Art. 7652a. Rules and regulations as to recreational and business privileges; reservoirs

Reservoirs having recreational facilities

Sub-Sec. 6. (a) The Legislature finds that the construction of new reservoirs having recreational facilities will be of benefit to the contracting parties and the inhabitants of the State of Texas and will be in keeping with the policy of the State of Texas in attracting out-of-
state tourists, and it is the legislative policy to encourage the construction of such new facilities which might not be accomplished by the sole efforts of the District due to financial limitations.

(b) The Board of Directors of the Zavala-Dimmit Counties Water Improvement District No. 1 and an agency of the State or of the United States, a political subdivision, incorporated city, private corporation, or person may contract with each other to provide for the cooperative financing of the construction of reservoirs which will provide recreational facilities that will be of benefit to the contracting parties and to provide for the proportionate distribution of income from recreational and business privileges upon any body of water so created so as to liquidate any bonds issued by the District and the other contracting party for the construction of the reservoir. The management and control of all recreational and business privileges shall be under the exclusive control of the District and governed by the rules and regulations adopted and promulgated by the District. The District may authorize other persons to manage and operate recreational and business facilities by contract if it is in the best interest of the District to do so. The District shall collect all revenues and shall make distribution of income to the other contracting party under such terms and conditions as may be agreed upon, but distribution must be made at least annually so as to facilitate retirement of bonds issued for construction. After all construction bonds issued by the other contracting party have been liquidated, or after the private corporation or persons have recovered contributions plus reasonable interest not to exceed six per cent (6%) per annum for the construction of the reservoir, all rights of the contracting parties shall terminate and thereafter all income shall remain with the District.

(c) The District may acquire by purchase or condemnation any land within 300 feet around the perimeter of the reservoir, measured from the maximum storage level, in order to maintain properly the purity of the impounded waters and to safeguard their proper preservation and use; to safeguard the lives of persons who may desire to go on, over, or across said waters; to insure the safety of all persons lawfully using the waters; to maintain proper sanitation; and to enforce the rules and regulations adopted and promulgated by the District. The District shall not transfer in any manner any freehold interest in any real estate which the District acquired by condemnation for ten (10) years after the property was condemned. The District may, however, lease the property if it is in the best interest of the District to do so.

(d) In the event the District in the exercise of the power of eminent domain or police power, or any other power, requires the relocation, raising, lowering, re-routing, or change in grade or alteration in the construction of any public road, railroad, electric transmission, telegraph or telephone lines, conduits, poles, properties or facilities, or pipelines, all such relocation, raising, lowering, re-routing, or changes in grade or alteration of construction shall be accomplished at the sole expense of the District. The term “sole expense” shall mean the actual cost of such relocation, raising, lowering, re-routing, or change in grade or alteration of construction in providing comparable replacement without enhancement of such facilities, after deducting therefrom the net salvage value derived from the old facility.

Provided that Paragraph (d) shall not be applicable to those projects under construction or financed or for which bonds have been voted and approved by the acts of any district on the effective date of this Act, unless the provisions hereinabove are contained in the acts of the district authorizing said construction or financing. Provided that no reservoir shall be constructed on lands located within the boundaries of Dimmit County, nor shall the provisions hereinabove be construed as permitting the

Such debts may be evidenced by contracts, agreements, notes, bonds, or warrants payable at any term of years, but not to exceed 40 years if the lender is a person or corporation other than an agency created under the Laws of the United States, with interest thereon not to exceed six per centum (6%) per annum and may pledge its properties, revenues, income, and source of revenues and income to the payment thereof together with interest thereon and the expense incident to the enforced collection thereof, and its revenue, income, and source of income so pledged shall be used exclusively for the purpose pledged until such debts are fully repaid and after being so pledged shall not be used for any other purpose unless released for such purpose. (g) To license and regulate or suppress and prevent hawkers and peddlers utilizing or attempting to utilize said roads and other properties of any of said Navigation Districts. Acts 1961, 57th Leg., p. 1984, ch. 486, as amended Acts 1965, 59th Leg., p. 278, ch. 118, § 1.

Effective Aug. 30, 1965, 90 days after date of adjournment.

(f) “Project” means any engineering undertaking or work for the purpose of the conservation and development of the surface or subsurface water resources in the State of Texas, including the control, storing, and preservation of its storm and floodwaters and the waters of its rivers and streams for all useful and lawful purposes by the acquisition, improvement, extension, or construction of dams, reservoirs, and other water storage projects (including underground storage projects), filtration and water treatment plants including any system necessary for the transportation of water from storage to points of distribution, or from storage to filtration and treatment plants, including facilities for transporting water therefrom to wholesale purchasers, by the acquisition, by purchase of rights in underground water, by the drilling of wells,
or for any one or more of such purposes or methods. As amended Acts 1965, 59th Leg., p. 1246, ch. 569, § 1.
Effective Aug. 30, 1965, 90 days after date of adjournment.

(i) "Executive Director" means the Executive Director of the Texas Water Development Board. Added Acts 1965, 59th Leg., p. 587, ch. 297, § 1.
Effective Aug. 30, 1965, 90 days after date of adjournment.

Creation; members; chairman; organization; quorum; powers and duties

Sec. 3. (a) The Texas Water Development Board is hereby created and declared to be a State Agency for performing the governmental functions authorized by this Act and the Constitution of this state and such other duties as the Legislature may prescribe. The Texas Water Development Board shall consist of six (6) members appointed by the Governor, with the advice and consent of the Senate. Each of the members of the Board shall have at least ten (10) years of successful business or professional experience and shall be selected from the following groups: one (1) each from the fields of engineering, law, public or private finance, and a farmer or rancher, and two (2) members from the public at large, and each member shall be from a different section of the state. Of the members first appointed under this Act as it was originally enacted in 1957, two (2) shall serve for a term of two (2) years, two (2) for terms of four (4) years, and two (2) for terms of six (6) years. Thereafter, each member shall serve for a term of six (6) years and until his successor is appointed and has qualified. In case of the death or resignation of any member, his unexpired term shall be filled by appointment in the same manner. Each of the six (6) members of the Board is hereby declared to be an officer of the state as defined by the Texas Constitution and each shall qualify by taking the official oath of office prescribed by law.

The members of the Texas Water Development Board shall receive a per diem of not more than Twenty-Five Dollars ($25.00) for each day served in the performance of their duties, together with traveling and other necessary expenses.

The Governor shall designate the Chairman of the Board who shall serve as Chairman at the will of the Governor. A Vice-Chairman shall be elected who shall serve for a term of two (2) years from the effective date of this Act; thereafter, a Vice-Chairman shall be elected every two (2) years by the members of the Board. Vacancies in the office of Vice-Chairman shall be filled by the Board for the remainder of the unexpired term. The Chairman, or in his absence, the Vice-Chairman, shall preside at all meetings of the Board and perform the other duties required by this Act. A majority of the members of the Board shall constitute a quorum to transact business.

b) The Board is specifically charged with the following duty: the preparation, development, and formulation of a comprehensive State Water Plan for this state, including a definition and designation of river basins and watersheds as separate units for purposes of water development and inter-watershed transfers. However, the Board shall not prepare or formulate any plan which contemplates or results in the removal from the basin of origin of any surface water from some other river basin or area outside of such basin of origin if the water supply involved in such plan or project will be required to supply the reasonably foreseeable future water supply requirements for the next ensuing fifty-year period within the river basin of origin, except on a temporary, interim basis. The Board shall be governed in its preparation of said plan by
a regard for the public interest of the entire state, and shall direct its efforts to plan for the orderly development and management of water resources in order that sufficient water will be available at reasonable cost to further the economic development of the entire state. After the Board has completed its preliminary planning of the water resources development within a river basin, the Board or at the direction of the Board, the Executive Director, after notice, shall hold a public hearing at some central location within such river basin, at which hearing the proposed plan of development shall be presented and evidence for or against the plan shall be heard; and thereafter in preparing its plan the Board shall give consideration to the effect such plan will have on the present and future development, economy, general welfare, and water requirements of the areas of such river basin. Consideration shall also be given in the plan to the effect of upstream development upon the bays, estuaries, and arms of the Gulf of Mexico and to the effect upon navigation. If the proposed plan shall entail the diversion or transportation of water from the watershed of any stream, river, or watercourse for use in some other area of Texas outside of such watershed, the Board or at the direction of the Board, the Executive Director, after notice, shall hold a public hearing at some location convenient to the areas affected, at which hearing the proposed plan of development shall be presented and evidence for or against the plan shall be heard; and thereafter in preparing its plan the Board shall give consideration to the effect such plan will have on the present and future development, economy, general welfare, and water requirements of the areas affected. When the Board has prepared and examined the completed Plan, the Texas Water Commission or its successors shall, upon request of the Board, hold a public hearing on said Plan to determine whether or not said Plan gives adequate consideration to the protection of existing water rights in this state and to determine whether or not said Plan takes into account modes and procedures for the equitable adjustment of water rights affected by said Plan. After such public hearing and upon notification by the Texas Water Commission or its successors that the Plan appears to give adequate consideration to the protection of existing water rights and does take into account the equitable adjustment of water rights affected by said Plan, the Board shall formally adopt the State Water Plan. A majority vote shall be necessary for adoption.

When formally adopted by the Board, the State Water Plan shall be a flexible guide to state policy for the development of water resources in this state. The Texas Water Commission or its successors shall take the Texas Water Plan into consideration in matters coming before the Commission but need not be bound thereby. Nothing in the State Water Plan or any modifications and amendments thereto shall be construed so as to increase or diminish any water right existing at the effective date of this Act.

The Board shall also make such modifications and amendments to said State Water Plan as experience and changed conditions make advisable and the Texas Water Commission or its successors shall, when requested by the Board, hold a public hearing in the same manner and for the same purposes as specified herein on the original State Water Plan. Any modifications and amendments so adopted by the Board shall become a part of the said Plan.

The Board may take all necessary action to qualify for federal assistance in financing the development and improvement of the Plan.

(c) The Board is authorized to exercise all of the powers and duties heretofore exercised by the Board of Water Engineers and its successor, the Texas Water Commission, under Acts 1957, 55th Legislature, 1st
Art. 8280—9  REVISED STATUTES 1206

Called Session, Chapter 11 (compiled as Article 7472d-1, Revised Civil Statutes, cited as “The Texas Water Planning Act of 1957”) and any powers and duties contained in said Act shall be held and possessed by the Board in addition to the other powers and duties imposed on said Board. In the exercise of its powers and duties under the Texas Water Planning Act of 1957, as well as all other duties imposed on it by this Act and any other law, the Board may organize and reorganize its administrative sections and divisions in the manner most efficient for the orderly dispatch of its duties under this Act or any other law.

(d) All powers and duties formally vested by law in the State Board of Water Engineers and its successor, the Texas Water Commission under the provisions of Chapters 5 and 6, Title 128, Revised Civil Statutes of Texas, 1925, as amended, are transferred and vested in the Texas Water Development Board. And all such powers and duties shall hereafter be executed and performed by the Texas Water Development Board or its authorized agents and employees. All of the books, papers, records, and property used or acquired by the Texas Reclamation Engineer shall be transferred to and become the responsibility of the Texas Water Development Board. As amended Acts 1965, 59th Leg., p. 587, ch. 297, § 2.

Effective Aug. 30, 1965, 90 days after date of adjournment.

Bond issue; interest rate; form; registration and approval

Sec. 4. The Board by appropriate action is hereby authorized from time to time to provide by resolution for the issuance of negotiable bonds in a total aggregate amount not exceeding One Hundred Million Dollars ($100,000,000.00) and the Board may, upon two-thirds (%2) vote of the elected members of each House at a subsequent Legislature, be given the power to issue additional negotiable bonds in an amount not to exceed One Hundred Million Dollars ($100,000,000.00). All such bonds shall be on a parity and shall be called the “Texas Water Development Bonds.” The proceeds from the sale of any bond, or bonds shall be used for the purpose of creating the Texas Water Development Fund provided for by the Constitution. To assure the orderly and economical marketing of bonds and reasonable availability of money in the Texas Water Development Fund, the Board may sell bonds from time to time; provided that bonds may not be sold in excess of Twenty-Five Million Dollars ($25,000,000.00) during any six (6) month period. At the option of the Board, said bonds may be issued in one (1) or several installments. The bonds of each issue shall be dated, and shall bear interest at a rate not exceeding four per cent (4%) per annum, which interest may, at the option of the Board, be payable annually or semi-annually; shall mature serially or otherwise, not later than forty (40) years from their date; and may be redeemable before maturity, at the option of the Board, at such price or prices, and under such terms and conditions as may be fixed by the Board in the resolution providing for the issuance of the bonds. The Board shall determine the form of the bonds, including the form of any interest coupon to be attached thereto, and shall fix the denomination or denominations of said bonds and the place or places of the payment of the principal and interest thereon. Said bonds shall be executed on behalf of the Texas Water Development Board as general obligations of the State of Texas in the following manner: they shall be signed by the Chairman and the Development Fund Manager respectively of the Board, and the seal of the Board shall be impressed thereon, and they shall be signed by the Governor and attested by the Secretary of State of the State of Texas with the Seal of the State of Texas impressed thereon. The resolution authorizing the issuance of any installment or series of bonds may prescribe the extent to which facsimile signatures and facsimile seals in lieu
of manual signatures and manually impressed seals may be used in executing such bonds and appurtenant coupons. Interest coupons may be signed by the facsimile signatures of the Chairman of the Board and the Development Fund Manager. In the event any officer whose manual or facsimile signature appears on any bond, or whose facsimile signature shall appear on any coupon, shall cease to be such officer before the delivery of the bonds, the signatures shall, nevertheless, be valid and sufficient for all purposes the same as if he had remained in office until such delivery had been made. The resolution may provide for registration of the bonds as to ownership and for successive conversion and reconversion from registered to bearer bonds and vice versa. Before any such bonds so issued are delivered to the purchasers, the record pertaining thereto shall have been examined by the Attorney General of Texas and said records and bonds shall be approved by him. After such approval, the bonds shall be registered in the office of the Comptroller of Public Accounts of Texas. All bonds issued hereunder shall, after approval by the Attorney General, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute general obligations of the State of Texas. The performance of official duties prescribed by Article III, Section 49-c of the Constitution and by the original Act as amended in reference to the provisions for the payment and the payment of such bonds may be enforced in any court of competent jurisdiction through mandamus or other appropriate proceedings. All bonds issued in accordance with and under the provisions of this Act shall be, and are hereby declared to be negotiable instruments under the laws of this state. The Board is fully authorized to provide for the replacement of any bond which might have become mutilated, lost or destroyed. As amended Acts 1959, 55th Leg., p. 333, ch. 164, § 1; Acts 1965, 59th Leg., p. 587, ch. 297, § 3.

Effective Aug. 30, 1965, 90 days after date of adjournment.

Publication of notice of sale of bonds; requirements of bidders

Sec. 7. When the Board shall have authorized the issuance of a series of said bonds and shall have determined to call for bids therefor, it shall be the duty of the Board to publish at least one (1) time not less than ten (10) days before the date of said sale an appropriate notice thereof. Such publication shall be made in a daily newspaper of general state-wide circulation which is published not less than seven (7) times weekly. Said notice shall also be published for such number of times as the Board may determine in one or more recognized financial publications of general circulation published within the state and one or more such publications published outside the state. The Board shall demand of bidders, other than the administrators of the state funds, that their bids be accompanied by exchange or bank cashier's check for such sum as it may consider adequate to be a forfeit guaranteeing the acceptance and payment for all bonds covered by such bids, and accepted by the Board. As amended Acts 1965, 59th Leg., p. 587, ch. 297, § 4.

Effective Aug. 30, 1965, 90 days after date of adjournment.

Use of Water Development Fund; purposes; sale of reservoirs and associated system; lease of reservoir lands; prices; conditions precedent to sales, transfers or leases; use of proceeds; storage of unappropriated waters; Combined Facilities Operation and Maintenance Fund

Sec. 12. In the event that Article III, Section 49-d of the Constitution of the State of Texas is amended to permit use of the Texas Water Development Fund for any of the purposes set forth under the definition of “project” contained in that portion of Acts 1957, 55th Legislature, Chapter 425, compiled as Subsection (f) of Section 2 of Article
8280—9, Revised Civil Statutes, the Board is hereby authorized to use funds of the Texas Water Development Fund for such purposes under Article III, Section 49-d, but may not use funds under said Section 49-d or this Act for retail distribution or for transportation of water solely to retail purchasers. The Board shall obtain permits for storage of water and/or permits for transportation of water and/or permits to apply water to beneficial use with regard to water in reservoirs and associated works constructed by the Board under this Act.

The Texas Water Development Board, after having used funds from the Texas Water Development Fund for the construction, reconstruction or enlargement of reservoirs and associated systems or works and facilities under Article III, Section 49-d of the Constitution of the State of Texas, is authorized to sell, transfer or lease, in whole or in part, any reservoir and associated systems or works provided that the applicant to buy or lease such facilities shall have first secured a valid permit for water use from the Texas Water Commission or its successor, which permit may be for a term of years if the facilities are leased.

If the application for a permit to use water involves a proposed use of water either within or outside of the watershed of the impoundment, the Texas Water Commission or its successor shall give paramount consideration to recouping the state's investment in granting any permit in order to protect the public interest and promote the general welfare. Before the permit for water use shall be issued by the Texas Water Commission or its successor, the applicant shall have completed contractual negotiations with the Water Development Board for the acquisition of such facilities and all terms, conditions and provisions of such contract shall have been agreed upon by the parties thereto. Reservoir lands which may have been acquired may be leased by the Board prior to completion of construction of any dam without the necessity of a permit being issued by the Texas Water Commission or its successor. It is further provided that such sale, transfer or lease shall be at a cost not less than the direct cost of the Board in acquiring same. "Direct cost" of such facilities shall mean the principal amount the Board pays or agrees to pay for such facilities. "Direct cost of the Board in acquiring same" shall mean the amount theretofore paid by the Board on the "direct cost" of such facilities.

In selling or transferring the state's interest in such facilities acquired from the proceeds of Texas Water Development Board Bonds, the price shall be the sum of the 'direct cost of the Board in acquiring same,' as such term is defined above, plus an interest charge computed at a rate of one-half of one per cent (\frac{1}{2} \% of 1\%) per annum from the date of acquisition by the Board, plus interest annually at the cumulative average effective rate on all Texas Water Development Board Bonds sold up to the date of the sale of the facilities, plus the Board's cost of operating and maintaining the facilities being sold or transferred from the date of acquisition to the date of transfer, less any payments received by the Board from the lease of such facilities or the sale of water therefrom.

In selling or transferring the state's interest in such facilities acquired under long-term contracts with the Federal Government, the price shall be the sum of the "direct cost of the Board in acquiring same," as the term is defined above, plus an interest charge thereon of one-half of one per cent (\frac{1}{2} \% of 1\%) per annum from the date of acquisition of such facilities by the Board, plus interest at the cumulative average effective rate on all Texas Water Development Board Bonds sold up to the date of the sale of such facilities for each of those years or portions of years in which the Board paid interest to the Federal Government, plus the Board's cost of operating and maintaining the facilities being sold or transferred from the date of acquisition to the date of
transfer, less any payments received by the Board from the lease of such facilities or the sale of water therefrom. If the Board in transferring any contract between it and the Federal Government, remains in any way directly, conditionally or contingently liable or responsible for the performance of any part of the contract assigned or transferred, then the assignee or purchaser shall, in addition to the payments above set forth, pay to the Board annually one-half of one per cent (½ of 1%) of the remaining amount owing to the Federal Government and such payment shall continue until the Board is fully and completely released from such contract.

In leasing such facilities for a term of years, each annual payment which shall be made by the lessee shall be not less than the annual principal and interest requirements applicable to the indebtedness incurred by the state allocated to acquisition of the facilities being leased, plus the state's annual cost for the project's operation, maintenance and rehabilitation, if the project has been rehabilitated.

As a condition precedent to selling, transferring or leasing, in whole or in part, any such facilities or the right to use such facilities, the Texas Water Development Board shall affirmatively find:

(a) That the applicant therefor has a valid permit for water use from the Texas Water Commission or its successor;

(b) That such sale, transfer or lease will contribute to the conservation and development of the water resources of Texas; and

(c) That the consideration for same is fair, just and reasonable and in full compliance with all requirements of law.

The money received from any sale, transfer or lease of any such facilities shall be used to pay principal and interest on state bonds issued or to meet contractual obligations incurred by the Texas Water Development Board. Such moneys shall be collected, deposited in, and transferred to the appropriate statutory fund of the Board in the same manner as other moneys received in payment of principal and interest on loans to political subdivisions made by the Board for water supply projects, taking into consideration the manner in which such facilities involved were acquired; that is, either by use of bonds proceeds or by contract, as the case may be. When the moneys are sufficient to pay the full amount of indebtedness then outstanding (which shall include state bonds issued and the principal on contractual obligations incurred) and the full amount of interest to accrue thereon, any further sums received from the sale, transfer or lease of such facilities may be used by the Board for the acquisition of additional such facilities or for providing financial assistance to political subdivisions for water supply projects.

The Texas Water Development Board is hereby authorized and empowered to store unappropriated public waters of the state in such facilities. The Board is further authorized and empowered to sell any unappropriated public waters of the state that might be stored in any such facilities acquired by the Board and under the Board's control. The price for water sold shall be fixed and determined at an amount not less than a sum determined by taking into account the same costs prescribed in Subsection 5 of Section 21-a for selling the state's interest in storage facilities acquired. As a prerequisite to the purchase of such water, the applicant therefor shall have secured a valid permit from the Texas Water Commission authorizing the appropriation and use of the water impounded in such facilities, and the rights of the applicant in such water and its use shall be governed by the terms and conditions of such permit. The permit may be for a term of years. If the application for a permit involves a proposed use of water either within or outside the watershed of the impoundment, the Texas
Water Commission or its successor shall give paramount consideration to recouping the state's investment in granting any permit in order to protect the public interest and promote the general welfare. Before the permit shall be issued by the Texas Water Commission or its successor, the applicant shall have completed contractual negotiations with the Water Development Board for the sale of water and all terms, conditions and provisions of such contract shall have been agreed upon by the parties thereto. The permit shall be conditioned upon continued payment of the obligations assumed under the contract with the Board and may provide for cancellation at any time upon contract default. The Texas Water Development Board is authorized to determine the consideration, terms, provisions and conditions to be included in contracts for the sale of water or its use, but such consideration, terms, provisions and conditions shall be fair, reasonable and without discrimination. Included in the services for which the Board may make charges is that of standby service, which is hereby defined to mean holding water and conservation storage space available for use, as well as for the actual delivery of water. The Board shall not compete with political subdivisions of the state and municipalities in the sale of water when such competition will jeopardize the ability of a political subdivision or municipality to meet obligations incurred to finance its own water supply projects. The Board will make the same determinations with respect to the sale of water as are required to be made in paragraph (6) Section 21-a relating to selling, transferring or leasing storage facilities. Money received from the sale of water and standby service needed for operation and maintenance of such facilities shall be deposited in the Combined Facilities Operation and Maintenance Fund, which Fund is hereby created as a special fund in the State Treasury, and such Fund may be used by the Board for the operation and maintenance of such facilities, and the Legislature may also appropriate available state funds for such purpose. Money received from the sale of water not needed for operation and maintenance of such facilities may be used for the payment of principal and interest on state bonds issued or contractual obligations incurred by the Board in acquiring such facilities. Unappropriated public waters stored in any such facilities acquired by the Board and under the Board's control may be released without charge to relieve any emergency condition that may arise due to drought, severe water shortage or public calamity, provided, that the Texas Water Commission or its successor shall have first determined the existence of such emergency and requested the Board to make releases of water.

Political subdivisions as that term is defined in Section 2(e) of this Act, (Article 8280—9, Revised Civil Statutes) as amended, shall have the same preferential, but not exclusive, right to buy, lease or obtain transfer of such facilities as such political subdivisions have to purchase, lease or acquire storage facilities or to purchase water in storage from the Board as accorded to the said political subdivision in Subsection (9) of Section 21-a of this Act.

The provisions of this Section 12 as set forth in the foregoing provisions of this Act shall be operative and effective only upon condition that the resolution proposing Amendment of Article III, Section 49-d of the Constitution of the State of Texas 1 is adopted at the General Election to be held the first Tuesday after the first Monday in November, 1966; provided, that whether said resolution is adopted or not, no application for financial assistance shall be granted until the political subdivision making application therefor shall have furnished to the Board a resolution adopted by the Texas Water Commission or its successor certifying that the applicant is possessed of the necessary permit or certified filing, authorizing it to impound, or otherwise appropriate
and use the waters to be made available by the project. As amended Acts 1965, 59th Leg., p. 587, ch. 297, § 5.

1 Proposed by Senate Joint Resolution No. 19, Acts 1965, 59th Leg., p. 2195.
Effective Aug. 30, 1965, 90 days after date of adjournment.

Amendment of § 12 by Acts 1965, 59th Leg., p. 1246, ch. 569, § 2, see art. 8280—9, post

Conditional Enactment

The provisions of section 12 of this article, as enacted by Acts 1965, 59th Leg., p. 587, ch. 297, § 5, are to become operative and effective on condition that proposed amendment to Const. art. 3, § 49—d is adopted at the General Election to be held on the first Tuesday after the first Monday in November, 1966. See concluding paragraph of article 8280—9, § 12.

Certificate by applicant

Sec. 12. No application for financial assistance shall be granted until the political subdivision shall have furnished to the Board a resolution adopted by the Texas Water Commission certifying:

(1) The feasibility of the project based on preliminary investigations and studies, including the estimated cost of construction, operation, and maintenance, and the quantity and quality of water;

(2) That there is an existing need or bona fide future need within a reasonable time, or both, for the water to be provided by the project;

(3) That the applicant

(A) For surface water development, is possessed of the necessary permit, or certified filing, authorizing it to impound, or otherwise appropriate and use, the waters to be made available by the project, or

(B) For underground water development, has obtained the right to use the waters to be made available by the project; and

(4) That if a dam is to be constructed or enlarged, the project contemplates the optimum development of the site of the project which is reasonably required under all existing circumstances. As amended Acts 1965, 59th Leg., p. 1246, ch. 569, § 2.
Effective Aug. 30, 1965, 90 days after date of adjournment.

Amendment of § 12 by Acts 1965, 59th Leg., p. 587, ch. 297, § 5, see art. 8280—9, ante

Hearing and determination on application; form of application; approval

Sec. 14. In passing upon such applications, the Board shall consider the needs and benefits to the area to be served by the project in relation to the needs and benefits appertaining to other projects requiring state assistance in any manner as well as the availability of revenues from all sources of the political subdivision for the ultimate repayment of the costs of such project, including interest, and whether the project can be reasonably financed without assistance of the state. The Board shall specifically consider the relationship of the project contained in such application with the overall, state-wide water needs of Texas and the relationship of the project contained in such application with the State Water Plan for water resource development. If after consideration of the foregoing, and the consideration of any other relevant factors, the Board finds that the public interest requires state participation in the project; that the project cannot be reasonably financed without state assistance in the amount finally approved by the Board; and if the Board makes the further finding that in its
opinion the revenues or taxes or both pledged by the political subdivision will be sufficient to meet all of the obligations assumed by the political subdivision within not more than forty (40) years, the Board may approve the application within the limits of this Act.

Application for financial assistance shall be in such form as prescribed herein and by regulations of the Board and shall not be accepted by the Board unless submitted in affidavit form by the officials of the political subdivisions as prescribed by the regulations of the Board. Nothing in such regulations shall restrict or prohibit the Board from requiring additional factual material of any applicant. As amended Acts 1961, 57th Leg., p. 13, ch. 8, § 1; Acts 1965, 59th Leg., p. 587, ch. 297, § 6.

Effective Aug. 30, 1965, 90 days after date of adjournment.

Contracts for construction of projects

Sec. 18. The governing body of every political subdivision receiving state financial assistance from the Texas Water Development Fund shall, in all contracts for the construction of a project, require that the contract shall be paid for in partial payments as the work progresses and such payments shall not exceed ninety per cent (90%) of the amount due at the time of such payment as shown by the engineer of the project. Such contract shall also require that upon completion of said contract, the remaining ten per cent (10%) due thereunder may be paid only after approval by the engineer for the political subdivision as may be required under the bond proceedings and in addition upon obtaining from the Texas Water Development Board a certificate that the work to be done under the contract has been completed and performed in a satisfactory manner and in accordance with sound engineering principles and practices. The Texas Water Development Board shall have the privilege of inspecting the construction of any project at any time to assure itself that the engineering plans of a project, as submitted when approval of the feasibility of the project was sought, are being substantially complied with and that the works are being constructed in accordance with sound engineering principles, but such inspection shall never subject the State of Texas to any action for damages. No substantial or material alteration in the engineering plans of a project shall be made after approval of eligibility unless and until authorization to make such alteration has been given by the Texas Water Development Board. Failure to construct the project according to the plans as approved by or altered with approval of the Board, failure to construct the works in accordance with sound engineering principles, or failure to comply with any term or terms of a construction contract, may be considered by the Board as grounds for refusal to give a certificate of approval for any construction contract. A certified copy of every construction contract entered into and executed by the political subdivision for the construction of the project in whole or in part shall be filed in the office of the Board. All such contracts shall contain or have attached thereto the specifications for all work included in the contract and the plans and details thereof and all such work shall be done in accordance with plans and specifications. As amended Acts 1965, 59th Leg., p. 587, ch. 297, § 7.

Effective Aug. 30, 1965, 90 days after date of adjournment.

Meetings of board; seal; Executive Director; Development Fund Manager; salaries; duties of Executive Director

Sec. 21. The Board shall meet once each month on a day and at a place selected by it, subject to recesses at the discretion of the Board. The Chairman of the Board may call a special meeting of
same at any time he thinks necessary, by giving the other members notice thereof.

The Board shall procure and adopt a seal bearing the words “Texas Water Development Board” encircling the oak and olive branches common to other official seals.

The Board shall employ an Executive Director to serve at the pleasure of the Board. The Executive Director shall, under the policies of the Board, manage the administrative affairs of the Board, serve as the chief administrative officer for the Board, and appoint such employees and assistants and other personnel as are necessary. The Executive Director shall select a Development Fund Manager with the approval of the Board who shall perform all duties required by this Act and said Board. The Executive Director, Chief Engineer and the Development Fund Manager shall receive necessary travel expenses in the same manner as a member of the Board. From any funds appropriated to the Texas Water Development Board for the biennium beginning September 1, 1965, the Executive Director shall receive an annual salary of $17,500.00, the Chief Engineer $16,000.00, the Assistant Chief Engineer $12,500.00, and the Development Fund Manager $12,500.00; thereafter each shall receive such annual salary as may be set by the Legislature in the General Appropriations Act.

(a) Making investigations and studies and collecting data and information on the occurrence, quantity, quality and availability of the surface waters and ground waters within the state, including particularly the technical duties and functions set forth in Articles 7472(d), 7524, 7527, 7528, 7537(a), 7537(b), 7621(b), 7621(c), and 7621(d), Vernon's Annotated Texas Civil Statutes;

Effective Aug. 30, 1965, 90 days after date of adjournment.

Acquisition and development of storage facilities; contracts with federal government; limitation on authority to acquire facilities; findings; sale, transfer or lease of facilities; prices, conditions precedent and priorities; use of proceeds; storage of unappropriated waters; operation and maintenance of facilities; duties of attorney general; rules and regulations

Sec. 21-a. (1) The proceeds from the sale of state bonds deposited in the Texas Water Development Fund as provided in Article III, Section 49-c of the Constitution of Texas may be used by the Texas Water Development Board for the additional purposes of acquiring and developing storage facilities, for the conservation and development of water for useful purposes in and from reservoirs constructed or to be constructed or enlarged within the State of Texas or on any stream constituting a boundary of the State of Texas, by any one or more of the following governments or governmental agencies; by the United States of America or any agency, department or instrumentality thereof; by political subdivisions or bodies politic and corporate of the state; by interstate compact commissions to which the State of Texas is a party; and by municipal corporations. As used herein the term 'storage facilities' shall include any one or more of the following: (a) the whole or any definable part or portion of a dam and reservoir, whether existing or planned, in which water may be stored for conservation and development for useful purposes; or (b) the right to use any such dam and reservoir, whether existing or planned, or a definable part or portion thereof for storage of water and development thereof for useful purposes, provided a valid permit for either the use or storage of water had been granted by the Texas Water Commission or its successor.

(2) The Texas Water Development Board may also execute long-term contracts with the United States or any of its agencies for the acquisition and development of storage facilities in reservoirs constructed or to be constructed by the Federal Government. Such contracts when executed shall constitute general obligations of the State of Texas in the same manner and with the same effect as state bonds issued under the authority of Article III, Section 49-c of the Constitution of Texas, and the provisions in said Section 49-c with respect to payment of principal and interest on state bonds issued shall likewise apply with respect to payment of principal and interest required to be paid by such contracts. The Texas Water Development Board shall determine the terms, provisions and conditions of such contracts; subject, however, to the limitations and directions contained in this Act and in Article III, Section 49-d of the Texas Constitution. It is expressly provided that no contract shall be executed by the Board with the United States or any of its agencies wherein storage facilities or their use are acquired for a term of years only, and each of such contracts shall contain provisions and conditions to the effect that when the state has fulfilled its obligations under such
contract, the state shall have a permanent right in such storage facilities or in their use, so long as such storage facilities may be physically available, subject only, if the project of which such storage facilities are a part is then operated by the United States, to payment by the state of reasonable operation, maintenance and administrative charges allocable to such acquired storage facilities; and, in addition, such contract may provide for the state to bear its share of the cost of any necessary reconstruction, rehabilitation or replacement of project features which may be required to continue satisfactory operation of the project. It is further provided that no contract between the Board and the United States or any of its agencies for the acquisition and development of storage facilities in reservoirs constructed or to be constructed by the Federal Government shall be executed unless such contract shall reserve unto the State of Texas the right of development and control of recreational facilities by the State of Texas or its political subdivisions, except for reservoir recreation areas of national significance which the United States proposes to develop and administer for the public use and benefit.

(3) The authority of the Texas Water Development Board to acquire storage facilities shall be limited to a maximum total amount as to principal obligations which may be incurred of One Hundred Million Dollars ($100,000,000.00) and not to exceed Twenty-Five Million Dollars ($25,000,000.00) for storage facilities in any single project. State funds shall not be expended for the purposes herein authorized when, and to the extent that, any political subdivision of the state is willing and able reasonably to finance, or assume the obligation of repaying, the costs of providing or acquiring such storage facilities, provided such political subdivision has qualified by obtaining any permit required under the laws of Texas to provide or acquire such storage facilities, and provided the proposals of the political subdivision are consistent with the objectives of the State Water Plan.

(4) The Texas Water Development Board, before acquiring storage facilities in any reservoir in any manner shall affirmatively find:

(a) That it is reasonable to expect the state to recover its investment in such facilities;

(b) That the cost of such storage facilities to be acquired exceeds current financing capabilities of the area involved and that such facilities cannot be reasonably financed otherwise by local interests without state participation; and

(c) That the public interest will be served thereby.

The Texas Water Development Board shall obtain permits for storage of water with regard to storage facilities acquired in any reservoir, and the issuance of such permit or permits by the Texas Water Commission or its successor shall be the approval required by Article III, Section 49-d of the Constitution of Texas.

(5) The Texas Water Development Board, after having acquired storage facilities in any reservoir, is hereby authorized and empowered to sell, transfer or lease, in whole or in part, any acquired storage facilities or the right to use such storage facilities, provided that the applicant therefor shall have first secured a valid permit from the Texas Water Commission or its successor authorizing the acquisition or right of use of such storage facilities, which permit may be for a term of years if the facilities are leased. If the application for a permit involves a proposed use of water either within or outside of the watershed of the impoundment, the Texas Water Commission or its successor shall give paramount consideration to recouping the state's investment in granting any permit in order to protect the public interest and promote the general welfare. Before the permit shall be issued by the Texas Water Commission or its successor, the applicant shall have completed contractual ne-

...gotiations with the Texas Water Development Board for the acquisition of such facilities and all terms, conditions and provisions of such contract shall have been agreed upon by the parties thereto. Reservoir lands which may have been acquired may be leased by the Board prior to completion of construction of any dam without the necessity of a permit being issued by the Texas Water Commission or its successor. It is further provided that such sale, transfer or lease shall be at a price not less than the direct cost of the Board in acquiring same. "Direct cost" of such storage facilities shall mean the principal amount the Board pays or agrees to pay for such storage facilities. "Direct cost of the Board in acquiring same" shall mean the amount theretofore paid by the Board on the "direct cost" of such storage facilities.

In selling or transferring the state's interest in storage facilities in reservoirs acquired from the proceeds of Texas Water Development Board Bonds, the price shall be the sum of the "direct cost of the Board in acquiring same," as such term is defined above, plus an interest charge computed at a rate of one-half of one per cent (½ of 1%) per annum from the date of purchase of the storage space by the Board, plus interest annually at the cumulative average effective rate on all Texas Water Development Board Bonds sold up to the date of the sale of the storage space, plus the Board's cost of operating and maintaining the facilities being sold or transferred from the date of acquisition to the date of transfer, less any payments received by the Board from the lease of such storage facilities or the sale of water therefrom.

In selling or transferring the state's interest in storage facilities acquired under long term contracts with the Federal Government, the price shall be the sum of the "direct cost of the Board in acquiring same," as such term is defined above, plus an interest charge thereon of one-half of one per cent (½ of 1%) per annum from the date of purchase of the storage space by the Board, plus interest at the cumulative average effective rate on all Texas Water Development Board Bonds sold up to the date of the sale of the storage space for each of those years or portions of years in which the Board paid interest to the Federal Government, plus the Board's cost of operating and maintaining the facilities being sold or transferred from the date of acquisition to the date of transfer, less any payments received by the Board from the lease of such storage facilities or the sale of water therefrom. If the Board in transferring any contract between it and the Federal Government, remains in any way directly, conditionally, or contingently liable or responsible for the performance of any part of the contract assigned or transferred, then the assignee or purchaser shall in addition to the payments above set forth pay to the Board annually one-half of one per cent (½ of 1%) of the remaining amount owing to the Federal Government and such payment shall continue until the Board is fully and completely released from such contract.

In leasing such storage facilities for a term of years, each annual payment which shall be made by the lessee shall be not less than the annual principal and interest requirements applicable to the indebtedness incurred by the state allocated to acquisition of the facilities being leased, plus the state's annual cost for the project's operation, maintenance and rehabilitation, if the project has been rehabilitated.

(6) As a condition precedent to selling, transferring or leasing, in whole or in part, any acquired storage facilities or the right to use such storage facilities, the Texas Water Development Board shall affirmatively find:

(a) That the applicant therefor has a valid permit from the Texas Water Commission or its successor;

(b) That such sale, transfer or lease will contribute to the conservation and development of the water resources of Texas; and
WATER

For Annotations and Historical Notes, see V.A.T.S.

(c) That the consideration for same is fair, just and reasonable and in full compliance with all requirements of law.

(7) The money received from any sale, transfer or lease of any acquired storage facilities shall be used to pay principal and interest on state bonds issued or to meet contractual obligations incurred by the Texas Water Development Board. Such money shall be collected, deposited in, and transferred to the appropriate statutory fund of the Board in the same manner as other moneys received in payment of principal and interest on loans to political subdivisions made by the Board for water supply projects, taking into consideration the manner in which the storage facilities involved were acquired; that is, either by use of bond proceeds or by contract, as the case may be. When the moneys are sufficient to pay the full amount of indebtedness then outstanding (which shall include state bonds issued and the principal on contractual obligations incurred) and the full amount of interest to accrue thereon, any further sums received from the sale, transfer or lease of acquired storage facilities may be used by the Board for the acquisition of additional storage facilities or for providing financial assistance to political subdivisions for water supply projects.

(8) The Texas Water Development Board is hereby authorized and empowered to store unappropriated public waters of the state in the storage facilities that have been acquired and shall obtain a permit to store such waters from the Texas Water Commission or its successor. The Board is further authorized and empowered to sell any unappropriated public waters of the state that might be stored in any storage facilities acquired by the Board and under the Board's control. The price for water sold shall be fixed and determined at an amount not less than a sum determined by taking into account the same costs prescribed in Subsection (5) hereof for selling the state's interest in storage facilities acquired hereunder. As a prerequisite to the purchase of such water, the applicant therefor shall have secured a valid permit from the Texas Water Commission or its successor authorizing the appropriation and use of the water impounded in such storage facilities, and the rights of the applicant in such water and its use shall be governed by the terms and conditions of such permit. The permit may be for a term of years. If the application for a permit involves a proposed use of water either within or outside of the watershed of the impoundment, the Texas Water Commission or its successor shall give paramount consideration to recouping the state's investment in granting any permit in order to protect the public interest and promote the general welfare. Before the permit shall be issued by the Texas Water Commission or its successor, the applicant shall have completed contractual negotiations with the Texas Water Development Board for the sale of water and all terms, conditions and provisions of such contract shall have been agreed upon by the parties thereto. The permit shall be conditioned upon continued payment of the obligations assumed under the contract with the Board and may provide for cancellation at any time upon contract default. The Texas Water Development Board is authorized to determine the consideration, terms, provisions and conditions to be included in contracts for sale of water or its use, but such consideration, terms, provisions and conditions shall be fair, reasonable and without discrimination. Included in the services for which the Board may make charges is that of standby service, which is hereby defined to mean holding water and conservation storage space available for use, as well as for the actual delivery of water. The Board shall not compete with political subdivisions of the state or municipalities in the sale of water when such competition will jeopardize the ability of a political subdivision or municipality to meet obligations incurred to finance its own water supply projects. The Board will make the same determinations with respect to the sale of water as are required to be made in paragraph

Tex.St.Supp. 1966—77
Art. 8280—9

REVISED STATUTES

(6) hereof relating to selling, transferring or leasing storage facilities. Money received from the sale of water and standby service needed for operation and maintenance of acquired facilities shall be deposited in the Storage Facilities Operation and Maintenance Fund, which Fund is hereby created as a special fund in the State Treasury, and such Fund may be used by the Board for the operation and maintenance of acquired facilities, and the Legislature may also appropriate available state funds for such purpose. Money received from the sale of water not needed for operation and maintenance of storage facilities may be used for the payment of principal and interest on state bonds issued or contractual obligations incurred by the Board in acquiring storage facilities. Unappropriated public waters stored in any storage facilities acquired by the Board and under the Board’s control may be released without charge to relieve any emergency condition that may arise due to drought, severe water shortage or public calamity provided, that the Texas Water Commission or its successor shall have first determined the existence of such emergency and requested the Board to make such releases of water.

(9) Political subdivisions (as that term is defined in Section 2 of Chapter 425, Acts of the 55th Legislature, Regular Session, 1957) shall be accorded a preferential right, but not an exclusive right, to purchase, acquire or lease storage facilities, or to purchase water in storage, from the Board. Priority in the sale, transfer or lease of storage facilities, or in the sale of water, shall also be accorded in the manner established by Article 7471 and Article 7472(c), Revised Civil Statutes of Texas, 1925, as amended, or as may be hereafter amended, relating to priorities and preferences in the appropriation and use of public waters. The Texas Water Development Board and the Texas Water Commission or its successor shall coordinate their efforts to meet these objectives and to assure that the public waters of the state, which waters are held in trust for the use and benefit of the public, will be conserved, developed and utilized in the greatest practicable measure for the public welfare.

(10) The Texas Water Development Board is authorized to enter into contracts under the terms of which those owning facilities in the same reservoir may operate and maintain the state’s storage facilities in such reservoir and under which the state, acting by and through the Board, may agree to pay reasonable operation and maintenance charges allocable to such state storage facilities. The Board may enter into contracts with political subdivisions of the state, with agencies of the state, and with the United States and its agencies for the development and operation of recreational facilities at reservoirs in which the state has acquired storage facilities. Income received by the Board from contracts for the development and operation of recreational facilities may be used by the Board for the same purposes as income from the sale of water may be used. The Legislature may make appropriations of available state funds for developing and operating recreational facilities at reservoirs in which the state has acquired storage facilities.

(11) The Attorney General of Texas shall approve as to legality: (a) the resolution of the Board authorizing the acquisition and development of storage facilities as authorized in paragraph (1) of this Section 21-a; (b) all contracts between the Board and the United States or any of its agencies for the acquisition and development of storage facilities constructed or to be constructed by the Federal Government; (c) all contracts or agreements by the Board for the sale, lease or transfer of acquired storage facilities, in whole or in part; (d) all contracts by the Board for the sale of water impounded in acquired storage facilities; and (e) all contracts by the Board for the development and operation of recreational facilities.

(12) The Texas Water Development Board and the Texas Water Commission or its successor are hereby authorized to promulgate reasonable
and necessary rules and regulations, separately or jointly, to implement and effectuate the provisions of this Act. Such rules and regulations and amendments thereto shall not be inconsistent with the provisions hereof and shall be approved by the Attorney General of Texas and filed with the Secretary of State. Added Acts 1963, 58th Leg., p. 69, ch. 49, § 2, as amended Acts 1965, 59th Leg., p. 587, ch. 297, § 9.

Effective Aug. 30, 1965, 90 days after date of adjournment.

Biennial reports to Governor

Sec. 23. The Board shall make biennial reports in writing to the Governor in which shall be included data on the activities of the Board and such suggestions as to the amendment of existing laws and the enactment of new laws as the information and experience of the Board may suggest. Added Acts 1965, 59th Leg., p. 587, ch. 297, § 10.

Effective Aug. 30, 1965, 90 days after date of adjournment.

Cooperation with federal agencies; designation as cooperating local sponsor of project; application

Sec. 24. (a) The Board shall be the state agency to cooperate with the Corps of Engineers of the United States Army and the Bureau of Reclamation of the United States Department of the Interior in the planning of water resource development projects in this state.

(b) When a project is proposed for planning or development by the Texas Water Development Board, the Corps of Engineers of the United States Army, or the Bureau of Reclamation of the United States Department of the Interior, any political subdivision of Texas government may make application to the Commission for designation as the cooperating local sponsor of the project.

The application shall describe the purposes of the project, state the reasons for the application, the contemplated use of any water supplies the applicant might derive from the project in the event a valid permit for such use is subsequently granted by the Commission, and cite the contributions which the applicant is prepared to make to the planning or development of the project.

The Commission shall prescribe the form to be used in applications for designation as cooperating local sponsor. Before accepting the application for designation, the Commission may require that the applicant complete the prescribed forms. Before making any designation of local sponsorship, the Commission shall set the application for hearing and give public notice of such hearing. Any interested party may appear and be heard for or against the designation of the applicant as project sponsor at the hearing.

More than one cooperating local sponsor may be designated for each project, but each applicant must comply with the provisions stated herein. No application for designation as local sponsor shall cover more than one proposed project.

After a public hearing, the Commission shall designate a local sponsor in accordance with the application or reject the application in a formal order stating the reasons for acceptance or rejection. The Commission may set a reasonable time period for any sponsorship designation.

The Commission, in granting any future permit for the beneficial use of water supplies stored in a project for which it has designated a local sponsor, shall give full cognizance to that sponsor's contributions to the planning and development of the project.

(c) To the extent that no local cooperator is prepared to undertake the sponsorship of a federal project in whole or in part, the Board may
serve as state sponsor of the project. Added Acts 1965, 59th Leg., p. 587, ch. 297, § 11.

Effective Aug. 30, 1965, 90 days after date of adjournment.

Acts 1965, 59th Leg., p. 1246, ch. 589 amended sections 2(f) and 12 of this article; section 3 of the act provided: "Sec. 2. The ownership and rights of the owner of the land, his lessees and assigns, in underground water are hereby recognized, and nothing in this Act shall be construed as depriving or divesting such owner, his assigns or lessees, of such ownership or rights, subject, however, to the rules and regulations promulgated pursuant to Article 7880-3c, Vernon's Texas Civil Statutes."

Acts 1965, 59th Leg., p. 1246, ch. 589 amended various sections of this article; sections 12-14 of this act provided:

"Sec. 12. Savings Clause. The repeal of any law by this Act shall not affect or impair any act done or right, obligation or penalty existing or accrued under the authority of the law repealed; and such law shall be treated as still remaining in force for the purpose of sustaining any proper action concerning any such act, right, obligation or penalty.

"Sec. 13. Severability Clause. If any provisions of this Act or the application thereof to any person or circumstance is held invalid, this invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provisions or application, and to this end the provisions of this Act are declared severable.

"Sec. 14. Applicability Clause. The amendment to Section 3, Chapter 425, Acts of the 55th Legislature, Regular Session, 1957, contained in Section 2 of this Act, does not affect the terms of office of persons who were appointed to the Texas Water Development Board before the effective date of this Act."

The bonds issued under this Act shall be issued in the form, denominations and terms as prescribed by law, and the total of the Texas Water Development Bonds initially authorized by Article III, Section 49-c of the Constitution of Texas and by this Act shall not exceed Two Hundred Million Dollars ($200,000,000.00).

Sec. 2. All of the proceeds from the sale of the additional One Hundred Million Dollars ($100,000,000.00) of Texas Water Development Bonds authorized by this Act may be used for the purposes set forth in Section 49-c and Section 49-d of Article III of the Constitution of Texas as those Sections and enabling legislation now provide or may provide.

Sec. 3. Any proceeds from the sale of Texas Water Development Bonds initially authorized by Section 49-c, Article III of the Constitution of Texas may also be used for the purposes set forth in Section 49-d of Article III of the Constitution of the State of Texas, as that Section and enabling legislation now provides or may provide.

VII. PARTICULAR WATER SUPPLY AND CONTROL DISTRICTS

CHAPTER TWELVE—CREATION, POWERS AND OBLIGATIONS

Art. 8280-107. Lower Colorado River Authority

Sec. 10. The District shall have the power and is hereby authorized to issue bonds from time to time as authorized by this Act, provided that the aggregate principal amount of such bonds outstanding at any one time shall not exceed One Hundred Twenty Million Dollars ($120,000,000.00). Provided, however, that in the event that any outstanding bonds shall be paid at maturity, other than through the application of the proceeds of other bonds or through the issuance of other bonds in exchange therefor; or shall be retired prior to the stated maturity thereof by operation of any sinking fund provided for the bonds so retired and in the proceedings authorizing the same, or from the proceeds of the sale of property, the aggregate principal amounts of bonds herein authorized to be outstanding at any one time shall be reduced by the principal amount of the bonds so paid or retired. Any additional amount of bonds must be authorized by an Act of the Legislature. Such bonds: (1) shall be sold for cash at public sale to the highest and best bidder, as determined by the Board of Directors with the advice and approval of the Attorney General of Texas, provided, however, that the interest cost of the money received therefor, computed to maturity in accordance with standard bond tables in general use by banks and insurance companies, shall not exceed five per centum (5%) per annum, or (2) may be issued in exchange for like principal amounts of other obligations of the District, matured or unmatured, or (3) may be sold to the United States of America, or to any agency or corporation created or designated by the United States of America, in exchange for cash equal in amount to the principal amount of the bonds so sold, provided, however, that the interest cost of the money received therefor, computed to maturity in accordance with standard bond tables in general use by banks and insurance companies, shall not exceed five per centum (5%) per annum. The proceeds of the sale of such bonds shall be deposited in such bank or banks or trust company or trust companies, and shall be paid out pursuant to such terms and conditions, not in conflict with the provisions of this Act, as may be agreed upon between the District and the purchasers of such bonds. The proceeds of such bonds and any net operating revenues, derived from the sale of electric power or water, which may be available after paying the interest on outstanding bonds and the principal amount of such bonds, and setting aside sufficient funds for working capital, including a reasonable sum for contingencies and setting aside funds for reserves to secure payment of principal of and interest on outstanding bonds, shall be used: (1) to build and construct dams within the District, on the Colorado River and its tributaries for the impounding and storage of flood and surface water; (2) to purchase and install in the dams on the Colorado River hydroelectric generators and other related facilities for the generation of hydroelectric power; and (3) for the construction of such additional lines and the purchase and installation of such additional equipment as the Board of Directors of the District may deem necessary or expedient to enable the District to continue to meet the demand for electric power in the area now served by its transmission lines and distribution systems, provided that no steam generating capacity shall be installed by the District, except
that the District may acquire, install, construct, and enlarge and make
additions to, and to operate a single steam generating plant having a total
capacity of not more than 565,000 kilowatts, to be located within the
boundaries of the District, and to be utilized for the sole purpose of serv­
ing the area served by the District's transmission lines and distribution
systems on January 1, 1962; and (4) for the purpose of building levees or
such other flood control structures between the City of Austin and the
mouth of the Colorado River as may be deemed necessary and desirable
by the Board of Directors and installing such facilities as may be neces­
sary to supply water for irrigation and other useful purposes within the
counties composing the Colorado River District; and (5) in aid of any
soil conservation or soil reclamation projects within the District which
the Board of Directors may deem to be in the public interest, provided,
however, that any such soil conservation or soil reclamation project shall
be approved by the Extension Department of Texas A & M University,
providing that nothing herein shall be construed as establishing priorities
as to the uses of water contrary to the present General Laws of this state
or those hereinafter enacted with reference thereto. Any proceeds of
bonds sold by the District to the extent not required by an outstanding
trust indenture to be used to redeem outstanding bonds, and any net op­
erating revenues not needed to carry out the projects set out in phrases
(1), (2) and (3) of the preceding sentence shall be placed in a separate
fund to be designated 'The Irrigation, Conservation and Reclamation Fund
of the District' and used only for carrying out the projects and purposes
authorized in phrases (4) and (5) of the preceding sentence, unless and
until otherwise directed by the Legislature of the State of Texas. Such
dams as may be built on the tributaries of the Colorado River shall be
used for the purpose of impounding and storing flood and surface waters
to be used during emergencies created by subnormal rainfall in the drain­
age basin of the Colorado River watershed. All such bonds shall be author­
ized by resolution or resolutions of the Board of Directors concurred in
by at least six (6) of the members thereof, and shall bear such date or
dates, mature at such time or times, bear interest at such rate or rates
(not exceeding five per centum (5%) per annum) payable annually or
semi-annually, be in such denominations, be in such form either coupon
or registered, carry such registration privileges as to principal only or
as to both principal and interest, and as to exchange of coupon bonds for
registered bonds or vice versa, and exchange of bonds of one denomina­
tion for bonds of other denominations, be executed in such manner and
be payable at such place or places within or without the State of Texas,
as such resolution or resolutions may provide. Any resolution or resolu­
tions authorizing any bonds may contain provisions, which shall be part
of the contract between the District and the holder thereof from time to
time: (a) reserving the right to redeem such bonds at such time or times,
in such amounts and at such prices, not exceeding one hundred and five
per centum (105%) of the principal amount thereof, plus accrued inter­
est, as may be provided; (b) providing for the setting aside of sinking
funds or reserve funds and the regulation and disposition thereof; (c)
pledging to secure the payment of the principal of, and interest on such
bonds and of the sinking fund or reserve fund payments agreed to be made
in respect of such bonds, all or any part of the gross or net revenues
thereafter received by the District in respect of the property, real, per­
sonal or mixed, to be acquired and/or constructed with such bonds or the
proceed thereof, or all or any part of the gross or net revenues theretofore
or thereafter received by the District from whatever source derived; (d)
prescribing the purposes to which such bonds or any bonds thereafter to
be applied; (e) agreeing to fix and collect rates and charges sufficient to
produce revenues adequate to pay the items specified in subdivisions (a),
(b), (c), and (d) of Section 8 hereof, and prescribing the use and disposi­
tion of all revenues; (f) prescribing limitations upon the issuance of

Sec. 12. In the event that the District, in the exercise of the power of eminent domain or police power, or any other power, requires the relocation, raising, lowering, re-routing, or change in grade or alteration
in the construction of any railroad, electric transmission, telegraph or telephone lines, conduits, poles, properties or facilities, or pipelines, all such relocation, raising, lowering, re-routing, or changes in grade or alteration of construction shall be accomplished at the sole expense of the District. The District may select one or more depositories.

Sec. 16. Without limiting the powers granted to the District by this Act, the District shall specifically have the right, power, privilege, function, and authority to control, develop, store and preserve the waters and flood waters of the Upper Guadalupe River and its tributaries within Kerr County and to distribute same within or without the boundaries of the District for any beneficial or useful purpose and to purchase, acquire, build, construct, improve, extend, reconstruct, repair and maintain any and all dams, structures, waterworks systems, sanitary or storm sewer or drainage or irrigation systems, buildings, waterways, pipelines, distribution systems, ditches, lakes, ponds, reservoirs, plants, and facilities and any and all other facilities or equipment in aid thereof, and to purchase or acquire the necessary sites, easements, rights-of-way, land or other properties necessary therefor and to do any and all acts and things which may be necessary to the exercise of any or all of the rights, powers, privileges, functions and authority of the District, and same may be accomplished by any and all practical means, and the District may sell water and other services.

Sec. 17. In addition to the powers and purposes authorized by the General Law pertaining to water control and improvement districts created under Article 16, Section 59 of the Constitution of Texas, the District may issue any kind of bonds or refunding bonds for any or all of such purposes herein provided and provide and make payment therefor and for necessary expenses in connection therewith.
Sec. 18. Any kind of bonds or refunding bonds may be sold at a price and under terms determined by the Board of Directors of the District, and may be sold at a private or public sale, but none of said bonds or refunding bonds shall be sold for less than ninety-five per cent of their face value. The District may exchange bonds or refunding bonds for property acquired by purchase, or in payment of the contract price of work done or materials furnished or services furnished for the use and benefit of the District, but such exchange of bonds or refunding bonds for property or facilities acquired by purchase or in payment of the contract price for work done or materials furnished or services furnished shall not be on a basis of less than ninety-five per cent of the face value of the bonds or refunding bonds so exchanged or used for payment as herein specified.

