Sec. 2. The term professional engineer as used in this Act shall mean a person who, by reason of his knowledge of mathematics, the physical sciences, and the principles of engineering, acquired by professional education and practical experience, is qualified to engage in engineering practice as hereinafter defined.

The practice of professional engineering within the meaning and intent of this Act includes any professional service, such as consultation, investigation, evaluation, planning, designing, or responsible supervision of construction in connection with any public or private utilities, structures, buildings, machines, equipment, processes, works, or projects, wherein the public welfare, or the safeguarding of life, health or property is concerned or involved, when such professional service requires the application of engineering principles and interpretation of engineering data.

The term "Board" as used in this Act shall mean the State Board of Registration for Professional Engineers, provided for by this Act.

State Board of Registration for Professional Engineers—Appointment of members—Terms

Sec. 3. A State Board of Registration for Professional Engineers is hereby created whose duty it shall be to administer the provisions of this Act. The Board shall consist of six (6) professional engineers, who shall be appointed by the Governor of the State, with the advice and consent of the Senate. The members of the first Board shall be appointed within ninety (90) days after this Act becomes effective, to serve the following terms: Two (2) members for two (2) years; two (2) members for four (4) years; and two (2) members for six (6) years, from the date of their appointment or until their successors are duly appointed and qualified. Thereafter, at the expiration of the term of each member first appointed, his successor shall be appointed by the Governor of the State and he shall serve for a term of six (6) years or until his successor shall be appointed and qualified. Before entering upon the duties of his office each member of the Board shall take the Constitutional Oath of office and the same shall be filed with the Secretary of State. Each member of the Board first appointed hereunder shall receive a certificate of registration under this Act from said Board.

Qualifications of members of board

Sec. 4. Each member of the Board shall be a citizen of the United States and a resident of this State for a period of ten (10) years prior
to his appointment, and shall have been engaged in the practice of the profession of engineering for at least ten (10) years, two (2) years of which may be credited for graduation from an approved engineering school. Responsible charge of engineering teaching may be construed as the practice of professional engineering.

Compensation and expenses of board members

Sec. 5. Each member of the Board shall receive the sum of Ten ($10.00) Dollars per day for each day he is actually engaged in the duties of his office, including time spent in necessary travel, together with all legitimate expenses incurred in the performance of such duties. All per diem and expenses incurred hereunder shall be paid from the "Professional Engineers' Fund" as provided in this law. No money shall ever be paid for the administration of this Act from the General Funds of the State.

Removal of members of board—Vacancies

Sec. 6. The Governor may remove any member of the Board for misconduct, incompetency, or neglect of duty. Vacancies in the membership of the Board shall be filled for the unexpired term by appointment by the Governor as provided in this Act.

Organization and meetings of the board

Sec. 7. The Board shall hold a meeting within thirty (30) days after its members are first appointed, and thereafter shall hold at least two (2) regular meetings each year. Special meetings shall be held at such time as the by-laws of the Board may provide. Notice of all meetings shall be given in such manner as the by-laws may provide. The Board shall elect or appoint annually from its own membership the following officers: a Chairman, a Vice-Chairman, and a Secretary. A quorum of the Board shall consist of not less than four (4) members.

Powers of the board

Sec. 8. The Board shall have the power to make all by-laws and rules, not inconsistent with the Constitution and laws of this State, which may be reasonably necessary for the proper performance of its duties and the regulations of the proceedings before it. The Board shall adopt and have an official seal. The Board shall have such additional power as may be conferred by other provisions of this Act.

Receipts and disbursements

Sec. 9. The Secretary of the Board shall receive and account for all moneys derived under the provisions of this Act, and shall pay the same weekly to the State Treasurer who shall keep such moneys in a separate fund to be known as the "Professional Engineers' Fund". Such fund shall be paid out only by warrant of the State Comptroller upon the State Treasurer, upon itemized vouchers, approved by the Chairman and attested by the Secretary of the Board. All moneys in the "Professional Engineers' Fund" are hereby specifically appropriated for the use of the Board in the administration of this Act. The Secretary of the Board shall give a surety bond to the Governor of the State of Texas in the sum of Two Thousand Five Hundred ($2,500.00) Dollars. The premium on said bond shall be paid out of the "Professional Engineers' Fund". The Secretary of the Board shall receive such salary as the Board shall determine in addition to the compensation and
expenses provided for in this Act. The Board shall employ such clerical or other assistants as are necessary for the proper performance of its work, and may make expenditures of this fund for any purpose which in the opinion of the Board is reasonably necessary for the proper performance of its duties under this Act. Under no circumstances shall the total amount of warrants issued by the State Comptroller in payment of the expenses and compensation provided for in this Act exceed the amount of the "Professional Engineers' Fund". Provided further, that the salaries paid herein shall not be in excess of salaries paid for similar work in other departments.

Records and reports

Sec. 10. The Board shall keep a record of its proceedings and register of all applications for registration, which register shall show (a) the name, age and residence of each applicant; (b) the date of the application; (c) the place of business of such applicant; (d) his educational and other qualifications; (e) whether or not an examination was required; (f) whether the applicant was rejected; (g) whether a certificate of registration was granted; (h) the date of the action of the Board; and (i) such other information as may be deemed necessary by the Board.

The records of the Board shall be available to the public at all times and shall be prima facie evidence of the proceedings of the Board set forth therein, and a transcript thereof, duly certified by the Secretary of the Board under seal, shall be admissible in evidence with the same force and effect as if the original was produced.

Annually, as of August 31st, the Board shall submit to the Governor a report of its transaction of the preceding year, and shall also transmit to him a complete statement of the receipts and expenditures of the Board, attested by affidavits of its Chairman and its Secretary.

Roster of registered engineers

Sec. 11. A roster showing the names and places of business of all registered professional engineers shall be prepared by the Secretary of the Board during the month of July of each year, commencing with the month of July, 1938. Copies of this roster shall be mailed to each person so registered, placed on file with the Secretary of State, and furnished to the public upon request.

General requirements for registration

Sec. 12. The following shall be considered as minimum evidence satisfactory to the Board that the applicant is qualified for registration as a professional engineer, to-wit:

(a) Graduation from an approved course in engineering of four (4) years or more in a recognized school or college approved by the Board as of satisfactory standing, and a specific record of an additional four (4) years or more of active practice in engineering work of a character satisfactory to the Board, indicating that the applicant is competent to be placed in responsible charge of such work; or

(b) Successfully passing a written, or written and oral, examination designed to show knowledge and skill approximating that attained through graduation from an approved four (4) years engineering course; and a specific record of at least eight (8) years of active practice in engineering work of a character satisfactory to the Board and indicating that the applicant is competent to be placed in responsible charge of such work.
(c) At any time within five (5) years after this Act becomes effective the Board may accept as evidence that the applicant is qualified for registration as a professional engineer a specific record of twelve (12) years or more of active practice in engineering work of a character satisfactory to the Board and indicating that the applicant is qualified to design, to operate, or to supervise construction of engineering work and has had responsible charge of important engineering work for at least five (5) years and provided applicant is not less than thirty-five (35) years of age, and was not practicing professional engineering at the time this Act becomes effective.

(d) After this Act shall have been in effect five (5) years, the Board shall issue certificates of registration only to those applicants who meet the requirements of Section 12, (a), or (b), or Section 21.

(e) Provided, that no person shall be eligible for registration as a professional engineer who is not of good character and reputation; and provided further, that any engineer licensed under this Act shall be eligible to hold any appointive engineering position with the State of Texas.

(f) In considering the qualifications of applicants, responsible charge of engineering teaching may be construed as responsible charge of engineering work. The satisfactory completion of each year of an approved course in engineering in a school or college approved by the Board as of satisfactory standing, without graduation, shall be considered as equivalent to a year of active practice. Graduation in a course other than engineering from a college or university of recognized standing shall be considered as equivalent to two (2) years of active practice; provided, however, that no applicant shall receive credit for more than four (4) years of active practice because of educational qualifications. The mere execution, as a contractor, of work designed by a professional engineer, or the supervision of the construction of such work as foreman or superintendent shall not be deemed to be active practice in engineering work.

(g) Any person having the necessary qualifications prescribed in this Act to entitle him to registration shall be eligible for such registration though he may not be practicing at the time of making his application.

Applications and registration fees

Sec. 13. Applications for registration shall be on forms prescribed and furnished by the Board, shall contain statements made under oath, showing the applicant's education and a detailed summary of his technical work, and shall contain not less than five (5) references, of whom three (3) or more shall be engineers having personal knowledge of his engineering experience.

The registration fee for professional engineers shall be Twenty-five ($25.00) Dollars, Fifteen ($15.00) Dollars of which shall accompany the application, the remaining Ten ($10.00) Dollars to be paid upon issuance of certificate. When a certificate of qualification issued by the National Bureau of Engineering Registration is accepted as evidence of qualification, the total fee for registration as professional engineer shall be Ten ($10.00) Dollars.

Examinations

Sec. 14. When oral or written examinations are required, they shall be held at such time and place as the Board shall determine. The scope of the examinations and the methods of procedure shall be prescribed by the Board with special reference to the applicant's ability to design and supervise engineering works, which shall insure the safety of life, health, and property. Examinations shall be given for the
purpose of determining the qualifications of applicants for registration in professional engineering. A candidate failing on examination may apply for re-examination at the expiration of six (6) months and will be re-examined without payment of additional fees. Re-examination may be granted at any time upon payment of a fee to be determined by the Board.

Certificates, seals

Sec. 15. The Board shall issue a certificate of registration upon payment of registration fee as provided for in this Act, to any applicant, who, in the opinion of the Board, has satisfactorily met all the requirements of this Act. In case of a registered engineer, the certificate shall authorize the practice of professional engineering. Certificates of registration shall show the full name of the registrant, shall have a serial number, and shall be signed by the Chairman and the Secretary of the Board under seal of the Board. The issuance of a certificate of registration by this Board shall be evidence that the person named therein is entitled to all rights and privileges of a registered professional engineer, while the said certificate remains unrevoked or unexpired.

Each registrant hereunder shall upon registration obtain a seal of the design authorized by the Board, bearing the registrant's name and the legend "Registered Professional Engineer". Plans, specifications, plats, and reports issued by a registrant shall be stamped with the said seal when filed with public authorities, during the life of the registrant's certificate, but it shall be unlawful for any one to stamp or seal any documents with said seal after the certificate of the registrant named thereon has expired or has been revoked, unless said certificate shall have been renewed or reissued.

Expirations and renewals

Sec. 16. Certificates of registration shall expire on the last day of the month of December following their issuance or renewal and shall become invalid on that date unless renewed. It shall be the duty of the Secretary of the Board to notify every person registered under this Act of the date of the expiration of his certificate and the amount of the fee that shall be required for its renewal for one (1) year; such notice shall be mailed at least one (1) month in advance of the date of the expiration of said certificate. Renewal may be effected at any time during the month of December by the payment of a fee of Five ($5.00) Dollars. The failure on the part of any registrant to renew his certificate annually in the month of December as required above shall not deprive such person of the right of renewal, but the fee to be paid for the renewal of a certificate after the month of December shall be increased ten (10%) per cent for each month or fraction of a month that renewal payment is delayed; provided, however, that the maximum fee for delayed renewal shall not exceed twice the normal renewal fee.

Firms, partnerships, corporations and joint stock associations

Sec. 17. A firm, or a co-partnership, or a corporation, or a joint stock association may engage in the practice of professional engineering in this State, provided such practice is carried on by only professional engineers registered in this State.

Practitioners at time act becomes effective

Sec. 18. At any time within one (1) year after this Act becomes effective, upon due application therefor and the payment of the registration fee of Twenty-five ($25.00) Dollars for professional engineers, the Board shall issue a certificate of registration, without oral or written
examination, to any professional engineer who shall submit evidence under oath satisfactory to the Board that he is of good character, has been a resident of the State of Texas for at least one (1) year immediately preceding the date of his application, and was practicing professional engineering at the time this Act became effective, and has had responsible charge of work of a character satisfactory to the Board.

After this Act shall have been in effect one (1) year, the Board shall issue certificates of registration only as provided for in Section 12 or Section 21 thereof.

**Public work**

Sec. 19. After the first day of January, 1938, it shall be unlawful for this State, or for any of its political subdivisions, for any county, city, or town, to engage in the construction of any public work involving professional engineering, where public health, public welfare or public safety is involved, unless the engineering plans and specifications and estimates have been prepared by, and the engineering construction is to be executed under the direct supervision of a registered professional engineer; provided, that nothing in this Act shall be held to apply to any public work wherein the contemplated expenditure for the completed project does not exceed Three Thousand ($3,000.00) Dollars. Provided, that this Act shall not apply to any road maintenance or betterment work undertaken by the County Commissioners’ Court.

**Exemptions**

Sec. 20. The following persons shall be exempt from the provisions of this Act, to-wit:

(a) A person not a resident of and having no established place of business in this State, practicing or offering to practice here the profession of engineering, when such practice does not exceed in the aggregate more than sixty (60) days in any calendar year; provided, such person is legally qualified by registration to practice the said profession in his own state or country in which the requirements and qualifications for obtaining a certificate of registration are not lower than those specified in this Act.

(b) A person not a resident of and having no established place of business in this State, or who has recently become a resident thereof, practicing or offering to practice herein for more than sixty (60) days in any calendar year the profession of engineering, if he shall have filed with the Board an application for a certificate of registration and shall have paid the fee required by this Act. Such exemption shall continue only for such time as the Board requires for the consideration of the application for registration; provided, that such a person is legally qualified to practice said profession in his own state or country in which the requirements and qualifications for obtaining a certificate of registration are not lower than those specified in this Act.

(c) An employee or a subordinate of a person holding a certificate of registration under this Act, or any employee of a person exempted from registration by classes (a) and (b) of this section; provided, his practice does not include responsible charge of design or supervision.

(d) Officers and employees of the Government of the United States while engaged within this State in the practice of the profession of engineering for said Government.

(e) Nothing in this Act shall be construed to apply to persons doing the actual work of installing, operating, repairing, or servicing locomotive or stationary engines, steam boilers, Diesel engines, internal combustion engines, refrigeration compressors and systems, hoisting engines,
electrical engines, air conditioning equipment and systems, or mechanical and electrical equipment and apparatus; nor shall this Act be construed to prevent any citizen from identifying himself in the name and trade of any engineers' labor organization with which he may be affiliated. Provided, however, that nothing in this Act shall be construed as permitting any person other than a licensed professional engineer affixing his signature as such to engineering plans, specifications or estimates.

(f) Nothing in this Act shall be construed to apply to persons erecting or building any private dwelling.

Reciprocity

Sec. 21. The Board may, upon application therefor, and the payment of a fee of Ten ($10.00) Dollars, issue a certificate of registration as a professional engineer to any person who holds a certificate of qualification or registration issued to him by proper authority of the National Council of State Boards of Engineering Examiners, or of the National Bureau of Engineering Registration, or of any state or territory or possession of the United States, or any country provided that the requirements for the registration of professional engineers under which said certificate of qualification or registration was issued do not conflict with the provisions of this Act and are of a standard not lower than that specified in Section 12 of this Act.

Revocations and re-issuances of certificates

Sec. 22. The Board shall have the power to revoke the certificate of registration of any registrant who is found guilty of:

(a) The practice of any fraud or deceit in obtaining a certificate of registration;

(b) Any gross negligence, incompetency, or misconduct in the practice of professional engineering as a registered professional engineer.

In determining any such charges the Board shall proceed upon sworn information furnished it by any reliable resident of this State; such information shall be in writing and shall be duly verified by the person familiar with the facts therein charged, and three (3) copies of the same shall be filed with the Secretary of the Board. Upon receipt of such information the Board, if it deems the information sufficient to support further action on its part, shall make an order setting the charges therein contained for hearing at a specified time and place, and the Secretary of the Board shall cause a copy of the Board's order and of the information to be served upon the accused at least thirty (30) days before the date appointed in the order for the hearing. The accused may appear in person or by counsel, or both, at the time and place named in the order and make his defense to the same. If the accused fails or refuses to appear, the Board may proceed to hear and determine the charges in his absence. If the accused pleads guilty, or upon a hearing of the charges the Board and a majority of its members shall find them to be true, it may enter an order revoking the certificate of registration of such registered professional engineer. The Board shall have the power, through its Chairman or Secretary, to administer oaths and compel the attendance of witnesses before it as in civil cases in the district court by subpoena issued over the signature of the Secretary and seal of the Board. Said suit shall be filed against the Board as defendant, and service of process may be had upon its Chairman or Secretary. The suit shall be tried as other civil causes, the burden of proof devolving upon the plaintiff assailing the order of revocation.

The Board, for reasons it may deem sufficient, may re-issue a certificate of registration to any person whose certificate has been revoked, provided four (4) or more members of the Board vote in favor of such re-issuance. A new certificate of registration, to replace any certificate revoked, lost, destroyed, or mutilated, may be issued, subject to the rules of the Board, and a charge of Three ($3.00) Dollars shall be made for such issuance.

Art. 4500. 5738 Reciprocal arrangements

The State Board of Medical Examiners may, in its discretion, upon payment by an applicant of a fee of Fifty Dollars ($50), grant license to practice medicine to any reputable physician who is a citizen of the United States, and a graduate of a reputable medical college, or who has qualified on examination for a certificate of medical qualification for a commission in the Medical Corps of the United States Army or Navy, and to licentiates of other States or Territories having requirements for medical registration and practice equal to those established by the laws of this State. Applications for license under the provisions of this Article shall be in writing, and upon a form to be prescribed by the State Board of Medical Examiners. Said application shall be accompanied by a diploma, or a photograph thereof, awarded to the applicant by a reputable medical college, and, in the case of an Army or Naval officer, a certified transcript or a certificate, or license, or commission issued to the applicant by the Medical Corps of the United States Army or Navy, or by a license, or a certified copy of license to practice medicine, lawfully issued to the applicant, upon examination, by some other State or Territory of the United States. Said application shall also be accompanied by an affidavit made by an executive officer of the Medical Corps of the United States Army or Navy, the President or Secretary of the Board of Medical Examiners which issued the said license, or by a legally constituted medical registration officer of the State or Territory by which the certificate or license was granted, and on which the application for medical registration in Texas is based, reciting that the accompanying certificate or license has not been canceled or revoked, except by honorable discharge from the Medical Corps of the United States Army or Navy, and that the statement of the qualifications made in the application for medical license in Texas is true and correct. Applicants for license under the provisions of this Article shall subscribe to an oath in writing before an officer authorized by law to administer oaths, which shall be a part of said application, stating that the license, certificate, or authority under which the applicant practiced medicine in the State or Territory from which the applicant removed, was at the time of such removal in full force, and not suspended or canceled. Said application shall also state that the applicant is the identical person to whom the said certificate, license,
or commission, and the said medical diploma were issued, and that no proceeding has been instituted against the applicant for the cancellation of said certificate, license, or authority to practice medicine in the State or Territory by which the same was issued; and that no prosecution is pending against the applicant in any State or Federal court for any offense which under the law of Texas is a felony. A reputable physician within the meaning of this Article shall be one who would be eligible for examination by the Board of Medical Examiners under the provisions of Article 4505 of the Revised Civil Statutes of Texas of 1925, as amended by this Act. A reputable medical college within the meaning of this Article shall be such as is defined in Article 4501 of the Revised Civil Statutes of Texas of 1925, as amended by this Act. It is provided, however, that the Board may, under the provisions of this Article, in its discretion, grant license to any reputable physician of another State, Territory, or District, who graduated prior to the year 1907 from a medical college which at the time of his graduation required only three (3) courses of instruction of not less than six (6) months each for attainment of its diploma, or the degree of Doctor of Medicine, and which at the time of his graduation was generally recognized by the medical examining boards of the States of the Union as maintaining entrance requirements and courses of instruction equal to those maintained by the then better class of medical schools of the United States; and provided further that the said applicant for license to practice medicine in this State shall appear before the Board in executive session and pass a satisfactory oral examination in practical subjects as may be prescribed by the Board. The said Board shall not, under the provision of this Article, grant a license to practice medicine in this State to an applicant who does not hold a license issued by another State, Territory, or District of the United States, giving to him the same right to practice medicine in the State, Territory, or District issuing said license which a license to practice medicine in this State gives to a physician of this State in Texas. As amended Acts 1939, 46th Leg., p. 352, § 1.

Applicants to be eligible for examination must be citizens of the United States and must present satisfactory evidence to the Board that they are more than twenty-one (21) years of age, of good moral character, who have completed sixty (60) semester hours of college courses, other than in a medical school, which courses would be acceptable, at time of completing same, to the University of Texas for credit on a Bachelor of Arts Degree or a Bachelor of Science Degree, and who are graduates of bona fide reputable medical schools; a reputable medical school shall maintain a course of instruction of not less than four (4) terms of eight (8) months each; shall give a course of instruction in the fundamental subjects named in Article 4503 of the Revised Civil Statutes of Texas of 1925, as amended by this Act; and shall have the necessary teaching force, and possess and utilize laboratories, equipment, and facilities for proper instruction in all of said subjects. Applications for examination must be made in writing, verified by affidavit, and filed with the Secretary of the Board, on forms prescribed by the Board, accompanied by a fee of Twenty-five Dollars ($25). All applicants shall be given due notice of the date and place of such examination. Provided further that all students regularly enrolled in medical schools whose graduates are now permitted to take the medical examination now prescribed by law in this State shall upon completion of their medical college courses be permitted to take the examination prescribed herein.

If any applicant, because of failure to pass the required examination, shall be refused a license, he or she, at such time as the Board of Medical Examiners may fix, shall be permitted to take a subsequent examination, upon such subjects required in the original examination as the Board may prescribe, upon the payment of such part of Twenty-five Dollars ($25) as the Board may determine and state. In the event satisfactory grades shall be made in the subjects prescribed and taken on such re-examination, the Board may grant to the applicant a license to practice medicine. The Board shall determine the credit to be given examinees on the answers turned in on the subjects of complete and partial examination, and its decision thereupon shall be final. Art. 4503. Details of examinations

All examinations for license to practice medicine shall be conducted in writing in the English language, and in such manner as to be entirely fair and impartial to all individuals and to every school or system of medicine. All applicants shall be known to the examiners only by numbers, without names, or other method of identification on examination papers by which members of the Board may be able to identify such applicants or examinees, until after the general averages of the examinees' numbers in the class have been determined, and license granted or refused. Examinations shall be conducted on anatomy, physiology, chemistry, histology, pathology, bacteriology, diagnosis, surgery, obstetrics, gynecology, hygiene, and medical jurisprudence. Upon satisfactory examination conducted as aforesaid under the rules of the Board, applicants shall be granted license to practice medicine. All questions and answers, with
the grades attached, authenticated by the signature of the examiner, shall be preserved in the executive office of the Board for one year. All applicants examined at the same time shall be given identical questions. All certificates shall be attested by the seal of the Board and signed by all members of the Board, or a quorum thereof. The Board may in its discretion give examination for license in two (2) parts. The first part shall include such of the required scientific branches of medicine above-named as may be prescribed by the Board. The second, or final, part of the examination shall not be given until the applicant has graduated and has received a diploma from a reputable medical college, as the term, "reputable medical college," is defined in Article 4501 of the Revised Civil Statutes of Texas of 1925, as amended by this Act. The Board may in its discretion admit to partial examination applicants who have successfully completed the work of the first two (2) years of the college course required of licentiates. The application for partial examination must be in writing, accompanied by an affidavit made by the dean, or registrar, of a reputable medical college within the meaning of the law, showing that the applicant has successfully completed the work of the first two (2) years of said course, and by a fee of Fifteen Dollars ($15). The Board may prescribe all other prerequisites of such applications. The fee for second, or final, examination shall be Twenty-five Dollars ($25). As amended Acts 1939, 46th Leg., p. 352, § 4.

(b) That said applicant or licensee is guilty of any fraud, deceit or misrepresentation in the practice of optometry or in his seeking admission to such practice;
(c) That said applicant or licensee is unfit or incompetent by reason of negligence;
(d) That said applicant or licensee has been convicted of a felony or a misdemeanor which involves moral turpitude;
(e) That said applicant or licensee is an habitual drunkard or is addicted to the use of morphine, cocaine or other drugs having similar effect or has become insane or has been adjudged by a court of competent jurisdiction to be of unsound mind;
(f) That said licensee has directly or indirectly employed, hired, procured, or induced a person, not licensed to practice optometry in this State, to so practice;

The President of the Board shall fix a time and place for a hearing and shall cause a copy of the charges, together with a notice of the time and place fixed for the hearing, to be served on the respondent or his counsel at least ten (10) days prior thereto. When personal service cannot be effected, the Board shall cause to be published once a week for two (2) successive weeks a notice of the hearing in a newspaper published in the county wherein the respondent was last known to practice, and shall mail a copy of the charges and of such notice to the respondent at his last known address. Provided, however, that nothing in this law shall be construed to prevent the administrator or executor of the estate of a deceased optometrist from employing a licensed optometrist to carry on the practice of such deceased during the administration of such estate nor to prevent a licensed optometrist from working for such person during the administration of the estate when the legal representative thereof has been authorized by the county judge to continue the operation of such practice. The Board shall charge a fee of Twenty-five Dollars ($25) for examining an applicant for license, which fee must accompany the application. If the applicant who because of failure to pass the examination be refused a license, he shall be permitted to take a second examination without additional fee, provided the second examination is taken within a period of two (2) years. The fee for issuing a license shall be Ten Dollars ($10), to be paid to the Secretary of the Board. If anyone successfully passing the examination and meeting the requirements of the Board has not paid the fee for the issuance of a license within ninety (90) days after having been notified by registered mail at the address given on his examination papers or at the time of examination that he is eligible for same, such person shall, by his own act, have waived his right to obtain a license and the Board may, at its discretion, refuse to issue such license until such person has taken and successfully passed another examination.

The fund realized from all fees payable under the Act shall first be applied to the payment of all necessary expenses of the Board and the remainder to be applied by order of the Board to compensate members of said Board. Said compensation to each member of the Board shall in no case exceed Ten Dollars ($10) per day, or Three Hundred Dollars ($300) per year, exclusive of allowable expenses, except the Secretary-Treasurer shall receive additional compensation, as set by the Board, not to exceed Twelve Hundred Dollars ($1200) per year, for the performance of such additional duties as Secretary-Treasurer. The total expense of the Board shall not exceed Six Thousand Dollars ($6,000) per year. The Board shall defray all expenses under this law from fees provided in this title and no appropriation shall ever be made from the State Treasury for any expenditure made necessary by this law. All fees in excess of Five Thousand Dollars ($5,000) remaining in the hands of the Board at the end of any fiscal year shall be paid into the General Fund of this State. As amended Acts 1939, 46th Leg., p. 360, § 9.

On or before the 1st day of January of each year every licensed optometrist in this State shall pay to the Secretary-Treasurer of the Texas

On receipt of said renewal fee, the Board shall issue an annual renewal certificate bearing the number of the license, the year for which renewed and other information from the records of the Board that said Board may deem necessary. When an optometrist shall have failed to pay his annual renewal fee by March 1st, it shall be the duty of the Board to notify such optometrist at his last known address by mail that said annual renewal fee is due and unpaid. Thirty (30) days after the date of mailing such notice, it shall be the duty of the Board under this Act to suspend the license for nonpayment of annual renewal fee and to notify such optometrist of such suspension by registered letter addressed to his last known address. The Board shall notify the county clerk of the county in which such license may have been recorded of such suspension and such clerk, upon receipt of notice from said Board, shall enter upon the Optometry Register of such county the fact that such license has been suspended for nonpayment of annual renewal fee and shall notify the Board in writing that such entry has been made. Provided, that if said annual renewal fee is not paid within sixty (60) days from the date of notice of suspension, and unless good cause is shown why such fee has not or cannot be paid, the Board shall then cancel such license. The Board shall notify the county clerk of the county in which such license may have been recorded of such cancellation and such clerk, upon receipt of such notice from said Board, shall enter upon the Optometry Register of such county the fact that such license has been cancelled and is void for nonpayment of annual renewal fee and shall notify the Board in writing that such entry has been made. Practicing optometry without an annual renewal certificate for the current year as provided herein shall have the same force and effect and be subject to all penalties of practicing optometry without a license. After the Board has declared a license void as provided for in this Article, the Board may thereafter, in its discretion, refuse to issue a new license until such optometrist whose license has been declared void for nonpayment of annual renewal fee has passed the regular examination for license as provided for by this Act.

If any license issued under this law shall be lost or destroyed, the holder of said license may present his application to the Board for a duplicate license, together with his affidavit of such loss or destruction, and that he is the same person to whom said license was issued, and other information required by the Board, and shall upon the payment of a fee of Two Dollars and Fifty Cents ($2.50) be granted a license under this law. Should there be an unexpended balance at the end of any year in said fund, the Board of Insurance Commissioners shall reduce the assessment for the succeeding year so that the amount produced and paid into the State Treasury together with said unexpended balance in the Treasury will not exceed the amount necessary for the current year to pay all expenses of maintaining the Motor Vehicle Division of the Board of Insurance Commissioners. [Acts 1927, 40th Leg., p. 373, ch. 253, § 11-a, as added Acts 1937, 45th Leg., p. 671, ch. 335, § 2.]

Payment of such cost shall be made by the company upon presentation of itemized written statement by the Chairman, and shall consist of the examiners’ remuneration and expenses, and the other expenses of the Department of Insurance properly allocable to the examination. Payment shall be made directly to the Chairman, and all money collected by assessment on foreign companies for the cost of examination shall be deposited in the State Treasury by the Chairman to the credit of the Insurance Examination Fund out of which shall be paid, by warrant of the State Comptroller of Public Accounts on voucher of the Chairman of the Board of Insurance Commissioners, the examiners’ remuneration and expenses in the amounts determined by the method hereinafter provided, when verified by their affidavit and approved by the Chairman; and said money is hereby appropriated for that purpose, the balance, if any, to remain in the Insurance Examination Fund in the State Treasury subject to be expended for the purposes as are other funds placed there-in. Examiners’ remuneration and expenses shall be the same as that which would be paid by the home state of a company under examination to persons conducting the examination of a Texas company admitted to do business in that State. If there be no recognized charge for such service, the Chairman shall fix the remuneration and expense allowance of the examiners at such reasonable figure as he may determine. Any number of bona fide inhabitants, not less than twenty-five, residing in any one or more adjoining counties in this State, who each own insurable property in such counties of the value of not less than One Thousand ($1,000.00) Dollars, who desire to have the same insured for a sum not less than said amount, and have applied in writing for insurance on the same in the company, may form a County Mutual Insurance Company, and have the same incorporated under the laws of the State of Texas.

Application for permission to solicit insurance

Sec. 3. Any five or more of such inhabitants, desiring to form a County Mutual Insurance Company, may apply to the Board of Insurance Commissioners of the State of Texas for permission to solicit insurance on mutual or cooperative plan, which application shall state:

Upon receipt of such application, together with a Ten ($10.00) Dollar fee for filing of same, the Board of Insurance Commissioners shall at once file it and issue a permit (for a period of six months), authorizing said applicant or applicants to solicit insurance on the mutual or cooperative plan in accordance with the terms of the application, but not to issue policies of insurance or pay losses. Such permit may be renewed as often and as long as the Board of Insurance Commissioners finds it necessary upon application therefor and upon payment of Five ($5.00) Dollars for each renewal. Moneys collected from applicants other than charter members shall be held in trust for them until incorporation and returned in the event the organization is not perfected.

**Charter and articles of incorporation; contents**

Sec. 4. The charter and articles of incorporation of a county mutual insurance company shall state the names and post office addresses and be signed by not less than twenty-five (25) of its charter members, and be acknowledged before a notary public by not less than five (5) of them.

It shall also state the name of the company, which shall include the words “County Mutual Insurance Company”, the place of its principal office; the number, names and post office addresses of its first Directors, the number never to be less than five; and such other provisions as the incorporators may desire to set out therein.

**Conditions of incorporation**

Sec. 5. Before a charter shall be granted a county mutual insurance company, the incorporators must have on hand:

(a) Not less than twenty-five (25) applications in writing for insurance on not less than one hundred (100) separate risks; provided that no one risk shall be for more than one per cent (1%) of the total amount of insurance applied for in the new company, and that a separate risk shall be one or more items of real and/or personal property which is not exposed to any other property on which insurance is applied for in the new company;

(b) Not less than One ($1.00) Dollar for each One Hundred ($100.00) Dollars of insurance applied for at the time of incorporation, in cash or in approved legal assets, and in addition thereto a like amount of written valid extra premium or assessment obligations; provided the cash or legal assets required may be advanced by one or more persons and may be secured by the legal assets of the company—other than the assets so advanced; and

(c) Said application for charter shall also be accompanied by a copy of the by-laws of the company, and the bond of the Secretary or Manager of the same in such sum and conditioned as the Directors may determine.

When the foregoing requirements have been complied with to the satisfaction of the Commissioner of Insurance, the Commissioner of Insurance, upon the payment of a fee of Fifty ($50.00) Dollars, shall issue such Company a charter to do business as an incorporated company.

**By-laws**

Sec. 6. The by-laws shall state the time and manner of the levy and payment of all premiums or assessments for all insurance written by the company.

County Mutual Companies may adopt all rules, regulations, provisions and requirements contained in the standard policies of companies writing fire, gas explosion, lightning, windstorm or hail insurance as promulgated from time to time by the Commission of Insurance of the State of Texas, insofar as they are applicable to County Mutual Insurance Companies, as a part of their by-laws and contracts of insurance, which adoption shall be evidenced either by statement to that effect in the by-laws or in the policies.

The by-laws may also provide that when a loss occurs, the Companies may, at their option provide and require that all or a certain percent of the money to be paid for the loss be put back into a replacement or repair of the property damaged or destroyed, provided such provision may be equally made applicable to real and personal property and property exempt from execution such as homesteads or buildings on the homestead and exempt personal property. Provided also that County Mutual Companies may in their by-laws provide that the requirements of Article 4929, Revised Civil Statutes 1925 shall not be applicable to their contracts of insurance.

Sec. 7. All premiums and assessments, including the contingent liability of policy-holders for all insurance written by County Mutual Insurance Companies shall be fixed, levied and paid as and when required by the by-laws of the Companies and the whole premium or assessment for a policy shall be secured by a lien on each item of real or personal property other than homesteads covered by such policy including the land on which the insured buildings are situated, as long as the same remains the property of the insured.

If default is made by a policy-holder in the payment of an assessment or premium, suit may be brought against him for the same in any court of competent jurisdiction in the home County of the Company and the Company shall be entitled to have judgment against him for such delinquent premiums or assessments, and for a foreclosure of said lien, together with all costs of suit including a reasonable attorney's fee in a sum of not less than Five ($5.00) Dollars.

Sec. 8. Policy-holders shall be liable for losses of the Company only as prescribed in the by-laws of the Company, and that only in proportion that the premiums or assessments for the insurance of any policy bear to the total amount of the premiums or assessments for all the insurance in the class to which the policy belongs.

Sec. 9. The Board of Directors of County Mutual Insurance Companies may, at any time, borrow such sum or sums of money as they shall deem necessary to pay its losses, accrued or unaccrued, and may pledge
the assets of the Company including the contingent liability of the policy-holders for such losses as security for such loans.

**Solvency**

Sec. 10. A County Mutual shall be considered solvent and entitled to continue business if its assets, including the contingent liability of its policy-holders for its losses, are reasonably sufficient to pay its losses, according to the terms of the policies.

If there are unpaid losses after all the assets of the Company have been exhausted, and a rehabilitation of the Company is not effected within six months after the exhaustion of such assets, then the Attorney General of the State shall at the request of the Commission of Insurance of the State, bring suit in the District Court in and for Travis County to cancel the charter of such Company.

**Directors; qualifications; term**

Sec. 11. Directors of County Mutual Insurance Companies shall hold their office for one year after their election, and until their successors qualify, unless otherwise provided in their by-laws.

**Reserve funds**

Sec. 16. The Board of Directors of County Mutual Insurance Companies may provide for the accumulation of reserve funds, to be invested in such securities as the reserve funds of other Insurance Companies are by law required to be invested.

They shall also make such reports annually to the Commission of Insurance of the State of Texas as the Commission may require of them, or as shall be required by law.

Biennial examination by Insurance Commissioner

Sec. 18. The Insurance Commission of the State of Texas shall biennially, or oftener, if they deem it necessary, examine the County Mutual Insurance Companies.

Any such company or association, which has been or hereafter shall be in business for more than twenty years may, at any time before its charter expires by lapse of time, have its charter extended for a period of fifty years from the time of expiration of the original charter, and shall, under the extended charter, continue to have and enjoy all the rights, privileges and immunities that it had under the original charter; provided, however, that it is first authorized to extend its said charter either by a two-thirds majority vote of all of its Directors, or by a simple majority vote at a meeting of its policy-holders. The application for such extension shall set out in haec verbae the charter to be extended, and it shall state the time for which it is to be extended and be signed and acknowledged by the President and Secretary of the Company.

Any such Company whose charter has expired or may hereafter expire by lapse of time, but is or shall be still doing business in this State, may have its charter renewed for a term of fifty years from the time of the expiration of the original charter in like manner as charters may be extended, and from the time of such renewal it shall be entitled to all the rights, privileges and immunities it had and enjoyed under the original charter.

Any such unincorporated Mutual Fire, Insurance Company which has heretofore been in business continuously for a period of five years or more, and has paid all its losses promptly according to contract, may, at any time hereafter, when authorized to do so by two-thirds of its Directors, or by a majority vote of its policy-holders, apply for a charter and be incorporated for a term of fifty years as a County Mutual Insurance Company under the laws of Texas without complying with Sections 2 to 5 inclusive, of this Act. The application for such charter
shall state its name, its purposes, the location of its principal office, the number and names of its Directors, and the nature and value of its assets, and it shall be signed and acknowledged by its President and Secretary. Sec. 21. The by-laws of County Mutual Insurance Companies may provide for the organization of local chapters for the transaction of their business and for the creation of Districts in and for which their Directors may be elected. The Board of Directors of a Company may at any time, in any meeting by a two-thirds majority vote of all the Directors, remove any Officer of the Company from his office, or any of the employees from their employment, without assigning any reason therefor, and name another person or persons to assume the duties of the one or ones removed, when, in their judgment, it shall be deemed to the best interest of the Company, and the term of office of every Officer of a Company, and
the employment of every employee shall be subject to this provision of the law.

Exemption from insurance laws

Sec. 23. County Mutual Insurance Companies shall be exempt from the operation of all insurance laws of this State, except as herein specifically provided.

Such companies with Two Hundred Thousand Dollars ($200,000) of capital stock subscribed and fully paid in, in cash, shall be authorized to transact all and every kind of insurance specified in the first Article of this Chapter; all of which capital shall be paid up or invested in bonds of the United States, or of this State, or of any county or municipality of this State, or in notes or bonds secured by mortgage or trust deed insured by the Federal Housing Administrator, or in bonds or first liens upon unincumbered real estate in this State, or in any other State in which such company may previously have been licensed to conduct an insurance business. In either instance, such real estate shall be worth not less than forty (40) per cent more than the amount loaned thereon. If any part of the value of such real estate is in buildings, such buildings shall be insured against loss by fire for not less than sixty (60) per cent of the value thereof, with loss-payable clause to the company. The value of such real estate shall be determined by a sworn valuation made by two freeholders of the county where the real estate is situated. Provided that such restriction shall not apply to mortgages insured by the Federal Housing Administrator. Upon such company furnishing evidence satisfactory to the Commissioner that the capital stock as herein prescribed has been all subscribed and paid up in cash in good faith, and that such capital stock has been invested as herein prescribed, and upon the deposit of the sum of Fifty Thousand Dollars ($50,000) of such securities or in cash with the State Treasurer, then said Commissioner shall issue to said company a certificate authorizing it to do business. No part of the capital paid in shall be loaned to any officer of said company. In the event any such company shall be required by the law of any other State, country, or province as a requirement prior to doing an insurance business therein to deposit with the duly appointed officer of such other State, country, or province, or with the State Treasurer of this State, any securities or cash in excess of the said deposit of Fifty Thousand Dollars ($50,000) hereinbefore mentioned, such company, at its discretion, may deposit with the State Treasurer securities of the character authorized by this law, or cash sufficient to enable it to meet such requirements. The State Treasurer is hereby authorized and directed to receive such deposit and to hold it exclusively for the protection of all policyholders of the company. Any deposits so made to meet the requirements of any other State, country, or province shall not be withdrawn by the company except upon filing with the Commissioner evidence satisfactory to him that the company has withdrawn from business, and has no unsecured liabilities outstanding in any such other State, country, or province by which such additional deposit was required, and upon the filing of such evidence the company may withdraw such additional deposit at any time. As amended Acts 1937, 45th Leg., p. 422, ch. 216, § 1; Acts 1939, 46th Leg., p. 394, § 1.

Effective May 23, 1939.

CHAPTER TWENTY—INDEMNITY CONTRACTS

Art. 5025. Attorney for Subscribers

Such contracts may be executed by a duly appointed attorney in fact duly authorized and acting for such subscribers. The office or offices of such attorney may be maintained at such place or places as may be designated by the subscribers in the power of attorney.

Any person, firm or corporation may act as such attorney in fact, provided such attorney in fact shall make a good and sufficient fidelity bond acceptable to the Board of Insurance Commissioners of Texas and payable to the subscribers at the exchange, or, in lieu thereof, payable to the said Board of Insurance Commissioners, such bond to be in the sum of Twenty-five Thousand Dollars ($25,000) in the case of an individual or firm, and Fifty Thousand Dollars ($50,000) in the case of a corporation, which said bond shall obligate the principal and surety to pay such pecuniary loss, not exceeding the penalty of the bond, as the exchange shall sustain of money or property by an act or acts of fraud, dishonesty, forgery, theft, embezzlement, wrongful abstraction or wilful misapplication on the part of the said attorney in fact directly or through connivance with others, and in the event of any violation of the conditions of said bond, the insurance supervisory authority of any State in which the attorney in fact is authorized to transact the business of the exchange may bring suit to enforce the penalty of the bond on behalf of the subscribers; provided, that a deposit with the proper lawful authority of the home State of such exchange of cash or securities of the kind in which general casualty companies may invest their funds, in like amount, conditioned, approved and payable in like manner, may be used in lieu of such bond. As amended Acts 1939, 46th Leg., p. 417, § 1.

Effective May 13, 1939, the act should take effect from and after its passage.

Art. 5026. Declaration of Subscribers

Such subscribers, so contracting among themselves, shall, through their attorney in fact, file with the Board of Insurance Commissioners a declaration verified by the oath of such attorney in fact setting forth:

1. The name or the title of the office at which subscribers propose to exchange such indemnity contracts. Said name or title shall not be so similar to any other name or title previously adopted by a similar organization, or by any insurance corporation or association, as in the opinion of said Board of Insurance Commissioners is calculated to confuse or deceive. The office or offices through which such indemnity contracts shall be exchanged shall be classified as reciprocal or interinsurance exchanges.

2. The kind or kinds of insurance to be effected or exchanged, provided that same shall not include life insurance.

3. A copy of the form of policy, contract or agreement under or by which such insurance is to be effected or exchanged.

4. A copy of the form of power of attorney or other authority of such attorney in fact under which such insurance is to be effected or exchanged, which form shall be subject to approval by the Board of Insurance Commissioners of Texas; provided, however, that, except as to
matters concerning which specific provision is made in this Chapter, nothing herein contained shall be so construed as to permit the said Board to require the filing or use of uniform forms of such instruments. Such power of attorney or other authority executed by the subscribers at any such exchange shall provide that such subscribers shall be liable, in addition to the premium or premium deposit specified in the policy contract, to a contingent liability equal in amount to one additional annual premium or premium deposit. Such subscribers at such exchange may provide by agreement that the premium or premium deposit specified in the policy contract on all forms of insurance except life shall constitute their entire liability through the exchange while, but only while, the free surplus of the reciprocal exchange is equal to Two Hundred Thousand Dollars ($200,000); provided that if such exchange does not or is not applying to exchange workmen's compensation, employers' liability, or contracts providing indemnity against legal liability to third persons, except automobile public liability and property damage which is not subject to the regulations of the Interstate Commerce Commission, the Railroad Commission of Texas, or other similar bodies in the various States, such exchange may provide by agreement that the premium or premium deposit specified in the policy contract shall constitute the subscriber's entire liability through the exchange while, but only while, it maintains a free surplus of not less than Fifty Thousand Dollars ($50,000) if only one kind of insurance is exchanged, with an additional Ten Thousand Dollars ($10,000) of free surplus for each additional kind of insurance exchanged (including automobile public liability and property damage which is not subject to the regulations of the Interstate Commerce Commission, the Railroad Commission of Texas, or other similar bodies in the various States), but not more than One Hundred Thousand Dollars ($100,000) surplus shall be required; provided, however, that any domestic reciprocal-organized prior to the effective date of this Act which has been and is exchanging contracts without contingent liability and which does not have the minimum surplus required by this Section to exchange such contracts, may continue to exchange contracts without contingent liability until December 31, 1943, provided that

(a) On December 31, 1939, December 31, 1940, December 31, 1941, and December 31, 1942, it shall have increased its surplus by respective amounts of twenty-five (25) per centum of the difference between the surplus existing on December 31, 1938, and the surplus herein required of a reciprocal before it is permitted to exchange contracts without contingent liability; and

(b) At no time during each calendar year of the period above referred to shall the surplus be less than thirty (30) per centum of the premiums written during each such year; and

(c) All other provisions of this Act shall be complied with; and

(d) If such reciprocal fails to increase its surplus in accordance with this subsection, such reciprocal shall be subject to the minimum surplus as above-mentioned, or discontinue exchanging policies without contingent liability.

5. The location of the office or offices from which such contracts or agreements are to be issued.

Provided, further, that, as to all classes of insurance permitted to be written under the provisions of this Chapter, such verified declaration shall disclose the following:

(a) In case of workmen's compensation insurance, that applications have been made for indemnity by at least fifty (50) separate subscribers who have not less than two thousand (2,000) employees, as represented
by executed contracts or bona fide applications to become concurrently effective.

(b) As to all other classes of insurance permitted to be written under the provisions of this Chapter, that applications for indemnity have been made by at least seventy-five (75) separate subscribers for each class of risk to be exchanged, aggregating not less than Five Hundred Thousand Dollars ($500,000) as to each class of risk, as represented by executed contracts or bona fide applications to become concurrently effective. As amended Acts 1939, 46th Leg., p. 417, § 2.

Effective May 13, 1939.
Emergency section. See note under article 5025, ante.

Art. 5027. Service of Process

Concurrently with the filing of such declaration, the attorney shall file with the Board of Insurance Commissioners an instrument in writing executed by him for said subscribers conditioned that upon the issuance of certificates of authority as hereinafter provided, service of process may be had upon the chairman of such Board in all suits in this State arising out of such policies, contracts or agreements, which service shall be valid and binding upon all subscribers exchanging at any time reciprocal or interinsurance contracts through such attorney. Three copies of such process shall be served and said chairman of such Board shall file one copy, forward one copy to said attorney, and return one copy with his admission of service. It is provided, however, that in lieu of the method hereinabove provided, service of process may be had upon such attorney in fact in all suits, which service shall likewise be valid and binding upon all subscribers exchanging at any time reciprocal or interinsurance contracts through such attorney. If said attorney in fact be a corporation, either foreign or domestic, or joint stock company, or association, service of process thereon may be had in any manner provided by general law for service of process on corporations, joint stock companies, or associations. As amended Acts 1939, 46th Leg., p. 417, § 8.

Effective May 13, 1939.
Emergency section. See note under article 5027, ante.

Art. 5029. Financial Requirements

There shall be maintained at all times such reserves as are required, or which, by the laws of this State or by the lawful rules and regulations of the Board of Insurance Commissioners, hereafter may be required, to be maintained by stock insurance companies transacting the same kind or kinds of insurance business.

There shall be maintained at all times assets in a sum sufficient to discharge all liabilities, including reserves, and to provide a surplus over all liabilities, including reserves, of not less than Fifty Thousand Dollars ($50,000), and if at any time such surplus shall not equal that amount the attorney may make up such deficiency in the manner provided by Article 5029a of this Chapter.

The required assets of such exchanges shall be maintained in cash or securities of the kind in which general casualty companies are authorized by law to invest or lend their funds. Any exchange whose attorney in fact now has a certificate of authority to transact business in this State shall have until December 31, 1941, to fulfill the foregoing financial requirements specified in this Article; provided, however, that, upon good cause shown, the Board of Insurance Commissioners may, in
the exercise of reasonable discretion, extend such period of time for not to exceed three (3) years thereafter; provided further, however, that any exchange requiring such additional time to fulfill such financial requirements shall not have, at any time after the passage of this Act, a surplus less than its said surplus as the same existed on January 1st, 1939.

If fidelity and surety bond insurance is exchanged in this State by any reciprocal exchange, there shall be kept on deposit with the State Treasurer of Texas, money, bonds, or other securities, in an amount not less than Fifty Thousand Dollars ($50,000). Such securities shall be approved by the Board of Insurance Commissioners, and this amount shall be kept intact at all times. Any foreign exchange writing fidelity and surety bonds in this State shall file with the Board of Insurance Commissioners evidence, satisfactory to the Board of Insurance Commissioners, that it has on deposit with the State Treasurer or other proper officials of its home State or in escrow under his supervision and control in some reliable bank or trust company One Hundred Thousand Dollars ($100,000) or more, in money, bonds or other securities for the protection of its policyholders; provided, further, that if said bonds and securities herein referred to are not acceptable to and approved by the Board of Insurance Commissioners of Texas, said Board shall have the right and authority to deny the attorney in fact a certificate of authority. As amended Acts 1939, 46th Leg., p. 417, § 4.

Effective May 13, 1939.
Emergency section. See note under article 5025, ante.

Art. 5029a. May Advance Money

Any attorney in fact of such exchange may advance to such exchange any sum or sums of money necessary for the purpose of its business or to enable it to comply with any requirement of law, and such moneys and interest thereon as may have been agreed upon, not exceeding ten (10) per cent per annum, shall be payable, subject to the approval of the Board of Insurance Commissioners (which approval shall not be arbitrarily refused), only out of the surplus remaining, after providing for all reserves, other liabilities and required surplus, and shall not otherwise be a liability or claim against the exchange or any of its assets. No commission or promotion expenses, or other bonus, shall be paid in connection with the advance of any such money to the exchange, and the amount of all such advances shall be reported in each annual statement. Added Acts 1939, 46th Leg., p. 417, § 5.

Effective May 13, 1939.
Emergency section. See note under article 5025, ante.

Art. 5031. Any Corporation May Exchange

Any corporation, public, private or municipal, now or hereafter organized under the laws of this State, shall, in addition to the rights, powers and franchises specified in its articles of incorporation, have full power and authority to exchange insurance contracts of the kind and character herein mentioned. The right to exchange such contracts is hereby declared to be incidental to the purpose for which such corporations are organized and as much granted as the rights and powers expressly conferred. Art. 5032. Certificate of authority

Such attorney by whom or through whom are issued any policies of or contracts for indemnity of the character referred to herein shall procure from the Board of Insurance Commissioners annually a certificate of authority stating that all of the requirements have been complied with, and upon such compliance and the payment of the fees required by law, the Board of Insurance Commissioners shall issue such certificate of authority. Such Board of Insurance Commissioners may revoke or suspend any certificate of authority issued hereunder in case of breach of any condition imposed by this law, after reasonable written notice has been given said attorney so that he may appear and show cause why action should not be taken; provided, that said attorney by whom and through whom are issued any policies of or contracts for indemnity of the character herein referred to shall have the right of appeal to any District Court of Travis County, Texas, and shall have twenty (20) days from the date of any adverse ruling to effect such appeal; and the further right of appeal by any such attorney from the ruling or decision of any such District Court is hereby expressly granted. Any attorney who may have procured a certificate of authority hereunder shall renew same annually thereafter. Any certificate of authority shall continue in effect until the new certificate of authority be issued or specifically refused. The schedule of fees set out in Article 3920, so far as pertinent, shall apply to reciprocal exchanges and their attorneys in fact. Said exchanges shall pay a tax of three and one-fourth (3 1/4) per cent on all premiums collected, except fire and workmen's compensation premiums, under the provisions of Article 7064, Revised Civil Statutes of Texas, 1925, as amended by House Bill No. 8, Chapter 495, Page 2040, Article 4, Acts of the Third Called Session, Forty-fourth Legislature, 1936, as amended Acts 1937, Forty-fifth Legislature, House Bill No. 441, Section 1, as amended Acts 1939, Forty-sixth Legislature, House Bill No. 556, subject to reduction by investment in Texas securities as therein provided; and exchanges writing workmen's compensation insurance shall pay a tax of one-half (1/2) of one (1) per cent of the workmen's compensation premiums collected under the provisions of Article 7064a, Revised Civil Statutes of Texas, 1925, as enacted by House Bill No. 8, Chapter 495, Page 2040, Article 4, Acts of the Third Called Session, Forty-fourth Legislature, 1936, as amended Acts 1937, Forty-fifth Legislature, by House Bill No. 441, Section 1–b, as amended Acts 1939, Forty-sixth Legislature, House Bill No. 557; and a further tax of three-fifths (3/5) of one (1) per cent or such lesser amount as the Board of Insurance Commissioners may assess, on workmen's compensation premiums collected in this State under the provisions of Chapter 25, Section 1, Acts of 1937, Forty-fifth Legislature.¹

CHAPTER TWENTY-ONE—GENERAL PROVISIONS

Art. 5068c. Liquidation, rehabilitation, reorganization or conservation of insurers

[New].

Art. 5057a. Tax assessment of fire and casualty companies

Fire insurance companies and casualty insurance companies incorporated under the laws of this State shall hereafter be required to render for State, County and municipal taxation, all of their real estate as other real estate is rendered. All personal property of such insurance companies shall be valued as other personal property is valued for assessment in this State, and in the following manner: From the total valuation of their assets shall be deducted the reserves, which reserves shall be computed in such manner as may be prescribed by the rules and regulations of the Board of Insurance Commissioners, for unearned premiums and for all bona fide outstanding losses, and from the remainder shall be deducted the assessed value of all real estate owned by such companies, and the remainder shall be the taxable personal property of such companies, to be assessed as other property.

All real estate, furniture, fixtures and automobiles, owned by any such company shall be rendered for taxation in the city and in the county where such property is located. All other personal property owned by such company shall be rendered for taxation in the city and county where the principal business office of any such company is fixed by its charter. As amended Acts 1939, 46th Leg., p. 425, § 1.

Effective 90 days after June 21, 1939, date of adjournment.

Section 2 of the amendatory Act of 1939 declared an emergency and provided that the Act should take effect from and after its passage.
Art. 5068c. Liquidation, rehabilitation, reorganization or conservation of insurers

Section 1. Definitions. For the purposes of this Act:
(a) "Insurer" means any person, firm, corporation, association, or aggregation of persons doing an insurance business and subject to the insurance supervisory authority of the Board of Insurance Commissioners.
(b) "Delinquency proceeding" means any proceeding commenced against an insurer for the purpose of liquidating, rehabilitating, reorganizing or conserving such insurer.
(c) "General assets" means all property, real or personal, not specifically mortgaged, pledged, deposited or otherwise encumbered for the security or benefit of specified persons or a limited class or classes of persons, and as to such specifically encumbered property the term includes all in excess of the amount necessary to discharge the sum or sums secured. Assets held in trust and assets held on deposit, for the security or benefit of all policyholders, or all policyholders and creditors, in the United States, shall be deemed general assets.
(d) "Liquidator" means the person designated by the Board of Insurance Commissioners as receiver, liquidator, rehabilitator or conservator of all insurers as defined herein.
(e) "Board" shall mean the Board of Insurance Commissioners of the State of Texas.

Sec. 2. Conduct of Delinquency Proceedings Against Domiciliary Insurers. Whenever under the law of this State a court of competent jurisdiction finds that a receiver should take charge of the assets of an insurer domiciled in this State, the liquidator designated by the Board of Insurance Commissioners as hereinafter provided for shall be such receiver. The liquidator so appointed receiver shall forthwith take possession of the assets of such insurer and deal with the same in his own name as receiver or in the name of the insurer as the court may direct.

The said receiver and his successors in office shall be vested by operation of law with the title to all of the property, contracts and rights of action of such insurer, wherever located, as of the date of entry of the order directing possession to be taken. The filing or recording of such an order in any record office of the State shall impart the same notice as would be imparted by a deed, bill of sale or other evidence of title duly filed or recorded by such insurer. The receiver shall be responsible, on his official bond hereinafter provided for, for all assets coming into his possession. The court may require an additional bond, or bonds, from the said receiver, and, if deemed desirable for the protection of the assets, may require a bond, or bonds, of any special deputy liquidator, or other assistant or employee appointed by or under the authority of this Act.

