Additional meetings may be called by a majority of its members or by the chairman at any time.

Membership of Commissions

Sec. 6. The membership of each cultural basin commission shall be appointed by the governor for a term of two years. Cultural basin commission membership shall consist of five local citizens, the chairman or president of each regional council of government within the particular cultural basin, six state agency heads who shall coordinate activities of the commission with all agencies of state government, and representatives of five federal agencies who shall coordinate activities of the commission with all agencies of the federal government.

Functions of the Commission

Sec. 7. (a) In carrying out the purposes of this Act, each cultural basin commission shall have the following functions with respect to its cultural basin:

(1) to foster surveys and studies to provide data required for the preparation of specific plans and programs for the development of such cultural basins;

(2) to advise and assist the governor in the coordination of regional councils of governments, in order to promote maximum benefits from the expenditure of federal, state, and local funds;

(3) to promote increased private investment in such cultural basins;

(4) to prepare legislative and other recommendations with respect to both short-range and long-range programs and projects;

(5) to develop, on a continuing basis, comprehensive and coordinated plans and programs and establish priorities thereunder, giving due consideration to other federal, state, regional, and local planning in the cultural basin;

(6) to conduct and sponsor investigations, research, and studies including an inventory and analysis of the resources of the cultural basin, and in cooperation with federal, state, regional, and local agencies, sponsor demonstration projects designed to foster cultural basin productivity and growth;

(7) to review and study, in cooperation with the agency involved, federal, state, regional, and local public and private programs and, where appropriate, recommend modifications or additions which will increase their effectiveness in the cultural basin;

(8) to formulate and recommend interstate compacts and other forms of interstate cooperation;

(9) to formulate and recommend international agreements between the United States and Mexico where such agreements have significant impact on the economy or delivery of services to the people of Texas;

(10) to provide a forum for consideration of problems of the cultural basins and proposed solutions and establish and utilize, as appropriate, citizens and special advisory councils and public conferences.

(b) The governor as the commission's chairman shall present such plans and proposals of the commission for review by state agencies primarily interested in such plans and proposals and then, together with the recommendations of such agencies, make selected recommendations to the legislature for such actions as he may deem desirable.

(c) The governor as the commission's chairman shall provide effective and continuing liaison between the federal government, state agencies, and all cultural basin commissions.

(d) Each state agency shall, consonant with law and within the limits of available funds, cooperate with such commissions as may be established in order to assist them in carrying out their functions under this section.

(e) Each commission may, from time to time, make additional recommendations to the legislature and to appropriate local officials, with respect to:

(1) the expenditure of funds by federal, state, and local departments and agencies in its cultural basin in the fields of natural resources, agriculture, education, training, health and welfare, transportation,

recreation, public works, and other fields related to the purposes of this Act; and

(2) such additional state legislation or administrative actions as the commission deems necessary to further the purpose of this Act.

(f) Nothing in this Act shall be construed to give any cultural basin the power of approval or disapproval of funding to any county, city or regional council of government organization.

Functions of Commission Members

Sec. 8. (a) In addition to the functions of the commission as stated in Section 7 of this Act, the commission members shall perform the following duties:

(1) Local officials and citizens are charged with the responsibility of establishing local goals and priorities, basinwide goals and priorities, and making management and policy decisions.

(2) Regional councils of government chairmen and presidents shall coordinate the efforts, programs, goals, and projects of regional councils of governments with those of the cultural basin commission and make management and policy decisions.

(3) State and federal agency representatives are charged with the responsibility of designing programs and allocating funds necessary to implement the goals set by the cultural basin commission. State and federal agencies shall coordinate existing programs and design new state and federal programs through direct contact and communications between local, regional, state, and federal agency representatives on cultural basin commissions.

(b) Whenever possible, existing groups, such as those proposed by The Texas Industrial Commission-Texas Office of Economic Opportunity Selective Economic Development Plan or the local human resources councils shall be used in local goal-setting. Information, studies, and proposed solutions to problems from citizen commissions, such as the Rural Development Commission, shall be utilized.

