(c) The attorney general may not file or prosecute such a suit unless it is based on allegations of fraud disclosed or found after the final judgment in the validation suit was rendered. (39th Legis., G.L., Ch. 25, Sec. 95, sen. 1 (part), 2, as amended.)

(39th Legis., G.L., Ch. 25, Sec. 99.)

§ 51.431. Registration of Bonds and Decree
On the presentation of the bonds together with a certified copy of the decree of the court, the comptroller shall register the bonds in a book kept for that purpose. (c) If a contract is made with the United States, the board annually shall levy taxes on property inside the district in a sufficient amount to pay installments and interest as they become due.

(d) The board may issue the bonds in serial form or payable in installments, and the tax levy shall be sufficient if it provides an amount sufficient to pay the interest on the bonds, the proportionate amount of the principal of the next maturing bonds, and the expenses of assessing and collecting the taxes for that year. (39th Legis., G.L., Ch. 25, Sec. 90.)

§ 51.434. Adjustment of Tax Levy

(a) The tax levy made in connection with the issuance of bonds shall remain in force from year to year until a new levy is made.

(c) The board shall raise an amount sufficient to pay the annual interest of and principal on all outstanding bonds. (39th Legis., G.L., Ch. 25, Sec. 91, sen. 1, 2.)

§ 51.435. Changing Tax Rate

If the tax levied is based on the assessed value obtained from the county tax rolls, or the tax rolls of the district for the preceding year and new tax rolls are approved before the time for collection of taxes, the board may change the tax rate provided the new rate is sufficient when applied to the new assessed value to raise the needed amount. (39th Legis., G.L., Ch. 25, Sec. 32, sen. 5, as amended.)

§ 51.436. Interest and Sinking Fund

(a) The district shall have an interest and sinking fund which shall include all taxes collected under this chapter.

§ 51.438. Refunding Bonds

(b) The board shall limit the authority by adopting a resolution which states that during a period of not more than 15 years the district will not issue bonds in an amount of more than 25 percent of the assessed value of taxable real property in the district according to the last assessment for district purposes or in an amount of more than a fixed sum or for certain named purposes.

(c) The board shall publish notice of the adoption of the resolution once a week for two consecutive weeks in a newspaper with general circulation in the district. The notice shall state that the resolution will take effect unless a petition against the proposed limitation signed by 20 percent of the electors of the district is presented within 20 days after the first publication of the notice.

(d) If a petition is filed against the limitation, the resolution will not take effect until it is approved at an election held in the district.

(e) The ballots for the election shall be printed to provide for voting for or against: "The limitation during the term of ____ years of the maximum debt of the district to ____." (The blank spaces shall be filled with the purpose of the election.)

(f) If the limitation is approved at an election or if no petition is filed against the resolution, the district may not issue bonds under any statute or constitutional provision in excess of the limitation during the designated term of years except to complete and make repairs to improvements whose cost will be within the debt limitation. (39th Legis., G.L., Ch. 25, Sec. 85, sen. 1, 2, 3, 4, 5, 6 (part), as amended.)

§ 51.440. Issuing Bonds in Excess of Limitation

(a) A district may issue bonds in excess of a limitation made under Section 51.439 of this code only after the commission has approved the plans and specifications with the estimate of costs.

(b) If the plans, specifications, and estimate are approved, notice of the intention to issue the bonds shall be published once a week for three consecutive weeks in a newspaper with general circulation in the district. The notice shall include a statement of the purpose for issuing the bonds, the amount of the proposed bond issue, and the time the hearing is to be held, which may not be less than 30 days after the notice is first published.

(c) The board shall hold the hearing and any taxpayer, bondholder, or other interested person may appear and be heard.

(d) If the board approves the issuance of the additional bonds in the amount and for the purpose stated in the notice, the question of issuing the bonds shall be submitted to the electors of the district at an election. (39th Legis., G.L., Ch. 25, Sec. 85, sen. 6 (part), 7, 8, 9, 10, as amended.)

   (3) make a supplemental contract with the United States;
   (4) make, on its own motion, additional improvements or purchase additional property to accomplish the purposes of the district and to serve the best interest of the district.

(c) The board shall enter its findings in the minutes.

(d) The election shall be held and the returns made in the manner provided in this chapter for the original election.

(e) If the result of the election favors the issuance of the bonds or the supplemental contract with the United States, the board may order the bonds issued or the contract made with the United States in the manner provided in this chapter.

(f) If a supplemental contract is made with the United States and bonds are not to be deposited with the United States, it is not necessary to issue bonds. If the district is required to raise money in addition to the amount of the contract, the bonds shall be issued only in the additional amount needed. (39th Legis., G.L., Ch. 25, Sec. 88.)

§ 51.442. Issuance of Additional Bonds or Creation of Additional Indebtedness under Certain Conditions

(a) A district may issue additional bonds or create additional indebtedness:
   (1) if works, improvements, and facilities constructed under a plan provided in Section 51.410 or 51.422 of this code are inadequate to accomplish the beneficial results which the district’s location and conditions demand;
   (2) if it is considered necessary to make repairs, replacements, or additions to the district’s improvements which cost more than $25,000; or
   (3) if additional money is needed to complete the improvements as planned.

(b) The district shall provide the additional money for the particular purpose in accordance with the provisions of this chapter regulating the creation of bond obligations subject to every limitation with respect to the original proceedings and the substantial protection of the substantive rights of holders of any of the district’s outstanding obligations. (39th Legis., G.L., Ch. 25, Sec. 88, as amended.)

§ 51.443. Interim Bonds

After bonds, other than preliminary bonds or notes, are voted by a district, the board may declare an existing emergency with relation to money being unavailable to pay for engineering work, purchase of land, rights-of-way, construction sites, construction work, and legal and other necessary expenses and may issue interim bonds on the faith and credit of the district in the manner provided in Sections 51.444—51.449 of this code to pay these expenses. (39th Legis., G.L., Ch. 25, Sec. 84—a, sen. 1, as amended.)

(b) The principal amount of the interim bonds may not be more than 25 percent of the principal amount of the district's bonds which have been voted but not sold.

(c) Before the issuance of the interim bonds, the board, by resolution, may limit the issue to any amount less than 25 percent, and after the amount is determined and fixed by the resolution, no additional interim bonds may be issued and sold until all outstanding interim bonds are paid. (39th Legis., G.L., Ch. 25, Sec. 84—a, sen. 2, 3, as amended.)

(a) After bonds other than preliminary bonds are voted, the board may authorize the issuance of the bonds in whole or in part as they are needed by the district.

(b) The board shall levy and annually assess and collect sufficient taxes to pay principal and interest on the bonds.

(c) The bonds may be approved by the attorney general and registered by the comptroller before the filing of the report of the Texas Water Rights Commission under Section 51.421 of this code. (39th Legis., G.L., Ch. 25, Sec. 84—a, sen. 4, 5, as amended.)

(b) The bonds deposited shall be credited to the interest and sinking fund account created to pay the interim bonds.

(c) The principal amount of the bonds deposited shall total at least 110 percent of the principal sum of the series of interim bonds which the bonds are deposited to secure.

(d) The interest rate on the interim bonds may not be more than the interest rate on the bonds deposited to secure them. (39th Legis., G.L., Ch. 25, Sec. 84—a, sen. 6, 7, as amended.)

§ 51.447 Procedure for Issuance and Sale of Interim Bonds

(a) Interim bonds shall be issued in the name of the district, signed by the president, and attested by the secretary, with the district seal attached to each bond.

(b) The interim bonds may be issued in the denominations determined by the board and shall be approved by the attorney general and registered by the comptroller in the same manner as provided in Section 51.417 of this code.

(c) Interim bonds may be sold in the same manner and on the same terms provided by law for the sale of other bonds of the district.

(d) If interim bonds are sold at less than par value and accrued interest, the improvement bonds issued by the district must be sold at an increase over the price authorized by law in an amount sufficient to equal the discount allowed on the interim bonds. (39th Legis., G.L., Ch. 25, Sec. 84—a, sen. 8, as amended.)

§ 51.448 Payment of Interim Bonds

(a) The board shall appropriate the tax levied to pay the bonds deposited to the credit of the interest and sinking fund to pay the interim bonds or as much of that tax as necessary to secure the loan evidenced by the interim bonds.
(b) The proceeds of the tax shall be devoted exclusively to the payment of the principal and interest on the interim bonds.

(c) None of the provisions of this subchapter relating to interim bonds shall be construed as prohibiting the sale of bonds deposited to the credit of the interest and sinking fund to pay interim bonds or of any other bonds of the district, but if any of these bonds are sold, the district depository shall apply the proceeds to the payment of principal and accrued interest on the interim bonds and the remainder to the purposes for which the bonds were authorized.

(d) If none of the bonds are sold at the time an installment on the principal and interest of interim bonds matures, the depository shall cancel the deposited bonds and attached interest coupons in an amount equal to the principal and interest of the interim bonds paid off and discharged. (39th Legis., G.L., Ch. 25, Sec. 84-a, sen. 9, as amended.)

§ 51.449. Redemption of Interim Bonds

(a) At the option of the board, interim bonds may be redeemed at any time or times before maturity on payment by the district of the principal and accrued interest to the date fixed for redemption by the board.

(b) When interim bonds are called for redemption before maturity, the secretary shall give written notice of the redemption to the bank or banking house named as the place of payment in the bonds or to its successor or assign.

(c) In the notice, the secretary shall designate the bond or bonds called for redemption and payment and shall state number or numbers of the bonds.

(d) The notice shall include the redemption date which shall not be more than 60 days after the date notice of call for payment is made.

(e) If any of the bonds which are called for redemption are not presented, they shall cease to bear interest from and after the date fixed for redemption. (39th Legis., G.L., Ch. 25, Sec. 84-a, sen. 10, 11, 12, as amended.)

§ 51.450. Alternate Methods for Paying Bonds

(a) As used in this section and in Sections 51.450-51.454 of this code, "net revenue" means income or increment which may come from ownership and operation of the improvements which are encumbered less the proportion of the district's revenue income reasonably required to provide for administration, efficient operation, and adequate maintenance of the district's services and facilities which are encumbered. Net revenue does not include money derived from taxation.

(b) A district which expects net revenue from operations may secure its bonds in any one of the following:

(1) as provided in Section 51.433 of this code;

(2) by entering into a contract to pledge the net revenue of the district and to mortgage and encumber part or all of the property and facilities, franchise, revenue and income from operations, and everything acquired or to be acquired by the district; or

(3) as provided in both Subdivisions (1) and (2) of this subsection. (39th Legis., G.L., Ch. 25, Sec. 90a, sen. 1, 2, as amended.)

§ 51.451. Taxes to Secure Certain Bonds

(a) If bonds are secured as provided in Section 51.450(b)(3) of this code, at the time that net revenue together with money derived from taxes accumulates a surplus in the sinking fund equal to the amount required in the succeeding year to liquidate the interest and principal on the district's bonds maturing in that year, the district's annual tax levies may be lowered to produce not less than 25 percent of the bond maturities for the succeeding year.
§ 51.451 WATER CODE

(b) If three successive years demonstrate that this net revenue is adequate to protect the district's bonds as they mature, the district's tax may be discontinued until further experience demonstrates the necessity to continue the tax to avoid default in the payment of the district's bonds as they mature. (39th Legis., G.L., Ch. 25, Sec. 90a, sen. 3 (part), as amended.)

§ 51.452. Election

SUBCHAPTER 0. ADDING AND EXCLUDING TERRITORY AND CONSOLIDATING DISTRICTS

Section 51.691. Excluding Land from District

After a district is organized, preliminary surveys are completed, and plans adopted by the district for the construction of a plant and improvements, and before the board calls an election for the authorization of construction bonds, the board must exclude land or other property from the district under the provisions of Sections 51.692-51.701 of this code, if the exclusions are practicable, just, or desirable. (39th Legis., G.L., Ch. 25, Sec. 76, sen. 1 (part), as amended.)

§ 51.692. Hearing to Announce Proposed Exclusions and to Receive Petitions

Before the election to authorize construction bonds, the board shall give notice of a time and place of a hearing to announce its own conclusions relating to land or other property to be excluded and to receive petitions for exclusion of land or other property. (39th Legis., G.L., Ch. 25, Sec. 76, sen. 1 (part), as amended.)

§ 51.693. Notice of Hearing

(a) The board shall publish notice of the hearing once a week for two consecutive weeks in one or more newspapers with general circulation in the district. The first publication shall appear at least 15 days and not more than 40 days before the day of the hearing.

(b) The notice shall advise all interested property owners of their right to present petitions for exclusions and to offer evidence in support of the petitions and their right to contest any proposed exclusion based on either a petition or the board's own conclusions and to offer evidence in support of the contest. (39th Legis., G.L., Ch. 25, Sec. 76, sen. 2, 3, 4, 5, as amended.)

§ 51.694. Petition

(a) A petition for exclusion of land must accurately describe by metes and bounds the land to be excluded. A petition for exclusion of other property must describe the property to be excluded for identification.

§ 51.695. Grounds for Exclusion

Exclusions from the district may be made on the grounds that:

(1) to retain certain land or other property within the district's taxing power would be arbitrary, would be unnecessary to conserve the public welfare, would impair or destroy the value of the property desired to be excluded, and would constitute the arbitrary imposition of a confiscatory burden;

(2) to retain any given land or other property in the district and to extend to it, either presently or in the future, the benefits, service,
or protection of the district's facilities would create an undue and uneconomical burden on the remainder of the district; or

(3) the land desired to be excluded cannot be bettered as to conditions of living and health, or served with water, or protected from flood, or drained, or freed from interruption of traffic caused by excess of water on the roads, highways, or other means of transportation serving the land, or otherwise benefited by the district's proposed improvements. (39th Legis., G.L., Ch. 25, Sec. 76, sen. 9, 10, 11, as amended.)

§ 51.696. Hearing Procedure

The board may adjourn the hearing from one day to another and until all persons desiring to be heard are heard. The board immediately shall specifically describe all property which it proposes to exclude on its own motion and shall hear first any protests and evidence against exclusions proposed on the board's own motion. (39th Legis., G.L., Ch. 25, Sec. 76, sen. 12, 13, as amended.)

§ 51.697. Order Excluding Land

After considering all engineering data and other evidence presented to it, the board shall determine whether the facts disclose the affirmative of the propositions stated in Subdivision (1) or (2) or, if appropriate, in Subdivision (3) of Section 51.695 of this code. If the affirmative exists, the board shall enter an order excluding all land or other property falling within the conditions defined by the respective subdivisions and shall redefine the boundaries of the district in the order to embrace all land not excluded. (39th Legis., G.L., Ch. 25, Sec. 76, sen. 14, as amended.)

§ 51.698. Suit to Review, Etc.

Any person owning an interest in land affected by the order may file a petition within 20 days after the effective date of the order to review, set aside, modify, or suspend the order. (39th Legis., G.L., Ch. 25, Sec. 76, sen. 15, as amended.)

§ 51.699. Venue of Suit

The venue in any action shall be in any district court which has jurisdiction in the county in which the district is located. If the district includes land in more than one county, the venue shall be in the district court having jurisdiction in the county in which the major portion of the acreage of the land sought to be excluded from the district is located. (39th Legis., G.L., Ch. 25, Sec. 76, sen. 16, 17, as amended.)

§ 51.700. Trial Procedure

(a) A suit to review, modify, suspend, or set aside the order of the board shall be a trial de novo as that term is understood in an appeal from a justice of the peace court to a county court. The trial shall be strictly de novo with no presumption of validity or reasonableness or presumption of any character in favor of the order.

(b) The decision shall be made on a preponderance of the evidence and facts found in the trial as in other civil cases, independently of any action taken by the board.

(c) The procedure for the trial and the determination of the orders and judgments to be entered shall be governed solely by the rules of law, evidence, and procedure of the state courts according to the constitution, statutes, and rules of procedure for the trial of civil actions.

(d) The so-called "substantial evidence" rule enunciated by the courts for orders of other administrative or quasi-judicial agencies shall not apply in the trial. (39th Legis., G.L., Ch. 25, Sec. 76, sen. 18, 19, 20, as amended.)
§ 51.701. Appeal
A person may appeal from the judgment or order of a district court in a suit brought under the provisions of Sections 51.698-51.700 to the court of civil appeals and supreme court as in other civil cases in which the district court has original jurisdiction. The appeal is subject to the statutes and rules of practice and procedure in civil cases. (39th Legis., G.L., Ch. 25, Sec. 76, sen. 21, as amended.)