Upon taking possession of the assets of a delinquent insurer the receiver shall, subject to the direction of the court, immediately proceed to conduct the business of the insurer, or to take such steps as may be necessary to conserve the assets and protect the rights of policyholders and claimants for the purpose of liquidating, rehabilitating, reinsuring, reorganizing or conserving the affairs of the insurer. An inventory in duplicate of the insurer's assets shall be prepared forthwith by the liquidator, one of which shall be filed in the office of the Board and one in the office of the clerk of the court having jurisdiction, which inventories shall be open to inspection. The liquidator may sell or compound doubtful debts and may sell real or personal property under
order of the court, but no such order shall be entered or sale made
without notice and hearing. All money collected by the liquidator shall
be forthwith deposited in such bank or banks in this State as may be
designated by the Board, which banks shall be members of the Federal
Deposit Insurance Corporation. The funds collected or realized from
the assets of each insurer shall be kept separate and apart from all
other funds. Whenever any account in any such bank exceeds the max­
imum amount insured by said Federal Deposit Insurance Corporation,
the Board is hereby authorized and directed to make such contracts and
require such security as it may deem proper for the safeguarding of
such deposit.

If it shall appear to the court that the interests of creditors will be
best served by liquidation of insurer's affairs, the liquidator shall cause
weekly notice to be published for three (3) consecutive months in two
(2) or more newspapers. The notice shall call upon all persons having
claims against the insurer to present them to the liquidator and make
legal proof thereof at a designated place within ninety (90) days after
the date of the first insertion of the notice. The liquidator shall mail
a similar notice to all persons whose names appear as creditors upon
insurer's books.

Under direction of the court, the liquidator may pay one or more
dividends after the date fixed for presentation of claims, and may pay a
final dividend after one year from the date of the first published notice
to creditors. Delayed claims may participate only in future dividends.

The liquidator shall have the discretion to approve or reject any
claim filed against the insurer. Objections to any claim not rejected
may be made by any party interested, by filing the objections with the
liquidator, who shall forthwith present them to the court for deter­
mination after notice and hearing. Upon the rejection of each claim,
the liquidator shall notify the claimant of such rejection either by regis­
tered mail or by written notice personally served. Action upon a claim
so rejected must be brought within six (6) months after service.

The Board shall have power to appoint and fix the compensation of
the liquidator and of such special deputy liquidators, counsel, clerks, or
assistants, as it may deem necessary. The payment of such compensa­
tion and all expenses of liquidation shall be made by the liquidator out
of funds or assets of the insurer on approval of the Board. An itemized
report of such expenses, sworn to by the liquidator and approved by the
Board, shall be presented to the court from time to time, which ac­
count shall be approved by the court unless objection is filed thereto
within ten (10) days after the presentation of the account. The ob­
jection, if any, must be made by a party at interest and shall specify the
item or items objected to and the ground of such objection. The court
shall set the objection down for hearing, notifying the parties of the
setting. The burden of proof shall be upon the party objecting to show
that the items objected to are improper, unnecessary or excessive.

Unclaimed dividends on approved claims remaining in the liquidator's
hands after payment of the final dividend shall be delivered to the
Board. If funds or assets remain after the liquidator has paid in full
every approved claim filed and has paid all expenses of the liquidation,
he shall pay over to the Board an amount equal to the unclaimed liabili­
ties according to insurer's books. Such funds shall be deposited by the
Board in trust in a special account to be maintained in the State Treas­
ury.

On receipt of satisfactory written and verified proof of ownership
within seven (7) years from the date such funds are so deposited in
the State Treasury, the Board shall certify such facts to the Comptroller of Public Accounts, who shall issue proper warrant therefor in favor of the parties respectively entitled thereto drawn on the State Treasurer. Any such money remaining unclaimed with the Board for seven (7) years shall automatically escheat to and become the property of the General Revenue Fund of the State of Texas.

When the liquidator shall have made provision for unclaimed dividends and liabilities, he shall call a meeting of the stockholders of the insurer by giving notice thereof in one or more newspapers in the county where the principal office of the insurer was located, and by written notice to the stockholders of record at their last known address. At such meeting, the stockholders shall appoint an agent or agents to take over the affairs to continue the liquidation for benefit of the stockholders. Voting privileges shall be governed by the insured’s bylaws. A majority of the stock shall be represented at the agent’s appointment. Such agent or agents shall execute and file with the court such bond or bonds as shall be approved by it, conditioned on the faithful performance of all the duties of the trust. Under order of the court, the liquidator shall then transfer and deliver to such agent or agents for continued liquidation under the court’s supervision all assets of insurer remaining in his hands, whereupon the liquidator and the Board, and each member and employee thereof, shall be discharged from any further liability to such insurer and its creditors and stockholders; provided, however, that nothing herein contained shall be so construed as to permit the insurer to continue in business as such, but the charter of such insurer and all permits and licenses issued thereunder or in connection therewith shall be ipso facto revoked and annulled by such order of the court directing the liquidator to transfer and deliver the remaining assets of such insurer to such agent or agents.

Sec. 3. Ancillary Delinquency Proceedings. Whenever under the laws of this State, a receiver is to be appointed in delinquency proceedings for an insurer domiciliary in another State, a court of competent jurisdiction in this State shall, on the petition of the Board of Insurance Commissioners of this State, appoint the liquidator herein provided as ancillary receiver in this State of such insurer. The Board shall file such petition (a) if it finds that there are sufficient assets of such insurer located in this State to justify the appointment of an ancillary receiver, or (b) if ten (10) or more persons resident in this State, having claims against such insurer, file a petition or petitions in writing with the Board, requesting the appointment of such ancillary receiver. Such ancillary receiver shall have the right to sue for and reduce to possession the assets of such insurer in this State, and shall have the same powers and be subject to the same duties with respect to such assets, as are possessed by a receiver of a domiciliary insurer under the laws of this State. The remaining provisions of this Act shall be applicable to the conduct of such ancillary proceedings.

Sec. 4. Appointment of Liquidator. The liquidator herein named shall be appointed by a majority of the said Board of Insurance Commissioners, and shall be subject to removal by a majority of said Board, and before entering upon the duties of said office, shall file with the Board of Insurance Commissioners a bond in the sum of Ten Thousand Dollars ($10,000), payable to the Board of Insurance Commissioners, and conditioned upon the faithful performance of his duties and the proper accounting for all moneys and properties received or administered by him.
Said liquidator shall file reports with the Board of Insurance Commissioners upon its request showing the operation, receipts, expenditures and general condition of any organization of which he may have charge at that time, and, upon request, shall file a copy of said report with the court in which said receivership proceeding is pending. He shall also file a final report of each organization which he has liquidated or handled showing all receipts and expenditures, and giving a full explanation of the same and a true statement of the disposition of all of the assets of each organization.

If, within two (2) years after the receivership shall have been closed by final order of the court, the liquidator shall discover assets not known to him during receivership, he shall report his findings to the court. It shall be within the discretion of the court as to whether the value of the after discovered assets shall justify the reopening of the receivership for continued liquidation.

Sec. 5. Bonds. All bonds required under the terms of this Act shall be upon such forms as may be prescribed by or satisfactory to the Board, and shall be executed by some solvent corporate company authorized to transact its surety bond business in Texas.

Sec. 6. Conflicts of Laws. In the event of conflict between the provisions of this Act and the provisions of any existing law, the provisions of this Act shall prevail, and all laws, or parts of laws, in conflict with the provisions of this Act are hereby repealed to the extent of such conflict; provided, however, that to the extent of the conflicts between this Act and the provisions of Senate Bill No. 135, Acts of the Regular Session, Forty-sixth Legislature, the latter shall prevail, and the provisions of this Act are hereby declared to be inapplicable to insolvency proceedings instituted under the provisions of said Senate Bill No. 135. Acts 1939, 46th Leg., p. 389.
CHAPTER TWENTY-TWO—PROVISIONS APPLICABLE TO CERTAIN SPECIFIED COMPANIES [NEW]

Art. 5068-1. Mutual assessment companies—scope of act.

Art. 5068-1. Mutual Assessment Companies—Scope of Act

Section 1. This Act shall apply to and embrace all insurance companies and associations, whether incorporated or not, which issue policies or certificates of insurance on the lives of persons, or provide health and accident benefits, upon the so-called mutual assessment plan, or whose funds are derived from the assessments upon its policyholders or members, and shall, in fact, apply to all life, health and accident companies or associations which do not come within the provisions of Chapter 3, Chapter 5, Chapter 7, Chapter 8, Chapter 9, Chapter 18, Chapter 19, or Chapter 20, Title 78 of the Revised Civil Statutes of Texas. This Act shall include local mutual aid associations; state-wide life; or life, health and accident associations; mutual assessment life, health and accident associations; burial associations; and similar concerns, by whatsoever name or class designated, whether specifically named herein or not.

This Act does not enlarge the powers or rights of any of such associations nor enlarge the scope of their legal or corporate existence; nor authorize the creation of any association or corporation to do any of the sorts of business above indicated, where such creation is not now specifically permitted by law. The laws prohibiting or limiting such creation and the exercise of corporate power are not affected by this Act.

Definitions

Sec. 2. The following terms when used in this Act shall be defined:

"Association" shall refer to and include all types of organizations, corporations, firms, associations, or groups subject to the provisions of this Act.

"Board" shall refer to the Board of Insurance Commissioners of the State of Texas.

"Member" shall include policyholders or any persons insured by an association, by whatsoever means the insurance may be effective.

"Certificate" shall include any insurance policy or contract of insurance, certificate of membership or other document through which insurance is effected or evidenced.

"Face of certificate" shall refer to the maximum amount of promised benefits, as shown on the certificate.

"Paid in full" or "full payment" shall mean the payment of the full amount of maximum benefit due on the happening of the contingency insured against.

"Insolvent" shall refer to and include any condition or situation which is so designated herein and which is violative of the provisions of this law.

"Assessment" shall include premiums and mean any and all money or valuable thing paid in consideration of such insurance as is afforded by the certificate.

"Membership fee" shall be the amount of the first assessment or assessments permitted by the Board to be placed in the expense fund of associations, representing cost of soliciting or procuring the member.
Names of associations

Sec. 3. Upon application for charter to do business in Texas the Board of Insurance Commissioners may determine whether the name of the association would be confusing and misleading to the public; if so, it may refuse the certificate or charter, and prohibit the doing of business under the name.

Any amendment to the charter of an association operating under this Act, changing the name of the association, must be submitted to the Board of Insurance Commissioners for approval; and the charter of any association operating under this Act may not be amended to provide for changing its name to a name that is determined by the Board of Insurance Commissioners to be confusing and misleading to the public.

Officers of associations

Sec. 4. The Board of Insurance Commissioners shall not issue to any association a certificate of authority to do business in Texas, when it shall find any officer, employee, or member of the Board of Directors to be unworthy of the trust or confidence of the public. After a certificate has been granted, the Board shall order the removal of any officer, employee, or Director found unworthy of the trust, and if such officer, employee, or Director be not removed, the Board shall cancel the certificate and proceed to deal with the association as though it were insolvent.

Bonds of officers and employees

Sec. 5. Associations not already required by law to furnish a bond for the officer responsible for the handling of funds of the members, shall furnish a bond in some surety licensed by the Board to do business in Texas in the minimum amount of One Thousand ($1,000.00) Dollars, said bond to be kept at all times at least equal to the mortuary or relief fund balance on hand, with a maximum of Twenty Thousand ($20,000.00) Dollars. Said bond shall be made payable to the Board of Insurance Commissioners for the use and benefit of the members of the association, and shall obligate the principal and surety to pay such pecuniary loss as the association shall sustain through acts of fraud, dishonesty, forgery, theft, embezzlement, wrongful abstraction or willful misapplication on the part of such officer, either directly and alone, or in connivance with others.

In addition to the bond required in the preceding paragraph, and in addition to the bond already required by law of certain associations subject to this Act, each association shall procure for all other office employees, or other persons who may have access to any of its claim funds, separate bonds or blanket bonds with some surety licensed by the Board to do business in Texas, in an amount or amounts fixed by the Board with a minimum of One Thousand ($1,000.00) Dollars and a maximum of Five Thousand ($5,000.00) Dollars, payable to the Board of Insurance Commissioners for the use and benefit of the association obligating the principal and surety to pay such pecuniary loss as the association shall sustain through acts of fraud, dishonesty, forgery, theft, embezzlement, wrongful abstraction or willful misapplication on the part of such persons, either directly and alone, or in connivance with others. Successive recoveries on any of the bonds provided for in this section may be had on such bonds until same are exhausted.

Deposits

Sec. 6. Each association, not already required by existing laws to do so, shall place with the State Treasurer through the Board of Insurance Commissioners a deposit equal to the largest risk assumed
on any one life or person, which may be in cash or in convertible securities subject to approval by the Board. Such deposit shall be liable for the payment of all judgments against the association, and subject to garnishment after final judgments against the association. When such deposit becomes impounded or depleted it shall at once be replenished by the association, and if not replenished immediately on demand by the Board, the association may be regarded as insolvent and dealt with as hereinafter provided.

When any association shall desire to state in advertisements, letters, literature or otherwise, that it has made a deposit with the Board as required by law, it must also state in full the purpose of the deposit, the conditions under which it is made, and the exact amount and character thereof.

Membership

Sec. 7. Each association shall keep a complete and correct roster of its members with proper statistical records for the purpose of determining proper cost of insurance, by ages or otherwise, and shall keep accurate records of groups, classes or clubs or other division of memberships, if any; and shall keep records to show amounts paid in on assessments by each member and each group; and as to groups, must show how the funds are distributed between expense and mortuary or relief funds, and showing the amounts paid out of the funds of the whole membership or each group in death claims or other benefits.

The associations subject to this law are hereby expressly prohibited from merging with another association, are prohibited from "transferring" any part or group of membership, or all the membership to another association, or from merging groups or transferring members from one group to another in an association without the consent in advance of the Board of Insurance Commissioners which may be given only after complete investigation into the facts and determination that such transfer or merger is to the advantage of members of the association or groups to be affected.

Books and records

Sec. 8. All the records and books of each association shall be kept in the shape, form and manner acceptable to the Board, and if such records and books of any association are kept in such manner as not to reflect truly and accurately the condition of the association, or the facts essential to its faithful and effective operation, the association shall at once adopt forms or systems acceptable to the Board which will serve the purpose most effectively.

Policies or certificates

Sec. 9. Every policy or certificate of insurance issued by an association shall state definitely on the front page the amount of death benefit to be paid, and the circumstances or conditions under which it shall be paid shall be plainly stated in the policy. Every health, accident or other benefit shall be plainly stated in the policy, and the terms and conditions under which they shall be paid shall be stated plainly in the policy.

An application for each certificate must be signed by the applicant, unless the applicant is a minor, in which event the application may be signed by a parent or guardian; and a copy thereof must be attached to and made part of such certificate. If the certificate is to provide that misstatement as to the health or physical condition of the applicant may void the policy within the contestable period, the application shall so state in not less than ten point type in language acceptable to the Board.
All statements in the application shall be regarded as representations and not warranties.

All conditions of the certificate must be stated thereon, including such portions of the by-laws of the association as may affect the insurance rights of the parties in any material way; and amendments to the by-laws which might affect such rights of members must forthwith be mailed by first-class mail to each certificate holder affected. In case of controversy the burden of proof shall be on the company to prove the amendment was mailed to the member. Each certificate must provide that it shall be incontestable, after having been in force during the lifetime of the insured for a period of two years from date of issue, except for non-payment of assessments; provided, however, any association may issue a certificate providing a benefit less than the maximum benefit named in the face of the certificate in case of the death of the member by his own hand while sane or insane. It shall also provide that in case the age of the insured is misstated, the amount of insurance shall be that which the premium actually paid would purchase at the correct age, based on rates in force at the time of the death of the insured. No certificate issued by such association, nor any application for the certificate shall contain language or be in such form as to mislead the applicant or the policyholder as to the type of insurance afforded.

It shall be unlawful for any association to assume liability on a life insurance risk on any one life in an amount in excess of Five Thousand ($5,000.00) Dollars.

Every certificate issued must be approved by the Board as to form and language before it is used by an association. It is not mandatory that these forms be uniform for all associations, but the Board is directed to bring about as great uniformity as is feasible as early as practicable by cooperation with the several associations. All certificate forms hereafter used must be in accord with the provisions of this Act and with all other laws regulating such associations as are embraced in this Act.

It will not be required that an association call in and reissue outstanding certificates if upon proper application to the Board and if special permission is granted by the Board, it shall by appropriate resolution or other action declare that claims and other obligations on outstanding certificates will be settled and met as though the requirements of this Act were contained in such certificates; and provided further that the association acts accordingly.

Renewals of certificates

Sec. 10. In case a certificate shall terminate for any reason, and in case it shall be a rule of the association that all reinstated certificates shall be regarded as new certificates, then the application for reinstatement shall carry the statement in at least ten point type that the same rules apply to it as to the original certificate, and that it can be invalidated within the contestable period for false statements respecting the health or physical condition of the applicant, or other matters material to the risk. A true and correct copy of the application for reinstatement shall be mailed by first-class mail to the certificate holder upon the reinstatement of the certificate. In case of controversy the burden of proof shall be on the association to prove the copy of reinstatement application was mailed to the member. In the event a renewal certificate is issued, such renewal certificate shall have a copy of the application for reinstatement attached and made a part thereof.
It is specially provided, however, that in case an association shall renew or reinstate a certificate after termination, the payments by the reinstated member shall be divided between the funds in the same percentage as is required of regular payments in the particular by-laws, unless nine (9) months have elapsed between termination and reinstatement. If nine (9) months have elapsed between termination and reinstatement, a reinstatement fee not in excess of the membership fee may be charged and placed in the expense fund. Furthermore, in case of renewal or reinstatement, the renewal or reinstatement certificate shall not be contestable for any cause except non-payment of assessments for longer than six (6) months from date thereof, unless the reinstatement or renewal is within the original two (2) year contestable period, in which case the same may be extended for six (6) months from the date on which it would have originally expired.

Assessments

Sec. 11. Each association shall levy regular and periodical assessments by whatever name they may be called. These assessments must be in such amounts and at such proper intervals as will meet the reasonable operating expenses of the association, and pay in full the claims arising under its certificates. When or if in the course of operation it shall be apparent that the claims cannot be met in full from current assessments and funds on hand, the amount must be increased until they are adequate to meet such claims, and the Board shall so order.

When any association shall refuse to comply with the Board's recommendations or requirements respecting rates of assessments, it shall be treated as insolvent, and shall be dealt with as is hereinafter provided.

Each association operating under the provisions of this Act shall file its rate schedules with the Board of Insurance Commissioners.

Funds

Sec. 12. Assessments when collected shall be divided into at least two (2) funds. One (1) of these shall be the mortuary or relief fund, by whatever name it may be called in the different associations, from which claims under certificates shall be paid, and to a limited extent the cost of defending contested claims, and nothing else; and the other funds shall be the expense funds from which expenses may be paid. At least sixty (60%) per cent of assessments collected, except the membership fee, must be placed in the mortuary or relief fund. The mortuary or relief funds may be invested only in such securities as are a legal investment for the reserve funds of stock life insurance companies.

Such association shall provide in its by-laws for the portion of its assessments to be allotted to the mortuary or relief fund and may provide for the payment out of said mortuary or relief fund of attorneys' fees and necessary expenses arising out of the defense, settlement, or payment of contested claims. Any such payments out the mortuary or relief fund for other than claims shall be subject to approval of the Board of Insurance Commissioners.

A separate record shall be kept of the mortuary or relief funds of each group, club, or class, and the mortuary or relief funds of one group, club, or class shall not be used to pay the claims or obligations of any other group, club, or class.
Payment of claims

Sec. 13. It is the primary purpose of this Act to secure to the members of the associations and their beneficiaries the full and prompt payment of all claims according to the maximum benefit provided in their certificates. It is therefore required of all associations that all claims under certificates be paid in full within sixty (60) days after receipt of due proof of claims.

Written notice of claim given to the association shall be deemed due proof in the event the association fails upon receipt of notice to furnish the claimant, within fifteen (15) days, such forms as are usually furnished by it for filing claims.

Any association which shall become unable to pay its valid claims in full within sixty (60) days after due proofs are received, shall for the purpose of this Act be regarded as insolvent, and dealt with as is more fully provided hereinafter.

Contests

Sec. 14. It shall not be unlawful for an association to contest claims for valid reasons; but claims may not be contested for delay only or for captious or inconsequential reasons, or to force settlement at less than full payment. Therefore, if liability is to be denied on any claim, the association is hereby required to notify the claimant within sixty (60) days after due proofs are received that the claim will not be paid, and failing to do so, it will be presumed as a matter of law that liability has been accepted.

The Board shall cancel the certificate of authority of any association found to be operating fraudulently or improperly contesting its claims.

Reports regarding the cost of contests must be made under oath of an officer of the association, with the annual report of all associations to the Board.

Assessment-as-needed groups

Sec. 15. The provisions of this Act requiring the full payment of claims shall not apply to any groups, club, or class previously organized and now operating on the post-mortem or assessment-as-needed plan and any association having such a group, club, or class may continue to operate it on said plan so long as any such group, club, or class has a sufficient membership at the assessment rate charged to produce, and so long as it does produce, for the mortuary or relief fund at least fifty (50%) per cent of the maximum value of the largest policy in said group, club, or class. In the event the membership of any group, club or class is only sufficient in number to pay between fifty (50%) per cent and one hundred (100%) per cent of the maximum value, it shall be the duty of the officer of said association to have printed on each assessment notice the percentage of the maximum value of the certificate actually paid on the last death claim in said group, club, or class. Provided further, that no association and no group, club, or class in any association shall hereafter be organized to operate on the post-mortem or assessment-as-needed plan.

If on any assessment the amount realized is not sufficient to pay fifty (50%) per cent of the face of the certificate, the association shall be deemed insolvent and dealt with as hereinafter provided.

Creation of new groups

Sec. 16. In the creation of a new group, club, or class, an association may have six (6) months from the date of its creation within which to build said group, club, or class up to the required member-
ship to pay claims in full, provided in the interim the certificates provide for no more than a Five Hundred ($500.00) Dollar benefit, unless the association has funds out of which it may lawfully make and actually does make the full payment of benefits in the interim. Creation of any new group shall be subject to advance approval by the Board of Insurance Commissioners.

Payments on certificates already in force

Sec. 17. If the payments of the members of any association coming within the scope of this Act, on certificates issued and in force when this Act takes effect, or the reinsurance or renewals of such certificates, shall prove insufficient to pay matured death and disability claims in the maximum amount stated in such policies or certificates, and to provide for the creation and maintenance of the funds required by its laws, such association may with the approval of the Board of Insurance Commissioners and after proper hearing before said Board provide for meeting such deficiency by additional, increased, or extra rates of payment, or by reduction in the maximum benefits stated in such policies or certificates then in force, or by both such increased payments and reduced maximum benefits, or the members may be given the option of agreeing to reduced maximum benefits, or of making increased payments.

Amending by-laws

Sec. 18. By-laws of any association may be amended by a majority of the members of the association present when ratified by the Board of Directors, but only at meetings called for that purpose, or at regular meetings. Amendments to the by-laws shall not be effective until approved by the Board of Insurance Commissioners. Notices of all meetings, whether regular or special, at which amendments to by-laws will be considered, must be mailed to all members. Such notices must contain full copies of the proposed changes in the by-laws and fair explanations of the intent and effect thereof.

Conservator

Sec. 19. If, upon an examination or at any other time, it appears to the Board of Insurance Commissioners that such association be insolvent, or its condition be, in the opinion of the Board, such as to render the continuance of its business hazardous to the public, or to holders of its certificates, or if such association appears to have exceeded its powers or failed to comply with the law, then the Board shall notify the association of its determination and said association shall have thirty (30) days under the supervision of the Board within which to comply with the requirements of the Board; and in the event of its failure to so comply within such time, the Board, acting for itself, or through a conservator appointed by the Life Insurance Commissioner for that purpose, shall immediately take charge of such association, and all of the property and effects thereof. If the Board is satisfied that such association can best serve its policyholders and the public through its continued operation by the conservator under the direction of said Board, pending the election of new Directors and officers by the membership in such manner as the Board may determine, the same shall be done. If the Board, however, is satisfied that such association is not in condition to satisfactorily continue business in the interest of its policyholders under the conservator as above provided, the Board shall proceed to reinsure the outstanding liabilities in some solvent association or company, authorized to transact business in this State, or the Board shall
proceed through such conservator, to liquidate such association, or the Board may give notice to the Attorney General as provided under the general laws relating to insurance corporations. It shall be in the discretion of the Board to determine whether or not it will operate the association through a conservator, as provided above, or proceed to liquidate the association, as herein provided, or report it to the Attorney General. When the liabilities of an association are reinsured or liquidated, as herein provided, the Board shall report the same to the Attorney General, who shall take such action as may be necessary to effect the forfeiture or cancellation of the charter of the association so reinsured or liquidated. Where the Board lends its approval to the merger, transfer or consolidation of the membership of one association with that of another, the same shall be reported to the Attorney General who shall proceed to effect the forfeiture or cancellation of the charter of the association from which the membership was merged, transferred or consolidated, in the same manner as is provided for the charters of associations reinsured or liquidated. No merger or transfer shall be approved unless the association assuming the members transferred or merged is operating under the supervision of the Board of Insurance Commissioners. The cost incident to the conservator's services shall be fixed and determined by the Board and shall be a charge against the assets and funds of the association to be allowed and paid as the Board may determine.

Special disability provision
Sec. 20. If any of the provisions of this Act may appear obscure when applied to health, accident or disability provisions in certificates issued by associations authorized to issue health, accident or disability certificates, then the Board is directed to interpret same in accord with the expressed purpose and spirit of the Act looking to the full payment of claims, and at the same time preserving to members the benefit of the protection afforded by such association.

The policy shall show in writing the election made. agent, employee, attorney at law or attorney in fact, of any association under this Act, shall willfully make any false affidavit in connection with the requirements of this Act, he shall be punished by a fine not to exceed Five Hundred ($500.00) Dollars, or by imprisonment in the county jail not to exceed two (2) years, or by confinement in the penitentiary not to exceed two (2) years.

By such date, in the event they shall not have done so, they shall be regarded as insolvent as provided herein, and dealt with accordingly. It is specially provided that if associations cannot so arrange their affairs as to make full payment of claims as herein required by such date, they may reduce the benefits of the outstanding certificates by appropriate action having the approval of the Board, so as to make possible full payment of claims. (a) Payment of Benefits: On and after January 1, 1938, benefits shall become payable from the fund. All benefits shall be paid through employment offices, in accordance with such regulations as the Commission may prescribe. All benefits shall be computed to the nearest multiple of fifty (50) cents.

(b) Benefit Amount for Total Unemployment: Each eligible individual who is totally unemployed in any benefit period shall be paid with respect to such benefit period, benefits at the rate of one-thirteenth ($1/13) of his wages earned from employment by employers during that quarter in his base period in which such wages were highest, but not more than Thirty ($30.00) Dollars per benefit period, nor less than Ten ($10.00) Dollars per benefit period.

(c) Benefit for Partial Unemployment: Each eligible individual who is partially unemployed in any benefit period shall be paid with respect to such benefit period a partial benefit, provided that such individual shall meet the requirements of Section 4(a) of this Act. Such partial benefit shall be the benefit amount plus Four ($4.00) Dollars less the wages received during such benefit period. If such partial benefit for
any benefit period equals less than Two ($2.00) Dollars, it shall not be payable unless and until the accumulated total of benefits payable to such individual with respect to benefit periods occurring within the fourteen (14) preceding weeks equals Two ($2.00) Dollars or more.

(d) Duration of Benefits: The Commission shall compute wage credits for each individual by crediting him with the wages earned by him for employment by employers during each quarter, or Four Hundred ($400.00) Dollars, whichever is the lesser. Benefits paid to any eligible individual shall be charged against the wage credits earned during his base period, at the rate of one-fifth (%) of such wage credits. The maximum total amount of benefits payable to any eligible individual during any benefit year shall not exceed whichever is the lesser of: (1) eight (8) times his benefit amount; (2) one-fifth (%) of such uncharged wage credits with respect to his base period. Art. 5221b—1a. Payment of benefits

Notwithstanding any of the provisions of this Chapter, wages earned for services with respect to which unemployment compensation is payable under an unemployment compensation system established by an Act of Congress, irrespective of when performed, shall not be included for purposes of determining eligibility conditions, including a determination of the benefit amount, for the duration of benefits, or the wages earned during the qualifying period, for the purposes of any benefit year commencing on or after July 1, 1939, nor shall any benefits with respect to unemployment occurring on or after July 1, 1939, be payable on the basis of such wages. Acts 1936, 44th Leg., 3rd C.S., p. 1993, ch. 482, § 3a, added Acts 1939, 46th Leg., p. 459, § 1.

(e) Prior to the first payment of any series of benefits based on an initial claim, he has been totally or partially unemployed for a waiting period of one week. No week shall be counted as a waiting period week for the purposes of this subsection:

(1) unless he has registered at an employment office in accordance with Sec. 4(a) of this Act;²

(2) unless it is the week immediately preceding or the week immediately following the filing of an initial claim, as the Commission may by regulation prescribe;

Art. 5221b—3. Disqualification for benefits

An individual shall be disqualified for benefits:

(a) If the Commission finds that he has left his last employment voluntarily without good cause. Such disqualification shall be for not less than one (1) nor more than eight (8) benefit periods immediately following the filing of a valid claim, as determined by the Commission according to the circumstances in each case.

(b) If the Commission finds that he has been discharged for misconduct connected with his last employment. Such disqualification shall be for not less than one (1) nor more than eight (8) benefit periods immediately following the filing of a valid claim, as determined by the Commission in each case according to the seriousness of the misconduct.

(c) If the Commission finds that he has failed, without good cause, either to apply for available, suitable work when so directed by the employment office or the Commission or to accept suitable work when offered him, or to return to his customary self-employment (if any) when so directed by the Commission. Such disqualification shall be for not less than one (1) nor more than four (4) benefit periods following the filing of a valid claim, as determined by the Commission according to the circumstances in each case.

(1) In determining whether or not any work is suitable for an individual, the Commission shall consider the degree of risk involved to his health, safety and morals, his physical fitness and prior training, his experience and prior earnings, his length of unemployment and prospects for securing local work in his customary occupation, and the distance of the available work from his residence.
(2) Notwithstanding any other provisions of this Act, no work shall be deemed suitable and benefits shall not be denied under this Act to any otherwise eligible individual for refusing to accept new work under any of the following conditions: (a) If the position offered is vacant due directly to a strike, lockout, or other labor dispute; (b) If the wages, hours, or other conditions of the work offered are substantially less favorable to the individual than those prevailing for similar work in the locality; (c) If as a condition of being employed the individual would be required to join a company union or to resign from or refrain from joining any bona fide labor organization.

(d) For any benefit period with respect to which the Commission finds that his total or partial unemployment is due to a stoppage of work which exists because of a labor dispute at the factory, establishment, or other premises at which he is or was last employed, provided that this subsection shall not apply if it is shown to the satisfaction of the Commission that:

(1) He is not participating in or financing or directly interested in the labor dispute which caused the stoppage of work;

(2) He does not belong to a grade or class of workers of which, immediately before the commencement of the stoppage, there were members employed at the premises at which the stoppage occurs, any of whom are participating in or financing or directly interested in the dispute; provided, that if in any case separate branches of work which are commonly conducted as separate business in separate premises are conducted in separate departments of the same premises, each such department shall, for the purposes of this subsection, be deemed to be a separate factory, establishment, or other premises.

(e) For any benefit period with respect to which he is receiving or has received remuneration in the form of:

(1) Wages in lieu of notice;

(2) Compensation for temporary partial disability, temporary total disability or total and permanent disability under the Workmen's Compensation Law of any State or under a similar law of the United States;

(3) Old Age Benefits under Title II of the Social Security Act as amended, or similar payments under any Act of Congress, or a State Legislature, or employer pension plan, provided, that if such remuneration is less than the benefits which would otherwise be due under this Act, he shall be entitled to receive for such benefit period, if otherwise eligible, benefits reduced by the amount of such remuneration.

(f) In determining the number of benefit periods during which any individual is entitled to receive benefits in a benefit year, the Commission shall deduct any period of disqualification as provided in subsection (a), (b), and (c) of this Section from the total number of benefit periods during which he would otherwise be entitled to receive benefits except for such disqualification; provided, that in no case shall the number of benefit periods so deducted exceed the number of benefit periods during which the claimant is then eligible to receive benefits except for such disqualification. Acts 1936, 44th Leg., 3rd C. S., p. 1993, c. 482, § 5, as amended Acts 1939, 46th Leg., p. 436, § 3.

Art. 5221b—4. Claims for benefits; review of decisions; appeals; procedure

(a) Filing: Claims for benefits shall be made in accordance with such regulations as the Commission may prescribe. Each employer shall post and maintain printed statements of such regulations in places readily accessible to individuals in his service, and shall make available to each such individual at the time he becomes unemployed, a printed statement of such regulations. Such printed statements shall be supplied by the Commission to each employer without cost to him.

(b) Initial Determination: A representative designated by the Commission, and hereinafter referred to as a deputy, shall promptly examine the claim and, on the basis of the facts found by him, shall either determine whether or not such claim is valid, and if valid, the date on which benefits shall commence, the benefit amount payable and the maximum duration thereof, or shall refer such claim or any question involved therein to an appeal tribunal or to the Commission, which shall make its determinations with respect thereto in accordance with the procedure described in subsection (c) of this section, except that in any case in which the payment or denial of benefits will be determined by the provisions of section 5(d) of this Act, the deputy shall promptly transmit his full finding of fact with respect to that subsection to the Commission, which, on the basis of the evidence submitted and such additional evidence as it may require, shall affirm, modify, or set aside such findings of fact and transmit to the deputy a decision upon the issues involved under the subsection. The deputy shall promptly notify the claimant and any other interested party of the decision and the reasons therefor. Unless the claimant or any such interested party, within ten (10) calendar days after the delivery of such notification, or within twelve (12) calendar days after such notification was mailed to his last known address, files an appeal from such decision, such decision shall be final and benefits shall be paid or denied in accordance therewith. If an appeal is duly filed, benefits with respect to the period prior to the final determination of the Commission, shall be paid only after such determination; provided, that if an appeal tribunal affirms a decision of a deputy, or the Commission affirms a decision of an appeal tribunal, allowing benefits, such benefits shall be paid regardless of any appeal which may thereafter be taken but if such decision is finally reversed, no employer's account shall be charged with benefits so paid.

(c) Appeals: Unless such appeal is withdrawn, an appeal tribunal, after affording the parties reasonable opportunity for fair hearing, shall affirm or modify the findings of fact and decision of the deputy. The parties shall be duly notified of such tribunal's decision, together with its reasons therefor, which shall be deemed to be final decision of the Commission, unless within ten (10) days after the date of notification or mailing of such decision, further appeal is initiated pursuant to subsection (a) of this section.

(d) Appeal Tribunals: To hear and decide disputed claims, the Commission, if it is necessary to insure prompt disposal of cases on appeal, shall establish one or more impartial appeal tribunals consisting in each case of either a salaried examiner or a body consisting of three (3) members, one of whom shall be a salaried examiner, who shall serve as Chairman, one of whom shall be a representative of employers and the other of whom shall be a representative of labor; each of the latter two members shall serve at the pleasure of the Commission and be paid a fee of not more than Ten ($10.00) Dollars per day of active service on
such tribunal plus necessary expenses. No person shall participate on behalf of the Commission in any case in which he is an interested party. The Commission may designate alternates to serve in the absence or disqualification of any member of an appeal tribunal. The Chairman shall act alone in the absence or disqualification of any other member and his alternates. In no case shall the hearings proceed unless the Chairman of the appeal tribunal is present.

(e) Commission Review: The Commission may on its own motion affirm, modify, or set aside any decision of an appeal tribunal on the basis of the evidence previously submitted in such case, or direct the taking of additional evidence, or may permit any of the parties to such decision to initiate further appeals before it. The Commission shall permit such further appeal by any of the parties interested in a decision of an appeal tribunal which is not unanimous and by the deputy whose decision has been overruled or modified by an appeal tribunal. The Commission may remove to itself or transfer to another appeal tribunal the proceedings on any claim pending before an appeal tribunal. Any proceeding so removed to the Commission shall be heard by a quorum thereof in accordance with the requirements in subsection (c) of this section. The Commission shall promptly notify the interested parties of its findings and decision, and shall send a certified copy of its order to all interested parties.

(f) Procedure: The manner in which disputed claims shall be presented, the reports thereon required from the claimant and from employers, and the conduct of hearings and appeals shall be in accordance with rules prescribed by the Commission for determining the rights of the parties. A full and complete record shall be kept of all proceedings in connection with a disputed claim. All testimony at any hearing upon a disputed claim shall be recorded, but need not be transcribed unless the disputed claim is further appealed.

(g) Witness Fees: Witnesses subpoenaed pursuant to this section shall be allowed fees at a rate fixed by the Commission. Such fees and all expenses of proceedings involving disputed claims shall be deemed a part of the expense of administering this Act.

(h) Appeal to Courts: Any decision of the Commission in the absence of an appeal therefrom as herein provided shall become final ten (10) days after the date of notification or mailing thereof, and judicial review thereof shall be permitted only after any party claiming to be aggrieved thereby has exhausted his remedies before the Commission as provided by this Act. The Commission shall be deemed to be a party to any judicial action involving any such decision and may be represented in any such judicial action by any qualified attorney who is a regular salaried employee of the Commission and has been designated and appointed for that purpose by the Attorney General of Texas.

(i) Court Review: Within ten (10) days after the decision of the Commission has become final, any party aggrieved thereby may secure judicial review thereof by commencing an action in any court of competent jurisdiction in the county of claimant’s residence against the Commission for the review of its decision, in which action any other party to the proceeding before the Commission shall be made a defendant. Such trial shall be de novo. In such action, a petition which need not be verified, but which shall state the grounds upon which a review is sought, shall be served upon a member of the Commission or upon such person as the Commission may designate and such service shall be deemed completed service on all parties, but there shall be left with the party so serv-
ed as many copies of the petition as there are defendants and the Commission shall forthwith mail one such copy to each such defendant. Such action shall be given precedence over all other civil cases except cases arising under the Workmen's Compensation Law of this State. An appeal may be taken from the decision of the trial court, in the same manner, as is provided in other civil cases. It shall not be necessary, in any judicial proceeding under this section, to enter exceptions to the rulings of the Commission and no bond shall be required for entering such appeal. Upon the final determination of such judicial proceeding, the Commission shall enter an order in accordance with such determination. A petition for judicial review shall not act as a supersedeas. Acts 1936, 44th Leg., 3rd C. S., p. 1993, Ch. 482, § 6, as amended Acts 1939, 46th Leg., p. 436, § 3-A.

Art. 5221b—5. Contributions

(a) Payment: On and after January 1, 1936 contributions shall accrue and become payable by each employer for each calendar year in which he is subject to this Act, with respect to wages payable for employment occurring during such calendar year. Such contributions shall become due and be paid by each employer to the Commission for the fund in accordance with such regulation as the Commission may prescribe, and shall not be deducted in whole or in part from the wages of individuals in such employer's employ.

(b) Rate of Contributions: Each employer shall pay contributions equal to the following percentages of wages payable by him with respect to employment:

(1) Nine-tenths of one (9/10 of 1%) per centum with respect to employment during the calendar year 1936;
(2) One and eight-tenths (1.8/10%) per centum with respect to employment during the calendar year 1937;
(3) Two and seven-tenths (2.7/10%) per centum with respect to employment during the calendar years 1938, 1939, and 1940;
(4) With respect to employment after December 31, 1940, the percentage determined pursuant to subsection (c) of this section.

(c) Experience Rating: (1) For each calendar year commencing after December 31, 1940, the contribution rate of each employer who has had three years of compensation experience shall be determined by the fund's maximum liability for benefits to his employees who have received benefits, modified by the state experience as to average duration of benefit payments, as provided below.

(2) When in any benefit year beginning after December 31, 1938, an employee is first paid benefits for total or partial unemployment, his wages during his base year shall be termed the employee's benefit wages, and shall be treated for the purposes of this paragraph as though they had been paid in the calendar year in which such first benefit is paid. Benefit wages shall include only the wages available for wage credits earned from employers in a base period.

(3) The employer's benefit wages for a given calendar year shall be the total of the benefit wages received from him by all of his employees or former employees who received their first benefit payment of a given
benefit year in such calendar year; provided, however, that for the year 1938 each employer's benefit wages shall be the average of his benefit wages for the calendar years of 1939 and 1940.

(4) The benefit wage ratio of each employer shall be a percentage equal to the total of his benefit wages for the most recent three consecutive completed calendar years divided by his total taxable payroll for the same three years on which contributions have been paid to the Commission prior to January 31 of the calendar year with respect to which his benefit wage ratio is determined.

(5) For any calendar year the total benefits paid from the fund, less all amounts credited to the fund other than employers' contributions collected under this Section, and interest earned on the fund, shall be termed the "amount required from employers". The amount required from employers, divided by the state-wide total of benefit wages of all employers for that calendar year, after adjustment to the nearest multiple of one (1%) percent shall be termed the "state experience factor." The state experience factor shall be determined annually, prior to the due date of the first contribution payment for employment in the succeeding year.

(6) The contribution rate for each employer for the current year, to be applied to his current payroll shall be in accordance with the following table based upon the state experience factor and his benefit wage ratio:

Art. 5221b—6. Duration of coverage

(a) Any employing unit which is or becomes an employer subject to this Act within any calendar year shall be subject to this Act during the whole of such calendar year.

(b) (1) An employing unit, not otherwise subject to this Act, which files with the Commission its written election to become an employer subject hereto for not less than two (2) calendar years, shall, with the written approval of such election by the Commission, become an employer subject hereto to the same extent as all other employers, as of the date stated in such approval.

(2) Any employing unit for which services that do not constitute employment as defined in this Act are performed, may file with the Commission a written election that all such services performed by individuals in its employ in one or more distinct establishments or places of business shall be deemed to constitute employment for all the purposes of this Act for not less than two (2) calendar years. Upon the written approval of such election by the Commission, such services shall be deemed to constitute employment subject to this Act from and after the date stated in such approval.

(c) An employing unit shall cease to be an employer subject to this Act only as of the 1st day of January of any calendar year, if it files with the Commission, prior to the 31st day of March of such year, a written application for termination of coverage, and the Commission finds that there were no twenty (20) different days, each day being in a different week within the preceding calendar year, within which such employing unit employed eight (8) or more individuals in employment subject to this Act. For the purposes of this sub-section the two or more employing units mentioned in paragraph (2) or (3) or (4) of section 19 (f) shall be treated as a single employing unit.

(d) Any employing unit which is or becomes an employer subject to this Act, and which under the provisions of this subsection ceases to be an employer subject to this Act and subsequent to such time becomes an employer subject to this Act by reason of any of the provisions hereof, shall upon again becoming an employer subject to this Act be considered a new employer without regard to any rights acquired by it during the

Art. 5221b—6a. Seasonal industry; definitions; duration of coverage; rules and regulations of Commission

(1) As used in this Section, the terms "seasonal industry" mean an industry in which, because of the seasonal nature thereof, it is customary to lay off 40% or more of the workers for as many as eight weeks during a regularly recurring period of each year. The Commission shall, after a study of previous employment records and after investigation and hearing, determine, and may thereafter, from time to time, redetermine, the normal seasonal period or periods during which workers are ordinarily employed for the purpose of carrying on seasonal operations in each seasonal industry. Until such determination by the Commission, no industry shall be deemed to be seasonal.

(2) The term "seasonal worker" means an individual who is ordinarily employed in a seasonal industry, except that the term shall not include workers in occupations which, after the Commission has studied the nature thereof and the employment record of workers engaged therein, are found to be occupations in which employment regularly continues throughout substantially all the year.

(3) The Commission shall prescribe fair and reasonable general rules applicable to seasonal workers for determining the period during which benefits shall be payable to them. The Commission may prescribe fair and reasonable general rules with respect to such other matters relating to benefits for seasonal workers as the Commission finds necessary and consistent with the policy and purposes of this Act. Rules prescribed pursuant to this paragraph shall, with respect to such workers, supercede any inconsistent provisions of this Act, but so far as practicable shall secure results reasonably similar to those provided in the analogous provisions of this Act. Acts 1936, 44th Leg., 3rd C.S. p. 1993, ch. 482, § 8-a, as added Acts 1939, 46th Leg., p. 436, § 8-a.

Art. 5221b—7. Unemployment compensation fund

(a) Establishment and Control: There is hereby established as a special fund, separate and apart from all public moneys or funds of this State, an Unemployment Compensation Fund, which shall be administered by the Commission exclusively for the purposes of this Act. This fund shall consist of (1) all contributions collected under this Act, together with any interest thereon collected pursuant to Section 14 of this Act; 1 (2) all fines and penalties collected pursuant to the provisions of this Act; (3) interest earned upon any moneys in the fund; (4) any property or securities acquired through the use of moneys belonging to the fund; and (5) all earnings of such property or securities. All moneys in the fund shall be mingled and undivided.

(b) Accounts and Deposit: The State Treasurer shall be treasurer and custodian of the fund who shall administer such fund in accordance with the directions of the Commission and the Comptroller shall issue warrants upon it in accordance with such regulations as the Commission
shall prescribe. The Treasurer shall maintain within the fund three (3) separate accounts: (1) a clearing account, (2) an unemployment trust fund account, and (3) a benefit account. All moneys payable to the fund, upon receipt thereof by the Commission, shall be forwarded to the Treasurer who shall immediately deposit them in the clearing account. Refunds payable pursuant to Section 14 of this Act may be paid from the clearing account upon warrants issued by the Comptroller under the direction of the Commission. After clearance thereof, all other moneys in the clearing account shall be immediately deposited with the Secretary of the Treasury of the United States of America to the credit of the account of this State in the Unemployment Trust Fund, established and maintained pursuant to Section 904 of the Social Security Act, as amended, any provisions of law in this State relating to the deposit, administration, release, or disbursement of moneys in the possession or custody of this State to the contrary notwithstanding. The benefit account shall consist of all moneys requisitioned from this State's account in the Unemployment Trust Fund. Moneys in the clearing and benefit accounts may be deposited by the Treasurer, under the direction of the Commission, in any bank or public depository in which general funds of the State may be deposited, but no public deposit insurance charge or premium shall be paid out of the fund. The Treasurer shall give a separate bond conditioned upon the faithful performance of his duties as custodian of the fund in an amount fixed by the Commission and in a form prescribed by law or approved by the Attorney General. Premiums for said bond shall be paid from the administration fund.

(c) Withdrawals: Moneys shall be requisitioned from this State's account in the Unemployment Trust Fund solely for the payment of benefits and in accordance with regulations prescribed by the Commission. The Commission shall from time to time requisition from the Unemployment Trust Fund such amounts, not exceeding the amounts standing to its account therein, as it deems necessary for the payment of benefits for a reasonable future period. Upon receipt thereof the Treasurer shall deposit such moneys in the benefit account and the Comptroller shall issue his warrants for the payment of benefits solely from such benefit account. Expenditures of such moneys in the benefit account and refunds from the clearing account shall not be subject to any provisions of law requiring specific appropriations or other formal release by State officers of money in their custody. All warrants issued for the payment of benefits and refunds shall bear the signature of the Treasurer and the countersignature of a member of the Commission or its duly authorized agent for that purpose. Any balance of moneys requisitioned from the Unemployment Trust Fund which remains unclaimed or unpaid in the benefit account after the expiration of the period for which such sums were requisitioned shall either be deducted from estimates for, and may be utilized for the payment of, benefits during succeeding periods, or in the discretion of the Commission, shall be redeposited with the Secretary of the Treasury of the United States of America, to the credit of this State's account in the Unemployment Trust Fund as provided in subsection (b) of this section.

(d) If a warrant has been issued by the Comptroller in payment of benefits as provided under this Act, and if the claimant entitled to receive such warrant has lost or loses or for any reason failed or fails to receive such warrant after such warrant is or has been issued by the Comptroller, and upon satisfactory proof of such, the Comptroller may issue to claimant a duplicate warrant as provided for in Article 4365, Revised Civil

(e) Management of Funds Upon Discontinuance of Unemployment Trust Fund: The provisions of subsections (a), (b), (c), and (d), to the extent that they relate to the Unemployment Trust Fund, shall be operative only so long as such Unemployment Trust Fund continues to exist and so long as the Secretary of the Treasury of the United States of America continues to maintain for this State a separate book account of all funds deposited therein by this State for benefit purposes, together with this State's proportionate share of the earnings of such Unemployment Trust Fund from which no other State is permitted to make withdrawals. The liquidating amount shall consist of the total amount of contributions collected from "employers" (as the term "employer" is defined in Section 1 (a) of the Railroad Unemployment Insurance Act) pursuant to the provisions of this Act during the period July 1, 1939, to December 31, 1939, inclusive. Art. 5221b—8. Unemployment Compensation Commission

(a) Organization: There is hereby created a Commission to be known as the Texas Unemployment Compensation Commission. The Commission shall consist of three (3) members, one of whom shall be a representative of labor, one of whom shall be a representative of employers, and one of whom shall be impartial and shall represent the public generally. Each of the three (3) members of the Commission shall be appointed by the Governor immediately after the effective date of this Act or after any vacancy occurs in the membership of the Commission. During his term of membership on the Commission, no member shall engage in any other business, vocation or employment. Each member shall hold office for a term of six (6) years, except that (1) any member appointed to fill a vacancy occurring prior to the expiration of the term for which his predecessor was appointed for the remainder of such term; and (2) the terms of office of the members first taking office after the date of enactment of this Act shall expire, as designated by the Governor at the time of appointment, one at the end of two (2) years, one at the end of four (4) years, and one at the end of six (6) years after the date of his appointment.

(b) Chairman: The Chairman of the Texas Unemployment Compensation Commission shall be the impartial member of the Commission, and shall in addition serve as the executive director of all divisions of the Texas Unemployment Compensation Commission.

(c) Divisions: The Commission shall establish two coordinate divisions; the Texas State Employment Service Division pursuant to Section 12 of this Act, and the Unemployment Compensation Division. Each division shall be responsible for the discharge of its distinctive functions. Each division shall be a separate administrative unit with respect to personnel, budget, and duties, except in so far as the Commission may find that such separation is impracticable.

(d) Salaries: The Chairman of the Texas Unemployment Compensation Commission and executive director shall be paid from the Unemployment Compensation Administration Fund a fixed monthly salary at the rate of Seventy Five Hundred ($7,500.00) Dollars per year, and each of the other two (2) Commissioners shall from the same fund be paid a fixed monthly salary at the rate of Five Thousand ($5,000.00) Dollars per year. From and after September 1, 1937, any sums of money paid by the State out of State funds as salaries paid the Commission shall
be fixed in the regular departmental appropriation bill of the State of Texas.

(e) Quorum: Any two (2) Commissioners shall constitute a quorum, provided, however, that whenever the Commission hears any case involving a disputed claim for benefits under the provisions of Section 6 of this Act, the impartial member of the Commission shall act alone in the absence or disqualification of any other member, and in no case shall such a hearing proceed unless the impartial member of the Commission is present. Except as hereinbefore provided, no vacancy shall impair the right of the remaining Commissioners to exercise all of the powers of the Commission.

(f) Employees: No person shall ever be employed by the Unemployment Compensation Commission who is not at the time of his employment a bona fide citizen of the State of Texas or who will not have been a bona fide citizen of the State of Texas for at least five (5) consecutive years immediately next preceding the date of employment. [Acts 1936, 44th Leg., 3rd C.S., p. 1993, ch. 482, § 10.]

Art. 5221b—9. Administration

(a) Duties and Powers of Commission: It shall be the duty of the Commission to administer this Act; and it shall have power and authority to adopt, amend, or rescind such rules and regulations, to employ such persons, make such expenditures, require such reports, make such investigations, and take such other action as it deems necessary or suitable to that end. Such rules and regulations shall be effective upon publication in the manner, not inconsistent with the provisions of this Act, which the Commission shall prescribe. The Commission shall determine its own organization and methods of procedure in accordance with the provisions of this Act, and shall have an official seal which shall be judicially noticed. Not later than the first day of February of each year, the Commission shall submit to the Governor a report covering the administration and operation of this Act during the preceding calendar year and shall make such recommendations for amendments to this Act as the Commission deems proper. Such report shall include a balance sheet of the moneys in the fund in which there shall be provided, if possible, a reserve against the liability in future years to pay benefits in excess of the then current contributions, which reserve shall be set up by the Commission in accordance with accepted actuarial principles on the basis of statistics of employment, business activity, and other relevant factors for the longest possible period. Whenever the Commission believes that a change in contribution or benefit rates will become necessary to protect the solvency of the fund, it shall promptly so inform the Governor and the Legislature, and make recommendations with respect thereto.

(b) Regulations and General and Special Rules: General and special rules may be adopted, amended, or rescinded by the Commission only after public hearing or opportunity to be heard thereon, of which proper notice has been given. General rules shall become effective ten (10) days after filing with the Secretary of State and publication in one or more newspapers of general circulation in this State. Special rules shall become effective ten (10) days after notification to or mailing to the last known address of the individuals or concerns affected thereby. Regulations may be adopted, amended, or rescinded by the Commission and shall become effective in the manner and at the time prescribed by the Commission.
(c) Publication: The Commission shall cause to be printed for distribution to the public the text of this Act, the Commission's regulations and general rules, its annual reports to the Governor, and any other material the Commission deems relevant and suitable and shall furnish the same to any person upon application therefor.

(d) Personnel: Subject to other provisions of this Act, the Commission is authorized to appoint, fix the compensation, and prescribe the duties and powers of such officers, accountants, attorneys, experts, and other persons as may be necessary in the performance of its duties. The Commission shall not employ or pay any person who is an officer or committee member of any political party organization. The Commission may delegate to any such person so appointed such power and authority as it deems reasonable and proper for the effective administration of this Act, and may, in its discretion, bond any person handling moneys or signing checks hereunder.

(e) Records and Reports: Each employing unit shall keep true and accurate employment records, containing such information as the Commission may prescribe and which is deemed necessary to the proper administration of this Act. Such records shall be open to inspection and subject to being copied by the Commission or its authorized representatives at any reasonable time and as often as may be necessary. The Commission may require from any employing unit any sworn or unsworn reports, with respect to persons employed by it, which the Commission deems necessary for the effective administration of this Act. Information thus obtained shall not be published or be open to public inspection (other than to public employees in the performance of their public duties) in any manner revealing the employing unit's identity, but any claimant at a hearing before an appeal tribunal or the Commission shall be supplied with information from such records to the extent necessary for the proper presentation of his claim. Any employee or member of the Commission who violates any provision of this section shall be fined not less than Twenty ($20.00) Dollars, nor more than Two Hundred ($200.00) Dollars, or imprisonment for not longer than ninety (90) days, or both.

(f) Oaths and Witnesses: In the discharge of the duties imposed by this Act, the chairman of an appeal tribunal and any duly authorized representative or member of the Commission shall have power to administer oaths and affirmations, take depositions, certify to official acts, and issue subpoenas to compel the attendance of witnesses and the production of books, papers, correspondence, memoranda, and other records deemed necessary as evidence in connection with a disputed claim or the administration of this Act.

(g) Subpoenas: In case of contumacy by, or refusal to obey a subpoena issued to any person, any County or District Court of this State within the jurisdiction of which the inquiry is carried on or within the jurisdiction of which said person guilty of contumacy or refusal to obey is found or resides or transacts business, upon application by the Commission or its duly authorized representative, shall have jurisdiction to issue to such person an order requiring such person to appear before a commissioner, the Commission, or its duly authorized representative, there to produce evidence if so ordered or there to give testimony touching the matter under investigation or in question; and any failure to obey such order of the court may be punished by said court as a contempt thereof. Any person who shall without just cause fail or refuse to attend and testify or to answer any lawful inquiry or to produce books, papers, correspondence, memoranda, and other records, if it
is in his power so to do, in obedience to a subpoena of the Commission, shall be punished by a fine of not less than Two Hundred ($200.00) Dollars, or by imprisonment for not longer than sixty (60) days, or by both such fine and imprisonment, and each day such violation continues shall be deemed to be a separate offense.

(h) Protection against Self Incrimination: No person shall be excused from attending and testifying or from producing books, papers, correspondence, memoranda, and other records before the Commission or in obedience to the subpoena of the Commission or any member thereof or any duly authorized representative of the Commission in any cause or proceeding before the Commission, on the ground that the testimony or evidence, documentary or otherwise, required of him may tend to incriminate him or subject him to a penalty or forfeiture; but no individual shall be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter, or thing concerning which he is compelled, after having claimed his privilege against self incrimination, to testify or produce evidence, documentary or otherwise, except that such individual so testifying shall not be exempt from prosecution and punishment for perjury committed in so testifying.

(i) State-Federal Cooperation: In the administration of this Act, the Commission shall cooperate to the fullest extent consistent with the provisions of this Act, with the Social Security Board, created by the Social Security Act, approved August 14, 1935, as amended; shall make such reports, in such form and containing such information as the Social Security Board may from time to time require, and shall comply with such provisions as the Social Security Board may from time to time find necessary to assure the correctness and verification of such reports; and shall comply with the regulations prescribed by the Social Security Board governing the expenditures of such sums as may be allotted and paid to this State under Title III of the Social Security Act for the purpose of assisting in the administration of this Act.

