(b) Before issuing bonds, a contributing political subdivision shall submit the contract for contribution to its electors for approval and for authority to issue the bonds, fix a lien to secure the bonds, and levy, assess, and collect taxes to retire the bonds. The procedure by a contributing political subdivision of the state shall conform to the applicable law under which the political subdivision was organized and authorized to create bonded indebtedness.

(b) The contributor shall collect the tax at its own expense and pay it annually to the district to which the contribution is to be made. The district shall hold the annual payment as a trust fund and annually apply it to the bonds issued by it to provide funds for the construction of the improvements to which the contribution is made.

(c) The contributor shall submit the contract of contribution to its electors for approval and for authority to levy and assess a sufficient tax to meet the annual payments fixed in the contract. The election for the approval of the contract and the authorized taxes for the fulfillment of the contract shall conform to appropriate law under which the contributing political subdivision was organized and authorized to create bonded indebtedness.

(a) If the proposed contributor has an unappropriated fund or a fund which is not required for actual use even though otherwise appropriated, the fund may be withdrawn from the project which does not need it and may be applied to pay contributions to the cost of the improvements considered to be a benefit to the contributor but to be constructed by another agency or jointly by the contributor and another agency.

(b) The board of the contributing political subdivision may contract for contributions and contribute from an unappropriated or available fund without submitting the contract and contributions to a vote of the electors of the contributor. However, the contributions shall not be made if they impair the ability of the contributor to meet any outstanding obligation or to adequately and economically discharge the contributor's duty to its electorate or constituency. (39th Legis., G.L., Ch. 25, Sec. 141, sen. 13, 14, 15, as amended.)

The lease shall contain a statement that payments due under it are not payable from any funds raised or to be raised by taxation.

(b) The lease may contain covenants and agreements which are not inconsistent with the provisions of this code which authorize the lease for:

(a) All money due the lessor under the lease shall be payable solely from the revenue derived by the district from the sale of water supplied through the leased system.

(b) The board shall set and collect charges for the water supplied through the leased properties to produce sufficient revenue at all times to allow for delinquencies and to pay promptly all rental payments becoming due under the terms of the lease. The board may agree to deposit this money in a separate fund as a first charge on the gross revenue received each year from sales of water, and which shall not be used for any other purpose.

(c) The board may agree in the lease to pay all expenses of operating and maintaining the leased properties from the fund provided by the board each year for the maintenance and operation expenses of the district so that the gross revenue from sale of water will be available exclusively for payment of rentals until the amount required for rentals each year is paid into the separate rental fund.

(d) If the board includes this agreement in the lease, the board shall provide for the payment of sums into the maintenance fund from sources other than the remaining portions of the gross revenue from the sale of water not required to pay rentals which are sufficient each year to pay all expenses of operating the district and maintaining and operating its properties and facilities, including the leased properties. (39th Legis., G.L., Ch. 25, Sec. 111(a), sen. 2, 3, 4, 5, as added.)

(39th Legis., G.L., Ch. 25, Sec. 111(b), sen. 1, as added.)

§ 51.179. Revenue for Payment of Mortgage

(b) The board may contract to use and pledge its revenue derived solely from the sale of water and services supplied through the acquired properties for the payment of a purchase money lien.

(c) The board also may use revenue from taxation or from the issuance and sale of bonds to pay all or part of the amount due under the encumbrance if a majority of the electors of the district voting at an election on this proposition approve its use. The lease may include any of the district's land which is appropriate to the utilization of the leased facilities, including but not limited to land acquired by eminent domain.

(b) The board and the lessee shall agree on the form of the lease and its terms, conditions, provisions, and stipulations; however, the duration of the lease shall not be longer than the duration of the water contract between the district and the lessee under the primary term of the water contract and any renewal or extension of it.

The term "sole expense" means the actual cost of relocation, raising, lowering, rerouting, or change in grade or alteration of construction to provide comparable replacement without enhancement of facilities, after deducting the net salvage value derived from the old facility. This section does not apply to projects under construction or financed or for which bonds were voted and approved by a district on August 27, 1961, unless the acts of the district authorizing the construction or financing contained the provisions of this section. The commission or its designated agents may request and shall be supplied with additional data and information requisite to a reasonable and careful investigation of the project and proposed improvements.

(e) The commission or its designated agents shall file in their office written suggestions for changes and improvements and shall furnish a copy of the report to the board of the district.

(f) If the commission approves or refuses to approve the project or the issuance of bonds for the improvements, it shall make a full written report which it shall file in its office and a copy of the report shall be furnished to the district. (39th Legis., G.L., Ch. 25, Sec. 139, sen. 1, 2, 3, 4, 5, 12, as amended.)

(a) During construction of projects and improvements approved by the commission, no substantial alterations may be made in the plans and specifications without the approval of the commission.

(b) The commission or its designated agent may inspect the improvements at any time during construction to determine if the project is being constructed in accordance with the plans and specifications approved by the commission.

(c) If the commission finds that the project is not being constructed in accordance with the approved plans and specifications, it shall give written notice immediately by certified mail to each member of the board of the district and the district's manager.

(d) If within 10 days after the notice is mailed the board of the district does not take steps to insure that the project is being constructed in accordance with the approved plans and specifications, the commission shall give written notice of this fact to the attorney general.

(e) After the attorney general receives this notice, he may bring an action for injunctive relief or quo warranto proceedings against the directors. Venue for either suit is exclusively in a district court in Travis County. (39th Legis., G.L., Ch. 25, Sec. 139, sen. 6, 7, 8, 9, 10, 11, as amended.)

(b) If requested by the secretary of the interior, the district shall file a suit to validate a contract made with the United States.

(c) If a validation suit is filed, the bonds do not have to be approved by the attorney general. (39th Legis., G.L., Ch. 25, Sec. 95, sen. 1 (part), 3, as amended; and Sec. 96, sen. 2.)

§ 51.424. Effect of Prior Registration

If bonds are approved by the attorney general and registered by the comptroller before a validation suit is filed, the filing of the suit cancels the prior registration. (39th Legis., G.L., Ch. 25, Sec. 97, sen. 5.)

§ 51.425. Procedure in Validation Suit

(a) A validation suit shall be brought by the district in the district court of any county in which all or part of the district is located or in a district court in Travis County.

(b) The suit shall be in the nature of a proceeding in rem.

(c) Any person who is interested in the suit may intervene and file an answer.

§ 51.426. Notice of Validation Suit

(a) To obtain jurisdiction of all parties to the validation suit, a general notice shall be published.

(b) The notice shall be published once a week for at least two consecutive weeks before the term of the court at which the notice is to be returned. The notice shall be published in a newspaper with general circulation in the county or counties in which the district is located, but if no newspaper is published inside the district, the notice shall be published in a newspaper in the nearest county in which a paper is published.

(c) Notice also shall be served on the attorney general in the manner provided in civil suits.

(d) The attorney general may waive notice if he is furnished a full transcript of the proceedings held in connection with the creation of the district and the issuance of the bonds or held in connection with the authorization of a contract with the United States. A copy of the contract with the United States also must be furnished. (39th Legis., G.L., Ch. 25, Sec. 96, sen. 3 (part), 4, 5, 6.)

§ 51.427. Duties of Attorney General in Validation Suit

(a) The attorney general shall examine all the proceedings and shall require any further evidence and make any further examination which he considers advisable.

(b) The attorney general then shall file an answer to the suit, submitting the issue of whether the proceedings are valid and the bonds are legal and binding obligations of the district or whether the contract with the United States is legal and binding on the district. (39th Legis., G.L., Ch. 25, Sec. 97, sen. 1, 2.)

§ 51.428. Judgment in Validation Suit

(a) After the trial of the validation suit, if the judgment of the court is adverse to the district on any issue, the district may make an exception and point out the error, and the error may be corrected by the judge in the manner directed by the court.

(b) The judgment shall be rendered showing that the corrections have been made and that the bonds or the contract with the United States are binding obligations of the district.

(c) After the judgment is entered, it is res judicata in all cases which may arise in connection with:

- (1) the collection of the bonds or their interests;
- (2) any taxes levied to pay charges or any money required to pay a contract with the United States; and
- (3) all matters relating to the organization and validity of the district or the validity of the bonds or contract. (39th Legis., G.L., Ch. 25, Sec. 98.)

§ 51.429. Effect of Validation Suit

(a) After a final judgment is rendered in the validation suit, the bonds or the contract with the United States shall be incontestable.

(b) No suit may be brought in any court of this state to contest or enjoin the validity of the creation of the district, any bonds which are issued, any contract with the United States, or the authorization of a contract with the United States except in the name of the State of Texas by the attorney general on his own motion or on the motion of any party affected on good cause shown.

(c) The attorney general may not file or prosecute such a suit unless it is based on allegations of fraud disclosed or found after the final judgment in the validation suit was rendered. (39th Legis., G.L., Ch. 25, Sec. 95, sen. 1 (part), 2, as amended.)

§ 51.430. Certified Copy of Decree

(a) After the judgment of the district court is entered, the clerk of the court shall make a certified copy of the decree which shall be filed with the comptroller. The comptroller shall record the decree in the book kept for that purpose.

(b) The certified copy of the decree or a certified copy of the comptroller's record of the decree shall be received in evidence in any suit which may affect the validity of the organization of the district or the validity of the bonds or the contract and shall be conclusive evidence of validity. (39th Legis., G.L., Ch. 25, Sec. 99.)

§ 51.431. Registration of Bonds and Decree

On the presentation of the bonds together with a certified copy of the decree of the court, the comptroller shall register the bonds in a book kept for that purpose. The comptroller shall attach to each bond a certificate stating that the court's decree has been filed and recorded in his office and shall sign the certificate and attach his official seal. (39th Legis., G.L., Ch. 25, Sec. 100.)

§ 51.432. Sale of Bonds

§ 51.433. Tax Levy

(a) At the time bonds are voted, the board shall levy a tax on all property inside the district in a sufficient amount to redeem and discharge the bonds at maturity.

(b) The board annually shall levy or have assessed and collected taxes on all property inside the district in a sufficient amount to pay for the expenses of assessing and collecting the taxes.

(c) If a contract is made with the United States, the board annually shall levy taxes on property inside the district in a sufficient amount to pay installments and interest as they become due.

(d) The board may issue the bonds in serial form or payable in installments, and the tax levy shall be sufficient if it provides an amount sufficient to pay the interest on the bonds, the proportionate amount of the principal of the next maturing bonds, and the expenses of assessing and collecting the taxes for that year. (39th Legis., G.L., Ch. 25, Sec. 90.)

§ 51.434. Adjustment of Tax Levy

(a) The tax levy made in connection with the issuance of bonds shall remain in force from year to year until a new levy is made.

(b) The board may from time to time increase or diminish the tax to adjust it for the taxable values of the property subject to taxation by the district and the amount required to be collected.

(c) The board shall raise an amount sufficient to pay the annual interest of and principal on all outstanding bonds. (39th Legis., G.L., Ch. 25, Sec. 91, sen. 1, 2.)

§ 51.435. Changing Tax Rate

If the tax levied is based on the assessed value obtained from the county tax rolls, or the tax rolls of the district for the preceding year and new tax rolls are approved before the time for collection of taxes, the board may change the tax rate provided the new rate is sufficient when applied to the new assessed value to raise the needed amount. (39th Legis., G.L., Ch. 25, Sec. 32, sen. 5, as amended.)

§ 51.436. Interest and Sinking Fund

(a) The district shall have an interest and sinking fund which shall include all taxes collected under this chapter.

(b) Money in the interest and sinking fund may be used only:

(c) Money in the fund shall be paid out of the fund on warrants by order of the board as provided in this chapter.

(d) The depository shall receive and cancel each interest coupon and bond as it is paid and shall deliver it to the board to be recorded, cancelled, and destroyed. (39th Legis., G.L., Ch. 25, Sec. 94; and Sec. 105, sen. 2.)

§ 51.437. Investment of Sinking Fund

(a) The board may invest any portion of the sinking fund of the district in bonds of the United States, the state, any county or city in the state, any irrigation or water improvement district, school district, or other tax bonds issued under the laws of the state.

(b) The funds may be invested if the bonds to be paid with them do not mature within three years from the time the investment is made and if it is necessary to preserve the best interest of the district. (39th Legis., G.L., Ch. 25, Sec. 91, sen. 3.)

§ 51.438. Refunding Bonds

(a) The district may refund any bonds issued by it by issuing new bonds.

(b) Refunding bonds may be issued only if the old bonds are taken in exchange at their face value or less or new bonds can be sold at a premium and the old bonds retired without loss to the district.

(c) The comptroller may not register the refunding bonds until the old bonds for which the refunding bonds are being issued are presented to him for cancellation or until a valid contract providing for the purchase or exchange of the old bonds is executed and a copy filed in his office.

(d) The comptroller shall keep the refunding bonds until the old bonds are presented to him for exchange or payment, and if the old bonds are presented for payment, the district shall pay them before the refunding bonds are registered. (39th Legis., G.L., Ch. 25, Sec. 92.)

§ 51.439. Limitation of Authority to Incur Debt and Issue Bonds

(a) For the benefit of purchasers or holders of bonds to be issued or sold, the board of a district operating under the provisions of Article XVI, Section 59, of the Texas Constitution, may limit the authority of the district to incur debt or issue bonds.

(b) The board shall limit the authority by adopting a resolution which states that during a period of not more than 15 years the district will not issue bonds in an amount of more than 25 percent of the assessed value of taxable real property in the district according to the last assessment for district purposes or in an amount of more than a fixed sum or for certain named purposes.

(c) The board shall publish notice of the adoption of the resolution once a week for two consecutive weeks in a newspaper with general circulation in the district. The notice shall state that the resolution will take effect unless a petition against the proposed limitation signed by 20 percent of the electors of the district is presented within 20 days after the first publication of the notice.

(d) If a petition is filed against the limitation, the resolution will not take effect until it is approved at an election held in the district.

(e) The ballots for the election shall be printed to provide for voting for or against: "The limitation during the term of _____ years of the maximum debt of the district to _____." (The blank spaces shall be filled with the purpose of the election.)

(f) If the limitation is approved at an election or if no petition is filed against the resolution, the district may not issue bonds under any statute or constitutional provision in excess of the limitation during the designated term of years except to complete and make repairs to improvements whose cost will be within the debt limitation. (39th Legis., G.L., Ch. 25, Sec. 85, sen. 1, 2, 3, 4, 5, 6 (part), as amended.)

§ 51.440. Issuing Bonds in Excess of Limitation

(a) A district may issue bonds in excess of a limitation made under Section 51.439 of this code only after the commission has approved the plans and specifications with the estimate of costs.

(b) If the plans, specifications, and estimate are approved, notice of the intention to issue the bonds shall be published once a week for three consecutive weeks in a newspaper with general circulation in the district. The notice shall include a statement of the purpose for issuing the bonds, the amount of the proposed bond issue, and the time the hearing is to be held, which may not be less than 30 days after the notice is first published.

(c) The board shall hold the hearing and any taxpayer, bondholder, or other interested person may appear and be heard.

(d) If the board approves the issuance of the additional bonds in the amount and for the purpose stated in the notice, the question of issuing the bonds shall be submitted to the electors of the district at an election. (39th Legis., G.L., Ch. 25, Sec. 85, sen. 6 (part), 7, 8, 9, 10, as amended.)

§ 51.441. Modifications of Improvements

(a) After bonds are issued or a contract is entered into with the United States, the board may give notice of an election to be held to authorize the issuance of additional bonds or a further contract with the United States.

(b) Additional bonds may be issued or a supplemental contract made if the board considers it necessary to:

- (1) make modifications in the district or its improvements;
- (2) construct further or additional improvements and issue additional bonds on the report of the engineer;
- (3) make a supplemental contract with the United States;
- (4) make, on its own motion, additional improvements or purchase additional property to accomplish the purposes of the district and to serve the best interest of the district.

(c) The board shall enter its findings in the minutes.

(d) The election shall be held and the returns made in the manner provided in this chapter for the original election.

(e) If the result of the election favors the issuance of the bonds or the supplemental contract with the United States, the board may order the bonds issued or the contract made with the United States in the manner provided in this chapter.

(f) If a supplemental contract is made with the United States and bonds are not to be deposited with the United States, it is not necessary to issue bonds. If the district is required to raise money in addition to the amount of the contract, the bonds shall be issued only in the additional amount needed. (39th Legis., G.L., Ch. 25, Sec. 88.)

§ 51.442. Issuance of Additional Bonds or Creation of Additional Indebtedness under Certain Conditions

(a) A district may issue additional bonds or create additional indebtedness:

(1) if works, improvements, and facilities constructed under a plan provided in Section 51.410 or 51.422 of this code are inadequate to accomplish the beneficial results which the district's location and conditions demand;

(2) if it is considered necessary to make repairs, replacements, or additions to the district's improvements which cost more than \$25,000;
or

(3) if additional money is needed to complete the improvements as planned.

(b) The district shall provide the additional money for the particular purpose in accordance with the provisions of this chapter regulating the creation of bond obligations subject to every limitation with respect to the original proceedings and the substantial protection of the substantive rights of holders of any of the district's outstanding obligations. (39th Legis., G.L., Ch. 25, Sec. 89, as amended.)

§ 51.443. Interim Bonds

After bonds, other than preliminary bonds or notes, are voted by a district, the board may declare an existing emergency with relation to money being unavailable to pay for engineering work, purchase of land, rights-of-way, construction sites, construction work, and legal and other necessary expenses and may issue interim bonds on the faith and credit of the district in the manner provided in Sections 51.444-51.449 of this code to pay these expenses. (39th Legis., G.L., Ch. 25, Sec. 84—a, sen. 1, as amended.)

§ 51.444. **Limitations on Interim Bonds**

(a) Interim bonds shall mature not later than 10 years from the date they are issued and shall be redeemable at any time before they mature, as provided in this subchapter.

(b) The principal amount of the interim bonds may not be more than 25 percent of the principal amount of the district's bonds which have been voted but not sold.

(c) Before the issuance of the interim bonds, the board, by resolution, may limit the issue to any amount less than 25 percent, and after the amount is determined and fixed by the resolution, no additional interim bonds may be issued and sold until all outstanding interim bonds are paid. (39th Legis., G.L., Ch. 25, Sec. 84—a, sen. 2, 3, as amended.)

§ 51.445. **Issuance of Bonds and Levy of Tax**

(a) After bonds other than preliminary bonds are voted, the board may authorize the issuance of the bonds in whole or in part as they are needed by the district.

(b) The board shall levy and annually assess and collect sufficient taxes to pay principal and interest on the bonds.

(c) The bonds may be approved by the attorney general and registered by the comptroller before the filing of the report of the Texas Water Rights Commission under Section 51.421 of this code. (39th Legis., G.L., Ch. 25, Sec. 84—a, sen. 4, 5, as amended.)

§ 51.446. **Deposit of Bonds to Secure Interim Bonds**

(a) As the interim bonds are issued and sold, the board, by order, shall deposit bonds of the district which have been validated by a court or approved by the attorney general and registered by the comptroller as provided in Section 51.417 of this code in the district depository.

(b) The bonds deposited shall be credited to the interest and sinking fund account created to pay the interim bonds.

(c) The principal amount of the bonds deposited shall total at least 110 percent of the principal sum of the series of interim bonds which the bonds are deposited to secure.

(d) The interest rate on the interim bonds may not be more than the interest rate on the bonds deposited to secure them. (39th Legis., G.L., Ch. 25, Sec. 84—a, sen. 6, 7, as amended.)

§ 51.447. **Procedure for Issuance and Sale of Interim Bonds**

(a) Interim bonds shall be issued in the name of the district, signed by the president, and attested by the secretary, with the district seal attached to each bond.

(b) The interim bonds may be issued in the denominations determined by the board and shall be approved by the attorney general and registered by the comptroller in the same manner as provided in Section 51.417 of this code.

(c) Interim bonds may be sold in the same manner and on the same terms provided by law for the sale of other bonds of the district.

(d) If interim bonds are sold at less than par value and accrued interest, the improvement bonds issued by the district must be sold at an increase over the price authorized by law in an amount sufficient to equal the discount allowed on the interim bonds. (39th Legis., G.L., Ch. 25, Sec. 84—a, sen. 8, as amended.)

§ 51.448. **Payment of Interim Bonds**

(a) The board shall appropriate the tax levied to pay the bonds deposited to the credit of the interest and sinking fund to pay the interim bonds or as much of that tax as necessary to secure the loan evidenced by the interim bonds.

(b) The proceeds of the tax shall be devoted exclusively to the payment of the principal and interest on the interim bonds.

(c) None of the provisions of this subchapter relating to interim bonds shall be construed as prohibiting the sale of bonds deposited to the credit of the interest and sinking fund to pay interim bonds or of any other bonds of the district, but if any of these bonds are sold, the district depository shall apply the proceeds to the payment of principal and accrued interest on the interim bonds and the remainder to the purposes for which the bonds were authorized.

(d) If none of the bonds are sold at the time an installment on the principal and interest of interim bonds matures, the depository shall cancel the deposited bonds and attached interest coupons in an amount equal to the principal and interest of the interim bonds paid off and discharged. (39th Legis., G.L., Ch. 25, Sec. 84—a, sen. 9, as amended.)

§ 51.449. Redemption of Interim Bonds

(a) At the option of the board, interim bonds may be redeemed at any time or times before maturity on payment by the district of the principal and accrued interest to the date fixed for redemption by the board.

(b) When interim bonds are called for redemption before maturity, the secretary shall give written notice of the redemption to the bank or banking house named as the place of payment in the bonds or to its successor or assign..

(c) In the notice, the secretary shall designate the bond or bonds called for redemption and payment and shall state number or numbers of the bonds.

(d) The notice shall include the redemption date which shall not be more than 60 days after the date notice of call for payment is made.

(e) If any of the bonds which are called for redemption are not presented, they shall cease to bear interest from and after the date fixed for redemption. (39th Legis., G.L., Ch. 25, Sec. 84—a, sen. 10, 11, 12, as amended.)

§ 51.450. Alternate Methods for Paying Bonds

(a) As used in this section and in Sections 51.450–51.454 of this code, “net revenue” means income or increment which may come from ownership and operation of the improvements which are encumbered less the proportion of the district’s revenue income reasonably required to provide for administration, efficient operation, and adequate maintenance of the district’s services and facilities which are encumbered. Net revenue does not include money derived from taxation.

