VERNON LAW BOOK COMPANY
THIS VOLUME

THIS 1942 supplement to Vernon's 1936 Centennial Edition contains the laws of a general and permanent nature passed at the Regular and First Called Sessions of the 47th Legislature and connects directly with Vernon's 1939 Cumulative Supplement.

Classification. The classification of the laws and their arrangement conforms exactly to that of the Centennial Edition.

Annotated Statute Identical in Arrangement. This supplement as well as the Centennial Edition are under the same classification and arrangement as Vernon's Annotated Texas Statutes. This means that users of this volume and of the Centennial Edition may go from any article herein to the same article in Vernon's Annotated Texas Statutes where the complete constructions of the law by state and federal courts, as well as complete historical data relative to the origin and development of the law, is immediately available.

Special Features. The same practical features which have served to popularize the Centennial Edition such as complete index, tables, etc., are continued in this supplement.

Acknowledgment. The publisher extends appreciative thanks to the office of the Secretary of State in the work of verifying the accuracy of the text.

(b) Nothing herein shall affect the terms of office of Notaries Public who have qualified for the present term prior to the taking effect of this amendment.

(c) Should the Legislature enact an enabling law hereto in anticipation of the adoption of this amendment, such law shall not be invalid by reason of its anticipatory character. Sec. 26, Art. IV, adopted election Nov. 5, 1940.

ARTICLE V
JUDICIAL DEPARTMENT

Sec. 3-b
The Legislature shall have the power to provide by law, for an appeal direct to the Supreme Court of this State from an order of any trial court granting or denying an interlocutory or permanent injunction on the grounds of the constitutionality or unconstitutionality of any statute of this State, or on the validity or invalidity of any administrative order issued by any state agency under any statute of this State. Sec. 3-b, Art. V, adopted election Nov. 5, 1940.

ARTICLE XVI
GENERAL PROVISIONS

Sec. 30b
Wherever by virtue of Statute or charter provisions appointive offices of any municipality are placed under the terms and provisions of Civil Service and rules are set up governing appointment to and removal from such offices, the provisions of Article 16, Section 30, of the Texas Constitution limiting the duration of all offices not fixed by the Constitution to two (2) years shall not apply, but the duration of such offices shall be governed by the provisions of the Civil Service Law or charter provisions applicable thereto. Sec. 30b, Art. XVI, adopted election Nov. 5, 1940.

TEX.ST.SUPP. '42 XXI
It shall be the duty of the Comptroller of Public Accounts in advance of each Regular Session of the Legislature to prepare and submit to the Governor and to the Legislature upon its convening a statement under oath showing fully the financial condition of the State Treasury at the close of the last fiscal period and an estimate of the probable receipts and disbursements for the then current fiscal year. There shall also be contained in said statement an itemized estimate of the anticipated revenue based on the laws then in effect that will be received by and for the State from all sources showing the fund accounts to be credited during the succeeding biennium and said statement shall contain such other information as may be required by law. Supplemental statements shall be submitted at any Special Session of the Legislature and at such other times as may be necessary to show probable changes.

From and after January 1, 1945, save in the case of emergency and imperative public necessity and with a four-fifths vote of the total membership of each House, no appropriation in excess of the cash and anticipated revenue of the funds from which such appropriation is to be made shall be valid. From and after January 1, 1945, no bill containing an appropriation shall be considered as passed or be sent to the Governor for consideration until and unless the Comptroller of Public Accounts endorses his certificate thereon showing that the amount appropriated is within the amount estimated to be available in the affected funds. When the Comptroller finds an appropriation bill exceeds the estimated revenue he shall endorse such finding thereon and return to the House in which same originated. Such information shall be immediately made known to both the House of Representatives and the Senate and the necessary steps shall be taken to bring such appropriation to within the revenue, either by providing additional revenue or reducing the appropriation.

For the purpose of financing the outstanding obligations of the General Revenue Fund of the State and placing its current accounts on a cash basis the Legislature of the State of Texas is hereby authorized to provide for the issuance, sale, and retirement of serial bonds, equal in principal to the total outstanding, valid, and approved obligations owing by said fund on September 1, 1943, provided such bonds shall not draw interest in excess of two (2) per cent per annum and shall mature within twenty (20) years from date.

Section 6 of the amendatory Act of 1941, read as follows: "If any section, subsection, paragraph, sentence, clause, or other part of this Act be held unconstitutional or invalid by any Court of competent jurisdiction for any cause whatever, it is nevertheless the intention of the Legislature that such sections, subsections, paragraphs, sentences, clauses, or other parts of this Act not so unconstitutional or invalid shall
be enacted and that such unconstitution-
ality or invalidity of any such section, sub-
section, paragraph, sentence, clause, or

Provided, that in respect to seeds which have been denied sale as provided in this paragraph, the owner or custodian of such seeds shall have the right to appeal from such order to a Court of competent jurisdiction where the seeds are found, praying for a judgment as to the justification of said order, and for the discharge of such seed from the order prohibiting the sale in accordance with the findings of the Court; and provided further, that the provisions of this paragraph shall not be construed as limiting the right of the enforcement officer to proceed as authorized by other sections of this Act.

3. To establish and maintain or make provision for seed testing facilities, to employ qualified persons, and to incur such expenses as may be necessary to comply with these provisions.

4. To make or provide for making purity and germination tests of seeds for farmers and dealers on request; to prescribe rules and regulations governing such testing; and may fix and collect charges for the tests made.

Sec. 8. Any lot of agricultural or vegetable seed not in compliance with the provisions of this Act shall be subject to seizure on complaint of the Commissioner of Agriculture to a Court of competent jurisdiction in the area in which the seed is located. In the event that the Court finds the seed to be in such violation of the Act and orders the condemnation of said seed, it shall be denatured, processed, destroyed, re-labeled, or otherwise disposed of in compliance with the laws of this State. Provided, that in no instance shall such disposition of said seed be ordered by the Court without first having given the claimant an opportunity to apply to the Court for the release of said seed or permission to process or re-label it to bring it into compliance with the Act.

Sec. 9. Every violation of the provisions of this Act shall be deemed a misdemeanor punishable by a fine not exceeding Fifty Dollars ($50) for the first offense and not exceeding Two Hundred Dollars ($200) for each subsequent similar offense.

Provided, however, that no prosecution under this Act shall be instituted without first having given the defendant an opportunity to appear before the Commissioner of Agriculture, or his duly authorized agent, to introduce evidence either in person or by agent or attorney at a private hearing. If, after such hearing, or without such hearing in case the defendant or his agent or attorney fails or refuses to appear, the Commissioner of Agriculture is of the opinion that the evidence warrants prosecution he shall proceed as herein provided.

It shall be the duty of the County or District Attorney or the Attorney General of Texas, as the case may be, to institute proceedings at once against the person charged with such violation if, in his judgment, the information submitted warrants such action.

After judgment by the Court in any case arising under this Act the Commissioner of Agriculture shall publish any information pertinent to the issuance of the judgment by the Court in such media as he may designate from time to time.

Sec. 10. All money received by the Commissioner of Agriculture through the administration of this Act shall be paid by him to the State Treasurer who shall deposit said money to the account of the Texas Seed Act; said account shall be a continuing fund and shall be used in the administration of the Texas Seed Act.

Art. 165a—4. State Soil Conservation Law—Short title

This Act may be known and cited as the "State Soil Conservation Law."

Legislative Determinations, and Declaration of Policy

Sec. 2. It is hereby declared, as a matter of Legislative Determination:

(a) The Condition. That the farm and grazing lands of the State of Texas are among the basic assets of the State and that the preservation of these lands is necessary to protect and promote the health, safety, and general welfare of its people; that improper land-use practices have caused and have contributed to, and are now causing and contributing to, a progressively more serious erosion of the farm and grazing lands of this State by wind and water; that the breaking of natural grass, plant, and forest cover has interfered with the natural factors of soil stabilization, causing loosening of soil and exhaustion of humus, and developing a soil condition that favors erosion; that the topsoil is being blown and washed out of fields and pastures; that there has been an ac-
celerated washing of sloping fields; that these processes of erosion by wind and water speed up with removal of absorptive topsoil, causing exposure of less absorptive and less protective but more erosive subsoil; that failure by any occupier of land to conserve the soil and control erosion upon such land causes a washing and blowing of soil and water from such lands onto other lands and makes the conservation of soil and control of erosion on such other lands difficult or impossible.

(b) The Consequences. That the consequences of such soil erosion in the form of soil-blowing and soil-washing are the silting and sedimentation of stream channels, reservoirs, dams, ditches, and harbors; the loss of fertile soil material in dust storms; the piling up of soil on lower slopes, and its deposit over alluvial plains; the reduction in productivity or outright ruin of rich bottom lands by overwash of poor subsoil material, sand, and gravel swept out of the hills; deterioration of soil and its fertility, deterioration of crops grown thereon, and declining acre yields despite development of scientific processes for increasing such yields; loss of soil and water which causes destruction of food and cover for wildlife; a blowing and washing of soil into streams which silts over spawning beds, and destroys water plants, diminishing the food supply of fish; a diminishing of the underground water reserve, which causes water shortages, intensifies periods of drought, and causes crop failures; an increase in the speed and volume of rainfall run-off, causing severe and increasing floods, which bring suffering, disease, and death; impoverishment of families attempting to farm eroding and eroded lands; damage to roads, highways, railways, farm buildings, and other property from floods and from dust storms; and losses in navigation, hydro-electric power, municipal water supply, irrigation developments, farming, and grazing.

(c) The Appropriate Corrective Methods. That to conserve soil resources and control and prevent soil erosion, it is necessary that land-use practices contributing to soil wastage and soil erosion may be discouraged and discontinued, and appropriate soil-conserving land-use practices be adopted and carried out; that among the procedures necessary for widespread adoption, are the carrying on of engineering operations such as the construction of terraces, terrace outlets, check dams, dikes, ponds, ditches, and the like; the utilization of strip cropping, lister furrowing, contour cultivating, and contour furrowing; land irrigation, seeding and planting of waste, sloping, abandoned, or eroded lands to water-conserving and erosion-preventing plants, trees, and grasses; forestation and reforestation; rotation of crops, soil stabilization with trees, grasses, legumes, and other thick-growing, soil-holding crops, retardation of runoff by increasing absorption of rainfall; and retirement from cultivation of steep, highly erosive areas and areas now badly gullied or otherwise eroded.

(d) Declaration of Policy. It is hereby declared to be the policy of the Legislature to provide for the conservation of soil and soil resources of this State, and for the control and prevention of soil erosion, and thereby to preserve natural resources, control floods, prevent impairment of dams and reservoirs, assist in maintaining the navigability of rivers and harbors, preserve wildlife, protect the tax base, protect public lands, and protect and promote the health, safety, and general welfare of the people of this State, and thus to carry out the mandate expressed in Article XVI, Section 59a, of the Constitution of Texas. It is further declared as a matter of Legislative intent and determination of policy that the agencies created, powers conferred and the activities contemplated in this Act for the conservation of soil and water resources and for the reduction of public damage resulting from failure to conserve
such natural resources, shall be supplementary and complementary to
the work of various river and other authorities now established in the
State and to other State officers, agencies, and districts engaged in closely
related projects, and shall not be duplicative thereof nor conflicting there-
with.

sion, shall hold their offices for the terms for which they were elected, and until their successors are elected and have qualified. On the first Tuesday in May, 1942, at a place within the district to be designated by the State Soil Conservation Board, State District 1 shall elect a board member as hereinafore provided to serve on the State Soil Conservation Board for a period of two (2) years, and State District 3 shall elect a board member as hereinafore provided to serve on the State Soil Conservation Board for a period of three (3) years, and State District 5 shall elect a board member as hereinafore provided to serve on the State Soil Conservation Board for a period of four (4) years. Thereafter, board members elected from State-Districts 1, 3, and 5 shall be elected for a period of five (5) years or until their successors are elected and have qualified.

Terms of office of all State Board Members shall begin on the day following their election.

D. Each member of the State Soil Conservation Board shall take the State Constitutional Oath of Office, and said State Soil Conservation Board shall designate one of its elective members to serve as chairman.

Vacancies upon such Board shall be filled for an unexpired term or for a full term, by the same manner in which the retiring members were respectively elected. Elective members of the Board may receive compensation for their services on the Board, not to exceed the sum of Ten Dollars ($10) per diem for each day of actual service rendered, but each member shall be entitled to expenses, including traveling expenses, necessarily incurred in the discharge of his duties as a member of the Board.

E. A majority of the elective members of the State Soil Conservation Board shall constitute a quorum and the concurrence of a majority of the elective members in any matter within their duties shall be required for its determination. The State Board shall keep a complete and accurate record of all its official actions, hold such public hearings at such times and places within the State as may be determined by the Board, and shall promulgate such rules and regulations as may be necessary for the performance of the functions of said Board under the provisions of this Act. The Board shall provide for the execution of surety bonds for all employees and officers who shall be entrusted with funds or property, which bonds shall be executed by some solvent company authorized to transact a surety business in this State.

F. The State Soil Conservation Board may employ an administrative officer and such other agents and employees, permanent and temporary, as it may require, and shall determine their qualifications, duties and compensation, according to the terms and amounts as specified in the general appropriation bills. The Board may call upon the Attorney General of the State for such legal services as it may require, or may employ its own counsel and legal staff. It shall have authority to delegate to its Chairman, to one or more of its members, or to one or more agents, or employees, such powers and duties as it may deem proper. It shall have authority to locate its office at a point to be selected by the Board.

G. In addition to the duties and powers hereinafter conferred upon the State Soil Conservation Board, it shall have the following duties and powers:

(1) To offer such assistance as may be appropriate to the supervisors of Soil Conservation Districts, organized as provided hereinafter, in the carrying out of any of the powers and programs.
(2) To coordinate the programs of the several Soil Conservation Districts organized hereunder so far as this may be done by advice and consultation.

(3) To secure the cooperation and assistance of the United States and any of its agencies, and of agencies of this State, in the work of such districts.

(4) To disseminate information throughout the State concerning the activities and programs of the Soil Conservation Districts organized hereunder, and to encourage the formation of such districts in areas where their organization is desirable.

H. All moneys, funds, and securities coming into the hands of the State Soil Conservation Board shall be deposited in the State Treasury and placed in the State Treasury to the credit of a special fund to be known as the "State Soil Conservation Fund"; and all such moneys, and securities hereafter deposited or credited to such fund are hereby appropriated to the use and benefit of the State Soil Conservation Board and may be, by said Board, used in the administration of and in compliance with this Act. Such funds when so placed in the State Treasury shall be under the same care and control by the State Treasurer as any money belonging to the State. The Board shall provide and furnish a biennial audit by the State Auditor and Efficiency Expert and a report to the Governor of the State.

The Board may, by resolution, authorize the Chairman of the Board or the administrative officer to approve all claims and accounts that are payable by the Board. And any claim presented to the Comptroller of Public Accounts carrying such approval will be sufficient authority for the Comptroller to issue his warrant against any appropriation made for the use of the Board, and shall also be sufficient authority for the State Treasurer to honor the payment of such warrant.

Creation of Soil Conservation Districts

Sec. 5. A. Any fifty (50) or a majority of the landowners within the limits of that territory proposed to be organized into a district may file a petition with the State Soil Conservation Board asking that a Soil Conservation District be organized to function in the territory described in the petition. Such petition shall set forth:

(1) The proposed name of said district.

(2) That there is need, in the interest of the public health, safety, and welfare, for a Soil Conservation District to function in the territory described in the petition.

(3) A description of the territory proposed to be organized as a district, which description shall not be required to be given by metes and bounds or by legal subdivisions, but shall be deemed sufficient if generally accurate.

(4) A request that the State Soil Conservation Board duly define the boundaries of such district; that an election be held within the territory so defined on the question of the creation of a Soil Conservation District in such territory; and that the Board determine that such a district be created.

Where more than one petition is filed covering parts of the same territory, the State Soil Conservation Board may consolidate all or any such petitions.

B. Within thirty (30) days after such a petition has been filed with the State Soil Conservation Board, it shall cause due notice to be given of a proposed hearing upon the question of the desirability and necessity, in the interest of the public health, safety, and welfare,
of the creation of such district, upon the question of the appropriate boundaries to be assigned to such district, upon the propriety of the petition and other proceedings taken under this Act, and upon all questions relevant to such inquiries. All owners of land within the limits of the territory described in the petition, and of lands within any territory considered for addition to such described territory, and all other interested parties, shall have the right to attend such hearings and to be heard. If it shall appear upon the hearing that it may be desirable to include within the proposed district territory outside of the area within which due notice of the hearing has been given, the hearing shall be adjourned and due notice of further hearing shall be given throughout the entire area considered for inclusion in the district, and such further hearing held. After such hearing, if the Board shall determine, upon the facts presented at such hearing and upon such other relevant facts and information as may be available, that there is need, in the interest of the public health, safety, and welfare, for a Soil Conservation District to function in the territory considered at the hearing, it shall make and record such determination, and shall define, by metes and bounds or by legal subdivisions, the boundaries of such district. In making such determination and in defining such boundaries, the Board shall give due weight and consideration to the topography of the area considered and of the state, the composition of the soils therein, the distribution of erosion, the prevailing land-use practices, the desirability and necessity of including within the boundaries the particular lands under consideration and the benefits such lands may receive from being included within such boundaries, the relation of the proposed area to existing watersheds and agricultural regions, and to other Soil Conservation Districts already organized or proposed for organization under the provisions of this Act, and such other physical, geographical, and economic factors as are relevant, having due regard to the legislative determinations set forth in Section 2 of this Act. If the Board shall determine after such hearing, after due consideration of the said relevant facts, that there is no need for a Soil Conservation District to function in the territory considered at the hearing, it shall make and record such determination and shall deny the petition. After six (6) months shall have expired from the date of the denial of any such petition, subsequent petitions covering the same or substantially the same territory may be filed as aforesaid and new hearings held and determinations made thereon.

C. After the Board has made and recorded a determination that there is need, in the interest of the public health, safety, and welfare, for the organization of a district in a particular territory and has defined the boundaries thereof, it shall consider the question whether the operation of a district within such boundaries with the powers conferred upon Soil Conservation Districts in this Act is administratively practicable and feasible. To assist the Board in the determination of such administrative practicability and feasibility, it shall be the duty of the Board, within a reasonable time after entry of the finding that there is need for the organization of the proposed district and the determination of the boundaries thereof, to hold an election within the proposed district upon the proposition of the creation of the district, due notice of such election shall be given, which notice shall set forth the boundaries of the proposed district. The question shall be submitted by ballots upon which the words, "For creation of a Soil Conservation District of the lands below described in general terms and lying in the county (ies) of ______ and ______;" and, "Against creation of a Soil Conservation District of the lands below described in general terms
and lying in the county (ies) of __ and ____," shall appear. All owners of land within the boundaries of the territory as determined by the State Soil Conservation Board shall be eligible to vote in such election. When a part of a County is included in a district and the voting box of a landowner within the County is not included within the said district, the landowner within the county shall be entitled to vote at the voting box in which his land is located within the district. All elections for creation of districts shall be held in conformity with the general laws of the State except as herein otherwise provided.

D. The Board shall pay all expenses for the issuance of notices of public hearings and shall supervise the conduct of such hearings. It shall issue appropriate regulations governing the conduct of public hearings and elections, and providing for the registration prior to the date of the election of all eligible voters, or prescribing some other appropriate procedure for the determination of those eligible as voters in such elections. No informalities in the conduct of such elections or any other elections held under this Act or in any manner relating thereto, shall invalidate said election or the result thereof, if notice thereof shall have been given substantially as herein provided, and said election shall have been fairly conducted.

E. The Board shall announce the result of such election and shall thereafter consider and determine whether the operation of the district within the defined boundaries is administratively practicable and feasible. If the Board shall determine that the operation of such district is not administratively practicable and feasible, it shall record such determination and deny the petition. If the Board shall determine that the operation of such district is administratively practicable and feasible, it shall record such determination and shall proceed with the organization of the district in the manner hereinafter provided. In making such determination the Board shall give due regard to and weight to the attitudes of the owners of lands lying within the defined boundaries, the number of landowners eligible to vote in such election who shall have voted, the proportion of the votes cast in such election in favor of the creation of the district to the total number of votes cast, the approximate wealth and income of the landowners of the proposed district, the probable expense of carrying on erosion-control operations within such district, and such other economic and social factors as may be relevant to such determinations, having due regard to the legislative determinations set forth in Section 2 of this Act, provided, however, that the Board shall not have authority to determine that the operation of the proposed district within the defined boundaries is administratively practicable and feasible unless at least two-thirds of the votes cast in the election upon the proposition of creating the district shall have been cast in favor of the creation of such district.

F. If the Board shall determine that the operation of the proposed district within the defined boundaries is administratively practicable and feasible, it shall divide the district into five (5) subdivisions of approximately equal area, in so far as this may be practicable. The Board shall appoint two (2) supervisors, one each from subdivisions 2 and 4 within the district, to act until at a regular election in subdivisions 2 and 4 their successors are elected and have qualified. Such appointed supervisors, together with the three (3) supervisors elected in accordance with the provisions of Section 6 of this Act, shall be the governing board of the district. One member of the District Board of Supervisors shall be selected from each of the five subdivisions composing the district. The State Soil Conservation Board, in cooperation with landowners, may change the boundaries of the subdivisions from
time to time as may be necessary or desirable because of additions of territory to the district. Such district shall be a governmental subdivision of this State and a public body corporate and politic, upon the taking of the following proceedings:

The two (2) appointed supervisors shall present to the Secretary of State an application signed by them, which shall set forth and such application need contain no detail other than the mere recitals: (1) That a petition for the creation of the district was filed with the State Soil Conservation Board pursuant to the provisions of this Act, and that the proceedings specified in this Act were taken pursuant to such petition; that the application is being filed in order to complete the organization of the district as a governmental subdivision and a public body corporate and politic under this Act; and that the Board has appointed them as supervisors; (2) The name and official residence of each of the supervisors, together with a certified copy of the appointments evidencing their right to office; (3) The term of office of each of the supervisors; (4) The name which is proposed for the district; and (5) The location of the principal office of the supervisors of the district. The application shall be subscribed and sworn to by each of the said supervisors before an officer authorized by laws of this State to take and certify oaths, who shall certify upon the application that he personally knows the supervisors and knows them to be the officers as affirmed in the application and that each has subscribed thereto in the officer's presence. The application shall be accompanied by a statement by the State Soil Conservation Board, which shall certify (and such statement need contain no detail other than mere recitals) that a petition was filed, notice issued, and hearing held as aforesaid; and the Board did duly determine that there is need, in the interest of public health, safety, and welfare, for a Soil Conservation District to function in the proposed territory and did define the boundaries thereof; that notice was given and an election held on the question of the creation of such district, and that the result of such election showed a two-thirds majority of the votes cast in such election to be in favor of the creation of the district; that thereafter the Board did duly determine that the operation of the proposed district is administratively practicable and feasible. The said statement shall set forth the boundaries of the district as they have been defined by the Board.

The Secretary of State shall examine the application and statement and, if he finds that the name proposed for the district is not identical with that of any other Soil Conservation District of this State or so nearly similar as to lead to confusion or uncertainty, he shall receive and file them and shall record them in an appropriate book of record in his office. If the Secretary of State shall find that the name proposed for the district is identical with that of any other Soil Conservation District in this State, or so nearly similar as to lead to confusion and uncertainty, he shall certify such fact to the State Soil Conservation Board, which shall thereupon submit to the Secretary of State a new name for the said district, which shall not be subject to such defects. Upon receipt of such new name, free of such defects, the Secretary of State shall record the application and statement, with the name so modified, in an appropriate book of record in his office. When the application and statement have been made, filed, and recorded, as herein provided, the district shall constitute a governmental subdivision of this State and a public body corporate and politic. The Secretary of State shall make and issue to the said supervisors a certificate under the seal of the State, of the due organization of the said district, and shall record such certificate with the application and statement.
The boundaries of such district shall include the territory as determined by the State Soil Conservation Board as aforesaid, but in no event shall they include any area included within the boundaries of another Soil Conservation District organized under the provisions of this Act.

G. After six (6) months shall have expired from the date of entry of a determination by the State Soil Conservation Board that operation of a proposed district is not administratively practicable and feasible, and denial of a petition pursuant to such determination, subsequent petition may be filed as aforesaid, and action taken thereon in accordance with the provisions of this Act.

H. Petitions for including additional territory within an existing district may be filed with the State Soil Conservation Board, and the proceedings herein provided for in the case of petitions to organize a district shall be observed in the case of petitions for such inclusion. The Board shall prescribe the form for such petitions, which shall be as nearly as may be in the form prescribed in this Act for petitions to organize a district. Where the total number of landowners in the area proposed for inclusion shall be less than one hundred (100), the petition may be filed when signed by a two-thirds majority of owners of land in such area, and in such case, no election need be held. In election upon petitions for such inclusion, all owners of land within the proposed additional area shall be eligible to vote; only such landowners shall be eligible to vote.

I. In any suit, action, or proceeding involving the validity or enforcement of, or relating to, any contract, proceeding, or action of the district, the district shall be deemed to have been established in accordance with the provisions of this Act upon proof of the issuance of the aforesaid certificate by the Secretary of State. A copy of such certificate duly certified by the Secretary of State shall be admissible in evidence in any such suit, action, or proceeding and shall be proof of filing and contents thereof.

**Method of Selection, Qualifications, and Tenure of Soil Conservation District Supervisors**

Sec. 6. Within thirty (30) days after the date of issuance by the Secretary of State of a Certificate of Organization of a Soil Conservation District, the State Soil Conservation Board shall designate a time and place within the subdivisions wherein supervisors are to be elected, giving due notice of such designation in each subdivision of the district wherein elections are to be held. The owners of land within each subdivision shall meet at the time and place as designated by the State Soil Conservation Board for the purpose of electing from within the Subdivision a member to the Board of District Supervisors. The qualified voters present shall proceed by electing a chairman, secretary, and tally clerks. Nominations shall be in order, and when nominations have ceased, the nominee shall be announced by the secretary. The qualified voters present shall, by a written ballot, cast their vote for their choice from among the nominees. When the votes have been tabulated by the tally clerks, if no candidate has received a majority of the total votes cast, the two candidates receiving the largest number of votes shall be voted on in a second ballot, and the candidate receiving the largest number of votes shall be declared elected.

The secretary shall record the proceedings of the meeting, and shall, within five (5) days, certify to the State Soil Conservation Board the name and the proper address of the person elected.
The three (3) members as certified to the State Board shall serve until at a regular election within the subdivisions from which they are elected their successors are elected and have qualified.

The governing body of the district shall consist of five (5) supervisors, composed of the three (3) supervisors elected as provided here-inabove, together with the two (2) supervisors appointed as provided for in Section 5 of this Act by the State Soil Conservation Board. All five (5) such supervisors shall be owners of land within the subdivision from which they are appointed or elected and shall be actively engaged in the business of farming or animal husbandry.

The supervisors shall designate a chairman, vice-chairman, and secretary and may, from time to time, change such designation. Each of the supervisors who are appointed or elected upon creation of the district shall serve until at the regular election of supervisors their successors are elected and have qualified. Beginning with the year 1943, other than the first election and appointment of supervisors within a district, all elections for the election of district supervisors shall be held on the first Tuesday in October. On the first Tuesday in October, 1943, elections shall be held in all five (5) subdivisions in each district within the State for election of supervisors, which shall establish a regular period for elections. Terms of office of supervisors elected on the first Tuesday in October, 1943, shall be as follows: Subdivision No. 1, one year; Subdivision No. 2, two years; Subdivision No. 3, three years; Subdivision No. 4, four years; and Subdivision No. 5, five years, or until their successors are elected and have qualified. Their successors in office shall be elected for a term of five (5) years. In districts created thereafter, the two (2) appointed and the three (3) elected supervisors shall serve until the regular period for elections in corresponding subdivisions in all districts, or until their successors are elected and have qualified. Their successors in office shall serve for the regular five-year term. Terms of office of all supervisors elected shall begin on the day following their election.

Vacancies shall be filled by election for the unexpired term, except that vacancies occurring prior to the first Tuesday in October, 1943, may be filled by appointment by the State Soil Conservation Board. A majority of the supervisors shall constitute a quorum and the concurrence of a majority of the supervisors in any matter within their duties shall be required for its determination. A supervisor may receive compensation for services not to exceed Four Dollars ($4) for each day he shall be in attendance at the regular meetings of the Board of Supervisors, and Five (5) Cents per mile for travel each way between the residence of a supervisor and the designated business office of the district supervisors. Supervisors shall be paid quarterly for their services, and may not receive compensation and mileage for any number of days in excess of five (5) in any three-month period, except that one member of each Board of Supervisors shall be entitled to receive Four Dollars ($4) per day not to exceed two (2) days, and Five (5) Cents per mile while attending an annual State-wide meeting of supervisors to be held at a time and place to be determined by the State Soil Conservation Board. The provision providing Five (5) Cents per mile for travel for district supervisors shall be in effect September 1, 1941, and thereafter.

The supervisors may employ such officers, agents, and employees, permanent and temporary, as they may require, and shall determine their qualifications, duties, and compensation. The supervisors may delegate to their chairman, to one or more supervisors, or to one or more agents or employees, such powers and duties as they may deem proper. The supervisors shall furnish to the State Soil Conservation Board, upon
request, copies of such ordinances, rules, regulations, orders, contracts, forms, and other documents as they shall adopt or employ, and such other information concerning their activities as it may require in the performance of its duties under this Act.

The supervisors shall provide for the execution of surety bonds for all employees and officers who shall be entrusted with funds or property, shall provide for the keeping of a full and accurate record of all proceedings of all resolutions, regulations, and orders issued or adopted, and shall provide for an annual audit of the accounts of receipts and disbursements. The State Board may demand and pay the expenses of an audit at any time. Any supervisor may be removed by the State Soil Conservation Board, upon notice and hearing, for neglect of duty or malfeasance in office, or if disqualified as a voter within the district, but for no other reason.

The supervisors may invite the legislative body of any municipality or county located within or near the territory comprised within the district to designate a representative to advise and consult with the supervisors of the district on all questions of program and policy which may affect the property, water supply, or other interests of such municipality or county.

Powers of Districts and Supervisors

Sec. 7. A Soil Conservation District organized under the provisions of this Act shall constitute a governmental subdivision of this State and a public body corporate and politic exercising public powers, and such district and the supervisors thereof shall have the following powers, in addition to others granted in other sections of this Act:

(1) To carry out preventive and control measures within the district including, but not limited to, engineering operations, methods of cultivation, the growing of vegetation, changes in use of land, and the measures listed in Subsection o, of Section 2 of this Act, on lands owned or controlled by this State or any of its agencies, with the cooperation of the agency administrating and having jurisdiction thereof, and on any other lands within the district upon obtaining the consent of the occupiers of such lands or the necessary rights or interests in such lands;

(2) To cooperate or enter into agreements with, and, within the limits of appropriations duly made available to it by law, to furnish financial or other aid to, any agency, governmental or otherwise, or any occupier of lands within the district, in the carrying on of erosion control and prevention operations within the district, subject to such conditions as the supervisors may deem necessary to advance the purposes of this Act;

(3) To obtain options upon and to acquire, by purchase, exchange, lease, gift, grant, bequest, devise, or otherwise, any property, real or personal, or rights or interests therein; to maintain, administer, and improve any properties acquired, to receive income from such properties, and to expend such income in carrying out the purposes and provisions of this Act; and to sell, lease, or otherwise dispose of any of its property or interests therein in furtherance of the purposes and the provisions of this Act;

(4) To make available, on such terms as it shall prescribe, to land occupiers within the districts, agricultural and engineering machinery and equipment, fertilizer, seeds and seedlings, and such other material or equipment, as will assist such land occupiers to carry on operations upon their lands for the conservation of soil resources and for the prevention and control of soil erosion;
(5) To construct, improve, and maintain such structures as may be necessary or convenient for the performance of any of the operations authorized in this Act;

(6) To develop comprehensive plans for the conservation of soil resources and for the control and prevention of soil erosion within the district, which plans shall specify in such detail as may be possible, the acts, procedures, performances, and avoidances which are necessary or desirable for the effectuation of such plans, including the specification of engineering operations, methods of cultivation, the growing of vegetation, cropping programs, tillage practices, and changes in use of land; and to publish such plans and information and bring them to the attention of occupiers of lands within the district;

(7) To take over, by purchase, lease, or otherwise, and to administer, any soil conservation, erosion control, or erosion prevention project located within its boundaries undertaken by the United States or any of its agencies, or by this State or any of its agencies; to manage, as agent of the United States or any of its agencies, or of this State or any of its agencies, any soil conservation, erosion control, or erosion prevention project within its boundaries; to act as agent for the United States, or any of its agencies, or for this State or any of its agencies in connection with the acquisition, construction, operation, or administration of any soil conservation, erosion control, or erosion prevention project within its boundaries; to accept donations, gifts, and contributions in money, services, materials, or otherwise, from the United States or any of its agencies, or from this State or any of its agencies, and to use or expend such moneys, services, materials, or other contributions in carrying on its operations;

(8) To sue and be sued in the name of the district; to have a seal, which seal shall be judicially noticed; to have perpetual succession unless terminated as hereinafter provided; to make and execute contracts and other instruments, necessary or convenient to the exercise of its powers, to make, and from time to time amend and repeal, rules and regulations not inconsistent with this Act, to carry into effect its purposes and powers;

(9) As a condition to the extending of any benefits under this Act to, or the performance of work upon, any lands not owned or controlled by this State or any of its agencies, the supervisors may require contributions in the form of services, materials, or otherwise to any operation conferring such benefits, and may require land occupiers to enter into and perform such agreements or covenants as to the permanent use of such lands as will tend to prevent or control erosion thereon.

(10) The supervisors shall have no power to levy taxes, and no debts incurred in the name of the district shall create a lien on lands of landowners or land occupiers in the district.

Adoption of Land-use Regulations

Sec. 8. When petitioned by fifty (50) or more landowners within the district, the supervisors of any district shall have the authority to formulate regulations governing the use of lands within the district in the interest of conserving soil and soil resources and preventing and controlling soil erosion. The supervisors may conduct such public meetings and public hearings upon tentative regulations as may be necessary to assist them in this work. The supervisors shall not have authority to enact such land-use regulations into law until after they shall have caused due notice to be given of their intention to conduct an election for submission of such regulations to the landowners within the boundaries of the district for their indications of approval or disapproval of
such proposed regulations, and until after the supervisors have considered the result of such election. The proposed regulations shall be embodied in a proposed ordinance. Copies of such proposed ordinance shall be available for inspection during the period between publication of such notice and the date of the election. The notices of the election shall recite the contents of such proposed ordinance, or shall state where copies of such proposed ordinance may be examined. The question shall be submitted by ballots, upon which the words “For approval of proposed Ordinance No. ________, prescribing land-use regulations for conservation of soil and prevention of erosion” and “Against approval of proposed Ordinance No. ________, prescribing land-use regulations for conservation of soil and prevention of erosion,” shall appear. The supervisors shall supervise such election, shall prescribe appropriate regulations covering the conduct thereof, and shall announce the result thereof. All owners of land within the district shall be eligible to vote in such election. Only such landowners shall be eligible to vote. The supervisors shall not have authority to enact such proposed ordinance into law unless at least nine-tenths of the votes cast in such election shall have been cast for approval of the said proposed ordinance. The approval of the proposed ordinance by nine-tenths of the votes cast in such election shall be deemed to require the supervisors to enact such proposed ordinance into law. Land-use regulations prescribed in ordinance adopted pursuant to the provisions of this Section shall have the force and effect of law in the said district and shall be binding and obligatory upon all occupiers of land within such district.

Any occupier of land within such district may at any time file a petition with the supervisors asking that any or all of the land-use regulations prescribed in any ordinance adopted by the supervisors under the provisions of this Section shall be amended, supplemented, or repealed. Land-use regulations prescribed in any ordinance adopted pursuant to the provisions of this Section shall not be amended, supplemented, or repealed except in accordance with the procedure prescribed in this Section for adoption of land-use regulations or in accordance with variances authorized in Section 10 of this Act; provided, however, that such suspension or repeal may be effected by a majority vote of the qualified voters voting at such election. Elections on adoption, amendment, supplementation, or repeal of land-use regulations shall not be held more often than once in six (6) months.

The regulations to be adopted by the supervisors under the provisions of this Section may include:

(1) Provisions requiring the carrying out of necessary engineering operations, including the construction of terraces, terrace outlets, check dams, dikes, ponds, ditches, and other necessary structures;
(2) Provisions requiring observance of particular methods of cultivation including contour cultivating, contour furrowing, lister furrowing, sowing, planting, strip cropping, seeding, and planting of lands to water-conserving and erosion-preventing plants, trees, and grasses, forestations, and reforestations;
(3) Specifications of cropping programs and tillage practices to be observed;
(4) Provisions requiring the retirement from cultivation of highly erosive areas or of areas on which erosion may not be adequately controlled if cultivation is carried on;
(5) Provisions for such other means, measures, operations, and programs as may assist conservation of soil resources, and prevent or control soil erosion in the district, having due regard to the legislative findings set forth in Section 2 of this Act.
The regulations shall be uniform throughout the territory comprised within the district except that the supervisors may classify the lands within the district with reference to such factors as soil type, degree of slope, degree of erosion threatened, or existing, cropping and tillage practices in use, and other relevant factors, and may provide regulations varying with the type or class of land affected, but uniform as to all lands within each class or type. Copies of land-use regulations adopted under the provisions of this section shall be printed and made available to all owners and occupiers of land lying within the district.

Performance of Work under the Regulations by the Supervisors

Sec. 9. The supervisors shall have authority to go upon any lands within the district to determine whether land-use regulations adopted under the provisions of Section 8 of this Act are being observed.

Where the supervisors of any district shall find that any of the provisions of land-use regulations prescribed in an ordinance adopted in accordance with the provisions of Section 8 hereof are not being observed on particular lands, and that such non observance tends to increase erosion on such lands and is interfering with the prevention or control of erosion on other lands within the district, the supervisors may present to any Court of competent jurisdiction a petition, duly verified, setting forth the adoption of the ordinance prescribing land-use regulations, the failure of the defendant to observe such regulations, and to perform particular work, operations, or avoidances as required thereby, and that such nonobservance tends to increase erosion on such lands and is interfering with the prevention or control of erosion on other lands within the district, and praying the Court to require the defendant to perform the work, operations, or avoidances within a reasonable time and to order that if the defendant shall fail so to perform, the supervisors may go on the land, perform the work or other operations or otherwise bring the condition of such lands into conformity with the requirements of such regulations, and recover the costs and expenses thereof, with interest, from the occupier of such land. Upon the presentation of such petition, the Court shall cause process to be issued against the defendant, and shall hear the case. If it shall appear to the Court that testimony is necessary for the proper disposition of the matter, it may take evidence, or appoint a referee to take such evidence as it may direct and report the same to the Court with his findings of fact and conclusions of law, which shall constitute a part of the proceedings upon which the determination of the Court shall be made. The Court may dismiss the petition; or it may require the defendant to perform the work, operations, or avoidances, and may provide that upon the failure of the defendant to initiate such performance within the time specified in the order of the Court, and to prosecute the same to completion with reasonable diligence, the supervisors may enter upon the lands involved and perform the work or operation or otherwise bring the condition of such lands into conformity with the requirements of the regulations and recover the costs and expenses thereof, from the occupier of such lands, provided further, that in no case shall the total charge for the work done by said supervisors or anyone under them, and to be charged against said lands, ever exceed for any calendar year, ten (10) per cent of the assessed valuation of said lands for State and county purposes. In all cases where the person in possession of lands who shall fail to perform such work, operations, or avoidances, shall not be the owner, the owner of such lands shall be joined as a party defendant.

The Court shall retain jurisdiction of the case until after the work has been completed. Upon completion of such work pursuant to such
order of the Court the supervisor may file a petition with the Court, a copy of which shall be served upon the defendant in the case, stating the costs and expenses sustained by them in the performance of the work and praying judgment therefor with interest. The Court shall have jurisdiction to enter judgment for the amount of such costs and expenses, together with the costs of suit, including reasonable attorney's fee to be fixed by the Court. Such judgments shall be collected in the same manner as that provided for the collection of assessments in Wind Erosion Conservation Districts created by authority of House Bill No. 978, Acts of the Regular Session of the Forty-fourth Legislature of Texas.²

Board of Adjustment

Sec. 10. A. Where the supervisors of any district organized under the provisions of this Act shall adopt an ordinance prescribing land-use regulations in accordance with the provisions of Section 9 hereof, they shall further provide by ordinance for the establishment of a Board of Adjustment. Such Board of Adjustment shall consist of three (3) members, each to be appointed for a term of two (2) years, except that one of the members first appointed shall be appointed for a term of one year, or until his successor is elected and qualified. The members of each such Board of Adjustment shall be appointed by the State Soil Conservation Board, with the advice and approval of the supervisors of the district for which such Board of Adjustment has been established, and shall be removable, upon notice and hearing, for neglect of duty or malfeasance in office, but for no other reason, such hearing to be conducted jointly by the State Soil Conservation Board and the supervisors of the district. Vacancies in the Board of Adjustment shall be filled in the same manner as original appointments, and shall be for the unexpired term of the member whose term becomes vacant. Members of the State Soil Conservation Board and the supervisors of the district shall be ineligible to appointment as members of the Board of Adjustment during their tenure of such other office. The members of the Board of Adjustment shall receive compensation for their services at the rate of Three Dollars ($3) per diem for time spent on the work of the Board, not to exceed ten (10) days each year to be paid by the State Soil Conservation Board from appropriations made for that purpose.

The supervisors shall pay the necessary administrative and other expenses of operation incurred by the Board of Adjustment upon the certificate of the chairman of the said Board.

B. The Board of Adjustment shall adopt rules to govern its procedures which rules shall be in accordance with the provisions of this Act and with the provisions of any ordinance adopted pursuant to this section. The Board shall designate a chairman from among its members, and may, from time to time, change such designation. Meetings of the Board shall be held at the call of the chairman and at such other times as the Board may determine. Any two (2) members of the Board of Adjustment shall constitute a quorum. The chairman, or in his absence such other member of the Board as he may designate to serve as acting chairman, may administer oaths and compel the attendance of witnesses. All meetings of the Board of Adjustment shall be open to the public. The Board shall keep a full and accurate record of all proceedings, of all documents filed with it, and of all orders entered, which shall be filed in the office of the Board of Adjustment and shall be a public record.

C. An occupier of land within the district may file a petition with the Board of Adjustment alleging that there are great practical difficulties or unnecessary hardship in the way of his carrying out upon
his lands the strict letter of the land-use regulations prescribed by ordinance approved by the supervisors, and praying the Board of Adjustment to authorize a variance from the terms of the land-use regulations in the application of such regulations to the lands occupied or owned by the petitioner. Copies of such petition shall be served by the petitioner upon the chairman of the supervisors of the district within which his lands are located and upon the Chairman of the State Soil Conservation Board. The Board of Adjustment shall fix a time for the hearing of the petition and cause due notice of such hearing to be given. The supervisors of the district and the State Soil Conservation Board shall have the right to appear and be heard at such hearing. Any occupier of lands lying within the district who shall object to the authorizing of the variance prayed for may intervene and become a party to the proceedings.

Any party to the hearing before the Board may appear in person, by agent, or by attorney. If, upon the facts presented at such hearing, the Board shall determine that there are great practical difficulties or unnecessary hardships in the way of applying the strict letter of any of the land-use regulations upon the lands of the petitioner, it shall make and record such determination and shall make and record findings of fact as to the specific conditions which establish such great practical difficulties or unnecessary hardship. Upon the basis of such findings and determination, the Board of Adjustment shall have power by order to authorize such variance from the terms of the land-use regulations, in their application to the lands of the petitioner, as will relieve such great practical difficulties or unnecessary hardship and will not be contrary to the public interest, and such that the spirit of the land-use regulations shall be observed, the public health, safety, and welfare secured, and substantial justice done.

Cooperation Between Districts

Sec. 11. The supervisors of any two (2) or more districts organized under the provisions of this Act may cooperate with one another in the exercise of any or all powers conferred in this Act.

State Agencies to Cooperate

Sec. 12. Agencies of this State which shall have jurisdiction over, or be charged with the administration of, any State-owned lands, and of any county, or other governmental subdivision of the State, which shall have jurisdiction over, or be charged with the administration of, any county-owned or other publicly owned lands, lying within the boundaries of any district organized hereunder, shall cooperate to the fullest extent with the supervisors of such districts in the effectuation of programs and operations undertaken by the supervisors under the provisions of this Act. The supervisors of such district shall be given free access to enter and perform work upon such publicly owned lands. The provisions of land-use regulations adopted pursuant to Section 8 of this Act shall have the force and effect of law over all such publicly owned lands, and shall be in all respects observed by the agencies administering such lands.

Discontinuance of Districts

Sec. 13. At any time after five (5) years after the organization of a District under the provisions of this Act, any fifty (50) or a majority of the landowners within the boundaries of such district may file a petition with the State Soil Conservation Board praying that the operations of the district be terminated and the existence of the district discon-
continued. The Board may conduct such public meetings and public hearings upon such petition as may be necessary to assist it in the consideration thereof. Within sixty (60) days after such a petition has been received by the Board, it shall give due notice of the holding of an election, and shall supervise such election and issue appropriate regulations governing the conduct thereof, the question to be submitted by ballots upon which the words: "For terminating the existence of the (name of the Soil Conservation District to be here inserted)," and "Against terminating the existence of the (name of the Soil Conservation District to be here inserted)," shall appear.

All owners of land within the boundaries of the district shall be eligible to vote in such election. Only such landowners shall be eligible to vote.

The Board shall publish the result of such election and shall thereupon consider and determine whether the continued operation of the district within the defined boundaries is administratively practicable and feasible. If the Board shall determine that the continued operation of such district is administratively practicable and feasible, it shall record such determination and deny the petition. If the Board shall determine that the continued operation of such district is not administratively practicable and feasible, it shall record such determination and shall certify such determination to the supervisors of the district. In making such determination the Board shall give due regard and weight to the attitudes of the owners of lands lying within the district, the number of landowners eligible to vote in such election who shall have voted, the proportion of the votes cast in such election in favor of the discontinuance of the district to the total number of votes cast, the approximate wealth and income of the landowners of the district, the probable expense of carrying on erosion control operations within such district, and such other economic and social factors as may be relevant to such determination, having due regard to the legislative findings set forth in Section 2 of this Act; provided however, that the Board shall not have authority to determine that the continued operation of the district is administratively practicable and feasible unless at least a majority of the votes cast in the election shall have been cast in favor of the continuance of such district.

Upon receipt from the State Soil Conservation Board of a certification that the Board has determined that the continued operation of the district is not administratively practicable and feasible, pursuant to the provisions of this section, the supervisors shall forthwith proceed to terminate the affairs of the district. The supervisors shall transfer all property belonging to the district to the State Soil Conservation Board which may either dispose of it at public auction, and pay over the proceeds of such sale to be covered into the State Treasury, or make the property available for use by other districts. The supervisors shall thereupon file an application, duly verified, with the Secretary of State for the discontinuance of such district, and shall transmit with such application the certificate of the State Soil Conservation Board, setting forth the determination of the Board that the continued operation of such district is not administratively practicable and feasible. The application shall recite that the property of the district has been disposed of as in this section provided and shall set forth a full accounting of such properties. The Secretary of State shall issue to the supervisors a certificate of dissolution and shall record such certificate in an appropriate book of record in his office.
Upon issuance of a certificate of dissolution under the provisions of this section, all ordinances and regulations theretofore adopted and in force within such districts shall be of no further force and effect. All contracts theretofore entered into, to which the district or supervisors are parties, shall remain in force and effect for the period provided in such contracts. The State Soil Conservation Board shall be substituted for the district or supervisors as party to such contracts. The Board shall be entitled to all benefits and subject to all liabilities under such contracts and shall have the same right and liability to perform, to require performance, to sue and be sued thereon and to modify or terminate such contracts by mutual consent or otherwise, as the supervisors of the district would have had. Such dissolution shall not affect the lien of any judgment entered under the provisions of Section 9 of this Act, nor the pendency of any action instituted under the provisions of such Section, and the Board shall succeed to all the rights and obligations of the district or supervisors as to such liens and actions.

The State Soil Conservation Board shall not entertain petitions for the discontinuance of any district nor conduct elections upon such petitions nor make determinations pursuant to such petitions in accordance with the provisions of this Act, more often than once in five (5) years. As amended Acts 1941, 47th Leg., p. 491, ch. 308, § 1.

CHAPTER TWELVE—RICE [NEW]

Art. 165—5. Texas Rice Development Law—Legislative Intent

Section 1. That economic waste and loss of property and natural resources of the State of Texas are being suffered in the rice industry of the State of Texas by lack of proper research for additional uses of rice and the by-products of rice and by lack of proper dissemination of information and proper advertising necessary for the prevention of waste, finding new uses and the development and promotion of the sale of rice grown in the State of Texas; that such unnecessary and unreasonable waste and loss of property and value of property is creating a chaotic condition in the rice industry of the State of Texas which will increase in severity and is now of such nature to imperil the ability of the producers and millers of rice to contribute in appropriate amounts to the support of the ordinary governmental and educational functions, thus tending to increase and actually increasing the tax burden of other citizens for the same purposes; that in the interest of the public welfare and general prosperity of the State of Texas this unnecessary and avoidable loss can and should be eliminated, and this Act shall have as its
purpose the actual elimination of such waste and the conservation of the natural resources and the promotion of the public welfare by acquainting the general public with the health-giving qualities and the food and dietetic value of rice grown in the State of Texas, and finding new uses for the product and for the hulls and straw which are now being destroyed and wasted in enormous quantities each year.

That because the rice grown in Texas comprises one of the major agricultural crops of the State and the business of expanding and increasing the markets and consumption of rice is of public interest and would redound greatly to the general welfare of the State and all of its citizens, and because this Act is designed to promote the general welfare of the State of Texas, and will promote the general welfare of the State, this Act is passed.

Texas Rice Development Law—Short Title

Sec. 2. That this shall be known and cited as the "Texas Rice Development Law," which shall be added as Chapter 12, Article 165-5 to Title 4 of the Revised Civil Statutes of Texas.

Rice Development Commission

Sec. 3. That there is hereby created a Rice Development Commission for the State of Texas, which shall be composed of five (5) persons, not less than three (3) of whom shall be rice growers and two (2) of whom may be rice millers, to be appointed for two-year terms as hereinafter provided, with the advice and consent of the Senate. In appointing the Commission, consideration shall be given to recommendations of persons engaged in the rice industry, and no person shall be appointed to membership on the Commission who is not directly interested in either the growing or milling of rice.

Definition of Terms

Sec. 4. That the terms used in this Act shall be defined as follows:

The term "milled rice" means rice which has been hulled and from which the germ and all or a part of the bran has been removed, and may be either whole or broken, coated or uncoated. The term will also include "brown rice" which means rice that has been hulled and from which the germ and bran have not been removed.

The term "grower" or "rice grower" shall mean and include only those who are actually engaged in growing and producing rice for themselves and who shall not be engaged either directly or indirectly or have any connection with the milling of rice, except as members of a grower cooperative association; and this shall not include anyone who is merely hired or engaged in the growing of rice for other persons.

The term "rice miller" shall mean and include all persons, firms, and corporations who shall process or mill rice within the State of Texas. In any elections held under this Act only the actual individual owner or owners of a mill shall be entitled to vote, and in the case of a corporation, one vote may be cast by the President or other duly authorized agent.

Creation, Collection, and Use of Fund

Sec. 5. That there is hereby levied a processing tax of Two (2) Cents per hundred pounds on all milled rice which is milled or processed in the State of Texas which may be produced from rice grown in the State of Texas by the process of hulling the rice and removing the germ and bran, or any other process which may hull, clean, or mill rice, wheth-
er whole, or broken, coated or uncoated, so as to render the product into the condition of "milled rice" as that term is defined herein. This Act shall also include and such tax shall be paid on all rice grown outside the State of Texas which may be processed or milled by a Texas rice miller, as that term is defined herein; provided further that this tax is and shall be on the act of milling the rice, and in no manner is it or shall it be construed as an occupation tax.

Payment of Tax

Sec. 6. That said tax shall be paid by all rice millers in the State of Texas for all rice milled in the State of Texas and shall be payable within the first ten (10) days of each month for all rice milled during the preceding calendar month, which tax shall be remitted direct to the Rice Development Commission hereby created. Any rice miller failing to pay said tax within the time specified and as herein required shall pay a penalty of ten (10) per cent of the amount due, plus one per cent per month for each and every month in which said tax is not paid.

Should any miller collect any such tax or part thereof from a grower, as such are defined in this Act, he shall be guilty of a misdemeanor and upon conviction therefor, be punished by a fine of not less than Twenty-five Dollars ($25) nor more than One Hundred Dollars ($100).

Examination of books and records; regulations

Sec. 7. That the Texas Rice Development Commission hereby created shall have authority to check and examine the books and records of all rice millers at all reasonable times during business hours and take copies of the same, in order that it may collect the full amount of the tax hereunder, and shall have power to file any suit or suits or take any other actions necessary to force collection or payment of the same. The said Commission is authorized to make such regulations as may be necessary to carry out the powers vested in it by this Act. Any person required to keep any records or supply any information for the purposes of the computation of the amounts due under this Act, who wilfully fails to keep such records or supply such information, shall be guilty of a misdemeanor and upon conviction thereof be fined not more than Five Hundred Dollars ($500), together with the costs of prosecution, and each failure shall constitute a separate offense.

Administration of Act

Sec. 8. That the Texas Rice Development Commission hereby created shall have full authority to spend said funds so collected in the administration of this Act, in the promotion of sales and advertising of Texas rice and rice products, and for research in and development of new uses for rice and rice products, and may cooperate and act jointly with commissions, boards, departments, or other authorities having similar powers and purposes, created or which may be created by Statutes of the States of Louisiana and Arkansas, and said money may be expended in a joint effort by the three state commissions, boards, departments, or authorities. Accurate books and records shall be maintained at all times, reflecting the operations of the Commission, and such books and records shall be available for public audit and inspection.

Compensation and expenses of Commission

Sec. 9. That the Commission shall serve without pay, except the members thereof shall receive not in excess of Ten Dollars ($10) per
day for every day actually expended in connection with their duties as provided.

**Organization and Authority**

Sec. 10. The Commission shall select all necessary employees to carry out the provisions of this Act, provided that such employees shall be paid the same salaries as provided in the general appropriation bill for such similar work; all funds collected hereunder are hereby appropriated to the Texas Rice Development Commission for the purpose of carrying out the provisions of this Act and the Legislature shall have authority to change any salaries set by the Commission; provided, however, that administrative expenses shall never exceed fifteen (15) per cent of the funds collected for each year.

**Department of Agriculture, delegation of duties to**

Sec. 11. Regardless of the other provisions of this Act, all duties and functions herein delegated to the Texas Rice Commission shall be and are hereby delegated to the Department of Agriculture and shall be administered by and under said Department or any other State Agency hereafter created to perform the present duties of the Commissioner and Department of Agriculture, and the Commissioner or Board of Agriculture shall appoint a Texas Rice Development Commission in accordance with this Act to work with the Department and the Commissions of other States in an advisory capacity, but as a part of the Department of Agriculture and not as a separate or new State Agency.

**Form of returns**

Sec. 12. That the said Commission shall have authority to prescribe forms upon which rice millers shall be required to make monthly returns of the rice milled and sold by them and the manner in which such returns shall be made.

**Effective date of act**

Sec. 13. That this Act shall become effective on the first day of August after the Legislatures of Louisiana and Arkansas shall have adopted a similar Statute, assessing a tax of not less than Two (2) Cents per one hundred (100) pounds of milled rice which may be milled in said States, and creating similar commissions, boards, departments, or other authorities with similar powers and purposes. The provisions of this Section and of Section 4 and Section 7, or any other Section or part of this Act in which the validity of such Act depends upon, or is connected with, similar action by the Legislatures of Louisiana and Arkansas, shall be satisfied by the creation and vesting of such authority in any state officer, board, commission, department, or other authority in the States of Louisiana and Arkansas, providing the same powers are delegated to such officer, board, commission, department, or other authority, and providing that a tax is levied of not less than the amount levied herein for such purposes.

**Acts of other states**

Sec. 14. That the creation of a Rice Development Commission for the State of Louisiana, levying the same tax as herein levied in this State, for the same powers and purposes, and vesting the authority of the Rice Development Commission for Louisiana, under Act No. 112 of the 1940 Legislature, in the Department and Director of the Department of Agriculture, the Department and Director of the Department of Finance, and the Department and Director of the Department of Revenue
for the State of Louisiana created by Act No. 47 and Act No. 48 of the 1940 Legislature, is within the terms of this Act, so that this Act shall become effective on the first day of August after the Legislature of Arkansas shall have adopted a Statute similar in purpose to this Act, or to Act No. 112 of the 1940 Legislature of the State of Louisiana, and levied a tax of not less than Two (2) Cents per hundred pounds of milled rice for similar purposes.

Partial invalidity

Sec. 15. That if any word, phrase, sentence, paragraph, or portion of this Act shall be unconstitutional, it shall not affect the validity of the remaining portions of this Act, but the same shall be construed to be effective, as though the unconstitutional word, phrase, sentence, paragraph, or portion thereof were eliminated.

Expiration of Act

Sec. 16. If this Act shall expire, the Rice Development Commission shall continue to operate its program so long as any funds remain on hand after which it shall be dissolved by order of the Commission and all records deposited with Department of Agriculture.

Expiration of act; elections on extension of act

Sec. 16a. Whenever assistance is thus withdrawn, revoked, suspended, or in any way changed, the State Department shall at once notify the recipient of such decision. (2) Within a reasonable time prior to an applicant's or recipient's appeal hearing he, or his authorized agent, shall be fully advised of
the information contained in his record on which action was based if a request for such information is made in writing, and no evidence of which the applicant or recipient is not informed shall be considered by the State Department as the basis for a decision after a hearing.

CHAPTER FIVE—FUNDING, REFUNDING AND COMPROMISES

Art. 802b—2. Refunding bonds supported by ad valorem tax or by pledge of income of specified utilities; issuance by cities operating under charters authorized [New].

Art. 802b—4. Exposition and Convention Hall or Coliseum bonds, refunding; cities over 100,000 [New].

Art. 802c. Refunding bonds of certain cities operating utilities [New].

Art. 802d. Refunding bonds of cities whose streets link state highways [New].

Art. 802b—2. Refunding bonds supported by ad valorem tax or by pledge of income of specified utilities; issuance by cities operating under charters authorized

Section 1. This Act shall be applicable to any city operating under a charter either adopted or amended by vote of the people which owns and operates its waterworks and sanitary sewer systems, and the principal amount of whose bond and time warrant indebtedness is in an aggregate amount exceeding forty (40) per cent of the assessed valuation of the property in such city according to the latest approved official tax
rolls. Any such city, for the purposes of this Act, shall be an eligible city.

Sec. 2. Any eligible city is authorized to issue refunding bonds of two classes. One class of its refunding bonds, which may be in one or more series, shall not be supported by an ad valorem tax but by a pledge to the payment of the principal and interest thereof of all or a stipulated part of the net income from the operation of its waterworks system or its sewer system, or both, and by a deed of trust or a mortgage upon such systems, and by a grant to the purchaser, under sale or foreclosure thereunder, a franchise to operate the systems and property so purchased for a term of not over twenty (20) years after purchase, subject to all laws regulating same then in force. The other class, which may be in one or more series, shall be supported by an ad valorem tax levied at a rate or in an amount sufficient to pay the interest thereon and the principal at maturity. Such city shall designate the several issues or parts of issues of outstanding bonds or time warrants, or both, eligible to be refunded by the issuance of the respective classes of its refunding bonds, provided, however, that bonds and warrants which were issued for waterworks or sewer purposes shall be refunded into the class which is secured by the revenues from, and deed of trust or mortgage upon such systems, and all other bonds and warrants shall be refunded in the class of bonds payable from ad valorem taxes. No such city shall be authorized to exercise the additional powers conferred by this Act unless it obtains a reduction in the principal amount of its indebtedness to the extent of not less than fifteen (15) per cent, and unless it obtains a reduction in the average interest rate of its refunded indebtedness so that the average interest rate borne by its two classes of refunding bonds shall be not more than three (3) per cent per annum. Such city shall not be permitted to deliver refunding bonds of said two classes unless and until it shall have obtained consent to such refunding by the holders of at least sixty-six and two-thirds (66 2/3) per cent of aggregate principal amount of its outstanding indebtedness, which sixty-six and two-thirds (66 2/3) per cent shall include not less than one hundred (100) per cent of the revenue bonds outstanding against said system or systems, or unless such refinancing plan shall have been made effective in composition proceedings instituted by such city under Title 11, Chapter 9, of the United States Code and amendments thereto.

Before any income from such utility or utilities shall be used to pay the principal and interest of said refunding bonds, the expenses of operation and maintenance shall have first been provided substantially in accordance with the provisions of Article 1113 of the Revised Civil Statutes of Texas of 1925, as amended, which is applicable to the income of an encumbered utility system or encumbered utility systems. When such city issues refunding bonds under the provisions of this law, it shall be the duty of the city, after making said pledge of such utility income, to establish and maintain utility rates adequate to yield revenues sufficient to operate and maintain said utility system or systems and to fulfill the city’s pledge of such income.

Sec. 3. Such city also shall refund, par for par, all of its outstanding revenue bonds which are secured by a pledge of the revenues of either or both of such systems, and bonds issued to refund such revenue bonds may be included in any refunding issues under the class secured by the pledge of utility revenues authorized by this Act.

Sec. 4. The refunding bonds issued under this Act shall be fully negotiable and shall be issued in the same manner as refunding bonds for the purpose of taking up outstanding bonds issued under the provi-
sions of Title 22 and Title 28 of the 1925 Revised Civil Statutes of Texas and amendments thereto; no notice of intention to issue refunding bonds and no election for the issuance of such bonds shall be required. No such refunding bonds shall be registered in the office of the Comptroller and delivered by him unless and until he shall have received and cancelled in lieu thereof bonds or time warrants in the proportion prescribed in the ordinances authorizing the issuance of such refunding bonds, and in accordance with this Act. The procedure prescribed in Articles 709 to 715 of the Revised Civil Statutes of Texas, 1925, in reference to examination and approval of the bonds by the Attorney General, their registration by the Comptroller, and the effect of approval by the Attorney General shall be applicable to bonds issued under this law.

Sec. 5. This law shall be cumulative of all other laws on the subject. In the event that any provisions of this Act conflict with or are inconsistent with the provisions of any other law, general or special, or with the provisions of the charter of any such eligible city, the provisions of this Act shall take precedence over such conflicting or inconsistent provisions and shall prevail. Acts 1941, 47th Leg., p. 43, ch. 32.

Title of Act: An Act authorizing eligible cities as defined herein to issue two classes of refunding bonds; providing the methods of paying and securing such bonds; enacting other provisions relating to the subject; making this Act cumulative of other laws; providing that it shall take precedence over other laws, general or special, and all charter provisions in conflict or inconsistent herewith; and declaring an emergency. Acts 1941, 47th Leg., p. 43, ch. 32.

Art. 802b—3. Cities of 35,000 to 45,000 under Special or Home Rule Charters may issue notes to fund or refund warrants

Section 1. All cities in this State, operating under a Special or Home Rule Charter and having a population of not less than thirty-five thousand (35,000) nor more than forty-five thousand (45,000), according to the last preceding Federal Census, are hereby authorized and empowered to issue notes for the purpose of funding or refunding outstanding and unpaid warrants drawn against the General Fund for general operating expenses, subject to the limitations and provisions contained hereinafter in this Act.

Sec. 2. Before any city of the classification prescribed in Section 1 hereof may avail itself of the provisions of said Section, the governing body of such city shall order an election on the question of whether or not the governing body shall be authorized to issue notes for the purpose of funding or refunding outstanding and unpaid warrants drawn against its General Fund. Such election shall be held, and notice thereof given, and the results thereof declared, in the same manner as prescribed by General Law on the question of the issuance of municipal bonds. Only qualified electors, who own taxable property in such city and who have duly rendered same for taxation, shall be allowed to vote at such election.

Sec. 3. In the event such election results favorably to the issuance of such notes, the governing body of such city shall have the authority to pass all appropriate ordinances and resolutions to effect their issuance. The notes so authorized shall mature serially over a period not
exceeding ten years from their date, and may bear interest not exceeding five (5) per cent per annum and may be redeemable at the pleasure of the governing body. The full faith and credit of such city may be pledged to the payment of such notes and the interest thereon. Provided, however, that only such general fund warrants issued during the calendar year prior to the calendar year in which such funding or refunding operation is performed may be funded or refunded by the issuance of such notes; and provided further, that all warrants drawn against the General Fund during the calendar year in which such funding or refunding operation takes place and all warrants drawn against the General Fund in subsequent years in which such funding or refunding takes place shall be paid out of current funds appropriated for that purpose and shall never be funded or refunded. Acts 1941, 47th Leg., p. 163, ch. 120.

Filed without the Governor's signature, April 12, 1941.
Effective April 24, 1941.

Section 4 of Act of 1941 declared an emergency and provided that the Act should take effect from and after its passage.