Sec. 19. The provisions of Section 77b, Chapter 25, General Laws, Acts of the 39th Legislature, Regular Session, 1925, as added (Article 7880-77b, Vernon's Texas Civil Statutes), or any other General Law, pertaining to the calling of a hearing for the determination of the dissolution of a district where a bond election has failed shall be inapplicable to the District, and this District shall continue to exist and shall have full power to function and operate regardless of the outcome of any bond election. Upon the failure of any bond election, a subsequent bond election may be called after the expiration of thirty days from the date of the bond election which failed.

Sec. 20. Notice of all elections may be given under the hand of either the president or the secretary of the District.

Sec. 21. The returns of all elections may be canvassed by the Board of Directors of the District at any time within seven (7) days after the holding of an election, or as soon thereafter as reasonably practicable.

Sec. 22. The accomplishment of the purposes stated in this Act being for the benefit of the people of this State and for the improvement of their properties and industries, the District in carrying out the purpose of this Act will be performing an essential public function under the Constitution, and the District shall not be required to pay any tax or assessment on the project or any part thereof or on any purchases made by the District, and the bonds issued hereunder and their transfer and the income therefrom, including the profits made on the sale thereof; shall at all times be free from taxation within this State.

(c) During the month of April of each year beginning with the year 1965, the governing body of the City of Decatur shall appoint Directors to succeed Directors whose terms expire during the following May. Any vacancy shall be filled for an unexpired term by the governing body of such city. As amended Acts 1965, 59th Leg., p. 184, ch. 76, § 2, emerg. eff. April 13, 1965.

Sec. 5. Other territory, whether contiguous to the District or not, and within Wise County, may be annexed to the District in the following manner:

(a) A petition praying for such annexation signed by fifty (50) or a majority of the qualified voters of the territory to be annexed who own taxable property therein and who have duly rendered the same to the county for taxation shall be filed with the Board of Directors of the District. The petition shall describe the territory by metes and bounds.

(b) If the Board of Directors finds that the petition complies with, and is signed by the number of qualified persons required by the foregoing subsection, that the annexation would be to the interest of the District, and that the District will be able to supply water to the territory, it shall adopt a resolution declaring its intention to call an election in the territory for the purpose of submitting the proposition of whether or not such territory shall be annexed to the District, and fix a time and place when and where a hearing shall be held by said Board on the question of whether the territory proposed to be annexed will be benefited by the improvements, works, and facilities then owned or operated or contemplated to be owned or operated by the District.

(c) Notice of the adoption of such resolution stating the time and place of such hearing, addressed to the citizens and owners of property in such territory shall be published one (1) time in a newspaper of general circulation in the territory to be annexed at least ten (10) days prior to the date of such hearing. The notice shall describe the territory proposed to be annexed in the same manner as required for the petition. If no newspaper of general circulation is in the territory to be annexed, the notices shall be posted in three (3) public places therein.

(d) All persons interested may appear at such hearing and offer evidence for or against the intended annexation. Such hearing may proceed in such order and under such rules as may be prescribed by the Board of Directors, and the hearing may be recessed from time to time. If, at the conclusion of the hearing, the Board of Directors finds that all of the land in the territory proposed to be annexed will be benefited
by the present or contemplated improvements, works or facilities of the
district, the board shall adopt a resolution calling an election in the
territory to be annexed stating therein the date of the election, the
place or places of holding the same, and appointing a presiding judge
for each voting place who shall appoint the necessary assistant judges
and clerks to assist in holding the election. Railroad right-of-way, trans-
mission lines and other property of electric and gas utilities which are
not situated within the defined limits of an incorporated city or town
will not be benefited by improvements, works and facilities which the
district is authorized to construct; therefore, no railroad right-of-way
or transmission lines or other property of electric and gas utilities shall
hereafter be annexed to the district except such right-of-way, trans-
mission lines and other property of electric and gas utilities as are
contained within the limits of an incorporated city or town then or
thereafter annexed to the district.

(e) Notice of such election, stating the date thereof, the proposi-
tion to be voted upon and the condition under which the territory may
be annexed, or making reference to the resolution of the board of di-
rectors for that purpose, and the place or places of holding the same,
shall be published one (1) time in a newspaper of general circulation
in the district at least ten (10) days before the day set for the election.

(f) Only constitutionally qualified electors who reside in such ter-
ritory shall be qualified to vote in said election. Returns of said election
shall be made to the board of directors of wise county water supply
district.

(g) The board of directors shall canvass the returns of the election
and pass an order declaring the results thereof. If such order shows that
a majority of the votes cast are in favor of annexation said board shall
annex said territory to the district, and such annexation shall thereafter
be incontestable except within the time for contesting elections under the
General Election Law. A certified copy of said order shall be recorded
in the deed records of the county in which the territory is situated.

(h) Territory heretofore or hereafter annexed to any city contained
in the district may be annexed to the district in the following manner:

(1) At any time after final passage of an ordinance or resolution
annexing territory to the city, the board of directors of the district may
issue a notice of hearing on the question of annexing said territory or
any part thereof. Such notice shall be sufficient if it states the date and
place of the hearing, a description of the area proposed to be annexed,
but in lieu of such description the notice may make reference to the an-
nexation ordinance of the city.

(2) The notice shall be published one (1) time in a newspaper hav-
ing general circulation in the city which made the annexation, such pub-
llication to be at least ten (10) days before the date set for the hearing.

(3) If, pursuant to such hearing, the board of directors finds that
the territory proposed to be annexed will be benefited by the water supply
afforded or to be afforded by the district, the board shall adopt resolution
annexing said territory to the district.

(i) After territory is added to the district, the board of directors
of the district may call an election over the entire district for the purpose
of determining whether the entire district as enlarged shall assume the
tax-supported bonds then outstanding and those theretofore voted but
not yet sold and whether an ad valorem tax shall be levied upon all
taxable property within the district as enlarged for the payment thereof
unless such proposition is voted along with the annexation election and
becomes lawfully binding upon the territory annexed. Such election shall
be called and held in the same manner as elections for the issuance of
bonds as provided in this Act. As amended Acts 1965, 59th Leg., p. 184, ch. 76, § 3, emerg. eff. April 13, 1965.

Sec. 6a. The District is empowered, within or without the District, to construct or otherwise acquire all works, plants, and other facilities necessary for the purpose of receiving and treating water purchased from others, and to transport such water to cities and others for municipal, domestic and industrial purposes. Added Acts 1965, 59th Leg., p. 184, ch. 76, § 4, emerg. eff. April 13, 1965.

The District is also authorized to contract with any city for the rental or leasing of, or for the operation of the water production, water supply, and water supply facilities of such city upon such consideration as the District and the city may agree, and to contract with the City of Decatur for the operation of the District's facilities by said city upon such consideration as the District and said city may agree. Any such contract may be upon such terms and for such time as the parties may agree, and it may provide that it shall continue in effect until bonds specified therein and refunding bonds issued in lieu of such bonds are paid. As amended Acts 1965, 59th Leg., p. 184, ch. 76, § 5, emerg. eff. April 13, 1965.

Sec. 16. The District is authorized to acquire water appropriation permits directly from the Texas Water Commission; or from owners of permits. The District is also authorized to purchase water or a water supply from any person, firm, corporation or public agency. All contracts heretofore made by the District with other public agencies for the purchase of water are hereby in all things validated. As amended Acts 1965, 59th Leg., p. 184, ch. 76, § 6, emerg. eff. April 13, 1965.

Sec. 20. (a) The tax rolls of the City of Decatur shall constitute the tax rolls of the District. All taxes levied by the Board of Directors of the District shall be placed on the city rolls and collected by the city. Laws relating to the assessment of property for taxation, equalization of assessed values, collection and enforced collection of taxes applicable to the city shall be applicable to the District. If territory is added to the District which is not contained in the city, the taxable property in such territory shall be added to the city rolls.

(b) The District and the said city may enter into a contract under which city employees, including the tax collector and assessor of the city, will perform certain or all administrative duties which might otherwise require the employment of personnel by the District. As amended Acts 1965, 59th Leg., p. 184, ch. 76, § 7, emerg. eff. April 13, 1965.

(d) Notice of the adoption of such resolution stating the time and place of such hearing, addressed to the citizens and owners of property
in such territory shall be published one (1) time in a newspaper designated by the Commissioners Court at least ten (10) days prior to the date of such hearing. The notice shall describe the territory in the same manner in which it is required or permitted by this Act to be described in the petition.

(e) All persons interested may appear at such hearing and offer evidence for or against the intended annexation. Such hearing may proceed in such order and under such rules as may be prescribed by the Commissioners Court, and the hearing may be recessed from time to time. If, at the conclusion of the hearing, the Commissioners Court finds that all of the lands in such territory will be benefited by the present or contemplated improvements, works or facilities of the District, the Commissioners Court shall adopt a resolution calling an election in the territory to be annexed stating therein the date of the election, the place or places of holding the same, and appointing a presiding judge for each voting place who shall appoint the necessary assistant judges and clerks to assist in holding the election.

(f) Notice of such election, stating the date thereof, the proposition to be voted upon and the conditions under which the territory may be annexed, or making reference to the resolution of the Board of Directors for that purpose, and the place or places of holding the same, shall be published one (1) time in a newspaper designated by the Commissioners Court at least ten (10) days before the day set for the election.

(g) Only qualified electors who reside in the territory sought to be annexed shall be qualified to vote in said election. Returns of said election shall be made to the Commissioners Court.

(h) The Commissioners Court shall canvass the returns of the election and adopt an order declaring the results thereof. If the Commissioners Court finds from the returns that a majority of the votes cast are in favor of annexation the Commissioners Court shall annex said territory to the District, and such annexation shall thereafter be incontestable except in the manner and within the time for contesting elections under the General Election Law. A certified copy of said order shall be recorded in the deed records of the County in which the territory is situated.

(i) The Commissioners Court in calling the election on the proposition for annexation of territory, may also submit a proposition for the assumption of its part of the tax-supported bonds of the District then outstanding and those theretofore voted but not yet sold, and for the levy of an ad valorem tax on taxable property in said territory along with the tax in the rest of the District for the payment thereof.

(j) After territory is added to the District, the Board of Directors of the District may call an election over the entire District for the purpose of determining whether the entire District as enlarged shall assume the tax-supported bonds then outstanding and those theretofore voted but not yet sold and whether an ad valorem tax shall be levied upon all taxable property within the District as enlarged for the payment thereof, unless such proposition had been voted along with the annexation election and becomes lawfully binding upon the territory annexed. Such election shall be called and held in the same manner as elections for the issuance of bonds as provided in this Act.

(k) If the territory of more than one city is proposed to be annexed to the District, separate elections shall be held in each city and only the territory of the city or cities in which a majority vote favors annexation shall be annexed. If two (2) or more areas which are not contiguous to each other are proposed to be annexed to the District, separate elections
shall be held in each area, and only the area or areas in which a majority vote favors annexation shall be annexed.

(i) If the election for the assumption of indebtedness fails, the Commissioners Court shall, upon request of the Board of Directors, enter an order detaching the territory from the District.

(m) All expenses of hearings and elections held under this Act shall be paid by the District. As amended Acts 1965, 59th Leg., p. 1311, ch. 601, § 1.

Effective Aug. 30, 1965, 90 days after date of adjournment.

Art. 8280—257. Upper Leon River Municipal Water District

Sec. 17. No contract under which the District will supply water to a Potential City or to any other city hereafter annexed to the District shall be executed and no tax shall be levied for bonds in any such Potential City or city until such action shall have been authorized at an election held in such Potential City or in such city. Within the discretion of the Board of Directors of the District the first election on the question of executing such contract and the first election as to voting such tax may be held in less than all of the Potential Cities. Until an election is held in a Potential City and until it has voted adversely, it shall remain a Potential
City. Whenever an election is held in all Potential Cities or in some of them either for approval of contracts between the respective Potential Cities and the District, or for the voting of an ad valorem tax to pay wholly or partially the principal of and interest on any bonds proposed by the District, and if a majority of the votes cast in one or more of such Potential Cities is against either the executing of such contract or against tax-supported bonds, the Board of Directors may adopt a resolution detaching the territory of any such city from the District if the Board finds that it is to the best interest of the District to execute such contracts with the Potential Cities voting favorably to issue bonds payable wholly or partially from taxes, or to execute such contracts and without participation by the Potential Cities thus voting unfavorably, but no territory shall be detached from the District after the issuance of bonds which are payable from revenues or taxes or both, or after the execution of such contracts. Any city thus detached from the District shall be eligible for reannexation under the provisions of Section 5 hereof. Potential Cities which shall have voted in favor of such contract or tax-supported bond issue, as the case may be, shall after such vote be Constituent Cities, and as such shall remain committed under such vote.

Provided that at any time before taxes have been levied by the District, and at such time as a majority in number of the Potential Cities named in Section 2 of this Act shall have held elections on the question of approval of contracts between the Potential Cities and the District, and such contracts have been voted favorably in a majority of such Potential Cities, and bonds, the interest on and principal of which are payable from revenues of such contracts, shall have been sold and delivered to the purchaser or purchasers thereof, thereafter (a) only Directors appointed by the governing bodies of Constituent Cities shall have the right to vote on matters coming before the Board of Directors, (b) only Directors appointed by the governing bodies of Constituent Cities shall be counted for the purpose of establishing a quorum of such Board, and (c) upon the passage of an ordinance by the governing body of any Potential City declaring the territory of such Potential City detached, and the filing of a certified copy of such ordinance with the District, the territory of such Potential City shall be detached from the District. As amended Acts 1965, 59th Leg., p. 1149, ch. 542, § 1.

Effective Aug. 30, 1965, 90 days after date of adjournment.

Section 2 of the amendatory act of 1965 provided: "Proof of Publication of the Constitutional notice required in the enactment hereof under the provisions of paragraph (d) of Section 59 of Article XVI of the Texas Constitution has been made in the manner provided therein and a copy of said notice and the bill as originally introduced have been delivered to the Governor of the State of Texas as required in such Constitutional provision, and such notice and delivery are hereby found and declared to be proper and sufficient to satisfy such requirements."

(d) Upon appropriate resolution by the Board of Directors in the District, the District may purchase other water systems, water and sewer systems, or sewer systems and may finance the purchase of such system or systems by the issuance of revenue bonds, tax and revenue bonds, or tax bonds, in the manner and to the extent provided in this Act and in the event of such purchase, the rates to be charged for the distribution of water, the collection of sewage and other authorized charges shall be determined by the Board of Directors as elsewhere provided and such rates shall not be subject to regulation by any other municipal corporation of the State of Texas.

(e) The District may construct, establish, operate, and maintain a community center in Bowie County.

(f) The District may borrow money and accept grants from the United States of America, and from any corporation or agency created or designated by the United States of America; and in connection with the loan or grant, enter into such arrangement with the United States of America or such corporation or agency as the District may deem advisable. Art. 8280—293. Lake Dallas Municipal Utility Authority

Sec. 2. The Authority shall be comprised of all of the territory which was contained in the City of Lake Dallas, Denton County, Texas, on April 30, 1963. It is hereby found and determined that all of the ter-

territory and taxable property contained within the area above described will be benefited by the works and improvements of the Authority.

As hereinafter used, the term “city” shall mean the duly constituted municipal corporation, regardless of when created, known as the City of Lake Dallas. As amended Acts 1965, 59th Leg., p. 1301, ch. 599, § 1, emerg. eff. June 17, 1965.

Sec. 3. (a) All powers of the Authority shall be exercised by a Board of Directors (hereinafter called the “Board”). Each member shall serve for a term of two (2) years and until his successor is elected and qualified, except for the first directors appointed initially pursuant to this Act, and except for the directors named below who are hereby reappointed and shall have terms with expiration dates as follows, to wit:

- Bobby G. Farley: September 30, 1965
- H. L. Whitehead: September 30, 1965
- B. G. Caddell: September 30, 1965
- Howard M. Davis: April 30, 1966

(b) An election for the election of three directors shall be held on the last Saturday in September, 1965, and thereafter beginning in 1966, a regular election for the election of directors shall be held on the last Saturday in April of each year. Two directors shall be elected in each even-numbered year and three in each odd-numbered year. The elections shall be ordered by the Board of Directors, which shall canvass the returns and declare the results of such elections. Such elections shall be held and conducted as provided by the General Law governing water control and improvement districts, except as provided herein.

(c) Each director shall serve for his term of office as herein provided and thereafter until his successor shall be elected or appointed and qualified. No person shall be elected or appointed a director unless he resides in and owns taxable property in the Authority. No member of a governing body of the City and no employee of the City shall be appointed as director. Such directors shall subscribe the constitutional oath of office, and each shall give bond for the faithful performance of his duties in the amount of Five Thousand Dollars ($5,000), the cost of which shall be paid by the Authority. A majority shall constitute a quorum. If any director moves from the Authority or otherwise ceases to be a director, the remaining members of the Board of Directors shall appoint a director to succeed him for the unexpired term.

Sec. 5. Other territory may be annexed to the Authority in the following manner:

(a) A petition praying for such annexation signed by twenty-five (25) or a majority, whichever number is smaller, of the resident qualified property taxpaying voters of the territory sought to be annexed shall be filed with the Board. The petition shall describe the territory by metes and bounds.

(b) If the Board finds that the petition complies with, and is signed by the number of qualified persons required by the foregoing subsection, that the annexation would be to the best interest of the territory and the Authority, and that the Authority will be able to supply water, or cause water to be supplied to the territory or render sewer service or cause same to be rendered to the territory, it shall adopt a resolution stating the conditions, if any, under which such territory may be annexed to the Authority, and shall fix a time and place when and where a hearing shall be held by the Board on the question of whether the territory sought to be
annexed will be benefited by the improvements, works, and facilities then owned or operated or contemplated to be owned or operated by the Authority or by the other functions of the Authority. Railroad right-of-way which is not situated within the defined limits of an incorporated city or town will not be benefited by improvements, works and facilities which the Authority is authorized to construct; therefore, it is provided that no railroad right-of-way shall hereafter be annexed to the Authority except such right-of-way as is contained within the limit of an incorporated city or town. Notice of the adoption of such resolution stating the time and place of such hearing shall be published one time in a newspaper of general circulation in the territory sought to be annexed at least ten (10) days prior to the date of such hearing. The notice shall describe the territory in the same manner in which it is required or permitted by this Act to be described in the petition. All persons interested may appear at such hearing and offer evidence for or against the proposed annexation. Such hearing may proceed in such order and under such rules as may be prescribed by the Board, and the hearing may be recessed from time to time. If, at the conclusion of the hearing, the Board finds that lands in such territory will be benefited by the present or contemplated improvements, works or facilities of the Authority, the Board shall adopt a resolution making a finding of such benefit and calling an election in the territory proposed to be annexed stating therein the date of the election, the place or places of holding the same, the proposition to be voted on and appointing a presiding judge for each voting place who shall appoint the necessary assistant judges and clerks to assist in holding the election.

Notice of such election shall be given by publishing a substantial copy of the resolution calling the election one time in a newspaper of general circulation in the territory sought to be annexed to the Authority at least ten (10) days before the date set for the election. Only constitutionally qualified electors who reside in the territory sought to be annexed shall be qualified to vote in said election. Returns of the result of said election shall be made to the Board. The Board shall canvass the returns of the election and adopt an order declaring the results thereof. If such order shows that a majority of the votes cast are in favor of annexation, the Board shall by resolution annex said territory to the Authority, and such annexation shall thereafter be incontestable except in the manner and within the time for contesting elections under the General Election Code.

(c) The Board, in calling an election on the proposition for annexation of territory, may include as a part of the same proposition, or a separate proposition for the assumption of its part of the tax supported bonds of the Authority then outstanding and those theretofore voted but not yet sold, and for the levy of an ad valorem tax on taxable property in said territory along with the tax in the rest of the Authority for the payment thereof in which event the voting shall be restricted to constitutionally qualified electors.

(d) After territory is added to the Authority, the Board may call an election over the entire Authority for the purpose of determining whether the entire Authority as enlarged shall assume the tax support bonds then outstanding and those theretofore voted but not yet sold and whether an ad valorem tax shall be levied upon all taxable property within the Authority as enlarged for the payment thereof, unless such proposition had been previously voted at an election held within the territory annexed and became lawfully binding upon such territory. Such election shall be called and held and notice thereof given in the same manner as elections for the issuance of bonds as provided in this Act. As amended Acts 1965, 59th Leg., p. 1301, ch. 599, § 3, emerg. eff. June 17, 1965.
Sec. 17(a). The Authority may be abolished by a majority vote of the taxpayers qualified voters residing in such Authority at an election held for the purpose of determining whether or not such Authority shall be abolished.

An election shall be ordered by the County Judge of Denton County, Texas, whenever a petition for the abolition of such Authority shall be presented to the County Judge, duly signed by not less than a majority of the qualified property taxpayers residing in such Authority. Notices of such election shall be published in a newspaper of general circulation in the Authority on the same day of each of two (2) consecutive weeks. Notice of said election shall also be given by posting a copy of the election order in three (3) public places within the Authority, at least fourteen (14) days prior to the date set for the election. Said County Judge shall appoint a presiding judge and two (2) clerks to assist him in holding the election. The ballots for such election shall contain the proposition "For abolition of the Authority" and "Against abolition of the Authority." Only qualified voters who reside in the Authority and who own taxable property therein, and who have duly rendered the same for taxation shall be qualified to vote at said election.

If a majority of those voting at such election vote in favor of abolishing such Authority, the said Authority shall be abolished. In the event said Authority shall, at the time of abolition of the Authority, have outstanding bonds or other indebtedness maturing beyond the current year in which such abolition occurs, the Commissioners Court of Denton County, Texas, shall levy and cause to be collected as county taxes are assessed and collected, sufficient taxes on all taxable property within such Authority to pay the principal and interest on said bonds and other indebtedness when due. Added Acts 1965, 59th Leg., p. 1301, ch. 599, § 3(a), emerg. eff. June 17, 1965.

Sec. 19. Prior to the sale and delivery of Authority bonds which are payable wholly or partially from ad valorem taxes the Board of Directors shall appoint a tax assessor and collector and a board of equalization and cause taxes to be assessed, valuations to be equalized, and tax rolls to be prepared. General Laws applicable to water control and improvement districts with reference to tax assessors and collectors, boards of equalization, tax rolls and the levy and collection of taxes and delinquent taxes shall be applicable to this Authority, provided if, during the year of the Authority's initial sale of bonds payable wholly or partially from ad valorem taxes, it shall become necessary to have the property therein rendered for taxation at an earlier or later date than provided in such General Laws applicable to water control and improvement districts for the regular assessment thereof, then the directors of the Authority shall fix and determine the time when such renditions shall be made and the time other necessary things required to be done in connection with the assessment, equalization, collection and enforcement of collection of taxes shall be done. After said year, however, said assessment, equalization, collection and enforcement of collection of taxes shall occur as provided in such General Laws. As amended Acts 1965, 59th Leg., p. 1301, ch. 599, § 4, emerg. eff. June 17, 1965.

Section 5 of the amendatory act of 1965 provided: "Proof of Publication of the Constitutional notice required in the enactment hereunder under the provisions of paragraph (d) of Section 59 of Article XVI of the Texas Constitution has been made in the manner provided therein and a copy of said notice and the bill as originally introduced have been delivered to the Governor of the State of Texas as required in such Constitutional provision and such notice and delivery are hereby found and declared to be proper and sufficient to satisfy such requirements."

(3) area under which there is either no underground water or no underground water that can be brought to the surface at a cost that makes bringing it to the surface economically feasible, which the Board excludes under Section 36(c) of this Act.

Establishment of board

Sec. 5. The Board of Directors of the Evergreen Underground Water Conservation District is established.

Composition and terms of office

Sec. 6. (a) The Board consists of five directors.

(b) Four of the directors are elected at elections provided for in Section 10 of this Act; the fifth director is appointed by the Governor. A director serves a two-year term.
(c) If a Constitutional Amendment is adopted authorizing directors of conservation and reclamation districts to serve six-year terms, Subsection (b) of this Section is repealed on the day of the first election to elect directors held under this Act after the Constitutional Amendment becomes effective, and the directors serve six-year terms. At that election, one director from Atascosa County and one from Wilson County are elected for two-year terms; one from Atascosa County and one from Wilson County for four-year terms; and one from Atascosa County for a six-year term. The Board shall conduct biennial elections after that election, at which directors are elected to replace retiring directors, for six-year terms. The director who succeeds the director from Atascosa County with a six-year term shall be from Wilson County, and that position shall thereafter alternate between Wilson and Atascosa Counties.

(d) If a position on the Board becomes vacant, a majority of the remaining directors shall appoint another person from the county of residence of the retiring director to fill the vacated position for the unexpired term.

(e) A director serves until his successor is elected or appointed.

Qualification of directors

Sec. 7. A person is qualified to serve on the Board who is elected or appointed to that position, and who
(1) is at least 21 years of age;
(2) owns real property in the District;
(3) is a resident of Atascosa or Wilson County.

Administrator and employees

Sec. 8. (a) The Board may employ an administrator and set his salary. The Board may delegate any of its powers and duties (except those of adopting rules, a dissolution resolution, a dissolution order, and those relating to hearings, taxation, and bonds) to the administrator, who may carry out powers and duties delegated to him by the Board.

(b) The administrator, with the approval of the Board, may employ employees of the Board and set their salaries, and hire legal counsel for the Board.

Board meetings and officers

Sec. 9. (a) The Board shall hold regular quarterly meetings. It may hold other meetings at the call of the chairman or at the request of at least two directors.

(b) A majority of the directors is a quorum for conducting business.

(c) The Board shall elect its officers.

(d) The General Law relating to filing bonds by directors of districts applies to directors of the District.

Elections

Sec. 10. (a) The Board shall call an election to elect directors to the Board on the second Tuesday in January of each odd-numbered year. The first election to elect directors under this Act is to be held on January 10, 1967.

(b) The Board shall conduct an election held under this Act under the General Laws of the state relating to elections.

(c) The Board shall prepare a ballot with the names of the candidates who reside in Atascosa County and a ballot with the names of the candidates who reside in Wilson County. Voters in Atascosa County.

(d) The two persons with the highest number of votes who are residents of Atascosa County and the two persons with the highest number of votes who are residents of Wilson County are elected.

(e) The Board shall pay for the cost of the elections with money of the District.

SUBCHAPTER C. ADMINISTRATIVE PROCEDURE.

Procedure for adopting and amending rules

Sec. 11. (a) Before the Board may adopt or amend a rule under this Act, it must publish a brief summary of the rule or the amendment in one or more newspapers as it decides is necessary to give the summary general circulation throughout the District. The Board must publish the summary one time a week for two weeks.

(b) The rule or amendment takes effect on the fourteenth day after the day the summary is published the second time, unless

(1) the Board specifies that it takes effect at a later time; or

(2) the Board rescinds the order adopting the rule or amendment.

(c) The Board may rescind the order for (but it may not change) a rule or amendment, from the time the summary is first published until after the rule or amendment takes effect. After the rule or amendment takes effect, the Board may change or repeal it only by adopting a rule repealing or amending it.

(d) If the Board rescinds an order for a rule or amendment, it may adopt a new rule or amendment at any time, even though the new rule or amendment is on the same subject as the rule or amendment rescinded.

Declaratory judgment on validity of rules

Sec. 12. (a) The validity of a rule adopted under this Act may be determined upon petition for a declaratory judgment on the validity of the rule addressed to the district court sitting in the Evergreen Underground Water Conservation District, when it appears that the rule, or its threatened application, interferes with or impairs, or threatens to interfere with or impair, the legal rights or privileges of the petitioner. The Board shall be made a party to the proceeding. The declaratory judgment may be rendered whether or not the petitioner has first requested the Board to pass upon the validity of the rule in question.

(b) The court shall declare the rule invalid if it finds that the rule violates constitutional provisions, exceeds the statutory authority of the Board, or was adopted without complying with Section 11 of this Act.

Definition

Sec. 13. In Sections 13 through 20 of this Act, "contested case" means a proceeding before the Board in which the legal rights, duties, or privileges of specific parties are required by law or constitutional right to be determined after a Board hearing.

Hearing officer

Sec. 14. (a) In a contested case, the Board shall employ an attorney to serve as the hearing officer in the hearing. At the hearing, the hearing officer shall

(1) preside over the hearing;

(2) rule on the admissibility of evidence;
Art. 8280—297  REVISED STATUTES  1282

(3) at the direction of the Board, prepare the record, decision, and order of the Board and the notices for the hearing;

(4) assist the Board in all legal matters connected with the hearing.

(b) The hearing officer may vote only to break a tie.

(c) If the appointed member of the Board is an attorney, the Board may designate that he is the hearing officer, rather than employ another attorney to be the hearing officer. In that case, Subsection (b) of this Section does not apply.

Notice, hearing, records

Sec. 15. (a) In a contested case all parties shall be afforded an opportunity for hearing after reasonable notice. The notice shall state the time, place, and issues involved, but if, because of the nature of the proceeding, the issues cannot be fully stated in advance of the hearing, or if subsequent amendment of the issues is necessary, the issues shall be fully stated as soon as practicable, and opportunity shall be afforded all parties to present evidence and argument with respect to the issues.

(b) The Board shall prepare an official record, which includes testimony and exhibits, in each contested case, and shall prepare a mechanical recording of the proceedings. It is not necessary to transcribe the recording unless the transcription is requested for purposes of rehearing or court review.

(c) Informal disposition may also be made of any contested case by stipulation, agreed settlement, consent order, or default.

(d) The Board shall adopt appropriate rules of procedure for notice and hearing in contested cases.

Rules of evidence

Sec. 16. (a) In contested cases, the Board may admit and give probative effect to evidence which possesses probative value commonly accepted by reasonably prudent men in the conduct of their affairs. The Board shall give effect to the rules of privilege recognized by law. It may exclude incompetent, irrelevant, immaterial, and unduly repetitious evidence.

(b) All evidence, including records and documents in the possession of the Board of which it desires to avail itself, shall be offered and made a part of the record in the case, and no other factual information or evidence shall be considered in the determination of the case. Documentary evidence may be received in the form of copies or excerpts, or by incorporation by reference.

(c) Every party has the right to cross-examine witnesses who testify, and has the right to submit rebuttal evidence.

Official notice

Sec. 17. The Board may take notice of judicially cognizable facts and in addition may take notice of general, technical, and scientific facts within its specialized knowledge. Parties shall be notified either before or during hearing, or by reference in preliminary reports or otherwise, of the material so noticed, and they shall be afforded an opportunity to contest the facts so noticed. The Board may use its experience, technical competence, and specialized knowledge in evaluating the evidence presented to it.

Examination of evidence by board

Sec. 18. When in a contested case a majority of the directors of the Board who are to render the final decision have not heard or read the evidence, the decision, if adverse to the party to the proceeding other than the Board itself, shall not be made until a proposal for decision,
including findings of fact and conclusions of law, has been served upon the parties and an opportunity has been afforded to each party adversely affected to file exceptions and present argument to a majority of the directors who are to render the decision, who shall personally consider the whole record or as much of it as may be cited by the parties.

Decisions and orders

Sec. 19. Every decision and order adverse to a party in the proceeding, rendered by the Board in a contested case, shall be in writing or stated in the record and shall be accompanied by findings of fact and conclusions of law. The findings of fact shall consist of a concise statement of the conclusions upon each contested issue of fact. Parties to the proceeding shall be notified of the decision and order in person or by mail. A copy of the decision and order and accompanying findings and conclusions shall be delivered or mailed upon request to each party or to his attorney of record.

Judicial review of contested cases

Sec. 20. (a) A person aggrieved by a final decision in a contested case, whether the decision is affirmative or negative in form, is entitled to judicial review of the decision.

(b) Proceedings for review shall be instituted by filing a petition in a district court within the District within 30 days after the service of the final decision of the Board. Copies of the petition shall be served upon the Board and all other parties of record. The court, in its discretion, may permit other interested persons to intervene.

(c) Filing the petition does not stay enforcement of the Board decision; but the Board may do so, or the reviewing court may order a stay upon such terms as it deems proper.

(d) Within 30 days after service of the petition, or within such further time as the court may allow, the Board shall transmit to the reviewing court the original or a certified copy of the entire record of the proceeding under review; but, by stipulation of all parties to the review proceeding, the record may be shortened. A party unreasonably refusing to stipulate to limit the record may be taxed by the court for the additional costs caused by his refusal. The court may require or permit subsequent corrections or additions to the record when deemed desirable.

(e) If, before the date set for hearing, application is made to the court for leave to present additional evidence on the issues in the case, and it is shown to the satisfaction of the court that the additional evidence is material and that there were good reasons for failing to present it in the proceeding before the Board, the court may order that the additional evidence be taken before the Board upon such conditions as the court deems proper. The Board may modify its findings and decision by reason of the additional evidence and shall file with the reviewing court, to become a part of the record, the additional evidence, together with any modifications or new findings or decision.

(f) The review shall be conducted by the court and shall be confined to the record, except that in cases of alleged irregularities in procedure before the Board, not shown in the record, testimony on the alleged irregularities may be taken in court. The court shall, on request, hear oral argument and receive written briefs.

(g) The court may affirm the decision of the Board or remand the case for further proceedings; or it may reverse or modify the decision if the substantial rights of the petitioners may have been prejudiced because the administrative findings, inferences, conclusions, or decisions are

(1) in violation of constitutional provisions;
Art. 8280—297  REVISED STATUTES  1284

(2) in excess of the statutory authority or jurisdiction of the Board;  
(3) made upon unlawful procedure;  
(4) affected by other error of law;  
(5) unsupported by competent, material, and substantial evidence in  
view of the entire record as submitted; or  
(6) arbitrary or capricious.

SUBCHAPTER D.  FINANCIAL PROVISIONS.

Taxation

Sec. 21.  (a) The Board may levy and collect property taxes levied  
on the property in the District that are necessary to enable the Board to  
perform the powers and functions given it in this Act.

(b) The Board may not levy or collect property taxes at a rate greater  
than 35 cents on the One Hundred Dollar valuation.

(c) The General Law on water control and improvement districts,  
relating to the levy and collection of taxes and to elections held on tax  
levies, applies to the levy and collection of taxes by the Board.

Bonds

Sec. 22.  (a) The Board may issue bonds to finance operations and  
construct projects authorized under this Act.

(b) The General Law on water control and improvement districts,  
relating to issuing bonds and retiring bond issues, elections on bond  
issues, elections on assuming tax liabilities for bonds, and procedures for  
determining the liability of property proposed to be excluded from a dis­  
trict, applies to issuing bonds and retiring bond issues by the Board.

SUBCHAPTER E.  POWERS AND DUTIES OF THE BOARD.

Sec. 23.  The Board may adopt rules for the purpose of conserving,  
-preserving, protecting, and recharging the underground water in the Dis­  
-trict.

Waste

Sec. 24.  The Board may adopt rules designed to prevent waste of the  
underground water in the District. Nothing contained herein shall in  
any way amend, alter, or otherwise change the declaration of water prior­  
-rities and appropriation thereof as set out in Article 7471, Revised Civil  
Statutes of Texas, 1925.

Permits

Sec. 25.  (a) The Board may adopt rules requiring a person to ob­

substantially alter the size of a well or the size of a pump used in con­  
-nection with the well.

(b) The Board may add whatever terms and conditions to the permit,  
and modify the terms and conditions, that are necessary to insure that  
drilling, equipping, completing, or substantially altering the size of a  
well or the size of a pump used in connection with the well will  
(1) preserve and conserve the underground water in the District;  
(2) prevent any of the kinds of waste of the underground water spec­  
cified in Section 24 of this Act;  
(3) minimize as far as practicable the drawdown of the water table  
or the reduction of artesian pressure;
(4) lessen interference between wells.

(c) A permit issued under this Section is conditional and the Board may revoke it if the person to whom it was issued does not comply with rules adopted under Sections 23 through 28 of this Act or with the terms and conditions stated in the permit.

(d) Before the Board may refuse to issue a permit, add terms or conditions to a permit, modify the terms or conditions of a permit, or revoke a permit, it must offer the applicant or holder of the permit an opportunity to be heard by the Board.

Spacing and production

Sec. 26. (a) The Board may adopt rules to
(1) provide for spacing wells to be drilled to produce water from the underground water in the District;
(2) regulate the production of wells producing water from the underground water in the District.

(b) To be valid, a rule adopted under this Section must relate to minimizing as far as practicable the drawdown of the water table or the reduction of artesian pressure, or to the prevention of any of the kinds of waste of the underground water specified in Section 24 of this Act.

(c) Rules adopted under this Section do not apply to wells drilled to produce water to be used by an individual, a family, or a household for
(1) drinking water and cooking;
(2) washing;
(3) irrigating a garden or orchard, if the produce of the garden or orchard is to be eaten by the individual, family, or household;
(4) watering animals used in operating a farm or as food for the individual, family, or household.

Records and reports

Sec. 27. The Board may adopt rules
(1) requiring that records be kept and reports be made to the Board concerning
(A) drilling, equipping, and completing wells into the underground water strata in the District;
(B) taking and using underground water in the District;
(2) requiring accurate driller's logs to be kept of wells into underground water strata, and that driller's logs and any electric logs kept be filed with the Board.

Rules relating to capping wells

Sec. 28. The Board may adopt regulations implementing the requirements in Section 35 of this Act relating to capping uncapped wells.

Projects

Sec. 29. The Board, through its employees and agents, may
(1) construct and maintain dams;
(2) drain lakes, depressions, draws, and creeks;
(3) install and operate pumps and other equipment necessary to recharge the underground water in the District;
(4) acquire land within the District, by eminent domain or otherwise, to do the things specified in Subdivisions (1) through (3) of this Section.

(2) determine the quality of the underground water available for
production and use and the improvements, developments, and recharges
needed in regard to the underground water in the District.

Plans

Sec. 31. (a) The Board shall develop comprehensive plans for
(1) efficiently using the underground water in the District;
(2) controlling and preventing waste of the underground water.
(b) The Board shall specify in the plans, to the maximum extent
practicable, the acts, procedure, performance and avoidance which are or
may be necessary to effect the plans, including specifications for them.
(c) The Board shall carry out research projects, develop information,
and determine limitations, if any, which should be made on withdrawing
underground water in the District.
(d) The Board shall collect and preserve information regarding the
use of underground water in the District and the practicability of re­
charging the underground water.
(e) The Board shall publish plans and information developed under
this Section, bring them to the attention of the users of underground
water in the District and the Texas Water Commission.

SUBCHAPTER F. RIGHTS AND DUTIES OF PERSONS IN
THE DISTRICT.

Ownership of water

Sec. 32. The ownership and rights of the owner of the land and his
lessees and assigns in underground water are recognized, and this Act
does not in any way deprive or divest the owner or his assigns or lessees
of that ownership or those rights, subject, however, to the rules adopted
under this Act.

Responsibility for complying

Sec. 33. The owner of underground water brought to the surface,
or his lessee, if there is one, and the operator of a well into the under­
ground stratum from which the water is brought or is to be brought are
jointly and severally responsible for complying with rules adopted by the
Board under this Act.

Illegal drilling and production

Sec. 34. Drilling a well without a permit or drilling or operating a
well in violation of the terms and conditions of the permit, if a permit is
required, and operating a well at a higher rate of production than the rate
approved by the Board for the well, are each declared to be illegal,
wasteful per se, and a nuisance.

Capping wells

Sec. 35. The owner of underground water being produced from an
underground artesian water well shall keep the flowing well capped with
a covering capable of sustaining a pressure of at least 400 pounds, ex­
cept when the well is in use, and shall comply with rules adopted under
For Annotations and Historical Notes, see V.A.T.S.

Section 28 of this Act. The operator of the well has the same duty the owner of the underground water had under this section.

SUBCHAPTER G. MISCELLANEOUS PROVISIONS.

Excluding land from the district

Sec. 36. (a) A person who owns land over which the Board is exercising authority or claiming jurisdiction may petition the Board for a hearing to determine whether or not the land is or should be excluded from the District under Section 4 of this Act.

(b) At the conclusion of the hearing, the land is a part of the District if the Board finds that the person has failed to establish

(1) with respect to land claimed to be excluded under Section 4(1) of this Act, that the land was within the limits of an incorporated city or town on the effective date of this Act; or

(2) with respect to land claimed to be excluded under Section 4(2) of this Act, that the land has been included within the limits of an incorporated city or town since the effective date of this Act, and that exclusion of the land would defeat none of the regulatory purposes of this Act; or

(3) with respect to land claimed to be excluded under Section 4(3) of this Act, that there is no underground water under the land or that the underground water cannot be brought to the surface at a cost that makes bringing it to the surface economically feasible.

(c) If the Board makes a contrary finding under Subsection (b)(1) of this Section, the land has never been a part of the District. If the Board makes a contrary finding under Subsection (b)(2) or Subsection (b)(3) of this Section, the land is excluded from the District on the day the person filed the petition with the Board to determine whether or not the land should be excluded.

Including land in the district

Sec. 37. Land may be included in the District under the provisions of the General Law relating to water control and improvement districts.

Dissolution

Sec. 38. (a) The Board may dissolve the District, if it finds that the continued existence of the District will not best serve a public purpose, either because conditions in the District have changed so that regulation of underground water in the District is no longer necessary, or because it would be more efficient to have that regulation performed by some other agency.

(b) To dissolve the District, the Board shall adopt a resolution proposing dissolution using the procedure for adopting rules provided for in Section 11 of this Act. After the resolution becomes effective, the Board shall appoint a trustee, who shall settle the affairs of the District as quickly as possible. The trustee serves at the pleasure of the Board, and is entitled to reasonable compensation set by the Board.

(c) The trustees shall reduce to possession, and money, all assets and resources of the District, and shall apply the money to discharging the outstanding obligations of the District, having regard to specific funds. If it is necessary to do so, the Board shall levy, assess, and collect additional taxes to pay all necessary expenses and outstanding obligations of the District.

(d) When all expenses and outstanding obligations are paid and the trustee's account is verified, the Board shall discharge the trustee. When the trustee is discharged, the Board shall enter of record its final order
Art. 8280-297. REVISED STATUTES

of dissolution and record the order in the deed records of the counties in which the District is located. The District is dissolved on the date specified in the order. The Board shall file a copy of the dissolution order with the Texas Water Commission and mail a copy to the Texas Legislative Council.

(e) The Board shall pay to the counties in the District a proportionate part of all money in the possession of the District not needed to pay for expenses and outstanding obligations of the District when it is dissolved.

Application

Sec. 39. The provisions of this Act do not apply to a well drilled under a permit from the Railroad Commission of Texas.

SUBCHAPTER II. ENFORCEMENT PROVISIONS.

Suits by private persons

Sec. 40. (a) A person who has an estate in land any part of which is within one-half mile of a well which is being drilled or operated in a manner declared to be illegal in Section 34 of this Act may sue or restrain or enjoin the illegal drilling or operation or both. He may also sue to recover damages he has suffered because of the illegal operation and for any further relief he is entitled to at law or equity.

(b) In a suit for damages under this Section, the operation of the well in violation of rules adopted by the Board is prima facie evidence of illegal and illegitimate drainage.

(c) The suit for damages may be brought in the county where the illegal well is located or in the county where any part of the affected land of the plaintiff is located.

(d) The cause of action and the rights created by this Section are cumulative, and do not impair the rights of any other person or the enforcement powers of the Board.

(e) A suit brought under this Section shall be advanced for trial and be determined as expeditiously as possible, and no postponement or continuance of the suit (including a first motion for postponement or continuance) may be granted except for reasons deemed imperative by the court.

Suits by the board

Sec. 41. The Board shall sue for injunctions, mandatory injunctions, and other appropriate remedies, to compel persons to comply with rules adopted by the Board and with the provisions of Section 35 of this Act.

SUBCHAPTER I. TEMPORARY PROVISIONS.

Curtis Ray of Wilson County; Mr. A. D. Richardson of Wilson County; and Mr. Merrill L. Connally of Wilson County.

Art. 8280—298

Expiration date

Sec. 43. If the Board dissolves the District under Section 38 of this Act, this Act expires on the day the dissolution order is effective. Acts 1965, 59th Leg., p. 398, ch. 197.

Effective Aug. 30, 1965, 30 days after date of adjournment.

Title of Act: An Act relating to the creation, organization, powers, and duties of an underground water conservation district located in Atascosa and Wilson counties; and declaring an emergency. Acts 1965, 59th Leg., p. 298, ch. 197.

Art. 8280—298. Mackenzie Municipal Water Authority

Section 1. By virtue of Article XVI, Section 59 of the Texas Constitution, there is hereby created a Conservation and Reclamation District to be known as "Mackenzie Municipal Water Authority" (hereinafter called "Authority"), which shall be a governmental agency and a body politic and corporate.

Sec. 2. The Authority shall contain all of the territory contained in the boundaries of the City of Tulia in Swisher County, the City of Silverton in Briscoe County, and the Cities of Lockney and Floydada in Floyd County, as the boundaries of each City existed on February 1, 1965. It is provided, however, that no invalidity in the fixing of such boundaries shall affect the boundaries of the territory contained in this Authority, it being hereby found and determined that all of the territory and taxable property contained within the boundaries of said Cities will be benefited by the works and improvements of the Authority.

Sec. 3. (a) All powers of the Authority shall be exercised by a Board of Directors (herein called "Board"), each of whom shall serve for a term of two (2) years except for the directors first appointed. Immediately after this Act becomes effective, the governing body of each City contained in the Authority shall appoint two (2) directors, one of whom shall serve to and including April 30, 1966, and the other shall serve to and including April 30, 1967.

(b) In April of 1966 and in April of each year thereafter the governing body of each City contained in the Authority shall appoint a director to succeed the director from such City whose term is about to expire. Any vacancy shall be filled for the unexpired term by the governing body of the appropriate City. Each director shall reside in the City from which he is appointed.

(c) Each director shall serve for his term of office as herein provided, and thereafter until his successor shall be appointed and qualified. No person shall be appointed a director unless he resides in and owns taxable property in the City from which he is appointed. No member of a governing body of a City, and no employee of a City shall be appointed as director. Such directors shall subscribe the Constitutional Oath of Office, and each shall give bond for the faithful performance of his duties in the amount of Five Thousand Dollars ($5,000), the cost of which shall be paid by the Authority. A majority shall constitute a quorum. If any director moves from the City from which he is appointed or otherwise ceases to be a director, the governing body of such City shall appoint a director to succeed him, for the unexpired term.

(d) Each director may receive a fee determined by the Board, of not to exceed Twenty Dollars ($20), for attending each meeting of the Board, provided that no more than Forty Dollars ($40) shall be paid to any director for meetings held in any one calendar month. Each director shall also be entitled to receive not to exceed Twenty Dollars ($20) per day devoted to the business of the Authority and to reimbursement for actual ex-
Sec. 4. The Board shall elect from its number a president and a vice-

president of the Authority, and such other officers as in the judgment
of the Board are necessary. The president shall be the chief executive
officer of the Authority and the presiding officer of the Board, and shall
have the same right to vote as any other director. The vice-president
shall perform all duties and exercise all powers conferred by this Act
upon the president when the president is absent or fails or declines to act
except the president's right to vote. The Board shall also appoint a secre-
tary and a treasurer who may or may not be members of the Board, and it
may combine those offices. The treasurer shall give bond in such amount
as may be required by the Board. The condition of such bond shall be
that he will faithfully account for all money which shall come into his
custody as treasurer of the Authority. The Board shall appoint neces-
sary engineers, attorneys and other employees, and employ a general
manager. The power to employ and discharge employees may be conferred
upon the manager. The Board shall adopt a seal for the Authority.

Sec. 5. Other territory, whether incorporated or unincorporated, may
be annexed to the Authority in the following manner:

(a) A petition praying for such annexation signed by fifty (50) or a
majority, whichever number is smaller, of the qualified taxing voters
residing in the territory sought to be annexed who own taxable property
therein shall be filed with the Board. The petition shall describe the
territory by metes and bounds, or otherwise, unless such territory is the
same as that contained in a City or Town, in which event it shall be suffi-
cient to state that the territory to be annexed is that which is contained
within the boundaries of such City or Town.

(b) If the Board finds that the petition complies with, and is signed
by the number of qualified persons required by the foregoing Subsection,
that the annexation would be to the best interest of the territory and the
Authority, and that the Authority will be able to supply water or cause
water to be supplied to the territory, or render sewer service or cause
same to be rendered to the territory, it shall adopt a resolution stating
the conditions, if any, under which such territory may be annexed to the
Authority, and shall fix a time and place when and where a hearing shall
be held by the Board on the question of whether the territory sought to
be annexed will be benefited by the improvements, works, and facilities
then owned or operated or contemplated to be owned or operated by the
Authority or by the other functions of the Authority. Railroad right-of-
way which is not situated within the defined limits of an incorporated
City or Town will not be benefited by improvements, works, and facilities
which the Authority is authorized to construct; therefore, it is provided
that no railroad right-of-way shall hereafter be annexed to the Authority
except such right-of-way as is contained within the limit of an incorpo-
rated City or Town then or theretofore annexed to the Authority. Notice
of the adoption of such resolution stating the time and place of such hear-
ing shall be published one time in a newspaper designated by the Board
at least ten (10) days prior to the date of such hearing. The notice shall
describe the territory in the same manner in which it is required or per-
mitted by this Act to be described in the petition. All persons interested
may appear at such hearing and offer evidence for or against the pro-
posed annexation. Such hearing may proceed in such order and under
such rules as may be prescribed by the Board, and the hearing may be re-
cessed from time to time. If, at the conclusion of the hearing, the Board
finds that lands in such territory will be benefited by the present or con-
templated improvements, works or facilities of the Authority, the Board
shall adopt a resolution making a finding of such benefit and calling an
Election in the territory proposed to be annexed stating therein the date of the election, the place or places of holding the same, the proposition to be voted on and appointing a presiding judge for each voting place who shall appoint the necessary assistant judges and clerks to assist in holding the election.

Notice of such election shall be given by publishing a substantial copy of the resolution calling the election one time in a newspaper of general circulation in the territory sought to be annexed to the Authority at least ten (10) days before the date set for the election. Only Constitutionally qualified electors who reside in the territory sought to be annexed shall be qualified to vote in said election. Returns of the result of said election shall be made to the Board. The Board shall canvass the returns of the election and adopt an order declaring the results thereof. If such order shows that a majority of the votes cast are in favor of annexation the Board shall by resolution annex said territory to the Authority, and such annexation shall thereafter be incontestable except in the manner and within the time for contesting elections under the General Election Code.

(c) The Board, in calling an election on the proposition of annexation of territory, may include as a part of the same proposition, or as a separate proposition, the question of the assumption of its part of the tax supported bonds of the Authority then outstanding and those theretofore voted but not yet sold, and for the levy of an ad valorem tax on taxable property in said territory along with the tax in the rest of the Authority for the payment thereof in which event the voting shall be restricted to Constitutionally qualified electors. The territory may be annexed only if both propositions receive a majority vote.

(d) Territory hereafter annexed to any city initially contained in the Authority or hereafter added to the Authority may be annexed to the Authority in the following manner:

1. At any time after final passage of an ordinance or resolution annexing territory to the City, the Board may issue a notice of hearing on the question of annexing said territory or any part thereof. Such notice shall be sufficient if it states the date and place of the hearing and a description of the area proposed to be annexed, but in lieu of such description the notice may make reference to the annexation ordinance or resolution of the City.

2. The notice shall be published one time in a newspaper having general circulation in the City which made the annexation, such publication to be at least ten (10) days before the date set for the hearing.

3. If, pursuant to such hearing, the Board finds that the territory proposed to be annexed will be benefited by the present or contemplated improvements, works or facilities of the Authority, the Board shall adopt a resolution annexing said territory to the Authority.

(e) After territory is added to the Authority, the Board may call an election over the entire Authority for the purpose of determining whether the entire Authority as enlarged shall assume the tax supported bonds then outstanding and those theretofore voted but not yet sold and whether an ad valorem tax shall be levied upon all taxable property within the Authority as enlarged for the payment thereof, unless such proposition had previously been voted at an election held within the territory annexed and became lawfully binding upon the territory annexed. Such election shall be called and held and notice thereof given in the same manner as elections for the issuance of bonds as provided in this Act.

Sec. 6. When the territory of any City is hereafter annexed to the Authority, the governing body of the City shall appoint two (2) directors and the term of one such appointee shall expire on the following April 30 and the term of the other appointee shall expire on the following April
Art. 8280—298 REVISED STATUTES 1292

30 a year later, thereafter the directors shall be appointed as provided in Section 3 of this Act.

Sec. 7. The Authority is empowered to obtain through appropriate hearings an appropriation permit or permits from the Texas Water Commission, as provided in Chapter 1 of Title 128, Revised Civil Statutes of 1925, as amended.

Sec. 8. The Authority is authorized to acquire or construct within or without the boundaries of the Authority a dam or dams and all works, plants and other facilities, including underground water storage facilities, necessary for the purpose of diverting, impounding, storing, treating and transporting water to cities and others for municipal, domestic, industrial, and mining purposes. No dam or other facilities for impounding water shall be constructed until the plans therefor are approved by the Texas Water Commission.

Sec. 9. (a) The Authority is empowered to acquire land within and without the boundaries of the Authority and to construct, lease or otherwise acquire all works, plants and other facilities necessary for the purpose of diverting, further impounding or storing water, treating such water and transporting it to cities and others for municipal, domestic, industrial and mining purposes. The Authority is empowered to sell water within and without the boundaries of the Authority and is furthermore empowered and authorized to acquire by purchase or contract in any county in which a part of the Authority is situated, lands in fee simple title or water rights without surface title and develop and beneficially use such underground water; provided, however, that the Authority shall be limited to a quantity of underground water as may be reasonably necessary and such withdrawal shall not exceed two (2) acre-feet of water per annum for each acre of surface area purchased or water rights otherwise acquired by the Authority overlying the underground water reservoir. Subject to the terms of any deed of trust issued by the Authority, the Authority may sell, trade or otherwise dispose of any real or personal property deemed by the Board not to be needed for Authority purposes.

(b) As a necessary aid to the conservation, control, preservation and distribution of such water for beneficial use, the Authority shall have the power to construct, own and operate sewage gathering, transmission and disposal facilities, to charge for such service, and to make contracts in reference thereto with municipalities and others.

Sec. 10. (a) For the purpose of carrying out any power or authority conferred by this Act (save and except the acquiring of underground water rights) the Authority shall have the right to acquire the fee simple title to land and other property and easements (including land needed for the reservoir and dam and flood easements above the probable high water line around any such reservoirs) within or without the boundaries of the Authority, by condemnation in the manner and with the same power as conferred upon counties of the State of Texas by Title 52, Revised Civil Statutes, as amended, relating to eminent domain. This Authority is hereby declared to be a municipal corporation within the meaning of Article 3268 of said Title 52. The Authority shall not have the right to condemn any property which may be owned by any persons, firms, private corporations or receivers, or trustees thereof, who have the power of eminent domain, except that the Authority shall have the power to condemn an easement. The amount of and character of interest in land, other property and easements thus to be acquired shall be determined by the Board. The Authority shall have the same power as is conferred upon water control and improvement districts by Section 49 of Chapter 25, Acts of the Thirty-ninth Legislature, with reference to making surveys and attending to other business of the Authority.
(b) In the event the Authority, in the exercise of its power of eminent domain or police power, or any other power requires the relocation, raising, lowering, re-routing, or change in grade or alteration in the construction of any roads or highways, railroad, electric transmission, telegraph or telephone lines, conduits, poles, properties or facilities or pipelines, all such relocation, raising, lowering, re-routing, or changes in grade or alteration of construction shall be accomplished at the sole expense of the Authority. The term “sole expense” shall mean the actual cost of such lowering, re-routing or change in grade or alteration of construction in providing comparable replacement without enhancement of such facilities, after deducting therefrom the net salvage value derived from the old facility.

Sec. 11. Any construction contract requiring an expenditure of more than Fifteen Thousand Dollars ($15,000) shall be made after publication of a notice to bidders once each week for two (2) weeks before awarding the contract. Such notice shall be sufficient if it states the time and place when and where the bids will be opened, the general nature of the work to be done, or the material, equipment or supplies to be purchased, and states where and the terms upon which copies of the plans and specifications may be obtained. The publication shall be in a newspaper published in each county in which a portion of the Authority is located and such newspapers shall be designated or approved by the Board.

Sec. 12. (a) For the purpose of carrying out any power or authority conferred by this Act, the Authority is empowered to issue its negotiable bonds to be payable from revenues or taxes or both revenues and taxes of the Authority as are pledged by resolution of the Board.

(b) Such bonds shall be authorized by resolution of the Board and shall be issued in the name of the Authority, signed by the president or vice-president, attested by the secretary and shall bear the seal of the Authority. It is provided, however, that the signatures of the president, the vice-president or of the secretary or of both may be printed or lithographed on the bonds if authorized by the Board and that the seal of the Authority may be impressed on the bonds or may be printed or lithographed thereon. The bonds shall mature serially or otherwise in not to exceed forty (40) years from their date and may be sold at a price and under terms determined by the Board to be the most advantageous reasonably obtainable, provided that the interest cost to the Authority, including the discount, if any, does not exceed six per cent (6%) per annum, and within the discretion of the Board, may be made callable prior to maturity at such times and prices as may be prescribed in the bonds, and made registrable as to principal or as to both principal and interest.

(c) Bonds may be issued in more than one series and from time to time as required for carrying out the purposes of this Act.

(d) The bonds may be secured by a pledge of all or part of the net revenues of the Authority, or by the net revenues of any one or more contracts theretofore or thereafter made or other revenues or income specified by resolution of the Board or in the trust indenture. Any such pledge may reserve the right, under conditions therein specified, to issue additional bonds which will be on a parity with or subordinate to the bonds then being issued.