Upon request therefor, the Commission shall furnish to any agency of the United States charged with the administration of public works or assistance through public employment, the name, address, ordinary occupation, and employment status of each recipient of benefits and such recipient's rights to further benefits under this Act. [Acts 1936, 44th Leg., 3rd C.S., p. 1993, ch. 482, § 11, added Acts 1939, 46th Leg., p. 459, § 3. Effective May 12, 1939. Emergency section. See note under article 5221b—1a, ante.]

Art. 5221b—9a. Use of records

Art. 5221b—10. Employment service

(a) Texas State Employment Service, as provided for under Act of the Forty-fourth Legislature, Regular Session, Chapter 236, page 552, is
hereby transferred to the Commission as a division thereof. The Commission, through such division, shall establish and maintain free public employment offices in such number and in such places as may be necessary for the proper administration of this Act, and for purposes of performing such duties, as are within the purview of the Act of Congress entitled "An Act to provide for the establishment of a national employment system and for cooperation with the States in the promotion of such system and for other purposes," approved June 6, 1933, (48 Stat. 113; U.S.C., Title 29, Section 49 (c)) as amended. It shall be the duty of the Commission to cooperate with any official or agency of the United States having powers or duties under the provisions of the said Act of Congress, as amended, and to do and perform all things necessary to secure to this State the benefits of the said Act of Congress, as amended, in the promotion and maintenance of a system of public employment offices. The provisions of the said Act of Congress, as amended, are hereby accepted by this State in conformity with Section 4 of said Act, and this State will observe and comply with the requirements thereof. The Texas Unemployment Compensation Commission is hereby designated and constituted the agency of this State for the purposes of said Act. The Director, other officers and employees of the Texas State Employment Service shall be appointed by the Commission in accordance with regulations prescribed by the Director of the United States Employment Service.

(b) Financing: All monies received by this State under the said Act of Congress, as amended, shall be paid into the special "Employment Service Account" in the Unemployment Compensation Administration Fund, and said monies are hereby made available to the Texas Unemployment Compensation Commission to be expended as provided by this Section and by said Act of Congress, and any unexpended balance of funds appropriated or allocated either by the State of Texas or the Federal Government to the Texas State Employment Service as a division of the Bureau of Labor Statistics, is hereby, upon the passage of this Act, transferred to the special "Employment Service Account" in the Unemployment Compensation Administration Fund. For the purpose of establishing and maintaining free public employment offices, the Commission is authorized to enter into agreements with any political subdivision of this State or with any private, and/or non-profit organization, and, as a part of any such agreement the Commission may accept monies, services, or quarters as a contribution to the special "Employment Service Account."

(c) Invalidity of Transfer: In the event that this Act, or any section thereof, in so far as the same shall affect the Texas State Employment Service, shall be held or declared unconstitutional or invalid, then in that event Chapter 236, page 552, Acts of the Regular Session of the Forty-fourth Legislature establishing the Texas State Employment Service shall be and remain in full force and effect as it was prior to the passage of this Act. [Acts 1936, 44th Leg., 3rd C.S., p. 1933, ch. 482, § 12, as amended Acts 1937, 45th Leg., p. 121, ch. 67, § 4.]

Art. 5221b—11. Unemployment Compensation Administration Fund

(a) Special Fund: There is hereby created in the State Treasury a special fund to be known as the Unemployment Compensation Administration Fund. All moneys deposited or paid into this Fund are hereby appropriated and made available to the Commission. All moneys in this
The Fund shall be expended solely for the purpose of defraying the cost of the administration of this Act, and for no other purpose whatsoever. The Fund shall consist of all moneys appropriated by this State, and all moneys received from the United States of America, or any agency thereof, including the Social Security Board and the United States Employment Service, all moneys collected by the Commission as costs or fees charged by the Commission for furnishing photostatic or certified copies of records of the Commission, or fees charged by the Commission for making audits pursuant to the authority granted in this Act, or from any other source, for such purpose, and shall be administered separate and apart from all public moneys or funds of the State. All moneys in this Fund shall be deposited, administered, and disbursed, in the same manner and under the same conditions and requirements as is provided by law for other special funds in the State Treasury. Any balances in this Fund shall not lapse at any time, but shall be continuously available to the Commission for expenditure consistent with this Act. The State Treasurer shall give a separate and additional bond conditioned upon the faithful performance of his duties in connection with the Unemployment Compensation Administration Fund in an amount to be fixed by the Commission and in a form prescribed by law or approved by the Attorney General. The premiums for such bond and the premiums for the bond given by the Treasurer of the Unemployment Compensation Fund under Section 9 of this Act,\(^1\) shall be paid from the moneys in the Unemployment Compensation Administration Fund.

(b) The Commission is authorized to furnish to any person entitled thereto upon application therefor photostatic or certified copies of any records in its possession, the publication of which is not prohibited by this Act, and the Commission shall charge therefore a fee at the rate of fifty cents per page for each and every photostatic or certified copy of any record or document so furnished.

(c) Employment Service Accounts: A Special "Employment Service Account" shall be maintained as a part of the Unemployment Compensation Administration Fund for the purpose of maintaining the public employment offices established pursuant to Section 12 of this Act and for the purpose of cooperating with the United States Employment Service. Art. 5221b—12. Collection of contributions

(a) Interest and penalties on past due contributions: If any employer subject to the provisions of this Act shall fail to pay contributions due under this Act on the date on which they are due and payable as prescribed by the Commission, such employer shall forfeit to the State of Texas a penalty of one (1%) per centum thereof, and after the expiration of one (1) month such employer shall forfeit an additional penalty of one (1%) per centum thereof, for each month or fraction thereof, until such contributions and penalties shall have been paid in full.

(b) Collections: If, after due notice, any employer defaults in any payment of contributions, penalties or interest thereon, the amount due
shall be collected by civil action in the name of the State and the Attorney General, and the employer adjudged in default shall pay the costs of such action. Civil actions brought under this section to collect contributions, penalties or interest thereon from an employer shall be entitled to preference upon the calendar of the court over all other civil actions except petitions for judicial review under this Act and cases arising under the Workmen's Compensation Law of this State.1

(c) If any employer shall (a) fail to keep any of the records required to be kept by the provisions of this Act, or (b) shall fail to make any reports to the Commission, required herein to be made, or required by regulations of the Commission to be made, or (c) make a false or incomplete report to the Commission, or (d) fail or refuse to abide by the provisions hereof, or the Rules and Regulations promulgated hereunder, or violate the same, he shall forfeit to the State as a penalty the sum of not less than Twenty-five ($25.00) Dollars, nor more than Five Hundred ($500.00) Dollars. Each day's violation shall constitute a separate offense and incur another penalty, which if not paid may be recovered in a suit by the Attorney General in a court of competent jurisdiction in Travis County, Texas.

(d) If any employer fails or refuses to pay any contributions, penalties or interest within the time and manner provided by this Act, or by the rules or regulations adopted by the Commission hereunder, and it becomes necessary to bring suit or to intervene in any manner for the establishment or collection of said claim in any judicial proceeding, any report filed in the offices of the Texas Unemployment Compensation Commission by such employer or his agents or representatives, or a certified copy thereof certified to by the Chairman or any member of said Commission, or the Chief Accountant of said Commission, showing the amount of wages paid by such employer or his agents or representatives, with respect to which contributions, penalties or interest have not been paid, or any audit made by the Texas Unemployment Compensation Commission or its representatives from the books of such employer when signed and sworn to by such representative as being made from the records of said employer, such report or audit shall be admissible in evidence in such proceedings and shall be prima facie evidence of the contents thereof; provided, however, that the incorrectness of said report or audit may be shown.

(e) In the event the Attorney General shall file suit or a claim for contributions, penalties or interest, as provided in this Act, and attach or file as an exhibit any report or audit of such employer, and an affidavit made by any member of the Texas Unemployment Compensation Commission, or any representative of the Commission, that the contributions, penalties or interest shown to be due by said report or audit are past due and unpaid, that all payments and credits have been allowed, unless the party resisting the same shall file an answer in the same form and manner as provided by Article 3736, Revised Statutes of Texas of 1925, as amended by Chapter 239, Acts of the Regular Session of the Forty-second Legislature, said Audit or report shall be taken as prima facie evidence thereof, and the proceedings of said article are hereby made applicable to suits to collect contributions, penalties or interest hereunder.

(f) All contributions, penalties, and interest due by any employer to the fund shall become a lien upon all the property both real and personal of any employer, used by such employer in performing or aiding in the performance of the service which his employees have contracted to
perform on his behalf. Such lien shall attach at the time any contributions or penalties or interest become delinquent as provided herein.

(g) If any employer shall fail to remit proper contributions when due, or if any employer shall fail to make such reports to the Commission as are required by this Act, or, as are required by the Regulations adopted by the Commission pursuant to authority granted in this Act, the Commission may employ auditors or other persons to ascertain the correct amount of contributions due and to prepare the correct reports due, and if such contributions have not been properly remitted, or, if such reports have not been properly made, the employer shall pay the reasonable expenses incurred in such investigation which shall be paid as additional penalty, and such additional penalty may be collected by the Commission in the manner prescribed in this Section, provided that nothing herein shall prevent the Commission from using other funds available to it for the purpose of making audits and preparing or assisting in preparing reports of employers when the Commission determines that such action is necessary.

(h) Whenever any suit shall be instituted on behalf of the Commission, or at the request of the Commission under this Section or under Section 17 of the Act, the costs adjudged against the State or the Commission shall be paid by the Commission out of the administrative fund herein provided for. All such costs as are chargeable against the Commission shall be paid by the Commission to the officers of the courts of Texas at the time that the same become due under the provisions of the General Laws of this State.

(i) Priorities under legal dissolutions or distributions: In the event of any distribution of an employer's assets pursuant to an order of any court under the laws of this State, including any receivership, assignment for benefit of creditors, adjudicated insolvency, composition, or similar proceedings, contributions then or thereafter due shall be entitled to the same priority as is now accorded by the General Laws of the State of Texas to other tax claims.

(j) Where any employing unit has made a payment to the Commission of contributions alleged to be due, and it is later determined that such contributions were not due, in whole or in part, the employing unit making such payment may make application to the Commission for an adjustment thereof in connection with contribution payments then due, or, for a refund thereof because such adjustment cannot be made, and if the Commission shall determine that such contributions or penalty, or any portion thereof, were erroneously collected, the Commission shall allow such employing unit to make an adjustment thereof without interest in connection with contribution payments then due by such employing unit, or if such adjustment cannot be made, the Commission shall refund said amount without interest from the Fund, provided that no application for adjustment or refund shall ever be considered by the Commission unless the same shall have been filed within four (4) years from the date on which such contributions or penalties would have become due, had such contributions been legally collectible by the Commission from such employing unit. For like cause, and within the same period, adjustment or refund may be so made on the Commission's own initiative.

(k) Whenever it shall appear that any individual or employing unit is violating or threatening to violate any of the provisions of this Act, or of any rule, regulation or order of the Commission promulgated under this Act, relative to the collection of contributions, penalties or interest, or the filing of reports relative to employment, the Commission, through the Attorney General, shall bring suit, in the name of the State of Texas
against such employing unit or individual in any court of competent jurisdic-
tion in the county of the residence of the defendant, or if there be more than one defendant in the county of the residence of any of them, or in the county in which such violation is alleged to have occurred, to restrain such person or employing unit from violating such statute, or such rules, regulation or order of the Commission, or any part thereof, and in such suit the Commission in the name of the State of Texas may obtain such injunctions, prohibitory and mandatory, including temporary restraining orders and temporary injunctions, as the facts may warrant.

The violation by any person or employing unit of any injunction granted under the provisions of this Act shall be sufficient grounds for the appointment by the court, either upon its own motion or that of the Commission in the name of the State of Texas, of a receiver to take charge of such properties of such person or employing unit and to exercise such powers as in the judgment of the court shall be necessary in order to bring about compliance with such injunction; provided, however, that no such receiver shall be appointed except after notice and hearing. The power to appoint a receiver as herein provided shall be in addition to and cumulative of the power to punish for contempt. Acts 1936, 44th Leg., 3rd C. S., p. 1993, ch. 482, § 14, as amended Acts 1939, 46th Leg., p. 436, § 8.

Sec. 2. No steam boiler, unless otherwise specifically exempted in this Act, shall be operated within the State of Texas unless such boiler has been registered with the Bureau of Labor Statistics and there shall have been issued a Certificate of Operation for such boiler, as hereinafter provided for, and such Certificate of Operation shall remain in full force and effect until expiration unless cancelled for cause by the Commissioner; such Certificate of Operation shall be placed under glass in a conspicuous place on or near the boiler for which it is issued; and no prosecution shall be maintained where the issuance of or the renewal for such Certificate of Operation shall have been requested and shall remain unacted upon; provided, however, if the operation of such boiler without such Certificate of Operation shall constitute a serious menace to the life and safety of any person or persons in or about the premises, the Commissioner or the inspector of boilers or any deputy inspector, as hereinafter provided for, shall apply to the District Court in a suit brought by either the Attorney General of the State, or any District or County Attorney, in the county in which such boiler is located, for an injunction restraining the operation of said boiler until the unsafe condition restraining its use shall be corrected and a Certificate of Operation issued. In all such cases it shall not be necessary for the attorney bringing the suit to verify the pleadings or for the State to execute a bond as a condition precedent to the issuing of any injunction or restraining order hereunder. The affidavit of the Commissioner that no application for or no Certificate of Operation exists for such boiler, and the affidavit of any inspector or deputy inspector that
its operation constitutes a menace to the life and safety of any person or persons in or about the premises, shall be sufficient proof to warrant the immediate granting of a temporary restraining order.

**Inspections; ordering repairs to unsafe boiler; hearing; temporary certificate**

Sec. 4. The Commissioner shall cause to be inspected internally and externally not less frequently than once each twelve (12) months each stationary steam boiler subject to the provisions of this Act. Each portable steam boiler subject to the provisions of this Act shall be inspected externally each time it is moved to a new location, provided that an internal inspection shall be made of each such boiler at least once each twelve (12) months. If such boilers referred to herein are found, upon inspection, to be in a safe condition for operation, a Certificate of Operation shall be issued by the Commissioner for its operation for a period not longer than one year from the date of such inspection. If any inspection authorized hereunder shall show the inspected boiler to be in an unsafe or dangerous condition, the boiler inspector or any deputy may issue a preliminary order requiring such repairs and alterations to be made to such boiler as may be necessary to render it safe for use, and may also order the use of such boiler discontinued until such repairs and alterations are made or such dangerous and unsafe conditions are remedied. Unless such preliminary order be complied with by the owner or user, a hearing before the Commissioner shall be allowed, upon written request, at which the owner or user, making the request, shall have opportunity to appear and show cause why he should not comply with said preliminary order. If it shall thereafter appear to the Commissioner that such boiler is unsafe and that the requirements contained in said preliminary order should be complied with, or that other things should be done to make said boiler safe, the Commissioner may order or confirm the withholding of the Certificate of Operation for said boiler and may make such requirements as he deems proper for the repair or alteration of said boiler or the correction of such dangerous and unsafe conditions. The inspector in his discretion may issue a temporary Certificate of Operation for not to exceed thirty (30) days, pending the making of replacements or repairs. Nothing in this Section shall be construed to limit the authority of the Commissioner as set forth in Section 6 of this Act. “Certificate of Operation” used in this Section shall mean the “Certificate of Operation” referred to in Section 2 of this Act.
Section 5. Every insurance company insuring boilers in this State shall, within thirty (30) days after inspecting any steam boiler, file a duplicate report of such inspection with the Commissioner showing the date of such inspection together with the name of the person making such inspection, and such report shall show fully the condition and location of such boiler at the time such inspection was made. Such report shall also state when the policy of insurance was issued by the insurance company on said boiler and the date of expiration of such policy of insurance.

The owner or user of every boiler inspected by an inspector for an insurance company authorized to do business in this State on which such insurance company has issued a policy of insurance after inspection thereof, shall be exempt from other inspections and inspection fees under the provisions of this Act; provided nothing in this Section shall prevent the Commissioner from authorizing the inspection of any insured boiler at any reasonable time when, in the opinion of the Commissioner, such insured boiler may be in an unsafe condition, provided the Commissioner shall contact the insurance company carrying insurance on said boiler and that the inspector for the insurance company carrying such insurance and the inspector or deputy inspector shall jointly and together inspect the boiler, within twenty (20) days, for which inspection no additional charge shall be made as set forth in Section 12 of this Act. The Commissioner is authorized and has authority to issue a Certificate of Operation to the owner or user of all boilers subject to inspection under this Act, and the owner or user of an insured boiler shall pay the sum of One Dollar ($1) for each Certificate of Operation issued, and the owner or user of a State inspected boiler shall pay a like sum of One Dollar ($1) for each Certificate of Operation issued, which said fee shall be and is absorbed by the internal and external inspection fee authorized in Section 12 of this Act. Every insurance company shall notify the Commissioner in writing of the cancellation or expiration of every policy of insurance issued by it with reference to boilers in this State, within twenty (20) days after the expiration or cancellation of said policy, giving the cause or reason for such cancellation or expiration. Such notice of cancellation or expiration shall show the date of the policy and the date when the cancellation or expiration has or will become effective. As amended Acts 1939, 46th Leg., p. 433, § 2. Effective 90 days after June 21, 1939 date of adjournment.

Commissioner to promulgate rules and regulations; exchange of information

Sec. 6. The Commissioner is hereby authorized and empowered to promulgate and enforce a code of rules and regulations in keeping with standard usage, for the construction, installation, use, maintenance and operation of steam boilers and appurtenances thereof; including the boiler room; and to require such devices and safeguards and other reasonable means and methods to insure safe operation of steam boilers, including the registration thereof with the Bureau of Labor Statistics.

CHAPTER FOUR—OIL AND GAS

4. GENERAL PROVISIONS

Art. 5326a. Camp Hulen Lease Board [New].

1. UNIVERSITY AND OTHER LANDS

Art. 5348. General provisions

For provisions covering the same subject matter, see Acts 1931, 42nd Leg., p. 453, ch. 271, as amended, set out as Article 5421c.
Art. 5382a. Camp Hulen Lease Board

Section 1. A Board is hereby created to consist of the Governor of the State of Texas, the Adjutant General of the State of Texas, and the four senior active general officers of the Thirty-sixth Division, Texas National Guard, who shall perform the duties hereinafter set out. The Board shall be known as "Camp Hulen Lease Board". The term "Board" whenever used in this Act shall mean "Camp Hulen Lease Board". This Board shall keep a complete record of all of its proceedings. A majority of said Board shall constitute a quorum for the transaction of business.

Oil, gas, and mineral leases by Board authorized

Sec. 2. All lands, or any parcel of the same, now owned or that may be owned, and held in trust for the use and benefit of the Thirty-sixth Division, Texas National Guard, by the State of Texas, as a permanent camp site for the said Thirty-sixth Division, Texas National Guard, and those now owned and so held in trust at or near Palacios, Matagorda County, Texas, known as Camp Hulen, may be leased by the Board to any person or persons, firms or corporations, subject to and as provided for in this Act for the purpose of prospecting, or exploring for and mining, producing, storing, caring for, transporting, preserving, selling and disposing of the oil, gas and sulphur and other sub-surface minerals therein belonging to the State, and by it held in trust for the Thirty-sixth Division, Texas National Guard.

Surveys and subdivision of lands into lots, blocks, or tracts; Board authorized to perfect title

Sec. 3. The Board is hereby authorized to cause said lands to be surveyed and sub-divided into such lots, blocks or tracts as will be conducive or convenient to facilitate the advantageous sale of oil and gas and sulphur leases thereon, and identify such lots and blocks by permanent markings on the ground, and to make such maps and plats as may be thought necessary to carry out the purposes of this Act. The Board is authorized to obtain complete abstracts of title to such lands and to cause same to be examined, to take such steps by court action or otherwise, as it may deem necessary to perfect a merchantable title to such lands in the State of Texas, in trust for the use and benefit of the Thirty-sixth Division, Texas National Guard; such abstracts of title and other title papers shall be held on file in the General Land Office as public documents for the inspection of any prospective purchaser of oil and gas or sulphur or other sub-surface mineral leases on said lands.

Board to place oil, gas, and mineral leases on market when conditions favorable; mode of sale determined by Board; advertisement and notice; rejection of bids

Sec. 4. Whenever, in the opinion of the Board, there shall be such a demand for the purchase of oil, gas, and sulphur or other sub-surface mineral leases on any lot or tract of said land as will reasonably insure an advantageous sale thereof, the Board shall place such oil and gas or sulphur or other sub-surface mineral leases on the market in such blocks or tracts as the Board may designate. The Board shall have the power to determine whether said proposed sale or lease of said land shall be by public auction on the front steps of the State Capitol to the highest bidder or shall be by proposals submitted in the form of sealed bids for the purchase of said oil and gas or sulphur or other minerals by lease; pro-
vided, however, that said sale or lease in any event shall be only made after due advertisement thereof has been given in three daily papers of general circulation, published in the State of Texas, giving fifteen (15) days' notice of the proposed sale or lease of said lands, and giving a brief description of said land proposed to be leased for oil, gas, sulphur or mineral purposes. That where said land is to be sold under sealed bids for development by lease, said notice shall designate the day when sealed bids will be opened at ten o'clock A. M. on that day. The Board may in its discretion, in addition to said advertisement in newspapers, cause such other additional advertisements to be made as they might deem advantageous. Provided, further, that the Board shall have the right to reject any and all bids.

**Sealed bids**

Sec. 5. That where said land is to be leased for oil, gas or sulphur or other mineral development under sealed bids, all bids shall be directed to the said Board in care of the General Land Office of the State of Texas, and shall be retained by the Commissioner of the General Land Office until the day designated for the opening of bids, and upon that day the said Board, or a majority of its members, shall open said bids and shall list, file and register all bids and money received. A separate bid shall be made for each whole survey or sub-division thereof. No bid shall be accepted which offers a royalty of less than one-eighth (1/8) of the gross production of oil, gas, or sulphur in the land bid upon, and this minimum royalty may be increased at the discretion of the Board, two-thirds of the members concurring before the promulgation of the advertisement of the land. Every bid shall carry the obligation to pay an amount not less than One ($1.00) Dollar annually per acre for delay in drilling, such amount to be fixed by the Board in advance of the advertisement, and which shall be paid every year for five years unless in the meantime production in paying quantities is had upon the land.

**Drilling and production operations subject to State laws and orders of Railroad Commission; provision to be incorporated in lease**

Sec. 5a. The operations for drilling for oil and gas and the production therefrom under any lease made by the Board under the authority given in this Act shall be subject to all laws of the State of Texas and valid orders made by the Railroad Commission of Texas under such laws regulating and controlling the development of leases for the production of oil and gas, and the production of oil and gas therefrom. The Board shall incorporate this provision in each and every lease executed under the authority of this Act.

**Bid to be accompanied by payment and indicate royalty and additional payments**

Sec. 6. Every bid shall be accompanied by a payment equal to the minimum price fixed on the land per acre for delay in drilling if the bid is accepted. The bid shall further indicate the royalty the bidder is willing to pay, which royalty shall not be less than one-eighth (1/8) of the gross production. The bid shall further name such amount as the bidder may be willing to pay in addition to the royalty and the annual payment provided for, and shall be accompanied by cash or checks collectable in Austin to cover said amounts.

**Leasing to be consistent with use of camp for annual field training; rejection of bids and new offer to lease**

Sec. 7. If any one of the bidders shall offer a reasonable and proper price therefor, not less than the price fixed by the Board, the lands ad-

vertised, or any whole survey or sub-division thereof, may be leased for oil, gas, sulphur or other mineral purposes under the terms of this Act and such regulations as the Board may prescribe, which are in the opinion of the Board not inconsistent with the use of said lands for the annual field training of the Thirty-sixth Division, Texas National Guard, and are not inconsistent with the provisions of this Act. If after any bidding by sealed bids, the Board should reject all bids as it is hereby authorized to do, it may thereafter offer for sale, and sell the oil, gas, sulphur or other minerals in the land in separate whole surveys, or subdivisions thereof, by open public auction, or in such other manner as said Board may deem to be desirable.

Satisfactory bid filed in General Land Office; discontinuance of yearly payment; termination of lease

Sec. 8. If the Board shall determine that a satisfactory bid has been received for said oil, gas, sulphur, or other minerals, it shall be filed in the General Land Office. Whenever the royalty shall amount to as much as the yearly payment as fixed by the Board, the yearly payment may be discontinued. If before the expiration of five years, oil, gas, sulphur or other minerals, shall not have been produced in paying quantities, the lease shall terminate.

Sale of oil, gas, or minerals by public auction

Sec. 9. The Board may at its option, offer for sale and sell the oil, gas, sulphur, or other minerals, in said lands by open public auction on the front steps of the State Capitol in lieu of the method of selling said oil, gas, sulphur or other minerals by sealed bids. Where oil, gas, sulphur or other minerals in said lands is to be sold at public auction, the Board shall cause to be advertised a brief description of the land from which the oil, gas, sulphur or other minerals is proposed to be sold, fixing a designated day and hour for said sale at the State Capitol steps at Austin, Texas. Whenever any sale of the oil, gas, sulphur or other minerals is to be made at public auction, the Board prior to the promulgation of its advertising, shall fix a minimum price at which oil, gas, sulphur, or other minerals in such land shall be sold, not less than one-eighth (1/8) of the gross production of gas, oil, sulphur or other minerals in the land proposed to be sold and in an amount of not less than One Dollar per acre for annual rental for delay in drilling. That all leases shall terminate after a period of five years unless production in paying quantities is had upon the land within said period. That no auctioneer, or person acting in said capacity, shall be paid a fee for the sale of said minerals in said lands in excess of One Hundred ($100.00) Dollars per day. The successful bidder at public auction shall be required to immediately post with the Board in cash or by check payable in Austin, Texas, as evidence of good faith, the amount of his bid, being the amount of bonus and the one payment of annual rental in advance for delay in drilling.

Rentals not payable during drilling operations preceding discovery of oil, gas, or minerals; duration of lease; duty to develop and prevent drainage; penalty

Sec. 10. If during the time of any lease issued under the terms of this Act, the lessee shall be engaged in actual drilling operations for the discovery of oil, gas, sulphur or other minerals on land covered by any such lease, no rental shall be payable as to the tract on which such operations are being conducted so long as such operations are proceeding in good faith; and in the event oil, gas, sulphur or other minerals are discovered in paying quantities on any tract of land covered by any such
lease, then the lease as to such tract shall remain in force so long as
gas, oil, sulphur or other minerals are produced in paying quantities
from such tract. In the event of the discovery of oil, gas, sulphur or
other minerals on any tract covered by any such lease, then the lease as
to such tract shall remain in force so long as oil, gas, sulphur or other
minerals are produced in paying quantities from such tract. In the event
of the discovery of oil, gas, sulphur or other minerals on any tract cov­
ered by a lease issued hereunder, or on any land adjoining same, the
lessee shall conduct such operations as may be necessary to prevent
drainage from the tract from such lease and to properly develop the same.
Failure to comply with the obligations provided by this section shall
subject the holder of the lease to the penalties provided in Sections 12 and
13 of this Act.

Title to rights purchased; assignment of rights; relinquishment of rights;
pipe lines, telephone lines, and roads

Sec. 11. Title to all rights purchased may be held by the owner so
long as the area produces oil, gas, sulphur or other minerals in paying
quantities. All rights purchased may be assigned in quantities of not
less than forty (40) acres unless there be less than forty (40) acres re­
mainin in any survey or tract, in which case such lesser area may be
so assigned. All assignments shall be filed in the General Land Office
within one hundred (100) days after the date of the first acknowledgment
thereof accompanied by Ten (10¢) Cents per acre for each acre assigned,
and if not so filed and payment made, the assignment shall be ineffect­
ive. All rights to any whole survey and to any assigned portion thereof may
be relinquished to the State in trust for the Thirty-sixth Division, Texas
National Guard, at any time by having an instrument of relinquishment
recorded in the county or counties in which the area may be situated,
and filed in the Land Office accompanied by One ($1.00) Dollar for each
area assigned, but such assignment shall not relieve the owner of any
past due obligations theretofore accrued thereon. The Board shall au­
thorize the laying of pipe lines, telephone lines and the opening of such
roads as may by it be deemed reasonably necessary for and incident to
the purposes of the lease.

Royalty, payment for use of National Guard Division; time of payment; sworn
statement; books and records filed and subject to inspection

Sec. 12. Royalty as stipulated in the sale and in all leases on said
land and all other moneys accruing or arising from the effects of this bill
or the operations of the Board shall be paid to the General Land Office,
Austin, Texas, for the exclusive use and benefit of the Thirty-sixth Divi­sion, Texas National Guard, on or before the 20th day of each succeeding
month, for the preceding month during the life of the rights purchased,
and it shall be accompanied by the sworn statement of the owner, manag­
er or other authorized agent showing the gross amount of oil produced
and saved since the last report, and the amount of gas produced and sold
off the premises and the market value of the oil and gas, or in the case of
sulphur, or other minerals, the amount produced and sold and the market
price therefor, together with all gauges of tanks, gas meter readings, pipe
line receipts, gas line receipts, and other checks and memoranda of the
amounts produced and put into pipe lines, tanks or pools and gas lines
or gas storage and/or sulphur vats or sulphur or other minerals storage.
The books and accounts and all bids, receipts and discharges of all wells,
tank pools, meters, pipe lines and vats and other storage and all contracts
and other records pertaining to the production, transportation, sale and
marketing of the oil, gas, sulphur or other minerals shall at all times be
on file in the General Land Office and be subject to inspection and examination by the Commissioner of the General Land Office, the Attorney General, the Governor or any member of the Board.

Protection of leased land from drainage or depletion from adjacent lands: effect of failure to protect

Sec. 13. In every case where the area in which oil, gas, sulphur or other minerals are sold shall be contiguous or adjacent to land that is not within the area known as Camp Hulen land, the acceptance of the bid and the sale thereof will carry with it the obligation to adequately protect the land leased from drainage or depletion from the adjacent lands. In cases where the area in which the oil, gas, sulphur or other minerals are sold as a lesser royalty, the owner shall likewise protect the State and the Thirty-sixth Division, Texas National Guard, from drainage or depletion from the land so leased or sold for lesser royalty. Upon failure to protect the land from drainage as herein provided, the sale and all rights thereunder may be forfeited by the Board as elsewhere provided herein for forfeiture.

Forfeiture for default; suit to declare; reinstatement of lease; suit for damages; lien to secure payments under lease

Sec. 14. If the owner of the rights acquired under this Act shall fail or refuse to make the payment of any sum due thereon, either as rental or royalty on the production, within thirty days after same shall become due, or if such owner, or his authorized agent, should make any false return, or false report concerning production, royalty or drilling, or if such owner shall fail or refuse to drill any offset well or wells in good faith, as required by his lease, or if such owner or his agent should refuse the proper authority access to other records and other data pertaining to operations under this Act, or if such owner or his authorized agent should fail or refuse to give correct information to the proper authority, or fail or refuse to furnish the log of any well within thirty days after completion or abandonment or cessation of work for thirty days, or if any material terms of the lease should be violated, such lease shall be subject to forfeiture by the Board, by an order entered upon the minutes of the Board, reciting the facts constituting the default and declaring the forfeiture. The Board may, if it so desires, have a suit instituted for forfeiture through the Attorney General of the State who shall be the legal advisor and attorney for the Board. Upon proper showing by the forfeiting owner, within thirty days after the declaration of forfeiture, the lease may, at the discretion of the Board, and upon such terms as it may prescribe, be reinstated. In case of violation by the owner of the lease contract, the remedy of the State, acting for the benefit of the Thirty-sixth Division, Texas National Guard, by forfeiture shall not be the exclusive remedy, but suit for damages or specific performance or both, may be instituted. The State, for the use and benefit of the Thirty-sixth Division, Texas National Guard, shall have a first lien upon all oil, gas, sulphur or other minerals produced upon the leased area and upon all rigs, tanks, pipe lines, telephone lines, machinery and other material and appliances used in the production and handling of oil, gas, sulphur or other minerals produced thereon to secure any amount due thereon by the owner of said lease.

Surveys, files, contracts, and records filed in General Land Office; payments of bonus, rentals and royalties; deposit and expenditure by Board

Sec. 15. All surveys, files, records, copies of sale and lease contracts, and all other records pertaining to the sales and leases hereby authorized,
shall be filed in the General Land Office and shall constitute archives thereof. Forms, rules, and regulations of Board; withdrawal of lands advertised

Sec. 17. The Board shall adopt proper forms and regulations, rules and contracts as will, in its judgment, protect the income from the lands leased hereunder, and for the use and expenditure of such incomes for the exclusive use and benefit of the Thirty-sixth Division, Texas National Guard. The Board shall have the right to withdraw any lands advertised for lease prior to receiving and opening of bids, and prior to the sale at public auction. Acts 1937, 45th Leg., p. 697, ch. 352.

Art. 5421c. Regulating sale and lease of school lands, public lands and river bed; Board of Mineral Development created

Definitions; vacant and unsurveyed land subject to sale or lease; royalties; applications and procedure thereon

Sec. 6. (a) Wherever the reference is made in this Act to “Commissioner,” the same shall mean the Commissioner of the General Land Office.

Wherever the term “Good Faith Claimant” or “Claimant” is used in this Act, the same shall mean any person, firm, or corporation, occupying or using, or theretofore occupying or using, or whose predecessors in interest, have occupied or used a vacancy for purposes other than exploring for or removing oil, gas, sulphur, or other minerals therefrom with a good faith belief that the same was included within the boundaries of a survey or surveys previously titled, awarded or sold under circumstances that would, at the time the vacancy issue arose, have vested title thereto had said area actually been located within said survey or surveys, and whose said boundaries are shown to have been recognized boundaries in the community. Provided a person, firm, or corporation, or those under whom he claims, shall have said land in his inclosure or under definite recognized boundaries and be in possession thereof for a period of ten (10) years with a good faith belief that he was the owner thereof and that same was included within his survey, except that whenever the owner of the tract of land adjoining the alleged vacant area makes application to buy the same, and no prior application to purchase or lease such alleged vacant area is on file, then such owner of said adjoining tract of land, who otherwise qualifies as a good faith claimant, shall be considered a good faith claimant without regard to the length of time he may have owned said adjoining land, or had such alleged vacant tract inclosed, or under definite recognized boundaries and in possession with the belief that the vacant area was included within his survey.

“Vacancy,” when used in this Act, means an area of unsurveyed school land not in conflict on the ground with lands previously titled, awarded, or sold, which has not been listed on the records of the Land Office as school lands and which on the date of the filing was neither subject to an earlier subsisting application to purchase or lease by a discoverer or claimant nor involved in pending litigation brought by the State to recover the same.

“Applicant,” when used in this Act, means any person, other than a good faith claimant, who discovers and files application to purchase or lease a vacancy.

(b) The vacant and unsurveyed land included within this Act shall be subject to sale or lease under the terms of this Act. Any of such land shall be subject to sale to a good faith claimant whether the same shall be within five (5) miles of a well producing oil, gas, or other minerals in commercial quantities, or not; but such lands lying within five
(5) miles of a well producing oil or gas in commercial quantities shall not be subject to sale to any other person than a good faith claimant, but where there is no good faith claimant, or such claimant fails to exercise his preferential right, lands within such five-mile distance shall be subject to lease only, and all of such leases shall reserve to the State at least a one-eighth free royalty on oil, gas, sulphur, and other minerals. In all cases where the good faith claimant purchases the land within five (5) miles of a well producing oil, gas, or other minerals in commercial quantities, there shall be reserved to the State a free royalty of one-eighth of all oil, gas, sulphur, and other minerals. On all other vacancies sold there shall be a free royalty of one-sixteenth reserved to the State on all oil and gas production and one-eighth on sulphur and other minerals. Such royalty reserved by the State shall be one-eighth on oil and gas and one-sixth on sulphur and other minerals if a good faith claimant fails to exercise his preference right to purchase within ninety (90) days after the Commissioner determines the existence of the vacancy as hereinafter provided. Such sales shall provide that the purchaser shall have the right to execute oil, gas, and mineral leases on the land without the joinder or approval of the Commissioner, and all bonus money and rentals therefor shall be paid to and be the property of the purchaser, but any and all of such mineral leases shall provide for and reserve to the State the above-mentioned free royalty on all oil, gas, sulphur, and other minerals. On all vacancies leased by the State, there shall be reserved not less than a one-eighth free royalty on oil, gas, sulphur, and other minerals.

(c) Any applicant who claims that a vacancy exists and desires to lease or purchase same shall file in duplicate with the County Surveyor of the county in which any part of the land is situated a written application to purchase or lease, describing the land claimed to be a vacancy, and stating that he desires to purchase or lease same under the provisions of this Act. The application shall also state the names and addresses of all owners or claimants of land or any interest therein and of leases of any character thereon, adjoining, overlapping, or including the land claimed to be vacant, so far as the same may be ascertained from the records of the General Land Office, and of the office of the County Clerk of the county in which the land is located and from the tax rolls of such county. The application shall also state the names and addresses of all persons who, from facts known to the applicant, assert any right to said alleged vacant land, and same shall be sworn to and shall state the applicant knows of no other claimants than those listed.

Contemporaneously with the filing of the application, the applicant shall pay to said surveyor a filing fee of Five Dollars ($5). The surveyor shall mark on the original and duplicate the exact hour and date of filing, shall return one application to the applicant and shall record the other in a book to be kept by him for that purpose. The application which is returned to the applicant shall, within ten (10) days after the date of filing with the surveyor of the county, be filed with the Commissioner who shall note thereon the date of filing. Applicant shall also pay a filing fee of One Hundred Dollars ($100) to the Commissioner. Failure to file the application with the Commissioner within the time fixed, and to pay the filing fee, shall be a waiver of all rights under the application. As between applicants, priority shall date from the time of filing with the surveyor. In counties which have no County Surveyor, such preliminary filing shall be with the County Clerk and shall be recorded in a book to be kept for that purpose, but not in the deed records.
The Commissioner shall notify the applicant by letter of the estimate of the cost of proceedings under the application, and, within thirty (30) days after the date of such letter, the applicant shall make a deposit with the Commissioner to cover costs of all work which may be necessary in order to comply with the request contained in such application. Upon failure to make the deposit as required, all rights under the application shall be lost. In the event such deposit shall prove to be insufficient, the applicant shall be requested by letter to make a further deposit of a sum to be fixed by the Commissioner and, if such additional deposit be not made within thirty (30) days after the date of such letter, the work shall be discontinued and the application cancelled, and such cancellation shall be so endorsed on the application. Upon cancellation, the right to purchase or lease under such application shall be lost. The deposits provided for in this Section shall be a special trust fund to be used only for the purpose authorized by this Act. Provided that the applicant shall have the right of appeal from the estimate of cost so made by the Commissioner, to the District Court of Travis County by giving notice to the Commissioner in writing thereof within fifteen (15) days after the receipt of said estimate from said Commissioner as herein provided. And provided that said applicant shall have fifteen (15) days after the decision of said District Court as to amount in which to make payment thereof.

Upon filing of any such application with the Commissioner and upon the making of the required deposit as provided for herein, the Commissioner shall forthwith cause a notice of intention to survey to be mailed to all persons named in the application as interested persons, and at the addresses given therein, and to the Attorney General of Texas. The notices shall be deposited in the Post Office at Austin, Texas, at least ten (10) days prior to the date fixed for the beginning of such survey. The Commissioner shall appoint a surveyor to make a survey in accordance with the notice. Such surveyor shall be a surveyor licensed by the State, or the County Surveyor of the County in which the land or a part thereof is situated. The fees and expenses to be paid for such work shall be such as may be fixed by law, or, if not so fixed, then such as the Commissioner and the surveyor may agree upon, but not in excess of such as may be reasonable for the work performed, all of which shall be paid by applicant.

A written report of the survey with field notes describing the land and the lines and corners so surveyed together with a plat showing the results of such survey shall be filed in the General Land Office within one hundred and twenty (120) days from the filing of the application, unless the time be extended by the Commissioner for good cause shown, which shall be stated in writing and filed as a part of the record of the proceedings, but such extension shall not exceed sixty (60) days. The report shall state the names and the Post-Office addresses of all persons in possession of the land described in the application, and of all persons found by the surveyor to have or claim any interest therein. Any interested party may at his own expense cause any surveying to be done as he deems desirable.

As soon as the total expense properly charged against the deposit has been determined, the Commissioner shall render a complete statement to applicant, accompanied by payment of the balance, if any, shown to be remaining in such fund.

Within sixty (60) days after the surveyor has made his report as provided herein, a hearing may be held before the Commissioner on the date fixed in a notice which he shall give to all persons thought to
be interested parties and to all persons shown by the record of the proceeding to be interested parties, including the Attorney General, to determine whether there is a vacancy. Such notice shall be deposited in the Post Office at Austin, at least ten (10) days prior to the date fixed for such hearing. At the hearing, the State and each interested party, whether or not he received notice, shall have a right to be heard.

(d) If the Commissioner should decide that the area so alleged to be a vacancy is not vacant, then the Commissioner shall so endorse said application and file it with his finding, and shall promptly notify the applicant of his finding by registered mail, and shall file all reports and papers received in connection with said application, and then shall take no further steps with respect to same unless the existence of the alleged vacant area shall have been determined by a Court of competent jurisdiction. Thereupon, the applicant's application and all preference rights acquired thereby, to buy, or lease, such alleged vacancy shall become null and void, unless within a period of ninety (90) days after the mailing of such notice the applicant shall file suit in the District Court of the county wherein any part of such land is located, for the purpose of litigating the question of the existence of a vacant unsurveyed area.

(e) If it shall appear to the Commissioner that the alleged vacancy is not in conflict with land previously titled, awarded, or sold by the State, the Commissioner shall give prompt notice of such finding to the applicant and to all those who have been previously identified as interested parties, and thereafter, subject to the further provisions hereof, such applicant shall have a right for one hundred and twenty (120) days to purchase or lease such portion of said land as is vacant at the price fixed by the School Land Board as hereinafter provided, with the royalty reservation provided hereinabove in subsection (b); provided that no such award shall be made by the Commissioner except after a hearing, and provided further that no presumption shall obtain in any suit involving the existence of a vacancy, as a result of the action of the Commissioner in this respect.

(f) Any good faith claimant who ascertains that a vacancy exists or that a claimed vacancy may exist, or who has been notified by the Commissioner that a vacancy has been found to exist upon lands claimed by him shall, at any time, until ninety (90) days after a decision of the Commissioner declaring the existence of a vacancy, have a preference right to purchase or lease same by applying in writing to the Commissioner for such purchase or lease, and by furnishing such proof as may be satisfactory to the Commissioner that he is a good faith claimant. Such good faith claimant shall then be entitled to purchase or lease such portion of said land as is vacant, at the price fixed by the School Land Board, subject to the royalty reservations herein provided, effective as of the date such application is filed.

Where there is no valid and subsisting prior filing by an applicant covering the alleged vacant area upon the date of the filing of a good faith claimant's application to purchase or lease, such application shall be accompanied by a filing fee of One Dollar ($1), by a written report of a surveyor licensed by the State, or the County Surveyor of the county in which the land or a part thereof is situated, with field notes describing the land and the lines and corners so surveyed, together with a plat showing the results of such survey, and by such proof as may be satisfactory to the Commissioner that he is a good faith claimant. Such good faith claimant may, however, if he so desires, file his application to purchase or lease, and within one hundred and twenty (120) days from the date of filing with the Commissioner, cause a survey of the al-
leged vacancy to be made, and file the written report, field notes, and plat in the General Land Office, together with the proof that he is a good faith claimant. If it shall appear to the Commissioner that the alleged vacancy is not in conflict with the land previously titled, awarded or sold by the State, the Commissioner shall grant such application under the provisions of this Act; provided, however, that prior to granting the application, the Commissioner may have a hearing at which any interested persons may appear.

The application by a good faith claimant shall not be used or considered, in any way, as an admission on his part that a vacancy exists.

Any good faith claimant shall also have a preference right until ninety (90) days after final judicial determination of the existence of a vacancy to purchase the land alleged or adjudicated to be vacant; provided, however, that if such good faith claimant shall not have exercised his preference right until after ninety (90) days after the decision of the Commissioner determining the existence of the vacancy, then the sale made to the good faith claimant shall be subject to a reservation in favor of the State of a free one-eighth (1/8) royalty of all oil, gas, sulphur and other minerals, and subject to any lease made or to be made by the State to applicant, if any, of not more than thirteen-sixteenths (13/16) mineral interest as in this Act provided. If the Commissioner has theretofore executed a mineral lease on a larger portion of the minerals under said land, then such lease shall be amended to cover only thirteen-sixteenths (13/16) of the minerals so as to conform with the preference rights hereby given to good faith claimants.

Any good faith claimant of a vacant or unsurveyed tract of land shall have ninety (90) days after the sale or lease by the Commissioner of said tract to institute suit to set aside the sale or lease of said tract of land. If said suit be not instituted by the good faith claimant within said ninety-day period, he shall lose all preference rights to buy or lease said land.

If the Commissioner has failed to determine whether or not there is a good faith claimant, or if his decision is questioned by applicant or one asserting to be a good faith claimant, then such issue shall be determined in any suit brought under this Act to determine the existence of the alleged vacancy.

Provided the good faith claimant shall pay back to the applicant the amount of expenses incurred in determining the existence of the vacancy, as provided for in Section 1, Subsection (c), except the filing fees, within ninety (90) days after the Commissioner has declared the vacancy to exist, or he shall lose all preference rights to lease or buy said land.

(g) The purchase by any good faith claimant under such preferential right shall inure distributively to the benefit of all owners holding title under him or an interest in the title under which he claims to be a good faith claimant, provided that such co-owners or lessees shall accept the provisions hereinafter set out and contribute their proportionate part of the royalty reserved to the State and the royalty awarded to the applicant. Such reservation shall be deducted distributively and proportionately from the mineral interest of each owner, including mineral leases, if the area should be under mineral lease. As a condition to the benefits conferred by this law, it is expressly provided that such claimants receiving patents or awards, or for whose benefit such patents or awards are received, shall recognize the proportionate interests of other owners benefiting by the award of preference rights hereby. The consideration for such purchase shall be determined by the Commissioner without considering the potential mineral value or any improvements.
thereon, but shall not be less than One Dollar ($1) per acre, and the State shall retain its right to recover from the party or parties liable therefor the market value, when produced, of all oil, gas, sulphur, and other minerals that may have been produced from such area prior to the effective date of the said patent or award, but against such liability there shall be allowed as an offset to the operator the actual cost of developing and producing the same. Provided that no mineral lease executed by the good faith claimant previous to the filing of the vacancy claim shall give the lessee any interest in, or to, any vacancy.

No title to either land or mineral interest in land acquired from the State under preference right shall ever be held to pass as an after-acquired title by reason of any covenant of general warranty, description, or other provision, contained in any conveyance executed prior to the date of award under such preference.

(h) Where there is a valid, subsisting prior filing by an applicant upon the date of the filing of a good faith claimant's application to purchase under preferential right, and where the good faith claimant shall have exercised his preference right to purchase within ninety (90) days after a decision of the Commissioner under the provisions of this Act, then in such patent as shall be issued to good faith claimant, there shall be added to the free royalty interest reserved to the State and deducted proportionately from good faith claimant's award, as provided in paragraph (g), a free royalty of one-sixteenth of all oil, gas, sulphur, and other minerals which may be produced from such land, which royalty shall be awarded by the State to the applicant. But, if the good faith claimant shall not have exercised his preferential right to purchase within ninety (90) days after a decision of Commissioner under the provisions of this Act, then the applicant shall be awarded an oil, gas and mineral lease on not more than seven-eighths of the minerals for not less than One Dollar ($1) per acre, and for a five-year primary term, subject to such other consideration and terms as may be fixed by School Land Board, and subject to the preference right of a good faith claimant until ninety (90) days after final judicial determination under subsection (f) hereof. Should there be no good faith claimant, or should no good faith claimant exercise his preferential right within the time allowed, then the applicant shall be entitled to buy or lease accordingly, as he may have applied, the vacancy applied for by him and found to exist, for a consideration to be fixed by the School Land Board as hereinafter provided, but without consideration of potential mineral value.

(i) Any application made under prior laws to purchase or lease unsurveyed school land which is on file in the office of the Commissioner or with any county surveyor and which has not been granted upon the effective date of this Act, shall become null, void, and of no further effect unless there is then pending a suit, or suits, involving the question of whether the land so affected or a part thereof is vacant, or unless the Commissioner shall within nine (9) months after the effective date hereof grant said application, or unless the applicant shall within sixty (60) days after the end of such nine-months period, file an action in the District Court, for the purpose of litigating the question of the existence of a vacant unsurveyed area.

(j) Any person, firm, or corporation aggrieved by any action taken by the Commissioner under the provisions of this Act, or with reference to any application to purchase or lease vacancies, may institute suit in the District Court of the county where any part of the land is situated, but not elsewhere, and there try the issues of boundary, title, and ownership of any alleged vacancy involved, as well as the is-
sues of the preference rights of such person, firm, or corporation, as herein provided. The plaintiff in such suit shall within thirty (30) days after the filing thereof cause a certified copy of the original petition therein to be served by any sheriff or constable of Travis County upon the Attorney General of Texas and the Commissioner, and cause such officer's return showing said service to be filed with the papers in said cause. Whether the Attorney General answers or intervenes in said cause or institutes suit in the first instance, following the filing of such application, the venue of all such suits shall be in the county where such land, or any part thereof, is located. When such litigation shall have been prosecuted to a final judgment, said judgment shall be binding upon the State of Texas. It shall be mandatory for the Attorney General to intervene in behalf of the State in such cases. As amended Acts 1939, 46th Leg., p. 465, § 1.

Effective 90 days after June 21, 1939, date of adjournment.

Section 3 of the amendatory Act of 1939 amends section 8 of this article.

Section 3 read as follows: "Nothing in this Act shall affect or apply to filings or applications which are involved in pending litigation upon the effective date hereof, nor to the title to the land involved in any suit to which the State is now a party, nor to any pending suit. Nothing in this Act shall apply to any application on file at the effective date of this Act, and such applications may be prosecuted under the law in effect at the date such applications were originally filed, except that suit thereon shall be filed (if not already filed) within the time limits fixed in subsection (i) hereof."

Section 4 is published as article 5421c-1; section 4-a as article 5421c-2; section 5 is article 5421c-3.

Section 6 repeals all conflicting laws and parts of laws.

Section 7 read as follows: "If any section, subsection, or portion of this Act shall be held unconstitutional or invalid, then it is expressly here shown as the intention of the Legislature that each and every part of this Act, and every subsection hereof, would have been enacted without the enactment of all other parts, or subsections hereof, so that the invalidation of any portion of this Act shall not affect the validity of the remaining portion hereof."

Section 8 declared an emergency and provided that the Act should take effect from and after its passage.

Lands subject to lease; rights and powers of surface owner

Sec. 8. All islands, salt water lakes, bays, inlets, marshes, and reefs owned by the State within tidewater limits, and that portion of the Gulf of Mexico within the jurisdiction of Texas, and all unsold public free school land, both surveyed and unsurveyed, shall be subject to lease by the Commissioner to any person, firm, or corporation for the production of minerals, except gold, silver, platinum, cinnabar, and other metals, that may be therein or thereunder, in accordance with the provisions of Chapter 271, Acts of the Forty-second Legislature, as amended,1 and Subdivision 2, Chapter 4, Title 86, Revised Civil Statutes of Texas of 1925,2 relating to leasing public areas, in so far as same is not in conflict herewith. Provided, however, that nothing in this Act shall be construed as removing from or interfering with the rights and powers of the surface owner of land sold or to be hereafter sold by the State, with a mineral reservation, to act as agent of the State in making and executing mineral leases covering and affecting such lands, but the authority of such surface owner shall remain the same as provided by law, and is in no wise abridged, modified or removed by this Act. As amended Acts 1939, 46th Leg., p. 465, § 2.

1 This article.
2 Articles 5358-5366.

Effective 90 days after June 21, 1939, date of adjournment. Emergency section. See note under section 6, ante.

Art. 5421c—1. Excess acreage where tract of land titled or patented

In all cases where the area of a tract of land titled or patented exceeds the quantity called for in the title or patent, and where, under
the existing law the title to all or any part thereof shall or may be affected by the existence of such excess, then any person owning such survey or having an interest therein may pay for such excess acreage at such price as the empowered authority may fix. Any person owning any interest in a titled or patented survey in which excess acreage exists who desires to pay for such excess acreage, shall file with the Land Commissioner a request for an appraisement of the land with corrected field notes in the form now provided by law, together with a statement of the facts pertaining to his right to purchase, which statement shall be sworn to, and such other evidence of his right to purchase as the Commissioner may require. Should it appear that such excess actually exists and that the applicant is entitled to the benefits of the law, then the Commissioner shall execute a deed of acquittance covering such land in the name of the original patentee or his assignees with such reservation of minerals or with no mineral reservation, accordingly as may have been the case when the survey was titled or patented. Such transfer shall inure distributively to the benefit of the true and lawful owners of the survey in proportion to their holdings. Acts 1939, 46th Leg., p. 465, § 4.

Effective 90 days after June 21, 1939, Emergency section. See note under article of adjournment.

Art. 5421c—2. Mineral leases under Relinquishment Act

No mineral lease executed by an owner or owners of land or minerals under what is commonly known as the Relinquishment Act shall be effective until a certified copy of such lease is filed in the Land Office. No such lease executed after the effective date hereof shall be binding upon the State unless it recites the actual and true consideration paid or promised therefor. Acts 1939, 46th Leg., p. 465, § 4-a.

Effective 90 days after June 21, 1939, Emergency section. See note under article of adjournment.

Art. 5421c—3. Control and disposition of lands set apart for permanent free school fund and asylum funds and mineral estate within tidewater limits; dedication of mineral estate to permanent school fund; School Land Board, creation and duties; Board of Mineral Development abolished

5. The School Land Board shall meet on the first and third Tuesdays of each month in the General Land Office, where its sessions shall be held and continued until its docket is cleared, subject to recesses at the discretion of the Board. The Board shall select a secretary who shall be nominated by the Commissioner of the General Land Office and approved by a majority of the Board. All records and proceedings of the Board shall be records and archives of the General Land Office.

The difficulty inherent in any attempt of individuals to correlate within a reasonable degree the citrus production current demand creates chaotic economic conditions in the citrus areas of the State as defined in this Act of such severity as to imperil the ability of citrus producers to contribute in appropriate amounts to the support of ordinary governmental and educational functions, thus tending to increase, and increasing the tax burdens of other taxpayers for the same purposes, and is rendering it impossible for producers to be reasonably assured of adequate standard
of living for themselves and their families. In the interest of the public welfare and general prosperity of the State, the unreasonable waste and inefficient use of citrus resources involved in the marketing in this State of citrus fruits should be eliminated, while at the same time preserving to citrus producers of the areas covered by this Act an equality of opportunity.

Notice of hearing; procedure

Sec. 4. Whenever the Commissioner has reason to believe that the execution of a marketing agreement or the issuance of a license, or both, will tend to effectuate the declared policy of this Act with respect to
citrus fruits, he shall, either upon his own motion, or upon application of any producer or handler of such commodity give due notice of, and an opportunity for hearing upon a proposed marketing agreement or license, or both. Such notice shall be given by posting at the office of the Commissioner at Austin, and by mailing a copy of such notice to the last known address of all known handlers affected by such agreement or license whose names appear upon the most recent lists in the office of the Commissioner. Assent of handlers and producers; procedure

Sec. 9. Pursuant to the provisions of this Act, the Commissioner may, with respect to citrus fruits, enter into a marketing agreement or issue a license thereunder, but no license issued pursuant to this Act shall become effective (a) unless and until the handlers of not less than fifty-one (51) per cent of the volume of the commodity covered by such license, or fifty-one (51) per cent of the number of such handlers, have assented thereto in writing, and (b) unless and until the Commissioner determines that the issuance of such license is approved or favored, (1) by at least sixty-six and two-thirds (66-2/3) per cent of the producers who, during a representative period, determined by the Commissioner, have been engaged within the area covered by such license in the production for market of the citrus fruits covered thereby in commercial quantities, or, (2) by producers who, during such representative period, have produced for market for sale at least sixty-six and two thirds (66-2/3) per cent of the volume of such citrus fruits produced for market within the area covered by such license.

Such representative period may by the Commissioner be determined to be the next preceding crop season prior to the holding of said hearing, or may be such other representative period as the Commissioner may determine.

In the determination of whether the issuance of such license is approved or favored pursuant to the provisions of this Section, the Commissioner is required to determine the approval or disapproval of producers with respect to the issuance of any license or order, or any term or condition thereof, or the termination thereof, and the Commissioner shall consider the approval or disapproval by any Cooperative Association of Producers, bona fide engaged in marketing citrus fruits or products thereof covered by such license or order, or in rendering services for or advancing the interest of the producers of such citrus fruits, as the approval or disapproval of the producers who are members of, stockholders in, or under contract with such cooperative association of producers.

Such approval, when executed by such cooperative marketing association may be executed in the name of such association and need not set forth the names of the producers on whose behalf it signs.

