The board may purchase bonds or securities that are secondary or subordinate to other bonds or securities issued by the political subdivision to finance the same project. The plan shall also include socio-economic data to determine what this facility will do for the State's economy, what will happen to the economy of the State if the port is not built, and what will be the dollars-and-cents benefits that the facility will bring about and how these will compare to its cost.

[Acts 1971, 62nd Leg., p. 200, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 21.070. Orders
(a) The board is authorized to issue orders and make determinations necessary to effectuate the purposes of this chapter.

(b) The board shall set forth the findings on which it bases any order granting or denying special relief requested of the board, or involving a determination following a hearing on an alleged violation of Section 21.251 of this code, or directing a person to perform or refrain from performing a certain act or activity.

(c) The executive director shall attest the orders of the board.

[Acts 1971, 62nd Leg., p. 200, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 21.071. Temporary Orders Prior to Notice and Hearing
(a) The board, or the executive director when authorized by the board, may issue temporary orders relating to the discharge of waste without notice and hearing, or with such notice and hearing as the board or the executive director considers practicable under the circumstances, when this is necessary to enable action to be taken more expeditiously than is otherwise provided by this chapter to effectuate the policy and purposes of this chapter.

(b) If the board or the executive director issues a temporary order under this authority without a hearing before the board, the order shall fix a time and place for a hearing to be held before the board, which shall be held as soon after the temporary order is issued as is practicable.

(c) At the hearing, the board shall affirm, modify, or set aside the temporary order. If the nature of the board’s action requires, further proceedings shall be conducted as appropriate under other applicable provisions of this chapter.

(d) The requirements of Section 21.074 of this code relating to the time for notice, newspaper notice, and method of giving a person notice do not apply to such a hearing, but such general notice of the hearing shall be given as the board or the executive director considers practicable under the circumstances.

[Acts 1971, 62nd Leg., p. 200, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 21.080. Action on Application

(a) Except as provided in Subsection (b) of this section, a public hearing shall be held on an application for a permit or to amend a permit. Notice of the hearing shall be given to the persons who in the judgment of the board may be affected.

(b) An application to amend a permit to improve the quality of waste authorized to be discharged may be set for consideration and may be acted on by the board at a regular meeting without the necessity of holding a public hearing if the applicant does not seek to increase significantly the quantity of waste authorized to be discharged or change materially the pattern or place of discharge. Notice of the application shall be mailed to the mayor and health authorities for the city or town, and the county judge and health authorities for the county, in which the waste is or will be discharged, at least 10 days before the board meeting, and they may present information to the board on the application.

[Acts 1971, 62nd Leg., p. 203, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 21.081. Conditions of Permit; Amendment; Revocation and Suspension

(a) In each permit the board shall prescribe the conditions on which it is issued, including:

(1) the duration of the permit;
(2) the location of the point of discharge of the waste;
(3) the maximum quantity of waste that may be discharged under the permit at any time and from time to time;
(4) the character and quality of waste that may be discharged under the permit; and
(5) any monitoring and reporting requirements prescribed by the board for the permittee.

(b) After a public hearing, notice of which shall be given to the permittee, the board may require the permittee, from time to time, for good cause, to conform to new or additional conditions. The board shall allow the permittee a reasonable time to conform to the new or additional conditions, and on application of the permittee, the board may grant additional time.

(c) A permit does not become a vested right in the permittee. After a public hearing, notice of which shall be given to the permittee, the board may revoke or suspend a permit for good cause on any of the following grounds:

(1) the permittee has failed or is failing to comply with the conditions of the permit;
(2) the permit is subject to cancellation or suspension under Section 21.204 of this code;
(3) the permit or operations under the permit have been abandoned; or
(4) the permit is no longer needed by the permittee.

(d) The notice required by Subsections (b) and (c) of this section shall be sent to the permittee at his last known address as shown by the records of the board.

§ 21.082. Permit: Effect on Recreational Water

In considering the issuance of a permit to discharge effluent into any body of water having an established recreational standard, the board shall consider any unpleasant odor quality of the effluent and the possible adverse effect that it might have on the receiving body of water; and the board may consider the odor as one of the elements of the water quality of the effluent.

[Acts 1971, 62nd Leg., p. 204, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 21.083. Private Sewage Facilities

(a) As used in this Section and Section 21.084 of this code “private sewage facilities” means septic tanks, pit privies, cesspools, sewage holding tanks, injection wells used to dispose of sewage, chemical toilets, treatment tanks, and all other facilities, systems, and methods used for the disposal of sewage other than disposal systems operated under a permit issued by the board.

(b) Whenever it appears that the use of private sewage facilities in an area is causing or may cause pollution, or is injuring or may injure the public health, the board may hold a public hearing in or near the area to determine whether an order should be entered controlling or prohibiting the installation or use of private sewage facilities in the area.

(c) Before entering such an order, the board shall consult with the State Commissioner of Health for recommendations concerning the impact of the use of private sewage facilities in the area on public health.

(d) If the board finds after the hearing that the use of private sewage facilities in an area is causing or may cause pollution, or is injuring or may injure the public health, the board may enter an order adopting such regulations on private sewage facilities as it may consider appropriate to abate or prevent pollution or injury to public health.

(e) The regulations so ordered may, without limitation, do one or more of the following:

(1) limit the number and kind of private sewage facilities which may be used in the area;
§ 21.083 WATER CODE

(2) prohibit the installation and use of additional private sewage facilities or kinds of private sewage facilities in the area;

(3) require modifications or improvements to existing private sewage facilities or impose limitations on their use; and

(4) provide for a gradual and systematic reduction of the number or kinds of private sewage facilities in the area.

(f) The board may provide in the regulations for a system of licensing of private sewage facilities in the area, including procedures for cancellation of a license for violation of this Act, the license, or the orders or regulations of the board. The board may also provide in the system of licensing for periodic renewal of the licenses, but this may not be required more frequently than once a year.

(g) The board may delegate the licensing function and the administration of the licensing system to the executive director or to any local government whose boundaries include the area or which has been designated by the board under Sections 21.201-21.205 of this code as the agency to develop a regional waste disposal system which includes the area.

(h) The board also may prescribe and require the payment of reasonable license fees by an applicant for a license, including fees for periodic renewal of a license. The board may change the amount of the license fees from time to time. The amount of the fees shall be based on the reasonable cost of performing the licensing function and administering the licensing system, including, where applicable, costs of soil percolation and other tests to determine the suitability of using a particular type or types of private sewage facilities in the area or at any location within the area, field inspections, travel, and other costs directly attributable to performing the licensing function and administering the licensing system.

(i) If the board or the executive director has the responsibility for performing the licensing function, the license fees shall be paid to the board. Those fees shall not be deposited in the general revenue fund of the state, but shall be deposited in a special fund for use by the board in performing the licensing function and administering the licensing system, and the fees so deposited are hereby appropriated to the board to use for those purposes only.

(j) If a local government has the responsibility for performing the licensing function, the fees shall be paid to the local government.

§ 21.084 Control by Counties

(a) Whenever it appears to the commissioners court of any county that the use of private sewage facilities in an area within the county is causing or may cause pollution, or is injuring or may injure the public health, the county may proceed in the same manner and in accordance with the same procedures as the board to hold a public hearing and enter an order, resolution, or other regulation as it may consider appropriate to abate or prevent pollution or injury to public health.

(b) The order, resolution, or other regulation may provide the same restrictions and requirements as are authorized for an order of the board entered under this section.

(c) Before the order, resolution, or other regulation becomes effective, the county shall submit it to the board and obtain the board's written approval.

(d) In the event of any conflict within an area between an order adopted by the board and an order, resolution, or other regulation adopted by a county under this section, the order of the board shall take precedence.

(e) Where a system of licensing has been ordered by the board or the commissioners court of a county, no person may install or use private sewage facilities required to be licensed thereunder without obtaining such a license.

§ 21.085 Rating of Waste Disposal Systems

(a) After consultation with the State Department of Health, the board shall provide by rule for a system of approved ratings for municipal waste disposal systems and other waste disposal systems which the board may designate.

(b) The owner or operator of a municipal waste disposal system which attains an approved rating has the privilege of erecting signs of a design approved by the board on highways approaching or inside the boundaries of the municipality, subject to reasonable restrictions and requirements which may be established by the Texas Highway Department.

(c) In addition, the owner or operator of any waste disposal system, including a municipal system, which attains an approved rating has the privilege of erecting signs of a design approved by the board at locations which may be approved or established by the board, subject to such reasonable restrictions and requirements which may be imposed by any governmental entity having jurisdiction.

(d) If the waste disposal system fails to continue to achieve an approved rating, the board may revoke the privilege. On due notice from the board, the owner or operator of the system shall remove the signs.

[Acts 1971, 62nd Leg., p. 204, ch. 58, § 1, eff. Aug. 29, 1971.]

§ 21.086 Approval of Disposal System Plans

(a) This section applies to all sewer systems, treatment facilities, and disposal systems, except those public sewage disposal systems for which plans are subject to review and approval by the State Department of Health or by the Texas Water Rights Commission under statutes pertaining to water districts.
§ 21.087. Federal Grants

The board may execute agreements with the Department of the Interior, the Federal Water Pollution Control Administration,\(^1\) or any other federal agency that administers programs providing federal cooperation, assistance, grants, or loans for research, development, investigation, training, planning, studies, programming, and construction related to methods, procedures, and facilities for the collection, treatment, and disposal of waste or other water quality control activities. The board may accept federal funds for these purposes and for other purposes consistent with the objectives of this chapter, and may use the funds as prescribed by law or as provided by agreement.

[Acts 1971, 62nd Leg., p. 205, ch. 58, § 1, eff. Aug. 30, 1971.]

\(^1\) Name changed to "Federal Water Quality Administration". See 33 U.S.C.A. § 1152 et seq.

(a) The board may develop and prepare, and from time to time revise, comprehensive water quality management plans for the different areas of the state, as designated by the board.

(b) The board may contract with local governments, regional planning commissions, planning agencies, other state agencies, colleges and universities in the state, and any other qualified and competent person to assist the board in developing and preparing, and from time to time revising, water quality management plans for areas designated by the board.

(c) With funds provided for the purpose by legislative appropriation, the board may make grants or interest-free loans to, or contract with, local governments, regional planning commissions, and planning agencies to pay administrative and other expenses of such entities for developing and preparing, and from time to time revising, water quality management plans for areas designated by the board. The period of time for which funding under this provision may be provided for developing and preparing, or for revising, a plan may not exceed three consecutive years in each instance. Any loan made pursuant to this subsection shall be repaid when the construction of any project included in the plan is begun.

(d) Any person developing or revising a plan shall, during the course of the work, consult with the board, and with local governments and other federal, state, and local governmental agencies which in the judgment of the board or the executive director may be affected by or have a legitimate interest in the plan.

(e) Insofar as may be practical, the water quality management plans shall be reasonably compatible with the other governmental plans for the area, such as area or regional transportation, public utility, zoning, public education, recreation, housing, and other related development plans.

§ 21.089. Approval of Plans

(a) After a water quality management plan has been prepared or significantly revised, as authorized in Section 21.088 of this code, it shall be submitted to the board and to such local governments and other federal, state, and local governmental agencies as in the judgment of the board or the executive director may be affected by or have a legitimate interest in the plan.

(b) After a reasonable period of time as determined by the board for the persons to whom the plan was submitted to review and consult on the plan, a public hearing shall be held on whether the plan should be approved or whether the plan should be modified in any way. Notice of the hearing shall be given to the person or persons who prepared or revised the plan and to the persons to whom the plan was submitted for review.

(c) After the public hearing if the board finds that the plan complies with the policy and purpose of this chapter and the rules and policies of the board, it shall approve the plan. If the board does not so find, it may disapprove the plan, modify the plan as necessary so that it will comply, or return it for further development and later resubmission to the board, in accordance with the procedure in Section 21.088 and this code.

(d) When a water quality management plan has been approved as provided in this section, the plan may be furnished to the Federal Environmental Protection Agency,\(^1\) the Federal Water Quality Administration,\(^2\) or any other federal official or agency in fulfillment of any federal water quality management planning requirement specified for any purpose by the federal government.

(e) The board may use an approved water quality management plan, or a plan in progress but not completed or approved, in reviewing and making determinations on applications for permits and on applications for financial assistance for construction of treatment works.

§ 21.0891 WATER CODE 1318

§ 21.090. Fiscal Control on Water Quality Management Planning

In administering the program for making grants and loans to and contracting with local governments, regional planning commissions, and planning agencies, as authorized in Subsection (c) of Section 21.088 of this code, the board shall adopt rules and procedures for the necessary engineering review and supervision, fiscal control, and fund accounting. The fiscal control and fund accounting procedures are supplemental to other procedures prescribed by law.

§ 21.091. Accidental Discharges and Spills

(a) As used in this section:

(1) "Accidental discharge" means an act or omission through which waste or other substances are inadvertently discharged into water in the state.

(2) "Spill" means an act or omission through which waste or other substances are deposited where, unless controlled or removed, they will drain, seep, run, or otherwise enter water in the state.

(3) "Other substances" means substances which may be useful or valuable and therefore are not ordinarily considered to be waste, but which will cause pollution if discharged into water in the state.

(b) Whenever an accidental discharge or spill occurs at or from any activity or facility which causes or may cause pollution, the individual operating, in charge of, or responsible for the activity or facility shall notify the Office of the Board as soon as possible and not later than 24 hours after the occurrence.

(c) Activities which are inherently or potentially capable of causing or resulting in the spillage or accidental discharge of waste or other substances, and which pose serious or significant threats of pollution, are subject to reasonable rules or orders establishing safety and preventive measures which the board may adopt or issue. The safety and preventive measures which may be required shall be commensurate with the potential harm which could result from the escape of the waste or other substances.

(d) The provisions of this section are cumulative of the other provisions in this chapter relating to waste discharges, and nothing in this section exempts any person from complying with or being subject to any other provision of this chapter.

[Acts 1971, 62nd Leg., p. 207, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 21.092. Control of Certain Waste Discharges by Rule

Whenever the board determines that the quality of water in an area is adversely affected or threatened by the combined effects of several relatively small-quantity discharges of wastes being made for which it is not practical to issue individual permits, or that the general nature of a particular type of activity which produces a waste discharge is such that requiring individual permits is unnecessarily burdensome both to the waste discharger and the board, the board may, by rule, regulate and set the requirements and conditions for the discharges of waste.

[Acts 1971, 62nd Leg., p. 208, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 21.093. Health Hazards

The board may use any means provided by this chapter to prevent a discharge of waste that is injurious to public health.

[Acts 1971, 62nd Leg., p. 208, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 21.094. Monitoring and Reporting

The board may prescribe reasonable requirements for a person making waste discharges to monitor and report on his waste collection, treatment, and disposal activities. When in the judgment of the board significant water quality management benefits will result or water quality management needs justify, the board may also prescribe reasonable requirements for any person or persons making waste discharges to monitor and report on the quality of any water in the state which the board has reason to believe may be materially affected by the waste discharges.

§ 21.095. The State of Texas Water Pollution Control Compact

(a) The legislature recognizes that various river authorities (as defined in Article 7621g, Vernon's Texas Civil Statutes and/or Chapter 25 of this code) and municipal water districts and authorities of the state have signed, and that others are authorized to sign and may sign, a document entitled "The State of Texas Water Pollution Control Compact," (hereinafter called the "Compact") which was approved by Order of the Texas Water Quality Board on March 26, 1971, and which is now on file in the official records of said board, wherein each of the signatories is by law an official agency of the state, created pursuant to Article XVI, Section 59 of the Texas Constitution, and operating on a multiple county or regional basis, and that collectively those signatories constitute an agency of the state authorized to agree to pay, and to pay, for and on behalf of the state, not less than twenty-five per centum of the estimated costs of all water pollution control projects in the state, wherever located, for which federal grants are to be made pursuant to clause (7) of subsection (b) of Section 1158 of Title 33 of the United States Code (the Federal Water Pollution Control Act), as amended, or any similar law, in accordance with and subject to the terms and conditions of the Compact. The Compact provides a method for taking advantage of increased federal
grants for water pollution control projects by virtue of the state payment, which will be made from the proceeds from the sale of bonds by the signatories to the Compact. The Compact is hereby ratified and approved, and it is hereby provided that Section 4a of Article 762lg, Vernon's Texas Civil Statutes and/or Section 25.028 of this code shall not constitute a limitation or restriction on any signatory, with respect to any contract entered into pursuant to the Compact or with respect to any water pollution control project in the state, wherever located, for which the aforesaid federal grants are to be made, and such signatory shall not be required to obtain the consent of any other river authority or conservation and reclamation district, which is not a signatory, with respect to any such contract or project. Each signatory to the Compact is empowered and authorized to do any and all things, and to take any and all action, and to execute any and all contracts and documents, which are necessary or convenient in carrying out the purposes and objectives of the Compact and issuing bonds pursuant thereto, with reference to any water pollution control project in the state, wherever located, for which the aforesaid federal grants are to be made.

(b) It is further found, determined, and enacted that all bonds issued pursuant to said Compact, and all bonds issued to refund or refinance same, are and will be for water quality enhancement purposes, within the meaning of Article III, Section 49–d–1, of the Texas Constitution, and any and all bonds issued by a signatory to said Compact to pay for all or any part of a project pursuant to the Compact, and any bonds issued to refund or refinance any such bonds, may be purchased by the Texas Water Development Board, upon the direction of the Texas Water Quality Board, with money received from the sale of Texas Water Development Board bonds pursuant to said Article III, Section 49–d–1 of the Texas Constitution. Said bonds or refunding bonds shall be purchased directly from any such signatory at such price as is necessary to provide the state payment and any other part of the cost of the project, or necessary to accomplish the refunding; and all such purchases shall constitute loans for water quality enhancement. Said bonds or refunding bonds shall have the characteristics and be issued upon such terms and conditions as are acceptable to the Texas Water Quality Board. The proceeds received by any such signatory from the sale of any such bonds shall be used to provide the state payment pursuant to the Compact and any other part of the cost of the project; and the proceeds from the sale of any such refunding bonds to refund any outstanding bonds issued pursuant to the Compact shall be used to pay off and retire the bonds being refunded thereby.

(c) It is further enacted and provided that the provisions of the foregoing paragraphs (a) and (b) shall be effective immediately upon enactment, notwithstanding the fact that other provisions of this code will not become effective until September 1, 1971.

(d) This subsection is not intended to interfere in any way with the operation of Article III, Section 49–d–1 of the Texas Constitution or the enabling legislation enacted pursuant thereto, and the aforesaid Compact shall constitute merely a complementary or supplemental method for providing the state payment solely in instances that it is deemed necessary or advisable by the Texas Water Quality Board, particularly during the initial period while the procedures for implementing Article III, Section 49–d–1 are being established and put into effective operation.

§ 21.096 [Blank]

§ 21.097. Disposal of Boat Sewage

(a) As used in this section, “boat” means any vessel or other watercraft, whether moved by oars, paddles, sails, or other power mechanism, inboard or outboard, or any other vessel or structure floating on water in this state, whether or not capable of self-locomotion, including, but not limited to cabin cruisers, houseboats, barges, marinas, and similar floating objects.

(b) Within twelve months after this section takes effect the board shall issue regulations concerning the disposal of sewage from boats located or operated on inland fresh waters in this state. The regulations of the board take effect six months after they are issued unless an earlier effective date is specified in the regulations. The regulations of the board shall include, but not be limited to, provisions for the establishment of standards for sewage disposal devices, the certification of sewage disposal devices, including on-shore pump out facilities, and the visible and conspicuous display of evidence of certification of sewage disposal devices on each boat equipped with such device and on each on-shore pump out device.

(c) The board may delegate the administration and performance of the certification function to the executive director or to any other governmental entity. The board may prescribe and require the payment, by applicants for certification, of reasonable fees based on the cost of administering and performing the certification function. All certification fees shall be paid to the entity performing the certification function. All fees collected by any state agency shall be deposited in a special fund for use by that agency in administering and performing the certification function and shall not be deposited in the general revenue fund of the state.

(d) Before issuing any regulations under Subsection (b) of this section, the board, or any person authorized by it under Section 21.073 of this code, shall hold hearings thereon in Austin, Texas, and in five other locations in the state in order to provide the best opportunity for all citizens of the state to appear and present evidence to the board.
§ 21.097 WATER CODE

§ 21.097. Hearing to Define Area of Regional or Area-wide Systems

(a) Whenever it appears to the board that because of the existing or reasonably foreseeable residential, commercial, industrial, recreational, or other economic development in an area a regional or area-wide waste collection, treatment, or disposal system or systems are necessary to prevent pollution or maintain and enhance the quality of the water in the state, the board may hold a public hearing in or near the area to determine whether the policy stated in Section 21.201 of this code should be implemented in that area.

(b) Notice of the hearing shall be given to the local governments which in the judgment of the board may be affected.

(c) If after the hearing the board finds that a regional or area-wide system or systems are necessary or desirable to prevent pollution or maintain and enhance the quality of the water in the state, the board may enter an order defining the area in which such a system or systems are necessary or desirable.

[Acts 1971, 62nd Leg., p. 209, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 21.203. Hearing to Designate Systems to Serve the Area Defined; Order; Etc.

(a) At the hearing held under Section 21.202 of this code, or at a subsequent hearing held in or near an area defined under Section 21.202 of this code, the board may consider whether to designate the person to provide a regional or area-wide system or systems to serve all or part of the waste collection, treatment, or disposal needs of the area defined.

(b) Notice of the hearing shall be given to the local governments and to owners and operators of any waste collection, treatment, and disposal systems who in the judgment of the board may be affected.

(c) If after the hearing the board finds that there is an existing or proposed system or systems then capable, or which in the reasonably foreseeable future will be capable, of serving the waste collection, treatment, or disposal needs of all or part of the area defined, and that the owners or operators of the system or systems are agreeable to providing the services, the board may enter an order designating the person to provide the waste collection, treatment, or disposal system or systems to serve all or part of the area defined.

[Acts 1971, 62nd Leg., p. 209, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 21.204. Actions Available to Board After Designating Systems

(a) After the board has entered an order as authorized in Section 21.203 of this chapter, the board may, after public hearing and after giving notice of the hearing to the persons who in the judgment of the board may be affected, take any one or more of the following actions:

(1) enter an order requiring any person discharging or proposing to discharge waste into or adjacent to the water in the state in an area...
defined in an order entered under Section 21.202 of this code to use a regional or area-wide system designated under Section 21.203 of this code for the disposal of his waste;

(2) refuse to grant any permits for the discharge of waste, or to approve any plans for the construction or material alteration of any sewer system, treatment facility, or disposal system in any area defined in an order entered under Section 21.202 of this code unless the permits or plans comply and are consistent with any orders entered under Sections 21.201–21.205 of this code; or

(3) cancel or suspend any permit, or amend any permit in any particular, which authorizes the discharge of waste in an area defined in an order entered under Section 21.202 of this code.

(b) Before exercising the authority granted in this section, the board shall find affirmatively:

(1) that there is an existing or proposed regional or area-wide system designated under Section 21.203 of this code which is capable, or which in the reasonably foreseeable future will be capable, of serving the waste collection, treatment, or disposal needs of the person or persons who are the subject of an action taken by the board under this section;

(2) that the owner or operator of the designated regional or area-wide system is agreeable to providing the service; and

(3) that it is feasible for the service to be provided on the basis of waste collection, treatment and disposal technology, engineering, financial, and related considerations existing at the time, exclusive of any loss of revenue from any existing or proposed waste collection, treatment, or disposal systems in which the person or persons who are the subject of an action taken under this section have an interest.

[Acts 1971, 62nd Leg., p. 209, ch. 58, § 1, eff. Aug. 1971.]

§ 21.205. Rates for Services by Designated Systems

(a) On motion of any interested party and after a public hearing, the board may set reasonable rates for the furnishing of waste collection, treatment, or disposal services to any person by a regional or area-wide system designated under Section 21.203 of this code.