Title of Act:
An Act authorizing cities operating under a Special or Home Rule Charter and having a population of not less than thirty-five thousand (35,000) nor more than forty-five thousand (45,000), according to the last preceding Federal Census, to issue notes for the purpose of funding or refunding outstanding and unpaid warrants, drawn against the General Fund for operating expenses; requiring that the issuance of all of such notes shall be authorized by a vote of the qualified property taxing voters of such city voting at an election held for that purpose; prescribing the rate of interest such notes shall bear and the maturities thereof; providing that the full faith and credit of such city may be pledged to the payment of such notes and the interest thereon; provided, however, that only such general fund warrants issued during the calendar year prior to the calendar year in which such funding or refunding operation is performed may be funded or refunded by the issuance of such notes; and provided further that all warrants drawn against the General Fund during the calendar year in which such funding or refunding operation takes place and all warrants drawn against the General Fund in subsequent years in which such funding or refunding takes place shall be paid out of current funds appropriated for that purpose and shall never be funded or refunded; and declaring an emergency. Acts 1941, 47th Leg., p. 163, ch. 120.

Art. 802b—4. Exposition and Convention Hall or Coliseum bonds, refunding; cities over 100,000

Section 1. This Act shall be applicable to any city of over one hundred thousand (100,000) population according to the last preceding Federal Census, which owns and operates an Exposition and Convention Hall or Coliseum against which there are outstanding revenue bonds issued for the construction thereof, and which owns and operates an unencumbered natural gas distribution system which serves the inhabitants of all or a part of such city. Any such city, for the purposes of this Act, shall be an "eligible" city.

Any eligible city is authorized, without an election and without notice of intention to issue such bonds, to issue refunding bonds for the purpose of taking up and in lieu of its outstanding revenue bonds issued for the purpose of financing the construction of its Exposition and Convention Hall or Coliseum, and may secure said refunding bonds by a pledge of the net revenues from the operation of such Exposition and Convention Hall or Coliseum, and by the net revenues from the operation of its natural gas distribution system; provided that the revenues from its natural gas distribution system shall not be pledged as security for such refunding bonds unless such refunding bonds are issued to bear an interest rate lower than the rate borne by said outstanding revenue bonds.
Sec. 2. The bonds issued under this Act shall mature serially within a period of time not exceeding thirty (30) years from their date. The governing body of such city shall prescribe the interest rates, maturities and any options of redemption prior to maturity of such bonds. Such bonds which constitute special obligations of the issuing city, shall never be considered indebtedness of such city or town, but solely a charge upon the revenues pledged for the payment of such bonds, and shall never be reckoned in determining the power of such city to issue tax supported bonds for any purpose authorized by law.

Sec. 3. Whenever the income of such Exposition and Convention Hall or Coliseum and of such natural gas distribution system shall be encumbered as authorized in this Act it shall be the duty of the city to establish and maintain separate books and accounts for each of the properties whose income shall have been pledged. The total revenues remaining after providing for payment of reasonable operating, maintenance, depreciation, replacement, improvement, necessary expansion and repair charges, resulting from the operation of the encumbered Exposition and Convention Hall or Coliseum shall constitute "net revenues." The total revenues remaining after providing for payment of reasonable operating, maintenance, depreciation, replacement, improvement, necessary expansion and repair charges, resulting from the operation of the encumbered natural gas distribution system shall constitute "net revenues." The ordinance authorizing such revenue bonds shall prescribe the conditions under which such revenues may be used to pay depreciation, replacement, improvement and necessary expansion charges. It shall be the duty of any city issuing bonds under the provision of this Act to fix and maintain rates, rentals, and charges in the instance of each such encumbered property to assure receipt of income sufficient to pay reasonable operating, maintenance, improvement, necessary expansion and repair charges in connection with the proper operation of such property and to assure net revenues from the property or properties encumbered sufficient to pay the principal and interest of such bonds according to their tenor and effect, and to establish and maintain a reasonable reserve in the interest and sinking fund to be provided for such bonds. The requirement for a "reasonable reserve" shall be satisfied by establishing and maintaining in the Interest and Sinking Fund, in addition to requirements for a given calendar year, money sufficient to pay the principal and interest scheduled to mature and accrue during the succeeding calendar year. After such reserve account shall have been established and so long as it shall remain intact and while there are no delinquencies of principal or interest on any of the outstanding bonds, such city may use the pledged revenues in excess of such requirements for any other lawful purpose. The pledging of the revenues as authorized herein shall not constitute a lien on the physical properties of the Exposition and Convention Hall or Coliseum or of the Natural Gas Distribution System.

Sec. 4. Every contract and bond, or other evidence of indebtedness, issued pursuant to this Act shall contain substantially the following clause: "The holder hereof shall never have the right to demand payment of this obligation out of any funds raised or to be raised by taxation." It shall be the duty of the officials of any such city to file with the Attorney General of the State of Texas a proper transcript of proceedings authorizing the issuance of such refunding bonds and evidencing the pledge of revenues from which the principal and interest of said bonds are to be paid, and to deliver to the Attorney General the executed refunding bonds. It shall be the duty of the Attorney General
to approve such record and said bonds when issued in accordance with this law.

Sec. 5. After said bonds have been examined and approved by the Attorney General they shall be registered by the Comptroller and delivered in exchange for a like principal amount of said original revenue bonds. After receiving the approval by the Attorney General and having been registered in the office of the Comptroller of Public Accounts, said bonds shall be held in every action, suit or proceeding in which their validity is or may be brought into question, valid and binding obligations. In every action brought to enforce collection of such bonds the certificate of approval by the Attorney General or a duly certified copy thereof shall be received in evidence of the validity of such bonds. The only defense which can be offered against the validity of such bonds shall be forgery or fraud.

Sec. 6. This law shall be cumulative of all other laws on the subject. In the event that any provisions of this Act conflict with or are inconsistent with the provisions of any other law, general or special, or with the provisions of the charter of any such eligible city, the provisions of this Act shall take precedence over any such conflicting or inconsistent provisions. Acts 1941, 47th Leg., p. 652, ch. 395.

Approved and effective May 31, 1941.

Section 7 of Act of 1941 declared an emergency and provided that the Act should take effect from and after its passage.

Acts 1941, 47th Leg., p. 652, ch. 395.

Art. 802c. Refunding bonds of certain cities operating utilities—Eligible cities

Section 1. This Act shall be applicable to cities operating under charters either adopted or amended by vote of the people, which own and operate waterworks, electric light and sanitary sewer systems, and whose outstanding bond and time warrant indebtedness, including accrued and unpaid interest thereon, exists in an aggregate amount of not less than thirty-five (35) per cent of the assessed valuation of the property in such city according to the latest approved official tax rolls. Any such city for the purposes of this Act shall be an “eligible” city.

Refunding bonds authorized; proceedings under Municipal Bankruptcy Act authorized; pledge of revenues from utilities

Sec. 2. Any eligible city is authorized to issue refunding bonds for the purpose of taking up all or any part of its outstanding indebtedness evidenced by bonds or interest-bearing time warrants, or both, regardless of whether such indebtedness is in its original form or has been funded, or refunded, in whole or in part, such refunding bonds to bear interest at a rate or rates to be determined by the governing body of said city, not exceeding the average rate or rates of interest borne by the indebtedness to be refunded, and no election shall be required as a condition precedent to the issuance of the said refunding securities. In the event not less than seventy-five (75) per cent of the total amount of its outstanding indebtedness is refunded in accordance with the provisions of this Act,
by consent of the holders of such portion of such indebtedness, or under a plan of composition confirmed or to be confirmed by the Court in proceedings instituted by such city under Title 11, Chapter 9, of the United States Code, and amendment thereto, which proceedings by any such city are hereby expressly authorized, the governing body of such eligible city, in addition to the levying of a tax to pay the principal and interest of said refunding bonds, is authorized to pledge to the payment of such principal and interest, a designated annual amount or a designated proportion of the net-revenues from the operation of any one or more of the utility systems owned and operated by said city, which pledge shall remain in full force and effect so long as any part of the principal or interest of said refunding bonds is outstanding and unpaid. For the purposes of this Act the expression "net revenues" shall mean the gross revenues of such system or systems after the payment of the reasonable and necessary expenses of operation, maintenance, and collection of income, including salaries and wages of employees of such utility or utilities, the setting aside of a five (5) per cent (of such gross income) reserve for replacements, depreciations, and obsolescence, and for the construction of such extensions and additions as may be determined by the governing body to be reasonably necessary and economically justified. When such city issues refunding bonds under the provisions of this law it shall be the duty of the city, after making said pledge of such utility revenues, to establish and maintain utility rates adequate to yield revenues sufficient to operate and maintain said utility systems and to fulfill the city's pledge of said utility revenues.

Amount of bonds; procedure; registration

Sec. 3. The refunding bonds authorized in this Act may be issued in an amount not exceeding the combined amount of outstanding principal, matured interest coupons, and accrued interest on said original securities and shall mature at such time or times as the governing body may prescribe. The procedure of the issuance of said refunding bonds shall be that which is prescribed in the Statutes for the issuance of refunding bonds to take up outstanding bonds.

Such refunding bonds shall be registered by the Comptroller of Public Accounts in exchange for and upon cancellation of such original indebtedness after they shall have been approved by the Attorney General, and when so registered shall have all of the elements of protections of bonds approved by the Attorney General of Texas under the provisions of Articles 709 to 715, both inclusive, of the Revised Civil Statutes of 1925.

Form of bonds; exemptions from certain charter provisions

Sec. 4. Refunding Bonds issued under this Act shall be fully negotiable coupon bonds payable to bearer, constituting general obligations of the issuing city, and the holders thereof shall succeed to all the privileges of the holders of the indebtedness constituting the basis of the Refunding Bonds except as modified and changed by the express terms of the proceedings employed in the refunding operation. No provisions in the charter of any such issuing city shall be applicable to the Refunding Bonds thus to be issued but the provisions of this Act and other General Laws shall prevail as to said Refunding Bonds. Particularly, and without limiting the generality of the foregoing, said Refunding Bonds shall be exempt from any charter provision restricting the interest rate to be borne by said bonds, limiting the maximum tax rate which may be levied to pay the principal and interest thereof, restricting the place of payment, restricting the recovery of interest upon defaulted principal and interest.

intention as a condition precedent to the right to bring suit on said bonds
or coupons, or requiring an election thereon.

In the event that any provisions of this Act conflict with, or are inco-
sistent with, the provisions of any other law, general or special, or with
the provision of the charter of any such eligible city, the provisions of
this Act shall take precedence over such conflicting or inconsistent pro-
visions and shall prevail. Acts 1941, 47th Leg., p. 132, ch. 103.

a rate of interest not to exceed five (5) per cent per annum, payable
annually or semiannually.

Tax levy to pay bonds and interest

Sec. 4. If funding or refunding bonds are issued they shall be sub-

(c) The Commission shall have no jurisdiction to consider, set for hearing, hear, or determine any application for a certificate of convenience and necessity authorizing the operation as a “specialized motor carrier” or any other common carrier except as provided in the preceding paragraph unless the application shall be in writing and set forth in detail the following facts:

1. It shall contain the name and address of the applicant, who shall be the real party at interest, and the names and addresses of its officers, if any, and shall give full information concerning the financial condition and physical properties of the applicant.

2. The commodity or commodities or class or classes of commodities which the applicant proposes to transport and the specific territory or points to, or from, or between which the applicant desires to operate, together with the description of each vehicle which the applicant intends to use.

3. It shall be accompanied by a map, showing the territory within which, or the points to or from or between which, the applicant desires to operate, and shall contain a list of any existing transportation company or companies serving such territory, and shall point out the inadequacy of existing transportation facilities or service, and shall specify wherein additional facilities or service are required and would be secured by the granting of said application.

(d) Before any such application shall be granted, the Commission shall hear, consider and determine said application in accordance with Sections 8, 9, 11, 12, 13, 13a, 14, and 15 of Chapter 277, Acts of the Forty-first Legislature, Regular Session, as amended (Article 911b, Revised Civil Statutes of the State of Texas, 1925, as amended), and if the Commission shall find any such applicant entitled thereto, it shall issue certifi-
cated hereunder on such terms and conditions as is justified by the facts; otherwise said application shall be denied. The Commission shall have no authority to grant any application for a certificate of convenience and necessity authorizing operation as a "Specialized Motor Carrier" or any other common carrier unless it is established by substantial evidence (1) that the services and facilities of the existing carriers serving the territory or any part thereof are inadequate; (2) that there exists a public necessity for such service, and (3) the public convenience will be promoted by granting said application. The order of the Commission granting said application and the certificate issued thereunder shall be void unless the Commission shall set forth in its order full and complete findings of fact pointing out in detail the inadequacies of the services and facilities of the existing carriers, and the public need for the proposed service. Likewise, the Commission shall have no authority to grant any contract carrier application for the transportation of any commodities in any territory or between any points where the existing carriers are rendering, or are capable of rendering, a reasonably adequate service in the transportation of such commodities.

(e) Except where otherwise provided, applications for and holders of certificates of public convenience and necessity, as provided for in this Section, shall be subject to all of the provisions of the Act relating to common carriers by motor vehicle.

(f) Every application for a certificate of public convenience and necessity under this Section shall be accompanied by a filing fee in the sum of Twenty-five Dollars ($25), which fee shall be in addition to other fees and taxes, and shall be retained by the Commission whether certificate of convenience and necessity is granted or not.

(g) For the purpose of defraying the expense of administering this Act, every motor carrier operating as a "specialized motor carrier" in this State shall at the time of the issuance of a certificate of convenience and necessity to him, and annually thereafter on or between September 1st and September 15th of each calendar year, pay a special fee of Ten Dollars ($10) for each motor-propelled vehicle operated or to be operated by such motor carrier in the carriage of property. If the certificate of convenience and necessity herein referred to is issued after the month of September of any year, the fee paid shall be prorated to the remaining portion of the year ending August 31st following, but in no case less than one-fourth the annual fee. In case of emergency or unusual temporary demands for transportation the fee for additional motor-propelled vehicles for less period shall be fixed by the Commission in such reasonable amounts as may be prescribed by general rule or temporary order.

(h) It shall be unlawful for any "specialized motor carrier" as hereinafter defined, to operate any motor vehicle within this State unless there shall be displayed and firmly fixed upon the front and rear of such vehicle an identification plate to be furnished by the Commission. Each of such plates shall be designed so as to identify the vehicle on which the same is attached as being a vehicle authorized to operate under the terms of this Act; said plate shall bear the number given to the vehicle by the Commission and such other marks of identification as may be necessary. The plates for vehicles operated by "specialized motor carriers" shall be different in design to the plates for common carrier vehicles and the plates for contract carrier vehicles. The identification plates provided for herein shall be in addition to the regular license plates provided by law. It shall be the duty of the Commission to provide these plates and each motor vehicle operating in this State shall display such plates as soon as the same are received, and such plates shall be
issued annually thereafter and attached to each motor vehicle not later than September 1st of each year, or as soon thereafter as possible. The Commission shall be authorized to collect from the applicant a fee of One Dollar ($1) for each pair of plates so issued, and all fees for such plates shall be deposited in the State Treasury to the credit of the Motor Carrier Fund. Such certificates shall be granted upon such terms, conditions and restrictions as the Railroad Commission may deem proper, and said Railroad Commission is authorized to make rules and regulations governing such operations, keeping in mind the protection of the highways and the safety of the traveling public.

Such bond shall be for the benefit of the State of Texas, as well as for all persons dealing with such transportation agent. Any person who suffers injury or damages by reason of any negligence of a transportation agent, or by reason of the breach by such transportation agent of any of the conditions of his license, or any duties imposed upon such transportation agent by the terms of this Act, may bring suit in any court of competent jurisdiction in any county wherein such injury or damages may have occurred, and recover upon such bond. Provided further, that if any such bond shall for any reason be cancelled, annulled, exhausted, or partly exhausted, then the license of such transportation agent shall stand suspended until an additional bond of like amount and tenor shall be filed with and approved by the Commission.

A certified copy of such records, or any part thereof, duly certified by the County Clerk in whose office they are on file, shall be received as competent evidence in the trial of any case wherein the actions of the transportation agent making such records are
in issue, or in any hearing before the Railroad Commission, or under its jurisdiction, involving the actions of the transportation agent making such records.

Sec. 7. All license fees paid or to be paid for licenses as herein provided shall be payable to the State Treasurer at Austin, Texas, and shall be by the State Treasurer deposited in the State Treasury and credited to a fund known and designated as the "Motor Transportation Fund", and to be used in administering this Act, and for no other purpose.

Provided, however, that all moneys on hand on September 1, 1943, and all moneys thereafter collected for fees or licenses under this Act shall be paid into the General Revenue Fund by the State Treasurer and after such date no expenditures shall be made for enforcement of this Act except under authority of the Legislature as set forth in the General Appropriation Bill and no appropriation shall ever exceed the fees and licenses paid and collected under this Act.

Violations of Act

Sec. 8. Review of Commission's decision; appeal

Sec. 10. The applicant for a transportation agent's license, or any interested person, may, if he or it be dissatisfied with any decision, rule, order, act, or regulation adopted by the Commission, such dissatisfied person, association, corporation, or party may file a petition setting forth the particular objection to such decision, rule, order, act, or regulation, or to either or all of them in a District Court in Travis County, Texas, against said Commission as defendant. Said action shall have precedence over all other causes on the docket of a different nature, and shall be tried and determined as other civil causes in said court; either party to said action may appeal to the Appellate Court having jurisdiction of said cause, and said appeal shall be at once returnable to said Appellate Court having jurisdiction of said cause, and said action so appealed shall have precedence in said Appellate Court over all causes of a different character therein pending; provided, that if the court be in session at the time such right of action accrues, the suit may be filed during such
term and stand ready for trial after ten (10) days' notice. In all trials under this section, the burden of proof shall rest upon the plaintiff, who must show by the preponderance of the evidence that the decisions, regulations, rules, orders, and acts are unreasonable and unjust to it or them. The Commission shall not be required to give any appeal bond in any cause arising hereunder, and no injunction shall be granted against any order of the Commission without hearing, unless it shall clearly appear that irreparable injury will be done the complaining party if the injunction is not granted.

Partial invalidity

Sec. 12. If any section, sub-section, clause, sentence, or phrase of this Act is for any reason held to be unconstitutional and invalid, such decision shall not affect the validity of the remaining portions of this Act. The Legislature hereby declares that it would have passed this Act and each section, sub-section, clause, sentence, or phrase thereof irrespective of the fact that any one or more of the sections, sub-sections, sentences, clauses, or phrases be declared unconstitutional.

Declaration of policy

Sec. 13. The Legislature declares that it is its policy to so regulate the action of transportation agents and persons selling and arranging for transportation by the parties traveling by motor vehicles upon the highways of the State of Texas as to afford the maximum amount of protection to the traveling public, without undue interference with the rights of individuals; it being understood that this Act is not intended to legalize or authorize anyone not holding a certificate of convenience and necessity from the Railroad Commission to transport passengers for compensation, to regularly engage in the transportation business, or to perform the services of a common carrier. Such city also shall refund par for par, all of its outstanding revenue bonds which are secured by a pledge of the revenues of either or both of such systems, if any such revenue bonds are outstanding, and bonds issued to refund such revenue bonds may be included in any such refunding issue, authorized by this Act.

Second, after all such outstanding revenue bonds, warrants, notes, and other obligations of such city or town shall have been surrendered and cancelled, and an equal amount of such new bonds registered and delivered in lieu thereof, then the balance of such new bonds shall be registered by the Comptroller and delivered to the Mayor of such city or town, or upon his order, and may be sold by the governing body of such city or town and the proceeds thereof expended in further building, improving, enlarging, extending, and/or repairing such system or systems, as the case may be.

Art. 1269k. Housing Authorities Law

Eminent domain

Sec. 12. An authority shall have the right to acquire by the exercise of the power of eminent domain any interest in real property, including a fee simple title thereto, which it may deem necessary for its purposes under this Act after the adoption by it of a resolution declaring that the acquisition of the real property described therein is necessary for such purposes. An authority may exercise the power of eminent domain in the manner provided in Articles 3264 to 3271, both inclusive, Revised Civil Statutes of Texas, 1925, and Acts amendatory thereof or supplementary thereto; or it may exercise the power of eminent domain in the manner provided by any other applicable statutory provisions for the exercise of the power of eminent domain. Property already devoted to a public use may be acquired in like manner, provided that no real property belonging to the city, the county, the State, or any political subdivision thereof may be acquired without its consent. As amended, Acts 1941, 47th Leg., p. 926, ch. 563, § 1.

Approved July 2, 1941.

Effective 90 days after July 3, 1941, date of adjournment.

Section 3 of the amendatory act of 1941 provides that the powers conferred by that act shall be in addition and supplemental to the powers conferred by any other law.
Sections 4 and 5 were identical with sections 25 and 24 of the Act of 1937, as amended, respectively. Section 6 declared an emergency and provided that the Act should take effect from and after its passage.

Housing authorities in counties

Sec. 23a. In each county of the State there is hereby created a public body corporate and politic to be known as the "Housing Authority" of the county; provided, however, that such housing authority shall not transact any business or exercise its powers hereunder until or unless the Commissioners Court of such county, by proper resolution shall declare at any time hereafter that there is need for a housing authority to function in such county, which declaration shall be made by such Commissioners Court for such county in the same manner and subject to the same conditions as the declaration of the governing body of a city required by Section 4 of the Housing Authorities Law for the purpose of authorizing a housing authority created for a city to transact business and exercise its powers (except that the petition referred to in said Section 4 shall be signed by one hundred qualified voters and residents of such county).

The commissioners of a housing authority created for a county may be appointed and removed by the Commissioners Court of the county in the same manner as the commissioners of a housing authority created for a city may be appointed and removed by the Mayor, and except as otherwise provided herein, each housing authority created for a county and the commissioners thereof, within the area of operation of such housing authority as hereinafter defined, shall have the same functions, rights, powers, duties, immunities, privileges, and limitations provided for housing authorities created for cities and the commissioners of such housing authorities, in the same manner as though all the provisions of law applicable to housing authorities created for cities were applicable to housing authorities created for counties; provided, that for such purposes the term "Mayor" or "governing body" as used in the Housing Authorities Law shall be construed as meaning "Commissioners Court", and the term "city" as used therein shall be construed as meaning "county" unless a different meaning clearly appears from the context; and provided further that a housing authority created for a county shall not be subject to the limitations provided in clause (c) of Section 10 of the Housing Authorities Law with respect to housing projects for farmers of low income.

The area of operation of a housing authority created for a county shall include all of the county in which it is created except that portion of the county which lies within the territorial boundaries of any city. Added, Acts 1941, 47th Leg., p. 926, ch. 563, § 2.

Creation of regional housing authority

Sec. 23b. If the Commissioners Court of each of two (2) or more contiguous counties by resolution declares that there is a need for one housing authority to be created for all of such counties to exercise powers and other functions herein prescribed for a housing authority in such counties, a public body corporate and politic to be known as a regional housing authority shall thereupon exist for all of such counties and exercise its powers and other functions in such counties; and thereupon each county housing authority created for each of such counties shall cease to exist except for the purpose of winding up its affairs and executing a deed to the regional housing authority as hereinafter provided; provided that the Commissioners Court of a county shall not adopt a resolution as aforesaid if there is a county housing authority created
for such county which has any obligations outstanding unless first, all
obligees of such county housing authority and parties to the contracts,
bonds, notes, and other obligations of such county housing authority
agree with such county housing authority to the substitution of such
regional housing authority in lieu of such county housing authority on all
such contracts, bonds, notes, or other obligations; and second, the com-
misioners of such county housing authority adopt a resolution con-
tenting to the transfer of all the rights, contracts, obligations, and
property, real and personal, of such county housing authority to such
regional housing authority as hereinafter provided; and provided further
that when the above two (2) conditions are complied with and such
regional housing authority is created and authorized to exercise its
powers and other functions, all rights, contracts, agreements, obli-
gations, and property of such county housing authority shall be in the name
of and vest in such regional housing authority, and all obligations of
such county housing authority shall be the obligations of such re-
gional housing authority and all rights and remedies of any person
against such county housing authority may be asserted, enforced, and
prosecuted against such regional housing authority to the same ex-
tent as they may have been asserted, enforced, and prosecuted against
such county housing authority.

When any real property of a county housing authority vests in
a regional housing authority as provided above, the county housing
authority shall execute a deed of such property to the regional hous-
ing authority which thereupon shall file such deed with the clerk of
the county where such real property is, provided that nothing contained
in this sentence shall affect the vesting of property in the regional
housing authority as provided above.

The Commissioners Court of each of two (2) or more contiguous
counties shall by resolution declare that there is a need for one
regional housing authority to be created for all of such counties to exer-
cise powers and other functions herein prescribed in such counties, if
such Commissioners Court finds (and only if it finds) (a) that insan-
itary or unsafe inhabited dwelling accommodations exist in such county
or there is a shortage of safe or sanitary dwelling accommodations
in such county available to persons of low income at rentals they can
afford and (b) that a regional housing authority would be a more
efficient or economical administrative unit than the housing authority
of such county to carry out the purposes of the Housing Authorities Law
in such county.

In any suit, action, or proceeding involving the validity or en-
forcement of or relating to any contract of the regional housing author-
ity, the regional housing authority shall be conclusively deemed to have
become created as a public body corporate and politic and to have be-
come established and authorized to transact business and exercise
its powers hereunder upon proof of the adoption of a resolution by
the Commissioners Court of each of the counties creating the regional
housing authority declaring the need for the regional housing author-
ity. Each such resolution shall be deemed sufficient if it declares that
there is need for the regional housing authority and finds in substanc-
tially the foregoing terms (no further detail being necessary) that the
conditions enumerated above in (a) and (b) exist. A copy of such
resolution of the Commissioners Court of a county, duly certified
by the county clerk of such county, shall be admissible in evidence in
any suit, action, or proceeding. Added, Acts 1941, 47th Leg., p. 926, ch.
563, § 2.
Sec. 23c. The area of operation of a regional housing authority shall include all of the counties for which such regional housing authority is created and established except that portion of the counties which lies within the territorial boundaries of any city.

The area of operation of a regional housing authority shall be increased from time to time to include one or more additional counties not already within a regional housing authority (except such portion or portions of such additional county or counties which lie within the territorial boundaries of any city) if the Commissioners Court of each of the counties then included in the area of operation of such regional housing authority, the commissioners of the regional housing authority and the Commissioners Court of each such additional county or counties each adopt a resolution declaring that there is a need for the inclusion of such additional county or counties in the area of operation of such regional housing authority. Upon the adoption of such resolutions, the county housing authority created for each such additional county shall cease to exist except for the purpose of winding up its affairs and executing a deed to the regional housing authority as hereinafter provided; provided, however, that such resolutions shall not be adopted if there is a county housing authority created for any such additional county which has any obligations outstanding unless first, all obligees of any such county housing authority and parties to the contracts, bonds, notes, and other obligations of any such county housing authority agree with such county housing authority and the regional housing authority to the substitution of such regional housing authority in lieu of such county housing authority on all such contracts, bonds, notes, or other obligations; and second, the commissioners of such county housing authority and the commissioners of such regional housing authority adopt resolutions consenting to the transfer of all the rights, contracts, obligations, and property, real and personal, of such county housing authority to such regional housing authority as hereinafter provided; and provided further that when the above two (2) conditions are complied with and the area of operation of such regional housing authority is increased to include such additional county, as hereinabove provided, all rights, contracts, agreements, obligations, and property of such county housing authority shall be in the name of and vest in such regional housing authority, all obligations of such county housing authority shall be the obligations of such regional housing authority and all rights and remedies of any person against such county housing authority may be asserted, enforced, and prosecuted against such regional housing authority to the same extent as they may have been asserted, enforced, and prosecuted against such county housing authority.

When any real property of a county housing authority vests in a regional housing authority as provided above, the county housing authority shall execute a deed of such property to the regional housing authority which thereupon shall file such deed with the clerk of the county where such real property is, provided that nothing contained in this sentence shall affect the vesting of property in the regional housing authority as provided above.

The Commissioners Court of each of the counties in the regional housing authority, the commissioners of the regional housing authority and the Commissioners Court of each such additional county or counties shall by resolution declare that there is a need for the addition of such county or counties to the regional housing authority, if (a) the Commissioners Court of each such additional county or counties finds that
insanitary or unsafe inhabited dwelling accommodations exist in such county or there is a shortage of safe or sanitary dwelling accommodations in such county available to persons of low income at rentals they can afford and (b) the Commissioners Court of each of the counties then included in the area of operation of the regional housing authority, the commissioners of the regional housing authority and the Commissioners Court of each such additional county or counties find that the regional housing authority would be a more efficient or economical administrative unit to carry out the purposes of this Housing Authorities Law if the area of operation of the regional housing authority shall be increased to include such additional county or counties.

In connection with the issuance of bonds or the incurring of other obligations, a regional housing authority may covenant as to limitations on its right to adopt resolutions relating to the increase of its area of operation.

In determining whether dwelling accommodations are unsafe or insanitary under this or the preceding Section, the Commissioners Court of a county shall take into consideration the safety and sanitation of dwellings, the light and air space available to the inhabitants of such dwellings, the degree of overcrowding, the size and arrangement of the rooms and the extent to which conditions exist in such dwellings which endanger life or property by fire or other causes.

No governing body of a county shall adopt any resolution authorized by this or the preceding Section unless a public hearing has first been held. The clerk of such county shall give notice of the time, place, and purpose of the public hearing at least ten days prior to the day on which the hearing is to be held, in a newspaper published in such county, or if there is no newspaper published in such county, then in a newspaper published in the State and having a general circulation in such county. Upon the date fixed for such public hearing an opportunity to be heard shall be granted to all residents of such county and to all other interested persons. Added, Acts 1941, 47th Leg., p. 926, ch. 563, § 2.

**Commissioners of regional housing authority**

Sec. 23d. When a regional housing authority has been created as provided above, the Commissioners Court of each county included in such regional housing authority shall thereupon appoint one person as a commissioner of the regional housing authority. When the area of operation of a regional housing authority is increased to include an additional county or counties as provided above, the Commissioners Court of each county shall thereupon appoint one additional person as a commissioner of the regional housing authority. The Commissioners Court of each such county shall thereafter appoint each person to succeed such commissioner.

A certificate of the appointment of any such commissioner shall be filed with the clerk of the county, and such certificate shall be conclusive evidence of the due and proper appointment of such commissioner. If a regional housing authority includes only two counties, the commissioners of such authority appointed by the Commissioners Court of such counties shall appoint one additional commissioner to such authority. The commissioners of such authority appointed by the Commissioners Court of such counties shall likewise appoint each person to succeed such additional commissioner; provided that the term of office of such person begins during the terms of office of the commissioners appointing him; and provided further that no person shall be appointed to succeed such additional commissioner in the event...
the area of operation of the regional housing authority is increased to include more than two counties. A certificate of the appointment of any such additional commissioner of such regional housing authority shall be filed with the other records of the regional housing authority and shall be conclusive evidence of the due and proper appointment of such additional commissioner. The commissioners of a regional housing authority shall be appointed for terms of two (2) years except that all vacancies shall be filled for the unexpired terms. Each commissioner shall hold office until his successor has been appointed and has qualified, except as otherwise provided herein.

For inefficiency or neglect of duty or misconduct in office, a commissioner of a regional housing authority may be removed by the Commissioners Court appointing him, or in the case of the commissioner appointed by the commissioners of the regional housing authority, by such commissioners; provided that such commissioner shall be removed only after he shall have been given a copy of the charges against him at least ten (10) days prior to the hearing thereon and provided that such commissioner shall have had an opportunity to be heard in person or by counsel. In the event of the removal of a commissioner by the Commissioners Court appointing him, a record of the proceedings, together with the charges and findings thereon, shall be filed in the office of the clerk of the county; and in the case of the removal of the commissioner appointed by the commissioners of the regional housing authority, such record shall be filed with the other records of the regional housing authority.

The commissioners appointed as aforesaid shall constitute the regional housing authority, and the powers of such authority shall be vested in such commissioners in office from time to time.

The commissioners of a regional housing authority shall elect a chairman from among the commissioners and shall have power to select or employ such other officers and employees as the regional housing authority may require. A majority of the commissioners of a regional housing authority shall constitute a quorum of such authority for the purpose of conducting its business and exercising its powers and for all other purposes. Added, Acts 1941, 47th Leg., p. 926, ch. 563, § 2.

Powers of regional housing authority

Sec. 23e. Except as otherwise provided herein, a regional housing authority and the commissioners thereof shall, within the area of operation of such regional housing authority, have the same functions, rights, powers, duties, privileges, immunities and limitations provided for housing authorities created for cities or counties and the commissioners of such housing authorities in the same manner as though all the provisions of law applicable to housing authorities created for cities or counties were applicable to regional housing authorities; provided, that for such purposes the term "Mayor" or "governing body" as used in the Housing Authorities Law shall be construed as meaning "Commissioners Court" and the term "city" as used therein shall be construed as meaning "county" unless a different meaning clearly appears from the context; and provided further that a regional housing authority shall not be subject to the limitations provided in clause (c) of Section 10 of the Housing Authorities Law with respect to housing projects for farmers of low income. A regional housing authority shall have power to select any appropriate corporate name. Added, Acts 1941, 47th Leg., p. 926, ch. 563, § 2.

Rural housing projects

Sec. 23f. County housing authorities and regional housing authorities are specifically empowered and authorized to borrow money, accept grants
and exercise their other powers to provide housing for farmers of low income. In connection with such projects, any such housing authority may enter into such leases or purchase agreements, accept such conveyances and rent or sell dwellings forming part of such projects to or for farmers of low income, as such housing authority deems necessary in order to assure the achievement of the objectives of this Act. Such leases, agreements or conveyances may include such covenants as the housing authority deems appropriate regarding such dwellings and the tracts of land described in any such instrument, which covenants shall be deemed to run with the land where the housing authority deems it necessary and the parties to such instrument so stipulate. Nothing contained in this Section shall be construed as limiting any other powers of any housing authority. Added, Acts 1941, 47th Leg., p. 926, ch. 563, § 2.

**Housing applications by farmers**

Sec. 23g. The owner of any farm operated, or worked upon, by farmers of low income in need of safe and sanitary housing may file an application with a county housing authority or a regional housing authority requesting that it provide for a safe and sanitary dwelling or dwellings for occupancy by such farmers of low income. Such applications shall be received and examined by housing authorities in connection with the formulation of projects or programs to provide housing for farmers of low income. Added, Acts 1941, 47th Leg., p. 926, ch. 563, § 2.

**Farmers of low income defined**

Sec. 23h. “Farmers of low income,” as used in this Act, shall mean persons or families who at the time of their admission to occupancy in a dwelling of a housing authority: (1) live under unsafe or insanitary housing conditions; (2) derive their principal income from operating or working upon a farm; and (3) had an aggregate average annual net income for the three years preceding their admission that was less than the amount determined by the housing authority to be necessary, within its area of operation, to enable them; without financial assistance, to obtain decent, safe and sanitary housing, without overcrowding. Added, Acts 1941, 47th Leg., p. 926, ch. 563, § 2.

**Art. 1269k—2. Validation of establishment and acts of housing authorities**

Section 1. Establishment and Organization. Title of Act:

An Act to validate, ratify, approve, and confirm the acts of all housing authorities created by and organized pursuant to the “Housing Authorities Law” of the State of Texas, and which are located in any county in Texas having a population of not less than ninety thousand (90,000) and not more than one hundred thousand (100,000), according to the last preceding Federal Census, in undertaking the development and administration of housing projects to assure the availability of safe and sanitary dwellings for persons engaged in national defense activities, who would not otherwise be able to secure such dwellings within the vicinity thereof; and to invalidate, ratify, approve, confirm, and declare enforceable all bonds, notes, and obligations of such housing authorities issued for projects heretofore undertaken to assure the availability of safe and sanitary dwellings for persons engaged in national defense activities; and declaring an emergency. Acts 1941, 47th Leg., p. 1301, ch. 576.

Art. 1269k—4. Projects by housing authorities to make available dwellings for persons in national defense activities; declaration of necessity

Section 1. It is hereby found and declared that the national defense program involves large increases in the military forces and personnel in this State, a great increase in the number of workers in already established manufacturing centers, and the bringing of a large number of workers and their families to new centers of defense industries in the State; that there is an acute shortage of safe and sanitary dwellings available to such persons and their families in this State, which impedes the national defense program; that it is imperative that action be taken immediately to assure the availability of safe and sanitary dwellings for such persons, to enable the rapid expansion of national defense activities in this State and to avoid a large labor turnover in defense industries which would seriously hamper their production; and that the provisions hereinafter enacted are necessary to assure the availability of safe and sanitary dwellings for persons engaged in national defense activities, which otherwise would not be provided at this time; and that such provisions are for the public use and purpose of facilitating the national defense program in this State. It is further declared to be the purpose of this Act to authorize housing authorities to do any and all things necessary or desirable to secure the financial aid of the Federal Government, or to cooperate with or act as agent of the Federal Government, in the expeditious development and the administration of projects to assure the availability, when needed, of safe and sanitary dwellings for persons engaged in national defense activities.

Time limit for initiation of development; rights and powers of authority; definitions

Sec. 2. Any housing authority may undertake the development and administration of projects to assure the availability of safe and sanitary dwellings for persons engaged in national defense activities, whom the housing authority determines would not otherwise be able to secure safe and sanitary dwellings within the vicinity thereof; but no housing authority shall initiate the development of any such project pursuant to this Act after December 31, 1943.

In the ownership, development or administration of such projects, a housing authority shall have all the rights, powers, privileges and immunities that such authority has under any provision of law relating
to the ownership, development or administration of slum clearance and housing projects for persons of low income, in the same manner as though all the provisions of law applicable to slum clearance and housing projects for persons of low income were applicable to projects developed or administered to assure the availability of safe and sanitary dwellings for persons engaged in national defense activities as provided in this Act; and housing projects developed or administered hereunder shall constitute "housing projects" under the Housing Authorities Law, as that term is used therein; provided, that during the period (herein called the "National Defense Period") that a housing authority finds (which finding shall be conclusive in any suit, action or proceeding) that within its area of operation (as defined in the Housing Authorities Law), or any part thereof, there is an acute shortage of safe and sanitary dwellings, which impedes the national defense program in this State, and that the necessary safe and sanitary dwellings would not otherwise be provided when needed for persons engaged in national defense activities, any project developed or administered by such housing authority (or by any housing authority cooperating with it) in such area pursuant to this Act, with the financial aid of the Federal Government (or as agent for the Federal Government as hereinafter provided), shall not be subject to the limitations provided in Section 10 and the second sentence of Section 9 of the Housing Authorities Law; and provided further, that, during the National Defense Period, a housing authority may make payments in such amounts as it finds necessary or desirable for any services, facilities, works, privileges or improvements furnished for or in connection with any such projects. After the National Defense Period, any such projects owned and administered by a housing authority shall be administered for the purposes and in accordance with the provisions of the Housing Authorities Law.

A housing authority may exercise any or all of its powers for the purpose of cooperating with, or acting as agent for, the Federal Government, in the development or administration of projects by the Federal Government, to assure the availability of safe and sanitary dwellings for persons engaged in national defense activities, and may undertake the development or administration of any such project for the Federal Government. In order to assure the availability of safe and sanitary housing for persons engaged in national defense activities, a housing authority may sell (in whole or in part) to the Federal Government, any housing project developed for persons of low income but not yet occupied by such persons; such sale shall be at such price and upon such terms as the housing authority shall prescribe, and shall include provision for the satisfaction of all debts and liabilities of the authority relating to such project.

Cooperation with Federal Government by other state public bodies

Sec. 4. Any state public body, as defined in the Housing Cooperation Law (House Bill No. 820, Regular Session of the 45th Legislature, page 1141, as amended by House Bill No. 103, Second Called Session of the 45th Legislature, page 1940, and any additional amendments thereof) shall have the same rights and powers to cooperate with housing authorities, or with the Federal Government, with respect to the development or administration of projects, to assure the availability of safe and sanitary dwellings for persons engaged in national defense
activities, that such state public body has pursuant to such Law for the purpose of assisting the development or administration of slum clearance or housing projects for persons of low income.

1 Article 1269.

**Bonds as security for public deposits and as legal investments**

Sec. 5. Bonds or other obligations issued by a housing authority for a project developed or administered pursuant to this Act, shall be security for public deposits and legal investments to the same extent and for the same persons, institutions, associations, corporations, bodies and officers, as bonds or other obligations issued pursuant to the Housing Authorities Law 1 for the development of a slum clearance or housing project for persons of low income.

All bonds, notes, contracts, agreements and obligations of housing authorities heretofore issued or entered into relating to financing or undertaking (including cooperating with or acting as agent of the Federal Government) in the development or administration of any project to assure the availability of safe and sanitary dwellings for persons engaged in national defense activities, are hereby validated and declared legal in all respects, notwithstanding any defects or irregularities therein, or any want of statutory authority.

**Act as independent authorization**

Sec. 7. This Act shall constitute an independent authorization for a housing authority to undertake the development or administration of projects to assure the availability of safe and sanitary dwellings for persons engaged in national defense activities, as provided in this Act, and for a housing authority to cooperate with, or act as agent for, the Federal Government in the development or administration of similar projects by the Federal Government. In acting under this authorization, a housing authority shall not be subject to any limitations, restrictions or requirements of other laws (except those relating to land acquisition) prescribing the procedure or action to be taken in the development or administration of any public works, including slum clearance and housing projects for persons of low income, or undertakings or projects of municipal or public corporations or political subdivisions, or agencies of the State. A housing authority may do any and all things necessary or desirable to cooperate with, or act as Agent for, the Federal Government, or to secure financial aid, in the expeditious development or in the administration of projects to assure the availability of safe and sanitary dwellings for persons engaged in national defense activities, and to effectuate the purposes of this Act.

Art. 1813. 1581, 988 Election and term of office; Special Commissioner appointed when justice disabled or called into active military service

(a) The Justices of each Court of Civil Appeals shall be elected at the general election by the qualified voters of their respective districts. Upon their qualification, after the first election after the creation of any Court of Civil Appeals, the Justices shall draw lots for the terms of office; those drawing number one (1) shall hold for the term of two (2) years; those drawing number two (2) shall hold for a term of four (4) years; and those drawing number three (3) shall hold office for six (6) years. Each of said offices shall be filled by election at the next general election before the respective terms expire; and the person elected shall thereafter hold his office for six (6) years.

(b) After any Justice of any Court of Civil Appeals has become totally disabled to discharge any of the duties of his office, by reason of illness, physical or mental, and has remained in such condition continuously for a period of not less than one (1) year, and if it is probable that such illness will be permanent, and is of such a nature that it will probably continue to incapacitate such Justice for the balance of his term of office, it shall be the duty of the other two Justices of the Court of which such incapacitated Justice is a member to certify such facts to the Governor. Upon receipt of such certificate by the Governor, he shall make proper investigation touching the matters therein contained and if he shall determine that the facts contained in such certificate are true, and that a necessity exists therefor, he shall forthwith appoint a Special Commissioner having the requisite qualifications of a member of such Court to assist the same. Such Special Commissioner, when so appointed, may sit with such Court, hear arguments on submitted cases, and write opinions thereon if directed to do so by the Court; and said opinions, if adopted by the Court, shall become thereupon the opinions of the Court.

(c) The Commissioner herein provided for, when appointed by the Governor, shall receive the same compensation as the regular Justices of the Court of Civil Appeals, and he shall serve until the death or expiration of the term of the disabled member; provided that in no event shall the term of service continue for a longer time than two (2) years under the same appointment; and provided further, that in the event the disabled Justice shall recover from his disability, the term of such Special Commissioner shall immediately end. In the event of such recovery two (2) Justices of said Court shall certify such fact to the Governor, and such certificate shall be conclusive evidence of the recovery of said disabled Justice.

(d) Whenever any Justice of any Court of Civil Appeals is called or ordered into the active military service of the United States, it shall be the duty of the other two Justices of the Court of which such Justice is a member, to certify that fact to the Governor. Upon receipt of such certificate by the Governor, he shall make proper investigation touching the matters therein contained, and if he shall determine that the facts contained in such certificate are true, and that a necessity exists therefor, he shall forthwith appoint a Special Commissioner having the requisite qualifications of a member of such Court to assist the same. Such
Special Commissioner, when so appointed, may sit with such Court, hear arguments on submitted cases, and write opinions thereon if directed to do so by the Court; and said opinions, if adopted by the Court, shall become thereupon the opinions of the Court.

(e) Such Special Commissioner, when so appointed by the Governor, shall receive the same compensation as the regular Justices of the Court of Civil Appeals, and shall serve until the Justice who has been so called or ordered into the active military service of the United States is discharged from such military service, or until the expiration of the term of office of such Justice; provided that in no event shall the term of service of such Special Commissioner continue for a longer period than two (2) years under the same appointment; and provided further that when such Justice so called or ordered into the active military service of the United States is discharged from such active military service, the term of such Special Commissioner shall immediately end. When the active military service of such Justice shall have terminated, the other two Justices of such Court of Civil Appeals shall certify that fact to the Governor, and their certificate shall be conclusive evidence of the facts so certified.

(f) Nothing in this Act shall be considered as giving any two (2) members of any Court of Civil Appeals, or the Governor, the power or authority to remove or suspend any member of the Court of Civil Appeals from office, or to in any manner interfere with him in his Constitutional rights and powers. As amended Acts 1941, 47th Leg., p. 170, ch. 123, § 1.

Acts 1941, 47th Leg., p. 567, ch. 360.

Art. 2351b—3. Resettlement or rural rehabilitation projects; agreements between Commissioners Courts and United States; payments in lieu of taxes

Section 1. The following definitions shall be applied to the terms used in this Act:

1. “Agreement” shall mean contract and shall include renewals and alterations of a contract.

2. “Political subdivision” shall mean any agency or unit of this State which is now, or hereafter shall be, authorized to levy taxes or empowered to cause taxes to be levied.

3. “Services” shall mean such public municipal functions as are performed for property in, and for persons residing within, a political subdivision.

4. “Project” shall mean any resettlement project or rural rehabilitation project for resettlement purposes of the United States located within a political subdivision and shall include the persons inhabiting such projects.

5. “Governing body” shall mean the board, body, or persons in which the powers of a political subdivision as a body corporate, or otherwise, are vested.

Sec. 2. The Commissioners Court of any county in this State is hereby authorized and empowered (a) to make requests of the United States, for and on behalf of the county and political subdivisions whose jurisdictional limits are within or coextensive with the limits of the county, for the payment of such sums in lieu of taxes as the United States may agree to pay, and (b) to enter into agreements with the United States, in the name of the county, for the performance of services by the county and such political subdivisions for the benefit of a project, and for the payment by the United States to the county, in one or more installments, of sums in lieu of taxes.

Sec. 3. Each agreement entered into pursuant to Section 2 shall contain the names of the political subdivisions in whose behalf it is consummated and a statement of the proportionate share of the payment by the United States to which each political subdivision shall be entitled. The Commissioners Court shall immediately notify each political sub-
division in whose behalf an agreement is entered into of the consumma-

Sec. 4. The Commissioners Court shall file one copy of any agree-

The acceptance by the governing body of a political subdivision of its share of a payment in lieu of taxes shall be construed as an approval of the agreement under which the payment was received. If any governing body shall refuse to accept a political subdivision's share of a payment in lieu of taxes, the County Treasurer shall refund the same, without any deduction, to the United States.

Sec. 6. If the United States declines to deal with a Commissioners Court with respect to any political subdivision whose jurisdictional limits are within or coextensive with the limits of the county, or in the event the jurisdictional limits of a political subdivision lie within more than one county, that political subdivision is authorized to make requests of the United States for such payments in lieu of taxes as the United States may agree to pay. Such political subdivision is hereby empowered to enter into agreements with the United States for the performance by the political subdivision of services for the benefit of a project and for the payment by the United States to the political subdivision, in one or more installments, of sums in lieu of taxes.

Sec. 7. The amount of any payment of sums in lieu of taxes may be based on the estimated cost to each political subdivision, for and on whose behalf an agreement is entered into, of performing services for the benefit of a project during the period of an agreement, after taking into consideration the benefits to be derived by each political subdivision from such project, but shall not be in excess of the taxes which would result to each political subdivision from such project for said period if the real property of the project within each political subdivision were taxable.

Sec. 8. All money received by a political subdivision pursuant to Sec-
tions 5 and 6 shall be deposited in such fund or funds as may be designated in the agreement; provided, however, that if the agreement does not make such designation, the money shall be deposited in such fund or funds as the governing body of such political subdivision shall by appropriate resolution direct.

Sec. 9. No provision of this Act shall be construed to relieve any political subdivision of this State, in the absence of an agreement for payment of sums in lieu of taxes by the United States, as provided in this Act, of the duty of furnishing for the benefit of a project all services which the political subdivision usually furnished to property in, and to persons residing within, the political subdivision without a payment of sums in lieu of taxes. Section 1. The Commissioners Court of any county may, when necessary, provide buildings, rooms, or apartments at the county seat, other than the courthouse, for holding the sessions of the County Courts, District Courts, and for carrying on such other public business as may be authorized by the Commissioners Court, and may lease or rent such part of any such buildings, rooms, or apartments as may not be necessary for public use.

Sec. 2. Whenever any county in this State may have acquired a building (other than the courthouse) at the county seat which is used partly for public business and which is partly rented for private purposes, where such building was acquired by such county in settlement of an obligation owed to the county, and the Commissioners Court of such county desires to enlarge, remodel, renovate, add onto, repair, improve, or otherwise alter such building, and funds are not available for such purpose, the Commissioners Court of such county shall have the power to issue negotiable bonds, notes, warrants, or other evidences of indebtedness to secure funds for such purpose and to pledge, assign, encumber, and hypothecate the net income and revenues from the portion of such building which the Commissioners Court finds is not then and will not thereafter be necessary for public purposes. No such obligation so issued shall ever be a debt of such county but shall be solely a charge upon the income and revenue so encumbered and no such obligation shall ever be counted in determining the power of any such county to issue any bonds for any purpose authorized by law.

Sec. 3. No part of the income or revenue of any such building shall ever be used to pay any other debt, expense, or obligation of such county until the indebtedness so secured shall have been finally paid; provided that the expense of operation and maintenance including all salaries, labor, materials, interest, improvements, repairs, and extensions necessary to render efficient service and every proper item of expense shall always be a first lien and charge against such income and revenue and only such repairs and extensions as in the judgment of the Commissioners Court are necessary to keep the building in operation and render adequate service, or such as might be necessary to meet some physical accident or condition which would otherwise impair the original security, shall be a lien prior to the lien herein provided for.

There shall be charged and collected as rental for those parts of such building not used for public purposes, a sufficient amount to pay all operating, maintenance, depreciation, replacement, betterment, and interest charges, and expenses, and to create an interest and sinking fund sufficient to pay any securities issued hereunder.
Sec. 4. In such case, upon approval, the bonds shall be registered by the State Comptroller as in the case of other municipal bonds. Projects financed in accordance with this law are hereby declared to be self-liquidating in character and supported by charge other than by taxation. Securities issued under the provisions hereof shall be subject to the applicable provisions of the Bond and Warrant Law of 1931 as amended (House Bill No. 312, Acts of 1931, Forty-second Legislature, page 269, Chapter 163, as amended) except as same may be inconsistent herewith and under no circumstances shall any vote of the taxpayers be required upon any securities issued hereunder. Art. 2372h. Hours of work, vacations, sick leave, hospitalization, etc., in counties of 500,000 or more; flood control districts; personnel system

Section 1. In all counties having a population of five hundred thousand (500,000) or more according to the last preceding or any future Federal Census, the Commissioners’ Court of the county shall have authority to formulate in the manner hereinafter set out rules and regulations governing the hours of work, vacations, holidays, sick leave, medical care, hospitalization, compensation and accident insurance, and deductions for absences with reference to all persons whom this Act affects, and to establish for such persons classifications of positions and rates of compensation therefor, and to provide for the filing by the incumbents thereof of time, work, and statistical reports. The said rules and regulations when adopted as hereinafter provided shall apply to and govern all deputies, assistants, and employees of the county, or any flood control district lying wholly within the boundary lines of any such county, working under the Commissioners’ Court or its appointees, and the deputies and assistants appointed by county and district officers pursuant to the provisions of Chapter 465, Acts of the 44th Legislature, 1933, Section 19, as amended, where the salaries are paid from county or from the funds of any flood control district in said county, provided that nothing herein shall be construed as repealing said Chapter 465, supra., with respect to the authority of the county or district officers therein named to apply for appointment of deputies or assistants or the maximum amount or source of compensation which may be paid, but all such regulations with respect to deputies or assistants to such officers shall conform to laws now in effect or such as may hereafter be enacted by the
Legislature, and each county officer and each district officer, where the
deputy or assistant or employee is authorized to be paid from county
funds or funds of any flood control district within the county, shall
continue to make appointments according to existing laws and shall
designate the employee for each such position and shall direct and control
the work or terminate the employment at the pleasure of such officer,
as is now or as may be hereafter provided by law, it being the intention
of this Act only to authorize the Commissioners' Court, in addition to
the authority now vested in it by law, to formulate rules and regulations
governing the hours of work, vacations, holidays, sick leave, medical
care, hospitalization, compensation and accident insurance, and deduc­
tions for absences; to establish classifications of positions and salaries
therefor; and to provide for filing of time, work, and statistical reports
by such deputies, assistants, and employees, in the interests of efficiency
and economy.

After appointment and approval thereof by the proper authority, all
employments shall be placed in effect through written contracts of em­
ployment. Said court shall have the right to prescribe the form of con­
tract of employment for its employees and employees of any said flood
control district and for all employees of officers who are required to
execute deputations under Chapter 465, Acts of the 44th Legislature, 1935,
as amended,\(^1\) and all officers whose deputies are appointed subject to
the approval of the Commissioners' Court shall be required to use such
forms in the appointment of their deputies and assistants.

Contracts; hospital and insurance fund

Sec. 2. The Commissioners' Court of any such county shall have the
right to provide in said contract of employment that deputies, assistants,
and other employees of the county, its departments or officers, or of any
flood control district within such county, whose compensation is payable
from funds of any such county or flood control district therein, may re­
ceive hospitalization and medical care and treatment in any county or
city-county operated hospitals located in such county under such rules,
regulations, and conditions as said court may prescribe and shall be au­
thorized to enter into contracts with the proper municipal authorities
for that purpose. All such rules, regulations, and conditions adopted
pursuant to the provisions of this Act and approved as provided herein,
including those for hospitalization, medical care, and insurance, shall
become a part of each deputation or contract of employment. The
Commissioners' Court may provide in unusual cases for the expense of
such hospital care in a private hospital and may provide for compensa­
tion, accident, hospital, or disability insurance, and for contributions for
part payment from deputies, assistants, and employees. To provide for
cases of hospitalization or medical attention in a county or city-county
hospital, or private hospital when necessary, and for the payment of
premiums for accident, disability, hospital, or compensation insurance,
a fund shall be created to be known as "Hospital and Insurance Fund—
County Employees," and there shall be credited to such fund agreed
deductions made from the salaries or wages of deputies, assistants, and
employees, and contributions from the county or flood control district,
from which fund payments shall be authorized only for the purpose
of expenses of hospital and medical care and the payment of premiums
on accident, disability, or compensation insurance under the adopted rules
and regulations, which claims shall be payable under existing laws in
like manner as other county or flood control district claims. Any em­
ployee who shall be discharged or voluntarily leave the service of the
county or flood control district for any reason shall have no further right
in said hospital and insurance fund or any right to the further benefits of this Act, but said fund shall continue to be used for the benefit of all remaining employees of the county or flood control district. No contract of employment shall become effective as to any deputy, assistant, or employee as defined herein until the employment is made conformably to law and until the person employed shall have agreed in writing to the terms and conditions thereof. No deduction from the salary of any employee shall be made except he shall have consented in writing given at the time of his employment or at the effective date of the rules and regulations adopted pursuant to the provisions of this Act; provided any employee not contributing shall not receive any hospitalization or insurance benefits hereunder, but all other provisions hereof shall apply to him. In the event of the abandonment by the Commissioners' Court of the system herein authorized with respect to insurance and hospitalization, the balance remaining in the fund provided for shall thereupon be transferred to the county and to any flood control district participating, in proportion to the total contributions of each.

Personnel and equipment records

Sec. 3. The county auditor shall install and maintain an adequate system of personnel and equipment records and shall prescribe the forms and systems necessary to carry out the provisions of this law and shall have authority to enforce the rules and regulations adopted. He shall be authorized annually to assemble statistics and make recommendations which may be incorporated in, printed, and distributed with and as a part of the annual report now required by law of said officer.

In the event of failure to file reports as provided in this Act or to furnish essential information as required, he may withhold payment of claims for salaries until such information has been given in the form and manner required. All contracts of employment shall be made in the manner and be governed by the laws now in effect, except as herein specifically provided. All the rules, regulations, and forms provided for
in the Act shall be subject to the approval of the county auditor of the county.

Reports

Sec. 5. Before adopting any rules or regulations, or revising rules or regulations theretofore adopted in connection with the subject matter of this Act, the Commissioners' Court shall give at least fifteen (15) days' notice of such proposed adoption or revision of rules or regulations by publishing a notice at least once in each week for two (2) successive weeks in some newspaper published in the county in which such rules, regulations, or revisions are to be made effective of its intention so to do, and that a hearing is to be held before said court at a fixed time and day to be specified in the notice. At the time and place fixed for hearing, any employee or taxpayer may appear to protest against the adoption of any such rule or regulation, or revision of existing rules. If sustained, the regulations shall be adjusted accordingly. Upon the adjustment or the overruling of protests, the court shall adopt the regulations and direct their recording upon its minutes, and upon approval thereof, as herein provided, they shall become effective on the date set out therein. The notice published shall contain a brief summary of the rules or regulations, or the amendments or changes therein, which it is proposed to make.

Persons subject to regulations

Sec. 6. Juvenile officers and probation officers appointed under the terms of Title 82, Revised Civil Statutes of 1925, as amended, shall be subject to the provisions of such regulations hereinbefore provided, including those for retirement, to the extent that the juvenile board of any county affected by this Act may determine. In like manner, assistants to the county auditor appointed under the terms of Articles 1656a and 1673, Revised Civil Statutes of 1925, as amended, shall be subject to the provisions of such regulations hereinbefore provided for to the extent that the District Judges having jurisdiction in such counties affected by this Act may determine by a majority vote. The juvenile board in such counties may adopt the rules and regulations promulgated by the Commissioners' Court in accordance with the foregoing, and the District Judges having jurisdiction in said counties, a majority vote controlling, may adopt the rules and regulations promulgated by the Commissioners' Court in accordance with the foregoing; but such rules and regulations

Fees, rentals and charges

Sec. 2. That said Board of Directors is authorized to fix fees, rentals and charges for the use of such buildings, and to make parietal rules to assure maintenance of a maximum percentage of use and occupancy of such buildings. The charges to be made and the fees to be fixed against students and others using any such buildings shall be in amounts deemed to be reasonable by the Board, taking into consideration the cost of providing said building, the use to be made of it, and the advantages to be derived therefrom.

Bonds authorized; terms; payment

Sec. 3. For the purpose of constructing or acquiring, extending or improving and equipping any one or more of said buildings, said Board of Directors is authorized to issue, sell, and deliver its negotiable revenue bonds, from time to time and in such amounts or amount as it may consider necessary. Bonds issued under this Act shall mature serially or otherwise not exceeding thirty (30) years from their date, bear interest at a rate or rates not exceeding four (4) per cent per annum, shall be payable at such place or places, may contain option of payment prior to maturity upon terms stated therein, and such provisions for registration as to ownership, as shall be prescribed by said Board in the resolution authorizing the issuance of said bonds. To assure the prompt payment of the principal and interest of said bonds the Board is authorized to pledge the net revenues from the operation of said building or buildings, constructed or acquired with the proceeds of said bonds, and may secure said bonds additionally by pledging the surplus or the unpledged net revenues from any one or more of the other buildings mentioned in Section 1, from kitchens and dining halls, dormitories, dormitory for help, or laundry, heretofore or hereafter constructed or acquired; provided that the Board shall have full authority to pledge the revenues

The Board is authorized to pledge the net revenues from the amounts thus received for said services to pay the principal and interest of, and to create and maintain the reserve for the negotiable revenue bonds issued for the purpose of acquiring the additional equipment for said central power and steam plant, and may so use said bonds additionally by pledging the surplus of the unpledged net revenues from any one or more of the other buildings mentioned in Section 1, or of kitchens and dining halls, dormitories, dormitory for help, or laundry, heretofore or hereafter constructed or acquired, provided that the Board shall have full authority to pledge revenues from any number or all of such sources.

In order to prevent or relieve a default in the payment of principal or interest or in creating or maintaining the reasonable pledged reserve for revenue bonds issued for purposes authorized in this Act, said Board may in its discretion use local funds; provided that not more than twenty-five (25) per cent of the estimated local funds available during any one fiscal year can be used for such purposes; and provided that local funds shall not be used for such purpose in an amount which with reasonable certainty should necessitate supplementing such local funds by additional legislative appropriation.

Approval and registration of bonds

Sec. 4. Such fees shall be collected at the time the regular registration fees are collected and by the same officials collecting the registration fees.

Sec. 5. Students taking less than twelve (12) credit hours of work shall pay such fractional part of the fee fixed for those taking twelve (12) or more credit hours as the ratio of the hours actually taken bears to twelve (12). The fee for students in the summer session shall be computed on the same basis as for students enrolling for twelve (12) hours or less in the long session.

Sec. 6. For the purpose of constructing or otherwise acquiring, improving, or equipping any one or more of the buildings, power plants, or streets, or acquiring lands authorized by Section 1 of this Act, the governing body of each of said institutions is authorized to issue, sell, and deliver its negotiable revenue bonds from time to time in such amount or amounts as it may consider necessary. Bonds issued under this Act shall mature serially or otherwise in not exceeding thirty (30) years from their date, bear interest at not exceeding four (4) per cent per annum; shall be payable at such place or places, may contain option of payment prior to maturity and such provisions for registration as to ownership, as shall be determined by said Board. To assure the prompt payment of the principal and interest of said bonds, such Board is authorized to pledge all or any portion of the proceeds of the building use fee authorized in Section 1 of this Act, and said bonds may be additionally secured by a pledge of the net revenues from buildings and
facilities to be constructed, acquired, or improved with the proceeds of such bonds and from other buildings or facilities heretofore or hereafter constructed or acquired. When such bonds are secured solely by the building use fees authorized in this Act, it shall be the duty of such governing body to fix the amount of such fees (within the maximum rate of Five Dollars ($5) per semester) so that the proceeds therefrom will be sufficient to pay the interest and principal on said bonds as they mature and accrue and to provide a reasonable reserve in the interest and sinking fund of the bonds. When such bonds are secured in whole or in part by a pledge of the net revenues from buildings or facilities, it shall be the duty of such governing body to fix rentals and charges for the buildings and facilities whose net revenues are thus pledged, at rates sufficient to pay the maintenance and operation expense of such buildings and facilities and to produce net revenues which, together with the building use fee authorized in Section 1 of this Act, will be sufficient to pay the interest and principal of such bonds as they accrue and mature.

Sec. 7. The governing Boards of the aforesaid institutions shall not be permitted to contract bonded indebtedness under the terms of this Act in excess of eighty (80) per cent of the amount which can be amortized with the revenues from said building use fee estimated at the time of the authorization of such revenue bonds. Revenues accruing from said fee in excess of the amount normally required for the orderly retirement of said bonds shall be held as surplus in the special bond account designated in Section 3 of this Act as a contingent fund for use when necessary in the event of a reduction of income from a decrease of enrollment.

Sec. 8. Bonds issued under the provisions of this Act shall be eligible investments for the Permanent School Fund of Texas.

Sec. 9. Before any such bonds are delivered to the purchaser the record pertaining thereto shall have been examined by the Attorney General and said record and bonds shall be approved by the Attorney General. After such approval the bonds shall be registered in the office of the Comptroller of Public Accounts. Such bonds, having been approved by the Attorney General, registered in the Comptroller's office, shall be held in every action, suit, or proceeding in which their validity is or may be brought into question, valid and binding obligations. In every action brought to enforce collection of such bonds or any rights incident thereto, the certificate of approval by the Attorney General, or a duly certified copy thereof, shall be admitted and received in evidence of its validity. The only defense which can be offered against the validity of such bonds shall be forgery or fraud. Acts 1941, 47th Leg., p. 908, ch. 560.

The repealing section contained a proviso "that such repeal shall not affect taxes heretofore levied under said laws."

Art. 2740f—1 was derived from Acts 1937, 45th Leg., p. 90, ch. 54, § 2, relating to validation of prior actions of Commissioner's Court, the county officials or officials of school districts.

Art. 2740f—3. County unit system in counties of 7,500 to 7,590

Section 1. Any county in this State containing a population of not less than seven thousand, five hundred (7,500) nor more than seven thousand, five hundred and ninety (7,590) according to the last preceding Federal Census, or any future Federal Census, shall have a county unit system of education to the extent specified in this Act, and for the purpose of levying, assessing, and collecting a school equalization tax, and for such other administrative functions as are herein set forth; the territory of each of such counties may be created into a county-wide school district in the manner hereinafter provided and may exercise the taxing power as hereinafter provided. There shall be exercised in and for the entire territory of each of such counties, to the extent in this Act
prescribed, the taxing power conferred on school districts, by Article 7, Section 3, of the Constitution, but such taxing power shall not be exercised until and unless authorized by a majority of the qualified property taxingpaying voters residing therein at an election to be held for that purpose as hereinafter provided.

Sec. 2. On the petition of as many as one hundred (100) legally qualified voters of any county coming under the provisions of this Act praying for the formation of such county-wide school district, the County Judge shall, within thirty (30) days, order an election to be held throughout the county. The County Judge shall give notice of the date of such election by publication of the order in some newspaper published in the county for twenty (20) days prior to the date of such election, and all legally qualified voters shall be allowed to vote at said election. The form of ballot shall be substantially as follows:

“For Equalization District.”