(b) A district which expects net revenue from operations may secure its bonds in any one of the following:

(1) as provided in Section 51.433 of this code;

(2) by entering into a contract to pledge the net revenue of the district and to mortgage and encumber part or all of the property and facilities, franchise, revenue and income from operations, and everything acquired or to be acquired by the district; or

(3) as provided in both Subdivisions (1) and (2) of this subsection. (39th Legis., G.L., Ch. 25, Sec. 90a, sen. 1, 2, as amended.)

§ 51.451. Taxes to Secure Certain Bonds

(a) If bonds are secured as provided in Section 51.450(b)(3) of this code, at the time that net revenue together with money derived from taxes accumulates a surplus in the sinking fund equal to the amount required in the succeeding year to liquidate the interest and principal on the district’s bonds maturing in that year, the district’s annual tax levies may be lowered to produce not less than 25 percent of the bond maturities for the succeeding year.

(b) If three successive years demonstrate that this net revenue is adequate to protect the district's bonds as they mature, the district's tax may be discontinued until further experience demonstrates the necessity to continue the tax to avoid default in the payment of the district's bonds as they mature. (39th Legis., G.L., Ch. 25, Sec. 90a, sen. 3 (part), as amended.)

§ 51.452. Election

(a) If the district proposes to issue bonds which will be secured under either Section 51.450(b)(2) or 51.450(b)(3) of this code, the proposition shall be presented at an election held under Section 51.413 of this code.

(b) The ballots for the election shall be printed to provide for voting for or against one of the following propositions:

(1) "The issuance of bonds and the pledge of net revenue for the payment of the bonds.";

(2) "The issuance of bonds, the pledge of net revenue, and the creation of a lien on physical property to secure payment of the bonds.";

or

(3) "The issuance of bonds, the pledge of net revenue, and the levy of adequate taxes to pay the bonds." (39th Legis., G.L., Ch. 25, Sec. 90a, sen. 3 (part), as amended.)

§ 51.453. Hearing and Election on Certain Bonds

(a) A district which plans to issue bonds payable from and secured by a pledge of net revenue and a lien on the physical property, either or both, without the levy of taxes, is not required to hold a hearing to exclude land or adopt a plan of taxation.

(b) The proposition for issuance of bonds may be submitted at the election held to confirm the creation of the district or at an election called by the board. (39th Legis., G.L., Ch. 25, Sec. 90a, sen. 4, 5, as amended.)

§ 51.454. Hearing before Issuing Certain Bonds

If a district issues its original bonds under Section 51.450(b)(2) of this code and later desires to issue bonds payable in whole or in part from taxes or to levy a tax for maintenance purposes, the district shall hold a hearing to exclude land, and at the time provided by law, shall hold another hearing to adopt a plan of taxation. These hearings shall be held before an election is called to approve the issuance of tax-supported bonds or the levy of a maintenance tax. (39th Legis., G.L., Ch. 25, Sec. 90a, sen. 6, as amended.)

§ 51.455. Issuance of Revenue Bonds to Construct Extensions and Improvements to Certain Systems

(a) A district which has adopted a plan for improvements designed to furnish a water and sewer system may also issue its revenue bonds as provided in Section 51.450(b)(2) of this code to construct extensions and improvements to the water and sewer system or to an irrigation system.

(b) The district may pay the revenue bonds by entering into contracts to pledge the net revenue derived from the sale of water for irrigation purposes and service charges obtained from the sale and distribution of water for irrigation purposes.

(c) The bonds may be issued in one or more issues under the terms and conditions considered by the board to be advisable. (39th Legis., G.L., Ch. 25, Sec. 90b, as added.)

- (1) the ad valorem basis;
- (2) the basis of assessment of specific benefits;

(b) If the plan adopted by the board is made under the provisions of Section 51.512 of this code, the order shall specify the proportion of the tax which falls under each designated classification.

(c) The order of the board is final and cannot be reviewed or questioned in any court except on the ground of fraud or palpable and arbitrary abuse of discretion. (39th Legis., G.L., Ch. 25, Sec. 77a, sen. 9, 10, as added.)

§ 51.506. Changing Tax Plan

If after a tax plan is adopted the directors find that the best interest of the district and the necessity to maintain adequately and equitably the district's tax requires a change in the tax plan, the board may give no-

(d) The order is not subject to judicial review except on the ground of fraud, palpable error, or arbitrary and confiscatory abuse of discretion.

(e) A new plan may be adopted if required to preserve equity of distribution in the manner provided for adopting the original plan; however, no change may be made in the tax plan which will impair the ability of the district promptly to meet all outstanding obligations of the district within the intent of Sections 51.434 and 51.437 of this code. The benefit per acre shall be voted on as it is applied to land in the district that can be irrigated by gravity flow from the irrigation system and also the benefit to land in the district that cannot be irrigated by gravity flow. (39th Legis., G.L., Ch. 25, Sec. 133, sen. 1, 2.)

(b) The ballots for the election shall be printed to provide for voting for or against the proposition: "Uniform assessment of benefits of \$_____ per acre on all irrigable land in the district, and the assessment of \$_____ per acre on all nonirrigable land in the district."

(c) The board shall determine the amounts to fill the spaces in the proposition. The amount of charge per acre may be found by dividing the number of acres of land into the amount of debt to be incurred by the district in providing for irrigation.

(d) If a majority of the persons voting in the election vote in favor of the proposition, it shall be adopted. (39th Legis., G.L., Ch. 25, Sec. 133, sen. 3, 4, 5, 6, 7, 9.)

If the owner of land which is classed nonirrigable under the uniform acreage valuation objects to the amount of charges fixed against him by the order calling the election or by the result of the election, he may have his nonirrigable land excluded from the district by filing an application for exclusion as provided by law within 10 days after the election is held. (39th Legis., G.L., Ch. 25, Sec. 133, sen. 8.)

§ 51.652. Setting Annual Value of Land Unnecessary

If the district adopts the uniform acreage valuation for taxation, the valuation shall be applied to all land, and it is not necessary for the assessor and collector or the board of equalization to annually fix the value of the land or equalize the values. It is also unnecessary for the board to appoint a commission to ascertain or fix the value of the improvement to particular land. (39th Legis., G.L., Ch. 25, Sec. 133, sen. 10.)

§ 51.653. Preparing Tax Rolls

(a) The board of equalization shall examine the renditions and tax rolls to determine if all property subject to taxation appears on the tax rolls under the proper classification. § 51.654. Rendition of Property

Land which is taxed on the uniform acreage valuation shall be rendered for taxation as either subject to irrigation or not subject to irrigation. When land is rendered, the value need not be stated, and it is unnecessary for the person rendering the property to include the value of the land in an affidavit or for the assessor and collector to set a value on the land. (39th Legis., G.L., Ch. 25, Sec. 133, sen. 13 (part).)

[Sections 51.658 to 51.690 reserved for expansion]

SUBCHAPTER O. ADDING AND EXCLUDING TERRITORY AND CONSOLIDATING DISTRICTS

Section 51.691. Excluding Land from District

After a district is organized, preliminary surveys are completed, and plans adopted by the district for the construction of a plant and improvements, and before the board calls an election for the authorization of construction bonds, the board must exclude land or other property from the district under the provisions of Sections 51.692-51.701 of this code, if the exclusions are practicable, just, or desirable. (39th Legis., G.L., Ch. 25, Sec. 76, sen. 1 (part), as amended.)

§ 51.692. Hearing to Announce Proposed Exclusions and to Receive Petitions

Before the election to authorize construction bonds, the board shall give notice of a time and place of a hearing to announce its own conclusions relating to land or other property to be excluded and to receive petitions for exclusion of land or other property. (39th Legis., G.L., Ch. 25, Sec. 76, sen. 1 (part), as amended.)

§ 51.693. Notice of Hearing

(a) The board shall publish notice of the hearing once a week for two consecutive weeks in one or more newspapers with general circulation in the district. The first publication shall appear at least 15 days and not more than 40 days before the day of the hearing.

(b) The notice shall advise all interested property owners of their right to present petitions for exclusions and to offer evidence in support of the petitions and their right to contest any proposed exclusion based on either a petition or the board's own conclusions and to offer evidence in support of the contest. (39th Legis., G.L., Ch. 25, Sec. 76, sen. 2, 3, 4, 5, as amended.)

§ 51.694. Petition

(a) A petition for exclusion of land must accurately describe by metes and bounds the land to be excluded. A petition for exclusion of other property must describe the property to be excluded for identification.

(b) A petition for exclusion shall be filed with the district at least 10 days before the hearing and shall state clearly the particular grounds on which the exclusion is sought. Only the stated grounds shall be considered. (39th Legis., G.L., Ch. 25, Sec. 76, sen. 6, 7, 8, as amended.)

§ 51.695. Grounds for Exclusion

Exclusions from the district may be made on the grounds that:

(1) to retain certain land or other property within the district's taxing power would be arbitrary, would be unnecessary to conserve the public welfare, would impair or destroy the value of the property desired to be excluded, and would constitute the arbitrary imposition of a confiscatory burden;

(2) to retain any given land or other property in the district and to extend to it, either presently or in the future, the benefits, service,

or protection of the district's facilities would create an undue and uneconomical burden on the remainder of the district; or

(3) the land desired to be excluded cannot be bettered as to conditions of living and health, or served with water, or protected from flood, or drained, or freed from interruption of traffic caused by excess of water on the roads, highways, or other means of transportation serving the land, or otherwise benefited by the district's proposed improvements. (39th Legis., G.L., Ch. 25, Sec. 76, sen. 9, 10, 11, as amended.)

§ 51.696. Hearing Procedure

The board may adjourn the hearing from one day to another and until all persons desiring to be heard are heard. The board immediately shall specifically describe all property which it proposes to exclude on its own motion and shall hear first any protests and evidence against exclusions proposed on the board's own motion. (39th Legis., G.L., Ch. 25, Sec. 76, sen. 12, 13, as amended.)

§ 51.697. Order Excluding Land

After considering all engineering data and other evidence presented to it, the board shall determine whether the facts disclose the affirmative of the propositions stated in Subdivision (1) or (2) or, if appropriate, in Subdivision (3) of Section 51.695 of this code. If the affirmative exists, the board shall enter an order excluding all land or other property falling within the conditions defined by the respective subdivisions and shall redefine the boundaries of the district in the order to embrace all land not excluded. (39th Legis., G.L., Ch. 25, Sec. 76, sen. 14, as amended.)

§ 51.698. Suit to Review, Etc.

Any person owning an interest in land affected by the order may file a petition within 20 days after the effective date of the order to review, set aside, modify, or suspend the order. (39th Legis., G.L., Ch. 25, Sec. 76, sen. 15, as amended.)

§ 51.699. Venue of Suit

The venue in any action shall be in any district court which has jurisdiction in the county in which the district is located. If the district includes land in more than one county, the venue shall be in the district court having jurisdiction in the county in which the major portion of the acreage of the land sought to be excluded from the district is located. (39th Legis., G.L., Ch. 25, Sec. 76, sen. 16, 17, as amended.)

§ 51.700. Trial Procedure

(a) A suit to review, modify, suspend, or set aside the order of the board shall be a trial de novo as that term is understood in an appeal from a justice of the peace court to a county court. The trial shall be strictly de novo with no presumption of validity or reasonableness or presumption of any character in favor of the order.

(b) The decision shall be made on a preponderance of the evidence and facts found in the trial as in other civil cases, independently of any action taken by the board.

(c) The procedure for the trial and the determination of the orders and judgments to be entered shall be governed solely by the rules of law, evidence, and procedure of the state courts according to the constitution, statutes, and rules of procedure for the trial of civil actions.

(d) The so-called "substantial evidence" rule enunciated by the courts for orders of other administrative or quasi-judicial agencies shall not apply in the trial. (39th Legis., G.L., Ch. 25, Sec. 76, sen. 18, 19, 20, as amended.)

§ 51.701. Appeal

A person may appeal from the judgment or order of a district court in a suit brought under the provisions of Sections 51.698–51.700 to the court of civil appeals and supreme court as in other civil cases in which the district court has original jurisdiction. The appeal is subject to the statutes and rules of practice and procedure in civil cases. (39th Legis., G.L., Ch. 25, Sec. 76, sen. 21, as amended.)

§ 51.702. Exclusion of Nonagricultural and Nonirrigable Land from the District

After the district is organized, acquires facilities with which to function as an irrigation district, and votes, issues, and sells bonds for the purposes for which the district was organized, land within the district subject to taxation which is not agricultural land or cannot be irrigated in a practicable manner may be excluded from the district by complying with the provisions of Sections 51.703–51.713 of this code. (46th Legis., G.L., Ch. 3, p. 707, Sec. 1, sen. 1 (part), as amended.)

§ 51.703. Prerequisite to Application for Exclusion

(46th Legis., G.L., Ch. 3, p. 707, Sec. 1, sen. 1 (part), as amended.)

§ 51.705. Securing Application to Substitute Land

(46th Legis., G.L., Ch. 3, p. 707, Sec. 1, sen. 1 (part), 2 (part), as amended.)

§ 51.706. Application of Owner of New Land to Be Substituted

The owner of the new land to be added shall submit an application setting forth that the owner of the new land assumes the payment of all taxes to be levied on his land by the district after the date the land is added to the district. The application also shall set forth an agreement by the owner of the new land that the land will be subject to future taxes for bond tax and flat rate and all other assessments levied and assessed by the district as though the land had been incorporated originally in the district. The application also shall contain an agreement by the owner of the new land that the land will be subject to the same liens and provisions as all other land in the district and subject to the statutes governing all other land in the district. (46th Legis., G.L., Ch. 3, p. 707, Sec. 1, sen. 1 (part), as amended.)

§ 51.707. Consent of Outstanding Bondholders

The newspaper must have been published regularly for more than 12 months preceding the date of the publication of the notice and must have circulation in the district. § 51.713. Right to Serve New Land Included in District

The district has the same right to furnish water service to the included land that it previously had to furnish service to the excluded land. The mere inclusion of a larger total acreage than that excluded does not give the district the right to irrigate a larger total acreage or to appropriate a larger quantity or volume of public water for irrigation than the district would have had the right to irrigate or to appropriate before the exclusion and inclusion of the land. (46th Legis., G.L., Ch. 3, p. 707, Sec. 1, sen. 5, as amended.)

§ 51.714. Adding Land by Petition of Landowner

§ 51.716. Hearing and Determination of Petition

The board shall hear and consider the petition and may add to the district the land described in the petition if it is considered to be to the advantage of the district and if the water supply, canals, and other improvements are sufficient to supply the added land without injuring land already in the district. (39th Legis., G.L., Ch. 25, Sec. 75, sen. 3.)

§ 51.717. Recording Petition

A petition which is granted adding land to the district shall be filed for record and shall be recorded in the office of the county clerk of the county in which the land is located. (39th Legis., G.L., Ch. 25, Sec. 75, sen. 4.)

§ 51.721. Resolution to Add Territory

If the board finds on hearing the petition that the addition would be of benefit to the district and that the water supply, canals, and other improvements are sufficient to supply the added territory without injuring the land already in the district, it may add the territory to the district by resolution entered in its minutes. The board does not have to include all the territory described in the petition if it finds that a modification or change is necessary or desirable. (39th Legis., G.L., Ch. 25, Sec. 75—b, sen. 8, 10 (part), as added.)

§ 51.722. Elections to Ratify Annexation of Land

(a) Annexation of the territory is not final until ratified by a majority vote of the electors at a separate election held in the district and by a majority vote of the electors at a separate election held in the territory proposed to be added.

(b) If the district has outstanding debts or taxes, the same election shall determine also whether or not the territory to be added will assume its proportion of the debts or taxes if the land is added to the district. (39th Legis., G.L., Ch. 25, Sec. 75—b, sen. 10 (part), 12, as added.)

§ 51.725. Adding Territory Annexed to a City in the District

Territory annexed to a city included in a district organized under the provisions of this chapter and providing water or sewer services to the city or its inhabitants may be added to the district by complying with the provisions of Sections 51.726–51.729 of this code. (39th Legis., G.L., Ch. 25, Sec. 75d, sen. 1 (part), as added.)

§ 51.726. Hearing to Add Territory Annexed to a City

After final passage of an ordinance or resolution annexing territory to the city, the board may issue a notice of a hearing on the question of annexing any part of the territory to the district. (39th Legis., G.L., Ch. 25, Sec. 75d, sen. 1 (part), as added.)

§ 51.727. Notice of Hearing

(39th Legis., G.L., Ch. 25, Sec. 75d, sen. 5, as added.)

§ 51.729. Election to Assume Bonds and Authorize Tax

After territory is added to the district, the board may call an election within the district to determine whether the district as enlarged shall as-

sume the outstanding tax-supported bonds, and the tax-supported bonds voted but not yet sold, and whether an ad valorem tax shall be levied on all taxable property in the district as enlarged for the payment of the bonds. The election shall be called and held in the manner provided in this chapter for elections for the issuance of bonds. (39th Legis., G.L., Ch. 25, Sec. 75d, sen. 6, 7, as added.)

§ 51.730. Extending Municipal District to Include Lands Annexed to City

If a district is a "Municipal District," and includes the total area of a city or town, and furnishes or has plans to furnish all or part of a water supply, sanitation facilities, flood protection, or other service for the general benefit of the inhabitants of the embraced city or town, the boundaries of the district shall be extended automatically to include land which the embraced city or town annexes by extending its boundaries to include land that is not already included in the district. The land annexed to the city or town shall constitute part of the district, but the inclusion in the district is not final until the board publishes notice of a hearing, holds a hearing, and hears evidence to consider the exclusion or retention in the district of any part of the added land, according to the applicable provisions of Sections 51.691–51.701 of this code. (39th Legis., G.L., Ch. 25, Sec. 75—a, as added.)

The agreement may provide that the added land will be taxed on a uniform acreage basis or on the plan of a definite annual payment.

(b) The board, in its order adding land to the district, shall set the amount of the debts to be paid by the owner of the added land and levy annual taxes against the land to pay the debts. The taxes assessed by the board constitute a lien against the added land in the same manner and to the same extent as if the land had been a part of the district at the time the indebtedness was incurred or authorized by an election held for that purpose.

(c) The added land is a part of the district and is liable for debts subsequently incurred by the district in the same manner as other land in the district. (39th Legis., G.L., Ch. 25, Sec. 147.)

§ 51.732. Consolidation of Districts

§ 51.734. Governing Consolidated Districts

(a) After two or more districts are consolidated, they become one district, except for the payment of debts created before consolidation, and are governed as one district.

(b) During a period of 90 days after the date of the election to approve consolidation, the officers of each district shall continue to act jointly as officers of the original districts to wind up the affairs of their respective districts.

(c) The consolidation agreement may provide that the officers of the original districts shall continue to act jointly as officers of the consolidated district until the next general election or name persons to serve as officers of the consolidated district until the next general election if all officers of the original districts agree to resign.

(d) New officers of the consolidated district must qualify as officers of the district within the period of 90 days after the election and shall assume their offices at the expiration of the 90-day period.

(e) The current board shall approve the bond of each new officer. (39th Legis., G.L., Ch. 25, Sec. 129, sen. 6 (part), 7, 8, 9.)

§ 51.735. Debts of Original Districts

After two or more districts are consolidated, the debts of the original districts are protected and are not impaired. These debts may be paid by taxes or assessments levied on the land in the original districts as if they had not consolidated or contributions from the consolidated district on terms stated in the consolidation agreement. (39th Legis., G.L., Ch. 25, Sec. 129, sen. 4, 6 (part).)

The total of the items computed shall be deducted from the face amount of the unpaid installments of taxes.

(b) In order to compute the full amount of an advance cash payment, the interest rate on the bonds shall be applied on an annual basis to each unpaid past-due installment of taxes for the number of years the installment has been past due, and 10 percent of the face amount of each installment that is past due shall be added as a penalty. The total of the items computed shall be added to the unpaid installments. (48th Legis., Ch. 328, Sec. 8, sen. 1 (part), 2, 3.)

§ 51.808. Surrender of Bonds in Payment of Taxes

The order issuing the bonds shall provide that any of the bonds with all unmatured interest and all appurtenant coupons may be surrendered at any time in payment of all unpaid installments of the taxes. The amount of taxes found to be due by the method provided in Section 51.809 of this code may be discharged by the surrender of the proper

amount of dissolution bonds, together with all unpaid appurtenant interest coupons at the face value of the bonds and coupons. (48th Legis., Ch. 328, Sec. 8, sen. 4 (part), 9.)

§ 51.809. Computing Amount of Payment Made by Surrendering Bonds

The total of the items computed shall be deducted from the face amount of the unpaid installments of taxes.

(b) In order to compute payment by surrendering bonds, the interest rate on the bonds shall be applied to each unpaid installment of taxes for the number of years the installment has been past due and 10 percent of the face amount of each installment of taxes that is past due shall be added as a penalty. The total of the items computed shall be added to the face amount of each unpaid installment of taxes. (48th Legis., Ch. 328, Sec. 8, sen. 4 (part), 5, 6, 7, 8.)

They shall be paid out of any funds received in advance payment of taxes that are not required for meeting any past-due and unpaid principal and interest or the next maturing installment of principal and interest. (48th Legis., Ch. 328, Sec. 8, sen. 10.)

(48th Legis., Ch. 328, Sec. 11, sen. 5.)

§ 51.818. Approved Tax Roll Not Subject to Revision

The action of the board in finally approving the tax roll is final and is not subject to revision by the board or any other tribunal. (48th Legis., Ch. 328, Sec. 11, sen. 6.)

The bonds shall be payable at the place of business of the trustee. (48th Legis., Ch. 328, Sec. 13, sen. 1 (part), 2 (part).)

§ 51.823. Tax Lien

After filing the tax roll in the office of the assessor and collector, the taxes, penalties, interest, and attorney's fees shall become a specific charge on and be secured by a lien superior to all other liens, except tax liens, on the personal property, land, and improvements listed on the tax roll regardless of whether the ownership of the personal property, land, and improvements is correctly stated on the tax roll. (48th Legis., Ch. 328, Sec. 14, sen. 1 (part).)

§ 51.824. Foreclosure of Lien

(a) The lien shall be foreclosed for the full amount due and order of sale issued against the property or as much of it as may be found in a suit brought for the recovery of the taxes.

(b) The lien may be foreclosed in a suit or suits brought in the name of the district by the board, or by the trustee or his successor as provided by the board.

(c) The procedure for the suit shall be the procedure for ordinary civil foreclosure suits.

(d) The provisions of Chapter 506, Acts of the 45th Legislature, Regular Session, 1937, as amended (Article 7345D, Vernon's Texas Civil Statutes), shall not be applicable to the suits. (48th Legis., Ch. 328, Sec. 14, sen. 1 (part), 2, 3.)