(e) The Authority is also empowered to issue bonds payable from ad valorem taxes to be levied on all taxable property therein, or to issue bonds secured by and payable from both such taxes and the revenues of the Authority. Where bonds are issued payable wholly or partially from ad valorem taxes, it shall be the duty of the Board to levy a tax sufficient to pay the bonds and the interest thereon as such bonds and interest become due, but the rate of the tax for any year may be fixed after giving con-
sideration to the money received from the pledged revenues which may be
available for payment of principal and interest to the extent and in the
manner permitted by the resolution authorizing the issuance of the bonds.

(f) Where bonds payable wholly from revenues are issued, it shall
be the duty of the Board to fix, and from time to time to revise, the
rates of compensation for water sold and services rendered by the Au-
thority which will be sufficient to pay the expense of operating and
maintaining the facilities of the Authority and to pay the bonds as they
mature and the interest as it accrues and to maintain the reserve and
other funds as provided in the resolution authorizing the bonds. Where
bonds payable partially from revenues are issued it shall be the duty
of the Board to fix, and from time to time to revise, the rates of compen-
sation for water sold and services rendered by the Authority which
will be sufficient to assure compliance with the resolution authorizing
the bonds or the trust indenture securing such bonds.

(g) From the proceeds from the sale of the bonds, the Authority
may set aside an amount for the payment of interest expected to accrue
during construction, a reserve interest and sinking fund and such other
funds as may be provided in the resolution authorizing the bonds or in
the trust indenture. Proceeds from the sale of the bonds may also be
used for the payment of all expenses necessarily incurred in accomplish-
ing the purpose for which this Authority is created, including expenses
of issuing and selling the bonds. The proceeds from the sale of the
bonds and other funds may be invested in such securities as are speci-
fied in the bond resolution or trust indenture.

(h) In the event of a default or a threatened default in the payment
of principal of or interest on bonds payable wholly or partially from
revenues, any court of competent jurisdiction may, upon petition of the
holders of outstanding bonds, appoint a receiver with authority to collect
and receive all income of the Authority except taxes, employ and dis-
charge agents and employees of the Authority, take charge of funds
on hand (except funds received from taxes, unless commingled) and
manage the proprietary affairs of the Authority without consent or
hinderance by the Board. Such receiver may also be authorized to sell
or make contracts for the sale of water or renew such contracts with
the approval of the court appointing him. The court may vest the re-
ceiver with such other powers and duties as the court may find neces-
sary for the protection of the holders of the bonds. The resolution au-
thorizing the issuance of the bonds, or the trust indenture securing
them may limit or qualify the rights of the holders of less than all of
the outstanding bonds payable from the same source to institute or
prosecute litigation affecting the Authority's property or income.

Sec. 13. The Authority is authorized to issue refunding bonds for
the purpose of refunding any outstanding bonds authorized by this Act
and interest thereon. Such refunding bonds may be issued to refund
more than one series of outstanding bonds and combine the pledges for
the outstanding bonds for the security of the refunding bonds, and may
be secured by other or additional revenues and mortgage liens. The
provisions of this Act with reference to the issuance by the Authority
of other bonds, their security, and their approval by the Attorney Gen-
eral and the remedies of the holders shall be applicable to refunding
bonds. Refunding bonds shall be registered by the Comptroller upon
surrender and cancellation of the bonds to be refunded, but in lieu
thereof, the resolution authorizing their issuance may provide that they
shall be sold and the proceeds thereof deposited in the bank where the
original bonds are payable, in which case the refunding bonds may be
issued in an amount sufficient to pay the principal of and the interest on
the original bonds to their option date or maturity date, and the Comp-
controller shall register them without concurrent surrender and cancellation of the original bonds. Such refunding bonds may be issued without an election.

Sec. 14. Any bonds (including refunding bonds) authorized by this Act, not payable wholly from ad valorem taxes, may be additionally secured by a trust indenture under which the Trustee may be a bank having trust powers situated either within or outside of the State of Texas. Such bonds, within the discretion of the Board, may be additionally secured by a deed of trust or mortgage lien upon physical properties of the Authority and all franchises, easements, water rights and appropriation permits, leases and contracts and all rights appurtenant to such properties, vesting in the Trustee power to sell the properties for the payment of indebtedness, power to operate the properties and all other powers and authority for the further security of the bonds. Such trust indenture, regardless of the existence of the deed of trust or mortgage lien on the properties may contain any provisions prescribed by the Board for the security of the bonds and the preservation of the trust estate, and may make provision for amendment or modification thereof and the issuance of bonds to replace lost or mutilated bonds, and may condition the right to expend Authority money or sell Authority property upon approval of a registered professional engineer selected as provided therein, and may make provision for the investment of funds of the Authority. Any purchaser under a sale under the deed of trust lien where one is given, shall be the absolute owner of the properties, facilities and rights so purchased and shall have the right to maintain and operate the same.

Sec. 15. (a) No bonds payable wholly or partially from ad valorem taxes (except refunding bonds) shall be issued unless authorized by an election at which only the Constitutionally qualified electors who reside in the Authority are allowed to vote and unless a majority of votes cast in each city contained in the Authority is in favor of the issuance of the bonds. If a majority of the votes cast in any City contained in the Authority are against the issuance of the bonds, the Board may, in its discretion, adopt a resolution detaching the territory of such City from the Authority. Provided, that after any bonds payable from taxes have been issued by the Authority and while any such bonds are outstanding; no territory shall be detached from the Authority. Bonds not payable wholly or partially from ad valorem taxes may be issued without an election.

(b) Such election may be called by the Board without a petition. The resolution calling the election shall specify the time and places of holding the same, the purpose for which the bonds are to be issued, the maximum amount thereof, the maximum maturity thereof, the form of the ballot, and the presiding judge for each voting place. The presiding judge serving at each voting place shall appoint one assistant judge and at least two clerks to assist in holding such election. Notice of the election shall be given by publishing a substantial copy thereof in one newspaper published in each City contained in the Authority for two consecutive weeks. The first publication shall be at least twenty-one (21) days prior to the election. In any City in which no newspaper is published, notice shall be given by posting a copy of the resolution in three public places in said City at least twenty-one (21) days prior to the date of the election.

(c) The returns of the election shall be made to and canvassed by the Board.

(d) The general laws relating to elections shall be applicable to elections held under this Section of this Act except as otherwise provided in this Act.
Sec. 16. After any bonds (including refunding bonds) are authorized by the Authority, such bonds and the record relating to their issuance shall be submitted to the Attorney General for his examination as to the validity thereof. If such bonds recite that they are secured by a pledge of the proceeds of a contract theretofore made between the Authority and any City or other governmental agency, authority or district, a copy of such contract and the proceedings of the City or other governmental agency, authority or district authorizing such contract shall also be submitted to the Attorney General. If he finds that such bonds have been authorized and such contracts have been made in accordance with the Constitution and Laws of the State of Texas he shall approve the bonds and such contracts and the bonds then shall be registered by the Comptroller of Public Accounts. Thereafter the bonds, and the contracts, if any, shall be valid and binding and shall be incontestable for any cause.

Sec. 17. (a) The Authority is authorized to enter into contracts with Cities and others for supplying water to them. The Authority is also authorized to contract with any City for the rental or leasing of, or for the operation of, the water production, water supply, water filtration or purification and water supply facilities of such City upon such consideration as the Authority and the City may agree. Any such contract may be upon such terms and for such time as the parties may agree, and it may provide that it shall continue in effect until bonds specified therein and refunding bonds issued in lieu of such bonds are paid.

(b) If an election is held in any City then contained in the Authority on the question of whether the governing body of such City shall be authorized to make a water supply contract with the Authority and the result of such election is that said governing body shall not be authorized to make such a contract with the Authority, the Board of Directors of the Authority may, in its discretion, adopt a resolution detaching such City from the Authority. Provided, that after any bonds payable from taxes have been issued by the Authority and while any such bonds are outstanding, no territory shall be detached from the Authority.

(c) In addition to selling its bonds to the Texas Water Development Board and securing loans from said Board, the Authority may enter into a contract or contracts with said Board under which that Board or the State of Texas will own a portion of the water storage facilities, as provided in Chapter 49, Acts of the Fifty-eighth Legislature, 1963, in a reservoir or reservoirs to be constructed by the Authority, and may include in such contract or contracts the obligation to purchase such storage facilities from the State and a provision to accumulate a fund for such purpose by fixing and maintaining adequate rates and charges to be paid by Cities heretofore and hereafter contracting to buy water from the Authority.

Sec. 18. (a) The Board shall designate one or more banks within the Authority to serve as depository for the funds of the Authority. All funds of the Authority shall be deposited in such depository bank or banks except that bond proceeds and funds pledged to pay bonds may, to the extent provided in the indenture, be deposited with the trustee bank named in the trust indenture, and except that funds shall be remitted to the bank of payment for the payment of principal of and interest on bonds. To the extent that funds in the depository banks and the trustee bank are not insured by the Federal Deposit Insurance Corporation they shall be secured in the manner provided by law for the security of county funds.

(b) Before designating a depository bank or banks, the Board shall issue a notice stating the time and the place when and where the Board
will meet for such purpose and inviting the banks in the Authority to submit applications to be designated depositories. The term of service for depositories shall be prescribed by the Board. Such notice shall be mailed to each bank in the Authority.

(c) At the time mentioned in the notice, the Board shall consider the applications and the management and condition of the banks filing them, and shall designate as depositories the bank or banks which offer the most favorable terms and conditions for the handling of the funds of the Authority and which the Board finds have proper management and are in condition to warrant handling of Authority funds. Membership on the Board of an officer or director of a bank shall not disqualify such bank from being designated as depository.

(d) If no applications are received by the time stated in the notice, the Board shall designate some bank or banks within or without the Authority upon such terms and conditions as it may find advantageous to the Authority.

Sec. 19. The Authority is authorized to acquire water appropriation permits from owners of permits. The Authority is hereby empowered to lease or acquire rights in and to storage and storage capacity in any reservoir constructed or to be constructed by any person, firm, corporation or public agency or from the United States Government or any of its agencies.

Sec. 20. All bonds of the Authority shall be and are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, savings and loan associations, insurance companies, fiduciaries, trustees, guardians, and for the sinking fund of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas. Such bonds shall be eligible to secure the deposit of any and all public funds of the State of Texas, and any and all public funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas; and such bonds shall be lawful and sufficient security for said deposits to the extent of their value, when accompanied by all unmatured coupons appurtenant thereto.

Sec. 21. The accomplishment of the purposes stated in this Act is for the benefit of the people of this State and for the improvement of their properties and industries, and the Authority, in carrying out the purposes of this Act, will be performing an essential public function under the Constitution. The Authority shall not be required to pay any tax or assessment on the project or any part thereof, and the bonds issued hereunder and their transfer and the income therefrom, including the profits made on the sale thereof, shall at all times be free from taxation within this State.

Sec. 22. (a) The tax rolls of the Cities situated within the Authority, and within territory hereafter annexed, are hereby adopted and shall constitute the tax rolls of the Authority until assessment and tax rolls shall be made by the Authority.

(b) Prior to the sale and delivery of Authority bonds which are payable wholly or partially from ad valorem taxes the Board shall appoint a tax assessor and collector and a board of equalization and cause taxes to be assessed, valuations to be equalized, and tax rolls to be prepared. General laws applicable to water control and improvement districts with reference to tax assessors and collectors, boards of equalization, tax rolls, tax liens and the levy and collection of taxes and delinquent taxes shall be applicable to this Authority, except that the board of equalization to be appointed each year by the Board of Directors shall consist of one member residing in each City then contained in the Au-
Art. 8280-298  REVISED STATUTES  1298

authority. The Board of Directors is also authorized to make contracts with any one or more Cities in the Authority for the collection of Authority taxes. Provided, that any taxes levied by the Authority shall be ad valorem.

Sec. 23. (a) The Board of Directors of the Authority shall have the power to adopt and promulgate all reasonable regulations to secure, maintain and preserve the potable and sanitary condition of all water in and to flow into any reservoir owned by the Authority to prevent waste of water or the unauthorized use thereof, to regulate residence, hunting, fishing, boating and camping, and all recreational and business privileges, along or around any such reservoir or any body of land, or easement owned by the Authority.

(b) The Authority may prescribe reasonable penalties for the breach of any regulation of the Authority, which penalties shall not exceed fines of more than Two Hundred Dollars ($200), or imprisonment for not more than thirty (30) days, or may provide both such fine and such imprisonment. The penalties hereby authorized shall be in addition to any other penalties provided by the laws of Texas and may be enforced by complaints filed in the appropriate court of jurisdiction, provided, however, that no rule or regulation which provides a penalty for the violation thereof shall be in effect, as to enforcement of the penalty, until five (5) days next after the Authority may have caused a substantive statement of the particular rule or regulation and the penalty for the violation thereof to be published once a week for two consecutive weeks in the county or counties in which such reservoir is situated. The substantive statement so to be published shall be as condensed as is possible to afford an intelligent direction of the mind to the act forbidden by the rule or regulation; one notice may embrace any number of regulations; there must be embraced in the notice advice that breach of the particular regulation, or regulations, will subject the violator to the infliction of a penalty and there also shall be included in the notice advice that breach of the particular regulation, or regulations, will subject the violator to the infliction of a penalty and the penalty for the violation thereof to be published once a week for two consecutive weeks in the county or counties in which such reservoir is situated. The substantive statement so to be published shall be as condensed as is possible to afford an intelligent direction of the mind to the act forbidden by the rule or regulation; one notice may embrace any number of regulations; there must be embraced in the notice advice that breach of the particular regulation, or regulations, will subject the violator to the infliction of a penalty and there also shall be included in the notice advice that the full text of the regulations sought to be enforced is on file in the principal office of the Authority, where the same may be read by any interested person. Five days after the second publication of the notice hereby required, the advertised regulation shall be in effect, and ignorance of any such regulation shall not constitute a defense to a prosecution for the enforcement of a penalty and, the rules and regulations authorized hereby, after the required publication, shall judicially be known to the courts and shall be considered of a nature like unto that of valid penal ordinance of a City of the State.

(c) Any duly constituted peace officer shall have the power to make arrests when necessary to prevent or abate the commission of any offense against the regulations of the Authority, and against the laws of the State of Texas, when any such offense or threatened offense, occurs upon any land, water, or easement owned or controlled by the Authority, or to make such arrest at any place, in case of an offense involving injury or detriment to any property owned or controlled by such Authority.

Sec. 24. The Authority is authorized to establish or otherwise provide for public parks and recreation facilities, and to acquire land for such purposes within or without the Authority, provided, however, that no money received from taxation or from bonds payable wholly or partially from taxation shall be used for such purpose.

Sec. 25. It further is expressly provided that the Authority shall have the power to employ and constitute its own peace officers, and any such officer or any other duly constituted peace officer shall have the power to make arrests when necessary to prevent or abate the com-

against the laws of the State of Texas, when any such offense or

The officers so appointed shall serve for a term of two years and until their successors have been appointed; except that the assistant secretary and the as-
Assistant treasurer, if such officers are appointed, shall hold office at the pleasure of the Board. A quorum at all meetings of the Board of Directors shall consist of not less than five members. All regular and special meetings of the Board of Directors shall be held as provided for by the bylaws and notice of all such meetings shall be given as required by the bylaws.

Sec. 8. Nothing in this Act shall be construed to authorize the levy or collection of ad valorem taxes upon any property, real, personal, or mixed, lying within the District.

Sec. 9. The Board shall cause to be kept complete and accurate accounts conforming to approved methods of bookkeeping. Said accounts and all contracts, documents, and records existing shall be kept at its principal office, all of which shall be open to public inspection at all reasonable times. The Board shall cause to be made and completed within 90 days after the end of each calendar year or fiscal year, if the fiscal year shall be different from the calendar year, an audit of the books and accounts and financial records of the District for each year; such audit to be made by an individual certified public accountant or firm of certified public accountants. Copies of such audit, certified by said accountant or accountants, shall be filed with the county clerks of the counties in the District, and at the principal office of the District, and shall be open to public inspection at all reasonable times. The money of the District shall be distributed only on checks, vouchers, drafts, orders, or other written instruments signed by such persons as shall be authorized to sign the same by a resolution of the Board.

Sec. 10. All officers, agents, and employees of the District who shall be charged with the collection, custody, or payment of any money of the District shall give bond in the amount of $5,000, conditioned on the faithful performance of their duties and accounting for all money and properties of the District coming into their respective hands, each of which bonds shall be in the form and manner prescribed by the Board and with a surety authorized to do business in the State and approved by the Board. The premiums on such bonds shall be paid by the District and charged as operating expenses.

Sec. 11. The Sabine River Authority of Texas heretofore created by the State, with powers provided in Section 59, Article XVI, Constitution of the State of Texas, shall have the authority, power, and right to co-ordinate its plans with the District herein created, and shall have full authority, power, and right to enter into joint undertakings for the purposes for which the District is created; provided, however, that all such acts must be approved by a majority vote of the Board of Directors of each District involved and by the Texas Water Commission or its successor. By this provision, the co-ordination of navigational planning functions and the joint undertaking of projects at the local and watershed levels are hereby encouraged as necessary for sound and orderly watershed development.

Sec. 12. (a) For the purpose of providing money for any of the purposes provided by this Act or other laws relating to navigation districts, the Board shall have the power from time to time to

(1) issue bonds for and on behalf of the District, which bonds may be secured solely by a pledge of and payable from the net revenues derived from the operation of all or a designated part of the improvements and facilities of the District then in existence or to be constructed or acquired, with the duty of the Board to charge and collect fees, tolls, and charges, so long as the bonds are outstanding, sufficient to pay all maintenance and operation expenses of the improvements and facilities (the income of which is pledged), the interest on such bonds as it accrues, the principal of such bonds as it matures, and to make any and all other payments as may be prescribed in the bond order or resolution;
For Annotations and Historical Notes, see V.A.T.S.

(2) issue bonds secured by a pledge of all or a part of the proceeds of any one or more contracts theretofore or thereafter made or other revenues or income specified by resolution of the Board.

(b) "Net revenues" as used herein shall mean the gross revenues derived from the operation of those improvements and facilities of the District the income of which is pledged to the payment of the bonds, less the reasonable expense of maintaining and operating said improvements and facilities, and said maintenance and operation expenses shall include, among other things, necessary repair, upkeep, and insurance of said improvements and facilities.

(c) In the resolution or order adopted by the Board authorizing the issuance of bonds payable from net revenues or from the proceeds of a contract or contracts, the Board may provide for the flow of funds, the establishment and maintenance of an interest and sinking fund, reserve funds, and other funds, and may make such additional covenants with respect to the bonds and the pledged revenues and the operation, maintenance, and upkeep of those improvements and facilities (the income of which is pledged), including provisions for the leasing of all or a part of said improvements and facilities and the use or pledge of money derived from leases thereof, as it may deem appropriate. Said resolution or order may also prohibit the further issuance of bonds or other obligations payable from the pledged net revenues, or may reserve the right to issue additional bonds to be secured by a pledge of and payable from said net revenues on a parity with, or subordinate to, the lien and pledge in support of the bonds being issued, subject to such conditions as are set forth in said resolution or order. Such resolution or order may contain such other provisions and covenants, as the Board shall determine, not prohibited by the Constitution or by this Act, and the Board may adopt and cause to be executed any other proceedings or instruments necessary and/or convenient in the issuance of said bonds.

(d) Bonds payable solely from net revenues may be issued by resolution or order of the Board and no election therefor shall be necessary.

(e) All bonds of the District shall be authorized by resolution or order of the Board, shall be issued in the name of the District, shall be signed by the chairman and attested by the secretary, and shall have the seal of the District impressed thereon; provided, that the resolution or order authorizing such bonds may provide for the bonds to be signed by the facsimile signatures of said chairman and secretary, either or both, and for the seal of the District on the bonds to be a printed facsimile seal of the District; and provided further that the interest coupons, if any, attached to said bonds may also be executed by the facsimile signatures of said officers. Such bonds shall mature serially or otherwise in not to exceed 40 years from their date or dates, and may be sold at a price and under terms determined by the Board to be the most advantageous reasonably obtainable; provided, that the interest cost to the District may not exceed six per cent per annum calculated to the absolute maturity of the bonds, and within the discretion of the Board such bonds may be callable prior to maturity at such time or times and at such price or prices as may be prescribed in the resolution or order authorizing the bonds. Such bonds may be made registrable as to principal, or as to both principal and interest.

(f) After such bonds have been authorized by the District, such bonds and the record relating to their issuance shall be submitted to the Attorney General of the State of Texas for his examination as to the validity thereof, and after the Attorney General has approved the same, they shall be registered by the Comptroller of Public Accounts of the State of Texas. When such bonds have been approved by the Attorney General and registered by the Comptroller, they shall thereafter be incontestable. When

any bonds recite that they are secured partially or otherwise by a pledge of the proceeds of a contract or contracts made between the District and another party or parties (public agencies or otherwise), a copy of such contract or contracts and of the proceedings authorizing the same shall be submitted to the Attorney General along with the bond record, and the approval by the Attorney General of the bonds shall constitute an approval of such contract or contracts, and thereafter the contract or contracts shall be incontestable except for fraud or palpable error.

(g) From the proceeds of the sale of any bonds of the District, the Board may appropriate or set aside amounts for the payment of interest expected to accrue during the period of construction of the improvements or facilities, for reserve funds, and for expenses incurred and to be incurred in the issuance, sale, and delivery of bonds.

(h) The Board shall have the power to borrow money for current expenses and to evidence same by notes or warrants payable not later than the close of any calendar year during which loans are made, provided that all of such notes or warrants shall never exceed the anticipated revenue and may bear, not to exceed, six per cent interest.

Sec. 13. (a) The Board shall have the power to issue refunding bonds of the District for the purpose of refunding any outstanding bonds of the District and accrued interest thereon. Such refunding bonds may be issued to refund more than one series or issue of such outstanding bonds and combine pledges for the outstanding bonds for the security of the refunding bonds, and such refunding bonds may be secured by other and additional revenues; provided, that such refunding will not impair the contract rights of the holders of any of the outstanding bonds which are not to be refunded.

(b) Refunding bonds shall be authorized by resolution or order of the Board, and shall be executed and shall mature as is provided in this Act for original bonds. They shall be approved by the Attorney General as in the case of original bonds, and shall be registered by the Comptroller upon surrender and cancellation of the bonds to be refunded, but in lieu thereof, the resolution or order authorizing their issuance may provide that they shall be sold and the proceeds thereof deposited in the place or places where the original bonds are payable, in which case the refunding bonds may be issued in an amount sufficient to pay the interest on the original bonds to their option or maturity date, and the Comptroller shall register them without the surrender and cancellation of the original bonds. All such refunding bonds, after they have been approved by the Attorney General and registered by the Comptroller, shall be incontestable.

Sec. 14. All bonds issued under this Act shall be and are hereby declared to be, and to have all the qualifications of, negotiable instruments under the Negotiable Instruments Law of the State, and all such bonds shall be and are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, insurance companies, fiduciaries, trustees, and for the sinking funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State. Such bonds shall be eligible to secure the deposit of any and all public funds of the State, and any and all public funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State; and such bonds shall be lawful and sufficient security for said deposits to the extent of their face value when accompanied by all unmatured coupons appurtenant thereto.

Sec. 15. (a) The District shall apply to and obtain from the Texas Water Commission such permits as it may be required to do by the General Law.
(b) The District shall fully comply with relevant interstate river compacts and the creation of the District shall not in any way affect or alter such compacts.

(c) Prior to the issuance of any revenue bond or bonds, the proceeds of which are to be used in payment of any of the construction provided for or authorized by this Act, the District shall submit to the Texas Water Commission or its successor plans and specifications for such construction, and obtain the approval of the commission.

(d) This Act and all the terms and provisions hereof shall be liberally construed to effectuate the purposes set forth herein. Acts 1965, 59th Leg., p. 663, ch. 319.

Should any proposition so submitted be defeated, another election or elections may be called and held after the expiration of 180 days within the District to vote upon the same or similar proposition at such time as the board of directors may determine. Bond elections may be called by the board of directors without a petition. The board may, by agreement with Three Rivers, use city election judges, clerks, and material. The Board must publish the summary one time a week for two weeks.

(b) The rule or amendment takes effect on the fourteenth day after the day the summary is published the second time, unless

(1) the board specifies that it takes effect at a later time; or

(2) the board rescinds the order adopting the rule or amendment.

(c) The board may rescind the order for (but it may not change) a rule or amendment from the time the summary is first published until after the rule or amendment takes effect. After the rule or amendment takes effect, the board may change or repeal it only by adopting a rule repealing or amending it.

(d) If the board rescinds an order for a rule or amendment, it may adopt a new rule or amendment at any time, even though the new rule or amendment is on the same subject as the rule or amendment rescinded.

Declaratory judgment on validity of rules

Sec. 12. (a) The validity of a rule adopted under this Act may be determined upon petition for a declaratory judgment on the validity of the rule addressed to a district court sitting in the Plateau Underground Water Conservation and Supply District, when it appears that the rule, or its threatened application, interferes with or impairs, or threatens to interfere with or impair, the legal rights or privileges of the petitioner. The board shall be made a party to the proceeding. The declaratory judgment may be rendered whether or not the petitioner has first requested the board to pass upon the validity of the rule in question.

(b) The court shall declare the rule invalid if it finds that the rule violates constitutional provisions, exceeds the statutory authority of the board, or was adopted without complying with Section 11 of this Act.

(1) preside over the hearing;

(2) rule on the admissibility of evidence;

(3) prepare the record, decision, and order of the board and the notices for the hearing;

(4) assist the board in all legal matters connected with the hearing.

(b) The hearing officer may vote only to break a tie.

(c) If a member of the board is an attorney, the board may designate that he is the hearing officer, rather than employ another attorney to be the hearing officer. In that case, Subsection (b) of this Section does not apply.
Notice, hearing, records

Sec. 15. (a) All parties shall be afforded an opportunity for hearing after reasonable notice. The notice shall state the time, place, and issues involved, but if, because of the nature of the proceeding, the issues cannot be fully stated in advance of the hearing, or if subsequent amendment of the issues is necessary, the issues shall be fully stated as soon as practicable, and opportunity shall be afforded all parties to present evidence and argument with respect to the issues.

(b) The board shall prepare an official record, including testimony and exhibits, in each contested case, and shall prepare a mechanical recording of the proceedings. It is not necessary to transcribe the recording unless the transcription is requested for purposes of rehearing or court review.

(c) Informal disposition may also be made of any contested case by stipulation, agreed settlement, consent order, or default.

(d) The board shall adopt appropriate rules of procedure for notice and hearing in contested cases.

Rules of evidence

Sec. 16. (a) In contested cases, the board may admit and give probative effect to evidence which possesses probative value commonly accepted by reasonably prudent men in the conduct of their affairs. The board shall give effect to the rules of privilege recognized by law. It may exclude incompetent, irrelevant, immaterial, and unduly repetitious evidence.

(b) All evidence, including those of the board's records and documents it desires to use, shall be offered and made a part of the record in the case, and no other factual information or evidence shall be considered in the determination of the case. Documentary evidence may be received in the form of copies or excerpts, or by incorporation by reference.

(c) Every party has the right to cross-examine witnesses who testify, and has the right to submit rebuttal evidence.

Official notice

Sec. 17. The board may take notice of judicially cognizable facts and in addition may take notice of general, technical, and scientific facts within its specialized knowledge. Parties shall be notified either before or during hearing, or by reference in preliminary reports or otherwise, of the material so noticed, and they shall be afforded an opportunity to contest the facts so noticed. The board may use its experience, technical competence, and specialized knowledge in evaluating the evidence presented to it.

Examination of evidence by board

Sec. 18. When in a contested case a majority of the directors of the board who are to render the final decision have not heard or read the evidence, the decision, if adverse to the party to the proceeding other than the board itself, shall not be made until a proposal for decision, including findings of fact and conclusions of law, has been served upon the parties and an opportunity has been afforded to each party adversely affected to file exceptions and present argument to a majority of the directors who are to render the decision, who shall personally consider the whole record or as much of it as may be cited by the parties.

Decisions and orders

Sec. 19. Every decision and order adverse to a party to the proceeding, rendered by the board in a contested case, shall be in writing or stated
in the record and shall be accompanied by findings of fact and conclusions of law for each contested issue. Parties to the proceeding shall be notified of the decision and order in person or by mail. A copy of the decision and order and accompanying findings and conclusions shall be delivered or mailed upon request to each party or to his attorney of record.

**Judicial review of contested cases**

Sec. 20. (a) A party aggrieved by a final decision in a contested case, whether the decision is affirmative or negative in form, is entitled to judicial review of the decision.

(b) Review shall be instituted by filing a written statement complaining of the board's decision in a district court within the boundaries of the district within 30 days after service of the final decision of the board. The statement shall specify concisely each finding, conclusion, or action of the board with which the aggrieved party disagrees. Copies of the statement shall be served upon the board and all other parties of record. The court, in its discretion, may permit other interested persons to intervene.

(c) Filing the petition does not stay enforcement of the board's decision; but the board may do so, or the reviewing court may order a stay upon such terms as it deems proper.

(d) Within 30 days after service of the statement or within such further time as the court may allow, the board shall transmit to the reviewing court the original or a certified copy of the entire record of the proceeding under review; but, by stipulation of all parties to the review proceeding, the record may be shortened. A party unreasonably refusing to stipulate to limit the record may be taxed by the court for the additional costs caused by his refusal. The court may require or permit subsequent corrections or additions to the record when deemed desirable.

(e) If, before the date set for hearing, application is made to the court for leave to present additional evidence on the issues in the case, and it is shown to the satisfaction of the court that the additional evidence is material and that there was good reason for failing to present it in the proceeding before the Board, the court may order that the additional evidence be taken before the board upon such conditions as the court deems proper. The board may add to or modify its findings, conclusions, and decision in the light of the additional evidence and shall file with the court, as part of the record, the additional evidence, together with any additions or modifications to its findings, conclusions, or decision.

(f) The review shall be conducted by the court and shall be confined to the record, except that in cases of alleged irregularities in procedure before the board, not shown in the record, testimony on the alleged irregularities may be taken in court. The court shall, on request, hear oral argument and receive written briefs.

(g) The court may affirm the decision of the board or remand the case for further proceedings; or it may reverse or modify the decision if the substantial rights of a party may have been prejudiced because the board's findings, inferences, conclusions, or decisions are

1. in violation of constitutional provisions;
2. in excess of the statutory authority or jurisdiction of the board;
3. made upon unlawful procedure;
4. affected by other error of law;
5. unsupported by competent, material, and substantial evidence in view of the entire record as submitted; or
6. arbitrary or capricious.

In addition to the powers and purposes authorized by the General Law pertaining to water control and improvement districts, the District may issue any kind of bonds or refunding bonds for any or all of such purposes herein provided and provide and make payment therefor and for necessary expenses in connection therewith.

Sec. 18. Any kind of bonds or refunding bonds may be sold at a price and under terms determined by the Board of Directors of the District, and may be sold at a private or public sale, but none of said bonds or refunding bonds shall be sold for less than ninety-five per cent of their face value. Sec. 2. The Legislature hereby declares that if any mistake is made in copying the field notes in the legislative process, or otherwise a mistake is found to have occurred in the field notes, it shall in no way or manner affect the organization, existence, or validity of said District, or its right to issue bonds or refunding bonds, or to pay the principal and interest thereon, or the right to assess, levy, and collect taxes, or in any other manner affect the legality or operation of the District or its governing body.
Sec. 3. The District shall have and exercise, and is hereby vested with, all of the rights, powers, privileges, and duties conferred and enacted, applicable to water control and improvement districts created under authority of Section 59, Article XVI, Constitution of the State of Texas, but to the extent that the provisions of such General Laws may be in conflict or inconsistent with the provisions of this Act, the provisions of this Act shall prevail. All such General Laws are hereby incorporated by reference with the same effect as if incorporated in full in this Act. Without in any way limiting the generality of the foregoing, it is expressly provided the District shall have and exercise, and is hereby vested with, all of the rights, powers, privileges, and duties conferred and imposed by Chapter 3A, Title 128, Revised Civil Statutes of Texas, 1925, together with all amendments thereof and additions thereto, including all powers and authority relating to sanitary sewer systems and the issuance of bonds therefor as authorized by and provided in said Chapter, including the power and authority to issue tax bonds, revenue bonds or tax-revenue bonds as authorized by and provided in Section 90a, Chapter 25, General Laws, Acts of the 39th Legislature, Regular Session, 1925, as added and amended (Article 7880—90a, Vernon’s Texas Civil Statutes). Since such District will, upon the effective date of this Act, be located entirely within an incorporated city or town, it is expressly provided that the provisions of Chapter 128, Acts of the 50th Legislature, Regular Session, 1947, as amended, shall have no application to this District unless and until the governing body of said incorporated city or town adopts an ordinance making the provisions of said Chapter 128, Acts of the 50th Legislature, Regular Session, 1947, as amended, applicable to such city or town and the District; and, upon the adoption of such an ordinance by a vote of not less than two-thirds of the entire membership of such governing body, the provisions of said Chapter 128, Acts of the 50th Legislature, Regular Session, 1947, as amended, shall thereafter be applicable to such city or town and said District. Said District shall have the power to make, construct, or otherwise acquire improvements either within or without the boundaries thereof necessary or convenient to carry out the powers and authority granted by this Act and said General Laws; provided, however, that the exercise of the power of eminent domain shall not extend beyond the boundaries of the District. The powers of its Board of Directors shall include, but not be limited to, the right to enter into contracts on behalf of said District for the purchase and sale, or either, of water for such periods of time, not exceeding 40 years, and on such terms and conditions as its Board of Directors may deem desirable. If the District in the exercise of the power of eminent domain or power of relocation, or any other power granted hereunder, makes necessary the relocation, raising, re-routing, or changing the grade of, or altering the construction of, any highway, railroad, electric transmission line, telephone or telegraph properties and facilities, or pipeline, all such necessary relocation, raising, re-routing, changing of grade or alteration of construction shall be accomplished at the sole expense of the District. The term “sole expense” shall mean the actual cost of such relocation, raising, lowering, re-routing, or change in grade or alteration of construction in providing comparable replacement without enhancement of such facilities after deducting therefrom the net salvage value derived from the old facility.

Sec. 4. The management and control of the District is hereby vested in a Board of five Directors which shall have all of the powers and authority and duties conferred and imposed upon boards of directors of water control and improvement districts organized under the provisions of Chapter 3A, Title 128, Revised Civil Statutes of Texas, 1925, together with all amendments thereof and additions thereto. The mem-
bers of the first Board of Directors shall be Robert L. Moody, Mrs. Agnes Connolly, Archie Alexander, Wesley Alexander, and John McCann. Said members shall become Directors immediately after this Act becomes effective, and said first Board of Directors shall meet and organize as soon as practicable after the effective date of this Act, and shall file their official bonds. If any of the aforementioned members of said first Board of Directors shall die, become incapacitated, or otherwise not qualify to assume their duties under this Act, the remaining members of said Board of Directors shall appoint his or their successors. With the exception of said first Board of Directors, the Board of Directors shall be selected as provided by the General Laws for water control and improvement districts. The first election of Directors of such District shall be held on the second Tuesday in January, 1967, and in accordance with Section 37, Chapter 25, General Laws, Acts of the 39th Legislature, Regular Session, 1925, as amended (Article 7880—37, Vernon's Texas Civil Statutes). Thereafter, Directors of the District shall be chosen, and elections for Directors shall be held, in accordance with the provisions of the General Laws relating to water control and improvement districts.

Sec. 5. Land may be excluded from said District in the manner now provided by Chapter 3A, Title 128, Revised Civil Statutes of Texas, 1925, as amended. Land may be added to the District only by written request of an adjacent, or contiguous, landowner or landowners; and no land may be added without the consent of the owner thereof. No land may be added which is not adjacent or contiguous to the District when added. Said District may be dissolved by its Board of Directors in accordance with the provisions of Section 77b, Chapter 25, General Laws, Acts of the 39th Legislature, Regular Session, 1925 (Article 7880—77b, Vernon's Civil Statutes).

Sec. 6. The bonds of the District shall be and are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, savings and loan associations, insurance companies, fiduciaries, trustees, guardians, and for the sinking funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State. Such bonds shall be eligible to secure the deposit of any and all public funds of the State, and any and all public funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State, and such bonds shall be lawful and sufficient security for said deposits to the extent of their value, when accompanied by all unmatured coupons appurtenant thereto. Said bonds may be in the denomination of $1,000 or in multiples thereof, and until such time as the bond proceeds are needed to carry out the bond purpose, such proceeds may be invested in direct obligations of the United States of America or may be placed on time deposit, either or both.

Sec. 7. As soon as practicable after the qualification of the first Board of Directors of said District, said Board shall by resolution designate one or more banks within or without the District to serve as the District's depository, and all funds of said District shall be secured in the manner now provided for the security of county funds. Such bank or banks shall serve for a period of two years and until a successor has been selected.

Sec. 8. It is hereby found and determined that all of the lands and other property included within the District are, and will be, benefited by the creation of the District and by the improvements that the District will purchase, construct, or otherwise acquire, and that the District is created to serve a public use and benefit. It shall not be necessary for the Board of Directors to call or hold a hearing on the exclusion of land or other property from the District; provided, however, that
the Board of Directors shall hold such hearing upon the written request of any land or other property owner within the District filed with the Secretary of the Board prior to the calling of the first bond election for the District. Nothing in this Section shall be construed to prevent the Board on its own motion from calling and holding an exclusion hearing or hearings pursuant to the provisions of the General Law. Upon the adoption of this Act, said District shall be a fully created and established water control and improvement district. The ad valorem basis or plan of taxation shall be used by said District, and it shall not be necessary for the Board of Directors to hold a hearing on the adoption of a plan of taxation.

Sec. 9. The Legislature hereby exercises the authority conferred upon it by Section 59, Article XVI, Constitution of the State of Texas, and declares that the District created by this Act is essential to the accomplishment of the purposes of said constitutional provisions; finds that all of the land and other property included therein are, and will be, benefited thereby and by the improvements that the District will purchase, construct, or otherwise acquire; and declares the District to be a governmental agency, a body politic and corporate, and a municipal corporation.

Sec. 10. It is determined and found that a proper and legal notice of the intention to introduce this Act, setting forth the general substance of this Act, has been published at least 30 days and not more than 90 days prior to the introduction of this Act in the Legislature, in a newspaper having general circulation in Galveston County, Texas; that a copy of such notice and a copy of this Act have been delivered to the Governor of Texas who has submitted such notice and Act to the Texas Water Commission, and said Texas Water Commission has filed its recommendation as to such Act with the Governor, Lieutenant Governor and Speaker of the House of Representatives of Texas within 30 days from the date such notice and Act were received by the Texas Water Commission; and that all the requirements and provisions of Section 59(d), Article XVI, Constitution of the State of Texas, have been fulfilled and accomplished as therein provided. Acts 1965, 59th Leg., p. 1071, ch. 519.

Effective Aug. 30, 1965, 90 days after date of adjournment.

The Authority shall not change its area or boundaries except by further enactment of the Legislature.

Sec. 4. It is determined, and the Legislature hereby finds, that the boundaries of said Authority form a closure, and if any mistake is made in copying the field notes in the legislative process, or otherwise a mistake is found to have occurred in the field notes, it shall in no way or manner affect the organization, existence or validity of said Authority, or the right of the Authority to issue bonds or refunding bonds, or to pay the principal and interest thereon, or in any other manner affect the legality or operation of the Authority or its governing body.

Sec. 5. Subject to the specific limitations hereafter set out, the Authority shall have and exercise and is hereby vested with, all of the rights, powers and privileges, authorities and functions conferred and imposed by the General Laws of this State now in force and hereafter enacted, applicable to water control and improvement districts created under the authority of Article 16, Section 59, of the Constitution of Texas, but to the extent that the provisions of any such General Laws may be in conflict with or inconsistent with the provisions of this Act, the provisions in this Act shall prevail. All such General Laws are hereby adopted and incorporated by reference with the same effect as if incorporated in full in this Act. The Authority shall not,
within the corporate limits of any city, including cities operating under a Charter authorized by Special Act of the Legislature, duplicate, perform or provide any function, service or facility that such city is authorized to perform or provide, or is performing or providing, without the consent in writing of the governing body of such city.

Sec. 6. The Board of Directors shall not call a confirmation election or a hearing on the exclusion of lands and other property from the Authority, or a hearing on the adoption of a plan of taxation. It is specifically provided that the Authority shall not have the power to impose, levy, assess, or collect any taxes.

Sec. 7. The Authority is specifically granted the right, power and authority to purchase and construct, or purchase or construct, or otherwise plan, acquire and accomplish by any and all practical means sanitary sewer systems, and any and all works, facilities, plants, equipment, and appliances in any and all manner incident to, helpful or necessary to the collection, transportation, processing, disposal, and control of all domestic, industrial, or communal wastes, whether fluids, solids, or composites, and to make any and all necessary purchases, constructions, improvements, extensions, additions and repairs thereto, and to purchase or acquire by eminent domain all necessary land, right of way, easements, sites, equipment, buildings, plants, structures and facilities therefor and to operate and maintain the same, and to sell its services and by-products, and to fix rates therefor, and the Authority may exercise any of the rights, powers, and authorities granted by this Act within the boundaries of the Authority; and the Authority may issue its bonds (whether funding or refunding) for such purposes and provide and make payment therefor and for necessary expenses in connection therewith; and subject to the limitations contained in this Section and to the further limitation provided in the next preceding Section relating to taxes, the Authority shall have and exercise and is hereby vested with, all of the rights, powers, privileges, authority and functions conferred and imposed by the General Laws of this State now in force or hereafter enacted, applicable to water control and improvement districts created under the Authority of Article 16, Section 59, of the Constitution of Texas, and such General Laws are hereby adopted and incorporated by reference with the same effect as if incorporated in full in this Act.

Notwithstanding any other provision hereof, Authority shall not use nor acquire by eminent domain within the boundaries of the Authority only any public properties (including but not limited to public streets, rights of way, easements, alleys or other properties) within the corporate limits of any city, without first having obtained the consent of the governing body of such city, and upon such terms and conditions as such city may require; provided, however, that the consent of such city shall not be unreasonably withheld.

Sec. 8. (a) All powers of the Authority shall be exercised by a Board of Directors (sometimes called the "Board").

(b) The Board shall consist of fifteen directors, to be divided into Positions 1 through 15, inclusive. The initial Board shall be appointed by the Governor with the advice and consent of the Senate, and the Governor, at the time of the initial appointments, shall designate the position (by number) to be held by each director.

(c) The term of each director shall be for two years and until his successor shall have been elected and qualified, except that of the directors first appointed, Positions 1 through 8 shall serve for a term ending May 31, 1966; and Positions 9 through 15 shall serve for a term ending May 31, 1967. The Board of Directors shall call and hold
an election pursuant to law at a date to be selected by the Board, but not later than May 15, 1966, and each year thereafter not later than May 16th, for the respective positions becoming vacant as set forth herein. Such elections shall be held in compliance with the Texas Election Code and notice of election shall be published at least one time in a newspaper of general circulation in Harris County, Texas, at least thirty days prior to each such election.

(d) The Board of Directors shall also have the power and authority to create an "Advisory Board," composed of representatives of contracting parties, and various governmental agencies of the United States of America, the State of Texas, and municipal corporations. Members of such Advisory Board shall have such privileges and responsibilities as may be prescribed by the Board of Directors.

(e) No person shall be qualified to serve as a director unless he is a qualified voter within the Authority. Each director shall subscribe to the Constitutional Oath and shall give bond in the amount of $5,000, the cost of which shall be paid by the Authority. If any director moves from the Authority or a vacancy occurs otherwise, the Board of Directors shall promptly appoint a director to succeed to such position until the next election for directors, at which time the position shall be filled for the unexpired term of such position by the electorate.

(f) No director shall be entitled to receive any compensation for his services on the Board. Each director shall be entitled, however, to reimbursement for actual expenses incurred in attending to the business of the Authority, provided that such expense is approved by the Board of Directors.

(g) The Board of Directors shall elect from its number a President and Secretary and such other officers as in the judgment of the Board shall be necessary. The Treasurer may be appointed by the Board and shall give bond in such amount as may be required by the Board, conditioned that he or it will faithfully account for all money which shall come into his or its custody as Treasurer of the Authority. The Board shall appoint all necessary engineers, attorneys, fiscal agents, managers, employees, or other personnel as may be needed, and shall adopt a seal for the Authority.

Sec. 9. Subject to the provisions of Section 7 hereof, the Authority shall have the right, power and authority to use any and all public roadways, streets, alleys and public easements within or without the boundaries of the Authority in the accomplishment of its purpose, without the necessity of securing a franchise, but only after permission in writing has been obtained from the appropriate government agency having jurisdiction over the public property being used.

Sec. 10. In the event that the Authority in the exercise of the power of eminent domain or a power of relocation or any other power, makes necessary the relocation, raising, re-routing or changing the grade of, or altering the construction of any highway, railroad, electric transmission line, telephone or telegraph properties and facilities, or pipelines, all such necessary relocation, raising, re-routing, change of grade or alteration of construction and any additional expenses required thereby shall be accomplished at the sole expense of the Authority. The term "sole expense" shall mean the actual cost of such relocation, raising, lowering, re-routing, or changing grade or alteration of construction in providing comparable replacement without enhancement of such facilities, after deducting therefrom the agreed net salvage value derived from the old facility, together with any additional or different facility that may be required as a result of such relocation, raising, lowering, re-routing or change in grade or alteration of construction in any such
facilities. The term facilities shall also include storm sewers and drainage facilities.

In the event it becomes necessary to relocate, raise, re-route or change the grade of or alter the construction of any facility constructed by Authority within any public roadway, street, alley or public easement then located within the corporate limits of any city, or any city operating under a Charter authorized by a Special Act of the Legislature, because of such city desiring to relocate, raise, re-route or change the grade of, or construct any public facility within, any such public roadways, streets, alleys or public easements, Authority shall bear the sole expense of such relocation, raising, re-routing or changing the grade of, or altering the construction of its facilities located within such public roadway, street, alley or public easement.

Sec. 11. The Authority shall have the right, power and authority to enter into contracts with the United States of America, the State of Texas or any subdivision thereof, municipal corporations, owners of land, developers or lessees of land and properties and others, as may be necessary or appropriate in connection with the facilities, works or improvements as the Authority may be authorized and empowered to perform so that, to the greatest extent reasonably possible, considering sound engineering and economic practices, the area may be placed in position ultimately to receive the services of such facilities, works or improvements. No election shall be required of any city or town for approval of contracts with the Authority, but such contracts may be entered into without the necessity of an election by any contracting party. Such contracts may be for any term not to exceed fifty years.

Sec. 12. The Authority is fully empowered to borrow money for its corporate purposes including the power to borrow money and accept grants, gratuities, or other support from the United States of America, or the State of Texas, or from any corporation or agency created or designated by the United States of America or the State of Texas, or from any other source, and in connection with any such loan, grant, or other support, to enter into such arrangements as the Board of Directors may deem advisable. The Authority is granted full powers to authorize, execute, and sell bonds, to be supported by revenues, to evidence any indebtedness it may lawfully incur and in such connection the Board of Directors may proceed as permitted under the General Laws pertaining to the issuance of bonds by water control and improvement districts, including refunding bonds. Bonds payable solely from net revenues of the Authority's operation or from the proceeds of any contract for the Authority's services may be issued by resolution of the Board of Directors and no hearing or election therefor shall be required of any contracting party. All bonds issued by the Authority pursuant to the provision of this Act shall constitute negotiable instruments within the meaning of the Negotiable Instruments Law of this State and may be in such denominations as the Board of Directors may fix and determine. Before any bonds shall be sold by the Authority, a certified copy of the proceedings for the issuance thereof, including the form of such bonds, together with any other information which the Attorney General of Texas may require, shall be submitted to the Attorney General, and if he shall find that such bonds have been issued in accordance with the law, he shall approve such bonds and execute a certificate of approval which shall be filed in the office of the Comptroller of Public Accounts of the State of Texas, and be recorded in a record kept for that purpose. No bonds shall be issued until the same shall have been registered by the Comptroller of Public Accounts, who shall so register the same if the Attorney General shall have filed with the Comptroller of Public Accounts his certificate approving the bonds, and the proceedings for the issuance thereof, as hereinabove provided.
When bonds or the proceedings pertaining thereto recite that they are
secured by a pledge of the proceeds of a contract theretofore made be-
tween the Authority and any city, district, or other user, a copy of
such contract and proceedings of the contracting parties shall be sub-
mitted to the Attorney General with the bond record, and if such bonds
have been duly authorized and such contracts made in compliance with
law, he shall approve the bonds and contracts and the bonds shall then
be registered by the Comptroller of Public Accounts. No bonds shall be
issued until the same have been submitted to and reviewed by the Texas
Water Commission as provided by Article 7880—139, Vernon's Annotated
Civil Statutes, followed by full compliance by the Authority with all
requirements made by the Commission pursuant to such statute. When
approved as aforesaid the bonds and contracts shall be valid and binding
and shall be incontestable for any cause.

All bonds of the Authority shall be and are hereby declared to be legal
and authorized investments for banks, savings banks, trust companies,
building and loan associations, savings and loan associations, insurance
companies, fiduciaries, trustees and sinking funds of cities, towns and
villages, counties, school districts, or other political subdivisions of the
State of Texas, and for all public funds of the State of Texas or its a-

eligible to secure deposit of any and all public funds of the State of Texas,
and any and all public funds of cities, towns, villages, counties, school dis-

tRICTS or other political subdivisions or corporations of the State of Texas;
and such bonds shall be lawful and sufficient security for said deposits to
the extent of their value, when accompanied by all unmatured coupons
pertinent thereto.

Sec. 13. The Board of Directors shall designate one or more banks
within the Authority to serve as depository for the funds of the Authority.
All funds of the Authority shall be deposited in such depository bank or
banks except that sufficient funds shall be remitted to the bank or banks
of payment of principal of and interest on the outstanding bonds of the
Authority and in time that such may be received by the said bank or banks
of payment on or prior to the date of the maturity of such principal and
interest so to be paid. To the extent that funds in the depository bank or
banks are not insured by the Federal Deposit Insurance Corporation, they
shall be secured in the manner provided by law for the security of county
funds.

Sec. 14. A complete system of accounts shall be kept by the Authority
and an audit of its affairs for each year shall be prepared by an independ-
ent certified public accountant, or a firm of independent certified public
accountants, of recognized integrity and ability. The fiscal year of the
Authority shall be from October 1 to September 30 of the following year,
unless and until changed by the Board of Directors. A written report of
the audit shall be delivered to each member of the Board of Directors not
later than ninety (90) days after the close of each fiscal year; and a copy
of such audit report shall be delivered upon request to the holder or hold-
ers of at least twenty-five per cent (25%) of the then outstanding bonds
of the Authority; and at least five additional copies of said audit shall be
delivered to the office of the Authority, one of which shall be kept on file,
and shall constitute a public record open to inspection by any interested
person or persons within normal office hours. The cost of such audit shall
be paid for by the Authority.

Sec. 15. The accomplishment of the purposes stated in this Act being
for the benefit of the people of this State and for the improvement of their
properties and the industries thereof, the Authority in carrying out the
purposes of this Act will be performing an essential public function under
the Constitution and shall not be required to pay any tax or assessment on
its properties or any part thereof, and the bonds issued hereunder and
their transfer and the income therefrom, including the profits made on the sale thereof, shall at all times be free from taxation within this State.

Sec. 16. The Authority is hereby invested with the powers of the State under the Constitution of Texas to effectuate the powers herein granted subject to declarations of policy by the Legislature of Texas, and the laws of Texas; and such Authority shall cooperate to the fullest extent with the Texas Water Pollution Control Board, the Texas Water Commission and any other agency or agencies which may succeed to their principal duties, and with other political subdivisions of the State and municipal corporations in the accomplishment of the beneficial purposes herein set out. The Authority shall have the power to adopt reasonable rules and regulations designed to facilitate the exercise of its rights, duties and responsibilities.

Sec. 17. This District is hereby created notwithstanding any of the provisions of the Municipal Annexation Act, being Article 970a, Vernon's Texas Civil Statutes, and to the extent of the creation of the District only, said Article 970a shall have no application. In all other respects, the District hereby created is expressly made subject to all provisions of said Article 970a.

Sec. 18. The Legislature specifically finds and declares that the requirements of Article 16, Section 59, of the Constitution of Texas, have been done and accomplished in due course and time, and in due order, and that the Legislature has the power and authority to enact this Act.

Sec. 19. The Legislature hereby declares that the enactment hereof is in fulfillment of a duty conferred upon it by Section 59 of Article 16 of the Constitution of the State of Texas wherein it is required to pass such laws as may be appropriate in the preservation and conservation of the natural resources of the State; that the Authority herein created is essential to the accomplishment of such purposes and that this Act therefore operates on a subject in which the State and the public at large are interested. All of the terms and provisions of this Act are to be liberally construed, to effectuate the purposes, powers, rights and authorities herein set forth.

Sec. 20. Nothing in this Act shall be construed to violate any provision of the Federal or State Constitutions and all acts done hereunder shall be done in such manner as may conform thereto whether herein expressly provided or not. Where any procedure hereunder may be held by any court to be violative of either of such Constitutions, the Authority shall have the power by resolution to provide an alternative procedure conformable to such Constitutions. If any provision of this Act shall be invalid such fact shall not affect the creation of the Authority or the validity of any other provision of this Act, and the Legislature hereby declares that it would have created the Authority and enacted the valid provisions of this Act notwithstanding the invalidity of any other provision or provisions thereof. The District shall have and exercise, and is hereby vested with, all of the rights, powers, privileges and duties conferred and imposed by the General Laws of the State of Texas now in force or hereafter enacted, applicable to water control and improvement districts created under authority of Section 59 of Article XVI, Constitution of Texas, but to the extent that the provisions of such General Laws may be in conflict or inconsistent with the provisions of this Act, the provisions of this Act shall prevail. All such General Laws are hereby incorporated by reference with the same effect as if incorporated in full in this Act. Without in any way limiting the generalization of the foregoing, it is expressly provided the District shall have and exercise, and is hereby vested with, all of the rights, powers, privileges and duties conferred and imposed by Chapter 3A of Title 128, Revised Civil Statutes of Texas, 1925, together with all amendments thereof and additions thereto, including all powers and authority relating to the navigation of its coastal and inland waters and the reclamation and drainage of overflowed lands and other lands needing drainage in said District, including all powers and authority relating to sanitary sewer systems and the issuance of bonds therefor as authorized by and provided in said Chapter, including the power and authority to issue tax bonds, revenue bonds or tax-revenue bonds as authorized by and provided in Article 7880–90a, Vernon's Texas Civil Statutes, as amended. Provided, however, that this District shall not perform or duplicate any function or service that is being performed by Folletts Island Water Supply District of Brazoria County, Texas, created by House Bill 1140, Acts of the 59th Legislature, Regular Session, 1965. Said District shall have the power to make, construct, or otherwise acquire improvements either within or without the boundaries thereof necessary to carry out the powers and authority granted by this Act and said General Laws; provided, however, that the exercise of the power of eminent domain shall not extend beyond the boundaries of the District. The powers of its Board of Directors shall include, but not be limited to, the right to enter into contracts on behalf of said District for the purchase and sale, or either, of water for such periods of time, not exceeding forty (40) years, and on such terms and conditions as its Board of Directors may deem desirable. In the event that the District in the exercise of the power of eminent domain or power of relocation, or any other power granted hereunder, makes necessary the relocation, raising, re-routing or changing the grade of, or altering the construction of, any highway, railroad, electric transmission line, telephone or telegraph properties and facilities, or pipeline, all such necessary relocation, raising, re-routing, changing of grade or alteration of construction shall be accomplished at the sole expense of the District. The term "sole expense" shall mean the actual cost of such relocation, raising, lowering, re-routing, or change in grade or alteration of construction in providing comparable replacement without enhancement of such facilities after deducting therefrom the net salvage value derived from the old facility.

Sec. 4. The management and control of the District is hereby vested in a Board of five (5) directors which shall have all of the powers and authority and duties conferred and imposed upon boards of directors of water control and improvement districts organized under the provisions of Chapter 3A of Title 128, Revised Civil Statutes of Texas, 1925, together with all amendments thereof and additions thereto. The members of the first Board of Directors shall be

Miles K. Burton.
Said members shall become Directors immediately after this Act becomes effective, and said first Board of Directors shall meet and organize as soon as practicable after the effective date of this Act, and shall file their official bonds. If any of the aforementioned members of said first Board of Directors shall die, become incapacitated or otherwise not qualify to assume their duties under this Act, the remaining members of said Board of Directors shall appoint his or their successors. With the exception of said first Board of Directors, the Board of Directors shall be selected as provided by the General Laws for water control and improvement districts.

The first election of Directors of such District shall be held on the second Tuesday in January, 1967, and in accordance with Article 7880—37, Revised Civil Statutes of Texas, 1925, as amended. Thereafter, Directors of the District shall be chosen, and elections for Directors shall be held in accordance with the provisions of the General Laws relating to water control and improvement districts.

Sec. 5 Land may be excluded from said District in the manner now provided by Chapter 3A, Title 128, Revised Civil Statutes of Texas, 1925, as amended. Land may be added to the District only by written request of an adjacent, or contiguous, landowner or landowners; and no land may be added without the consent of the owner thereof. No land may be added which is not adjacent or contiguous to the District when added. Said District may be dissolved by its Board of Directors in accordance with the provisions of Section 77b, Chapter 25, General Laws, Acts of the 39th Legislature, Regular Session, 1925 (Article 7880—77b, Vernon’s Civil Statutes).

Sec. 6. The bonds of the District shall be and are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, savings and loan associations, insurance companies, fiduciaries, trustees, guardians, and for the sinking funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas. Such bonds shall be eligible to secure the deposit of any and all public funds of the State of Texas, and any and all public funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas; and such bonds shall be lawful and sufficient security for said deposits to the extent of their value, when accompanied by all unmatured coupons appurtenant thereto. Said bonds may be in the denomination of $1,000 or in multiples thereof, and until such time as the bond proceeds are needed to carry out the bond purpose, such proceeds may be invested in direct obligations of the United States of America or may be placed on time deposit, either or both.

