PREFACE

This Pamphlet contains the text of the Agriculture Code as amended through the 1983 Regular and First Called Sessions of the 68th Legislature. The Agriculture Code constitutes a unit of the Texas Legislative Council's statutory revision program. The Code was originally enacted by Acts 1981, 67th Leg., ch. 388.

Disposition and Derivation Tables are included preceding the Code, thus providing a means of tracing repealed subject matter into the Code and, on the other hand, of searching out the source of Code sections.

A detailed descriptive word Index at the end of the Code is furnished to facilitate the search for specific textual provisions.

Comprehensive coverage of the judicial constructions and interpretations of the Code, together with cross references to law review commentaries discussing particular provisions, and other editorial features, is provided in the volumes of Vernon's Texas Statutes and Codes Annotated.

1.001. Purpose of Code.

1.003. Definitions.

§ 1.001. Purpose of Code

(a) This code is enacted as a part of the state's continuing statutory revision program, begun by the Texas Legislative Council in 1963 as directed by the legislature in Chapter 448 Acts of the 58th Legislature, Regular Session, 1963 (Article 5429b-1, Vernon's Texas Civil Statutes). The program contemplates a topic-by-topic revision of the state's general and permanent statute law without substantive change.

(b) Consistent with the objectives of the statutory revision program, the purpose of this code is to make the agriculture law more accessible and understandable, by:

- (1) rearranging the statutes into a more logical order;

(2) employing a format and numbering system designed to facilitate citation of the law and to accommodate future expansion of the law;

(3) eliminating repealed, duplicative, unconstitutional, expired, executed, and other ineffective provisions; and

(4) restating the law in modern American English to the greatest extent possible.

[Acts 1981, 67th Leg., p. 1015, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 1.002. Construction of Code

The Code Construction Act (Article 5429b-2, Vernon's Texas Civil Statutes) applies to the construction of each provision in this code, except as otherwise expressly provided by this code.

[Acts 1981, 67th Leg., p. 1015, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 1.003. Definitions

In this code:

(1) "Commissioner" means the commissioner of agriculture.

(2) "Department" means the Department of Agriculture.

[Acts 1981, 67th Leg., p. 1015, ch. 388, § 1, eff. Sept. 1, 1981.]

[Acts 1981, 67th Leg., p. 1047, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 14.005. Licensing Procedure

(a) The department may issue, renew, or amend a license following a determination that:

(1) the applicant has filed an acceptable bond and possesses sufficient insurance;

(2) the warehouse is suitable for storage of grain; and

(3) the applicant has complied with this subchapter and rules adopted under this subchapter.

(b) An applicant must file a separate application for each license, renewal, or amendment and shall accompany each application for a license or renewal with a \$30 license fee. The department shall prescribe the information to be contained in the application.

[Acts 1981, 67th Leg., p. 1047, ch. 388, § 1, eff. Sept. 1, 1981. Amended by Acts 1983, 68th Leg., p. 4283, ch. 682, § 2, eff. Sept. 1, 1983.]

Section 11 of the 1983 amendatory act provides that the act applies to fees payable on or after September 1, 1983.

§ 14.006. Multiple Warehouses Operated Under a Single License

(a) For the purpose of granting a license, the department may consider as one unit all warehouses owned or controlled by the warehouseman that are located in close proximity on the same general location.

(b) All public grain warehouses operating under a single license shall be treated as a single warehouse for the purposes of this subchapter, including the issuance of receipts and the receipt and shipment of grain. However, the department may approve an application requesting that any part of a warehouse be reserved and designated "not for public use."

[Acts 1981, 67th Leg., p. 1048, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 14.007. Requirement for Increasing Capacity

A warehouseman may not use any increased warehouse capacity without first obtaining approval from the department.

[Acts 1981, 67th Leg., p. 1048, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 14.008. Posting of License

Each warehouseman shall immediately on receipt of a license post it in a conspicuous place in the office of the public grain warehouse.

[Acts 1981, 67th Leg., p. 1048, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 14.009. Bond

(a) In accordance with this section, each applicant for a license shall file or have on file a bond with the department.

(b) The bond must:

- (1) be payable to the State of Texas;
- (2) be executed by the applicant as principal;
- (3) be issued by a corporate surety licensed to do business as surety in the State of Texas; and
- (4) be in a form and contain terms and conditions prescribed by the department.

(c) The bond must be conditioned on faithful performance of:

(1) each obligation of a warehouseman as to receipted grain and open storage grain under this subchapter and rules adopted under this subchapter, from the effective date of the bond until the license is revoked or the bond is canceled, whichever occurs first; and

(2) each obligation of a warehouseman under any contract with a depositor that exists on the effective date of the bond or is assumed after the effective date of the bond and before the license is revoked or the bond is canceled, whichever occurs first and whether or not the warehouse remains licensed.

(d) The bond must be in an amount of not less than \$15,000 nor more than \$500,000, based on the following rate:

- (1) 20 cents per bushel on the first million bushels of storage capacity;
- (2) 15 cents per bushel on the second million bushels of storage capacity; and
- (3) 10 cents per bushel on all bushels of storage capacity above two million bushels.

(e) If the actual net worth of an applicant equals less than 20 cents per bushel of storage capacity, the applicant shall file a deficiency bond in an amount equal to the difference between the actual net worth and an amount determined by multiplying 20 cents times each bushel of storage capacity in the applicant's warehouse. A deficiency bond is in addition to the bond required of an applicant by this section, and the maximum amount of a bond provided by Subsection (d) of this section does not apply.

(f) In considering the reissuance of a license, the department may accept a certificate from a surety stating that a bond filed with the department has been renewed or continued.

(g) The applicant may give a single bond meeting the requirements of this section to cover all licensed facilities operated by him or her, except that each warehouse operated by the applicant must be covered by the bond in the amount of at least \$15,000.

(h) The liability of the surety of a bond required by this subchapter is limited to the face amount of the bond and does not accumulate for each successive license period during which the bond is in force.

[Acts 1981, 67th Leg., p. 1048, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 14.010. Recovery on Bond

(a) If no action on the bond of a warehouseman is begun before the 31st day after the date of a written demand to the department, a depositor has a right of action on the bond for recovery of damages suffered by the depositor as a result of the failure of the warehouseman to comply with any condition of the bond.

(b) Recovery on a bond shall be prorated if claims exceed liability on a bond, but a depositor suing on a bond is not required to join other depositors in a suit. The burden of establishing proration is on the surety as a matter of defense.

[Acts 1981, 67th Leg., p. 1049, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 14.011. Casualty Insurance

(a) Except as provided by Subsection (c) of this section, an applicant for a license must file or have on file with the department a certificate of insurance evidencing that:

(1) the applicant has an effective policy of insurance issued by an insurance company authorized to do business in this state; and

(2) the policy insures, in the name of the applicant, all grain that is or may be in the public grain warehouse for its full market value against loss by fire, internal explosion, lightning, windstorm, cyclone, or tornado.

(b) If a fire, an internal explosion, lightning, a windstorm, a cyclone, or a tornado destroys or damages grain in a public grain warehouse, the warehouseman shall, on demand by the depositor and presentation of a receipt or other evidence of ownership, make settlement with the depositor of the grain. The amount of the settlement shall be the average price paid for grain of the same grade and quality on the date of the loss at the location of the warehouse, minus warehouseman's charges and advances. If a settlement is not made before the 31st day following the date of demand, the depositor is entitled to seek recovery from the insurance company.

(c) An applicant is not required to file a certificate of insurance if the applicant certifies that all grain within the warehouse is owned by the applicant free of any lien.

[Acts 1981, 67th Leg., p. 1049, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 14.012. Additional Bond or Insurance

(a) If the department determines that an approved bond or insurance policy is insufficient, the department shall require the warehouseman to give additional bond or insurance.

(b) If a license has been suspended or revoked or has expired, the department may require a bond from the warehouseman to protect depositors of grain for as long as any receipts remain outstanding.

[Acts 1981, 67th Leg., p. 1049, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 14.013. Bond or Insurance Cancellation

(a) A warehouseman may not cancel a bond or insurance policy approved by the department unless the department first gives written approval of a substitute bond or policy.

(b) The surety or insurer may cancel a bond or insurance policy by sending notice of intent to cancel by registered or certified mail to the department. Cancellation of a bond may not be effective before the 91st day following the day on which the surety mails notice of intent to cancel. Cancellation of an insurance policy may not be effective before the 31st day following the day on which the insurer mails notice of intent to cancel. On receipt of notice of cancellation of a bond or insurance policy, the

department shall promptly notify the warehouseman involved.

(c) The surety or insurer shall send a copy of the notice required by this section to any government agency requesting it.

(d) Notwithstanding any other provision of this subchapter, the department shall automatically suspend the license if the warehouseman fails:

(1) to file a new bond before the cancellation of a bond is effective; or

(2) to file a new certificate of insurance before the cancellation of an insurance policy is effective.

(e) The suspension of a license under this section continues as long as the warehouseman fails to maintain the bond or insurance required by this subchapter.

[Acts 1981, 67th Leg., p. 1050, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 14.014. Inspections; Fee

(a) On request by the department, a warehouseman shall report to the department on the condition, conduct, operation, and business of each public grain warehouse that the warehouseman operates and all grain stored in those warehouses.

(b) A warehouseman shall permit the department to enter and inspect each public grain warehouse, its contents, and all records related to the grain stored in the warehouse. The warehouseman shall render to the department any assistance necessary for an inspection under this section.

(c) The department shall inspect each public grain warehouse at least once annually and may make additional inspections as the department considers necessary. A warehouseman may request that the department make additional inspections.

(d) The department shall collect from the warehouseman whose public grain warehouse is inspected an inspection fee for an annual inspection or an inspection requested by the warehouseman, but may not collect an inspection fee for other inspections. The inspection fee is \$1 for each 10,000 bushels or fraction of 10,000 bushels of licensed storage capacity of the warehouse inspected or \$15, whichever is greater.

[Acts 1981, 67th Leg., p. 1050, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 14.015. Suspension, Revocation, or Denial of License

(a) The department may suspend, revoke, or deny a license, if, after an opportunity for a hearing, the department determines that the warehouseman has violated or failed to comply with a requirement of this subchapter or a rule adopted under this subchapter.

(b) If the department considers it necessary, the department may suspend a license without hearing for a period not to exceed 30 days.

[Acts 1981, 67th Leg., p. 1050, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 14.016. Operation After Revocation or Suspension of a License

(a) If a license is revoked, the warehouseman shall terminate, in a manner prescribed by the department, all arrangements concerning storing, shipping, or handling grain in the warehouse.

(b) During a suspension of a license the warehouseman may, under the direction and supervision of the department, operate the warehouse and deliver grain previously received, but may not receive grain for storing, shipping, or handling.

[Acts 1981, 67th Leg., p. 1051, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 14.017. Issuance of Scale Weight Ticket or Receipt

(a) On receiving grain, a warehouseman shall issue to the person delivering the grain a serially numbered scale weight ticket in a form approved by the department.

(b) On application of a depositor, the warehouseman shall issue to the depositor a Texas grain warehouse receipt, which must be:

- (1) in a form prescribed by the department; and
- (2) in conformity with Chapter 7, Business & Commerce Code.

(c) A Texas grain warehouse receipt issued under this subchapter is subject to the provisions of Chapter 7, Business & Commerce Code.

(d) A Texas grain warehouse receipt is a negotiable document of title. A scale weight ticket is not a negotiable document of title.

(e) Except as provided by Section 14.019 of this code for duplicate receipts, a warehouse may not issue two scale weight tickets or two receipts bearing the same number during any calendar year.

[Acts 1981, 67th Leg., p. 1051, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 14.018. Receipt for Grain Owned by Warehouse Owner

A warehouseman may issue a receipt for grain that is owned by the warehouseman, in whole or part, and located in the warehouseman's warehouse. The negotiation, transfer, sale, or pledge of that receipt may not be defeated because of its ownership.

[Acts 1981, 67th Leg., p. 1051, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 14.019. Duplicate Receipts

(a) Except as otherwise provided by this subsection, if a receipt issued under this subchapter is outstanding, another receipt covering all or part of the grain covered by the initial receipt may not be issued by the warehouseman or any other person. If a receipt is lost, stolen, or destroyed, the owner is entitled to a new receipt as a duplicate or substitute for the missing receipt. The duplicate or substitute receipt has the same legal effect as the original receipt and must:

- (1) state that it is in lieu of the original receipt; and
- (2) bear the number and date of the original receipt.

(b) Before issuing a duplicate receipt, the warehouseman shall require an indemnity bond of double the market value of the grain covered by the missing receipt. The bond must be in a form and with a surety prescribed by the department to fully protect all rights under the missing receipt.

(c) A warehouseman may not become a surety on a bond for a lost, stolen, or destroyed receipt.

[Acts 1981, 67th Leg., p. 1051, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 14.020. Receipt Forms

(a) The department shall supply all receipt forms unless the department in writing approves a privately printed receipt form requested by the warehouseman. The warehouseman shall request receipt forms on a form furnished by the department and shall accompany a request with payment to cover estimated costs of printing, packaging, and shipping, as determined by the department. If the receipts are privately printed, the printer shall provide the department with an affidavit showing the number of the receipts printed and their serial numbers. The department may require a warehouseman who uses privately printed receipts to provide a bond to cover any loss resulting from the unlawful use of a receipt. The department shall determine the form and the amount of the bond, but the amount may not exceed \$5,000.

(b) The department shall recover all receipts remaining unused after a license required by this subchapter is revoked or suspended.

§ 14.022. Records

(a) Every warehouseman shall keep in a safe place complete and correct records and accounts pertaining to the public grain warehouse, including records and accounts of:

- (1) grain received and withdrawn from the warehouse;
- (2) unissued receipts in the warehouseman's possession;
- (3) receipts and scale weight tickets issued by the warehouseman; and
- (4) receipts returned to and canceled by the warehouseman.

(b) The warehouseman shall retain the records required by this section for the period of time prescribed by the department. The warehouseman shall retain copies of receipts or other documents evidencing ownership of grain or liability of a warehouseman as long as the documents are outstanding. If the documents are canceled, the warehouseman shall retain the documents or receipts for a period of not less than two years from the date of cancellation.

(c) The warehouseman shall:

(1) clearly mark all canceled receipts "canceled" and mark on the face of each receipt the date of the cancellation;

(2) keep records and accounts required by this section separate from the records and accounts of other businesses; and

(3) keep in numerical order copies of the scale weight tickets issued by the warehouse.

(d) In records kept under this section, grain may be designated as company-owned grain only if:

(1) the grain has been paid for and is wholly owned by the warehouse; or

(2) the ownership of the grain has been transferred to the warehouse under a written contract of purchase.

(e) The warehouseman shall report to the department on forms furnished by the department the following information on scale weight tickets used in the warehouseman's business:

(1) the number of scale weight tickets printed;

(2) the serial numbers of the scale weight tickets printed; and

(3) the printer of the scale weight tickets.

§ 14.024. Discovery of Shortage; Refusal of Inspection

(a) If the department determines that a warehouseman does not possess sufficient grain to cover outstanding receipts and outstanding scale weight tickets issued or assumed by the warehouseman, or if a warehouseman refuses to submit records or property for lawful inspection, the department may give notice to the warehouseman requiring the warehouseman to:

(1) cover a shortage;

(2) give additional bond;

(3) submit to an inspection considered necessary by the department; or

(4) comply with any combination of the requirements authorized by this subsection.

(b) A warehouseman shall comply with the requirements of a notice issued under Subsection (a) of this section within 24 hours of notification by the department or within a longer time allowed by the department. If the warehouseman fails to comply, the department may petition the district court for the county where the warehouseman's principal place of business is located, as shown by the license application, for a court order authorizing the department to take possession of:

(1) all or a portion of the grain located in the public grain warehouse or warehouses; and

(2) all relevant records and property of the warehouseman.

(c) If the department takes possession of grain under Subsection (b) of this section, the department shall give written notice of its action to the surety on the bond of the warehouseman and may notify the holders of all receipts and scale weight tickets issued for grain, as shown by the warehouseman's records, to present their receipts or scale weight tickets for inspection or account for the absence of the receipts or scale weight tickets. The department may then audit and investigate the affairs of the public grain warehouse, especially with respect to the grain of which there is an apparent shortage. The purpose of the audit and investigation is to determine the amount of the shortage, and if practicable, to compute the shortage as to each depositor, as shown by the warehouseman's records. The department shall notify the warehouseman and the surety on the warehouseman's bond of the approximate amount of the shortage. The department shall notify each depositor affected by the shortage by sending notice to the depositor's last known address, as shown by the warehouseman's records.

(d) The department shall retain possession of grain obtained under this section until:

(1) the warehouseman or surety on the bond satisfies the claims of all depositors; or

(2) the court orders the department to surrender possession.

(e) If, during or after an audit or investigation authorized by this section or at any other time, the department has evidence that the warehouseman is insolvent or unable to satisfy the claims of all depositors, the department may petition the district court for appointment of a receiver to operate or liquidate the business of the warehouseman in accordance with law.

(f) At any time before the 11th day following the day on which the department takes possession of grain under this section, the warehouseman may serve notice on the department to appear in the district court of the county in which the public grain warehouse is located to show cause why possession should not be restored to the warehouseman. The court shall fix the time of the hearing not less than 5 nor more than 15 days from the date of service of the notice.

[Acts 1981, 67th Leg., p. 1053, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 14.025. Injunction

If, after 15 days' notice, a warehouseman refuses to comply with this subchapter, the department shall apply for an injunction. The courts of this state are vested with jurisdiction to issue a temporary or permanent injunction against:

(1) operation of a public grain warehouse or issuance of receipts or scale weight tickets without a license; and

(2) interference by any person with the carrying out by the department, or by a receiver appointed under Section 14.024 of this code, of duties and powers granted by this subchapter.

The application must be signed by the candidate and by at least 10 producers who are eligible to vote at the election. The application must be filed at least 30 days before the date set for the election.

§ 41.029. Void Ballots

(a) In any contest of an election, a ballot is void if the voter overstated his or her volume of production by more than 10 percent. Any other error in stating volume of production is not grounds for invalidating the ballot.

(b) If a ballot is void or if any other error is made in stating production volume, the returns shall be corrected and the results adjusted accordingly.

[Acts 1981, 67th Leg., p. 1084, ch. 388, § 1, eff. Sept. 1, 1981.]

If the commissioner finds that two-thirds or more of those voting in the election voted in favor of the referendum proposition or that those voting in favor of the proposition produced at least 50 percent of the volume of production of the commodity during the relevant production period, the commissioner shall publicly certify the adoption of the referendum proposition and issue certificates of election to those persons elected to the board. Otherwise, the commissioner shall publicly certify that the referendum proposition was defeated.

[Acts 1981, 67th Leg., p. 1085, ch. 388, § 1, eff. Sept. 1, 1981.]

[Acts 1981, 67th Leg., p. 1085, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 41.034. Elections to Add New Territory

(a) Producers of an agricultural commodity in an area not within the jurisdiction of a board for that commodity may petition the commissioner to authorize a referendum within an area specified in the petition on the issue of whether or not the area is to

be included within the jurisdiction of that board. The petition must be submitted to the commissioner at least 105 days before the date of the election at which the referendum is to be conducted.

(b) If the commissioner determines that in the area described there exists among the producers of the commodity an interest in becoming subject to the jurisdiction of the board that is substantial enough to justify a referendum, the commissioner may transmit the petition to the board with an order authorizing the board in its discretion to conduct the election at its own expense. The petition and order must be transmitted to the board at least 75 days before the date of the election.

(c) The referendum shall be held on the date of the biennial election of board members. The board shall give public notice of:

(1) the date of the election;

(2) the amount and basis of the assessment collected by the board;

(3) a description of the manner in which the assessment is collected and the proceeds administered and used; and

(4) any other proposition the board proposes to include on the ballot as authorized or required by this chapter.

(d) The notice under Subsection (c) of this section shall be published in one or more newspapers published and distributed, or generally circulated, within the boundaries described in the petition. The notice shall be published at least once a week for three consecutive weeks, beginning at least 60 days before the date of the election. In addition, at least 60 days before the date of the election the board shall give direct written notice to each county agent in any county within the described boundaries.

(e) A person is qualified to vote in the referendum if he or she is or, for at least one production period during the three years preceding the date of the referendum, has been a producer of the commodity whose production occurs within the area described in the petition.

(f) A producer who is qualified to vote in the referendum is eligible to be a member of or a candidate for membership on the board. If the board is elected from districts, a producer within the described boundaries may be a candidate only for at-large positions on the board, if any. In order to qualify as a candidate, the producer must comply with Section 41.025 of this code, except that the application shall be filed with the board and may not be filed before the first publication of notice under Subsection (d) of this section.

(g) In the area described in the petition, the ballot shall be prepared and distributed and the election shall be conducted in accordance with the rules of the commissioner under Section 41.022 of this code.

(h) Except as otherwise provided in this subsection, voters qualified to vote in the referendum are entitled to vote for candidates for membership on the board and for any other proposition printed on the ballot for the regular election. If board members are elected from districts, voters in the area described in the petition may vote only for at-large positions, if any.

(i) The ballots cast in the area described in the petition shall be canvassed, and the returns reported, separately from the ballots cast in other areas. On those returns, the board shall perform the functions of the commissioner described in Section 41.030 of this code, except that the board shall certify whether the referendum proposition carried or was defeated in the area described in the petition. If the referendum proposition is defeated, the ballots cast in the area described in the petition may not be counted for any other purpose. If the proposition carries, the returns shall be included in determining the election of board members and the outcome of other propositions. The area described in the petition becomes subject to the jurisdiction of the board on the day following the date that the result is certified.

(b) If in accordance with the rules of the department the kind of seed in a container is generally labeled by variety but the label does not state the variety, the label shall show the name of the kind and be printed with: "Variety Not Stated." The label on hybrid seed shall state that the seed is hybrid. A person may not use the word "type" in any labeling in connection with the name of an agricultural seed variety.

(c) If the origin of the seed is unknown, the label shall state that the origin is unknown.

(d) The noxious weed content shall be determined according to the method prescribed under Section 61.008 of this code and the stated content is subject to the tolerances established under that section.

(1) a seed certifying agency has determined that the seed conforms to standards of purity and identity as to kind, species, subspecies, or variety in accordance with the rules of the certifying agency; and

(2) the seed bears an official label issued by a seed certifying agency certifying that the seed is of a specific class, kind, species, subspecies, or variety.

(b) A person may not sell or offer, expose, or transport for sale seed labeled by variety name but not certified by an official seed certifying agency if it is a variety required by federal law to be sold only as a class of certified seed, except that seed from a certified lot may be labeled by variety name if used in a mixture by, or with the approval of, the owner of the variety.

[Acts 1981, 67th Leg., p. 1129, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 61.008. Noxious Weed Content

§ 61.009. Germination and Purity Testing

(a) All agricultural or vegetable seed sold or offered, exposed, or transported for sale in this state shall be tested to determine the percentage of germination.

(b) Except as otherwise provided by this subsection, the germination test shall be performed within nine months, not including the calendar month in which the test was completed, immediately prior to being sold or offered, exposed, or transported for sale. The department by rule may designate a period of time longer than nine months if the department finds that the seed is packaged in a container or under conditions that will maintain the viability of the seed under ordinary conditions of handling during the longer period of time.

(c) At the request of a farmer or dealer, the department may conduct or provide for the testing of seed for purity and germination. The department may fix by rule and collect fees for tests made under this subsection.

[Acts 1981, 67th Leg., p. 1129, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 61.010. Inspection of Seed

(a) At the time, place, and to the extent the department considers necessary, the department shall sample, inspect, analyze, and test agricultural and vegetable seed transported, sold, or offered or exposed for sale in this state for sowing purposes in

order to determine if the seed is in compliance with this chapter. The department shall promptly notify of any violation the person who transported, sold, or offered or exposed the seed for sale.

(b) The department shall adopt rules governing the methods of sampling, inspection, analysis, and testing and the tolerances to be allowed in the administration of this chapter. The rules adopted shall be in general accord with officially prescribed practice in interstate commerce.

(c) In order to gain access to seed or to records from authorized personnel, the department is entitled to enter any public or private premises during regular business hours or any land, water, or air conveyance at any time when the conveyance is accessible.

[Acts 1981, 67th Leg., p. 1129, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 61.011. Agricultural Seed Inspection Fee and Permit

(a) A person who sells, or offers, exposes, or otherwise distributes for sale agricultural seed within this state for planting purposes shall pay an inspection fee in the manner provided by Subsection (b) or (c) of this section. A person may not use both procedures for fee payment. The person shall pay the fee during each germination period that the seed remains offered or exposed for sale. If the germination test has expired on any seed, the custodian of the seed is responsible for payment of the fee.