§ 51.702. Exclusion of Nonagricultural and Nonirrigable Land from the District
After the district is organized, acquires facilities with which to function as an irrigation district, and votes, issues, and sells bonds for the purposes for which the district was organized, land within the district subject to taxation which is not agricultural land or cannot be irrigated in a practicable manner may be excluded from the district by complying with the provisions of Sections 51.703-51.713 of this code. (46th Legis., G.L., Ch. 3, p. 707, Sec. 1, sen. 1 (part), as amended.)

§ 51.703. Prerequisite to Application for Exclusion
The owner of land in the district which is not agricultural land or cannot be irrigated in a practicable manner may apply for its exclusion from the district if all taxes levied and assessed by the district on the land to be excluded have been fully paid, including all bond tax and flat water rate assessment. (46th Legis., G.L., Ch. 3, p. 707, Sec. 1, sen. 1 (part), as amended.)

§ 51.704. Substituting Land of Equal Acreage and Value
Land which can be irrigated in a practicable manner of at least equal acreage and equal value to the land being excluded must be added to the district simultaneously with the exclusion of the nonagricultural or nonirrigable land. (46th Legis., G.L., Ch. 3, p. 707, Sec. 1, sen. 1 (part), as amended.)

§ 51.705. Securing Application to Substitute Land
The board may require an owner of land in the district who has applied for the exclusion of his nonagricultural or nonirrigable land from the district to procure an application of the owner of land adjoining the boundaries or the canals of the district, and capable of being irrigated in a practicable manner from the facilities of the district, for inclusion in the district of his land in an amount and value at least equal to the land which is to be excluded under the application of the owner of nonagricultural or nonirrigable land. Each application shall set forth the facts concerning the land to be excluded from and the land to be added to the district, including evidence of their reasonable market value. (46th Legis., G.L., Ch. 3, p. 707, Sec. 1, sen. 1 (part), 2 (part), as amended.)

§ 51.706. Application of Owner of New Land to Be Substituted
The owner of the new land to be added shall submit an application setting forth that the owner of the new land assumes the payment of all taxes to be levied on his land by the district after the date the land is added to the district. The application also shall set forth an agreement by the owner of the new land that the land will be subject to future taxes for bond tax and flat rate and all other assessments levied and assessed by the district as though the land had been incorporated originally in the district. The application also shall contain an agreement by the owner of the new land that the land will be subject to the same liens and provisions as all other land in the district and subject to the statutes governing all other land in the district. (46th Legis., G.L., Ch. 3, p. 707, Sec. 1, sen. 1 (part), as amended.)
§ 51.707. Consent of Outstanding Bondholders

(a) The board shall communicate the contents of the applications to exclude nonagricultural or nonirrigable land and to include an equal amount of irrigable land to the holders of outstanding bonds voted, issued, sold, and delivered by the district and payable from taxes levied on property in the district.

(b) If the consent in writing of 95 percent or more of the bondholders to the plan is filed with the board, the board may hold a hearing on the applications. (46th Legis., G.L., Ch. 3, p. 707, Sec. 1, sen. 1 (part), 2 (part), as amended.)

§ 51.708. Notice of Hearing on Applications

The board shall give notice of the hearing on the applications by publishing the time, place, and nature of the hearing one time in a newspaper published in a county in which all or part of the district is located. The newspaper must have been published regularly for more than 12 months preceding the date of the publication of the notice and must have circulation in the district. The notice shall be published not less than 10 days nor more than 20 days before the date of the hearing. (46th Legis., G.L., Ch. 3, p. 707, Sec. 1, sen. 2 (part), as amended.)

§ 51.710. Board's Resolution to Substitute Land

If the board finds that all the conditions provided for the exclusion of land and inclusion of other land in the district exist, it may adopt and enter in its minutes a resolution to exclude land which is nonagricultural or nonirrigable in a practicable manner and include land which may be irrigated from the facilities of the district in a practicable manner. (46th Legis., G.L., Ch. 3, p. 707, Sec. 1, sen. 3 (part), as amended.)

§ 51.711. Liability of Excluded and Included Land

The land excluded from the district is free from any lien or liability created on the excluded land by reason of its having been included in the district. Land added to the district is subject to all laws, liens, and provisions governing the district and the land in the district. (46th Legis., G.L., Ch. 3, p. 707, Sec. 1, sen. 3 (part), as amended.)

§ 51.712. Duty to Advise Water Rights Commission

The board shall furnish the Texas Water Rights Commission a detailed description of the land excluded and a detailed description of the land included within 30 days after the exclusion and inclusion of land under the provisions of Sections 51.702-51.711 of this code. (46th Legis., G.L., Ch. 3, p. 707, Sec. 1, sen. 4, as amended.)

§ 51.713. Right to Serve New Land Included in District

The district has the same right to furnish water service to the included land that it previously had to furnish service to the excluded land. The mere inclusion of a larger total acreage than that excluded does not give the district the right to irrigate a larger total acreage or to appropriate a larger quantity or volume of public water for irrigation than the district would have had the right to irrigate or to appropriate before the exclusion and inclusion of the land. (46th Legis., G.L., Ch. 3, p. 707, Sec. 1, sen. 5, as amended.)
§ 51.714. Adding Land by Petition of Landowner
The owner of land may file with the board a petition requesting that the land described by metes and bounds in the petition be included in the district. (39th Legis., G.L., Ch. 25, Sec. 75, sen. 1, 2 (part).)

§ 51.715. Petition Signed and Executed
The petition of the landowner to add his land to the district shall be signed and executed in the manner provided by law for the conveyance of real estate. (39th Legis., G.L., Ch. 25, Sec. 75, sen. 2 (part).)

§ 51.716. Hearing and Determination of Petition
The board shall hear and consider the petition and may add to the district the land described in the petition if it is considered to be to the advantage of the district and if the water supply, canals, and other improvements are sufficient to supply the added land without injuring land already in the district. (39th Legis., G.L., Ch. 25, Sec. 75, sen. 3.)

§ 51.717. Recording Petition
A petition which is granted adding land to the district shall be filed for record and shall be recorded in the office of the county clerk of the county in which the land is located. (39th Legis., G.L., Ch. 25, Sec. 75, sen. 4.)

§ 51.718. Adding Certain Territory by Petition
Landowners of a defined area of territory not included in a district may file a petition requesting inclusion with the secretary of the board signed by a majority of the landowners in the territory or by 50 landowners if the number of landowners is more than 50. (39th Legis., G.L., Ch. 25, Sec. 75—b, sen. 1, 2, 3, as added.)

§ 51.719. Hearing on Petition
The board by order shall set the time and place of the hearing on the petition to include the territory in the district. The hearing shall be held not less than 30 days from the date of the order. (39th Legis., G.L., Ch. 25, Sec. 75—b, sen. 4, as added.)

§ 51.720. Notice of Hearing
(a) The secretary of the board shall issue notice of the time and place of the hearing, and the notice shall describe the territory proposed to be annexed.
(b) The secretary shall post copies of the notice in three public places in the district and one copy in a public place in the territory proposed to be annexed. The notices shall be posted for at least 15 days before the day of the hearing.
(c) The notice shall be published one time in a newspaper with general circulation in the county. The notice shall be published at least 15 days before the day of the hearing. (39th Legis., G.L., Ch. 25, Sec. 75—b, sen. 5, 6, 7, as added.)

§ 51.721. Resolution to Add Territory
If the board finds on hearing the petition that the addition would be of benefit to the district and that the water supply, canals, and other improvements are sufficient to supply the added territory without injuring the land already in the district, it may add the territory to the district by resolution entered in its minutes. The board does not have to include all the territory described in the petition if it finds that a modification or change is necessary or desirable. (39th Legis., G.L., Ch. 25, Sec. 75—b, sen. 8, 10 (part), as added.)
§ 51.722. Elections to Ratify Annexation of Land

(a) Annexation of the territory is not final until ratified by a majority vote of the electors at a separate election held in the district and by a majority vote of the electors at a separate election held in the territory proposed to be added.

(b) If the district has outstanding debts or taxes, the same election shall determine also whether or not the territory to be added will assume its proportion of the debts or taxes if the land is added to the district.

§ 51.723. Notice and Procedure of Election

The notice of the election, the manner and the time of giving the notice, the manner of holding the election, and qualifications of the voters shall be governed by the provisions of Subchapter E of this chapter.

§ 51.724. Liability of Added Territory

The added territory shall bear its pro rata part of all indebtedness or taxes that may be owed, contracted, or authorized by the district to which it is added.

§ 51.725. Adding Territory Annexed to a City in the District

Territory annexed to a city included in a district organized under the provisions of this chapter and providing water or sewer services to the city or its inhabitants may be added to the district by complying with the provisions of Sections 51.726–51.729 of this code.

§ 51.726. Hearing to Add Territory Annexed to a City

After final passage of an ordinance or resolution annexing territory to the city, the board may issue a notice of a hearing on the question of annexing any part of the territory to the district.

§ 51.727. Notice of Hearing

(a) The notice of the hearing shall state the date and place of the hearing and a description of the area proposed to be annexed. In lieu of the description, the notice may make reference to the annexation ordinance of the city.

(b) The board shall publish the notice one time at least 10 days before the day of the hearing in a newspaper with general circulation in the city which made the annexation.

(c) Additional notice shall be given to a railroad with any railroad right-of-way or property in the territory to be annexed by certified mail at its latest address appearing on the tax rolls of the city, district, or county.

§ 51.728. Resolution Adding the Territory

If the board finds from the hearing that the territory proposed to be annexed will be benefited by the facilities or services afforded or to be afforded by the district, the board shall adopt a resolution annexing the territory to the district.

§ 51.729. Election to Assume Bonds and Authorize Tax

After territory is added to the district, the board may call an election within the district to determine whether the district as enlarged shall as-
sume the outstanding tax-supported bonds, and the tax-supported bonds voted but not yet sold, and whether an ad valorem tax shall be levied on all taxable property in the district as enlarged for the payment of the bonds. The election shall be called and held in the manner provided in this chapter for elections for the issuance of bonds. (39th Legis., G.L., Ch. 25, Sec. 75d, sen. 6, 7, as added.)

§ 51.730. Extending Municipal District to Include Lands Annexed to City

If a district is a "Municipal District," and includes the total area of a city or town, and furnishes or has plans to furnish all or part of a water supply, sanitation facilities, flood protection, or other service for the general benefit of the inhabitants of the embraced city or town, the boundaries of the district shall be extended automatically to include land which the embraced city or town annexes by extending its boundaries to include land that is not already included in the district. The land annexed to the city or town shall constitute part of the district, but the inclusion in the district is not final until the board publishes notice of a hearing, holds a hearing, and hears evidence to consider the exclusion or retention in the district of any part of the added land, according to the applicable provisions of Sections 51.691-51.701 of this code. (39th Legis., G.L., Ch. 25, Sec. 75-a, as added.)

§ 51.731. Liability of Land Added to a District Operating under Article XVI, Section 59

(a) If land is added to a district operating under Article XVI, Section 59, of the Texas Constitution, the order of the board adding the land to the district may contain an agreement that the added land will be taxed on the benefit basis instead of the ad valorem basis. The agreement may provide that the added land will be taxed on a uniform acreage basis or on the plan of a definite annual payment.

(b) The board, in its order adding land to the district, shall set the amount of the debts to be paid by the owner of the added land and levy annual taxes against the land to pay the debts. The taxes assessed by the board constitute a lien against the added land in the same manner and to the same extent as if the land had been a part of the district at the time the indebtedness was incurred or authorized by an election held for that purpose.

(c) The added land is a part of the district and is liable for debts subsequently incurred by the district in the same manner as other land in the district. (39th Legis., G.L., Ch. 25, Sec. 147.)

§ 51.732. Consolidation of Districts

Two or more districts governed by the provisions of this chapter may consolidate into one district as provided by Sections 51.733-51.736 of this code. (39th Legis., G.L., Ch. 25, Sec. 129, sen. 1 (part).)

§ 51.733. Elections to Approve Consolidation

(a) After the directors of each district have agreed on the terms and conditions of consolidation, they shall order an election in each district to determine whether the districts should be consolidated.

(b) The directors of each district shall order the election to be held on the same day in each district and shall give notice of the election for at least 20 days in the manner provided by law for other elections.

(c) The districts may be consolidated only if the electors in each district vote in favor of the consolidation. (39th Legis., G.L., Ch. 25, Sec. 129, sen. 1 (part), 2, 3.)
§ 51.734. Governing Consolidated Districts

(a) After two or more districts are consolidated, they become one district, except for the payment of debts created before consolidation, and are governed as one district.

(b) During a period of 90 days after the date of the election to approve consolidation, the officers of each district shall continue to act jointly as officers of the original districts to wind up the affairs of their respective districts.

(c) The consolidation agreement may provide that the officers of the original districts shall continue to act jointly as officers of the consolidated district until the next general election or name persons to serve as officers of the consolidated district until the next general election if all officers of the original districts agree to resign.

(d) New officers of the consolidated district must qualify as officers within the period of 90 days after the election and shall assume their offices at the expiration of the 90-day period.

(e) The current board shall approve the bond of each new officer.

§ 51.735. Debts of Original Districts

After two or more districts are consolidated, the debts of the original districts are protected and are not impaired. These debts may be paid by taxes or assessments levied on the land in the original districts as if they had not consolidated or contributions from the consolidated district on terms stated in the consolidation agreement.

§ 51.736. Assessment and Collection of Taxes

After consolidation, the officers of the consolidated district shall assess and collect taxes on property in the original district to pay debts created by the original district.

SUBCHAPTER B. CREATION OF DISTRICT

Section 52.021. Purpose
In order to provide for the conservation, preservation, protection, re-charging, and prevention of waste of the underground water of underground water reservoirs or their subdivisions, consistent with the objectives of Article XVI, Section 59, of the Texas Constitution, underground water conservation districts may be created as provided by this chapter. (39th Legis., Ch. 25, Sec. 3c, subsec. B, sen. 1, 2 (part), as amended.)

§ 52.022. Method of Creating District
Except as otherwise provided by this subchapter, the provisions in Chapter 51 of this code for creating water control and improvement districts apply to the creation of underground water conservation districts to the extent that those provisions may be made applicable. (39th Legis., Ch. 25, Sec. 3c, subsec. B, sen. 2 (part), as amended.)

§ 52.023. Boundaries of District
(a) Neither the commission nor a commissioners court may consider a petition for the creation of a district unless the proposed boundaries of the district are coterminous with the boundaries of an underground water reservoir or a subdivision of an underground water reservoir, as previously designated by the commission.
(b) Subject to Subsection (a) of this section, a district may include all or part of one or more counties, cities, districts, or other political subdivisions. (39th Legis., Ch. 25, Sec. 3c, subsec. C, sen. 1, 2, as amended.)

§ 52.024. Designation of Reservoirs and Subdivisions

(b) On the request of any person interested in the petition, or on the request of the commission, the Texas Water Development Board shall prepare available evidence relating to the existence, area, and characteristics of the reservoir or subdivision. Before making the designation, the commission shall consider the evidence prepared by the board and other evidence submitted at the hearing.

(c) The commission may alter the boundaries of designated underground water reservoirs and subdivisions as required by future conditions and as justified by factual data. However, an alteration of boundaries does not invalidate the previous creation of any district.

(d) When the commission has designated the boundaries of a subdivision as provided by this section, its findings on the location of the boundaries, the questions of "reasonableness" and "affect," as referred to in Section 52.001(5) of this code, and all other questions essential to the existence of a subdivision, are conclusive and final unless a suit is brought under Section 52.301 of this code within the 30-day period immediately following the date on which the commission enters its order. (39th Legis., Ch. 25, Sec. 3c, subsec. C, sen. 3; subsec. I, sen. 1, 2; subsec. A(5), sen. 2; as amended.)

(b) If the commissioners court or the commission finds that the district is not feasible and practicable, that it would not be a benefit to land in the district, that it would not be a public benefit or utility, or that it is not needed, the commissioners court or the commission shall refuse to grant the petition. (39th Legis., G.L., Ch. 25, Sec. 19, sen. 4, 5, as amended.)