License, issuance of; notice

Sec. 10. (1) Whenever any member of any class of handlers, processors, or distributors is licensed hereunder, an identical license shall be issued to all members of the same class of handlers, processors, or distributors.

(2) Upon the issuance of any license, or any amendment thereof, a notice of said license or amendment shall be posted on a public bulletin board to be maintained by the Commissioner in his office and a copy of
such notice shall be published in a daily newspaper of general circulation published in the citrus area covered by this Act, and in such other paper or papers as the Commissioner may prescribe. No license or any amendment thereof shall become effective until three (3) days after such posting and publication. It shall also be the duty of the Commissioner to mail a copy of the notice of said license to all known licensees whose names and addresses may be on file in the office of the Commissioner and to every person who files in the office of the Commissioner a written request for such notice.

Termination or suspension of license by Commissioner

Sec. 11. (1) Whenever, upon his own investigation, or otherwise, the Commissioner finds that any marketing agreement theretofore executed or any license issued under this Act, or any provision thereof, obstructs or does not tend to effectuate the declared policy of this Act, he shall terminate, or suspend for a specified period, the operation of such marketing agreement or license or such provision thereof.

(2) If the Commissioner finds that the termination of any license or marketing agreement is favored by a majority of the producers who, during such representative period determined by the Commissioner, have been engaged in the production within the area in the State of Texas as covered by this Act for marketing of citrus fruits specified in such marketing agreement, or license, and who during such representative period, produced for market more than sixty-six and two-thirds (66-2/3) per cent of the volume of such citrus fruits produced for market within the area in the State of Texas covered by this Act, or produced within the area in the State of Texas covered by this Act for marketing elsewhere, the Commissioner shall terminate, or suspend for a specified period, such marketing agreement or license or any term or provision thereof, but such termination shall be effective only if announced on or before such date (prior to the end of the then current marketing period) as may be specified in such marketing agreement or license.

Amendment of agreement or license; notice; hearing; findings necessary

Sec. 12. Whenever the Commissioner shall have reason to believe that an amendment of any marketing agreement or license is necessary, or desirable, in order to effectuate the policy of this Act, he shall call a hearing upon such amendment. Such hearing shall be held in the same manner and upon the same notice as upon an original marketing agreement or license. The notice of hearing shall refer by name and date of execution of the agreement or to the issuance of license, or both, to which the amendment is proposed. At such hearing the Commissioner shall receive and hear evidence offered for and against the proposed amendment by any interested person.

If upon such hearing upon said proposed amendment it shall be found by the Commissioner that the following facts actually exist:

1. The proposed amendment will not prevent such marketing agreement and license, or either, from meeting the requirements of Section 5 of this Act;

2. The proposed amendment will tend to facilitate the administration of such marketing agreement and license, or will enable such marketing agreement and license to better meet the requirements of Section 5 of this Act;

he shall make written findings to that effect, and shall execute such amendment to such marketing agreement, or shall issue such amendment to such license, or both. If the Commissioner shall find against the existence of any of the facts required to be present under this Section, he
shall not issue such amendment to such marketing agreement or license. Such findings, if against the existence of any such facts, shall in no way impair or affect the marketing agreement or license to which said amendment was proposed.

In considering such amendment, the Commissioner shall take into consideration the evidence presented at the original hearing on the marketing agreement, or license to which such amendment is proposed, and upon any prior amendment thereto.

No amendment to a marketing agreement or license shall be effective until approved in the same manner as required by Section 9 of this Act for the original marketing agreement or license to which such amendment was proposed.

Rules, regulations and orders of Commissioner

Sec. 13. The Commissioner may adopt and enforce all rules, regulations, and orders necessary or desirable to carry out the provisions of this Act and not inconsistent with law. Every general rule, regulation, or order of the Commissioner shall be posted for public inspection in the main office of the Commissioner at least three (3) days before it shall become effective, and shall be given such further publicity, by advertisement in a daily newspaper of general circulation in the territory affected by the issuance of such rule, regulation, or order, or otherwise as the Commissioner shall deem advisable. An order applying only to a person or persons named therein shall be served on the person or persons affected: (1) by personal delivery of a certified copy; or (2) by mailing a certified copy in a sealed envelope with postage prepaid to each natural person or in the case of a corporation in like manner to any officer of or agent thereof. The Commissioner shall upon request mail to any person affected by any general rule or regulation promulgated by him, a copy of the same and may charge a reasonable fee therefor.

Revocation or suspension of license for violation thereof; civil liability; injunction

in the name of the administrative agency under the particular license involved. The funds so collected shall be used in the administration of the particular license.

(4) The Attorney General of this State, or any District Attorney of this State or any County Attorney, may, upon his own initiative, and shall upon complaint of any person, if after investigation he believes a violation to have occurred, bring an action in the name of the State of Texas in any court of competent jurisdiction of the State of Texas for an injunction against any person violating any provisions of any marketing agreement or license or order, rule, or regulation duly made or promulgated thereunder to which he is subject or who, after due revocation of his license or while the same stands duly suspended, engages in transactions mentioned therein and regulated thereby.

(5) Any administrative agency under any marketing agreement or license may, with the approval of the Commissioner, bring an action similar to that described in paragraph (3) of this Section.

(6) In any action brought to enforce any of the provisions of this Act, as provided in this Section:

(b) Any such action may be commenced either in the county where any defendant resides, or where any act or omission or part thereof complained of occurred.

(7) The penalties and remedies herein prescribed with regard to any violation mentioned in this Section 14 shall be concurrent and neither singly nor combined shall the same be exclusive and either singly or combined the same shall be cumulative with any and all other civil, criminal, or administrative rights, remedies, forfeitures, or penalties provided or allowed by law with respect to any such violation.

Sec. 15. (1) Any assessment or fee duly fixed and levied pursuant to any such marketing agreement or license, in accordance with Section 8, paragraph (2), subdivision (e) of this Act, shall constitute a personal debt of every person so assessed and shall be immediately due and payable to the administrative agency charged with the collection thereof and the latter may in its own name, with the approval of the Commissioner, bring an action in a State Court of competent jurisdiction for the collection thereof.

(2) Any funds collected by the administrative agency from the levying of such fees and assessments shall be used for the purpose set forth in the marketing agreement or license under which it was collected. A full and complete record thereof shall be kept to which the Commissioner may have access at any time, and a report of the activities and proceedings shall be filed with the Commissioner from time to time as he may require.

Art. 5890b. Leave of absence of State or Municipal employees with pay

Section 1. There is hereby created the Texas National Guard Armory Board to be composed of five (5) members who shall serve without compensation other than their actual, necessary expenses while traveling on the business of the Board. Those three (3) individuals who are acting as members of the Texas National Guard Armory Board as created and defined by Chapter 366 of the Regular Session of the Fortieth Legislature of the State of Texas on the effective date of this Act, together with the senior active officer of the National Guard of Texas, not of the three (3) above mentioned, and the senior cavalry officer of said Guard, shall constitute the initial membership of the Board created by this Act. Of the three (3) individuals first above mentioned, the oldest shall have the initial term of six (6) years, the next oldest the four (4) year and the youngest of the three (3) the two (2) year initial term. Of the other two (2) members, the cavalry officer shall have the three (3) year term, and the other the one (1) year term. All such initial terms shall date from the date this Act becomes effective. Except as above provided, the terms of membership on said Board shall be of six (6) years' duration.

Each member of said Board shall, within fifteen (15) days from the day upon which this Act becomes effective, or from the date of his receipt of notice of his eligibility to serve to fill a vacancy, qualify by taking and filing with the Secretary of State the constitutional oath of office. Failure to qualify, expiration of the term of a member, or the occurrence of his death, resignation or ineligibility to serve, shall create a vacancy in such membership which shall be filled in the following manner: Within five (5) days after the occurrence of a vacancy the Adjutant General of Texas shall certify to the Secretary of State and to the officer concerned, the name of the senior active officer of the National Guard of Texas who is not then occupying an unexpired term as a member of said Board, together with the length of term in which the vacancy exists. The officer whose name is so certified, or those later certified as hereinafter provided, shall be eligible to fill such vacancy. In case such officer shall, for any reason, fail to qualify within a period of fifteen (15) days from the date of such certification, the said Adjutant General shall forthwith certify that fact to the Secretary of State, and shall certify to him and to the officer concerned the name of the next senior active officer of the said Guard in like manner as hereinabove provided, and so on until an officer so certified qualifies to fill the vacancy.

An active officer, within the meaning of the above provisions, shall be any regularly commissioned officer of the line of the said Guard, other than retired officers. No change in military status while a member and no
retirement of an active officer for age or length of service shall affect his eligibility to serve out his term as a member of said Board; but if he shall resign from or be separated from active service in said National Guard, otherwise than by such retirement, he shall thereby become ineligible for designation to or service on the membership of said Board.

Seniority among active officers shall, for the purposes of the provisions of this Act, be determined, first, by grade in which commissioned; second, by date of commission in grade, the earliest in date to be senior; third, if that be the same, by date of birth; fourth, if both date of commission in grade and date of birth be the same, seniority shall be determined by the Governor of Texas.

The oldest and youngest, in age, of the members of said Board shall be, respectively, Chairman and Treasurer thereof, and the persons holding such offices shall change as age may determine when changes in the membership of said Board occur.

The Board shall act by resolution adopted at a meeting thereof called and held in accordance with its by-laws or rules and regulations. Three (3) members of the Board shall constitute a quorum for the transaction of business at all meetings and any action taken by the majority of the members of the Board present at any meeting thereof shall be deemed to be the action of the Board for all purposes; but if four (4) members are present and voting, an equal vote in both affirmative and negative shall defeat the proposition.

It shall be the duty of the Board to select a place for the headquarters of said Board, and such place of headquarters may be changed, from time to time, as the majority of said Board may determine.

Sec. 2. The Board hereby created shall be and it is hereby constituted a body politic and corporate. It shall succeed to the ownership of all property of, and all lease and rental contracts entered into by, the Texas National Guard Armory Board that was created by prior statutes and all of the obligations contracted or assumed by the last mentioned Board with respect to any such property and contracts shall be the obligations of the Board created by this Act. (c) To have and use a corporate seal.

All such property, together with the rents, issues and profits thereof shall be exempt from taxation by the State of Texas or by any municipal corporation, county or other political subdivision or taxing district of this State.

(h) From time to time, to borrow money, and to issue and sell bonds, debentures and other evidences of indebtedness for the purpose of acquiring one or more building sites and buildings, and for the purpose of constructing, remodeling, repairing and equipping one or more buildings, such bonds, debentures or other evidences of indebtedness to be fully negotiable and to be secured as follows: By a pledge of, and payable solely from, the rents, issues and profits of all of the property of the Board; or by a pledge of, and payable solely from the rents, issues and profits, of the property acquired or constructed by the Board, in whole or in part, with the proceeds of the borrowing transactions. Provided, however, that interest falling due within twenty-four (24) months after the issuance and sale of any particular bonds, debentures or other evidences of indebtedness, or any series thereof, may be paid out of the proceeds of the sale thereof. Any such bonds, debentures or other evidences of indebtedness may be issued in series, and, if so issued, all series thereof issued under or secured by the same trust indenture or trust agreement, shall rank equally, without preference or priority of one series over another, whether by reason of the date of issue or negotiation thereof or date of maturity thereof or for any other reason. All such bonds, debentures or other evidences of indebtedness and the interest

All such bonds, debentures or other evidence of

In any common reservoir in this State producing both sweet and sour gas, there shall never be produced from such common reservoir for utilization in carbon black manufacture, a maximum daily volume of sour gas from such gas wells in excess of seven hundred fifty million (750,000,000) cubic feet which daily volume of sour gas from gas wells shall be prorated by the Commission among all the sour gas wells in such reservoir so as to prevent cognizable and preventable drainage of gas from tracts of land in such sour gas producing area segregated as to surface position and common ownership on which such sour gas wells are located; provided that if the daily demand for sour gas from gas wells for utilization in carbon black manufacture is less than the daily maximum allowable hereinafore permitted, the total daily volume of gas from gas wells from such sour gas area for utilization in carbon black manufacture shall be equal to such daily demand which demand shall be determined by the Commission and shall be prorated among all the sour gas wells in such area as hereinafore provided.

If a lawful daily demand exists for sour gas from gas wells for purposes of utilization permitted by existing law, other than the manufacture of carbon black, such additional demand shall be added to such daily demand for carbon black manufacture as hereinafore set forth, which sum shall constitute the daily volume of sour gas from gas wells which may be withdrawn from such common reservoir for utilization. Such daily volume shall be prorated by the Commission among the sour gas wells in such area on the basis hereinafore set forth.

It shall be unlawful for any person to produce sour gas from any sour gas well in such reservoir in excess of the daily allowable production for such gas well as fixed by the orders and schedules of the Commission. The rate of production from any sour gas well shall be deemed to be the daily average rate of production for the calendar month.
Sec. 2a. In administering the provisions of this law the Commission shall hold hearings, make determinations, and make and promulgate orders, rules and regulations as provided in Sections 12, 13, and 14 of Chapter 120,1 Acts of the 44th Legislature, Regular Session. The Commission shall otherwise have the duty to make and promulgate any rule, regulation or order it may find necessary to carry out the provisions of this law, after notice and hearing for such purpose.

1 Article 6008.

Commingling of casinghead gas with sweet or sour gas, or of sweet and sour gas, without permit prohibited; regulation of use of gases

Sec. 3. (a) In any common reservoir in this State producing both sweet and sour gas, it shall be unlawful for any person to operate a plant for the extraction of the natural gasoline content of gas in which plant casinghead gas is commingled with either sweet gas or sour gas, or both, or where sweet gas and sour gas are commingled, until such person secures from the Commission a permit authorizing the operation of such plant. It shall be the duty of the Commission to issue such permit when it shall appear that such plant is being operated, and the residue gas from same is and shall be disposed of, in accordance with the provisions of this section.

(b) Where any such plant in such common reservoir commingles casinghead gas with sweet gas or sour gas, or both, it shall not be lawful for the operator of such plant to blow, or permit to be blown, into the air any of the residue gas remaining after the gasoline content of such gas is extracted; provided, however, the operator of such plant shall be permitted to blow to the air such amount of residue gas from said plant as is determined by the Commission to be necessary in order to accomplish uninterrupted deliveries in required amounts to carbon black plants for carbon black manufacture.

(c) Where any such plant in such common reservoir commingles casinghead gas with sour gas, it shall be the duty of the Commission to ascertain the quantity of residue gas which is required to be used for fuel purposes in the efficient operation of the plant and also the quantity of residue gas which is required to be returned by the operator of such plant to the leases to which the plant is connected for use as fuel in the operation of such leases. The operator of such plant shall be required to utilize or cause to be utilized for one or more of the uses provided for sweet gas by existing law a quantity of the residue gas from such plant which is equal to the quantity of sweet gas which is taken into said plant for processing, less the extraction loss from such processing, but such operator shall not be credited with use of such residue for plant-fuel or lease-fuel operations in an amount in excess of the quantity of such residue gas found by the Commission to be necessary for the efficient operation of such plant and return to such leases for fuel for lease operations.

(d) The commingling in any such plant of casinghead gas with sweet gas or sour gas, or both, or of sweet gas with sour gas, except upon the conditions and requirements set forth in Section 3 of this Act,1 is hereby declared to be unlawful. Whenever it shall be made to appear to the Commission that any such plant is operating in violation of any of the provisions of this section, it shall be the duty of the Commission to cancel the permit so issued to such plant, and it shall thereafter be unlawful for the operator of such plant to commingle either casinghead gas with sweet gas or sour gas or to commingle sweet gas and sour
gas in any such plant for the purpose of extracting the natural gasoline content thereof.

Hearings by Commission; notice; inspection of books and records; sworn reports

Sec. 4. From time to time the Commission shall hold hearings, after notice to interested operators, for the purpose of hearing evidence, and to promulgate rules, regulations and orders to enforce the provisions of this law. In addition to the authority given by existing law, the Commission or its agents shall have the right to inspect the books and records of any person who is affected by the provisions hereof and to require sworn reports to be filed, such sworn reports to be filed from time to time as the Commission may find necessary. All rules, regulations and orders promulgated by the Commission under the terms of this law shall be deemed prima facie valid.

Penalty; injunction and prohibition

Sec. 5. Any person violating any of the provisions of this Act shall be liable to a penalty not to exceed One Thousand ($1,000.00) Dollars for each offense and each day's violation shall constitute a separate offense. Such penalty may be recovered by the State of Texas, with costs of suit, in a civil action instituted by the Attorney General in Travis County or in the county where the violation occurred. Any and all violations, and threatened violations, of this Act may be enjoined by any court of competent jurisdiction in which suit for penalty may be brought, and in such cases the court shall issue such writs or injunction, prohibitory or mandatory, as the facts justify.

Appeals to courts

Sec. 6. Any person affected thereby may sue to test the validity of any rule, regulation or order promulgated by the Commission under this Act in the same manner, upon the same conditions, and to the same court or courts, as prescribed for suits testing the validity of rules, regulations and orders of the Commission promulgated under the general oil conservation statutes of this State.

Repeal of conflicting laws; provisions cumulative

Sec. 7. All laws or parts of laws in conflict with any of the provisions of this Act are hereby repealed; but where same are not in conflict the provisions of this Act shall be cumulative of existing laws.

Partial invalidity

Sec. 8. If any clause, sentence, provision or section of this Act should for any reason be held to be invalid or unconstitutional, it shall not affect in anywise the remaining parts of this Act and such remaining parts shall remain in full force and effect. Acts 1937, 45th Leg., p. 746, ch. 367.

**Art. 6053. Regulation of utilities**

The Commission after due notice shall fix and establish and enforce the adequate and reasonable price of gas and fair and reasonable rates of charges and regulations for transporting, producing, distributing, buying, selling, and delivering gas by such pipe lines in this State; and shall establish fair and equitable rules and regulations for the full control and supervision of said gas pipe lines and all their holdings pertaining to the gas business in all their relations to the public, as the Commission may from time to time deem proper; and establish a fair and equitable division of the proceeds of the sale of gas between the companies transporting or producing the gas and the companies distributing or selling it; and prescribe and enforce rules and regulations for the government and control of such pipe lines in respect to their gas pipe lines and producing, receiving, transporting, and distributing facilities; and regulate and apportion the supply of gas between towns, cities, and corporations, and when the supply of gas controlled by any gas pipe line shall be inadequate, the Commission shall prescribe fair and reasonable rules and regulations requiring such gas pipe lines to augment their supply of gas, when in the judgment of the Commission it is practicable to do so; and it shall exercise its power, whether upon its own motion or upon petition by any person, corporation, municipal corporation, county, or Commissioners precinct showing a substantial interest in the subject, or upon petition of the Attorney General, or of any County or District Attorney in any county wherein such business or any part thereof may be carried on. **Art. 6053a. Investigation and regulation of use of malodorants**

Sec. 2. In addition to the duties and powers of the Commission hereinabove set forth, it is empowered and it shall be its duty to investigate the use of malodorants by persons, firms, or corporations engaged in the business of handling, storing, selling, or distributing natural and liquefied petroleum gases, including butane and other odorless gases, for private or commercial uses, or supplying the same by pipe lines or otherwise, to any public building or buildings, or to the general public, and the Commission is empowered to require such persons, firms, or corporations to odorize such gas by the use of a malodorant agent of such character as to indicate by a distinctive odor the presence of gas; such malodorant agent so required to be used, however, shall be nontoxic and non-corrosive and not harmful to leather diaphragms in gas equipment, the method of its use and containers and equipment to be
used in connection therewith to be under the direction of and as approved by the Railroad Commission of Texas; the Commission having full power and authority to prescribe such rules and regulations as in its wisdom may be deemed necessary to carry out the purposes of this Act. Nothing herein contained shall apply to gas transported out of the State of Texas.

**Equipment for storing and dispensing liquefied petroleum gases**

Sec. 2a. After the effective date of this Act all containers and pertinent equipment installed for use in this State for the storage and dispensing of liquefied petroleum gases for the purpose of providing gas for industrial, commercial, and domestic uses, shall be designed, constructed, equipped, and installed as specified under the published regulations of the National Board of Fire Underwriters for the design, installation, and construction of containers and pertinent equipment for the storage and handling of liquefied petroleum gases as recommended by the National Fire Protection Association effective July, 1937, a copy of said regulations known as National Board of Fire Underwriters Pamphlet No. 58 being on file with the Gas Utilities Division of the Railroad Commission of Texas. All containers for the transportation of liquefied petroleum gases over the highways of this State, shall be designed, constructed, and operated in accordance with the published regulations for the design, construction, and operation of automobile tank trucks and tank trailers for the transportation of liquefied petroleum gases as adopted by the National Board of Fire Underwriters and the National Fire Protection Association in the year 1935, and as amended in 1937, a copy of which regulations are on file with the Gas Utilities Division of the Railroad Commission of Texas.

In the manner provided in Section 4 of this Act, the Railroad Commission of Texas shall have full power and authority to adopt and promulgate such rules and regulations as may be hereafter adopted and published by the National Board of Fire Underwriters and/or the National Fire Protection Association for the design, installation, construction, and operation of containers and equipment used in connection with the storage, handling, and dispensing of liquefied petroleum gases. Containers subject to the regulations of the Interstate Commerce Commission and containers which are owned or used by the Government of the United States of America are excepted from the provisions of this Section. Provided, however, that nothing herein shall be construed to alter, modify, or amend the Motor Carriers Law of the State of Texas. The Department of Public Safety of the State of Texas shall cooperate with the Railroad Commission of Texas in the enforcement of the provisions of this Act.

**License to manufacture, sell, or install apparatus; license to handle or transport liquefied petroleum gas; Railroad Commission's powers**

Sec. 2b. (1) No person, firm or corporation shall, after the effective date of this Act, engage in this State in the manufacture and/or assembly, sale or installation of any apparatus to be used in this State for the storage and/or dispensing of liquefied petroleum gas or to be used for any of the purposes enumerated in Section 2a hereof, or engage in the handling and/or transportation of liquefied petroleum gas over the highways of this State for use in any such apparatus, without having first obtained from the Railroad Commission of Texas, under the provision of this Act a license so to do. Applications for such licenses
shall be in writing and shall contain such information as the Commission shall prescribe.

(2) For the purpose of defraying the expenses of administering this Act, each person, firm, association, corporation, or manufacturer engaged in the manufacture and/or assembly and sale of any apparatus to be used for the storage and/or dispensing of liquefied petroleum gas, or engaged in the business of transporting or dispensing liquefied petroleum gas, and/or the sale and/or installation of any apparatus for the storage and/or dispensing of liquefied petroleum gas, shall at the time of issuance of such license, and annually thereafter on or between September 1st and September 15th of each calendar year pay to the Railroad Commission a special fee of Twenty-five Dollars ($25). If the license here provided for is issued after the month of September of any year, the fee shall be prorated to the remaining portion of the year to August 31st following, but in no case less than one-fourth of the annual fee.

(3) No license shall be issued to any person, firm, association, corporation or manufacturer engaged in the manufacture and/or assembly and sale of any apparatus to be used for the storage and/or dispensing of liquefied petroleum gas, or engaged in the business of transporting or dispensing liquefied petroleum gas, and/or the sale and/or installation of any apparatus to be used in this State for the storage and/or dispensing of liquefied petroleum gas unless such licensee shall first file with the Commission a bond in the sum of Two Thousand Dollars ($2,000) with two (2) or more good and sufficient sureties, which bond shall be approved by the County Clerk of the county of the residence of such licensee, certifying that the sureties thereon are solvent and own property in excess of the exemptions allowed by the Constitution and laws of this State, subject to execution for more than the face amount of said bond; all such bonds shall provide that the obligor therein will pay, to the extent of the face amount thereof, all judgments which may be recovered against such licensee, based on claims for loss or damages for personal injury or loss of or injury to property occurring during the term of such bond and proximately caused by any violation, by said licensee, of the terms of this Act or any orders or rules promulgated by the Commission as authorized by this Act. Should the Commission determine that for any reason any such bond has been impaired to the extent of fifty (50) per cent of the penal sum named therein or the sureties thereon have become insolvent, the Commission may, by written notice, demand the filing of a new bond. Failure to submit a new bond to the Commission within twenty (20) days after the issuance of such notice shall ipso facto forfeit and cancel the license theretofore issued to any such licensee.

(4) The Commission shall have the power and authority, and it shall be its duty, to cancel the license of any licensee if it shall appear to the Commission, upon hearing as herein provided that such licensee has violated or failed to comply with any provision of this Act.

(5) Upon receipt of written complaint, in such form as it may prescribe, from one of its own authorized representatives stating that a licensee hereunder has violated or failed to comply with any of the provisions of this Act, the Commission is authorized and empowered and its duty shall be to hold a hearing under the provisions of this Act, and under such rules and regulations not inconsistent therewith as the Commission may prescribe, to consider such complaint. (6) Notice of any hearing, and of the time and place thereof shall be given by registered mail not less than ten (10) days exclusive of the day of mailing before such hearing addressed to all parties whom the Commission may deem to be interested in the subject matter of such hearing. Any licensee against whom a complaint has been filed shall be notified of the hearing on such complaint as herein provided, and shall have the right to appear at such hearing, file answer, introduce evidence, and be heard both in person and by counsel.

(7) At the conclusion of any hearing held to consider a complaint filed against any licensee hereunder, the Commission shall enter its findings and judgment in writing, and the same shall be recorded in a permanent record to be kept by the Commission, and a copy thereof shall be furnished to the licensee complained against. Any licensee whose license is cancelled or suspended by the Commission, may within thirty (30) days after such cancellation or suspension, and not thereafter, file an action for reinstatement against the Commission in the District Court of the county of the residence of the licensee. If any licensee whose license has been cancelled or suspended by the Commission shall, within ten (10) days after the receipt of information of such cancellation or suspension, give notice in writing to the Commission of his intention to file such suit, the action of the Commission in suspending or cancelling such license shall be suspended for a period of thirty (30) days, but unless suit shall be filed within such time, the action of the Commission shall be final. If suit shall be filed against the Commission to reinstate such license within such time, the action of the Commission shall remain suspended until the validity of the license in question shall be determined by the Court in said suit.

(8) All fees received by the State from licenses issued under this Act shall be made available to the Railroad Commission for use in paying the legitimate expenses incurred in administering and enforcing the provisions of this Act, and for no other purpose; provided, however, that any excess funds remaining at the end of each two-year period shall go to the General Fund.

Penalty: suit for collection

Sec. 3. The failure of any person or persons, firm or corporation, municipal or otherwise, or any association engaged in manufacturing, distributing, storing, or handling such gases in this State, or manufacturing, selling, installing, using, fueling, or refueling such containers and pertinent equipment as set out in this Act, within sixty (60) days after the receipt of any order of the Commission, to comply fully with this Act or any such order, rule, or regulation, shall be a violation of this Act, subjecting such person, or persons, and the officers and executives of such named concerns to a penalty of One Thousand Dollars ($1,000) for each day that they shall fail to comply with such Act; and the Attorney General is empowered to bring suit for the collection of the same in the District Court of Travis County.

Sec. 4. Before the adoption or promulgation of any orders, rules, and regulations affecting the liquefied petroleum gas industry under the terms and provisions of this Act, the Railroad Commission shall give ten (10) days notice to all licensees embraced within this Act, by mailing to such licensees a copy of the orders, rules and regulations which the Commission proposes to adopt and promulgate, which notice shall state the time and place when the Railroad Commission will hear and consider any objections to any such orders, rules and regulations, and any person, firm or corporation affected by such orders, rules and regulations shall have the right to file written objections thereto and be heard in person or by counsel, and after such hearing the Railroad Commission shall, in its discretion, adopt and promulgate any such orders, rules and regulations as published in such notice, or shall make such amendments and modifications thereof as the Railroad Commission shall deem just and equitable, and if, as and when any such orders, rules and regulations are finally adopted, the Railroad Commission shall, within ten (10) days thereafter, cause the same to be published in at least three (3) newspapers of general circulation throughout the State, and a copy thereof to be mailed to each licensee hereunder.

Powers of Railroad Commission not enlarged except as specifically provided; partial invalidity

Sec. 5. Nothing herein contained in this Act shall ever be construed as enlarging or changing the powers and jurisdiction heretofore delegated to the Railroad Commission by the Acts of 1920, Thirty-sixth Legislature, Third Called Session, Chapter 14, except as herein specifically provided in Section 2a, 2b, and Section 4.

If any clause, provision, section or part of this Act shall be adjudged by any Court of competent jurisdiction to be invalid such judgment shall not invalidate any other term or provision hereof and the Legislature hereby declares its intention to reenact each and every clause, requirement, provision and part hereof independently of any such part so invalidated. Acts 1937, 45th Leg., p. 737, ch. 364, as amended Acts 1939, 46th Leg., p. 501, § 1.

In making the findings the Board may change any percentages stipulated in any section or subsection of this bill, by reducing the same, which change shall be determined according to the per cent and degree of incapacity, taking into account, among other things, the length of time the applicant has been a member of the Pension Fund. If any person receiving relief under the provisions of this bill, after due notice, fails to appear and undergo such examination, the Board may reduce or entirely discontinue such relief. [As amended Acts 1936, 44th Leg., 3rd C.S., p. 2109, ch. 510, § 5.]

Sec. 9. In the case of the death before or after retirement of any member of the fire department, police department, or fire alarm operators' department of any city or town resulting from disease contracted or injury received while in the line of duty or from any other cause through no fault of his own and who at the time of his death or retirement was a contributor to said Fund, leaving a widow and no children, the widow shall be entitled to receive monthly from said Fund an amount not exceeding one-third of such monthly wage received by such member immediately preceding his retirement, and, if not retired before death, one-third of such monthly wages received by such member immediately preceding his death; and, if at the time of the death of such contributor, under the circumstances and conditions hereinabove set forth, such contributor leaves a child or children under sixteen (16) years of age and the wife of such contributor is dead or divorced from such contributor, the child or children under sixteen (16) years of age shall be entitled to receive monthly from said Fund an amount not exceeding one-third of such monthly wage received by such member immediately preceding his retirement, and, if not retired before death, one-third of such monthly wage received by such member immediately preceding his death, said sum so paid to be equally divided among said children under sixteen (16) years of age, if more than one; and if at the time of the death of such contributor, under the conditions hereinabove set forth, such contributor leaves a widow and a child or children under sixteen (16) years of age, the widow shall be entitled to receive monthly from said Fund (for the joint benefit of herself and such child or children) an amount not exceeding one-half of the monthly wage received by such member immediately preceding his retirement, and if not retired before death, one-half of such monthly wage received by such member immediately preceding his death, said payments to be made until such child or all of said children, if more than one, as the case may be, shall reach sixteen (16) years of age, and after said child or all of said children, as the case may be, have reached the age of sixteen (16) years, then the widow shall be entitled to receive monthly from said Fund (for her benefit) an amount not exceeding one-third of the monthly wage received by such member immediately preceding his retirement, and if not retired before death, one-third of such monthly wage received by such member immediately preceding his death. In no case shall the amount paid to any one family exceed monthly the amount of one-half of the monthly wage earned by the deceased immediately prior to the time of his retirement, or, if not retired, prior to the time of his death. On the remarriage of any widow, such pension paid to her for her benefit shall cease and in the event that there are child or children under sixteen (16) years of age at the time of said remarriage, one-third of the monthly wage received by such member immediately preceding his retirement, and if not retired before death, immediately preceding his death, shall be paid monthly to the widow for the sole benefit of the child or children under the age of sixteen (16) years; provided, however, that the Pension Board, if it finds that said payments to the widow are not being used for the benefit of said child or children, may order said monthly benefits paid to said child or children instead of to said widow who has remarried. Where there is more than one child of such contributor, the benefits herein provided for shall be equally divided among the children, and upon the marriage or death of any child receiving such pension, or upon any child receiving such pension reaching sixteen (16) years of age, such pension payment for
the benefit of said child shall cease, and if there remains a child or children under sixteen (16) years of age, the share of said child so married or dead or reaching sixteen (16) years of age, shall be paid for the benefit of the remaining child or children under sixteen (16) years of age. In the event that a contributor leaves a widow and child or children under sixteen (16) years of age who are not the children of said widow, the Pension Board may, in its discretion, either pay monthly to the widow for the benefit of herself and said child or children, an amount not exceeding one-half of the monthly wage received by such member immediately preceding his retirement, or immediately preceding his death, if not retired before death, as hereinabove provided, or said Board may order one-fourth of said monthly wage received by such member paid to the widow and one-fourth of said monthly wage paid to said child or children. No widow or child of any such member resulting from any marriage contracted subsequent to the date of retirement of said member shall be entitled to a pension under this law; provided, however, that the provisions of this Section shall not be construed so as to change any pension now being paid any pensioner under the provisions of Chapter 101, of the General and Special Laws of the Forty-third Legislature, First Called Session, and as amended by Chapter 346 of the General and Special Laws of the Regular Session of the Forty-fourth Legislature. As amended Acts 1937, 45th Leg., p. 616, ch. 308, § 1.

After a separation has been voted and approved, as above provided, the Board of Trustees shall apportion the existing Firemen, Policemen, and Fire Alarm Operators' Pension Fund between the two (2) Funds on the basis of contributions made by the members of the respective Departments and donations or payments to said Departments, and thereafter all payments to members or their beneficiaries of benefits, now accrued or hereafter accruing, shall be made from the Fund of their Department. Where a separation of funds is had, as hereinafore provided, the governing body of any city or town whose voters have authorized the payment of funds from the public treasury into the Firemen, Policemen, and Fire Alarm Operators' Pension Fund, is hereby authorized to pay to the Board of Trustees of the Firemen, Policemen, and Fire Alarm Operators' Pension Fund, for the use of the Pension Fund of each division above provided for, sums not to exceed in total the amount voted by the people to be paid into the single fund. As added Acts 1937, 45th Leg., p. 1335, ch. 495, § 1.

Validation of proceedings for separation of pension funds

Sec. 17. All Acts and proceedings had and done by the governing body and Board of Trustees of the Pension Fund of any such city or town, subject to the above provisions, in creating, establishing, maintaining, and administering separate Pension Funds for Firemen, including Fire Alarm Operators and Policemen, are hereby legalized, approved, and validated, as well as the division by said governing body and Board of Trustees of any public funds voted by the voters of said city or town for the Firemen, Policemen, and Fire Alarm Operators' Pension Fund between said two (2) Funds, and said governing body and Board of Trustees shall continue the separate maintenance and administration of said Funds in the manner hereinabove provided. [As added Acts 1937, 45th Leg., p. 1335, ch. 495, § 2.]

Art. 6243d—1. Policemen's relief and retirement fund

Section 1. There is hereby created in all incorporated cities in this State having a population of two hundred and ninety thousand (290,000), or more, according to the preceding Federal Census, a fund to be known as the policemen's relief and retirement fund. Said fund shall be administered in each such city by a board to be known as the policemen's relief and retirement board.

The expression "pension fund," as used herein, shall mean the policemen's relief and retirement fund. The expression "pension board," as used in this Act, means the policemen's relief and retirement board of each such city. All members of the police department of any such city shall participate in said pension fund, and shall be subject to all of the provisions of this Act, save and except special officers, part-time officers, janitors, car washers, and cooks. With the exceptions just named, it is the intention hereof to include everyone who is designated by any such city as a member of said police department; regardless of
the particular duty or duties performed by such person. The expressions "member" and "members," as used in this Act, mean members of any such police department who are entitled to participate in said pension fund as above set forth, that is, the entire personnel of any such police department, save and except special officers, part-time officers, janitors, car washers, and cooks, in each city.

Pension board

Sec. 2. Said pension board in each such city shall consist of one person to be appointed by the mayor and confirmed by the city council or governing body of such city, the city controller, or, if there be no city controller, then the person discharging the duties of the city controller in such city, and three (3) persons to be elected from the police department by the members. As soon as practicable after the effective date of this Act, said members of each such police department shall elect said three (3) members of said pension board, one to be elected until the next succeeding January 1st thereafter, and two (2) to be elected until the second January 1st following such election, and thereafter, as the terms expire, new members to said pension board shall be similarly elected to hold office until the second January 1st following their respective elections. In case of vacancies, new members shall be elected to serve the unexpired term. All persons elected to said pension board shall hold office until their successors are elected and qualified. Any member shall be eligible to election to said pension board.

Said pension board shall annually elect a chairman, vice-chairman, and a secretary, from the members of said pension board. Each one so elected, shall serve until his successor is elected.

A meeting of said pension board may be called at any time by the chairman, secretary, or by any two (2) members of such pension board: Three (3) members of said pension board shall constitute a quorum for the transaction of business.

Each member of said pension board shall take an oath that he will well and faithfully perform the duties of a member of such pension board.

No moneys shall be paid out of the pension fund except upon an order by said pension board, duly entered in the minutes.

Treasurer of pension fund

Sec. 3. The city treasurer of any such city, or the person discharging the duties of the city treasurer, is hereby designated as the treasurer of the said pension fund for said city, and his official bond to said city shall operate to cover his position of treasurer of said pension fund. All moneys of every kind and character collected or to be collected for said fund, shall be paid over to said treasurer, and shall be administered and paid out only in accordance with the provisions of this Act.

Per capita contributions

Sec. 4. Commencing with the next calendar month, immediately following the effective date of this Act, per capita contributions of all such members of each such police department as participate in such fund, as aforesaid, shall be made to said fund. Said monthly per capita contribution shall be made as follows: The salary and future salary of each member participating in such fund is hereby reduced Three Dollars ($3) per month, but said Three Dollars ($3) per month shall be paid by such city into the said pension fund. No other money paid into said pension fund, however, shall be counted as a part of salary, under any law or
ordnance fixing or pertaining to salaries of members, of any such police department.

Accumulated funds

Sec. 5. In all such cities where a general pension fund for city employees has been accumulated but has not been put into operation at the effective date of this Act, the governing body of each such city shall segregate from said fund, the proportion which the total number of members of the police department (eligible to said pension fund) bears to the entire number of all city employees, for whose benefit said fund was accumulated, and shall set aside such sum into the policemen's relief and retirement fund.

Assignments of salary to fund

Sec. 6. Any members who have or may have any back or past due salary due them, from any such city, may assign all or any portion of such back salary to said pension fund, and such assignments as have or may hereafter be executed by any such members, are hereby validated and shall be recognized by the governing body of any such city, and such sums, if any, shall be paid into the said pension fund.

Appropriations to fund out of general funds of city

Sec. 7. Any such city may make additional appropriations from time to time out of its general fund, or otherwise, into the said pension fund, and hereafter when any such city shall make any appropriations for pensions of city employees or place any money into any such account, the proportionate amount thereof shall be placed in the policemen's relief and retirement fund. Said pension fund may also be augmented as follows: By the giving of entertainments and benefit performances; by gifts or donations from any person, firm, or corporation; all rewards hereafter paid to or due individual members for, or on account of service rendered by them as members of the police department, shall be paid into such fund; and said pension fund shall also participate in funds otherwise provided or that shall hereafter be provided by law pertaining to police pensions of cities of the class herein provided for.

Investment of surplus funds

Sec. 8. Whenever, in the opinion of the said pension board, there is on hand in said pension fund, a surplus over and above a reasonably safe amount to take care of current demands upon such funds, such surplus, or so much thereof as in the judgment of the said pension board is deemed proper, may be invested in securities of the United States, the State of Texas, or of counties, school districts, or municipal corporations. No investment shall be made, however, which does not meet with the approval of the city controller, if any, of such city.

Benefits to begin not prior to January 1, 1942

Sec. 9. No benefits of any kind shall be paid out of said fund prior to January 1, 1942.

Pension rates

Sec. 10. From and after January 1, 1942, any member who shall have been a member of such police department for the period of twenty-five (25) years, and who shall have reached the age of fifty (50) years, shall be entitled to a retirement pension of Seventy-five Dollars ($75) per month for the rest of his life upon his retirement from said police department. Upon the completion of the said twenty-five (25) years of
service, such pension board shall issue to him a certificate showing that he is entitled to said retirement pension, and thereafter, when such member retires from the police department, whether such retirement be voluntary or involuntary, such monthly payments shall forthwith begin, and continue for the remainder of said member's life. Provided, however, that payments shall not commence until such member is fifty (50) years of age, and further provided that members who are eligible for a pension but who continue in the department shall make their per capita contributions until they retire from the department.

In computing the twenty-five (25) years service required for retirement pension, interruption of less than one year out of service, shall be construed as continuous service and such period out of service shall not be deducted from the twenty-five (25) years, but if out for more than one year and less than five (5) years, credit shall be given for prior service, but deduction made for the length of time out of service. If out of service more than five (5) years, no previous service prior to said time shall be counted.

Service with any such city in some other department, prior to January 1, 1939, shall be included in the twenty-five (25) years above provided for, but service after January 1, 1939, must be in the police department. The pension board may, within its discretion, provide for the payment of such retirement pension to a former member or members of the police department who have heretofore served for the twenty-five-year period and who have reached the age of fifty (50) years, and it is the intention hereof to include in the group of former members those who have heretofore been retired by any such city and who are drawing partial pay or compensation from such city.

Disability resulting from performance of duty

Sec. 11. If any member shall become totally or permanently disabled as a direct and proximate result of the performance of duties in the police department, said member shall be retired on a pension of Seventy-five Dollars ($75) per month.

By total and permanent disability is meant such disability as permanently incapacitates a member from performing the usual and customary duties of a police officer.

Before any retirement on disability pension is made, the pension board shall require such medical examination and such other evidence as it may see fit to establish such total and permanent disability, as above provided.

When any member has been retired for total and permanent disability, he shall be subject at all times to re-examination by the pension board and shall submit himself to such further examination as the pension board may require. If any member shall refuse to submit himself to any such examination, the pension board may within its discretion, order said payment stopped. If a member who has been retired under the provision of this Section, should thereafter recover so that in the opinion of the pension board, he is able to perform the usual and customary duties of a police officer, and such member is reinstated or tendered reinstatement in the police department, then the pension board shall order such payments stopped.

Said pension board may, at its discretion, retire on said permanent and total disability pension, those members of said police department who have heretofore become totally and permanently disabled, as that term is above defined.
Sec. 12. 3. OLD AGE ASSISTANCE

Art. 6243—2. Purpose

It is hereby declared to be the intention and purpose of the Legislature by and through the enactment of this Act to provide, in part, for the payment of old age assistance benefits, by raising revenues for such purpose and by delimiting the class of persons who shall be eligible for old age assistance benefits. It is recognized by the Legislature that it is impracticable to pay benefits to persons over sixty-five (65) years of age, except those who are in necessitous circumstances; in order that the needy aged may be cared for, it is necessary that the State have funds on hand to meet the accruing obligations therefor. In order to accomplish this purpose, the Legislature declares that it is necessary to accomplish two incidental objectives, namely: (1) the number of persons receiving old age assistance benefits must be decreased, and (2) in addition, more revenues must be provided for the purposes of paying such benefits. The accomplishment of this object is the purpose of this Act. [Acts 1936, 44th Leg., 3rd C.S., p. 2040, ch. 495, Art. 1, § 1.]

Art. 6243—3. Persons entitled to assistance

Subject to the provisions of this Act, needy persons residing in Texas over the age of sixty-five (65) years who are in necessitous circumstances shall be entitled to financial assistance from the State of Texas. [Acts 1936, 44th Leg., 3rd C.S., p. 2040, ch. 495, Art. 2, § 1.]

Art. 6243—4. State Board of Control, as Texas Old Age Assistance Commission; compensation; expenses

In addition to the duties now imposed by law, the State Board of Control is hereby charged with the duty of administering this Act, and, for the purpose of administering the provisions of this Act, the State Board of Control shall be known as and shall constitute the Texas Old Age Assistance Commission. Whenever the word “Commission” is used in this Act, it shall mean the Texas Old Age Assistance Commission, which shall be composed of the members of the Board of Control. As members of the Texas Old Age Assistance Commission each member of the Board of Control shall be compensated, in addition to the compensation they now receive by law, on the basis of One Thousand Two Hundred Dollars ($1,200) per year, which shall be paid in equal monthly installments out of the Old Age Assistance Fund herein created. The members of the Commission shall be entitled to all reasonable and necessary expenses incurred in the discharge of official duties, such allowance, however, not to exceed the sum fixed by law for other State officials in the discharge of similar duties. [Acts 1936, 44th Leg., 3rd C.S., p. 2040, ch. 495, Art. 2, § 2.]

Art. 6243—5. Qualifications for assistance

The Commission may grant financial aid to any needy person who
(a) Has attained the age of sixty-five (65) years;

(c) Has resided in the State of Texas for five (5) years or more within the last nine (9) years preceding the date of his application for as-
sistance, and has resided in the State of Texas continuously for one (1) year immediately preceding the application. The terms “residence”, “re-
siding” and “resided” as used in this Act shall denote actual physical
presence within this State, as distinguished from the word “domicile”
and the word “residence” as used in their broader meaning.

(d) Is not at the time of receiving such aid an inmate of any public
or private home for the aged, or any public or private institution of a
custodial, correctional, or curative character; provided, however, that
aid may be granted to persons temporarily confined in private institu-
tions for medical or surgical care;

for the purpose of qualifying for such aid;

(f) Is not an habitual criminal or an habitual drunkard. Acts 1936,
44th Leg., 3rd C.S., p. 2040, ch. 495, Art. 2, § 3, as amended Acts 1939,
46th Leg., p. 541, § 1.

Effective June 2, 1939.

applicant and aid to said applicant shall not be denied or reduced or his
need minimized in any way on account of said life insurance policy or

TITLE 112—RAILROADS

CHAPTER ELEVEN—RAILROAD COMMISSION OF TEXAS

Art. 6472b. Depositions in matters pending before Transportation Division of Commission [New].

Art. 6472b. Depositions in matters pending before Transportation Division of Commission

Section 1. In all matters pending for hearing before the Motor Transportation Division of the Railroad Commission of Texas, the applicant or any party at interest (as hereinafter defined) shall have the right to produce the testimony of witnesses by written deposition instead of compelling personal attendance by such witnesses. For this purpose, the Secretary of the Railroad Commission is hereby empowered and authorized to issue commission and other process necessary for the purpose of taking such deposition; provided, however, the failure to secure the personal attendance of a witness shall not be deemed a want of diligence.

Notice; cross interrogatories; issuance of commission

Sec. 2. The party desiring to take the written depositions pertaining to any cause pending before the Motor Transportation Division of the
Railroad Commission shall file with the Secretary of the Commission a notice of his intention to apply for a commission to take such depositions, and a copy of such written interrogatories shall be attached to such notice. The notice shall state the name and residence of the witness, or the place where he is to be found, and the application and the docket number in which the interrogatories are to be used, and a copy of such notice and the attached interrogatory shall be served upon each party at interest, or his attorney of record, or attorney in fact, at least five (5) days before the issuance of a commission. Any party at interest desiring to file cross interrogatories shall cause the same to be filed with the Secretary of the Commission on or before the date for the issuance of such commission. Such service may be had by leaving, during office hours, a copy of the notice and the attached interrogatories at the principal office in this State of each party at interest, as the records of the Commission reflect the location and address of such principal offices. Five (5) days after the service of the notice of filing the interrogatories has been completed, the Secretary of the Commission shall issue a commission to take the depositions of the witness or witnesses named in the notice. More than one witness residing in the same county may be included in the same commission.

**Commission, style and form of**

Sec. 3. The style of the commission shall be "The State of Texas". It shall be dated and attested as other processes, and addressed to such officer authorized under Article 3647, Revised Civil Statutes of Texas, 1925, to execute such commission, and shall authorize or require them or either of them to summon the witnesses before him forthwith to take his answers under oath to the written direct and cross interrogatories propounded to him in writing by the respective parties, or their attorneys of record in said cause. Such Commission shall authorize the officers before whom the depositions are being taken, to require such witness or witnesses to remain in attendance from day to day until such written depositions have been completed.

**Provisions cumulative; exception**

Sec. 4. The provisions of this Act are not intended to repeal but to be cumulative of the Articles of the Revised Civil Statutes of Texas, 1925, relating to the procedure for taking depositions of witnesses by written direct and cross interrogatories, except as may be otherwise provided herein; provided, however, that the provisions of Articles 6472 and 6472a, Revised Civil Statutes, of Texas, 1925, shall not be applicable to proceedings before the Motor Transportation Division of the Railroad Commission of Texas.

**"Party at interest," defined**

Sec. 5. The term "party at interest" means any railroad or other common carrier lawfully operating under the jurisdiction of the Railroad Commission of Texas and/or the Interstate Commerce Commission directly through or into any incorporated city or town situated on the route covered by the application in which such written interrogatories are to be taken.

**Carrier to designate attorney in fact for service in taking depositions; effect of failure to designate; request for names and addresses of parties at interest**

Sec. 6. It shall be the duty of all common carriers for hire operating within this State to file with the Motor Transportation Division of the
Railroad Commission the name and address of an attorney in fact upon whom service may be had in taking depositions. Failure of such carrier to file such designation with the Railroad Commission within a reasonable time after the effective date of this Act shall make it unnecessary to give such party notice of intention to take such deposition. Any person desiring to take depositions as herein provided shall file a written request with the Railroad Commission for the names and addresses of all "parties at interest" affected by the application in question, and the name and address of the attorney in fact of the respective parties at interest upon whom service may be had, and the party taking such deposition shall have the right to rely upon the accuracy of such list of parties at interest. Acts 1937, 45th Leg., p. 503, ch. 254.

Effective May 2, 1937.

"WHEREAS, The Federal Government appropriates certain funds for the improvement of secondary or feeder roads and for the elimination of hazards to life at railroad grade crossings; and

"WHEREAS, It is necessary, in order to obtain certain of these funds, that the State furnish an equal amount of State funds, as required by the Federal Highway Act of 1921, as amended and supplemented; and

"WHEREAS, Said Federal funds are a direct grant and are greatly needed for improvement of such roads and for relief of the unemployed in this State, and the State Highway Commission is desirous of utilizing said Federal funds to the fullest extent for the improvement of said roads; now, therefore,"

Title of Act:

An Act to authorize the State Highway Department, in conjunction with the Bureau of Public Roads, to expend, from and after the effective date of this Act, upon roads not a part of the system of State highways, funds appropriated by the Congress of the United States and allocated by the Secretary of Agriculture of the United States to the State Highway Department for expenditure on such roads; to permit such funds to be matched or supplemented from the State Highway Fund; expressly repealing all laws or parts of laws in conflict herewith to the extent of such conflict, but said laws are not otherwise repealed; and declaring an emergency. Acts 1939, 46th Leg., p. 579.

[Art. 6674q—1. State assumption of county and road district highway bonds]

It is expressly recognized and declared that all highways now or heretofore constituting a part of the System of State Highways and that all roads not constituting a part of such System, which have been constructed in whole or in part from the proceeds of bonds, warrants or other evidence of indebtedness issued by counties of the State of Texas, or by defined road districts of the State of Texas, under the laws authorizing the same, have been and are and will continue to be beneficial to the State of Texas at large, and have contributed to the general welfare, settlement and development of the entire State, and that, by reason of the foregoing, a heavy and undue burden was placed, and still rests, upon the counties and defined road districts and their inhabitants, and both a legal and moral obligation rests upon the State to compensate and reimburse such counties and defined road districts which, as aforesaid, have performed functions resting upon the State, and have paid expenses which were and are properly State expenses, all for the use and benefit of the State, and to the extent provided herein that the State provide funds for the further construction of roads not designated as a part of the State Highway System.

Having heretofore, by an Act of the Legislature (Chapter 13, Acts of the Third Called Session of the Forty-second Legislature in 1932) taken over, acquired and purchased the interest and equities of the various counties and defined road districts in and to the highways constituting a part of the System of then designated State Highways, it is further declared to be the policy of the State to take over, acquire, purchase and retain, the interest and equities of the various counties and
defined road districts in and to the highways, not previously taken over, acquired and purchased and constituting on January 2, 1939, a part of the System of designated State Highways, and to acquire and purchase the interest and equities of the various counties and defined road districts in and to the roads not constituting a part of the System of the designated State Highways as of January 2, 1939, and under the provisions of this Act to acquire such interest and equities in such roads hereafter to be constructed with money furnished by the State, and to reimburse said counties and districts therefor, and to provide for the acquisition, establishment, construction, extension and development of the System of designated State Highways of Texas, from some source of income other than the revenues derived from ad valorem taxes, it being expressly provided herein that the State is not assuming, and has not assumed, any obligation for the construction, extension and development of any of the highways thus acquired and purchased which do not constitute a part of the System of designated State Highways. And it is hereby determined that the further provisions of this Act constitute fair, just and equitable compensation, repayment and reimbursement to said counties and defined districts and for their aid and assistance to the State in the construction of State Highways and for the construction of said roads which are ancillary to but do not constitute a part of said System of State Highways, and fully discharges the legally implied obligations of the State to compensate, repay and reimburse the agencies of the State for expenses incurred at the instance and solicitation of the State, as well as for expenses incurred for the benefit of the State, and fully discharges the State's legally implied obligation to such counties and defined road districts to provide additional funds for the further construction of roads not designated as a part of the State Highway System. As amended Acts 1939, 46th Leg., p. 582, § 1.

All roads which prior to January 2, 1939, had not become a part of the System of State designated Highways, for convenience in this Act, are called "Lateral Roads."

Art. 6674q—3. Omitted. Acts 1939, 46th Leg., p. 582, § 1

[Art. 6674q—4. Improvements under control of State Highway Department]

All further improvement of said State Highway System shall be made under the exclusive and direct control of the State Highway Department and with appropriations made by the Legislature out of the State Highway Fund. Surveys, plans and specifications and estimates for all further construction and improvement of said System shall be made, prepared and paid for by the State Highway Department. No further improvement of said System shall be made with the aid of or with any monies furnished by the counties except the acquisition of rights of way which may be furnished by the counties, their subdivisions or defined road districts. But this shall in nowise affect the carrying out of any binding contracts now existing between the State Highway Department and the Commissioners Court of any county, for such county, or for any defined road district. In the development of the System of State Highways and the maintenance thereof, the State Highway Commission shall, from funds available to the State Highway Department, provide:

[Art. 6674q—5. Appropriations from State Highway Fund]

All monies now or hereafter deposited in the State Treasury to the credit of the “State Highway Fund,” including all Federal Aid money deposited to the credit of said Fund under the terms of the Federal Aid Highway Act, shall be subject to appropriation by the Legislature for the specific purpose of the improvement of said System of State Highways by the State Highway Department. As amended Acts 1939, 46th Leg., p. 582, § 1.

with said taxes collected on and after October 1, 1932, shall, after deducting the said maximum amount of refunds, allocate and place the remainder of said occupation or excise tax on the business of selling gasoline, in the State Treasury as provided by law, in the proportion as follows: One-fourth of such occupation or excise tax shall go to, and be placed to the credit of, the Available Free School Fund; one-fourth of the same shall go to, and be placed to the credit of, a fund to be known as the "County and Road District Highway Fund," subject to the provisions and limitations of Section 3 of this Act; the remainder of such occupation or excise tax shall go to, and be placed to the credit of, the State Highway Fund, for the construction and maintenance of the public roads of the State, constituting and comprising the system of State Highways of Texas, as designated by the State Highway Commission of Texas. As amended Acts 1939, 46th Leg., p. 582, § 1.

[Art. 6674q—7. Administrative provisions]

(a). All bonds, warrants or other evidences of indebtedness heretofore issued by counties or defined road districts of this State, which mature on or after January 1, 1933, in so far as amounts of same were issued for and the proceeds have been actually expended in the construction of roads, that constituted and comprised a part of the System of designated State Highways on September 17, 1932, or which subsequent to such date and prior to January 2, 1939, have been designated a part of the System of State Highways or any road that heretofore has constituted a part of said System and which has been or may be changed, relocated or abandoned, whether said indebtedness is now evidenced by the obligation originally issued or by refunding obligations or both, shall be eligible to participate in the distribution of the monies coming into said County and District Highway Fund, subject to the provisions of this Act; provided, that such indebtedness, the proceeds of which have been expended in the construction of roads, which have been designated as a part of the State Highway System after September 17, 1932, and prior to January 2, 1939, shall participate in said County and Road District Highway Fund as of the date of the designation of said road as a part of the State System; provided further that any participation in said fund by any county or defined road district shall be less the amount of money which it was required to accumulate in the sinking fund under the provisions of the statutes and order of the Commissioners Court authorizing the issue of said eligible obligations, and the tax levy authorized at the time of issuance thereof for the time such obligations have run or may have run regardless of whether the full amount of said funds are, or may be, actually on hand and to the credit of the sinking funds of such county or defined road district. It is provided expressly in this connection that the term "sinking funds" shall include only those funds required under the law for the retirement of principal and shall not include any excess or surplus which may have been accumulated by any county or defined road district above the legal requirements. The amount of such eligible indebtedness shall be determined as hereinafter provided. Provided further that no State funds created or provided for by the terms of this Act shall be expended in the payment of any interest maturing on the amount of sinking funds required by the terms of this Act to be accumulated by the county or defined road district at the date of eligibility of its obligations.
In the event the State Highway Commission has, on a date prior to January 2, 1939, indicated its intention of designating as State Highways the public roads of any county or defined road district in this State, and has evidenced such intention in its official records or files, then the provisions of this Act shall apply as if the said roads had actually been designated prior to January 2, 1939.

