THIS VOLUME

THIS 1939 cumulative supplement to Vernon's Texas Statutes 1936 Centennial Edition contains the laws of a general and permanent nature through the regular session of the 46th Legislature and connects directly with the Centennial volume.

Text of Laws Certified. The text of the laws contained in this volume has been certified by the Secretary of State as being in accordance with the copy filed in his office.

Classification. The classification of the laws and their arrangement conforms exactly to that of the Centennial Edition which in turn is based upon the Official Revised Civil and Criminal Statutes of 1925.

Annotated Statute Identical in Arrangement. This cumulative supplement as well as the Centennial Edition are under the same classification and arrangement as Vernon's Annotated Texas Statutes. This means that users of this volume and of the Centennial Edition may go from any article herein to the same article in Vernon's Annotated Texas Statutes where the complete constructions of the law by state and federal courts, as well as complete historical data relative to the origin and development of the law, is immediately available.

Special Features. The same practical features which have served to popularize the Centennial Edition such as complete index, tables, etc., are continued in this supplement.

Acknowledgment. The publisher extends appreciative thanks to the office of the Secretary of State in the work of verifying the accuracy of the text.

Sec. 26a

Provided however, that no county shall be entitled to or have under any apportionment more than seven (7) Representatives unless the population of such county shall exceed seven hundred thousand (700,000) people as ascertained by the most recent United States Census, in which event such county shall be entitled to one additional Representative for each one hundred thousand (100,000) population in excess of seven hundred thousand (700,000) population as shown by the latest United States Census; nor shall any district be created which would permit any county to have more than seven (7) Representatives except under the conditions set forth above. (Sec. 26a, Art. 3, adopted election Nov. 3, 1936.)

Sec. 48a

In addition to the powers given to the Legislature, under Section 48 of Article 3, it shall have the right to levy taxes to provide a Retirement Fund for persons employed in public schools, colleges and universities, supported wholly or partly by the State; provided that the amount contributed by the State to such Retirement Fund shall equal the amount paid for the same purpose from the income of each such person, and shall not exceed at any time five per centum of the compensation paid to each such person by the State, and/or school districts, and shall in no one year exceed the sum of One Hundred Eighty ($180.00) Dollars for any such person; provided no person shall be eligible for a pension under this Amendment who has not taught twenty years in the State of Texas, but shall be entitled to a refund of the moneys paid into the fund.

All funds provided from the compensation of said persons, or by the State of Texas, for such Retirement Fund, as are received by the Treasury of the State of Texas, shall be invested in bonds of the United States, the State of Texas, or counties or cities of this State, or in bonds issued by any agency of the United States Government, the payment of the principal and interest on which is guaranteed by the United States; provided that a sufficient amount of said funds shall be kept on hand to meet the immediate payment of the amounts that may become due each year under such retirement plan as may be provided by law; and provided that the recipients of such retirement fund shall not be eligible for any other pension retirement funds or direct aid from the State of Texas, unless such
CONSTITUTION

retirement fund, contributed by the State, is released to the State of Texas as a condition to receiving such other pension aid. (Sec. 48a, Art. 3, adopted election Nov. 3, 1936.)

Sec. 51c

The Legislature shall have the power by General Laws to provide, under such limitations and regulations and restrictions as may by the Legislature be deemed expedient, for assistance to the needy blind over the age of twenty-one (21) years, and for the payment of same not to exceed Fifteen Dollars ($15) per month per person; such assistance or aid to be granted only to actual bona fide citizens of Texas; provided that no habitual criminal and no habitual drunkard and no inmate of any State supported institution, while such inmate, shall be eligible for such assistance to the needy blind over the age of twenty-one (21) years; provided, further, that the requirements for the length of time of actual residence in Texas shall never be less than five (5) years during the nine (9) years immediately preceding the application for assistance to the needy blind over the age of twenty-one (21) years; and continuously for one year immediately preceding such application.

The Legislature shall have the authority to accept from the Government of the United States such financial aid for assistance to the needy blind as that Government may offer not inconsistent with the restrictions hereinabove provided. (Sec. 51-c, Art. III, adopted election Aug. 23, 1937.)

Sec. 51d

Subject to the limitations and restrictions herein contained, and such other limitations, restrictions, and regulations as may be provided by law, the Legislature shall have the power to provide for assistance to destitute children under the age of fourteen (14) years; such assistance shall not exceed Eight Dollars ($8) per month for one child nor more than Twelve Dollars ($12) per month for such children of any one family; provided that the amount to be expended for such assistance out of state funds shall never exceed the sum of One Million, Five Hundred Thousand Dollars ($1,500,000) per year. The Legislature may impose residential restrictions and such other restrictions, limitations, and regulations as to it may seem expedient.

The Legislature shall have the authority to accept from the Government of the United States such financial assistance to destitute children as that Government may offer not inconsistent with the restrictions hereinabove provided. (Sec. 51-d, Art. III, adopted election Aug. 23, 1937.)

Sec. 52d

Upon the vote of a majority of the resident qualified electors owning rendered taxable property therein so authorizing, a county or road district may collect an annual tax for a period not exceeding five (5) years to create a fund for constructing lasting and permanent roads and bridges or both. No contract involving the expenditure of any of such fund shall be valid unless, when it is made, money shall be on hand in such fund.

At such election, the Commissioners’ Court shall submit for adoption a road plan and designate the amount of special tax to be levied; the number of years said tax is to be levied; the location, description, and character of the roads and bridges; and the estimated cost thereof. The funds raised by such taxes shall not be used for purposes other than those specified in the plan submitted to the voters. Elections may be held from time to time to extend or discontinue said plan or to increase
or diminish said tax. The Legislature shall enact laws prescribing the procedure hereunder.

The provisions of this section shall apply only to Harris County and road districts therein. (Sec. 52d, Art. III, adopted election Aug. 23, 1937.)

Sec. 59

The Legislature shall have power to pass such laws as may be necessary to provide for Workmen's Compensation Insurance for such State employees, as in its judgment is necessary or required; and to provide for the payment of all costs, charges, and premiums on such policies of insurance; providing the State shall never be required to purchase insurance for any employee. (Sec. 59, Art. 3, adopted election Nov. 3, 1936.)

He shall receive for his services an annual salary of Six Thousand ($6,000.00) Dollars, and no more. (Sec. 21, Art. 4, adopted election Nov. 3, 1936.)

Section 4. (a) The Commissioner of Agriculture shall appoint a sufficient number of inspectors nominated by the State Seed and Plant Board to carry into effect the provisions of this Act. He shall cause inspections to be made of the fields and facilities of persons, firms, associations, or corporations certified to him by the State Seed and Plant Board as eligible to qualify as Registered Plant Breeders and Certified Seed Growers. When such inspection reveals the fact that the growing
crops of a Registered Plant Breeder from which it is proposed to produce Registered Seed show a high degree of purity, excellence, and freedom from plant diseases, transmissible through the agency of planting seed, that are required for Registered Seed, and that such field or fields are reasonably free from noxious weed seeds and noxious grasses, and if such seed when produced show the high germination per cent determined to be necessary by the said State Seed and Plant Board for such seed, and are rendered reasonably free of foreign substances, he shall cause to be issued to such person, firm, association or corporation a certificate evidencing the fact that such person, firm, association, or corporation is recognized by the State as a Registered Plant Breeder, and shall cause to be printed tags for each sack or container of seed so produced and so registered, and shall furnish such tags to the applicant at cost, which tags shall bear the words “State Registered Planting Seed”, and which shall give in addition thereto the true and correct varietal name of such seed and such other information as he may deem necessary for the protection of the purchaser. If an inspection of the fields and premises of persons, firms, associations, or corporations certified to him as Certified Seed Growers reveals the fact that such fields are of the degree of purity and excellence required for Certified Seed by the State Seed and Plant Board, and if such fields are reasonably free from noxious weed seeds and noxious grass seeds, and free from plant diseases transmissible through the agency of planting seed, and that such seed when produced show the high germination per cent required by the State Seed and Plant Board, and are reasonably free of foreign substances, he shall issue to each applicant his Certificate evidencing the fact that he or it is recognized as a Certified Seed Grower, and shall cause to be issued tags at cost of printing to the Certified Seed Grower, which tags shall bear the words “State Certified Planting Seed” and shall give the true and correct variety and such other information as he may deem necessary for the protection of the public. He shall collect, prior to the making of the inspection, such fees as may be determined by the said State Seed and Plant Board, which shall be deposited in the State Treasury and be credited to a fund to be known as the “Pure Seed Fund”, and it shall be paid out by the Treasurer upon warrants issued by the Comptroller upon accounts approved by the Commissioner of Agriculture, for the payment of expenses incurred in the enforcement of this Act.

Said Commissioner, through his agents, or specially appointed agents, may investigate the quality of the seed to be shipped into the State of Texas and provide such reasonable requirements as may be necessary to insure to the farmers and seed purchasers of this State seed of known origin, value, and merit; and further providing that the Commissioner of Agriculture shall have full authority to refuse permission to any applicant to ship cotton, alfalfa, corn or sorghum planting seed into Texas when the records and information of the agents of said Commissioner of Agriculture show the seed to be of in-
ferior quality, lacking prescribed varietal purity, from diseased fields, or other reasons prescribed in the rules and regulations under the provisions of this Section.

(c) The term “sorghum seed” shall mean seed of grain, sweet and grass sorghum.

(d) Providing that all persons, firms, or corporations seeking to ship cotton, alfalfa, corn or sorghum planting seed into Texas shall secure a permit from the Commissioner of Agriculture prior to shipping any cotton, alfalfa, corn or sorghum planting seed into Texas. Said permit shall be valid for one year but may be cancelled prior to date of expiration for violation of any of the provisions of this Act or the rules and regulations promulgated thereunder.

(e) Providing that any seed for planting purposes shipped into Texas without first complying with the provisions of the law and regulations promulgated hereunder, be considered restricted material, and may be returned to the shipper at his expense. Said shipper shall be granted ten (10) days from date of notice to remove such seed from the State of Texas. Upon his refusal or failure to do so, the confiscation of such seed by the Commissioner of Agriculture or his agents is hereby authorized and without recourse on the State of Texas.

(f) Providing that all planting seed shipped into Texas and bearing the label denoting Registered or Certified Seed shall have been produced under standards equal to the existing standards in Texas for such Class of seed. Such seed coming into the State of Texas and being declared by the Commissioner of Agriculture not to have been produced under Registration and Certification standards equal to the Texas standards, shall not bear the labels or be represented as Registered or Certified Seed, except as hereinafter provided for. All applications for license under this Act shall be accompanied by a tender of payment in full of the fee for such license required; on receipt of said application duly executed, together with required fee, it shall be the duty of the Commissioner or his agents and/or employees thereunto duly authorized to immediately issue such license, provided that no license shall issue to any person when the application for license filed by such person shall indicate that such person is a suspended licensee within the State of Texas, or that such person's license to do business in Texas has been revoked until the Commissioner is furnished with satisfactory proof that the applicant is, on the date of the filing of such application, qualified to receive the license applied for; the issuance of license to persons who have suffered prior suspension or revoca-
tion of license in this State shall be discretionary with the Commissioner; in the exercise of such discretion, the Commissioner is authorized to take into consideration the facts and circumstances pertaining to the prior suspension and/or revocation; the financial condition of the applicant, as of the date of this application, and the obligations due and owing by the applicant to growers and producers of citrus fruits and/or perishable agricultural commodities; “obligation,” as the term is used in this Section, shall be construed to mean any judgment of any Court within this State outstanding against the applicant or certified claims as of the date of the application under consideration by the Commissioner; prior to refusal of license by the Commissioner, any applicant for license shall be entitled to an open hearing on the facts pertaining to such application, said hearing to be conducted by the Commissioner, or his agent thereunto duly authorized; if, after such hearing, the Commissioner, in the exercise of his discretion, refuses the license applied for, the applicant shall, within ten (10) days from and after the denial of such license by the Commissioner and not thereafter, file his appeal from the order of the Commissioner denying such license, in any Court of competent jurisdiction within this State; if the Commissioner shall determine that the license applied for shall not be granted, the Commissioner shall deduct from the license fee tendered with such application, the sum of Five Dollars (§5), said Five Dollars (§5) to be retained by the Commissioner to defray costs and expenses incident to the filing and examination of said application and shall return the balance of the license fee so tendered with such application to the applicant.

(a) The following fees are hereby prescribed and shall be paid by applicants for license under this Act, and the Commissioner, his agents and employees are hereby authorized to collect the same.

(1) For license as a “dealer” or “handler” of citrus fruit, the sum of Twenty-five Dollars (§25).

(2) For license as a “commission merchant” and/or “contract dealer,” as the term is in this Act defined, Twenty-five Dollars (§25).

(3) For license as a “minimum cash dealer” the sum of Five Dollars (§5).

(4) For a license as a “buying agent,” the sum of One Dollar (§1).

(5) For a license as a “transporting agent,” the sum of One Dollar (§1).

(b) All “commission merchants” and/or “dealers” and “contract dealers,” as the terms are in this Act defined, shall, in addition to the license fee herein prescribed, deliver to the Commissioner, together with their application for license, a good and sufficient surety bond, payable to the Governor of the State of Texas and his successors in office, in the principal sum of Five Thousand Dollars ($5,000), said bond to be in such form as the Commissioner may prescribe and shall be conditioned upon faithful compliance with the terms and provisions of this Act and upon the faithful performance of the conditions and terms of all contracts made by said “commission merchants” and/or “dealers” and “contract dealers,” pertaining to the handling of citrus fruit under this Act; cause of action may be maintained upon said bond by any person with whom said applicant deals in purchasing, handling, selling and accounting for sales of citrus fruit, as provided in this Act; the aggregate accumulated liability under any such bond shall not exceed the sum of Five Thousand Dollars ($5,000), and each such bond shall continue in full force and effect until notice of the termination thereof is given by registered mail to the Commissioner, which fact shall be set forth in the face of said bond, but such notice shall not affect the liability which may

No cooperative association organized pursuant to Chapter 8, Title 93 of the Revised Civil Statutes of Texas, 1925, as amended,¹ that handles fruit only for its members shall be required to furnish bond as required in this Section. Any such cooperative association dealing in citrus fruit other than for its producer members shall be required to furnish bond as any other dealer. It is hereby declared to be the policy of the Legislature to make these exemptions with reference to cooperative associations because of the fact that the producer-members pool their fruit for sale rather than immediately selling it. this Act, which expires by its own terms, may be renewed upon payment to the Commissioner of Agriculture of the proper license fee as provided for the original issuance thereof. Said license and the identification cards hereinafter provided shall not be assignable and any attempt to assign same shall void such license or identification card. Upon application to the Commissioner by any licensed dealer, a reasonable number of "buying agent" and "transporting agent" identification cards may be issued and accredited to such dealer, under such rules and regulations as said Commissioner may prescribe, and said Commissioner is hereby empowered to charge a fee not to exceed One Dollar ($1) for each card so issued:

Sec. 13. It shall be unlawful for any dealer, packer, processor or warehouseman to purchase or receive or handle any citrus fruit without requiring the person from whom such citrus fruit is purchased or received, to furnish a statement in writing of (a) the owner of said citrus fruit, (b) the grower of said citrus fruit, together with the approximate location of the orchard where said fruit was grown, (c) the date said fruit was gathered and by whose authority same was gathered, and such records shall be kept in a permanent book or folder and shall be available to inspection by any interested party.

The Commissioner shall take such action and hold such public hearings as in his judgment are shown to be necessary after such investigations, and shall take the proper action with reference to the cancellation or suspension of the license of any dealer hereunder shown to have been guilty of a violation of the

Dealer’s contract to include commissions

Sec. 16. If a dealer handles citrus fruit by guaranteeing a producer or an owner a minimum price, but at the same time handles the citrus fruit for the account of the producer or owner, said dealer shall include in his contract with the producer or owner, the maximum amount which he shall charge for commissions and/or service, or both, in connection with said citrus fruit so handled.

Settlements on grades and quality referred to in contract

Sec. 17. All citrus fruit except that obtained and handled by dealers, solely on a consignment basis without any price guarantee, shall be settled for by every dealer on the basis of the grade and quality which is referred to in the contract pursuant to which the dealer obtained possession or control of such citrus fruit, unless such citrus fruit has been inspected by a State or Federal inspector in the State of Texas and found to be of a different grade or quality than that referred to in said contract, in which event same shall be settled for on the basis of the grade and quality determined by such inspector. But nothing herein shall prevent the parties in lieu of such an inspection, from agreeing in writing only that the grade or quality of any of such citrus fruit was different from that referred to in the contract. Failure of the dealer to settle with a producer or seller on grade and quality in the manner herein provided, shall constitute a violation of this Act and be punishable as hereinafter provided, and in addition shall be cause for revocation of license.

Preamble

In order to provide a means by which producers and shippers of tomatoes may secure prompt and efficient inspection, classification, and grading of tomatoes at reasonable cost, and because the Legislature of the State of Texas recognizes that the standardization of tomato shipments through the proper grading and classification of tomatoes, by prompt and efficient inspection under competent authority, will confer benefits upon growers, shippers, carriers, receivers, and consumers, in that the certification by competent authority will furnish the grower and shipper of such products with prima facie evidence of the quality, quantity, and condition of pack of the product so certified, and because such certification will guarantee to the carrier and receiver the quality of products carried and received by them and will assure the ultimate consumer of the quality of products delivered to him, this Act is passed.

(7) The maintenance of any premises, as herein defined, within the fruit fly quarantined area in an unhusbandlike or unsanitary condition is hereby declared to be a public nuisance. The words “unhusbandlike and unsanitary,” as used herein, shall be construed to mean the maintaining of such premises with host fruit upon trees located on such premises during the host-free period, or the maintaining of such premises with fallen, refuse, or cull fruit upon the ground, such fallen, or refuse, or cull fruit having been permitted to remain upon the ground and/or premises for a period of seven (7) days during the harvest period. It is the intention of the Legislature that the cleaning of such premises once in each seven-day period within such harvest period shall be mandatory and any person who, within the harvest period, as the same is in this Act defined, shall fail to clean the fallen, or refuse, or cull fruit from his premises at least once in each successive seven-day period, and dispose of the same in a manner satisfactory to the Commissioner, or bury the same at a depth of not less than eighteen (18) inches beneath well tamped soil, or who shall maintain any premises with host fruit upon the trees located on such premises during the host-free period, shall be guilty of maintaining a public nuisance and such person shall, on conviction of maintaining such public nuisance, be fined any sum not to exceed Two Hundred Dollars ($200).

(8) The Commissioner is hereby authorized to direct owners, part owners, and caretakers of premises subject to the terms of this Act, to place such premises in husbandlike and sanitary condition, said direction to be in writing and signed by said Commissioner or his agent, which signature may be written or stamped thereon; the same shall be dated and shall direct said owner, or part owner, or caretaker, whether such owner, part owner, or caretaker be a person, firm, or corporation, to place such premises in a sanitary condition under the supervision of an inspector of said Commissioner. In the event that the owner of said premises be a nonresident of the State of Texas, the direction of the Commissioner as to the placing of such premises in a sanitary condition shall be sufficient if ten (10) days' notice be given to such nonresident owner by registered mail by said Commissioner and/or his agent or inspector.

(9) Whenever the Commissioner shall issue sanitation directions in writing to any owner, part owner, or caretaker of any premises which are located in the quarantined area, it shall be the duty of said owner, part owner, or caretaker to place such premises in a sanitary condition as directed in such written directions. Any owner, part owner, or caretaker of any premises, as herein defined, who fails or refuses, after the expiration of a ten-day period of notice, as provided herein, to place such premises in a sanitary condition, as herein defined, shall be deemed guilty of a misdemeanor and upon conviction shall be fined not more than Two Hundred Dollars ($200). From and after the effective date of this Act, the maintenance by any person on any premises within the quarantined area of any growing host fruit, as herein defined, within the host-free period, as herein defined, shall be unlawful, and any person convicted of a violation of this provision shall be fined not more than Two Hundred Dollars ($200).

**Appeals from orders of Commissioner**

Sec. 4. (1) Any person, firm, or corporation aggrieved by any order of the Commissioner may appeal to any Court of competent jurisdiction within the county in which such premises lie situate.
(2) Owners and caretakers of premises subject to sanitary directions of the Commissioner under the provisions of this Act, shall furnish all necessary labor at their own expense for placing such premises in a husbandlike and sanitary condition. Administrators, executors, and guardians are hereby declared to be the caretakers of the premises within their jurisdiction and control and shall be held responsible for the execution of all sanitary directions issued by the Commissioner relating in whole or in part to the estate under their control by reason of said administration or guardianship. Husband and wife shall be held jointly and severally liable for the execution of sanitary directions of the Commissioner relating to their community estate, and the husband shall be held liable for the execution of such directions relating to his separate estate, and the wife shall be held liable for the execution of such directions relating to her separate estate, providing that the husband shall be held liable for failure to follow directions of the Commissioner relating to the separate estate of the wife, and the wife shall be held liable for the execution of directions of the Commissioner relating to the separate property of the husband, if either is the caretaker of such premises belonging to the separate estate of the other.

(3) When the Commissioner ascertains that a person, firm, or corporation is the owner, part owner, or caretaker of any premises which are subject to sanitary direction of the Commissioner under the provisions of this Act, and such directions are issued by the Commissioner, as herein provided, it shall be presumed that, at and on the date of the expiration of the notice period herein provided, said person, firm, or corporation was still the owner, or part owner, or caretaker, as the case may be, of such premises, and it shall only be necessary for the State to allege and prove that at the time of the service of said written sanitary directions, said person, firm, or corporation was the owner, or part owner, or caretaker of such premises subject to the sanitary directions of the Commissioner.

(4) Upon the failure of any owner, part owner, or caretaker to comply with a written sanitary order of the Commissioner, under the terms and provisions of this Act, in the manner and within ten (10) days from and after the receipt of such written sanitary order, it shall be the duty of the Commissioner and/or his agents or inspectors to institute proceedings in a Court of competent jurisdiction in the county in which such premises lie situate to have such premises declared a nuisance by law. No cost bond shall be required of the Commissioner or his agents in the filing of such proceeding. The Commissioner and/or his agents or inspectors may, if the circumstances so warrant, petition the Court to appoint a receiver for such premises. The Court shall hear the petition with regard to such premises in termtime or in vacation, and if heard in vacation the same may be as fully disposed of and all issues determined in vacation the same as in termtime. The owner of such premises shall give such notice as the Court shall deem necessary. If, in the judgment of the Court, such premises are found to be a public nuisance, it shall be the duty of the Commissioner, his agents, or inspectors to go upon such premises with a sufficient number of helpers and to place such premises in compliance with the directions of the Commissioner. The Commissioner, his agents and/or inspectors shall be allowed the sum of not to exceed Twenty-five (25) Cents per man hour for each and every hour actually expended in placing such premises in compliance with the written directions of the Commissioner, together with an additional fee in the sum of Twenty-five Dollars ($25), which is hereby declared to be a reasonable recompense for the time involved in the execution of such compliance order, and is in no wise to be construed as a penalty. The afore-
said sum of Twenty-five Dollars ($25) shall be delivered to the Commissioner, who shall place the same in a fund to be known as the "Orchard Sanitation Fund" and the same shall be expended in the enforcement of the provisions of this Act by the Commissioner. A lien is hereby given said Commissioner, his agents, and/or inspectors upon all citrus fruit growing or standing on such premises for the purpose of securing the payment of the aforesaid sums, and said officers are authorized to retain in their possession and sell at public sale to the highest bidder at any time at the courthouse door of said county such citrus fruit as may be found upon said premises for the purpose of paying the fees herein provided, the residue, if any, to be paid to the owner of said premises or paid to the County Treasurer subject to the order of the owner, provided, however, that if, in the judgment of the Court, a receiver for such premises be named, and such receiver shall be named, then the provisions of this Section as to the sale of fruit found upon said premises shall be executed by said receiver and the fees herein provided for such services as shall be rendered by the Commissioner, his agents, and/or inspectors, shall be paid to the Commissioner by said receiver and the residue, if any, shall be paid by said receiver to the owner of said premises or to the County Treasurer subject to the order of said owner.

(5) In lieu of the sale of said citrus fruit, as provided in the preceding Section, said officer may fix said lien by filing with the County Clerk of the county in which said premises are located, a sworn statement of said indebtedness, together with a description of the property or properties upon which said lien is to be placed. Such lien shall be filed within thirty (30) days after the enforcement of the directions of the Commissioner by said officers, and suit shall be filed in a Court of competent jurisdiction against the owner of said premises within twenty-four (24) months after filing said statement for the collection of said account and the foreclosure of said lien. No cost bond shall be required of said officer filing said suit, nor of any person to whom said account may be assigned. The Court shall enter judgment for said debt with interest and costs of suit and foreclosing said lien on such premises as the Court may deem necessary for defraying said expenses and paying said fees to said officer and Court costs. Said officer may file a separate statement and separate suit covering each necessary compliance with a written direction of the Commissioner, or may wait until a number of them accrue and sue in the aggregate in one suit and a statement may be filed covering all of said necessary compliances with written directions of the Commissioner.

Peace officers may perform acts of Commissioner

Sec. 5. (1) Where, by any provision of the two (2) preceding Sections of this Act, the Commissioner, his agent, and/or inspector is authorized to perform any act, the same shall also include any and all peace officers of this State who may be legally authorized by any law to perform service in such territory.

(2) Any resident or residents of any county or part of county in which fruit fly control and/or eradication is being conducted may bring mandatory injunction to compel owners, part owners, or caretakers to place their premises in sanitary condition under the provisions of this Act after said owner, part owner, or caretaker has failed or refused, or is threatening, or has threatened to refuse or fail to comply with the written directions of the Commissioner, and the Court may, in termtime or vacation, upon notice to the defendant, hear and determine the same, and if the Court finds that said owner, part owner, or caretaker has been served with a written sanitary direction from the Commissioner, and that the defendant's premises are subject to said order, and that the material

allegations in plaintiff’s petition are true, the Court shall enter its order commanding said owner or caretaker to instantly comply with the written directions of the Commissioner, and upon failure of said person to comply with said written directions of the Commissioner, he shall then be held liable for contempt of Court and punished accordingly.

(3) Whenever the Commissioner ascertains that there are premises in any county in which fruit fly control and/or eradication is being conducted under the provision of this Act for which he can locate no owner or caretaker, said Commissioner is hereby authorized to seize the citrus fruit growing or standing on said premises and to sell the same in the manner and for the purposes heretofore provided.

(4) Any person, firm, or corporation, or transportation company who shall haul, or truck, or otherwise move any citrus fruit from any premises as herein described, or from any county, or part of county, or territory, or district which is under quarantine by virtue of this Act or by any order of the Commissioner of Agriculture of the State of Texas, or by a proclamation of the Governor of the State of Texas because of fruit fly infestation as provided for in this Act, in violation of said quarantine without a written permit or certificate of an inspector of the Department of Agriculture of the State of Texas, or inspector of the Bureau of Entomology and Plant Quarantine of the United States Department of Agriculture, or who shall so move into the State of Texas from any State, nation, territory, or area under quarantine for fruit fly infestation by the said Commissioner of Agriculture of the State of Texas, or by the United States Bureau of Entomology and Plant Quarantine, or by the sanitary authorities of the State, or nation, or territory from which they are moved without a certificate from the Commissioner of Agriculture of the State of Texas, or that having such permit or certificate from said Commissioner shall ship, truck, or in any manner transport such citrus fruit from said quarantined premises to any other place than the place designated by such certificate or permit, shall be fined not more than Two Hundred Dollars ($200). Any owner, part owner, or caretaker of such premises or citrus fruit, who shall permit or allow such citrus fruit to be shipped or transported, or otherwise moved in violation of this Act without said permit or certificate, shall be deemed guilty of violating this provision the same as if he had personally shipped or transported such citrus fruit.

(5) Any resident of this State may bring injunction suit to compel the compliance with any provisions of this Act or restrain any threatened violation of same. Said injunctions and mandamus proceedings may be heard in vacation or termtime and if heard in vacation, the same may as fully be disposed of and all issues determined in vacation the same as in termtime. Notice of said hearing to the opposite party may be given under the direction of the Court, if, in the opinion of the Court, the ends of justice require such notice.

Penalty

Sec. 6. The violation of any of the terms or provisions of this Act is hereby declared to be a misdemeanor, and any person found guilty of the violation of any of the terms or provisions of this Act shall, on conviction, be fined not to exceed Two Hundred Dollars ($200).

Provisions cumulative

Sec. 7. This Act shall be cumulative of all laws now on the Statutes providing for quarantine regulations and the inspection of plants, fruits, and shrubs to prevent the importation or dissemination of dangerous insect pests and plant diseases in this State.
Sec. 8. If any section, subsection, sentence, clause, or phrase of this Act is, for any reason, held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this Act. The Legislature hereby declares that it would have passed this Act and each section, subsection, sentence, clause, and phrase thereof irrespective of the fact that any one or more sections, subsections, sentences, clauses, or phrases be declared unconstitutional.

Effective May 1, 1937.

Section 9 of this Act declares an emergency making the act effective on and after its passage.

Art. 135a—3. Insect pests and plant diseases—quarantine

Section 1. If the Commissioner of Agriculture of this State, hereinafter called the “Commissioner,” determines the fact that any dangerous insect pest or plant disease, new to and not heretofore widely distributed in the State, exists in any area outside of Texas, he is hereby authorized and it is made his duty, to establish, maintain, and enforce a quarantine at the boundaries of this State or elsewhere within the State against such infested area and shall prevent the movement from such quarantined

area or areas into this State or into any part of it of any plants, plant products, things or substances liable to disseminate the pests or plant diseases named in Section 2 hereof, provided that nothing herein shall be construed to prevent the movement of such plants, plant products, things or substances into this State from a quarantined area under such safeguards as the Commissioner shall deem adequate to prevent the introduction into this State of dangerous insect pests or plant diseases quarantined against.

Nothing in this Act shall be deemed to authorize the Commissioner or the Department of Agriculture to expend money without the State of Texas, or to send employees without the State of Texas, or to employ persons without the State of Texas. The provisions of this Act shall apply solely to diseases, pests and infections common to citrus fruit.

Certain insect pests and plant diseases declared public menaces

Sec. 2. The following named insect pests and plant diseases which are not known to be widely distributed in Texas, are hereby declared public menaces and their introduction into this State is hereby stated to be of serious jeopardy to the citrus industry and horticulture of Texas:

- Black scale, Saissetia oleae
- Branch-and-twig borer, Polycaon confertus
- Long-tailed mealy bug, Pseudococcus Longispinus
- Orange-peel miner, Marmara species
- Withertip of lime, Glocosporium Limetticolm
- Scaly bark, Cladosporium herbarum

It is known that these pests and public nuisances occur in a widely distributed area of the United States, and the unregulated movement of citrus trees and fruits, which are host plants of these pests, into Texas would result in the distribution of the pests throughout the State.

Shipments into state—Certificate of inspection

Sec. 3. Provided that no person, partnership, or corporation outside the State shall be permitted to ship citrus nursery stock or citrus fruit into the State of Texas without first having filed with the Commissioner of Agriculture a certified copy of certificate of inspection issued by the proper authorities of the State in which the shipment originates; such certificate must show that the stock or the fruit to be shipped has been produced in a county known to be free of the above-mentioned pests or that the stock or fruit has been fumigated by a method that will render it free of pests infestation and such method must be approved by the Commissioner of Agriculture of this State.

Shipments of citrus fruit or nursery stock—Certificate—Permit

Sec. 4. No transportation company or common carrier shall receive, transport or deliver shipments of citrus nursery stock or citrus fruit originating without this State which do not bear shipping tags or labels showing the certificate of inspection of the State in which it originates, together with the Commissioner’s permit from the State of Texas.

Shipments not accompanied by certificate

Sec. 5. No transportation company or common carrier shall be liable for damages to the consignee or consignor for refusing to receive for transportation or deliver such trees or fruit, packages, bales, bundles, or boxes of trees or fruit, when not accompanied by copies of the certificates provided for by this Act. The agent of any such company or carrier shall
immediately report to the Commissioner of Agriculture any such shipment not so accompanied.

**Penalty for violation**

Sec. 6. Any person violating the provisions of this Act shall be deemed guilty of a misdemeanor and upon conviction shall be fined not less than Fifty Dollars ($50) nor more than Two Hundred Dollars ($200).

Art. 165a—4. State Soil Conservation Act—Short Title

Section 1. This Act may be known and cited as the "State Soil Conservation Law."

Legislative Determination, and Declaration of Policy

Sec. 2. It is hereby declared, as a matter of Legislative Determination:

(a) The Condition. That the farm and grazing lands of the State of Texas are among the basic assets of the State and that the preservation of these lands is necessary to protect and promote the health, safety, and general welfare of its people; that improper land-use practices have caused and have contributed to, and are now causing and contributing to, a progressively more serious erosion of the farm and grazing lands of this State by wind and water; that the breaking of natural grass, plant, and forest cover have interfered with the natural factors of soil stabilization, causing loosening of soil and exhaustion of humus, and developing a soil condition that favors erosion; that the topsoil is being blown and washed out of fields and pastures; that there has been an accelerated washing of sloping fields; that these processes of erosion by wind and water speed up with removal of absorptive topsoil, causing exposure of less absorptive and less protective but more erosive subsoil; that failure by any occupier of land to conserve the soil and control erosion upon such land causes a washing and blowing of soil and water from such lands onto other lands and makes the conservation of soil and control of erosion on such other lands difficult or impossible.

(b) The Consequences. That the consequences of such soil erosion in the form of soil-blowing and soil-washing are the silting and sedimentation of stream channels, reservoirs, dams, ditches, and harbors; the loss of fertile soil material in dust storms; the piling up of soil on lower slopes, and its deposit over alluvial plains; the reduction in productivity or outright ruin of rich bottom lands by overwash of poor subsoil material, sand, and gravel swept out of the hills; deterioration of soil and its fertility, deterioration of crops grown thereon, and declining acre yields despite development of scientific processes for increasing such yields; loss of soil and water which causes destruction of food and cover for wildlife; a blowing and washing of soil into streams which silts over spawning beds, and destroys water plants, diminishing the food supply of fish; a diminishing of the underground water reserve, which causes water shortages, intensifies periods of drought, and causes crop failures; an increase in the speed and volume of rainfall run-off, causing severe and increasing floods, which bring suffering, disease, and death; impoverishment of families attempting to farm eroding and eroded lands; damage to roads, highways, railways, farm buildings, and other property from floods and from dust storms; and losses in navigation, hydro-electric power, municipal water supply, irrigation developments, farming, and grazing.

(c) The Appropriate Corrective Methods. That to conserve soil resources and control and prevent soil erosion, it is necessary that land-use practices contributing to soil wastage and soil erosion may be discouraged and discontinued, and appropriate soil-conserving land-use practices be adopted and carried out; that among the procedures necessary for widespread adoption, are the carrying on of engineering operation such as the construction of terraces, terrace outlets, check dams, dikes, ponds, ditches, and the like; the utilization of strip cropping, lister furrowing, contour cultivating, and contour furrowing; land irrigation, seeding and planting of waste, sloping, abandoned, or eroded
lands to water-conserving and erosion-preventing plants, trees, and grasses; forestation and reforestation; rotation of crops, soil stabilization with trees, grasses, legumes, and other thick-growing soil-holding crops, retardation of runoff by increasing absorption of rainfall; and retirement from cultivation of steep, highly erosive areas and areas now badly gullied or otherwise eroded.

(d) Declaration of Policy. It is hereby declared to be the policy of the Legislature to provide for the conservation of soil and soil resources of this State, and for the control and prevention of soil erosion, and thereby to preserve natural resources, control floods, prevent impairment of dams and reservoirs, assist in maintaining the navigability of rivers and harbors, preserve wildlife, protect the tax base, protect public lands, and protect and promote the health, safety, and general welfare of the people of this State, and thus to carry out the mandate expressed in Article XVI, Section 59a, of the Constitution of Texas. It is further declared as a matter of Legislative intent and determination of policy that the agencies created, powers conferred and the activities contemplated in this Act for the conservation of soil and water resources and for the reduction of public damage resulting from failure to conserve such natural resources, shall be supplementary and complementary to the work of various river and other authorities now established in the State and to other State officers, agencies, and districts engaged in closely related projects, and shall not be duplicative thereof nor conflicting therewith.

A majority of all county delegates elected to the State District Convention shall constitute a quorum.

State Districts 1, 3 and 5 shall each elect a Board member to serve on the State Soil Conservation Board for a period ending the first Tuesday in February, 1942, or until their successors are elected and have qualified. Each member of the State Soil Conservation Board shall take the State Constitutional Oath of Office, and said State Soil Conservation Board shall designate one of its elective members to serve as Chairman and may from time to time change such designation.

Vacancies upon such Board shall be filled for an unexpired term or for a full term, by the same manner in which the retiring members were respectively elected. Elective members of the Board may receive compensation for their services on the Board, not to exceed the sum of Ten Dollars ($10) per diem for each day of actual service rendered, but each member shall be entitled to expenses, including traveling expenses, necessarily incurred in the discharge of their duties as members of the Board.

E. A majority of the elective members of the State Soil Conservation Board shall constitute a quorum and the concurrence of a majority of the elective members in any matter within their duties shall be required for its determination. The State Board shall keep a complete and accurate record of all its official actions, hold such public hearings at such times and places within the State as may be determined by the Board, and shall promulgate such rules and regulations as may be necessary for the performance of the functions of said Board under the provisions of this Act. The Board shall provide for the execution of surety bonds for all employees and officers who shall be entrusted with funds or property,
which bonds shall be executed by some solvent company authorized to transact a surety business in this State.

F. 1. To offer such assistance as may be appropriate to the Supervisors of Soil Conservation Districts, organized as provided hereinafter, in the carrying out of any of the powers and programs.

2. To coordinate the programs of the several Soil Conservation Districts organized hereunder so far as this may be done by advice and consultation.

3. To secure the cooperation and assistance of the United States and any of its agencies, and of agencies of this State, in the work of such districts.

4. To disseminate information throughout the State concerning the activities and programs of the Soil Conservation Districts organized hereunder, and to encourage the formation of such districts in areas where their organization is desirable.

H. The State Treasurer shall have the care and custody of all funds and securities of the State Board and shall be liable on his official bond for the lawful care, custody, application and disbursement thereof. Any funds coming into the hands of the Treasurer of this State, as hereinafter provided, shall be by him credited to a special fund to be known as the State Soil Conservation Fund and the moneys hereafter deposited or credited in such fund are hereby appropriated to the use and benefit of the State Soil Conservation Board, as may be by said Board used in compliance with this Act. The Board shall provide and furnish a biennial audit by a State Auditor and Efficiency Expert and a report to the Governor of the State.

Creation of Soil Conservation Districts

Sec. 5. A. Any fifty (50) or a majority of the landowners within the limits of that territory proposed to be organized into a district may file a petition with the State Soil Conservation Board asking that a Soil Conservation District be organized to function in the territory described in the petition. Such petition shall set forth:

1. The proposed name of said district;

2. That there is need, in the interest of the public health, safety, and welfare, for a Soil Conservation District to function in the territory described in the petition;

3. A description of the territory proposed to be organized as a district, which description shall not be required to be given by metes and bounds or by legal subdivisions, but shall be deemed sufficient if generally accurate; provided that no such district shall exceed in total area three thousand (3,000) square miles;
(4) A request that the State Soil Conservation Board duly define the boundaries of such district; that an election be held within the territory so defined on the question of the creation of a Soil Conservation District in such territory; and that the Board determine that such a district be created.

Where more than one petition is filed covering parts of the same territory, the State Soil Conservation Board may consolidate all or any such petitions.