Sec. 7. It is hereby found and determined that all of the lands and other property included within the District are, and will be, benefited by the creation of the District and by the improvements that the District will purchase, construct, or otherwise acquire, and that the District is created to serve a public use and benefit. It shall not be necessary for the Board of Directors to call or hold a hearing on the exclusion of land or other property from the District; provided, however, that the Board of Directors shall hold such hearing upon the written request of any land or other property owner within the District filed with the Secretary of the Board prior to the calling of the first bond election for the District. Nothing in this Section shall be construed to prevent the Board on its own motion from calling and holding an exclusion hearing or hearings pursuant to the provisions of the General Law. Upon the adoption of this Act, said District shall be a fully created and established water control and improvement district. The ad valorem basis or plan of taxation shall be used by said District, and it shall not be necessary for the Board of Directors to hold a hearing on the adoption of a plan of taxation.
Sec. 8. As soon as practicable after the qualification of the first Board of Directors of said District, said Board shall by resolution designate one or more banks within or without the District to serve as the District's depository, and all funds of said District shall be secured in the manner now provided for the security of County funds. Such bank or banks shall serve for a period of two (2) years and until a successor has been selected.

Sec. 9. The Legislature hereby exercises the authority conferred upon it by Section 59 of Article XVI, Constitution of Texas, and declares that the District created by this Act is essential to the accomplishment of the purposes of said constitutional provisions; finds that all of the land and other property included therein are, and will be, benefited thereby and by the improvements that the District will purchase, construct, or otherwise acquire; and declares the District to be a governmental agency, a body politic and corporate, and a municipal corporation.

Sec. 10. If any word, phrase, clause, sentence, paragraph, Section, or other part of this Act or the application thereof to any person or circumstance, shall ever be held by a court of competent jurisdiction to be invalid or unconstitutional, the remainder of the Act and the application of such word, phrase, clause, sentence, paragraph, Section, or other part of this Act to other persons or circumstances shall not be affected thereby.

Sec. 11. Proof of publication of the Constitutional notice required in the enactment hereof under the provisions of paragraph (d) of Section 59 of Article XVI of the Texas Constitution has been made in the manner provided therein and a copy of said notice and the bill as originally introduced have been delivered to the Governor of the State of Texas as required in such constitutional provision, and such notice and delivery are hereby found and declared to be proper and sufficient to satisfy such requirements. Sec. 2. It is expressly determined, and the Legislature hereby finds that the boundaries of said District form a closure, and if any mistake is found to have occurred in the field notes, it shall in no way or manner affect the organization, existence or validity of said District, or its right to issue bonds or refunding bonds, or to pay the principal and interest thereon, or the right to assess, levy and collect taxes, or in any other manner affect the legality or operation of the District or its governing body.

Sec. 3. The District shall have and exercise, and is hereby vested with, all of the rights, powers, privileges and duties conferred and imposed by the General Laws of the State of Texas now in force or hereafter enacted, applicable to water control and improvement districts created under authority of Section 59 of Article XVI, Constitution of Texas, but to the extent that the provisions of such General Laws may be in conflict or inconsistent with the provisions of this Act, the provisions of this Act shall prevail. All such General Laws are hereby incorporated by reference with the same effect as if incorporated in full in this Act. Said District shall have the power to make, construct, or otherwise acquire improvements either within or without the boundaries thereof necessary to carry out the powers and authority granted by this Act and said General Laws; provided, however, that the exercise of the power of eminent domain shall not extend beyond the boundaries of the District. By way of limitation, however, such District shall be authorized and empowered solely and only to conserve, store, transport, treat and purify, distribute, sell and deliver water, both surface and underground, with corporations, both public and private, and political subdivisions of the State and may purchase, construct or lease all property, works and facilities, both within and without the District, necessary for such purposes. In the event that the District in the exercise of the power of eminent domain or power of relocation, or any other power granted hereunder, makes necessary the relocation, raising, rerouting or changing the grade of, or altering the construction of, any highway, railroad, electric transmission line, telephone or telegraph properties and facilities, or pipeline, all such necessary relocation, raising, rerouting, changing of grade or alteration of construction shall be accomplished at the sole expense of

Sec. 4. It is hereby determined that the boundaries of said District form a closure, and if any mistake is found to have occurred in the field notes, it shall in no way or manner affect the organization, existence or validity of said District, or the right to issue bonds or refunding bonds, or to pay the principal and interest thereon, or the right to assess, levy and collect taxes, or in any other manner affect the legality or operation of the District or its governing body.

Sec. 5. The District shall have and exercise, and is hereby vested with, all of the rights, powers, privileges and duties conferred and imposed by the General Laws of the State of Texas now in force or hereafter enacted, applicable to water control and improvement districts created under authority of Section 59 of Article XVI, Constitution of Texas, but to the extent that the provisions of such General Laws may be in conflict or inconsistent with the provisions of this Act, the provisions of this Act shall prevail. All such General Laws are hereby incorporated by reference with the same effect as if incorporated in full in this Act. Said District shall have the power to make, construct, or otherwise acquire improvements either within or without the boundaries thereof necessary to carry out the powers and authority granted by this Act and said General Laws; provided, however, that the exercise of the power of eminent domain shall not extend beyond the boundaries of the District. By way of limitation, however, such District shall be authorized and empowered solely and only to conserve, store, transport, treat and purify, distribute, sell and deliver water, both surface and underground, with corporations, both public and private, and political subdivisions of the State and may purchase, construct or lease all property, works and facilities, both within and without the District, necessary for such purposes. The District is expressly authorized to acquire water supplies from sources both within or without the boundaries of the District and to sell, transport and deliver water to customers situated within or without the District and to acquire all properties and facilities necessary for such purposes, and for any or all of such purposes may enter into contracts with persons, corporations, both public and private, and political subdivisions of the State for such periods of time, not exceeding forty (40) years, and on such terms and conditions as its Board of Directors may deem desirable. In the event that the District in the exercise of the power of eminent domain or power of relocation, or any other power granted hereunder, makes necessary the relocation, raising, rerouting or changing the grade of, or altering the construction of, any highway, railroad, electric transmission line, telephone or telegraph properties and facilities, or pipeline, all such necessary relocation, raising, rerouting, changing of grade or alteration of construction shall be accomplished at the sole expense of
the District. The term "sole expense" shall mean the actual cost of such relocation, raising, lowering, rerouting, or change in grade or alteration of construction in providing comparable replacement without enhancement of such facilities after deducting therefrom the net salvage value derived from the old facility.

Sec. 4. The management and control of the District is hereby vested in a Board of five (5) directors which shall have all of the powers and authority and duties conferred and imposed upon boards of directors of water control and improvement districts organized under the provisions of Chapter 3A of Title 128, Revised Civil Statutes of Texas, 1925, together with all amendments thereof and additions thereto. The members of the first Board of Directors shall be

Said members shall become directors immediately after this Act becomes effective, and said first Board of Directors shall meet and organize as soon as practicable after the effective date of this Act, and shall file their official bonds. If any of the aforementioned members of said first Board of Directors shall die, become incapacitated or otherwise not qualify to assume their duties under this Act, the remaining members of said Board of Directors shall appoint his or their successors. With the exception of said first Board of Directors, the Board of Directors shall be selected as provided by the General Laws for water control and improvement districts. The first election of directors of such District shall be held on the second Tuesday in January, 1967, and in accordance with Article 7880-37, Revised Civil Statutes of Texas, 1925, as amended. Thereafter, directors of the District shall be chosen, and elections for directors shall be held in accordance with the provisions of the General Laws relating to water control and improvement districts.

Sec. 5. Land may be excluded from said district in the manner now provided by Chapter 3A, Title 128, Revised Civil Statutes of Texas, 1925, as amended. Land may be added to the district only by written request of an adjacent, or contiguous, land-owner or land-owners; and no land may be added without the consent of the owner thereof. No land may be added which is not adjacent or contiguous to the district when added. Said district may be dissolved by its board of directors in accordance with the provisions of Section 77b, Chapter 25, General Laws, Acts of the 39th Legislature, Regular Session, 1925 (Article 7880—77b, Vernon's Texas Civil Statutes).

Sec. 6. The bonds of the District shall be and are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, savings and loan associations, insurance companies, fiduciaries, trustees, guardians, and for the sinking funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas. Such bonds shall be eligible to secure the deposit of any and all public funds of the State of Texas, and any and all public funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas; and such bonds shall be lawful and sufficient security for said deposits to the extent of their value, when accompanied by all unmatured coupons appurtenant thereto. Said bonds may be in the denomination of $1,000 or in multiples thereof, and until such time as the bond proceeds are needed to carry out the bond purpose, such proceeds may be invested
in direct obligations of the United States of America or may be placed on
time deposit, either or both.

Sec. 7. It is hereby found and determined that all of the lands and
other property included within the District are, and will be, benefited by
the creation of the District and by the improvements that the District will
purchase, construct, or otherwise acquire, and that the District is created
to serve a public use and benefit. It shall not be necessary for the Board
of Directors to call or hold a hearing on the exclusion of land or other
property from the District; provided, however, that the Board of Directors
shall hold such hearing upon the written request of any land or other
property owner within the District filed with the Secretary of the Board
prior to the calling of the first bond election for the District. Nothing
in this Section shall be construed to prevent the Board on its own motion
from calling and holding an exclusion hearing or hearings pursuant to
the provisions of the General Law. Upon the adoption of this Act, said
District shall be a fully created and established water control and im­
provement district. The ad valorem basis or plan of taxation shall be used
by said District, and it shall not be necessary for the Board of Directors
to hold a hearing on the adoption of a plan of taxation.

Sec. 8. As soon as practicable after the election and qualification
of the first Board of Directors of said District, said Board shall by resolu-
tion designate one or more banks within or without the District to
serve as the District’s depository, and all funds of said District shall be secured
in the manner now provided for the security of county funds. Such bank
or banks shall serve for a period of two (2) years and until a successor
has been selected.

Sec. 9. The Legislature hereby exercises the authority conferred upon
it by Section 59 of Article XVI, Constitution of Texas, and declares that
the District created by this Act is essential to the accomplishment of the
purposes of said constitutional provisions; finds that all of the land and
other property included therein are, and will be, benefited thereby and by
the improvements that the District will purchase, construct, or other­
wise acquire; and declares the District to be a governmental agency,
a body politic and corporate, and a municipal corporation.

Sec. 10. If any word, phrase, clause, sentence, paragraph, section,
or other part of this Act or the application thereof to any person or cir­
cumstance, shall ever be held by a court of competent jurisdiction to be
invalid or unconstitutional, the remainder of the Act and the application
of such word, phrase, clause, sentence, paragraph, section, or other part
of this Act to other persons or circumstances shall not be affected thereby.

Sec. 11. Proof of publication of the constitutional notice required in
the enactment hereof under the provisions of paragraph (d) of Section 59
of Article XVI of the Texas Constitution has been made in the manner
provided therein and a copy of said notice and the bill as originally in­
troduced have been delivered to the Governor of the State of Texas as re­
quired in such constitutional provision, and such notice and delivery are
hereby found and declared to be proper and sufficient to satify such re­

If in conflict or inconsistent with the provisions of this Act, the provisions of this Act shall prevail. All such General Laws are hereby incorporated by reference with the same effect as if incorporated in full in this Act. Without in any way limiting the generalization of the foregoing, it is expressly provided the District shall have and exercise and is hereby vested with, all of the rights, powers, privileges and duties conferred and imposed by Chapter 3A of Title 128, Revised Civil Statutes of Texas, 1925, together with all amendments thereof and additions thereto, including all powers and authority relating to sanitary sewer systems and the issuance of bonds therefor as authorized by and provided in said Chapter, including the power and authority to issue tax bonds, revenue bonds or tax-revenue bonds as authorized by and provided in Article 7880-90a, Vernon's Texas Civil Statutes, as amended; provided, however, that none of the provisions of Section 10, Chapter 280, Acts of the 41st Legislature of Texas, Regular Session, 1929 (codified by Vernon as Article 7880-77b), shall apply to this District. Sec. 4. The management and control of the District is hereby vested in a Board of five (5) Directors which shall have all of the powers and authority and duties conferred and imposed upon boards of directors of water control and improvement districts organized under the provisions of Chapter 3A of Title 128, Revised Civil Statutes of Texas, 1925, together with all amendments thereof and additions thereto. The members of the first Board of Directors shall be Larry A. Anderson, R. F. Bryant, Frank J. Mazac, H. K. May, and Tom Novosad. Said members shall become Directors immediately after this Act becomes effective, and said first Board of Directors shall meet and organize as soon as practicable after the effective date of this Act, and shall file their official bonds. If any of the aforementioned members of said first Board of Directors shall die, become incapacitated or otherwise not qualify to assume their duties under this Act, the remaining members of said Board of Directors shall appoint his or their successors. With the exception of said first Board of Directors, the Board of Directors shall be selected as provided by the General Laws for water control and improvement districts. The first election of Directors of such District shall be held on the second Tuesday in January, 1967, and in accordance with Article 7880-37, Revised Civil Statutes of Texas, 1925. Thereafter, Directors of the District shall be chosen, and elections for Directors shall be held in accordance with the provisions of the General Laws relating to water control and improvement districts.
Sec. 5. Land may be added to said District in the manner now provided by Chapter 3A, Title 128, Revised Civil Statutes of Texas, 1925, as amended. Prior to voting any bonds or taxes in and for said District, its Board of Directors may exclude or discontinue territory therefrom as follows:

The Board of Directors shall give notice of its intention to hold a hearing on the question of excluding or discontinuing territory from the District. Such notice shall describe by metes and bounds the territory proposed to be excluded or discontinued and shall specify the date and place of such hearing. Said notice shall be published at least one time in a newspaper of general circulation within Harris County, Texas, the first publication to be at least ten days prior to the date set for said hearing. If, at said hearing, it is found by said Board that the proposed exclusion or discontinuance of said territory is to the advantage of the District and to the territory to be excluded or discontinued, then such Board by order duly entered upon its minutes may exclude or discontinue such territory from said District, and such territory shall no longer be a part of said District. In said order said Board of Directors shall also redefine the boundaries of said District to embrace all lands in said District not so excluded.

Sec. 6. The bonds of the District shall be and are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, savings and loan associations, insurance companies, fiduciaries, trustees, and for the sinking funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas. Such bonds shall be eligible to secure the deposit of any and all public funds of the State of Texas, and any and all public funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas; and such bonds shall be lawful and sufficient security for said deposits to the extent of their value, when accompanied by all unmatured coupons appurtenant thereto. Said bonds may be in the denomination of $1,000 or in multiples thereof, and until such time as the bond proceeds are needed to carry out the bond purpose, such proceeds may be invested in direct obligations of the United States of America or may be placed on time deposit, either or both.

Sec. 7. It is hereby found and determined that all of the lands and other property included within the District are, and will be, benefited by the creation of the District and by the improvements that the District will purchase, construct, or otherwise acquire, and that the District is created to serve a public use and benefit. Upon the adoption of this Act, said District shall be a fully created and established water control and improvement district. The ad valorem basis or plan of taxation shall be used by said District, and it shall not be necessary for the Board of Directors to hold a hearing on the adoption of a plan of taxation. It shall not be necessary for the Board of Directors to call or hold a hearing on the exclusion of land or other property from the District; provided, however, that the Board of Directors shall hold such hearing upon the written request of any land or other property owner within the District filed with the Secretary of the Board prior to the calling of the first bond election for the District. Nothing in this Section shall be construed to prevent the Board on its own motion from calling and holding an exclusion hearing or hearings pursuant to the provisions of the General Law.

Sec. 8. The Legislature hereby exercises the authority conferred upon it by Section 59 of Article XVI, Constitution of Texas, and declares that the District created by this Act is essential to the accomplishment of the purposes of said constitutional provision; finds that all of the land and other property included therein are, and will be, benefited thereby and
by the improvements that the District will purchase, construct, or otherwise acquire; and declares the District to be a governmental agency, a body politic and corporate, and a municipal corporation.

Sec. 9. If any word, phrase, clause, sentence, paragraph, Section, or other part of this Act or the application thereof to any person or circumstance, shall ever be held by a court of competent jurisdiction to be invalid or unconstitutional, the remainder of the Act and the application of such word, phrase, clause, sentence, paragraph, Section, or other part of this Act to other persons or circumstances shall not be affected thereby.

Sec. 10. It is determined and found that a proper and legal notice of the intention to introduce this Act, setting forth the general substance of this Act, has been published at least thirty (30) days and not more than ninety (90) days prior to the introduction of this Act in the Legislature of Texas, in a newspaper having general circulation in Harris County, Texas; that a copy of such notice and a copy of this Act have been delivered to the Governor of Texas who has submitted such notice and Act to the Texas Water Commission, and said Texas Water Commission has filed its recommendation as to such Act with the Governor, Lieutenant Governor and Speaker of the House of Representatives of Texas within thirty (30) days from the date such notice and Act were received by the Texas Water Commission; and that all the requirements and provisions of Article XVI, Section 59(d) of the Constitution of the State of Texas have been fulfilled and accomplished as therein provided. Sec. 16. All bonds and refunding bonds of the District shall be and are hereby declared to be legal, eligible and authorized investments for banks, savings and loan associations, insurance companies, fiduciaries, trustees, and for the sinking funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas. Sec. 17. If any word, phrase, clause, paragraph, sentence, part, portion, or provision of this Act or the application thereof to any person or circumstance shall be held to be invalid or unconstitutional, the remainder of the Act shall nevertheless be valid, and the Legislature hereby declares that this Act would have been enacted without such invalid or unconstitutional word, phrase, clause, paragraph, sentence, part, portion or provision. THENCE South 65° West, along and with the South line of said Lots 63, 78, 83, and 98, a distance of 2130.0 feet to the place of beginning.

Sec. 2. It is expressly determined, and the Legislature hereby finds that the boundaries of said District form a closure, and if any mistake is made in copying the field notes in the legislative process, or otherwise a mistake is found to have occurred in the field notes, it shall in no way or manner affect the organization, existence or validity of said District, or its right to issue bonds or refunding bonds, or to pay the principal and interest thereon, or the right to assess, levy and collect taxes, or in any other manner affect the legality or operation of the District or its governing body.

Sec. 3. The District shall have and exercise, and is hereby vested with, all of the rights, powers, privileges and duties conferred and imposed by the General Laws of the State of Texas now in force or hereafter enacted, applicable to water control and improvement districts created under authority of Section 59 of Article XVI, Constitution of Texas, but to the extent that the provisions of such General Laws may be in conflict or inconsistent with the provisions of this Act, the provisions of this Act shall prevail. All such General Laws are hereby incorporated by reference with the same effect as if incorporated in full in this Act. Without in any way limiting the generalization of the foregoing, it is expressly provided the District shall have and exercise, and is hereby vested with, all of the rights, powers, privileges and duties conferred and imposed by Chapter 3A of Title 128, Revised Civil Statutes of Texas, 1925, together with all amendments thereto and additions thereto, including all powers and authority relating to the navigation of its coastal and inland waters and the reclamation and drainage of overflowed lands and other lands needing drainage in said District, and including all power and authority relating to sanitary sewer systems and the issuance of bonds therefor as authorized by and provided in said Chapter, including the power and authority to issue tax bonds, revenue bonds or tax-revenue bonds as authorized by and provided in Article 7880—90a, Vernon's Texas Civil Statutes, as amended. Said District shall have the power to make, construct, or otherwise acquire improvements (whether previously existing or to be made, constructed or acquired) either within or without the boundaries thereof necessary to carry out the powers and authority granted by this Act and said General Laws; provided, however, that the exercise of the power of eminent domain shall not extend beyond the boundaries of the District. The powers of its Board of Directors shall include, but not be limited to, the right to
enter into contracts on behalf of said District for the purchase and sale, or either, of water for such periods of time, not exceeding forty (40) years, and on such terms and conditions as its Board of Directors may deem desirable. In the event that the District in the exercise of the power of eminent domain or power of relocation, or any other power granted hereunder, makes necessary the relocation, raising, rerouting or changing the grade of, or altering the construction of, any highway, railroad, electric transmission line, telephone or telegraph properties and facilities, or pipeline, all such necessary relocation, raising, rerouting, changing of grade or alteration of construction shall be accomplished at the sole expense of the District. The term "sole expense" shall mean the actual cost of such relocation, raising, lowering, rerouting, or change in grade or alteration of construction in providing comparable replacement without enhancement of such facilities after deducting therefrom the net salvage value derived from the old facility.

Sec. 4. The management and control of the District is hereby vested in a Board of five (5) Directors which shall have all of the powers and authority and duties conferred and imposed upon boards of directors of water control and improvement districts organized under the provisions of Chapter 3A of Title 128, Revised Civil Statutes of Texas, 1925, together with all amendments thereof and additions thereto. The members of the first Board of Directors shall be appointed, as soon as practicable after this Act becomes effective, by the County Judge of Galveston County, Texas, and said first Board of Directors shall meet and organize as soon as practicable after their appointment and shall file their official bonds. If any of the aforementioned members of said first Board of Directors shall die, become incapacitated or otherwise not qualify to assume their duties under this Act, the remaining members of said Board of Directors shall appoint his or their successors. With the exception of said first Board of Directors, the Board of Directors shall be selected as provided by the General Laws for water control and improvement districts. The first election of Directors of such District shall be held on the second Tuesday in January, 1967, and in accordance with Article 7880—37, Revised Civil Statutes of Texas, 1925. Thereafter, Directors of the District shall be chosen, and elections for Directors shall be held in accordance with the provisions of the General Laws relating to water control and improvement districts.

Sec. 5. Land may be excluded from said District, or added to said District, in the manner now provided by Chapter 3A, Title 128, Revised Civil Statutes of Texas, 1925, as amended. Land may also be added to the district by written request of any other landowner or other landowners when approved by the Board of Directors of the District. Said District may be dissolved by its Board of Directors in accordance with the provisions of Section 77b, Chapter 25, General Laws, Acts of the 39th Legislature, Regular Session, 1925 (Article 7880—77b, Vernon's Civil Statutes). It is the intent of the Legislature that such District shall never be dissolved under Article 1182c—1, Revised Civil Statutes of Texas, except with the express consent of the Board of Directors, and annexation of the whole or any part of the area of the District by any city, town, or village shall not affect its creations, proceedings, or the validity of any bonds issued or to be issued by such District; but such District may be dissolved only by the express consent of the Board of Directors together with the act of annexation by a city, town or village affecting the whole of the area of the District.

Sec. 6. The bonds of the District shall be and are hereby declared to be legal and authorized investments for banks, savings and loan associations, insurance companies, fiduciaries, trustees, and for the sinking funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas. Such bonds shall be
eligible to secure the deposit of any and all public funds of the State of Texas, and any and all public funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas; and such bonds shall be lawful and sufficient security for said deposits to the extent of their value, when accompanied by all unmatured coupons appurtenant thereto. Said bonds may be in the denomination of $1,000 or in multiples thereof, and until such time as the bond proceeds are needed to carry out the bond purpose, such proceeds may be invested in direct obligations of the United States of America or may be placed on time deposit, either or both.

Sec. 7. It is hereby found and determined that all of the lands and other property included within the District are, and will be, benefited by the creation of the District and by the improvements that the District will purchase, construct, or otherwise acquire, and that the District is created to serve a public use and benefit.

It shall not be necessary for the Board of Directors to call or hold a hearing on the exclusion of land or other property from the District; provided, however, that the Board of Directors shall hold such hearing upon the written request of any land or other property owner within the District filed with the Secretary of the Board prior to the calling of the first bond election for the District. Nothing in this Section shall be construed to prevent the Board on its own motion from calling and holding an exclusion hearing or hearings pursuant to the provisions of the General Law. Upon the adoption of this Act, said District shall be a fully created and established water control and improvement district. The ad valorem basis or plan of taxation shall be used by said District, and it shall not be necessary for the Board of Directors to hold a hearing on the adoption of a plan of taxation.

Sec. 8. As soon as practicable after the election and qualification of the first Board of Directors of said District, said Board shall by resolution designate one or more banks within or without the District to serve as the District's depository, and all funds of said District shall be secured in the manner now provided for the security of county funds. Such bank or banks shall serve for a period of two (2) years and until a successor has been selected.

Sec. 9. The Legislature hereby exercises the authority conferred upon it by Section 59 of Article XVI, Constitution of Texas, and declares that the District created by this Act is essential to the accomplishment of the purposes of said constitutional provisions; finds that all of the land and other property included therein are, and will be, benefited thereby and by the improvements that the District will purchase, construct, or otherwise acquire; and declares the District to be a governmental agency, a body politic and corporate, and a municipal corporation.

Sec. 10. It is determined and found that a proper and legal notice of the intention to introduce this Act, setting forth the general substance of this Act, has been published at least 30 days and not more than 90 days prior to the introduction of this Act in the Legislature of Texas, in a newspaper having general circulation in Galveston County, Texas; that a copy of such notice and a copy of this Act have been delivered to the Governor of Texas who has submitted such notice and Act to the Texas Water Commission, and said Texas Water Commission has filed its recommendation as to such Act with the Governor, Lieutenant Governor and Speaker of the House of Representatives of Texas within 30 days from the date such notice and Act were received by the Texas Water Commission; and that all the requirements and provisions of Section 59(d), Article XVI, the Constitution of the State of Texas, have been fulfilled and accomplished as therein provided.

Sec. 19. The provisions of Article 7880—77b, Revised Civil Statutes of Texas, as amended, or any other General Law, pertaining to the calling of a hearing for the determination of the dissolution of a district where a bond election has failed shall be inapplicable to this District, and this District shall continue to exist and shall have full power to function and operate regardless of the outcome of any bond election. District may issue bonds

Sec. 7. (a) For the purpose of providing dams, structures, projects and works of improvement for flood prevention (including structural and land treatment measures), for the purchase and acquisition of lands, easements and rights-of-way and for agricultural phases of conservation, development and utilization and disposal of water, and for all other necessary facilities, equipment and properties in connection therewith and for the improvement, maintenance, repair and operation of same and for carrying out any other powers or authority conferred by this Act, the District is empowered to issue negotiable bonds payable from ad valorem taxes to be levied on all taxable property within the District. It shall be the duty of the Board of Directors to levy annual taxes sufficient to pay the bonds and interest thereon as such bonds and interest become due. Such bonds shall be authorized by resolution of the
Board of Directors, after having been voted as provided in Section 8 hereof, and shall be issued in the name of the District. Said bonds shall be signed by the president, attested by the secretary, with the seal of the District impressed thereon. Bonds may be issued in more than one (1) series and from time to time as required for carrying out the purposes of this Act. From proceeds from the sale of the bonds the District may set aside an amount for the payment of interest to accrue during construction and one (1) year thereafter, and a reserve interest and sinking fund. Proceeds from the sale of the bonds may also be used for the payment of any and all expenses incurred in accomplishing the purposes for which the District is created including but not limited to the payment of attorneys' fees, fiscal agents' fees, engineers' fees and to pay the cost of printing and issuing the bonds.

(b) If the plans for works and improvements or amendments thereto, contemplated by the District are prepared by the Soil Conservation Service, United States Department of Agriculture, and approved by the District's directors, it shall not be necessary for an engineer's report covering the plans and improvements to be constructed, together with the maps, plats, profiles and data fully showing and explaining same, be filed in the office of the District before an election is held to authorize the issuance of bonds in connection with such works and improvements and it shall not be necessary for such plans and specifications, engineering reports, profiles, maps and other data, or subsequent amendments thereto, to be approved by the Texas Water Commission prior to the issuance of such bonds; provided, however, that before the expenditure of any funds for the construction of any works and improvements, the approval of the Texas Water Commission shall be secured for that portion of the works and improvements to be constructed and it shall not be necessary for advance approval to be given for the entire project contemplated by the District, but approval may be secured or given on a separate or individual basis for that portion of the entire project or works and improvements to be constructed at any particular time and on which plans and specifications of the Soil Conservation Service, United States Department of Agriculture, have been prepared and submitted by the District to the Texas Water Commission.

Sec. 8. No bonds, except refunding bonds, shall be issued unless authorized at an election at which only the qualified electors who reside in the District, and who own taxable property therein, and who have duly rendered the same for taxation, shall be qualified to vote at said election, and unless a majority of the votes cast at said election is in favor of the issuance of the bonds. Such election may be called by the Board of Directors without a petition. The resolution calling the election shall specify the time and place or places of holding the same, the purpose for which the bonds are to be issued, the maximum
amount thereof, the maximum maturity thereof, the maximum interest rate, the form of the ballot and the presiding judge for each voting place. The presiding judge serving at the voting place or places shall appoint at least two (2) clerks to assist in holding such election. The returns of the election shall be made to and canvassed by the Board of Directors of the District. Notice of elections for the issuance of bonds shall be given by publication of a substantial copy of the resolution calling the election in a newspaper of general circulation in the District once each week for two (2) consecutive weeks, the first publication to appear not less than fourteen (14) days prior to the date assigned for the election. Except as herein otherwise provided, the General Laws relating to elections shall be applicable.

Refunding bonds authorized

Sec. 9. The District is authorized to issue refunding bonds for the purpose of refunding any outstanding bonds authorized by this Act and interest thereon, without an election. Such refunding bonds may be issued to refund more than one (1) series of outstanding bonds. The provisions of this law with reference to the issuance of other bonds and their approval by the Attorney General and the remedies of the holders shall be applicable to refunding bonds. Refunding bonds shall be registered by the Comptroller upon surrender and cancellation of the bonds to be refunded, but in lieu thereof, the resolution authorizing their issuance may provide that they shall be sold and the proceeds thereof deposited in the bank where the original bonds are payable, in which case the refunding bonds may be issued in an amount sufficient to pay the principal and interest on the original bonds to their option date or maturity date, and the Comptroller shall register them without concurrent surrender and cancellation of the original bonds.

Bonds to be approved by attorney general of Texas

Sec. 10. After any bonds (including refunding bonds) are authorized by the District, such bonds and the record relating to their issuance shall be submitted to the Attorney General for his examination as to the validity thereof. If he finds such bonds have been properly authorized in accordance with the Constitution and this Act, he shall approve such bonds and the same then shall be registered by the Comptroller of Public Accounts. Thereafter, the bonds shall be valid, binding and enforceable obligations of the District and shall be incontestable for any cause.

Taxes and tax elections authorized

Sec. 11. The Board of Directors may upon a favorable majority vote of the qualified property taxing electors of the District, voting at an election held for the purpose within the boundaries of such District, levy, assess and collect annual taxes to provide funds necessary to construct or acquire, maintain and operate works, plants and facilities deemed essential or beneficial to the District and its purposes, and also when so authorized may levy, assess and collect annual taxes to provide funds adequate to defray the cost of planning, maintenance, operation, organization and administration of the District. Elections for the levy of such taxes shall be ordered by the Board of Directors and notice thereof shall be given and same shall be held and conducted and the results thereof determined in the manner provided herein with relation to elections for the authorization of bonds. All taxes levied by the District for any purpose shall constitute a lien on the property against which levied and limitation shall not bar the enforcement or collection thereof. In calling an election for taxes under this Section 11, the Board of Directors shall specify the maximum rate of
tax which is sought to be levied and no tax in excess of that amount may be levied without submitting the question of the increased rate of taxation at an election as provided.

**Levy, assessment and collection of taxes**

Sec. 12. The District shall have all the rights, powers, duties and functions and shall observe the procedures, insofar as the same may be applicable and not in conflict with this Act, in the levy, equalization and collection of ad valorem taxes as are provided for Water Control and Improvement Districts under Chapter 25, Acts of the Regular Session of the Thirty-ninth Legislature of Texas in 1925, as heretofore or hereafter amended and to provide anything necessary in the accomplishment of the foregoing in carrying out the purposes of this Act.

**District depository**

Sec. 13. The Board of Directors shall designate one or more banks to serve as depository for the funds of the District. All funds of the District shall be deposited in such depository bank or banks except that funds shall be remitted to the bank or banks of payment of principal of and interest on outstanding bonds of the District. To the extent that funds in the depository bank or banks are not insured by the Federal Deposit Insurance Corporation, they shall be secured in the manner provided by law for the security of county funds. Membership on the Board of Directors of an officer or director of a bank shall not disqualify such bank from being designated as depository.

**Bonds eligible for investment and to secure deposits**

Sec. 14. All bonds of the District shall be and are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, savings and loan associations, insurance companies, fiduciaries, trustees, guardians and sinking funds of cities, towns and villages, counties, school districts or other political subdivisions of the State of Texas, and for all public funds of the State of Texas, or its agencies including the State Permanent School Fund. Such bonds shall be eligible to secure deposit of any and all public funds of the State of Texas, and any and all public funds of cities, towns, villages, counties, school districts or other political subdivisions or corporations of the State of Texas; and such bonds shall be lawful and sufficient security for said deposits to the extent of their value, when accompanied by all unmatured coupons appurtenant thereto.

**District and bonds exempt from taxation**

Sec. 15. The accomplishment of the purposes stated in this Act being for the benefit of the people of this State and for the improvement of their properties and industries, the District in carrying out the purposes of this Act will be performing an essential public function under the Constitution and shall not be required to pay any tax or assessment on the project or any part thereof, and the bonds issued hereunder and their transfer and the income therefrom, including the profits made on the sale thereof, shall at all times be free from taxation within this State.

**District declared essential**

Sec. 16. The Legislature hereby declares that the enactment hereof is in fulfillment of a duty conferred upon it by Section 59 of Article XVI of the Constitution of Texas wherein it is required to pass such laws as may be appropriate in the preservation and conservation of the natural resources of the State; that the District herein created is essential to the accomplishment of such purposes and that this Act there-

Sec. 16. Anyone owning land or an interest in land affected by such annexation may within thirty (30) days of the date of the canvassing order of such elections file a petition to review, set aside, modify or suspend such annexation in the district court in the county where the district lies. After said thirty (30) days has expired for the filing of such suit, there shall be no judicial review of said annexation and said annexation shall be conclusive for all purposes.

The District may exercise any of the rights, powers, and authorities granted in this Act within or without the boundaries of the District, but only within the boundaries of Harris County, Texas. In addition to the powers and purposes authorized by the General Law pertaining to water control and improvement districts, the District may issue any kind of bonds or refunding bonds for any or all of such purposes herein provided and provide and make payment therefor and for necessary expenses in connection therewith.

Sec. 18. Bonds of the District other than refunding bonds may be sold at a price and upon the terms determined by the Board of Directors of the District, but shall only be sold after the taking of public bids therefor, and none of such bonds, other than refunding bonds, shall be sold for less
than 100% of their face value nor shall bear interest at a rate of more than 5% per annum. Refunding bonds shall be sold at a price and under the terms of the General Law applicable to water control and improvement districts. The District may exchange bonds or refunding bonds for property acquired by purchase, or in payment of the contract price of work done or materials furnished or services furnished for the use and benefit of the District, but such exchange of bonds or refunding bonds shall not be on a basis of less than 100% of the face value of the bonds or refunding bonds so exchanged or used for payment as herein specified; provided that no notice given pursuant to Article 7880—117, Revised Civil Statutes of Texas, 1925, as amended, shall be predicated upon or require the exchange of bonds or refunding bonds, and said Article shall otherwise be applicable to this District in all respects.

Sec. 19. The provisions of Article 7880—77b, Revised Civil Statutes of Texas, 1925, as amended, or any other General Law, pertaining to the calling of a hearing for the determination of the dissolution of a district where a bond election has failed shall be inapplicable to this District, and this District shall continue to exist and shall have full power to function and operate regardless of the outcome of any bond election. Upon the failure of any bond election, a subsequent bond election may be called after the expiration of six months from the date of the bond election which failed.

Sec. 20. Notice of all elections may be given under the hand of either the president or the secretary of the District.

Sec. 21. The returns of all elections may be canvassed by the Board of Directors of the District at any time within seven (7) days after the holding of an election, or as soon thereafter as reasonably practicable.

Sec. 22. The accomplishment of the purposes stated in this Act being for the benefit of the people of this State and for the improvement of their properties and industries, the District in carrying out the purpose of this Act will be performing an essential public function under the Constitution, and the District shall not be required to pay any tax or assessment on the project or any part thereof or on any purchases made by the District, and the bonds issued hereunder and their transfer and the income therefrom, including the profits made on the sale thereof, shall at all times be free from taxation within this State.

Sec. 23. All bonds and refunding bonds of the District shall be and are hereby declared to be legal, eligible and authorized investments for banks, savings and loan associations, insurance companies, fiduciaries, trustees, guardians, and for the sinking funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas. Sec. 5. (a) All powers of the District shall be exercised by Board of seven (7) Directors. Each Director shall serve for his term of office as herein provided, and thereafter until his successor shall be elected or appointed and qualified. No person shall be a Director unless he is a resident citizen of the State of Texas and at least twenty-one years of age, and owns land in the territorial limits of the District. Such Directors shall subscribe to the Constitutional Oath of office. A majority shall constitute a quorum.

(b) Immediately after this Act becomes effective, the following named persons shall be the Directors of said District: Carl H. Feist, Route 3, San Angelo, Texas; E. G. Wilde, Wall Route, San Angelo, Texas; Frank J. Holik, Jr., Route 3, San Angelo, Texas; C. S. Calahan, Wall Route, San Angelo, Texas; Ben Book, Van Court, Texas; N. J. Directors shall appoint his successor. Succeeding Directors shall be elected or appointed as provided for in this Act.

(c) The first three Directors named above shall serve until the second Tuesday in January, 1966, and the remaining four Directors shall serve until the second Tuesday in January, 1967. Notice of the election shall be published in a newspaper of general circulation in said District one (1) time at least thirty (30) days before the election. The election order shall state the time, place and purpose of the election; and the Board of Directors of said District shall appoint a presiding judge who shall appoint two clerks to assist in holding the election. Only qualified electors residing in the District shall be entitled to vote at said election. The candidates receiving the highest number of votes shall be declared elected. The returns of the election shall be made to and canvassed by the Board of Directors of said District, who shall enter an order declaring the results of the election.

(d) Any candidate for Director desiring to have his name printed on the ballot may do so by a petition so requesting, signed by not less than twenty-five residents of the District who are qualified to vote at the election. Such petition shall be presented to the Secretary of the Board of Directors. Sec. 6. For the purpose of carrying out any power or authority conferred by this Act, the District shall have the right to acquire land and easements within the District by condemnation in the manner provided by Title 52, Revised Civil Statutes, as amended, relating to eminent domain. The amount of and character of interest in land and easements thus to be acquired shall be determined by the Board of Directors. In the event that the District, in the exercise of the power of eminent domain or power of relocation, or any other power granted hereunder, makes necessary the
relocation, raising, rerouting or changing the grade of, or altering the
construction of any highway, railroad, electric transmission line, telephone

District may issue bonds

Sec. 7. (a) For the purpose of providing dams, structures, projects
and works of improvement for flood prevention (including structural and
land treatment measures), for the purchase and acquisition of lands, ease-
ments and rights-of-way and for agricultural phases of conservation, de-
velopment and utilization and disposal of water, and for all other neces-
sary facilities, equipment and properties in connection therewith and for
the improvement, maintenance, repair and operation of same and for car-
rying out any other powers or authority conferred by this Act, the District
is empowered to issue negotiable bonds payable from ad valorem taxes to
be levied on all taxable property within the District. It shall be the duty
of the Board of Directors to levy annual taxes sufficient to pay the bonds
and interest thereon as such bonds and interest become due. Pending the
use of bond proceeds for the purpose for which issued, the Board of Di-
rectors may invest same in obligations of or guaranteed by the United
States of America. Such bonds shall be authorized by resolution of the
Board of Directors, after having been voted as provided in Section 8,
hereof, and shall be issued in the name of the District. Said bonds shall
be signed by the President, attested by the Secretary, with the seal of
the District impressed thereon. The interest coupons shall be executed
by facsimile signatures of the said President and Secretary and the statute

bonds if so provided in the resolution or resolutions authorizing same.
They shall mature serially or otherwise in not to exceed forty (40) years
from their date and may be sold at a price and under terms determined
by the Board of Directors to be the most advantageous reasonably ob-

the use of standard bond interest tables currently in use by insurance com-
panies and investment houses does not exceed six per cent (6%) per
annum, and within the discretion of the Board, may be made callable
prior to maturity at such times and prices as may be prescribed in the
resolution authorizing the bonds, and may be made registrable as to
principal or as to both principal and interest. Bonds may be issued in
more than one (1) series and from time to time as required for carrying
out the purposes of this Act. From proceeds from the sale of the bonds
the District may set aside an amount for the payment of interest to accrue
during construction and one (1) year thereafter, and a reserve interest
and sinking fund. Proceeds from the sale of the bonds may also be used
for the payment of any and all expenses incurred in accomplishing the
purposes for which this District is created including but not limited to
the payment of attorneys' fees, fiscal agents' fees, engineers' fees, and
to pay the cost of printing and issuing the bonds.

(b) If the plans for works and improvements or amendments thereto
contemplated by the District are prepared by the Soil Conservation Ser-
vice, United States Department of Agriculture, and approved by the Dis-
trict's directors, it shall not be necessary for an engineer's report covering
the plans and improvements to be constructed, together with the maps,
plats, profiles and data fully showing and explaining same, be filed in
the office of the District before an election is held to authorize the issu-

ance of bonds in connection with such works and improvements and it shall not be necessary for such plans and specifications, engineering reports, profiles, maps and other data, or subsequent amendments thereto, to be approved by the Texas Water Commission prior to the issuance of such bonds; provided, however, that before the expenditure of any funds for the construction of any works and improvements, the approval of the Texas Water Commission shall be secured for that portion of the works and improvements to be constructed and it shall not be necessary for advance approval to be given for the entire project contemplated by the District, but approval may be secured or given on a separate or individual basis for that portion of the entire project or works and improvements to be constructed at any particular time and on which plans and specifications of the Soil Conservation Service, United States Department of Agriculture, have been prepared and submitted by the District to the Texas Water Commission.

Bond elections

Sec. 8. No bonds, except refunding bonds, shall be issued unless authorized at an election at which only the qualified electors who reside in the District, and who own taxable property therein, and who have duly rendered the same for taxation, shall be qualified to vote at said election, and unless a majority of the votes cast at said election is in favor of the issuance of the bonds. Such election may be called by the Board of Directors without a petition. The resolution calling the election shall specify the time and place or places of holding the same, the purpose for which the bonds are to be issued, the maximum amount thereof, the maximum maturity thereof, the maximum interest rate, the form of the ballot and the presiding judge for each voting place. The presiding judge serving at the voting place or places shall appoint at least two (2) clerks to assist in holding such election. The returns of the election shall be made to and canvassed by the Board of Directors of the District. Notice of elections for the issuance of bonds shall be given by publication of a substantial copy of the resolution calling the election in a newspaper of general circulation in the District once each week for two (2) consecutive weeks, the first publication to appear not less than fourteen (14) days prior to the date assigned for the election. Except as herein otherwise provided, the General Laws relating to elections shall be applicable.

Refunding bonds authorized

Sec. 9. The District is authorized to issue refunding bonds for the purpose of refunding any outstanding bonds authorized by this Act and interest thereon, without an election. Such refunding bonds may be issued to refund more than one (1) series of outstanding bonds. The provisions of this law with reference to the issuance of other bonds and their approval by the Attorney General and the remedies of the holders shall be applicable to refunding bonds. Refunding bonds shall be registered by the Comptroller upon surrender and cancellation of the bonds to be refunded, but in lieu thereof, the resolution authorizing their issuance may provide that they shall be sold and the proceeds thereof deposited in the bank where the original bonds are payable, in which case the refunding bonds may be issued in an amount sufficient to pay the principal and interest on the original bonds to their option date or maturity date, and the Comptroller shall register them without concurrent surrender and cancellation of the original bonds.

Bonds to be approved by Attorney General of Texas

Sec. 10. After any bonds (including refunding bonds) are authorized by the District, such bonds and the record relating to their issuance shall be submitted to the Attorney General for his examination as to
the validity thereof. If he finds such bonds have been properly au-
thorized in accordance with the Constitution and this Act, he shall
approve such bonds and the same then shall be registered by the Com-
troller of Public Accounts. Thereafter, the bonds shall be valid, bind-
ing and enforceable obligations of the District and shall be incontestable
for any cause.

Taxes and tax elections authorized
Sec. 11. The Board of Directors may upon a favorable majority
vote of the qualified property taxpaying electors of the District, voting
at an election held for the purpose within the boundaries of such Dis-
trict, levy, assess and collect annual taxes to provide funds necessary
to construct or acquire, maintain and operate works, plants and facilities
deemed essential or beneficial to the District and its purposes, and also
when so authorized may levy, assess and collect annual taxes to provide
funds adequate to defray the cost of the planning, maintenance, opera-
tion, organization and administration of the District. Elections for the
levy of such taxes shall be ordered by the Board of Directors and
notice thereof shall be given and same shall be held and conducted
and the results thereof determined in the manner provided herein with
relation to elections for the authorization of bonds. All taxes levied
by the District for any purpose shall constitute a lien on the property
against which levied and limitation shall not bar the enforcement or
collection thereof. In calling an election for taxes under this Section 11,
the Board of Directors shall specify the maximum rate of tax which is
sought to be levied and no tax in excess of that amount may be levied
without submitting the question of the increased rate of taxation at an
election as provided.

Levy, assessment and collection of taxes
Sec. 12. The District shall have all the rights, powers, duties and
functions and shall observe the procedures, insofar as the same may be
applicable and not in conflict with this Act, in the levy, equalization and
collection of ad valorem taxes as are provided for Water Control and Im-
provement Districts under Chapter 25, Acts of the Regular Session of the
Thirty-ninth Legislature of Texas in 1925, as heretofore or hereafter
amended and to provide anything necessary in the accomplishment of
the foregoing in carrying out the purposes of this Act.

District depository
Sec. 13. The Board of Directors shall designate one or more banks to
serve as depository for the funds of the District. All funds of the District
shall be deposited in such depository bank or banks except that funds
shall be remitted to the bank or banks of payment of principal of and
interest on outstanding bonds of the District. To the extent that funds
in the depository bank or banks are not insured by the Federal Deposit
Insurance Corporation, they shall be secured in the manner provided by
law for the security of county funds. Membership on the Board of
Directors of an officer or director of a bank shall not disqualify such
bank from being designated as depository.

Bonds eligible for investment and to secure deposits
Sec. 14. All bonds of the District shall be and are hereby declared
to be legal and authorized investments for banks, savings banks, trust
companies, building and loan associations, savings and loan associations,
insurance companies, fiduciaries, trustees, guardians and sinking funds
of cities, towns and villages, counties, school districts or other political
subdivisions of the State of Texas, and for all public funds of the State
of Texas, or its agencies including the State Permanent School Fund.
Such bonds shall be eligible to secure deposit of any and all public funds of the State of Texas, and any and all public funds of cities, towns, villages, counties, school districts or other political subdivisions or corporations of the State of Texas; and such bonds shall be lawful and sufficient security for said deposits to the extent of their value, when accompanied by all unmatured coupons appurtenant thereto.

District and bonds exempt from taxation

Sec. 15. The accomplishment of the purposes stated in this Act being for the benefit of the people of this State and for the improvement of their properties and industries, the District in carrying out the purposes of this Act will be performing an essential public function under the Constitution and shall not be required to pay any tax or assessment on the project or any part thereof, and the bonds issued hereunder and their transfer and the income therefrom, including the profits made on the sale thereof, shall at all times be free from taxation within this State.

All the terms and provisions of the Act are to be liberally construed to effectuate the purposes herein set forth.

Savings clause

Sec. 17. Nothing in this Act shall be construed to violate any provision of the Federal or State Constitutions, and all acts done under this Act shall be done in such a manner as will conform thereto, whether herein expressly provided or not. Where any procedure hereunder may be held by any court to be violative of either of such Constitutions, the District shall have the power by resolution to provide an alternative procedure conformable to such Constitutions. If any provisions of this Act shall be invalid, such fact shall not affect the creation of the District, or the validity of any other provisions of this Act, and the Legislature hereby declares that it would have created the District and enacted the valid provisions of this Act, notwithstanding invalidity of any other provision or provisions hereof. Sec. 12. In the event that the District, in the exercise of the power of eminent domain or police power, or any other power, requires the relocation, raising, lowering, rerouting, or change in grade or alteration in the construction of any railroad, electric transmission, telegraph or telephone lines, conduits, poles, properties or facilities, or pipelines, all such relocation, raising, lowering, rerouting, or changes in grade or alteration of construction shall be accomplished at the sole expense of the District. Sec. 13. This District is hereby created notwithstanding any of the provisions of the Municipal Annexation Act, being Chapter 160, Acts of the 58th Legislature, 1963 (Article 970a, Vernon’s Texas Civil Statutes), and said Municipal Annexation Act shall have no application to this District.

Sec. 14. It is determined and found that a proper and legal notice of the intention to introduce this Act, setting forth the general substance of this Act, has been published at least thirty (30) days and not more than ninety (90) days prior to the introduction of this Act in the Legislature of Texas, in a newspaper having general circulation in Mason County, Texas; that a copy of such notice and a copy of this Act have been delivered to the Governor of Texas who has submitted such notice and Act to the Texas Water Commission, and said Texas Water Commission has filed its

The Board of Directors of the District shall select any bank or trust company in the State of Texas to act as depository of the proceeds of the bonds or revenues derived from the operation of the facilities of the District, and said depository shall furnish such indemnity bonds or pledge such securities or meet such other requirements as determined by the Board of Directors of the District. The District may select one or more depositories.

Sec. 16. Without limiting the powers granted to the District by this Act, the District shall specifically have the right, power, privilege, function, and authority to control, develop, store and preserve the waters and flood waters of the Llano and San Saba Rivers and their tributaries within Mason County, and to distribute same within or without the boundaries of the District for any beneficial or useful purpose and to purchase, acquire, build, construct, improve, extend, reconstruct, repair and maintain any and all dams, structures, waterworks systems, sanitary or storm sewer or drainage or irrigation systems, buildings, waterways, pipelines, distribution systems, ditches, lakes, ponds, reservoirs, plants, and facilities and any and all other facilities or equipment in aid thereof, and to purchase or acquire the necessary sites, easements, rights-of-way, land or other properties necessary therefor and to do any and all acts and things which may be necessary to the exercise of any or all of the rights, powers, privileges, functions and authority of the District; and same may be accomplished by any and all practical means, and the District may sell water and other services.

Sec. 17. In addition to the powers and purposes authorized by the General Law pertaining to water control and improvement districts created under Article 16, Section 59, of the Constitution of Texas, the District may issue any kind of bonds or refunding bonds for any or all of such purposes herein provided and provide and make payment therefor and for necessary expenses in connection therewith.

Sec. 18. Any kind of bonds or refunding bonds may be sold at a price and under terms determined by the Board of Directors of the District, and may be sold at a private or public sale, but none of said bonds or refunding bonds shall be sold for less than ninety-five per cent of their face value. The District may exchange bonds or refunding bonds for property acquired by purchase, or in payment of the contract price of work done or materials furnished or services furnished for the use and benefit of the District, but such exchange of bonds or refunding bonds for property or facilities acquired by purchase or in payment of the contract price for work done or materials furnished or services furnished shall not be on a basis of less than ninety-five per cent of the face value of the bonds or refunding bonds so exchanged or used for payment as herein specified.

Sec. 19. The provisions of Section 77b, Chapter 25, General Laws, Acts of the 39th Legislature, Regular Session, 1925, as added (codified as Article 7880—77b, Vernon's Texas Civil Statutes), or any other general law, pertaining to the calling of a hearing for the determination of the dissolution of a district where a bond election has failed shall be inapplicable to this District, and this District shall continue to exist and shall have full power to function and operate regardless of the outcome of any bond election. Upon the failure of any bond election, a subsequent bond election may be called after the expiration of thirty (30) days from the date of the bond election which failed.
Sec. 20. Notice of all elections may be given under the hand of either the president or the secretary of the District.

Sec. 21. The returns of all elections may be canvassed by the Board of Directors of the District at any time within seven (7) days after the holding of an election, or as soon thereafter as reasonably practicable.

Sec. 22. The accomplishment of the purposes stated in this Act being for the benefit of the people of this State and for the improvement of their properties and industries, the District in carrying out the purpose of this Act will be performing an essential public function under the Constitution, and the District shall not be required to pay any tax or assessment on the project or any part thereof or on any purchases made by the District, and the bonds issued hereunder and their transfer and the income therefrom, including the profits made on the sale thereof, shall at all times be free from taxation within this State.

Sec. 23. All bonds and refunding bonds of the District shall be and are hereby declared to be legal, eligible and authorized investments for banks, savings and loan associations, insurance companies, fiduciaries, trustees, guardians, and for the sinking funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas. Such bonds and refunding bonds shall be eligible to secure the deposit of any and all public funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas; and such bonds shall be lawful and sufficient security for said deposits to the extent of their face value, when accompanied by all unmatured coupons appurtenant thereto.

Sec. 24. The District may acquire the authority to levy an ad valorem tax if the Board of Directors calls an election to submit such question to the resident qualified property taxpaying voters; and a majority of the qualified property taxpaying voters participating in the election vote in favor of such tax.

The election shall be called, conducted, held, and the returns made thereof and all notices shall be given in the same mode and manner as required by General Law for bond elections in water control and improvement districts.

If the election carries, the Board shall have the authority to levy the amount or not to exceed the amount of tax specified in the order calling the election. The tax so authorized to be levied may be used to accomplish the purpose of the creation of the District or may be pledged without the necessity of another election to the payment of tax bonds for such purpose in accordance with the General Law governing water control and improvement districts.

If taxes are levied, the values of the property in said District shall be the same values as are shown on the county tax rolls, and the provisions of the General Law with reference to water control and improvement districts shall govern the appointment, qualification and duties of the District’s tax assessor.

Sec. 25. Section 1. There is hereby created within the State of Texas, in addition to the Districts into which the State has heretofore been divided, a Conservation and Reclamation District to be known as the "Newton County Navigation District" (hereinafter called the "District"). (j) To acquire by gift or purchase any and all properties of any kind, including lighters, tugs, barges and other floating equipment of any nature, real, personal or mixed, or any interest therein within or outside of the boundaries of the District necessary to the exercise of the powers, rights, privileges and functions conferred upon it by this Act and by condemnation within the boundaries of the District in the manner provided by General Law for condemnation by counties, provided that the District shall not be required to give bond for appeal or bond for costs in any judicial proceedings.

(k) To expend all sums reasonably necessary or expedient for seeking cooperation in accomplishing the objects of this Act from the Federal Government and/or any and all other persons, creatures or entities, whether natural or creatures of law or contract.

Sec. 4. All powers of the District shall be exercised by a Board of Directors (hereinafter called “Board”), each of whom shall serve for a period of two (2) years except for the Directors initially appointed. The Board shall consist of five (5) members. One member shall be appointed from each Commissioners Precinct of Newton County and one member shall be appointed from the county-at-large. The members initially appointed from Commissioners Precincts No. 2 and No. 4 shall serve until January 1, 1966, and the members initially appointed from Commissioners Precincts No. 1 and No. 3, and from the county-at-large shall serve until January 1, 1967. The bond of the first Board of Directors shall be approved by the County Judge of Newton County and the bonds of all Directors thereafter appointed shall be approved by the Board of Directors.

Vacancies occurring on the Board shall be filled by appointment by the Commissioners Court. Any person over the age of twenty-one (21) years residing within the District and within the Commissioners Precinct

Sec. 5. No Director shall be paid any sum whatsoever for his services as a Board member or as a member of any committee authorized by the Board. Actual expense incurred by any member of the Board in performing any service for the District may be reimbursed if authorized and approved by the Commissioners Court.

Sec. 6. Any Director or officer shall be subject to removal or suspension from office by the affirmative vote of three (3) Directors for incompetency, official misconduct, official gross negligence, habitual drunkenness or for nonattendance at six (6) consecutive regular meetings of the Board, provided that no Director or officer shall be removed or suspended from office until charges in writing are filed against him and he is given opportunity for a fair hearing before the Board of Directors.

Sec. 7. At the first meeting of the Board after this Act becomes effective and the initial Board of Directors has qualified for and has taken office, and at the first meeting of the Board held in the month of January of each odd-numbered year commencing with the year 1967, there shall be appointed by a majority of the Board of Directors from its membership a Chairman, a Vice Chairman, a Secretary-Treasurer (these two offices to be combined) and, if deemed proper, an Assistant Secretary and an Assistant Treasurer who need not be a member of the Board of Directors and who may be granted limited powers in the bylaws. The officers so appointed shall serve for a term of two (2) years and until their successors have been appointed except that the Assistant Secretary and the Assistant Treasurer, if such officers are appointed, shall hold office at the pleasure of the Board. A quorum at all meetings of the Board of Directors shall consist of not less than three (3) members. All regular and special meetings of the Board of Directors shall be held as provided for by the bylaws and notice of all such meetings shall be given as required by the bylaws.

Sec. 8. Nothing in this Act shall be construed to authorize the levy or collection of ad valorem taxes upon any property, real, personal or mixed, lying within the District.

Sec. 9. The Board shall cause to be kept complete and accurate accounts conforming to approved methods of bookkeeping. Said accounts and all contracts, documents and records existing shall be kept at its principal office, all of which shall be open to public inspection at all reasonable times. The Board shall cause to be made and completed within ninety (90) days after the end of each calendar year or fiscal year, if the fiscal year shall be different from the calendar year, an audit of the books and accounts and financial records of the District for each year, such audit to be made by an individual certified public accountant or firm of certified public accountants. Copies of such audit, certified by said accountant or accountants, shall be filed with the County Clerk of Newton County, Texas, and at the principal office of the District and shall be open to public inspection at all reasonable times. The moneys of the District shall be distributed only on checks, vouchers, drafts, orders or other written instruments signed by such persons as shall be authorized to sign the same by a resolution of the Board of Directors.