In addition to and regardless of the other provisions of this Act, all bonds voted by a county prior to January 2, 1939, in so far as amounts of same were or may be issued and the proceeds actually expended in the construction of roads which are a part of the designated System of State Highways, shall be eligible to participate in the distribution of the monies coming into said county and Road District Highway Fund the same as provided for other bonds under this Act and as of the date of the designation of said road as a part of the State System; and where such bonds were voted prior to the designation of the road as a State Highway, the county may issue and spend the proceeds on the construction of such road under contract and specifications to be approved by the State Highway Department, and when so expended the bonds shall be eligible to participate in the county and Road District Highway Fund the same as if the bonds were issued and expended prior to January 2, 1939.

(b) The Board of County and District Road Indebtedness, created by Chapter 13, Acts of the Third Called Session of the Forty-second Legislature, consisting of the State Highway Engineer, State Comptroller of Public Accounts, and State Treasurer, is hereby continued and charged with the duties of administering this Act. The State Comptroller of Public Accounts shall be the Secretary of said Board and said Board shall elect its own chairman from its membership. The Board shall adopt its own rules consistent with this Act for the proceedings held hereunder, and shall have authority to call to its assistance in arriving at the amount of bonds, warrants, or other evidences of indebtedness eligible to participate in the County and Road District Highway Fund, any official or employee of this State, and shall avail itself of all data and information assembled in the administration of Chapter 13, Acts of the Third Called Session of the Forty-second Legislature, and said Board is hereby authorized to call on any County Judge or any County or State official or employee, and shall have full access to all the records, books and public documents for the purpose of obtaining any information which it may deem necessary and pertinent to its inquiry in arriving at the amount of bonds, warrants, or other evidences of indebtedness eligible to participate in the County and Road District Highway Fund.

(c) It shall be the duty of the Board of County and District Road Indebtedness, from the data and information furnished by the County Judges of the State, and by the Chairman of the State Highway Commission and by the State Comptroller of Public Accounts, and from such further investigation as said Board may deem necessary to ascertain and determine the amount of indebtedness eligible under the provisions of this Section of this Act to participate in the monies coming into said County and Road District Highway Fund. Whenever in the case of any particular issue of obligations the proceeds thereof shall have been expended partly on designated State Highways, or highways heretofore constituting designated State Highways, and partly on roads which never have been designated State Highways, said Board shall ascertain and determine the amount of said obligations, the proceeds of which were actually expended on State Highways or on roads heretofore constituting State Highways, and said obligations to said amount and extent shall be eligible for participation in the monies coming into the County and Road
District Highway Fund, and said ascertainment and determination shall be certified to the County Judge by said Board and all of the unmatured outstanding obligations of said issue shall ratably have the benefit of said participation in said monies. The ascertainment and determination by the Board of County and District Road Indebtedness, after reasonable notice and hearing, of the amount of any county or defined road district obligations eligible under the provisions of this Act to participate in any monies coming into the County and Road District Highway Fund, or as to the amount of any obligations, the proceeds of which were actually expended on State Highways, or on roads heretofore constituting State Highways, shall be final and conclusive and shall not be subject to review in any other tribunal. But said Board of County and District Road Indebtedness shall have the right at any time to correct any errors or mistakes it may have made.

(d). The Board shall make and keep a record of all county and defined road district eligible obligations, issue by issue, and a book shall be prepared and kept in which shall be recorded all eligible issues, maturity dates of principal and interest, rates of interest, and places of payment for each county and each defined road district; each issue and the data pertaining to same shall be listed separately. The Board shall keep a record of all vouchers issued.

(e). The State Treasurer shall keep a separate account for each county and defined road district of any monies received for the credit of said county or defined road district pursuant to the provisions hereof.

(f). A list shall be compiled by the Board of County and District Road Indebtedness showing the amount ascertained and determined by it to be the eligible indebtedness of each county and defined road district, and a copy thereof shall be furnished to each County Judge in this State.

(g). From year to year, and not later than July 15th of each year, said Board shall ascertain and determine the sum necessary to pay the interest, principal, and sinking fund requirements on all eligible obligations for the next succeeding calendar year and shall estimate the sum which shall be applicable to the same, and shall, not later than August 1st of each year, give notice to the County Judge of each county of the estimated amount available for application to said interest, principal, and sinking fund requirements. In the event the amount so estimated to be applied to the payment of eligible obligations for any county or defined road district is sufficient to meet all maturing interest, principal, and sinking fund requirements, the Commissioners Court may dispense with the collection of ad valorem levies for such calendar and/or fiscal year for such interest, principal, or sinking fund requirements. In the event the amount of payments so estimated to be applied is not sufficient to meet the maturing interest, principal, and sinking fund requirements, the County Commissioners Court shall collect from taxes on the property in said respective counties and defined road districts, an amount of money equal to the difference between the amount of such requirements and the amount available for application. In this connection it is declared to be the intent of the Legislature that all contractual duties and obligations which may exist between any county and/or defined road district and the owner or holder of the present outstanding indebtedness of any county and/or defined road district, shall not be in any manner disturbed or impaired and shall remain inviolate. Any tax heretofore provided to be levied in support of any present outstanding indebtedness affected by the provisions of this Act shall continue to be assessed, levied, and collected as originally provided; however, the collection of said tax may, by order of the Commissioners Court, be lessened and reduced by the
payments made, and to be made, thereon and in behalf of such indebtedness out of the County and Road District Highway Fund, as herein provided, and as succeeding Legislatures shall, by appropriation, make provisions therefor. The entire proceeds of all taxes collected on any eligible issue of bonds shall be remitted by the County Treasurer of each county collecting the same, together with a statement of the amount collected, to the State Treasurer and shall be held by the State Treasurer as ex-officio Treasurer of said county or defined road district for the benefit of the county or defined road district remitting the same, and be disbursed to meet the interest, principal, and sinking fund requirements on the eligible obligations of said county or defined road district. In the event the amount of funds available to be applied to meet the maturing interest, principal, and sinking fund requirements in any calendar or fiscal year is not sufficient to satisfy such requirements, the monies available in the County and Road District Highway Fund; as estimated and determined by the Board, shall be, for that calendar or fiscal year first applied to the payment and satisfaction of interest maturing on all eligible obligations during the particular calendar and/or fiscal year, and this payment is to be made ratably upon the interest on eligible obligations of the various counties or defined road districts; and if there is more of said monies available than necessary to pay all of said interest, then such balance over the required interest payment for such year shall be distributed ratably to each issue of eligible obligations on the basis of the principal of eligible obligations and sinking fund requirements thereon maturing each year.

(h) On September 1st of each year after the Board has paid off and discharged all eligible obligations maturing during the preceding fiscal year, together with the interest on such obligations and the sinking fund requirements accruing thereon, out of the County and District Highway Fund, any surplus remaining in said Fund over and above Three Million Dollars ($3,000,000) which shall be carried forward as working capital or as a revolving fund shall be set aside and credited to an account which shall be known as “Lateral Road Account,” provided, however, all money on deposit with the State Treasurer in the County and Road District Highway Fund at the close of the day of August 31, 1939, shall be held, used and applied exclusive to the payment of principal, interest and sinking fund requirements on indebtedness constituting eligible obligations under Chapter 13, Acts, Third Called Session of the Forty-second Legislature and amendments thereto in effect at the time this Act becomes effective.

As soon as practicable after the passage of this Act and before the Lateral Road Account is allocated to the counties, the Board shall determine the amount each county and each defined road district has paid since January 1, 1933, under the provisions of Chapter 13, Acts of the Third Called Session of the Forty-second Legislature, as amended, toward its debt service upon bonds which at the time of payment were eligible to participate in the County and Road District Highway Fund, and shall deduct from the amount paid by such county or defined road district any and all advancements made by the Board to such county or defined road district in adjusting, refunding or prepaying the eligible obligations of such county or defined road district, and after making such deductions, the Board shall credit the Lateral Road Account of each county or defined road district with the net balance contributed by such county or road district toward the retirement of said eligible obligations and said funds so credited to any county or defined road district may be used or
expended by the counties and defined road district for the purposes authorized in this section.

Not later than September 15th of each year the said Board shall ascertain the exact amount of money which has been allocated to the said Lateral Road Account for such fiscal year and which at that time is available. The Board shall allocate to each county its proportionate part of the monies in said Lateral Road Account, which allocation shall be determined in the following manner:

(1). One-tenth of the money in said Account shall be allocated upon the basis of area, determined by the ratio of the area of the county to the total area of the State.

(2). Two-tenths of the monies in said Account shall be allocated on the basis of population according to the last preceding Federal Census, determined by the ratio of the population of the county to the total population of the State.

(3). Three-tenths of the monies in said Account shall be allocated upon the basis of the number of motor vehicles registered during the last preceding registration year, determined by the ratio of the number of such vehicles registered in the county to the total number registered in the State as shown by the official report of the State Highway Department.

(4). Four-tenths of the monies in said Account shall be allocated to the counties on the basis of lateral road mileage, determined by the ratio of the mileage of the lateral roads in the county to the total mileage of lateral roads in the State as of January 1, 1939, as shown by the records of the State-Federal Highway Planning Survey and the State Highway Department.

If the records of the Highway Department and the State-Federal Highway Planning Survey are such that, in the opinion of the Highway Commission or of any county, there is a reasonable doubt as to their accuracy, the Highway Commission may authorize an independent survey to be made of that county's lateral road mileage upon its own motion or on the application of said county. The expense of such survey shall be borne by the county.

The monies allocated to each county from the Lateral Road Account shall be used by said county first for paying the principal, interest and sinking fund requirements maturing during the fiscal year for which such money was allocated to such county on bonds, warrants and other legal obligations issued prior to January 2, 1939, the proceeds of which were actually expended in acquiring rights of way for State designated highways, it being the intention of the Legislature to designate and set apart sufficient money to pay off and discharge said outstanding obligations incurred for right of way acquisition. Funds remaining in the Lateral Road Fund of any county after the payment of said right of way obligations may be used by the county, under the direction of the Commissioners Court, for any one or all of the following purposes: (a) for the acquisition of rights of way for county lateral roads and for the payment of legal obligations incurred therefor prior to January 2, 1939, (b) for the construction or improvement of county lateral roads, (c) for paying the principal, interest and sinking fund requirements of any bonds or warrants which were legally issued by such county or Road District prior to January 2, 1939, the proceeds of which were actually expended in the construction or improvement of lateral county roads, (d) for the purpose of supplementing funds appropriated by the United States Government for Works Progress Administration highway construction, Public Works Administration highway construction, and such other grants of Federal
funds as may be made available to the counties of this State for county lateral road construction, and (e) for the purpose of cooperating with the State Highway Department and the Federal Government in the construction of farm-to-market roads.

After such allocation has been made to the several counties in the State, the Board shall in writing notify the Chairman of the Commissioners Court of each county of the amount which has been credited to that county. After receiving said notice, the Commissioners Court shall, within sixty days, notify the Board of the manner in which it has exercised its option as to the one or more specified uses of said money permitted under this Act.

In the event the Commissioners Court of a county shall have elected to use all or any part of the money thus allocated to said county for the purpose of paying principal and interest or sinking fund requirements of its indebtedness for lateral roads, such money shall be applied pro rata to the payment of the debt service requirements of all issues of lateral road indebtedness of the county and all included defined road districts, in the proportion that the debt service requirements of each issue bears to the aggregate debt service requirements of all issues for that year. When any issue of obligations which will receive aid under this section is already listed with the Board of County and District Road Indebtedness, the Board shall credit the amount applicable to said issue to the account of said issue in the State Treasury. As to all other issues of obligations, which will receive aid under this subsection (h), the Commissioners Courts of the specific counties affected shall have the right if so desired to utilize the facilities of the State Board of County and District Road Indebtedness in paying the amounts of principal and interest on said issues substantially in the manner that payments are effected as to such eligible obligations.

In the event the Commissioners Court of a county elects to use the money allocated to it from the Lateral Road Account for the construction of lateral roads, it shall notify, in writing, the said Board of its election to make such use of said money. Whereupon, said Board shall remit said money, or the part thereof to be utilized for such purpose, to the County Treasurer of such county, said money to be deposited by the County Treasurer in accordance with the law, and the same shall be utilized by the county, acting through the Commissioners Court, for the construction of lateral roads. Each county may call upon the State Highway Commission to furnish adequate technical and engineering supervision in making surveys, preparing plans and specifications, preparing project proposals and supervising actual construction; the actual cost of such aid in supervision shall be paid by the county as a charge against its project.

In order that maximum benefits may be obtained in the expenditure of the State fund made available to the counties under this Act for the construction of county lateral roads, and so that the counties may have the benefit of widespread competition among contractors in bidding on such projects, such counties may, in their discretion, authorize the State Highway Commission to receive bids in Austin on all such construction in the same manner as is now provided by law for the award of contracts on State Highways.

When any road which shall have been constructed by any county wholly from the County Lateral Road Account shall be designated by the State Highway Commission as a part of the system of designated State Highways, the designation of such road by the State Highway Commission shall constitute a full and complete discharge of any and all obli-
gations of the State, moral, legal or implied, for the payment of such
highway.

In the event the Commissioners Court elects to cooperate with the
Highway Department in the building of, or in the construction of, farm-
to-market roads, it shall by proper resolution entered upon its minutes,
authorize the State Treasurer to pay such funds to be so used over to the
State Highway Department for use on certain designated projects. Re-
gardless of how the funds allocated to the counties from the Lateral Road
Account are used, the County Judge of each county shall file with the
Board on or before October 1st, of each year, a verified report showing
the manner in which the said funds have been expended, the nature and
location of the roads constructed, and such other information as the
Board may from time to time require.

(i). The County Commissioners Court of any county may exercise
the authority now conferred by law to issue refunding obligations for the
purpose of refunding any eligible debt of the county or of any defined
road district; and such refunding obligations, when validly issued, shall
be eligible obligations within the meaning of this Act, if said Board of
County and District Road Indebtedness shall approve the maturities of
said refunding obligations and the rate of interest borne by them. In any
instance where, in the opinion of said Board, the existing maturities of
any issue of eligible obligations or any part thereof are such as to give
the county or defined road district which issued them an inequitable or
disproportionate participation in the monies coming into the County and
Road District Highway Fund in any particular period, said Board, in its
discretion, may require said issue or any part thereof to be refunded into
refunding obligations bearing such rate of interest and having such ma-
turities as may be satisfactory to the Board. And if said county or de-
defined road district shall fail or refuse to effectuate such refunding with-
in a reasonable time to be fixed by said Board, said obligations so required
to be refunded, and all other obligations of said county or defined road
district shall cease to be eligible for participation in said County and
Road District Highway Fund until the requirements of said Board with
respect to refunding shall be complied with.

The Board of County and District Road Indebtedness is hereby made
the refunding agent of each county and as such agent is directed to coop-
erate with the Commissioners Court of each county in effecting the neces-
sary refunding of each issue of bonds; the Board shall prepare the
necessary refunding orders for the Commissioners Court, prepare the
proceedings and act in an advisory and supervisory capacity to the end
that the expense of refunding any issue of bonds may be reduced to the
minimum. Provided that no commission, bonus, or premium shall be paid
by any county or defined road district for the refunding of such obliga-
tions, and no County Treasurer shall receive any commission for handling
of the funds derived from the refunding of such obligations. All actual
expense incurred in the refunding of its eligible indebtedness, including
cost of proceedings, printing, legal approval and interest adjustment,
shall be chargeable against the money theretofore or thereafter collected
from ad valorem taxes, or at the option of the Commissioners Court con-
ducting such refunding, may be paid from any other money under its
control and available for the purpose, provided no obligations for
such expense items shall be incurred or paid without affirmative approval
by said Board.

(j). All monies to be deposited to the credit of the County and Road
District Highway Fund, from September 1, 1939, to August 31, 1941, both
inclusive, are hereby appropriated to said respective counties and defined
road districts and shall be received, held, used and applied by the State
Treasurer, as ex officio Treasurer of said respective counties and defined road districts, for the purposes and uses more specifically set forth in this Act, including the payment of principal, interest and sinking fund requirements on all eligible obligations maturing on and from September 1, 1939, to and including August 31, 1941, and each year thereafter until all of such eligible obligations are fully paid; and monies coming into the credit of the County and Road District Highway Fund with the State Treasurer and all monies remaining therein from the previous year shall be received and held by him as ex officio treasurer of such counties and defined road districts, and shall first be subject to the appropriation for the payment of interest, principal and sinking funds maturing from time to time on said eligible obligations and then for the other uses specified and permitted in this Act.

(k). As payment of principal and/or interest becomes due upon such eligible obligations, the State Comptroller of Public Accounts shall issue his warrant to the State Treasurer for the payment thereof, and the State Treasurer shall pay the same at his office in Austin, Texas, or by remitting to the bank or trust company or other place of payment designated in the particular obligation. Such warrants or voucher claims shall show on their face that the proceeds of the same are to be applied by the paying agent to the payment of certain specified obligations or interest therein described, by giving the name of the county or defined road district by which they were issued, numbers, amounts and dates of maturities of the obligations and interest to be paid with instructions to the State Treasurer, paying agent, bank or trust company to return to the State Comptroller of Public Accounts such obligations and interest coupons when same are paid, and the State Comptroller of Public Accounts shall, upon receipt of said obligations and coupons, credit same on his records and send them, duly cancelled, to the Commissioners Court of the appropriate county, which shall cause to be duly entered a record of such cancellation. In instances wherein counties or defined road districts therein shall have arranged with the Board to pay principal or interest thereon, of outstanding lateral road indebtedness, the Board, the State Comptroller of Public Accounts and the State Treasurer shall follow, in so far as practicable, the procedure prescribed in this subsection (k) for the payment of the principal and interest of eligible obligations.

(l). Expenses necessary to be incurred in the determination of the indebtedness of the counties and defined road districts of the State, and in the discharge of the duties required for the payment of such obligations shall be paid from the County and Road District Highway Fund by warrant approved by the Chief Accountant, the State Comptroller of Public Accounts and one other member of said Board. The compensation of all employees of said Board shall be fixed by the Legislature. All employees of said Board of County and District Road Indebtedness shall be bonded, the amount of such bond being set by the Board.

(m). All of the securities now on hand in which sinking funds collected for the benefit of outstanding eligible issues are invested, and all funds and securities hereafter acquired for the benefit of the entire outstanding balance of all eligible bond issues shall be forwarded within thirty (30) days from the effective date of this Act, and thereafter within thirty (30) days of the acquisition of such fund or securities, to the State Treasurer as ex officio County Treasurer of the various counties and defined road districts. Provided that the cash now on hand in the sinking fund created for the benefit of outstanding eligible obligations may also be remitted, as above set forth, at the option of such county or defined road district. Any county, the Commissioners Court of which
fails or refuses to comply with the provisions of this Act in all things, including the levy, assessment, and collection of a tax and at a rate sufficient to pay all sums due or to become due, which the State is unable to pay or to provide each year the proportionate amount of sinking fund required to redeem its outstanding bonds at their maturity shall not participate in any of the benefits of this Act so long as such county fails or refuses to comply with the provisions thereof. The Board of County and District Road Indebtedness shall have and possess full authority to invest all such sinking funds, including all future sinking funds acquired in any manner whatsoever, in any eligible obligations of the various political subdivisions of this State, which mature within the current biennium in which such securities are purchased, and where there is on hand a sufficient amount of monies or securities to the credit of any one political subdivision to retire some of its outstanding obligations, whether then due or not, the Board of County and District Road Indebtedness may, if it deems it advisable, purchase and cancel said obligations of such particular political subdivision, irrespective of maturity dates. Provided further, that any county which has selected a depository according to law and in which county such depository has qualified by giving surety bonds or by the deposit of adequate securities of the kind provided by law, which in the opinion of the Board of County and District Road Indebtedness is ample to cover the county deposits, and which county has not defaulted in the payment of any installment of principal and/or interest on any county bonds for a period of five (5) years next preceding the date of the filing of its application for exemption, and in which county all sinking funds of all bond issues are in excess of the standard required by law and which county has levied for the current tax year adequate rates in support of outstanding bond issues and warrants as required by the Constitution and Statutes of said State, shall be exempt from the provisions of this subsection (m) of this Act, and which exemption shall be obtained by such county in the manner and under conditions prescribed by the said Board of County and District Road Indebtedness. Said Board shall have the right to inspect the records of such county at any subsequent date to ascertain whether or not the facts warrant the continuation of the exemption. If at any time, in the opinion of the Board, counties that have been granted exemption under the provisions of this Act shall cease to comply with all the conditions under which the exemption has been granted, the Board shall notify the county to return all securities in which the sinking funds of eligible road bond issues are invested and the residue in said sinking funds, and to begin immediately forwarding taxes levied and collected for the payment of interest and principal on all eligible road bond issues. Said counties whose exemption has been cancelled by said Board shall be given a period of thirty (30) days in which to comply with the demands of the Board. Provided further, that such county so exempt shall furnish the Board an annual statement of the condition of the sinking funds of the several eligible road bond issues, together with a financial statement of the county depository. The Board shall have the right to withhold the payment of any maturity on any eligible road bond indebtedness where such county has failed or refused to comply with all the provisions of this Act.

(n). The Board shall keep adequate minutes of its proceedings and semiannually, within thirty (30) days after February 28 and August 31, of each year, shall make itemized reports to each county with respect to the receipt, disbursement and investment of the funds credited to such county. The Commissioners Court of any county, and/or its accredited representatives, shall have the right to inspect the records of said Board
and of the State Treasurer, at any reasonable time for the purpose of making any investigation or audit of the accounts affecting its county.

(o) The Board shall, within ninety (90) days after the close of each fiscal year, make a complete accounting for the preceding year to the Governor of this State, showing in such report its acts, investments, changes in investments and sinking fund status of each county and each defined road district, and shall file copies of such report with the President of the Senate and with the Speaker of the House of Representatives.

(p) In the event this Act is repealed, or shall be or become inoperative as to any county or defined road district, then it shall be the duty of the Board to ascertain immediately the amount of monies and securities remaining on hand with it or with the State Treasurer belonging to the several counties or defined road districts affected, and forthwith to return the same to the County Treasurer of the County entitled thereto, accompanied by an itemized statement of the account of the county or defined road district.

(q) All funds on hand belonging to, and hereafter credited to, the several counties and defined road districts of the State, shall be considered State funds, and as such shall be deposited at intervals in the depositories provided for by the State laws, and all interest earned on such funds and on the securities in which the sinking funds are invested shall belong to said counties or defined road districts, and shall be credited to them by the State Treasurer as earned and collected.

(r) Upon notice from the Board of the amount that such county or defined road district shall be required to pay toward any installment of interest or maturing principal, the County Treasurer of such county shall, not later than twenty (20) days prior to the maturity date of such interest, principal, or sinking fund requirements, forward to the State Treasurer the amount fixed by the Board as being necessary to supplement the amounts previously placed to the credit of any such county or defined road district by said Board under the provisions of this Act. As amended Acts 1937, 45th Leg., p. 761, ch. 370, § 1; Acts 1937, 45th Leg., p. 1344, ch. 500, § 1; Acts 1939, 46th Leg., p. 582, § 1.

1 Articles 6674q—1 to 6674q—11. Amendment of 1937 effective May 20, 1937.

The title of the Act of 1937, cited to the text, refers to this section as having been amended by chapter 117, Acts of First Called Session of the Forty-third Legislature. However, such ch. 117 amended ch. 13 of the Act of 1932, cited to the text, by adding section 7a (art. 6674q—7A) but did not amend this section alone.

Section 2 of the amendatory Act of 1937 reads as follows: "If any section, paragraph, or provision of this Act be declared unconstitutional or invalid for any reason, such holding shall not in any manner affect the remaining sections, paragraphs, or provisions of this Act, but the same shall remain in full force and effect."

Section 3 reads as follows: "Chapter 117, Acts, First Called Session of the Forty-third Legislature is hereby specifically repealed [art. 6674q—7A] except as to portions of same which are re-enacted by this Act."

Section 4 declared an emergency and provided that the Act should take effect from and after its passage.

Subdivision (n) as added by acts 1933, cited to the text, repealed acts 1933, 43rd Leg., p. 34, ch. 14, which amended subdivision (j) of this article.

Art. 6674q—7a. [Repealed by Acts 1937, 45th Leg., p. 761, ch. 370, § 3.] Prior to its repeal this article was Acts 1932, 42nd Leg., 3rd C.S., p. 15, ch. 13, § 7a as added Acts 1933, 43rd Leg., 1st C.S., p. 322, ch. 117, § 1. Repeal of 1937 effective May 20, 1937.

[Art. 6674q—8. Restrictions as to extending State credit]

No provision of this Act shall be construed to authorize the giving or lending of the credit of the State to any county or district or to pledge the credit of the State in any manner whatever for the payment of any of the outstanding road indebtedness herein referred to of the counties or dis-
districts of the State. It is hereby declared that all eligible indebtedness, as herein defined, shall remain indebtedness of the respective counties or defined road districts which issued it, and said counties or defined road districts shall remain liable on said indebtedness according to its terms and tenor; and it is not the purpose or intention of this Act, or any part thereof, to obligate the State of Texas directly or indirectly or contingent, for the payment of any such obligations or that the State of Texas should assume the payment of said obligations, and this Act is not to be construed as obligating the State of Texas to the holders of any of said obligations to make any payment of the same, or any part thereof, nor shall such holders have any rights to enforce the appropriation of any of the monies hereinabove provided for, nor shall any provision hereof constitute a contract on the part of the State to make money available to any county for the construction of additional lateral roads, but the provisions hereof are intended solely to compensate, repay and reimburse said counties and districts for the aid and assistance they have given to the State in furnishing, advancing and contributing money for building and constructing State Highways and lateral roads, to provide for the use and application by said counties and districts of the monies which they may receive under the provisions of this Act, and under the circumstances prescribed in this Act to provide additional money to counties for the construction of additional lateral roads. As amended Acts 1939, 46th Leg., p. 582, § 1.

Art. 6674q—8a. Bonds of navigation districts; preference over other bonds by Board of County and Road District Bond Indebtedness unauthorized

All bonds heretofore issued by Navigation Districts of this State, which mature on or after January 1, 1933, and in so far as amounts of same were issued for and the proceeds thereof actually expended in the construction of bridges across any stream or streams or any other waterways upon any highway that constituted and comprised a part of the system of designated State Highways on September 17, 1932, shall hereafter be included within and eligible under the provisions of Chapter Thirteen of the Acts of the Forty-second Legislature of Texas, passed at its Third Called Session, as amended by the Acts of the Forty-third Legislature of Texas, Regular Session, to the extent that the proceeds of the sale of said bonds shall have been actually expended in the construction of such bridges; and in such cases the outstanding bonds of said Navigation Districts in an amount equal to the amount so expended by such navigation districts shall be redeemed under the same conditions as is provided by said Chapter Thirteen, Acts of the Forty-second Legislature of Texas, Third Called Session, as amended by the Acts of the Forty-third Legislature of Texas, Regular Session, for the redemption of County and Road District Bonds.

It is expressly provided that the Board of County and Road District Bond Indebtedness shall not be authorized to give the bonds herein referred to preference over other similar bonds eligible under said Bond Act; and it is further expressly provided that said Board in determining the amount of bonds eligible for assumption shall take into consideration the amount of the bond money expended for the construction of said bridge and the balance due on said amount of bonds used in the construction of said bridge at the effective date of this Act; and in no event shall said Board be authorized to assume in excess of the balance due on the bonds for the said bridge construction at the effective date of this Act. Art. 6674q—8c. Lateral Road Account; punishment for unauthorized use

It shall be unlawful for any County Judge or any County Commissioner, while acting in his official capacity or otherwise, to use any money out of the Lateral Road Account for any purpose except the purposes enumerated in this Act. If any County Judge or any County Commissioner shall knowingly expend or use, or vote for the use or agree to expend or use any sum of money accruing to any county in this State from the Lateral Road Account, for any purpose not authorized by this Act or shall knowingly make any false statement concerning the expenditure of any such money, he shall be deemed guilty of a felony and upon conviction shall be punished by confinement in the State penitentiary for not less than two (2) nor more than five (5) years. As amended Acts 1939, 46th Leg., p. 582, § 1.

[Art. 6674q—9. Legislative policy; State title to roads]

If succeeding Legislatures shall continue to carry out the policy herein defined by authorizing a similar appropriation of funds from time to time, (a) then whenever the eligible obligations shall have been fully paid as herein provided, as to, or for any county or defined road district according to the provisions of this Act, then and in that event, the title and possession of all roads, roadbeds, bridges and culverts in such county or defined road district which are included in the system of designated State Highways, shall automatically vest in fee simple in the State of Texas, and in the event of any subsequent physical change therein, such title and possession shall extend to any such change so made; and (b) whenever the interest and principal necessary to retire the outstanding indebtedness owed for lateral roads shall have been fully paid as herein provided, as to, or for any county or defined road district according to the provisions of this Act, then and in that event, the title of all roads, roadbeds, bridges and culverts, in such county or defined road district pertaining to the lateral roads, constructed with the proceeds of such indebtedness, shall automatically vest in the State of Texas, but the possession thereof shall remain in such county or defined road district, and in the event of any subsequent physical change therein, such title and possession shall extend to any such change so made; provided that when the right of way, or any part thereof, pertaining either to a State Highway or a lateral road, has been abandoned because of the abandonment of such road for all public purposes, and such right of way, or any part thereof, was donated by the owner of the land for right of way purposes, then and in that event the title to said right of way shall vest in said owner, his heirs or assigns; provided, however, that nothing in this Act shall prevent the State Highway Commission from changing or abandoning any State Highway, and if the Commission shall change or abandon any State Highway in any county, the Commissioners Court of such county shall have the right to assume jurisdiction over such portion of

such highway so abandoned by the State Highway Commission. Likewise, the title to additional lateral roads when constructed shall vest in the State of Texas. Provided, however, that this Act neither imposes the obligation on, nor confers the right in the State of Texas, to maintain and lay out any roads except those constituting a part of the designated State Highway System as hereinabove in this Act defined. The obligation to maintain or lay out all other roads, including lateral roads and additional lateral roads as defined in this Act, shall remain undisturbed in the several Commissioners Courts as agents of the State. As amended Acts 1939, 46th Leg., p. 582, § 1.

[Art. 6674q—10. Partial invalidity]

If any section, subsection, paragraph, sentence, clause, or provision of this Act shall, for any reason, be held invalid, such invalidity shall not affect any other portion of this Act or the application of such section, subsection, paragraph, sentence, clause, or provision to any other person or situation, but this Act shall be construed and enforced as if such invalid provisions had not been contained therein. As amended Acts 1939, 46th Leg., p. 582, § 1.

Art. 6674q—11a. Effect of act

This Act shall be cumulative of all other valid laws on the subject, but in the event of a conflict between any provision of this Act and any other Act, the provisions of this Act shall prevail. Acts 1932, 42nd Leg., 3rd C.S., p. 15, ch. 13, § 13, as added Acts 1939, 46th Leg., p. 582, § 1.

Art. 6674q—12. State Treasurer as ex officio county treasurer in payment of interest and sinking funds

Resolved by the Senate of Texas, the House of Representatives concurring, that it was the intention of the Legislature of the State of Texas in enacting said above named Acts to authorize and empower the Treasurer of the State of Texas to act as ex officio treasurer of such respective county and road districts in the payment of the interest and sinking funds due by the several counties of the State upon such county road bonds which are not eligible to participate in the County and Road District Highway Fund, and to receive from the respective counties the sums of money due by such respective counties for the payment of such interest and sinking funds, and to pay same upon warrants issued by the Comptroller of the State of Texas in the same manner as is provided for the payment of the interest and sinking funds upon the county road bonds which are eligible to participate in the County and Road District Highway Fund in the Acts aforesaid. Nothing herein shall be construed as increasing the liability of the State of Texas for the payment of any interest or sinking funds on any county road bonds not heretofore eligible under the provisions of the Acts aforesaid; the State Treasurer, merely for convenience of such counties, to act as ex officio treasurer in the receiving and payment of the interest and sinking funds on said county road bonds which are not eligible to participate in the County and Road

The resolution cited to the text contained the following preamble:

"WHEREAS The Legislature of the State of Texas, in Chapter 13, Acts of 1932 of the Third Called Session of the Forty-second Legislature and Chapter 136, Acts of 1933 of the Forty-third Legislature of Texas, Regular Session, provides, among other things, for the payment by the State Treasurer of the interest and sinking funds due on county road bonds which have been issued for the construction of roads that are a part of the State Highway System and which are eligible to participate in the County and Road District Highway Fund, but said Acts do not, in express terms, authorize the State Treasurer to receive from the several counties of the State and pay to the holders of the county road bonds which are not eligible to participate in the County and Road District Highway Fund, the interest and sinking funds due thereon; and

"WHEREAS The question has been raised as to whether or not the State Treasurer can lawfully receive from the several counties of the State and thereafter pay out the interest and sinking funds due on such county and district road bonds which are not eligible to participate in the County and Road District Highway Fund, and the Comptroller issue warrants for the payment of the interest and sinking funds due thereon; and

"WHEREAS It was the intention of the Legislature in the passage of said Bills to authorize the State Treasurer to act as ex officio treasurer of the several counties of the State in the receipt from such counties of the interest and sinking funds due on such bonds of the several counties and thereafter pay out such funds to the holders of such county road bonds which are not eligible to participate in the County and Road District Highway Fund; now, therefore, be it"

Approved by Governor Oct. 22, 1936.

Art. 6674q—13. Expenditure of Federal funds on roads not part of state highway system

From and after July 1, 1937, all moneys appropriated under the Hayden-Cartwright Act, passed by the 74th Congress, June 16, 1936, (H.R. 11687), for expenditure on roads not on the System of the State Highways, may be expended, by and through the State Highway Department in conjunction with the Bureau of Public Roads, for the improvement of such roads and said Federal funds may be matched or supplemented by such amounts of State funds as may be necessary for proper construction and prosecution of the work. State funds shall not be used exclusively for the construction of roads not on the System of State Highways; the expenditure of State funds on said roads being limited to cost of construction and engineering, overhead and other costs, on which the application of Federal funds is prohibited or impractical. [Acts 1937, 45th Leg., p. 432, ch. 221, § 1.]

1 Act of June 16, 1936, c. 582, 49 Stat. 1519.

Effective April 26, 1937.

Acts 1937, 45th Leg., p. 432, ch. 221, contained the following preamble:

"Whereas, The Federal Government has appropriated certain funds for the improvement of secondary or feeder roads and for the elimination of hazards to life at railroad grade crossings; and

"Whereas, It is necessary, in order to obtain certain of these funds, that the State furnish an equal amount of State funds, as required by the Federal Highway Act of 1921, as amended and supplemented; and

"Whereas, The State Highway Commission is authorized to accept said Federal funds but is not permitted to expend State or Federal funds on roads which are not on the system of State Highways; and

"Whereas, Said Federal funds are a direct grant and are greatly needed for improvement of such roads and for relief of the unemployed in this State, and the State Highway Commission is desirous of utilizing said Federal funds to the fullest extent for the improvement of said roads; now, therefore,"

Section 2 repeals all conflicting laws and parts of laws and section 3 declares an emergency making the act effective on and after its passage.
Art. 6674q—14. Bonds of counties of 19,000 to 19,500 population to participate in State Highway Funds

That all bonds which have been heretofore issued and sold by road districts in counties with a population of not less than nineteen thousand (19,000) and not more than nineteen thousand five hundred (19,500), according to the next preceding Federal Census, where the proceeds of the sale of the bonds have been expended in whole or in part upon a highway which was then a part of the designated system of State Highways in Texas, and a part of the proceeds of which has been expended in whole or in part, upon a highway which has since then been designated as a part of the State Highway System of Texas, and where such designated parts of the State Highway System bear different highway numbers, or where one designation is numbered and the other un-numbered, shall be entitled to participate in the State Highway Fund, under the provisions and restrictions of Chapter 136, Acts of the Forty-third Legislature of Texas, 1933, and any amendments thereto, including the re-enactment and extension thereof under and by virtue of the terms and provisions of House Bill No. 468, enacted by the Legislature of Texas, Forty-fifth Regular Session, 1937.

The Board of County and Road District Indebtedness is directed to audit all expenditures of the aforementioned district, and the assumption herein provided for shall extend only to such bonds, the proceeds of which were expended in the construction of the road which has subsequently been designated a State Highway. Weekly payments of compensation

Sec. 9. It is the purpose of this law that the compensation herein provided for shall be paid from week to week and as it accrues and directly to the person entitled thereto, unless the liability is redeemed in such cases provided elsewhere herein.

Physical examination; effect of refusal to submit to; insanitary and injurious practices; procedure

Sec. 10. The Board may require any employee claiming to have sustained injury to submit himself for examination before such Board or some one acting under its authority at some reasonable time and place within the State, and as often as may be reasonably ordered by the Board to a physician or physicians authorized to practice under the laws of this State. If the employee or the Department requests, he or
it shall be entitled to have a physician or physicians of his or its own selection present to participate in such examination. Refusal of the employee to submit to such examination shall deprive him of his right to compensation during the continuance of such refusal. When a right to compensation is thus suspended no compensation shall be payable in respect to the period of suspension. If any employee shall persist in insanitary or injurious practices which tend to either imperil or retard his recovery, or shall refuse to submit to such medical or surgical treatment or other remedial treatment recognized by the State, as is reasonably essential to promote his recovery, the Board may in its discretion order or direct the Department to reduce or suspend the compensation of any such injured employee. No compensation shall be reduced or suspended under the terms of this Section without reasonable notice to the employee and an opportunity to be heard.

The Department shall have the privilege of having any injured employee examined by a physician or physicians of its own selection, at reasonable times, at a place or places suitable to the condition of the injured employee and convenient and accessible to him. The Department shall pay for such examination and the reasonable expense incident to the injured employee in submitting thereto. The injured employee shall have the privilege to have a physician of his own selection present to participate in such examination. Provided, when such examination is directed by the Board or the Department, the Department shall pay the fee of the physician selected by the employee, such fee to be fixed by the Board.

Process and procedure shall be as summary as may be under this law. The Board or any member thereof shall have power to subpœna witnesses, administer oaths, inquire into matters of fact, examine such parts of the books and records of the parties to a proceeding as relate to questions in dispute. All rulings and decisions of the Board relating to disputed claims shall be upon questions of fact and in accord with the provisions of this law.

Industrial Accident Board, authority of; procedure

Sec. 11. All questions arising under this law, if not settled by agreement of the parties interested therein and within the provisions of this law, shall, except as otherwise provided, be determined by the Board. Any interested party who is not willing and does not consent to abide by the final ruling and decision of said Board shall within twenty (20) days after the rendition of said final ruling and decision by said Board, file with said Board notice that he will not abide by said final ruling and decision. And he shall within twenty (20) days after giving such notice bring suit in the county where the injury occurred to set aside said final ruling and decision and said Board shall proceed no further toward the adjustment of such claim, other than hereinafter provided. Whenever such suit is brought, the rights and liability of the parties thereto shall be determined by the provisions of this law and the suit of the injured employee or person suing on account of the death of such employee shall be against the Department. If the final order of the Board is against the Department, then the Department shall bring suit to set aside said final ruling and decision of the Board, if it so desires, and the Court shall in either event determine the issues in such cause instead of the Board upon trial de novo and the burden of proof shall be upon the party claiming compensation. The Board shall furnish any interested party in said claim pending in Court upon request free of charge, with a certified copy
of the notice of the Department becoming an insurer filed with the Board and the same when properly certified to shall be admissible in evidence in any Court in this State upon trial of such claim therein pending and shall be prima facie proof of all facts stated in such notice in the trial of said cause unless same is denied under oath by the opposing party therein. In case of recovery the same shall not exceed the maximum compensation allowed under the provisions of this law. If any party to any such final ruling and decision of the Board, after having given notice as above provided, fails within said twenty (20) days to institute and prosecute a suit to set the same aside, then said final ruling and decision shall be binding upon all parties thereto, and, if the same is against the Department, it shall at once comply with such final ruling and decision.

In all cases where the Board shall make a final order, ruling, or decision, as provided in the preceding Section and against the Department, and the Department shall fail and refuse to obey or comply with the same and shall fail or refuse to bring suit to set the same aside as in said Section is provided, then in that event the claimant in addition to the rights and remedies given him and the Board in said Section may bring suit in a Court of competent jurisdiction, upon said order, ruling, or decision. If he secures a judgment sustaining such order, ruling, or decision in whole or in part, he shall also be entitled to recover the further sum of twelve (12) per cent as damages upon the amount of compensation so recovered in said judgment, together with a reasonable attorney’s fee for the prosecution and collection of such claim.

Where the Board has made an award against the Department requiring the payment to an injured employee or his beneficiaries of any weekly or monthly payments, under the terms of this law, and the Department should thereafter fail or refuse, without justifiable cause, to continue to make said payments promptly as they mature, then the said injured employee or his beneficiaries, in case of his death, shall have the right to mature the entire claim and to institute suit thereon to collect the full amount thereof, together with twelve (12) per cent penalties and attorney’s fees as herein provided for. Suit may be brought under provisions of this Section, either in the county where the accident occurred, or in any county where the claimants reside, or where one or more of such claimants may have his place of residence at the time of the institution of the suit.

Employees of subcontractors

Sec. 12. If the Department sublets the whole or any part of the work to be performed or done to any subcontractor, then in the event any employee of such subcontractor, whose name does not appear on the pay roll of the Department, sustains an injury in the course of his employment, he shall be deemed and taken for all purposes of this law not to be an employee as defined in this law.

Records and reports of injuries

Sec. 13. The Department shall hereafter keep a record of all injuries fatal or otherwise, sustained by its employees in the course of their employment. Within eight (8) days after the occurrence of an accident resulting in an injury to an employee, causing his absence from work for more than one day, a written report thereof shall be made to the Board on blanks to be procured from the Board for that purpose. Upon the termination of the incapacity of the injured em-
employee, or if such incapacity extends beyond a period of sixty (60) days, the Department shall make a supplemental report upon blanks to be procured for that purpose. The said report shall contain the name, age, sex, and occupation of the injured employee and the character of work in which he was engaged at the time of the injury, and shall state the place, date, and hour of receiving such injury and the nature and cause of the injury, and such other information as the Board may require. The Department shall be responsible for the submission of the reports in the time specified in this Section.

Rules and regulations; examining physicians; reports as evidence

Sec. 14. The State Highway Department is authorized to promulgate and publish such rules and regulations and to prescribe and furnish such forms as may be necessary to the effective administration of this law, and the State Highway Department shall have authority to make and enforce such rules for the prevention of accidents and injuries as may be deemed necessary. It shall be the duty of the State Highway Department to designate a convenient number of regularly licensed practicing physicians and surgeons for the purpose of making physical examinations of all persons employed or to be employed in the service of the State Highway Department to determine who may be physically fit to be classified as “employee” as that term is defined in Subsection 2 of Section 2 of this Act, and said physicians and surgeons so designated and so conducting such examinations shall make and file with the State Highway Department a complete transcript of said examination in writing and sworn to upon a form to be furnished by the State Highway Department. It shall be the duty of the State Highway Department to preserve as a part of the permanent records of the State Highway Department all reports of such examinations so filed with him. Such reports shall be admissible in evidence before the Industrial Accident Board, and in any court of competent jurisdiction to which an appeal has been made from a final award or ruling of the Industrial Accident Board in which the person named in said examination is a claimant for compensation benefits under the terms and provisions of this Act, and such reports so admitted shall be prima facie as to the facts set out therein.

Physical examination prerequisite to certification as employee

Sec. 14a. No person shall be certified as an employee of the State Highway Department under the terms and provisions of this Act until he has submitted himself for a physical examination as provided in Section 14 herein and has been certified by the examining physician or surgeon to be physically fit to perform the duties and services to which he is to be assigned, provided that absence of a physical examination shall not be a bar to recovery.

Award as evidence; certified copies of orders, awards, decisions, or documents

Sec. 15. Any order, award, or proceeding of said Board when duly attested by any member of the Board or its secretary shall be admissible as evidence of the act of said Board in any Court of this State.

Upon the written request and payment of the fees therefor, which fees shall be the same as those charged for similar services in the Secretary of State's office, the Board shall furnish to any person entitled thereto a certified copy of any order, award, decision, or paper on file in the office of said Board and the fees so received for such copies shall be paid into the State Treasury and credited to the General Revenue
Fund; provided that the Department shall be furnished such certified copies without charge. No fee or salary shall be paid to any person in said Board for making such copies in excess of the fees charged for such copies.

Suit to set aside decision of Board: notice

Sec. 16. Any interested party who is not willing and does not consent to abide by the final ruling and decision of the Board shall, in the manner and within the time provided by Section 11 of this law, file notice with said Board, and bring suit in the county where the injury occurred to set aside said final ruling and decision; however, in the event such suit is brought in any county other than the county where the injury occurred, the Court in which same is filed shall, upon ascertaining that it does not have jurisdiction to render judgment upon the merit, transfer the case to the proper Court in the county where the injury occurred. Provided, however, that notice of said transfer shall be given to the parties and said suit when filed in the Court to which the transfer is made, shall be considered for all purposes, the same as if originally filed in said Court.

Time of hearing

Sec. 17. When an injured employee has sustained an injury in the course of employment and filed claim for compensation and given notice as required by law, the Board shall hear his claim for compensation within a reasonable time. Provided, however, when such injured employee is being paid compensation as provided in this law, and the Department is furnishing either hospitalization or medical treatment to such employee, the Board may, within its discretion, delay or postpone the hearing of his claim, and no appeal shall be taken from any such order made by the Board.

Percentage of payroll set aside in account for payments under act

Sec. 18. The Department is hereby authorized to set aside from available appropriations other than itemized appropriations an amount not to exceed three and one-half (3 1/2) per cent of the annual labor pay roll of the Department for the payment of all costs, administrative expense, charges, benefits, and awards authorized by this law.

The amounts so set aside shall be set up in a separate account in the records of the Department, which account shall show the disbursements authorized by this law; provided the amounts so set aside in this account shall not exceed three and one-half (3 1/2) per cent of the annual labor pay roll at any one time. A statement of the amounts set aside for and disbursements from said account shall be included in reports made to the Governor and the Legislature as required by the Statutes.

Within five (5) days after the Comptroller has received such certified statements from every Assessor within this State, said Board shall meet for the purpose of calculating the ad valorem rate of taxes to be collected for the State and public free school purposes. In calculating said rates the Board shall calculate the same by the following rules and upon the following basis: They shall find, by adding together all the property subject to taxation in all counties as shown by the certified statements returned by the Assessors, the total valuation of all property within this State subject to ad valorem taxes. They shall find, by adding together the sums appropriated by the Legislature, which will or which may become due by the State, during the following fiscal year, the amount fixed by the Board of Education for public free school purposes, as the State apportionment, the total sum of which will or which may become due by the State, during the following fiscal year. They shall find, by adding all sums paid into the State Treasury as delinquent ad valorem taxes and interest and penalties thereon during the first half of the current calendar year and latter half of the preceding calendar year and all sums which may be expected to be paid as taxes for State purposes from all sources other than ad valorem taxes, the total sum expected to be collected from all said sources. They shall find, by subtracting from the total sum which will or which may become due by the State during the succeeding fiscal year, the total sum which may be expected to be paid as taxes for State purposes from all sources other than current ad valorem taxes, the total sum for State purposes which must be collected by current ad valorem taxes.

taxes. They shall add to such remainder twenty (20%) per cent of said remainder. They shall divide the total sum for State purposes which must be collected by ad valorem taxes added to twenty (20%) per cent of such total sum by the quotient of the total valuation of all property within this State divided by one hundred (100). The quotient shall be the number of cents on the One Hundred ($100.00) Dollars valuation to be collected for the current year for State purposes; provided that said quotient shall not be run to more than three decimals. Provided that no rate for school purposes shall be set by said Board in excess of a rate required to produce sufficient funds when added to other available school funds would produce a total available school fund for an apportionment in excess of Twenty-two and 50/100 ($22.50) Dollars, it being the intention of the Legislature that the State Board of Education shall have the authority to fix the apportionment at not exceeding Twenty-two and 50/100 ($22.50) Dollars, and when so fixed, the State Tax Board shall fix a rate for school purposes, the maximum rate authorized by the Constitution if necessary, to produce revenue when added to other available school revenue, shall be a sufficient amount to meet the apportionment, which shall not be in excess of Twenty-two and 50/100 ($22.50) Dollars, and it is specifically provided that the rate shall never be greater than necessary to supplement other available school funds to guarantee an apportionment of not exceeding Twenty-two and 50/100 ($22.50) Dollars per year. Provided that any cigarette tax stamps may be exchanged only when proof satisfactory to said Treasurer is furnished that any stamps offered to said Treasurer in exchange were properly purchased and paid for by the person offering to exchange such stamps; provided, further, that stamps which are effaced or mutilated in any manner may be refused for acceptance in exchange by said Treasurer.

The Treasurer shall keep a record of all stamps sold by him or under his direction, of all stamps exchanged by him and of all refunds made on stamps purchased.

Orders for cigarette tax stamps shall be sent direct to the Treasurer and it shall be the duty of the Treasurer to invoice the stamps ordered to the purchaser upon a form invoice to be prescribed by the Treasurer, which invoice shall be issued in triplicate and numbered consecutively. The invoice shall show the date of sale, the name and address of purchaser, the number of stamps and their serial numbers, the denomination and value of stamps so purchased. The invoice shall be signed by the Treasurer and the original sent with stamps to the purchaser; the duplicate of the invoice shall be sent to the Comptroller and the triplicate kept by the Treasurer; provided, further, that the purchaser of said stamps shall hold the said invoice for a period of two (2) years for inspection at all times by the Comptroller and the Attorney General. No stamp affixed to a package of cigarettes shall be cancelled by any letter, numeral or any other mark of identification or otherwise mutilated in any manner that will prevent or hinder the Comptroller in making an examination as to the genuineness of said stamp.

Stamps in unbroken sheets of one hundred (100) stamps may be exchanged, with the Treasurer only, for stamps of a different denomination. Provided, further, that the Treasurer shall be authorized to make refunds on unused stamps in unbroken sheets of not less than one hundred (100) stamps each to the person who purchased said stamps only when proof satisfactory to said Treasurer is furnished that any stamps upon which a refund is requested were properly purchased from said Treasurer and paid for by the person requesting such refund. Such refund shall be made from revenue derived from this Act before such revenue is allocated as herein provided. As amended Acts 1936, 44th Leg., 3rd C.S., p. 2040, ch. 495, Art. 3, § 1; Acts 1937, 45th Leg., p. 621, ch. 310, § 3.

Order by distributor for stamps shipped with draft attached

Sec. 3B. A distributor may order stamps shipped with draft attached to the bank with which said distributor regularly transacts business. The Treasurer is hereby authorized to ship stamps in compliance with such orders to any such bank authorized to do business in Texas under the laws of this State and the United States. Such stamps, together with the invoice required under Section 3 of the Cigarette Tax Law, shall be attached to a form draft to be prescribed by the State Auditor, which draft shall show the date of shipment, the name and address of the bank, the name of the distributor and the amount of said draft. If said draft is not paid within twenty (20) days of the date thereon, it shall be returned together with the stamps attached to the Treasurer. Any distributor failing to take up such draft and stamps as ordered by him shall be notified at the end of such twenty (20) day period by the Treasurer to appear within five (5) days before the Treasurer to show cause why he should not be denied the privilege of ordering stamps as herein provided, and if such distributor shall fail to show good cause, the Treasurer is
hereby authorized to discontinue the shipment of stamps with draft attached as herein provided. As added Acts 1937, 45th Leg., p. 621, ch. 310, § 4.

Permits to distributors

Sec. 4. Every distributor, wholesale dealer and retail dealer in this State now engaged or who desires to become engaged, in the sale or use of cigarettes upon which a tax is required to be paid, shall, within thirty (30) days from the date this law becomes effective, file with the Comptroller an application for a cigarette permit as a distributor, wholesale dealer or retail dealer, as the case may be, said application to be accompanied by a fee of Twenty-five ($25.00) Dollars if for a distributor's permit, or a fee of Fifteen ($15.00) Dollars if for a wholesale dealer's permit, or a fee of Five ($5.00) Dollars if for a retail dealer's permit. Said applications shall be on forms prescribed by the Comptroller, to be furnished upon written request, the failure to furnish which shall be no excuse for the failure to file the same unless an absolute refusal is shown. Said forms shall set forth: (a) the manner under which such distributor, wholesale dealer or retail dealer transacts or intends to transact such business as distributor, wholesale dealer or retail dealer; (b) the principal office, residence and place of business in Texas for which the permit is to apply; (c) and if other than an individual, the principal officers or members thereof not to exceed three (3), and their addresses. The Comptroller may require any other information as he may desire in said application. No distributor, wholesale dealer or retail dealer shall sell any cigarettes until such application has been filed and the fee prescribed paid for a permit and until such permit is obtained. Said permits shall expire twelve (12) months from the date the distributor, wholesale dealer or retail dealer first sells cigarettes or engages in the business of selling cigarettes or from the expiration date of the permit previously issued to said distributor, wholesale dealer or retail dealer, but may be renewed upon like application and upon payment of another fee in the amount prescribed for the kind of permit desired. An application shall be filed and a permit obtained for each place of business owned or operated by a distributor, wholesale dealer or retail dealer. Provided, however, that any distributor manufacturing, importing, or acquiring in any other manner, cigarettes for his own personal use or consumption and not to be disposed of by sale, gift, or otherwise shall not be required to obtain a distributor's permit but shall be required to make the report required herein of a distributor and to comply with all other provisions of this Act affecting a distributor; provided, further, that the Treasurer shall be authorized to sell stamps to such distributors acquiring cigarettes for their own personal use or consumption and not for sale or other disposal, in lesser quantities than unbroken sheets of one hundred (100) stamps.

Upon receipt of the application and fee herein provided for, the Comptroller shall issue to every distributor, wholesale dealer or retail dealer for the place of business designated, a non-assignable consecutively numbered permit, designating the kind of permit and authorizing the sale of cigarettes in this State. Said permit shall provide that the same is revocable and shall be forfeited or suspended upon any violation of any provision of this Act or any reasonable rule or regulation adopted by the Comptroller. If such permit is revoked or suspended said distributor, wholesale dealer or retail dealer shall not sell any cigarettes from such place of business until a new permit is granted or the suspension of the old permit removed. Provided, that the Treasurer may refuse to sell stamps to any person who has not obtained a permit to engage in business as a distributor or to any distributor whose permit has been re-
The permit shall at all times be publicly displayed by the distributor, wholesale dealer or retail dealer at his place of business so as to be easily seen by the public and the persons authorized to inspect the same. Provided, that any distributor, wholesale dealer, or retail dealer who is the legal owner and holder and is operating under any unexpired permit which has been issued by the Comptroller as provided by Chapter 241, Acts of the Regular Session of the Forty-fourth Legislature, shall not be required to make application for and obtain from the Comptroller a permit as required herein prior to the expiration of the twelve (12) months for which such permit was issued. Provided, further, that any person who operates both as a distributor and wholesale dealer in the same place of business shall only be required to obtain a distributor's permit for the particular place of business where such operation of said business is conducted, but if any distributor or wholesale dealer sells cigarettes at both wholesale and retail, an additional permit as a retail dealer shall be required. Any unexpired permit may be returned to the Comptroller for credit on the unexpired portion thereof only upon the purchase of a permit of a higher classification.

If the application is for a permit to sell cigarettes from or by means of a cigarette vending machine, train, automobile or other vehicle, the serial number of said vending machine, the make, motor number and State highway license number of said automobile or other vehicle and the name of the railway company and number of said train shall be shown on the applications. As amended Acts 1937, 45th Leg., p. 621, ch. 310, § 5.

Time for affixing stamps; possession of unstamp证据 of violation of Act

Sec. 5. Every person, other than a distributing agent, bonded distributor or common carrier shall before receiving or accepting delivery of any cigarettes without stamps affixed to evidence the payment of the tax, obtain from the Treasurer the requisite amount or number of stamps necessary to stamp such cigarettes and the possession of any un stamped cigarettes without the possession of the requisite amount or number of stamps shall be prima facie evidence that said cigarettes are possessed for the purpose of making a "first sale" thereof without stamps and without payment of the tax levied herein.

Every distributor in this State shall cause all cigarettes received by him to have the requisite denominations and amount of stamps affixed to represent the tax as levied herein; provided, however, that any distributor who has obtained from the Treasurer and has in his possession the requisite amount and number of stamps necessary to stamp all cigarettes received by him may hold such cigarettes for a period of not longer than forty-eight (48) hours, excluding Sundays and legal holidays, before affixing the stamps as required herein. As amended Acts 1937, 45th Leg., p. 621, ch. 310, § 6.