(b) Notice of the hearing shall be given to the owner or operator of the designated regional or area-wide system, the person requesting the hearing, and any other person who, in the judgment of the board, may be affected by the action taken by the board as a result of the hearing.

(c) After the hearing the board shall enter an order setting forth its findings and the rates which may be charged for the services by the owner or operator of the designated regional or area-wide system.

[Sections 21.206 to 21.250 reserved for expansion]

§ 21.251. Unauthorized Discharges Prohibited

(a) Except as authorized by a rule, regulation, permit, or other order issued by the board, or the executive director when authorized by the board, no person may:

(1) discharge sewage, municipal waste, recreational waste, agricultural waste, or industrial waste into or adjacent to any water in the state;

(2) discharge other waste into or adjacent to any water in the state which in itself, or in conjunction with any other discharge or activity, causes, continues to cause, or will cause pollution of any of the water in the state; or

(3) commit any other act or engage in any other activity, which in itself, or in conjunction with any other discharge or activity, causes, continues to cause, or will cause pollution of any of the water in the state, unless the activity is under the jurisdiction of the Parks and Wildlife Department, the General Land Office, or the Texas Railroad Commission, in which case this Subdivision (3) does not apply.

(b) In the enforcement of Subdivisions (2) and (3) of Subsection (a) of this section, consideration shall be given to the state of existing technology, economic feasibility, and the water quality needs of the waters that might be affected.

(c) No person may cause, suffer, allow, or permit the discharge of any waste or the performance of any activity in violation of this chapter or of any rule, regulation, permit, or other order of the board.

[Acts 1971, 62nd Leg., p. 211, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 21.252. Civil Penalty

A person who violates any provision of this chapter or any rule, regulation, permit, or other order of the board is subject to a civil penalty of not less than $50 nor more than $1,000 for each act of violation and for each day of violation, to be recovered as provided in this subchapter.

§ 21.355  WATER CODE

(a) Every local government which owns or operates a disposal system is empowered to and shall, except as authorized in Subsection (c) of this section, enact and enforce rules, regulations, ordinances, orders, or resolutions, referred to in this section as rules, to control and regulate the type, character, and quality of waste which may be discharged to the disposal system and, where necessary, to require pretreatment of waste to be discharged to the system, so as to protect the health and safety of personnel maintaining and operating the disposal system and to prevent unreasonable adverse effects on the disposal system.

(b) The local government in its rules may establish the charges and assessments which may be made to and collected from all persons who discharge waste to the disposal system or who have conduits or other facilities for discharging waste connected to the disposal system, referred to in this subsection as “users.” The charges and assessments shall be equitable as between all users and shall correspond as near as can be practically determined to the cost of making the waste disposal services available to all users and of treating the waste of each user or class of users. The charges and assessments may include user charges, connection fees, or any other methods of obtaining revenue from the disposal system available to the local government. In establishing the charges and assessments, the local government shall take into account:

1. the volume, type, character, and quality of the waste of each user or class of users;
2. the techniques of treatment required;
3. any capital costs and debt retirement expenses of the disposal system required to be paid for from the charges and assessments;
4. the costs of operating and maintaining the system to comply with this chapter and the permits, rules, and orders of the board; and
5. any other costs directly attributable to providing the waste disposal service under standard, accepted cost-accounting practices.

(c) A local government may apply to the board for an exception from the requirements of Subsections (a) and (b) of this section or for a modification of those requirements. The application shall contain the exception or modifications desired, the reasons the exception or modifications are needed, and the grounds authorized in this subsection on which the board should grant the application. A public hearing on the application shall be held in or near the territorial area of the local government and notice of the hearing shall be given to the local government. If after the hearing the board in its judgment determines that the volume, type, character, and quality of the waste of the users of the system, or of a particular user or class of users of the system, do not warrant the enactment and enforcement of rules containing the requirements prescribed in Subsections (a) and (b) of this section, or that the enactment and enforcement of the rules would be impractical or unreasonably burdensome on the local government in relation to the public benefit to be derived, then the board in its discretion may enter an order granting an exception to those requirements or modifying those requirements in any particular in response to circumstances shown to exist.

(d) At any time and from time to time, as circumstances may require, the board may amend or revoke any order it enters pursuant to Subsection (c) of this section. Before the board amends or revokes such an order, a public hearing shall be held in or near the territorial area of the local government in question, and notice of the hearing shall be given to the local government. If after the hearing the board determines that the circumstances on which it based the order have changed significantly or no longer exist, the board may revoke the order or amend it in any particular in response to the circumstances then shown to exist.

(e) In the event of any conflict between the provisions of this section and any other laws or parts of laws, the provisions of this section shall control.

perform the water pollution control and abatement functions required to enable the city to carry out its duties and responsibilities under this section.

(b) The water pollution control and abatement program of a city shall encompass the entire city and may include areas within its extraterritorial jurisdiction which in the judgment of the city should be included to enable the city to achieve the objectives of the city for the area within its territorial jurisdiction. The city shall include in the program the services and functions which, in the judgment of the city or as may be reasonably required by the board, will provide effective water pollution control and abatement for the city, including the following services and functions:

(1) the development and maintenance of an inventory of all significant waste discharges into or adjacent to the water within the city and, where the city so elects, within the extraterritorial jurisdiction of the city, without regard to whether or not the discharges are authorized by the board;

(2) the regular monitoring of all significant waste discharges included in the inventory prepared pursuant to Subdivision (1) of this subsection;

(3) the collecting of samples and the conducting of periodic inspections and tests of the waste discharges being monitored to determine whether the discharges are being conducted in compliance with this chapter and any applicable permits, orders or regulations of the board, and whether they should be covered by a permit from the board;

(4) in cooperation with the board, a procedure for obtaining compliance by the waste dischargers being monitored, including where necessary the use of legal enforcement proceedings; and

(5) the development and execution of reasonable and realistic plans for controlling and abating pollution or potential pollution resulting from generalized discharges of waste which are not traceable to a specific source, such as storm sewer discharges and urban runoff from rainfall.

If the board grants an application in whole or in part, financial assistance shall be funded by the Texas Water Development Board in accordance with Subchapter M, Chapter 11 of this code and the provisions of this chapter.¹

¹ Section 11.601 et seq.

§ 21.610. Direct Loans

(a) If a political subdivision in the judgment of the board is unable to issue bonds or other obligations for a project in the state for which a federal grant is to be made under the Federal Water Pollution Control Act, as amended,¹ then the board may provide financial assistance to the political subdivision by agreeing to pay from water quality enhancement funds the amount required by federal law of the estimated reasonable cost of the project.

(b) Before the delivery of any water quality enhancement funds to the political subdivision, the board with the advice of the development fund manager and the political subdivision shall execute a loan agreement which shall provide that the political subdivision shall pay into the appropriate account not less than the amount necessary to repay the principal of and interest on the loan over the period of time and under the terms and conditions which are mutually agreeable to the Texas Water Development Board and the political subdivision. The contract may also include any other terms and conditions which the board may require.

(c) Each political subdivision may charge and collect necessary fees, rentals, rates, and charges for the use, occupancy, and availability of its treatment works and any of its other properties, buildings, structures, operations, utilities, systems, activities, and facilities, so that it may make all payments required by its loan agreement. The political subdivision shall pledge such amounts to make those payments.

(d) Also, the political subdivision may pledge its ad valorem taxes, if any, and levy and collect the taxes for the purpose of making all or any part of the payments required by its loan agreement. The taxes shall be in addition to all other ad valorem taxes permitted by law, but may not exceed, together with other ad valorem taxes, any maximum imposed by the Texas Constitution.

(e) Each loan agreement executed pursuant to this Act, and the appropriate proceedings authorizing its execution, shall be submitted to the attorney general for examination before the delivery of the money to the political subdivision. The purchase of bonds and other obligations as provided in this code and the making of direct loans as provided in Section 21.610 of this code together constitute payment by the state of the amount required by federal law of the estimated reasonable construction costs of all projects in the state for which federal grants are to be made under the Federal Water Pollution Control Act, as amended,¹ or any similar law.

(b) Each bond must:

1. Partial payment not exceed 90% of the amount due at the time of the payment as shown by the engineer of the project; and
2. That payment of the 10% remaining due upon completion of the contract shall be made only after approval by:

(3) “Construction” means any one or more of the following: preliminary planning to determine the feasibility of treatment works, engineering, architectural, legal, title, fiscal, or economic investigations or studies, surveys, designs, plans, working drawings, specifications, procedures, or other necessary actions, the expense of any condemnation or other legal proceeding, erection, building, acquisition, alteration, remodeling, improvement, or extension of treatment works, or the inspection or supervision of any of the foregoing items.

(4) “Water quality enhancement funds” means the proceeds from the sale of Texas Water Development Bonds issued under the authority of Article III, Section 49-d-1, as amended, of the Texas Constitution.

(5) “Political subdivision” means the state, a county, city or other body politic or corporate of the state, including any district or authority created under Article III, Section 52, as amended, or Article XVI, Section 59, as amended, of the Texas Constitution, and including any interstate compact commission to which the state is a party.

2. the availability of revenue to the political subdivision, from all sources, for the ultimate repayment of the cost of the treatment works, including interest;
3. whether the political subdivision can reasonably finance the treatment works without assistance from the state;
4. the relationship of the treatment works to the overall, statewide water quality needs; and
5. the relationship of the treatment works to water quality planning for the state.

§ 21.707. Action on Application

(a) After an application is received for financial assistance, the executive director shall make the application available to the Texas Water Development Board and shall submit the application to the board together with his comments and recommendations and any available comments and recommendations of the Texas Water Development Board concerning the best method of making financial assistance available.

(3) “Public agency” means any district, city, or other political subdivision or agency of the state which has the power to own and operate waste collection, transportation, treatment or disposal facilities or systems, and any joint board created under the provisions of Section 14, Chapter 114, Acts of the 50th Legislature (Article 46d-14, Vernon's Texas Civil Statutes).

(4) “River authority” means any district or authority created by the legislature, which contains an area within its boundaries of one or more counties, and which is governed by a board of directors appointed or designated in whole or in part by the governor, or by the Texas Water Rights Commission, including without limitation the San Antonio River Authority.

(5) “River basins” and “coastal basins” mean the river basins and coastal basins now defined and designated by the Texas Water Development Board as separate units for the purposes of water development and inter-watershed transfers, and as they are made certain by contour maps on file in the offices of the Texas Water Development Board, including, but not limited to, the rivers and their tributaries, streams, water, coastal water, sounds, estuaries, bays, lakes, and portions of them, as well as the lands drained by them.

(6) “Waste” means sewage, industrial waste, municipal waste, recreational waste, agricultural waste, waste heat, or other waste that may cause impairment of the quality of water in the state, including storm waters.

(7) The terms “sewage,” “municipal waste,” “recreational waste,” “agricultural waste,” “industrial waste,” “other waste,” “pollution,” “water,” or “water in the state,” and “local government” shall have the meanings defined in Section 21.003 of this code.

(9) “Treatment facility” means any devices and systems used in the storage, treatment, recycling and reclaimation of waste to implement Chapter 21, or necessary to recycle or reuse water at the most economical cost over the estimated life of the works, including intercepting sewers, outfall sewers, pumping, power and other equipment and their appurtenances; extensions, improvements, remodeling, additions and alterations thereof; elements essential to provide a reliable recycled supply such as stand-by treatment units and clear well facilities; any works, including sites therefor and acquisition of the land that will be part of or used in connection with the treatment process or is used for ultimate disposal of residues resulting from such treatment; and any plant, disposal field, lagoon, canal, incinerator, area devoted to sanitary landfills, or other facilities installed for the purpose of treating, neutralizing, or stabilizing waste or facilities to provide for the collection, control, and disposal of waste heat.

(10) “Disposal system” means any system for disposing of waste, including sewer systems and treatment facilities.

§ 25.004. Cumulative Effect of Chapter
(a) This chapter is cumulative of other statutes governing the Texas Water Quality Board, the State Department of Health, and the Texas Water Rights Commission relating to:

(1) the issuance of bonds;

(2) the collection, transportation, treatment, or disposal of waste; and

(3) the design, construction, acquisition, or approval of facilities for these purposes.

(b) The powers granted to districts and public agencies by this chapter are additional to and cumulative of the powers granted by other laws. This chapter is full authority for any district or public agency to enter into contracts authorized by it and for any district to authorize and issue bonds under its provisions without reference to the provisions of any other law or charter. No other law or charter provision which limits, restricts, or imposes additional requirements on matters authorized by this chapter shall apply to any action or proceeding under this chapter unless expressly provided to the contrary in this chapter.

SUBCHAPTER B. REGIONAL WASTE DISPOSAL SYSTEMS

§ 25.021. Disposal System

[Acts 1971, 62nd Leg., p. 230, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 25.022. Purchase and Sale of Facilities
A district may contract with any person to purchase or sell, by installments over such term as considered desirable, any waste collection, transportation, treatment, or disposal facilities or systems.
[Acts 1971, 62nd Leg., p. 230, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 25.023. Lease of Facilities
A district may lease to or from any person, for such term and on such conditions as may be considered desirable, any waste collection, transportation, treatment, or disposal facilities or systems.
[Acts 1971, 62nd Leg., p. 231, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 25.024. Operating Agreements
A district may make operating agreements with any person, for such terms and on such conditions as may be considered desirable, for the operation of any waste collection, transportation, treatment, or disposal facilities or systems of any person by the district.
[Acts 1971, 62nd Leg., p. 231, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 25.025. Waste Disposal Contracts by District
A district may make contracts with any person, including any public agency located inside or outside the boundaries of the district, under which the district will collect, transport, treat, or dispose of waste for the person.
[Acts 1971, 62nd Leg., p. 231, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 25.026. Contracts by River Authority
Each river authority may make contracts authorized by this chapter with any person, including any public agency situated wholly or partly inside its boundaries and any public agency situated wholly or partly inside the river basin and any public agency situated wholly or partly inside the coastal basins adjoining its boundaries, but a river authority may not make contracts to serve a public agency situated wholly inside the boundaries of another river authority or to serve facilities of a person situated wholly within the boundaries of another river authority, except with the consent of the other river authority.
[Acts 1971, 62nd Leg., p. 231, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 25.027. Contract with Public Agency
A public agency may make contracts with a district under which the district will make a disposal system available to the public agency and will furnish waste collection, transportation, treatment, and disposal services to the public agency, group of public agencies, or other persons through the district's disposal system.
[Acts 1971, 62nd Leg., p. 231, ch. 58, § 1, eff. Aug. 30, 1971.]

(a) The contract may provide for:
   (1) duration of the contract for a specified period or until issued and unissued bonds and refunding bonds of the district are paid;
   (2) assuring equitable treatment of parties who contract with the district for waste collection, transportation, treatment, and disposal services from the same disposal system;
   (3) requiring the public agency to regulate the quality and strength of waste to be handled by the disposal system;
   (4) sale or lease to or use by a district of all or part of a disposal system owned or to be acquired by the public agency;
   (5) the district operating all or part of a disposal system owned or to be acquired by the public agency; and
   (6) other terms the district or the governing body of the public agency consider appropriate or necessary.
(b) The contract shall specify the method for determining the amounts to be paid by the public agency to the district.
(c) A contract made by a city may provide that the district shall have the right to use the streets, alleys, and public ways and places inside the city during the term of the contract.
[Acts 1971, 62nd Leg., p. 231, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 25.029. Continued Use of District Facilities
After amortization of the district's investment in the disposal system, the public agency is entitled to continued performance of the service during the useful life of the disposal system, on payment of reasonable charges reduced to take into consideration the amortization.

§ 25.030. Source of Contract Payments
(a) A public agency may pay for the waste collection, transportation, treatment, and disposal services with income from its waterworks system, sanitary sewer system, or both systems, or its combined water and sanitary sewer system, as prescribed by the contract. In the alternative, a joint board defined as a public agency in Section 25.003, Subdivision (3), may pay for these services from any revenue or other funds within its control specified in the contract if the city councils of the cities which
created the joint board approve, by ordinance, the contract between the joint board and the district. These payments constitute an operating expense of each system whose revenue is so used.

(b) The obligation of contract payments on the income of the public agency's water system is subordinate to the obligation imposed by any bonds that are payable solely from the water system net revenue and that are outstanding at the time the contract is made, unless the ordinance or resolution authorizing the bonds expressly reserved the right to give the contract payments a priority over the bond requirements.

(c) If a public agency having taxing power holds an election substantially according to the applicable provisions of Chapter 1, Title 22, Revised Civil Statutes of Texas, 1925, as amended, relating to the issuance of bonds by cities, and it is determined that the public agency is authorized to levy an ad valorem tax to make all or part of the payments under a contract with a district, then the contract is an obligation against the taxing power of the public agency to the extent authorized, and payments under the contract may be payable from and constitute solely an obligation against the taxing powers of the city or may be payable both from taxes and from revenue prescribed in the contract. Otherwise, neither the district nor the holders of the district's bonds are entitled to demand payment of the public agency's obligation out of any tax revenue.

§ 25.031. Rates

(a) When all or part of the payments under a contract are to be made from revenue of the waterworks system, sanitary sewer system, both systems, or a combination of both systems, the public agency shall establish, maintain, and periodically adjust the rates charged for services of the systems, so that the revenue, along with any taxes levied in support of the indebtedness, will be sufficient to pay:

(1) the expenses of operating and maintaining the systems;

(2) the obligations to the district under the contract; and

(3) the obligations of bonds that are secured by revenue of the systems.

(b) The contract may require the use of consulting engineers and financial experts to advise the public agency on the need for adjusting rates.

[Acts 1971, 62nd Leg., p. 292, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 25.032. Service to More Than One Public Agency

A contract or group of contracts may provide for the district to render services concurrently to more than one person through constructing and operating a disposal system and may provide that the cost of these services be allocated among the persons as provided in the contract or group of contracts.

[Acts 1971, 62nd Leg., p. 233, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 25.033. Property Acquired by Condemnation or Otherwise

(a) To accomplish the purposes of this chapter, a district may acquire by purchase, lease, gift or in any other manner all or any interest in property inside or outside the boundaries of the district and may own, maintain, use, and operate it.

(b) To accomplish the purposes of the chapter, a district may exercise the power of eminent domain to acquire all or any interest in property inside or outside the boundaries of the district. The power shall be exercised according to the laws applicable or available to the district.

[Acts 1971, 62nd Leg., p. 233, ch. 58, § 1, eff. Aug. 30, 1971.]

If a district makes necessary the relocating, raising, rerouting, changing the grade of, or altering the construction of any highway, railroad, electric transmission line, pipeline, or telephone or telegraph properties or facilities in the exercise of powers granted under this chapter, the district shall pay all of the actual cost of the relocating, raising, rerouting, changing in grade, or altering of construction, and shall pay all of the actual cost of providing comparable replacement of facilities without enhancement, less the net salvage value of the facilities.

[Acts 1971, 62nd Leg., p. 233, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 25.035. Elections

No election is required for the exercise of any power under this chapter except for the tax levy as provided by Section 25.030(c) of this code.

[Acts 1971, 62nd Leg., p. 233, ch. 58, § 1, eff. Aug. 30, 1971.]

(b) The governing body of the district may wait until after termination of the validation suit to fix the interest rate and sale price of the bonds.

(c) If the proposed bonds recite that they are secured by the proceeds of a contract between the district and a public agency, the petition shall so allege; and the notice of the suit shall mention this allegation and shall specify the public agency's funds or revenues from which the contract payments are to be made.

[Acts 1971, 62nd Leg., p. 234, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 41.009  Text of Compact
The Rio Grande Compact reads as follows:

RIO GRANDE COMPACT

The State of Colorado, the State of New Mexico, and the State of Texas, desiring to remove all causes of present and future controversy among these States and between citizens of one of these States and citizens of another State with respect to the use of the waters of the Rio Grande above Fort Quitman, Texas, and being moved by considerations of interstate comity, and for the purpose of effecting an equitable apportionment of such waters, have resolved to conclude a Compact for the attainment of these purposes, and to that end, through their respective Governors, have named as their respective Commissioners:
For the State of Colorado—M. C. Hinderlider
For the State of New Mexico—Thomas M. McClure
For the State of Texas—Frank B. Clayton

who, after negotiations participated in by S. O. Harper, appointed by the President as the representative of the United States of America, have agreed upon the following Articles, to wit:

ARTICLE I

(a) The State of Colorado, the State of New Mexico, the State of Texas, and the United States of America, are hereinafter designated “Colorado,” “New Mexico,” “Texas,” and the “United States,” respectively.

(b) “The Commission” means the agency created by this Compact for the administration thereof.

(c) The term “Rio Grande Basin” means all of the territory drained by the Rio Grande and its tributaries in Colorado, in New Mexico, and in Texas above Fort Quitman, including the Closed Basin in Colorado.

(d) The “Closed Basin” means that part of the Rio Grande Basin in Colorado where the streams drain into the San Luis Lakes and adjacent territory, and do not normally contribute to the flow of the Rio Grande.

(e) The term “tributary” means any stream which naturally contributes to the flow of the Rio Grande.

(f) “Transmountain Diversion” is water imported into the drainage basin of the Rio Grande from any stream system outside of the Rio Grande Basin, exclusive of the Closed Basin.

(g) “Annual Debits” are the amounts by which actual deliveries in any calendar year fall below scheduled deliveries.

(h) “Annual Credits” are the amounts by which actual deliveries in any calendar year exceed scheduled deliveries.

(i) “Accrued Debits” are the amounts by which the sum of all annual debits exceeds the sum of all annual credits over any common period of time.

(j) “Accrued Credits” are the amounts by which the sum of all annual credits exceeds the sum of all annual debits over any common period of time.

(k) “Project Storage” is the combined capacity of Elephant Butte Reservoir and all other reservoirs actually available for the storage of usable water below Elephant Butte and above the first diversion to lands of the Rio Grande Project, but not more than a total of two million, six hundred and thirty-eight thousand, eight hundred and sixty (2,638,860) acre-feet.

(l) “Usable Water” is all water, exclusive of credit water, which is in project storage and which is available for release in accordance with irrigation demands, including deliveries to Mexico.

(m) “Credit Water” is that amount of water in project storage which is equal to the accrued credit of Colorado or New Mexico or both.

(n) “Unfilled Capacity” is the difference between the total physical capacity of project storage and the amount of usable water then in storage.
(o) “Actual Release” is the amount of usable water released in any calendar year from the lowest reservoir comprising project storage.

(p) “Actual Spill” is all water which is actually spilled from Elephant Butte Reservoir, or is released therefrom for flood control, in excess of the current demand on project storage and which does not become usable water by storage in another reservoir; provided, that actual spill of usable water cannot occur until all credit water shall have been spilled.

(q) “Hypothetical Spill” is the time in any year at which usable water would have spilled from project storage if seven hundred and ninety thousand (790,000) acre-feet had been released therefrom at rates proportional to the actual release in every year from the starting date to the end of the year in which hypothetical spill occurs; in computing hypothetical spill the initial condition shall be the amount of usable water in project storage at the beginning of the calendar year following the effective date of this Compact, and thereafter the initial condition shall be the amount of usable water in project storage at the beginning of the calendar year following each actual spill.

ARTICLE II

The Commission shall cause to be maintained and operated a stream gaging station equipped with an automatic water stage recorder at each of the following points, to wit:

(a) On the Rio Grande near Del Norte above the principal points of diversion to the San Luis Valley;
(b) On the Conejos River near Mogote;
(c) On the Los Pinos River near Ortiz;
(d) On the San Antonio River at Ortiz;
(e) On the Conejos River at its mouths near Los Sauces;
(f) On the Rio Grande near Lobatos;
(g) On the Rio Chama below El Vado Reservoir;
(h) On the Rio Grande at Otowi Bridge near San Ildefonso;
(i) On the Rio Grande near San Acacia;
(j) On the Rio Grande at San Marcial;
(k) On the Rio Grande below Elephant Butte Reservoir;

(/) On the Rio Grande below Caballo Reservoir.