§ 52.107. Engineering Surveys
The district may employ registered professional engineers to make surveys of the underground water reservoir or subdivision and surveys of the facilities for development, production, and use of the water, in order to determine the quantity of water available for production and use and to determine the improvements, development, and recharging needed by the reservoir or its subdivision. (39th Legis., Ch. 25, Sec. 3c, subsec. B(7), as amended.)
§ 52.108. Planning

(a) The district may develop comprehensive plans for the most efficient use of the underground water in the underground water reservoir or its subdivision and for controlling and preventing waste of underground water.

(b) The district shall specify in the plans, in as much detail as practicable, the acts, procedure, performance, and avoidance that are or may be necessary to effect the plans, including specifications. (39th Legis., Ch. 25, Sec. 3c, subsec. B(8) (part), as amended.)

§ 52.114. Permits for Wells

The district may require permits for the drilling, equipping, or completing of wells, or for substantially altering the size of wells or well pumps, or for all of these operations. Permits may be issued subject to the rules made under Section 52.117 of this code and subject to terms and provisions with reference to the drilling, equipping, completion, or alteration of wells or pumps that may be necessary to conserve the underground water, prevent waste, minimize as far as practicable the drawdown of the water table or the reduction of artesian pressure, or lessen interference between wells. (39th Legis., Ch. 25, Sec. 3c, subsec. B(3), sen. 1, as amended.)

§ 52.115. Permit: Application and Hearing

The district shall promptly consider and pass on each application for a permit. If, within 20 days after the date it is submitted, an application has not been passed on or set for a hearing on a specific date, the applicant may petition the district court of the county where the land is locat-
ed for a writ of mandamus to compel the district to act on the application or set a date for a hearing on the application. A hearing shall be held within 30 days after the setting of the date and the district shall act on the application within 10 days after the date of the hearing. (39th Legis., Ch. 25, Sec. 3c, subsec. B(3), sen. 3, 4, 5, as amended.)

§ 52.116. Drilling, Etc., Without Permit

Except as provided by Section 52.118 of this code, no person, firm or corporation may begin to drill a well in the district, or substantially alter the size of a well or pump, which well could reasonably be expected to produce more than 100,000 gallons of water a day from the reservoir or subdivision, without first obtaining a permit from the district. (39th Legis., Ch. 25, Sec. 3c, subsec. B(3), sen. 2, as amended.)

§ 52.117. Regulation of Spacing and Production

In order to minimize as far as practicable the drawdown of the water table or the reduction of artesian pressure, or to prevent waste, the district may provide for the spacing of water wells and may regulate the production of wells. (39th Legis., Ch. 25, Sec. 3c, subsec. B(4), sen. 1, as amended.)

§ 52.118. Exceptions; Limitations

(a) The district may not require a permit for the drilling or producing of a well drilled, completed, and equipped so that it will not produce more than 100,000 gallons of underground water a day. (39th Legis., Ch. 25, Sec. 3c, subsec. D(4)(b), as amended.)

(b) The district shall not deny the owner of a tract of land, or his lessee, who has no well capable of producing more than 100,000 gallons a day on the tract, either a permit to drill a well on his land or the privilege to produce underground water from his land, subject to the rules of the district. (39th Legis., Ch. 25, Sec. 3c, subsec. B(4), sen. 2, as amended.)

(c) The district may not restrict the production of any well that produces less than 100,000 gallons a day. (39th Legis., Ch. 25, Sec. 3c, subsec. D(4) (c) (part), as amended.)

(d) Nothing in this chapter applies to wells drilled for oil, gas, sulphur, or brine, or for core tests, or for injection of gas, salt water, or other fluid, or for any other purpose, under permits issued by the Texas Railroad Commission. The district shall not require a permit to drill a well to supply water for drilling any of these wells permitted by the Texas Railroad Commission. When the well ceases to be used for these purposes, it may then be used as an ordinary water well if it meets the spacing and other rules of the district; and its use is subject to the rules of the district. (39th Legis., Ch. 25, Sec. 3c, subsec. D(3), D(4)(a), as amended.)

(e) Water wells exempted under this section shall be equipped and maintained so as to conform to the district's rules requiring installation of casing, pipe, and fittings to prevent the escape of underground water from an underground water reservoir to any reservoir not containing underground water and to prevent the pollution or harmful alteration of the character of the water in any underground water reservoir. (39th Legis., Ch. 25, Sec. 3c, subsec. D(4)(c) (part), as amended.)

§ 52.119. Open or Uncovered Wells

(a) The district may require the owner or lessee of land on which an open or uncovered well is located to keep the well permanently closed or capped with a covering capable of sustaining weight of at least 400
§ 52.120. Illegal Drilling and Operation of Well; Suit

(a) Drilling a well without a required permit or operating a well at a higher rate of production than the rate approved for the well is declared to be illegal, wasteful per se, and a nuisance. (39th Legis., Ch. 25, Sec. 3c, subsec. B(10), sen. 1, as amended.)

(b) A person who has an estate in land which is adjacent to the land on which the well is located, or a part which lies within one-half mile of the well, may sue in a court of competent jurisdiction to restrain or enjoin the illegal drilling or operation, or both. The suit may be brought with or without the joinder of the district. (39th Legis., Ch. 25, Sec. 3c, subsec. B(10), sen. 2, as amended.)

(c) The aggrieved party may also sue for damages for injuries he may have suffered by reason of the illegal operation and for other relief to which he may be entitled. In a suit for damages, the existence or operation of a well in violation of the rules of the district is prima facie evidence of illegal drainage. (39th Legis., Ch. 25, Sec. 3c, subsec. B(10), sen. 3, 4, as amended.)

(d) The suit may be brought in the county where the illegal well is located or in the county where all or part of the affected land is located. (39th Legis., Ch. 25, Sec. 3c, subsec. B(10), sen. 5, as amended.)
(e) The remedies provided by this section are cumulative of other remedies available to the individual or the district. (39th Legis., Ch. 25, Sec. 3c, subsec. B(10), sen. 6, as amended.)

(f) A suit brought under this section shall be advanced for trial and determined as expeditiously as possible. The court shall not grant a postponement or continuance, including a first motion, except for reasons considered imperative by the court. (39th Legis., Ch. 25, Sec. 3c, subsec. B(10), sen. 7, as amended.)

§ 52.202. Bonds: Approval of Commission not Required

A district proposing to issue bonds is not required to submit its plans to and secure approval of the commission under Sections 51.421-51.422 of this code. (39th Legis., Ch. 25, Sec. 3c, subsec. E(2), as amended.)

(39th Legis., Ch. 25, Sec. 3c, subsec. F, sen. 8, as amended.)
§ 52.304. Subchapter Cumulative

The provisions of this subchapter do not affect other legal or equitable remedies that may be available. (39th Legis., Ch. 25, Sec. 3c, subsec. F, sen. 4, as amended.)

§ 53.014. Requisites of Petition
To be sufficient, the petition must:
(1) contain the signatures of 50 or a majority of the electors of the proposed district who own land in the proposed district; and
(2) state:
(A) the boundaries of the proposed district;
(B) the general nature of the projects proposed to be done;

§ 53.020.  Findings; Ordering Election

After entering the order creating the district, the commissioners court shall make a certified copy of the order. The commissioners court shall file this copy with the county clerk. The county clerk shall record the certified copy in the deed records of the county. Recording the order gives notice of its contents to the same extent that recording a deed gives
notice of its contents. The district shall pay all costs of making and recording the copy. (R.S. Art. 7894.)

§ 53.028. Certificates of Election
The commissioners court shall issue certificates of election to the five persons receiving the most votes for supervisor and to the person receiving the most votes for tax assessor and collector. SUBCHAPTER F. BOND AND TAX PROVISIONS

Section 53.171. Power to Issue Bonds

(a) A district may issue bonds to secure indebtedness.

(b) A district may not issue tax bonds or incur any debt which is to be paid with tax revenue unless an election is first held in the district and the proposition is approved by a majority of the electors of the district who vote in the election. (R.S. Art. 7922, sen. 2, as amended.)

§ 53.172. Ordering Bond Election

After the creation of a district and the qualification of the supervisors, the board may order an election in the district to authorize a bond issue. The board shall set the day for the election, which must be held during
the period beginning on the 20th day and ending with the 30th day after the day of the order. At this election, the board shall submit only a proposition authorizing the issuance of bonds and the levy of a tax to pay the bonds. The ballots shall be printed to allow for voting for or against the proposition: "The issuance of bonds and the levy of taxes to pay the bonds." (R.S. Art. 7931.)

§ 53.173. Notice of Election
(a) The board shall give notice of the bond election, stating the amount of bonds to be issued. The board shall post a copy of the notice in four public places in the district, including a copy at the courthouse door. The board shall have the notice posted during the 20-day period immediately preceding the day of the election.
(b) The board shall have printed on the notice:
   (1) the proposition to be voted on; and
   (2) an estimate of the probable cost of constructing or purchasing the proposed improvement and the incidental expenses connected with the construction or purchase. (R.S. Art. 7932.)

§ 53.174. Conduct of Bond Election
The board shall select polling places in the district and shall appoint a presiding judge, one other judge, and two clerks for each polling place. The board shall provide the necessary ballots for the election and shall have printed on them the proposition to be submitted. (R.S. Art. 7933.)

§ 53.175. Canvassing Bond Election Results
Immediately after the election, the presiding judge of each polling place shall return the result in the same manner as results are returned in general elections for state and county officers. The judge shall return the result to the board, which shall, at a regular or special session, canvass the vote. If a majority of the votes favor issuing bonds and levying taxes, the board shall declare the result and enter it in the minutes. (R.S. Art. 7935.)

§ 53.176. Issuing Bonds
(a) After declaring the result of the election, the board shall make and enter an order in the minutes directing the issuing of bonds sufficient to pay for the proposed improvements. The board may not issue bonds in an amount greater than that specified in the order and notice of election.
(b) Subchapter L, of Chapter 55 of this code, providing for the issuing, denominations, rate of interest, manner and conditions of payment, and maturity dates of water improvement district bonds, apply to bonds of a fresh water supply district. (R.S. Art. 7936.)

§ 53.177. Approving Bonds
(a) Before the board offers bonds for sale, it shall send to the attorney general a certified copy of all proceedings relating to organizing the district and issuing the bonds. They shall also provide other relevant information he requires.
(b) The attorney general shall carefully examine the bonds in connection with the record and the constitution and laws of this state governing the issuance of bonds. The attorney general shall certify the bonds if he finds that they conform to the record and the constitution and laws of this state and that they are valid and binding obligations of the district. (R.S. Art. 7937.)

§ 53.178. Registering Bonds
When the attorney general approves the bonds, the comptroller shall register them in a book kept for that purpose. The comptroller shall record the certificate of the attorney general as to the bonds' validity.
The bonds are then prima facie valid in any action, suit, or proceeding. In a suit to enforce collection of the bonds and interest on the bonds, the only defense against the validity of the bonds is forgery or fraud. (R.S. Art. 7938.)

§ 53.179. Selling Bonds

After the bonds are registered, the board shall sell them on the best terms and for the best price possible. The board shall promptly pay to the district depository the money received from the sale of the bonds. The district depository shall hold the money for the district. (R.S. Art. 7939.)

§ 53.180. Recording of Bond Issues

(a) After the bonds are issued, the board shall deliver a well-bound book to the county treasurer, who shall keep in the book a list of:

1. all bonds which have been issued;
2. their manner of payment;
3. the amount of each bond;
4. the rate of interest on each bond;
5. the date of issuing each bond;
6. the date when each bond is due;
7. the place where each bond is payable;
8. the amount received for each bond; and
9. the tax levy to pay interest on and redeem the bonds.

(b) The county treasurer shall keep the books open at all times for inspection by any taxpayer or bondholder. When a person pays for a bond, the treasurer shall enter the payment in the book. The treasurer is entitled to receive for his services the same fee allowed by law to the county clerk for recording deeds. (R.S. Art. 7941.)

§ 53.181. Paying Bonds and Interest

At the time for paying interest or for redeeming the bonds, the district depository shall receive and cancel any interest coupons paid or any bonds redeemed. When the board receives an interest coupon or a bond, it shall credit the account of the depository with the amount received. The board shall then cancel and destroy the bond or coupon. (R.S. Art. 7940.)

§ 53.182. Bonds Payable From Revenues and Ad Valorem Taxes

(a) For the purpose of constructing, purchasing, repairing, improving, and extending authorized improvements, a district may issue bonds payable solely from the revenues of:

1. the operation of the district’s water system, less the reasonable cost of maintaining and operating the system; or
2. the operation of the district’s sanitary sewer system, less the reasonable cost of maintaining and operating the system; or (New.)
3. both the water system and the sanitary sewer system. (New.)

(b) The district may also issue bonds for the purposes set out in this section, payable both from ad valorem taxes and the revenues of:

1. its water system; or
2. its sanitary sewer system; or (New.)
3. both its water system and sanitary sewer system. (New.)

(c) If the district issues combination tax and revenue bonds, it shall levy, assess, and collect ad valorem taxes until the net revenues from the operation of the water system or the sanitary sewer system, together with the revenue from taxes, have accumulated a surplus in the sinking fund at least equal to the principal of and interest on the bonds scheduled to accrue in the next year. When this accumulation is completed, the board
may reduce the tax levy to a rate that will produce at least 25 percent of the principal and interest requirements for each of the next succeeding years. When actual experience of three successive years demonstrates that the net revenues are adequate to pay the principal of and the interest on the bonds as they mature, the board may discontinue the tax until it becomes necessary to levy the tax again to avoid default in paying the bonds and interest. (52nd Legis., Ch. 233, Sec. 1, sen. 1, 2, 3.)

§ 53.183. Election Required

(a) A district may not issue bonds as authorized in Section 53.182 of this code unless an election is first held in the district and the proposition is approved by a majority of the electors of the district who vote in the election.

(b) If the election is held to authorize revenue bonds only, the board shall have the ballots printed to allow for voting for or against the proposition: "The issuance of bonds and the pledge of net revenues for the payment of the bonds."

(c) If the election is held to authorize combination tax and revenue bonds, the board shall have the ballots printed to allow for voting for or against the proposition: "The issuance of bonds to be paid for from an adequate pledge of net revenues and levy of ad valorem taxes."

(d) Except as provided in this section, the provisions of Sections 53.172–53.175 of this code, relating to tax bond elections, apply to elections held under this section. (52nd Legis., Ch. 233, Sec. 1, sen. 4, 5, 6.)

§ 53.184. Refunding Bonds

(a) With the consent of the holders, a district may refund outstanding bonds by issuing new coupon bonds in their place.

(b) Interest is shown by coupons attached to the bonds. The board may pay the interest on the bonds annually or semiannually.

(c) The board may pay the refunding bonds serially or in any other manner it chooses, but it shall pay the bonds not later than 40 years from the date the bonds are issued.

(d) The board shall issue the bonds in denominations of $100 or a multiple of $100. The board shall levy a tax sufficient to meet the payment of principal of and interest on the refunding bonds before the bonds are delivered. The refunding of bonds does not affect any taxes already due.

(e) The board shall issue refunding bonds in the manner provided for other district bonds. The board shall deduct any sum on hand to the credit of any sinking fund account in ascertaining the amount of refunding bonds to be issued, and it shall apply the money to the payment of the outstanding bonds.

(f) The board shall not issue refunding bonds until they are approved by the attorney general and registered by the comptroller. The comptroller shall not register the refunding bonds until the old bonds being replaced are presented to him for cancellation. After the comptroller registers the new bonds, he shall cancel the old bonds and interest coupons and deliver the new bonds to the proper bondholders. The district may present the old bonds for cancellation in installments, and the comptroller may register and deliver a like amount of the new bonds. (R.S. Art. 7941a, as amended.)

§ 53.185. Rates and Charges

If the board issues revenue bonds or combination tax and revenue bonds, the board, at the time it authorizes the bonds, shall fix rates and charges for the use of the facilities or the services rendered in an amount which, together with any tax which is levied, will assure the prompt payment of the principal of and interest on the bonds as they mature. (52nd Legis., Ch. 233, Sec. 1, sen. 7.)
§ 53.186. Interest and Sinking Fund

(a) A district shall have an interest and sinking fund. The board shall credit to this fund all taxes collected for the payment of interest or redemption of district bonds.

