PREFACE

These volumes of West's Texas Statutes and Codes include, in compact and convenient form, the text of all the general and permanent laws of the State of Texas enacted through the Regular Session and First Called Session of the 63rd Legislature, and the Texas Constitution, as amended through November 6, 1973.

The laws in West's Texas Statutes and Codes are under the same classification as Vernon's Annotated Texas Statutes and Vernon's Texas Codes Annotated. Therefore, the user of this edition may go from any article or section herein to the same article or section in the annotated editions, where the complete constructions of the laws by the state and federal courts, historical data relative to the origin and development of the law, and other helpful research aids, are conveniently available.

Scope of Volumes

Volume 1 contains the Constitution of the State of Texas; the Business and Commerce Code; the Education Code; the Family Code; the Penal Code; Penal Auxiliary Laws (Liquor Control Act; Game, Fish and Oysters); the Code of Criminal Procedure; and the Water Code. The Business and Commerce, Education, Family, Penal and Water Codes are units of the Texas Legislative Council's on-going statutory revision program, authorized by Civil Statutes, Art. 5429b-1.

Volume 2 contains the Business Corporation Act; Title 32, Corporations, of the Civil Statutes; the Election Code; the Insurance Code; Title 78, Insurance, of the Civil Statutes; the Probate Code; and Title 122, Taxation, and Title 122A, Taxation-General, of the Civil Statutes.

Volumes 3 to 5 contain the balance of the text of the Civil Statutes.

Tables

Disposition Tables are provided following each Code and throughout the Civil Statutes, providing a means of tracing repealed subject matter to parallel provisions.

Special laws pertaining to education and water, which were neither repealed by, nor incorporated into, the Education and Water Codes, are tabulated following the respective Codes.

Additionally, Disposition Table 2 of the Penal Code shows the new official citations or classifications of unrepealed articles of the Texas Penal Code of 1925.

PREFACE

Indexes

A separate detailed descriptive word Index follows the Constitution, each Code and the Penal Auxiliary Laws to facilitate the search for specific provisions found therein. Laws in the Civil Statutes may be located by means of the Topical Index at the end of Volume 5.

Art. 1. Common Law

The common law of England, so far as it is not inconsistent with the Constitution and laws of this State, shall together with such Constitution and laws, be the rule of decision, and shall continue in force until altered or repealed by the Legislature.

[Acts 1925, S.B. 84.]

Art. 1a. Emergency Care; Relief from Liability for Civil Damages

No person shall be liable in civil damages who administers emergency care in good faith at the scene of an emergency for acts performed during the emergency unless such acts are wilfully or wantonly negligent; provided that nothing herein shall apply to the administering of such care where the same is rendered for remuneration or with the expectation of remuneration or is rendered by any person or agent of a principal who was at the scene of the accident or emergency because he or his principal was soliciting business or seeking to perform some services for remuneration. [Acts 1961, 57th Leg., p. 681, ch. 317, § 1, eff. Aug. 28, 1961.]

Art. 1b. Liability of Real Property Owner Permitting Persons to Enter to Hunt, Fish or Camp

Sec. 1. If any owner, lessee or occupant of real property gives permission to another to enter the premises for purposes of hunting, fishing and/or camping, he does not thereby

(1) extend any assurance that the premises are safe for such purposes, or

(2) constitute the person to whom permission is granted one to whom a greater degree of care is owed than that owed to a trespasser on the premises, or

(3) assume responsibility for or incur liability for any injury to persons or property caused by any act of persons to whom permission is granted.

Sec. 2. The provisions of this Act shall not relieve any owner, lessee or occupant of real property of any liability which would otherwise exist for deliberate, willful or malicious injury to persons or property, nor does it create any liability where such liability does not now exist.

Sec. 3. The provisions of this Act shall not modify, extend or change in any way the doctrine of attractive nuisance as interpreted and applied by the courts of Texas.

Sec. 4. The provisions of this Act shall not be interpreted to limit, restrict, modify or change in any way the liability which would otherwise apply to any owner, lessee or occupant of real property who

(1) uses the premises or any part thereof, or permits the use of the premises or any part thereof, as a commercial recreational enterprise for purposes of profit, or

(2) makes a charge for permission to enter the premises, other than that levied against those who remove game from the premises in such sum as may reasonably

be required for the replacement of such game.

Sec. 5. The provisions of this Act shall not be interpreted to create any liability where such liability does not now exist.

Sec. 6. The word "premises," as used in this Act, shall include lands, roads, waters, water courses, and private ways, together with all buildings, structures, machinery or equipment attached thereto or located thereon.

[Acts 1965, 59th Leg., p. 1551, ch. 677, eff. Aug. 30, 1965.]

Art. 1c. Governor's Committee on Human Relations

Sec. 1. There is hereby created an agency of the State of Texas to be known as the Governor's Committee on Human Relations, which shall consist of fifty citizens of the State of Texas, to be appointed by the Governor. They shall be persons who have demonstrated their interest in the promotion and attainment of ideals of dignity and equality of opportunity for all members of society, and they shall be chosen so as to represent the various geographical sections and the various ethnic, racial and religious groups of the state. No person shall be ineligible for appointment because of his holding a public office or employment. Duties performed by members of the Committee are of an advisory nature, and membership shall not be deemed to constitute the holding of a public office.

Sec. 2. The term of office of a member of the committee is two years which expires on February 1 of odd-numbered years.

The Committee shall come into existence on September 1, 1969, and shall cease to exist on August 31, 1973, unless extended by the Legislature.

Sec. 3. Recognizing that the improvement of human relations between and among the various ethnic and racial groups of the state and nation is a matter of the highest importance and priority, the Legislature is creating this Committee upon the request of the Governor, as an official governmental agency to recommend programs of action designed and intended to promote and obtain a better understanding and relationship between the various groups. The Committee is charged with the duty of gathering and assembling suggestions for and information pertinent to the attainment of this goal from all practicable sources, both private and public, including individuals, groups, organizations, and other governmental agencies. In carrying out its duties and responsibilities, the Committee may conduct hearings and interviews at such places as it deems desirable, either through individual members or subcommittees or through members of its administrative staff, and it may also employ all other available means for gathering these materials.

The Committee shall report the results of its studies and make recommendations to the Governor at such times as it determines or as re-

quested by the Governor. It shall also make a report to the Governor and to each member of the Legislature not later than November 1 of the years 1970 and 1972, on any recommendations involving legislative action.

Sec. 4. Members of the Committee shall serve without compensation, but each shall receive reimbursement for travel expense when on official business of the Committee, in accordance with the rules and regulations applicable to state employees which are in effect for the period in which the travel occurs. The payment shall be made out of the appropriation made to the Governor's Office for general operating expenses.

Sec. 5. The Governor shall designate the Chairman of the Committee and shall call the first meeting of the Committee, at which meeting the members shall elect a Vice-Chairman and a Secretary from among their number. After the first meeting, the Committee shall meet at the call of the Chairman or the Governor, on the date and at the place designated in each call. The Committee may adopt procedural rules governing the conduct of its meetings and other affairs.

Sec. 6. The Committee shall appoint an Executive Director and shall fix his salary. The Executive Director shall employ or contract for the professional, technical and clerical staff necessary to accomplish the goals of this Act, and is authorized to make such other expenditures as are necessary for that purpose, within the budgetary limits fixed by the Committee.

Operating expenses of the Committee, other than traveling expenses of its members, shall be paid from money appropriated for that purpose in the general appropriation act. The Committee shall adopt an annual budget, which may be amended from time to time, allocating funds for the various expenditures to be incurred.

The Board of Control shall provide suitable quarters for the Committee and its staff in the City of Austin. The Secretary of State shall cooperate with the Committee in furnishing technical and clerical staff and services when necessary.

Sec. 7. Every state agency, department and institution and every state, county and municipal officer is directed to provide such information as may be requested by the Committee, and to assist the Committee in accomplishing its objectives.

Sec. 8. The Committee may accept gifts and grants of money from any individual, group, association, corporation, or the Federal Government. Such funds as are received shall be deposited in the State Treasury and are hereby appropriated to be expended in accordance with the specific purpose for which given and under such conditions as may be imposed by the donor or as may be provided by law.

[Acts 1969, 61st Leg., p. 1495, ch. 446, eff. Sept. 1, 1969; Acts 1973, 63rd Leg., p. 1, ch. 1, § 1, eff. Feb. 8, 1973.]

Art. 1d. Privilege to Investigate Theft

A person reasonably believing another has stolen or is attempting to steal property is privileged to detain the person in a reasonable manner and for a reasonable period of time for the purpose of investigating ownership of the property.

[Acts 1973, 63rd Leg., p. 988, ch. 399, § 2(F), eff. Jan. 1, 1974.]

SPECIAL LAWS**Art. 2. Special Laws: Notice**

Any person intending to apply for the passage of any local or special law shall give notice of such intention by having a statement of the substance of such law published in some newspaper published in the county embracing the locality to be affected by said law, at least once each week for the period of thirty days prior to the introduction into the Legislature of such contemplated laws.

[Acts 1925, S.B. 84.]

Art. 3. If No Newspaper Published

If no newspaper is published in said county, a written copy of such statement shall be posted at the court house door and in five other public places in the immediate locality to be affected thereby in said county, for thirty days, and such notice shall accurately define the locality to be affected by said law.

[Acts 1925, S.B. 84.]

Art. 4. Notice for Each County

Where the locality to be affected by said law shall extend beyond the limits of any one county, such notice shall be given for each county to be affected.

[Acts 1925, S.B. 84.]

Art. 5. Affecting Persons

Whenever any person intends applying for the passage of a special law which shall affect persons chiefly, and not directly affect any particular locality more than others, such persons, if residing in this State, shall make publication of notice of such intention in the county of the residence of such person in the same manner as if the said law was to affect such locality.

[Acts 1925, S.B. 84.]

Art. 6. Where Applicant is a Non-Resident

If the applicant is a non-resident of this State, said publication need only be made in a newspaper published at the Capital, in like manner as if such person resided at the seat of government.

[Acts 1925, S.B. 84.]

Art. 7. Details Unnecessary

Said notice need not contain the particular form and terms of such contemplated law, but a statement only of the general purposes and nature of the same shall be sufficient.

[Acts 1925, S.B. 84.]

Art. 8. Proof of Publication

Whenever publication in a newspaper is required by law, proof of the same shall be made by the affidavit of the publisher accompanied with a printed copy of such notice as published.

[Acts 1925, S.B. 84.]

Art. 9. Proof of Posting

The posting above provided for may be shown by the return of the sheriff or constable, or by the affidavit of any credible person made on a written copy of the notice so posted, showing the fact of such posting, and such proof or other competent proof of the giving of said notice shall accompany the introduction of every local or special law.

[Acts 1925, S.B. 84; Acts 1927, 40th Leg., p. 42, ch. 29, § 1.]

CONSTRUCTION OF LAWS**Art. 10. General Rules**

The following rules shall govern in the construction of all civil statutory enactments:

1. The ordinary signification shall be applied to words, except words of art or words connected with a particular trade or subject matter, when they shall have the signification attached to them by experts in such art or trade, with reference to such subject matter.

2. The present or past tense shall include the future.

3. The masculine gender shall include the feminine and neuter.

4. The singular and plural number shall each include the other, unless otherwise expressly provided.

5. A joint authority given to any number of persons or officers may be executed by a majority of them, unless it is otherwise declared.

6. In all interpretations, the court shall look diligently for the intention of the Legislature, keeping in view at all times the old law, the evil and the remedy.

7. Whenever one law which shall have repealed another shall itself be repealed, the former law shall not be thereby revived without express words to that effect.

8. The rule of the common law that statutes in derogation thereof shall be strictly construed shall have no application to the Revised Statutes; but the said statutes shall constitute the law of this State respecting the subjects to which they relate; and the provisions thereof shall be liberally construed with a view to effect their objects and to promote justice.

[Acts 1925, S.B. 84.]

Art. 11. Grammatical Errors

Grammatical errors shall not vitiate a law, and a transposition of words and clauses may be resorted to when the sentence or clause is

without meaning as it stands. In no case shall the punctuation of a law control or affect the intention of the Legislature in the enactment thereof.

[Acts 1925, S.B. 84.]

Art. 11a. Severability of Statutes

Sec. 1. Except to the extent otherwise specifically provided in a statute enacted previously or in the future, if any provision of a statute or its application to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the statute which can be given effect without the invalid provision or application, and to this end the provisions of each statute are declared to be severable.

Sec. 2. Nothing in this Act affects the power or the duty of a court in an appropriate case to ascertain and effectuate the intent of the legislature with regard to the severability of a statute.

[Acts 1973, 63rd Leg., p. 69, ch. 45, eff. April 18, 1973.]

All annual or biennial reports intended for the use of the Legislature or Governor shall be sent by the respective officers to the Secretary of State on or before November first, and he shall promptly cause the same to be printed before the assembling of the Legislature, and upon its organization he shall send to the presiding officer of each house ten copies of each printed report for the members thereof.

[Acts 1925, S.B. 84.]

Art. 17. Commencement of Term of Office

The regular terms of office for all elective state, district, county and precinct offices of the State of Texas, excepting the offices of Governor, Lieutenant Governor, State Senator, and State Representative, shall begin on the first day of January next following the general election at which said respective offices are regularly filled, and those who are elected to regular terms shall qualify and assume the duties of their respective offices on the first day of January following their election, or as soon thereafter as possible. Persons elected to unexpired terms in the various state, district, county and precinct offices shall be entitled to qualify and assume the duties of their respective offices immediately upon receiving a certificate of election, which certificate shall be issued immediately following the official canvass of the results of the election at which they were elected, and they shall take office as soon thereafter as possible.

If a corporation was registered under Section 10 of the Public Accountancy Act of 1945, prior to November 1, 1945, and holds a live permit under Section 9 hereof, it may use the same designations applicable to certified public accountants or public accountants hereinabove set out.

(g) No person shall sign or affix his name or any trade or assumed name used by him in his profession or business, with any wording indicating that he is an accountant or auditor, or with any wording indicating that he has expert knowledge in accounting or auditing, to any accounting or financial statement, or to any opinion on, report on or certificate to any accounting or financial statement, unless he has complied with the applicable provisions of this Act; provided, however, that the provisions of this Subsection shall not prohibit any officer, employee, partner, or principal of any organization from affixing his signature to any statement or report in reference to the financial affairs of said organization with any wording designating the position, title or office which he holds in said organization, nor shall the provisions of this Subsection prohibit any act of a public official or public employee in the performance of his duties as such.

(h) No person shall assume or use the title or designation "certified public accountant" or "public accountant" in conjunction with names indicating or implying that there is a partnership or in conjunction with the designation "and Company," or "and Co.," or a similar designation if, in any such case, there is in fact no bona fide partnership registered under Sections 17 or 19 of the Public Accountancy Act of 1945; provided that a partnership lawfully using such title or designation in conjunction with such names or designation on the effective date of this Act, may continue to do so if it otherwise complies with the provisions of this Act.

Annual Permits to Practice

Sec. 9. Permits shall be issued by the Board to the following upon the payment of fees hereinafter specified:

(a) Holders of the certificate of "Certified Public Accountant" issued under this or any prior Acts.

(b) Such persons as are registered with the Board under the provisions of Section 10 of this Act.

(c) Such persons as are registered with the Board under the provisions of Section 14 of the Public Accountancy Act of 1945.

There shall be paid to the secretary-treasurer of the Board by all persons referred to in Subsections (a), (b) and (c) hereof an annual permit fee not to exceed Twenty Dollars (\$20.00). All permits shall expire on the 31st day of December of each year, but shall, annually, be renewed for a period of one (1) year, upon the payment of a fee of not more than Twenty Dollars (\$20.00), the Board being hereby given the authority and duty to determine the amount of such renewal fee for each coming year on or before December 1 of each year, and to mail notices thereon each year by that date.

Failure of any permit holder to pay the annual permit renewal fee on or before January 31 of each year shall automatically cancel his permit. Any permit holder whose permit shall have been canceled because of failure to pay the annual permit renewal fee may secure reinstatement of his permit at any time within that calendar year upon payment of the delinquent fee together with a penalty of Ten Dollars (\$10.00). After expiration of the calendar year for which the permit fee was not paid, no permit shall be reinstated except upon application and examination satisfactory to the Board. The Board shall have no authority to waive the collection of any fee or penalty.

Expiration Dates of Permits; Proration of Fees

Sec. 9A. The board by rule may adopt a system under which permits expire on various dates during the year. Dates relating to cancellation and reinstatement of permits shall be adjusted accordingly. For the year in which the permit expiration date is changed, permit fees payable on or before January 31 shall be prorated on a monthly basis so that each permit holder shall pay only that portion of the permit fee which is allocable to the number of months during which the permit is valid. On renewal of the permit on the new expiration date, the total permit renewal fee is payable.

The Board shall charge for the issuance of such a certificate as a "Certified Public Accountant," under this Section a fee of not more than Seventy-five Dollars (\$75.00).

(b) Any person holding a permit under the laws of any state or territory to practice public accountancy, if such state or territory, in the opinion of the Board, has standards equal to those required by this state, shall be granted a permit by the Board if such state or territory admits public accountants of this state to practice in such state or territory; provided, however, no such permit shall be granted by the Board unless such person had made application for a permit to practice public accountancy to the licensing board of his own state not later than November 1, 1947. For such permits as are authorized by this Section the Board shall charge the same annual permit fees and reinstatement fees as are charged all other persons to whom annual permits are issued by the Board.

Holding Similar Titles in Foreign Countries
—Registration Thereof

Sec. 14. A certified public accountant of another state or territory, or the holder of a certificate, license, or degree authorizing him to practice public accountancy in a foreign country, may register with the Board as a certified public accountant of such other state or territory, or as holding such certificate, license or degree of a foreign country, if the Board determines that the standards under which the applicant became a certified public accountant, or received such certificate, license, or degree, were as high as the standards of this state at the same time for giving the Certificate of Certified Public Accountant. A person so registered may describe himself as a certified public accountant of the state or territory which issued his certificate, or may use the title held by him in a foreign country, provided that the country of its origin is indicated.

Examinations; Re-examinations, and Fees Therefore

Sec. 15. All examinations provided for under the Public Accountancy Act of 1945, as amended, shall be conducted by the Board. The examination for the certificate of "Certified Public Accountant" shall take place as of-

ten as the Board deems necessary, but not less frequently than once each year. The time and place of holding examinations shall be duly advertised for not less than three (3) days in three (3) daily newspapers published, one (1) in each of three (3) principal cities in Texas, beginning not less than thirty (30) days prior to the date of each examination.

A candidate, who fails, shall have the right to apply for an additional examination, subject to the satisfaction of the Board that he continues to meet requirements of (a), (b), and (d) of Section 12 of this Act, and the following additional requirements: (1) if a candidate fails to score a grade of fifty per cent (50%) on any subject in an examination, the Board shall refuse to admit him to write that subject in the next succeeding examination; and (2) if a candidate has made application to write the examination at a session and he fails to submit a paper on any subject for which he is eligible at that session, the Board shall score a grade of less than fifty per cent (50%) for the candidate in that subject. Except for the foregoing requirements, a candidate, who has taken the examination under this Act or any prior Act, shall have the right to any number of reexaminations. The additional requirements specified in (1) and (2) of this paragraph shall not apply to a candidate who is registered as a public accountant under Section 11 of the Public Accountancy Act of 1945, as amended.¹

Any candidate who, at the time of filing his application to take the examination, or reexamination, provided for herein, had, prior to the effective date of this Act, passed one (1) or more subjects under any prior Act, or who shall, after the effective date of this Act, pass in a single examination two (2) or more subjects, or who is registered as a public accountant under Section 11 of the Public Accountancy Act of 1945, as amended, and who shall pass one (1) or more subjects after the effective date of this Act, shall have the right, subject to the approval of his application for reexamination under the provisions of the preceding paragraph, to be reexamined in the remaining subjects only, at subsequent examinations held by the Board, may receive credit for one (1) or more subjects in any subsequent examination, and when he shall have received credit for all subjects, he shall then be considered to have passed the examination.

The Board shall charge for the first examination of a candidate for certification as a "Certified Public Accountant" a fee of not more than Seventy-Five Dollars (\$75.00), which shall be payable by the applicant at the time of making the initial application. For each subsequent examination, or reexamination, the fee shall not exceed for each subject for which he is eligible: Thirty Dollars (\$30.00) for accounting practice, and Fifteen Dollars (\$15.00) for each of theory of accounts, auditing and commercial law, which shall be payable by the applicant at the time of making the application for the subsequent examination

or reexamination. Where the applicant fails to be present for the examination and shows to the Board satisfactory reason for such failure, the Board may, in its discretion, refund any fee so paid, and relieve the candidate of the penalty in the second paragraph of this Section relating to the grade of less than fifty per cent (50%).

All fees provided for herein shall be paid to the secretary-treasurer of the Board.

It is further provided, that any applicant who has failed any such examination or examinations shall have a right to demand a copy, certified by the Board, of the questions and the answers thereto made by him upon any such examination, with the grade clearly shown, together with a copy of solutions to such questions; and the Board shall forthwith comply with such demand by delivering by registered mail to such applicant a true copy of the questions and his answers thereto, certified by the Board, together with a copy of solutions to such questions, and the Board may charge such applicant a reasonable fee therefor; and such application by the candidate shall be made within six (6) months after the grades are mailed to said candidate, and not thereafter.

(i) Any person, firm or corporation adversely affected by any order, rule or decision of the Board may file a petition in the District Court of the county of his residence in Texas, or by a nonresident of Texas in the District Court of Travis County, Texas, setting forth the particular objection to such decision, rule or order, against the Texas State Board of Public Accountancy as defendant, such petition to be filed within thirty (30) days after the date a copy of such order is sent by registered mail to such person, firm or corporation. Service of citation may be had by leaving a copy thereof at the office of the Board in Austin, Travis County, Texas. The case shall be tried as other civil cases. The cause shall be tried and determined upon a trial de novo to the same extent as now provided for in the case of an appeal from the justice court to the county court. Either party to said action may appeal to the appellate court having jurisdiction of said cause. The Board shall not be required to give any appeal bond in any cause arising hereunder. Neither the Texas State Board of Public Accountancy nor any member thereof shall be liable to any person, firm or corporation charged or investigated by said Board, for any damages incident to such investigation, or any complaint, charge, prosecution, proceeding or trial.

(j) Upon application in writing and after hearing pursuant to notice, the Board may issue a new certificate to a certified public accountant whose certificate shall have been revoked, or may permit the reregistration of anyone whose registration has been revoked, or may reissue or modify the suspension of any permit to practice public accounting which has been revoked or suspended.

Penalties

Sec. 24. (a) Whenever in the judgment of the Board any person who is not the holder of a valid and existing permit to practice public accountancy in this state has engaged in any act or practices which constitute the practice of public accountancy within this state, the Board may apply to the District Court of the county in which such person resides or has an office, for an injunction enjoining such person from engaging in the practice of public accountancy, and in such cases the Board shall not be required to give bond as a condition precedent to the issuance of such injunctive relief.

(b) Any person who violates any provision of the Public Accountancy Act of 1945, as amended, or of this Act, shall be deemed guilty of a misdemeanor and upon conviction thereof shall be subject to a fine of not less than Fifty Dollars (\$50.00) and not more than Five Hundred Dollars (\$500.00) or by imprisonment in county jail for not less than ten (10) days and not more than one (1) year or by both such fine and imprisonment, and each violation shall constitute a separate offense. Any complaints filed under the provisions of this Section shall be filed in the county where the offense occurred.

Partial Invalidity

Sec. 25. If any section or any part of this Act shall be held to be invalid, such invalidity shall not affect the remaining portions thereof, it being the express intention of the Legislature to enact such Act without respect to such section or part so held to be invalid.

Art. 46b-2. Adoption of Hard-to-Place Children; Financial Assistance

Purpose

Sec. 1. It is the purpose and intent of the Legislature in enacting this Act to encourage and promote the placement in adoptive homes of children who because of their ethnic background, race, color, language, physical or mental, or emotional or medical handicaps, or age, or because they are a sibling group who should be placed in the same home have become difficult to place in adoptive homes. It is the legislative intent to make available to prospective adoptive parents information concerning the availability of relinquished children, information and assistance in completing the adoption process, and the financial aid which might be required to enable them to adopt an otherwise hard-to-place child. It is the intent of the Legislature to benefit hard-to-place children residing in foster homes at state or county expense by providing the stability and security of permanent homes and, in doing so, achieve a reduction in total state and county expense by reducing costly foster-home care.

Definitions

Sec. 2. In this Act:

(1) "Hard-to-place child" is a child who is disadvantaged because of adverse parental background, or a handicapped child, or a child of the age of three years or more.

(2) "Department" means the State Department of Public Welfare.

Administration

Sec. 3. The department shall establish and administer the program to be carried out by any licensed adoption agency or county child care or welfare unit pursuant to this Act. The department shall adopt regulations necessary to carry out the provisions of this Act. The

department shall keep records necessary to evaluate the program's effectiveness in encouraging and promoting the adoption of hard-to-place children.

Information

Sec. 4. The department, county child care or welfare units, and all adoption agencies shall disseminate information to prospective adoptive families, especially those families of lower income levels and those belonging to disadvantaged groups as to the availability of adoptable hard-to-place children and of the existence of aid to adoptive families under this Act. The county responsible for providing foster care for a child shall provide financial aid to the adoptive family in an amount determined under Section 5 of this Act.

Financial Assistance

Sec. 5. (a) The adoption fees may be waived for all adoptive parents as necessary to provide adoptive families for hard-to-place children.

(b) There may be paid for a period not to exceed three years an amount of financial assistance not more than the amount that would be paid for foster care for the child if the placement for adoption had not taken place. Additional financial assistance may be granted for a period of not more than two years if the adoptive parents have a continuing need as determined by the department, county child care or welfare unit, or designated licensed adoption agency.

(c) The county responsible for the care of the child in a foster home is responsible for the payment provided for by this section in adoptive placements arranged by the department, county child care or welfare unit, or any licensed adoption agency and in cases in which a child receiving aid to families with dependent children in a foster home is adopted by his foster parents with the approval of the department, county child care or welfare unit, or designated adoption agency.

Federal Funds

Sec. 6. The department shall actively seek, and make maximum use of, federal funds which might be available for the purposes of this Act. All gifts or grants received from private sources for the purposes of this Act shall be used to offset costs incurred under the program established by this Act.

Regular meetings shall be held at its offices at Austin, but, whenever the convenience of the public or of the parties may be promoted, or delay or expense may be prevented, it may hold hearings or proceedings at any other place designated by it. The Commission may employ such clerical and other employees and assistants as it may deem necessary for

the proper transaction of its business and shall fix their salaries. Provided that the Commission shall not make any obligations or expend any state moneys unless and until an appropriation by the Legislature is made therefor.

[Acts 1945, 49th Leg., p. 580, ch. 344, § 5; Acts 1969, 61st Leg., p. 1394, ch. 424, § 1, eff. Sept. 1, 1969.]

Art. 46c-6. Commission Powers and Duties

Subd. 1. General. The Commission, and its Director acting under its authority, is empowered and directed to encourage, foster, and assist in the development of aeronautics in this state and to encourage, aid, and assist in the establishment of airports and airstrips and air navigational facilities in this state, and, as to lands, or portions thereof, or navigational aids or facilities donated or given to the state, or to the Texas Aeronautics Commission to be held by it in trust for the state, the Texas Aeronautics Commission may control, administer, and have jurisdiction thereover, and may lease the same on the terms hereafter provided. The Commission and its Director may cooperate with and assist the United States, municipalities or other governmental subdivisions of this state, or persons engaged in aeronautics or in the development of aeronautics, and may endeavor to coordinate the aeronautical activities of such others, and, municipalities and governmental subdivisions are authorized to cooperate with the Commission in the development of aeronautics and aeronautical navigational facilities or aids in this state.

Subd. 2. Authority to Contract. The Commission may enter into contracts which it deems necessary or advisable in conformity with and in the execution of the powers granted it by this Act, as amended. However, except as to moneys received by gift, the Commission shall have no power to enter into any contract or agreement binding on the State of Texas for the payment of any moneys which have not been authorized by appropriation of the Legislature from the general revenues or from the Texas Aeronautics Commission Fund. All contracts entered into by the Commission shall be submitted to the attorney general for the approval as to form. The Commission shall not enter into any contract binding the State of Texas in excess of the power granted in this Act.

Subd. 3. Air Carriers. (a) The Commission is hereby granted and vested with the right, power and authority to promulgate and administer economic and safety rules and regulations over air carriers. The Commission shall be vested with broad discretion in promulgating such rules and regulations. Without limiting the right, power and authority of the Commission, to the extent necessary to enable it to perform its functions, it may approve or disapprove the maximum or minimum or maximum and minimum rates, fares and charges of each air carrier, require filing of such reports and other data of air carriers as the Commission may deem necessary, and adopt

a program, rules and regulations necessary to effectuate its duties hereunder.

(b) No air carrier shall operate as such, after this Act goes into effect, without having first obtained from the Commission a certificate of public convenience and necessity pursuant to a determination by the Commission that its proposed service is in the interest of public convenience and necessity; provided, however, that all operating rights and privileges granted to any air carrier by the Commission prior to the passage of this Act shall continue in effect, authorizing the same service under the same terms and conditions as previously granted by the Commission. Upon notice and hearing, certificates of public convenience and necessity shall be subject to revocation or suspension for violation of the Commission's regulations, the provisions of this Act or the regulations or laws of the United States or any authorized agency or board thereof. Any such certificate so revoked or suspended may be reinstated upon order of the Commission on its own motion or upon application of the air carrier, when the Commission finds reinstatement to be in the public interest. In determining the existence of a public convenience and necessity for a proposed air service, the Commission shall consider the encouragement and development of an intrastate air transportation system properly adapted to the present and future needs of the State of Texas, and in addition shall consider the financial responsibility of the air carrier, its proposed routes and rates or charges, the effect, if any, upon existing air carriers and CAB certificated carriers, and any other factors similarly related to public convenience and necessity. Nothing in this Act affects any litigation pending on the effective date of this Act.

(c) No application for a certificate shall be received and filed by the Commission unless the same shall be in writing under oath in original and six copies filed with the Director of the Commission and contain the following information:

(1) The name and address of the applicant and the names and addresses of its officers, if any, and full information concerning the financial condition and physical properties of the applicant.

(2) The complete route or routes over which the applicant desires to operate, together with the description of each aircraft which the applicant intends to use.

(3) A proposed schedule of service and a schedule of rates to be charged between the several points or localities to be served.

(4) It shall be accompanied by plats or maps showing the route or routes over which the applicant desires to operate, on which plats or maps shall be delineated the line or lines of any existing air carrier or airlines, whether or not subject to this

Act, serving such territory, and shall point out the need for additional air service.

(5) Such other information, exhibits and other data in regard to the application as may be required by duly promulgated rules and regulations of the Commission.

(6) Every application filed with the Commission for a certificate shall be accompanied by a filing fee in the sum of \$50, which fee shall be in addition to any other fees and taxes and shall be retained by the Commission, whether the application is approved or not, to defray operating expenses.

Copies of such application shall be transmitted contemporaneously by certified mail, return receipt requested, to the Civil Aeronautics Board, the Federal Aviation Administration and to any air carrier or CAB certificated carrier, which serves, or is authorized to serve, over the routes proposed to be served by the applicant, or any portion thereof. Upon receipt of such application in proper form, the Commission shall set a date for public hearing which may be conducted by the Commission, or at its discretion, by the Director, or any staff member of the Commission.

Any other provision of this Act notwithstanding, carriers certificated by the Civil Aeronautics Board pursuant to the Federal Aviation Act of 1958, as now or hereafter amended,¹ together with any other interested party shall be afforded the right to appear and present evidence and arguments at such hearing on all issues involved in any such hearing. The final determination of such application shall be made by the Commission by written order setting forth its findings and served upon the parties in such manner as the Commission shall specify, and such application may be granted or denied, in whole, or in part; provided, however, any service not specifically authorized shall be deemed specifically denied. The order of the Commission granting any application and the certificate issued thereunder shall be voidable upon appeal unless the Commission shall set forth in its order full and complete findings of fact pointing out in detail the basis on which it made each of its findings on the factors related to public convenience and necessity as provided in Subsection (b) of this Subdivision.

(d) Any certificate held, owned or obtained by any air carrier operating under the provisions of this Act may be sold, assigned, leased, transferred or inherited; provided, however, that any proposed sale, lease, assignment or transfer shall be first presented in writing to the Commission for its approval or disapproval and after public notice and public hearing the Commission may disapprove such proposed sale, assignment, lease or transfer if it is found and determined by the Commission that such proposed sale, assignment, lease or transfer is not in good faith or that the proposed purchaser, assignee, lessee or transferee is not in good faith or that the proposed purchaser,

assignee, lessee, or transferee is not able or capable of continuing the operation of the equipment proposed to be sold, assigned, leased or transferred in such manner as to render the services demanded by the public convenience and necessity on and along a designated route, or that the proposed sale, assignment, lease or transfer is not in the best public interest. The Commission in approving or disapproving any sale, assignment, lease or transfer of any certificate may take into consideration all the requirements and qualifications of a regular applicant required in this Act and apply the same as necessary qualifications of any proposed purchaser, assignee, lessee or transferee. Every application filed with the Commission for an order approving the lease, sale or transfer of any certificate of convenience and necessity shall be accompanied by a filing fee in the sum of \$25, which fee shall be in addition to any other fees and taxes and shall be retained by the Commission whether the lease, sale or transfer of the certificate is approved or not.

(e) If any air carrier, or other party in interest be adversely affected by any decision, rate, charge, order, rule, act or regulation adopted by the Commission, that party, after failing to get relief from the Commission, may file a petition setting forth its particular objections to the action of the Commission in the District Court of Travis County, Texas, against the Commission as defendant. This action shall have precedence over all other causes on the docket of a different nature. In an appeal of a Commission action other than revocation or suspension of a certificate, the Commission action shall be sustained unless there is no substantial evidence to support it. An appeal of the revocation or suspension of a certificate shall be tried in the same manner as appeals from justice court to the county court. Appeals from any final judgment of the District Court may be taken by any party to the cause in the manner provided for in civil actions generally, but no appeal bond shall be required of the Commission.

(f) Every officer, agent, servant, or employee of any corporation and every other person who violates or fails to comply with or procures, aids or abets in the violation of any provision of this Act or who violates or fails to obey, observe or comply with any lawful order, decision, rule or regulation, direction, demand or requirement of the Commission shall be subject to and shall pay a penalty not exceeding \$100 for each and every day of such violation. The penalty shall be recovered in any court of competent jurisdiction in the county in which the violation occurs. Suit for the penalty or penalties shall be instituted and conducted by the Attorney General of the State of Texas, or by the county or district attorney in the county in which the violation occurs in the name of the State of Texas. Upon violation of any provision of this Act, or upon the violation of any rule, regulation, order or decree of the Commission promulgated under the terms of this

Act, any district court of any county where such violation occurs shall have the power to restrain and enjoin the person, firm or corporation so offending from further violating the provisions of this Act or from further violating any of the rules, regulations, orders, and decrees of the Commission. Such injunctive relief may be granted upon the application of the Commission, the attorney general, or any district or county attorney or competing air carrier. No bond shall be required when such injunctive relief is sought upon the application of the Commission, attorney general or any district or county attorney. Such relief may be granted in suits for penalties as provided in this section, but suit for penalties shall not be a condition precedent to the injunctive relief provided hereby.

Subd. 4. Cooperation with the United States. The Commission shall work with the agencies of the United States in enforcing the statutes, directives, rules and regulations of the United States. It is authorized to report to the appropriate federal agencies and agencies of other states all proceedings instituted charging violations of this Act or of federal statutes. It is authorized to receive reports of penalties and other data from agencies of the United States and other states, and when necessary, to enter into agreements, approved by the Attorney General of Texas as to form, with the United States and the agencies of other states governing the delivery, receipt, exchange and use of reports and data. The commission may make such reports, with or without request therefor, to any officer of the state or of a municipality authorized by the commission or by the United States to enforce the aeronautics laws, but such reports shall not constitute evidence of any violation nor shall the same be received as evidence by any court.

Subd. 5. Aircraft Operation. Aircraft shall be operated in and over the state in a safe manner. Operation shall be deemed safe if conducted in compliance with the United States laws and regulations governing air traffic and aeronautical operation, now in existence or hereafter enacted.

Subd. 6. Airports and Navigation Aids, Gifts, Leases. (a) To develop aeronautics for the common good, benefit, and safety of the citizens of Texas, and to provide for catastrophe, disaster, or state or national emergency, the state, or the Texas Aeronautics Commission on behalf of the state, is granted the right, under its police power, to accept gifts or donations of all or any parts of lands on, adjacent to, or utilizable as, airports or airstrips, or utilizable as a navigational aid, in the judgment of the Texas Aeronautics Commission, from the United States or any agency thereof or from any governmental, municipal, or other political subdivision of this state, or from any other person, firm, association, group, or corporation. The same shall be administered by the Texas Aeronautics Commission and shall be and remain under its control and jurisdiction. The

Texas Aeronautics Commission is hereby granted the right to utilize such portion of the Texas Aeronautics Commission Fund, or other moneys appropriated to it by the Legislature, to construct improvements, facilities or navigational aids thereon as the commission shall deem advisable or necessary. The commission is granted the right to rent or lease such lands and improvements to any governmental or municipal agency or subdivision, or to any other person, firm, association, group, or corporation, provided any such lease so executed by the commission shall be for a term not to exceed 20 years, and provided further, the Texas Aeronautics Commission shall determine, after investigation, and reduce its findings to writing in a book or books to be maintained in the office of the Texas Aeronautics Commission for that purpose:

(1) that the lease is desirable or essential for the purpose above stated;

(2) that the lessee is financially responsible; and

(3) that the amount of monthly or periodic rental payments shall be sufficient to amortize the amount it has expended thereon for improvements within the term of the lease. Any such lease, before the same shall become effective, shall be submitted to, and approved by, the attorney general as to form. Any such lease shall provide that the lessee shall maintain the land, premises and improvements placed thereon by the Texas Aeronautics Commission in accordance with the standards prescribed by the Texas Aeronautics Commission and shall contain a provision that the lease shall immediately terminate and that the lessee shall surrender the premises to the Texas Aeronautics Commission without liability, and without court action, in the event of violation of any of the provisions of the lease, or any rule, regulation or order of the Texas Aeronautics Commission pertaining thereto; and provided further, the Texas Aeronautics Commission shall have the right to utilize the same, or any part thereof, for itself or others, without liability or cost, in time of national or state disaster, emergency, or catastrophe, as determined by either the Governor of Texas or the Texas Aeronautics Commission.

(b) Independently and additionally, the Commission shall be authorized to accept any grant, payment, or gift of moneys, funds or property made to it by any person, individual, firm, association, corporation, municipality, county, or other political subdivision of the state, or from the United States, or any department or agency thereof, as to which the donor has prescribed a particular use for one or more aeronautical purposes. The Commission shall utilize any such grant of property in accordance with the terms of the grant, and as to any such payment, or gift of funds or moneys, the

Art. 46d-22. Short Title

This Act may be cited as the "Municipal Airports Act."

[Acts 1947, 50th Leg., p. 191, ch. 114, § 22.]

AIRPORT ZONING REGULATIONS

Art. 46e-1. Definitions

As used in this Act, unless the context otherwise requires:

(1) "Airport" means any area of land or water, whether of public or private ownership, designed and set aside for the landing and taking off of aircraft and utilized or to be utilized in the interest of the public for such purposes. The term "Airport" shall also include any area having installations relating to flight and particularly including installations, facilities and base of operations for tracking and/or data acquisition concerning flight. Such areas shall be deemed to be "utilized in the interest of the public" when the owner thereof by contract, license or otherwise permits the use of such areas by others. Such areas also shall be deemed to be "utilized in the interest of the public" when utilized by the Government of the State of Texas or an agency thereof or by the Government of the United States or any agency thereof in furtherance of the National Defense or any National Government Program relating to flight.