Similar gaging stations shall be maintained and operated below any other reservoir constructed after 1929, and at such other points as may be necessary for the securing of records required for the carrying out of the Compact; and automatic water stage recorders shall be maintained and operated on each of the reservoirs mentioned, and on all others constructed after 1929.

Such gaging stations shall be equipped, maintained, and operated by the Commission directly or in cooperation with an appropriate Federal or State agency, and the equipment, method and frequency of measurement at such stations shall be such as to produce reliable records at all times.

Intermediate quantities shall be computed by proportional parts.

(1) Conejos Index Supply is the natural flow of Conejos River at the U.S.G.S. gaging station near Mogote during the calendar year, plus the natural flow of Los Pinos River at the U.S.G.S. gaging station near Ortiz and the natural flow of San Antonio River at the U.S.G.S. gaging station at Ortiz, both during the months of April to October, inclusive.

(2) Conejos River at mouths is the combined discharge of branches of this River at the U.S.G.S. gaging stations near Los Sauces during the calendar year.

(3) Rio Grande at Del Norte is the recorded flow of the Rio Grande at the U.S.G.S. gaging station near Del Norte during the calendar year (measured above all principal points of diversion to San Luis Valley) corrected for the operation of reservoirs constructed after 1937.

(4) Rio Grande at Lobatos less Conejos at mouths is the total flow of the Rio Grande at the U.S.G.S. gaging station near Lobatos, less the discharge of Conejos River at its mouths, during the calendar year.

The application of these schedules shall be subject to the provisions hereinafter set forth and appropriate adjustments shall be made for (a) any change in location of gaging station; (b) any new or increased depletion of the runoff above inflow index gaging stations; and (c) any transmountain diversions into the drainage basin of the Rio Grande above Lobatos.

In event any works are constructed after 1937 for the purpose of delivering water into the Rio Grande from the Closed Basin, Colorado shall not be credited with the amount of such water delivered, unless the proportion of sodium ions shall be less than forty-five (45) percent of the total positive ions in that water when the total dissolved solids in such water exceeds three hundred and fifty (350) parts per million.

**ARTICLE IV**

The obligation of New Mexico to deliver water in the Rio Grande at San Marcial, during each calendar year, exclusive of the months of July, August, and September, shall be that quantity set forth in the following tabulation of relationship, which corresponds to the quantity at the upper index station:

(5) The Otowi Index Supply is the recorded flow of the Rio Grande at the U.S.G.S. gaging station at Otowi Bridge near San Ildefonso (formerly station near Buckman) during the calendar year, exclusive of the flow during the months of July, August, and September, corrected for the operation of reservoirs constructed after 1929 in the drainage basin of the Rio Grande between Lobatos and Otowi Bridge.

(6) San Marcial Index Supply is the recorded flow of the Rio Grande at the gaging station at San Marcial during the calendar year exclusive of the flow during the months of July, August, and September.

The application of this schedule shall be subject to the provisions hereinafter set forth and appropriate adjustments shall be made for (a) any change in location of gaging stations; (b) depletion after 1929 in New Mexico at any time of the year of the natural runoff at Otowi Bridge; (c) depletion of the runoff during July, August, and September of tributaries between Otowi Bridge and San Marcial, by works constructed after 1937; and (d) any transmountain diversions into the Rio Grande between Lobatos and San Marcial.

Concurrent records shall be kept of the flow of the Rio Grande at San Marcial, near San Acacia, and of the release from Elephant Butte Reservoir, to the end that the records at these three (3) stations may be correlated.

**ARTICLE V**

If at any time it should be the unanimous finding and determination of the Commission that because of changed physical conditions, or for any other reason, reliable records are not obtainable, or cannot be obtained, at any of the stream gaging stations herein referred to, such stations may, with the unanimous approval of the Commission, be abandoned, and with such approval another station, or other stations, shall be established and new measurements shall be substituted which, in the unanimous opinion of the Commission, will result in substantially the same results, so far as the rights and obligations to deliver water are concerned, as would have existed if such substitution of stations and measurements had not been so made.

**ARTICLE VI**

Commencing with the year following the effective date of this Compact, all credits and debits of Colorado and New Mexico shall be computed for each calendar year; provided, that in a year of actual spill no annual credits nor annual debits shall be computed for that year.

In the case of Colorado, no annual debit nor accrued debit shall exceed one hundred thousand (100,000) acre-feet, except as either or both may be
caused by holdover storage water in reservoirs constructed after 1937 in the drainage basin of the Rio Grande above Lobatos. Within the physical limitations of storage capacity in such reservoirs, Colorado shall retain water in storage at all times to the extent of its accrued debit.

In the case of New Mexico, the accrued debit shall not exceed two hundred thousand (200,000) acre-feet at any time, except as such debit may be caused by holdover storage of water in reservoirs constructed after 1929 in the drainage basin of the Rio Grande between Lobatos and San Marcial. Within the physical limitations of storage capacity in such reservoirs, New Mexico shall retain water in storage at all times to the extent of its accrued debit. In computing the magnitude of accrued credits or debits, New Mexico shall not be charged with any greater debit in any one year than the sum of one hundred and fifty thousand (150,000) acre-feet and all gains in the quantity of water in storage in such year.

The Commission by unanimous action may authorize the release from storage of any amount of water which is then being held in storage by reason of accrued debits of Colorado or New Mexico; provided, that such water shall be replaced at the first opportunity thereafter.

In computing the amount of accrued credits and accrued debits of Colorado or New Mexico, any annual credits in excess of one hundred and fifty thousand (150,000) acre-feet shall be taken as equal to that amount.

In any year in which actual spill occurs, the accrued credits of Colorado or New Mexico, or both, at the beginning of the year shall be reduced in proportion to their respective credits by the amount of such actual spill; provided, that the amount of actual spill shall be deemed to be increased by the aggregate gain in the amount of water in storage, prior to the time of spill, in reservoirs above San Marcial constructed after 1929; provided, further, that if the Commissioners for the States having accrued credits authorize the release of part, or all, of such credits in advance of spill, the amount so released shall be deemed to constitute actual spill.

In any year in which there is actual spill of usable water, or at the time of hypothetical spill thereof, all accrued debits of Colorado or New Mexico, or both, at the beginning of the year shall be cancelled.

In any year in which the aggregate of accrued debits of Colorado and New Mexico exceeds the minimum unfilled capacity of project storage, such debits shall be reduced proportionally to an aggregate amount equal to such minimum unfilled capacity.

To the extent that accrued credits are impounded in reservoirs between San Marcial and Courchesne, and to the extent that accrued debits are impounded in reservoirs above San Marcial, such credits and debits shall be reduced annually to compensate for evaporation losses in the proportion that such credits or debits bore to the total amount of water in such reservoirs during the year.

**ARTICLE VII**

Neither Colorado nor New Mexico shall increase the amount of water in storage in reservoirs constructed after 1929 whenever there is less than four hundred thousand (400,000) acre-feet of usable water in project storage; provided, that if the actual releases of usable water from the beginning of the calendar year following the effective date of this Compact, or from the beginning of the calendar year following actual spill, have aggregated more than an average of seven hundred and ninety thousand (790,000) acre-feet per annum, the time at which such minimum stage is reached shall be adjusted to compensate for the difference between the total actual release and releases at such average rate; provided, further, that Colorado or New Mexico, or both, may relinquish accrued credits at any time, and Texas may accept such relinquished water, and in such event the State or States so relinquishing shall be entitled to store water in the amount of the water so relinquished.

**ARTICLE VIII**

During the month of January of any year the Commissioner for Texas may demand of Colorado and New Mexico, and the Commissioner for New Mexico may demand of Colorado, the release of water from storage reservoirs constructed after 1929 to the amount of the accrued debits of Colorado and New Mexico, respectively, and such releases shall be made by each at the greatest rate practicable under the conditions then prevailing, and in proportion to the total debit of each, and in amounts, limited by their accrued debits, sufficient to bring the quantity of usable water in project storage to six hundred thousand (600,000) acre-feet by March 1st and to maintain this quantity in storage until April 30th, to the end that a normal release of seven hundred and ninety thousand (790,000) acre-feet may be made from project storage in that year.

**ARTICLE IX**

Colorado agrees with New Mexico that in event the United States or the State of New Mexico decides to construct the necessary works for diverting the waters of the San Juan River, or any of its tributaries, into the Rio Grande, Colorado hereby consents to the construction of said works and the diversion of waters from the San Juan River, or the tributaries thereof, into the Rio Grande in New Mexico, provided the present and prospective uses of
water in Colorado by other diversions from the San Juan River, or its tributaries, are protected.

ARTICLE X

In the event water from another drainage basin shall be imported into the Rio Grande Basin by the United States or Colorado or New Mexico, or any of them jointly, the State having the right to the use of such water shall be given proper credit therefor in the application of the schedules.

ARTICLE XI

New Mexico and Texas agree that upon the effective date of this Compact all controversies between said States relative to the quantity or quality of the water of the Rio Grande are composed and settled; however, nothing herein shall be interpreted to prevent recourse by a signatory State to the Supreme Court of the United States for redress should the character or quality of the water, at the point of delivery, be changed hereafter by one signatory State to the injury of another. Nothing herein shall be construed as an admission by any signatory State that the use of water for irrigation causes increase of salinity for which the user is responsible in law.

ARTICLE XII

To administer the provisions of this Compact there shall be constituted a Commission composed of one representative from each State, to be known as the Rio Grande Compact Commission. The State Engineer of Colorado shall be ex-officio the Rio Grande Compact Commissioner for Colorado. The State Engineer of New Mexico shall be ex-officio the Rio Grande Compact Commissioner for New Mexico. The Rio Grande Compact Commissioner for Texas shall be appointed by the Governor of Texas. The President of the United States shall be requested to designate a representative of the United States to sit with such Commission, and such Representative of the United States, if so designated by the President, shall act as Chairman of the Commission without vote.

The salaries and personal expenses of the Rio Grande Compact Commissioners for the three (3) States shall be paid by their respective States, and all other expenses incident to the administration of this Compact, not borne by the United States, shall be borne equally by the three (3) States.

In addition to the powers and duties hereinbefore specifically conferred upon such Commission and the Members thereof, the jurisdiction of such Commission shall extend only to the collection, correlation, and presentation of factual data and the maintenance of records having a bearing upon the administration of this Compact, and, by unanimous action, to the making of recommendations to the respective States upon matters connected with the administration of this Compact. In connection therewith, the Commission may employ such engineering and clerical aid as may be reasonably necessary within the limit of funds provided for that purpose by the respective States. Annual reports compiled for each calendar year shall be made by the Commission and transmitted to the Governors of the signatory States on or before March 1st following the year covered by the report. The Commission may, by unanimous action, adopt rules and regulations consistent with the provisions of this Compact to govern their proceedings.

The findings of the Commission shall not be conclusive in any Court or tribunal which may be called upon to interpret or enforce this Compact.

ARTICLE XIII

At the expiration of every five-year period after the effective date of this Compact, the Commission may, by unanimous consent, review any provisions hereof which are not substantive in character and which do not affect the basic principles upon which the Compact is founded, and shall meet for the consideration of such questions on the request of any member of the Commission; provided, however, that the provisions hereof shall remain in full force and effect until changed and amended within the intent of the Compact by unanimous action of the Commissioners, and until any changes in this Compact are ratified by the Legislatures of the respective States and consented to by the Congress, in the same manner as this Compact is required to be ratified to become effective.

ARTICLE XIV

The schedules herein contained and the quantities of water herein allocated shall never be increased nor diminished by reason of any increase or diminution in the delivery or loss of water to Mexico.

ARTICLE XV

The physical and other conditions characteristic of the Rio Grande and peculiar to the territory drained and served thereby, and to the development thereof, have actuated this Compact and none of the signatory States admits that any provisions herein contained establishes any general principle or precedent applicable to other interstate streams.

ARTICLE XVI

Nothing in this Compact shall be construed as affecting the obligations of the United States of America to Mexico under existing treaties, or to the Indian Tribes, or as impairing the Rights of the Indian Tribes.

ARTICLE XVII

This Compact shall become effective when ratified by the Legislatures of each of the signatory States.
and consented to by the Congress of the United States. Notice of ratification shall be given by the Governor of each State to the Governors of the other States and to the President of the United States, and the President of the United States is requested to give notice to the Governors of each of the signatory States of the consent of the Congress of the United States.

IN WITNESS WHEREOF, The Commissioners have signed this Compact in quadruplicate original, one of which shall be deposited in the archives of the Department of State of the United States of America and shall be deemed the authoritative original, and of which a duly certified copy shall be forwarded to the Governor of each of the signatory States.

Done at the City of Sante Fe, in the State of New Mexico, on the 18th day of March, in the year of our Lord, One Thousand Nine Hundred and Thirty-eight.

§ 42.010. Text of Compact
The Pecos River Compact reads as follows:

PECOS RIVER COMPACT
Entered Into by the States of
NEW MEXICO
and
TEXAS
Sante Fe, New Mexico
December 3, 1948
PECOS RIVER COMPACT

The State of New Mexico and the State of Texas, acting through their Commissioners, John H. Bliss for the State of New Mexico and Charles H. Miller for the State of Texas, after negotiations participated in by Berkeley Johnson, appointed by the President as the representative of the United States of America, have agreed respecting the uses, apportionment and deliveries of the water of the Pecos River as follows:

ARTICLE I

The major purposes of this Compact are to provide for the equitable division and apportionment of the use of the waters of the Pecos River; to promote interstate comity; to remove causes of present and future controversies; to make secure and protect present development within the states; to facilitate the construction of works for, (a) the salvage of water, (b) the more efficient use of water, and (c) the protection of life and property from floods.

ARTICLE II

As used in this Compact:

(a) The term "Pecos River" means the tributary of the Rio Grande which rises in north-central New Mexico and flows in a southerly direction through New Mexico and Texas and joins the Rio Grande near the town of Langtry, Texas, and includes all tributaries of said Pecos River.

(b) The term "Pecos River Basin" means all of the contributing drainage area of the Pecos River and its tributaries above its mouth near Langtry, Texas.

(c) "New Mexico" and "Texas" mean the State of New Mexico and the State of Texas, respectively; "United States" means the United States of America.

(d) The term "Commission" means the agency created by this Compact for the administration thereof.

(e) The term "deplete by man's activities" means to diminish the stream flow of the Pecos River at any given point as the result of beneficial consumptive uses of water within the Pecos River Basin above such point. For the purposes of this Compact it does not include the diminution of such flow by encroachment of salt cedars or other like growth, or by deterioration of the channel of the stream.

(f) The term "Report of the Engineering Advisory Committee" means that certain report of the Engineering Advisory Committee dated January, 1948, and all appendices thereto; including, basic data, processes, and analyses utilized in preparing that report, all of which were reviewed, approved, and adopted by the Commissioners signing this Compact at a meeting held in Santa Fe, New Mexico, on December 3, 1948, and which are included in the Minutes of that meeting.

(g) The term "1947 condition" means that situation in the Pecos River Basin as described and defined in the Report of the Engineering Advisory Committee. In determining any question of fact hereafter arising as to such situation, reference shall be made to, and decisions shall be based on, such report.

(b) The term "water salvaged" means that quantity of water which may be recovered and made available for beneficial use and which quantity of water under the 1947 condition was non-beneficially consumed by natural processes.

(i) The term "unappropriated flood waters" means water originating in the Pecos River Basin above Red Bluff Dam in Texas, the impoundment of which will not deplete the water usable by the storage and diversion facilities existing in either state under the 1947 condition and which if not impounded will flow past Girvin, Texas.

ARTICLE III

(a) Except as stated in paragraph (f) of this Article, New Mexico shall not deplete by man's activities the flow of the Pecos River at the New Mexico-Texas state line below an amount which will give to Texas a quantity of water equivalent to that available to Texas under the 1947 condition.

(b) Except as to the unappropriated flood waters thereof, the apportionment of which is included in and provided for by paragraph (f) of this Article, the beneficial consumptive use of the waters of the Delaware River is hereby apportioned to Texas, and the quantity of such beneficial consumptive use shall be included in determining waters received under the provisions of paragraph (a) of this Article.

(c) The beneficial consumptive use of water salvaged in New Mexico through the construction and operation of a project or projects by the United States or by joint undertakings of Texas and New Mexico, is hereby apportioned forty-three per cent (43%) to Texas and fifty-seven per cent (57%) to New Mexico.

(d) Except as to water salvaged, apportioned in paragraph (c) of this Article, the beneficial consumptive use of water which shall be non-beneficially consumed, and which is recovered, is hereby apportioned to New Mexico but not to have the effect of diminishing the quantity of water available to Texas under the 1947 condition.

(e) Any water salvaged in Texas is hereby apportioned to Texas.

(f) Beneficial consumptive use of unappropriated flood waters is hereby apportioned fifty per cent (50%) to Texas and fifty per cent (50%) to New Mexico.

ARTICLE IV

(a) New Mexico and Texas shall cooperate to support legislation for the authorization and construction of projects to eliminate non-beneficial consumption of water.

(b) New Mexico and Texas shall cooperate with agencies of the United States to devise and effectuate means of alleviating the salinity conditions of the Pecos River.
(c) New Mexico and Texas each may:

(i) Construct additional reservoir capacity to replace reservoir capacity made unusable by any cause.

(ii) Construct additional reservoir capacity for the utilization of water salvaged and unappropriated flood waters apportioned by this Compact to such state.

(iii) Construct additional reservoir capacity for the purpose of making more efficient use of water apportioned by this Compact to such state.

(d) Neither New Mexico nor Texas will oppose the construction of any facilities permitted by this Compact, and New Mexico and Texas will cooperate to obtain the construction of facilities that will be of joint benefit to the two states.

(e) The Commission may determine the conditions under which Texas may store water in works constructed in and operated by New Mexico.

(f) No reservoir shall be constructed and operated in New Mexico above Avalon Dam for the sole benefit of Texas unless the Commission shall so determine.

(g) New Mexico and Texas each has the right to construct and operate works for the purpose of preventing flood damage.

(h) All facilities shall be operated in such manner as to carry out the terms of this Compact.

ARTICLE V

(a) There is hereby created an interstate administrative agency to be known as the “Pecos River Commission.” The Commission shall be composed of one Commissioner representing each of the states of New Mexico and Texas, designated or appointed in accordance with the laws of each such state, and, if designated by the President, one Commissioner representing the United States. The President is hereby requested to designate such a Commissioner. If so designated, the Commissioner representing the United States shall be the presiding officer of the Commission, but shall not have the right to vote in any of the deliberations of the Commission. All members of the Commission must be present to constitute a quorum.

(b) The salaries and personal expenses of each Commissioner shall be paid by the government which he represents. All other expenses which are incurred by the Commission incident to the administration of this Compact and which are not paid by the United States shall be borne equally by the two states. On or before November 1 of each even numbered year the Commission shall adopt and transmit to the Governors of the two states and to the President a budget covering an estimate of its expenses for the following two years. The payment of the expenses of the Commission and of its employees shall not be subject to the audit and accounting procedures of either of the two states. However, all receipts and disbursements of funds handled by the Commission shall be audited yearly by a qualified independent public accountant and the report of the audit shall be included in, and become a part of, the annual report of the Commission.

(c) The Commission may appoint a secretary who, while so acting, shall not be an employee of either state. He shall serve for such term, receive such salary, and perform such duties as the Commission may direct. The Commission may employ such engineering, legal, clerical, and other personnel as in its judgment may be necessary for the performance of its functions under this Compact. In the hiring of employees the Commission shall not be bound by the civil service laws of either state.

(d) The Commission, so far as consistent with this Compact, shall have power to:

1. Adopt rules and regulations;
2. Locate, establish, construct, operate, maintain, and abandon water gaging stations, independently or in cooperation with appropriate governmental agencies;
3. Engage in studies of water supplies of the Pecos River and its tributaries, independently or in cooperation with appropriate governmental agencies;
4. Collect, analyze, correlate, preserve and report on data as to the stream flows, storage, diversions, salvage, and use of the waters of the Pecos River and its tributaries, independently or in cooperation with appropriate governmental agencies;
5. Make findings as to any change in depletion by man’s activities in New Mexico, and on the Delaware River in Texas;
6. Make findings as to the deliveries of water at the New Mexico-Texas state line;
7. Make findings as to the quantities of water salvaged and the amount thereof delivered at the New Mexico-Texas state line;
8. Make findings as to quantities of water non-beneficially consumed in New Mexico;
9. Make findings as to quantities of unappropriated flood waters;
10. Make findings as to the quantities of reservoir losses from reservoirs constructed in New Mexico which may be used for the benefit of both states, and as to the share thereof charged under Article VI hereof to each of the states;
11. Acquire and hold such personal and real property as may be necessary for the performance of its duties hereunder and to dispose of the same when no longer required;
12. Perform all functions required of it by this Compact and do all things necessary, proper or convenient in the performance of its duties hereunder, independently or in cooperation with appropriate governmental agencies;
13. Make and transmit annually to the Governors of the signatory states and to the President of the United States on or before the last day of February of each year, a report covering the activities of the Commission for the preceding year.
§ 42.010 WATER CODE

(e) The Commission shall make available to the Governor of each of the signatory states any information within its possession at any time, and shall always provide free access to its records by the Governors of each of the States, or their representatives, or authorized representatives of the United States.

(f) Findings of fact made by the Commission shall not be conclusive in any court, or before any agency or tribunal, but shall constitute prima facie evidence of the facts found.

(g) The organization meeting of the Commission shall be held within four months from the effective date of this Compact.

ARTICLE VI

The following principles shall govern in regard to the apportionment made by Article III of this Compact:

(a) The Report of the Engineering Advisory Committee, supplemented by additional data hereafter accumulated, shall be used by the Commission in making administrative determinations.

(b) Unless otherwise determined by the Commission, depletions by man’s activities, state-line flows, quantities of water salvaged, and quantities of unappropriated flood waters shall be determined on the basis of three-year periods reckoned in continuing progressive series beginning with the first day of January next succeeding the ratification of this Compact.

(c) Unless and until a more feasible method is devised and adopted by the Commission the inflow-outflow method, as described in the Report of the Engineering Advisory Committee, shall be used to:

(i) Determine the effect on the state-line flow of any change in depletions by man’s activities or otherwise, of the waters of the Pecos River in New Mexico.

(ii) Measure at or near the Avalon Dam in New Mexico the quantities of water salvaged.

(iii) Measure at or near the state line any water released from storage for the benefit of Texas as provided for in subparagraph (d) of this Article.

(iv) Measure the quantities of unappropriated flood waters apportioned to Texas which have not been stored and regulated by reservoirs in New Mexico.

(v) Measure any other quantities of water required to be measured under the terms of this Compact which are susceptible of being measured by the inflow-outflow method.

(d) If unappropriated flood waters apportioned to Texas are stored in facilities constructed in New Mexico, the following principles shall apply:

(i) In case of spill from a reservoir jointly constructed and operated, the water stored to the credit of Texas will be considered as the first water to spill.

(ii) In case of spill from a reservoir jointly constructed and operated, the water stored to the credit of either state shall not be affected.

(iii) Reservoir losses shall be charged to each state in proportion to the quantity of water belonging to that state in storage at the time the losses occur.

(iv) The water impounded to the credit of Texas shall be released by New Mexico on the demand of Texas.

(e) Water salvaged shall be measured at or near the Avalon Dam in New Mexico and to the quantity thereof shall be added a quantity equal to the quantity of salvaged water depleted by man’s activities above Avalon Dam. The quantity of water salvaged that is apportioned to Texas shall be delivered by New Mexico at the New Mexico-Texas state line. The quantity of unappropriated flood waters impounded under paragraph (d) of this Article, when released shall be delivered by New Mexico at the New Mexico-Texas state line in the quantity released less channel losses. The unappropriated flood waters apportioned to Texas by this Compact that are not impounded in reservoirs in New Mexico shall be measured and delivered at the New Mexico-Texas state line.

(f) Beneficial use shall be the basis, the measure, and the limit of the right to use water.