(b) In order to pay the fee, a person may purchase from the department a label known as the "Texas Tested Seed Label." The department by rule may prescribe the form of the label and the manner of showing the information required by Section 61.004 of this code. The purchaser shall attach the label to each container of seed sold or offered or otherwise distributed for sale. If the seed is in bulk, the person selling or offering, exposing, or otherwise distributing the seed for sale shall furnish the purchaser one Texas Tested Seed Label for each 100 pounds or fraction of 100 pounds of seed.

(c) Instead of purchasing a Texas Tested Seed Label, a person may pay the fee on the total number of pounds of seed sold or offered, exposed, or otherwise distributed for sale in this state. In order to pay the fee on this basis, the person must apply to the department for a permit. The department shall issue to each applicant a permit bearing an assigned number. The holder of the permit shall:

(1) maintain records, as required by the department, that accurately reflect the total pounds of seed subject to the fee that are handled, sold, or offered or distributed for sale;

(2) file with the department quarterly sworn reports covering the total pounds of all sales of seed subject to the fee sold during the preceding quarter; and

(3) affix to each container of seed subject to the fee or to the invoice of subject seed sold in bulk a plainly written statement of the information required under Section 61.004 of this code.

(d) Quarterly reports filed under Subsection (c)(2) of this section are due within 30 days after the last day of November, February, May, and August. Unless filed in accordance with prior written approval of the department for late filing, a person who does not file the report within the allotted time shall pay to the department a penalty of \$10 or an amount equal to 10 percent of the amount of fee due, whichever is greater.

(e) The department is entitled to examine the records of a permittee under Subsection (c) of this section during regular business hours. If the permittee is located outside of this state, the permittee shall maintain the records and information required by Subsection (c) of this section in this state or pay all costs incurred in the auditing of records at another location. The department shall promptly furnish to the permittee an itemized statement of any costs incurred in an out-of-state audit and the permittee shall pay the costs not later than the 30th day following the date of the statement.

(f) The department may set the fee, prescribe and furnish forms, and require the filing of reports necessary for the payment of the inspection fee.

[Acts 1981, 67th Leg., p. 1130, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 61.012. Cancellation or Revocation of Agricultural Seed Permit

(a) The department may cancel an agricultural seed permit issued under Section 61.011(c) of this code if the permittee fails to observe the rules adopted, to file a report required, or to pay a fee required under that section.

(b) The department shall revoke the permit of any person who fails either to maintain records in this state or to pay for an out-of-state audit under Section 61.011(e) of this code.

[Acts 1981, 67th Leg., p. 1131, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 61.013. Vegetable Seed License

(a) A person may not sell or offer, expose, or otherwise distribute for sale vegetable seed for planting purposes in this state unless the person possesses a valid vegetable seed license issued under this section.

(b) The department may fix by rule and collect a fee for the issuance of a vegetable seed license.

(c) An applicant for a vegetable seed license shall apply for the license on forms prescribed by the department.

(d) A vegetable seed license expires on August 31 of each year.

(e) A person who sells or offers, exposes, or otherwise distributes for sale vegetable seed in containers bearing the name and address of a licensee under this section is not required to be licensed under this section.

[Acts 1981, 67th Leg., p. 1131, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 61.014. Stop-Sale Order

(a) If the department has reason to believe that agricultural or vegetable seed is in violation of any provision of this chapter, the department may issue and enforce a written or printed order to stop the sale of the seed. The department shall present the order to the owner or custodian of the lot of seed. The person who receives the order may not sell the seed until the seed is discharged by a court under Subsection (b) of this section or until the department finds that the seed is in compliance with this chapter.

(b) The owner or custodian of seed prohibited from sale by an order of the department is entitled to sue in a court of competent jurisdiction where the seed is found for a judgment as to the justification of the order and for the discharge of the seed in accordance with the findings of the court.

(c) This section does not limit the right of the department to proceed as authorized by another section of this chapter.

[Acts 1981, 67th Leg., p. 1131, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 61.015. Seizure of Seed Not in Compliance

(a) The department may sue in a court of competent jurisdiction in the area in which the seed is located for the seizure of any lot of agricultural or vegetable seed that is not in compliance with this chapter.

(b) If the court finds that the seed is not in compliance with this chapter, the court may condemn the seed. Condemned seed shall be denatured, processed, destroyed, relabeled, or otherwise disposed of in accordance with the law of this state.

(c) The court may not condemn the seed unless the owner or custodian of the seed is given the opportunity to apply to the court for the release of the seed or for permission to condition or relabel the seed to bring it into compliance with this chapter.

[Acts 1981, 67th Leg., p. 1131, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 61.016. Exceptions

(a) Sections 61.001, 61.003-61.005, and 61.008 of this code do not apply to:

- (1) seed or grain not intended for sowing purposes;
- (2) seed in storage for cleaning or conditioning, if the label or other records pertaining to the seed bear the phrase "seed for conditioning"; or
- (3) seed being transported or consigned to a seed cleaning or conditioning establishment for cleaning or conditioning, if the invoice or labeling accompanying the seed bears the phrase "seed for conditioning."

(b) The exceptions provided by Subsection (a) of this section do not affect the criminal liability of a person for false or misleading labeling or advertising of unclean seed under Section 61.018 of this code.

(c) This chapter does not prevent one farmer from selling to another farmer seed grown on his or her own farm without having the seed tested or labeled as required by this chapter if the seed:

- (1) is not advertised in the public communications media outside the vendor's home county;
- (2) is not sold or offered or exposed for sale by an individual or organization for the farmer; and
- (3) is not shipped by a common carrier.

[Acts 1981, 67th Leg., p. 1132, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 61.017. Prosecutions

(a) If the department has reason to believe that a person has violated any provision of this chapter, the department shall conduct a private hearing on the alleged violation, giving the accused the opportunity to appear and, either in person or by agent or attorney, present evidence. After the hearing, or without a hearing if the accused or the agent or attorney of the accused fails or refuses to appear, the department may file with the appropriate district or county attorney the evidence of the violation or take other steps necessary to institute the prosecution of the violation. Venue for the prosecution is in the area in which the violation occurred.

(b) The county or district attorney or the attorney general, as applicable, shall institute proceedings at once against the person charged with the violation, if in his or her judgment the information submitted warrants the action.

(c) After judgment by a court in any case arising under this chapter, the department may publish any information pertinent to the issuance of the judgment in any media that it considers appropriate.

[Acts 1981, 67th Leg., p. 1132, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 61.018. Penalties

(a) A person commits an offense if the person sells or offers, exposes, or transports for sale agricultural or vegetable seed within this state that:

- (1) has not been tested for germination in accordance with Section 61.009 of this code;

§ 62.001. Definitions

In this chapter:

- (1) "Board" means the State Seed and Plant Board.
- (2) The term "certified seed" or "certified plant" means a seed or plant that has been determined by a seed or plant certifying agency to meet agency rules and standards as to genetic purity and identity.
- (3) "Plant" includes plant parts.

[Acts 1981, 67th Leg., p. 1134, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 62.002. State Seed and Plant Board

(a) The State Seed and Plant Board is an agency of the state. The board is composed of six members appointed by the governor with the advice and consent of the senate. Membership must include:

- (1) one individual from the Soils and Crop Sciences Department, Texas Agricultural Experiment Station, Texas A & M University;
- (2) one individual from the Department of Plant and Soil Sciences, Texas Tech University;
- (3) one individual licensed as a Texas Foundation, Registered, or Certified seed or plant producer who is not employed by a public institution;

- (6) the head of the seed division of the department.

(b) An individual appointed from a state university or the department serves on the board as an ex officio member. A member serves for a term of two years and until a successor has qualified. Members serve without compensation but are entitled to reimbursement by the state for actual expenses incurred in the performance of their duties.

(c) A member whose employment is terminated with the agency or department from which the member was appointed or who ceases to be engaged in the business or professional activity that the

member was appointed to represent vacates membership on the board.

(d) The board annually shall elect a chairman, vice-chairman, and secretary. The board shall meet at times and places determined by the chairman.

(e) The State Seed and Plant Board is subject to the Texas Sunset Act (Article 5429k, Vernon's Texas Civil Statutes). Unless continued in existence as provided by that Act the board is abolished, and this chapter expires effective September 1, 1987.

[Acts 1981, 67th Leg., p. 1134, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 62.003. Classes of Certified Seed

(a) The four classes of certified seed and plants are Breeder, Foundation, Registered, and Certified.

(b) A Breeder seed or Breeder plant is directly controlled by the originating or sponsoring person or the person's designee and is the primary source for the production of seed and plants of the other classes.

(c) A Foundation seed or Foundation plant is the progeny of Breeder or Foundation seed or plants and is produced and handled under the procedures established, in accordance with federal requirements, by a seed or plant certifying agency for the Foundation class of seed or plants for the purpose of maintaining genetic purity and identity.

(d) A Registered seed or Registered plant is the progeny of Breeder or Foundation seed or plants and is produced and handled under procedures established, in accordance with federal requirements, by a seed or plant certifying agency for the Registered class of seed or plants for the purpose of maintaining genetic purity and identity.

(e) A Certified seed or Certified plant is the progeny of Breeder, Foundation, or Registered seed or plants, except as otherwise provided by federal law, and is produced and handled under procedures established, in accordance with federal requirements, by a seed or plant certifying agency for the Certified class of seed or plants for the purpose of maintaining genetic purity and identity.

[Acts 1981, 67th Leg., p. 1134, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 62.004. Eligibility for and Standards of Certification

(a) The board may establish, not inconsistent with federal law, the eligibility of various kinds and varieties of seed and plants for genetic purity and identity certification and the procedures for that certification.

(b) The board may establish standards of genetic purity and identity, not inconsistent with federal law, for classes of certified seed and plants for which the board determines that standards are de-

sirable. In establishing the standards, the board may consider all factors affecting the quality of seed and plants.

(c) The board shall report to the department the kinds and varieties of seed and plants eligible for certification and the standards adopted for certification eligibility.

[Acts 1981, 67th Leg., p. 1135, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 62.005. Licensing of Producers of Foundation, Registered, or Certified Seed

(a) A person who wants to produce a certified class of seed or plant for which the board has established standards of genetic purity and identity may apply to the board for licensing as a Foundation, Registered, or Certified producer of seed or plants. To be licensed as a producer, a person must satisfy the board that:

(1) he or she is of good character and has a reputation for honesty;

(2) his or her facilities meet board requirements for producing and maintaining seed or plants for the certification generations desired; and

(3) he or she has met any other board requirements as to knowledge of the production or maintenance of seed or plants for the certification generations for which he or she applies to be licensed.

(b) The board may adopt rules governing the production and handling by licensed producers of certified classes of seed and plants to ensure the maintenance of genetic purity and identity.

(c) A license to produce Foundation, Registered, or Certified seed or plants is not transferable and is permanent unless revoked as provided in this chapter. A person licensed as a producer of Foundation, Registered, or Certified seed or plants is eligible to produce certified seed or plants, as provided in the license, of the class for which he or she is licensed or of any lower class of certified seed or plants, as determined by the board.

[Acts 1981, 67th Leg., p. 1135, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 62.006. Registration of Plant Breeders

(a) A person engaging in the development, maintenance, or production of seed or plants for which standards of genetic purity and identity have been established by the board may apply to the board for registration as a plant breeder. The applicant shall apply on forms prescribed by the board and shall include with the application a nonrefundable registration fee of not more than \$100, as determined by the board. To be registered as a plant breeder, a person must satisfy the board that the person is skilled in the science of plant breeding. The board may require skill to be shown by evidence of accom-

plishments in the field and may require an oral or written examination in the subject.

(b) A certificate of registration is not transferable and is permanent unless revoked as provided in this chapter.

[Acts 1981, 67th Leg., p. 1135, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 62.007. Protection of Foundation, Registered, and Certified Cotton Varieties

(a) The board shall adopt rules governing the registration for certification eligibility of newly developed varieties of cotton. A person desiring to register a new variety of cotton shall apply for registration to the board on forms prescribed by the board. To obtain registration for a new variety of cotton, a person must satisfy the board that the cotton to be registered is a distinct new variety and must meet board requirements regulating control of production, maintenance, and handling of the cotton for genetic purity and identity.

(b) On issuance of a certificate of registration for a new cotton variety, the board shall notify the department of the eligibility for certification of seed of the variety.

(c) After issuance of a certificate of registration for a new cotton variety, a person may not use the name given the new variety by the registrant in the sale of noncertified cottonseed for a period of 17 years from the date of issuance of the certificate of registration. This subsection does not apply to a variety for which an application is pending for United States plant variety protection, not specifying sale by variety name only as a class of certified seed, nor to a variety for which a certificate has been issued for United States plant variety protection, not specifying sale by variety name only as a class of certified seed.

(d) This section does not require registration of new varieties of cotton. On 10 days' notice to the board, a person may withdraw from the operation of this section a cotton variety previously registered to that person.

(e) This section does not prohibit contracts between a registrant and seedmen or farmers for the production or sale of certified seed of the new cotton variety.

(f) This section does not prohibit one farmer from selling to another farmer cottonseed of a new variety grown on his or her own farm in accordance with Section 61.016(c) of this code.

(g) If the board determines that a critical situation exists because rain, hail, drouth, insects, or other natural elements beyond producers' control have reduced the supply of planting seed of a registered cotton variety, the board may hold a public hearing to determine the extent of the emergency.

The board shall publish notice of the time, place, and nature of the hearing in at least three newspapers of general circulation in the state at least seven days before the hearing. At the hearing and after presentation of evidence from interested parties, the board may allow noncertified seed grown from certified seed of the variety in which a shortage exists to be sold by variety name for that crop year only. This subsection does not apply to a variety for which an application is pending for United States plant variety protection, specifying sale by variety name only as a class of certified seed, nor to a variety for which a certificate has been issued for United States plant variety protection, specifying sale by variety name only as a class of certified seed.

(h) This section does not apply to seeds marketed or approved for certification eligibility before September 1, 1969.

[Acts 1981, 67th Leg., p. 1136, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 62.008. Certification of Seed and Plants

(a) The department is the certifying agency in Texas for the certification of seed and plants. The department shall employ a sufficient number of inspectors from persons nominated by the board to carry out the inspection provisions of this chapter. Inspectors must meet qualifications set by the board.

(b) A person who is licensed as a Foundation, Registered, or Certified seed or plant producer, who is registered as a plant breeder, or who has a certificate of registration for a cotton variety is eligible to have seed or plants of an eligible class and variety certified by the department. On request by a licensed producer, registered plant breeder, or registrant of a cotton variety to have seed or plants certified, the department shall inspect the producer's or registrant's fields, facilities, and seed or plants. Inspection may include tests approved by the board and carried out by inspectors under the authority of the department.

(c) After inspection, if the department determines that the production of seed or plants has met the standards and rules prescribed by the board, it shall cause to be attached to each container of the product a label identifying the seed or plant and the certified class and including other information required by statute or by rule of the board. The board shall prescribe the format of the label.

(d) The department shall fix and collect a fee for the issuance of a certification label in an amount necessary to cover the costs of inspection and labels.

[Acts 1981, 67th Leg., p. 1137, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 62.009. Seed and Plants From Outside the State

(a) The department may adopt rules, including testing requirements and standards, which must be met before seed or plants represented to be of a certified class may be shipped into the state for distribution in the state. The rules adopted shall be designed to ensure buyers in the state of having available certified seed and plants of known origin, genetic purity, and identity and shall correspond to appropriate rules used in certifying seed and plants produced in Texas.

(b) The department may require inspections of seed and plants represented to be of a certified class and shipped into the state for distribution in the state and may collect fees to cover costs of inspection, as determined by the department. The department may require inspection fee payment before distribution in the state.

(c) A person may not distribute in this state seed or plants represented to be of a certified class and shipped into the state for distribution in the state, unless the person has first complied with any rules, including testing requirements, adopted by the department for seed or plants shipped into the state.

(d) A person may not sell or offer for sale in this state seed or plants represented to be of a certified class and shipped into the state for distribution in the state, unless the seed or plants have been certified by an official certifying agency in the state, province, or country of origin or have been certified by the department.

(e) Seed or plants shipped into the state for distribution in the state which are represented to be of a certified class and which are found by the department after investigation to violate the requirements of this section are restricted from distribution. In addition, the department may order the seed or plants in violation confiscated and retained under general supervision of the department. An owner or consignee of restricted or confiscated seed or plants may appeal the order by filing an appeal within 10 days of the order. Appeal is in the county court of the county where the seed or plants are restricted or were confiscated. The appeal in county court is by trial de novo. If no appeal is filed as provided in this section or if after an appeal in county court, the department's action is not reversed, the department may destroy confiscated seed or plants.

[Acts 1981, 67th Leg., p. 1137, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 62.010. Revocation of Registration, License, or Certification

(a) If an inspector reports to the department that a registered plant breeder or licensed producer of Foundation, Registered, or Certified seed or plants

has made exaggerated claims for products or has failed to observe any rule governing the maintenance and production of a certified class of seed or plants that he or she is registered or licensed to produce or maintain, the department may give written notice to the breeder or producer of the time and place of a revocation hearing to be held by the department not later than the 10th day following the day on which notice is issued.

(b) If at the hearing, the department finds that the registered plant breeder or licensed producer has made exaggerated claims or has violated any rule for the production and maintenance of the certified class of seed or plants involved, the department may revoke the registration or license and order the cancellation and withdrawal of all appropriate certification labels previously issued for the seed or plants.

(c) A registered plant breeder or licensed producer whose registration or license has been revoked and whose certification labels have been canceled and withdrawn may appeal the action to the board by filing a notice of appeal with the department within 30 days of the revocation. The department shall report the notice of appeal to the board, which shall give written notice of the time and place for an appeal hearing to the appellant. The hearing on appeal may not be less than 10 nor more than 30 days after the day on which notice of appeal is filed with the department. If the department's action is reversed at the appeal hearing, the board shall direct the department to reinstate the registration or license and reissue certification labels for seed or plants for which labels were previously canceled and withdrawn.

[Acts 1981, 67th Leg., p. 1138, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 62.011. Penalties

(a) A person permits an offense if the person:

(4) sells or offers for sale seed or plants represented to be certified in explicit oral or written statements or by misleading oral or written statements if the seed or plants have not been certified or have not been certified as being of the class of which they are represented;

(5) violates Section 62.007(c) of this code; or

(6) violates Section 62.009(c), (d), or (e) of this code.

(b) An offense under Subsection (a)(1), (a)(2), or (a)(6) of this section is a misdemeanor punishable by:

(a) The person responsible for paying the inspection fee shall file with the service a quarterly sworn report either stating that no tonnage of commercial fertilizer was distributed during the preceding quarter or setting forth the tonnage of each commercial fertilizer that the person distributed in this state during the preceding quarter. Each quarterly tonnage report must be accompanied by payment of the inspection fee due based on the tonnage reported for that quarter.

(b) A quarterly tonnage report and inspection fee payment is due on or before the 31st day following the last day of November, February, May, and August.

(c) A registrant shall preserve and maintain in usable condition all records required by this section and shall retain the records for a period of at least two years. The service may require a registrant to retain records for a period longer than two years if the service determines it to be in the public interest.

(d) If a registrant is located outside this state, the registrant shall maintain the records and information required by this section in this state or pay all costs incurred in the auditing of records at another location. The service shall promptly furnish to the registrant an itemized statement of any costs incurred in an out-of-state audit and the registrant shall pay the costs before the 31st day following the date of the statement.

The notice must be in writing and give full details of the findings of the service.

(b) After receiving a notice under Subsection (a) of this section, the manufacturer or other person who caused the fertilizer to be distributed may request that the service submit portions of the sample analyzed to other chemists for independent analysis. After receiving a request, the service shall submit two portions of the sample analyzed to two qualified chemists selected by the service. If requested, the service shall also submit one portion of the sample to the person requesting independent analysis. A request under this subsection must be filed with the service before the 16th day following the day on which notice is given.

(c) Each of the chemists selected by the service under Subsection (b) of this section shall analyze the portion of the sample and certify findings to the service under oath. The findings shall be prepared in duplicate and the service shall forward one copy of each chemist's findings to the person who requested independent analysis.

(d) The three chemical analyses obtained under this section may be considered in determining whether a violation of this chapter has occurred.

- (2) a warning to all persons not to dispose of the fertilizer in any manner until the service or a court gives permission or until the stop-sale order expires.

(b) If the service finds that a commercial fertilizer is in compliance with this chapter, the service shall immediately remove the stop-sale order.

If the court determines that the fertilizer is in violation of this chapter, the fertilizer shall be disposed of by sale or destruction in accordance with the order of the court.

(b) If a condemned commercial fertilizer is sold under Subsection (a) of this section, the proceeds of the sale, less court costs and charges, shall be paid into the state treasury.

(c) If the court finds that a violation of this chapter may be corrected by proper processing or labeling, the court may order that the fertilizer be delivered to the registrant for processing or labeling

under the supervision of the service. Before entering that order, the court shall:

- (1) enter the decree;
- (2) require that all costs, fees, and expenses be paid; and
- (3) require the registrant to post good and sufficient bond conditioned on the proper labeling and processing of the fertilizer.

If the court finds that the person responsible for compliance has been served with a written order, that the premises are subject to the order, and that the material allegations in the petition are true, the court shall enter an order commanding the person to comply immediately with the written directions of the department. A person who refuses to comply with the court's order may be punished for contempt of court.

(b) Any resident of this state may sue for an injunction or mandamus to compel compliance with this chapter or to restrain a violation of this chapter. (5) Polychlorinated benzoic acids; and

(6) derivatives and formulations of substances listed by Subdivisions (1)-(5) of this subsection.

(b) To prevent a hazard to desirable vegetation through drift or other uncontrolled application, the department may, after a public hearing, determine that this chapter applies to a substance, in addition to those listed by Subsection (a) of this section, that is used to control plants growing where they are not wanted.

[Acts 1981, 67th Leg., p. 1180, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 75.004. Dealer's License

(a) Except as provided by Subsection (b) of this section, a person may not sell, wholesale, distribute, offer or expose for sale, exchange, barter, or give away in this state, a herbicide in a container having a net capacity of more than 16 fluid ounces unless the person first obtains a dealer's license from the department.

(b) A person is not required to be licensed if the container described by Subsection (a) of this section:

(1) has a net capacity that does not exceed one gallon;

(2) contains a substance with a concentration of herbicide not exceeding 10 percent by volume; and

(3) bears a label stating that its contents are for lawn use only.

(c) Except as provided by this subsection, an application for a dealer's license must be accompanied by a dealer's license fee for each warehouse or branch of the applicant's business. If the applicant's principal office keeps and reports satisfactory records for all subsidiary branches, the applicant shall pay one license fee.

(d) The department by rule shall set the fee for a dealer's license in an amount not to exceed \$100.

(e) A dealer's license expires January 1 of each year.

[Acts 1981, 67th Leg., p. 1180, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 75.005. Record of Sale

(a) A person required to obtain a dealer's license by Section 75.004 of this code shall record each sale

of a herbicide that is sold in a container having a net capacity of more than 16 fluid ounces and shall keep a copy of the record for at least two years after the date of the sale.

(b) The department shall adopt rules that prescribe the information to be stated in the records required by this section.

(c) The department may require that a copy of the records required by this section be submitted periodically to the department. The copies submitted to the department are public information.

(d) The department shall revoke the dealer's license if the licensee fails to submit a copy of the records as required by the rules adopted under Subsection (c) of this section. This penalty does not affect other penalties provided by this chapter.

§ 75.006. **Permit; Fee**

(a) Except as provided by this section, a person may not apply a herbicide to any land or plants unless the person first obtains a permit to apply a herbicide from the department.

(b) An application for a permit to apply a herbicide must be accompanied by a permit fee set by the department in an amount not to exceed 10 cents an acre for the area to which the herbicide is to be applied.

(c) A permit is not required if during any one year the person applies a herbicide to a total acreage of 10 acres or less.

(d) The department by rule may exempt from the permit and fee requirement of this section:

- (1) a particular type of application of a herbicide; or
- (2) a governmental body.

(e) If the department finds that a type of application of a herbicide does not create a hazard in a particular area, the department by rule shall exempt that area from the permit and fee requirement of this section.

(f) A permit to apply a herbicide and payment of the permit fee is not required for experimental work with a herbicide by the department, a recognized college or university, the United States Department of Agriculture, a governmental body, or a public organization if the entity gives written notice of the work to the department and does the work in accordance with rules adopted by the department. The department may exempt those entities from any other requirement of this chapter or rule adopted under this chapter.

[Acts 1981, 67th Leg., p. 1181, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 75.007. **Inspection Before Issuing Permit**

§ 75.009. **Powder or Dry Herbicides**

(a) The department may not issue a permit to apply a powder or dry-type herbicide unless:

- (1) all particles of the herbicide can pass through a U.S. standard 10-mesh sieve; and
- (2) not more than one percent of the particles can pass through a U.S. standard 60-mesh sieve.

(b) The holder of a permit to apply a powder or dry-type herbicide may not apply a powder or dry-type herbicide that does not meet the requirements of Subsection (a) of this section.