(2) "Airport Hazard" means any structure or tree or use of land which obstructs the air space required for the flight of aircraft or which obstructs or interferes with the control or tracking and/or data acquisition in the landing, taking off or flight at an airport, or at any installation or facility relating to flight, and tracking and/or data acquisition of flight craft; hazardous, interfering with or obstructing such landing, taking off or flight of aircraft or which is hazardous to or interferes with tracking and/or data acquisition pertaining to flight and flight vehicles.

(3) "Airport hazard area" means any area of land or water upon which an airport hazard might be established if not prevented as provided in this Act.

(4) "Political subdivision" means any municipality, city, town, village or county.

(5) "Person" means any individual, firm, copartnership, corporation, company, association, joint stock association, or body politic, and includes any trustee, receiver, assignee, or other similar representative thereof.

(6) "Structure" means any object constructed or installed by man, including, but without limitation, buildings, towers, smokestacks, and overhead transmission lines.

(7) "Tree" means any object of natural growth.

[Acts 1947, 50th Leg., p. 784, ch. 391, § 1; Acts 1951, 52nd Leg., p. 17, ch. 12, § 1; Acts 1965, 59th Leg., p. 295, ch. 128, § 1, eff. Aug. 30, 1965.]

Art. 46e-2. Airport Hazards Contrary to Public Interest

It is hereby found that an airport hazard endangers the lives and property of users of the airport and of occupants of land in its vicinity, and also, if of the obstruction type, in effect reduces the size of the area available for the landing, taking-off and maneuvering of aircraft, thus tending to destroy or impair the utility of the airport and the public investment therein. Accordingly, it is hereby declared: (a) that the creation or establishment of an airport hazard is a public nuisance and an injury to the community served by the airport in question; (b) that it is therefore necessary in the interest of the public health, public safety, and general welfare that the creation or establishment of airport hazards be prevented; and (c) that this should be accomplished, to the extent legally possible, by exercise of the police power, without compensation. It is further declared that both the prevention of the creation or establishment of airport hazards and the elimination, removal, alteration, mitigation, or marking and lighting of existing airport hazards are public purposes for which political subdivisions may raise and expend public funds and acquire land or property interests therein.

[Acts 1947, 50th Leg., p. 784, ch. 391, § 2.]

Art. 46e-3. Power to Adopt Airport Zoning Regulations

(1) In order to prevent the creation or establishment of airport hazards, every political subdivision having an airport hazard within its territorial limits may adopt, administer, and enforce, under the police power and in the manner and upon the conditions hereinafter prescribed, airport zoning regulations for such airport hazard area, which regulations may divide such area into zones, and, within such zones, specify the land uses permitted and regulate and restrict the height to which structures and trees may be erected or allowed to grow.

(2) Where an airport is owned or controlled by a political subdivision or where an airport owned or operated by a defense agency of the federal government or the State of Texas is located within the territorial limits of a political subdivision and any airport hazard area appertaining to such airport is located outside the territorial limits of said political subdivision, the political subdivision owning or controlling the airport or the political subdivision within whose territorial limits the airport owned or operated by a defense agency of the federal government or the State of Texas is situated and the political subdivision within which the airport hazard area is located may create, by ordinance or resolution duly adopted, a joint

airport zoning board, which board shall have the same power to adopt, administer, and enforce airport zoning regulations applicable to the airport hazard area in question as that vested by subsection (1) in the political subdivision within which such area is located. Each such joint board shall have as members two (2) representatives appointed by each political subdivision participating in its creation and in addition a chairman elected by a majority of the members so appointed.

Provided, however, where an airport is owned or controlled by any political subdivision having more than 600,000 inhabitants, according to the last preceding Federal Census, and such airport is located within the territorial limits of such political subdivision and any airport hazard area appertaining to such airport is located outside of the territorial limits of said political subdivision owning or controlling such airport, the political subdivision shall have the same power to adopt, administer, and enforce airport zoning regulations applicable to the airport hazard area in question within a five (5) mile radius of the airport reference point of such airport as that vested by subsection (1) in the political subdivision within which such area is located; provided, however, that said control of such political subdivision shall not extend beyond the county in which the political subdivision is located.

[Acts 1947, 50th Leg., p. 784, ch. 391, § 3; Acts 1961, 57th Leg., p. 689, ch. 323, § 1; Acts 1963, 58th Leg., p. 1367, ch. 521, § 1, eff. Aug. 23, 1963.]

Art. 46e-4. Relation to Comprehensive Zoning Regulations

(1) Incorporation. In the event that a political subdivision has adopted, or hereafter adopts, a comprehensive zoning ordinance regulating, among other things, the height of buildings, any airport zoning regulations applicable to the same area or portion thereof, may be incorporated in and made a part of such comprehensive zoning regulations, and be administered and enforced in connection therewith.

(2) Conflict. In the event of conflict between any airport zoning regulations adopted under this Act and any other regulations applicable to the same area, whether the conflict be with respect to the height of structures or trees, the use of land, or any other matter, and whether such other regulations were adopted by the political subdivision which adopted the airport zoning regulations or by some other political subdivision, the more stringent limitation or requirement shall govern and prevail.

[Acts 1947, 50th Leg., p. 784, ch. 391, § 4.]

Art. 46e-5. Procedure for Adoption of Zoning Regulations

(1) Notice and Hearing. No airport zoning regulations shall be adopted, amended, or changed under this Act except by action of the legislative body of the political subdivision in question, or the joint board provided for in Section 3(2),¹ after a public hearing in rela-

tion thereto, at which parties in interest and citizens shall have an opportunity to be heard. At least fifteen (15) days notice of the hearing shall be published in an official paper, or a paper of general circulation, in the political subdivision or subdivisions in which is located the airport hazard area to be zoned.

(2) Airport Zoning Commission. Prior to the initial zoning of any airport hazard area under this Act, the political subdivision or joint airport zoning board which is to adopt the regulations shall appoint a commission, to be known as the Airport Zoning Commission, to recommend the boundaries of the various zones to be established and the regulations to be adopted therefor. Such commission shall make a preliminary report and hold public hearings thereon before submitting its final report, and the legislative body of the political subdivision or the joint airport zoning board shall not hold its public hearings or take other action until it has received the final report of such commission. Where a city plan commission or comprehensive zoning commission already exists, it may be appointed as the airport zoning commission.

[Acts 1947, 50th Leg., p. 784, ch. 391, § 5.]

¹ Article 46e-3.

Art. 46e-6. Airport Zoning Requirements

(1) Reasonableness. All airport zoning regulations adopted under this Act shall be reasonable and none shall impose any requirement or restriction which is not reasonably necessary to effectuate the purposes of this Act. In determining what regulations it may adopt, each political subdivision and joint airport zoning board shall consider, among other things, the character of the flying operations expected to be conducted at the airport, the nature of the terrain within the airport hazard area, the character of the neighborhood, and the uses to which the property to be zoned is put and adaptable.

(2) Non-conforming Uses. No airport zoning regulations adopted under this Act shall require the removal, lowering, or other change or alteration of any structure or tree not conforming to the regulations when adopted or amended, or otherwise interfere with the continuance of any non-conforming use, except as provided in Section 7(3).¹

[Acts 1947, 50th Leg., p. 784, ch. 391, § 6.]

¹ Article 46e-7.

Art. 46e-7. Permits and Variances

(1) Permits. Any airport zoning regulations adopted under this Act may require that a permit be obtained before any new structure or use may be constructed or established and before any existing use or structure may be substantially altered or repaired. In any event, however, all such regulations shall provide that before any non-conforming structure or tree may be replaced, substantially altered or repaired, rebuilt, allowed to grow higher, or replanted, a permit must be secured from the administrative agency authorized to administer

and enforce the regulations, authorizing such replacement, change or repair. No permit shall be granted that would allow the establishment or creation of an airport hazard or permit a non-conforming structure or tree or non-conforming use to be made or become higher or become a greater hazard to air navigation than it was when the applicable regulation was adopted or than it is when the application for a permit is made. Except as provided herein, all applications for permits shall be granted.

(2) Variances. Any person desiring to erect any structure, or increase the height of any structure, or permit the growth of any tree, or otherwise use his property in violation of airport zoning regulations adopted under this Act, may apply to the Board of Adjustment for a variance from the zoning regulations in question. Such variances shall be allowed where a literal application or enforcement of the regulations would result in practical difficulty or unnecessary hardship and the relief granted would not be contrary to the public interest but do substantial justice and be in accordance with the spirit of regulations and this Act; provided, that any variance may be allowed subject to any reasonable conditions that the Board of Adjustment may deem necessary to effectuate the purposes of this Act.

(3) Hazard Marking and Lighting. In granting any permit or variance under this Section, the administrative agency or Board of Adjustment may, if it deems such action advisable to effectuate the purposes of this Act and reasonable in the circumstances, so condition such permit or variance as to require the owner of the structure or tree in question to permit the political subdivision, at its own expense, to install, operate, and maintain thereon such markers and lights as may be necessary to indicate to flyers the presence of an airport hazard.

[Acts 1947, 50th Leg., p. 784, ch. 391, § 7.]

Art. 46e-8. Appeals

(1) Any person aggrieved, or taxpayer affected, by any decision of an administrative agency made in its administration of airport zoning regulations adopted under this Act, or any governing body of a political subdivision, or any joint airport zoning board, which is of the opinion that a decision of such an administrative agency is an improper application of airport zoning regulations of concern to such governing body or board, may appeal to the Board of Adjustment authorized to hear and decide appeals from the decisions of such administrative agency.

(2) All appeals taken under this Section must be taken within a reasonable time, as provided by the rules of the Board, by filing with the agency from which the appeal is taken and with the Board, a notice of appeal specifying the grounds thereof. The agency from which the appeal is taken shall forthwith transmit to the Board all the papers constituting the

record upon which the action appealed from was taken.

(3) An appeal shall stay all proceedings in furtherance of the action appealed from, unless the agency from which the appeal is taken certified to the Board, after the notice of appeal has been filed with it, that by reason of the facts stated in the certificate a stay would, in its opinion, cause imminent peril to life or property. In such cases proceedings shall not be stayed otherwise than by order of the Board on notice to the agency from which the appeal is taken and on due cause shown.

(4) The Board shall fix a reasonable time for the hearing of appeals, give public notice and due notice to the parties in interest, and decide the same within a reasonable time. Upon the hearing any party may appear in person or by agent or by attorney.

(5) The Board may, in conformity with the provisions of this Act, reverse or affirm wholly or partly, or modify, the order, requirement, decision, or determination appealed from and may make such order, requirement, decision, or determination as ought to be made, and to that end shall have all the powers of the administrative agency from which the appeal is taken. [Acts 1947, 50th Leg., p. 784, ch. 391, § 8.]

Art. 46e-9. Administration of Airport Zoning Regulations

All airport zoning regulations adopted under this Act shall provide for the administration and enforcement of such regulations by an administrative agency which may be an agency created by such regulations or any official, board, or other existing agency of the political subdivision adopting the regulations or of one of the political subdivisions which participated in the creation of the joint airport zoning board adopting the regulations, if satisfactory to that political subdivision, but in no case shall administrative agency be or include any member of the Board of Adjustment. The duties of any administrative agency designated pursuant to this Act shall include that of hearing and deciding all permits under Section 7(1),¹ but such agency shall not have or exercise any of the powers herein delegated to the Board of Adjustment.

[Acts 1947, 50th Leg., p. 784, ch. 391, § 9.]

¹ Article 46e-7.

Art. 46e-10. Board of Adjustment

(1) All airport zoning regulations adopted under this Act shall provide for a Board of Adjustment to have and exercise the following powers:

(a) To hear and decide appeals from any order, requirement, decision, or determination made by the administrative agency in the enforcement of the airport zoning regulations as provided in Section 8.¹

(b) To hear and decide any special exceptions to the terms of the airport zoning regulations upon which such Board

may be required to pass under such regulations.

(c) To hear and decide specific variances under Section 7(2).²

(2) Where a zoning board of appeals or adjustment already exists, it may be appointed as the Board of Adjustment. Otherwise, the Board of Adjustment shall consist of five (5) members, each to be appointed for a term of two (2) years and removable for cause by the appointment authority upon written charges and after public hearing. Vacancies shall be filled for the unexpired term of any member whose term becomes vacant.

(3) The concurring vote of four (4) members of the Board shall be necessary to reverse any order, requirement, decision, or determination of the administrative agent, or to decide in favor of the applicant on any matter upon which it is required to pass under the airport zoning regulations, or to effect any variation in such regulations.

(4) The Board shall adopt rules in accordance with the provisions of the ordinance or resolution by which it was created. Meetings of the Board shall be held at the call of the Chairman and at such other times as the Board may determine. The Chairman, or in his absence the acting Chairman, may administer oaths and compel the attendance of witnesses. All hearings of the Board shall be public. The Board shall keep minutes of its proceedings, showing the vote of each member upon each question, or, if absent or failing to vote, indicating such fact, and shall keep records of its examinations and other official actions, all of which shall immediately be filed in the office of the Board and shall be a public record.

[Acts 1947, 50th Leg., p. 784, ch. 391, § 10.]

² Article 46e-7.

Art. 46e-11. Judicial Review

(1) Any person aggrieved, or taxpayer affected, by any decision of a Board of Adjustment, or any governing body of a political subdivision or any joint airport zoning board which is of the opinion that a decision of a Board of Adjustment is illegal, may present to a Court of record a verified petition setting forth that the decision is illegal, in whole or in part, and specifying the grounds of illegality. Such petition shall be presented to the Court within ten (10) days after the decision is filed in the office of the Board.

(2) Upon presentation of such petition the Court may allow a writ of certiorari directed to the Board of Adjustment to review such decision of the Board. The allowance of the writ shall not stay proceedings upon the decision appealed from, but the Court may, on application, on notice to the Board and on due cause shown, grant a restraining order.

(3) The Board of Adjustment shall not be required to return the original papers acted upon by it, but it shall be sufficient to return certified or sworn copies thereof or of such

portions thereof as may be called for by the writ. The return shall concisely set forth such other facts as may be pertinent and material to show the grounds of the decision appealed from and shall be verified.

(4) The Court shall have exclusive jurisdiction to affirm, modify, or set aside the decision brought up for review, in whole or in part, and if need be, to order further proceedings by the Board of Adjustment. In all appeals taken under this Act such case shall be tried and determined de novo on the basis of the facts adduced in the trial of the case in the Court, and the Court independently shall pass upon both the law and the facts as in an ordinary civil suit.

(5) Costs shall not be allowed against the Board of Adjustment unless it appears to the Court that it acted with gross negligence, in bad faith, or with malice, in making the decision appealed from.

(6) In any case in which airport zoning regulations adopted under this Act, although generally reasonable, are held by a Court to interfere with the use or enjoyment of a particular structure or parcel of land to such an extent, or to be so onerous in their application to such a structure or parcel of land, as to constitute a taking or deprivation of that property in violation of the Constitution of this State or the Constitution of the United States, such holding shall not affect the application of such regulations to other structures and parcels of land. [Acts 1947, 50th Leg., p. 784, ch. 391, § 11.]

Art. 46e-12. Enforcement and Remedies

In addition, the political subdivision or agency adopting zoning regulations under this Act may institute in any Court of competent jurisdiction, an action to prevent, restrain, correct or abate any violation of this Act, or of airport zoning regulations adopted under this Act, or of any order or ruling made in connection with their administration or enforcement, and the Court shall adjudge to the plaintiff such relief, by way of injunction (which may be mandatory) or otherwise, as may be proper under all the facts and circumstances of the case, in order fully to effectuate the purposes of this Act and of the regulations adopted and orders and rulings made pursuant thereto.

[Acts 1947, 50th Leg., p. 784, ch. 391, § 12.]

Art. 46e-13. Acquisition of Air Rights

In any case in which:

(1) it is desired to remove, lower, or otherwise terminate a non-conforming structure or use; or

(2) the approach protection necessary cannot, because of constitutional limitations, be provided by airport zoning regulations under this Act; or

(3) it appears advisable that the necessary approach protection be provided by acquisition of property rights rather than by airport zoning regulations, the political

subdivision within which the property or non-conforming use is located or the political subdivision owning the airport or served by it may acquire from any person or political subdivision of this State by purchase, grant, or condemnation in the manner provided by Title 52 of the Revised Civil Statutes of Texas, 1925, Articles 3264 to 3271, inclusive, and Acts amendatory thereof or supplementary thereto, such air right, avigation easement, or other estate or interest in the property or non-conforming structure or use in question as may be necessary to effectuate the purpose of this Act.

[Acts 1947, 50th Leg., p. 784, ch. 391, § 13; Acts 1951, 52nd Leg., p. 17, ch. 12, § 2.]

Art. 46e-14. Severability

If any provision of this Act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect the provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable.

[Acts 1947, 50th Leg., p. 784, ch. 391, § 14.]

Art. 46e-15. Short Title

This Act shall be known and may be cited as the "Airport Zoning Act."

Art. 55b. Repealed by Acts 1933, 43rd Leg., p. 10, ch. 8, § 1

Art. 55c. Financing Programs to Encourage Production, Marketing and Use of Agricultural Commodities; Referendum; Exemptions; Political Activity; Budget Approval

Statement of Policy

Sec. 1. It is declared to be in the interest of the public welfare of the State of Texas that the producers of any agricultural commodity be permitted and encouraged to develop, carry out, and participate in programs of research, disease and insect control, predator control, education, and promotion, designed to encourage the production, marketing, and use of such agricultural commodity. It is the purpose of this Act to provide the authorization and to prescribe the necessary procedures, whereby the producers of any agricultural commodity grown in this state may finance programs to achieve the purposes herein expressed. It is the express intent of the Legislature that such programs may be devised to alleviate any circumstances or conditions which serve to impede the production, marketing, or use of any agricultural commodity.

Definitions

Sec. 2. In this Act, unless the context requires a different definition:

(1) "Agricultural commodity" means any agricultural, horticultural, viticultural, or vegetable product, bees and honey, planting seeds, livestock and livestock product, or poultry and poultry product, produced in this state, either in its natural state or as processed by the producer.

(2) "Commissioner" means the Commissioner of Agriculture of the State of Texas.

(3) "Board" means the commodity producers board for a particular agricultural commodity.

(4) "Processor" means any person within this state who is a purchaser, warehouseman, processor, or other commercial

handler of any agricultural commodity, or any person in this state who processes planting seeds, or any person within this state who is the mortgagee of any agricultural commodity, provided the mortgage did not cover the commodity in its state as a growing crop and provided the mortgage was executed at a time when the commodity was ready for marketing.

(5) "Producer" means any person within this state engaged in the business of producing, or causing to be produced for commercial purposes, any agricultural commodity.

(6) "Person" means any individual, firm, corporation, association, or any other business unit.

Exemptions

Sec. 2A. Rice, flax, broiler-fryers, and cattle are exempt from all provisions of this Act. The original referendum and subsequent biennial board elections may provide exemptions for producers within the boundaries of the assessment district, provided such exemptions are included in full written form on the election ballot and are approved by two-thirds or more of those voting in the election.

Petition for Certification by Producer Organization

Sec. 3. (a) Any non-profit organization, authorized under the laws of the State of Texas, representing the producers of a particular agricultural commodity, may petition the commissioner of agriculture for certification as the duly delegated and authorized organization of such producers, for the purpose of conducting a referendum either on an area or statewide basis, on the proposition of whether or not the producers of such agricultural commodity shall levy an assessment upon themselves to finance programs authorized by this Act.

(b) If the petition proposes a commodity producers board to represent a portion of the state, the petition must describe the boundaries of the area to be included. The petition must also propose either a 6, 9, 12, or 15-member board.

Action by Commissioner; Public Hearing; Certification of Organization

Sec. 4. Within 30 days after receiving the petition filed by the organization, the commissioner shall hold a public hearing to consider the petition. If the commissioner determines on the basis of testimony presented at the public hearing that the petitioning organization is representative of the producers of the particular agricultural commodity, within the boundaries set forth in the petition, and finds that the petition is in conformity with the provisions of this Act and the purposes herein stated, then he shall certify the organization as the duly delegated and authorized organization representative of the producers of such agricultural commodity, within the boundaries set forth in the petition, to conduct among the producers a

referendum and election for the purposes herein stated.

Authority of Certified Organization

Sec. 5. (a) Upon being certified by the commissioner, the organization is fully authorized to hold and conduct on the part of the producers of the agricultural commodity, within the boundaries set forth in the petition, a referendum on the proposition of whether or not such producers shall levy an assessment upon themselves, not to exceed a rate specified on the ballot, for the purposes stated in this Act.

(b) The certified organization is further authorized to hold and conduct, at the same time as the referendum, an election of members to a commodity producers board for the particular commodity, which shall have the responsibility of formulating and administering programs for the purposes stated in this Act.

Notice of Referendum and Election; Distribution of Ballots

Sec. 6. (a) At least 60 days before the date set for the referendum and election, the certified organization shall give public notice, as hereinafter provided, of the date, hours, and polling places for voting in the referendum and election; the estimated amount and basis of the assessment proposed to be collected; and a description of the manner in which the assessment, if authorized, shall be collected and the proceeds administered and utilized.

(b) The above notice shall be given by publication thereof in a newspaper or newspapers published and distributed within the boundaries set forth in the petition, for not less than once a week for three consecutive weeks. In addition, direct written notice shall be given to each county agent in any county within the boundaries set forth in the petition.

(c) The certified organization shall prepare and distribute in advance of the referendum and election all necessary ballots.

Nomination of Candidates

Sec. 7. (a) Following the certification of an organization by the commissioner, and the issuance of notice by the certified organization of the holding of a referendum and election, any producer of the particular agricultural commodity who is qualified to vote at the referendum and election, if he desires to be a candidate for membership on the commodity producers board, shall file with the certified organization an application to have his name printed on the ballot to be used at the referendum and election. The application must be signed by the candidate and by at least 10 producers of such agricultural commodity who are qualified to vote at the referendum and election, and must be filed at least 30 days prior to the date set for the election.

(b) No candidate, unless so nominated, shall have his name placed on the official ballot. However, this does not prevent the writing of the name of any candidate on such ballot by

any qualified voter at the election, and spaces shall be provided on the ballot for such write-in candidates.

Basis of Referendum and Election; Eligibility of Voters; Expenses

Sec. 8. (a) Any referendum and election conducted under the provisions of this Act may be held either on an area or statewide basis, as determined by the certified organization in its petition to the commissioner of agriculture, and if approved by him at the public hearing herein provided for.

(b) All producers of the particular agricultural commodity, within the area defined in the call for the referendum and election, including owners of farms on which such commodity is produced, and their tenants and sharecroppers, are eligible to vote in the referendum and election if such producer would be required under the referendum to pay the assessment proposed.

(c) All expenses incurred in connection with the referendum and election shall be borne by the certified organization, but the organization may be reimbursed for actual and necessary expenses out of funds received and deposited in the treasury of the commodity producers board for such commodity, in the event the assessment is levied and subsequently collected.

Conduct of Election; Ballots; Canvass; Reporting

Sec. 9. The commissioner shall make and publish rules to regulate the form of the ballot, the conduct of the election, the canvass of the returns, and the reporting of the returns to the commissioner. The purpose of the commissioner's rules is to insure efficient and honest elections and efficient canvassing and reporting of the returns. The ballot shall have a space for the voter to certify the volume of his production of the commodity within the area described in the referendum petition during the preceding year or other relevant production period as designated on the ballot. In any contest of the election, if it is determined that on any ballot the voter has overstated his volume of production by more than 10 percent, the ballot shall be declared void and the results adjusted accordingly. Any other error in stating volume of production is not grounds for invalidating the ballot, but the error shall be corrected on the returns and the total results adjusted accordingly.

Findings of Commissioner

Sec. 10. On receiving the report of the returns of an election, the commissioner shall determine:

- (1) the number of votes cast for and against the referendum proposition;
- (2) the total volume of production of the commodity during the last preceding calendar year or relevant production period in the area defined in the petition for certification;

(3) the percentage of the total volume of production which was produced by those voting in favor of the referendum proposition; and

(4) the 6, 9, 12, or 15 candidates, whichever is applicable, receiving the highest number of votes for membership on the commodity producers board.

Result Certified

Sec. 11. If the commissioner finds that two-thirds or more of those voting in the election voted in favor of the referendum proposition, or that those voting in favor of the proposition produced at least 50 percent of the volume of production of the commodity during the last preceding calendar year or relevant production period, he shall publicly certify the establishment of the commodity producers board and issue certificates of election to those elected members of the board as determined under Section 10(4) of this Act. Otherwise, the commissioner shall publicly certify that the referendum proposition was defeated.

Commodity Producers Board Established

Sec. 12. If the commissioner certifies establishment of the commodity producers board, the board is established and it has all the powers and duties prescribed by this Act. The board is an agency of the state for all purposes and is exempt from taxation in the same manner and to the same extent as are other agencies of the state.

Terms of Office; Officers; Subsequent Elections; Vacancies; Quorum; Compensation

Sec. 13. (a) On receiving certificates of election from the commissioner, the members of the commodity producers board shall meet and organize. Members shall be divided into three classes by drawing lots. Those of class one hold office for two years beginning on the date the certificates of election were issued. Those of class two hold office for four years, and those of class three hold office for six years. Each member holds office until his successor is elected and has qualified. Successors hold office for terms of six years.

(b) The board shall elect from its number a chairman, a secretary-treasurer, and such other officers as it may deem necessary. The secretary-treasurer shall execute a corporate surety bond in such amount as may be required by the board. The condition of such bond shall be that he will faithfully account for all money which shall come into his custody. The bond shall be filed with the commissioner.

(c) The commodity producers board shall call and hold elections biennially for the purpose of electing members to the board. The giving of notice and the holding of the election are governed by the applicable provisions of this Act relating to the first election, and, to the extent necessary, by rules of the commissioner.

(d) In the event of a vacancy on the board, the board shall fill the vacancy by appointment for the unexpired term.

(e) A majority of the members of the board constitute a quorum for the transaction of any business; and for any action of the board to be valid, a majority vote of all members present shall be necessary.

(f) Members of the board shall receive no compensation for their services, but shall be entitled to receive all reasonable and necessary expenses incurred in the discharge of their duties.

Powers and Duties of Board

Sec. 14. A commodity producers board for any particular agricultural commodity has the following powers and duties:

(1) to employ necessary personnel, fix the amount and manner of their compensation, and incur other expenses that are necessary and proper to enable the board to effectively carry out the purposes of this Act;

(2) to promulgate and adopt reasonable rules and regulations, not inconsistent with the purposes of this Act;

(3) to keep minutes of its meetings, and other books and records which will clearly reflect all of the acts and transactions of the board, and to keep these records open to examination by any producer participant during normal business hours;

(4) to set the rate of the assessment which shall, however, in no instance exceed the maximum amount established in the election authorizing the assessment or at subsequent elections establishing a maximum rate;

(5) to act jointly and in cooperation with others, or separately, for the purpose of developing, carrying out, and participating in programs of research, disease and insect control, predator control, education, and promotion, designed to encourage the production, marketing, and use of the commodity upon which the assessment is levied; and

(6) to submit to the commissioner, within 30 days after the end of each fiscal year of the board, a report itemizing all income and expenditures and describing the activities of the board during the fiscal year.

Political Activity

Sec. 14A. No funds assessed and collected under this Act shall be expended for use directly or indirectly to promote or oppose the election of any candidate for public office or influence legislation. Any member of any commodity producers board who wilfully spends or assists in spending any money in violation of this section, or who participates in a regular, special, or called meeting or session of the board in which money is authorized or directed to be expended in violation of this section, without causing or attempting to cause his dissent to be entered in the record or minutes of the board, is guilty of a misdemeanor and upon

conviction is punishable by a fine of not less than \$100 nor more than \$1,000.

Collection of Assessment; Refund

Sec. 15. (a) The levying of an assessment which has been authorized by referendum vote shall be made and collected as provided in this section.

(b) The board shall determine the commodity process point at which collection of the assessment shall be made, except that when the producer and processor are the same legal entity the processor shall collect the assessment at the time of processing, also, except that when a producer retains ownership after processing, the processor shall collect the assessment at time of processing and the secretary-treasurer of the board shall notify all such processors at that point of process, by registered or certified mail, that on and after the date specified in the letter, the processor, when making any purchase of the commodity or advancing any funds therefor, shall collect the assessment from the producer by deducting the amount thereof from the purchase price or funds advanced at that process point.

(c) The amount of the assessment collected shall be clearly shown on the sales invoice or other document evidencing the transaction, and a copy of such receipt shall be furnished the producer by the processor.

(d) The processor collecting the assessment shall remit such funds monthly, not later than the 10th day of the month following that in which they were collected, to the secretary-treasurer of the commodity producers board for such commodity, unless otherwise provided in the original referendum which authorized creation of the assessment district.

(e) The secretary-treasurer shall deposit all money received by the board under this Act, including assessments, donations from individuals, concerns, or corporations, and grants from state or other governmental agencies, in a bank selected by the board. The money shall be expended for the purposes specified in this Act.

(f) Any producer who has paid such assessment may, if he desires to do so, obtain a refund of the amount paid, if application for a refund is made within 60 days after the date of payment. Such application shall be in writing on a form designed and furnished for such purpose by the commodity producers board. The application shall be filed with the secretary-treasurer of the board, accompanied by proof of the payment of the assessment, and it is the duty of the secretary-treasurer to promptly pay the refund to the producer not later than the 10th day of the month following the month in which the application and proof of payment is received.

Increase of Assessment

Sec. 15A. The board may at any biennial board election submit a proposition to increase the rate of assessment. If two-thirds or more

of those voting in the election vote in favor of the proposition, or if those voting in favor of the proposition produced at least 50 percent of the volume of production of the commodity during the last preceding calendar year or relevant production period, then the new assessment shall be in force.

Budget Approval

Sec. 15B. The Board of any producer of agricultural commodity shall prepare a budget in advance of the expenditure of any funds which shall be filed with the Commissioner of Agriculture. The Commissioner of Agriculture shall review the budget and shall approve or reject the budget. Once approval of the budget is obtained, then the funds may be expended. All funds are subject to audit by the State Auditor.

Geographic Representation on Board

Sec. 15C. Subject to any rules and regulations that may be prescribed by the commissioner, and subject to the approval of the commissioner in each case, the board may provide for the election of all or part of its members from specified geographical areas, which may be referred to as districts. Any such plan, once adopted, may be modified from time to time with the approval of the commissioner. If a geographical representation plan is adopted, only those persons who reside in a district and are entitled to vote in the election may be candidates for member of the board to represent that district; and only those may vote for candidates to represent the district. Subject to these same provisions, applied to the certified organization, geographic representation may be instituted in the referendum and election to establish a commodity producers board. If geographical representation is adopted, all provisions of this Act remain applicable to the extent they may be made applicable.

Discontinuance of Assessment

Sec. 16. The levy and collection of an assessment which has been authorized by referendum vote as herein provided shall be terminated if a simple majority of the qualified voters voting in a referendum, held upon the petition of 10 percent of the producers participating in the program, shall vote in favor of termination. Such a petition shall be filed with the secretary-treasurer of the board, and it shall be the duty and responsibility of the board to call and hold a referendum for such purpose, after giving notice in the manner provided for the original referendum. A referendum on the discontinuance of the levying and collecting of an assessment shall be held within 90 days of the date of filing of the petition. The referendum shall be held and the results declared in the manner provided for the original referendum, with any necessary exceptions as provided by rule of the commissioner.

Penalty

Sec. 17. A person who violates any provision of this Act is guilty of a misdemeanor and

upon conviction is punishable by a fine of not less than \$50 nor more than \$200, or by imprisonment in the county jail for not less than 10 days nor more than six months, or by both.

Other Remedies

Sec. 17A. (a) The board may investigate conditions that relate to the prompt remittance of the assessment by any producer or processor. When it appears that any person has failed to remit to the board the assessment as required by this Act, the board may independently institute proceedings, or request the Attorney General and/or county or district attorney having jurisdiction to institute proceedings in the board's behalf, in a court of competent jurisdiction in Travis County or in the county in which the violation occurred to recover for the board all money due and owing to the board by virtue of the violation, and for injunctive and other relief as appropriate.

(b) A violation of this Act is grounds for suspension or revocation of any license or permit issued by the commissioner according to the same procedures otherwise provided for suspension or revocation.

(c) The remedies provided by this section are cumulative of other remedies provided by this Act or other law.

Adding New Territory

Sec. 17B. (a) Producers of an agricultural commodity in an area not within the jurisdiction of a commodity producers board for that commodity may petition for the conduct of a referendum within the area specified in the petition on the issue of whether or not the area shall be included within the jurisdiction of the board. The petition must be submitted to the commissioner at least 105 days before the date of the biennial election of members of the board.

(b) If the commissioner determines that in the area described in the petition there exists among the producers of the commodity an interest in becoming subject to the jurisdiction of the board that is substantial enough to justify a referendum, he may transmit the petition to the board with an order authorizing the board in its discretion to conduct the referendum at its own expense. The petition and order must be transmitted at least 75 days before the date of the biennial election of members of the board.

(c) The board shall give public notice, as hereinafter provided, of the date of the election, which shall be the date of the biennial election of members of the board; the amount and basis of the assessment collected by the board; a description of the manner in which the assessment is collected and the proceeds administered and utilized; and any other proposition the board proposes to include on the ballot as authorized or required by this Act. The notice shall be given by publication thereof in a newspaper or newspapers published and distributed, or having general circulation,

within the boundaries set forth in the petition, for not less than once a week for three consecutive weeks beginning at least 60 days before the date of the regular biennial election. In addition, direct written notice shall be given to each county agent in any county within the boundaries set forth in the petition, at least 60 days before the date of the regular biennial election.

(d) At any time after the first publication of the notice, any producer of the agricultural commodity in the area set forth in the petition who is qualified to vote at the referendum, if he desires to be a candidate for membership on the board, shall file with the board an application to have his name printed on the ballot to be used at the election. The application must be signed by the candidate and by at least 10 producers of the commodity in that area who are qualified to vote at the election, and must be filed at least 30 days prior to the date of the election. If a geographical representation plan is in effect, this subsection applies only to candidacy for at-large positions and only if the board has one or more at-large positions.

(e) A person is qualified to vote in the referendum if he is, or for at least one production period during the three years preceding the referendum has been, a producer of the particular agricultural commodity within the area described in the petition, the owner of a farm on which the commodity is produced, or his tenant or sharecropper.

(f) The conduct of the election in the area set forth in the petition shall be as prescribed by Section 9 of this Act and by rules promulgated under that section. In addition to the referendum proposition of whether or not the proposed area shall be added to the jurisdiction of the board, the voters qualified to vote in the election are entitled to vote for candidates for membership on the board, but only candidates for at-large positions if a geographical representation plan is in effect, and on any other proposition printed on the ballot for the regular biennial election of the board. The ballots cast in the area set forth in the petition shall be canvassed and the returns reported separately. As to these returns, the board shall perform the functions described by Sections 10 and 11 of this Act with respect to the original election, which govern to the extent applicable, except that the board shall certify whether the referendum proposition was carried or defeated in the area set forth in the petition.

(g) If the referendum proposition was defeated, then the ballots cast in the area set forth in the petition shall not be counted for any other purpose. If the proposition was carried, the returns shall be included in determining the election of directors and any other proposition included on the ballot; and the area set forth in the petition becomes subject to the jurisdiction of the board on the day following the date the result is certified.

Purpose

Sec. 2. It is declared to be the policy of the State of Texas to foster, encourage, and assist agricultural producers and handlers in preventing or correcting adverse market conditions, preventing economic waste and developing more efficient and equitable methods of marketing agricultural commodities, expanding markets for agricultural products grown in this state, and to insure to the consumers of agricultural commodities in this state the availability of high-quality products marketed to meet the needs of the consuming public.

Definitions

Sec. 3. In this Act:

(1) "Agricultural commodity" means any fruit or vegetable, either in its natural state or in processed form, produced in this state for commercial purposes. Agricultural commodity does not include cotton or any byproduct of cotton.

(2) "Commissioner" means the Commissioner of Agriculture of the State of Texas.

(3) "Person" means any individual, corporation, association, partnership, or other business unit, except a cooperative marketing association.

(4) "Producer" means any person engaged in the business of growing, cultivating, or raising, or causing to be grown, cultivated, or raised, any agricultural commodity.

(5) "Handler" means any person engaged in the business of distributing an

agricultural commodity in intrastate commerce, including a commission merchant and a wholesaler, or any person engaged in the business of processing, receiving, grading, packing, canning, preserving, grinding, crushing, or changing the form of an agricultural commodity for the purpose of marketing it in intrastate commerce. A handler does not include, however, any person engaged in manufacturing from an agricultural commodity, so changed in form, another and different product.

(6) "Marketing order" means an order issued by the commissioner, under the requirements of this Act, which prescribes rules and regulations governing the distributing, handling, or processing in any manner of an agricultural commodity within this state during a specified period.

(7) "Marketing program" means the administration of the terms of a marketing order under procedures authorized by this Act.

(8) "Marketing committee" means an administrative body organized as specified in a marketing order or as otherwise authorized by this Act to administer a marketing program in conjunction with the state department of agriculture.

(9) "Directly affected" means regulated under the terms of a marketing order adopted under the provisions of this Act.

(10) "Lot" means a unit into which items, similar or identical in nature and produced by one person, are grouped or consolidated, whether in one or more containers or parcels, for packaging or transporting; or a cluster of items, similar or identical in nature and produced by one person, which are included in the same shipping order, bill of lading, order of consignment, or other itemized transport order.

Exceptions

Sec. 4. This Act does not apply to:

(1) any order, rule, or regulation issued by the Public Utilities Commission or the Interstate Commerce Commission with respect to the operation of common carriers;

(2) any retailer of an agricultural commodity, except to the extent that the retailer also is a producer or handler of an agricultural commodity; or

(3) (A) any person that makes only casual sales of an agricultural commodity; or

(B) any person whose sales or marketings of an agricultural commodity are incidental to urban home ownership or are the result of activity other than a commercial farm or business venture.

Lists of Producers and Handlers

Sec. 5. The commissioner shall compile lists of producers and handlers of agricultural

commodities. The lists must include the names and addresses of producers and handlers and the volume of each agricultural commodity that each listed person produced or handled in the last preceding marketing season. In compiling the lists, the commissioner shall receive any requested assistance from trade associations, cooperative marketing associations, and handlers. A producer or handler omitted from any of the lists may petition the commissioner to be included on a list at any time. On receipt of substantiation that the petitioner is a producer of an agricultural commodity and that the reported volume figures are correct, the commissioner shall add the petitioner's submitted data to the lists. Information as to the volume of agricultural commodities produced or handled by a single person is confidential and may be used only in the administration of this Act by the commissioner, his agents, a marketing committee, or any other person named in a court order. Lists of names and addresses of producers and handlers are public records and shall be made available for public inspection in the commissioner's office during normal working hours. The omission of any producer or handler from a list established by this section is not a ground for voiding, altering, or delaying the execution of any marketing order promulgated under the provisions of this Act.

Petition for Marketing Order

Sec. 6. (a) On the filing with the commissioner of a petition for the institution of a marketing order or for the amendment of a marketing order, the commissioner shall give notice of a public hearing on the proposed marketing order, if the petition satisfies the requirements of this section.

(b) The petition must be signed by at least:

(1) 25 percent of the producers listed by the commissioner as producers of the agricultural commodity; and

(2) 25 percent of the handlers listed by the commissioner as handlers of the agricultural commodity.

(c) A petition is not sufficient to initiate any action by the commissioner unless:

(1) those producers who have signed the petition constitute a group which in the aggregate produced at least 25 percent of the total state production of the agricultural commodity during the last preceding marketing season; and

(2) those handlers who have signed the petition constitute a group which in the aggregate handled at least 25 percent of the total state production of the agricultural commodity handled during the last preceding marketing season.

(d) The petition must contain or be accompanied by the following:

(1) the name of the agricultural commodity involved and a description of the

proposed territory to be included in the provisions of the order;

(2) a general statement of facts which sets forth the necessity for the order or amendment; and

(3) a draft of a proposed new marketing order or proposed amended marketing order, or a statement of the principal features to be included in the marketing program as proposed or amended.

Notice of Public Hearing

Sec. 7. (a) The commissioner shall give notice of a public hearing, as required by Section 6 of this Act, by publishing the notice in a newspaper of general circulation in the capital of the state, and in at least one other newspaper of general circulation elsewhere in the state, for a period of five consecutive days. The commissioner shall also mail a copy of the notice of hearing and a statement of the proposed order or amendments, or the principal features of the proposed order or amendments, to each listed producer or handler of the agricultural commodity who would be directly affected. The notice shall be first published and mailed no later than 10 days before the date of the hearing.