B. Within thirty (30) days after such a petition has been filed with the State Soil Conservation Board, it shall cause due notice to be given of a proposed hearing upon the question of the desirability and necessity, in the interest of the public health, safety, and welfare, of the creation of such district, upon the question of the appropriate boundaries to be assigned to such district, upon the propriety of the petition and other proceedings taken under this Act, and upon all questions relevant to such inquiries. All owners of land within the limits of the territory described in the petition, and of lands within any territory considered for addition to such described territory, and all other interested parties, shall have the right to attend such hearings and to be heard. If it shall appear upon the hearing that it may be desirable to include within the proposed district territory outside of the area within which due notice of the hearing has been given, the hearing shall be adjourned and due notice of further hearing shall be given throughout the entire area considered for inclusion in the district, and such further hearing held. After such hearing, if the Board shall determine, upon the facts presented at such hearing and upon such other relevant facts and information as may be available, that there is need, in the interest of the public health, safety, and welfare, for a Soil Conservation District to function in the territory considered at the hearing, it shall make and record such determination, and shall define, by metes and bounds or by legal subdivisions, the boundaries of such district. In making such determination and in defining such boundaries, the Board shall give due weight and consideration to the topography of the area considered and of the state, the composition of the soils therein, the distribution of erosion, the prevailing land-use practices, the desirability and necessity of including within the boundaries the particular lands under consideration and the benefits such lands may receive from being included within such boundaries, the relation of the proposed area to existing watersheds and agricultural regions, and to other Soil Conservation Districts already organized or proposed for organization under the provisions of this Act, and such other physical, geographical, and economic factors as are relevant, having due regard to the legislative determinations set forth in Section 2 of this Act. If the Board shall determine after such hearing, after due consideration of the said relevant facts, that there is no need for a Soil Conservation District to function in the territory considered at the hearing, it shall make and record such determination and shall deny the petition. After six (6) months shall have expired from the date of the denial of any such petition, subsequent petitions covering the same or substantially the same territory may be filed as aforesaid and new hearings held and determinations made thereon.

C. After the Board has made and recorded a determination that there is need, in the interest of the public health, safety, and welfare, for the organization of a district in a particular territory and has defined the boundaries thereof, it shall consider the question whether the operation of a district within such boundaries with the powers conferred upon Soil Conservation Districts in this Act is administratively practicable and feasible. To assist the Board in the determination of such adminis-
trative practicability and feasibility, it shall be the duty of the Board, within a reasonable time after entry of the finding that there is need for the organization of the proposed district and the determination of the boundaries thereof, to hold an election within the proposed district upon the proposition of the creation of the district, and to cause due notice of such election to be given, which notice shall set forth the boundaries of the proposed district. The question shall be submitted by ballots upon which the words, “For creation of a Soil Conservation District of the lands below described and lying in the county (ies) of _________ and _________,” and, “Against creation of a Soil Conservation District of the lands below described and lying in the county (ies) of _________ and _________,” shall appear. All landowners within the boundaries of the territory as determined by the State Soil Conservation Board, shall be eligible to vote in such election. Only such landowners shall be eligible to vote.

D. The Board shall pay all expenses for the issuance of such notices and the conduct of such hearings and elections, and shall supervise the conduct of such hearings and elections. It shall issue appropriate regulations governing the conduct of such hearings and elections, and providing for the registration prior to the date of the election of all eligible voters. All such elections held under the provisions of this Act shall be in conformity with the General Election Laws of this State, except as herein otherwise provided, and except that the ballot shall not be numbered or marked for identification purposes.

E. The Board shall publish the result of such election and shall thereafter consider and determine whether the operation of the district within the defined boundaries is administratively practicable and feasible. If the Board shall determine that the operation of such district is not administratively practicable and feasible, it shall record such determination and deny the petition. If the Board shall determine that the operation of such district is administratively practicable and feasible, it shall record such determination and shall proceed with the organization of the district in the manner hereinafter provided. In making such determination the Board shall give due regard to and weight to the attitudes of the owners of lands lying within the defined boundaries, the number of resident landowners eligible to vote in such election who shall have voted, the proportion of the votes cast in such election in favor of the creation of the district to the total number of votes cast, the approximate wealth and income of the landowners of the proposed district, the probable expense of carrying on erosion-control operations within such district, and such other economic and social factors as may be relevant to such determinations, having due regard to the legislative determinations set forth in Section 2 of this Act, provided, however, that the Board shall not have authority to determine that the operation of the proposed district within the defined boundaries is administratively practicable and feasible unless at least two-thirds of the votes cast in the election upon the proposition of creating of the district shall have been cast in favor of the creation of such district.

F. If the Board shall determine that the operation of the proposed district within the defined boundaries is administratively practicable and feasible, it shall appoint two (2) Supervisors to act until their successors shall be elected as provided hereinafter. Such appointed Supervisors, together with the three (3) Supervisors elected in accordance with the provisions of Section 6 of this Act shall be the governing board of the district. Such district shall be a governmental subdivision of this State and a public body corporate and politic, upon the taking of the following proceedings:
The two (2) appointed Supervisors shall present to the Secretary of State an application signed by them, which shall set forth, and such application need contain no detail other than the mere recitals: (1) That a petition for the creation of the district was filed with the State Soil Conservation Board pursuant to the provisions of this Act, and that the proceedings specified in this Act were taken pursuant to such petition; that the application is being filed in order to complete the organization of the district as a governmental subdivision and a public body corporate and politic under this Act; and that the Board has appointed them as Supervisors; (2) The name and official residence of each of the Supervisors, together with a certified copy of the appointments evidencing their right to office; (3) The term of office of each of the Supervisors; (4) The name which is proposed for the district; and (5) The location of the principal office of the Supervisors of the district. The application shall be subscribed and sworn to by each of the said Supervisors before an officer authorized by laws of this State to take and certify oaths, who shall certify upon the application that he personally knows the Supervisors and knows them to be the officers as affirmed in the application and that each has subscribed thereto in the officer's presence. The application shall be accompanied by a statement by the State Soil Conservation Board, which shall certify (and such statement need contain no detail other than mere recitals) that a petition was filed, notice issued, and hearing held as aforesaid; that the Board did duly determine that there is need, in the interest of public health, safety, and welfare, for a Soil Conservation District to function in the proposed territory and did define the boundaries thereof; that notice was given and an election held on the question of the creation of such district, and that the result of such election showed a two-thirds majority of the votes cast in such election to be in favor of the creation of the district; that thereafter the Board did duly determine that the operation of the proposed district is administratively practicable and feasible. The said statement shall set forth the boundaries of the district as they have been defined by the Board.

The Secretary of the State shall examine the application and statement and, if he finds that the name proposed for the district is not identical with that of any other Soil Conservation District of this State or so nearly similar as to lead to confusion or uncertainty, he shall receive and file them and shall record them in an appropriate book of record in his office. If the Secretary of State shall find that the name proposed for the district is identical with that of any other Soil Conservation District in this State, or so nearly similar as to lead to confusion and uncertainty, he shall certify such fact to the State Soil Conservation Board, which shall thereupon submit to the Secretary of State a new name for the said district, which shall not be subject to such defects. Upon receipt of such new name, free of such defects, the Secretary of State shall record the application and statement, with the name so modified, in an appropriate book of record in his office. When the application and statement have been made, filed, and recorded, as herein provided, the district shall constitute a governmental subdivision of this State and a public body corporate and politic. The Secretary of State shall make and issue to the said Supervisors a certificate, under the seal of the State, of the due organization of the said district, and shall record such certificate with the application and statement. The boundaries of such district shall include the territory as determined by the State Soil Conservation Board as aforesaid, but in no event shall they include any area included within the boundaries of another Soil Conservation District organized under the provisions of this Act.
G. After six (6) months shall have expired from the date of entry of a determination by the State Soil Conservation Board that operation of a proposed district is not administratively practicable and feasible, and denial of a petition pursuant to such determination, subsequent petition may be filed as aforesaid, and action taken thereon in accordance with the provisions of this Act.

H. Petitions for including additional territory within an existing district may be filed with the State Soil Conservation Board, and the proceedings herein provided for in the case of petitions to organize a district shall be observed in the case of petitions for such inclusion. The Board shall prescribe the form for such petitions, which shall be as nearly as may be in the form prescribed in this Act for petitions to organize a district. Where the total number of landowners in the area proposed for inclusion shall be less than fifty (50), the petition may be filed when signed by a two-thirds majority of landowners of such area, and in such case no election need be held. In election upon petitions for such inclusion, all landowners within the proposed additional area shall be eligible to vote.

I. In any suit, action, or proceeding involving the validity or enforcement of, or relating to, any contract, proceeding, or action of the district, the district shall be deemed to have been established in accordance with the provisions of this Act upon proof of the issuance of the aforesaid certificate by the Secretary of State. A copy of such certificate duly certified by the Secretary of State shall be admissible in evidence in any such suit, action, or proceeding and shall be proof of filing and contents thereof.

Method of Selection, Qualifications, and Tenure of Soil Conservation District Supervisors

Sec. 6. Within thirty (30) days after the date of issuance by the Secretary of State of a certificate of organization of a Soil Conservation District, nominating petitions may be filed with the State Soil Conservation Board to nominate candidates for Supervisors for such districts. The Board shall have authority to extend the time within which nominating petitions may be filed. No such nominating petition shall be accepted by the Board unless it shall be subscribed by ten (10) or more landowners within the boundaries of such district. Such landowners may sign more than one such nominating petition to nominate more than one candidate for Supervisor. The Board shall give due notice of an election to be held for the election of Supervisors for the district.

The names of all nominees on behalf of whom such nominating petitions have been filed within the time herein designated, shall appear, arranged in the alphabetical order of the surnames, upon ballots, with a direction to the voter to indicate the voter's preference for three (3) nominees by running a line through the names of nominees he shall desire to vote against. All landowners within the district shall be eligible to vote in such election. Only such landowners shall be eligible to vote. The three (3) candidates who shall receive the largest number, respectively, of the votes cast in such election shall be the elected Supervisors for such district. The Board shall pay all the expenses of such election, shall supervise the conduct thereof in conformity with the General Election Laws of this State, except as herein otherwise provided, and except that the ballots shall not be numbered or marked for identification purposes; shall prescribe regulations governing the conduct of such election and the determination of the eligibility of voters therein, and shall publish the results thereof.
The governing body of the district shall consist of five (5) Supervisors, composed of the three (3) Supervisors elected as provided herein-above, together with the two (2) Supervisors provided for in Section 5 of this Act by the State Soil Conservation Board to serve for one term only, after which time their successors shall be elected in the same manner as other Supervisors and for regular terms. All five (5) such Supervisors shall be landowners in the district from which they are elected, and shall be actively engaged in the business of farming or animal husbandry.

The Supervisors shall designate a Chairman and may, from time to time, change such designation. The term of office of each Supervisor shall be three (3) years except that the Supervisors who are appointed shall be designated to serve for terms of one and two (2) years, respectively, from the date of their appointment. A Supervisor shall hold office until his successor has been elected and has qualified. Vacancies shall be filled by election for the unexpired term. A majority of the Supervisors shall constitute a quorum and the concurrence of a majority of the Supervisors in any matter within their duties shall be required for its determination. A Supervisor may receive compensation for service not to exceed Four Dollars ($4.00) for each day he shall be in actual attendance upon the duties of the office within the district, not to exceed twenty (20) days in any one calendar year, and not to exceed Four Dollars ($4.00) a day and necessary expenses incurred for services other than within the district, except by approval of the State Board.

The Supervisors may employ such officers, agents, and employees, permanent and temporary, as they may require, and shall determine their qualifications, duties, and compensation. The Supervisors may call upon the Attorney General of the State for such legal services as they may require. The Supervisors may delegate to their Chairman, to one or more Supervisors, or to one or more agents or employees, such powers and duties as they may deem proper. The Supervisors shall furnish to the State Soil Conservation Board, upon request, copies of such ordinances, rules, regulations, orders, contracts, forms, and other documents as they shall adopt or employ, and such other information concerning their activities as it may require in the performance of its duties under this Act.

The Supervisors shall provide for the execution of surety bonds for all employees and officers who shall be entrusted with funds or property; shall provide for the keeping of a full and accurate record of all proceedings of all resolutions, regulations, and orders issued or adopted and shall provide for an annual audit by a Certified Public Accountant of the accounts of receipts and disbursements. The State Board may demand and pay the expenses of an audit at any time. Any Supervisor may be removed by the State Soil Conservation Board upon notice and hearing, for neglect of duty or malfeasance in office or change of residence out of district but for no other reason.

The Supervisor may invite the legislative body of any municipality or county located within or near the territory comprised within the district to designate a representative to advise and consult with the Supervisors of the district on all questions of program and policy which may affect the property, water supply, or other interests of such municipality or county.

Powers of Districts and Supervisors

Sec. 7. A Soil Conservation District organized under the provisions of this Act shall constitute a governmental subdivision of this State, and a public body corporate and politic, exercising public powers, and such district, and the Supervisors thereof, shall have the following powers, in addition to others granted in other Sections of this Act:
(1) To carry out preventive and control measures within the district including, but not limited to, engineering operations, methods of cultivation, the growing of vegetation, changes in use of land, and the measures listed in subsection C of Section 2, of this Act, on lands owned or controlled by this State or any of its agencies, with the cooperation of the agency administering and having jurisdiction thereof, and on any other lands within the district upon obtaining the consent of the owners of such lands or the necessary rights or interests in such lands;

(2) To cooperate, or enter into agreements with, and within the limits of appropriations duly made available to it by law, to furnish financial or other aid to, any agency, governmental or otherwise, or any owner of lands within the district, in the carrying on of erosion control and prevention operations within the district, subject to such conditions as the Supervisors may deem necessary to advance the purposes of this Act;

(3) To obtain options upon and to acquire, by purchase, exchange, lease, gift, grant, bequest, devise, or otherwise, any property, real or personal, or rights or interests therein; to maintain, administer, and improve any properties acquired, to receive income from such properties and to expend such income in carrying out the purposes and provisions of this Act; and to sell, lease, or otherwise dispose of any of its property or interests therein in furtherance of the purposes and the provisions of this Act;

(4) To make available, on such terms as it shall prescribe, to landowners within the districts, agricultural and engineering machinery and equipment, fertilizer, seeds, and seedlings, and such other material or equipment, as will assist such landowners to carry on operations upon their lands for the conservation of soil resources and for the prevention and control of soil erosion;

(5) To construct, improve, and maintain such structures as may be necessary or convenient for the performance of any of the operations authorized in this Act;

(6) To develop comprehensive plans for the conservation of soil resources and for the control and prevention of soil erosion within the district, which plans shall specify in such detail as may be possible, the acts, procedures, performances, and avoidances which are necessary or desirable for the effectuation of such plans, including the specification of engineering operations, methods of cultivation, the growing of vegetation, cropping programs, tillage practices, and changes in use of land; and to publish such plans and information and bring them to the attention of owners of lands within the district;

(7) To take over, by purchase, lease, or otherwise, and to administer, any soil conservation, erosion control, or erosion prevention project located within its boundaries undertaken by the United States or any of its agencies, or by this State or any of its agencies; to manage, as agent of the United States or any of its agencies, or of this State or any of its agencies, any soil conservation, erosion control, or erosion prevention project within its boundaries; to act as agent for the United States, or any of its agencies, or for this State or any of its agencies, in connection with the acquisition, construction, operation, or administration of any soil conservation, erosion control, or erosion prevention project within its boundaries; to accept donations, gifts, and contributions in money, services, materials, or otherwise, from the United States or any of its agencies, or from this State or any of its agencies, and to use or expend such moneys, services, materials, or other contributions in carrying on its operations;

(8) To sue and be sued in the name of the district; to have a seal, which seal shall be judicially noticed; to have perpetual succession un-
less terminated as hereinafter provided; to make and execute contracts and other instruments, necessary or convenient to the exercise of its powers, to make, and from time to time amend and repeal, rules and regulations not inconsistent with this Act, to carry into effect its purposes and powers;

(9) As a condition to the extending of any benefits under this Act to, or the performance of work upon, any lands not owned or controlled by this State or any of its agencies, the Supervisors may require contributions in the form of services, materials, or otherwise to any operation conferring such benefits, and may require landowners to enter into and perform such agreements or covenants as to the permanent use of such lands as will tend to prevent or control erosion thereon.

Adoption of Land-Use Regulations

Sec. 8. The Supervisors of any district shall have the authority to formulate regulations governing the use of lands within the district in the interest of conserving soil and soil resources and preventing and controlling soil erosion. The Supervisors may conduct such public meetings and public hearings upon tentative regulations as may be necessary to assist them in this work. The Supervisors shall not have authority to enact such land-use regulations into law until after they shall have caused due notice to be given of their intention to conduct an election for submission of such regulations to the landowners within the boundaries of the district for their indications of approval or disapproval of such proposed regulations, and until after the Supervisors have considered the result of such election. The proposed regulations shall be embodied in a proposed ordinance. Copies of such proposed ordinance shall be available for inspection during the period between publication of such notice and the date of the election. The notices of the election shall recite the contents of such ordinance, or shall state where copies of such proposed ordinance may be examined. The question shall be submitted by ballots, upon which the words “For approval of proposed Ordinance No. ______, prescribing land-use regulations for conservation of soil and prevention of erosion,” and “Against approval of proposed Ordinance No. ______, prescribing land-use regulations for conservation of soil and prevention of erosion,” shall appear. The Supervisors shall supervise such election, shall prescribe appropriate regulations governing the conduct thereof, and shall publish the result thereof. All landowners within the district shall be eligible to vote in conformity with the General Election Laws of this State, except as herein otherwise provided, and except that the ballot shall not be numbered or marked for identification purposes. The Supervisors shall not have authority to enact such proposed ordinance into law unless at least nine-tenths of the votes cast in such election shall have been cast for approval of the said proposed ordinance. The approval of the proposed ordinance by nine-tenths of the votes cast in such election shall not be deemed to require the Supervisors to enact such proposed ordinance into law. Land-use regulations prescribed in ordinance adopted pursuant to the provisions of this Section by the Supervisors of any district shall have the force and effect of law in the said district and shall be binding and obligatory upon all owners of land within such district.

Any owner of land within such district may at any time file a petition with the Supervisors asking that any or all of the land-use regulations prescribed in any ordinance adopted by the Supervisors under the provisions of this Section shall be amended, supplemented, or repealed. Land-use regulations prescribed in any ordinance adopted pursuant to
the provisions of this Section shall not be amended, supplemented, or repealed except in accordance with the procedure prescribed in this Section for adoption of land-use regulations or in accordance with variances authorized in Section 10, of this Act; provided, however, that such suspension or repeal may be affected by a majority vote of the qualified voters voting at such election. Elections on adoption, amendment, supplementation, or repeal of land-use regulations shall not be held more often than once in six (6) months.

The regulations to be adopted by the Supervisors under the provisions of this Section may include:

1. Provisions requiring the carrying out of necessary engineering operations, including the construction of terraces, terrace outlets, check dams, dikes, ponds, ditches, and other necessary structures;
2. Provisions requiring observance of particular methods of cultivation including contour cultivating, contour furrowing, lister furrowing, sowing, planting, strip cropping, seeding, and planting of lands to water-conserving and erosion-preventing plants, trees, and grasses, forestations, and reforestation;
3. Specifications of cropping programs and tillage practices to be observed;
4. Provisions requiring the retirement from cultivation of highly erosive areas or of areas on which erosion may not be adequately controlled if cultivation is carried on;
5. Provisions for such other means, measures, operations, and programs as may assist conservation of soil resources, and prevent or control soil erosion in the district, having due regard to the legislative findings set forth in Section 2 of this Act.

The regulations shall be uniform throughout the territory comprised within the district except that the Supervisors may classify the lands within the district with reference to such factors as soil type, degree of slope, degree of erosion threatened or existing, cropping and tillage practices in use, and other relevant factors, and may provide regulations varying with the type or class of land affected, but uniform as to all lands within each class or type. Copies of land-use regulations adopted under the provisions of this Section shall be printed and made available to all owners and occupiers of land lying within the district.

**Performance of Work under the Regulations by the Supervisors**

Sec. 9. The Supervisors shall have authority to go upon any lands within the district to determine whether land-use regulations adopted under the provisions of Section 8 of this Act are being observed.

Where the Supervisors of any district shall find that any of the provisions of land-use regulations prescribed in an ordinance adopted in accordance with the provisions of Section 8 hereof are not being observed on particular lands, and that such nonobservance tends to increase erosion on such lands and is interfering with the prevention or control of erosion on other lands within the district, the Supervisors may present to any Court of competent jurisdiction a petition, duly verified, setting forth the adoption of the ordinance prescribing land-use regulations, the failure of the defendant to observe such regulations, and to perform particular work, operations, or avoidances as required thereby, and that such nonobservance tends to increase erosion on such lands and is interfering with the prevention or control of erosion on other lands within the district, and praying the court to require the defendant to perform the work, operations, or avoidances within a reasonable time and to order that if the defendant shall fail so to perform the Supervisors may go
on the land, perform the work or other operations or otherwise bring the condition of such lands into conformity with the requirements of such regulations, and recover the costs and expenses thereof, with interest, from the owner of such land. Upon the presentation of such petition, the Court shall cause process to be issued against the defendant, and shall hear the case. If it shall appear to the Court that testimony is necessary for the proper disposition of the matter, it may take evidence, or appoint a referee to take such evidence as it may direct and report the same to the Court with his findings of fact and conclusions of law, which shall constitute a part of the proceedings upon which the determination of the Court shall be made. The Court may dismiss the petition; or it may require the defendant to perform the work, operations, or avoidance, and may provide that upon the failure of the defendant to initiate such performance within the time specified in the order of the Court, and to prosecute the same to completion with reasonable diligence, the Supervisors may enter upon the lands involved and perform the work or operation or otherwise bring the condition of such lands into conformity with the requirements of the regulations and recover the costs and expenses thereof, from the owner of such lands, provided further that in no case shall the total charge for the work done by said Supervisors or any one under them, and to be charged against said lands, ever exceed for any calendar year, ten per cent (10%) of the rendition of said lands.

The Court shall retain jurisdiction of the case until after the work has been completed. Upon completion of such work pursuant to such order of the Court the Supervisors may file a petition with the Court, a copy of which shall be served upon the defendant in the case, stating the costs and expenses sustained by them in the performance of the work and praying judgment therefor with interest. The Court shall have jurisdiction to enter judgment for the amount of such costs and expenses, together with the costs of suit, including reasonable attorney's fee to be fixed by the Court. Such judgments shall be collected in the same manner as that provided for the collection of assessments in Wind Erosion Conservation Districts created by authority of House Bill No. 978, Acts of the Regular Session of the Forty-fourth Legislature of Texas.

Sec. 10. A. Where the Supervisors of any district organized under the provisions of this Act shall adopt an ordinance prescribing land-use regulations in accordance with the provisions of Section 9 hereof, they shall further provide by ordinance for the establishment of a Board of Adjustment. Such Board of Adjustment shall consist of three (3) members, each to be appointed for a term of three (3) years, except that the members first appointed shall be appointed for terms of 1, 2, and 3 years, respectively. The members of each such Board of Adjustment shall be appointed by the State Soil Conservation Board, with the advice and approval of the Supervisors of the district for which such Board of Adjustment has been established, and shall be removable, upon notice and hearing, for neglect of duty or malfeasance in office, but for no other reason, such hearing to be conducted jointly by the State Soil Conservation Board and the Supervisors of the District. Vacancies in the Board of Adjustment shall be filled in the same manner as original appointments, and shall be for the unexpired term of the member whose term becomes vacant. Members of the State Soil Conservation Board and the Supervisors of the district shall be ineligible to appointment as mem-
bers of the Board of Adjustment during their tenure of such other office. The members of the Board of Adjustment shall receive compensation for their services at the rate of Three Dollars ($3) per diem for time spent on the work of the Board, in addition to expenses, including traveling expenses, necessarily incurred in the discharge of their duties. The Supervisors shall pay the necessary administrative and other expenses of operation incurred by the Board of Adjustment upon the certificate of the Chairman of the said Board.

B. The Board of Adjustment shall adopt rules to govern its procedures which rules shall be in accordance with the provisions of this Act and with the provisions of any ordinance adopted pursuant to this Section. The Board shall designate a Chairman from among its members, and may, from time to time, change such designation. Meetings of the Board shall be held at the call of the Chairman and at such other times as the Board may determine. Any two (2) members of the Board of Adjustment shall constitute a quorum. The Chairman, or in his absence such other member of the Board as he may designate to serve as acting Chairman, may administer oaths and compel the attendance of witnesses. All meetings of the Board of Adjustment shall be open to the public. The Board shall keep a full and accurate record of all proceedings, of all documents filed with it, and of all orders entered, which shall be filed in the office of the Board of Adjustment and shall be a public record.

C. An owner of land within the district may file a petition with the Board of Adjustment alleging that there are great practical difficulties or unnecessary hardship in the way of his carrying out upon his lands the strict letter of the land-use regulations prescribed by ordinance approved by the Supervisors, and praying the Board of Adjustment to authorize a variance from the terms of the land-use regulations in the application of such regulations to the lands owned by the petitioner. Copies of such petition shall be served by the petitioner upon the Chairman of the Supervisors of the district within which his lands are located and upon the Chairman of the State Soil Conservation Board. The Board of Adjustment shall fix a time for the hearing of the petition and cause due notice of such hearing to be given. The Supervisors of the district and the State Soil Conservation Board shall have the right to appear and be heard at such hearing. Any owner of lands lying within the district who shall object to the authorizing of the variance prayed for may intervene and become a party to the proceedings. Any party to the hearing before the Board may appear in person, by agent, or by attorney. If, upon the facts presented at such hearing, the Board shall determine that there are great practical difficulties or unnecessary hardships in the way of applying the strict letter of any of the land-use regulations upon the lands of the petitioner, it shall make and record such determination and shall make and record findings of fact as to the specific conditions which establish such great practical difficulties or unnecessary hardship. Upon the basis of such findings and determination, the Board of Adjustment shall have power by order to authorize such variance from the terms of the land-use regulations, in their application to the lands of the petitioner, as will relieve such great practical difficulties or unnecessary hardship and will not be contrary to the public interest, and such that the spirit of the land-use regulations shall be observed, the public health, safety, and welfare secured, and substantial justice done.

Sec. 11. The Supervisors of any two (2) or more districts organized under the provisions of this Act may cooperate with one another in the exercise of any or all powers conferred in this Act.

State Agencies to Cooperate

Sec. 12. Agencies of this State which shall have jurisdiction over, or be charged with the administration of, any State-owned lands, and of any county, or other governmental subdivision of the State, which shall have jurisdiction over, or be charged with the administration of, any county-owned or other publicly owned lands, lying within the boundaries of any district organized hereunder, shall cooperate to the fullest extent with the Supervisors of such districts in the effectuation of programs and operations undertaken by the Supervisors under the provisions of this Act. The Supervisors of such district shall be given free access to enter and perform work upon such publicly owned lands. The provisions of land-use regulations adopted pursuant to Section 8 of this Act shall have the force and effect of law over all such publicly owned lands, and shall be in all respects observed by the agencies administering such lands.

Discontinuance of Districts

Sec. 13. At any time after five (5) years after the organization of a district under the provisions of this Act, any fifty (50) landowners within the boundaries of such district may file a petition with the State Soil Conservation Board praying that the operations of the district be terminated and the existence of the district discontinued. The Board may conduct such public meetings and public hearings upon such petition as may be necessary to assist it in the consideration thereof. Within sixty (60) days after such a petition has been received by the Board it shall give due notice of the holding of an election, and shall supervise such election, and issue appropriate regulations governing the conduct thereof, the question to be submitted by ballots upon which the words, "For terminating the existence of the __________ (name of the soil conservation district to be here inserted)," and "Against terminating the existence of the __________ (name of the soil conservation district to be here inserted)" shall appear.

All landowners within the boundaries of the district shall be eligible to vote in such election. Only such landowners shall be eligible to vote. Such elections shall be conducted in conformity with the General Election Laws of this State, except as herein otherwise provided, and except that the ballots shall not be numbered or marked for identification purposes, and provided further that the Board determine the number of persons necessary to hold such election, but in no event to be less than three (3).

Providing that the compensation of all election judges and clerks in elections provided for hereunder shall not exceed the sum of Two Dollars ($2) a day each.

The Board shall publish the result of such election and shall thereafter consider and determine whether the continued operation of the district within the defined boundaries is administratively practicable and feasible. If the Board shall determine that the continued operation of such district is administratively practicable and feasible, it shall record such determination and deny the petition. If the Board shall determine that the continued operation of each district is not administratively practicable and feasible, it shall record such determination and shall certify such determination to the Supervisors of the district.
making such determination the Board shall give due regard and weight to the attitudes of the owners of lands lying within the district, the number of landowners eligible to vote in such election who shall have voted, the proportion of the votes cast in such election in favor of the discontinuance of the district to the total number of votes cast, the approximate wealth and income of the landowners of the district, the probable expense of carrying on erosion control operations within such other economic and social factors as may be relevant to such determination, having due regard to the legislative findings set forth in Section 2 of this Act; provided, however, that the Board shall not have authority to determine that the continued operation of the district is administratively practicable and feasible unless at least a majority of the votes cast in the election shall have been cast in favor of the continuance of such district.

Upon receipt from the State Soil Conservation Board of a certification that the Board has determined that the continued operation of the district is not administratively practicable and feasible, pursuant to the provisions of this Section, the Supervisors shall forthwith proceed to terminate the affairs of the district. The Supervisors shall dispose of all property belonging to the district at public auction and shall pay over the proceeds of such sale to be covered into the State Treasury. The Supervisors shall thereupon file an application, duly verified, with the Secretary of State for the discontinuance of such district, and shall transmit with such application the certificate of the State Soil Conservation Board setting forth the determination of the Board that the continued operation of such district is not administratively practicable and feasible. The application shall recite that the property of the district has been disposed of and the proceeds paid over as in this Section provided, and shall set forth a full accounting of such properties and proceeds of the sale. The Secretary of State shall issue to the Supervisors a certificate of dissolution and shall record such certificate in an appropriate book of record in his office.

Upon issuance of a certificate of dissolution under the provisions of this Section, all ordinances and regulations theretofore adopted and in force within such districts shall be of no further force and effect. All contracts theretofore entered into, to which the district or Supervisors are parties, shall remain in force and effect for the period provided in such contracts. The State Soil Conservation Board shall be substituted for the district or Supervisors as party to such contracts. The Board shall be entitled to all benefits and subject to all liabilities under such contracts and shall have the same right and liability to perform, to require performance, to sue and be sued thereon, and to modify or terminate such contracts by mutual consent or otherwise, as the Supervisors of the district would have had. Such dissolution shall not affect the lien of any judgment entered under the provisions of Section 9 of this Act, nor the pendency of any action instituted under the provisions of such Section, and the Board shall succeed to all the rights and obligations of the district or Supervisors as to such liens and actions.

The State Soil Conservation Board shall not entertain petitions for the discontinuance of any district nor conduct elections upon such petitions nor make determinations pursuant to such petitions in accordance with the provisions of this Act, more often than once in five (5) years.

Any person of good moral character who shall, at the time that this Act becomes effective, be practicing architecture in this State as his or her principal vocation, and who was engaged in the practice of architecture for a period of at least six (6) months prior to the passage of this Act, and who shall present to the Board an affidavit to that effect, shall be entitled to receive such certificate without examination, and upon payment to the Secretary-treasurer of the Board of a fee of Twenty-five Dollars ($25), the Secretary-treasurer of the Board shall issue a registration certificate as above required to each such person having complied with the provisions of this Act; provided, however, that the Board may, in its discretion, require further evidence than the affidavit hereinabove provided for, that the applicant was actually engaged in the practice of architecture at the time that this Act became effective and for six (6) months prior thereto. Such practicing architects shall be required to file their application for registration under this Act within ninety (90) days after the appointment and qualification of the members of the Board of Architectural Examiners.

Coincident with its issue, the Board shall cause each registration certificate issued by it to be recorded in the office of the Secretary of State. For the purpose of recording such certificates, the Secretary of State shall keep a book, or books, of suitable size and character, to be known as the "Register of Architects" and shall record each such certificate on a separate page of said book, together with the date same was filed for record, and the residence of the certificate holder at the time of filing same for record.

In the case of copartnership of architects, each partner must be registered to practice architecture. Practicing architects from other states; fees

Sec. 8. An architect of good moral character who has lawfully practiced architecture for a period of ten (10) years or more outside this State, or partly within and partly without this State, may be required at the discretion of the Board, in order to obtain a registration certificate to practice architecture in this State, to take only a practical examination the nature of which shall be prescribed by the Board of Architectural Examiners, provided that, as a condition precedent to the issuance of a registration certificate to such applicant, the Board may re-
quire him or her to furnish and file evidence satisfactory to the Board that he or she has not been restrained from practicing architecture in any other State or jurisdiction on account of negligence, incompetency, recklessness, dishonesty, or other causes to be grounds for the revocation of a registration certificate in this State, or that no registration certificate or other license, or permit to practice architecture, theretofore issued to him or her has ever been so revoked, and upon failure of the applicant to furnish and file such satisfactory evidence, the Board may, in its discretion, refuse to issue a registration certificate to him or her authorizing him or her to practice architecture in this State.

An architect who has legally practiced architecture in another State of the United States, or country outside the border of the United States, where the qualifications prescribed by law were, at the time he or she practiced in that State or country, substantially equal to those prescribed in this State at the date of his or her application, may obtain a registration certificate to practice architecture in this State merely by furnishing evidence satisfactory to the Board of the fact that he or she has so lawfully practiced in such other State or country; provided that the laws or legal regulations of that State or country extend like or similar privilege to registered architects of this State applying for the right to practice architecture in such other State or country.

The fee to be paid by an architect of another State or country, applying for his or her original registration certificate to practice architecture in this State, shall be the sum of Thirty Dollars ($30).

Sec. 10. Every registered architect shall obtain and keep a seal, such as is authorized, prescribed, and approved by the Board of Architectural Examiners, with which he or she shall stamp all drawings or specifications issued from his or her office for use in this State. The design of the seal shall be the same as that to be used by the Board of Architectural Examiners as provided for in Section 3 of this Act, except that it shall bear the words "Registered Architect, State of Texas," instead of "Texas Board of Architectural Examiners."

Practicing architecture; registration certificates, necessity of; exceptions

Sec. 11. Any person, or firm, who for a fee or other direct compensation therefor, shall engage in, the planning, or designing, or supervising the construction of buildings to be erected or altered in this State, by or for other persons than themselves, as a profession or business, and shall represent or advertise themselves as architects, architectural de-
signers, or other title of profession or business using some form of the word “architect,” shall be considered as practicing the profession of architecture in this State, and shall be required to comply with the provisions of this Act; and no person or firm shall engage in or conduct the practice of architecture as aforesaid in this State unless a registration certificate or certificates therefor have been duly issued to such person or the members of such firm as provided for by this Act, and no firm or partnership shall engage in, or conduct, the practice of architecture as aforesaid within this State except by and through persons to whom registration certificates have been duly issued, and which certificates are in full effect; but nothing in this Act shall prevent draftsmen, students, clerks of works, superintendents, or other employees or assistants of those legally practicing architecture under registration certificates as herein provided for, from acting under the instruction, control, or supervision of such registered architects.

Nothing in this Act shall prevent qualified professional engineers from planning and supervising work, such as railroads, hydro-electric work, industrial plants, or other construction primarily intended for engineering use or structures incidental thereto, nor prevent said engineers from planning, designing, or supervising the structural features of any building, but such engineers shall not employ the title “architect” in any way, nor represent themselves as such, nor shall any engineer practice the profession of architecture as defined herein, unless he or she be registered as an architect under the provisions of this Act.

Revocation or cancellation of certificates

Sec. 12. Registration certificates of architects issued in accordance with this Act, shall remain in full force and effect until expiration date unless revoked for cause as herein provided.

The registration certificate and right of any person to practice architecture in this State may be revoked and cancelled by any District Court of this State, in a suit by the State upon the relation of the Board of Architectural Examiners, upon the proof of the violation of the law in any respect in regard thereto; or for any cause for which the Board of Architectural Examiners is authorized to refuse to grant registration certificates, or for proof of gross incompetency, or for recklessness in the construction of buildings on the part of the architect designing, planning, or supervising the construction or alteration of same, or for dishonest practice on the part of the holder of such registration certificate; and when requested by the Board, the several District and County Attorneys of this State shall have the authority, and it shall be their duty, to file and prosecute appropriate judicial proceedings in the name of the State against such persons. The venue of each suit shall be in the county of the residence of the holder of such registration certificate.

Annual fee; certificate of renewal; failure to obtain renewal; notice of revocation

Sec. 13. Every registered architect in this State who desires to continue the practice of his or her profession shall annually, during the time he or she shall continue in such practice, pay the Secretary-treasurer of the Board during the month of July, a fee of Ten Dollars ($10), and the Secretary-treasurer shall thereupon issue to such registered architect, and file for record with the Secretary of State, a certificate of renewal of his or her registration certificate for the term of one year. In the case of those persons paying their first renewal fee after the expiration of their original registration certificate, such fee shall be due in the month of July first succeeding the expiration date of the original registration
certificate issued to such person, and such certificate shall remain in force until the end of such month. Any registered architect who shall fail to have his or her registration certificate renewed during the month of July of each and every year shall have his or her registration certificate revoked; and it shall be the duty of the Secretary-treasurer of the Board to give notice of such revocation to the Secretary of State, whereupon the Secretary of State shall make an entry of such revocation accordingly upon the page of the Register of Architects containing the record of the registration certificate which is revoked. But the failure to renew such registration certificate in the time stated shall not deprive such architect of the right of renewal thereafter; but the fee to be paid upon the renewal of a registration certificate after the month of July and before the first of January of the year following shall be Fifteen Dollars ($15) to cover the additional expense incurred by the Board in effecting the renewal; and, in the event that the renewal is not made before the first day of January of the year following, the applicant shall be required to take and satisfactorily pass such examination as may be prescribed by the Board, and if the applicant passes such examination successfully, the fee to be paid upon the renewal of the registration certificate shall be, in such case, the sum of Thirty Dollars ($30).

**Report of proceedings of Board**

Sec. 14. Immediately after the organization of the Board, and annually thereafter, the Secretary-treasurer of the Board shall file with the Secretary of State a full report of the proceedings of the Board during the preceding year, subscribed by the Chairman and Secretary-treasurer of the Board, and attested by the seal of the Board of Architectural Examiners.

**Penalty**

Sec. 15. If any person, or firm, shall, for a fee or other direct compensation, pursue the practice of the profession of architecture in this State as herein defined, or shall engage in this State in the profession or business of planning, or designing, or supervising the construction of buildings to be erected or altered by or for other persons than himself, herself, or themselves, and shall advertise, or put out any sign, card, or drawings in this State designating himself, herself, or themselves as an architect, architectural designer, or other title of profession or business using some form of the word “architect” without first having complied with the provisions of this Act, such person, or the members of such firm, shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined not less than Twenty-five Dollars ($25), and not more than Two Hundred Dollars ($200), for each offense; and each and every day of violation of this Act as above set forth, shall constitute a separate offense.

**Exceptions from act**

Sec. 16. This Act shall not apply:
1. To the practice of architecture solely as an officer or employee of the United States, but persons so engaged or employed shall not engage in the private practice of architecture in this State without first having a registration certificate as herein provided.

Any balance of such dividends not so credited shall be paid in cash to the holder of such shares, at regular dividend paying periods.

(d) Fully-paid or income shares upon which a single payment of dues amounting to the par or maturity value shall be paid at the time when such shares are issued. Such shares shall not be chargeable with losses of any kind, nor shall they entitle the holder to vote at any meeting of the shareholders. Such shares may be credited with dividends at a rate not less than sixty (60%) per cent of the rate of dividends apportioned and credited to installment shares, as the by-laws shall provide. The matured value of all the juvenile shares issued by an association shall not exceed in the aggregate at the time of issue, twenty-five (25%) per cent of the aggregate matured value of existing shares of all other classes.

(f) Reserve fund or permanent stock, which when sold may not be withdrawn, except as hereafter provided, until after all liabilities of the association have been satisfied in full, including the full book value of all other types or classes of shares and share accounts, and which may receive as dividends all the earnings of the association after expenses have been paid and the dividends declared by the directors upon other classes of shares and share accounts have been paid or credited; which such stock if allowed by the by-laws must be fully paid for in advance, and against which the association may not make any loans; and which fully paid reserve fund or permanent stock must at all times be at least five (5%) per cent of the gross assets of the association, but not less than Twenty-five Thousand ($25,000.00) Dollars; but which shall not be required to exceed Two Hundred and Fifty Thousand ($250,000.00) Dollars; provided that associations whose shares are insured by the Federal Savings and Loan Insurance Corporation may retire in whole or in part such reserve or permanent stock heretofore issued, when such association is authorized to do so by a majority vote of its members, provided that the basis of such retirement shall have been approved by the Banking Commissioner of Texas; and provided further that no such association shall be authorized to retire its reserve fund or permanent stock until a consent to such retirement upon the part of the Federal Savings and Loan Insurance Corporation has been filed in writing with the Banking Commissioner of Texas.