Bond of interstate dealers

Sec. 6. Any distributor or other person engaged in interstate business who shall, within thirty (30) days from the date this law becomes effective, execute and file with the Comptroller a good and sufficient surety bond signed by the distributor or other person and a good and sufficient surety company or companies authorized to do business in this State shall be permitted to set aside such part of his stock of cigarettes as may be necessary for the conduct of such interstate business
without affixing the stamps required by this Act. Provided, that such bond shall be approved by and acceptable to the Comptroller in an amount of not less than Two Hundred Fifty ($250.00) Dollars and not more than double an amount necessary to stamp the largest quantity of cigarettes set aside at any time for the conduct of such business, and any quantity so set aside which is larger than that permitted in said bond shall be subject to the same requirements as cigarettes purchased or possessed for intrastate sale. Said interstate stock shall be kept in an entirely separate part of the building, separate and apart from stamped stock. The amount of the bond required of such distributor or other person shall be fixed by the Comptroller, and subject to the minimum limitation herein provided; additional bond or a new bond shall be required by the Comptroller at any time an existing bond becomes insufficient or the surety thereon becomes unsatisfactory, which additional bond or new bond shall be supplied within ten (10) days after demand. Provided, that said bond or bonds shall be payable to the State of Texas in Austin, Travis County, Texas, and conditioned for the full, complete and faithful performance of all the conditions and requirements of this Act affecting said distributor or other person on a form to be prescribed by the Comptroller, with the approval of the Attorney General. Should the distributor or other person fail or refuse to supply a new bond or additional bond within ten (10) days after demand, the Comptroller shall have the power and authority to cancel forthwith any existing bond made and executed by and for said distributor or other person. In the event said bond is cancelled, said distributor or other person shall within forty-eight (48) hours after said cancellation, excluding Sundays and legal holidays, cause any and all cigarettes received prior to said cancellation to have the requisite denomination and amount of stamps affixed to represent the tax as herein provided. Cigarettes set aside for interstate business which are not kept entirely separate and apart from intrastate stock shall be considered as intrastate stock and subject to the same requirements as cigarettes possessed for the purpose of a "first sale".

The Comptroller is hereby authorized to prescribe and promulgate rules and regulations not inconsistent with this Act or Chapter 241, Acts of the Regular Session of the Forty-fourth Legislature, for the purpose of regulating the sale of cigarettes for movement into States adjoining Texas when said cigarettes have the cigarette tax stamp of such adjoining State affixed thereto. As amended Acts 1937, 45th Leg., p. 621, ch. 310, § 6.

Sec. 8a. No individual shall offer for sale or solicit any order in this State for the sale of any cigarettes for shipment to points within this State, for his own account or for the account of any person, firm, association or corporation, unless and until such person or individual shall have first filed an application for and obtained from the State Comptroller a solicitor's permit. Such permit shall authorize the permittee to solicit orders for the sale of cigarettes and shall set forth the name and address of the vendor and/or employers whom the solicitor represents, and such solicitor shall not represent any vendor and/or employers whose name does not appear upon such permit. The fee for such permit shall be One Dollar ($1) per year or part thereof, and the permit shall be issued for the calendar year, beginning January 1, 1937, at which time this Section of this Act shall become effective. No new permit shall be issued for a period of one (1) year to anyone whose permit has been forfeited, except in the discretion of the Comptroller.
If any person shall offer for sale or solicit any order in this State for the sale of cigarettes for shipment to a point within the State, without then and there having a valid solicitor's permit, he shall be guilty of a misdemeanor and upon conviction shall be punished by a fine of not less than Twenty-Five Dollars ($25) nor more than Two Hundred Dollars ($200). Title of Act:
An Act authorizing the Director of the Cigarette Tax Division of the State Comptroller's Department to designate a personal representative as supervisor of the printing and manufacturing of cigarette tax stamps; relieving the Director of the Cigarette Tax Division of the burden of the personal supervision imposed by Section 30 of House Bill 755, Acts, Forty-fourth Legislature; authorizing the designation by the Director of the Cigarette Tax Division to the Stamp Tax Board of a personal representative of the Director; the employment of such representative by the Stamp Tax Board; and providing for the payment of services to be rendered by such personal representatives; and declaring an emergency. "Whereas, It is impracticable for said Director to give his personal attention at all times to the printing and manufacturing of said tax stamps because of numerous other duties required of him in the enforcement of said Cigarette Tax Law; and,

"Whereas, It is to the best interest of the State and will afford better protection to the State if a competent person experienced in printing is present at all times during the actual printing or manufacturing process of said stamps and that it will afford better protection to the State if such person is permanently employed to supervise and have charge of the stamps which have been printed, which at times reach a value of several hundred thousand dollars and which must be stored at the printing plant on account of lack of space in the Treasurer's vaults; therefore."

ART. 7047c. Stamp tax on secured notes and obligations

(a) Except as herein otherwise provided there is hereby levied and assessed a tax of Ten (10¢) Cents on each One Hundred ($100.00) Dollars or fraction thereof, over the first Two Hundred ($200.00) Dollars, on all notes and obligations secured by chattel mortgage, deed of trust, mechanic's lien contract, vendor's lien, conditional sales contract and all instruments of a similar nature which are filed or re-

Before any restraining order or injunction shall be granted in this State to restrain or enjoin the collection of any excise tax, occupation tax, sales tax, severance tax, gross receipts tax, license or permit tax, and registration or filing fee or any statutory penalties assessed for failure to pay any of such taxes and before any restraining order or injunction shall be granted against any State official or his authorized representatives in this State to restrain or enjoin the collection of any of the foregoing taxes, fees and penalties, the applicant therefor shall pay into the suspense account of the State Treasurer all taxes, fees and penalties then due by him to the State and the application for restraining order or injunction shall reflect said fact of payment under oath of the applicant, his agent or attorney. Provided, however, that unless otherwise provided by statute, said applicant may, in lieu of paying such taxes, fees and penalties into the suspense account of the State Treasurer, file with said Treasurer a good and sufficient bond to guarantee the payment of such taxes, fees and penalties in an amount equal to twice the amount of all taxes, fees and penalties then due and which may reasonably be expected to become due during the pendency of said injunction. The amount of such bond and the sureties thereon shall be approved by and acceptable to the judge of the court granting said injunction and the Attorney General of this State and the application for said restraining order or injunction shall reflect under oath of the applicant, his agent or attorney, that said bond has been approved and filed as aforesaid. Whenever it appears to the Attorney General that any such bond has become insufficient to cover double the amount of the taxes, fees and penalties accruing subsequent to the granting of said injunction, the said
Attorney General shall demand of said applicant that additional bond be filed. Provided, further, that said applicant shall keep during the pendency of the injunction and for a period of one (1) year thereafter open to the inspection at all times of the Attorney General of this State and all other State officials authorized to enforce the collection of such taxes, fees and penalties, a well bound book record of all taxes accruing during the pendency of such restraining order or injunction. Such book record shall include a record of purchases, receipts and sales or other disposition of all commodities, products, materials or articles upon which such taxes are levied or by which the amount of such taxes are measured. Provided further, that said applicant shall make and file with the State official authorized to enforce the collection of the tax involved, on Monday of each week, a report on a form or forms to be prescribed by said State official showing the weekly accruals of the tax involved together with total purchases, receipts, sales and other disposition of all commodities, products, materials and articles on which the tax involved in such injunction is levied or by which such tax is measured. Such report shall also show the name and address of all persons from whom such commodities, products, materials and articles were purchased or received and the name and complete address of all persons to whom such commodities, products, materials and articles were sold or distributed. If payment of the tax involved is evidenced or measured by the sale or use of stamps or tickets, a complete record of all such stamps and tickets used, sold or handled shall be kept and shall be included in said report. Said application and temporary injunction or restraining order shall be immediately dismissed and dissolved after hearing, if said applicant fails, at any time before the case shall have been finally disposed of by the court of last resort, to keep the records or make and file the reports required herein or to comply with the Attorney General's demand to file any additional bond necessary to cover double the amount of taxes, fees and penalties accruing subsequent to the granting of said injunction or in the absence of a bond, to pay, on Monday of each week, into the suspense account of the Treasurer of Texas all taxes, fees and penalties involved in said litigation and thereafter becoming due, and such payments shall be made before said taxes, fees and/or penalties become delinquent. Any proceedings to enjoin the collection of any of the foregoing taxes shall be in a court of competent jurisdiction in Travis County, Texas.

The Attorney General or any State official authorized to enforce the collection of the tax involved may file in the court granting such injunction an affidavit that said applicant has failed to comply with the provisions of this Act or has violated the same. Upon the filing of said affidavit, the clerk of said court shall issue notice to the said applicant to appear before such court upon the date named therein, which shall be within five (5) days from service of such notice or as soon as the court can hear the same, to show cause why such injunction should not be dismissed, which notice shall be served by the sheriff of the county in which the applicant resides or any other peace officer in this State.

In the event the injunction is finally dissolved or dismissed the Treasurer shall make demand upon the applicant and his sureties on any bond filed in lieu of the payment of any taxes, fees and penalties, for immediate payment of said taxes, fees and penalties which if not paid shall be recovered in a suit to be filed by the Attorney General in a court of competent jurisdiction in Travis County, Texas, or any court having jurisdiction. Provided further, that if said injunction is dissolved or dismissed all taxes, fees and penalties or other funds paid into the suspense account of the Treasurer under the provisions of this Act shall be paid to the funds to which said taxes, fees and penalties are allocated. If the
final judgment maintains the right of the applicant to a permanent injunction to prevent the collection of such taxes, the funds so deposited shall be refunded by the Treasurer to said applicant together with any depository interest the Treasurer may have collected for the deposit of such funds.

Each individual, company, corporation or association, owning, operating or managing or controlling any gas, electric light, electric power or water works, or water and light plant, located within any incorporated town or city in this State, and used for local sale and distribution in said town or city, and charging for such gas, electric lights, electric power or water, shall make quarterly, on the first days of January, April, July and October of each year, a report to the Comptroller under oath of the individual or of the president, treasurer or superintendent of such company, corporation or association showing the gross amount received from such business done in each such incorporated city or town within this
State in the payment of charges for such gas, electric lights, electric power or water for the quarter next preceding. Said individual, company, corporation or association, at the time of making said report for any such incorporated town or city of twenty-five hundred (2500) inhabitants and less than ten thousand (10,000) inhabitants, according to the last United States Census next preceding the filing of said report, shall pay to the Treasurer of this State an occupation tax for the quarter beginning on said date equal to seven-tenths of one per cent (0.7 of 1%) of said gross receipts, as shown by said report; and for any incorporated town or city of ten thousand (10,000) inhabitants or more, according to the last United States Census next preceding the filing of said report, the said individual, company, corporation or association, at the time of making said report, shall pay to the Treasurer of this State an occupation tax for the quarter beginning on said date an amount equal to one and three-eighths per cent (1%%) of said gross receipts, as shown by said report.

Nothing herein shall apply to any such gas, electric light, power or water works or water and light plant within this State owned and operated by any city or town, nor to any County or Water Improvement or Conservation District. Nothing herein shall be construed to require payment of the tax on gross receipts herein levied more than once on the same commodity, and where the commodity is produced by one individual, company, corporation or association, and distributed by another, the tax shall be paid by the distributor alone.

No city or other political subdivision of this State, by virtue of its taxing power, police power or otherwise shall impose an occupation tax or charge of any sort for the privilege of doing business upon any person, corporation or association required to pay an occupation tax under this Article, provided that nothing in this Article shall be construed to prohibit the collection of any tax now imposed by a franchise, and provided further that this Article shall not affect any contracts now in existence or hereafter made between a city and the holder of a franchise. As amended Acts 1936, 44th Leg., 3rd C.S., p. 2040, ch. 495, Art. 4, § 3.

Art. 7064. 7376 Occupation Tax, Insurance Companies

Every insurance corporation, Lloyd's, or reciprocals, and any other organization or concern transacting the business of fire, marine, marine inland, accident, credit, title, livestock, fidelity, guaranty, surety, casualty, or any other kind or character of insurance business other than the business of life insurance, and other than fraternal benefit associations, within this State at the time of filing its annual statement, shall report to the Board of Insurance Commissioners the gross amount of premiums received upon property located in this State or on risks located in this State during the preceding year, and each of such insurance carriers shall pay an annual tax upon such gross premium receipts as follows: shall pay a tax of three and twenty-five one hundredths (3.25) per cent, provided, that any such insurance carriers doing two (2) or more kinds of insurance business herein referred to shall pay the tax herein levied upon its gross premiums received from each of said kinds of business; and the gross premium receipts where referred to in this law shall be the total gross amount of premiums received on each and every kind of insurance or risk written, except premiums received from other licensed companies for reinsurance, less return premiums and dividends paid policyholders, but there shall be no deduction for premiums paid for reinsurance. The gross premium receipts, as above defined, shall be reported and shown as the premium receipts in the report to the Board of Insurance Commissioners by the insurance carriers, upon the sworn statements of two (2)
principal officers of such carriers. Upon receipt by the Board of Insurance Commissioners of the sworn statements, showing the gross premium receipts by such insurance carriers, the Board of Insurance Commissioners shall certify to the State Treasurer the amount of taxes due by each insurance carrier, which tax shall be paid to the State Treasurer on or before the 1st of March following, and the Treasurer shall issue his receipt to such carrier, which shall be evidence of the payment of such taxes. No such insurance carrier shall receive a permit to do business in this State until all such taxes are paid. If any such insurance carrier shall have as much as one-fourth of its entire assets, as shown by said sworn statement, invested in any or all of the following securities: real estate in this State, bonds of this State or of any county, incorporated city or town of this State, or other property in this State in which by law such insurance carriers may invest their funds, then the annual tax of any such insurance carriers shall be one and one-fourth (1¼) per cent of its said gross premium receipts; and if any such insurance carrier shall invest as aforesaid as much as one-half of its assets, then the annual tax of such insurance carrier shall be five eighths of one per cent of its gross premium receipts, as above defined. No occupation tax shall be levied on insurance carriers herein subjected to a gross premium receipt tax by any county, city, or town. All mutual fraternal benevolent associations, now or hereafter doing business in this State under the lodge system and representative form of government, whether organized under the laws of this State or a foreign State or country, are exempt from the provisions of this Article. The taxes aforesaid shall constitute all taxes collectible under the laws of this State against any such insurance carriers, except the maintenance tax provided for under Article 4902 and the tax on premiums received under Workmen's Compensation Insurance policies, as provided for in House Bill No. 471, Chapter 25, General and Special Laws, Forty-fifth Legislature, Regular Session¹; taxes provided in House Bill No. 258, Chapter 125, General and Special Laws, Forty-fifth Legislature, Regular Session²; and Senate Bill 77, Chapter 335, General and Special Laws, Forty-fifth Legislature, Regular Session³; and no other tax shall be levied or collected from any insurance carrier by any county, city, or town, but this law shall not be construed to prohibit the levy and collection of State, county, and municipal taxes upon the real and personal property of such carrier. Purely co-operative or mutual fire insurance companies carried on by the members thereof solely for the protection of their own property, and not for profit, shall be exempt from provisions of this law; however, foreign assessment casualty companies admitted to do business in Texas under Chapter 5, Title 78, Revised Civil Statutes of Texas of 1925,⁴ shall also pay a tax of three and twenty-five one hundredths (3.25) per cent of their gross premium receipts from Texas business, as such receipts are herein defined. Provided, however, if any such company shall have an amount equal to one-half of the gross amount of assessments, dues, premiums, or other amounts collected from policyholders within this State during the preceding year, as shown by the sworn statement herein required to be filed, invested in any or all of the above-mentioned securities, then the annual tax of such company shall be two (2) per cent of its said receipts for such preceding period, and if such company shall have invested as aforesaid an amount equal to the gross amount of such receipts for the preceding year, as shown by said sworn statement, then the annual tax of such company shall be one-half of one per cent of its said receipts. As amended Acts 1936, 44th Leg., 3rd
Art. 7064a. Occupation tax, life, health and accident, premiums, reports, exceptions, deductions, domestic companies

Every group of individuals, society, association or corporation domiciled in the State of Texas transacting the business of life, accident, or life and accident, health and accident insurance for profit, or for mutual benefit or protection, shall at the time of filing its annual statement report to the Board of Insurance Commissioners the gross amount of premiums received from or upon the lives of persons residing or domiciled in this State during the preceding year and each of such groups of individuals, society, association, or corporation shall pay an annual tax of one-half of one per cent of such gross premium receipts, provided, however, that this tax shall not apply to local mutual aid associations, or fraternal benefit societies or organizations. Such gross premium receipts so reported shall not include premiums received from other licensed companies for reinsurance, but there shall be no deduction made for premiums paid for reinsurance. If any such group of individuals, society, association, or corporation does more than one kind of insurance business, then it shall pay the tax herein levied upon the gross premium for each kind of insurance written; the provisions of this Act shall not apply to fraternal insurance organizations or societies that limit their membership to one occupation. The report of the gross premium receipts shall be made upon the sworn statement of two (2) principal officers. Deductions from the gross premium receipts shall be allowed any group of individuals, society, association, or corporation of an acquisition cost of all of the first year's premiums, except that on industrial business such companies shall be permitted to deduct one and one-half (1½) times the amount of the first year's premiums as acquisition costs. Upon receipt by it of the sworn statements above provided for, the Board of Insurance Commissioners shall certify to the State Treasurer the amount of taxes due by each of such group of individuals, society, association, or corporation, which tax shall be paid to the State Treasurer on or before the 1st of March following and the Treasurer shall issue his receipt therefor as evidence of the payment of such taxes. No such group of individuals, society, association, or corporation shall receive a permit to do business until all such taxes are paid. The taxes aforesaid shall constitute all taxes and license fees collectible under the laws of this State against any such insurance organizations, except the fees provided for under Article 8920, Revised Civil Statutes of Texas of 1925, as amended by Acts of the Forty-second Legislature of 1931, Chapter 152, Section 1, and no other taxes shall be levied or collected by any county, city, or town except State, county and municipal ad valorem taxes upon the real and personal property of such insurance organizations. As added Acts 1936, 44th Leg., 3rd C.S., p. 2040, ch. 495, art. 4, § 5b, as amended Acts 1937, 45th Leg., p. 525, ch. 258, § 1b, Acts 1939, 46th Leg., p. 640, § 1.

Section 2 of the amendatory act of 1939 declared an emergency and provided that the act should take effect from and after its passage.
Art. 7065a—6. Bond of distributor; approval by Comptroller; deposits in lieu of bond

(a) Before any permit shall be issued and before engaging in the first sale of motor fuel in Texas, every distributor shall execute and file with the Comptroller a good and sufficient surety bond, which shall run concurrently with the permit required of a distributor to be obtained. The said bond shall be signed by said distributor and a good and sufficient surety company or companies authorized to do business in this State to be approved by the Comptroller, in an amount not less than One Thousand ($1,000.00) Dollars nor more than Twenty-five Thousand ($25,000.00) Dollars, payable to the State of Texas, and conditioned upon the full, complete and faithful performance of all the conditions and requirements of the law taxing motor fuel, on a form to be prescribed by the Comptroller with the approval of the Attorney General, expressly providing for the performance of said obligation and the payment of all taxes, costs, penalties and interest at Austin, Texas; provided, however, that in any event the total of all recoveries under such bond for any and all breaches of its conditions occurring at any time while it remains in force to support a permit, shall not exceed the penal sum named therein; provided, further, that any such bond, continuous in form, may be continued in effect by a renewal certificate and, if so continued in effect, shall be sufficient to support the issuance of any new permit; and provided further that the said renewal certificate, as, if and when issued, shall have all the force and effect of an original bond for the calendar year for which said renewal certificate is issued. The amount of any bond required of any distributor shall be fixed by the Comptroller, and subject to the limitations herein provided, additional bond shall be required by the Comptroller at any time an existing bond becomes insufficient, unsatisfactory or unacceptable. However, the distributor may demand a reduction of his bond after six (6) months from the effective date hereof in a sum to be not more than three times the highest tax said distributor has paid for any month during the preceding six (6) months, but which shall never be less than the minimum nor more than the maximum aforesaid. Provided that the Comptroller shall have the authority at his discretion to permit any distributor to make reports and payments at shorter intervals than one (1) month, and in such cases to accept bonds based on the shorter intervals, but expressly provided that no bond accepted by the Comptroller based upon shorter intervals of payment of tax shall ever be less than One Thousand ($1,000.00) Dollars.

(b) The Comptroller shall have the right, if, in his opinion, the amount of any existing bond shall become insufficient, or any surety on a bond shall become unsatisfactory or unacceptable, to require the filing of a new or an additional bond. Should the distributor fail or refuse to supply a new or an additional bond within ten (10) days after demand, the Comptroller shall forthwith cancel said distributor's permit. When said new bond has been furnished, the Comptroller shall cancel the bond for which said new bond is substituted. No recoveries on any bond or execution of any new bond or renewal of a permit shall invalidate any bond. A new bond may be demanded when any new permit is issued or revived, but no revocation or revival shall affect the validity of any bond.

(c) Any surety on any bond furnished by any distributor as above provided shall be released and discharged from any and all liability to the State of Texas accruing on such bond after the expiration of thirty (30) days from the date upon which such surety shall have lodged with the Comptroller written request to be released and discharged. Provided however, that
such request shall not operate to relieve, release or discharge such surety from any liability already accrued, or which shall accrue before the expiration of said thirty (30) day period. The Comptroller shall promptly on receipt of notice of such request notify the distributor who furnished such bond, and unless such distributor shall on or before the expiration of such thirty (30) day period, file with the Comptroller a new bond with a surety company duly authorized to do business under the laws of the State, in the amount and form hereinbefore in this Act provided, the Comptroller shall forthwith cancel the license of said distributor. If such new bond shall be furnished by said distributor as above provided, the Comptroller shall cancel and surrender the bond for which such new bond is substituted.

(d) That in lieu of giving a bond, any distributor may deposit in the Suspense Account of the State Treasury, money in the amount of the bond that may be required, which shall never be released until securities are substituted for the same or a bond executed in lieu thereof, or until the Comptroller has made a complete and thorough investigation and authorized the same to be released; and provided, in lieu of cash or the bond required by this Act, such distributor may deposit securities with the Comptroller, that shall be acceptable to him. Said securities shall be placed in the Treasury as other securities, but in all events shall be of the same class as the funds of the University of Texas may be legally invested in. Provided however, that if, in the opinion of the Comptroller, the cash or securities so deposited shall become insufficient for the purpose for which they were deposited, he shall demand additional cash or securities, and upon the failure or refusal of distributor to supply the additional cash or securities within ten (10) days after demand, the Comptroller shall forthwith cancel the distributor's permit.

Providing when default of payment of taxes is made by any distributor who has money and/or securities deposited with the State Treasurer in lieu of a bond as herein provided, suit shall be instituted by the State and after the State has established its debt for delinquent taxes by judgment of Court, money on deposit in suspense account shall be withdrawn therefrom and shall be used to pay off and satisfy such judgment, and provided further, if securities are on deposit with the State Treasurer, such securities shall be sold by the Comptroller, and the proceeds of sale shall be used in paying off and satisfying said judgment.

Provided, further, in event a distributor enters into written agreement to pay taxes levied under the provisions of this Act at intervals or dates more frequent than monthly, failure to comply with such written agreement shall constitute sufficient cause for cancellation of permit forthwith by the Comptroller. Written notice mailed to the distributor at the address reflected in the application for permit, or delivered in person by a representative of the Comptroller, to agents in charge shall be considered as sufficient notice of such cancellation. As amended Acts 1939, 46th Leg., p. 635, § 1.

Section 2 of the amendatory Act of 1939 repeals all conflicting laws and parts of laws; Section 3 declared an emergency and provided that the Act should take effect from and after its passage.

Art. 7065a—7. State's lien on property of distributor for taxes, fines, etc.

All taxes, fines, penalties and interest due by any distributor to the State shall be a preferred lien, first and prior to any and all other existing liens, contract or statutory, legal or equitable, and regardless of the time such liens originated, upon all the property of any distributor, devoted to or used in his business as a distributor, which property shall include refinery, blending plants, storage tanks, warehouses, office buildings and equipment, tank
trucks or other motor vehicles, stocks on hand of every kind and character whatsoever used or usable in such business, including crude oil or other materials for the manufacture, refining, blending or compounding of motor fuels and the refined products therefrom and the proceeds from the sale of such materials and refined products, and any other property of every kind and character whatsoever and wherever situated devoted to such use, and each tract of land on which such refinery, blending plant, tanks or other property is located, or which is used in carrying on such business.

If any distributor shall fail to remit proper taxes due, the Comptroller may employ auditors or other persons to ascertain the correct amount due, and if such taxes have not been properly remitted, the distributor shall pay the reasonable expenses incurred in such investigation and audit as additional penalty. Provided however, that all funds paid to the auditors of the Comptroller as expenses incurred in making audits, shall be placed in a special fund in the State Treasury, which shall be used until exhausted for making other audits, and said sums are hereby appropriated for that purpose. Provided, that nothing herein shall prevent the Comptroller, when said fund is exhausted, from using other funds available for that purpose.

When it shall appear that a distributor or taxpayer to whom the provisions of this Act shall apply has erroneously reported and paid more taxes than were due during any taxing period, either on account of a mistake of fact or law, it shall be the duty of the State Comptroller to credit the total amount of taxes due by such taxpayer for the current period with the total amount of taxes so erroneously paid. As amended Acts 1939, 46th Leg., p. 507, § 2.

For sections 4-6 of the amendatory Act of 1939, see article 7065a—13.

Art. 7065a—12. Records of common carriers, access to; monthly reports; manifests; stopping motor fuel carriers to examine manifests.

(a) Every common carrier in this State having the custody of books or records showing the transportation of motor fuel both interstate and intrastate shall give and permit the Comptroller or his duly authorized representative free access to such books and records.

(b) All persons operating trucks, pipelines and other conveyances as common carriers in the transportation of motor fuel into and from this State, exclusive of railroads, shall render a sworn report to the Comptroller not later than the 20th of each month, showing a description of the truck or other conveyances in which the same was transported on such forms as shall be prescribed by the Comptroller, which was transported by such persons during the preceding month. There shall also be included in said report full data concerning the diversion of shipments enroute as amount to a change from interstate to intrastate and intrastate to interstate commerce. Such report shall show the points of origin and destination, the number of gallons shipped, the date, the consignee and the consignor and the kind of motor fuel. All persons operating railroads as common carriers in the transportation of motor fuel into and from this State; shall, as and when requested by the Comptroller, and in such form as may be prescribed, render, not later than the 20th of the following month, a sworn report for the preceding month, or for such other period or periods as may be requested, showing a description of the tank car or other conveyance in which the same was transported and shall render such other information concerning diversion of or change of shipments enroute from interstate to intrastate commerce or intrastate to interstate commerce, as may be required
by the Comptroller. Provided that no report be made by any such persons transporting motor fuel in quantities of less than twenty (20) gallons.

(c) All carriers, excepting railroads and pipelines, shall carry manifest issued by distributors or dealers in compliance with Section 8(b) of House Bill 247, Chapter 44, General Laws of the Regular Session of the Forty-third Legislature, as amended by House Bill No. 749, Chapter 240, General Laws of the Regular Session of the Forty-fourth Legislature. All records provided for in this Act shall be kept by said carrier in Texas for a period of two (2) years, and shall at all times be subject to the inspection of the Comptroller or Attorney General or their authorized representatives.

In order to enforce the provisions of this Act, the Comptroller, his Tax Supervisors, or other authorized representatives, any Highway Patrolman, Sheriff, Constable and his deputies, and all other peace officers are empowered to stop any motor vehicle which might appear to be transporting motor fuel or other derivatives of crude petroleum or its products as cargo for the purpose of examining the manifest required to be carried, for examination of the commodity in transit, to take samples of the cargo, and for such other investigations as could reasonably be made to determine whether the cargo was motor fuel or other derivatives of crude petroleum or its products, and whether manifest indicated that the State tax was a part of the consideration involved in the sale or distribution of any motor fuel carried. If, upon said examination, it is found that the driver of any such motor vehicle transporting motor fuel does not possess or refuses to exhibit a manifest required herein, or if said manifest carried is false or incomplete said authorized officers shall impound and take possession of the said motor vehicle and its contents, and unless proof is produced, within seventy-two (72) hours from the beginning of such impoundment, that the motor fuel has been sold with the State tax as a part of the consideration therefore, the Sheriff or the Constable of the County in which said impoundment is made shall proceed to sell the said motor fuel in the manner provided by law for the sale of personal property under execution in this State. Upon said sale the Sheriff or Constable shall first pay to the Comptroller or his authorized representative the State tax due upon said motor fuel. The Sheriff or Constable shall receive such fees as are now allowed by law in the sale of personal property under execution in this State for the services rendered by him. The balance of said sum shall be turned over to the rightful owner of said motor fuel after deducting the reasonable expenses incurred in impounding and selling the same. Provided in the event a distributor or dealer is transporting motor fuel from his own storage under circumstances in which no sale is involved, the manifest of said motor fuel shall be exhibited showing such fact.

(d) Any person violating any provision of this section shall be liable for the penalty described in Section 9, House Bill No. 247, Chapter 44, General Laws of the Regular Session of the Forty-third Legislature, as amended by House Bill No. 749, Chapter 240, General Laws of the Regular Session of the Forty-fourth Legislature. Provided no report or information is required herein, the requiring of which would be a violation of the laws and Constitution of the United States or Texas, or an unlawful burden on interstate or foreign commerce. As amended Acts 1939, 46th Leg., p. 507, § 3.

Art. 7065a-13. Exemptions and refunds; license to handle exempt fuel; payments into Highway Motor Fuel Tax Fund

(a) Any person who purchases motor fuel in the State of Texas, and any distributor who appropriates motor fuel for use when such motor fuel purchased by such person or used by such distributor for operating or propelling any stationary gas engine or tractor used for agricultural purposes, motor boats, air craft, or for any purpose other than use in a motor vehicle operated or intended to be operated in whole or in part upon any of the public highways, roads, or streets of the State of Texas on which motor fuel tax has been paid, either directly or indirectly, shall be refunded the amount of such taxes so paid by the distributor, exclusive of the deduction for evaporation and loss in the manner and subject to the limitations and conditions described herein. Provided, however, that no greater amount shall be refunded than has been paid into the State Treasury on any motor fuel. The tax actually paid by any distributor or person shall be refunded as provided herein on motor fuel not subject to the tax.

(b) Any person or distributor desiring to appropriate or sell motor fuel on which a refund of the tax is authorized by this Act shall, before making such appropriation or sale, make application to the Comptroller of Public Accounts, upon forms to be prescribed by the Comptroller and containing such information as the Comptroller may require, for a license to sell such motor fuel; and it shall be unlawful for any person to sell or appropriate any motor fuel upon which a refund of the tax will be made, or is intended to be made, without first having obtained from the Comptroller of the State of Texas a license to sell or appropriate such motor fuel.

A separate application shall be made to the Comptroller by such person or distributor for each place of business from which refund motor fuel is to be sold or distributed by such person or distributor, and the Comptroller shall issue a separate license for each such place of business. The Comptroller shall examine each application for license received by him, and, if found in due form, and if within the discretion of the Comptroller the applicant is entitled to such license, the same shall be issued. When such application is approved by the Comptroller the applicant for license shall be required to file oath with the Comptroller that he will faithfully perform and comply with the statute making provision for the sale and distribution of motor fuel subject to a refund of the motor fuel taxes. Each license issued hereunder shall remain in full force and effect until the first day of March following its date of issue, and annually on the first day of March each applicant, person or distributor, desiring to sell or appropriate motor fuel upon which a refund of the tax is authorized must obtain from the Comptroller a license, or a renewal of his existing license, to sell such motor fuel as herein provided. Any license issued hereunder is not transferable unless such transfer is authorized by the Comptroller. Any person who sells motor fuel upon which a refund of the tax may be authorized, or is claimed, under the provisions of this Act, without having obtained a license, as provided for under this Act, shall be guilty of a misdemeanor and upon conviction shall be liable in any sum not to exceed One Thousand ($1,000.00) Dollars, or by a jail sentence not to exceed six (6) months in jail, or by both such fine and jail sentence.

Any person licensed under the provisions of this Act shall be required to maintain the records prescribed in Section 8(b) of House Bill No. 247, Chapter 44, Acts of the Regular Session of the Forty-third Legislature, as amended by House Bill No. 749, Chapter 240, Acts of
the Regular Session of the Forty-fourth Legislature, and in addition thereto shall affix his license number to any invoice of exemption he may issue under the provisions of this Act.

The Comptroller shall prescribe the form of license to be used under this Act, and shall have authority, and it shall be his duty, to revoke and cancel any license issued hereunder when the licensee violates any section of this Act. And, in the event the Comptroller does revoke a license, then all books containing invoices of exemption held by such licensee shall be accounted for and surrendered to the Comptroller.

No refund of the tax shall be granted on any motor fuel to any person, claimant, firm, corporation, or otherwise, unless such motor fuel has been purchased from or used by a licensed distributor as provided for in this Act; and the Comptroller is hereby prohibited from issuing warrant in payment of any refund of the tax on any motor fuel not purchased from a licensed dealer, except refund on motor fuel exported or lost by accident, or used by distributor for refund purposes.

(c) Upon each delivery by licensee, or upon each appropriation for use of motor fuel upon which a refund of the tax may be claimed, an invoice of exemption shall be made out at the time of such delivery, or of such appropriation for use, which invoices of exemption shall state: the number of the license of the licensee; the number of gallons of motor fuel thus delivered or appropriated; the purpose for which such motor fuel will be used, or is intended to be used; the date of purchase, and the date and place of delivery, or appropriation; the name of the purchaser or user; the name of the agent or employee actually making the purchase, or appropriation, if any; the seller and place of business of seller; the manner of delivery. And the said invoice of exemption shall show thereon such other information as the Comptroller may require; and no refund shall be allowed unless the seller or licensee, at the time of any such delivery, or appropriation for use, and not thereafter, executes such an invoice of exemption as provided above.

And provided, further, that the person selling such motor fuel, or the licensee, in issuing invoices of exemption to the user of such motor fuel, shall make such invoices in duplicate, the duplicate of which shall be delivered to the user of such motor fuel, and the original shall be retained by the licensee for a period of two (2) years, at the place of business designated in the dealer's license, in the same manner and subject to the same examination as required of other records of motor fuel to be kept.

Each invoice of exemption issued by licensee shall be issued at the time of delivery by the licensee, or his employee, and shall also be signed by the user of such motor fuel, or by his duly authorized agent. The licensee or employee of licensee shall not sign for the purchaser when issuing the invoice of exemption.

(d) When a claimant purchases or acquires for use motor fuel upon which a refund of the tax may be due, he shall within six (6) months from the date of purchase of motor fuels upon which a refund is claimed, and not thereafter, file with the Comptroller an affidavit, on such forms as may be prescribed by the Comptroller. Said affidavit shall include a statement as to the source or place of purchase or acquisition of such motor fuel used for purposes other than in propelling motor vehicles over the highways of this State; that the information stated in the attached duplicate copy of the invoice of exemption is true and correct, and the manner in which said motor fuel was used, and that no part of said motor fuel was used in propelling motor vehicles over the high-
ways of this State. Said affidavit shall be accompanied by the duplicate copy of the invoice of exemption above referred to, and the Comptroller may require other affidavits in such form and time as he may deem advisable, and if he finds that such claims are just, and that the taxes claimed have actually been paid, then he shall within sixty (60) days issue warrant or warrants for the amounts due claimant, but no warrant shall be paid by the State Treasurer after twelve (12) months from the date thereof, and if such warrant is not presented within twelve (12) months from the date thereof, claimant shall forfeit his right to the refund.

No refund shall be made where motor fuel is used later than six (6) months from the date of purchase, or appropriation, and no refund shall ever be made where it appears from the invoice, or from the affidavits, or other evidence submitted, that the sale or purchase was made more than six (6) months prior to the date of filing of the application for refund. The date of filing shall be the day such claim is actually received in the Comptroller's office.

No refund of the tax shall be allowed on motor fuel used in any registered or licensed motor vehicle or in any motor vehicle operated or intended to be operated in whole or in part upon any of the highways, roads and streets of this State.

(e) When the Comptroller has issued license to any person desiring to sell or distribute motor fuel upon which a refund of the tax is authorized, or upon which a claim is to be filed for a refund of the tax, the Comptroller shall issue to such licensee a book, or books, of blank invoices of exemption, which invoices shall be serially numbered, and an original and a duplicate of each invoice shall be made. The Comptroller shall keep accurate records of the number of books of invoices of exemption issued and furnished to each licensee, and the licensee shall, at all times, account for all such books of invoices of exemption so received by him. Any invoices of exemption mutilated or unusable must be returned to the Comptroller by the licensee for credit to his account, and any unissued invoice of exemption lost or destroyed must be reported to the Comptroller by such licensee. The Comptroller shall not issue any additional books of invoices of exemption to a licensee until such licensee has made proper accounting for each invoice of exemption theretofore issued him. The books of invoices of exemption issued to a licensee are not transferable or assignable by such licensee unless such transfer or assignment is authorized by the Comptroller; and failure by such licensee to make proper accounting for all invoices of exemption issued to him by the Comptroller shall be cause for the revocation of his license.

If the duplicate invoice of exemption retained by purchaser is lost, or destroyed, by purchaser, such purchaser may make application to the Comptroller for forms to be used in lieu of lost duplicate.

The invoices of exemption required by this Act shall be furnished, free of cost, by the Comptroller to the licensee. And no forms of invoice of exemption shall be used by the dealer or user of refund motor fuel other than those issued and furnished by the Comptroller.

(f) All filing fees shall be paid into the State Treasury and be paid out on vouchers and warrants in such manner as may be prescribed by law.

(g) All the moneys paid into the Treasury under the provisions of this Act, except the filing fees provided herein, shall be set aside in a special fund to be known as the Highway Motor Fuel Tax Fund and no part of said fund shall be credited to the Available School Fund until
a report is made by the Comptroller to the Treasurer, showing the total maximum amount of refunds that may be required to be paid by the State out of said funds. The Comptroller shall on the 20th day of each month, or as soon thereafter as is possible, compute and ascertain the maximum amount of funds that may be due by the State on sale of motor fuel during the preceding month, and upon which a refund may be due, and shall certify to the Treasurer the maximum amount, and the Treasurer shall reserve said amount each month out of which to pay refunds, and shall not distribute that part of said fund until the expiration of the time in which a refund can be made out of said fund, but as soon as said report has been made by the Comptroller, and the maximum amount of refunds determined, he shall deduct said maximum amount from the total taxes paid for such month, and apply the remainder of such as provided by law. A full statement of facts authorizing deductions must be made in duplicate under oath by the executor, administrator, or trustee, and one copy filed with the County Clerk and the other with the Comptroller, before any deductions will be allowed. The appraisers, being first sworn, shall forthwith give notice to all persons known to have any claim or interest in the property to be appraised, including the Comptroller of Public Accounts, the executor, administrator, or trustee, of the time and place when they will appraise the same. At such time and place, said appraisers shall appraise such property at its actual market value if it has a market value, and in case it has none, then its real value at the time of the death of the decedent, and shall thereupon make a report thereof in writing to said County Judge and Comptroller, who shall file and keep such report. If the same decedent shall leave property taxable hereunder to more than one person, said appraisement and report shall be made for the property of each of such persons. Each appraiser shall be paid, on the certificate of the County Judge, Five Dollars ($5) for each day employed in such appraisal, together with his actual necessary expenses incurred therein. Where appraisers have been appointed under the provisions of this Act to appraise the assets of an estate for inheritance tax purposes and have made their return in accordance with the provisions of this Act to the County Judge, should there be any part of the estate valued too high or too low, as the case may be, or any other cause in the opinion of the Comptroller or the interested party or parties of said estate that the same has not been appraised in accordance with the Law governing the appraisal of same, the party or parties may within ten (10) days after the filing of the return of such appraisement, file with the County Judge a motion in writing setting forth the cause or causes wherein they complain as to the report of the appraisers, and the County Judge shall immediately give notice in writing to the Comptroller of Public Accounts and other interested parties of such complaint and set such motion down for a hearing not later than ten (10) days from the date the same was filed, and upon hearing thereof, if good and sufficient cause be shown, he may set aside such report of appraisement, and the same shall be held null and void, and proceed to appoint another set of appraisers as the Law provides, and in the event he overrules said motion to set aside such report of appraisement, then in that event, said party shall have the right to appeal the same to the District Court of the county wherein the administration of the estate is being held, or if there be no administration, or if it be a nonresident estate, then in the county wherein the principal part of the estate is located, within twenty (20) days by giving notice of appeal; and the District Court shall hear and try the same.
Art. 7131. Fixing tax; suspension pending appeal
   a. Immediately after the filing of the appraisal report, or as soon thereafter as practical, the County Judge shall calculate and determine the tax due on such property, according to the value thereof as shown in such appraisal, and shall furnish a statement of the same to the Comptroller for verification. If the Comptroller finds the tax to be correct, he shall so advise the County Judge, whereupon it shall immediately become the duty of the County Judge to certify such amount to the collector of taxes, to the executor, administrator, or trustee, and to the person to whom, or for whose use, the property passes, and said tax shall be a lien upon such property from the death of the decedent until paid.
   b. Provided in any case where an appeal has been taken from the report of appraisal, as provided in Article 7130, the assessment of the inheritance tax by the County Judge, as provided in Paragraph a, above, shall be suspended until such time as the matters in controversy shall have been finally adjudicated and the County Judge shall reassess the tax in accordance with the new appraisal. As amended Acts 1939, 46th Leg., p. 646, § 4.

Art. 7135. Final accounts
   No final account of any executor, administrator, or trustee shall be allowed by the County Judge unless such account shows and said Judge finds that all taxes imposed under this Law on any property or interest passing through his hands as such have been paid. Neither shall the County Judge close any estate, or permit the delivery of any property to the legatee or heir without first ascertaining whether or not a tax is due under this Chapter, and if no tax is due, such fact must be shown by an instrument in writing, approved by the State Comptroller of Public Accounts, filed with the final papers closing said estate. Provided, however, the Comptroller shall have the authority to grant an extension of six (6) months before any estate shall be charged any penalty or interest. Art. 7294a. Donation of one-half State ad valorem taxes to counties for five year period; payment over to county treasurer

Section 1. That for a period of five (5) years, beginning with the taxable year 1940, there is hereby donated and granted by the State of Texas to each respective county of this State, one-half (1/2) of the State ad valorem taxes collected for general revenue purposes upon the property and from the persons in each respective county, except as hereinafter provided, including ad valorem taxes on the rolling stock belonging to railroad companies, which shall be ascertained and apportioned as now provided by law. The taxes hereby donated and granted shall be levied and assessed and collected as now provided by law, except that the Assessor and Collector of Taxes in each respective county shall forward his reports to the Comptroller of Public Accounts as provided by law and shall pay over to the Treasurer of the county, one-half (1/2) of all moneys collected by him at the end of each month and during the period covered by this donation, except such amounts as are allowed by law for assessing and collecting the same, and shall forward a duplicate copy of the receipt given him by the County Treasurer for said money to the Comptroller.

If the donation, grant or remission to such entity be less than one-half (1/2) of the taxes, then as to such area this Act shall remit the difference between the remission, grant or donation heretofore made and one-half (1/2) of the taxes collected in such area; and after the expiration of such grant, donation or remission heretofore made, if such expires prior to the expiration of this Act, this Act shall remit one-half (1/2) of the taxes collected in such area for the remainder of the life of this Act.

Where a donation, remission or grant has been heretofore made in an area which is less than the entire county, then this Act shall remit, donate and grant one-half (1/2) of the ad valorem taxes collected in such county outside of such area for the life of this Act.

In counties wherein taxes have been donated or granted heretofore to any authority, and which donation and grant is contingent upon an allocation of a Federal grant, and is not yet effective, such donation and grant by the State heretofore made shall take precedence over the provisions of this Act to the extent of any conflict herewith.

The term, "donation, grant or remission heretofore made" or words of similar import shall include remissions, donations or grants made by the Regular Session of the Forty-sixth Legislature.

**Purposes for which taxes donated may be used**

**Commissioners' courts, authority to contract**

Sec. 4. The Commissioners' Courts are further authorized, out of any of the taxes herein donated and granted to their respective counties, to contract with the Governing Board of any River Authority or Water Improvement District, which may include all or any part of such county,
to perform construction works for such River Authority or Water Improvement District, or to set aside any part, or all, of the taxes herein donated and granted to such county, for the use of such River Authority or Water Improvement District in retiring its bonded indebtedness, or for the use of such River Authority or Water Improvement District in carrying out any other purpose or purposes for which such River Authority or Water Improvement District was created.

**Purpose of act**

Sec. 5. The intent and purposes of this Act are to donate to the respective counties of this State that part of the State ad valorem tax donated herein, levied, assessed and collected on the property and from the inhabitants of each respective county to be used by said counties for the purposes hereinbefore set out, and it is hereby declared that the provisions of this Act are authorized under Sections 7 and 8 of Article 11 and Section 59 of Article 16 of the Constitution of the State of Texas. Acts 1939, 46th Leg., p. 668.

Section 6 reads as follows: "If any section, subsection, paragraph, clause, sentence, or word of this Act or the application thereof to any person or circumstance is held invalid, such holding shall not affect the validity of the remaining provisions of this Act; and this Legislature hereby declares that it would have passed such remaining portions despite such invalidity."

Section 7 declared an emergency and provided that the Act should take effect from and after its passage.

Sec. 3. The Assessor and Collector of Taxes of the Counties hereinafter named shall make an itemized report under oath, showing the valuation fixed by the Board of Equalization on such lands and the amount of the county ad valorem taxes that would accrue thereon, as approved by Commissioners' Court, were they not exempt by reason of purchase or lease by the Federal Government, based upon such valuations and fixed at the prevailing rate for the county ad valorem taxes on lands similarly situated. The Assessor and Collector of Taxes shall show in said report the total amount of county ad valorem taxes which would have been assessed against all lands within said county owned or leased by the Federal Government, and shall forward said report to the Comptroller of Public Accounts at Austin.

The taxes hereby donated shall be levied and collected as now provided by law except that the Assessor and Collector of Taxes in each respective County shall forward his report to the State Comptroller of Public Accounts as provided by law, and shall pay over to the Treasurer of each respective County all moneys collected by him at the end of each month, except such amounts as are allowed by law for collecting and assessing the same; and shall forward a duplicate copy of the receipts given him by the County Treasurer for said money to the Comptroller.

The taxes herein donated, and granted to the Counties herein are hereby allocated to the Commissioners' Court of the respective Counties herein named to be used by said Commissioners for the purpose of carrying on the governing activities of the County, public improvements, and discharge of any County or Precinct indebtedness, and may be by said Commissioners' Court allocated to any other political subdivision of the County which has sustained loss as a result of the Federal Government purchasing land within the said political subdivision.

Sec. 6. It is expressly provided, however, in this Act that if and when the Federal Government shall reimburse the Counties named in Section 1 of this Act for the amount of taxes lost to said Counties, this Act upon receipt of such reimbursements shall, as to the County or Counties receiving such reimbursements, become null and void, and of no further force and effect; it being the purpose of this Act to relieve such Counties from loss until reimbursement occurs.

Sec. 7. That if any section, clause, paragraph, or sentence of this Act shall be declared unconstitutional, it is hereby declared to be the intention of the Legislature that the remainder of such Act shall remain in full force and effect. Acts 1939, 46th Leg., Spec.L., p. 987.

Art. 7336. 7692 Penalty

(a) If any person shall pay, on or before November thirtieth of the year for which their assessment is made, one-half (1/2) of the taxes imposed by law on him or his property, then he shall have until and including the thirtieth day of the succeeding June, within which to pay the other one-half (1/2) of his said taxes without penalty or interest thereon.

If said taxpayer, after paying said one-half (1/2) of his taxes on or before November thirtieth, as hereinbefore provided, shall fail or refuse to pay, on or before June thirtieth next succeeding said November, the other one-half (1/2) of his said taxes, a penalty of eight (8%) per cent of the amount of said unpaid taxes shall accrue thereon.

Tex.St.Supp.'39—64
If any person fails to pay one-half (1/2) of the taxes, imposed by law upon him or his property, on or before the thirtieth day of November of the year for which the assessment is made, then unless he pays all of the taxes (imposed by law on him or his property), on or before the thirty-first day of the succeeding January, the following penalty shall be payable thereon, to-wit: During the month of February, one (1%) per cent; during the month of March, two (2%) per cent; during the month of April, three (3%) per cent; during the month of May, four (4%) per cent; during the month of June, five (5%) per cent; and on and after the first day of July, eight (8%) per cent.

(b) All poll taxes and all ad valorem taxes, unless one-half (1/2) thereof have been paid on or before November thirtieth as hereinabove provided, shall become delinquent if not paid prior to February first of the year next succeeding the year for which the return of the assessment rolls of the county are made to the Comptroller of Public Accounts. If one-half (1/2) of said ad valorem taxes have been paid on or before the thirtieth day of November as herein provided, the remaining one-half (1/2) of such taxes shall be delinquent if not paid before the first day of July of the year next succeeding the year for which the return of the assessment rolls of the county are made to the Comptroller of Public Accounts.

(c) If one-half (1/2) of such ad valorem taxes have been paid on or before November thirtieth of the year in which the same are assessed, the discounts herein provided for shall be effective and shall apply to the last half of the ad valorem taxes if paid ninety (90), sixty (60), and thirty (30) days, respectively, prior to the first day of July, when the same become delinquent as herein provided; but such discount shall not apply to the first half of such taxes if the same have been paid on or before November thirtieth of the year in which such assessment is made.

(d) All delinquent taxes shall bear interest at the rate of six (6%) per cent per annum from the date of their delinquency. All penalties and interest provided for in this Act shall, when collected, be paid to the State, counties, and districts, if any, in proportion to the taxes upon which the penalty and interest are collected. All discounts provided for in this Act shall, when allowed, be charged to the State, counties, and districts, if any, in proportion to the taxes upon which such discounts are allowed.

(e) The Assessor and Collector of Taxes shall, as of the first day of July of each year for which any State, county and district taxes for the preceding year remain unpaid, make up a list of the lands and lots and/or property on which any taxes for such preceding year are delinquent, charging against the same all unpaid taxes assessed against the owner thereof on the rolls of said year.

Penalties, interest and costs accrued against any land, lots and/or property need not be entered by the Assessor and Collector of Taxes on said list, but in each and every instance all such penalties, interest and costs shall be and remain a statutory charge with the same force and effect as if entered on said list, and the Assessor and Collector of Taxes shall calculate and charge all such penalties, interest and costs on all delinquent tax statements or delinquent tax receipts issued by him.

Said list shall be made in triplicate and presented to the Commissioners' Court for examination and correction, and after being so examined and corrected said list in triplicate shall be approved by said Court. One copy thereof shall be filed with the County Clerk or Auditor, one copy retained and filed by the Assessor and Collector of Taxes,
and one copy forwarded to the Comptroller with the annual settlement report of the Assessor and Collector of Taxes. Said list, as compiled by the Assessor and Collector of Taxes, and corrected by the Commissioners' Court, or the rolls or books on file in the office of the Assessor and Collector of Taxes, shall be prima facie evidence that all the requirements of the law have been complied with by the officers of courts charged with any duty thereunder, as to regularity of listing, assessing, and levying all taxes therein set out, and that the amount assessed against said real estate is a true and correct charge. If the description of the real estate in said list or assessment rolls or books is not sufficient to identify the same, but there is a sufficient description of the inventories in the office of the Assessor and Collector of Taxes, then said inventories shall be admissible as evidence of the description of said property.

The Comptroller of Public Accounts shall prescribe suitable forms to be used by the Assessor and Collector of Taxes for noting thereon the payment of taxes in semi-annual installments. He shall also prescribe suitable forms for receipts, reports and for any other purpose necessary in carrying out the provisions of this Act.

This provision is cumulative of all other provisions of the Statutes of the State prescribing the duties of the Comptroller of Public Accounts. As amended Acts 1939, 46th Leg., p. 654, § 3.

Acts 1939, 46th Leg., Spec.L., p. 968.

Art. 7345b. Suits for delinquent taxes by taxing units—"tax units" defined

Section 1. For all purposes of this Act, the term "taxing units," shall include the State of Texas or any town, city or county in said State, or any corporation or district organized under the laws of the State with authority to levy and collect taxes.

Imploding other taxing units having tax claims; service on State and other taxing units; waiver of service; notice of suit

Sec. 2. In any suit hereafter brought by or in behalf of any taxing unit as above defined, for delinquent taxes levied against property by any such taxing unit, the plaintiff may implead as parties defendant any or all other taxing units having delinquent tax claims against such property, or any part thereof, and it shall be the duty of each defendant taxing unit, upon being served with citation as provided by law to appear in said cause and file its claim for delinquent taxes against such property, or any part thereof. It shall be sufficient service upon the State of Texas in any county in such suit to serve citation upon the County Tax Collector charged with the duty of collecting such delinquent taxes due the State and county against such property and it shall be sufficient service upon any other taxing unit to serve citation upon the officer charged with the duty of collecting the taxes of such taxing unit or upon the Mayor, President, or Chairman or the governing body of such taxing unit, or upon the Secretary of such taxing unit. Any taxing unit having any claim for delinquent taxes against such property may waive the issuance and service of citation upon it.

It shall be mandatory upon any such taxing unit so filing such suit or suits, in all cases where all other taxing units are not impleaded to notify all such taxing units not so impleaded of the filing of such suit or suits, such notice to be given by depositing in the United States mail a registered letter addressed to such taxing unit or units giving the name or names of the plaintiff and defendants, the Court where filed, and a short description of the property involved in said suit so that such taxing units not impleaded may have the opportunity to intervene as herein provided.

Parties; issuance and service of process

Sec. 3. The laws governing ordinary foreclosure suits in the District Courts of this State shall control the question of parties, issuance, and service of process and other proceedings in tax suits, save and except as herein otherwise provided. The following special provisions shall apply to and govern the question of parties and issuance and service of process in tax suits:
(a) When the names of the owner or owners of the property against which foreclosure of the tax lien is sought are unknown to the attorney filing the suit for the plaintiff taxing unit, such unknown owner or owners may be made parties and given notice under the designation "unknown owner or owners of the hereinafter described land"; provided, however, that record owners of the property or any interest therein, including record lien holders, shall not be included in the designation of "unknown owners"; and persons within a period of five (5) years next preceding the filing of the suit, shall not be included in the designation of "unknown owners." When the owner of the property is deceased, and the names of the heirs of such former owner are unknown to the attorney filing the suit for the plaintiff taxing unit, such unknown heirs may be made parties and given notice under the designation of "unknown heirs" of such deceased person, subject to the same provisions and restrictions as above set out with reference to making parties under the designation of "unknown owner or owners."

(b) Where any defendant in such suit is a resident of the State of Texas and his residence is known to the attorney filing said suit, process shall issue for service on such defendant and be served and returned as directed by Articles 2021 to 2034, inclusive, of the 1925 Revised Civil Statutes of the State of Texas. Provided, however, that a statement of the nature of the cause of action conforming to the requirement for notices by publication as hereinafter set forth in paragraph (d) below shall be sufficient in such citation, when required.

(c) Where any defendant in such suit is absent from the State or is a nonresident of the State, it shall be sufficient to serve said defendant with notice accompanied by a certified copy of plaintiff's petition as provided in Article 2037 of the 1925 Revised Civil Statutes of the State of Texas, and it shall be sufficient to serve such notice in the manner provided in Article 2038 of the 1925 Revised Civil Statutes of the State of Texas, or in the alternative, service may be had on such defendant by publication as provided in Section 3(d) hereof.

(d) Where any defendant in such suit is a nonresident of the State, where the names of the owner or owners of said property are unknown to the attorney filing the suit for the plaintiff taxing unit, where the residence of any defendant is unknown to such attorney, and where the names of the defendant heirs of any deceased person are unknown to such attorney, and such facts are recited in the petition, service of notice by publication is hereby authorized in each and all of such cases, and all defendants of classes enumerated just above may be joined in one notice; and where service is had by publication, such notice shall be directed to the defendants by name, or by designation as hereinafter provided, and shall be issued and signed by the clerk. Such notices for publication shall be sufficient if they contain the number and style of the case, the names of all parties plaintiff, intervenors and defendants, the Court in which the suit is pending and when to appear and defend the suit, which shall be the first day of the next term of the Court in which the suit is filed; and, as a statement of the nature of the suit, such notices shall show the amount of the taxes alleged to be due each plaintiff and intervenor, exclusive of interest, penalties, and costs, and shall recite that all interest, penalties, and costs allowed by law are included in the suit, a brief general description of the property, and shall also contain, in substance, a recitation that each party to such suit shall take notice of, and plead and answer to, all claims and pleadings then on file or thereafter filed in said cause by all other parties therein. Such notices shall be published in some newspaper published
in the county in which the property is located one time a week for two (2) consecutive weeks, the first publication to be not less than fourteen (14) days prior to the first day of the term of Court to which returnable; and the affidavit of the editor or publisher of the newspaper giving the dates of publication, together with a printed copy of the notice as published, attached to such notice, shall constitute sufficient proof of due publication when returned and filed in Court. If there is no newspaper published in the county, then said publication may be made in a newspaper in an adjoining county. A maximum fee of Two and One-half (2½) Cents per line (6 words to count for a line) for such insertion may be taxed for publishing said notice. If the publication of such notice cannot be had for such fee, then service of the notice herein provided may be made by posting a copy at the Courthouse door of the county in which the suit is pending, such notice to be posted at least fourteen (14) days prior to the first day of the term of Court to which it is returnable. When notice is given as herein provided it shall be sufficient, and no other form of citation or notice shall be necessary on such defendants.