Technical and Planning Assistance

Sec. 9. The governor is instructed to provide to the several commissions technical assistance and staff support to aid the commissions in carrying out their functions under this Act and to develop recommendations and programs. Such assistance shall include studies and plans evaluating the needs of, and developing potentialities for, economic growth of such cultural basins, and research on improving the conservation and utilization of the human and natural resources of the cultural basins. Such assistance may be provided by the governor through members of his staff, through the payment of funds authorized for this section to other departments or agencies of state government, through the employment of private individuals, partnerships, firms, corporations, or suitable institutions and contracts en-

tered into for such purposes, or through grants to the commission.

Administrative Allocation

Sec. 10. (a) For budgetary purposes, cultural basin commissions shall be attached to and considered part of the governor's office, with necessary expenses of operations to be financed by line-item appropriations made by the legislature to the governor's office for that purpose.

(b) The members of the commission are entitled to receive their actual travel and other necessary expenses in the performance of their duties when not reimbursed from other sources.

(c) The commission may accept gifts and grants of money from any individual, group, association, corporation, or the federal government. Such funds received shall be deposited in the state treasury to be released as appropriated by the legislature in accordance with the specific purpose for which given and under conditions that may be imposed by the donor and in accordance with the annual report or other recommendations of cultural basin commissions.

Development Grant

Sec. 11. (a) The legislature shall appropriate a development grant fund. Upon receipt of the cultural basin commission's report as stated in Subsection (b) of Section 7, the legislature may release appropriate development grant funds in block grant form to be used by the particular cultural basin commission in accordance with its annual report, containing recommendations to the legislature for the development of projects, programs, and studies.

(b) In developing recommendations for programs and projects for cultural basins, and in establishing within those recommendations funding and other appropriate actions and a priority ranking for such programs and projects, the governor shall encourage each commission and reviewing state agency to follow procedures that will insure consideration of the following factors:

- (1) the relationship of the project or projects to overall cultural basin development including its location in an area determined to have a significant potential for growth;
- (2) the population and area to be served by the project or projects including the relative per capita income and the unemployment rates in the area;
- (3) the relative financial resources available to the state or political subdivision or instrumentalities thereof which seek to undertake the project;
- (4) the importance of the project or projects in relation to other projects or classes of projects which may be in competition for the same funds;
- (5) the prospects that the project, on a continuing rather than a temporary basis, will improve the opportunities for employment, the average level of

income, or the economic and social development of the area served by the project; and

- (6) possible environmental impact.

A Pilot Project

Sec. 12. The Greater South Texas Cultural Basin shall be designated by the governor as the first cultural basin. The experience of the Greater South Texas Cultural Basin Commission shall aid in the formulation and development of additional cultural basin commissions statewide.

Annual Report

Sec. 13. On or before December 1 of each year, each cultural basin commission shall make in writing a complete and detailed report of its activities and recommendations, consistent with Subsection (b) of Section 7 and Subsections (a) and (b) of Section 11, to the governor and to the presiding officer of each house of the legislature.

Severability Clause

If any provision of this Act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable.

Sec. 8. Except as expressly provided in this Act, nothing herein contained shall be deemed to limit the powers, rights, duties, and responsibilities of municipal or county governments, nor to affect provisions of Chapter 325, Acts of the 50th Legislature, 1947 (Article 1269m, Vernon's Texas Civil Statutes), Firemen's and Policemen's Civil Service Act.

"Protective clothing" means garments, including turnout coats, bunker coats, boots, gloves, trousers, and helmets, worn by fire fighters in the course of performing fire-fighting operations. An agency complies with the requirements of this section by:

(1) providing and maintaining the prescribed protective clothing; or

(2) providing an allowance to fire protection personnel to cover the purchase and maintenance of the prescribed protective clothing and by requiring each employee to maintain the clothing to meet the prescribed standards.

(b) Effective January 1, 1982, every self-contained breathing apparatus purchased by a state, county, or municipal agency must comply with the minimum approval and certification requirements of the National Institute For Occupational Safety and Health (or its successor) with respect to self-contained breathing apparatus for use by fire fighters.

(c) Effective January 1, 1982, every state, county, or municipal agency shall provide for complete tests of all self-contained breathing apparatus utilized in such agency in conformance with testing procedures recommended by the National Institute For Occupational Safety and Health or American National Standards Institute, Inc. The tests required under this section shall be performed on each self-contained breathing apparatus at least once each 30 days.

(d) If the National Fire Protection Association or its successor revises a standard for an item of protective clothing and an agency covered by this section has furnished protective clothing that com-

plies with the original standard, the revised standard applies only to protective clothing contracted for on or after the effective date of the revised standard.