“Against Equalization District.”

The Commissioners Court shall at its next regular meeting canvass the returns of said election, and if a majority of votes cast shall favor the formation of such district, the Court shall declare the result thereof and declare the county-wide school equalization district duly and legally created and the provisions of this Act duly adopted.

Sec. 3. The general management, supervision, and control of the public schools and of the educational interests of each county adopting the provisions of this law shall be vested in the County Board of School Trustees for such county-wide district. Any such county-wide school equalization district formed in the manner hereinabove provided may levy and collect annually on all taxable property in the county an equalization tax not to exceed twenty (20) cents on the one hundred dollars valuation of property situated in said county and the money derived from such tax shall be known as an Equalization Fund for the support of the public schools of the county, which Fund shall be distributed to the school districts of the county as provided herein.

Sec. 4. On the petition of as many as one hundred (100) legally qualified property taxingpaying voters of any county which shall have adopted the provisions of this Act, praying for the authority to levy and collect said tax, the County Judge shall immediately order an election to be held throughout the county, said election to be held not more than thirty (30) days from the date of such order. The County Judge shall give notice of such election by publication of the order in some newspaper published in the county for twenty (20) days prior to the date of such election. Only legally qualified property taxingpaying voters, who own property in the county and who have duly rendered the same for taxation, shall be allowed to vote in said election. The form of ballot is substantially as follows:

“For County Tax.”

“Against County Tax.”

The Commissioners Court shall, at its next regular or special meeting, canvass the returns of said election, and if a majority of the votes cast shall favor such tax, the Court shall declare the results and certify same to the County Board of School Trustees and the County Tax Assessor and Collector shall be authorized to assess and collect same. No election to revoke said tax shall be ordered until the expiration of three (3) years from the date of the election at which said tax was adopted.

Sec. 5. In the counties adopting the provisions of this law, the County Tax Assessor shall assess all of the taxable property in the county at the same rate of valuation as it is assessed for State and county pur-
poses, and the County Tax Collector shall collect said tax at the same
time and in the same manner as other State and county taxes are col-
clected. The Tax Collector shall deposit the money collected from said
tax in a separate fund to be known as the County Equalization Fund for
the support of the public schools of the county. He shall have the same
authority, and the same laws shall apply in the collection of said tax as
in the collection of county ad valorem taxes. He shall, on or about the
10th of each month, make a report to the County Board of School Trus-
tees and to the County Superintendent of Schools, showing all moneys
collected by him during the last month by said tax, and shall each month
place such funds in the Equalization Fund. The County Superintendent
shall keep a record, both received and paid out, of all moneys from said
Fund. The officers assessing and collecting said equalization tax shall
receive therefor the same compensation as is paid for assessing and col-
lecting school taxes in common school districts; however, no part of
the moneys realized from said county-wide maintenance tax shall be
used to pay any present or future bond issues or interest thereon, and
the moneys received and held by independent school districts shall be
protected in accordance with the existing depository laws. And the Tax
Collector shall place to the credit of the common school districts in such
county such moneys as are apportioned to them, which shall be pro-
tected as provided by the existing depository laws.

Sec. 6. The Tax Collector, before entering upon the duties of his
office, shall enter into a bond, with two (2) or more good and sufficient
sureties, or surety bond, for the protection of said Equalization Fund,
said bond to be made payable to the County Board of School Trustees.
The County Board shall require a similar bond of any and all other
persons or corporations in whose possession such funds may be kept.

Sec. 7. The County Board of School Trustees shall distribute the
money collected from any taxes levied by said district to the common
and independent districts of the county on a per capita basis according
to the number of scholastic pupils shown by the last preceding official
scholastic census, and county line districts shall be eligible to receive
such per capita apportionment based upon the number of scholastic
pupils residing in the county of such equalization district, as shown by
the latest official scholastic census of such district. The County Board
of School Trustees shall issue warrants against such Equalization Fund
to the school district trustees on a per capita basis of scholastic pupils
in each district; provided that the County Board may, from time to time,
as the money is collected, issue warrants to the various school districts in
proportion to the amount that each is entitled to receive on such per capita
basis of scholastic pupils in the respective districts.

Sec. 8. The several independent school districts and common school
districts in such county shall continue to have authority to levy, assess,
and collect the maintenance taxes theretofore authorized by the property
taxpayers in said respective districts. This law shall not affect the
right and duty of said respective school districts to levy, assess, and
collect taxes within their respective districts for the payment of prin-
cipal and interest on bonded indebtedness of such districts. The respec-
tive districts shall continue to levy, assess, and collect taxes sufficient
to pay principal of and interest on their bonds. Provided, however, that
nothing in this Act shall prevent the proper authorities from collecting
and enforcing, for the benefit of the respective districts, any main-
tenance taxes levied before this law becomes effective.

Sec. 9. This Act shall not have the effect of changing any duties im-
posed on or powers conferred on the trustees of any common or inde-
pendent school districts situated in the counties covered by this Act, unless and except as expressly provided herein, it being the intention of this law that said respective Boards of Trustees shall continue to administer their lawful duties and powers as now authorized by law, but the equalization tax authorized shall be levied by the County Board of School Trustees and assessed and collected by the County Tax Assessor and Collector.

Sec. 10. In case any clause, sentence, paragraph, section, or part of this Act shall be held unconstitutional or void, then, and in that event, it shall not affect any other clause, sentence, paragraph, or section of this Act. All laws or parts of laws, both general and special, in conflict with this Act are hereby repealed. Acts 1941, 47th Leg., p. 121, ch. 95.

Effective April 14, 1941.

Section 11 of the Act of 1941 declared an emergency and provided that the Act should take effect from and after its passage.

Title of Act:
An Act to permit any county containing a population of not less than seven thousand, five hundred (7,500) nor more than seven thousand, five hundred and ninety (7,590) according to the last preceding Federal Census, or any future Federal Census, to adopt by a majority vote of qualified voters of such county a county unit system to the extent provided in this Act; making provisions for the formation of a county-wide school district therein; making provision for holding election in each such county on the question of the adoption of the provisions of this Act; making provision for holding election in each such county to determine whether an equalization tax not to exceed twenty (20) cents on the one hundred dollars valuation of property shall be levied and collected annually on all taxable property in the county, such tax to be distributed to the school districts of the county as herein provided; making provision for the assessment and collection of said equalization tax, and prescribing the duties of the County Tax Assessor and Collector and County Superintendent; prescribing the duties of the County Board of School Trustees with respect to such tax and the funds derived therefrom; providing for the making of bond by the Tax Collector; providing that all rights, duties and powers of the several common and independent school districts in any such county shall remain undisturbed and shall not be affected, except as expressly provided in this Act; providing a saving clause; repealing all laws in conflict herewith; and declaring an emergency. Acts 1941, 47th Leg., p. 121, ch. 55.

Art. 2740f—4. County unit system in counties of 10,339 to 10,540; powers and duties of Commissioners' Court

Section 1. This Act is applicable to counties with a population of not less than ten thousand, three hundred and thirty-nine (10,339) and not more than ten thousand, five hundred and forty (10,540), according to the latest Federal Census. Any county coming within the terms of this Act shall have a County Unit System of Education to the extent specified in this Act. For the purpose of levying, assessing, and collecting a school maintenance tax and for such further administrative functions as are set forth herein, the territory of each of such counties is hereby created into a school district, hereinafter described as the county-wide district, the taxing power to be exercised as hereinafter provided. There shall be exercised in and for the entire territory of each of such counties, to the extent in this Act prescribed, the taxing power conferred on school districts by Article VII, Section 3 of the Constitution, but such taxing power shall not be exercised until and unless authorized by a majority of the qualified property taxing voters residing therein at an election to be held for that purpose as hereinafter provided. Whenever a petition is presented to the County Judge of any such county, signed by at least one hundred (100) qualified property taxing voters residing therein, asking that an election be ordered for the purpose of determining whether or not a maintenance tax shall be levied, assessed, and col-
lected on all taxable property within said county for the maintenance of public schools therein, not exceeding Twenty-five (25) Cents on the one hundred dollars of assessed valuation of taxable property, it shall be the duty of the County Judge, immediately, to order an election to be held within said county to determine said question. Notice of said election shall be given by publishing a copy of the election order in a newspaper of general circulation in said county once each week for at least two (2) weeks, the date of the first publication to be not less than twenty (20) days prior to the date fixed for holding said election. Further notice shall be given by the posting of a copy of said election notice within the boundaries of each independent and each common school district, and one copy of said notice shall be posted at the courthouse door. Said notice shall be posted at least twenty (20) days prior to the date fixed for said election. Except as otherwise provided herein, the manner of holding said election shall be controlled by the General Election Laws of the State, and only resident, qualified property taxpaying voters shall be permitted to vote at said election. Said election shall be held at the usual voting places in the several election precincts of such county. Said election returns shall be made and delivered to the County Judge and shall be canvassed by the Commissioners Court of such county at its next regular or special meeting following said election. A majority vote of those voting at said election shall be sufficient to carry said election. The result of said election shall be recorded in the Minutes of the Commissioners Court and certified by the County Clerk and Ex Officio Clerk of the Commissioners Court to the County Superintendent or Ex Officio Superintendent of said county.

Sec. 2. In event said maintenance tax is adopted at such election, after the result of the election has been certified to the County Superintendent, he shall make a permanent record of such certificate and shall send a certified copy of same to the State Department of Education at Austin, Texas, for its information and guidance.

Sec. 3. As soon as the Commissioners Court of such county has determined the total of the assessed value of taxable property according to the values fixed by the Board of Equalization, which values shall be the same as those fixed for State and county taxation purposes, subject thereafter to ordinary corrections, it shall then perform the following duties:

(a) determine the estimated total receipts from the levying and collecting of said Twenty-five (25) Cents tax on the property in the county-wide district according to such valuation;

(b) to determine the estimated amount of money apportionable to each scholastic on the basis of equal per capita distribution according to the then current census of scholastics for the several districts;

(c) to determine the estimated amount of such money available for each common and independent school district according to such per capita distribution;

(d) to cause the ex officio Clerk of such Court to communicate a copy of the order fixing the estimated amount for each independent school district to the president thereof and for each common school district to the County Superintendent or ex officio County Superintendent of such county.

Sec. 4. It shall be the duty of the Commissioners Court at the time other taxes are levied in the county to levy a tax under this law of Twenty-five (25) Cents on the one hundred dollars valuation in said county for that year. Such taxes shall be assessed by the Tax Assessor and collected by the Tax Collector as other taxes are assessed and collected.
The money collected from said Twenty-five (25) Cents tax shall be distributed to the various school districts in such county as follows:

All districts in the county shall receive the same amount of money for each scholastic, for the maintenance of schools in such district. No part of the moneys realized from said county-wide maintenance tax shall be used to pay any present or future bond issues or interest thereon. The Tax Collector shall, each month, apportion to each district the proportional part of the taxes collected and dispose of same as hereinafter provided. The valuations fixed by the County Board of Equalization for State and county taxation purposes shall be used in computing said taxes and in levying and collecting the same. The budget officer of each school district in said county as provided by Statute, and the trustees of each of said districts, after receiving the notice of the estimate of the Commissioners Court as herein provided for, and the notice of the State apportionment of public school funds to said district, shall proceed to make and approve the budget for their respective districts as provided by Acts, 1931, Forty-second Legislature, Regular Session, page 339, Chapter 206.¹

Sec. 5. As and when said taxes are collected by the Tax Collector of the county, he shall make monthly settlements with the independent school districts situated in such county, said moneys to be received and held by said independent school districts and protected in accordance with the existing depository laws. And the Tax Collector shall place to the credit of the common school districts in such county such moneys as are apportioned to them, which shall be protected as provided by the existing depository laws.

Sec. 6. The several independent school districts and common school districts in such county shall continue to have authority to levy, assess, and collect the maintenance taxes theretofore authorized by the property taxpayers in said respective districts, subject to the restrictions that after said county-wide maintenance tax election has been carried and while said tax is in full force and operation, said respective independent school districts and common school districts shall not thereafter levy, assess, and collect any special tax for maintenance of schools, except in instances wherein the apportionment made by the Commissioners Court, together with the apportionment made by the State of Texas, produces an amount inadequate to meet the approved budget of such district, and in that event, such tax shall be levied in an amount to meet such deficit, due allowance to be made for delinquencies and for costs of collection. This law shall not affect the right and duty of said respective school districts to levy, assess, and collect taxes within their respective districts for the payment of principal and interest on bonded indebtedness of such districts. The respective districts shall continue to levy, assess, and collect taxes sufficient to pay principal of and interest on their bonds. Provided however, that nothing in this Act shall prevent the proper authorities from collecting and enforcing, for the benefit of the respective districts, any maintenance taxes levied before this law becomes effective.

Sec. 7. Until and unless said county-wide maintenance tax has been authorized at an election held in such county, the duties and powers of the Commissioners Court shall not be considered as having been changed, altered, or enlarged by this Act.

Sec. 8. This Act shall not have the effect of changing any duties imposed on or powers conferred on the trustees of school districts situated in the counties covered by this Act, unless and except as expressly provided herein, it being the intention of this law that said respective
Boards of Trustees shall continue to administer their lawful duties and powers except as to the levying, assessing, and collecting of maintenance taxes, and the powers and duties as to levying, assessing, and collecting maintenance taxes shall remain unaffected except as modified as provided herein.

Sec. 9. This Act shall be considered as cumulative of other laws applicable to the counties affected, but in event any provision of this law is inconsistent with any other applicable law, the provisions of this Act shall prevail as to the counties affected. All laws and parts of laws in conflict with the provisions of this Act, in so far as they apply to the counties affected, are hereby repealed.

Sec. 10. The Commissioners Court shall have advisory supervision over the schools in the county to the extent that it shall be the duty of the Court to render its advice on all administrative matters submitted by the several Boards of Trustees.

Sec. 11. In event any section, paragraph, sentence, clause, or phrase of this Act shall be held to be unconstitutional, such holding shall not affect the other provisions of the Act not so invalidated. Acts 1941, 47th Leg., p. 400, ch. 233.

Title of Act:
An Act prescribing additional powers and duties of the Commissioners Court in counties having a population of not less than ten thousand, three hundred and thirty-nine (10,339) and not more than ten thousand, five hundred and forty (10,540), according to the latest Federal Census; making provision for holding an election in each such county to determine whether a maintenance tax shall be levied against all property in such county for the support of public schools therein; prescribing the duties of the County Judge and Commissioners Court in reference to said election; prescribing the duties and powers of the several Boards of District Trustees, in determining the amount of money necessary to maintain the schools of each school district; prescribing the duties of the Commissioners Court and various county officials in reference to levying, assessing, and collecting such maintenance tax; prescribing certain administrative duties of the Commissioners Court over schools in the county; providing for the distribution of tax moneys collected for the benefit of the several school districts; providing that when the county-wide maintenance tax is in full force and operation no school district within such county shall have authority to levy and collect further maintenance taxes except to the extent provided in this Act, leaving undisturbed the right and power of and requiring said districts to levy and collect taxes for interest and principal of bonds; providing that the duties and powers of school district trustees shall not be affected except as expressly provided in this Act; providing that this Act shall be cumulative of other laws; repealing laws inconsistent herewith; providing that if any part of this law shall be held unconstitutional remaining parts shall be unaffected; and declaring an emergency. ART. 2742c—1. Separation from municipal control of municipal school district surrounded by county line district to become common school district

**Definitions**

Section 1. The term “municipal school district,” as used in this Act, shall include any city or town constituting a separate and independent school district under authority of Section 3, Article VII, of the Constitution, as amended, and/or Section 10, of Article XI, of the Constitution, the boundaries of the school corporation being the same as the boundaries of the city or town in which said city has a population of sixteen hundred (1600) or less, according to the last preceding Federal Census.

The term “governing body,” as used in this Act, shall include the governing body of each said city or town, whether designated as “city commission,” “city council,” “board of aldermen,” or otherwise.

**Procedure**

Sec. 2. When any municipal school district, as defined in Section 1 hereof, entirely surrounded by a county line common school district, shall desire to have the public schools within its limits separated from municipal control so that the school corporation shall become and be a common school district, without the dual character theretofore possessed by the school corporation of the city or town, the same shall be done in the following manner:

Whenever as many as one hundred (100) of the resident qualified voters of such municipal school district in city or town petition the board of education or board of school trustees of such municipal district, praying for an election on the proposition as to whether or not the public schools shall be divorced from municipal control, the said board shall certify such petition to the governing body of such city or town. When such petition and the certificate of the board of education or trustees, has been submitted to the governing body of such city or town, it shall thereupon be the duty of such governing body to fix the date, which date shall be not more than ten (10) days from the date such petition and certificate was submitted, for the holding of a joint meeting of the governing body of the city or town and the board of education or trustees of such municipal school district. At such joint meeting, the governing body of the city or town and the board of education or trustees of such municipal school district, acting jointly as one body, the mayor or chairman of the governing body presiding, shall order an election as prayed for in such petition. The election shall be held as nearly as possible in compliance with the law with reference to regular city elections in said city or town. Every person who has attained the age of twenty-one (21) years and who has resided within the limits of the municipal school district and the city or town for six (6) months next preceding the date of the election, and is a qualified elector under the laws of this State, shall be entitled to vote in the election.

**Ballots**

Sec. 3. All persons voting at such election in favor of such proposition shall have written or printed upon their ballots the words, “For the

Separation of the public schools from municipal control, and converting same into a common school district,” and all persons voting at such election not in favor of such proposition shall have written or printed upon their ballots the words, “Against the separation of the public schools from municipal control, and converting same into a common school district.”

**Canvas; results of election**

Sec. 4. If a majority of the qualified voters, voting at the election of such municipal school district, shall vote in favor of the separation of the public schools from municipal control and in favor of creating a common school district therefor, the governing body of such city or town shall immediately canvass the returns and certify the result of such election to the board of education or board of trustees of such municipal district, together with a certified copy of the record showing all the proceedings in respect of such election. If such board of education or board of trustees finds that such election has been in all respects lawfully held and the returns thereof duly and legally made to the governing body of such city or town, then it shall by resolution duly passed and entered of record, declare that the public schools of the municipal school district have been separated from municipal control, and that the name of the school district shall thereafter be “________—Common School District,” inserting the name of such city or town. If the proposition shall be defeated at such election, then no election for that purpose shall be ordered until after the expiration of one year after the date of such election.

**Bond tax**

Sec. 5. Nothing contained in the provisions of this Act shall be construed as abrogating or repealing any district bond tax.

**School trustees**

Sec. 6. The members of the board of education or the board of trustees of such municipal school district shall continue as members of the board of education or board of trustees of such common school district after separation of municipal control until a special election can be held for choosing their successors, and such successors have been duly elected and qualified; provided that upon the certification of the carrying of such election, as hereinabove provided, the commissioners court of the county pursuant to its duties in connection with common school districts, shall order an election for said common school district for the purpose of naming a board of seven (7) school trustees in whom shall vest the authority for the conduct of the school district as provided by law for common school districts; provided that in all matters said common school district newly created, shall be under the direction of the county commissioners court and the board of trustees as provided by law for common school districts.

**Title and rights to property**

Sec. 7. The title and rights to all property owned, held, set apart, or in any way dedicated to the use of the public school of the city or town, and/or heretofore vested in such city or town and/or the mayor, chairman of the commission, city council, city commission or board of school trustees of said city or town, prior to separation from municipal control as hereinafter authorized and provided, shall be and are hereby vested in the board of education or board of trustees of such common school district, after separation from a municipal control, and shall be managed and controlled by the board of education or board of trustees thereof, as is now or hereafter provided by law for common school districts.
Obligations and debts

Sec. 8. All bonds issued by and outstanding against any such city or town, as a municipal school district, and all obligations, contracts, and indebtedness existing against said city or town, as a municipal school district, shall become the obligations and debts of the school district at the time of its separation from municipal control, and the said common school district, after separation from municipal control shall be held to have assumed the discharge of all such obligations, contracts and indebtedness, and the same shall be enforceable and collectible from, paid off and discharged by the said common school district, as if originally created by it as a separate common school district; and it shall not be necessary to call an election within and for such district for the purpose of assuming such bonds and other indebtedness.

Annexation or consolidation

Sec. 9. When any such municipal school district shall have been divorced from municipal control, and thereby shall have become a common school district under the provisions of this Act, said newly created common school district may annex and consolidate with a contiguous county line common school district when such annexation and consolidation shall have been approved in separate elections to be held in each of the districts. Such elections shall be held as nearly as practicable according to the provisions for consolidation of school districts as provided by law. If such proposition shall carry in each of the respective districts, then the annexation or consolidation shall be so declared.

Representation on board

Sec. 10. In the event of the annexation or consolidation of a common school district with a contiguous county line common school district, under the provisions of this Act, the common school district so annexed shall have representation on the board of school trustees for the consolidated district of not less than one member, unless and until the two (2) originally consolidated districts shall annex or consolidate three (3) more common school districts; provided that when three (3) more such annexations and consolidations shall have been effected, then the members of the board of school trustees of the entire district shall be elected at large.

Outstanding indebtedness on annexation

Sec. 11. Provided that upon the annexation of a common school district, divorced from municipal control, with a contiguous county line common school district, each of such original districts shall respectively remain exclusively liable for its outstanding bonds and other school indebtedness, unless and until the qualified resident property taxpayers of each original district, voting separately, shall vote to assume their proportionate part of the outstanding bonds of each such district. Acts 1941, 47th Leg., p. 1342, ch. 608.

Approved and effective July 9, 1941.

Section 12 of the Act of 1941 declared an emergency and provided that the Act should take effect from and after its passage.

Art. 2744e-3. County-wide districts in counties having $20,000,000 taxable property and not more than 3 persons per square mile

Section 1. This Act is applicable to all Counties having an assessed valuation of taxable property according to the last approved tax rolls of not less than Twenty Million ($20,000,000.00) Dollars and a population according to the latest Federal Census, of not more than three (3) persons per square mile. Any County coming within the terms of this Act shall have a County Unit System of education to the extent specified in this Act. For the purpose of levying, assessing, and collecting a school maintenance tax and for such further administrative functions as are set forth herein, the territory of each of such Counties is hereby created into a School District, hereinafter described as the County-wide District, the taxing power to be exercised as hereinafter provided. There shall be exercised in and for the entire territory of each of such Counties, to the extent in this Act prescribed, the taxing power conferred on School Districts by Article 7, Section 3 of the Constitution but such taxing power shall not be exercised until and unless authorized by a majority of the qualified property taxpaying voters residing therein at an election to be held for that purpose as hereinafter provided. Whenever a petition is presented to the County Judge of any such County, signed by at least one hundred (100) qualified property taxpaying voters residing therein, asking that an election be ordered for the purpose of determining whether or not a maintenance tax shall be levied, assessed and collected on all taxable property within said County for the maintenance of public schools therein, not exceeding Fifteen (15¢) Cents on the One Hundred ($100.00) Dollars of assessed valuation of taxable property, it shall be the duty of the County Judge immediately to order an election to be held within said County to determine said question. The finding of the County Judge that such petition is sufficient and signed by the number of taxpaying voters required by law shall be conclusive. Notice of said election shall be given by publishing a copy of the election order in a newspaper of general circulation in said County.
once a week for at least two (2) weeks, the date of the first publication to be not less than twenty (20) days prior to the date fixed for holding said election. Further notice shall be given by the posting of a copy of said election within the boundaries of each Independent and each Common School District, and one copy of said notice shall be posted at the courthouse door. Said notice shall be posted at least twenty (20) days prior to the date fixed for said election. Except as otherwise provided, herein, the manner of holding said election shall be controlled by the general election laws of the State, and only qualified electors who own taxable property in such County and who have duly rendered the same for taxation shall be qualified to vote at said election, and all electors shall vote in the election precincts of their residence. Said election shall be held at the usual voting places in the several election precincts of such County. Such election returns shall be made and delivered to the County Judge and shall be canvassed by the Commissioners’ Court of such County at its next regular or special meeting following said election. A majority vote of those voting at said election shall be sufficient to carry said election. The result of said election shall be recorded in the minutes of the Commissioners’ Court and certified by the County Clerk and Ex-Officio Clerk of the Commissioners’ Court to the County Superintendent or Ex-Officio Superintendent of said County.

Record of certificate

Sec. 2. In event the said maintenance tax is authorized at such election, after the result of the election has been certified to the County Superintendent, he shall make a permanent record of such certificate and shall send a certified copy of same to the State Department of Education at Austin, Texas, for its information and guidance.

Duties of Commissioners’ Court

Sec. 3. As soon as the Commissioners’ Court of such County has determined the total of the assessed value of taxable property according to the values fixed by the Board of Equalization, which values shall be the same as those fixed for State and County taxation purposes, subject thereafter to ordinary corrections, it shall then perform the following duties: (a) determine the estimated total receipts from the levying and collecting of said Fifteen (15¢) Cents tax on the property in the County-wide District according to such valuation; (b) to determine the estimated amount of money apportionable to each scholastic on the basis of equal per capita distribution according to the then current census of scholastics for the several Districts; (c) to determine the estimated amount of such money available for each Common and Independent School District according to such per capita distribution, with the special provision that no District shall receive less than Seven Hundred Fifty ($750.00) Dollars of such money and that the provision for equal per capita distribution shall yield to this special provision; (d) to cause the Ex-Officio Clerk of such Court to transmit a copy of the order fixing the estimated amount for each Independent School District to the president thereof and for each Common School District to the County Superintendent or Ex-Officio County Superintendent of such County.

Levy, assessment, collection and distribution of taxes

Sec. 4. It shall be the duty of the Commissioners’ Court, at the time other taxes are levied in the County, to levy a tax under this law of not to exceed Fifteen (15¢) Cents on the One Hundred ($100.00) Dollars valuation in said County for that year. Such taxes shall be assessed by the Tax Assessor and collected by the Tax Collector as other taxes are
assessed and collected. The money collected from said tax, shall be distributed to the various School Districts in such County as follows:

All Districts in the County shall receive the same amount of money for each scholastic, with the exception that no District shall receive less than Seven Hundred Fifty ($750.00) Dollars, which shall be used for the maintenance of schools in such District. If any portion of said Seven Hundred Fifty ($750.00) Dollars is not used for any year, the balance shall be retained in the treasury and used for the said District for the next year, such balance to be deducted the following year from the Seven Hundred Fifty ($750.00) Dollars to be apportioned to such District. No part of the moneys realized from said County-wide maintenance tax shall be used to pay any present or future bond issues or interest thereon. The Tax Collector shall each month apportion to each District the pro rata part of the taxes collected and dispose of same as hereinafter provided. The valuations fixed by the County Board of Equalization for State and County taxation purposes shall be used in computing said taxes and in levying and collecting the same. The budget officer of each School District in said County as provided by statute, and the Trustees of each of said Districts, after receiving the notice of the State apportionment of public school funds to said District, shall proceed to make and approve the budget for their respective Districts as provided by Acts 1931, 42nd Legislature, Regular Session, page 339, Chapter 206.1

Monthly settlements

Sec. 5. As and when said taxes are collected by the Tax Collector of the County, he shall make monthly settlements with the Independent School Districts situated in such County, said moneys to be received and held by said Independent School Districts and protected in accordance with the existing depository laws. And the Tax Collector shall place to the credit of the Common School Districts in such County such moneys as are apportioned to them, which shall be protected as provided by the existing depository laws.

Authority of districts respecting taxes

Sec. 6. The several Independent School Districts and Common School Districts in such County shall continue to have authority to levy, assess and collect the maintenance taxes theretofore authorized by the property tax payers in said respective Districts, subject to the restrictions that after said County-wide maintenance tax election has been carried and while said tax is in full force and operation, said respective Independent School Districts and Common School Districts shall not thereafter levy, assess and collect any special tax for maintenance of schools, except in instances wherein the apportionment made by the Commissioners' Court, together with the apportionment made by the State of Texas, produces an amount inadequate to meet the approved budget of such District, and in that event, such tax shall be levied in an amount to meet such deficit, due allowance to be made for delinquencies and for costs of collection. This law shall not affect the right and duty of said respective School Districts to levy, assess and collect taxes within their respective School Districts for the payment of principal and interest on bonded indebtedness of such Districts. The respective District shall continue to levy, assess and collect taxes sufficient to pay principal of, and interest on their bonds. Provided, however, that nothing in this Act shall prevent the proper authorities from collecting and enforcing for the benefit of the respective districts, any maintenance taxes levied before this law becomes effective.
Powers of Commissioners' Court

Sec. 7. Until and unless said County-wide maintenance tax has been authorized at an election held in such County, the duties and powers of the Commissioners' Court shall not be considered as having been changed, altered or enlarged by this Act.

Board of trustees, duties and powers

Sec. 8. This Act shall not have the effect of changing any duties imposed on or powers conferred on the Trustees of School Districts situated in the Counties covered by this Act, unless and except as expressly provided herein, it being the intention of this law that said respective Board of Trustees shall continue to administer their lawful duties and powers except as to the levying, assessing and collecting of maintenance taxes, and the powers and duties as to levying, assessing and collecting maintenance taxes shall remain unaffected except as modified as provided herein.

Law as cumulative; conflicting provisions; repeal

Sec. 9. This Act shall be considered as cumulative of other laws applicable to the Counties affected, but in event any provision of this law is inconsistent with any other applicable law, the provisions of this Act shall prevail as to the Counties affected. All laws and parts of laws in conflict with the provisions of this Act, insofar as they apply to the Counties affected, are hereby repealed. Specifically, Chapter 7, Acts of the 43rd Legislature, First Called Session, 2 Chapter 54, Acts of the 45th Legislature 3 are hereby repealed, provided, however, that such repeal shall not affect taxes heretofore levied under said laws.

Commissioners' court, advisory supervision

Sec. 10. The Commissioners’ Court shall have advisory supervision over the schools in the County to the extent that it shall be the duty of the court to render its advice on all administrative matters submitted by the several Boards of Trustees.

Commissioners' court, power to levy

Sec. 11. In the event the County-wide maintenance tax is adopted in any County affected by this Act, the Commissioners’ Court shall thereafter have the power to levy such tax for each year until and including taxes for the year 1950 which, under present laws, will be due October 1, 1950, and delinquent after January 31, 1951. Powers acquired under this Act shall remain effective until all taxes levied during such period of time shall have been collected; but no further County-wide maintenance tax shall be levied thereafter.

Validation of actions and elections

Sec. 12. All actions heretofore taken by the Commissioners' Court, the County officials, or the officials of School Districts located in any such County, or in behalf of any such County affected by this Act and all elections heretofore held in any such County for any purposes which are authorized by this Act, and all County-wide school taxes heretofore levied in any such County are hereby expressly validated and ratified, Acts 1941, 47th Leg., p. 218, ch. 150.

Benefits

Sec. 5.

Any member may retire on written application to the State Board of Trustees. Retirement shall be effective as of the end of the school year then current, provided that the said member at the time so specified for his retirement shall have attained the age of sixty (60) years and shall have completed twenty (20) or more years of creditable service, and provided further that no retirement shall be effective prior to August 31, 1941. Any member in service who has attained the age of seventy (70) years shall be retired forthwith, provided that with the approval of his employer he may remain in service.

Upon retirement for service a member shall receive a service retirement allowance consisting of a membership annuity, which shall be the actuarial equivalent of his membership annuity reserve, and a prior-service annuity to which his creditable service and membership in the Teacher Retirement System entitles him under the provisions of this Act.

(a) His membership annuity reserve shall be derived from:

(1) His accumulated contributions credited to his account in the Teacher Saving Fund at the time of retirement; and

(2) An additional sum from the State Membership Accumulation Fund equal to the accumulated contributions provided by the member in Subsection (1) of Paragraph (a) of this Subsection.

(b) If he has a prior-service certificate in full force and effect, the prior-service annuity shall be one per centum of his average prior-service
compensation, as defined in this Act, multiplied by the number of years of Texas service certified in his prior-service certificate; provided that the maximum number of years of prior-service to be allowed shall be thirty-six (36) years and that in computing his average prior-service compensation, the maximum prior-service salary shall be Three Thousand Dollars ($3,000); provided that the State Board of Trustees shall have an actuarial and statistical study made at least once every five (5) years showing annual trends. Upon the recommendation of the actuary, the State Board of Trustees shall have the power to reduce proportionately all payments for prior-service annuities at any time and for such period of time as is necessary so that the payments to beneficiaries for prior-service annuities in any biennium shall not exceed the available assets for payment of prior-service annuities in such biennium. Available assets shall mean the amount of assets in the Prior-Service Annuity Reserve Fund at the beginning of any biennium plus all payments calculated to be made to the Prior-Service Annuity Reserve Fund during such biennium.

(c) It is expressly provided that the prior-service compensation herein provided for shall be a mutual agreement on the part of the State of Texas and the teacher-member of the Retirement System, and in no event shall the failure of the State Board of Trustees to make adjustments for which total funds are not available for payment of prior-service benefits be held as a liability against the State of Texas. It is further expressly provided that there shall be no claim for payments under prior-service annuities for any period of time prior to September 1, 1941.

(d) It is further provided that any funds remaining on hand in the Prior-Service Annuity Reserve Fund at the end of each five-year period based upon the actuarial and statistical study herein provided for, and which shall be in excess of the reserve necessary to meet all future payments for full prior-service annuities to beneficiaries, shall revert to the General Treasury of the State of Texas as of August 31st of said year.

3. Disability Retirement Benefits.

Upon the application of a member or of his employer or his legal representative acting in his behalf, any member who has had twenty (20) or more years of creditable service may be retired by the State Board of Trustees, not less than thirty (30) and not more than ninety (90) days next following the date of filing such application, on a disability retirement allowance, provided that the Medical Board, after a medical examination of such member, shall certify that such member is mentally or physically incapacitated for the further performance of duty, that such incapacity is likely to be permanent, and that such member should be retired.

4. Allowance on Disability Retirement.

Upon retirement for disability a member shall receive a service retirement allowance if he has attained the age of sixty (60) years; otherwise, he shall receive a disability retirement allowance consisting of a membership annuity, which shall be the actuarial equivalent of his membership annuity reserve, and a prior-service annuity to which his creditable service and membership in the Teacher Retirement System entitles him under the provisions of this Act.

(a) His membership annuity reserve shall be derived from:

(1) His accumulated contributions credited to his account in the Teacher Saving Fund at the time of retirement; and
(2) An additional sum from the State Membership Accumulation Fund equal to the accumulated contributions provided by the member in Subsection (1) of Paragraph (a) of this Subsection.

(b) If he has a prior-service certificate in full force and effect, he shall receive a prior-service annuity equal to fifty (50) per centum of the prior-service annuity provided in Paragraph (b), Subsection (2) of Section 5 of this Act.

5. Beneficiaries Retired on Account of Disability.

Once each year during the first five (5) years following retirement of a member on a disability retirement allowance, and once in every three-year period thereafter, the State Board of Trustees may, and upon his application shall, require any disability beneficiary who has not yet attained the age of sixty (60) years to undergo a medical examination, such examination to be made at the place of residence of said beneficiary or any other place mutually agreed upon, by a physician or physicians designated by the State Board of Trustees. Should any disability beneficiary who has not yet attained the age of sixty (60) years refuse to submit to at least one medical examination in any such periods by a physician or physicians designated by the State Board of Trustees, his allowance shall be discontinued until his withdrawal of such refusal, and should his refusal continue for one year, all his rights in and to his allowance shall be revoked by the State Board of Trustees.

(a) Should the Medical Board report and certify to the State Board of Trustees that such disability beneficiary is no longer physically or mentally incapacitated for the performance of duty, or that such disability beneficiary is engaged in or is able to engage in a gainful occupation, and should the State Board of Trustees by a majority vote concur in such report, then the amount of his allowance shall be discontinued or reduced to an amount by which the amount of the last year's salary of the beneficiary, as a teacher, exceeds his present earning capacity. Should his earning capacity be later changed, the amount of his allowance may be further modified; provided, that the revised allowance shall not exceed the amount of the allowance originally granted, nor shall it exceed an amount which, when added to the amount earnable by the beneficiary, equals the amount of his compensation for the last year prior to retirement.

(b) Should a disability beneficiary under the age of sixty (60) years be restored to active service, his retirement allowance shall cease, he shall again become a member of the Retirement System, and any reserves on his membership annuity at that time in the Membership Annuity Reserve Fund shall be transferred to the Teacher Saving Fund and to the State Membership Accumulation Fund, respectively, in proportion to the original sum transferred to the Membership Annuity Reserve Fund at retirement. Upon restoration to membership, any prior-service certificate on the basis of which his service was computed at the time of his retirement shall be restored to full force and effect, and in addition, upon his subsequent retirement he shall be credited with all his membership service. No teacher eligible to retire for service at sixty (60) years of age shall be allowed to retire on a disability allowance. Should a disability beneficiary die or be removed from the disability list for any cause other than restoration to active service, an amount equal to the amount by which such beneficiary's accumulated contributions at the time of disability retirement exceeds the membership service annuity payments received by such beneficiary under his disability allowance, if any such excess exists, shall be paid from the Membership Annuity Reserve Fund to such beneficiary if living; otherwise such amount shall be
paid as provided by the laws of descent and distribution of Texas unless the beneficiary has directed such amount to be paid otherwise.

6. Return of Accumulated Contributions.
Should a member cease to be a teacher except by death or retirement under the provisions of this Act, he shall be paid in full the amount of the accumulated contributions standing to the credit of his individual account in the Teacher Saving Fund. Should a member die before retirement, the amount of his accumulated contributions standing to the credit of his individual account shall be paid as provided by the laws of descent and distribution of Texas unless he has directed the account to be paid otherwise. Seven (7) years after such cessation of service, if no previous demand has been made, any accumulated contributions of a contributor shall be returned to him or to his heirs. If the contributor or his heirs cannot then be found, his accumulated contributions shall be forfeited to the Retirement System and credited to the Permanent Retirement Fund.

7. Optional Allowances for Service Retirement.
With the provision that no optional selection shall be effective in case a beneficiary dies within thirty (30) days after retirement, and that such a beneficiary shall be considered as an active member at the time of death, until the first payment on account of any service benefit becomes normally due, any member may elect to receive his membership annuity in an annuity payable throughout life, or he may elect to receive the actuarial equivalent at that time, of his membership annuity in a reduced membership annuity payable throughout life with the provision that:

Option (1). Upon his death, his reduced membership annuity shall be continued throughout the life of, and paid to, such person as he shall nominate by written designation duly acknowledged and filed with the State Board of Trustees at the time of his retirement; or

Option (2). Upon his death, one-half of his reduced membership annuity shall be continued throughout the life of, and paid to, such person as he shall nominate by written designation duly acknowledged and filed with the State Board of Trustees at the time of his retirement; or

Option (3). Some other benefit or benefits shall be paid either to the member, or to such person or persons as he shall nominate, provided such other benefit or benefits, together with the reduced membership annuity, shall be certified by the actuary to be of equivalent actuarial value to his membership annuity, and approved by the State Board of Trustees.

With the provision that no optional selection shall be effective in case a beneficiary dies within thirty (30) days after retirement and that such a beneficiary shall be considered as an active member at the time of death, until the first payment on account of any service benefit becomes normally due, any member may elect to receive his prior-service annuity in an annuity payable throughout life or he may elect to receive the actuarial equivalent at that time, of his prior-service annuity in a reduced prior-service annuity payable as provided in Option (1), (2), or (3) above, provided that all payments under all prior-service annuities are subject to adjustment by the State Board of Trustees as provided in Section 5, Subsection 2, Paragraph (b) of this Act; provided further, that the same option must be selected by a member for the payment of his prior-service annuity as is selected by the member for the payment of his membership service annuity. As amended Acts 1941, 47th Leg., p. 610, ch. 376, § 2.
Sec. 6. State Board of Trustees.

(1) The general administration and responsibility for the proper operation of the Retirement System and for making effective the provisions of the Act are hereby vested in a State Board of Trustees which shall be organized immediately after a majority of the Trustees provided for in this Section shall have qualified and taken the oath of office.

(2) The Board shall consist of six (6) trustees, as follows:

(a) The State Life Insurance Commissioner, ex officio.
(b) The Chairman of the State Board of Control of Texas, ex officio.
(c) A person selected by the State Board of Education for a term of six (6) years.
(d) Three (3) of the trustees shall be members of the Retirement System and shall be nominated by the members of the Retirement System for a term of six (6) years each, according to such rules and regulations as the State Board of Trustees shall adopt to govern such nominations, provided that the first three (3) teachers to serve as members of the State Board of Trustees shall be appointed by the Governor from a list of seven (7) teachers nominated by the Executive Committee of the Texas State Teachers Association. The terms of office of the first three (3) teacher-trustees shall begin immediately after they have qualified and taken the oath of office. They shall draw for terms of two (2), four (4), and six (6) years, which shall expire August 31, 1939, and August 31, 1941, and August 31, 1943, respectively. Thereafter, the State Board of Trustees shall provide for the nomination of three (3) teacher-members biennially by popular election of the members of the Retirement System, from which the Governor shall appoint one member to the State Board of Trustees; said member shall be subject to confirmation by two-thirds vote of the State Senate. The members so appointed shall serve for terms of six (6) years, or until their successors are qualified. It is provided, however, the re-enactment of this Section shall not affect the status or terms of office of the present members of said Board.

(3) If a vacancy occurs in the office of a trustee, the vacancy shall be filled for the unexpired term in the same manner as the office was previously filled.

(4) The trustees shall serve without compensation, but they shall be reimbursed from the Expense Fund for all necessary expenses that they may incur through service on the Board.

(5) Each trustee shall, within ten (10) days after his appointment, in addition to the constitutional oath, subscribe to the following oath of office: “I do solemnly swear that I will, to the best of my ability, discharge the duties of a trustee of the Teacher Retirement System and will diligently and honestly administer the affairs of the Board of Trustees of said Retirement System and that I will not knowingly violate or willingly permit to be violated any of the provisions of law applicable to said Retirement System.” This oath shall be subscribed to by members making it before any officer qualified to administer oaths in Texas, and duly filed in the office of the Secretary of State.

(8) The State Board of Trustees shall elect from its membership a Chairman and shall by a majority vote of all its members appoint an Executive Secretary who shall not be one of its members. Provided that the Executive Secretary appointed under the provisions of this Act shall be confirmed by a two-thirds vote of the Senate present, and provided further that said Executive Secretary shall have been a citizen of Texas three (3) years immediately preceding his appointment. He shall recommend and nominate to the State Board of Trustees such actuarial and other service as shall be required to transact the business of the Retirement System. The compensation of all persons engaged by the State Board of Trustees, and all other expenses of the Board necessary for the operation of the Retirement System, shall be paid at such rates and in such amounts as the State Board of Trustees shall approve, provided that in no case shall they be greater than that paid for like or similar service of the State of Texas.

(9) The State Board of Trustees shall keep in convenient form such data as shall be necessary for actuarial valuation of the various funds of the Retirement System and for checking the expenses of the System.

(10) The State Board of Trustees shall keep a record of all of its proceedings which shall be open to public inspection. It shall publish annually a report showing the fiscal transactions of the Retirement System for the preceding school year, the amount of the accumulated cash and securities of the System, and the last balance sheet showing the financial condition of the System by means of an actuarial valuation of the assets and liabilities of the Retirement System.

If required, other physicians may be employed to report on special cases. The Medical Board shall pass upon all medical examinations required under the provisions of this Act, and shall investigate all essential statements and certificates by or on behalf of a member in connection with an application for disability retirement, and shall report in writing to the State Board of Trustees its conclusion and recommendation upon all the matters referred to it.

Duties of Actuary.

(13) The State Board of Trustees shall designate an Actuary who shall be the technical adviser of the State Board of Trustees on matters regarding the operation of the funds created by the provisions of this Act, and shall perform such other duties as are required in connection therewith.

(14) Immediately after the establishment of the Retirement System, the Actuary shall make such investigation of the mortality, service, and compensation experience of the members of the System as he shall recommend and the State Board of Trustees shall authorize, and on the basis of such investigation he shall recommend for adoption by the
State Board of Trustees such tables and such rates as are required. The State Board of Trustees shall adopt tables and certify rates, and as soon as practicable thereafter, the Actuary shall make a valuation based on such tables and rates, of the assets and liabilities of the funds created by this Act.

(15) In the year 1938, and at least once in each five-year period thereafter, the Actuary shall make, under the direction of the Board, an actuarial investigation into the mortality, service, and compensation experience of the members and beneficiaries of the Retirement System, and shall make a valuation of the assets and liabilities of the funds of the System, and taking into account the result of such investigation and valuation, the State Board of Trustees shall adopt for the Retirement System such mortality, service, and other tables as shall be deemed necessary.

(16) On the basis of such tables as the State Board of Trustees shall adopt, the Actuary shall make an annual valuation of the assets and liabilities of the funds of the System created by this Act. As amended Acts 1941, 47th Leg., p. 610, ch. 376, § 3.

(1) The State Board of Trustees shall be the trustees of the several funds as herein created by this Act, and shall have full power to invest and reinvest such funds subject to the following limitations and restrictions: All retirement funds, as are received by the Treasury of the State of Texas from contributions of teachers and employers as herein provided, may be invested only in bonds of the United States, the State of Texas, or counties, or cities, or school districts of this State, wherein said counties, or cities, or school districts have not defaulted in principal or interest on bonds within a period of ten (10) years, or in bonds issued by any agency of the United States Government, the payment of the principal and interest on which is guaranteed by the United States; and in interest-bearing notes or bonds of the University of Texas issued under and by virtue of Chapter 40, Acts of the Forty-third Legislature, Second Called Session; provided that a sufficient amount of said funds shall be kept on hand to meet the immediate payment of the amounts that may become due each year as provided in this Act. The State Board of Trustees shall have full power by proper resolution to hold, purchase, sell, assign, transfer, and dispose of any of the securities and investments in which any of the funds created herein shall have been invested, as well as the proceeds of said investments and any moneys belonging to said funds, provided that any money on hand shall be subject to the State Depository Laws of Texas.

(2) The State Board of Trustees annually on August 31st shall allow regular interest on the mean amount in the Membership Annuity Reserve Fund for the year then ending and shall allow regular interest on the mean amount in the Prior-Service Annuity Reserve Fund for the year then ending and shall allow current interest as defined in Section 1, Subsection (14) of this Act on the amount in the State Membership Accumulation Fund at the beginning of such year and on the amount in the Permanent Retirement Fund at the beginning of such year and on an amount in the Teacher Saving Fund equal to the sum of the accumulated contributions standing to the credit at the beginning of such year of all members included in the membership of the System on August 31st of such year, before any transfers for Service Retirement effective August 31st of such year are made. The amounts so allowed shall be due and payable to said funds and shall be credited thereto by the State Board.

(3) The Treasurer of the State of Texas shall be the custodian of all bonds, securities, and funds. All payments from said funds shall be made by him on warrants drawn by the State Comptroller of Public Accounts supported only upon vouchers signed by the Secretary of the Retirement System and the Chairman of the State Board of Trustees. A duly attested copy of a resolution of the State Board of Trustees designating such persons shall be filed with said Comptroller as his authority for issuing such warrants.

(4) For the purpose of meeting disbursements for annuities and other payments there may be kept available cash, not exceeding ten (10) per cent of the total amount in the several funds of the Retirement System, on deposit with the State Treasurer.

(5) No trustee and no employee of the State Board of Trustees shall have any direct or indirect interest in the gains or profits of any investment made by the State Board of Trustees, nor as such receive any pay or emolument for his service other than his designated salary and authorized expenses, except such interest as such person or persons may have in the retirement funds as a member in the Retirement System. As amended Acts 1941, 47th Leg., p. 610, ch. 376, § 4.

Method of financing

Sec. 8. The amount contributed by each teacher to the Retirement System shall be five (5) per centum of the regular annual compensation paid each member, the amount not to exceed One Hundred and Eighty Dollars ($180) per annum. After such time as the State shall have contributed to the Retirement System a sum equivalent to the sum of all amounts which have then been contributed by the members of the Retirement System, the amount contributed by the State of Texas to the Retirement System thereafter shall not exceed during any one year five (5) per centum of salaries of all members, disregarding salaries in amounts in excess of Three Thousand, Six Hundred Dollars ($3,600), provided the total amount contributed by the State during any one (1) year shall at least equal the total amount contributed during the same year by all members of the Retirement System.

All of the assets of the Retirement System shall be credited according to the purpose for which they are held to one (1) of seven (7) funds, namely, the Teacher Saving Fund, the State Membership Accumulation Fund, the Membership Annuity Reserve Fund, the Prior-Service Annuity Reserve Fund, the Interest Fund, the Permanent Retirement Fund, and the Expense Fund.

1. The Teacher Saving Fund.

(a) The Teacher Saving Fund shall be a fund in which shall be accumulated regular five (5) per centum contributions from the compensation of members, including current interest earnings. Contributions to and payments from the Teacher Saving Fund shall be made as follows:

(b) Each employer shall cause to be deducted from the salary of each member on each and every pay roll of such employer for each and every pay roll period, five (5) per centum of his earnable compensation, provided that the sum of the deductions made for a member shall not
exceed One Hundred and Eighty Dollars ($180) during any one (1) year. Deductions shall begin with the first pay roll period of the school year 1937-38. In determining the amount earnable by a member in a pay roll period, the State Board of Trustees may consider the rate of annual compensation payable to such member on the first day of the pay roll period as continuing throughout such pay roll period, and it may omit deduction from compensation for any period less than a full pay roll period if a teacher was not a member on the first day of the pay roll period, and to facilitate the making of deductions, it may modify the deduction required of any member by such an amount as shall not exceed one-tenth \( \frac{1}{10} \) of one (1) per centum of the annual compensation upon the basis of which such deduction is to be made.

(c) The deductions provided for herein shall be made notwithstanding that the minimum compensation provided for by law for any member shall be reduced thereby. Every member shall be deemed to consent and agree to the deductions made and provided for herein and shall receipt for his full salary or compensation, and payment of salary or compensation, less said deduction, shall be a full and complete discharge and acquittance of all claims and demands whatsoever for the services rendered by such person during the period covered by such payment, except as to the benefits provided under this Act. The employer shall certify to the State Board of Trustees on each and every pay roll, or in such other manner as said Board may prescribe, the amounts to be deducted; and each of said amounts shall be deducted, and when deducted shall be paid into said Teacher Saving Fund, and shall be credited, to the individual account of the member from whose compensation said deduction was made.

(d) Current Interest on members' contributions shall be credited annually as of August 31st and shall be allowed on the amount of the accumulated contributions standing to the credit of the member at the beginning of the year and shall not be allowed for parts of a year. Following the termination of membership in the Retirement System for those members who have been absent from service for five (5) years in any period of six (6) consecutive years, the Teacher Saving Fund account of such members shall be closed and warrants covering the total accumulated contributions sent to them upon the filing of formal application. Until the time of payment of such accumulated contributions, said teacher shall receive no interest on the amount due him under this subsection, and the amount shall be held in a noninterest-bearing account to be set up for such purpose.

(e) Upon the retirement of a member, his accumulated contributions shall be transferred from the Teacher Saving Fund to the Membership Annuity Reserve Fund.

2. State Membership Accumulation Fund.

The State Membership Accumulation Fund shall be the fund in which shall be accumulated all contributions made to the Teacher Retirement System by the State of Texas for the purpose of providing upon the retirement of each member an amount equal to such member's accumulated contributions; and from which shall be transferred to the Membership Annuity Reserve Fund at the retirement of a member an amount equal to the accumulated contributions of the member. Contributions to and payments from this fund shall be made as follows:

(a) On the basis of such mortality and other tables as the State Board of Trustees shall adopt, the Actuary shall determine the annual amount required to be paid into the State Membership Accumulation Fund in order to accumulate by or before August 31, 1966, a sufficient sum to meet all present and prospective liabilities of this Fund at the
termination of said period, and to provide the amount required according
to this Act to be transferred from this Fund into the Membership Annuity Reserve Fund during such period. 'Present and prospective liabilities’ as used herein shall mean at any time an amount equal to that amount in the Teacher Saving Fund at that time which will eventually be transferred to the Membership Annuity Reserve Fund, according to calculations made by the Actuary and approved by the State Board of Trustees on the basis of the mortality and other tables adopted by the State Board of Trustees. The State Board of Trustees shall certify annually to the Comptroller of Public Accounts and to the State Treasurer the amount so ascertained by the Actuary, and such amount shall be paid each year in equal monthly installments in the manner hereinafter provided into the State Membership Accumulation Fund by the Comptroller from the funds appropriated as contributions to the Teacher Retirement System by the State of Texas. If the investigation and valuation as herein provided to be made each five (5) years shall cause a revision in the amount to be paid into this Fund annually in order to provide the required reserves by or before August 31, 1966, as determined by the State Board of Trustees, the revised amount shall be certified to the Comptroller annually, and the revised amount shall thereafter be paid into the State Membership Accumulation Fund each year.

(b) When the amount in the State Membership Accumulation Fund shall become sufficient to meet the present and prospective liabilities of this Fund, the State of Texas shall thereafter pay each year in equal monthly installments into the State Membership Accumulation Fund an amount equal to a per centum of the contributions of the members during such year which shall be calculated by the Actuary and certified to the Comptroller by the State Board of Trustees as being the necessary and required per centum to maintain a reserve in this Fund equal to present and prospective liabilities of the Fund. The rate per centum so certified shall continue in force until modified by the Board of Trustees on the basis of a new investigation and valuation as provided for herein to be made at the end of each five-year period.

(c) Upon the retirement of a member, an amount equal to his accumulated contributions in the Teacher Saving Fund shall be transferred from the State Membership Accumulation Fund into the Membership Annuity Reserve Fund as a reserve for his Membership Annuity.

The Membership Annuity Reserve Fund shall be the fund in which shall be held all reserves for membership annuities granted and in force and from which shall be paid all membership annuities and all benefits in lieu of membership annuities, payable as provided in this Act. This Fund shall be made up of transfers as follows:

(a) At the time of service or disability retirement the accumulated contributions of a retiring teacher shall be transferred from the Teacher Saving Fund to the Membership Annuity Reserve Fund as reserves for the membership annuity purchased by his contributions.

(b) An amount equal to the accumulated contributions of each retiring teacher shall be transferred, upon service or disability retirement, from the State Membership Accumulation Fund as reserves for an additional membership annuity equal to the membership annuity purchased by the teacher.

Transfers and payments from the Membership Annuity Reserve Fund shall be made as provided in Section 5, Subsection (5) Paragraph (b) of this Act, upon the death, restoration to active service or removal from the disability list of a beneficiary retired on account of disability.

The Prior-Service Annuity Reserve Fund shall be the fund in which shall be accumulated all contributions made to the Retirement System by the State of Texas for the purpose of providing the amounts required for payment of prior-service annuities; and from which prior-service annuities shall be paid to beneficiaries as herein provided. Contributions to and payments from this fund shall be made as follows:

(a) All moneys appropriated by the State of Texas as contributions to the Teacher Retirement System each year and which will not be paid into the State Membership Accumulation Fund as elsewhere herein provided shall be paid into the Prior-Service Annuity Reserve Fund in the manner hereinafter provided.

(b) All prior-service annuity payments to beneficiaries, as provided in this Act to be paid after September 1, 1941, shall be paid from this fund. The State Board of Trustees shall have the power to reduce proportionately all payments for prior-service annuities at any time and for such period of time as is necessary so that the payments to beneficiaries for prior-service annuities in any biennium shall not exceed the available assets for payment of prior-service annuities in such biennium. It is further provided that any funds on hand in the Prior-Service Annuity Reserve Fund at the end of any five-year period in excess of the reserve necessary to meet all future payments in full to beneficiaries for prior-service annuities, on the basis of the actuarial and statistical study herein provided for, shall revert to the General Treasury of the State of Texas as of August 31st of the year ending said period.

5. Interest Fund.

The Interest Fund is hereby created to facilitate the crediting of interest to the various other funds with the exception of the Expense Fund. All income, interest, and dividends derived from the deposits and investments authorized by this Act shall be paid into the Interest Fund. Once each year on August 31st, interest shall be allowed and transferred to the other funds, respectively, except the Expense Fund. The State Board of Trustees shall annually transfer to the credit of the interest reserve account of the Permanent Retirement Fund all excess earnings after all interest-bearing funds have been duly credited with interest for the year in the manner provided in this Act.

6. Permanent Retirement Fund.

The Permanent Retirement Fund shall be a fund in which shall be accumulated all gifts, awards, funds, and assets accruing to the Retirement System not specifically required by other funds created by this Act, and to provide a contingent fund out of which special requirements of other funds may be covered. The principal of this Fund is hereby held and dedicated as a perpetual endowment of the Retirement System and shall not be diverted or appropriated to any other cause or purpose. All current interest credited to this Fund and excess interest earnings transferred to this Fund shall be held as an interest reserve account from which the State Board of Trustees shall transfer annually to the Expense Fund such amount as is required to provide for the administration and maintenance of the Retirement System, provided the funds are available.

7. Expense Fund.

The Expense Fund shall be the fund from which the expenses of administration and maintenance of the Retirement System shall be paid. Transfers to and payments from this Fund shall be made as follows:

(a) The Executive Secretary shall prepare annually an itemized budget showing the amount required to defray the expenses for the en-
suing fiscal year and shall submit the report to the State Board of Trustees for its review and adoption.

(b) Each member shall pay with the first payment to the Teacher Saving Fund each year, and in addition thereto, a sum of One Dollar ($1), which amount shall be credited to the Expense Fund, said payments for the Expense Fund shall be made to the State Board of Trustees in the same way as payments to the Teacher Saving Fund shall be made, as provided for in this Act.

(c) If the amount estimated to be required to meet the expenses of the State Board of Trustees is in excess of One Dollar ($1) per contributor for the year, the amount of such excess shall be paid from the interest reserve account of the Permanent Retirement Fund. If in the judgment of the State Board of Trustees, as evidenced by a resolution of that Board recorded in its minutes, the amount in the interest reserve account of the Permanent Retirement Fund exceeds the amount necessary to cover the ordinary requirement of that Fund for a period of five (5) years in the future, the Board may transfer to the Expense Fund such excess amount not exceeding the entire amount required to cover the expenses as estimated for the year.

(1) The collection of members' contributions shall be as follows:

(a) Each employer shall cause to be deducted on each and every pay roll of a member for each and every pay roll period subsequent to the date of establishment of the Retirement System the contributions payable by such member, as provided in this Act. Each employer shall certify to the treasurer of said employer on each and every pay roll a statement as vouchers for the amount so deducted.

(b) The treasurer or proper disbursing officer of each employer on authority from the employer shall make deductions from salaries of teachers as provided in this Act, and shall transmit monthly, or at such time as the State Board of Trustees shall designate, a certified copy of the pay roll, and the amount specified to be deducted shall be paid to the Executive Secretary of the State Board of Trustees, and after making a record of all receipts, the said Board shall pay them to the Treasurer of the State of Texas, and by him be credited to Teacher Saving Fund, and such funds shall be deemed as appropriated for use according to the provisions of this Act. For the purpose of collecting contributions of teachers who are teaching in common school districts, the county superintendent or ex officio county superintendent of each county of this State is hereby designated to perform the duties of employer of all common school districts over which he has jurisdiction, and he is hereby authorized and empowered to retain the amounts so deducted from pay rolls of members and have a corresponding amount deducted from any funds available for paying teachers' salaries, and transmit same to the Executive Secretary of the State Board of Trustees as provided for in this Act. Any college or university or other educational institution or agency supported in whole or in part by the State shall have the amount retained or deducted from the funds regularly appropriated by the State for the current maintenance for such educational departments and institutions.

(c) For the purpose of enabling the collection of five (5) per centum of the salaries of the members of the Retirement System to be made as simple as possible, the State Board of Trustees shall require the secretary or other officer of each employer-board or agency, within thirty (30) days after the beginning of each school year, to make up a list of all teachers in its employ, who are members of the Retirement System, set out their
salaries by the month and by the year, make an affidavit to the correctness of this statement, and file the same with the Executive Secretary of the State Board of Trustees of the Teacher Retirement System. If additions or deductions from this list should be made during the year, such additions or deductions shall likewise be certified under oath to the State Board of Trustees of the Teacher Retirement System.

(d) The State Treasurer shall furnish annually to the State Board of Trustees a sworn statement of the amount of the funds in his custody belonging to the Retirement System. The records of the State Board of Trustees shall be open to public inspection and any member of the Retirement System shall be furnished with a statement of the amount to the credit of his individual account upon written request by such member, provided that the State Board of Trustees shall not be required to answer more than one such request of a member in any one year.

(2) The collection of the State's contributions shall be made as follows:

(a) On or before the first day of November, next preceding each regular session of the Legislature, the State Board of Trustees shall certify to the State Board of Control for its review and adoption the amount necessary to pay the contributions of the State of Texas to the Teacher Retirement System for the ensuing biennium. This amount shall be included in the budget of the State which the Governor submits to the Legislature. The State Board of Trustees shall certify on or before August 31st of each year to the State Comptroller of Public Accounts and to the State Treasurer the estimated amount of contributions to be received from members during the ensuing year.

(b) All moneys allocated and appropriated by the State to the Teacher Retirement System shall be paid to the Teacher Retirement System in monthly installments as provided in House Bill No. 8, Acts of the Regular Session, Forty-seventh Legislature. Each of said monthly installments shall be paid into the State Membership Accumulation Fund and the Prior-Service Annuity Reserve Fund in the proportional amounts certified by the State Board of Trustees. Section 2 of the Act of 1941 repealed all conflicting laws and parts of laws; Section 3 declared an emergency and provided that the Act should take effect from and after its passage.
Art. 3125. 3123–25 Canvass of result

At the meeting of the county executive committee, provided for in Article 3124, returns from the election precincts of the county shall be canvassed by the committee. Within the meaning of this Act, such canvass shall include an actual checking and comparison of the voting lists with the tally lists and return sheets, and a mere tabulation of votes shown by the return sheets shall not be deemed a compliance with this provision. All discovered errors in the returns shall be corrected before the results of the election are certified, and upon the sworn statement of any candidate filed with the committee before the actual printing of the official ballot, setting out alleged errors in the primary election returns as certified by the county executive committee, the said committee shall be reconvened for the investigation and consideration of such alleged error, which provision is hereby declared to be mandatory and may be enforced by writ of mandamus. The said committee shall have the power to exclude any vote that is prima facie illegal, but any vote involving a question of law, or mixed question of law and fact shall not be determined by the committee. When the votes have been canvassed in accordance with the foregoing provisions and the result thereof declared by the committee, the chairman of the executive committee shall make a list of the candidates for county and precinct offices who received the necessary vote to nominate and shall certify the same and deliver it to the county clerk of the county. At the meeting of the executive committee after the first primary, if a majority of the votes be required to nominate for county and precinct offices, and in any case no candidate received a majority of the votes, the county executive committee shall determine the two candidates who received the highest number of votes cast for all candidates for the particular office and order their names printed on the ballot for the second primary. As amended, Acts 1941, 47th Leg., p. 1400, ch. 635, § 1.

Approved July 23, 1941.
Effective 90 days after July 3, 1941, date of adjournment.

Section 12 of the amendatory act of 1941, read as follows: "Articles 3149 and 3151, Revised Civil Statutes, 1925, are hereby expressly repealed; Article 3152, Revised Civil Statutes, 1925, as amended by Chapter 19, Acts of the Fortieth Legislature, as amended by Chapter 241, Acts of the Forty-Second Legislature is hereby expressly repealed; all other laws or parts of laws in conflict with this Act are hereby expressly repealed."

Section 13 of the amendatory Act of 1941 declared an emergency but such emergency clause was inoperative under Const. art. 3, § 39.

Art. 3126. 3124 Tie in primary

If, upon a canvass of the returns of the first primary election, it appears that for a county or precinct office, the two highest candidates have received an equal number of votes, then the names of such two highest candidates shall be certified for places on the ballot of the second primary, unless the said candidates shall agree in writing to cast lots for such nomination. Should a tie vote result from any contest in the second primary election, then the executive committee shall provide for the casting of lots in the presence of said candidates, and that candidate who shall be successful by lot shall be certified as the nominee for such office. As amended, Acts 1941, 47th Leg., p. 1400, ch. 635, § 2.

Effective date. See note under article 3125.

Art. 3128. 3129 Boxes and ballots returned

Ballot boxes after being used in primary elections, shall be returned with the ballots cast as they were deposited therein by the election judges, locked and sealed, to the county clerk, and unless there be a contest for a nomination in which fraud or illegality is charged, they shall be unlocked
and unsealed by the county clerk and their contents destroyed by the county clerk and the county judge without examination of any ballot, at the expiration of sixty (60) days after such primary election. Provided, that the district judge, upon his own motion or upon the request of the county or district attorney, may, by an order entered on the minutes of the district Court, defer the destruction of the contents of such ballot boxes for a period not exceeding twelve (12) months after such primary election. As amended Acts 1941, 47th Leg., p. 1400, ch. 635, § 3.

Effective date. See note under article 3125.

Art. 3129. 3130 To publish nominees

The county clerk, under his official hand and seal, shall cause the names of the candidates who have received the necessary vote to nominate, as directed by the county executive committee and as certified by the chairman of said committee, for each office, to be published in some newspaper published in the county, if any there be, but if there be no newspaper published in the county, then he shall post a list of such names in at least five public places in the county, one of which notices shall be posted at the courthouse door. Provided, that if a contest for the nomination for any county or precinct office in the county be pending, publication or posting as to that office shall be deferred until the contest is finally determined, after which, he shall post or publish as to that particular office as hereinabove set out. As amended Acts 1941, 47th Leg., p. 1400, ch. 635, § 4.

Effective date. See note under article 3125.