ARTICLE VII

In the event of importation of water by man’s activities to the Pecos River Basin from any other river basin the state making the importation shall have the exclusive use of such imported water.

ARTICLE VIII

The provisions of this Compact shall not apply to, or interfere with, the right or power of either signatory state to regulate within its boundaries the appropriation, use and control of water, not inconsistent with its obligations under this Compact.

ARTICLE IX

In maintaining the flows at the New Mexico-Texas state line required by this Compact, New Mexico shall in all instances apply the principle of prior appropriation within New Mexico.

ARTICLE X

The failure of either state to use the water, or any part thereof, the use of which is apportioned to it under the terms of this Compact, shall not constitute a relinquishment of the right to such use, nor shall it constitute a forfeiture or abandonment of the right to such use.
ARTICLE XI

Nothing in this Compact shall be construed as:

(a) Affecting the obligations of the United States under the Treaty with the United Mexican States (Treaty Series 994);

(b) Affecting any rights or powers of the United States, its agencies or instrumentalities, in or to the waters of the Pecos River, or its capacity to acquire rights in and to the use of said waters;

(c) Subjecting any property of the United States, its agencies or instrumentalities, to taxation by any state or subdivision thereof, or creating any obligation on the part of the United States, its agencies or instrumentalities, by reason of the acquisition, construction or operation of any property or works of whatever kind, to make any payment to any state or political subdivision thereof, state agency, municipality or entity whatsoever, in reimbursement for the loss of taxes;

(d) Subjecting any property of the United States, its agencies or instrumentalities, to the laws of any state to an extent other than the extent to which such laws would apply without regard to this Compact.

ARTICLE XII

The consumptive use of water by the United States or any of its agencies, instrumentalities or wards shall be charged as a use by the state in which the use is made; provided, that such consumptive use incident to the diversion, impounding, or conveyance of water in one state for use in the other state shall be charged to such latter state.

ARTICLE XIII

This Compact shall not be construed as establishing any general principle or precedent applicable to other interstate streams.

ARTICLE XIV

This Compact may be terminated at any time by appropriate action of the legislatures of both of the signatory states. In the event of such termination, all rights established under it shall continue unimpaired.

ARTICLE XV

This Compact shall become binding and obligatory when it shall have been ratified by the legislature of each State and approved by the Congress of the United States. Notice of ratification by the legislature of each State shall be given by the Governor of that State to the Governor of the other State and to the President of the United States, and the President is hereby requested to give notice to the Governor of each State of approval by the Congress of the United States.

In Witness Whereof, the Commissioners have executed three counterparts hereof each of which shall be and constitute an original, one of which shall be deposited in the archives of the Department of State of the United States, and one of which shall be forwarded to the Governor of each State.

CANADIAN RIVER COMPACT

The State of New Mexico, the State of Texas, and the State of Oklahoma, acting through their Commissioners, John H. Bliss for the State of New Mexico, E. V. Spence for the State of Texas, and Clarence Burch for the State of Oklahoma, after negotiations participated in by Berkeley Johnson, appointed by the President as the representative of the United States of America, have agreed respecting Canadian River as follows:

ARTICLE I

The major purposes of this Compact are to promote interstate comity; to remove causes of present and future controversy; to make secure and protect present developments within the States; and to provide for the construction of additional works for the conservation of the waters of Canadian River.

ARTICLE II

As used in this Compact:

(a) The term "Canadian River" means the tributary of Arkansas River which rises in northeastern New Mexico and flows in an easterly direction through New Mexico, Texas and Oklahoma and includes North Canadian River and all other tributaries of said Canadian River.

(b) The term "North Canadian River" means that major tributary of Canadian River officially known as North Canadian River from its source to its junction with Canadian River and includes all tributaries of North Canadian River.

(c) The term "Commission" means the agency created by this Compact for the administration thereof.

(d) The term "conservation storage" means that portion of the capacity of reservoirs available for the storage of water for subsequent release for domestic, municipal, irrigation and industrial uses, or any of them, and it excludes any portion of the capacity of reservoirs allocated solely to flood control, power production and sediment control, or any of them.

ARTICLE III

All rights to any of the waters of Canadian River which have been perfected by beneficial use are hereby recognized and affirmed.

ARTICLE IV

(a) New Mexico shall have free and unrestricted use of all waters originating in the drainage basin of Canadian River above Conchas Dam.

(b) New Mexico shall have free and unrestricted use of all waters originating in the drainage basin of Canadian River in New Mexico below Conchas Dam, provided that the amount of conservation storage in New Mexico available for impounding these waters which originate in the drainage basin of Canadian River below Conchas Dam shall be limited to an aggregate of two hundred thousand (200,000) acre-feet.

(c) The right of New Mexico to provide conservation storage in the drainage basin of North Canadian River shall be limited to the storage of such water as at the time may be unappropriated under the laws of New Mexico and of Oklahoma.

ARTICLE V

Texas shall have free and unrestricted use of all waters of Canadian River in Texas, subject to the limitations upon storage of water set forth below:

(a) The right of Texas to impound any of the waters of North Canadian River shall be limited to storage on tributaries of said River in Texas for municipal uses, for household and domestic uses, livestock watering, and the irrigation of lands which are cultivated solely for the purpose of providing food and feed for the householders and domestic livestock actually living or kept on the property.

(b) Until more than three hundred thousand (300,000) acre-feet of conservation storage shall be provided in Oklahoma, exclusive of reservoirs in the drainage basin of North Canadian River and exclusive of reservoirs in the drainage basin of Canadian River east of the 97th meridian, the right of Texas to retain water in conservation storage, exclusive of waters of North Canadian River, shall be limited to five hundred thousand (500,000) acre-feet; thereafter the right of Texas to impound and retain such waters in storage shall be limited to an aggregate quantity equal to two hundred thousand (200,000) acre-feet plus whatever amount of water shall be at the same time in conservation storage in reservoirs in the drainage basin of Canadian River in Oklahoma, exclusive of reservoirs in the drainage basin of North Canadian River and exclusive of reservoirs east of the 97th meridian; and for the purpose of determining the amount of water in conservation storage, the maximum quantity of water in storage following each flood or series of floods shall be used; provided, that the right of Texas to retain and use any quantity of water previously impounded shall not be reduced by any subsequent application of the provisions of this paragraph (b).

(c) Should Texas for any reason impound any amount of water greater than the aggregate quantity specified in paragraph (b) of this Article, such excess shall be retained in storage until under the provisions of said paragraph Texas shall become entitled to its use; provided, that, in event of spill from conservation storage, any such excess shall be reduced by the amount of such spill from the most easterly reservoir on Canadian River in Texas; provided further, that all such excess quantities in storage shall be reduced monthly to compensate for reservoir losses in proportion to the total amount of water in the reservoir or reservoirs in which such excess water is being held; and provided further that on demand by the Commissioner for Oklahoma the remainder of any such excess quantity of water
in storage shall be released into the channel of
Canadian River at the greatest rate practicable.

ARTICLE VI
Oklahoma shall have free and unrestricted use of
all waters of Canadian River in Oklahoma.

ARTICLE VII
The Commission may permit New Mexico to im-
pound more water than the amount set forth in
Article IV and may permit Texas to impound more
water than the amount set forth in Article V; pro-
vided, that no State shall thereby be deprived of
water needed for beneficial use; provided further
that each such permission shall be for a limited
period not exceeding twelve (12) months; and pro-
vided further that no State or user of water within
any State shall thereby acquire any right to the
continued use of any such quantity of water so
permitted to be impounded.

ARTICLE VIII
Each State shall furnish to the Commission at
intervals designated by the Commission accurate
records of the quantities of water stored in reser-
voirs pertinent to the administration of this Com-

constitute a quorum. A unanimous vote of the
Commissioners for the three (3) signatory States
shall be necessary to all actions taken by the Com-

which he represents. All other expenses which are
incurred by the Commission incident to the admin-
istration of this Compact and which are not paid by
the United States shall be borne equally by the three
(3) States and be paid by the Commission out of a
revolving fund hereby created to be known as the
“Canadian River Revolving Fund.” Such fund shall
be initiated and maintained by equal payments of
each State into the fund in such amounts as will be
necessary for administration of this Compact. Dis-
bursements shall be made from said fund in such
manner as may be authorized by the Commission.
Said fund shall not be subject to the audit and
accounting procedures of the States. However, all
receipts and disbursements of funds handled by the
Commission shall be audited by a qualified independ-
ent public accountant at regular intervals and the
report of the audit shall be included in and become a
part of the annual report of the Commission.

pact;
(2) Enter into contracts with appropriate Federal
agencies for the collection, correlation, and presenta-

its agencies or instrumentalities, to taxation by any
State or subdivision thereof, or creating any obliga-

whatever kind, to make any payment to any State or
political subdivision thereof, state agency, municipal-
ity or entity whatsoever, in reimbursement for the

§ 44.010. Text of Compact

The Sabine River Compact reads as follows:

SABINE RIVER COMPACT
Entered Into by the States of LOUISIANA and TEXAS

Logansport, Louisiana
January 26, 1953

SABINE RIVER COMPACT

The State of Texas and the State of Louisiana, parties signatory to this Compact (hereinafter referred to as “Texas” and “Louisiana”, respectively, or individually as a “State”, or collectively as the “States”), having resolved to conclude a compact with respect to the waters of the Sabine River, and having appointed representatives as follows:

For Texas: Henry L. Woodworth, Interstate Compact Commissioner for Texas; and John W. Simmons, President of the Sabine River Authority of Texas;

For Louisiana: Roy T. Sessums, Director of the Department of Public Works of the State of Louisiana;

and consent to negotiate and enter into the said Compact having been granted by Act of the Congress of the United States approved November 1, 1951 (Public Law No. 252; 82nd Congress, First Session), and pursuant thereto the President having designated Louis W. Prentiss as the representative of the United States, the said representatives for Texas and Louisiana, after negotiations participated in by the representative of the United States, have for such Compact agreed upon Articles as hereinafter set forth. The major purposes of this Compact are to provide for an equitable apportionment between the States of Louisiana and Texas of the waters of the Sabine River and its tributaries, thereby removing the causes of present and future controversy between the States over the conservation and utilization of said waters; to encourage the development, conservation and utilization of the water resources of the Sabine River and its tributaries; and to establish a basis for cooperative planning and action by the States for the construction, operation and maintenance of projects for water conservation and utilization purposes on that reach of the Sabine River touching both States, and for apportionment of the benefits therefrom.

ARTICLE I

As used in this Compact:

(a) The word “Stateline” means the point on the Sabine River where its waters in downstream flow first touch the States of both Louisiana and Texas.

(b) The term “waters of the Sabine River” means the waters either originating in the natural drainage basin of the Sabine River, or appearing as streamflow in said River and its tributaries, from its headwater source down to the mouth of the River where it enters into Sabine Lake.

(c) The term “Stateline flow” means the flow of waters of the Sabine River as determined by the Logansport gauge located on the U. S. Highway 84, approximately four (4) river miles downstream from the Stateline. This flow, or the flow as determined by such substitute gauging station as may be established by the Administration, as hereinafter defined, pursuant to the provisions of Article VII of this Compact, shall be deemed the actual Stateline flow.

(d) The term “Stateline reach” means that portion of the Sabine River lying between the Stateline and Sabine Lake.

(e) The term “the Administration” means the Sabine River Compact Administration established under Article VII.

(f) The term “Domestic use” means the use of water by an individual, or by a family unit or household for drinking, cooking, laundering, sanitation and other personal comforts and necessities; and for the irrigation of an area not to exceed one acre, obtained directly from the Sabine River or its tributaries by an individual or family unit, not supplied by a water company, water district or municipality.

(g) The term “stock water use” means the use of water by an individual, or by a family unit or household for livestock and poultry.

(h) The term “consumptive use” means use of water resulting in its permanent removal from the stream.

(i) The terms “domestic” and “stock water” reservoir mean any reservoir for either or both of such uses having a storage capacity of fifty (50) acre feet or less.

(j) “Stored water” means water stored in reservoirs (exclusive of domestic or stock water reservoirs) or water withdrawn or released from reservoirs for specific uses and the identifiable return flow from such uses.

(k) The term “free water” means all waters other than “stored waters” in the Stateline reach including, but not limited to, that appearing as natural stream flow and not withdrawn or released from a reservoir for specific uses. Waters released from reservoirs for the purpose of maintaining stream
flows as provided in Article V, shall be "free water". All reservoir spills or releases of stored waters made in anticipation of spills, shall be free water.

(1) Where the name of the State or the term "State" is used in this Compact, it shall be construed to include any person or entity of any nature whatsoever of the States of Louisiana or Texas using, claiming, or in any manner asserting any right to the use of the waters of the Sabine River under the authority of that State.

(m) Wherever any State or Federal official or agency is referred to in this Compact, such reference shall apply equally to the comparable official or agency succeeding to their duties and functions.

ARTICLE II

Subject to the provisions of Article X, nothing in this Compact shall be construed as applying to, or interfering with, the right or power of either signatory State to regulate within its boundaries the appropriation, use and control of water, not inconsistent with its obligation under this Compact.

ARTICLE III

Subject to the provisions of Article X, all rights to any of the waters of the Sabine River which have been obtained in accordance with the laws of the States are hereby recognized and affirmed; provided, however, that withdrawals, from time to time, for the satisfaction of such rights, shall be subject to the availability of supply in accordance with the apportionment of water provided under the terms of this Compact.

ARTICLE IV

Texas shall have free and unrestricted use of all waters of the Sabine River and its tributaries above the Stateline subject, however, to the provisions of Articles V and X.

ARTICLE V

Texas and Louisiana hereby agree upon the following apportionment of the waters of the Sabine River:

(a) All free water in the Stateline reach shall be divided equally between the two States, this division to be made without reference to the origin.

(b) The necessity of maintaining a minimum flow at the Stateline for the benefit of water users below the Stateline in both States is recognized, and to this end it is hereby agreed that:

(1) Reservoirs and permits above the Stateline existing as of January 1, 1953 shall not be liable for maintenance of the flow at the Stateline.

(2) After January 1, 1958, neither State shall permit or authorize any additional uses which would have the effect of reducing the flow at the Stateline to less than 36 cubic feet per second.

(3) Reservoirs on which construction is commenced after January 1, 1953, above the Stateline shall be liable for their share of water necessary to provide a minimum flow at the Stateline of 36 cubic feet per second; provided, that no reservoir shall be liable for a greater percentage of this minimum flow than the percentage of the drainage area above the Stateline contributing to that reservoir, exclusive of the watershed of any reservoir on which construction was started prior to January 1, 1953. Water released from Texas' reservoirs to establish the minimum flow of 36 cubic feet per second, shall be classed as free water at the Stateline and divided equally between the two States.

(e) The right of each State to construct impoundment reservoirs and other works of improvement on the Sabine River or its tributaries located wholly within its boundaries is hereby recognized.

(d) In the event that either State constructs reservoir storage on the tributaries below Stateline after January 1, 1953, there shall be deducted from that State's share of the flow in the Sabine River all reductions in flow resulting from the operation of the tributary storage and conversely such State shall be entitled to the increased flow resulting from the regulation provided by such storage.

(e) Each State shall have the right to use the main channel of the Sabine River to convey water stored on the Sabine River or its tributaries located wholly within its boundaries, downstream to a desired point of removal without loss of ownership of such stored waters. In the event that such water is released by a State through the natural channel of a tributary and the channel of the Sabine River to a downstream point of removal, a reduction shall be made in the amount of water which can be withdrawn at the point of removal equal to the transmission losses.

(f) Each State shall have the right to withdraw its share of the water from the channel of the Sabine River in the Stateline reach in accordance with Article VII. Neither State shall withdraw at any point more than its share of the flow at that point except, that pursuant to findings and determination of the Administration as provided under Article VII of this Compact, either State may withdraw more or less of its share of the water at any point providing that its aggregate withdrawal shall not exceed its total share. Withdrawals made pursuant to this paragraph shall not prejudice or impair the existing rights of users of Sabine River waters.

(g) Waters stored in reservoirs constructed by the States in the Stateline reach shall be shared by each State in proportion to its contribution to the cost of storage. Neither State shall have the right to construct a dam on the Stateline reach without the consent of the other State.

(h) Each State may vary the rate and manner of withdrawal of its share of such jointly stored waters on the Stateline reach, subject to meeting the obligations for amortization of the cost of the joint storage. In any event, neither State shall withdraw more than its prorata share in any one year (a year meaning a water year, October 1st to September 30th) except by authority of the Administration.
All jointly stored water remaining at the end of a water year shall be reapportioned between the States in the same proportion as their contribution to the cost of the storage.

(i) Except for jointly stored water, as provided in (h) above, each State must use its apportionment of the natural stream flows as they occur and there shall be no allowance of accumulation of credits or debits for or against either State. The failure of either State to use the stream flow or any part thereof, the use of which is apportioned to it under the terms of this Compact, shall not constitute a relinquishment of the right to such use in the future; conversely, the failure of either State to use the water at the time it is available does not give it the right to the flow in excess of its share of the flow at any other time.

(j) From the apportionment of waters of the Sabine River as defined in this Article, there shall be excluded from such apportionment all waters consumed in either State for domestic and stock water uses. Domestic and stock water reservoirs shall be so excluded.

(k) Each State may use its share of the water apportioned to it in any manner that may be deemed beneficial by that State.

ARTICLE VI

(a) The States through their respective appropriate agencies or subdivisions may construct jointly, or cooperate with any agency or instrumentality of the United States in the construction of works on the Stateline reach for the development, conservation and utilization for all beneficial purposes of the waters of the Sabine River.

(b) All monetary revenues growing out of any joint State ownership, title and interest in works constructed under Section (a) above, and accruing to the States in respect thereof, shall be divided between the States in proportion to their respective contributions to the cost of construction; provided however, that each State shall retain undivided all its revenues from recreational facilities within its boundaries incidental to the use of the waters of the Sabine River, and from its severally State-owned recreational facilities constructed appurtenant thereto.

(c) All operation and maintenance costs chargeable against any State ownership, title and interest in works constructed under Section (a) above, shall be assessed in proportion to the contribution of each State to the original cost of construction.

ARTICLE VII

(a) There is hereby created an interstate administrative agency to be designated as the “Sabine River Compact Administration” herein referred to as “the Administration”.

(b) The Administration shall consist of two members from each State and of one member as representative of the United States, chosen by the President of the United States, who is hereby requested to appoint such a representative. The United States member shall be ex-officio chairman of the Administration without vote and shall not be a domiciliary of or reside in either State. The appointed members for Texas and Louisiana shall be designated within thirty days after the effective date of this Compact.

(c) The Texas members shall be appointed by the Governor for a term of six years; provided, however, that one of the original Texas members shall be appointed for a term to establish a half-term interval between the expiration dates of the terms of such members, and thereafter one such member shall be appointed each three (3) years for the regular term. One of the Louisiana members shall be ex officio the Director of the Louisiana Department of Public Works; the other Louisiana member shall be a resident of the Sabine Watershed and shall be appointed by the Governor of Louisiana for a term of four (4) years; provided that the first member so appointed shall serve until June 30, 1958. Each state member shall hold office subject to the laws of his state or until his successor has been duly appointed and qualified.

(d) Interim vacancy, for whatever cause, in the office of any member of the Administration shall be filled for the unexpired term in the same manner as hereinabove provided for regular appointment.

(e) Within sixty days after the effective date of this Compact, the Administration shall meet and organize. A quorum for any meeting shall consist of three voting members of the Administration. Each State member shall have one vote, and every decision, authorization, determination, order or other action shall require the concurring votes of at least three members.

(f) The Administration shall have power to:

(1) Adopt, amend and revoke by-laws, rules and regulations, and prescribe procedures for administration of and consistent with the provisions of this Compact;

(2) Fix and determine from time to time the location of the Administration's principal office;

(3) Employ such engineering, legal, clerical and other personnel, without regard to the civil service laws of either State, as the Administration may determine necessary or proper to supplement State-furnished assistance as hereinafter provided, for the performance of its functions under this Compact; provided, that such employees shall be paid by and be responsible to the Administration and shall not be considered to be employees of either State;

(4) Procure such equipment, supplies and technical assistance as the Administration may determine to be necessary or proper to supplement State-furnished assistance as hereinafter provided, for the performance of its functions under this Compact;

(5) Adopt a seal which shall be judicially recognized.

(g) In cooperation with the chief official administering water rights in each State and with appropri-

To acquire, hold, occupy and utilize such personal and real property as may be necessary or proper for the performance of its duties and functions under this Compact;

(9) To perform all functions required of the Administration by this Compact, and to do all things necessary, proper or convenient in the performance of its duties hereunder.

(h) Each State shall provide such available facilities, supplies, equipment, technical information and other assistance as the Administration may require to carry out its duties and function, and the execution and enforcement of the Administration’s orders shall be the responsibility of the agents and officials of the respective States charged with the administration of water rights therein. State officials shall furnish pertinent factual and technical data to the Administration upon its request.

(i) Findings of fact made by the Administration shall not be conclusive in any court or before any agency or tribunal but shall constitute prima facie evidence of such facts.

(j) In the case of a tie vote on any of the Administration’s determinations, orders or other actions subject to arbitration, then arbitration shall be a condition precedent to any right of legal action. Either side of a tie vote may, upon request, submit the question to arbitration. If there shall be arbitration, there shall be three arbitrators: one named in writing by each side, and the third chosen by the two arbitrators so elected. If the arbitrators fail to select a third within ten days, then he shall be chosen by the Representative of the United States.

(k) The salaries, if any, and the personal expenses of each member of the Administration, shall be paid by the Government which he represents. All other expenses incident to the administration of this Compact and which are not paid by the United States shall be borne equally by the States. Ninety days prior to the Regular Session of the Legislature of either State, the Administration shall adopt and transmit to the Governor of such State for his approval, its budget covering anticipated expenses for the forthcoming biennium and the amount thereof payable by such State. Upon approval by its Governor, each State shall appropriate and pay the amount due by it to the Administration. The Administration shall keep accurate accounts of all receipts and disbursements and shall include a statement thereof, together with a certificate of audit by a certified public accountant, in its annual report. Each State shall have the right to make an examination and audit of the accounts of the Administration at any time.

(l) The Administration shall, whenever requested, provide access to its records by the Governor of either State or by the chief official of either State
charged therein with the administration of water rights. The Administration shall annually on or before January 15th of each year make and transmit to the Governors of the signatory States, and to the President of the United States, a report of the Administration's activities and deliberations for the preceding year.

ARTICLE VIII

(a) This Compact shall become effective when ratified by the Legislature and approved by the Governors of both States and when approved by the Congress of the United States.

(b) The provisions of this Compact shall remain in full force and effect until modified, altered, or amended, or in the same manner as hereinabove required for ratification thereof. The right so to modify, alter or amend this Compact is expressly reserved. This Compact may be terminated at any time by mutual consent of the signatory States. In the event this Compact is terminated as herein provided, all rights then vested hereunder shall continue unimpaired.

(c) Should a court of competent jurisdiction hold any part of this Compact to be contrary to the constitution of any signatory State or of the United States of America, all other severable provisions of this Compact shall continue in full force and effect.

ARTICLE IX

This Compact is made and entered into for the sole purpose of effecting an equitable apportionment and providing beneficial uses of the waters of the Sabine River, its tributaries and its watershed, without regard to the boundary between Louisiana and Texas, and nothing herein contained shall be construed as an admission on the part of either State or any agency, commission, department or subdivision thereof, respecting the location of said boundary; and neither this Compact nor any data compiled for the preparation or administration thereof shall be offered, admitted or considered in evidence, in any dispute, controversy, or litigation bearing upon the matter of the location of said boundary.

The term “Stateline” as defined in this Compact shall not be construed to define the actual boundary between the State of Texas and the State of Louisiana.

ARTICLE X

Nothing in this Compact shall be construed as affecting, in any manner, any present or future rights or powers of the United States, its agencies, or instrumentalities in, to and over the waters of the Sabine River Basin.