(e) The commission shall enforce the requirements of this section.

(f) Protective clothing in use or contracted for before the effective date of the revised standard may continue to be used unless the commission determines that continued use constitutes an undue risk to the wearer. If the commission makes that determination, the commission shall order that use of the clothing be discontinued and shall set an appropriate date for full compliance with the revised standard.

(g) Notwithstanding Subsections (a) and (d) of this section, if the commission determines that protective clothing containing cotton provides substantially equal protection, the commission shall permit the state, county, and municipal agencies to use cotton protective clothing that the commission has determined to be acceptable instead of the protective clothing prescribed by the National Fire Protection Association.

Funds

Sec. 9. The Legislature of the State of Texas shall appropriate the necessary funds for the purpose of carrying out the provisions of this Act.

Appeal from Action of Commission; Procedure

Enforcement; Contracts; Instruments

Sec. 3.05. The Commission shall conduct investigations and, if appropriate, shall cause legal proceedings to be instituted to enforce this Act and its rules, orders, and decisions, whenever the Commission has reason to believe, through receipt of a complaint or otherwise, that a violation of this Act or a Commission rule, order, or decision has occurred or is likely to occur. Should it appear from any investigation of a possible violation of any other law or regulation that a violation of this Act may have occurred, the matter shall be referred to the Commission to determine whether proceedings under this Act are also appropriate. The Commission may make contracts and execute instruments necessary or convenient to the exercise of its power or performance of its duties.

Complaint Status

Sec. 3.06. The Commission shall keep an information file about each complaint filed with the Commission. If a written complaint is filed with the Commission relating to a licensee under this Act, the executive director of the Commission, at least as frequently as quarterly, shall notify the persons involved of the status of the complaint until it has been resolved.

SUBCHAPTER D. LICENSES

License Required

Sec. 4.01. No person shall engage in business as, serve in the capacity of, or act as a dealer, manufacturer, distributor, or representative in this State without obtaining a license therefor as provided in this Act. All licenses shall expire one year from date of issue.

Expiration Dates of Licenses; Proration of Fees

Sec. 4.01A. The commission by rule shall adopt a system under which licenses expire, beginning in 1981, on various dates during the year. For 1981 only, license fees payable on the date of issuance shall be prorated on a monthly basis so that each licensee shall pay only that portion of the license fee which is allocable to the number of months during which the license is valid. On renewal of the license on the new expiration date, the total license fee is payable.

Notice of License Expiration

Sec. 4.01B. The Commission shall notify each person licensed under this Act of the date of license expiration and the amount of the fee required for license renewal. The notice shall be mailed at least thirty days before the date of license expiration.

Dealer Application

Sec. 4.02. (a) The application for a dealer license shall be on a form prescribed by the Commission which shall include information on the applicant's financial resources, business integrity, business ability and experience, franchise agreement, physical facilities for sales and service, parts and accessories, inventory, new vehicle inventory and other factors the Commission considers necessary to determine applicant's qualifications to adequately serve the motoring public.

(b) A license may be renewed annually by filing an application on the forms prescribed which shall keep current the information supplied in the original application and by paying the fees.

(c) A dealer may carry on the business of his dealership at more than one location; however, a separate license shall be required for each separate and distinct dealership as determined by the Commission.

(d) A dealer licensed hereunder shall promptly notify the Commission of a change in ownership,

location or franchise of a dealer, or any other matters the Commission may require by rule. Prior to a change in location of a dealership, a new license must be applied for as in any original application.

Manufacturer, Distributor and Representative Application

Sec. 4.03. (a) The application for a manufacturer's, distributor's, or representative's license shall be on a form prescribed by the Commission which form shall contain such information as the Commission deems necessary to fully determine the qualifications of the applicant for a license, including financial resources, business integrity and experience, facilities and personnel for serving dealers and such other information as the Commission considers to be pertinent to safeguard the public interest and welfare.

(b) The applicant for a manufacturer's license shall furnish a list of all distributors, representatives acting for applicant, and all dealers franchised to sell applicant's products in this State and their location and contract term. Thereafter all manufacturers shall advise the Commission within fifteen days of any change in the list of distributors, representatives, and dealers, and this information shall become part of the licensee's application.