Art. 3130. 3131 Objections to nomination; jurisdiction of district court; procedure

The District Court shall have original and exclusive jurisdiction of all contests for nominations growing out of primary elections. Any candidate desiring to contest the declared result of any primary election in which he was a candidate, shall file his suit in the District Court within ten (10) days from the date of declaring the result by the executive committee, and process shall be served upon the opposite party as in other civil suits, except that the return day thereof shall be fixed by the District Judge. However, upon the filing of any such suit, the contestant shall forthwith deliver, or cause to be delivered, a true copy of his petition or complaint to the opposite party. The filing of the suit shall be immediately called to the attention of the District Judge by the Clerk of said Court. If the District Court be then in session, the Judge thereof shall set the said contest for trial at a date not more than ten (10) days from the date of the filing of said contest. If the District Court be not in session at said time, the Judge thereof shall order a special term of said Court to be convened not later than ten (10) days from the filing of such contest for the hearing of same, and in either case, the said contest shall have precedence over all other matters. The contestee shall file his answer within five (5) days from the filing of such suit, but either party, or both, shall have the right to amend before announcing ready for trial and set up additional causes of action or matters of defense, as the case may be. Any further changes in the pleadings shall be within the sound discretion of the Court. In the trial of such cause, the trial judge shall have wide discretion as to matters of pleading, procedure and admissibility of evidence, the purpose of this article being to subserve the ends of justice, rather than strict compliance with technical rules of pleading, procedure, and evidence. The District Court shall have the ex-
exclusive power to determine the regularity of the election in the county or any precinct, and the legality or illegality of any ballot involving a question of law, or mixed question of law and fact. When the issues involved in such contest have been adjudicated, the District Court shall cause its decision to be certified to the county clerk of the county. As amended, Acts 1941, 47th Leg., p. 1400, ch. 635, § 5.

Effective date. See note under article 3125.

Art. 3131. 3132 Name printed on ballot

After the names of the successful candidates have been published or posted in compliance with Article 3129, and all contests, if any, have been determined, the county clerk shall cause the names of all the nominees to be printed on the official ballot in the column for the ticket of that party. As amended, Acts 1941, 47th Leg., p. 1400, ch. 635, § 6.

Effective date. See note under article 3125.

Art. 3146. 3147 Contest of primary

Except for a place on party tickets for public elective offices, all contests within a political party shall be decided by the State, District, or County Executive Committee, as the nature of the office may require, each such Committee to retain all such powers and authority now conferred by law. As amended, 1941, 47th Leg., p. 1400, ch. 635, § 7.

Effective date. See note under article 3125.

Art. 3147. 3148 Venue of suits or contests

The venue of suits or contests between candidates for nomination for State office is hereby fixed in the District Court of Travis County, Texas, unless the parties shall agree upon some other county. The venue of suits between candidates involving party nomination for district offices shall be in the county in which the fraud or illegality is alleged to have occurred, or in the county that may be agreed upon by the parties. The venue of suits involving party nominations for precinct or county offices shall be fixed as in the county where such cause of action originated. Provided, that nothing herein shall be construed to prohibit the District Court in the county where any such contest may be filed from changing the venue to some other adjacent county, upon showing of adequate cause, and in the event of any such change of venue, the District Court of the county to which such contest is transferred shall be governed by all the provisions of this Act. As amended, Acts 1941, 47th Leg., p. 1400, ch. 635, § 8.

Effective date. See note under article 3125.

Art. 3148. 3149 Contest before executive committee

The complaining candidate, if he desires to file a contest with the executive committee, shall, within five (5) days after the result has been declared by the committee or convention, cause a notice to be served on the chairman or some member of the executive committee, in which he shall state specifically the ground of his contest; and said hearing shall be set at a date not exceeding ten (10) days from the filing of said contest; and he shall also serve or cause to be served on the opposing candidate a copy of such notice, at least five (5) days prior to the date set for hearing by the committee; provided, however, that such notice may be
served upon the agent or attorney of such opposing candidate, or may be
served by leaving the same with some
person over the age of sixteen (16) years at the usual place of residence or business of such opposing
candidate, or his last address. If special charges of fraud or illegality
in the conduct of the election, or in the manner of holding the convention,
or in the manner of making nominations, are made, and not otherwise,
the chairman, or, in case he fails or refuses, any member of the com-
mittee, shall within twenty (20) days after the primary election, or the
convention, convene the executive committee, who shall then examine
the charges, hear evidence and decide in favor of the party who in their
opinion was nominated in the primary election, or in the convention; pro-
vided, that, before any advantage can be taken of the disregard or vio-
lation of any directory provision of the law, it must appear that, but
for such disregard or violation, the result would have been different.

As amended Acts 1941, 47th Leg., p. 466, ch. 292, § 1.

This article was also amended by Acts 1941, 47th Leg., p. 1400, ch. 635, effective
90 days after July 3, 1941, date of adjourn-
ment. See article 3148, post.

Art. 3148. 3149 Powers of district court where fraud or illegality
charged

In addition to the powers and authority granted to the District Courts
by Article 3130, as amended by this Act, where fraud or illegality is
charged, if such charges of fraud or illegality be supported by some evi-
dence, or by affidavit of reputable persons, and the ends of justice seem
to require it, the Court shall have authority to unseal and reopen the
ballot boxes to determine controverted issues, and the Court may recount,
or under its direction cause to be recounted, the ballots cast in any or
all precincts of the county to determine the true result of such election.
In all such cases in which a reopening
of ballot boxes is ordered, the
Court shall exercise all due diligence to preserve the secrecy of the bal-
lots, and upon completion of such recount, the said ballot boxes with their
original contents shall be resealed and redelivered to the county clerk.

cers charged with the duty of providing the official ballot for the ensuing
election for observance in the preparation of the ballot for that particular

CHAPTER THREE—OTHER INSTITUTIONS
WACO STATE HOME

Sec. 1. Children committed to the Waco State Home may be placed by the superintendent, upon the approval of the State Board of Control and under the authority of an order to that effect issued by the Court which committed such child to such institution, in children's boarding homes at a reasonable rate not to exceed One Dollar ($1) per day for each child so boarded when in the judgment of such superintendent effective administration of said Waco State Home so requires; provided that such children's boarding homes shall obtain an annual license as required by law, which license shall be issued without fee, and under such reasonable and uniform rules and regulations as the State Board of Public Welfare may prescribe for all children's boarding homes in accordance with the laws of this State as same now exist or may hereafter be enacted. No child shall be placed in such children's boarding home unless it is deemed advantageous to the welfare of such child; and children so placed shall be deemed to have the same status as other inmates of said Waco State Home and shall continue to be wards and subject to the guardianship of said superintendent. Children shall be given preference who, in the judgment of the superintendent, are eligible upon the basis of their respective individual problems and individual needs, and who will profit most by such placement, and whose placement will make for more effective administration of the Waco State Home's program; provided, however, that no more than twenty (20) such children from all inmates of said Waco State Home shall, at any given time, be so boarded. The superintendent of said Waco State Home shall, upon the approval of said Board, replace or remove such child from such licensed boarding homes when in his discretion he deems it advisable; or upon complaint of such child, the superintendent shall remove the child from such children's boarding home; provided that nothing herein shall abridge the visitorial and regulatory powers of the superintendent over the person of any such child so placed in such children's boarding homes, until such child has been dismissed from said Waco State Home, and then under such provisions and limitations as hereinafter stated.

Sec. 2. No child shall be dismissed from the Waco State Home until some suitable home has been found for it, or it has become self-supporting and only then upon the written recommendations of the superintendent to the State Board of Control, or when any ward committed to said Home has become married with the consent of the Board and superintendent. Children may be placed for adoption only in homes approved by the Division of Child Welfare, State Department of Public Welfare. Upon
the adoption or marriage of any such child, the visitorial and regulatory
powers of said Board of Control and superintendent shall terminate. Any
child not adopted who goes out from this Home either under the custody
of some adult or as self-supporting shall continue under the supervision
and guidance of said Board. The Board or its representative shall visit
the place where said child is living or employed, and it shall be the duty
of the person having the custody of said child to answer all questions
asked by such Board or representative concerning the conduct, employ­
ment, treatment, or condition of said child. If in the judgment of the
Board it should be for the best interest of said child that it be returned
to said Waco State Home, the Board is hereby empowered to have it re­
turned. As amended Acts 1941, 47th Leg., p. 601, ch. 369, § 1.

CHAPTER ELEVEN—RIGHTS, DUTIES AND POWERS OF EXECUTORS AND ADMINISTRATORS

Art. 3432b. Payment or credit of annual net income of estate to owners of estate [New].

Art. 3432b. Payment or credit of annual net income of estate to owners of estate

In all cases where the estate of a deceased person is being administered under the direction, control, and orders of a County Court in the exercise of its probate jurisdiction, upon the application of the executor or administrator of said estate, or any interested party, after notice thereof has been given in the same manner and for the same time as provided for in Sections 6 and 71 of House Bill No. 112, Chapter 446 of the Acts of the Forty-fourth Legislature, Second Called Session, 1935, relating to notices of applications filed under the pro-
visions of said House Bill No. 112, and when it appears from evidence introduced at the hearing upon said application, and the Court finds that the reasonable market value of the assets of the estate then on hand, exclusive of the annual income therefrom, is at least twice the aggregate amount of all unpaid debts, administration expenses, and legacies, and no creditor or legatee of the estate then appearing and objecting, the County Court may order and direct the executor or administrator to pay to, or credit to the account of, those persons who the Court finds will own the assets of the estate, when the administration thereon is completed, and in the same proportions, such part of the annual net income received by or accruing to said estate, as the Court may believe and find can be conveniently paid to such owners without prejudice to the rights of creditors, legatees, or other interested parties. Nothing herein contained shall authorize the County Court to order paid over to such owners of the estate any part of the corpus or principal of the estate; provided however, in this connection, bonuses, rentals, and royalties received for, or from, an oil, gas, and mineral lease shall be treated and regarded as income, and not corpus or principal. In addition to any other sums now provided for by law, the District Attorney or Criminal District Attorney in each of the counties affected hereby may be allowed, by order of the Commissioners’ Court of his county, such amount as said Court may deem necessary to pay for or aid in the proper administration of the duties of his office, which sum may be expended in aid of the discharge of the duties of his office for any purposes, whether similar or dissimilar to the type of expense authorized by Article 3899 of the Revised Civil Statutes, as amended by Chapter 37 of the Acts of the First Called Session of the 45th Legislature, and whether for a purpose similar or dissimilar to those authorized by the preceding Section of this Act; provided further that all sums expended under the authority of this Section of this Act shall not exceed Two Thousand, Five Hundred ($2,500.00) Dollars in any one calendar year; and provided further that such amounts as may be authorized hereunder shall be allowed by said Court upon written application of such District Attorney or Criminal District Attorney showing the necessity therefor, and the Commissioners’ Court may require any other evidence that it may deem necessary to show the necessity for any such expenditures, and its judgment in allowing or refusing to allow any such expenditure shall be final; provided no payment for any such expenditure shall be made except upon an itemized sworn statement of such expense filed in the manner provided for by Section 19 of Chapter 465 of the Acts of the 44th Legislature, generally known as the “Fee Bill,” and all such expenditures and the accounts therefor shall be subject to approval of the County Auditor and audit by such Auditor as in the case of other claims and expenditures.

The State Board of Dental Examiners shall have authority to refuse to examine any person or refuse to issue a license to any person for any one or more of the following causes:

(a) Proof of presentation to the Board of any dishonest or fake evidence of qualification or being guilty of any illegality, fraud or deception in the process of examination, or for the purpose of securing a license.

(b) Proof of chronic or habitual intoxication or addiction to drugs on the part of the applicant.

(c) Proof that the applicant has been guilty of dishonest or illegal practices in or connected with the practice of dentistry.

The State Board of Dental Examiners shall have authority after notice and hearing, as hereinafter provided, to suspend or revoke a dental license for any one or more of the following causes:

(a) Proof of insanity of the applicant or holder of a license, as adjudged by the regularly constituted authorities.

(b) Proof of conviction of the applicant or holder of a license of a felony involving moral turpitude under the laws of this State or any other State or of the United States.

The District Courts of the State shall have the authority, after a proper hearing, to revoke or suspend any dental license issued in the State of Texas for any one or more of the following causes:

1. That the holder thereof has been guilty of dishonorable conduct, malpractice or gross incompetency in the practice of dentistry.

7. That the holder thereof has failed or refused to comply with any of the provisions of this Act.

Proceedings to suspend or revoke a dental license on account of any one or more of the causes set forth in this Article shall be taken as follows:

(a) Where the cause involves a criminal conviction or a conviction of insanity in some court of competent jurisdiction, upon the receipt by the Board of a certified copy of the records of the Court of Conviction showing a final conviction, the Board shall then proceed to set a time and place, not less than ten (10) nor more than thirty (30) days, for a hearing to consider the revocation or suspension of such license or licenses, and shall mail by registered mail to the last known address of such person or persons a copy of such record of conviction together with notice of hearing, and such notice shall state the grounds to be relied upon by said Board for suspension or revocation of such license. Such hearing shall be governed by such rules and regulations as may be prescribed by the Board. Such District Court shall thereafter and under the rules of procedure applicable to other civil cases, proceed to set such cause for hearing as in other civil cases. Upon the hearing of such cause, if such Court shall find that the action of such Board, in revoking or suspending such license or licenses is not well taken, such Court shall by appropriate order and judg-
ment set aside such action of said Board; but if such Court or jury shall sustain such action of said Board in revoking or suspending such license or licenses an order shall be made and entered in appropriate form sustaining and affirming the action of such Board, provided, however, that the person or persons whose license shall have been so revoked or suspended may waive the empanelling of a jury, from which order an appeal may be taken to the Court of Civil Appeals, as in other civil causes.

(b) Where the suspension or revocation is based upon any other cause set forth in Article 4549, the proceedings shall be before a District Court of the State or the county in which the alleged offense occurred by complaint to the court and it shall be the duty of the several District and County Attorneys of the State to file and prosecute appropriate judicial proceedings in the name of the State on the request of any member of the State Board of Dental Examiners, and or when complaint is made to the court, by any County or District Attorney as herein provided, said court shall order the accused dentist to show cause why his license shall not be suspended or revoked. Such complaint shall be made in writing. The charge and grounds thereof shall be set out distinctly and the same shall be subscribed and sworn to by the prosecutor and filed with the Clerk of the Court. Citation thereon shall be issued in the name of the State of Texas and in manner and form as in other cases and the same shall be served upon the defendant at least ten (10) days before the trial date set therein. Upon the return of said citation executed, if the defendant shall appear and deny the charge, the cause shall be docketed for trial and conducted in the name of the State of Texas against the defendant. A jury of twelve (12) men shall be summoned as in cases during term time of the court when no regular jury is available and as prescribed by law and shall be impaneled unless waived by the defendant, and the cause shall be tried in like manner as in other civil cases. If the said accused dentist be found guilty or shall fail to appear and deny the charge after being cited as aforesaid, the court may by proper order entered on the minutes, suspend his license for a time or revoke and cancel it entirely and may also give proper judgment of costs. When an industrial life insurance policy is issued providing for accident and health benefits, in addition to natural death benefits, the provisions of this Act shall apply only to the life insurance benefits provided in the policy, except as hereinafter otherwise specifically provided.

Required policy provisions

Sec. 2. No policy of industrial life insurance shall be delivered or issued for delivery in this State, unless the same shall contain in substance the following provisions:

a. A provision that the insured is entitled to a stated period of grace of at least four (4) weeks within which the payment of any premium after the first may be made. During such period of grace the policy shall continue in full force, but in case the policy becomes a claim during the grace period, before the overdue premiums are paid, the amount of overdue premiums may be deducted in any settlement under the policy.

b. A provision that the policy shall constitute the entire contract between the parties, but if the insurer desires to make the application a part of the contract it may do so, provided a copy of such application shall be endorsed upon or attached to the policy when issued, and in such case the policy shall contain a provision that the policy and the application therefor shall constitute the entire contract between the parties. d. A provision that if the age of the insured has been misstated, the amount payable under the policy shall be such as the premium would have purchased at the correct age.

e. A provision that in event of default in premium payments after premiums shall have been paid for three (3) full years there shall be available a stipulated form of insurance effective from the due date of the defaulted premium; and in event of default in premium payments after premiums shall have been paid for five (5) full years there shall be available, in lieu of the stipulated form of insurance, at the option of the insured, a specified cash surrender value. The net value of the stipulated form of insurance, and the specified cash surrender value, shall not be less than the reserve on the policy at the end of the last completed quarter of the policy year for which premiums shall have been paid, including the reserve for any paid-up additions thereto and the amount of any dividends standing to the credit of the policy, and excluding any reserve on total and permanent disability, as defined in the policy, and additional accidental death benefits, less a sum of not more than

(1) two and one-half (2 1/2) per cent of the maximum amount insured by the policy and dividend additions thereto, if any, when the issue age is under ten (10) years,

(2) two and one-half (2 1/2) per cent of the current amount insured by the policy and dividend additions thereto, if any, when the issue age is ten (10) years or older,

f. A provision specifying the mortality table, rate of interest, and method of valuation, if other than net level premium, adopted for computing the life insurance reserves on the contract.

g. Such table is to begin with the year in which such values become available. At the expiration of the period for which such values are shown in the policy, the insurer will furnish upon request an extension of such table.
h. A provision that the policy may be reinstated within one year, or, at the option of the insurer, within fifty-two (52) weeks from the date of default in payment of premiums, unless the cash surrender value has been paid or the period of extended insurance has expired, upon payment of all overdue premiums, the payment or reinstatement of any other indebtedness due to the insurer upon said policy, and upon the presentation of evidence of insurability satisfactory to the insurer. The overdue premiums may, at the option of the insurer, be subject to interest at a rate not exceeding six (6) per cent per annum as may be specified in the policy.

i. A provision that when a policy shall become a claim by the death of the insured, settlement shall be made upon receipt of, at the insurer's home office, or not later than two (2) months after such receipt of, proof of death satisfactory to the insurer and the right of the claimant to the proceeds.

j. A title on the face of the policy briefly describing its form.

k. In the case of an insurer issuing participating policies in this State, a provision that the insurer shall annually ascertain and apportion any divisible surplus accruing on the policy.

Any of the provisions of Section 2, or portions thereof, not applicable to nonparticipating or term policies shall, to that extent, not be incorporated therein.

The provisions of Section 2 shall not apply to policies issued or granted pursuant to the nonforfeiture provisions prescribed in clause (e) of said Section, nor shall clauses (e) and (g) of said Section be required in term insurances of twenty (20) years or less.

Application to existing policies

Sec. 3. Any policy of industrial life insurance delivered or issued for delivery in this State prior to the effective date of this Act, and pursuant to the provisions of Article 4750, Revised Civil Statutes of Texas, 1925, and upon which premiums have been paid for three (3) full years, which does not by its terms secure, upon default in payment of premiums, to the insured or beneficiary thereof, a stipulated form of insurance, shall nevertheless entitle such insured or beneficiary to either extended or paid-up insurance, the net value of which shall be determined as is provided in clause (e) of Section 2 of this Act, providing such insured or beneficiary elects and notifies the home office of the insurer in writing, prior to the expiration of the period of extended insurance, which of said two (2) forms he has elected to take; and any such insured or beneficiary failing to elect and notify the insurer in writing of such election within such time shall be deemed to have elected extended insurance.

Sec. 6. No insurance company transacting business in this State shall hereafter deliver or issue for delivery in this State any policy of industrial life insurance, or any policy of industrial life insurance providing for accident and health benefits in addition to natural death benefits, or attach to, or print or stamp upon such policy, any rider, or endorsement, until the form of such policy, rider, or endorsement has been submitted to and approved by the Board of Insurance Commissioners of the State of Texas. The venue of such suit shall be laid in the District Court of Travis County, Texas, providing, however, that any organization, association, or corporation, acting under the provisions of this Act and organized thereunder, who, because of lack of time to complete said organization have failed to comply with the provisions of House Bill No. 893, 1 may be reinstated and have their rights and status thereof renewed and extended, provided they qualify by complying with the terms, requisites, and conditions of this Act within the time prescribed hereinabove. Licensing of local recording agents and solicitors, see also article 5062b.
Art. 5062b. Licensing of local recording agents and solicitors; life, health and accident insurance excepted; other exceptions

Section 1. Insurance agents, as that term is defined in the laws of this State, shall for the purpose of this Act be divided into two classes: Local Recording Agents and Solicitors.

Definitions; certain orders, societies or associations not affected

Sec. 2. By the term "Local Recording Agent" is meant a person or firm engaged in soliciting and writing insurance, being authorized by an Insurance Company or Insurance Carrier, including Fidelity and Surety Companies, to solicit business and to write, sign, execute, and deliver policies of insurance, and to bind companies on insurance risks, and who maintain an office and a record of such business and the transactions which are involved, who collect premiums on such business and otherwise perform the customary duties of a Local Recording Agent representing an Insurance Carrier in its relation with the public; or a person or firm engaged in soliciting and writing insurance, being authorized by an Insurance Company or Insurance Carrier, including Fidelity and Surety Companies, to solicit business, and to forward applications for insurance to the Home Office of the Insurance Companies and Insurance Carriers, where the Insurance Company’s and Insurance Carrier’s general plan of operation in this State provides for the appointment and compensation of agents for insurance and for the execution of policies of insurance by the Home Office of the Insurance Company or Insurance Carrier, or by a Supervisory Office of such Insurance Company or Insurance Carrier, and who maintain an office and a record of such business and the transactions which are involved, and who collect premiums on such business and otherwise qualify and perform the customary duties of a Local Recording Agent representing an Insurance Carrier in its relation with the public.

By the term "Solicitor" is meant a person who is a bona fide Solicitor in the office of, and engaged in the business of soliciting insurance on behalf of a Local Recording Agent, and who offices with such Local Recording Agent, and who does not sign and execute policies of insurance, and who does not maintain company records of such transactions. This shall not be construed to make a Solicitor of a Local Recording Agent, who placed business of a class which the rules of the Company or Carrier require to be placed on application or to be written in a supervisory office.

By the term "Board", as used in this Act, is meant the Board of Insurance Commissioners.

Where reference is made in this Act to "Company" or "Carrier" such reference means any Insurance Company, corporation, inter-insurance exchange, Mutual, Reciprocal, Association, Lloyds or other Insurance Carrier licensed to transact business in the State of Texas other than as excepted herein.

Nothing contained in this Act shall be so construed as to affect or apply to orders, societies, or associations which admit to membership only persons engaged in one or more crafts or hazardous occupations in the same or similar lines of business, and the ladies’ societies, or ladies’ auxiliary to such orders, societies or associations, or any secretary of a Labor Union or organization, or any secretary or agent of any Fraternal Benefit Society, which does not operate at a profit.
Application for license; to whom license may be issued; corporations not to be licensed

Sec. 3. When any person or firm shall desire to engage in business as a Local Recording Agent for an Insurance Company or Insurance Carrier, he shall make application for a license to the Board of Insurance Commissioners, in such form as the Board may require, which application shall require a signed endorsement by General or State or Special Agent of a qualified Insurance Company or Insurance Carrier that applicant is a resident of Texas, trustworthy, of good character and good reputation, and is worthy of a license. The Board is authorized to issue licenses to firms or to individuals engaging as partners in the insurance business, provided the names of all persons interested in such firm are named in the license, and each named as active in the business of the partnership qualify, and it be established that none not active have interest in partnership principally to have written and be compensated therefor for insurance on property controlled through ownership, mortgage or sale, family relationship, or employment; and provided further, that all licensed agents must be residents of Texas. Provided, that a person who may reside in a town through which the State line may run and whose residence is in the town in the adjoining State may be licensed, if his business office is being maintained in this State. All persons acting as Agent or Solicitor for health and accident insurance, within the provisions hereof, and who represent only fire and casualty companies, and not life insurance companies, shall be required to procure only one license and such license as is required under the provisions of this Act. The Board shall not issue a license to a corporation.

Nothing herein contained shall prohibit his insuring his own property or properties in which he has an interest; but it is the intent of this section to prohibit coercion of insurance and to preserve to each citizen the right to choose his own Agent or Insurance Carrier, and to prohibit the licensing of an individual or firm to engage in the insurance business principally to handle business which he controls only through ownership, mortgage or sale, family relationship or employment, which shall be taken to mean that an applicant who is making an original application for license shall show the Board of Insurance Commissioners that he has a bona fide intention to engage in business in which at least twenty-five (25%) percent of the total volume of premiums shall be derived from persons other than himself and from property other than that on which the applicant
shall control the placing of insurance through ownership, mortgage, sale, family relationship or employment; and which shall be taken to mean, in the case of application for renewal of license, that at least twenty-five (25%) per cent of applicant's total volume of premiums, during the year preceding such application for renewal, shall have been derived from persons other than himself and from property other than that on which the applicant controlled the placing of insurance through ownership, mortgage, sale, family relationship or employment.

An individual shall be disqualified for benefits:

(a) If the Commission finds that he has left his last employment voluntarily without good cause connected with his employment. Such disqualification shall be for not less than one (1) nor more than eight (8) benefit periods immediately following the filing of a valid claim, as determined by the Commission according to the circumstances in each case.

(b) If the Commission finds that he has been discharged for misconduct connected with his last employment. Such disqualification shall be for not less than one (1) nor more than eight (8) benefit periods immediately following the filing of a valid claim, as determined by the Commission in each case according to the seriousness of the misconduct.

(c) If the Commission finds that he has failed, without good cause, either to apply for available, suitable work when so directed by the employment office or the Commission or to accept suitable work when offered him, or to return to his customary self-employment (if any) when so directed by the Commission. Such disqualification shall be for not less than one (1) nor more than four (4) benefit periods following the filing of a valid claim, as determined by the Commission according to the circumstances in each case.

(1) In determining whether or not any work is suitable for an individual, the Commission shall consider the degree of risk involved to his health, safety and morals, his physical fitness and prior training, his experience and prior earnings, his length of unemployment and pros-
pects for securing local work in his customary occupation, and the distance of the available work from his residence.

(2) Notwithstanding any other provisions of this Act, no work shall be deemed suitable and benefits shall not be denied under this Act to any otherwise eligible individual for refusing to accept new work under any of the following conditions: (a) If the position offered is vacant due directly to a strike, lockout, or other labor dispute; (b) If the wages, hours, or other conditions of the work offered are substantially less favorable to the individual than those prevailing for similar work in the locality; (c) If as a condition of being employed the individual would be required to join a company union or to resign from or refrain from joining any bona fide labor organization.

(d) For any benefit period with respect to which the Commission finds that his total or partial unemployment is due to a stoppage of work which exists because of a labor dispute at the factory, establishment, or other premises at which he is or was last employed, provided that this subsection shall not apply if it is shown to the satisfaction of the Commission that:

(1) He is not participating in or financing or directly interested in the labor dispute which caused the stoppage of work;

(2) He does not belong to a grade or class of workers of which, immediately before the commencement of the stoppage, there were members employed at the premises at which the stoppage occurs, any of whom are participating in or financing or directly interested in the dispute; provided, that if in any case separate branches of work which are commonly conducted as separate business in separate premises are conducted in separate departments of the same premises, each such department shall for the purposes of this subsection, be deemed to be a separate factory, establishment, or other premises.

(e) For any benefit period with respect to which he is receiving or has received remuneration in the form of:

(f) In determining the number of benefit periods during which any individual is entitled to receive benefits in a benefit year, the Commission shall deduct any period of disqualification as provided in subsections (a), (b), and (c) of this Section from the total number of benefit periods during which he would otherwise be entitled to receive benefits except for such disqualification; provided, that in no case shall the number of benefit periods so deducted exceed the number of benefit periods during which the claimant is then eligible to receive benefits except for such disqualification. As amended Acts 1941, 47th Leg., p. 1378, ch. 625, § 1(a).
Art. 5221b—4. Claims for benefits; review of decisions; appeals; procedure

Art. 5221b—5. Contributions

Section 7. (a) Payment: On and after January 1, 1936, contributions shall accrue and become payable by each employer for each calendar year in which he is subject to this Act, with respect to wages payable for employment occurring during such calendar year. Such contributions shall become due and be paid by each employer to the Commission for the fund in accordance with such regulation as the Commission may prescribe, and shall not be deducted in whole or in part from the wages of individuals in such employer’s employ.

(b) Rate of Contributions: Each employer shall pay contributions equal to the following percentages of wages payable by him with respect to employment:

(1) Nine-tenths of one (9/10 of 1%) per centum with respect to employment during the calendar year 1936;

(2) One and eight-tenths (1-8/10%) per centum with respect to employment during the calendar year 1937;

(3) Two and seven-tenths (2-7/10%) per centum with respect to employment during the calendar years 1938, 1939, and 1940;

(4) With respect to employment after December 31, 1940, the percentage determined pursuant to subsection (c) of this section.

(c) Experience Rating: (1) For each calendar year commencing after December 31, 1940, the contribution rate of each employer who has had three (3) years of compensation experience shall be determined by the fund’s maximum liability for benefits to his employees who have received benefits, modified by the state experience as to average duration of benefit payments, as provided below.

(2) When in any benefit year beginning after December 31, 1937, an employee is first paid benefits for total or partial unemployment, his wages during his base period shall be termed the “employee’s benefit wages”, and shall be treated for the purposes of this paragraph as though they had been paid in the calendar year in which such first benefit is paid. Benefit wages shall include only the wages available for wage credits earned from employers in a base period. As applied to the calendar year 1938, and the first calendar quarter of 1939, the term “base period” shall mean the period beginning with the first day of the nine (9) completed calendar quarters immediately preceding the first day of an individual’s benefit year and ending with the last day of the next to the last completed calendar quarter immediately preceding the first day of an individual’s benefit year except that where there are not nine (9) completed calendar quarters preceding the first day of an individual’s benefit year, “base period” shall mean the period beginning with the first day of the first completed calendar quarter and ending with the last day of the next to the last completed calendar quarter immediately preceding the first day of an individual’s benefit year, and except that the definition of “base period” contained in this sentence shall be applicable only to “base period” as used in the computation of an employer’s experience rating, in accordance with the provisions of subsection 7(c) of this section.

(3) The employer's benefit wages for a given calendar year shall be the total of the benefit wages received from him by all of his employees or former employees who receive their first benefit payment of a given benefit year in such calendar year.
LABOR

(Tit. 83, Art. 5221b—5)

For Annotations and Historical Notes, see Vernon's Texas Annotated Statutes

(4) The benefit wage ratio of each employer shall be a percentage equal to the total of his benefit wages for the most recent three (3) consecutive completed calendar years divided by his total taxable payroll for the same three (3) years on which contributions have been paid to the Commission on or before January 31 of the calendar year with respect to which his benefit wage ratio is determined.

(5) For any calendar year the total benefits paid from the fund, less all amounts credited to the fund except employers' contributions collected under this section, and except interest earned on the fund, shall be termed the "amount required from employers." The amount required from employers, divided by the state-wide total of benefit wages of all employers for that calendar year, after adjustments to the nearest multiple of one (1%) per centum shall be termed the "state experience factor." The state experience factor for any year shall be determined prior to the due date of the first contribution payment on wages for employment in that year and such determination shall be made upon the basis of figures for the preceding calendar year.

(6) The contribution rate for each employer for the current year, to be applied to his current payroll shall be in accordance with the following table based upon the state experience factor and his benefit wage ratio:

The Employer's Contribution Rate Shall be:

| Contribution Rate | .5% | 1.0% | 1.5% | 2.0% | 2.5% | 3.0% | 3.5% |

The employer's contribution rate shall be applied to his current payroll based upon the state experience factor and his benefit wage ratio.
If the employer's benefit wage ratio exceeds the amount in the last column of the table on the line for the current year's state experience factor, his contribution rate shall be four (4%) per centum.

(7) Each employer's rate shall be two and seven-tenths (2-7/10%) per centum except as otherwise provided in this section. No employer's rate shall be less than two and seven-tenths (2-7/10%) per centum for any year, unless and until his account has been chargeable with benefits throughout the thirty-six (36) consecutive calendar months immediately preceding the beginning of the calendar year for which rates are determined.

(8) For the purposes of this section, benefits shall be deemed to have been paid at the time the claim therefor shall have been certified by the Commission to the State Comptroller.

(9) For the purposes of this section, two or more employing units which are parties to or the subject of a merger, consolidation, or other form of reorganization effecting a change in legal identity or form, shall be deemed to be a single employing unit if the Commission finds that (i) immediately after such change the employing enterprises of the predecessor employing unit or units are continued solely through a single employing unit as successor thereto; and (ii) immediately after such change such successor is owned or controlled by substantially the same interests as the predecessor employing unit or units; and (iii) the successor has assumed liability for all contributions required of the predecessor employing unit or units; and (iv) the consideration of such two or more employing units as a single employing unit for the purposes of this section would not be inequitable.

No rate of less than two and seven tenths (2-7/10%) per centum will be permitted an employing unit succeeding to the experience of another employing unit pursuant to this section for any period subsequent to such succession except in accordance with regulations prescribed by the Commission, which regulations will be consistent with Federal requirements for additional credit allowance in Section 1602 of the Internal Revenue Code,2 and consistent with the provisions of this Act, except that such regulations may establish a computation date for any such period different from the computation date generally prescribed by this Act, and may define the words "calendar year" as meaning a twelve (12) consecutive month period ending on the same day of the year as that on which such computation date occurs. Art. 5221b—6a. Seasonal industry; definitions; duration of coverage; rules and regulations of Commission

(1) As used in this Section, the term “seasonal employer” means an employer who customarily lays off or discharges for a period of at least eight (8) consecutive weeks, which period regularly recurs at some time during each calendar year, forty (40) per cent or more of the individuals in his employment. The Commission shall place seasonal employers in categories of seasonal industries, after a determination in a like manner to that provided in subsection (2) below for the Commission’s determination with respect to “seasonal industry.”

(2) The term “seasonal industry” means an industry in which, because of the seasonal nature thereof, it is customary for seasonal employers to lay off or discharge for a period of at least eight (8) consecutive weeks, which period regularly recurs at some time during each calendar year, forty (40) per cent or more of the individuals in their employment. The Commission shall, after a study of previous employment records during a reasonable prior period, as determined by the Commission, and after investigation and hearing, determine and may thereafter from time to time redetermine the normal seasonal period or periods during which the workers, employees, or individuals in employment are ordinarily employed for the purpose of carrying on the seasonal operations in each seasonal industry. Until such determination by the Commission, no industry shall be deemed to be seasonal.

(3) A “seasonal employee” or “seasonal worker or individual in seasonal employment” means a worker, employee, or individual who belongs to that class of individuals ordinarily laid off or discharged by a seasonal employer in a seasonal industry for a period of not less than eight (8) consecutive weeks, which period regularly recurs at some time during each calendar year, except that the term shall not include workers or employees or individuals in employment in occupations which, after the Commission has studied the nature thereof and employment records of workers engaged therein in the manner provided for determinations with respect to seasonal industry, are found to be occupations in which employment regularly continues throughout substantially all of the calendar year.

(4) Wages payable to seasonal workers by seasonal employers in seasonal industries shall be used as wage credits only to the extent of that percentage arrived at by dividing the total number of weeks in the calendar year during which such particular seasonal industry regularly operates by the total number of weeks in the calendar year.

(5) Under this Section, the Commission is authorized and empowered to classify employers as being in seasonal industries, after first determining that such employer is a seasonal employer, and to determine the average seasonal period of operation of each individual seasonal employer, and to determine who are seasonal workers or seasonal employees or individuals in seasonal employment, and to determine the amount of wages for seasonal employment which are available as a basis for the payment of benefits to seasonal workers.

(6) The Commission shall have the power to prescribe, and shall prescribe, fair and reasonable regulations for carrying into effect the provisions of this Section, and shall prescribe regulations applicable to
seasonal workers or employees for determining the amounts of and the periods during which benefits shall be payable to them. The Commission may prescribe such other fair and reasonable regulations with respect to such other matters relating to benefits for seasonal workers or employees as the Commission finds necessary and consistent with the policy and purposes of this Act. Regulations prescribed pursuant to this Section shall supersede any inconsistent provisions of this Act or of the Commission’s Regulations, but shall, so far as practicable, secure results reasonably similar to those provided in analogous provisions of this Act. As amended Acts 1941, 47th Leg., p. 746, ch. 467, § 1.

Passed over the Governor’s veto, May 29, 1941.

Effective July 1, 1941.

Section 2 of the amendatory Act of 1941, makes the act effective July 1, 1941.

Section 3 read as follows: “The provisions of this Act shall repeal all parts of Chapter 482, General and Special Laws, Forty-fourth Legislature, Third Called Session, as amended, in conflict herewith, and all other laws or parts of laws in conflict herewith.”

Art. 5221b—7. Unemployment compensation fund

(a) Establishment and Control: There is hereby established as a special fund, separate and apart from all public moneys or funds of this State, an Unemployment Compensation Fund, which shall be administered by the Commission exclusively for the purposes of this Act. This fund shall consist of (1) all contributions collected under this Act, together with any interest thereon collected pursuant to Section 14 of this Act; 1 (2) all fines and penalties collected pursuant to the provisions of this Act; (3) interest earned upon any moneys in the fund; (4) any property or securities acquired through the use of moneys belonging to the fund; (5) all earnings of such property or securities; and (6) all other moneys received for the fund from any other source. All moneys in the fund shall be mingled and undivided.

(b) Accounts and Deposits: The State Treasurer shall be treasurer and custodian of the fund. He shall administer such fund in accordance with the directions of the Commission, and the Comptroller shall issue warrants upon it in accordance with such regulations as the Commission shall prescribe. The Treasurer shall maintain within the fund three (3) separate accounts; (1) a clearing account, (2) an unemployment trust fund account, and (3) a benefit account. All moneys payable to the fund, upon receipt thereof by the Commission, shall be forwarded to the Treasurer who shall immediately deposit them in the clearing account. All moneys in the clearing account, after clearance thereof, shall, except as herein otherwise provided, be immediately deposited with the Secretary of the Treasury of the United States of America to the credit of the account of this State in the Unemployment Trust Fund, established and maintained pursuant to Section 904 of the Social Security Act, as amended,2 any provisions of the law in this State relating to the deposit, administration, release, or disbursement of moneys in the possession or custody of this State to the contrary notwithstanding. Refunds payable pursuant to Section 14 of this Act 1 may be paid from the clearing account or the benefit account upon warrants issued by the Comptroller under the direction of the Commission. The benefit account shall consist of all moneys requisitioned from this State’s account in the Unemployment Trust Fund in the United States Treasury. Except as herein otherwise provided, moneys in the clearing and benefit accounts may be deposited by the Treasurer, under the direction of the Commission, in any bank or public depository in which general funds of the State may be deposited, but no public deposit insurance charge or
premium shall be paid out of the fund. All moneys in this fund shall be deposited, administered and disbursed, in the same manner and under the same conditions and requirements as is provided by law for other special funds in the State Treasury. The State Treasurer shall be liable, on his official bond, for the faithful performance of his duties in connection with the Unemployment Compensation Fund provided under this Act. Such liability on the official bond shall be effective immediately upon the enactment of this provision, and such liability shall exist in addition to the liability on any separate bond existent on the effective date of this provision, or which may be given in the future. All sums recovered for losses sustained by the fund shall be deposited therein.

(c) Withdrawals: Moneys requisitioned from this State's account in the Unemployment Trust Fund shall be used exclusively for the payment of benefits and for refunds pursuant to Section 14. The Commission shall from time to time requisition from the Unemployment Trust Fund such amounts, not exceeding the amounts standing to its account therein, as it deems necessary for the payment of benefits and refunds for a reasonable future period. Upon receipt thereof, the Treasurer shall deposit such moneys in the benefit account, and the Comptroller shall issue his warrants for payment of benefits solely from such benefit account. Expenditures of such moneys in the benefit account, and refunds from the clearing account, shall not be subject to any provision of law which may require itemization or other formal release by State officers of money in their custody. All warrants issued for the payment of benefits and refunds shall bear the signature of the Treasurer and the countersignature of a member of the Commission, or its duly authorized agent, for that purpose. Any balance of moneys requisitioned from the Unemployment Trust Fund which remains unclaimed or unpaid in the benefit account after the expiration of the period for which such sums were requisitioned, shall either be deducted from estimates for, and may be utilized for the payment of, benefits and refunds during succeeding periods, or, in the discretion of the Commission, shall be redeposited with the Secretary of the Treasury of the United States of America, to the credit of this State's account in the Unemployment Trust Fund as provided in Subsection (b) of this Section.

(d) If a warrant has been issued by the Comptroller in payment of benefits as provided under this Act, and if the claimant entitled to receive such warrant has lost or loses, or for any reason failed or fails to receive such warrant after such warrant is or has been issued by the Comptroller, and upon satisfactory proof of such, the Comptroller may issue to claimant a duplicate warrant as provided for in Article 4365, Revised Civil Statutes of Texas, 1925, but in no event shall a duplicate warrant be issued after one year from the date of the original warrant.

If, after any warrant has been issued by the Comptroller payable to a claimant for benefits under the provisions of this Act, and such warrant shall have been lost or misplaced, or if claimant for any reason fails or refuses to present said warrant for payment within twelve (12) months after the date of issuance of such warrant, such warrant shall be cancelled, and thereafter no payment shall be made by the Treasurer on such warrant, and no duplicate warrant in place thereof shall ever be issued.

(e) Management of Funds Upon Discontinuance of Unemployment Trust Fund: The provisions of Subsections (a), (b), (c), and (d), to the extent that they relate to the Unemployment Trust Fund, shall be operative only so long as such Unemployment Trust Fund continues
to exist and so long as the Secretary of the Treasury of the United States of America continues to maintain for this State a separate book account of all funds deposited therein by this State for benefit purposes, together with this State's proportionate share of the earnings of such Unemployment Trust Fund, from which no other State is permitted to make withdrawals. Art. 5221b—11. Unemployment Compensation Administration Fund

(a) Special Fund: There is hereby created in the State Treasury a special fund to be known as the Unemployment Compensation Administration Fund. All moneys which are deposited or paid into this fund are hereby appropriated and made available to the Commission and shall be continuously available to the Commission for expenditure in accordance with the provisions of this Act, and shall not lapse at any time or be transferred to any other fund. All moneys in this fund which are received from the Federal Government or any agency thereof shall be expended solely for the purposes and in the amounts found necessary by the Social Security Board for the proper and efficient administration of this Act. The fund shall consist of all moneys appropriated by this State; all moneys received from the United States of America, or any agency thereof, including the Social Security Board; all moneys received from any other source for such purpose; all moneys collected by the Commission as costs or fees charged by the Commission for furnishing photostatic or certified copies of records of the Commission, or fees charged by the Commission for making audits pursuant to the authority granted in this Act, and shall also include any moneys received from any agency of the United States of America or any other State as compensation for services or facilities supplied to such agency, any amounts received pursuant to any surety bond or insurance policy or from other sources for losses sustained by the Unemployment Compensation Administration Fund, or by reason of damage to equipment or supplies purchased from moneys in such fund, and any proceeds realized from the sale or disposition of such equipment or supplies which may no longer be necessary for the proper administration of this Act. All moneys in this fund shall be deposited, administered, and disbursed, in the same manner and under the same conditions and requirements as is provided by law for other special funds in the State Treasury. The State Treasurer shall be liable on his official bond for the faithful performance of his duties in connection with the Unemployment Compensation Administration Fund provided under this Act. Such liability on the official bond shall be effective immediately upon the enactment of this provision, and such liability shall exist in addition to any liability upon any separate bond existent on the effective date of this provision, or which may be given in the future. All sums recovered on any Surety Bond for losses sustained by the Unemployment Compensation Administration Fund shall be deposited in said fund.

(b) The Commission is authorized to furnish to any person entitled thereto upon application therefor photostatic or certified copies of any records in its possession, the publication of which is not prohibited by this Act, and the Commission shall charge therefor a fee at the rate of Fifty (50) Cents per page for each and every photostatic or certified copy of any record or document so furnished.
(c) Reimbursement of Fund: If any moneys received after June 30, 1941, from the Social Security Board under Title III of the Social Security Act, or any unencumbered balances in the Unemployment Compensation Administration Fund as of that date, or any other Federal moneys granted to the Unemployment Compensation Commission for the administration of this Act, are found by the Social Security Board, because of any action or contingency, to have been lost or been expended for purposes other than, or in amounts in excess of, those found necessary by the Social Security Board for the proper administration of this Act, it is the policy of this State that such moneys shall be replaced by moneys appropriated for such purpose from the general funds of this State to the Unemployment Compensation Administration Fund for expenditure as provided in Subsection (a) of this section. Upon receipt of notice of such a finding by the Social Security Board, the Commission shall promptly report the amount required for such reimbursement to the Governor and the Governor shall, at the earliest opportunity, submit to the Legislature a request for the appropriation of such amount. As amended Acts 1941, 47th Leg., p. 594, ch. 364, § 1.

Art. 5248e. Cities or counties, acting separately or jointly, may acquire lands for use of United States Government; contracts; validation of agreements

Section 1. Any city or county in the State, separately or jointly, is authorized to acquire lands for the use of the United States Government, either by a lease for a term of years or in fee simple title; said lands shall lie within the limits of the county acquiring same, or if acquired by a city, within the limits of the county in which said city is located.

Sec. 2. For the purpose of acquiring leasehold interest or fee simple title to lands for the use of the United States Government, authorized above, the said city or county is authorized to appropriate any available funds and also to issue time warrants in payment thereof; provided, however, that in the event time warrants are proposed to be issued, the provisions of Article 2368-a of the Revised Civil Statutes of the State of Texas shall be followed in the issuance of said time warrants.

Sec. 3. For the purpose of acquiring leasehold or fee simple estate in lands for the use of the United States Government, any city or county may condemn lands for such purpose, and said condemnation may be for any period of years or in fee simple title, and in the acquisition of said interest desired, said city or county may, immediately after filing condemnation suit, as now provided by law, take possession of said lands by depositing with the County Clerk the amount of money estimated by the Commissioners' Court or City Council of the city or county involved, to be the just compensation for the interest in the land taken. Said petition for condemnation shall set forth the amount of said money so found by the Commissioners' Court or City Council, to be just, and such finding shall be made by said body prior to the filing of the petition of condemnation. In the event the Special Commissioners appointed under the condemnation statutes, after a hearing as provided by law, find the just compensation to be greater than the amount fixed by the Commissioners' Court or City Council, then an additional amount shall be deposited with the County Clerk by the taking authority, so as to equal the amount found by the Commissioners. Such records shall be deposited in the General Land Office and become records of that office. Should the Board consider it advisable it may authorize the Commissioner to designate some employee of his office as assistant Secretary-Treasurer, who shall attend to all clerical work of the Board. The presence of two (2) members of the Board shall constitute a quorum for the transaction of any business, and the concurrence of two (2) members shall be necessary for the adoption or rejection of any question upon which they shall be called to pass.

The Commissioner, as Chairman of the Board, may call a meeting thereof at any time the accumulated business for the attention of the Board may warrant. As amended, Acts 1941, 47th Leg., p. 806, ch. 501, § 1.

All applications for licenses shall be made to the Board in writing. The Board shall prepare written questions upon the theory of surveying, practical surveying, theory and use of surveyor's instruments, calculation of areas, closing field notes, the law of land boundaries, the history and functions of the General Land Office, and such other matters pertaining to surveying as the Board may deem important. Upon receipt of a written application for license the Board shall prepare written questions as herein provided and shall forward the same, together with the application, to the County School Superintendent of the county where
the applicant resides, with suitable words on the enclosure indicating
the contents, and the name and address of the applicant. As amended,
Acts 1941, 47th Leg., p. 806, ch. 501, § 1.

Art. 5271. Examination

Upon receipt of the questions by the County School Superintendent
he shall hold the same unopened and shall notify the applicant of the
time and place of the examination. The applicant shall appear at the
time and place set, and the envelope containing the questions shall be
opened in his presence only, and the examination shall be conducted in
the same manner and under the same restrictions as required for teach­

deposit with the County Superintendent the sum of Ten ($10.00) Dollars,
who shall retain Two ($2.00) Dollars of said sum, said Two ($2.00) Dol­

the Board of Examiners of Land Surveyors, together with Eight ($8.00)
Dollars of the Ten ($10.00) Dollars deposited by applicant.

When the questions prepared by the Board and the answers thereto
shall have been returned to the Chairman of the Board as herein pro­
vided, he shall either convene the Board for the purpose of passing upon
such answers and the issuance or refusal of the license, or he may trans­
mitt the questions and answers to the other members of the Board for
their consideration and action, and shall issue a license to the applicant
if he shall have passed a successful examination; provided, however,
such license shall not issue until applicant has taken the oath of office
and filed the bond as hereinafter required. Such questions and answers
shall be deposited in the General Land Office and there safely kept for
at least two years.

If a license be refused an applicant he may take any subsequent ex­

payment of the same fee, provided that such examination shall not be
given before the expiration of at least six months after the preceding

Art. 5272. Seal of licensee

Each licensed state land surveyor shall procure a seal of office.
Around the margin shall be the words "Licensed State Land Surveyor,"
which shall be his official title, and between the points of the star in
said seal shall be the word "Texas." He shall attest with said seal all
his official acts authorized under the provisions of the law. No act,
paper, or map of a licensed state land surveyor shall be filed in the
county records or the General Land Office unless certified to under the
seal of such surveyor. As amended, Acts 1941, 47th Leg., p. 806, ch. 501, §
1.

Art. 5273. License; term of; grounds of revocation; resignation

A license issued to an applicant under these provisions shall be
valid for life unless the licensee resigns as herein provided or the
license is revoked by the Board for any of the following causes: That
the holder has been found by a court of competent jurisdiction guilty of
a felony or adjudged to have committed a theft, or fraud, or to be in­
sane, or shall be found by the Board to be incompetent or to have un­
lawfully given information concerning any undisclosed public land or
to have been directly or indirectly interested in the purchase or in the acquisition of title to any public land or to have been found by the Board guilty of any act or default discreditable to the surveying profession.

A licensed state land surveyor may resign as such surveyor at any time he may so desire by filing his resignation in writing with the Commissioner of the General Land Office. On receipt of such resignation the Commissioner shall cause to be made an entry on his records showing such act on the part of the licensee, and thereupon the duties of such licensee as a licensed state land surveyor shall cease, but such resignation shall not operate to relieve the principal and sureties of said surveyor's official bond of any liability that may have accrued prior to the effectiveness of such resignation. As amended, Acts 1941, 47th Leg., p. 806, ch. 501, § 1.

Art. 5274. Revocation of license

Before any license issued under these provisions shall be revoked, the holder thereof shall have been notified by registered mail notice from the Board addressed to him at his last known address, at least thirty (30) days before the day fixed for the hearing, stating the charges and the time and place for such hearing. The evidence adduced on such hearing shall be reduced to writing. If the Board finds the charges sustained by the evidence, the license of such surveyor shall be revoked. The surveyor whose license has been revoked may within sixty (60) days from the date the charges are sustained by the Board, appeal from such revocation to the District Court of Travis County. Such case may be carried to the appellate courts, as in other cases, by either the Board or such surveyor. Upon such appeal the court shall admit in evidence the written record of the Board together with such other evidence as may be offered on either side in accordance with the rules of evidence in such courts. As amended, Acts 1941, 47th Leg., p. 806, ch. 501, § 1.

Art. 5275. Oath and bond

Before a surveyor's license issues, and before one who has successfully passed the examination as provided in this Act shall be authorized to perform the duties of a Licensed State Land Surveyor, he shall take the official oath and shall make a good and sufficient bond in the sum of One Thousand ($1,000.00) Dollars, payable to the Governor, conditioned that he will faithfully, impartially and honestly perform all the duties of a Licensed State Land Surveyor to the best of his skill and ability in all matters wherein he may be employed. No surveyor's license shall be issued hereunder to any person residing outside the State of Texas.

Such bond may be executed by two (2) or more solvent personal sureties, or by some solvent surety company authorized to transact business in this State. Should the bond be signed by personal sureties each shall take and subscribe to an oath that he is worth over and above all debts and exemptions at least double the penalty of the Bond. Such personal bond shall also be approved by the Commissioners' Court of the County where the applicant resides. After the oath and bond have been executed as herein provided they shall be recorded in the office of the County Clerk of the county in which the applicant resides, and after being so recorded shall be filed in the General Land Office, accompanied with One ($1.00) Dollar filing fee, and thereupon a license shall be issued to applicant and he shall be authorized to enter upon the discharge
of the duties of a licensed State land surveyor. If for any reason the
liability on the bond herein provided for shall be terminated, said li-
censee shall not be authorized to perform the duties of a licensed State
land surveyor until a new bond is made as in the first instance. No
surety on such bond, however, shall be relieved of liability thereon with­
out first giving the Governor and the Commissioner of the General Land
Office thirty (30) days notice in writing. The termination of said bond
as herein provided, or the revocation of such surveyor's license, shall
not relieve the sureties thereon from any liability that may have there-
tofore accrued thereon. As amended, Acts 1941, 47th Leg., p. 806, ch.
501, § 1.

Art. 5276. Authority of licensee

Land surveyors licensed under this Act are hereby authorized to
perform the duties that may be performed by the county surveyors, and
shall be subject to the direction of the Commissioner of the General
Land Office in matters of land surveying in such cases as may come
under the supervision of such authorities. The jurisdiction of such li-
censees shall be co-extensive with the limits of the State. They may hold
the office of county surveyor, and if so elected shall qualify as provided
by law for county surveyors, but such election for any particular county
shall not limit the jurisdiction of said surveyor to such county, nor shall
the election of a county surveyor for any particular county prevent any
licensed State land surveyor from performing the duties of a surveyor
in such county. All official field notes made by one licensed under this
law shall be signed by such surveyor, followed by the designation:
"Licensed State Land Surveyor." As amended, Acts 1941, 47th Leg., p.
806, ch. 501, § 1.

Art. 5277. Field notes to be recorded

The field notes and plats of every survey of public land made by
any surveyor licensed under this Act shall be recorded in the county
surveyor's records of the county in which the land may be situated.
The field notes and plats of public land made by any licensed state land
surveyor affecting the lines, boundaries, and areas of such land shall
be forwarded to the General Land Office after the same have been re­
corded under the provisions of this Act. All field notes made by licensed
state land surveyors in any county in this state shall have the same
force and effect and be admissible in evidence the same as field notes
made by a county surveyor. As amended, Acts 1941, 47th Leg., p. 806, ch.
501, § 1.

Art. 5278. Undisclosed land

If a licensed State land surveyor shall discover any undisclosed tract
of public land he shall not make known that fact to anyone except to
such person as may have it enclosed, but he shall forward to the Com­
missioner of the General Land Office a report of the existence of such
tract and the acreage therein, and its probable value. As amended,
Acts 1941, 47th Leg., p. 806, ch. 501, § 1.

Art. 5279. Compensation

A licensed State land surveyor shall receive as compensation for
his services such sums as may be mutually agreed upon between the sur­
voyer and the interested party, including other expenses incident to the
survey, whether the same be a private person, a county, a court or the
State. As amended, Acts 1941, 47th Leg., p. 806, ch. 501, § 1.
Art. 5280. Certified copies; field notes of surveys of public land; access to records; examination fees

This Act shall not be construed as authorizing a licensed State land surveyor to make a certificate of any fact shown by the books, documents, and records of any county surveyor's office, nor certify to the correctness of the copy of any document or record or entry shown by the records of a county surveyor; nor shall this Act be construed as authorizing any licensed State land surveyor to make any entries whatever on the books, records, and documents of a county surveyor's office, except as hereinafter provided. In the absence of a county surveyor or his authorized deputy from his office, a licensed State land surveyor may file field notes for record and record the same and the certificate of recordation shall show the absence of the county surveyor, but the recording fees as now provided by law shall be paid to the county surveyor, if any. In cases where a county has a county surveyor such surveyor alone shall be authorized to issue certificates of fact and certify the correctness of copies; and in cases where a county has no county surveyor the County Clerk being the legal custodian of the surveyor's records, is authorized to make all such certificates and certify such copies as a legally authorized county surveyor may make. The field notes of the surveys of public land made under contract by the public authorities in control of such lands, when approved by the Commissioner of the General Land Office, may be bound in volumes and filed over the certificates of the contracting surveyor in the county surveyor's office and become a record or archive thereof without fee.

Surveyors licensed under the provisions of this Act shall have access to the records of county surveyors, and no examination fees shall be charged in cases where an investigation of the records is being made with a view to making surveys of public lands under the laws regulating the sale or lease of the same or of identifying and establishing the boundaries thereof. All examinations shall be made under such regulations as may be provided by the county surveyor or the Commissioners' Court for the safe-keeping and preservation of the records. Examination fees for other purposes shall not exceed One ($1.00) Dollar an hour, and fees for copies shall not exceed Thirty-five (35¢) Cents for one hundred words. As amended, Acts 1941, 47th Leg., p. 806, ch. 501. § 1.

Art. 5281. Disposition of fees

The sums received by the Board or so much thereof as may be necessary may be used to defray the actual expense incurred by the members of said Board in the execution of this law, and other expense necessary for the proper administration hereof, and the remainder shall be deposited annually in the State Treasury to the credit of the General Revenue Fund. No appropriation shall ever be made to defray the expenses of said Board or to carry into effect the provisions of this law. As amended, Acts 1941, 47th Leg., p. 806, ch. 501, § 1.

Art. 5282. Examinations and licenses

No person shall be authorized to perform the duties of a licensed State land surveyor without first standing and passing the examination herein provided for, and obtaining a license as provided by this Act. As amended, Acts 1941, 47th Leg., p. 806, ch. 501, § 1.
CHAPTER THREE—SURFACE AND TIMBER RIGHTS

2. SALES

Art. 5312. [5409] Application to purchase

One desiring to buy any portion of the surveyed land shall make separate written application to the Commissioner for each tract applied for as a whole, designating the same and stating the price offered, and make affidavit that he desires to purchase the land for himself and that no other person or corporation is interested in the purchase thereof either directly or indirectly, and pay one-fifth of the aggregate price offered for the land, and submit his obligation in a sum equal to the amount of the unpaid purchase price offered for the land, binding the purchaser to pay to the State at the General Land Office at Austin, Texas, on the first day of each November thereafter until the whole purchase price is paid, one-fortieth of the unpaid balance with interest on the unpaid purchase price at the rate of five (5) per cent per annum. Upon receipt and filing of the application, affidavit, obligation and the one-fifth of the price offered, the sale shall be held effective from that date. Art. 5326. 5423 Forfeiture for nonpayment of interest; reinstatement; outstanding grazing leases

If any portion of the interest on any sale should not be paid when due, the land shall be subject to forfeiture by the Commissioner entering on the wrapper containing the papers “Land Forfeited,” or words of similar import, with the date of such action and sign it officially, and thereupon the land and all payments shall be forfeited to the State, and the lands may be offered for sale on a subsequent sale date. In any case where lands may hereafter be forfeited to the State for non-payment of interest, the purchasers, or their vendees, heirs, or legal representatives, may have their claims reinstated on their written request, by paying into the Treasury the full amount of interest due on such claim up to the date of reinstatement, provided that no rights of third persons may have intervened. The right to reinstate shall be limited to the last purchaser from the State or his vendees or their heirs or legal representatives. Such right must be exercised within five (5) years from the date of the forfeiture, and the right to reinstate any claim heretofore forfeited by the Commissioner must be exercised within five (5) years from the effective date of this Act, but not thereafter. In case there is an outstanding valid grazing lease which would prevent reinstatement within the time prescribed by this Act then such claim may be reinstated within sixty (60) days after the expiration of such grazing lease, provided application for reinstatement shall have been filed in the General Land Office within the five-year period above prescribed accompanied with payment of all interest due thereon. In all such cases, the original obligations and penalties shall thereby become as binding as if no forfeiture had ever occurred. If any purchaser shall die, his heirs or legal representatives shall have one year in which to make payment after the first day of November next after such death before the Commissioner shall forfeit the land belonging to such deceased purchaser, and should such forfeiture be made by the Commissioner within said time, upon proper proof
of such death being made such forfeiture shall be set aside. Nothing in this Article shall inhibit the State from instituting such legal proceedings as may be necessary to enforce such forfeiture, or to recover the full amount of the interest and such penalties as may be due the State at the time such forfeiture occurred, or to protect any other right to such land. As amended Acts 1941, 47th Leg., p. 351, ch. 191, § 3.

Approved May 2, 1941.
Effective May 2, 1941.
Section 4 of amendatory Act of 1941 declared an emergency and provided that the Act should take effect from and after its passage.

Sec. 6. The examination fees provided for in Section 3 of this Act shall be deposited with the State Treasurer in a special fund to the credit of the Land Board created in Section 2 hereof. All such moneys so paid into the State Treasury are hereby specifically appropriated to said Land Board for the purpose of defraying the authorized and necessary expenses incident to the enforcement of this Act incurred by said Board in determining the identity of persons entitled to the benefits of this Act. The Comptroller shall, from time to time, upon requisition of the Commissioner of the General Land Office, draw warrants upon the State Treasurer for the amounts specified in such requisition, not exceeding, however, the amount of such fund on deposit at the time of the making of any requisition therefor. Any sum remaining in such fund after all expenses have been paid shall be transferred to the Permanent School Fund. The amount of money accruing to the State of Texas as consideration for the sale of the land as provided for in Section 3 hereof shall be placed to the credit of the Permanent School Fund. As amended Acts 1941, 47th Leg., p. 242, ch. 170, § 1.

Section 1. In each case in which an oil and gas mineral lease has heretofore been granted or may hereafter be granted by the State of Texas on an area covered by the coastal waters of the State or within the Gulf of Mexico and in which the War Department of the United States refuses to grant a permit to the lessee or owner of such lease to drill a well thereon for oil, gas or other minerals (the area included in such lease being within the navigable waters of the United States) and in the event the primary term of such lease should expire during the period of time in which the War Department of the United States may continue to refuse to issue such permit, then and in such event the primary term of such lease is hereby extended for successive periods of one (1) year from and after the end of the original primary term of such lease while and so long as the War Department may continue such refusal to issue to the lessee or to the owner of such lease a permit to drill for oil, gas or other minerals, on the area covered thereby; provided, that in order to make such extensions effectual the lessee or the owner of such lease shall, during each of the annual periods during which the primary term of the lease is so extended, apply to and seek to obtain from the War Department a permit to drill a well for oil, gas or other minerals on the area covered by such lease and be unsuccessful in its attempts to obtain a permit, or, if successful in obtaining a permit, commence operations for drilling a well upon the leased premises within sixty (60) days after obtaining such permit; and provided further that the lessee or the owner of such lease continues to pay the annual renewal rentals at the rate provided for in such lease for the period of time involved in such extensions. Should such lease be so extended and should the War Department at any time while such lease is still in force and effect issue a permit to the lessee or to the owner of such lease to drill a well thereon for oil, gas or other minerals, such lease shall continue in force and effect if the lessee commences drilling operations upon the leased premises within sixty (60) days after obtaining such permit, and so long as the lessee or the owner of such lease shall continue to conduct drilling or mining operations thereon, or if oil, gas or other mineral be discovered thereon by the lessee or the owner of such lease, so long as oil, gas or other mineral is produced from such leased premises. Should the production of oil, gas or other mineral on said leased premises after once secured, cease from any cause, such lease shall not terminate if the lessee or owner of such lease commences additional drilling, reworking or mining operations within thirty (30) days thereafter or if it be within the original primary term of such lease, commences or resumes the payment or tender of rental on or before the rental paying date, if any, next ensuing; but if there be no rental paying date next ensuing, the lease shall in no event terminate prior to the expiration of the primary term.

(e) The creation of unnecessary fire hazards.

(f) Physical waste or loss incident to, or resulting from, so drilling, equipping, or operating well or wells as to reduce or tend to reduce the ultimate recovery of natural gas from any pool.

(g) The escape into the open air, from a well producing both oil and gas, of natural gas in excess of the amount which is necessary in the efficient drilling or operation of the well.

(h) The production of natural gas in excess of transportation or market facilities, or reasonable market demand for the type of gas produced.

(i) The use of natural gas for the manufacture of carbon black without first having extracted the natural gasoline content from such gas, except where it is utilized in a plant producing an average recovery of not less than five (5) pounds of carbon black to each one thousand (1,000) cubic feet of gas it shall not be necessary to first extract the natural gasoline content from such gas.

(j) The use of sweet gas produced from a gas well for the manufacture of carbon black unless it is utilized in a plant producing an average recovery of not less than five (5) pounds of carbon black to each one thousand (1,000) cubic feet and unless such sweet gas is produced from a well located in a common reservoir producing both sweet and sour gas.

(k) Permitting any natural gas produced from a gas well to escape into the air before or after such gas has been processed for its gasoline content.

(l) The production of natural gas from a well producing oil from a stratum other than that in which the oil is found, unless such gas is produced in a separate string of casing from that in which the oil is produced.

(m) The production of more than one hundred thousand (100,000) cubic feet of gas to each barrel of crude petroleum oil unless such gas is put to one or more of the uses authorized for the type of such gas so produced under allocations made by the Commission. As amended Acts 1941, 47th Leg., p. 117, ch. 91, § 1.

Approved and effective April 1, 1941.