[Acts 1981, 67th Leg., p. 1181, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 75.010. **Term of Permit**

(a) A permit to apply a herbicide expires:

- (1) when the herbicide has been applied to the area described by the permit;
- (2) when all acreage for which the permit was granted has been treated; or
- (3) if the acreage is not treated, on the 180th day after the day on which the permit was issued.

(b) If a herbicide is not applied to acreage for which a permit was issued, the person to whom the permit was issued, after filing a request for a refund, shall receive a refund equal to the amount of fees paid for acreage not treated.

[Acts 1981, 67th Leg., p. 1182, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 75.011. **Refusal, Amendment, or Revocation of Permit**

The department may amend, revoke, or refuse to grant a permit to apply herbicide.

§ 75.012. **Application of Herbicide**

(a) If a person applies a herbicide, the person shall act in accordance with rules adopted by the department.

(b) If a herbicide is applied by a custom applier, the person for whom the application of a herbicide

is made and the custom applier shall jointly supervise the application in compliance with the rules adopted under Subsection (a) of this section.

(c) Regardless of whether a permit for the application of a herbicide is required under this chapter, each person before spraying a herbicide on land or plants, other than a lawn, shall:

- (1) give notice of intent to spray; and
- (2) submit a record of the spraying in accordance with rules of the department.

(d) If the department finds that an application of a herbicide is hazardous to crops or valuable plants in an area, the department may prohibit the application of a herbicide in that area for the period during which the hazard exists.

[Acts 1981, 67th Leg., p. 1182, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 75.013. Applier's Records

(a) Except as provided by Subsection (d) of this section, each person who applies a herbicide shall record each application of a herbicide that he or she makes and shall keep a copy of the records for at least two years after the date the application was made.

(b) The department shall adopt rules that prescribe the information to be stated in the records required by this section.

(c) To be eligible to hold a valid permit to apply a herbicide, a person must submit to the department, within a period prescribed by rule of the department, the record of each application of a herbicide made by the person. The department may require all persons who apply a herbicide to submit periodically to the department a copy of the records required by this section.

(d) A person, other than a custom applier, who applies a herbicide to a lawn is not required to make and keep the records required by Subsection (a) of this section for that application of a herbicide.

[Acts 1981, 67th Leg., p. 1182, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 75.014. Custom Applier's Bond; Crop Damage Insurance

(a) Each custom applier shall:

- (1) deposit with the department a surety bond approved by the department in the amount of \$20,000 plus \$2,000 for each piece of spraying equipment licensed for use by the custom applier; or
- (2) subscribe for and hold a policy of crop damage insurance approved by the department with coverage in the amount described by Subdivision (1) of this subsection.

(b) A custom applier shall increase the amount of a bond or the amount of coverage of crop damage

insurance by \$2,000 for each piece of spraying equipment used by the custom applier.

(c) A surety bond must be conditioned on compliance with this chapter and rules adopted under this chapter.

(d) Failure to perform the conditions of a bond resulting in injury to any crop or valuable plants is grounds for forfeiture of the bond to the person owning the crop or plants in a suit brought by the department or an interested party.

(e) The department shall prescribe requirements of crop damage insurance policies.

(f) The furnishing of a surety bond or crop damage insurance does not limit any civil or criminal liability incurred because of the negligent or unlawful use of a herbicide.

[Acts 1981, 67th Leg., p. 1183, ch. 388, § 1, eff. Sept. 1, 1981.]

- (2) inspect the area surrounding the crops to find possible sources of drift; and
- (3) report all findings concerning the affected crops.

(b) If a person's crops or plants are affected by drift of a hormone-type herbicide, the person shall notify the department of the effect. The person shall give notice before the crop is harvested or the plants are destroyed, whichever occurs first.

(c) If notice is not given in accordance with Subsection (b) of this section, it is presumed that there was no effect of a hormone-type herbicide. This presumption is rebuttable.

[Acts 1981, 67th Leg., p. 1183, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 75.016. Equipment License; Fee

(a) A custom applier may not use equipment to apply a herbicide unless the equipment first is inspected and licensed by the department.

(b) The department shall inspect a piece of equipment before renewing an equipment license. If the equipment is used on an aircraft, the department shall inspect the equipment:

- (1) during each 30-day period while the equipment is installed on the aircraft and is in use; or
- (2) before the equipment is used, if removed from the aircraft and reinstalled after the 30th day after the day on which the equipment was last inspected.

(c) At the time of inspection, a custom applier shall pay an inspection fee of \$10 for each piece of equipment inspected.

(d) An equipment license expires on January 1 of each year.

[Acts 1981, 67th Leg., p. 1183, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 75.017. Regulation of Equipment

The department by rule may:

- (1) provide requirements for all equipment regardless of whether the equipment is required to be licensed;
- (2) regulate or prohibit the use of equipment that may be hazardous in an area of the state; and
- (3) define what constitutes an installation of equipment on an aircraft.

[Acts 1981, 67th Leg., p. 1184, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 75.018. Rules

(a) Before the 21st day after the day on which the department receives, from an interested person, a written request for a revision of a rule, an exemption from a requirement of this chapter, or a prohibition of the spraying of a herbicide in an area, the department shall hold a public hearing to consider the request.

(b) Before the 10th day before the day on which a hearing required by this section is held, the department shall deliver notice of the hearing to each holder of a permit or license in the area affected by the hearing.

(c) The department may not hold more than one hearing to consider the condition of a particular area during a 90-day period unless the department determines that more frequent hearings are necessary.

(d) The department shall distribute in printed form all rules of the department adopted under this chapter and shall deliver a copy of those rules to each applicant for a permit or license.

[Acts 1981, 67th Leg., p. 1184, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 75.019. Enforcement

(a) The department shall enforce this chapter and rules adopted under this chapter.

(b) If a county or district attorney refuses to act on behalf of the department in its enforcement of this chapter or a rule adopted under this chapter, the attorney general shall act on the department's behalf.

[Acts 1981, 67th Leg., p. 1184, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 75.020. Employees

The department may employ inspectors and other employees necessary for the proper enforcement of this chapter and rules adopted under this chapter.

[Acts 1981, 67th Leg., p. 1184, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 75.021. County Herbicide Inspector

(a) The commissioners court of each county may appoint and compensate persons to be herbicide inspectors for the area designated by the appointment.

(b) A county herbicide inspector shall cooperate with and work under the supervision of the department in enforcing this chapter and rules adopted under it.

(c) A county herbicide inspector has the powers of an employee of the department.

[Acts 1981, 67th Leg., p. 1184, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 75.022. Application of Chapter

(a) Because there is no crop or vegetation of value susceptible to damage in the area, Sections 75.006-75.017 of this code do not apply to a county of this state, except Dawson County, that lies north or west of:

- (1) the southern boundaries of Andrews, Martin, Howard, Mitchell, Nolan, Taylor, Callahan, and Eastland counties;
- (2) the eastern boundaries of Eastland, Stephens, and Young counties; and

§ 75.023. Revocation and Reinstatement of Exemption

(a) If the commissioners court of a county exempted by Section 75.022 of this code determines that a crop or vegetation of value that is susceptible to damage exists in the county or a portion of the

county and evidences its determination by an appropriate order entered in the minutes of the court, Sections 75.006-75.017 of this code become effective in that county or portion of the county immediately on entry of the order.

(b) If the commissioners court of a county, all or a part of which has been removed from the exemption of Section 75.022 of this code under Subsection (a) of this section, determines that there is no longer a crop or vegetation susceptible to damage in that county or portion of the county, the court may order the exemption reinstated.

(c) If the commissioners court of a county that is subject to this chapter determines that there is no crop or vegetation of value susceptible to damage in the county or a portion of the county, the court by order may exempt the county or that portion of the county from the application of Sections 75.006-75.017 of this code.

(d) If a county or a portion of a county has been exempted under Subsection (c) of this section, the commissioners court may hold a hearing and enter an order revoking that exemption.

(e) Before an order may be entered under this section, the commissioners court shall hold a hearing to determine whether the order should be issued. The hearing may be held only once each year and only in the month of October, November, or December. Before the 10th day before the day on which the hearing is to be held, the commissioners court shall give notice of the hearing in at least one newspaper in the county.

(f) Before the 21st day after the day on which an order is entered, an interested person may appeal an order of a commissioners court issued under this section to district court to test the reasonableness of the commissioners court's fact-finding. On appeal, the district court shall follow the rules governing judicial review of contested cases under Section 19, Administrative Procedure and Texas Register Act (Article 6252-13a, Vernon's Texas Civil Statutes), and shall apply the substantial evidence rule. Appeals may be taken from the district court as in other civil cases.

(g) An order issued by the commissioners court under this section becomes effective January 1 of the year following the date of the hearing.

(h) The commissioners court shall notify the department of a change in the status of the exemption of a county or a portion of a county under this section.

[Acts 1981, 67th Leg., p. 1185, ch. 388, § 1, eff. Sept. 1, 1981.]

(B) in the case of a plant regulator, an ingredient that through physiological action accelerates or retards the rate of growth or rate of

maturation or otherwise alters the behavior of an ornamental or crop plant or the product of an ornamental or crop plant;

(C) in the case of a defoliant, an ingredient that causes leaves or foliage to drop from a plant; or

(D) in the case of a desiccant, an ingredient that artificially accelerates the drying of plant tissue.

(2) "Animal" means a vertebrate or invertebrate species, including man, other mammals, birds, fish, and shellfish.

(3) "Antidote" means a practical treatment used in preventing or lessening ill effects from poisoning, including first aid.

(4) "Defoliant" means a substance or mixture of substances intended to cause the leaves or foliage to drop from a plant, with or without causing abscission.

(5) "Desiccant" means a substance or mixture of substances intended to artificially accelerate the drying of plant tissue.

(6) "Device" means an instrument or contrivance, other than a firearm, that is used to trap, destroy, repel, or mitigate a pest or other form of plant or animal life, other than man or a bacterial, virus, or other microorganism on or in living man or other living animals. The term does not include equipment sold separately from a pesticide.

(7) "Distribute" means offer for sale, hold for sale, sell, barter, or supply.

(8) "Environment" includes water, air, land, plants, man, and other animals living in or on water, air, or land, and the interrelationships that exist among them.

The term does not include a pressurized hand-sized household apparatus used to apply a pesticide or any equipment or contrivance for which the person applying the pesticide is the source of power or energy used in making the pesticide application.

(10) "Fungus" means a non-chlorophyll-bearing thallophyte, including rust, smut, mildew, mold, yeast, or bacteria, but not including a non-chlorophyll-bearing thallophyte on or in living man or other living animals or on or in a processed food, beverage, or pharmaceutical.

(11) "Inert ingredient" means an ingredient that is not an active ingredient.

(12) "Insect" means any of the numerous small invertebrate animals generally having a segmented body and for the most part belonging to the class Insecta, comprising six-legged, usually winged forms such as beetles, bugs, bees, and

flies. The term includes allied classes of arthropods, the members of which are wingless and usually have more than six legs, such as spiders, mites, ticks, centipedes, and wood lice.

(13) "Label" means the written, printed, or graphic matter on or attached to a pesticide or device or any of its containers or wrappers.

(1) the applicant has been convicted of a felony involving moral turpitude in the last five years;

(2) the applicant has had a license issued under this subchapter revoked within the last two years;

(3) the applicant, or the applicant's representative if the applicant is a business, has been unable to satisfactorily fulfill certification requirements; or

(4) the applicant for any other reason cannot be expected to be able to fulfill the provisions of this subchapter applicable to the license use category for which application is made.

(e) An individual to whom a commercial applicator license is issued is a certified applicator authorized to use and supervise the use of restricted-use and state-limited-use pesticides in the license use categories and subcategories in which the individual is licensed.

(f) If a license is issued in the name of a business, the business must have a certified applicator employed at all times. Failure to have a certified applicator employed is a ground for revocation of a business commercial applicator license.

(g) As a condition to issuance of a commercial applicator license, an applicant located outside this state shall file with the regulatory agency a written instrument designating a resident agent for service of process in actions taken in the administration and enforcement of this chapter. Instead of designating a resident agent, the applicant may designate in writing the secretary of state as the recipient of service of process for the applicant in this state.

§ 76.109. Noncommercial Applicator License

(a) A person who is required to be licensed under Section 76.105 of this code but who does not qualify as a commercial applicator or a private applicator shall apply to the appropriate regulatory agency for a noncommercial applicator license issued for the license use categories and subcategories in which the pesticide application is to be made.

(b) A person shall apply for an original or renewal noncommercial applicator license on forms prescribed by the regulatory agency. A nongovernmental applicant shall include with the application an annual license fee of not more than \$50, as fixed by the head of the regulatory agency. A regulatory agency may not charge a governmental entity applicant a license fee.

(c) The head of a regulatory agency may not issue an original noncommercial applicator license

before the applicant has passed an examination under Section 76.110 of this code.

(d) An individual to whom a noncommercial applicator license is issued is a certified applicator authorized to use and supervise the use of restricted-use and state-limited-use pesticides in the license use categories and subcategories in which the individual is licensed.

(e) If a license is issued in the name of a governmental entity, the entity must have a certified applicator employed at all times. Failure to have a certified applicator employed is a ground for revocation of a governmental entity noncommercial applicator license.

(f) As a condition to issuance of a noncommercial applicator license, an applicant located outside this state shall file with the regulatory agency a written instrument designating a resident agent for service of process in actions taken in the administration and enforcement of this chapter. Instead of designating a resident agent, the applicant may designate in writing the secretary of state as the recipient of service of process for the applicant in this state.

§ 76.110. Certified Applicator Examination; Reciprocal Agreements

(a) Each person applying for a license as a certified applicator must pass an examination demonstrating that the person:

(1) is properly qualified to perform functions associated with pesticide application to a degree directly related to the nature of the activity and the associated responsibility; and

(2) has knowledge of the use and effects of restricted-use and state-limited-use pesticides in the license use categories and subcategories in which the person is to be licensed.

(b) The head of a regulatory agency may waive part or all of any license examination requirements on a reciprocal basis with any other state or federal agency that has substantially the same examination standards.

[Acts 1981, 67th Leg., p. 1199, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 76.111. Commercial Applicator Proof of Financial Responsibility

(a) Each applicant for a commercial applicator license shall file with the regulatory agency issuing the license:

(1) a bond executed by the applicant as principal and by a corporate surety licensed to do business in Texas as surety; or

(2) a liability insurance policy, or certification of a policy, protecting persons who may suffer

damages as a result of the operations of the applicant.

(b) The bond or liability insurance policy is not required to apply to damages or injury to agricultural crops, plants, or land being worked on by the applicant.

(c) The bond or liability insurance policy must be approved by the regulatory agency and conditioned on compliance with the requirements of this chapter and rules adopted under this chapter.

(d) The amount of the bond or liability insurance required by a regulatory agency may not be less than \$5,000 nor more than \$100,000 for property damage insurance and may not be less than \$5,000 for bodily injury insurance. The head of a regulatory agency by rule may require different amounts of bond or insurance coverage for different classifications of operations under this chapter. At all times during the license period, the bond or liability insurance must be maintained at not less than the amount set by the agency head.

(e) At least 10 days before a reduction requested by a licensee or a cancellation of a bond or liability insurance policy, the party taking the action shall notify the head of the appropriate regulatory agency. If the party does not give that notice, the liability of the surety or insurer is limited to the bond or liability insurance policy.

(f) The head of a regulatory agency may accept a bond or liability insurance policy in the proper sum which has a deductible clause in an amount of not more than \$1,000 for the total amount of the bond or liability insurance policy required by this section. If the applicant has not satisfied the requirement of the deductible amount in any prior legal claim, an agency head may not accept a bond or policy with a deductible clause unless the applicant furnishes the agency with a surety bond that satisfies the amount of the deductible clause as to all claims that may arise as a result of the applicant's operation.

(g) Should the surety furnished under this section become insufficient or otherwise unsatisfactory, a licensee shall, on notice of the insufficiency or other defect, immediately file a new bond or liability insurance policy. A licensee may not operate as a commercial applicator during an uninsured period. Failure to file a bond or liability insurance policy or failure to maintain the surety in the required amount is a ground for suspension or revocation of a commercial applicator license.

[Acts 1981, 67th Leg., p. 1200, ch. 388, § 1, eff. Sept. 1, 1981. Amended by Acts 1981, 67th Leg., p. 2590, ch. 693, § 6, eff. Sept. 1, 1981.]

§ 76.112. Private Applicator

(a) A person is a private applicator if the person uses or supervises the use of a restricted-use or

state-limited-use pesticide for the purpose of producing an agricultural commodity:

(1) on property owned or rented by the person or the person's employer or under the person's general control; or

(2) on the property of another person if applied without compensation other than the trading of personal services between producers of agricultural commodities.

(b) A private applicator is not required to be licensed or certified to use restricted-use or state-limited-use pesticides.

(c) The department may establish a voluntary program to certify private applicators who wish to apply restricted-use pesticides in compliance with federal law.

(d) An employee qualifies as a private applicator under Subdivision (1) of Subsection (a) of this section only if he is employed to perform other duties related to agricultural production and provide labor for the pesticide application but does not provide the necessary equipment or pesticide.

[Acts 1981, 67th Leg., p. 1200, ch. 388, § 1, eff. Sept. 1, 1981. Amended by Acts 1981, 67th Leg., p. 2590, ch. 693, § 7, eff. Sept. 1, 1981.]

§ 76.113. Expiration and Renewal of Licenses

(a) Each commercial or noncommercial applicator license expires on the last day of February of the year following the year in which it was issued.

(b) Except as provided by Subsection (c) of this section, a person having a valid current commercial or noncommercial applicator license may renew the license for another year without retesting by paying to the regulatory agency the annual license fee required by this subchapter.

(c) A licensee must undertake training, submit to retesting, or both, before renewal of a license if the head of the agency determines that additional knowledge is required in the license use categories or subcategories in which the licensee applies for renewal.

[Acts 1981, 67th Leg., p. 1201, ch. 388, § 1, eff. Sept. 1, 1981. Amended by Acts 1981, 67th Leg., p. 2591, ch. 693, § 8, eff. Sept. 1, 1981.]

§ 76.114. Records

(a) A regulatory agency shall require each licensee to maintain records of the licensee's use of pesticides. The regulatory agency by rule shall prescribe the information to be included in the records.

(b) A regulatory agency may require a licensee to keep records of the licensee's application of a specific restricted-use or state-limited-use pesticide and may require those records to be kept separate from other business records.

(c) A licensee shall keep records required under this section for a period of two years from the date of the pesticide application.

(d) On written request of the regulatory agency, a licensee shall furnish the agency a copy of any requested record pertaining to the application of pesticides.

[Acts 1981, 67th Leg., p. 1201, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 76.115. Registration and Inspection of Equipment

(a) Each regulatory agency shall provide for the registration and inspection of equipment used in the commercial application of a restricted-use or state-limited-use pesticide.

(b) A regulatory agency may require repairs or alterations of equipment before further use.

(c) The head of a regulatory agency by rule shall adopt standards that must be met before equipment may be registered.

(d) Each piece of registered equipment shall be identified by a license plate or decal furnished by a regulatory agency at no cost to the licensee. The license plate or decal must be attached to the equipment in a manner and location prescribed by the regulatory agency.

[Acts 1981, 67th Leg., p. 1201, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 76.116. Suspension, Modification, or Revocation of License

(a) The head of a regulatory agency that licensed a certified applicator may suspend, modify, or revoke any provision in the license of the certified applicator if the head of the agency finds that the licensee has:

(1) made a pesticide recommendation or application inconsistent with the pesticide's labeling or with the restrictions on the use of the pesticide imposed by the state or the Environmental Protection Agency;

(2) operated in a faulty, careless, or negligent manner;

(3) refused or, after notice, failed to comply with an applicable provision of this chapter, a rule adopted under this chapter, or a lawful order of the head of a regulatory agency by which the licensee is licensed;

(4) refused or neglected to keep and maintain the records required by this chapter or to make reports when and as required;

(5) failed to maintain a bond or policy of insurance as required by this chapter;

(6) made false or fraudulent records, invoices, or reports;

(7) used fraud or misrepresentation in making an application for a license or renewal of a license; or

(8) aided or abetted a licensed or an unlicensed person to evade the provisions of this chapter, conspired with a licensed or an unlicensed person to evade the provisions of this chapter, or allowed the licensee's license to be used by another person.

(b) A regulatory agency may temporarily suspend a license under this section for not more than 10 days after giving the licensee written notice of noncompliance. In order to suspend a license for more than 10 days or to modify or revoke a license, the regulatory agency shall conduct a hearing on the action. The hearing must be held before the 11th day following the day on which the agency issues written notice to the licensee of the time, place, and nature of the hearing.

[Acts 1981, 67th Leg., p. 1201, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 76.117. Property Owner Use

This chapter does not prohibit a property owner from using in the property owner's house, lawn, or garden a pesticide that is labeled for that use, other than a pesticide that may be registered and classified for use only by certified applicators.

[Acts 1981, 67th Leg., p. 1202, ch. 388, § 1, eff. Sept. 1, 1981.]

- (1) preventing injury from storage or disposal to man, vegetation, crops, or animals; and
- (2) preventing any waterway pollution that is harmful to man or wildlife.

(b) A person may not store or dispose of a pesticide in violation of a rule adopted by the department under this section.

(b) A regulatory agency is entitled to enter any public or private premises at reasonable times to:

(1) inspect any equipment authorized or required to be inspected under this chapter or to inspect the premises on which the equipment is kept or stored;

The department shall present the order to the owner or custodian of the pesticide. The person who receives the order may not sell the pesticide until the department determines that the pesticide is in compliance with this chapter.

(a) A person whose application for an experimental use permit, pesticide dealer license, commercial applicator license, or noncommercial applicator license has been denied or whose experimental use permit, pesticide dealer license, commercial applicator license, or noncommercial applicator license has been suspended for more than 10 days, revoked, or

modified may appeal the action in the manner provided for appeal of contested cases under the Administrative Procedure and Texas Register Act (Article 6252-13a, Vernon's Texas Civil Statutes).

(b) Appeal under this section is governed by the substantial evidence rule.

[Acts 1981, 67th Leg., p. 1204, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 76.184. Reports of Pesticide Damage Claims

(a) A person claiming damages from a pesticide application may file with the regulatory agency that licensed the certified applicator whose action allegedly caused the damage a written statement claiming that the person has been damaged. To be eligible for consideration by the agency, the report must be filed before the 31st day following the day of the alleged occurrence or, if a growing crop is alleged to have been damaged, before the time that 25 percent of the crop has been harvested or before the 31st day, whichever is less. The report must contain the name of the person allegedly responsible for the application of the pesticide and the name of the owner or lessee of the land on which the crop is grown and to which damage is alleged to have occurred. The regulatory agency shall prepare a form to be furnished to persons for use in filing damage reports. The form may contain other information that is required by the head of the regulatory agency.

The regulatory agency shall furnish copies of the report to those people on request.

(c) The regulatory agency shall inspect damages whenever possible and shall report its findings to the person claiming damage and to the person alleged to have caused the damage. In order that damage may be assessed, the claimant shall permit the regulatory agency and the licensee to observe, within reasonable hours, the land or nontarget organism alleged to have been damaged.

(d) Failure to file a report does not bar maintenance of a civil or criminal action. If a person fails to file a report and is the only person claiming injury from the particular use or application of a

pesticide, the regulatory agency may, if in the public interest, refuse to hold a hearing for the denial, suspension, or revocation of a license issued under this chapter to the person alleged to have caused the damage.

(1) transporting agents to act for the licensee in the transporting of vegetables; and

(2) buying agents to act for the licensee in any act requiring licensing under Section 101.003 of this code.

(b) The department may collect a fee not to exceed \$1 for each card and shall issue transporting agent cards in a color different from buying agent cards.

(c) An identification card must bear:

(1) the name of the licensee;

(2) the number of the licensee's license;

(3) the name of the agent; and

(4) a statement that the licensee, as principal, has authorized the agent named on the card to act for and on behalf of the licensee, either as buying agent or transporting agent, as applicable.

(d) A buying agent or transporting agent shall carry the identification card on the agent's person at all times. On demand of the department or any person with whom the agent is transacting business, the agent shall display the identification card.

(e) If the holder of an identification card ceases to be the agent of the licensee, the agent shall immediately return the card to the department for cancellation.

[Acts 1981, 67th Leg., p. 1254, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 101.011. License or Identification Card Not Assignable

The complaint must be filed within 12 months after the date of the act that aggrieved, injured, or damaged the complaining party.

(b) If, following the hearing, the department finds that the evidence warrants cancellation of the license or identification card, the department shall issue an order cancelling the license or card.