(c) Each application for a manufacturer's license shall include an instrument setting forth the terms and conditions of all warranty agreements in force and effect on the products it sells in this State to ascertain the degree of protection afforded the retail purchasers of those products and the obligations of dealers in connection therewith as well as the basis for compensating dealers for labor, parts and other expenses incurred in connection with such manufacturer's warranty agreements including a statement of the manufacturer's compliance with Subdivision (9), Section 5.02 of this Act. In addition, all manufacturers shall specify on or with the application the delivery and preparation obligations of their dealers prior to delivery of a new motor vehicle to a retail purchaser and the schedule of compensation to be paid to dealers for the work and service performed by them in connection with such delivery.

(d) The application for a distributor license shall disclose the manufacturer for whom the distributor will act, whether the manufacturer is licensed in this State, the warranty covering the vehicles to be sold, the persons in this State who will be responsible for compliance with that warranty, and the nature and terms of the contract under which the distributor will act for a manufacturer. Also, the application must disclose the dealers with whom the distributor will do business. If the distributor is to have any responsibility for warranties, the distributor shall furnish the same information pertaining thereto as is required of a manufacturer. The Commission shall be advised of any change in this information within fifteen days from the date there-

of and such new information shall become part of the licensee's application.

(e) A license may be renewed annually by filing an application on the forms prescribed which shall keep current the information supplied in the original application and by paying the fees.

Doing Business

Sec. 4.04. The obtaining of a license hereunder shall constitute the doing of business in this State, and if no agent for service of process has been designated by a licensee, the licensee will be deemed to have designated the Secretary of State of Texas as his or its agent for receipt of service of process.

Fees

Sec. 4.05.

Text of (a) as amended by Acts 1983, 68th Leg., p. 388, ch. 81, § 15(a)

(a) The annual license fees for manufacturer's, distributor's, and representative's licenses are as follows:

- (1) For each manufacturer and distributor, \$500.
- (2) For each representative, \$50.

Text of (a) as amended by Acts 1983, 68th Leg., p. 4137, ch. 651, § 3

(a) The annual license fees for licenses issued hereunder shall be as follows:

(1) For each manufacturer and distributor, \$500.00.

(2) For each dealer who sold 200 or fewer new motor vehicles during the preceding calendar year, \$100.00.

(3) For each dealer who sold more than 200, but not more than 500, new motor vehicles during the preceding calendar year, \$150.00.

(4) For each dealer who sold more than 500, but not more than 1,000, new motor vehicles during the preceding calendar year, \$200.00.

(5) For each dealer who sold more than 1,000 new motor vehicles during the preceding calendar year, \$250.00.

(6) For each representative, \$50.00.

(a-1) The annual license fee for a dealer's license is determined by the number of new motor vehicles sold by the dealer during the preceding calendar year, according to the following schedule:

(1) If not more than 200 vehicles were sold, the fee is \$100.

(2) If more than 200 but not more than 500 vehicles were sold, the fee is \$150.

(3) If more than 500 but not more than 1,000 vehicles were sold, the fee is \$200.

(4) If more than 1,000 vehicles were sold, the fee is \$250.

(b) If any person fails to apply for a license required hereunder or fails to pay a fee within the time specified, such person shall pay as a penalty 50% of the amount of the fee for each thirty days of default.

(c) The commission may prorate the fee for a representative's license so that the representative's license and the license of the manufacturer or distributor by whom the representative is employed expire on the same day.

(d) The Commission may refund, from funds appropriated to the Commission for that purpose, any fees collected under this Act that are not due or that exceed the amount due.

Denial, Revocation or Suspension of License

Sec. 4.06. (a) The Commission may deny an application for a license or revoke or suspend an outstanding license, for any of the following reasons:

(1) Proof of unfitness of applicant or licensee under standards set out in this Act or in Commission rules.

(2) Material misrepresentation in any application or other information filed under this Act or Commission rules.

(3) Willful failure to comply with this Act or any rule promulgated by the Commission hereunder.

(4) Failure to maintain the qualifications for a license.

(5) Willfully defrauding any retail buyer to the buyer's damage.

(6) Willful violation of any law relating to the sale, distribution, financing, or insuring of new motor vehicles.

(7) Any act or omission by an officer, director, partner, trustee, or other person acting in a representative capacity for a licensee which act or omission would be cause for denying, revoking, or suspending a license to an individual licensee.

(8) Repeated failure to fulfill written agreements between the licensee and retail buyers of new motor vehicles.