Section 5 of amendatory Act of 1941 declared an emergency and provided that the Act should take effect from and after its passage.
Sec. 7. After the expiration of ten (10) days from the time of encountering gas in a gas well, no gas from such well shall be permitted to escape into the air, and all gas produced therefrom shall be utilized for the following purposes:

1. No sweet gas shall be utilized except for:
   a. Light or fuel.
   b. Efficient chemical manufacturing, other than the manufacture of carbon black, provided, however, that sweet gas produced from wells located in a common reservoir producing both sweet and sour gas may be used for the manufacture of carbon black where it is utilized in a plant producing an average recovery of not less than five (5) pounds of carbon black to each one thousand (1,000) cubic feet of gas.
   c. Bona fide introduction of gas into oil, or gas bearing horizon, in order to maintain or increase the rock pressure or otherwise increase the ultimate recovery of oil or gas from such horizon.
   d. The extraction of natural gasoline therefrom when the residue is returned to the horizon from which it is produced.
2. In addition to the purposes for which sweet gas produced from a gas well may be used, sour gas may be used for efficient chemical manufacturing purposes including the manufacture of carbon black provided it is utilized in a plant producing a recovery of not less than one pound of carbon black to each one thousand (1,000) cubic feet of gas, and provided further that the gasoline content is removed and saved from such sour gas before the same is utilized for carbon black.
3. Casinghead gas may be used for any beneficial purpose, which includes the manufacture of natural gasoline.
4. Any producer of either sweet or sour gas or casinghead gas may use the same as gas lift in the bona fide production of oil where such gas is not used in excess of ten thousand (10,000) cubic feet per barrel of oil produced; provided that in order to prevent waste in any case where the facts in such case warrant it, the Commission may permit the use of additional quantities of gas to lift oil, provided all such gas so used in excess of ten thousand (10,000) cubic feet for each barrel of oil shall be processed for natural gasoline and the residue burned for carbon black when same is reproduced. As amended Acts 1941, 47th Leg., p. 117, ch. 91, § 2.

Interstate Compact to Conserve Oil and Gas as extended to Sept. 1, 1943, see article 6008—1 and notes thereto.

Art. 6008—1. Interstate Compact to Conserve Oil and Gas; Extension of Compact

Section 1. The Governor of the State of Texas is hereby authorized and empowered, for and in the name of the State of Texas, to execute an agreement with other States now members of The Interstate Oil Compact Commission, by the terms of which The Interstate Compact to Conserve Oil and Gas, executed in the City of Dallas, Texas, on the 16th day of February, 1935, and now on deposit with the Department of State of the
United States, shall be extended for a period of two (2) years from its expiration date (September 1, 1941), subject to the approval of Congress.

Sec. 2. The Interstate Compact to Conserve Oil and Gas referred to in the above Section and which was ratified, approved, and confirmed by Chapter 81 of the Acts of the Regular Session of the Forty-fourth Legislature of the State of Texas, and which it is hereby proposed to extend by agreement subject to the approval of Congress, reads as follows:

"An interstate compact to conserve oil and gas

"Article I.

"This agreement may become effective within any compacting State at any time as prescribed by that State, and shall become effective within those States ratifying it whenever any three (3) of the States of Texas, Oklahoma, California, Kansas, and New Mexico have ratified and Congress has given its consent. Any oil-producing State may become a party hereto as hereinafter provided.

"Article II.

"The purpose of this Compact is to conserve oil and gas by the prevention of physical waste thereof from any cause.

"Article III.

"Each State bound hereby agrees that within a reasonable time it will enact laws, or if laws have been enacted, then it agrees to continue the same in force, to accomplish within reasonable limits the prevention of:

"(a) The operation of any oil well with an inefficient gas-oil ratio.
"(b) The drowning with water of any stratum capable of producing oil or gas, or both oil and gas in paying quantities.
"(c) The avoidable escape into the open air or the wasteful burning of gas from a natural gas well.
"(d) The creation of unnecessary fire hazards.
"(e) The drilling, equipping, locating, spacing, or operating of a well or wells so as to bring about physical waste of oil or gas or loss in the ultimate recovery thereof.
"(f) The inefficient, excessive, or improper use of the reservoir energy in producing any well.

"The enumeration of the foregoing subjects shall not limit the scope of the authority of any State.

"Article IV.

"Each State bound hereby agrees that it will, within a reasonable time, enact Statutes, or if such Statutes have been enacted then that it will continue the same in force, providing in effect that oil produced in violation of its valid oil and/or gas conservation Statutes or any valid rule, order, or regulation promulgated thereunder, shall be denied access to commerce; and providing for stringent penalties for the waste of either oil or gas.

"Article V.

"It is not the purpose of this Compact to authorize the States joining herein to limit the production of oil or gas for the purpose of establishing or fixing the price thereof, or create or perpetuate monopoly, or to promote regimentation, but is limited to the purpose of conserving oil and gas preventing the avoidable waste thereof within reasonable limitations.
"Each State joining herein shall appoint a representative to a Commission hereby constituted and designated as The Interstate Oil Compact Commission, the duty of which said Commission shall be to make inquiry and ascertain from time to time such methods, practices, circumstances, and conditions as may be disclosed for bringing about conservation and the prevention of physical waste of oil and gas, and at such intervals as said Commission deems beneficial it shall report its findings and recommendations to the several States for adoption or rejection.

"The Commission shall have power to recommend the coordination of the exercise of the police powers of the several States within their several jurisdictions to promote the maximum ultimate recovery from the petroleum reserves of said States, and to recommend measures for the maximum ultimate recovery of oil and gas. Said Commission shall organize and adopt suitable rules and regulations for the conduct of its business.

"No action shall be taken by the Commission, except: (1) by the affirmative votes of the majority of the whole number of the compacting States, represented at any meeting, and (2) by a concurring vote of a majority in interest of the compacting States at said meeting, such interest to be determined as follows: such vote of each State shall be in the decimal proportion fixed by the ratio of its daily average production during the preceding calendar half year to the daily average production of the compacting States during said period.

"Article VII.

"No State by joining herein shall become financially obligated to any other State, nor shall the breach of the terms hereof by any State subject such State to financial responsibility to the other States joining herein.

"Article VIII.

"This Compact shall expire September 1, 1939. But any State joining herein may, upon sixty (60) days notice, withdraw herefrom.

"The representatives of the signatory States have signed this agreement in a single original which shall be deposited in the archives of the Department of State of the United States, and a duly certified copy shall be forwarded to the Governor of each of the signatory States.

"This Compact shall become effective when ratified and approved as provided in Article I. Any oil-producing State may become a party here-to by affixing its signature to a counterpart to be similarly deposited, certified, and ratified.

Sec. 3. The agreement to extend said Interstate Compact to Conserve Oil and Gas, and which the Governor of this State is hereby authorized and empowered to execute for and in the name of the State of Texas shall be in substance as follows:

"It is hereby agreed that the Interstate Compact to Conserve Oil and Gas executed in the City of Dallas, Texas, on the 16th day of February, 1935, and now on deposit with the Department of State of the United States, be and the same is hereby extended for a period of two (2) years from its date of expiration (September 1, 1941), this agreement to become effective when executed by any three (3) of the States of Texas, Oklahoma, California, Kansas, and New Mexico, and consent thereto is given by Congress."

Sec. 4. The Governor of Texas is authorized and empowered for and on behalf of the State of Texas to determine if and when it shall be for the best interest of the State of Texas to withdraw from said Compact upon sixty (60) days notice as provided by the terms of the Compact. Complementary Laws

Art. 6049b. Marginal wells defined; curtailing production

Section 1. The term "marginal well" as used herein means any oil well which is incapable of producing its maximum capacity of oil except by pumping, gas lift, or other means of artificial lift, and which well so equipped is capable, under normal unrestricted operating conditions, of producing such daily quantities of oil as herein set out, as would be damaged, or result in a loss of production ultimately recoverable, or cause the premature abandonment of same, if its maximum daily production were artificially curtailed. The following described wells shall be deemed "marginal wells" in this State:

(a) Any oil well incapable of producing its maximum daily capacity of oil except by pumping, gas lift, or other means of artificial lift, within this State and having a maximum daily capacity for production of ten (10) barrels or less, averaged over the preceding thirty (30) consecutive days, producing from a depth of two thousand (2,000) feet or less.
(b) Any oil well incapable of producing its maximum daily capacity of oil except by pumping, gas lift, or other means of artificial lift, within this State and having a maximum daily capacity for production of twenty (20) barrels or less, averaged over the preceding thirty (30) consecutive days, producing from a horizon deeper than two thousand (2,000) feet and less in depth than four thousand (4,000) feet.

(c) Any oil well incapable of producing its maximum daily capacity of oil except by pumping, gas lift, or other means of artificial lift, within this State and having a maximum daily capacity for production of twenty-five (25) barrels or less, averaged over the preceding thirty (30) consecutive days, producing from a horizon deeper than four thousand (4,000) feet and less in depth than six thousand (6,000) feet.

(d) Any oil well incapable of producing its maximum daily capacity of oil except by pumping, gas lift, or other means of artificial lift, within this State and having a maximum daily capacity for production of thirty (30) barrels or less, averaged over the preceding thirty (30) consecutive days, producing from a horizon deeper than six thousand (6,000) feet and less in depth than eight thousand (8,000) feet.

(e) Any oil well incapable of producing its maximum daily capacity of oil except by pumping, gas lift, or other means of artificial lift, within this State and having a maximum daily capacity for production of thirty-five (35) barrels or less, averaged over the preceding thirty (30) consecutive days, producing from a horizon deeper than eight thousand (8,000) feet.

The words, "gas lift," when used in this Section shall mean gas lift by the use of gas not in solution with oil produced. As amended, Acts 1941, 47th Leg., p. 892, ch. 550, § 1.

Art. 6081g. Cities of 60,000 or more bordering on Gulf of Mexico granted use and occupancy for park purposes of tidelands and waters

Section 1. That any City in this State bordering upon the Gulf of Mexico, which has or hereafter may have a population of sixty thousand (60,000) or more inhabitants as shown by the next preceding Federal Census taken before any action by such City is taken hereunder, shall have, and is hereby granted for park purposes, the right of use and occupancy of the tidelands between the lines of the ordinary high tide and the ordinary low tide of the Gulf of Mexico and the adjacent waters of the Gulf of Mexico, and the bed thereof, for a distance into and over the waters and bed of the Gulf of Mexico, of not over two thousand (2,000) feet from the line of ordinary high tide, between extensions into the Gulf of Mexico of property lines of property above and fronting upon the tidelands owned or acquired by the City for park purposes, or in or to which it has, or may acquire easements, or other rights or privileges authorizing it to use and occupy the same for park purposes, and such City may declare abandoned for use as streets or highways and take, occupy and use for park purposes any lands, or parts thereof theretofore dedicated as public streets or highways which because of submersion by the waters of the Gulf of Mexico or the building of a seawall, breakwater, or other structure, have become unfit for use as streets or highways, if so found and declared by the governing body of the City; provided, however, that nothing in this Act contained shall be deemed as authorizing the taking of any private property or interest therein without compensation as required by the Constitution of the State of Texas.
The right of use and occupancy granted herein is upon the express condition that the State of Texas shall retain all of the oil, gas and other mineral rights in and under any of the land which it owns affected hereby.

The governing body of any such City shall have full rights of management and control of such tidelands, waters and bed of the Gulf of Mexico to the extent above allowed for park purposes including the right and power on the part of such governing body, within its discretion, to acquire, erect, build and construct, repair, enlarge, extend, improve and remodel, furnish and equip and conduct, operate and maintain upon, over and into such tidelands and waters and bed of the Gulf of Mexico, a pier extending from the shore, with structures thereon to provide facilities for recreation, amusement, comfort and assemblies of the public; provided, however, that no City shall maintain and operate more than one such pier and no such pier shall extend into the Gulf of Mexico a distance in excess of two thousand (2,000) feet from the line of ordinary high tide, nor shall any such pier be constructed or maintained in any part of any channel deepened or improved for commercial navigation or between the shore line and any such channel, or in any arm, inlet, bay or body of water other than the main body of the Gulf of Mexico.

Without limiting the authority of the governing body of any City erecting any pier as above authorized to determine the suitability of structures and facilities to be provided thereon for the purposes above authorized, it is here declared and enacted that for such purposes there may be erected, provided, operated and maintained thereon, among other facilities, a room for a theatre, a room for a restaurant, a convention hall, a dance hall, an aquarium, an exhibition hall, a stadium for aquatic sports, spaces and platforms for concessions and amusement devices, a platform from which fishing may be carried on, together with walk-ways, rest room, toilet facilities and resting places and facilities for the comfort of the public; it being here expressly declared that the listing of such facilities as are just above named is not intended to and shall not exclude other facilities and uses reasonably adapted and suitable for park purposes upon, or in connection with any such pier.

**Acquisition of privately owned lands for park purposes in connection with pier**

Sec. 2. Any City of the class defined in the preceding Section, erecting, or to erect any such pier, as is authorized in such Section, shall be, and is hereby empowered to acquire by gift, purchase, or condemnation, such privately owned land and rights in privately owned land within the limits of the City, for use for park purposes in connection with such pier as the governing body of the City may determine to be necessary.

**Bonds and taxes for pier; election**

Sec. 3. That for the purpose of obtaining funds to defray in whole, or in part, the costs of acquiring privately owned lands, if any, to be used in connection with any such pier or structure as is authorized in Section 1 hereof, and the cost of erecting, constructing, furnishing and equipping the same, any City of a class covered by this Act may borrow money and may issue its negotiable bonds and levy and collect annual ad valorem taxes not in excess of any Constitutional limitation sufficient to pay the interest on and provide a sinking fund for such bonds with which to pay them as they mature; provided, however, that the terms and requirements of Chapter 1, Title 22, Revised Civil Statutes of 1925 and Acts amendatory of and supplementary thereto, shall apply to and gov-
ern the issuance of all such bonds; and provided, further, that when any bonds to be issued for a purpose herein authorized have heretofore been duly authorized at an election called and conducted in the manner prescribed and required by the aforesaid Chapter 1, Title 22, Revised Civil Statutes of 1925 and Acts amendatory of and supplementary thereto, the governing body of the City wherein such election has been conducted may issue the bonds authorized at such election without another election thereon. If the governing body of the City so decides, the proceeds of bonds issued under authority of this Section may be used to pay in part the cost of building, erecting, constructing, furnishing and equipping any such structures, or improvements as are authorized by this Act which, together with lands and interest in lands occupied by, or used in connection therewith, and the income therefrom may have been, or are to be mortgaged and encumbered for the purpose of providing funds with which to pay additional costs of acquiring, building, erecting, constructing, furnishing, or equipping the same; or for any one or more of such purposes.

Mortgaging pier, equipment and income

Sec. 4. That any City acquiring, building, erecting, constructing, furnishing, or equipping any such pier, structure, or improvement as is authorized by this Act shall have the power through its governing body to mortgage and encumber such pier, structure or improvement, its furnishings and equipment and its income, together with all lands and interests, easements and other rights in lands acquired or to be acquired and used in connection therewith, including the right of use and occupancy of the tidelands and waters and bed of the Gulf of Mexico herein granted, for the purpose of securing the payment of bonds, notes or warrants which are hereby authorized to be issued by the governing body of the City to provide funds for the payment of all or any part of the costs of acquiring lands and interests in lands to be used in connection therewith, and of building, erecting, constructing, furnishing or equipping such pier, structure, or improvement; and as additional security for such bonds, notes or warrants by the terms of such mortgage may grant to the purchaser under sale or foreclosure thereunder a franchise to operate the properties purchased for a period of not over thirty-five (35) years after the purchase thereof and during such period in the case of any pier or structure erected, wholly or in part, over and into the tidelands and waters and bed of the Gulf of Mexico, such purchaser, his, their, or its heirs, successors or assigns, shall have a like right of use and occupancy of the tidelands and waters and bed of the Gulf of Mexico in connection with such pier or structure for like purposes as are herein granted to the City; and such right of use and occupancy upon the termination of such period, or upon the cessation of the use of the properties for such purposes occurring prior to the termination of such period, shall revert to the City. The power to mortgage and encumber in this Section granted may be exercised as to property acquired, built, erected, constructed, furnished or equipped for the purposes in this Act authorized, whether the entire cost thereof shall be defrayed wholly from the proceeds of notes, bonds, or warrants secured by such mortgage, or encumbrance, or partly from such proceeds and partly with proceeds of bonds or warrants issued under authority of Section 3 and Section 5 hereof, or either of them, or with funds obtained from any other lawful source.

All bonds issued under the authority of this Section shall be made payable to bearer or the order of a named payee and shall be negotiable

instruments and are hereby declared to have all the qualities and incidents of negotiable instruments under the negotiable instruments law of this State, but shall be payable solely from the special fund herein provided and shall be additional and secured by the mortgage and franchise above authorized. Such bonds shall bear such interest not exceeding six per cent (6%) per annum, have such dates and such maturities serially or otherwise not exceeding forty (40) years from their dates, be in such denominations and be payable as to principal and interest at such places which may be at any bank, either within or without the State, in such medium of payment, contain such provisions for redemption prior to maturity and be in such form with interest coupons in such form as the governing body of the City may determine. No such bond or interest coupon bearing the signature or facsimile signature of any official of the City duly authorized to sign the same at the time such signature may be actually affixed thereto, shall be invalid by reason of such official ceasing to hold office prior to the delivery of such bond, or not having held office on the date of such bond.

Interest on such bonds may be made payable in such manner as the governing body of the City may prescribe and any interest coupons may bear facsimile signatures. Such bonds may in the discretion of the governing body of the City be made registerable as to principal and interest, or as to principal only, under such terms as the governing body may prescribe or may be issued not subject to registration.

No obligation issued and secured under authority of this Section shall ever be a debt of the City issuing the same, but shall be solely a charge upon the properties and income thereof encumbered and shall never be reckoned in determining the power of such City to issue any bonds for any purpose authorized by law. Every such obligation shall contain this clause: "The holder hereof shall never have the right to demand payment of this obligation out of any funds raised, or to be raised, by taxation."

The nature of the encumbrance of the properties to secure any such obligations and the control, management and operation of such properties while any such obligation remains unpaid, shall be subject to and be governed by Articles 1113, 1114, 1115, 1116, 1117 and 1118 of Revised Civil Statutes of 1925 in like manner as are parks and systems named in Article 1111 of Revised Civil Statutes of 1925.

The governing body of the City is hereby authorized to provide by ordinance for the issuance of revenue refunding bonds of the City for the purpose of refunding any revenue bonds issued under the provisions of this Section and then outstanding, together with accrued interest thereon. The issuance of such revenue bonds, the maturities and all other details thereof, the rights of the holders thereof and the duties of the City in respect to the same, shall be governed by the provisions of this Act insofar as the same may be applicable.

Additional taxes; limitation on rate

Sec. 5. That in addition to any taxes authorized for the purpose of paying the interest on and principal of any bonds issued under authority of Section 3 hereof, the governing body of any City building or acquiring a pier, structure or improvements with proceeds of bonds or warrants issued under authority of Sections 3 and 4 hereof, either or both, shall have and is hereby given the power to levy and collect annual ad valorem taxes of, and at a rate not to exceed Five (5¢) Cents in any one (1) year on each One Hundred ($100.00) Dollars valuation of taxable property in such City for the purpose of defraying in part the cost of acquiring,

Sec. 6. Whenever a person serving as an active fireman duly enrolled in any regularly active fire department in any city in the State, now within, or that may hereafter come within the provisions of this Act, shall become physically or mentally disabled while in and/or in consequence of the performance of his duty, said Board of Trustees may, upon his request, or without such request if it shall deem proper and for the good of the department, retire such person from active service either upon total or partial disability as the case may warrant and shall order that he be paid from such Fund (a) if for total disability, an amount

ARTICLE 6674q-1. State assumption of county and road district highway bonds

It is expressly recognized and declared that all highways now or heretofore constituting a part of the system of State Highways and that all roads not constituting a part of such system, which have been constructed in whole or in part from the proceeds of bonds, warrants, or other evidence of indebtedness issued by counties of the State of Texas, or by defined road districts of the State of Texas, under the laws authorizing the same, have been and are and will continue to be beneficial to the State of Texas at large, and have contributed to the general welfare, settlement, and development of the entire State, and that, by reason of the foregoing, a heavy and undue burden was placed, and still rests, upon the counties and defined road districts and their inhabitants, and both a legal and moral obligation rests upon the State to compensate and reimburse such counties and defined road districts which, as aforesaid, have performed functions resting upon the State, and have paid expenses which were and are properly State expenses, all for the use and benefit of the State, and to the extent provided herein that the State provide funds for the further construction of roads not designated as a part of the State Highway System.

Having heretofore, by an Act of the Legislature (Chapter 13, Acts of the Third Called Session of the Forty-second Legislature in 1932), taken over, acquired, and purchased the interest and equities of the various counties and defined road districts in and to the highways constituting a part of the system of then designated State Highways, it is further declared to be the policy of the State to take over, acquire, purchase, and retain the interest and equities of the various counties and defined road districts in and to the highways, not previously taken over, acquired, and purchased and constituting on January 2, 1939, a part of the system of designated State Highways, and to acquire and purchase the interest and equities of the various counties and defined road districts in and to the roads not constituting a part of the system of designated State Highways as of January 2, 1939, and under the provisions of this Act to acquire such interest and equities in such roads hereafter to be constructed with money furnished by the State, and to reimburse said counties and districts therefor, and to provide for the acquisition, establishment, construction, extension and development of the system of designated State Highways of Texas, from some source of income other than the revenues derived from ad valorem taxes, it being expressly provided
herein that the State is not assuming, and has not assumed, any obligation for the construction, extension, and development of any of the highways thus acquired and purchased which do not constitute a part of the system of designated State Highways. And it is hereby determined that the further provisions of this Act constitute fair, just, and equitable compensation, repayment, and reimbursement to said counties and defined districts and for their aid and assistance to the State in the construction of State Highways and for the construction of said roads which are ancillary to, but do not constitute a part of said system of State Highways, and fully discharges the legally implied obligations of the State to compensate, repay, and reimburse the agencies of the State for expenses incurred at the instance and solicitation of the State, as well as for expenses incurred for the benefit of the State, and fully discharges the State's legally implied obligation to such counties and defined road districts to provide additional funds for the further construction of roads not designated as a part of the State Highway System. As amended Acts 1941, 47th Leg., 1st C.S., H.B. #6, § 1.

Approved and effective Sept. 19, 1941.

Section 12 of Acts of 1939, 42nd Leg., 3rd C.S. p. 15, ch. 13, added by Acts 1939, 46th Leg., p. 562, § 1 was amended by Acts 1941, 47th Leg., 1st C.S., H.B. #6, § 1, so as to make an appropriation out of the County and Road District Highway Fund, not otherwise appropriated for the fiscal year ending Aug. 31, 1942, for additional employees and expenses.

Section 2 of the amendatory Act of 1941 read as follows: "This Act shall be cumulative of all other valid laws, but in the event of a conflict between any provision of this Act and any other Act, either general or special, the provisions of this Act shall prevail."

Section 3 declared an emergency and provided that the Act should take effect from and after its passage.

By the expression "roads" or "road" as used in this Act, is meant roads, road beds, bridges and culverts.

By the expression "highways," "State Highways" and "State designated Highways" are meant roads which prior to January 2, 1939, had become a part of the system of designated State Highways, including roads still constituting a part of such system on said date and those which theretofore constituted a part of such system, but whose status had been lost through change, relocation or abandonment and including roads concerning which the State Highway Commission had prior to January 2, 1939, indicated its intention to designate, evidencing such intention in the official records or files.

All roads which prior to January 2, 1941, had not become a part of the system of State designated Highways, for convenience in this Act, are called "lateral roads."

The term "Board" as used in this Act, when the contrary is not clearly indicated, shall mean the "Board of County and District Road Indebtedness."

The term "fund" as used in this Act, when the contrary is not clearly indicated, shall mean the "County and Road District Highway Fund."

All further improvement of said State Highway System shall be made under the exclusive and direct control of the State Highway Department and with appropriations made by the Legislature out of the State Highway Fund. Surveys, plans and specifications and estimates for all further construction and improvement of said system shall be made, prepared and paid for by the State Highway Department. No further improvement of said system shall be made with the aid of or with any monies furnished by the counties except the acquisition of right of ways which may be furnished by the counties, their subdivisions or defined road districts. But this shall in nowise affect the carrying out of any binding contracts now existing between the State Highway Department and the Commissioners Court of any county, for such county, or for any defined road district. In the development of the System of State Highways and the maintenance thereof, the State Highway Commission shall from funds available to the State Highway Department, provide:

(a) For the efficient maintenance of all highways comprising the State System.

(b) For the construction, in cooperation with the Federal Government to the extent of Federal Aid to the State, of highways of durable type of the greatest public necessity.

(c) For the construction of highways perfecting and extending a correlated system of State Highways, independently from State Funds. As amended Acts 1941, 47th Leg., 1st C.S., H.B. #6, § 1.

Art. 6674q—5. Appropriations from State Highway Fund

All moneys now or hereafter deposited in the State Treasury to the credit of the “State Highway Fund,” including all Federal Aid money deposited to the credit of said Fund under the term of the Federal Aid Highway Act, shall, be subject to appropriation by the Legislature for the specific purpose of the improvement of said System of State Highways by the State Highway Department. As amended Acts 1941, 47th Leg., 1st C.S., H.B. #6, § 1.

Art. 6674q—6. Allocation of funds from gasoline tax

Each month the Comptroller of Public Accounts, after computing and ascertaining the maximum amount of refunds that may be due by the State on the business of selling gasoline, as provided in Section 17, Chapter 88, General Laws, Acts of the Second Called Session of the Forty-first Legislature, as amended by Chapter 104, General Laws, Acts of the Regular Session of the Forty-second Legislature,¹ shall deduct same from the total occupation or excise tax paid on the business of selling gasoline, as imposed by Section 17, Chapter 98, General Laws, Acts of the Regular Session of the Forty-second Legislature, as amended,² and beginning with said taxes collected on or after October 1, 1932, shall, after deducting the said maximum amount of refunds, allocate and place the remainder of said occupation or excise tax on the business of selling gasoline, in the State Treasury as provided by law, in the proportion as follows: One-fourth of such occupation or excise tax shall go to, and be placed to the credit of the Available Free School Fund; one-fourth of the same shall go to, and be placed to the credit of a fund to be known as the “County and Road District Highway Fund,” subject to the provisions and limitations of Section 3 of this Act;³ the remainder of such occupation or excise tax shall go to, and be placed to the credit of the State Highway Fund, for the construction and maintenance of the public roads
of the State, constituting and comprising the system of State Highways of Texas, as designated by the State Highway Commission of Texas. As amended Acts 1941, 47th Leg., 1st C.S., H.B. #6, § 1.

Art. 6674q—7. Administrative provisions

(a) All bonds, warrants or other evidences of indebtedness heretofore issued by counties or defined road districts of this State, which mature on or after January 1, 1933, in so far as amounts of same were issued for and the proceeds have been actually expended in the construction of roads that constituted and comprised a part of the system of designated State Highways on September 17, 1932, or which subsequent to such date and prior to January 2, 1939, have been designated a part of the System of State Highways or any road that heretofore had constituted a part of said System and which has been or may be changed, relocated or abandoned, whether said indebtedness is now evidenced by the obligation originally issued or by refunding obligations or both, shall be eligible to participate in the distribution of the moneys coming into said County and Road District Highway Fund, subject to the provisions of this Act; provided, that such indebtedness the proceeds of which have been expended in the construction of roads which have been designated as a part of the State Highway System after September 17, 1932, and prior to January 2, 1939, shall participate in said County and Road District Highway Fund as of the date of the designation of said road as a part of the State System; provided further that any participation in said fund by any county or defined road district shall be less the amount of money which it was required to accumulate in the sinking fund under the provisions of the statutes and order of the Commissioners Court authorizing the issue of said eligible obligations, and the tax levy authorized at the time of issuance thereof for the time such obligations have run or may have run regardless of whether the full amount of said funds are, or may be, actually on hand and to the credit of the sinking funds of such county or defined road district. It is provided expressly in this connection that the term "sinking funds" shall include only those funds required under the law for the retirement of principal and interest and shall not include any excess or surplus which may have been accumulated by any county or defined road district above the legal requirements. The amount of such eligible indebtedness shall be determined as hereinafter provided. Provided, further, that no State funds created or provided for by the terms of this Act shall be expended in the payment of any interest maturing on the amount of sinking funds required by the terms of this Act to be accumulated by the county or defined road district at the date of eligibility of its obligations.

In the event that State Highway Commission has, on a date prior to January 2, 1939, recorded a conditional designation and all conditions precedent to the official designation thereof have been met or performed in a manner satisfactory and acceptable to the Highway Commission, and the Highway Commission officially enters of record its acceptance and designation of such road as a part of the State Highway System for maintenance then the provisions of this Act shall apply as if the said roads had been actually designated prior to January 2, 1939.

All bonds, warrants or other legal evidences of indebtedness outstanding as of the date of the designation hereinafter referred to, and issued by a county or defined road district prior to January 2, 1939, in so far
as amounts of same were issued and the proceeds actually expended in the construction of roads that have been officially designated as a part of the State Highway System subsequent to January 2, 1939, shall be eligible to participate in the distribution of the moneys coming into said County and Road District Highway Fund as of the date of designation of said road as a part of the State Highway System. The amount of such bonds, warrants, or other legal evidences of indebtedness outstanding as of the date of designation of such road as a part of the State Highway System, shall be eligible for participation in the same manner as provided for other bonds under this Act.

In addition to and regardless of the other provisions of this Act, all bonds, warrants or other legal evidences of indebtedness voted, or issued without being voted by a county, road district or defined road district prior to January 2, 1939, in so far as amounts of same were or may be issued and the proceeds actually expended in the construction of roads which are now a part of the designated System of State Highways or which have since, or which may hereafter become a part of the designated System of State Highways shall be eligible to participate in the distribution of the moneys coming into said County and Road District Highway Fund the same as provided for other bonds under this Act and as of the date of the designation of said road as a part of the State Highway System; and where such bonds or warrants were voted prior to January 2, 1939, and prior to the designation of the road as a State highway and which have not yet been issued or expended, the county or defined road district may issue such bonds or warrants or other legal evidence of indebtedness and place the proceeds in escrow with the State Highway Commission for the construction of such road under plans, contracts, specifications and supervision of the State Highway Department and when so expended the bonds, warrants, or other evidences of indebtedness shall be eligible to participate in the County and Road District Highway Fund the same as if the bonds had been issued and expended prior to January 2, 1939. Provided, further, that all such bonds or warrants to be hereafter sold pursuant to this paragraph by a county or defined road district which will be eligible for participation in the County and Road District Highway Fund under the provisions of this Section shall be sold subject to the approval of the Board of County and District Road Indebtedness, as to amounts, maturities and interest rates.

(b) The Board of County and District Road Indebtedness, created by Chapter 13, Acts of the Third Called Session of the Forty-second Legislature, consisting of the State Highway Engineer, State Comptroller of Public Accounts, and State Treasurer, is hereby continued and charged with the duties of administering this Act. The State Comptroller of Public Accounts shall be the Secretary of said Board and said Board shall elect its own chairman from its membership. The Board shall adopt its own rules consistent with this Act for the proceedings held hereunder, and shall have authority to call to its assistance in arriving at the amount of bonds, warrants, or other evidences of indebtedness eligible to participate in the County and Road District Highway Fund any official or employee of this State, and shall avail itself of all data and information assembled in the administration of Chapter 13, Acts of the Third Called Session of the Forty-second Legislature, and said Board is hereby authorized to call on any County Judge or any County or State official or employee, and shall have full access to all the records, books, and public documents for the purpose of obtaining any information which it may deem necessary and pertinent to its inquiry in arriving at the amount of bonds, warrants, or other evidences of indebtedness eligible to participate in the County and Road District Highway Fund.
(c) It shall be the duty of the Board of County and District Road Indebtedness, from the data and information furnished by the County Judges of the State, and by the Chairman of the State Highway Commission and by the State Comptroller of Public Accounts, and from such further investigation as said Board may deem necessary to ascertain and determine the amount of indebtedness eligible under the provisions of this Section of this Act to participate in the moneys coming into said County and Road District Highway Fund. Whenever in the case of any particular issue of obligations the proceeds thereof shall have been expended partly on designated State Highways, or highways heretofore constituting designated State Highways, and partly on roads which never have been designated State Highways, said Board shall ascertain and determine the amount of said obligations, the proceeds of which were actually expended on State Highways or on roads heretofore constituting State Highways, and said obligations to said amount and extent shall be eligible for participation in the moneys coming into the County and Road District Highway Fund, and said ascertainment and determination shall be certified to the County Judge by said Board and all of the unmatured outstanding obligations of said issue shall ratably have the benefit of said participation in said moneys. The ascertainment and determination by the Board of County and District Road Indebtedness, after reasonable notice and hearing, of the amount of any county or defined road district obligations eligible under the provisions of this Act to participate in any moneys coming into the County and Road District Highway Fund, or as to the amount of any obligations the proceeds of which were actually expended on State Highways, or on roads heretofore constituting State Highways, shall be final and conclusive and shall not be subject to review in any other tribunal. But said Board of County and District Road Indebtedness shall have the right at any time to correct any errors or mistakes it may have made.

(d) The Board shall make and keep a record of all county and defined road district eligible obligations, issue by issue, and a book shall be prepared and kept in which shall be recorded all eligible issues, maturity dates of principal and interest, rates of interest, and places of payment for each county and each defined road district; each issue and the date pertaining to same shall be listed separately. The Board shall keep a record of all vouchers issued.

(e) The State Treasurer shall keep a separate account for each county and defined road district of any moneys received for the credit of said county or defined road district pursuant to the provisions hereof.

(f) A list shall be compiled by the Board of County and District Road Indebtedness showing the amount ascertained and determined by it to be eligible indebtedness of each county and defined road district, and a copy thereof shall be furnished to each County Judge in this State.

(g) From year to year, and not later than July 15th of each year, said Board shall ascertain and determine the sum necessary to pay the interest, principal, and sinking fund requirements on all eligible obligations for the next succeeding calendar year and shall estimate the sum which shall be applicable to the same, and shall, not later than August 1st of each year, give notice to the County Judge of each county of the estimated amount available for application to said interest, principal, and sinking fund requirements. In the event the amount so estimated to be applied to the payment of eligible obligations for any county or defined road district is sufficient to meet all maturing interest, principal, and sinking fund requirements, the Commissioners Court may dispense with the collection of ad valorem levies for such calendar and/or fiscal year.
for such interest, principal, or sinking fund requirements. In the event the amount of payments so estimated to be applied is not sufficient to meet the maturing interest, principal, and sinking fund requirements, the County Commissioners Court shall collect from taxes on the property in said respective counties and defined road districts, an amount of money equal to the difference between the amount of such requirements and the amount available for application. In this connection it is declared to be the intent of the Legislature that all contractual duties and obligations which may exist between any county and/or defined road district and the owner or holder of the present outstanding indebtedness of any county and/or defined road district, shall not be in any manner disturbed or impaired and shall remain inviolate. Any tax heretofore provided to be levied in support of any present outstanding indebtedness affected by the provisions of this Act shall continue to be assessed, levied, and collected as originally provided; however, the collection of said tax may, by order of the Commissioners Court, be lessened and reduced by the payments made, and to be made, thereon and in behalf of such indebtedness out of the County and Road District Highway Fund, as herein provided, and as succeeding Legislatures shall, by appropriation make provisions therefor. The entire proceeds of all taxes collected on any eligible issue of bonds shall be remitted by the County Treasurer of each county collecting the same, together with a statement of the amount collected, to the State Treasurer and shall be held by the State Treasurer as ex-officio Treasurer of said county or defined road district for the benefit of the county or defined road district remitting the same, and be disbursed to meet the interest, principal, and sinking fund requirements on the eligible obligations of said county or defined road district.

In the event the amount of funds available to be applied to meet the maturing interest, principal, and sinking fund requirements in any calendar or fiscal year is not sufficient to satisfy such requirements, the moneys available in the County and Road District Highway Fund, as estimated and determined by the Board, shall be, for that calendar or fiscal year first applied to the payment and satisfaction of interest maturing on all eligible obligations during the particular calendar and/or fiscal year, and this payment is to be made ratably upon the interest on eligible obligations of the various counties or defined road districts; and if there is more of said moneys available than necessary to pay all of said interest, then such balance over the required interest payment for such year shall be distributed ratably to each issue of eligible obligations on the basis of the principal of eligible obligations and sinking fund requirements thereon maturing each year.

(h) On September 1st of each year after the Board has paid off and discharged all eligible obligations maturing during the preceding fiscal year, together with the interest on such obligations and the sinking fund requirements accruing thereon, out of the County and Road District Highway Fund, any surplus remaining in said fund over and above Three Million Dollars ($3,000,000) shall be set aside and credited by the State Treasurer to the respective funds hereinafter named as follows: One-half of said surplus shall be transferred to the State Highway Fund and one-half shall be credited to an account to be known as the “Lateral Road Account” to be distributed and expended as hereinafter provided.

As soon as practicable after the passage of this Act and before the Lateral Road Account is allocated to the counties, the Board shall determine the amount each county and each defined road district has paid since January 1, 1933, under the provisions of Chapter 13, Acts of the Third Called Session of the Forty-second Legislature, as amended, to-
ward its debt service upon bonds which at the time of payment were eligible to participate in the County and Road District Highway Fund, and shall deduct from the amount paid by such county or defined road district any and all advancements made by the Board to such county or defined road district in adjusting, refunding, or prepaying the eligible obligations of such county or defined road district, and after making such deductions, the Board shall credit the Lateral Road Account of each county or defined road district with the net balance contributed by such county or road district toward the retirement of said eligible obligations and said funds so credited to any county or defined road district may be used or expended by the counties and defined road district for the purposes authorized in this section.

Not later than September 15th of each year the said Board shall ascertain the exact amount of money which has been allocated to the said Lateral Road Account for such fiscal year and which at that time is available. The Board shall allocate to each county its proportionate part of the moneys in said Lateral Road Account, which allocation shall be determined in the following manner:

(1) One-tenth of the money in said Account shall be allocated upon the basis of area, determined by the ratio of the area of the county to the total area of the State.

(2) Two-tenths of the moneys in said Account shall be allocated on the basis of population according to the last preceding Federal Census, determined by the ratio of the population of the county to the total population of the State.

(3) Three-tenths of the moneys in said Account shall be allocated upon the basis of the number of motor vehicles registered during the last preceding registration year, determined by the ratio of the number of such vehicles registered in the county to the total number registered in the State as shown by the official report of the State Highway Department.

(4) Four-tenths of the moneys in said Account shall be allocated to the counties on the basis of lateral road mileage, determined by the ratio of the mileage of the lateral roads in the county to the total mileage of the lateral roads in the State as of January 1, 1939, as shown by the records of the State-Federal Highway Planning Survey and the State Highway Department.

If the records of the Highway Department and the State-Federal Highway Planning Survey are such that, in the opinion of the Highway Commission or of any county, there is a reasonable doubt as to their accuracy, the Highway Commission may authorize an independent survey to be made of that county's lateral road mileage upon its own motion or on the application of said county. The expense of such survey shall be borne by the county.

The moneys allocated to each county from the lateral road account shall be used by said county first for paying the principal, interest, and sinking fund requirements maturing during the fiscal year for which such money was allocated to such county on bonds, warrants, and other legal obligations issued prior to January 2, 1939, the proceeds of which were actually expended in acquiring right of ways for State designated highways, it being the intention of the Legislature to designate and set apart sufficient money to pay off and discharge said outstanding obligations incurred for right of way acquisition. The board shall require from each county a sworn statement of the outstanding right of way indebtedness incurred on State designated highways and in the event a false statement is furnished the board by any county, or where any county fails
or refuses to file a report, then such county shall be denied any benefits under this Section; it being the duty of the board before distributing any funds to any county under this Section where such county submits a report that it has no right of way indebtedness, or where said report is vague or indefinite, to audit and determine the correctness of such report. Funds remaining in the Lateral Road Fund of any county after the payment of said right of way obligations shall be used by the county for paying the maturing principal, interest, and sinking fund requirements, due by the county in that fiscal year on bonds, warrants, or other evidences of indebtedness which were legally issued by such county or road districts prior to January 2, 1939, the proceeds of which were actually expended in the construction or improvement of lateral county roads. Payment to be made ratably upon the principal and interest on the maturing road bond obligations of said county for such fiscal years. Any funds remaining in the Lateral Road Fund of any county after the payment of said principal, interest, and sinking fund requirements due or maturing in that fiscal year on bonds or warrants which were legally issued by such county or road district prior to January 2, 1939, the proceeds of which were actually expended in the construction or improvement of lateral county roads, may be used by the county under direction of the Commissioners Court for any one or all of the following purposes: (a) for the acquisition of right of ways for county lateral roads and for the payment of legal obligations incurred therefor prior to January 2, 1939, (b) for the construction or improvement of county lateral roads, (c) for the purpose of supplementing funds appropriated by the United States Government for Works Progress Administration highway construction, Public Works Administration highway construction, and such other grants of Federal funds as may be made available to the counties of this State for county lateral road construction, and (d) for the purposes of cooperating with the State Highway Department and the Federal Government in the construction of farm-to-market roads. Provided that when such funds are used for the construction or improvement of county lateral roads, such construction or improvement shall be made under the supervision of a competent engineer.

After such allocation has been made to the several counties in the State, the Board shall in writing notify the Chairman of the Commissioners Court of each county of the amount which has been credited to that county. After receiving said notice, the Commissioners Court shall, within sixty (60) days, notify the Board of the manner in which it has exercised its option as to the one or more specified uses of said money permitted under this Act.

Such money shall be applied pro rata to the payment of the debt service requirements of all issues of lateral road indebtedness of the county and all included defined road districts, in the proportion that the debt service requirements of each issue bears to the aggregate debt service requirements of all issues for that year. When any issue of obligations which will receive aid under this section is already listed with the Board of County and District Road Indebtedness, the Board shall credit the amount applicable to said issue to the account of said issue in the State Treasury. As to all other issues of obligations, which will receive aid under this subsection (h), the Commissioners Court of the specific counties affected shall have the right if so desired to utilize the facilities of the State Board of County and District Road Indebtedness in paying the amounts of principal and interest on said issues substantially in the manner that payments are effected as to such eligible obligations.

In the event that the funds so received by the county from the Lateral Road Account are in excess of the amount required to meet the
principal and interest of its maturing road bond obligations for the next fiscal year, the Commissioners Court, in that event, may elect to use such excess money allocated to it from the Lateral Road Account; and in such event, it shall notify, in writing, the said Board of its election to make use of said money. Whereupon, said Board shall remit said balance to be utilized for such purpose, to the County Treasurer of such county, said money to be deposited by the County Treasurer in accordance with the law, and the same shall be utilized by the county, acting through the Commissioners Court, for the construction of lateral roads. Each county may call upon the State Highway Commission to furnish adequate technical and engineering supervision in making surveys, preparing plans, and specifications, preparing project proposals and supervising actual construction; the actual cost of such aid in supervision shall be paid by the county as a charge against its project.

In order that maximum benefits may be obtained in the expenditures of the State fund made available to the counties under this Act for the construction of county lateral roads, and so that the counties may have the benefit of widespread competition among contractors in bidding on such projects, such counties may, in their discretion, authorize the State Highway Commission to receive bids in Austin on all such construction in the same manner as is now provided by law for the award of contracts on State Highways.

When any road which shall have been constructed by any county wholly from the County Lateral Road Account shall be designated by the State Highway Commission as a part of the System of Designated State Highways, the designation of such road by the State Highway Commission shall constitute a full and complete discharge of any and all obligations of the State, moral, legal, or implied, for the payment of such highway.

In the event the Commissioners Court elects to cooperate with the Highway Department in the building of, or in the construction of, farm-to-market roads, it shall by proper resolution entered upon its minutes, authorize the State Treasurer to pay such funds to be so used, over to the State Highway Department for use on certain designated projects. Regardless of how the funds allocated to the counties from the Lateral Road Account are used, the County Judge of each County shall file with the Board on or before October 1st, of each year, a verified report showing the manner in which the said funds have been expended, the nature and location of the roads constructed, and such other information as the Board may from time to time require.

(i) The County Commissioners Court of any county may exercise the authority now conferred by law to issue refunding obligations for the purpose of refunding any eligible debt of the county or of any defined road district; and such refunding obligations, when validly issued, shall be eligible obligations within the meaning of this Act, if said Board of County and District Road Indebtedness shall approve the maturities of said refunding obligations and the rate of interest borne by them. In any instance where in the opinion of said Board, the existing maturities of any issue of eligible obligations or any part thereof are such as to give the county or defined road district which issued them an inequitable or disproportionate participation in the moneys coming into the County and Road District Highway Fund in any particular period, said Board, in its discretion, may require said issue or any part thereof to be refunded into refunding obligations bearing such rate of interest and having such maturities as may be satisfactory to the Board, but in no event at a greater rate of interest than that provided in the original issue.
And if said county or defined road district shall fail or refuse to effectuate such refunding within a reasonable time to be fixed by said Board, said obligations so required to be refunded, and all other obligations of said county or defined road district shall cease to be eligible for participation in said County and Road District Highway Fund until the requirements of said Board with respect to refunding shall be complied with.

The Board of County and District Road Indebtedness is hereby made the refunding agent of each county and as such agent is directed to cooperate with the Commissioners Court of each county in effecting the necessary refunding of each issue of bonds; the Board shall prepare the necessary refunding orders for the Commissioners Court, prepare the proceedings and act in an advisory and supervisory capacity to the end that the expense of refunding any issue of bonds may be reduced to the minimum. Provided that no commission, bonus, or premium shall be paid by any county or defined road district for the refunding of such obligations, and no County Treasurer shall receive any commission for handling of the funds derived from the refunding of such obligations. All actual expense incurred in the refunding of its eligible indebtedness, including cost of proceedings, printing, legal approval and interest adjustment, shall be chargeable against the money theretofore or thereafter collected from ad valorem taxes, or at the option of the Commissioners Court conducting such refunding, may be paid from any other money under its control and available for the purpose, provided no obligations for such expense items shall be incurred or paid without affirmative approval by said Board.

(j) All moneys to be deposited to the credit of the County and Road District Highway Fund, from September 1, 1941, to August 31, 1943, both inclusive, are hereby appropriated to said respective counties and defined road districts and shall be received, held, used and applied by the State Treasurer, as ex officio Treasurer of said respective counties and defined road districts, for the purposes and uses more specifically set forth in this Act, including the payment of principal, interest and sinking fund requirements on all eligible obligations maturing up to and including August 31, 1943. And each year thereafter until all of such eligible obligations are fully paid, all moneys coming into the credit of the County and Road District Highway Fund with the State Treasurer, and all moneys remaining therein from the previous year, shall be received and held by him as ex officio Treasurer of such counties and defined road districts, and shall first be subject to the appropriation for the payment of interest, principal and sinking funds maturing from time to time on said eligible obligations, and then for the other uses specified and permitted in this Act.

In the event any county, road district, or defined road district has since September 1, 1941, made any payment on eligible bonds, warrants, or other evidence of eligible indebtedness as defined under the terms of this Act, then such county, road district, or defined road district shall be reimbursed by the Board of County and District Road Indebtedness in the amount of the payment so made on such eligible obligations.

(k) As payment of principal and/or interest becomes due upon such eligible obligations, the State Controller of Public Accounts shall issue his warrant to the State Treasurer for the payment thereof, and the State Treasurer shall pay the same at his office in Austin, Texas, or by remitting to the bank or trust company or other place of payment designated in the particular obligation. Such warrants or voucher claims shall show on their face that the proceeds of the same are to be applied
by the paying agent to the payment of certain specified obligations or interest therein described, by giving the name of the county or defined road district by which they were issued, numbers, amounts, and dates of maturities of the obligations and interest to be paid with instructions to the State Treasurer, paying agent, bank, or trust company to return to the State Comptroller of Public Accounts such obligations and interest coupons when same are paid, and the State Comptroller of Public Accounts shall, upon receipt of said obligations and coupons, credit same on his records and send them, duly cancelled, to the Commissioners Court of the appropriate county, which shall cause to be duly entered a record of such cancellation. In instances wherein counties or defined road districts therein shall have arranged with the Board to pay principal or interest thereon, of outstanding lateral road indebtedness, the Board, the State Comptroller of Public Accounts, and the State Treasurer shall follow, in so far as practicable, the procedure prescribed in this subsection (k) for the payment of the principal and interest of eligible obligations.

(l) Expenses necessary to be incurred in the determination of the indebtedness of the counties and defined road districts of the State, and in the discharge of the duties required for the payment of such obligations shall be paid from the County and Road District Highway Fund by warrant approved by the Chief Accountant, the State Comptroller of Public Accounts, and one other member of said Board. The compensation of all employees of said Board shall be fixed by the Legislature. All employees of said Board of County and District Road Indebtedness shall be bonded, the amount of such bond being set by the Board.

(m) All of the securities now on hand in which sinking funds collected for the benefit of outstanding eligible issues are invested, and all funds and securities hereafter acquired for the benefit of the entire outstanding balance of all eligible bond issues shall be forwarded within thirty (30) days from the effective date of this Act, and thereafter within thirty (30) days of the acquisition of such fund or securities, to the State Treasurer as ex officio County Treasurer of the various counties and defined road districts. Provided that the cash now on hand in the sinking fund created for the benefit of outstanding eligible obligations may also be remitted as above set forth, at the option of such county or defined road district. Any county, the Commissioners Court of which fails or refuses to comply with the provisions of this Act in all things, including the levy, assessment, and collection of a tax and at a rate sufficient to pay all sums due or to become due, which the State is unable to pay or to provide each year the proportionate amount of sinking fund required to redeem its outstanding bonds at their maturity shall not participate in any of the benefits of this Act so long as such county fails or refuses to comply with the provisions thereof. The Board of County and District Road Indebtedness shall have and possess full authority to invest all such sinking funds, including all future sinking funds acquired in any manner whatsoever, in any eligible obligations of the various political subdivisions of this State, which mature within the current biennium in which such securities are purchased and where there is on hand a sufficient amount of moneys or securities to the credit of any one political subdivision to retire some of its outstanding obligations, whether then due or not, the Board of County and District Road Indebtedness may, if it deems it advisable, purchase and cancel said obligations of such particular political subdivision, irrespective of maturity dates. Provided further, that any county which has selected a depository according to law and in which county such depository has qualified by giving surety bonds or by the deposit of adequate securities of the kind provided by law, which in the opinion of the Board of County and District Road In-
debtedness is ample to cover the county deposits, and which county has not defaulted in the payment of any installment of principal and/or interest on any county bonds for a period of five (5) years next preceding the date of the filing of its application for exemption, and in which county all sinking funds of all bond issues are in excess of the standard required by law and which county has levied for the current tax year adequate rates in support of outstanding bond issues and warrants as required by the Constitution and Statutes of said State, shall be exempt from the provisions of this Subsection (m) of this Act, and which exemption shall be obtained by such county in the manner and under conditions prescribed by the said Board of County and District Road Indebtedness. Said Board shall have the right to inspect the records of such county at any subsequent date to ascertain whether or not the facts warrant the continuation of the exemption. If at any time, in the opinion of the Board, counties that have been granted exemption under the provisions of this Act shall cease to comply with all the conditions under which the exemption has been granted, the Board shall notify the county to return all securities in which the sinking funds of eligible road bond issues are invested and the residue in said sinking funds, and to begin immediately forwarding taxes levied and collected for the payment of interest and principal on all eligible road bond issues. Said counties whose exemption has been cancelled by said Board shall be given a period of thirty (30) days in which to comply with the demands of the Board. Provided further, that such county so exempt shall furnish the Board an annual statement of the condition of the sinking funds of the several eligible road bond issues, together with a financial statement of the county depository. The Board shall have the right to withhold the payment of any maturity on any eligible road bond indebtedness where such county has failed or refused to comply with all the provisions of this Act.

(n) The Board shall keep adequate minutes of its proceedings and semiannually, within thirty (30) days after February 28th and August 31st, of each year, shall make itemized reports to each county with respect to the receipt, disbursement, and investment of the funds credited to such county. The Commissioners Court of any county, and/or its accredited representatives shall have the right to inspect the records of said Board and of the State Treasurer, at any reasonable time for the purpose of making any investigation or audit of the accounts affecting its county.

(o) The Board shall, within ninety (90) days after the close of each fiscal year, make a complete accounting for the preceding year to the Governor of this State, showing in such report its act, investments, changes in investments and sinking fund status of each county and each defined road district, and shall file copies of such report with the President of the Senate and with the Speaker of the House of Representatives.

(p) In the event this Act is repealed, or shall be or become inoperative as to any county or defined road district, then it shall be the duty of the Board to ascertain immediately the amount of moneys and securities remaining on hand with it or with the State Treasurer belonging to the several counties or defined road districts affected, and forthwith to return the same to the County Treasurer of the county entitled thereto, accompanied by an itemized statement of the account of the county or defined road district.

(q) All funds on hand belonging to, and hereafter credited to, the several counties and defined road districts of the State, shall be considered State funds, and as such shall be deposited at intervals in the depositories provided for by the State laws, and all interest earned on such
funds and on the securities in which the sinking funds are invested shall belong to said counties or defined road districts, and shall be credited to them by the State Treasurer as earned and collected.

(r) Upon notice from the Board of the amount that such county or defined road district shall be required to pay toward any installment of interest, or maturing principal, the County Treasurer of such county shall, not later than twenty (20) days prior to the maturity date of such interest, principal, or sinking fund requirements, forward to the State Treasurer the amount fixed by the Board as being necessary to supplement the amounts previously placed to the credit of any such county or defined road district by said Board under the provisions of this Act. As amended Acts 1941, 47th Leg., 1st C.S., H.B. #6, § 1.

Art. 6674q—8. Restrictions as to extending State credit

No provision of this Act shall be construed to authorize the giving or lending of the credit of the State to any county or district or to pledge the credit of the State in any manner whatever for the payment of any of the outstanding road indebtedness herein referred to of the counties or districts of the State. It is hereby declared that all eligible indebtedness, as herein defined, shall remain indebtedness of the respective counties or defined road districts which issued it, and said counties or defined road districts shall remain liable on said indebtedness according to its terms and tenor; and it is not the purpose or intention of this Act, or any part hereof, to obligate the State of Texas, directly or indirectly or contingently, for the payment of any such obligations or that the State of Texas should assume the payment of said obligations, and this Act is not to be construed as obligating the State of Texas to the holders, of any of said obligations to make any payment of the same, or any part thereof, nor shall such holders have any rights to enforce the appropriation of any of the moneys hereinabove provided for, nor shall any provision hereof constitute a contract on the part of the State to make money available to any county for the construction of additional lateral roads. The provisions hereof are intended solely to compensate, repay, and reimburse said counties and districts for the aid and assistance they have given to the State in furnishing, advancing and contributing money for building and constructing State Highways. As amended Acts 1941, 47th Leg., 1st C.S., H.B. #6, § 1.

Art. 6674q—8a. Bonds of navigation districts; preference over other bonds by Board of County and Road District Bond Indebtedness unauthorized

All bonds heretofore issued by navigation districts of this State, which mature on or after January 1, 1933, and in so far as amounts of same were issued for and the proceeds thereof actually expended in the construction of bridges across any stream or streams or any other waterways upon any highway that constituted and comprised a part of the system of designated State Highways on September 17, 1932, shall hereafter be included within and eligible under the provisions of Chapter 13 of the Acts of the Forty-second Legislature of Texas, passed at its Third Called Session, as amended by the Acts of the Forty-third Legislature of Texas, Regular Session,¹ to the extent that the proceeds of the sale of said bonds shall have been actually expended in the construction of such bridges and in such cases the outstanding bonds of said navigation districts in an amount equal to the amount so expended by such navigation districts shall be redeemed under the same conditions as are provided by said
Chapter 13, Acts of the Forty-second Legislature of Texas, Third Called Session, as amended by the Acts of the Forty-third Legislature of Texas, Regular Session,\(^1\) for the redemption of County and Road District Bonds.

It is expressly provided that the Board of County and District Road Indebtedness shall not be authorized to give the bonds herein referred to preference over other similar bonds eligible under said Bond Act; and it is further expressly provided that said Board in determining the amount of bonds eligible for assumption shall take into consideration the amount of the bond money expended for the construction of said bridge and the balance due on said amount of bonds used in the construction of said bridge at the effective date of this Act; and in no event shall said Board be authorized to assume in excess of the balance due on the bonds for the said bridge construction at the effective date of this Act. As amended Acts 1941, 47th Leg., 1st C.S., H.B. #6, § 1.

\(^1\) Article 6674q—1 et seq.

Art. 6674q—8c. Lateral Road Account; punishment for unauthorized use

It shall be unlawful for any County Judge or any County Commissioner, while acting in his official capacity or otherwise, to use any money out of the Lateral Road Account for any purpose except the purposes enumerated in this Act. If any County Judge or any County Commissioner shall knowingly expend or use, or vote for the use or agree to expend or use any sum of money accruing to any county in this State from the Lateral Road Account, for any purpose not authorized by this Act or shall knowingly make any false statement concerning the expenditure of any such money, he shall be deemed guilty of a felony and upon conviction shall be punished by confinement in the State Penitentiary for not less than two (2) years nor more than five (5) years. As amended Acts 1941, 47th Leg., 1st C.S., H.B. #6, § 1.

Art. 6674q—9. Legislative policy; State title to roads

If succeeding Legislatures shall continue to carry out the policy herein defined by authorizing a similar appropriation of funds from time to time, (a) then whenever the eligible obligation shall have been fully paid as herein provided, as to or for any county or defined road district according to the provisions of this Act, then and in that event, the title and possession of all roads, roadbeds, bridges, and culverts, in such county or defined road district which are included in the system of designated State Highways, shall automatically vest in fee simple in the State of Texas, in the event of any subsequent physical change therein, such title and possession shall extend to any such change so made; and (b) whenever the interest and principal necessary to retire the outstanding indebtedness owed for lateral roads shall have been fully paid as herein provided, as to, or for any county or defined road district according to the provisions of this Act, then and in that event, the title of all roads, roadbeds, bridges and culverts, in such county or defined road district pertaining to the lateral roads, constructed with the proceeds of such indebtedness, shall automatically vest in the State of Texas, but the possession thereof shall remain in such county or defined road district, and in the event of any subsequent physical change therein, such title and possession shall extend to any such change so made; provided that when the right of way, or any part thereof, pertaining either to a State Highway or a lateral road, has been abandoned because of the abandonment of such road for all public purposes, and such right of way, or any part thereof, was donated by the owner of the land for right of way purposes,
then and in that event the title to the said right of way shall vest in said owner, his heirs or assigns; provided, however, that nothing in this Act shall prevent the State Highway Commission from changing or abandoning any State Highway, and if the Commission shall change or abandon any State Highway in any county, the Commissioners Court of such county shall have the right to assume jurisdiction over such portion of such highway so abandoned by the State Highway Commission. Likewise, the title to additional lateral roads when constructed shall vest in the State of Texas. Provided, however, that this Act neither imposes the obligation on, nor confers the right in the State of Texas, to maintain and lay out any roads except those constituting a part of the designated State Highway System as hereinabove in this Act defined. The obligation to maintain or lay out all other roads, including lateral roads and additional lateral roads as defined in this Act, shall remain undisturbed in the several Commissioners' Courts as agents of the State. As amended Acts 1941, 47th Leg., 1st C.S., H.B. #6, § 1.

Art. 6674q—10. Partial invalidity

If any section, subsection, paragraph, sentence, clause, or provision of this Act shall, for any reason, be held invalid, such invalidity shall not affect any other portion of this Act or the application of such section, subsection, paragraph, sentence, clause, or provision to any other person or situation, but this Act shall be construed and enforced as if such invalid provisions had not been contained therein. As amended Acts 1941, 47th Leg., 1st C.S., H.B. #6, § 1.

Owners of farm tractors, farm trailers, farm semi-trailers, and implements of husbandry, operated or moved temporarily upon the highways shall not be required to register such farm tractors, farm trailers, farm semi-trailers, or implements of husbandry; provided, however, that such farm trailers and farm semi-trailers are operated in conformity with all provisions of the law save and except the requirements as to registration and license; and providing further, that the exemptions in this section shall not apply to any farm trailer or farm semi-trailer when the gross weight exceeds four thousand (4,000) pounds; provided, that no farm trailer or farm semi-trailer with metal tires shall be permitted to operate at a speed in excess of fifteen (15) miles per hour; and further provided, that the exemptions in this section shall not apply to any farm trailer or farm semi-trailer with steel tires of a width less than three (3) inches operating in excess of fifteen (15) miles per hour; and providing further, that the exemption in this section shall not apply to any farm trailer or farm semi-trailer when the same is used for hire; provided, however, it shall be unlawful to operate any trailer or semi-trailer at night without a rear red light or red reflectors. It is provided further that the provisions of this section shall not extend beyond the end of the 1941 registration year."

It shall include a test of the applicant’s vision, his ability to understand highway signs in the English language regulating, warning, and directing traffic, his knowledge of the traffic laws of this State, and shall include an actual demonstration of ability to exercise ordinary and reasonable control in the operation of a motor vehicle and such further physical and mental examination as the Department finds necessary to determine the applicant’s fitness to operate a motor vehicle safely upon the highways, and provided further that the Director shall have the authority to cause to be re-examined licensee in any case which in his judgment the licensee is incapable of operating a motor vehicle, said examination shall be held in the county of the licensee’s residence unless otherwise agreed to by both parties to be held elsewhere.

(b) The Department may either issue a special restricted license or may set forth such restrictions upon the usual license form.

(c) The Department may, upon receiving satisfactory evidence of any violation of the restrictions of such license, suspend or revoke the same, but the licensee shall be entitled to a hearing as upon a suspension or revocation under this Act.

Such court may administer oaths and may issue subpoenas for the attendance of witnesses and the production of relative books and papers. It shall be the duty of the court to set the matter for hearing upon ten (10) days written notice to the Department. Upon such hearing, in the event of an affirmative finding by the court, the officer who resides at such hearing shall report the same to the Department which shall have authority to suspend said license for a period not greater than one (1) year, provided, however, that in the event of such affirmative finding the licensee may appeal to the county court of the county wherein the hearing was held, said appeal to be tried de novo. Notice by registered mail to address shown on the license of licensee shall constitute service for the purpose of this Section.
(b) The authority to suspend the license of any operator, commercial operator, or chauffeur as authorized in this Section is granted the De-

Sec. 23. **Period of suspension.**
The Department shall not suspend a license for a period of more than one (1) year.

   (b) Every court having jurisdiction over offenses committed under this Act, or any other Acts of this State regulating the operation of motor vehicles on highways, shall forward to the Department a record of the conviction of any person in said court for a violation of any said laws, and may recommend the suspension of the operator's, commercial operator's, or chauffeur's license of the person so convicted, as provided in Section 22 of this Act.

*Tex.St.Supp.* '42–32
(c) For the purpose of this Act, the term "conviction" shall mean a final conviction. Also, for the purpose of this Act, a forfeiture of bail or collateral deposited to secure a defendant's appearance in court, which forfeiture has not been vacated, shall be equivalent to a conviction.

Provided, however, that in case of conviction for any of the offenses enumerated in paragraph (a) of Section 24 of this Act, and the sentence of the court having been suspended as provided in the Statutes, such suspended sentence shall not mitigate against the suspension of the operator's, commercial operator's, or chauffeur's license of the person convicted.

Sec. 26. Surrender and return of license.
The Department, upon suspending or revoking a license, shall require that such license shall be surrendered to and be retained by the Department except that at the end of the period of suspension of such license, the license so surrendered shall be returned to the licensee.

Sec. 28. Suspending resident's license upon conviction in another State.
The Department is authorized to suspend or revoke the license of any resident of this State upon receiving notice of the conviction of such person in another State of an offense therein which, if committed in this State, would be grounds for suspension or revocation of the license of an operator, commercial operator, or chauffeur.

Sec. 29. Suspending privileges of nonresidents and reporting convictions.
(a) The privilege of driving a motor vehicle on the highways of this State given to a nonresident hereunder shall be subject to suspension or revocation by the Department in like manner and for like cause as an operator's, commercial operator's, or chauffeur's license issued hereunder may be suspended or revoked.

(b) The Department is further authorized, upon receiving a record of the conviction in this State of a nonresident driver of a motor vehicle of any offense under the motor vehicle laws of this State, to forward a certified copy of such record to the motor vehicle administrator in the State wherein the person so convicted is a resident.

Sec. 30. Cancellation of license because of mental incompetence.
It shall be unlawful for any person to act as an operator, commercial operator, or chauffeur who is an habitual drunkard or is addicted to the use of narcotic drugs, or who is an epileptic, or who has been adjudged insane or an idiot, imbecile, or feeble-minded, and who has not been restored to competency by judicial decree or released from a hospital for the insane or feeble-minded upon a certificate of the superintendent that such person is competent, and any finding by any court of competent jurisdiction that any person holding an operator's license, commercial operator's license, or chauffeur's license who is either insane, feeble-minded, an habitual drunkard, an epileptic, an imbecile, an idiot, or addicted
to the use of narcotics, shall carry with it a revocation of such operator's, commercial operator's, or chauffeur's license, and it shall be the duty of the clerk of any court in which such findings are made, to certify same to the Department within ten (10) days.

Sec. 31. Right of appeal to courts.

Any person denied a license or whose license has been cancelled or revoked by the Department except where such cancellation or revocation is automatic under the provisions of this Act shall have the right to file a petition within thirty (30) days thereafter for a hearing in the matter in the County Court at Law in the county wherein such person shall reside, or if there be no County Court at Law therein, then in the county court of said county, and such court is hereby vested with jurisdiction, and it shall be its duty to set the matter for hearing upon ten (10) days written notice to the Department, and thereupon to take testimony and examine into the facts of the case, and to determine whether the petitioner is entitled to a license or is subject to suspension, cancellation or revocation of license under the provisions of this Act.

Provided the trial on appeal as herein provided for shall be a trial de novo and the licensee shall have the right of trial by jury and his license shall not be suspended pending the appeal.

Provided further in cases herein provided for suspension of license, the filing of the petition of appeal shall abate said suspension until the trial herein provided for shall have been consummated and final judgment thereon is had.