Sec. 10. All officers, agents and employees of the District who shall be charged with the collection, custody or payment of any funds of the District shall give bond conditioned on the faithful performance of their duties and accounting for all funds and properties of the District coming into their respective hands, each of which bonds shall be in form and manner and with a surety authorized to do business in the State of Texas and approved by the Board of Directors. The premiums on such bonds shall be paid by the District and charged as operating expenses.
Sec. 11. The Sabine River Authority of Texas heretofore created by the State of Texas, with powers provided in Section 59 of Article XVI of the Constitution of the State of Texas, shall have the authority, power and right to coordinate its plans with the District herein created, and shall have full authority, power and right to enter into joint undertakings for the purposes for which the District is created; provided, however, that all such acts must be approved by a majority vote of the Board of Directors of each District involved and by the Texas Water Commission or its successor. By this provision, the coordination of navigational planning functions and the joint undertaking of projects at the local and watershed levels are hereby encouraged as necessary for sound and orderly watershed development.

Sec. 12. The District shall have the authority, power and right to coordinate its plans with the Orange County Navigation and Port District and shall have full authority, power and right to enter into joint undertakings for the purposes for which the District is created; provided, however, that all such acts must be approved by a majority vote of the Board of Directors of each District involved and by the Texas Water Commission or its successor.

Sec. 13. For the purpose of providing funds for any of the purposes provided by this Act or other laws relating to navigation districts, the Board of Directors shall have the power from time to time to: (a) issue bonds for and on behalf of the District, which bonds may be secured solely by a pledge of and payable from the net revenues derived from the operation of all or a designated part of the improvements and facilities of the District then in existence or to be constructed or acquired, with the duty on the Board of Directors to charge and collect fees, tolls, and charges, so long as the bonds are outstanding, sufficient to pay all maintenance and operation expenses of the improvements and facilities (the income of which is pledged), the interest on such bonds as it accrues, the principal of such bonds as it matures, and to make any and all other payments as may be prescribed in the bond order or resolution; (b) issue bonds secured by a pledge of all or a part of the proceeds of any one or more contracts theretofore or thereafter made or other revenues or income specified by resolution of the Board of Directors.

Net revenues as used herein shall mean the gross revenues derived from the operation of those improvements and facilities of the District the income of which is pledged to the payment of the bonds less the reasonable expense of maintaining and operating said improvements and facilities, and said maintenance and operation expenses shall include, among other things, necessary repair, upkeep, and insurance of said improvements and facilities.

In the resolution or order adopted by the Board of Directors authorizing the issuance of bonds payable from net revenues or from the proceeds of a contract or contracts the Board may provide for the flow of funds, the establishment and maintenance of an interest and sinking fund, reserve funds, and other funds, and may make such additional covenants with respect to the bonds and the pledged revenues and the operation, maintenance, and upkeep of those improvements and facilities (the income of which is pledged), including provision for the leasing of all or a part of said improvements and facilities and the use or pledge of moneys derived from leases thereof, as it may deem appropriate. Said resolution or order may also prohibit the further issuance of bonds or other obligations payable from the pledged net revenues, or may reserve the right to issue additional bonds to be secured by a pledge of and payable from said net revenues on a parity with, or subordinate to, the lien and pledge in support of the bonds being issued, subject to such conditions as are set forth in said resolution or order. Such resolution or
order may contain such other provisions and covenants, as the Board of Directors shall determine, not prohibited by the Constitution of Texas or by this Act, and the Board may adopt and cause to be executed any other proceedings or instruments necessary and/or convenient in the issuance of said bonds.

Bonds payable solely from net revenues may be issued by resolution or order of the Board of Directors, and no election therefor shall be necessary.

All bonds of the District shall be authorized by resolution or order of the Board of Directors, shall be issued in the name of the District, shall be signed by the Chairman and attested by the Secretary, and shall have the seal of the District impressed thereon; provided, that the resolution or order authorizing such bonds may provide for the bonds to be signed by the facsimile signatures of said Chairman and Secretary, either or both, and for the seal of the District on the bonds to be a printed facsimile seal of the District; and provided further, that the interest coupons, if any, attached to said bonds may also be executed by the facsimile signatures of said officers. Such bonds shall mature serially or otherwise in not to exceed forty (40) years from their date or dates, and may be sold at a price and under terms determined by the Board of Directors to be most advantageous reasonably obtainable, provided that the interest cost to the District, does not exceed six per cent (6%) per annum calculated to the absolute maturity of the bonds, and within the discretion of the Board such bonds may be callable prior to maturity at such time or times and at such price or prices as may be prescribed in the resolution or order authorizing the bonds. Such bonds may be made registerable as to principal, or as to both principal and interest.

After such bonds have been authorized by the District, such bonds and the record relating to their issuance shall be submitted to the Attorney General of Texas for his examination as to the validity thereof, and after the Attorney General has approved the same, such bonds shall be registered by the Comptroller of Public Accounts of Texas. When such bonds have been approved by the Attorney General and registered by the Comptroller they shall thereafter be incontestable. When any bonds recite that they are secured partially or otherwise by a pledge of the proceeds of a contract or contracts made between the District and another party or parties (public agencies or otherwise), a copy of such contract or contracts and of the proceedings authorizing the same shall be submitted to the Attorney General along with the bond record, and the approval by the Attorney General of the bonds shall constitute an approval of such contract or contracts, and thereafter the contract or contracts shall be incontestable.

From the proceeds of the sale of any bonds of the District, the Board of Directors may appropriate or set aside amounts for the payment of interest expected to accrue during the period of construction of the improvements or facilities, for reserve funds, and for expenses incurred and to be incurred in the issuance, sale, and delivery of the bonds.

The Board shall have the power to borrow funds for current expenses and to evidence same by notes or warrants payable not later than the close of any calendar year for which loans are made, provided that all of such notes or warrants shall never exceed the anticipated revenue and may bear, not to exceed, six per cent (6%) interest.

Sec. 14. The Board of Directors shall have the power to issue refunding bonds of the District for the purpose of refunding any outstanding bonds of the District and accrued interest thereon. Such refunding bonds may be issued to refund more than one series or issue of such outstanding bonds and combine pledges for the outstanding bonds for the
security of the refunding bonds, and such refunding bonds may be secured by other and additional revenues; provided, that such refunding will not impair the contract rights of the holders of any of the outstanding bonds which are not to be refunded.

Refunding bonds shall be authorized by resolution or order of the Board of Directors, and shall be executed and mature as is provided in this Act for original bonds. They shall be approved by the Attorney General as in the case of original bonds, and shall be registered by the Comptroller upon surrender and cancellation of the bonds to be refunded, but in lieu thereof, the resolution or order authorizing their issuance may provide that they shall be sold and the proceeds thereof deposited in the place or places where the original bonds are payable, in which case the refunding bonds may be issued in an amount sufficient to pay the interest on the original bonds to their option or maturity date, and the Comptroller shall register them without the surrender and cancellation of the original bonds. All such refunding bonds, after they have been approved by the Attorney General and registered by the Comptroller, shall be incontestable.

Sec. 15. All bonds issued under this Act shall be and are hereby declared to be, and to have all the qualifications of, negotiable instruments under the Negotiable Instruments Law of the State of Texas, and all such bonds shall be and are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, insurance companies, fiduciaries, trustees, guardians, and for the sinking funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas. Such bonds shall be eligible to secure the deposit of any and all public funds of the State of Texas, and any and all public funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas; and such bonds shall be lawful and sufficient security for said deposits to the extent of their face value when accompanied by all unmatured coupons appurtenant thereto.

Sec. 16. (a) District shall apply to and obtain from the Texas Water Commission such permits as it may be required to do by the General Law.

(b) District shall fully comply with the Sabine River Compact and the creation of the Newton County Navigation District shall not in any way affect or alter such Compact.

(c) Prior to the issuance of any revenue bond or bonds, the proceeds of which are to be used in payment of any of the construction provided for or authorized by this Act, District shall submit to the Texas Water Commission or its successor plans and specifications for such construction, and obtain the approval of such Board.

(d) This Act and all the terms and provisions hereof shall be liberally construed to effectuate the purposes set forth herein.

Sec. 17. The provisions of this Act are separable, and if any Section, or part thereof, shall be held unconstitutional or void by any court of competent jurisdiction for any reason, such holding shall not affect the validity of any other Section or part of this Act, and the same shall remain and be in full force and effect, and the Legislature hereby declares that it would have passed the remaining part or parts of this Act.

Sec. 18. It is hereby found that notice of intention to introduce this bill has been published at least thirty (30) days and not more than ninety (90) days prior to its introduction in newspapers having general circulation in counties in which said Authority is situated and in the manner provided by Article XVI, Section 59(d) of the Constitution, that a copy of said notice and of this bill as introduced were delivered to the Governor,

No person shall be appointed a Director unless such person is twenty-one years of age or over and a resident of the State of Texas. Such Director shall not be required to reside within the boundaries of the District. Before any contract for the construction of any of the facilities of the District is awarded each Director shall be required to own land situated within the District and to be subject to taxation by the District. Each Director shall subscribe to the oath of office and give bond in the amount of Five Thousand Dollars ($5,000) for the faithful performance of his duties, the cost of which shall be paid by the District. Immediately after this Act becomes effective, the following named persons shall be Directors of said District:

Phillip A. Masquelette
David Pollan
Gibson Gayle
James B. Sales
Wayne Fisher

If any of the foregoing persons shall die, become incapacitated, refuse to serve or otherwise not be qualified to assume their duties under this Act, the remaining Directors shall appoint his successor. The first two of the above-named Directors shall serve until the 2nd Tuesday in January, 1966; and the last three of the above-named Directors shall serve until the 2nd Tuesday in January, 1967, as provided herein. An election for Directors shall be held on the 2nd Tuesday in January of each year beginning in 1966, and two Directors shall be elected in that year and in each even-numbered year thereafter, and three in each odd-numbered year thereafter. Such election shall be ordered by the Board of Directors, shall be held in compliance with the Texas Election Code and notice of election shall be published once a week for three consecutive weeks in a newspaper of general circulation published in the county in which the District is located with the first publication to be at least twenty-one days prior to the election and no more than thirty-five days prior thereto. Any vacancy occurring in the Board of Directors shall be filled for the unexpired term by a majority of the remaining Directors. The Board of Directors shall elect from its number a President and Secretary and such other officers as in the judgment of the Board are necessary. The Treasurer may be appointed by the Board and shall give bond in such amount as may be required by the Board, conditioned that he or it will faithfully account for all money which shall come into his or its custody as Treasurer of the District. The Board shall appoint all necessary engineers, attorneys, fiscal agents, managers, employees or other personnel as may be needed, and shall adopt a seal for the District.

Sec. 9. The District shall have the right, power and authority to use any and all public roadways, streets, alleys and public easements within
the boundaries of the District in the accomplishment of its purpose, with­
out the necessity of securing a franchise, but only after permission in
writing has been obtained from the appropriate government agency having
jurisdiction over the public property being used.

Sec. 10. In the event that the District in the exercise of the power
of eminent domain or a power of relocation or any other power, makes
necessary the relocation, raising, re-routing or changing the grade of, or
altering the construction of any highway, railroad, electric transmission
line, telephone or telegraph properties and facilities, or pipelines, all such
necessary relocation, raising, re-routing, change of grade or alteration
of construction and any additional expenses required thereby shall be
accomplished at the sole expense of the District. The term “sole expense”
shall mean the actual cost of such relocation, raising, lowering, re-routing,
or changing grade or alteration of construction in providing comparable
replacement without enhancement of such facilities, after deducting there­
from the agreed net salvage value derived from the old facility, together
with any additional or different facility that may be required as a result
of such relocation, raising, lowering, re-routing or change in grade or
alteration of construction in any such facilities.

Sec. 11. The District shall have the right, power and authority to
enter into contracts with the United States of America, the State of Texas
or any subdivision thereof, municipal corporations, owners of land, de­
velopers or lessees of land and properties and others, as may be necessary
or appropriate in connection with the facilities, works or improvements
as the District may be authorized and empowered to perform so that, to
the greatest extent reasonably possible, considering sound engineering
and economic practices, the area may be placed in position ultimately to
receive the services of such facilities, works or improvements. No election
shall be required of any city or town for approval of contracts with the
District, but such contracts may be entered into without the necessity of
an election by any contracting party. Such contracts may be for any term
not to exceed fifty (50) years.

The District shall have the power and authority to enter into a contract
with the City of Houston with respect to compliance with the policy of
the City on the formation of water control and improvement districts with­
in such City's extraterritorial jurisdiction, generally to the effect that:

(a) Bonds may be issued by the District only for the purpose of pur­
chasing and constructing, or purchasing or constructing, or otherwise ac­
quiring waterworks systems, sanitary sewer systems, storm sewer systems
and drainage facilities, or parts of such systems or facilities, and to make
any and all necessary purchases, constructions, improvements, extensions,
additions and repairs thereto, and to purchase or acquire all necessary
land, right-of-way, easements, sites, equipment, buildings, plants, struc­
tures and facilities therefor and to operate and maintain same, and to sell
water and other services within or without the boundaries of the District.
Such bonds issued by the District, other than refunding bonds, shall only
be sold after the taking of public bids therefor, and none of such bonds,
other than refunding bonds, shall be sold for less than one hundred per
cent (100%) of their face value and shall bear interest at the rate of not
more than five per cent (5%) per annum.

(b) The District shall submit the plans and specifications for the con­
struction of water, sanitary sewer and drainage facilities to serve such
District to such City for approval and such District must obtain the ap­
proval thereof by such City before commencing construction thereof. The
construction of the District's water, sanitary sewer and drainage facili­
ties shall be in accordance with the approved plans and specifications and
with applicable standards and specifications of the City of Houston, and
during the progress of the construction and installation of such facilities,
the Director of Public Works of the City of Houston, or an employee thereof, shall make periodic on the ground inspections, and no such construction shall be started or undertaken by the District unless it has in its possession the following:

(c) A certificate of the District's engineer, who shall be a registered professional engineer under the laws of the State of Texas, that, in his opinion, such construction conforms to said City's established standards and specifications; and a letter or certificate of the Director of the Department of Public Works of said City of Houston (or the successor, department, or agency of said Department of Public Works) that, in his opinion, such construction conforms to said City's established standards and specifications.

Sec. 12. The District is fully empowered to borrow money for its corporate purposes including the power to borrow money and accept grants, gratuities, or other support from the United States of America, or the State of Texas, or from any corporation or agency created or designated by the United States of America or the State of Texas, or from any other source, and in connection with any such loan, grant or other support, to enter into such arrangements as the Board of Directors may deem advisable. The District is granted full powers to authorize, execute, and sell bonds, to be supported solely by revenues, to evidence any indebtedness it may lawfully incur and in such connection the Board of Directors may proceed as permitted under the General Laws pertaining to the issuance of bonds by water control and improvement districts, including refunding bonds. Bonds payable solely from net revenues of the District's operation or from the proceeds of any contract for the District's services may be issued by resolution of the Board of Directors and no hearing or election therefore shall be required of any contracting party. All bonds issued by the District pursuant to the provision of this Act shall constitute negotiable instruments within the meaning of the Negotiable Instruments Law of this State. Before any bonds shall be sold by the District, a certified copy of the proceedings for the issuance thereof, including the form of such bonds, together with any other information which the Attorney General of Texas may require, shall be submitted to the Attorney General, and if he shall find that such bonds have been issued in accordance with the law, he shall approve such bonds and execute a certificate of approval which shall be filed in the office of the Comptroller of Public Accounts of the State of Texas, and be recorded in a record kept for that purpose. No bonds shall be issued until the same shall have been registered by the Comptroller of Public Accounts, who shall so register the same if the Attorney General shall have filed with the Comptroller of Public Accounts his certificate approving the bonds, and the proceedings for the issuance thereof, as hereinafore provided. When bonds or the proceedings pertaining thereto recite that they are secured by a pledge of the proceeds of a contract theretofore made between the District and any city, district, or other user, a copy of such contract and proceedings of the contracting parties shall be submitted to the Attorney General with the bond record and if such bonds have been duly authorized and such contracts made in compliance with the law, he shall approve the bonds and contracts and the bonds shall then be registered by the Comptroller of Public Accounts. When approved as aforesaid, the bonds and contracts shall be valid and binding and shall be incontestable for any cause. No bonds shall be issued until the same have been submitted to and reviewed by the Texas Water Commission as provided by Article 7880-139, Vernon's Texas Civil Statutes, as amended, followed by full compliance by the District with all requirements made by the Commission pursuant to such Statute.

All bonds of the District shall be and are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, savings and loan associations, insurance
companies, fiduciaries, trustees and sinking funds of cities, towns and villages, counties, school districts, or other political subdivisions of the State of Texas, and for all public funds of the State of Texas or its agencies, including the State Permanent School Fund. Such bonds shall be eligible to secure deposit of any and all public funds of the State of Texas, and any and all public funds of cities, towns, villages, counties, school districts or other political subdivisions or corporations of the State of Texas; and such bonds shall be lawful and sufficient security for said deposits to the extent of their value, when accompanied by all unmatured coupons pertinent thereto.

Sec. 13. The Board of Directors shall designate one or more banks within or without the District to serve as depository for the funds of the District. All funds of the District shall be deposited in such depository bank or banks except that sufficient funds shall be remitted to the bank or banks of payment of principal of and interest on the outstanding bonds of the District and in time that such may be received by the said bank or banks of payment on or prior to the date of the maturity of such principal and interest so to be paid. To the extent that funds in the depository bank or banks are not insured by the Federal Deposit Insurance Corporation, they shall be secured in the manner provided by law for the security of county funds.

Sec. 14. A complete system of accounts shall be kept by the District and an audit of its affairs for each year shall be prepared by an independent certified public accountant, or a firm of independent certified public accountants, of recognized integrity and ability. The fiscal year of the District shall be from October 1 to September 30 of the following year, unless and until changed by the Board of Directors. A written report of the audit shall be delivered to each member of the Board of Directors not later than ninety (90) days after the close of each fiscal year; and a copy of such audit report shall be delivered upon request to the holder or holders of at least twenty-five per cent (25%) of the then outstanding bonds of the District; and at least five (5) additional copies of said audit shall be delivered to the office of the District, one of which shall be kept on file, and shall constitute a public record open to inspection by any interested person or persons within normal office hours. The cost of such audit shall be paid for by the District.

Sec. 15. The accomplishment of the purposes stated in this Act being for the benefit of the people of this State and for the improvement of their properties and the industries thereof, the District in carrying out the purposes of this Act will be performing an essential public function under the Constitution and shall not be required to pay any tax or assessment on its properties or any part thereof, and the bonds issued hereunder and the income therefrom, including the profits made on the sale thereof, shall at all times be free from taxation within this State.

Sec. 16. This District is hereby created notwithstanding any of the provisions of the Municipal Annexation Act, being Article 970a, Vernon's Texas Civil Statutes, and to the extent of the creation of the District only, said Article 970a shall have no application. In all other respects, the District hereby created is expressly made subject to all provisions of said Article 970a.

Sec. 17. The Legislature specifically finds and declares that the requirements of Article 16, Section 59, of the Constitution of Texas, have been done and accomplished in due course and time, and in due order, and that the Legislature has the power and authority to enact this Act.

Sec. 18. The Legislature hereby declares that the enactment hereof is in fulfillment of a duty conferred upon it by Section 59 of Article 16 of the Constitution of the State of Texas wherein it is required to pass
such laws as may be appropriate in the preservation and conservation of the natural resources of the State; that the District herein created is essential to the accomplishment of such purposes and that this Act therefore operates on a subject in which the State and the public at large are interested. All of the terms and provisions of this Act are to be liberally construed, to effectuate the purposes, powers, rights and authorities herein set forth.

Sec. 19. Nothing in this Act shall be construed to violate any provision of the Federal or State Constitutions and all acts done hereunder shall be done in such manner as may conform thereto whether herein expressly provided or not. Where any procedure hereunder may be held by any court to be violative of either of such Constitutions, the District shall have the power of resolution to provide an alternative procedure conformable to such Constitutions. If any provision of this Act shall be invalid such fact shall not affect the creation of the District or the validity of any other provision of this Act, and the Legislature hereby declares that it would have created the District and enacted the valid provisions of this Act notwithstanding the invalidity of any other provision or provisions thereof. Acts 1965, 59th Leg., p. 1491, ch. 648.

Art. 8280—339. Galveston County Water Authority

Section 1. Under and pursuant to the provisions of Section 59 of Article XVI, Constitution of Texas, a Conservation and Reclamation District is hereby created and incorporated in Galveston County, Texas, to be known as "Galveston County Water Authority of Galveston County, Texas," hereinafter referred to as "District," which shall be a governmental agency and body politic and corporate and a municipal corporation.

Sec. 2. The District shall be comprised of all of the territory contained within Galveston County, Texas, and its boundaries shall be the same as and coextensive with the boundaries of Galveston County, Texas.

Sec. 3. The District shall have and exercise and is hereby vested with all rights, powers, privileges, authority and duties conferred and imposed by the General Laws of this State now in force or hereafter enacted applicable to water control and improvement districts created under authority of Section 59 of Article XVI, Constitution of Texas, but to the extent that the provisions of such General Laws may be in conflict or inconsistent with the provisions of this Act, the provisions of this Act shall prevail. All such General Laws are hereby adopted and incorporated by reference with the same effect as if incorporated in full in this Act.
Without in any way limiting the generalization of the foregoing, it is expressely provided that the District shall have and exercise, and is hereby vested with, all of the rights, powers, privileges and duties conferred and imposed by Chapter 3A of Title 128, Revised Civil Statutes of Texas, 1925, together with all amendments thereof and additions thereto. Said District shall have the power to make, construct, or otherwise acquire improvements either within or without the boundaries thereof necessary to carry out the powers and authority granted by this Act and said General Laws; provided, however, that the exercise of the power of eminent domain shall not extend beyond the boundaries of the District, nor shall said District have the power of eminent domain as to all or any part of the water supply, property, works or facilities of any private person or persons, or of any private or public corporation or association engaged in the business of supplying water in Galveston County, Texas, to any class of consumers for any use upon the effective date of this Act, but this provision shall not restrict the power of the District to acquire necessary crossing easements and rights-of-way. Not by way of limitation, such District shall be authorized and empowered to conserve, store, transport, treat and purify, distribute, sell and deliver water, both surface and underground, to persons, corporations, both public and private, political subdivisions of the State and others, and may purchase, construct or lease all property, works and facilities, both within and without the District, necessary or useful for such purposes. The District is expressly authorized to acquire water supplies from sources both within or without the boundaries of the District and to sell, transport and deliver water to customers situated within or without the District and to acquire all properties and facilities necessary or useful for such purposes, and for any or all of such purposes may enter into contracts with persons, corporations, both public and private, and political subdivisions of the State for such periods of time, not exceeding forty (40) years, and on such terms and conditions as its Board of Directors may deem desirable. Nothing herein shall be construed as impairing or affecting the powers, authority, rights or duties of any municipal corporation or conservation and reclamation district heretofore or hereafter created within, or partially within, the boundaries of the Authority or to require any such corporation or district to contract with the Authority for its water supply. In the event that the District in the exercise of the power of eminent domain or power of relocation, or any other power granted hereunder, makes necessary the relocation, raising, re-routing or changing the grade of, or altering the construction of, any highway, railroad, electric transmission line, telephone or telegraph properties and facilities, or pipeline, all such necessary relocation, raising, re-routing, changing of grade or alteration of construction shall be accomplished at the sole expense of the District. The term “sole expense” shall mean the actual cost of such relocation, raising, re-routing, or change in grade or alteration of construction in providing comparable replacement without enhancement of such facilities after deducting therefrom the net salvage value derived from the old facility.

Sec. 4. The District shall have no power or authority to levy and collect taxes on any property real, personal or mixed, within the boundaries of said District, nor shall the District have power or authority to issue bonds or create indebtedness which would in any way be payable from ad valorem taxes levied upon property within said District; and provided further that said District shall have none of the powers conferred by said Chapter 3A of Title 128 for the purposes of the collection, transportation, processing, disposal and control of domestic, industrial or communal wastes, and the gathering, conducting, directing and controlling of local storm waters, or other local harmful excesses or water.
Sec. 5. The management and control of the District is hereby vested in a Board of seven (7) directors which shall have all of the powers and authority and duties conferred and imposed upon boards of directors of water control and improvement districts organized under the provisions of Chapter 25, Acts of the 39th Legislature, passed in 1925, and amendments thereto incorporated in Title 128, Chapter 3A of Vernon's Civil Statutes of the State of Texas and amendments thereto. Upon the effective date of this Act, the following named persons shall be and constitute the Board of Directors of said District:

Position 1: Arthur Alpert
Position 2: Alvin Kelso
Position 3: A. R. Anderson
Position 4: W. R. Nisbet
Position 5: C. J. Holgrave
Position 6: Charles Kilgore
Position 7: Gaddis Wittjen

who shall serve until May 1, 1967, and shall meet and organize as soon as practicable after the effective date of this Act, and shall file their official bonds and subscribe to the Constitutional Oath of office. Vacancies on the Board of Directors, whether by death, resignation or termination of the term of office, shall be filled by appointment by the Commissioners Court of Galveston County. All terms of office shall be for a period of two (2) years except that the first term of office after May 1, 1967, for Positions 2, 4 and 6 shall be for a term of one (1) year. Three (3) of the members appointed by the Commissioners Court shall be registered professional engineers under the laws of Texas.

Sec. 6. The bonds of the District shall be and are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, savings and loan associations, insurance companies, fiduciaries, trustees, and for the sinking fund of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas. Such bonds shall be eligible to secure the deposit of any and all public funds of the State of Texas, and any and all public funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas; and such bonds shall be lawful and sufficient security for said deposits to the extent of their value, when accompanied by all unmatured coupons pertinent thereto.

Sec. 7. Said District is hereby authorized to issue its negotiable revenue bonds to provide funds for any or all of the purposes set out in Section 3 hereof, including the acquisition of land therefor, and said bonds shall be issued in the manner provided and as authorized by said Chapter 3A of Title 128, as presently or hereafter amended, except as provided herein; provided, however, that nothing contained herein shall relieve said District from complying with the provisions of Article 7880—139 of said Chapter 3A of Title 128 in the issuance of any bonds. Such revenue bonds may be issued when duly authorized by an order or orders passed by the District's Board of Directors, and the bonds issued hereunder may be payable from all or any designated part or parts of the revenues of said District's properties and facilities, as may be provided in said order or orders authorizing the issuance of such bonds; and, except as the same may be inconsistent or in conflict with the provisions of this Act, the provisions of said Chapter 3A, as presently or hereafter amended, shall apply to revenue bonds issued under the provisions of this Act (the provisions of this Act to govern and take precedence in the event of any such inconsistency or conflict). In the order or orders authorizing the issuance of any revenue or revenue refunding bonds au-
Authorized hereunder, the District's Board of Directors may provide for the flow of funds, the establishment and maintenance of the interest and sinking fund or funds, reserve fund or funds, and other funds, and may make additional covenants with respect to the bonds and the pledged revenues and the operation and maintenance of those improvements and facilities (the revenues of which are pledged) including provisions for the operation or for the leasing of all or any part of said improvements and facilities and the use or pledge of moneys derived from such operation contracts and leases, as such Board may deem appropriate. Such order or orders may also prohibit the further issuance of bonds or other obligations payable from the pledged revenues, or may reserve the right to issue additional bonds to be secured by a pledge of and payable from said revenues on a parity with, or subordinate to, the lien and pledge and support of the bonds being issued, subject to such conditions as are set forth in said order or orders. Such order or orders may contain other provisions and covenants, as the District's Board may determine, not prohibited by the Constitution of Texas or by this Act, and said Board may adopt and cause to be executed any other proceedings or instruments necessary and/or convenient in the issuance of any such bonds. From the proceeds of sale of any bonds issued hereunder, the District may appropriate or set aside out of the bond proceeds an amount for the payment of interest expected to accrue during the period of construction, an amount or amounts to be deposited into the reserve fund or funds as may be provided in the bond order or orders, and an amount necessary to pay all expenses incurred and to be incurred in the issuance, sale and delivery of the bonds. Moneys in the interest and sinking fund or funds, and the reserve fund or funds, and in the other fund or funds established or provided for in the bond order or orders may be invested in such manner and in such securities as may be provided in the bond order or orders. Such bonds may be in the denomination of $100, or in multiples thereof, and until such time as the bond proceeds are needed to carry out the bond purpose, such proceeds may be invested in direct obligations of the United States of America or may be placed on time deposit, either or both. Any such revenue bonds or the revenue refunding bonds hereinafter mentioned may be registrable as to principal, or as to both principal and interest. All revenue bonds issued hereunder and the record relating to their issuance shall be submitted to the Attorney General of the State of Texas for his examination as to the validity thereof, and after said Attorney General has approved the same, such bonds shall be registered by the Comptroller of Public Accounts of the State of Texas. When said bonds have been approved by the Attorney General, registered by the Comptroller of Public Accounts, and delivered to the purchasers, they shall thereafter be incontestable except for forgery or fraud. By order or orders duly adopted by its Board of Directors, said District shall have the power and authority to issue revenue refunding bonds to refund revenue bonds (either original bonds or refunding bonds) theretofore issued by such District, and such refunding bonds shall bear interest at the same or lower rate or rates than that of the bonds refunded unless it is shown mathematically that a saving will result in the total amount of interest to be paid. Said refunding bonds shall be approved by the Attorney General as in the case of original bonds, and shall be registered by the Comptroller of Public Accounts upon the surrender and cancellation of the bonds to be refunded, but in lieu thereof, the order or orders authorizing their issuance may provide that they shall be sold and the proceeds thereof deposited in the place or places where the underlying bonds are payable, in which case the refunding bonds may be issued in an amount sufficient to pay the interest on the underlying bonds to their option or maturity date, and the Comptroller of Public Accounts shall register them without the surrender and cancellation of the underlying bonds. All such refunding bonds, after they have been approved by the Attorney General and registered by the Comptroller of Public Ac-
count, shall be incontestable except for forgery or fraud. The owners or holders of such revenue or revenue refunding bonds shall never have the right to demand payment of either the principal of or interest on such bonds out of any funds raised or to be raised by taxation.

Sec. 8. When any of such revenues are pledged to the payment of any bonds issued by said District, it shall be the right and duty of the District’s Board of Directors to cause to be fixed, maintained and enforced charges, fees or tolls for services rendered by properties and facilities, the revenues of which have been pledged, at rates and amounts at least sufficient to comply with and carry out the covenants and provisions contained in the order or orders authorizing the issuance of said bonds. The District shall have the right to impose penalties for failure to pay, when due, such charges, fees or tolls.

Sec. 9. Upon the adoption of this Act, said District shall be a fully created and established water control and improvement district, but having the limitations of its powers, as hereinbefore set out in this Act.

Sec. 10. As soon as practicable after the qualification of the first Board of Directors of said District, said Board shall by resolution designate one or more banks within the District to serve as the District’s depository, and all funds of said District shall be secured in the manner provided for the security of county funds. Such bank or banks shall serve for a period of two (2) years and until a successor has been selected.

Sec. 11. The Legislature hereby exercises the authority conferred upon it by Section 59 of Article XVI, Constitution of Texas, and declares that the District created by this Act is essential to the accomplishment of the purposes of said Constitutional provision; finds that all of the land and other property included in the area and boundaries of the District are, and will be, benefited by the improvements that the District will purchase, construct or otherwise acquire; and that the District is created to serve a public use and benefit; and declares the District to be a governmental agency, a body politic and corporate and a municipal corporation.

Sec. 12. If any word, phrase, clause, sentence, paragraph, section, or other part of this Act or the application thereof to any person or circumstance, shall ever be held by a court of competent jurisdiction to be invalid or unconstitutional, the remainder of the Act and the application of such word, phrase, clause, sentence, paragraph, section, or other part of this Act to other persons or circumstances shall not be affected thereby.

Sec. 13. It is determined and found that a proper and legal notice of the intention to introduce this Act, setting forth the general substance of this Act, has been published at least thirty (30) days and not more than ninety (90) days prior to the introduction of this Act in the Legislature of Texas, in a newspaper having general circulation in Galveston County, Texas; that a copy of such notice and a copy of this Act have been delivered to the Governor of Texas who has submitted such notice and Act to the Texas Water Commission, and said Texas Water Commission has filed its recommendation as to such Act with the Governor, Lieutenant Governor and Speaker of the House of Representatives of Texas within thirty (30) days from the date such notice and Act were received by the Texas Water Commission; and that all the requirements and provisions of Article XVI, Section 59(d) of the Constitution of the State of Texas have been fulfilled and accomplished as therein provided. Acts 1965, 59th Leg., p. 1648, ch. 712, emerg. eff. June 18, 1965.

Art. 8280—340. Cypress Valley Navigation District

Section 1. There is hereby created within the State of Texas, in addition to the Districts into which the State has heretofore been divided, a Navigation, Conservation and Reclamation District to be known as the "Cypress Valley Navigation District" (hereinafter called the "District"). Such District shall be and is hereby declared to be a governmental agency and body politic and corporate with the powers of government and with the authority to exercise the rights, privileges and functions hereinafter specified, and the creation of such District is hereby determined to be essential to the accomplishments of the purposes of Section 59 of Article XVI of the Constitution of the State of Texas.

Sec. 2. This Cypress Valley Navigation District shall include all of the territory lying within the watershed of the Cypress River, and its tributary streams lying within the boundaries of Harrison County and Marion County, as the same is made certain by the State contour maps now on file in the office of the Texas Water Commission, to which maps and records reference is here made, and it is hereby found and determined that all of the land included in the District shall be benefited by the exercise of the power conferred by this Act.

It is recognized that this boundary overlaps, in part, an area included within the Northeast Texas Municipal Water District as created by the 53rd Legislature, Acts of 1953, page 114, Chapter 78 and amendments thereto, and nothing herein is intended to alter in any manner the rights, duties, privileges, powers and immunities of that agency.

Sec. 3. Except as expressly limited by this Act, the District shall have and is vested with all powers, rights, privileges and functions conferred upon navigation districts created pursuant to Section 59, Article XVI of the Constitution of the State of Texas, and shall likewise have and is vested with all powers, rights, privileges and functions conferred upon navigation districts by General Law. Without limitation of the generality of the foregoing, the District shall have and is hereby authorized to exercise the following powers, rights, privileges, and functions:

(a) The right, power and authority to promote, construct, maintain, and operate and/or to make practicable, promote, aid and encourage the construction, maintenance and operation of navigable canals or waterways and all navigational systems or facilities auxiliary thereto, using the natural bed and banks of the Cypress River, its tributary streams and Caddo Lake in so doing where practicable.

(c) To construct, extend, improve, repair, maintain and reconstruct or cause to be constructed, extended, improved, repaired, maintained and reconstructed, and own, use and operate any and all facilities of any kind necessary or convenient to the exercise of such powers, rights, privileges and functions as are herein granted.

(d) To sue and be sued in its corporate name.

(e) To adopt, use and alter a corporate seal.
(f) To make bylaws, rules and regulations for the management, control and regulation of its affairs.

(k) To acquire by gift or purchase any and all properties of any kind, including lighters, tugs, barges and other floating equipment of any nature, real, personal or mixed, or any interest therein, within or outside of the boundaries of the District necessary or convenient to the exercise of the powers, rights, privileges and functions conferred upon it by this Act and by condemnation within the boundaries of the District in the manner provided by General Law for condemnation by Counties, provided that the District shall not be required to give bond for appeal or bond for costs in any judicial proceedings.

The Board shall consist of ten (10) members, all of whom shall be from Harrison County and Marion County.

(b) Before entering upon their duties, each of such Directors shall make and enter into a good and sufficient bond in the sum of One Thousand Dollars ($1,000), payable to the County Judge of Harrison County and Marion County, for the use and benefit of the Navigation District conditioned upon the faithful performance of their duties, and the cost of which shall be paid by the District.

(c) The initial Board shall consist of the following persons who shall serve until the dates indicated after their names:

Will M. Power, January 1, 1967;
Franklin Jones, Sr., January 1, 1966;
If any of the aforementioned persons shall die, become incapacitated or otherwise not be qualified to assume their duties under this Act, the Commissioners Court of the county of residence of person to be replaced shall designate and appoint his successor who shall serve until his successor shall have been appointed and qualified for office.

Within not less than ten (10) nor more than thirty (30) days prior to the expiration of the term of office of each Director, the Commissioners Court of the County of residence of the retiring Director shall designate a successor, and each successor so appointed shall serve for a term of two (2) years. All Directors shall hold office until their successors have been designated and have qualified by taking the oath of office. Before entering upon the duties of his office, each member of the Board shall take the Constitutional Oath of office and the same shall be filed in writing with the Secretary of the Board. Vacancies occurring on the Board shall be filled by appointment by the Commissioners Court of the County of residence of the retiring Director. Sec. 5. No Director shall be paid any sum whatsoever for his services as a Board member or as a member of any committee authorized by the Board. Actual expense incurred by any member of the Board in performing any service for the District may be reimbursed; provided, however, that all such reimbursement shall be paid out of funds raised in the County of residence of the Director.

Sec. 6. Any Director or officer shall be subject to removal or suspension from office by the affirmative vote of ten (10) Directors for incompetency, official misconduct, official gross negligence, habitual drunkenness or for nonattendance at six (6) consecutive regular meetings of the Board, provided that no Director or officer shall be removed or suspended from office until charges in writing are filed against him and he is given opportunity for a fair hearing before the Board of Directors.

Sec. 7. At the first meeting of the Board after this Act becomes effective and the initial Board of Directors, as herein designated, have qualified for and have taken office, and at the first meeting of the Board held in the month of January of each odd-numbered year commencing with the year 1965, there shall be appointed by majority of the Board of Directors from its membership a Chairman, a Vice Chairman, a Secretary-Treasurer (these two offices to be combined) and, if deemed proper, an Assistant Secretary and an Assistant Treasurer who need not be a member of the Board of Directors and who may be granted limited powers in the bylaws. The officers so appointed shall serve for a term of two (2) years and until their successors have been appointed except that the Assistant Secretary and the Assistant Treasurer, if such officers are appointed shall hold office at the pleasure of the Board. A quorum at all meetings of the Board of Directors shall consist of not less than eight (8) members. All regular and special meetings of the Board of Directors shall be held as provided for by the bylaws and notice of all such meetings shall be given as required by the bylaws.
Sec. 8. Nothing in this Act shall be construed to authorize the levy or collection of ad valorem taxes upon any property, real, personal or mixed, lying within the District.

Sec. 9. The Board shall cause to be kept complete and accurate accounts conforming to approved methods of bookkeeping. Said accounts and all contracts, documents and records existing shall be kept at its principal office, all of which shall be open to public inspection at all reasonable times. The Board shall cause to be made and completed within ninety (90) days after the end of each calendar year or fiscal year, if the fiscal year shall be different from the calendar year, an audit of the books and accounts and financial records of the District for each year, such audit to be made by an individual Certified Public Accountant or firm of Certified Public Accountants. Copies of such audit, certified by said Accountant or Accountants, shall be filed with the County Clerk of Harrison County and Marion County, Texas, and at the principal office of the District and shall be open to public inspection at all reasonable times. The moneys of the District shall be distributed only on checks, vouchers, drafts, orders or other written instruments signed by such persons as shall be authorized to sign the same by a resolution of the Board of Directors.

Sec. 10. All officers, agents and employees of the District who shall be charged with the collection, custody or payment of any funds of the District shall give bond conditioned on the faithful performance of their duties and accounting for all funds and properties of the District coming into their respective hands, each of which bonds shall be in form and manner and with a surety authorized to do business in the State of Texas and approved by the Board of Directors. The premiums on such bonds shall be paid by the District and charged as operating expenses.

Sec. 11. For the purpose of providing funds for any of the purposes provided for by this Act or other laws relating to navigation districts, the Board of Directors shall have the power from time to time to: (a) issue bonds for and on behalf of the District, which bonds may be secured solely by a pledge of and payable from the net revenues derived from the operation of all or a designated part of the improvements and facilities of the District then in existence or to be constructed or acquired, with the duty of the Board of Directors to charge and collect fees, tolls, and charges, so long as the bonds are outstanding, sufficient to pay all maintenance and operation expenses of the improvements and facilities (the income of which is pledged), the interest on such bonds as it accrues, the principal of such bonds as it matures, and to make any and all other payments as may be prescribed in the bond order or resolution; (b) issue bonds secured by a pledge of all or part of the proceeds of any one or more contracts theretofore or thereafter made or other revenues or income specified by resolution of the Board of Directors. Net revenues as used herein shall mean the gross revenues derived from the operation of those improvements and facilities of the District the income of which is pledged to the payment of the bonds less the reasonable expense of maintaining and operating said improvements and facilities, and said maintenance and operation expenses shall include, among other things, necessary repair, upkeep, and insurance of said improvements and facilities.

In the resolution or order adopted by the Board of Directors authorizing the issuance of bonds payable from net revenues or from the proceeds of a contract or contracts the Board may provide for the flow of funds, the establishment and maintenance of an interest and sinking fund, reserve funds, and other funds, and may make such additional covenants with respect to the bonds and the pledged revenues and the operation, maintenance, and upkeep of those improvements and facilities (the
income of which is pledged), including provision for the leasing of all
or a part of said improvements and facilities and the use or pledge of
moneys derived from leases thereof, as it may deem appropriate. Said
resolution or order may also prohibit the further issuance of bonds or
other obligations payable from the pledged net revenues, or may reserve
the right to issue additional bonds to be secured by a pledge of and pay-
able from said net revenues on a parity with, or subordinate to, the lien
and pledge in support of the bonds being issued, subject to such condi-
tions as are set forth in said resolution or order. Such resolution or or-
der may contain such other provisions and covenants, as the Board of
Directors shall determine, not prohibited by the Constitution of Texas or
by this Act, and the Board may adopt and cause to be executed any other
proceedings or instruments necessary and/or convenient in the issuance
of said bonds.

Bonds payable solely from net revenues may be issued by resolution or
order of the Board of Directors, and no election therefor shall be neces-
sary.

All bonds of the District shall be authorized by resolution or order of
the Board of Directors, shall be issued in the name of the District, shall be
signed by the Chairman and attested by the Secretary, and shall have the
seal of the District impressed thereon; provided, that the resolution or
order authorizing such bonds may provide for the bonds to be signed by
the facsimile signatures of said Chairman and Secretary, either or both,
and for the seal of the District on the bonds to be a printed facsimile seal
of the District; and provided further that the interest coupons, if any,
attached to said bonds may also be executed by the facsimile signatures of
said officers. Such bonds shall mature serially or otherwise in not to ex-
ceed forty (40) years from their date or dates, and may be sold at a price
and under terms determined by the Board of Directors to be most advanta-
geous reasonably obtainable, provided that the interest cost to the District
does not exceed six per cent (6%) per annum calculated to the absolute
maturity of the bonds, and within the discretion of the Board such bonds
may be callable prior to maturity at such time or times and such price or
prices as may be prescribed in the resolution or order authorizing the
bonds. Such bonds may be made registrable as to principal, or as to both
principal and interest.

After such bonds have been authorized by the District, such bonds and
the record relating to their issuance shall be submitted to the Attorney
General of Texas for his examination as to the validity thereof, and after
the Attorney General has approved the same, such bonds shall be regis-
tered by the Comptroller of Public Accounts of Texas. When such bonds
have been approved by the Attorney General and registered by the Com-
troller they shall thereafter be incontestable. When any bonds recite that
they are secured partially or otherwise by a pledge of the proceeds of a
contract or contracts made between the District and another party or par-
ties (public agencies or otherwise), a copy of such contract or contracts
and of the proceedings authorizing the same shall be submitted to the At-
torney General along with the bond record, and the approval by the Attor-
ney General of the bonds shall constitute an approval of such contract or
contracts, and thereafter the contract or contracts shall be incontestable.

From the proceeds of the sale of any bonds of the District, the Board
of Directors may appropriate or set aside amounts for the payment of in-
terest expected to accrue during the period of construction of the improve-
ments or facilities, for reserve funds, and for expenses incurred and to be
incurred in the issuance, sale, and delivery of the bonds.

The Board shall have the power to borrow funds for current expenses
and to evidence same by notes or warrants payable not later than the close
of any calendar year for which loans are made, provided that all of such
notes or warrants shall never exceed the anticipated revenue and may bear, not to exceed six per cent (6%) interest.

Sec. 12. The Board of Directors shall have the power to issue refunding bonds of the District for the purpose of refunding any outstanding bonds of the District and accrued interest thereon. Such refunding bonds may be issued to refund more than one series or issue of such outstanding bonds and combine pledges for the outstanding bonds for the security of the refunding bonds, and such refunding bonds may be secured by other and additional revenues; provided, that such refunding will not impair the contract rights of the holders of any of the outstanding bonds which are not to be refunded.

Refunding bonds shall be authorized by resolution or order of the Board of Directors, and shall be executed and mature as is provided in this Act for original bonds. They shall be approved by the Attorney General as in the case of original bonds, and shall be registered by the Comptroller upon surrender and cancellation of the bonds to be refunded, but in lieu thereof, the resolution or order authorizing their issuance may provide that they shall be sold and the proceeds thereof deposited in the place or places where the original bonds are payable, in which case the refunding bonds may be issued in an amount sufficient to pay the interest on the original bonds to their option or maturity date, and the Comptroller shall register them without the surrender and cancellation of the original bonds. All such refunding bonds, after they have been approved by the Attorney General and registered by the Comptroller, shall be incontestable.

Sec. 13. All bonds issued under this Act shall be and hereby are declared to be, and to have all the qualifications of, negotiable instruments under the Negotiable Instruments Law of the State of Texas, and all such bonds shall be and are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, insurance companies, fiduciaries, trustees, guardians, and for the sinking funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas. Such bonds shall be eligible to secure the deposit of any and all public funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas; and such bonds shall be lawful and sufficient security for said deposits to the extent of their face value when accompanied by all unmatured coupons appurtenant thereto.

Sec. 14. (a) District shall apply to and obtain from the Texas Water Commission such permits as it may be required to do by the General Law.

(b) District shall fully comply with the provisions of such Red River Compact as may be finally determined and the creation of the Cypress Valley Navigation District shall not in any way affect or alter such Compact.

(c) The Cypress Valley Navigation District created hereby shall cooperate with such commissions, agencies, districts and other governmental entities as may be concerned with navigation on the Big Cypress River to all practical extent.

Sec. 15. This Act and all the terms and provisions hereof shall be liberally construed to effectuate the purpose set forth herein.

Sec. 16. The provisions of this Act are separable, and if any Section, or part thereof, shall be held unconstitutional or void by any court of competent jurisdiction for any reason, such holding shall not affect the validity of any other Section or part of this Act, and the same shall remain and be in full force and effect, and the Legislature hereby declares that it would have passed the remaining part or parts of this Act.

Additional copies of said report shall be filed with any State or governmental agencies as may be required by law.

**District powers**

Sec. 4. The District herein created shall have and possess and is hereby vested with all the rights, powers and privileges conferred by the General Laws of this State now in force and effect or hereafter enacted applicable to water control and improvement districts created under the authority of Article XVI, Section 59, of the Texas Constitution, but to the extent that said General Laws may be inconsistent or in conflict herewith, the provisions of this Act shall prevail. It is further the intention of the Legislature that the District herein created shall have all the power and authority necessary to fully qualify and gain the benefits of any and all laws which are in any wise helpful in carrying out the purposes for which the District is created and the provisions of all such laws of which the District may lawfully avail itself are hereby adopted by this reference and made applicable to the District.

Without limiting the generality of the foregoing, the District shall and is hereby empowered to exercise the following powers, privileges and functions:

1. To control, store, preserve and distribute its waters and flood waters, the waters of its rivers and streams, for all useful purposes and to accomplish these ends by all practicable means including the construction, maintenance and operation of all appropriate improvements, plants, works and facilities, the acquisition of water rights and all other properties, lands, tenements, easements and all other rights necessary to the purpose of the organization of the District.

2. To process and store such waters and distribute same for municipal, domestic, irrigation and industrial purposes, subject to the requirements of Chapter 1, Title 128, Revised Civil Statutes of Texas, 1925, as amended.
(3) To dispose of property or rights therein when the same are no longer needed for the purposes for which the District is created or to lease same for purposes which will not interfere with the use of the property of the District.

(4) To cooperate with and contract with the State of Texas, the United States of America, or with any of their departments or agencies now existing, or which may hereafter be created, to carry out any of the powers or to further any of the purposes of the District and, for such purposes, to receive grants, loans or advancements therefrom.

(5) To make or cause to be made surveys and engineering investigations for the information of the District to facilitate the accomplishment of its purposes and to employ a general manager, attorneys, accountants, engineers, financial experts, or other technical or nontechnical employees or assistants; further to fix the amount and manner of their compensation and to provide for the payment of all expenditures deemed essential to the proper operation and maintenance of the District and its affairs.

(6) To exercise all functions to permit the accomplishment of its purposes including the acquisition within or without said District of land, easements, and rights-of-way and any other character of property incident to, or necessary in carrying out the purposes and work of the District by way of gift, device, purchase, leasehold or condemnation. The right of eminent domain is hereby expressly conferred on said District and the procedure with reference to condemnation, the assessment of and estimating of damages, payment, appeal, the entering upon the property pending appeal and other procedures prescribed in Title 52 of the Revised Civil Statutes of Texas, 1925, as heretofore or hereafter amended, shall apply to said District. In the event the District, in the exercise of the power of eminent domain or power of relocation, or any other power granted hereunder makes necessary the taking of any property or the relocation, raising, re-routing or changing the grade, or altering the construction of any highway, railroad, electric transmission line, telephone or telegraph properties and facilities, or pipeline, all such necessary taking, relocation, raising, re-routing, changing of grade or alteration of construction shall be accomplished at the expense of the District. It is provided, however, that the expense of the District shall be strictly confined to that amount which is equal to the actual cost of the property taken or work required without enhancement thereof and after deducting the net salvage value which may be derived from any property taken.

(7) To do any and all other acts or things necessary or proper to carry into effect the purpose for which the District is created and organized.

Awarding construction or purchase contracts

Sec. 5. Any construction contract or contracts for the purchase of materials, equipment or supplies requiring an expenditure of more than Two Thousand Dollars ($2,000) shall be made to the lowest and best bidder after publication of a notice to bidders once a week for two (2) weeks before awarding the contract. Such notice shall be sufficient if it states the time and place when and where the bids will be opened, the general nature of the work to be done, or the material, equipment or supplies to be purchased, and shall state where and the terms upon which copies of the plans and specifications may be obtained. The publication shall be in a newspaper published in Franklin County and designated by the Board of Directors.

May issue bonds

Sec. 6. (a) For the purpose of providing funds for purchasing or otherwise providing works, plants, facilities or appliances necessary to
the accomplishment of the purposes authorized by this Act, and for the
purpose of carrying out any other power or authority conferred by this
Act, the District is hereby empowered to borrow money and issue its
negotiable bonds to be payable from ad valorem taxes or revenues or both
taxes and revenues of the District, as are pledged by resolution of the
Board of Directors. Pending the issuance of definitive bonds, the Board
may authorize the delivery of negotiable interim bonds or notes eligible
for exchange or substitution by use of definitive bonds. Such bonds shall
be issued in the name of the District, signed by the President, attested by
the Secretary, and shall bear the seal of the District. It is provided,
however, that the signatures of the President or Secretary, or of both, may
be printed or lithographed on the bonds authorized by the Board of
Directors and that the seal of the District may be impressed on the bonds
or may be printed or lithographed thereon, if so authorized. The bonds
shall mature serially or otherwise, in not to exceed forty (40) years and
may be sold at a price and under terms as determined by the Board of
Directors to be the most advantageous reasonably obtainable, provided
that the interest cost to the District, calculated by the use of standard
bond interest tables, currently in use by insurance companies and invest­
ment houses, does not exceed six per cent (6%) per annum, and within
the discretion of the Board may be made callable prior to maturity at
such times and prices as may be prescribed in the resolution authorizing
the bonds, and may be made registrable as to principal or as to both
principal and interest.

(b) Bonds may be issued in one or more than one series, and from
time to time, as required for carrying out the purposes of this Act.

(c) The bonds may be secured by a pledge of all or part of the net
revenues of the District, or by the net revenues of any one or more
contracts theretofore or thereafter made or other revenues and income
specified by the resolution of the Board of Directors or in the trust
indenture. Any such pledge may reserve the right, under conditions
therein specified, to issue additional bonds which would be on a parity
with or subordinate to the bonds then being issued. The term “net
revenues” as used in this Section shall mean the gross revenues of the
District after deduction of the amount necessary to pay the reasonable
cost of maintaining and operating the District and its properties.

(d) Where bonds are issued, payable wholly or partially from ad
valorem taxes, it shall be the duty of the Board of Directors to levy,
assess and cause to be collected a tax sufficient to pay the bonds and the
interest thereon as such bonds and interest become due, and in levying
such tax shall take into consideration reasonable delinquencies and costs
of collection. In the case of bonds payable partially from ad valorem
taxes, the rate of the tax for any year may be fixed after giving considera­
tion to the money reasonably to be received from the pledged revenues
available for payment of principal and interest and to the extent and in
the manner permitted by the resolution authorizing the issuance of the
bonds.

(e) Where bonds payable wholly from revenues are issued, it shall be
the duty of the Board of Directors to fix, establish and from time to time
as necessary revise the rates of compensation for the sale of water and
other services furnished, supplied and rendered by the District and collect
same in amounts sufficient to pay the expenses of operating and maintain­
the facilities of the District and to pay the bonds as they mature and
the interest as it accrues, and to maintain the reserve and other funds
as provided in the resolution authorizing the bonds. Where bonds payable
partially from revenues are issued, it shall be the duty of the Board to
fix, establish and from time to time as necessary revise the rates of com­
pen­sation for the sale of water and other services furnished, supplied and
rendered by the District and to collect same in amounts sufficient to assure compliance with the resolution authorizing the bonds.

(f) From the proceeds of the sale of bonds, the District may set aside an amount for the payment of interest expected to accrue during construction and a reserve interest and sinking fund, and such provision may be made in the resolution authorizing the bonds. Proceeds from the sale of bonds may also be used for the payment of all expenses necessarily incurred in accomplishing the purpose for which the District is created, including expenses of its organization, engineering investigations and of the issuance and sale of the bonds. The proceeds from the sale of the bonds may be placed on time deposit with the District's depository bank or may be temporarily invested in direct obligations of the United States Government maturing in not more than one (1) year from the date of investment.

(g) In the event of a default or a threatened default in the payment of principal or interest on bonds payable wholly or partially from revenues, any court of competent jurisdiction may, upon petition of the holders of the outstanding bonds, appoint a receiver with authority to collect and receive all income of the District except taxes, employ and discharge agents and employees of the District, take charge of funds on hand (except funds received from taxes unless commingled) and manage the proprietary affairs of the District without consent or hindrance by the Directors. Such receiver may also be authorized to sell or make contracts for the sale of water or other services furnished by the District or renew such contracts with the approval of the court appointing him. The court may vest the receiver with such other powers and duties as the court may find necessary for the protection of the holders of the bonds. The resolution authorizing the issuance of the bonds or the trust indenture securing them may limit or qualify the rights of less than all of the outstanding bonds payable from the same source to institute or prosecute any litigation affecting the District's property or income.

(h) The provisions of Section 139, Chapter 25, General Laws, Acts of the 39th Legislature, Regular Session, 1925, as amended, relating to Texas Water Commission approval of plans and specifications for projects to be financed by the sale of bonds, apply to the sale of bonds under this Act.

Refunding bonds authorized

Sec. 7. The District is authorized to issue refunding bonds for the purpose of refunding any of the outstanding bonds authorized by this Act and the interest thereon. Such refunding bonds may be issued to refund more than one (1) series of outstanding bonds and combine the pledges for the outstanding bonds for the security of the refunding bonds, and may be secured by other or additional revenues and mortgage liens. The provisions of this law with reference to the issuance by the District of other bonds, their security, and their approval by the Attorney General and the remedies of the holders shall be applicable to refunding bonds. Refunding bonds shall be registered by the Comptroller of Public Accounts of the State of Texas upon surrender and cancellation of the bonds to be refunded, but in lieu thereof, the resolution authorizing their issuance may provide that they shall be sold and the proceeds thereof deposited in the bank where the original bonds were payable, in which case the refunding bonds may be issued in an amount sufficient to pay the principal of and interest on the original bonds to their effective option date or maturity date; and the Comptroller shall register them without concurrent surrender and cancellation of the original bonds.

Provisions for trust indenture as to bonds secured partially by revenues

Sec. 8. Any bonds (including revenue bonds) authorized by this Act, not payable wholly from ad valorem taxes, may be additionally secured by a trust indenture under which the trustee may be a bank having trust powers, situated either within or without the State of Texas. Such bonds, within the discretion of the Board of Directors, may be additionally secured by a deed of trust or mortgage lien upon physical properties of the District and all franchises, easements, water rights and appropriation permits, leases and contracts and all rights appurtenant to such properties, vesting in the trustee power to sell the properties for payment of the indebtedness, power to operate the properties and all other powers and authority for the further security of the bonds. Such trust indenture, regardless of the existence of the deed of trust or mortgage lien on the properties, may contain any provisions prescribed by the Board of Directors for the security of the bonds and the preservation of the trust estate, and may make provision for amendment or modification thereof and the issuance of bonds to replace lost or mutilated bonds, and may condition the right to expend District money or sell District property upon approval of a registered professional engineer selected as provided therein, and may make provision for the investment of funds of the District. Any purchaser under a sale under the deed of trust lien, where one is given, shall be the absolute owner of the properties, facilities and rights so purchased and shall have the right to maintain and operate the same.