(b) The revocation of a license previously held under this Act may be grounds for denying a subsequent application for a license.

(c) The Commission may deny a dealer application to establish a dealership if the same line-make of new motor vehicle is then represented in the county in which the proposed dealership site is located, or in an area within 25 miles of the proposed dealership site, by a dealer who is in compliance with his franchise agreement with the manufacturer or distributor, is adequately representing the manufacturer or distributor in the sale and service of its new motor vehicles, and good cause is shown why an additional dealer license is not in the public interest, provided that the Commission shall consider the

desirability of a competitive marketplace in all determinations made pursuant to this subsection.

(d) The revocation or suspension of a manufacturer or distributor license may be limited to one or more municipalities or counties or any other defined area, or may be revoked or suspended in a defined area only as to certain aspects of its business, or as to a specified dealer or dealers.

(e) No license shall be denied, revoked, or suspended except on order of the Commission after a hearing and the evidence adduced is considered by the Commission at the hearing or by a hearing report. The Commission may inspect the books and records of a licensee in connection with a hearing called or proposed.

Required Notice to Buyers

Sec. 4.07. (a) A dealer licensed under this Act shall provide notice of the complaint procedures provided by Section 3.04(h) of this Act to each person to whom the dealer sells a new motor vehicle.

(b) The Commission may require its approval of the contents of notices required by Subsection (a) of this section or may prescribe the contents of required notices. The Commission shall prepare, publish, and distribute information concerning an owner's rights under Section 6.07 of this Act, and the retail seller of any new motor vehicle shall conspicuously post a copy of the information in the area where its customers usually make payment for repairs.

(c) Failure to give the notice required by Subsections (a) and (b) of this section is a ground for suspension or revocation of a dealer's license.

SUBCHAPTER E. PROHIBITIONS

Dealers

Sec. 5.01. It shall be unlawful for any dealer to:

(1) Require a retail purchaser of a new motor vehicle as a condition of sale and delivery thereof to purchase special features, equipment, parts, or accessories not ordered or desired by the purchaser, provided such features, equipment, parts, or accessories are not already installed on the new motor vehicle when received by the dealer.

(2) Use false, deceptive, or misleading advertising, in connection with any of the business of a dealer, as defined in Section 17.12 of the Business and Commerce Code, as amended.

(3) Fail to perform the obligations placed on the selling dealer in connection with the delivery and preparation of a new motor vehicle for retail sale as provided in the manufacturer's preparation and delivery agreements on file with the Commission and applicable to such vehicle.

(4) Fail to perform the obligations placed on the dealer in connection with the manufacturer's warranty agreements on file with the Commission.

(5) Operate as a dealer without a currently valid license from the Commission or otherwise violate this Act or rules promulgated by the Commission hereunder.

Manufacturers; Distributors; Representatives

Sec. 5.02. It shall be unlawful for any manufacturer, distributor or representative to:

(1) Require or attempt to require any dealer to order, accept delivery of or pay anything of value, directly or indirectly, for any motor vehicle, appliance, part, accessory or any other commodity unless voluntarily ordered or contracted for by such dealer.

(2) Refuse or fail to deliver in reasonable quantities and within a reasonable time after receipt of an order to a dealer having a franchise agreement for the retail sale of any motor vehicles sold or distributed by such manufacturer, distributor, or representative, any new motor vehicle or parts or accessories to new motor vehicles as are covered by such franchise if such vehicle, parts or accessories are publicly advertised as being available for delivery or are actually being delivered; provided, however, this provision is not violated if such failure is caused by acts of God, work stoppage or delays due to strikes or labor disputes, freight embargoes or other causes beyond the control of the manufacturer, distributor, or representative.

(3) Notwithstanding the terms of any franchise agreement, terminate or refuse to continue any franchise with a dealer unless (A) the dealer and the Commission have received written notice sixty days before the effective date thereof setting forth the specific grounds for termination or noncontinuance and (B) if the dealer files a protest with the Commission, it is established by a preponderance of evidence at a hearing called by the Commission that there is good cause for the termination or noncontinuance. The Commission shall consider all the existing circumstances in determining good cause, including without limitation the dealer's sales in relation to the market, the dealer's investment and obligations, injury to public welfare, adequacy of service facilities, equipment, parts and personnel of the dealer and other dealers of new motor vehicles of the same line-make, whether warranties are being honored, and compliance with the franchise agreement. Good cause shall not be shown solely by a desire for further market penetration. If a franchise is terminated or not continued, another franchise in the same line-make will be established within a reasonable time unless it is shown to the Commission that the community or trade area cannot reasonably support such a dealership. If this showing is made, no dealer license shall be thereafter issued in the same area unless a change in circumstances is shown.