§ 51.825. Default in Payment of Tax Installment

(a) Default in the payment of an installment of taxes levied for the payment of dissolution bonds for 60 days after the installment becomes due and payable as provided by the board shall, at the option of the board or the trustee, immediately mature the remaining installments and cause the entire amount of the taxes to immediately become due and payable.

(b) The trustee shall bring suit for the collection of the entire amount of the taxes and for the foreclosure of the lien securing the payment of the taxes. (48th Legis., Ch. 328, Sec. 15 (part).)

(a) A penalty of 10 percent of the unpaid amount of taxes shall accrue immediately on default of payment of taxes after the 60 days.

(b) An attorney's fee of 10 percent of the unpaid amount of the taxes is due and payable immediately on institution of suit for collection and foreclosure.

(c) The penalty and attorney's fee shall be recovered in the suit and shall constitute an addition to the taxes and shall be secured by the tax lien. (48th Legis., Ch. 328, Sec. 15 (part).)

§ 51.827. Discharge of Lien

(a) On the final payment of the taxes, either the assessor and collector or the trustee shall issue a certificate certifying that the taxes have been fully satisfied and the lien is released.

(b) The execution and acknowledgment of the certificate and the recording of the certificate in the deed records of the county in which the property is located shall be full and conclusive evidence of the discharge of the taxes and lien. (48th Legis., Ch. 328, Sec. 16.)

§ 51.828. District Considered Dissolved

(b) The district immediately is considered dissolved for all purposes, except that the taxes levied against the taxable property may be enforced in the name of the district on behalf of the bondholders by the trustee or his successors. The surviving board may meet from time to time until the dissolution bonds are paid and discharged and may delegate its powers and give instructions to the trustee or his successors as the board sees fit and circumstances warrant. After the payment of all dissolution bonds, interest, and costs of collection, the board shall be dissolved. (48th Legis., Ch. 328, Sec. 17.)

(5) "Subdivision of an underground water reservoir" means a reasonably definable part of an underground water reservoir in which the underground water supply will not be unreasonably affected by withdrawing water from any part of the reservoir, as indicated by known geological and hydrological conditions and relationships and on foreseeable economic development at the time the subdivision is designated or altered. (39th Legis., Ch. 25, Sec. 3c, subsec. A(5) sen. 1, as amended.)

[Sections 52.005 to 52.020 reserved for expansion]

SUBCHAPTER B. CREATION OF DISTRICT

Section 52.021. Purpose

In order to provide for the conservation, preservation, protection, recharging, and prevention of waste of the underground water of underground water reservoirs or their subdivisions, consistent with the objectives of Article XVI, Section 59, of the Texas Constitution, underground water conservation districts may be created as provided by this chapter. (39th Legis., Ch. 25, Sec. 3c, subsec. B, sen. 1, 2 (part), as amended.)

§ 52.022. Method of Creating District

Except as otherwise provided by this subchapter, the provisions in Chapter 51 of this code for creating water control and improvement districts apply to the creation of underground water conservation districts to the extent that those provisions may be made applicable. (39th Legis., Ch. 25, Sec. 3c, subsec. B, sen. 2 (part), as amended.)

§ 52.023. Boundaries of District

(a) Neither the commission nor a commissioners court may consider a petition for the creation of a district unless the proposed boundaries of the district are coterminous with the boundaries of an underground water reservoir or a subdivision of an underground water reservoir, as previously designated by the commission.

(b) Subject to Subsection (a) of this section, a district may include all or part of one or more counties, cities, districts, or other political subdivisions. (39th Legis., Ch. 25, Sec. 3c, subsec. C, sen. 1, 2, as amended.)

§ 52.024. Designation of Reservoirs and Subdivisions

(a) On its own motion from time to time, or on receiving a petition conforming to the requirements of Section 51.013 of this code, the commission, after notice and hearing as provided by Sections 51.018 and

51.027–51.029 of this code, shall designate underground water reservoirs and subdivisions of underground water reservoirs.

(b) On the request of any person interested in the petition, or on the request of the commission, the Texas Water Development Board shall prepare available evidence relating to the existence, area, and characteristics of the reservoir or subdivision. Before making the designation, the commission shall consider the evidence prepared by the board and other evidence submitted at the hearing.

(c) The commission may alter the boundaries of designated underground water reservoirs and subdivisions as required by future conditions and as justified by factual data. However, an alteration of boundaries does not invalidate the previous creation of any district.

(d) When the commission has designated the boundaries of a subdivision as provided by this section, its findings on the location of the boundaries, the questions of “reasonableness” and “affect,” as referred to in Section 52.001(5) of this code, and all other questions essential to the existence of a subdivision, are conclusive and final unless a suit is brought under Section 52.301 of this code within the 30-day period immediately following the date on which the commission enters its order. (39th Legis., Ch. 25, Sec. 3c, subsec. C, sen. 3; subsec. I, sen. 1, 2; subsec. A(5), sen. 2; as amended.)

§ 52.025. Findings

(a) If the commissioners court or the commission finds that the district is feasible and practicable, that it would be a benefit to land in the district, and that it would be a public benefit or utility, the commissioners court or the commission shall make these findings and grant the petition.

(b) If the commissioners court or the commission finds that the district is not feasible and practicable, that it would not be a benefit to land in the district, that it would not be a public benefit or utility, or that it is not needed, the commissioners court or the commission shall refuse to grant the petition. (39th Legis., G.L., Ch. 25, Sec. 19, sen. 4, 5, as amended.)

§ 52.026. Segregated Irrigated Area

§ 52.052. Election of Directors: Precinct Method

The directors of the district shall be elected according to the precinct method as prescribed by Chapter 51 of this code. However, if any part of a municipal corporation is a part of one precinct, then no part of the municipal corporation shall be included in another precinct, except that a municipal corporation having a population of more than 200,000 may be

divided between two precincts. (39th Legis., Ch. 25, Sec. 3c, subsec. E(3), as amended.)

The district may employ registered professional engineers to make surveys of the underground water reservoir or subdivision and surveys of the facilities for development, production, and use of the water, in order to determine the quantity of water available for production and use and to determine the improvements, development, and recharging needed by the reservoir or its subdivision. (39th Legis., Ch. 25, Sec. 3c, subsec. B(7), as amended.)

§ 52.108. Planning

(a) The district may develop comprehensive plans for the most efficient use of the underground water in the underground water reservoir or its subdivision and for controlling and preventing waste of underground water.

(b) The district shall specify in the plans, in as much detail as practicable, the acts, procedure, performance, and avoidance that are or may be necessary to effect the plans, including specifications. (39th Legis., Ch. 25, Sec. 3c, subsec. B(8) (part), as amended.)

§ 52.109. Research Projects

The district may carry out research projects, develop information, and determine limitations which should be made on withdrawing underground water from the underground water reservoir or its subdivision. (39th Legis., Ch. 25, Sec. 3c, subsec. B(8) (part), as amended.)

§ 52.110. Collection of Information

The district may collect information regarding the use of underground water and the practicability of recharging the reservoir or its subdivision. (39th Legis., Ch. 25, Sec. 3c, subsec. B(8) (part), as amended.)

§ 52.111. Publication of Plans and Information

The district may publish its plans and the information it develops, bring them to the attention of the users of underground water in the district, and encourage the users to adopt and use them. (39th Legis., Ch. 25, Sec. 3c, subsec. B(8) (part), as amended.)

§ 52.112. Records and Reports

The district may require that records be kept and reports be made of the drilling, equipping, and completing of water wells and of the production and use of underground water from the underground water reservoir or its subdivision. (39th Legis., Ch. 25, Sec. 3c, subsec. B(5) (part), as amended.)

§ 52.113. Drillers' Logs

The district may require that accurate drillers' logs be kept of water wells and that copies of drillers' logs and electric logs be filed with the district. (39th Legis., Ch. 25, Sec. 3c, subsec. B(5) (part), as amended.) Amended by Acts 1971, 62nd Leg., p. 1767, ch. 518, § 1, eff. May 31, 1971.

§ 52.114. Permits for Wells

The district may require permits for the drilling, equipping, or completing of wells, or for substantially altering the size of wells or well pumps, or for all of these operations. Permits may be issued subject to the rules made under Section 52.117 of this code and subject to terms and provisions with reference to the drilling, equipping, completion, or alteration of wells or pumps that may be necessary to conserve the underground water, prevent waste, minimize as far as practicable the drawdown of the water table or the reduction of artesian pressure, or lessen interference between wells. (39th Legis., Ch. 25, Sec. 3c, subsec. B(3), sen. 1, as amended.)

§ 52.115. Permit: Application and Hearing

The district shall promptly consider and pass on each application for a permit. If, within 20 days after the date it is submitted, an application has not been passed on or set for a hearing on a specific date, the applicant may petition the district court of the county where the land is locat-

ed for a writ of mandamus to compel the district to act on the application or set a date for a hearing on the application. A hearing shall be held within 30 days after the setting of the date and the district shall act on the application within 10 days after the date of the hearing. (39th Legis., Ch. 25, Sec. 3c, subsec. B(3), sen. 3, 4, 5, as amended.)

§ 52.116. Drilling, Etc., Without Permit

Except as provided by Section 52.118 of this code, no person, firm or corporation may begin to drill a well in the district, or substantially alter the size of a well or pump, which well could reasonably be expected to produce more than 100,000 gallons of water a day from the reservoir or subdivision, without first obtaining a permit from the district. (39th Legis., Ch. 25, Sec. 3c, subsec. B(3), sen. 2, as amended.)

§ 52.117. Regulation of Spacing and Production

In order to minimize as far as practicable the drawdown of the water table or the reduction of artesian pressure, or to prevent waste, the district may provide for the spacing of water wells and may regulate the production of wells. (39th Legis., Ch. 25, Sec. 3c, subsec. B(4), sen. 1, as amended.)

§ 52.118. Exceptions; Limitations

(a) The district may not require a permit for the drilling or producing of a well drilled, completed, and equipped so that it will not produce more than 100,000 gallons of underground water a day. (39th Legis., Ch. 25, Sec. 3c, subsec. D(4)(b), as amended.)

(b) The district shall not deny the owner of a tract of land, or his lessee, who has no well capable of producing more than 100,000 gallons a day on the tract, either a permit to drill a well on his land or the privilege to produce underground water from his land, subject to the rules of the district. (39th Legis., Ch. 25, Sec. 3c, subsec. B(4), sen. 2, as amended.)

(c) The district may not restrict the production of any well that produces less than 100,000 gallons a day. (39th Legis., Ch. 25, Sec. 3c, subsec. D(4) (c) (part), as amended.)

(d) Nothing in this chapter applies to wells drilled for oil, gas, sulphur, or brine, or for core tests, or for injection of gas, salt water, or other fluid, or for any other purpose, under permits issued by the Texas Railroad Commission. The district shall not require a permit to drill a well to supply water for drilling any of these wells permitted by the Texas Railroad Commission. When the well ceases to be used for these purposes, it may then be used as an ordinary water well if it meets the spacing and other rules of the district; and its use is subject to the rules of the district. (39th Legis., Ch. 25, Sec. 3c, subsec. D(3), D(4)(a), as amended.)

(e) Water wells exempted under this section shall be equipped and maintained so as to conform to the district's rules requiring installation of casing, pipe, and fittings to prevent the escape of underground water from an underground water reservoir to any reservoir not containing underground water and to prevent the pollution or harmful alteration of the character of the water in any underground water reservoir. (39th Legis., Ch. 25, Sec. 3c, subsec. D(4)(c) (part), as amended.)

§ 52.119. Open or Uncovered Wells

(a) The district may require the owner or lessee of land on which an open or uncovered well is located to keep the well permanently closed or capped with a covering capable of sustaining weight of at least 400

pounds, except when the well is in actual use. (39th Legis., Ch. 25, Sec. 3c, subsec. B(11) (part), as amended.)

(b) As used in this section, "open or uncovered well" means an artificial excavation at least 10 feet deep and at least 10 inches but not more than six feet in diameter, that is dug or drilled for the purpose of producing water from the underground water reservoir and is not capped or covered as required by this chapter. (39th Legis., Ch. 25, Sec. 3c, subsec. B(11), (part), as amended.)

(c) If the owner or lessee fails or refuses to close or cap the well in compliance with this chapter within 10 days after being requested to do so in writing by an officer, agent, or employee of the district, any person, firm, or corporation employed by the district may go on the land and close or cap the well safely and securely. (39th Legis., Ch. 25, Sec. 3c, subsec. B(11), as amended.)

(d) Expenses incurred by the district in closing or capping a well, not to exceed \$100, constitute a lien on the land on which the well is located. (39th Legis., Ch. 25, Sec. 3c, subsec. B(11) (part), as amended.)

(e) The lien is perfected by filing in the deed records of the county where the well is located an affidavit, executed by any person conversant with the facts, stating the following:

- (1) the existence of the well;
- (2) the legal description of the property on which the well is located;
- (3) the approximate location of the well on the property;
- (4) the failure or refusal of the owner or lessee, after notification, to close the well within 10 days after the notification;
- (5) the closing of the well by the district, or by an authorized agent, representative, or employee of the district; and
- (6) the expense incurred by the district in closing the well. (39th Legis., Ch. 25, Sec. 3c, subsec. B(11) (part), as amended.)

(f) The district may make and enforce rules that are necessary or appropriate to effectively exercise the powers granted in this section. (39th Legis., Ch. 25, Sec. 3c, subsec. B(11) (part), as amended.)

(g) Nothing in this section affects the enforcement of Chapter 281, Acts of the 51st Legislature, 1949 (Article 1721, Vernon's Texas Penal Code). (39th Legis., Ch. 25, Sec. 3c, subsec. B(11) (part), as amended.)

§ 52.120. Illegal Drilling and Operation of Well; Suit

(a) Drilling a well without a required permit or operating a well at a higher rate of production than the rate approved for the well is declared to be illegal, wasteful per se, and a nuisance. (39th Legis., Ch. 25, Sec. 3c, subsec. B(10), sen. 1, as amended.)

(b) A person who has an estate in land which is adjacent to the land on which the well is located, or a part which lies within one-half mile of the well, may sue in a court of competent jurisdiction to restrain or enjoin the illegal drilling or operation, or both. The suit may be brought with or without the joinder of the district. (39th Legis., Ch. 25, Sec. 3c, subsec. B(10), sen. 2, as amended.)

(c) The aggrieved party may also sue for damages for injuries he may have suffered by reason of the illegal operation and for other relief to which he may be entitled. In a suit for damages, the existence or operation of a well in violation of the rules of the district is prima facie evidence of illegal drainage. (39th Legis., Ch. 25, Sec. 3c, subsec. B(10), sen. 3, 4, as amended.)

(d) The suit may be brought in the county where the illegal well is located or in the county where all or part of the affected land is located. (39th Legis., Ch. 25, Sec. 3c, subsec. B(10), sen. 5, as amended.)

(e) The remedies provided by this section are cumulative of other remedies available to the individual or the district. (39th Legis., Ch. 25, Sec. 3c, subsec. B(10), sen. 6, as amended.)

(f) A suit brought under this section shall be advanced for trial and determined as expeditiously as possible. The court shall not grant a postponement or continuance, including a first motion, except for reasons considered imperative by the court. (39th Legis., Ch. 25, Sec. 3c, subsec. B(10), sen. 7, as amended.)

§ 52.202. Bonds: Approval of Commission not Required

A district proposing to issue bonds is not required to submit its plans to and secure approval of the commission under Sections 51.421-51.422 of this code. (39th Legis., Ch. 25, Sec. 3c, subsec. E(2), as amended.)

SUBCHAPTER F. BOND AND TAX PROVISIONS

Section 53.171. Power to Issue Bonds

(a) A district may issue bonds to secure indebtedness.

(b) A district may not issue tax bonds or incur any debt which is to be paid with tax revenue unless an election is first held in the district and the proposition is approved by a majority of the electors of the district who vote in the election. (R.S. Art. 7922, sen. 2, as amended.)

§ 53.172. Ordering Bond Election

After the creation of a district and the qualification of the supervisors, the board may order an election in the district to authorize a bond issue. The board shall set the day for the election, which must be held during

the period beginning on the 20th day and ending with the 30th day after the day of the order. At this election, the board shall submit only a proposition authorizing the issuance of bonds and the levy of a tax to pay the bonds. The ballots shall be printed to allow for voting for or against the proposition: "The issuance of bonds and the levy of taxes to pay the bonds." (R.S. Art. 7931.)

§ 53.173. Notice of Election

(a) The board shall give notice of the bond election, stating the amount of bonds to be issued. The board shall post a copy of the notice in four public places in the district, including a copy at the courthouse door. The board shall have the notice posted during the 20-day period immediately preceding the day of the election.

(b) The board shall have printed on the notice:

- (1) the proposition to be voted on; and
- (2) an estimate of the probable cost of constructing or purchasing the proposed improvement and the incidental expenses connected with the construction or purchase. (R.S. Art. 7932.)

§ 53.174. Conduct of Bond Election

The board shall select polling places in the district and shall appoint a presiding judge, one other judge, and two clerks for each polling place. The board shall provide the necessary ballots for the election and shall have printed on them the proposition to be submitted. (R.S. Art. 7933.)

§ 53.175. Canvassing Bond Election Results

Immediately after the election, the presiding judge of each polling place shall return the result in the same manner as results are returned in general elections for state and county officers. The judge shall return the result to the board, which shall, at a regular or special session, canvass the vote. If a majority of the votes favor issuing bonds and levying taxes, the board shall declare the result and enter it in the minutes. (R.S. Art. 7935.)

§ 53.176. Issuing Bonds

(a) After declaring the result of the election, the board shall make and enter an order in the minutes directing the issuing of bonds sufficient to pay for the proposed improvements. The board may not issue bonds in an amount greater than that specified in the order and notice of election.

(b) Subchapter L, of Chapter 55 of this code, providing for the issuing, denominations, rate of interest, manner and conditions of payment, and maturity dates of water improvement district bonds, apply to bonds of a fresh water supply district. (R.S. Art. 7936.)

§ 53.177. Approving Bonds

(a) Before the board offers bonds for sale, it shall send to the attorney general a certified copy of all proceedings relating to organizing the district and issuing the bonds. They shall also provide other relevant information he requires.

(b) The attorney general shall carefully examine the bonds in connection with the record and the constitution and laws of this state governing the issuance of bonds. The attorney general shall certify the bonds if he finds that they conform to the record and the constitution and laws of this state and that they are valid and binding obligations of the district. (R.S. Art. 7937.)

§ 53.178. Registering Bonds

When the attorney general approves the bonds, the comptroller shall register them in a book kept for that purpose. The comptroller shall record the certificate of the attorney general as to the bonds' validity.

The bonds are then prima facie valid in any action, suit, or proceeding. In a suit to enforce collection of the bonds and interest on the bonds, the only defense against the validity of the bonds is forgery or fraud. (R.S. Art. 7938.)

§ 53.179. Selling Bonds

After the bonds are registered, the board shall sell them on the best terms and for the best price possible. The board shall promptly pay to the district depository the money received from the sale of the bonds. The district depository shall hold the money for the district. (R.S. Art. 7939.)

§ 53.180. Recording of Bond Issues

(a) After the bonds are issued, the board shall deliver a well-bound book to the county treasurer, who shall keep in the book a list of:

- (1) all bonds which have been issued;
- (2) their manner of payment;
- (3) the amount of each bond;
- (4) the rate of interest on each bond;
- (5) the date of issuing each bond;
- (6) the date when each bond is due;
- (7) the place where each bond is payable;
- (8) the amount received for each bond; and
- (9) the tax levy to pay interest on and redeem the bonds.

(b) The county treasurer shall keep the books open at all times for inspection by any taxpayer or bondholder. When a person pays for a bond, the treasurer shall enter the payment in the book. The treasurer is entitled to receive for his services the same fee allowed by law to the county clerk for recording deeds. (R.S. Art. 7941.)

§ 53.181. Paying Bonds and Interest

At the time for paying interest or for redeeming the bonds, the district depository shall receive and cancel any interest coupons paid or any bonds redeemed. When the board receives an interest coupon or a bond, it shall credit the account of the depository with the amount received. The board shall then cancel and destroy the bond or coupon. (R.S. Art. 7940.)

§ 53.182. Bonds Payable From Revenues and Ad Valorem Taxes

(a) For the purpose of constructing, purchasing, repairing, improving, and extending authorized improvements, a district may issue bonds payable solely from the revenues of:

- (1) the operation of the district's water system, less the reasonable cost of maintaining and operating the system; or
- (2) the operation of the district's sanitary sewer system, less the reasonable cost of maintaining and operating the system; or (New.)
- (3) both the water system and the sanitary sewer system. (New.)

(b) The district may also issue bonds for the purposes set out in this section, payable both from ad valorem taxes and the revenues of:

- (1) its water system; or
- (2) its sanitary sewer system; or (New.)
- (3) both its water system and sanitary sewer system. (New.)

(c) If the district issues combination tax and revenue bonds, it shall levy, assess, and collect ad valorem taxes until the net revenues from the operation of the water system or the sanitary sewer system, together with the revenue from taxes, have accumulated a surplus in the sinking fund at least equal to the principal of and interest on the bonds scheduled to accrue in the next year. When this accumulation is completed, the board

may reduce the tax levy to a rate that will produce at least 25 percent of the principal and interest requirements for each of the next succeeding years. When actual experience of three successive years demonstrates that the net revenues are adequate to pay the principal of and the interest on the bonds as they mature, the board may discontinue the tax until it becomes necessary to levy the tax again to avoid default in paying the bonds and interest. (52nd Legis., Ch. 233, Sec. 1, sen. 1, 2, 3.)

§ 53.183. Election Required

(a) A district may not issue bonds as authorized in Section 53.182 of this code unless an election is first held in the district and the proposition is approved by a majority of the electors of the district who vote in the election.

(b) If the election is held to authorize revenue bonds only, the board shall have the ballots printed to allow for voting for or against the proposition: "The issuance of bonds and the pledge of net revenues for the payment of the bonds."

(c) If the election is held to authorize combination tax and revenue bonds, the board shall have the ballots printed to allow for voting for or against the proposition: "The issuance of bonds to be paid for from an adequate pledge of net revenues and levy of ad valorem taxes."

(d) Except as provided in this section, the provisions of Sections 53.172-53.175 of this code, relating to tax bond elections, apply to elections held under this section. (52nd Legis., Ch. 233, Sec. 1, sen. 4, 5, 6.)