(b) The notice of hearing shall set forth all of the following:

(1) the date and place of the hearing, to be determined as stated in the petition, unless the date conflicts with the requirements of Subsection (a) of this section, in which case the commissioner shall set the date for the hearing;

(2) the agricultural commodity and the territory to be affected; and

(3) a statement that the commissioner will receive at the hearing, in addition to testimony concerning the appropriateness of proposed provisions of the order, testimony and evidence concerning the accuracy of the commissioner's lists of producers and handlers.

Public Hearing

Sec. 8. (a) At a public hearing on a proposed new marketing order or amendments to an existing order, all testimony shall be received under oath. A record of the proceedings at the hearing shall be made and maintained on file in the office of the commissioner.

(b) The commissioner shall receive at a hearing, in addition to other necessary and relevant matters, evidence concerning the following:

(1) the accuracy of the commissioner's lists of producers and handlers;

(2) evidence concerning the appropriateness of proposed provisions or features of a new or amended marketing order and program; and

(3) evidence concerning the method of voting by producers and handlers on any

proposed order if adopted by persons attending the hearing.

(c) The commissioner may determine the validity of any challenges to the accuracy of the commissioner's lists of producers and handlers. The decision is subject to subsequent review by a court of competent jurisdiction. Persons attending the hearing may determine, by a majority vote of those present, what provisions, if any, of a proposed order shall be submitted to a vote of the producers and handlers of the agricultural commodity involved that would be directly affected by the order. These provisions, however, are subject to approval or rejection, but not modification, by the commissioner. If the commissioner approves the proposals for submission to a vote of the producers and handlers directly affected, he shall make a finding that the proposed marketing order is consistent with the protection of the health, safety, and general welfare of the people of this state. Persons attending the meeting also shall choose, from the alternative methods authorized in Section 9 of this Act, the method of submitting any proposed order to a vote of the producers and handlers involved. No proposed marketing order may be submitted to a vote of producers and handlers for approval or rejection until the commissioner certifies that the costs of administering the program, including the costs incurred for the labor to be employed from the department of agriculture, are met by the proposed assessments, or proposed maximum rate of assessments, in the marketing order, levied against producers or handlers of the agricultural commodity.

Methods of Voting on Marketing Order

Sec. 9. (a) The method by which a proposed marketing order shall be submitted to a vote of the producers and handlers of the agricultural commodity involved in the territory included in the proposed order may be one of the following:

(1) voting by the filing of written assents to the order as proposed; or

(2) voting by referendum on the order as proposed.

(b) On the adoption of a method of voting on the proposed marketing order, the commissioner shall prepare a notice of election and shall send a copy of the notice and a proper ballot form to each producer and handler whose name and address appear on the commissioner's lists of producers and handlers and who would be directly affected by the institution of the marketing order and program. The commissioner shall conduct the election in the manner chosen at the hearing and shall certify the accuracy of the results. Each person who is a producer and would be directly affected by the proposed marketing order is entitled to one vote; and each person who is a handler and would be directly affected by the proposed marketing order is entitled to one vote. No person is entitled to more than two votes.

(c) A proposed new or amended marketing order is adopted at the election if:

(1) when the election is conducted by the filing of written assents:

(A) a majority of the producers entitled to vote in the election assent;

(B) a majority of the handlers entitled to vote in the election assent;

(C) the producers assenting to the order, as a group, produced 65 percent or more of the total production of the agricultural commodity affected during the latest marketing season; and

(D) the handlers assenting to the order, as a group, handled 65 percent or more of the total production of the agricultural commodity affected and handled during the latest marketing season; or

(2) when the election is conducted by a referendum:

(A) 40 percent or more of the producers entitled to vote in the election cast ballots;

(B) 40 percent or more of the handlers entitled to vote in the election cast ballots;

(C) a majority of the producers and a majority of the handlers voting in the election approve of the order;

(D) the producers voting in the election in favor of the order, as a group, produced 65 percent or more of the total production of the agricultural commodity affected produced during the latest marketing season by all producers voting in the election; and

(E) the handlers voting in the election in favor of the order, as a group, handled 65 percent or more of the total volume of the agricultural commodity affected and handled during the latest marketing season by all handlers voting in the election.

Contents of Notice of Election

Sec. 10. The notice of election required by Section 9 of this Act must contain, or be accompanied by:

(1) the text of the proposed marketing order;

(2) a statement of the method of voting employed and the requirements for approval of the order at the election;

(3) the address of the department of agriculture where ballots shall be received; and

(4) a statement of the date by which ballots must be received for counting by the commissioner, or mailed and post-marked for receipt, which date may not be less than 21 days nor more than 60 days from the date the ballots are sent.

Notice of Results of Election

Sec. 11. Notice of the results of any election on a proposed marketing order authorized by this Act shall be published by the commissioner, after he certifies the results, in a newspaper of general circulation in the capital of the state, and in at least one other newspaper of general circulation elsewhere in the state, for a period of five consecutive days, and a copy of the notice of election results shall be maintained and made available for public inspection during normal working hours in the office of the commissioner. The commissioner or his agents may not disclose information concerning the manner in which any certain person voted, except to the person himself or his attorney, or to any other person as directed by a court order.

Effective Dates of Marketing Order

Sec. 12. A marketing order approved by election as required by this Act takes effect 15 days after the last day of publication by the commissioner of the notice of election results, or on a date thereafter specified in the marketing order. A marketing order shall be in operation for five years from the effective date, unless a shorter period is provided in the order or unless the order is formally terminated.

Provisions of Marketing Order

Sec. 13. (a) A marketing order adopted under the provisions of this Act may contain provisions concerning the following:

(1) A marketing order may provide for limiting the total quantity of any agricultural commodity, or of any grade, size, or quality of it, which may be marketed by producers, or processed, distributed, or otherwise handled within this state by any producer or handler engaged in marketing, processing, distributing, or handling.

(2) A marketing order may provide for allotting the quantity of any agricultural commodity, or of any grade, size, or quality of it, which each handler may purchase or acquire from, or handle on behalf of, any producer of the commodity within this state, applicable to all handlers so regulated based on the amounts produced or sold by producers in a marketing period (either the last preceding marketing season or another period which the commissioner finds to be representative) to the end that the total quantity of the agricultural commodity, or of any grade, size, or quality of it, which is purchased or handled within this state is apportioned equitably among the producers of the commodity.

(3) A marketing order may provide for determining the existence and extent of the surplus of any agricultural commodity, or of any grade, size, or quality of it, and providing for the control and disposition of a surplus, and for equalizing the burden of the surplus elimination or control, and equalizing any proceeds from the elimina-

tion or control, among the producers, processors, distributors, or other handlers affected.

(4) A marketing order may provide for allotting the quantity of any agricultural commodity, or any grade, size, or quality of it, which each handler may process, distribute, or handle within this state, under a rule applicable to all handlers so regulated, based on the quantities of such commodity, or of any grade, size, or quality of it, of the current season's crop which each such handler has available for processing, distribution, or handling, or based on the quantities of the commodity, or of any grade, size, or quality of it, which was processed, distributed, or handled by each handler in a prior period which the commissioner finds to be representative, to the end that the total quantity of the commodity, or of any grade, size, or quality of it, processed, distributed, or handled within this state is equitably apportioned among all such handlers of the commodity.

(5) A marketing order may provide for establishing, with respect to any agricultural commodity, as delivered by producers to handlers of any kind or as handled or otherwise prepared for market or as marketed by producers or handlers, both of the following:

(A) grading standards of quality, condition, size, maturity, or pack, which standards may include minimum standards not below any minimum standards otherwise prescribed by law for the commodity; and

(B) uniform and grading of the agricultural commodity in accordance with the standards which are established.

(b) A marketing order adopted under the provisions of this Act shall contain provisions concerning the following:

(1) A marketing order shall provide that the provisions of the order be applied under a uniform rule applicable to all persons of a like class.

(2) A marketing order shall define the territory to be included within the terms of the order and program. The territory may be the entire state or a designated portion described by county boundaries.

(3) A marketing order shall determine the assessment, or the maximum rate of any assessment, which may be collected for the administration of the order and marketing program.

(c) A marketing order adopted under the provisions of this Act may specifically delegate the authority for instituting any of the provisions permitted by Subsection (a) of this section to a marketing committee set up to act with the department of agriculture in administering the marketing program.

Disposition of Surplus Commodities

Sec. 14. (a) A marketing order which contains provisions for disposing of the surplus of the agricultural commodity, or of any grade, size, or quality of it, or which delegates to a marketing committee the power to initiate a disposal program, shall further provide that the disposal of surplus be accomplished by one or both of the following methods:

(1) Provision may be made for the creation of a stabilization fund to be used for purchasing or otherwise acquiring any portion of the surplus of any agricultural commodity either in fresh or processed form, except when processed in airtight containers, and for the diversion of the surplus quantity of the commodity which is so acquired into noncompetitive uses or for disposing of such surplus in noncommercial channels. Money for the stabilization fund shall be provided by means of the establishment of an assessment rate for such purpose levied on both producers and handlers. The assessment rate shall be based on the units in which such commodity is handled or marketed or on any other uniform basis which the commissioner determines to be reasonable and equitable. For convenience of collection, the commissioner may collect any producer assessments from handlers of such commodity. Handlers paying such assessments for, and on behalf of, any producers may deduct producer assessments from any money which is owed by the handlers to the producers.

(2) Provision may be made for the establishment of byproduct pools for any agricultural commodity, or of any grade, size, quality, or condition of it, and providing for the sale of the commodity in any pool and for the equitable distribution among the persons that are participating in the pool of the net returns which are derived from the sale of the commodity. If the marketing order authorizes the establishment of a pool, the marketing committee may receive the commodity from each producer or handler and handle it according to the grade, size, quality, or condition of the commodity and account to each producer or handler participating in the pool on a pro rata basis for the net proceeds derived from the sale of the commodity. The contents of any surplus pool shall not be marketed by the marketing committee in any form which would compete directly with that portion of the commodity which is marketed in regular channels of trade. However, any portion of a surplus pool may be transferred by the marketing committee on any gratuitous basis to charitable organizations and other similar agencies under proper safeguards to insure that none of the commodity shall compete directly with the unrestricted portion of the commodity.

The marketing committee may dispose of the contents of a byproduct pool in the regular marketing channels in such manner and at such times as it deems advisable, consistent with the maintenance of stabilized marketing conditions for the commodity.

(b) If the marketing order authorizes the establishment of a stabilization fund or byproduct pool, the marketing committee may do any of the following:

(1) Arrange for and operate facilities necessary for the storing, financing, grading, packing, servicing, processing, preparing for market, selling, and disposing of the contents of any pools which are provided for in this section. The committee may not, however, engage in commercial warehousing.

(2) Pledge all of the commodity in any pool with banks or other lending agencies for the purpose of obtaining loans on it. The committee shall have title, for the purpose of financing and handling, to all of the commodity in any pool.

(3) Create, by a uniform assessment on producers, or by some other uniform and equitable method maintain, and disburse an equalization fund to be used for:

(A) the removal of any inequalities between producers or handlers that are participating in any pool which result from errors in estimating production or surplus;

(B) indemnifying producers whose production, in whole or in part, is diverted from normal marketing outlets or diverted to byproducts;

(C) relief; or

(D) other noncompetitive purposes under the provisions of the marketing order.

Marketing Committee

Sec. 15. (a) In conjunction with the implementation of a marketing order and program, the commissioner shall appoint a marketing committee to assist the state department of agriculture in administering the marketing program. The membership of the committee shall consist of producers and handlers of the commodity involved in the territory regulated by the marketing order. A marketing order may provide for the appointment of members from nominations made by the producers and handlers and may prescribe the method of nomination. Members shall serve at the pleasure of the commissioner.

(b) A member of a marketing committee may not receive a salary for the position but is entitled to actual expenses incurred in the performance of his duties as authorized by this Act.

(c) The marketing committee is under the control of the commissioner, who may prescribe its duties in the administration of the program. The marketing committee has such

other powers as may be prescribed as authorized by this Act in the marketing order. Duties may include gathering of information necessary to the administration of the program, assisting in the collection of assessments from producers and handlers, and receiving and reporting complaints of violations of the marketing order.

(d) The commissioner may authorize a marketing committee to employ necessary personnel, including attorneys engaged in the private practice of the law, and fix their compensation and terms of employment, and to incur expenses, to be paid by the commissioner from money collected as provided by this Act, as the commissioner deems necessary and proper to enable the committee to perform its duties authorized by this Act.

(e) The members and employees of a marketing committee are not responsible individually in any way to any person for any act performed in the course of their duties that was legally authorized by the committee.

Assessments and Funds

Sec. 16. (a) Each marketing order issued under this Act shall provide for the levying and collection of assessments in sufficient amounts to defray the necessary expenses incurred by the commissioner in the formulation, issuance, administration, and enforcement of the marketing order.

(b) Each marketing order shall indicate the assessment, or the maximum rate of assessment, which may be collected. The amount of the assessment for necessary expenses may not, however, exceed the following:

(1) in the case of producers, 2½ percent of the gross dollar volume of sales of the agricultural commodity which is affected by all producers regulated by the marketing order; or

(2) in the case of handlers, 2½ percent of the gross dollar volume of purchases of the agricultural commodity which is affected by the marketing order from producers or of the gross dollar volume of sales of the agricultural commodity which is affected by the marketing order and handled by all handlers regulated by the marketing order during the marketing season during which the order is effective.

(c) The marketing committee shall recommend to the commissioner, from time to time, budgets to cover necessary expenses, and the assessment rates which are necessary to provide sufficient funds, not exceeding the assessment rate in the marketing order and not exceeding the maximum rate prescribed in Subsection (b) of this section. If the commissioner finds that the budget and assessment rates are proper and equitable and will provide sufficient funds to defray the expenses which may be incurred, he may approve the budget and assessment rate and order each producer and handler so assessed to pay to the commis-

sioner, at the rates and in the installments as the commissioner may prescribe, an assessment based on the units in which the agricultural commodity is marketed, or on any other uniform basis which the commissioner determines to be reasonable and equitable.

(d) Any assessment levied as provided in this section, in a specified amount as may be determined or approved by the commissioner under this section, is a personal debt of each person assessed. If any person assessed fails to pay the assessment on the due date for assessments which is determined by the commissioner, the commissioner may file a complaint against the person in the court of competent jurisdiction for the collection of the assessment. If any person duly assessed under the provisions of this section fails to pay to the commissioner the amount assessed on or before the date specified by the commissioner, the commissioner may add to the unpaid assessment an amount not exceeding 10 percent of the unpaid assessment to defray the cost of enforcing the collection of the unpaid assessment.

(e) The commissioner may require persons that are assessed under the provisions of this section to deposit with him in advance an amount for necessary expenses. The amount of any advance deposit shall be based on the estimated number of units to be marketed or handled by the person assessed, or on any other uniform basis which the commissioner determines is reasonable and equitable. The basis shall be applicable during the marketing season during which the marketing order is effective. At any time after the deposit funds credited to the administrative account of the marketing order are sufficient to so warrant, or at the close of the marketing season, the sums deposited by any person shall be adjusted to the amount which is properly chargeable against the person under the assessment which was authorized.

(f) For the convenience of making collections of any producer assessments established under this section, the commissioner may collect such assessments from the handlers of the commodity which is being regulated. Any handler that pays any of these assessments for and on behalf of any producer may deduct the producer assessments from any money owed by the handler to the producer.

(g) Any money collected by the commissioner under this section shall be deposited in a special fund created for marketing programs in the state treasury and shall be disbursed by the commissioner only for the necessary expenses incurred by the marketing committee which are approved by the commissioner with respect to each marketing order. The legislature may appropriate all of the funds credited to the special fund during any period, not exceeding two years, for the purpose of carrying out the provisions of this Act, including the making of refunds. The commissioner may, at the close of each fiscal period which is used by

the marketing committee for budgetary purposes, refund any money which remains in the fund allocable to any particular agricultural commodity which is affected by a marketing order or, on recommendation of the marketing committee with approval of the commissioner, all or a portion of the money may be carried over into the next succeeding fiscal period if the commissioner finds that such money is required to defray subsequent expenses under the marketing order. Any refund made under this section shall be made on a pro rata basis to persons whom, or on whose behalf, the assessments being refunded were collected. On termination of a marketing order, any remaining balances not required by the commissioner to defray expenses of the marketing order shall be returned by the commissioner on a pro rata basis to all persons from whom, or on whose behalf, such assessments were collected unless the commissioner finds that the amounts so returnable are so small as to make impractical the computation and remitting of the pro rata fund to such persons. In that event, after all expenses are deducted, the commissioner shall certify to the state treasurer that the funds are released from the special fund, and the funds shall go into the general revenue fund in the state treasury.

Deposits by Applicants for Marketing Order

Sec. 17. Prior to the issuance of any marketing order under this Act, the commissioner may require the petitioners for the issuance of the marketing order to deposit with him an amount he deems necessary to defray the expenses of preparing, adopting, and making effective the marketing order. The funds shall be received, deposited, and disbursed by the commissioner in accordance with the provisions of Section 16 of this Act.

Rules and Regulations

Sec. 18. The commissioner may make rules and regulations to provide uniform methods and procedures to facilitate the administration and enforcement of marketing orders and marketing programs. The uniform methods and procedures may include, but are not limited to, the following:

- (1) methods and procedures which pertain to the receiving, depositing, and expenditure of moneys which are received from assessments collected under this Act;
- (2) the preparation, handling, and payment of claim schedules for the payment of bills, salaries, and other obligations;
- (3) establishing the maximum rates to be allowed for travel expenses of marketing committee members and employees; and
- (4) the preparation, verification, and filing of evidence which relates to violations of marketing orders, and marketing rules which are authorized under this Act and other fiscal and administrative activi-

ties which the commissioner finds are necessary to obtain reasonable uniformity, efficiency, and economy in the administration and enforcement of marketing orders and marketing programs.

Amendments

Sec. 19. In making effective an amendment to a marketing order, the commissioner and the petitioner for an amendment shall follow the same procedures which are prescribed by this Act for the institution of a marketing order. The terms of provisions which are permitted by Section 13 of this Act to be decided by marketing committees and which are delegated to a marketing committee in a marketing order, however, may be altered by the marketing committee involved without reference to the procedures prescribed in this Act for the institution of a marketing order.

Termination

Sec. 20. (a) A marketing order may terminate in any of the following ways:

- (1) automatically on a date specified in the marketing order, which date is not more than five years after the effective date of the marketing order;
- (2) automatically at the end of five years from the effective date of the order, except as provided by Section 21 of this Act; or
- (3) by vote at an election on a proposed termination.

(b) On the filing with the commissioner of a petition for the termination of a marketing order, signed by not less than 35 percent of the producers and 35 percent of the handlers of the agricultural commodity, the percentage computed separately by number of producers or handlers and by volume of the product produced or volume handled in the last preceding market season, the commissioner shall give notice of a public hearing on the proposed termination of the marketing order. Notice of hearing shall be given as provided in this Act for the giving of notice of hearing on a new or amended marketing order. The public hearing shall be conducted as provided in this Act for the conducting of public hearings on new or amended marketing orders.

(c) If the persons attending the public hearing on the proposed termination of a marketing order approve termination, the commissioner shall submit the issue of termination to a vote of the producers and handlers of the agricultural commodity that are directly affected, in accordance with the applicable provisions of this Act establishing procedures and requirements for conducting elections on the issues of institution or amendment of a marketing order, except that the vote requirement for termination shall be a majority vote of the producers and a majority vote of the handlers approving termination, computed separately for each by number of votes and volume of the affected ag-

ricultural commodity produced and handled, the percentage based either on the total number of producers or handlers that are directly affected and are on the commissioner's lists, if voting by filing written assents is chosen at the public hearing, or based on the number of producers and number of handlers that are directly affected and vote, if voting by referendum is chosen at the public hearing.

(d) Notice of the results of an election on termination shall be published by the commissioner as provided in this Act for publication of results concerning a new or amended marketing order, and the effective date of termination shall be 15 days after the last day of publication.

Reapproval

Sec. 21. During the last year a marketing order is in effect according to its terms or as provided by this Act, the commissioner shall on his own initiative give notice of a public hearing on the issue of reapproval of the marketing order. The notice of hearing and conducting of hearing shall be held under the provisions of this Act for the notice of hearing and conducting of a public hearing on a new or amended marketing order. If the participants at a public hearing approve, the issue of reapproval of the marketing order shall be submitted by the commissioner to a vote of the producers and handlers affected, the election to be held under the provisions of this Act for the vote on a proposed new or amended marketing order, except that if the marketing order is reapproved at the election, it shall continue in operation for a period identical in duration to the existing term of the marketing order. The new term of the marketing order shall begin on the expiration of the existing term of the marketing order. A marketing order reapproved may be terminated, under the provisions of Section 20 of this Act, as are marketing orders which have not been reapproved at an election held for that purpose.

Records

Sec. 22. (a) The commissioner may require that all handlers subject to the provisions of any marketing order issued under the provisions of this Act maintain books and records which reflect their operations under the marketing order. On receipt of a complaint of a violation of a marketing order, received from an applicable marketing committee or a private person, the commissioner may request a magistrate to issue an order allowing the commissioner access to all or a portion of the books and records of a named handler which reflect the operations of the handler under the marketing order. If the magistrate finds that there is reason to believe that a violation has occurred, he shall issue the order, and the commissioner, or his agents, may require that the handler furnish him with the designated books or records. If the handler served with an order of the magistrate and a demand by the commissioner fails to produce the requested

books and records, he may be required by the commissioner to present testimony under oath before the commissioner concerning his operations under the marketing order, and is subject to remedies available to the court to enforce its orders.

(b) Information which is obtained under this section is confidential and may not be disclosed to any other person except a person with a like right to obtain the information, or any attorney employed to give legal advice concerning it, or other person named in a court order.

Inspection

Sec. 23. (a) This section applies to a lot of an agricultural commodity regulated by a marketing order wherever, or in whose possession, the lot may be in the marketing channels within this state.

(b) Any authorized inspector, who is discharging his duties in the checking of compliance with the provisions of any marketing order made effective under this Act, may request a magistrate to issue an administrative inspection permit, after receipt by either the commissioner or the inspector of a complaint of a violation of a marketing order, alleging a violation of the order or of its enforcement regulations as to quality, condition, size, maturity, or pack. If the magistrate finds that there is reason to believe that a violation has occurred, he shall issue an administrative inspection permit to allow the inspector access to specified commodities in specified locations. On inspection, the inspector may hold a lot for a reasonable period of time sufficient to enable the officer to ascertain by an authorized inspection whether the lot complies with the marketing requirements, but in any event not to exceed 24 hours in the case of perishables or 72 hours in the case of nonperishables.

(c) Following inspection, the inspector or other authorized person may affix to any lot which is determined to be in noncompliance, an official notice, warning tag, or other appropriate marking which warns that the lot is held and states the reasons why it is held. It is unlawful for any person, except an authorized inspector or enforcing officer, to detach, alter, deface, or destroy any official notice, warning tag, or marking affixed to any such lot, or to remove or dispose of the lot in any manner or under conditions other than as prescribed in the notice of noncompliance except on written permission of an authorized enforcing officer or by order of a court of competent jurisdiction.

(d) The commissioner, or the authorized person by whom a lot is being held, shall serve the person in possession of the lot with a notice of noncompliance. The notice shall be served in person or by mail to the last known address of the person that is in possession. The person in possession shall notify the owner of the lot, or every other person that has an interest in it, of the serving of such notice of noncompliance.

(e) The notice of noncompliance must include:

- (1) a description of the lot;
- (2) the place where, and the reasons for which, the lot is held; and
- (3) a citation of the applicable marketing order or marketing regulation, or rule and regulation, and any section of it on which the notice of noncompliance is based.

If the lot is reconditioned or the deficiencies are corrected the enforcing officer shall remove the warning tags or markings and release the lot for marketing or may, with the consent of the owner of the lot, divert the lot to other lawful uses or destroy it.

The owner of the lot may, prior to the date when the order to show cause is returnable, either recondition or correct the deficiencies in the lot so as to bring it into compliance, or may file at or before the hearing on the order an answer with the court stating why the lot should not be reconditioned or the deficiencies corrected so as to bring it into compliance,

or showing why it should not be diverted to other lawful uses or destroyed.

If it appears to the court on any application for a temporary restraining order, or on the hearing of any order to show cause why a preliminary injunction should not be is-

(e) Providing that any seed for planting purposes shipped into Texas without first complying with the provisions of the law and regulations promulgated hereunder, be considered restricted material, and may be returned to the shipper at his expense. Said shipper shall be granted ten (10) days from date of notice to remove such seed from the State of Texas. Upon his refusal or failure to do so, the confiscation of such seed by the Commissioner

of Agriculture or his agents is hereby authorized and without recourse on the State of Texas.

(f) Providing that all planting seed shipped into Texas and bearing the label denoting Registered or Certified Seed shall have been produced under standards equal to the existing standards in Texas for such Class of seed. Art. 68. Declared a Nuisance

The *Pectinophora Gossypiella*, Saunders, known as the pink bollworm, is hereby declared a public nuisance and a menace to the cotton industry, and its eradication is a public necessity.

[Acts 1925, S.B. 84.]

Art. 69. Definitions

In this Chapter,

(1) "pink bollworm" shall mean the insect in its various stages of development, including the egg, larval, pupal, and adult stages.

(2) "cotton" or "cotton products" shall mean cotton in the seed, ginned lint cotton, cottonseed, cotton hulls, cotton in the bolls, cotton stalk, any and all character of cotton products (except oil and meal), and

all other host plants to the pink bollworm, including okra and okra stalks.

[Acts 1925, S.B. 84; Acts 1957, 55th Leg., p. 1291, ch. 431, § 1.]

Art. 70. Policy and Methods

It is hereby declared the policy of the State in endeavoring to control and eradicate the pink bollworm to employ all such methods as scientific research demonstrates to be successful and as may be sanctioned by constitutional warrant, including inspection of cotton plants in the fields, or of cotton products wherever stored; the quarantine and fumigation of cotton and cotton products found to be contaminated; supervision of the growing of cotton in areas known to be contaminated; destruction of infested fields of cotton, or cotton products; and the prevention of planting of cotton in areas where infestation has been found.

[Acts 1925, S.B. 84.]

Art. 71. Investigation and Recommendation

If the Commissioner of Agriculture determines, through his co-operation with the Secretary of Agriculture of the United States, that the pink bollworm exists outside of Texas but adjacent to the Texas border, he shall certify that fact to the Governor, who shall thereupon cause the convening of the Pink Bollworm Commission appointed as hereinafter provided for, which commission shall give notice of, and hold a hearing in the manner hereinafter provided at some central and easily accessible point in the county or counties in this State along the boundary adjacent to such infestation, and investigate into the danger to the cotton industry of Texas from such infestation adjacent to the Texas border and make such recommendation to the Governor as they deem sufficient to the protection of the cotton industry of the State. Should this report express the conclusion that it is dangerous to the cotton industry of Texas that cotton be grown in this State along the boundary adjacent to such infestation, the Governor shall thereupon proclaim such area as may be set out in said report a non-cotton zone, in which it shall be unlawful to plant, cultivate or grow any cotton for such period as the proclamation may specify; and if such report indicates that it will be safe to grow cotton under rules and regulations within such zone adjacent to the infestation outside of Texas, the Governor shall thereupon issue his proclamation declaring it unlawful to grow cotton within such area as may be recommended by the Pink Bollworm Commission, except under such rules and regulations as the Commissioner of Agriculture shall promulgate. Should the report of such commission indicate that it may be dangerous to the cotton industry of this State to allow the free movement of contaminated material from such infested territory into this State, the Governor shall thereupon proclaim a quarantine against such infested territory, and thereafter it shall be unlawful to import into Texas from such quarantined territory any thing or sub-

stance liable to be contaminated with pink bollworm, and it shall be the duty of the Commissioner of Agriculture to maintain a rigid inspection of articles liable to be contaminated which are being carried from such quarantined territory into the State of Texas. Before recommending the establishment or continuance in any county in this State bounded by an international boundary line, or a non-cotton zone, under this or any other article of this chapter, the Pink Bollworm Commission shall give careful consideration to the conditions existing, or likely to exist, on the non-Texas side of said boundary line, and the evidence concerning such conditions shall be such as to reasonably show that the establishment of a non-cotton zone in said county will effectively protect the cotton industry of Texas against the further spread of the infestation.

[Acts 1925, S.B. 84.]

Art. 72. Emergency Quarantine

If the pink bollworm shall be found in any gin, cotton seed oil mill, cotton seed warehouse, compress, or transportation vehicle in the State, or in any field of cotton, the Commissioner of Agriculture shall immediately certify that fact to the Governor, who shall proclaim a special emergency quarantine surrounding the known location of the pest to such extent as may be determined sufficient to prevent the spread of the pink bollworm, and it shall be unlawful for any person or persons to ship any cotton or cotton products of any kind from such quarantine district, or transport any car, vehicle, or freight, or any other article liable to carry the pink bollworm from the quarantined area through, or to any other point in the State, except under such rules and regulations as the Commissioner of Agriculture shall promulgate; such emergency quarantine shall continue in full force and effect until such time as a hearing, as provided for in this chapter, can be held by the said Pink Bollworm Commission.

[Acts 1925, S.B. 84.]

Art. 73. Destruction of Cotton

When it is deemed necessary to the protection of the cotton industry of Texas that the Commissioner of Agriculture shall destroy cotton, cotton products, or fields of cotton in which the pink bollworm shall have been found or which are probably contaminated by being near infestation of the pink bollworm; he shall report such condition to the Governor, setting out in detail the area or amount of cotton or cotton products to be destroyed. The Governor shall thereupon declare such cotton or fields of cotton a public menace. Before the destruction of such cotton or cotton products the Compensation Claim Board, hereinafter provided for, shall go upon the premises and report to the Commissioner of Agriculture the value of the fields of cotton or cotton products to be destroyed. The Commissioner of Agriculture shall then be empowered to use all authority

requisite to the complete destruction of such cotton, cotton products or fields of cotton to prevent the spread of the pink bollworm from such localities. The Commissioner of Agriculture shall certify to the fact of such cotton products or fields of cotton having been destroyed and shall file such report and certificate with the State Comptroller, who shall issue his warrant upon the State Treasurer for such sum as may be declared just and due.

[Acts 1925, S.B. 84.]

Art. 74. Examination of Area

Whenever the Commissioner of Agriculture shall deem it necessary to the protection of the cotton industry of Texas that the growing of cotton within any area of the State, except as provided for in the preceding articles hereof, be placed under supervision, or that cotton growing be prohibited as a means of aiding in the control and eradication of the pink bollworm, he shall cause to be made a thorough examination of such area by a competent and experienced entomologist, who shall, after going upon the premises and after making an examination in person, report the result thereof to the Commissioner of Agriculture. Should this report express the conclusion that pink bollworms exist in such numbers as to constitute a serious menace within the territory under investigation, the Commissioner of Agriculture shall certify this report to the Governor, who shall cause the Pink Bollworm Commission hereinafter provided for, to hold a hearing at some central and easily accessible point within the area under investigation; due notice of the time and place of such hearing shall be published in some newspaper in or near the county or counties under investigation, at least ten days before such hearing. The Commissioner of Agriculture shall present to the Commission a statement setting forth the following facts:

1. The name of the entomologist making the examination on behalf of the State Department of Agriculture.
2. The date when such examination was made.
3. The locality where the pink bollworm is alleged to exist.
4. That the inspector invited the owner of the land, or his agent, or representative, to accompany him on the inspection trip, and that the owner, or his representative, accompanied him, or declined to do so.
5. Any other information deemed necessary by the Commission for the discharge of its duties under the provisions of this Chapter.

Such statement shall be verified by oath of the person making the same and shall be filed and preserved in the office of the Commissioner of Agriculture and be open to the inspection of the public. Said Pink Bollworm Commission shall make a report to the Governor immediately after the hearing. Should this report

and recommendation be for the prevention of the planting of cotton in any area and for the establishment of a non-cotton zone, such recommendation shall specify the area to be embraced in the proposed non-cotton zone. Upon receipt of this report, the Governor shall declare the growing of cotton within such area as may be recommended by the Pink Bollworm Commission a public menace, and thereafter it shall be unlawful to plant, cultivate or grow cotton, or to allow cotton to grow within such zone, such proclamation of the Governor to remain in effect until the Pink Bollworm Commission, herein provided for, shall have certified that the condition of menace no longer exists. In the event of the establishment of any non-cotton zone authorized by this Chapter, all persons prevented from producing cotton in the non-cotton zones shall be entitled to receive compensation from the State in the measure of the actual and necessary losses sustained thereby. In all regulated or restricted areas now established or that may hereafter be established, all persons, firms or corporations required to comply with said regulations or restrictions imposed upon them by law or any constituted authority shall be entitled to receive compensation for the actual losses sustained and for all actual expenses incurred by reason of said restrictions or regulations. From and after July 1, 1929, the State shall own or lease and operate all fumigation and sterilization plants and shall operate same without cost to the cotton grower or gin, compress or mill owner. The Compensation Claim Board, herein provided for, shall have full power and authority to determine the amount of compensation to such persons, firms or corporations. In determining the actual and necessary losses, the Compensation Claim Board shall take into consideration the value of the average yield of cotton and other crops second in economic importance thereto in that vicinity; the total amount of land planted to crops during the year for which compensation is claimed; the percentage of such land customarily planted in cotton in that vicinity, and such other factors as they deem essential. The words "cultivated crops" as used above shall not be construed to include any small grain crops, hay or pasture crops which are not cultivated during the growing season. No person shall be entitled to compensation who does not in good faith obey the proclamation of the Governor establishing such non-cotton or regulated zone. Should the report of the Pink Bollworm Commission express the conclusion that it will not be dangerous to the cotton industry of Texas to permit the growing of cotton within such district under such rules and regulations as it shall be deemed adequate to prevent the spread of the pink bollworm, the Governor shall proclaim such area as may be set out in the report of the Pink Bollworm Commission a regulated zone, in which it shall be unlawful to plant, cultivate and market cotton except under such rules and regulations as shall be promulgated therefor by the Commissioner of Ag-

riculture, which may include the planting of seed from non-infested territory, ginning at designated gins, milling or disinfecting of all seed products within such zone marketing, cleaning of fields, and such other rules as may be found necessary; provided that no ginner shall be authorized to gin cotton from regulated zones unless he shall disinfect all seed under such rules as the Commissioner of Agriculture shall prescribe. Such proclamation of the Governor, establishing such regulated zone shall remain in effect until the Pink Bollworm Commission shall have certified that the menace no longer exists.

[Acts 1925, S.B. 84; Acts 1929, 41st Leg., p. 85, ch. 42, § 1.]

Art. 74a. Pink Bollworm Laws

Whoever shall transport any cotton or cotton products by any means from any territory in this State which has been quarantined and placed under restrictions by proclamation of the Governor of the State, in accordance with the authority conferred by the laws of this State relating to the pink bollworm; or whoever shall violate any proclamation or any rule, regulation or other restriction authorized by said laws or bring into the State any material contaminated with said worm or its eggs; or whoever shall plant, cultivate, grow, allow to grow, gather, transport or market cotton in or from any territory in this State, that has been quarantined or declared a non-cotton zone or placed under restrictions by any of the proclamations authorized by said laws; or whoever shall fail to comply with any of the said rules and regulations so promulgated for the control and direction of cotton growing and marketing in any restricted or regulated zone; or shall violate any proclamation, regulation or restriction authorized by said laws, or any ginner who shall fail or refuse to disinfect cotton seed as provided for in said laws; or whoever shall wilfully refuse or knowingly neglect to comply with any such proclamation, restriction or regulation promulgated and maintained for the protection of the cotton industry, shall be fined not less than Fifty Dollars (\$50) nor more than Five Hundred Dollars (\$500), or shall be imprisoned in jail for not less than ten (10) days nor more than thirty (30) days, or may be punished by both such fine and imprisonment. Each transaction of each product so shipped or transported, and each act in violation of the restrictions herein authorized governing the planting, growing, marketing and cleaning the fields, shall constitute a separate offense. The District Court of the county in which any criminal case is filed under the provisions of this article may, upon the application of either the State or of the defendant and a showing that the applicant cannot obtain a fair trial in that county, order a change of venue to an adjoining county or district; provided, however, that it shall be a complete defense to any alleged violation of the provisions hereof, if the act or failure denounced has been in accordance with

the rules and regulations promulgated by the Commissioner of Agriculture.

The said Board shall be composed of three citizens of the State residing outside any area under quarantine under the provisions of this law, at least two of whom are actually engaged in the production of cotton. Before entering upon their duties, the members of the Board shall take the official oath, and shall organize by electing one of its members chairman and the Commissioner of Agriculture shall act as ex-officio secretary. 2. The location of the farm upon which the claim is based.
3. The total acreage of all cultivated crops produced in the year in which such claim is presented.
4. All other information deemed essential by the said Compensation Claim Board for the performance of the duties developed² upon them by this law.

Each allotment of compensation shall be evidenced by a written order, entered in a permanently bound book kept by the Board in the office of the Commissioner of Agriculture, and a certified copy of each allotment shall be given the claimant. Art. 82a. Elective Provisions; Additional Powers of Commissioner of Agriculture

Purpose of Act

Sec. 1. It is hereby declared to be the purpose of the Texas Legislature in the enactment of this law to grant additional powers to the Texas Commissioner of Agriculture to aid in furthering the enforcement of laws heretofore enacted, same being to eradicate menace to the cotton industry of *Pectinophora Gossypiella*, Saunders, commonly known as pink bollworm.

Election

Sec. 2. The cotton growers of this State shall have the opportunity to approve or reject the provisions of this Act. Immediately after the passage of this Act the Commissioner shall divide the State into districts of at least four (4) cotton-growing counties and shall designate a number for each of said districts so divided.

The Commissioner of Agriculture or his authorized agent shall upon receipt of a petition signed by not less than one hundred (100) eligible voters as hereinafter defined, establish and conduct each year the necessary election procedures and safeguards to ascertain the will of the cotton growers of the various districts to participate or not to participate under this Act. The election shall be conducted between September 1st and September 30th on the date that the Commissioner shall designate during the ginning season to determine whether the provisions of this Act shall apply for the following year. Notice of such election shall be given by publishing such notice in a newspaper or newspapers of general circulation in each county contained in the district once each week for three (3) consecutive weeks. Said elections shall be conducted and said ballots on the prescribed forms shall be collected at those polling places so designated by the Commissioner of Agriculture, which designation shall include at least one polling place in each county in the district. The election and collection of the ballots shall be conducted and supervised by representatives of the Commissioner of Agriculture on such forms and under such rules as shall be determined by the Commissioner of Agriculture to assure a fair and just determination of the will of the growers of the district. Only cotton farmers of the district shall be eligible to vote and only one (1) vote shall be allowed for each grower regardless of the number of bales ginned or the volume of cotton grown by said grower. A grower under the terms of this Act shall be any person who has applied and received a permit to plant cotton pursuant to authority vested in the Commissioner of Agriculture under the provisions of Articles 68-82, Vernon's Civil Statutes of Texas, or who is the owner and holder of an allotment card issued by the United States Secretary of Agriculture through the County Agricultural Services and Conservation Committee.

Escrow Account as Security; Payments Into by Cotton Growers; Forfeitures for Violations; Disposition of Proceeds

Sec. 3. The Commissioner of Agriculture is hereby authorized to promulgate such additional rules and regulations necessary to establish a system whereby each cotton farmer in those districts approving by a majority vote under Section 2 above is required to pay into escrow account Seven Dollars and Fifty Cents (\$7.50) per bale of cotton grown by such cotton farmer.