IN WITNESS WHEREOF, the Representatives have executed this Compact in three counterparts hereof, each of which shall be and constitute an original, one of which shall be forwarded to the Administrator, General Services Administration of the United States of America and one of which shall be forwarded to the Governor of each State.

(b) The board of the contributing political subdivision may contract for contributions and contribute from an unappropriated or available fund without submitting the contract and contributions to a vote of the electors of the contributor. However, the contributions shall not be made if they impair the ability of the contributor to meet any outstanding obligation or to adequately and economically discharge the contributor's duty to its electorate or constituency.

§ 51.172. Liability on Contracts of Acquired Irrigation System

If a district acquires an established irrigation system which has contracted to supply water to others and the holders of the contracts or the lands entitled to service of water are not within the district, the contracts and duties shall be performed by the district in the same manner and to the same extent that any other purchaser of the system would be bound.

§ 51.173. Authority to Lease Irrigation System Serving the District

(a) The board, by resolution, may lease all or part of any irrigation system serving all or part of the district, including distribution laterals, trunk or transmission canals, pumping plants, intakes, and all usual or necessary appurtenances. The board's resolution will specify the term of the lease, which may not be more than 40 years.

(b) The board may lease property located partly outside the boundaries of the district and may sell surplus water to other districts and to other consumers.

§ 51.174. Covenants and Agreements Included in Lease

(a) The lease shall expressly state that the sums payable under the terms of the lease and the lease itself shall not constitute an indebtedness or pledge of the general credit of the district within the meaning of any constitutional or statutory limitation of indebtedness. The lease shall contain a statement that payments due under it are not payable from any funds raised or to be raised by taxation.

(b) The lease may contain covenants and agreements which are not inconsistent with the provisions of this code which authorize the lease for:

(1) the management and operation of the leased properties;
(2) the imposition and collection of charges for water;
(3) the disposition of the proceeds of charges for water;
(4) the insurance, protection, and maintenance of the leased properties;
(5) the creation of other obligations payable from the revenues derived from the operation of the leased properties;
(6) the keeping of books and records by the district; and
(7) other pertinent provisions which the board considers desirable to assure the payment of amounts due under the lease.

§ 51.175. Revenue for Payment of Lease Rental

(a) All money due the lessor under the lease shall be payable solely from the revenue derived by the district from the sale of water supplied through the leased system.

(b) The board shall set and collect charges for the water supplied through the leased properties to produce sufficient revenue at all times to allow for delinquencies and to pay promptly all rental payments becoming due under the terms of the lease. The board may agree to deposit this money in a separate fund as a first charge on the gross revenue received each year from sales of water, and which shall not be used for any other purpose.

(c) The board may agree in the lease to pay all expenses of operating and maintaining the leased properties from the fund provided by the board each year for the maintenance and operation expenses of the district so that the gross revenue from sale of water will be available exclusively for payment of rentals until the amount required for rentals each year is paid into the separate rental fund.

(d) If the board includes this agreement in the lease, the board shall provide for the payment of sums into the maintenance fund from sources other than the remaining portions of the gross revenue from the sale of water not required to pay rentals which are sufficient each year to pay all expenses of operating the district and maintaining and operating

(b) The receiver shall operate the properties and collect and distribute the revenue according to the terms of the lease and the direction of the court.  
(c) The receiver has the same rights and powers as the board in its operation of the leased properties.  

§ 51.177.  Joint Lease by Two or More Districts  
The boards of two or more districts may adopt resolutions to enter into a joint lease under the provisions of Section 51.173 of this code. § 51.178.  Authority to Acquire Irrigation System Subject to Mortgage  
A district may acquire by gift, grant, or purchase any part of an irrigation system serving the district which is subject to a mortgage or encumbrance. The mortgage or encumbrance shall not be assumed by the district and shall not be an indebtedness of the district but shall constitute solely a charge on the encumbered property and the revenue from it.  

§ 51.179.  Revenue for Payment of Mortgage  
(a) The board may determine conclusively by resolution whether the mortgage or encumbrance represents all or part of the cost of the acquired property and constitutes a purchase money lien on the property.  
(b) The board may contract to use and pledge its revenue derived solely from the sale of water and services supplied through the acquired properties for the payment of a purchase money lien.  
(c) The board also may use revenue from taxation or from the issuance and sale of bonds to pay all or part of the amount due under the encumbrance if a majority of the voters of the district voting at an election on this proposition approve its use.  

§ 51.180.  Election to Approve Revenue for Payment of Mortgage  
(a) If tax and bond revenue is pledged to pay amount due under the encumbrance, the district must hold an election and receive the approval of the electors.  
(b) An election to approve the use of tax and bond revenue shall be held in the same manner and with the same voters' qualifications as provided for elections on the issuance of the bonds of the district.

§ 51.181.  Joint Acquisition of Mortgaged System by Two or More Districts  
(a) Two or more districts jointly may acquire by gift, grant, or purchase any part of an irrigation system serving the districts subject to a mortgage or encumbrance in the same manner that a single district may acquire the system.  
(b) In the proceedings authorizing the acquisition, the boards of the respective districts shall define clearly the respective rights, interest, and liability of the districts in the acquired property and in the mortgage or encumbrance.  
[Acts 1971, 62nd Leg., p. 308, ch. 58, § 1, eff. Aug. 30, 1971.]

(a) A district may lease to any person, firm, or corporation which is a bona fide water customer of the district any of its river pump stations, conveyance canals, off-channel reservoirs, reservoir pump stations, water mains, water treatment plants, or other facilities used in connection with them. The lease may include any of the district's land which is appropriate to the utilization of the leased facilities, including but not limited to land acquired by eminent domain.  
(b) The board and the lessee shall agree on the form of the lease and its terms, conditions, provisions, and stipulations; however, the duration of the lease shall not be longer than the duration of the water contract between the district and the lessee under the primary term of the water contract and any renewal or extension of it.  
(c) After a lease to a water customer is authorized by the board, the lease shall be executed by the president or vice president of the board and attested by the secretary. The lease is valid and effective without any other requirement or prerequisite by the district.

If a district created after August 27, 1961, requires the relocation, raising, lowering, rerouting, or change in grade or alteration in the construction of any railroad, electric transmission, telegraph or telephone lines, conduits, poles, properties, or facilities, or pipelines in the exercise of the power of eminent domain or police power or any other power, all the relocation, raising, lowering, rerouting, or changes in grade or alteration of construction shall be the sole expense of the district. The term "sole expense" means the actual cost of relocation, raising, lowering, rerouting, or change in grade or alteration of construction to provide comparable replacement without enhancement of facilities, after deducting the net salvage value derived from the old facility. This section does not apply to projects under con-

§ 51.186. Transfer of Water Right
If there is land in a district which has a water right from a source of supply acquired by the district but the land is difficult or impracticable to irrigate from that source of supply, the district may allow transfer of the water right to other land which is adjacent to the district. The adjacent land may be admitted to the district with the same right of water service as the land from which the water was transferred.

§ 51.187. Selling Waterpower Privileges
(a) The district may enter into a contract to sell waterpower privileges if power can be generated from water flowing from the district's reservoirs or within its canal system.
(b) The sale of waterpower privileges may not interfere with the district's obligation to furnish an adequate supply of water for the purpose for which the district was organized and for municipal purposes in districts which furnish water for municipal purposes.

§ 51.188. Selling Surplus Water
The district may sell any surplus district water for use in irrigation or for domestic or commercial uses to any person who owns or uses land in the vicinity of the district or to other districts which include land in the same vicinity.

(b) If the district does not have money available from other sources to complete the plans for which its construction work and its bonds were authorized, the board may use the proceeds derived from the sale of the property or land not required to carry out the plans of the district to complete the work included in its plans for improvements to the degree required, and any excess of the proceeds shall be applied as provided in Subdivisions (1) and (2) of this section.
§ 51.194. **Sale of Property not Acquired to Carry Out the Plans of the District**

The board may sell property bid in by it at any sale under foreclosure of its tax lien or of its lien for charges or assessments, or any property acquired by it other than for the purpose of carrying out the plans of the district, without formally determining that the property is not required to carry out the plans of the district, without giving notice of the intent of the district to sell the property, and without applying the proceeds of the sale as provided in Section 51.192 of this code.

If the tax levied is based on the assessed value obtained from the county tax rolls, or the tax rolls of the district for the preceding year and new tax rolls are approved before the time for collection of taxes, the board may change the tax rate provided the new rate is sufficient when applied to the new assessed value to raise the needed amount.

[Acts 1971, 62nd Leg., p. 343, ch. 58, § 1, eff. Aug. 30, 1971.]

(c) The board shall publish notice of the adoption of the resolution once a week for two consecutive weeks in a newspaper with general circulation in the district. The notice shall state that the resolution will take effect unless a petition against the proposed limitation signed by 20 percent of the electors of the district is presented within 20 days after the first publication of the notice.

(d) If a petition is filed against the limitation, the resolution will not take effect until it is approved at an election held in the district.

(e) The ballots for the election shall be printed to provide for voting for or against: “The limitation during the term of _____ years of the maximum debt of the district to ______.” (The blank spaces shall be filled with the purpose of the election.)

(f) If a supplemental contract is made with the United States and bonds are not to be deposited with the United States, it is not necessary to issue bonds. If the district is required to raise money in addition to the amount of the contract, the bonds shall be issued only in the additional amount needed.

[Acts 1971, 62nd Leg., p. 345, ch. 58, § 1, eff. Aug. 30, 1971.]

(2) if it is considered necessary to make repairs, replacements, or additions to the district’s improvements which cost more than $25,000; or

(3) if additional money is needed to complete the improvements as planned.

(b) The district shall provide the additional money for the particular purpose in accordance with the provisions of this chapter regulating the creation of bond obligations subject to every limitation with respect to the original proceedings and the substantial protection of the substantive rights of holders of any of the district’s outstanding obligations.

[Acts 1971, 62nd Leg., p. 346, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 51.448. Payment of Interim Bonds

(b) The proceeds of the tax shall be devoted exclusively to the payment of the principal and interest on the interim bonds.

(c) None of the provisions of this subchapter relating to interim bonds shall be construed as prohibiting the sale of bonds deposited to the credit of the interest and sinking fund to pay interim bonds or of any other bonds of the district, but if any of these bonds are sold, the district depository shall apply the proceeds to the payment of principal and accrued interest on the interim bonds and the remainder to the purposes for which the bonds were authorized.

(d) If none of the bonds are sold at the time an installment on the principal and interest of interim bonds matures, the depository shall cancel the deposited bonds and attached interest coupons in an amount equal to the principal and interest of the interim bonds paid off and discharged.

Net revenue does not include money derived from taxation.

(b) A district which expects net revenue from operations may secure its bonds in any one of the following:

(1) as provided in Section 51.453 of this code;

(2) by entering into a contract to pledge the net revenue of the district and to mortgage and encumber part or all of the property and facilities, franchise, revenue and income from operations, and everything acquired or to be acquired by the district; or

[Acts 1971, 62nd Leg., p. 347, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 51.451. Taxes to Secure Certain Bonds

(a) If bonds are secured as provided in Section 51.450(2) of this code, at the time that net revenue together with money derived from taxes accumulates a surplus in the sinking fund equal to the amount required in the succeeding year to liquidate the interest and principal on the district's bonds maturing in that year, the district's annual tax levies may be lowered to produce not less than 25 percent of the bond maturities for the succeeding year.

(b) If three successive years demonstrate that this net revenue is adequate to protect the district's bonds as they mature, the district's tax may be discontinued until further experience demonstrates the necessity to continue the tax to avoid default in the payment of the district's bonds as they mature.

[Acts 1971, 62nd Leg., p. 348, ch. 58, § 1, eff. Aug. 30, 1971.]

(b) The ballots for the election shall be printed to provide for voting for or against one of the following propositions:

(1) "The issuance of bonds and the pledge of net revenue for the payment of the bonds;"

(b) If the plan adopted by the board is made under the provisions of Section 51.512 of this code, the order shall specify the proportion of the tax which falls under each designated classification.

(c) The order of the board is final and cannot be reviewed or questioned in any court except on the ground of fraud or palpable and arbitrary abuse of discretion.

§ 51.506. Changing Tax Plan

If after a tax plan is adopted the directors find that the best interest of the district and the necessity to maintain adequately and equitably the district’s tax requires a change in the tax plan, the board may give notice, hold a hearing, and determine a new plan in the manner provided in Sections 51.502–51.505 of this code.

No law providing limitation against actions for debt shall apply.

[Acts 1971, 62nd Leg., p. 351, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 51.510. Purpose of Sections 51.511–51.530 of Code

The purpose of Sections 51.511–51.530 of this code is to give a district the flexibility of taxing power which will permit and cause the tax of the district to be equitably distributed and which will give the highest practicable degree of service under the peculiar physical and economic conditions of the district. To this end, these sections shall be liberally and sympathetically construed.

[Acts 1971, 62nd Leg., p. 351, ch. 58, § 1, eff. Aug. 30, 1971.]

(b) If the tax plan is not based wholly on the ad valorem basis or on the benefit basis, the order adopting the proposed plan shall specify the portion of the tax to be based on the ad valorem basis and the portion to be based on the benefit basis. The board shall also state the physical and economic reasons, the peculiar local needs, or the comparative potential benefits of different areas of designated property in the district which make it necessary or equitable to levy all or part of the tax on a defined part of the district on the ad valorem or benefit basis.

[b] [Acts 1971, 62nd Leg., p. 351, ch. 58, § 1, eff. Aug. 30, 1971.]

(c) The board shall enter its order establishing the tax plan, and the plan shall become the basis for the assessment and collection of taxes until the district adopts a different plan.

(d) The order is not subject to judicial review except on the ground of fraud, palpable error, or arbitrary and confiscatory abuse of discretion.

(e) A new plan may be adopted if required to preserve equity of distribution in the manner provided for adopting the original plan; however, no change may be made in the tax plan which will impair the ability of the district promptly to meet all outstanding obligations of the district within the intent of Sections 51.434 and 51.437 of this code.

(c) The board shall determine the amounts to fill the spaces in the proposition. The amount of charge per acre may be found by dividing the number of acres of land into the amount of debt to be incurred by the district in providing for irrigation.

(d) If a majority of the persons voting in the election vote in favor of the proposition, it shall be adopted.
[Acts 1971, 62nd Leg., p. 368, ch. 58, § 1, eff. Aug. 30, 1971.]

It is also unnecessary for the board to appoint a commission to ascertain or fix the value of the improvement to particular land.

§ 51.654. Rendition of Property

Land which is taxed on the uniform acreage valuation shall be rendered for taxation as either subject to irrigation or not subject to irrigation. § 51.657. Taxation in District Constructing Levees or Drainage Systems

(a) A district created to construct levees or works and plants to protect from overflow or created to construct drainage systems may adopt the plan of assessing benefits at an equal sum on each acre of land in the district in the manner provided in Sections 51.650–51.656 of this code.

SUBCHAPTER O. ADDING AND EXCLUDING TERRITORY AND CONSOLIDATING DISTRICTS

§ 51.691. Excluding Land From District

After a district is organized, preliminary surveys are completed, and plans adopted by the district for the construction of a plant and improvements, and before the board calls an election for the authorization of construction bonds, the board must exclude land or other property from the district under the provisions of Sections 51.692–51.701 of this code, if the exclusions are practicable, just, or desirable.

§ 51.692. Hearing to Announce Proposed Exclusions and to Receive Petitions

Before the election to authorize construction bonds, the board shall give notice of a time and place of a hearing to announce its own conclusions relating to land or other property to be excluded and to receive petitions for exclusion of land or other property.

§ 51.693. Notice of Hearing

(a) The board shall publish notice of the hearing once a week for two consecutive weeks in one or more newspapers with general circulation in the district. The first publication shall appear at least 15 days and not more than 40 days before the day of the hearing.

(b) The notice shall advise all interested property owners of their right to present petitions for exclusions and to offer evidence in support of the petitions and their right to contest any proposed exclusion based on either a petition or the board's own conclusions and to offer evidence in support of the contest.

§ 51.694. Petition

(a) A petition for exclusion of land must accurately describe by metes and bounds the land to be excluded. A petition for exclusion of other property must describe the property to be excluded for identification.

(b) A petition for exclusion shall be filed with the district at least 10 days before the hearing and shall state clearly the particular grounds on which the exclusion is sought. Only the stated grounds shall be considered.

§ 51.695. Grounds for Exclusion

Exclusions from the district may be made on the grounds that:

(1) to retain certain land or other property within the district's taxing power would be arbitrary, would be unnecessary to conserve the public welfare, would impair or destroy the value of the property desired to be excluded, and would constitute the arbitrary imposition of a confiscatory burden;

(2) to retain any given land or other property in the district and to extend to it, either presently or in the future, the benefits, service, or protection of the district's facilities would create an undue and uneconomical burden on the remainder of the district; or

(3) the land desired to be excluded cannot be bettered as to conditions of living and health, or served with water, or protected from flood, or drained, or freed from interruption of traffic caused by excess of water on the roads, highways, or other means of transportation serving the land, or otherwise benefited by the district's proposed improvements.

§ 51.696. Hearing Procedure

The board may adjourn the hearing from one day to another and until all persons desiring to be heard are heard. The board immediately shall specifically describe all property which it proposes to exclude on its own motion and shall hear first any protests and evidence against exclusions proposed on the board's own motion.

§ 51.697.  Order Excluding Land

After considering all engineering data and other evidence presented to it, the board shall determine whether the facts disclose the affirmative of the propositions stated in Subdivision (1) or (2) or, if appropriate, in Subdivision (3) of Section 51.695 of this code. If the affirmative exists, the board shall enter an order excluding all land or other property falling within the conditions defined by the respective subdivisions and shall redefine the boundaries of the district in the order to embrace all land not excluded.

[Acts 1971, 62nd Leg., p. 370, ch. 58, § 1, eff. Aug. 30, 1971.]

[Acts 1971, 62nd Leg., p. 371, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 51.699.  Venue of Suit

The venue in any action shall be in any district court which has jurisdiction in the county in which the district is located. If the district includes land in more than one county, the venue shall be in the district court having jurisdiction in the county in which the major portion of the acreage of the land sought to be excluded from the district is located.

[Acts 1971, 62nd Leg., p. 371, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 51.700.  Trial Procedure

(a) A suit to review, modify, suspend, or set aside the order of the board shall be a trial de novo as that term is understood in an appeal from a justice of the peace court to a county court. The trial shall be strictly de novo with no presumption of validity or reasonableness or presumption of any character in favor of the order.

(b) The decision shall be made on a preponderance of the evidence and facts found in the trial as in other civil cases, independently of any action taken by the board.

(c) The procedure for the trial and the determination of the orders and judgments to be entered shall be governed solely by the rules of law, evidence, and procedure of the state courts according to the constitution, statutes, and rules of procedure for the trial of civil actions.

(d) The so-called "substantial evidence" rule enunciated by the courts for orders of other administrative or quasi-judicial agencies shall not apply in the trial.

[Acts 1971, 62nd Leg., p. 371, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 51.701.  Appeal

A person may appeal from the judgment or order of a district court in a suit brought under the provisions of Sections 51.698–51.700 to the court of civil appeals and supreme court as in other civil cases in which the district court has original jurisdiction. The appeal is subject to the statutes and rules of practice and procedure in civil cases.

[Acts 1971, 62nd Leg., p. 371, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 51.702.  Exclusion of Nonagricultural and Nonirrigable Land From the District

After the district is organized, acquires facilities with which to function as an irrigation district, and votes, issues, and sells bonds for the purposes for which the district was organized, land within the district subject to taxation which is not agricultural land or cannot be irrigated in a practicable manner may be excluded from the district by complying with the provisions of Sections 51.703–51.713 of this code.

§ 51.703.  Prerequisite to Application for Exclusion

Land which can be irrigated in a practicable manner of at least equal acreage and equal value to the land being excluded must be added to the district simultaneously with the exclusion of the nonagricultural or nonirrigable land.

§ 51.705.  Securing Application to Substitute Land

The board may require an owner of land in the district who has applied for the exclusion of his nonagricultural or nonirrigable land from the district to procure an application of the owner of land adjoining the boundaries or the canals of the district, and capable of being irrigated in a practicable manner from the facilities of the district, for inclusion in the district of his land in an amount and value at least equal to the land which is to be excluded under the application of the owner of nonagricultural or nonirrigable land. Each application shall set forth the facts concerning the land to be excluded from and the land to be added to the district, including evidence of their reasonable market value.

§ 51.706.  Application of Owner of New Land to be Substituted

The owner of the new land to be added shall submit an application setting forth that the owner of the new land assumes the payment of all taxes to be levied on his land by the district after the date the land is added to the district. The application also shall set forth an agreement by the owner of the new land that the land will be subject to future taxes for bond tax and flat rate and all other
assessments levied and assessed by the district as though the land had been incorporated originally in the district. The application also shall contain an agreement by the owner of the new land that the land will be subject to the same liens and provisions as all other land in the district and subject to the statutes governing all other land in the district.

§ 51.707. Consent of Outstanding Bondholders
(a) The board shall communicate the contents of the applications to exclude nonagricultural or nonirrigable land and to include an equal amount of irrigable land to the holders of outstanding bonds voted, issued, sold, and delivered by the district and payable from taxes levied on property in the district.

§ 51.708. Notice of Hearing on Applications
The board shall give notice of the hearing on the applications by publishing the time, place, and nature of the hearing one time in a newspaper published in a county in which all or part of the district is located. The newspaper must have been published regularly for more than 12 months preceding the date of the publication of the notice and must have circulation in the district. The notice shall be published not less than 10 days nor more than 20 days before the date of the hearing.

If the board finds that all the conditions provided for the exclusion of land and inclusion of other land in the district exist, it may adopt and enter in its minutes a resolution to exclude land which is nonagricultural or nonirrigable in a practicable manner and include land which may be irrigated from the facilities of the district in a practicable manner.

[Acts 1971, 62nd Leg., p. 373, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 51.713. Right to Serve New Land Included in District
The district has the same right to furnish water service to the included land that it previously had to furnish service to the excluded land. The mere inclusion of a larger total acreage than that excluded does not give the district the right to irrigate a larger total acreage or to appropriate a larger quantity or volume of public water for irrigation than the district would have had the right to irrigate or to appropriate before the exclusion and inclusion of the land.

[Acts 1971, 62nd Leg., p. 373, ch. 58, § 1, eff. Aug. 30, 1971.]

The board shall hear and consider the petition and may add to the district the land described in the petition if it is considered to be to the advantage of the district and if the water supply, canals, and other improvements are sufficient to supply the added land without injuring land already in the district.

[Acts 1971, 62nd Leg., p. 374, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 51.717. Recording Petition

The bonds shall be payable at the place of business of the trustee. The trustee shall be authorized by the order providing for the issuance of the bonds to institute suits in the name of the district for the use and benefit of the holders of the bonds and to apply all sums of money recovered in the suits to the payment of the bonds.

[Acts 1971, 62nd Leg., p. 385, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 51.823. Tax Lien

After filing the tax roll in the office of the assessor and collector, the taxes, penalties, interest, and attorney's fees shall become a specific charge on and be secured by a lien superior to all other liens, except tax liens, on the personal property, land, and improvements listed on the tax roll regardless of whether the ownership of the personal property, land, and improvements is correctly stated on the tax roll.

[Acts 1971, 62nd Leg., p. 385, ch. 58, § 1, eff. Aug. 30, 1971.]

(b) The lien may be foreclosed in a suit or suits brought in the name of the district by the board, or by the trustee or his successor as provided by the board.

(c) The procedure for the suit shall be the procedure for ordinary civil foreclosure suits.

(d) The provisions of Chapter 506, Acts of the 45th Legislature, Regular Session, 1937, as amended (Article 7345D, Vernon's Texas Civil Statutes), shall not be applicable to the suits.