§ 53.184. Refunding Bonds

(a) With the consent of the holders, a district may refund outstanding bonds by issuing new coupon bonds in their place.

(b) Interest is shown by coupons attached to the bonds. The board may pay the interest on the bonds annually or semiannually.

(c) The board may pay the refunding bonds serially or in any other manner it chooses, but it shall pay the bonds not later than 40 years from the date the bonds are issued.

(d) The board shall issue the bonds in denominations of \$100 or a multiple of \$100. The board shall levy a tax sufficient to meet the payment of principal of and interest on the refunding bonds before the bonds are delivered. The refunding of bonds does not affect any taxes already due.

(e) The board shall issue refunding bonds in the manner provided for other district bonds. The board shall deduct any sum on hand to the credit of any sinking fund account in ascertaining the amount of refunding bonds to be issued, and it shall apply the money to the payment of the outstanding bonds.

(f) The board shall not issue refunding bonds until they are approved by the attorney general and registered by the comptroller. The comptroller shall not register the refunding bonds until the old bonds being replaced are presented to him for cancellation. After the comptroller registers the new bonds, he shall cancel the old bonds and interest coupons and deliver the new bonds to the proper bondholders. The district may present the old bonds for cancellation in installments, and the comptroller may register and deliver a like amount of the new bonds. (R.S. Art. 7941a, as amended.)

§ 53.185. Rates and Charges

If the board issues revenue bonds or combination tax and revenue bonds, the board, at the time it authorizes the bonds, shall fix rates and charges for the use of the facilities or the services rendered in an amount which, together with any tax which is levied, will assure the prompt payment of the principal of and interest on the bonds as they mature. (52nd Legis., Ch. 233, Sec. 1, sen. 7.)

§ 53.186. Interest and Sinking Fund

(a) A district shall have an interest and sinking fund. The board shall credit to this fund all taxes collected for the payment of interest or redemption of district bonds.

(b) The board shall use money in this fund only:

- (1) to pay interest on district bonds;
- (2) to cancel and surrender district bonds; and
- (3) to pay the expenses of assessing and collecting the taxes.

(R.S. Art. 7953.)

§ 53.187. Investment of Sinking Fund

The board may invest the district's sinking funds in county, municipal, district, or other bonds in which other sinking funds may by law be invested. The board may also invest the sinking funds in bonds of the series to which the funds apply, if the bonds are offered for redemption before maturity on terms the board deems advantageous to the district. (R.S. Art. 7954.)

§ 53.188. Levy of Taxes

After the district has issued bonds, the board shall levy taxes on all property in the district, whether real, personal, or mixed. The board shall levy the taxes based on the full value of each piece of property. The board shall levy the taxes in an amount which is enough to pay the interest on the bonds and to create a sinking fund sufficient to redeem and discharge the bonds when they mature. The board shall levy taxes annually for this purpose as long as the bonds are outstanding. (R.S. Art. 7952.)

§ 53.189. Assessor and Collector—Office

The assessor and collector shall maintain an office. (R.S. Art. 7942 (part).)

The board shall charge the assessor and collector with the total assessment as shown by the assessment rolls. For this purpose, the board shall use a permanent finance ledger. The board shall give the assessor and

collector credit for all money he pays to the depository as shown by his monthly reports. After the final annual settlement, the assessor and collector shall make a complete report of all taxes that have not been collected. (d) The assessor and collector has authority to administer oaths to carry out fully the provisions of this section. (R.S. Art. 7945.)

§ 53.195. Date of Tax Assessment

The tax assessor and collector shall assess taxes for the district on January 1 of each year. He shall complete the assessment and have the lists and books ready to deliver on or before June 1. (R.S. Art. 7946.)

§ 53.196. Appraisal Dates

The board of equalization shall, after the first year, meet annually on the first Monday in June to receive all assessment lists or books of the assessor and collector. The board shall complete its examination and equalization of the lists by the second Monday in June. The board shall deliver the rolls to the assessor and collector by the second Monday in July. The assessor and collector shall complete the rolls, and the board shall approve the rolls and return them to the assessor and collector, by the first Monday in September. (R.S. Art. 7951.)

(c) The board may levy maintenance taxes until the power is taken away by another district election. The board may hold an election on the question of repeal or reduction of maintenance taxes no more often than once every five years. The board may refrain from levying maintenance taxes if they are not necessary. (R.S. Art. 7956.)

(b) The petition must be signed by a majority of the persons who own land in the described area; but if more than 50 persons own land in the area, the petition must be signed by at least 50 of them. (45th Legis., Ch. 385, Sec. 2, sen. 1 (part).)

§ 53.241. Time and Place of Hearing

The board by order shall set the time and place of the hearing on the petition. The board may not hold the hearing before the expiration of the 30th day after the day of the order. (45th Legis., Ch. 385, Sec. 2, sen. 2, 3.)

§ 53.242. Notice of Annexation Hearing

The secretary shall issue notice of the time and place of hearing. In the notice, he shall describe the territory proposed to be annexed. The

secretary shall post copies of the notice in three public places in the territory proposed to be annexed. He shall post the notices for at least the 15 days immediately preceding the day of the hearing. He shall also publish the notice once in a newspaper of general circulation in the county before the beginning of the 15-day period immediately preceding the day of the hearing. (45th Legis., Ch. 385, Sec. 2, sen. 4, 5, 6.)

§ 53.243. Resolution to Add Territory

(a) The board may by resolution add the territory to the district if, on hearing the petition, they find that:

(1) the proposed addition of territory to the district is feasible and practicable; and

(2) the addition would be of benefit both to the territory and to the district.

(b) The board need not include all of the land described in the petition if it finds that a modification or change is necessary or desirable.

(c) The board shall have a copy of the resolution, signed by a majority of the supervisors and attested by the secretary of the board, recorded in the deed records of the county.

(d) The resolution takes effect when it is properly recorded. (45th Legis., Ch. 385, Sec. 2, sen. 7, 8.)

§ 53.244. Apportionment of District Indebtedness

The added territory shall bear its pro rata part of the indebtedness or taxes that are owed, contracted, or authorized by the district to which the new territory has been added. Before the added territory is subject to any part of the district indebtedness or taxes, however, the board shall order an election in the district, as enlarged, on the question of the assumption of the indebtedness or taxes by the district as enlarged. (45th Legis., Ch. 385, Sec. 2, sen. 9.)

§ 53.245. Conduct of Elections

An election held either to confirm the exclusion of territory or to assume indebtedness or taxes is to be held as are elections for issuing bonds by the district. (45th Legis., Ch. 385, Sec. 3.)

§ 53.246. Excluding Land inside Cities or Towns

(a) The board of supervisors of a district located entirely in one county may exclude from the district land which is inside the boundaries of a city or town if:

(1) the district, when created, did not include inside its boundaries any land which was inside the corporate limits of the city or town;

(2) the district has inside its boundaries land which has been annexed by a city or town since the district was created;

(3) the city or town provides to the annexed land the same services as the district may provide to it;

(4) the population of the city or town is more than 4,000, according to the last preceding federal census;

(5) the city or town has not adopted a home-rule charter; and

(6) the area to be excluded has a part of its boundary identical with a part of the boundary of the district as it exists at the time of the exclusion.

(b) Under this section, the board shall not at any time reduce the size of the district to an area less than 90 percent of the area it encompassed at the time of its creation. (R.S. Art. 7930—3, Sec. 1.)

§ 53.247. Meeting to Determine Exclusion

The board, by three-fifths vote, may call a meeting of the board to determine whether or not the district shall exclude any land from the dis-

trict. The board shall call a meeting for this purpose if five percent of the qualified property taxpaying electors of the district petition them to do so. (R.S. Art. 7930—3, Sec. 2, sen. 1 (part).)

§ 53.248. Requirements of Petition

The petitioners, in their petition, shall describe the proposed new boundaries of the district. They shall state also that it is proposed that all the land inside the boundaries of the district not included inside the proposed new boundaries be excluded from the district. (R.S. Art. 7930—3, Sec. 2, sen. 1 (part).)

§ 53.249. Notice of the Meeting

- (a) The board, in the notice of the meeting, shall state:
- (1) the proposed new boundaries of the district;
 - (2) the proposal to exclude all land outside the proposed new boundaries;
 - (3) the time and place of the meeting; and
 - (4) the right of any landowner of the district to appear at the meeting and to be heard in support of or in opposition to establishing the new boundaries and excluding the land proposed to be excluded.
- (b) The board shall address the notice to "All landowners and taxpayers of _____ County Fresh Water Supply District No. _____ (inserting the name and number of the district) and all other persons concerned." (R.S. Art. 7930—3, Sec. 2, sen. 2.)

§ 53.250. Posting of Notice

The board shall post a certified copy of the notice in three public places inside the district. The board shall also have the notice published one time before the beginning of the 10-day period immediately preceding the day of the meeting, in a newspaper of general circulation in the district. If there is no newspaper of general circulation in the district, the board shall have the notice printed in a newspaper of general circulation in the county where the district is located. (R.S. Art. 7930—3, Sec. 2, sen. 3.)

§ 53.251. Power to Adjourn Meeting

The board may adjourn the meeting from time to time in their discretion. (R.S. Art. 7930—3, Sec. 2, sen. 4.)

§ 53.252. Excluding Land by Resolution or Election

(a) The board may, at its discretion, either call an election on the question of whether or not to exclude the land from the district, or, by resolution, declare the land excluded from the district, if:

- (1) no district landowner has filed, by the time of the meeting, a written protest against excluding the land from the district;
 - (2) no district landowner protests the exclusion at the meeting;
- or

(3) the protests, if any, represent less than three percent of the total superficial area of the district.

(b) If the board, by resolution, declares that the land is excluded, it shall state in the resolution the new boundaries of the district. The board shall file a copy of the resolution, signed by a majority of the supervisors and duly attested by the secretary, in the office of the county clerk. The county clerk shall record the resolution in the deed records of the county in which the district is located. After the resolution is recorded, the land excluded is no longer a part of the district. (R.S. Art. 7930—3, Sec. 3.)

§ 53.253. Protest

If a written protest is filed with the board before the meeting or if a protest is made at the meeting by a district landowner, the board shall pass on the protest after hearing the evidence. (R.S. Art. 7930—3, Sec. 4 (part).)

§ 53.254. Election Required by Protests

(a) If the owner or owners of as much as three percent of the district land protest the exclusion, the board shall call an election to decide whether or not the proposed land shall be excluded.

(b) Except as provided in this subchapter, the provisions of Sections 53.022–53.028 of this code apply, to the extent they are applicable, to elections held under this section. The board shall perform the duties imposed on the commissioners court by those sections. (R.S. Art. 7930—3, Sec. 4 (part).)

§ 53.255. Notice of Election to Exclude Land

(a) The board shall post a notice of the election stating

- (1) the time and place for holding the election;
- (2) the proposed new boundaries of the district;
- (3) the proposition to be voted on; and
- (4) the names of the presiding officers appointed by the board to hold the election.

(b) The board shall post a copy of the notice in four public places in the district and a copy at the courthouse door for the 20 days immediately preceding the date of the election. (R.S. Art. 7930—3, Sec. 5.)

§ 53.256. Ballots

The board shall provide the necessary ballots for the election and shall have the ballots printed to allow for voting for or against the proposition:

“The establishment of the new boundaries of the _____ County Fresh Water Supply District No. _____ (inserting the name of the district).” (R.S. Art. 7930—3, Sec. 6.)

§ 53.257. Order Excluding Land

If the election favors establishing the new boundaries, the board shall enter an order declaring the result of the election. The board shall enter the order in its minutes, declaring that the land which has been excluded is no longer a part of the district. In the order the board shall also describe the new boundaries. The board shall file a copy of the order, signed by a majority of the board and duly attested by the secretary, in the office of the county clerk. The county clerk shall record the copy in the deed records of the county in which the district is located and the land shall cease to be a part of the district. (R.S. Art. 7930—3, Sec. 8 (part).)

§ 53.258. If Proposition Defeated

If the proposition to exclude the land is defeated, the board may not act on a petition to exclude all or any part of the land voted on within one year of the election. (R.S. Art. 7930—3, Sec. 9.)

§ 53.259. Rights of Bondholders

No proceeding under this subchapter diminishes or impairs the rights of the holders of any outstanding and unpaid bonds, warrants, or other certificates of indebtedness of a district. (R.S. Art. 7930—3, Sec. 10, sen. 1 (part).)

§ 53.260. Apportionment of District Indebtedness

(a) Each property owner in the excluded territory shall pay as his proportional share of each series of district indebtedness a sum equal to the percentage of the "net indebtedness" which the assessed value of his excluded property bears to the total assessed value of all property in the district before the exclusion. For each series of indebtedness, all property values are to be taken from the tax rolls of the district for the year in which the series of indebtedness was issued and sold.

(b) In Subsection (a) of this section, the phrase "net indebtedness" means the greater of:

(1) the face value (par value plus accrued interest) of the outstanding bonds or warrants in the series at the time of the exclusion, less the sinking funds, reserves, and deposits held for paying the indebtedness; and

(2) the market value of the outstanding bonds or warrants in the series at the time of the exclusion, less the sinking funds, reserves, and deposits held for paying the indebtedness. (R.S. Art. 7930—3, Sec. 10, sen. 1 (part).)

§ 53.261. Resolution Establishing Apportionment

(a) When the board adopts the resolution or enters the order excluding land, it shall determine the proportional share of district indebtedness chargeable to the excluded land. The board shall adopt in its records a resolution establishing the proportional share. When the board determines and establishes the amount, it is binding on all persons and property in both the excluded and the remaining areas of the district. (R.S. Art. 7930—3, Sec. 10, sen. 2.)

(b) The board shall charge the property remaining inside the district with the remaining district indebtedness. The property owners of the newly defined district shall pay the remaining indebtedness by annual taxes. (R.S. Art. 7930—3, Sec. 10, sen. 3.)

§ 53.262. Current Taxes—Lien

(a) The owners of the property in the excluded land shall pay the taxes levied against their property by the district for the year in which the land was excluded. Until paid, these taxes are a lien against the property excluded from the district as though the land had not been excluded.

(b) The board shall credit the amount collected against the total amount which the owners of the excluded land owe. The board may not levy additional taxes or other charges against the excluded land for the year in which the exclusion is made. (R.S. Art. 7930—3, Sec. 10, sen. 4.)

§ 53.263. Annual Levy of Taxes against Excluded Territory

(a) The district shall levy and collect taxes against the property in the excluded territory on the same basis as the district levies and collects taxes annually against the property remaining inside the district, until the amount collected equals the total net amount chargeable against the excluded territory.

(b) The district may lower the rates on the taxes and charges assessed against the property in the excluded territory for the last year during which the assessments are made, in order to obtain only enough money to discharge the balance of the sum chargeable against the excluded territory.

(c) The district shall continue to levy taxes against the land in the excluded territory each year until enough taxes have been levied to cover the excluded territory's pro rata share of the district's indebtedness. (R.S. Art. 7930—3, Sec. 10, sen. 9.)

§ 53.264. Voluntary Payments

A municipality authorized to do so, and any person, firm, or corporation desiring to do so may voluntarily pay to the district at any time any amount toward the discharge of the amount chargeable against the property in the excluded territory. The district shall credit all voluntary payments as a reduction of the amount charged against the excluded territory. (R.S. Art. 7930—3, Sec. 10, sen. 8.)

§ 53.265. Status of Delinquent Taxes

All taxes against land in the excluded territory which are delinquent at the time of exclusion or which become delinquent after the exclusion have the same status they would have had if the district had not excluded the land. The district has and may exercise all of the liens, rights, and remedies it would have had against the persons and property against which the taxes were assessed if the district had not excluded the territory. (R.S. Art. 7930—3, Sec. 10, sen. 5.)

§ 53.266. Collection of Delinquent Taxes

The principal of all delinquent taxes which were levied against excluded territory after the exclusion, and which are collected before final payment of the indebtedness charged to the territory, shall be credited against that indebtedness as if the taxes had been collected when due. The district shall enforce and collect all taxes remaining delinquent after the collection of all charges provided for in this subchapter. (R.S. Art. 7930—3, Sec. 10, sen. 6, 7.)

§ 53.267. Penalties and Interest

Taxes and charges provided for in this subchapter are subject to the same penalties and interest as are other taxes which the district levies. The district has the rights and remedies concerning these taxes which it has concerning other taxes. (R.S. Art. 7930—3, Sec. 10, sen. 10.)

§ 53.268. Discharge of Excluded Land From Obligations

On payment of its pro rata share of the district indebtedness except for delinquent taxes against specific pieces of property, the excluded territory is released from all liability to the district except the liability on each piece of property for payment of the delinquent taxes. (R.S. Art. 7930—3, Sec. 11, sen. 1 (part).)

§ 53.269. Resolution of Discharge

(a) When the liability of the excluded territory is discharged, except for delinquent taxes, the board shall adopt a resolution stating this fact and listing the property on which the taxes are unpaid. In the list the supervisors shall give a brief description of the property, the name of the owner, and the amount of the principal sum owed for each year there is a delinquency.

(b) The supervisors shall have the resolution entered in their minutes and recorded in the deed records of the county. (R.S. Art. 7930—3, Sec. 11, sen. 1 (part).)

§ 53.270. Release on Payment of Delinquent Taxes

When a property owner pays the delinquent taxes against property listed in the resolution, it is discharged from all obligations to the district. The release is established by a certificate of the tax assessor and collector of the district certifying that the property owner has paid the delinquent taxes against the property. (R.S. Art. 7930—3, Sec. 11, sen. 2.)

§ 53.271. Rights after Exclusion

The property owners of the excluded territory have no right, title, or interest in the district property after the land is excluded. (R.S. Art. 7930—3, Sec. 14.)

§ 53.272. Debts Incurred after Exclusion

No property or property owner in the excluded territory is liable for the payment of any bonds, warrants, or other indebtedness issued or incurred by the district after the territory is excluded. (R.S. Art. 7930—3, Sec. 13.)

§ 53.273. Findings of Fact by the Supervisors

The board's findings of fact relating to the excluded territory are prima facie valid if they are entered in the minutes. The findings are not contestable except in a direct attack instituted in a court of competent jurisdiction within the time and in the manner provided by law for election contests. (R.S. Art. 7930—3, Sec. 12.)

Historical Note

Acts 1971, 62nd Leg., p. 774, ch. 84, §§ 2 and 3, provide:

"Sec. 2. This Act shall be liberally construed to carry out the purpose of its adoption. (b) The land composing a district need not be in one body, but may consist of separate bodies of land separated by land which is not included in the district.

§ 54.014. Petition

When it is proposed to create a district, a petition requesting creation shall be filed with the commission. The petition shall be signed by a ma-

majority in value of the holders of title of the land within the proposed district, as indicated by the county tax rolls. If there are more than 50 persons holding title to the land in the proposed district, as indicated by the county tax rolls, the petition is sufficient if it is signed by 50 holders of title to the land.

§ 54.015. Contents of Petition

The petition shall:

(1) describe the boundaries of the proposed district by metes and bounds or by lot and block number, if there is a recorded map or plat and survey of the area;

(2) state the general nature of the work proposed to be done, the necessity for the work, and the cost of the project as then estimated by those filing the petition; and

(3) include a name of the district which shall be generally descriptive of the locale of the district followed by the words Municipal Utility District, or if a district is located within one county, it may be designated "_____ County Municipal Utility District No. _____." (Insert the name of the county and proper consecutive number.) The proposed district shall not have the same name as any other district in the same county.

§ 54.016. Consent of City

(a) No land within the corporate limits of a city or within the extraterritorial jurisdiction of a city, shall be included in a district unless the city grants its written consent, by resolution or ordinance, to the inclusion of the land within the district. The request to a city for its written consent to the creation of a district, shall be signed by a majority in value of the holders of title of the land within the proposed district as indicated by the county tax rolls or, if there are more than 50 persons holding title to the land in the proposed district as indicated by the county tax rolls, the request to the city will be sufficient if it is signed by 50 holders of title to the land in the district. (b) If the governing body of a city fails or refuses to grant permission for the inclusion of land within its extraterritorial jurisdiction in a district within 60 days after receipt of a written request, a majority of the electors in the area proposed to be included in the district or the owner or owners of 50 percent or more of the land to be included may petition the governing body of the city and request the city to make available to the land the water or sanitary sewer service contemplated to be provided by the district.

(c) If the governing body of the city and a majority of the electors or the owner or owners of 50 percent or more of the land to be included in the district fail to execute a mutually agreeable contract providing for the water or sanitary sewer service requested within six months after receipt of the petition, the failure shall constitute authorization for the inclusion of the land in the district under the provisions of this section. Authorization for the inclusion of such land within the district under the provisions of this section shall mean only authorization to initiate proceedings to include the land within the district as otherwise provided by this Act.

(d) The provisions of this section relating to the method of including land in a district without securing the written consent of a city applies only to land within the extraterritorial jurisdiction of a city and does not apply to land within the corporate limits of a city. The city may also provide in its written consent that the city shall have the right to inspect all facilities being constructed by a district. The city's consent to the inclusion of land in the district may also contain restrictions on the terms and provisions of the district's bonds and notes issued to provide service to the land and conditions on the sale of the district's bonds and notes if the restrictions and conditions do not generally render the bonds and notes of districts in the city's extraterritorial jurisdiction unmarketable. The city's consent to the inclusion of land in a district may restrict the purposes for which a district may issue bonds to the purposes of the purchase, construction, acquisition, repair, extension and improvement of land, easements, works, improvements, facilities, plants, equipment and appliances necessary to:

(1) provide a water supply for municipal uses, domestic uses and commercial purposes;

(f) In addition to all the rights and remedies provided by the laws of the state in the event a district violates the terms and provisions of a city's written consent, the city shall be entitled to injunctive relief or a writ of mandamus issued by a court of competent jurisdiction restraining, compelling or requiring the district and its officials to observe and comply with the terms and provisions prescribed in the city's written consent to the inclusion of land within the district.

(c) The hearing may be adjourned from day to day, and the commission shall have power to make all incidental orders necessary with respect to the matters before it.

SUBCHAPTER G. TAXES

Section 54.601. Tax Levy for Bonds

At the time bonds payable in whole or in part from taxes are issued, the board shall levy a continuing direct annual ad valorem tax for each year while all or part of the bonds are outstanding on all taxable property within the district in sufficient amount to pay the interest on the bonds as it becomes due and to create a sinking fund for the payment of the principal of the bonds when due or the redemption price at any earlier required redemption date and to pay the expenses of assessing and collecting the taxes.