(c) The department shall conduct the hearing under this section, and the person whose license or identification card is canceled may appeal the decision of the department, in the manner provided for contested cases under the Administrative Procedure and Texas Register Act (Article 6252-13a, Vernon's Texas Civil Statutes). § 101.013. Payment of Purchase Price on Demand

(a) If a licensee causes a producer, seller, or owner, or an agent of a producer, seller, or owner, to part with control or possession of all or any part of the person's vegetables and agrees by contract of purchase to pay the purchase price on demand following delivery, the dealer shall make payment immediately on demand.

(b) If a person makes demand for the purchase price in writing, the mailing of a registered letter that makes the demand and is addressed to the licensee at the licensee's business address is prima facie evidence that demand was made at the time the letter was mailed.

(c) If the producer, seller, owner, or agent waives the right to payment of purchase price on demand, the contract for the handling, purchase, or sale of the vegetables must be in writing. The parties shall prepare the contract in duplicate and set out in the contract the full details of the transaction. If the contract does not specify the time and manner of settlement, the licensee shall pay the full amount called for by the contract directly to the producer, seller, owner, or agent before the 31st day following the day of delivery of the vegetables into the licensee's control.

[Acts 1981, 67th Leg., p. 1255, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 101.014. Commission or Service Charge in Contract

If a licensee handles vegetables by guaranteeing a producer or owner a minimum price and handles the vegetables on the account of the producer or owner, the licensee shall include in the contract with the producer or owner the maximum amount that the licensee will charge for commission, service, or both, in connection with the vegetables handled.

[Acts 1981, 67th Leg., p. 1256, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 101.015. Settlement on Grade and Quality

(a) Except as otherwise provided by this section, a licensee shall settle with the producer or seller of vegetables on the basis of the grade and quality that is referred to in the contract under which the

licensee obtained possession or control of the vegetables.

(b) If the vegetables have been inspected by a state or federal inspector in this state and found to be of a different grade or quality than that referred to in the contract, the licensee shall settle with the producer or seller of the vegetables on the basis of the grade and quality determined by the inspector.

(c) This section does not prevent parties, instead of an inspection, from agreeing in writing that the grade or quality of the vegetables were different from that referred to in the contract.

(d) Failure of a licensee to settle with a producer or seller on grade and quality in the manner provided by this section is a ground for revocation of the licensee's license.

(e) This section does not apply to vegetables that are obtained and handled by a licensee solely on a consignment basis without a price guarantee.

[Acts 1981, 67th Leg., p. 1256, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 101.016. Records of Purchase

(a) A licensee or a packer, processor, or warehouseman may not receive or handle vegetables without requiring the person from whom the vegetables are purchased or received to furnish a statement in writing showing:

- (1) the owner of the vegetables;
- (2) the grower of the vegetables;
- (3) the approximate location of the land on which the vegetables were grown;
- (4) the date the vegetables were gathered; and
- (5) by whose authority the vegetables were gathered.

(b) The licensee, packer, processor, or warehouseman shall keep records of statements furnished under Subsection (a) of this section in a permanent book or folder and shall make the records available to inspection by any interested party.

(a) Except as otherwise provided by this section, the department shall immediately issue a license to an applicant who:

- (1) tenders an application;
- (2) pays the license fee, if required; and
- (3) pays the appropriate fee to the produce recovery fund under Chapter 103 of this code, if required.

(b) If an applicant for a license indicates on the application that a previous license of the applicant has been or is suspended or has been revoked, the department may not issue a license to the applicant until the department is furnished with satisfactory proof that the applicant is, on the date of application, qualified to receive the license for which the applicant applied.

(c) The issuance of a license to a person who has suffered a previous suspension or revocation is discretionary with the department. In exercising that discretion, the department may consider:

- (1) the facts and circumstances pertaining to the prior suspension or revocation;
- (2) the financial condition of the applicant as of the date of the application;
- (3) any judgment by a court of this state that is outstanding against the applicant and is due and owing to a grower or producer of citrus fruit or of a perishable agricultural commodity; and
- (4) any certified claim against the applicant by a grower or producer of citrus fruit or a perishable agricultural commodity that is under consideration by the department.

(d) Before refusing an application for a license under this section, the department shall conduct a hearing on the license application, and the applicant may appeal the decision of the department, in the manner provided for contested cases under the Administrative Procedure and Texas Register Act (Article 6252-13a, Vernon's Texas Civil Statutes).

(e) If the department refuses an application for a license, the department shall deduct from the license fee tendered with the application the sum of \$5 for the purpose of defraying the costs incident to the filing and examination of the application. § 102.009. Licensee List

The department may publish as often as it considers necessary a list in pamphlet form of all persons licensed under this subchapter.

[Acts 1981, 67th Leg., p. 1262, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 102.010. Transporting Agent or Buying Agent Identification Card

(a) In accordance with the rules of the department, a licensee may apply to the department for a reasonable number of identification cards for:

- (1) transporting agents to act for the licensee in the transporting of citrus fruits; and
- (2) buying agents to act for the licensee in any act requiring licensing under Section 102.003 of this code.

(b) The department may collect a fee not to exceed \$1 for each card and shall issue transporting agent cards in a color different from buying agent cards.

(c) An identification card must bear:

- (1) the name of the licensee;
- (2) the number of the licensee's license;
- (3) the name of the agent; and
- (4) a statement that the licensee, as principal, has authorized the agent named on the card to act for and on behalf of the licensee, either as buying agent or transporting agent, as applicable.

(d) A buying agent or transporting agent shall carry the identification card on the agent's person at all times. On demand of the department or any person with whom the agent is transacting business, the agent shall display the identification card.

(e) If the holder of an identification card ceases to be the agent of the licensee, the agent shall immedi-

ately return the card to the department for cancellation.

[Acts 1981, 67th Leg., p. 1262, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 102.011. License or Identification Card Not Assignable

A license or identification card is not assignable and any attempt to assign voids the license or card.

[Acts 1981, 67th Leg., p. 1262, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 102.012. Cancellation of License or Identification Card

(a) On complaint of any person aggrieved, injured, or damaged as a result of a violation of this subchapter by a licensee or the transporting agent or buying agent of a licensee, the department shall conduct a hearing on the cancellation of the licensee's license or the agent's identification card. The complaint must be filed within 12 months after the date of the act that aggrieved, injured, or damaged the complaining party.

(b) If, following the hearing, the department finds that the evidence warrants cancellation of the license or identification card, the department shall issue an order canceling the license or card.

(c) The department shall conduct the hearing under this section, and the person whose license or identification card is canceled may appeal the decision of the department, in the manner provided for contested cases under the Administrative Procedure and Texas Register Act (Article 6252-13a, Vernon's Texas Civil Statutes). The department may recess the hearing from day to day as justice requires.

§ 102.013. Payment of Purchase Price on Demand

(a) If a licensee causes a producer, seller, or owner, or an agent of a producer, seller, or owner, to part with control or possession of all or any part of the person's citrus fruit and agrees by contract of purchase to pay the purchase price on demand following delivery, the licensee shall make payment immediately on demand.

(b) If a person makes demand for the purchase price in writing, the mailing of a registered letter that makes the demand and is addressed to the licensee at the licensee's business address is prima facie evidence that demand was made at the time the letter was mailed.

(c) If the producer, seller, owner, or agent waives the right to payment of the purchase price on demand, the contract for the handling, purchase, or sale of the citrus fruit must be in writing. The parties shall prepare the contract in duplicate and

set out in the contract the full details of the transaction. If the contract does not specify the time and manner of settlement, the licensee shall pay the full amount called for by the contract directly to the producer, seller, owner, or agent before the 31st day following the day of delivery of the citrus fruit into the licensee's control.

[Acts 1981, 67th Leg., p. 1263, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 102.014. Commission or Service Charge in Contract

If a licensee handles citrus fruit by guaranteeing a producer or owner a minimum price and handles the citrus fruit on the account of the producer or owner, the licensee shall include in the contract with the producer or owner the maximum amount that the licensee will charge for commission, service, or both, in connection with the citrus fruit handled.

[Acts 1981, 67th Leg., p. 1263, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 102.015. Settlement on Grade and Quality

(a) Except as otherwise provided by this section, a licensee shall settle with the producer or seller of citrus fruit on the basis of the grade and quality that is referred to in the contract under which the licensee obtained possession or control of the fruit.

(b) If the citrus fruit has been inspected by a state or federal inspector in this state and found to be of a different grade or quality than that referred to in the contract, the licensee shall settle with the producer or seller of the citrus fruit on the basis of the grade and quality determined by the inspector.

(c) This section does not prevent parties, instead of an inspection, from agreeing in writing that the grade or quality of the citrus fruit was different from that referred to in the contract.

(d) Failure of a licensee to settle with a producer or seller on grade and quality in the manner provided by this section is a ground for revocation of the licensee's license.

(e) This section does not apply to a licensee who obtains and handles citrus fruit solely on a consignment basis without a price guarantee.

[Acts 1981, 67th Leg., p. 1263, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 102.016. Buying by Weight

A licensee who buys citrus fruit by weight shall weigh the fruit on state-tested scales.

(b) The licensee, packer, processor, or warehouseman shall keep records of statements furnished under Subsection (a) of this section in a permanent book or folder and shall make the records available to inspection by any interested party.

(c) The department may periodically investigate licensees or persons alleged to be selling citrus fruit in violation of this subchapter and, without notice, may require evidence of purchase of any citrus fruit in a person's possession.

[Acts 1981, 67th Leg., p. 1264, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 102.018. Record of Sale

(a) Unless otherwise agreed in writing by a licensee and the owner of citrus fruit, a licensee who handles citrus fruit on a consignment or commission basis shall, on demand of the owner, seller, or agent of the owner or seller, furnish a complete and accurate record showing:

- (1) the date of sale of the citrus fruit;
- (2) the person to whom the citrus fruit was sold;

[Acts 1981, 67th Leg., p. 1264, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 102.019. Department Enforcement

(b) For the purpose of conducting an investigation under this section, the department is entitled to free and unimpeded access at all times to all books, records, buildings, yards, warehouses, storage facilities, transportation facilities, and other facilities or places in which citrus fruit is kept, stored, handled, processed, or transported.

(c) The department is entitled to examine any portion of the ledger, books, accounts, memoranda, documents, scales, measures, or other matters, objects, or persons relating to an alleged violation under investigation.

(d) Following an investigation, the department shall conduct hearings and take actions as it considers necessary, including issuance of an order for the suspension or cancellation of the license of a licensee who violated this subchapter. The department shall conduct hearings under this subsection in the nearest city or town in the county in which a violation is alleged to have occurred.

(e) If a person who has received at least 15 days' notice of an order of the department refuses to comply with that order, the department may seek temporary or permanent relief to require compliance. The district court has jurisdiction to grant that relief.

[Acts 1981, 67th Leg., p. 1264, ch. 388, § 1, eff. Sept. 1, 1981.]

SUBCHAPTER C. CITRUS MARKETING AGREEMENTS AND LICENSES

§ 102.151. Policy

The unreasonable waste and inefficient use of the citrus resources, caused by the marketing within this state of greater quantities of fresh citrus fruit than are reasonably necessary to supply the demands of the market, are not in the public interest. The difficulty inherent in an attempt of individuals to correlate within a reasonable degree the citrus production to current demand creates chaotic economic conditions in the citrus areas of the state of such severity as to imperil the ability of citrus producers to contribute in appropriate amounts to the support of ordinary governmental and educational functions, thus tending to increase the tax burden of other taxpayers for the same purposes, and renders it impossible for producers to be reasonably assured of an adequate standard of living for themselves and their families. In the interest of the public welfare and general prosperity of the state, the unreasonable waste and inefficient use of citrus resources involved in the marketing of citrus fruit in this state should be eliminated, while at the same time preserving to citrus producers in the area covered by this subchapter an equality of opportunity.

[Acts 1981, 67th Leg., p. 1267, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 102.153. Limited Application of Subchapter

This subchapter applies only to areas of three citrus fruit producing counties whose boundaries are contiguous and whose aggregate population according to the last preceding federal census is not less than 165,043. This subchapter does not apply to citrus fruit grown in other areas of this state.

[Acts 1981, 67th Leg., p. 1268, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 102.154. Marketing Agreements and Licenses

In accordance with this subchapter, the department may execute marketing agreements and issue licenses to persons engaged in intrastate commerce transactions in the marketing, processing, packing, shipping, handling, or distributing of citrus fruit.

[Acts 1981, 67th Leg., p. 1268, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 102.155. Hearing

(a) On its own motion or on application of a producer or handler of citrus fruit, the department may conduct a hearing on the execution of a marketing agreement or on the issuance of a license if the department has reason to believe that the marketing agreement or license will tend to effectuate the policy of this subchapter.

(b) The department shall conduct a hearing under this section in the area subject to this subchapter and shall within a reasonable time make the evidence and exhibits offered at the hearing available at a central point to any interested party. The department shall produce a transcript of the hearing and make it available to any interested party.

[Acts 1981, 67th Leg., p. 1268, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 102.156. Findings

(a) Following a hearing, the department may execute a marketing agreement or issue a license only if it finds that:

(1) the supply of a citrus fruit available for marketing exceeds or is likely to exceed the demand for the fruit at prices that will provide a reasonable return to representative producers of that fruit;

(2) the return to producers of the citrus fruit will tend to be increased through the operation of the marketing plan;

(3) the marketing plan may be operated without permitting unreasonable profits to producers of the citrus fruit and without unreasonably enhancing prices of the citrus fruit to consumers; and

(4) the marketing plan will tend to advance public welfare and conserve the agricultural wealth of the state by preventing threatened economic or agricultural waste and will tend to prevent chaotic marketing of the citrus fruit.

(b) The findings of the department, and the administration of any marketing agreement or license, shall be based on relevant considerations, including:

(1) the quantity of the several grades, varieties, and qualities of the citrus fruit under consideration and available for distribution to consumers in the marketing season during which the program is to be effective;

(2) the quantity of the several grades, varieties, and qualities of the citrus fruit required by consumers during the marketing season during which the program is to be effective;

(3) the cost of production of the citrus fruit;

(4) the general purchasing power of consumers of the citrus fruits;

(5) the general level of prices of commodities that farmers buy; and

(6) the general level of prices of other commodities that compete with or are used as substitutes for the citrus fruit.

[Acts 1981, 67th Leg., p. 1268, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 102.157. Terms of Agreement or License

(a) Any marketing agreement executed or license issued may:

(1) limit or provide a method for limiting the total quantity of any grade, variety, size, or quality of citrus fruit that may be produced during one or more specified periods and marketed in or transported to a market in intrastate commerce;

(2) allot or provide a method for allotting the amount of citrus fruit or any grade, variety, size, or quality of citrus fruit that each handler may market in intrastate commerce;

(3) determine or provide a method for determining the existence and extent of a surplus of a

citrus fruit or of any grade, variety, size, or quality of a citrus fruit, provide for the control and disposition of that surplus in a manner that does not burden or obstruct interstate or foreign commerce, and equalize the burden of a surplus elimination or control among the producers and handlers of the citrus fruit;

(4) provide for administrative committees under Section 102.158 of this code; and

(5) provide other terms or conditions incidental to and consistent with this section.

(b) If the marketing agreement or license allots or provides a method for allotting the amount of a citrus fruit that a handler may handle, the marketing agreement or license must:

(1) be under a uniform rule based on one or both of the following:

(A) the amount of the citrus fruit or grade, variety, size, or quality of the citrus fruit that each handler has available for current shipment; and

(B) the amount shipped by each handler in a prior representative period, as determined by the department; and

(2) equitably apportion among all the handlers the total quantity of the citrus fruit or any grade, variety, size, or quality of the citrus fruit to be marketed in or transported to markets in intrastate commerce.

(c) A marketing agreement or license may include one or more of the terms and conditions under Subsection (a) of this section, but may not include others.

[Acts 1981, 67th Leg., p. 1269, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 102.158. Administrative Committee

(a) A marketing agreement or license may authorize the department to select and define the powers and duties of one or more administrative committees to administer the program.

(b) The department may authorize an administrative committee to:

(1) administer the license in accordance with its terms and provisions;

(2) adopt rules to effectuate the terms and provisions of the license;

(3) receive, investigate, and report to the department complaints of violations of the license;

(4) recommend to the department amendments to the license; and

(5) collect assessments in accordance with Section 102.159 of this code.

(c) The department may require an administrative committee to file reports of the activities and proceedings of the committee.

[Acts 1981, 67th Leg., p. 1269, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 102.159. Assessment

(a) If an administrative committee is authorized to collect an assessment, for each marketing season or year in which the marketing agreement or license is effective the committee shall collect from each handler an assessment representing the handler's pro rata share of the estimated expenses incurred by the department in conducting hearings and incurred by the administrative committee in administering the agreement or license during the marketing season or year. The department shall estimate those expenses after each administrative committee submits to the department a proposed budget.

(b) An assessment levied under this section is a personal debt of each person assessed and is immediately due and payable to the administrative committee charged with collection. With the approval of the department, an administrative committee may sue in its own name in a court of competent jurisdiction for the collection of an assessment.

(c) In accordance with the rules of the department, each administrative committee charged with the collection of assessments shall collect, report, and pay monthly to the department the amount of the assessments that the department determines will be necessary to defray the department's cost of administering the marketing agreement or license during the subsequent month.

(d) The department shall submit to each administrative committee charged with collecting assessments quarterly statements reporting the receipts and expenditures during the quarter in connection with the administration of the appropriate marketing agreement or license.

(e) An administrative committee may expend assessments for the purposes set forth in the marketing agreement or license under which the assessment is collected. The committee shall keep a full and complete record of those expenditures and the department is entitled to access to that record at any time.

(f) An administrative committee shall retain custody of assessments that are not paid to the department or expended under Subsection (e) of this section. At the close of the marketing season or year for which an assessment is collected, the committee shall return to each handler a pro rata share of assessments that are not paid to the department or expended by the committee.

[Acts 1981, 67th Leg., p. 1270, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 102.160. Approval by Producers and Handlers

(A) 51 percent of the total number of handlers of the citrus fruit; or

(B) the handlers of at least 51 percent of the total volume of the citrus fruit covered by the license; and

(2) the department determines that the issuance of the license is approved by:

(A) 66⅔ percent of the producers who, during a representative period determined by the department, have been engaged in the production of the citrus fruit in commercial quantities in the area covered by the license; or

(B) the producers who, during the representative period, produced for market at least 66⅔ percent of the volume of the citrus fruit produced for market in the area covered by the license.

(b) In determining the representative period under Subsection (a)(2) of this section, the department may select the crop season prior to the holding of a hearing on the issuance of the license or any other period that the department determines to be representative.

(c) In determining the approval of producers under Subsection (a)(2) of this section, the department shall determine the approval or disapproval of the producers in respect to the issuance of any license or order or any term or condition of a license or order. The department shall consider the approval or disapproval of any cooperative association of producers that is engaged in marketing the citrus fruit for producers or is rendering service to or advancing the interest of those producers as the approval or disapproval of the producers who are members of, stockholders in, or under contract with the association. Approval by an association may be executed in the name of the association and is not required to set forth the names of the producers represented by the association.

[Acts 1981, 67th Leg., p. 1270, ch. 388, § 1, eff. Sept. 1, 1981.]

(b) Notice of a hearing under this section must refer to the marketing agreement to be amended by name and date of execution and must refer to the license to be amended by name and date of adoption.

(c) The department may adopt an amendment under this section if it finds that the proposed amendment:

(1) will not prevent the marketing agreement or license from meeting the requirements of Section 102.156 of this code; and

(2) will tend to facilitate the administration of the marketing agreement or license or will enable the marketing agreement or license to better meet the requirements of Section 102.156 of this code.

(d) A marketing agreement or license is not affected by a negative department finding under Subsection (c) of this section.

(e) In considering an amendment under this section, the department shall consider the evidence presented at the original hearing or a hearing on a previously proposed amendment.

(f) An amendment under this section is not effective until approved by the handlers and producers in the manner provided by Section 102.160 of this code.

[Acts 1981, 67th Leg., p. 1271, ch. 388, § 1, eff. Sept. 1, 1981.]

(a) The department shall suspend for a specified period or terminate the operation of a marketing agreement, a license, or a provision of a marketing agreement or license if the department finds:

(1) following investigation, that the agreement, license, or provision obstructs or does not tend to effectuate the policy of this subchapter; or

(2) that termination of the agreement, license, or provision is favored by a majority of the producers who, during a representative period determined by the department;

(A) have been engaged in the production of the citrus fruit in the area covered by the agreement or license; and

(B) produced more than 66⅔ percent of the volume of the citrus fruit that was produced for market within the area of the state covered by

this subchapter or was produced within the area of this state covered by this subchapter for market elsewhere.

(a) The department may adopt rules and issue orders as necessary or desirable to carry out this subchapter.

(b) The department may hold hearings, take testimony, administer oaths, subpoena witnesses, and issue subpoenas for the production of relevant books, records, or documents. A person may not be excused from attending and testifying or from producing documentary evidence before the department in obedience to a subpoena on the ground that the testimony or evidence required may tend to incriminate the person or subject the person to a penalty or forfeiture. An individual may not be prosecuted or subjected to any penalty or forfeiture because of any transaction, matter, or thing concerning which the person is required to testify or

produce evidence before the department in obedience to a subpoena. An individual so testifying is not exempt from prosecution and punishment for perjury committed in that testimony.

(c) The rate of assessment for handlers may not exceed 2½ percent of the gross dollar volume of purchases of the agricultural commodity from producers or 2½ percent of the gross dollar volume of sales of the agricultural commodity handled by all handlers regulated by the order during the marketing season for which the order is effective.

[Acts 1981, 67th Leg., p. 1292, ch. 388, § 1, eff. Sept. 1, 1981.]

(b) To conveniently collect producer assessments, the department may collect those assessments from the handlers of the commodity affected by the marketing order.

(c) If a handler pays to the department the assessment of a producer, the handler may deduct an amount equal to the amount paid from money that the handler owes to the producer.

(d) The department may require an assessed person to deposit in advance with the department an amount necessary for expenses. The department shall base the amount of the advance deposit on the estimated number of units to be marketed or handled by the person assessed or on any other uniform basis that the department determines is reasonable and equitable. The basis for determining the amount of the advance deposit is applicable to the marketing season for which the marketing order is effective.

(e) After the amount of money credited to the administrative account of the marketing order is sufficient to warrant an adjustment or at the end of the marketing season, the department shall adjust, to the proper amount assessed, the amount that the department requires a person to deposit in accordance with Subsection (d) of this section.

[Acts 1981, 67th Leg., p. 1293, ch. 388, § 1, eff. Sept. 1, 1981.]

The department shall pay the refunds on a pro rata basis to all persons from whom, or on whose behalf, the assessments were collected.

(b) If the department finds that the amounts to be refunded are so small that computation and remittance of the refunds are impractical, the department is not required to return the money.

[Acts 1981, 67th Leg., p. 1293, ch. 388, § 1, eff. Sept. 1, 1981.]

 - (1) the serial number of the sample;
 - (2) the date on which the sample was taken; and

The notice must be in writing and give full details of the service's findings.

(b) A person who receives a notice under this section may request that the service submit portions of the sample analyzed to other chemists for independent analysis. After receiving a request, the service shall submit two portions of the sample analyzed to two qualified chemists selected by the service. If requested, the service shall also submit one portion of the sample to the person requesting independent analysis. A request under this subsection must be filed with the service before the 16th day following the day on which the notice is given under Subsection (a) of this section.

Except as provided by this chapter for an area in which a local option stock law has been adopted, each gardener or farmer shall make a sufficient fence around cleared land in cultivation that is at least five feet high and will prevent hogs from passing through.

[Acts 1981, 67th Leg., p. 1339, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 143.002. Gate

A person may not build, join, or maintain around cleared land in cultivation more than three miles lineal measure of fence running the same general direction without a gate that is at least 10 feet wide and is unlocked.

[Acts 1981, 67th Leg., p. 1339, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 143.003. Trespass by Livestock on Fenced Property

(a) If any livestock, including cattle, horses, or hogs, trespass on the cleared and cultivated land of a person, that person may file a complaint with a justice of the peace in the county in which the trespass occurred. On receiving the complaint, the justice shall summon two impartial and disinterested freeholders and shall, with those freeholders, examine the fence and land and determine if the person's fence was sufficient and what damages, if any, the person sustained as a result of the trespass. The justice and the freeholders shall certify their findings under oath in writing.

(b) If the justice and freeholders determine that the fence of the complaining person is sufficient, the owner of the trespassing livestock is liable to that person for damages resulting from the trespass. If the fence is found to be insufficient, the owner of the trespassing livestock is not liable to the complaining person.

[Acts 1981, 67th Leg., p. 1339, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 143.004. Impoundment of Trespassing Livestock

(a) If the same livestock trespass more than once on cleared and cultivated land, the owner, lessee, or proprietor of the premises on which the trespass occurs may impound the livestock if the person considers it necessary for the protection and preservation of the premises or the crops growing on the premises.