(g) Share accounts may be issued by associations subject to provisions of this Act. Share accounts of One Hundred ($100.00) Dollars or multiples thereof, shall be known as “investment share accounts.” All other share accounts shall be known as “savings share accounts.” Payments upon share accounts shall be called “share payments.” Share accountholders are deemed to be members of the association in which they hold accounts in the same manner and to the same proportionate extent as are shareholders, and no creditor and debtor status or preference in earnings or assets is authorized to be created by the authority to issue share accounts, but the status of “member” shall continue until such share accounts have been withdrawn and paid, transferred or retired. The participation value in the share capital of each share account held by a member shall be the aggregate of payments made upon such share account and dividends credited thereto, less repurchase or withdrawal payments. “Savings share accounts” shall be entitled to the same rate of dividends as may be paid by the association upon Thrift or Optional share accounts, and “investment share accounts” shall be entitled to the same rate of dividend paid by the association upon Fully Paid or Income Shares. "Resolved, That the fact that a seller of merchandise who transports such merchandise from one place to another in the motor trucks owned by the seller, who adds to the sale price of such merchandise at point of delivery a charge to cover a part or all of the cost of transportation, is not engaged in transporting for hire, as that term is defined in the Motor Carrier Act of this State, and is not subject to the provisions of said Act nor to any rule or regulation promulgated pursuant thereto by the Railroad Commission of the State of Texas; and, be it further

"Resolved, That a copy of this Resolution be published to the Railroad Commission of Texas, the law enforcement agencies and the courts of this State."

Art. 911d. Regulation of motor bus ticket brokers—definitions

Section 1. (a) That the term "corporation" when used in this Act means a corporation, company, association or joint stock association.

(b) The term "person" when used in this Act means an individual, firm, or co-partnership.

(c) The term "motor bus company" when used in this Act means every corporation or person as herein defined, their lessees, trustees, receivers, or trustees appointed by any court whatsoever, owning, con-
trolling, operating, or managing any motor propelled passenger vehicle, not usually operated on or over rails, and engaged in the business of transporting persons for compensation or hire over the public highways within the State of Texas, under certificates of public convenience and necessity issued by the Railroad Commission of Texas, whether operating over fixed routes or fixed schedules or otherwise; provided further, that the term "motor bus company" as used in this Act shall not include corporations or persons, their lessees, trustees, or receivers, or trustees appointed by any court whatsoever, insofar as they own, control, operate, or manage motor propelled passenger vehicles operated wholly within the limits of any incorporated municipal corporation, town or city and the suburbs thereof, whether separately incorporated or otherwise.

(d) The term "Commission" when used in this Act means the Railroad Commission of the State of Texas.

(e) The term "broker" as used in this Act shall mean any person, firm, corporation or association of persons whatsoever, who or which, as principal or agent, shall for compensation, sell or offer for sale, transportation for passengers of any character, or who or which make any contract, agreement, or arrangement to provide, furnish, or arrange for such transportation, directly or indirectly, whether by selling of tickets or of information, or the introduction of parties where a consideration is received or otherwise, or who or which shall hold himself or itself out by advertisement, solicitation or otherwise as one who sells, provides, procures, contracts, or arranges for such transportation, information or introduction; provided, however, the term "broker" shall not apply to or include any such person, firm, corporation or association of persons whatsoever unless and until the Railroad Commission of Texas, after notice and hearing, shall have determined, from credible and competent evidence introduced before it or before some person authorized by present laws to conduct hearings for it, that such person, firm, corporation or association of persons has so conducted himself or itself in the course of the acts, transactions and things mentioned in this Sub-section (e) as to bring about a reasonably continuous or customary competition with one or more "motor bus companies," holding one or more certificates of convenience and necessity, duly and properly issued by the Railroad Commission of Texas under Chapter 270, General Laws Fortieth Legislature, 1927, as amended at the First Called Session of the Forty-first Legislature and any and all present and future amendments thereto; provided however, a carrier of passengers by rail shall never be considered a broker.

(e½) The Railroad Commission of Texas shall have and it is hereby given the power and authority, either upon motion of any interested person or upon its own motion to investigate through a public hearing any person, firm, corporation or association of persons thought to be or charged with being a "broker" as that term is defined herein and to make a determination of the fact question as to whether said status of "broker" actually exists.

The person, firm, corporation, or association of persons sought to be so investigated shall be given at least ten (10) days notice by mail of such hearing and all motor bus companies probably or possibly affected by the asserted competition of such person, firm, corporation or association of persons shall likewise be given the same character of notice by mail and shall be given an opportunity to be heard; and, in addition, the owner or owners of all other existing passenger transportation facilities serving all or a portion of the territory thought to
be or charged with being served by the person, firm, corporation, or association of persons under investigation shall be given the same character of written notice and, they along with any other interested party, shall be given an opportunity to be heard. The notice mentioned shall be not less than ten (10) days exclusive of the day of mailing.

Before the Commission determines that a person, firm, corporation or association of persons is a “broker” as that term is defined herein, it shall make findings, based on competent and credible testimony that the said person, firm, corporation or association of persons has customarily or with reasonable continuity brought about competition in the transportation of persons for hire between one or more motor bus companies, which have theretofore been duly and properly issued one or more certificates of public convenience and necessity, on the one hand, and other motor vehicles, not so certificated, on the other hand.

(f) The term “license” as used herein means a license issued to a broker.

License, to whom issued, etc.

Sec. 4. A broker’s license may be issued to any qualified applicant therefor upon application to the Commission in such form as the Commission shall prescribe, authorizing the whole or any part of the operation covered by the application, if it is found that the applicant is fit, willing, and able properly to perform the services proposed and to conform to the requirements, rules and regulations of the Commission promulgated hereunder, and within the limits hereof, and that the proposed service to the extent authorized by the license, is, or will be consistent with the public interest; otherwise, such application shall be denied. Any broker in bona fide operation when this Act takes effect
shall have a period of thirty (30) days thereafter within which to apply for a broker's license, and if such application be filed such broker, if in bona fide operation when this Act takes effect may continue such operation under such rules and regulations, as the Commission may prescribe within the limits of this Act, until such application be by the Commission determined.

**Nature and effect of license**

Sec. 5. The license herein provided for shall be personal in nature and shall not be sold, transferred, nor assigned. No broker shall be authorized to have more than one place of business, the location of which shall be designated in the license as issued by the Commission and no broker shall be authorized to change the location of his business without the approval of the Commission. If a broker dies, discontinues business for a period of thirty (30) days, or removes from the county where such license was issued, the license shall immediately become void and shall be by the Commission cancelled.

**Tariff rates applicable to brokers**

Sec. 6. All brokers in transporting or causing to be transported passengers on the highways of Texas shall be bound by the tariffs, fares and rates approved of by the Railroad Commission of Texas covering the transportation for hire of persons over the highways of Texas; and shall not, directly or indirectly, transport or cause to be transported over State Highways any person at a greater or lesser fare or rate than that approved of by the Commission save and except that any broker shall be allowed a reasonable brokerage for his services but said brokerage and all details and particulars in connection therewith, including who shall pay such brokerage, shall be first approved of by the Commission.

**Rules and regulations**

Sec. 7. The Commission shall have power, after proper notice and hearing, in a manner hereinafter more particularly set forth, to make, adopt and enforce any reasonable rules and regulations, and to enforce the same, which may be necessary in assisting it to determine just who are and who are not brokers and in enforcing observance of its duly authorized and approved rates, tariffs and fares and in inspecting and approving brokerage charges to be charged by brokers for their services as such and in seeing to it that passengers are not transported in vehicles and under circumstances wherein and whereunder they are unprotected against injury and damage to person and property during such transportation or as a proximate result thereof and in assisting it in otherwise exercising the powers expressly given it or necessarily implied from and by this Act.

**Broker's bond**

Sec. 8. Each broker, prior to the issuance of any license to him, shall file a bond or other security with the Commission and shall procure its approval of the same conditioned in such fashion that the State of Texas, through its Attorney General or any District or County Attorney, may proceed against said bond or other security and the principals and sureties thereon for a recovery of all money representing the difference between the money actually paid by any and all persons for such transportation arranged for by the broker, on the one hand, and the money which should have been paid under the applicable tariffs, rates and fares theretofore approved of by the Commission, on the
other hand, plus a penalty of Twenty-five ($25.00) Dollars for each person so transported at the instigation of the broker at a lesser or greater charge or fare than the Commission's duly and properly approved tariff, rate or fare; and further conditioned in such fashion that the Attorney General or any District or County Attorney may similarly proceed for a recovery of all money representing the difference between the money actually collected by said broker as for his brokerage, on the one hand, and the money which should have been collected by him as for brokerage under the Commission's duly approved rate of brokerage, on the other hand, plus a penalty of Twenty-five ($25.00) Dollars on each passenger connected with the broker, but with respect to whom the broker failed, refused or neglected to collect the proper brokerage previously fixed or approved of by the Commission. All money recovered, either as differences between money actually collected and that which should have been collected as penalties under this Section 8, shall become the property of, and be owned by, the State of Texas, as a penalty and not as a forfeiture.

Vehicles to be bonded for damages due to injuries

Sec. 9. No broker shall have any part in transporting, or causing to be transported, any person, for hire, over the highways of Texas, except in a vehicle and under circumstances wherein and whereunder such passenger and his heirs, his estate and his beneficiaries are fully protected by security, bond or insurance, to be approved by the Commission, against damage, loss and injury resulting from loss of or damage to property possessed by such passenger during such transportation, or as a proximate result thereof; and, as well, against damage, loss and injury resulting from such passenger's personal injury or death during such transportation; or as a proximate result thereof; and, if any such passenger, his heirs, his estate or his beneficiaries, be damaged or injured in his person or rights or property as a result of such passenger's being transported in such unprotected manner, then those entitled to a recovery by reason of such unprotected transportation, in the event they cannot make themselves whole by proceeding against the actual hauler or carrier, shall be entitled to proceed against the broker, insurer, bond or other security and the principal and sureties thereon to the extent necessary to make them and each of them whole; and each broker's bond, insurance or other security shall be so conditioned; and each broker shall be required to furnish or renew such insurance, bond or other security as may be, and to the extent necessary from time to time, and as may be ordered by the Commission to effectuate all of the protection for the State and for such other persons as are mentioned in this Section; and such insurance, bond or other security shall be further conditioned in such fashion that, if and when any passenger, through no fault of his own, has not been carried over the route called for by the agreement with the broker, or has not been carried all of the way to the destination agreed upon with the broker, then the party or parties injured or damaged by such deviation from route or by such failure to carry the passenger through to his destination, in the event they cannot make themselves whole by proceeding against the actual hauler or carrier, shall be fully protected by, and shall be allowed to proceed against, the broker, insurer, bond or other security and the insurer, principal or sureties thereon to the extent necessary to make the injured or damaged party or parties whole.
Sec. 10. The Railroad Commission of Texas shall have and it is hereby given power and authority to adopt, approve, promulgate and enforce rules and regulations to the extent necessary, and only to the extent necessary, to aid and assist it in carrying out the express and necessarily implied powers granted it by this Act; but before adopting, approving, promulgating or enforcing any such rules and regulations, a copy thereof shall be sent by mail to each person, firm, corporation and association of persons known or thought by the Commission to have an interest in the subject matter of such rules and regulations; and in addition such proposed rules and regulations shall be published on three successive days in a daily newspaper of general circulation in each of the Cities of San Antonio, Houston, Dallas, Fort Worth, El Paso, Texarkana, Amarillo and Brownsville, Texas, and in each such notice and publication the Commission shall give all interested persons, firms, corporations and associations of persons express notice that it intends to adopt, approve, promulgate, and enforce such proposed rules and regulations and that a public hearing will be held thereon in Austin, Texas, at a given hour and date, for the purpose of hearing any and all objections thereto and any and all evidence and statements and arguments in regard thereto and for the purpose of making any and all necessary changes, eliminations and amendments in and to such published and proposed rules and regulations; and in such notices and publications all interested parties shall be given notice to be and appear at the given time and place for the purpose of such a hearing. At any and all such hearings the Commission shall give all interested parties an opportunity to present evidence, statements and arguments for and against the adoption of the proposed rules and regulations. And the Commission shall adopt or reject such rules and regulations, in whole or in part, as it shall deem proper; but its action shall be reasonable, and shall be based upon the substantial effect of the record made at such hearing, or upon the substantial effect of its other records of which it may take notice under present laws. The hearing contemplated shall be held at least ten (10) days from the mailing of the notices exclusive of the day of mailing, and at least ten (10) days from the appearance of the last notice in said newspapers or either of them.

Broker's records

Sec. 11. Each and every broker shall keep an accurate record of each and every contract, agreement, or arrangement for transportation which he or it may make with every person traveling, or desiring to travel, with whom the broker may contract or arrange transportation, on such form and containing such information as the Commission may prescribe and require. Such record shall be open to inspection to any sheriff, constable, County or District Attorney, and to any officer, agent, inspector, or other employee of the Railroad Commission at all times. Such records shall not be destroyed until after the expiration of three (3) years, and then only after an order of the Commission authorizing the destruction thereof.

Hearing and fee for license

Sec. 12. No application for a broker's license shall be granted until after hearing thereof, notice of which shall be given to all motor bus companies serving the territory proposed to be served by applicant, and to the County Judge and District and County Attorney of the county in which applicant resides, at least ten (10) days prior to the date
of such hearing, at which hearing any interested party may appear and be heard. Each application for a broker's license shall be accompanied by a filing fee of Twenty-five ($25.00) Dollars, which shall be payable to the State Treasurer at Austin, and shall be by the State Treasurer deposited in the State Treasury and credited to the fund known and designated as the "Motor Transportation Fund," and be used in administering this Act. Each person, firm, corporation, or association of persons holding a broker's license under the terms of this Act, shall on the first day of January of each and every year that such license is in effect, pay to the State Treasurer a fee of Twenty-five ($25.00) Dollars, which shall be deposited in and become a part of the General Revenues of the State; and such brokers shall not be authorized to transact any business in any calendar year until such fee is paid, and if not paid on or before the first day of March of any year, such license shall be automatically cancelled.

Powers of Commission, in general

Sec. 13. The Commission shall have the power and authority under this Act to hear and determine all applications of brokers for a license; to determine complaints presented to it by brokers, by any public official or by any citizen having an interest in the subject matter of the complaints; or it may institute an investigation in any matter pertaining to brokers upon its own motion. The Commission, or any member thereof, or authorized representative of the Commission, shall have the power to compel the attendance of witnesses, swear witnesses, take their testimony under oath and make a record thereof, and if such record is made under the direction of a Commissioner, or authorized representative of the Commission, a majority of the Commission may, upon the record, render judgment as if the case had been heard before a majority of the members of the Commission. The Commission shall have the power and authority under this Act to do and perform all necessary things to carry out the purpose, intent, and provisions of this Act, and to that end may hold hearings at any place in Texas which it may designate.

Review of Commission's orders or decisions

Sec. 14. The applicant for a broker's license, any motor bus company, or any other interested person, if he or it be dissatisfied with any decision, rule, order, act, or regulation adopted by the Commission, such dissatisfied person, association, corporation, or party may file a petition setting forth the particular objection to such decision, rule, order, act or regulation, or to either or all of them in the district court of the plaintiff's residence or principal place of business, against said Commission as defendant. Said action shall have precedence over all other causes on the docket, of a different nature, and shall be tried and determined as other civil causes in said court; either party to said action may appeal to the appellate court having jurisdiction of said cause, and said appeal shall be at once returnable to said appellate court having jurisdiction of said cause, and said action so appealed shall have precedence in said appellate court over all causes of a different character therein pending; provided, that if the court be in session at the time such right of action accrues, the suit may be filed during such term and stand ready for trial after ten days notice. In all trials under this Section, the burden of proof shall rest upon the plaintiff, who must show by the preponderance of the evidence that the decisions, regulations, rules, orders, and acts are unreasonable and unjust to it or them. The Commission shall not be required to give any appeal bond.
in any cause arising hereunder, and no injunction shall be granted against any order of the Commission without hearing, unless it shall clearly appear that irreparable injury will be done the complaining party if the injunction is not granted.

Violation of act; penalty

Sec. 15. Any person, corporation, or any officer, agent, servant, or employee of any such corporation, and every other person who violates or fails to comply with, or who procures, aids or abets in the violation of this Act, or any rule, regulation, order or decree of the Commission promulgated under the terms of this Act, shall be guilty of a misdemeanor; and upon conviction thereof, shall be punished by a fine of not less than One Hundred ($100) Dollars and not to exceed Two Hundred ($200) Dollars, and the violations occurring on each day shall each constitute a separate offense. Any authorized inspector for the Railroad Commission, and all law enforcement officers of the State, shall have power and authority, and it shall be their duty, to make arrests for the violation of any of the provisions of this Act.

See, also, Penal Code act 1690d.

Cancellation of license

Sec. 16. The Railroad Commission may in its discretion, after ten days notice and a hearing, cancel any license issued under the provisions of this Act for the violation of this or any other statute of this State, the violation of any lawful order, rule or regulation promulgated by the Commission under authority hereof, or for any failure of any broker to discharge any and all claims or demands of any member of the public for which such broker may be legally liable, by reason of any act of such broker in selling, providing, procuring, contracting, or arranging for such transportation, information, or introduction under the terms of this Act.

Repeal of conflicting laws

Sec. 17. All laws and parts of laws in conflict herewith are expressly repealed.

Severability

Sec. 18. If any Section, sub-section, clause, sentence, or phrase of this Act is for any reason held to be unconstitutional and invalid, such decision shall not affect the validity of the remaining portions of the Act. The Legislature hereby declares that it would have passed this Act and each Section, sub-section, clause, sentence, or phrase thereof, irrespective of the fact that any one or more of the Sections, subsections, sentences, clauses, or phrases be declared unconstitutional.

Declaration of Policy

Sec. 19. The Legislature finds that there has grown up in this State a type of business in which transportation is sold or arranged for in various forms, consisting of the selling or giving of information with respect to travel and transportation, the introduction of parties, and various other methods and practices, which interferes with and obstructs the functions of the Railroad Commission of Texas in connection with its control of motor bus companies holding certificates of public convenience and necessity issued by said Commission, and which is hazardous and dangerous to the public health, morals and general welfare, and that passengers are often stranded by drivers of cars to whom they had paid money for transportation, and
other fees or commissions, for being brought into contact with the drivers of such cars, and that this often occurs when such passengers are far from home and friends and left to complete their journey any way they can; that passengers after beginning a journey are often required to pay additional money or buy supplies in order to complete their journey; that passengers are often carried over long and circuitous routes contrary to representations made to them; that there has developed a class of irresponsible persons who operate automobiles from place to place with no destination and no motive except to transport persons as passengers for hire, who have no insurance to protect a passenger for personal injury or loss or damage to property, and who are unable to respond in damages; that passengers are subjected to indignities and insults; that irregularities and abuses require the regulations and policing of broker's operations, and that such regulation is necessary in the interest of the health, moral and general welfare of the people of this State. Acts 1939, 46th Leg., p. 672.

Effective May 17, 1939.

(d) "Mayor" shall mean the Mayor of the city or the officer thereof charged with the duties customarily imposed on the Mayor or executive head of the city.

(e) "Clerk" shall mean the clerk of the city or the officer charged with the duties customarily imposed on such clerk.

(f) "Area of operation" shall include the city and the area within five (5) miles of the territorial boundaries thereof; provided, however, that the area of operation of a housing authority of any city shall not include any area which lies within the territorial boundaries of some other city as herein defined.

(g) "Federal Government" shall include the United States of America, the United States Housing Authority, or any other agency or instrumentality, corporate or otherwise, of the United States of America.

(h) "Slum" shall mean any area where dwellings predominate which, by reason of dilapidation, overcrowding, faulty arrangement or design, lack of ventilation, light, or sanitary facilities, or any combination of these factors, are detrimental to safety, health, and morals.

(i) "Housing Project" shall mean any work or undertaking: (1) to demolish, clear, or remove buildings from any slum area; such work or undertaking may embrace the adoption of such area to public purposes, including parks or other recreational or community purposes; or (2) to
provide decent, safe, and sanitary urban or rural dwellings, apartments, or other living accommodations for persons of low income; such work or undertaking may include buildings, land, equipment, facilities, and other real or personal property for necessary, convenient, or desirable appurtenances, streets, sewers, water service, parks, site preparation, gardening, administrative, community, health, recreational, educational, welfare, or other purposes; or (3) to accomplish a combination of the foregoing. The term 'housing project' also may be applied to the planning of the buildings and improvements, the acquisition of property, the demolition of existing structures, the construction, reconstruction, alteration, and repair of the improvements and all other work in connection therewith.

(j) "Persons of low income" shall mean families or persons who lack the amount of income which is necessary (as determined by the authority undertaking the housing project) to enable them, without financial assistance, to live in decent, safe, and sanitary dwellings, without overcrowding.

(k) "Bonds" shall mean any bonds, notes, interim certificates, debentures, or other obligations issued by the authority pursuant to this Act.

(l) "Real Property" shall include all lands, including improvements and fixtures thereon, and property of any nature appurtenant thereto, or used in connection therewith, and every estate, interest, and right, legal or equitable, therein, including terms for years and liens by way of judgment, mortgage, or otherwise and the indebtedness secured by such liens.

(m) "Obligee of the authority" or "obligee" shall include any bondholder, trustee, or trustees for any bondholder, or lessor demising to the authority property used in connection with a housing project, or any assignee or assignees of such lessor's interest or any part thereof, and the Federal Government when it is a party to any contract with the authority.

Creation of Housing Authorities

Sec. 4. In each city (as herein defined) of the State there is hereby created a public body corporate and politic to be known as the "Housing Authority" of the city; provided, however, that such authority shall not transact any business or exercise its powers hereunder until or unless the governing body of the city, by proper resolution shall declare at any time hereafter that there is need for an authority to function in such city. The governing body may upon its own motion, or shall upon the filing of a petition signed by one hundred (100) qualified voters and residents of the city, make a determination as to whether or not there is need for an authority to function in the city.

The governing body shall adopt a resolution declaring that there is need for a housing authority in the city, if it shall find (a) that insanitary or unsafe inhabited dwelling accommodations exist in such city or (b) that there is a shortage of safe or sanitary dwelling accommodations in such city available to persons of low income at rentals they can afford. In determining whether dwelling accommodations are unsafe or insanitary said governing body may take into consideration the degree of overcrowding, the percentage of land coverage, the light, air, space, and access available to the inhabitants of such dwelling accommodations, the size and arrangement of the rooms, the sanitary facilities, and the extent to which conditions exist in such buildings which endanger life or property by fire or other causes.
In any suit, action, or proceeding involving the validity or enforcement of or relating to any contract of the authority, the authority shall be conclusively deemed to have become established and authorized to transact business and exercise its powers hereunder upon proof of the adoption of a resolution by the governing body declaring the need for the authority. Such resolution or resolutions shall be deemed sufficient if it declares that there is such need for an authority and finds in substantially the foregoing terms. (no further detail being necessary) that either or both of the above enumerated conditions exist in the city. A copy of such resolution duly certified by the clerk shall be admissible in evidence in any suit, action, or proceeding.

Appointment, qualifications, and tenure of commissioners

Sec. 5. When the governing body of a city adopts a resolution as aforesaid, it shall promptly notify the Mayor of such adoption. Upon receiving such notice, the Mayor shall appoint five (5) persons as commissioners of the authority created for said city. Two (2) of the commissioners who are first so appointed shall be designated to serve for terms of one year and the remaining commissioners shall be designated to serve for terms of two (2) years, respectively, from the date of their appointment, but thereafter commissioners shall be appointed as aforesaid for a term of office of two (2) years except that all vacancies shall be filled for the unexpired term. No commissioner of an authority may be an officer or employee of the city for which the authority is created. A commissioner shall hold office until his successor has been appointed and has qualified. A certificate of the appointment or reappointment of any commissioner shall be filed with the clerk and such certificate shall be conclusive evidence of the due and proper appointment of such commissioner. A commissioner shall receive no compensation for his services, but he shall be entitled to the necessary expense, including traveling expenses, incurred in the discharge of his duties.

The powers of each authority shall be vested in the commissioners thereof in office from time to time. Three (3) commissioners shall constitute a quorum of the authority for the purpose of conducting its business and exercising its powers and for all other purposes. Action may be taken by the authority upon a vote of a majority of the commissioners present, unless in any case the bylaws of the authority shall require a larger number. The Mayor shall designate which of the commissioners appointed shall be the first chairman, but when the office of the chairman of the authority thereafter becomes vacant, the authority shall select a chairman from among its commissioners. An authority shall select from among its own commissioners a vice-chairman, and it may employ a secretary (who shall be executive director), technical experts, and such other officers, agents, and employees, permanent and temporary, as it may require, and shall determine their qualifications, duties, and compensation. For such legal services as it may require, an authority may call upon the chief law officer of the city or may employ its own counsel and legal staff. An authority may delegate to one or more of its agents or employees such powers or duties as it may deem proper.

Interested commissioners or employees

Sec. 6. No commissioner or employee of an authority shall acquire any interest direct or indirect in any housing project or in any property included or planned to be included in any project, nor shall he have any interest direct or indirect in any contract or proposed contract for materials or services to be furnished or used in connection with any housing project. If any commissioner or employee of an authority owns or
controls an interest direct or indirect in any property included or planned
to be included in any housing project, he immediately shall disclose the
same in writing to the authority and such disclosure shall be entered up-
on the minutes of the authority. Failure to so disclose such interest
shall constitute misconduct in office.

Removal of commissioners

Sec. 7. For inefficiency or neglect of duty or misconduct in office, a
commissioner of an authority may be removed by the Mayor, but a commis-
sioner shall be removed only after he shall have been given a copy of the
charges at least ten (10) days prior to the hearing thereon and had an op-
portunity to be heard in person or by counsel. In the event of the removal
of any commissioner, a record of the proceedings, together with the charg-
es and findings thereon, shall be filed in the office of the clerk.

Powers of authority

Sec. 8. An authority shall constitute a public body corporate and
 politic, exercising public and essential governmental functions, and
having all the powers necessary or convenient to carry out and ef-
fectuate the purposes and provisions of this Act, including the fol-
lowing powers in addition to others herein granted:

(a) To sue and to be sued; to have a seal and to alter the same at
pleasure; to have perpetual succession; to make and execute contracts
and other instruments necessary or convenient to the exercise of the
powers of the authority; and to make and from time to time amend and
repeal bylaws, rules, and regulations, not inconsistent with this Act, to
carry into effect the powers and purposes of the authority.

(b) Within its area of operation: to prepare, carry out, acquire,
lease, and operate housing projects; to provide for the construction, re-
construction, improvement, alteration, or repair of any housing project or
any part thereof.

(c) To arrange or contract for the furnishing by any person or
agency, public or private, of services, privileges, works, or facilities for,
or in connection with, a housing project or the occupants thereof; and
(notwithstanding anything to the contrary contained in this Act or in
any other provision of law) to include in any contract let in connection
with a project, stipulations requiring that the contractor and any sub-
contractors comply with the requirements as to minimum wages and
maximum hours of labor, and comply with any conditions which the
Federal Government may have attached to its financial aid of the project.

(d) To lease or rent any dwellings, houses, accommodations, lands,
buildings, structures, or facilities embraced in any housing project and
(subject to the limitations contained in this Act) to establish and revise
the rents or charges therefor; to own, hold, and improve real or personal
property; to purchase, lease, obtain options upon, acquire by gift, grant,
bequest, devise, or otherwise any real or personal property or any in-
terest therein; to acquire by the exercise of the power of eminent do-
main any real property; to sell, lease, exchange, transfer, assign, pledge,
or dispose of any real or personal property or any interest therein to
insure or provide for the insurance of any real or personal property or
operations of the authority against any risks or hazards; to procure in-
surance or guarantees from the Federal Government of the payment of
any debts or parts thereof (whether or not incurred by said authority)
secured by mortgages on any property included in any of its housing
projects.

(e) To invest any funds held in reserves or sinking funds, or any
funds not required for immediate disbursement, in property or securi-
ties in which savings banks may legally invest funds subject to their control; to purchase its bonds at a price not more than the principal amount thereof and accrued interest, all bonds so purchased to be cancelled.

(f) Within its area of operation: to investigate into living, dwelling, and housing conditions and into the means and methods of improving such conditions; to determine where slum areas exist or where there is a shortage of decent, safe, and sanitary dwelling accommodations for persons of low income; to make studies and recommendations relating to the problem of clearing, replanning, and reconstructing of slum areas, and the problem of providing dwelling accommodations for persons of low income, and to cooperate with the city, the county, the State or any political subdivision thereof in action taken in connection with such problems; and to engage in research, studies, and experimentation on the subject of housing.

(g) Acting through one or more commissioners or other person or persons designated by the authority; to conduct examinations and investigations and to hear testimony and take proof under oath at public or private hearings on any matter material for its information; to administer oaths, issue subpoenas requiring the attendance of witnesses or the production of books and papers and to issue commissions for the examination of witnesses who are outside of the State or unable to attend before the authority, or excused from attendance; to make available to appropriate agencies (including those charged with the duty of abating or requiring the correction of nuisances or like conditions, or of demolishing unsafe or unsanitary structures within its area of operation) its findings and recommendations with regard to any building or property where conditions exist which are dangerous to the public health, morals, or safety or welfare.

(h) To exercise all or any part or combination of powers herein granted. No provisions of law with respect to the acquisition, operation, or disposition of property by other public bodies shall be applicable to an authority unless the Legislature shall specifically so state.

Operation not for profit

Sec. 9. It is hereby declared to be the policy of this State that each housing authority shall manage and operate its housing projects in an efficient manner so as to enable it to fix the rentals for dwelling accommodations at the lowest possible rates consistent with its providing decent, safe, and sanitary dwelling accommodations, and that no housing authority shall construct or operate any such project for profit, or as a source of revenue to the city. To this end an authority shall fix the rentals for dwellings in its projects at no higher rates than it shall find to be necessary in order to produce revenues which (together with all other available moneys, revenues, income, and receipts of the authority from whatever sources derived) will be sufficient (a) to pay, as the same become due, the principal and interest on the bonds of the authority; (b) to meet the cost of, and to provide for, maintaining and operating the projects (including the cost of any insurance) and the administrative expenses of the authority; and (c) to create (during not less than the six (6) years immediately succeeding its issuance of any bonds) a reserve sufficient to meet the largest principal and interest payments which will be due on such bonds in any one year thereafter and to maintain such reserve.
Sec. 10. In the operation or management of housing projects an authority shall at all times observe the following duties with respect to rentals and tenant selection:

(a) It may rent or lease the dwelling accommodations therein only to persons of low income and at rentals within the financial reach of such persons.

(b) It may rent or lease to a tenant dwelling accommodations consisting of the number of rooms (but no greater number) which it deems necessary to provide safe and sanitary accommodations to the proposed occupants thereof, without overcrowding.

(c) It shall not accept any person as a tenant in any housing project if the person or persons who would occupy the dwelling accommodations have an aggregate annual income in excess of five (5) times the annual rental of the quarters to be furnished such person or persons except that in the case of families with three (3) or more minor dependents such ratio shall not exceed six to one; in computing the rental for this purpose of selecting tenants, there shall be included in the rental the average annual cost (as determined by the authority) to the occupants, of heat, water, electricity, gas, cooking range, and other necessary services or facilities, whether or not the charge for such services and facilities is in fact included in the rental.

Nothing contained in this or the preceding section shall be construed as limiting the power of an authority to vest in an obligee the right, in the event of a default by the authority, to take possession of a housing project or cause the appointment of a receiver thereof or acquire title thereto through foreclosure proceedings, free from all the restrictions imposed by this or the preceding section.

Sec. 11. Any two (2) or more authorities may join or co-operate with one another in the exercise of any or all of the powers conferred hereby for the purpose of financing, planning, undertaking, constructing or operating a housing project or projects located within the area of operation of any one or more of said authorities.

Sec. 12. An authority shall have the right to acquire by the exercise of the power of eminent domain any real property which it may deem necessary for its purposes under this Act after the adoption by it of a resolution declaring that the acquisition of the real property described therein is necessary for such purposes. An authority may exercise the power of eminent domain in the manner provided in Articles 3264 to 3271, both inclusive, Revised Civil Statutes of Texas, 1925, and Acts amending thereof or supplementary thereto; or it may exercise the power of eminent domain in the manner provided by any other applicable statutory provisions for the exercise of the power of eminent domain. Property already devoted to a public use may be acquired in like manner, provided that no real property belonging to the city, the county, the State or any political subdivision thereof may be acquired without its consent.

Sec. 13. All housing projects of an authority shall be subject to the planning, zoning, sanitary and building laws, ordinances, and regulations applicable to the locality in which the housing project is situated. In the planning and location of any housing project, an au-
authority shall take into consideration the relationship of the project
to any larger plan or long-range program for the development of the
area in which the housing authority functions.

Bonds

Sec. 14. An authority shall have power to issue bonds from time
to time in its discretion, for any of its corporate purposes. An au-
thority shall also have power to issue refunding bonds for the pur-
purpose of paying or retiring bonds previously issued by it. An authority
may issue such types of bonds as it may determine, including bonds on
which the principal and interest are payable; (a) exclusively from the
income and revenues of the housing project financed with the proceeds
of such bonds, or with such proceeds together with a grant from the
Federal Government in aid of such project; (b) exclusively from the
income and revenues of certain designated housing projects whether or
not they were financed in whole or in part with the proceeds of such
bonds; or (c) from its revenues generally. Any of such bonds may be
additionally secured by a pledge of any revenues or a mortgage of any
housing project, projects, or other property of the authority.

Neither the commissioners of an authority nor any person executing
the bonds shall be liable personally on the bonds by reason of the issu-
ance thereof. The bonds and other obligations of an authority (and such
bonds and obligations shall so state on their face) shall not be a debt
of the city, the county, the State or any political subdivision thereof
and neither the city nor the county, nor the State or any political subdi-
vision thereof shall be liable thereon, nor in any event shall such bonds or
obligations be payable out of any funds or properties other than those
of said authority. The bonds shall not constitute an indebtedness within-
in the meaning of any constitutional or statutory debt limitation or
restriction. Bonds of an authority are declared to be issued for an es-
sential public and governmental purpose and to be public instrumentali-
ties and, together with interest thereon and income therefrom, shall be
exempt from taxes.

Bonds or legal investments

Effective June 7, 1939.

Form and sale of bonds

Sec. 15. Bonds of an authority shall be authorized by its resolu-
tion and may be issued in one or more series and shall bear such
date or dates, mature at such time or times, bear interest at such
rate or rates, not exceeding six (6) per centum per annum, be in such
denomination or denominations, be in such form, either coupon or reg-
istered, carry such conversion or registration privileges, have such rank
or priority, be executed in such manner, be payable in such medium
of payment, at such place or places, and be subject to such terms of
redemption (with or without premium) as such resolution, its trust in-
denture or mortgage may provide.

The bonds may be sold at not less than par at public sale held after
notice published once at least five (5) days prior to such sale in a news-
paper having a general circulation in the city or the county and in a
financial newspaper published in the City of New York, New York, pro-
vided, however, that such bonds may be sold at not less than par to the
Federal Government at private sale without any public advertisement.

In case any of the commissioners or officers of the authority whose
signatures appear on any bonds or coupons shall cease to be such com-
missioners or officers before the delivery of such bonds, such signatures
shall, notwithstanding, be valid and sufficient for all purposes, the same as
if they had remained in office until such delivery. Any provision of any
law to the contrary notwithstanding, any bonds issued pursuant to this
Act shall be fully negotiable.

In any suit, action, or proceedings involving the validity or en-
forceability of any bond of an authority or the security therefor, any
such bond reciting in substance that it has been issued by the authority
to aid in financing a housing project to provide dwelling accommodations
for persons of low income shall be conclusively deemed to have been
issued for a housing project of such character and said project shall
be conclusively deemed to have been planned, located, and constructed
in accordance with the purposes and provisions of this Act.

Provisions of bonds, trust indentures, and mortgages

Sec. 16. In connection with the issuance of bonds or the incurring of
obligations under leases and in order to secure the payment of such bonds
or obligations, an authority, in addition to its other powers, shall have
power:

(a) To pledge all or any part of its gross or net rents, fees, or reve-

nues to which its right then exists or may thereafter come into existence.

(b) To mortgage all or any part of its real or personal property, then

owned or thereafter acquired.

(c) To covenant against pledging all or any part of its rents, fees,

to sell, lease, or otherwise dispose of any housing project or any part
thereof; and to covenant as to what other, or additional debts or obliga-
tions may be incurred by it.

(d) To covenant as to the bonds to be issued and as to the issuance
of such bonds in escrow or otherwise, and as to the use and disposition of
the proceeds thereof; to provide for the replacement of lost, destroyed,
or mutilated bonds; to covenant against extending the time for the pay-
ment of its bonds or interest thereon, and to redeem the bonds, and to
provision for their redemption and to provide the terms and conditions
thereof.

(e) To covenant (subject to the limitations contained in this Act)
as to the rents and fees to be charged in the operation of a housing
project or projects, the amount to be raised each year or other period of
time by rents, fees, and other revenues, and as to the use and disposi-
tion to be made thereof; to create or to authorize the creation of special
funds for moneys held for construction or operating costs, debt service,
reserves, or other purposes, and to covenant as to the use and disposi-
tion of the moneys held in such funds.

(f) To prescribe procedure, if any, by which the terms of any con-
tract with bond holders may be amended or abrogated, the amount of
bonds of holders of which must consent thereto and the manner in which
such consent may be given.

(g) To covenant as to the use of any or all of its real or personal
property; and to covenant as to the maintenance of its real and personal
property, the replacement thereof, the insurance to be carried thereon
and the use and disposition of insurance moneys.

(h) To covenant as to the rights, liabilities, powers, and duties aris-
ing upon the breach by it of any covenant, condition, or obligation; and
to covenant and prescribe as to events of default and terms and condi-
tions upon which any or all of its bonds or obligations shall become or
may be declared due before maturity, and as to the terms and conditions upon which such declaration and its consequences may be waived.

(i) To vest in a trustee or trustees or the holder of bonds or any proportion of them the right to enforce the payment of the bonds or any covenants securing or relating to the bonds; to vest in a trustee or trustees the right, in the event of a default by said authority, to take possession and use, operate, and manage any housing project or part thereof, and to collect the rents and revenues arising therefrom and to dispose of such moneys in accordance with the agreement of the authority with said trustee; to provide for the powers and duties of a trustee or trustees and to limit the liabilities thereof; and to provide the terms and conditions upon which the trustee or trustees or the holders of bonds or any proportion of them may enforce any covenant or rights securing or relating to the bonds.

(j) To exercise all or any part or combination of the powers herein granted; to make covenants other than and in addition to the covenants herein expressly authorized, of like or different character; to make such covenants and to do any and all such acts and things as may be necessary or convenient or desirable in order to secure its bonds, or, in the absolute discretion of said authority, as will tend to make the bonds more marketable notwithstanding that such covenants, acts, or things may not be enumerated herein.

Certificate of Attorney General

Sec. 17. Any authority may submit to the Attorney General of the State any bonds to be issued hereunder after all proceedings for the issuance of such bonds have been taken. Upon the submission of such proceedings to the Attorney General, it shall be the duty of the Attorney General to examine into and pass upon the validity of such bonds and the regularity of all proceedings in connection therewith. If such proceedings conform to the provisions of this Act and are otherwise regular in form and if such bonds when delivered and paid for will constitute binding and legal obligations of such authority enforceable according to the terms thereof, the Attorney General shall certify in substance upon the back of each of said bonds that it is issued in accordance with the Constitution and laws of the State of Texas.

Remedies of an obligee of authority

Sec. 18. An obligee of an authority shall have the right in addition to all other rights which may be conferred on such obligee, subject only to any contractual restrictions binding upon such obligee:

(a) By mandamus, suit, action, or proceeding at law or in equity to compel said authority and the commissioners, officers, agents, or employees thereof to perform each and every term, provision, and covenant contained in any contract of said authority with or for the benefit of such obligee, and to require the carrying out of any or all such covenants and agreements of said authority and the fulfillment of all duties imposed upon said authority by this Act.

(b) By suit, action, or proceeding in equity, to enjoin any acts or things which may be unlawful, or the violation of any of the rights of such obligee of said authority.