Sec. 32. Violation of license provision.

It shall be unlawful for any person to commit any of the following acts:

1. To display or cause or permit to be displayed or to have in possession any operator's, commercial operator's, or chauffeur's license knowing the same to be fictitious or to have been cancelled, revoked, suspended, or altered;

CHAPTER FIVE—BRIDGES AND FERRIES

1. BRIDGES

Art. 6795b. Causeways, bridges, and tunnels authorized in Gulf Coast counties of 50,000 or more [New].

1. BRIDGES

Art. 6795b. Causeways, bridges, and tunnels authorized in Gulf Coast counties of 50,000 or more

Section 1. That any county in the State of Texas which borders on the Gulf of Mexico and which has a population of fifty thousand (50,000) or more, according to the last Federal Census, preceding the authorization of bonds hereunder, acting through its Commissioners Court, is hereby authorized and empowered to construct, acquire, improve, operate, and maintain a causeway, bridge, tunnel, or any combination of such facilities, including all necessary approaches, fixtures, accessories, and equipment (all of which are hereinafter referred to as "the project") from one point in said county to another, in, over, through, or under the waters of the Gulf of Mexico or any bay or inlet opening thereinto, and to issue its revenue bonds payable solely from the revenues to be derived from the operation thereof, to pay the cost of such construction, acquisition, or improvement. The cost of the project shall be considered to include the cost of construction, the cost of all property, real, personal, and mixed, and all appurtenances, easements, contracts, franchises, pavements, and properties of every nature, used or useful in connection with the construction, acquisition, improvement, operation, and maintenance of the project, shall include the payment of the cost of condemning any such property, including both the payment of the award and the payment of the court costs and attorneys fees, shall include the payment of all legal, fiscal, and engineering expenses incurred in connection with the acquisition and construction of the project and the making of preliminary surveys and investigations and the authorization and issuance of the revenue bonds, and shall include the payment of interest on the bonds prior to and during the period occupied by the construction of the project and for one year thereafter. If the Commissioners Court shall consider it desirable to acquire, through purchase or lease, existing ferry properties for the purpose of operating such properties during the period of construction, over the route to be traversed by the project, such properties may be so acquired and the cost thereof paid from the proceeds of the bonds. Any preliminary expenses paid by the county from its general funds shall be repaid to such funds from the proceeds of the bonds when available, and all engineering and fiscal contracts and agreements for such projects heretofore entered into are hereby validated and confirmed; provided, however, that nothing in this Act shall authorize the construction of a bridge over and across any ship channel or waterway leading to any port.
Bonds; charge only on revenues of project; approval and registration

Sec. 2. That no bonds authorized hereunder shall ever be a debt of the county issuing them, but shall be solely a charge upon the revenues of the project and shall never be reckoned in determining the power of the county to issue any bonds for any purpose authorized by law. Each such bond shall contain this clause: "The holder hereof shall never have the right to demand payment of this obligation out of any funds raised or to be raised by taxation." Bonds issued hereunder may be presented to the Attorney General for his approval in the same manner and with like effect as is provided for the approval of tax bonds issued by counties. In such case the bonds shall be registered by the State Comptroller as in the case of other county bonds.

Acceptance of Federal aid; contracts; acquisition of property

Sec. 3. That any county proceeding hereunder may accept any loan, gift, or grant from the United States of America or the State of Texas, or any agency or instrumentality thereof, and may enter into any agreement or agreements not prohibited by the constitution which may be necessary to obtain such loan, grant, or gift. Construction contracts may be awarded with or without advertised notice for bids in such manner as may be deemed advisable by the Commissioners Court. Such county may enter on any lands, waters, and premises for the purpose of making surveys, soundings, and examinations, and if considered advisable may exercise the right of eminent domain and may institute condemnation proceedings under the provisions of any pertinent general law of Texas for the purpose of acquiring any property to be used or useful in connection with the project. The county shall be under no obligation to accept and pay for any property condemned and shall in no event pay for same except from the proceeds derived from the sale of the revenue bonds, and in any condemnation suit the Court having jurisdiction may make such orders as may be just to the county and to the owners of the property to be condemned. Upon the institution of any such condemnation proceedings and upon tender of a bond or other security in sufficient sum to secure the owner or owners for damages and upon approval of such bond or other security by the Court, the county shall have the right to immediate possession of the property which is the subject matter of the condemnation proceedings and may enter thereon. The State of Texas hereby expressly grants to any such county full easements and rights of way through, across, under, and over any lands or property owned by the State which may be necessary or convenient to the construction, acquisition or efficient operation of the project.

Bonds; tolls; trust Indenture

Sec. 4. That bonds issued hereunder may be authorized by resolution at one time or from time to time. Such bonds shall be payable solely from the revenues to be derived from the operation of the project and it shall be the mandatory duty of the county to impose such tolls and charges for use of the project as will be fully sufficient to operate and maintain the project, pay principal of and interest on the bonds when due and establish such reserve therefor as may be provided, and establish an adequate fund for depreciation and replacement. The Commissioners Court shall have full discretion in fixing the details of the bonds and in determining the manner of sale thereof, provided that the bonds shall not run more than forty (40) years from their date, and that the interest rate and sale price shall be such that the interest cost of the bonds shall not exceed six (6) per cent per annum, computed on average maturities
according to standard tables of bond values. The bonds may be made
redeemable prior to maturity in such manner and at such prices as may
determine by the Commissioners Court prior to the issuance of the
bonds. All bonds issued hereunder shall and are hereby declared to
have all of the qualifications and incidents of negotiable instruments
under the Negotiable Instruments Law of Texas. Provision may be made
for registration of such bonds as to principal or interest or both. The
proceeds of the bonds shall be used solely to pay the cost of the project as
above defined, and shall be disbursed under such restrictions as may be
provided in the bond resolution or trust indenture hereinafter mentioned,
and there shall be and is hereby created and granted a lien upon such
moneys until so applied in favor of the holders of the bonds or any trust-
ee provided in respect of such bonds. Unless otherwise provided in
such resolution or indenture, if the proceeds of the bonds prove insufficient
to pay the cost of the project, additional bonds may be issued to the
amount of the deficit and shall be deemed to be of the same issue and
entitled to payment from the same fund without preference or priority
of the bonds first issued. Any surplus remaining from bond proceeds
after the cost of the project has been paid in full shall be used in paying
interest on and retiring bonds. Prior to the issuance of definitive bonds,
temporary or interim bonds, with or without coupons, exchangeable for
definitive bonds may be issued. Such bonds may be authorized and issued
without any proceedings or the happening of any conditions or things
or the publication of any proceedings or notices other than those specifi-
cally specified and required by this Act, and may be authorized and issued
without regard to the requirements, restrictions, or procedural provisions
contained in any other law. The resolution authorizing the bonds may
provide that such bonds shall contain a recital that they are issued pursu-
ant to this Act and such recital shall be conclusive evidence of their
validity and the regularity of their issuance.

If so provided by the Commissioners Court, the bonds may be secured
by a trust indenture by and between the county and a corporate trustee,
which may be any trust company or bank having the powers of a trust
company within or outside of the State of Texas. Such trust indenture
may pledge or assign tolls and revenues but shall not convey or mortgage
the project itself or any part thereof. Either the resolution providing
for the issuance of the bonds or such trust indenture may contain such
provisions for protecting and enforcing the rights and remedies of the
bondholders as may be reasonable and proper and not in violation of
law, including covenants setting forth the duties of the county in rela-
tion to the acquisition of properties and the construction, maintenance,
operation, repair, and insurance of the project, and the custody, safeguard-
ing, and application of all moneys. It shall be lawful for any bank or
trust company in this State to act as depository of the proceeds of the
bonds or revenues derived from the operation of the project and to fur-
nish such indemnity bonds or to pledge such securities as may be re-
quired by the county. Such bond resolution or indenture may set forth
the rights and remedies of the bondholders and of the trustee and may
restrict the individual rights of action of the bondholders. In addition
to the foregoing, such bond resolution or trust indenture may contain
such other provisions as the Commissioners Court may deem reasonable
and proper for the security of the bondholders including, but without
limitation, covenants prescribing all happenings or occurrences which
constitute events of default and the terms and conditions upon which any
or all of the bonds shall become or may be declared to be due before ma-
tit. 116, art. 6795b  revised civil statutes  508

turity and as to the rights, liabilities, powers, and duties arising upon
the breach by the county of any of its duties or obligations.

Rights of bondholders or trustee for bondholders; receiver

Sec. 5. That any holder or holders of bonds issued hereunder, includ­ing a trustee or trustees for such holders, shall have the right in
addition to all other rights by mandamus or other proceeding in any
court of competent jurisdiction to enforce his or their rights against
the county and its employees and against any board which may be creat­
ed to operate the project and against the agents and employees thereof,
including, but not limited to, the right to require the county and such
board to impose and collect sufficient tolls and charges to carry out the
agreements contained in the bond resolution or trust indenture and to
perform all agreements and covenants therein contained and duties aris­
ing therefrom, and to apply for and obtain the appointment of a receiver
for the project. If such receiver be appointed, he may enter and take
possession of the project and maintain the project and collect and receive
all revenues and tolls arising therefrom in the same manner as the county
itself might do and shall dispose of such moneys and apply same in ac­
cordance with the obligations of the county under the bond resolution or
trust indenture and as the Court may direct.

Board of trustees to manage project

Sec. 6. That the management and control of the project during such
time as any of the bonds remain outstanding may be by the terms of the
bond resolution or trust indenture be placed in the hands of a Board of
Trustees to be named therein, consisting of not more than five (5) mem­
ers, to be appointed in such manner and to have such powers and duties
as may be therein provided.

Bonds free from taxation

Sec. 7. That the accomplishment of the purposes stated in this Act
being for the benefit of the people of this State and for the improvement
of their commerce and property, the county in carrying out the purposes
of this Act will be performing an essential governmental function and
shall not be required to pay any tax or assessment on the project or any
part thereof, and the bonds issued hereunder and their transfer and the
income therefrom, including any profits made on the sale thereof, shall
at all times be free from taxation within this State.

Powers of counties and of State Highway Commission

Sec. 8. That the powers herein granted may be carried out by such
counties and the projects may be acquired and operated and tolls and
charges fixed and maintained without the consent, approval, supervision,
or regulation of any commission, department, bureau, agency, or officer
of the State of Texas, provided however, that nothing in this Section
shall be construed to prevent the State Highway Commission from operat­
ing and maintaining the project or contributing to the cost of such main­
tenance under such provisions not inconsistent with the rights of bond­
holders as may be agreed to by the county. The State Highway Commis­
sion shall have authority without further legislative enactment to make
such provision for and contributions toward maintenance of the project
as it may see fit, and to lease the project under such terms not inconsistent
with the provisions of the bond resolution or trust indenture as may be
agreed upon with the county, and to declare the project or any part
thereof to be a part of the State Highway System and to operate the
project or such part thereof as a part of the State Highway System, pro­
vided, however, that such declaration may be made and such operation
undertaken only to the extent that property and contract rights in the project and in the bonds are not unfavorably affected thereby. When all of the bonds and interest thereon shall have been paid, or a sufficient amount for the payment of all bonds and the interest thereon to maturity shall have been set aside in a trust fund for the benefit of the bondholders and shall continue to be held for that purpose, the project shall become a part of the State Highway System and shall be maintained by the State Highway Commission, free of tolls.

Refunding bonds

Sec. 9. That subject to any restrictions which may appear in the aforesaid trust indenture or bond resolution, the Commissioners Court may by resolution provide for the issuance of bonds for the purpose of refunding any bonds issued under this Act and at the time outstanding. The issuance of such refunding bonds, the maturities and other terms thereof, the rights of the holders thereof, and the duties of the county in respect to the same, shall be governed by the foregoing provisions of this Act in so far as the same may be applicable, but no such refunding bonds shall be delivered unless delivered in exchange for the bonds authorized to be refunded thereby or unless sold and delivered to provide funds for the payment of matured or redeemable bonds maturing or redeemable within three (3) months.

Repeal

Sec. 10. House Bill No. 9, Chapter 32, Acts, Fourth Called Session, Forty-third Legislature,¹ is hereby repealed.

¹ Article 795 note.

Partial invalidity

Sec. 11. That if any clause, sentence, paragraph, or part of this Act shall for any reason be adjudged by any Court of competent jurisdiction to be invalid or ineffective, such judgment shall not affect, impair, or invalidate the remainder of this Act, but shall be confined in its operation to the clause, sentence, paragraph, or part thereof directly involved in the controversy in which such judgment has been rendered. TITLE 122—TAXATION

CHAPTER ONE—LEVY OF TAXES AND OCCUPATION TAXES

Art. 7047a—20. Comptroller of Public Accounts to collect occupation taxes [New].

Art. 7047c—3. Cigarette tax inapplicable to sales to or by United States military or naval posts, camps, or exchanges [New].

Art. 7047. 7355, 5049 Occupation taxes

Acts 1941, 47th Leg., p. 269, ch. 184, Art. III, § 1, purported to repeal Acts 1931, 42nd Leg., p. 355, ch. 212, § 1, which amended enumerated subdivisions of Article 7047 and added other subdivisions, including subdivision 40A. Since section 1 of article III of the Act of 1941, incorporated in subd. 40b of this article merely revised the occupation tax on sulphur producers, it was apparently the legislative intent to repeal only subdivision 40A relating to the occupation tax on sulphur producers.

40b. Occupation tax on sulphur producers.—Section 1. Sulphur Producers: Each person, firm, association, or corporation who owns, controls, manages, leases, or operates any sulphur mine, or mines, wells, or shafts, or who produces sulphur by any method, system, or manner within this State shall make quarterly, on the first day of January, April, July, and October of each year, a report to the Comptroller in this State, or if such person be other than individual, sworn to by its president, secretary, or other duly authorized officer, on such forms as the Comptroller shall prescribe, showing the total amount of sulphur produced within this State by said person during the quarter next preceding, and at the time of making said report shall pay to the Treasurer of this State an occupation tax for the quarter ending on said date an amount equal to One Dollar and Twenty-seven and Two Tenths Cents ($1.272) per long ton, or fraction thereof, of all sulphur produced by said person within the State of Texas during said quarter.

Each person subject to the payment of this tax shall cause to be made, kept, and preserved a full and complete record of all sulphur produced in this State by it, all of which record shall be open at all times to official inspection and examination by the Comptroller or the Attorney General, or any employee or representative of the Comptroller or the Attorney General. Said records may be destroyed after three years from the last entry appearing in any such record. Any person failing to keep such record, or records, as herein required, shall forfeit to the State of Texas as a penalty any sum not less than Five Hundred Dollars ($500) nor more than Five Thousand Dollars ($5,000), payable to the State of Texas, and each ten (10) days of failure to keep such records shall constitute a separate offense and subject the offender to additional penalties for each such period of failure to keep such records. Any person subject to the payment of said tax on sulphur failing to pay the tax levied in this Article within thirty (30) days after same is due and payable shall pay to the State as a penalty an additional amount equal to ten (10) per cent of the taxes due, and such tax and penalty shall draw interest at the rate of six (6) per cent per annum from the due date until paid. The Attorney General or any district or county attorney at the direction of the Attorney General shall bring suit in
behalf of the State to recover the amount of taxes, penalties, and interest past due and payable by any person affected by this law. The word "person" as used in this law shall include persons, firms, partnerships, companies, corporations, associations, common law trusts, or other concern by whatever name or howsoever organized, formed, or created.

The Comptroller may require such other information and such additional reports as he may deem advisable.

Said tax shall be in lieu of the tax imposed by Chapter 74, Acts, Fifth Called Session, Forty-first Legislature and House Bill No. 251, Chapter 212,1 Section 1, Acts of the Regular Session of the Forty-second Legislature,2 and by Acts, Forty-fourth Legislature, Third Called Session, Chapter 495, Article 4, Section 6,2 and each and all of such Acts are hereby repealed, except as to the sulphur produced prior to the date this Act shall take effect, and the tax shall be paid on such sulphur so produced at the rate provided in such Act, and the taxes collected shall be allocated as therein provided, and all reports provided for in such Act shall be made to the Comptroller. No offense against, and no liability or penalty, either civil or criminal, incurred on account of any or all of the provisions of such Acts or any amendments thereof, shall be discharged or affected by this Act, but prosecutions and suits shall be instituted and proceeded with in all respects as if such Acts had not been repealed herein; and the procedure prescribed in such Acts or in any other applicable existing laws shall be followed in all prosecutions and suits, now pending or hereafter instituted on account of such offenses, or liabilities.

Sec. 2. The tax levied in this Article shall be allocated as hereinafter provided in this Act. Acts 1941, 47th Leg., p. 269, ch. 184, Art. III.

41. (a) Cement Distributors. There is hereby imposed a tax of two and one half (2 1/2) cents on the one hundred (100) pounds, or fractional part thereof, of cement on every person in this State manufacturing or producing in and/or importing cement into this State, and who thereafter distributes, sells or uses; provided, however, no tax shall be paid except on one sale, distribution or use. The person liable for said tax is hereby defined as a "distributor," to be allocated as hereinafter provided. As amended Acts 1941, 47th Leg., p. 269, ch. 184, Art. XII, § 1.

Approved May 1, 1941.  
Effective May 1, 1941.  
Lien of taxes, fines, penalties and interest, see article 7083b.

46. Occupation tax on production of lamp black.—Section 1. (a) There is hereby levied an occupation tax on every person, agent, receiver, trustee, firm, association, or copartnership manufacturing or producing carbon black in this State, such tax to be as follows:

1. On "Class A" carbon black said tax to be one hundred twenty-two twelve hundredths (122/1200) of one (1) cent per pound on all such carbon black produced or manufactured where the market value is four (4) cents per pound or less, and shall be four and one tenth (4.1) per cent of the value of all such carbon black produced or manufactured where the market value is in excess of four (4) cents per pound.

2. On "Class B" carbon black said tax to be thirty-one two hundred fortyths (31/240) of one (1) cent per pound on all such carbon black produced or manufactured where the market value is four (4) cents per pound or less, and shall be five and two tenths (5.2) per cent of the value
of all such carbon black produced or manufactured where the market value is in excess of four (4) cents per pound.

“Class A” carbon black as used in this Article means carbon black manufactured or produced by the use of less than two hundred (200) cubic feet of gas per pound of carbon black.

“Class B” carbon black as used in this Article means carbon black manufactured or produced by the use of more than two hundred (200) cubic feet of gas per pound of carbon black.

Should one (1) or more of the classifications herein be declared for any reason to be discriminatory or unconstitutional or for any reason invalid, then there is hereby levied on all carbon black manufactured or produced in this State a tax of one hundred twenty-two thousand twelve hundredths (122/1200) of one (1) cent per pound on all carbon black produced or manufactured where the market value is four (4) cents per pound or less, and a tax of four and one tenth (4.1) per cent of the value of all carbon black produced or manufactured where the market value is in excess of four (4) cents per pound.

The market value of a particular type or grade of carbon black shall be the average sales price of that type or grade of all bona fide sales made during the month on which the tax is being paid less the cost of packing, freight, and cartage. If no carbon black of the particular type or grade has been sold during the month for which the tax is being paid then the actual market value of the same shall be the average sales price of that type or grade of all bona fide sales during the last preceding month in which a bona fide sale of that particular type or grade of carbon black was made, less packing, freight, and cartage.

(b) The tax herein imposed shall be due and payable at the office of the Comptroller at Austin on the 25th day of each succeeding month. On or before such date each person, agent, receiver, trustee, firm, corporation, association, or copartnership manufacturing or producing carbon black in this State shall file with the Comptroller of Public Accounts a report on a form prescribed by the Comptroller which report shall show the amount of carbon black manufactured or produced during the preceding month by said person, agent, receiver, trustee, firm, corporation, association, or copartnership. Such information shall be segregated according to grades and types of carbon black and the report shall show how much of each grade or type manufactured or produced by the person, agent, receiver, trustee, firm, corporation, association, or copartnership was actually manufactured or produced during the month on which the tax is being paid. The tax shall be computed on each grade or type reported separately by taking the rate of tax as imposed by Section (a) hereof after determining the actual market value as that term is defined therein of said grade or type and multiplying such rate against the amount of the particular type or grade of carbon black actually manufactured or produced during the month on which the tax is being paid. The tax is to be paid on all carbon black manufactured or produced during the month whether the same has been sold or not. The reports provided for herein shall contain such other information as the Comptroller of Public Accounts shall require.

(c) A complete record of the business done, together with any other information the Comptroller may require, shall be kept by such distributor; which said record shall be open to the Comptroller, Attorney General, Auditor and their representatives; the Comptroller shall adopt rules and regulations for the enforcement hereof.

(d) In the event any person engaged in the business of producing or manufacturing carbon black in this State shall become delinquent in the
payment of taxes herein imposed, the Attorney General may enjoin such person from producing or manufacturing carbon black until the delinquent tax is paid, and the venue of any such suit for injunction is hereby fixed in Travis County.

(e) If any person shall violate any of the provisions hereof, he shall forfeit to the State of Texas as a penalty not less than Twenty-five Dollars ($25) nor more than One Thousand Dollars ($1,000) for each violation, and each day's violation shall constitute a separate offense. If any person shall fail to pay said tax promptly, he shall forfeit two (2) per cent thereof as penalty, and after the first twenty (20) days he shall forfeit an additional eight (8) per cent. Delinquent taxes shall draw interest at the rate of eight (8) per cent from due date. The State shall have a prior lien for all delinquent taxes, penalties, and interest, on all property used by the producer or manufacturer in his business of manufacturing and producing carbon black.

(f) The term "carbon black" as herein used includes all black pigment produced in whole or in part from natural gas, casing-head gas or residue gas by the impinging of a flame upon a channel disk or plate, and the tax herein imposed shall reach all products produced in such manner.

(g) This tax is in lieu of the tax imposed by Section 7 of Article 4 of House Bill No. 8, Chapter 495, Acts, Third Called Session, Forty-fourth Legislature,¹ and such Section is hereby repealed, save and except as to all carbon black manufactured or produced prior to the effective date of this Act; and as to all taxes, penalties, reports, and liabilities due, effective or accruing prior to the effective date of this Act or by virtue of carbon black manufactured or produced prior to the effective date of this Act; and as to all of such carbon black so manufactured or produced and as to all such taxes, penalties, interest, reports, fines, forfeitures, liabilities, or duties and procedure in connection therewith such Section shall remain in full force and effect, and all taxes, fines, interest, penalties, obligations, reports, and duties owing or due to the State of Texas on the effective date of this Act or by virtue of carbon black manufactured or produced prior to the effective date of this Act and due by virtue of Section 7 of Article 4, Chapter 495, Acts, Third Called Session, Forty-fourth Legislature, shall remain and be valid and binding obligations to the State of Texas. Nothing in this Article or this Act shall prejudice the rights of the State of Texas in any lawsuit now pending or that may be brought hereafter, either by or against the State for or on account of the collection of any tax, fine, interest, or penalty that has accrued or may accrue by virtue of Section 7, Article 4, Chapter 495, Acts, Third Called Session, Forty-fourth Legislature.

Art. 7047b. Tax on producers of natural gas; market value; payment

Sec. 1. (1) There is hereby levied an occupation tax on the business or occupation of producing gas within this State, computed as follows:

A tax shall be paid by each producer on the amount of gas produced within this State, and on the amount of gas produced in another State and imported into this State upon the first sale thereof in intrastate commerce, equivalent to five and two tenths (5.2) per cent of the market value of all gas including casing-head gas produced and saved within this State, and of all gas sold if produced in another State and imported into this State, at the market value thereof, as and when produced, or as and when imported.

The market value of gas produced in another State and imported into this State shall be the average value at the mouth of the well of like gas sold within this State as revealed by reports made to the Comptroller for the quarter immediately preceding the quarter in which such gas was imported and sold. Provided, however, that the amount of the tax on sweet and sour natural gas shall never be less than eleven one hundred fiftieths (11/150) of one (1) cent per one thousand (1,000) cubic feet on sweet and sour natural gas sold or produced and saved in this State, and not thereafter lawfully injected into the earth in the State of
Texas, for the following purposes: (a) storage thereof; (b) recycling; (c) repressuring; (d) lifting oil and not thereafter; (e) lawfully vented or flared in connection with the production of oil.

The market value of gas produced in this State shall be the value thereof plus any bonus, or premium, or anything of value paid therefor, or any sum of money that such gas will reasonably bring if produced and sold in accordance with the laws, rules and regulations of this State, provided that notwithstanding any other provision herein to the contrary, where gas is processed for its liquid hydrocarbon content and the residue gas is returned by recycling methods to the same gas-producing formation underlying the land from which the gas is produced, the taxable value of such gas shall be three fifths (3/5) of the gross value of all products extracted, separated and saved from such gas.

In case gas is sold for cash the tax shall be computed on the producers' gross receipts of such sale; and in case the whole or a part of the consideration for the sale of gas is any portion of the products extracted from such gas, the tax shall be computed on the gross value of the products received plus all other things of value received by the producer, except in case of gas processed by recycling operations.

In determining the market value of gas for the purpose of computing the tax due, there shall be excluded the value of residue gas lawfully injected into the earth in the State of Texas for the following purposes: (a) storage thereof; (b) repressuring; (c) lifting oil; and also (d) gas lawfully vented or flared in connection with the production of oil; save and except however, if any gas so injected into the earth is sold for such purposes, then the market value of the gas so sold shall not be excluded in computing the tax. All liquid hydrocarbons that are recovered from gas by means of a separator or by other nonmechanical methods shall be taxed at the same rate as oil as levied by Article I of this Act.

(2) The tax hereby levied shall be a liability of the producer of gas and it shall be the duty of each such producer to keep accurate records in Texas of all gas produced, making monthly reports under oath as hereinafter provided.

(3) The purchaser of gas shall pay the tax on all gas purchased and deduct the tax so paid from the payment due the producer or other interest holders, making such payments so deducted to the Comptroller of Public Accounts by legal tender or cashier's check payable to the State Treasurer; such moneys so deducted from payments due producers for the payment of this tax shall be held by the purchaser in trust for the use and benefit of the State of Texas and shall not be commingled with any other funds held by said purchaser, and shall be remitted to the State Treasurer in accordance with the terms and provisions of this Article.

(4) The tax levied herein shall be paid monthly on the twenty-fifth day of each month on all gas produced during the calendar month next preceding by the purchaser or the producer as the case may be, but in no event shall a producer be relieved of responsibility for the tax until same shall have been paid, and provided, in event the amount of the tax herein levied shall be withheld by a purchaser from payments due a producer and said purchaser fails to make payment of the tax to the State as provided herein the producer may bring legal action against such purchaser to recover the amount of tax so withheld, together with penalties and interest which may have accrued by failure to make such payment and shall be entitled to reasonable attorney's fees and court costs incurred by such legal action.

(5) Provided, that unless such payment of tax on all gas produced during any month or fractional part thereof shall be made on or before
the twenty-fifth of the month immediately following, such payment shall become delinquent and a penalty of ten (10) per cent of the amount of the tax shall be added; such tax and penalty shall bear interest at the rate of six (6) per cent per annum from date due until date paid.

(6) The tax herein levied shall be borne ratably by all interested parties, including royalty interests; and producers and/or purchasers of gas are hereby authorized and required to withhold from any payment due interested parties the proportionate tax due and remit the same to the Comptroller.

It shall be the duty of the person or persons making or effectuating the sale or transfer to procure, affix, and cancel the stamps and pay the tax provided by this Article. It is not intended by this Article to impose a tax upon an agreement evidencing the deposit of certificates as collateral security for money loaned thereon, which certificates are not actually sold, nor upon such certificates so deposited, nor upon transfers of such certificates to the lender or to a nominee of the lender or from one nominee of the lender to another, provided the same continue to be held by such lender or nominee or nominees as collateral security as aforesaid, nor upon the retransfer of such certificates to the borrower, nor upon transfers of certificates from a fiduciary to a nominee of such fiduciary, or from one nominee of such fiduciary to another, provided the same continue to be held by such nominee or nominees for the same purpose for which they would be held if retained by such fiduciary, or from the nominee to such fiduciary, nor upon mere loans of stock or certificates, or the return thereof, nor upon deliveries or transfers to a broker for sale, nor upon deliveries or transfer by a broker to a customer for whom and upon whose order he has purchased the same, but transfers to the lender, or to a nominee or nominees as aforesaid, or retransfers to the borrower or fiduciary, and deliveries or transfers to a broker for sale, or by a broker to a customer for whom and upon whose order he has purchased the same shall be accompanied by a certificate setting forth the facts, nor in respect to shares or certificates of stock, or certificates of rights to stocks, or certificates of deposit representing certificates of the character taxed by this Article, in any domestic association, company, or corporation, if neither the sale, nor the order for, nor agreement to buy, nor
the agreement to sell, nor the memorandum of sale, nor the delivery is made in this State and when no act necessary to effect the sale or transfer is done in this State. The payment of such tax shall be denoted by an adhesive stamp or stamps affixed as follows: In the case of a sale or transfer, where the evidence of the transaction is shown only by the books of the association, company, corporation, or trustee, the stamp shall be placed upon such books, and it shall be the duty of the person making or effectuating such sale or transfer to procure and furnish to the association, company, corporation, or trustee the requisite stamps, and of such association, company, corporation, or trustee to affix and cancel the same. Where the transaction is effected by the delivery or transfer of a certificate the stamp shall be placed upon the surrendered certificate and canceled; and in cases of an agreement to sell, or where the sale is effected by delivery of the certificate assigned in blank, there shall be made and delivered by the seller to the buyer, a bill or memorandum of such sale, to which the stamp provided for by this Article shall be affixed and canceled, provided, however, that such bill or memorandum may be in duplicate and the stamp provided for by this Article may be affixed to a duplicate of such bill or memorandum and canceled, and such duplicate of such bill or memorandum may be kept by the party making such sale in his possession, provided that he shall enter upon the original of such bill or memorandum a date and number showing that such bill or memorandum was made in duplicate and that the stamp was affixed to the duplicate thereof retained by the seller. Every such bill or memorandum of sale or agreement to sell shall show the date of the transaction which it evidences, the name of the seller, the stock, or other certificate, to which it relates, and the number of shares thereof. All such bills or memoranda of sale shall bear a number upon the face thereof and no more than one such bill or memorandum of sale made by the seller on any given day shall bear the same number. Art. 7065b-2. Motor fuel; occupational or excise tax of 4 cents per gallon; collection; interstate commerce; in lieu of other motor fuel taxes

(a) There shall be and is hereby levied and imposed (except as hereinafter provided) upon the first sale, distribution, or use of motor fuel in this State an occupational or excise tax of Four (4) cents per gallon or fractional part thereof so sold, distributed, or used in this State. Every distributor who makes a first sale or distribution of motor fuel in this State for any purpose whatsoever shall, at the time of such sale or distribution, collect the said tax from the purchaser or recipient of said motor fuel, in addition to his selling price, and shall report and pay to the State of Texas the tax so collected at the time and in the manner as hereinafter provided. Every such distributor shall also be liable to the State of Texas for the said tax of Four (4) cents per gallon on each gallon of motor fuel or fractional part thereof used or consumed by him and shall report and pay said tax as hereinafter provided. In each subsequent sale or distribution of motor fuel upon which the tax of Four (4) cents per gallon has been collected, the said tax shall be added to the selling price, so that such tax is paid ultimately by the person using or consuming said motor fuel for the purpose of generating power for the propulsion of any motor vehicle upon the public highways of this State.

It is the intent and purpose of this Article to collect the tax levied herein at the source of said motor fuel in Texas or as soon thereafter as the same may be subject to being taxed. No person, however, shall be required to pay a tax on motor fuel brought into this State in a quantity of thirty (30) gallons or less in a fuel tank, with a capacity of not more than thirty (30) gallons, when said fuel tank is connected with and feeds the carburetor of said motor vehicle and the motor fuel contained therein is used in the operation of said motor vehicle and not otherwise.

(b) Provided further, that the tax on one (1) per cent of the taxable gallonage shall be deducted by the distributor to cover loses and the expense of collecting the tax levied herein and complying with the other provisions of this Article.

(c) The tax herein imposed shall be posted separately from the price of the motor fuel, wherever sold in this State.

(d) No tax shall be imposed upon the sale, use, or distribution of any motor fuel, the imposing of which would constitute an unlawful burden on interstate commerce and which is not subject to be taxed under the Constitution of the State of Texas and the United States. In the event this Article is in conflict with the Constitution or any law of the
United States with respect to the tax levied upon the first sale, distribution, or use of motor fuel in this State, then it is hereby declared to be the intention of this Article to impose the tax levied herein upon the first subsequent sale, distribution, or use of said motor fuel which may be subject to being taxed.

(e) Provided, that the tax imposed herein shall be in lieu of any other excise or occupational tax imposed by the State or any political subdivision thereof on the sale, use, or distribution of motor fuel. Acts 1941, 47th Leg., p. 269, ch. 184, Art. XVII, § 2.

Art. 7065b—3. Monthly payments by distributors; reports

(a) Every distributor who shall be required to collect the tax levied by this Article upon the first sale or distribution of motor fuel in this State, or who shall be required to pay the tax levied herein upon motor fuel used by said distributor, shall upon the 20th day of each calendar month remit or pay over to the State of Texas at the office of the Comptroller at Austin, Travis County, Texas, the amount of such tax required to be collected during the calendar month next preceding and the amount of such tax required to be paid upon motor fuel used by said distributor during said preceding calendar month, and at the same time, such distributor shall make and deliver to the Comptroller at his office in Austin, Travis County, Texas, a report properly sworn to and executed by such distributor, or his representative in charge, which shall show the date said report was executed, the name and address of said distributor, and the month which the report covers, and which report shall show separately by gallons the motor fuel on hand at the beginning and at the end of the month, and complete information of all motor fuel handled during the month, including motor fuel purchased or received in interstate commerce, motor fuel purchased or received in intrastate commerce, reflecting separately the quantity received with the tax paid and the quantity received without the tax having been paid, motor fuel refined, motor fuel acquired by blending, motor fuel sold in interstate commerce, motor fuel sold in intrastate commerce, motor fuel sold and exported, motor fuel sold to the United States Government, motor fuel sold to a distributor for further refining, processing, blending, or for exportation upon which no tax was collected, motor fuel lost by fire or other accident, motor fuel lost by refinery shrinkage, evaporation, or other losses, and motor fuel used and consumed by the distributor and his representatives. The said report shall also show complete information by gallons of all blending materials purchased, acquired, sold, used, and lost by fire or otherwise, during the month the report covers, and the beginning and ending inventories of such blending materials. Said report shall also show a complete record of the number of barrels of crude oil refined and the number of cubic feet of gas processed. Provided that where a qualified distributor has not sold, used, or distributed any motor fuel during any month or part thereof, he shall nevertheless file with the Comptroller the report required herein setting forth such fact or information. Provided further, that the Comptroller may prepare and furnish a form prescribing the order in which the information required herein shall be set up on said monthly report, but the failure of any distributor to obtain such form from said Comptroller shall be no excuse for the failure to file a report containing all the information required to
be reported herein. Every distributor, at the time of making said report, shall attach legal tender thereto or make proper form of money order or exchange payable to the State Treasurer in the amount of tax for the period covered by the report.

(b) Provided further, that every person selling motor fuel in export or interstate commerce only, and every person selling motor fuel upon which no tax is required to be paid under the provisions of this Article, shall nevertheless be required to keep the same records and make the same reports to the Comptroller, accounting for the motor fuel so sold, that the provisions of this Article require a distributor to keep and make.

(c) If any distributor shall fail to remit proper taxes collected upon the first sale or distribution of motor fuel, or taxes due upon the use of motor fuel in Texas, the Comptroller may employ auditors or other persons to ascertain the correct amount due, and if such taxes have not been properly remitted and paid to the State of Texas, the distributor shall pay as additional penalty any reasonable expenses included by the Comptroller in such audit. Provided, however, that all funds paid to the auditors of the Comptroller as expenses incurred in making audits shall be placed in a special fund in the State Treasury, which shall be used until exhausted for making other audits, and said sums are hereby appropriated for that purpose. Provided that nothing herein shall prevent the Comptroller, when said fund is exhausted, from using other funds available for that purpose.

(d) When it shall appear that a distributor or user to whom the provisions of this Article shall apply has erroneously reported and remitted or paid more taxes than were due the said State of Texas upon any motor fuel, liquefied gases, or other liquid fuels during any taxpaying period, either on account of a mistake of fact or law, it shall be the duty of the Comptroller to credit the total amount of taxes due by such distributor or user for the current period with the total amount of taxes so erroneously paid. Such credit shall be allowed before any penalties and interest shall be applicable. Acts 1941, 47th Leg., p. 269, ch. 184, Art. XVII, § 3.

Approved May 1, 1941.
Effective thirty days from and after final passage.

Art. 7065b—4. Taxes to be paid to state; penalty for failure to comply or for fraudulent misapplication

(A) All taxes collected hereunder by any distributor, or by any director, officer, agent, employee, trustee, receiver of such distributor, or by any person, shall be for the use and benefit of the State of Texas, and shall be paid to the State of Texas as provided in this Article.

(b) If any such distributor or any director, officer, agent, employee, trustee, receiver of such distributor, or any person, shall wilfully fail or refuse to pay to the State of Texas any such tax funds collected under the provisions of this Article, on or before the date such payment is due as provided by this Article, such distributor or such director, officer, agent, employee, trustee, receiver of such distributor, or such person, shall be guilty of a felony and shall be punished by confinement in the State penitentiary for not more than ten (10) years, or by confinement in the county jail for not less than one (1) month nor more than one (1) year, or by a fine of not less than Five Hundred Dollars ($500) nor more than Ten Thousand Dollars ($10,000), or by both such fine and jail imprisonment.
(c) If any director, officer, agent, employee, trustee, receiver of any distributor, or any person, shall fraudulently misapply or convert to his own use any tax fund collected for the State of Texas under the provisions of this Article by such distributor, or any director, officer, agent, employee, trustee, receiver of such distributor, or by such person, which said money has come into the possession of or that is in the care of or under the control of such director, officer, agent, employee, trustee, receiver of such distributor, or of such person, and which said money is required to be paid to the State of Texas under the provisions of this Article, such director, officer, agent, employee, trustee, receiver, or such person shall be guilty of a felony and upon conviction, shall be punished by confinement in the State penitentiary for not more than ten (10) years, or by confinement in the county jail for not less than one (1) month nor more than one (1) year, or by a fine of not less than Five Hundred Dollars ($500), nor more than Ten Thousand Dollars ($10,000), or by both such fine and jail imprisonment. Acts 1941, 47th Leg., p. 269, ch. 184, Art. XVII, § 4.

Approved May 1, 1941. Penalties, fines, forfeitures or penal offenses as cumulative, see article 7083b.

Art. 7065b—5. Sales to distributors without payment of tax for further refining, exporting and certain other purposes

(a) The Comptroller may authorize and permit any producer of natural gasoline, casing-head gasoline, drip gasoline, or any derivative or condensate of crude oil or natural gas and any licensed distributor of motor fuel to make a sale, resale or distribution of natural gasoline, casing-head gasoline, drip gasoline, motor fuel or any derivative or condensate of crude oil or natural gas without collecting the tax levied herein, to any distributor holding a permit under the terms of this Article, when such distributor purchasing the same has, in the opinion of the Comptroller, a satisfactory and sufficient bond, and when the commodity is sold and purchased for the purpose of further refining, further processing, blending or compounding with other products to produce motor fuel, or for exporting by railroad tank car, ship, or boat, or for resale for some one or more of such purposes, and not otherwise. If the distributor purchasing said commodities or products without paying said tax shall thereafter sell, or distribute said commodities or products, either alone or compounded, in this State, for any purpose other than that hereinafore provided, he shall be required to collect and pay over to the State of Texas at the time and in the manner herein provided, the tax at the rate of four (4) cents per gallon upon each gallon or fractional part thereof sold or distributed. Said distributor shall also be liable for and shall be required to pay to the State of Texas said tax at the aforesaid rate upon each gallon of such motor fuel used by said distributor. Failure or refusal to collect and pay over to the State of Texas the tax on motor fuel so sold or distributed by said distributor, or to pay the tax on motor fuel used by said distributor, shall subject him to all the liabilities, penalties, forfeitures, interest and costs provided in this Article.

(b) Provided further, that any person whether producer or licensed distributor, who shall make any sale or distribution as provided herein, shall be required to make and keep all the records and manifests involving such sales or distributions as is required of a distributor in Section 9 (b) of this Article. Said person shall also be required to make and file with the Comptroller the return or report required by Section 3 of this Article, showing all the information contained therein. The mani-
fest required to be issued upon such sale or distribution shall bear the
notation that said product is being sold or distributed for further refining,
further processing, blending, compounding, or for exportation, whichever the case may be. Provided further, that every producer shall qualify
as a distributor and obtain a distributor's permit before selling the commodities named herein to any person other than a licensed and qualified distributor. All such sales and distributions shall be made in accordance with rules and regulations promulgated by the Comptroller. Acts 1941, 47th Leg., p. 269, ch. 184, Art. XVII, § 5.

Approved May 1, 1941.
Effective thirty days from and after final passage.

Art. 7065b—6. Application for motor fuel distributor's permit; issuance of permit

(a) From and after the effective date of this Article, all distributors of motor fuel in this State now engaged, or who desire to become engaged, in the sale, use, or distribution of motor fuel upon which the tax levied herein is required to be paid, shall file a duly acknowledged application for motor fuel distributor's permit with the Comptroller on a form prescribed by him, to be furnished upon written request, the failure to furnish which shall be no excuse for the failure to file the same unless an absolute refusal is shown. Said form shall set forth the name under which such distributor transacts or intends to transact such business as distributor, the principal office, residence, or place of business in Texas, and if other than an individual, the principal officers of a corporation or the members of a partnership or association, and their office, street, or post-office addresses. The Comptroller may require in said application such other information as he may desire. No distributor shall make a first sale, use, or distribution of motor fuel until such application has been filed and a permit has been obtained.

(b) Upon receipt of the application and the bond hereinafter provided for, the Comptroller shall issue to every distributor a nonassignable, consecutively numbered permit authorizing the first sale, use, or distribution of motor fuel, or its substitute, in this State from the date of the issuance of said permit, until and including the following December 31st. On or before January 1st of each year, and before any distributor shall make a first sale, use, or distribution of motor fuel, or engage in selling motor fuel in this State after December 31st, an application shall be filed and a permit obtained for the calendar year. Said permit shall provide that the same is revocable and shall be cancelled upon violation of any provisions of this Article, or any rule or regulation adopted by the Comptroller. If such permit is cancelled or suspended, said distributor shall not sell, use, or distribute motor fuel upon which a tax is required to be paid until a new permit is granted or the original permit is reinstated. Provided, however, that no permit shall be issued or reinstated where it appears from a duly verified audit made as herein provided by an authorized representative of the Comptroller that the applicant is delinquent in the remittance or payment of any motor fuel tax, penalty, or interest under the provisions of this Article. Acts 1941, 47th Leg., p. 269, ch. 184, Art. XVII, § 6.

Approved May 1, 1941.
Effective thirty days from and after final passage.
Art. 7065b—7. Bond or cash deposit; deposit of securities; default in payment of tax; suits

(a) Before any permit shall be issued and before engaging in the first sale, use, or distribution of motor fuel, upon which a tax is required to be paid, in Texas, every distributor shall execute and file with the Comptroller a good and sufficient surety bond, which shall run concurrently with the permit required of a distributor to be obtained. The said bond shall be signed by said distributor and a good and sufficient surety company or companies authorized to do business in this State, to be approved by the Comptroller, and, except as hereinafter provided, in an amount not less than One Thousand Dollars ($1,000) nor more than Twenty-five Thousand Dollars ($25,000), payable to the State of Texas, and conditioned upon the full, complete, and faithful performance by the distributor of all the conditions and requirements imposed upon him by this Article, or the rules and regulations of the Comptroller promulgated hereunder, on a form to be prescribed by the Comptroller with the approval of the Attorney General, expressly providing for the performance of said obligations, and the remittance and/or payment at Austin, Travis County, Texas, of all taxes collected and required to be collected for the use and benefit of the State, and all other taxes due and accruing upon the use of motor fuel by said distributor, and all costs, penalties, and interest provided in this Article, provided, however that in any event the total of all recoveries under such bond for any and all breaches of its conditions occurring at any time while it remains in force to support a permit, shall not for any calendar year exceed the penal sum named therein; provided further, that any such bond, continuous in form, may be, if sufficient and acceptable to the Comptroller, continued in effect by a renewal certificate, and, if so continued in effect, shall be sufficient to support the issuance of any new permit, and provided further, that the said renewal certificates, as, if and when issued, shall have all the force and effect of an original bond for the calendar year for which said renewal certificate is issued. The amount of any bond required of any distributor shall be fixed by the Comptroller, and subject to the limitations herein provided, additional bond may be required by the Comptroller at any time an existing bond becomes insufficient, unsatisfactory, or unacceptable. However, the distributor may demand a reduction of his bond after six (6) months from the effective date thereof to a sum to be not more than three (3) times the highest tax said distributor has collected and paid to the State for any month during the preceding six (6) months, but which shall never be less than the minimum nor more than the maximum aforesaid.

Provided, that when a distributor or other person produces, manufactures, refines, or acquires in any other manner any product of petroleum or natural gas for his own use and consumption as motor fuel and not to be sold or distributed, the Comptroller may accept a minimum bond in an amount of not less than One Hundred Dollars ($100); said bond to be in the form and substance and conditioned as hereinafore provided.

(b) The Comptroller shall have the right, if, in his opinion, the amount of any existing bond shall become insufficient, or any surety on a bond shall become unsatisfactory or unacceptable, to require the filing of a new or an additional bond. When said new bond has been furnished, the Comptroller shall cancel the bond for which said new bond is substituted. No recoveries on any bond or execution of any new bond or renewal of a permit shall invalidate any bond. A new bond may be demanded when any new permit is issued or revived, but no revocation or revival shall affect the validity of any bond. Provided further, that the
Comptroller shall have the authority to require any distributor to make reports and remit to the State for taxes collected by him, or taxes accruing on motor fuel used by him, at shorter intervals than one (1) month at any time any maximum bond shall, in the opinion of said Comptroller, become insufficient. Should any distributor fail or refuse to supply a new or additional bond within ten (10) days after demand, or shall fail or refuse to file reports and remit or pay the said tax at the intervals fixed by the Comptroller, said distributor's permit shall be cancelled by the Comptroller as herein provided.

(c) Any surety on any bond furnished by any distributor as above provided shall be released and discharged from any and all liability to the State of Texas accruing on such bond after the expiration of thirty (30) days from the date upon which such surety shall have lodged with the Comptroller written request to be released and discharged. Provided however, that such request shall not operate to relieve, release, or discharge such surety from any liability already accrued, or which shall accrue before the expiration of said thirty-day period. The Comptroller shall promptly on receipt of notice of such request notify the distributor who furnished such bond, and unless such distributor shall within fifteen (15) days from the date of said notice, file with the Comptroller a new bond with a surety company duly authorized to do business under the laws of the State, in the amount and form hereinbefore in this Article provided, the Comptroller shall proceed to cancel the permit of said distributor in the manner herein provided. If such new bond shall be furnished by said distributor as above provided, the Comptroller shall cancel and surrender the bond for which such new bond is substituted.

(d) That in lieu of giving a bond, any distributor may deposit in the Suspense Account of the State Treasury money in the amount of the bond that may be required, which shall never be released until securities are substituted for the same, or a bond executed in lieu thereof, or until the Comptroller has made a complete and thorough investigation and authorized the same to be released; and provided, in lieu of cash or the bond required by this Article, such distributor may deposit securities with the Comptroller, that shall be acceptable to him. Said securities shall be placed in the Treasury as other securities, but in all events, shall be of the same class as the funds of the University of Texas may be legally invested in. Provided, however, that if, in the opinion of the Comptroller, the cash or securities so deposited shall become insufficient for the purpose for which they were deposited, he shall demand additional cash or securities, and upon the failure or refusal of distributor to supply the additional cash or securities within ten (10) days after demand, the Comptroller shall cancel the distributor's permit as herein provided. When default of payment of taxes collected upon the sale or distribution of motor fuel and accruing upon the use of motor fuel by said distributor, is made by any distributor who has money and/or securities deposited with the State Treasurer in lieu of a bond as herein provided, suit shall be instituted by the State, and after the State has established its debt for delinquent taxes by final judgment of court, money on deposit in suspense account shall be withdrawn therefrom and shall be used to pay off and satisfy such judgment; and provided further, if securities are on deposit with the State Treasurer, such securities shall be sold by the Comptroller, and the proceeds of sale shall be used in paying off and satisfying said judgment and accrued court costs and interest. Provided however, the defaulting distributor may acknowledge in writing the correctness of the State's claim for taxes, costs, and penalties, and may authorize the withdrawal of said money or securities to pay on
said claim without having suit filed. Provided further, that the cash or securities, or any unpaid portion thereof, deposited by said distributor in lieu of surety bond, shall not be returned or refunded to any person except the distributor, unless the person claiming any right, title, and interest in and to said funds or securities, shall have declared said right, title, and interest in writing, executed jointly by said distributor and said claimant, under oath, and filed with the Comptroller at the time such deposit was made. Provided further, that suit may be filed against any surety or sureties on any bond furnished by a distributor, without first resorting to or exhausting the assets of said distributor or without making said distributor, as principal obligor in said bond, a party to said suit. Art. 7065b—8. Lien

All taxes, penalties, interest and costs due by any distributor under the provisions of this Article and all taxes collected and required to be paid by said distributor to the State, shall be secured by a preferred lien, first and prior to any and all other existing liens, contract or statutory, legal or equitable, and regardless of the time such liens originated, upon all the property of any distributor, devoted to or used in his business as a distributor, which property shall include refinery, blending plants, storage tanks, warehouses, office buildings and equipment, tank trucks or other motor vehicles, stocks on hand of every kind and character whatsoever used or usable in such business, including crude oil or other materials for the manufacture, refining, blending, or compounding of motor fuels and the refined products therefrom, and the proceeds from the sale of such materials and refined products, including cash on hand and in bank, accounts and notes receivable, and any and all other property of every kind and character whatsoever and wherever situated devoted to such use, and each tract of land on which such refinery, blending plant, tanks, or other property is located, or which is used in carrying on such business. Art. 7065b—9. Records to be kept by distributors; manifest to be carried during transportation; exemption

(a) Every distributor shall keep in Texas for a period of two (2) years for the inspection at all times of the Comptroller and the Attorney General or their authorized representatives, a complete and well-bound book record of all crude oil and other oil or products from which such distributor may refine or blend any motor fuel or other derivatives of crude petroleum that is sold or used by him, and his record shall show the date of receipt, the name and address of the person from whom purchased, the means of delivery, and the quantity in barrels, of all such crude oil and other oil or products; also it shall show all sales of the same as and when made from stocks on hand, the quantity refined or blended, and inventories on the first of each month. Provided further, a complete record in barrels or gallons shall be kept of all liquid by-products derived or obtained from any refining, absorption, or recycling operation. Said record shall also show separately the number of barrels or
gallons of such products on hand at the first of each month and the number of barrels or gallons sold, used, or otherwise disposed of.

Every distributor shall also keep in Texas for a period of two (2) years, open to said inspection, a complete and well-bound book record of all motor fuel, casing-head gasoline, natural or drip gasoline and other derivatives or condensates of crude petroleum or natural gas, or their products, purchased or received by said distributor. Such records shall show the date received, from whom purchased or received, the quantity received, the commodity or kind of product received, and such other information as will provide a complete record of the disposition of said products. Said distributor shall also keep for a period of two (2) years a complete record of inventories on the first of each month of all motor fuel, casing-head gasoline, natural gasoline or drip gasoline, or other derivatives or condensates of crude petroleum, or natural gas, or their products.

(b) Every distributor shall keep also in Texas for a period of two (2) years, open to said inspection a complete record of each and every sale, distribution, or use of motor fuel, crude oil, kerosene, naphtha, distillate, casing-head gasoline, drip gasoline, absorption and natural gasoline, and other derivatives or condensates of crude oil or natural gas, including fuel oil and other liquid residues, regardless of whether or not a tax is due upon said products under the provisions of this Article; and providing that the record of each such sale, distribution, or use of such commodities shall include the date of any such transaction, the name and address of each purchaser or user, and the amount of any such commodity sold or used. And it is especially provided that any such sale, distribution, or use of any of the foregoing commodities shall be recorded upon a form of manifest to be prescribed or approved by the Comptroller and furnished by the distributor. Said manifest shall be issued in not less than duplicate counterparts and numbered consecutively. Said manifest shall be printed and the counterparts shall be printed on paper of different color, and shall have printed thereon the name of the distributor, his address, the serial number of said manifest, and spaces shall be provided thereon wherein shall be shown the date of such sale, distribution, or use, the purchaser or other recipient and his address, the quantity sold, the means of delivery, including the license number of and description if delivered into or by a motor vehicle, trailer, the number and initial if delivered by tank car, the name or description if delivered by boat or barge, and the opening and closing record of meter readings or tank gauges if delivered by pipe line, and the time of delivery into the tank wagon, trailer or other conveyance; provided, however, that rail shipments of motor fuel and other derivatives or condensates of crude products or natural gas shall be supported by regular bills of lading. Provided further, that the manifest shall reflect separately the tax involved in the sale of motor fuel apart from the cost thereof, less the tax. The manifest shall be properly made out and signed by both the distributor and the purchaser or recipient of said commodity. Every person receiving from a distributor any motor fuel and reselling or redelivering the same, shall likewise record each such sale or delivery upon similar manifest. Provided, however, that manifests shall not be required upon retail sales in quantities of thirty (30) gallons or less.

(c) It is the intent and object of this Section to require that every person, except as herein expressly provided to the contrary, who shall transport any commodity required to be recorded upon a manifest shall carry with said commodity at all times a manifest covering said cargo, and said person shall issue a manifest to the purchaser or receiver of all
or any part of the commodity so being transported, and to require that such purchaser or receiver shall receipt on said manifest for the quantity so delivered and received, and that one counterpart of the manifest shall be delivered to the purchaser to be retained by him for the time and in the manner required herein, for inspection by the Comptroller and Attorney General, and that another counterpart shall be retained by the distributor or other seller for like purposes and periods. If no sale is involved in such transaction a notation showing such fact or information shall be recorded on said manifest. Provided further, that carriers-for-hire operating under valid permits or certificates of convenience and necessity issued by the Railroad Commission of the State of Texas, and not engaged in transporting motor fuel for sale or distribution for sale, and persons operating motor buses under franchises or licenses issued by municipalities shall not be required to carry or issue a manifest for motor fuel in quantities of one hundred (100) gallons or less, when said motor fuel is contained and transported in the fuel tank connected to and feeding the carburetor of any motor vehicle owned or operated by said carrier or person, and is used exclusively for the propulsion of such motor vehicle and is not transported for sale, distribution, or delivery to any other person. This exemption shall not apply to the fuel tank of any motor vehicle used to transport motor fuel in any quantity for sale or distribution for sale.

Provided however, that where a distributor markets his products through his own service stations, that as to said service stations, it will be sufficient to keep the records at said service stations, hereinafter required by this Article to be kept by dealers. Such record shall show the date received, the name and address of the person from whom purchased or received, the number of gallons, the designation by name of the particular kind of motor fuel or other products purchased or received, the point from which shipped or delivered, the point at which received, the number and initials of car if shipped by rail, the name of the boat or barge, if shipped by water, and the license number and description, if received by motor vehicle or trailer, and in addition, the total daily sales, designating the particular kind of motor fuel, kerosene, naphtha, distillate, gas oil, fuel oil, casing-head gasoline and/or natural gasoline, drip gasoline, absorption gasoline, or other derivatives or condensates of crude oil or natural gas, sold or delivered, whether the same be taxable or not under the provisions of this Article. Upon each sale or delivery of any of the commodities named herein at wholesale for the purpose of resale, and upon each retail sale, distribution or use of said commodities in quantities of more than thirty (30) gallons, every dealer shall be re-

Art. 7065b—11. Carriers, records to be kept by; reports

(a) All common and contract carriers in this State shall keep for a period of two (2) years, open to inspection by the Comptroller or his authorized representatives, a complete record of each transportation of motor fuel, showing the date of transportation, the consignor and consignee, the means of transportation and the quantity and kind of motor fuel transported. Said record shall show such intrastate records separately from interstate records.

(b) All persons operating trucks, pipe lines, and other conveyances as common or contract carriers in the transportation of motor fuel into and from this State, exclusive of railroads, shall render a sworn report to the Comptroller not later than the 20th of each month, on a form prescribed by said Comptroller, showing a description of the truck or other conveyances in which the same was transported, the date said motor fuel was transported, the consignor and consignee, and the quantity and kind of said motor fuel which was transported by such persons during the preceding month. There shall also be included in said report full data concerning the diversion of shipments en route as amount to a change from interstate to intrastate and intrastate to interstate commerce. Such report shall show the points of origin and destination, the number of gallons shipped or transported, the date, the consignee and the consignor, and the kind of motor fuel. All persons operating railroads as common carriers in the transportation of motor fuel into and from this State shall, as and when requested by the Comptroller, and in such form as may be prescribed, render, not later than the 20th of the following month, a sworn report for the preceding month, or for such other periods as may be requested, showing a description of the tank car or other conveyance in which the same was transported, and shall render such other information concerning the diversion of or change of shipments en route from interstate to intrastate commerce or intrastate to interstate commerce, as may be required by the Comptroller. Art. 7065b—12. Pipe line operators; disposition of "drip gasoline"; requirements when "drip gasoline" is sold

Every person operating a pipe line for the purpose of conveying or moving natural gas through such pipe line shall either collect and conserve for the purpose of sale, distribution, or use the liquid residue commonly known as "drip gasoline" which is formed and extracted from such pipe lines, or if the said product has no practical value to said person, he shall neutralize, burn, or otherwise destroy said product in a manner that will prevent its use as motor fuel in this State. If such drip gasoline is sold, distributed, or used as motor fuel, said person shall
obtain the permit, make the reports, and keep the records of such sales, distributions, or use in compliance with the provisions of this Article. Acts 1941, 47th Leg., p. 269, ch. 184, Art. XVII, § 12.

Art. 7065b—13. “Refund dealer” defined; refunds; applications; records; license; invoice of exemption; affidavit; fire or other accident; Highway Motor Fuel Tax Fund

The term “refund dealer” wherever used in this Article shall mean any dealer, distributor, or other person who engages in the selling of motor fuel or who appropriates for his own use and consumption motor fuel on which a refund of the tax paid on such motor fuel is authorized by this Article.

(a) Any person who purchases motor fuel in the State of Texas, and any distributor who appropriates motor fuel for use when such motor fuel purchased by such person or used by such distributor for operating or propelling any stationary gas engine or tractor used for agricultural purposes, motor boats, aircraft, or for any purpose other than use in a motor vehicle operated or intended to be operated in whole or in part upon any of the public highways, roads, or streets of the State of Texas, on which motor fuel tax has been paid, either directly or indirectly, shall be refunded the amount of such taxes so paid by the distributor, exclusive of the deduction allowed distributors for collecting the tax and for evaporation and other losses in the manner and subject to the limitations and conditions described herein. Provided, however, that no greater amount shall be refunded than has been paid into the Treasury on any motor fuel. The tax actually paid by any distributor or person shall be refunded as provided herein on motor fuel not subject to the tax.

(b) Any person or distributor desiring to appropriate or sell motor fuel on which a refund of the tax is authorized by this Article, shall, before making such appropriation or sale, make application to the Comptroller of Public Accounts, upon forms to be prescribed by the Comptroller, and containing such information as the Comptroller may require, for a refund dealer’s license to sell such motor fuel; and it shall be unlawful for any person to sell or appropriate any motor fuel upon which a refund of the tax will be made, or is intended to be made, without first having obtained from the Comptroller of the State of Texas such license to sell or appropriate such motor fuel.

A separate application shall be made to the Comptroller by such person or distributor for each place of business from which refund motor fuel is to be sold or distributed by such person or distributor, and the Comptroller shall issue a separate license for each such place of business. The Comptroller shall examine each application for license received by him, and, if found in due form, and if within the discretion of the Comptroller, the applicant is entitled to such license, the same shall be issued. When such application is made to the Comptroller, the applicant for license shall be required to file oath with the Comptroller that he will faithfully perform and comply with the Statute making provision for the sale, distribution, and use of motor fuel subject to a refund of the motor fuel taxes. Each license issued hereunder shall remain in full force and effect until the first day of March following its date of issue, and annually on the first day of March each refund dealer, or other person, desiring to sell or appropriate motor fuel upon which a refund of the tax is authorized must obtain from the Comptroller a license, or a re-
newal of his existing license, to sell such motor fuel as herein provided. Any refund dealer's license issued hereunder is not transferable unless such transfer is authorized by the Comptroller. Any person who sells motor fuel upon which a refund of the tax may be authorized, or is claimed, under the provisions of this Article, without having obtained a refund dealer's license, as provided for under this Article, shall be guilty of a misdemeanor, and upon conviction, shall be liable in any sum not to exceed One Thousand Dollars ($1,000), or by a jail sentence not to exceed six (6) months in jail, or by both such fine and jail sentence.

Every refund dealer shall be required to maintain the records required of a dealer in Section 10 of this Article. Said refund dealer shall also be required to affix his license number to every invoice of exemption he may issue under the provisions of this Article.

The Comptroller shall prescribe the form of license to be used under this Article and shall have authority, and it shall be his duty, to revoke and cancel any license issued hereunder when the refund dealer violates any Section of this Article. And, in the event the Comptroller does revoke a license, then the said license or renewal certificate and all books containing invoices of exemption held by such refund dealer shall be accounted for and surrendered to the Comptroller.

No refund of the tax shall be granted on any motor fuel to any person, claimant, firm, corporation, or otherwise, unless such motor fuel has been purchased from or used by a licensed refund dealer as provided for in this Article; and the Comptroller is hereby prohibited from issuing a warrant in payment of any refund of the tax on any motor fuel not purchased from a licensed refund dealer, except refund on motor fuel exported or lost by accident.

(c) The invoice of exemption shall be demanded by the purchaser or recipient of motor fuel used for refund purposes, and upon each delivery by a refund dealer, or upon each appropriation for use of motor fuel upon which a refund of the tax may be claimed, the invoice of exemption shall be made out at the time of such delivery, or of such appropriation for use, which invoice of exemption shall state: the current number of the license of the refund dealer; the number of gallons of motor fuel thus delivered or appropriated; the purpose for which such motor fuel will be used, or is intended to be used; the date of purchase, and the date and place of delivery, or appropriation; the name of the purchaser or user; the name of the agent or employee actually making the purchase, or appropriation, if any; the seller and place of business of seller; the manner of delivery. And the said invoice of exemption shall show thereon such other information as the Comptroller may require; and no refund shall be allowed unless the refund dealer executes such an invoice of exemption as provided above. Provided, however, that if it be shown to the Comptroller by evidence sufficient and satisfactory to the Comptroller that the motor fuel was in good faith used by claimant for exempt purposes and the invoice of exemption presented with the claim did not issue at the time of delivery, through no fault of the claimant, the rights of the claimant shall not be prejudiced because of the invoice of exemption not having been issued at the time of delivery of the motor fuel, and the Comptroller shall issue warrant in payment of the claim.

And provided further, that the person selling such motor fuel, or the refund dealer, in issuing invoices of exemption to the user of such motor fuel, shall make such invoices in duplicate, the duplicate of which shall be delivered to the user of such motor fuel, and the original shall be retained by the refund dealer for a period of two (2) years, at the place of business designated in the refund dealer's license, in the same manner
and subject to the same examination as required of other records of motor fuel to be kept.

Each invoice of exemption shall be issued at the time of delivery by the refund dealer, or his employee, and shall also be signed by the user of such motor fuel, or by his duly authorized agent. But, if the user of such motor fuel is not present at the time of delivery, and cannot sign the invoice of exemption at the time of delivery, then he shall be required to sign such invoice at his first opportunity thereafter. The refund dealer or employee of said refund dealer shall not sign for the purchaser when issuing the invoice of exemption.

(d) When a claimant purchases or acquires for use motor fuel upon which a refund of the tax may be due, he shall within six (6) months from the date of delivery of the motor fuel upon which a refund is claimed, and not thereafter, file with the Comptroller an affidavit, on such form as may be prescribed by the Comptroller. Said affidavit shall include a statement as to the source or place of purchase or acquisition of such motor fuel used for purposes other than in propelling motor vehicles over the highways of this State; that the information stated in the attached duplicate copy of the invoice of exemption is true and correct, and the manner in which said motor fuel was used, and that no part of said motor fuel was used in propelling motor vehicles over the highways of this State. Said affidavit shall be accompanied by the duplicate copy of the invoice of exemption above referred to, and the Comptroller may require other affidavits in such form and time as he may deem advisable, and if he finds that such claims are just, and that the taxes claimed have actually been paid by claimant, then he shall issue warrant or warrants for the amounts due claimant, but no warrant shall be paid by the State Treasurer unless presented for payment within two (2) years from the close of the fiscal year in which said warrant was issued, but claims for the payment of such warrant may be presented to the Legislature for appropriation to be made from which said warrants may be paid.

No refund shall be made where motor fuel is used later than six (6) months from date of delivery or appropriation, and no refund shall ever be made where it appears from the invoice, or from the affidavits, or other evidence submitted, that the sale or purchase was made more than six (6) months prior to the date of filing of the application for refund. The date of filing shall be the day such claim is actually received in the Comptroller's office. In addition to other penalties prescribed in this Article, it is herein provided that a felony conviction for a violation of any provision of this Section of said Article shall automatically forfeit the right of said convicted person to sell motor fuel for refund purposes, and shall forfeit the right of said convicted person to file a claim and obtain a refund for a period of one (1) year from the date of said conviction.