The sum of Seven Dollars and Fifty Cents (\$7.50) per bale as herein authorized is to be deposited and to be held in escrow solely for the purpose of assuring the compliance by the permittee with the rules and regulations of the Commissioner of Agriculture and the conditions of the permit relating to planting and the destruction of cotton stalks. Under existing statutory authority of the Commissioner, applicants for growers' permits shall file such application with the Commissioner of Agriculture or his duly appointed agent on forms to be furnished by said Commissioner. These permits will authorize the planting of such cotton only during periods to be determined by the Commissioner of Agriculture. Each application for permit would provide that where a majority of growers in a district has approved the system the Commissioner of Agriculture is authorized upon receipt of such funds to deduct a portion thereof as escrow fees and to hold the balance for the benefits of the applicant until satisfactory destruction of cotton stalks has been completed. Upon satisfactory destruction of cotton stalks the grower shall be entitled to a refund of the balance of all moneys he has paid into the escrow account less the fee for escrow handling unless the grower has failed to comply with existing requirements for eradication of the pink bollworm menace within a reasonable time to be designated by the Commissioner.

Where a grower has willfully failed or refused to plow up or in other respects has not complied with the rules and regulations as promulgated by the Commissioner of Agriculture for the purposes of eradicating pink bollworm he shall forfeit that part of his Seven Dollars and Fifty Cents (\$7.50) per bale contribution which he is required to pay or compensate for the plow up or conditioning of property to render same safe from pink bollworm danger. The plow up or conditioning of the property shall be under the supervision of representatives of the Commissioner of Agriculture and such funds here designated shall be used to defray the costs of plow up. Any balances remaining to the credit of the defaulting grower over and above the costs of plow up and escrow fees so provided in the Act shall revert to and be payable to the grower depositor. The purpose here being not to penalize any failures but to assure plow up and conditioning by the grower depositor or in the event he fails or refuses to do so to provide a method whereby it can be done by the Commissioner out of these deposited funds. Any further accumulation of funds unclaimed, in-

cluding unused escrow fees, shall be disbursed as the Commissioner may authorize towards research and improvement of present controls whereby the menace of pink bollworm can be eliminated. At the end of each calendar year, the Commissioner shall account for all funds received and disposed of under this program.

The Seven Dollars and Fifty Cents (\$7.50) per bale surety as required herein shall be paid to a representative or authorized agent of the Commissioner of Agriculture at the gin where the cotton is ginned and at the time of ginning of each bale. Such agent or representative shall be required by the Commissioner to transfer the receipts to a depository to be selected as provided in Section 4 of this Act, such transfer to be made at least once a week.

The Commissioner is hereby authorized and instructed upon receipt of such funds to deduct as escrow fees not to exceed one per cent (1%) of the deposits received hereunder, to be expended for the purpose of paying compensation of inspectors, and defraying other necessary costs to carry out the provisions of this Act.

Selection of Depository

Sec. 4. The depository or depositories shall be any institution organized under the laws of this State or of the United States to conduct a depository or fiduciary business and which institution is domiciled in the district where the cotton growers have elected to be governed under this Act. Such depository shall be named and selected by the grower. If the grower fails to select such depository, the Commissioner of Agriculture shall make the selection.

The Commissioner of Agriculture is hereby authorized to supplement by such rules and regulations by him deemed necessary to supplement the program described herein so long as such rules and regulations are consistent with the provisions of this Act.

(b) No person shall be subject to the penalties of this Act, for having sold, offered, or exposed for sale in this State any agricultural or vegetable seeds, which were incorrectly labeled or represented as to kind, variety, type, or origin which seeds cannot be identified by examination thereof, unless he has failed to obtain an invoice or grower's declaration giving kind, or kind and variety, or kind and type, and origin, if required.

(c) Providing that nothing in this Act shall be construed as preventing one farmer from selling to another farmer such seed grown on his own farm, as covered by the provisions of this Act without having said seed tested and labeled as provided for herein, when such seed is not advertised in the public press outside of the vendor's home county, and is not shipped by common carrier.

Duties and Authority of the Commissioner of Agriculture

Sec. 6. (a) The duty of enforcing this Act and carrying out its provisions and requirements shall be vested in the Commissioner of Agriculture. It shall be the duty of such officer, who may act through his authorized agents:

(1) To sample, inspect, make analysis of, and test agricultural and vegetable seeds transported, sold, offered, or exposed for sale within this State for sowing purposes, at such time and place and to such extent as he may deem necessary to determine whether said agricultural or vegetable seeds are in compliance with the provisions of this Act, and to notify promptly the person who transported, sold, offered, or exposed the seed for sale of any violation.

(2) To prescribe and, after public hearing following due public notice, to adopt rules and regulations governing the methods of sampling, inspecting, analysis, tests and examination of agricultural and vegetable seed, and the tolerances to be followed in the administration of this Act, which shall be in general accord with officially prescribed practice in interstate commerce, to provide definition of terms, and such other rules and regulations as may be necessary to secure the efficient enforcement of this Act.

(b) Further, for the purpose of carrying out the provisions of this Act, the Commissioner of

Agriculture individually or through his authorized agents is authorized:

(1) To enter upon any public or private premises during regular business hours in order to have access to seeds and the records from personnel authorized by management connected therewith subject to the Act and the rules and regulations thereunder, and any truck or other conveyer by land, water, or air at any time when the conveyer is accessible, for the same purpose.

(2) To issue and enforce a written or printed "stop-sale" order to the owner or custodian of any lot of agricultural or vegetable seed which the Commissioner of Agriculture has reason to believe is in violation of any of the provisions of this Act which shall prohibit further sale of such seed until such officer has evidence that the law has been complied with. Provided, that in respect to seeds which have been denied sale as provided in this paragraph, the owner or custodian of such seeds shall have the right to appeal from such order to a court of competent jurisdiction where the seeds are found, praying for a judgment as to the justification of said order and for the discharge of such seed from the order prohibiting the sale in accordance with the findings of the court; and provided further, that the provisions of this paragraph shall not be construed as limiting the right of the enforcement officer to proceed as authorized by other sections of this Act.

(3) To establish and maintain or make provision for seed testing facilities, to employ qualified persons, and to incur such expenses as may be necessary to comply with these provisions.

(4) To make or provide for making purity and germination tests of seeds for farmers and dealers on request; to prescribe rules and regulations governing such testing; and may fix and collect charges for the tests made.

Inspection Fee; Payment Procedure; Records; Reports;
Rules and Regulations; Failure to Comply;
Cancellation of Permit

Sec. 7. (a) For the purpose of administering the Texas Seed Act, any person who sells, offers for sale or otherwise distributes for sale any agricultural seed within this state for planting purposes shall pay to the Commissioner of Agriculture an inspection fee. Said inspection fee shall be deposited in the State Treasury by the Commissioner, and placed by the State Treasurer in the special Department of Agriculture Fund.

(b) The procedure for paying for inspection fee on agricultural seed shall be either by the use of the Tax Tag (which shall be known as

the Texas Tested Seed Label) or by means of the reporting system but shall not be by means of both such procedures, and shall in addition to such rules and regulations which the Commissioner of Agriculture is herewith authorized to issue, be in compliance with all the provisions of this Act.

(c) When the inspection fee is to be paid by use of the Tax Tag (Texas Tested Seed Label) the person who distributes, sells, offers for sale or exposes for sale agricultural seed shall purchase said Texas Tested Seed Label from the Commissioner of Agriculture at a cost of not to exceed two cents (2¢) for each one hundred pounds or fraction thereof and shall attach said tag to each container of seed sold, offered for sale or otherwise distributed for sale for planting purposes within this state. The Commissioner of Agriculture is hereby empowered to promulgate rules and regulations prescribing the form of said tags, and the manner to show the analysis information required in Section 3 of this Act.

(d) When the inspection fee is paid by means of the reporting system, said fee shall be four cents (4¢) for each 100 pounds of agricultural seed offered for sale, exposed for sale, or otherwise distributed for sale for planting purposes within this state. The Commissioner of Agriculture is authorized at his discretion and under such rules and regulations as he may promulgate, to prescribe and furnish such forms and to require the filing of such reports and shall issue permits bearing a number assigned by the Commissioner on application therefor to any person who sells, offers for sale, exposes or otherwise distributes for sale any agricultural seed. The inspection fee shall be due on the total pounds of first sales or distribution by the originating permittee, except that in cases where a Texas seedsman purchases or receives agricultural seed for planting purposes from a seedsman located outside the State of Texas, the inspection fee may be paid by either seedsman, but final responsibility rests with the Texas seedsman. In cases where a Texas seedsman under the reporting system purchases or receives agricultural seed from another Texas seedsman also using the reporting system, the fee may be paid by either seedsman, provided an agreement in writing specifying this option is on file with each seedsman. In such cases the invoice covering such transaction shall indicate which seedsman is responsible for reporting and paying the inspection fees. In addition to all other provisions of this Act, each person who is issued a permit to sell, offer for sale or otherwise distribute agricultural seed and pay the inspection fee in accordance with the reporting system shall:

(1) Maintain and furnish such records as the Commissioner of Agriculture may require to reflect accurately the total pounds of agricultural seed handled and the portion of such pounds that is sold, offered for sale or distributed for sale as

planting seed and subject to the inspection fee of four cents (4¢) per 100 pounds. The Commissioner of Agriculture or his duly authorized agents shall have permission to examine the records of the permittee during normal working hours.

(2) File with the Commissioner of Agriculture within thirty days after the close of each quarter year ending the last day of November, February, May and August, sworn reports covering the total pounds of all first sales of agricultural seeds sold during the preceding quarter. A penalty of ten per cent (10%) of any inspection fee which is not paid within the time allowed shall be added to the inspection fee.

(3) When located outside of the State of Texas and when distributing agricultural seed in the State of Texas, shall maintain in the State of Texas the records and information required by Section 7(d) of this Act or pay all costs incurred in the auditing of records at a location outside of the state. The Commissioner of Agriculture is authorized and directed to revoke the permit of any person who fails to comply with this requirement. Itemized statements of costs incurred in any such audits shall be furnished the permittee by the Commissioner promptly on completion of any such audit, and he must pay the same within thirty (30) days from the date of the statement.

(4) Affix to each container of agricultural seed sold, offered for sale, or otherwise distributed and to the invoice of each lot of agricultural seed sold, offered for sale, or otherwise distributed in bulk, a plainly printed or written statement giving the information required in Section 3 of this Act.

Any failure of a permittee to observe these regulations, file required reports, or pay fees required shall be grounds for cancellation of the permit.

(e) Any person who sells, offers for sale, exposes for sale or otherwise distributes seed in bulk must use the reporting system and all labeling information required in Section 3 of this Act must be shown on the invoice or such person must furnish to the purchaser one (1) Texas Tested Seed Label with the analysis information required in Section (3) printed thereon for each one hundred (100) pounds and/or fraction thereof sold.

(f) In no case shall the inspection fee be paid more than once on any quantity of seed either by the Tax Tag or reporting system, except that the inspection fee must be paid once during the first and once during any subsequent germination period as required in Section 4(a)(1) of this Act, that said seed remains offered or exposed for sale. For any seed on which the germination test has expired, payment of the inspection fee is the responsibility of the custodian of said seed.

(g) The Commissioner of Agriculture is authorized to prescribe, amend, adopt, and publish after public hearing following due public notice, such rules and regulations as are necessary to carry out and make effective the provisions of this section.

Seizure

Sec. 8. Any lot of agricultural or vegetable seed not in compliance with the provisions of this Act shall be subject to seizure on complaint of the Commissioner of Agriculture to a Court of competent jurisdiction in the area in which the seed is located. In the event that the Court finds the seed to be in such violation of the Act and orders the condemnation of said seed, it shall be denatured, processed, destroyed, re-labeled, or otherwise disposed of in compliance with the laws of this State. Provided, that in no instance shall such disposition of said seed be ordered by the Court without first having given the claimant an opportunity to apply to the Court for the release of said seed or permission to process or re-label it to bring it into compliance with the Act.

Violations and Prosecutions

Sec. 9. Every violation of the provisions of this Act shall be deemed a misdemeanor punishable by a fine not exceeding Fifty Dollars (\$50) for the first offense and not exceeding Two Hundred Dollars (\$200) for each subsequent similar offense.

When the Commissioner of Agriculture shall find that any person has violated any of the provisions of this Act he, or his duly authorized agent or agents, may institute proceedings in the Court of competent jurisdiction in the area in which the violation occurred to have such person convicted therefor; or the Commissioner of Agriculture may file with the County or District Attorney with the view of prosecution such evidence as may be deemed necessary. Provided, however, that no prosecution under this Act shall be instituted without first having given the defendant an opportunity to appear before the Commissioner of Agriculture, or his duly authorized agent, to introduce evidence either in person or by agent or attorney at a private hearing. If, after such hearing, or without such hearing in case the defendant or his agent or attorney fails or refuses to appear, the Commissioner of Agriculture is of the opinion that the evidence warrants prosecution he shall proceed as herein provided.

It shall be the duty of the County or District Attorney or the Attorney General of Texas, as the case may be, to institute proceedings at once against the person charged with such violation if, in his judgment, the information submitted warrants such action.

After judgment by the Court in any case arising under this Act the Commissioner of Agriculture shall publish any information pertinent to the issuance of the judgment by the Court in such media as he may designate from time to time.

Miscellaneous

Sec. 10. All money received by the Commissioner of Agriculture through the administration of this Act shall be paid by him to the State Treasurer who shall deposit said money to the account of the Texas Seed Act, to be known as the Texas Seed Act Fund, which said account shall be a continuing fund and shall be used in the administration of the Texas Seed Act. The entire amount of said Texas Seed Act Fund, or so much thereof as may be necessary, is hereby appropriated to the State Department of Agriculture to be expended for the purposes specified in this Act, including the enforcement of the Act and the cost of collecting the fees. This appropriation shall not affect any other appropriations heretofore or hereafter made to the State Department of Agriculture, but shall be in addition thereto for the biennium ending August 31, 1955. Thereafter, the number of employees and the salaries and travel allowance of each shall be as fixed in the biennial appropriation bill.

Partial Invalidity

Sec. 11. If any clause, sentence, paragraph, or part of this Act shall for any reason be adjudicated by any Court of competent jurisdiction to be invalid, such judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operations to the clause, sentence, paragraph, or part thereof directly involved in the controversy in which such judgment shall have been rendered.

(c) Every registrant of commercial fertilizers shall file in the office of the Director at College Station, Texas, within thirty (30) days after the close of each quarter year ending with the last day of November, February, May and August, a sworn report, on forms prescribed and furnished by the Director, setting forth the tonnage of each and every commercial fertilizer distributed by him in this state during such quarter, and shall file with that report a remittance in payment of the inspection fee required by Section 6(a) of this Act.

(d) Every registrant of commercial fertilizers shall maintain and, upon request of the Director, furnish such records and additional reports as the Director may require to determine accurately the tonnages of all commercial fertilizers distributed by the registrant in this state which are subject to the inspection fee required by Section 6(a) of this Act. The Director or his duly authorized representative shall have permission to examine the records of the registrant at all reasonable times. All records shall be preserved and retained in usable condition, and shall be available for examination by the Director or his representative for a period of not less than two (2) years unless otherwise authorized by the Director. The Director may require the retention of such records for a period of more than two (2) years in instances when he deems it in the public interest to do so.

(e) Every registrant who is located outside the State of Texas but who distributes commercial fertilizer in the State of Texas shall maintain in the State of Texas the records and information required by Section 6(d) of this Act or shall pay all costs incurred in the auditing of records at a location outside of the state. Itemized statements of costs incurred in any such audits shall be furnished the registrant by the Director promptly upon the completion of any such audit, and the registrant shall pay the same within thirty (30) days from the date of such statement.

(f) Venue of all suits for recovery of inspection and collection fees required by this Section 6 shall be in Brazos County, Texas.

(g) The Director is authorized and directed to cancel all registrations of any registrant who fails to comply with the requirements of this Section 6.

Ratio and Grade Lists

Sec. 7. After due notice has been given and a public hearing open to all interested parties has been held, prior to or as early as practicable after June 30 of each year, the Director shall promulgate and publish a list of ratios and/or minimum grades of mixed fertilizers which he considers adequate to meet the agricultural needs of this state.

Inspection, Sampling, and Analysis

Sec. 8. (a) The Director or his representatives shall have access during regular business hours to all places of business, plants, buildings, vehicles, bins, vats and parcels of whatsoever kind used in the manufacture, transportation, importation, sale or storage of any commercial fertilizer and is authorized and empowered to inspect each such place, plant or vehicle and to open any container, bin or parcel containing or suspected of containing any commercial fertilizer and to take such samples therefrom in the manner prescribed by regulation by the Director as he deems necessary to determine whether such commercial fertilizer is in compliance with the provisions of this Act.

(b) In order that each sample may be properly identified with the lot of commercial fertilizer sampled, the Director or his representative may examine and make copies of any invoice, transportation records or other records pertaining thereto.

(c) Procedures for sampling and analysis shall be promulgated by the Director and shall be in accordance with official methods adopted by the Association of Official Agricultural Chemists of North America or, such other procedures as the Director may deem authentic by research and investigation.

(d) Each sample shall be sealed with a label placed thereon which states the serial number of the sample, the date when the sample was taken, and the signature of the person who took the sample, and shall be sent to the Director or his representative. A report stating the name or brand of the commercial fertilizer sampled, the serial number, the guarantor thereof, the name of the person in possession of the lot of the product from which the sample was taken, the date and place of taking the sample, and the name of the person taking the sample, shall be sent to the Director or his representative.

(e) In the event the Director finds, through chemical analysis or any other method or procedure, that a commercial fertilizer is in violation of any provision of this Act, he shall so notify in writing the manufacturer or other person who caused the fertilizer to be distributed, and to the consignee, if any, giving full details. The manufacturer or the person who causes the fertilizer to be distributed may thereupon, within fifteen (15) days after said notice has been given, request, and the Director shall so direct if requested, that two (2) portions of the sample of such fertilizer be submitted for analysis to two (2) qualified chemists selected by the Director, and the Director shall if so requested within the same fifteen (15) day period direct that one (1) portion of the sample be furnished such manufacturer or other person. Each of said chemists shall certify in duplicate, under oath, his findings to the Director, whereupon one such duplicate from each chemist shall be forwarded by the Director to the manufacturer or other

person including the consignee, if any. The three (3) chemical analyses thus obtained may be considered in determining whether any violation of this Act has occurred. The manufacturer or other person requesting the analyses shall pay the cost of such analyses.

(f) Samples may be submitted by other persons when taken in accordance with rules and regulations which the Director is authorized to promulgate, but the results of such samples shall be for informational purposes only and shall not identify the manufacturer or be published.

False or Misleading Statements and Adulteration

Sec. 9. It shall be unlawful to distribute a misbranded or adulterated commercial fertilizer in this state.

(a) A commercial fertilizer is misbranded if it carries any false or misleading statement upon, attached to or accompanying the container, or if false or misleading statements concerning its agricultural value are made on the container or in any advertising matter accompanying or associated with the commercial fertilizer.

(b) A commercial fertilizer is adulterated when it has been damaged in any way whereby its value is reduced, or when damage or inferiority has been concealed in any manner, or when any substance has been added that reduces its quality to make it appear of greater value than it is.

Detained Commercial Fertilizers

Sec. 10. (a) Whenever the Director shall find a commercial fertilizer which he has reasonable cause to believe is being distributed in violation of any provision of this Act, he shall affix to the container of such commercial fertilizer a written notice stating that such commercial fertilizer has been detained and warning all persons not to dispose of such commercial fertilizer in any manner until permission is given by the Director, or by a court, or until the detainer expires as hereinafter provided. If the Director finds that detained commercial fertilizer is not in violation of any provision of this Act, he shall forthwith remove the detainer notice from such commercial fertilizer. The detainer notice shall expire and shall become a nullity at the expiration of ten (10) days after it is affixed to any commercial fertilizer unless prior to such time the Director has instituted proceedings to condemn such commercial fertilizer pursuant to the provisions of this Section.

(b) If detained commercial fertilizer is found, after examination and analysis, to be in violation of any provision of this Act, the Director shall petition the district or county court in whose jurisdiction the commercial fertilizer is located for an order for condemnation and confiscation of such commercial fertilizer. If it be determined by the court that the commercial fertilizer violates any provisions of this Act, such commercial fertilizer shall be

disposed of by destruction or by sale in accordance with the judgment of the court, and if the commercial fertilizer is sold, the proceeds from such sale, less court costs and charges, shall be paid into the State Treasury. Provided, however, that when the violation of this Act which is found by the court with respect to such commercial fertilizer can be corrected by proper processing or labeling, the court, after entry of the decree and after all costs, fees, and expenses have been paid and a good and sufficient bond, conditioned that such commercial fertilizer shall be properly processed or labeled, has been executed, shall make an order directing that such commercial fertilizer be delivered to the registrant thereof for such processing or labeling under the supervision of the Director. The expense of such supervision shall be paid by the registrant of the commercial fertilizer. The bond shall be returned to the registrant when the Director notifies the court that the commercial fertilizer is no longer in violation of this Act, and that the supervision expense aforesaid has been paid.

(c) If the Director deems any violation under this Section to be of minor nature, and if he is of the opinion that the public interest will be served and protected by the issuance of a written warning to the violator, he shall have discretion to forego such detainer action.

Penalties

Sec. 11. (a) Any person who performs any act herein declared to be unlawful, or who causes such act to be performed or who conspires to perform such act, shall, upon conviction, be guilty of a misdemeanor and shall be subject to a fine of not less than Fifty Dollars (\$50.00) nor more than Two Hundred Dollars (\$200.00). Before the Director reports a violation for such prosecution, an opportunity shall be given such person to present his views.

(c) The venue for any and all criminal prosecutions and civil actions shall be as under General Law except as provided for in Section 6(f).

(d) It shall be the duty of each district attorney, criminal district attorney, or county attorney, to whom the Director reports any violation of this Act, to cause appropriate proceedings to be instituted and prosecuted in the proper courts without delay in the manner provided by law.

(e) The Director is authorized to cancel all registrations of any registrant who fails to comply with any of the provisions of this Act or any rules or regulations issued under authority of this Act, after due opportunity for hearing has been given.

Appeal

Sec. 12. Any person at interest aggrieved by any order or ruling of the Director may appeal from such order or ruling to the District Court of his residence by filing a petition in such District Court within twenty (20) days from the date of such ruling or order. The appeal shall be de novo as that term is known as appealing from the Justice Court, and the burden of proof shall not be on the defendant.

Rules and Regulations

Sec. 13. The Director is hereby authorized to enforce the provisions of this Act and to prescribe, adopt and enforce such rules and regulations relating to the distribution of commercial fertilizers as he may find necessary to carry into full effect the intent and meaning of this Act; provided, however, that prior to the issuance of any such rules and regulations, the Director shall hold public hearings pursuant to not less than fifteen (15) days notice in writing. Each such notice shall set forth the time and place of the hearing and a copy of the proposed rules and regulations shall be mailed to such organizations as may reasonably be expected to be vitally affected by said proposed rules and regulations.

Publications

Sec. 14. The Director shall publish at least annually, in such form as he may deem proper, information concerning the sales of commercial fertilizers, together with such data on their sale as he may consider advisable, a report of the results of the analyses based on official samples of commercial fertilizers sold within the state as compared with the analysis guaranteed, and a financial statement showing funds received and how expended under Section 6 of this Act; provided, however, that the information concerning the sale of commercial fertilizers shall be shown separately for the fall season and spring season of each year, and that no disclosure shall be made of the scope of operations of any person.

Exchanges Among Manufacturers

Sec. 15. Nothing in this Act shall be construed to apply to, restrict or avoid sales or exchanges of commercial fertilizers to each other by importers, manufacturers or manipulators who mix fertilizers for distribution or as preventing the free and unrestricted shipments of commercial fertilizers to manufacturers or manipulators who have registered their brand names as required by the provisions of this Act.

Art. 118a. Inspection and Classification of Citrus Fruit

Statement of Purpose

Sec. 1. In order to provide the means whereby producers of certain citrus fruit, and all interested parties, may secure prompt and efficient inspection and classification of grades of fruit at reasonable cost, and because it is hereby recognized that the standardization of the citrus fruit industry by the proper grading and classifications of citrus fruit by prompt and efficient inspection under competent authority is beneficial alike to grower, shipper, carrier, receiver, and consumer, in that it furnishes the grower and the shipper prima facie evidence of quality and condition of products, it guarantees the carrier and the receiver of quality of products carried and received by them and assures the ultimate consumer of the quality of the products purchased, this Act is passed.

Inspection

Sec. 2. The inspection in the State of Texas of all grapefruit and oranges, and the grades and classifications thereof, shall be under the direction of the Commissioner of Agriculture, of the State of Texas, hereinafter known as the Commissioner.

Establish Regulations and Grades

Sec. 3. The Commissioner of Agriculture of the State of Texas is hereby empowered and directed to enter into Co-operative Agreements with any Texas firm, corporation or association organized for that purpose (which firms, corporations, and associations, and all inspectors shall be licensed in accordance with standards and rules prescribed by the Commissioner of Agriculture) and/or the United States Department of Agriculture, providing for the inspection of citrus fruits and under the terms of said agreements the Commissioner of Agriculture shall adopt the official United States Standards for grapefruit and oranges as applied to the State of Texas.

Appeal to Change Regulations

Sec. 4. The Commissioner is hereby given power and authority, and it is hereby made his duty, to promulgate rules and regulations relating to the grading, packing and marketing of certain citrus fruits as set out in this Act, and it is hereby made his duty to enforce same. The Commissioner shall cause this to be published in some newspaper of general circulation in the territory affected by the rules and regulations which he has promulgated. Power of Regulations

Sec. 5. The Commissioner is hereby authorized to promulgate such rules and regulations relative to proper marking of containers, the issue of certificates of inspection, the tagging of the vehicle of transportation, and such other rules and regulations as he deems necessary for the improvement of the method of marketing of all citrus fruits as provided for in this Act.

Engaging in Trade Prohibited

Whenever grades or classifications become effective under this Act, it shall be unlawful for any person, firm, corporation, association or other organization to ship any citrus fruits in bulk, to which such grades or classifications are applicable (except as provided in Section 15 hereof). Citrus fruits shall be inspected by a duly authorized inspector who shall issue a certificate of inspection showing the grade, or other classification thereof, and such fruit shall be packed in closed containers approved by the Commissioner of Agriculture and fruit in each container must be uniformly

sized. Every grower of citrus fruit in this State may dispose of his own crop of citrus fruit without complying with, or being subject to, the provisions of this Act.

The terms of this Act shall not be applied to any number of containers less than six (6), such a number is regarded as non-commercial and not subject to the provisions of this Act.

No cooperative association organized pursuant to Chapter 8, Title 93 of the Revised Civil Statutes of Texas, 1925, as amended,¹ that handles fruit only for its members shall be required to furnish bond as required in this Section. Any such cooperative association dealing in citrus fruit other than for its producer members shall be required to furnish bond as any other dealer. It is hereby declared to be the policy of the Legislature to make these exemptions with reference to cooperative associations because of the fact that the producer members pool their fruit for sale rather than immediately selling it. Any "commission merchant" and/or "dealer" or "contract dealer" who at any time deals in citrus fruit in excess of the amounts covered by his or its bond as hereinabove specified shall be deemed guilty of a violation of this Act.

the license of the person complained of; any licensee, whose license is so cancelled by an order of the Commissioner, shall be notified in writing by registered mail of the cancellation of said license and it shall be unlawful and a violation of this Act for any licensee or buying or transporting agent to operate from and after said notification of cancellation, provided that said licensee or buying or transporting agent whose license has been so cancelled shall have the right of appeal from the order of the Commissioner canceling said license to any court of competent jurisdiction within this State, provided that such appeal shall be filed in said court within ten (10) days from and after receipt by licensee of notice of said cancellation, and provided further that the effect of said appeal by said licensee or licensee's agent shall not act to supersede the order of cancellation issued by the Commissioner, pursuant to final determination of the question of cancellation by said court.

Sec. 7. Repealed by Acts 1939, 46th Leg., p. 41, § 7.

Appeal from Cancellation

Sec. 8. Any applicant for license whose application is rejected or any dealer who has been licensed hereunder and whose license is subsequently cancelled, may have an appeal from the Commissioner's ruling to any Court of competent jurisdiction.

Payment of Purchase Price on Demand

Sec. 9. Any dealer who shall cause a producer or seller or owner, or agent of producer, seller or owner to part with the control or possession of all or any part of his citrus fruit, and who agrees by his contract of purchase to pay the purchase price upon demand following delivery, shall immediately make payment therefor to such owner or seller. Demand for the purchase price may be made upon dealer in writing, and the mailing of a registered letter making such demand, addressed to said dealer at his business address, shall be prima facie evidence that demand was made upon the mailing of said letter.

Written Contract for Handling

Sec. 10. When a dealer causes a producer, seller or owner, or agent of producer, seller or owner, to part with the control or possession of all or any portion of his citrus fruit by means of any agreement under which the producer, seller or owner or agent of producer, seller or owner, has waived the right to demand the purchase price, as and when he parts with said control or possession of citrus fruit, such contract for the handling, purchase or sale of citrus fruit by the dealer and the producer, seller or owner, or agent of producer, seller or owner, shall be evidenced in writing in duplicate and shall set out in full the details of such transactions. In the event the contract does not specify the time and manner of settlement, then the dealer shall settle therefor within thirty (30) days from the delivery of the citrus fruit into

the dealer's control, and the dealer shall then directly account to and pay over to the said producer the full amount called for by the contract.

Buying by Weight

Sec. 11. Any dealer who buys citrus fruit by weight and who does not have such fruit weighed on State tested scales shall be deemed guilty of a violation of this Act.

Duration of License; License Unassignable; Identification Cards

Sec. 12. Any license issued hereunder will authorize the licensee, and none other, to engage in the business as a dealer for one year from date of issuance, at which time said license shall expire and become null and void. Any license issued to applicant under the provisions of this Act, which expires by its own terms, may be renewed upon payment to the Commissioner of Agriculture of the proper license fee as provided for the original issuance thereof. Said license and the identification cards hereinafter provided shall not be assignable and any attempt to assign same shall void such license or identification card. Upon application to the Commissioner by any licensed dealer, a reasonable number of "buying agent" and "transporting agent" identification cards may be issued and accredited to such dealer, under such rules and regulations as said Commissioner may prescribe, and said Commissioner is hereby empowered to charge a fee not to exceed One Dollar (\$1) for each card so issued:

(a) Such cards shall bear the name of the licensee, dealer, and the number of his license, also the name of the dealer's agent, and shall state thereon that said licensed dealer, as the principal, has authorized the agent named on the card, the holder thereof, to act for and on behalf of said principal, either as "buying agent" or as "transporting agent" as above defined. "Buying agent" identification cards shall be of a different color from "transporting agent" cards. Such identification cards shall be at all times carried upon the persons of such agents who shall, upon demand, display such cards to the Commissioner or his agents or representatives, or to any person with whom said agent may be transacting business under this Act.

(b) If and when the holder of any identification card ceases to be the agent of the dealer by whom he was employed, it shall be the duty of said agent to return immediately such agent's card to the Commissioner for cancellation and failure to do so shall constitute a violation of this Act.

Regulations as to Purchase

Sec. 13. It shall be unlawful for any dealer, packer, processor or warehouseman to purchase or receive or handle any citrus fruit without requiring the person from whom such citrus fruit is purchased or received, to furnish a statement in writing of (a) the owner of said

citrus fruit, (b) the grower of said citrus fruit, together with the approximate location of the orchard where said fruit was grown, (c) the date said fruit was gathered and by whose authority same was gathered, and such records shall be kept in a permanent book or folder and shall be available to inspection by any interested party.

Commissioner's Power and Authority in Enforcing Act

Sec. 14. For the purpose of enforcing the provisions of this Act, the Commissioner is hereby vested with full power and authority and it shall be his duty, either upon his own initiative or upon the receipt of a properly verified complaint, to investigate all alleged violations of this Act and for the purpose of making such investigation, he shall have, at all times, free and unimpeded access to all books, records, buildings, yards, warehouses, storage, and transportation and other facilities or places in which any citrus fruit is kept, stored, handled, processed or transported, and in furtherance of such investigation either the Commissioner in person or through his authorized representatives, may examine any portion of the ledger, books, accounts, memorandum, documents, scales, measures, and other matters, objects or persons pertinent to such alleged violation under investigation. The Commissioner shall take such action and hold such public hearings as in his judgment are shown to be necessary after such investigations, and shall take the proper action with reference to the cancellation or suspension of the license of any dealer hereunder shown to have been guilty of a violation of the terms of this Act. Such hearings shall be held in the nearest city or town in the county where violations are alleged to have occurred. Any order made by the Commissioner with reference to the revocation or cancellation of any license granted under the provisions of this Act, shall be subject to review by a Court of competent jurisdiction.

Records on Handling Fruit on Consignment or Commission

Sec. 15. Where any citrus fruit is handled by any dealer upon a consignment or commission basis, unless otherwise agreed in written contract between the dealer and owner, then the dealer shall, upon demand of the seller, or owner, his agent or representative, furnish said owner or seller, his agent or representative, a complete and accurate record showing, among other things, date of sale, to whom sold, the grade and selling price of said fruit, together with itemized statement showing what expenses of any kind or character incurred in the sale or handling of said citrus fruit including the commission, if any, to the dealer, and the failure or refusal of such dealer to furnish such information within ten (10) days after such demand by owner or seller, his agent or representative, shall constitute a violation of this Act.

Dealer's Contract to Include Commissions

Sec. 16. If a dealer handles citrus fruit by guaranteeing a producer or an owner a mini-

mum price, but at the same time handles the citrus fruit for the account of the producer or owner, said dealer shall include in his contract with the producer or owner, the maximum amount which he shall charge for commissions and/or service, or both, in connection with said citrus fruit so handled.

Settlements on Grades and Quality Referred to in Contract

Sec. 17. All citrus fruit except that obtained and handled by dealers, solely on a consignment basis without any price guarantee, shall be settled for by every dealer on the basis of the grade and quality which is referred to in the contract pursuant to which the dealer obtained possession or control of such citrus fruit, unless such citrus fruit has been inspected by a State or Federal inspector in the State of Texas and found to be of a different grade or quality than that referred to in said contract, in which event same shall be settled for on the basis of the grade and quality determined by such inspector. But nothing herein shall prevent the parties in lieu of such an inspection, from agreeing in writing only that the grade or quality of any of such citrus fruit was different from that referred to in the contract. Failure of the dealer to settle with a producer or seller on grade and quality in the manner herein provided, shall constitute a violation of this Act and be punishable as hereinafter provided, and in addition shall be cause for revocation of license.

Sec. 18. Repealed by Acts 1939, 46th Leg., p. 41, § 9.

License Fees to Constitute Dealers Fund

Sec. 19. All license fees collected under the provisions of this Act shall be deposited with the Treasurer of the State of Texas, to be held by him in a special fund to be known as "Citrus Dealers Act Fund" and such fund shall be used on the order of the Commissioner when necessary to defray the expenses of the administration of this Act and same is hereby appropriated for said purpose.

Venue of Suits

Sec. 20. The venue of any and all criminal acts and civil suits instituted under the provisions of this Act shall be in the county where the violation occurred or where the citrus fruits were received by the dealer, packer or warehouseman.

Penalty for Violation of Act

Sec. 21. From and after the effective date of this Act any person who shall:

Art. 118b-1. Coloring Citrus Fruit

Definitions

Sec. 1. As used in this Act:

(a) The term "citrus fruit" means and includes only the fruits Citrus Grandis, Osbeck, commonly called grapefruit, and Citrus Sinensis, Osbeck, commonly called oranges, and Citrus Nobilis Delicios, commonly called tangerines, or any of them, grown in the State of Texas.

(b) The term "person" shall extend to and include persons, partnerships, associations, and corporations, and any other business unit.

(c) "Coloring matter" means and includes any dye or any liquid or concentrate, or material containing a dye, or materials which react to form a dye, used or intended to be used for the purpose of enhancing the color of citrus fruit by the addition of artificial color to the peel thereof; provided that said term shall not include any process or treatment of fruit which merely brings out or accelerates the natural color of fruit.

(d) "Commissioner" shall mean the Commissioner of Agriculture of the State of Texas.

(e) "Manufacturer" means and includes any person who shall manufacture or sell, or offer for sale, or license or offer to license for use, any coloring matter.

Certification of Dyes as Harmless by United States Department of Agriculture; Temporary Permits

Sec. 2. It shall be unlawful for any manufacturer to use or include, in the manufacture of any coloring matter, any dye or color other than one that has been duly certified, by the United States Department of Agriculture, as harmless and suitable for use in foods; provided, that in the case of a dye or color for which certification is pending, the Commissioner shall issue a temporary permit allowing the use of such dye or color, pending such certification, when upon analysis thereof, made pursuant to regulations promulgated by the Commissioner as hereinafter authorized, the said dye or color shall have been found to contain no amount of antimony, arsenic, barium, lead, copper, mercury, or zinc, or other heavy metals, or other substances known to be injurious to health, in excess of amounts thereof permitted in certified food colors by regulations of the United States Department of Agriculture; and provided further, that the cost of such analysis shall be paid by the manufacturer desiring to use such color.

Formula Furnished Commissioner; Analysis of Formula

Sec. 3. Every manufacturer, before selling or offering for sale, or licensing or offering to

license for use, any coloring matter, shall furnish the Commissioner with the complete formula followed in the manufacture of such coloring matter, (including, in event of the use of a non-certified dye under the provisions of Section 2 hereof, the formula for such dye) together with a sample of such coloring matter in such amount as the Commissioner may direct. The Commissioner shall cause the said formula to be examined, and the said sample to be analyzed, and if there shall be found in either any ingredient prohibited under Section 2 hereof, or any other ingredient known to be dangerous to health under the conditions of its use, or if the said coloring matter shall vary in any material or substantial degree from the formula so furnished, then such coloring matter shall not be used on citrus fruits, and the manufacturer shall be denied the license hereinafter required. If such coloring matter is found suitable for use in food under the provisions of this and Section 2 hereof, then the coloring matter shall be authorized for use on citrus fruits, and the manufacturer shall be licensed as hereinafter provided. Thereafter the Commissioner shall, from time to time, cause sample of coloring matter to be taken at the manufacturer's place of business, and shall cause the same to be analyzed, and if the coloring matter shall be found to contain any ingredient herein prohibited, or if it varies in any material or substantial degree from the formula therefor as filed with the Commissioner, then such coloring matter shall not be used on citrus fruit, and the manufacturer thereof shall be subjected to the penalties of this Act; provided, however, that the formula so filed with the Commissioner shall be held as confidential, and shall only be divulged to the Commissioner or his duly authorized representatives or upon orders of a Court of competent jurisdiction when necessary in the enforcement of this Act.

Licenses to Manufacture, Sell, or Use Formula; Bond; Action on Bond

Sec. 4. Before offering any such coloring matter for sale or use, the manufacturer thereof shall first procure from the Commissioner a license to manufacture and sell or license the use of the same, and shall at the same time execute and deliver to the Commissioner a cash bond or surety bond executed by such manufacturer as principal and by a surety company qualified and authorized to do business in this State, as surety, in the amount of Five Thousand Dollars (\$5,000). Said bond shall be in the form approved by the Commissioner and shall be conditioned to guarantee that such coloring matter is free from any matter or ingredient that is hurtful to the quality of such citrus fruit and is free from any ingredient that is in any way injurious to health. Said bond shall be payable to the Governor of the State of Texas and his successors in office, and the aggregate accumulated liability under any such bond shall not exceed the amount named therein. Any person claiming to be injured by a

breach of any of the conditions of said bond may maintain an action on the same against the principal and surety named in said bond, or either of them, and any judgment against the principal and surety, or either of them, in any such action, shall include costs.

Approval of Commissioner

Sec. 5. It shall be unlawful for any person to treat any citrus fruit with, or apply thereto, any coloring matter which has not first received the approval of the Commissioner as herein provided.

Standards for Fruit to be Colored

Sec. 6. It shall be unlawful for any person to use on citrus fruit, or apply thereto, any coloring matter unless such fruit passes the requirements of the State maturity tests, and in addition thereto, oranges shall pass the following minimum requirements for total soluble solids of the juice thereof and for ratio of total soluble solids of the juice thereof to anhydrous citric acid:

(a) When the total soluble solids of the juice is not less than nine (9) per cent, the minimum ratio of total soluble solids to the anhydrous citric acid shall not be less than nine to one.

(b) When the total soluble solids of the juice is not less than eight and one-half ($8\frac{1}{2}$) per cent, the minimum ratio of total soluble solids to the anhydrous citric acid shall be not less than ten to one.