(b) A person who impounds livestock under Subsection (a) of this section shall turn the livestock over to the sheriff or a constable. The impounded livestock may be sold in order to compensate the injured person for damages and costs resulting from the trespass and impoundment.

SUBCHAPTER B. LOCAL OPTION TO PREVENT CERTAIN ANIMALS FROM RUNNING AT LARGE

§ 143.021. Petition for Election

(a) In accordance with this section, the freeholders of a county or an area within a county may petition the commissions court to conduct an election for the purpose of determining if horses, mules, jacks, jennets, donkeys, hogs, sheep, or goats are to be permitted to run at large in the county or area.

(b) A petition for a countywide election must be signed by at least 50 freeholders. Except as otherwise provided by Subsection (c) of this section, a petition for an election in an area within a county must be signed by at least 20 freeholders.

(c) A petition for an election in an area may be signed by a majority of the freeholders in the area if the area has fewer than 50 freeholders and is between two areas of the county that have previously adopted this subchapter or is adjacent to another area, in that county or another county, that has adopted this subchapter. If the petitioning area is adjacent to an area in another county, the freeholders shall petition the commissioners court of the county in which the petitioning area is located.

(d) The petition must:

(1) clearly state each class of animal that the petitioners seek to prohibit from running at large; and

(2) describe the boundaries of the area in which the election is to be held, if the election is to be less than countywide.

[Acts 1981, 67th Leg., p. 1340, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 143.022. Election Orders

(a) After receiving a petition under this subchapter, the commissioners court at its next regular term shall order that an election be held throughout the county or in the petitioning area, as determined by the petition. The order shall designate a date for the election that is not less than 30 days after the date of the order.

(b) Immediately after passage of a commissioners court order for an election, the county judge shall issue an order for the election that specifies:

(1) the petition and the action of the commissioners court;

- (2) each class of animal that is not to be permitted to run at large;
- (3) the territorial limits of the area to be affected;
- (4) the date of the election; and
- (5) the location of the polls.

(c) The county judge shall give public notice of the election by publishing the order under Subsection (b) of this section in a newspaper published in the county. If no newspaper is published in the county, a copy of the order shall be posted at the courthouse door and at a public place in each justice precinct for a countywide election or at three public places in the petitioning area for an election to be held in an area of the county. Notice must be given for at least 30 days before the date of the election.

[Acts 1981, 67th Leg., p. 1341, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 143.023. Election

(a) If the election is not countywide, the county judge at the time the election order is issued shall appoint election officers for the election. In order to serve as an election officer, a person must be a freeholder of the county and a qualified voter. The election officers may appoint their own clerks.

(b) If the election is countywide, it shall be held at the usual voting places in the election precincts. If the election is not countywide, the county judge shall designate the particular places in the petitioning area at which the polls are to be open.

(c) In order to vote at an election, a person must be a freeholder and a qualified voter.

(d) Ballots for the election shall be printed to provide for voting for or against the proposition, "Letting _____ run at large," with the blank space printed with the name of each animal designated in the election order.

(e) The election officers shall make returns to the county judge of all votes cast for each proposition not later than the 10th day after the day of the election. The commissioners court shall open, tabulate, and count the returns in the manner provided for general elections in this state. The county judge shall immediately issue a proclamation declaring the result and post the proclamation at the courthouse door.

[Acts 1981, 67th Leg., p. 1341, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 143.024. Effect of Election; Adoption of Subchapter

(a) If a majority of the votes in an election are cast against the proposition, this subchapter is adopted and, after the 30th day following the date on which the proclamation of results is issued, a person may not permit any animal of the class

mentioned in the proclamation to run at large in the county or area in which the election was held.

(b) Sections 143.028-143.034 of this code apply only in the county or area in which this subchapter has been adopted.

[Acts 1981, 67th Leg., p. 1341, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 143.025. Subsequent Elections to Adopt Subchapter

(a) Except as provided by Subsection (b) of this section, if this subchapter is not adopted at an election, another election for that purpose may not be held in the county or area in which the election was held earlier than one year after the date of the election.

(b) Defeat of adoption of this subchapter at a countywide election does not prevent another election for that purpose from being held immediately thereafter for an area within the county. Defeat of adoption of this subchapter at an election held in an area within a county does not prevent a countywide election for that purpose from being held immediately thereafter.

[Acts 1981, 67th Leg., p. 1342, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 143.026. Repeal

(a) The freeholders of a county or an area in which this subchapter has been adopted may petition the commissioners court to conduct an election for repeal of that adoption. The petition must be signed by a majority of the freeholders who are qualified voters in the county or area subject to this subchapter.

(b) An election under this section shall be ordered and conducted, the returns shall be made, and the results shall be declared in the same manner provided by this subchapter for an election to adopt this subchapter.

(c) An election under this section may not be held earlier than two years after the date of the last election under this subchapter in the applicable county or area.

(d) If at an election under this section a majority of the votes are cast for allowing the named animals to run at large, after the expiration of 180 days after the date of the proclamation of results a person may permit an animal of the class mentioned in the proclamation to run at large in the county or area in which the election was held. If a majority of the votes are cast against letting the named animals run at large, the operation of this subchapter in the county or area is not affected.

[Acts 1981, 67th Leg., p. 1342, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 143.027. Extension of Subchapter to Adjoining Area by Order

A commissioners court by order shall extend application of this subchapter to territory that is between two areas of the county that have adopted this subchapter or is adjacent to an area, in that county or in another county, that has adopted this subchapter if:

- (1) there are fewer than 20 freeholders in the territory and a majority of the owners of the land in the territory petition the court to extend application of this subchapter to that area;
- (2) there are no freeholders in the territory and the owners of the land petition the commissioners court to extend application of this subchapter to that territory; or
- (3) a person who owns land that is adjacent to land to which this subchapter has been extended petitions the court to extend application of this subchapter to that person's land.

[Acts 1981, 67th Leg., p. 1342, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 143.028. Fences

(a) A person is not required to fence against animals that are not permitted to run at large. Except as otherwise provided by this section, a fence is sufficient for purposes of this chapter if it is sufficient to keep out ordinary livestock permitted to run at large.

(b) In order to be sufficient, a fence must be at least four feet high and comply with the following requirements:

- (1) a barbed wire fence must consist of three wires on posts no more than 30 feet apart, with one or more stays between every two posts;
- (2) a picket fence must consist of pickets that are not more than six inches apart;
- (3) a board fence must consist of three boards not less than five inches wide and one inch thick; and
- (4) a rail fence must consist of four rails.

(c) The freeholders of the county or area may petition the commissioners court for an election to determine whether three barbed wires without a board are to constitute a sufficient fence in the county or area. The election shall be conducted in the same manner and is governed by the same provisions of this subchapter provided for elections on the adoption of this subchapter.

[Acts 1981, 67th Leg., p. 1342, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 143.029. Trespassing Animals; Impoundment by Individual

(a) If an animal not permitted to run at large enters the enclosed land or, without being herded with other animals, roams about the residence, lot,

or cultivated land of another person without the person's consent, that person, whether owner, lessee, or other person in lawful possession of the land, may impound the animal and detain it until all damages and fees under this subchapter have been paid by the owner of the animal. After impounding an animal under this subsection, the person shall immediately give notice to the owner of the animal and shall return possession of the animal to the owner after receiving payment of the fees and damages. If the owner of the animal is unknown, the person impounding the animal may, after five days, treat the animal as an estray under Chapter 142 of this code or may have the animal sold under Section 143.032 of this code.

(b) If a trespass has been committed by any cattle or horses on the cleared or cultivated land of any person who has complied with this subchapter in erecting a sufficient fence, the person may file a complaint with the justice of the peace of the precinct in which the trespass was committed. On receiving the complaint, the justice shall summon two impartial and disinterested freeholders and shall, with those freeholders, examine the fence and land and determine if the person's fence was sufficient and what damages, if any, the person sustained as a result of the trespass. The justice and the freeholder¹ shall certify their findings under oath in writing. If they determine that the fence of the complaining person was sufficient, the owner of the trespassing animals is liable to that person for damages resulting from the trespass. If the same cattle or horses trespass a second time on the cleared and cultivated land of the person, the person may impound the animals if he or she considers it necessary for the protection and preservation of the premises or the crops growing on the premises. A person who impounds animals under this section shall turn them over to the sheriff or constable and the impounded animals may be sold in order to compensate the injured person for damages and costs resulting from the trespass and impoundment. In addition, the person impounding the animals may charge the owner 25 cents per day per animal impounded.

[Acts 1981, 67th Leg., p. 1343, ch. 388, § 1, eff. Sept. 1, 1981.]

¹ So in enrolled bill.

§ 143.030. Fees and Damages

(a) Except as provided by Subsection (b) of this section, a person who impounds animals under this subchapter is entitled to the following fees for each day in which the person detains the animals:

Jacks or jennets	30 cents a head
Hogs	25 cents a head
Sheep or goats	15 cents a head

(b) In Menard County, a person who impounds hogs is entitled to a fee not to exceed \$5 a head for each day the person detains the hogs.

(c) The fees due under this section and the damages owed as a result of trespass by animals shall be assessed by three disinterested freeholders of the county or area in which this subchapter has been adopted. If this subchapter is applicable to an area within a county, the justice of the peace of the precinct in which the area is located shall appoint the freeholders on application of the person who impounds the animals. If the justice fails or refuses to make the appointments or if this subchapter has been adopted for the entire county, the county judge shall make the appointments.

(d) If the owner of the animals is known, the owner shall be given at least five days' notice of the meeting of the freeholders. If the owner is unknown, written notice of the meeting shall be posted at two public places in the applicable area or county and at the courthouse door.

(e) After being sworn to discharge their duties impartially, the appointed freeholders shall examine the evidence and determine whether a trespass prohibited by this subchapter has occurred, the amount of damages incurred, if any, and the fees owed to the person who impounded the animals. The freeholders shall make their determination of fees and damages in a written assessment and file that assessment with the justice of the peace. The assessment must be signed by at least two of the freeholders and verified by an affidavit of each freeholder to the effect that the assessment is just and that each freeholder has no bias in favor of or against any interested party.

(f) The assessment of the freeholders is final. [Acts 1981, 67th Leg., p. 1344, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 143.031. Impounding of Animals by Sheriff or Constable

(a) The sheriff or a constable of the county or area shall seize and impound in a place provided for that purpose any animal that the sheriff or constable knows to be running at large in violation of this subchapter. If the officer knows who the owner of the animal is, the officer shall immediately notify the owner that the animal has been impounded.

(b) Except as provided by Subsection (c) of this section, an owner of an animal impounded under this section may redeem the animal on payment of an impoundment fee of \$1 plus an additional fee in the following amount for each day the animal was impounded:

Horses or mules	\$1 a head
Jacks or jennets	50 cents a head
Sheep, goats, or hogs	25 cents a head

(c) In Menard County, the owner of impounded hogs shall pay an impoundment fee of \$1 plus an additional fee not to exceed \$5 a head for each day the hogs were impounded.

[Acts 1981, 67th Leg., p. 1344, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 143.032. Sale of Impounded Animal

(a) If the owner of an animal impounded under this subchapter is known, the animal may be sold in accordance with this section if:

- (1) the animal was impounded by an individual and an assessment of fees and damages under this subchapter has been filed; or
- (2) the animal was impounded by a sheriff or constable and five days have expired following notice of the impoundment to the owner.

(b) If the owner of an animal impounded under this subchapter is unknown, the animal may be sold in accordance with this section if the individual or officer who impounded the stock makes an affidavit before a justice of the peace that describes the animal and states that the owner is unknown. The justice of the peace shall file the affidavit with the county clerk and the county clerk shall maintain the affidavit open for inspection in the clerk's office.

(c) The constable of the precinct in which the animal was impounded shall sell the animal at public auction for cash. The constable shall give notice of the sale in the manner provided by the Rules of Civil Procedure for the execution sale of personal property.

(d) The proceeds of the sale shall be applied to the expenses of the sale and then to the fees and damages owed to the person impounding the animal. If the owner of the animal is known, any balance remaining shall be paid to the owner. If the owner of the animal is unknown, the constable shall report the balance under oath to the county clerk, who shall remit the funds to the county treasurer. If an individual impounded the animal, the county treasurer shall deposit and disburse the funds in the manner provided by Chapter 142 of this code for proceeds from the sale of an estray. If an officer impounded the animal, the county treasurer shall deposit the funds to the credit of the road and bridge fund of the county.

[Acts 1981, 67th Leg., p. 1345, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 143.033. Injury to Trespassing Animal

If a person whose fence is insufficient under this subchapter maims, wounds, or kills a head of cattle or a horse, mule, jack, or jennet, or procures the maiming, wounding, or killing of one of those animals, by any means, including a gun or a dog, the person is liable to the owner of the animal for damages. This section does not authorize a person

to maim, wound, or kill any horse, mule, jack, jennet, or head of cattle of another person.

[Acts 1981, 67th Leg., p. 1345, ch. 388, § 1, eff. Sept. 1, 1981.]

(2) fails or refuses to keep up an animal that is prohibited from running at large under this subchapter;

(3) allows an animal to trespass on the land of another in an area or county in which the animal is prohibited from running at large under this subchapter; or

(4) as owner, agent, or person in control of the animal, permits an animal to run at large in an area or county in which the animal is prohibited from running at large under this subchapter.

(b) An offense under this section is a misdemeanor or punishable by a fine of not less than \$5 nor more than \$50.

[Acts 1981, 67th Leg., p. 1345, ch. 388, § 1, eff. Sept. 1, 1981.]

(b) Immediately after passage of a commissioners court order for an election, the county judge shall issue an order for the election that specifies:

(1) the petition and action of the commissioners court;

(2) the classes of animals that are to be allowed a limited period of free range;

If the limited period of free range is defeated at an election in an area within a county, no other election covering that area may be held except an election in the same area, which must be held at least one year after the prior election.

(c) If at a subsequent election in a county or area that has adopted the limited period of free range the majority of votes are cast against the proposition, the limited period of free range is repealed and a person may not permit hogs to run at large in that county or area effective on the 11th day following the day on which the proclamation is issued. (a) For each inspection of animals, following proof of ownership under Subsection (b) of this section and payment of inspection fees, the inspector shall issue a certificate of inspection stating that the inspector has carefully examined and inspected each animal and that the purchaser has complied with the law. If cattle were inspected, the certificate must also state:

- (1) the number of cattle for each mark or brand;

(b) Except as otherwise provided by this subsection, the inspector may not issue a certificate of inspection unless presented with a written bill of sale or power of attorney from the owner of the animal or an agent authorized to act for the owner by a written, signed, and acknowledged instrument. The inspector shall carefully examine the bills of sale and lists of marks and brands for cattle inspected. Before issuing a certificate of inspection for cattle, the inspector must be satisfied that no cattle are among the herd inspected other than those for which the person claiming the cattle has:

- (1) a bill of sale or chain of transfer in writing from the record owner; or
- (2) a certificate from a county clerk stating that the mark and brand are recorded with the clerk as the mark and brand of that person.

(c) The certificate of inspection and bill of sale shall be recorded in the office of the county clerk and certified under the clerk's hand and seal. Each inspector shall maintain a record of all certificates issued.

(c) If all cattle found in a drove inspected under this section are listed in the certificate of inspection accompanying the drove, the fees for inspection under this section shall be paid by the person who requested that the drove be inspected.

[Acts 1981, 67th Leg., p. 1372, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 146.063. Change of Destination

If the owner of inspected cattle desires to sell, ship, or slaughter the animals at a place other than the destination named in the certificate of inspection, the owner may have the animals inspected at the point of destination named in the certificate and have issued a new certificate with a new destination. On arrival at the new destination point, the herd shall be inspected and compared as provided for at the original destination point.

[Acts 1981, 67th Leg., p. 1372, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 146.064. Inspection at Point of Destination

(a) If the inspector of a herd at the point of destination finds cattle other than those covered by the certificate of inspection from the county from which the cattle were driven, the inspector shall seize the cattle. If the person in charge of the cattle refuses to deliver them to the inspector, the inspector may apply for a writ of sequestration from a court of competent jurisdiction, as determined by the value of the cattle, by filing with the court an affidavit stating that the inspector believes the cattle to have been unlawfully acquired. The court shall issue the writ without bond and the sheriff or a constable of the county shall immediately execute the writ.

(b) The court issuing the writ of sequestration shall issue a citation directed to the constable and addressed "To whom it may concern." The citation must state that the animals have been seized, describe the animals, and command that concerned persons appear on a day named in the citation to

show cause why the animals should not be forfeited to and sold for the benefit of the county in which they were seized. The sheriff or constable shall post certified copies of the citation in three public places in the county for a period of 10 days before the date named in the citation. On receiving proof of posting, the court shall proceed to condemn the animals unless satisfactory proof of ownership is made or unless other sufficient cause is shown why the property should not be condemned.

(c) If animals are condemned under this section, the court shall order the inspector to sell the animals at public auction to the highest bidder. The inspector is entitled to retain one-fourth of the proceeds of the sale after deducting expenses. The remaining proceeds shall be paid into the county treasury subject to the claim of the true owner of the cattle. The deposit in the county treasury must be accompanied by a certified statement, under the hand and seal of the inspector, of the number of cattle sold, the mark and brand of each animal, and the sale price. If a claim to those proceeds is not established earlier than one year after the date of deposit in the county treasury, the proceeds pass to the general fund of the county and all claims to the proceeds are barred.

(d) Proceedings under this section may be conducted while the court is in term or on vacation.

[Acts 1981, 67th Leg., p. 1372, ch. 388, § 1, eff. Sept. 1, 1981.]

(b) If on inspection under this section the inspector finds in the herd animals that are not covered by the certificate of inspection or by a bill of sale, the fees for inspection shall be paid from the sale of those animals. The inspector is not entitled to more than three cents for each head of cattle so inspected.

(c) If on inspection under this section the inspector finds that all animals in the herd are covered by the certificate of inspection or by a bill of sale, the fees for inspection shall be paid by the person requesting the inspection, unless the inspection was made on the inspector's own motion, in which case the inspector is not entitled to fees.

[Acts 1981, 67th Leg., p. 1373, ch. 388, § 1, eff. Sept. 1, 1981.]

(a) A person may not drive or ship animals to Mexico from a point in Texas other than a point where a customhouse of the United States is located.

(b) A person driving or shipping animals from Texas to Mexico shall have the animals inspected by the inspector of the county in which the point of shipment or place at which they are to be driven across the Rio Grande is located. The inspection must occur before the animals are shipped from this state or pass across the river.

[Acts 1981, 67th Leg., p. 1373, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 146.067. Inspection of Hides and Animals Imported From Mexico

(a) The inspector of the county into which cattle hides or cattle, horses, or mules are imported from Mexico shall inspect those hides or animals.

(b) If an importer of hides fails or refuses to place the imported hides in a position where they may be inspected, or if the inspector finds that the hides are folded or bound together in a manner that prevents inspection without injury to the hides, the inspector shall take possession of the hides and have them treated in a manner that permits the hides to be unfolded without injury. The inspector is not liable for any damage to the hides resulting from treatment under this subsection. Treatment is at the risk of the importer or the person in possession of the hides after importation.

(c) In addition to the inspection fees allowed by this subchapter, the importer or the person in possession of the hides after importation shall pay all expenses of treatment of the hides under Subsection (b) of this section, including the cost of freight and handling.

(d) If a person responsible for payment fails or refuses to pay the inspection fees under this subchapter or the treatment expenses under this section, the inspector may retain possession of the hides or animals and sell a number of them sufficient to pay the fees and expenses. The inspector shall give three days' public notice of the sale and shall sell the hides or animals to the highest and best bidder.

[Acts 1981, 67th Leg., p. 1373, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 146.068. Seizure of Imported Hides or Animals Believed Stolen

(a) An inspector shall take possession of any hides or animals imported from Mexico that the inspector has reason to believe, on the basis of the brands or other evidence, are stolen from the lawful owner. The inspector shall notify any person that the in-

spector believes to be interested to institute suit for recovery of the hides or animals. If no person claims the hides or animals within 24 hours, the inspector under oath shall notify a court of competent jurisdiction, as determined by the value of the property seized, that there is reason to believe that the hides or animals are stolen. The court shall issue a citation directing the owner or person claiming the hides or animals to appear at the judge's or justice's office within a specified time, not to exceed 24 hours, to show cause why the property should not be condemned.

(b) If a person proves to be the lawful owner of hides or animals seized under this section, the court shall direct that the property be delivered to that person on payment of the inspection fees and other costs. A person may prove ownership by showing a bill of sale from the prior owner or an agent of the prior owner and a complete chain of transfer of title from the original owner.

(c) If no person proves to be the owner of hides or animals seized under this section, the court shall direct that the property be sold at public auction by the inspector. Notice of the sale shall be published for 10 days in a newspaper published in the county. If no newspaper is published in the county, notice shall be posted for 10 days at the courthouse door and at two or more other places in the county. The property shall be sold to the highest and best bidder.

(d) Proceeds of a sale under this section shall first be used to satisfy expenses of the sale. Of the balance remaining, the inspector is entitled to retain 25 percent and shall remit 75 percent to the county treasurer. The county treasurer shall deposit one-half of that sum to the credit of the county available school fund and one-half to the credit of the county jury fund.

(e) At any time before proceedings are begun under this section, the importer of the hides or animals may pay the lawful owner or the owner's agent or attorney for those hides or animals. Following that payment and payment of the inspection fees, the inspector shall release the hides or animals to the importer.

[Acts 1981, 67th Leg., p. 1374, ch. 388, § 1, eff. Sept. 1, 1981.]

(b) Unless the hide or animal is identified in accordance with Subsection (c) of this section, an inspector may seize and sequester a hide or an

animal that is about to be slaughtered or driven or shipped out of the county if:

- (1) the hide or animal is unbranded;
- (2) the mark or brand for the animal cannot be ascertained; or
- (3) the animal is a calf or yearling on which a fresh mark or brand is unhealed.

(c) An inspector may not seize a hide or an animal that is identified by a bill of sale signed by the owner or the owner's agent and acknowledged before an officer authorized to authenticate instruments for record in this state. An inspector may not seize a calf or yearling that is accompanied by its mother.

(d) An inspector who seizes a hide or an animal under this section shall report the seizure to a court of competent jurisdiction as determined by the value of the property seized. The court shall issue a citation directed to the sheriff or a constable that is addressed "To whom it may concern." The citation must state that the property has been seized, describe the property, and command that concerned persons appear at a day named in the citation to show cause why the property should not be forfeited to and sold for the benefit of the county in which it was seized.

(e) The sheriff or constable shall post certified copies of the citation in three public places in the county for a period of 10 days before the date named in the citation. On receiving proof of posting, the court issuing the citation shall proceed to condemn the property unless satisfactory proof of ownership is made or unless other sufficient cause is shown why the property should not be condemned.

(f) If the property is condemned, the court shall order the inspector to sell it at public auction to the highest bidder. The inspector is entitled to retain one-fourth of the proceeds of the sale after deducting expenses and shall immediately pay the remaining proceeds into the county treasury for deposit to the credit of the general fund of the county.

[Acts 1981, 67th Leg., p. 1379, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 147.022. Terms and Conditions of Bond

(a) Each bond filed under this chapter must be:

(1) signed by a solvent surety company authorized to do business in this state and having a paid-up capital of at least \$500,000;

(2) payable to the county judge of the county of the commission merchant's principal office or place of business as trustee for all persons who may be entitled to recover under the bond; and

(3) conditioned that the commission merchant will comply with the requirements of this chapter and will well and truly perform all agreements entered into with a consignor or owner of livestock, or with a person holding a lien on livestock, in relation to receiving, handling, and selling the livestock and remitting the net proceeds of a sale.

(b) Each bond must contain a provision requiring that, in order to terminate a bond, the terminating party must give at least 10 days' written notice to the county judge prior to the termination.

[Acts 1981, 67th Leg., p. 1379, ch. 388, § 1, eff. Sept. 1, 1981.]

The average amount of sales and purchases for one day is determined by dividing the total sales and purchases for the preceding year by 308, regardless of the actual number of business days.

(c) If the amount equal to twice the average sales and purchases of a commission merchant on a business day exceeds \$50,000, the bond must be in an amount equal to \$50,000 plus 10 percent of the amount of sales and purchases in excess of \$50,000.

(d) If prior to filing bond a person has no previous sales and purchases on which to determine the amount of the bond, the bond must be in an amount adequate to cover the probable volume of business to be done by that person, as determined by the county judge of the county of the commission merchant's principal place of business. After that person has engaged in business as a commission merchant for one year, the amount of the bond shall be determined as otherwise provided by this section.

The records must be properly indexed.

(b) If the person filing the bond is a livestock commission merchant, the person shall also file a sworn statement with the county judge setting forth the average daily sales of the person for the preceding year. The county clerk shall record the statement in the same manner as the bond.

§ 147.028. Suit on Bond

(a) Any person damaged by breach of a condition of a bond may bring suit and recover under the bond. The suit shall be brought in the county in which the bond is filed.