(b) The board shall use money in this fund only:
   (1) to pay interest on district bonds;
   (2) to cancel and surrender district bonds; and
   (3) to pay the expenses of assessing and collecting the taxes.
(R.S. Art. 7953.)

§ 53.187. Investment of Sinking Fund

The board may invest the district's sinking funds in county, municipal, district, or other bonds in which other sinking funds may by law be invested. The board may also invest the sinking funds in bonds of the series to which the funds apply, if the bonds are offered for redemption before maturity on terms the board deems advantageous to the district.
(R.S. Art. 7954.)

§ 53.188. Levy of Taxes

After the district has issued bonds, the board shall levy taxes on all property in the district, whether real, personal, or mixed. The board shall levy the taxes based on the full value of each piece of property. The board shall levy the taxes in an amount which is enough to pay the interest on the bonds and to create a sinking fund sufficient to redeem and discharge the bonds when they mature. The board shall levy taxes annually for this purpose as long as the bonds are outstanding.
(R.S. Art. 7952.)

§ 53.189. Assessor and Collector—Office

The assessor and collector shall maintain an office.
(R.S. Art. 7942 (part).)

§ 53.190. Subject to Rules of Board

(R.S. Art. 7942 (part).)

§ 53.191. Duties—In General

In addition to the other duties imposed by this chapter, the assessor and collector shall:
   (1) return to the board of equalization a list of all persons who refuse to sign the oath for tax assessment;
   (2) make up and return the assessment rolls and keep bound records of the rolls;
   (3) collect all taxes and deposit them weekly in the district depository;
   (4) file once a week with the district secretary a statement of all money collected;
   (5) keep an account of all money collected;
   (6) make a monthly report of collections; and
   (7) use a duplicate receipt book, give a receipt for each collection, and retain a copy in the book which he shall preserve as a district record.

(c) The board may levy maintenance taxes until the power is taken away by another district election. The board may hold an election on the question of repeal or reduction of maintenance taxes no more often than once every five years. The board may refrain from levying maintenance taxes if they are not necessary. (R.S. Art. 7956.)

(b) The board shall post a copy of the notice in four public places in the district and a copy at the courthouse door for the 20 days immediately preceding the date of the election. (R.S. Art. 7930-3, Sec. 5.)

§ 53.256. Ballots

The board shall provide the necessary ballots for the election and shall have the ballots printed to allow for voting for or against the proposition:

“The establishment of the new boundaries of the ________ County Fresh Water Supply District No. ________ (inserting the name of the district).” (R.S. Art. 7930-3, Sec. 6.)

§ 53.257. Order Excluding Land

If the election favors establishing the new boundaries, the board shall enter an order declaring the result of the election. The board shall enter the order in its minutes, declaring that the land which has been excluded is no longer a part of the district. In the order the board shall also describe the new boundaries. The board shall file a copy of the order, signed by a majority of the board and duly attested by the secretary, in the office of the county clerk. The county clerk shall record the copy in the deed records of the county in which the district is located and the land shall cease to be a part of the district. (R.S. Art. 7930-3, Sec. 8 (part).)

§ 53.258. If Proposition Defeated

If the proposition to exclude the land is defeated, the board may not act on a petition to exclude all or any part of the land voted on within one year of the election. (R.S. Art. 7930-3, Sec. 9.)

§ 53.259. Rights of Bondholders

No proceeding under this subchapter diminishes or impairs the rights of the holders of any outstanding and unpaid bonds, warrants, or other certificates of indebtedness of a district. (R.S. Art. 7930-3, Sec. 10, sen. 1 (part).)
§ 53.260. Apportionment of District Indebtedness
(a) Each property owner in the excluded territory shall pay as his proportional share of each series of district indebtedness a sum equal to the percentage of the "net indebtedness" which the assessed value of his excluded property bears to the total assessed value of all property in the district before the exclusion. For each series of indebtedness, all property values are to be taken from the tax rolls of the district for the year in which the series of indebtedness was issued and sold.

(b) In Subsection (a) of this section, the phrase "net indebtedness" means the greater of:
   (1) the face value (par value plus accrued interest) of the outstanding bonds or warrants in the series at the time of the exclusion, less the sinking funds, reserves, and deposits held for paying the indebtedness; and
   (2) the market value of the outstanding bonds or warrants in the series at the time of the exclusion, less the sinking funds, reserves, and deposits held for paying the indebtedness. (R.S. Art. 7930—3, Sec. 10, sen. 1 (part).)

§ 53.261. Resolution Establishing Apportionment
(a) When the board adopts the resolution or enters the order excluding land, it shall determine the proportional share of district indebtedness chargeable to the excluded land. The board shall adopt in its records a resolution establishing the proportional share. When the board determines and establishes the amount, it is binding on all persons and property in both the excluded and the remaining areas of the district. (R.S. Art. 7930—3, Sec. 10, sen. 2.)

(b) The board shall charge the property remaining inside the district with the remaining district indebtedness. The property owners of the newly defined district shall pay the remaining indebtedness by annual taxes. (R.S. Art. 7930—3, Sec. 10, sen. 3.)

§ 53.262. Current Taxes—Lien
(a) The owners of the property in the excluded land shall pay the taxes levied against their property by the district for the year in which the land was excluded. Until paid, these taxes are a lien against the property excluded from the district as though the land had not been excluded.

(b) The board shall credit the amount collected against the total amount which the owners of the excluded land owe. The board may not levy additional taxes or other charges against the excluded land for the year in which the exclusion is made. (R.S. Art. 7930—3, Sec. 10, sen. 4.)

§ 53.263. Annual Levy of Taxes against Excluded Territory
(a) The district shall levy and collect taxes against the property in the excluded territory on the same basis as the district levies and collects taxes annually against the property remaining inside the district, until the amount collected equals the total net amount chargeable against the excluded territory.

(b) The district may lower the rates on the taxes and charges assessed against the property in the excluded territory for the last year during which the assessments are made, in order to obtain only enough money to discharge the balance of the sum chargeable against the excluded territory.

(c) The district shall continue to levy taxes against the land in the excluded territory each year until enough taxes have been levied to cover the excluded territory's pro rata share of the district's indebtedness. (R.S. Art. 7930—3, Sec. 10, sen. 9.)
§ 53.264. Voluntary Payments

A municipality authorized to do so, and any person, firm, or corporation desiring to do so may voluntarily pay to the district at any time any amount toward the discharge of the amount chargeable against the property in the excluded territory. The district shall credit all voluntary payments as a reduction of the amount charged against the excluded territory. (R.S. Art. 7930—3, Sec. 10, sen. 8.)

§ 53.265. Status of Delinquent Taxes

All taxes against land in the excluded territory which are delinquent at the time of exclusion or which become delinquent after the exclusion have the same status they would have had if the district had not excluded the land. The district has and may exercise all of the liens, rights, and remedies it would have had against the persons and property against which the taxes were assessed if the district had not excluded the territory. (R.S. Art. 7930—3, Sec. 10, sen. 5.)

§ 53.266. Collection of Delinquent Taxes

The principal of all delinquent taxes which were levied against excluded territory after the exclusion, and which are collected before final payment of the indebtedness charged to the territory, shall be credited against that indebtedness as if the taxes had been collected when due. The district shall enforce and collect all taxes remaining delinquent after the collection of all charges provided for in this subchapter. (R.S. Art. 7930—3, Sec. 10, sen. 6, 7.)

§ 53.267. Penalties and Interest

Taxes and charges provided for in this subchapter are subject to the same penalties and interest as are other taxes which the district levies. The district has the rights and remedies concerning these taxes which it has concerning other taxes. (R.S. Art. 7930—3, Sec. 10, sen. 10.)

§ 53.268. Discharge of Excluded Land From Obligations

On payment of its pro rata share of the district indebtedness except for delinquent taxes against specific pieces of property, the excluded territory is released from all liability to the district except the liability on each piece of property for payment of the delinquent taxes. (R.S. Art. 7930—3, Sec. 11, sen. 1 (part).)

§ 53.269. Resolution of Discharge

(a) When the liability of the excluded territory is discharged, except for delinquent taxes, the board shall adopt a resolution stating this fact and listing the property on which the taxes are unpaid. In the list the supervisors shall give a brief description of the property, the name of the owner, and the amount of the principal sum owed for each year there is a delinquency.

(b) The supervisors shall have the resolution entered in their minutes and recorded in the deed records of the county. (R.S. Art. 7930—3, Sec. 11, sen. 1 (part).)

§ 53.270. Release on Payment of Delinquent Taxes

When a property owner pays the delinquent taxes against property listed in the resolution, it is discharged from all obligations to the district. The release is established by a certificate of the tax assessor and collector of the district certifying that the property owner has paid the delinquent taxes against the property. (R.S. Art. 7930—3, Sec. 11, sen. 2.)

§ 53.271. Rights after Exclusion

The property owners of the excluded territory have no right, title, or interest in the district property after the land is excluded. (R.S. Art. 7930—3, Sec. 14.)
§ 53.272. Debts Incurred after Exclusion

No property or property owner in the excluded territory is liable for the payment of any bonds, warrants, or other indebtedness issued or incurred by the district after the territory is excluded. (R.S. Art. 7930—3, Sec. 13.)

§ 53.273. Findings of Fact by the Supervisors

The board's findings of fact relating to the excluded territory are prima facie valid if they are entered in the minutes. The findings are not contestable except in a direct attack instituted in a court of competent jurisdiction within the time and in the manner provided by law for election contests. (R.S. Art. 7930—3, Sec. 12.)

SUBCHAPTER B. CREATION OF DISTRICT; CONVERSION OF DISTRICT

Section 54.011. Creation of District
A municipal utility district may be created under and subject to the authority, conditions, and restrictions of Article XVI, Section 59, of the Texas Constitution.

§ 54.012. Purposes of a District
A district shall be created for the following purposes:
(1) the control, storage, preservation, and distribution of its storm water and floodwater, the water of its rivers and streams for irrigation, power, and all other useful purposes;
(2) the reclamation and irrigation of its arid, semiarid, and other land needing irrigation;
(3) the reclamation and drainage of its overflowed land and other land needing drainage;
(4) the conservation and development of its forests, water, and hydroelectric power;
(5) the navigation of its inland and coastal water;
(6) the control, abatement, and change of any shortage or harmful excess of water;
(7) the protection, preservation, and restoration of the purity and sanitary condition of water within the state; and
(8) the preservation of all natural resources of the state.

§ 54.013. Composition of District
(a) A district may include the area in all or part of any county or counties including all or part of any cities and other public agencies.
(b) The land composing a district need not be in one body, but may consist of separate bodies of land separated by land which is not included in the district.

§ 54.014. Petition
When it is proposed to create a district, a petition requesting creation shall be filed with the commission. The petition shall be signed by a ma-
ajority in value of the holders of title of the land within the proposed district, as indicated by the county tax rolls. If there are more than 50 persons holding title to the land in the proposed district, as indicated by the county tax rolls, the petition is sufficient if it is signed by 50 holders of title to the land.

§ 54.015. Contents of Petition

The petition shall:

1. describe the boundaries of the proposed district by metes and bounds or by lot and block number, if there is a recorded map or plat and survey of the area;

2. state the general nature of the work proposed to be done, the necessity for the work, and the cost of the project as then estimated by those filing the petition; and

3. include a name of the district which shall be generally descriptive of the locale of the district followed by the words Municipal Utility District, or if a district is located within one county, it may be designated "____ County Municipal Utility District No. _____" (Insert the name of the county and proper consecutive number.) The proposed district shall not have the same name as any other district in the same county.

§ 54.016. Consent of City

(a) No land within the corporate limits of a city or within the extraterritorial jurisdiction of a city, shall be included in a district unless the city grants its written consent, by resolution or ordinance, to the inclusion of the land within the district. The request to a city for its written consent to the creation of a district, shall be signed by a majority in value of the holders of title of the land within the proposed district as indicated by the county tax rolls or, if there are more than 50 persons holding title to the land in the proposed district as indicated by the county tax rolls, the request to the city will be sufficient if it is signed by 50 holders of title to the land in the district. A petition for the written consent of a city to the inclusion of land within a district shall describe the boundaries of the land to be included in the district by metes and bounds or by lot and block number, if there is a recorded map or plat and survey of the area, and state the general nature of the work proposed to be done, the necessity for the work, and the cost of the project as then estimated by those filing the petition.

(b) If the governing body of a city fails or refuses to grant permission for the inclusion of land within its extraterritorial jurisdiction in a district within 60 days after receipt of a written request, a majority of the electors in the area proposed to be included in the district or the owner or owners of 50 percent or more of the land to be included may petition the governing body of the city and request the city to make available to the land the water or sanitary sewer service contemplated to be provided by the district.

(c) If the governing body of the city and a majority of the electors or the owner or owners of 50 percent or more of the land to be included in the district fail to execute a mutually agreeable contract providing for the water or sanitary sewer service requested within six months after receipt of the petition, the failure shall constitute authorization for the inclusion of the land in the district under the provisions of this section. Authorization for the inclusion of such land within the district under the provisions of this section shall mean only authorization to initiate proceedings to include the land within the district as otherwise provided by this Act.

(d) The provisions of this section relating to the method of including land in a district without securing the written consent of a city applies only to land within the extraterritorial jurisdiction of a city and does not apply to land within the corporate limits of a city. Under no circumstances shall land within the corporate limits of a city be included in a
district without the written consent, by ordinance or resolution, of the city. The provisions of this section shall apply whether the land is proposed to be included in the district at the time of creation of a district or to be included by annexation to a district.

(e) A city may provide in its written consent to the inclusion of land in a district, that the district construct all facilities to serve the land in accordance with plans and specifications which have been approved by the city. The city may also provide in its written consent that the city shall have the right to inspect all facilities being constructed by a district. The city's consent to the inclusion of land in the district may also contain restrictions on the terms and provisions of the district's bonds and notes issued to provide service to the land and conditions on the sale of the district's bonds and notes if the restrictions and conditions do not generally render the bonds and notes of districts in the city's extraterritorial jurisdiction unmarketable. The city's consent to the inclusion of land in a district may restrict the purposes for which a district may issue bonds to the purposes of the purchase, construction, acquisition, repair, extension and improvement of land, easements, works, improvements, facilities, plants, equipment and appliances necessary to:

(1) provide a water supply for municipal uses, domestic uses and commercial purposes;

(2) collect, transport, process, dispose of and control all domestic, industrial or communal wastes whether in fluid, solid or composite state; and

(3) gather, conduct, divert and control local storm water or other local harmful excesses of water in the district and the payment of organization expenses, operation expenses during construction and interest during construction.

(f) In addition to all the rights and remedies provided by the laws of the state in the event a district violates the terms and provisions of a city's written consent, the city shall be entitled to injunctive relief or a writ of mandamus issued by a court of competent jurisdiction restraining, compelling or requiring the district and its officials to observe and comply with the terms and provisions prescribed in the city's written consent to the inclusion of land within the district.

§ 54.017. Deposit

(a) The petition shall be accompanied by a deposit of $250 which shall be paid to the commission for the use of the state, and no part of the deposit shall be returned except as provided in Subsection (c) of this section.

(b) The deposit shall be deposited with the state treasurer to be held in trust outside the state treasury until the commission either grants or refuses the petition, at which time the commission shall direct the state treasurer to transfer the deposit to the general revenue fund.

(c) If at any time before the hearing the petitioners desire to withdraw the petition, the commission shall direct the refund of the deposit to petitioners, or their attorney of record, whose receipt for the deposit shall be sufficient.

§ 54.018. Establishing a Date of Hearing

On the filing of a petition, the commission or someone authorized by the commission, shall fix a date, time, and place at which the petition shall be heard and shall issue notice of the date, time, and place of hearing. The notice shall inform all persons of their right to appear and present evidence and testify for or against the allegations in the petition, the form of the petition, the necessity and feasibility of the district's project, and the benefits to accrue.

§ 54.019. Notice of Hearing

(a) Notice of the hearing shall be published in a newspaper with general circulation in the county or counties in which the district is located
once a week for two consecutive weeks. The first publication shall be at least 14 days before the day of the hearing.

(b) Notice of the hearing shall also be given by mailing a copy of the notice to each city which has extraterritorial jurisdiction in the county or counties in which the proposed district is located and which has formally requested notice of the creation of all districts in the county or counties in which the city’s extraterritorial jurisdiction is located.