(c) Coloring matter shall not in any case be applied to any oranges which do not meet the standards set out in subsections (a) and (b) above. Likewise, coloring matter shall not in any case be applied to any oranges unless the juice content thereof shall be at least four and one-half ($4\frac{1}{2}$) gallons to each standard packed box of one and three-fifths ($1\frac{3}{5}$) bushels capacity, the juice to be extracted by hand, without mechanical pressure.

(d) In determining the total soluble solids of citrus fruit within the purpose and meaning of this Act, the Brix hydrometer shall be used, and the reading of the hydrometer corrected for temperatures shall be considered as the per centum of the total soluble solids. Anhydrous citric acid shall be determined by titration of the juice, using standard alkali and phenolphthalein as the indicator, the total acidity being calculated as anhydrous citric acid.

Rules and Regulations

Sec. 7. The Commissioner shall have power to pass, make, and promulgate all needful rules and regulations for the proper enforcement and carrying out of this Act, and such rules or regulations, not inconsistent therewith, shall have the force and effect of law. He is expressly authorized to promulgate such rules as may be necessary to insure that fruit to which

color has been added, shall not unreasonably vary in color from the color of the best ripe fruit of the same variety generally produced in the State of Texas.

Enforcement of Act; Chief of Maturity Division; Additional Salary

Sec. 8. The enforcement of this Act and of the rules and regulations promulgated by the Commissioner shall be under the direction and control of the Commissioner, and shall be entrusted by him to the Chief of the Maturity Division who shall be allowed an additional salary, payable as hereinafter stated, of One Hundred and Twenty-five Dollars (\$125) per month for so doing. All employees, inspectors, and officers of the Commissioner authorized by Chapter 244, Acts of the Regular Session of the Forty-second Legislature, as amended,¹ shall also be charged with such duties hereunder as may be imposed by the Commissioner, or the Chief of the Maturity Division.

¹ Article 118c.

Inspection of Fruit to be Colored; Certificates of Inspection; Notice

Sec. 9. The said Commissioner is hereby authorized and empowered to enter upon and inspect personally, or through his authorized inspectors or agents, any place within the State of Texas where citrus fruit is being prepared or colored under the provisions of this Act, and to inspect any citrus fruit found therein, and he or they shall issue certificates of inspection in the form prescribed by him certifying that such citrus fruit complies with the provisions hereof in the event that he or they shall so find upon such inspection.

Every person before using or permitting the use of any coloring matter on citrus fruit shall notify the Commissioner or the Chief of the Maturity Division of his intention so to do, upon such forms as may be prescribed by and furnished by the Commissioner, and shall from time to time request inspection of all citrus fruit to be so treated. The Commissioner shall cause inspection thereof from time to time in such manner as he may determine necessary and proper. The inspector may designate a time within usual packing hours when all fruit not passing the inspections preceding coloration shall be packed or otherwise disposed of in his presence without being colored.

Assessments and Fees; Disposition of Proceeds

Sec. 10. All citrus fruit treated with coloring matter as provided herein shall be assessed at such rates as may be fixed by the Commissioner within the following limits:

All containers with a capacity of more than one-half bushel shall be assessed at the rate of not to exceed One Cent for each such container.

All containers with a capacity of one-half bushel or less shall be assessed at the rate of not to exceed One-half Cent for each such container.

All such fruit as is sold or transported in bulk shall be assessed at the rate of One Cent for each eighty (80) pounds or fraction thereof.

The amount of the fees referred to in this Section shall be fixed by the Commissioner from time to time, at a figure as near as possible the cost of administering this Act.

Such assessments shall be paid to the Commissioner or his agent by the person applying coloring matter to such citrus fruit, and shall be paid over to the State Treasurer who shall deposit said money to the account of "Special Citrus Fruit Inspecting Fund" created by the above mentioned Chapter 244, Acts, Regular Session of the Forty-second Legislature, as amended, which shall be a continuing fund.

The Commissioner is hereby authorized and empowered to use the moneys in said fund in defraying the expenses of the administration of this Act.

Marking or Branding Colored Fruit

Sec. 11. Each piece of fruit treated with coloring matter as provided herein shall be branded or marked with the words "Color Added" in letters at least three-sixteenths of an inch in height, but this provision shall be deemed to have been complied with if not more than ten (10) per cent of any such fruit is imperfectly or partially marked or branded. In the event such fruit is branded or marked with a trade-mark or name, or brand, by a two-line die in one operation, such words "Color Added" shall be placed above the trade-mark or name or brand.

Each package or container in which is sold, delivered, transported, or delivered for transportation any citrus fruit treated with coloring matter as provided herein, shall be marked, or branded, or have attached thereto securely a tag upon which is marked or branded the words "Color Added" in letters at least three-fourths of an inch in height, provided that the Commissioner may by regulation change the requirements of this Section to conform to any law or regulation promulgated under Federal authority.

Fruit Unfit for Consumption

Sec. 12. All citrus fruit which has been treated with coloring matter but which upon inspection fails to comply with any provision of this Act, and lawful rules and regulations issued thereunder, or that may be found to be otherwise unfit for consumption is hereby declared to be a public nuisance detrimental to the public health and the sale thereof is declared to be a fraud upon the public health and said fruit shall be seized and destroyed by the citrus fruit inspectors or by the sheriff of the county where found. Provided, however, that the owner thereof may be allowed to retain the same under such reasonable regulations as the Commissioner may prescribe for the disposition thereof.

False Certificates of Inspection; Necessity and Requisites of Certificates

Sec. 13. It shall be unlawful for any person to make or issue any false certificate of inspection hereunder, or to ship, sell, deliver, transport, or deliver for transportation, or receive for transportation any citrus fruit which has been treated with coloring matter, unless all of the provisions of this Act in regard to such citrus fruit shall have been previously complied with and unless such fruit is accompanied by a certificate of inspection as provided for in Section 9 of this Act, which certificate shall also show that the assessments or fees prescribed herein in regard to such citrus fruit have been paid.

Penalty

Sec. 14. Any person who violates any of the provisions of this Act, or any of the lawful rules and regulations promulgated by the Commissioner in pursuance hereof and not inconsistent herewith, or who does or commits any act herein declared to be unlawful shall be guilty of a misdemeanor and upon conviction shall be fined in any sum not less than Twenty-five Dollars (\$25) nor more than Five Hundred Dollars (\$500), or by imprisonment for not to exceed six (6) months, or by both fine and imprisonment.

Construction of Act; Partial Invalidity

Sec. 15. This Act shall be liberally construed and if any part or portion thereof be declared invalid or the application thereof to any person, thing, or circumstances is declared invalid, the validity of the remainder of this Act or the applicability thereof to any other person, circumstances, or thing shall not be affected thereby, and it is the intention of the Legislature to preserve any and all parts of said Act if possible.

When both a tractor and trailer or when two (2) units are used in the operation of hauling, both of said units shall be so marked; the designation shall be placed upon the vehicle or units in a permanent manner or in a substantial way so as to be not easily removed. Provided, however, that the provisions of this Section shall not apply to any such fruit being hauled from the farm or grove by the producer (including any employee of the producer driving a vehicle owned by producer) of such fruit in his own vehicle to market or place of first processing.

Such out of State fruit shall be tested upon the same basis and under the same maturity standards and requirements applicable to similar citrus fruit produced in Texas.

The amount of the fees referred to in this Section shall be reduced by the Commissioner to a figure commensurate with the amount of surplus in the fund which shall be taken into consideration by the Commissioner in estimating the amount of fees to be assessed for the administration of this Act for the following shipping season. It is the intention of this section that such fees shall be

fixed as nearly as possible with reference to the cost of the administration of this Act.

Such fee shall be due and payable when the fruit is prepared for market or transportation and payment thereof shall be evidenced by stamps, as hereinafter provided. And it shall be unlawful to sell, deliver, transport, or deliver for transportation, or receive for transportation, any citrus fruit, payment of the fee for which is not evidenced by proper stamps to be provided by the Commissioner of Agriculture. Inspectors Appointed; Oath and Bond

Sec. 10. Upon recommendation of the Commissioner of Agriculture, the Governor may in each year appoint and commission as many Citrus Fruit Inspectors for such period or periods, not exceeding one year, as said Commissioner may deem to be necessary for the effective en-

Such Inspectors shall make and file in the office of the Secretary of State, the oath required by the Constitution of this State, and shall give a good and sufficient bond in the sum of One Thousand Dollars (\$1,000.00), payable to the Governor of the State of Texas and conditioned for the faithful performance of the duties of such office. In cases of emergency or necessity where no citrus fruit inspector is available for the inspection of citrus fruit in any particular locality in this State, the Commissioner of Agriculture may designate some fit and competent individual to inspect, test, and certify as to such fruit offered for sale or transportation in such locality. Certificate made or issued by such designated individual shall be signed by him or her as "Special Citrus Fruit Inspector"; he or she shall not be required to give bond, but shall be subject to the penalties imposed by this Act for violation of any of the provisions thereof.

Method of Inspection

Sec. 12. In the inspection of the citrus fruit in the grove as is provided herein, inspectors shall take samples for analysis from the trees and from such fruit in the area for which inspection is requested, in the presence of the owner or agent or representative of such owner of such grove. Sufficient samples of grapefruit or oranges, each fairly representative of such of the fruit for which clearance certificate is desired shall be drawn by the inspector,

witnessed by the owner, agent, or owner's representative. For such fruit as passes the required test the Commissioner of Agriculture shall issue his certificate of clearance permitting such fruit to be removed and offered for sale; provided, however, that where the Commissioner of Agriculture or State Inspector has reason to believe that immature and green fruit is in fact being offered for sale, such immature or green fruit shall be condemned and it shall be unlawful for any person willfully to substitute green fruit for ripe fruit for which a clearance certificate has been issued; and for the determination of whether any such substitute has in fact taken place the Commissioner of Agriculture shall have the right and is herein fully empowered to test at the packing shed or elsewhere any fruit being offered for sale or for shipment.

Art. 135a-1. Insect Pests and Plant Diseases Quarantine Against Areas Outside State

Sec. 1. If the Commissioner of Agriculture of this State, hereinafter called the "Commissioner", determines the fact that any dangerous insect pest or plant disease new to and not heretofore widely distributed in the State exists in any area outside of Texas, he is hereby authorized and it is made his duty to establish, maintain and enforce a quarantine at the boundaries of this State or elsewhere within the State against such infested area and shall prevent the movement from such quarantined area or areas into this State or into any part of it of any plants, plant products, things or substances liable to disseminate the pest or plant diseases under consideration; provided that nothing herein shall be construed to prevent the movement of such plants, plant products, things or substances into this State from a quarantined area under such safeguards as the Commissioner shall deem adequate to prevent the introduction into this State of danger-

ous insect pests or plant diseases quarantined against.

Quarantine Against Areas Within State

Sec. 2. If any dangerous insect pest or plant disease not heretofore widely distributed in this State shall be found within the State, the Commissioner is hereby authorized and it is made his duty to establish a quarantine against such area as may be infested, and he shall prevent the movement of such plants, plant products, things or substances from such quarantined area into any other part of the State as are liable to spread the pest under consideration, except under such safeguards as shall be deemed adequate to prevent the spread of such dangerous insect pests or plant diseases to other parts of the State.

Free Areas; Venue of Actions

Sec. 3. When the Commissioner determines the fact that any insect pest or plant disease of general distribution in the State does not exist in any particular area, he is hereby authorized to publish such fact, and he shall have full power and authority to place a quarantine around such "free area" and prevent the introduction therein of any plants, plant products, things or substances liable to be infested with such insect pest or plant disease. Venue in cases arising under the provisions of this Section shall be in courts of competent jurisdiction in the county in which such "pest-free" zones are established.

Conditions Precedent to Establishing Quarantine

Sec. 4. Before any quarantine shall be established, as provided for in Sections 1, 2 and 3 herein, the said Commissioner shall cause the Chief Entomologist of the Department of Agriculture and, if he deems it advisable, one or more other persons designated and appointed by the said Commissioner, to make an investigation and hold a public hearing at some convenient and accessible point, due notice of which shall have been given at least ten (10) days prior to the day of such hearing by publication in a newspaper of general circulation in the area or areas to be considered; provided that if the quarantine under consideration shall be such as is provided by Section 1 hereof, the notice called for by this Third Section shall be sufficient if published in two newspapers of general circulation within the State of Texas (selection of which shall be made by the Commissioner of Agriculture and his selection to be determinative and final) for the time and in the form as set out in this Section. Such notice shall state the pests or plant diseases and the area to be considered, at which hearing all persons interested shall have the right to be heard. The Chief Entomologist and other persons, if any, appointed to conduct such hearing shall take the Constitutional oath of office and be empowered to administer oaths for the purpose of taking testimony and shall record the proceedings had, and shall investigate whether or not the particular pests or

plant diseases under consideration constitute a menace to any valuable plants or plant products, and shall make a written report to the Commissioner of the findings thereof as to whether or not such pests or plant diseases as may be considered are in fact a menace to any valuable agricultural or horticultural crops and the reasons for such conclusions. Such report shall also indicate whether or not any quarantine action is necessary or desirable; and, if so, the best known means of circumscribing, controlling, preventing spread of or exterminating such pests or plant diseases. After receiving such report, the said Commissioner is authorized to promulgate such quarantine regulations as may be indicated to be necessary for the protection of the agricultural or horticultural interests of this State.

Appeal to Courts by Persons Aggrieved

Sec. 5. Provided, that in the event any person or persons are aggrieved, and will be injuriously affected by the said quarantine, or whose property is to be destroyed by any such quarantine or order of the Commissioner, they shall have the right to appeal such matter to the District Court of any Judicial District in which such quarantine or order is promulgated by giving written notice thereof to the Commissioner, stating to what District Court said application is made, such notice to be by registered mail within ten (10) days from the date of the Commissioner's proclamation. Immediately after receipt of such notice the said Commissioner shall make a certified copy of his order and proclamation in said cause and transmit same to the District Court named in the notice. Upon receipt of said papers by the Clerk of said Court, said cause shall be docketed, "-----, Commissioner of Agriculture vs. -----, defendant", on the Civil docket of said Court, and tried in said Court in the manner provided for the trial of Civil cases, and the judgment of said Court upon final hearing shall be "that the orders and proclamations of the said Commissioner be approved and enforced", or "that said orders and proclamations be and are vacated and held for naught", as the Court or jury may determine.

Emergency Quarantine

Sec. 6. Provided further, that if a public emergency arises at any time in which there is likelihood of the introduction into this State or dissemination within the State of any plant disease or insect pest dangerous to the interests of horticulture and agriculture within this State, the Commissioner of Agriculture is hereby authorized to immediately establish an emergency quarantine at the boundaries of this State, or elsewhere within the State, and immediately make and enforce such rules and regulations as may be deemed necessary to prevent the introduction of any dangerous insect pest or plant disease into this State, and to prevent the carrying of such dangerous insect pest or plant disease from one part of the State into another part of the State, except un-

der safeguards deemed adequate to prevent the dissemination of the pest; provided, however, that this emergency quarantine shall not remain in effect for more than thirty (30) days from date of promulgation, unless repromulgated and perpetuated by the Commissioner after official hearing, as provided herein.

Protection of Carriers from Damages; Penalty
for Violation

Sec. 7. Provided further, that no railway company, steamship, motor-boat, motor-bus, truck or other carrier shall be liable to any consignor or consignee for damages for refusing to receive and transport and/or deliver across and/or into the area or areas protected by the emergency and/or permanent quarantine provided for herein, any fruit, plants, shrubs, or other carrier of insect pests or plant diseases, in violation of any quarantine proclamation or regulation issued by the Commissioner of Agriculture. The transportation and/or delivery of any fruit, plants, shrubs or other carrier of insect pests or plant diseases in violation of any quarantine proclamation and/or regulations issued by the Commissioner of Agriculture as provided for in this Act, by any railroad company, steamship, motor-boat, motor-bus, truck or other carrier (private or common) shall subject such person, persons, association, partnership or corporation so violating, to a penalty in the sum of Five Hundred (\$500.00) Dollars to be recovered in a suit therefor to be instituted by the Attorney General on behalf of the State of Texas. Venue for such action is specifically provided for in Travis County, Texas.

Investigation and Report by Commissioner of Agriculture
to Commissioners' Court; Notice and Hearing

Sec. 8. When so requested by the Commissioners' Court of any county in this State, the Commissioner shall cause an investigation to be made to determine whether or not any certain insect pest or pests or plant disease or diseases exist in such county or in any part thereof, and shall cause a written report to be made to the said Commissioners' Court which shall contain a statement as to the nature of the infestation, if any, the best known means or method of circumscribing, eradicating, controlling or exterminating the same, and shall state therein specifically what treatment or method is necessary to be applied in each case, as the matter may require, with detailed statement or description as to the method of making or procuring and of applying any preparation or treatment so recommended therefor, and the time and duration for such treatment. Upon receipt of such statement, the Commissioners' Court of such county is hereby authorized to cause the same to be published two (2) consecutive weeks in some newspaper of general circulation in the area or areas under consideration, together with notice of hearing to be held by said Commissioners' Court, which hearing shall be held not less than fifteen (15) days after the first notice shall have been published,

at which hearing all persons interested shall have the right to be heard. After such hearing, the said Commissioners' Court shall make a report to the Commissioner, giving its conclusions. If such report approves the recommendations that shall have been made, and the Commissioners' Court of such county believes that such measures as shall have been recommended should be applied in such area or areas that may be under consideration; then the said Commissioners' Court shall, by an order duly entered in its Minutes, request the said Commissioner to establish a "control" or "eradication" zone, as the matter may require, in said area, and the Commissioner shall issue a proclamation creating such area or areas as may be designated an "eradication" zone or "control" zone, as the case may be, and shall prescribe rules and regulations governing the circumscribing, control, eradication or extermination of such pest or disease, and thereafter it shall be unlawful for any person to do any act prohibited by such rules and regulations, or refuse to do anything commanded to be done by such rules and regulations. The Commissioners' Court of the several counties shall have full power and authority to appropriate funds from the general revenue of the county and to employ such aid as may be necessary to carry into effect this provision.

Quarantine; Insect and Plant Disease Control; Penalty

Sec. 9. When rules and regulations, promulgated by the Commissioner of Agriculture pursuant to any quarantine order authorized in this Act, shall provide for the prevention of the selling, moving, transporting of any plants, plant products, things, or substances from any area quarantined or declared infested as provided for herein, or shall provide for the destruction of trees or fruits, or for the cleaning of orchards or treatment of orchards, or methods of storage, or shall provide for the prevention of the entry into any pest-free zone of any plants, plant products, things, or substances found to be dangerous to the agricultural and horticultural interests of such pest-free zone, or shall provide for the maintenance of a host-free period in which certain fruits are not to be allowed to be ripened, or shall provide for any specific treatment of a grove or orchard, any person or persons found guilty of selling, carrying, or transporting such plants or plant products from a quarantined area or areas declared infested or into an area declared to be a pest-free zone, as the case may be, or who shall maintain any ripening fruit during the host-free period on any tree declared to be a nuisance in such quarantine order, or fails or refuses to administer the treatment provided for, including specific methods of spraying, removing diseased parts, removing and destroying fallen or culled fruits, or removing such weeds or plants as may be hosts or carriers of insect pests or plant diseases, or failing to store products in manner as may be required, shall be deemed guilty of a misdemeanor, and upon conviction shall be fined in any sum not to exceed

One Hundred Dollars (\$100), and each thing, sold or transported, and each act in violation hereof, shall be considered a separate offense; and provided further that any person violating any of the provisions of this Act may be prosecuted therefor in any county of this State where such violation occurs.

**Destruction of Plants for Violation of Quarantine;
Notice and Hearing**

Sec. 10. When any plants, plant products, things or substances are transported or carried from any area (whether within or beyond the boundary of the State of Texas) quarantined, or declared infested under the provisions of this Act, in violation of a quarantine order preventing such transportation or movement, it shall be the duty of the Commissioner to take possession of same and give immediate notice to the owner thereof that such plants, plant products, things or substances as have been transported are a public menace and shall be destroyed, or, if practical, returned to the point of origin; or, if any plants, plant products, things or substances moved into the State or from any part of the State to another part are discovered to be infested with an insect pest dangerous to any agricultural or horticultural product, whether or not such plants, plant products, things or substances came from an area known to be infested, it shall be the duty of the Commissioner to take possession of them and give notice to the owner thereof that same are a public menace and shall be destroyed. It is specially provided that if and whenever the name of the owner of such plants, plant products, things or substances is unknown to said Commissioner of Agriculture, then in such event, the said Commissioner shall give notice that after a certain specified date, not less than ten days after the first publication of said notice, he will proceed to cause to be destroyed such plants, plant products, things or substances. Said notice shall be published once a week for two consecutive weeks in a newspaper of general circulation in the county where such plants, plant products, things or substances were found, and said notice shall describe said Articles. If the owner thereof claims the said Articles prior to the date set by said notice, for destruction thereof, they shall be turned over and delivered to such owner at his own expense. If such claim is not made, the Commissioner, is hereby authorized to destroy and cause to be destroyed such Articles.

Continuation of Previously Established Zones

Sec. 11. All control zones or eradication zones heretofore established in the Counties of Hidalgo, Willacy and Cameron, under the provisions of Chapter 69, Acts of the Regular Session of the 40th Legislature,¹ for the control of the Mexican fruit worm, *Anastrepha ludens*, Loew, are hereby validated and carried forward, and all quarantines, rules and regulations now in effect prohibiting the importation into this State, or dissemination within the State of any fruits, plants or other known car-

riers of dangerous insect pests and plant diseases are hereby validated and shall remain in full force and effect until abrogated by proclamation of the Commissioner of Agriculture, and hereafter all fruit and plants infested or contaminated with dangerous insect pests or plant diseases known to be a menace to agricultural and horticultural products in such control zones shall be destroyed or treated so as to render them free from such infestation, and when an orchard is found to be infested by such pest or diseases in said control zones, no fruit from the infested orchard or any adjoining orchards shall be moved or allowed to be moved until a committee, appointed by the Commissioners' Court of such county, shall have determined the extent of the infestation and shall have effected the destruction or processing of all contaminated fruit, and it shall be unlawful for the variety of citrus known as "sour orange," with ripe or ripening fruit thereon, to be maintained in said control zones between March 1st and October 1st, and such fruit is hereby declared to be a public nuisance, and in like manner all other citrus fruit trees neglected by the owner thereof to the extent that they may have ripe or ripening fruit thereon between the above mentioned dates are public nuisances, and the same shall be destroyed, and provided further, that all other fruit trees known hosts of the Mexican fruit worm having ripe or ripening fruit thereon between March 1st and October 1st in the said control zones are declared to be public nuisances and their destruction a public necessity, and when such trees have ripe or ripening fruit thereon between the dates of March 1st and October 1st, as evidenced by affidavits of three (3) citizens of the county, it shall be the duty of the Commissioner of Agriculture to order such tree or trees and fruit destroyed. And any person or persons who shall sell or move any fruit from any area within the control zones which has been found to be contaminated or infested with the Mexican fruit worm shall be subject to the penalties in the manner as provided in Section 9 hereof.

¹ Articles 135a to 135d, repealed.

Enforcing Destruction on Refusal of Owner

(5) Whenever any notice, report, statement, or record is required by this Act to be kept or made in writing, it shall be in the English language.

(6) Whenever any power or authority is given by any provision of this Act to any person, it may be exercised by any deputy, inspector, or agent duly authorized by him, unless it is expressly provided that it shall be exercised in person.

(7) As used in this Act, the word "shall" is mandatory and the word "may" is permissive.

(8) The Commissioner may enter upon any premises to inspect the same or any tree, plant, shrub, or fruit growing or stored therein.

(9) The Commissioner is hereby authorized to promulgate and adopt rules and regulations for carrying out those provisions of this Act which he is directed and authorized to administer and enforce.

Commissioner of Agriculture; Powers and Duties

Sec. 3. (1) It shall be the duty of the Commissioner to control and/or eradicate the Mexican fruit fly in the State of Texas and to protect all premises, as defined herein, within the State of Texas from such pest. The Commissioner shall adopt necessary rules and regulations to be proclaimed by the Governor of the State of Texas for carrying out the provisions of this Act.

(2) It shall be the duty of the Commissioner, when advised of the existence of Mexican fruit fly within any county or part of county in this State, to certify such fact to the Governor of Texas who shall then proclaim such county or part of county to be quarantined, and such county or part of county shall thereafter be dealt with by the Commissioner as is herein provided. The following Counties and parts of Counties in the State of Texas are hereby declared to be quarantined area and are hereby quarantined because the Mexican fruit fly is therein known to exist, to wit: the Counties of Cameron, Hidalgo, and Willacy.

(3) The Commissioner is hereby authorized, when, in his judgment, the exigencies of the situation so require, to designate a modified

quarantined area, which designation is to be by the Commissioner certified to the Governor to be proclaimed as such. The Commissioner shall adopt such rules and regulations as are necessary for the regulation of such modified quarantined area.

(4) It shall be the duty of the Commissioners Court of any county in a quarantined or modified quarantined area to appoint a committee of five (5), such committee to be known as the "Citrus Quarantine Advisory Committee," and said committee shall be composed of four (4) growers of citrus fruits, to be nominated and appointed by said Commissioners Court subject to the approval of the Commissioner, and one representative of the Commissioner to be nominated by said Commissioner and appointed by said Court. It shall be the province of said committee, when advised by the Commissioner that an infestation exists within any premises in said county, to determine the extent of such infestation, and when the extent of such infestation shall have been determined by such quarantine advisory committee, such committee shall recommend to the Commissioner the procedure for eliminating such infestation.

(5) Whenever any county, part of county, district, or territory is designated for fruit fly control and/or eradication by the Commissioner and proclaimed by the Governor, as herein provided, said proclamation shall contain a provision quarantining said county, part of county, district, or territory, and the effect of such quarantine shall be to quarantine said county, part of county, district, or territory and all premises therein of each individual, owner, lessee, renter, tenant, and occupant in the designated county, part of county, district, or territory without specifically designating said land or premises. The quarantine of such area shall be considered as continuing until said quarantine has been modified or removed by the Commissioner.

(6) When any premises within the quarantined area are found by an accredited entomologist to be infested, as the term is defined herein, such entomologist shall certify the fact of such infestation to the Commissioner. It shall thereupon be the duty of the Commissioner to satisfy himself as to the existence of such infestation and the extent thereof. The Commissioner may refer the fact of such infestation to the Citrus Quarantine Advisory Committee of the county in which such premises are located, or if such premises be located in more than one county, then to the Citrus Quarantine Advisory Committee of any county in which a portion of such premises lies situate. It shall be the duty of the Commissioner to decide the manner best suited to the control and/or eradication of such infestation, taking into consideration the recommendations of the Citrus Quarantine Advisory Committee as to the procedure to be followed. The findings of the Commissioner, together with the directions of the Commissioner, shall be reduced to writ-

ing and a copy of such instrument in writing shall be served upon the owner of said premises immediately; such directions shall be mandatory and the owner of said premises shall immediately proceed to comply with such order as regards said premises. The failure to obey such mandatory order of the Commissioner and to place such premises in compliance therewith shall, from and after the effective date of this Act, be a misdemeanor and any person disobeying such mandatory order of the Commissioner shall, on conviction, be fined not more than Two Hundred Dollars (\$200).

(7) The maintenance of any premises, as herein defined, within the fruit fly quarantined area in an unhusbandlike or unsanitary condition is hereby declared to be a public nuisance. The words "unhusbandlike and unsanitary," as used herein, shall be construed to mean the maintaining of such premises with host fruit upon trees located on such premises during the host-free period, or the maintaining of such premises with fallen, refuse, or cull fruit upon the ground, such fallen, or refuse, or cull fruit having been permitted to remain upon the ground and/or premises for a period of seven (7) days during the harvest period. It is the intention of the Legislature that the cleaning of such premises once in each seven-day period within such harvest period shall be mandatory and any person who, within the harvest period, as the same is in this Act defined, shall fail to clean the fallen, or refuse, or cull fruit from his premises at least once in each successive seven-day period, and dispose of the same in a manner satisfactory to the Commissioner, or bury the same at a depth of not less than eighteen (18) inches beneath well tamped soil, or who shall maintain any premises with host fruit upon the trees located on such premises during the host-free period, shall be guilty of maintaining a public nuisance and such person shall, on conviction of maintaining such public nuisance, be fined any sum not to exceed Two Hundred Dollars (\$200).

(8) The Commissioner is hereby authorized to direct owners, part owners, and caretakers of premises subject to the terms of this Act, to place such premises in husbandlike and sanitary condition, said direction to be in writing and signed by said Commissioner or his agent, which signature may be written or stamped thereon; the same shall be dated and shall direct said owner, or part owner, or caretaker, whether such owner, part owner, or caretaker be a person, firm, or corporation, to place such premises in a sanitary condition under the supervision of an inspector of said Commissioner. In the event that the owner of said premises be a nonresident of the State of Texas, the direction of the Commissioner as to the placing of such premises in a sanitary condition shall be sufficient if ten (10) days' notice be given to such nonresident owner by registered mail by said Commissioner and/or his agent or inspector.

(9) Whenever the Commissioner shall issue sanitation directions in writing to any owner, part owner, or caretaker of any premises which are located in the quarantined area, it shall be the duty of said owner, part owner, or caretaker to place such premises in a sanitary condition as directed in such written directions. Any owner, part owner, or caretaker of any premises, as herein defined, who fails or refuses, after the expiration of a ten-day period of notice, as provided herein, to place such premises in a sanitary condition, as herein defined, shall be deemed guilty of a misdemeanor and upon conviction shall be fined not more than Two Hundred Dollars (\$200). From and after the effective date of this Act, the maintenance by any person on any premises within the quarantined area of any growing host fruit, as herein defined, within the host-free period, as herein defined, shall be unlawful, and any person convicted of a violation of this provision shall be fined not more than Two Hundred Dollars (\$200).

Appeals from Orders of Commissioner

Sec. 4. (1) Any person, firm, or corporation aggrieved by any order of the Commissioner may appeal to any Court of competent jurisdiction within the county in which such premises lie situate.

(2) Owners and caretakers of premises subject to sanitary directions of the Commissioner under the provisions of this Act, shall furnish all necessary labor at their own expense for placing such premises in a husbandlike and sanitary condition. Administrators, executors, and guardians are hereby declared to be the caretakers of the premises within their jurisdiction and control and shall be held responsible for the execution of all sanitary directions issued by the Commissioner relating in whole or in part to the estate under their control by reason of said administration or guardianship. Husband and wife shall be held jointly and severally liable for the execution of sanitary directions of the Commissioner relating to their community estate, and the husband shall be held liable for the execution of such directions relating to his separate estate, and the wife shall be held liable for the execution of such directions relating to her separate estate, providing that the husband shall be held liable for failure to follow directions of the Commissioner relating to the separate estate of the wife, and the wife shall be held liable for the execution of directions of the Commissioner relating to the separate property of the husband, if either is the caretaker of such premises belonging to the separate estate of the other.

(3) When the Commissioner ascertains that a person, firm, or corporation is the owner, part owner, or caretaker of any premises which are subject to sanitary direction of the Commissioner under the provisions of this Act, and such directions are issued by the Commissioner, as herein provided, it shall be presumed that, at and on the date of the expiration of

the notice period herein provided, said person, firm, or corporation was still the owner, or part owner, or caretaker, as the case may be, of such premises, and it shall only be necessary for the State to allege and prove that at the time of the service of said written sanitary directions, said person, firm, or corporation was the owner, or part owner, or caretaker of such premises subject to the sanitary directions of the Commissioner.

(4) Upon the failure of any owner, part owner, or caretaker to comply with a written sanitary order of the Commissioner, under the terms and provisions of this Act, in the manner and within ten (10) days from and after the receipt of such written sanitary order, it shall be the duty of the Commissioner and/or his agents or inspectors to institute proceedings in a Court of competent jurisdiction in the county in which such premises lie situate to have such premises declared a nuisance by law. No cost bond shall be required of the Commissioner or his agents in the filing of such proceeding. The Commissioner and/or his agents or inspectors may, if the circumstances so warrant, petition the Court to appoint a receiver for such premises. The Court shall hear the petition with regard to such premises in termtime or in vacation, and if heard in vacation the same may be as fully disposed of and all issues determined in vacation the same as in termtime. The owner of such premises shall give such notice as the Court shall deem necessary. If, in the judgment of the Court, such premises are found to be a public nuisance, it shall be the duty of the Commissioner, his agents, or inspectors to go upon such premises with a sufficient number of helpers and to place such premises in compliance with the directions of the Commissioner. The Commissioner, his agents and/or inspectors shall be allowed the sum of not to exceed Twenty-five (25) Cents per man hour for each and every hour actually expended in placing such premises in compliance with the written directions of the Commissioner, together with an additional fee in the sum of Twenty-five Dollars (\$25), which is hereby declared to be a reasonable recompense for the time involved in the execution of such compliance order, and is in no wise to be construed as a penalty. The aforesaid sum of Twenty-five Dollars (\$25) shall be delivered to the Commissioner, who shall place the same in a fund to be known as the "Orchard Sanitation Fund" and the same shall be expended in the enforcement of the provisions of this Act by the Commissioner. A lien is hereby given said Commissioner, his agents, and/or inspectors upon all citrus fruit growing or standing on such premises for the purpose of securing the payment of the aforesaid sums, and said officers are authorized to retain in their possession and sell at public sale to the highest bidder at any time at the courthouse door of said county such citrus fruit as may be found upon said premises for the purpose of paying the fees herein provided,

the residue, if any, to be paid to the owner of said premises or paid to the County Treasurer subject to the order of the owner, provided, however, that if, in the judgment of the Court, a receiver for such premises be named, and such receiver shall be named, then the provisions of this Section as to the sale of fruit found upon said premises shall be executed by said receiver and the fees herein provided for such services as shall be rendered by the Commissioner, his agents, and/or inspectors, shall be paid to the Commissioner by said receiver and the residue, if any, shall be paid by said receiver to the owner of said premises or to the County Treasurer subject to the order of said owner.

(5) In lieu of the sale of said citrus fruit, as provided in the preceding Section, said officer may fix said lien by filing with the County Clerk of the county in which said premises are located, a sworn statement of said indebtedness, together with a description of the property or properties upon which said lien is to be placed. Such lien shall be filed within thirty (30) days after the enforcement of the directions of the Commissioner by said officers, and suit shall be filed in a Court of competent jurisdiction against the owner of said premises within twenty-four (24) months after filing said statement for the collection of said account and the foreclosure of said lien. No cost bond shall be required of said officer filing said suit, nor of any person to whom said account may be assigned. The Court shall enter judgment for said debt with interest and costs of suit and foreclosing said lien on such premises as the Court may deem necessary for defraying said expenses and paying said fees to said officer and Court costs. Said officer may file a separate statement and separate suit covering each necessary compliance with a written direction of the Commissioner, or may wait until a number of them accrue and sue in the aggregate in one suit and a statement may be filed covering all of said necessary compliances with written directions of the Commissioner.

Peace Officers May Perform Acts of Commissioner

Sec. 5. (1) Where, by any provision of the two (2) preceding Sections of this Act, the Commissioner, his agent, and/or inspector is authorized to perform any act, the same shall also include any and all peace officers of this State who may be legally authorized by any law to perform service in such territory.

(2) Any resident or residents of any county or part of county in which fruit fly control and/or eradication is being conducted may bring mandatory injunction to compel owners, part owners, or caretakers to place their premises in sanitary condition under the provisions of this Act after said owner, part owner, or caretaker has failed or refused, or is threatening, or has threatened to refuse or fail to comply with the written directions of the Commissioner, and the Court may, in termtime or vacation, upon notice to the defendant, hear and de-

termine the same, and if the Court finds that said owner, part owner, or caretaker has been served with a written sanitary direction from the Commissioner, and that the defendant's premises are subject to said order, and that the material allegations in plaintiff's petition are true, the Court shall enter its order commanding said owner or caretaker to instantly comply with the written directions of the Commissioner, and upon failure of said person to comply with said written directions of the Commissioner, he shall then be held liable for contempt of Court and punished accordingly.

(3) Whenever the Commissioner ascertains that there are premises in any county in which fruit fly control and/or eradication is being conducted under the provision of this Act for which he can locate no owner or caretaker, said Commissioner is hereby authorized to seize the citrus fruit growing or standing on said premises and to sell the same in the manner and for the purposes heretofore provided.

(4) Any person, firm, or corporation, or transportation company who shall haul, or truck, or otherwise move any citrus fruit from any premises as herein described, or from any county, or part of county, or territory, or district which is under quarantine by virtue of this Act or by any order of the Commissioner of Agriculture of the State of Texas, or by a proclamation of the Governor of the State of Texas because of fruit fly infestation as provided for in this Act, in violation of said quarantine without a written permit or certificate of an inspector of the Department of Agriculture of the State of Texas, or inspector of the Bureau of Entomology and Plant Quarantine of the United States Department of Agriculture, or who shall so move into the State of Texas from any State, nation, territory, or area under quarantine for fruit fly infestation by the said Commissioner of Agriculture of the State of Texas, or by the United States Bureau of Entomology and Plant Quarantine, or by the sanitary authorities of the State, or nation, or territory from which they are moved without a certificate from the Commissioner of Agriculture of the State of Texas, or that having such permit or certificate from said Commissioner shall ship, truck, or in any manner transport such citrus fruit from said quarantined premises to any other place than the place designated by such certificate or permit, shall be fined not more than Two Hundred Dollars (\$200). Any owner, part owner, or caretaker of such premises or citrus fruit, who shall permit or allow such citrus fruit to be shipped or transported, or otherwise moved in violation of this Act without said permit or certificate, shall be deemed guilty of violating this provision the same as if he had personally shipped or transported such citrus fruit.

(5) Any resident of this State may bring injunction suit to compel the compliance with any provisions of this Act or restrain any threatened violation of same. Said injunctions and mandamus proceedings may be heard in

vacation or termtime and if heard in vacation, the same may as fully be disposed of and all issues determined in vacation the same as in termtime. Notice of said hearing to the opposite party may be given under the direction of the Court, if, in the opinion of the Court, the ends of justice require such notice.

Penalty

Sec. 6. The violation of any of the terms or provisions of this Act is hereby declared to be a misdemeanor, and any person found guilty of the violation of any of the terms or provisions of this Act shall, on conviction, be fined not to exceed Two Hundred Dollars (\$200).

Provisions Cumulative

Sec. 7. This Act shall be cumulative of all laws now on the Statutes providing for quarantine regulations and the inspection of plants, fruits, and shrubs to prevent the importation or dissemination of dangerous insect pests and plant diseases in this State.

Severable Construction

Sec. 8. If any section, subsection, sentence, clause, or phrase of this Act is, for any reason, held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this Act. The Legislature hereby declares that it would have passed this Act and each section, subsection, sentence, clause, and phrase thereof irrespective of the fact that any one or more sections, subsections, sentences, clauses, or phrases be declared unconstitutional.

Art. 135a-3. Insect Pests and Plant Diseases Common to Citrus Fruit

Quarantine

Sec. 1. If the Commissioner of Agriculture of this State, hereinafter called the "Commissioner," determines the fact that any dangerous insect pest or plant disease, new to and not heretofore widely distributed in the State, exists in any area outside of Texas, he is hereby authorized and it is made his duty, to establish, maintain, and enforce a quarantine at the boundaries of this State or elsewhere within the State against such infested area and shall prevent the movement from such quarantined area or areas into this State or into any part of it of any plants, plant products, things or substances liable to disseminate the pests or plant diseases named in Section 2 hereof, provided that nothing herein shall be construed to prevent the movement of such plants, plant products, things or substances into this State from a quarantined area under such safeguards as the Commissioner shall deem adequate to prevent the introduction into this State of dangerous insect pests or plant diseases quarantined against.

Nothing in this Act shall be deemed to authorize the Commissioner or the Department of Agriculture to expend money without the State of Texas, or to send employees without the

State of Texas, or to employ persons without the State of Texas. The provisions of this Act shall apply solely to diseases, pests and infections common to citrus fruit.