No refund of the tax shall be allowed on motor fuel used in any registered or licensed motor vehicle or in any motor vehicle operated or intended to be operated in whole or in part upon any of the highways, roads, and streets of this State.

If any distributor, or other person, shall export or lose by fire or other accident any motor fuel in quantities of one hundred (100) gallons or more, so that the same may never be made use of within this State, after the tax has been paid on such motor fuel, claim for refund may be made in the manner herein provided, or as the Comptroller may direct. Provided, however, that showing must be made that said tax was paid or accounted for by a licensed and bonded distributor, and the Comptroller shall deduct from such refund made under the provisions of this Article the one (1) per cent deduction allowed distributors.
(e) When the Comptroller has issued a refund dealer's license to any person desiring to sell or distribute motor fuel upon which a refund of the tax is authorized, or upon which a claim is to be filed for a refund of the tax, the Comptroller shall issue to such refund dealer a book, or books, of blank invoices of exemption, which invoices shall be serially numbered, and an original and a duplicate of each invoice shall be made. The Comptroller shall keep accurate records of the number of books of invoices of exemption issued and furnished to each refund dealer, and the refund dealer shall, at all times, account for all such books of invoices of exemption so received by him. Any invoices of exemption mutilated or unusable must be returned to the Comptroller by the refund dealer for credit to his account, and any unissued invoice of exemption lost or destroyed must be reported to the Comptroller by such refund dealer. The Comptroller shall not issue any additional books of invoices of exemption to any refund dealer until he has made proper accounting for each invoice of exemption theretofore issued him. The books of invoices of exemption issued are not transferable or assignable by such refund dealer unless such transfer or assignment is authorized by the Comptroller, and failure by such refund dealer to make proper accounting for all invoices of exemption issued to him by the Comptroller shall be cause for the cancellation of his license as a refund dealer as herein provided.

If the duplicate invoice of exemption retained by purchaser is lost, or destroyed, by purchaser, such purchaser may make application to the Comptroller for forms to be issued in lieu of lost duplicate.

The invoice of exemption required by this Article shall be furnished, free of cost, by the Comptroller to the refund dealer. And, no forms of invoice of exemption shall be used by the dealer or person using refund motor fuel other than those issued and furnished by the Comptroller.

(f) All filing fees shall be paid into the State Treasury and be paid out on vouchers and warrants in such manner as may be prescribed by law.

(g) All the moneys paid into the Treasury under the provisions of this Article, except the filing fees provided herein, shall be set aside in a special fund to be known as the Highway Motor Fuel Tax Fund and no part of said fund shall be credited to the Available School Fund until a report is made by the Comptroller to the Treasurer, showing the total maximum amount of refunds that may be required to be paid by the State out of said funds. The Comptroller shall on the 20th day of each month, or as soon thereafter as is possible, compute and ascertain the maximum amount of funds that may be due by the State on sale of motor fuel during the preceding month, upon which a refund may be due, and shall certify to the Treasurer the maximum amount, and the Treasurer shall reserve said amount each month out of which to pay refunds, and shall not distribute that part of said fund until the expiration of the time in which a refund can be made out of said fund, but as soon as said report has been made by the Comptroller and the maximum amount of refunds determined, he shall deduct said maximum amount from the total taxes paid for such month, and apply the remainder of such as provided by law. If the claimant has lost or loses, or for any reason failed or fails to receive warrant after warrant was or has been issued by the Comptroller, and upon satisfactory proof of such, the Comptroller may issue claimant duplicate warrant as provided for in Article 4365, Revised Civil Statutes of Texas, of 1925.

(h) So much of said fund is hereby appropriated and set aside as may be necessary to pay the refunds provided for herein, and if a specific amount be necessary then there is hereby appropriated and set aside for
said purpose the sum of Two Hundred Thousand Dollars ($200,000), or so much thereof as may be necessary. In no event shall any refund be made to any person in excess of the actual amount paid by such person, and the amount deducted originally by the distributor shall be deducted in computing the refund. The Comptroller shall deduct fifty (50) cents from all such refunds as a filing fee, which fee shall be deducted from the warrant issued in payment of such refund, which said filing fee shall be set aside for the use and benefit of the Comptroller in the administration and enforcement of this Article, as well as for the payment of expenses in furnishing the form of invoice of exemption and other forms provided for herein, and the same is hereby appropriated for such purpose. Acts 1941, 47th Leg., p. 269, ch. 184, Art. XVII, § 13.

Art. 7065b—14. Liquefied gas and other liquid fuels; tax on; permit to use; bond; application; payment of tax; release of sureties; connection of carburetor with cargo tank forbidden; records; enforcement

(a) From and after the effective date of this Article, there shall be and is hereby levied and imposed an excise tax of four (4) cents per gallon, or fractional part thereof, on all users of liquefied gases, and eight (8) cents per gallon, or fractional part thereof, on all users of other liquid fuels, upon the use of such liquefied gases and other liquid fuels by any person within this State only when such liquefied gases and other liquid fuels are used in an internal combustion engine for the generation of power to propel motor vehicles upon the public highways of this State. The said tax shall be computed and paid to the State of Texas through the Comptroller at the time and in the manner hereinafter provided.

The term “use” wherever used in this Section shall mean and include the consumption of “liquefied gases” and “other liquid fuels,” as those terms are defined in Section 1 of this Article, by any person in a motor vehicle for the propulsion thereof upon the public highways of this State.

Each “user” shall be prima facie presumed to have used or consumed for taxable purposes all liquefied gases and other liquid fuels shown by a duly verified audit of the Comptroller to have been purchased or received by him, and not accounted for.

From and after the effective date of this Article, any person using, or who may thereafter desire to use liquefied gases or other liquid fuels defined herein, for the purpose of the propulsion of motor vehicles upon the public highways of this State, shall file with the Comptroller of Public Accounts, an application for a permit to use said products, as hereinafter provided, in such form as the Comptroller may prescribe, giving correct name and address of the person making application, the make, horsepower, motor number, highway license number, and fuel tank capacity of each vehicle intended to be used, including all auxiliary tanks, and a new application shall be filed on or before December 31st of each year for a permit for the subsequent calendar year. The application shall carry an agreement to file information with the Comptroller of any additional equipment acquired, or any changes in equipment being used, during the period for which permit is issued, and such other information as the Comptroller may require. Said permit may be revoked for violation of any provision hereof.

Tex.St.Supp. '42—36
(b) Concurrently with the filing of said application, every user shall file with the Comptroller a bond in the amount of One Hundred Dollars ($100) for each vehicle to be used, which bond shall be executed by a surety company or surety companies, acceptable to the Comptroller, who is authorized to write surety bonds within this State or the equivalent in cash, or securities, to be approved by the Comptroller. Said bond shall be posted to guarantee payment of taxes levied herein, together with penalties and interest, and shall be conditioned upon the compliance with all other provisions of this Article affecting said user, and shall be upon a form prepared by the Attorney General of Texas. Cash or securities pledged in lieu of bond shall be held in suspense by the Comptroller until all requirements of this Article applicable to the user have been complied with. Provided, the Comptroller may permit an exchange of bonds, or require new bonds as his discretion may direct.

Surety bonds posted under the requirements of this Section shall expire on December 31st of each year, and may be continued in force for the succeeding twelve (12) months by renewal certificate issued by the surety thereon. Bonds may be increased or reduced by certificate of the surety thereon, effective to December 31st succeeding, if additional vehicles shall be acquired by the user, or if the number of vehicles is reduced during the period covered by the license and bond.

(c) The application in proper form and bond, cash, or securities having been filed with and accepted by the Comptroller, a nontransferable permit, or certificate of said permit, shall be issued to the person, which shall expire on December 31st subsequent to the issuance thereof, and which shall be serially numbered and signed by the Comptroller, for each vehicle enumerated within the application, and shall have written thereon the highway license number and factory motor number of the vehicle. Said certificate shall be appropriately worded to identify the person or his agent as licensee under the provisions of this Article, entitled to use liquefied gases or other liquid fuels described herein, assuming the tax liability incurred by the use thereof, and a certificate of such permit to be furnished by the Comptroller shall be framed and affixed in the cab of said vehicle to accompany said vehicle whenever used in this State.

(d) Every "user" of liquefied gases or other liquid fuels in this State shall upon the 20th day of each calendar month pay to the State of Texas, at the office of the Comptroller, at Austin, Travis County, Texas, the amount of tax levied herein and due upon all the liquefied gases and other liquid fuels used by him during the calendar month next preceding, and at the same time such user shall make and deliver to the Comptroller, at his office in said City, County, and State, a report properly sworn to, showing the date said report was executed, the name and address of said user and the month which the report covers, and which report shall show separately the number of gallons of liquefied gases and other liquid fuels on hand at the beginning and end of each month, the number of gallons purchased, received, or acquired in any manner in Texas, the number of gallons imported into Texas in the fuel tank of a motor vehicle, or otherwise, and the number of gallons used in each motor vehicle separately, showing the make, horsepower, and license number of each said motor vehicle, and the number of gallons sold or otherwise disposed of. Said report shall also show complete information concerning each person from whom said products were purchased, including the name and address of such person, the date of each purchase, the number of gallons purchased from each person, and the kind of product purchased, showing liquefied gases separately from other liquid fuels purchased.

(e) It is expressly provided that any carrier-for-hire operating under a certificate of convenience and necessity issued by the Railroad Com-
mission of this State, and who is not engaged in the business of selling or distributing motor fuel or other taxable petroleum products, or in transporting such products for the purpose of sale or distribution for sale, and any person operating motor buses under franchises or licenses issued by municipalities, who purchase from bonded distributors holding permits under the terms of this Article, all the liquefied gases and other liquid fuels used by said carriers and said persons in propelling motor vehicles upon the public highways of this State, in quantities of not less than five hundred (500) gallons at a single purchase and delivery, shall, if the tax is paid by said carrier or person to said distributor at the rate of four (4) cents upon each gallon of said liquefied gases or other liquid fuels except diesel fuel, in which case the rate of eight (8) cents upon each gallon, so purchased or received, be exempt from the provisions of this Section requiring a user's permit to purchase, possess and use such products, and the other provisions incident to such user's permit. Provided, however, that said carriers and said persons shall be required to file information with the Comptroller showing the make, horsepower, motor number, highway license number, and the fuel tank capacity, including auxiliary fuel tanks, of each and every motor vehicle using said products, and information showing any additional motor vehicles acquired and using said products, and any changes in such motor vehicles being used. The said persons and carriers shall be required to secure upon each purchase or receipt of liquefied gases and other liquid fuels and keep for a period of two (2) years for the inspection of the Comptroller, or his authorized representatives, a manifest, containing all the information required to be recorded thereon by Section 9 (b) of this Article. Provided further, that any distributor who shall collect the said tax upon the sale or distribution of liquefied gases or other liquid fuels as hereinabove provided, shall be required to include the said tax so collected in the report and remittance required to be delivered to the Comptroller by Section 3 of this Article. Failure to report and pay over to the State of Texas any taxes collected by a distributor upon the sale or distribution of said products shall subject said distributor to all the liabilities, penalties, forfeitures, interest and costs provided in this Article for the failure to report and pay to the State of Texas motor fuel taxes collected.

(f) Any surety on any bond furnished by any user as above provided shall be released and discharged from any and all liability to the State of Texas accruing on such bond after the expiration of thirty (30) days from the date upon which such surety shall have lodged with the Comptroller written request to be released and discharged. Provided, however, that such request shall not operate to relieve, release, or discharge such surety from any liability already accrued, or which shall accrue before the expiration of said thirty (30) day period. The Comptroller shall promptly on receipt of notice of such request notify the user who furnished such bond, and unless such user shall on or before the expiration of such thirty (30) day period file with the Comptroller a new bond with a surety company duly authorized to do business under the laws of the State, in the amount and form hereinbefore in this Section provided, the Comptroller shall forthwith cancel the permit of said user. If such new bond shall be furnished by said user as above provided, the Comptroller shall cancel the bond for which such new bond was substituted. Provided further, that suit may be filed against any surety or sureties on any bond furnished by a user, without first resorting to or exhausting the assets of said user or without making said user, as principal obligor in said bond, a party to said suit.
(g) All taxes, penalties, interest, and costs due by any user to the State shall be secured by a preferred lien, first and prior to any and all other existing liens, contract or statutory, legal or equitable, regardless of the time such liens originated, upon the motor vehicles or other equipment in which said taxable liquefied gases or other liquid fuels were used.

(h) After this Article becomes effective as a law, it shall be unlawful for any distributor or dealer to make sales and deliveries of liquefied gases or other liquid fuels as defined herein into the fuel tank of any motor vehicle for the propulsion of motor vehicles, to any person who does not at the time hold and exhibit a valid use tax permit or certificate thereof issued by the Comptroller authorizing such purchases.

(i) From and after the effective date of this Article, no vehicle shall operate upon the highways of this State with connection from cargo to carburetor for the purpose of withdrawing gas, liquefied gas, or other liquid fuel from said cargo tank; and fuel tanks, including auxiliary fuel tanks, shall be separate and apart from cargo tank, with no connection by pipe, tube, valve, or otherwise. It shall be a violation of this Article to sell and deliver liquefied gas, or other liquid fuel, from any fuel tank or auxiliary fuel tank.

(j) Users as defined herein shall maintain for the inspection of the Comptroller, or his authorized representatives, complete records of purchases or other receipts of such liquefied gases and other liquid fuels for a period of two (2) years, and shall keep a complete record of the quantity of liquefied gases and other liquid fuels consumed separately in each motor vehicle in operation in this State. Such record shall include all the information to be contained in the report required herein to be filed with the Comptroller. Provided further, that all persons selling liquefied gases and other liquid fuels in this State shall keep for two (2) years a complete record of each sale of said products made to a user.

Nonresident users shall be required to exhibit records in this State upon request of the Comptroller or his authorized agents.

In event the records and reports of a user have not been maintained and filed with the Comptroller, as provided herein, the said Comptroller is hereby authorized to fix or establish the amount of tax, penalties, and interest due as shown by a verified audit of any records available to him or upon a basis of miles traveled by the motor vehicles of such user, and if the tax claim as developed by such procedure is not paid, the said claim shall be admissible in evidence in any suit or judicial proceedings filed by the Attorney General, and shall be prima facie evidence of the contents thereof; provided, however, that the prima facie presumption of the correctness of said claim may be overcome, upon the trial, by evidence adduced by said user.

(k) In order to enforce the provisions of this Article, the Comptroller, or his authorized agents, any highway patrolman, officer of the Department of Public Safety, Sheriff, Constable, or their deputies, and all other peace officers, are empowered to stop any motor vehicle which might appear to be using liquefied gas or other products described herein for the propulsion of said vehicle, for investigation. Art. 7065b—15. Inspection of premises, books and records

For the purpose of enabling the Comptroller, or his authorized representatives, to determine the amount of tax collected and payable to the State and the amount of said tax accruing and due for motor fuel used by a distributor, refinery, dealer, user, or other person, dealing in or possessing motor fuel, crude oil, or other derivatives or condensates of crude petroleum or natural gas, or their products or to determine whether a tax liability has been incurred, they shall have the right to inspect any premises where motor fuel, crude petroleum, natural gas, or any other derivatives or condensates of crude petroleum, natural gas, or their products are produced, made, prepared, stored, transported, sold or offered for sale or exchange, examine all of the books and records required herein to be kept, and any and all books and records that may be kept incident to the conduct of the business of said distributor, refinery, or other person, dealing in or possessing motor fuel, crude oil, or other derivatives or condensates of crude petroleum, or their products. The said authorized officers shall also have the right, as an incident to determining said tax liability or whether a tax liability has been incurred, to examine and gauge or measure the contents of all storage tanks, containers, and other property or equipment, and to take samples of any and all products stored therein. For the foregoing purposes, said authorized officers shall also have the right to remain upon said premises for such length of time as will be necessary to fully determine said tax liability, or whether a tax liability has been incurred.

Art. 7065b—16. Cancellation, refusal of issuance, extension or reinstatement of license; grounds; notice; hearing; appeal

The Comptroller, or any duly authorized representative of said Comptroller, is hereby authorized to cancel, or to refuse the issuance, extension, or reinstatement of any motor fuel distributor's permit, any user's permit, or any refund dealer's license, as provided under the terms of this Article, to any person who has violated or has failed to comply with any duly promulgated rule and regulation of the Comptroller, or any of the provisions of this Article, including any of the following offenses, which may be applicable to such permittee or licensee: (a) failure or refusal to remit or pay to the State of Texas any tax levied herein, which said tax is shown to have accrued and to be owing to said State by a duly verified audit made by an authorized representative of the Comptroller, from any report filed with said Comptroller or from any books or records required to be kept or any books or records authorized to be audited by the provisions of this Article; (b) failure to file any return or report required under the provisions of this Article; (c) the making and filing with the Comptroller any false or incomplete return or report required under the provisions of this Article; (d) failure to keep any books and records for the period and in the manner required herein to be kept; (e) the falsifying, destroying, mutilating, removing from the State, or secreting any such books and records; (f) refusal to permit the Comptroller, Attorney General, or their authorized representatives, to inspect, audit, and examine any books and records required herein to be kept, or any pertinent records that may be kept, or to inspect any premises said persons are authorized herein to in-
spect; (g) refusal to permit the Comptroller, Attorney General, or their authorized representatives, to inspect, examine, measure, gauge, and take samples from any truck, tank, pump, or container said persons are authorized to inspect, examine, measure, gauge, and take samples from, under the provisions of this Article; (h) the forging or falsifying of any invoice of exemption herein provided, or the making of any false statement in any claim for refund filed with the Comptroller under the provisions of this Article; (i) the engaging in any business requiring a permit or license under the provisions of this Article, without obtaining and possessing a valid permit or license.

Before any permit or license may be cancelled or the issuance, reinstatement, or extension thereof refused, the Comptroller shall give the owner of such permit or license, or applicant therefor, not less than five (5) days notice of a hearing at the office of the Comptroller, in Austin, Travis County, Texas, granting said owner or applicant an opportunity to show cause before said Comptroller, or his duly authorized representative, why such action should not be taken. Said notice shall be in writing and may be mailed by United States registered mail to said owner or applicant, at his last known address, or may be delivered by a representative of the Comptroller, to said owner or applicant, and no other notice shall be necessary. The Comptroller may prescribe his own rules of procedure and evidence for such hearings.

If, after said hearing or opportunity to be heard, the permit or license is cancelled by the Comptroller, or his duly authorized representative, all taxes which have been collected or which have accrued, although said taxes are not then due and payable to the State, except by the provisions of this Section, shall become due and payable concurrently with the cancellation of such permit or license, and the permittee or licensee shall forthwith make a report covering the period of time not covered by preceding reports filed by said permittee or licensee, and ending with the date of cancellation and shall remit and pay to the State of Texas all taxes, which have been collected and which have accrued from the sale, use, or distribution of motor fuel or the use of liquefied gases or other liquid fuels in this State.

After being given notice of any such order of cancellation, it shall be unlawful for any person to continue to operate his business under any such cancelled permit or license.

An appeal from any order of the Comptroller, or his duly authorized representative, cancelling or refusing the issuance, extension, or reinstatement of any permit or license may be taken to the District Court of Travis County, Texas, by the aggrieved permittee, licensee, or applicant. The trial shall be de novo under the same rules as ordinary civil suits with the following exceptions, which shall be considered literally, viz: (1) all appeals shall be perfected and filed within thirty (30) days after the effective date of the order, decision, or ruling of the Comptroller or his duly authorized representative; (2) such proceedings shall have precedence over all other causes of a different nature; (3) all such cases shall be tried within ten (10) days from the filing thereof; (4) the order, decision, or ruling of the Comptroller, or his duly authorized representative, may be suspended or modified by the court pending a trial on the merits. Art. 7065b—17. Failure or refusal to collect or remit; suits; reports as evidence; certificate under seal of order, rule, bond or other instrument

(a) If any distributor fails or refuses to collect and remit or to pay to the Comptroller any tax, penalties, or interest within the time and manner provided by this Article, and it becomes necessary to bring suit or to intervene in any manner for the establishment or collection of said claim, in any judicial proceedings, any report filed in the office of the Comptroller by such distributor or his representative, or a certified copy thereof certified to by the Comptroller or his Chief Clerk, showing the amount of motor fuel sold by such distributor or his representative, on which such tax, penalties, or interest have not been remitted or paid to the State, or any audit made by the Comptroller or his representatives, from any books or other records required to be kept or that may be kept by said distributor, when signed and sworn to by such representative as being made from said books and records of said distributor or from any books or records of any person from whom such distributor has bought, received, delivered, or sold motor fuel, crude oil, or the derivatives of crude oil, or natural gas, or from the books and records of any transportation agency, who has transported any of said products, such report or audit shall be admissible in evidence in such proceedings, and shall be prima facie evidence of the contents thereof; provided, however, that the prima facie presumption of the correctness of said report or audit may be overcome, upon the trial, by evidence adduced by said distributor.

(b) A certificate under the seal of the Comptroller executed by said Comptroller or his Chief Clerk, setting forth the terms of any order, rule, regulation, bond, or other instrument, referred to in this Article, and that the same had been adopted, promulgated, and published or executed and filed with the Comptroller, and was in force and effect at any date or during any period specified in such certificate, shall be prima facie evidence of all such facts, and such certificate shall be admitted in evidence in any action, civil or criminal, involving such order, rule, and regulation, and the publication thereof, without further proof of such promulgation, adoption, or publication, and without further proof of its contents, and the same provision shall apply to any bond or other instrument referred to herein. Art. 7065b—18. Violations of act; penalties; venue of suits; injunction against collection of taxes; bond in lieu of payment into suspense account

If any person affected by this Article (a) shall fail to pay to the State of Texas any tax due and owing under the provisions of this Article, or (b) shall fail to keep for the period of time provided herein any books or records required, or (c) shall make false entry or fail to make entry in the books and records required to be kept, or (d) shall mutilate, destroy, secrete, or remove from this State, any such books or records, or (e) shall refuse to permit the Comptroller, the Attorney General, or their authorized representatives to inspect and examine any books or records required to be kept, or any other pertinent books or records, incident to the conduct of his business that may be kept, or (f) shall
make, deliver to, and file with the Comptroller a false or incomplete return or report, or (g) shall refuse to permit the Comptroller, or his authorized representatives, to inspect any premises where motor fuel, crude petroleum, natural gas, or any derivative or condensate thereof are produced, made, prepared, stored, transported, sold, or offered for sale or exchange, or (h) shall refuse permission to said persons to examine, gauge, or measure the contents of any storage tanks, vehicle tanks, pumps, or other containers, or to take samples therefrom, or (i) shall refuse permission to said persons to examine and audit any books, records, and gauge reports kept in connection with or incidental to said equipment, or (j) shall refuse to stop and permit the inspection and examination of any motor vehicle transporting motor fuel or using liquefied gas or liquid fuel, upon demand of any person authorized to inspect the same, or (k) shall fail to make and deliver to the Comptroller such return or report as required to be made and filed, or (l) shall forge or falsify any invoice of exemption herein provided, or (m) shall make any false statement in any claim for refund of motor fuel taxes as to any material fact required to be given, or if any said person (n) shall fail or refuse to comply with any provision of this Article or shall violate the same, or (o) shall fail or refuse to comply with any rule and regulation promulgated hereunder by the Comptroller, or violate the same, he shall forfeit to the State of Texas as a penalty the sum of not less than Twenty-five Dollars ($25), nor more than Five Hundred Dollars ($500). Each day's violation shall constitute a separate offense and incur another penalty, which, if not paid, shall be recovered in a suit by the Attorney General in a court of competent jurisdiction in Travis County, Texas, or any other court of competent jurisdiction having venue under existing venue Statutes. Provided, however, that in addition to the penalties shown, if any distributor or user does not make remittance for any taxes collected, or pay any taxes due the State by said distributor or user, within the time prescribed by law, said distributor or user shall forfeit two (2) per cent of the amount due; and if not remitted or paid within twenty (20) days from the due date, he shall forfeit an additional eight (8) per cent penalty. All past due taxes and penalties shall draw interest at the rate of ten (10) per cent per annum.

The venue of any suit, injunction, or other proceeding at law or in equity available for the establishment or collection of any claim for delinquent taxes, penalties, or interest accruing hereunder and the enforcement of the terms and provisions of this Article, shall be in a court of competent jurisdiction in Travis County, Texas, or in any other court having venue under existing venue Statutes.

Provided further, that before any restraining order or injunction shall be granted against the Comptroller, or his authorized representatives, to restrain or enjoin the collection of any taxes, penalties, and interest imposed by this Article, the applicant therefor shall pay into the suspense account of the State Treasurer all such taxes, penalties, and interest showing to be due and owing to the State by any audit made by the Comptroller, or his duly authorized representative, when said audit has been certified to by the Comptroller or his Chief Clerk, and has been signed under oath by said authorized representative as having been made from the books and records of said applicant, whether or not required to be kept under the provisions of this Article, or from the books and records of any person from whom such applicant has purchased, received, delivered, or sold motor fuel, liquefied gases, or other liquid fuels, or from the books and records of any transportation agency, which has transported such products to or from said applicant. Provided, however, that
said applicant may, in lieu of paying said taxes, penalties, and interest into the suspense account of the State Treasurer, file with said Treasurer a good and sufficient surety bond in the amount and form and under the conditions provided in Section 1, Chapter 310, Acts of the Regular Session of the Forty-fifth Legislature,¹ and the provisions of said Section 1, Chapter 310, are hereby made applicable to any suit filed to restrain or enjoin the collection of any such taxes, penalties, and interest imposed by this Article. Any proceedings to enjoin the collection of such taxes, penalties, and interest, or the enforcement of any provision of this Article shall be in a court of competent jurisdiction in Travis County, Texas. Art. 7065b—19. Comptroller authorized to measure containers; rules and regulations; design of vehicle tanks; testing and measuring of tanks; violations

(a) For the purpose of enforcing the collection of the tax levied by this Article, and to enable the Comptroller to ascertain whether or not the tax has been paid or accounted for on all motor fuel and other products which can be used as motor fuel, which may be transported in this State, the said Comptroller and his authorized representatives are hereby vested with the power and authority to measure, calibrate and determine the capacity in gallons of any vehicle tank or other container in which motor fuel, blending materials, liquefied gases and liquid fuels are transported. The Comptroller is hereby given the power and authority to promulgate and enforce any rules and regulations, which he may deem necessary to the best enforcement of the provisions of this Section.

All vehicle tanks, and all devices designed to be attached thereto and used in connection therewith, and all other containers in which any of the foregoing products are transported, shall be of such design and construction that they do not facilitate the perpetration of fraud. Each compartment of said vehicle tank or other container shall be conspicuously marked on, or immediately under, the dome thereof with a designating figure, or letter and the capacity of said compartment and each delivery faucet shall be marked with the capacity and a corresponding figure or letter to indicate the compartment of which it is the outlet. In addition, the total capacity of all compartments of each vehicle tank shall be conspicuously marked in letters of not less than two (2) inches in height on the rear of each such vehicle tank. The Comptroller's test or certificate number shall also be printed on the rear of each vehicle tank. When a motor vehicle carrying a vehicle tank is equipped with side tanks or other auxiliary tanks or compartments, such additional tanks and compartments shall comply with all of the specifications applicable to vehicle tanks. No vehicle shall transport motor fuel upon the public highways of this State with connection from any cargo tank or container to the carburetor for the purpose of withdrawing motor fuel from said cargo tank or container, and fuel tanks, including auxiliary fuel tanks shall be separate and apart from the cargo tank, with no connection by pipe, tube, valve or otherwise. It shall be a violation of this Article to sell or distribute motor fuel from any fuel tank or auxiliary fuel tank connected with the carburetor of any motor vehicle or to withdraw said motor fuel from any such fuel tank or auxiliary fuel tank for
the purpose of sale. The measurement certificate shall be carried with
the vehicle tank for which it is issued and the Comptroller or his au-
thorized representatives shall have the authority to impound and hold
any truck, for a period not to exceed seventy-two (72) hours, until said
certificate is produced. The owner of any vehicle tank or other con-
tainer tested and measured may be required to pay a reasonable fee to
any city or any person for the water used in the measurement of such
tank or container.

If any vehicle tank or other container shall, after having been tested,
become damaged, repaired or modified in any way which might affect
the accuracy of measurement of its receipts and deliveries, it shall not
again be used for the sale or transportation of motor fuel, blending ma-
terials, liquefied gases and liquid fuels until officially reinspected, and,
if deemed necessary, retested and remeasured.

(b) From and after the effective date of this Article, and before
using any vehicle tank or other containers in the transportation of motor
fuel, blending materials, liquefied gases and liquid fuels, except in quanti-
ties of thirty (30) gallons or less in the fuel tank feeding the carburetor
of the motor vehicle, every person shall have every such vehicle tank or
other containers, subject to the provisions of this Section, tested, measured
and calibrated by a representative of the Comptroller and shall obtain a
measurement certificate from said Comptroller, showing the capacity of
each such vehicle tank and other container. Provided, however, that the
Comptroller may, at his discretion, accept any weights and measures
certificate issued by the Division of Weights and Measures of the De-
partment of Agriculture, State of Texas, without retesting or remeasur-
ing said vehicle tank or containers.

It is further provided that carriers-for-hire operating under valid
permits or certificates of convenience and necessity issued by the Rail-
road Commission of the State of Texas, and not engaged in transporting
motor fuel or other taxable petroleum products for the purpose of sale
or distribution for sale, and persons operating motor buses under fran-
chises or licenses issued by municipalities, shall not be required to pro-
duce for inspection or measurement or to have tested, measured and
calibrated, any fuel tank with a capacity not exceeding one hundred (100)
gallons, connected to and feeding the carburetor of any motor vehicle own-
ed or operated by said carriers or said persons, when such fuel tank is used
exclusively for furnishing fuel to propel the motor or engine of said
motor vehicle, and none of the contents thereof is sold or transported
for sale, distribution or delivery to any other person. Provided, how-
ever, that this exemption shall not apply to the fuel tank of any motor
vehicle used to transport motor fuel or other taxable petroleum products
for sale or distribution for sale.

All authorized representatives of the Comptroller shall have the
power and authority to inspect, test, measure, or remeasure vehicle tanks
and other containers used to transport motor fuel, blending materials,
liquefied gases and other liquid fuels, or containers from which said
products are sold, or to correct, condemn or mark "out of order" any
such vehicle tanks or containers which may be so constructed as to
prevent accurate measurement or which are not constructed in conformi-
ty with the provisions of this Act or the rules and regulations promulgat-
ed hereunder.

(c) Whoever shall remove, obliterate, or change any measurement
certificate, tag, marking, or device made by any authorized representative
of the Comptroller, or placed upon any vehicle tank or other container,
or shall refuse or neglect to produce for inspection and measurement, at
the time and place fixed by the Comptroller, not to exceed one hundred
(100) miles from the point which is the customary base of operation of
such truck, any vehicle tank or other container in his possession or
under his control, or shall transport such products in any vehicle tank
or other container which has been condemned or tagged "out of order"
by any authorized representative of the Comptroller, or whoever shall
fail to comply with any provision of this Section or any reasonable rule
and regulation promulgated under the provisions of said Section, or
shall violate the same, shall be guilty of a misdemeanor, and upon con¬
viction, shall be punished by a fine of not less than Twenty-five Dollars
($25) nor more than Two Hundred Dollars ($200). Acts 1941, 47th
Leg., p. 269, ch. 184, Art. XVII, § 19.
Approved May 1, 1941. Penalties, fines, forfeitures or penal of¬
fenses as cumulative, see article 7083b.

Art. 7065b—20. Enforcement of act; stopping vehicles; seizure; for¬
feiture; proceeding; hearing; decree; sale; summary proceedings

(a) In order to enforce the provisions of this Article, the Comp¬
troller, his authorized representative, or any Highway Patrolman, Sher¬
iff, Constable, and their deputies, and all other peace officers are em¬
powered to stop any motor vehicle which might appear to be trans¬
porting motor fuel or other derivatives of crude petroleum or natural
gas, or their products, as cargo, for the purpose of examining the mani¬
fest required to be carried, for examination of the commodity in transit,
to take samples of the cargo, and for such other investigations as could
reasonably be made to determine whether the cargo was motor fuel or
other derivatives of crude petroleum, natural gas, or their products, and
whether the manifest indicates that the State tax was a part of the con¬
sideration involved in the sale or distribution of any motor fuel car¬
rried. If, upon said examination, it is found that the driver of any such
motor vehicle transporting motor fuel does not possess or refuses to
exhibit a manifest required herein, or if said manifest carried is false
or incomplete, said authorized officers shall impound and take possession
of the said motor vehicle and its contents, and unless proof is produced
within seventy-two (72) hours from the beginning of such impoundment
that the motor fuel has been sold with the State tax as a part of the con¬
sideration therefor, said motor vehicle and its contents shall be deliv¬
ered to the Comptroller or his authorized representatives for forfeiture
and sale as hereinafter provided.

(b) All motor fuel on which taxes are imposed by this Article, which
shall be found in the possession, or custody, or within the control of
any person for the purpose of being sold, transported, removed, or used
by him in fraud of the Motor Fuel Tax Law, and all motor fuel which is
removed or is deposited, stored, or concealed in any place with intent
to avoid payment of taxes levied thereon, and any automobile, truck,
tank truck, boat, conveyance, or other vehicle whatsoever used in the
removal or transportation of such motor fuel for such purposes, and
all equipment, paraphernalia, storage tanks, or other tangible personal
property incident to and used for such purpose found in the place, build¬
ing, or vehicle where such motor fuel is found may be seized by the
Comptroller, and the same shall be from the time of such seizure for¬
teit to the State of Texas, and a proceeding in the nature of a pro¬
ceeding in rem shall be filed in a court of competent jurisdiction in the
county of seizure to maintain such seizure and declare and perfect said
forfeiture as hereinafter provided. All such motor fuel, vehicles, and
property seized as aforesaid, remaining in the possession or custody of the Comptroller, Sheriff, or other officer for forfeiture or other disposition as provided by law, shall be deemed to be in the custody of law and irrepleviable for a period of thirty (30) days, after which time, if no suit has been filed or summary proceedings begun for forfeiture as hereinafter provided, such property shall be subject to replevy.

The Comptroller, when making the seizure aforesaid, shall immediately make a written report thereof showing the name of the agent or representative making the seizure, the place or person where and from whom such property was seized, and an inventory of same, and appraisal thereof at the usual and ordinary retail price of the article seized, which report shall be prepared in duplicate, signed by the agent or representative so seizing, the original of which shall be given to the person from whom said property is taken, and a duplicate copy of which shall be filed in the office of the Comptroller and shall be open to public inspection.

The Attorney General, or the District or County Attorney of the county of seizure, shall, at the request of the Comptroller, file in the county and court aforesaid forfeiture proceeding in the name of the State of Texas as plaintiff, and against the owner or person in possession as defendant, if known, and if unknown, then against said property seized and sought to be forfeited. Upon the filing of said proceeding, the Clerk of said court shall issue notice to the owner or person in possession of such property to appear before such court upon the date named therein, which shall not be less than two (2) days from service of such notice, to show cause why the forfeiture aforesaid should not be declared, which notice shall be served by the Sheriff of said county. In the event the defendant in said proceeding is a nonresident of the State or his residence is unknown, or in the event the name of such defendant is unknown, upon affidavit by the Comptroller to this effect, notice or process shall be served or published in the mode and manner provided by existing Statutes for service of citation upon nonresidents or unknown defendants, or defendants whose residence is unknown; provided, however, such proceeding may be heard at any time after ten (10) days from completion of the service of such process or the first publication of such notice. Treasurer to the Teacher Retirement System until such time as the total additional amounts so deposited by the State of Texas shall be equivalent to the total amount contributed by the members of the Retirement System from September 1, 1937, to September 1, 1941, as certified by the State Board of Trustees of the Teacher Retirement System.

(4) After the above allocations and payments have been made from such Clearance Fund, there shall be paid therefrom into the Old-Age Assistance Fund on the first of each month, such sum, which, taken with other sums paid into such Old-Age Assistance Fund by virtue of other laws still in force, will equal a total of One Million Seven Hundred Fifty Thousand ($1,750,000.00) Dollars, and such sum is hereby appropriated for the use provided by law for such Old-Age Assistance Fund. Should such payments into the Old-Age Assistance Fund by virtue of other laws exceed One Million Seven Hundred Fifty Thousand ($1,750,000.00) Dollars, in any one month, then not more than One Million Seven Hundred Fifty Thousand ($1,750,000.00) Dollars of such shall be expended for old-age assistance in such month, and the remainder in excess thereof shall be withheld until the succeeding month or months and be taken into consideration in allocating funds from the Clearance Fund to the Old-Age Assistance Fund, and the amount paid in from the Clearance Fund into the Old-Age Assistance Fund shall be reduced accordingly to the end that a stationary sum of One Million Seven Hundred Fifty Thousand ($1,750,000.00) Dollars per month be available from State funds for old-age assistance; provided, however, for the balance of the fiscal year ending August 31, 1941, the payments into the Old-Age Assistance Fund shall be made in the same manner as provided above. However, in the event the total paid from all sources into the Old-Age Assistance Fund including the amount allocated to the Old-Age Assistance Fund from the Clearance Fund on the first day of each month as provided above, does not amount to One Million Seven Hundred Fifty Thousand ($1,750,000.00) Dollars for each month after the effective date of this Act, then in that event, the first revenue collected and which ordinarily would be paid into the General Revenue Fund of the State of Texas after the first day of each month shall be set aside, allocated, transferred, credited, and appropriated to the Old-Age Assistance Fund to the extent and in such sums as are necessary to provide One Million Seven Hundred Fifty Thousand ($1,750,000.00) Dollars in the Old-Age Assistance Fund for each month with the effective date of this Act, including the month of June, 1941 and through the month of August, 1941. All laws in conflict with this section are hereby repealed to the extent of such conflict only.

(5) All other revenue or money of any kind or character remaining in such Clearance Fund shall be paid into the General Revenue Fund of the State of Texas. Acts 1941, 47th Leg., p. 269, ch. 184, Art. XX, as amended, Acts 1941, 47th Leg., p. 774, ch. 481, § 1.

Approved and effective May 1 and June 16, 1941.

Section 3 of the amendatory Act of 1941, p. 774, ch. 481, declared an emergency and provided that the Act should take effect from and after its passage.
ed that the unexpended balance of such approp-

Art. 7083b. Lien; liability for tax; taxes due and offenses under prior laws; partial invalidity; allocations as subject to appropriations

Section 1. All taxes, fines, penalties, and interest due by any individual, firm, association, joint stock company, syndicate, copartnership, corporation, agency, trustee, or receiver to the State of Texas, by virtue of this Act, shall be a preferred lien, first and prior to any and all other existing liens, contract or statutory, legal or equitable, and regardless of the time such liens originated, upon all the property of any individual, firm, association, joint stock company, syndicate, copartnership, corporation, agency, trustee, or receiver. This lien shall be cumulative, and in addition to the liens for taxes, fines, penalties, and interest now provided by law, and shall attach as of the date such tax or taxes are due and payable.

Sec. 2. Any person, firm, corporation, or association of persons purchasing any natural resources upon which a tax is levied by this Act who fails to deduct and withhold the proper amount of taxes which are due and unpaid under any provision of this Act, shall be liable to the State for the full amount of such taxes plus any accrued penalties and interest thereon.

Sec. 3. All sales, occupation, excise, or other taxes, penalties, and interest accruing to the State of Texas by virtue of any of the repealed or amended provisions as set out in this Act before the effective date of this Act, shall be and remain valid and binding obligations to the State of Texas, and all taxes, fines, penalties, and interest accruing under the provisions of prior or existing occupation, excise, or other tax laws, and all such taxes, penalties, and interest now or hereafter becoming delinquent to the State of Texas are hereby expressly preserved and declared to be legal and valid obligations to the State of Texas. This Section is cumulative of other similar provisions of this Act.

Sec. 4. The passage of this Act shall not affect offenses committed, or prosecutions begun, under any pre-existing law, but any such offenses or prosecutions may be conducted under the law as it existed at the time of the commission of the offense. This Section is cumulative of other provisions of this Act.

Sec. 5. If any Article, section, subsection, sentence, clause, or phrase of this Act is for any reason held to be invalid or unconstitutional, such decision shall not affect the validity of the remaining portions of this Act.

The Legislature hereby declares that it would have passed this Act and each section, subsection, sentence, clause, and phrase thereof irrespective of the fact that any one or more of the sections, subsections, sentences, clauses, or phrases should be declared unconstitutional.

Sec. 6. Wherever in any Article in this Act any part of the tax is allocated or appropriated to the collection agency of the State collecting such tax, such allocation is made subject to appropriation by the Legislature; and in case the Legislature should appropriate such funds or any part thereof such appropriation shall be in lieu of the percentage allocated to the Department and the Department shall have no right or authority to expend the remainder of such funds. This provision shall take precedence over any other provision of this Act in conflict herewith.

Sec. 8. All penalties, fines, forfeitures or penal offenses provided in this Act, as to the same offense, shall be cumulative of one another and
of any other fines, penalties, forfeitures or penal offenses provided by any
other law of this State applicable to such offense.

Should any such fines, penalties, forfeitures, or penal offenses be in
conflict so that such could not be cumulative as above provided, then
that law or part of the law containing the provision for the highest penali­
ty in dollars shall be effective and apply as to each such offense, and that
law or part of the law containing the provision for the highest fine in
dollars (where a fine alone is provided for) shall be effective and apply
to each such offense, and in case of forfeiture that law or part of the law
containing a provision for the most onerous forfeiture shall be effective
and apply to each such offense, and in case of penal offenses containing
a provision providing for imprisonment, that law or part of the law con­
taining the provision for the longest maximum imprisonment shall be
effective and apply to each such offense; and in each such instance, the
lesser fine, penalty, forfeiture, penal offense or punishment shall be sus­
pended. Acts 1941, 47th Leg., p. 269, ch. 184, Art. XXI.

Approved May 1, 1941.
Effective May 1, 1941.

Section 7 of Article XXI of the amenda­

provided that the Act should take effect
from and after its passage.

newed or extended, or refinanced by the issuance of other evidences of
the indebtedness, whether to the same or other parties and it is further
provided that this term shall not include instruments which have pre­
viously been classified as surplus) as the gross receipts from its business

its entire business, which tax shall be computed on the basis of One

(d) Except as provided in preceding Clauses (b) and (c), all public utility corporations, which shall include every such corporation engaged solely in the business of a public utility whose rates or services are regulated, or subject to regulation in whole or in part, by law, shall pay a franchise tax as provided in this Article, except the same shall be based on that proportion of the issued and outstanding capital stock, surplus, and undivided profits, which the gross receipts of the business of said corporation done in this State bears to its total gross receipts, instead of the gross assets; and in lieu of the rate hereinbefore prescribed said tax shall be computed on the basis of One Dollar ($1) per One Thousand Dollars ($1,000) or fractional part thereof.

For the purpose of computing the tax of corporations issuing no par stock, such stock shall be taken and considered as being of the value actually received at the time of the issuance thereof; and foreign corporations issuing such stock shall furnish the Secretary of State with the same information now required of domestic corporations issuing such stock.

The tax levied in this subdivision (d) shall in no case be computed on a sum less than the assessed value, for State ad valorem tax purposes, of the property owned by the Corporation in this State.

(e) Corporations engaged partly in the business of a public utility as defined in Clause (d) and partly in businesses embraced in Clause (a) shall pay the franchise tax in the following manner; as to those businesses which come under Clause (a) the tax shall be computed as provided in Clause (a) on that proportion of the entire taxable capital under said Clause (a) as the Texas gross receipts from such business or businesses bear to the entire Texas gross receipts of such corporation; and to those businesses which come under Clause (d) the tax shall be computed as provided in Clause (d) on that proportion of the entire taxable capital under said Clause (d) as the Texas gross receipts from such business or businesses bear to the entire Texas gross receipts of such corporation. The period for which such gross receipts are taken shall be for the same period used in computing the proportion of Texas taxable capital under Clauses (a) and (d).

(f) Corporations which are now required to pay a separate franchise tax for each purpose or business authorized by their charters, shall hereafter pay only the tax provided hereunder for one purpose, and one fourth (1/4) of such amount for each additional purpose named in their
charters. Provided however, this Article shall not apply to corporations organized under the Electric Cooperative Corporation Act. Provided, however, that the provisions of this section shall not apply to water improvement districts, irrigation districts, levee districts, water control districts, and other governmental subdivisions, cities, towns and independent school districts unless and until the governing body of such water improvement districts, irrigation districts, levee districts, water control districts, and other governmental subdivisions, cities, towns, or independent school districts by ordinance, resolution or order, shall adopt the provisions hereof; and in the event any such water improvement district, irrigation district, levee district, water control district, and other governmental subdivisions, city, town or independent school district elects to allow such discounts, then the governing body of each water improvement district, irrigation district, levee district, water control district, and other governmental subdivisions, city, town or independent school district, shall have power, by the ordinance, resolution or order levying the annual taxes, to designate the months in which such discounts of three (3%) per cent, two (2%) per cent, and one (1%) per cent respectively shall be allowed, but in no event shall the same apply to split payment of taxes. CHAPTER TEN—DELINQUENT TAXES

Art. 7336i. Release of interest and penalties on taxes delinquent July 1, 1940, if paid by November 1, 1941

[New].

Art. 7336i. Release of interest and penalties on taxes delinquent July 1, 1940, if paid by November 1, 1941

Sec. 1. That all interest and penalties that have accrued on all ad valorem and poll taxes that were delinquent on or before July 1, 1940, due the State, any county, common school district, road district, levee improvement district, water improvement district, and water control and improvement district, irrigation district, and other defined subdivisions
of the State (and, subject to the provisions hereinbefore and hereinafter contained, such interest and penalties on delinquent ad valorem and poll taxes due cities, towns, and villages, and special school districts, and independent school districts,) shall be and the same are hereby released, provided said ad valorem and poll taxes are paid on or before November 1, 1941. It is provided that the provisions hereof shall not apply to cities, towns, and villages, and special school districts, and independent school districts, unless and until the governing body of any such city, town, or village, or special school district, or independent school district finds that unusual or excessive default in the payment of ad valorem and poll taxes has occurred, and that an extension of time for the payment of such delinquent ad valorem and poll taxes will promote and accelerate the collection thereof, whereupon such governing body shall adopt a resolution or ordinance evidencing such finding, and upon the recording of such findings of fact the provisions of this Act shall be in full force and effect as to any such city, town, or village, or special school district, or independent school district. It is hereby expressly and specifically provided that penalties and interest herein released are released only on delinquent ad valorem and poll taxes and on no other taxes.

Sec. 2. That all costs of every kind and character that have accrued or attached or that may hereafter accrue or attach to or by reason of delinquent poll or ad valorem taxes on which said poll or ad valorem tax the interest and penalties have been released by any of the provisions of this Act shall be and the same are hereby released, and no such costs shall hereafter be charged, collected, or accounted for, provided, however, that any costs that are now due and payable to any officer or official shall remain a valid obligation, notwithstanding the provision hereof.

Sec. 3. Anyone desiring to pay at one time all the delinquent taxes for only one year wherein such taxes are delinquent for more than one year shall have the right to pay the same but without remission of penalties and interest; provided, however, that any persons availing themselves of the benefits of this Act shall be required to pay all delinquent ad valorem taxes due the State and county on any specific piece of property on which such taxes are delinquent before the penalties and interest may be released as herein provided; conditioned that a six per cent (6%) penalty on the total amount delinquent be paid on such property.

Sec. 4. All laws and parts of laws in conflict herewith are hereby expressly suspended during the term of this Act so far as they may affect this Act.

Sec. 5. It is provided further that in case any section, clause, sentence, paragraph, or part of this Act shall for any reason be adjudged by any court of competent or final jurisdiction to be invalid, such judgment shall not affect, impair, or invalidate the remainder of this Act, but shall be confined in its operation to the section, clause, sentence, paragraph, or part thereof directly involved in the controversy in which said judgment shall have been rendered.

Sec. 6. This bill is enacted into a law because of the dire need of school districts and other subdivisions for funds from delinquent taxes to continue to function, and for the further purpose of giving the distressed taxpayers an opportunity to pay their taxes without the burden of the penalties and interest that have accrued, but it shall not be understood from the enactment of this law that it is the policy of the Legislature to continue to remit penalty and interest. The Forty-seventh Legislature here declared that a continuation of the policy of remitting penalty and interest on delinquent taxes would be detrimental to the best interest of this State and would, if continued, lead to still greater delin-

CHAPTER TWO—WATER IMPROVEMENT DISTRICTS

Art. 7622b. Annexation of territory not embraced in district [New].

Art. 7807m. Military camps, supplying water to; acquiring facilities; bonds; contracts [New].

Art. 7622b. Annexation of territory not embraced in district

Sec. 1. Defined areas of territory not embraced within a water improvement district may be added to the area of any such district in the manner hereinafter provided. Petitions for annexation of such territory shall describe the territory proposed to be annexed by metes and bounds, and shall be signed by fifty (50) or a majority of the landowners in such territory. Such petition shall be presented to the Board of Directors of the water improvement district to which it is proposed to annex such territory, and thereupon it shall be the duty of said Board to pass an order fixing a time and place at which such petition shall be heard, which date shall be not less than thirty (30) days from date of such order. The Secretary of said Board shall issue notice of such time and place of hearing and which notice shall describe the territory proposed to be annexed, and shall execute said notice by posting copies thereof in three (3) public places in the district, and in two (2) public places within the territory proposed to be annexed; said notices to
be posted for at least fifteen (15) days prior to date of said hearing. Publication of a copy of such notice shall be made in a newspaper of general circulation in the county, one time, and at least fifteen (15) days prior to such hearing.

Sec. 2. At the time and place stated in the notice, the Board of Directors shall sit to hear such petition in the manner set out and provided by Article 7626, Revised Civil Statutes of Texas, 1925. If upon the hearing of such petition the Board of Directors shall find and determine that the proposed addition is to the advantage of the district and to the lands proposed to be added, then the Board of Directors by resolution duly entered upon its Minutes may receive such proposed territory as an addition to and to become a part of the district. Such resolution need not include all of the land described in the petition if upon the hearing a modification or change is found necessary or desirable. Provided, however, annexation of the territory shall not become final until ratified at separate elections called for that purpose as hereinafter provided.

Sec. 3. The Board of Directors shall order a separate election to be held within the boundaries of the district, and a separate election to be held within the territory to be added thereto, to determine whether such territory shall be added to such district. In the event the district has outstanding debts or taxes then at the same time and at the same election the proposition for assumption of its proportion of such debts or taxes by such territory if added shall also be submitted.

Each of said elections shall be held on the same day, and within thirty (30) days after entry of resolution receiving such proposed territory. Notice of said election shall be given by the Board of Directors, and shall be executed by posting copies thereof at three (3) public places in the district, and at two (2) public places within the territory proposed to be added, for at least twenty (20) days prior to the date of said elections. The Board of Directors shall appoint two judges, one of whom shall be the presiding judge, and two clerks, for each of the polling places in said district, to conduct the election within said district and make returns thereof, and shall designate one or more polling places within the territory proposed to be added, and shall appoint two judges, one of whom shall be the presiding judge, and two clerks, for each of said designated polling places, to conduct the election within such territory and make returns thereof. All expenses of each of said elections shall be paid by the district. The manner of holding each of said elections and the qualifications of the voters therein shall be governed by the provisions of law applicable to the election for the creation of water improvement districts, except as otherwise provided for herein.

The ballot for each of said elections shall have printed thereon “For addition to water improvement district,” and “Against addition to water improvement district.” If the proposition for assumption of its proportion of the outstanding debts or taxes of the district by such territory, if added, is submitted, then the ballot for each election shall have printed thereon “For addition to water improvement district and assumption of proportionate part of outstanding debts and taxes,” and “Against addition to water improvement district and assumption of proportionate part of outstanding debts and taxes.”

Sec. 4. In water improvement districts organized and operating under the provisions of Section 52 of Article 3 of the Constitution, two-thirds majority vote of the qualified voters voting at each of said elections shall be required for ratification of the annexation of the proposed territory.
In water improvement districts organized under the provisions of Section 59 of Article 16 of the Constitution, or in such districts organized under the provisions of Section 52 of Article 3 of the Constitution that have since accepted the provisions of Section 59 of Article 16 of the Constitution in the manner provided by law, a majority vote of the qualified voters voting at each of said elections shall be required for ratification of the annexation of the proposed territory.

Upon a favorable vote in each separate election as above provided, such territory shall be and become an integral part of such district as of the date of such elections, and be from such date subject to all laws governing such district, and shall bear its pro rata part of all indebtedness or taxes that may be owed, contracted, or authorized by said district to which it shall have been added.

Sec. 5. Such addition to such district shall not in any manner affect the officers, employees, and affairs of such district, but the voters of such added territory shall have a right to participate in all matters of the district considered or voted upon thereafter.

Sec. 6. The provisions of this Act shall be cumulative of and in addition to all other laws that may provide for the annexation or addition of territory to established water improvement districts. Acts 1941, 47th Leg., p. 661, ch. 403.

Approved and effective May 31, 1941.

Section 7 of the Act of 1941 declared an emergency and provided that the Act should take effect from and after its passage.

CHAPTER 3A—WATER CONTROL AND IMPROVEMENT DISTRICTS

Art. 7880-3a. Additional powers for disposal of waste and providing facilities and service

That water control and improvement districts now existing, or hereafter to be created, may include in their purposes and plans all works, facilities, plants, equipment, and appliances in any and all manner incident to, helpful or necessary to the collection, transportation, processing, disposal, and control of all domestic, industrial, or communal wastes, whether of fluids, solids, or composites, and to gather, conduct, divert, and control local storm waters, or other local harmful excesses of water and to purchase, own, and operate fire engines and all necessary fire-fighting equipment and appliances. The foregoing ends may be accomplished by any and all mechanical or chemical means or processes incident, necessary, or helpful to such purposes, to the end that the public health and welfare may be conserved and promoted and the purity and sanitary condition of the State's waters protected, effected, or restored. And (1) to accomplish these purposes such districts shall have all, and fully, the same powers and rights of procedure, financing, construction, maintenance, rehabilitation, operation, and administration as now are or hereafter may be conferred by Section 59 of Article XVI of the Constitution of Texas and by said Chapter 25.1 And especially (2) such districts shall have full power to adopt, promulgate, and enforce all such reasonable rules, regulations, and specific charges, fees, or rentals to be in addition to tax imposts for providing either facilities or service peculiar to a person, property, or area and to be equitably fixed, in a manner free from arbitrary discrimination as between persons, properties, or areas served. All such adopted orders and regulations shall be promulgated by publication of a copy thereof once a week for two (2) consecutive weeks in one or more newspapers to give general circulation in the district, and shall be recorded in full in the minutes of the district. Thereupon the full police power of the district, as provided for in Section 3 of Chapter 230, Acts of the Regular Session of the Forty-first Legislature, as amended by Chapter 340, Acts of the Regular Session of the Forty-fourth Legislature,2 may be exercised to make effective the intent of such orders, and such district may discontinue a facility or service in order to prevent an abuse or to enforce payment of a due and unpaid prescribed charge due to the district. And (3) districts proposing to exercise the powers and to perform the functions in this Section provided may embrace all of or any part of areas already embraced within the boundaries of any political subdivision, a governmental agency or body politic of the State of Texas; provided that such district shall not usurp functions or duplicate a service being already adequately exercised or rendered by such other embraced gov-
governmental agency save and except under a valid contract with such other embraced governmental agency. Further (4) the taxes to be imposed by a district exercising the powers in this Section provided, either solely or in connection with other powers granted by said Chapter 25, shall have the power to impose taxes in addition to the taxes which may have been or may be imposed by such other embraced governmental agency. And (5) the provisions of Section 115 of said Chapter 25 shall not apply to an election concerning a proposal to create a district to exercise the powers in this Section provided for, and additional defined areas may be added to such districts in the same manner as is provided by this Section to control the creation of districts to exercise the powers and functions in this Section provided for and as hereinafter specified. And (6) the duty to hear and determine petitions for the creation of a district proposed to exercise the powers and functions in this Section provided shall, exclusively, be vested in the State Board of Water Engineers of the State of Texas, who shall hear and determine the same under the applicable provisions of Section 5 of Chapter 280, Acts of the Regular Session of the Forty-first Legislature. Upon request therefor it shall be the duty of the Reclamation Engineer and the Sanitary Engineer of the Health Department of the State of Texas to render advisory aid concerning all such petitions and the plans of such districts. It is provided, however, that nothing herein contained shall be construed to impair the provisions of Section 19 of said Chapter 25 relating to districts to be located wholly in one county when such districts are not proposed to have or include the powers in this Section provided for. And (7) any districts now or hereafter existing under the provisions of said Chapter 25 which district did not at the time of its creation have conferred upon it the powers in this Section provided for, may receive and assume the additional powers by this Section provided for in the same manner and by the same procedures as are provided for in this Section, save that it shall not be necessary to hold an election to confirm the order to establish the district’s increased powers; provided, however, that no money obligations of the district may be issued to finance such increased functions, facilities, and powers until after the electors of the district shall have authorized the same by a Constitutional and Statutory majority vote in the respective manners provided by said Chapter 25 to control in appropriate case the issuance of preliminary bonds, or, in appropriate case, construction bonds as the proposal may require. As amended Acts 1941, 47th Leg., p. 515, ch. 312, § 1.

Approved May 20, 1941.
Effective May 20, 1941.

Section 2 of the amendatory Act of 1941, read as follows: "Nothing in this Act shall amend, alter, modify, or repeal Senate Bill No. 300, [articles 7880–3b, 7880–3b1] Acts, Regular Session, Forty-seventh Legislature."

Art. 7880—3b. Water Control and Improvement Districts in counties over 500,000 may operate fire department and acquire equipment; arson, rewards; contracts

Such Districts shall further be authorized to pay rewards for information leading to the arrest and conviction of a person or persons on a charge of arson in connection with the burning or attempted burning of property situated within the District. The District's liability for such reward shall not exceed the sum of One Hundred ($100.00) Dollars for each offense, regardless of the number of persons convicted therefor.

The cost of acquiring, purchasing, improving and repairing fire fighting equipment and facilities may be paid out of the proceeds of the sale of bonds or other obligations issued by such Districts, or out of funds derived from taxes levied for maintenance purposes, or from the operation of the District's improvements, in the discretion of the Board of Directors; the cost of maintaining and operating such equipment and facilities may be paid from maintenance taxes or operating revenues, but shall not be paid out of borrowed money, whether by bonds or otherwise.

Such Water Control and Improvement Districts are hereby authorized to contract with nearby municipal corporations, or other political subdivisions, for fire protection by the use of facilities and equipment of such municipal corporations or political subdivisions, and to pay the consideration therefor from any available funds other than borrowed money. Such contracts shall extend for a period not to exceed ten (10) years, as may be agreed upon by the governing bodies of the contracting parties. Where the amount exceeds One Thousand ($1,000.00) Dollars, competitive bids on uniform written specifications shall be asked after advertisement one time in a newspaper of general circulation in the county, or in said District, for at least five (5) days prior to opening bids. Contracts shall be awarded to the lowest and best bidder, shall be reduced to writing, and a surety bond shall be required in a sum equal to the amount of the contract to insure the faithful performance of the contract and the payment of labor and materials.

Where the amount is One Thousand ($1,000.00) Dollars or less, and more than One Hundred and Fifty ($150.00) Dollars, proposals without advertisement may be received and contracts awarded in like manner without advertisement or the requirement for bond. Section 1 of Acts 1941, 47th Leg., p. 181, ch. 130, amended article 7880—3b.

Art. 7880—38a. Election of directors in large districts including two or more counties; precinct method

Exclusion of unirrigated lands from district as affecting precinct method of electing directors, see article 7880—76c, § 18.

Effective April 24, 1941.

Art. 7880—76c. Excluding unirrigated lands from districts containing more than 100,000 acres

Unirrigated lands may be excluded

Section 1. Unirrigated lands within boundaries of water control and improvement districts in this State, now existing or hereafter created, containing within their boundaries more than one hundred thousand (100,000) acres of land, may be excluded therefrom and their liability for the bonded indebtedness of such district may be limited and adjusted under the conditions and in the manner hereinafter provided.

Conditions under which lands may be excluded: petition; calling of hearing

Sec. 2. If any such district has an established and operating irrigation system from which only a part of the lands within said district can be irrigated and if more than forty (40) per cent of the lands in such district cannot be irrigated from such established irrigation system, and if such unirrigated lands have been within the boundaries of such district, and subject to taxation thereby, for as long as eight (8) years, and if the major portion of the water supply of such district is required to be impounded, before distribution, in such district's privately owned and controlled storage reservoirs, the Board of Directors of such district may, and on petition signed by the owners of twenty (20) per cent or more in assessed value of such unirrigated lands as shown by the most recent tax rolls in such district, shall, call and hold a hearing for the purpose of determining whether or not all or any part or parts of such unirrigated land shall be excluded from said district and the liability of the lands so proposed to be excluded for the bonded indebtedness of said district limited or adjusted.

Resolution

Sec. 3. Such hearing shall be provided for by resolution adopted by the Board of Directors of such district, wherein the lands so proposed to be excluded shall be described by metes and bounds or otherwise to definitely identify and to delimit the same; and wherein the date and place of such hearing shall be stated.
Notice of hearing

Sec. 4. It shall be the duty of the Board of Directors to cause notice of such hearing, addressed to all owners of land within, and all taxpayers and bondholders of, such district, to be given by posting the same at the courthouse door of the county, and each county, in which such district or any portion thereof is situated, and also to be posted in a conspicuous place in the principal office of said district, for at least three (3) weeks before the date of such hearing. Said notice shall embody the resolution providing for such hearing and shall set forth that any and all landowners, taxpayers, and bondholders of said district shall have a right to appear and be heard at said hearing and to offer evidence for or against the exclusion of said lands, or any part or parts thereof, and on the question as to the amount or portion of the bonded indebtedness of such district which the lands so proposed to be excluded shall be liable for if and after the same are so excluded.

Continuance of hearing; resolution excluding lands

Sec. 5. If, as a result of such hearing, which may be continued from day to day, and from time to time until all persons entitled to be heard and who appear at said hearing have had an opportunity to be so heard and offer evidence, the said Board of Directors shall determine and find (a) that said district does not intend, or through lack of finances or through inability of the district to obtain funds conformable to the law of Texas applicable to such district sufficient therefor, to extend the existing irrigation system of said district to said unirrigated lands or any part or parts thereof, within two (2) years after date of such hearing; or (b) that the owners of a majority in such assessed value of such unirrigated land or part or parts thereof do not desire irrigation for the same; and (c) that it would be to the best interest of said district and of the lands so proposed to be excluded or any part or parts thereof, that said irrigation system be not extended thereto and that they be excluded from said district, the said Board of Directors shall adopt a resolution setting forth such determination and findings and excluding the unirrigated lands, or such part or parts thereof as to which such determination and findings are made.

Fixing liability for indebtedness of excluded lands

Sec. 6. If as a result of said hearing the said Board of Directors shall determine that all or any part or parts of said unirrigated lands should be excluded from the District, they shall also determine and fix the amount or portion of the outstanding and unpaid principal of the bonded indebtedness of the district that the excluded lands shall remain liable for, and embody same in said resolution, showing in what manner or upon what basis said amount or portion of said indebtedness was arrived at.

Consent of bondholders

Sec. 7. Notwithstanding anything herein to the contrary, however, no such lands shall be excluded from the district and no amount or portion of the bonded indebtedness of the district for which such excluded lands shall remain liable, shall be fixed, without the written consent of the holders of at least eighty (80) per cent in principal of the outstanding bonded indebtedness of said district to such exclusion and to such amount or portion of such bonded indebtedness, that such excluded lands shall remain liable for.
Sec. 8. Within thirty (30) days after the adoption of any resolution so excluding lands from said district and fixing the debt liability therefor consented to by said bondholders, said district shall bring an action in the District Court of any county of a judicial district in which said district, or any part thereof, may be situated, to determine the validity and justness of the resolution and acts of said Board of Directors in and by which such land or lands shall have been excluded and the debt liability thereof determined and fixed. Such action shall be in the nature of a proceeding in rem and jurisdiction of all parties interested may be had by publication of a general notice thereof once each week for at least two (2) consecutive weeks in some newspaper or newspapers of general circulation published in the county or counties in which such district or any part thereof is situated, and if no newspaper is published in said county or either of said counties, said notice shall be published in a paper published in an adjoining county to the county or to any county in which said district or any part thereof is situated. Said notice shall be addressed to all owners of land situated in, and taxpayers and bondholders of, said district (naming the same) and shall be signed by the secretary of said district. Upon the filing of the petition of said district in said action the Judge of the Court in which it is filed shall set the same down for hearing, either in term time or vacation, at the earliest time, after making allowance for time for notice herein provided for, that the court can conveniently hear the same, giving preference to said action over all other actions not of a like kind in order that a speedy determination as to the matters involved may be reached, and the time and place of said hearing shall also be stated in said notice. The said hearing may be heard on the date set therefor, or if justice to the parties or the convenience of the Court requires, the same may be postponed to a later date or dates, and when begun, the same may continue from day to day and time to time until completed.

Interested land owners may file answers

Sec. 9. Any owner of lands situated in said district, or any taxpayer or bondholder of said district who has not consented to the exclusion of said land or lands and the fixing of the debt liability thereof, may file in said Court before the date for said hearing set forth in said notice, an answer contesting the plan or basis of excluding said land or lands, or any part thereof, or the amount of debt liability fixed in said resolution against the lands so proposed to be excluded, or any part or parts of such lands. In any such answer there shall be affirmatively and specifically set forth the ground or grounds of such contest, and the particulars and respects in which it is claimed that such exclusion of land or the debt liability thereof so fixed is not valid or just, and should not be approved or validated.