(c) The request by a city for notice of hearings on the creation of districts shall be filed annually with the commission during the month of January. 2. the amount which should be levied for the payment of principal, interest, and redemption price of each series of bonds or notes payable in whole or in part from taxes;
3. the amount which should be levied for the purpose of paying all other contractual obligations of the district payable in whole or in part from taxes; and
4. the percentage of anticipated tax collections and the cost of collecting the taxes.

(c) In determining the amount of taxes which should be levied each year, the board may consider whether proceeds from the sale of bonds have been placed in escrow to pay interest during construction and whether the board reasonably expects to have revenue or receipts available from other sources which are legally available to pay principal or interest or redemption price on the bonds. The board shall levy a tax in the first full year after issuance of its first series of bonds.

§ 54.603. Mandamus by Bondholders
In the event the board fails or refuses to levy a sufficient tax in each year which, together with other revenues or receipts which may be legally used for these purposes, will be sufficient to pay the required principal of or interest or redemption price on the bonds, notes, or other contractual obligations payable when due, or to pay the district's other contractual obligations payable from taxes in addition to all other remedies which may be available, the owner of the district's bonds, notes, or other contractual obligations shall be entitled to a writ of mandamus issued by a court of competent jurisdiction to compel the board to levy a sufficient tax to meet the district's obligations to the owners of its bonds, notes, or other contractual obligations.

§ 54.608. Property Owner's Oath

(a) The statement and rendition shall have attached to it substantially the following oath: "I ________________, on my oath, state that the foregoing statement and rendition is a true, full and complete statement of all property owned by me, or for whom this rendition is made or by whom this rendition is made, subject to taxation in the district. I have correctly stated the description, location, and value thereof and of each item thereof."

(c) In making the rendition of unrendered property, the assessor and collector shall include all property which is not rendered by the owner or his agent, and if the owner is unknown, the property shall be listed as being owned by "owner unknown."

(d) Property whose owner is unknown shall be taxed and taxes collected even though the owner is unknown.

§ 54.611. Rendition of Property at a Later Date

On creation of the district, if it becomes necessary to have property rendered for taxation at a later date than provided for regular assessment, the board shall fix the time for the rendition to be made and the other necessary functions connected with it. After the first year, the assessments shall be made as provided in this chapter.

§ 54.612. Authority to Administer Oaths

The assessor and collector and any deputy assessor collector may administer oaths to fully carry out his duties and the assessment of property for taxation.
§ 54.613. Laws and Penal Statutes Applicable to Rendition of Property

(b) The assessor and collector shall file with the board of equalization a list of all persons who fail or refuse to render their property.

§ 54.623. Hearing

After the board of equalization has passed on the renditions, it shall set a date to hear protests from persons whose renditions have been raised.

§ 54.624. Notice of Hearing

At least 10 days before the hearing, the secretary of the board of equalization shall mail written notice of the time and place of the hearing to all persons whose assessments have been raised. Failure to give the notice does not relieve the owner of the property of his duty to take notice of the hearing and to attend.

(b) The property may be sold under a judgment of a court for all taxes, interest, penalty, and costs assessed against the property at any time after taxes become delinquent.

(c) The district may file suit to collect the delinquent taxes, and if the owner of the property is unknown, the suit may be filed against the unknown owner and the property sold under judgment of the court.

(d) Taxes are not barred by any statute of limitation, and no law providing for a period of limitation as to debts or actions shall apply to these taxes.

§ 54.630. Interest and Penalty on Delinquent Taxes

§ 54.631. Preparing and Filing Delinquent Tax Roll

The assessor and collector shall prepare and file with the board a delinquent tax roll on or before October 1 of each year. The delinquent tax roll shall show all charges on the tax rolls which have not been paid. The delinquent tax roll shall include:

(d) Costs of the suit shall be taxed in the order of sale.

§ 54.635. Sale of Property to Pay Delinquent Taxes

(a) Property on which delinquent taxes are owed shall be sold under order of sale.

(b) If more property is covered by the lien fixed by the judgment than is necessary to secure the amount due, the property may be divided and sold in parcels as necessary to collect the amount due.

(c) The officer executing the order of sale shall make deeds to the purchaser which shall be held to vest a good and perfect title in the purchaser, subject to contest only for fraud.

§ 54.636. Redemption of Property on Which Delinquent Taxes Are Owed

property owner in the district filed with the secretary of the board before the time the first election on the question of the issuance of bonds payable in whole or in part from taxes is called.

§ 54.702. Hearing to Announce Proposed Exclusions and to Receive Petitions

If the board determines that an exclusion hearing should be held or if a written petition requesting an exclusion hearing is filed with the secretary of the board as provided in Section 54.701 of this code, the board shall give notice of a time and place of a hearing to announce its own conclusions relating to land or other property to be excluded and to receive petitions for exclusion of land or other property.

§ 54.703. Notice of Hearing

(a) The board shall publish notice of the hearing once a week for two consecutive weeks in one or more newspapers with general circulation in the district. The first publication shall appear at least 14 days before the day of the hearing.

(b) The notice shall advise all interested property owners of their right to present petitions for exclusions of land or other property and to offer evidence in support of the petitions and their right to contest any proposed exclusion based on either a petition or the board's own conclusions and to offer evidence in support of the contest.

§ 54.704. Petition

(a) A petition for exclusion of land must accurately describe by metes and bounds or lot and block number the land to be excluded. A petition for exclusion of other property must describe the property to be excluded.

(b) A petition for exclusion shall be filed with the district at least seven days before the hearing and shall state clearly the particular grounds on which the exclusion is sought. Only the stated grounds shall be considered.

§ 54.705. Grounds for Exclusion

Exclusions from the district may be made on the grounds that:

(1) to retain certain land or other property within the district's taxing power would be arbitrary and unnecessary to conserve the public welfare, would impair or destroy the value of the property desired to be excluded, and would constitute the arbitrary imposition of a confiscatory burden;

(2) to retain any given land or other property in the district and to extend to it, either presently or in the future, the benefits, service, or protection of the district's facilities would create an undue and uneconomical burden on the remainder of the district; or

(3) the land desired to be excluded cannot be bettered as to conditions of living and health, or provided with water or sewer service or protected from flood, or drained, or freed from interruption of traffic caused by excess of water on the roads, highways, or other means of transportation serving the land, or otherwise benefited by the district's proposed improvements.

§ 54.706. Hearing Procedure

The board may adjourn the hearing from one day to another and until all persons desiring to be heard are heard. The board immediately shall specifically describe all property which it proposes to exclude on its own motion and shall hear first any protests and evidence against exclusions proposed on the board's own motion.

§ 54.707. Order Excluding Land

After considering all engineering data and other evidence presented to it, the board shall determine whether the facts disclose the affirmative of the propositions stated in Subsection (1) or (2) or, if appropriate, in Subsection (3) of Section 54.705 of this code. If the affirmative exists, the board shall enter an order excluding all land or other property falling within the conditions defined by the respective subsections and shall redefine in the order the boundaries of the district to embrace all land.

not excluded. A copy of the order excluding land and redefining the
boundaries of the district shall be filed in the deed records of the county
or counties in which the district is situated.

§ 54.708. Suit to Review Exclusion
Any person owning an interest in land affected by the order may file a
petition within 20 days after the effective date of the order to review, set
aside, modify, or suspend the order.

§ 54.709. Venue of Suit
The venue in any action shall be in any district court which has juris­
diction in the county in which the district is located. If the district in­
cludes land in more than one county, the venue shall be in the district
court having jurisdiction in the county in which the major portion of the
acreage of the land sought to be excluded from the district is located.

§ 54.710. Appeal
A person may appeal from the judgment or order of a district court in
a suit brought under the provisions of Sections 54.708–54.709 of this code
to the court of civil appeals and supreme court as in other civil cases in
which the district court has original jurisdiction. The appeal is subject
to the statutes and rules of practice and procedure in civil cases.

§ 54.711. Adding Land by Petition of Landowner
The owner or owners of land contiguous to the district or otherwise
may file with the board a petition requesting that there be included in
the district the land described in the petition by metes and bounds or by
lot and block number if there is a recorded plat of the area to be included
in the district.

§ 54.712. Assumption of Bonds
If the district has bonds, notes, or other obligations outstanding or
bonds payable in whole or in part from taxes which have been voted but
are unissued, the board may require the petitioner or petitioners to as­
sume their share of the outstanding bonds, notes, or other obligations and
the voted but unissued tax bonds of the district and authorize the board
to levy a tax on their property in each year while any of the bonds, notes,
or other obligations payable in whole or in part from taxation are out­
standing to pay their share of the indebtedness.

§ 54.713. Petition Signed and Executed
The petition of the landowner to add land to the district shall be signed
and executed in the manner provided by law for the conveyance of real
estate.

§ 54.714. Hearing and Determination of Petition
(a) The board shall hear and consider the petition and may add to the
district the land described in the petition if it is considered to be to the
advantage of the district and if the water, sewer, and drainage system
and other improvements of the district are sufficient or will be sufficient
to supply the added land without injuring land already in the district.
(b) If the district has bonds payable in whole or in part from taxation
which are voted but unissued at the time of an annexation, and the peti­
tioners assume the bonds and authorize the district to levy a tax on their
property to pay the bonds, then the board may issue the voted but unis­
nued bonds even though the boundaries of the district have been altered
since the authorization of the bonds.

§ 54.715. Recording Petition
A petition which is granted adding land to the district shall be filed
for record and shall be recorded in the office of the county clerk of the
county or counties in which the land is located.

§ 54.716. Adding Land by Petition of Less Than All the Landowners
In addition to the method of adding land to a district which is de­
scribed in Sections 54.711–54.715 of this code, defined areas of land,
whether or not they are contiguous to the district, may be annexed to the district in the manner set forth in Sections 54.717-54.724 of this code.

§ 54.717. Filing of Petition
A petition requesting the annexation of a defined area signed by a majority in value of the owners of land in the defined area, as shown by the tax rolls of the county or counties in which such area is located, or signed by 50 landowners if the number of landowners is more than 50, shall be filed with the secretary of the board.

§ 54.718. Hearing on Petition
It shall be the duty of the board to pass an order fixing a time and place at which the petition for annexation shall be heard which shall not be less than 30 days from the day of the order calling the hearing.

§ 54.719. Notice of Hearing
The secretary shall issue a notice setting forth the time and place of the hearing and describing the area proposed to be annexed. Notice of the hearing shall be given by posting copies of the notice in three public places in the district, and in one public place in the area proposed to be annexed for at least 14 days before the day of the hearing and by publishing a copy of the notice in a newspaper of general circulation in the county or counties in which the area proposed to be annexed is located one time at least 14 days before the day of the hearing.

§ 54.720. Order Adding Defined Area
If upon the hearing of the petition it is found by the board that the proposed annexation of the area to the district is feasible and practicable and would be of benefit both to the area and to the district, then the board, by order entered in its minutes, may receive the proposed area as an addition to and to become a part of the district. The order adding the proposed territory to the district need not include all of the land described in the petition, if on the hearing a modification or change is found necessary or desirable by the board.

§ 54.721. Filing of Order Adding Land
(a) A copy of the order annexing land to the district, signed by a majority of the members of the board and attested by the secretary of the board, shall be filed and recorded in the deed records of the county or counties in which the district is located if the land is finally annexed to the district.
(b) After the order is recorded the area shall be a component part of the district.

§ 54.722. Election to Assume Obligation and Unissued Bonds and to Authorize Additional Bonds
(a) The annexed area shall bear its pro rata share of all bonds, notes, or other obligations or taxes which may be owed, contracted, or authorized by the district to which it has been added.
(b) Before the added area shall be subject to all or any part of the bonds, notes, obligations, or taxes, created before the annexation of the area to the district, the board shall order an election to be held in the district, as enlarged by reason of the annexation of the area, on the question of the assumption of the bonds, notes, obligations, and taxes by the annexed area.
(c) At the same election, the board may also submit a proposition on the question of whether the annexed area should assume part of the bonds of the district payable in whole or in part from taxes which have been voted previously but not yet issued or sold and the levy of an ad valorem tax on all taxable property within the area annexed along with a tax on the rest of the district for the payment of the bonds.
(d) If the election results favorably, the district shall be authorized to issue its voted but unissued tax bonds even though the boundaries of the
§ 54.722. WATER CODE

district have been changed since the original election approving of the bonds.

(e) At the election called for the purpose of determining whether the annexed area shall assume the bonds, notes, or other obligations or taxes of the district, the board in a separate proposition, may also submit the question of whether the board should be authorized to issue bonds payable in whole or in part from taxes to provide service to the area annexed.

§ 54.723. Unfavorable Assumption Election or Bond Election

(a) In the event that the district has bonds, notes, or obligations or taxes which may be owed, contracted, or authorized at the time an area is annexed or if the district has voted but unissued bonds payable in whole or in part from taxes at the time of an annexation, the board may provide in its order annexing an area to the district that the annexation will not be complete or final unless the indebtedness, tax or bond, note, or other obligation assumption elections result favorably to the assumption of the district's outstanding bonds, notes, or other obligations and voted but unissued bonds.

(b) If the board elects to submit the question of whether the board should be authorized to issue bonds to provide service to the area annexed, the board may also provide in its order annexing an area to the district that the annexation will not be complete unless the election results favorably to the issuance of bonds to serve the annexed area.

§ 54.724. Notice of Assumption Election

Whenever an election is ordered to be held in the district for the purpose of the assumption of bonds, notes, or other obligations or taxes or the assumption of voted but unissued bonds by reason of the annexation of any area, then the election shall be held and notice given as provided for bond elections held by the district.

§ 54.725. Suit to Review Annexation

The provisions of Sections 54.708–54.710 of this code with respect to an appeal from an order excluding land from the district shall apply to review of an order annexing land to the district.

§ 54.726. Right to Serve New Land Included in District

The district has the same right and duty to furnish service to the annexed land that it previously had to furnish service to other land in the district and the board shall endeavor to serve all land in the district without discrimination.

§ 54.727. Duty to Advise Commission

The board shall furnish the commission a detailed description of any land excluded from or annexed to the district within 30 days after the exclusion or annexation or as soon after that time as practicable.

§ 54.728. Consolidation of Districts

Two or more districts governed by the provisions of this chapter may consolidate into one district as provided by Sections 54.729–54.733 of this code.

§ 54.729. Elections to Approve Consolidation

(a) After the board of each district has agreed on the terms and conditions of consolidation, which may include the assumption by each district of the other district's bonds, notes, or other obligations and voted but unissued bonds payable in whole or in part from taxation, the levy of taxes to pay for the bonds, and adoption of a name for the consolidated district, the board shall order an election in each district to determine whether the districts should be consolidated.

(b) The directors of each district shall order the election to be held on the same day in each district and shall give notice of the election for the time and in the manner provided by law for bond elections.

(c) The districts may be consolidated only if the electors in each district vote in favor of the consolidation.
§ 54.730. Governing Consolidated Districts

(a) After two or more districts are consolidated, they become one district and are governed as one district, except for the payment of debts created before consolidation if the conditions of consolidation do not provide for the assumption by each district of the other's bonds, notes, or other obligations and voted but unissued bonds.

(b) During a period of 90 days after the date of the election to approve consolidation, the officers of each district shall continue to act jointly as officers of the original districts to settle the affairs of their respective districts.

(c) The consolidation agreement may provide that the officers of the original districts shall continue to act jointly as officers of the consolidated district until the next general election or name persons to serve as officers of the consolidated district until the next general election if all officers of the original districts agree to resign. At the next general election, directors will be elected for the consolidated district in the same manner and for the same term as directors elected at a confirmation election.

(d) New officers of the consolidated district must qualify as officers of the district within the period of 90 days after the election and shall assume their offices at the expiration of the 90-day period.

(e) The current board shall approve the bond of each new officer.

§ 54.731. Debts of Original Districts

(a) After two or more districts are consolidated, the debts of the original districts shall be protected and may not be impaired. These debts may be paid by taxes levied on the land in the original districts as if they had not consolidated or from contributions from the consolidated district on terms stated in the consolidation agreement.

(b) If each district assumed the other's bonds, notes, and other obligations, taxes may be levied uniformly on all taxable property within the consolidated district in payment of the debts.