**Certain Insect Pests and Plant Diseases Declared
Public Menaces**

Sec. 2. The following named insect pests and plant diseases which are not known to be widely distributed in Texas, are hereby declared public menaces and their introduction into this State is hereby stated to be of serious jeopardy to the citrus industry and horticulture of Texas:

- Black scale, *Saissetia oleae*
- Branch-and-twig borer, *Polycaon confer-tus*
- Long-tailed mealy bug, *Pseudococcus Longispinus*
- Orange-peel miner, *Marmara species*
- Withertip of lime, *Glocosporium Limetti-colum*
- Scaly bark, *Cladosporium herbarum*

It is known that these pests and public nuisances occur in a widely distributed area of the United States, and the unregulated movement of citrus trees and fruits, which are host plants of these pests, into Texas would result in the distribution of the pests throughout the State.

Shipments Into State—Certificate of Inspection

Sec. 3. Provided that no person, partnership, or corporation outside the State shall be permitted to ship citrus nursery stock or citrus fruit into the State of Texas without first having filed with the Commissioner of Agriculture a certified copy of certificate of inspection issued by the proper authorities of the State in which the shipment originates; such certificate must show that the stock or the fruit to be shipped has been produced in a county known to be free of the above-mentioned pests or that the stock or fruit has been fumigated by a method that will render it free of pests infestation and such method must be approved by the Commissioner of Agriculture of this State.

**Shipments of Citrus Fruit or Nursery Stock—
Certificate—Permit**

Sec. 4. No transportation company or common carrier shall receive, transport or deliver shipments of citrus nursery stock or citrus fruit originating without this State which do not bear shipping tags or labels showing the certificate of inspection of the State in which it originates, together with the Commissioner's permit from the State of Texas.

Shipments not Accompanied by Certificate

Sec. 5. No transportation company or common carrier shall be liable for damages to the consignee or consignor for refusing to receive for transportation or deliver such trees or fruit, packages, bales, bundles, or boxes of trees or fruit, when not accompanied by copies of the certificates provided for by this Act.

Penalty for Violation

Sec. 6. Any person violating the provisions of this Act shall be deemed guilty of a misdemeanor and upon conviction shall be fined not less than Fifty Dollars (\$50) nor more than Two Hundred Dollars (\$200).

[Acts 1939, 46th Leg., p. 55.]

**Art. 135a-4. Testing Agricultural Products
For Aflatoxins**

Sec. 1. The Texas Department of Agriculture is hereby authorized to test any agricultural product for aflatoxins when requested to do so for an individual, company, association or corporation.

Sec. 2. The Texas Department of Agriculture is hereby authorized to charge a fee for the making of a test of an agricultural product for aflatoxins. Such fee shall be in an amount to be determined by the Commissioner of Agriculture of the Texas Department of Agriculture; provided, however, the fee set by the Commissioner of Agriculture shall be not less than Ten Dollars (\$10) nor more than Twenty Dollars (\$20).

Sec. 3. All fees collected by the State Department of Agriculture for making tests for aflatoxins pursuant to the provisions of this Act shall be deposited in the Special Department of Agriculture Fund in the State Treasury.

Sec. 4. If any portion of this Act is declared unconstitutional, it is the intention of the Legislature that the other portions shall remain in full force and effect.

(c) When the facts indicate that any type of application does not create a hazard in any particular area, the Commissioner shall exempt by regulation such area from having a permit or paying a permit fee and shall promulgate regulations in accordance with the facts found.

(d) No permit shall be issued for the application of powder or dry type herbicides unless such type is of sufficient size as to conform to the following particle size distribution: minimum of 100% to pass through U.S. Standard 10 Mesh Sieve; maximum of 1% to pass through U.S. Standard 60 Mesh Sieve, and any other application of a powder or dry type herbicides at any time shall be a violation of this Act where a permit has been issued.

Regulations

Sec. 8. (a) All regulations shall be distributed in printed form and a copy delivered to each applicant for a permit or license. Upon written request of any interested person for a revision of the regulations, an exemption from the law or any requirement thereof, or a prohibition of spraying in any area, the Commissioner shall hold a public hearing within twenty (20) days after such request. Each revision of the regulations shall be published and distributed in the same manner as the original regulations. A person will have twenty (20) days after the effective date of any regulation or after a change of regulations within which to comply with such new or changed regulation. Such regulations as have been previously issued shall be in force until twenty (20) days after the effective date of any new or changed regulations.

(b) The Commissioner is charged with the duty of enforcing the requirements of this Law and any regulations issued hereunder. In the

event a County or District Attorney refuses to act on behalf of the Commissioner the Attorney General shall so act.

Application

Sec. 9. All herbicides shall be applied according to the rules and regulations as set by the Commissioner and it shall be the joint responsibility of the applier and custom applier to supervise the application of herbicides in compliance with the rules and regulations, as set by the Commissioner.

Inspections of Affected Crops or Sprayed Areas; Notice to Commissioner

Sec. 10. The Commissioner shall have the authority to enter upon and inspect any premises before issuing a permit for spraying and may inspect the surrounding area. He shall inspect all crops reported to him as being affected by herbicides, shall inspect the surrounding area to find possible sources of drift and shall make a report of all findings in connection with such affected crop. In the event a person has crops or plants affected by drift of hormone type herbicides, he must notify the Commissioner of Agriculture of such effect before the crop is harvested or the plants destroyed, whichever fact first occurs. If no notice is given it shall be presumed there was no effect of hormone type herbicides, provided, however, such presumption may be rebutted by proper evidence to the contrary.

Exemptions

Sec. 11. Upon written notice to the Commissioner, and under regulations which he may prescribe, experimental work with herbicides by the State Department of Agriculture, any recognized college or university, the United States Department of Agriculture and any body politic or public organization shall be exempted from obtaining a permit for the use of herbicides and from paying the fee therefor, and the Commissioner may exempt the above from any other requirements of the law or regulations.

Herbicide Fund

Sec. 12. All license and permit fees collected by the Commissioner under the provisions of this Act shall be placed in a special fund of the State Treasury and payable to the State Treasurer to be known as the "Herbicide Fund" which fund, or so much thereof as may be necessary, is hereby appropriated to the Commissioner to pay the expense of the administration of this Act and all expenditures shall be paid by the Treasurer upon warrants drawn by the Comptroller of Public Accounts issued by the Commissioner. The Commissioner may employ such inspectors and other employees as may be necessary for the proper enforcement of the provisions of this Act and the regulations promulgated hereunder.

County Herbicide Inspectors

Sec. 13. The Commissioners Courts of all counties are hereby authorized to appoint and

compensate a person or persons to act as a herbicide inspector for the area designated by such appointment. Such herbicide inspectors shall cooperate with and work under the supervision of the Commissioner of Agriculture and shall have such powers as an employee of the Commissioner of Agriculture.

Penalties

Sec. 14. Any person violating any requirement of this Act or failing to perform any requirement hereof shall be guilty of a misdemeanor. It shall be deemed a violation to spray without a permit; to sell without a license; to operate equipment without a license or to fail to keep and submit records if such are necessary as set forth in this Act or in regulations of the Commissioner of Agriculture. It shall be a violation for any person to act contrary to any requirement of a regulation of the Commissioner of Agriculture or to fail to comply with any such regulations. Said regulations shall have the force and effect of law and any violation thereto shall be a violation of this Act. Upon conviction, a person shall be fined not less than One Hundred Dollars (\$100) nor more than Two Thousand Dollars (\$2,000) or confined to jail not more than thirty (30) days or given both such fine and jail sentence. The penalty provided for herein shall in no way affect any civil liability of the person convicted hereunder.

Application of Act to Certain Counties

Sec. 17. (a) The provisions of this Act relating to appliers and custom appliers shall not be effective at this time in any county in this state, except Dawson County, north and northwest of the southernmost boundaries of Andrews, Martin, Howard, Mitchell, Nolan, Taylor, Callahan, and Eastland Counties, and the easternmost boundary line of a portion of Eastland County, and the counties of Stephens and Young; and the southernmost boundary and the easternmost boundary of Clay County, it being the intention of the Legislature that all of the counties named, except Dawson County, shall be exempted from the provisions of this Act, as herein provided, and all counties of Texas, except Dawson County, north and west of said named counties shall also be exempted from the provisions of this Act; because it is found to be a fact that there is now no crop or vegetation of value susceptible to damage in this area. It is further provided that the following named counties shall be exempt from the provisions of this Act relating to appliers and custom appliers: Coleman, Runnels, Coke, Tom Green, Sterling, Glasscock, Reagan, Upton, Irion, Crane, Sutton, Schleicher, Crockett, Val Verde, Presidio, Pecos, Jeff Davis, Brewster, Terrell, Edwards, Mills, Lampasas, Burnet, Llano, Gillespie, Kerr, Bandera, Kinney, Uvalde, Zavala, Real, Kimble, Mason, Menard, McCulloch, Montague, San Saba, Concho, Brooks, Cameron, Dimmit, Duval, McMullen, Nueces, Starr, Webb, Frio, Hidalgo, Jim Hogg, Jim Wells, Kenedy, Kleberg, La Salle, Willacy,

Zapata, Maverick, and Panola. The provisions of this Act relating to applicers, custom applicers and dealers shall not be effective in Caldwell County or Gonzales County. However, the provisions of this Act relating to dealers apply to every other county in the state.

(b) (1) When any crop or vegetation of value that is susceptible to damage exists in any county, or a portion of a county, exempted by Subsection (a) of this section, which fact shall be determined by the commissioners court of the affected county, evidenced by an appropriate order entered in the minutes of the court, the provisions of this Act relating to applicers and custom applicers shall be in full force and effect in that county or portion of that county immediately upon the entry of said order.

(2) When the commissioners court of any county that has had a county or a portion of a county's exemption removed pursuant to Subdivision (1) of this subsection finds that there is no longer a crop or vegetation of value susceptible to damage in the county or portion of a county, the court may order the exemption created by Subsection (a) of this section to be reinstated, thereby exempting the county or a portion of the county from the provisions of this Act relating to applicers and custom applicers.

(3) Before any order shall be entered pursuant to Subdivision (1) or (2) of this subsection, there shall be a hearing held to determine whether or not such an order should be issued. The hearing may be held only once each year and only in the month of October, November, or December.

(4) Before any such order shall be entered by a commissioners court, the court shall first give notice of the hearing in at least one newspaper in the county 10 days prior to a hearing on this matter. Any interested person may appeal to the district court to test the reasonableness of the fact-finding of the commissioners court within 20 days from entry of the order, in which case the rules and procedure governing appeals from orders of the Railroad Commission of Texas shall be followed, the "substantial evidence rule" shall apply, and appeals may be taken as in other civil cases.

(5) An order issued by the commissioners court changing the status of the county or a portion of the county under the provisions of this section becomes effective on January 1 of the year following the date of the hearing.

(6) If the commissioners court orders a change in the status of the county or a portion of the county under this section, it shall notify the Commissioner of Agriculture of the change.

(c) (1) When the commissioners court of a county subject to this Act finds it to be a fact that there is no crop or vegetation of value susceptible to damage in the county, or in a portion of the county, the commissioners court by order may exempt the county or portion of the county from the provisions of this Act re-

lating to applicers and custom applicers. In finding the fact and entering the order, the commissioners court is governed by the requirements set out in Subsection (b) of this section, insofar as they are applicable.

(2) When a county or a portion of the county has been exempted from the provisions of this Act relating to applicers and custom applicers by legislation or by order of the commissioners court, a subsequent hearing may be held and an order entered which revokes the exemption permitted in Paragraph (1) of this subsection. In finding the fact that there is a crop or vegetation of value susceptible to damage and entering the order, the commissioners court is governed by the requirements set out in Subsection (b) of this section.

A. The term "economic pesticide" means (1) any substance or mixture of substances intended for preventing, destroying, repelling, or mitigating any insects, rodents, nematodes, fungi, weeds, or other forms of plant or animal life or viruses, except viruses on or in living man or other animals, which the Commissioner shall declare to be a pest, and (2) any substance or mixture of substances intended for use as a plant regulator, defoliant or desiccant.

B. The term "device" means any instrument or contrivance intended for trapping, destroying, repelling, or mitigating insects

C. The term "ingredient statement" means either:

(1) A statement of the name and percentage of each active ingredient, together with the total percentage of the inert ingredients, in the economic pesticide, and in the case of a liquid economic pesticide, in a one-gallon container or more, an additional statement of the pounds per gallon of each active ingredient; or

(2) A statement of the name of each active ingredient, together with the name of each and total percentage of the inert ingredients, if any there be, in the economic pesticide (except Option 1 shall apply if the preparation is highly toxic to man, determined as provided in Section 5 of this Act); and, in addition to (1) or (2) in case the economic pesticide contains arsenic in any form, a statement of the percentages of total and water soluble arsenic, each calculated as elemental arsenic.

D. The term "active ingredient" means:

(2) In the case of a plant regulator, an ingredient which, through physiological action, will accelerate or retard the rate of growth or rate of maturation or otherwise alter the behavior of ornamental or crop plants or the produce thereof;

(3) In the case of a defoliant, an ingredient which will cause the leaves or foliage to drop from a plant; and

(4) In the case of a desiccant, an ingredient which will artificially accelerate the drying of plant tissue.

Prohibited Acts

Sec. 3. A. It shall be unlawful for any person to distribute, sell, or offer for sale within this State or deliver for transportation or transport in intrastate commerce or between

points within this State through any point outside this State any of the following:

(1) Any economic pesticide which has not been registered pursuant to the provisions of Section 4 of this Act, or any economic pesticide if any of the claims made for it or any of the directions for its use differ in substance from the representations made in connection with its registration, or if the composition of an economic pesticide differs from its composition as represented in connection with its registration. Provided, that, in the discretion of the Commissioner, a change in the labeling or formula of an economic pesticide may be made within a registration period if the economic pesticide is registered in conformity with the requirements of this Act for other economic pesticides.

(2) Any economic pesticide unless it is in the registrant's or the manufacturer's unbroken immediate container, and there is affixed to such container, and to the outside container or wrapper of the retail package, if there be one through which the required information on the immediate container cannot be clearly read, a label bearing:

(a) The name and address of the manufacturer, registrant, or person for whom manufactured;

(b) The name, brand, or trademark under which said article is sold; and

(c) The net weight or measure of the contents of the container, subject, however, to such reasonable variations as the Commissioner may permit after he consults with the advisory group provided for in Section 5B of this Act. Provided, that in the case of a tank truck used merely to deliver an economic pesticide to the user when the truck does not remain in the user's hands, an invoice with the required labeling information left with the purchaser at the time of delivery of the economic pesticide is permissible in lieu of a label being affixed to the tank.

(d) The ingredient statement as provided for in Section 2C of this Act.

(e) Numbers or other symbols which would identify the lot and batch number of the manufacture of the contents of the package.

(3) Any economic pesticide which contains any substance or substances in quantities highly toxic to man, determined as provided in Section 5 of this Act, unless the label shall bear, in addition to any other matter required by this Act:

(a) The skull and crossbones;

(b) The word "poison" prominently, in red, on a background of distinctly contrasting color; and

(c) A statement of an antidote for the economic pesticide.

(4) Any economic pesticide that is not distinctly colored or discolored in accordance with such rules and regulations as the Commissioner shall issue pursuant to this Act.

(5) Any economic pesticide which is adulterated or misbranded, or any device which is misbranded.

B. It shall be unlawful:

(1) For any person to detach, alter, deface, or destroy, in whole or in part, any label or labeling provided for in this Act or regulations promulgated hereunder, or to add any substance to, or take any substance from, an economic pesticide in a manner that may defeat the purpose of this Act;

(2) For any person to use for his own advantage or to reveal, other than to the Commissioner or proper officials or employees of the State or to the courts of this State in response to a subpoena, or to physicians, or in emergencies to pharmacists and other qualified persons, for use in the preparation of antidotes, any information relative to formulas of products acquired by authority of Section 4 of this Act.

(3) For any person to sell custom mixes without the identification of the purchaser and without an ingredient statement attached as required elsewhere in this Act and so labeled as soon as formulated. The labeling shall be marked with indelible pen or stamp only and may be sold only to those persons whose name appears on the container and shall not be placed on the shelf for resale.

Registration

Sec. 4. A. Every economic pesticide which is distributed, sold, or offered for sale within this State or delivered for transportation or transported in intrastate commerce or between points within this State through any point outside this State shall be registered in the office of the Commissioner, and such registration shall expire August 31 of each year and shall be renewed annually. The registrant shall file with the Commissioner a statement including:

(1) The name and address of the registrant and the name and address of the person whose name will appear on the label, if other than the registrant;

(2) The name of the economic pesticide;

(3) A complete copy of the labeling accompanying the economic pesticide and a statement of all claims to be made for it including directions for use; and

(4) If requested by the Commissioner a full description of the tests made and the results thereof upon which the claims are based. In the case of renewal of registration, a statement shall be required only

with respect to information which is different from that furnished when the economic pesticide was registered or last re-registered.

B. The registrant shall pay the Commissioner an annual registration of Thirty Dollars (\$30.00) for each economic pesticide registered provided that:

(1) All registration fees collected by the Commissioner under this Act shall be paid into the State Treasury by the Commissioner and placed by the State Treasurer in the Special Department of Agriculture Fund, and shall be used only for administrative and enforcement purposes of this Act;

(2) Any registrant who is located outside the State of Texas but who distributes economic pesticides in the State of Texas shall deposit with the Commissioner an instrument in writing appointing a resident agent within this State upon whom service may be had in actions filed by the State or taken by the Commissioner in the administration or enforcement of this Act.

(3) The Commissioner is authorized to cancel all registrations of any registrant who fails to comply with the requirements of this Act.

C. The Commissioner, whenever he deems it necessary in the administration of this Act, may require the submission of the complete formula of any economic pesticide. If it appears to the Commissioner that the composition of the article is such as to warrant the proposed claims for it and if the article and its labeling and other material required to be submitted comply with the requirements of Section 3 of this Act, he shall register the article.

D. The Commissioner may, after notice and hearing, cancel the registration of, or refuse to register any economic pesticide:

(1) Which has demonstrated serious uncontrollable adverse effects, either within or outside the agricultural environment.

(2) The use of which is of less public value or greater detriment to the environment than the benefits received by its use; or

(3) Which, even when properly used, is detrimental to vegetation, except weeds, to domestic animals, to the public health and safety, or

(4) Concerning which any false or misleading statement is made or implied by the registrant or his agent, either verbally or in writing, or in the form of any advertising literature; or

(5) When any registrant of a chemical or pesticide fails to comply with the requirements of the Act or any rule or regulation adopted by the Commissioner.

E. Notwithstanding any other provision of this Act, registration is not required in the case of an economic pesticide shipped from one

plant within this State to another plant within this State operated by the same person.

Pesticide Advisory Committee

Sec. 4a. There is hereby established a pesticide advisory committee composed of the Deans of Agriculture, Texas A&M University, and Texas Tech University, Executive Director of Texas Parks and Wildlife Department, Texas Commissioner of Health, and Texas Commissioner of Agriculture or their designated representatives. The duties of this committee are to advise with the Commissioner of Agriculture to the extent necessary to protect property, animal life and the public health and welfare by recommendation of the best use of pesticides. The Committee would be empowered to call on all State universities and State agencies as well as outside consultants retained by the State entities to assist in developing recommendations to the Commissioner of Agriculture regarding the feasibility of any pesticide program or other such matters which are submitted to them by the Commissioner of Agriculture.

Determinations; Rules and Regulations; Uniformity

Sec. 5. A. The Commissioner is authorized, after opportunity for a hearing:

- (1) To declare as a pest any form of plant or animal life or virus which is injurious to plants, men, domestic animals, articles, or substances;
- (2) To determine whether economic pesticides are highly toxic to man; and
- (3) To determine standards of coloring or discoloring for economic pesticides, and to subject economic pesticides to the requirements of Section 3A(4) of this Act.

B. The Commissioner, after consulting with suitable officials of organizations known to be concerned with the manufacture, distribution, and use of economic pesticides, is authorized to make and issue appropriate rules and regulations for carrying out the provisions of this Act, including rules and regulations providing for the collection and examination of samples of economic pesticides and devices and for the labeling of custom mixes.

C. The Commissioner, after such consultation as is prescribed in paragraph B of Section 5 hereof, shall from time to time issue such rules and regulations as are necessary to carry out the purposes of this Act. Such rules and regulations shall be published from time to time and made accessible to those affected by this Act.

D. The Commissioner shall furnish upon request a consolidated annual report of the official economic pesticide sample results. The contents of the report are to be determined in a manner which the Commissioner finds most expedient.

Enforcement

Sec. 6. A. The Commissioner shall have authority to enter into any building or place

owned, controlled or operated by a registrant or dealer where from probable cause it appears that said building or place contains economic pesticides for the purpose of inspection or sampling, and shall have the power to take a sample for official analysis from any package or lot of economic pesticides, including custom mixes, found within this State. The Commissioner shall have the power to issue and enforce a written or printed "stop-sale" order to the owner or custodian of any economic pesticide which he has reason to believe is in violation of any of the provisions of this Act prohibiting further sale of such economic pesticide until he has evidence that the law has been complied with. Provided, that in respect to the economic pesticide which has been denied sale as provided in this paragraph, the owner or custodian of such economic pesticide shall have the right to appeal from such order to a court of competent jurisdiction where the economic pesticide is found, praying for a judgment as to the justification of said order and the discharge of such economic pesticide from the order prohibiting the sale in accordance with the findings of the court; and provided further, that the provisions of this paragraph shall not be construed as limiting the right of the Commissioner to proceed as authorized by other sections of this Act.

B. In addition to the remedies herein provided, the Commissioner is hereby authorized to institute an action in his own name to enjoin any violation of any provision of this Act.

C. The Commissioner is authorized to contract with State colleges, State agencies or commercial laboratories for examination of economic pesticides provided that such contracts to commercial laboratories are let on a competitive bid basis.

D. The Commissioner shall make or provide for service sample tests of economic pesticides on request, and after consulting with the advisory group as provided for in Section 5B of this Act, he shall fix and collect charges for each service sample on a cost basis.

Exemptions

Sec. 7. A. The penalties provided for violation of Section 3A of this Act shall not apply to:

- (1) Any carrier while lawfully engaged in transporting an economic pesticide within this State, if such carrier shall, upon request permit the Commissioner or his designated agent to copy all records showing the transactions in and movement of the articles;
- (2) Public officials of this State and the Federal Government engaged in the performance of their official duties;
- (3) The manufacturer or shipper of an economic pesticide for experimental use only;
- (4) Any person who employs or uses economic pesticides in the sale of a pest extermination or control service;

(a) By or under the supervision of an agency of this State or of the Federal Government authorized by law to conduct research in the field of economic pesticides, or

(b) By others if the economic pesticide is not sold and if the container thereof is plainly and conspicuously marked "FOR EXPERIMENTAL USE ONLY—NOT TO BE SOLD," together with the manufacturer's name and address; provided, however, that if a written permit has been obtained from the Commissioner, economic pesticides may be sold for experiment purposes subject to such restrictions and conditions as may be set forth in the permit.

B. No article shall be deemed in violation of this Act when intended solely for export to a foreign country, and when prepared or packed according to the specifications or directions of the purchaser. If not so exported, all the provisions of this Act shall apply.

Penalties

Sec. 8. A. Any firm, corporation, or person who shall sell or offer for sale any economic pesticide or device without having attached thereto such statements as are required by law or who shall sell or offer for sale any adulterated or misbranded economic pesticide or device within the meaning of this Act, or who shall violate any other provisions of this Act, shall be guilty of a misdemeanor and upon conviction, shall be subject to a fine of not less than Fifty Dollars (\$50), nor more than Two Hundred Dollars (\$200) for each offense.

B. Notwithstanding any other provision of this Section, in case any person, with intent to defraud, uses or reveals information relative to formulas of products acquired under authority of Section 4 of this Act, he shall upon conviction be guilty of a misdemeanor, and he shall be fined not less than One Hundred Dollars (\$100) nor more than Five Hundred Dollars (\$500) or imprisonment for not more than one year, or both.

Appeals

Sec. 8A. In all appeals prosecuted in any of the courts of this State pursuant to the provisions of this Act, such trials shall be de novo as that term is used and understood in appeals from justice of the peace courts to county courts. When such an appeal is filed and the court thereby acquires jurisdiction, all administrative or executive action taken prior thereto shall be null and void and of no force and effect, and the rights of the parties thereto shall be determined by the court upon a trial of the matters in controversy under rules governing the trial of other civil suits in the same manner and to the same extent as though the matter had been committed to the courts in the first instance and there had been no intervening administrative or executive action or deci-

sion. Under no circumstances shall the substantial evidence rule as interpreted and applied by the courts of Texas in other cases ever be used or applied to appeals prosecuted under the provisions of this Act.

Seizures

Sec. 9. A. Any economic pesticide or device that is distributed, sold, or offered for sale within this State or delivered for transportation or transported in intrastate commerce or between points within this State through any point outside this State shall be liable to be proceeded against in any court of competent jurisdiction in any county of the State where it may be found and seized for confiscation by process of libel for condemnation:

(1) In the case of an economic pesticide,

(a) If it is adulterated or misbranded;

(b) If it has not been registered under the provisions of Section 4 of this Act;

(c) If it fails to bear on its label the information required by this Act;

(d) If it is a white powder economic pesticide and is not colored as required under this Act.

(2) In the case of a device, if it is misbranded.

B. If the article is condemned, it shall, after entry of decree, be disposed of by destruction or sale as the court may direct and the proceeds, if such article is sold, less legal costs, shall be paid to the State Treasurer; provided, that the article shall not be sold contrary to the provisions of this Act; and provided further, that upon payment of costs and execution and delivery of a good and sufficient bond conditioned that the article shall not be disposed of unlawfully, the court may direct that said article be delivered to the owner thereof for relabeling or reprocessing as the case may be.

C. When a decree of condemnation is entered against the article, court costs and fees and storage and other proper expenses shall be awarded against the person, if any, intervening as claimant of the article.

Delegation of Duties

Sec. 10. All authority vested in the Commissioner by virtue of the provisions of this Act may with like forces and effect be executed by such employees of the Texas Department of Agriculture as the Commissioner may from time to time designate for said purpose.

Cooperation

Sec. 11. When he deems it necessary, the Commissioner is authorized and empowered to cooperate with, and enter into agreements with any other agency of this State, the United States Department of Agriculture, and any other state or agency thereof for the purpose of carrying out the provisions of this Act and securing uniformity of regulations.

Severability

Sec. 12. If any provision of this Act is declared unconstitutional, or the applicability thereof to any person or circumstance is held invalid, the constitutionality of the remainder of this Act and the applicability thereof to other persons and circumstances shall not be affected thereby.

Sec. 5. (a) Except as provided in Subsection (b), no person shall engage in the business of structural pest control after the effective date of this Act unless he meets the standards set by the board and possesses a valid license issued by the board.

(b) A person who has engaged in the business of structural pest control for a period of two years next preceding the effective date of this Act may apply to the board within 90 days after the effective date of this Act and shall be issued a temporary license which shall be valid for a period not to exceed two years upon payment of the required fee and completion of a temporary licensing form as prescribed by the board without further qualifications or examination. All applicants under this subsection shall furnish evidence substantiating their eligibility before a temporary license may be granted.

Application Forms; Expiration and Renewal;
Nontransferability

Sec. 6. (a) All applications for licenses shall be made on forms prescribed and provided by the board, and each applicant shall furnish such information as the board may require for its determination of the applicant's qualifications.

Any balance in the special fund at the end of each State fiscal biennium in excess of appropriations out of that fund for the succeeding biennium shall be transferred to the general revenue fund. All money deposited in the Structural Pest Control Fund is hereby appropriated to the board for the purpose of carrying out the provisions of this Act for the fiscal biennium ending August 31, 1973.

License Suspension, Revocation and Refusal; Appeal

Sec. 9. Art. 135b-7. Fire Ant Eradication and Control Programs

Sec. 1. The commissioners court of any county may establish, implement, and conduct a program for the eradication or control of the imported fire ant. The program may be accomplished solely by the county or may be conducted in conjunction with programs conducted and financed by public or private agencies or any combination of them. Art. 135c. Districts for Control and Eradication of Noxious Weeds in Certain Counties

Counties to Which Applicable

Sec. 1. This Act shall apply to the following counties only: Dallam, Sherman, Hansford, Ochiltree, Lipscomb, Hartley, Moore, Hutchinson, Roberts, Hemphill, Oldham, Potter, Carson, Gray, Wheeler, Deaf Smith, Randall, Armstrong, Donley, Collingsworth, Parmeter, Castro, Swisher, Briscoe, Hall, Childress, Bailey, Lamb, Hale, Floyd, Motley, Cochran, Hockley, Lubbock, Crosby, Dickens and Comal.

Legislative Findings; Districts Authorized

Sec. 2. The Legislature hereby finds that noxious weeds are present in the above-named counties to such a degree as to constitute a menace to agriculture and to be deleterious to the proper utilization of the soil and other natural resources of the area; and reclamation of these lands from the damaging effects of noxious weeds is hereby recognized as a public right and duty in the interest of the conservation and development of the natural resources of the State, pursuant to Section 59 of Article XVI of the Constitution of Texas. Districts for the control and eradication of noxious weeds may be formed out of territory situated in the above-named counties in the manner hereinafter prescribed.

Definitions

Sec. 3. As used in this Act, unless the context otherwise requires:

(a) "Noxious weed" means any weed or plant which at the time is defined as a noxious weed by any Statute of this State or which has been declared a noxious weed by the Commissioner of Agriculture of the State of Texas by authority of the Texas Seed Law or any other law of this State.

(b) "Landowner" means any natural person who holds title to lands lying within a district organized under this Act, who has attained the age of twenty-one (21) years, and is a resident of a county, all or any part of which is included in such district.

(c) "Land Occupier" means any person, firm, or corporation holding title to or being in possession of any lands lying within a district organized under the provisions of this Act, whether as owner, lessee, renter, tenant or otherwise.

(e) "District" means a noxious weed control district organized under this Act.

Designation of Districts; Territory Included

Sec. 4. All districts organized under the provisions of this Act shall be known and designated as Noxious Weed Control Districts. Such districts may include the area of any county or counties, or any portion thereof, including towns, villages, or municipal corporations or portions thereof; except that no district shall contain less than thirty-two thousand (32,000) acres nor consist of territory in more than five (5) counties. A district may include any political subdivision of the State or a defined district, or a part or parts of a political subdivision or defined district, but no land shall be included in more than one (1) noxious weed control district. The land composing the district need not be in one (1) body, but may consist of separate bodies of land separated by land not embraced in the district. No district provided for in this Act shall embrace territory situated in more than one county except by a majority vote of the property taxpaying voters residing within the territory in each county sought to be embraced within the district.

Petition for Organization of District; Signatures

Sec. 5. Petition for the organization of a district shall be signed by a majority of the landowners residing within the proposed district, as shown by the county tax rolls, but if the number of landowners is more than fifty (50), the petition shall be sufficient if it is signed by fifty (50) landowners. The petition may be signed and filed in two (2) or more copies.

Presentation of Petition; Money Deposit to Accompany

Sec. 6. The petition shall designate the name of the districts and the area and boundaries thereof. If the proposed district lies wholly within one (1) county, the petition shall be presented to the Commissioners Court of the county; and if the proposed district lies in more than one (1) county, the petition shall be presented to the Commissioners Court of the county in which the largest area lies (hereinafter sometimes referred to as the Commissioners Court of jurisdiction).

The petition shall be accompanied by Five Hundred Dollars (\$500) in cash, which shall be deposited with the county clerk. If the petition is refused or if the result of an election for the creation of the district is against its es-

establishment, the clerk shall pay out of the deposit, upon vouchers signed by the county judge, all costs and expenses pertaining to the proposed district up to and including the election, and shall return the balance, if any, to the petitioners, their agent or attorney. If the result of the election is in favor of the establishment of the district, the clerk shall pay all costs and expenses up to and including the election, as above provided, and shall deliver the balance, if any, to the chairman of the Board of Directors of the District within thirty (30) days after his election; and the Board of Directors shall repay the petitioners the full amount of the deposit out of the first moneys collected by the district.

Order and Notice for Hearing

Sec. 7. When a petition is filed for the organization of a district the Commissioners Court shall make an order setting the date for the hearing thereon. The petition may be considered at a regular or special session of the court. The county clerk shall issue a notice of such hearing by causing it to be published at least twice, with an interval of at least seven (7) days between the two (2) publication dates, in a newspaper of general circulation, published within the county, in each county in which the proposed district lies, or if there is no such newspaper, by causing the notice to be posted for at least two (2) weeks at four (4) public places within the proposed district in each county in which the notice is not published in a newspaper. The notice of hearing shall contain a statement of the nature and purpose thereof, the date and time and place of hearing, and a description of the boundaries of the district, but the boundaries may be described in general terms without the necessity of setting out the full legal description by metes and bounds.

Contest of Creation of District; Adjournment of Hearing

Sec. 8. Upon the day set for hearing, any person whose land is included in or would be affected by the creation of such district may appear and contest the creation thereof and may offer testimony to show that such district is or is not necessary, or would or would not be a benefit to the land included thereon. Such hearing may be adjourned from day to day.

Findings; Effect

Sec. 9. The Commissioners Court shall grant the petition if, after hearing, it finds that the creation of the district would be a public benefit and that a substantial portion of the lands within the proposed district would be benefited by its creation. If the court finds that any lands included within the proposed district would not be benefited by its creation, it shall exclude such lands and shall re-define the boundaries of the district accordingly. If the court should find that the proposed district would not be a public benefit or a benefit to a substantial portion of the land to be included therein, it shall refuse the petition.

Election, Order for; Notice

Sec. 10. After the hearing upon the petition, if the court finds in favor of the petition according to the boundaries as set out in the petition or as changed or modified by the court, the Commissioners Court of jurisdiction shall order an election for the purpose of submitting to the qualified property taxpaying voters residing in the district whether or not the district shall be created. Notice of the election shall be given by the clerk of the court by posting notices thereof in four (4) public places in the proposed district, and one (1) at the courthouse door of the county in which the district is located, and if the district is composed of more than one (1) county then there shall be posted a copy of the notice at the door of the courthouse of each county in which any portion of the proposed district is located, and at four (4) public places within each county in which any portion of the proposed district is located, and within the boundaries of the district. Conduct of Election; Persons Entitled to Vote; Voting Precincts; Election Officers

Sec. 12. The manner of conducting the election shall be governed by the election laws of the State, except as herein otherwise provided. None but resident property taxpaying voters of the proposed district shall be entitled to vote at the election. The Commissioners Court shall create and define, by an order of the court, the voting precincts in the proposed district, and shall name a polling place or places within such precincts, taking into consideration the convenience of the voters in the proposed district, and shall also select and appoint the judges and other necessary officers of the election.

Returns of Election; Canvass of Votes; Order Establishing District

Sec. 13. Immediately after the election, the officers holding the same shall make returns of the result thereof to the Commissioners Court of jurisdiction, which shall canvass¹ the vote and return and enter an order declaring the results of the election. If it is found that a majority of votes cast in each county at the election are in favor of the creation of the district, the Commissioners Court shall enter an order declaring the establishment of the district. If the proposed district embraces more than one (1) county, the Commissioners Court shall declare the district established only in the terri-

tory included in each county in which the majority of the votes cast were in favor of its creation. A copy of the order shall be transmitted to the county clerk of each county in which a portion of the district lies, and shall be filed by him as a public record.

¹ So in enrolled bill. Probably should be "canvass."

Sec. 14. The district shall be governed by a Board of Directors composed of five (5) members, each of whom shall be a landowner within the district. The first Board of Directors shall be appointed by the Commissioners Court of jurisdiction. If the district comprises more than one county or parts of more than one county, one (1) member shall be appointed from each county and the remaining members shall be appointed from the district at large. Three (3) of the directors first appointed shall serve until the first annual meeting hereinafter provided for, and two (2) shall serve until the second annual meeting, the term of each to be determined by lot. Each director so elected shall be a resident of the territory from which his predecessor was required to be selected. The chairman shall give written notice of the time and place of the meeting, at least ten (10) days in advance thereof, to each taxpayer in the district as shown by the records of the county tax assessor-collector in each of the counties in which any part of the district lies. Any resident property taxpaying voter may appoint a proxy to represent him at the meeting. The annual meeting shall also be devoted to such other purposes as the Board of Directors think proper.

Before such rules or regulations are put into effect, notice of their adoption shall be given by posting a copy thereof at four (4) public places in each county within the district at least ten (10) days before the effective date, and by filing a copy with the county clerk of each county within the district. A violation of the rules and regulations shall constitute a misdemeanor and shall be punishable by a fine of not less than Twenty-five Dollars (\$25) nor more than Two Hundred and Fifty Dollars (\$250).

Notice to Land Occupiers of Control Measures; Inspection of Property; Failure to Comply with Order

Sec. 18. The chairman of the Board of Directors shall give written notice to each land occupier informing him of the control measures which are in effect on his land and all other necessary information to enable the land occupier to carry out the measures.

It shall be the duty of each land occupier to comply with the control measures prescribed by the Board of Directors. It shall be the duty of the County Commissioners Court in each county to comply with the control measures on right of ways of all public roads and other public lands within the district.

The Board of Directors or any inspector appointed by the Board shall have the right to enter upon any land within the district to determine whether control measures are necessary and to determine whether control measures prescribed by the Board are being carried out. If it is found that any land occupier is not complying with the Board's directions, the Board shall give him written notice ordering him to comply within a stated time. If he fails to comply with the order, the Board may file a suit for a mandatory injunction in the district court of the county in which the land is situated, to compel him to comply with the order. Any land occupier against whom an injunction is issued shall be liable for all costs of the suit and for a reasonable attorney's fee, to be fixed by the court.

assessments and may allow him as compensation an amount not to exceed five per cent (5%) of all money collected by him. He may be required to give bond in an amount to be fixed by the Board. If the Board of Directors prefers, it may contract with the county tax assessor-collector to perform these services, and the county tax assessor-collector shall be entitled to retain five per cent (5%) of all money collected by him, which shall be accounted for as other fees of office; or the Board may appoint an assessor and contract with the county assessor-collector for collection of the tax, in which event the district assessor's compensation shall be fixed at an amount not to exceed two and one-half per cent (2½%) of the total assessments and the county assessor-collector may retain two and one-half per cent (2½%) of the amounts which he collects. The moneys collected shall be deposited in the district depository selected by the Board.

The chairman of the Board of Directors shall file an annual report with the county clerk of each county in which the district lies, before the first day of April of each year, showing the total amount received and an itemized statement of the amounts expended during the preceding year, together with the balance remaining on hand.

The inspectors shall be entitled to receive their actual and necessary traveling expenses and such compensation as the Board may fix. The Board may also employ such clerical help as may be necessary and may incur all other necessary expenses in carrying out the purposes of this Act.

**Petition to Dissolve District; Notice of Election;

The notice shall contain a statement of the purpose of the election and the time and place or places of holding the same. The Board of Directors shall designate the polling place or places within the district, taking into consideration the convenience of the voters, and shall also select and appoint the judges and other necessary officers of the election. None but resident property taxpaying voters of the district shall be entitled to vote at the election. The manner of conducting the election shall be governed by the election laws of the State, except as herein otherwise provided.

**Returns, Election to Dissolve District; Order;
Termination of District; Duties of Directors**

Sec. 22. Returns of the election shall be made to the Board of Directors, which shall canvass the returns and enter an order declaring the results of the election. If a majority of the votes cast at the election are against the dissolution of the district, no further election on the proposition shall be held for a period of twelve (12) months thereafter. If a majority of the votes cast are in favor of the dissolution of the district, the Board of Directors shall enter an order declaring the district to be dissolved; and thereafter the Board of Directors shall not exercise any further powers except to terminate the affairs of the district. If there is not on hand sufficient money to pay off all claims against the district and if the annual assessments already levied will not provide sufficient funds for this purpose, the Board of Directors shall have authority to levy and cause to be collected further annual assessments but only in such amount as may be necessary to settle the claims against the district. Any money remaining on hand after all claims have been settled shall be paid over ratably to the county treasurer of each county in which the district lies in the proportion which the territory in each county bears to the total area of the district, and shall be placed by the treasurer in the general fund of the county.