[Acts 1971, 62nd Leg., p. 385, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 51.825. Default in Payment of Tax Installment

(a) Default in the payment of an installment of taxes levied for the payment of dissolution bonds for 60 days after the installment becomes due and payable as provided by the board shall, at the option of the board or the trustee, immediately mature the remaining installments and cause the entire amount of the taxes to immediately become due and payable.

(b) The trustee shall bring suit for the collection of the entire amount of the taxes and for the foreclosure of the lien securing the payment of the taxes.

[Acts 1971, 62nd Leg., p. 385, ch. 58, § 1, eff. Aug. 30, 1971.]

(a) A penalty of 10 percent of the unpaid amount of taxes shall accrue immediately on default of payment of taxes after the 60 days.

(b) An attorney's fee of 10 percent of the unpaid amount of the taxes is due and payable immediately on institution of suit for collection and foreclosure.

(c) The penalty and attorney's fee shall be recovered in the suit and shall constitute an addition to the taxes and shall be secured by the tax lien.

[Acts 1971, 62nd Leg., p. 385, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 51.827. Discharge of Lien

(a) On the final payment of the taxes, either the assessor and collector or the trustee shall issue a certificate certifying that the taxes have been fully satisfied and the lien is released.

(b) The execution and acknowledgment of the certificate and the recording of the certificate in the deed records of the county in which the property is located shall be full and conclusive evidence of the discharge of the taxes and lien.

[Acts 1971, 62nd Leg., p. 386, ch. 58, § 1, eff. Aug. 30, 1971.]

(b) The district immediately is considered dissolved for all purposes, except that the taxes levied against the taxable property may be enforced in the name of the district on behalf of the bondholders by the trustee or his successors. The surviving board may meet from time to time until the dissolution bonds are paid and discharged and may delegate its powers and give instructions to the trustee or his successors as the board sees fit and circumstances warrant. After the payment of all dissolution bonds, interest, and costs of collection, the board shall be dissolved.

SUBCHAPTER G. DISSOLUTION OF DISTRICT
52.401. Dissolution.
In this chapter:

2. “District” means an underground water conservation district created under this chapter.
3. “Underground water” means water percolating below the surface of the earth and that is suitable for agricultural, gardening, domestic, or stock raising purposes, but does not include defined subterranean streams or the underflow of rivers.
4. “Underground water reservoir” means a specific subsurface water-bearing reservoir having ascertainable boundaries and containing underground water that can be produced from a well at a rate of 150,000 gallons or more a day.
5. “Subdivision of an underground water reservoir” means a reasonably definable part of an underground water reservoir in which the underground water supply will not be unreasonably affected by withdrawing water from any part of the reservoir, as indicated by known geological and hydrological conditions and relationships and foreseeable economic development at the time the subdivision is designated or altered.
6. “Waste” means:
   A. withdrawal of underground water from an underground water reservoir at a rate and in an amount that causes or threatens to cause intrusion into the reservoir of water unsuitable for agricultural, gardening, domestic, or stock raising purposes;
   B. the flowing or producing of wells from an underground water reservoir if the water produced is not used for a beneficial purpose;
   C. escape of underground water from an underground water reservoir to any other reservoir that does not contain underground water;
   D. pollution or harmful alteration of underground water in an underground water reservoir by salt water, other deleterious matter admitted from another stratum or from the surface of the ground; or
   E. wilfully causing, suffering, or permitting underground water to escape into any river, creek, natural watercourse, depression, lake, reservoir, drain, sewer, street, highway, road, or road ditch, or onto any land other than that of the owner of the well.
7. “Use for a beneficial purpose” means use for:
   A. agricultural, gardening, domestic, stock raising, municipal, mining, manufacturing, industrial, commercial, recreational, or pleasure purposes;
   B. exploring for, producing, handling, or treating oil, gas, sulphur, or other minerals; or
   C. any other purpose that is useful and beneficial to the user.
8. “Segregated irrigated area” means an irrigated area separated from other irrigated areas by at least five miles of unirrigated land.
10. “Subsidence” means the lowering in elevation of the land surface caused by withdrawal of groundwater.

The ownership and rights of the owner of the land and his lessees and assigns in underground water are hereby recognized, and nothing in this code shall be construed as depriving or divesting the owner or his lessees and assigns of the ownership or rights, subject to the rules promulgated by a district under this chapter.

The laws and administrative rules relating to the use of surface water do not apply to underground water.

The provisions of this chapter and the rules adopted by a district under this chapter apply only in the area designated by the commission as an underground water reservoir or a subdivision of an underground water reservoir over which the district is organized.

In order to provide for the conservation, preservation, protection, recharging, and prevention of waste of the underground water of underground water reservoirs or their subdivisions, and to control subsidence caused by withdrawal of water therefrom, consistent with the objective of Article XVI, Section 59, of the Texas Constitution, underground water conservation districts may be created as provided by this chapter.
\section*{WATER CODE \hspace{1cm} § 52.101}

\begin{enumerate}
\item 

\section*{§ 52.022. Method of Creating District}

Except as otherwise provided by this subchapter, the provisions in Chapter 51 of this code for creating water control and improvement districts apply to the creation of underground water conservation districts to the extent that those provisions may be made applicable.

[Acts 1971, 62nd Leg., p. 389, ch. 58, § 1, eff. Aug. 30, 1971.]

\section*{§ 52.023. Boundaries of District}

(a) The commission may not consider a petition for the creation of a district unless the proposed boundaries of the district are coterminous with the boundaries of an underground water reservoir or a subdivision of an underground water reservoir, as previously designated by the commission.

(b) Subject to Subsection (a) of this section, a district may include all or part of one or more counties, cities, districts, or other political subdivisions.

\section*{§ 52.024. Designation of Reservoirs and Subdivisions}

(a) On its own motion from time to time, or on receiving a petition conforming to the requirements of Section 51.013 of this code, the commission, after notice and hearing as provided by Sections 51.018 and 51.027-51.029 of this code, shall designate underground water reservoirs and subdivisions of underground water reservoirs.

(b) On the request of any person interested in the petition, or on the request of the commission, the Texas Water Development Board shall prepare available evidence relating to the existence, area, and characteristics of the reservoir or subdivision. Before making the designation, the commission shall consider the evidence prepared by the board and other evidence submitted at the hearing.

(c) The commission may alter the boundaries of designated underground water reservoirs and subdivisions as required by future conditions and as justified by factual data. However, an alteration of boundaries does not invalidate the previous creation of any district.

(d) When the commission has designated the boundaries of a subdivision as provided by this section, its findings on the location of the boundaries, the questions of "reasonableness" and "affect," as referred to in Section 52.001(5) of this code, and all other questions essential to the existence of a subdivision, are conclusive and final unless a suit is brought under Section 52.301 of this code within the 30-day period immediately following the date on which the commission enters its order.

[Acts 1971, 62nd Leg., p. 390, ch. 58, § 1, eff. Aug. 30, 1971.]

\section*{§ 52.025. Findings}

(a) If the commission finds that the district is feasible and practicable, that it would be a benefit to land in the district, and that it would be a public benefit or utility, the commission shall make these findings and grant the petition.

(b) If the commission finds that the district is not feasible and practicable, that it would not be a benefit to land in the district, that it would not be a public benefit or utility, or that it is not needed, the commission shall refuse to grant the petition.

\section*{§ 52.026. Segregated Irrigated Area}

A district shall include no segregated irrigated area unless a majority of the qualified electors residing in the segregated irrigated area and voting at the election favor inclusion of the area within the district.

[Acts 1971, 62nd Leg., p. 390, ch. 58, § 1, eff. Aug. 30, 1971.]

[Sections 52.027 to 52.050 reserved for expansion]

\section*{SUBCHAPTER C. ADMINISTRATIVE PROVISIONS}

\section*{§ 52.051. Administrative and Procedural Provisions}

Except as otherwise provided by this chapter, the administrative and procedural provisions of Chapter 51 of this code apply to districts created under this chapter.

[Acts 1971, 62nd Leg., p. 391, ch. 58, § 1, eff. Aug. 30, 1971.]

\section*{§ 52.052. Election of Directors: Precinct Method}

The directors of the district shall be elected according to the precinct method as prescribed by Chapter 51 of this code. However, if any part of a municipal corporation is a part of one precinct, then no part of the municipal corporation shall be included in another precinct, except that a municipal corporation having a population of more than 200,000 may be divided between two precincts.

[Acts 1971, 62nd Leg., p. 391, ch. 58, § 1, eff. Aug. 30, 1971.]

[Sections 52.053 to 52.100 reserved for expansion]

\section*{SUBCHAPTER D. POWERS AND DUTIES}

\section*{§ 52.101. Rule-making Power}

A district may make and enforce rules to provide for conserving, preserving, protecting, recharging, controlling subsidence, and preventing waste of the underground water of an underground water reservoir or its subdivisions.

§ 52.102  Rules: Publication, Effective Date

A brief resume of each rule shall be published once a week for two consecutive weeks in one or more newspapers to give circulation within the district. No rule may be made effective until at least 14 days have elapsed after the date of the first publication.
[Acts 1971, 62nd Leg., p. 391, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 52.103.  Enforcement of Rules

The district may enforce its rules by injunction, mandatory injunction, or other appropriate remedy in a court of competent jurisdiction.
[Acts 1971, 62nd Leg., p. 391, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 52.104.  Improvements and Facilities

The district may:

1. acquire land to erect dams or to drain lakes, draws, and depressions;
2. construct dams;
3. drain lakes, depressions, draws, and creeks; and
4. install pumps and other equipment necessary to recharge the underground water reservoir or its subdivision.
[Acts 1971, 62nd Leg., p. 391, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 52.105.  Sale and Distribution of Water Prohibited

No district may sell or distribute surface water or underground water for any purpose.
[Acts 1971, 62nd Leg., p. 392, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 52.106.  Preferential-Use Provisions Inapplicable

The preferential-use provisions of Section 51.184 of this code are not applicable to underground water conservation districts.

§ 52.107.  Engineering Surveys

The district may employ registered professional engineers to make surveys of the underground water reservoir or subdivision and surveys of the facilities for development, production, and use of the water, in order to determine the quantity of water available for production and use and to determine the improvements, development, and recharging needed by the reservoir or its subdivision.
[Acts 1971, 62nd Leg., p. 392, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 52.108.  Planning

(a) The district may develop comprehensive plans for the most efficient use of the underground water in the underground water reservoir or its subdivision and for controlling and preventing waste of underground water and for controlling and preventing subsidence.
(b) The district shall specify in the plans, in as much detail as practicable, the acts, procedure, performance, and avoidance that are or may be necessary to effect the plans, including specifications.

§ 52.109.  Research Projects

The district may carry out research projects, develop information, and determine limitations which should be made on withdrawing underground water from the underground water reservoir or its subdivision.
[Acts 1971, 62nd Leg., p. 392, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 52.110.  Collection of Information

The district may collect information regarding the use of underground water and the practicability of recharging the reservoir or its subdivision.
[Acts 1971, 62nd Leg., p. 392, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 52.111.  Publication of Plans and Information

The district may publish its plans and the information it develops, bring them to the attention of the users of underground water in the district, and encourage the users to adopt and use them.
[Acts 1971, 62nd Leg., p. 392, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 52.112.  Records and Reports

The district may require that records be kept and reports be made of the drilling, equipping, and completing of water wells and of the production and use of underground water from the underground water reservoir or its subdivision.
[Acts 1971, 62nd Leg., p. 392, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 52.113.  Driller's Logs

The district may require that accurate drillers' logs be kept of water wells and that copies of drillers' logs and electric logs be filed with the district.

§ 52.114.  Permits for Wells

The district may require permits for the drilling, equipping, or completing of wells, or for substantially altering the size of wells or well pumps, or for all of these operations. Permits may be issued subject to the rules made under Section 52.117 of this code and subject to terms and provisions with reference to the drilling, equipping, completion, or alteration of wells or pumps that may be necessary to conserve the underground water, prevent waste, minimize as far as practicable the drawdown of the water table or the reduction of artesian pressure, or lessen interference between wells.
[Acts 1971, 62nd Leg., p. 393, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 52.115.  Permit: Application and Hearing

The district shall promptly consider and pass on each application for a permit. If, within 20 days
after the date it is submitted, an application has not been passed on or set for a hearing on a specific date, the applicant may petition the district court of the county where the land is located for a writ of mandamus to compel the district to act on the application or set a date for a hearing on the application. A hearing shall be held within 30 days after the setting of the date and the district shall act on the application within 10 days after the date of the hearing. [Acts 1971, 62nd Leg., p. 393, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 52.116. Drilling, Etc., Without Permit
Except as provided by Section 52.118 of this code, no person, firm or corporation may begin to drill a well in the district, or substantially alter the size of a well or pump, which well could reasonably be expected to produce more than 100,000 gallons of water a day from the reservoir or subdivision, without first obtaining a permit from the district. [Acts 1971, 62nd Leg., p. 393, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 52.117. Regulation of Spacing and Production
In order to minimize as far as practicable the drawdown of the water table or the reduction of artesian pressure, to control subsidence, or to prevent waste, the district may provide for the spacing of water wells and may regulate the production of wells. [Acts 1971, 62nd Leg., p. 393, ch. 58, § 1, eff. Aug. 30, 1971; Acts 1973, 63rd Leg., p. 1642, ch. 598, § 7, eff. Aug. 27, 1973.]

§ 52.118. Exceptions; Limitations
(a) The district may not require a permit for the drilling or producing of a well drilled, completed, and equipped so that it will not produce more than 100,000 gallons of underground water a day.

(b) The district shall not deny the owner of a tract of land, or his lessee, who has no well capable of producing more than 100,000 gallons a day on the tract, either a permit to drill a well on his land or the privilege to produce underground water from his land, subject to the rules of the district.

(c) The district may not restrict the production of any well that produces less than 100,000 gallons a day.

(d) Nothing in this chapter applies to wells drilled for oil, gas, sulphur, or brine, or for core tests, or for injection of gas, salt water, or other fluid, or for any other purpose, under permits issued by the Texas Railroad Commission. The district shall not require a permit to drill a well to supply water for drilling any of these wells permitted by the Texas Railroad Commission. When the well ceases to be used for these purposes, it may then be used as an ordinary water well if it meets the spacing and other rules of the district; and its use is subject to the rules of the district.

(e) Water wells exempted under this section shall be equipped and maintained so as to conform to the district’s rules requiring installation of casing, pipe, and fittings to prevent the escape of underground water from an underground water reservoir to any reservoir not containing underground water and to prevent the pollution or harmful alteration of the character of the water in any underground water reservoir. [Acts 1971, 62nd Leg., p. 393, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 52.119. Open or Uncovered Wells
(a) The district may require the owner or lessee of land on which an open or uncovered well is located to keep the well permanently closed or capped with a covering capable of sustaining weight of at least 400 pounds, except when the well is in actual use.

(b) As used in this section, “open or uncovered well” means an artificial excavation at least 10 feet deep and at least 10 inches but not more than six feet in diameter, that is dug or drilled for the purpose of producing water from the underground water reservoir and is not capped or covered as required by this chapter.

(c) If the owner or lessee fails or refuses to close or cap the well in compliance with this chapter within 10 days after being requested to do so in writing by an officer, agent, or employee of the district, any person, firm, or corporation employed by the district may go on the land and close or cap the well safely and securely.

(d) Expenses incurred by the district in closing or capping a well, not to exceed $100, constitute a lien on the land on which the well is located.

(e) The lien is perfected by filing in the deed records of the county where the well is located an affidavit, executed by any person conversant with the facts, stating the following:

1. The existence of the well;
2. The legal description of the property on which the well is located;
3. The approximate location of the well on the property;
4. The failure or refusal of the owner or lessee, after notification, to close the well within 10 days after the notification;
5. The closing of the well by the district, or by an authorized agent, representative, or employee of the district; and
6. The expense incurred by the district in closing the well.

(f) The district may make and enforce rules that are necessary or appropriate to effectively exercise the powers granted in this section.

§ 52.120. Illegal Drilling and Operation of Well; Suit
(a) Drilling a well without a required permit or operating a well at a higher rate of production than
§ 52.120  WATER CODE

the rate approved for the well is declared to be illegal, wasteful per se, and a nuisance.

(b) A person who has an estate in land which is adjacent to the land on which the well is located, or a part which lies within one-half mile of the well, may sue in a court of competent jurisdiction to restrain or enjoin the illegal drilling or operation, or both. The suit may be brought with or without the joinder of the district.

(c) The aggrieved party may also sue for damages for injuries he may have suffered by reason of the illegal operation and for other relief to which he may be entitled. In a suit for damages, the existence or operation of a well in violation of the rules of the district is prima facie evidence of illegal drainage.

(d) The suit may be brought in the county where the illegal well is located or in the county where all or part of the affected land is located.

(e) The remedies provided by this section are cumulative of other remedies available to the individual or the district.

(f) A suit brought under this section shall be advanced for trial and determined as expeditiously as possible. The court shall not grant a postponement or continuance, including a first motion, except for reasons considered imperative by the court.

[Acts 1971, 62nd Leg., p. 395; § 1, eff. Aug. 30, 1971.]

[Sections 52.121 to 52.200 reserved for expansion]

SUBCHAPTER E. TAX AND BOND PROVISIONS

§ 52.201. Limit on Taxing Power

(b) The district may also issue bonds for the purposes set out in this section, payable both from ad valorem taxes and the revenues of:
(1) its water system; or
(2) its sanitary sewer system; or
(3) both its water system and sanitary sewer system.
(c) If the district issues combination tax and revenue bonds, it shall levy, assess, and collect ad valorem taxes until the net revenues from the operation of the water system or the sanitary sewer system, together with the revenue from taxes, have accumulated a surplus in the sinking fund at least equal to the principal of and interest on the bonds scheduled to accrue in the next year. When this accumulation is completed, the board may reduce the tax levy to a rate that will produce at least 25 percent of the principal and interest requirements for each of the next succeeding years. When actual experience of three successive years demonstrates that the net revenues are adequate to pay the principal and benefit the interest on the bonds as they mature, the board may discontinue the tax until it becomes necessary to levy the tax again to avoid default in paying the bonds and interest.

The board shall deduct any sum on hand to the credit of any sinking fund account in ascertaining the amount of refunding bonds to be issued, and it shall apply the money to the payment of the outstanding bonds.

(f) The board shall not issue refunding bonds until they are approved by the attorney general and registered by the comptroller. The comptroller shall not register the refunding bonds until the old bonds being replaced are presented to him for cancellation. § 53.252. Excluding Land by Resolution or
Election

(a) The board may, at its discretion, either call an
election on the question of whether or not to exclude
the land from the district, or, by resolution, declare the land excluded from the district, if:

(1) no district landowner has filed, by the time of the meeting, a written protest against excluding the land from the district;
(2) no district landowner protests the exclusion at the meeting; or
(3) the protests, if any, represent less than three percent of the total superficial area of the district.

(b) If the board, by resolution, declares that the land is excluded, it shall state in the resolution the new boundaries of the district. The board shall file a copy of the resolution, signed by a majority of the supervisors and duly attested by the secretary, in the office of the county clerk. The county clerk shall record the resolution in the deed records of the county in which the district is located. After the resolution is recorded, the land excluded is no longer a part of the district.

[Acts 1971, 62nd Leg., p. 424, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 53.253. Protest

If a written protest is filed with the board before the meeting or if a protest is made at the meeting by a district landowner, the board shall pass on the protest after hearing the evidence.

[Acts 1971, 62nd Leg., p. 424, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 53.254. Election Required by Protests

(b) Except as provided in this subchapter, the provisions of Sections 53.022–53.028 of this code apply, to the extent they are applicable, to elections held under this section. The board shall perform the duties imposed on the commissioners court by those sections.

[Acts 1971, 62nd Leg., p. 424, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 53.255. Notice of Election to Exclude Land

(a) The board shall post a notice of the election stating

(1) the time and place for holding the election;
(2) the proposed new boundaries of the district;
(3) the proposition to be voted on; and
(4) the names of the presiding officers appointed by the board to hold the election.

(b) The board shall post a copy of the notice in four public places in the district and a copy at the courthouse door for the 20 days immediately preceding the date of the election.

[Acts 1971, 62nd Leg., p. 424, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 53.256. Ballots

The board shall provide the necessary ballots for the election and shall have the ballots printed to allow for voting for or against the proposition:

“The establishment of the new boundaries of the _______ County Fresh Water Supply District No. ______ (inserting the name of the district).”

§ 53.257. Order Excluding Land

If the election favors establishing the new boundaries, the board shall enter an order declaring the result of the election. The board shall enter the order in its minutes, declaring that the land which has been excluded is no longer a part of the district. In the order the board shall also describe the new boundaries. The board shall file a copy of the order, signed by a majority of the board and duly attested by the secretary, in the office of the county clerk. The county clerk shall record the copy in the deed records of the county in which the district is located and the land shall cease to be a part of the district.

§ 53.258. If Proposition Defeated

If the proposition to exclude the land is defeated, the board may not act on a petition to exclude all or any part of the land voted on within one year of the election.

§ 53.259. Rights of Bondholders

No proceeding under this subchapter diminishes or impairs the rights of the holders of any outstanding and unpaid bonds, warrants, or other certificates of indebtedness of a district.

§ 53.260. Apportionment of District Indebtedness

(a) Each property owner in the excluded territory shall pay as his proportional share of each series of district indebtedness a sum equal to the percentage of the "net indebtedness" which the assessed value of his excluded property bears to the total assessed value of all property in the district before the exclusion. For each series of indebtedness, all property values are to be taken from the tax rolls of the district for the year in which the series of indebtedness was issued and sold.

(b) In Subsection (a) of this section, the phrase “net indebtedness” means the greater of:

(1) the face value (par value plus accrued interest) of the outstanding bonds or warrants in the series at the time of the exclusion, less the sinking funds, reserves, and deposits held for paying the indebtedness; and

(2) the market value of the outstanding bonds or warrants in the series at the time of the exclusion, less the sinking funds, reserves, and deposits held for paying the indebtedness.

§ 53.261. Resolution Establishing Apportionment

(a) When the board adopts the resolution or enters the order excluding land, it shall determine the proportional share of district indebtedness chargeable to the excluded land. The board shall adopt in its records a resolution establishing the proportional share. When the board determines and establishes the amount, it is binding on all persons and property in both the excluded and the remaining areas of the district.

(b) The board shall assess the property remaining inside the district with the remaining district indebtedness. The property owners of the newly defined district shall pay the remaining indebtedness by annual taxes.

[Acts 1971, 62nd Leg., p. 426, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 53.262. Current Taxes—Lien

(a) The owners of the property in the excluded land shall pay the taxes levied against their property by the district for the year in which the land was excluded. Until paid, these taxes are a lien against the property excluded from the district as though the land had not been excluded.

(b) The board shall credit the amount collected against the total amount which the owners of the excluded land owe. The board may not levy additional taxes or other charges against the excluded land for the year in which the exclusion is made.

[Acts 1971, 62nd Leg., p. 426, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 53.263. Annual Levy of Taxes Against Excluded Territory

(a) The district shall levy and collect taxes against the property in the excluded territory on the same basis as the district levies and collects taxes annually against the property remaining inside the district, until the amount collected equals the total net amount chargeable against the excluded territory.

(b) The district may lower the rates on the taxes and charges assessed against the property in the excluded territory for the last year during which the assessments are made, in order to obtain only enough money to discharge the balance of the sum chargeable against the excluded territory.

(c) The district shall continue to levy taxes against the land in the excluded territory each year until enough taxes have been levied to cover the excluded territory's pro rata share of the district's indebtedness.

[Acts 1971, 62nd Leg., p. 426, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 53.264. Voluntary Payments

A municipality authorized to do so, and any person, firm, or corporation desiring to do so, may voluntarily pay to the district at any time any amount toward the discharge of the amount chargeable against the property in the excluded territory. The district shall credit all voluntary payments as a reduction of the amount charged against the excluded territory.