(4) Use any false, deceptive or misleading advertising, as defined in Section 17.12 of the Business and Commerce Code, as amended.

(5) Notwithstanding the terms of any franchise agreement, prevent any dealer from changing the capital structure of his dealership or the means by or through which he finances the operation thereof, provided that the dealer meets any reasonable capital requirements agreed to by contract of the parties.

(6) Notwithstanding the terms of any franchise agreement, fail to give effect to or attempt to prevent any sale or transfer of a dealer, dealership or franchise or interest therein or management thereof unless it is shown to the Commission after hearing that the result of such sale or transfer will be detrimental to the public or the representation of the manufacturer or distributor.

(7) Require or attempt to require that a dealer assign to or act as an agent for any manufacturer, distributor or representative in the securing of promissory notes and security agreements given in connection with the sale or purchase of new motor vehicles or the securing of policies of insurance on or having to do with the operation of vehicles sold.

(8) Fail, after complaint and hearing, to perform the obligations placed on the manufacturer in connection with the delivery, preparation and warranty of a new motor vehicle as provided in the manufacturer's warranty, preparation, and delivery agreements on file with the Commission.

(9) Fail to compensate its dealers for the work and services they are required to perform in connection with the dealer's delivery and preparation obligations according to the agreements on file with the Commission which must be found by the Commission to be reasonable, or fail to adequately and fairly compensate its dealers for labor, parts and other expenses incurred by such dealer to perform under and comply with manufacturer's warranty agreements. In no event shall any manufacturer or distributor pay its dealers an amount of money for warranty work that is less than that charged by the dealer to the retail customers of the dealer for nonwarranty work of like kind. All claims made by dealers for compensation for delivery, preparation, and warranty work shall be paid within thirty days after approval and shall be approved or disapproved within thirty days after receipt. When any claim is disapproved, the dealer shall be notified in writing of the grounds for disapproval. No claim which has been approved and paid may be charged back to the dealer unless it can be shown that the claim was false or fraudulent, that the repairs were not properly made or were unnecessary to correct the defective condition, or the dealer failed to reasonably substantiate the claim in accordance with the requirements of the manufacturer or distributor on file with the Commission. Notwithstanding the terms of a franchise agreement or provision of law in conflict with this section, the dealer's delivery, preparation, and warranty obligations as filed with the Commission shall constitute the dealer's sole responsibility for product liability as between the

dealer and manufacturer, and, except for a loss caused by the dealer's failure to adhere to these obligations, a loss caused by the dealer's negligence or intentional misconduct, or a loss caused by the dealer's modification of a product without manufacturer authorization, the manufacturer shall reimburse the dealer for all loss incurred by the dealer, including legal fees, court costs, and damages, as a result of the dealer having been named a party in a product liability action.

(10) Operate as a manufacturer, distributor, or representative without a currently valid license from the Commission or otherwise violate this Act or rules promulgated by the Commission hereunder.

(11) Notwithstanding the terms of any franchise agreement, to prevent or refuse to honor the succession to a dealership by any legal heir or devisee under the will of a dealer or under the laws of descent and distribution of this State unless it is shown to the Commission, after notice and hearing, that the result of such succession will be detrimental to the public interest or to the representation of the manufacturer or distributor; provided, however, nothing herein shall prevent a dealer, during his lifetime, from designating any person as his successor dealer, by written instrument filed with the manufacturer or distributor.

(12) Require that a dealer pay or assume, directly or indirectly, any part of any refund, rebate, discount, or other financial adjustment made by the manufacturer, distributor, or representative to, or in favor of, any customer of a dealer, unless voluntarily agreed to by such dealer.

(13) Notwithstanding the terms of any franchise agreement, deny or withhold approval of a written application to relocate a franchise unless (A) the applicant has received written notice of the denial or withholding of approval within 90 days after receipt of the application containing information reasonably necessary to enable the manufacturer or distributor to adequately evaluate the application, and if (B) the applicant files a protest with the Commission and establishes by a preponderance of the evidence at a hearing called by the Commission that the grounds for, and distance of, the relocation are reasonable.