Additional remedies conferrable by authority

Sec. 19. An authority shall have power by its resolution, trust indenture, mortgage, lease, or other contract to confer upon any obligee holding or representing a specified amount in bonds, or holding a lease, the right (in addition to all rights that may otherwise be conferred) up-
on the happening of an event of default as defined in such resolution or instrument, by suit, action, or proceeding in any Court of competent jurisdiction:

(a) To cause possession of any housing project or any part thereof to be surrendered to any such obligee.

(b) To obtain the appointment of a receiver of any housing project of said authority or any part thereof and of the rents and profits therefrom. If such receiver be appointed, he may enter and take possession of such housing project or any part thereof and operate and maintain same, and collect and receive all fees, rents, revenues, or other charges thereafter arising therefrom, and shall keep such moneys in a separate account or accounts and apply the same in accordance with the obligations of said authority as the Court shall direct.

(c) To require said authority and the commissioners thereof to account as if it and they were the trustees of an express trust.

Exemption of property from execution sale

Sec. 20. All real property of an authority shall be exempt from levy and sale by virtue of an execution, and no execution or other judicial process shall issue against the same nor shall any judgment against an authority be a charge or lien upon its real property; provided, however, that the provisions of this Section shall not apply to or limit the right of obligees to foreclose or otherwise enforce any mortgage of an authority or the right of obligees to pursue any remedies for the enforcement of any pledge or lien given by an authority on its rents, fees, or revenues.

Aid from Federal Government

Sec. 21. In addition to the powers conferred upon an authority by other provisions of this Act, an authority is empowered to borrow money or accept grants or other financial assistance from the Federal Government for or in aid of any housing project within its area of operation, to take over or lease or manage any housing project or undertaking constructed or owned by the Federal Government, and to these ends, to comply with such conditions and enter into such mortgages, trust indentures, leases, or agreements as may be necessary, convenient or desirable. It is the purpose and intent of this Act to authorize every authority to do any and all things necessary or desirable to secure the financial aid or cooperation of the Federal Government in the undertaking, construction, maintenance, or operation of any housing project by such authority.

Tax exemption and payments in lieu of taxes

Sec. 22. The property of an authority is declared to be public property used for essential public and governmental purposes and such property and an authority shall be exempt from all taxes and special assessments of the city, the county, the State or any political subdivision thereof; provided, however, that in lieu of such taxes or special assessments, an authority may agree to make payments to the city or the county or any such political subdivision for improvements, services, and facilities furnished by such city, county, or political subdivision for the benefit of a housing project, but in no event shall such payments exceed the estimated cost to such city, county, or political subdivision of the improvements, services, or facilities to be so furnished.

Reports

Sec. 23. At least once a year, an authority shall file with the clerk a report of its activities for the preceding year, and shall make recommendations with reference to such additional legislation or other

Title of Act:

An Act to provide that bonds and other obligations issued by any public housing authority or agency in the United States, when secured by a pledge of annual contributions to be paid by the United States Government, shall be security for all public deposits, and legal investments for the State and public officers, municipal corporations, political subdivisions and public bodies, all banks, bankers, trust companies, savings and loan associations, insurance associations and other persons carrying on a banking business, all insurance companies, insurance associations and other persons carrying on an insurance business, and all executors, administrators, guardians, trustees and other fiduciaries; to repeal Section 14-A of Chapter 462, Regular Session of the Forty-fifth Legislature, as amended by House Bill No. 102, Second Called Session of the Forty-fifth Legislature; providing a saving clause; and declaring an emergency. Acts 1939, 46th Leg., p. 427
Art. 1269l. Housing Co-operation Law; short title

Section 1. This Act may be referred to as the "Housing Co-operation Law."

Finding and declaration of necessity

Sec. 2. It has been found and declared in the Housing Authorities Law that there exist in the State unsafe and insanitary housing conditions and a shortage of safe and sanitary dwelling accommodations for persons of low income; that these conditions necessitate excessive and disproportionate expenditures of public funds for crime prevention and punishment, public health and safety, fire and accident protection, and other public services and facilities; and that the public interest requires the remedying of these conditions. It is hereby found and declared that the assistance herein provided for the remedying of the conditions set forth in the Housing Authorities Law constitutes a public use and purpose and an essential governmental function for which public moneys may be spent and other aid given; that it is a proper public purpose for any State Public Body to aid any housing authority operating within its boundaries or jurisdiction or any housing project located therein, as the State Public Body derives immediate benefits and advantages from such an authority or project; and that the provisions hereinafter enacted are necessary in the public interest.

Definitions

Sec. 3. The following terms, whenever used or referred to in this Act shall have the following respective meanings, unless a different meaning clearly appears from the context:

(i) In connection with any public improvements made by a State Public Body in exercising the powers herein granted, such State Public Body may incur the entire expense thereof. Sec. 4-a. For the purpose of aiding and cooperating in the planning, undertaking, construction or operation of housing projects located within the area in which it is authorized to act, any State Public Body may upon such terms as it may determine:

(a) enter into agreements with respect to the exercise by such State Public Body of its powers relating to the repair, elimination or closing of unsafe, insanitary or unfit dwellings; and

(b) cause services to be furnished to the housing authority of the character which it is otherwise empowered to furnish.

Loans to housing authority

Sec. 6. When any housing authority which is created for any city, becomes authorized to transact business and exercise its powers

The moneys so appropriated shall be paid to the authority as a loan. Any city located in whole or in part within the area of operation of a housing authority shall have the power from time to time to lend money to the authority or to agree to take such action. The housing authority, when it has money available therefor, shall make reimbursements for all such loans made to it.

Procedure for exercising powers

Sec. 7. The exercise by a State Public Body of the powers herein granted may be authorized by resolution of the governing body of such State Public Body adopted by a majority of the members of its governing body present at a meeting of said governing body, which resolutions may be adopted at the meeting at which such resolution is introduced. Such a resolution or resolutions shall take effect immediately and need not be laid over or published or posted.

Supplemental nature of act

Sec. 8. The powers conferred by this Act shall be in addition and supplemental to the powers conferred by any other law.

Severability

Sec. 9. Notwithstanding any other evidence of legislative intent, it is hereby declared to be the controlling legislative intent that if any provision of this Act, or the application thereof to any person or circumstances is held invalid, the remainder of the Act and the application of such provision to persons or circumstances other than those as to which it is held invalid, shall not be affected thereby. The amount of such bond shall be in the sum of One Thousand Dollars ($1,000). Sec. 7. The bond provided for by this Law may be sued upon and recovery had thereon by any person claiming to have been damaged by a breach of its condition. Upon a reduction of said bond by recovery thereon, to the extent of one-half thereof, said livestock auction commission merchant shall be required forthwith to make and file a new bond, conditioned as in the third Article of this Subdivision, so as to restore said bond to the required amount. If it shall come to the knowledge of the County Judge that the surety company making such bond has become insolvent, or is not financially able to make said bond ample and sufficient in the opinion of said County Judge, then said officer shall notify said livestock auction commission merchant to execute a new bond as therein provided for; whereupon it shall be the duty of such livestock auction commission merchant to make a new bond the same as originally required by the provisions of this Law.

Licensing

Sec. 4. No person shall act as a commission merchant, dealer, broker, or agent without having obtained a license as provided in this Act. Every person acting as a commission merchant, dealer, broker, or agent as herein defined, shall file an application with the commissioner for a license to transact the business of commission merchant, dealer, broker, and/or agent and such application shall be accompanied by the license fee herein provided for each specified class of business. Separate applications shall be filed for each class of business.

Such application shall in each case state the full name of the person applying for such license, and if the applicant be a firm, partnership, corporation, or association of persons, the full name of each member of such firm, or the names of the officers of such corporation or association or company shall be given in the application. Such application
shall further state the principal business address of the applicant in the State of Texas and elsewhere and the name or names of the person or persons authorized to receive and accept service of citation and legal notice of all kinds for the applicant. Such applicant shall further satisfy the Commissioner of his or its character, responsibility, and good faith in seeking to carry on the business stated in the application in the manner and form to be provided by the Commissioner.

In addition to the general requirements applicable to all classes of applications as in this Section set forth, the following requirements shall apply to the class of application noted:

1) Commission Merchants: Each application shall include a schedule of commissions and charges for services, and such designated commissions and charges shall not be changed nor verified for the license period, except by written contract between the parties.

2) Agents. Each application shall include such information as the Commissioner may consider proper or necessary, and shall include the name and address of the applicant and the name and address of each commission merchant, dealer, or broker represented or sought to be represented by said agent, and the written endorsement or nomination of such commission merchant, dealer, or broker. The Commissioner shall thereupon issue to such applicant a license entitling the applicant to conduct the business described in the application at the place named in the application for a year from the date thereof, or until the same shall have been revoked for cause. The Commissioner may also issue to each agent a card, or cards, which shall bear the signature of such agent and his principals, separate cards being required for each principal. Any agent shall show said card or cards upon the request of any interested person. Fraud or misrepresentation in making any application shall ipso facto work a revocation of any license granted thereunder. For filing the applications herein described, each applicant must pay a fee as follows:

Each licensed commission merchant, dealer, broker, or agent shall post his license, or a copy thereof, in his office or place of business in plain view of the public. shall be kept by the State Treasurer in a separate fund to be known as the Agricultural Protective Act Fund and the same shall be expended in carrying out the provisions of this Act.

**Bonding**

Sec. 5. Before any license is issued to any commission merchant, dealer, or broker, such commission merchant, dealer or broker shall execute and deliver to the Commissioner a surety bond in the sum of Five Thousand Dollars ($5,000), executed by the applicant as principal and by a surety company qualified and authorized to do business in this State as surety. Said bond shall be conditioned upon compliance with the provisions of this Act and upon the faithful and honest handling of farm products in accordance with the terms of this Act. Said bond shall be to the State in favor of every consignor or producer of farm products. Any consignor or producer of farm products claiming to be injured by the fraud, deceit, or wilful negligence of any commission merchant, dealer, or broker, may bring action upon said bond against both principal and surety in any court of competent jurisdiction to recover the damages caused by such fraud, deceit, or wilful negligence, or the failure to comply with the provisions of this Act. Any case of failure by a commission merchant, dealer, or broker to pay consignor, or producer creditors for farm products received from said consignor, or producer, to be sold, the Commissioner shall proceed forthwith to ascertain the names and addresses of all consignor, or producer creditors of such commission merchant, dealer, or broker, together with the amounts due and owing to them and each of them by such commission merchant, dealer, or broker and shall request all such producer, or consignor creditors to file a verified statement of their respective claims with the Commissioner. Thereupon the Commissioner shall bring an action on the bond in behalf of such producer, or consignor creditors. Upon any action being commenced on said bond, the Commissioner may require the filing of a new bond and immediately upon the recovery in any action upon such bond such commission merchant, dealer, or broker shall file a new bond and upon failure to file the same within ten (10) days in either case, such failure shall constitute grounds for the suspension or revocation of his license.

**Enforcement**

Sec. 6. Enforcement. For the purpose of enforcing the provisions of this Act the Commissioner is authorized to receive verified complaints against any person assuming or attempting to act as such, and upon receipt of such verified complaint, shall have full authority to make any and all necessary investigations relative to the said complaint. He shall have at all times free and unimpeded access to all buildings, yards, warehouses, storage and transportation facilities in which any produce is kept, stored, handled, or transported. He shall have full authority to administer oaths and to take testimony thereunder; to issue subpoenas requiring the attendance of witnesses before him, together with all books, memoranda, papers, and other documents, articles, or instruments; to compel the disclosure by such witnesses of all facts known to them relative to the matters under investigation, and all parties disobeying the orders or subpoenas of said Commissioner shall be guilty of contempt and shall be certified to a court of competent jurisdiction for punishment for such contempt; copies of records, inspection certificates, certified reports, and all papers on file in the office of the Commissioner shall be prima facie evidence of the matters therein contained.

The Commissioner of his own motion may, or upon the verified complaint of any interested person shall investigate, examine, or inspect any
transaction involving solicitation, receipt, sale, or attempted sale of farm products by any person or persons acting or assuming to act as a commission merchant, dealer, broker, or agent; failure to make proper and true account of sales and settlement thereof as in this Act required; the intentional making of false statement as to condition and quantity of any farm products received, or in storage; the intentional making of false statements as to marketing conditions; the failure to make payment for farm products within the time required by this Act; or investigate, examine, or inspect any and all other injurious transactions, and in furtherance of any such investigation, examination, or inspection, the Commissioner or any authorized representative may examine that portion of the ledgers, books, accounts, memoranda, and other documents, farm products, scales, measures, and other articles and things used in connection with the business of such person relating to the transactions involved. When a producer or consignor of farm products fails to obtain settlement satisfactory to him in any transaction after having notified the consignee, a verified complaint may be filed with the Commissioner who shall undertake to effect a settlement, and in the event that he shall fail to effect such settlement, he shall cause a copy of such complaint, together with a notice of the time and place and hearing of such complaint, to be served personally or by mail upon such person. Such service shall be made at least ten (10) days before the hearing, which shall be held in the city or town in which, or closest to which, is situated the business location of the licensee or in which the transaction complained of is said to have occurred. At the time and place appointed for such hearing, the Commissioner, or his agents, shall hear the parties to such complaint and shall enter a decision either dismissing such complaint or specifying the facts established on such hearing. A copy of such decision shall be furnished each, every, and all the respective parties thereto.

The Commissioner may refuse to grant a license and may revoke or suspend any license, as the same may require, when he is satisfied of the existence of any of the following facts:

(1) That fraudulent charges or returns have been made by the applicant, or licensee, for the handling, sale, or storage of, or for the rendering of any service in connection with the handling, sale, or storage of any farm products.

(2) That the applicant or licensee has failed or refused to render a true account of sale, or to make a settlement thereon, or to pay for farm products received within the time and in the manner required by this Act.

(3) That the applicant, or licensee, directly or indirectly, has purchased for his or its own account farm products received by him upon consignment without prior authority from consignor, or producer, together with price fixed by consignor, or producer, or without promptly notifying the consignor or producer of such purchase. This shall not prevent any commission merchant from checking the account of sales, in order to close the day's business, miscellaneous lots or parcels of farm products remaining unsold, if such commission merchant shall forthwith enter such transaction on his account of sales.

(4) That the applicant, or licensee, has individually made any false or misleading statements as to the conditions of the market for any farm products.

(5) That the applicant, or licensee, has made fictitious sales or has been guilty of collusion to defraud the producer or consignor.
(6) That a commission merchant to whom any consignment is made has reconsigned to another commission merchant, for the purpose of receiving, collecting, or charging by such means, more than one commission for making the sale thereof for the consignor, unless by consent of such consignor.

(7) That the licensee, or applicant, has failed or refused to file with the Commissioner a schedule of his charges for services in connection with produce handled on account of or as an agent of another; that the applicant, or licensee, has indulged in any unfair practice.

Previous violation by the applicant or by any person connected with him, or it, of any of the provisions of this Chapter shall be good and sufficient ground for denial of a license.

Any action of the Commissioner with reference to the granting of, or the refusal to grant, or to renew any license, or with reference to the revocation or suspension of any license granted under the provisions of this Chapter may be reviewed by any court of competent jurisdiction, but pending final determination of any such review, in the case of the revocation or suspension of any person licensed hereunder, such license shall be deemed in full force and effect pending the expiration of the license period or the final determination of such proceeding, whichever is first in point of time.

Every commission merchant, dealer, or broker having received any farm products for sale as such commission merchant, dealer, or broker, shall promptly make and keep a correct record showing in detail the following with reference to the handling, sale, or storage of such farm products:

(a) Name and address of the consignor.
(b) The date received.
(c) The condition and quantity upon arrival.
(d) Date of such sale for account of consignor.
(e) The price for which sold.
(f) An itemized statement of the charges to be paid by consignor in connection with the sale.

(g) The names and addresses of the purchasers if said commission merchant has any financial interest in the business of said purchasers, or if said purchasers have any financial interest in the business of said commission merchant, directly or indirectly, as holder of the other's corporate stock, as co-partner, as lender or borrower of money to or from the other, or otherwise.

(h) A lot number or other identifying mark for each consignment shall be or shall appear on all sales tags or other essential records needed to show what the produce actually sold for.

(i) Any claim or claims which may have been or may be filed by the commission merchant, dealer, or broker against any person for overcharges or for damages resulting from the injury or deterioration of such farm products by the act, negligence, or failure of such person and such records shall be open to the inspection of the Commissioner and the consignor of farm products in whom such claim or claims are made.

When requested by his consignor, a commission merchant, dealer, or broker shall, before the close of the next business day following the sale of any farm products consigned to him, transmit or deliver to the owner or consignor of the farm products a true written report of such sale, showing the amount sold and the selling price. Remittance in full of the amount realized from such sales, including all collections, overcharges, and damages, less the agreed commission and other charges, together with a complete account of sale, shall be made to the consignor.
within ten (10) days after receipt of the moneys by commission merchant, dealer, or broker, unless otherwise agreed in writing. In the account, the names and addresses of purchasers need not be given as required except as required in Subdivision (g) of Section 6.

Every commission merchant, dealer, or broker shall retain a copy of all records covering each transaction, for a period of one (1) year from the date thereof, which copy shall at all times be available for, and open to, the confidential inspection of the commissioner and/or the consignor, or authorized representative of either. In the event of any dispute or disagreement between a consignor and a commission merchant arising at the time of delivery as to condition, quality, grade, pack, quantity, or weight of any lot, shipment, or consignment of farm products, the department shall furnish upon the payment of a reasonable fee therefor by the requesting party, a certificate establishing the condition, quality, grade, pack, quantity, or weight of such lot, shipment, or consignment. Such certificate shall be prima facie evidence in all Courts of this State as to the recitals thereof. The burden of proof shall be upon the commission merchant, dealer, or broker to prove the correctness of his accounting as to any transaction which may be questioned.

When any dealer, commission merchant, or broker causes a producer, seller, or owner, or agent of such producer, seller, or owner, to part with the control or possession of any farm products or vegetable or agricultural commodity, as defined in this Act, by means of any agreement under which such producer, seller, or owner, or agent of such producer, seller, or owner, has waived the right to demand the purchase price as and when he parts with control or possession of such agricultural commodity, the contract for the handling, purchase of, or sale of such agricultural commodity as between the dealer, commission merchant, or broker, and the producer, seller, or owner, or the agent of such producer, seller, or owner, shall be evidenced in writing in duplicate, such writing shall contain the details of such transaction, including the price to be paid by such dealer, commission merchant, or broker, and the time and manner of payment of such price. In the event the contract, or writing, does not specify a time and manner of settlement, then the dealer, commission merchant, or broker shall settle therefor within thirty (30) days from and after the delivery of such agricultural commodity, or commodities, into the control or possession of such dealer, commission merchant, or broker, by producer, seller, or owner, or agent of such producer, seller, or owner, and the dealer, commission merchant, or broker, shall then truly account to and pay over to said producer, seller, or owner, or the agent of such producer, seller, or owner, the full amount called for by such contract or writing, including any minimum price guaranteed by dealer, commission merchant, or broker.

Any sale of farm products made by a commission merchant for less than the current market price with any person with whom he has any financial connection, directly or indirectly, as owner of its corporate stock, as co-partner, or otherwise, or any sale out of which any commission merchant receives directly or indirectly any portion of the purchase price other than the commission provided for under the schedule required to be filed with the commissioner by virtue of the terms of this Act, shall be prima facie evidence of fraud within the meaning of this Act.

Penalties

Sec. 7. Any person is guilty of a misdemeanor and is punishable by a fine of not more than One Thousand Dollars ($1,000), or by imprisonment in the county jail for not more than one (1) year or by both, who assumes or
attempts to act as a commission merchant, dealer, broker, or agent without a license, or who, being a commission merchant, dealer, or broker:

(a) Imposes false charges for handling or service in connection with farm products.

(b) Fails or refuses to supply and/or deliver to a producer, seller, or owner, or the agent of such producer, seller, or owner, a memoranda or contract in writing in any transaction whereby such producer, seller, or owner, or the agent of such producer, seller, or owner, has waived the right to demand the purchase price as and when such producer, seller, or owner, or the agent of such producer, seller, or owner, parts with the control or possession of any agricultural commodity or commodities, or fails to account promptly, correctly, fully, and properly and to make settlement therefor as herein provided.

(c) Intentionally makes false or misleading statement or statements as to market conditions.

(d) Makes fictitious sales or is guilty of collusion to defraud the producer.

(e) Directly or indirectly purchases for his own account goods received by him upon consignment without prior authority from the consignor, or fails promptly to notify the consignor of such purchases, if any, on his own account. This clause does not prevent any commission merchant from taking to account of sales, in order to close the day's business, miscellaneous lots or parcels of farm products remaining unsold, if such commission merchant, dealer, or broker forthwith enters such transaction on his account of sales.

(f) Intentionally makes false statement or statements as to the grade, condition, markings, quality, or quantity of goods received, shipped, or packed in any manner.

(g) Fails to comply in every respect with the terms and provisions of this Act. Civil suits and criminal prosecutions arising by virtue of any of the provisions of this Chapter may be commenced and tried in either the county in which the products were received by the commission merchant or within the county in which the principal place of business of the commission merchant is located, or within the county in which the violation of this Chapter occurred.

No consolidation hereunder shall be approved or given effect if it tends to create in any manner a trust or monopoly, and nothing herein shall affect, modify, or repeal any provision or effect of Title 126, Revised Civil Statutes of Texas of 1925, relating to trusts and/or monopolies.

Sec. 3. In the event said consolidation of such corporations shall not increase the taxable capital over the combined amount of the taxable capital as set out in Article 7084, as amended, of the corporations so consolidated and upon which a franchise tax has been duly paid by said corporations to the Secretary of State for the current year, then in such event no further franchise tax shall be payable until the next regular payment date, as provided in Title 122, Chapter 3, of the Revised Civil Statutes of Texas of 1925, but in the event that said consolidation of such corporations as provided in Sections 1 and 2 of this Act shall provide for an increase in the taxable capital of the proposed corporation over the combined taxable capital of the corporation so consolidated up-

Sec. 3. Refusal on the part of any such corporation to submit to an examination by the Banking Commissioner of Texas, or his representatives, or the withholding of information from the Banking Commissioner of Texas, or his representatives, shall constitute grounds for forfeiture of the charter of such corporation at the suit of the Attorney General upon the request of the Banking Commissioner of Texas.

Sec. 4. Such corporation that has sold in Texas its bonds, notes, certificates, debentures or other obligations or is offering for sale in Texas its bonds, notes, certificates, debentures or other obligations, shall publish in some newspaper of general circulation in the County where it has its principal place of business, on or before the first day of February each year a statement of its condition on the previous 31st day of December, in such form as may be required by the Banking Commissioner of Texas showing under oath its assets and liabilities and shall file a copy of such statement with the Banking Commissioner of Texas together with a fee of Ten ($10.00) Dollars for filing.

Such corporation that has not sold in Texas its bonds, notes, certificates, debentures or other obligations and does not offer for sale or sell in Texas its bonds, notes, certificates, debentures or other obligations, shall file with the Banking Commissioner of Texas on or before the first day of February of each year a statement of its condition on the previous 31st day of December, in such form as may be required by the Banking Commissioner of Texas showing under oath its assets and liabilities, together with a fee of Two ($2.00) Dollars for filing, which report, when so filed, shall not be open to the public but shall be for the information of the Banking Commissioner and his employees. Sec. 7. All bonds, notes, certificates, debentures, or other obligations sold in Texas by any corporation affected by a provision of this Act shall be secured by securities of the reasonable market value, equaling at least at all times the face value of such bonds, notes, certificates, debentures or other obligations. If such corporation sells in Texas bonds, notes, certificates, debentures or other obligations upon which it receives installment payments, such bonds, notes, certificates, debentures and other obligations shall be secured at all times by securities having the reasonable market value equal to the withdrawal or cancellation value of such obligations outstanding. Said securities shall be placed in the hands of a corporation having trust powers approved by the Banking Commissioner of Texas as Trustee under a trust agreement, the terms of which shall be approved in writing by the Banking Commissioner of Texas, or at the option of any such corporation which sells in Texas bonds, notes, certificates, debentures or other obligations upon which it re-
ceives installment payments, such corporation may upon application to, and approval by, the Banking Commissioner of Texas deposit securities having a reasonable market value equal to the withdrawal or cancellation value of such obligations outstanding with the State Treasurer of Texas in lieu of such deposits with a Trustee as set forth hereinabove, provided that, in the event such deposit is made with the State Treasurer of Texas in lieu of such Trustee: (1) Such corporation shall file a certified statement of reserve liability and detailed list of securities so deposited, semi-annually with the Banking Commissioner of Texas, which certification shall be made by a Certified Public Accountant, who shall be approved by and be satisfactory to the Banking Commissioner. The corporation shall pay a fee of Fifteen ($15.00) Dollars for filing each such statement. (2) Said securities shall be deposited with the State Treasurer under a trust agreement, the terms of which shall be approved by the Banking Commissioner.

It is further provided that if any corporation, transacting business under this Act, shall have heretofore deposited securities with a corporation having trust powers under a trust agreement as provided hereinabove desires to avail itself of the option to deposit securities with the State Treasurer of Texas in lieu of such Trustee, it shall first secure a written certificate from the Banking Commissioner of Texas approving said securities on deposit with the Trustee as being eligible and sufficient for deposit with the State Treasurer, and it shall file a copy of said certificate with the State Treasurer of Texas, and with the said Trustee whereupon said Trustee shall deliver said securities so approved to the State Treasurer of Texas together with the trust agreement and/or agreements relating thereto, who shall issue his receipt therefor to said Trustee, furnishing a copy thereof to the corporation owning the same, which said receipt of the State Treasurer of Texas shall fully and finally relieve, acquit, and discharge the said Trustee of all responsibility and liability under such trust agreement, and/or agreements, whereupon said State Treasurer shall be considered as, and be substituted as, Trustee instead and in the place of the original Trustee.

In the event that the Banking Commissioner approves part of said securities with the said Trustee as being sufficient and eligible for deposit with the State Treasurer, but does not approve all of said securities with said Trustee, and/or in the event there is a deficiency of securities with said Trustee, the corporation owning said securities and desiring to avail itself of its option of depositing said securities with the State Treasurer, shall deposit with the State Treasurer of Texas a sufficient amount of eligible securities as defined herein securing the approval of the Banking Commissioner of Texas as to said securities so that the amount of securities so deposited together with the amount of securities with said Trustee that are approved by the Banking Commissioner as being eligible and sufficient have the reasonable market value equal to the withdrawal or cancellation value of such obligations then outstanding. Whereupon the said Trustee shall, as hereinabove set forth, deliver to the State Treasurer of Texas the securities in its hands, taking the receipt of the State Treasurer therefor, and in such case such Trustee shall be fully and finally relieved, acquitted, and discharged of all responsibility and liability under such trust agreement, and/or agreements.

Any such corporation which sells in Texas bonds, notes, certificates, debentures or other obligations upon which it receives installment payments, which upon the effective date of this Act has securities deposited with a Trustee hereunder, may, with the written consent of the Bank-
Referring to the Banking Commissioner to continue under said trust agreement, and/or agreements as to bonds, notes, certificates, debentures or other obligations already sold in Texas upon which it receives installment payments, and avail itself of the option to deposit such securities as to future sales of said obligations with the State Treasurer of Texas by complying with this Act in the same manner that a corporation hereafter organized would be required to comply with this Act.

All trust agreements hereafter made as to any securities placed with the State Treasurer under this Act shall provide that such securities may be substituted with securities of equal value by the filing by the corporation with the State Treasurer of a certificate of authorization to do so from the Banking Commissioner of Texas, and that any of said securities may be withdrawn by the corporation from the State Treasurer by the filing with the State Treasurer of a certificate issued by the Banking Commissioner that the withdrawing of the particular securities is authorized by the Banking Commissioner, and that its withdrawal will not reduce the amount of securities below the amount required by this Act. Provided, that before selling or offering for sale on the installment plan in Texas any such bonds, notes, certificates, debentures, or other obligations, such corporation shall file with the Banking Commissioner copies of such bonds, notes, certificates, debentures or other obligations. Unless within sixty (60) days after the filing of any such specimen copy the Banking Commissioner issues a notice to such corporation of a hearing to determine whether such instrument is fraudulent, unreasonable or inequitable, or has an unreasonable or inequitable cash surrender value, the same shall be deemed to have been approved by the Banking Commissioner. But if, after hearing pursuant to notice issued within said period of sixty (60) days, the Banking Commissioner should find and determine that any such bond, note, certificate, debenture, or other obligation is either fraudulent, unreasonable, or inequitable, or has an unreasonable or inequitable cash surrender value, such corporation shall have no right to sell or offer for sale in the State of Texas such bond, note, certificate, debenture or other obligation so found to be fraudulent, unreasonable, or inequitable, or has an unreasonable or inequitable cash surrender value. Provided, that any such corporation may have such finding reviewed in the District Court of Travis County, Texas, by filing suit against the Banking Commissioner in such Court at any time within sixty (60) days after receiving notice of such finding. In such suit such corporation shall be entitled to a trial de novo on the issues on which the Banking Commissioner shall have made such adverse findings. If as the result of such trial the issues shall be determined favorably to such corporation, the adverse findings of the Banking Commissioner shall have no further binding force or effect; and in that event, the right to sell such notes, bonds, or other obligations may be protected by injunction issued in said cause. Provided, that either party shall have the right of appeal according to Statutes governing appeals in civil cases.

All cash or securities left with the State Treasurer in compliance with Article 696, Revised Civil Statutes of 1925, shall be considered as part of the collateral required under this section.

All bonds, notes, certificates, debentures or other obligations, sold or offered for sale in Texas by such corporation shall definitely describe the character of collateral securing the payment of such obligation.

In the event any such corporation shall sell or offer for sale in Texas, any bonds, notes, certificates, debentures or other obligations without complying with this section, such conduct shall constitute
grounds for the forfeiture of its charter and for receivership at the suit of the Attorney General, which suit shall be brought upon the request of the Banking Commissioner of Texas. [As amended Acts 1937, 45th Leg., p. 405, ch. 204, § 2.]

Amendment of 1937, effective April 25, 1937.
See note to § 4 ante.

Sec. 8. Every officer, director, employee or agent of such corporation whose bonds, notes, certificates, debentures or other obligations have been sold and are outstanding, or such corporation that is offering for sale its bonds, notes, certificates, debentures or other obligations, who handles or has the custody of funds, books or records belonging to such corporation, shall, before entering upon the discharge of his duties, give a good and sufficient bond in the sum as shall be fixed by the board of directors of such corporation, conditioned for the faithful performance of his duties and such pecuniary loss as the association may sustain for money or other securities embezzled wrongfully, abstracted or willfully misapplied by any such officer or employee in the course of his employment as such, or in the course of his employment in any other position in such corporation. Such bond shall be made by a surety company authorized to do business in this State. The terms, amount of the bond and the solvency of said surety company shall be subject to the approval of the Banking Commissioner of Texas; provided, such bond shall not be required of any officer, director, employee or agent of any corporation which carries fidelity insurance upon such officer, director, employee or agent in an amount and upon conditions approved by the Banking Commissioner. As amended Acts 1939, 46th Leg., p. 136, § 1.

Effective May 22, 1939.
Section 2 of the amendatory act of 1939 repeals all conflicting laws and parts of laws; section 3 declared an emergency and provided that the act should take effect from and after its passage.

Directors' meetings

Sec. 22. Meetings of the Board, regular or special, shall be held at such place and upon such notice as the by-laws may prescribe. Attendance of a director at any meeting shall constitute a waiver of notice of such meeting except where a director attends a meeting for the express purpose of objecting to the transaction of any business because the meeting is not lawfully called or convened. Neither the business to be transacted at, nor the purpose of, any regular or special meeting of the Board of Directors need be specified in the notice or waiver of notice of such meeting.
Officers, agents, and employees

Sec. 23. (a) The Board shall elect from its number a president, a vice-president, a secretary, and a treasurer, but the same person may be elected to the office of secretary and treasurer. To such committee may be delegated the management of the current and ordinary business of the corporation, and such other duties as the by-laws may prescribe, but the designation of such committee and the delegation thereto of authority shall not operate to relieve the Board of Directors, or any member thereof, of any responsibility imposed upon it or him by this Act.

Non-profit operation

Sec. 25. (a) Each corporation shall be operated without profit to its members but the rates, fees, rents, or other charges for electric energy and any other facilities, supplies, equipment, or services furnished by the corporation shall be sufficient at all times.

(c) Revenues not required for the purposes set forth in Sub-section (b) of this Section shall be returned from time to time to the members on a pro rata basis according to the amount of business done with each during the period, either in cash, in abatement of current charges for electric energy, or otherwise as the Board determines; but such return may be made by way of general rate reduction to members, if the Board so elects.

Amendment of articles of incorporation

Sec. 26. A corporation may amend its articles of incorporation by a majority vote of the members, present in person or by proxy at any regular meeting, or at any special meeting, of its members called for that purpose. The power to amend shall include the power to accomplish any desired change in the provisions of its articles of incorporation and to include any purpose, power, or provision which would be authorized to be included in original articles of incorporation if executed at the time the amendment is made. Articles of amendment signed by the president or vice-president, and attested by the secretary certifying to such amendment and its lawful adoption shall be executed, acknowledged,

Consolidation

Sec. 27. (a) Any two or more corporations may enter into an agreement for the consolidation of such corporations. The agreement shall set forth the terms and conditions of the consolidation, the name of the proposed consolidated corporation, the number of its directors, not less than three (3); the time of the annual meeting and election, and the name of at least three (3) persons to be directors until the first annual meeting. If such agreement is approved by the votes of a majority of the members of each corporation, present in person or by proxy at any regular meeting, or at any special meeting, of its members called for that purpose, the directors named in the agreement shall sign and acknowledge as incorporators articles of consolidation conforming substantially to original articles of incorporation of a corporation organized under this Act.

(b) The articles of consolidation shall be executed, acknowledged, filed, and recorded in the same manner as the original articles of incorporation of a corporation organized under this Act. As soon as the Secretary of State shall have accepted the articles of consolidation for filing and recording and issued a certificate of consolidation, the proposed consolidated corporation, described in the articles under its designated name, shall be and become a body corporate, with all of the powers of a corporation as originally organized hereunder.

Dissolution

Sec. 28. (a) Any corporation may dissolve by majority vote of the members, present in person or by proxy at any regular meeting, or at any special meeting, of its members called for that purpose. A certificate of dissolution shall be signed by the president or vice-president and attested by the secretary, certifying to such dissolution and stating that they have been authorized to execute and file such certificate by votes cast in person or by proxy by a majority of the members of the corporation. A certificate of dissolution shall be executed, acknowledged, filed, and recorded in the same manner as the original articles of incorporation of a corporation organized under this Act and as soon as the Secretary of State shall have accepted the certificate of dissolution for filing and recording and issued a certificate of dissolution, the corporation shall be deemed to be dissolved.

(b) Such corporation shall, however, continue for the purpose of paying, satisfying, and discharging any existing liabilities or obligations and collecting or liquidating its assets, and doing all other acts required to adjust and wind up its business and affairs, and may sue and be sued in its corporate name. Any assets remaining after all liabilities or obligations of the corporation have been satisfied or discharged shall be distributed pro rata among the members of the corporation at the time of the filing of the certificate of dissolution.

(c) Any corporation which purports to have been incorporated or re-incorporated under this Act but which has not complied with all of the requirements for legal corporate existence may nevertheless file a certificate of dissolution in the same manner as a validly existing corpo-
ration. The certificate of dissolution, in such case, may be authorized by a majority of the incorporators or directors at a meeting called by any incorporator upon ten (10) days' notice mailed to the last known post-office address of each incorporator or director, and held at the principal office of the corporation named in the articles of incorporation.

Sec. 32. In the event any corporation has filed defective articles of incorporation or has failed to do all things necessary to perfect its corporate organization, it may, nevertheless, file corrected articles of incorporation or amend the original articles and do and perform all acts and things necessary in the premises for the correction of such defects. The action so taken shall be valid and binding upon all persons concerned and the capacity of such corporation to file corrected articles of incorporation or amendments to the original articles, or to do and perform all acts and things necessary in the premises shall not be questioned.

**Act extended to existing corporations**

Sec. 33. Any existing cooperative or nonprofit corporation or association, organized under any other law of this State, for the purpose of engaging in rural electrification, may, by a majority vote of the members present in person or by proxy at a meeting called for that purpose, amend its articles of incorporation so as to comply with this Act.

"Sec. 2. It shall be the duty of such Purchasing Agent to supervise all purchases made on competitive bid and to see that all supplies, materials, and equipment contracted for, are delivered to the proper county officer or department in accordance with the contract of purchase.

"Sec. 3. The budget shall be so prepared as to show with reasonable accuracy each of the various
projects for which appropriations are set up in the budget, and the estimated amount of money carried in the budget for each of such projects. The budget shall contain a complete financial statement of the county, showing all outstanding obligations of the county, the cash on hand to the credit of every and each fund of the county government, the funds received from all sources during the previous year, the funds and revenue estimated by the Auditor to be received from all sources during the current year except for emergencies and for obligations legally incurred prior to January 1st of such year for salaries, utilities, materials, and supplies. A copy of the budget shall be filed with the Clerk of the County Court, and it shall be available for inspection by the taxpayer.

"The Commissioners Court in each county shall provide for a public hearing on the county budget, which hearing shall take place on some date to be named by the Commissioners Court within seven (7) calendar days after the filing of the budget and prior to January 31st of the current year. Public notice shall be given that the hearing shall be in such form as may be prescribed by the Commissioners Court. Upon final approval of the budget by the Commissioners Court, a copy of such budget as approved shall be filed with the County Auditor, the Clerk of the Court, and the State Auditor, and no expenditure of the funds of the county shall thereafter be made except in strict compliance with said budget. "Upon the adoption of any general or special budget as hereinbefore provided and its certification, the County Auditor of each county thereupon shall open an appropriation account for each main budgeted or special item therein and it shall be his duty to charge all purchase orders or requisitions, contracts, and salary and labor allowances to said appropriations. The amount set aside in any budget for any purchase order or requisition, contract, special purpose, or salary and labor account shall not be available for allocation for any other purpose unless an unexpected balance remains in the account after full discharge of the obligation or unless the requisition, contract, or allocation has been cancelled in writing by the Commissioners Court or county officer for a valid reason.

"The County Auditor shall make to the Commissioners Court not less than monthly a complete statement of the financial condition of the county. Said report shall be in such form as may be prescribed by said County Auditor and shall set forth all facts of interest concerning the financial condition of the county and shall contain a consolidated balance sheet. The report shall contain a complete statement of the balances on hand at the beginning and close of the month and the aggregate receipts to and aggregate disbursements from each fund, the transfers to and from each fund, the bonded and warrant indebtedness with the rates of interest due thereon, a summarized budget statement showing for each officer, department, or institution budgeted the expenses paid from the budget during the month and for the period of the fiscal year inclusive of the month for which said report is made, also the encumbrances against said budgets, and the amounts available for further expenditures, together with such other information as such officer may deem necessary to reflect the true condition of the finances of such county or the Commissioners Court thereof may require. The County Auditor shall publish once in a daily newspaper published in said county a condensed copy of
said report showing the condition of funds and budgets together with such recommendations as he may deem desirable.

No depositories shall be entitled to keep on deposit State funds in an amount in excess of their paid up capital stock and permanent surplus. The Commissioners Court of each county is hereby authorized and required at the February Regular Term thereof next following each general election to enter into a contract with any banking corporation, association or individual banker in such county for the depositing of the public funds of such county in such bank or banks. Notice that such contracts will be made by the Commissioners Court shall be published by and over the name of the County Judge, once each week for at least twenty (20) days before the commencement of such term in some newspaper published in said county; and if no newspaper be published therein, then in any newspaper published in the nearest county. Section 4 of the amendatory Act of 1937, cited to the text (article 2566a of this title), provides that security for deposits shall not be required to the extent covered by Federal Deposit Insurance.