(e) Any process authorized by this Act may issue jointly in behalf of all taxing units who are plaintiffs and/or intervenors in any suit. After citation and/or notice has been given on behalf of any plaintiff and/or intervenor taxing units, the Court shall have jurisdiction to hear and determine the tax claims of all taxing units who are parties plaintiff, intervenor or defendant at the time such process is issued; and any taxing unit that has been made a party defendant to such suit may by answer or intervention set up and have determined its tax claims without the necessity of further citation or notice to any parties to such suit. As amended Acts 1939, 46th Leg., p. 661, § 1.

Pleading and answering to claims filed

Sec. 4. Each party to such suit shall take notice of, and plead and answer to, all claims and pleadings then on file or thereafter filed in said cause by all other parties therein, and the citation upon each defendant shall so recite.

Proof and finding of reasonable and fair value; "adjudged value," defined; burden of proof

Sec. 5. Upon the trial of said cause the Court shall hear evidence upon the reasonable fair value of the property, and shall incorporate in its judgment a finding of the reasonable fair value thereof, in bulk or in parcels, either or both, as the Court may deem proper, which reasonable fair value so found by the Court is hereafter sometimes styled "adjudged value", which "adjudged value" shall be the value as of the date of the trial and shall not necessarily be the value at the time the assessment of the taxes was made; provided, that the burden of proof shall be on the owner or owners of such property in establishing the "fair value" or adjudged value as provided in this section and, provided further that this section shall only apply to taxes which are delinquent for the year 1935 and prior years.

Costs and expenses; approval by court

Sec. 6. All court costs, including costs of serving process, in any suit hereafter brought by or in behalf of any taxing units for delinquent taxes in which suits all other taxing units having a delinquent tax claim against such property of any part thereof, have been impleaded, together with all expenses of foreclosure sale and such reasonable attorney's fees as may be incurred by the interpleaded or intervening taxing units, not exceeding ten per cent (10%) of the amount sued
for, such attorney's fees to be subject to the approval of the court together with such reasonable expenses as the taxing units may incur in procuring data and information as to the name, identity and location of necessary parties and in procuring necessary legal descriptions of the property, shall be chargeable as court costs.

Order of sale on foreclosure; sale

Sec. 7. In the case of foreclosure, an order of sale shall issue, and, except as herein otherwise provided, the land shall be sold thereunder as in other cases of foreclosure of tax liens.

Sale for less than adjudged value or aggregate of judgments in suit to party other than taxing unit prohibited; distribution of proceeds

Sec. 8. No property sold for taxes under decree in such suit shall be sold to the owner of said property, directly or indirectly, or to anyone having an interest therein, or to any party other than a taxing unit which is a party to the suit, for less than the amount of the adjudged value aforesaid of said property or the aggregate amount of the judgments against the property in said suit, whichever is lower, and the net proceeds of any sale of such property made under decree of court in said suit to any party other than any such taxing unit shall belong and be distributed to all taxing units which are parties to the suit which by the judgment in said suit have been found to have tax liens against such property, pro rata and in proportion to the amounts of their respective tax liens as established in said judgment, but any excess in the proceeds of sale over and above the amount necessary to defray the costs of suit and sale and other expenses hereinabove made chargeable against such proceeds, and to fully discharge the judgments against said property, shall be paid to the parties legally entitled to such excess.

Purchasing taxing unit to hold property for itself and other taxing units adjudged to have liens; sale by purchasing taxing unit; proceeds; failure to sell within 12 months

Sec. 9. If the property be sold to any taxing unit which is a party to the judgment under decree of court in said suit, the title to said property shall be bid in and held by the taxing unit purchasing same for the use and benefit of itself and all other taxing units which are parties to the suit and which have been adjudged in said suit to have tax liens against such property, pro rata and in proportion to the amount of the tax liens in favor of said respective taxing units as established by the judgment in said suit, and costs and expenses shall not be payable until sale by such taxing unit so purchasing same, and such property shall not be sold by the taxing unit purchasing same for less than the adjudged value thereof or the amount of the judgments against the property in said suit, whichever is lower, without the written consent of all taxing units which in said judgment have been found to have tax liens against such property; and when such property is sold by the taxing unit purchasing same, the proceeds thereof shall be received by it for account of itself and all other said taxing units adjudged in said suit to have a tax lien against such property, and after paying all costs and expenses, shall be distributed among such taxing units pro rata and in proportion to the amount of their tax liens against such property as established in said judgment. Consent in behalf of the State of Texas under this Section of this Act may be given by the County Tax Collector of the county in which the property is located.

Provided that if sale has not been made by such purchasing taxing unit before six months after the redemption period provided in Section
12 hereof has expired, it shall thereafter be the duty of the Sheriff upon written request from any taxing unit who has obtained a judgment in said suit, to sell said property at public outcry to the highest bidder for cash at the principal entrance of the courthouse in the county wherein the land lies, after giving notice of sale in the manner now prescribed for sale of real estate under execution. Said notice shall contain a legal description of the land to be sold, the date of its purchase by such purchasing taxing unit, the price for which the land was sold to such taxing unit, that it will be sold at public outcry to the highest bidder for cash, and the date and place of sale. All sales contemplated herein shall be made in the manner prescribed for the sale of real estate under execution, except that they must be made between the hours of 2 o'clock P. M. and 4 o'clock P. M., and the Sheriff is hereby authorized, and it is hereby made his duty, to reject any and all bids for said land when in his judgment the amount bid is insufficient or inadequate, and in the event said bid or bids are received, the land shall be readvertised and offered for sale as provided for herein, but the acceptance by the Sheriff of the bid shall be conclusive and binding on the question of the sufficiency of the bid and no action shall be sustained in any Court of this State to set aside said sale on the grounds of the insufficiency of the amount bid and accepted. Nothing herein shall be construed as prohibiting any taxing unit participating in said judgment, from instituting an action to set aside the said sale on the grounds of fraud or collusion between the officer making the sale and the purchaser. The Sheriff shall apply the proceeds from such sale, first, to the payment of all costs in said unit and all costs and expenses of sale and resale and all attorney's fees and reasonable expenses taxed as costs by the Court in said suit and shall distribute the balance among the taxing units participating in said original judgment pro rata and in proportion to the amount of their tax liens against such property as established in said judgment.

Title of purchaser

Sec. 10. The purchaser of property sold for taxes in such foreclosure suit shall take title free and clear of all liens and claims for taxes against such property delinquent at the time of judgment in said suit to any taxing unit which was a party to said suit or which had been served with citation in said suit as required by this Act.

Suits entitled to precedence

Sec. 11. Suits for delinquent taxes shall have precedence and priority in the District Courts of this State, and in the Appellate Courts thereof.

Judgment; redemption, right to

Sec. 12. In all suits heretofore or hereafter filed to collect delinquent taxes against property, judgment in said suit shall provide for issuance of writ of possession within twenty (20) days after the period of redemption shall have expired to the purchaser at foreclosure sale or his assigns; but whenever land is sold under judgment in such suit for taxes, the owner of such property, or anyone having an interest therein, or their heirs, assigns or legal representatives, may, within two (2) years from the date of such sale, have the right to redeem said property on the following basis, to-wit: (1) within the first year of the redemption period, upon the payment of the amount bid for the property by the purchaser at such sale, including a One ($1.00) Dollar tax deed recording fee and all taxes, penalties, interest and costs thereafter paid thereon, plus twenty-five per cent (25%) of the aggregate total; (2) within the last year of the redemption period, upon the payment of the amount bid
for the property by the purchaser at such sale, including a One ($1.00) Dollar tax deed recording fee and all taxes, penalties, interest and costs thereafter paid thereon, plus fifty per cent (50%) of the aggregate total.

In addition to redeeming direct from the purchaser as aforesaid, redemption may also be made upon the basis hereinabove defined, as provided in Articles 7284 and 7285 of the Revised Civil Statutes of Texas of 1925.

Provisions of Act cumulative; effect of conflict with other acts

Sec. 13. The provisions of this Act shall be cumulative of and in addition to all other rights and remedies to which any taxing unit may be entitled, but as to any proceeding brought under this Act, if any part or portion of this Act be in conflict with any part or portion of any law of the State, the terms and provisions of this Act shall govern as to such proceeding. The provisions of Chapter 10, Title 122 of the Revised Civil Statutes of 1925 shall govern suits brought under this Act except as herein provided. Acts 1937, 45th Leg., p. 1494-a, ch. 506.

in which said judgment shall have been rendered. Acts 1937, 45th Leg., p. 923, ch. 442.

Section 15 of this Act declared an emergency and provided that the Act should take effect from and after its passage.

Title of Act:

[Acts 1937, 45th Leg., p. 923, ch. 442.]

Art. 7345d. Inequitable or confiscatory assessments

In all cases where property appearing on the tax rolls, whether rendered or unrendered, current or delinquent, appears to have been assessed at a valuation greater than that placed upon other property in such locality of similar value, or out of proportion to the taxable value of such property; or where by reason of the depreciation in the value of such property an adjustment of assessed value would be equitable and expedient; or where by reason of long delinquency, the accumulated delinquent taxes, with penalties, interest, and cost aggregate such amount as to make their collection inequitable or confiscatory, the Commissioners Court of the county in which such property is situated, upon the application of the owner thereof or his duly authorized agent, shall have the power to reopen and reconsider the original assessments. In all such cases, the Commissioners Court shall hear testimony from competent and disinterested witnesses, and may make such personal and independent investigation as may seem necessary and expedient. If, after such investigation it shall appear to the Commissioners Court that such assessments were discriminatory, or out of proportion to the taxable value of the property, or that by reason of the depreciation of value of same, or that the enforced collection of the accumulated delinquent taxes, penalties, interest, and costs would be inequitable or confiscatory, the Commissioners Court may, under its power as a Board of Equalization, make such adjustments as to assessed values of such property as it may determine
to be equitable and just. And any previous fixing of values of such property for the years involved shall not be “res adjudicata” as to the particular case.

Provided, that the State Comptroller shall be furnished with a certified copy of any order passed in pursuance hereof, as shall likewise the County Assessor-Collector of Taxes, who shall make the necessary correction of his rolls. Provided further, that nothing herein shall be construed as authorizing the Commissioners Court to remit any penalty, interest, or costs that have accrued, but all such penalty, interest, and costs shall be collected on the adjusted assessment as may be authorized by existing law. As added Acts 1939, 46th Leg., p. 659, § 1.

Section 2 of this Act is published as art. 7345d-1; section 3 provides that: “Where not in conflict with existing law, this Act shall be cumulative; but all laws and parts of laws in conflict herewith are hereby repealed.” Section 4 declared an emergency and provided that the Act should take effect from and after its passage.

Art. 7345d—1. Application of act to particular taxing bodies

Incorporated cities and towns, independent school districts having their own Assessor-Collector and Boards of Equalization, irrigation and water improvement districts, and all other governmental agencies having the power to levy and collect taxes, shall have the right by ordinance, order or resolution properly enacted, passed, and entered to avail themselves of this law. Provided, that in such cases, the governing body of such taxing unit, or its duly constituted Board of Equalization, shall perform the functions hereinaabove conferred on the Commissioners Court. Acts 1939, 46th Leg., p. 659, § 2.

Sec. 2. Every seller and purchaser who fails to see that such bill of sale as above provided for is given in any such sale, or any purchaser not securing a bill of sale who fails to file the statement as provided for hereinabove, shall be guilty of a misdemeanor and upon conviction shall be subject to a fine of not to exceed One Hundred ($100.00) Dollars, or imprisonment of not more than thirty (30) days in jail in the county jail, or both. TITLE 128—WATER

I. IRRIGATION AND WATER RIGHTS

CHAPTER ONE—USE OF STATE WATER

1. PUBLIC RIGHTS

Art. 7466e—1. Rio Grande Compact [New].

1. PUBLIC RIGHTS

Art. 7466e—1. Rio Grande Compact

Section 1. The Rio Grande Compact entered into and signed at Santa Fe, New Mexico, on March 18, 1938, by M. C. Hinderlider, Commissioner for the State of Colorado, Thos. M. McClure, Commissioner for the State of New Mexico, and Frank B. Clayton, Commissioner for the State of Texas, and approved by S. O. Harper, Commissioner representing the United States of America, an original copy of which has been deposited in the office of the Secretary of State for the State of Texas, is hereby, in all respects, ratified and confirmed; said Compact being as follows:

RIO GRANDE COMPACT

The State of Colorado, the State of New Mexico, and the State of Texas, desiring to remove all causes of present and future controversy among these States and between citizens of one of these States and citizens of another State with respect to the use of the waters of the Rio Grande above Fort Quitman, Texas, and being moved by considerations of interstate comity, and for the purpose of effecting an equitable apportionment of such waters, have resolved to conclude a Compact for the attainment of these purposes, and to that end, through their respective Governors, have named as their respective Commissioners:

For the State of Colorado—M. C. Hinderlider
For the State of New Mexico—Thomas M. McClure
For the State of Texas—Frank B. Clayton

who, after negotiations participated in by S. O. Harper, appointed by the President as the representative of the United States of America, have agreed upon the following Articles, to wit:

ARTICLE I.

(a) The State of Colorado, the State of New Mexico, the State of Texas, and the United States of America, are hereinafter designated "Colorado," "New Mexico," "Texas," and the "United States," respectively.

(b) "The Commission" means the agency created by this Compact for the administration thereof.

(c) The term "Rio Grande Basin" means all of the territory drained by the Rio Grande and its tributaries in Colorado, in New Mexico, and in Texas above Fort Quitman, including the Closed Basin in Colorado.

(d) The "Closed Basin" means that part of the Rio Grande Basin in Colorado where the streams drain into the San Luis Lakes and adjacent territory, and do not normally contribute to the flow of the Rio Grande.
(e) The term "tributary" means any stream which naturally contributes to the flow of the Rio Grande.

(f) "Transmountain Diversion" is water imported into the drainage basin of the Rio Grande from any stream system outside of the Rio Grande Basin, exclusive of the Closed Basin.

(g) "Annual Debits" are the amounts by which actual deliveries in any calendar year fall below scheduled deliveries.

(h) "Annual Credits" are the amounts by which actual deliveries in any calendar year exceed scheduled deliveries.

(i) "Accrued Debits" are the amounts by which the sum of all annual debits exceeds the sum of all annual credits over any common period of time.

(j) "Accrued Credits" are the amounts by which the sum of all annual credits exceeds the sum of all annual debits over any common period of time.

(k) "Project Storage" is the combined capacity of Elephant Butte Reservoir and all other reservoirs actually available for the storage of usable water below Elephant Butte and above the first diversion to lands of the Rio Grande Project, but not more than a total of two million, six hundred and thirty-eight thousand, eight hundred and sixty (2,638,860) acre-feet.

(l) "Usable Water" is all water, exclusive of credit water, which is in project storage and which is available for release in accordance with irrigation demands, including deliveries to Mexico.

(m) "Credit Water" is that amount of water in project storage which is equal to the accrued credit of Colorado or New Mexico or both.

(n) "Unfilled Capacity" is the difference between the total physical capacity of project storage and the amount of usable water then in storage.

(o) "Actual Release" is the amount of usable water released in any calendar year from the lowest reservoir comprising project storage.

(p) "Actual Spill" is all water which is actually spilled from Elephant Butte Reservoir, or is released therefrom for flood control, in excess of the current demand on project storage and which does not become usable water by storage in another reservoir; provided, that actual spill of usable water cannot occur until all credit water shall have been spilled.

(q) "Hypothetical Spill" is the time in any year at which usable water would have spilled from project storage if seven hundred and ninety thousand (790,000) acre-feet had been released therefrom at rates proportional to the actual release in every year from the starting date to the end of the year in which hypothetical spill occurs; in computing hypothetical spill the initial condition shall be the amount of usable water in project storage at the beginning of the calendar year following the effective date of this Compact, and thereafter the initial condition shall be the amount of usable water in project storage at the beginning of the calendar year following each actual spill.

**ARTICLE II.**

The Commission shall cause to be maintained and operated a stream gaging station equipped with an automatic water stage recorder at each of the following points, to wit:

(a) On the Rio Grande near Del Norte above the principal points of diversion to the San Luis Valley;
Similar gaging stations shall be maintained and operated below any other reservoir constructed after 1929, and at such other points as may be necessary for the securing of records required for the carrying out of the Compact; and automatic water stage recorders shall be maintained and operated on each of the reservoirs mentioned, and on all others constructed after 1929.

Such gaging stations shall be equipped, maintained, and operated by the Commission directly or in cooperation with an appropriate Federal or State agency, and the equipment, method and frequency of measurement at such stations shall be such as to produce reliable records at all times.

ARTICLE III.

The obligation of Colorado to deliver water in the Rio Grande at the Colorado-New Mexico State Line, measured at or near Lobatos, in each calendar year, shall be ten thousand (10,000) acre-feet less than the sum of those quantities set forth in the two (2) following tabulations of relationship, which correspond to the quantities at the upper index stations:

(3) Rio Grande at Del Norte is the recorded flow of the Rio Grande at the U. S. G. S. gaging station near Del Norte during the calendar year (measured above all principal points of diversion to San Luis Valley) corrected for the operation of reservoirs constructed after 1937.

(4) Rio Grande at Lobatos less Conejos at mouths is the total flow of the Rio Grande at the U. S. G. S. gaging station near Lobatos, less the discharge of Conejos River at its mouths, during the calendar year.

The application of these schedules shall be subject to the provisions hereinafter set forth and appropriate adjustments shall be made for (a) any change in location of gaging station; (b) any new or increased depletion of the runoff above inflow index gaging stations; and (c) any transmountain diversions into the drainage basin of the Rio Grande above Lobatos.

In event any works are constructed after 1937 for the purpose of delivering water into the Rio Grande from the Closed Basin, Colorado shall not be credited with the amount of such water delivered, unless the proportion of sodium ions shall be less than forty-five (45) per cent of the total positive ions in that water when the total dissolved solids in such water exceeds three hundred and fifty (350) parts per million.
The obligation of New Mexico to deliver water in the Río Grande at San Marcial, during each calendar year, exclusive of the months of July, August, and September, shall be that quantity set forth in the following tabulation of relationship, which corresponds to the quantity at the upper index station:

Intermediate quantities shall be computed by proportional parts.

(5) The Otowi Index Supply is the recorded flow of the Río Grande at the U. S. G. S. gaging station at Otowi Bridge near San Ildefonso (formerly station near Buckman) during the calendar year, exclusive of the flow during the months of July, August, and September, corrected for the operation of reservoirs constructed after 1929 in the drainage basin of the Río Grande between Lobatos and Otowi Bridge.

(6) San Marcial Index Supply is the recorded flow of the Río Grande at the gaging station at San Marcial during the calendar year exclusive of the flow during the months of July, August, and September.

The application of this schedule shall be subject to the provisions hereinafter set forth and appropriate adjustments shall be made for (a) any change in location of gaging stations; (b) depletion after 1929 in New Mexico at any time of the year of the natural runoff at Otowi Bridge; (c) depletion of the runoff during July, August, and September of tributaries between Otowi Bridge and San Marcial, by works constructed after 1937; and (d) any transmountain diversions into the Río Grande between Lobatos and San Marcial.

Concurrent records shall be kept of the flow of the Río Grande at San Marcial, near San Acacia, and of the release from Elephant Butte.
Reservoir, to the end that the records at these three (3) stations may be correlated.

ARTICLE V.

If at any time it should be the unanimous finding and determination of the Commission that because of changed physical conditions, or for any other reason, reliable records are not obtainable, or cannot be obtained, at any of the stream gaging stations herein referred to, such stations may, with the unanimous approval of the Commission, be abandoned, and with such approval another station, or other stations, shall be established and new measurements shall be substituted which, in the unanimous opinion of the Commission, will result in substantially the same results, so far as the rights and obligations to deliver water are concerned, as would have existed if such substitution of stations and measurements had not been so made.

ARTICLE VI.

Commencing with the year following the effective date of this Compact, all credits and debts of Colorado and New Mexico shall be computed for each calendar year; provided, that in a year of actual spill no annual credits nor annual debits shall be computed for that year.

In the case of Colorado, no annual debit nor accrued debit shall exceed one hundred thousand (100,000) acre-feet, except as either or both may be caused by holdover storage water in reservoirs constructed after 1937 in the drainage basin of the Rio Grande above Lobatos. Within the physical limitations of storage capacity in such reservoirs, Colorado shall retain water in storage at all times to the extent of its accrued debit.

In the case of New Mexico, the accrued debit shall not exceed two hundred thousand (200,000) acre-feet at any time, except as such debit may be caused by holdover storage of water in reservoirs constructed after 1929 in the drainage basin of the Rio Grande between Lobatos and San Marcial. Within the physical limitations of storage capacity in such reservoirs, New Mexico shall retain water in storage at all times to the extent of its accrued debit. In computing the magnitude of accrued credits or debits, New Mexico shall not be charged with any greater debit in any one year than the sum of one hundred and fifty thousand (150,000) acre-feet and all gains in the quantity of water in storage in such year.

The Commission by unanimous action may authorize the release from storage of any amount of water which is then being held in storage by reason of accrued debits of Colorado or New Mexico; provided, that such water shall be replaced at the first opportunity thereafter.

In computing the amount of accrued credits and accrued debits of Colorado or New Mexico, any annual credits in excess of one hundred and fifty thousand (150,000) acre-feet shall be taken as equal to that amount.

In any year in which actual spill occurs, the accrued credits of Colorado or New Mexico, or both, at the beginning of the year shall be reduced in proportion to their respective credits by the amount of such actual spill; provided, that the amount of actual spill shall be deemed to be increased by the aggregate gain in the amount of water in storage prior to the time of spill, in reservoirs above San Marcial constructed after 1929; provided, further, that if the Commissioners for the States having accrued credits authorize the release of part, or all, of such credits in advance of spill, the amount so released shall be deemed to constitute actual spill.
For Annotations and Historical Notes, see Vernon's Texas Annotated Statutes

In any year in which there is actual spill of usable water, or at the time of hypothetical spill thereof, all accrued debits of Colorado or New Mexico, or both, at the beginning of the year shall be cancelled.

In any year in which the aggregate of accrued debits of Colorado and New Mexico exceeds the minimum unfilled capacity of project storage, such debits shall be reduced proportionally to an aggregate amount equal to such minimum unfilled capacity.

To the extent that accrued credits are impounded in reservoirs between San Marcial and Courchesne, and to the extent that accrued debits are impounded in reservoirs above San Marcial, such credits and debits shall be reduced annually to compensate for evaporation losses in the proportion that such credits or debits bore to the total amount of water in such reservoirs during the year.

ARTICLE VII.

Neither Colorado nor New Mexico shall increase the amount of water in storage in reservoirs constructed after 1929 whenever there is less than four hundred thousand (400,000) acre-feet of usable water in project storage; provided, that if the actual releases of usable water from the beginning of the calendar year following the effective date of this Compact, or from the beginning of the calendar year following actual spill, have aggregated more than an average of seven hundred and ninety thousand (790,000) acre-feet per annum, the time at which such minimum stage is reached shall be adjusted to compensate for the difference between the total actual release and releases at such average rate; provided, further, that Colorado or New Mexico, or both, may relinquish accrued credits at any time, and Texas may accept such relinquished water, and in such event the State or States so relinquishing shall be entitled to store water in the amount of the water so relinquished.

ARTICLE VIII.

During the month of January of any year the Commissioner for Texas may demand of Colorado and New Mexico, and the Commissioner for New Mexico may demand of Colorado, the release of water from storage reservoirs constructed after 1929 to the amount of the accrued debits of Colorado and New Mexico, respectively, and such releases shall be made by each at the greatest rate practicable under the conditions then prevailing, and in proportion to the total debit of each, and in amounts, limited by their accrued debits, sufficient to bring the quantity of usable water in project storage to six hundred thousand (600,000) acre-feet by March 1st and to maintain this quantity in storage until April 30th, to the end that a normal release of seven hundred and ninety thousand (790,000) acre-feet may be made from project storage in that year.

ARTICLE IX.

Colorado agrees with New Mexico that in event the United States or the State of New Mexico decides to construct the necessary works for diverting the waters of the San Juan River, or any of its tributaries, into the Rio Grande, Colorado hereby consents to the construction of said works and the diversion of waters from the San Juan River, or the tributaries thereof, into the Rio Grande in New Mexico, provided the present and prospective uses of water in Colorado by other diversions from the San Juan River, or its tributaries, are protected.
ARTICLE X.

In the event water from another drainage basin shall be imported into the Rio Grande Basin by the United States or Colorado or New Mexico, or any of them jointly, the State having the right to the use of such water shall be given proper credit therefor in the application of the schedules.

ARTICLE XI.

New Mexico and Texas agree that upon the effective date of this Compact all controversies between said States relative to the quantity or quality of the water of the Rio Grande are composed and settled; however, nothing herein shall be interpreted to prevent recourse by a signatory State to the Supreme Court of the United States for redress should the character or quality of the water, at the point of delivery, be changed hereafter by one signatory State to the injury of another. Nothing herein shall be construed as an admission by any signatory State that the use of water for irrigation causes increase of salinity for which the user is responsible in law.

ARTICLE XII.

To administer the provisions of this Compact there shall be constituted a Commission composed of one representative from each State, to be known as the Rio Grande Compact Commission. The State Engineer of Colorado shall be ex-officio the Rio Grande Compact Commissioner for Colorado. The State Engineer of New Mexico shall be ex-officio the Rio Grande Compact Commissioner for New Mexico. The Rio Grande Compact Commissioner for Texas shall be appointed by the Governor of Texas. The President of the United States shall be requested to designate a representative of the United States to sit with such Commission, and such Representative of the United States, if so designated by the President, shall act as Chairman of the Commission without vote.

The salaries and personal expenses of the Rio Grande Compact Commissioners for the three (3) States shall be paid by their respective States, and all other expenses incident to the administration of this Compact, not borne by the United States, shall be borne equally by the three (3) States.

In addition to the powers and duties hereinafter specifically conferred upon such Commission and the Members thereof, the jurisdiction of such Commission shall extend only to the collection, correlation, and presentation of factual data and the maintenance of records having a bearing upon the administration of this Compact, and, by unanimous action, to the making of recommendations to the respective States upon matters connected with the administration of this Compact. In connection therewith, the Commission may employ such engineering and clerical aid as may be reasonably necessary within the limit of funds provided for that purpose by the respective States. Annual reports compiled for each calendar year shall be made by the Commission and transmitted to the Governors of the signatory States on or before March 1st following the year covered by the report. The Commission may, by unanimous action, adopt rules and regulations consistent with the provisions of this Compact to govern their proceedings.

The findings of the Commission shall not be conclusive in any Court or tribunal which may be called upon to interpret or enforce this Compact.

ARTICLE XIII.

At the expiration of every five-year period after the effective date of this Compact, the Commission may, by unanimous consent, review
any provisions hereof which are not substantive in character and which
do not affect the basic principles upon which the Compact is founded,
and shall meet for the consideration of such questions on the request of
any member of the Commission; provided, however, that the provisions
hereof shall remain in full force and effect until changed and amended
within the intent of the Compact by unanimous action of the Commis-
sioners, and until any changes in this Compact are ratified by the Leg-
islatures of the respective States and consented to by the Congress, in
the same manner as this Compact is required to be ratified to become
effective.

ARTICLE XIV.
The schedules herein contained and the quantities of water herein
allocated shall never be increased nor diminished by reason of any in-
crease or diminution in the delivery or loss of water to Mexico.

ARTICLE XV.
The physical and other conditions characteristic of the Rio Grande
and peculiar to the territory drained and served thereby, and to the
development thereof, have actuated this Compact and none of the signa-
tory States admits that any provisions herein contained establishes any
general principle or precedent applicable to other interstate streams.

ARTICLE XVI.
Nothing in this Compact shall be construed as affecting the obliga-
tions of the United States of America to Mexico under existing treaties,
or to the Indian Tribes, or as impairing the Rights of the Indian Tribes.

ARTICLE XVII.
This Compact shall become effective when ratified by the Legislatures
of each of the signatory States and consented to by the Congress of the
United States. Notice of ratification shall be given by the Governor of
each State to the Governors of the other States and to the President of
the United States, and the President of the United States is requested
to give notice to the Governors of each of the signatory States of the
consent of the Congress of the United States.

IN WITNESS WHEREOF, the Commissioners have signed this Com-
pact in quadruplicate original, one of which shall be deposited in the
archives of the Department of State of the United States of America
and shall be deemed the authoritative original, and of which a duly
certified copy shall be forwarded to the Governor of each of the signa-
tory States.

Done at the City of Sante Fe, in the State of New Mexico, on the 18th
day of March, in the year of our Lord, One Thousand Nine Hundred and
Thirty-eight.

pact and who shall be charged with the administration of the provisions
of said Compact, and who shall have the powers and discharge the duties
prescribed by the terms of said Compact. Such Commissioner shall hold office for two (2) years and until his successor is appointed and qualified. He shall take oath of office as prescribed by the Constitution and, in addition thereto, he shall take oath to faithfully perform the duties incumbent upon him as such Commissioner. He shall receive from time to time such compensation as may be allowed by the Legislature, and, until otherwise provided by law, he shall receive a salary of Two Hundred and Fifty Dollars ($250) a month. He shall be allowed his actual expenses when traveling in the discharge of his duties, on his sworn account showing such expenses in detail. In conjunction with the other members of said Commission, he may appoint such engineering and clerical aid as may be authorized by the Legislature of Texas and he may incur necessary office expenses and other expenses incident to the proper performance of his duties and the proper administration of the provisions of the Rio Grande Compact. But such Commissioner shall incur no financial obligation on behalf of the State of Texas until the Legislature shall have provided and appropriated money therefor.

Sec. 3. It shall be the duty of the Governor of Texas to notify the Governor of Colorado and the governor of New Mexico and the President of the United States of the ratification by the State of Texas of the Rio Grande Compact, and, on request of the Governor, the Secretary of State shall furnish to the Governor of each of said States and to the President of the United States a certified copy of this Act.

Effective March 1, 1939.

Section 4 of this Act declared an emergency and provided that the Act should take effect from and after its passage.

The consent and approval of Congress to the Rio Grande Compact was given by Public No. 93, May 31, 1939, ch. 155, 53 Stat. 785.

Tit. 128, Art. 7460f-1

Effective March 22, 1939.

Section 2 of this Act declared an emergency and provided that the Act should take effect from and after its passage.

Acts 1939, 46th Leg., Spec.L., p. 524, contained a preamble which read as follows:

"WHEREAS, During the year of 1935, the Department of the Interior of the Government of the United States was considering, at the request of the State of New Mexico, the construction of a storage reservoir upon the Pecos River, generally known as the Alamogordo Reservoir, to store floodwaters of the Pecos River for use in the State of New Mexico; and

"WHEREAS, The State of Texas, through its Governor and its Representatives in Congress, has protested to the President of the United States and to the Department of the Interior against the building of such reservoir, unless and until assurance was given that said reservoir would not become the means of depriving the State of Texas and the citizens thereof of the floodwaters of the Pecos River which they were then preparing to store in the Red Bluff Reservoir in Texas, then under construction, and financed in part with funds derived from agencies of the United States; and

"WHEREAS, The Secretary of the Interior fixed a date and invited the Representative of the two States to meet in Washington, and to formulate and agree upon a course of action that would permit the construction of the Alamogordo Reservoir, and at the same time protect the rights of Texas and of the citizens thereof in the use of the waters of the Pecos River; and

"WHEREAS, During the month of August, 1935, the Representatives of New Mexico and Texas met in Washington and conferred together and with the Secretary of the Interior and the officials of the Bureau of Reclamation; and

"WHEREAS, It was then and there agreed between the Representatives of the two (2) States, with the approval of the Secretary of the Interior, that Texas should withdraw opposition to the construction of the Alamogordo Reservoir, in consideration of the agreement on the part of New Mexico that she would not cause or suffer Texas to be deprived in the future of the same proportion of the floodwaters originating above Avalon Dam, which has passed Avalon Dam during the past twenty (20) years, and in consideration of the further agreement that New Mexico would not, in future, cause or suffer water to be taken from the Pecos River or its tributaries to irrigate more than seventy-six thousand (76,000) acres of land within the Middle Basin, as defined in the Pecos River Compact of February 10, 1925.

"It was further mutually agreed that the Representatives of the two (2) States participating in said agreement of contract would immediately lay the proposed agreement before the governing boards of the local districts and the Governors of the States, to the end that they might forthwith act thereon, and that such action should be forthwith communicated to the Secretary of the Interior, and in said negotiations and agreement it was set forth that it was contemplated that a compact would be entered into between the two (2) States embracing the foregoing agreement, but that it was not intended that action upon the compact on the Alamogordo Reservoir should be deferred until such Compact was approved, or until the Legislatures of the two (2) States should have acted upon same, as it was not contemplated that such Legislatures would be in session before 1937; and it was there agreed that it should be deemed sufficient when the Governor of New Mexico and the Governor of Texas had indicated to the Governor of Texas that, under the advice of the Attorney General of New Mexico and the Interstate Water Commission of New Mexico, he would recommend the approval of such compact to his Legislature, and the Governor of Texas had thereupon withdrawn opposition to the part of Texas to the construction of such reservoir; and it was further agreed that the Representatives of both States, in Washington assembled, would co-operate to the fullest extent to bring about the necessary exchange between the Governors of the two (2) States, in the expectation that such agreement between the Governors might result in the prompt construction of the Alamogordo Reservoir.

"And it was further mutually agreed that the Representatives of the two (2) States participating in the Conference should request the Secretary of the Interior to regulate and administer the Alamogordo Reservoir, in the spirit of the above quoted agreement, until the Legislatures of New Mexico and Texas should have entered into a compact, as above set forth, duly ratified by their respective Legislatures. And it was recited in such memorandum of agreement that said agreement had been approved by the Commissioner of the Bureau of Reclamation, by the Representatives of the Carlsbad Irrigation District, and by the Attorney General of New Mexico and the Attorney of the New Mexico Interstate Stream Commission; and

"WHEREAS, It is desired by both States to ratify, confirm, and carry out, in good faith, the stipulations and agreements above recited, it is agreed by and between the State of New Mexico and the State of Texas, with the consent and approval of the Congress of the United States, that:

"1. The State of Texas withdraws all opposition to the construction and maintenance of the Alamogordo Reservoir upon the Pecos River in the State of New Mexico.

"2. That the State of New Mexico will not cause nor suffer Texas to be deprived, in the future, of the same proportion of the floodwaters originating above the Ava-
ion Dam which has passed Avalon Dam during the past twenty (20) years.

3. And New Mexico further agrees that she will not, in the future, cause or suffer water to be taken from the Pecos River or its tributaries to irrigate more than seventy-six thousand (76,000) acres within the 'Middle Basin,' as defined in the Pecos River Compact of February 10, 1925.

It is further agreed between the State of Texas and the State of New Mexico that when this Compact shall have been ratified by the Legislatures of both States and approved by the Governors thereof, and the consent of the Congress of the United States shall have been given there to, that the administration of this Compact shall be discharged by the respective officers of the States of New Mexico and Texas, authorized and empowered by the Governors of the respective States to administer the same, and that thereupon the request and agreement that the Secretary of the Interior should regulate and administer the Alamogordo Reservoir, in the spirit of the foregoing agreement, be withdrawn; wherefore

Title of Act:
An Act ratifying and confirming, subject to the consent and approval of the Congress of the United States, an agreement and compact between the States of New Mexico and Texas, pertaining to the construction and maintenance of the Alamogordo Reservoir upon the Pecos River in the State of New Mexico, and providing for agreement on the part of the State of New Mexico pertaining to the use of the waters of the Pecos River; and declaring an emergency. (a) Upon the application of the owner of such land which is of such a nature as cannot be irrigated in a practicable manner;

(b) On the condition that all taxes levied and assessed by said district upon said lands to be excluded have been fully and completely paid, including all bond tax and flat water rate assessment of whatsoever kind and character;

(c) With the consent of ninety-five (95) per cent of the holders of all outstanding bonds theretofore voted, issued, sold and delivered by said district;

(d) Upon the condition that a like amount of land of at least equal value to that being excluded and which can be irrigated in a practicable manner is added to the district simultaneously with the exclusion of said land not capable of being irrigated in a practicable manner, the new land so added to equal the land excluded, acre for acre, and same to be added upon application of the owner of said new land, such application setting forth that the owner thereof assumes the payment of all taxes to be levied upon such new land by said district from and after the date the same is added to said district, and further setting forth the agreement on the part of such owner that said land shall be subject to future taxes by said district for bond tax and flat rate and all other assessments levied and assessed by said district, as though same had been originally

(e) Upon the application of any owner of land within the district which is not capable of being irrigated in a practicable manner to have said land excluded from the district, the Board of Directors of such district may require such owner to procure an application of the owner of lands adjoining the boundaries of said district or adjoining the canals of such district, who owns land capable of being irrigated in a practicable manner from the facilities of said water district, for the including in the district of the lands of such owner in an amount equal to the lands which are to be excluded under the application of the owner thereof, acre for acre. Upon hearing, the Board of Directors shall hear all evidence in connection with same, and shall hear any and all interested parties, and should the Board of Directors find that all of the conditions herein provided for such exclusion of lands and inclusion of lands in said district have been met, and the same would be for the best interest of said district, the Board of Directors may by resolution adopted and spread upon the minutes exclude said land, which is not capable of being irrigated in a practicable manner, and include the land which may be irrigated from the facilities of the district in a practicable manner, and thereafter the lands excluded shall be free from any lien created on same by reason of its having been included in said district and the lands added by such resolution shall be subject to all laws, liens, and provisions governing such district and the lands within same. Existing taxing power not affected

and succeeding elections held in said respective precincts shall hold
office for two (2) years, or until their respective successors are elected
and qualify.
Sec. 7. All laws with reference to the election and qualification of directors of Water Control and Improvement Districts shall govern and control the election and qualification of directors selected by the precinct method, except as herein otherwise provided, whether such precinct elections be regular or special.

Change of boundaries of precincts

Sec. 8. CHAPTER FOUR—FRESH WATER SUPPLY DISTRICTS

3. POWERS OF DISTRICT

Art. 7930—2. Exclusion and annexation of lands in certain districts

Sec. 1. Whenever there exists within the boundaries of any Fresh Water Supply District in this State territory to the extent of at least ten (10) acres contiguous and adjoining the lines of such District, the Board of Supervisors of such District may, before the issuance and sale of any bonds on the faith and credit of said District, and before the levy of any taxes for said District, by Resolution duly passed and adopted, discontinue such territory as a part of said District, in accordance with the provisions of this Act and the method herein and hereby prescribed:

(a) The Board of Supervisors of any such District shall have the power to adopt a Resolution excluding such territory, and which Resolution shall describe the territory proposed to be excluded by metes and bounds; provided, however, that such Resolution shall not become effective until after the issuance and publication of the notice of intention to adopt the same, as hereinafter prescribed; or the confirmation of such Resolution, at an election held in such District, if such election be ordered and held, as herein authorized;

(b) Notice of intention to adopt such Resolution, and which notice shall contain a full copy of the proposed Resolution, shall be published once a week for two consecutive weeks in a newspaper of general circulation within the County in which the District is situated, the date of the first publication to be at least fourteen (14) days prior to the date of the meeting of the Supervisors, and at which meeting it is proposed to adopt the Resolution excluding such territory from the District. At any time before the date fixed for the adoption of the proposed Resolution, excluding such territory, ten (10), or a majority, of the qualified voters of such District, who own land therein, may file a petition with the President or Secretary of the Board of Supervisors of the District, praying the Board of Supervisors to order an election for the purpose of submitting the proposition to exclude such territory from the District to a vote of the qualified voters of such District, who own land therein. Upon the filing
of such petition, it shall be the duty of the Board of Supervisors of such District to order an election to be held in such District, to determine whether or not such territory shall be excluded. In the event no such petition is filed or presented to the President or Secretary of the Board of Supervisors within the time hereinabove prescribed, no election on the proposition shall be required, and such Board of Supervisors shall then have the power to finally pass and adopt the proposed Resolution to exclude such territory from the District; and a copy of such Resolution, signed by a majority of the members of the Board of Supervisors of such District, and duly attested by the Secretary of such Board, shall be filed and recorded in the Deed Records of the County in which the District is situated, and such territory shall be no longer a part of the District from and after the recording of the copy of such Resolution;

(c) Whenever any Fresh Water Supply District has authorized the issuance of any bonds, and the same have not been sold or put into circulation, and no tax levy has been made to pay the principal of and interest on such bonds, the exclusion of any territory from any such District, in conformity with the provisions of this Act, shall result in a cancellation of such authorized bonded indebtedness;

(d) It shall be the duty of the Board of Supervisors of any such District, within a reasonable time after the exclusion of such territory from such District, to adopt a Resolution re-defining the bounds and limits of such District, so that they shall show the exclusion of such territory; and when such Resolution has been duly passed, the Secretary of such District shall enter and record such Resolution in the minutes or records of such Board of Supervisors, and a certified copy of such Resolution shall be promptly filed in the office of the County Clerk of the County in which the District is situated, and such certified copy shall also be recorded in the Deed Records of such County.

Annexation of lands

Sec. 2. Defined areas of territory not embraced within a Fresh Water Supply District may be added to the area of any such District in the manner hereinafter provided, to-wit:

Petition for the annexation of such territory shall be signed by a majority of landowners therein, or by fifty (50) landowners, if the number of such landowners is more than fifty (50). Such petition shall be filed with the Secretary of the Board of Supervisors. It shall be the duty of the Board to pass an order fixing a time and place at which such petition shall be heard, which date shall be not less than thirty (30) days from the date of such order. The Secretary shall issue notice of such time and place of hearing, and which notice shall describe the territory proposed to be annexed. The Secretary shall execute said notice by posting copies thereof in three public places in the District, and one copy in a public place within the territory proposed to be annexed; said notices to be posted for fifteen (15) days prior to the date of said hearing. Publication of copy of such notice shall be made in a newspaper of general circulation in the County in which such District is situated, one time, and at least fifteen (15) days prior to such hearing. If, upon the hearing of such petition it is found that the proposed addition of such territory to the District is feasible and practicable, and would be of benefit both to such territory and to the District, then the Board, by Resolution duly entered upon its minutes, may receive such proposed territory as an addition to, and to become a part of, the District. Such Resolution need not include all of the land described in the petition, if upon the hearing a modification or change is found necessary or desirable; and a copy of such
Resolution, signed by a majority of the members of the Board of Supervisors of such District, and duly attested by the Secretary of such Board, shall be filed and recorded in the Deed Records of the County in which the District is situated, and such territory shall be a component part of the District from and after the recording of the copy of such Resolution. The added territory shall bear its pro rata part of all indebtedness or taxes that may be owed, contracted or authorized by said District to which it shall have been added; provided, however, that before the added territory shall be subject to any part of such indebtedness or taxes, the Board of Supervisors shall order that an election be held in said District, as enlarged or extended by reason of the annexation of such territory, on the question of the assumption of such indebtedness or taxes by said District, as so enlarged or extended.

Elections; notice

Sec. 3. Whenever an election is ordered to be held either for the purpose of confirming or approving the exclusion of any territory, or for the purpose of the assumption of indebtedness or taxes by reason of the annexation of any territory, as herein provided, then in either case such election shall be held and notice thereof given, as is provided in the case of the issuance of bonds by such Fresh Water Supply Districts.

Partial invalidity

Sec. 4. If any section, sentence, clause or phrase of this Act is held to be unconstitutional, such decision shall not affect the validity of the remaining portion of this Act. Acts 1937, 45th Leg., p. 787, ch. 385.

Section 1. Wherever the Commissioners Court of any county has heretofore entered any order or orders converting or purporting to convert any drainage district wholly situated within such county from a drainage district, organized under the provisions of Section 52 of Article III of the Constitution of this State, into a conservation and reclamation district organized under Section 59 of Article XVI of said Constitution, such action and orders by such Commissioners Court are hereby in all respects validated, ratified, and confirmed. Any drainage district which is operating under the provisions of Section 59 of Article XVI of the Constitution of this State, subject to the provisions of Section 3 hereof, acting by and through the Commissioners Court of the county in which such district is situated, may borrow money from the Reconstruction Finance Corporation for the purpose of taking up and refunding any outstanding bonds and for the purpose of paying or securing funds to pay judgments heretofore or hereafter rendered against such District, and for the purpose of paying or to secure funds to pay warrants issued to pay judgments or to settle or compromise litigation, and for the purpose of paying any and all expenses reasonably necessary or incident to such refunding operations and to evidence its indebtedness to such Reconstruction Finance Corporation, any such drainage district, acting through such Commissioners Court, may issue refunding bonds in such amount and denomination, bearing such rates of interest (not exceeding six (6) per cent per annum, payable annually or semiannually), and having such maturities (not exceeding forty (40) years from their date) as may be fixed in the order authorizing said refunding bonds. The Commissioners Court of such county shall levy a tax upon all property subject to taxation within such district sufficient in amount to pay the interest upon any such refunding bonds so issued, and to create a sinking fund sufficient to retire such bonds at maturity, as well as to pay the costs of collecting such tax.

Such election shall be called by such Commissioners Court, and notice of the time and places of holding such election shall be given by the Clerk of said Court. The notice shall state the purpose of the election, the proposition to be voted upon, define the election precincts and prescribe the polling places (each of which shall be in the district), state the names of the officers of the election and shall be signed by such Clerk. The notice shall be published once each week for three (3) consecutive weeks in a newspaper of general circulation published in the county in which such drainage district is located, or if none is published therein, in the nearest county thereto. The first publication shall be at least twenty (20) days prior to the election. Said election shall be held in accordance with the provisions of the Constitution and General Election Laws, so far as applicable thereto, and only qualified electors who own taxable property in the district and who have duly rendered the same for taxation shall be qualified to vote, and all electors shall vote in the election precinct of their residence, as fixed for the purpose of said election.

Execution, registration, approval, and delivery of refunding bonds—cancellation of outstanding bonds

The cancellation or release of outstanding obligations and the delivery of refunding bonds therefor shall be at the times and in the manner and amounts which may be prescribed by the order or orders of the Commissioners Court.

All such refunding bonds when approved by the Attorney General and registered and delivered by the Comptroller of Public Accounts as aforesaid, shall be valid and binding obligations of such district and shall be incontestable for any cause from and after the time of such registration and delivery.

Nothing herein contained shall be construed as preventing the levying, assessing, and collecting of general ad valorem taxes on the property of said persons. All permits shall be displayed in a conspicuous place at all times on the licensed premises. Any permittee or licensee who engages in the sale of any alcoholic beverage without having first paid the fees which may have been levied by the county or city as herein provided shall be guilty of a misdemeanor and upon conviction shall be fined not less than Ten Dollars ($10) nor more than Two Hundred Dollars ($200). Section 17 of the Acts of 1937, cited to the text, purports to amend Article I of Acts 1935, cited to the text, "by adding thereto a new section to be known as Section 15(a)." However, as such Article I already contains a section 15a, which appears as art. 666—15a of this title, the new section is set out as art. 666—15a1 of this title.

In such event, the fee required shall cover the period of time from the date of the permit to midnight of August 31st succeeding, and only the proportionate part of the fee levied for such permit shall be collected. The fractional part of any month remaining shall be counted as one month in calculating the fee that shall be due. A separate permit shall be obtained and a separate fee paid for each outlet of liquor in this State. No refund of permit fees shall for any reason be made by the Board unless the owner thereof is prevented from continuing in business by reason of the result of a local option election. Such notice shall be given by the Board. The Board shall prepare and furnish forms for all such applications. Each application shall be accompanied by a cashier's

(2). All applications for permits and licenses as provided in this Act shall be sworn to before any person who is authorized by law to administer an oath. All applications for permits for the year beginning September 1, 1937, and succeeding years shall be made on forms furnished by the Board. Such forms shall require of each applicant all information demanded by the provisions of this Act. For succeeding permit years, the Board is authorized to grant permits to applicants, who were permit holders for the previous period or a part thereof, upon filing with the Board a statement in affidavit form, that the facts and representations in the application on file are true and correct; provided however, that the Board or administrator shall have the power to require any other additional information. Forms for such affidavit shall be furnished by the Board. For succeeding permit years, after the one beginning September 1, 1937, any applicant for a permit who is privileged to procure a permit upon filing of the affidavit as hereinbefore set out, shall not be required to again publish notices as is required of original applicants, but upon payment of the proper fee and the filing of the proper bond and affidavit, the Board is authorized to issue such permit. If a person has been finally convicted in any Court for the violation of any provision of this Act or of any rule and regulation of the Board, the Board or Administrator may cancel or suspend any permit which he may hold or in which he may have an interest and no appeal from such action shall be allowed.

When any person who holds a permit or who has an interest in a permit shall be finally convicted for the violation of any provision of this Act or of any rule and regulation of the Board, or if his permit or a permit in which he has an interest has been cancelled by the Board or Administrator and no appeal is pending, the Board may in its own name institute action upon the bond supporting such permit for the benefit of the State. Upon proof of such conviction or cancellation of the permit, the Court before whom such suit is brought shall render judgment in favor of the Board for all fines, costs, and fifteen (15) per centum of the face value of the bond.

If any permittee shall fail to remit seasonably any money due the State, the surety on his bond shall be liable for all such taxes or money due the State and in addition thereto a penalty of fifteen (15) per centum of the face value of the bond. Suits for the collection of any of the amounts herein specified shall be brought in any Court of competent jurisdiction of Travis County, Texas.

Nothing in this Act shall be construed to impose upon the surety on any such bond a greater liability than the total amount thereof or the amount remaining unextinguished by any prior recovery or recoveries as the case may be.

The surety may terminate its liability under such bond by giving thirty (30) days' written notice thereof, served either personally or by registered mail, to the principal and to the Board; and upon giving such notice the surety shall be discharged from all liability under such bond for any act or omission of the principal occurring after the expiration of thirty (30) days from the date of service of such notice. Art. 666—20. Searches and seizures

A search warrant may issue under Title 6 of the Code of Criminal Procedure for the purpose of searching for, seizing, and destroying any alcoholic beverage possessed, sold, transported, manufactured, kept, or stored in violation of the provisions of this Act; for the purpose of searching for and seizing any equipment and instrumentality used for, capable of use for, or designed for use in the manufacturing of
any illicit beverage or any vehicle or instrumentality used or to be used for the illegal transportation or storage of any illicit beverage, unlawful equipment, or materials used or to be used in the illegal manufacturing of any illicit beverage and for the purpose of searching for and seizing any forged or counterfeit stamp, die, plate, official signature, certificate, evidence of tax payment, license, or other instrument pertaining to this Act, or any instrumentality, or equipment, or parts thereof used or to be used, designed, or capable of use for the manufacturing, printing, etching, inditing, or any other way bringing into existence any forged or counterfeit stamp, die, plate, certificate, official signature, evidence of tax payment, permit, license, or any other instrument pertaining to this Act.

Search warrants may be issued by any magistrate upon the affidavit of a credible person, setting forth the name or description of the owner or person in charge of the premises to be searched, or stating that his name and description are unknown, the address or description of the premises, and showing that the described premise is a place where some specified phase or phases of this Act are violated or are being violated. If the place to be searched is a private dwelling occupied as such and no part thereof is used as a store, shop, hotel, boarding house, or any purpose other than a private residence such affidavit shall be made by two (2) credible persons.

Except as herein provided the application, issuance, and execution of any such warrant and all proceedings relative thereto shall conform as near as may be to the provisions of Title 6 of the Code of Criminal Procedure.

All such alcoholic beverages and articles shall be seized by the officer executing the warrant and shall not be taken from the custody of any officer by writ of replevin nor any other process but shall be held by such officer to await final judgment in the proceedings. It is not intended by the provisions of this Section that a search warrant shall be required for any peace officer or any agent, representative, or inspector of the Board to search any premise covered by any permit or license under the provisions of this Act. Acts 1935, 44th Leg., 2nd C.S., p. 1795, ch. 467, Art. 1, § 20, as added Acts 1937, 45th Leg., p. 1053, ch. 448, § 25.

Section 20 of Acts 1935, 44th Leg., 2nd C.S., p. 1795, ch. 467, art. 1, originally incorporated in this article, was repealed, by Acts 1937, 46th Leg., p. 1053, ch. 448, § 47.

Art. 666—21. Fees and taxes

There is hereby levied and imposed on the first sale in addition to the other fees and taxes levied by this Act the following:

(a) A tax of Ninety-six (96) Cents per gallon on each gallon of distilled spirits, provided the minimum tax on any package of distilled spirits shall be Six (6) Cents.

(b) A tax of Ten (10) Cents on each gallon of vinous liquor that does not contain over fourteen (14) per cent of alcohol by volume.

(c) A tax of Twenty (20) Cents on each gallon of vinous liquor containing more than fourteen (14) per cent and not more than twenty-four (24) per cent of alcohol by volume.

(d) A tax of Twenty-five (25) Cents on each gallon of artificially carbonated and natural sparkling vinous liquor.

(e) A tax of Fifty (50) Cents on each gallon of vinous liquor containing alcohol in excess of twenty-four (24) per cent by volume.

TEx.ST.Supp.'39—70
(f). A tax of Fifteen (15) Cents on each gallon of malt liquor containing alcohol in excess of four (4) per cent by weight.

The term "first sale" as used in Article I of this Act shall mean and include the first sale, possession, distribution, or use in this State of any and all liquor refined, blended, manufactured, imported into, or in any other manner produced or acquired, possessed, or brought into this State.

The tax herein levied shall be paid by affixing a stamp or stamps on each bottle or container of liquor. Said stamps shall be affixed in strict accordance with any rule or regulation promulgated in pursuance of this Act; provided however, any holder of a permit as a retail dealer as that term is defined herein shall be held liable for any tax due on any liquor sold on which the tax has not been paid.

It shall be the duty of each person who makes a first sale of any liquor in this State to affix said stamps on each bottle or container of liquor and to cancel the same in accordance with any rules and regulation of the Board. The Board shall have power to relax the foregoing provision when in its judgment it would be impracticable to require the affixing of such stamp on the bottle or container. In the case of wines, the stamp shall be affixed to every container intended to be sold as an unbroken package to the ultimate customer. And no wine shall be sold for consumption on the premises of a person holding a Wine and Beer Retailer's Permit except from a container having the State tax Stamp affixed thereto. And any person, persons or association who violates any portion of this Section shall be deemed guilty of a misdemeanor, and upon conviction shall be punished by a fine of not less than One Hundred Dollars ($100) nor more than One Thousand Dollars ($1,000), or by imprisonment in the county jail for not less than thirty (30) days nor more than one (1) year. Every holder of a permit authorizing the wholesaling of liquor, upon receipt of a shipment of liquor for sale within this State, under the provisions of this Act, shall prepare and furnish such information and such reports as may be required by rules and regulations of the Board. Any person authorized to export liquor from this State having in his possession any liquor intended for shipment to any place without the State, shall keep such liquors in a separate compartment from that of liquors intended for sale within the State so that the same may be easily inspected and shall attach to each such package of liquor so intended for shipment without the State a stamp of the kind and character that shall be required by proper rule or regulation denoting that the same is not intended for sale within the State. When such liquors are so kept and so stamped no tax on account thereof shall be charged. For defraying the expenses thereof, a charge of Twenty-five (25) Cents shall be made for every such stamp, except that a charge of Ten (10) Cents shall be made for each such stamp placed on vinous or malt liquors of twenty-four (24) per cent alcoholic content or less. All such permittees authorized to transport liquor beyond the boundaries of this State shall furnish to the Board duplicate copies of all invoices for the sale of such liquors within twenty-four (24) hours after such liquors have been removed from their place of business. As amended Acts 1936, 44th Leg., 3rd C.S., p. 2040, ch. 495, Art. 3, § 3; Acts 1937, 45th Leg., p. 1053, ch. 448, § 26.

Art. 666—21a. Stamps; issuance

Stamps for spirituous liquor shall be issued only in multiples of the rate assessed for each half-pint; stamps for wine shall be issued only
in multiples of the rate assessed for each quart; stamps for malt liquors containing alcohol in excess of four (4) per cent by weight shall be issued in multiples of the rate assessed for each twelve (12) fluid ounces; provided that where any such liquors are contained in containers of one-fifth of a gallon, stamps shall be issued therefor at the assessed rate for each such type of liquor; and provided further, that where any such distilled spirits are contained in containers of one-tenth of a gallon, stamps shall be issued therefor at the assessed rate for each such type of distilled spirits. It is further provided that the taxes herein levied and assessed shall be paid and collected by stamps as provided in this Section. As amended Acts 1937, 45th Leg., p. 1053, ch. 448, § 27.

Art. 666—21b. Rules and regulations designating persons permitted to purchase stamps

The Board shall by rule and regulation designate such permit holders or persons who shall be lawfully entitled to purchase State tax stamps. Acts 1935, 44th Leg., 2nd C.S., p. 1795, ch. 467, Art. 1, § 21b, as added Acts 1937, 45th Leg., p. 1053, ch. 448, § 28.