[Acts 1971, 62nd Leg., p. 426, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 53.265. Status of Delinquent Taxes

All taxes against land in the excluded territory which are delinquent at the time of exclusion or which become delinquent after the exclusion have the same status they would have had if the district had not excluded the land. The district has and may exercise all of the liens, rights, and remedies it would have had against the persons and property against which the taxes were assessed if the district had not excluded the territory.

[Acts 1971, 62nd Leg., p. 427, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 53.266. Collection of Delinquent Taxes

The principal of all delinquent taxes which were levied against excluded territory after the exclusion, and which are collected before final payment of the indebtedness charged to the territory, shall be credited against that indebtedness as if the taxes had been collected when due. The district shall enforce and collect all taxes remaining delinquent after the collection of all charges provided for in this subchapter.

[Acts 1971, 62nd Leg., p. 427, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 53.267. Penalties and Interest

Taxes and charges provided for in this subchapter are subject to the same penalties and interest as are other taxes which the district levies. The district has the rights and remedies concerning these taxes which it has concerning other taxes.

[Acts 1971, 62nd Leg., p. 427, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 53.268. Discharge of Excluded Land From Obligations

On payment of its pro rata share of the district indebtedness except for delinquent taxes against specific pieces of property, the excluded territory is released from all liability to the district except the liability on each piece of property for payment of the delinquent taxes.

[Acts 1971, 62nd Leg., p. 427, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 53.269. Resolution of Discharge

(a) When the liability of the excluded territory is discharged, except for delinquent taxes, the board shall adopt a resolution stating this fact and listing the property on which the taxes are unpaid. In the list the supervisors shall give a brief description of the property, the name of the owner, and the amount of the principal sum owed for each year there is a delinquency.

(b) The supervisors shall have the resolution entered in their minutes and recorded in the deed records of the county.

[Acts 1971, 62nd Leg., p. 427, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 53.270. Release on Payment of Delinquent Taxes

When a property owner pays the delinquent taxes against property listed in the resolution, it is discharged from all obligations to the district. The release is established by a certificate of the tax
assessor and collector of the district certifying that the property owner has paid the delinquent taxes against the property.

[Acts 1971, 62nd Leg., p. 427, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 53.271. Rights after Exclusion

The property owners of the excluded territory have no right, title, or interest in the district property after the land is excluded.

[Acts 1971, 62nd Leg., p. 427, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 53.272. Debts Incurred after Exclusion

No property or property owner in the excluded territory is liable for the payment of any bonds, warrants, or other indebtedness issued or incurred by the district after the territory is excluded.

[Acts 1971, 62nd Leg., p. 427, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 53.273. Findings of Fact by the Supervisors

The board’s findings of fact relating to the excluded territory are prima facie valid if they are entered in the minutes. The findings are not contestable except in a direct attack instituted in a court of competent jurisdiction within the time and in the manner provided by law for election contests.

[Acts 1971, 62nd Leg., p. 428, ch. 58, § 1, eff. Aug. 30, 1971.]

A municipal utility district may be created under and subject to the authority, conditions, and restrictions of Article XVI, Section 59, of the Texas Constitution.

SUBCHAPTER H. ADDING AND EXCLUDING TERRITORY; CONSOLIDATING AND DISSOLVING DISTRICTS

§ 54.701. Excluding Land from District

(a) Before the board calls an election for the authorization of bonds payable in whole or in part from taxes, the board may on its own motion call a hearing on the question of the exclusion of land from the district under the provisions of Sections 54.702–54.707 of this code, if the exclusions are practicable, just, or desirable.

(b) The board must call a hearing on the exclusion of land or other property from the district on the written petition of any landowner or property owner in the district filed with the secretary of the board before the time the first election on the question of the issuance of bonds payable in whole or in part from taxes is called.

[Acts 1971, 62nd Leg., p. 806, ch. 84, § 1.]

§ 54.702. Hearing to Announce Proposed Exclusions and to Receive Petitions

If the board determines that an exclusion hearing should be held, or if a written petition requesting an exclusion hearing is filed with the secretary of the board as provided in Section 54.701 of this code, the board shall give notice of a time and place of a hearing to announce its own conclusions relating to land or other property to be excluded and to receive petitions for exclusion of land or other property.

[Acts 1971, 62nd Leg., p. 806, ch. 84, § 1.]

§ 54.703. Notice of Hearing

(a) The board shall publish notice of the hearing once a week for two consecutive weeks in one or more newspapers with general circulation in the district. The first publication shall appear at least 14 days before the day of the hearing.

(b) The notice shall advise all interested property owners of their right to present petitions for exclusion of land or other property and to offer evidence in support of the petitions and their right to contest any proposed exclusion based on either a petition or the board’s own conclusions and to offer evidence in support of the contest.

[Acts 1971, 62nd Leg., p. 806, ch. 84, § 1.]

§ 54.704. Petition

(a) A petition for exclusion of land must accurately describe by metes and bounds or lot and block number the land to be excluded. A petition for exclusion of other property must describe the property to be excluded.

(b) A petition for exclusion shall be filed with the district at least seven days before the hearing and shall state clearly the particular grounds on which the exclusion is sought. Only the stated grounds shall be considered.

[Acts 1971, 62nd Leg., p. 806, ch. 84, § 1.]

§ 54.705. Grounds for Exclusion

Exclusions from the district may be made on the grounds that:

1. to retain certain land or other property within the district’s taxing power would be arbitrary and unnecessary to conserve the public welfare, would impair or destroy the value of the property desired to be excluded, and would constitute the arbitrary imposition of a confiscatory burden;

2. to retain any given land or other property in the district and to extend to it, either presently or in the future, the benefits, service, or protection of the district’s facilities would create an undue and uneconomical burden on the remainder of the district; or

3. the land desired to be excluded cannot be bettered as to conditions of living and health, or provided with water or sewer service or protected from flood, or drained, or freed from interruption of traffic caused by excess of water on the roads, highways, or other means of transportation serving the land, or otherwise benefited by the district’s proposed improvements.

[Acts 1971, 62nd Leg., p. 807, ch. 84, § 1.]

§ 54.706. Hearing Procedure

The board may adjourn the hearing from one day to another and until all persons desiring to be heard are heard. The board immediately shall specifically describe all property which it proposes to exclude on its own motion and shall hear first any protests and evidence against exclusions proposed on the board’s own motion.

[Acts 1971, 62nd Leg., p. 807, ch. 84, § 1.]

§ 54.707. Order Excluding Land

After considering all engineering data and other evidence presented to it, the board shall determine whether the facts disclose the affirmative of the propositions stated in Subsection (1) or (2) or, if appropriate, in Subsection (3) of Section 54.705 of this code. If the affirmative exists, the board shall enter an order excluding all land or other property

falling within the conditions defined by the respective subsections and shall redefine in the order the boundaries of the district to embrace all land not excluded. A copy of the order excluding land and redefining the boundaries of the district shall be filed in the deed records of the county or counties in which the district is situated.
[Acts 1971, 62nd Leg., p. 807, ch. 84, § 1.]

§ 54.708. Suit to Review Exclusion  Any person owning an interest in land affected by the order may file a petition within 20 days after the effective date of the order to review, set aside, modify, or suspend the order.
[Acts 1971, 62nd Leg., p. 807, ch. 84, § 1.]

§ 54.709. Venue of Suit  The venue in any action shall be in any district court which has jurisdiction in the county in which the district is located. If the district includes land in more than one county, the venue shall be in the district court having jurisdiction in the county in which the major portion of the acreage of the land sought to be excluded from the district is located.
[Acts 1971, 62nd Leg., p. 807, ch. 84, § 1.]

§ 54.710. Appeal  A person may appeal from the judgment or order of a district court in a suit brought under the provisions of Sections 54.708–54.709 of this code to the court of civil appeals and supreme court as in other civil cases in which the district court has original jurisdiction. The appeal is subject to the statutes and rules of practice and procedure in civil cases.
[Acts 1971, 62nd Leg., p. 807, ch. 84, § 1.]

§ 54.711. Adding Land by Petition of Landowner  The owner or owners of land contiguous to the district or otherwise may file with the board a petition requesting that there be included in the district the land described in the petition by metes and bounds or by lot and block number if there is a recorded plat of the area to be included in the district.
[Acts 1971, 62nd Leg., p. 808, ch. 84, § 1.]

§ 54.712. Assumption of Bonds  If the district has bonds, notes, or other obligations outstanding or bonds payable in whole or in part from taxes which have been voted but are unissued, the board may require the petitioner or petitioners to assume their share of the outstanding bonds, notes, or other obligations and the voted but unissued tax bonds of the district and authorize the board to levy a tax on their property to pay the bonds, then the board may issue the voted but unissued bonds even though the boundaries of the district have been altered since the authorization of the bonds.
[Acts 1971, 62nd Leg., p. 808, ch. 84, § 1.]

§ 54.713. Petition Signed and Executed  The petition of the landowner to add land to the district shall be signed and executed in the manner provided by law for the conveyance of real estate.

§ 54.714. Hearing and Determination of Petition  (a) The board shall hear and consider the petition and may add to the district the land described in the petition if it is considered to be to the advantage of the district and if the water, sewer, and drainage system and other improvements of the district are sufficient or will be sufficient to supply the added land without injuring land already in the district.

(b) If the district has bonds payable in whole or in part from taxation which are voted but unissued at the time of an annexation, and the petitioners assume the bonds and authorize the district to levy a tax on their property to pay the bonds, then the board may issue the voted but unissued bonds even though the boundaries of the district have been altered since the authorization of the bonds.
[Acts 1971, 62nd Leg., p. 808, ch. 84, § 1.]

§ 54.715. Recording Petition  A petition which is granted adding land to the district shall be filed for record and shall be recorded in the office of the county clerk of the county or counties in which the land is located.
[Acts 1971, 62nd Leg., p. 808, ch. 84, § 1.]

§ 54.716. Adding Land by Petition of Less Than All the Landowners  In addition to the method of adding land to a district which is described in Sections 54.711–54.715 of this code, defined areas of land, whether or not they are contiguous to the district, may be annexed to the district in the manner set forth in Sections 54.717–54.724 of this code.
[Acts 1971, 62nd Leg., p. 808, ch. 84, § 1.]

§ 54.717. Filing of Petition  A petition requesting the annexation of a defined area signed by a majority in value of the owners of land in the defined area, as shown by the tax rolls of the county or counties in which such area is located, or signed by 50 landowners if the number of landowners is more than 50, shall be filed with the secretary of the board.
[Acts 1971, 62nd Leg., p. 808, ch. 84, § 1.]

§ 54.718. Hearing on Petition  It shall be the duty of the board to pass an order fixing a time and place at which the petition for annexation shall be heard which shall not be less than 30 days from the day of the order calling the hearing.

§ 54.719. Notice of Hearing

The secretary shall issue a notice setting forth the time and place of the hearing and describing the area proposed to be annexed. Notice of the hearing shall be given by posting copies of the notice in three public places in the district, and in one public place in the area proposed to be annexed for at least 14 days before the day of the hearing and by publishing a copy of the notice in a newspaper of general circulation in the county or counties in which the area proposed to be annexed is located one time at least 14 days before the day of the hearing.

[Acts 1971, 62nd Leg., p. 809, ch. 84, § 1.]

§ 54.720. Order Adding Defined Area

If upon the hearing of the petition it is found by the board that the proposed annexation of the area to the district is feasible and practicable and would be of benefit both to the area and to the district, then the board, by order entered in its minutes, may receive the proposed area as an addition to and to become a part of the district. The order adding the proposed territory to the district need not include all of the land described in the petition, if on the hearing a modification or change is found necessary or desirable by the board.

[Acts 1971, 62nd Leg., p. 809, ch. 84, § 1.]

(a) The annexed area shall bear its pro rata share of all bonds, notes, or other obligations or taxes which may be owed, contracted, or authorized by the district to which it has been added.

(b) Before the added area shall be subject to all or any part of the bonds, notes, obligations, or taxes, created before the annexation of the area to the district, the board shall order an election to be held in the district, as enlarged by reason of the annexation of the area, on the question of the assumption of the bonds, notes, obligations, and taxes by the annexed area.

(c) At the same election, the board may also submit a proposition on the question of whether the annexed area should assume its part of the bonds of the district payable in whole or in part from taxes which have been voted previously but not yet issued or sold and the levy of an ad valorem tax on all taxable property within the area annexed along with a tax on the rest of the district for the payment of the bonds.

(d) If the election results favorably, the district shall be authorized to issue its voted but unissued tax bonds even though the boundaries of the district have been changed since the original election approving of the bonds.

(e) At the election called for the purpose of determining whether the annexed area shall assume the bonds, notes, or other obligations or taxes of the district, the board in a separate proposition, may also submit the question of whether the board should be authorized to issue bonds payable in whole or in part from taxes to provide service to the area annexed.

[Acts 1971, 62nd Leg., p. 809, ch. 84, § 1.]

§ 54.723. Unfavorable Assumption Election or Bond Election

(a) In the event that the district has bonds, notes, or obligations or taxes which may be owed, contracted, or authorized at the time an area is annexed or if the district has voted but unissued bonds payable in whole or in part from taxes at the time of an annexation, the board may provide in its order annexing an area to the district that the annexation will not be complete or final unless the indebtedness, tax or bond, note, or other obligation assumption elections result favorably to the assumption of the district's outstanding bonds, notes, or other obligations and voted but unissued bonds.

(b) If the board elects to submit the question of whether the board should be authorized to issue bonds to provide service to the area annexed, the board may also provide in its order annexing an area to the district that the annexation will not be complete unless the election results favorably to the issuance of bonds to serve the annexed area.

[Acts 1971, 62nd Leg., p. 810, ch. 84, § 1.]

§ 54.724. Notice of Assumption Election

Whenever an election is ordered to be held in the district for the purpose of the assumption of bonds, notes, or other obligations or taxes or the assumption of voted but unissued bonds by reason of the annexation of any area, then the election shall be held and notice given as provided for bond elections held by the district.

district's bonds, notes, or other obligations and voted
but unissued bonds payable in whole or in part from
taxation, the levy of taxes to pay for the bonds, and
adoption of a name for the consolidated district, the
board shall order an election in each district to
determine whether the districts should be consolidat­

§ 54.730. Governing Consolidated Districts
(a) After two or more districts are consolidated,
they become one district and are governed as one
district, except for the payment of debts created
before consolidation if the conditions of consolidation
do not provide for the assumption by each district of
the other's bonds, notes, or other obligations and
voted but unissued bonds.
(b) During a period of 90 days after the date of
the election to approve consolidation, the officers of
each district shall continue to act jointly as officers
of the original districts to settle the affairs of their
respective districts.
(c) The consolidation agreement may provide that
the officers of the original districts shall continue to
act jointly as officers of the consolidated district
until the next general election or name persons to
serve as officers of the consolidated district until the

qualify as officers of the district within the period of
90 days after the election and shall assume their

§ 55.021. Creation of District

A water improvement district may be created in the manner prescribed by this subchapter, either under and subject to the limitations of Article III, Section 52, of the Texas Constitution, or under Article XVI, Section 59, of the Texas Constitution.

§ 55.022. District Wholly Within One County

The commissioners court of a county, at any regular or called session, may create one or more water improvement districts in the county as provided by this subchapter.

[Acts 1971, 62nd Leg., p. 428, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 55.023. District May Include Cities, Towns, Etc.

A district may include all or part of one or more cities, towns, villages, and municipal corporations, but no land may be included in more than one district at any one time.

[Acts 1971, 62nd Leg., p. 428, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 55.024. Petition

(a) A petition requesting creation of a district may be presented to the commissioners court. The petition must be signed by a majority of the persons who hold title to land in the proposed district, representing a total value of more than 50 percent of the value of all the land in the proposed district as indicated by the county tax rolls. However, if there are more than 50 persons holding title to land in the proposed district, the petition is sufficient if signed by 50 of them. The petition must set out the boundaries of the district and designate a name for the district.

(b) The petition may be signed and presented to the commissioners court in several copies. In this case the county clerk shall make a certified copy of the petition, including a list of the names of all signers, and shall file the certified copy and the original copies. The certified copy of the petition shall be considered the petition in all proceedings under this chapter.

(b) The sheriff shall post copies of the notice in three public places in the proposed district, and shall post one copy at the courthouse door or on the bulletin board used for public notices. These notices shall be posted for 10 full days before the date of the hearing. The notice shall also be published once in a newspaper of general circulation in the county, if a newspaper is published in the county, at least five days before the date of the hearing. The sheriff shall make return of a true copy of the notice, showing the times and places of posting and publication. The county clerk shall record the return in the minutes of the court.

Otherwise, the court shall dismiss the petition at the cost of the petitioners.

[Acts 1971, 62nd Leg., p. 429, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 55.029. Appeal

(a) Any petitioner or any landowner in the district aggrieved by the order of the commissioners court may appeal the order to the district court. Notice of appeal must be filed with the commissioners court at the time of the hearing, and an appeal bond must be filed with the county clerk within 10 days after the day notice of appeal is given. At the time notice of appeal is given, the commissioners court shall fix the amount of the appeal bond at not less than $2,000 nor more than $5,000; and the bond shall be made payable to the county judge for the benefit of adverse parties.

At the time the acreage estimate is furnished to the secretary, each person applying for water shall pay the portion of the water charge or assessment set by the board for immediate payment. If any person applying for water from the district does not furnish the statement of estimated acreage or does not pay the part of the water charge or assessment set by the board before the date for fixing the assessment, the district is not obligated to furnish water to that person during that year.

   (c) Bridges or culverts shall be constructed so they will not interfere with the free and unobstructed flow of water passing through the canals and drains and shall be placed at points designated by the engineer.

   (b) The board may make the changes by entering on their minutes a notation of the changes, with the district maps and profiles showing the changes. Notice of the changes shall be given by publishing the notation with the book and page number of the minutes for two consecutive weeks in a newspaper of general circulation published in the English language in the county in which the district is located.

The engineer shall make the report and the board shall act on the report in the manner provided in this chapter for the initial report of the engineer.
   (b) After the engineer's report is approved or modified by the commissioners court, the court shall order an election to be held in the district at the earliest legal time. The only proposition that may be submitted at the election is whether or not the district will construct additional improvements and pay for them with funds currently available. A majority of those persons voting at the election must approve the proposition for it to carry.
   (c) Notice of the election shall be given, election officials appointed, returns made and canvassed, and the result declared as provided in Sections 56.027–56.031 of this code. The notice of election shall state:

(b) When the application is filed with the board, the engineer shall estimate the quantity of water which the connecting drains or ditches would probably empty into the established canals or drains and shall indicate whether or not the established canals or drains have sufficient capacity to carry the excess water without risk or damage to the canals, drains, or adjacent territory. The engineer shall report to the board the result of his examination and his estimate.

(c) Unless an agreement is reached with the applicants, the commissioners may authorize the connection on condition that the applicant first pay to the construction and maintenance fund an amount of money which bears the same ratio to the cost of the original canal or drain from the point of connection to its outlet as the water to be emptied into the canal or drain by the connecting drains bears to the water then flowing into and being carried by the original canal or drain as estimated by the engineer.

[Acts 1971, 62nd Leg., p. 513, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 56.142. Enlargement of Canals, Drains, and Other Outlets

(a) If the engineer's report indicates that the capacity of the canals, drains, or outlets of the district are insufficient to carry the excess water that would be discharged into them by connecting drains or that the additional discharge of water will endanger the canals and drains or the lands and property adjacent to them, the commissioners court in the county in which the district is located may give the applicant permission to construct connecting drains and secure the desired outlet on condition that the applicant make necessary enlargements of the canals and drains of the district at the applicant's own expense. The increased capacity of the canals of the district shall be sufficient to carry any increase of water caused by the connection without danger to canals and drains or lands adjacent to them.

(b) The engineer shall supervise and direct the enlargement of the canals and drains, and after the work is completed to his satisfaction, the engineer shall report to the commissioners court under his official certificate. The report shall show:

1. the kind of work done;
2. the extent of the work;
3. the new capacity to be sufficient to carry excess water from the connecting drain;
4. the number of days spent by the engineer supervising the work; and
5. the amount due to the engineer for his services.

(c) On approving the engineer's report, the commissioners court shall issue an order authorizing the connections to be made with the canals and drains on payment of the amount due to the engineer as shown by the engineer's report and shall order the applicant to pay the engineer's salary.

(c) After approval, the board may execute a contract for a specified number of years or until the plans or programs of the district are completed and shall pay the obligations incurred under the contract by issuing bonds that are approved by the voters in the manner provided for issuing other bonds of the district. The board shall deliver the bonds to the United States.

[Acts 1971, 62nd Leg., p. 516, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 56.204. Bonds: Requisites

(a) Bonds shall be issued in the name of the district, signed by the county judge, and attested by the county clerk, and each bond shall have the seal of the commissioners court affixed to it.

(b) The bonds shall be issued in denominations of not less than $100 nor more than $1,000 and shall bear interest which is payable annually or semiannually.

(c) The terms of the bonds shall include the time, places, manner, and conditions of payment and the rate of interest determined and ordered by the commissioners court.

(d) The bonds shall be paid not later than 40 years from the date they are issued.

[Acts 1971, 62nd Leg., p. 516, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 56.205. Bonds: Approval

(a) Before any bonds are offered for sale, the district shall submit to the attorney general

1. a copy of the bonds;
2. a certified copy of the commissioners court order levying a tax to pay interest and create a sinking fund;
3. a statement of the district's total bonded indebtedness including the value of the bonds proposed to be issued and the value of taxable property in the district as shown by the last official assessment of the county; and
(4) other information the attorney general requires.

(b) The attorney general shall examine the bonds carefully and shall certify them if he finds that they conform to the constitution and laws of this state and are valid and binding obligations of the district. [Acts 1971, 62nd Leg., p. 516, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 56.206. Bonds: Registration

(a) When the attorney general approves the bonds, the comptroller shall register them in a book kept for that purpose and shall record the attorney general's certificate for use in possible future litigation. After the bonds are registered, they are prima facie valid and binding obligations in any action, suit, or proceeding.

(b) In a suit to enforce collection of the bonds, the attorney general's certificate or a certified copy of it shall be admitted and received in evidence as prima facie proof of the validity of the bonds and attached coupons, and the only defense against the validity of the bonds is forgery or fraud. [Acts 1971, 62nd Leg., p. 517, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 56.207. Bonds: Sale

(a) When the bonds are registered, the county judge, under the direction of the commissioners court, shall advertise and sell the bonds on the best terms and for the best price possible.

(b) The county judge shall pay to the county treasurer all money from the sale of the bonds as it is received, and the county treasurer shall place the money in the construction and maintenance fund to the credit of the district.

(c) The county judge is entitled to receive one-half of one percent of the amount received from the sale of bonds sold by him as payment for his services. [Acts 1971, 62nd Leg., p. 517, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 56.208. Bond of County Judge

(a) After the bonds are registered, the county judge shall immediately execute a good and sufficient bond in an amount not less than the amount of the bonds issued, payable to and approved by the board, conditioned on the faithful discharge of his duties.

(b) If the bond is executed by a satisfactory surety company, the district may pay a reasonable amount as premium on the bond. The premium shall be paid from the construction and maintenance fund on presentation to the board of a bill for the premium. The board may deduct the premium from the commissions allowed the county judge on the sale of bonds.

(c) If there is any controversy as to the reasonableness of the amount claimed as premium, the controversy may be settled by any court of competent jurisdiction. [Acts 1971, 62nd Leg., p. 517, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 56.209. Use of Unsold Bonds for Maintenance Purposes

If any bonds remain unsold which are not required to complete improvements, the commissioners court may enter its consent on the public record to sell the bonds and place the proceeds in the construction and maintenance fund for use in accomplishing the purposes stated in Section 56.242 of this code. [Acts 1971, 62nd Leg., p. 517, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 56.210. Refunding Bonds

(a) With the consent of the bondholders, a district may refund outstanding bonds by issuing new coupon bonds in their place.

(b) Interest is shown by coupons attached to the bonds. The commissioners court may pay the interest on the bonds annually or semiannually.