(b) A bond is not void on first recovery and may be sued on until the total amount is exhausted. If a bond is reduced by one-half, the commission merchant shall file a new bond, conditioned as provided by this subchapter for the original bond, in an amount necessary to restore the bond to the amount required by Section 147.023 of this code.

[Acts 1981, 67th Leg., p. 1381, ch. 388, § 1, eff. Sept. 1, 1981.]

(a) Only a person approved by the commission may perform testing and vaccinating for brucellosis, regardless of whether the person is a veterinarian.

(b) The commission by rule shall prescribe criteria for classifying cattle as negative, infected with brucellosis, or suspected of being infected with brucellosis. Each classification must be based on the testing of cattle. The testing may include serological testing, microbiological culturing of blood, tissue, secretions, or excretions, or both.

(c) The commission may by rule regulate and require the vaccination of female cattle within all or any of the area classifications. Among other rules, the commission may adopt rules providing for:

- (1) quarantines;
- (2) the manner, method, and system of disposing of reactor cattle;
- (3) the testing and retesting of the herd; or

(c) Any restriction on the movement of cattle imposed under provisions of this chapter may be modified or set aside by the commission upon application by the cattle owner, provided that the owner can show impending unusual hardship resulting from such restriction. Contributory factors may include but are not limited to prolonged drought, inadequacy of pasturage or usual feed supply resulting from disaster or other unforeseeable circumstance, or economic hardship of the cattle owner; provided that individual animals under restriction shall be handled in a manner to be prescribed by the commission.

Each plan shall be designed to aid the caretaker of the herd in preventing or reducing spread of the infection and in eliminating the infection.

(b) Each herd plan must be based on sound epidemiological principles and the classification of the area in which the herd is located. In prescribing a

herd plan, the commission may consider, among other items:

- (1) the risk of the infection spreading to other herds;
- (2) the cost to other herd owners resulting from spread of the infection;
- (3) the extent of infection and of possible exposure within the herd;
- (4) the type of cattle operation conducted by the herd's caretaker; and

SUBCHAPTER A. GENERAL PROVISIONS

§ 164.001. Definitions

In this chapter:

- (1) "Commission" means the Texas Animal Health Commission.
- (2) "Inspector" means an inspector employed by the commission, including the chief inspector, a district supervising inspector, or a local inspector.

[Acts 1981, 67th Leg., p. 1420, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 164.002. Scabies Infection or Exposure

(a) For purposes of this chapter, cattle or sheep are scabies-infected if:

- (1) actually infected with scabies; or
- (2) in a herd in which scabies infection is present.

(b) Except as provided by Subsection (c) of this section, cattle or sheep are exposed to scabies for purposes of this chapter if:

- (1) the cattle or sheep enter or have access to any place, including a corral, shed, car, road, or pasture, that scabies-infected cattle or sheep have

entered or had access to during the preceding 90 days; or

(2) the sheep are shorn by a shearing plant that has shorn scabies-infected sheep within the preceding 90 days.

(c) Cattle or sheep are not exposed to scabies under Subsection (b) of this section if the place or plant has been disinfected since the infected cattle or sheep were removed. This subsection does not exempt the cattle or sheep from dipping required by this chapter.

(d) If an inspector determines that a scabies infection exists among cattle, sheep, or goats or that cattle, sheep, or goats have been exposed to scabies, the infection or exposure is considered to continue until the commission determines that the infection or exposure has been eradicated through methods prescribed by rule of the commission.

[Acts 1981, 67th Leg., p. 1420, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 164.003. Inspectors

(a) For the purpose of eradicating scabies, the commission may employ a chief inspector, district supervising inspectors, and local inspectors.

(b) The chief inspector shall supervise the inspectors engaged in scabies eradication.

(c) The state shall pay the salaries of the chief inspector and the district supervising inspectors. The counties shall pay the salaries and necessary traveling expenses of local inspectors.

[Acts 1981, 67th Leg., p. 1420, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 164.004. Duties of Inspectors

(a) All dippings, inspections, and certifications for scabies eradication and the disinfection of cars, sheds, boats, chutes, alleys, platforms, pens, or yards required by this chapter shall be performed by or under the supervision of an inspector.

(b) Local inspectors shall perform all duties necessary to the inspection, dipping, and certification of livestock under this chapter.

[Acts 1981, 67th Leg., p. 1420, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 164.005. Entry Power

(a) An inspector is entitled to enter any public or private place where cattle or sheep are kept or ranged for the purpose of:

- (1) ascertaining the presence of scabies infection;
- (2) ascertaining any exposure to scabies; or
- (3) inspecting, classifying, or dipping cattle or sheep for scabies infection or exposure.

(b) If the inspector under Subsection (a) of this section desires to be accompanied by a peace offi-

cer, the inspector may apply for and obtain a search warrant as provided by Section 161.047 of this code.

(c) The person who owns or controls the place to be entered under this section or who owns or controls the animals shall, on request of the inspector or a member of the commission, gather the animals on the range for inspection. Failure or refusal to gather the animals is prima facie evidence that the premises and the animals are infected with scabies and authorizes the commission to quarantine the premises or animals in accordance with this chapter.

[Acts 1981, 67th Leg., p. 1421, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 164.006. Actions of Commission Chairman

(a) The commissioners court of each county shall cooperate with the commission in the eradication and control of scabies in that county if the commission has reason to believe or determines that a scabies infection exists in the county.

(b) If, following investigation or inspection, the commission determines that a scabies infection exists in a county, the commissioners court of the county shall appropriate a sum of money sufficient to employ local inspectors.

(c) If a commissioners court does not appropriate money under Subsection (b) of this section, the commission shall place the county under quarantine and no sheep or cattle may be moved from that county unless certified by a commission inspector.

[Acts 1981, 67th Leg., p. 1421, ch. 388, § 1, eff. Sept. 1, 1981.]

- (1) are infested with ticks;
- (2) were exposed to ticks within the nine months preceding an order to dip; or
- (3) are on premises described in an order to dip during the time that the order is in effect and the person to whom the order is issued is the owner, part owner, or caretaker of the livestock.

(b) Livestock located in the free area are subject to dipping if:

- (1) the livestock are infested with ticks;
- (2) the livestock were exposed to ticks within the nine months preceding an order to dip;
- (3) the livestock are on premises described in an order to dip during the time the order is in effect and the person to whom the order is issued is the owner, part owner, or caretaker of the livestock; or
- (4) the commission determines that dipping is necessary to ensure that the livestock are entirely free from infestation.

(c) The commission may require the dipping of livestock that are located in the free area and are tick infested or have been exposed to ticks regardless of whether the livestock or the area in which the livestock are located is under quarantine.

[Acts 1981, 67th Leg., p. 1442, ch. 388, § 1, eff. Sept. 1, 1981.]

- (2) describe the premises on which the livestock to be dipped are located;
- (3) state that the person to whom the order is directed shall dip all livestock of which the person is the owner, part owner, or caretaker and which are located on those premises during that time;

(d) An order may require the dipping of the livestock on as many dates as the commission considers necessary for eradicating the infestation or exposure of the livestock or the premises on which the livestock is located.

(e) An order to dip must be delivered to the person to whom it is directed not later than the 12th day before the date specified in the order for the first dipping, not including the date of delivery or the date of the first dipping.

(f) A person to whom an order to dip is directed shall comply with the order and dip the livestock in accordance with the directions of the commission. If the order is not delivered within the time provided by Subsection (e) of this section, the person receiving the order shall begin dipping on the first dipping date that is more than 12 days after the date of receipt of the order and shall continue dipping on subsequent dates as specified in the order.

(g) If the livestock or the premises are not freed from ticks or exposure to ticks before an order to dip expires, the Commission may issue additional orders regardless of whether the livestock were exposed to ticks in the nine months preceding the date of the subsequent order.

[Acts 1981, 67th Leg., p. 1442, ch. 388, § 1, eff. Sept. 1, 1981.]

The application must be filed not later than the 10th day after the day on which the order was received.

(b) Following a hearing, the commission shall transmit its written decision to the supervising inspector, who shall transmit it to the protesting person by delivering it in person or by mailing it by registered mail to the address shown in the hearing

application. If the commission overrules the protest, the person to whom the order was directed shall comply with the order.

(c) If the commission's decision is delivered in person, a person whose protest is overruled shall begin dipping the livestock on the first dipping date in the order that is more than two days after the day on which the decision is received. If the decision is delivered by mail, the person shall begin dipping on the first dipping date in the order that is more than four days after the day on which the decision was deposited in the mail.

[Acts 1981, 67th Leg., p. 1443, ch. 388, § 1, eff. Sept. 1, 1981.]

(b) A husband and wife are jointly and severally liable for the dipping of livestock subject to dipping that belong to their community estate. Each spouse is responsible for the dipping of livestock belonging to that person's separate estate, except that a spouse who is the caretaker of livestock owned by the other spouse is responsible for the dipping of that livestock.

(c) A person responsible for the dipping of livestock subject to dipping shall furnish all necessary labor, at the person's own expense, for gathering the livestock, driving the livestock to the dipping vat, dipping the livestock, and returning the livestock to the person's premises after dipping.

[Acts 1981, 67th Leg., p. 1443, ch. 388, § 1, eff. Sept. 1, 1981.]

[Acts 1981, 67th Leg., p. 1444, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 167.057. Dipping Materials

The order of the commission may provide an interval longer than 13 days.

[Acts 1981, 67th Leg., p. 1444, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 167.059. Dipping Facilities

(a) The commissioners court of each county, including a county in the free area, in all or part of which the commission conducts tick eradication shall cooperate with the commission and shall furnish facilities necessary to the dipping of livestock in that county. The commissioners court shall furnish dipping vats, pens, chutes, and other necessary facilities in the number, at the locations, and of the type specified by the commission. In addition, the county, at its expense, shall maintain the facilities and repair or remodel them as necessary, shall provide the water for filling the vats, and shall clean and refill the vats as necessary.

(b) For the purpose of constructing, purchasing, or leasing dipping facilities, and for the purpose of providing necessary land, labor, or materials, a commissioners court may appropriate money out of the general fund of the county or may incur indebtedness by the issuance of warrants. A warrant issued may not draw interest at a rate of more than six percent per year and may not have a term of more than 20 years. The commissioners court may levy taxes to pay interest on warrants and may establish a sinking fund for the payment of warrants.

(c) For the purpose of acquiring necessary land for the construction or maintenance of dipping facilities, for the purpose of acquiring dipping facilities that have already been constructed, or for the purpose of acquiring land necessary for ingress and egress to and from those facilities, a commissioners court has the power of eminent domain. The commissioners court shall exercise the power of eminent domain in the manner provided by law for acquiring land for the building and maintenance of public buildings, except that the court shall institute and prosecute condemnation proceedings on written re-

- (1) the land to be condemned and its location;
- (2) the name of the owner of the land to be condemned; and
- (3) the easement to be acquired for ingress and egress.

(d) In acquiring land or facilities by eminent domain, the commissioners court may retain the property for permanent use by making appropriate compensation or may acquire the property for temporary use by making proper compensation for the period of time determined necessary by the commissioners court.

- (1) is cooperating with the commission in the regular systematic dipping of the livestock listed in Subsection (b) of this section; and
- (2) has dipped those livestock on the last two dipping dates that were prescribed for the area in which the livestock are located and that preceded the date of movement.

(b) In order to be issued the permit or certificate, the owner or caretaker must cooperate with the commission in the regular systematic dipping of livestock of which the person is the owner or caretaker and which:

- (1) are located in the enclosure from which the livestock are to be moved;
- (2) are located in quarantined enclosures that connect with the enclosure from which the livestock are to be moved, including an enclosure that:
 - (A) connects with an enclosure that connects with the enclosure from which the livestock are to be moved; or
 - (B) is on the opposite side of a lane or road from the enclosure from which the livestock are to be moved; or
- (3) are located on the quarantined open range that connects with any of the enclosures under Subdivision (1) or (2) of this subsection.

(c) If ticks are found on any of the livestock submitted for movement, before the certificate or permit is issued, each head of the livestock must be dipped at intervals of not less than every 7th day nor more than every 14th day and found free from ticks at the last dipping.

(d) The commission may waive the enforcement of this section for good cause. A waiver of the commission must be in writing.

(a) The commission may designate a stockyard that is in the tick eradication area or in the free area and is open to the public for yarding, marketing, and selling livestock as a facility to handle intrastate movements of livestock certified by an inspector to be free from ticks or exposure to ticks. A stockyard so designated shall provide tick-free facilities for the handling of that livestock in accordance with this subchapter.

(b) A designation under this section is effective for 24 months following the day on which notice is served, and the commission may redesignate a facility for the purpose of this section.

[Acts 1981, 67th Leg., p. 1445, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 167.082. Notice and Hearing

(a) The commission shall give written notice of a designation under this subchapter to the stockyard company or to the owner, operator, or other person in control of the stockyard.

(b) A person to whom a notice is directed may request a hearing for the purpose of protesting the designation in the manner provided by Section 167.053 of this code for requesting a hearing on an order to dip. The commission shall grant the hearing and give notice of its decision in the manner provided by that section.

(c) A person whose protest is overruled shall complete the work required to provide tick-free facilities not later than the 60th day following the day on which the person receives notice of the commission's decision.

[Acts 1981, 67th Leg., p. 1446, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 167.083. Maintenance of Tick-Free Facilities

[Sections 167.084 to 167.100 reserved for expansion]

SUBCHAPTER E. ENFORCEMENT

§ 167.101. Inspectors

(a) The commissioners court of a county in which the commission conducts tick eradication may nominate the number of local inspectors found by the commission to be necessary for tick eradication in that county. The commission shall appoint those persons nominated unless, following appointment of local inspectors, the commission finds that the county is trying to retard tick eradication or is nominating persons who are incompetent or negligent in the performance of duty. In that case, the commission may ignore the nominations of the county.

(b) If a commissioners court fails or refuses to nominate persons as local inspectors, the commission shall appoint local inspectors without nomination.

(c) Local inspectors work under the direction and orders of the commission and are subject to discharge by the commission. The commission shall fix and the state shall pay the salaries of local inspectors, but a county may pay the salary and traveling expenses of a local inspector.

(d) The commission may employ county and district supervising inspectors without nomination by the commissioners courts.

(e) Only an inspector appointed for the purpose may conduct tick eradication or issue permits and certificates certifying livestock to be free from ticks or exposure to ticks. An inspector shall issue those permits and certificates in accordance with the rules of the commission.

[Acts 1981, 67th Leg., p. 1446, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 167.102. Entry Power

(a) A commissioner or an inspector, and assistants, may enter public or private property, without a warrant, for the exercise of an authority or performance of a duty under this chapter.

(b) If an inspector or commissioner desires to be accompanied by a peace officer, the inspector or commissioner shall apply for a search warrant to a

magistrate of the county in which the property is located. The magistrate shall issue the search warrant on a showing of probable cause by oath or affirmation.

(c) The search warrant shall describe the place to be entered in a reasonable manner that will enable the person in charge of the property to identify the property described, but the warrant is not required to describe the property by field notes or by metes and bounds. If the applicant for the warrant seeks to enter the property to determine whether livestock are on the property, the application for the warrant shall state that. If the warrant is obtained for the purpose of seizing or dipping livestock, the application and the warrant shall describe the livestock, state whether the animals are cattle, horses, mules, jacks, or jennets, and give the approximate number of animals. If any of that information is unknown to the applicant, the application and warrant shall state that the information is unknown.

(d) A search warrant issued under this section authorizes the person to whom it is issued to enter the property for the exercise of an authority or performance of a duty under this chapter and to be accompanied by a peace officer and assistants. In addition, the warrant authorizes the peace officer and the assistants to perform any duty authorized by this chapter.

(e) A search warrant issued under this section permits entry and reentry for the purposes of this section for a period of 60 days beginning on the day on which it is issued. After that period, additional search warrants may be issued as often as necessary.

[Acts 1981, 67th Leg., p. 1447, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 167.103. Dipping of Cattle by Peace Officer on Request of Inspector

(a) If a person responsible for dipping livestock fails to dip the livestock at the time and place directed in the order or, prior to a dipping date in the order, states that he or she does not intend to dip the livestock, the inspector in charge of tick eradication in that county shall notify a peace officer.

(b) The peace officer shall deputize a sufficient number of assistants, to be designated by the supervising inspector of the county, shall enter the property on which the livestock are located, and shall gather and dip the livestock under the supervision of an inspector and in accordance with the directions of the commission.

(c) The peace officer shall continue to dip the livestock on each dipping date specified in the order

until the person responsible for dipping begins and continues the dipping in accordance with that order. [Acts 1981, 67th Leg., p. 1447, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 167.104. Seizure and Disposal of Livestock Running at Large

(a) An inspector may request a peace officer to seize livestock if:

(1) the inspector determines the livestock to be running at large or on the open range of a county or part of a county in which the commission is conducting tick eradication under this chapter; and

(2) the inspector is unable to locate the owner or caretaker of the livestock.

(b) The peace officer may deputize assistants, shall seize the livestock, and shall dip the livestock, under the supervision of an inspector. The officer shall impound the livestock at a place designated by the inspector or otherwise dispose of the livestock as necessary for the purpose of tick eradication.

[Acts 1981, 67th Leg., p. 1448, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 167.105. Seizure and Disposal of Livestock Moved in Violation of Quarantine

(a) An inspector who discovers livestock that are being or have been moved in violation of a quarantine may request a peace officer to seize the livestock and:

(1) impound the livestock at the expense of the owner; or

(2) if practicable, return the livestock at the expense of the owner to the point of origin.

(b) In addition to other expenses, the owner of the seized livestock shall pay the officer a fee of \$2 and the cost of feeding, watering, and holding the livestock.

[Acts 1981, 67th Leg., p. 1448, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 167.106. Injunction; Mandamus

(a) The commission or a resident of this state may sue for an injunction to compel compliance with a provision of this chapter or to restrain a threatened violation of a provision of this chapter.

(b) A resident of this state may sue for mandamus against a commissioners court to compel the compliance of that court with the duty of the commissioners court under this chapter.

(c) The commission or a resident of a county or part of a county in which tick eradication is being conducted may sue for permanent or temporary relief to compel a person who is an owner, part owner, or caretaker of livestock to dip that livestock in accordance with this chapter if the person has failed or refused to dip the livestock or has threat-

ened to fail or refuse to dip the livestock. If the court finds that the defendant has been served with an order of the commission to dip the livestock, that the livestock are subject to dipping, and that the material allegations of the plaintiff's petition are true, the court shall enter an order commanding the defendant to dip the livestock in accordance with the directions of the commission at the time and place designated in the order of the commission or in the order of the court. If the defendant fails to comply with the order of the court, the court may hold the defendant in contempt and punish the defendant accordingly and shall order a peace officer to deputize assistants and dip the livestock in accordance with the order of the court. The expense of dipping the livestock and employing the peace officer and assistants shall be taxed against the defendant as a cost of suit.

(d) A court may hear and determine a suit under this section in term or in vacation. Notice of the suit shall be given to the defendant as the court determines justice requires.

[Acts 1981, 67th Leg., p. 1448, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 167.107. Sale of Livestock Dipped or Seized by Peace Officer

(a) A peace officer who gathers and dips or who seizes and impounds or disposes of livestock under Section 167.103, 167.104, or 167.105 of this code is entitled to retain and sell the livestock for the purpose of securing payment for the expenses of handling, including the expenses of holding, feeding, and watering the livestock.

(b) Not later than the 60th day after the day on which livestock are dipped or seized, the peace officer may sell at public sale to the highest bidder a number of the animals sufficient to cover the secured expenses. The officer shall conduct the sale at the courthouse door of the county in which the livestock are located and shall post notice of the sale at that courthouse door at least five days before the day of the sale.

(c) If any proceeds of the sale remain after deducting the amount to which the peace officer is entitled, the peace officer shall pay those proceeds to the county treasurer subject to the order of the owner of the livestock.

(d) A peace officer who dips livestock under Section 167.103 of this code is entitled to act under this section to secure the expenses of each day on which the animals are dipped.

[Acts 1981, 67th Leg., p. 1449, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 167.108. Liens

(a) A peace officer who gathers and dips or who seizes and impounds or disposes of livestock under

Section 167.103, 167.104, or 167.105 of this code has a lien on the livestock for the purpose of securing payment of the officer's fees and the expenses of handling the livestock, including the expenses of holding, feeding, and watering the livestock and the expenses of paying assistants. Instead of retaining and selling the livestock under Section 167.107 of this code, the officer may perfect and foreclose a lien granted by this section.

(b) A peace officer who dips livestock in accordance with an order of a court under Section 167.106(c) of this code, and the peace officer's assistants, have a lien on the livestock to secure payment of the expenses and costs of the dipping.

(c) A peace officer may perfect a lien under Subsection (a) of this section by filing a sworn statement of indebtedness with the county clerk of the county in which the livestock are located. The statement must describe the livestock and must be filed within six months after the dipping or other action of the peace officer giving rise to the lien. The statement may cover a single action or actions over a period of time. If the statement covers actions over a period of time, the statement must be filed within six months after the last dipping or other action giving rise to the lien.

(d) A peace officer may perfect a lien under Subsection (b) of this section by filing a sworn statement covering a single dipping or a number of dippings with the clerk of the district court. The statement must show the number of livestock dipped and must describe the livestock. The statement must be filed within 12 months after each dipping.

(e) A peace officer may foreclose a lien under Subsection (a) of this section by filing suit against the owner of the livestock in a court of competent jurisdiction for collection of the account and foreclosure of the lien. The suit must be filed within 24 months after the statement is filed with the county clerk. In the suit, the court may not require a cost bond of the peace officer or any person to whom the peace officer has assigned the account. The court shall enter judgment for the debt, with interest and costs of suit, and for foreclosure of the lien on the number of animals that the court determines necessary to defray the expenses and fees secured.

(f) The court shall foreclose a lien under Subsection (b) of this section after the filing of the statement and shall do so against the number of animals necessary for the payment of the expenses and costs. The court shall order those animals sold as under execution.

(g) If a lien is foreclosed under this section, the remainder of the proceeds of the sale following deduction of expenses and costs shall be paid to the clerk of the court in which the suit is pending and

are subject to the order of the owner of the livestock.

[Acts 1981, 67th Leg., p. 1449, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 167.109. Admissibility of Commission Instruments; Identification in Complaint

(a) A copy of a written instrument issued by the commission is admissible as evidence in any court of this state if the copy is certified by the chairman of the commission.

(b) In a prosecution for a violation of this chapter, the state is not required to include in the complaint, information, or indictment a verbatim copy of a written instrument or proclamation, but may allege the issuance and identify it by date of issuance.

(c) In the trial of a civil or criminal case under this chapter, in which a certified copy of a commission written instrument or a proclamation is to be introduced in evidence, the instrument or proclamation is not required to be filed with the papers of the cause and the party introducing it is not required to give notice of it to the other party.

[Acts 1981, 67th Leg., p. 1450, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 167.110. Presumption of Existence or Sufficiency of Dip

(a) In the trial of any case under this chapter in connection with the dipping of livestock or the failure to dip livestock, it is presumed that:

(1) the dipping vat contained a sufficient amount of dipping solution and the dipping solution had been properly tested; or

(2) the dipping solution could have and would have been put into the vat and tested if the owner or caretaker had brought the livestock to the vat for the purpose of dipping.

(b) In a criminal prosecution for failure to dip livestock under this chapter, the state is not required to allege and prove that the vat contained dipping solution.

(c) If it is necessary in a court proceeding to prove the test of a dipping solution, it is only necessary to prove that:

(1) the dipping solution used was one of the official dipping materials prescribed by the commission; and

(2) the inspector tested the dipping solution in accordance with the rules of the commission.

[Acts 1981, 67th Leg., p. 1450, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 167.111. Presumption of Ownership or Care

(a) If an inspector determines that a person is the owner, part owner, or caretaker of livestock subject to dipping and an order to dip is issued and served, it is presumed that, at the time of a failure to dip,

the person was still the owner, part owner, or caretaker of livestock subject to dipping located on the premises described in the order. In that case, the state is required to prove only that the person was the owner, part owner, or caretaker of livestock subject to dipping located on the premises at the time the order was served.

(b) After the service of an order to dip, if there are no longer any livestock subject to dipping located on the premises and if no livestock subject to dipping have been illegally removed, the defendant may file a sworn statement of that fact at the beginning of the trial. If the defendant does not file that statement, it is presumed that the defendant's status as owner, part owner, or caretaker remained unchanged since the service of the order.

[Acts 1981, 67th Leg., p. 1451, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 167.112. Venue of Criminal Prosecution

The owner, part owner, or caretaker of livestock is subject to prosecution under this chapter in the county in which the livestock and the premises are located, regardless of whether the defendant was in the county at the time of issuance and service of the order to dip, at the time of the failure to dip, or at the time of violation of the quarantine.