The board shall levy a tax in the first full year after issuance of its first series of bonds.

§ 54.603. Mandamus by Bondholders

In the event the board fails or refuses to levy a sufficient tax in each year which, together with other revenues or receipts which may be legally used for these purposes, will be sufficient to pay the required principal of or interest or redemption price on the bonds, notes, or other contractual obligations when due, or to pay the district's other contractual obligations payable from taxes in addition to all other remedies which may be available, the owner of the district's bonds, notes, or other contractual obligations shall be entitled to a writ of mandamus issued by a court of competent jurisdiction to compel the board to levy a sufficient tax to meet the district's obligations to the owners of its bonds, notes, or other contractual obligations.

CONSOLIDATING AND DISSOLVING DISTRICTS**

Section 54.701. Excluding Land From District

- (a) Before the board calls an election for the authorization of bonds payable in whole or in part from taxes, the board may on its own motion call a hearing on the question of the exclusion of land from the district under the provisions of Sections 54.702-54.707 of this code, if the exclusions are practicable, just, or desirable.
- (b) The board must call a hearing on the exclusion of land or other property from the district on the written petition of any landowner or

property owner in the district filed with the secretary of the board before the time the first election on the question of the issuance of bonds payable in whole or in part from taxes is called.

§ 54.702. Hearing to Announce Proposed Exclusions and to Receive Petitions

If the board determines that an exclusion hearing should be held or if a written petition requesting an exclusion hearing is filed with the secretary of the board as provided in Section 54.701 of this code, the board shall give notice of a time and place of a hearing to announce its own conclusions relating to land or other property to be excluded and to receive petitions for exclusion of land or other property.

§ 54.703. Notice of Hearing

(a) The board shall publish notice of the hearing once a week for two consecutive weeks in one or more newspapers with general circulation in the district. The first publication shall appear at least 14 days before the day of the hearing.

(b) A petition for exclusion shall be filed with the district at least seven days before the hearing and shall state clearly the particular grounds on which the exclusion is sought. Only the stated grounds shall be considered.

§ 54.705. Grounds for Exclusion

Exclusions from the district may be made on the grounds that:

(1) to retain certain land or other property within the district's taxing power would be arbitrary and unnecessary to conserve the public welfare, would impair or destroy the value of the property desired to be excluded, and would constitute the arbitrary imposition of a confiscatory burden;

(2) to retain any given land or other property in the district and to extend to it, either presently or in the future, the benefits, service, or protection of the district's facilities would create an undue and uneconomical burden on the remainder of the district; or

(3) the land desired to be excluded cannot be bettered as to conditions of living and health, or provided with water or sewer service or protected from flood, or drained, or freed from interruption of traffic caused by excess of water on the roads, highways, or other means of transportation serving the land, or otherwise benefited by the district's proposed improvements.

§ 54.706. Hearing Procedure

The board may adjourn the hearing from one day to another and until all persons desiring to be heard are heard. The board immediately shall specifically describe all property which it proposes to exclude on its own motion and shall hear first any protests and evidence against exclusions proposed on the board's own motion.

§ 54.707. Order Excluding Land

After considering all engineering data and other evidence presented to it, the board shall determine whether the facts disclose the affirmative of the propositions stated in Subsection (1) or (2) or, if appropriate, in Subsection (3) of Section 54.705 of this code. If the affirmative exists, the board shall enter an order excluding all land or other property falling within the conditions defined by the respective subsections and shall redefine in the order the boundaries of the district to embrace all land

not excluded. A copy of the order excluding land and redefining the boundaries of the district shall be filed in the deed records of the county or counties in which the district is situated.

The venue in any action shall be in any district court which has jurisdiction in the county in which the district is located. If the district includes land in more than one county, the venue shall be in the district court having jurisdiction in the county in which the major portion of the acreage of the land sought to be excluded from the district is located.

§ 54.710. Appeal

A person may appeal from the judgment or order of a district court in a suit brought under the provisions of Sections 54.708–54.709 of this code to the court of civil appeals and supreme court as in other civil cases in which the district court has original jurisdiction. The appeal is subject to the statutes and rules of practice and procedure in civil cases.

§ 54.711. Adding Land by Petition of Landowner

§ 54.712. Assumption of Bonds

If the district has bonds, notes, or other obligations outstanding or bonds payable in whole or in part from taxes which have been voted but are unissued, the board may require the petitioner or petitioners to assume their share of the outstanding bonds, notes, or other obligations and the voted but unissued tax bonds of the district and authorize the board to levy a tax on their property in each year while any of the bonds, notes, or other obligations payable in whole or in part from taxation are outstanding to pay their share of the indebtedness.

§ 54.713. Petition Signed and Executed

The petition of the landowner to add land to the district shall be signed and executed in the manner provided by law for the conveyance of real estate.

§ 54.714. Hearing and Determination of Petition

(a) The board shall hear and consider the petition and may add to the district the land described in the petition if it is considered to be to the advantage of the district and if the water, sewer, and drainage system and other improvements of the district are sufficient or will be sufficient to supply the added land without injuring land already in the district.

(b) If the district has bonds payable in whole or in part from taxation which are voted but unissued at the time of an annexation, and the petitioners assume the bonds and authorize the district to levy a tax on their property to pay the bonds, then the board may issue the voted but unissued bonds even though the boundaries of the district have been altered since the authorization of the bonds.

§ 54.715. Recording Petition

A petition which is granted adding land to the district shall be filed for record and shall be recorded in the office of the county clerk of the county or counties in which the land is located.

§ 54.716. Adding Land by Petition of Less Than All the Landowners

whether or not they are contiguous to the district, may be annexed to the district in the manner set forth in Sections 54.717-54.724 of this code.

§ 54.717. Filing of Petition

A petition requesting the annexation of a defined area signed by a majority in value of the owners of land in the defined area, as shown by the tax rolls of the county or counties in which such area is located, or signed by 50 landowners if the number of landowners is more than 50, shall be filed with the secretary of the board.

§ 54.718. Hearing on Petition

It shall be the duty of the board to pass an order fixing a time and place at which the petition for annexation shall be heard which shall not be less than 30 days from the day of the order calling the hearing.

§ 54.719. Notice of Hearing

The secretary shall issue a notice setting forth the time and place of the hearing and describing the area proposed to be annexed. Notice of the hearing shall be given by posting copies of the notice in three public places in the district, and in one public place in the area proposed to be annexed for at least 14 days before the day of the hearing and by publishing a copy of the notice in a newspaper of general circulation in the county or counties in which the area proposed to be annexed is located one time at least 14 days before the day of the hearing.

§ 54.720. Order Adding Defined Area

If upon the hearing of the petition it is found by the board that the proposed annexation of the area to the district is feasible and practicable and would be of benefit both to the area and to the district, then the board, by order entered in its minutes, may receive the proposed area as an addition to and to become a part of the district. The order adding the proposed territory to the district need not include all of the land described in the petition, if on the hearing a modification or change is found necessary or desirable by the board.

§ 54.721. Filing of Order Adding Land

(a) A copy of the order annexing land to the district, signed by a majority of the members of the board and attested by the secretary of the board, shall be filed and recorded in the deed records of the county or counties in which the district is located if the land is finally annexed to the district.

(b) After the order is recorded the area shall be a component part of the district.

§ 54.722. Election to Assume Obligation and Unissued Bonds and to Authorize Additional Bonds

(a) The annexed area shall bear its pro rata share of all bonds, notes, or other obligations or taxes which may be owed, contracted, or authorized by the district to which it has been added.

(b) Before the added area shall be subject to all or any part of the bonds, notes, obligations, or taxes, created before the annexation of the area to the district, the board shall order an election to be held in the district, as enlarged by reason of the annexation of the area, on the question of the assumption of the bonds, notes, obligations, and taxes by the annexed area.

(c) At the same election, the board may also submit a proposition on the question of whether the annexed area should assume its part of the bonds of the district payable in whole or in part from taxes which have been voted previously but not yet issued or sold and the levy of an ad valorem tax on all taxable property within the area annexed along with a tax on the rest of the district for the payment of the bonds.

(d) If the election results favorably, the district shall be authorized to issue its voted but unissued tax bonds even though the boundaries of the

district have been changed since the original election approving of the bonds.

(e) At the election called for the purpose of determining whether the annexed area shall assume the bonds, notes, or other obligations or taxes of the district, the board in a separate proposition, may also submit the question of whether the board should be authorized to issue bonds payable in whole or in part from taxes to provide service to the area annexed.

§ 54.723. Unfavorable Assumption Election or Bond Election

(a) In the event that the district has bonds, notes, or obligations or taxes which may be owed, contracted, or authorized at the time an area is annexed or if the district has voted but unissued bonds payable in whole or in part from taxes at the time of an annexation, the board may provide in its order annexing an area to the district that the annexation will not be complete or final unless the indebtedness, tax or bond, note, or other obligation assumption elections result favorably to the assumption of the district's outstanding bonds, notes, or other obligations and voted but unissued bonds.

(b) If the board elects to submit the question of whether the board should be authorized to issue bonds to provide service to the area annexed, the board may also provide in its order annexing an area to the district that the annexation will not be complete unless the election results favorably to the issuance of bonds to serve the annexed area.

§ 54.724. Notice of Assumption Election

Whenever an election is ordered to be held in the district for the purpose of the assumption of bonds, notes, or other obligations or taxes or the assumption of voted but unissued bonds by reason of the annexation of any area, then the election shall be held and notice given as provided for bond elections held by the district.

§ 54.725. Suit to Review Annexation

The provisions of Sections 54.708–54.710 of this code with respect to an appeal from an order excluding land from the district shall apply to review of an order annexing land to the district.

§ 54.726. Right to Serve New Land Included in District

The district has the same right and duty to furnish service to the annexed land that it previously had to furnish service to other land in the district and the board shall endeavor to serve all land in the district without discrimination.

§ 54.727. Duty to Advise Commission

The board shall furnish the commission a detailed description of any land excluded from or annexed to the district within 30 days after the exclusion or annexation or as soon after that time as practicable.

§ 54.728. Consolidation of Districts

Two or more districts governed by the provisions of this chapter may consolidate into one district as provided by Sections 54.729–54.733 of this code.

§ 54.729. Elections to Approve Consolidation

(a) After the board of each district has agreed on the terms and conditions of consolidation, which may include the assumption by each district of the other district's bonds, notes, or other obligations and voted but unissued bonds payable in whole or in part from taxation, the levy of taxes to pay for the bonds, and adoption of a name for the consolidated district, the board shall order an election in each district to determine whether the districts should be consolidated.

(b) The directors of each district shall order the election to be held on the same day in each district and shall give notice of the election for the time and in the manner provided by law for bond elections.

(c) The districts may be consolidated only if the electors in each district vote in favor of the consolidation.

§ 54.730. Governing Consolidated Districts

(a) After two or more districts are consolidated, they become one district and are governed as one district, except for the payment of debts created before consolidation if the conditions of consolidation do not provide for the assumption by each district of the other's bonds, notes, or other obligations and voted but unissued bonds.

(b) During a period of 90 days after the date of the election to approve consolidation, the officers of each district shall continue to act jointly as officers of the original districts to settle the affairs of their respective districts.

(c) The consolidation agreement may provide that the officers of the original districts shall continue to act jointly as officers of the consolidated district until the next general election or name persons to serve as officers of the consolidated district until the next general election if all officers of the original districts agree to resign. At the next general election, directors will be elected for the consolidated district in the same manner and for the same term as directors elected at a confirmation election.

(d) New officers of the consolidated district must qualify as officers of the district within the period of 90 days after the election and shall assume their offices at the expiration of the 90-day period.

(e) The current board shall approve the bond of each new officer.

§ 54.731. Debts of Original Districts

(a) After two or more districts are consolidated, the debts of the original districts shall be protected and may not be impaired. These debts may be paid by taxes levied on the land in the original districts as if they had not consolidated or from contributions from the consolidated district on terms stated in the consolidation agreement.

(b) If each district assumed the other's bonds, notes, and other obligations, taxes may be levied uniformly on all taxable property within the consolidated district in payment of the debts.

§ 54.732. Assessment and Collection of Taxes

After consolidation, the district shall assess and collect taxes on property in the original districts to pay debts created by the original districts unless each district has assumed the other district's bonds, notes, or other indebtedness payable in whole or in part from taxation.

§ 54.733. Voted But Unissued Bonds

In the event either district has voted but unissued bonds payable in whole or in part from taxation and the consolidated district assumed the voted but unissued bonds and the consolidated district was authorized to levy taxes to pay for the bonds, then the consolidated district shall be authorized to issue the voted but unissued bonds in the name of the consolidated district and levy a uniform tax on all taxable property in the consolidated district to pay for the bonds.

§ 54.734. Dissolution of District Prior to Issuance of Bonds

(a) If the board considers it advisable before the issuance of any bonds, notes, or other indebtedness, the board may dissolve the district and liquidate the affairs of the district as provided in Sections 54.734-54.738 of this code.

(b) If a majority of the board finds at any time before the authorization of bonds, notes, or other obligations or the final lending of its credit in another form that the proposed undertaking for any reason is impracticable or apparently cannot be successfully and beneficially accomplished, the board may issue notice of a hearing on a proposal to dissolve the district.

§ 54.735. Notice of Hearing

The board shall post notice of the hearing on the bulletin board at the courthouse door of each county in which the district is located and at three or more other public places within the boundaries of the district and shall publish notice of the hearing two times in a newspaper with general circulation in the district. The notice must be posted and pub-

lished at least 14 days before the hearing on the proposed dissolution of the district.

§ 54.736. **Hearing**

The board shall hear all interested persons and shall consider their evidence at the time and place stated in the notice.

§ 54.737. **Board's Order to Dissolve District**

If the board unanimously determines from the evidence that the best interests of the persons and property in the district will be served by dissolving the district, the board shall enter the appropriate findings and order in its records dissolving the district. Otherwise the board shall enter its order providing that the district has not been dissolved.

§ 54.738. **Judicial Review of Board's Order**

The board's decree to dissolve the district may be judicially reviewed in the manner set forth in Sections 54.708-54.710 of this code for the review of an order excluding land from the district.

[Sections 55.002 to 55.020 reserved for expansion]

SUBCHAPTER B. CREATION OF DISTRICT; CONVERSION TO ARTICLE XVI, SECTION 59, DISTRICT

Section 55.021. Creation of District

A water improvement district may be created in the manner prescribed by this subchapter, either under and subject to the limitations of Article III, Section 52, of the Texas Constitution, or under Article XVI, Section 59, of the Texas Constitution. (R.S. Art. 7625, sen. 5; Art. 8194.)

§ 55.022. District Wholly Within One County

The commissioners court of a county, at any regular or called session, may create one or more water improvement districts in the county as provided by this subchapter. (R.S. Art. 7622, sen. 1, as amended.)

§ 55.023. District May Include Cities, Towns, Etc.

A district may include all or part of one or more cities, towns, villages, and municipal corporations, but no land may be included in more than one district at any one time. (R.S. Art. 7622, sen. 2, as amended.)

§ 55.024. Petition

(a) A petition requesting creation of a district may be presented to the commissioners court. The petition must be signed by a majority of the persons who hold title to land in the proposed district, representing a total value of more than 50 percent of the value of all the land in the proposed district as indicated by the county tax rolls. However, if there are more than 50 persons holding title to land in the proposed district, the petition is sufficient if signed by 50 of them. The petition must set out the boundaries of the district and designate a name for the district. (R. S. Art. 7623, sen. 1, 2 (part).)

(b) The petition may be signed and presented to the commissioners court in several copies. In this case the county clerk shall make a certified copy of the petition, including a list of the names of all signers, and shall file the certified copy and the original copies. The certified copy of the petition shall be considered the petition in all proceedings under this chapter. (R.S. Art. 7625, sen. 2, 3, 4.)

§ 55.025. Date Set for Hearing

The commissioners court shall set a date for a hearing on the petition, to be held at a regular or special session not less than 15 days nor more than 40 days after the day the petition is presented. (R.S. Art. 7623, sen. 2 (part).)

§ 55.026. Notice of Hearing

(a) The county clerk shall issue a notice of the hearing directed to the sheriff giving the date and place of the hearing, and a copy of the order of the court setting the hearing. The sheriff shall serve the notice in the manner provided by law. (R.S. Art. 7623, sen. 3, 4.)

(b) The sheriff shall post copies of the notice in three public places in the proposed district, and shall post one copy at the courthouse door or on the bulletin board used for public notices. These notices shall be posted for 10 full days before the date of the hearing. The notice shall also be published once in a newspaper of general circulation in the county, if a newspaper is published in the county, at least five days before the date of the hearing. The sheriff shall make return of a true copy of the notice, showing the times and places of posting and publication. The county clerk shall record the return in the minutes of the court. (R.S. Art. 7624.)

(c) Any person interested may inspect the boundaries of the district as set out in the petition, and any person may inspect the petition in the office of the county clerk. (R.S. Art. 7623, sen. 5.)

§ 55.027. Hearing

(a) At the hearing, any person whose land is included in and would be affected by the district may support or oppose creation of the district and may offer testimony to show that the district is or is not necessary, would or would not be of public utility, or would or would not be feasible or practicable.

(b) Except as otherwise provided by this chapter, the commissioners court has exclusive jurisdiction to hear and determine all contests and objections to creation of the district and all other matters pertaining to creation of the district.

(c) The commissioners court may adjourn the hearing from day to day.

(d) The judgment rendered by the commissioners court is final, except as otherwise provided by this chapter. (R.S. Art. 7626.)

§ 55.028. Findings; Order

The commissioners court shall make and enter its findings in the record. If it finds that creation of the district and the construction or purchase of the proposed irrigation system, or cooperation with the United States as provided by Section 55.161 of this code, is feasible, practicable, and necessary, and would be a public benefit and a benefit to the land included in the district, then the court shall make and enter an order granting the petition and directing that an election be held in the proposed district. Otherwise, the court shall dismiss the petition at the cost of the petitioners. (R.S. Art. 7627; Art. 7629 (part).)

§ 55.029. Appeal

(a) Any petitioner or any landowner in the district aggrieved by the order of the commissioners court may appeal the order to the district court. Notice of appeal must be filed with the commissioners court at the time of the hearing, and an appeal bond must be filed with the county clerk within 10 days after the day notice of appeal is given. At the time notice of appeal is given, the commissioners court shall fix the amount of the appeal bond at not less than \$2,000 nor more than \$5,000; and the bond shall be made payable to the county judge for the benefit of adverse parties.

(b) Except as otherwise provided by this section, the appeal shall be tried de novo under the rules prescribed for practice in the district court and shall be de novo.

(c) The county clerk shall transfer to the district clerk the judgment and all records filed in the commissioners court within 10 days after the day the appeal bond is filed, and no other pleadings need be filed.

(d) The final judgment on appeal shall be certified to the commissioners court for its action within 10 days after the day the judgment becomes final. (R.S. Art. 7628.)

§ 55.030. Notice of Election

(a) After the election is ordered, notices of the election shall be posted at four places in the proposed district, and one shall be posted at the courthouse door, for the 20 days preceding the date of the election.

(b) The notice of the election shall state the time and places the election will be held, the boundaries of the proposed district, the presiding officers appointed to hold the election, the propositions to be voted on, and the offices to be filled at the election. (R.S. Art. 7630.)

§ 55.031. Voting Precincts

(a) The commissioners court, at the time it orders the election, shall order creation of one or more election precincts in the district and shall designate polling places in each precinct. (R.S. Art. 7631, sen. 3 (part), as amended.)

(b) The election precincts created under this section shall remain the election precincts of the district until changed by an order of its board. (R.S. Art. 7632.)

§ 55.032. Election Officials

The commissioners court shall appoint two judges and two clerks for each polling place, and designate one of the judges to be presiding judge. If an officer fails to serve, his place shall be filled in the manner provided by the general election law. (R.S. Art. 7631, sen. 3 (part), 4, as amended.)

§ 55.033. Ballots

The ballot for the election shall have printed on it only the following:

- (1) the heading, "Official Ballot";
- (2) the proposition, "(FOR) (AGAINST) Creation of the water improvement district";
- (3) the proposition, "(FOR) (AGAINST) Issuance of notes by the water improvement district"; and
- (4) five blank lines for writing in the names of persons for the office of director, under the heading, "FOR DIRECTORS, FIVE TO BE ELECTED." (R.S. Art. 7631, sen. 5, 6, 7, as amended.)

§ 55.034. Conduct of Election

Except as otherwise provided by this subchapter, the election shall be conducted as provided by the general election law. (R.S. Art. 7631, sen. 1, as amended.)

§ 55.035. Returns; Canvass

The officers of the election shall return the result of the election for each polling place, and the commissioners court shall canvass the returns. (R.S. Art. 7634, sen. 1, as amended.)

§ 55.036. Order; Creation of District

The commissioners court shall enter an order declaring the results of the election. If a majority of the votes favor creation of the district, the court shall enter an appropriate order declaring the district to be created and describing its boundaries by metes and bounds. (R.S. Art. 7634, sen. 2, as amended; Art. 7635, sen. 1, 2.)

§ 55.037. Directors

The commissioners court shall declare the five persons receiving the most votes to be elected directors. If not all five positions can be determined because of a tie vote, the commissioners court shall fill the necessary positions by selecting among the tying candidates. (R.S. Art. 7634, sen. 6, as amended.)

§ 55.038. Issuance of Notes

(a) If the proposition to issue notes carries, the board of directors shall issue notes of the district, in an amount not to exceed four percent of the cost of the proposed improvements, for the purpose of creating a fund to pay the cost of organizing the district and the cost of all surveys, investigations, engineering, issuance of bonds, making and filing of maps and reports, legal expenses, and all other costs and expenses authorized or made necessary by the provisions of this chapter. The board shall sell the notes or exchange them in payment of the costs and expenses.

(b) The notes shall be secured by the levy, assessment, and collection of taxes as provided for payment of bonds. The notes shall be paid out of the proceeds of the district's bonds when they are issued and sold. If the bond election fails to carry, then the notes shall be paid out of the tax revenue. (R.S. Art. 7634, sen. 3, 4, 5, as amended.)

§ 55.039. Recordation of Order

After the commissioners court makes and enters in its minutes the order creating the district or an order changing the name of a district, the court shall file a certified copy of the order with the county clerk, who shall have it recorded and indexed in the deed records of the county. Recordation of the order has the same effect, as to notice, as the recordation of a deed. The district shall pay the cost of making and recording copies of the order. (R.S. Art. 7638.)