Brokers

Sec. 5.03. A person may not act as, offer to act as, or hold himself or herself out to be, a broker.

Sale of New Motor Vehicles

Sec. 5.04. No person may engage in the business of buying, selling, or exchanging new motor vehicles unless he holds a valid license issued by the Commission for the make or makes of new motor vehicles being bought, sold, or exchanged; or unless such person is acting as a bona fide employee or agent of the licensee; or unless such person is a second stage or allied equipment manufacturer modifying or converting new motor vehicles and offering them for sale with the original manufactur-

er's warranty unimpaired. In this section, the term "engage in the business of buying, selling, or exchanging new motor vehicles" means:

(1) displaying for sale new motor vehicles on a lot or showroom; or

(2) advertising for sale new motor vehicles; or

(3) regularly or actively soliciting buyers for new motor vehicles.

SUBCHAPTER F. ENFORCEMENT

Penalty

Sec. 6.01. Any person who violates any provision of this Act or any rule, regulation, or order of the Commission issued pursuant to this Act is subject to a civil penalty of not less than \$50.00 nor more than \$1,000.00 for each day of violation and for each act of violation, as the court may deem proper. All civil penalties recovered under this Act shall be paid to the General Revenue Fund of the State of Texas.

Injunction

Sec. 6.02. Whenever it appears that a person has violated or is violating or is threatening to violate any provision of this Act or of any rule, regulation, or order of the Commission issued pursuant to this Act then the Commission, or the executive director when authorized by the Commission, may cause a civil suit to be instituted in a district court for injunctive relief to restrain the person from continuing the violation or threat of violation or for the assessment and recovery of the civil penalty provided in Section 6.01 above or for both injunctive relief and civil penalty.

Suit

Sec. 6.03. At the request of the Commission, or the executive director when authorized by the Commission, the Attorney General shall institute and conduct a suit in the name of the State of Texas for injunctive relief or to recover the civil penalty or for both injunctive relief and penalty.

Venue

Sec. 6.04. A suit for injunctive relief or for recovery of a civil penalty or for both may be brought either in the county where the defendant resides or in the county where the violation or threat of violation occurs.

Bond

Sec. 6.05. In any suit to enjoin a violation or threat of violation of this Act or of any rule, regulation, license or order of the Commission, the court may grant the Commission, without bond or other undertaking, any prohibitory or mandatory injunction the facts may warrant, including temporary restraining orders after notice and hearing, temporary injunctions and permanent injunctions.

Application of Other Law

Sec. 6.06. (a) In addition to the other remedies provided by this subchapter, a person who has sustained actual damages as a result of a violation of Section 5.01 or Subdivision (1), (2), (4), (7), (8), or (10), Section 5.02 of Subchapter E of this Code may maintain an action pursuant to the terms of Subchapter E, Chapter 17, Business and Commerce Code.¹

(b) In any action brought against a licensee under Subsection (a) of this section, or for any other type of conduct which is actionable pursuant to the provisions of Subchapter E, Chapter 17, Business and Commerce Code, the \$1,000 limitation set forth in Section 17.50(b)(1) of Subchapter E, Chapter 17, Business and Commerce Code shall be adjusted to reflect any change in the consumer price index after the effective date of this section. The \$1,000 limitation shall be increased or decreased, as applicable, by a sum equal to the amount of the \$1,000 limitation multiplied by the percentage of increase or decrease in the consumer price index between the effective date of this section and the time at which the damages are awarded by final judgment or settlement. The term "consumer price index" means the National Consumer Price Index For All Urban Consumers, or a substantially similar successor, and the court may take judicial notice of said index.

¹ Business and Commerce Code, § 17.41 et seq.

Warranty Performance Obligations

Sec. 6.07. (a) In addition to the other powers and duties provided for in this Act, the Commission shall cause manufacturers and distributors to perform the obligations imposed by this section. For purposes of this section, the term "owner" means the person so designated on the certificate of title to a motor vehicle issued by the State Department of Highways and Public Transportation, or an equivalent document issued by the duly authorized agency of any other state, or any person to whom such motor vehicle is legally transferred during the duration of a manufacturer's or distributor's express warranty applicable to such motor vehicle, and any other person entitled by the terms of such warranty to enforce the obligations thereof.