[Acts 1981, 67th Leg., p. 1451, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 167.113. Civil Suit Against Corporate Offender

If a corporation or an agent of the corporation acting within the agent's scope of authority commits an offense under this chapter, the county attorney of the county in which the violation occurs shall institute a civil suit on behalf of the state in a court of competent jurisdiction for collection of the fine.

[Acts 1981, 67th Leg., p. 1451, ch. 388, § 1, eff. Sept. 1, 1981.]

SUBCHAPTER A. GENERAL PROVISIONS

§ 201.001. Findings, Purpose, and Policy

(a) The legislature finds that the farm and grazing lands of the State of Texas are among the basic assets of the state and that the preservation of these lands is necessary to protect and promote the health, safety, and general welfare of its people; that improper land-use practices have caused and have contributed to, and are now causing and contributing to, progressively more serious erosion of the farm and grazing lands of this state by wind and water; that the breaking of natural grass, plant, and forest cover has interfered with the natural factors of soil stabilization, causing loosening of soil and exhaustion of humus, and developing a soil condition that favors erosion; that the topsoil is being blown and washed out of fields and pastures; that there has been an accelerated washing of sloping fields; that these processes of erosion by wind and water speed up with removal of absorptive topsoil, causing exposure of less absorptive and less protective but more erosive subsoil; that failure by an occupier of land to conserve the soil and control erosion upon the land causes a washing and blowing of soil and water onto other lands and makes the conservation of soil and control of erosion on those other lands difficult or impossible.

(b) The consequences of soil erosion in the form of soil-blowing and soil-washing are the silting and sedimentation of stream channels, reservoirs, dams, ditches, and harbors; the loss of fertile soil material in dust storms; the piling up of soil on lower slopes, and its deposit over alluvial plains; the reduction in productivity or outright ruin of rich bottom lands by overwash of poor subsoil material, sand, and gravel swept out of the hills; deterioration of soil and its fertility, deterioration of crops, and declining acre yields despite development of scientific processes for increasing such yields; loss of soil and water that causes destruction of food and cover for wildlife; a blowing and washing of soil into streams that silt over spawning beds and destroy water-plants, diminishing the food supply of fish; a diminishing of the underground water reserve that causes water shortages, intensifies periods of drought, and causes crop failures; an increase in the speed and volume of rainfall runoff, causing severe and increasing floods that bring suffering, disease, and death; impoverishment of families attempting to farm eroding and eroded lands; damage to roads, highways, railways, farm buildings, and other property from floods and from dust storms; and losses in navigation, hydroelectric power, municipal water

supply, irrigation developments, farming, and grazing.

(c) In order to conserve soil resources and control and prevent soil erosion, it is necessary that land-use practices contributing to soil waste and soil erosion may be discouraged and discontinued, and appropriate soil-conserving land-use practices be adopted and carried out. Among the procedures necessary for widespread adoption are engineering operations such as the construction of terraces, terrace outlets, check dams, dikes, ponds, ditches, and the like; the utilization of strip-cropping, lister furrowing, contour cultivating, and contour furrowing; land irrigation; seeding and planting of waste, sloping, abandoned, or eroded lands to water-conserving and erosion-preventing plants, trees, and grasses; forestation and reforestation; rotation of crops, soil stabilization with trees, grasses, legumes, and other thick-growing, soil-holding crops, retardation of runoff by increasing absorption of rainfall; and retirement from cultivation of steep, highly erosive areas and areas now badly gullied or otherwise eroded.

(d) It is the policy of the legislature to provide for the conservation of soil and soil resources of this state and for the control and prevention of soil erosion, and thereby to preserve natural resources, control floods, prevent impairment of dams and reservoirs, assist in maintaining the navigability of rivers and harbors, preserve wildlife, protect the tax base, protect public lands, and protect and promote the health, safety, and general welfare of the people of this state, and thus to carry out the mandate expressed in Article XVI, Section 59a, of the Texas Constitution. It is further declared as a matter of legislative intent and determination of policy that the agencies created, powers conferred, and activities contemplated in this chapter for the conservation of soil and water resources and for the reduction of public damage resulting from failure to conserve those natural resources, are supplementary and complementary to the work of various river and other authorities in this state and to other state officers, agencies, and districts engaged in closely related projects, and shall not duplicate or conflict with that work.

[Acts 1981, 67th Leg., p. 1458, ch. 388, § 1, eff. Sept. 1, 1981.]

[Acts 1981, 67th Leg., p. 1460, ch. 388, § 1, eff. Sept. 1, 1981.]

(c) If notice of an election is given substantially in accordance with this section and the election is fairly conducted, an informality in the conduct of the election or in any matter relating to the election does not invalidate the election or its result.

SUBCHAPTER C. CREATION, BOUNDARY CHANGES, AND DISSOLUTION OF SOIL AND WATER CONSERVATION DISTRICTS

§ 201.041. Petition

(a) The eligible voters of any territory may petition the state board for the organization of a soil

and water conservation district. The petition must be signed by at least 50 persons eligible to vote in an election to create the conservation district unless the territory contains fewer than 100 eligible voters, in which case the petition must be signed by a majority of the eligible voters in the territory.

(b) The petition must contain:

(1) a proposed name for the conservation district;

(2) a description of the territory proposed to be organized as a conservation district;

(3) a statement that there is need for a conservation district to function in the described territory in the interest of the public health, safety, and welfare; and

(4) a request that:

(A) the state board define the boundaries of the conservation district;

(B) an election be held within the defined territory on the question of creation of a conservation district in that territory; and

(C) the state board determine that the conservation district be created.

(c) The petition is not required to describe the territory by metes and bounds or by legal subdivisions, but must be generally accurate in order to be sufficient.

(d) If more than one petition is filed covering parts of the same territory, the state board may consolidate any or all of the petitions.

[Acts 1981, 67th Leg., p. 1464, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 201.042. Hearing

(a) Not later than the 30th day after the day on which a petition is filed with the state board, the state board shall give notice of a hearing on:

(b) Following notice, the state board shall conduct a hearing on the petition. Any interested person, including a person who is an eligible voter in the territory described in the petition or in the territory that is considered for addition to the described territory, is entitled to attend the hearing and be heard.

(c) If it appears at the hearing that it may be desirable to include within the conservation district territory that is outside the area within which notice has been given, the state board shall adjourn the hearing and give notice of further hearings throughout the entire area considered for inclusion

in the conservation district. Following that notice, the board shall reconvene the hearing.

(d) After the hearing, if the state board, on the basis of the facts presented at the hearing and other available information, determines that there is need, in the interest of the public health, safety, and welfare, for a conservation district to function in the territory considered at the hearing, the board shall record that determination, define the boundaries of the conservation district by metes and bounds or by legal subdivisions, and conduct an election in accordance with Section 201.043 of this code. The board may not include within the defined boundaries any territory that is within the boundaries of another conservation district.

(e) In making the determination of need and defining the boundaries of the conservation district, the state board shall give due weight and consideration to:

(1) the topography of the area considered and of the state;

(2) the soil composition of the area considered and of the state;

(3) the distribution of erosion, the prevailing land-use practices, and the desirability and necessity of including within the conservation district the area under consideration;

(4) the benefits the area under consideration may receive from being included within the boundaries of the conservation district;

(5) the relation of the area considered to existing watersheds and agricultural regions and to other conservation districts in existence or proposed to be created; and

(6) other relevant physical, geographical, and economic factors, having due regard to the legislative determinations made in Section 201.001 of this code.

(f) After the hearing and consideration of the relevant facts, if the state board determines that there is no need for a conservation district to function in the territory considered at the hearing, it shall record that determination and deny the petition.

(g) The state board shall pay all expenses for the issuance of notices of the public hearings. The board shall supervise the conduct of those hearings and may adopt rules governing the conduct of the hearings.

(b) The state board shall give notice of the election and the notice must state the boundaries of the proposed conservation district.

(c) The ballot for the election shall be printed to provide for voting for or against the proposition: "The creation of a soil and water conservation district from the land below described in general terms and lying in the county (or counties) of _____."

(d) Each eligible voter in the proposed conservation district, as determined by the state board, is entitled to vote in the election. If part of a county is included within a proposed conservation district and the polling place of an eligible voter within the county is not included within the conservation district, the voter is entitled to vote at the polling place for the voter's land in the conservation district.

(e) Except as otherwise provided by this chapter, the election shall be conducted in conformity with the general laws relating to elections.

(f) The state board shall adopt rules for the conducting of elections, including rules providing for the registration of all eligible voters prior to the date of the election or prescribing another appropriate procedure for the determination of eligibility to vote.

§ 201.044. State Board Determination of Administrative Practicability and Feasibility

(a) After announcing the results of an election, the state board shall consider, determine, and record its determination of whether the operation of the conservation district within the defined boundaries is administratively practicable and feasible. In making that determination, the state board shall give due regard and consideration to:

(1) the attitude of eligible voters in the defined boundaries;

(2) the number of persons eligible to vote in the election who voted;

(3) the number of votes cast in the election favoring creation of the conservation district in proportion to the total number of votes cast;

(4) the approximate wealth and income of the eligible voters of the proposed conservation district;

(5) the probable expense of carrying on erosion control operations within the proposed conservation district; and

(6) other relevant social and economic factors, having due regard for the legislative determinations made in Section 201.001 of this code.

(b) The state board may proceed with the organization of the conservation district only if:

- (1) the board determines that the operation of the conservation district is administratively practicable and feasible; and
- (2) at least two-thirds of the votes cast in the election were in favor of creation of the conservation district.

(c) If the state board determines that the operation of the conservation district is not administratively practicable and feasible, the state board shall deny the petition.

[Acts 1981, 67th Leg., p. 1466, ch. 388, § 1, eff. Sept. 1, 1981.]

If the state board denies a petition under this subchapter, a subsequent petition covering the same or substantially the same territory may not be filed with the board until six months have expired following the date of denial.

[Acts 1981, 67th Leg., p. 1467, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 201.046. Establishment of District Subdivisions; Appointment of Initial Directors

After determining that the operation of the conservation district is administratively practicable and feasible, the state board shall divide the conservation district into five numbered subdivisions that are as nearly equal in area as practicable. The board shall appoint one director each from the subdivisions numbered two and four. Those directors shall perform the duties required by this subchapter and shall serve on the initial governing board of the conservation district until the regular election for those subdivisions.

[Acts 1981, 67th Leg., p. 1467, ch. 388, § 1, eff. Sept. 1, 1981.]

The application and the statement are not required to contain any detail other than a recital of the information required by this section.

(b) The application for the certificate must contain:

- (3) the board did define the boundaries of the conservation district;
- (4) notice was given and an election held on the question of the creation of the conservation district;
- (5) the result of the election showed a two-thirds majority of the votes cast in the election to be in favor of the creation of the conservation district; and
- (6) the board did determine that the operation of the conservation district is administratively practicable and feasible.

(d) The directors shall subscribe and swear to the application before an officer authorized by law to take and certify oaths. That officer shall certify on the application that the officer personally knows the directors, that the officer knows them to be the directors as affirmed in the application, and that each director has subscribed to the application in the officer's presence.

[Acts 1981, 67th Leg., p. 1467, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 201.048. Issuance of Certificate

(a) The secretary of state shall examine the application for a certificate of organization and the statement of the state board. If the secretary of state

(b) If the secretary of state finds that the name proposed for the conservation district is identical to that of another conservation district or so nearly similar as to lead to confusion or uncertainty, the secretary shall certify that fact to the state board and the state board shall submit to the secretary a new name for the conservation district that is free of that defect. After receipt of a name that is free of that defect, the secretary shall record the application and statement, with the modified name, in an appropriate book of record in the secretary's office.

(c) When the application and statement are filed and recorded as provided by this section, the conservation district constitutes a governmental subdivision and a public body corporate and politic.

(d) The secretary of state shall make and issue to the directors a certificate, under the seal of this state, of the due organization of the conservation district. The secretary shall record the certificate with the application and statement.

Except as provided by Subsection (b) of this section, the petition is governed by, and the state board shall conduct proceedings on the petition in accordance with, the provisions of this subchapter relating to petitions for the creation of a conservation district. The state board shall prescribe the form for the petition, which must be as similar as practicable to the form provided for petitions for the creation of a conservation district.

(b) If there are fewer than 100 eligible voters in the area proposed for inclusion in the conservation district, and the petition is signed by two-thirds of those persons, the area may be included in the conservation district without an election. A person is eligible to vote at an election for including territory in an existing conservation district only if the person owns land in the territory to be included.

(c) The board of directors of one or more conservation districts may submit a petition to the state board requesting a division of the conservation district, a combination of two or more conservation districts, or a transfer of land from one conservation district to another. The petition must be signed by a majority of the directors of each conservation district affected. The state board shall determine the practicability and feasibility of the proposed change. If the state board determines that the change is not administratively practicable and feasible, it shall record that determination and deny the petition. (c) Except as provided by Subsection (d) of this section, after dissolution of a conservation district has been authorized as provided in Subsection (a) of this section, the directors of the conservation district shall sell at public sale all machinery, equipment, and supplies of the conservation district purchased with state funds. The directors shall deposit the proceeds of that sale and any other state funds to the credit of the conservation district in the state treasury to the credit of the general revenue fund.

If more than one conservation district is created under the reorganization, the funds and

The funds may be withdrawn only on approval of the directors and only by check or order signed by the chairman and the secretary.

(d) The directors shall provide for an audit of the conservation district's accounts as of August 31 of every second year. The audit must be performed by a registered public accountant. The directors shall furnish a copy of the audit to the governor and the Legislative Budget Board no later than January 1 of the year following the audit.

(e) The conservation district may pay the cost for keeping accounts and making audits out of any available funds of the conservation district.

[Acts 1981, 67th Leg., p. 1472, ch. 388, § 1, eff. Sept. 1, 1981.]

The notes may be issued payable from current funds or reasonably contemplated revenues, but the conservation district may not issue notes payable from funds derived from the state. A note must mature no later than 12 months from the date of issuance and may bear interest at a rate not to exceed six percent a year.

(c) Any note issued by a conservation district may be secured by a lien on the property or equipment to which the repairs, additions, or improvements are to be made if the property or equipment was not acquired from the state or with funds derived from the state.

(d) A conservation district may not levy taxes.

(e) Debts incurred by a conservation district may not create a lien on the land of owners or occupiers of land in the district.

(f) As a condition to extending benefits to, or performing any work on, land in the conservation district not owned or controlled by the state or a state agency, a conservation district may:

- (1) require contributions to the operation in services, materials, or another form; and
- (2) require owners or occupiers of land to enter into and perform an agreement or covenant as to the permanent use of land that will tend to prevent or control soil erosion on that land.

[Acts 1981, 67th Leg., p. 1472, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 201.102. Preventive and Control Measures

A conservation district may carry out preventive and control measures within its boundaries, including engineering operations, methods of cultivation, growing of vegetation, changes in the use of land, and measures listed in Section 201.001(c) of this code. The conservation district may carry out the measures on any land that is owned by the state or a state agency with the cooperation of the agency administering and having jurisdiction of the land. If the land is owned by another person, the conservation district may carry out the measures on obtaining the consent of the owner or occupier or the necessary rights or interests in the land.

[Acts 1981, 67th Leg., p. 1473, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 201.103. Cooperation and Agreements With Other Entities

(a) A conservation district may cooperate or enter into an agreement with any other entity, including a state or federal agency or an owner or occupier of land within the conservation district, in the carrying on of erosion control and prevention operations in the conservation district as the directors consider necessary to advance the purposes of this chapter. Within the limits of appropriations made available to the conservation district by law, the conservation district may furnish financial or other aid in accordance with the cooperative program or agreement.

(b) The directors of two or more conservation districts may cooperate with one another in the exercise of any power conferred by this chapter.

(c) The directors of a conservation district may invite the legislative body of a municipality or county located within or near the conservation district to designate a representative to advise and consult with the directors on all questions of program and policy that may affect the property, water supply, or other interests of the municipality or county.

(d) A state agency that has jurisdiction over or administers state-owned land in a conservation district, or a county or other subdivision of this state that has jurisdiction over or administers other publicly owned land in a conservation district, shall cooperate to the fullest extent with the directors of the conservation district in the effectuation of programs and operations undertaken by the conservation district under this chapter. The state agency, county, or subdivision shall provide the directors free access to enter and perform work on that land, and a land-use regulation adopted under Subchapter F of this chapter has the force and effect of law over that land and shall be observed by the entity administering the land.

[Acts 1981, 67th Leg., p. 1473, ch. 388, § 1, eff. Sept. 1, 1981.]

(d) A conservation district may charge persons who own or occupy small amounts of land nominal amounts for projects benefiting them if the directors determine it to be in the interest of the general welfare.

(e) A conservation district may sell on open bids any machinery or equipment considered obsolete or having served its purpose. The funds earned or acquired by a conservation district from a source other than the state or earned or acquired from the operation or sale of machinery or equipment acquired from a source other than the state shall be deposited in a trust fund account of the conservation district and used for purposes considered by the directors to be in the best interest of the conservation district.

(f) A conservation district shall use proceeds from the sale of any fertilizer, seed, seedlings, fish for stocking farm ponds, or other supplies or con-

servation materials to reimburse the conservation district for the costs of the materials and administration of the program and may fix the sale prices accordingly.

[Acts 1981, 67th Leg., p. 1474, ch. 388, § 1, eff. Sept. 1, 1981. Amended by Acts 1983, 68th Leg., p. 575, ch. 118, § 1, eff. May 17, 1983.]

(a) A conservation district may develop comprehensive plans for the conservation of soil resources and for the control and prevention of soil erosion within the conservation district. In as much detail as possible, the plans shall specify the acts, procedures, performances, and avoidances that are necessary or desirable for the effectuation of the plans, including the specification of engineering operations, methods of cultivation, growing of vegetation, cropping programs, tillage practices, and changes in the use of land.

(b) A conservation district may publish the comprehensive plans and bring them to the attention of owners and occupiers of land in the conservation district and may demonstrate, publish, or otherwise make available to those owners and occupiers any pertinent information relating to legumes, cover crops, seeding, tillage, land preparation, and management of grasses, seed, legumes, and cover crops, and the eradication of noxious growth under good conservation practices.

[Acts 1981, 67th Leg., p. 1475, ch. 388, § 1, eff. Sept. 1, 1981.]

SUBCHAPTER F. LAND-USE REGULATION

§ 201.121. Regulatory Powers; Petition for Adoption

(a) If petitioned by 50 or more eligible voters in the conservation district, the directors of a conservation district may propose an ordinance governing the use of land within the conservation district in the interest of conserving soil and soil resources and preventing and controlling soil erosion.

(b) An ordinance adopted under this subchapter may:

(1) require the carrying out of necessary engineering operations, including the construction of terraces, terrace outlets, check dams, dikes, ponds, ditches, and other necessary structures;

(2) require observance of particular methods of cultivation, including:

(A) contour cultivating, contour furrowing, lister furrowing, or strip cropping;

(B) planting, sowing, or seeding land with water-conserving and erosion-preventing plants, trees, or grasses; and

(C) forestations and reforestations;

(3) specify cropping programs and tillage practices to be observed;

(4) require the retirement from cultivation of highly erosive areas or of areas on which erosion may not be adequately controlled if cultivation is carried on; or

(5) provide other means, measures, operations, or programs that may assist conservation of soil resources or prevent or control soil erosion in the conservation district, having due regard for the legislative determinations made in Section 201.001 of this code.

(c) Land-use regulations must be uniform throughout the conservation district, except that the directors may classify land in the conservation district according to relevant factors, including soil type, degree of slope, degree of erosion threatened or existing, or cropping or tillage practices in use. The land-use regulations may vary with the type or

class of land affected, but must be uniform as to all land within the type or class.

[Acts 1981, 67th Leg., p. 1476, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 201.122. Hearing

The directors of a conservation district may conduct public hearings and public meetings on proposed land-use regulations as necessary to assist the directors in the adoption of an ordinance.

[Acts 1981, 67th Leg., p. 1476, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 201.123. Election

(a) The directors may not adopt an ordinance prescribing land-use regulations unless adoption of the ordinance is approved by at least 90 percent of the eligible voters voting in an election under this section. If the voters approve the ordinance by that percentage, the directors shall adopt the ordinance.

(b) The directors shall give notice of the election that either recites the contents of the proposed ordinance or states where copies of the proposed ordinance may be examined. The directors shall make copies of the proposed ordinance available for public inspection during the period between publication of notice and the election.

(c) The ballot for the election shall be printed to provide for voting for or against the proposition: "Approval of the proposed Ordinance No. _____, prescribing land-use regulations for conservation of soil and prevention of erosion."

(d) The directors shall adopt rules governing the conduct of the election, supervise the election, and announce the result.

[Acts 1981, 67th Leg., p. 1476, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 201.124. Effect of Ordinance

An ordinance adopted under this subchapter has the force and effect of law in the conservation district and is binding on all owners or occupiers of land in the conservation district.

[Acts 1981, 67th Leg., p. 1477, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 201.125. Distribution of Copies of Ordinance

The directors shall print copies of each ordinance prescribing land-use regulations and make those copies available to owners and occupiers of land in the conservation district.

[Acts 1981, 67th Leg., p. 1477, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 201.126. Amendment or Repeal of Ordinance

(a) An owner or occupier of land in a conservation district may at any time file a petition with the

directors requesting the amendment, supplementation, or repeal of land-use regulations prescribed by ordinance.

(b) Land-use regulations prescribed by ordinance may be amended, supplemented, or repealed in accordance with the procedure prescribed by this subchapter for adoption of an ordinance, except that an ordinance may be suspended or repealed on majority vote of the eligible voters voting in the election.

[Acts 1981, 67th Leg., p. 1477, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 201.127. Frequency of Elections

An election on the adoption, amendment, supplementation, or repeal of land-use regulations may not be held more often than once every six months.

[Acts 1981, 67th Leg., p. 1477, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 201.128. Enforcement

(a) The directors are entitled to go upon any land in the conservation district to determine if land-use regulations adopted under this subchapter are being observed.

(b) If the directors find that provisions of land-use regulations prescribed by ordinance are not being observed on particular land and that the nonobservance tends to increase erosion on that land and is interfering with the prevention or control of erosion on other land in the conservation district, the directors may bring suit in a court of competent jurisdiction against the occupier of the land. If the occupier of the land is not the owner, the owner shall be joined as a party defendant. The petition to the court may request that the court:

(1) require the defendant to perform the work, operations, or avoidances within a reasonable time;

(2) order that if the defendant fails to perform, the directors may go upon the land and perform the work or other operations or otherwise bring the condition of the land into conformity with the land-use regulations; and

(3) order that the directors recover their costs and expenses, with interest, from the defendant.

(c) The petition to the court must be verified and must:

(1) set forth the adoption of the ordinance prescribing the land-use regulations;

(2) set forth the failure of the defendant to observe the regulations and to perform the particular work, operations, or avoidances required by the regulations; and

(3) state that the nonobservance tends to increase erosion on that land and is interfering with the prevention or control of erosion on other land in the conservation district.

(d) On presentation of the petition, the court shall cause process to be issued against the defendant and shall hear the case. If it appears to the court that testimony is necessary for the proper disposition of the matter, the court may take evidence or appoint a referee to take evidence as the court directs and to report the evidence to the court with findings of fact and conclusions of law. The findings and conclusions of a referee constitute part of the proceedings on which the court may make its determination. The court may dismiss the petition or may:

(1) require the defendant to perform the work, operations, or avoidances;

(2) order that, on the failure of the defendant to initiate performance within a time specified in the order of the court and to perform to completion with reasonable diligence, the directors may enter on the land involved and perform the work or operation or otherwise bring the condition of the land into conformity with the regulations; and

(3) order that the directors recover their costs and expenses, with interest.

(e) The court shall retain jurisdiction of the case until after the work has been completed. If the work is performed by the directors under the order of the court, the directors, after completion of the work, may file a petition with the court stating the costs and expenses sustained by them in the performance of the work and seeking judgment for those costs and expenses, with interest. The court may enter judgment for the amount of the costs and expenses, with interest, and for the costs of suit, including a reasonable attorney's fee fixed by the court, but the total charge to a defendant for work done by the directors or anyone under the directors may not exceed in any one year an amount equal to 10 percent of the assessed valuation of the land for state and county purposes.

(f) A judgment under Subsection (e) of this section shall be collected in the same manner provided by Chapter 202 of this code for the collection of assessments in wind erosion conservation districts.

[Acts 1981, 67th Leg., p. 1477, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 201.129. Board of Adjustment

(a) If the directors of a conservation district adopt an ordinance prescribing land-use regulations, the directors by ordinance shall provide for the establishment of a board of adjustment organized in accordance with this section.

(b) A board of adjustment is composed of three members appointed by the state board with the advice and approval of the directors of the conservation district for which they are appointed.