§ 55.040. Multi-county District: Petition

Creation of a district composed of land in two or more counties may be initiated by presenting a petition to the Texas Water Rights Commission signed by the owners of more than half the land in the proposed district or by 50 qualified property taxpaying electors of the territory of the proposed district. The petition shall describe the boundaries of the proposed district, request a hearing to determine the advisability of creating the district, and request an order for an election. (39th Legis., Ch. 205, Sec. 2, sen. 1.)

§ 55.041. Multi-county District: Notice of Hearing

On the filing of the petition, the commission shall set a date for a hearing which must be held not less than 15 days nor more than 30 days after the date the petition is filed. The commission shall give notice, stating the time and place of the hearing, to the commissioners court of each county where land in the proposed district is located. The county clerk of each county shall post a notice of the time and place of the hearing at the courthouse door. (39th Legis., Ch. 205, Sec. 2, sen. 2.)

§ 55.042. Multi-county District: Hearing

At the hearing, any person whose land would be affected by creation of the district may appear and support or oppose creation of the proposed district, and may offer competent testimony to show that the district would or would not serve a beneficial purpose, be practicable, or accomplish the purposes intended. (39th Legis., Ch. 205, Sec. 2, sen. 3.)

§ 55.043. Multi-county District: Findings

(a) If the commission finds that the plan of water conservation, irrigation, and use presented in the petition is practicable and would be a public utility, the commission shall enter the findings in its records and shall send a certified copy of the findings to the commissioners court in each county in which part of the proposed district is located. The commission shall also inform each commissioners court of a date set by the commission on which an election shall be held in the area of the proposed district to determine whether the district will be created and to elect five directors for the district.

(b) If the commission finds that creation of the district is not practicable, that it would not serve a beneficial purpose, and that it would not be possible to accomplish through its creation the purposes proposed, the commission shall enter its findings in its records and shall dismiss the petition. (39th Legis., Ch. 205, Sec. 2, sen. 4, 5.)

§ 55.044. Multi-county District: Notice of Election

On receiving a certified copy of the findings of the commission authorizing the election, the commissioners court of each county shall have notices of the election posted, in the manner provided for an election to create a single-county district, for not less than 15 nor more than 30 days before the date of the election. (39th Legis., Ch. 205, Sec. 2, sen. 6.)

§ 55.045. Multi-county District: Rules Governing Election

Except as provided by the succeeding sections, the election shall be held, the returns made and canvassed, and the results declared, as provided in the case of a single-county district. (R.S. Art. 7634, sen. 7; 39th Legis., Ch. 205, Sec. 2, sen. 7, 8, 9.)

§ 55.046. Multi-county District: Election Returns, Canvass, Result

(a) The commission shall designate the county judge of one of the counties in the proposed district to act as a canvassing board to receive and canvass the votes cast and to declare the result of the election.

(b) In each county, the officers appointed by the commissioners court to hold the election shall return the results to the commissioners court and shall return all ballot boxes to the county clerk.

(c) On receiving the returns of the election, the commissioners court shall canvass the returns and certify the result of the election in the county to the county judge appointed to act as canvassing board.

(d) When the county judge receives the returns from all the counties, he shall canvass the returns and certify the result of the election to the commissioners court of each county, which shall enter the result of the election in its permanent records.

(e) If the proposition to create the district is carried, the county judge acting as the canvassing board shall make and transmit to each commissioners court an appropriate order declaring that the district is created and describing its boundaries. He shall also issue certificates of election to the persons elected as directors, who shall proceed with the organization of the district as otherwise provided by this chapter. (R.S. Art. 7730; Art. 7635, sen. 3.)

§ 55.047. Exclusion of City, Unincorporated Area, or County Voting against District

(a) As used in this section:

- (1) "city" includes town or other municipal corporation; and
- (2) "unincorporated area" means an area not included within the boundaries of a city.

(b) Each city included within the boundaries of the proposed district shall be treated as a separate voting unit, and the votes cast in the city shall be counted and canvassed to show the result of the election in the city. No city shall be included in the district unless the majority of the votes cast in the city favor creation of the district.

(c) If the proposed district includes both incorporated and unincorporated areas in a county, the unincorporated area shall not be included in the district unless the majority of the votes cast in the unincorporated area favor creation of the district.

(d) No district, the major portion of which is in one county, shall be organized to include land in another county unless the majority of the votes cast in the other county favor creation of the district.

(e) If any portion of a proposed district, under the provisions of this section, votes against creation of the district, and the remaining area of the proposed district votes for the district, then the proposition shall be adopted and the district confirmed except as to the territory voting against the district.

(f) All property in the territory of the district as originally proposed is subject to taxation for the payment of all debts and obligations, including organization expenses, incurred while part of the district.

(g) If at least 10 percent of the qualified electors of the area remaining in the district file a petition with the board of directors requesting a new election on creation of the district, then a new election shall be ordered and held for the remaining area, or the district organization may be dissolved by order of the board of directors and a new district formed. (39th Legis., Ch. 205, Sec. 3.)

§ 55.048. Name of District

(a) The name of a district wholly within one county shall include the name of the county and a number. Districts wholly within one county shall be numbered consecutively as created, and no two districts may have the same number.

(b) The name of a district with territory in two or more counties may include the names of those counties, or the district may adopt any appropriate name. The name may include a number, but the number may not

be the same as the number of a district in any of the counties. The number of a district created in any county may not be the same as the number of a district with territory in that county and other counties. (R.S. Arts. 7636, 7637.)

§ 55.049. Survey of District Boundaries

Immediately after the directors are qualified, the board shall order a survey of the boundaries of the district to be made according to the boundaries designated in the petition for creation of the district, or the board shall adopt, in whole or in part, the boundaries already established, and order the boundaries marked by suitable monuments. (R.S. Art. 7645.)

§ 55.050. Chapter Applicable to Irrigation Districts

Irrigation districts created under the laws of 1905, 1913, and 1915 (Chapter 50, Acts of the 29th Legislature, 1905; Chapter 172, Acts of the 33rd Legislature, 1913; and Chapter 138, Acts of the 34th Legislature, 1915), are governed by the provisions of this chapter. (R.S. Art. 7764, sen. 3 (part).)

§ 55.051. Change of District Name

(a) An irrigation district created under the law of 1905, 1913, or 1915 (Chapter 50, Acts of the 29th Legislature, 1905; Chapter 172, Acts of the 33rd Legislature, 1913; and Chapter 138, Acts of the 34th Legislature, 1915), may change the name of the district to the name provided in this chapter by filing a declaration to change the name with the commissioners court of the county in which the district is located.

(b) The declaration to change the district's name shall be in the form of a deed of conveyance and shall be acknowledged by the president and secretary of the board. It shall include a copy of the minutes of the board and the resolution adopted to change the name.

(c) After the declaration is recorded, the name of the district shall be changed. (R.S. Art. 7764, sen. 5.)

§ 55.052. Suits Contesting Creation of District, Etc.

Except as otherwise provided by this chapter, no suit may be brought enjoining creation of a district, contesting the validity of the proceedings creating the district, enjoining the issuance of bonds or contesting their validity, or enjoining the execution of a contract with the United States or contesting its validity, except by the attorney general, in the name of the State of Texas, on his own motion or on the motion of any affected party on good cause shown. (R.S. Art. 7702.)

§ 55.053. Conversion of Article III, Section 52 District To Article XVI, Section 59 District

(a) A water improvement district created subject to the limitations of Article III, Section 52, of the Texas Constitution, may be converted into a water improvement district operating under the authority of Article XVI, Section 59, of the Texas Constitution, as provided by this section.

(b) On the petition of 20 percent of the owners of land in the district, the board of directors shall order an election to determine whether the district shall be converted to a district operating under Article XVI, Section 59, of the Texas Constitution. The election shall be conducted under the rules applicable to general elections in the district. The ballots shall be printed to provide for voting for or against: "Conservation and Reclamation."

(c) The board shall canvass the returns, make an order declaring the result of the election, and have the order recorded in the deed records of the county or counties in which the district is located. If the result of

the election is affirmative, the district begins operating under Article XVI, Section 59, of the Texas Constitution, without change of name or impairment of its obligations, when the order is recorded. (R.S. Arts. 7802-7806.)

§ 55.105. Conduct of Elections

All district elections shall be held in accordance with the general election law except as otherwise provided by this chapter. The board of directors shall appoint necessary election officers, designate the polling places, receive and canvass the election returns, declare the result, and perform all other duties necessary to the proper conduct of the elections. (R.S. Art. 7719.)

§ 55.106. Term of Office

Except as provided by Section 55.107 of this code, a director holds office for a term of two years and until his successor is elected and has qualified. (R.S. Art. 7717.)

§ 55.749. Liability of Land Added to a District

(a) If land is added to a district operating under Article XVI, Section 59, of the Texas Constitution, the order of the board adding the land to the district may contain an agreement that the added land will be taxed on the benefit plan of taxation instead of general ad valorem tax. The

agreement may provide that the added land will be taxed on a uniform acreage basis or on the plan of a definite annual payment. (39th Legis., Ch. 152, Sec. 1, sen. 1.)

(b) The board, in its order adding land to the district, shall set the amount of the debts to be paid by the owner of the added land and levy annual taxes against the land to pay the debts. The taxes assessed by the board constitute a lien against the added land in the same manner and to the same extent as if the land had been a part of the district at the time the indebtedness was incurred or authorized by an election held for that purpose. (39th Legis., Ch. 152, Sec. 1, sen. 2.)

(c) The added land is a part of the district and is liable for debts subsequently incurred by the district in the same manner as other land in the district. (39th Legis., Ch. 152, Sec. 1, sen. 3.)

§ 55.750. Consolidation of Districts

Two or more districts governed by the provisions of this chapter may consolidate into one district as provided by Sections 55.751-55.754. (R.S. Art. 7778, sen. 1 (part).)

§ 55.751. Elections to Approve Consolidation

(a) After the directors of each district have agreed upon the terms and conditions of consolidation, they shall order an election in each district to determine whether the districts should be consolidated. (R.S. Art. 7778, sen. 1 (part).)

(b) The directors of each district shall order an election to be held on the same day in each district and shall give notice of the election for at least 20 days in the manner provided by law for other elections. (R.S. Art. 7778, sen. 1 (part), 2.)

(c) The districts may be consolidated only if the electors in each district vote in favor of the consolidation. (R.S. Art. 7778, sen. 3.)

§ 55.752. Governing Consolidated Districts

(a) When two or more districts are consolidated, they become one district, except for the payment of debts created prior to consolidation, and are governed as one district. (R.S. Art. 7778, sen. 6 (part).)

(b) During a period of 90 days after the date of the election to approve consolidation, the officers of each district shall continue to act jointly as officers of the district to wind up the affairs of their respective districts. (R.S. Art. 7778, sen. 7 (part).)

(c) The consolidation agreement may provide that the officers of the original districts shall continue to act jointly as officers of the consolidated district until the next election or name persons to serve as officers of the consolidated district until the next election if all officers of the original districts agree to resign. (R.S. Art. 7778, sen. 7 (part).)

(d) New officers of the consolidated district must qualify as officers of the district within the period of 90 days after the election and shall assume their offices at the expiration of the 90-day period. (R.S. Art. 7778, sen. 8.)

(e) The current boards shall approve the bond of each new officer. (R.S. Art. 7778, sen. 9.)

§ 55.753. Debts of Original Districts

(a) When two or more districts are consolidated, the debts of the original districts are protected and are not impaired.

(b) These debts may be paid by taxes or assessments levied on the land in the original district as if it had not consolidated or contributions from the consolidated district on terms stated in the consolidation agreement. (R.S. Art. 7778, sen. 4, 6 (part).)

§ 55.754. Taxes of the Original District

(a) After consolidation, the officers of the consolidated district shall assess and collect taxes on property in the original district to pay debts created by the original district. (R.S. Art. 7778, sen. 5 (part).)

(b) If the officers of the consolidated district fail or refuse in due time to assess and collect taxes on property in the original district to pay the obligations of the original district, the taxes may be assessed and collected and paid on the obligations by a receiver acting under orders of a district court. A creditor or five or more taxpayers in the district may bring suit in a district court to have a receiver appointed. (R.S. Art. 7778, sen. 5 (part).)

§ 55.804. Dissolution Using Procedure for Abolition of Districts in Chapter 56

A district may dissolve voluntarily in the manner provided for the dissolution of districts in Chapter 56 of this code, and the provisions in that chapter shall control the abolition of the district and the legal consequences of abolition. (R.S. Art. 7725, sen. 2.)

§ 55.805. Payment of Debts on Dissolution of District

(a) All debts of districts dissolved under the provisions for the dissolution of districts in this subchapter shall be prorated against the lands in the district in accordance with the assessed valuation for the preceding year of the lands owned by each separate landowner, according to the tax rolls in the office of the tax collector of the county in which the land is located. (R.S. Art. 7725—a, sen. 1 (part).)

(b) The pro rata assessments shall be paid within five years from the date of dissolution in five equal annual installments or at any time within the five-year period. (R.S. Art. 7725—a, sen. 1 (part).)

(b) If the commissioners court finds any of the issues in Subsection (a) of this section in the negative, it shall dismiss the petition at the cost of the petitioners.

(c) The findings of the commissioners court shall be recorded. (R.S. Art. 8103.)

The engineer shall report to the board the result of his examination and his estimate. (R.S. Art. 8168.)

(c) Unless an agreement is reached with the applicants, the commissioners may authorize the connection on condition that the applicant first pay to the construction and maintenance fund an amount of money which bears the same ratio to the cost of the original canal or drain from the

point of connection to its outlet as the water to be emptied into the canal or drain by the connecting drains bears to the water then flowing into and being carried by the original canal or drain as estimated by the engineer. (R.S. Art. 8169.)

§ 56.142. Enlargement of Canals, Drains, and Other Outlets

(a) If the engineer's report indicates that the capacity of the canals, drains, or outlets of the district are insufficient to carry the excess water that would be discharged into them by connecting drains or that the additional discharge of water will endanger the canals and drains or the lands and property adjacent to them, the commissioners court in the county in which the district is located may give the applicant permission to construct connecting drains and secure the desired outlet on condition that the applicant make necessary enlargements of the canals and drains of the district at the applicant's own expense. The increased capacity of the canals of the district shall be sufficient to carry any increase of water caused by the connection without danger to canals and drains or lands adjacent to them. (R.S. Art. 8170.)

(b) The engineer shall supervise and direct the enlargement of the canals and drains, and after the work is completed to his satisfaction, the engineer shall report to the commissioners court under his official certificate. The report shall show:

The bonds may not be issued in an amount greater than the amount specified in the order and notice of election, and in districts operating under Article III, Section 52, of the Texas Constitution, the bonds may not be issued in an amount greater than one-fourth of the assessed valuation of the real property of the district. (R.S. Art. 8127.)

§ 56.203. Record Book for Bonds

(a) Before any bonds are issued, the commissioners court shall provide a well-bound book in which the county clerk shall keep a record of:

- (1) all bonds which have been issued;
- (2) the numbers of the bonds;

- (3) the amount of the bonds;
- (4) the rate of interest on the bonds;
- (5) the date of issuance of the bonds;
- (6) the date on which the bonds are due;
- (7) the place where the bonds are payable;

§ 56.205. Bonds: Approval

(a) Before any bonds are offered for sale, the district shall submit to the attorney general

- (1) a copy of the bonds;
- (2) a certified copy of the commissioners court order levying a tax to pay interest and create a sinking fund;
- (3) a statement of the district's total bonded indebtedness including the value of the bonds proposed to be issued and the value of taxable property in the district as shown by the last official assessment of the county; and
- (4) other information the attorney general requires.

(b) The attorney general shall examine the bonds carefully and shall certify them if he finds that they conform to the constitution and laws of this state and are valid and binding obligations of the district. (R.S. Art. 8132.)

§ 56.206. Bonds: Registration

(a) When the attorney general approves the bonds, the comptroller shall register them in a book kept for that purpose and shall record the attorney general's certificate for use in possible future litigation. After the bonds are registered, they are prima facie valid and binding obligations in any action, suit, or proceeding.

(b) In a suit to enforce collection of the bonds, the attorney general's certificate or a certified copy of it shall be admitted and received in evidence as prima facie proof of the validity of the bonds and attached coupons, and the only defense against the validity of the bonds is forgery or fraud. (R.S. Art. 8133.)

(a) When the bonds are registered, the county judge, under the direction of the commissioners court, shall advertise and sell the bonds on the best terms and for the best price possible.

§ 56.208. Bond of County Judge

(a) After the bonds are registered, the county judge shall immediately execute a good and sufficient bond in an amount not less than the amount of the bonds issued, payable to and approved by the board, conditioned on the faithful discharge of his duties.

(b) If the bond is executed by a satisfactory surety company, the district may pay a reasonable amount as premium on the bond. The premium shall be paid from the construction and maintenance fund on presentation to the board of a bill for the premium. The board may deduct the premium from the commissions allowed the county judge on the sale of bonds.

(c) If there is any controversy as to the reasonableness of the amount claimed as premium, the controversy may be settled by any court of competent jurisdiction. (R.S. Art. 8135.)

§ 56.209. Use of Unsold Bonds for Maintenance Purposes

If any bonds remain unsold which are not required to complete improvements, the commissioners court may enter its consent on the public record to sell the bonds and place the proceeds in the construction and maintenance fund for use in accomplishing the purposes stated in Section 56.242 of this code. (R.S. Art. 8139.)

§ 56.210. Refunding Bonds

(b) Interest is shown by coupons attached to the bonds. The commissioners court may pay the interest on the bonds annually or semiannually.

(c) The commissioners court may pay the refunding bonds serially, or in any other manner they choose, but in districts which are not operating under Article XVI, Section 59, of the Texas Constitution, it shall pay the bonds not later than 40 years from the date the bonds are issued.

(d) The district shall issue the bonds in denominations of \$100 or a multiple of \$100, and shall levy a tax sufficient to meet the payment of principal and interest of the refunding bonds before the bonds are delivered.

(e) The commissioners court shall issue refunding bonds in the manner provided for other district bonds, and shall deduct any sum on hand to the credit of any sinking fund account in ascertaining the amount of refunding bonds to be issued. This sum shall be applied to the payment of the outstanding bonds.

(f) The commissioners court shall not issue refunding bonds until they are approved by the attorney general and registered by the comptroller. The comptroller shall not register the refunding bonds until the old bonds being replaced are presented to him for cancellation. After the comptroller registers the new bonds, he shall cancel the old bonds and interest

coupons and deliver the new bonds to the proper bondholders. The district may present the old bonds for cancellation in installments, and the comptroller may register and deliver a like amount of the new bonds.

(g) In a district operating under Article XVI, Section 59, of the Texas Constitution, if the holders of outstanding bonds do not consent to the exchange of their bonds for refunding bonds, the refunding bonds may be sold and the proceeds applied to the purchase of the outstanding bonds when they become payable under an option of prepayment contained in the bonds or when the bondholders will accept payment. (R.S. Art. 8136a; R.S. Art. 8197a, as amended.)

§ 56.211. Refunding Bond Election

(a) If indebtedness to be refunded includes obligations other than voted bonds, in any district operating under Article III, Section 52, or Article XVI, Section 59, of the Texas Constitution, before the refunding bonds may be issued, a majority of the electors of the district voting at an election called for that purpose must vote in favor of issuing the refunding bonds and levying a tax to pay for the bonds.

(b) The commissioners court shall call the election and the clerk of the court shall give notice of the time and places for holding the election.

(c) The notice shall be signed by the clerk and shall

- (2) state the proposition to be voted on;
- (3) define the election precincts;
- (4) prescribe the polling places in the district; and
- (5) list the names of the election officers.

(d) The notice shall be published once a week for three consecutive weeks in a newspaper of general circulation in the county in which the district is located, but if a newspaper is not published in the county, the notice shall be published in the nearest county. The first publication shall be at least 20 days before the day of the election. (45th Legis., 2nd C.S., Ch. 28, Sec. 3, sen. 1, 2, 3, 4, 5.)

Subsec. (a) amended by Acts 1971, 62nd Leg., p. 1768, ch. 518, § 8, eff. May 31, 1971.

§ 56.212. Approval and Issuance of Refunding Bonds

(a) If the commissioners court declares the result of the election under Section 56.211 of this code to favor the issuance of refunding bonds and the levy of a tax to pay for the bonds, refunding bonds with the seal of the commissioners court affixed to them may be issued in the name of the district. The bonds shall be signed by the county judge, attested by the county clerk, and registered by the county treasurer.

(b) The bonds together with the record relating to them shall be submitted to the attorney general for his approval.

(c) When the attorney general approves the bonds, they shall be delivered to the comptroller who shall register them and deliver them in exchange for or on release of the obligations being refunded at the time, in the manner, and in the amounts prescribed in the order of the commissioners court. If the obligations being refunded are evidenced by outstanding securities, the comptroller shall cancel the outstanding securities concurrently with the registration and delivery of the bonds.

(d) When the refunding bonds are approved by the attorney general and registered and delivered by the comptroller, the bonds are valid and binding obligations of the district and are incontestable for any cause. (45th Legis., 2nd C.S., Ch. 28, Sec. 4.)

SUBCHAPTER G. TAXATION PROVISIONS

Section 56.241. Levy of Taxes to Pay for Bonds

After bonds are authorized at an election, the commissioners court shall have taxes annually assessed and collected on all property in the district sufficient to pay interest and principal on the bonds. Taxes collected under this section shall be placed in the interest and sinking fund. (R.S. Art. 8136.)

§ 56.242. Maintenance Tax

(a) At the same time that taxes are levied to pay bonded indebtedness, the commissioners court shall have a tax assessed and collected on district property sufficient to maintain, repair, and preserve district improvements and to pay legal debts, demands, and obligations of the district, but in districts operating under Article III, Section 52, of the Texas Constitution, the tax may not be in an amount greater than one-half of one percent of the total assessed valuation of the district for that year.

(b) Taxes collected under this section shall be placed in the construction and maintenance fund. (R.S. Art. 8138.)

§ 56.243. Powers of the Assessor and Collector

Unless this chapter makes some other provision, the county tax assessor and collector has the same powers and is governed by the same rules and proceedings in assessing and collecting district taxes that are provided for assessing and collecting state and county taxes. (R.S. Art. 8140, sen. 1.)

§ 56.244. Assessment of Taxes

(a) On order of the commissioners court, the assessor and collector shall assess all property in the district and list the assessed property in the books provided by the commissioners court and shall return the books at the time he returns the state and county tax rolls for correction and approval.