§ 54.732. Assessment and Collection of Taxes

After consolidation, the district shall assess and collect taxes on property in the original districts to pay debts created by the original districts unless each district has assumed the other district's bonds, notes, or other indebtedness payable in whole or in part from taxation.

§ 54.733. Voted But Unissued Bonds

In the event either district has voted but unissued bonds payable in whole or in part from taxation and the consolidated district assumed the voted but unissued bonds and the consolidated district was authorized to levy taxes to pay for the bonds, then the consolidated district shall be authorized to issue the voted but unissued bonds in the name of the consolidated district and levy a uniform tax on all taxable property in the consolidated district to pay for the bonds.

§ 54.734. Dissolution of District Prior to Issuance of Bonds

(a) If the board considers it advisable before the issuance of any bonds, notes, or other indebtedness, the board may dissolve the district and liquidate the affairs of the district as provided in Sections 54.734–54.738 of this code.

(b) If a majority of the board finds at any time before the authorization of bonds, notes, or other obligations or the final lending of its credit in another form that the proposed undertaking for any reason is impracticable or apparently cannot be successfully and beneficially accomplished, the board may issue notice of a hearing on a proposal to dissolve the district.

§ 54.735. Notice of Hearing

The board shall post notice of the hearing on the bulletin board at the courthouse door of each county in which the district is located and at three or more other public places within the boundaries of the district and shall publish notice of the hearing two times in a newspaper with general circulation in the district. The notice must be posted and pub-
lished at least 14 days before the hearing on the proposed dissolution of the district.

§ 54.736. Hearing
The board shall hear all interested persons and shall consider their evidence at the time and place stated in the notice.

§ 54.737. Board's Order to Dissolve District
If the board unanimously determines from the evidence that the best interests of the persons and property in the district will be served by dissolving the district, the board shall enter the appropriate findings and order in its records dissolving the district. Otherwise the board shall enter its order providing that the district has not been dissolved.

§ 54.738. Judicial Review of Board's Order
The board's decree to dissolve the district may be judicially reviewed in the manner set forth in Sections 54.708-54.710 of this code for the review of an order excluding land from the district.

A water improvement district may be created in the manner prescribed by this subchapter, either under and subject to the limitations of Article III, Section 52, of the Texas Constitution, or under Article XVI, Section 59, of the Texas Constitution. (R.S. Art. 7625, sen. 5; Art. 8194.)

§ 55.022. District Wholly Within One County
The commissioners court of a county, at any regular or called session, may create one or more water improvement districts in the county as provided by this subchapter. (R.S. Art. 7622, sen. 1, as amended.)
§ 55.023. District May Include Cities, Towns, Etc.
A district may include all or part of one or more cities, towns, villages, and municipal corporations, but no land may be included in more than one district at any one time. (R.S. Art. 7622, sen. 2, as amended.)

§ 55.024. Petition
(a) A petition requesting creation of a district may be presented to the commissioners court. The petition must be signed by a majority of the persons who hold title to land in the proposed district, representing a total value of more than 50 percent of the value of all the land in the proposed district as indicated by the county tax rolls. However, if there are more than 50 persons holding title to land in the proposed district, the petition is sufficient if signed by 50 of them. The petition must set out the boundaries of the district and designate a name for the district. (R.S. Art. 7623, sen. 1, 2 (part).)
(b) The petition may be signed and presented to the commissioners court in several copies. In this case the county clerk shall make a certified copy of the petition, including a list of the names of all signers, and shall file the certified copy and the original copies. The certified copy of the petition shall be considered the petition in all proceedings under this chapter. (R.S. Art. 7625, sen. 2, 3, 4.)

§ 55.025. Date Set for Hearing
The commissioners court shall set a date for a hearing on the petition, to be held at a regular or special session not less than 15 days nor more than 40 days after the day the petition is presented. (R.S. Art. 7623, sen. 2 (part).)

(b) The sheriff shall post copies of the notice in three public places in the proposed district, and shall post one copy at the courthouse door or on the bulletin board used for public notices. These notices shall be posted for 10 full days before the date of the hearing. The notice shall also be published once in a newspaper of general circulation in the county, if a newspaper is published in the county, at least five days before the date of the hearing. The sheriff shall make return of a true copy of the notice, showing the times and places of posting and publication. The county clerk shall record the return in the minutes of the court. (R.S. If it finds that creation of the district and the construction or purchase of the proposed irrigation system, or cooperation with the United States as provided by Section 55.161 of this code, is feasible, practicable, and necessary, and would be a public benefit and a benefit to the land included in the district, then the court shall make and enter an order granting the petition and directing that an election be held in the proposed district. Otherwise, the court shall dismiss the petition at the cost of the petitioners. (R.S. Art. 7627; Art. 7629 (part).)

§ 55.029. Appeal

(a) Any petitioner or any landowner in the district aggrieved by the order of the commissioners court may appeal the order to the district court. Notice of appeal must be filed with the commissioners court at the time of the hearing, and an appeal bond must be filed with the county clerk within 10 days after the day notice of appeal is given. At the time notice of appeal is given, the commissioners court shall fix the amount of the appeal bond at not less than $2,000 nor more than $5,000; and the bond shall be made payable to the county judge for the benefit of adverse parties.

(b) Except as otherwise provided by this section, the appeal shall be tried de novo under the rules prescribed for practice in the district court and shall be de novo.

§ 55.032. Election Officials

The commissioners court shall appoint two judges and two clerks for each polling place, and designate one of the judges to be presiding judge. If an officer fails to serve, his place shall be filled in the manner provided by the general election law. (R.S. Art. 7631, sen. 3 (part), 4, as amended.)

§ 55.036. Order; Creation of District
The commissioners court shall enter an order declaring the results of the election. If a majority of the votes favor creation of the district, the court shall enter an appropriate order declaring the district to be created and describing its boundaries by metes and bounds. (R.S. Art. 7634, sen. 2, as amended; Art. 7635, sen. 1, 2.)

§ 55.037. Directors
The commissioners court shall declare the five persons receiving the most votes to be elected directors. If not all five positions can be determined because of a tie vote, the commissioners court shall fill the necessary positions by selecting among the tying candidates. (R.S. Art. 7634, sen. 6, as amended.)

§ 55.038. Issuance of Notes
(a) If the proposition to issue notes carries, the board of directors shall issue notes of the district, in an amount not to exceed four percent of the cost of the proposed improvements, for the purpose of creating a fund to pay the cost of organizing the district and the cost of all surveys, investigations, engineering, issuance of bonds, making and filing of maps and reports, legal expenses, and all other costs and expenses authorized or made necessary by the provisions of this chapter. The board shall sell the notes or exchange them in payment of the costs and expenses.
(b) The notes shall be secured by the levy, assessment, and collection of taxes as provided for payment of bonds. The notes shall be paid out of the proceeds of the district’s bonds when they are issued and sold. If the bond election fails to carry, then the notes shall be paid out of the tax revenue. (R.S. The commission shall also inform each commissioners court of a date set by the commission on which an election shall be held in the area of the proposed district to determine whether the district will be created and to elect five directors for the district.

(R.S. Art. 7649, sen. 2 (part), as amended.)

§ 55.729. Petition and Order by Directors Recorded

(b) The secretary shall post copies of the notice in three public places in the district and in two public places in the territory proposed to be annexed. The notices shall be posted for at least 15 days immediately preceding the day of the hearing.

(c) The secretary also shall publish the notice one time in a newspaper of general circulation in the county. The notice shall be published before the beginning of the 15-day period immediately preceding the day of the hearing. (47th Legis., Ch. 403, Sec. 1, sen. 4, 5.)

§ 55.734. Resolution to Add Territory

§ 55.735. Elections to Ratify Annexation of Land

Annexation of the territory is not final until ratified at separate elections held in the district and in the territory proposed to be added to determine whether the land will be added to the district. If the district has outstanding debts or taxes, the same election shall also determine whether or not the territory to be added will assume its proportion of the debts or taxes if the land is added to the district. (47th Legis., Ch. 403, Sec. 2, sen. 4; and Sec. 3, sen. 1, 2.)

§ 55.736. Date of Elections

§ 55.737. Notice of Elections

§ 55.740. Provisions Governing Elections

The district shall pay all expenses of the election held to determine whether land shall be added to the district. (47th Legis., Ch. 403, Sec. 3, sen. 6.)
§ 55.742. Vote Required to Approve Annexation of Land

(a) In a district organized and operating under the provisions of Article III, Section 52, of the Texas Constitution, a two-thirds vote of the electors voting at each election is required to ratify annexation of land to the district. (47th Legis., Ch. 403, Sec. 4, sen. 1.)

(b) In a district operating under the provisions of Article XVI, Section 59, of the Texas Constitution, a majority vote of the electors voting at each election is required to ratify annexation of land to the district. (47th Legis., Ch. 403, Sec. 4, sen. 2.)

§ 55.743. Final Annexation Upon Favorable Vote

If the proposition to add land to a district receives the vote required in Section 55.742 of this code, the land added becomes an integral part of the district on the date of the election. The added land is subject to all laws governing the district from the date of the election and shall bear its pro rata part of all debts or taxes owned, contracted, or authorized by the district to which it is added. (47th Legis., Ch. 403, Sec. 4, sen. 3.)

§ 55.744. Affairs of the District After Annexation

Annexing land to a district does not in any manner affect the officers, employees, or affairs of the district, but the voters of the added territory have the right to participate in all district matters considered or voted on after the land is added. (47th Legis., Ch. 403, Sec. 5.)

§ 55.745. Addition of Land in Adjoining County

Land in an adjoining county may be included in a district in the same manner that land in the same county is added to a district. (R.S. Art. 777a, as amended.)

§ 55.746. Annexation of Land Owned by District Directors

(b) A director seeking to have land which he owns annexed to the district shall not participate in the proceedings of the board to consider the acceptance or rejection of the application. The remaining directors of the district may determine conditions and terms of annexation of a director's land which are not inconsistent with the provisions of this chapter. (55th Legis., Ch. 346, Sec. 2.)

§ 55.747. Consent Necessary if United States Has Contract

No land may be added to a district which is under contract with the United States without the written consent of the secretary of the interior. (R.S. Art. 7651.)

§ 55.748. Land which Becomes Part of District as if Originally Included

If land entitled to be served by an established irrigation system is not originally included in the district in the manner provided by law and later is included in the district, it shall become part of the district as if originally included and is entitled to water service on an equal basis with land originally included in the district. (R.S. Art. 7766.)

§ 55.749. Liability of Land Added to a District

(a) If land is added to a district operating under Article XVI, Section 59, of the Texas Constitution, the order of the board adding the land to the district may contain an agreement that the added land will be taxed on the benefit plan of taxation instead of general ad valorem tax. The
§ 55.749 WATER CODE

agreement may provide that the added land will be taxed on a uniform acreage basis or on the plan of a definite annual payment. (39th Legis., Ch. 152, Sec. 1, sen. 1.)

(b) The board, in its order adding land to the district, shall set the amount of the debts to be paid by the owner of the added land and levy annual taxes against the land to pay the debts. The taxes assessed by the board constitute a lien against the added land in the same manner and to the same extent as if the land had been a part of the district at the time the indebtedness was incurred or authorized by an election held for that purpose. (39th Legis., Ch. 152, Sec. 1, sen. 2.)

(c) The added land is a part of the district and is liable for debts subsequently incurred by the district in the same manner as other land in the district. (39th Legis., Ch. 152, Sec. 1, sen. 3.)

§ 55.750. Consolidation of Districts

Two or more districts governed by the provisions of this chapter may consolidate into one district as provided by Sections 55.751-55.754. (R. S. Art. 7778, sen. 1 (part).)

§ 55.751. Elections to Approve Consolidation

(a) After the directors of each district have agreed upon the terms and conditions of consolidation, they shall order an election in each district to determine whether the districts should be consolidated. (R.S. Art. 7778, sen. 1 (part).)

(b) The directors of each district shall order an election to be held on the same day in each district and shall give notice of the election for at least 20 days in the manner provided by law for other elections. (R.S. Art. 7778, sen. 1 (part), 2.)

(c) The districts may be consolidated only if the electors in each district vote in favor of the consolidation. (R.S. Art. 7778, sen. 3.)

§ 55.752. Governing Consolidated Districts

(a) When two or more districts are consolidated, they become one district, except for the payment of debts created prior to consolidation, and are governed as one district. (R.S. Art. 7778, sen. 6 (part).)

(b) During a period of 90 days after the date of the election to approve consolidation, the officers of each district shall continue to act jointly as officers of the district to wind up the affairs of their respective districts. (R.S. Art. 7778, sen. 7 (part).)

(c) The consolidation agreement may provide that the officers of the original districts shall continue to act jointly as officers of the consolidated district until the next election or name persons to serve as officers of the consolidated district until the next election if all officers of the original districts agree to resign. (R.S. Art. 7778, sen. 7 (part).)

(d) New officers of the consolidated district must qualify as officers of the district within the period of 90 days after the election and shall assume their offices at the expiration of the 90-day period. (R.S. Art. 7778, sen. 8.)

(e) The current boards shall approve the bond of each new officer. (R.S. Art. 7778, sen. 9.)

§ 55.753. Debts of Original Districts

(a) When two or more districts are consolidated, the debts of the original districts are protected and are not impaired.

(b) These debts may be paid by taxes or assessments levied on the land in the original district as if it had not consolidated or contributions from the consolidated district on terms stated in the consolidation agreement. (R.S. Art. 7778, sen. 4, 6 (part).)
§ 55.754. Taxes of the Original District

(a) After consolidation, the officers of the consolidated district shall assess and collect taxes on property in the original district to pay debts created by the original district. (R.S. Art. 7778, sen. 5 (part).)

(b) If the officers of the consolidated district fail or refuse in due time to assess and collect taxes on property in the original district to pay the obligations of the original district, the taxes may be assessed and collected and paid on the obligations by a receiver acting under orders of a district court. A creditor or five or more taxpayers in the district may bring suit in a district court to have a receiver appointed. (R.S. Art. 7778, sen. 5 (part).)

§ 55.805. Payment of Debts on Dissolution of District

(a) All debts of districts dissolved under the provisions for the dissolution of districts in this subchapter shall be prorated against the lands in the district in accordance with the assessed valuation for the preceding year of the lands owned by each separate landowner, according to the tax rolls in the office of the tax collector of the county in which the land is located. (R.S. Art. 7725—a, sen. 1 (part).)
§ 55.805  WATER CODE  2126

(b) The petition shall state:
(1) the necessity, public utility, and feasibility of the proposed district;
(2) the proposed boundaries of the district; and
(3) the proposed name for the district. (R.S. Art. 8098.)

(a) Any person filing a petition shall deposit with the clerk of the commissioners court $200 in cash, which shall be held by the clerk until the result of the election to create the district and issue bonds is officially announced.

(b) If the result of the election favors creating the district, the clerk shall return the deposit to the petitioners or their agent or attorney, but if the result of the election is against the creation of the district, the clerk shall pay the cost and expenses of the election from the deposit with vouchers signed by the county judge and return the balance of the deposit to the petitioners or their agent or attorney. (R.S. Art. 8099.)

§ 56.016. TIME OF HEARING

(b) The county auditor shall advertise for bids once a week for two consecutive weeks in a newspaper published in the county in which the district is located. The advertisement shall include the time and place
for opening the bids and the place at which the specifications may be obtained.

(c) Each bidder shall include with his bid a certified check on a Texas bank for five percent of the amount of the bid, conditioned that the successful bidder will enter into a contract, and a bond in an amount equal to the amount of the contract executed by a surety company authorized to do business in Texas.

(d) At an open meeting, the commissioners shall award the contract to the lowest and best bidder. The contract shall be made in writing, and together with the bond and original bids shall be filed in the office of the county auditor as part of the records of his office.

(e) Before any supplies are furnished or delivered or any work performed, at least two directors of the district shall issue and file with the county auditor a requisition covering the contract or purchase. The contract or purchase is not binding until the requisition is issued and filed. (44th Legis., Ch. 117, Sec. 4, and Sec. 6, sen. 1.)

§ 56.139. County Auditor's Endorsement

Before a requisition is issued or a contract approved under Section 56.136, 56.137, or 56.138 of this code, the county auditor must endorse on the requisition or contract his certificate that the contract is made or the requisition is authorized in conformity with law and that funds are available or will be available to make payment when due. (44th Legis., Ch. 117, Sec. 5.)