Section 5 reads as follows:

"This Act shall not become operative until on and after August 1, 1937, and all banks that are now designated as county depositaries or the depositaries for any city, town or village, or the depository for any trust funds shall be required to file new applications and be re-designated under the terms of this Act and the County Commissioners Court of each county and the governing body of any city, town, or village in this State is hereby authorized to receive applications and to designate new banks as depositaries under this Act for the unexpired depository year. Section 6 declared an emergency and provided that the act should take effect from and after August 1, 1937.
Art. 2545. [2441] Application by banks

Any banking corporation, association or individual banker in such county desiring to be designated as county depository shall make and deliver to the County Judge an application applying for such funds and said application shall state the amount of paid up capital stock and permanent surplus of said bank and there shall be furnished with said application a statement showing the financial condition of said bank at the date of said application which shall be delivered to the County Judge on or before the first day of the term of the Commissioners Court at which the selection of the depositories is to be made. Upon the failure of the banking corporation, association, or individual banker in such county that may be selected as depository, to give the bond required by law, the amount of such certified check shall go to the county as liquidated damages and the county judge shall readvertise for applications, if necessary, to obtain a county depository for said county. [As amended, Acts 1937, 45th Leg., p. 1292, ch. 484, § 1.]

Articles 2545-2558a, effective August 1, 1937.

Art. 2546. [2442] Selecting county depository

It shall be the duty of the Commissioners Court at ten o'clock a.m. on the first day of each term at which banks are to be selected as county depositories, to consider all applications filed with the County Judge, cause such applications to be entered upon the minutes of the Court and to select those applicants that are acceptable and who offer the most favorable terms and conditions for the handling of such funds and having the power to reject those whose management or condition, in the opinion of the Court, does not warrant placing of county funds in their possession. The County Commissioners Court shall have the power to determine and designate the character and amount of county funds which will be deposited by it in said depositories that shall be "demand deposits" and what character and amount of funds shall be "time deposits," and may contract with said depositories in regard to the payment of interest on "time deposits" at such rate or rates as may be lawful under any Act of the Congress of the United States and any rule or regulations that may be promulgated by the Board of Governors of the Federal Reserve System and the Board of Directors of the Federal Deposit Insurance Corporation. When the selection of a depository or depositories has been made, the checks of those applicants which have been rejected shall be immediately returned. The check or checks of the applicant or applicants whose applications are accepted shall be returned when said depository or depositories enter into and file the bond required by law and said bond has been approved by the Commissioners Court and the State Comptroller, and not until such bond is filed and approved. The term "demand deposits," as used herein, shall mean any deposit which is payable on demand, and the term "time deposits," as used herein, shall mean any deposit with reference to which there is in force a contract, that neither the whole nor any part of such deposit may be withdrawn by check or otherwise prior to the expiration of the period of notice which must be given in writing in advance of withdrawals. As amended, Acts 1937, 45th Leg., p. 1298, ch. 484, § 1.
Art. 2547. 2443 Bonds

Within fifteen (15) days after the selection of such depository, it shall be the duty of the banking corporation, association or individual banker so selected, to qualify as county depository in one or more of the following ways, at the option of the Commissioners Court:

(a) By executing and filing with the Commissioners Court a bond or bonds, payable to the County Judge and his successors in office, to be approved by both the Commissioners Court and the Comptroller, and immediately thereafter filed in the office of the County Clerk of said county, said bond to be signed by not less than five solvent sureties who shall own unencumbered real estate in this State not exempt from execution under the Constitution and laws of this State, of a value equal to or in excess of the amount of said bonds where there is more than one bond; said bond or bonds to be in an amount equal to the estimated highest daily balance of such county as determined by the Commissioners Court, such estimated daily balance to be in no event less than seventy-five per cent (75%) of the highest daily balance of said county for the next preceding year, less the amount of bond funds received and expended, provided, however, in the event that county funds derived from the sale of county securities during the term of such bond are deposited, such Commissioners Court shall require additional bond and/or bonds, and/or pledge of securities equal to the amount of such additional county funds. The sureties shall file with the Commissioners Court at the time of filing said bond or bonds a statement containing a description of the unencumbered and non-exempt lands owned by them sufficient to identify such lands on the ground, and such statement shall remain on file with the County Clerk and attached to such bond or bonds; and such statement shall contain a value of each tract of land so listed, together with the value of the improvements thereon.

(b) By having issued and executed by some solvent surety company or companies authorized to do business in the State of Texas, such bond or bonds, as provided by law, to be in the amount and payable as provided in subdivision (a) hereinabove, which said surety bond shall be approved by both the Commissioners Court and the Comptroller, and filed in the office of the County Clerk of said county. Provided, however, such surety company or companies may be relieved of its or their obligation on thirty (30) days' notice in writing to the Commissioners Court, such bonding surety company or companies not to be relieved of any liability for loss sustained by the county prior to the expiration date of such bonds or bond; and provided further, in the event of any surety company or companies shall ask to be relieved of such bond or bonds such depository shall, previous to the termination date of such obligation of such surety company or companies, present further security acceptable to the County Commissioners Court and the Comptroller and filed in the office of the County Clerk of said county, for the securing of county funds in accordance with the provisions of this Act.

(c) In lieu of such personal bonds or surety bonds as above specified, said banking corporation, association or individual banker so selected as county depository, may pledge and said depository bank is authorized to pledge with the Commissioners Court for the purpose of securing such county funds, securities of the following kind, in an amount equal to the amount of such county funds on deposit in said depository bank, to wit: bonds and notes of the United States, securities of indebtedness of the United States, and other evidences of in-
debt on the United States, when said evidences of indebtedness are supported by the full faith and credit of the United States of America and other bonds or other evidences of indebtedness which are guaranteed as to both principal and interest by the United States Government; bonds of the State of Texas, or of any county, city, town, independent school district, common school district or bonds issued under the Federal Farm Loan Act or road district bonds, bonds, pledges or other securities issued by the Board of Regents of the University of Texas, bank acceptances of banks having a capital stock of not less than Five Hundred Thousand Dollars ($500,000); notes or bonds secured by mortgages insured and debentures issued by the Federal Housing Administrator of the United States Government, and bonds issued by municipal corporations in Texas, all said securities having a total market value equal to the amount of the depositary bond; an amount of the following described securities not to exceed twenty-five per cent (25%) of the assessed value of the property in the county as shown by the certified tax roll for the preceding year, viz.: closed first mortgages on improved and unencumbered real estate situated in the State of Texas, provided such security so offered must be first approved by the Commissioners Court; and before approving such a mortgage tendered as security for deposits the Commissioners Court shall require a written opinion by an attorney selected by the Court showing that the lien so offered is superior to any and all other claims or rights in the property, and the Court shall also require that the improvements on each tract of real estate described in such mortgage be fully insured in some Stock Fire Insurance Company, or a Mutual Fire Insurance Company having One Hundred Thousand Dollars ($100,000) surplus in excess of all legal reserves and other liabilities, to be approved by the County Judge, with loss payable clause in favor of the County Judge; such mortgage as may be approved as acceptable security under the provisions of this Article shall be assigned to the County Judge by written instrument, duly acknowledged, and the same shall be placed of record forthwith in each county where any part of said real estate is situated; and as security for such deposits, unencumbered, improved real estate, subject to approval of Commissioners Court, may be pledged directly by Deed of Trust executed to a trustee selected by the Commissioners Court, with the County Judge as beneficiary, provided that the Court shall first require the written opinion of an attorney selected by the Court, showing that the lien offered as security for deposits is superior to any and all other claims or rights in the property, and provided further that the Court shall require that all improvements on any real estate, so pledged, be fully insured in a Stock Fire Insurance Company or a Mutual Fire Insurance Company having One Hundred Thousand Dollars ($100,000) surplus in excess of all legal reserves and other liabilities, approved by the County Judge, with loss payable clause in favor of the County Judge; and the Commissioners Court shall investigate all real estate security and determine the value at which such real estate security as is herein described shall be accepted, provided that in no event shall such security be accepted as collateral at a value in excess of fifty per cent (50%) of the reasonable market value of the real property covered by such mortgages except where such mortgages are insured or guaranteed by the Federal Housing Administrator of the United States, and such real estate security as herein described may be withdrawn and replaced by other real estate securities meeting the requirements of this Act, or any class of securities above
enumerated, provided all such withdrawals, substitutions and replacements must be approved by the Commissioners Court; and the County Judge shall execute such instruments as may be necessary to transfer to the depository or its order, all liens, so withdrawn, and said Commissioners Court may accept said securities in lieu of such personal or surety bonds; and such securities so pledged by such depository bank shall be deposited as the Commissioners Court may direct.

When the securities pledged by a depository bank to secure county funds shall be in excess of the amount required under the provisions of this Article, the Commissioners Court shall permit the release of such excess; and when the county funds deposited with said depository bank shall for any reason increase beyond the amount of securities pledged, said depository bank shall immediately pledge additional securities with the Commissioners Court so that the securities pledged shall at no time be less than the total amount of county funds on deposit in said depository bank. The right of substitution of securities shall be granted to depositories, provided the securities substituted meet with the requirements of the law, and are approved by the Commissioners Court. Upon the request of such depository bank, the Commissioners Court shall surrender interest coupons or other evidence of interest, when due, on securities deposited with the Commissioners Court by such depository bank, provided said securities remaining pledged are ample to meet the requirements of said Commissioners Court. Such depository may secure said funds by one or more of the ways herein provided, at the option of the Commissioners Court.

The condition of the personal bond or bonds, or contract for securities pledged, as hereinabove provided, shall be conditioned for the faithful performance of all the duties and obligations devolving by law upon such depository, and for the payment upon presentation of all checks drawn upon any "demand deposit" account in any depository by the county treasurer of the county and all checks drawn upon any "time deposit" account upon presentation, after the expiration of the period of notice required in the case of "time deposits," and that said county funds shall be faithfully kept by said depository and accounted for according to law. Any suits arising thereon shall be tried in the county for which such depository is selected; and provided further, that upon reasonable notice to the Commissioners Court such county depository may change from time to time its method of securing such funds so long as the same are at all times secured in the amount and manner specified herein.

Where separate bonds are given to secure county funds, each surety thereunder shall be liable only for such part of any loss sustained by failure of the depository as the amount of each bond shall bear to the aggregate amount of all bonds and/or securities held by the county for protection of the funds covered by said bonds.

In the event of payment of a loss to the county by personal sureties or surety companies, said sureties shall be subrogated by the county in the amounts such payment bears to the deposit secured by them or it at the time of default of the depository.

It shall be the duty of the Commissioners Court to investigate and inquire into the solvency of each and every surety on any personal bond or bonds so filed by such county depository and accepted by the Commissioners Court and approved as required by law, at least twice during each and every year such bonds are effective and in force, and for that purpose shall have authority to require each surety to render an itemized and verified financial statement under oath showing his
true financial condition. If any such statement or statements indicate that any of said sureties have become insolvent, or their net worth depreciated below the amount required by law as such sureties, or if any of the assets listed are shown to be, or are known to be depreciated, or their value in any way impaired, then and in any such events the Commissioners Court shall require a new bond meeting fully the requirements of this law; and in case of a bond or bonds the sureties on which are required to own unencumbered and non-exempt real estate as herein provided, such statement shall show each tract of land owned by each surety and the value thereof, and if the statements provided for herein shall indicate that any of such lands have been disposed of or encumbered and the value of the remaining unencumbered or non-exempt lands shall not be sufficient to meet the requirements of this law, then the said Commissioners Court shall require a new bond meeting fully the requirements of this law. The Commissioners Court shall at any time it may deem necessary for the protection of the county, investigate and inquire into the solvency of any surety company or companies issuing a bond or bonds for any depository, and to investigate the value of any of the securities that may be pledged by such depository in lieu of the personal bond; and such Commissioners Court may request any such depository if it deem advisable, to execute a new bond. If said new bond required by the Commissioners Court for any reason as herein specified be not filed within five (5) days from the time of the service of a copy of said order upon said depository, the Commissioners Court may proceed to the selection of another depository in the same manner as provided for the selection of a depository at the regular time for such selection. Nothing in this law shall in any manner limit, restrict or prevent the Commissioners Court from requiring any depository to execute a new bond at any time such Commissioners Court may deem it necessary for the protection of the county. [As amended, Acts 1937, 45th Leg., p. 1298, ch. 484, § 1.]

Section 4 of the amendatory act of 1937, shall not be required to the extent covered by Federal Deposit Insurance.

Art. 2548. Additional bond

Whenever, after the creation of a county depository, as by this Act provided, there shall accrue to the county or any subdivision thereof, any funds or moneys from the sale of bonds or otherwise, the Commissioners Court of such county at its first meeting after such special funds shall have come into the Treasury, or depository of such county, or so soon thereafter as may be practicable, may make written demand upon the duly accredited and established depository of the county for a special additional bond as such depository in a sum equal to the whole amount of such special fund, to be kept in force so long as such funds remain in such depository. Such extra or special bond may be cancelled and a new bond contemporaneously substituted therefor as such special fund may have been reduced. Such special bond shall at all times be sufficient in amount to cover such special fund then on hand. Upon the failure of such depository to furnish such additional bond within thirty (30) days from the date of such demand, the Commissioners Court may cause such special funds to be withdrawn, upon the draft of the county treasurer from such depository, and cause the same to be deposited in some solvent National bank or State bank whose combined capital stock and surplus is in excess of such special fund, and to leave the same or so much thereof as may not have been expended with such National bank or State bank of last deposit, until
such time that such county depository may have filed with the Commissioners Court the required additional bond, when such special fund or so much thereof as shall not have been expended shall be forthwith returned to and deposited with such county depository. The requiring of such additional or special bond shall be optional with such Commissioners Court. When a banking institution selected, qualified and acting as a county depository shall become insolvent and it shall become necessary to resort to the depository bond or bonds to collect the county and State funds deposited therein, payment shall be made to the county and State pro rata. [As amended, Acts 1937, 45th Leg., p. 1298, ch. 484, § 1.]

Art. 2549. 2444 Designating depository

As soon as said bond be given and approved by the Commissioners Court, and the Comptroller, an order shall be made and entered upon the minutes of said Court designating such banking corporation, association or individual banker, as a depository for the funds of said county until sixty (60) days after the time fixed for the next selection of a depository; and thereupon, it shall be the duty of the county treasurer of said county immediately upon the making of such order, to transfer to said depository all the funds belonging to said county, as well as all funds belonging to any district or other municipal subdivision thereof not selecting its own depository, and immediately upon receipt of any money thereafter, to deposit the same with said depository to the credit of said county, district and municipalities. It shall also be the duty of the tax collector of such county to deposit all taxes collected by him, or under his authority, for the State and such county and its various districts and other municipal subdivisions, in such depository or depositories, as soon as collected, pending the preparation of his report of such collection and settlement thereon. The bond of such county depository or depositories shall stand as security for all such funds. Upon such funds being deposited as herein required, the tax collector and sureties on his bond, shall thereafter be relieved of responsibility of its safekeeping. All county depositories shall collect all checks, drafts and demands for money so deposited with them by the county and when using due diligence shall not be liable on such collections until the proceeds thereof have been duly received by the depository bank, provided that any expense incurred in collection thereof by the depository, which the depository is not allowed or permitted to pay or absorb by reason of any act of Congress of the United States or any regulation by either the Board of Governors of the Federal Reserve System or the Board of Directors of the Federal Deposit Insurance Corporation, shall be charged to and paid by the county. All money collected or held by any district, county or precinct officer in such county, or the officers of any defined district or subdivision in such county, including the funds of any municipal or quasi-municipal subdivision or corporation which has the power to select its own depository, but has not done so, shall be governed by this law, and shall be deposited in accordance with its requirements, and shall be considered in fixing the bond of such depository, and shall be protected by such bond; and all warrants, checks, and vouchers evidencing such funds shall be subject to audit and countersignature as now or hereafter provided by law. [As amended, Acts 1937, 45th Leg., p. 1298, ch. 484, § 1.]
Art. 2550. [2445] Deposits not applied for

If for any reason no applications are submitted by any banking corporation, association or individual banker to act as county depository or in case all applications shall be declined, then in any such case, the Commissioners Court shall have the power, and it shall be their duty to deposit the funds of the county with any one or more banking corporations, associations or individual bankers in the county or in the adjoining counties in such amounts and for such periods as may be deemed advisable by the Court. Any bank or banking concern receiving deposits under this Article shall execute a bond in the manner and form provided for depositories of county funds with all the conditions provided for same, the penalty of said bonds to be not less than the total amount of county funds deposited with such bank or banking concern. [As amended Acts 1937, 45th Leg., p. 1298, ch. 484, § 1.]

Art. 2551. [2446] Clearing house to be selected

When the funds of any county shall be deposited with two or more depositories, the Commissioners Court shall select and name by order one of said depositories to act as a clearing house for the others, at which all county warrants shall be finally paid. [As amended, Acts 1937, 45th Leg., p. 1298, ch. 484, § 1.]

Art. 2552. [2447] Checks payable at county seat

It shall be the duty of the depository or depositories to pay, upon presentment at the county seat of the county, or in the case of "time deposits" to pay upon presentment after the expiration of the period of notice agreed upon, all checks or warrants drawn by the county treasurer upon the funds of said county deposited with said depository or depositories, as long as such funds shall be in the possession of such depository subject to such checks or warrants. For every failure to pay such check or warrant at such county seat either upon presentment in case of "demand deposits," or upon presentment after the expiration of the period of notice required in the case of "time deposits" said depository or depositories shall forfeit and pay to the holder of such check ten per cent (10%) of the amount thereof; and the Commissioners Court shall revoke the order creating such depository or depositories. [As amended, Acts 1937, 45th Leg., p. 1298, ch. 484, § 1.]

Art. 2553. [2448] Depository not located at county seat

If any depository selected by the Commissioners Court be not located at the seat of such county, said depository shall file with the county treasurer of such county a statement designating the place at said county seat where, and the person by whom, all deposits may be received from the treasurer for such depository, and where and by whom all checks will be paid; and such depository shall cause every check to be paid upon presentation or upon presentation at the expiration of the period of notice in the case of "time deposits" at the place so designated so long as the said depository has sufficient funds to the credit of said county applicable to its payment. [As amended, Acts 1937, 45th Leg., p. 1298, ch. 484, § 1.]

Art. 2554. [2449] Warrants, how paid and charged

It shall be the duty of the county treasurer upon the presentation to him of any warrant, check, voucher, or order drawn by the proper authority, if there be funds sufficient for the payment thereof on de-
posit in the account against which such warrant is drawn, to endorse upon the face of such instrument his order to pay the same to the payee named therein and to charge the same on his books to the fund upon which it is drawn. The county treasurer shall not make an endorsement upon any warrant, check, voucher, or order, upon any funds deposited with said depository or depositories which are designated as "time deposits" until after notice is duly given and the time has expired as required in the contract with said depository in designating said funds as "time deposits." It shall be the duty of such depository to make a detailed monthly statement to the Commissioners Court at each regular term of said Court showing the daily balances to the credit of each of the funds on deposit. In case any bonds, coupons, or other indebtedness of any county by the terms thereof are payable at any place other than the treasury of the county, nothing herein contained shall prevent the Commissioners Court of such county from causing the treasurer to place a sufficient sum at the place where such debts shall be payable at the time and place of their maturity, provided such payments shall be made in the manner prescribed by law. All checks or warrants issued or drawn by any officer under the provisions of this Act, shall be subject to all the laws and regulations providing for auditing and countersigning and all such laws and regulations are hereby continued in full force and effect. [As amended, Acts 1937, 45th Leg., p. 1298, ch. 484, § 1.]

Art. 2555. [2450] May select at subsequent term

If for any reason, no selection of a depository be made at the time provided by law, the Commissioners Court may, at any subsequent time after twenty (20) days' notice, select a depository or depositories in the manner provided for such selection at the regular time; and the depository or depositories so selected shall remain the depository or depositories until the next regular time for selecting a depository, unless the order selecting and naming such depository be revoked for lawful reasons. [As amended, Acts 1937, 45th Leg., p. 1298, ch. 484, § 1.]

Art. 2556. [2451] New bond may be required

If the Commissioners Court shall at any time deem it necessary for the protection of the county, it may require any depository to execute a new bond; and, if said new bond be not filed within five (5) days from the time of the service of a copy of said order upon said depository, the Commissioners Court may proceed to the selection of another depository in the manner provided for the selection of a depository at the regular time for such selection. [As amended, Acts 1937, 45th Leg., p. 1298, ch. 484, § 1.]

Art. 2557. [2452] Liability of Treasurer

The county treasurer shall not be responsible for any loss of the county funds through the failure or negligence of any depository; but nothing in this Act shall release any county treasurer for any loss resulting from any official misconduct or negligence on his part, nor from any responsibility for the funds of the county until a depository shall be selected and the funds deposited therein, nor for any misappropriation of such funds by him. As amended, Acts 1937, 45th Leg., p. 1298, ch. 484, § 1.

Art. 2558. [2458] Applications from adjoining counties

If there be no bank or banks situated within the county that seeks to be designated as county depository, then in that event the Commis-
sioners Court shall be authorized to advertise for applications from banks in adjoining counties or any other counties in this State in the manner provided by law of this State with reference to advertising in the counties desiring such depositories. When a depository has been selected by the Commissioners Court in the manner as provided herein, said depository shall, within five (5) days after notice of such designation and selection, file with county treasurer of such county a statement designating the place at said county seat where, and the person by whom all deposits may be received from the treasurer for such depository, and where and by whom all checks will be paid. [As amended, Acts 1937, 45th Leg., p. 1298, ch. 484, § 1.]

Art. 2558a. Depositories for trust funds in hands of county and district clerks—applications

Section 1. The Commissioners Court of each county is authorized and required at the February term thereof next following each general election to receive applications from any banking corporation, association or individual banker in such county as may desire to be selected as a depository for Trust Funds in possession of the County and District Clerks. Said applications shall be filed with the County Clerk on/or before ten o’clock a. m. on the first day of the term of Court at which said applications are to be received. Said application shall be accompanied by a certified check for not less than one-half of one per cent of the average daily balances of the amount of Trust Funds in the possession of the Clerks during the preceding calendar year which amount shall be determined by the County Clerk on/or before ten (10) days before the applications herein provided for are required to be filed, and a certified check accompanying the application as herein provided for in the amount so determined by the County Clerk shall be sufficient compliance with this provision, which certified check shall be a guarantee of the good faith on the part of the applicant, and that if his application is accepted the bond hereinafter provided for will be entered into. Upon the failure of the banking corporation, association or individual banker that may be selected as such depository, to give the bond required by law, the amount of such certified check shall go to the county as liquidated damages, and the county shall select another depository as hereinafter provided. In the event any application shall not be accepted, the certified check accompanying the same shall be returned. The check of the applicant whose application is accepted shall be returned when his bond is filed and approved by the Commissioners Court and not until such bond is filed and approved. Upon the deposit in the legally selected depository of the Trust Funds by any County or District Clerk, such Clerk shall thereafter be relieved of the safekeeping of said funds.

Section 5 of the amendatory act of 1937, cited to the text, reads as follows: "Sec. 5. This Act shall not become operative until on and after August 1, 1937, and all banks that are now designated as county depositories or the depositories for any city, town or village, or the depository for any trust funds shall be required to file new applications and be re-designated under the terms of this Act and the County Commissioners Court of each county and the governing body of any city, town, or village in this State is hereby authorized to receive applications and to designate new banks as depositories under this Act for the unexpired depository year. Art. 2560. [2455] Award and bond

Upon considering the applications submitted, the governing body shall select as the depository or depositories of such funds the banking corporations, association or individual banker or bankers offering the most favorable terms and conditions for the handling of such funds. The governing body of such city, town or village shall have the right
The governing body of such city, town or village shall have the power to determine and designate the character and amount of city funds which will be deposited by it in said depositories that shall be "demand deposits" and what character and amount of funds shall be "time deposits," and may contract with said depositories in regard to the payment of interest on "time deposits" at such rate or rates as may be lawful under any Act of Congress of the United States and any rule or regulations that may be promulgated by the Board of Governors of the Federal Reserve System and the Board of Directors of the Federal Deposit Insurance Corporation. The term "demand deposits," as used herein, shall mean any deposit which is payable on demand, and the term "time deposits," as used herein, shall mean any deposit with reference to which there is in force a contract, that neither the whole nor any part of such deposit may be withdrawn by check or otherwise prior to the expiration of the period of notice which must be given in writing in advance of withdrawals. Within five (5) days after the selection of such depository or depositories, it shall be the duty of the banking corporation or corporations, association or associations, individual banker or bankers so selected to qualify as city depository in one or more of the following ways at the option of the governing body of such city, town or village:

(a) By executing and filing with the governing body a bond or bonds, payable to the city, to be approved by the governing body, said bond to be signed by not less than five (5) solvent sureties who shall own unencumbered real estate in this State not exempt from execution under the Constitution and Laws of this State of a value equal to or in excess of the amount of said bond, or of a value equal to or in excess of the amount of said bonds when there is more than one bond; and said bond or bonds shall in no event be for less than the total amount of the revenue of such city for the next preceding year for which said bond or bonds are made. The sureties shall file with the city at the time of filing said bond or bonds a statement containing a description of the unencumbered and non-exempt lands owned by them sufficient to identify such lands on the ground, and such statement shall remain on file with the City Secretary attached to such bond or bonds, which statement shall contain a fair estimate of the value of each tract of land so listed, together with the value of the improvements thereon.

(b) By having issued and executed by some solvent surety company or companies authorized to do business in the State of Texas, such bond or bonds, as provided by law, to be in the amount and payable as provided in subdivision (a) hereinabove, which said surety bond shall be approved by the governing body and filed with the City Secretary.

(c) By executing and filing with the governing body a bond or bonds in an amount and payable as provided in subdivision (a) hereinabove to be approved by the governing body and filed with the City Secretary of such city, said bond or bonds to be signed by not less than five (5) solvent sureties who shall prepare and file with the governing body, at the time of the filing of said bond, an itemized and verified financial statement, which shall show the aggregate net worth of all to be equal to or in excess of the amount of such bond or bonds as hereinabove provided for.

(d) In lieu of such personal bonds or surety bonds as above specified, said banking corporation or corporations, association or associations or individual banker or bankers so selected as the city depository may pledge and said depository is hereby authorized to pledge with
the governing body of such city for the purpose of securing such city funds, securities of the following kind in an amount equal to the amount of said city funds on deposit in said depository bank or banks, to wit: United States Bonds, Certificates of Indebtedness of the United States, Treasury notes of the United States and other evidences of indebtedness of the United States which are guaranteed as to both principal and interest by the United States Government, bonds of the State of Texas, or of any county, city, town, independent school district, common school district or other school districts in the State of Texas, or bonds issued under the Federal Farm Loan Act or road district bonds, bonds, pledges or other evidences of indebtedness issued by the Board of Regents of the University of Texas, notes or bonds secured by mortgages insured and debentures issued by the Federal Housing Administrator of the United States Government; bank acceptances of banks having a capital stock of not less than Five Hundred Thousand Dollars ($500,000), and bonds issued by municipal corporations in Texas; and said city may accept said securities in lieu of such personal or surety bonds, which securities so pledged shall be deposited as the governing body may direct. It is provided, however, that such securities so pledged shall be approved as to kind and value by the governing body.

When the securities pledged by the depository bank to secure city funds shall be in excess of the amount required under the provisions of this Act, the governing body of such city, shall permit the release of such excess; and when the city funds deposited with such depository bank shall for any reason increase beyond the amount of securities pledged, said depository bank shall immediately pledge additional securities with the governing body so that the securities pledged shall at no time be of a value of less than the total amount of city funds on deposit in said depository bank. Provided, however, the determination of such value shall be in the discretion of the governing body whose decision shall be final and binding on such depository. The right of substitution of securities shall be granted to depositories, provided the securities substituted meet with the requirements of the law and are approved by the governing body. Upon the request of such depository bank, the governing body shall surrender interest coupons or other evidence of interest, when due, on securities deposited with said governing body by such depository bank, provided said securities remaining pledged are ample to meet the requirements of this Act and of such governing body.

The condition of the personal bond or bonds or surety company bond or contract for securities pledged as hereinabove provided, shall be conditioned for the faithful performance of all the duties and obligations devolving by law upon such depository, and for the payment upon presentation of all checks drawn upon any "demand deposit," account in said depository or upon presentation upon any "time deposit" after the expiration of the period of notice required in the case of "time deposits," by the City Treasurer of the city and that said city funds shall be faithfully kept by said depository and accounted for according to law. Any suits arising thereon shall be tried in the county in which such city, town, or village is located.

It shall be the duty of the governing body to investigate and inquire into the solvency of each and every surety on any personal bond or bonds so filed by such city depository and accepted by the governing body and approved as required by law, at least twice during each and every year such bonds are effective and in force, and for that purpose shall have authority to require each surety to render an itemized and verified financial statement under oath showing his true financial con-

Tit. 47, Art. 2562

For Annotations and Historical Notes, see Vernon’s Texas Annotated Statutes

If any such statement or statements indicate that any of said sureties have become insolvent, or their net worth depreciated below the amount required by law as such sureties, or if any of the assets listed are shown to be, or are known to be depreciated, or their value in any way impaired, then and in any of such events the governing body shall require a new bond meeting fully the requirements of this law; and in case of a bond or bonds, the sureties on which are required to own unencumbered and non-exempt real estate as herein provided, such statement shall show each tract of land owned by each surety and the value thereof, and if the statements provided for herein shall indicate that any of such lands have been disposed of or encumbered and the value of the remaining unencumbered or non-exempt lands shall not be sufficient to meet the requirements of this law, then the said governing body shall require a new bond meeting fully the requirements of this law. The governing body shall at any time it may deem necessary for the protection of the city, investigate and inquire into the solvency of any surety company or companies issuing a bond or bonds for any depository, and to investigate the value of any of the securities that may be pledged by such depository in lieu of the personal bond; and such governing body may require any such depository, if it deems advisable to execute a new bond, or to deliver into pledge additional or other securities. If said new bond or securities required by the governing body for any reason, as herein specified, be not filed within five (5) days from the time of the service of a copy of said order upon said depository, the governing body may proceed to the selection of another depository in the same manner as provided for the selection of a depository at the regular time for such selection. Nothing in the law shall in any manner limit, restrict, or prevent the governing body from requiring any depository to execute a new bond at any time such governing body may deem it necessary for the protection of the city. As amended, Acts 1937, 45th Leg., p. 1298, ch. 484, § 3.

Art. 2561. [2456] Designating depository, etc.

As soon as said bond shall be given and approved, an order shall be made by the council designating said banking corporation, association, or individual banker, as the depository of the funds of the city until the time fixed by this Act for another selection, and such order shall be entered upon the minutes. It shall be the duty of the city treasurer, immediately upon the making of said order, to transfer to said depository all the funds in his hands belonging to the city, and immediately upon the receipt of the money thereafter, he shall deposit the same with said depository to the credit of the city. If any banking corporation, association, or individual banker, after having been selected as such depository, shall fail to give bond within the time provided by this Act, then the selection of such banking corporation, association, or individual banker, as the depository of the city funds shall be set aside and be null and void, and the governing body shall, after the notice published in the manner hereinbefore provided, proceed to receive new applications and select another depository. [As amended, Acts 1937, 45th Leg., p. 1298, ch. 484, § 3.]

Art. 2562. [2457] Warrant and checks paid

The city treasurer, upon presentation to him of any warrant drawn by the proper authority, if there shall be enough money in the depository belonging to the fund upon which said warrant is drawn and

Tex.St.Supp. '39—23
out of which the same is payable, shall draw his check as city treasurer upon the city depository in favor of the legal holder of said warrant, and to take up said warrant, and charge the same to the fund upon which it is drawn. In no case shall the city treasurer draw any check upon any fund in the city depository, unless there is sufficient money belonging to the fund upon which said warrant is drawn to pay the same, nor shall said city treasurer draw any check upon any funds deposited with said depository or depositories which are designated as “time deposits” until after notice is duly given and the time has expired, as required in the contract with said depository in designating said funds as “time deposits.” No money belonging to the city shall be paid out of the city depository, except upon checks of the city treasurer. All such checks shall be payable by said depository at its place of business in the city. In case any bonds or coupons or other indebtedness of the city are payable, by the terms of such bonds, coupons or other indebtedness, at any particular place other than the city treasury, nothing herein shall prevent the governing body from causing the treasurer to withdraw from the depository and to place at the place where such bonds, coupons or other indebtedness shall be payable at the time of their maturity, a sufficient sum to meet the same. As amended, Acts 1937, 45th Leg., p. 1298, ch. 484, § 3.

Art. 2563. [2458] May select at subsequent meeting

If for any reason no selection of a depository is made at the time fixed by this Act, said governing body may, at any subsequent meeting, after notice published as hereinbefore provided, receive applications and select a depository in the manner herein set out, and the banking corporation, association, or individual banker so selected shall remain the depository until the next regular term for the selection of a depository unless the order selecting it be revoked for the causes specified in this Act. If the governing body shall at any time deem it necessary for the protection of the city, it may by resolution, require the depository to execute a new bond; and upon failure to do so within five (5) days after the service of a copy of the resolution on said depository, said body may proceed to select another depository in the manner hereinbefore provided. As amended, Acts 1937, 45th Leg., p. 1298, ch. 484, § 3.

Art. 2564. [2458] Liability of treasurer

The City Treasurer shall not be responsible for any loss of the city funds through negligence, failure or wrongful act of such depository, but nothing in this Act shall release said treasurer from responsibility for any loss resulting from any official misconduct on his part nor from responsibility for the said funds at any time, when, for any reason, there shall be no city depository, nor until a depository shall be selected and the funds deposited therein, nor for any misappropriation of such funds in any manner by him. As amended, Acts 1937, 45th Leg., p. 1298, ch. 484, § 3.

Art. 2565. [2459] Restrictions upon drawing

No check shall be drawn upon the city depository by the treasurer, except upon a warrant signed by the mayor and attested by the secretary, except where cities are operating under charter provisions that provide for the drawing of checks or warrants on the depository or city funds in a different manner than is herein provided. No warrant shall be drawn by the mayor and secretary upon any of the special
funds created for the purpose of paying the bonded indebtedness of said city, in the hands of the City Treasurer, or in the depository, for any purpose whatsoever other than to pay the principal or interest of said indebtedness, or for the purpose of investing said special fund according to law. No City Treasurer shall pay or issue a check to pay any money out of any special fund created for the purpose of paying any bonded indebtedness of said city other than for the purpose of paying interest due on said bonds, the principal of said bonds or for the purpose of making an investment of said funds according to law. The treasurer shall report to the council on or before its first regular meeting in July in each year, the amount of receipts and expenditures of the treasury, the amount of money on hand in each fund, and the amount of bonds falling due for redemption of which provision must be made; also the amount of interest to be paid during the next fiscal year, and such other reports as the existing law requires of him. [As amended, Acts 1937, 45th Leg., p. 1298, ch. 484, § 3.]

Art. 2566. [2460] Definitions of terms

All provisions of this Act shall apply to towns and villages incorporated under the General Laws of Texas, as well as to cities so incorporated, and the terms “City Secretary,” and “Secretary” shall be construed to include the clerk or secretary of such towns or villages; the term “City Treasurer” shall be construed to include the treasurer of such towns and villages and the term “city” shall be construed to include towns and villages. As amended, Acts 1937, 45th Leg., p. 1298, ch. 484, § 3.

Art. 2566a. Security for deposits not required to extent covered by Federal Deposit Insurance

Notwithstanding any provisions of this Act requiring securities for deposits in the form of collateral, surety bond or in any other form, security for such deposits shall not be required to the extent said deposits are insured under the provisions of Section 12b of the Federal Reserve Act as amended, or any amendments thereto. [Acts 1937, 45th Leg., p. 1298, ch. 484, § 4.]

(b) The primary term of the lease, as determined by the Board prior to the promulgation of the advertisement, shall in no case exceed five (5) years, and each lease shall provide that the lease shall terminate at the expiration of its primary term, and shall provide that if oil and/or gas is being produced in paying quantities from the premises before termination of the primary term, said lease shall continue in force and effect as long as such oil and/or gas is being so produced. The lease shall include such additional provisions and regulations, not inconsistent with the provisions of this Act, as the Board may prescribe to preserve the interests of the State and safeguard the University funds.

(c) Whenever in the discretion of the Board it is to the best interest of the University and its Permanent Fund that production from any lease for a limited period of time should be prorated or reduced, the said Board is hereby given authority to execute the necessary contract or contracts with the lessee or lessees and their assignees to effectuate the same and to carry out the intention of this section. [As amended, Acts 1937, 45th Leg., p. 280, ch. 148, § 5.]

Sec. 14. All surveys, files, records, copies of sale and lease contracts, and all other records pertaining to the sales and leases hereby authorized, shall be filed in the General Land Office and constitute archives thereof. Payments hereunder shall be made to the Commissioner of the General Land Office at Austin, Texas, who shall transmit to the State
Treasurer for deposit to the credit of the Permanent University Fund all bonus and royalty payments, and who shall transmit to the State Treasurer for deposit to the credit of the Available University Fund all payments for delay in drilling, all filing, assignment and relinquishment fees and all other payments, except the one (1%) per cent special fee payment for defraying the expenses of auction sales as provided for in Section 5 hereof; and who shall transmit to the Comptroller of the University of Texas the said special one (1%) per cent fee payment, which shall be disbursed by the said Comptroller for said purpose, after approval thereof by the Board. As amended Acts 1937, 45th Leg., p. 280, ch. 148, § 6.

Amendment of 1937, effective April 14.

Sec. 18. The Board shall adopt such forms and contracts and shall promulgate such rules and regulations not inconsistent with the terms of this Act, as in its judgment will best effectuate the purpose of this Act and best protect the University, its lands and the income therefrom. A majority of the Board shall have the power to act for the Board. The Board shall have the right to withdraw any lands advertised for lease prior to the hour fixed for receiving bids. Any and all, or parts of, laws in conflict with this Act are hereby repealed. [As amended Acts 1937, 45th Leg., p. 280, ch. 148, § 7.

Art. 2610. 2556-60 The Board of Directors

Board of Trustees of "Cotton Research Award Fund," president as member of, see article 165-4.

Art. 2613. [2654-2676] Powers and duties

[Art. 2613a—1. Permanent improvements authorized]

Dormitories, cottages and stadiums, see also, art. 2909a.

Art. 2613a—3. Lease of lands for oil, gas or other mineral development authorized

Section 1. That the Board of Directors of the Agricultural and Mechanical College of Texas is hereby authorized and empowered to lease for oil and/or gas and/or sulphur and/or other mineral development to the highest bidder at public auction all lands used for experimental stations and all other lands under its exclusive control or any part thereof now owned by the State of Texas and acquired for the use of the Agricultural and Mechanical College of Texas and its divisions or that may hereafter be acquired for the use of the Agricultural and Mechanical College of Texas and its divisions. Any amounts received under and by virtue of this Act shall be deposited in the State Treasury to the credit of a special fund to be known as the "Agricultural and Mechanical College of Texas Special Mineral Fund," and any funds placed therein shall be appropriated by the Legislature of the State of Texas in its regular biennial appropriation bill exclusively for the Agricultural and Mechanical College of Texas and its branches or divisions; provided, the amounts received as bonuses and rentals between the effective date of this Act and August 31, 1937, are
hereby appropriated to the Agricultural and Mechanical College of Texas to be expended as may be deemed proper by the Board of Directors of said College; provided, however, that the amounts received prior to August 31, 1937, as bonus money and rental money from leases of the land embraced in Experimental Station No. 4, located in Senatorial District No. 4, may be expended by the Board for the necessary improvements and maintenance of Experimental Station No. 4, and the Board is authorized to expend whatever amount they may deem necessary for improvements, livestock and maintenance of the Piney Woods Livestock Experimental Station in Senatorial District No. 4; provided, however, that any royalties received shall be placed in the special fund provided. All moneys realized from royalties accruing under the terms of this Act shall be used exclusively for the purpose of creating a permanent improvement fund, the income from which shall be expended under the direction of the Board of Directors of the Agricultural and Mechanical College of Texas in erecting permanent improvements for the College and its branches and divisions.

Division of lands into lots or blocks

Sec. 2. The Board is hereby authorized to cause said lands to be surveyed or subdivided into such tracts, lots or blocks as will, in their judgment, be most conducive and convenient to facilitate the advantageous sale of lease for oil, gas, sulphur, and/or other minerals thereof and to make such maps and plats as may be thought necessary to carry out the purposes of this Act. The Board is further authorized to obtain authentic abstracts of title to all of said lands as they may deem necessary from time to time and to take such steps as may be necessary to perfect a merchantable title to said lands in the State of Texas.