(b) If a new motor vehicle does not conform to all applicable manufacturer's or distributor's express warranties and the owner or the owner's designated agent reports the nonconformity to the manufacturer or distributor, its agent, or its authorized dealer during the term of such express warranties or during the period of one year following the date of original delivery of the motor vehicle to an owner, whichever is the earlier date, the manufacturer or distributor shall make the repairs as are necessary to conform the vehicle to applicable express warranties, notwithstanding such repairs are made after the expiration of such term or such one-year period. This section does not in any way limit the remedies available to an owner under a new motor vehicle

warranty that extends beyond the one-year period covered by this section.

(c) If the manufacturer or distributor is unable to conform the motor vehicle to an applicable express warranty by repairing or correcting any defect or condition which substantially impairs the use and market value of the motor vehicle after a reasonable number of attempts, the manufacturer or distributor shall replace the motor vehicle with a comparable motor vehicle or accept return of the vehicle from the owner and refund to the owner the full purchase price less a reasonable allowance for the owner's use of the vehicle. Refunds shall be made to the owner and lienholder, if any, as their interests may appear. A reasonable allowance for use shall be that amount directly attributable to use of the motor vehicle prior to the first report of the nonconformity to the manufacturer or distributor, its agent, or its dealer and during any subsequent period when the vehicle is not out of service for repair. In any hearing before the Commission under this section, a manufacturer or distributor may plead and prove as an affirmative defense to the remedies provided hereunder that (1) the nonconformity is the result of abuse, neglect, or unauthorized modifications or alterations of the motor vehicle; or (2) the nonconformity does not substantially impair the use or value of the motor vehicle.

(d) It shall be presumed that a reasonable number of attempts have been undertaken to conform a motor vehicle to the applicable express warranties if (1) the same nonconformity has been subject to repair four or more times by the manufacturer or distributor, its agent, or its authorized dealer, within the express warranty term or during the period of one year following the date of original delivery to an owner, whichever is the earlier date, but such nonconformity continues to exist; or (2) the vehicle is out of service for repair for a cumulative total of 30 or more days during such term or during such period, whichever is the earlier date. The term of an express warranty, such one-year period, and such 30-day period shall be extended by any period of time during which repair services are not available to the owner because of a war, invasion, strike or fire, flood, or other natural disaster. In no event shall the presumption herein provided apply against a manufacturer or distributor unless the manufacturer or distributor has received prior direct notification in writing from or on behalf of the owner and an opportunity to cure the alleged defect.

(e) The provisions of Subchapter C of this Act are applicable to this section, and the Commission shall adopt rules and conduct hearings for the enforcement and implementation of this section. The provisions of this section are not available to an owner in an action seeking a refund or replacement based upon the alleged nonconformity of a motor vehicle to an express warranty applicable to the motor vehicle unless the owner has first exhausted the administrative remedies provided herein. The provi-

sions of this section are not available to a party in an action against a seller under Chapter 2 or Chapter 17, Business & Commerce Code, as amended. The provisions of this section are available in an action against a manufacturer or distributor brought under Chapter 17, Business & Commerce Code, after the owner has exhausted the administrative provisions provided by this section. Any action brought under the provisions of this section shall be by trial de novo.

(f) This section does not limit the rights or remedies otherwise available to an owner under any other law.

(g) In a hearing under this section, the Commission shall make its order with respect to responsibility for payment of the cost of any refund or replacement and no manufacturer or distributor may cause any dealer to pay directly or indirectly any sum not specifically so ordered by the Commission.

(h) A proceeding brought under this section shall be commenced within six months following the earlier of (1) expiration of the express warranty term or (2) one year following the date of original delivery of the motor vehicle to an owner.

(i) Any contracted exclusion or modification of the remedies provided in this section is prohibited and shall be deemed null and void as against public policy.

SUBCHAPTER G. JUDICIAL REVIEW

Appeal

Sec. 7.01. (a) A person affected by any ruling, order, decision or other act of the Commission may appeal by filing a petition in a district court of Travis County, Texas.

(b) The petition must be filed within thirty days after the effective date of the Commission's action.

(c) Service of citation on the Commission must be accomplished within thirty days after the date the petition is filed. Citation may be served on the executive director.

(d) In an appeal of a Commission action, the issue is whether the action is invalid, arbitrary, or unreasonable.