§ 56.140. Public and Private Improvements

(a) Canals, drains, ditches, and levees which are constructed by a district and watercourses which are cleaned or constructed by a district are the public property of the district.

(b) A person who owns land in the district may drain into one or more of the public drains, and at his own expense, the landowner may make drains according to the natural slope of the land through other lands intervening between his land and the nearest public drain or watercourse or along any public highway.

(c) Before constructing any drains, the landowner shall notify the board of his intention to construct a drain through another person's land or along a public highway, and the directors shall go on the premises and acting as a jury of view shall determine the place for constructing the drain. (R.S. Art. 8153.)

§ 56.141. Outside Drains

(a) Before a person artificially drains adjacent land located outside the district into the canals, drains, or ditches of the district, the person must submit a written application to the board, and the board must grant permission to make the connections. The application shall include the width, depth, and length of the connecting drains and ditches. (R.S. Art. 8167.)

(b) When the application is filed with the board, the engineer shall estimate the quantity of water which the connecting drains or ditches would probably empty into the established canals or drains and shall indicate whether or not the established canals or drains have sufficient capacity to carry the excess water without risk or damage to the canals, drains, or adjacent territory. The engineer shall report to the board the result of his examination and his estimate. (R.S. Art. 8168.)

(c) Unless an agreement is reached with the applicants, the commissioners may authorize the connection on condition that the applicant first pay to the construction and maintenance fund an amount of money which bears the same ratio to the cost of the original canal or drain from the
point of connection to its outlet as the water to be emptied into the canal or drain by the connecting drains bears to the water then flowing into and being carried by the original canal or drain as estimated by the engineer. (R.S. Art. 8169.)

§ 56.142. Enlargement of Canals, Drains, and Other Outlets

(a) If the engineer's report indicates that the capacity of the canals, drains, or outlets of the district are insufficient to carry the excess water that would be discharged into them by connecting drains or that the additional discharge of water will endanger the canals and drains or the lands and property adjacent to them, the commissioners court in the county in which the district is located may give the applicant permission to construct connecting drains and secure the desired outlet on condition that the applicant make necessary enlargements of the canals and drains of the district at the applicant's own expense. The increased capacity of the canals of the district shall be sufficient to carry any increase of water caused by the connection without danger to canals and drains or lands adjacent to them. (R.S. Art. 8170.)

(b) The engineer shall supervise and direct the enlargement of the canals and drains, and after the work is completed to his satisfaction, the engineer shall report to the commissioners court under his official certificate. The report shall show:

1. the kind of work done;
2. the extent of the work;
3. the new capacity to be sufficient to carry excess water from the connecting drain;
4. the number of days spent by the engineer supervising the work; and
5. the amount due to the engineer for his services.

(c) On approving the engineer's report, the commissioners court shall issue an order authorizing the connections to be made with the canals and drains on payment of the amount due to the engineer as shown by the engineer's report and shall order the applicant to pay the engineer's salary. (R.S. Art. 8171.)

§ 56.143. Contract for Improvements with the United States

(a) Any district which is converted under Section 56.032 of this code and which lies wholly within one county may enter into contracts with the United States, including the Bureau of Reclamation of the Department of Interior, to construct improvements.

(b) The board must approve the project, plans and specifications, and methods of constructing or reconstructing the improvements.

(c) After approval, the board may execute a contract for a specified number of years or until the plans or programs of the district are completed and shall pay the obligations incurred under the contract by issuing bonds that are approved by the voters in the manner provided for issuing other bonds of the district. The board shall deliver the bonds to the United States. (55th Legis., Ch. 105, Sec. 1, subsec. (5).)

(R.S. Art. 8150, sen. 1 (part).)

(b) Payment of taxes under this section may be made either in money or by surrender of bonds or other evidences of debt of the district. Any holder or owner of debt owed by the district may surrender his bonds and coupons or approved accounts to the district tax collector to pay for taxes owed on property in the district which is owned by the holder or owner of the debt, and when surrendered, the bonds or evidences of debt shall be marked paid and a receipt issued for them. § 56.303. Powers of the Trustee

(a) The commissioners court shall provide for disposition and sale of district property, and after giving the required bond, the trustee shall assume control from the commissioners court of the district's property, including money in the district treasury and books, notes, accounts, and choses of action.

(b) The trustee may sue any person in possession of property of the district or owing a debt to the district as though the district were still organized and may employ counsel to assist him in all suits and in the care and management of the business of the dissolved district. (R.S. Art. 8184, sen. 1 (part); R.S. Art. 8185.)

§ 56.304. Expenses of the Trustee

(a) The trustee shall charge against the trust estate all reasonable expenses incurred by him in caring for, conducting, and controlling the business of the district, in employing counsel for the district, and in conducting or defending suits, and on posting notice as required in cases of other claims, the trustee shall present the charges to the commissioners court annually at a regular meeting.

(b) On approval by the commissioners court, the expenses become a valid and subsisting claim against the district and may be retained by the trustee out of funds controlled by him as treasurer of the dissolved district.

(c) If the claim for expenses is rejected either in whole or in part, the trustee may appeal the decision as other claimants appeal decisions under this subchapter. (R.S. Art. 8191.)
§ 56.305. Presentation of Claims
(a) Within the six-month period immediately following approval of the trustee's bond, any person who has a claim against the district shall present the claim duly verified to the trustee, and if the trustee finds that the claim is correct, he shall allow the claim, and the claimant shall file the claim with the clerk of the commissioners court before the beginning of the 20-day period immediately preceding the next regular meeting of the commissioners court.
(b) The clerk shall immediately issue notice of the filing to all persons interested in the district, and the notice shall be posted in three public places and at the courthouse door before the beginning of the 20-day period immediately preceding the next regular meeting of the commissioners court. (R.S. Art. 8186.)

§ 56.306. Approval of Claim
(a) At a regular meeting, the commissioners court shall determine the validity of the claim, and if the commissioners court finds that the claim is correct, it shall approve the claim and enter an order of approval in its minutes.
(b) After the claim is approved, it is a valid and subsisting claim against the district and shall be filed with the trustee who shall pay the claim in the order it was filed from the district treasury or from funds collected as liquidation taxes. (R.S. Art. 8187, sen. 1, 2.)

§ 56.307. Appeal
If any claimant is not satisfied with the judgment of the commissioners court, he may appeal the judgment in the manner that cases are appealed from the justice court. (R.S. Art. 8189.)

§ 56.308. Rejection of Claim
(a) If the trustee finds any claim unjust either in whole or in part, he shall endorse on the claim his refusal to allow it.
(b) If the whole claim is refused, the claimant may bring suit to collect the claim against the trustee in a court of competent jurisdiction in the county, and if the claim is judged valid by the court, the judgment shall be filed with the trustee and paid in its order as other claims.
(c) If the claim is refused only in part and the claimant waives his claim to the part refused, he shall file the claim in the commissioners court for approval, but if the claimant does not waive his claim to the part refused, he shall withdraw his claim from the trustee and may bring suit as provided in Subsection (b) of this section. (R.S. Art. 8188.)

§ 56.309. Bonds and Approved Claims
Bonds and approved claims which were outstanding debts of the district before its dissolution are valid and subsisting claims against the district without further approval under this subchapter, but they are subject to contest according to the provisions of this subchapter. (R.S. Art. 8187, sen. 3.)

§ 56.310 Contesting Claim
(a) If any district taxpayer files with the trustee a protest against any claim which was allowed by the former drainage commissioners before the district was dissolved and which was unpaid at the time the district was dissolved, the trustee shall refuse to pay the claim. The protest shall be accompanied by a bond in double the amount of the claim with sufficient sureties to be approved by the trustee and payable to the trustee, conditioned on payment by the contesting of all costs of suit if the claimant establishes his claim.
§ 56.310  WATER CODE  2156

(b) After the trustee rejects the claim, the claimant may bring suit against the trustee to recover the claim as in other suits of a civil nature, and the contestant and his bondsman shall be parties to the suit. The trustee shall make all defenses urged against the claim by the contestant. If the claimant recovers, judgment shall be rendered against the contestant and his bondsman for costs incurred in the suit, and the claimant shall file the judgment with the trustee who shall pay the claim as other claims are paid under this subchapter. (R.S. Art. 8190.)

§ 56.311. Final Report of Trustee

(a) When all claims against the district are paid and all costs and expenses incurred in controlling and managing the district are satisfied, the trustee shall file with the commissioners court his account for final settlement.

(b) The trustee's account shall include a complete statement of all money received and paid out, of all property controlled and disposed of by the trustee, and of all other matters relating to management of the district's affairs.

(c) On approval of the account, the commissioners court shall direct the trustee to turn over to persons entitled to it as found by the commissioners court all money and property remaining in the control of the trustee, and on compliance with this order, the trustee shall report to the commissioners court, and the commissioners court shall enter an order discharging the trustee and his bondsman and closing the trust estate. (R.S. Art. 8193.)

\textbf{SUBCHAPTER B. CREATION OF DISTRICT}

\textbf{Section 57.011. Creation}

A levee improvement district may be created in the manner prescribed by this chapter under Article XVI, Section 59, of the Texas Constitution. (R.S. Art. 7972 (part).)

§ 57.012. Petition

(a) Before a district is created, a petition must be presented to the commissioners court or to the county judge of the county if the commissioners court is not in session.

(b) The petition, signed by the owners of a majority of the acreage of the proposed district, shall:

(1) describe the proposed boundaries of the district;

(2) state the general nature of the proposed improvements and their necessity and feasibility;

(3) state whether the taxes proposed to be levied in the district are to be levied on the ad valorem basis or on the benefit basis; and

(4) designate a name for the district which shall include the name of the county in which the district is located.

(c) If the proposed district is composed of land in two or more counties, the petition must designate one of the counties in which any part of the district is to be located as the county of jurisdiction, and this county has jurisdiction over all matters concerning the district. (R.S. Art. 7974, sen. 1 (part).)

§ 57.013. Deposit

(a) A petition for creation of a district shall be accompanied by a deposit of $50, and if the district is to be composed of more than one county, the deposit shall be $75.
(b) The deposit shall be paid to the clerk of the commissioners court, and the clerk shall use the deposit to pay all expenses incident to the hearing on the petition. The clerk shall pay the expenses with vouchers approved by the county judge.

(c) If any of the deposit is left after the expenses are paid, the clerk shall return the excess to the petitioners or their attorney. (R.S. Art. 7976.)

§ 57.014. Hearing on Petition

The commissioners court or the county judge to which the petition is presented shall fix a time and place for the hearing on the petition before the commissioners court. The hearing must be held during the period beginning with the 15th day and ending with the 30th day after the date of the order. (R.S. Art. 7974, sen. 1 (part).)

§ 57.015. Notice of Hearing

(a) The commissioners court shall order the county clerk to issue notice informing all persons concerned of the time and place of the hearing, and of their right to appear at the hearing to contend for or contest the creation of the district, and the county clerk shall deliver the notice to any adult person who is willing to post it. (R.S. Art. 7974, sen. 1 (part).)

(b) The notice shall be posted at the courthouse door and at four different places inside the proposed district. If the district is located in more than one county, the person posting the notice shall post a copy at the courthouse door in each county in which any portion of the proposed district is located and at four separate places inside the boundaries of that portion of the district located in each county. The notice shall be posted for at least 10 days before the date of the hearing.

(c) Any person who posts the notice shall make an affidavit before some officer authorized by law to administer oaths that he posted the notices. The affidavit is conclusive of the sworn facts. (R.S. Art. 7975.)

(d) The order of the commissioners court shall direct the county clerk to mail notice of the hearing to the water development board in Austin, Texas. The notice shall state that the petition has been filed and shall include a statement of the petition’s general purpose and the time and the place of the hearing. (R.S. Art. 7974, sen. 2.)

§ 57.016. Investigation by Water Development Board

(a) When the water development board receives the notice provided for in Section 57.015(d), it shall examine the proposed district, and do the work required to determine the necessity, feasibility, and probable costs of reclaiming the land of the district from overflow and of draining it properly. The water development board shall also determine the costs of organizing the district and maintaining it for two years.

(b) A representative of the water development board shall attend the hearing on the petition to create the district and file a written report with the commissioners court on matters which have been investigated. The board shall furnish the commissioners court any additional information that is required. (R.S. Art. 7977.)

§ 57.017. Hearing Procedure

(a) The commissioners court has exclusive jurisdiction to determine all issues with respect to the creation of the district and all issues involved in proceedings with respect to the district after it has been created.

(b) The commissioners court may adjourn the hearing from day to day and from time to time.
§ 57.017 WATER CODE

(c) The commissioners court may make all incidental orders deemed proper with respect to the matters before it. (R.S. Art. 7978, sen. 2, 3, 4.)

§ 57.018. Conduct of Hearing

§ 57.019. Findings and Judgment
(a) Before the commissioners court determines that the district should be created, it must find:
   (1) that the petition is signed by the owners of a majority of the acreage in the proposed district;
   (2) that notice of the hearing was given;
   (3) that the proposed improvements are desirable, feasible, and practicable; and
   (4) that the proposed improvements would be a public utility and a public benefit and would be conducive to public health.
(b) If the commissioners court determines that the district should be created, it shall render a judgment which recites its findings and establishes the district.
(c) The commissioners court shall include its findings and judgment in an order which shall be recorded in the minutes of the commissioners court. The order shall define the boundaries of the district, but it does not have to include all of the land described in the petition if at the hearing a modification or change in the district is found to be necessary. (R.S. Art. 7979, sen. 1.)

§ 57.020. Appeal of Dismissal of Petition
If at the hearing on the petition the commissioners court enters an order dismissing the petition, the petitioners or any one of them or any taxpayer in the district may appeal the order to the district court of the county. (R.S. Art. 7979, sen. 3 (part).)

§ 57.021. Notice of Appeal
(a) Notice of the appeal shall be given by announcement at the time the order of the commissioners court is recorded or by written notice within the two-day period immediately following the entry of the order.
(b) If the notice is announced at the time the order is entered, the notice shall be entered in the minutes of the commissioners court.
(c) Written notice given under this section shall include a simple statement that the undersigned is appealing the order of the commissioners court and shall be filed with the county clerk. (R.S. Art. 7979, sen. 3 (part).)

§ 57.022. Appeal Bond
Within five days from the date the order is recorded, the appellant must file an appeal bond with two or more good and sufficient sureties, payable to the county judge, approved by the county clerk, and conditioned upon the due prosecution of the appeal and payment of all costs incident to the appeal. No extension of time will be granted for filing the appeal bond. (R.S. Art. 7979, sen. 3 (part).)
§ 57.023. Time for Appeal

Unless the appeal is perfected according to Sections 57.021–57.022 of this code within five days after the order is rendered, the order shall be final and conclusive. (R.S. Art. 7979, sen. 3 (part).)

§ 57.024. Transfer of Records and Orders

Within five days after the appeal bond is filed, the county clerk must transfer to the clerk of the district court all the records filed with the commissioners court which relate to the establishment of the district and a transcript of the orders of the commissioners court. No additional pleadings are required. (R.S. Art. 7979, sen. 3 (part).)

§ 57.025. Trial of Appeal and Judgment

(a) The district court shall set the appeal for a hearing and shall give it precedence over all other cases. The appeal shall be tried de novo.

(b) The judgment of the district court shall be final and conclusive, and the decision shall be certified to the commissioners court for its further action. (R.S. Art. 7979, sen. 4, 5.)

§ 57.026. Authorizing Districts to Operate under this Chapter

(a) Districts that are organized under the laws of this state for the purpose of reclaiming lands through a system of levees and drainage and that are not governed by the provisions of laws of this state are entitled to and may exercise all the rights, powers, and privileges conferred by this chapter on districts created under it. They are also entitled to exercise all of the enlarged powers which may be conferred under Article XVI, Section 59, of the Texas Constitution.

(b) Before a district may operate under the provisions of this chapter, the owners of a majority of the acreage of the district must present to the commissioners court of the county in which the district is located a petition requesting that a hearing be ordered to determine whether or not the district may avail itself of the provisions of this chapter.

(c) The commissioners court shall fix a time and place for the hearing, and give notice according to the provisions of Section 57.015 of this code.