Advertising for lease

Sec. 3. Whenever, in the opinion of the Board, there shall be such a demand for the purchase of oil, gas, sulphur or other mineral leases on any tract or part of any tract of land as will reasonably insure an advantageous sale, the Board shall place such oil, gas, sulphur or other mineral leases on said land on the market in such tract or tracts, or any part thereof, as the Board may designate. It shall cause to be advertised a brief description of the land from which the oil, gas, sulphur or other minerals is proposed to be leased. Such advertisement shall be made by inserting in two or more papers of general circulation in this State and in addition the Board may, in its discretion, cause said advertisement to be placed in an Oil & Gas Journal published in and out of the State, and also mail copies of such proposals to the county judge of the county where said lands are located, and mail copies of such proposals to such other persons as the Board might think would be interested therein.

The Board may sell the lease or leases to the highest bidder at public auction at the Agricultural and Mechanical College of Texas, College Station, Texas, at any hour between 10:00 a.m. and 5:00 p.m. The Board shall have the right to reject all bids. However, the highest bidder shall pay to the Board on the day of the sale twenty-five per cent (25%) of the bonus bid and the balance of the bid shall be paid to the Board within twenty-four (24) hours after being notified that the bid has been accepted. Payments shall be paid in cash, certified check or cashier's check, as the Board may direct; provided, the failure to pay the balance of the amount bid will forfeit to the Board the twenty-five per cent (25%) paid.

Bids for leases

Sec. 4. A separate bid shall be made for each tract or subdivision thereof. No bids shall be accepted which offer a royalty of less than one-
eight (1/8th) of the gross production of oil, gas, sulphur and other minerals in the land bid upon and this minimum royalty may be increased at the discretion of the Board. Every bid shall carry the obligation to pay an amount not less than One Dollar ($1.00) per acre for delay in drilling or development; such amount to be fixed by the Board in advance of the advertisement and shall be paid every year for five (5) years unless in the meantime production in paying quantities is had upon the land or said land is re-leased by the lessee.

**Regulations on lease**

Sec. 5. If in the opinion of the Board any one of the bidders shall have offered a reasonable and proper price for any tract and not less than the price fixed by the Board, the lands advertised may be leased for oil, gas, sulphur and/or other mineral purposes under the terms of this Act, and such regulations as the Board may prescribe, not inconsistent with the provisions of this Act. In the event no bid is accepted by the Board at public auction any subsequent procedure for the sale of oil and/or gas and/or sulphur and/or other mineral leases shall be in the manner above provided. Provided that no lease for oil, gas, sulphur, and/or other minerals shall be made by said Board which will permit the drilling or mining for oil and/or gas and/or sulphur and/or other minerals within less than three hundred (300) feet of any building on said land, without the consent of the Board, and further providing that in making any lease on any experimental station and/or farm the lease shall provide that the operations for oil, gas and other minerals shall not in any way interfere with the land as an experimental station and shall not cause the abandonment of said property or its use for experimental farm purposes, and the lessee operating said property shall drill and carry on his operations in such a way as not to cause the abandonment of said property for experimental farm purposes and any such leased property shall be subject to the use by the State of Texas for all experimental purposes and said Board shall continue to operate said experimental station.

**Acceptance of lease; termination**

Sec. 6. If the Board shall determine that a satisfactory bid has been received for said oil, gas, sulphur and/or other mineral lands it shall accept the same and reject all other bids and file said accepted bid in the General Land Office. Whenever the royalties shall amount to as much as the yearly payments as fixed by the Board, the yearly payments may be discontinued. If before the expiration of five years oil and/or gas and/or sulphur and/or other minerals shall not have been produced in paying quantities, the lease shall terminate, unless extended as hereinafter provided.

**Award of lease to highest bidder; termination; extension**

Sec. 7. (a) If the Board shall determine that a satisfactory bid has been received for said oil, gas, sulphur and/or other minerals, it will make an award to the bidder offering the highest price therefor, and a lease shall be filed in the General Land Office.

(b) The exploratory term of the lease as determined by the Board prior to the promulgation of the advertisement shall in no case exceed five (5) years, and each lease shall provide that the lease will terminate at the expiration of its exploratory term unless by unanimous vote of members of the Board such lease may be extended for a period of three (3) years, which lease may be extended where the Board finds that there is likelihood of oil, gas, sulphur and/or other minerals being discovered thereon by lessees, and that such lessees have proceeded with diligence to protect the interest of the State; provided, however, that if oil, gas,
Tit. 49, Art. 2613a—3 REVISED CIVIL STATUTES 364

sulphur and/or other minerals are being produced in paying quantities from the premises, said lease shall continue in force and effect as long as such oil, gas, sulphur and/or other minerals are being so produced. Provided, that no extension hereunder may be made by the Board until the last thirty (30) days of the original term of the lease. The lease shall include such additional provisions and regulations as the Board may prescribe to preserve the interest of the State, but not inconsistent with the provisions of this Act.

(c) Whenever in the discretion of said Board, it is deemed for the best interest of the State to extend a lease issued by said Board, the Board is hereby granted and given full authority by unanimous vote to extend said lease for a period not to exceed three (3) years, upon the condition that the lessee shall continue to pay yearly rental as provided in the lease and such additional terms as the Board may see fit and proper to demand. The Board is hereby given full authority to extend such lease and execute an extension agreement therefor.

(d) Whenever in the discretion of the Board, it is for the best interest of the State to prorate, or reduce production of any land, said Board shall have and is hereby given authority to execute the necessary contract to carry out such purpose.

Rentals under lease

Sec. 8. If, during the term of any lease issued under the provisions of this Act, the lessee shall be engaged in actual drilling operations for the discovery of oil, gas, sulphur and/or other minerals on land covered by any such lease, no rentals shall be payable as to the tract on which such operations are being conducted so long as such operations are proceeding in good faith; and in the event oil, gas, sulphur, and/or other minerals are discovered in paying quantities on any tract of land covered by any such lease, then the lease as to such tract shall remain in force so long as oil, gas, sulphur and/or other minerals are produced in paying quantities from such tract. In the event of the discovery of oil, gas, sulphur and/or other minerals on any tract covered by a lease issued hereunder or on any land adjoining same, the lessee shall conduct such operations as may be necessary to prevent drainage from the tract covered by such lease to properly develop the same, to the extent that a reasonably prudent operator would do under the same and similar circumstances.

Rights of purchaser; assignments

Sec. 9. Title to all rights purchased may be held by the owners so long as the area produces oil, gas, sulphur and/or other minerals in paying quantities. All rights purchased may be assigned. All assignments shall be filed in the General Land Office within one hundred days from the date of the first acknowledgment thereof, accompanied by ten cents (10¢) per acre for each acre assigned and if not so filed and payment made, the assignment shall not be effective. All rights to any whole tract or to any assigned portion thereof may be relinquished to the State at any time by having an instrument of relinquishment recorded in the county or counties in which the area may be situated, and filed with the Chairman of the Board accompanied with One Dollar ($1.00) for each area assigned, but such assignment shall not relieve the owner of any past due obligations theretofore accrued thereon. The Board shall authorize the laying of pipe line, telephone line, and the opening of such roads as may be deemed reasonably necessary for and incident to the purpose of this Act.

Royalty payable to General Land Office

Sec. 10. If oil or other minerals are developed on any of the lands leased by the Board, the royalty as stipulated in the sale shall be paid
to the General Land Office at Austin, Texas, on or before the 20th day of each succeeding month for the preceding month during the life of the rights purchased, and be set aside in the State Treasury as specified in Section 1 hereof, and said funds may be used as therein provided. Said royalty paid to the General Land Office as above stipulated shall be accompanied by the sworn statement of the owner, manager, or other authorized agent showing the gross amount of oil, gas, sulphur and/or other minerals produced and saved since the last report and the amount of oil, gas, sulphur and/or other minerals produced and sold off the premises and the market value of the oil, gas, sulphur and/or other minerals together with a copy of all daily gauges, or vats, tanks, gas meter readings, pipe line receipts, gas line receipts, and other checks and memoranda of the amounts produced and put into pipe lines, tanks, vats, or pool and gas lines or gas storage. The books and accounts, receipts and discharges of all wells, tanks, vats, pools, meters, pipe lines, and all contracts and other records pertaining to the production, transportation, sale and marketing of the oil, gas, sulphur and/or other minerals shall at all times be subject to inspection and examination of any member of the Board of Directors of the Agricultural and Mechanical College of Texas or any duly authorized representative of said Board. The Commissioner of the General Land Office shall tender to the Board of Directors of the Agricultural and Mechanical College of Texas at the close of each month a report of all receipts from the lease or sale of oil, gas, sulphur and/or other minerals turned into the special fund in the State Treasury.

Protection of contiguous or adjoining lands

Sec. 11. In every case where the area in which oil, gas, sulphur and/or other minerals sold shall be contiguous or adjacent to lands which are not lands belonging to and held by the Agricultural and Mechanical College of Texas, the acceptance of the bid and the sale made thereby shall constitute an obligation on the owner thereof to adequately protect the land leased from drainage from said adjacent lands to the extent that a reasonably prudent operator would do under the same and similar circumstances. In cases where the area in which the oil, gas, sulphur and/or other minerals are sold is contiguous to other lands belonging to and held by the Agricultural and Mechanical College of Texas which have been leased or sold at a lesser royalty, the owner shall likewise protect said land from drainage from the lands so leased or sold for a lesser royalty. Upon failure to protect the land from drainage as herein provided the sale and all rights thereunder may be forfeited by the Board in the manner elsewhere provided for forfeitures.

Forfeitures

Sec. 12. If the owner of the rights acquired under this Act shall fail or refuse to make the payments of any sum due thereon, either as rental or royalty on the production, within thirty (30) days after the same shall become due, or if such owner or his authorized agent should make any false return or false report concerning production, royalty or drilling or mining or if such owner shall fail or refuse to drill any offset well or wells in good faith, as required by his lease, or if such owner or his agent should refuse the proper authority access to the records and other data pertaining to the operations under this Act, or if such owner, or his authorized agent, should fail or refuse to give correct information to the proper authorities, or fail or refuse to furnish the log of any well within thirty days after production is found in paying quantities, or if any of the material terms of the lease should be violated, such lease shall be subject to forfeiture by the Board by an order entered
upon the minutes of the Board reciting the facts constituting the default, and declaring the forfeiture. The Board may, if it so desires, have suit instituted for forfeiture through the Attorney General of the State. Upon proper showing by the forfeiting owner, within thirty days after the declaration of forfeiture, the lease may, at the discretion of the Board and upon such terms as it may prescribe, be reinstated. In case of violation by the owner of the lease contract, the remedy of the State by forfeiture shall not be the exclusive remedy but suit for damages or specific performance, or both, may be instituted. The State shall have a first lien upon oil, gas, sulphur and/or other minerals produced upon the leased area, and upon all rigs, tanks, vats, pipe lines, telephone lines, and machinery and appliances used in the production and handling of oil and/or gas and/or sulphur and/or other minerals produced thereon, to secure any amount due from the owner of the said lease.

Records filed in General Land Office

Sec. 13. All surveys, files, records, copies of sale and lease contracts and all other records pertaining to the sales and leases hereby authorized shall be filed in the General Land Office and constitute archives thereof. Payment hereunder shall be made to the Commissioner of the General Land Office at Austin, Texas, who shall transmit to the State Treasurer all royalties, lease fees, rentals for delay in drilling or mining and all other payments, including all filing assignments and relinquishment fees hereunder, to be deposited in the special fund in the State Treasury to the credit of the Agricultural and Mechanical College of Texas as above provided.

Adoption of forms and regulations

Sec. 14. The Board shall adopt proper forms and regulations, rules and contracts as will in its best judgment protect the income from lands leased hereunder. A majority of the Board shall have power to act in all cases, except where otherwise herein provided. The Board may reject any and all bids and shall have the further right to withdraw any lands advertised for lease.

Comptroller's warrants for expenses

Sec. 15. The expenses of executing the provisions of this Act shall be paid by warrants drawn by the Comptroller of the State on the State Treasurer, and for that purpose the sum of Two Thousand Dollars ($2000) or so much thereof as may be necessary is hereby appropriated out of any moneys in the State Treasury not otherwise appropriated until September 1, 1937, after which time expenses of executing the provisions of this Act shall be paid by warrants drawn by the Comptroller of the State on the State Treasurer against the income from the special fund accumulated from leases, rentals, royalties, and other payments.

Partial invalidity

Sec. 16. If any section, subsection, paragraph, clause or sentence in this Act is declared to be unconstitutional, the same shall not affect the remaining portions of this Act. Acts 1937, 45th Leg., p. 285, ch. 150.

Effective April 14, 1937.

Section 17 of this Act declared an emergency making the Act effective on and after its passage.

Art. 2628a—9. Lease of lands of Texas College of Arts and Industries and of Texas Technological College for oil, gas, sulphur or other mineral development; deposit and use of proceeds

Section 1. That the Board of Directors of the Texas Technological College at Lubbock and the Texas College of Arts and Industries at Kingsville are hereby authorized and empowered to lease for oil and/or gas and/or sulphur and/or other mineral development to the highest bidder at public auction all lands under the exclusive control of each Board or any part thereof now owned by the State of Texas and acquired for the use of the Texas Technological College and its divisions and the Texas College of Arts and Industries and its divisions or that may hereafter be acquired for the use of the Texas Technological College and its divisions and the Texas College of Arts and Industries and its divisions. Any amounts received under and by virtue of this Act shall be deposited in the State Treasury to the credit of special funds to be known as the "Texas Technological College Special Mineral Fund" and the "Texas College of Arts and Industries Special Mineral Fund," and be used exclusively for the Texas Technological College and its branches or divisions and the Texas College of Arts and Industries and its branches or divisions; provided, however, no money shall ever be expended from these funds except in the Regular Appropriation Bill and then for the purposes and in the amounts stated in said Bill.

Survey or subdivision of lands; maps and plats; abstracts of title and merchantable title

Sec. 2. Each Board is hereby authorized to cause said lands to be surveyed or subdivided into such tracts, lots, or blocks as will, in their judgment, be most conducive and convenient to facilitate the advantageous sale of lease for oil, gas, sulphur, and/or other minerals thereof and to make such maps and plats as may be thought necessary to carry
out the purposes of this Act. Each Board is further authorized to obtain authentic abstracts of title to all of said lands as they may deem necessary from time to time and to take such steps as may be necessary to perfect a merchantable title to said lands in the State of Texas.

Placing of leases on lands; advertisement; sale at public auction; payments

Sec. 3. Whenever, in the opinion of such Board, there shall be such a demand for the purchase of oil, gas, sulphur, or other mineral leases on any tract or part of any tract of land as will reasonably insure an advantageous sale, such Board shall place such oil, gas, sulphur, or other mineral leases on said land on the market in such tract or tracts, or any part thereof, as such Board may designate. It shall cause to be advertised a brief description of the land from which the oil, gas, sulphur, or other minerals is proposed to be leased. Such advertisement shall be made by inserting in two (2) or more papers of general circulation in this State and in addition such Board may, in its discretion, cause said advertisement to be placed in an Oil and Gas Journal published in and out of the State, and also mail copies of such proposals to the county judge of the county where said lands are located, and mail copies of such proposals to such other persons as such Board might think would be interested therein.

Such Board may sell the lease or leases to the highest bidder at public auction at the Texas Technological College at Lubbock, Texas, or at the Texas College of Arts and Industries at Kingsville, Texas, as the case may be, at any hour between 10:00 a.m. and 5:00 p.m. Such Board shall have the right to reject all bids. However, the highest bidder shall pay to such Board on the day of the sale twenty-five (25) per cent of the bonus bid and the balance of the bid shall be paid to such Board within twenty-four (24) hours after being notified that the bid has been accepted. Payments shall be paid in cash, certified check or cashier's check, as such Board may direct; provided, the failure to pay the balance of the amount bid will forfeit to such Board the twenty-five (25) per cent paid.

Separate bid for each tract; minimum royalty; delay rental

Sec. 4. A separate bid shall be made for each tract or subdivision thereof. No bids shall be accepted which offer a royalty of less than one-eighth of the gross production of oil, gas, sulphur, and other minerals in the land bid upon and this minimum royalty may be increased at the discretion of such Board. Every bid shall carry the obligation to pay an amount not less than One Dollar ($1) per acre for delay in drilling or development; such amount to be fixed by such Board in advance of the advertisement and shall be paid every year for five (5) years unless in the meantime production in paying quantities is had upon the land or said land is released by the lessee.

Subsequent procedure in event no bid at public auction accepted; restrictions and conditions

Sec. 5. If, in the opinion of such Board, any one of the bidders shall have offered a reasonable and proper price for any tract, and not less than the price fixed by such Board, the lands advertised may be leased for oil, gas, sulphur, and/or other mineral purposes under the terms of this Act, and such regulations as such Board may prescribe, not inconsistent with the provisions of this Act. In the event no bid is accepted by such Board at public auction any subsequent procedure for the sale of oil and/or gas and/or sulphur and/or other mineral leases shall be in the manner above provided. Provided that no lease for oil, gas, sulphur,
and/or other minerals shall be made by said Board which will permit the drilling or mining for oil and/or gas and/or sulphur and/or other minerals within less than three hundred (300) feet of any building on said land, without the consent of such Board, and further providing that in making any lease or any experimental station and/or farm the lease shall provide that the operations for oil, gas, and other minerals shall not in any way interfere with the land as a Technological College or a College of Arts and Industries and shall not cause the abandonment of said property or its use for experimental farm purposes, and the lessee operating said property shall drill and carry on his operations in such a way as not to cause the abandonment of said property for Technological College purposes or for all purposes of a College of Arts and Industries and any such leased property shall be subject to the use by the State of Texas for all Technological College purposes or for all purposes of a College of Arts and Industries and said Board shall continue to operate said Technological college or said College of Arts and Industries, as the case may be.

Acceptance and filing of satisfactory bid; discontinuance of yearly payments; termination of lease

Sec. 6. If such Board shall determine that a satisfactory bid has been received for said oil, gas, sulphur, and/or other mineral lands it shall accept the same and reject all other bids and file said accepted bid in the General Land Office. Whenever the royalties shall amount to as much as the yearly payments as fixed by such Board, the yearly payments may be discontinued. If before the expiration of five (5) years oil and/or gas and/or sulphur and/or other minerals shall not have been produced in paying quantities, the lease shall terminate, unless extended as hereinafter provided.

Award to highest bidder; filing of lease; exploratory term; termination or extension; drilling and production under control of Railroad Commission

Sec. 7. (a) If such Board shall determine that a satisfactory bid has been received for said oil, gas, sulphur, and/or other minerals, it will make an award to the bidder offering the highest price therefor, and a lease shall be filed in the General Land Office.

(b) The exploratory term of the lease as determined by such Board prior to the promulgation of the advertisement shall in no case exceed five (5) years, and each lease shall provide that the lease will terminate at the expiration of its exploratory term unless by unanimous vote of members of such Board such lease may be extended for a period of three (3) years, which lease may be extended where such Board finds that there is likelihood of oil, gas, sulphur, and/or other minerals being discovered thereon by lessees, and that such lessees have proceeded with diligence to protect the interest of the State; provided, however, that if oil, gas, sulphur, and/or other minerals are being produced in paying quantities from the premises, said lease shall continue in force and effect as long as such oil, gas, sulphur, and/or other minerals being so produced. Provided, that no extension hereunder may be made by such Board until the last thirty (30) days of the original term of the lease. The lease shall include such additional provisions and regulations as such Board may prescribe to preserve the interest of the State, but not inconsistent with the provisions of this Act.

(c) Whenever, in the discretion of said Board, it is deemed for the best interest of the State to extend a lease issued by said Board, such Board is hereby granted and given full authority by unanimous vote to-
extend said lease for a period not to exceed three (3) years, upon the condition that the lessee shall continue to pay yearly rental as provided in the lease and such additional terms as such Board may see fit and proper to demand. Such Board is hereby given full authority to extend such lease and execute an extension agreement therefor.

(d) The drilling for and the production of oil, gas and other minerals from such lands shall be governed by and under the control of the Railroad Commission of Texas or such other regulatory bodies as may govern same just as in other fields in this State.

Rentals in case of actual drilling in good faith; continuance of lease on discovery of minerals in paying quantities; duty to prevent drainage

Sec. 8. If, during the term of any lease issued under the provisions of this Act, the lessee shall be engaged in actual drilling operations for the discovery of oil, gas, sulphur, and/or other minerals on land covered by any such lease, no rentals shall be payable as to the tract on which such operations are being conducted so long as such operations are proceeding in good faith; and in the event oil, gas, sulphur, and/or other minerals are discovered in paying quantities on any tract of land covered by any such lease, then the lease as to such tract shall remain in force so long as oil, gas, sulphur, and/or other minerals are produced in paying quantities from such tract. In the event of the discovery of oil, gas, sulphur, and/or other minerals on any tract covered by a lease issued hereunder or on any land adjoining same, the lessee shall conduct such operations as may be necessary to prevent drainage from the tract covered by such lease to properly develop the same, to the extent that a reasonably prudent operator would do under the same and similar circumstances.

Title to rights purchased; assignment; relinquishment

Sec. 9. Title to all rights purchased may be held by the owners so long as the area produces oil, gas, sulphur, and/or other minerals in paying quantities. All rights purchased may be assigned. All assignments shall be filed in the General Land Office within one hundred (100) days from the date of the first acknowledgment thereof, accompanied by Ten (10) Cents per acre for each acre assigned and if not so filed and payment made, the assignment shall not be effective. All rights to any whole tract or to any assigned portion thereof may be relinquished to the State at any time by having an instrument of relinquishment recorded in the county or counties in which the area may be situated, and filed with the Chairman of such Board accompanied with One Dollar ($1) for each area assigned, but such assignment shall not relieve the owner of any past due obligations theretofore accrued thereon. Such Board shall authorize the laying of pipe line, telephone line, and the opening of such roads as may be deemed reasonably necessary for and incident to the purpose of this Act.

Payment of royalties; inspection and examination of books, accounts, etc.; report of receipts

Sec. 10. If oil or other minerals are developed on any of the lands leased by such Board, the royalty as stipulated in the sale shall be paid to the General Land Office at Austin, Texas, on or before the 20th day of each succeeding month for the preceding month during the life of the rights purchased, and be set aside in the State Treasury as specified in Section 1 hereof, and said funds may be used as therein provided. Said royalty paid to the General Land Office as above stipulated shall be ac-
accompanied by the sworn statement of the owner, manager, or other authorized agent showing the gross amount of oil, gas, sulphur, and/or other minerals produced and saved since the last report and the amount of oil, gas, sulphur, and/or other minerals produced and sold off the premises and the market value of the oil, gas, sulphur, and/or other minerals together with a copy of all daily gauges, or vats, tanks, gas meter readings, pipe line receipts, gas line receipts, and other checks and memoranda of the amounts produced and put into pipe lines, tanks, vats, or pool and gas lines or gas storage. The books and accounts, receipts and discharges of all wells, tanks, vats, pools; meters, pipe lines, and all contracts and other records pertaining to the production, transportation, sale and marketing of the oil, gas, sulphur, and/or other minerals shall at all times be subject to inspection and examination of any member of the Board of Directors of the Texas Technological College or any duly authorized representative of said Board or any member of the Board of Directors of the Texas College of Arts and Industries or any duly authorized representative of said Board, as the case may be. The Commissioner of the General Land Office shall tender to the Board of Directors of the Texas Technological College or to the Board of Directors of the Texas College of Arts and Industries, as the case may be, at the close of each month a report of all receipts from the lease or sale of oil, gas, sulphur, and/or other minerals turned into the special fund in the State Treasury.

Protection of land leased from drainage; forfeiture of rights

Sec. 11. In every case where the area in which oil, gas, sulphur, and/or other minerals sold shall be contiguous or adjacent to lands which are not lands belonging to and held by the Texas Technological College or the Texas College of Arts and Industries, as the case may be, the acceptance of the bid and the sale made thereby shall constitute an obligation on the owner thereof to adequately protect the land leased from drainage from said adjacent lands to the extent that a reasonably prudent operator would do under the same and similar circumstances. In cases where the area in which the oil, gas, sulphur, and/or other minerals are sold is contiguous to other lands belonging to and held by the Texas Technological College or the Texas College of Arts and Industries, as the case may be, which have been leased or sold at a lesser royalty, the owner shall likewise protect said land from drainage from the lands so leased or sold for a lesser royalty. Upon failure to protect the land from drainage as herein provided the sale and all rights thereunder may be forfeited by such Board in the manner elsewhere provided for forfeitures.

Forfeiture of lease; grounds; suit for forfeiture, damages or specific performance; lien of state

Sec. 12. If the owner of the rights acquired under this Act shall fail or refuse to make the payments of any sum due thereon, either as rental or royalty on the production, within thirty (30) days after the same shall become due, or if such owner or his authorized agent should make any false return or false report concerning production, royalty or drilling or mining or if such owner shall fail or refuse to drill any offset well or wells in good faith, as required by his lease, or if such owner or his agent should refuse the proper authority access to the records and other data pertaining to the operations under this Act, or if such owner or his authorized agent should fail or refuse to give correct information to the
proper authorities, or fail or refuse to furnish the log of any well within thirty (30) days after production is found in paying quantities, or if any of the material terms of the lease should be violated, such lease shall be subject to forfeiture by such Board by an order entered upon the minutes of such Board reciting the facts constituting the default, and declaring the forfeiture. Such Board may, if it so desires, have suit instituted for forfeiture through the Attorney General of the State. Upon proper showing by the forfeiting owner, within thirty (30) days after the declaration of forfeiture, the lease may, at the discretion of such Board and upon such terms as it may prescribe, be reinstated. In case of violation by the owner of the lease contract, the remedy of the State by forfeiture shall not be the exclusive remedy but suit for damages or specific performance, or both, may be instituted. The State shall have a first lien upon oil, gas, sulphur, and/or other minerals produced upon the leased area, and upon all rigs, tanks, vats, pipe lines, telephone lines, and machinery and appliances used in the production and handling of oil and/or gas and/or sulphur and/or other minerals produced thereon, to secure any amount due from the owner of the said lease.

Filing of surveys, records, etc. in General Land Office; payment of royalties, rentals, etc.

Sec. 13. All surveys, files, records, copies of sale and lease contracts and all other records pertaining to the sales and leases hereby authorized shall be filed in the General Land Office and constitute archives thereof. Payment hereunder shall be made to the Commissioner of the General Land Office at Austin, Texas, who shall transmit to the State Treasurer all royalties, lease fees, rentals for delay in drilling or mining and all other payments, including all filing assignments and relinquishment fees hereunder, to be deposited in the special fund in the State Treasury to the credit of the Texas Technological College or the Texas College of Arts and Industries, as the case may be, as above provided.

Forms, regulations, rules and contracts; majority of board to act; rejection of bids; withdrawal of lands

Sec. 14. Such Board shall adopt proper forms and regulations, rules and contracts as will in its best judgment protect the income from lands leased hereunder. A majority of such Board shall have power to act in all cases, except where otherwise herein provided. Such Board may reject any and all bids and shall have the further right to withdraw any lands advertised for lease.

2. STATE BOARD

Art. 2665. [2729] Shall make apportionment

The State Board of Education shall, on or before the first day of August in each year, based on the estimate theretofore furnished said Board by the Comptroller, make an apportionment for the ensuing scholastic year of the available State School Funds among the several counties of the State and the several cities and towns and school districts constituting separate school organizations, according to the scholastic population of each, and thereupon the secretary shall certify to the treasurer of each such separate school organization the total amount of available school fund so apportioned to each, which certificate shall be signed by the president and countersigned by the Comptroller and attested by the secretary.

In arriving at the amount to be apportioned, the State Board of Education shall determine the cost of operating schools for a six (6) months period, taking into consideration the estimate of current costs, including the cost of general control, instruction, operation, maintenance, fixed charges, auxiliary agencies, and interest on short term loans; all items to be calculated on a minimum program of education set up by the State
Board. When such apportionment per pupil has been fixed, same shall be certified by the secretary of the Board and filed with the Automatic Tax Board to be used by the Tax Board in fixing the rate of State ad valorem taxes for school purposes that will provide sufficient funds to maintain the public schools of Texas for a period of not less than six (6) months. Provided that the State Board of Education in estimating the amount of money that it judges to be necessary to maintain the public schools for a period of not less than six (6) months shall proceed as follows, and make use of the formulas set up as follows: (1) It shall multiply the minimum base salary per month used in accredited schools by the total number of teachers, principals, supervisors, assistant superintendents, and superintendents in the State, and then multiply this product by six (6); (2) From its statistical data collected yearly showing total expenditures for school purposes by all the public schools of the State, it shall make an average of such expenditures for the last five (5) years preceding the year for which the per capita is to be set, taking into account all expenditures for general control less salaries paid to superintendents and assistant superintendents, for instructional purposes less salaries paid to supervisors, principals, and teachers of all ranks, for the operation of the school plants, for the maintenance of the school plants, for fixed charges, for interest on short term loans to pay current running expenses in anticipation of the collection of taxes or the receipt of the State per capita or other moneys, and for auxiliary agencies, but specifically excluding all amounts spent for bonds or the servicing of bonds or bonded indebtedness in any way and specifically excluding also all amounts spent as capital outlay for grounds, buildings, and equipment; (3) It shall take two-thirds (2/3) of the total average so found as directed in two (2) above and add to it the last product as found in one (1) above, and this last sum so found shall be considered the amount that is deemed necessary to maintain the public schools for a period of not less than six (6) months. Provided that the State per capita apportionment shall never exceed Twenty-two Dollars and Fifty Cents ($22.50) for any one scholastic year. As amended Acts 1939, 46th Leg., p. 274, § 1. No bonds, obligations, or pledges except those of the United States, the State of Texas, and the University of Texas, shall be so purchased when the indebtedness of the county, city, precinct, or district issuing same, inclusive of those so offered, shall exceed seven (7%) per cent of the assessed value of the real estate therein. If default be made in the payment of interest due upon such bonds, obligations, or pledges, the State Board of Education may at any time prior to the payment of such overdue interest elect to treat the principal as also due, and the same shall thereupon, at the option of said Board become due and payable; and the payment of both such principal and interest shall in all such cases be enforced in the manner provided by law, and the right to enforce such collection shall
never be barred by any law or limitation whatever. As amended Acts 1939, 46th Leg., p. 276.

The Tax Collector shall deposit the money collected from said tax in a separate fund to be known as the County Equalization Fund for the support of the public schools of the county. The County Board of School Trustees shall issue warrants against such Equalization Fund to the school district trustees on a per capita basis of scholastic pupils in each district; provided that the County Board may, from time to time, as the money is collected, issue warrants to the various school districts in proportion to the amount that each is entitled to receive on such per capita basis of scholastic pupils in the respective districts.

Sec. 8. Sec. 3. On the petition of as many as one hundred (100) legally qualified taxing voters of any county, subject to the provisions of this Act praying for the authority to levy and collect said tax, the County Judge shall immediately order an election to be held throughout the county, said election to be held not more than thirty (30) days, nor less than twenty (20), from the date of such order. in common school districts having a taxable valuation of One Million, Five Hundred Thousand Dollars ($1,500,000) or less in counties having a population of one hundred and thirty thousand (130,000) to one hundred and fifty thousand (150,000) and having therein two (2) cities of more than fifty thousand (50,000) population each, according to the last preceding Federal Census; providing for elections with reference to said tax; authorizing Commissioners Courts to levy and collect said tax, and declaring an emergency. Art. 2784d. Borrowing money, additional power of districts of 39,495 to 39,500 population and having large percentage of delinquent taxes

Section 1. In addition to the powers conferred by other Acts, the board of education or other governing body of any school district having at any time outstanding delinquent taxes (other than bond taxes) levied within the preceding seven (7) years exceeding Eighteen Thousand Dollars ($18,000) and not less than sixty (60) per centum of its current tax levy for maintenance and operation, may borrow money for school purposes in an amount not exceeding fifty (50) per centum of the total amount of all delinquent taxes, excluding those mentioned in Section 7 hereof, and issue notes or certificates of indebtedness therefor in anticipation of the collection of such delinquent taxes. In the resolution authorizing the issuance of said notes or certificates, the governing body of any such district shall prescribe the rate of interest and the serial maturities thereof, the maximum maturity date not to exceed fifteen (15) years, and rights of redemption prior to maturity, if any, as to such notes scheduled to mature on and after five (5) years from their date. Except as herein otherwise provided, such taxes shall be deemed to be irrevocably pledged to the payment of such notes or certificates and shall as collected be paid into a separate fund or funds to be used solely for such payment until all such notes or certificates have been paid. The proceeds of said notes shall be applied first to the payment of any valid indebtedness or renewal thereof of such district previously incurred in anticipation of the collection of such delinquent taxes, and the balance of such proceeds shall be applied to other school purposes as the board of education or other governing body of the school district may authorize and provide.

Sec. 2. Whenever any notes or certificates of indebtedness have been issued under this Act, and so long as any of them may be outstanding the officer charged with the collection of such delinquent taxes shall pay the same to the legal depository of the district, to be deposited and held in a special fund for the payment of such notes or certificates, and except as herein otherwise provided, no part thereof shall be applied or used for any other purpose.

Sec. 3. The resolution authorizing such notes or certificates may provide for the transfer from such special fund or any accumulation of moneys not reasonably necessary to secure and assure their payment, but no such transfer shall be made except in consideration of the pledge of additional delinquent taxes as herein provided. At any time after the end of the fiscal year in which such notes or certificates are issued, or at or after the end of or during any later fiscal year, as and when current taxes become delinquent, the Board of education or any other governing body of the district may pledge to such special fund the delinquent taxes of such later year in such manner as may be prescribed in such authorizing resolution. Concurrently with the pledging of such revenues, if the notes or certificates remaining unmatured or unpaid less the moneys in the special fund for their payment are less than fifty (50) per cent (or such higher percentage as may be prescribed in the resolution authorizing such notes or certificates) of the delinquent taxes of the seven (7) next preceding fiscal years so pledged, such governing body
may by resolution make the transfer of money from such funds to its
general fund, provided, however, that no such transfer shall be made at
any time unless all the taxes then delinquent of the later years not in-
cluding the original pledge under Section 1, including all delinquent
taxes of the next preceding fiscal year shall have been duly pledged to
such fund and all other indebtedness chargeable against such delinquent
taxes shall have been paid, and unless there shall be and remain in
such special fund a sum sufficient to pay the principal and interest on
such notes or certificates to fall due within one year thereafter, which
sum shall also be not less at any time than an amount which, multiplied
by the number of full years then remaining until the last of such notes
or certificates become due, will equal the amount of notes or certificates
then outstanding; provided, however, to make it clear, no such transfer
of money from the special fund shall be permitted unless, after such
transfer, the pledged delinquent taxes for the preceding seven (7) years
shall be at least twice the amount of the outstanding certificates or notes
less the amount of money left in the special fund. In addition to any re-
quirements of such authorizing resolutions, on the occasion of each such
transfer of money from the special to the general fund, the governing
body of such district shall adopt a resolution making the findings of fact
which are in this Section made a prerequisite to such transfer, directing
the transfer of such money and authorizing its proper officers to issue
proper checks or vouchers to accomplish the purpose. The resolution
authorizing such notes or certificates may prescribe the form of resolu-
tion to effect such pledge of later delinquent taxes and the form of proof
to be furnished the legal depository showing compliance with this Act and
with such resolution. Such proof with certified copy of such resolution
shall be filed with the legal depository of such district, as authority for
and shall be filed with the legal depository of such district, prior to the
transfer of such money. Upon receipt of and in accepting such in-
strument and by such transfer of funds, said legal depository shall in-
cur no liability other than that imposed on such depository by other
laws, or by the authorizing resolution, or for its own gross neglect. Such
proof and such certified copy shall be available, for examination by the
holder of any such certificate or note at all reasonable times, upon writ-
ten request made of such legal depository. Thereafter all of such de-
linquent taxes additionally pledged shall be subject to the provisions
of this Act in all respects as though they had been included in the
original pledge under Section 1 of this Act. The officer charged with
the collection of delinquent taxes shall be charged with knowledge of
such pledge or transfer and all moneys collected by him and any addi-
tional delinquent taxes so pledged shall be paid into such special fund,
as above provided. So long as the original pledge of said taxes remains
intact, and so long as such subsequent pledges of delinquent taxes for
later years and concomitant transfers of money from said special fund
to the general fund are made in strict compliance with the provisions of
this Section, the holder or holders of such notes or certificates shall never
have the right to demand payment thereof out of any fund other than
such pledged delinquent taxes, but in all other respects such notes or
certificates shall constitute obligations of the district and nothing here-
in shall prevent the use of general funds when necessary for their pay-
ment.

Sec. 4. Nothing herein shall prevent the district from borrowing
funds in any year payable out of the revenues of such year and charge-
able to such revenues, including any revenues that may be derived by
transfer from such special fund under Section 3 but loans chargeable
against the taxes of any year shall be paid or if so provided in the
authorizing resolution described in Section 1 of the loan on current
taxes securing same released before the taxes for such year when de­
linquent may be pledged under Section 3. For the purpose of this Act,
the district may pay or renew any such current loans by new loans
against the revenues of the succeeding year. But nothing in this Act
shall prevent the district from pledging its current revenue or impair
any loan so created.

Sec. 5. Interest and penalties on delinquent taxes shall be deemed a
part of such taxes for the purpose of this Act. Should any delinquent
taxes including interest and penalties be cancelled, waived, released, or
reduced either by the district or in any other way, with or without its
consent, the amount of the loss so sustained shall be paid by the dis­
trict to the special fund provided in Section 2 out of funds not other­
wise pledged to such special fund; provided, that in lieu of such pay­
ment the district may file with the legal depository a resolution and proof
sufficient in form and effect to authorize the release of such moneys
(if paid) from such fund under Section 3.

Sec. 6. Should there be an existing pledge at the time of the adop­
tion of the original authorizing resolution of not exceeding ten (10)
per cent of the delinquent taxes to secure indebtedness which in the judg­
ment of the governing body is otherwise adequately secured, the resolu­
tion authorizing such notes or certificates may provide that such in­
debt edness, notwithstanding such pledge, shall not for purpose of this
Act be deemed chargeable against such delinquent taxes and nothing in
this Act or done under it shall be deemed to impair such prior charge.

Sec. 7. Taxes levied in any year to pay principal and interest of
bonds which subsequently become delinquent for the purpose of
this Act shall not be included in the terms taxes or revenues or de­
linquent taxes as such herein.

Sec. 8. If and as provided in the resolution authorizing such notes or
certificates, in the event of the violation of this Act or of any covenants
made under it by which violation any moneys required to be paid into
the special fund are not so paid or any moneys in such fund are ap­
plicated, used, or transferred, except as provided by this Act, then in addi­
tion to the other rights and remedies hereunder the officer or officers
required to collect any taxes or to pay any revenue to the district shall
pay such taxes when collected or such revenue to the legal depository
to be deposited and held in the special fund provided for the payment of
such notes or certificates until the amount so paid (excluding delinquent
taxes pledged) shall equal the moneys not so paid when required or
the moneys so wrongfully applied, used, or transferred with interest at
the rate of six (6) per cent per annum from the date of such violation.

The legal depository may enforce compliance with this Act but shall not
be required to do so. Any holder of such notes or certificates may en­
force compliance with this Act on behalf of all the holders and may
intervene in any action taken by the legal depository or by any other
holder. Any reasonable expense properly incurred by the legal deposi­
tory or by any such holder or holders shall, if the violation be estab­
lished, constitute a charge on such special fund junior to the payment of
the notes or certificates and no moneys shall thereafter be transferred
from such special fund under Section 3 until such expenses are paid,
or the amount claimed therefor is escrowed pending the determina­
tion of the reasonableness or propriety of such expense.

Sec. 9. Such notes or certificates shall be eligible to secure deposits
of all funds of the State of Texas, and of counties, cities, districts, and
political subdivisions of and in the State of Texas in the same manner
and on the same basis that bonds of independent school districts are eligible for such purpose.

Sec. 11a. The provisions of this Act shall effect only those counties having a population of not less than thirty-nine thousand, four hundred and ninety-five (39,495), and not more than thirty-nine thousand, five hundred (39,500), according to the last Federal Census. Acts 1939, 46th Leg., Spec.L., p. 704.

Effective June 13, 1939.

Acts 1939, 46th Leg., Spec.L., p. 704.

Art. 2786b. Assumption of bonded indebtedness by school districts when boundaries extended

Section 1. This Act shall be applicable to towns and villages incorporated for free school purposes only, common school districts, independent school districts, consolidated common school districts, consolidated independent school districts, county wide school districts, consolidated county wide school districts and rural high school districts and to every other class or type of school district, which have been heretofore or hereafter shall have been extended or enlarged under such circumstances that at the time of such extension or enlargement there were or are bonds outstanding payable from taxes levied against territory which does not comprise all of the territory of such extended or enlarged district.