(b) The commissioners court shall provide necessary additional books for the assessor and collector and the county clerk to use for recording assessments and listing all property in the district and shall charge the cost of the books to the district.

(c) If the commissioners court finds the district tax rolls to be correct, it shall approve the rolls and direct the county clerk to issue a warrant to the assessor and collector, payable from district funds. The commissioners court shall pay the assessor and collector an amount they consider proper.

(d) If the assessor and collector fails or refuses to comply with the order to assess district property, the commissioners court shall suspend him from the further discharge of his duties, and he shall be removed from office in the manner provided for removing county officers. (R.S. Art. 8142.)

§ 56.245. Collection of Taxes

(a) The commissioners court may fix the time and determine the date taxes become due, but if the date and time are not designated, the taxes shall become due at the same time as state and county taxes.

(b) Taxes authorized by this chapter are a lien on the property for which they are assessed. Any person who fails to pay the taxes when due is subject to the penalty for failure to pay state and county taxes at maturity. (R.S. Art. 8141.)

§ 56.246. **Delinquent Taxes**

(a) The assessor and collector shall make a certified list of all property on which tax has not been paid and deliver the list to the commissioners court.

(b) The commissioners court shall collect the tax by selling the property to collect state and county taxes, and the board may purchase any of this property for the benefit of the district. (R.S. Art. 8144.)

§ 56.247. **Levying Taxes on the Benefit Basis**

A district operating under Article XVI, Section 59, of the Texas Constitution, may levy taxes on the benefit basis, which means the levy of a tax on an equal or uniform basis or rate on each acre of land in the district. (42nd Legis., Ch. 311, Sec. 1.)

§ 56.248. **Authorizing Taxation on the Benefit Basis for Newly Created Districts**

(a) In a petition to create a district under Article XVI, Section 59, of the Texas Constitution, the petitioner may request that taxes in the proposed district be levied on the benefit basis, and the notice of hearing on the petition shall state this request in addition to other information required by Section 56.017 of this code.

(b) At the hearing on the petition, the commissioners court shall consider whether or not it will be fair and equitable to levy taxes on the benefit basis, and any person who would be affected by creation of the district may appear before the commissioners court and support or oppose the levy of taxes on the benefit basis.

(c) If the commissioners court finds that creation of and drainage of the district is feasible and practicable under Section 56.019 of this code, the commissioners court shall further determine whether or not the levy of taxes on the benefit basis would be fair and equitable to the landowners in the district.

(d) If the commissioners court determines that levying taxes on a benefit basis would not be fair and equitable to the landowners, the order of the commissioners court shall state these findings, and if the district is created, district taxes shall be levied on an ad valorem basis.

(e) If the commissioners court favors creation of the district and determines that levying taxes on the benefit basis will be fair and equitable to the landowners, the order of the commissioners court shall include these findings and an election shall be called to create the district and levy taxes on the benefit basis.

(f) Findings of the commissioners court relating to the basis on which taxes will be levied are final and conclusive on all parties. (42nd Legis., Ch. 311, Sec. 2, sen. 1, 2, (part), 3.)

§ 56.249. **Authorizing Taxation on the Benefit Basis for Existing District**

(a) A district operating under Article XVI, Section 59, of the Texas Constitution, may levy taxes on the benefit basis as provided in this section.

(b) Any person may present to the commissioners court a petition, signed by 75 of the resident freehold taxpayers of the district whose land would be affected or by one-third of the freehold resident taxpayers of the district whose land would be affected if there are less than 75 in the district, requesting that taxes of the district be levied on the benefit basis and showing that the levy of taxes on the benefit basis will be fair and equitable to all landowners in the district.

(c) At the same meeting at which the petition is presented, the commissioners court shall schedule a hearing on the petition for either a regular meeting or a special meeting called for that purpose to be held dur-

ing the period beginning on the 30th day and ending with the 60th day after the day the petition is presented.

(d) The commissioners court shall order the clerk to give notice of the time and place of the hearing by posting a copy of the petition and the order of the commissioners court at five public places in the county during the 20-day period immediately preceding the day of the hearing. The clerk shall post one of the copies at the courthouse door and the other four copies at four places within the boundaries of the district, and the district shall pay the clerk \$1 for each notice he posts and five cents a mile for each mile traveled in posting the notices.

(e) At the hearing, any person whose land would be affected may appear before the commissioners court and may support or oppose the levy of taxes on the benefit basis and may offer testimony to show whether or not the levy of taxes on the benefit basis will be fair and equitable to landowners in the district. The commissioners court has exclusive jurisdiction to hear and determine this issue and matters relating to it and has exclusive jurisdiction in all subsequent proceedings. The commissioners court may adjourn the hearing from day to day, and judgments of the commissioners court are final.

(f) If the commissioners court finds that levying taxes on the benefit basis will not be fair and equitable to landowners in the district, an order shall be entered dismissing the petition, and the district shall continue to levy taxes on an ad valorem basis, but if the commissioners court finds that levying taxes on the benefit basis will be fair and equitable to landowners in the district, the commissioners court shall order an election to be held in the district.

(g) An election to approve the levy of taxes on the benefit basis must be held during the period beginning on the 30th day and ending with the 60th day after the date of the election order. Notice of the election shall be given in the same manner as notice is given for the hearing on the petition. The commissioners court shall name polling places within the district and shall appoint judges and other necessary election officers. The ballots shall be printed to provide for voting for or against the following proposition: "The levy of taxes in the district on the benefit basis."

(h) At least two-thirds of those persons voting in the election must vote in favor of the proposition for it to carry.

(i) If the proposition carries at the election, the order of the commissioners court canvassing the election shall provide that taxes of the district are to be levied on the benefit basis, but if the proposition fails to carry at the election, the order of the commissioners court canvassing the election shall provide that taxes of the district are to continue to be levied on an ad valorem basis. (42nd Legis., Ch. 311, Sec. 3, sen. 1, 2, 3, 4, 5, 6, 7, 8 (part), 10, 12.)

§ 56.250. Law Governing Districts Levying Taxes on the Benefit Basis

Any district which levies its taxes on the benefit basis is governed by the provisions of this chapter except the district need not have a board of equalization to equalize taxes in the district. (42nd Legis., Ch. 311, Sec. 4, sen. 1 (part).)

§ 56.251. Determining Acreage in the District

(a) In districts levying taxes on the benefit basis, the commissioners court shall appoint three freehold taxpaying voters in the county as a board to determine the number of acres of land owned by each landowner in the district. The persons appointed by the commissioners court shall qualify by taking an oath to fairly and impartially hold hearings and determine acreage.

(b) The board to determine acreage shall give notice of the time and place of the hearing on the acreage before the 10-day period immediately preceding the day of the hearing.

(c) At the hearing each landowner may testify about the amount of land owned by him in the district. The board has final jurisdiction to determine the exact acreage of each landowner in the district.

(d) After the board makes its determination, the land in the district shall be annually placed on the tax rolls according to the acreage determined without rendition of taxes. (42nd Legis., Ch. 311, Sec. 4, sen. 1 (part).)

Subject to the provisions of Sections 50.251–50.256 of this code, a district created under this chapter may be dissolved as provided in this subchapter. (R.S. Art. 8177, sen. 1.)

§ 56.292. Petition

At a regular meeting of the commissioners court, any person may present a petition signed by at least 50 of the resident freehold taxpayers of the district, or if there are less than 100 resident freehold taxpayers in the district, then by one-third of them requesting the dissolution of the district, and the commissioners court shall order an election to be held in the district at the earliest legal time to determine whether or not the district should be dissolved. (R.S. Art. 8178.)

§ 56.293. Deposit

(a) Any person filing a petition shall deposit with the county clerk \$200 in cash which shall be held by the county clerk until the result of the election to dissolve the district is officially announced and entered in the record of the commissioners court.

(b) If the result of the election favors dissolving the district, the county clerk shall return the deposit to the petitioners or their agent or attorney, and the cost and expenses of holding the election shall be charged to the district and collected as other debts in this subchapter, but if the result of the election is against dissolving the district, the county clerk shall pay the cost and expenses of the election from the deposit with vouchers signed by the county judge and return the balance of the deposit to the petitioners or their agent or attorney. (R.S. Art. 8179.)

§ 56.294. Election

(a) Notice of the election to dissolve the district shall be posted and the election shall be held as provided by this chapter for elections to create a district.

(b) The ballots for the election shall be printed to provide for voting for or against the following proposition: "Dissolution of the drainage district."

(c) For the proposition to carry, two-thirds of those persons voting at the election must vote to dissolve the district. (R.S. Art. 8180.)

§ 56.295. Result of the Election

(a) The returns of the election shall be made and the votes canvassed as provided in this chapter.

(b) If the proposition carries, the commissioners court shall declare the result and enter it in its minutes substantially as follows:

“_____ and _____ others having petitioned for the dissolution of _____ County Drainage District No. _____; an election having been held in the district on _____; and a two-thirds majority of the votes cast in the election having favored dissolution of the district; now, therefore, the commissioners court declares that _____ Drainage District No. _____ is dissolved.” (R.S. Art. 8181.)

(c) If the proposition fails to carry, another election for the same purpose may not be held for at least two years after the results of the election are declared. (R.S. Art. 8177, sen. 2.)

§ 56.296. Settlement of Debts

(a) When the district is dissolved, the commissioners court shall provide for settlement of debts of the district, including costs and expenses of holding the dissolution election, and may levy and collect a tax on property in the district in the amount necessary to pay all valid debts and obligations of the district except district bonds.

(b) Unless district bonds are retired as provided in Section 56.299 of this code, the bonds shall be paid according to their terms by levy and collection of an annual tax. (R.S. Art. 8182.)

§ 56.297. Dissolution Tax

(a) The commissioners court shall determine the amount of debt owed by the district and shall apportion the amount of the debt among the property taxpayers of the district, and a tax shall be levied on each piece of property in the district to pay for its proportionate share of the debt. Each taxpayer may pay his tax annually or in one payment, and the amount of debt apportioned to each tract of land is a lien on that piece of land for the payment of the debt.

(b) Payment of taxes under this section may be made either in money or by surrender of bonds or other evidences of debt of the district. Any holder or owner of debt owed by the district may surrender his bonds and coupons or approved accounts to the district tax collector to pay for taxes owed on property in the district which is owned by the holder or owner of the debt, and when surrendered, the bonds or evidences of debt shall be marked paid and a receipt issued for them. The holder of bonds and coupons may only surrender coupons that are matured at the time of their surrender, and unmatured bonds are eligible only to pay unmatured tax liability in advance and only for the year in which the bonds mature.

(c) After taxes are paid as provided in this section, the taxpayer and his property are released from further liability for debts of the district, and the district tax collector shall issue a release and a receipt for the taxes which shall be filed with the clerk of the county court in the county in which the property is located in the manner provided by law for filing documents relating to real estate. (43rd Legis., Ch. 159, Sec. 2, 3.)

§ 56.298. Compensation of Officers

(a) The county assessor and collector is entitled to receive for assessing and collecting taxes the same compensation that is paid for assessing and collecting other taxes under this chapter.

(b) The compensation of the commissioners court shall be provided in its order levying taxes. (R.S. Art. 8192, sen. 3.)

§ 56.299. Retirement of Bonds

If there are outstanding bonds at the time the district is dissolved, the commissioners court may immediately enter into negotiations with the

bondholders to retire the bonds before maturity, and if under their terms or by agreement between the commissioners court and the bondholders, the bonds can be retired at an earlier date than appears on their face and if the commissioners court considers retirement to be feasible and practicable, an agreement may be made by the commissioners court providing for paying and retiring the bonds. (R.S. Art. 8183, as amended.)

§ 56.300. Trustee

On filing and approval of a bond, the county treasurer becomes the trustee for the dissolved district. (R.S. Art. 8184, sen. 1 (part), as amended.)

§ 56.301. Trustee's Bond

The county treasurer shall execute a good and sufficient bond in a sum to be determined by the commissioners court, payable to and approved by the county judge, conditioned on the faithful performance of his duties as treasurer and trustee of the district and on paying to the parties entitled to it all money and other property which he receives as trustee and treasurer. The bond shall be recorded in the minutes of the commissioners court, and on approval shall supersede the bond given by the county treasurer as treasurer of the district. (R.S. Art. 8184, sen. 2, 3, as amended.)

§ 56.302. Trustee's Compensation

(a) The trustee is entitled to receive for his services one percent of all money received by him for the dissolved district and one percent on all money he pays out under this subchapter, but he is not entitled to receive a commission on money controlled by him when the district was dissolved or money relinquished by him at the expiration of his trusteeship.

(b) Only one compensation shall be paid to the trustee for his services as trustee and ex officio treasurer of the dissolved district. (R.S. Art. 8192, sen. 1, 2.)

§ 56.303. Powers of the Trustee

(a) The commissioners court shall provide for disposition and sale of district property, and after giving the required bond, the trustee shall assume control from the commissioners court of the district's property, including money in the district treasury and books, notes, accounts, and choses of action.

(b) The trustee may sue any person in possession of property of the district or owing a debt to the district as though the district were still organized and may employ counsel to assist him in all suits and in the care and management of the business of the dissolved district. (R.S. Art. 8184, sen. 1 (part); R.S. Art. 8185.)

§ 56.304. Expenses of the Trustee

(a) The trustee shall charge against the trust estate all reasonable expenses incurred by him in caring for, conducting, and controlling the business of the district, in employing counsel for the district, and in conducting or defending suits, and on posting notice as required in cases of other claims, the trustee shall present the charges to the commissioners court annually at a regular meeting.

(b) On approval by the commissioners court, the expenses become a valid and subsisting claim against the district and may be retained by the trustee out of funds controlled by him as treasurer of the dissolved district.

(c) If the claim for expenses is rejected either in whole or in part, the trustee may appeal the decision as other claimants appeal decisions under this subchapter. (R.S. Art. 8191.)

§ 56.305. Presentation of Claims

(a) Within the six-month period immediately following approval of the trustee's bond, any person who has a claim against the district shall present the claim duly verified to the trustee, and if the trustee finds that the claim is correct, he shall allow the claim, and the claimant shall file the claim with the clerk of the commissioners court before the beginning of the 20-day period immediately preceding the next regular meeting of the commissioners court.

(b) The clerk shall immediately issue notice of the filing to all persons interested in the district, and the notice shall be posted in three public places and at the courthouse door before the beginning of the 20-day period immediately preceding the next regular meeting of the commissioners court. (R.S. Art. 8186.)

§ 56.306. Approval of Claim

(a) At a regular meeting, the commissioners court shall determine the validity of the claim, and if the commissioners court finds that the claim is correct, it shall approve the claim and enter an order of approval in its minutes.

(b) After the claim is approved, it is a valid and subsisting claim against the district and shall be filed with the trustee who shall pay the claim in the order it was filed from the district treasury or from funds collected as liquidation taxes. (R.S. Art. 8187, sen. 1, 2.)

§ 56.307. Appeal

If any claimant is not satisfied with the judgment of the commissioners court, he may appeal the judgment in the manner that cases are appealed from the justice court. (R.S. Art. 8189.)

§ 56.308. Rejection of Claim

(a) If the trustee finds any claim unjust either in whole or in part, he shall endorse on the claim his refusal to allow it.

(b) If the whole claim is refused, the claimant may bring suit to collect the claim against the trustee in a court of competent jurisdiction in the county, and if the claim is judged valid by the court, the judgment shall be filed with the trustee and paid in its order as other claims.

(c) If the claim is refused only in part and the claimant waives his claim to the part refused, he shall file the claim in the commissioners court for approval, but if the claimant does not waive his claim to the part refused, he shall withdraw his claim from the trustee and may bring suit as provided in Subsection (b) of this section. (R.S. Art. 8188.)

§ 56.309. Bonds and Approved Claims

Bonds and approved claims which were outstanding debts of the district before its dissolution are valid and subsisting claims against the district without further approval under this subchapter, but they are subject to contest according to the provisions of this subchapter. (R.S. Art. 8187, sen. 3.)

§ 56.310. Contesting Claim

(a) If any district taxpayer files with the trustee a protest against any claim which was allowed by the former drainage commissioners before the district was dissolved and which was unpaid at the time the district was dissolved, the trustee shall refuse to pay the claim. The protest shall be accompanied by a bond in double the amount of the claim with sufficient sureties to be approved by the trustee and payable to the trustee, conditioned on payment by the contestant of all costs of suit if the claimant establishes his claim.

(b) After the trustee rejects the claim, the claimant may bring suit against the trustee to recover the claim as in other suits of a civil nature, and the contestant and his bondsman shall be parties to the suit. The trustee shall make all defenses urged against the claim by the contestant. If the claimant recovers, judgment shall be rendered against the contestant and his bondsman for costs incurred in the suit, and the claimant shall file the judgment with the trustee who shall pay the claim as other claims are paid under this subchapter. (R.S. Art. 8190.)

§ 56.311. Final Report of Trustee

(a) When all claims against the district are paid and all costs and expenses incurred in controlling and managing the district are satisfied, the trustee shall file with the commissioners court his account for final settlement.

(b) The trustee's account shall include a complete statement of all money received and paid out, of all property controlled and disposed of by the trustee, and of all other matters relating to management of the district's affairs.

(c) On approval of the account, the commissioners court shall direct the trustee to turn over to persons entitled to it as found by the commissioners court all money and property remaining in the control of the trustee, and on compliance with this order, the trustee shall report to the commissioners court, and the commissioners court shall enter an order discharging the trustee and his bondsman and closing the trust estate. (R.S. Art. 8193.)

SUBCHAPTER B. CREATION OF DISTRICT

Section 57.011. Creation

A levee improvement district may be created in the manner prescribed by this chapter under Article XVI, Section 59, of the Texas Constitution. (R.S. Art. 7972 (part).)

§ 57.012. Petition

(a) Before a district is created, a petition must be presented to the commissioners court or to the county judge of the county if the commissioners court is not in session.

(b) The petition, signed by the owners of a majority of the acreage of the proposed district, shall:

- (1) describe the proposed boundaries of the district;
- (2) state the general nature of the proposed improvements and their necessity and feasibility;
- (3) state whether the taxes proposed to be levied in the district are to be levied on the ad valorem basis or on the benefit basis; and
- (4) designate a name for the district which shall include the name of the county in which the district is located.

(c) If the proposed district is composed of land in two or more counties, the petition must designate one of the counties in which any part of the district is to be located as the county of jurisdiction, and this county has jurisdiction over all matters concerning the district. (R.S. Art. 7974, sen. 1 (part).)

§ 57.013. Deposit

(a) A petition for creation of a district shall be accompanied by a deposit of \$50, and if the district is to be composed of more than one county, the deposit shall be \$75.

(b) The deposit shall be paid to the clerk of the commissioners court, and the clerk shall use the deposit to pay all expenses incident to the hearing on the petition. The clerk shall pay the expenses with vouchers approved by the county judge.

(c) If any of the deposit is left after the expenses are paid, the clerk shall return the excess to the petitioners or their attorney. (R.S. Art. 7976.)

§ 57.014. Hearing on Petition

The commissioners court or the county judge to which the petition is presented shall fix a time and place for the hearing on the petition before the commissioners court. The hearing must be held during the period beginning with the 15th day and ending with the 30th day after the date of the order. (R.S. Art. 7974, sen. 1 (part).)

§ 57.015. Notice of Hearing

(a) The commissioners court shall order the county clerk to issue notice informing all persons concerned of the time and place of the hearing, and of their right to appear at the hearing to contend for or contest the creation of the district, and the county clerk shall deliver the notice to any adult person who is willing to post it. (R.S. Art. 7974, sen. 1 (part).)

(b) The notice shall be posted at the courthouse door and at four different places inside the proposed district. If the district is located in more than one county, the person posting the notice shall post a copy at the courthouse door in each county in which any portion of the proposed district is located and at four separate places inside the boundaries of that portion of the district located in each county. The notice shall be posted for at least 10 days before the date of the hearing.

(c) Any person who posts the notice shall make an affidavit before some officer authorized by law to administer oaths that he posted the notices. The affidavit is conclusive of the sworn facts. (R.S. Art. 7975.)

§ 57.016. Investigation by Water Development Board

(a) When the water development board receives the notice provided for in Section 57.015(d), it shall examine the proposed district, and do the work required to determine the necessity, feasibility, and probable costs of reclaiming the land of the district from overflow and of draining it properly. The water development board shall also determine the costs of organizing the district and maintaining it for two years.

(b) A representative of the water development board shall attend the hearing on the petition to create the district and file a written report with the commissioners court on matters which have been investigated. The board shall furnish the commissioners court any additional information that is required. (R.S. Art. 7977.)

§ 57.017. Hearing Procedure

(a) The commissioners court has exclusive jurisdiction to determine all issues with respect to the creation of the district and all issues involved in proceedings with respect to the district after it has been created.

(b) The commissioners court may adjourn the hearing from day to day and from time to time.

(c) The commissioners court may make all incidental orders deemed proper with respect to the matters before it. (R.S. Art. 7978, sen. 2, 3, 4.)

- (2) that notice of the hearing was given;
- (3) that the proposed improvements are desirable, feasible, and practicable; and
- (4) that the proposed improvements would be a public utility and a public benefit and would be conducive to public health.

(b) If the commissioners court determines that the district should be created, it shall render a judgment which recites its findings and establishes the district.

(c) The commissioners court shall include its findings and judgment in an order which shall be recorded in the minutes of the commissioners court. The order shall define the boundaries of the district, but it does not have to include all of the land described in the petition if at the hearing a modification or change in the district is found to be necessary. (R.S. Art. 7979, sen. 1.)

§ 57.020. Appeal of Dismissal of Petition

If at the hearing on the petition the commissioners court enters an order dismissing the petition, the petitioners or any one of them or any taxpayer in the district may appeal the order to the district court of the county. (R.S. Art. 7979, sen. 3 (part).)

§ 57.021. Notice of Appeal

(a) Notice of the appeal shall be given by announcement at the time the order of the commissioners court is recorded or by written notice within the two-day period immediately following the entry of the order.

(b) If the notice is announced at the time the order is entered, the notice shall be entered in the minutes of the commissioners court.

(c) Written notice given under this section shall include a simple statement that the undersigned is appealing the order of the commissioners court and shall be filed with the county clerk. (R.S. Art. 7979, sen. 3 (part).)

§ 57.022. Appeal Bond

No extension of time will be granted for filing the appeal bond. (R.S. Art. 7979, sen. 3 (part).)