Bond elections

Sec. 9. (a) No bonds payable wholly or partially from ad valorem taxes (except refunding bonds) shall be issued unless authorized at an election at which only the qualified voters, who reside in the District and own taxable property therein and have duly rendered the same for taxation, are permitted to vote, and unless a majority of such votes cast is in favor of the issuance of the bonds. Bonds not payable wholly or partially from ad valorem taxes may be issued without an election.

(b) Such bond elections may be called by the Board of Directors without a petition. The resolution calling the election shall specify the time and place or places of holding the same, the purpose for which the bonds are to be issued, the maximum amount thereof, the maximum interest rate, the maximum maturity thereof, the form of the ballot, and the presiding judge for each voting place. The presiding judge serving at each voting place shall appoint one (1) assistant judge and at least two (2) clerks to assist in holding such election. Notice of election for the issuance of bonds shall be given by publication of a substantial copy of the resolution calling the election in a newspaper of general circulation in the District once each week for at least four (4) consecutive weeks, the first publication to appear not less than twenty-eight (28) days prior to the date assigned for the election. The returns of the election shall be made to and canvassed by the Board of Directors of the District. Except as herein otherwise provided, the General Laws relating to elections shall be applicable. In the event a bond issue election fails, another bond election shall not be called for a period of six (6) months.

Bonds to be approved by the Attorney General of Texas

Sec. 10. After any bonds (including refunding bonds) are authorized by the District, such bonds and the record relating to their issuance shall be submitted to the Attorney General for his examination as to the validity thereof. Where such bonds recite that they are secured by a pledge of the proceeds of a contract theretofore made between the District and any city or other governmental agency, authority or district, a copy of such contract and the proceedings of the city or other governmental agency, au-
authority or district authorizing such contract shall also be submitted to
the Attorney General. If such bonds have been authorized and if such
contracts have been made in accordance with the Constitution and laws of
the State of Texas, he shall approve the bonds and such contracts and
the bonds shall then be registered by the Comptroller of Public Accounts.
Thereafter the bonds, and the contracts, if any, shall be valid and binding
and shall be incontestable for any cause.

Taxes and tax elections authorized

Sec. 11. The Board of Directors may, upon a favorable majority vote
of the qualified property taxpaying voters of the District, voting at an
election held for the purpose within the boundaries of such District,
levy, assess and collect annual taxes to provide funds necessary to con­
struct or acquire, maintain and operate works, plants and facilities
deemed essential or beneficial to the District and its purposes, and also
when so authorized may levy, assess and collect annual taxes to provide
funds adequate to defray the cost of the maintenance, operation and
administration of the District. Elections for the levy of such taxes shall
be ordered by the Board of Directors and notice thereof shall be given
and same shall be held and conducted and the results thereof determined
in the manner provided herein with relation to elections for the au­
thorization of bonds. All taxes levied by the District for any purpose
shall constitute a lien on the property against which levied and limitation
shall not bar the enforcement or collection thereof. In calling an election
for taxes under this Section 11, the Board of Directors shall specify the
maximum rate of tax which is sought to be levied and no tax in excess
of that amount may be levied without submitting the question of the
increased rate of taxation at an election as provided.

be legal and authorized investments for banks, savings banks, trust
companies, building and loan associations, savings and loan associations,
insurance companies, fiduciaries, trustees, and sinking funds of cities,
towns and villages, counties, school districts, or other political subdivisions
of the State of Texas, and for all public funds of the State of Texas or its
agencies, including the State Permanent School Fund. Such bonds shall
be eligible to secure deposit of any and all public funds of the State of
Texas, and any and all public funds of cities, towns, villages, counties,
school districts, or other political subdivisions or corporations of the
State of Texas; and such bonds shall be lawful and sufficient security
for said deposits to the extent of their value, when accompanied by all
unmatured coupons appurtenant thereto.

District depository

Sec. 13. The Board of Directors shall designate one or more banks
within the District to serve as depository for the funds of the District. All
funds of the District shall be deposited in such depository bank or banks
except that sufficient funds shall be remitted to the bank or banks of pay­
ment of principal of and interest on the outstanding bonds of the District
and in time that such may be received by the said bank or banks of pay­

so to be paid. To the extent that funds in the depository bank or banks
are not insured by the Federal Deposit Insurance Corporation, they shall
be secured in the manner provided by law for the security of county

of a bank shall not disqualified such bank from being designated as de­

For Annotations and Historical Notes, see V.A.T.S.

To expedite and facilitate, during the harvesting season, the harvesting and movement of farm products produced outside of Texas but marketed or processed in Texas or moved to points in Texas for shipment, the Department is authorized to issue to a nonresident owner a 30-day temporary registration permit for any truck, truck-tractor, trailer or semitrailer to be used in the movement of such farm commodities from the point of entry into Texas to market, storage, processing plant, railhead or seaport not more than eighty (80) miles distant from such point of entry into Texas. All mileages and distances referred to herein are State Highway mileages. Before such temporary registration provided for in this paragraph may be issued, the applicant must present satisfactory evidence that such motor vehicle is protected by such insurance and in such amounts as may be described in Section 5 of the Texas Motor Vehicle Safety-Responsibility Act (Article 6701h, Vernon's Texas Civil Statutes) as it is now written or as it may hereafter be amended, and such policies must be issued by an insurance company or surety company authorized to write Motor Vehicle Liability Insurance in this State; and that such vehicle has been inspected as required under the Uniform Act Regulating Traffic on Highways in Texas (Article XV of Article 6701d, Vernon's Texas Civil Statutes) as it is now written or as it may hereafter be amended.

The Department is authorized to prescribe the form of the application and the information to be furnished therein for such temporary registration permits. If the application is granted, the Department shall issue a special distinguishing insignia which must be attached to such vehicle in lieu of the regular Texas Highway registration plates. Such special insignia shall show its expiration date. The temporary registration permit fee shall be one-twelfth (1/12) of the annual Texas registration fee for the vehicle for which the special permit is secured.

The temporary permits herein authorized shall be issued only when the vehicle for which said permit is issued is legally registered in the nonresident owner's home state or country for the current registration year; and said permit will remain valid only so long as the home state or country registration is valid; but in any event the Texas temporary registration permit will expire 30 days from the date of issuance. Not more than three (3) such temporary registration permits may be issued to a nonresident owner during any one (1) vehicle registration year in the State of Texas. A vehicle registered under the terms of this Act may not be operated in Texas after the expiration of the temporary permit unless the nonresident owner secures a second temporary permit as provided above, or unless the nonresident owner registers the vehicle under the appropriate Texas vehicular registration statutes, applicable to residents, for the remainder of the registration year. No such vehicle may be registered with a Texas farm truck license.

Any person who shall transport any of the commodities described in this Act, under a temporary permit provided for herein, to a market, place of storage, processing plant, railhead or seaport, which is a greater distance from the place of production of such commodity in this State, or the point of entry into the State of Texas than is provided for in said temporary permit, or shall follow a route other than that prescribed by the Highway Commission, shall be punished by a fine of not less than Twenty-five Dollars ($25), nor more than Two Hundred Dollars ($200).

Nothing in this Act shall be construed to authorize such nonresident owner or operator to operate or cause to be operated any of such vehicles in this State in violation of Acts, 1929, Forty-first Legislature, Chapter 314, as amended (Article 911b, Vernon's Civil Statutes) or any of the other laws of this State. As amended Acts 1965, 59th Leg., p. 479, ch. 243, § 1, emerg. eff. May 21, 1965.

Legislative finding and statement of policy

Section 1. The Legislature finds that the people of Texas by adding to the Constitution of the State of Texas, Article III, Section 51-c, on November 6, 1956, have adopted the policy that persons who have served sentences in prison for crimes of which they are not guilty should not bear the loss occasioned by this error, but that the people of the State should provide such persons with compensation to reimburse and compensate them for their losses. It is the purpose of this Act to provide the means whereby such compensation may be obtained by persons so wronged.

Claimants entitled to compensation

Sec. 2. A person is entitled to compensation provided by this Act:

(a) if he has served, in whole or in part, a sentence in prison under the laws of this State; and
OFFENSES AGAINST THE PERSON

Art. 1176a

(b) if he pleaded "not guilty" to the charge for which he was convicted and which led to the imprisonment; and

c) if he is not guilty of the crime for which he was sentenced; and

d) if he has received a full pardon for the crime and punishment for which he was sentenced.

Permission to sue state granted—venue—service

Sec. 3. Any person who by verified petition alleges that he is entitled to compensation under this Act may bring suit against the State of Texas. This Act grants permission to such persons to sue the State and the State's immunity from suit is hereby waived as to all actions brought under this Act. A person who sues the State under this Act shall bring suit in a court of competent jurisdiction either in the county of his residence at the time such suit is commenced or in a court of competent jurisdiction for Travis County. Service of citation upon the State shall be accomplished by service upon the Attorney General. The Attorney General shall represent the State in any proceeding brought under this Act.

Proof required

Sec. 4. In order to obtain a judgment in his favor, a person who brings suit under this Act must establish by a preponderance of the evidence that he is entitled to compensation under this Act and the amount of compensation to which he is entitled. The judgment of conviction in the trial which resulted in the imprisonment in question is not a defense on the part of the State to a suit brought under this Act, nor is an indictment, information, complaint or other formal accusation any defense.

Admissible evidence

Sec. 5. The record of the trial at which the person bringing suit under this Act was convicted, and the pardon or proclamation issued to him by the Governor are admissible as evidence, and all court papers, orders, docket notations or other writings of record in any court in this State are admissible in evidence in a trial of a suit brought under this Act as proof of the facts set out therein.

Measure of damages for compensation

Sec. 6. If the jury, or the judge where the case is tried before the judge without a jury, finds that the claimant is entitled to compensation, then the jury or the judge, as the case may be, shall assess the claimant's damages at such a sum of money as will fairly and reasonably compensate him:

(a) for the physical and mental pain and suffering sustained by him as a proximate result of the erroneous conviction or imprisonment from the time of conviction by the trial court;

(b) for all reasonable and necessary medical expenses incurred by him as a proximate result of the erroneous conviction or imprisonment from the time of the conviction in the trial court.

It is provided, however, that the judge or jury, as the case may be, shall not assess the claimant's damages under Subsection (a) of this Section 6 at an amount greater than Twenty-five Thousand Dollars ($25,000). It is further provided that the judge or jury, as the case may be, shall not assess the claimant's total damages under this Act at an amount greater than Fifty Thousand Dollars ($50,000).
Limitation of action

Sec. 7. Any person claiming compensation under this Act whose claim is based upon a sentence served before the effective date of this Act must bring his action within two years after the effective date of this Act or within two years after he discovered or should have discovered the evidence substantiating his innocence. Any person claiming compensation under this Act whose claim is based upon a sentence served in whole or in part, after the effective date of this Act must bring his action within two years after he ceased serving the sentence of imprisonment or after his release from custody, or within two years after he discovered or should have discovered the evidence substantiating his innocence. Acts 1965, 59th Leg., p. 1022, ch. 507.

Effective Aug. 30, 1965, 90 days after date of adjournment.

Art. 1325. When death ensues, murder

If an agreement providing for right of survivorship is signed by the husband and wife, upon the death of either spouse the department shall issue a new certificate of title to the surviving spouse upon being provided with a copy of the death certificate of the deceased spouse. (c) If it be shown upon the trial of a case involving a violation of this Act, where the value of the goods, edible meat or other corporeal personal property is less than Fifty Dollars ($50), that the defendant has two (2) or more times before been convicted of the same offense, regardless of the value of the goods, edible meat or other corporeal personal property involved in the first two (2) convictions, upon the third or any subsequent conviction, the punishment shall be by confinement in the penitentiary for not less than two (2) nor more than ten (10) years.

(d) For a violation of this Act, in the event the value of the goods, edible meat or other corporeal property is Fifty Dollars ($50), or more, punishment shall be by confinement for not less than two (2) years nor more than ten (10) years.

Prosecutions; process and witnesses

Sec. 5. In all prosecutions under this Act, process shall be issued and served in the county or out of the county where prosecution is pending and have the same binding force and effect as though the offense being prosecuted were a felony; and all officers issued and serving such process in or out of the county wherein the prosecution is pending, and all witnesses from within or without the county wherein the prosecution is pending shall be compensated in like manner as though the offense were a felony in grade.

Savings clause

Sec. 6. If any section, subsection, clause, phrase or sentence of this Act is for any reason held to be unconstitutional or invalid, such decision shall not affect the validity of the remaining portions of this Act. The Legislature hereby declares that it would have passed this Act and each section, subsection, clause, phrase or sentence thereof, irrespective of the fact that one or more of the sections, subsections, clauses, phrases or sentences be declared unconstitutional. (2) The Commission shall provide in its rules and regulations the manner, method and system of testing swine for such diseases in such cooperative eradication work.

No payment shall be made unless the owner or owners of such swine have complied with Subsection (7) of this Section and the rules and regulations of the Texas Animal Health Commission applicable to the particular swine for which payment is made nor shall any compensation be paid in excess of the amount of compensation paid such owner for such swine by the United States Department of Agriculture.

(6) The value of such animals shall be appraised by a representative of the Commission or of the United States Department of Agriculture, and a representative of the owner or owners thereof. If they cannot agree, then a third appraiser shall be appointed by these two appraisers, and the value is that amount agreed to by two of the three appraisers. (2) "Motorboat" means any vessel propelled by machinery, whether or not such machinery is the principal source of propulsion, but shall not include a vessel which has a valid marine document issued by the Bureau of Customs of the United States Government, or any Federal agency successor thereto, or any vessel propelled by sail alone.

(3) "Owner" means the person who claims lawful possession of a vessel by virtue of legal title or equitable interest therein which entitles him to such possession.

(4) "Waters of this State" means any public waters within the territorial limits of this State; provided, however, privately owned waters shall be excluded from the provisions of this Act.

(5) "Person" means an individual, partnership, firm, corporation, association, or other entity.

No person shall operate or give permission for the operation of any motorboat on such waters unless the motorboat is numbered as required by this Act which numbering system shall be in accord with the Federal Boating Act of 1958 and subsequent amendments thereto, and unless (1) the certificate of number awarded to such motorboat is in full force and effect, and (2) the identifying number set forth in the certificate is properly displayed on each side of the bow of such motorboat.
Identification number

Sec. 4. (a) The owner of each motorboat requiring numbering by this State shall file an application for number with the Department on forms approved by it. The application shall be signed by the owner of the motorboat and shall be accompanied by a fee for which is hereinafter provided. Upon receipt of the application in approved form, the Department shall enter the same upon the records of its office and issue to the applicant a certificate of number stating the number awarded to the motorboat and the name and address of the owner. The owner shall paint on or attach to each side of the motorboat or vessel near the bow thereof the identification number in such manner as may be prescribed by the Department. The number shall be clearly visible and maintained in legible condition. The certificate of number shall be pocket size. The form of certificate of number, application form, and manner of renewal shall be prescribed by the Department, provided, however, that the certificate of number does not have to physically be on the person of the operator. Partial fees for newly purchased watercraft or other boats not previously operated within this State may be paid on a yearly basis.

(b) The owner of any vessel or motorboat for which a current certificate of number has been awarded pursuant to any Federal law or a federally approved numbering system of another state shall, if such motorboat, or vessel is operated on the waters of this State in excess of ninety (90) days, make application for a certificate of number in the manner prescribed in this Act for a resident of this State.

In all such cases, the notice shall be accompanied by a surrender of the certificate of number. When the surrender of the certificate is by reason of the motorboat being destroyed or abandoned, the Department shall cancel the certificate and enter such fact in the records. The purchaser of a motorboat shall within a reasonable time after acquiring same present evidence of ownership thereof and make application to the Department for transfer to him of the certificate of number issued to such motorboat, giving his name, address, and number of the motorboat and shall at the same time pay to the Department a fee of One Dollar ($1). Upon receipt of the application and fee the Department shall transfer the certificate of number issued for such motorboat to the new owner. Unless such application is made and fee paid within a reasonable time, such motorboat shall be deemed to be without certificate of number, and it shall be unlawful for any person to operate such motorboat until the certificate is issued.

(d) The Department may award any certificate of number directly or may authorize any person to act as agent for awarding of certificates. In the event that a person accepts authorization he shall execute a faithful performance bond of not less than One Thousand Dollars ($1,000) in favor of the State of Texas, and may be assigned a block or blocks of numbers and certificates which upon award, in conformity with this Act and with any rules and regulations of the Department, shall be valid as if awarded directly by the Department. Such agent shall be entitled to a fee for his services not to exceed ten per cent (10%) of the fee for each original certificate.

(e) All ownership records of the Department made or kept pursuant to this Act shall be public records. Copies of all rules and regulations pursuant to this Act shall be furnished without cost with each certificate of number issued.
(f) Every certificate of number awarded pursuant to this Act shall continue in full force and effect for a period of two (2) years unless sooner terminated or discontinued in accordance with the provisions of this Act. Certificates of number shall be valid for the biennium from April 1 of one year to March 31 of the first succeeding year, both days inclusive.

(g) Any holder of a certificate of number shall notify the Department within a reasonable time, if his address no longer conforms to the address appearing on the certificate, and shall, as a part of the notification, include his new address. The Department may provide in its regulations for the surrender of the certificate bearing the former address and its replacement with a certificate bearing the new address or for the alteration of the outstanding certificate to show the new address of the holder. Changes of address shall be noted on the records of the Department.

(h) In the event that any certificate of number becomes lost, mutilated or illegible, the owner of the motorboat for which the certificate was issued may obtain a duplicate upon application to the Department and the payment of a fee of One Dollar ($1).

(i) It shall be unlawful for any person to paint, attach, or otherwise display on either side of the bow of any motorboat any number other than the number awarded to said motorboat or granted reciprocity pursuant to this Act.

(j) It shall be unlawful for any person to deface or alter the certificate of number or number assigned and appearing on the bow of any boat.

(k) An application for renewal of a certificate of number shall be made by the owner on an application therefor which must be received by the Department within a period consisting of the last ninety (90) days before the expiration date on the certificate of number and the same number will be issued upon renewal. Any application not so received shall be treated in the same manner as an original application.

Manufacturer's or builder's serial number

Sec. 5. (a) All new boats manufactured for sale in Texas after the effective date of this Act must carry a manufacturer's serial number clearly imprinted on the structure of the boat or displayed on a plate attached to the boat in a permanent manner.

(b) The owner of any vessel not required to carry a manufacturer's serial number may file an application for a serial number with the Department on forms approved by it. The application shall be signed by the owner of the vessel and shall be accompanied by a fee of One Dollar ($1). Upon receipt of the application in approved form, the Department shall enter the same upon the records of its office and issue to the applicant a serial number.

(c) No person shall wilfully destroy, remove, alter, cover, or deface the manufacturer's serial number, or plate bearing such serial number, or the serial number issued by the Department, on any boat. The possession of a boat with a serial number which has been altered, defaced, mutilated or removed, is forbidden, and any person who obtains or comes into possession of such a boat is required to file with the Department a sworn statement describing the boat, proving legal ownership and, if known, the reason for the destruction, removal or defacement of the serial number.

Dealer's and manufacturer's number

Sec. 6. (a) Any dealer or manufacturer of motorboats in this State may, instead of securing a certificate of number for each motorboat he may wish to show or demonstrate or test on waters of this State, procure a dealer's and manufacturer's number which shall be attached to any
motorboat which he sends temporarily on the waters. The two-year fee for a dealer's and manufacturer's number shall be Twenty-Five Dollars ($25). Every dealer or manufacturer applying for such a number shall apply on forms provided by the Department. The application shall state that the applicant is a dealer or manufacturer within the meaning of this Act, and the facts stated on the application shall be sworn before an officer authorized to administer oaths. No such number shall be issued until the provisions of this Article have been satisfied.

(b) Each dealer or manufacturer holding a dealer's or manufacturer's number may issue a reasonable temporary facsimile of such number which may be used by any authorized person. A person purchasing a motorboat may use the dealer's number for a period not to exceed ten (10) days, prior to filing application for number. The form of the facsimile of the dealer's and manufacturer's number and the manner of display shall be prescribed by the Department.

Article 1.01  Short Title

This Act shall be known, and may be cited, as the "Code of Criminal Procedure". Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 1.02  Effective Date

This Code shall take effect and be in force on and after January 1, 1966. The procedure herein prescribed shall govern all criminal proceedings instituted after the effective date of this Act and all proceedings pending upon the effective date hereof insofar as are applicable. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.
Art. 1.03  CODE OF CRIMINAL PROCEDURE

Art. 1.03  [1] [1] Objects of this Code

This Code is intended to embrace rules applicable to the prevention and prosecution of offenses against the laws of this State, and to make the rules of procedure in respect to the prevention and punishment of offenses intelligible to the officers who are to act under them, and to all persons whose rights are to be affected by them. It seeks:

1. To adopt measures for preventing the commission of crime;
2. To exclude the offender from all hope of escape;
3. To insure a trial with as little delay as is consistent with the ends of justice;
4. To bring to the investigation of each offense on the trial all the evidence tending to produce conviction or acquittal;
5. To insure a fair and impartial trial; and

Art. 1.04  [2] [3] Due course of law

No citizen of this State shall be deprived of life, liberty, property, privileges or immunities, or in any manner disfranchised, except by the due course of the law of the land. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 1.05  [3] [4] Rights of accused

In all criminal prosecutions the accused shall have a speedy public trial by an impartial jury. He shall have the right to demand the nature and cause of the accusation against him, and to have a copy thereof. He shall not be compelled to give evidence against himself. He shall have the right of being heard by himself, or counsel, or both; shall be confronted with the witnesses against him, and shall have compulsory process for obtaining witnesses in his favor. No person shall be held to answer for a felony unless on indictment of a grand jury. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 1.06  [4] [5] Searches and seizures

The people shall be secure in their persons, houses, papers and possessions from all unreasonable seizures or searches. No warrant to search any place or to seize any person or thing shall issue without describing them as near as may be, nor without probable cause supported by oath or affirmation.

All prisoners shall be bailable unless for capital offenses when the proof is evident. This provision shall not be so construed as to prevent bail after indictment found upon examination of the evidence, in such manner as may be prescribed by law. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 1.08  [6] [7] Habeas Corpus

Art. 1.09 [7] [8] Cruelty forbidden

Art. 1.10 [8] [9] Jeopardy
No person for the same offense shall be twice put in jeopardy of life or liberty; nor shall a person be again put upon trial for the same offense, after a verdict of not guilty in a court of competent jurisdiction. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 1.11 [9] [20] [21] Acquittal a bar
An acquittal of the defendant exempts him from a second trial or a second prosecution for the same offense, however irregular the proceedings may have been; but if the defendant shall have been acquitted upon trial in a court having no jurisdiction of the offense, he may be prosecuted again in a court having jurisdiction. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 1.12 [10] [10] Right to jury

Art. 1.13 [10a] Waiver of trial by jury
The defendant in a criminal prosecution for any offense classified as a felony less than capital shall have the right, upon entering a plea, to waive the right of trial by jury, conditioned, however, that such waiver must be made in person by the defendant in writing in open court with the consent and approval of the court, and the attorney representing the State. The consent and approval by the court shall be entered of record on the minutes of the court, and the consent and approval of the attorney representing the State shall be in writing, signed by him, and filed in the papers of the cause before the defendant enters his plea. Before a defendant who has no attorney can agree to waive the jury, the court must appoint an attorney to represent him. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

The defendant in a criminal prosecution for any offense may waive any rights secured him by law except the right of trial by jury in a capital felony case in which the State has made known in open court in writing at least 15 days prior to trial that it will seek the death penalty. No case in which the State seeks the death penalty shall be tried until 15 days after such notice is given. When the State makes known to the court in writing in open court that it will not seek the death penalty in a capital case, the defendant may enter a plea of guilty before the court and waive trial by jury as provided in Article 1.13, and in such case under no circumstances may the death penalty be imposed. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 1.15 [12] [21] [22] Jury in felony
No person can be convicted of a felony except upon the verdict of a jury duly rendered and recorded, unless in felony cases less than capital the defendant, upon entering a plea, has in open court in
person waived his right of a trial by jury in writing; provided, however, that it shall be necessary for the State to introduce evidence into the record showing the guilt of the defendant and said evidence shall be accepted by the court as the basis for its judgment and in no event shall a person charged be convicted upon his plea without sufficient evidence to support the same. The evidence may be stipulated if the defendant in such case consents in writing, in open court, to waive the appearance, confrontation, and cross-examination of witnesses, and further consents to the introduction of testimony by affidavits, written statements of witnesses, and any other documentary evidence in support of the judgment of the court. Such waiver and consent must be approved by the court in writing, and be filed, with all of such evidence, in the file of the papers of the cause. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Every person shall be at liberty to speak, write or publish his opinion on any subject, being liable for the abuse of that privilege; and no law shall ever be passed curtailing the liberty of speech or of the press. In prosecutions for the publication of papers investigating the conduct of officers or men in public capacity, or when the matter published is proper for public information, the truth thereof may be given in evidence. In all indictments for libels, the jury shall have the right to determine the law and the facts, under the direction of the court, as in other cases. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 1.17 [14] [12] Religious belief

No person shall be disqualified to give evidence in any court of this State on account of his religious opinions, or for the want of any religious belief; but all oaths or affirmations shall be administered in the mode most binding upon the conscience, and shall be taken subject to the pains and penalties of perjury. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 1.18 [15] [13] Outlawry and transportation

No citizen shall be outlawed, nor shall any person be transported out of the State for any offense committed within the same. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 1.19 [16] [14] Corruption of blood, etc.

Art. 1.20 [17] [15] Conviction of treason

No person shall be convicted of treason except on the testimony of two witnesses to the same overt act, or on confession in open court. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 1.21 [18] [16] Privilege of legislators

Senators and Representatives shall, except in cases of treason, felony or breach of the peace, be privileged from arrest during the session of the Legislature, and in going to and returning from the same, allowing one day for every twenty miles such member may re-
Art. 1.22 Privilege of voters

Voters shall, in all cases, except treason, felony or breach of the peace, be privileged from arrest during their attendance at elections, and in going to and returning therefrom. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 1.23 Dignity of State

It is an order issued by a court or judge of competent jurisdiction, directed to any one having a person in his custody, or under his restraint, commanding him to produce such person, at a time and place named in the writ, and show why he is held in custody or under restraint. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

**Art. 11.02** [114] [162] [152] To whom directed

The writ runs in the name of “The State of Texas”. It is addressed to a person having another under restraint, or in his custody, describing, as near as may be, the name of the office, if any, of the person to whom it is directed, and the name of the person said to be detained. It shall fix the time and place of return, and be signed by the judge, or by the clerk with his seal, where issued by a court. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

**Art. 11.03** [115] [163] [153] Want of form

The writ of habeas corpus is not invalid, nor shall it be disobeyed for any want of form, if it substantially appear that it is issued by competent authority, and the writ sufficiently show the object of its issuance. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

**Art. 11.04** [116] [164] [154] Construction

Every provision relating to the writ of habeas corpus shall be most favorably construed in order to give effect to the remedy, and protect the rights of the person seeking relief under it. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

**Art. 11.05** [117] [69–84–92–100–165] By whom writ may be granted

The Court of Criminal Appeals, the District Courts, the County Courts, or any Judge of said Courts, have power to issue the writ of
habeas corpus; and it is their duty, upon proper motion, to grant the writ under the rules prescribed by law. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 11.06 Returnable to any county

Before indictment found, the writ may be made returnable to any county in the State. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 11.07 Return to certain county; procedure after conviction

After indictment found in any felony case, and before conviction, the writ must be made returnable in the county where the offense has been committed.

After final conviction in any felony case, the writ must be made returnable to the Court of Criminal Appeals of Texas at Austin, Texas. The writ may issue upon the order of any district judge, and said judge may upon presentation to him of a petition for said writ, set the same down for a hearing as to whether the writ should issue, and ascertain the facts, which facts shall be transmitted to the Court of Criminal Appeals with the return of the writ if same is issued after such hearing. Provided further, that should such writ be returned to the Court of Criminal Appeals without the facts accompanying same, or without all the facts deemed necessary by the Court of Criminal Appeals, said court may designate and direct any district judge or judges of this State to ascertain the facts necessary for proper consideration of the issues involved; and it shall be the duty of the official court reporter of the district judge or judges so designated to forthwith prepare a narration of the facts adduced in evidence upon any such hearing and transmit the same to the clerk of the Court of Criminal Appeals within ten days of the date of such hearing. And it shall be the duty of the district clerk of the county wherein the writ is issued to make up a transcript of all pleadings in such case and to transmit the same within ten days to the clerk of the Court of Criminal Appeals. Provided, that upon good cause shown, the time may be extended by the Court of Criminal Appeals for filing of such narration of facts or transcript.

The clerk of the Court of Criminal Appeals shall forthwith docket the cause and same shall be heard by the court at the earliest practicable time. Upon reviewing the record the court shall enter its judgment remanding the petitioner to custody or ordering his release, as the law and facts may justify. The mandate of the court shall issue to the court issuing the writ, as in other criminal cases. After conviction the procedure outlined in this Act shall be exclusive and any other proceeding shall be void and of no force and effect in discharging the prisoner.

Upon any hearing by a district judge by virtue of this Act, the attorney for petitioner, and the State, shall be given at least one full day's notice before such hearing is held. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

He shall also specify some place in the county where he will hear the motion. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 11.25  [137] [185] [175] Person afflicted with disease

A "bail bond" is a written undertaking entered into by the defendant and his sureties for the appearance of the principal therein before some court or magistrate to answer a criminal accusation; provided, however, that the defendant upon execution of such bail bond may deposit with the custodian of funds of the court in which the prosecution is pending current money of the United States in the amount of the bond in lieu of having sureties signing the same. Any cash funds deposited under this Article shall be receipted for by the officer receiving the same and shall be refunded to the defendant if and when the defendant complies with the conditions of his bond, and upon order of the court. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 17.03  Personal bond

The court before whom the case is pending may, in its discretion, release the defendant on his personal bond without sureties or other security. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 17.04  Requisites of a personal bond

A personal bond is sufficient if it includes the requisites of a bail bond as set out in Article 17.08, except that no sureties are required. In addition, a personal bond shall contain the defendant's name, address and place of employment, and the following oath sworn and signed by the defendant:

"I swear that I will appear before (the court or magistrate) at (address, city, county) Texas, on the (date), at the hour of (time, a.m. or p.m.) or upon notice by the court, or pay to the court the principal sum of (amount) plus all necessary and reasonable expenses incurred in any arrest for failure to appear." Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 17.05  [270] [318] [306] When a bail bond is given

A bail bond is entered into either before a magistrate, upon an examination of a criminal accusation, or before a judge upon an application under habeas corpus; or it is taken from the defendant
Art. 17.05  CODE OF CRIMINAL PROCEDURE

Art. 17.06  [271a] Corporation as surety

Wherever in this Chapter, any person is required or authorized to give or execute any bail bond, such bail bond may be given or executed by such principal and any corporation authorized by law to act as surety, subject to all the provisions of this Chapter regulating and governing the giving of bail bonds by personal surety insofar as the same is applicable. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 17.07  [271b] Corporation to file with county clerk power of attorney designating agent

Any corporation authorized by the law of this State to act as a surety, shall before executing any bail bond as authorized in the preceding Article, first file in the office of the county clerk of the county where such bail bond is given, a power of attorney designating and authorizing the named agent, agents or attorney of such corporation to execute such bail bonds and thereafter the execution of such bail bonds by such agent, agents or attorney, shall be a valid and binding obligation of such corporation. Acts 1965, 50th Leg., vol. 2, p. 317, ch. 722.

Art. 17.08  [273] [321] [309] Requisites of a bail bond

A bail bond shall be sufficient if it contain the following requisites:

1. That it be made payable to "The State of Texas";
2. That the defendant and his sureties, if any, bind themselves that the defendant will appear before the proper court or magistrate to answer the accusation against him;
3. If the defendant is charged with a felony, that it state that he is charged with a felony. If the defendant is charged with a misdemeanor, that it state that he is charged with a misdemeanor;
4. That the bond be signed by name or mark by the principal and sureties, if any, each of whom shall write thereon his mailing address;
5. That the bond state the time and place, when and where the accused binds himself to appear, and the court or magistrate before whom he is to appear. The bond shall also bind the defendant to appear before any court or magistrate before whom the cause may thereafter be pending at any time when, and place where, his presence may be required under this Code or by any court or magistrate;
6. The bond shall also be conditioned that the principal and sureties, if any, will pay all necessary and reasonable expenses incurred by any and all sheriffs or other peace officers in rearresting the principal in the event he fails to appear before the court or magistrate named in the bond at the time stated therein. The amount of such expense shall be in addition to the principal amount specified in the bond. The failure of any bail bond to contain the conditions specified in this paragraph shall in no manner affect the legality of any such bond, but it is intended that the sheriff or other peace officer shall look to the defendant and his sureties, if any, for expenses incurred by him, and not to the State for any fees earned by him in connection with the rearresting of an accused who has violated the conditions of his bond. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.
Art. 17.09 [275a] Duration; original and subsequent proceedings; new bail

Sec. 1. Where a defendant, in the course of a criminal action, gives bail before any court or person authorized by law to take same, for his personal appearance before a court or magistrate, to answer a charge against him, the said bond shall be valid and binding upon the defendant and his sureties, if any, thereon, for the defendant's personal appearance before the court or magistrate designated therein, as well as before any other court to which same may be transferred, and for any and all subsequent proceedings had relative to the charge, and each such bond shall be so conditioned except as hereinafter provided.

Sec. 2. When a defendant has once given bail for his appearance in answer to a criminal charge, he shall not be required to give another bond in the course of the same criminal action except as hereinafter provided.

Sec. 3. Provided that whenever, during the course of the action, the judge or magistrate in whose court such action is pending finds that the bond is defective, excessive or insufficient in amount, or that the sureties, if any, are not acceptable, or for any other good and sufficient cause, such judge or magistrate may, either in term-time or in vacation, order the accused to be rearrested, and require the accused to give another bond in such amount as the judge or magistrate may deem proper. When such bond is so given and approved, the defendant shall be released from custody. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 17.10 [276] [324] [312] Disqualified sureties

Art. 17.11 [277] [325] [313] How bail bond is taken

Sec. 1. Every court, judge, magistrate or other officer taking a bail bond shall require evidence of the sufficiency of the security offered; but in every case, one surety shall be sufficient, if it be made to appear that such surety is worth at least double the amount of the sum for which he is bound, exclusive of all property exempted by law from execution, and of debts or other encumbrances; and that he is a resident of this State, and has property therein liable to execution worth the sum for which he is bound.

Sec. 2. Provided, however, any person who has signed as a surety on a bail bond and is in default thereon shall thereafter be disqualified to sign as a surety so long as he is in default on said bond. It shall be the duty of the clerk of the court wherein such surety is in default on a bail bond, to notify in writing the sheriff, chief of police, or other peace officer of such default. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 17.12 [278] [326] [314] Exempt property

The property secured by the Constitution and laws from forced sale shall not, in any case, be held liable for the satisfaction of bail, either as to principal or sureties, if any. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.
To test the sufficiency of the security offered to any bail bond, unless the court or officer taking the same is fully satisfied as to its sufficiency, the following oath shall be made in writing and subscribed by the sureties: "I, do swear that I am worth, in my own right, at least the sum of (here insert the amount in which the surety is bound), after deducting from my property all that which is exempt by the Constitution and Laws of the State from forced sale, and after the payment of all my debts of every description, whether individual or security debts, and after satisfying all encumbrances upon my property which are known to me; that I reside in ........ County, and have property in this State liable to execution worth said amount or more.

(Dated ............, and attested by the judge of the court, clerk, magistrate or sheriff.)"

Such affidavit shall not be conclusive as to the sufficiency of the security; and if the court or officer taking the bail bond is not fully satisfied as to the sufficiency of the security offered, further evidence shall be required before approving the same. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

The amount of bail to be required in any case is to be regulated by the court, judge, magistrate or officer taking the bail; they are to be governed in the exercise of this discretion by the Constitution and by the following rules:

1. The bail shall be sufficiently high to give reasonable assurance that the undertaking will be complied with.

2. The power to require bail is not to be so used as to make it an instrument of oppression.

3. The nature of the offense and the circumstances under which it was committed are to be considered.

4. The ability to make bail is to be regarded, and proof may be taken upon this point. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Those who have become bail for the accused, or either of them, may at any time relieve themselves of their undertaking by surrendering the accused into the custody of the sheriff of the county where he is prosecuted. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

If a surrender of the accused be made during a term of the court to which he has bound himself to appear, the sheriff shall take him before the court; and if he is willing to give other bail, the court shall
forthwith require him to do so. If he fails or refuses to give bail, the court shall make an order that he be committed to jail until the bail is given, and this shall be a sufficient commitment without any written order to the sheriff. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 17.18 [284] [332–335] Surrender in vacation

When the surrender is made at any other time than during the session of the court, the sheriff may take the necessary bail bond, but if the defendant fails or refuses to give other bail, the sheriff shall take him before the nearest magistrate; and such magistrate shall issue a warrant of commitment, reciting the fact that the accused has been once admitted to bail, has been surrendered, and now fails or refuses to give other bail. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 17.19 [285] [333] [321] Surety may obtain a warrant

Any surety, desiring to surrender his principal, may upon making affidavit of such intention before the court or magistrate before which the prosecution is pending, obtain from such court or magistrate a warrant of arrest for such principal, which shall be executed as in other cases. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 17.20 [286] [386] [324] Bail in misdemeanor

The sheriff, or other peace officer, in cases of misdemeanor, has authority, whether during the term of the court or in vacation, where he has a defendant in custody under a warrant of commitment, warrant of arrest, or capias, or where the accused has been surrendered by his bail, to take of the defendant a bail bond. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 17.21 [287] [337] [325] Bail in felony

In cases of felony, when the accused is in custody of the sheriff or other peace officer, and the court before which the prosecution is pending is in session in the county where the accused is in custody, the court shall fix the amount of bail, if it is a bailable case and determine if the accused is eligible for a personal bond; and the sheriff, or other peace officer, unless it be the police of a city, is authorized to take a bail bond of the accused in the amount as fixed by the court, to be approved by such officer taking the same, and will thereupon discharge the accused from custody. It shall not be necessary for the defendant or his sureties to appear in court. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 17.22 [288] [338] [326] May take bail in felony

In a felony case, if the court before which the same is pending is not in session in the county where the defendant is in custody, the sheriff, or other peace officer having him in custody, may take his bail bond in such amount as may have been fixed by the court or magistrate, or if no amount has been fixed, then in such amount as such officer may consider reasonable. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 17.23 [289] [389] [327] Sureties severally bound

In all bail bonds taken under any provision of this Code, the sureties shall be severally bound. Where a surrender of the prin-

Art. 17.25  Proceedings when bail is granted

After a full examination of the testimony, the magistrate shall, if the case be one where bail may properly be granted and ought to be required, proceed to make an order that the accused execute a bail bond with sufficient security, conditioned for his appearance before the proper court. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 17.26  Time given to procure bail

Art. 17.27  When bail is not given

If, after the allowance of a reasonable time, the security be not given, the magistrate shall make an order committing the accused to jail to be kept safely until legally discharged; and he shall issue a commitment accordingly. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 17.28  When ready to give bail

If the party be ready to give bail, the magistrate shall cause to be prepared a bond, which shall be signed by the accused and his surety or sureties, if any. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

When the accused has given the required bond, either to the magistrate or the officer having him in custody, he shall at once be set at liberty. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 17.30  Shall certify proceedings

The magistrate, before whom an examination has taken place upon a criminal accusation, shall certify to all the proceedings had before him, as well as where he discharges, holds to bail or commits, and transmit them, sealed up, to the court before which the defendant may be tried, writing his name across the seals of the envelope. The voluntary statement of the defendant, the testimony, bail bonds, and every other proceeding in the case, shall be thus delivered to the clerk of the proper court, without delay. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 17.33 Request setting of bail

The accused may at any time after being confined request a magistrate to review the written statements of the witnesses for the State as well as all other evidence available at that time in determining the amount of bail. Art. 22.09  When surety is dead

If the surety is dead at the time the forfeiture is taken, the forfeiture shall nevertheless be valid. The final judgment shall not be rendered where a surety has died, either before or after the forfeiture has been taken, unless his executor, administrator or heirs, as the case may be, have been cited to appear and show cause why the judgment should not be made final, in the same manner as provided in the case of the surety. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 22.10  Scire facias docket

Art. 22.13  Causes which will exonerate

The following causes, and no other, will exonerate the defendant and his sureties, if any, from liability upon the forfeiture taken:

1. That the bond is, for any cause, not a valid and binding undertaking in law. If it be valid and binding as to the principal, and one or more of his sureties, if any, they shall not be exonerated from liability because of its being invalid and not binding as to another surety or sureties, if any. If it be invalid and not binding as to the principal, each of the sureties, if any, shall be exonerated from liability. If it be valid and binding as to the principal, but not so as to the sureties, if any, the principal shall not be exonerated, but the sureties, if any, shall be.

2. The death of the principal before the forfeiture was taken.

3. The sickness of the principal or some uncontrollable circumstance which prevented his appearance at court, and it must, in every such case, be shown that his failure to appear arose from no fault on his part. The causes mentioned in this subdivision shall not be
deemed sufficient to exonerate the principal and his sureties, if any, unless such principal appear before final judgment on the bond to answer the accusation against him, or show sufficient cause for not so appearing.

4. Failure to present an indictment or information at the first term of the court which may be held after the principal has been admitted to bail, in case where the party was bound over before indictment or information, and the prosecution has not been continued by order of the court. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 22.14 [437] [501] [489] Judgment final

When, upon a trial of the issues presented, no sufficient cause is shown for the failure of the principal to appear, the judgment shall be made final against him and his sureties, if any, for the amount in which they are respectively bound; and the same shall be collected by execution as in civil actions. Separate executions shall issue against each party for the amount adjudged against him. The costs shall be equally divided between the sureties, if there be more than one. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 22.15 [438] [502] [490] Judgment final by default

When the sureties have been duly cited and fail to answer, and the principal also fails to answer within the time limited for answering in other civil actions, the court shall enter judgment final by default. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 22.16 [439] [503] [491] The court may remit

If, before final judgment is entered against the bail, the principal appears or is arrested and lodged in jail of the proper county, the court may, at its discretion, remit the whole or part of the sum specified in the bond. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 22.17 [440] [504] [492] Forfeiture set aside

The criminal action against him shall stand for trial, but the State shall not be forced to try the same until reasonable time has been allowed to prepare for trial, and the State shall, in such case, be entitled to a continuance. [486a] Uniform Act to secure attendance of witnesses from without State

Short Title

Sec. 1. This Act may be cited as the "Uniform Act to Secure the Attendance of Witnesses from Without the State in Criminal Proceedings".

Definitions

Sec. 2. "Witness" as used in this Act shall include a person whose testimony is desired in any proceeding or investigation by a grand jury or in a criminal action, prosecution or proceeding. The word "State" shall include any territory of the United States and the District of Columbia. The word "summons" shall include a subpoena, order or other notice requiring the appearance of a witness.

Summoning witness in this State to testify in another State

Sec. 3. If a judge of a court of record in any State which by its laws has made provision for commanding persons within that State to attend and testify in this State certifies under the seal of such court that there is a criminal prosecution pending in such court, or that a grand jury investigation has commenced or is about to commence, that a person being within this State is a material witness in such prosecution, or grand jury investigation, and that his presence will be required for a specified number of days, upon presentation of such certificate to any judge of a court of record in the county in which such person is, such judge shall fix a time and place for a hearing, and shall make an order directing the witness to appear at a time and place certain for the hearing.

If at a hearing the judge determines that the witness is material and necessary, that it will not cause undue hardship to the witness to be compelled to attend and testify in the prosecution or a grand jury investigation in the other State, and that the laws of the State in which the prosecution is pending, or grand jury investigation has commenced or is about to commence, (and of any other State through which the witness may be required to pass by ordinary course of travel), will give to him protection from arrest and the service of civil and criminal process, he shall issue a summons, with a copy of the certificate attached, directing the witness to attend and testify in the court where the prosecution is pending, or where a grand jury investigation has commenced or is about to commence at a time and place specified in the summons. In any such hearing the certificate shall be prima facie evidence of all the facts stated therein.

If said certificate recommends that the witness be taken into immediate custody and delivered to an officer of the requesting State to assure his attendance in the requesting State, such judge may, in lieu of notification of the hearing, direct that such witness be forthwith brought before him for said hearing; and the judge at the hearing being satisfied of the desirability of such custody and delivery, for which determination the certificate shall be prima facie proof of such desirability may, in lieu of issuing subpoena or summons, order that said witness be forthwith taken into custody and delivered to an officer of the requesting State.

If the witness, who is summoned as above provided, after being paid or tendered, by some properly authorized person the sum of ten cents a mile for each mile by the ordinary traveled route to and from the court where the prosecution is pending and five dollars for each
Art. 24.28  CODE OF CRIMINAL PROCEDURE

day that he is required to travel and attend as a witness, fails without
good cause to attend and testify as directed in the summons, he shall
be punished in the manner provided for the punishment of any wit­
ness who disobeys a summons issued from a court of record in this
State.

Witness from another State summoned to testify in this State

Sec. 4. If a person in any State, which by its laws has made pro­
vision for commanding persons within its borders to attend and
testify in criminal prosecutions, or grand jury investigations com­
 menced or about to commence, in this State, is a material witness in
a prosecution pending in a court of record in this State, or in a grand
jury investigation which has commenced or is about to commence, a
judge of such court may issue a certificate under the seal of the court
stating these facts and specifying the number of days the witness will
be required. Said certificate may include a recommendation that the
witness be taken into immediate custody and delivered to an officer of
this State to assure his attendance in this State. This certificate shall
be presented to a judge of a court of record in the county in which
the witness is found.

If the witness is summoned to attend and testify in this State he
shall be tendered the sum of ten cents a mile for each mile by the
ordinary traveled route to and from the court where the prosecution is
pending and five dollars for each day that he is required to travel
and attend as a witness. A witness who has appeared in accordance
with the provisions of the summons shall not be required to remain
within this State a longer period of time than the period mentioned in
the certificate, unless otherwise ordered by the court. If such witness,
after coming into this State, fails without good cause to attend and
testify as directed in the summons, he shall be punished in the manner
provided for the punishment of any witness who disobeys a summons
issued from a court of record in this State.

Exemption from arrest and service of process

Sec. 5. If a person comes into this State in obedience to a sum­
mons directing him to attend and testify in this State he shall not
while in this State pursuant to such summons be subject to arrest or
the service of process, civil or criminal, in connection with matters
which arose before his entrance into this State under the summons.

If a person passes through this State while going to another
State in obedience to a summons to attend and testify in that State
or while returning therefrom, he shall not while so passing through
this State be subject to arrest or the service of process, civil or crimi­
nal, in connection with matters which arose before his entrance into
this State under the summons. Acts 1965, 59th Leg., vol. 2, p. 317,
ch. 722.

Art. 27.05 [508] [572] [561] **Special pleas for defendant**

**Art. 28.03** [526] [591] [580] **Process for testimony on pleadings**

When the matters involved in any written pleading depend in whole or in part upon testimony, and not altogether upon the record of the court, every process known to the law may be obtained on behalf of either party to procure such testimony; but there shall be no delay on account of the want of the testimony, unless it be shown to the satisfaction of the court that all the means given by the law have been used to procure the same. Whenever in any case of felony or misdemeanor punishable by confinement, the judge presiding shall be satisfied that a trial, alike fair and impartial to the accused and to the State, cannot, from any cause, be had in the county in which the case is pending, he may, upon his own motion, after due notice to accused and the State, and after hearing evidence thereon, order a change of venue to any county in the judicial district in which such county is located or in an adjoining district, stating in his order the grounds for such change of venue. The judge, upon his own motion, after ten days notice to the parties or their counsel, may order a change of venue to any county beyond an adjoining district; provided, however, an order changing venue to a county beyond an adjoining district shall be grounds for reversal if, upon timely contest by the defendant, the record of the contest affirmatively shows that any county in his own and the adjoining district is not subject to the same conditions which required the transfer. Art. 31.02 [561] [627] [614] State may have

1. That there exists in the county where the prosecution is commenced so great a prejudice against him that he cannot obtain a fair and impartial trial; and

2. That there is a dangerous combination against him instigated by influential persons, by reason of which he cannot expect a fair trial.

An order changing venue to a county beyond an adjoining district shall be grounds for reversal, if upon timely contest by defendant, the record of the contest affirmatively shows that any county in his own and the adjoining district is not subject to the same conditions which required the transfer. Where as many as one hundred jurors have been summoned in such county for regular service for the week in which such capital case is set for trial, the judge of the court having jurisdiction of a capital case in which a motion for a special venire has been made, shall grant or refuse such motion for a special venire, and upon such refusal require the case to be tried by regular jurors summoned for service in such county for the week in which such capital case is set for trial and such additional talesmen as may be summoned by the sheriff upon order of the court as provided in Article 34.02 of this Code, but the clerk of such court shall furnish the defendant or his counsel a list of the persons summoned as provided in Article 34.04. Art. 35.15 [615, 634, 635] [691, 709, 710] [672, 689, 690] Number of challenges

(a) In capital cases both the State and defendant shall be entitled to fifteen peremptory challenges. Where two or more defendants are tried together, the State shall be entitled to eight peremptory challenges for each defendant; and each defendant shall be entitled to eight peremptory challenges.

(b) In non-capital felony cases and in capital cases where the State has made known to the court that it will not seek the death penalty, the State and defendant shall each be entitled to ten peremptory challenges. If two or more defendants are tried together each defendant shall be entitled to six peremptory challenges and the State to six for each defendant.

(c) The State and the defendant shall each be entitled to five peremptory challenges in a misdemeanor tried in the district court and to three in the county court, or county court at law. Art. 35.16 [616] [692] [673] Reasons for challenge for cause

(a) A challenge for cause is an objection made to a particular juror, alleging some fact which renders him incapable or unfit to serve on the jury. A challenge for cause may be made by either the State or the defense for any one of the following reasons:

1. That he is not a qualified voter in the State and county under the Constitution and laws of the State; provided, however, the failure to pay a poll tax or register to vote shall not be a disqualification;

2. That he is neither a householder in the county nor a freeholder in the State, nor the wife of such a householder;

3. That he has been convicted of theft or any felony;

4. That he is under indictment or other legal accusation for theft or any felony;

5. That he is insane or has such defect in the organs of seeing, feeling or hearing, or such bodily or mental defect or disease as to render him unfit for jury service;

6. That he is a witness in the case;

7. That he served on the grand jury which found the indictment;

8. That he served on a petit jury in a former trial of the same case;

9. That he has a bias or prejudice in favor of or against the defendant;
Art. 35.16  CODE OF CRIMINAL PROCEDURE  1724

10. That from hearsay, or otherwise, there is established in the mind of the juror such a conclusion as to the guilt or innocence of the defendant as would influence him in his action in finding a verdict. To ascertain whether this cause of challenge exists, the juror shall first be asked whether, in his opinion, the conclusion so established will influence his verdict. If he answers in the affirmative, he shall be discharged without further interrogation by either party or the court. If he answers in the negative, he shall be further examined as to how his conclusion was formed, and the extent to which it will affect his action; and, if it appears to have been formed from reading newspaper accounts, communications, statements or reports or mere rumor or hearsay, and if the juror states that he feels able, notwithstanding such opinion, to render an impartial verdict upon the law and the evidence, the court, if satisfied that he is impartial and will render such verdict, may, in its discretion, admit him as competent to serve in such case. If the court, in its discretion, is not satisfied that he is impartial, the juror shall be discharged;

11. That he cannot read or write.

No juror shall be impaneled when it appears that he is subject to the third, fourth or fifth grounds of challenge for cause set forth above, although both parties may consent. All other grounds for challenge may be waived by the party or parties in whose favor such grounds of challenge exist.

(b) A challenge for cause may be made by the State for any of the following reasons:

1. That the juror has conscientious scruples in regard to the infliction of the punishment of death for crime, in a capital case, where the State is seeking the death penalty;

2. That he is related within the third degree of consanguinity or affinity to the defendant; and

3. That he has a bias or prejudice against any phase of the law upon which the State is entitled to rely for conviction or punishment.

(c) A challenge for cause may be made by the defense for any of the following reasons:

1. That he is related within the third degree of consanguinity or affinity to the person injured by the commission of the offense, or to any prosecutor in the case; and

2. That he has a bias or prejudice against any of the law applicable to the case upon which the defense is entitled to rely, either as a defense to some phase of the offense for which the defendant is being prosecuted or as a mitigation thereof or of the punishment therefor. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 35.17  Voir dire examination

1. When the court in its discretion so directs, in a misdemeanor or non-capital felony case, or in a capital case in which the state's attorney has made known that he will not seek the death penalty, the state and defendant shall conduct the voir dire examination of prospective jurors in the presence of the entire panel.

2. When the state's attorney has made known that he will seek the death penalty, the court shall propound to the entire panel of prospective jurors questions concerning the principles, as applicable to the case on trial, of reasonable doubt, burden of proof, return of indictment by grand jury, presumption of innocence, and opinion. Then, on demand of the State or defendant, either is entitled to ex
amire each juror on voir dire individually and apart from the entire panel, and may further question the juror on the principles propounded by the court. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

**Art. 35.18** [617] [693] [674] Other evidence on challenge

Upon a challenge for cause, the examination is not confined to the answers of the juror, but other evidence may be heard for or against the challenge. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

**Art. 35.19** [619] [695] [676] Absolute disqualification

No juror shall be impaneled when it appears that he is subject to the third, fourth or fifth cause of challenge in Article 35.16, though both parties may consent. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

**Art. 35.20** [630] [696] [677] Names called in order

In selecting the jury from the persons summoned, the names of such persons shall be called in the order in which they appear upon the list furnished the defendant. Each juror shall be tried and passed upon separately. A person who has been summoned, but who is not present, may, upon his appearance before the jury is completed, be tried as to his qualifications and impaneled as a juror, unless challenged, but no cause shall be unreasonably delayed on account of such absence. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

**Art. 35.21** [621] [697] [678] Judge to decide qualifications

The court is the judge, after proper examination, of the qualifications of a juror, and shall decide all challenges without delay and without argument thereupon. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

**Art. 35.22** [622] [698] [679] Oath to jury

When the jury has been selected, the following oath shall be administered them by the court or under its direction: “You and each of you do solemnly swear that in the case of the State of Texas against the defendant, you will a true verdict render according to the law and the evidence, so help you God”. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

**Art. 35.23** [623] [699] [680] Jurors may separate

The court may adjourn veniremen to any day of the term. When jurors have been sworn in a felony case, the court may, at its discretion, permit the jurors to separate until the court has given its charge to the jury, after which the jury shall be kept together, and not permitted to separate except to the extent of housing female jurors separate and apart from male jurors, until a verdict has been rendered or the jury finally discharged, unless by permission of the court with the consent of each party. Any person who makes known to the jury which party did not consent to separation shall be punished for contempt of court. If such jurors are kept overnight, facilities shall be provided for female jurors separate and apart from the facilities provided for male jurors. In misdemeanor cases the court may, at its discretion, permit the jurors to separate at any time before the verdict. In any case in which the jury is permitted to separate, the

court shall first give the jurors proper instructions with regard to
their conduct as jurors when so separated. Acts 1965, 59th Leg., vol.

Art. 35.24  [625] [701] Special pay for veniremen

All veniremen and jurors shall be paid a per diem of not less
than four dollars nor more than ten dollars per day, as fixed by the
commissioners court of such county, which shall be paid out of the
jury fund. No greater sum shall be paid challenged veniremen, re­
gardless of the number of cases to which they may be summoned in

Art. 35.25  [636] [711] [691] Making peremptory challenge

In non-capital cases and in capital cases in which the State's at­
torney has announced that he will not qualify the jury for, or seek the
death penalty, the party desiring to challenge any juror peremptorily
shall strike the name of such juror from the list furnished him by the

Art. 35.26  [637] [712] [692] Lists returned to clerk

When the parties have made or declined to make their peremp­
tory challenges, they shall deliver their lists to the clerk. The clerk
shall, if the case be in the district court, call off the first twelve names
on the lists that have not been stricken; and, if the case be in the
county court, he shall call off the first six names on the lists that have
not been stricken, those whose names are called shall be the jury. Acts

Art. 35.27  [1036] [1138] [1003] Witness fees

(1) Any witness who has been subpoenaed, or has been attached
and given bond for his appearance before any court, or before any
grand jury, out of the county of his residence, to testify in a case re­
gardless of disposition of said case, and who appears in compliance
with the obligations of such subpoena or bond, shall be allowed seven
cents per mile going to and returning from the court or grand jury,
by the nearest practical conveyance, and ten dollars per day for each
day he may necessarily be absent from home as a witness in such case.

Provided, any witness who has been subpoenaed or has been
attached and given bond for his appearance before any court, out of
the county of his residence, to testify in a case, and who appears in
compliance with said subpoena or with the obligations of such bond,
and the case in which he is a witness is reset for a later day in the
same term of court, not exceeding four days, shall not be paid mileage
for any additional trip to or from court he may make by reason of
the resetting of said case unless permission first had and obtained
from the trial judge to make said trip, but shall be entitled to receive
his per diem for the additional days he may be in attendance upon
court by reason of the resetting of the case.

Witnesses shall receive from the State, for attendance upon
courts and grand juries in counties other than that of their residence
in obedience to subpoenas issued under the provisions of law seven
cents per mile, going to and returning from the court or grand jury,
by the nearest practical conveyance, and ten dollars per day for each
day they may necessarily be absent from home as a witness to be paid
as now provided by law; and the foreman of the grand jury, or the
clerk of the court shall issue such witness certificates therefor, after deducting therefrom the amounts advanced by the officers serving said subpoenas, as shown by the returns on said subpoenas; which certificates shall be approved by the judge and recorded by the clerk in a well-bound book kept for that purpose; provided, that when an indictment can be found from the evidence taken before an inquest or examining trial, no subpoena or attachment shall issue for a witness who resides out of the county in which the prosecution is pending to appear before a grand jury. When the grand jury shall certify to the judge that sufficient evidence cannot be secured upon which to find an indictment, except upon testimony of non-resident witnesses, the judge may have subpoenas issued as provided for by law to other counties for witnesses to testify before the grand jury, not to exceed one witness to any one fact, nor more than three witnesses to any one case pending before the grand jury.