Election; taxes

Sec. 2. The governing board of any such district, without the prerequisite filing of a petition requesting such action, is hereby authorized to order that an election be held in said district as enlarged or extended on the question of the assumption of such bonded indebtedness by said district as enlarged or extended and the levying and collecting of a tax therein to pay the principal and interest thereof. The law in reference to the calling of elections and the holding of elections for the issuance of school house bonds by any such district shall be applicable to such election to the extent that such law is applicable and not in conflict herewith, and in event of conflict the provisions of this Act shall control. Only qualified electors who own taxable property in said district and who shall have duly rendered the same for taxation shall be qualified to vote. If a majority of persons voting at said election shall vote in favor of the assumption of said indebtedness and the levying and collecting of said tax said indebtedness shall from and after the canvassing of the returns and declaration of the result of said election be the general obligation of such school districts as enlarged or extended, payable from taxes that
shall be levied upon all taxable property therein, subject only to limitations prescribed by law.

It shall be the duty of the governing board of such district from and after the assumption of such indebtedness to levy and collect annually taxes against all of the taxable property in said district sufficient to pay the interest and to pay or to provide for the payment of the principal thereof.

Prior elections validated

Sec. 3. In every instance wherein an election has been held heretofore in any such district on the question of the assumption of indebtedness by such district as enlarged or extended, where a majority of those voting at said election voted in favor of the assumption of such indebtedness, and in which the governing board of such districts has heretofore canvassed the returns and declared the result thereof, the act of the governing board of such district in calling said election, the act of the voters in voting to assume such indebtedness, and the act of the governing board in canvassing the returns and declaring the results of such election are each and all hereby expressly validated. The indebtedness thus attempted to be assumed at each such election is hereby declared to be the indebtedness of such district as enlarged and extended and the duty is hereby imposed on the governing board of each such district to levy and collect annually taxes against all of the property in said district, sufficient to pay the interest and to pay or provide a proportionate part of the principal thereof.

Refunding indebtedness; bonds

Sec. 4. The law applicable to the issuance of refunding bonds by school districts shall be available in reference to the indebtedness thus assumed under or validated by the provisions of this Act, in event the governing board of such district elects to refund such indebtedness. In every instance wherein an election has heretofore been held on the question of assuming any such indebtedness and the governing board of such district has adopted resolutions or passed orders authorizing the issuance of refunding bonds eligible in exchange for said indebtedness which the district has attempted to assume, the actions taken by such governing board are hereby expressly validated and said refunding bonds when approved by the Attorney General of the State of Texas and registered in the office of the Comptroller of Public Accounts of the State of Texas in lieu of said original items of indebtedness are hereby expressly validated and when so issued registered and delivered shall constitute valid and binding obligations of such district so extended or enlarged.

Application of act

Sec. 5. It is expressly provided, however, that the provisions of this Act validating elections heretofore held on the question of the assumption of indebtedness and validating refunding proceedings heretofore had by such governing boards shall not apply in instances wherein the validity of such election or the validity of such action by such governing board is in litigation at the time this Act becomes effective.

Districts having coterminous boundaries

Sec. 6. In each instance wherein a common school district has been or shall hereafter be converted into an independent school district and in each instance wherein a district of any kind or class has been converted into a district of any other kind or class the boundaries of said original district and of said successor district being coterminous, the indebtedness
of said original district shall be held and considered and is hereby declared to be the indebtedness of said successor district without the necessity of an election of any character for the assumption of such indebtedness, and the duty is hereby imposed on the governing board of such successor district to levy and collect annually taxes against all of the property in said district, sufficient to pay the interest and to provide a proportionate part of the principal thereof. In each instance wherein the governing board of any such converted district shall have heretofore adopted resolutions or passed orders authorizing the issuance of refunding bonds for the purpose of taking up or including therein indebtedness created by any such original district such actions are hereby validated and said refunding bonds as and when approved by the Attorney General of the State of Texas and registered in the office of the Comptroller of Public Accounts of the State of Texas in lieu of such original bonds are hereby expressly validated and shall be held to be the binding obligations of said converted district. [Acts 1936, 44th Leg., 3rd C. S., p. 2105, ch. 508.]

Sec. 4. Bonds for school purposes heretofore lawfully issued by the governing body of such city or town, together with such bonds hereafter issued by the governing body of such city or town pursuant to authorization of the electorate voted prior to the effective date of this enactment, shall be and constitute the valid and subsisting obligations of such city or town in its capacity as a school district, and the payment of interest on and provision for the redemption of the principal of such bonds shall be provided for in the manner prescribed by existing applicable provisions of the laws of the State or the charter of such city or town. Acts 1939, 46th Leg., p. 285.

Art. 2802f—1. Additional powers conferred on districts having large percentage of delinquent taxes; borrowing money; pledging taxes

Section 1. In addition to the powers conferred by other Acts, the Board of Education or other governing body of any school district having at any time outstanding delinquent taxes (other than bond taxes) levied within the preceding six years exceeding Nine Hundred Thousand Dollars ($900,000) and not less than sixty (60) per centum of its current tax levy for maintenance and operation, may borrow money for school purposes in an amount not exceeding fifty (50) per centum of the total amount of all delinquent taxes, excluding those mentioned in Section 7 hereof, and issue notes or certificates of indebtedness therefor in anticipation of the collection of such delinquent taxes. In the resolution authorizing the issuance of said notes or certificates, the governing body of any such district shall prescribe the rate of interest and the serial maturities thereof, the maximum maturity date not to exceed fifteen (15) years, and rights of redemption prior to maturity, if any, as to such notes scheduled to mature on and after five (5) years from their date. Except as herein otherwise provided, such taxes shall be deemed to be irrevocably pledged to the payment of such notes or certificates and shall as collected be paid into a separate fund or funds to be used solely for such payment until all such notes or certificates have been paid. The proceeds of said notes shall be applied first to the payment of any valid indebtedness or renewal thereof of such district previously incurred in anticipation of the collection of such delinquent taxes, and the balance of such proceeds shall be applied to other school purposes as the Board of Education or other governing body of the school district may authorize and provide.
Payment of delinquent taxes collected into special fund in depository

Sec. 2. Whenever any notes or certificates of indebtedness have been issued under this Act, and so long as any of them may be outstanding, the officer charged with the collection of such delinquent taxes shall pay the same to the legal depository of the district, to be deposited and held in a special fund for the payment of such notes or certificates, and except as herein otherwise provided, no part thereof shall be applied or used for any other purposes.

Pledge of delinquent taxes to special fund

Sec. 3. The resolution authorizing such notes or certificates may provide for the transfer from such special fund of any accumulation of moneys not reasonably necessary to secure and assure their payment, but no such transfer shall be made except in consideration of the pledge of additional delinquent taxes as herein provided. At any time after the end of the fiscal year in which such notes or certificates are issued, or at or after the end of or during any later fiscal year, as and when current taxes become delinquent, the Board of Education or any other governing body of the district may pledge to such special fund the delinquent taxes of such later year in such manner as may be prescribed in such authorizing resolution. Concurrently with the pledging of such revenues, if the notes or certificates remaining unmatured or unpaid less the moneys in the special fund for their payment are less than fifty (50) per cent (or such higher percentage as may be prescribed in the resolution authorizing such notes or certificates) of the delinquent taxes of the six (6) next preceding fiscal years so pledged, such governing body may by resolution make the transfer of money from such fund to its general fund; provided, however, that no such transfer shall be made at any time unless all the taxes then delinquent of the later years not included in the original pledge under Section 1, including all delinquent taxes of the next preceding fiscal year shall have been duly pledged to such fund and all other indebtedness chargeable against such delinquent taxes shall have been paid, and unless there shall be and remain in such special fund a sum sufficient to pay the principal and interest on such notes or certificates to fall due within one year thereafter, which sum shall also be not less at any time than an amount which, multiplied by the number of full years then remaining until the last of such notes or certificates become due, will equal the amount of notes or certificates then outstanding; provided, however, to make it clear, no such transfer of money from the special fund shall be permitted unless, after such transfer, the pledged delinquent taxes for the preceding six years shall be at least twice the amount of the outstanding certificates or notes less the amount of money left in the special fund. In addition to any requirements of such authorizing resolution, on the occasion of each such transfer of money from the special to the general fund, the governing body of such district shall adopt a resolution making the findings of fact which are in this section made a prerequisite to such transfer, directing the transfer of such money and authorizing its proper officers to issue proper checks or vouchers to accomplish the purpose. The resolution authorizing such notes or certificates may prescribe the form of resolution to effect such pledge of later delinquent taxes and the form of proof to be furnished the legal depository showing compliance with this Act and with such resolution. Such proof with certified copy of such resolution shall be filed with the legal depository of such district, as authority for and shall be filed with the legal depository of such district, prior to the transfer of such money. Upon receipt of and in accepting such instrument and by such transfer of funds, said legal depository shall in-
cur no liability other than that imposed on such depository by other laws, or by the authorizing resolution, or for its own gross neglect. Such proof and such certified copy shall be available, for examination by the holder of any such certificate or note at all reasonable times, upon written request made of such legal depository. Thereafter all of such delinquent taxes additionally pledged shall be subject to the provisions of this Act in all respects as though they had been included in the original pledge under Section 1 of this Act. The officer charged with the collection of delinquent taxes shall be charged with knowledge of such pledge or transfer and all moneys collected by him and any additional delinquent taxes so pledged shall be paid into such special fund, as above provided. So long as the original pledge of said taxes remains intact, and so long as such subsequent pledges of delinquent taxes for later years and concomitant transfers of money from said special fund to the general fund are made in strict compliance with the provisions of this section, the holder or holders of such notes or certificates shall never have the right to demand payment thereof out of any fund other than such pledged delinquent taxes, but in all other respects such notes or certificates shall constitute obligations of the district and nothing herein shall prevent the use of general funds when necessary for their payment.

Borrowing money payable out of current revenues; renewal of loans

Sec. 4. Nothing herein shall prevent the district from borrowing funds in any year payable out of the revenues of such year and chargeable to such revenues, including any revenues that may be derived by transfer from such special fund under Section 3 but loans chargeable against the taxes of any year shall be paid or if so provided in the authorizing resolution described in Section 1 the lien on current taxes securing same released before the taxes for such year when delinquent may be pledged under Section 3. For the purpose of this Act, the district may pay or renew any such current loans by new loans against the revenues of the succeeding year. But nothing in this Act shall prevent the district from pledging its current revenue or impair any lien so created.

Interest and penalties

Sec. 5. Interest and penalties on delinquent taxes shall be deemed a part of such taxes for the purposes of this Act. Should any delinquent taxes including interest and penalties be cancelled, waived, released, or reduced either by the district or in any other way, with or without its consent, the amount of the loss so sustained shall be paid by the district to the special fund provided in Section 2 out of funds not otherwise pledged to such special fund; provided, that in lieu of such payment the district may file with the legal depository a resolution and proof sufficient in form and effect to authorize the release of such moneys (if paid) from such fund under Section 3.

Existing pledge of delinquent taxes

Sec. 6. Should there be an existing pledge at the time of the adoption of the original authorizing resolution of not exceeding ten (10) per cent of the delinquent taxes to secure indebtedness which in the judgment of the governing body is otherwise adequately secured, the resolution authorizing such notes or certificates may provide that such indebtedness, notwithstanding such pledge, shall not for purpose of this Act be deemed chargeable against such delinquent taxes and nothing in this Act or done under it shall be deemed to impair such prior charge.
Definitions

Sec. 7. Taxes levied in any year to pay principal and interest of bonds which taxes subsequently become delinquent for the purpose of this Act shall not be included in the terms "taxes" or "revenues" or "delinquent taxes" as such herein.

Violation of requirement to pay moneys into special fund

Sec. 8. If any word, phrase, clause, sentence, paragraph, section, or part of this bill shall be held by any Court of competent jurisdiction to be invalidated as unconstitutional, or for other reasons, it shall not affect any other word, phrase, clause, sentence, paragraph, section, or part of this Act. Sec. 4. The duties imposed and the rights conferred by this Act shall be cumulative of all other duties heretofore imposed and rights heretofore conferred and shall not be considered to be in substitution thereof.

**Partial invalidity**

Sec. 5. In event any provisions of this Act shall be in conflict with the provisions of any other Act, the provisions contained in this Act shall prevail. In event any sentence, clause or provision contained in this Act shall be invalid, such partial invalidity shall not affect the other provisions of this Act. CHAPTER NINETEEN-B—STATE AID FOR RURAL AND SMALL TOWN SCHOOLS

Art. 2922zz—1. State or governmental agencies aiding school districts; declaration concerning corporate bodies affected

Art. 2922zz—1. State or governmental agencies aiding school districts; declaration concerning corporate bodies affected

Section 1. Declaration concerning the corporate bodies politic or other governmental agencies to be affected by the Act. Whenever it appears that the consummation of any project by the State of Texas, or by any subsidiary corporate body politic of the State, or by any other governmental agency of the State (all of which, for convenience, hereinafter usually will be referred to as “State agency”) has resulted, or will result, in producing in the affairs of any common school district, or independent school district, or other similar tax-supported educational district-creatures of the State (by whatever name they be designated, for convenience to be hereinafter usually referred to as “school district,” or “district”), the conditions hereinafter designated; then, there may be exercised by the governing authority of the State’s agency having control of any such project, the powers hereinafter established, under the conditions hereinafter defined.

Conditions existing as basis for aid

Sec. 2. The conditions which must exist as a basis for invocation of the powers of this Act:

(a) The school district has outstanding bonds or other indebtedness, which indebtedness must be paid, in whole or in part, by using the proceeds of ad valorem taxes levied by the district;

(b) It appears that the uncompensated loss of taxable values by the district will unduly burden the property, or the owners of the property, remaining subject to the taxing power of the district; or, if it appears that the district thereafter will not be able to discharge its function as an educational agency of the State, in a manner substantially comparable to that standard heretofore prevailing in the district; and

(c) To be a necessary condition for any relief under the provisions of this Act; the State agency has assurance of revenues to be derived from taxation of property not subject to taxation by one or more school districts conditioned as set forth in this Act, and deemed to be adequate in
amount to afford the relief sought to be provided by this Act, without assuredly impairing the ability of a given affected State agency to discharge its lawfully imposed duties to the State; then:

Defining powers for relief to be conferred by the act

Sec. 3. Defining the powers for relief to be conferred by this Act. Whenever there be present in the relations of the State, or a State agency, to a school district concurrence of the conditions specified in Section 2 of this Act, then the governing body (or duly constituted and empowered officer or officers) of the State agency producing distress in the affairs of an affected school district, may exercise discretion to compensate the district and cooperate with it in the manners and within the limits now to be specified, i. e.:

(1) The State or any State agency in this Act specified may pay for the use and benefit of the district a sum of money not to exceed that which would be produced by taxing for a period of not to exceed six (6) years the property of the State agency, at the assessed valuation and at the rate of the district’s tax levy for the particular year in which the appropriation of the given property was consummated; however:

(2) In no event shall the compensation to be made hereunder to any given district exceed the amount of its outstanding bonded debt on December 31st of the year during which the State agency may have acquired the property theretofore subject to the district’s taxing power, plus a sum of money equal to the amount which will be produced by: Take the assessed value of the property acquired for the year in which it was acquired and apply thereto the rate of tax levied by the district for that year for operating costs (excluding levies for the betterment of the school plant and money to care for funded debt) and extend the amount to be produced in one (1) year for a period of not to exceed six (6) years; provided that compensation to be made hereunder shall be either under the terms of this subdivision (2) or under subdivision (1) foregoing, whichever will result in the smaller amount of compensation; and:

Taxation of lands of State agencies by school districts

Sec. 4. Authorizing the rendition of certain lands of State agencies for taxation by school districts. Whenever any State agency in acquiring land for its project acquires land so conditioned that:

(1) It is not needed to accomplish the objects of the project;

(2) Its segregation and separate use will not impair the usefulness of the remaining land so acquired; the land when segregated may be made to produce a rental or revenue; or, whenever any land so conditioned is held in anticipation of potential or future (undeveloped) needs, then it shall be lawful for any State agency, through its appropriate governing authority, to subject such land to taxation by a school district eligible for compensation hereunder, until such time as need for the actual use of such land has come into existence.

Leases by governmental agencies

Sec. 5. Where the law peculiar to any given State agency does not provide for it a duty differing from that next provided, and the particular governmental agency (not differently directed) owns or controls land subject to lease by others, then:

(a) Unless advertized as hereinafter provided; no lease upon any such land intended to confer on another the right of use for a period extending to a time later than December 31 of the calendar year in which the term of the particular use begins to run, shall be valid; and:
(b) Expressly excepted from need for advertisement as hereinafter provided for, are lands conditioned as follows:

1. Tracts of land not exceeding ten (10) acres in area;

2. Tracts of land as to which the reasonable lease value will not exceed One Hundred Dollars ($100) per annum;

3. All lands not intended to be subjected to use in agriculture or grazing, and meaning hereby to provide for the hereinafter stipulated notice only in case of lands intended for use in agriculture and grazing, or leases for terms designated in subdivision (a) of this Section (unless the same may be excepted herefrom by the provisions of subdivision (b) of this Section) must be subjected to preliminary advertisement of the intent to lease the same, under the provisions that: The notice of the intent to lease for the calendar year next to ensue shall be published one time in the month of October of any given year, prior to the fifteenth day of that month, in a newspaper (if such there be) published in and having general circulation in each county in which the State agency may hold such leaseable land (in default of a newspaper published in a given county to be published in any newspaper having general circulation therein); and such published notice shall be sufficient if it, in substance, gives fair advice that: The advertising State agency will on a definite date (not earlier than October 25th of the particular year) begin to consider and thereafter continue to consider and determine the proposals for leases which may come to it; and, the notice further shall give advice as to the place or places, person or persons at which or to whom proposals for lease shall be made; further, the notice must state the postal address of the principal office of the given lessor agency and state that any interested person may have full knowledge concerning the lands proposed to be placed under lease, and the proposed terms of the leases, by applying at the address given. Acts 1937, 45th Leg., p. 263, ch. 139.

Effective April 9, 1937.

Section 6 of this act declared an emergency making the act effective on and after its passage.

Title of Act:

An Act authorizing the State or any subsidiary corporate body politic of the State or any other governmental agency of the State to make compensation to common school districts or independent school districts or other similar tax supported educational district-creatures of the State under certain conditions enumerated in the Act. The principal condition (not meaning hereby to exclude the other conditions specifically set out in the Act) is that the governmental agencies named in the Act are given authority to make compensation or accord aid to school districts when the construction of public improvements by governmental agencies results to impair the ability of school districts to pay their bonded debts and to properly perform their functions as educational institutions; also limiting the compensation or aid which any enumerated governmental agency may make to a school district which has conditions as set forth in the Act; also authorizing the rendition of certain lands of the State or State governmental agencies for taxation by school districts, and specifying the conditions under which this may be done; also providing for publication of notice of the intent to lease lands of certain State agencies, in certain cases, and specifying the conditions under which, and the form in which, publication must be made; stating the conditions constituting an emergency, declaring the same, and providing that the Act shall have effect immediately after its enactment. name all of its business shall be transacted, all of its funds invested
and all of its cash and securities and other property held.

**Membership**

Sec. 3. The membership of said Retirement System shall be com­
posed as follows:

(1) All persons who are teachers on the date as of which the Re­
tirement System is established shall become members as of that date
as a condition of their employment unless within a period of ninety
(90) days after September 1, 1937, any such teacher shall file with
the State Board of Trustees on a form prescribed by such Board, a no­
tice of his election not to be covered in the membership of the System
and a duly executed waiver of all present and prospective benefits
which would otherwise inure to him on account of his participation

(5) Anyone who has taught in the State of Texas in accordance with the terms of this Act, but who is not in service during the year in which the Act becomes effective, shall, if he becomes a teacher within two (2) years of the date on which this Act becomes effective, and if he continues as such for a period of five (5) consecutive years, be entitled to receive credit and resulting benefits for prior-service as provided for in this Act.

Sec. 4.

(1) Under such rules and regulations as the State Board of Trustees shall adopt each person who was a teacher, as defined in this Act, at any time during the year immediately preceding the establishment of the System, and who becomes a member during the first year of operation of the Retirement System, or who is a member at the beginning of the school year 1937–1938, shall file a detailed statement of all Texas service, as a teacher, rendered by him prior to the date of establishment of the Retirement System for which he claims credit.

(2) The State Board of Trustees shall fix and determine by appropriate rules and regulations how much service in any year is equivalent to one year of service, but in no case shall more than one year of service be creditable for all service in one school year.

(3) Subject to the above restrictions and to such other rules and regulations as the State Board of Trustees may adopt, the State Board of Trustees shall verify and adjust, as soon as practicable after the filing of such statements of service, the service therein claimed.

(4) Upon adjustment and verification of the statements of service, the State Board of Trustees shall issue prior-service certificates certifying to each member the length of Texas service rendered prior to the date of the establishment of the Retirement System, with which he is credited on the basis of his statement of service. So long as membership continues, a prior-service certificate shall be final and conclusive for retirement purposes as to such service, provided, however, that any member may, within one (1) year from the date of issuance or modification of such certificate, request the State Board of Trustees to modify or correct his prior-service certificate.

No member shall be entitled to a retirement allowance until he has accumulated twenty (20) or more years of creditable service in Texas.

Tex.St.Sup. '39—33
Sec. 5.

(a) Any member in service may retire upon written application to the State Board of Trustees. Retirement shall be effective as of the end of the school year then current, provided that the said member at the time so specified for his retirement shall have attained the age of sixty (60) years.

(b) Any member in service who has attained the age of seventy (70) years shall be retired forthwith, provided that with the approval of his employer he may remain in service.

(c) Paragraphs (a) and (b) of this subsection are limited as follows:

Any member in service on the date upon which this Act becomes effective who has attained the age of seventy (70) years may be retired on September 1, 1938; and any member in service on the date upon which this Act becomes effective who has attained the age of sixty (60), but not seventy (70) years shall not be permitted to make application for retirement until he has been a member of the Retirement System for two (2) years.

Upon retirement for service, a member shall receive a retirement allowance in the form of an annuity which shall be the actuarial equivalent of the sum of his savings and the State reserves due him as a condition of his creditable service and membership in the Retirement System. His retirement allowance reserve shall be derived from:

(a) His accumulated contributions credited to his account in the Teacher Saving Fund at the time of retirement; and

(c) If he has a prior-service certificate in full force and effect, an additional annuity reserve fund, the amount of which shall be the actuarial equivalent of an annuity of one (1%) per centum of his average prior-service compensation, as defined in this Act, multiplied by the number of years of Texas service certified in his prior-service certificate; provided that in computing his average prior-service compensation, the maximum number of years of service to be allowed shall be thirty-six (36) years and the maximum prior-service salary Three Thousand ($3,000.00) Dollars; provided that the State Board of Trustees shall have an actuarial and statistical study made at least once every five (5) years showing annual trends and the probable liabilities and assets; upon the recommendation of the Actuary, the Board shall have the power to reduce or increase the one (1%) per centum to a percentage not below one-third ($\frac{1}{3}$) of one (1%) per centum, nor more than one (1%) per centum of the average prior-service compensation until the resulting reduced liability does not exceed the available assets for prior-service. Provided that if the five-year actuarial investigation reveals further need of reducing said prior-service liabilities in order to strike a balance with available assets during said period for said service, the State Board of Trustees shall reduce the average prior-service salary, and the number of years of prior-service credit so that the total reduction required will fall equally upon said salary and service for the period covered by the report of the Actuary. Provided, further, any adjustment in the amount of prior-service compensation of any member or members of the System made by the Trustees, shall be over a period of years of not less than five (5), nor more than seven (7). Available assets shall mean that part of the State Accumula-
tion Fund not required as reserves to meet prospective liabilities calculated to accrue annually over a limited number of years on account of service retirement reserves and disability retirement reserves.

(d) It is expressly provided that the prior-service compensation herein provided for shall be a mutual agreement on the part of the State of Texas and the teacher-member of the Retirement System, and in no event shall the failure of the State Board of Trustees to make adjustments for which total funds are not available for payment of prior-service and disability benefits be held as a liability against the State of Texas.

(e) It is further provided that any funds remaining on hand at the end of each five-year period based upon the actuarial and statistical study herein provided for and which shall not be needed to meet the accrued liabilities of the State for prior-service reserves and disability benefits, shall revert to the General Treasury of the State of Texas as of August 31st of said year.

3. Disability Retirement Benefits.

Upon the application of a member in service, or of his employer or his legal representative acting in his behalf, any member who has had twenty (20) or more years of creditable service may be retired by the State Board of Trustees, not less than thirty (30) and not more than ninety (90) days next following the date of filing such application, on a disability retirement allowance, provided, that the Medical Board, after a medical examination of such member, shall certify that such member is mentally or physically incapacitated for the further performance of duty, that such incapacity is likely to be permanent, and that such member should be retired.

4. Allowance on Disability Retirement.

Upon retirement for disability, a member shall receive a service retirement allowance if he has attained the age of sixty (60) years, otherwise he shall receive a disability retirement allowance which shall be the actuarial equivalent of the sum of funds derived from sources as follows:

(a) From the accumulated contributions of the member standing to his account in the Teacher Saving Fund at the time of his retirement; and

(b) An additional amount from the State Accumulation Fund equal to the accumulated contributions provided by the member in paragraph (a) of this subsection; and

(c) If he has a prior-service certificate in full force and effect, an additional amount which shall be equal to fifty (50%) per centum of the award for such prior-service as herein computed.

5. Beneficiaries Retired on Account of Disability.

Once each year during the first five (5) years following retirement of a member on a disability retirement allowance, and once in every three-year period thereafter, the State Board of Trustees may, and upon his application shall, require any disability beneficiary who has not yet attained the age of sixty (60) years to undergo a medical examination, such examination to be made at the place of residence of said beneficiary or any other place mutually agreed upon, by a physician or physicians designated by the State Board of Trustees. Should any disability beneficiary who has not yet attained the age of sixty (60) years refuse to submit to at least one medical examination in any such periods by a physician or physicians designated by the State Board of Trustees, his allowance shall be discontinued until his withdrawal of such refusal, and should his refusal continue for one (1)
year, all his rights in and to his annuity shall be revoked by the State Board of Trustees.

(a) Should the Medical Board report and certify to the State Board of Trustees that such disability beneficiary is no longer physically or mentally incapacitated for the performance of duty, or that such disability beneficiary is engaged in or is able to engage in a gainful occupation, and should the State Board of Trustees by a majority vote concur in such report, then the amount of his annuity shall be discontinued or reduced to an amount by which the amount of the last year's salary of the beneficiary, as a teacher, exceeds his present earning capacity. Should his earning capacity be later changed, the amount of his annuity may be further modified; provided, that the revised annuity shall not exceed the amount of the annuity originally granted which, when added to the amount earnable by the beneficiary, equals the amount of his compensation for the last year prior to retirement.

(b) Should a disability beneficiary under the age of sixty (60) years be restored to active service, his retirement allowance shall cease, he shall again become a member of the Retirement System, and any annuity reserves on his retirement allowance at that time in the Annuity Reserve Fund shall be transferred to the Teacher Saving Fund and to the State Accumulation Fund, respectively, in proportion to the original sums transferred from his account to the Annuity Savings Fund at retirement. Upon restoration to membership any prior-service certificate on the basis of which his service was computed at the time of his retirement, shall be restored to full force and effect, and in addition, upon his subsequent retirement he shall be credited with all his membership service. No teacher eligible to retire for service at sixty (60) years of age shall be allowed to retire on a disability allowance. If the disability beneficiary shall be removed from the disability list for any cause, the unused part of the reserves for the annuity purchased from his accumulated contributions shall be transferred to the Teacher Reserve Fund and the State Accumulation Fund, respectively, and disposed of as provided for in this Act.

6. Return of Accumulated Contributions.

Should a member cease to be a teacher except by death or retirement under the provisions of this Act, he shall be paid in full the amount of the accumulated contributions standing to the credit of his individual account in the Teacher Saving Fund. Should a member die before retirement, the amount of his accumulated contributions standing to the credit of his individual account shall be paid as provided by the laws of descent and distribution of Texas unless he has directed the account to be paid otherwise. Seven (7) years after such cessation of service, if no previous demand has been made, any accumulated contributions of a contributor shall be returned to him or to his heirs. If the contributor or his heirs cannot then be found, his accumulated contributions shall be forfeited to the Retirement System and credited to the Permanent Retirement Fund.

7. Optional Allowances.

With the provision that no optional selection shall be effective in case a beneficiary dies within thirty (30) days after retirement, and that such a beneficiary shall be considered as an active member at the time of death; until the first payment on account of any service benefit becomes normally due, any member may elect to receive his benefit in a retirement allowance payable throughout life, or he may elect to receive the actuarial equivalent at that time, of his retirement al-
lowance in a reduced retirement allowance payable throughout life
with the provision that:

Option (1). Upon his death, his reduced retirement allowance shall
be continued throughout the life of, and paid to, such person as he
shall nominate by written designation duly acknowledged and filed with
the State Board of Trustees at the time of his retirement; or

Option (2). Upon his death, one-half ($/2) of his reduced retire­
ment allowance shall be continued through the life of, and paid to
such person, as he shall nominate by written designation duly acknowl­
edged and filed with the State Board of Trustees at or before the time
of his retirement; or

Option (3). Some other benefit or benefits shall be paid either to
the member, or to such person or persons as he shall nominate, pro­
vided such other benefit or benefits, together with the reduced service
retirement allowance, shall be certified by the Actuary to be of equivalent
actuarial value to his retirement allowance, and approved by the State
Board of Trustees.

Sec. 6. State Board of Trustees.

(1) The general administration and responsibility for the proper
operation of the Retirement System and for making effective the pro­

two (2), four (4), and six (6) years, which shall expire August 31;
1939, and August 31, 1941, and August 31, 1943, respectively. There­

three (3) teacher-members biennially by popular election of the
members of the Retirement System, from which the Governor shall
appoint one member to the State Board of Trustees; said member

Senate. The members so appointed shall serve for terms of six (6)
years, or until their successors are qualified.

(3) If a vacancy occurs in the office of a Trustee, the vacancy shall
be filled for the unexpired term in the same manner as the office was
previously filled.

(4) The Trustees shall serve without compensation, but they shall
be reimbursed from the Expense Fund for all necessary expenses that
they may incur through service on the Board.
(5) Each Trustee shall, within ten (10) days after his appointment, in addition to the constitutional oath, subscribe to the following oath of office: "I do solemnly swear that I will, to the best of my ability, discharge the duties of a Trustee of The Teacher Retirement System and will diligently and honestly administer the affairs of the Board of Trustees of said Retirement System and that I will not knowingly violate or willingly permit to be violated any of the provisions of law applicable to said Retirement System." This oath shall be subscribed to by members making it before any officer qualified to administer oaths in Texas, and duly filed in the office of the Secretary of State.

(6) Each Trustee shall be entitled to one vote in the Board. A majority of the State Board of Trustees shall constitute a quorum and a majority vote of those present shall be necessary for a decision by the Trustees at any meeting of said Board.

(7) Subject to the limitations of this Act, the State Board of Trustees shall, from time to time, establish rules and regulations for eligibility of membership and for the administration of the funds created by this Act and for the transaction of its business.

(8) The State Board of Trustees shall elect from its membership a Chairman, and shall by a majority vote of all its members appoint an Executive Secretary who shall not be one of its members. Provided that the Executive Secretary appointed under the provisions of this Act shall be confirmed by a two-thirds (2/3) vote of the Senate present and provided further that said Executive Secretary shall have been a citizen of Texas three (3) years immediately preceding his appointment. He shall recommend and nominate to the State Board of Trustees such actuarial and other service as shall be required to transact the business of the Retirement System. The compensation of all persons engaged by the State Board of Trustees, and all other expenses of the Board necessary for the operation of the Retirement System shall be paid at such rates and in such amounts as the State Board of Trustees shall approve, provided that in no case shall they be greater than that paid for like or similar service of the State of Texas.

It shall publish annually a report showing the fiscal transactions of the Retirement System for the preceding school year, the amount of the accumulated cash and securities of the System, and the last balance sheet showing the financial condition of the System by means of an actuarial valuation of the assets and liabilities of the Retirement System.

(11) The Attorney General of the State of Texas shall be the legal advisor of the State Board of Trustees, and shall represent it in all litigations.

(12) The State Board of Trustees shall designate a Medical Board to be composed of three (3) physicians not eligible to participate in the Retirement System. The physicians so appointed by the State Board of Trustees shall be legally qualified to practice medicine in Texas and shall be physicians of good standing in the medical profession. If required, other physicians may be employed to report on special cases. The Medical Board shall pass upon all medical examinations required under the provisions of this Act, and shall investigate all essential statements and certificates by or on behalf of a member in connection with
an application for disability retirement, and shall report in writing to
the State Board of Trustees its conclusion and recommendations upon all
the matters referred to it.

Duties of Actuary.

(13) The State Board of Trustees shall designate an Actuary who
shall be the technical adviser of the State Board of Trustees on matters
regarding the operation of the funds created by the provisions
of this Act, and shall perform such other duties as are required in con­
nection therewith.

(14) Immediately after the establishment of the Retirement System,
the Actuary shall make such investigation of the mortality, service,
and compensation experience of the members of the System as he shall
recommend and the State Board of Trustees shall authorize, and on
the basis of such investigation he shall recommend for adoption by
the State Board of Trustees such tables and such rates as are required.
The State Board of Trustees shall adopt tables and certify rates, and
as soon as practicable thereafter, the Actuary shall make a valuation
based on such tables and rates, of the assets and liabilities of the funds
created by this Act.

(15) In the year 1938, and at least once in each five-year period
thereafter, the Actuary shall make, under the direction of the Board,
an actuarial investigation into the mortality, service, and compensation experience of the members and beneficiaries of the Retirement System,
and shall make a valuation of the assets and liabilities of the funds
of the System, and taking into account the result of such investigation
and valuation, the State Board of Trustees shall adopt for the Retire­
ment System such mortality, service, and other tables as shall be deemed
necessary; and certify the rate per centum which shall be allowed in
calculating amounts of prior-service reserves to be credited to the ac­
count of each member at retirement.

(16) On the basis of such tables as the State Board of Trustees
shall adopt, the Actuary shall make an annual valuation of the assets
and liabilities of the funds of the System created by this Act.

Sec. 7. (1) The State Board of Trustees shall be the trustees of
the several funds as herein created by this Act, and shall have full
power to invest and reinvest such funds subject to the following limi­
tations and restrictions: All retirement funds, as are received by the
Treasury of the State of Texas from contributions of teachers and
employers as herein provided, may be invested only in bonds of the
United States, the State of Texas, or counties, or cities, or school dis­

1 Provided that a sufficient amount of said funds shall be kept on hand to meet the immediate payment of the amounts that may become due each
year as provided in this Act. The State Board of Trustees shall have full power by proper resolution to hold, purchase, sell, assign, transfer, and dispose of any of the securities and investments in which any
of the funds created herein shall have been invested, as well as the proceeds of said investments and any moneys belonging to said funds,
provided that any money on hand shall be subject to the State Depository Laws of Texas.

(2) The State Board of Trustees annually shall allow regular interest on the mean amount for the preceding year in each of the funds with the exception of the Expense Fund as herein provided. The amounts so allowed shall be due and payable to said funds, and shall be annually credited thereto by the State Board of Trustees from interest and any other earnings on the moneys of the Retirement System held in the Interest Fund. Any additional amount required to meet the regular interest on the funds of the Retirement System shall be paid from the interest reserve account of the Permanent Retirement Fund, as herein provided, and any excess of earnings over such amount required shall be paid to the interest reserve account of the Permanent Retirement Fund.

(3) The Treasurer of the State of Texas shall be the custodian of all bonds, securities, and funds. All payments from said funds shall be made by him on warrants drawn by the State Comptroller of Public Accounts supported only upon vouchers signed by the Secretary of the Retirement System and the Chairman of the State Board of Trustees. A duly attested copy of a resolution of the State Board of Trustees designating such persons shall be filed with said Comptroller as his authority for issuing such warrants.

(4) For the purpose of meeting disbursements for annuities and other payments there may be kept available cash, not exceeding ten (10%) per centum of the total amount in the several funds of the Retirement System, on deposit with the State Treasurer.

(5) No trustee and no employee of the State Board of Trustees shall have any direct or indirect interest in the gains or profits of any investment made by the State Board of Trustees, nor as such receive any pay or emolument for his service other than his designated salary and authorized expenses, except such interest as such person or persons may have in the retirement funds as a member in the Retirement System.

Method of Financing

Sec. 8. The amount contributed by each teacher to the Retirement Fund shall be five (5%) per centum of the regular annual compensation paid each member, the amount not to exceed One Hundred Eighty ($180.00) Dollars per annum. The amount contributed by the State of Texas to the Retirement Fund shall not exceed during any one year five (5%) per centum of salaries of all members, disregarding salaries in amounts in excess of Three Thousand Six Hundred ($3,600.00) Dollars, provided the total amount contributed by the State during any one (1) year shall equal the total amount contributed during the same year by all members of the Retirement System.

All of the assets of the Retirement System shall be credited according to the purpose for which they are held to one (1) of six (6) funds, namely, the Teacher Saving Fund, the State Accumulation Fund, the Annuity Reserve Fund, the Interest Fund, the Permanent Retirement Fund, and the Expense Fund.

1. The Teacher Saving Fund.

(a) The Teacher Saving Fund shall be a fund in which shall be accumulated regular five (5%) per centum contributions from the compensation of members, including regular interest earnings. Contributions to and payments from the Teacher Saving Fund shall be made as follows:
(b) Each employer shall cause to be deducted from the salary of each member on each and every pay roll of such employer for each and every pay roll period, five (5%) per centum of his earnable compensation, provided that the sum of the deductions made for a member shall not exceed One Hundred Eighty ($180.00) Dollars during any one (1) year. Deductions shall begin with the first pay roll period of the school year 1937–1938. In determining the amount earnable by a member in a pay roll period, the State Board of Trustees may consider the rate of annual compensation payable to such member on the first day of the pay roll period as continuing throughout such pay roll period, and it may omit deduction from compensation for any period less than a full pay roll period if a teacher was not a member on the first day of the pay roll period, and to facilitate the making of deductions, it may modify the deduction required of any member by such an amount as shall not exceed one-tenth (1/10) of one (1%) per centum of the annual compensation upon the basis of which such deduction is to be made.

(c) The deductions provided for herein shall be made notwithstanding that the minimum compensation provided for by law for any member shall be reduced thereby. Every member shall be deemed to consent and agree to the deductions made and provided for herein and shall receipt for his full salary or compensation, and payment of salary or compensation, less said deduction, shall be a full and complete discharge and acquittance of all claims and demands whatsoever for the services rendered by such person during the period covered by such payment, except as to the benefits provided under this Act. The employer shall certify to the State Board of Trustees on each and every pay roll, or in such other manner as said Board may prescribe, the amounts to be deducted; and each of said amounts shall be deducted, and when deducted shall be paid into said Teacher Saving Fund, and shall be credited, to the individual account of the member from whose compensation said deduction was made.

(d) Interest on members' contributions will be credited annually as of August 31st and will not be allowed for parts of a year. Following the termination of membership in the Retirement System for those members who have been absent from service for five (5) years in any period of six (6) consecutive years, the Teacher Saving Fund account of such members shall be closed and warrants covering the total accumulated contributions sent to them upon the filing of formal application. Until the time of payment of such accumulated contributions, said teacher shall receive no interest on the amount due him under this subsection, and the amount shall be held in a non-interest-bearing account to be set up for such purpose.

(e) Upon the retirement of a member, his accumulated contributions shall be transferred from the Teacher Saving Fund to the Annuity Reserve Fund.

2. State Accumulation Fund.

The State Accumulation Fund shall be the fund in which shall be accumulated all contributions made to the Retirement System by the State of Texas; and from which shall be transferred at retirement of a member to the Annuity Reserve Fund, all annuity and benefit reserves due a member from this Fund as a condition of his creditable service and membership at retirement. Contributions to and payments from this Fund shall be made as follows:

(a) The State of Texas shall pay annually into the State Accumulation Fund an amount equal to five (5%) per centum of the sum of the pay roll compensation of all members of the Retirement System from
the source and in the manner prescribed in subsection (7) of this Section.