Art. 165a-2. Wind Erosion Conservation Districts

Creation Authorized

Sec. 1. The creation and incorporation of Wind Erosion Conservation Districts coextensive with the boundaries of any county in this State is hereby authorized under and by virtue of Section 59, Article XVI, of the Constitution. The area of any county may be formed into such a Conservation District when the qualified tax paying voters of such county, voting at an election to be held for such purpose, by majority vote sanction and authorize the creation and incorporation of such District. The creation of such Districts is deemed essential to the accomplishment of the purposes of the above mentioned Section of the Constitution and when any such District is created as herein provided the same shall be a governmental agency and body politic and corporate with the powers of government and with authority to exercise the rights, privileges and functions as are conferred by this Article. Such a District shall bear the name of the county creating same and shall be so designated.

Petition by Tax Paying Voters

Sec. 2. When petitioned by not less than fifty (50) duly qualified property tax paying voters, the Commissioners Court of any county in this State shall call an election to be held throughout such county to determine whether a majority of the legally qualified property tax paying voters of such county favor the creation and incorporation of the area of such county into a Wind Erosion Conservation District. The procedure for holding and declaring the result of such an election shall be in substantial compliance with the requirements for elections to vote bonds for public improvements. All persons who are legally qualified property tax paying voters shall be entitled to vote at

such election. Each voter favoring the creation and incorporation of such District shall have written or printed on his ballot "For the creation and incorporation of the _____ County Wind Erosion Conservation District," and each voter who opposes the creation of such District shall have written or printed on his ballot "Against the creation and incorporation of _____ County Wind Erosion Conservation District."

Canvass of Returns and Order Declaring Creation

Sec. 3. When the returns of the election mentioned in Section 2 have been canvassed by the Commissioners Court, the result of such election shall be declared by order entered on the Minutes of said Court and, if the result is in favor of the creation and incorporation of the District, the County Judge shall issue an order declaring such District to be created and incorporated and such order shall also be entered in the Minutes of the Commissioners Court and a certified copy thereof entered in the Deed Records of the county. Thereupon, the District shall be deemed to be legally created and incorporated with all rights, powers, authority and privileges herein conferred and authorized by Section 59, of Article XVI, of the Constitution, for the purpose of conserving and reclaiming the soil in such District.

Commissioners' Court as Governing Body; County Treasurer as Treasurer; Bond

Sec. 4. When a Wind Erosion Conservation District is created, the County Commissioners and the County Judge will thereupon become the Governing Body of such District. The County Judge shall be Chairman of the Board with authority to vote in case of a tie and charged with the usual and customary duties as presiding officer. The County Treasurer will be the Treasurer of the District and the County Clerk shall become the Clerk of the Governing Body. The Treasurer shall have the care and custody of all funds, obligations and securities of the District and shall dispense and dispose of same in compliance with the orders of the Governing Body. The Treasurer shall execute and deliver to the County Judge a good and sufficient bond in the penal sum of not less than Five Thousand Dollars (\$5,000) nor more than Ten Thousand Dollars (\$10,000), conditioned for the faithful discharge of his duties and the disposition of all funds and obligations of said District as required by law. The bond shall be signed by a solvent Surety Company authorized to do business in this State, and the premium thereon shall be paid by the District. The Clerk shall keep an accurate record of all orders, minutes and resolutions of the Governing Body and shall countersign all vouchers and documents and perform such other acts as may be directed by the Governing Body. The duties herein imposed upon the County Judge and Commissioners, the County Clerk and Treasurer shall be ex-officio duties. By vote the Governing Body may allow the County Clerk and County Treasurer a

monthly compensation of not more than Twenty-five Dollars (\$25), which shall be paid by the District.

Powers of District

Sec. 5. The function of a Wind Erosion Conservation District is to conserve the soil by the prevention of unnecessary erosion caused by winds, and the reclamation of lands that have been depreciated or denuded of soil by reason of winds. Without limitation of the foregoing, such a District shall have and is hereby authorized to exercise the following rights, powers, privileges and authority, viz.:

(a) To prevent or aid in the prevention of damage to lands and the public roads and highways due to the unnecessary movement of sand, dust and soil originating from lands within or without such District.

(b) To construct improvements and maintain any and all facilities to arrest or prevent the erosion of soils or lands within such District by reason of winds.

(c) To have the right to enter upon any lands in the District for the purpose of treating same to prevent the spread of soil erosion and damage to other lands in such District.

(d) To borrow money for the corporate purposes of such District and to pledge any certificates, obligations, or securities held by such District as security therefor, and to pledge and assign any and all revenue or income to secure the repayment thereof. In this connection, any such District may issue its obligations, warrants, bonds and debentures or other evidences of indebtedness, with interest not to exceed five (5) per cent per annum, maturing within ten (10) years and payable out of and secured by the revenues and income of such District, with the reservation or provision that no such obligation shall be paid out of ad valorem taxes.

(e) To accept grants and to borrow money from the United States of America or from any corporation or agency created or designated by the United States of America to loan and/or grant money, and in connection with such grants and/or loans to enter into such agreements as may be required for such purpose.

(f) To sue or be sued in its corporate capacity.

(g) To adopt a corporate seal.

(h) To adopt by-laws and rules and regulations incident to or necessary to the dispatch of business or the discharge of corporate functions.

Governing Body to Consult and Cooperate with Other Agencies

Sec. 6. The Governing Body of each Wind Erosion Conservation District shall consult and advise with the Director of Texas Experiment

Station of A. & M. College, the County Agent, the Department of Agriculture of this State, and the Soil Erosion Service of the Department of Agriculture of the United States of America, and may generally conform to and cooperate in any regional plan determined upon in connection with the application and operation of this Act. Such Districts shall be agencies of the State of Texas charged with the responsibility of conserving the natural resource in soil.

Acceptance of Donations and Gifts

Sec. 7. The Governing Body of such Wind Erosion Conservation Districts shall have authority to accept gifts, grants, donations, advances and services from the United States or any other governmental agency, or agencies, in furtherance of the purposes for which such Wind Erosion Conservation District shall have been created, and shall administer and disburse such funds and all other money and property coming into its hands in the exercise of its sound discretion and in accordance with law. In the expenditure of funds, said Governing Body shall adhere to and be governed by the laws applicable to Commissioners Courts. All accounts shall be audited annually and a copy of such audit filed with the County Clerk for public inspection.

Method of Assessments

Sec. 8. When a program of work shall be determined upon and an assessment against property is contemplated, the Governing Body shall make up an estimate of the cost of such work and tentatively allocate a portion of such cost to the land and the owners thereof that will derive benefit from such work. The Governing Body shall enter an order on its Minutes fixing the date for a hearing to determine whether or not assessments shall be made, and no assessment shall be made until a full and fair hearing shall first have been given to the owners of such property, and in no event shall an assessment be made against any person or property in excess of the actual benefit to such owner in the protection given his property. Notice of the intention to make such assessment shall be given to the owners of all property against which a lien or assessment is contemplated, and such notice may be served in person upon the owner or the same may be published for two (2) weeks in some newspaper of general circulation published in the county, the first publication to be not less than ten (10) days prior to said hearing. The names of the owners, lienholders or interested parties need not be specifically set forth in such notice, but the parcel or parcels of land against which such assessments shall be made shall be briefly described in said notice by survey and block numbers or any other description reasonably identifying the same, but the amount of the proposed assessment shall be stated. Said notice shall command all parties to appear at a hearing to be held at the courthouse in said county and contest any proposed

assessment against any particular piece of property, and at such hearing the Governing Body shall finally determine the amount, if any, of all assessments. If at such hearing it shall be determined that any particular piece of land will derive a benefit equal to or in excess of the amount of the assessment, then in that event the assessment shall be levied by order of the Governing Body. The assessment may be divided into three (3) equal annual installments which shall bear interest at the rate of five (5) per cent and shall be evidenced by certificates issued by the Governing Body, signed by the County Judge as Chairman, and attested by the Clerk under corporate seal. When so executed and levied, such certificate shall constitute a valid and binding first lien upon the property against which the same is made, and shall be recorded in the deed records of the county and, when so recorded, shall constitute notice to all subsequent purchasers.

Assessment Liens; Homesteads

Sec. 9. No assessment shall be made against any property used, claimed or occupied as a homestead, but the Governing Body is authorized to take liens securing such assessments in the manner now provided by law for fixing liens upon homesteads to secure the cost of improvements thereon.

Foreclosure of Liens

Sec. 10. In the event any certificate issued by the Governing Body of any such District is not paid at the maturity thereof, suit may be instituted thereon in any Court of competent jurisdiction and the lien securing same foreclosed, and the property sold in the same manner and under the same procedure as provided for the foreclosure of other liens on real estate.

Percentage of Automobile Registration Fees

Sec. 11. Due to the fact that the highways in many counties are rendered useless by reason of the accumulation of sand, soil and dust from adjoining lands, the Commissioners Court of any county, the area of which comprises a Soil Erosion Conservation District, may, in its discretion, transfer to such District as much as twenty (20) per cent of the automobile registration fees accruing to such county, and the Governing Body of the District may then expend the funds so transferred in defraying the cost of soil erosion work. In like manner the Commissioners Court is hereby authorized to transfer to such District all or any part of any Road and Bridge Special Taxes that may be authorized by vote of the people of such county.

No Tax Obligations

Sec. 12. Wind Erosion Conservation Districts created under and by virtue of this Act shall have no power to levy ad valorem taxes or create any obligation payable out of funds raised by taxation, save and except to the extent herein specifically provided.

Diversion of Percentage of Ad Valorem Taxes

Sec. 13. The fact that unprecedented damage has resulted to the soil of the counties hereinafter named by reason of soil erosion caused by wind, which has been so serious as to drive people from their homes and to render vast areas of valuable land untenable; and the further fact that vast clouds of dust have been carried by winds for hundreds of miles and have caused practically every section of the State to suffer therefrom, and the further fact that such condition has seriously jeopardized the health of a great many people has resulted in a public calamity to the counties hereinafter named; therefore, to aid and facilitate the work to be performed by wind erosion conservation districts, the State ad valorem taxes that will accrue and be due and payable to the State of Texas for the years 1935 and 1936 from all property located in Dallam, Hartley, Oldham, Deaf Smith, Sherman, and Moore Counties, and fifty per cent (50%) of the ad valorem taxes that will accrue and be due and payable to the State of Texas for the years 1935 and 1936 from all property located in Lipscomb, Hansford, and Ochiltree Counties, are hereby diverted to the conservation districts that may be hereafter formed in said counties. And the Governing Bodies of such conservation districts are authorized to use said sums to defray the necessary costs and expenses incident to the purpose for which such conservation districts are formed. As and when taxes from said counties are collected and paid into the State Treasury, the State Treasurer shall transfer and pay over the same to the Governing Body of the conservation districts formed in said counties and shall require such receipt as he may specify to evidence the receipt of said funds, provided that in the event either of said counties fails or refuses to form such conservation district on or before October 1, 1935, then in that event the State Treasurer shall retain the State ad valorem taxes collected from said county as is required by general law. It is distinctly specified that the foregoing provisions shall not in any case apply to the ad valorem taxes collected for school purposes or collected for the payment of Confederate pensions.

[Acts 1935, 44th Leg., p. 771, ch. 337.]

Acts 1941, 47th Leg., p. 491, ch. 308, § 5, subsection C set out in note under article 165a-4, provided that article 165a-2 should not be in anywise affected, impaired, nor impinged by the Act of 1941, amending article 165a-4. A similar provision was contained in section 17 of Acts 1939, 46th Leg., p. 7, which was omitted in the amendment of the Act of 1939 as a whole by the Act of 1941.

Art. 165a-3. Validation of Districts

That all acts and proceedings of both the County Judge and County Commissioners Court in the matter of the creation and incorporation of Wind Erosion Conservation Districts of any county in this State which were created or attempted to be created under the provisions of Chapter 337, Acts Regular Session, Forty-fourth Legislature¹ and all elections, where a majority of legally qualified property taxpayers

ing voters, voting at said elections, favored the formation of such districts, are hereby ratified, approved, and validated.

¹ Article 165a-2.

Art. 165a-4. State Soil and Water Conservation

Short Title

Sec. 1. This Act may be known and cited as the "State Soil Conservation Law."

Legislative Determinations, and Declaration of Policy

Sec. 2. It is hereby declared, as a matter of Legislative Determination:

(a) The Condition. That the farm and grazing lands of the State of Texas are among the basic assets of the State and that the preservation of these lands is necessary to protect and promote the health, safety, and general welfare of its people; that improper land-use practices have caused and have contributed to, and are now causing and contributing to, a progressively more serious erosion of the farm and grazing lands of this State by wind and water; that the breaking of natural grass, plant, and forest cover has interfered with the natural factors of soil stabilization, causing loosening of soil and exhaustion of humus, and developing a soil condition that favors erosion; that the topsoil is being blown and washed out of fields and pastures; that there has been an accelerated washing of sloping fields; that these processes of erosion by wind and water speed up with removal of absorptive topsoil, causing exposure of less absorptive and less protective but more erosive subsoil; that failure by any occupier of land to conserve the soil and control erosion upon such land causes a washing and blowing of soil and water from such lands onto other lands and makes the conservation of soil and control of erosion on such other lands difficult or impossible.

(b) The Consequences. That the consequences of such soil erosion in the form of soil-blowing and soil-washing are the silting and sedimentation of stream channels, reservoirs, dams, ditches, and harbors; the loss of fertile soil material in dust storms; the piling up of soil on lower slopes, and its deposit over alluvial plains; the reduction in productivity or outright ruin of rich bottom lands by overwash of poor subsoil material, sand, and gravel swept out of the hills; deterioration of soil and its fertility, deterioration of crops grown thereon, and declining acre yields despite development of scientific processes for increasing such yields; loss of soil and water which causes destruction of food and cover for wildlife; a blowing and washing of soil into streams which silts over spawning beds, and destroys water plants, diminishing the food supply of fish; a di-

minishing of the underground water reserve, which causes water shortages, intensifies periods of drought, and causes crop failures; an increase in the speed and volume of rainfall run-off, causing severe and increasing floods, which bring suffering, disease, and death; impoverishment of families attempting to farm eroding and eroded lands; damage to roads, highways, railways, farm buildings, and other property from floods and from dust storms; and losses in navigation, hydro-electric power, municipal water supply, irrigation developments, farming, and grazing.

(c) The Appropriate Corrective Methods. That to conserve soil resources and control and prevent soil erosion, it is necessary that land-use practices contributing to soil wastage and soil erosion may be discouraged and discontinued, and appropriate soil-conserving land-use practices be adopted and carried out; that among the procedures necessary for widespread adoption, are the carrying on of engineering operations such as the construction of terraces, terrace outlets, check dams, dikes, ponds, ditches, and the like; the utilization of strip cropping, lister furrowing, contour cultivating, and contour furrowing; land irrigation, seeding and planting of waste, sloping, abandoned, or eroded lands to water-conserving and erosion-preventing plants, trees, and grasses; forestation and reforestation; rotation of crops, soil stabilization with trees, grasses, legumes, and other thick-growing, soil-holding crops, retardation of runoff by increasing absorption of rainfall; and retirement from cultivation of steep, highly erosive areas and areas now badly gullied or otherwise eroded.

(d) Declaration of Policy. It is hereby declared to be the policy of the Legislature to provide for the conservation of soil and soil resources of this State, and for the control and prevention of soil erosion, and thereby to preserve natural resources, control floods, prevent impairment of dams and reservoirs, assist in maintaining the navigability of rivers and harbors, preserve wildlife, protect the tax base, protect public lands, and protect and promote the health, safety, and general welfare of the people of this State, and thus to carry out the mandate expressed in Article XVI, Section 59a, of the Constitution of Texas. It is further declared as a matter of Legislative intent and determination of policy that the agencies created, powers conferred and the activities contemplated in this Act for the conservation of soil and water resources and for the reduction of public damage resulting from failure to conserve such natural resources, shall be supplementary and complementary to the work of various river and other authorities now established in the State and to other

State officers, agencies, and districts engaged in closely related projects, and shall not be duplicative thereof nor conflicting therewith.

(2) To coordinate the programs of the several Soil Conservation Districts organized hereunder so far as this may be done by advice and consultation.

(3) To secure the cooperation and assistance of the United States and any of its agencies, and of agencies of this State, in the work of such districts.

(4) To disseminate information throughout the State concerning the activities and programs of the Soil Conservation Districts organized hereunder, and to encourage the formation of such districts in areas where their organization is desirable.

H. All moneys, funds, and securities coming into the hands of the State Soil Conservation Board shall be deposited in a State Treasury and placed in the State Treasury to the credit of a special fund to be known as the "State Soil Conservation Fund"; and all such funds, moneys, and securities hereafter deposited or credited to such fund are hereby appropriated to the use and benefit of the State Soil Conservation Board and may be, by said Board, used in the administration of and in compliance with this Act. Such funds when so placed in the State Treasury shall be under the same care and control by the State Treasury as any money belonging to the State. The Board shall provide and furnish a biennial audit by the State Auditor and Efficiency Expert and a report to the Governor of the State.

The Board may, by resolution, authorize the Chairman of the Board or the administrative officer to approve all claims and accounts that are payable by the Board. And any claim presented to the Comptroller of Public Accounts carrying such approval will be sufficient authority for the Comptroller to issue his warrant against any appropriation made for the use of the Board, and shall also be sufficient authority for the State Treasury to honor the payment of such warrant.

Creation of Soil and Water Conservation Districts

Sec. 5. A. Any fifty (50) or a majority of the landowners within the limits of that terri-

tory proposed to be organized into a district may file a petition with the State Soil Conservation Board asking that a Soil Conservation District be organized to function in the territory described in the petition. Such petition shall set forth:

(1) The proposed name of said district.

(2) That there is need, in the interest of the public health, safety, and welfare, for a Soil Conservation District to function in the territory described in the petition.

(3) A description of the territory proposed to be organized as a district, which description shall not be required to be given by metes and bounds or by legal subdivisions, but shall be deemed sufficient if generally accurate.

(4) A request that the State Soil Conservation Board duly define the boundaries of such district; that an election be held within the territory so defined on the question of the creation of a Soil Conservation District in such territory; and that the Board determine that such a district be created.

Where more than one petition is filed covering parts of the same territory, the State Soil Conservation Board may consolidate all or any such petitions.

B. Within thirty (30) days after such a petition has been filed with the State Soil Conservation Board, it shall cause due notice to be given of a proposed hearing upon the question of the desirability and necessity, in the interest of the public health, safety, and welfare, of the creation of such district, upon the question of the appropriate boundaries to be assigned to such district, upon the propriety of the petition and other proceedings taken under this Act, and upon all questions relevant to such inquiries. All owners of land within the limits of the territory described in the petition, and of lands within any territory considered for addition to such described territory, and all other interested parties, shall have the right to attend such hearings and to be heard. If it shall appear upon the hearing that it may be desirable to include within the proposed district territory outside of the area within which due notice of the hearing has been given, the hearing shall be adjourned and due notice of further hearing shall be given throughout the entire area considered for inclusion in the district, and such further hearing held. After such hearing, if the Board shall determine, upon the facts presented at such hearing and upon such other relevant facts and information as may be available, that there is need, in the interest of the public health, safety, and welfare, for a Soil Conservation District to function in the territory considered at the hearing, it shall make and record such determination, and shall define, by metes and bounds or by legal subdivisions, the boundaries of such district. In making such determination and in defining such boundaries, the Board shall give due

weight and consideration to the topography of the area considered and of the state, the composition of the soils therein, the distribution of erosion, the prevailing land-use practices, the desirability and necessity of including within the boundaries the particular lands under consideration and the benefits such lands may receive from being included within such boundaries, the relation of the proposed area to existing watersheds and agricultural regions, and to other Soil Conservation Districts already organized or proposed for organization under the provisions of this Act, and such other physical, geographical, and economic factors as are relevant, having due regard to the legislative determinations set forth in Section 2 of this Act. If the Board shall determine after such hearing, after due consideration of the said relevant facts, that there is no need for a Soil Conservation District to function in the territory considered at the hearing, it shall make and record such determination and shall deny the petition. After six (6) months shall have expired from the date of the denial of any such petition, subsequent petitions covering the same or substantially the same territory may be filed as aforesaid and new hearings held and determinations made thereon.

C. After the Board has made and recorded a determination that there is need, in the interest of the public health, safety, and welfare, for the organization of a district in a particular territory and has defined the boundaries thereof, it shall consider the question whether the operation of a district within such boundaries with the powers conferred upon Soil Conservation Districts in this Act is administratively practicable and feasible. To assist the Board in the determination of such administrative practicability and feasibility, it shall be the duty of the Board, within a reasonable time after entry of the finding that there is need for the organization of the proposed district and the determination of the boundaries thereof, to hold an election within the proposed district upon the proposition of the creation of the district, due notice of such election shall be given, which notice shall set forth the boundaries of the proposed district. The question shall be submitted by ballots upon which the words, "For creation of a Soil Conservation District of the lands below described in general terms and lying in the county (ies) of _____ and _____," and, "Against creation of a Soil Conservation District of the lands below described in general terms and lying in the county (ies) of _____ and _____," shall appear. All owners of land within the boundaries of the territory as determined by the State Soil Conservation Board shall be eligible to vote in such election. When a part of a County is included in a district and the voting box of a landowner within the County is not included within the said district, the landowner within the county shall be entitled to vote at the voting box in which his land is located within the district. All elections for creation of districts shall be held in conformity with

the general laws of the State except as herein otherwise provided.

D. The Board shall pay all expenses for the issuance of notices of public hearings and shall supervise the conduct of such hearings. It shall issue appropriate regulations governing the conduct of public hearings and elections, and providing for the registration prior to the date of the election of all eligible voters, or prescribing some other appropriate procedure for the determination of those eligible as voters in such elections. No informalities in the conduct of such elections or any other elections held under this Act or in any manner relating thereto, shall invalidate said election or the result thereof, if notice thereof shall have been given substantially as herein provided, and said election shall have been fairly conducted.

E. The Board shall announce the result of such election and shall thereafter consider and determine whether the operation of the district within the defined boundaries is administratively practicable and feasible. If the Board shall determine that the operation of such district is not administratively practicable and feasible, it shall record such determination and deny the petition. If the Board shall determine that the operation of such district is administratively practicable and feasible, it shall record such determination and shall proceed with the organization of the district in the manner hereinafter provided. In making such determination the Board shall give due regard to and weight to the attitudes of the owners of lands lying within the defined boundaries, the number of landowners eligible to vote in such election who shall have voted, the proportion of the votes cast in such election in favor of the creation of the district to the total number of votes cast, the approximate wealth and income of the landowners of the proposed district, the probable expense of carrying on erosion-control operations within such district, and such other economic and social factors as may be relevant to such determinations, having due regard to the legislative determinations set forth in Section 2 of this Act, provided, however, that the Board shall not have authority to determine that the operation of the proposed district within the defined boundaries is administratively practicable and feasible unless at least two-thirds of the votes cast in the election upon the proposition of creating the district shall have been cast in favor of the creation of such district.

F. If the Board shall determine that the operation of the proposed district within the defined boundaries is administratively practicable and feasible, it shall divide the district into five (5) subdivisions of approximately equal area, in so far as this may be practicable. The Board shall appoint two (2) supervisors, one each from subdivisions 2 and 4 within the district, to act until at a regular election in subdivisions 2 and 4 their successors are elected and have qualified. Such appointed supervisors,

together with the three (3) supervisors elected in accordance with the provisions of Section 6 of this Act, shall be the governing board of the district. One member of the District Board of Supervisors shall be selected from each of the five subdivisions composing the district. The State Soil Conservation Board, in cooperation with landowners, may change the boundaries of the subdivisions from time to time as may be necessary or desirable because of additions of territory to the district. Such district shall be a governmental subdivision of this State and a public body corporate and politic, upon the taking of the following proceedings:

The two (2) appointed supervisors shall present to the Secretary of State an application signed by them, which shall set forth and such application need contain no detail other than the mere recitals: (1) That a petition for the creation of the district was filed with the State Soil Conservation Board pursuant to the provisions of this Act, and that the proceedings specified in this Act were taken pursuant to such petition; that the application is being filed in order to complete the organization of the district as a governmental subdivision and a public body corporate and politic under this Act; and that the Board has appointed them as supervisors; (2) The name and official residence of each of the supervisors, together with a certified copy of the appointments evidencing their right to office; (3) The term of office of each of the supervisors; (4) The name which is proposed for the district; and (5) The location of the principal office of the supervisors of the district. The application shall be subscribed and sworn to by each of the said supervisors before an officer authorized by laws of this State to take and certify oaths, who shall certify upon the application that he personally knows the supervisors and knows them to be the officers as affirmed in the application and that each has subscribed thereto in the officer's presence. The application shall be accompanied by a statement by the State Soil Conservation Board, which shall certify (and such statement need contain no detail other than mere recitals) that a petition was filed, notice issued, and hearing held as aforesaid; and the Board did duly determine that there is need, in the interest of public health, safety, and welfare, for a Soil Conservation District to function in the proposed territory and did define the boundaries thereof; that notice was given and an election held on the question of the creation of such district, and that the result of such election showed a two-thirds majority of the votes cast in such election to be in favor of the creation of the district; that thereafter the Board did duly determine that the operation of the proposed district is administratively practicable and feasible. The said statement shall set forth the boundaries of the district as they have been defined by the Board.

The Secretary of State shall examine the application and statement and, if he finds that the name proposed for the district is not iden-

tical with that of any other Soil Conservation District of this State or so nearly similar as to lead to confusion or uncertainty, he shall receive and file them and shall record them in an appropriate book of record in his office. If the Secretary of State shall find that the name proposed for the district is identical with that of any other Soil Conservation District in this State, or so nearly similar as to lead to confusion and uncertainty, he shall certify such fact to the State Soil Conservation Board, which shall thereupon submit to the Secretary of State a new name for the said district, which shall not be subject to such defects. Upon receipt of such new name, free of such defects, the Secretary of State shall record the application and statement, with the name so modified, in an appropriate book of record in his office. When the application and statement have been made, filed, and recorded, as herein provided, the district shall constitute a governmental subdivision of this State and a public body corporate and politic. The Secretary of State shall make and issue to the said supervisors a certificate under the seal of the State, of the due organization of the said district, and shall record such certificate with the application and statement. The boundaries of such district shall include the territory as determined by the State Soil Conservation Board as aforesaid, but in no event shall they include any area included within the boundaries of another Soil Conservation District organized under the provisions of this Act.

G. After six (6) months shall have expired from the date of entry of a determination by the State Soil Conservation Board that operation of a proposed district is not administratively practicable and feasible, and denial of a petition pursuant to such determination, subsequent petition may be filed as aforesaid, and action taken thereon in accordance with the provisions of this Act.

H. (a) Petitions for including additional territory within an existing District may be filed with the State Soil Conservation Board, and the proceedings provided for herein in the case of petitions to organize a District shall be observed in the case of petitions for such inclusion. The Board shall prescribe the form for such petitions, which shall be as nearly as may be in the form prescribed in this Act for petitions to organize a District. Where the total number of landowners in the area proposed for inclusion shall be less than one hundred (100), the petition may be filed when signed by a two-thirds majority of owners of land in such area and in such case no election need be held. In election upon petitions for such inclusion, all owners of land within the proposed additional area shall be eligible to vote; only such landowners shall be eligible to vote.

(b) The Board of Supervisors of any one or more Districts organized under the provisions of this Act may submit to the State Soil and Water Conservation Board a petition signed by a majority of the members of the Board of Su-

supervisors of each District affected requesting a division of a District, a combination of two or more Districts, or a transfer of land from one District to another. The Board shall make a determination as to the practicality and feasibility of the proposed change. If the Board determines that the proposed change of District boundaries is not administratively practicable and feasible, it shall record such determination and deny the petition. If the Board determines that the proposed change is administratively practicable and feasible, it shall record the determination and reorganize the Districts in the manner set out in the petition.

I. In any suit, action, or proceeding involving the validity or enforcement of, or relating to, any contract, proceeding, or action of the district, the district shall be deemed to have been established in accordance with the provisions of this Act upon proof of the issuance of the aforesaid certificate by the Secretary of State. A copy of such certificate duly certified by the Secretary of State shall be admissible in evidence in any such suit, action, or proceeding and shall be proof of filing and contents thereof.

Method of Selection, Qualifications, and Tenure of Soil and Water Conservation District Supervisors

Sec. 6. (a) Within 30 days after the date of issuance by the Secretary of State of a certificate of organization of a soil conservation district, the State Soil Conservation Board shall designate a time and place within the subdivisions wherein supervisors are to be elected, giving due notice of such designation in each subdivision of the district wherein elections are to be held. The owners of land within each subdivision shall meet at the time and place as designated by the State Soil Conservation Board for the purpose of electing from within the subdivision a member to the board of district supervisors. The qualified voters present shall proceed by electing a chairman, secretary, and tally clerks. Nominations shall be in order, and when nominations have ceased, the nominees shall be announced by the secretary. The qualified voters present shall, by a written ballot, cast their vote for their choice from among the nominees. When the votes have been tabulated by the tally clerks, if no candidate has received a majority of the total votes cast, the two candidates receiving the largest number of votes shall be voted on in a second ballot, and the candidate receiving the largest number of votes shall be declared elected.

(b) If there is no objection, the State Soil Conservation Board may designate the polling places for electing supervisors outside of a subdivision. If there is an objection, the board must receive the approval of a majority of the persons qualified to vote for supervisors before it may make the designation.

(c) The secretary shall record the proceedings of the meeting, and shall, within five days, certify to the State Soil Conservation

Board the name and the proper address of the person elected.

The three members as certified to the state board shall serve until at a regular election within the subdivisions from which they are elected their successors are elected and have qualified.

(d) The governing body of the district shall consist of five supervisors, composed of the three supervisors elected as provided hereinabove, together with the two supervisors appointed as provided for in Section 5 of this Act by the State Soil Conservation Board. All five such supervisors shall be owners of land within the subdivision from which they are appointed or elected and shall be actively engaged in the business of farming or animal husbandry.

(e) The supervisors shall designate a chairman, vice-chairman, and secretary and may, from time to time, change such designation. Each of the supervisors who is appointed or elected upon creation of the district shall serve until at the regular election of supervisors their successors are elected and have qualified. Beginning with the year 1943, other than the first election and appointment of supervisors within a district, all elections for the election of district supervisors shall be held on the first Tuesday in October. On the first Tuesday in October, 1943, elections shall be held in all five subdivisions in each district within the state for election of supervisors, which shall establish a regular period for elections. Terms of office of supervisors elected on the first Tuesday in October, 1943, shall be as follows: Subdivision No. 1, one year; Subdivision No. 2, two years; Subdivision No. 3, three years; Subdivision No. 4, four years; and Subdivision No. 5, five years or until their successors are elected and have qualified. Their successors in office shall be elected for a term of five years. In districts created thereafter, the two appointed and the three elected supervisors shall serve until the regular period for elections in corresponding subdivisions in all districts, or until their successors are elected and have qualified. Their successors in office shall serve for the regular five-year term. Terms of office of all supervisors elected shall begin on the day following their election.

(f) Beginning with the election of supervisors held in 1965, supervisors are elected on a date, to be specified by the board of district supervisors for each district, that is after September 30 and before October 16 of each year.

(g) If a vacancy occurs in the office of supervisor, the remaining supervisors, by majority vote, shall appoint a person to fill the unexpired term. Before a person appointed by the remaining supervisors to fill an unexpired term may take office, his appointment must be approved by the State Soil and Water Conservation Board.

(h) A majority of the supervisors shall constitute a quorum and the concurrence of a ma-

majority of the supervisors in any matter within their duties shall be required for its determination. A supervisor may receive compensation for services not to exceed \$10 for each day he shall be in attendance at the meetings of the board of supervisors, and eight cents per mile for travel each way between the residence of a supervisor and the designated meeting place of the supervisors within the boundaries of the district. Supervisors shall be paid quarterly for their services, and may not receive compensation and mileage for any number of days in excess of five in any three-month period, except that two members of each board of supervisors shall be entitled to receive \$10 per day not to exceed two days, and one member shall be entitled to receive eight cents per mile, while attending an annual state-wide meeting of supervisors to be held at a time and place to be determined by the State Soil Conservation Board.

(i) The supervisors may employ such officers, agents, and employees, permanent and temporary, as they may require, and shall determine their qualifications, duties, and compensation. The supervisors may delegate to their chairman, to one or more supervisors, or to one or more agents or employees, such powers and duties as they may deem proper. The supervisors shall furnish to the State Soil Conservation Board, upon request, copies of such ordinances, rules, regulations, orders, contracts, forms, and other documents as they shall adopt or employ, and such other information concerning their activities as it may require in the performance of its duties under this Act.

(j) The supervisors shall provide for the execution of surety bonds for all employees and officers who shall be entrusted with funds or property, shall provide for the keeping of a full and accurate record of all proceedings of all resolutions, regulations, and orders issued or adopted, and shall provide for an annual audit of the accounts of receipts and disbursements. The state board may demand and pay the expenses of an audit at any time. Any supervisor may be removed by the State Soil Conservation Board, upon notice and hearing, for neglect of duty or malfeasance in office, or if disqualified as a voter within the district, but for no other reason.

(k) The supervisors may invite the legislative body of any municipality or county located within or near the territory comprised within the district to designate a representative to advise and consult with the supervisors of the district on all questions of program and policy which may affect the property, water supply, or other interests of such municipality or county.

Powers of Districts and Supervisors

Sec. 7. A Soil Conservation District organized under the provisions of this Act shall constitute a governmental subdivision of this State and a public body corporate and politic

exercising public powers, and such District and the supervisors thereof shall have the following powers, in addition to others granted in other sections of this Act:

(1) To carry out preventive and control measures within the District including, but not limited to, engineering operations, methods of cultivation, the growing of vegetation, changes in use of land, and the measures listed in Subsection c, of Section 2 of this Act, on lands owned or controlled by this State or any of its agencies, with the cooperation of the agency administering and having jurisdiction thereof, and on any other lands within the District upon obtaining the consent of the occupiers of such lands or the necessary rights or interests in such lands;

(2) To co-operate or enter into agreements with, and, within the limits of appropriations duly made available to it by law, to furnish financial or other aid to, any agency, governmental or otherwise, or any occupier of lands within the District, in the carrying on of erosion control and prevention operations within the District, subject to such conditions as the supervisors may deem necessary to advance the purposes of this Act;

(3) To obtain options upon and to acquire, by purchase, exchange, lease, gift, grant, bequest, devise, or otherwise, any property, real or personal, or rights or interests therein; to maintain, administer, and improve any properties acquired, to receive income from such properties, and to expend such income in carrying out the purposes and provisions of this Act; and to sell, lease, or otherwise dispose of any of its property or interests therein in furtherance of the purposes and the provisions of this Act;

(4) To make available, on such terms as it shall prescribe, to land occupiers within the Districts, agricultural and engineering machinery and equipment, fertilizer, seeds and seedlings, and such other material or equipment, as will assist such land occupiers to carry on operations upon their lands for the conservation of soil resources and for the prevention and control of soil erosion;

(5) To construct, improve, and maintain such structures as may be necessary or convenient for the performance of any of the operations authorized in this Act;

(6) To develop comprehensive plans for the conservation of soil resources and for the control and prevention of soil erosion within the District, which plans shall specify in such detail as may be possible, the acts, procedures, performances, and avoidances which are necessary or desirable for the effectuation of such plans, including the specification of engineering operations, methods of cultivation, the growing

of vegetation, cropping programs, tillage practices, and changes in use of land; and to publish such plans and information and bring them to the attention of occupiers of lands within the District;

(7) To take over, by purchase, lease, or otherwise, and to administer, any soil conservation, erosion control, or erosion prevention project located within its boundaries undertaken by the United States or any of its agencies, or by this State or any of its agencies; to manage, as agent of the United States or any of its agencies, or of this State or any of its agencies, any soil conservation, erosion control, or erosion prevention project within its boundaries; to act as agent for the United States, or any of its agencies, or for this State or any of its agencies in connection with the acquisition, construction, operation, or administration of any soil conservation, erosion control, or erosion prevention project within its boundaries; to accept donations, gifts, and contributions in money, services, materials, or otherwise, from the United States or any of its agencies, or from this State or any of its agencies, and to use or expend such moneys, services, materials, or other contributions in carrying on its operations;

(8) To sue and be sued in the name of the District; to have a seal, which seal shall be judicially noticed; to have perpetual succession unless terminated as hereinafter provided; to make and execute contracts and other instruments, necessary or convenient to the exercise of its powers, to make, and from time to time amend and repeal, rules and regulations not inconsistent with this Act, to carry into effect its purposes and powers;

(9) As a condition to the extending of any benefits under this Act to, or the performance of work upon, any lands not owned or controlled by this State or any of its agencies, the supervisors may require contributions in the form of services, materials, or otherwise to any operation conferring such benefits, and may require land occupiers to enter into and perform such agreements or covenants as to the permanent use of such lands as will tend to prevent or control erosion thereon.

(10) The supervisors shall have no power to levy taxes, and no debts incurred in the name of the District shall create a lien on lands of landowners or land occupiers in the District.

(11) (a) The supervisors may execute notes on the faith and credit of the District payable from current funds or revenues within reasonable contemplation, or both, but none of which moneys shall be derived from the State, for the purpose of making repairs, additions and improvements to any property and equipment owned by the District. Such note shall

mature not later than twelve (12) months from its date, and may bear interest not to exceed six percent (6%) per annum.

(b) Any such note or notes may be secured by a lien on the property or equipment to which such repairs, additions or improvements are to be made, provided such property or equipment was not acquired from the State nor with moneys derived from the State.

Adoption of Land-Use Regulations

Sec. 8. When petitioned by fifty (50) or more landowners within the district, the supervisors of any district shall have the authority to formulate regulations governing the use of lands within the district in the interest of conserving soil and soil resources and preventing and controlling soil erosion. The supervisors may conduct such public meetings and public hearings upon tentative regulations as may be necessary to assist them in this work. The supervisors shall not have authority to enact such land-use regulations into law until after they shall have caused due notice to be given of their intention to conduct an election for submission of such regulations to the landowners within the boundaries of the district for their indications of approval or disapproval of such proposed regulations, and until after the supervisors have considered the result of such election. The proposed regulations shall be embodied in a proposed ordinance. Copies of such proposed ordinance shall be available for inspection during the period between publication of such notice and the date of the election. The notices of the election shall recite the contents of such proposed ordinance, or shall state where copies of such proposed ordinance may be examined. The question shall be submitted by ballots, upon which the words "For approval of proposed Ordinance No. _____, prescribing land-use regulations for conservation of soil and prevention of erosion" and "Against approval of proposed Ordinance No. _____, prescribing land-use regulations for conservation of soil and prevention of erosion," shall appear. The supervisors shall supervise such election, shall prescribe appropriate regulations covering the conduct thereof, and shall announce the result thereof. All owners of land within the district shall be eligible to vote in such election. Only such landowners shall be eligible to vote. The supervisors shall not have authority to enact such proposed ordinance into law unless at least nine-tenths of the votes cast in such election shall have been cast for approval of the said proposed ordinance. The approval of the proposed ordinance by nine-tenths of the votes cast in such election shall be deemed to require the supervisors to enact such proposed ordinance into law. Land-use regulations prescribed in ordinance adopted pursuant to the provisions of this Section shall have the force and effect of law in the said district and shall be binding and obligatory upon all occupiers of land within such district.

Any occupier of land within such district may at any time file a petition with the supervisors asking that any or all of the land-use regulations prescribed in any ordinance adopted by the supervisors under the provisions of this Section shall be amended, supplemented, or repealed. Land-use regulations prescribed in any ordinance adopted pursuant to the provisions of this Section shall not be amended, supplemented, or repealed except in accordance with the procedure prescribed in this Section for adoption of land-use regulations or in accordance with variances authorized in Section 10 of this Act; provided, however, that such suspension or repeal may be effected by a majority vote of the qualified voters voting at such election. Elections on adoption, amendment, supplementation, or repeal of land-use regulations shall not be held more often than once in six (6) months.