(c) The commissioners court may pay the refunding bonds serially, or in any other manner they choose, but in districts which are not operating under Article XVI, Section 59, of the Texas Constitution, it shall pay the bonds not later than 40 years from the date the bonds are issued.

(d) The district shall issue the bonds in denominations of $100 or a multiple of $100, and shall levy a tax sufficient to meet the payment of principal and interest of the refunding bonds before the bonds are delivered.

(e) The commissioners court shall issue refunding bonds in the manner provided for other district bonds, and shall deduct any sum on hand to the credit of any sinking fund account in ascertaining the amount of refunding bonds to be issued. This sum shall be applied to the payment of the outstanding bonds.

(f) The commissioners court shall not issue refunding bonds until they are approved by the attorney general and registered by the comptroller. The comptroller shall not register the refunding bonds until the old bonds being replaced are presented to him for cancellation. After the comptroller registers the new bonds, he shall cancel the old bonds and interest coupons and deliver the new bonds to the proper bondholders. The district may present the old bonds for cancellation in installments, and the comptroller may register and deliver a like amount of the new bonds.

(g) In a district operating under Article XVI, Section 59, of the Texas Constitution, if the holders of outstanding bonds do not consent to the exchange of their bonds for refunding bonds, the refunding bonds may be sold and the proceeds applied to the purchase of the outstanding bonds when they become payable under an option of prepayment contained in the bonds or when the bondholders will accept payment. [Acts 1971, 62nd Leg., p. 518, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 56.211. Refunding Bond Election

(a) If indebtedness to be refunded includes obligations other than voted bonds, in any district operat-
ing under Article III, Section 52, or Article XVI, Section 59, of the Texas Constitution, before the refunding bonds may be issued, a majority of the electors of the district voting at an election called for that purpose must vote in favor of issuing the refunding bonds and levying a tax to pay for the bonds.

(b) The commissioners court shall call the election and the clerk of the court shall give notice of the time and places for holding the election.

c) The notice shall be signed by the clerk and shall

1. state the purpose of the election;
2. state the proposition to be voted on;
3. define the election precincts;
4. prescribe the polling places in the district; and
5. list the names of the election officers.

(d) The notice shall be published once a week for three consecutive weeks in a newspaper of general circulation in the county in which the district is located, but if a newspaper is not published in the county, the notice shall be published in the nearest county. The first publication shall be at least 20 days before the day of the election.

§ 56.212. Approval and Issuance of Refunding Bonds

(a) If the commissioners court declares the result of the election under Section 56.211 of this code to favor the issuance of refunding bonds and the levy of a tax to pay for the bonds, refunding bonds with the seal of the commissioners court affixed to them may be issued in the name of the district. The bonds shall be signed by the county judge, attested by the county clerk, and registered by the county treasurer.

(b) The bonds together with the record relating to them shall be submitted to the attorney general for his approval.

(c) When the attorney general approves the bonds, they shall be delivered to the comptroller who shall register them and deliver them in exchange for or on release of the obligations being refunded at the time, in the manner, and in the amounts prescribed in the order of the commissioners court. If the obligations being refunded are evidenced by outstanding securities, the comptroller shall cancel the outstanding securities concurrently with the registration and delivery of the bonds.

(d) When the refunding bonds are approved by the attorney general and registered and delivered by the comptroller, the bonds are valid and binding obligations of the district and are incontestable for any cause.

[Acts 1971, 62nd Leg., p. 519, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 56.242. Maintenance Tax

(a) At the same time that taxes are levied to pay bonded indebtedness, the commissioners court shall have a tax assessed and collected on district property sufficient to maintain, repair, and preserve district improvements and to pay legal debts, demands, and obligations of the district, but in districts operating under Article III, Section 52, of the Texas Constitution, the tax may not be in an amount greater than one-half of one percent of the total assessed valuation of the district for that year.

(b) Taxes collected under this section shall be placed in the construction and maintenance fund.

Unless this chapter makes some other provision, the county tax assessor and collector has the same powers and is governed by the same rules and proceedings in assessing and collecting district taxes that are provided for assessing and collecting state and county taxes.

[Acts 1971, 62nd Leg., p. 520, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 56.244. Assessment of Taxes

(a) On order of the commissioners court, the assessor and collector shall assess all property in the district and list the assessed property in the books provided by the commissioners court and shall return the books at the time he returns the state and county tax rolls for correction and approval.

(b) The commissioners court shall provide necessary additional books for the assessor and collector and the county clerk to use for recording assessments and listing all property in the district and shall charge the cost of the books to the district.

(c) If the commissioners court finds the district tax rolls to be correct, it shall approve the rolls and direct the county clerk to issue a warrant to the assessor and collector, payable from district funds. The commissioners court shall pay the assessor and collector an amount they consider proper.

(d) If the assessor and collector fails or refuses to comply with the order to assess district property, the commissioners court shall suspend him from the further discharge of his duties, and he shall be removed from office in the manner provided for removing county officers.

[Acts 1971, 62nd Leg., p. 520, ch. 58, § 1, eff. Aug. 30, 1971.]
§ 56.245. Collection of Taxes

(a) The commissioners court may fix the time and determine the date taxes become due, but if the date and time are not designated, the taxes shall become due at the same time as state and county taxes.

(b) Taxes authorized by this chapter are a lien on the property for which they are assessed. Any person who fails to pay the taxes when due is subject to the penalty for failure to pay state and county taxes at maturity.

[Acts 1971, 62nd Leg., p. 520, ch. 58, § 1, eff. Aug. 30, 1971.]

[Acts 1971, 62nd Leg., p. 520, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 56.247. Levying Taxes on the Benefit Basis

A district operating under Article XVI, Section 59, of the Texas Constitution, may levy taxes on the benefit basis, which means the levy of a tax on an equal or uniform basis or rate on each acre of land in the district.

[Acts 1971, 62nd Leg., p. 520, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 56.248. Authorizing Taxation on the Benefit Basis for Newly Created Districts

(a) In a petition to create a district under Article XVI, Section 59, of the Texas Constitution, the petitioner may request that taxes in the proposed district be levied on the benefit basis, which means the levy of a tax on an equal or uniform basis or rate on each acre of land in the district.

(b) At the hearing on the petition, the commissioners court shall consider whether or not it will be fair and equitable to levy taxes on the benefit basis, and any person who would be affected by creation of the district may appear before the commissioners court and support or oppose the levy of taxes on the benefit basis.

(c) If the commissioners court finds that creation of and drainage of the district is feasible and practicable under Section 56.019 of this code, the commissioners court shall further determine whether or not the levy of taxes on the benefit basis would be fair and equitable to the landowners in the district.

(d) If the commissioners court determines that levying taxes on a benefit basis would not be fair and equitable to the landowners, the order of the commissioners court shall include these findings and an election shall be called to create the district and levy taxes on the benefit basis.

(f) Findings of the commissioners court relating to the basis on which taxes will be levied are final and conclusive on all parties.

[Acts 1971, 62nd Leg., p. 521, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 56.249. Authorizing Taxation on the Benefit Basis for Existing District

(a) A district operating under Article XVI, Section 59, of the Texas Constitution, may levy taxes on the benefit basis as provided in this section.

(b) Any person may present to the commissioners court a petition, signed by 75 of the resident freehold taxpayers of the district whose land would be affected or by one-third of the freehold resident taxpayers of the district whose land would be affected if there are less than 75 in the district, requesting that taxes of the district be levied on the benefit basis and showing that the levy of taxes on the benefit basis will be fair and equitable to all landowners in the district.

(c) At the same meeting at which the petition is presented, the commissioners court shall schedule a hearing on the petition for either a regular meeting or a special meeting called for that purpose to be held during the period beginning on the 30th day and ending with the 60th day after the day the petition is presented.

(d) The commissioners court shall order the clerk to give notice of the time and place of the hearing by posting a copy of the petition and the order of the commissioners court at five public places in the county during the 20-day period immediately preceding the day of the hearing. The clerk shall post one of the copies at the courthouse door and the other four copies at four places within the boundaries of the district, and the district shall pay the clerk $1 for each notice he posts and five cents a mile for each mile traveled in posting the notices.

(e) At the hearing, any person whose land would be affected may appear before the commissioners court and may support or oppose the levy of taxes on a benefit basis and may offer testimony to show whether or not the levy of taxes on the benefit basis will be fair and equitable to landowners in the district. The commissioners court has exclusive jurisdiction to hear and determine this issue and matters relating to it and has exclusive jurisdiction in all subsequent proceedings. The commissioners court may adjourn the hearing from day to day, and judgments of the commissioners court are final.

(f) If the commissioners court finds that levying taxes on the benefit basis will not be fair and equitable to landowners in the district, an order shall be entered dismissing the petition, and the district shall continue to levy taxes on an ad valorem basis, but if the commissioners court finds that levying taxes on the benefit basis will be fair and equitable
to landowners in the district, the commissioners court shall order an election to be held in the district.

(g) An election to approve the levy of taxes on the benefit basis must be held during the period beginning on the 30th day and ending with the 30th day after the date of the election order. Notice of the election shall be given in the same manner as notice is given for the hearing on the petition. The commissioners court shall name polling places within the district and shall appoint judges and other necessary election officers. The ballots shall be printed to provide for voting for or against the following proposition: “The levy of taxes in the district on the benefit basis.”

(h) At least two-thirds of those persons voting in the election must vote in favor of the proposition for it to carry.

(i) If the proposition carries at the election, the order of the commissioners court canvassing the election shall provide that taxes of the district are to be levied on the benefit basis, but if the proposition fails to carry at the election, the order of the commissioners court canvassing the election shall provide that taxes of the district are to continue to be levied on an ad valorem basis.

[Acts 1971, 62nd Leg., p. 521, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 56.250. Law Governing Districts Levying Taxes on the Benefit Basis

Any district which levies its taxes on the benefit basis is governed by the provisions of this chapter except the district need not have a board of equalization to equalize taxes in the district.

[Acts 1971, 62nd Leg., p. 522, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 56.251. Determining Acreage in the District

(a) In districts levying taxes on the benefit basis, the commissioners court shall appoint three freehold taxpayers in the county as a board to determine the number of acres of land owned by each landowner in the district. The person appointed by the commissioners court shall qualify by taking an oath to fairly and impartially hold hearings and determine acreage.

(b) The board to determine acreage shall give notice of the time and place of the hearing on the acreage before the 10-day period immediately preceding the day of the hearing.

(c) At the hearing each landowner may testify about the amount of land owned by him in the district. The board has final jurisdiction to determine the exact acreage of each landowner in the district.

(d) After the board makes its determination, the land in the district shall be annually placed on the tax rolls according to the acreage determined without rendition of taxes.

[Acts 1971, 62nd Leg., p. 521, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 56.295  WATER CODE  1552

(b) If the proposition carries, the commissioners court shall declare the result and enter it in its minutes substantially as follows:

"_______ and _________ others having petitioned for the dissolution of _________ County Drainage District No. ______; an election having been held in the district on ________; and a two-thirds majority of the votes cast in the election having favored dissolution of the district; now, therefore, the commissioners court declares that _________ Drainage District No. ______ is dissolved."

(c) If the proposition fails to carry, another election for the same purpose may not be held for at least two years after the results of the election are declared.

[Acts 1971, 62nd Leg., p. 523, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 56.296. Settlement of Debts

(b) Unless district bonds are retired as provided in Section 56.299 of this code, the bonds shall be paid according to their terms by levy and collection of an annual tax.

[Acts 1971, 62nd Leg., p. 524, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 56.297. Dissolution Tax

(a) The commissioners court shall determine the amount of debt owed by the district and shall apportion the amount of the debt among the property taxpayers of the district, and a tax shall be levied on each piece of property in the district to pay for its proportionate share of the debt. Each taxpayer may pay his tax annually or in one payment, and the amount of debt apportioned to each tract of land is a lien on that piece of land for the payment of the debt.

(b) Payment of taxes under this section may be made either in money or by surrender of bonds or other evidences of debt of the district. Any holder or owner of debt owed by the district may surrender his bonds and coupons or approved accounts to the district tax collector to pay for taxes owed on property in the district which is owned by the holder or owner of the debt, and when surrendered, the bonds or evidences of debt shall be marked paid and a receipt issued for them. The holder of bonds and coupons may only surrender coupons that are matured at the time of their surrender, and unmatured bonds are eligible only to pay unmatured tax liability in advance and only for the year in which the bonds mature.

(c) After taxes are paid as provided in this section, the taxpayer and his property are released from further liability for debts of the district, and the district tax collector shall issue a release and a receipt for the taxes which shall be filed with the clerk of the county court in the county in which the property is located in the manner provided by law for filing documents relating to real estate.

[Acts 1971, 62nd Leg., p. 524, ch. 58, § 1, eff. Aug. 30, 1971.]

(b) The compensation of the commissioners court shall be provided in its order levying taxes.

[Acts 1971, 62nd Leg., p. 524, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 56.299. Retirement of Bonds

If there are outstanding bonds at the time the district is dissolved, the commissioners court may immediately enter into negotiations with the bondholders to retire the bonds before maturity, and if under their terms or by agreement between the commissioners court and the bondholders, the bonds can be retired at an earlier date than appears on their face and if the commissioners court considers retirement to be feasible and practicable, an agreement may be made by the commissioners court providing for paying and retiring the bonds.

[Acts 1971, 62nd Leg., p. 525, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 56.300. Trustee

On filing and approval of a bond, the county treasurer becomes the trustee for the dissolved district.

§ 56.301. Trustee's Bond

The county treasurer shall execute a good and sufficient bond in a sum to be determined by the commissioners court, payable to and approved by the county judge, conditioned on the faithful performance of his duties as treasurer and trustee of the district and on paying to the parties entitled to it all money and other property which he receives as trustee and treasurer. The bond shall be recorded in the minutes of the commissioners court, and on approval shall supersede the bond given by the county treasurer as treasurer of the district.

[Acts 1971, 62nd Leg., p. 525, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 56.302. Trustee's Compensation

(a) The trustee is entitled to receive for his services one percent of all money received by him for the dissolved district and one percent on all money he pays out under this subchapter, but he is not entitled to receive a commission on money controlled by him when the district was dissolved or money relinquished by him at the expiration of his trusteeship.

(b) Only one compensation shall be paid to the trustee for his services as trustee and ex officio treasurer of the dissolved district.

[Acts 1971, 62nd Leg., p. 525, ch. 58, § 1, eff. Aug. 30, 1971.]
§ 56.303. Powers of the Trustee

(b) The trustee may sue any person in possession of property of the district or owing a debt to the district as though the district were still organized and may employ counsel to assist him in all suits and in the care and management of the business of the dissolved district.

§ 56.304. Expenses of the Trustee
(a) The trustee shall charge against the trust estate all reasonable expenses incurred by him in caring for, conducting, and controlling the business of the district, in employing counsel for the district, and in conducting or defending suits, and on posting notice as required in cases of other claims, the trustee shall present the charges to the commissioners court annually at a regular meeting.

(c) If the claim for expenses is rejected either in whole or in part, the trustee may appeal the decision as other claimants appeal decisions under this subchapter.

§ 56.305. Presentation of Claims
(a) Within the six-month period immediately following approval of the trustee’s bond any person who has a claim against the district shall present the claim duly verified to the trustee, and if the trustee finds that the claim is correct, he shall allow the claim, and the claimant shall file the claim with the clerk of the commissioners court before the district was dissolved, the trustee shall refuse to pay the claim. The protest shall be accompanied by a bond in double the amount of the claim with sufficient sureties to be approved by the trustee and payable to the trustee, conditioned on payment by the contestant of all costs of suit if the contestant establishes his claim.
(b) After the trustee rejects the claim, the claimant may bring suit against the trustee to recover the claim as in other suits of a civil nature, and the contestant and his bondsman shall be parties to the suit. The trustee shall make all defenses urged against the claim by the contestant.

§ 56.306. Approval of Claim
(a) At a regular meeting, the commissioners court shall determine the validity of the claim, and if the commissioners court finds that the claim is correct, it shall approve the claim and enter an order of approval in its minutes.
(b) After the claim is approved, it is a valid and subsisting claim against the district and shall be filed with the trustee who shall pay the claim in the order it was filed from the district treasury or from funds collected as liquidation taxes.

§ 56.307. Appeal
If any claimant is not satisfied with the judgment of the commissioners court, he may appeal the judgment in the manner that cases are appealed from the justice court.

§ 56.308. Rejection of Claim
(a) If the trustee finds any claim unjust either in whole or in part, he shall endorse on the claim his refusal to allow it.
(b) If the whole claim is refused, the claimant may bring suit to collect the claim against the trustee in a court of competent jurisdiction in the county, and if the claim is judged valid by the court, the judgment shall be filed with the trustee and paid in its order as other claims.
(c) If the claim is refused only in part and the claimant waives his claim to the part refused, he shall file the claim in the commissioners court for approval, but if the claimant does not waive his claim to the part refused, he shall withdraw his claim from the trustee and may bring suit as provided in Subsection (b) of this section.

§ 56.309. Bonds and Approved Claims
Bonds and approved claims which were outstanding debts of the district before its dissolution are valid and subsisting claims against the district without further approval under this subchapter, but they are subject to contest according to the provisions of this subchapter.

§ 56.310. Contesting Claim
(a) If any district taxpayer files with the trustee a protest against any claim which was allowed by the former drainage commissioners before the district was dissolved and which was unpaid at the time the district was dissolved, the trustee shall refuse to pay the claim. The protest shall be accompanied by a bond in double the amount of the claim with sufficient sureties to be approved by the trustee and payable to the trustee, conditioned on payment by the contestant of all costs of suit if the claimant establishes his claim.
(b) After the trustee rejects the claim, the claimant may bring suit against the trustee to recover the claim as in other suits of a civil nature, and the contestant and his bondsman shall be parties to the suit. The trustee shall make all defenses urged against the claim by the contestant. (b) The trustee's account shall include a complete statement of all money received and paid out, of all property controlled and disposed of by the trustee, and of all other matters relating to management of the district's affairs.
(c) On approval of the account, the commissioners court shall direct the trustee to turn over to persons entitled to it as found by the commissioners court all money and property remaining in the control of the trustee, and on compliance with this order, the trustee shall report to the commissioners court, and the commissioners court shall enter an order discharging the trustee and his bondsman and closing the trust estate.

(2) to pay the principal of and interest on the bonds as the principal and interest mature; and
(3) to create and maintain funds as prescribed in the resolution authorizing or the trust indenture securing the bonds.

(d) No surface drilling location may be nearer than 660 feet and special permission from the Commissioner of the General Land Office is necessary to make any surface location nearer than 2,160 feet, measured at right angles from the nearest bulkhead line designated by a navigation district or the United States as the bulkhead line or from the nearest dredged bottom edge of any channel, slip, or turning basin which has been dredged, or which has been authorized by the United States as a Federal project for future construction, whichever is nearer.

All interested persons shall have an opportunity to appear and present evidence as to the benefits or lack of benefits to property in which they are interested.  

[Acts 1971, 62nd Leg., p. 655, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 63.330. Findings of Board of Equalization

After all hearings are completed, the board of equalization shall report its findings to the commission for acceptance or disapproval.  

[Acts 1971, 62nd Leg., p. 655, ch. 58, § 1, eff. Aug. 30, 1971.]
§ 63.331. Disapproval of Findings

If the commission refuses to approve the tax rolls, it shall hold hearings on all items not approved in the manner provided for the board of equalization. [Acts 1971, 62nd Leg., p. 655, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 63.332. Effect of Approval of Findings

The approval of the findings of the board of equalization and the tax rolls as finally fixed shall be conclusive except in cases of fraud or the failure to equitably distribute the assessments. [Acts 1971, 62nd Leg., p. 655, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 63.333. Personal Obligation; Lien

An assessment is a personal obligation of the property owner against whom the assessment is made, and the district has a lien against the assessed taxable property. [Acts 1971, 62nd Leg., p. 655, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 63.334. Assessment Fund

(a) The assessments shall be paid to the assessor and collector and shall be kept by him in a separate fund known as the “Assessment Fund.”

(b) Payments out of the fund shall be made to retire the bonds, notes, debentures, or other evidences of debt of the district on vouchers drawn by the commission each year on the maturity of the indebtedness.

(c) The vouchers shall be signed by at least two members of the commission. [Acts 1971, 62nd Leg., p. 655, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 63.335. Errors in Assessments

(a) An error, mistake, or formality in the assessment or in any step or proceeding prerequisite to the assessment shall not invalidate the assessment, but the commission may correct the error at all times.

(b) An error or mistake in describing any parcel or item of property or the name of any owner of property shall not invalidate the assessment, but it shall have full force and effect against the premises and the real and true owner. [Acts 1971, 62nd Leg., p. 655, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 63.336. Reassessment

(a) If, in the opinion of the commission, an error, mistake, or invalidity exists in any proceeding with reference to the improvements or assessments, it shall correct the error, mistake, or invalidity and reassess the property and the owners of the property.

(b) The reassessment shall be made after the same notice and hearing as provided for the making of an original assessment. The commission in making the reassessment shall take into consideration any enhancement or depreciation in the value of the property assessed and shall make the reassessment on a basis of equalization and the equitable distribution of benefits to the property with respect to all other property in the district.

(c) A reassessment shall not be made later than three years from the date of the original assessment except in the case of fraud or undisclosed ownership of property. [Acts 1971, 62nd Leg., p. 656, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 63.337. Suit to Set Aside or Correct Assessment

(a) A property owner with an assessment or reassessment against him or his property may bring suit within 20 days after the assessment or reassessment in any court with jurisdiction to set aside or correct the assessment or reassessment or any proceeding with reference to the assessment or reassessment due to any error or invalidity.

(b) The cost of a suit to set aside or correct an assessment or reassessment shall be paid by the loser of the litigation.

(c) After the 20-day period following the assessment or reassessment, the owner or his heirs, assigns, or successors do not have a right of action or a defense of invalidity of the assessment or reassessment in any action in which the assessment or reassessment is in question, except in case of fraud. [Acts 1971, 62nd Leg., p. 656, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 63.338. Delinquent Assessments

(a) Not later than August 1 of each year, the assessor and collector shall prepare a delinquent roll showing all delinquencies in the payment of the assessments.

(b) The assessor and collector shall post the delinquent roll in the district office for at least 20 days. [Acts 1971, 62nd Leg., p. 656, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 63.339. Suit for Collection

(a) After the delinquent roll has been posted in the district office for 20 days, the attorney for the district may file suit for collection in any court with jurisdiction.

(b) An attorney’s or collection fee of 10 percent on the amount of principal and interest due at the time of filing the suit shall accrue against the property owner and shall be charged as costs of court. The attorney’s or collection fee is collectible against the property owner and the property from the date of the filing of the suit.

(c) The suit shall be filed and prosecuted as tax suits for the collection of state and county taxes, except that the attorney for the district shall file and prosecute the suit instead of the county attorney or other public official.

(d) It is not necessary in the suit to specifically plead and prove the orders, notices, rules, and regulations of the commission relating to the assessment or reassessment. It is sufficient for the petition or other pleading to allege that the proceedings with
reference to the making of the improvements and the assessments or reassessments were held in compliance with the law and that all prerequisites to the fixing of the assessment lien on the assessed property and the personal liability of the owner were performed.

[Acts 1971, 62nd Leg., p. 656, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 63.340. Sale of Property to Satisfy Judgment

The district may purchase any property at a sale to satisfy a judgment in favor of the district on a delinquent assessment or reassessment, if the district is the best bidder.

[Acts 1971, 62nd Leg., p. 657, ch. 58, § 1, eff. Aug. 30, 1971.]

§ 63.341. Rules and Regulations

The commission may adopt any necessary rules, regulations, and orders, which are not inconsistent with the provisions of this chapter, for the purpose of carrying out the provisions of the chapter relating to assessments, reassessments, and the collection of assessments.

[Acts 1971, 62nd Leg., p. 657, ch. 58, § 1, eff. Aug. 30, 1971.]