(d) At the hearing the commissioners court shall hear evidence for and against the issue presented by the petition. If it finds that the interests of the district would be promoted by granting the petition, it shall enter a judgment in the record, declaring that:

(1) it is in the interest of the district to avail itself of all rights, powers, and privileges conferred by this chapter on districts created under it;

(2) the district on behalf of which the petition is filed is entitled to and may exercise all rights, powers, and privileges conferred by this chapter on districts created by it; and

(3) the district may exercise all the rights, powers, and privileges as if it were created under this chapter, and shall proceed as if it were created under this chapter.

(b) If the plan of reclamation is changed or modified, or if extensive repairs or additions to the plan of reclamation are desired, the board shall file a petition with the commissioners court describing the changes, modifications, repairs, or additions.

(c) When a petition is filed, the commissioners court shall set a day for a hearing on the petition.

(c) If the commissioners court orders a reassessment, it shall appoint commissioners of appraisement as provided in Section 57.263 of this code, and the new commissioners of appraisement have the same powers, rights, privileges, and duties as provided in Section 57.267 of this code. The sum of benefits as reassessed may never be less than the sum of all outstanding bonds and other indebtedness of the district.
§ 57.275  WATER CODE

(c) The commissioners court of each county in which the district is located shall levy and have assessed and collected taxes based on the reassessment, at a rate sufficient to provide funds to pay the interest on all outstanding bonds and other indebtedness of the district, to pay the bonds or other indebtedness at maturity, and to provide the necessary sinking funds to pay all bonds or other indebtedness that may be issued.

(d) If the plan of reclamation is modified, or if extensive repairs or additions are made, the provisions of this section apply to districts that levy taxes on the ad valorem basis, but the commissioners of appraisal shall assess only the damages which will accrue to the property inside or outside the district as a result of the changes in the plan. (R.S. Art. 8033.)

§ 57.277. Levy of Maintenance Tax

(a) If a maintenance tax is approved at an election, the commissioners court of each county in which any portion of the district is located shall levy and have assessed and collected taxes on all taxable property inside the district based on the net benefits to the property that will be accomplished by the plan of reclamation if the district provides for levying taxes on a benefit basis or on the value of each piece of property as made for state and county purposes if the district provides for levying taxes on the ad valorem basis.

(b) The tax rate shall not be more than the specific rate approved at the election.

(c) The district shall use money obtained from the maintenance tax only for maintenance, upkeep, and repair, to make additions to the levees and other improvements in the district, and for other purposes stated in this chapter. (R.S. Art. 8013, sen. 1 (part), 2.)

(b) As additional security, the encumbrance may pledge the net income and revenue from the operation of properties and facilities of the district and may provide for a grant, to a purchaser under sale or foreclosure, of a franchise to operate, subject to all regulatory laws, the encumbered property and facilities for a term of not more than 20 years from the date of purchase. (47th Legis., Ch. 38, Sec. 1.)

(b) At the hearing, any person interested may appear before the commission in person or by attorney and contend for or protest the creation of the proposed indebtedness.

SUBCHAPTER H. PROMOTION AND DEVELOPMENT FUND IN CERTAIN DISTRICTS

Section 60.201. Purpose

Districts in this state which include cities of 100,000 or more inhabitants and which operate ports or waterways and harbor and terminal facilities are in keen competition with other ports, waterways, harbors, and terminals outside the state and with privately owned port and terminal facilities inside the state. Well-situated and well-equipped ports and waterways in other nearby states and owners of substantial port and terminal facilities located inside and outside the state are advertising, promoting and developing their competing ports, waterways, harbors, and terminals through expenditure of large amounts of money without any audit or restriction on expenditure of the money. This activity or expenditure is thwarting and impeding the use, progress, and development of the ports, waterways, harbors, and terminals of this state. Continuation of this hardship and injustice can best be met and coped with by more liberal use of some relatively small fund set aside from the gross income from operations of the ports of this state to be used in the manner provided in this subchapter. (51st Legis., Ch. 280, Sec. 1, as amended.)

§ 60.202. Creation of Fund

A district organized under general or special law and containing a city of 100,000 or more population, according to the last preceding federal
§ 60.203. Expenditure of Fund
Money in the promotion and development fund shall be spent by the commission or as the commission may direct to pay any expenses connected with:

(1) any activity or matter incidental to the advertising, development, or promotion of the district or its ports, waterways, harbors, or terminals;
(2) furthering the general welfare of the district and its facilities; or
(3) the betterment of the district’s relations with steamship and rail lines, shippers, consignees of freight, governmental officials, or others interested or sought to be interested in the ports, waterways, harbors, or terminals. (51st Legis., Ch. 280, Sec. 2, as amended.)

§ 60.204. Management and Control of Promotion and Development Fund
(a) The money in the promotion and development fund shall be kept separate from all other funds and accounts of the district, and no money collected from assessing or levying taxes may be mingled with the fund.
(b) The promotion and development fund shall be under the exclusive control of the commission, and the commission shall have full responsibility for auditing, approving, and safeguarding the expenditure of money from the fund.
(c) The county auditor shall exercise his usual supervision and control to assure that the commission sets aside no more than five percent of its gross income from operations in each calendar year in the promotion and development fund. The county auditor shall not audit disbursements from the fund but shall be entitled to a monthly statement showing the:
(1) date of each disbursement from the fund;
(2) amount disbursed;
(3) person or concern to whom disbursed; and
(4) general purpose of each disbursement. (51st Legis., Ch. 280, Sec. 3, as amended.)

§ 60.205. Other Expenses not Affected
Since this subchapter authorizes disbursements from the promotion and development fund for unusual purposes and occasions not covered by other law, the setting aside of the fund and disbursements from the fund shall not affect payment of other expenses customarily approved, audited, and paid out of the regular funds of the district. (51st Legis., Ch. 280, Sec. 4, as amended.)

SUBCHAPTER I. REVENUE BONDS

Section 60.221. Modification of Revenue Bond Resolution

(53rd Legis., Ch. 226, Sec. 1.)

§ 60.244. Findings of Navigation Board

(a) After the hearing, if the navigation board finds that conversion to a district operating under Article XVI, Section 59, of the Texas Constitution, would be in the best interest of the district and would be a benefit to the land and property located in the district, it shall enter an order making these findings and the district shall become a district operating under Article XVI, Section 59, of the Texas Constitution.

(b) If the navigation board finds that conversion to a district operating under Article XVI, Section 59, of the Texas Constitution, would not be in the best interest of the district and would not be a benefit to the land and property located in the district, it shall enter an order making these findings.

(c) The findings of the navigation board are final and are not subject to appeal or review. (41st Legis., 1st C.S., Ch. 103, Sec. 1, sen. 5, 6, 7.)

§ 60.245. Status of Converted District

A district which is converted under the provisions of this subchapter shall be constituted a district operating under Article XVI, Section 59, of the Texas Constitution and shall be governed by the provisions of Chapter 62 of this code as if it had originally been organized under Article XVI, Section 59, of the Texas Constitution, except the commissioners of a converted district shall be appointed in the manner that initial commissioners are appointed under Sections 62.061 and 62.062 of this code. (41st Legis., 1st C.S., Ch. 103, Sec. 1, sen. 8.)

§ 60.246. Powers of Converted District

(a) Nothing in this subchapter shall be construed to deprive a converted district of any powers conferred on it by the law under which it was organized.
§ 60.301

(b) A converted district shall have the additional powers conferred on districts under Sections 61.151, 61.161–61.168, 61.170, and 61.172–61.175 of this code, and the commissioners of a converted district shall constitute a pilot board under the provisions of Articles 8248–8257, Revised Civil Statutes of Texas, 1925.

(c) If there is a conflict between the powers conferred by Section 60.245 of this code and the powers preserved by Subsection (a) of this section, the powers conferred by Section 60.245 shall control. (41st Legis., 1st C.S., Ch. 103, Sec. 2.)

(b) The commission in selecting the depository shall act in the same capacity and perform the same duties as the county judge and the commissioners court in selecting a county depository. (R.S. Art. 8244, sen. 1, 2, as amended.)

§ 60.272. Depository Bond

The depository shall have all the powers and duties in the execution of a depository bond and in pledging of collateral in lieu of or in addition to a personal surety or surety company bond as provided by law for a county depository. (R.S. Art. 8244, sen. 3, as amended.)

A navigation district may be created in the manner prescribed by this subchapter under Article XVI, Section 59, of the Texas Constitution.

§ 62.022.  Composition
A district may include within its boundaries all or part of villages, towns, cities, road districts, drainage districts, irrigation districts, levee districts, other improvement districts, and municipal corporations of any kind but may not include the territory of more than three counties or parts of three counties. (b)  The petition shall be signed by 25 of the property taxpaying electors who reside inside the boundaries of the proposed district.  If there are less than 75 property taxpaying electors who reside inside the boundaries of the proposed district, the petition shall be signed by one-third of them.
(c)  The petition shall include:
   (1)  a request that the district be created;
   (2)  the boundaries of the district accompanied by a map;
   (3)  the general nature of the proposed improvements;
   (4)  an estimate of the probable cost of the improvements; and
§ 62.028. Hearing on Petition

(b) The commissioners court or the board shall specify:

SUBCHAPTER H. ASSESSMENTS

Section 63.321. Assessments to Retire Debt

Assessments which are equitably distributed against property in the district may be used to pay the cost of making improvements and to pay principal of and interest on bonds, notes, debentures, or other evidences of debt issued by the district for improvements. (42nd Legis., 3rd C.S., Ch. 27, Sec. 52.)

§ 63.322. Order to Retire Debt by Assessments

If the commission decides to retire bonds and other evidences of debt by equitably distributed assessments against the property in the district, it shall enter an order with its findings in the minutes of its proceedings. (42nd Legis., 3rd C.S., Ch. 27, Sec. 53, sen. 1 (part).)

§ 63.323. Notice of the Order and Hearing

(a) The commission shall publish notice once a week for three consecutive weeks in a newspaper in the district or, if no newspaper is published in the district, in the newspaper published nearest to the district.

(b) The notice shall include a copy of the order and shall set a date for a hearing at which all property owners and persons interested in the district and the improvements may appear and contest the assessments and offer evidence for or against the assessments before the commission. (42nd Legis., 3rd C.S., Ch. 27, Sec. 53, sen. 1 (part).)

§ 63.324. Hearing Procedure

(a) All protests, contests, and objections at the hearing shall be presented in writing.

(b) The commission shall summon witnesses when requested to do so and take testimony with reference to the protests, contests, and objections.
(c) The hearing may be adjourned from day to day until all proponents or contestants of the assessments have had full opportunity to present evidence. (42nd Legis., 3rd C.S., Ch. 27, Sec. 53, sen. 2, 3.)

§ 63.325. Findings
The commission shall enter its findings after the hearing, and if it finds against the proposition of assessments, no further action shall be taken in the matter. (42nd Legis., 3rd C.S., Ch. 27, Sec. 54 (part).)

§ 63.326. Tax Roll
(a) If the commission finds in favor of levying assessments, it shall direct the assessor and collector of the district to prepare a roll of all the taxable property in the district in the same manner as assessment for ad valorem taxes.
(b) The assessor and collector shall make an assessment in the proportion of cost to be borne by each item of property on the tax rolls, basing the proportion of cost on benefits to be derived from the improvements by the property and the owner of the property. (42nd Legis., 3rd C.S., Ch. 27, Sec. 54 (part).)

§ 63.327. Board of Equalization
The completed tax roll shall be submitted to the board of equalization, which shall sit and act in all respects as when sitting as a board of equalization for the equalization of the bond taxes. (42nd Legis., 3rd C.S., Ch. 27, Sec. 54 (part).)

§ 63.328. Notice of Hearing by Board of Equalization
Notice of the hearing by the board of equalization shall be published once a week for three consecutive weeks in a newspaper published in the district or, if no newspaper is published in the district, in the newspaper published nearest to the district. (42nd Legis., 3rd C.S., Ch. 27, Sec. 54 (part).)

§ 63.329. Hearing by Board of Equalization
The owners of property shall have the same opportunity to present evidence as in hearings before the board of equalization for equalizing bond taxes. All interested persons shall have an opportunity to appear and present evidence as to the benefits or lack of benefits to property in which they are interested. (42nd Legis., 3rd C.S., Ch. 27, Sec. 54 (part).)

§ 63.330. Findings of Board of Equalization
After all hearings are completed, the board of equalization shall report its findings to the commission for acceptance or disapproval. (42nd Legis., 3rd C.S., Ch. 27, Sec. 54 (part).)

§ 63.331. Disapproval of Findings
If the commission refuses to approve the tax rolls, it shall hold hearings on all items not approved in the manner provided for the board of equalization. (42nd Legis., 3rd C.S., Ch. 27, Sec. 54 (part).)

§ 63.332. Effect of Approval of Findings
The approval of the findings of the board of equalization and the tax rolls as finally fixed shall be conclusive except in cases of fraud or the failure to equitably distribute the assessments. (42nd Legis., 3rd C.S., Ch. 27, Sec. 54 (part).)
§ 63.333. Personal Obligation; Lien

An assessment is a personal obligation of the property owner against whom the assessment is made, and the district has a lien against the assessed taxable property. (42nd Legis., 3rd C.S., Ch. 27, Sec. 55.)

§ 63.334. Assessment Fund

(a) The assessments shall be paid to the assessor and collector and shall be kept by him in a separate fund known as the “Assessment Fund.”

(b) Payments out of the fund shall be made to retire the bonds, notes, debentures, or other evidences of debt of the district on vouchers drawn by the commission each year on the maturity of the indebtedness.

(c) The vouchers shall be signed by at least two members of the commission. (42nd Legis., 3rd C.S., Ch. 27, Sec. 56.)

§ 63.335. Errors in Assessments

(a) An error, mistake, or formality in the assessment or in any step or proceeding prerequisite to the assessment shall not invalidate the assessment, but the commission may correct the error at all times.

(b) An error or mistake in describing any parcel or item of property or the name of any owner of property shall not invalidate the assessment, but it shall have full force and effect against the premises and the real and true owner. (42nd Legis., 3rd C.S., Ch. 27, Sec. 58, sen. 1, 2.)

§ 63.336. Reassessment

(a) If, in the opinion of the commission, an error, mistake, or invalidity exists in any proceeding with reference to the improvements or assessments, it shall correct the error, mistake, or invalidity and reassess the property and the owners of the property.

(b) The reassessment shall be made after the same notice and hearing as provided for the making of an original assessment. The commission in making the reassessment shall take into consideration any enhancement or depreciation in the value of the property assessed and shall make the reassessment on a basis of equalization and the equitable distribution of benefits to the property with respect to all other property in the district.

(c) A reassessment shall not be made later than three years from the date of the original assessment except in the case of fraud or undisclosed ownership of property. (42nd Legis., 3rd C.S., Ch. 27, Sec. 58, sen. 3, 4, 5.)

§ 63.337. Suit to Set Aside or Correct Assessment

(a) A property owner with an assessment or reassessment against him or his property may bring suit within 20 days after the assessment or reassessment in any court with jurisdiction to set aside or correct the assessment or reassessment or any proceeding with reference to the assessment or reassessment due to any error or invalidity.

(b) The cost of a suit to set aside or correct an assessment or reassessment shall be paid by the loser of the litigation.

(c) After the 20-day period following the assessment or reassessment, the owner or his heirs, assigns, or successors do not have a right of action or a defense of invalidity of the assessment or reassessment in any action in which the assessment or reassessment is in question, except in case of fraud. (42nd Legis., 3rd C.S., Ch. 27, Sec. 61.)

§ 63.338. Delinquent Assessments

(a) Not later than August 1 of each year, the assessor and collector shall prepare a delinquent roll showing all delinquencies in the payment of the assessments.
§ 63.340 Sale of Property to Satisfy Judgment

The district may purchase any property at a sale to satisfy a judgment in favor of the district on a delinquent assessment or reassessment, if the district is the best bidder. (42nd Legis., 3rd C.S., Ch. 27, Sec. 62.)

§ 63.341 Rules and Regulations

The commission may adopt any necessary rules, regulations, and orders, which are not inconsistent with the provisions of this chapter, for the purpose of carrying out the provisions of the chapter relating to assessments, reassessments, and the collection of assessments. (42nd Legis., 3rd C.S., Ch. 27, Sec. 59.)