(2) Witness fees shall be allowed only to such witnesses as may have been summoned on the sworn written motion of the State's attorney or the defendant or his attorney as provided in this Code, which sworn motion must be made at the time of the procuring of the subpoena or attachment for the witness. The judge to whom a motion for attachment is made may, in his discretion, grant or refuse such motion, when presented in term-time.

(3) The witness shall make an affidavit stating the number of miles he will have traveled going to and returning from the court, by the nearest practical conveyance, and the number of days he will have been necessarily absent in going to and returning from the place of trial; which affidavit shall be a part of the certificate issued by the clerk, copy of which is to be kept in a well-bound book. Fees shall not be allowed to more than two witnesses to the same fact, unless the judge before whom the cause is tried shall after such case has been tried, continued or otherwise disposed of, certify that such witnesses were necessary in the cause. Witness, when attached and conveyed by sheriff, shall not be entitled to receive fees while in custody of such officer.

No witness subpoenaed or attached for the purpose of proving the general reputation of the defendant shall be allowed the benefits hereof, provided the trial judge may, in his discretion, allow pay to not more than two character witnesses for the State and to not more than two character witnesses for the defendant.

(4) The judge, when any such claim is presented to him, shall examine the same carefully, and inquire into the correctness thereof, and approve same, in whole or in part, or disapprove the entire claim, as the facts and law may require; and such approval shall be conditioned only upon and subject to the approval of the State Comptroller, as provided for in Article 52.30; and said claim with the action of the judge thereon shall be entered on the minutes of said court and upon the approval of said claim by the judge, the clerk if there be one, otherwise the judge, shall make a certified list of said claim, upon forms prescribed by the Comptroller, furnishing such information as required by him, and send the same to the Comptroller at such times as he may require. No fee shall be required of the witness for the services herein provided. The service mentioned in the foregoing sentence shall include the issuance of certificate, swearing the witness to claim for witness fees and reporting to Comptroller, and witness shall not be required to pay any additional amount for the completion of the certificate.

(5) The Comptroller, upon receipt of such claim and the certified list provided for in the foregoing section, shall carefully examine the
same, and if he deems said claim correct, and in compliance with and authorized by law in every respect, draw his warrant on the State Treasury for the amount due in favor of the witness entitled to same, or to any person such certificate has been assigned by such witness, but no warrant shall issue to any assignee of such witness claim unless the assignment is made under oath and acknowledged before some person duly authorized to administer oaths, certified to by the officer and under seal. If the appropriation for paying such account is exhausted, the Comptroller shall file the same away and issue a certificate in the name of the witness entitled to same, stating therein the amount of the claim. All such claims not filed in the office of the Comptroller within twelve months from the date same became due and payable shall be forever barred. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 35.28 When no clerk

In each instance in Article 35.27 in which the clerk of the court is authorized or directed to perform any act, the judge of such court shall perform the same if there is no clerk of the court. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

A jury being impaneled in any criminal action, the cause shall proceed in the following order:

1. The indictment or information shall be read to the jury by the attorney prosecuting. When prior convictions are alleged for purposes of enhancement only and are not jurisdictional, that portion of the indictment or information reciting such convictions shall not be read until the hearing on punishment is held as provided in Article 37.07.

2. The special pleas, if any, shall be read by the defendant's counsel, and if the plea of not guilty is also relied upon, it shall also be stated.

6. The testimony on the part of the defendant shall be offered.

7. Rebutting testimony may be offered on the part of each party.

**Art. 36.02** [643] [718] [698] **Testimony at any time**

The court shall allow testimony to be introduced at any time before the argument of a cause is concluded, if it appears that it is necessary to a due administration of justice. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

**Art. 36.03** [644] [719] [699] **Witnesses placed under rule**

At the request of either party, the witnesses on both sides may be sworn and placed in the custody of an officer and removed out of the courtroom to some place where they cannot hear the testimony as delivered by any other witness in the cause. This is termed placing witnesses under rule. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

**Art. 36.04** [645] [720–721] **Part of witnesses under rule**

The enforcement of the rule is in the discretion of the court. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.
Art. 36.05  CODE OF CRIMINAL PROCEDURE  1730

Art. 36.05  [646] [722] [702] Not to hear testimony

Witnesses under rule shall be attended by an officer, and all their reasonable wants provided for, unless the court, in its discretion, directs that they be allowed to go at large; but in no case where the witnesses are under rule shall they be allowed to hear any testimony in the case. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 36.06  [647] [723] [703] Instructed by the court

Witnesses, when placed under rule, shall be instructed by the court that they are not to converse with each other or with any other person about the case, except by permission of the court, and that they are not to read any report of or comment upon the testimony in the case while under rule. The officer who attends the witnesses shall report to the court at once any violation of its instructions, and the party violating the same shall be punished for contempt of court. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 36.07  [648] [724] [704] Order of argument

The order of argument may be regulated by the presiding judge; but the State's counsel shall have the right to make the concluding address to the jury. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 36.08  [649] [725] [705] Number of arguments

Art. 36.09  [650] [726] [706] Severance on separate indictments

Two or more defendants who are jointly or separately indicted or complained against for the same offense or an offense growing out of the same transaction may be, in the discretion of the court, tried jointly or separately as to one or more defendants; provided that in any event either defendant may testify for the other or on behalf of the State; and provided further, that in cases in which, upon timely motion to sever, and evidence introduced thereon, it is made known to the court that there is a previous admissible conviction against one defendant or that a joint trial would be prejudicial to any defendant for any reason, the court shall order a severance as to the defendant whose joint trial would prejudice the other defendant or defendants. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 36.10  [652] [728] [708] Order of trial

Art. 36.11  [655] [731-733] Discharge before verdict

If it appears during a trial that the court has no jurisdiction of the offense, or that the facts charged in the indictment do not constitute an offense, the jury shall be discharged. The accused shall also
be discharged, but such discharge shall be no bar in any case to a prosecution before the proper court for any offense. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 36.12 \([656] [732] [712]\) Court may commit

If the want of jurisdiction arises from the fact that the defendant is not liable to prosecution in the county where the indictment was presented, the court may in felony cases order the accused into custody for a reasonable length of time to await a warrant for his arrest from the proper county; or if the offense be bailable, may require him to enter into recognizance to answer before the proper court; in which case a certified copy of the recognizance shall be sent forthwith to the clerk of the proper court, to be enforced by that court in case of forfeiture. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 36.13 \([657] [734]\) Jury is judge of facts

Unless otherwise provided in this Code, the jury is the exclusive judge of the facts, but it is bound to receive the law from the court and be governed thereby. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 36.14 \([658] [735-736]\) Charge of court

Subject to the provisions of Article 36.07 in each felony case and in each misdemeanor case tried in a court of record, the judge shall, before the argument begins, deliver to the jury, except in pleas of guilty, where a jury has been waived, a written charge distinctly setting forth the law applicable to the case; not expressing any opinion as to the weight of the evidence, not summing up the testimony, discussing the facts or using any argument in his charge calculated to arouse the sympathy or excite the passions of the jury. Before said charge is read to the jury, the defendant or his counsel shall have a reasonable time to examine the same and he shall present his objections thereto in writing, distinctly specifying each ground of objection. Said objections may embody errors claimed to have been committed in the charge, as well as errors claimed to have been committed by omissions therefrom or in failing to charge upon issues arising from the facts, and in no event shall it be necessary for the defendant or his counsel to present special requested charges to preserve or maintain any error assigned to the charge, as herein provided. Compliance with the provisions of this Article is all that is necessary to preserve, for review, the exceptions and objections presented to the charge and any amendment or modification thereof. In no event shall it be necessary for the defendant to except to the action of the court in over-ruling defendant’s exceptions or objections to the charge. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 36.15 \([659] [737] [717]\) Requested special charges

Before the court reads his charge to the jury, counsel on both sides shall have a reasonable time to present written instructions and ask that they be given to the jury. The court shall give or refuse these charges. The defendant may, by a special requested instruction, call the trial court’s attention to error in the charge, as well as omissions therefrom, and no other exception or objection to the court’s charge shall be necessary to preserve any error reflected by any special requested instruction which the trial court refuses.
Art. 36.15  CODE OF CRIMINAL PROCEDURE

Any special requested charge which is granted shall be incorporated in the main charge and shall be treated as a part thereof, and the jury shall not be advised that it is a special requested charge of either party. The judge shall read to the jury only such special charges as he gives.

When the defendant has leveled objections to the charge or has requested instructions or both, and the court thereafter modifies his charge and rewrites the same and in so doing does not respond to objections or requested charges, or any of them, then the objections or requested charges shall not be deemed to have been waived by the party making or requesting the same, but shall be deemed to continue to have been urged by the party making or requesting the same unless the contrary is shown by the record; no exception by the defendant to the action of the court shall be necessary or required in order to preserve for review the error claimed in the charge. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 36.16  [660] Final charge

After the judge shall have received the objections to his main charge, together with any special charges offered, he may make such changes in his main charge as he may deem proper, and the defendant or his counsel shall have the opportunity to present their objections thereto and in the same manner as is provided in Article 36.15, and thereupon the judge shall read his charge to the jury as finally written, together with any special charges given, and no further exception or objection shall be required of the defendant in order to preserve any objections or exceptions theretofore made. After the argument begins no further charge shall be given to the jury unless required by the improper argument of counsel or the request of the jury, or unless the judge shall, in his discretion, permit the introduction of other testimony, and in the event of such further charge, the defendant or his counsel shall have the right to present objections in the same manner as is prescribed in Article 36.15. The failure of the court to give the defendant or his counsel a reasonable time to examine the charge and specify the ground of objection shall be subject to review either in the trial court or in the appellate court. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 36.17  [661] [738] [718] Charge certified by judge

The general charge given by the court and all special charges given or refused shall be certified by the judge and filed among the papers in the cause. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 36.18  [665] [742] [722] Jury may take charge

The jury may take to their jury room the charges given by the court after the same have been filed. They shall not be permitted to take with them any charge or part thereof which the court has refused to give. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 36.19  [666] [743] [723] Review of charge on appeal

Whenever it appears by the record in any criminal action upon appeal that any requirement of Articles 36.14, 36.15, 36.16, 36.17 and 36.18 has been disregarded, the judgment shall not be reversed unless the error appearing from the record was calculated to injure the rights of defendant, or unless it appears from the record that the defendant has not had a fair and impartial trial. All objections to the charge and
Art. 36.20  Bill of exceptions

The defendant, by himself, or counsel, may tender his bills of exceptions to any decision, opinion, order or charge of the court or other proceedings in the case; and the judge shall sign such bills of exceptions, under the rules prescribed in Article 40.10. The bills of exception may be in narrative form or by questions and answers, and no particular form of words shall be required. Where the matter about which complaint is made and the trial court's ruling thereon reasonably appear from any formal or informal bill of exception, same shall be considered upon appeal, regardless of whether or not the bill of exception is multifarious or relates to more than one subject, complaint, or objection. Where the argument of State's counsel about which complaint is made in a bill of exception is manifestly improper, or violates some mandatory statute, or some new fact is thereby injected into the case, it shall not be necessary that the bill of exception negative that the argument was not invited, or in reply to argument of defendant or his counsel, or any other fact by which the argument complained of may have been authorized. If such matters exist, the trial court by qualification or otherwise, may require the bill of exception to reflect any reason whereby the argument complained of would not be error. The transcription of any evidence, testimony, or argument of State's counsel, with the objections made to such evidence, testimony, or argument, shall constitute an acceptable bill of exceptions under this Code. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 36.21  To provide jury room

The sheriff shall provide a suitable room for the deliberation of the jury and supply them with such necessary food and lodging as he can obtain. No intoxicating liquor shall be furnished them. In all cases wherein a jury consists partly of male jurors and partly of female jurors, the sheriff shall provide facilities for the female jurors separate and apart from the facilities provided for the male jurors. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 36.22  Conversing with jury

No person shall be permitted to be with a jury while it is deliberating. No person shall be permitted to converse with a juror about the case on trial except in the presence and by the permission of the court. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 36.23  Violation of preceding Article

Any juror or other person violating the preceding Article shall be punished for contempt of court by confinement in jail not to exceed three days or by fine not to exceed one hundred dollars, or by both such fine and imprisonment. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 36.24  Officer shall attend jury

The sheriff of the county shall furnish the court with a bailiff during the trial of any case to attend the wants of the jury and to act under the direction of the court. If the person furnished by the sheriff is to be called as a witness in the case he may not serve as bailiff. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 36.25  [674] [751] [731] Written evidence

Art. 36.26  [675] [752] [732] Foreman of jury

Art. 36.27  [676] [753] [733] Jury may communicate with court

When the jury wishes to communicate with the court, it shall so notify the sheriff, who shall inform the court thereof. Any communication relative to the cause must be written, prepared by the foreman and shall be submitted to the court through the bailiff. The court shall answer any such communication in writing, and before giving such answer to the jury shall use reasonable diligence to secure the presence of the defendant and his counsel, and shall first submit the question and also submit his answer to the same to the defendant or his counsel or objections and exceptions, in the same manner as any other written instructions are submitted to such counsel, before the court gives such answer to the jury, but if he is unable to secure the presence of the defendant and his counsel, then he shall proceed to answer the same as he deems proper. The written instructions or answer to the communication shall be read in open court unless expressly waived by the defendant.

All such proceedings in felony cases, shall be a part of the record and recorded by the court reporter. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 36.28  [678] [755] [735] Jury may have witness re-examined or testimony read

In the trial of a criminal case in a court of record, if the jury disagree as to the statement of any witness they may, upon applying to the court, have read to them from the court reporter's notes that part of such witness testimony or the particular point in dispute, and no other; but if there be no such reporter, or if his notes cannot be read to the jury, the court may cause such witness to be again brought upon the stand and the judge shall direct him to repeat his testimony as to the point in dispute, and no other, as nearly as he can in the language used on the trial. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 36.29  If a juror becomes ill

Not less than twelve jurors can render and return a verdict in a felony case. It must be concurred in by each juror and signed by the foreman; provided, however, when pending the trial of any felony case, one juror may die or be disabled from sitting at any time before the charge of the court is read to the jury, the remainder of the jury shall have the power to render the verdict; but when the verdict shall be rendered by less than the whole number, it shall be signed by every member of the jury concurring in it. After the charge of the court is read to the jury, if any one of them becomes so sick as to prevent the continuance of his duty, or any accident of circumstance occurs to prevent their being kept together under circumstances under which
the law or the instructions of the court requires that they be kept together, the jury may be discharged. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 36.30 [681] [758] [738] Discharging jury in misdemeanor
If nine of the jury can be kept together in a misdemeanor case in the district court, they shall not be discharged. If more than three of the twelve are discharged, the entire jury shall be discharged. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 36.31 [682] [759] [739] Disagreement of jury
After the cause is submitted to the jury, it may be discharged when it cannot agree and both parties consent to its discharge; or the court may in its discretion discharge it where it has been kept together for such time as to render it altogether improbable that it can agree. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 36.32 [683] [760] [740] Receipt of verdict and final adjournment
During the trial of any case, the term shall be deemed to have been extended until such time as the jury has rendered its verdict or been discharged according to law. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 36.33 [684] [761] [741] Discharge without verdict

Article 37.01 [686] [763] [743] Verdict
Art. 37.02  CODE OF CRIMINAL PROCEDURE 1736

Art. 37.02  [688] [765] [745] Verdict by nine jurors

In misdemeanor cases in the district court, where one or more jurors have been discharged from serving after the cause has been submitted to them, if there be as many as nine of the jurors remaining, those remaining may render and return a verdict; but in such case, the verdict must be signed by each juror rendering it. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 37.03  [689] [766] [746] In county court

In the county court the verdict must be concurred in by each juror. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 37.04  [690] [767] [747] When jury has agreed

When the jury agrees upon a verdict, it shall be brought into court by the proper officer; and if it states that it has agreed, the verdict shall be read aloud by the clerk. If in proper form and no juror dissents therefrom, and neither party requests a poll of the jury, the verdict shall be entered upon the minutes of the court. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 37.05  [691] [768] [748] Polling the jury

The State or the defendant shall have the right to have the jury polled, which is done by calling separately the name of each juror and asking him if the verdict is his. If all, when asked, answer in the affirmative, the verdict shall be entered upon the minutes; but if any juror answer in the negative, the jury shall retire again to consider its verdict. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 37.06  [692] [769] [749] Presence of defendant

In felony cases the defendant must be present when the verdict is read unless his absence is wilful or voluntary. A verdict in a misdemeanor case may be received and read in the absence of the defendant. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 37.07  [693] [770] [750] Verdict must be general; separate hearing on proper punishment

1. The verdict in every criminal action must be general. When there are special pleas on which a jury is to find, it must say in its verdict that the allegations in such pleas are true or untrue. If the plea is not guilty, it must find that the defendant is either guilty or not guilty.

2. Alternate procedure.
   (a) In felony cases less than capital and in capital cases where the State has made it known that it will not seek the death penalty, and where the plea is not guilty, the judge shall, before the argument begins, first submit to the jury the issue as to the guilt or innocence of the defendant of the offense or offenses charged, without authorizing the jury to pass upon the punishment to be imposed; provided, however, that in the charge which submits the issue of guilt or innocence there shall be included instructions showing the jury the punishment provided by law for each offense submitted.
   (b) If a finding of guilty is returned, it shall then be the responsibility of the judge to assess the punishment applicable to the offense.
art. 37.09
charged where the same is not absolutely fixed by law to some particular penalty except when the defendant, upon the return of a finding of guilty, requests that the punishment be assessed by the same jury. In the event the defendant elects to have the jury fix the punishment in cases where the punishment is fixed by law, the court shall instruct the jury that if they find the defendant is the same person who was convicted in the prior conviction or convictions alleged for enhancement, they should set his punishment as prescribed by law.

Regardless of whether the punishment be assessed by the judge or the jury, evidence may be offered by the State and the defendant as to the prior criminal record of the defendant, his general reputation and his character.

(c) After the introduction of such evidence has been concluded, and if the jury has been selected to assess the punishment, the court shall give such additional written instructions as may be necessary and the order of procedure and the rules governing the conduct of the trial shall be the same as are applicable on the issue of guilt or innocence.

(d) In cases where the matter of punishment is referred to the jury, the verdict shall not be complete until the jury has rendered a verdict both on the guilt or innocence of the defendant and the amount of punishment, where the jury finds the defendant guilty. In the event the jury shall fail to agree, a mistrial shall be declared, the jury shall be discharged, and no jeopardy shall attach.

(e) When the judge assesses the punishment, and after the hearing of the evidence hereinabove provided for, he shall forthwith announce his decision in open court as to the punishment to be assessed.

Art. 37.08
In a prosecution for an offense including lower offenses, the jury may find the defendant not guilty of the higher offense, but guilty of any lower offense included. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 37.09
The following offenses include different degrees:

1. Murder, which includes all the lesser degrees of culpable homicide, and also an assault with intent to commit murder;

2. An assault with intent to commit any felony, which includes all assaults of an inferior degree;

3. Maiming, which includes aggravated and simple assault and battery;

4. Burglary, which includes every species of house breaking and theft or other felony when charged in the indictment in connection with the burglary;

Art. 37.10  CODE OF CRIMINAL PROCEDURE  1738

Art. 37.10  [696] [773–774] Informal verdict

If the verdict of the jury is informal, its attention shall be called to it, and with its consent the verdict may, under the direction of the court, be reduced to the proper form. If the jury refuses to have the verdict altered, it shall again retire to its room to deliberate, unless it manifestly appear that the verdict is intended as an acquittal; and in that case, the judgment shall be rendered accordingly, discharging the defendant. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 37.11  [697] [775–776] Defendants tried jointly

Where several defendants are tried together, the jury may convict each defendant it finds guilty and acquit others. If it agrees to a verdict as to one or more, it may find a verdict in accordance with such agreement, and if it cannot agree as to others, a mistrial may be entered as to them. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 37.12  [698] [777–778] Judgment on verdict

On each verdict of acquittal or conviction, the proper judgment shall be entered immediately. If acquitted, the defendant shall be at once discharged from all further liability upon the charge for which he was tried; provided that, in misdemeanor cases where there is returned a verdict, or a plea of guilty is entered and the punishment assessed is by fine only, the court may, on written request of the defendant and for good cause shown, defer judgment until some other day fixed by order of the court; but no event shall the judgment be deferred for a longer period of time than six months. On expiration of the time fixed by the order of the court, the court or judge thereof, shall enter judgment on the verdict or plea and the same shall be executed as provided by Chapter 43 of this Code. Provided further, that the court or judge thereof, in the exercise of sound discretion may permit the defendant where judgment is deferred, to remain at large on his personal bond, or may require him to enter into bail bond in a sum at least double the amount of the assessed fine and costs, conditioned that the defendant and sureties, jointly and severally, will pay such fine and costs unless the defendant personally appears on the day, set in the order and discharges the judgment in the manner provided by Chapter 43 of this Code; and for the enforcement of any judgment entered, all writs, processes and remedies of this Code are made applicable so far as necessary to carry out the provisions of this Article. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 37.13  [701] [781] [761] If jury believes accused insane

When a jury has been impaneled to assess the punishment upon a plea of guilty, it shall say in its verdict what the punishment is which it assesses; but if it is of the opinion that a person pleading guilty is insane, it shall so report to the court, and an issue as to that fact shall be tried before another jury; and if, upon such trial, it be found that the defendant is insane, such proceedings shall be had as directed in cases where a defendant becomes insane after conviction. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 37.14  [702] [782] [762] Acquittal of higher offense as jeopardy

If a defendant, prosecuted for an offense which includes within it lesser offenses, be convicted of an offense lower than that for which
he is indicted, and a new trial be granted him, or the judgment be
arrested for any cause other than the want of jurisdiction, the ver­
dict upon the first trial shall be considered an acquittal of the higher
offense; but he may, upon a second trial, be convicted of the same
offense of which he was before convicted, or any other inferior

Art. 38.04  [706] [786] [766] Jury are judges of facts

The jury, in all cases, is the exclusive judge of the facts proved, and of the weight to be given to the testimony, except where it is provided by law that proof of any particular fact is to be taken as either conclusive or presumptive proof of the existence of another fact, or where the law directs that a certain degree of weight is to be attached to a certain species of evidence. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 38.05  [707] [787] [767] [729] Judge shall not discuss evidence

In ruling upon the admissibility of evidence, the judge shall not discuss or comment upon the weight of the same or its bearing in the case, but shall simply decide whether or not it is admissible; nor shall he, at any stage of the proceeding previous to the return of the verdict, make any remark calculated to convey to the jury his opinion of the case. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 38.06  [708] Persons competent to testify

All persons are competent to testify in criminal cases except the following:

2. Children or other persons who, after being examined by the court, appear not to possess sufficient intellect to relate transactions with respect to which they are interrogated, or who do not understand the obligation of an oath. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 38.07  [709] [789] [769] Female alleged to be seduced

Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 38.08  [710] [790] [770] Defendant may testify

Any defendant in a criminal action shall be permitted to testify in his own behalf therein, but the failure of any defendant to so testify shall not be taken as a circumstance against him, nor shall the same be alluded to or commented on by counsel in the cause. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

(b) If the confession or statement has been found to have been voluntarily made and held admissible as a matter of law and fact by the court in a hearing in the absence of the jury, he shall enter an order stating his findings which shall be filed among the papers of the cause but not exhibited to the jury. Only thereafter may evidence pertaining to such matter be submitted to the jury and it shall be instructed that unless the jury believes beyond a reasonable doubt that such confession or statement was voluntarily made, the jury shall not consider such statement or confession for any purpose nor any evidence obtained as a result thereof.

(c) When the issue is raised by the evidence, the trial judge shall appropriately instruct the jury, generally, on the law pertaining to such statement or confession. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

where the defendant was present when such testimony was taken, and

shall, by himself or counsel, file with the clerk of the court in which the
case is pending an affidavit stating the facts necessary to constitute
a good reason for taking the same, and an application to take the same.
Provided that upon the filing of such application and, after notice to
the attorney for the State, the court shall hear the application and
determine if good reason exists for taking the deposition. Such de­

Where depositions are taken under commission in criminal ac-
tions, the officer or officers taking the same shall certify that the person
deposing is the identical person named in the commission, and is a
credible person; or if they cannot certify to the identity of the wit-

officer or officers shall certify that the person making the affidavit is

The State and defense may agree upon a waiver of any formalities in the taking of a deposition other than that the taking of such deposition must be under oath. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

The order shall specify the time, place and manner of making the inspection and taking the copies and photographs of any of the aforementioned documents or tangible evidence; provided, however, that the rights hereinafter granted shall not extend to written communications between the State or any of its agents or representatives or employees. PROCEEDINGS AFTER VERDICT

CHAPTER FORTY

NEW TRIALS

Art. 40.01 Definition of “new trial”.

A "new trial" is the rehearing of a criminal action, after verdict, before the judge or another jury. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 40.02 Granted only to accused.

A new trial can in no case be granted where the verdict or judgment has been rendered for the accused. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 40.03 Grounds for new trial in felony.

New trials, in cases of felony, shall be granted for the following causes, and for no other:

1. Where the defendant has been tried in his absence, or has been denied counsel;

2. Where the court has misdirected the jury as to the law, or has committed any other material error calculated to injure the rights of the defendant;

3. Where the verdict has been decided by lot, or in any other manner than by a fair expression of opinion by the jurors;

4. Where a juror has received a bribe to convict, or has been guilty of any other corrupt conduct;

5. Where any material witness of the defendant has, by force, threats or fraud, been prevented from attending the court, or where any written evidence, tending to establish the innocence of the defendant, has been intentionally destroyed or removed so that it could not be produced upon the trial;

6. Where new testimony material to the defendant has been discovered since the trial. A motion for a new trial on this ground shall be governed by the rules which regulate civil suits;

7. Where the jury, after having retired to deliberate upon a case, has received other testimony; or where a juror has conversed with any person in regard to the case; or where any juror at any
Art. 40.03  CODE OF CRIMINAL PROCEDURE  1750

time during the trial or after retiring for deliberation, may have become so intoxicated as to render it probable his verdict was influenced thereby. The mere drinking of liquor by a juror shall not be sufficient ground for a new trial;

8. Where, from the misconduct of the jury, the court is of opinion that the defendant has not received a fair and impartial trial. It shall be competent to prove such misconduct by the voluntary affidavit of a juror; and the verdict may, in like manner, be sustained by such affidavit; and

9. Where the verdict is contrary to law and evidence. A verdict is not contrary to the law and evidence, within the meaning of this provision, where the defendant is found guilty of an offense of inferior grade to, but of the same nature as, the offense proved.

10. Should the jury assess the death penalty when the State has made known, under the provisions of this Code, that it will not seek the death penalty, the court shall, upon written motion of the defendant, immediately grant a new trial. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 40.04  [754] [838] [818] In misdemeanors

New trials in misdemeanor cases may be granted for any cause specified in the preceding Article, except that the first cause specified in subdivision 1 of said Article shall not be available as ground for new trial in any misdemeanor case where the maximum punishment may be a fine only. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 40.05  [755] [839] [819] Time to apply for new trial; amendment

A motion for new trial shall be filed within ten days after conviction as evidenced by the verdict of the jury, and may be amended by leave of the court at any time before it is acted on within twenty days after it is filed. Such motion shall be presented to the court within ten days after the filing of the original or amended motion, and shall be determined by the court within twenty days after the filing of the original or amended motion, but for good cause shown the time for filing or amending may be extended by the court, but shall not delay the filing of the record on appeal.

A motion for new trial may be filed after the expiration of the term at which said conviction resulted, either during a new term of court or during vacation, and a motion for new trial may be determined in vacation or at a new term of court, and need not be determined during the term at which filed. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 40.06  [757] [841] [821] State may controvert motion

The State may take issue with the defendant upon the truth of any cause set forth in the motion for a new trial; and in such case, the judge shall hear evidence, by affidavit or otherwise, and determine the issue. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 40.07  [758] [842] [822] Judge not to discuss evidence

In granting or refusing a new trial, the judge shall not sum up, discuss or comment upon the evidence in the case, but shall simply grant or refuse the motion, without prejudice to either party. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.
Art. 40.08  [759] [843] [823] Effect of a new trial

The effect of a new trial is to place the cause in the same position in which it was before any trial had taken place. The former conviction shall be regarded as no presumption of guilt, nor shall it be alluded to in the argument. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 40.09  The record on appeal

1. Record in appeals to the Court of Criminal Appeals

In all cases appealable by law to the Court of Criminal Appeals, the clerk of the court that entered the conviction sought to be appealed from shall, under his hand and seal of the court, make and prepare an appellate record comprising a true copy of the matter designated by the parties, but shall always include, whether designated or not, copies of the material pleadings, material docket entries made by the court, the charge, verdict, judgment, sentence, notice of appeal, any appeal bond, all written motions and pleas and orders of the court, and bills of exception. The matter so prepared shall be assembled under one cover and shall constitute the record on appeal. The pages of this record shall be numbered consecutively and there shall be an index prepared by the clerk showing the location of each document in the record. The record shall be made in duplicate and one copy shall be retained by the clerk for use by the parties with permission of the court.

2. Designation of material for inclusion in the record

Each party may file with the clerk a written designation specifying matter for inclusion in the record. The failure of the clerk to include designated matter will not be ground for complaint on appeal if the designation specifying such matter be not filed with the clerk within sixty days after notice of appeal is given.

3. Statement of facts and other proceedings

The record may include a transcription of all or any part of the proceedings shown by notes of the report 1 to have occurred before, during or after the trial and same will constitute the statement of facts for the appeal. A transcription applicable to any proceeding occurring before or within a period of ninety days after notice of appeal shall be filed with the clerk for inclusion in the record not later than the end of such period. A transcription of notes applicable to any proceeding occurring after the end of such period shall be filed with the clerk for inclusion in the record not later than thirty days after the end of such proceeding. The times herein provided for filing transcription of the notes of the reporter may be extended by the court for good cause shown; and the court shall have the power, in term time or vacation, on application for good cause to extend for as many times as deemed necessary the time for preparation and filing of the transcription, and the approval of the record after the expiration of the time provided by law for its approval shall be sufficient proof that the time for filing the transcription was properly extended, and the transcription so filed shall be construed as having been filed within the time required by law.

4. Effect of transcription of reporter's notes

At the request of either party the court reporter shall take shorthand notes of all trial proceedings, including voir dire examination, objections to the court's charge, and final arguments. He is not en-

1. Probably should read "reporter".
Art. 40.09  CODE OF CRIMINAL PROCEDURE

5. Responsibility for obtaining transcription of reporter's notes

A party desiring to have included in the record a transcription of the reporter's notes when certified to by him and included in the record shall establish the occurrence and existence of all testimony, argument, motions, pleas, objections, exceptions, court actions, refusals of the court to act and other events thereby shown and no further proof of the occurrence or existence of same shall be necessary on appeal; provided, however, that the court shall have power, after hearing, to enter and make part of the record any finding or adjudication which the court may deem essential to make any such transcription speak the truth in any particular in which the court finds it does not speak the truth and any such finding or adjudication having support in the evidence shall be final.

6. Bills of exception

(a) A party desiring to have the record disclose some action, testimony, evidence, proceeding, objection, exception or other event or occurrence not otherwise shown by the record may utilize a bill of exception for this purpose. Bills of exception must be filed with the clerk and presented to the trial judge within ninety days after notice of appeal is given, and for good cause shown, the judge trying the cause may further extend the time in which to file the bills of exception and shall have the power, in term-time or in vacation, upon application for good cause to extend for as many times as deemed necessary the time for preparation and filing of bills of exception and the approval for any bill of exception by the judge trying the cause after the expiration of the ninety day period shall be sufficient proof that the time for filing was properly extended, and any bill of exception so filed shall be construed to have been filed within the time required by law. The clerk shall notify the court of each bill immediately upon its being filed. The court shall either approve the bill without qualification or shall approve it subject to qualification or refuse it, setting forth in the qualification or refusal any reasons that may seem proper to the judge. Notice of the court's action in qualifying or refusing a bill shall be immediately given by the clerk to the party filing the bill or to his counsel, and such party, if unwilling to accept the court's qualification or refusal, may not later than fifteen days after receipt of such notice, file a by-stander's bill of exception, and the clerk shall include same in the record. A bill of exception will be deemed approved without qualification if it be not acted on by the trial judge within a period of one hundred days after notice of appeal is given.

(b) A bill of exception shall be a necessary predicate for appellate review only if the matter complained of is not otherwise shown by the record as herein provided. Errors otherwise shown by the record may be reviewed on appeal without the necessity of any bill.
of exception. If the date of filing with the clerk of any document in the record is shown by notation of the clerk thereon, no further proof of such date or of the fact of the filing of the document with the clerk shall be necessary. If the transcription of the reporter's notes or any court order or docket entry by the court shows the occurrence or existence of any particular action by the court or refusal of the court to act or any objection or exception or any other event, no further proof of the occurrence or existence of same shall be necessary.

(c) Formal exceptions to rulings on evidence, opinions or other actions of the court are unnecessary; but for all purposes for which an exception has heretofore been necessary, it is sufficient that a party, at the time the ruling, opinion or action of the court is made or sought, makes known to the court the action which he desires the court to take or his objection to the action of the court and his grounds therefor; and if a party has no opportunity to object to the ruling or order at the time it is made, the absence of an objection does not thereafter prejudice him.

(d) (1) When the court refuses to admit offered testimony or other evidence, the party offering same shall as soon as practicable but before the court's charge is read to the jury be allowed, out of the presence of the jury, to adduce the excluded testimony or other evidence before the reporter, and a transcription of his notes showing such testimony or other evidence and any objections and exceptions of the party offering same shall, when certified to by the reporter and included in the record, establish the nature of such testimony or other evidence, and the objections and exceptions made in connection with the court's exclusion of such testimony or other evidence and no bills of exception shall be essential to authorize appellate review of the question whether the court erred in excluding such testimony or other evidence. The court, in its discretion, may allow an offer of proof in the form of a concise statement by the party offering the same of what the excluded evidence would show, to be made before the reporter out of the presence of the jury as an alternative method of causing the record to show such excluded testimony or other evidence, and in the event the record contains transcription of the reporter's notes showing such an offer of proof the same shall be accepted on appeal as establishing what such excluded testimony or other evidence would have consisted of had it been admitted into evidence.

(2) When testimony or other evidence has been excluded by the court over objection of the party offering same, no further offer of the same need be made to preserve the claimed error.

(3) When the court hears objections to offered evidence out of the presence of the jury and rules that such evidence shall be admitted, then in that event such objections shall be deemed to apply to such evidence when it is admitted before the jury without the necessity of such objections being renewed in the presence of the jury.

7. Approval of the record

Notice of completion of the record shall be made by the clerk by certified mail to the parties or their respective counsel. If neither files and presents to the court in writing any objection to the record, within fifteen days after the mailing of such notice and if the court has no objection to the record, he shall approve the same. If such objection be made, or if the court fails to approve the record within such fifteen-day period, the court shall set the matter down for hearing, and, after hearing, shall enter such orders as may be appropriate to cause the record to speak the truth and the findings and adjudications in such orders, if supported by evidence, shall be final. In its discretion, the court may require the attendance of the defendant at such
Art. 40.09  CODE OF CRIMINAL PROCEDURE  1754

hearing. Such proceedings shall be included in the record, and the entire record approved by the court.

8. Filing approved record with clerk

The record, on approval by the court, shall be filed with the clerk of the trial court.

9. Defendant's brief

Within thirty days after approval of the record by the court, or within such additional period as the court may in its discretion authorize, the defendant shall file with the clerk of the trial court his appellate brief. This brief shall set forth separately each ground of error of which defendant desires to complain on appeal and may set forth such arguments as he deems appropriate. Each ground of error shall briefly refer to that part of the ruling of the trial court, charge given to the jury, or charge refused, admission or rejection of evidence or other proceedings which are designated to be complained of in such way as that the point of objection can be clearly identified and understood by the court. If the defendant includes in his brief arguments supporting a particular ground of error they shall be construed with it in determining what point of objection is sought to be presented by such ground of error; and if the court, upon consideration of such ground of error in the light of arguments made in support thereof in the brief, can identify and understand such point of objection the same shall be reviewed notwithstanding any generality, vagueness or other technical defect that may exist in the language employed to set forth such ground of error.

10. The State's brief

Within thirty days after defendant files his brief with the clerk of the trial court, or within such additional period as the trial court may in its discretion authorize, the State shall file its brief with the clerk of the trial court. Each party, upon filing brief with the clerk of the trial court shall cause true copy thereof to be delivered to the opposing party or to the latter's counsel.

11. Oral arguments

The trial court may require oral arguments on the briefs and, if so, shall cause the clerk to notify counsel for both sides of the time and place for such arguments.

12. Trial court's duty

It shall be the duty of the trial court to decide from the briefs and oral arguments, if any, whether defendant should be permitted to withdraw his notice of appeal and be granted a new trial by the trial court. This duty shall be performed within the period of thirty days immediately after the State's brief is filed, or, if none be filed, then within the period of thirty days immediately after the last day on which the State's brief could be timely filed. Omission of the court to perform this duty within such period shall constitute refusal of the court to grant a new trial to defendant.

13. Transmission of record to Court of Criminal Appeals

Upon refusal of the court to grant defendant a new trial, the clerk shall thereupon promptly transmit the record and briefs to the Court of Criminal Appeals, in which court all grounds of error and arguments in support thereof urged in defendant's brief in the trial court shall be reviewed, as well as any unassigned error which in the opinion of the Court of Criminal Appeals should be reviewed in the interest of justice.
14. Agreed statement

The parties may agree, with the approval of the trial court, upon a brief statement of the case and of the facts proven as will enable the appellate court to determine whether there is error in the trial. Such statement shall be copied into the record in lieu of the proceedings themselves.

15. Order as to original papers or exhibits

Whenever the trial court is of the opinion that original papers or exhibits should be inspected by the appellate court or sent to the appellate court in lieu of copies, it may make such order therefor and for the safekeeping, transportation and return thereof as it deems proper. The appellate court on its own initiative may direct the clerk of the trial court to send to it any original paper or exhibit for its inspection. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 40.10 [760c] Application of Civil Statutes

The provisions of the rules of civil procedure, insofar as the same are applicable and not in conflict with the provisions of this Code, as such rules now exist or may hereafter exist, shall govern bills of exception and statements of fact. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Article 42.01  [766]  [853]  [831] Judgment

A “judgment” is the declaration of the court entered of record,
showing:
1.  The title and number of the case;
2.  That the case was called for trial and that the parties ap-
    peared;
3.  The plea of the defendant;
4.  The selection, impaneling and swearing of the jury;
5.  The submission of the evidence;
6.  That the jury was charged by the court;
7.  The return of the verdict;
8.  The verdict;
9.  In the case of a conviction, that it is considered by the court
    that the defendant is adjudged to be guilty of the offense as found
    by the jury; or in case of acquittal, that the defendant be discharged;
10.  That the defendant be punished as has been determined.

The provisions of this Article shall apply to both felony and mis-
**Art. 42.02** 

A "sentence" is the order of the court in a felony or misdemeanor case made in the presence of the defendant, except in misdemeanor cases where the maximum possible punishment is by fine only, and entered of record, pronouncing the judgment, and ordering the same to be carried into execution in the manner prescribed by law. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

**Art. 42.03**

If a new trial is not granted, nor judgment arrested in felony and misdemeanor cases, the sentence shall be pronounced in the presence of the defendant at any time after the expiration of the time allowed for making the motion for a new trial or the motion in arrest of judgment; provided that in all criminal cases the judge of the court in which defendant was convicted may within his discretion, give the defendant credit on his sentence for the time, or any part thereof, which said defendant has spent in jail in said cause, from the time of his arrest and confinement until his sentence by the trial court; and provided further, that in all cases where the defendant has been tried for any violation of the laws of the State of Texas, and has been convicted and has appealed from said judgment and sentence of conviction, and where said cause has been affirmed by the Court of Criminal Appeals, and after receipt of the mandate by the clerk of the trial court, the judge is authorized to again call said defendant before him; and if pending appeal, the defendant has not made bond and has remained in jail pending the time of such appeal, said trial judge may then in his discretion resentence the defendant, and may subtract from the original sentence pronounced upon the defendant, the length of time the defendant has lain in jail pending such appeal, noting any credit allowed upon the mandate, which credit shall be allowed by the Texas Department of Corrections in all computations affecting the eligibility of the defendant for parole or discharge. Where jail time has been awarded, the trial judge may, when in his discretion the ends of justice would best be served, sentence the defendant to serve his sentence during his off-work hours, or on week-ends. When such a sentence is permitted by the trial judge it must be served on consecutive days or consecutive week-ends. The trial judge may require bail of the defendant to insure the faithful performance of the sentence. The trial judge may attach conditions regarding the employment, travel, and other conduct of the defendant during the performance of such a sentence. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

**Art. 42.04**

When an appeal is taken from a death penalty, sentence shall not be pronounced, but shall be suspended until the decision of the Court of Criminal Appeals has been received. In all other cases, except where imposition of sentence has been suspended in probation cases, sentence shall be pronounced before the appeal is taken. Upon the affirmance of the judgment by the appellate court, the clerk shall at once send its mandate to the clerk of the Court from which the appeal was taken, there to be duly recorded. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.
Art. 42.05  [770] [857] [835] If court is about to adjourn

The time limit within which any act is to be done within the meaning of this Code shall not be affected by the expiration of the term of the court. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 42.06  [772] [859] [837] Sentence nunc pro tunc

If there is a failure from any cause whatever to enter judgment and pronounce sentence, the judgment may be entered and sentence pronounced at any subsequent time, unless a new trial has been granted, or the judgment arrested, or an appeal has been taken. Any time served or punishment suffered from the time the judgment and sentence should have been entered and pronounced and until finally entered shall be credited upon the sentence finally pronounced. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 42.07  [773] [860–861] Reasons to prevent sentence

Before pronouncing sentence, the defendant shall be asked whether he has anything to say why the sentence should not be pronounced against him. The only reasons which can be shown, on account of which sentence cannot be pronounced, are:

1. That the defendant has received a pardon from the proper authority, on the presentation of which, legally authenticated, he shall be discharged.

2. That the defendant is insane; and if sufficient proof be shown to satisfy the court that the allegation is well-founded, no sentence shall be pronounced. Where there is sufficient time left, a jury may be impaneled to try the issue. Where sufficient time does not remain, the court shall order the defendant to be confined safely until the next term of the court, and shall then cause a jury to be impaneled to try such issue;

3. Where there has not been a motion for a new trial or a motion in arrest of judgment made, the defendant may answer that he has good grounds for either or both of these motions and either or both motions may be immediately entered and disposed of, although more than ten days may have elapsed since the rendition of the verdict; and

4. When a person who has been convicted escapes after conviction and before sentence and an individual supposed to be the same has been arrested he may before sentence is pronounced, deny that he is the person convicted, and an issue be accordingly tried before a jury as to his identity. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 42.08  [774] [840] [862] Cumulative or concurrent sentence

When the same defendant has been convicted in two or more cases, and the punishment assessed in each case is confinement in an institution operated by the Department of Corrections or the jail for a term of imprisonment, judgment and sentence shall be pronounced in each case in the same manner as if there had been but one conviction, except that in the discretion of the court, the judgment in the second and subsequent convictions may either be that the punishment shall begin when the judgment and sentence in the preceding conviction has ceased to operate, or that the punishment shall run concurrently with the other case or cases, and sentence and execution shall be accordingly. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.
Art. 42.09  [775] Indeterminate sentence

If the verdict fixes the punishment at confinement in an institution operated by the Department of Corrections for more than the minimum term, the judge in passing sentence shall pronounce an indeterminate sentence, fixing in such sentence as the minimum the time provided by law as the lowest term in an institution operated by the Department of Corrections and as the maximum the term stated in the verdict. In cases where no appeal is taken, the sentence shall begin to run on the day same is pronounced, but where an appeal is taken and the defendant is in jail or in an institution operated by the Department of Corrections, his sentence shall begin to run with the date of the mandate, and in the event any credit has been allowed under the provisions of Article 42.03, the credit shall be fully subtracted from the sentence and reflected on the mandate and commitment, and in every such case the commitment shall so state. Where an appeal is taken and the defendant is at large on bond when the case is affirmed the clerk of the trial court, on receipt of the mandate from the clerk of the Court of Criminal Appeals, shall issue a commitment, and when the defendant is taken into custody under such commitment, the officer executing same shall endorse thereon the date the defendant was taken into custody, and the endorsement on this commitment shall constitute the date on which the sentence shall begin to run, and such defendant named in the commitment shall be admitted to an institution operated by the Department of Corrections by virtue of such commitment. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 42.10  [781a] Satisfaction of judgment as in misdemeanor convictions

When a person is convicted of a felony, and the punishment assessed is only a fine or a term in jail, or both, the judgment may be satisfied in the same manner as a conviction for a misdemeanor is by law satisfied. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 42.11  [781c] Uniform Act for out-of-State parolee supervision

Sec. 1. This Act may be cited as the Uniform Act for out-of-State parolee supervision.

Sec. 2. The Governor of this State is hereby authorized and directed to execute a compact on behalf of the State of Texas with any of the United States legally joining therein in the form substantially as follows:

A COMPACT

Entering into by and among the contracting state, signatories hereto, with the consent of the Congress of the United States of America, granted by an Act entitled "An Act granting the consent of Congress to any two or more States to enter into agreements or compacts for cooperative effort and mutual assistance in the prevention of crime and for other purposes".

The contracting States solemnly agree:

(1) That it shall be competent for the duly constituted judicial and administrative authorities of a State party to this compact (herein called "sending State"), to permit any person convicted of an offense within such State and placed on probation or released on parole to reside in any other State party to this compact (herein called "receiving State"), while on probation or parole, if
(a) Such person is in fact a resident of or has his family residing within the receiving State and can obtain employment there; and

(b) Though not a resident of the receiving State and not having his family residing there, the receiving State consents to such person being sent there.

Before granting such permission, opportunity shall be granted to the receiving State to investigate the home and prospective employment of such person.

A resident of the receiving State, within the meaning of this section is one who has been an actual inhabitant of such State continuously for more than one year prior to his coming to the sending State and has not resided within the sending State more than six continuous months immediately preceding the commission of the offense for which he has been convicted.

(2) That each receiving State will assume the duties of visitation of and supervision over probationers or parolees of any sending State and in the exercise of those duties will be governed by the same standards that prevail for its own probationers and parolees.

(3) That duly accredited officers of a sending State may at all times enter a receiving State and there apprehend and retake any person on probation or parole. For that purpose no formalities will be required other than establishing the authority of the officer and the identity of the person to be retaken. All legal requirements to obtain extradition of fugitives from justice are hereby expressly waived on the part of States party hereto, as to such persons. The decision of the sending State to retake a person on probation or parole shall be conclusive upon and not reviewable within the receiving State; provided, however, that if at the time when a State seeks to retake a probationer or parolee there should be pending against him within the receiving State any criminal charge, or he should be suspected of having committed within such State a criminal offense, he shall not be retaken without the consent of the receiving State until discharged from prosecution or from any imprisonment for such offense.

(4) That the duly accredited officers of the sending State will be permitted to transport prisoners being retaken through any and all States party to this compact, without interference.

(5) That the Governor of each State may designate an officer who, acting jointly with like officers of other contracting States, if and when appointed, shall promulgate such rules and regulations as may be deemed necessary to more effectively carry out the terms of this compact.

(6) That this compact shall become operative immediately upon its execution by any State as between it and other State or States so executing. When executed it shall have the full force and effect of law within such State, the form of execution to be in accordance with the laws of the executing State.

(7) That this compact shall continue in force and remain binding upon each executing State until renounced by it. The duties and obligations hereunder of a renouncing State shall continue as to parolees or probationers residing therein at the time of withdrawal until retaken or finally discharged by the sending State. Renunciation of this compact shall be by the same authority which executed it, by sending six months notice in writing of its intention to withdraw from the compact to the other States party hereto. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.
A. Purpose of Article and Definitions

Sec. 1. It is the purpose of this Article to place wholly within the State courts of appropriate jurisdiction the responsibility for determining when the imposition of sentence in certain cases shall be suspended, the conditions of probation, and the supervision of probationers, in consonance with the powers assigned to the judicial branch of this government by the Constitution of Texas. It is also the intent of this Article to provide for the release of persons on parole and for the method thereof, to designate the Board of Pardons and Paroles as the responsible agency of State government to recommend determination of paroles and to further designate the Board of Pardons and Paroles as responsible for the investigation and supervision of persons released on parole. It is the final purpose of this Article to remove from existing statutes the limitations, other than questions of constitutionality, that have acted as barriers to effective systems of probation and paroles in the public interest.

Sec. 2. This Article may be cited as the “Adult Probation and Parole Law”.

Unless the context otherwise requires, the following definitions shall apply to the specified words and phrases as used in this Article:

a. “Courts” shall mean the courts of record having original criminal jurisdiction;

b. “Probation” shall mean the release of a convicted defendant by a court under conditions imposed by the court for a specified period during which the imposition of sentence is suspended;

c. “Parole” shall mean the release of a prisoner from imprisonment but not from the legal custody of the State, for rehabilitation outside of prison walls under such conditions and provisions for disciplinary supervision as the Board of Pardons and Paroles may determine. Parole shall not be construed to mean a commutation of sentence or any other form of executive clemency;

d. “Probation officer” shall mean either a person duly appointed by one or more courts of record having original criminal jurisdiction, to supervise defendants placed on probation; or a person designated by such courts for such duties on a part-time basis;

e. “Parole officer” shall mean a person duly appointed by the Director of the Division of Parole Supervision and assigned the duties of investigating and supervising paroled prisoners to see that the conditions of parole are complied with;

f. “Board” shall mean the Board of Pardons and Paroles;

g. “Division” shall mean the Division of Parole Supervision of the Board of Pardons and Paroles; and

h. “Director” shall mean the Director of the Division of Parole Supervision.

B. Probations

Sec. 3. The judges of the courts of the State of Texas having original jurisdiction of criminal actions, when it shall appear to the satisfaction of the court that the ends of justice and the best interests of the public as well as the defendant will be subserved thereby, shall have the power, after conviction or a plea of guilty for any crime or offense, where the maximum punishment assessed against the defendant does not exceed ten years imprisonment, to suspend the imposition of the sentence and may place the defendant on probation or impose a fine applicable to the offense committed and also place
Art. 42.12  CODE OF CRIMINAL PROCEDURE  1762

the defendant on probation as hereinafter provided. Any such person placed on probation, whether in a trial by jury or before the court, shall be under the supervision of such court.

Sec. 3a. Where there is a conviction in any court of this State and the punishment assessed by the jury shall not exceed ten years, the jury may recommend probation upon written sworn motion made therefor by the defendant, filed before the trial begins. When the trial is to a jury, and the defendant has no counsel, the court shall inform the defendant of his right to make such motion, and the court shall appoint counsel to prepare and present same, if desired by the defendant. In no case shall probation be recommended by the jury except when the sworn motion and proof shall show, and the jury shall find in their verdict that the defendant has never before been convicted of a felony in this or any other State. This law is not to be construed as preventing the jury from passing on the guilt of the defendant, but he may enter a plea of not guilty. In all eligible cases, probation shall be granted by the court if the jury recommends it in their verdict.

If probation is granted by the jury the court may impose only those conditions which are set forth in Section 6 hereof.

Sec. 3b. Where probation is recommended by the verdict of a jury as provided for in Sec. 3a above, a defendant's probation shall not be revoked during his good behavior, so long as he is within the jurisdiction of the court and his residence is known, except in accordance with the provisions of Sec. 8 of this Article. If such a defendant has no counsel, it shall be the duty of the court to inform him of his right to show cause why his probation should not be revoked; and if such a defendant requests such right, the court shall appoint counsel in accordance with Articles 26.04 and 26.05 of this Code to prepare and present the same; and in all other respects the procedure set forth in said Sec. 8 of this Article shall be followed.

Sec. 3c. Nothing herein shall limit the power of the court to grant a probation of sentence regardless of the recommendation of the jury or prior conviction of the defendant.

Sec. 4. When directed by the court, a probation officer shall fully investigate and report to the court in writing the circumstances of the offense, criminal record, social history and present condition of the defendant. Whenever practicable, such investigation shall include a physical and mental examination of the defendant. If a defendant is committed to any institution the probation officer shall send a report of such investigation to the institution at the time of commitment.

Sec. 5. Only the court in which the defendant was tried may grant probation, fix or alter conditions, revoke the probation, or discharge the defendant, unless the court has transferred jurisdiction of the case to another court with the latter's consent. After a defendant has been placed on probation, jurisdiction of the case may be transferred to a court of the same rank in this State having geographical jurisdiction where the defendant is residing or where a violation of the conditions of probation occurs. Upon transfer, the clerk of the court of original jurisdiction shall forward a transcript of such portions of the record as the transferring judge shall direct to the court accepting jurisdiction, which latter court shall thereafter proceed as if the trial and conviction had occurred in that court. Any court having geographical jurisdiction where the defendant is residing or where a violation of the conditions of probation occurs may issue a warrant for his arrest, but the determination of action to be taken after arrest
shall be only by the court having jurisdiction of the case at the time
the action is taken.

Sec. 6. The court having jurisdiction of the case shall determine the terms and conditions of probation and may, at any time, during the period of probation alter or modify the conditions; provided, however, that the clerk of the court shall furnish a copy of such terms and conditions to the probationer, and shall note the date of delivery of such copy on the docket. Terms and conditions of probation may include, but shall not be limited to, the conditions that the probationer shall:

1. Commit no offense against the laws of this State or of any other State or of the United States;
2. Avoid injurious or vicious habits;
3. Avoid persons or places of disreputable or harmful character;
4. Report to the probation officer as directed;
5. Permit the probation officer to visit him at his home or elsewhere;
6. Work faithfully at suitable employment as far as possible;
7. Remain within a specified place;
8. Pay his fine, if one be assessed, and all court costs whether a fine be assessed or not, in one or several sums, and make restitution or reparation in any sum that the court shall determine; and

Sec. 7. At any time, after the defendant has satisfactorily completed one-third of the original probationary period or two years of probation, whichever is the lesser, the period of probation may be reduced or terminated by the court. Upon the satisfactory fulfillment of the conditions of probation, and the expiration of the period of probation, the court, by order duly entered, shall amend or modify the original sentence imposed, if necessary, to conform to the probation period and shall discharge the defendant. In case the defendant has been convicted or has entered a plea of guilty or a plea of nolo contendere, and the court has discharged the defendant hereunder, such court may set aside the verdict or permit the defendant to withdraw his plea, and shall dismiss the accusation, complaint, information or indictment against such defendant, who shall thereafter be released from all penalties and disabilities resulting from the offense or crime of which he has been convicted or to which he has pleaded guilty, except that proof of his said conviction or plea of guilty shall be made known to the court should the defendant again be convicted of any criminal offense.

Sec. 8. At any time during the period of probation the court may issue a warrant for violation of any of the conditions of the probation and cause the defendant to be arrested. Any probation officer, police officer or other officer with power of arrest may arrest such defendant without a warrant upon the order of the judge of such court to be noted on the docket of the court. A probationer so arrested may be detained in the county jail or other appropriate place of detention until he can be taken before the court. Such officer shall forthwith report such arrest and detention to such court. Thereupon, the court shall cause the defendant to be brought before it and after a hearing without a jury, may either continue or revoke the probation and, if probation is revoked, shall proceed to dispose of the case as if there had been no probation.
Any probationer who removes himself from the State of Texas without permission of the court having jurisdiction of the case, shall be deemed and considered a fugitive from justice and shall be subject to extradition as now provided by law. No part of the time that the defendant is on probation shall be considered as any part of the time that he shall be sentenced to serve. The right of the probationer to appeal to the Court of Criminal Appeals for a review of the trial and conviction, as provided by law, shall be accorded the probationer at the time he is placed on probation. When he is notified that his probation is revoked for violation of the conditions of probation and he is called on to serve a sentence in a jail or in an institution operated by the Department of Corrections, he may appeal the revocation.

Sec. 9. If, for good and sufficient reasons, probationers desire to change their residence within the State, such transfer may be effected by application to their supervising probation officer, which transfer shall be subject to the court's consent and subject to such regulations as the court may require in the absence of a probation officer in the locality to which the probationer is transferred.

Sec. 10. For the purpose of providing adequate probation services, the district judge or district judges having original jurisdiction of criminal actions in the county or counties, if applicable, are authorized, with the advice and consent of the commissioners court as hereinafter provided, to employ and designate the titles and fix the salaries of probation officers, and such administrative, supervisory, stenographic, clerical, and other personnel as may be necessary to conduct presentence investigations, supervise and rehabilitate probationers, and enforce the terms and conditions of probation. Only those persons who have successfully completed education in an accredited college or university and two years full time paid employment in responsible probation or correctional work with juveniles or adults, social welfare work, teaching or personnel work; or persons who are licensed attorneys with experience in criminal law; or persons who are serving in such capacities at the time of the passage of this Article and who are not otherwise disqualified by Section 31 of this Article, shall be eligible for appointments as probation officers; providing that additional experience in any of the above work categories may be substituted year for year for the required college education, with a maximum substitution of two years.

It is the further intent of this Article that the caseload of each probation officer not substantially exceed seventy-five probationers.

Where more than one probation officer is required, the judge or judges shall appoint a chief adult probation officer or director, who, with their approval, shall appoint a sufficient number of assistants and other employees to carry on the professional, clerical, and other work of the court.