§ 57.023. Time for Appeal

Unless the appeal is perfected according to Sections 57.021–57.022 of this code within five days after the order is rendered, the order shall be final and conclusive. (R.S. Art. 7979, sen. 3 (part).)

§ 57.024. Transfer of Records and Orders

No additional pleadings are required. (R.S. Art. 7979, sen. 3 (part).)

§ 57.025. Trial of Appeal and Judgment

(a) The district court shall set the appeal for a hearing and shall give it precedence over all other cases. The appeal shall be tried de novo.

(b) The judgment of the district court shall be final and conclusive, and the decision shall be certified to the commissioners court for its further action. (R.S. Art. 7979, sen. 4, 5.)

§ 57.026. Authorizing Districts to Operate under this Chapter

(a) Districts that are organized under the laws of this state for the purpose of reclaiming lands through a system of levees and drainage and that are not governed by the provisions of laws of this state are entitled to and may exercise all the rights, powers, and privileges conferred by this chapter on districts created under it. They are also entitled to exercise all of the enlarged powers which may be conferred under Article XVI, Section 59, of the Texas Constitution.

(b) Before a district may operate under the provisions of this chapter, the owners of a majority of the acreage of the district must present to the commissioners court of the county in which the district is located a petition requesting that a hearing be ordered to determine whether or not the district may avail itself of the provisions of this chapter.

(c) The commissioners court shall fix a time and place for the hearing, and give notice according to the provisions of Section 57.015 of this code.

(d) At the hearing the commissioners court shall hear evidence for and against the issue presented by the petition. If it finds that the interests of the district would be promoted by granting the petition, it shall enter a judgment in the record, declaring that:

(1) it is in the interest of the district to avail itself of all rights, powers, and privileges conferred by this chapter on districts created under it;

(2) the district on behalf of which the petition is filed is entitled to and may exercise all rights, powers, and privileges conferred by this chapter on districts created by it; and

(3) the district may exercise all the rights, powers, and privileges as if it were created under this chapter, and shall proceed as if it were created under this chapter.

(e) The decree of the commissioners court shall not in any way injuriously affect any financial liability of the district. (R.S. Art. 8037.)

(R.S. Art. 8009 (part); R.S. Art. 8010.)

§ 57.211. Sale of Bonds

(c) The board may pay the refunding bonds serially or in any other manner they choose, but, except as provided in Subsection (d) of this section, they shall pay the bonds not later than 40 years from the date the bonds are issued. (R.S. Art. 8018, sen. 1, 2, 3 (part).)

(R.S. Art. 8018a.)

(e) The district shall issue the bonds in denominations of \$100 or a multiple of \$100 and, before the bonds are delivered, shall levy a tax sufficient to pay the principal of and interest on the refunding bonds. The refunding of bonds does not affect any taxes already due.

(f) The board shall issue refunding bonds in the manner provided for other district bonds.

(g) The board shall deduct any money on hand in the sinking fund account to ascertain the amount of refunding bonds to be issued and shall apply the money to the payment of the outstanding bonds.

(h) The board may not issue refunding bonds until they are approved by the attorney general and registered by the comptroller, and the comptroller shall not register the refunding bonds until the old bonds being replaced are presented to him for cancellation. After the comptroller registers the new bonds, he shall cancel the old bonds and interest coupons and deliver the new bonds to the proper bondholders. The old bonds may be presented for cancellation in installments, and the comptroller may register and deliver a like amount of the new bonds. (R.S. Art. 8018, sen. 3 (part), 4, 5, 6.)

The board or commissioners court of jurisdiction may invest the district's sinking funds in county, municipal, district, or other bonds in which other sinking funds may by law be invested and also may invest the sinking funds in bonds of the series to which the funds apply if the bonds are offered for redemption before maturity on terms considered advantageous to the district. § 57.269. Hearing; Judgment

§ 57.270. Appeal of Decree of the Commissioners of Appraisalment

(a) A person or the board may appeal from the decree of the commissioners of appraisalment assessing or refusing to assess damages or fixing the value of a right-of-way.

(b) The only questions considered on an appeal are:

(1) whether or not just compensation has been allowed for property taken;

(2) whether or not proper damages have been allowed for property injured; or

(3) whether or not in fact property has been damaged.

(c) The appeal shall be taken to the district court of the county of jurisdiction in the manner, under the conditions, and within the time provided by Sections 57.020–57.025 of this code for appeals from judgments of the commissioners court refusing to create the district.

(d) The district court has jurisdiction of the appeal regardless of the amount claimed.

(e) The secretary in not less than five days after the appeal is filed shall send to the district clerk:

(1) the plan of reclamation or a certified copy of it;

(2) a transcript of that part of the commissioners of appraisalment's report affecting the lands concerned in the appeal;

(f) Appeals may be consolidated in the district court.

(g) The trial in the district court shall be de novo, and the proceedings shall be in accordance with the laws of this state for damage suits.

(h) The claimant is considered the plaintiff, and the district, the defendant, and no further pleadings are required.

(i) Appeals may be taken from the judgment of the district court as in other civil cases.

(j) No appeal may delay carrying out the plan of reclamation, and if the board pays to the district clerk the amount of damages awarded by the commissioners of appraisalment to a claimant who is appealing their decree, and if the board makes bond to pay to the claimant any additional amount that he may be awarded on his appeal, title to the condemned property that is the subject of the appeal vests in the district, and the district is entitled to immediate possession.

(k) No person may claim damages against the district, its board, officers, or agents because of the prosecution of the plan of reclamation if he owns or has an interest in land in a county in which a copy of the plan of reclamation has been filed and in which notice has been published of the hearing before the commissioners of appraisalment, and he has failed to file a claim for damages or an objection to the damages assessed by the commissioners of appraisalment against his land, or if he has filed a claim or objection but has failed to appeal from an adverse ruling on his claim or objection. (R.S. Art. 7995, sen. 6, 7, 8, 9, 10, 11, 12.)

(a) After the action of the commissioners of appraisalment, as provided in Sections 57.261–57.270 of this code, their final findings, judgment, and decree assessing benefits, until changed or modified, shall form the basis of taxation for the district, for all purposes for which taxes may be levied by the district.

(b) Taxes shall be apportioned and levied on each tract of land, railroad, and other real property in the district in proportion to the benefits to the property named in the decree of the commissioners of appraisalment. (R.S. Art. 7996, sen. 1.)

§ 57.272. Tax Assessor for Districts Levying Taxes on Benefit Basis

(a) The secretary of the board shall serve as tax assessor for a district levying taxes on the benefit basis.

(c) The secretary shall compute the amount of taxes assessed against each piece of property and enter the amount on the tax roll and shall file with the assessor and collector of each county in which a portion of the district is located a certified copy of the part of the tax roll which relates to property in the district located in that county. (R.S. Art. 8014.)

§ 57.273. Readjusting Assessments

(a) After one year from the date of the final judgment and decree of the commissioners of appraisement the owners of a majority of the acreage in the district may file a petition with the commissioners court alleging that the previous assessment of benefits in the judgment and decree is insufficient or inequitable and requesting an increase or readjustment of the assessment of benefits for the purpose of making an adequate or more equitable basis for levying taxes.

(b) If the plan of reclamation is changed or modified, or if extensive repairs or additions to the plan of reclamation are desired, the board shall file a petition with the commissioners court describing the changes, modifications, repairs, or additions.

(c) When a petition is filed, the commissioners court shall set a day for a hearing on the petition.

§ 57.274. Hearing on Petition for Reassessment

(a) At the hearing on readjustment of assessments, the commissioners court shall hear the petition and receive evidence for or against the petition.

(b) The commissioners court shall order a reassessment of benefits if it finds that the aggregate amount of assessed benefits as shown by the previous final judgment and decree is insufficient to carry out the original plan of reclamation or changes, repairs, or additions to the plan or there has been a material change in the relative value of the benefits conferred on the property in the district, or for some reason the assessment of benefits is inadequate or inequitable.

(c) If the commissioners court orders a reassessment, it shall appoint commissioners of appraisement as provided in Section 57.263 of this code, and the new commissioners of appraisement have the same powers, rights, privileges, and duties as provided in Section 57.267 of this code. (R.S. Art. 8032.)

§ 57.275. Tax Collection on Reassessment

(a) The judgment and decree of the commissioners of appraisement reassessing benefits in the district are the basis of the assessment of taxes in the district.

(b) The assessment can again be modified or changed but there can be no reassessment of benefits that will in any way render any outstanding bonds or other indebtedness of the district insecure. The sum of benefits as reassessed may never be less than the sum of all outstanding bonds and other indebtedness of the district.

(c) The commissioners court of each county in which the district is located shall levy and have assessed and collected taxes based on the reassessment, at a rate sufficient to provide funds to pay the interest on all outstanding bonds and other indebtedness of the district, to pay the bonds or other indebtedness at maturity, and to provide the necessary sinking funds to pay all bonds or other indebtedness that may be issued.

(d) If the plan of reclamation is modified, or if extensive repairs or additions are made, the provisions of this section apply to districts that levy taxes on the ad valorem basis, but the commissioners of appraisal shall assess only the damages which will accrue to the property inside or outside the district as a result of the changes in the plan. (R.S. Art. 8033.)

§ 57.277. Levy of Maintenance Tax

(a) If a maintenance tax is approved at an election, the commissioners court of each county in which any portion of the district is located shall levy and have assessed and collected taxes on all taxable property inside the district based on the net benefits to the property that will be accomplished by the plan of reclamation if the district provides for levying taxes on a benefit basis or on the value of each piece of property as made for state and county purposes if the district provides for levying taxes on the ad valorem basis.

(b) The tax rate shall not be more than the specific rate approved at the election.

(c) The district shall use money obtained from the maintenance tax only for maintenance, upkeep, and repair, to make additions to the levees and other improvements in the district, and for other purposes stated in this chapter. (R.S. Art. 8013, sen. 1 (part), 2.)

(b) The collection of delinquent taxes and the sale of property for the payment of the taxes is governed by the law relating to the collection of delinquent state and county taxes, and the district assessor and collector shall have the same duties and powers for collecting delinquent taxes as the county tax assessor and collector has for collecting delinquent state and county taxes.

(c) The board also may collect delinquent taxes and may institute and prosecute suits in the name of the district to collect the taxes, and the district may do all other things necessary to collect delinquent taxes. (R.S. Art. 8016, sen. 1 (part), 2, 3.)

§ 57.280. Suits to Collect Delinquent Taxes

(a) The board may collect delinquent taxes by bringing suit in the name of the district for the collection of the taxes and the foreclosure of the lien on the property. The suit shall be brought in the district court of the county in which the land or the major part of the land is located.

(b) The board is not required to publish a delinquent tax list or give other delinquent tax notice before proceeding to bring suit to collect the delinquent taxes. (R.S. Art. 8017, sen. 1 (part), 7, as amended.)

§ 57.281. Employing Attorneys

(a) The board may employ an attorney to collect delinquent taxes, and may determine the fees or commissions to be paid to the attorney for his services. (R.S. Art. 8017, sen. 13, as amended.)

§ 57.282. Notice

(c) The trustees shall present the charges against the trust estate to the commissioners court and shall post notice in the manner provided for other claims against the district.

(a) If a person who pays taxes in the district protests the payment of a claim filed under Section 57.337 of this code, the trustees shall refuse to pay the claim.

(b) The protest is sufficient to cause the trustees to disallow the claim if the person making the protest files the protest with the trustees, along with a bond for twice the amount of the claim, signed by sufficient sureties approved by the trustees, payable to the trustees, and conditioned on the protesting taxpayer's¹ paying all costs of suit if the claimant establishes his claim in full.

(R.S. Art. 8029—i, sen. 2 (part), as added.)

(R.S. Art. 8029—k, sen. 1 (part), as added.)

(e) If the trustees find that it would be unjust for them to allow part of the claim, they shall endorse on the claim the parts of it they allow and the parts they disallow. The person making the claim may either waive his claim to the part disallowed and file the claim with the commissioners court or refuse to waive his claim to the part disallowed, withdraw the claim from the trustees, and sue the trustees for the amount he claims. (R.S. Art. 8029—k, sen. 2, 3, as added.)

§ 57.340. Claims, Payment Orders, and Appeals

(a) The commissioners court, in a regular session, shall pass on claims. The commissioners court shall approve each claim it finds to be correct and shall issue an order stating that approval and shall enter the order in its minutes. (R.S. Art. 8029—j, sen. 1 (part), as added.)

(b) When the order of approval is entered in the minutes, the claim becomes a valid claim against the district. (R.S. Art. 8029—j, sen. 1 (part), as added.)

(e) When a claim is filed under Section 57.339 of this code, the county clerk shall immediately issue notice of the filing to all persons interested in the district. The notice shall be posted in three public places in the district and at the courthouse door not less than 20 days before the next regular session of the commissioners court. (R.S. Art. 8029—i, sen. 2 (part), 3, as added.)

§ 57.341. Claims Judgments

(a) If a person making a claim sues the trustees for the amount of the claim and wins a judgment against the trustees, the person shall file the judgment with the trustees. (R.S. Art. 8028—m, sen. 3 (part), as added; R.S. Art. 8029—k, sen. 1 (part), as added.)

(b) If the suit contests a claim under Section 57.338 of this code, the contestant and his sureties shall be made parties to the suit, and the trustees shall assert all defenses urged against the claim in the protest. If the claimant wins a judgment for the whole amount of his claim, the court shall render a judgment against the contestant and his sureties for all costs incurred in the suit. (R.S. Art. 8029—m, sen. 2, 3 (part), as added.)

§ 57.342. Claims to be Paid

(a) If the district is dissolved, the commissioners court shall provide for the settlement of the debts of the district, including the costs and expenses of holding the election.

(b) The commissioners court may levy, assess, and collect a sufficient tax on the property in the district in the manner provided in this chapter, to pay all the valid debts and obligations of the district, except bonds issued and held by a purchaser.

(c) The district shall pay bonds that have been issued and are held by a purchaser according to the terms of the bonds by levy and collection of an annual tax as provided in this chapter unless retirement of the bonds is effected as provided in Section 57.344 of this code. (R.S. Art. 8029—e, as added.)

§ 57.344. Accelerated Retirement of Bonds

(a) If there are any district bonds outstanding at the time the commissioners court issues the dissolution order, the commissioners court shall immediately begin negotiations with the holders of the bonds to determine whether or not the retirement of the bonds can be accelerated.

(b) If the bonds can be retired at an earlier date than the date stipulated on their face, either as a result of the terms of the bonds or because of an agreement between the commissioners court and the holders of the bonds, then the commissioners court may levy a tax to pay off the bonds as quickly as possible.

(c) The commissioners court shall have the tax assessed and collected annually or at one time. (R.S. Art. 8029—f, as added.)

§ 57.345. Compensation for Tax Assessor and Collector

(b) As additional security, the encumbrance may pledge the net income and revenue from the operation of properties and facilities of the district and may provide for a grant, to a purchaser under sale or foreclosure, of a franchise to operate, subject to all regulatory laws, the encumbered property and facilities for a term of not more than 20 years from the date of purchase. (47th Legis., Ch. 38, Sec. 1.)

(b) At the hearing, any person interested may appear before the commission in person or by attorney and contend for or protest the creation of the proposed indebtedness.

SUBCHAPTER H. PROMOTION AND DEVELOPMENT FUND IN CERTAIN DISTRICTS

Section 60.201. Purpose

Districts in this state which include cities of 100,000 or more inhabitants and which operate ports or waterways and harbor and terminal facilities are in keen competition with other ports, waterways, harbors, and terminals outside the state and with privately owned port and terminal facilities inside the state. Well-situated and well-equipped ports and waterways in other nearby states and owners of substantial port and terminal facilities located inside and outside the state are advertising, promoting and developing their competing ports, waterways, harbors, and terminals through expenditure of large amounts of money without any audit or restriction on expenditure of the money. This activity or expenditure is thwarting and impeding the use, progress, and development of the ports, waterways, harbors, and terminals of this state. Continuation of this hardship and injustice can best be met and coped with by more liberal use of some relatively small fund set aside from the gross income from operations of the ports of this state to be used in the manner provided in this subchapter. (51st Legis., Ch. 280, Sec. 1, as amended.)

§ 60.202. Creation of Fund

A district organized under general or special law and containing a city of 100,000 or more population, according to the last preceding federal

census, may set aside out of current income from its operations a promotion and development fund of not more than five percent of its gross income from operations in each calendar year. (51st Legis., Ch. 280, Sec. 2, sen. 1, as amended.)

§ 60.203. Expenditure of Fund

Money in the promotion and development fund shall be spent by the commission or as the commission may direct to pay any expenses connected with:

- (1) any activity or matter incidental to the advertising, development, or promotion of the district or its ports, waterways, harbors, or terminals;
- (2) furthering the general welfare of the district and its facilities; or
- (3) the betterment of the district's relations with steamship and rail lines, shippers, consignees of freight, governmental officials, or others interested or sought to be interested in the ports, waterways, harbors, or terminals. (51st Legis., Ch. 280, Sec. 2, sen. 2, as amended.)

§ 60.204. Management and Control of Promotion and Development Fund

(a) The money in the promotion and development fund shall be kept separate from all other funds and accounts of the district, and no money collected from assessing or levying taxes may be mingled with the fund.

(b) The promotion and development fund shall be under the exclusive control of the commission, and the commission shall have full responsibility for auditing, approving, and safeguarding the expenditure of money from the fund.

(c) The county auditor shall exercise his usual supervision and control to assure that the commission sets aside no more than five percent of its gross income from operations in each calendar year in the promotion and development fund. The county auditor shall not audit disbursements from the fund but shall be entitled to a monthly statement showing the:

- (1) date of each disbursement from the fund;
- (2) amount disbursed;
- (3) person or concern to whom disbursed; and
- (4) general purpose of each disbursement. (51st Legis., Ch. 280, Sec. 3, as amended.)

§ 60.205. Other Expenses not Affected

Since this subchapter authorizes disbursements from the promotion and development fund for unusual purposes and occasions not covered by other law, the setting aside of the fund and disbursements from the fund shall not affect payment of other expenses customarily approved, audited, and paid out of the regular funds of the district. (51st Legis., Ch. 280, Sec. 4, as amended.)

[Sections 60.206 to 60.220 reserved for expansion]

SUBCHAPTER I. REVENUE BONDS

Section 60.221. Modification of Revenue Bond Resolution

If a district adopts a resolution for the issuance of revenue bonds, provision may be made in the resolution for its modification after the issuance of the bonds in the manner and with the consent of the holders of a fixed percentage of the bonds if provided in the resolution before the issuance of the bonds. (53rd Legis., Ch. 226, Sec. 1.)

[Sections 60.222 to 60.240 reserved for expansion]

SUBCHAPTER J. CONVERSION OF DISTRICTS**Section 60.241. Authority to Convert**

Any district created under the provisions of Article III, Section 52, of the Texas Constitution may be converted into a district operating under Article XVI, Section 59, of the Texas Constitution, in the manner provided in this subchapter. (41st Legis., 1st C.S., Ch. 103, Sec. 1, sen. 1 (part).)

§ 60.242. Resolution

(a) The navigation board shall adopt a resolution declaring that in its judgment conversion to a district operating under Article XVI, Section 59, of the Texas Constitution will be in the best interest of the district and will be a benefit to the land and property located in the district.

(b) The resolution shall call a hearing and shall be entered in the minutes of the board. (41st Legis., 1st C.S., Ch. 103, Sec. 1, sen. 1 (part).)

§ 60.243. Notice of Resolution

(a) Notice of the resolution shall be given by publishing notice once a week for two consecutive weeks in a newspaper with general circulation in the county in which the district is located. The first publication shall appear not less than 14 full days before the time set for the hearing.

(b) The notice shall:

(1) state the time and place of the hearing;

(2) set out the entire resolution; and

(3) notify interested persons to appear and offer testimony for or against the proposal. (41st Legis., 1st C.S., Ch. 103, Sec. 1, sen. 2, 3,

4.)

§ 60.244. Findings of Navigation Board

(a) After the hearing, if the navigation board finds that conversion to a district operating under Article XVI, Section 59, of the Texas Constitution, would be in the best interest of the district and would be a benefit to the land and property located in the district, it shall enter an order making these findings and the district shall become a district operating under Article XVI, Section 59, of the Texas Constitution.

(b) If the navigation board finds that conversion to a district operating under Article XVI, Section 59, of the Texas Constitution, would not be in the best interest of the district and would not be a benefit to the land and property located in the district, it shall enter an order making these findings.

(c) The findings of the navigation board are final and are not subject to appeal or review. (41st Legis., 1st C.S., Ch. 103, Sec. 1, sen. 5, 6, 7.)

§ 60.245. Status of Converted District

A district which is converted under the provisions of this subchapter shall be constituted a district operating under Article XVI, Section 59, of the Texas Constitution and shall be governed by the provisions of Chapter 62 of this code as if it had originally been organized under Article XVI, Section 59, of the Texas Constitution, except the commissioners of a converted district shall be appointed in the manner that initial commissioners are appointed under Sections 62.061 and 62.062 of this code. (41st Legis., 1st C.S., Ch. 103, Sec. 1, sen. 8.)

§ 60.246. Powers of Converted District

(a) Nothing in this subchapter shall be construed to deprive a converted district of any powers conferred on it by the law under which it was organized.

(b) A converted district shall have the additional powers conferred on districts under Sections 61.151, 61.161–61.168, 61.170, and 61.172–61.175 of this code, and the commissioners of a converted district shall constitute a pilot board under the provisions of Articles 8248–8257, Revised Civil Statutes of Texas, 1925.

(c) If there is a conflict between the powers conferred by Section 60.245 of this code and the powers preserved by Subsection (a) of this section, the powers conferred by Section 60.245 shall control. (41st Legis., 1st C.S., Ch. 103, Sec. 2.)

[Sections 60.247 to 60.270 reserved for expansion]

SUBCHAPTER K. DEPOSITORY

Section 60.271. Selection of Depository

(a) The commission shall select a depository for the district under the law providing for the selection of a county depository.

(b) The commission in selecting the depository shall act in the same capacity and perform the same duties as the county judge and the commissioners court in selecting a county depository. (R.S. Art. 8244, sen. 1, 2, as amended.)

§ 60.272. Depository Bond

The depository shall have all the powers and duties in the execution of a depository bond and in pledging of collateral in lieu of or in addition to a personal surety or surety company bond as provided by law for a county depository. (R.S. Art. 8244, sen. 3, as amended.)