(b) The State Accumulation Fund shall be divided for actuarial and administrative purposes, into two (2) ledger accounts as follows: (1) the membership-service account; and (2) the prior-service account. During the first year of the operation of the Retirement System and periodically thereafter as provided for in this Act, the adjustments of rates and formulas used in making calculations of amounts to be transferred on account of prior-service shall be based on studies made by the Actuary so that a balance between liabilities and assets of the two (2) accounts may be maintained and that equalizing reserves for each five-year period or more shall be created and maintained in the prior-service account of this fund.

(c) Upon the retirement of a member, an amount equal to his accumulated contributions in the Teacher Saving Fund shall be transferred from the membership-service account of the State Accumulation Fund to the Annuity Reserve Fund as a membership-service reserve for his retirement allowance; and an additional amount mechanically calculated shall be transferred from the prior-service account of the State Accumulation Fund to the Annuity Reserve Fund at retirement as provided for in section 5, subsections (2) and (3), paragraph (c) of this Act.

3. Annuity Reserve Fund.

The Annuity Reserve Fund shall be the fund in which shall be held all reserves for annuities granted and in force and from which shall be paid all annuities and all benefits in lieu of annuities, payable as provided in this Act. This fund shall be made up of transfers as follows:

(a) At the time of service retirement the accumulated contributions of a retiring teacher shall be transferred from the Teacher Saving Fund to the Annuity Reserve Fund as reserves for annuities purchased by his contributions.

(b) An amount equal to the accumulated contributions of each retiring teacher shall be transferred, upon service retirement, from the State Accumulation Fund as reserves for an additional annuity equal to the annuity purchased by the teacher, as provided for in section 5, subsection (2), paragraph (b) of this Act, and in subsection (a) next above.

(c) Reserves for prior-service annuities granted under this Act shall be transferred from the State Accumulation Fund as calculated in Section 5, subsection (2) paragraph (c) of this Act, and as provided for in subsection (2) of this section.

(d) The accumulated contributions of teachers retired for permanent disability shall be transferred from the Teacher Saving Fund to the Annuity Reserve Fund upon retirement.

(e) Reserves for the remainder of the disability allowances shall be transferred from the State Accumulation Fund in the manner prescribed in Section 5, subsection (4), paragraphs (b) and (c) of this Act, and as provided for in subsection (2) of this Section.

Transfers from the Annuity Reserve Fund shall be made as follows: Should a beneficiary retired on account of disability be restored to active service or be removed from the disability list for any cause, the unused part of his annuity reserves shall be transferred from the Annuity Reserve Fund to the respective funds as provided for in Section 5, subsection (5), paragraph (b) of this Act.
4. Interest Fund.

The Interest Fund is hereby created to facilitate the crediting of uniform interest in the various other funds with the exception of the Expense Fund. All income, interest, and dividends derived from the deposits and investments authorized by this Act shall be paid into the Interest Fund. Once each year on August 31st, regular interest shall be allowed and transferred to the other funds, respectively, except the Expense Fund. The State Board of Trustees shall annually transfer to the credit of the interest reserve account of the Permanent Retirement Fund all excess earnings after other funds have been duly credited with regular interest for the year in the manner provided in this Act.

5. Permanent Retirement Fund.

The Permanent Retirement Fund shall be a fund in which shall be accumulated all gifts, awards, funds, and assets accruing to the Retirement System not specifically required by other funds created by this Act, and to provide a contingent fund out of which special requirements of other funds may be covered. The principal of this Fund is hereby held and dedicated as a perpetual endowment of the Retirement System and shall not be diverted or appropriated to any other cause or purpose. All regular interest credited to this Fund and excess interest earnings transferred to this Fund shall be held as an interest reserve account from which payments shall be made as follows:

(a) The State Board of Trustees shall reserve and transfer such amount as may be required to guarantee regular interest on the mean amounts of investments of the funds created in this Act, except the Expense Fund.

(b) The said Board shall transfer annually from the interest reserves of this Fund to the Expense Fund such amount as is required to provide for the administration and maintenance of the Retirement System, provided the funds are available.

The Expense Fund shall be the fund from which the expenses of administration and maintenance of the Retirement System shall be paid. Transfers to and payments from this Fund shall be made as follows:

(a) The Executive Secretary shall prepare annually an itemized budget showing the amount required to defray the expenses for the ensuing fiscal year and shall submit the report to the State Board of Trustees for its review and adoption.

(b) Each member shall pay with the first payment to the Teacher Saving Fund each year, and in addition thereto, a sum of One ($1.00) Dollar; which amount shall be credited to the Expense Fund, said payments for the Expense Fund shall be made to the State Board of Trustees in the same way as payments to the Teacher Saving Fund shall be made, as provided for in this Act.

(c) If the amount estimated to be required to meet the expenses of the State Board of Trustees is in excess of One ($1.00) Dollar per contributor for the year, the amount of such excess shall be paid from the interest reserve account of the Permanent Retirement Fund. If in the judgment of the State Board of Trustees, as evidenced by a resolution of that Board recorded in its minutes, the amount in the interest reserve account of the Permanent Retirement Fund exceeds the amount necessary to cover the ordinary requirement of that Fund for a period of five (5) years in the future, the Board may transfer to the Expense Fund such excess amount not exceeding the entire amount required to cover the expenses as estimated for the year.
(d) The sum of Twenty-five Thousand ($25,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated from the General Revenue Fund of the State not otherwise appropriated for the purpose of organizing the Retirement System and establishing an office. This sum shall be credited to said Expense Fund.

7. Collection of Contributions.

(a) Each employer shall cause to be deducted on each and every pay roll of a member for each and every pay roll period subsequent to the date of establishment of the Retirement System the contributions payable by such member, as provided in this Act. Each employer shall certify to the treasurer of said employer on each and every pay roll a statement as vouchers for the amount so deducted.

(b) The treasurer or proper disbursing officer of each employer on authority from the employer shall make deductions from salaries of teachers as provided in this Act, and shall transmit monthly, or at such time as the State Board of Trustees shall designate, a certified copy of the pay roll, and the amount specified to be deducted shall be paid to the Executive Secretary of the State Board of Trustees, and after making a record of all receipts, the said Board shall pay them to the Treasurer of the State of Texas, and by him be credited to Teacher Retirement Fund, and such funds shall be deemed as appropriated for use according to the provisions of this Act. For the purpose of collecting contributions of teachers who are teaching in common school districts, the county superintendent or ex-officio county superintendent of each county of this State is hereby designated to perform the duties of employer of all common school districts over which he has jurisdiction, and he is hereby authorized and empowered to retain the amounts so deducted from pay rolls of members and have a corresponding amount deducted from any funds available for paying teachers' salaries, and transmit same to the Executive Secretary of the State Board of Trustees as provided for in this Act. Any college or university or other educational institution or agency supported in whole or in part by the State shall have the amount retained or deducted from the funds regularly appropriated by the State for the current maintenance for such educational departments and institutions.

(c) For the purpose of enabling the collection of five (5%) per centum of the salaries of the members of the Retirement System to be made as simple as possible, the State Board of Trustees shall require the secretary or other officer of each employer-board or agency, within thirty (30) days after the beginning of each school year, to make up a list of all teachers in its employ, who are members of the Retirement System, set out their salaries by the month and by the year, make an affidavit to the correctness of this statement, and file the same with the Executive Secretary of the State Board of Trustees of the Teacher Retirement System. If additions to or deductions from this list should be made during the year, such additions or deductions shall likewise be certified under oath to the State Board of Trustees of the Teacher Retirement System.

(d) The State Treasurer shall furnish annually to the State Board of Trustees a sworn statement of the amount of the funds in his custody belonging to the Retirement System. The records of the State Board of Trustees shall be open to public inspection and any member of the Retirement System shall be furnished with a statement of the amount to the credit of his individual account upon written request by such member, provided that the State Board of Trustees shall not

This amount shall be included in the budget of the State, which the Governor submits to the Legislature. Provided, however, that no appropriation shall be made by the Legislature out of the General Funds of the State of Texas for the payment of benefits as herein provided for. Payments can only be made out of special taxes levied as authorized in the Constitutional amendment for the retirement of teachers.
  (b) The State Board of Trustees shall certify one-quarter (¼) of the amount so ascertained for each year to the State Comptroller and to the Treasurer of the State on or before the last day of December, February, May, and September. Upon proper resolution by the Board of Trustees the Comptroller shall on or before the first day of January, March, June, and October, draw a warrant or warrants on the Treasurer of the State of Texas for the respective amounts due the State Retirement System. On the receipt of the warrant of the Comptroller, the Treasurer of the State of Texas shall immediately transfer to the State Retirement System the amount due the State Accumulation Fund on account of the State, as provided in this Act.

CHAPTER FOUR—ORDERING ELECTIONS, ETC.

Art. 2951a. Election of judges and clerks and appointment of supervisors of
elections in cities of 200,000 to 260,000 population—number and
compensation [New].

Art. 2951a. Election of judges and clerks and appointment of supervis-
ors of elections in cities of 200,000 to 260,000 population—number
and compensation

Section I. All elections for the election of city officers in all cities in
this State having a population in excess of two hundred thousand
(200,000) and less than two hundred and sixty thousand (260,000) for
the last preceding Federal census or any future Federal census shall
be held by election officers elected in the following manner:
(1) The election officers in all such elections shall be elected by the Mayor and Commissioners by ordinance duly adopted in open meeting not less than ten (10) days before an election and shall be qualified voters of said city and of the precinct in which they are to serve.

(2) There shall be elected not more than two (2) judges and two (2) clerks in precincts having less than two hundred (200) qualified voters, and not more than two (2) judges and four (4) clerks in precincts having more than two hundred (200) qualified voters. The number of qualified voters in each precinct and the qualifications of voters for the purposes of this Act shall be determined from the poll tax list prepared by the County Tax Collector of the county in which such city is situated for the year ending January 31st next preceding such election.

(3) Any local political party desiring the appointment of persons as judges and clerks in any such city election shall file with the City Clerk of said city, fifteen (15) days before said election is to be held, one list of prospective judges and clerks, giving the name, street address, and precinct number of each person. Each list shall name not more than five (5) qualified voters of each precinct and shall be signed by the candidate for Mayor or two (2) candidates for Commissioner of the local party proposing same. Each such list shall be filed with the City Clerk and preserved by the City Clerk for a period of ten (10) years as one of the records of his office, and shall be open at all times for public inspection. The Mayor and Commissioners shall elect an equal number of judges and clerks for each precinct from each of said lists so filed by the different political parties so as to give equal representation to each local political party, whenever the number of names submitted by each of the local political parties is sufficient for this purpose. Whenever the number of local political parties is such that an exact division cannot be made of the judges and clerks in each precinct, then equal representation shall be given in all precincts where it is possible and some representation is to be given each party in all other precincts where it is possible, with preference to the parties in the order in which the lists are filed with the City Clerk. For the purpose of this Act a "local political party" shall be held to include any candidate for Mayor when he is running independently or any two (2) candidates for Commissioner when they are running independently, or the candidates for Mayor and Commissioner who are running on the same ticket, provided that the candidate or candidates file with the City Clerk thirty (30) days before the election a petition or petitions signed by five hundred (500) qualified voters endorsing their candidacy. The signatures to such petition need not all be appended to one paper, but each signer shall add to his signature his place of residence, giving street and number. One of the signers of each paper shall make oath before some officer authorized to administer oaths, that each signature to the paper appended is the genuine signature of the person whose name it purports to be, and a copy of such petition when certified to by the City Clerk shall be admissible in evidence in any Court and be prima facie proof that the signatures appearing thereon are the genuine signatures of the persons whose names they purport to be. Within five (5) days from the date of filing of such petition, the City Clerk shall examine the same and from the list of qualified voters of the City, heretofore mentioned, ascertain whether or not said petition is signed by the requisite number of qualified voters, and he shall attach to said petition his certificate showing the result of such examination, stating the number of qualified voters found upon said petition, and the number of persons not qualified to vote. In checking said petition the City Clerk shall designate the names of persons found thereon not qualified to vote, with the letters: "D. V." in red ink, op-

Tex.St.Supp. '39–34
posite such name or names. If, by the Clerk's certificate, the petition is shown to be insufficient, it may be amended within ten (10) days from the date of said certificate. The Clerk shall within five (5) days after such amendment is filed with him, make a like examination and check off the names thereon and if his certificate shall show the same to be insufficient, it shall be returned to the candidate filing the same without prejudice, however, to the filing of a new petition to the same effect, provided the new petition be filed not later than thirty (30) days before the date of the election.

(4) When at any time there has been only one list of prospective judges and clerks filed with the City Clerk by a local political party, or if at any time only one of the lists so filed contains the names of qualified voters residing in a particular precinct, then any forty (40) qualified voters of any such precinct may sign a petition, giving their names, and street addresses, and file same with the City Clerk five (5) days before said election, submitting the names of five (5) qualified voters of said precinct as election officers and the Mayor and Commissioners shall, two (2) days before such election elect one judge and one clerk from the five (5) names so submitted in said petition. The petition shall be sworn to by one of the signers to the effect that all signatures appearing thereon are the signatures of the persons whose names they purport to be and a copy of any such list when certified to by the City Clerk shall be admissible in evidence in any Court and be prima facie proof that the signatures appearing thereon are the genuine signatures of the persons whose names they purport to be.

(5) If at any time the list or lists of persons filed with the City Clerk fails to name a sufficient number of qualified voters to fill the election offices in any precinct or if those officials elected fail or refuse to serve and there is a vacancy or vacancies after all the qualified voters for the precinct appearing on any of said lists have been elected, then the Mayor and Commissioners shall have the power to appoint as a substitute any qualified voter of the particular precinct who shall thereupon serve as an election official in the place of the person who is disqualified or has failed or refused to serve.

Section 2. In all such cities as defined in Section 1, any candidate for Mayor running independently or any two (2) candidates for Commissioner running independently or a candidate for Mayor and Commissioners who are running on the same ticket may by written petition addressed to the Mayor and Commissioners of any such city and filed with the City Clerk fifteen (15) days before any such election, request the issuance in blank of credentials for two (2) supervisors for each of the voting precincts in such city and the Mayor and Commissioners of said city shall ten (10) days before such election issue to the candidate or candidates the number of credentials for supervisors requested in each petition numbered as to precincts and with the name of the supervisor left blank. The candidate or candidates to whom such credentials are issued in blank shall have the right as agent for the Mayor and Commissioners to insert the name of any duly qualified voter of the precinct for which such credential is issued and deliver such credential to the person named therein and such person shall thereupon be a duly appointed supervisor for such election. The person so appointed shall present such credential to the presiding judge of his precinct on election day and shall take an oath, to be administered by the presiding judge, that he will mention and note any errors he may see in listing or counting the votes and that he will well and truly discharge his duties as supervisor impartially, and will report in writing all violations of the law and irregularities that he may observe to the next grand jury.
While the election is being held such supervisors shall be permitted to sit conveniently near the judges and they shall remain in view of the ballot boxes until the vote is counted, and ballot boxes are locked and sealed and safely returned to the City Clerk. It shall be their duty to be present at the marking by the judge of said election of the ballot of any voter not able to mark his own ballot, to see that said ballot is marked in accordance with the wishes of the voter and to see that such ballot is correctly counted. Said supervisors shall not be permitted to enter into any conversation with the judges or clerks regarding the election while it is progressing, except to call the attention of the judges or clerks to any irregularities or violation of the law that he may observe, provided however, that the supervisors shall assist the election officers whenever additional help is necessary for the proper conduct of the election and when they have been requested to do so by the presiding judge. The supervisor appointed under the provisions of this Act shall be compensated by the candidate who delivers him his credentials.

Sec. 3. Judges and clerks in all such cities as defined in Section 1 shall be paid Five Dollars ($5) a day each and Fifty (50) Cents per hour each for any time in excess of a day's work as herein defined. The judge who delivers the returns of election immediately after the votes have been counted shall be paid Two Dollars ($2) for that service provided he shall make returns of all election supplies used when he makes returns of the election. Twelve (12) working hours shall be considered a day within the meaning of this Act. The compensation of judges and clerks shall be paid out of the city treasury. No supervisors shall be paid by the city.

Sec. 4. The portions of all laws, charter provisions, and ordinances that are in conflict with the provisions of this Act are hereby repealed.

Sec. 5. If any provision of this Act shall be held invalid, it shall not be construed to invalidate other provisions of the Act. Acts 1939, 46th Leg., Spec.L., p. 726.

Section 6 of this Act declared an emergency and provided that the Act should take effect from and after its passage.

The Commissioners Court of any county in the State of Texas may adopt for use in elections and primary elections in at least three (3) of the larger voting precincts in voting strength in said county, any kind of voting machine approved by the Secretary of State and may adopt such voting machine at any time for use in such additional voting precincts in the county as it may deem advisable, and thereupon such voting machine shall be used at any and all elections and primary elections, municipal, county, district, or State held in that county or any part thereof, designated for voting, registering and counting votes cast at such elections and primary elections, all school and bond elections also shall be conducted by the use of voting machines in those counties or parts thereof where such machines have been adopted, where the law specifically makes their use obligatory. As amended Acts 1937, 45th Leg., 2nd C.S., p. 1953, ch. 52, § 1.

Sec. 5. Providing Voting Machines; Generally; Division of Counties, Towns, etc., into Election Precincts.—The County Commissioners of a county which has adopted voting machines for that county or any portion thereof, shall as soon as practicable, and in no case later than six (6) months after adoption thereof, provide for each voting precinct designated one or more approved voting machines in completed working order, and shall thereafter preserve and keep them in repair. The Commissioners' Court of any county in the State of Texas, which has adopted voting machines for that county or any portion thereof may, if they deem it proper, at each August term of court, divide their respective counties, and counties attached thereto for judicial purposes, into convenient election precincts, containing any number of qualified electors, each of which precincts shall be differently numbered and described by natural, or artificial boundaries or survey lines by an order to be entered upon the minutes of
the court. They shall immediately thereafter publish such order in some newspaper in the county for three (3) consecutive weeks. If there be no newspaper in the county, then such copy of such order shall be posted in some public place in each precinct in the county. The necessary tax shall be set aside at the time of creating such obligation so as to meet the debt provisions of the Constitution; provided, however, that should the Commissioners Court of any county deem it for the best interest of such county, said Commissioners Court is hereby authorized to contract for the renting of voting machines by such county for use in elections for a term of not more than two (2) years in any one contract of rental. Upon the expiration of such term of contract of rental such Commissioners Court may renew and/or extend same from time to time. Such contracts shall be made only after advertising for bids in the manner provided by the General Laws controlling the purchases made by such county for county purposes, provided and except, however, the Commissioners Court of any county is hereby authorized to accept proposals of rental and/or sale of voting machines after advertising as provided by law wherein the rentals paid by such county for the use of such voting machines or a part thereof may be applied on the purchase price of such machines upon such Commissioners Court determining that it is to the best interest of such counties so to do. Such voting machines shall be the property of the county paying for same and/or renting same, subject to the terms of the rental contract, and when used in any election or primary election, the county is not charged by law with the holding of, such machines shall be leased to the authorities charged with holding such election or primary election, and payment shall be received by the county at such lease price per machine for each election day such machines are used in an election as the Commissioners Court shall fix, but not to exceed ten (10) per cent of the original cost of such voting machine, as may be required to hold each election or primary election. The term each election or primary election, as herein used, shall mean each election day such machines are used for voting
purposes in such elections, and the Commissioners Court in fixing such lease price shall fix a lease price, and payment for same shall be received by the county, for each day such machines are actually used for voting in such election or primary election, and in the event a runoff election or primary runoff election is held, such lease price shall be paid to the county for each whether the same be the first election or primary election or the second and/or runoff election or second and/or runoff primary; and those charged with the holding of such election or primary election shall pay the lease price whether it be a school board, a municipality, a political party, or any other organization or authority. M. of the day of the election, or primary election, when such results shall be announced and made public together with the general results of the election by proclamation of same as provided by law. Upon such machine and/or machines in use for absentee voting being opened and the vote canvassed, the same shall be immediately prepared and set for voting as provided by law and shall be used, if necessary, in any voting precinct of said election or primary election, then being held. Should the authority charged with holding an election determine by such resolution as above provided, that absentee votes cast at such election be cast by a paper ballot, then, and in such event, the authority charged with holding such election shall provide a ballot for the casting of absentee votes as prescribed and provided by the general laws applicable to elections and to absentee voting and those entitled under the law shall cast their vote

by such ballot under the laws applicable to absentee voting, providing, however, that on the day of such election and in the presence of the election officers one of the judges of election shall, between the hours of 2 P. M. and 3 P. M. open the carrier envelope only as provided by the laws applicable to absentee voting, announce each and every one of the electors' names and compare the signature upon the application with the signature upon the affidavit on the ballot envelope. In case the election judges find the affidavits duly executed, that the applicant is a duly qualified elector of the precinct and that he has not voted in person at said election, they shall open the envelope containing the elector's ballot in such manner as not to deface or destroy the affidavit thereon, take out the ballot therein contained in the presence of the watchers, if any, without permitting same to be unfolded or examined. Such absentee ballot shall thereupon be endorsed by the presiding officer of such voting precinct in such election and deposited in an "Absentee Ballot Box," providing for such purpose and the name of each elector voting such absentee ballot shall be entered in the poll list and numbered the same as if he had been present and voted in person as such absentee ballots are deposited in said absentee ballot box. After all such absentee ballots have been deposited in such absentee ballot box, the officers of such election shall designate such of their number as will not interfere with the uninterrupted use of voting machines by the voters during said election, to thereupon immediately proceed to open such absentee ballot box, count and/or tally such absentee ballots, and return the canvass thereof together with the canvass and returns of the votes cast on voting machines and on the forms as provided by law. Such tally and/or count of such absentee ballots shall be completed and be available for the making of returns at the time of the closing of the polls at such election. If the ballot be challenged by any election officer, supervisor, watcher, party challenger or other person, the grounds of challenge shall be heard and decided according to law including the consideration of any affidavits submitted in support of or against such challenge, provided, however, that all challenges to absentee votes shall be made prior to the casting thereof and if the ballot be not admitted, there shall be endorsed on the back thereof the word "rejected", and if the ballot be admitted, the words, "absentee voter" shall be set down opposite the elector's name on the poll list. All rejected ballots shall be enclosed, securely sealed in an envelope on which words, "rejected absentee ballots" have been written together with the statement of the precinct and the date of the election, signed by the judges and clerks of election and returned in the same manner as provided for the return and preservation of official ballots voted at such election and shall be held by the County Clerk, City Secretary or other person provided by law, thirty (30) days and as much longer thereafter as any court or reviewing authority may direct. As amended Acts 1937, 45th Leg., 2nd C.S., p. 1953, ch. 52, § 3; Acts 1939, 46th Leg., p. 301, § 2.

Sec. 8. Form of Ballots on Voting Machines.—All ballots shall be printed in black ink on white clear material, of such size as will fit the ballot frame, and in as plain, clear type as the space will reasonably permit. In general elections, the party name and a designating letter and number shall be affixed to the name of each candidate, and the name of all candidates of one political party shall be so arranged that a voter may be able to cast his ballot for such candidates as he may desire or to cast one ballot for all the candidates of that political party. In primary elections, however, the ballot shall be so arranged and the lever so locked as to prevent the voting of straight tickets. Should there be so many candidates and/or propositions to be voted
upon in any election as to exceed the capacity of one machine, more than
one machine shall be provided for each voting precinct but in all cases
where more than one machine is used in a voting precinct, the names of
all candidates for any particular office shall be placed on one machine;
provided, however, that the authorities charged with holding the elec-
tion where in their discretion more than one voting machine is neces-
sary to accommodate the number of voters voting in a voting precinct,
then, and in that event, as many voting machines shall be provided for
each voting precinct as such authorities deem necessary and the same
form of ballot containing the names of all candidates and/or propositions
arranged in the same manner shall be provided for each machine, and
each of the machines so used in each voting precinct shall be identified
by alphabetical designation, and in such event, the number placed op-
posite or along side of the name of each voter after the voter cast his
ballot, corresponding to the number on the public numbering counter as
herein provided, shall include such alphabetical designation of the ma-
chine on which such voter cast his vote. As amended Acts 1937, 45th
Leg., 2nd C.S., p. 1953, ch. 52, § 4; Acts 1939, 46th Leg., p. 301,
§ 3.

Sec. 9. Sample Ballots.—The authorities charged with holding the
election or primary election may provide for each precinct two sample
ballots and one model arranged in the form of a diagram showing such
part of the face of the voting machine as shall be in use in that election
or primary election. Such sample ballots and model shall be on display
in each precinct voting place throughout the time the polls are open and
attention shall be especially called to them before each voter uses ma-

Sec. 10. Preparation of Voting Machines.—It shall be the duty of
the County Clerk of each county where voting machines are used, to
cause the proper ballot labels to be placed on voting machines, to cause
the machines to be placed in proper order for voting, to examine all
voting machines in the presence of authorized watchers for any in-
terested persons, before they are sent out to the polling places, to see
that all the registering counters are set at zero (000), to lock, in the
presence of authorized watchers, all voting machines so that the count-
ing machinery cannot be operated and to seal each one with a num-
bered seal, a list of which numbered seals and the number on the
protective counters, together with the number of the precinct to which
it was sent, shall be kept as a permanent record open to any citizen, in
the records of the County Clerk. Such inspection and sealing of voting
machines shall begin within five (5) days of the day before any election
or primary election at which such machines are to be used, and continue
until all such machines are sealed. When all machines are locked and
sealed, the key to each machine shall be placed in an envelope and sealed,
the signature of the County Clerk and the signatures of two (2) watchers
of opposed interest, if there be such, placed across the seal, and on the
envelope shall be written the number then on the protective counter and
the number of the seal of the voting machine, such envelope to be de-
livered to the presiding officer of each precinct.

It shall be the duty of the Sheriff in an election which the county is
charged with the expense of, the duty of the County Chairman in the pri-
mary election, the duty of the Mayor in a city election, the duty of the
president of a school board in a school election, and the duty of the au-
thority holding such election or primary election of any character, to
have delivered a voting machine or machines, to each and every polling
place where same is required by law to be used, at least one hour before
the time set for the opening of the polls in such voting precinct. After
the machine has been delivered, the same authority shall cause such ma-
chine to be set up in the proper manner and cause protection to be given
so such machine shall be free from molestation and injury. The same
authority shall cause to be delivered with each such machine an auxiliary
light where necessary properly prepared to be lighted in emergency, so
arranged that the light from such will illuminate the face of the machine
sufficiently that a voter may be able to read all the names on such ma-
chine, and suitable for officers in examining counters. The protective
hood and screen of the machine shall be examined to see that they con-
ceal the actions of the voter properly, while such voter is operating the
machine. All poll lists and necessary supplies shall be delivered to the
presiding officer at the same time the key or keys to the machine are

Sec. 13. General Provisions.—The presiding officer shall be in gen-
eral charge of the poll and shall see that one or more of the clerks
of the election properly checks off the name of each voter from the
poll list before such voter casts his ballot and shall provide for the
numbering of tickets by placing a number on a list containing the
names of each voter kept for such purposes, corresponding to the num-
ber on the public numbering counter opposite or along side of the
name of each voter including the alphabetical identification of each
machine used in such voting precinct after such voter casts his bal-
lot; that the poll tax certificate or exemption certificate of the voter
is stamped “Voted” with the date of the particular election or primary
election with the rubber stamp provided under the law, or writes “Voted”
with the date, with pen and ink if no rubber stamp be provided, and it
shall further be the duty of one of such clerks to see that the voting
machine is not tampered with and shall attend the machine at all times.
He shall inspect the ballot labels after each voter leaves the machine
to see that none have been tampered with and to see that the machine has
not been injured. He shall see that the coverings of the counter com-
partments of the machine are never unlocked nor opened so the coun-
ters are exposed during voting except for good and sufficient reasons, a
statement of which shall be made and signed by all authorized persons
in the polls and attached to the returns. As amended Acts 1937, 45th
Leg., 2nd C.S., p. 1953, ch. 52, § 7; Acts 1939, 46th Leg., p. 301, § 4.

Sec. 18. Canvass of the Vote and the Proclamation of the Result.—
As soon as the polls are closed, officials thereat shall immediately lock
the machine against voting. They then shall sign a certificate stat-
ing that the machine was locked and sealed, giving the exact time;
such certificate giving the number of voters shown on the public
counters, which shall be the total number of votes cast on such machine
in that precinct; the number on the seal; the number registered on the
protective counter. (This also shall be the procedure at the close of
absentees voting when the machines are used for absentee voting prior to
election day.) They then shall open the counting compartment in the
presence of the watchers, and at least one representative of any news-
paper or press association which cares to be represented, giving full view
of all the counter numbers. The presiding officer shall under the scrut-
iny of the watchers, in the order of the offices as their titles are arranged
on the machines, read and announce in distinct tones the designating
number and letter on each counter for each candidate’s name, and the
result as shown by the counter numbers, and shall then read the votes
recorded for each office on the irregular ballots. He shall also in the
same manner announce the result on each Constitutional amendment,
bond proposition, or any other question voted on. The vote as registered
shall be entered on the statements of canvass in ink by two (2) watchers of opposing interest (if there be such) and verified by the three (3) election officials, such entries to be made in the same order on the space which has the same designating number and letter, after which the figures shall again be verified by being called off in the same manner from the counters of the machines by watchers of opposed interest (if there be such). The returns of the canvass as required by law shall then be filled out, verified, and shall show the number of votes cast for each candidate, the number of votes cast for and against any proposition submitted, and shall be signed by the three (3) election officials and at least two (2) watchers of opposed interest (if such there be). The counter compartments of the voting machine shall remain open throughout the time of the making of all statements and certificates and the official returns and until such have been fully verified, and during such time any candidate or his representative or any representative of any newspaper or press association shall be admitted. The proclamation of the result of the votes cast shall be deliberately announced in a distinct voice by the presiding officer, who shall read the names of each candidate, with the designating number and letter of his counter, and the vote registered on such counter; also the vote cast for and against each proposition submitted. During such proclamation ample opportunity shall be given to any person lawfully entitled to be in the polls, to compare the results announced with the counter dials of the machine and any necessary corrections shall then and there be made, after which the doors of the voting machine shall be locked and sealed with the seal provided, so sealing the operating lever of the machine that the voting and counting mechanism will be prevented from operation. Irregular ballots, properly sealed, and signed shall be filed with the original statement of canvass, which canvass shall be delivered in the same manner and to the same authorities as now provided by law. The presiding officer shall deliver to the County Clerk the keys of the machine enclosed in a sealed envelope across the seal of which shall be written his own name together with that of at least two (2) watchers of opposed interest (if such there be) or the two (2) other election officials, and on this envelope shall be recorded the date of the election or primary election, the number of the precinct, the number of the seal with which the machine was sealed, the number of the public counter and the number of the protective counter. As amended Acts 1937, 45th Leg., 2nd C.S., p. 1953, ch. 52, § 8.

Sec. 20. Preservation of Ballots and Records of Voting Machines.—The voting machine shall remain locked against voting for a period of ten (10) days and then shall have the seal broken only on the order of a District Judge having jurisdiction in that county, such order to be entered on the minutes of the District Court of that county, and if in the opinion of such District Judge, contest is likely to develop, shall remain locked for such time as the District Judge may direct; provided, however, such time shall not be for a period of time that will interfere with or prohibit the use of such machines in a subsequent election. Except, that on the order of any Court of competent jurisdiction or on the order of any legislative body the seal may be broken for the purposes of proper investigation and when such investigation is completed, the machine shall again be sealed and across the envelope containing the keys shall be written the signature of the persons or person having broken same. Irregular ballots shall be preserved in the same manner and for the same length of time as now provided by law for other ballots. As amended Acts 1937, 45th Leg., 2nd C.S., p. 1953, ch. 52, § 9.
Sec. 23. Application of Other Laws; Fraud and Perjury.—The provisions of all other laws relating to the conduct of elections or primary elections, shall so far as practicable, apply to the conduct of elections and primary elections where voting machines are used, unless herein otherwise provided; provided, however, it is declared to be the public policy of this State that the provisions herein, providing for the use of voting machines at elections, are regulations to detect and punish fraud, and to preserve the purity of the ballot box; and any voter who fraudulently or illegally casts a ballot, or who casts a fraudulent or illegal ballot upon a voting machine, at any election (after the casting of such fraudulent or illegal ballot, or such fraudulent or illegal casting of a ballot has been established by final adjudication before a court of competent jurisdiction and by competent evidence), shall be compelled and required to disclose the names of the candidate or candidates for whom he cast such ballot at such election, and the ballot cast by him upon any question or questions at such election in any proceedings instituted under the laws of this State in any court of competent jurisdiction, and whoever in such proceedings shall swear and/or testify falsely, shall be deemed guilty of the offense of perjury, and shall be subject to the penalties provided for such offense by the laws of this State. As amended Acts 1939, 46th Leg., p. 301, § 5.

Sec. 24. Representation.—The authorities charged with holding an election or primary election are directed wherever possible, in the naming of election officers, to name for each precinct a presiding officer and a clerk for such precinct, of opposed interest in that election, or primary election, the third official also a clerk who should be, wherever possible, nonpartisan. But each political party concerned in an election is entitled to name one watcher for each voting precinct where voting machines are used, said watcher to be recognized by the presiding officer, of that precinct upon the presentation of a certificate signed by the County Chairman of that political party, and any candidate for a State office, the State Senate, any candidate for Representative in the House of the Legislature of Texas, or any candidate for District Judge, or any one-fifth of the candidates for county offices, or any one-fifth of the candidates for precinct offices; or any candidate for mayor, or any candidate for city commissioner in municipalities, or any three (3) candidates in a school election, or the proponents or the opponents of a bond issue, may name one watcher for each precinct in an election or primary election for each precinct where voting machines are used. Any candidate for the United States Senate or Representative in the House of the United States Congress may name one watcher for each election precinct where a voting machine is used. The candidate desiring representation by a watcher shall sign a certificate setting out the name of the person, the number of the precinct where such watcher is to serve, such certificate to bear the signature of the candidate or candidates entitled to representation, together with the signature of the bearer. The presiding officer of the election must require a counter signature and preserve the certificate of the bearer to make certain he is the identical person referred to in the certificate, but cannot for any other reason refuse to permit such watcher to serve. For their services election officials and employees shall be paid a sum to be set by the authority charged with holding the election or primary election, but not less than the amount set now by law and not more than Ten Dollars ($10) per day, provided, however, that no election official shall be paid more than the prorata part of two (2) hours overtime after the polls are closed. Watchers, a necessary adjunct to an election with voting machines, may be paid by the
interest they represent, but not to exceed Ten Dollars ($10) per day, provided, however, that the authority holding such election shall not pay for the services of such watchers. As amended Acts 1937, 45th Leg., 2nd C.S., p. 1953, ch. 52, § 10.

Sec. 25. Definitions.—The list of candidates and offices and/or propositions to be voted for or against, used or to be used on the front of the voting machine shall be deemed official ballots for the purpose of precincts using machines.

The provisions of this Act shall apply only in counties in which such voting machine is adopted for use at elections.

The word “ballot” as used herein means that portion of the cardboard or other material within the ballot frames containing the name of the candidate and the office, or statement of a Constitutional Amendment, bond issue or other propositions with words “yes” or “no” for voting for or against, except when referring to irregular or unofficial ballots and except where such word is used in connection with the casting of a vote by a voter and in such event the word “ballot” is defined as the casting of a secret vote.

The term “the numbering of tickets” is defined to mean the numbering of the votes and/or ballots as they are cast by the voters at an election.

The terms “protective numbering counter” and/or “protective counter” mean a separate counter built into the machine which cannot be reset and which records the total number of movements of the operating lever.

The terms “public numbering counter” and/or “public counter” mean a device in full view of the election officials except while the voter is voting which records the number of the voter’s vote and is cumulative of the number of votes cast on the machine at the election being held.

The term “watcher” is similar to supervisor in meaning but he is an official of the election in this Act. Acts 1930, 41st Leg., 4th C.S., p. 60, ch. 33; Acts 1939, 46th Leg., p. 301, § 6.

The amendatory act of 1937, 45th Leg., 2nd C.S. p. 1953, ch. 52, amended sections 3, 5, 7, 8, 9, 10, 13, 18, 20, and 24 of this article in numerous particulars.

The amendatory act of 1939, 46th Leg., p. 301, amended sections 5, 7, 8, 13, 23 and 25 of this article.

The amendatory act of 1939 also purported, in the title, to amend section 15 of this article, but the body of the act did not effect an amendment to such section 15.

Section 7 of the amendatory act of 1939 read as follows: “If any section, paragraph, sentence, clause, phrase or word of this Act or the application thereof to any person or circumstance is held invalid, such holding shall not affect the validity of the remaining portions of the Act”.

Section 11 of the amendatory act of 1937 and section 8 of the amendatory act of 1939 repeals all conflicting laws and parts of laws; section 12 of the 1939 Act declared an emergency and provided that the act should take effect from and after its passage.

Art. 2997b. Transportation of voting machines; counties of 300,000–355,000

In all counties in the State of Texas having a population of three hundred thousand (300,000) inhabitants or more, and less than three hundred and fifty-five thousand (355,000) inhabitants according to the last preceding Federal Census, and where such counties have purchased and adopted voting machines for the purpose of holding any and all elections in such counties, it shall be the duty of the County Auditor upon the order of Commissioners Court to advertise for bids for the hauling and/or transporting such voting machines to the various pre-
cincts of such counties, such advertisement to be inserted in a newspaper, published and having a general circulation in such counties at least one week prior to the date of the election. All bids shall be opened at a regular or called meeting of the Commissioners Court and contract for hauling and/or transporting said voting machines to the place of voting including those precincts located both within and without the city limits of the county seat shall be let to the lowest and best bidder; provided the Commissioners Court shall reserve the right to reject any and all bids if in their judgment such bids are unsatisfactory. Acts 1939, 46th Leg., Spec.L., p. 730, § 1.

Section 2 of the Act of 1939 repeals all conflicting laws and parts of laws. Section 3 declared an emergency and provided that the act should take effect from and after its passage.

Section 8 of this Act declared an emergency making the Act effective on and after its passage.

Acts 1937, 45th Leg., p. 542, ch. 268.

Art. 3196a. Classes of patients admitted

Section 1. Patients admitted to State hospitals and State psychopathic hospitals shall be of two classes, to wit:
Indigent patients;
Non-indigent patients;
Indigent patients are those who possess no property of any kind nor have anyone legally responsible for their support, and who are unable to reimburse the State. This class shall be supported at the expense of the State.

Non-indigent patients are those who possess some property out of which the State may be reimbursed, or who have someone legally liable for their support. This class shall be kept and maintained at the expense of the State, as in the first instance, but in such cases the State shall have the right to be reimbursed for the support, maintenance, and treatment of such patients.

Persons chargeable with expenses of patients

treatment and to pay therefor, and to have citation issued and witnesses summoned to be heard on said investigation.

Contracts fixing support

Sec. 4. The State Board of Control, directly or through an authorized agent or agents, may make contracts fixing the price for the support, maintenance, and treatment of patients in any State hospital or psychopathic hospital at a sum not to exceed the cost of same or for such part thereof as such respective patient, his relatives or guardian of his estate may be able to and agree to pay, and binding the persons making such contracts to payment thereunder.

Sec. 5. Upon the written request of the State Board of Control the County or District Attorney, or in case of the refusal or inability of both to act, the Attorney General, shall represent the State in filing a claim in Probate Court or a petition in a Court of competent jurisdiction, wherein the guardian of such patient and/or other person legally liable for his support, may be cited to appear then and there to show cause why the State should not have judgment against him or them for the amount due it for the support, maintenance, and treatment of such patient; and, upon sufficient showing, judgment may be entered against such guardian or other persons for the amount found to be due the State, which judgment may be enforced as in other cases. A verified account, sworn to by the superintendent of the respective hospitals or psychopathic hospitals wherein such patient is being treated, or has been treated, as to the amount due shall be sufficient evidence to authorize the Court to render judgment therein. The County or District Attorney representing the State shall be entitled to a commission of ten (10) per cent, of the amount collected. All moneys so collected, less such commission, shall be, by the said attorney, paid to the State Board of Control, which shall receive and receipt for the same and shall use the same for the maintenance and improvement of said institution or institutions in which said patient shall have been confined.