(c) Except as provided for the initial board, members of a board of adjustment serve for staggered

terms of two years with the terms of one or two members expiring every other year. In making initial appointments to a board of adjustment, the state board shall designate one or two members to serve a term of one year with the remaining member or members serving for a term of two years.

(d) Following notice and a hearing, a member of a board of adjustment may be removed, but only for neglect of duty or malfeasance in office. The state board and the directors of the conservation district for which the board is appointed shall conduct removal hearings jointly.

(e) A vacancy on a board of adjustment is filled for the unexpired term in the manner provided for the original appointment.

(f) A member of the state board or a director of the conservation district for which a board of adjustment is appointed is ineligible for appointment to the board of adjustment for that conservation district during the member's or director's tenure in office.

(g) Members of a board of adjustment are entitled to compensation for services of \$3 a day for time spent on work of the board. The state board shall pay that compensation from appropriations made for that purpose for not more than 10 days each year.

(h) The directors of the conservation district for which the board of adjustment is appointed shall pay the necessary administrative and other expenses of operation incurred by the board on presentation of a certificate of the chairman of the board of adjustment.

[Acts 1981, 67th Leg., p. 1478, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 201.130. Procedures of Board of Adjustment

(a) A board of adjustment shall adopt rules to govern its proceedings that are consistent with this chapter and the land-use regulations adopted for the conservation district.

(b) A board of adjustment shall designate a chairman from among its members and may change that designation from time to time.

(c) A board of adjustment shall meet at the call of the chairman and at other times determined by the board.

(d) The chairman of the board of adjustment, or the chairman's designee as acting chairman from among the board's members, may administer oaths and compel the attendance of witnesses.

(e) All meetings of a board of adjustment are open to the public.

(f) A board of adjustment shall keep a full and accurate record of all proceedings, of all documents filed with the board, and of all orders entered. The

record is public information and shall be filed in the office of the board of adjustment.

[Acts 1981, 67th Leg., p. 1479, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 201.131. Petition for Variance

(a) An owner or occupier of land within a conservation district may petition the board of adjustment of that conservation district to authorize a variance from the terms of land-use regulations in the application of those regulations to land owned or occupied by the petitioner.

(b) A petition for a variance must allege that there are great practical difficulties or unnecessary hardships in the manner in which the land-use regulations require the petitioner to carry out the strict letter of those regulations.

(c) A petitioner for a variance shall serve copies of the petition on the chairman of the directors of the conservation district in which the petitioner's land is located and on the chairman of the state board.

[Acts 1981, 67th Leg., p. 1479, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 201.132. Hearing on Variance Petition

(a) After receiving a petition for a variance, a board of adjustment shall schedule a hearing on the petition and give notice of that hearing.

(b) The directors of the conservation district and the members of the state board are entitled to appear and be heard at a hearing on a petition for a variance.

(c) Any owner or occupier of land within the conservation district who objects to the granting of the variance sought may intervene and become a party to the proceedings.

(d) A party to a hearing on a petition for a variance may appear in person or by agent or attorney.

[Acts 1981, 67th Leg., p. 1479, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 201.133. Granting of Variance

(a) If, on the basis of the facts presented at a hearing on a petition for a variance, the board of adjustment determines that there are great practical difficulties or unnecessary hardships in the manner of applying the strict letter of any land-use regulation on the land of the petitioner, the board shall record that determination and make and record findings of fact as to the specific conditions that establish the difficulties or hardships.

(b) On the basis of the board's determinations and findings under Subsection (a) of this section, the board of adjustment by order may authorize a variance from the land-use regulations that will:

- (1) relieve the great practical difficulties or unnecessary hardships;
- (2) not be contrary to the public interest;
- (3) observe the spirit of the land-use regulations;
- (4) secure the public health, safety, and welfare; and
- (5) do substantial justice.

[Acts 1981, 67th Leg., p. 1480, ch. 388, § 1, eff. Sept. 1, 1981.]

SUBCHAPTER G. POWERS AND DUTIES OF OTHER GOVERNMENTAL SUBDIVISIONS

§ 201.151. Use of County Machinery and Equipment

(a) A county may employ or permit to be employed in soil conservation and the prevention of soil waste through erosion, any county machinery, including road machinery or county road equipment. Before employing the machinery or equipment or permitting it to be employed, the commissioners court must determine that the machinery or equipment is not demanded for building or maintaining the roads of the county and must enter that determination in the minutes of the court. The commissioners court shall provide for compensation to be paid for employment of the machinery or equipment and for that compensation to be paid into the county road fund or the road fund of a defined conservation district or authorized subdivision in the county.

(b) In the public service of conserving the soil fertility of the land of the county, the commissioners court may cooperate with the landowners and taxpayers of the county in all judicious efforts for the preservation of the productiveness of the soil from avoidable waste and loss of productiveness of agricultural crops necessary to the public welfare. In doing that, the county may permit the use of available machinery and equipment for those purposes by written contract, under which the county is to receive compensation from the landowner or taxpayer.

(c) The compensation under a contract under Subsection (b) of this section must be paid on a uniform basis considered equitable and proper by the commissioners court. The compensation shall be paid into the road and bridge fund of the county. The commissioners court may provide for the payments from landowners or taxpayers to be paid in equitable amounts and intervals when county taxes are collected.

(d) The commissioners court or a representative of the commissioners court may not go on the land of any landowner to improve, terrace, protect, or ditch the land until requested to do so in writing by

the owner of the land. The commissioners court may not be required to do that work unless the court determines that the work is of public benefit and elects to do the work.

(e) In any county with a population of not less than 22,000 or more than 23,000, not less than 60,000 nor more than 80,000, or not less than 290,000 nor more than 360,000, the commissioners court by order entered in its minutes may rent or let directly to a landowner in the county any machinery or equipment, including a tractor or a grader, for use on land situated in the county in the construction of terraces, dikes, and ditches for the purpose of soil conservation or soil erosion prevention or for the purpose of constructing water tanks and reservoirs. The landowner and the commissioners court shall agree on the amount to be paid by the landowner to the county for the use of the machinery or equipment and that amount shall be specified in the order renting or letting the machinery or equipment.

[Acts 1981, 67th Leg., p. 1480, ch. 388, § 1, eff. Sept. 1, 1981.]

§ 201.152. Contracts for Flood Control and Drainage

(a) A county, city, water control and improvement district, drainage district, or other political subdivision may contract with a conservation district for the joint acquisition of rights-of-way or for joint construction or maintenance of dams, flood retention structures, canals, drains, levees, or other improvements for flood control and drainage related to flood control or for making the necessary outlets and maintaining them. The contracts and agreements may contain terms, provisions, and details that the governing bodies of the respective political subdivisions determine to be necessary under the facts and circumstances.

(b) A county, city, water control and improvement district, drainage district, or other political subdivision may contribute funds to a conservation district for the construction or maintenance of canals, dams, flood retention structures, drains, levees, and other improvements for flood control and drainage related to flood control or for making the necessary outlets and maintaining them. The political subdivision may contribute the funds regardless of whether title to the property is vested in the State of Texas or a conservation district if the work to be accomplished is for the mutual benefit of the donor and the agency or political subdivision having title to the property on which the improvements are located.

(c) A county may contribute funds to a conservation district for the conservation district to use in matching all or part of funds received by the conservation district from the state for use in soil conservation and flood control programs.

(d) For the purposes of this section, a county may expend permanent improvement funds or flood control funds levied in accordance with Article VIII, Section 1-a, of the Texas Constitution and Chapter 464, Acts of the 51st Legislature, Regular Session, 1949 (Article 7048a, Vernon's Texas Civil Statutes). A political subdivision other than a county may expend the appropriate funds of the subdivision for the purposes of this section.

TITLE 8. PROTECTION AND PRESERVATION OF AGRICULTURAL OPERATIONS

CHAPTER 251. EFFECT OF NUISANCE ACTIONS AND GOVERNMENTAL REQUIREMENTS ON PREEXISTING AGRICULTURAL OPERATIONS

Sec.

251.001. Policy.

251.002. Definitions.

251.003. Established Date of Operation.

251.004. Nuisance Actions.

251.005. Effect of Governmental Requirements.

§ 251.001. Policy

It is the policy of this state to conserve, protect, and encourage the development and improvement of its agricultural land for the production of food and other agricultural products. It is the purpose of this chapter to reduce the loss to the state of its agricultural resources by limiting the circumstances under which agricultural operations may be regulated or considered to be a nuisance.

[Acts 1981, 67th Leg., p. 2595, ch. 693, § 21, eff. Aug. 31, 1981.]

§ 251.002. Definitions

In this chapter:

(1) "Agricultural operation" includes but is not limited to the following activities: cultivating the soil; producing crops for human food, animal feed, planting seed, or fiber; floriculture; viticulture; horticulture; raising or keeping livestock or poultry; and planting cover crops or leaving land idle for the purpose of participating in any governmental program or normal crop or livestock rotation procedure.

(2) "Governmental requirement" includes any rule, regulation, ordinance, zoning, or other requirement or restriction enacted or promulgated by a county, city, or other municipal corporation that has the power to enact or promulgate the requirement or restriction.

[Acts 1981, 67th Leg., p. 2595, ch. 693, § 21, eff. Aug. 31, 1981.]

§ 251.003. Established Date of Operation

For purposes of this chapter, the established date of operation is the date on which an agricultural operation commenced operation. If the physical facilities of the agricultural operation are subsequently expanded, the established date of operation for each expansion is a separate and independent established date of operation established as of the date of commencement of the expanded operation, and the commencement of expanded operation does not divest the agricultural operation of a previously established date of operation.

[Acts 1981, 67th Leg., p. 2595, ch. 693, § 21, eff. Aug. 31, 1981.]

§ 251.004. Nuisance Actions

(a) No nuisance action may be brought against an agricultural operation that has lawfully been in operation for one year or more prior to the date on which the action is brought, if the conditions or circumstances complained of as constituting the basis for the nuisance action have existed substantially unchanged since the established date of operation. This subsection does not restrict or impede the authority of this state to protect the public health, safety, and welfare or the authority of a municipality to enforce state law.

(b) A person who brings a nuisance action for damages or injunctive relief against an agricultural operation that has existed for one year or more prior to the date that the action is instituted or who violates the provisions of Subsection (a) of this section is liable to the agricultural operator for all costs and expenses incurred in defense of the action, including but not limited to attorney's fees, court costs, travel, and other related incidental expenses incurred in the defense.

(c) This section does not affect or defeat the right of any person to recover for injuries or damages sustained because of an agricultural operation or portion of an agricultural operation that is conducted in violation of a federal, state, or local statute or governmental requirement that applies to the agricultural operation or portion of an agricultural operation.

[Acts 1981, 67th Leg., p. 2595, ch. 693, § 21, eff. Aug. 31, 1981.]

§ 251.005. Effect of Governmental Requirements

(a) For purposes of this section, the effective date of a governmental requirement is the date on which the requirement requires or attempts to require compliance as to the geographic area encompassed by the agricultural operation. The recodification of a municipal ordinance does not change the original effective date to the extent of the original requirements.

(b) A governmental requirement of a political subdivision of the state other than a city:

(1) applies to an agricultural operation with an established date of operation subsequent to the effective date of the requirement;

(2) does not apply to an agricultural operation with an established date of operation prior to the effective date of the requirement; and

(3) applies to an agricultural operation if the governmental requirement was in effect and was applicable to the operation prior to the effective date of this chapter.

(c) A governmental requirement of a city does not apply to any agricultural operation situated outside the corporate boundaries of the city on the effective date of this chapter. If an agricultural operation so situated is subsequently annexed or otherwise brought within the corporate boundaries of the city, the governmental requirements of the city do not apply to the agricultural operation unless the requirement is reasonably necessary to protect persons who reside in the immediate vicinity or persons on public property in the immediate vicinity of the agricultural operation from the danger of explosion, flooding, vermin, insects, physical injury, contagious disease, removal of lateral or subjacent support, contamination of water supplies, radiation, storage of toxic materials, discharge of firearms, or traffic hazards.

(d) This section shall be construed to maintain, to the limited degree set forth in this section, the authority of a political subdivision under prior law over nonconforming uses but may not be construed to expand that authority.

[Acts 1981, 67th Leg., p. 2595, ch. 693, § 21, eff. Aug. 31, 1981.]

§ 252.023. Application for Loans

(a) An individual desiring to acquire farmland or ranchland may apply to an eligible lender for a family farm and ranch security loan. On completion of the appropriate forms by the applicant and the lender, the lender shall forward the application to the commissioner for approval. The commissioner shall determine eligibility, shall approve the application if the requirements of this chapter and the rules adopted under this chapter are met, and shall notify the lender and the applicant of the decision.

(b) If the application is denied, the commissioner shall return the application to the lender with a written statement of the reasons for denial. The lender shall give a copy of those reasons to the

applicant. If the circumstances of the applicant change so that he or she becomes eligible, the applicant may reapply.

(c) If the commissioner approves the loan application, the commission shall file a copy of the application and return the original to the lender. The applicant and the lender may then complete the loan transaction, subject to compliance with the rules adopted under this chapter.

(d) A person related within the second degree by affinity or the third degree by consanguinity to any member of the advisory council or to the commissioner, the deputy commissioner of agriculture, an assistant commissioner of agriculture, the administrator of the program, or the assistant administrator is not eligible for a family farm and ranch security loan.

(e) Information contained in an application and related documents may not be made public before final approval of the application in accordance with the rules of the commissioner.

§ 252.024. Terms of Loan

(a) A family farm and ranch security loan shall be transacted on forms approved by the commissioner with the advice of the attorney general. Before approving an application, the commissioner shall obtain an appraisal of the property in order to determine its value. Any appraiser representing the commissioner must be reasonably qualified to give competent appraisals of land. The appraiser shall make a written report to the commissioner in affidavit form, sworn to before a notary public or other official authorized to administer oaths, showing:

- (1) the appraised value of the land;
- (2) the name and address of each person communicated with relative to the valuation of the land;
- (3) that the appraiser has examined the records of the county clerk's office relative to the land;
- (4) that the appraiser has checked past sales of adjacent lands to aid in determining valuation; and
- (5) that neither the appraiser nor a member of the appraiser's family has received a personal benefit from the transaction and does not expect to receive any future personal benefits.

(b) The applicant shall pay the cost of an appraisal made under Subsection (a) of this section before the date on which the application is reviewed by the advisory council.

(c) The commissioner shall establish by rule an appraisal procedure to determine the income potential and appraisal value of the property to be purchased under a family farm and ranch security loan and may not approve an application if the purchase price exceeds the appraised value of the land.

§ 252.025. Payment Adjustment

(a) If a family farm and ranch security loan has a term of not more than 20 years and provides for payments at least annually so that the loan is amortized over its term with equal annual payments of principal and interest, an applicant or borrower may apply for a payment adjustment. If the application is approved by the advisory council, the commissioner, subject to the availability of funds, may annually pay to the lender an amount not to exceed four percent of the outstanding balance due on the loan at the beginning of the year during the first 10 years of the loan. Beginning with the 11th year of the loan, the borrower shall reimburse the commissioner for the sums paid in his or her behalf plus six percent simple interest. A borrower may petition the commissioner for one 10-year renewal of the payment adjustment. If the commissioner and advisory council approve the renewal, the borrower shall reimburse the commissioner beginning with the 21st year after the loan was granted for all the sums paid in his or her behalf plus six percent simple interest. A borrower is entitled to make reimbursements for payment adjustments in equal annual payments over a term not to exceed 10 years.

(b) The borrower, the borrower's spouse, and their dependents shall annually submit to the commissioner a sworn statement of their net worth. If their net worth in any year exceeds \$200,000, excluding the value of the residential homestead, the borrower is ineligible for a payment adjustment in that year.

(c) The obligation to repay a payment adjustment is a lien against the property.

(d) A lender receiving a payment from the commissioner on behalf of a borrower under this section shall reduce the borrower's payments for the applicable year in accordance with the rules of the commissioner.

(e) Payment adjustments may be made only from income received from the investment of the farm and ranch loan security funds or from any funds appropriated for that purpose.

§ 252.026. Seller-Sponsored Loans

(a) If the seller is an individual, the commissioner may approve for guarantee a loan in which part or all of the purchase price of the farmland or ranchland is financed by a loan from the seller of the property with the remainder of the loan, if any, supplied by a lender.

(b) A seller-sponsored loan shall be secured by a purchase money first real estate mortgage or deed of trust evidenced by a negotiable note or notes. If a note is sold or exchanged, the holder of the note shall notify the commissioner of the sale or exchange in writing within 30 days after the day that the note is sold or exchanged.

§ 252.027. Sale or Conveyance

Except as provided by rule of the commissioner, a borrower who sells or conveys the property for which a family farm and ranch security loan was issued shall immediately retire the entire indebtedness owed to the lender and the state. A family farm and ranch security loan may not be assumed by a new owner. This section does not prohibit a borrower from granting a security interest in the property for the purposes of securing an additional loan approved by the commissioner in accordance with rules adopted under this chapter.

[Acts 1981, 67th Leg., p. 1073, ch. 388, § 1, eff. Sept. 1, 1981. Renumbered from § 15.027 by Acts 1981, 67th Leg., p. 2597, ch. 693, § 22, eff. Aug. 31, 1981. Amended by Acts 1983, 68th Leg., p. 991, ch. 235, art. 1, § 3(i), eff. Sept. 1, 1983.]

§ 252.028. Default

(a) A borrower is in default if, for a period longer than one year, the borrower fails to devote and maintain land purchased under a family farm and ranch security loan to one or more of the following activities:

- (1) cultivating the soil and producing crops for human food, animal feed, planting seed, or fiber;
- (2) floriculture, viticulture, or horticulture;
- (3) raising or keeping livestock; or
- (4) planting cover crops or leaving land idle for the purpose of participation in a governmental program or normal crop or livestock rotation.

(b) Within 90 days of default on a family farm and ranch security loan, the lender shall notify the borrower that the lender must notify the commissioner if the default continues for another 90 days. The lender also shall inform the borrower of the consequences of that default. The lender and the borrower may agree to take any reasonable steps to ensure the fulfillment of the loan obligation.

(c) If the borrower has not made arrangements to meet the obligation by the end of the 180th day following the initial default, the lender shall file a claim with the commissioner identifying the loan and the nature of the default. The commissioner shall then conduct a hearing on the alleged default as a contested case under the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes). Appeal of the commissioner's decision to the district court is under the substantial evidence rule. The commissioner may waive default in the event of extenuating circumstances, including the borrower's physical disability. If the commissioner finds that the borrower is in default and the commissioner does not waive default, the lender shall assign to the state all of the lender's security and interest in the loan in exchange for payment of 90 percent of all sums due and payable under the first real estate mortgage or deed of trust or, if the borrower made a down payment of 10 percent or more of the purchase price, all of the sums due and payable under the first real estate mortgage or deed of trust. If the loan is seller-sponsored, the seller may elect to pay the commissioner all sums owed the commissioner by the applicant and retain title to the property in lieu of payment by the commissioner under the terms of the loan guarantee. If the commissioner determines that the lender has met his or her obligations regarding the loan guarantee, the commissioner shall authorize payment to the lender and shall notify the defaulting party. Payment to the lender must be made from amounts on deposit in the farm and ranch loan security fund. The state shall then become holder of the mortgage or deed of trust.

(d) If the state acquires the mortgage or deed of trust on the property, the commissioner shall undertake to sell the property after all appeals are concluded. The commissioner shall publish notice of the impending sale at least one each week for four consecutive weeks in a newspaper of general circulation in the county in which the property is located and in a publication having general statewide circulation. The notice shall specify the time and place in the county at which the sale will be held and give a description of the lots or tracts to be offered and a general statement of the terms of sale. The commissioner shall sell the property to the highest bidder as determined by taking sealed bids or by public auction. In either case, the commissioner shall determine the successful bidder within 15 days of the date of the last published notice of sale. Each bidder shall submit bid security in the form of a certified check or bid bond in the amount of two percent of the bid price. The successful bidder shall remit the balance of the purchase price to the commissioner within 90 days of the date of sale. On remittance of the balance, the commissioner shall transfer all right, title, and interest of the

state in the property to the purchaser. If the purchaser fails to remit any part of the balance within the 90 days, the purchaser forfeits all rights to the property and any money paid for it, and the commissioner shall restart the sale process.

(e) Proceeds from the sale of property obtained by the state under this section shall be paid into the farm and ranch loan security fund, except that if the payment made to a lender under this chapter is less than the amount due and payable to the lender, proceeds in excess of the amount of that payment shall be paid to the lender to the extent required in order to reimburse the lender in full.

(f) The commissioner by rule may prescribe procedures to be followed by the commissioner and by a borrower or lender under a loan in default, together with substantive rights consistent with this chapter, that are alternative or additional to the procedures specified by this section, if in the commissioner's judgment the procedures would provide for a more workable, equitable, and financially sound administration of this chapter. The rules may include the right to make partial payments of loans instead of foreclosure on the property, or pending foreclosure on property, under the procedures specified by this section or by the rules.

The guarantee of a loan may be enforced by any transferee, assignee, or other subsequent legal holder of the loan.

§ 252.051. Issuance of Farm and Ranch Loan Security Bonds

(a) The commissioner by order may provide for the issuance of negotiable farm and ranch loan security bonds in one or more installments and in an aggregate amount not to exceed \$10 million. The order entered shall describe the terms and conditions of the bonds.

(b) The commissioner may not sell an installment or series of bonds for an amount less than the face value of all of the bonds comprising the installment or series with the interest accrued from their date of issuance.

(c) The commissioner shall determine the rate of interest of an installment or series of bonds and

shall determine whether interest is payable annually or semiannually.

(d) The commissioner shall determine:

- (1) the form of the bonds, including the form of any interest coupons to be attached;
- (2) the denominations of the bonds; and
- (3) the places for payment of principal and interest.

(e) The bonds of each issue mature, serially or otherwise, not more than 40 years from their date. In issuing bonds, the commissioner may determine the price, terms, and conditions for redemption of bonds before maturity.

(f) The commissioner may provide for the registration of bonds as to ownership, successive conversion and reconversion from bearer to registered bonds, and successive conversion and reconversion from registered to bearer bonds.

(g) The bonds shall be executed on behalf of the commissioner as general obligations of the state. The commissioner shall sign the bonds and impress the seal of the commissioner on them. The governor shall sign and the secretary of state shall attest the bonds, and the state seal shall be impressed on them.

(h) The commissioner may prescribe the extent to which facsimile signatures and facsimile seals instead of manual signatures and manually impressed seals may be used in executing the bonds and appurtenant coupons. Interest coupons may be signed by the facsimile signature of the commissioner. If an officer whose signature or facsimile signature appears on a bond or whose facsimile signature appears on a coupon ceases to be an officer before delivery of the bond, the signature is valid and sufficient for all purposes as if that officer had remained in office until the delivery had been made.

§ 252.053. Competitive Bidding

The commissioner may sell bonds only after competitive bidding to the highest and best bidder. The commissioner may reject any or all bids. The commissioner shall require every bidder, except admin-

istrators of state funds, to include with the bid an exchange or cashier's check for an amount the commissioner considers adequate as a deposit guaranteeing acceptance of and payment for all bonds covered by the bid.

After approval by the attorney general, registration by the comptroller, and delivery to the purchaser, the bonds are incontestable and constitute general obligations of the state and shall be held to be valid and binding obligations of the state in any action, suit, or other proceeding in which their validity is questioned. In an action to enforce collection of the bonds or rights incident to the bonds, the certificate of approval by the attorney general and a certificate of registration by the comptroller, or certified copies of these certificates, are admissible evidence constituting proof of the validity of the bonds.

§ 252.056. Disposition of Bond Proceeds

(a) Except as provided by Subsection (b) of this section, proceeds derived from the sale of the bonds, less the administrative costs of issuing the bonds, shall be deposited with the state treasurer to the credit of the farm and ranch loan security fund.

(b) In authorizing a series of bonds, the commissioner may appropriate to the interest and sinking fund from the proceeds of the sale of bonds an amount that, together with the accrued interest received, is sufficient to pay interest coupons becoming due during the fiscal year in which the bonds are sold and to establish appropriate reserves.

(a) The interest and sinking fund for farm and ranch loan security bonds is created to be used exclusively for:

(1) paying the principal of farm and ranch loan security bonds as they mature;

(2) paying interest on the bonds as it comes due; and

(3) paying exchange and collection charges in connection with bonds.

(b) Except as otherwise provided by this subsection, the comptroller of public accounts shall credit accrued interest received in the sale of bonds and income from investments of the loan security fund and the interest and sinking fund to the interest and sinking fund. If the accrued interest and income in any year exceeds the cost of paying principal and interest on farm and ranch loan security bonds and any exchange and collection charges, the comptroller shall transfer the amount in excess of those payments to the credit of the farm and ranch security fund for the purpose of financing payment adjustments.

(c) After all bonds have been paid, the comptroller shall transfer the balance of the interest and sinking fund to the credit of the farm and ranch loan security fund.