The judge or judges, with the approval of the juvenile board of the county, may authorize the chief probation or chief juvenile officer to establish a separate division of adult probation and appoint adult probation officers and such other personnel as required. It is the further intent of this Act that the same person serving as a probation officer for juveniles shall not be required to serve as a probation officer for adults and vice-versa.

The judge or judges may, with the approval of the director of parole supervision, designate a parole officer or supervisor employed by the Division of Parole Supervision as a probation officer for the county or district.

Probation officers shall be furnished transportation, or alternatively, shall be entitled to an automobile allowance for use of personal
The salaries of personnel, and other expenses essential to the adequate supervision of probationers, shall be paid from the funds of the county or counties comprising the judicial district or geographical area served by such probation officers. In instances where a district court has jurisdiction in two or more counties, the total expenses of such probation services shall be distributed approximately in the same proportion as the population in each county bears to the total population of all of those counties, according to the last preceding or any future Federal Census. In all the instances of the employment of probation officers, the responsible judges and county commissioners are authorized to accept grants or gifts from other political subdivisions of the State or associations and foundations, for the sole purpose of financing adequate and effective probationary programs in the various parts of the State. For the purposes of this Act, the municipalities of this State are specifically authorized to grant and allocate such sums of money as their respective governing bodies may approve to their appropriate county governments for the support and maintenance of effective probationary programs. All grants, gifts, and allocations of the character and purpose described in this section shall be handled and accounted for separately from other public funds of the county.

Sec. 11. For the purpose of determining when fees are to be paid to any officer or officers, the placing of the defendant on probation shall be considered a final disposition of the case, without the necessity of waiting for the termination of the period of probation or suspension of sentence.

Sec. 12. The provisions of Section 10 and 11 above are also applicable to Article 42.13.

C. Paroles

Sec. 12. The Board of Pardons and Paroles created by Article 4, Section 11 of the Constitution of this State, shall administer the provisions of this Act respecting determinations of which prisoners shall be paroled from an institution operated by the Department of Corrections, the conditions of such paroles, and may recommend the revocation of paroles by the Governor.

Sec. 13. The members of the Board shall give full time to the duties of their office and shall be paid such salaries as the Legislature may determine in Appropriation Acts. The members of the Board shall elect one of their number as chairman, who shall serve for a period of two years and until his successor is elected and qualified.

The Board shall meet at the call of the chairman and from time to time as may otherwise be determined by majority vote of the Board. A majority of the Board shall constitute a quorum for the transaction of all business.

The Board shall adopt an official seal of which the courts shall take judicial notice. Decisions of the Board shall be by majority vote.

The Board shall keep a record of its acts and shall notify each institution of its decision relating to the persons who are to have been confined therein. At the close of each fiscal year the Board shall submit to the Governor and to the Legislature a report with statistical and other data of its work.

All minutes of the Board and decisions relating to parole, pardon and clemency shall be matters of public record and subject to public inspection at all reasonable times.
Sec. 14. The necessary office quarters shall be provided for the Board in the manner that the same are furnished to other departments, boards, commissions, bureaus and offices of the State.

Sec. 15. The Board is hereby authorized to release on parole, with the approval of the Governor, any person confined in any penal or correctional institution of this State, except persons under sentence of death, who has served one-fourth of the maximum sentence imposed, provided that in any case he may be paroled after serving fifteen years. Time served shall be a total calendar time served and all credits allowed under the laws governing the operation of the Department of Corrections, and executive clemency. All paroles shall issue upon order of the Board, duly adopted and approved by the Governor.

Within one year after a prisoner's admittance to the penal or correctional institution and at such intervals thereafter, as it may determine, the Board shall secure and consider all pertinent information regarding each prisoner, except any under sentence of death, including the circumstances of his offense, his previous social history and criminal record, his conduct, employment and attitude in prison, and the reports of such physical and mental examinations as have been made.

Before ordering the parole of any prisoner, the Board may have the prisoner appear before it and interview him. A parole shall be ordered only for the best interest of society, not as an award of clemency; it shall not be considered to be a reduction of sentence or pardon. A prisoner shall be placed on parole only when arrangements have been made for his proper employment or for his maintenance and care, and when the Board believes that he is able and willing to fulfill the obligations of a law-abiding citizen. Every prisoner while on parole shall remain in the legal custody of the institution from which he was released but shall be amenable to the orders of the Board.

The Board may adopt such other reasonable rules not inconsistent with law as it may deem proper or necessary with respect to the eligibility of prisoners for parole, the conduct of parole hearings, or conditions to be imposed upon parolees. Whenever an order for parole is issued it shall recite the conditions thereof in clear and intelligible language.

It shall be the duty of the Board at least ten days before ordering the parole of any prisoner or upon the granting of executive clemency by the Governor to notify the sheriff, the district attorney and the district judge in the county where such person was convicted that such parole or clemency is being considered by the Board or by the Governor.

If no parole officer has been assigned to the locality where a person is to be released on parole or executive clemency the Board shall notify the chairman of the Voluntary Parole Board of such county prior to the release of such person. The Board shall request such Voluntary Parole Board, in the absence of a parole office, for information which would herein be required of such duly appointed parole officer. This shall not, however, preclude the Board from requesting information from any public agency in such locality.

Sec. 16. It shall be the duty of any judge, district attorney, county attorney, police officer or other public official of the State, having information with reference to any prisoner eligible for parole, to sign in writing such information as may be in his possession or under his control to the Board, upon request of any member or employee thereof.

Sec. 17. It shall be the duty of all prison officials to grant to the members of the Board, or its properly accredited representatives,
access at all reasonable times to any prisoner, to provide for the Board or such representatives facilities for communicating with and observing such prisoner, and to furnish to the Board such reports as the Board shall require concerning the conduct and character of any prisoner in their custody and any other facts deemed by the Board pertinent in determining whether such prisoner shall be paroled.

Sec. 18. The Board shall formulate rules as to the submission and presentation of information and arguments to the Board for and in behalf of any parolee under the jurisdiction of the Board.

All persons presenting information or arguments to the Board shall submit therewith an affidavit stating whether any fee has been paid or is to be paid for their services in the case, other than a duly licensed attorney, the amount of such fee, if any, and by whom such fee is paid or to be paid.

Sec. 19. The Board shall have power to issue subpoenas requiring the attendance of such witnesses and the production of such records, books, papers, and documents as it may deem necessary for investigation of the case of any person before it. Subpoenas may be signed and oath administered by any member of the Board. Subpoenas so issued may be served by a sheriff, constable, police, parole, or probation officer, or other law enforcement officer, in the same manner as similar process in courts of record having original jurisdiction of criminal actions. Any person who testifies falsely or fails to appear when subpoenaed, or fails or refuses to produce such material pursuant to the subpoena, shall be subject to the same orders and penalties to which a person before a court is subject. Any courts of record having original jurisdiction of criminal actions upon application of the Board, may in their discretion compel the attendance of witnesses, the production of such material and the giving of testimony before the Board, by an attachment for contempt or otherwise in the same manner as production of evidence may be compelled before such courts of record having original jurisdiction of criminal actions.

Sec. 20. The Board shall have the power and duty to make rules for the conduct of persons placed on parole by the Board.

Sec. 21. Upon order by the Governor, the Board is authorized to issue a warrant for the return of any paroled prisoner to the institution from which he was paroled. Such warrant shall authorize all officers named therein to return such paroled prisoner to actual custody in the penal institution from which he was paroled. Pending hearing, as hereinafter provided, upon any charge of parole violation, the prisoner shall remain incarcerated in such institution.

A parolee for whose return a warrant has been issued by the Board shall, after the issuance of such warrant, be deemed a fugitive from justice and if it shall appear that he has violated the provisions of his parole, then the time from the issuing of such warrant to the date of his arrest shall not be counted as any part of the time to be served under his sentence. The law now in effect concerning the right of the State of Texas to extradite persons and return fugitives from justice, and Article 42.11 of this Code concerning the waiver of all legal requirements to obtain extradition of fugitives from justice, from other states to this State, shall not be impaired by this Act and shall remain in full force and effect.

Sec. 22. Whenever a paroled prisoner is accused of a violation of his parole on information and complaint by a law enforcement officer or parole officer, he shall be entitled to be heard on such charges before the Board under such rules and regulations as the Board may adopt; providing, however, said hearing shall be held within forty-
Art. 42.12  CODE OF CRIMINAL PROCEDURE

five days of the date of arrest and at a time and place set by the Board. When the Board has heard the facts, it may recommend to the Governor that the parole be continued, or revoked, or modified in any manner the evidence may warrant. When the Governor revokes a prisoner's parole, he may be required to serve the portion remaining of the sentence on which he was released on parole, such portion remaining to be calculated without credit for the time from the date of his release on parole to the date of his arrest or charge of parole violation.

Sec. 23. In order to complete the parole period, a parolee shall be required to serve out the whole term for which he was sentenced, subject to the deduction of the time he had served prior to his parole and to any diminution of sentence earned for good behavior while imprisoned in the Department of Corrections. The time on parole shall be calculated as calendar time. This provision, however, shall not be construed so as to interfere with the constitutional power conferred upon the Governor to grant pardons and to commute sentences.

When any paroled prisoner has fulfilled the obligations of his parole and has served out his term as conditioned in the preceding paragraph, the Board shall make a final order of discharge and issue to the parolee a certificate of such discharge.

Sec. 24. Whenever any prisoner serving an indeterminate sentence, as provided by law, shall have served for twelve months on parole in a manner acceptable to the Board, it shall review the prisoner's record and make a determination whether to recommend to the Governor that the prisoner be pardoned and finally discharged from the sentence under which he is serving.

When any prisoner who has been paroled has complied with the rules and conditions governing his parole until the end of the term to which he was sentenced, and without a revocation of his parole, the Board shall report such fact to the Governor prior to the issuance of the final order of discharge, together with its recommendation as to whether the prisoner should be restored to citizenship.

Sec. 25. On request of the Governor the Board shall investigate and report to the Governor with respect to any person being considered by the Governor for pardon, commutation of sentence, reprieve, or remission of fine or forfeiture, and make recommendations thereon.

D. Supervision of Parolees

Sec. 26. The Board of Pardons and Paroles shall have general responsibility for the investigation and supervision of all prisoners released on parole. For the discharge of this responsibility, there is hereby created with the Board of Pardons and Paroles, a Division of Parole Supervision. Subject to the general direction of the Board of Pardons and Paroles, the Division of Parole Supervision, including its field staff shall be responsible for obtaining and assembling any facts the Board of Pardons and Paroles may desire in considering parole eligibility, and for investigating and supervising paroled prisoners to see that the conditions of parole are complied with, and for making such periodic reports on the progress of parolees as the Board may desire.

Sec. 27. All information obtained in connection with prison inmates applying for parole or individuals who may be on parole and under the supervision of the division, or persons directly identified in any proposed plan of release for a parolee, shall be privileged information and shall not be subject to public inspection; provided, however, that all such information shall be available to the Governor and the Board of Pardons and Paroles upon request. It is further
provided, that statistical and general information respecting the parole program and system, including the names of paroled prisoners and data recorded in connection with parole services, shall be subject to public inspection at any reasonable time.

Sec. 28. Salaries of all employees of the Division of Parole Supervision shall be governed by Appropriation Acts of the Legislature. The Board of Pardons and Paroles shall appoint a Director of the Division, and all other employees shall be selected by the Director, subject to such general policies and regulations as the Board may approve.

It is expressly provided, however, that no person may be employed as a parole officer or supervisor, or be responsible for the investigations, surveillance, or supervision of persons on parole, unless he meets the following qualifications together with any other qualifications that may be specified by the Director of the Division, with the approval of the Board of Pardons and Paroles; 26 to 55 years of age, with four years of successfully completed education in an accredited college or university, and two years of full time paid employment in responsible correctional work with adults or juveniles, social welfare work, teaching, or personnel work. Additional experience in the above categories may be substituted year for year for the required college education, with a maximum substitution for two years.

Sec. 29. Any parole officer or supervisor employed by the Division of Parole Supervision may, with the approval of the director, be designated as a probation officer by the judge of a court of the State having original jurisdiction of criminal actions. Any proportional part of the salary paid to a parole officer or supervisor so designated, however, in compensation for his service as a probation officer, shall be only with the prior written approval of the director; and all such proportional salary payments shall be periodically reported to the Governor and the Legislature by the director.

Sec. 30. In order to provide supervision of parolees or of persons granted executive clemency who reside in sparsely settled areas of the State and in localities not served by regularly employed parole officers, the Governor of this State is authorized to appoint chairmen of Voluntary Parole Boards for such areas or localities. The appointed chairman may, with the advice and approval of the Director of the Division of Parole Supervision, appoint additional members of such Voluntary Parole Boards. The term of service by such appointed chairmen of Voluntary Parole Boards shall not exceed the term of office of the appointing Governor; and the terms of service of locally appointed additional members of such Voluntary Parole Boards shall not exceed the terms of office of the director. However, it is expressly provided that the terms of service by such chairmen and additional members of Voluntary Parole Boards may be continued by appropriate reappointments. The chairman of the Voluntary Parole Board shall be responsible for assigning supervision of parolees to the members of such board.

Sec. 31. No person who is serving as a sheriff, deputy sheriff, constable, deputy constable, city policeman, Texas Ranger, state highway patrolman, or similar law enforcement officer, or as a prosecuting attorney, shall act as a parole officer or be responsible for the supervision of persons on parole.

Sec. 32. Any parole officer or supervisor employed by the Division of Parole Supervision may, upon request of the Governor or the Board of Pardons and Paroles and by direction of the director, be
responsible for supervising persons placed on conditional pardon or furlough.

E. General Provisions

Sec. 33. The provisions of this Act shall not be construed to prevent or limit the exercise by the Governor of powers of executive clemency vested in him by the Constitution of this State.

Sec. 34. The provisions of this Act shall not apply to parole from institutions for juveniles.

Sec. 35. This Article shall not be deemed to alter or invalidate any probationary period fixed under statutes in force prior to the effective date of this Code or to limit the jurisdiction or power of a court to modify or terminate such probationary period. In other respects, persons placed on probation or parole prior to the effective date of this Code shall be amenable to the provisions of this Code insofar as it may be made applicable to them. All other actions pertaining to probabilities and paroles granted prior to the effective date of this Code shall be regulated according to the law in force at the time the probation or parole was granted. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 42.13 Misdemeanor Probation Law

Section 1. All probation in misdemeanor cases shall be granted and administered under this Article.

Definitions

Sec. 2. In this Article, unless the context requires a different definition,

(1) "court" means a county court, or a county court at law or county criminal court or any court with original criminal jurisdiction, and includes the judge of any of these courts;

(2) "probation" means the release by a court under terms and for a period specified by the court of a defendant who has been found guilty of a misdemeanor;

(3) "probationer" means a defendant who is on probation.

Probation authorized in misdemeanor cases

Sec. 3. (a) A defendant who has been found guilty of a misdemeanor wherein the maximum permissible punishment is by confinement in jail or by a fine in excess of $200 may be granted probation if:

(1) he applies in writing to the court for probation before trial;

(2) he has never before been convicted in this or another jurisdiction of a felony or of a misdemeanor for which the maximum permissible punishment is by confinement in jail or exceeds a $200 fine;

(3) he has not been granted probation nor been under probation under this Act or any other Act in the preceding five years;

(4) he has paid all costs of his trial and so much of any fine imposed as the court directs; and

(5) the court believes that the ends of justice and the best interests of society and of the defendant will be served by granting him probation.

(b) If a defendant satisfies the requirements of Section 3(a) (1), (2), (3), and (4) of this Article, and the jury hearing his case recommends probation in its verdict, the court must grant the defendant probation. The court may, however, extend the term of the proba-
tionary period to any length of time not exceeding the maximum time of confinement allowed by law. In the event probation is revoked in accordance with Section 6, the judgment of the court shall not prescribe any penalty in excess of that imposed by the jury.

(c) A defendant's application for probation must be made under oath and must also contain statements (1) that he has never before been convicted in this or another jurisdiction of a felony or of a misdemeanor for which the maximum permissible punishment is by confinement in jail or exceeds a $200 fine, and (2) that he has not been granted probation nor been under probation under this Article or any other Article in the preceding five years. The application may contain what other information the court directs.

(d) When a defendant has applied for probation, the court during the trial of his case must receive competent evidence concerning the defendant's entitlement to probation.

Effect of probation

Sec. 4. (a) When a defendant is granted probation under the terms of this Act, the finding of guilt does not become final, nor may the court render judgment thereon, except as provided in Section 6 of this Article.

(b) The court shall record the fact and date that probation was granted on the docket sheet or in the minutes of the court. The court shall also note the period and terms of the probation, and the details of the judgment. The court's records may not reflect a final conviction, however, unless probation is later revoked in accordance with Section 6 of this Article.

Terms and supervision of probation

Sec. 5. (a) The period and terms of probation shall be determined by the court granting it. Except as provided in Subsection (d) of this Section, a probationer is under the supervision of the court granting him probation.

(b) The period and terms of probation shall be designed to prevent recidivism and promote rehabilitation of the probationer. The terms must include, but are not limited to, the requirements that a probationer:

1. commit no offense against the laws of this or any other state or the United States;
2. avoid injurious or vicious habits;
3. avoid persons or places of disreputable or harmful character;
4. report to the probation officer as directed;
5. permit the probation officer to visit him at his home or elsewhere;
6. work faithfully at suitable employment as far as possible;
7. remain within a specified place;
8. pay his fine, if the court so orders and, if one be assessed, in one or several sums, and make restitution or reparation in any sum that the court shall determine not to exceed One Thousand Dollars ($1,000); and
9. support his dependents.

(c) The clerk of a court granting probation shall promptly furnish the probationer with a written statement of the period and terms of his probation. If the period or terms are later modified, the clerk
Art. 42.13 CODE OF CRIMINAL PROCEDURE

of the modifying court shall promptly furnish the probationer with a written statement of the modifications. The clerk in either case shall take a receipt from the probationer for delivery of the statement.

(d) After probation has been granted, jurisdiction of the probationer's case may be transferred to another court which can more conveniently supervise the probation. If the other court accepts the transfer, the transferring court shall forward to it all pertinent records in the case. The court accepting the transfer is vested with jurisdiction of the case and may exercise any power conferred by this Act upon the court initially granting probation.

Revocation of probation

Sec. 6. (a) If a probationer violates any term of his probation, the court may cause his arrest by warrant as in other cases. The probationer upon arrest shall be brought promptly before the court causing his arrest and the court, upon motion of the state and after a hearing without a jury, may continue, modify, or revoke the probation as the evidence warrants.

(b) On the date the probation is revoked, the finding of guilty becomes final and the court shall render judgment thereon against the defendant. The judgment shall be enforced as in other cases and the time served on probation may not be credited or otherwise considered for any purpose.

Discharge from probation

Sec. 7. (a) When the period and terms of a probation have been satisfactorily completed, the court shall, upon its own motion, discharge him from probation and enter an order in the minutes of the court setting aside the finding of guilty and dismissing the accusation or complaint and the information or indictment against the probationer:

(b) After the case against the probationer is dismissed by the court, his finding of guilty may not be considered for any purpose except to determine his entitlement to a future probation under this Act, or any other probation Act.

Appeal rights

Sec. 8. (a) A probationer, at the time he is granted probation, may appeal his conviction as in other cases. He may also appeal the revocation of his probation, but the revocation may not be set aside on appeal without a clear showing of abuse of discretion by the revoking court.

(b) The refusal of a court to grant probation is not appealable unless the jury hearing the case has recommended probation in its verdict and the defendant has satisfied the requirements of Section 3(a) (1), (2), (3), and (4) of this Article. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 42.14 [782] [866] [844] In absence of defendant

Art. 42.15. [783] [867] [845] As to fine

When the defendant is only fined the judgment shall be that the State of Texas recover of the defendant the amount of such fine and
all costs of the prosecution, and that the defendant, if present, be committed to jail until such fine and costs are paid; or if the defendant be not present, that a capias forthwith issue, commanding the sheriff to arrest the defendant and commit him to jail until such fine and costs are paid; also, that execution may issue against the property of such defendant for the amount of such fine and costs. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 42.16

On other judgment

If the punishment is any other than a fine, the judgment shall specify it, and order it enforced by the proper process. It shall also adjudge the costs against the defendant, and order the collection thereof as in other cases. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 44.03  [814] [898] [875] Presence in appellate court

The defendant need not be personally present upon the hearing of his cause in the Court of Criminal Appeals, but if not in jail, he may appear in person. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

(a) Any defendant who is convicted of a misdemeanor, or who is convicted of a felony and whose punishment is assessed at a fine or confinement not to exceed fifteen years or both, shall be entitled to bail under the rules set forth in this Chapter pending disposition of his motion for new trial, if any, and pending disposition of his appeal, if any, and until his conviction becomes final.

(b) If the defendant is on bail when the trial commences, he shall have the same right to remain on bail during the trial of the case and until the return into court of the verdict as he had under the law before the trial commences.

(c) If the defendant is on bail when the trial commences and is convicted of a misdemeanor appealable to any court where a trial de novo may be had and is on bail when the trial commences, he shall remain at large on such bail and such bail shall not be considered as discharged until his conviction becomes final or he files an appeal bond as required by this Code for appeal from such conviction.

(d) If the defendant is on bail when the trial commences and is convicted of a misdemeanor appealable to the Court of Criminal Appeals or of a felony and his punishment is assessed at a fine or confinement not to exceed fifteen years, or both, he shall remain on such bail and the bail shall not be considered discharged until his conviction has become final, either through his failure to obtain a new trial or to perfect an appeal or through final affirmance by the appellate court on appeal and the filing of a mandate thereof with the clerk of the trial court.

After conviction, either pending determination of any motion for new trial or pending final determination of the appeal, the court in which he was tried may increase or decrease the amount of his bail, as it deems proper, either upon its own motion or the motion of the State or of the defendant, which bail and the sureties thereon shall be approved by such trial court in the event any additional bond is required.

(e) If the defendant is in custody when the trial commences, and his punishment is assessed at a fine or confinement not to exceed fifteen years, or both, he shall be entitled to bail until his conviction has become final, either through his failure to obtain a new trial or to perfect an appeal or through final affirmance by the appellate court upon appeal and the filing of a mandate thereof with the clerk of the
trial court. Upon application by the defendant, and at any time prior to the time such conviction becomes final, the trial court shall set his bail at such amount as such court deems proper, which bail and sureties on which bond shall be approved by the trial court. If he be in custody, his motion for new trial or notice of appeal shall have no effect to release him from such custody unless he enters into such bail.

(f) Any such bail may be entered into and given either in the same or any subsequent term of the court, and shall be sufficient if it substantially meets the requirements of Article 17.09.

(g) In no event shall the defendant and the sureties on his bond be released from their liability on such bond or bonds until the defendant is placed in the custody of the sheriff.

(h) If the punishment assessed exceeds fifteen years confinement, the defendant shall be placed in custody of the sheriff and the bail thereby considered discharged immediately upon the return into court of the verdict as to punishment, or if the minimum punishment possible under the law exceeds fifteen years, then immediately upon the return into court of the verdict of guilty. Sec. 2. (a) The Director of the Department of Corrections may transfer a prisoner not under death sentence who is confined in an institution operated by the Department of Corrections to a State mental hospital if a prison physician is of the opinion that the prisoner is mentally ill and would benefit from treatment in a mental hospital and if he is advised by the head of a State mental hospital that facilities are available for treatment of the prisoner.

(b) A prisoner so transferred remains under the jurisdiction of the Department of Corrections.

(c) The Director of the Department of Corrections shall transport the prisoner to and from the State mental hospital.

(b) A prisoner so transferred remains under the jurisdiction of the sheriff of the county.

(c) The county from which a prisoner is so transferred shall transport the prisoner to and from the State mental hospital, and shall pay the costs of his support, treatment and maintenance while in the State mental hospital as a prisoner.

Upon receiving this notice the Director of the Department of Corrections or the county judge shall immediately transport the prisoner from the State mental hospital to the Department of Corrections or county jail to serve the unexpired portion of his sentence.

Sec. 7. Prior to the date of the expiration of the sentence of a prisoner who is being treated in a State mental hospital, the head of the mental hospital shall have the prisoner examined and shall determine whether he requires further hospitalization as a mentally ill person and whether because of his mental illness he is likely to cause injury to himself or others if not restrained.

(a) The head of the mental hospital shall release the prisoner upon receiving notice of his discharge from the Department of Corrections or from jail, unless he determines that the prisoner requires further hospitalization as a mentally ill person and because of his mental illness is likely to cause injury to himself or others if not restrained.

(b) If the head of the hospital determines that the prisoner requires further hospitalization as a mentally ill person and because of his mental illness is likely to cause injury to himself or others if not restrained, he shall cause to be filed in the county court of the county in which the hospital is located a Certificate of Examination for Mental Illness and an Application for Temporary Hospitalization or Petition for Indefinite Commitment and may detain the person as a patient after his discharge from prison pending order of the court.

Art. 46.02  [932b] Insanity in defense or in bar

No prior trial except by agreement

Sec. 1. No issue of insanity shall be tried in advance of trial on the merits, except upon written application on behalf of the accused with the consent of the State's attorney and the approval of the trial judge.

Procedure at trial

Sec. 2. (a) At the trial on the merits, the trial court shall hear evidence on the issue of present insanity only if prior to the offer thereof there be filed on behalf of the defendant a written motion asking the court to hear evidence on such issue and requesting the court to declare a mistrial because of such insanity in the manner and to the extent provided for in this Article.

(b) When the issue of present insanity is tried, the following rules shall apply:

(1) The issue of present insanity shall be submitted to the jury only if supported by competent testimony.

(2) (a) Instructions submitting the issue of present insanity shall be framed so as to require the jury to state in its verdict whether defendant is sane or insane at the time of the trial.

(b) Instructions submitting the issue of present insanity shall also require the jury, if it finds the defendant presently insane, to state whether the defendant requires hospitalization in a mental hospital for his own welfare and protection or the protection of others.

(3) The charge shall instruct the jury that if it finds defendant is presently insane it will not consider or deliberate upon any other issues except (a) whether the defendant should be committed to a mental hospital; and (b) whether he was sane or insane as of the time of the alleged offense, if such issue be submitted.

(c) When the issue of insanity as of the time of the alleged offense is tried, the following rules shall apply:

(1) The issue of insanity as of the time of the alleged offense shall be submitted to the jury only if supported by competent evidence tending to show that defendant was insane as of the time of the alleged offense.

(2) Instructions submitting the issue of insanity as of the time of the alleged offense shall be framed so as to require the jury to state in its verdict whether defendant was sane or insane as of the time of the alleged offense.

(3) If the jury finds the defendant to have been insane at the time the offense is alleged to have been committed, the defendant shall stand acquitted of the alleged offense.

(d) The following rules shall apply upon defendant's being acquitted by reason of the jury's returning a finding that he was insane as of the time of the alleged offense:

(1) If the jury finds the defendant to be insane at the time of trial, and it further finds that the defendant should be committed to a mental institution, the court shall enter an order committing the defendant to a State mental hospital and placing him in the custody of the sheriff for transportation to a State mental hospital to be con-
fined therein until he becomes sane. The court shall further order that a transcript of all medical testimony adduced before the jury, shall be forthwith prepared by the court reporter and such transcript shall accompany the patient to the State mental hospital.

(2) If the jury returns a finding that defendant is sane as of the time of the trial, then the defendant shall be finally discharged.

(3) If there be no jury finding on the issue of present insanity, then the court, if the discharge or going at large of defendant be considered by the court manifestly dangerous to the peace and safety of the people, shall order defendant committed to jail or other suitable place pending the prompt initiation and prosecution by the attorney for the State or other person designated by the court of appropriate civil proceedings to determine whether defendant shall be committed to a mental institution, or the court may give defendant into the care of his friends on their giving satisfactory security for his proper care and protection; otherwise, defendant shall be discharged.

(e) Where the jury finds that the defendant is presently insane, but does not find that he was insane at the time of the offense (either because such issue was not submitted or because the jury failed to find on that issue or because it found that he was not insane at such time), the court shall enter a mistrial as to all issues except the issue of present insanity. If the jury finds that the defendant should be committed to a mental institution, the proper order so committing him shall be entered by the court.

**Status of patient acquitted**

Sec. 3. A person committed to a State mental hospital under this Article upon a jury finding of insanity at the time of trial who has been acquitted of the alleged offense is not by reason of that offense a person charged with a criminal offense. If the head of the mental hospital to which he is committed is of the opinion that the person is sane, he shall so notify the court which committed the person to the State mental hospital. Upon receiving such notice, the judge of the committing court shall impanel a jury to determine whether the person is sane or insane. If the jury finds the person is sane, he shall be released. If the jury finds the person is insane, the court shall order his return to the State mental hospital until he is so adjudged to be sane at a subsequent jury trial in such committing county.

**Insanity as bar to proceedings**

Sec. 4. If the question of the sanity of the defendant is raised after his conviction and prior to the pronouncement of sentence in a felony case or while an appeal from that conviction is pending, and sufficient proof is shown to satisfy the judge of the convicting court that a reasonable doubt exists as to the sanity of the defendant, the judge shall impanel a jury to determine whether the defendant is sane or insane. If the jury finds the defendant is insane, the court shall enter an order committing the defendant to a State mental hospital and placing him in the custody of the sheriff for transportation to a State mental hospital to be confined therein as a person charged with a criminal offense until he becomes sane. If the jury finds the defendant is sane, the proceedings in the case against him shall continue.

**Insanity as bar to execution of death sentence**

Sec. 5. If the question of the sanity of a person under death sentence is raised and sufficient proof is shown to satisfy the judge
of the convicting court or the judge of the district court of the county in which the person is confined that reasonable doubt exists as to his sanity, the judge shall impanel a jury to determine whether the person is sane or insane. If the jury finds the person is insane, the court shall enter an order committing him to a State mental hospital to be confined therein as a person charged with a criminal offense until he becomes sane. If the jury finds the person is sane, the court shall remand him to the proper authority for disposition according to law.

Suspension of proceedings

Sec. 6. When a defendant is found to be insane and committed to a State mental hospital under this Chapter, all further proceedings in the case against him shall be suspended until he becomes sane, except that upon motion of a defendant's counsel an appeal from a conviction may be prosecuted.

Trial on recovery of sanity

Sec. 7. (a) If the head of a State mental hospital in which a person charged with a criminal offense is confined under this Chapter is of the opinion that the person is sane, he shall so notify the court which committed the person to the State mental hospital.

(b) Upon receiving this notice, the judge of the committing court shall impanel a jury to determine whether the person is sane or insane. If the jury finds the person sane, the proceedings in the case against him shall continue. If the jury finds the person is insane, the court shall order his return to the State mental hospital until he becomes sane.

Trial on issue of insanity

Sec. 8. In a trial under this Chapter, the counsel for the defense has the right to open and conclude the argument on the issue of insanity. If the defendant has no counsel, the court shall appoint counsel to conduct the trial for him.

Medical testimony required

Sec. 9. No person shall be committed to a mental hospital under this Chapter except on competent medical or psychiatric testimony.

Time credited

Sec. 10. The time a person charged with or convicted of a criminal offense is confined in a State mental hospital under this Chapter pending trial, sentencing or appeal may in the discretion of the court be credited to the term of his sentence upon subsequent sentencing or re-sentencing. It is the duty of the justice of the peace to hold inquests, with or without a jury, within his county in the following cases:

1. When a person dies in prison or in jail;

2. When any person is killed, or from any cause dies an unnatural death, except under sentence of the law; or dies in the absence of one or more good witnesses;

3. When the body of a human being is found, and the circumstances of his death are unknown;

4. When the circumstances of the death of any person are such as to lead to suspicion that he came to his death by unlawful means;

5. When any person commits suicide, or the circumstances of his death are such as to lead to suspicion that he committed suicide;
6. When a person dies without having been attended by a duly licensed and practicing physician, and the local health officer or registrar required to report the cause of death under Rule 41a, Sanitary Code of Texas, Article 4477, Revised Civil Statutes, General Laws, 46th Legislature, 1939, page 343, does not know the cause of death. When the local health officer or registrar of vital statistics whose duty it is to certify the cause of death does not know the cause of death, he shall so notify the justice of the peace of the precinct in which the death occurred and request an inquest;

7. When a person dies who has been attended by a duly licensed and practicing physician or physicians, and such physician or physicians are not certain as to the cause of death and are unable to certify with certainty the cause of death as required by Rule 40a, Sanitary Code of Texas, Article 4477, Revised Civil Statutes, Chapter 41, Acts, First Called Session, 40th Legislature, 1927, page 116. In case of such uncertainty the attending physician or physicians, or the superintendent or general manager of the hospital or institution in which the deceased shall have died, shall so report to the justice of the peace of the precinct in which the death occurred, and request an inquest.

The inquests authorized and required by this Article shall be held by the justice of the peace of the precinct in which the death occurred, but in event the justice of the peace of such precinct is unavailable, or shall fail or refuse to act, then such inquest shall be conducted by the nearest available justice of the peace in which the death occurred. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 49.02 [969] [1059] [1024] Body disinterred or cremated

Sec. 1. When a body upon which an inquest ought to have been held has been interred, the justice may cause it to be disinterred for the purpose of holding such inquest.

Sec. 2. Before any body, upon which an inquest is authorized by the provisions of Article 49.01 can lawfully be cremated, an autopsy shall be performed thereon as provided in this Article, or a certificate that no autopsy was necessary shall be furnished by the justice of the peace. Before any dead body can be lawfully cremated, the owner or operator of the crematory shall demand and be furnished with a certificate, signed by the justice of the peace of the justice precinct in which the death occurred showing that an autopsy was performed on said body or that no autopsy thereon was necessary. No autopsy shall be required by the justice of the peace as a prerequisite to cremation in case death was caused by the pestilential diseases of Asiatic cholera, bubonic plague, typhus fever, or smallpox, named in Rule 77, Sanitary Code of Texas, Article 4477, Revised Civil Statutes of Texas, 1925. All certificates furnished the owner or operator of a crematory by any justice of the peace, under the terms of this Article, shall be preserved by such owner or operator of such crematory for a period of two years from the date of the cremation of said body.

Sec. 3. Any person violating any provision of this Article insofar as it relates to the cremation of bodies, shall be guilty of a misdemeanor, and upon conviction shall be fined in any sum not less than $500 and not more than $1,000, or by imprisonment in the county jail for not more than six months, or by both such fine and imprisonment. Art. 49.03  [970]  [1060]  Autopsies and Tests

The justice of the peace may in all cases call in the County Health Officer, or if there be none or if his services are not then obtainable, then a duly licensed and practicing physician, and shall procure their opinions and their advice on whether or not to order an autopsy to determine the cause of death. If upon his own determination he deems an autopsy necessary, the justice of the peace shall, by proper order, request the County Health Officer, or if there be none or if it be impracticable to secure his service, then some duly licensed and practicing physician who is trained in pathology to make an autopsy in order to determine the cause of death, and whether death was from natural causes or resulting from violence, and the nature and character of either of them. The county in which such autopsy and inquest is held shall pay the physician making such autopsy a fee of not more than $100, the amount to be determined by the Commissioners Court after ascertaining the amount and nature of the work performed in making such autopsy. In those cases where a complete autopsy is deemed unnecessary by the justice of the peace to ascertain the cause of death, he may by proper order, order the taking of blood samples or any other samples of fluids, body tissues or organs in order to ascertain the cause of death or whether any crime has been committed. In the case of a body of a human being whose identity is unknown, the justice of the peace may, by proper order, authorize such investigative and laboratory tests and processes as are required to determine the identity as well as the cause of death. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 49.04  [970a]  Liability of physician performing autopsy where order invalid

A physician authorized to practice medicine in this State who performs an autopsy upon an order of a justice of the peace, or a person who makes a test on a body upon an order of a justice of the peace, who does so in the good faith belief that the order is a valid one, shall not be held liable for damages in the event it is determined that the order was for any reason invalid. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 49.05  [970b]  Consent to autopsy

Sec. 1. Consent for a licensed physician to conduct an autopsy of the body of a deceased person shall be deemed sufficient when given by the following: In the case of a married person, the surviving spouse, or if no spouse survive him, by any child of such marriage, or in the event of a minor child of such marriage, the guardian of such child if any there be, or in the absence of such guardian, the court having jurisdiction of the person of such minor; in the event that neither spouse nor child survives such deceased, then permission for an autopsy shall be valid when given by a person who would be allowed to give such permission in the case of an unmarried deceased.

If the deceased be unmarried, then permission shall be given by the following for such autopsy, in the order stated: father, mother, guardian, or next of kin, and in the absence of any of the foregoing, by any natural person assuming custody of and responsibility for burial of the body of such deceased. If two or more of the above-named persons assume custody of the body, consent of one of them shall be deemed sufficient.
Sec. 2. For purposes of this Article, "licensed physician" shall be defined as any person duly licensed by the Texas State Board of Medical Examiners, and whose license is current in all respects. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 49.06 Chemical analysis

Sec. 4. The commissioners court shall establish and pay the salaries and compensations of the medical examiner and his staff.

Offices

Sec. 5. The commissioners court shall provide the medical examiner and his staff with adequate office space and shall provide laboratory facilities or make arrangements for the use of existing laboratory facilities in the county.

Death Investigations

Sec. 6. Any medical examiner, or his duly authorized deputy, shall be authorized, and it shall be his duty, to hold inquests with or without a jury within his county, in the following cases:

1. When a person shall die within twenty-four hours after admission to a hospital or institution or in prison or in jail;

2. When any person is killed; or from any cause dies an unnatural death, except under sentence of the law; or dies in the absence of one or more good witnesses;

3. When the body of a human being is found, and the circumstances of his death are unknown;

4. When the circumstances of the death of any person are such as to lead to suspicion that he came to his death by unlawful means;

5. When any person commits suicide, or the circumstances of his death are such as to lead to suspicion that he committed suicide;
6. When a person dies without having been attended by a duly licensed and practicing physician, and the local health officer or registrar required to report the cause of death under Rule 41a, Sanitary Code of Texas, Article 4477, Revised Civil Statutes, General Laws, 46th Legislature, 1939, page 343, does not know the cause of death. When the local health officer or registrar of vital statistics whose duty it is to certify the cause of death does not know the cause of death, he shall so notify the medical examiner of the county in which the death occurred and request an inquest; and

7. When a person dies who has been attended immediately preceding his death by a duly licensed and practicing physician or physicians, and such physician or physicians are not certain as to the cause of death and are unable to certify with certainty the cause of death as required by Rule 40a, Sanitary Code of Texas, Article 4477, Revised Civil Statutes, Chapter 41, Acts, First Called Session, 40th Legislature, 1927. In case of such uncertainty the attending physician or physicians, or the superintendent or general manager of the hospital or institution in which the deceased shall have died, shall so report to the medical examiner of the county in which the death occurred, and request an inquest.

The inquests authorized and required by this Article shall be held by the medical examiner of the county in which the death occurred.

In making such investigations and holding such inquests, the medical examiner or an authorized deputy may administer oaths and take affidavits. In the absence of next of kin or legal representatives of the deceased, the medical examiner or authorized deputy shall take charge of the body and all property found with it.

Sec. 8. When any death under circumstances set out in Section 6 shall have occurred, the body shall not be disturbed or removed from the position in which it is found by any person without authorization from the medical examiner or authorized deputy, except for the purpose of preserving such body from loss or destruction or maintaining the flow of traffic on a highway, railroad or airport.

Autopsy

Sec. 9. If the cause of death shall be determined beyond a reasonable doubt as a result of the investigation, the medical examiner shall file a report thereof setting forth specifically the cause of death with the district attorney or criminal district attorney, or in a county in which there is no district attorney or criminal district attorney with the county attorney, of the county in which the death occurred. If in the opinion of the medical examiner an autopsy is necessary, or if such is requested by the district attorney or criminal district attorney, or county attorney where there is no district attorney or criminal district attorney, the autopsy shall be immediately performed by the medical examiner or a duly authorized deputy. In
those cases where a complete autopsy is deemed unnecessary by the medical examiner to ascertain the cause of death, the medical examiner may perform a limited autopsy involving the taking of blood samples or any other samples of body fluids, tissues or organs, in order to ascertain the cause of death or whether a crime has been committed. In the case of a body of a human being whose identity is unknown, the medical examiner may authorize such investigative and laboratory tests and processes as are required to determine its identity as well as the cause of death. In performing an autopsy the medical examiner or authorized deputy may use the facilities of any city or county hospital within the county or such other facilities as are made available. Upon completion of the autopsy, the medical examiner shall file a report setting forth the findings in detail with the office of the district attorney or criminal district attorney of the county, or if there is no district attorney or criminal district attorney, with the county attorney of the county.

Disinterments and Cremations

Sec. 10. When a body upon which an inquest ought to have been held has been interred, the medical examiner may cause it to be disinterred for the purpose of holding such inquest.

Before any body, upon which an inquest is authorized by the provisions of this Article, can be lawfully cremated, an autopsy shall be performed thereon as provided in this Article, or a certificate that no autopsy was necessary shall be furnished by the medical examiner. Before any dead body can be lawfully cremated, the owner or operator of the crematory shall demand and be furnished with a certificate, signed by the medical examiner of the county in which the death occurred showing that an autopsy was performed on said body or that no autopsy thereon was necessary. It shall be the duty of the medical examiner to determine whether or not, from all the circumstances surrounding the death, an autopsy is necessary prior to issuing a certificate under the provisions of this section. No autopsy shall be required by the medical examiner as a prerequisite to cremation in case death is caused by the pestilential diseases of Asiatic cholera, bubonic plague, typhus fever, or smallpox, named in Rule 77, Sanitary Code of Texas, Article 4477, Revised Civil Statutes of Texas, 1925. All certificates furnished to the owner or operator of a crematory by any medical examiner, under the terms of this Article, shall be preserved by such owner or operator of such crematory for a period of two years from the date of the cremation of said body.

Records

Sec. 11. The medical examiner shall keep full and complete records properly indexed, giving the name if known of every person whose death is investigated, the place where the body was found, the date, the cause and manner of death, and shall issue a death certificate. The full report and detailed findings of the autopsy, if any, shall be a part of the record. Copies of all records shall promptly be delivered to the proper district, county, or criminal district attorney in any case where further investigation is advisable. Such records shall be public records.

Transfer of Duties of Justice of Peace

Sec. 12. When the commissioners court for any county having a population of one hundred twenty thousand or more, according to the last preceding Federal Census, shall establish the office of medical examiner, all powers and duties of justices of the peace in such county relating to the investigation of deaths and inquests shall vest
in the office of the medical examiner. When it is desired to have returned to this State a person charged in this State with a crime, and such person is imprisoned or is held under criminal proceedings then pending against him in another State, the Governor of this State may agree with the Executive Authority of such other State for the extradiction of such person before the conclusion of such proceedings or his term of sentence in such other State, upon condition that such person be returned to such other State at the expense of this State as soon as the prosecution in this State is terminated.
Art. 51.13  CODE OF CRIMINAL PROCEDURE 1820

The Governor of this State may also surrender on demand of the Executive Authority of any other State any person in this State who is charged in the manner provided in Section 23 of this Act with having violated the laws of the State whose Executive Authority is making the demand, even though such person left the demanding State involuntarily.

Extradition of persons not present in demanding State at time of commission of crime

Sec. 6. The Governor of this State may also surrender, on demand of the Executive Authority of any other State, any person in this State charged in such other State in the manner provided in Section 3 with committing an act in this State, or in a third State, intentionally resulting in a crime in the State whose Executive Authority is making the demand, and the provisions of this Article not otherwise inconsistent, shall apply to such cases, even though the accused was not in that State at the time of the commission of the crime, and has not fled therefrom.

Issue of Governor's warrant of arrest; its recitals

Sec. 7. If the Governor decides that the demand should be complied with, he shall sign a warrant of arrest, which shall be sealed with the state seal and be directed to any peace officer or other person whom he may think fit to entrust with the execution thereof. The warrant must substantially recite the facts necessary to the validity of its issuance.

Manner and place of execution

Sec. 8. Such warrant shall authorize the peace officer or other person to whom directed to arrest the accused at any time and any place where he may be found within the State and to command the aid of all peace officers and other persons in the execution of the warrant, and to deliver the accused, subject to the provisions of this Article to the duly authorized agent of the demanding State.

Authority of arresting officer

Sec. 9. Every such peace officer or other person empowered to make the arrest, shall have the same authority, in arresting the accused, to command assistance therein, as peace officers have by law in the execution of any criminal process directed to them, with like penalties against those who refuse their assistance.

Rights of accused person; application for writ of habeas corpus

Sec. 10. No person arrested upon such warrant shall be delivered over to the agent whom the Executive Authority demanding him shall have appointed to receive him unless he shall first be taken forthwith before a judge of a court of record in this State, who shall inform him of the demand made for his surrender and of the crime with which he is charged, and that he has the right to demand and procure legal counsel; and if the prisoner or his counsel shall state that he or they desire to test the legality of his arrest, the judge of such court of record shall fix a reasonable time to be allowed him within which to apply for a writ of habeas corpus. When such a writ is applied for, notice thereof, and of the time and place of hearing thereon, shall be given to the prosecuting officer of the county in which the arrest is made and in which the accused is in custody, and to the said agent of the demanding State.
Penalty for non-compliance with preceding section

Sec. 11. Any officer who shall deliver to the agent for extradition of the demanding State a person in his custody under the Governor's warrant, in wilful disobedience to Section 10 of this Act, shall be guilty of a misdemeanor and, on conviction, shall be fined not more than one thousand dollars or be imprisoned not more than six months, or both.

Confinement in jail, when necessary

Sec. 12. The officer or persons executing the Governor's warrant of arrest, or the agent of the demanding State to whom the prisoner may have been delivered may, when necessary, confine the prisoner in the jail of any county or city through which he may pass; and the keeper of such jail must receive and safely keep the prisoner until the officer or person having charge of him is ready to proceed on his route, such officer or person being chargeable with the expense of keeping.

The officer or agent of a demanding State to whom a prisoner may have been delivered following extradition proceedings in another State, or to whom a prisoner may have been delivered after waiving extradition in such other State, and who is passing through this State with such a prisoner for the purpose of immediately returning such prisoner to the demanding State may, when necessary, confine the prisoner in the jail of any county or city through which he may pass; and the keeper of such jail must receive and safely keep the prisoner until the officer or agent having charge of him is ready to proceed on his route, such officer or agent, however, being chargeable with the expense of keeping; provided, however, that such officer or agent shall produce and show to the keeper of such jail satisfactory written evidence of the fact that he is actually transporting such prisoner to the demanding State after a requisition by the Executive Authority of such demanding State. Such prisoner shall not be entitled to demand a new requisition while in this State.

 Arrest prior to requisition

Sec. 13. Whenever any person within this State shall be charged on the oath of any credible person before any judge or magistrate of this State with the commission of any crime in any other State and except in cases arising under Section 6, with having fled from justice, or with having been convicted of a crime in that State and having escaped from confinement, or having broken the terms of his bail, probation or parole, or whenever complaint shall have been made before any judge or magistrate in this State setting forth on the affidavit of any credible person in another State that a crime has been committed in such other State and that the accused has been charged in such State with the commission of the crime, and except in cases arising under Section 6, has fled from justice, or with having been convicted of a crime in that State and having escaped from confinement, or having broken the terms of his bail, probation or parole and is believed to be in this State, the judge or magistrate shall issue a warrant directed to any peace officer commanding him to apprehend the person named therein, wherever he may be found in this State, and to bring him before the same or any other judge, magistrate or court who or which may be available in or convenient of access to the place where the arrest may be made, to answer the charge or complaint and affidavit, and a certified copy of the sworn charge or complaint and affidavit upon which the warrant is issued shall be attached to the warrant.
Arrest without a warrant

Sec. 14. The arrest of a person may be lawfully made also by any peace officer or private person, without a warrant upon reasonable information that the accused stands charged in the courts of a State with a crime punishable by death or imprisonment for a term exceeding one year, but when so arrested the accused must be taken before a judge or magistrate with all practicable speed and complaint must be made against him under oath setting forth the ground for the arrest as in the preceding section; and thereafter his answer shall be heard as if he had been arrested on a warrant.

Commitment to await requisition; bail

Sec. 15. If from the examination before the judge or magistrate it appears that the person held is the person charged with having committed the crime alleged and except in cases arising under Section 6, that he has fled from justice, the judge or magistrate must, by warrant reciting the accusation, commit him to the county jail for such time not exceeding thirty days and specified in the warrant, as will enable the arrest of the accused to be made under a warrant of the Governor on a requisition of the Executive Authority of the State having jurisdiction of the offense, unless the accused give bail as provided in the next section, or until he shall be legally discharged.

Bail; in what cases; conditions of bond

Sec. 16. Unless the offense with which the prisoner is charged is shown to be an offense punishable by death or life imprisonment under the laws of the State in which it was committed, a judge or magistrate in this State may admit the person arrested to bail by bond, with sufficient sureties and in such sum as he deems proper, conditioned for his appearance before him at a time specified in such bond, and for his surrender, to be arrested upon the warrant of the Governor in this State.

Extension of time of commitment; adjournment

Sec. 17. If the accused is not arrested under warrant of the Governor by the expiration of the time specified in the warrant or bond, a judge or magistrate may discharge him or may recommencing for a further period not to exceed sixty days, or a judge or magistrate may again take bail for his appearance and surrender, as provided in Section 16, but within a period not to exceed sixty days after the date of such new bond.

Forfeiture of bail

Sec. 18. If the prisoner is admitted to bail and fails to appear and surrender himself according to the conditions of his bond, the judge, or magistrate by proper order, shall declare the bond forfeited and order his immediate arrest without warrant if he be within this State. Recovery may be had on such bond in the name of the State as in the case of other bonds given by the accused in criminal proceedings within this State.

Persons under criminal prosecution in this State at the time of requisition

Sec. 19. If a criminal prosecution has been instituted against such person under the laws of this State and is still pending, the Governor, in his discretion, either may surrender him on demand of the Executive Authority of another State or hold him until he has been tried and discharged or convicted and punished in this State.
Guilt or innocence of accused, when inquired into

Sec. 20. The guilt or innocence of the accused as to the crime of which he is charged may not be inquired into by the Governor or in any proceeding after the demand for extradition accompanied by a charge of crime in legal form as above provided shall have been presented to the Governor, except as it may be involved in identifying the person held as the person charged with the crime.

Governor may recall warrant or issue alias

Sec. 21. The governor may recall his warrant of the arrest or may issue another warrant whenever he deems proper. Each warrant issued by the Governor shall expire and be of no force and effect when not executed within one year from the date thereof.

Fugitives from this State; duty of Governor

Sec. 22. Whenever the Governor of this State shall demand a person charged with crime or with escaping from confinement or breaking the terms of his bail, probation or parole in this State, from the Executive Authority of any other State, or from the Chief Justice or an Associate Justice of the Supreme Court of the District of Columbia authorized to receive such demand under the laws of the United States, he shall issue a warrant under the seal of this State, to some agent, commanding him to receive the person so charged if delivered to him and convey him to the proper officer of the county in this State in which the offense was committed, or in which the prosecution for such offense is then pending.

Application for issuance of requisition; by whom made; contents

Sec. 23. 1. When the return to this State of a person charged with crime in this State is required, the State's attorney shall present to the Governor his written motion for a requisition for the return of the person charged, in which motion shall be stated the name of the person so charged, the crime charged against him, the approximate time, place and circumstances of its commission, the State in which he is believed to be, including the location of the accused therein at the time the motion is made and certifying that, in the opinion of the said State's attorney the ends of justice require the arrest and return of the accused to this State for trial and that the proceeding is not instituted to enforce a private claim.

2. When the return to this State is required of a person who has been convicted of a crime in this State and has escaped from confinement, or broken the terms of his bail, probation or parole, the prosecuting attorney of the county in which the offense was committed, the parole board, or the warden of the institution or sheriff of the county, from which escape was made, shall present to the Governor a written application for a requisition for the return of such person, in which application shall be stated the name of the person, the crime of which he was convicted, the circumstances of his escape from confinement, or the circumstances of the breach of the terms of his bail, probation or parole, the State in which he is believed to be, including the location of the person therein at the time application is made.

3. The application shall be verified by affidavit, shall be executed in duplicate and shall be accompanied by two certified copies of the indictment returned, or information and affidavit filed, or of the complaint made to the judge or magistrate, stating the offense with which the accused is charged, or of the judgment of conviction or of the sen-

tence. The prosecuting officer, parole board, warden or sheriff may also attach such further affidavits and other documents in duplicate as he shall deem proper to be submitted with such application. One copy of the application, with the action of the Governor indicated by endorsement thereon, and one of the certified copies of the indictment, complaint, information, and affidavits, or of the judgment of conviction or of the sentence shall be filed in the office of the Secretary of State to remain on record in that office. The other copies of all papers shall be forwarded with the Governor’s requisition.

Costs and expenses

Sec. 24. In all cases of extradition, the commissioners court of the county where an offense is alleged to have been committed, or in which the prosecution is then pending may in its discretion, on request of the sheriff and the recommendation of the prosecuting attorney, pay the actual and necessary expenses of the officer or person commissioned to receive the person charged, out of any county fund or funds not otherwise pledged.

Immunity from service of process in certain civil cases

Sec. 25. A person brought into this State by, or after waiver of, extradition based on a criminal charge shall not be subject to service of personal process in civil actions arising out of the same facts as the criminal proceeding to answer which he is being or has been returned, until he has been convicted in the criminal proceeding, or if acquitted, until he has had reasonable opportunity to return to the State from which he was extradited.

Written waiver of extradition proceedings

Sec. 25a. Any person arrested in this State charged with having committed any crime in another State or alleged to have escaped from confinement, or broken the terms of his bail, probation, or parole may waive the issuance and service of the warrant provided for in Sections 7 and 8 and all other procedure incidental to extradition proceedings, by executing or subscribing in the presence of a judge or any court of record within this State a writing which states that he consents to return to the demanding State; provided, however, that before such waiver shall be executed or subscribed by such person it shall be the duty of such judge to inform such person of his rights to the issuance and service of a warrant of extradition and to obtain a writ of habeas corpus as provided for in Section 10.

If and when such consent has been duly executed it shall forthwith be forwarded to the office of the Governor of this State and filed therein. The judge shall direct the officer having such person in custody to deliver forthwith such person to the duly accredited agent or agents of the demanding State, and shall deliver or cause to be delivered to such agent or agents a copy of such consent; provided, however, that nothing in this section shall be deemed to limit the rights of the accused person to return voluntarily and without formality to the demanding State, nor shall this waiver procedure be deemed to be an exclusive procedure or to limit the powers, rights or duties of the officers of the demanding State or of this State.

Non-waiver by this State

Sec. 25b. Nothing in this Act contained shall be deemed to constitute a waiver by this State of its right, power or privilege to try such demanded person for crime committed within this State, or of its right, power or privilege to regain custody of such person by
extradition proceedings or otherwise for the purpose of trial, sentence or punishment for any crime committed within this State, nor shall any proceedings had under this Article which result, or fail to result in, extradition to be deemed a waiver by this State of any of its right, privileges or jurisdiction in any way whatsoever.

No right of asylum, no immunity from other criminal prosecutions while in this State

Sec. 26. After a person has been brought back to this State by, or after waiver of extradition proceedings, he may be tried in this State for other crimes which he may be charged with having committed here as well as that specified in the requisition for his extradition.

MISCELLANEOUS PROVISIONS

Art.
54.01 Severability clause.
54.02 Repealing clause.
54.03 Emergency clause.

Article 54.01 Severability Clause

If any provision, section or clause of this Act or application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications hereof which can be given effect without the invalid provision, section or clause, and to this end the provisions of this Act are declared to be severable. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 54.02 Repealing Clause

Section 1. (a) Except as otherwise provided in this Article 54.02, all laws relating to criminal procedure in this State that are not embraced, incorporated, or included in this Act and that have not been enacted during the Regular Session of the 59th Legislature are repealed.

(b) None of the following articles of the Code of Criminal Procedure of Texas, 1925, in force on the effective date of this Act, is repealed: 52; 52–1 through 52–161, both inclusive; 367D through 367K, both inclusive; 781B–1, 781B–2; 944 through 951, both inclusive; 1009 through 1035, both inclusive; 1037 through 1056, both inclusive; 1058 through 1064, both inclusive; and 1075 through 1082, both inclusive.

Sec. 2. (a) All laws and parts of laws relating to criminal procedure omitted from this Act have been intentionally omitted, and all additions to and changes in such procedure have been intentionally made. This Act shall be construed to be an independent Act of the Legislature, enacted under its caption, and the articles contained in this Act, as revised, rewritten, changed, combined, and codified, may not be construed as a continuation of former laws except as otherwise provided in this Act. The existing statutes of the Revised Civil Statutes of Texas, 1925, as amended, and of the Penal Code of Texas, 1925, as amended, which contain special or specific provisions of criminal procedure covering specific instances are not repealed by this Act.
(b) A person under recognizance or bond on the effective date of this Act continues under such recognizance or bond pending final disposition of any action pending against him. Acts 1965, 59th Leg., vol. 2, p. 317, ch. 722.

Art. 54.03 Emergency Clause

The fact that the laws relating to criminal procedure in this State have not been completely revised and re-codified in more than a century past and the further fact that the administration of justice, in the field of criminal law, has undergone changes, through judicial construction and interpretation of constitutional provisions, which have been, in certain instances, modified or nullified, as the case may be, necessitates important changes requiring the revision or modernization of the laws relating to criminal procedure, and the further fact that it is desirous and desirable to strengthen, and to conform, various provisions in such laws to current interpretation and application, emphasizes the importance of this legislation and all of which, together with the crowded condition of the calendar in both Houses, create an emergency and an imperative public necessity that the Constitutional Rule requiring bills to be read on three several days be suspended, and said Rule is hereby suspended, and that this Act shall take effect and be in force and effect from and after 12 o'clock Meridian on the 1st day of January, Anno Domini, 1966, and it is so enacted.