Art. 666—21c. Records of production, receipt of liquor, sales, and stamps used by permittee; false entries

Each holder of a permit under Article I of this Act who distills, rectifies, manufactures or receives any liquor shall make and keep a record of each day's production or receipt of liquor, the amount of tax stamps purchased by him, and each such permit holder other than a retailer shall make and keep a record of each and every sale of liquor and to whom such sale is made. Entry of each such transaction shall be made on the day it occurs. All such permittees shall make and keep such other records as may be required by rule and regulation of the Board. It shall be unlawful for any person to manufacture or brew for the purpose of sale or to import into this State, or to distribute, or sell any beer, or to possess any beer for the purpose of sale within this State without having first obtained appropriate license as herein provided, which license shall at all times be displayed in some conspicuous place within the licensed place of business:

(a) A manufacturer's license shall authorize the holder thereof to manufacture or brew beer and to distribute and sell same to others; and shall also authorize the holder to bottle, can, or pack into containers beer for resale to any place in this State to others, regardless of whether such beer is brewed in the State of Texas, or in any other State of the United States, and imported into Texas; provided that no beer shall be imported into this State except in accordance with the provisions of this Act, that is, in barrels or other containers, and shall at no time be shipped into this State in tank cars; provided that the Liquor Board shall have the same functions, powers, and duties to adopt and enforce a standard of quality, purity, and identity of malt beverages and to promulgate all such rules and regulations as shall be deemed necessary to fully safeguard the public health and to insure sanitary conditions in the manufacturing, purifying, bottling, and rebottling of beer under a manufacturer's license as apply to breweries located within the State of Texas. Every person, agent, receiver, trustee, firm, corporation, association, or co-partnership opening, establishing, operating, or maintaining one or more establishments under a manufacturer's license within this State under the same general management or ownership shall pay the license fees hereinafter prescribed for the privilege of opening, establishing, operating, or maintaining such establishments. Each establishment bottling beer of the same brand or beer brewed by the same brewery shall be held to be under a common management and control, and shall be subjected to the license fees prescribed herein regardless of the nature of control or ownership of each separate es-
establishment. The annual license fees herein prescribed shall be as follows:

1. Upon one (1) establishment the license fee shall be Five Hundred Dollars ($500);

2. Upon each additional establishment in excess of one (1), but not to exceed two (2), the license fee shall be Ten Thousand Dollars ($10,000);

3. Upon each additional establishment in excess of two (2), but not to exceed five (5), the license fee shall be Twenty-five Thousand Dollars ($25,000);

4. Upon each additional establishment in excess of five (5), the license fee shall be Fifty Thousand Dollars ($50,000).

The provisions of this Act shall be construed to apply to every person, agent, receiver, trustee, firm, corporation, co-partnership, or association, either domestic or foreign, which is controlled or held with others by majority stock ownership, or ultimately controlled or directed by one management or association of ultimate management.

(b) General Distributor's License: A General Distributor's License shall authorize the holder thereof to distribute or to sell beer to other General Distributors, Local Distributors, Retail Dealers, and others only in the unbroken original packages in which it is received by him from the manufacturer or other General Distributor, and not to be consumed on the premises where sold. Annual State fee for a General Distributor's License shall be Two Hundred Dollars ($200).

(c) Local Distributor's License: A Local Distributor's License shall authorize the holder thereof to sell and distribute beer to Retail Dealers, ultimate consumers and others in the county of his residence only in the unbroken original packages in which it is received by him not to be consumed on the premises where sold; and such sales may be made to other local distributors licensed to sell beer only in the county of the selling distributor's residence. Annual State fee for a Local Distributor's License shall be Fifty Dollars ($50).

(d) Retail Dealer's On-Premise License: A Retail Dealer's On-Premise License shall authorize the holder thereof to sell beer, for consumption on or off the premises where sold, in or from any lawful container to the ultimate consumer, but not for resale. Annual State fee for a Retail Dealer On-Premise License shall be Twenty-five Dollars ($25).

(e) Retail Dealer's Off-Premise License: A Retail Dealer's Off-Premise License shall authorize the holder thereof to sell beer in bottles or other lawful container direct to the consumer, but not for resale, and not to be opened or consumed on the premises where sold. Annual State fee for a Retail Dealer Off-Premise License shall be Ten Dollars ($10).

(f) Branch License: The holder of a Manufacturer's or General Distributor's License, after obtaining the primary license in the county of his domicile or residence, may establish a place of business in any other county for the distribution of beer upon obtaining a Branch License as herein provided. Any Branch License issued under the provisions of this Section shall terminate at the same time as the primary license of such licensee. The annual State fee for a Branch License shall be Fifty Dollars ($50); provided, however, that the fee for any license required to terminate in less than twelve (12) months from the date of issue shall be paid in advance at the rate of Four Dollars and Twenty-five Cents ($4.25) for each month or fraction thereof for which the license is issued.
To obtain a Branch License the applicant therefor shall present the primary license secured in the county of his residence to the Assessor and Collector of Taxes in such other county, together with the fee herein provided, and it shall be the duty forthwith of such Assessor and Collector of Taxes to certify to the Texas Liquor Control Board that such application has been made and the required fees paid, and such other information as the Board may require; and upon receiving such certificate and report from the Assessor and Collector of Taxes it shall be the duty of the Board or Administrator to issue the Branch License accordingly.

(g) The Commissioners Court in each county of this State shall have the power, except as herein otherwise provided as to Temporary Licenses, to levy and collect from every person licensed hereunder in said county a license fee equal to one-half of the State fee; and any incorporated city or town wherein the licensee is domiciled shall have the power to levy and collect a license fee not to exceed one-half of the State fee, but no other fee or tax shall be levied by either. Nothing herein contained shall be construed as preventing the levying, assessing, and collecting of general ad valorem taxes on the property of any person licensed to sell beer.

(h) The holder of a Manufacturer's License or a Distributor's License shall be authorized to maintain or engage necessary warehouses, for storage purposes only in areas where the sale of beer is lawful from which deliveries may be made without such warehouses being licensed, except when such a warehouse is a premise to which importations of beer are made from outside the State. Any warehouse in which sales orders for beer are taken or money therefor collected shall be deemed a separate place of business for which a license is required. The sale and delivery of beer from a truck of a licensed Manufacturer or Distributor to a licensed retail dealer at the latter's place of business shall not constitute such truck to be a separate place of business. The Board shall govern by rule and regulation, the transportation of such beer, the sale of which is to be consummated at the licensed Retailer's place of business. As amended Acts 1937, 45th Leg., 1st C.S., p. 1760, ch. 13, § 11.

(i) There is hereby provided a "Temporary License" authorizing the sale by a Retail Dealer of Beer for consumption on or off the premises where sold. The fee for such Temporary License shall be Five Dollars ($5). Such licenses shall be issued by the Assessor and Collector of Taxes upon application approved by the County Judge, but no such permit shall be issued to any person who does not also hold a license as provided in Subsection (d) of this Section, and no such permit shall authorize the sale of beer at any point outside the county where same is issued. Any such Temporary License shall expire at the end of the fourth day after the date the same is issued. Fees collected upon the issuance of such Temporary Licenses shall be retained by the county, and no other fees shall be charged for such licenses; and no refund shall be allowed upon the surrender of nonuse of any such license. The County Judge shall issue such licenses only for the sale of beer at picnics, celebrations, or similar events, and may refuse to issue such licenses if in his judgment the issuance of the license would in any manner be detrimental to the public. As amended Acts 1937, 45th Leg., p. 1053, ch. 448, § 49.

Art. 667—6. Hearing upon application

The application of any person desiring to be licensed to manufacture, distribute, or sell beer shall be filed in duplicate with the County Judge, who shall set same for a hearing at a date not less than five (5) nor more than ten (10) days from the filing of same.

Upon the filing of any application for a license, the County Clerk shall give notice thereof by posting at the courthouse door a written notice of the filing of such petition, and the substance thereof, and the date of hearing upon such petition. Any citizen shall be permitted to contest the facts stated in said petition and the applicant's right to secure license upon giving security for all costs which may be incurred in such contest should this case be decided in favor of the applicant; provided, however, no officer of a county or any incorporated city or town shall be required to give bond for such costs.

If upon hearing upon the petition of any applicant for a license, the County Judge finds the facts stated therein to be true and has no other lawful reason for denying the application, he shall enter an order so certifying, and a copy of said order shall be delivered to the applicant; applicant shall thereupon present the same to the Assessor and Collector of Taxes of the county wherein the application is made and shall pay to the Assessor and Collector of Taxes the fee specified in this Article for the class of license applied for; the Assessor and Col-
lector of taxes shall thereupon report to the Texas Liquor Control Board upon a form prescribed by said Board certifying that the application for license has been approved and all required fees paid, and such other information as may be required by the Board, and to such certificate shall be attached a copy of the original application for license. Upon receiving such report or certification from the Assessor and Collector of Taxes, it shall be the duty of the Board or Administrator to issue the license accordingly, if it is found that the applicant is entitled to a license and there are no legal reasons why a license should not be issued, which license shall show the class of business the applicant is authorized to conduct, amount of fees paid, date, correct address of the place of business, and date of expiration, and such other information as the Board shall deem proper; provided, however, that the Board or Administrator may refuse to issue any such license if in possession of information from which it is determined that any statement contained in the application therefor is false, untrue, or misleading. Upon any such refusal by the Board or Administrator, applicant shall be entitled to refund of any license fee paid to the County Assessor and Collector of Taxes at the time of filing his application.

If upon hearing upon the petition of any applicant for a license the County Judge finds any facts stated therein to be untrue, the application shall be denied; and it shall be sufficient cause for the County Judge to refuse to grant any license when he has reason to believe that the applicant will conduct his business of selling beer at retail in a manner contrary to law or in any place or manner conducive to violation of the law, or likely to result in any jeopardy to the peace, morals, health, or safety of the general public. In the granting or withholding of any license to sell beer at retail, the County Judge in forming his conclusions shall give due and proper consideration to any recommendations made by the District or County Attorney or the Sheriff of the county, and the Mayor and Chief of Police of any incorporated city or town wherein the applicant proposes to conduct his business and to any recommendations made by representatives of the Board.

In the event the County Judge, Texas Liquor Control Board or Administrator denies the application for a license, he shall enter his judgment accordingly, and the applicant may within thirty (30) days thereafter appeal to the District Court of the county where such application is made, and such District Court may hear and determine such appeal in termtime or vacation in a trial de novo. It shall be incumbent upon the applicant to make the same showing in all matters to the District Judge that he is required by this Article to make to the County Judge, and the District Judge in hearing upon the appeal shall hear the cause and render judgment in like manner as required of the County Judge. Judgment of the District Court shall be final, and if the application shall be granted by final judgment, a certified copy of the judgment shall be presented to the Assessor and Collector of Taxes who shall thereupon accept the fees required and make report to the Board in the manner required upon like orders issued by the County Judge. Any person appealing from the judgment of the County Judge shall give bond for all costs incident to such appeal and shall be required to pay such costs if the judgment on appeal is unfavorable to the applicant but not otherwise.

Every person making application for an original license of any class herein provided, except Branch Licenses and Temporary Licenses, shall be subject at the time of the hearing thereon to a fee of Five Dollars ($5), which fee shall, by the County Clerk, be deposited in the County
Treasury, and the applicant shall be liable for no other fees except said application fee and the annual license fee required of him by this Act.

No person shall be authorized to sell beer during the pendency of his original application for a license, and no official shall advise or suggest that such action would be lawful or permitted. As amended Acts 1937, 45th Leg., p. 1053, ch. 448, § 49.

Art. 667-7. Expiration and renewal of licenses

(a) Any license issued under the terms of this Article, except Branch Licenses and Temporary Licenses specifically provided for, shall terminate one year from the date issued, and no license shall be issued for a longer term than one year. Any person now holding a license to manufacture or sell beer in this State and desiring to renew the same shall before expiration of his present license, and not more than thirty (30) days prior to such expiration date, be required to make application in the manner herein provided for the primary issuance of any class of license; and when it is desired to renew any license obtained under the procedure provided in this Article, the holder of such license shall make written application to the Assessor and Collector of Taxes of the county of the Licensee's residence not more than thirty (30) days prior to the date of expiration of the license held by him. Such application for renewal shall be signed by the applicant and contain full and complete information as set out and required in any application for original license, and applicant shall pay to the Assessor and Collector of Taxes the appropriate license fee for the class of license sought to be renewed. The Assessor and Collector of Taxes shall thereupon transmit to the Board a copy of said application for renewal together with the certification that all required fees have been paid for the ensuing license period; and upon receiving the copy of said application and certification as to the payment of fees, the Board or Administrator may in its discretion issue the license applied for, or may within five (5) days after receipt of such application reject the same and require that the applicant for renewal file application with the County Judge and submit to hearing before such County Judge in the manner required of any applicant for the primary or original license. Any applicant for renewal when such renewal is rejected by the Board or Administrator shall be entitled to refund of any license fee paid to the County Assessor and Collector of Taxes at the time of filing his application for renewal.

(b) Any application for renewal shall be accompanied by a fee of Two Dollars ($2), which sum shall be in addition to the amount required by law to be paid for annual license fees, as a renewal fee charge. Any renewal fee charges collected by the County Assessor and Collector of Taxes shall be deposited in the County Treasury as fees of office and be so accounted for by him. No applicant for renewal of license shall be required to pay any fees other than the renewal fee charge and license fees herein provided, except when required by action of the Board or Administrator to submit to hearing upon such renewal before the County Judge.

(c). A separate license fee shall be required for every place of business where the business of manufacturing, importing, or selling beer is conducted.

(d). No license issued under the provisions of this Article shall be assignable by the holder thereof to any other person; provided, that should any holder of a license desire to change the place of business designated in such license, he may do so by applying to the County Judge and receiving his consent or approval as in the case of original applica-
tion for license as herein provided and without being required to pay additional license fees for the remaining unexpired term of the license held by him. As amended Acts 1937, 45th Leg., 1st C.S., p. 1760, ch. 13, § 13.

(e). No licensee shall obtain any refund upon the surrender or non-use of any license for the manufacture, distribution, importation, or sale of beer except as provided in Section 18 of this Article. As amended Acts 1937, 45th Leg., 1st C.S., p. 1760, ch. 13, § 14.

(f). No person shall conduct as owner or part owner thereof any place of business engaged in the manufacture, distribution, importation, or sale of beer except under the name to which the license covering such place of business is issued.

(g). Every license issued prior to the effective date hereof authorizing the manufacture, distribution, or sale of beer shall remain in force until the date of its expiration, but the licensee thereunder shall hold such license as fully subject to all the provisions of this Act, including, but not limited to, the cancellation or suspension thereof for cause, as any license that may be issued on or after the effective date hereof.

(h). Should the license of any licensee become mutilated or destroyed the Board or Administrator may issue another license by way of replacement in any manner deemed appropriate by the Board or Administrator. As amended Acts 1937, 45th Leg., p. 1053, ch. 448, § 49.

Art. 667—8. Containers

It shall be unlawful for any person to sell, store, possess, or transport in this State, any beer unless it be in a container as defined in Section 1 of this Article, and every such container shall bear a brand, imprint, or label showing the full name and address of the brewer or manufacturer of such beer, or the name and address of any distributor for whom a special brand is manufactured; and in the event such beer is sold or transported in containers packed in any box, crate, carton, or similar device, the same information shall appear upon the outside of such package. As amended Acts 1937, 45th Leg., p. 1053, ch. 448, § 49.

Art. 667—9. Records

Every holder of a Manufacturer's or Distributor's license shall make and keep a record of each day's production or receipt of beer, the amount of stamps purchased by him, and the amount of stamps used by him; and every holder of a Manufacturer's or Distributor's License shall make and keep a record of each and every sale of beer and to whom such sale is made, and entry of every transaction shall be made on the day it occurs; and all such licensees shall make and keep such other records as may be required to be made by the Board or Administrator. All records which licensees are required to make shall be kept available for the inspection of the Board or its authorized representatives for a period of at least two years. It shall be unlawful for any person to fail to make records as required herein or fail to keep for a period of at least two years such records open for inspection to the Board or its duly authorized representatives during reasonable office hours, or to make any false entry or fail to make any entry as herein provided. As amended Acts 1937, 45th Leg., p. 1053, ch. 448, § 49; Acts 1937, 45th Leg., 1st C.S., p. 1760, ch. 13, § 15.
Art. 667-10. Prohibited hours

(a) It shall be unlawful for any person to sell beer or offer same for sale between the hours of 12:00 o'clock midnight and 7:00 a. m. of any day or from and after 12:00 o'clock midnight Saturday until 7:00 a. m. Monday of the following week; provided, however, that any holder of a Retail Dealer's License or a Wine and Beer Retailer's Permit shall, upon showing to the satisfaction of the County Judge that he is engaged also in the sale of food and other commodities for human consumption, and that the sale of beverages for which a license is required does not during such prohibited hours normally in the course of any one week’s time amount in dollars and cents to more than the sale value of food and other commodities for human consumption sold by such licensee during such hours, be entitled without being required to pay any fee therefor, to a supplementary license authorizing him to sell such beverages during any hour of any day. Said supplementary license shall be on a form furnished by the Board or Administrator and upon being issued shall be attached to and become a part of basic license of the holder, and such supplementary license shall expire with the license of which it is a part; provided further, that the Board or its representatives may at any time make inquiry into the business of such holder; and unless it can be shown by the licensee that his sales of alcoholic beverages are not exceeding in value the sales of food and other commodities for human consumption during the hours referred to in this provision, the Board or Administrator is authorized after notice and hearing to issue an order revoking such supplementary license, and the holder of a license so revoked shall not be entitled to a supplementary license for six (6) months thereafter.

It is provided that during the period of thirty (30) days after the effective date of this Act as to all persons authorized to sell beer at retail, and during a period of thirty (30) days after the issuance thereof as to any new license or permit authorizing such sale (but not as to any renewal) it shall be presumed that the principal business of the licensee or permittee is not the sale of alcoholic beverages; and during such period of time as against any particular licensee or permittee the restrictions of this Section and Section 2 of this Article 1 shall not apply.

(b) It shall be unlawful for any person to make any sale of beer anywhere in this State on the day of any general primary election or general election held in this State between the hours of 7:00 a. m. and 8:00 p. m. of the day; provided, however, that the holder of a Manufacturer's License or a Distributor's License may make deliveries at wholesale during such hours to the bona fide holders of licenses or permits to sell beer, but shall not make any sales or deliveries to any other person. (a) It shall be unlawful for any licensee to permit any beer to be­
consumed on the premises where sold unless he is the holder of a license
authorizing the sale of beer for consumption on said premises, and it
shall be unlawful for any licensee or the agent, servant or employee of
any licensee to possess on the premises covered by a license of such
licensee any alcoholic beverage that is not authorized by law to be sold
for consumption on such premises.

(b) It is hereby provided that hotels authorized by law and holding

be disqualified from obtaining a license to sell beer for consumption on
the premises where sold. As amended Acts 1937, 45th Leg., p. 1053, ch.
448, § 49.
Art. 667—15. Sale of stock after license cancelled

In the event the license of any licensee hereunder is cancelled or forfeited under the provisions of this Act, the licensee shall nevertheless be authorized to, within thirty (30) days thereafter, sell or dispose of in bulk any stock of beer he may have on hand at the time of such cancellation or forfeiture of license. In all cases where any person pursuing the occupation of selling beer, as herein defined, under licenses issued in accordance with the laws of this State, has been or shall hereafter be prevented from pursuing such occupation for the full time to which he would be otherwise entitled, by reason of the adoption of local option in any county or subdivision thereof, the proportionate amount of license fees paid by him covering the unexpired term shall be refunded to him. So much of the proceeds so derived under the provisions of this Article as may be necessary, not to exceed two (2) per cent thereof, are hereby appropriated for that purpose. As amended Acts 1937, 45th Leg., p. 1053, ch. 448, § 49.

Art. 667—19. Cancellation of license

The Board or Administrator shall have the power and authority to cancel the license of any person authorized to sell beer after notice and hearing as herein provided upon finding that the licensee has:

   (c) Sold beer during any hours when such sale was forbidden by law; or

(h) Conspired with any person to violate any of the provisions of Section 24 of this Article or accepted the benefits of any act prohibited by such section; or

(i) Refused to permit or interfere with an inspection of the licensed premises by any authorized representative of the Board; or

(j) Contributed money or other thing of value toward the campaign expenses of any candidate for office; or

(k) Permitted his license to be used in the operation of a business conducted for the benefit of any person not authorized by law to have an interest in said license; or

(l) Maintained blinds or barriers at his place of business in violation of the law; or that

(m) Such licensee (or, if a corporation, any officer thereof) is financially interested in any place of business engaged in the selling of distilled spirits or has permitted any other person who has a financial interest in any place of business engaged in the sale of distilled spirits to be interested financially in the business authorized by the license sought to be cancelled; or

(n) That the holder of the license sought to be canceled (or, if a corporation, any officer thereof) is residentially domiciled with or so related to any person engaged in the sale of distilled spirits that there is a community of interest which the Board or Administrator may deem iminicaale.to the purposes of this Act, or is so related to any person in whose name any license has been cancelled or revoked within the twelve (12) months next preceding any date fixed by the Board or Administrator for hearing upon a motion to cancel or revoke the existing license; or

(p) In addition to the causes for cancellation hereinbefore set out, the Board or Administrator shall cancel the license of any retailer upon satisfactory proof that the licensee has been finally convicted for the violation of any penal provisions of this Article.

Provided, however, that no license authorizing the retail sale of beer in a hotel shall be cancelled for the causes specified in the foregoing paragraphs (m) and (n) in those cases where there is a place of business authorized to sell distilled spirits in unbroken packages on premises of the hotel other than that part of such premises covered by the retail Beer Dealer's License.

(g) That the licensee has violated any provisions of this Act or any rule or regulation of the Board at any time during the existence of the license sought to be cancelled or within the preceding license period of any license held by the licensee.

3. If a Manufacturer:

The Board or Administrator shall have the power and authority to suspend after notice and hearing the license of any manufacturer to sell beer in this State, when such licensee does business in violation of the provisions of this Act or rules and regulations of the Board, until said licensee obeys all lawful orders of the Board or Administrator requiring such licensee to cease and desist from such violations.

Any act of omission or commission enumerated herein as cause for the cancellation or suspension of any type of license shall also be a violation of this Act and subject to the penalties provided in Section 26 of this Article, provided, however, that the penalty for the making of any false or untrue statements in any application for licenses or in any statement, report or other instrument to be filed with the Board and which is required to be sworn to shall be as is provided in Section 17 (a) of Article I of this Act. As amended Acts 1937, 45th Leg., p. 1053, ch. 448, § 49; Acts 1937, 45th Leg., 1st C.S., p. 1760, ch. 13, § 17.

Art. 667—20. Hearings

The Board or Administrator shall have the power and authority upon its own motion, and it is hereby made its duty upon petition of any County Judge, County Attorney, or Sheriff of a county, or the Mayor or Chief of Police of any incorporated city or town wherein may be located the place of business of the licensee complained of in such petition to fix a date for hearing, and give notice thereof to any licensee complained of for the purpose of determining whether or not the license of such licensee is to be cancelled by the Board and notify such licensee that he may appear to show cause why such license should not be cancelled or revoked. The Board or Administrator is authorized and empowered to cancel the license of any licensee upon determining after hearing that the holder thereof has given cause for such cancellation in any manner enumerated in Section 19 of this Article. As amended Acts 1937, 45th Leg., p. 1053, ch. 448, § 49; Acts 1937, 45th Leg., 1st C.S., p. 1760, ch. 13, § 18.

Art. 667—21. Suspension of license

The Board or Administrator shall have the power and authority to suspend for a length of time not exceeding thirty (30) days the license of any retail beer dealer upon ascertaining that any act constituting a breach of the peace has occurred upon the premises covered by the license of such retail dealer or under his control, and at the expiration of the date to which such license has been suspended the Board or Administrator shall cancel the license unless it shall have been shown to the satisfaction of the Board or Administrator that the act was beyond the control of the person holding the license and did not result from improper supervision by the licensee of the conduct of persons permitted by him to be on the licensed premises or premises under his control. As amended Acts 1937, 45th Leg., p. 1053, ch. 448, § 49.
Art. 667—22. Appeal; suit to restrain suspension; evidence; effect of cancellation or suspension

Any order of the Board or Administrator cancelling a license shall have the effect that it shall immediately be unlawful, after notice thereof is given, for the holder of such cancelled license to sell beer for a period of one year thereafter, except during the period that the order of cancellation is superseded pending trial, or unless he shall prevail in any final judgment, rendered upon appeal as herein provided. Appeals from decisions or orders of the Board or Administrator cancelling or refusing a license may be had under the same conditions and provisions prescribed in Section 14 of Article I of this Act.

No appeal shall lie from an order of suspension of license. No suit of any nature shall be maintained in any Court in this State seeking to restrain the Board or Administrator or any other officer from enforcing any order of suspension issued by the Board or Administrator; and if at any hearing thereon it be shown to the satisfaction of the Board or Administrator that any alcoholic beverage was sold on or from the premises covered by a license during the period of suspension, then such proof shall be sufficient to warrant cancellation of the license.

The cancellation or suspension of any license shall not excuse nor relieve the violator from the penalties provided in this Article. As amended Acts 1937, 45th Leg., p. 1053, ch. 448, § 49; Acts 1937, 45th Leg., 1st C.S., p. 1760, ch. 13, § 19.

Art. 667—23. Beer tax; stamps

(a) There is hereby levied and assessed a tax at the rate of One Dollar and Twenty-four Cents ($1.24) per barrel on all beer sold, stored, distributed, transported, or held for the purpose of sale in this State whether manufactured in or imported into this State. Said tax shall be paid and evidenced by placing stamps, which the State Treasurer is herein authorized to provide in the denominations required, on each original package as defined in this Article; provided, further, that at the time said stamp is affixed the person affixing the stamp shall with indelible ink or stamp cancel the same by placing the date and the licensee’s full name or initials upon said revenue stamp.

(b) It is the purpose and intent of this Act to require the tax to be paid and the stamp evidencing same to be affixed on the first sale, distribution, storage, or transportation and at the source, to the end that it will preclude any person evading the payment of this tax. Any person in possession of beer that has not been stamped in accordance with the provisions hereof shall be held to be in violation of this Article and liable for the taxes herein provided and the penalties for such violation.

(c) On beer imported into this State the duty of payment of the tax and affixing and cancelling the stamp as required herein shall rest primarily upon the importer, and it is hereby declared to be unlawful to import beer into this State unless and until said tax has first been paid and the stamp evidencing such payment has been first affixed and cancelled as required by this Act. It is provided, however, that a holder of a manufacturer’s license who imports beer into this State for rebottling purposes shall not be required to affix the State tax stamps to the container in which he receives the same, and that the same may be transported, delivered and stored by him without the State tax stamps being affixed to the containers thereof, but in all instances where beer
is imported into this State for rebottling purposes the importer thereof shall be required by rule and regulation of the Board to make and keep such records and submit such reports as may be required, to the end that it will preclude any person from evading the payment of the proper tax.

(d) On beer manufactured in this State the duty of paying the tax and affixing and cancelling the stamp as required herein shall rest primarily upon the manufacturer, and it is hereby declared to be unlawful for any manufacturer to transport any beer or to deliver to any person any beer to be transported away from the brewery of said manufacturer unless and until tax has first been paid and the tax stamp evidencing such payment has been first affixed and cancelled as required by this Act; provided, however, that no person holding a Manufacturer's License in this State shall be required to affix stamps on any containers of beer stored in the brewery where same is brewed or being transported therefrom to a point outside of this State.

(e) Tax stamp of proper denominations shall be placed on each original package as herein defined upon which the stamp is required to be affixed, in such a way that the original package cannot be conveniently and practically opened without mutilating or defacing said stamp; provided, however, that as to packages where this requirement is in the judgment of the Board impractical the Board shall have authority by regulation to require the affixing of the stamp in any manner it may deem necessary for the protection of the revenue due to the State.

(f) It shall be unlawful to transport to destinations in this State any beer upon which tax has not been paid and such payment evidenced by stamps affixed and cancelled as required by law.

(g) If any person has paid the tax on any beer and affixed tax stamps to the containers thereof and thereafter said beer is shipped out of Texas for consumption, a claim for refund may be made upon paying a fee of Five Dollars ($5) to the Board at the time and in the manner prescribed by the Board or Administrator. So much of any funds derived hereunder as may be necessary, not to exceed two (2) per cent thereof, is hereby appropriated for such purpose. The Board may promulgate rules and regulations generally for the enforcement of this provision.

(h) No bottled beer shall be stored in this State except it be in a container or original package bearing the proper tax stamp, unless the same is exposed for sale by a retailer or is being cooled for sale by a retailer, except when the same is legally in the possession of the ultimate consumer.

(i) Except as may be otherwise provided by rule and regulation of the Board no person shall be authorized to purchase any beer tax stamps herein provided unless he is the holder of a Manufacturer's or Distributor's License; provided however, that the holder of a Manufacturer's or Distributor's License may designate as his agent for the purchase of stamps any manufacturer or wholesaler located outside the State whose products are imported into this State by the holder of such license; and the State Treasurer shall make no sale of beer tax stamps to any person not authorized to purchase same.

(j) The Board shall from time to time inspect the records of manufacturers, importers, or distributors to ascertain whether there has occurred any evasion of the tax imposed by this Article upon beer sold, stored, distributed, transported, or held for the purpose of sale in this State. It is hereby declared to be the law that as to all beer sold, stored, distributed, transported or held for the purpose of sale in this State and for which the tax has not been paid and evidenced as required by law
prior to the first such act, the tax hereby imposed shall be double the
amount of tax required to be paid upon beer that is stamped before its
first sale, storage, distribution, or transportation in this State; and
any person who shall sell, store, distribute, transport, or hold for pur-
pose of sale any unstamped beer shall be in violation of the law and
may be held liable for the tax that may be found to be due to the State.
Any receipts or sales or record of receipt or sales of beer by any per-
son in quantity exceeding the amount of beer for which tax stamps have
been purchased by such person from the Board shall be prima facie
evidence of the sale of beer without payment of the tax thereon.

(k) It shall be unlawful for any person to open any container of
beer having a stamp thereon without then and there mutilating or
otherwise defacing such stamp so that it cannot be again used; and

(l) It shall be a violation of law for any person to attach to any
container of beer or to possess any stamp that has been theretofore at-
tached to a different container, or to use for the packing of beer or to
possess for such purpose any container bearing a stamp that has there-
tofore been used for the delivery of beer unless the stamp required by
law to cover the previous sale or delivery has thereafter been defaced,
mutilated, or removed.

(m) Any payment of taxes upon beer found to have been sold, stored,
or transported before payment thereof, voluntarily or as a result of
seizure and sale shall not excuse any person from penalties provided for
failure to pay taxes and evidence such payment by the application of
stamps as required in this Article. Acts 1935, 44th Leg., 2nd C.S., p.
1795, ch. 467, Art. 2, § 23, as added Acts 1937, 45th Leg., p. 1053, ch. 448,
§ 49.

Art. 667—24. Marketing practices

or indirectly or through a subsidiary or affiliate, any agent or any em-
ployee, or by any officer, director, or firm member:

(c) Loans and Guaranties: To furnish, give or lend any money or
other thing of value, except signs, or to extend unusual credit terms,
to any person engaged in selling brewery products for consumption on
or off the premises where sold, or to any person for the use, benefit,
or relief of said person engaged in selling as above or to guarantee the
repayment of any loan or the fulfillment of any financial obligation
of any person engaged in selling beer at retail. The extension of credit
for longer period of time than is generally extended to regular customers
of a manufacturer or distributor covering the purchase of brewery
products from such manufacturer or distributor shall be deemed unusual
credit terms.

(d) Consignment Sales: To make any delivery of beer under any
agreement, arrangement, condition, or system whereby the person re-
ceiving the same has the right at any time to relinquish possession to
or return same to the shipper, or whereby the title to such beer remains
in the shipper; or to make any delivery of beer under any agreement,
arrangement, condition, or system whereby the person designated as the receiver merely acts as an intermediary for the shipper or seller and the actual receiver, including any delivery of beer to a factor or broker; or to employ any other method whereby any person is placed in actual or constructive possession of beer without acquiring title thereto, or whereby any person designated by the shipper or seller as the purchaser did not in fact purchase the same, or to make any other kind of transaction which in law may be construed as a consignment sale.

(e) Equipment and Fixtures: To furnish, give, rent, lend, or sell any equipment, fixtures, or supplies to any person engaged in selling brewery products for consumption on the premises where sold. This Subsection does not apply to such equipment, fixtures, or supplies furnished, given, loaned, rented, or sold prior to November 16, 1935, except that such transactions made prior to this date are not to be used as a consideration for an agreement thereafter made respecting the purchase of brewery products; provided that equipment, fixtures, or supplies furnished, given, rented loaned, or sold to any person engaged in selling brewery products for consumption on the premises where sold, prior to November 16, 1935, when removed from the premises of such person or repossessed by any manufacturer or distributor of brewery products or by his agents or employees, shall not again be furnished, given, rented, loaned, or sold to any person engaged in the sale of brewery products for consumption on the premises where sold.

(f) Allowances and Rebates for Advertising and Distribution Service: To pay or to make any allowance to any buyer for a special advertising or distribution service, (1) unless in pursuance of a written contract defining the service to be rendered and the payment therefor; and (2) unless such service is rendered and the payment is reasonable and not excessive in amount; and (3) unless such contract is separate and distinct from any sales contract; and (4) unless such payment is equally available for the same service to all competitive buyers in the same class in the same trade area; or (5) where the result of any allowance, rebate, or payment results in the retailer giving to any manufacturer or distributor any advantage as to the sale of beer distributed by such manufacturer or distributor.

(g) Prizes and Premiums: To offer any prize, premium, gift, or other similar inducement, except advertising novelties of nominal value, to any dealer in or consumer of brewery products.

(h) Advertising: To publish or disseminate or cause to be published or disseminated by radio broadcast, or in any newspaper, periodical, or other publication or by any sign or outdoor advertisement or any other printed or graphic matter, any advertisement of any brewery product, if such advertisement causes, or is reasonably calculated to cause, deception of the consumer with respect to the product advertised. An advertisement shall be deemed misleading if it is untrue in any particular or if directly or by ambiguity, omission, or inference, it tends to create a misleading impression. Any advertisement of or reference to alcoholic content of any brewery product or any advertisement disparaging of a competitor's products, or that is obscene or indecent, shall be unlawful.

(i) Misbranding: To sell or otherwise introduce into commerce any brewery product that is misbranded. A product is misbranded:

(1) Food and Drug Act Requirement—If it is misbranded within the meaning of the Food and Drug Act.
(2) Standards of Fill—If the container is so made, formed, or filled as to mislead the purchaser, or if its contents fall below the recognized standards of fill.

(3) Standards of Quality—If it misrepresents the standard of quality of products in the branded container.

(4) Labels—If it is so labeled that it purports to be any product other than is actually in the container.

(j) Exclusive Outlet: To require, by agreement or otherwise, that any retailer engaged in the sale of brewery products shall purchase any such products from such persons to the exclusion in whole or in part, of the products sold or offered for sale by any other person engaged in the manufacture or distribution of brewery products, or to require the retailer to take or dispose of a certain quota of any such product.

(k) Commercial Bribery: To give or permit to be given money or anything of value in an effort to induce agents, employers, or representatives of customers or prospective customers to influence their employers or principals to purchase or contract to purchase brewery products from the maker of such gift, or to influence such employers or principals to refrain from dealing or contracting with competitors.

(l) Returnable Container: It shall be unlawful for any manufacturer to accept as a return or to purchase or use any barrel, half-barrel, keg, case, or bottle permanently branded or imprinted with the name of another manufacturer.

(m) Labeling: To manufacture or sell or otherwise introduce into commerce in this State any brewery product unless it bear a label showing in plain, legible type the name and address of the manufacturer and the name of the distributor for whom any special brand is manufactured, the brand or trade name, and the net content of the bottle in terms of United States liquid measure; or to manufacture or sell, or otherwise introduce into commerce in this State any beer or container or dispensing equipment, carton, or case for beer bearing a label or imprint which by wording, lettering, numbering, or illustration, or in any other manner carries any reference or illusion or suggestion to the alcoholic strength of the product or to any manufacturing process, ageing, analysis, or scientific matter or fact, or upon which appears any such words or combination of words or abbreviations thereof, as "strong," "full strength," "extra strength," "high test," "high proof," "prewar strength," "full old time alcoholic strength," or any words or figures or other marks or characters alluding or relating to "proof," "balling" or "extract," contents of the product, or which bears a label that is untrue in any particular or which directly or by ambiguity, omission, or inference tends to create a misleading impression or causes, or is reasonably calculated to cause deception of the consumer or buyer with respect to the product.

(2) It shall be unlawful for any retail dealer to dispense any draft beer unless each faucet or other dispensing apparatus is equipped with a sign clearly indicating the name or the brand of the particular product being at the time dispensed through each faucet or other apparatus, which sign shall be in legible lettering and in full sight of the purchaser.

(3) In addition to other power and authority granted by this Act to the Board or Administrator, said Board shall have the power and authority upon finding it necessary to effectuate the purposes of this Article to adopt rules and regulations to provide a schedule of deposits required to be obtained on any beer containers delivered by any licensee, and any violation of any such regulation shall be unlawful.
(4) Provided that if any provision of this Section 24 is for any reason held unconstitutional and invalid, such decision shall not affect the validity of the remaining portions, and the Legislature hereby declares that it would have passed this Section, and each subsection, provision, sentence, clause, or phrase thereof, irrespective of the fact that any provision is declared unconstitutional. Acts 1935, 44th Leg., 2nd C.S., p. 1795, ch. 467, Art. 2, § 24, as added Acts 1937, 45th Leg., p. 1053, ch. 448, § 49.

Art. 667—25. Transportation of beer

(a) It is hereby declared to be lawful to transport beer, as herein defined, and upon which the tax has been paid and evidenced by stamps as required by law, from any place in this State where the sale, manufacture, and distribution of said beer is authorized by law to any other place within this State where the same may be lawfully manufactured, sold, or distributed; and from the State boundary to any such place, even though in the course of such transportation the route over which the same is being transported may traverse local option territory in which the manufacture, sale, and distribution of said beer is prohibited. Provided, however, that any such shipments must be accompanied by a written statement furnished and signed by the shipper, showing the name and address of the consignor and the consignee, the origin and destination of such shipment, and such other information as may be required by the Board or Administrator; and it shall be the duty of the person in charge of such cargo while it is being so transported to exhibit such written statement to any representative of the Board or any peace officer making demand therefor, and said statement shall be accepted by such officer as prima facie evidence of the lawful right to transport such beer. The transportation of beer not accompanied by statement herein required, or failure to exhibit the same upon lawful demand, shall be a violation of this Act, and any beer being transported in violation hereof shall be subject to seizure without warrant.

(b) Possession by any person in any dry area of beer in any quantity exceeding twenty-four (24) bottles having a capacity of twelve (12) ounces each shall be prima facie evidence of possession for the purpose of sale in a dry area. Acts 1935, 44th Leg., 2nd C.S., p. 1795, ch. 467, Art. 2, § 25, as added Acts 1937, 45th Leg., p. 1053, ch. 448, § 49.

Art. 667—26. Penalty

Any person who violates any provision of this Article shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a fine of not less than Twenty-five ($25.00) Dollars nor more than Five Hundred ($500.00) Dollars or by imprisonment in the county jail for not more than one year, or by both such fine and imprisonment.

It is provided, however, that in cases where the Administrator or the Board in writing recommends acceptance of a plea of guilty, and such plea is accepted, the decree of the court and assessment of penalty shall not require cancellation of a license as provided in Section 19(p) 1 of this Article, but shall leave the question of cancellation of license in such cases to the discretion of the Board or Administrator, having in mind the purposes of this Act. (c) "Coloring matter" means and includes any dye or any liquid or concentrate, or material containing a dye, or materials which react to form a dye, used or intended to be used for the purpose of enhancing the color of citrus fruit by the addition of artificial color to the peel thereof; provided that said term shall not include any process or treatment of fruit which merely brings out or accelerates the natural color of fruit.

(d) "Commissioner" shall mean the Commissioner of Agriculture of the State of Texas.

The Commissioner shall cause the said formula to be examined, and the said sample to be analyzed, and if there shall be found in either any ingredient prohibited under Section 2 hereof, or any other ingredient known to be dangerous to health under the conditions of its use, or if the said coloring matter shall vary in any material or substantial degree from the formula so furnished, then such coloring matter shall not be used on citrus fruits, and the manufacturer shall be denied the license hereinafter required. Art. 752c. Licenses, refusing, revoking, cancelling, and suspending of

Sec. 3. The State Board of Dental Examiners shall be and they are hereby authorized to refuse to grant a license to practice dentistry to any person or persons who have been guilty, in the opinion of said Board, of violating any of the provisions of the Statutes of the State of Texas relating to the practice of dentistry, or any provisions of Chapter 7 of Title 12 of the Penal Code of the State of Texas, within twelve (12) months prior to the filing of an application for such license.

Revocation, cancellation, or suspension of license

Sec. 4. The State Board of Dental Examiners shall be, and it shall be their duty, and they are hereby authorized to revoke, cancel or suspend any license or licenses that may have been issued by such Board, if in the opinion of a majority of such Board, any person or persons to whom a license has been issued by said Board to practice dentistry in this State, shall have, after the issuance of such license, violated any of the provisions of the Statutes of the State of Texas relating to the practice of dentistry in this State, or any of the provisions of Chapter 7, Title 12 of the Penal Code of the State of Texas, or any amendments that may hereafter be made thereto. Provided, however, that if a majority of such Board shall be of the opinion that any person or persons to whom a license has been issued by said Board shall have violated any of the provisions of said Statutes or Penal Code, such Board shall first have an order entered in the Records of said Board declaring it to be the opinion of the majority of such Board that such person or persons have so violated the provisions of said Statutes or Penal Code, within twelve (12) months prior to the date of such order, and shall mail by registered mail to the last known address of such person or persons a copy of such order, together with
notice that if such alleged violations of said Statutes and Penal Code are not discontinued by such person or persons within ten (10) days after the mailing of such notice, or satisfactory evidence produced showing such alleged violations did not occur, that such Board will proceed to revoke, cancel or suspend the license of such person or persons alleged to have violated said Statutes and Penal Code. Such order and such notice shall state the alleged violations of such Statutes and Penal Code as are to be relied upon by said Board as grounds for the cancellation of such license. If, from and after ten (10) days from the mailing of such notice, the person or persons to whom such notice or notices have been sent shall in the opinion of said Board have failed and refused to desist from the violation complained of and set out in said order and said notice, or failed to show satisfactory evidence that such violations did not occur, said Board shall proceed to set a time and place, not less than ten (10) nor more than thirty (30) days, for a hearing to consider the revocation, cancellation or suspension of such license or licenses; and a copy of such order shall be sent by registered mail to the person or persons alleged to have violated the provisions of said Statutes and Penal Code, not less than five (5) days prior to the date set for the hearing thereon. Such order and such notice shall likewise state the grounds alleged to have been violated, as provided in the first order herein. At the time and date set in said order and said notice for such hearing, the person or persons alleged to have violated the provisions of the Statutes of the State of Texas relating to dentistry, or the provisions of said Chapter 7, of Title 12 of the Penal Code, may appear before said Board and show cause, if any he has, why said license should not be revoked, cancelled, or suspended. Such hearing shall be governed by such rules and regulations as may be prescribed by the Board. After such hearing, the Board shall enter an order in its minutes dismissing such charges or revoking, cancelling or suspending for a time to be fixed by the Board, not to exceed twelve (12) months, the license or licenses of the person or persons accused, as in the opinion of the Board the facts brought out at such hearing justify and require. Provided, however, that any order cancelling or revoking or suspending such license or licenses shall be signed by a majority of such Board and by all the members of such Board present at such hearing. Provided that when the license of such licensee is revoked or cancelled he shall be allowed to continue the practice of his profession pending appeal upon his giving a supersedeas bond in such amount as shall be set by the District Court, conditioned to faithfully observe the law.

Appeal to court

Sec. 5. If said Board shall make and enter any order cancelling or suspending any license or licenses as hereinabove provided, the person or persons whose license shall have been so cancelled and revoked or suspended may, within thirty (30) days after the making and entering of such order, take an appeal to the District Court of the county in which the alleged offense occurred by filing an appropriate petition for such purpose. Said cause shall be placed on the docket of said Court in the name of the party or parties filing same, as plaintiff, and the State Board of Dental Examiners, as defendant. It shall be the duty of said Board, upon the filing of a petition asking for an appeal and review of such proceedings of said Board by the person or persons accused, and after citation in such cause has been issued and served as in other civil cases, to prepare and transmit to such District Court upon notice from such Court a transcript of the orders hereinabove provided for, the same to be certified as true and correct by the Secretary of said Board. Such District Court shall thereafter and under the rules of procedure applicable to other civil cases,
proceed to set such cause for hearing as in other civil cases. Upon the hearing of such cause, if such Court shall find that the action of such Board, in cancelling or revoking or suspending such license or licenses is not well taken or that same would or might deprive such licensee unjustly of his license to practice dentistry in this State, such Court shall by appropriate order and judgment set aside such action of said Board; but if such Court shall sustain such action of said Board in cancelling and revoking or suspending such license or licenses, an order shall be made and entered in appropriate form sustaining and affirming the action of such Board, from which order an appeal may be taken to the Court of Civil Appeals, as in other civil causes. If no appeal be taken from such order of such Court within thirty (30) days, the same shall become final. If an appeal be taken from the District Court to a Court of Civil Appeals, the order of such Court shall become final within thirty (30) days after the making and entry of such order by such Court of Appeals. Provided in all such cases of appeal that the Court shall give preference to same, and advance them on the docket of said Court so that speedy action may be had; providing also that trial in the District Court shall be de novo.

Additional offices

Sec. 6. This Act shall not be intended to prohibit any duly authorized, licensed and registered dentist from maintaining one additional office in any town or city other than the town of his residence.

Penalty

Sec. 7. If any person or persons shall practice or offer to practice dentistry in this State, or hold himself out as practicing dentistry in this State after such order revoking or cancelling his license to practice dentistry shall have become final, as herein provided, or during the period of the suspension of such license after such suspension has become final, he shall be punished by fine in any sum not less than One Hundred Dollars ($100) nor more than Five Hundred Dollars ($500), or by imprisonment in the county jail for not less than thirty (30) days nor more than six (6) months, or by both such fine and imprisonment.

Provisions cumulative; conflicting laws repealed

Sec. 8. This Act shall be cumulative of all laws now in effect providing for the revoking, cancelling or suspending of licenses for the practice of dentistry or dental surgery in this State, except in so far as the provisions hereof may conflict with other laws now in effect. And all laws or parts of laws in conflict herewith are hereby repealed. [Acts 1937, 45th Leg., p. 1346, ch. 501.]

Effective January 1, 1938.

Section 1 of this Act amended Article 752 of the Penal Code, and Section 2 added a new article, set out as Article 752b of the Penal Code.

Section 9 of the amendatory Act of 1937 reads as follows: "If any article, section, subsection, sentence, clause, and phrase hereof, irrespective of the fact that any one or more of the sections, subsections, sentences, clauses or phrases be declared unconstitutional, such decision shall not affect the validity of the remaining portions of this Act. The Legislature hereby declares that it would have passed this Act and each section, subsection, sentence, clause, and phrase hereof, irrespective of the fact that any one or more of the sections, subsections, sentences, clauses or phrases be declared unconstitutional."

Section 10 makes the Act effective January 1, 1938. Section 11 declared an emergency and provided that the Act should take effect from and after its passage.

“Person” includes a corporation, copartnership, or a joint association.

“Employer” means any person who, directly or indirectly or through an employee, agent, independent contractor, or any other person, delivers to another person any materials or articles to be manufactured in a home and thereafter to be returned to him, not for the personal use of himself or of a member of his family.

Prohibited homework

Sec. 2. No permit or certificate shall be issued under this Act to authorize the manufacture or the delivery of materials for the manufacture of articles, the manufacture of which by industrial homework is determined by the Board to be injurious to the health or welfare of the industrial homeworkers within the industry, or to the general public, or to render unduly difficult the maintenance of existing health standards or the enforcement of health standards established by law or regulation for factory workers in the industry.

Power to prohibit

Sec. 3. The State Board shall have the power to make an investigation of any industry which employs industrial homeworkers, in order to determine if conditions of employment of industrial homeworkers in such industry are injurious to their health and welfare. If, on the basis of information in its possession, after an investigation, as provided in this Section, the Board shall find that industrial homework cannot be continued within an industry without injuring the health and welfare of the industrial homeworkers within that industry, or the general public, the Board of Health shall by order declare such industrial homework unlawful as provided in Section 2 and require all employers in such industry to discontinue the furnishing within this State of material for industrial homework, and no permit issued under this Act shall be deemed thereafter to authorize the furnishing of materials for industrial homework prohibited by such order.

Procedure

Sec. 4. Before making such order the Board shall hold a public hearing or hearings at which an opportunity to be heard shall be afforded to any employer, or representative of employers, and any industrial homeworker or representative of industrial homeworkers, and any other person or persons having an interest in the subject matter of hearing. A public notice of such hearing shall be given at least thirty (30) days before the hearing is held and in such manner as may be determined by the Board. Such hearing or hearings shall be in such place or places as the Board deems most convenient to the employer and industrial homeworkers to be affected by such order. The Board shall determine the effective date of such order, which date shall be not less than ninety (90) days after the date of its promulgation.

Employer's permit

Sec. 5. No materials for manufacture by industrial homework shall be delivered to any person in this State unless the employer so delivering them or his agent, if the employer is not a resident of this State, has obtained a valid employer's permit from the Board. Such permit shall be issued upon payment of a fee of Fifty Dollars ($50), and shall be valid for a period of one year from the date of its issuance, unless sooner revoked or suspended. Application for such permit shall be made in such form as the Board may by regulation prescribe. No homeworker's certificate shall be issued to any person under the age of fifteen (15) years or to any person suffering from an infectious, contagious, or communicable disease, or living in a home that is not clean, sanitary, and free from infectious, contagious, or communicable disease. The Board may revoke or suspend any homeworker's certificate if it finds that the industrial homeworker is performing industrial homework contrary to the conditions under which the certificate was issued or in violation of this Act or has permitted any person not holding a valid homeworker's certificate to assist him in performing his industrial homework.

Labels required

Sec. 7. No employer shall deliver or cause to be delivered to any person any materials or articles to be manufactured by industrial homework unless there has been conspicuously affixed to each article or, if this is impossible, to the package or other container in which such goods are delivered or are to be kept, a label or other trade-mark of identification bearing the employer's name and address, printed or written legibly in English.

Unlawfully manufactured articles

Sec. 8. Any article which is being manufactured in a home in violation of any provision of this Act may be removed by the Board and may be retained until claimed by the employer. The Board shall by registered mail give notice of such removal to the person whose name and address are affixed to the article as provided in Section 7. Unless the Article so removed is claimed within thirty (30) days thereafter; it may be destroyed or otherwise disposed of.

Records to be kept

Sec. 9. No person having an employer's permit shall deliver or cause to be delivered or received any article for, or as a result of, industrial homework unless he shall keep in such form and forward to the Board at such intervals as it may by regulation prescribe, and on such blanks as it may provide, a record of all persons engaged in industrial homework on materials furnished or distributed by him, of all places where such persons work, of all articles which such persons have manufactured, of all agents or contractors to whom he had furnished materials to be manufactured by industrial homework, and of all persons from whom he has received materials to be so manufactured. This information and record shall be for the sole benefit of aiding the Board to enforce the provisions of this Act and shall not be for publication and shall not be divulged except to authorized representatives of the Board in the enforcement of this Act.

tatives of the Board are authorized and directed to make all inspections and investigations necessary for the enforcement of this Act. Rules and regulations necessary to carry out the provisions of this Act shall be made by the Board and violation of any such rule or regulation shall be deemed a violation of this Act.

Oaths and affidavits; hearings and subpoenas

Sec. 11. In matters relating to this Act, the Board or its duly authorized representative may administer oaths, take affidavits, and issue subpoenas for and compel the attendance of witnesses and the production of books, contracts, papers, documents, and other evidence of whatever description; may hear testimony under oath and take or cause to be taken depositions of witnesses residing within or without this State in the manner prescribed by law for like depositions in civil actions in the Justice of the Peace Court. Subpoenas and commissions to take testimony shall be issued under seal of the Board of Health.

the affidavit of the person, firm, association, or corporation or author-
ized agent, of the fact of repossession and divestiture of title in accord-
ance with the terms of the lien, shall be sufficient to authorize the is-
suance of a new certificate of title in the name of the purchaser at such
sale, and except further that in the case of the foreclosure of any Con-
stitutional or Statutory lien, the affidavit of the holder of such lien, or
if a corporation, its agent, of the fact of the creation of such lien and

tle, or having issued a certificate of title, suspend or revoke the same,

or that the applicant has failed to furnish required information request-
ed by the Department, or that the applicant is not entitled to the issu-
ance of a certificate of title under this Act.

(b) That the Department has reasonable ground to believe that the
vehicle is a stolen or converted vehicle as herein defined, or that the is-
suance of a certificate of title would constitute a fraud against the right-
ful owner or a mortgagee.

(c) That the registration of the vehicle stands suspended or revoked.

(d) That the required fee has not been paid.
Sec. 39. Any person interested in a motor vehicle to which the Department has refused to issue a certificate of title or has suspended or revoked the certificate of title, feeling aggrieved, may apply to the designated agent of the county of such interested person's domicile for a hearing, whereupon such designated agent shall, on the same day such application for hearing is received by him, notify the Department of the date of the hearing, which shall not be less than ten (10) days nor more than fifteen (15) days, and at such hearing such applicant and the Department may submit evidence, and a ruling of the designated agent shall bind both parties as to whether or not the Department has acted justly in the premises.

(a) Such applicant feeling aggrieved with the ruling of the designated agent, may, within five (5) days and not thereafter, appeal to the County Court of the county of the applicant's residence, who shall proceed to try the issues as in other civil cases, and all rights and immunities granted in the trial of civil cases shall be available to the interested parties.

(b) If the action of the Department complained of is sustained, a certificate of title for the particular motor vehicle involved shall only be issued upon such reasonable rules and regulations as the Department may prescribe.

(c) Should the final decision be against the ruling of the Department, the certificate of title shall issue forthwith.

Sec. 40. No person shall, without lawful authority, execute any application or transfer any certificate of title or receipt for any person other than himself, except that firms, associations, and corporations may act through authorized agents.

Sec. 41. No lien shall be valid on any motor vehicle which is hereafter the subject of a first sale, or be enforceable against any such motor vehicle unless there is noted on the importer's or manufacturer's certificate the date, name, and address of the mortgagees whose rights arise out of or are incident to such first sale by reason of the execution of any written instrument by the transferee.

Sec. 42. No lien on any motor vehicle shall be valid as against third parties without actual knowledge thereof or enforceable against the motor vehicle of any such third parties as the issuance of a certificate of title thereof, unless an application for a new title is made as prescribed in this Act and all first and subsequent liens noted by the Department thereon.

Sec. 43. All liens on motor vehicles shall take priority according to the order of time the same are recorded on the receipt or certificate of title of all such recordings to be made by the Department.

Sec. 44. No lien on any motor vehicle to which a receipt or certificate of title has been issued shall be valid as against third parties without actual knowledge thereof, or enforceable against the motor vehicle of any such third parties, unless the notation of said lien shall have been caused to be made on receipts and certificates of title on said motor vehicle, as provided in this Act.

Sec. 45. Exposure for sale of any motor vehicle by the owner thereof with the knowledge or consent of any mortgagee shall not affect the rights of any mortgagee as against all third parties.

Sec. 46. Only liens noted on a receipt or certificate of title shall be valid as against creditors of the mortgagor in so far as concerns the motor vehicle.

Sec. 47. When a lien is discharged, the holder thereof shall, on demand of the owner, execute and acknowledge before a Notary Public the
discharge of the lien upon such form as may be prescribed by the Department, and upon presentation of such evidence, the owner may present the certificate of title to the designated agent in the county together with application for title as prescribed in this Act and shall receive from the Department a new title.

Sec. 48. No duplicate receipt or certificate of title shall be issued without the surrender of the original, except upon such reasonable rules and regulations as may be promulgated by the Department.

Sec. 50. Whenever any motor vehicle registered or licensed in this State is reported to the Department as having been stolen, converted, or concealed, it shall be the duty of the Department, to make a distinctive record thereof and to note the fact on its records of the certificate of title and when any such motor vehicle so reported as stolen, converted, or concealed, has been recovered or found, it shall be the duty of the party making the report to the Department to likewise forthwith notify the Department of the fact so that the Department's records may be changed accordingly.

Sec. 51. It shall hereafter be unlawful for any person, either by himself or through any agent, to offer for sale or to sell or to offer as security for any obligation any motor vehicle registered or licensed in this State without then and there having in his possession the proper receipt or certificate of title covering the motor vehicle so offered.

Sec. 52.