Certified copy of resolution as prima facie proof

Sec. 10. At said hearing a certified copy of the resolution of said Board of Directors excluding said lands and fixing the debt liability thereof, shall be received in evidence and constitute prima facie proof of all facts recited therein, and of the validity and justness of all acts and proceedings evidenced thereby.
the actions of said Board of Directors in excluding said lands and fixing
the debt liability thereof as set forth in said resolution are just and valid
he shall render his decree so finding, and in all things approving, con-
firming and validating said actions of said board, and such decree shall
be final and binding on said district and all owners of land therein and
all taxpayers and bondholders thereof and all persons interested in said
district, and res judicata of all matters determined therein. In case such
decree is rendered, a certified copy thereof and a certified copy of said
resolution may be filed for record in the deed records of the county, and
each of the counties, in which said excluded lands, or any part thereof,
are situated.

But if the Court should find or determine that the said actions and
resolutions of the said board should not be approved or validated, he
shall enter an interlocutory decree dismissing said proceedings, and set
forth therein his objections to such actions and resolutions of said board
and his reasons for not approving and validating the same. If within
sixty (60) days after the entering of such interlocutory decree or such
further time as the Court may allow, the said Board of Directors shall,
with the written consent of the holders of not less than eighty (80) per
cent in principal amount of the outstanding bonds of said district, amend
said resolution in such manner as to meet and satisfy such objections of
the Court, if such objections are legally curable, the Court may, upon
filing a certified copy of such amended resolution in said cause, proceed
with any further hearing necessary or proper, to set aside said interlocu-
tory decree, and render final judgment approving, confirming and ratify-
ing the actions and proceedings of said Board of Directors as shown by
said amended resolution, and such judgment shall have like force and ef-
fekt as above provided.

If such amended resolution is not filed within said sixty (60) days, or
any further time allowed by the Court, said interlocutory decree shall be
made final.

Approval of exclusion; effect

Sec. 12. If the action of said Board of Directors in excluding lands
and fixing the debt liability thereof is so approved and validated by said
Court, the area so excluded shall thereupon cease to be a part of said
district or within its boundaries; and shall have the principal debt liabil-
ity for the bonds of the district, as so determined, approved and validated,
and shall also be liable for the interest thereafter accruing on the amount
of such liability, at the rate fixed in said bonds or the coupons appertain-
ing thereto, and such liability shall be paid by taxation, or in lump sums,
as hereinafter provided.

Excluded area, supplemental interest and sinking fund account for; taxes;
discharge from liability

Sec. 13. If lands are so excluded and their debt liability is so deter-
mined and fixed, said district shall set up and keep a supplemental inter-
est and sinking fund account for such excluded area, and therein a charge
shall be made against such area of the total principal debt liability so
fixed against the same, and all interest accruing thereon, as and when
accrued. Taxes collected on taxable property in an excluded area that
were assessed and unpaid at the time of such exclusion, and all taxes
collected on taxable property therein that are levied and assessed after
such exclusion, and all lump sum payments made to discharge any par-
ticular land or lands in such area under the further provisions hereof,
shall be credited to the interest and sinking fund for such excluded area;
but all such payments shall actually be placed in the interest and sink-

proportion of the sum so arrived at by said additions and deductions that
the assessed value of the land so proposed to be discharged bears to the
total assessed value of all taxable property in said excluded area, accord-
ing to the most recent assessment rolls of said district. The amount of
said pro rata debt liability of such lands shall be ascertained and deter-
mined by the Tax Collector of said district from his tax rolls and the debt
accounts of such area, and shall be audited and approved by the Board
of Directors of said district. In the event of any such lump sum pay-
ment of debt liability as to any tract or tracts of land in such excluded
area, the Board of Directors of the district shall cause a release of such
land from all debt and tax liability to such district to be executed and de-

erivered to the owner or owners of the lands as to which said payment is
made, which release may be filed and recorded in the office of the County
Clerk of the county or counties in which such discharged land, or any part
thereof, is situated, as evidence of such discharge.

Directors, exclusion as affecting

Sec. 18. If at the time of any such exclusion such district shall have
adopted the “precinct method” of electing its directors, as provided for
in Senate Bill No. 247 enacted by the Forty-sixth Legislature, and if, as a
result of such exclusion or exclusions any entire directors' precinct shall
have been excluded from said district, or if there shall have been ex-
cluded from said district all of the land in a precinct owned by the di-
rector therefor, whereby such director shall have become disqualified
from holding such office, then in either or both such cases the director
of the precinct so entirely excluded, and/or the director whose only land
owned by him in his precinct shall have been so excluded, shall cease to
be such director, and the remainder of the Board of Directors shall fill
such vacancy created by the entire exclusion of a precinct by appointing
thereto a director at large for said district who shall own land therein
and be otherwise qualified for said office, and shall fill the vacancy cre-
ated by the disqualification of a precinct director on account of the ex-
clusion of his land from his precinct, by appointing another director for
such precinct who is qualified to hold such office. The director or di-
rectors so appointed to fill such vacancy or vacancies shall hold office un-
til the second Tuesday in January next following, when their successors
shall be elected at precinct elections. Previous to said election the Board
of Directors of said district, upon the affirmative votes of at least three
directors, shall rearrange and redefine the directors' precincts or such
of them as may be necessary, to provide five directors' precincts in and
for the said district conformable to the new boundaries of the district
remaining after such exclusion of lands therefrom. On said second
Tuesday in January an election shall be held in any new precinct sub-
stituted by number, for any entirely abolished by exclusion, and in any
other precinct in which a vacancy in the office of director therefor shall
have been occasioned by exclusion of land therefrom. The terms of office
of the director or directors of any such new precinct or precincts shall
expire at the same time or times, and his or their successors shall be
elected at the same time or times as in the case of the old precinct or
precincts bearing the same number or numbers.

Any such district, which shall have so adopted the “precinct method”
of selecting directors, shall continue such method even if exclusion of
land therefrom reduces the acreage therein to one hundred thousand
(100,000) acres or less.
CANCELLATION OF UNSOLD BONDS

Sec. 19. After such lands shall have been so excluded, the District shall cancel any authorized and unsold bonds of the district not deemed by the Board of Directors to be necessary for extending the irrigation system of the district to any unirrigated lands that are not so excluded. Section 1. The Board of Supervisors of any Fresh Water Supply District situated entirely in any one county of this State and which Fresh Water Supply District, when created did not include within its boundaries any land which was within the corporate limits of any city or town, and which District has within its boundaries lands, which since the creation of such Fresh Water Supply District have been annexed to and become a part of a city or town rendering to such lands and the residents thereof the services the said District is authorized by law to render, and the population of such city or town exceeds four thousand (4,000) according to the Federal Census last preceding such exclusion and such city or town has not adopted a home rule charter under the provisions of Chapter 13, Title 28, of the Revised Civil Statutes of Texas.
of 1925, are authorized to exclude such lands or parts thereof from the boundaries of any such districts in accordance with the provisions of this Act and the method herein and hereby prescribed; provided, however, that such area as may be excluded shall have a part of its boundary or boundaries identical with a part of the boundary or boundaries of the District as constituted at the time of the exclusion; and provided further, that the total area of such lands which may be excluded, whether by a single or by different acts of exclusion, shall not in the aggregate exceed in area one-tenth of the total area of such District as originally constituted in the order creating the District.

Petition for meeting of Supervisors; notice

Sec. 2. The Board of Supervisors of such District may by three-fifths vote, and shall upon petition of five (5) per cent of the qualified taxpaying voters of such District, as shown by the rolls of the Tax Collector and Assessor of such District, call a meeting of said Board for the purpose of determining whether any of such lands included within the boundaries of such District shall be excluded therefrom, and such petition and the notice of such meeting shall describe by metes and bounds, or by survey numbers, or by other reasonable identification, the proposed new boundaries of the District, and shall state that it is proposed that all of the land within the boundaries of the District not included within the proposed new boundaries as set forth shall be excluded from such District. The notice of meeting shall also state the time and place thereof and that any land owner within the District within or without the proposed new boundaries, may appear at such meeting and be heard in support of or in opposition to the establishment of such new boundaries and the exclusion of the land proposed to be excluded, and such notice shall be addressed or directed to:

Such meeting may be adjourned from day to day or from time to time as the Board of Supervisors may deem necessary or advisable.

Supervisors may call election or pass resolution excluding lands; filing resolution; effect of exclusion

Sec. 3. If by the time set for such meeting no written protest of the exclusion of lands from such District shall have been filed with the Board of Supervisors by the owner or owners of any land or lands within the District, and if no protest or protests are made at such meeting by the owner or owners of any land or lands in the District, or if such protest or protests represent less than three (3) per cent of the total superficial area of the District, the Board of Supervisors shall thereupon at their discretion either call an election as hereinafter provided upon the proposition whether the boundaries of such District shall be so altered as to exclude such land or lands or by resolution duly adopted and entered upon the minutes of their proceedings, declare such land or lands so proposed to be excluded from the boundaries of the District no longer a part of the District, and shall set forth the boundaries of the District as so altered and fixed, and a copy of such resolution signed by

a majority of the Board of Supervisors, duly attested by the secretary, shall be filed in the office of the County Clerk and recorded in the Deed Records of the County in which such District is situated, and the land or lands thus excluded shall be no longer a part of such District from and after the recording of such resolution as aforesaid; provided, however, that the withdrawn or excluded land or lands shall not be released from the payment of its/their pro rata part or share of any indebtedness existing at the date of such withdrawal, which pro rata part or share shall be as herein provided; nor shall such land or lands be released from the payment of taxes which may be delinquent at the time of such exclusion or which may thereafter become delinquent; and it shall be the duty of the Board of Supervisors to continue to levy a tax each year on such excluded land or lands as herein provided for the purpose of paying the then existing indebtedness until the taxes collected from such excluded land shall equal its pro rata share of the indebtedness at the time of withdrawal.

Protests; election; manner

Sec. 4. In the event written protest or protests are filed with the Board of Supervisors prior to the meeting provided for under Section 3 hereof, or in the event any protest or protests are made at such meeting by the owner or owners of any land or lands within the District, it shall thereupon be the duty of the Board of Supervisors to pass upon such protest or protests and to hear the evidence thereon, and if the owner or owners of as much as three (3) per centum of the land within the boundaries of the District shall protest against such exclusion, the Board of Supervisors shall thereupon call an election to pass upon the proposition whether the boundaries of such District shall be so altered as to exclude such land or lands, and such election shall be called and conducted in the same manner as provided by Articles 7888 to 7894, Revised Civil Statutes of Texas, 1925, inclusive, so far as same are applicable, except where otherwise provided herein, except that the Board of Supervisors shall perform all the functions imposed on the Commissioners Court by said Articles.

Notice of election

Sec. 5. Notice of such election, stating the time and place for holding the same, the proposed new boundaries of the District as set out in Section 3 hereof, the proposition to be voted upon and the names of the presiding officers appointed for holding the election, shall be given by the Board by posting a copy thereof in four (4) public places in the District, and one at the courthouse door for twenty (20) days prior to the date of election.

Ballots

Sec. 6. The Board of Supervisors shall provide the necessary ballot for such election, which shall have printed thereon:

“For the establishment of the new boundaries of the Fresh Water Supply District No. ________.” (inserting the name of the District).

and

“Against the establishment of the new boundaries of the Fresh Water Supply District No. ________.” (inserting the name of the District).

Oath of voter

Sec. 7. Every person who offers to vote at any election held under the provisions of this Act shall take the following oath before the presiding Judge at the voting place where he offers to vote, and such Judge is authorized to administer the same:
"I do solemnly swear that I am a qualified voter of ______ County, and that I am a resident property taxpayer of ______ County, Fresh Water Supply District No. ______ (inserting the number and name of the District) and have not voted before in this election."

**Declaring result of election**

Sec. 8. If at such election a majority of the votes cast shall be in favor of the establishment of such new boundaries, the Board of Supervisors shall thereupon enter an order declaring such election to be in favor of the establishment of such new boundaries, and such order shall be entered in the minutes of the proceedings of such Board, declaring such land or lands so excluded to be no longer a part of such District and declaring and describing the new boundaries by metes and bounds, or by survey numbers, or by other reasonable identification, and a copy of such order signed by a majority of the members of the Board of Supervisors and duly attested by the secretary shall be filed in the office of the County Clerk and recorded in the Deed Records of the county in which such District is situated, and such land or lands shall no longer be a part of the District from and after the recording of such order; provided, however, that such excluded land or lands shall not be released from the payment of its/their pro rata part or share of any indebtedness existing at the date of such withdrawal, such pro rata part or share of such indebtedness to be determined as herein provided; nor shall such land or lands be released from the payment of taxes which may be delinquent at the time of such exclusion or which may thereafter become delinquent; and it shall be the duty of the Board of Supervisors to continue to levy a tax each year upon such excluded land or lands as herein provided until the taxes collected from such excluded land shall equal its pro rata share of the indebtedness at the time of withdrawal.

**Defeat of proposition; new petition not to be filed within year**

Sec. 9. If the proposition to exclude such territory be defeated by a majority of the votes cast at any such election, no petition for the exclusion of all or any part of such territory shall be filed with or acted upon by the Board of Supervisors of such District within one year of such election and the Board of Supervisors of such District shall not be required to exclude any part of such territory or call another election to pass upon a proposition to so alter the boundaries of such District as to exclude any part of the territory within the area sought to be excluded at the last election at which such proposition was defeated until after the expiration of one year from the date of such election.

**Bonds, warrants or certificates of indebtedness; payment of indebtedness; lien of taxes**

Sec. 10. The rights of the holders of any outstanding and unpaid bonds, warrants, or other certificates of indebtedness of such Fresh Water Supply District shall be in nowise or manner diminished or impaired by any proceeding hereunder; but, as between the owners of the property within the territory excluded, as herein provided, and the owners of the property remaining within such Fresh Water Supply District, the pro rata part or share of any indebtedness existing at the date of such exclusion shall be ascertained and payment thereof made as follows:

(a) The property within the excluded area shall be charged with, and the owners of such property shall pay as their pro rata part of the indebtedness of the District, that percentage of a sum of money to be determined by deducting from whichever is greater of either the face value (par plus accrued interest) or market value of the then out-
standing indebtedness of each series of such bonds or warrants the sinking funds, reserves and deposits then held for the payment thereof which the total assessed value of all the property assessed within the excluded area bore to the total assessed value before such exclusion of all the assessed property of the entire District from which said territory is taken for the tax year within which the respective series of such indebtedness were issued and sold, the values as shown by the tax roll of the District to be used as the basis of the computation. At the time of the adoption of the resolution of exclusion as provided either in Section 4 or Section 9 hereof, the Board of Supervisors shall ascertain such pro rata share of indebtedness of the District chargeable to the excluded area as provided in this Section and shall duly adopt in its records a resolution establishing and fixing such pro rata share, and when thus ascertained, fixed and established such amount shall be binding upon all persons and property in both the excluded and the remaining areas of such District.

(b) The property remaining within the new boundaries of such Fresh Water Supply District, as such boundaries are redefined after the exclusion of territory as herein provided, shall be charged with, and the owners thereof shall pay in due course by annual taxes, the remainder of all the indebtedness of such Fresh Water Supply District.

(c) The taxes levied against all of the property within the excluded territory for the current taxable year in which the exclusion is made as herein provided shall be paid and remain, until paid, as a lien against such property excluded from such Fresh Water Supply District as though no territory had been excluded, but the amount thereof collected shall be credited against and deducted from the total sum for which the property within the excluded area and the owners thereof are liable under the above Section 10(a), and no additional taxes or other charges shall be levied, assessed, or charged against such land for the current year in which such exclusion is made.

(d) All taxes against any land or lands within the excluded area which may be delinquent at the time for the exclusion and all taxes against any of such land or lands which may thereafter become delinquent shall have the same status they would have had if such land or lands had not been excluded, and such Fresh Water Supply District shall continue to have, exercise, and enjoy all of the liens, rights and remedies it would have had against the persons and property against whom and which such taxes were assessed if the territory had not been excluded.

The principal of all taxes assessed against the excluded territory after such exclusion and collected after becoming delinquent, but before the final payment of all sums chargeable against the property so excluded, shall be credited against the amount so chargeable, as though such taxes had been collected when due. All taxes remaining delinquent after the collection of all charges herein provided for shall remain the property of such Fresh Water Supply District and be enforceable against the property on which it was assessed and the owner thereof.

(e) Any municipality authorized to do so and any person, firm, or corporation desiring to do so may pay any sum of money it desires to pay at any time toward the payment and discharge of the sum chargeable against the property within the excluded area and the owners thereof, and all such voluntary payments shall be received and receipted for by such Fresh Water Supply District as a credit on and reduction of the amount herein apportioned and charged against the excluded area.
(f) After the current year in which the exclusion is made as herein provided, the remainder of the sum chargeable against the excluded area shall be paid by the owners of the property so excluded and be collected as taxes assessed and levied annually against the property within the excluded area and the owners thereof, just as though the exclusion had not been made, on the same basis as taxes are assessed annually against the property remaining within such District, until the amount so collected from the excluded territory and the owners of property therein equals the total net sum chargeable against and recoverable of and from such excluded area as herein provided, except that the taxes and charges assessed against the property within the excluded area for the last year during which such levies and assessments are made may be lower than the rate applicable to the area not excluded in order to produce a sum of money required to discharge the balance of the sum chargeable against the excluded area, provided, however, that in any event the District shall continue to levy taxes against the lands within such excluded area each year until the pro rata share of the indebtedness chargeable to such excluded area shall have been collected by the District.

All taxes and charges of every kind herein provided for shall be subject to the same penalties and interest as other taxes levied by such Fresh Water Supply District, and such District shall have all the rights and remedies with reference thereto which it has with reference to other taxes.

Property within excluded territory; discharge of obligations; resolution

Sec. 11. Upon the payment of all of the sums herein provided for and chargeable against the property within the territory so excluded, save and except such taxes and charges as are levied but delinquent against specific pieces of property within the excluded territory, all of the property within the excluded territory, save and except that against which such delinquent taxes and charges remain unpaid, and the owners thereof, shall be fully discharged and released of each and every obligation and duty it and they have to such Fresh Water Supply District, and the Board of Supervisors of such Fresh Water Supply District shall thereupon adopt and cause to be recorded in the minutes of such District and in the Deed Records of the county in which such Fresh Water Supply District is situated a resolution setting out the fact that the property within the excluded area and the owners thereof, save and except the property against which taxes are then delinquent and the owners thereof, have fully discharged every obligation imposed by this Act and are fully released of all obligations to such Fresh Water Supply District, and such resolution shall contain a list of the property against which taxes are then unpaid, giving a brief description thereof, stating the name of the person against whom such taxes were assessed and the amount of the principal sum owing for each year for which there is a delinquency. Upon the payment of the delinquent taxes against any property listed in such resolution, the property against which such taxes were assessed shall likewise be discharged of every obligation to such District and the release thereof may be established by a certificate of the Tax Assessor and Collector of such Fresh Water Supply District certifying that all delinquent taxes against such property have been paid.

Board of Supervisors' findings as prima facie evidence of facts

Sec. 12. All findings of fact by the Board of Supervisors of any such District in connection with the proceedings herein authorized, when entered upon the minutes of such proceedings, shall constitute pri-

Liability of owners and property within excluded territory after exclusion

Sec. 13. Neither the property within the excluded territory nor the owners thereof, shall ever be liable for the payment of any bonds, warrants, or other indebtedness issued or incurred by such Fresh Water Supply District after the segregation and exclusion as herein provided.

Art. 7930—4. Districts within counties of over 500,000 population, additional powers of

Sanitary sewer systems

Section 1. Fresh Water Supply Districts heretofore or hereafter created under the provisions of Chapter 4 of Title 128, Revised Civil Statutes of Texas, 1925, as amended, and located wholly within a county having a population in excess of five hundred thousand (500,000) inhabitants according to the last preceding or any future Federal Census, in addition to the powers heretofore granted, are hereby authorized to purchase, construct, acquire, own, operate, repair, improve and extend sanitary sewer systems for the collection, transportation, processing, disposal and control of all domestic, industrial and communal wastes.

Fire fighting facilities and equipment

Sec. 2. Such Districts shall be authorized to purchase, own, improve, repair, maintain and operate fire fighting facilities and equipment for the purpose of protecting the property belonging to such Districts and other properties situated within such Districts, and to maintain and operate a fire department and to employ a fire marshal and such other employees as shall be necessary therefor. Such Districts shall further be authorized to pay rewards for information leading to the arrest and conviction of a person or persons on a charge of arson in connection with the burning of property situated within the District. The District's liability for such rewards shall not exceed the sum of One Hundred ($100.00) Dollars for each offense, regardless of the number of persons convicted therefor.

Cost, payment of

Sec. 3. The cost of constructing, purchasing, acquiring, improving and repairing such sanitary sewer systems and fire fighting equipment and facilities may be paid out of the proceeds of sale of bonds or other obligations issued by such Districts, or out of funds derived from taxes levied for maintenance purposes, or from the operation of the District's improvements, in the discretion of the Board of Supervisors. The
cost of maintaining and operating such system and facilities may be paid out of the funds derived from taxes levied for maintenance purposes, or from operating revenues, but shall not be paid out of borrowed money, whether by bonds or otherwise.

Contracts with nearby municipal corporations

Sec. 4. Such Districts are hereby authorized to contract with nearby municipal corporations or other political subdivisions for fire protection by the use of facilities and equipment of such municipal corporations or political subdivisions, and to pay the consideration therefor from any available funds other than borrowed money, whether by bonds or otherwise. Such contracts shall extend for a period not to exceed ten (10) years, as may be agreed upon by the governing bodies of the contracting parties.

Rules and regulations; peace officers

Sec. 5. Such Districts shall further have the power to adopt and enforce reasonable rules and regulations relating to the installation, maintenance and operation of plumbing fixtures and facilities within such Districts, in order to maintain safe and sanitary conditions within such Districts and to protect the lives, health and welfare of the inhabitants thereof. The Boards of Supervisors of such Districts may prescribe reasonable penalties for the breach of any rule or regulation so adopted, which penalties shall not exceed fines of more than Two Hundred ($200.00) Dollars or imprisonment in jail for more than thirty days, or both such fines and imprisonment, which penalties shall be in addition to other penalties provided by law and may be enforced in any Court of proper jurisdiction in the County in which the District's principal office is located; provided, however, that no rule or regulation which provides a penalty for the violation thereof shall be in effect, as to the enforcement of the penalty, until a brief, substantial statement of such rule or regulation and the penalty for the violation thereof is published once a week for two consecutive weeks in a newspaper of general circulation in the area in which such District is situated. Seven (7) days after the second publication, the penalty or penalties provided shall be effective, and such rules and regulations shall be judicially known to the Courts.

Such Districts shall be authorized to employ and constitute their own peace officers, who shall be endowed with power to make arrests for the commission of any offense against the rules and regulations of the District or against the laws of the State of Texas when any such offense or threatened offense occurs within the boundaries of said Districts.

Bonds payable from revenue or from revenue and taxes authorized; taxes

Sec. 6. For the purpose of constructing, purchasing, repairing, improving and extending the improvements which such Districts are authorized by law to make, and in addition to the tax bonds which such Districts are now authorized to issue, such Districts may also issue bonds payable solely from the gross revenues received from the operation of the District's water works and sanitary sewer systems or either of them, after deduction of the reasonable cost of maintaining, operating, repairing, improving or extending such system or systems, and the net revenues of one of such systems may be pledged to the payment of bonds issued for the construction, purchase, repair, improvement or extension of another system belonging to such Districts.

Such Districts shall also be authorized to issue bonds payable both from ad valorem taxes and the net revenues of their water works systems or sanitary sewer systems, either or both, for the purposes set out
in this Section. In such case, such Districts shall levy, assess and collect ad valorem taxes until the net revenues from the operation of such system or systems, together with the money derived from taxes, may have accumulated a surplus in the sinking fund equal to the total principal and interest requirements of the Districts' combination tax and revenue bonds maturing during the current year, in which event the Districts' tax levies may be lowered to produce not less than twenty-five (25%) per centum of the principal and interest requirements for the next succeeding year, until an actual experience of three (3) successive years may demonstrate that the net revenues are wholly adequate to retire the principal and interest on such obligations as they mature; and at such time the District's tax may be wholly abated, until further experience may demonstrate the necessity again to assert the District's taxing power to avoid default in payment of said obligations as they mature.

The Boards of Supervisors of such Districts shall submit the proposition of issuing the bonds herein authorized, to a vote in the manner provided by Chapter 4, Title 128, Revised Civil Statutes of Texas, 1925, relating to the issuance of tax bonds. The proposition submitted, in the case of revenue bonds shall be: “For the issuance of bonds and the pledge of net revenues for the payment thereof”, and the contrary of such proposition; and the proposition for the issuance of combination tax and revenue bonds shall be: “For the issuance of bonds, the pledge of net revenues and the levy of taxes adequate to provide for the payment thereof”, and the contrary of such proposition.

Conversion of Water Control and Improvement Districts into Fresh Water Supply Districts

Sec. 7. Such Water Control and Improvement Districts, heretofore or hereafter created in such counties, may be converted into Fresh Water Supply Districts in the following manner: The Boards of Supervisors of such Districts shall adopt resolutions declaring that in their judgment it will be to the best interest of such Districts, and will be a benefit to the lands and property therein, to become a Fresh Water Supply District under the provisions of Section 59 of Article XVI of the Constitution of Texas, which said resolution shall provide for a public hearing on such proposition at a date to be fixed by such Boards not less than fifteen (15) nor more than thirty (30) days from the date of such resolution. Notice of such hearing shall be published once a week for two (2) consecutive weeks in a newspaper of general circulation in the area in which such District is located, the first publication to be not less than fourteen (14) days prior to the time set down for hearing. Such notice shall contain a copy of such resolution or a substantial statement of the matters therein contained. At such hearing all interested persons may appear and offer testimony and other evidence. If upon such hearing said Board finds that the conversion of such Water Control and Improvement District into a Fresh Water Supply District would be to the best interests of the District, and would be a benefit to the lands and property situated therein, they shall enter their order declaring said District to be a Fresh Water Supply District and the same shall thereafter operate under the provisions of Chapter 4, Title 128, of the Revised Civil Statutes of Texas, with all amendments and additions thereto, including this Act; provided that nothing herein shall be construed to authorize the impairment of any existing contract. If such Board finds that such conversion would not be for the best interests of the District, and would not be a benefit to the lands and properties therein situ-
ated, it shall enter its order to that effect and such District shall continue to operate as a Water Control and Improvement District. The findings of said Board of Supervisors shall be final, and not subject to review or appeal.

**Premiums on surety bonds**

Sec. 8. The premiums on surety bonds required of officials and employees of Fresh Water Supply Districts may be paid out of any available funds of such Districts, upon order of the Board of Supervisors.

**Provisions cumulative; partial invalidity**

Sec. 9. The provisions of this Act shall be cumulative of all other existing laws. If any provision of this Act or the application thereof to any person or circumstance shall be held to be invalid, the remainder of the Act, and the application of such provisions to other persons or circumstances, shall not be affected thereby.

**Contracts**

Sec. 10. Said Districts may enter into all necessary contracts for construction and repairs authorized by law. Where the amount exceeds One Thousand ($1,000.00) Dollars, competitive bids on uniform written specifications shall be asked, after advertisement one time in a newspaper of general circulation in the county or in said District for at least five (5) days prior to opening bids. Contracts shall be awarded to the lowest and best bidder, shall be reduced to writing, and a surety bond shall be required in a sum equal to the amount of the contract, to insure the faithful performance of the contract and the payment of labor and materials.

Where the amount is One Thousand ($1,000.00) Dollars or less, and more than One Hundred and Fifty ($150.00) Dollars, proposals without advertisement may be received, and contracts awarded in like manner, without advertisement or the requirement for bond. Purchases may be made or contracts entered- into on emergency requisitions, where the amount of such purchase does not exceed One Hundred and Fifty ($150.00) Dollars, provided that all of the provisions of Articles 1667 through 1673, Revised Civil Statutes of Texas, 1925, as amended, shall apply to the accounting of such Districts and the record of purchases, except as otherwise provided herein. Failure to pay any tax due shall constitute grounds for revocation of any permit authorizing the sale of liquor on prescription.

(e) Tax stamps herein required shall be prescribed by the Texas Liquor Control Board, and upon requisition of the Board shall be printed under the direction of the Board and furnished to the State Treasurer. The State Treasurer shall furnish such stamps only to the holders of medicinal permits in Texas. Such stamps shall have printed thereon such serial number or other means of identification as the Texas Liquor Control Board may require, and each stamp shall be in duplicate counterparts so that one of each such counterparts may be affixed to the container of liquor and to the prescription upon which such liquor is sold. The Texas Liquor Control Board is hereby authorized to promulgate such regulation as may be deemed necessary as to the affixation of stamps, the cancellation thereof, and the accounting therefor.

(f) It shall be unlawful for any person to sell any liquor upon a prescription therefor until and unless there shall first be affixed to such prescription the tax stamp herein required. It shall be unlawful for any person to sell any liquor upon a prescription therefor unless and until there shall first be affixed to such container of liquor the counterpart of a tax stamp as herein required. (d) A tax of twenty-five (25) cents on each gallon of artificially carbonated and natural sparkling vinous liquor.

include the first sale, possession, distribution, or use in this State of any
and all liquor refined, blended, manufactured, imported into, or in any
other manner produced or acquired, possessed, or brought into this State.

The tax herein levied shall be paid by affixing a stamp or stamps on
each bottle or container of liquor. Said stamps shall be affixed in strict
accordance with any rule or regulation promulgated in pursuance of this
Act; provided, however, any holder of a permit as a retail dealer as that
term is defined herein shall be held liable for any tax due on any liquor
sold on which the tax has not been paid.

It shall be the duty of each person who makes a first sale of any
liquor in this State to affix said stamps on each bottle or container of
liquor and to cancel the same in accordance with any rule and regulation
of the Board. The Board shall have power to relax the foregoing pro­

affixing of such stamp on the bottle or container. In the case of wines,
the stamp shall be affixed to every container intended to be sold as an
unbroken package to the ultimate customer. And no wine shall be sold
for consumption on the premises of a person holding a Wine and Beer

such information and such reports as may be required by rules and regu­
lations of the Board. Any person authorized to export liquor from this
State having in his possession any liquor intended for shipment to any
place without the State, shall keep such liquors in a separate compart­
ment from that of liquors intended for sale within the State so that the
same may be easily inspected and shall attach to each such package of
liquor so intended for shipment without the State a stamp of the kind
and character that shall be required by proper rule or regulation denot­
ing that the same is not intended for sale within the State. When such
liquors are so kept and so stamped no tax on account thereof shall be
charged. For defraying the expenses thereof, a charge of twenty-five (25) cents shall be made for every such stamp, except that a charge of
ten (10) cents shall be made for each such stamp placed on vinous or
malt liquors of twenty-four (24) per cent alcoholic content or less. All
such permittees authorized to transport liquor beyond the boundaries of
this State shall furnish to the Board duplicate copies of all invoices for
the sale of such liquors within twenty-four (24) hours after such liquors
have been removed from their place of business. As amended Acts 1941, 47th Leg., p. 269, ch. 184, Art. VII, § 1.

Art. 666—21d. Stamps; allocation of tax; application of tax; inventory; rules and regulations; appropriation for printing

Sec. 2. Stamps for distilled spirits evidencing the tax levied in subdivision (a) of Section 1 of this Article shall be supplied by the Treasurer to all authorized to purchase them at a discount of two (2) per cent of the face value thereof when purchased in lots of Five Hundred Dollars ($500) or more.

Sec. 3. The tax levied in subdivision (a), Section 1 of this Article of this Act shall be allocated as hereafter provided in this Act; providing that such tax shall, before allocation, bear a proportionate amount of the costs of administration and enforcement of the Texas Liquor Control Act as now provided in the General Appropriation Act. The other taxes levied in this Article shall be allocated as heretofore provided by law.

Any laws in conflict herewith are repealed to the extent of such conflict only.

Sec. 4. It is further provided that the tax herein levied shall apply and attach to all liquor which shall be in storage or in the possession of any person for the purpose of sale, and that all persons having possession of any liquor for the purpose of sale shall on the effective date hereof render and submit to the Texas Liquor Control Board at Austin, Texas, a true and correct sworn inventory of all such liquors, setting forth in detail the size of containers and the quantity thereof. Failure or refusal to render such inventory shall be deemed sufficient grounds for the cancellation of any permit or license by the Board, and, in addition thereto, any such person shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a fine of not less than One Hundred Dollars ($100) nor more than One Thousand Dollars ($1,000), or by imprisonment in the County Jail for any term not more than one (1) year, or by both such fine and imprisonment.

Sec. 5. It is further provided that the Texas Liquor Control Board shall have printed and supplied to the State Treasurer, and the State Treasurer shall have on demand, tax stamps of such values as will enable any person having possession of liquors with legal and valid Texas tax stamps affixed of a lower rate of assessment than is herein provided to affix an additional stamp on each container so that the added amount of tax paid, as represented by such additional stamp together with the one originally affixed, will equal the amount of tax herein levied. All liquors in containers to which have not been affixed proper tax stamps, or stamps in the aggregate to show payment of tax as herein levied, are
hereby declared to be illicit beverages and subject to seizure and forfeiture as otherwise provided by law, and any person in possession thereof shall be prosecuted for the possession of illicit beverages as provided by law.

Sec. 6. The Texas Liquor Control Board is hereby authorized to promulgate and enforce rules and regulations requiring the filing of inventories and the issuance and distribution of stamps through its representatives, and for the inspection of liquor stocks wherever they may be in this State, such as may be deemed necessary to enforce compliance with this Article. For the purposes of this section the word "sign" shall not include any identifying label affixed to any container as authorized by law.

Billboard—The word "billboard" as used herein shall mean a structure directly attached to the land, or to any house or building, and having one or more spaces used for displaying thereon a sign or advertisement of the alcoholic beverage business of any person engaged in the manufacture, sale or distribution of beer, or for the advertisement of any brewery product containing alcohol in excess of one-half of one (1/2 of 1%) percent by volume, whether or not such structure or sign be illuminated by artificial means. The term 'billboard' shall not be inclusive of any wall or other part of any structure used as a building, fence, screen, front or barrier.

Electric Sign—The term "electric sign" as used herein shall mean a structure or device, other than an illuminated billboard, by means of which artificial light created through the application of electricity is utilized for the advertisement of the alcoholic beverage business by any person engaged in the manufacture, sale or distribution of beer, or for the advertisement of any brewery product containing alcohol in excess of one-half of one (1/2 of 1%) percent by volume.

2. All outdoor advertising as herein defined is hereby prohibited within the State of Texas except as herein expressly provided:

No such sign shall contain letters of greater height than twelve (12) inches, and no such sign shall contain any wording, insignia or device representative of the brand or name of any alcoholic beverage or the manufacturer of any alcoholic beverage. The Board or Administrator is hereby authorized to expand this provision to the extent of permitting a licensee to erect or maintain one such sign at each entrance or side of a building occupied by a licensee and facing more than one street or highway.

(c) The use of billboards, electric display signs or other signs to designate the firm name or business of any holder of a Manufacturer's or Distributor's License when displayed at the place of business of such licensee is hereby authorized.

(d) The use of printed or lithographed advertising material inside a premise where there exists a license to sell beer at retail, when used as part of a temporary window display of beer for sale on the licensed premise, is hereby authorized, provided advertising material so used may not be placed within eighteen (18) inches of any window or opening facing upon a street or highway.

(e) The Board shall have the power and authority and it is hereby made its duty to adopt rules and regulations authorizing such use of business cards, menu cards, stationery, and service equipment or delivery equipment bearing advertisement of beer as the Board may find not to be in conflict with the purposes of this Act.

It shall be unlawful for any person to erect or maintain any billboard or electric sign within two hundred (200) feet where there exists a license to sell beer at retail, except by express permission of the Administrator, given after determination by the Administrator that the erection of any such billboard or electric sign does not serve to advertise or direct patronage to any particular place of business licensed to sell any alcoholic beverage at retail.

4. It shall be unlawful for any person to erect or maintain any billboard or electric sign within two hundred (200) feet of any place where there exists a license to sell beer at retail after the effective date of this Act, without first securing from the Texas Liquor Control Board a permit to erect or maintain such billboard or electric sign; provided no such permit shall be required for billboards or electric signs having a surface of one hundred eighty (180) square feet, or more, if not located within two hundred (200) feet of any place where there exists a license to sell beer at retail. Application for any such permit shall be addressed to the Board or Administrator upon such form as may be prescribed and containing such information as may be deemed necessary by the Board or Administrator. The application shall be made under oath and shall

The Board or Administrator shall refuse to issue a permit for the erection or maintenance of any billboard or electric sign if it finds any statement in the application therefor to be false; and the Board or Administrator shall grant the permit for erection or maintenance of any such billboard or electric sign if it finds all statements in the application therefor to be true, and if it finds that the erection or maintenance thereof would not be contrary to this Act or any lawful rule or regulation of the Board.

All billboards and electric signs authorized by this Act shall be subject to all applicable provisions of Section 24, Article II of the Liquor Control Act.¹

It shall be unlawful for any person to erect, maintain or display any outdoor advertising, billboard, or electric sign not conforming in all respects to the provisions of this Act; and any billboard or electric sign displayed contrary thereto is hereby declared illegal equipment and subject to seizure and forfeiture as provided for such action in respect to illicit beverages and other illegal equipment under the provisions of this Act.

The Board or Administrator shall have authority to grant a further time extension of one hundred twenty (120) days in any case where removal within the one hundred twenty (120) day period may in the judgment of the Board or Administrator be impracticable.

5. Declaration of Policy. It is hereby declared that the excessive or indiscriminate display of outdoor advertising for beer, and the display of such advertising at retail establishments authorized to sell beer, is detrimental to the public interest, and that the use of billboards or electric signs of smaller surface than herein authorized encourages the excessive and indiscriminate use of outdoor advertising, and should be prohibited by law. Art. 802a. Placing drunken drivers on probation [Repealed]

This article is impliedly repealed by art. 6687a of the Civil Stat. See note 2 under this article.

2. Repeals

Provision of Vernon's Rev.Civ.St. art. 6687a, § 16 that conviction for violation of art. 802, denouncing the driving of a motor vehicle while intoxicated shall automatically suspend license of one so convicted for period of 6 months for first conviction, operated to repeal this article providing that jury shall add to their verdict the length of time defendant shall be prohibited from driving, not exceeding 2 years. Harris v. State, 133 Cr.R. 126, 109 S.W.2d 201; Harris v. State, 133 Cr.R. 129, 109 S.W.2d 203.

That provision of Vernon's Rev.Civ.St. art. 6687a, § 16 that conviction for violation of art. 802 denouncing the driving of a motor vehicle while intoxicated shall automatically suspend license of one so convicted for period of 6 months for first conviction, did not apply to some motor driven vehicles, such as tractors and road graders, would not prevent such statute from repealing this article which included such motor driven vehicles as tractors and road graders. Harris v. State, 133 Cr.R. 129, 109 S.W.2d 203.

That part of verdict, convicting accused for first time of driving automobile on public highway while intoxicated, which prohibited accused from driving automobile for 12 months, was unauthorized, in view of repeal of this article by Vernon's Rev.Civ.St. art. 6687a authorizing 12-month prohibition for first offense. Chaney v. State, 133 Cr.R. 517, 112 S.W.2d 464.

That provision of Vernon's Rev.Civ.St. art. 6687a repealing this article providing that jury shall add to their verdict the length of time that the defendant shall be prohibited from driving, not to exceed 2 years. Chaney v. State, 133 Cr.R. 517, 112 S.W.2d 464.

Art. 827a, sec. 5. Weight of load

Sec. 5. Except as otherwise provided by law, no commercial motor vehicle, truck-tractor, trailer or semi-trailer, nor combination of such vehicles, shall be operated over, on, or upon the public highways outside the limits of an incorporated city or town, the total gross weight of which exceeds that given by the following formula:

\[ W = C \times (L + 40), \]

where

- \( W \) equals total gross weight, including load and vehicle, in pounds;
- \( C \) equals 700;
- \( L \) equals the distance between the first and last axles of a vehicle or combination of vehicles, in feet.

Under the foregoing formula, the gross weight is ascertained by adding forty (40) to the distance in feet between the first and last axles of a vehicle or combination of vehicles and multiplying this sum by seven hundred (700). Provided, however, the gross weight shall never exceed thirty-eight thousand (38,000) pounds.

Provided, however, the gross weight permitted by the foregoing formula shall be subject to the following restrictions and limitations:

No such vehicle nor combination of vehicles shall have a greater weight than six hundred (600) pounds per inch width of tire upon any wheel concentrated upon the surface of the highway and using high-pressure tires, and a greater weight than six hundred and fifty (650) pounds per inch width of tire upon any wheel concentrated upon the surface of the highway and using low-pressure tires, and no wheel shall carry a load in excess of eight thousand (8,000) pounds on high-pressure tires and nine thousand (9,000) pounds on low-pressure tires, nor any axle a load in excess of sixteen thousand (16,000) pounds on high-pressure tires, and eighteen thousand (18,000) pounds on low-pressure tires.

An axle load shall be defined as the total load on all wheels whose centers may be included between two parallel transverse vertical planes forty (40) inches apart. As amended Acts 1941, 47th Leg., p. 86, ch. 71, § 1.

Approved and effective March 24, 1941.

Section 3 of Acts 1941, 47th Leg., p. 86, ch. 71, read as follows:

"Nothing in this Act shall be construed as authorizing an increase in the size or dimensions of commercial motor vehicles as provided in the present law."
Sections 7-9 of the amendatory Act of 1941 read as follows:

"Sec. 7. If any section, subsection, clause, sentence or phrase of this Act is for any reason held to be unconstitutional and invalid, such decision shall not affect the validity of the remaining portions of this Act. The Legislature hereby declares that it would have passed this Act, and such section, subsection, sentence, clause or phrase thereof, irrespective of the fact that one or more of the sections, subsections, sentences, clauses or phrases be declared unconstitutional.

"Sec. 8. Providing that the enactment of this Act will in no way repeal or affect the provisions of House Bill No. 693, Chapter 349, page 832, of the General and Special Laws of the Regular Session of the Forty-fourth Legislature.

"Sec. 9. Nothing in this Act shall in any way alter, amend, repeal or modify any part of Chapter 41, Acts Second Called Session, Forty-first Legislature [Vernon's Ann.Civ.St. art. 6701a]."

Section 10 of amendatory Act of 1941 declared an emergency and provided that the Act should take effect from and after its passage.

Art. 827a, sec. 5a. Applicant for registration to show weight and maximum load; license receipt; penalty for violation

Sec. 5a. Upon application for registration of any commercial motor vehicle, truck tractor, trailer or semi-trailer, the applicant shall deliver to the Tax Collector, or one of his duly authorized deputies, an affidavit, duly sworn to before an officer authorized to administer oaths, showing the weight of said vehicle, the maximum load to be transported thereon, and the total gross weight for which said vehicle is to be registered; which affidavit shall be kept on file by the Collector. The license receipt issued to the applicant shall also show said total gross weight for which said vehicle is registered. A copy of said receipt shall be carried at all times on any such vehicle while same is upon the public highway.

The copy of the registration license receipt above required shall be admissible in evidence in any cause in which the gross registered weight of such vehicle is an issue, and shall be prima facie evidence of the gross weight for which such vehicle is registered. Such copy of the registration license receipt shall be displayed to any officer authorized to enforce this Act, upon request by such officer.

The driver, owner, operator, or other person operating or driving such vehicle, failing to comply with this provision of this Act, shall be guilty of a misdemeanor and upon conviction shall be fined in any sum not exceeding Two Hundred ($200.00) Dollars. As amended Acts 1941, 47th Leg., p. 144, ch. 110, § 12.

Approved and effective April 10, 1941.
Section 17 of amendatory Act of 1941 declared an emergency and provided that the Act should take effect from and after its passage.

Acts 1941, 47th Leg., p. 144, ch. 110, § 12, purported to amend "Section 5a, chapter 282, Acts 1931, 42nd Legislature, Regular Session," to read as set out in the text above, whereas it was evidently the legislative intent to amend section 6 of Acts 1931, 42nd Leg., p. 507, ch. 232, which added section 5(a) to Acts 1929, 41st Leg., 2nd C.S., p. 72, ch. 42.

On the question of the validity of the amendment of 1941, see Katz v. State, 122 Cr.R. 231, 54 S.W.2d 130.

Approved and effective March 24, 1941.

Art. 827a, sec. 6. Weighing loaded vehicles by inspectors

Sec. 6. Any license and weight inspector of the Department of Public Safety, any highway patrolman or any sheriff or his duly authorized deputy having reason to believe that the gross weight of a loaded vehicle is unlawful is authorized to weigh the same by means of portable or stationary scales furnished or established by the Department of Public Safety, or cause the same to be weighed by any public weigher, and to require that such vehicle be driven to the nearest available scales in the
direction of destination, for the purpose of weighing. In the event the gross weight of any such vehicle be found to exceed the maximum gross weight authorized by law, such license and weight inspector, highway patrolman, sheriff, or his duly authorized deputy shall demand and require the operator or owner thereof to unload such portion of the load as may be necessary to decrease the gross weight of such vehicle to the maximum gross weight authorized by law. Provided, however, that if such load consists of livestock, perishable merchandise, or merchandise that may be damaged or destroyed by the weather, then such operator shall be permitted to proceed to the nearest practical unloading point in the direction of destination before discharging said excess cargo. The officers named herein are the only officers authorized to enforce the provisions of this Act. As amended Acts 1941, 47th Leg., p. 86, ch. 71, § 4.

Approved and effective March 24, 1941.

Art. 827a, sec. 8. Rate and speed of vehicles

Sec. 8. It shall be unlawful for any person to operate or drive any motor or other vehicle upon the public highways of Texas at a rate of speed in excess of sixty (60) miles an hour during the daytime, or to drive or operate a motor or other vehicle at a rate of speed in excess of fifty-five (55) miles per hour during the nighttime, or drive or operate a motor or other vehicle within the corporate limits of an incorporated city or town, or within or through any town or village not incorporated, at a greater rate of speed than thirty (30) miles per hour; provided, that it shall be unlawful to drive or operate upon said public highways a commercial motor vehicle, truck-tractor, trailer, or semitrailer as defined in this Act, at a rate of speed in excess of forty-five (45) miles per hour during the daytime, or to drive or operate said commercial motor vehicle, truck-tractor, trailer, or semitrailer at a rate of speed in excess of forty-five (45) miles per hour during the nighttime. Provided further, that it shall be unlawful to operate any motor vehicle engaged in this State in the business of transporting passengers for compensation or hire on any highway, road, or thoroughfare not privately owned between cities, towns, and villages at a rate of speed in excess of fifty-five (55) miles per hour.

Daytime as used in this Act shall mean a half hour before sunrise to a half hour after sunset, and nighttime shall mean at any other hour.

Provided further that no person shall drive a vehicle on a highway at a speed greater than is reasonable and prudent under the conditions then existing, having regard to the actual and potential hazards when approaching and crossing an intersection or a railway grade crossing, when approaching and going around a curve, when approaching a hill crest, when traveling upon any narrow or winding roadway, or when special hazard exists with respect to pedestrians or other traffic or by reason of weather or highway conditions; and speed shall be so controlled as may be necessary to avoid colliding with any person, vehicle, or other conveyance on or entering the highway in compliance with legal requirements and the duty of all persons to use due care.

The State Highway Commission shall have the power and authority upon the basis of an engineering and traffic investigation to determine and fix the maximum, reasonable and prudent speed at any road or highway intersections, railway grade crossings, curves, hills, or upon any other part of a highway, less than the maximum hereinbefore fixed by this Act, taking into consideration the width and condition of the pavement and other circumstances on such portion of said highway as well
as the usual traffic thereon. That whenever the State Highway Commission shall determine and fix the rate of speed at any said point upon any highway at a less rate of speed than the maximum hereinbefore set forth in this Act and shall declare the maximum, reasonable and prudent speed limit thereat by proper order of the Commission entered on its minutes, such rate of speed shall become effective and operative at said point on said highways when appropriate signs giving notice thereof are erected under the order of the Commission at such intersection or portion of the highway.

That whenever the governing bodies of incorporated cities and towns in this State within their respective jurisdictions determine upon the basis of an engineering and traffic investigation that the maximum reasonable and prudent speed at any intersection or other portion of the highway, based upon the intersections, railway grade crossings, curves, hills, width and condition of pavement and other conditions on such highway, and the usual traffic thereon, is greater or less than the speed limits hereinbefore set forth, said governing bodies shall have the power and authority to determine and declare the maximum reasonable and prudent speed limit thereat, which shall be effective at such intersection or other place.

It shall be unlawful for any person to so operate or drive any motor or other vehicle upon the public highways or streets of this State so as to wilfully obstruct or impede the normal, reasonable and safe movement of traffic. Police officers are hereby authorized to enforce the foregoing provision by directions to drivers, and a wilful disobedience to this provision shall be in violation of law punishable as provided in this Act.

Every charge of a violation of any speed regulation provided for in this Act, also the summons or notice to appear in answer to such charge, shall specify the rate of speed at which the person so charged is alleged to have driven, also the speed limit applicable within the district or at the location shall be set out.

The provisions of this Act declaring speed limits shall not be construed to relieve the plaintiff in any civil action from the burden of proving negligence on the part of the defendant as the proximate cause of any accident. As amended, Acts 1941, 47th Leg., p. 817, ch. 506, § 1.

Approved and effective June 14, 1941.

This article was also amended by Acts 1941, 47th Leg., p. 115, ch. 90, § 1, which amendment, was repealed by section 4 of the amendatory Act of 1941, p. 817, ch. 506.

Section 3 of the amendatory Act of 1941 read as follows: "If any part or parts of this Act shall be held to be unconstitutional, such unconstitutionality shall not affect the validity of the remaining parts of this Act. The Legislature hereby declares that it would have passed the remaining parts of this Act if it had known that such part or parts thereof would be declared unconstitutional."

Section 3 repealed all conflicting laws and parts of laws. Section 5 of the Act of 1941 declared an emergency and provided that the Act should take effect from and after its passage.

Sec. 4. Whenever an agent of the Game, Fish and Oyster Commission finds that any device for which a permit has been issued under the laws of this State is being used contrary to any provisions of this Act, it shall be the duty of said officer to immediately seize such device and hold same until after the trial of this defendant, and no suit shall be maintained therefor. Pending the trial of the defendant, it shall be unlawful for said defendant to operate any device such as is permitted under the provisions of this Act in any of the tidal waters of this State.

Any person who, by himself or by his servant or agent, or as the servant or agent of another person, shall offer or expose for sale, sell, use in the buying or selling of any commodity or thing, or for hire or award, or in the computation of any charge for services rendered on the basis of weight or measure, or in the determination of weight or measure when a charge is made for such determination, or retain in his possession, a false weight or measure or weighing or measuring device, or any weight or measure or weighing or measuring device which has not been sealed by the Commissioner, or his deputy, or inspectors, or by a sealer or deputy sealer of weights and measures within one year, or shall dispose of any condemned weight, measure, or weighing or measuring devise contrary to law; or who shall sell or offer or expose for sale less than the quantity he represents of any commodity, thing, or service, or shall take or attempt to take more than the quantity he represents, when, as the buyer, he furnishes the weight, measure, or weighing or measuring device by means of which the amount of any commodity, thing, or service is determined; or who shall keep for the purpose of sale, offer or expose for sale, or sell any commodity in a manner contrary to law; or who shall sell or offer for sale, or use or have in his possession for the purpose of selling or using, any device or instrument to be used to or calculated to falsify any weight or measure, shall be guilty of a misdemeanor, and shall be punished by a fine of not less than Twenty Dollars ($20) nor more than One Hundred Dollars ($100), upon a first conviction in any court of competent jurisdiction; and upon a second or subsequent conviction in any court of competent jurisdiction he shall be punished by a fine of not less than Fifty Dollars ($50) nor more than Two Hundred Dollars ($200).

Section A. The word “person” as used in this Chapter shall be construed to include any individual and all officers, directors, managers, employees, and other agents of all corporations, companies, partnerships, societies and associations, and such is the legislative intent.

The words “weights, measures or (and) weighing or (and) measuring devices” as used in this Chapter, shall be construed to include all weights, scales, beams, measures of every kind, instruments and mechanical devices for weighing or measuring, and any appliances and accessories connected with any or all such instruments.

The words “sell” or “sale” as used in this Chapter, shall be construed to include barter and exchange.

The term “false weight or measure, or (and) weighing or measuring device” as used in this Chapter, shall be construed to mean any weight or measure or weighing or measuring device which does not conform as closely as practicable to the official standards, which is not accurate, which is of such construction that it is not reasonably permanent in its adjustment or will not correctly repeat its indications, which facilitates the perpetration of fraud, or which does not conform to the requirements of the Statutes of this State and to the specifications and tolerances promulgated by the Commissioner under authority of Article 5714, Chapter 7, Title 93, of the Revised Civil Statutes of Texas of 1925, as amended.

Section B. It shall be unlawful to sell, except for immediate consumption on the premises, liquid commodities in any other manner than
by liquid measure, or commodities not liquid in any other manner than
by measure of length, by weight, or by numerical count. Provided, how­
ever, that liquid commodities may be sold by weight if there exists a
general consumer usage to express the quantity of such commodities by
weight and such expression gives accurate information as to the quan­
tity thereof; and that nothing in this Section shall be construed to pre­
vent the sale of fruits, vegetables, and other dry commodities in the stand­
ard barrel or by other methods provided for by State or Federal Law; or
of berries and small fruits in boxes as provided for in the provisions of
other Articles of the Statutes; or of vegetables or fruits usually sold by
the head or bunch in this manner. Provided further, that nothing in this
Section shall be construed to apply to commodities put up in original
packages.

For the purposes of this Section the term "original package" shall be
construed to include a commodity in a package, carton, case, can, barrel,
bottle, box, phial, or other receptacle, or in coverings or wrappings of any
kind, put up by the manufacturer, which may be labeled, branded, or
stenciled, or otherwise marked, or which may be suitable for labeling,
branding, or stenciling, or marking otherwise, making one complete pack­
age of the commodity. The words "original package" shall be construed
to include both the wholesale and the retail package.

For the purposes of this Section the term "commodities not liquid"
shall be construed to include goods, wares, and merchandise which are not
in liquid form and which have heretofore been sold by measure of length,
by weight, by measure of capacity, or by numerical count, or which are
susceptible of sale in any of these ways.

Section C. (1) It shall be unlawful to keep for the purpose of sale,
offer or expose for sale, or sell, any commodity in package form unless
(a) the net quantity of contents, in terms of weight, measure, or numeri­
cal count, and (b) the name and place of business of the manufacturer,
packer, or distributor shall be plainly and conspicuously marked on the
outside of the package. Provided, however, that under Clause (a) of this
Section reasonable variations or tolerances shall be permitted, and exemp­
tions as to small packages shall be made; and that under Clause (b) of
this Section exemptions as to packages sold on the premises where packed
shall be made. And provided further, that this Section shall not be con­
strued to apply to those commodities in package form, the manner of sale
of which is specifically regulated by the provisions of other Articles of the
Statutes, or to bales of cotton; and that reasonable rules and regulations
for the efficient enforcement of this Act, not inconsistent herewith, and
including the reasonable variations or tolerances and the exemptions
prescribed herein, shall be made by the Commissioner.

(2) It shall be unlawful to keep for the purpose of sale, offer or ex­
pose for sale, or sell any commodity in package form if its container is
so made, formed, or filled, or if it is so wrapped, as to mislead the pur­
chaser as to the quantity of the contents; or if the contents of its con­
tainer fall below the standard of fill prescribed by regulations promul­
gated as provided in this Section. For the effectuation of the purposes
of this Section the Commissioner is hereby authorized to promulgate regu­
lations fixing and establishing for any commodity in package form a
standard of fill of container, which in his best judgment is reasonable
with respect to the physical characteristics of the commodity, the size,
shape, and physical characteristics of the container, prevailing methods
of handling and transportation of packages, and generally accepted good
commercial practice in filling methods; provided, however, that reason­
able variations or tolerances shall be permitted, and that these reasonable
variations or tolerances shall be established by regulations made by the Commissioner.

(3) The words “in package form” as used in this Chapter, shall be construed to include a commodity in package, carton, case, can, box, bag, barrel, bottle, phial, or on a spool or similar holder, or in a container or band, or in a roll, ball, coil, skein, or other receptacle, or in coverings or wrappings of any kind, put up by the manufacturer, or when put up prior to the order of the commodity, by the vendor, which may be suitable for labeling, branding, or stenciling, or marking otherwise, making one complete package of the commodity. The words “in package form” shall be construed to include both the wholesale and the retail package. Provided, however, that a box or carton used for shipping purposes containing a number of packages which are individually marked, as hereinbefore provided, will not be required to bear the weight or measure of the contents thereof, nor the name and place of business of the manufacturer, packer or distributor. And provided further, that the words “in package form” shall not be construed to include paper stationery in tablet form.

Section D. It shall be unlawful for any person to keep for the purpose of sale, offer or expose for sale, or sell, any milk or cream in bottles or other containers of any capacity other than those provided for measures of capacity for liquid in Article 5732, Chapter 7, Title 93, of the Revised Civil Statutes of Texas of 1925, to wit, the gallon, a multiple of the gallon, one-half gallon, quart, pint, one-half pint, and gill.

Section E. It shall be unlawful for any person to keep for the purpose of sale, offer or expose for sale, or sell, except for immediate consumption on the premises, any cheese, meat, or meat food products otherwise than by standard net weight. Provided, however, that any cheese, meat, or meat food products, in package form, shall comply with the requirements of Section C of this Article. For the purposes of this Section the following shall be deemed to be meat and meat food products: All fresh, cured, or salt meats, fish, poultry, sausage, chile, head cheese, souse meat, loaf meat, boneless meat, shredded meat, Hamburger meat, or any other manufactured, prepared, or processed meat or meat food products. This Section shall be construed to require that all poultry sold by live weight shall be weighed alive at the time of sale, and that any poultry dressed or killed prior to time of sale, whether cooked or uncooked, shall be sold by net weight at time of sale and not by live weight or by the piece.

The word “poultry” as used in this Section shall be construed to include turkeys, chickens, ducks, geese, guineas, squabs, and all other domesticated fowls.

Section F. Whenever any commodity is sold on a basis of weight, it shall be unlawful to employ any other weight in such sale than the net weight of the commodity, and all contracts concerning goods sold on a basis of weight shall be understood and construed accordingly. Whenever the weight of a commodity is mentioned in this Chapter, it shall be understood and construed to mean the net weight of the commodity. Provided, however, that this Section shall not be construed to apply to bales of cotton.

Section G. It shall be unlawful for any person to misrepresent the price of a commodity, thing, or service sold or offered or exposed for sale, or to represent the price or the quantity of any commodity, thing, or service sold or offered or exposed for sale in any manner calculated or tending to mislead or deceive an actual or prospective customer. Whenever any price sign, tag, card, poster, or other advertisement displaying the price of any commodity or thing, includes a whole number and a frac-

If a new trial is not granted, nor judgment arrested in felony cases, the sentence shall be pronounced in the presence of the defendant at any time after the expiration of the time allowed for making the motion for a new trial or the motion in arrest of judgment; provided that in all criminal cases the judge of the court in which defendant was convicted, may within his discretion, give the defendant credit on his sentence for the time, or any part thereof, which said defendant has spent in jail in said cause, from the time of his arrest and confinement until his sentence by the trial court; and provided further that in all cases where the defendant has been tried for any violation of the laws of the State of Texas, and has been convicted and has appealed from said judgment and/or sentence of conviction, and where said cause has been affirmed by the Court of Criminal Appeals, and after receipt of the mandate by the Clerk of the trial court, the judge is authorized to
again call said defendant before him, and if, pending appeal, the defendant has not made bond or entered into recognizance and has remained in jail pending the time of such appeal, said trial judge may then in his discretion re-sentence the defendant, and may subtract from the original sentence pronounced upon the defendant, the length of time the defendant has lain in jail pending such appeal; provided, however, that the provisions of this Act shall not apply after conviction and sentence in felony cases in which bond or recognizance is not permitted by law. Acts 1941, 47th Leg., p. 669, ch. 412.

Art. 1036. 1138, 1003  
Witness fees

(1). Any witness who may have been subpoenaed, or shall have been recognized or attached and given bond for his appearance before any Court, or before any grand jury, out of the county of his residence, to testify in a felony case regardless of disposition of said case, and who appears in compliance with the obligations of such recognizance or bond, shall be allowed Three (3) Cents per mile going to and returning from the Court or grand jury, by the nearest practical conveyance, and Two Dollars ($2) per day for each day he may necessarily be absent from home as a witness in such case;

Provided, any witness who may have been subpoenaed, or shall have been recognized or attached and given bond for his appearance before any Court, out of the county of his residence, to testify in a felony case, and who appears in compliance with said subpoena or with the obligations of such recognizance or bond, and the case in which he is a witness is reset for a later day in the same term of Court, not exceeding four (4) days, shall not be paid mileage for any additional trip to or from Court he may make by reason of the resetting of said case, unless permission first had and obtained from the trial Judge to make said trip, but shall be entitled to receive his per diem for the additional days he may be in attendance upon Court by reason of the resetting of the case.

Witnesses shall receive from the State, for attendance upon District Courts and grand juries in counties other than that of their residence in obedience to subpoenas issued under the provisions of law Three (3) Cents per mile, going to and returning from the Court or grand jury, by the nearest practical conveyance, and Two Dollars ($2) per day for each day they may necessarily be absent from home as a witness to be paid as now provided by law; and the foreman of the grand jury, or
the District Clerk, shall issue such witness certificates therefor, after deducting therefrom the amounts advanced by the officers serving said subpoenas, as shown by the returns on said subpoenas; which certificates shall be approved by the District Judge, and recorded by the Clerk in a well-bound book kept for that purpose; provided, that when an indictment can be found from the evidence taken before an inquest or examining trial, no subpoena or attachment shall issue for a witness who resides out of the county in which the prosecution is pending to appear before a grand jury. When the grand jury shall certify to the District Judge that sufficient evidence can not be secured upon which to find an indictment, except upon testimony of nonresident witnesses, the District Judge may have subpoenas issued as provided for by law to other counties for witnesses to testify before the grand jury, not to exceed one witness to any one fact, nor more than three (3) witnesses to any one case pending before the grand jury.

(2). Witness fees shall be allowed only to such witnesses as may have been summoned on the sworn written application of the State's attorney or the defendant or his attorney as provided in Article 463, Code of Criminal Procedure, which sworn application must be made at the time of the procuring of the subpoena, attachment for, or recognizance of, the witness. The Judge to whom an application for attachment is made may, in his discretion, grant or refuse such application, when presented in termtime.

(3). The witness shall make an affidavit stating the number of miles he will have traveled going to and returning from the Court, by the nearest practical conveyance, and the number of days he will have been necessarily absent in going to and returning from the place of trial; which affidavit shall be a part of the certificate issued by the clerk, copy of which is to be kept in a well-bound book. Fees shall not be allowed to more than two (2) witnesses to the same fact, unless the Judge before whom the cause is tried shall, after such case has been tried, continued, or otherwise disposed of, certify that such witnesses were necessary in the cause. Witness, when attached and conveyed by Sheriff, shall not be entitled to receive fees while in custody of such officer.

No witness subpoenaed, recognized, or attached for the purpose of proving the general reputation of the defendant shall be allowed the benefits hereof, provided the trial Judge may, in his discretion, allow pay to not more than two (2) character witnesses for the State and to not more than two (2) character witnesses for the defendant.

(4). The District or Criminal District Judge, when any such claim is presented to him, shall examine the same carefully, and inquire into the correctness thereof, and approve same, in whole or in part, or disapprove the entire claim, as the facts and law may require; and such approval shall be conditioned only upon and subject to the approval of the State Comptroller, as provided for in Article 1035 of the Code of Criminal Procedure; and said claim with the action of the Judge thereon shall be entered on the Minutes of said Court; and upon the approval of said claim by the Judge, the Clerk shall make a certified list of said claim, upon forms prescribed by the Comptroller, furnishing such information as required by him, and send the same to the Comptroller at such times as he may require, for which service the Clerk shall be entitled to a fee of Fifty (50) Cents which shall be paid by the witness. The service mentioned in the foregoing sentence shall include the issuance of certificate, swearing the witness to claim for witness fees, and reporting to Comptroller, and witness shall not be required to pay any additional amount for the completion of the certificate.
For Annotations and Historical Notes, see Vernon's Texas Annotated Statutes (5).

The Comptroller, upon receipt of such claim and the certified list provided for in the foregoing section, shall carefully examine the same, and if he deems said claim correct, and in compliance with and authorized by law in every respect, draw his warrant on the State Treasury for the amount due in favor of the witness entitled to same, or to any person such certificate has been assigned by such witness, but no warrant shall issue to any assignee of such witness's claim unless the assignment is made under oath and acknowledged before some person duly authorized to administer oaths, certified to by the officer and under seal. If the appropriation for paying such account is exhausted, the Comptroller shall file the same away and issue a certificate in the name of the witness entitled to same, stating therein the amount of the claim. All such claims not filed in the office of the Comptroller within twelve (12) months from the date same become due and payable shall be forever barred. As amended Acts 1941, 47th Leg., p. 688, ch. 430, § 1.