The regulations to be adopted by the supervisors under the provisions of this Section may include:

(1) Provisions requiring the carrying out of necessary engineering operations, including the construction of terraces, terrace outlets, check dams, dikes, ponds, ditches, and other necessary structures;

(2) Provisions requiring observance of particular methods of cultivation including contour cultivating, contour furrowing, lister furrowing, sowing, planting, strip cropping, seeding, and planting of lands to water-conserving and erosion-preventing plants, trees, and grasses, forestations, and reforestations;

(3) Specifications of cropping programs and tillage practices to be observed;

(4) Provisions requiring the retirement from cultivation of highly erosive areas or of areas on which erosion may not be adequately controlled if cultivation is carried on;

(5) Provisions for such other means, measures, operations, and programs as may assist conservation of soil resources, and prevent or control soil erosion in the district, having due regard to the legislative findings set forth in Section 2 of this Act.

The regulations shall be uniform throughout the territory comprised within the district except that the supervisors may classify the lands within the district with reference to such factors as soil type, degree of slope, degree of erosion threatened, or existing, cropping and tillage practices in use, and other relevant factors, and may provide regulations varying with the type or class of land affected, but uniform as to all lands within each class or type. Copies of land-use regulations adopted under the provisions of this section shall be printed and made available to all owners and occupiers of land lying within the district.

Performance of Work Under the Regulations by
the Supervisors

Sec. 9. The supervisors shall have authority to go upon any lands within the district to determine whether land-use regulations adopted under the provisions of Section 8 of this Act are being observed.

Where the supervisors of any district shall find that any of the provisions of land-use regulations prescribed in an ordinance adopted in accordance with the provisions of Section 8 hereof are not being observed on particular lands, and that such nonobservance tends to increase erosion on such lands and is interfering with the prevention or control of erosion on other lands within the district, the supervisors may present to any Court of competent jurisdiction a petition, duly verified, setting forth the adoption of the ordinance prescribing land-use regulations, the failure of the defendant to observe such regulations, and to perform particular work, operations, or avoidances as required thereby, and that such nonobservance tends to increase erosion on such lands and is interfering with the prevention or control of erosion on other lands within the district, and praying the Court to require the defendant to perform the work, operations, or avoidances within a reasonable time and to order that if the defendant shall fail so to perform, the supervisors may go on the land, perform the work or other operations or otherwise bring the condition of such lands into conformity with the requirements of such regulations, and recover the costs and expenses thereof, with interest, from the occupier of such land. Upon the presentation of such petition, the Court shall cause process to be issued against the defendant, and shall hear the case. If it shall appear to the Court that testimony is necessary for the proper disposition of the matter, it may take evidence, or appoint a referee to take such evidence as it may direct and report the same to the Court with his findings of fact and conclusions of law, which shall constitute a part of the proceedings upon which the determination of the Court shall be made. The Court may dismiss the petition; or it may require the defendant to perform the work, operations, or avoidances, and may provide that upon the failure of the defendant to initiate such performance within the time specified in the order of the Court, and to prosecute the same to completion with reasonable diligence, the supervisors may enter upon the lands involved and perform the work or operation or otherwise bring the condition of such lands into conformity with the requirements of the regulations and recover the costs and expenses thereof, from the occupier of such lands, provided further, that in no case shall the total charge for the work done by said supervisors or anyone under them, and to be charged against said lands, ever exceed for any calendar year, ten (10) per cent of the assessed valuation of said lands for State and county purposes. In all cases where the person in possession of lands who shall fail to perform such work, opera-

tions, or avoidances, shall not be the owner, the owner of such lands shall be joined as a party defendant.

The Court shall retain jurisdiction of the case until after the work has been completed. Upon completion of such work pursuant to such order of the Court the supervisor may file a petition with the Court, a copy of which shall be served upon the defendant in the case, stating the costs and expenses sustained by them in the performance of the work and praying judgment therefor with interest. The Court shall have jurisdiction to enter judgment for the amount of such costs and expenses, together with the costs of suit, including reasonable attorney's fee to be fixed by the Court. Such judgments shall be collected in the same manner as that provided for the collection of assessments in Wind Erosion Conservation Districts created by authority of House Bill No. 978, Acts of the Regular Session of the Forty-fourth Legislature of Texas.¹

¹ Article 165a-2.

Board of Adjustment

Sec. 10. A. Where the supervisors of any district organized under the provisions of this Act shall adopt an ordinance prescribing land-use regulations in accordance with the provisions of Section 9 hereof, they shall further provide by ordinance for the establishment of a Board of Adjustment. Such Board of Adjustment shall consist of three (3) members, each to be appointed for a term of two (2) years, except that one of the members first appointed shall be appointed for a term of one year, or until his successor is elected and qualified. The members of each such Board of Adjustment shall be appointed by the State Soil Conservation Board, with the advice and approval of the supervisors of the district for which such Board of Adjustment has been established, and shall be removable, upon notice and hearing, for neglect of duty or malfeasance in office, but for no other reason, such hearing to be conducted jointly by the State Soil Conservation Board and the supervisors of the district.

Vacancies in the Board of Adjustment shall be filled in the same manner as original appointments, and shall be for the unexpired term of the member whose term becomes vacant. Members of the State Soil Conservation Board and the supervisors of the district shall be ineligible to appointment as members of the Board of Adjustment during their tenure of such other office. The members of the Board of Adjustment shall receive compensation for their services at the rate of Three Dollars (\$3) per diem for time spent on the work of the Board, not to exceed ten (10) days each year to be paid by the State Soil Conservation Board from appropriations made for that purpose.

The supervisors shall pay the necessary administrative and other expenses of operation incurred by the Board of Adjustment upon the certificate of the chairman of the said Board.

B. The Board of Adjustment shall adopt rules to govern its procedures which rules shall be in accordance with the provisions of this Act and with the provisions of any ordinance adopted pursuant to this section. The Board shall designate a chairman from among its members, and may, from time to time, change such designation. Meetings of the Board shall be held at the call of the chairman and at such other times as the Board may determine. Any two (2) members of the Board of Adjustment shall constitute a quorum. The chairman, or in his absence such other member of the Board as he may designate to serve as acting chairman, may administer oaths and compel the attendance of witnesses. All meetings of the Board of Adjustment shall be open to the public. The Board shall keep a full and accurate record of all proceedings, of all documents filed with it, and of all orders entered, which shall be filed in the office of the Board of Adjustment and shall be a public record.

C. An occupier of land within the district may file a petition with the Board of Adjustment alleging that there are great practical difficulties or unnecessary hardship in the way of his carrying out upon his lands the strict letter of the land-use regulations prescribed by ordinance approved by the supervisors, and praying the Board of Adjustment to authorize a variance from the terms of the land-use regulations in the application of such regulations to the lands occupied or owned by the petitioner. Copies of such petition shall be served by the petitioner upon the chairman of the supervisors of the district within which his lands are located and upon the Chairman of the State Soil Conservation Board. The Board of Adjustment shall fix a time for the hearing of the petition and cause due notice of such hearing to be given. The supervisors of the district and the State Soil Conservation Board shall have the right to appear and be heard at such hearing. Any occupier of lands lying within the district who shall object to the authorizing of the variance prayed for may intervene and become a party to the proceedings. Any party to the hearing before the Board may appear in person, by agent, or by attorney. If, upon the facts presented at such hearing, the Board shall determine that there are great practical difficulties or unnecessary hardships in the way of applying the strict letter of any of the land-use regulations upon the lands of the petitioner, it shall make and record such determination and shall make and record findings of fact as to the specific conditions which establish such great practical difficulties or unnecessary hardship. Upon the basis of such findings and determination, the Board of Adjustment shall have power by order to authorize such variance from the terms of the land-use regulations, in their application to the lands of the petitioner, as will relieve such great practical difficulties or unnecessary hardship and will not be contrary to the public interest, and such that the spirit of the land-use regulations

shall be observed, the public health, safety, and welfare secured, and substantial justice done.

Cooperation Between Districts

Sec. 11. The supervisors of any two (2) or more districts organized under the provisions of this Act may cooperate with one another in the exercise of any or all powers conferred in this Act.

State Agencies to Cooperate

Sec. 12. Agencies of this State which shall have jurisdiction over, or be charged with the administration of, any State-owned lands, and of any county, or other governmental subdivision of the State, which shall have jurisdiction over, or be charged with the administration of, any county-owned or other publicly owned lands, lying within the boundaries of any district organized hereunder, shall cooperate to the fullest extent with the supervisors of such districts in the effectuation of programs and operations undertaken by the supervisors under the provisions of this Act. The supervisors of such district shall be given free access to enter and perform work upon such publicly owned lands. The provisions of land-use regulations adopted pursuant to Section 8 of this Act shall have the force and effect of law over all such publicly owned lands, and shall be in all respects observed by the agencies administering such lands.

Discontinuance of Districts

Sec. 13. At any time after five (5) years after the organization of a District under the provisions of this Act, any fifty (50) or a majority of the landowners within the boundaries of such district may file a petition with the State Soil Conservation Board praying that the operations of the district be terminated and the existence of the district discontinued. The Board may conduct such public meetings and public hearings upon such petition as may be necessary to assist it in the consideration thereof. Within sixty (60) days after such a petition has been received by the Board, it shall give due notice of the holding of an election, and shall supervise such election and issue appropriate regulations governing the conduct thereof, the question to be submitted by ballots upon which the words: "For terminating the existence of the _____ (name of the Soil Conservation District to be here inserted)," and "Against terminating the existence of the _____ (name of the Soil Conservation District to be here inserted)," shall appear.

All owners of land within the boundaries of the district shall be eligible to vote in such election. Only such landowners shall be eligible to vote.

The Board shall publish the result of such election and shall thereafter consider and determine whether the continued operation of the district within the defined boundaries is administratively practicable and feasible. If the Board shall determine that the continued oper-

ation of such district is administratively practicable and feasible, it shall record such determination and deny the petition. If the Board shall determine that the continued operation of such district is not administratively practicable and feasible, it shall record such determination and shall certify such determination to the supervisors of the district. In making such determination the Board shall give due regard and weight to the attitudes of the owners of lands lying within the district, the number of landowners eligible to vote in such election who shall have voted, the proportion of the votes cast in such election in favor of the discontinuance of the district to the total number of votes cast, the approximate wealth and income of the landowners of the district, the probable expense of carrying on erosion control operations within such district, and such other economic and social factors as may be relevant to such determination, having due regard to the legislative findings set forth in Section 2 of this Act; provided however, that the Board shall not have authority to determine that the continued operation of the district is administratively practicable and feasible unless at least a majority of the votes cast in the election shall have been cast in favor of the continuance of such district.

Upon receipt from the State Soil Conservation Board of a certification that the Board has determined that the continued operation of the district is not administratively practicable and feasible, pursuant to the provisions of this section, the supervisors shall forthwith proceed to terminate the affairs of the district. The supervisors shall transfer all property belonging to the district to the State Soil Conservation Board which may either dispose of it at public auction, and pay over the proceeds of such sale to be covered into the State Treasury, or make the property available for use by other districts. The supervisors shall thereupon file an application, duly verified, with the Secretary of State for the discontinuance of such district, and shall transmit with such application the certificate of the State Soil Conservation Board, setting forth the determination of the Board that the continued operation of such district is not administratively practicable and feasible. The application shall recite that the property of the district has been disposed of as in this section provided and shall set forth a full accounting of such properties. The Secretary of State shall issue to the supervisors a certificate of dissolution and shall record such certificate in an appropriate book of record in his office.

Upon issuance of a certificate of dissolution under the provisions of this section, all ordinances and regulations theretofore adopted and in force within such districts shall be of no further force and effect. All contracts theretofore entered into, to which the district or supervisors are parties, shall remain in force and effect for the period provided in such contracts. The State Soil Conservation Board

shall be substituted for the district or supervisors as party to such contracts. The Board shall be entitled to all benefits and subject to all liabilities under such contracts and shall have the same right and liability to perform, to require performance, to sue and be sued thereon and to modify or terminate such contracts by mutual consent or otherwise, as the supervisors of the district would have had. Such dissolution shall not affect the lien of any judgment entered under the provisions of Section 9 of this Act, nor the pendency of any action instituted under the provisions of such Section, and the Board shall succeed to all the rights and obligations of the district or supervisors as to such liens and actions.

The State Soil Conservation Board shall not entertain petitions for the discontinuance of any district nor conduct elections upon such petitions nor make determinations pursuant to such petitions in accordance with the provisions of this Act, more often than once in five (5) years.

The Commissioner may require that such certification include a statement of the manner and vote by which the respective members were elected and the percentage of the total production or sales of fluid milk within the area represented by such vote. Members whose names have been certified to the Commissioner and approved by him shall enter upon the discharge of their duties. The certificate of the Commissioner approving such member shall be prima facie evidence that such member has been elected by the required number and percentage of the total volume of milk of the group from which he was elected. If the Commissioner shall not approve a member, there shall be a vacancy on the Milk Industry Board. Any member may be removed with or without cause, by vote of all producers or distributors, as the case may be, representing a volume of milk equal to at least three-fourths ($\frac{3}{4}$) of the volume and number by which he was originally elected. Any vacancies on the Milk Board shall be filled in the same manner and by the same parties as provided for the original election.

The Milk Industry Board shall be organized by the members by the selection of a chairman,

vice-chairman, who shall be members, and a secretary-treasurer who may or may not be a member. The Milk Industry Board shall employ such agents, assistants and clerks as may be necessary to perform its duties. All officers and employees of the Milk Industry Board who handle funds of the Milk Industry Board or who sign or countersign checks upon such funds shall severally give bonds in such amounts and with such sureties as shall be determined by the Milk Industry Board. The cost of such bonds shall be paid by the Milk Board.

The members shall serve without compensation, but shall be entitled to reimbursement for the expenses incurred in the performance of their duties.

Said Board shall then provide for due notice to the parties interested and for a hearing on the proposed code and/or agreement. Said Board shall make such changes and modifications, if any, in such proposed code as in its discretion will tend to effectuate the policies herein declared. Any proposed code and/or agreement that receives the approval on matters affecting the distributors of ten per cent (10%) of their number and sixty per cent (60%) of their volume sold in the milk shed or trade territory affected, and affecting producers of fifty-one per cent (51%) of their number and seventy per cent (70%) of their volume represented in the milk shed affected, shall become a duly constituted code upon receiving the approval of the Board. The Board shall not approve a code or an agreement unless said code contains ample protection for consumers, competitors and tends to effectuate the policies herein declared. Every distributor and every processor and every retail outlet for milk or milk products, as defined in this Act, shall apply to the Board for a certificate of authority following the approval of a code and/or agreement to engage in such milk industry in the territory affected, and no distributor or processor or retail outlet after the effective date of said code, codes or agreements shall engage in or carry on any milk industry in any area where such code, codes or agreements are in effect without such certificate of authority. Every person required to procure a certificate of authority shall pay to the Board One Dollar (\$1.00) for each certificate issued, said certificate to be valid for a period of one year from date issued, unless revoked sooner as herein provided.

Violation of Code as Unfair Competition

Sec. 4. After the Board shall have approved such code, codes, or agreements, the provisions thereof shall be the standard of fair competition for such milk industry within the area defined in such code, codes or agreements, and any violations of such standards in any transaction in or affecting the milk industry in such area shall be deemed to be an unfair method of competition within the meaning of this Act.

District Court to Restrain Violations of Code

Sec. 5. Any District Court in the State of Texas having jurisdiction over the territory or any portion thereof where such code, codes or agreements are made effective is hereby invested with jurisdiction, and it is hereby made the duty of said Courts to prevent and restrain violations of any such code, codes or agreements of fair competition approved under this Act by the Board and/or provision of this Act, and it shall not be necessary in such suit for the plaintiff to allege and prove that such plaintiff will suffer irreparable injury, or any damage; nor that it does not have an adequate and complete remedy at law. It shall be the duty of the several District Attorneys authorized to act in said localities to institute, under the direction of the Board, proceedings in equity to restrain such violations.

Amendment of Code or Agreement

Sec. 6. Any code, codes or agreements approved by the Board under the authority of this Act may be amended, changed, enlarged, modified or suspended upon the Board's own motion and upon the approval on matters affecting distribution of ten per cent (10%) of the distributors affected in numbers and sixty per cent (60%) of the volume of the distributors affected and upon the approval on matters affecting production of fifty-one per cent (51%) of the producers affected and seventy per cent (70%) of the volume affected, or upon the application and approval on matters affecting distribution of ten per cent (10%) of the distributors affected in numbers and sixty per cent (60%) of the volume of the distributors affected, and on matters affecting production of fifty-one per cent (51%) of the producers affected and seventy per cent (70%) of the volume affected. The Board must provide for due notice and public hearing of contemplated changes.

Revocation of Certificate of Authority

Sec. 7. (a) The Board may suspend or revoke such certificate of authority after due notice and opportunity for hearing for violation of the terms and provisions of any code adopted and approved under the authority of this Act.

(b) Any distributor or processor or retail outlet who without such a certificate of authority carries on any transaction in the intrastate handling of milk products for which a certificate of authority is so required shall upon conviction thereof be fined not to exceed Two Hundred Dollars (\$200.00) and each day such violation continues shall be deemed a separate offense.

(c) Any officer, agent or servant of any corporation violating any provision of this Title shall be individually and personally subject to the punishment provided for in Section 7, subsection (b) of this Act whenever any such officer, agent or servant had knowledge of such violation by the corporation at the time same was committed and where it was at the time of

such violation within the power of such officer, agent or servant to prevent same.

Code to Provide for Administration Funds

Sec. 8. Any code, codes or agreements authorized hereunder shall provide for and have authority and power to provide for the necessary funds for the administration thereof. These funds shall include a sum not to exceed two (2) cents per one hundred (100) pounds of milk, or its equivalent, which shall, with all other fees for the certificate of authority, filing of codes or agreements, be paid into the Milk Industry Board, to be used for expenses in the administration of their duties. These funds shall be based on the milk sold as fluid milk and shall be paid by distributors for each calendar month within fifteen (15) days following the last of each month, direct to the Milk Industry Board.

Partial Invalidity

Sec. 9. If any section or provision of this Act shall be declared unconstitutional or invalid for any reason, such decision shall not affect any other provision or portion of this Act, and such other provisions shall remain in full force and effect.

Prima Facie Validity of Acts

Sec. 10. All acts of any such Board shall be prima facie valid.

Anti-trust Laws not Affected

Sec. 11. Provided the provisions of this Act shall not alter, repeal, change, modify or anyway change the purpose of the Anti-trust Laws of the State of Texas.¹

The specification, rule or regulation may be effective for a period of not longer than one hundred twenty (120) days renewable once for a period not exceeding sixty (60) days, but the adoption of an identical specification, rule or regulation under Subsections (a)(1) and (a)(2) of this section is not precluded.

Title

Sec. 1. The name of this Act shall be "Texas Equal Health Standard Milk Sanitation Act of 1961."

Declaration of Purpose

Sec. 2. The purpose of this Act is to utilize effectively existing agencies and departments in regulating, processing, and distributing milk and milk products to the end that Texas consumers will be assured of a full supply of wholesome, high quality milk, cream, and milk products by requiring that all Grade "A" pasteurized milk and/or Grade "A" raw milk for pasteurization shipped into Texas be produced under rules, regulations, and statutes providing standards as high as or higher than those provided by the Texas Milk Grading and Labeling Law, Chapter 172 (codified as Article 165-3, Vernon's Annotated Civil Statutes), Acts of the 45th Legislature, Regular Session, 1937, as amended, and any other statutes, rules, and regulations governing the production of milk in Texas.

Shipping Grade "A" Milk into State; Standards; Inspections

Sec. 3. From and after the effective date of this Act, no person, officer, or inspector authorized under the laws of this State or any municipality within the State to inspect or regulate the production of fluid milk of whatever quality, shall in anywise approve, grant, or issue a permit, certificate, or other authorization for Grade "A" pasteurized milk and/or Grade "A" raw milk for pasteurization to be shipped into Texas unless the same is produced in accordance with standards, rules, regulations, and statutes governing the production of milk in the State of Texas; and no such person, officer, or inspector shall in anywise permit, certify, or authorize the shipping of any Grade "A" pasteurized milk and/or Grade "A" raw milk for pasteurization into this State regardless of the grade, unless such person, officer, or inspector, shall certify that such fluid milk was produced under equivalent rules and regulations required for the production of milk in the State of Texas. Provided, however, inspections to approve, grant, issue or maintain a permit, certificate, or other authorization for the shipping of Grade "A" pasteurized milk and/or Grade "A" raw milk for pasteurization into this State shall have inspections made as frequently as, and in the same manner on dairy farms, transfer stations, milk plants and/or receiving stations shipping into Texas as are made on Texas dairy farms, transfer stations, milk plants and/or receiving stations. Nothing herein shall be construed as requiring any more frequent or different inspections of dairy farms, transfer stations, milk plants and/or receiving stations shipping milk into Texas than

are made of Texas dairy farms, transfer stations, milk plants and/or receiving stations. Provided, further, that any Grade "A" pasteurized milk or Grade "A" raw milk for pasteurization shipped into the State of Texas from any dairy farm, transfer station, milk plant, and/or receiving station shall be accompanied to the point of delivery with a manifest specifically listing each such dairy farm, transfer station, milk plant and/or receiving station permit or certification number issued by the Texas State Department of Health making up each such separate load of Grade "A" pasteurized milk or Grade "A" raw milk for pasteurization to be shipped into Texas. Provided further that Grade "A" pasteurized milk or Grade "A" raw milk for pasteurization shipped into Texas shall not have been commingled prior to shipping with any milk not authorized by permit or certificate issued by the Texas State Department of Health to be shipped into the State of Texas. Provided, however, that the provisions of this Section, shall not be applicable to a dairy farm, transfer station, milk plant and/or receiving station which is now under the routine inspection(s) and supervision of municipalities of the State of Texas.

Grade "A" Milk Products Imported into State

Sec. 3A. The Texas State Department of Health, upon receiving application from such dairy farm, transfer station, milk plant and/or receiving station desiring a permit or other authority for the shipping and delivering of Grade "A" pasteurized milk or Grade "A" raw milk for pasteurization into this State, shall make or cause to be made, by personnel under its jurisdiction, the necessary inspection(s) to determine that full compliance is being made with all standards, rules, regulations, and statutes governing production,

processing, pasteurization or bottling of Grade "A" pasteurized milk or Grade "A" raw milk for pasteurization in the State of Texas; and in the event it finds such compliance is being made by said applicant(s), it shall issue a permit, certificate, or other authorization, to such applicant(s) upon receipt of the prescribed fee. Provided, however, that the provisions of this Section shall not be applicable to a dairy farm, transfer station, milk plant and/or receiving station which is now under the routine inspection(s) and supervision of municipalities of the State of Texas.

(b) Beginning on the effective date of this Act, any person, firm, association, or corporation wanting to transport Grade "A" pasteurized milk or Grade "A" raw milk for pasteurization into the State of Texas from dairy farms, transfer stations, milk plants and/or receiving stations from outside the State of Texas must apply to the Texas State Health Department for a permit, certificate, or other authorization.

(c) The Texas State Health Department shall issue a permit, certificate, or other authorization referred to in Subsection (b) of this Section provided the applicant:

(1) presents satisfactory proof and evidence that he is in compliance with rules, regulations, standards, and requirements prescribed by the Texas State Health Department relating to production, processing and transportation of Grade "A" pasteurized milk and milk products or Grade "A" raw milk and milk products for pasteurization; and

(2) pays a reasonable fee prescribed by the Texas State Health Department, which shall be limited to actual costs of salary and travel of personnel under its jurisdiction in connection with such inspection.

Severability

Sec. 6. If any Section, Subsection, sentence, clause, phrase, word, or part of this Act or the applications thereof are for any reason held to be unconstitutional, such decision shall not affect the remaining portions of this Act, and the Legislature hereby declares that it would have passed this Act and each Section, Subsection, sentence, clause, phrase, word, or part thereof despite the fact that one or more Sections, Subsection, sentence, clause, phrase, word, or parts thereof be declared unconstitutional. The Legislature further declares that this Act shall not be in conflict with or repeal any provisions of the Texas Milk Grading and Labeling Law, Acts of the 45th Legislature, Regular Session, 1937 (codified as Article 165-3, Vernon's Annotated Civil Statutes).

Sec. 1. As used in this Act, the following words and phrases shall have the following meanings:

(a) "Antifreeze" shall mean all substances and preparations intended for use as a cooling medium or to be added to the cooling liquid in the cooling system of internal combustion engines to prevent freezing of the cooling liquid or to lower its freezing point.

(b) "Person" shall mean individuals, partnerships, corporations, and associations, and shall include the singular and the plural.

(c) "Commissioner" shall mean the Commissioner of Agriculture.

(d) "Manufacturer or distributor" shall mean the initial or original maker, canner or packer of the antifreeze if the antifreeze is made, canned or packed in this State initially or originally, but if the antifreeze is made, canned or packed out of this State, the term shall then be confined to the first consignee or receiver of antifreeze in this State whose function it is to distribute, sell or consign the antifreeze to retailers, wholesalers or consumers in this State; provided, however, that in any case where the antifreeze is made either within or without this State by one person for another person, which other person is the initial or original marketer of the antifreeze under his own name or brand name, the term shall then be confined to such other person.

(e) "Label" means the written, printed or graphic matter on the immediate or outside container of the antifreeze.

(f) "Labeling" means all labels upon any article or any of its containers or wrappers, accompanying such article, to which reference is made on the label or literature accompanying such article, or which relates or refers to the article for the purpose of inducing the sale thereof.

(h) "Misbranded" shall mean, and shall apply to, any antifreeze (1) if its labeling is false or misleading in any particular; or (2) if in package form it does not bear a label containing the name and place of business of the manufacturer, packer, can-

Registering of Antifreeze with the Commissioner of Agriculture

Sec. 2. Before any antifreeze may be sold, exposed for sale, or held with intent to sell, within this State, the same must be registered with the Commissioner of Agriculture. Upon the application of the manufacturer or distributor and the payment of the fee prescribed in this Section, the Commissioner of Agriculture shall register any antifreeze not adulterated or misbranded, as those terms are defined in Section 1 of this Act. Such registration shall be valid for one (1) year unless sooner cancelled or a change is made in the name, brand, label, trade-mark or contents of the antifreeze. If the antifreeze does not meet all requirements of this Act, registration shall be refused and its sale shall be unlawful. Application for registration and payment of the fee shall be made annually during the month of December of every year or prior to placing such antifreeze on the market, and said registration shall expire on the 31st day of December of the year next following its issuance. The fee shall be Twenty Dollars (\$20) for each brand of antifreeze sold.

Failure to include any of the foregoing information on the label shall be an offense hereunder.

Seizure of Antifreeze by the Commissioner

Sec. 4. The Commissioner may seize all antifreeze, the manufacture, transportation, sale or use of which is prohibited by this Act or which is manufactured, sold, used, transported, kept or offered for sale, use or transportation, or had in possession with intent to sell, use or transport in violation of any provision of this Act or in violation of any rule, regulation, definition or standard promulgated by the Commissioner hereunder. Such seizure may be made without a warrant. For obtaining information regarding the suspected violations of this Act, the Commissioner, his assistants, appointees, agents or employees shall have access to all places where any antifreeze is sold, stored, transported or held for sale, and they may inspect any antifreeze found and take samples for analysis.

Administration by the Commissioner of Agriculture

Sec. 5. The Commissioner of Agriculture shall administer the provisions of this Act, and shall have authority to promulgate rules and regulations to implement its administration and to provide standards for antifreeze. The revenue realized from the collection of fees hereunder shall be used by the Commissioner in the administration of this Act, and it is hereby appropriated to the Commissioner of Agriculture for that purpose.

Alteration or Adulteration of Antifreeze

Sec. 6. Any person who shall alter, adulterate or change the composition of any brand of antifreeze as registered in accordance with the provisions of this Act shall be guilty of an offense hereunder, unless approval of such change by the Commissioner has first been obtained.

Selling Unregistered Antifreeze

Sec. 7. Any person who shall sell or offer for sale any antifreeze which is not duly registered in accordance with the provisions of this Act shall be guilty of an offense hereunder.

Exceptions

Sec. 8. The provisions of this Act shall not apply to (1) finished antifreeze in transit through the State or in storage within the State intended for sale outside the State; (2) antifreeze ingredient materials in transit or in storage intended for manufacturing, processing, mixing, packing or canning within this State; (3) common or private carrier and warehousemen, or any employee thereof, while engaged in lawfully transporting and storing antifreeze; (4) public officers while engaged in the performance of their official duties.

Severability

Sec. 10. If any section, subsection or part of this Act shall be held unconstitutional or invalid, such unconstitutionality or invalidity shall not affect the remaining portions hereof, it being hereby expressly stated that the Legislature would have enacted such Act without respect to such section, subsection or part so held to be unconstitutional or invalid.

[Acts 1949, 51st Leg., p. 524, ch. 288.]

CHAPTER FIFTEEN. CHICKEN EGGS

Art. 165-8. Handling and Sale of Chicken Eggs

Sec. 1. This Act is named and may be cited as the Texas Egg Law and relates only to chicken eggs sold in the State of Texas. The law shall be administered and enforced by the Commissioner of Agriculture, hereinafter referred to as the Commissioner.

"Person" Defined

Sec. 2. As used in the Act, the word "person" means an individual, firm, corporation, cooperative, or any other type of business entity.

Standards of Quality

Sec. 3. (a) The standards of quality, the grades and the standards of size as determined by weighing shall be the same as the standards and grades promulgated by the United States Department of Agriculture for shell eggs, and such lower grades and sizes as the Egg Marketing Advisory Board shall promulgate.

(b) All eggs which are offered for sale to consumers shall be graded according to consumer grades and weight classes and classified, except as otherwise provided in Section 11.

(c) All eggs which are offered for sale at wholesale shall be graded according to wholesale grades and weight classes and classified, except as otherwise provided in Section 11.

Classification of Eggs

Sec. 4. All eggs sold or offered for sale in this state shall be classified into one or more, as applicable, of the two following classifications in accordance with the requirements of such classification:

(a) "Texas Eggs" means eggs which have been produced in Texas.

(b) "Shipped Eggs" means eggs which have been produced in a state in the United States other than Texas or outside the Continental United States and shipped into the state for the purpose of resale within the state.

Inedible Eggs

Sec. 5. It shall be unlawful to sell in bulk or in containers or subcontainers eggs that are or contain inedible eggs and which are not denatured, provided that not to exceed five per cent (5%) by count of inedibles shall be permitted when eggs are going to a dealer for can-

dling and grading or to a breaking plant for breaking purposes. Eggs of the following descriptions are classed as inedible: Leakers, black rots, white rots, mixed rots, addled eggs, incubated eggs, eggs showing blood rings, eggs containing embryo chicks (at or beyond the blood ring stage), and any eggs unfit for human consumption due to causes other than those listed in this section.

Advertising Shell Eggs; Descriptive Words

Sec. 6. It shall be unlawful to sell or advertise shell eggs below the quality of Grade A as "fresh," "yard," "selected," "hennery," "new-laid," "infertile," "cage," or other words of similar import or to represent the same to be fresh; provided, however, that this section shall not apply to producers of eggs when selling only the production of their own flocks.

Sanitary Handling; Rules and Regulations

Sec. 7. After being received from the producer, all shell eggs for human consumption shall be properly handled to prevent undue deterioration.

All eggs shall be handled under reasonably sanitary conditions. The Commissioner is authorized to promulgate rules and regulations prescribing standards of sanitation for the handling of eggs.

Grading by Local and Outstate Licensees; Outstate Inspections by Commissioner; Reimbursement of Expenses; Reciprocal Agreements; Use of Prefix "U. S."

Sec. 8. All grades and sizes claimed for eggs sold in the state shall be established by inspection by a person duly licensed hereunder having a place of business within this state at which such inspections are made or by a person licensed hereunder and qualified to do business in this state who makes such inspections at a designated location outside the state. Where such inspections are made at a location outside the state by a licensee hereunder, such location and records relating to eggs graded pursuant to such Texas license shall be subject to inspection by the commissioner or his deputies at such times and intervals as the commissioner may deem necessary for the proper administration of the provisions herein; the expenses for such travel shall be reimbursed to the commissioner by the licensee within ten (10) days from the date of receipt of an invoice therefor. The actual and necessary expenses chargeable to a licensee for each inspection of an out-of-state location shall not exceed Fifty Dollars (\$50.00) per day for food, lodging and local transportation, plus the cost of the least expensive available space round trip air fare from Austin, Texas, to the location to be inspected. The commissioner shall schedule all feasible inspections within an area on each inspection trip, and the expenses shall be divided amongst such licensees inspected on an equitable basis. These expenses are in addition to all other fees hereunder and failure of licensee to pay such expenses as herein re-

quired shall act to automatically cancel the outstanding license of such person and shall be grounds for denial of a license to any person in anywise connected with a person whose license has been cancelled; provided, however, the commissioner is hereby empowered to make reciprocal agreements with the several states providing for the inspections herein required; and it shall be unlawful to use the prefix "U. S." on grades and weight classes of shell eggs unless the egg grading is under official United States Department of Agriculture supervision.

Containers for Eggs; Requirements

Sec. 9. All containers in which eggs for human consumption are offered for sale to food purveyors or consumers must:

(a) be labeled according to size and grade in distinctly legible bold-face type not less than one-fourth ($\frac{1}{4}$) inch in height;

(b) not be deceptively labeled, advertised, or invoiced;

(c) state the address and license number of the licensee which established the grade and size of said eggs and the city and state where actually packed in 12 point bold-face type in accordance with such regulations as the commissioner shall prescribe;

(d) not be advertised in a manner which indicates price without also indicating the full, correct and unabbreviated designation of size and grade of eggs therein;

(e) be labeled showing the classification thereof except for shipped eggs which shall meet the requirements therefor as hereinafter set out:

(1) Texas eggs shall be so labeled that such classification is evident and shall be in accordance with such rules as the commissioner may prescribe. Eggs not produced in Texas shall not be labeled or advertised in any manner to infer that they were produced in Texas.

(2) Shipped eggs coming into Texas in cartons ready for retail sale shall be not less than Grade A as established by a Texas licensee. Shipped eggs coming into Texas loose packed shall be inspected and graded by a Texas licensee at his place of business in Texas before being sold at retail. All shipped eggs coming into Texas shall move under refrigeration in accordance with such rules regulating these movements as shall be prescribed by the commissioner.

In the case of eggs offered for sale uncartoned, a sign showing all of the above information must be clearly displayed attached to the container. This sign must be distinctly legible in letters at least one inch high; provided, however, nothing herein shall be construed so as to prevent a retailer of less than 120 dozen

(1440) eggs per week from selling ungraded eggs when such eggs are clearly and distinctly labeled ungraded.

Presumption of Sale for Human Consumption

Sec. 10. It shall be presumed from the fact of possession by any person engaged in the sale of eggs that such eggs are for sale for human consumption as food unless they have been denatured or labelled in accordance with their specific intended uses other than human consumption.

Exemption of Producers

Sec. 11. The producers of eggs when selling only the production of their own flocks shall be exempted from all provisions of this Act unless they claim some kind of grade, in which event they must conform to the requirements of the Act.

Enforcement of Act

Sec. 12. (a) The Commissioner or his duly authorized representative and inspectors under the supervision and control of the Commissioner shall enforce the provisions of this Act.

(b) Any authorized enforcement officer of the Commissioner may enter any place of business during ordinary business hours within the state where any eggs are held and may take for inspection representative samples of such eggs and containers for the purpose of determining whether or not any provision of this Act has been violated; provided, however, that the State Department of Agriculture shall reimburse the place of business, from which such eggs were taken for samples, the actual cost of such eggs.

(c) Any enforcement officer may while enforcing the provisions of this Act issue and enforce a written or printed "stop sale" order on any eggs held to be in violation of the Act, which shall prohibit further sales of any such eggs until such officer has evidence that the law has been complied with. In case of a dispute the egg vendor shall have the right of prompt reinspection by an authorized U. S. D. A. inspector. If upon reinspection the eggs shall fail to meet the specifications of such grades labelled, they shall be remarked or repackaged so as to meet the specifications for their grades, and the egg vendor shall be deemed to be operating in violation of the law.

(d) The Commissioner shall prescribe methods of selecting samples or lots or containers of eggs similar to methods prescribed by the United States Department of Agriculture, which shall be reasonably calculated to produce by such sampling fair representations of the entire lots or containers sampled. Any sample taken hereunder or an official certificate of the grade shall be prima facie evidence, in any court in this state, of the true condition of the entire lot in the examination of which said sample was taken.

(e) The Commissioner shall make and enforce such rules and regulations as are necessary to carrying out the provisions of this Act,

provided such rules are approved in writing by the Attorney General of Texas, such approval to remain on file for public inspection.

Egg Marketing Advisory Board

Sec. 13. There shall be an Egg Marketing Advisory Board composed of the Commissioner, who will be chairman, and nine members appointed by the Governor, three each from (1) producers, (2) retailers, and (3) dealers, wholesalers, brokers, and processors as defined in Section 15. An Extension Service Representative designated by the Head of Poultry Science Department, Texas A. & M. College, shall serve as an ex-officio member of the Board.

The terms of members appointed by the Governor shall be for six (6) years, except that in the case of the first appointments one member from each group shall be appointed for two (2) years, one member from each group shall be appointed for four (4) years, and one member from each group shall be appointed for six (6) years. Vacancies shall be filled by appointment of the Governor for the unexpired term. All members must be residents of the State of Texas.

All members of the Board shall serve without pay but shall be reimbursed for their actual expenses incurred in attending to the work of the Board, subject to the approval of the Chairman.

The Board shall hold at least two meetings annually, and any additional meetings the Chairman deems necessary.

License to Resell; Exceptions

Sec. 14. It shall be unlawful for any person to buy or sell eggs within this state for subsequent resale without first obtaining a license from the Commissioner, with the following exceptions:

- (a) Those who sell only eggs produced by their own flocks unless a grade is claimed;
- (b) Hatcheries which buy eggs exclusively for hatching purposes;
- (c) Hotels, restaurants, and other public eating places where all eggs purchased are served by the establishments;
- (d) Food manufacturers purchasing eggs for use and used only in the manufacture of their products, save and except egg processors as defined in Section 15;
- (e) Agents employed and carried on the payroll on a salary basis by persons licensed under this Act.

License Fee; Enforcement Fund; Definitions

Sec. 15. In order to create a fund for the enforcement of the provisions of this Act, each licensee shall pay an annual license fee; provided, however, that no retailer as that term is defined herein shall be required to pay any license fee. The term "retailer" is defined to mean any person selling or offering for sale eggs to consumers only in this state. Licenses shall be classified under the following headings:

Annual License Fees; Amounts; Disposition

Sec. 16. The annual license fee for dealer-wholesalers, and processors shall be determined according to the average weekly volume of the month in which the licensee handled the most eggs during the preceding twelve (12) months ending on May 31st, except that for a new business the fee shall be determined according to the average weekly volume of the month in which the licensee handled the most eggs through May of the first license year. In the case of a new business, a fee based on an estimate of the volume of business to be done shall be paid at the time the license is obtained, and an adjustment in the payment shall be made when the year's records are available.

The license year shall be twelve (12) months or any fraction thereof beginning on September 1st, and ending on August 31st, except that licenses issued for a new business during the month of August shall extend to August 31st of the following year. The license fee shall be paid prior to issuance of the initial license, and renewal fees shall be paid annually during the month of August.

Inspection Fees

Sec. 16-A. In addition to the license fees hereunder the licensee which first establishes the grade, size and classification of eggs sold or offered for sale in this state shall collect on their first sale of such eggs in this State an inspection fee of three (\$.03) cents per case (thirty (30) dozen eggs) and all licensed processors in this state shall pay an inspection fee of three (\$.03) cents per case (thirty (30) dozen eggs) upon their first use or change in form in eggs processed by them, such fees shall be remitted by all such licensees monthly in accordance with rules and regulations as promulgated by the commissioner, and all sums so collected shall be placed by him in the general revenue fund of the State of Texas.

Sec. 17. (a) Every licensed dealer-wholesaler, and processor shall keep on file within this state for a period of two (2) years a true and complete record of all eggs purchased or sold. Provided, that in situations where such person is also a retailer, and said eggs have been purchased by him from the producers thereof in less than case lots, no connection need be made between the record of such eggs purchased and the record of such eggs sold. The Commissioner may prescribe record forms and may require such additional information as may be necessary in the administration of this Act. The record shall be open to inspection by the Commissioner or his duly authorized representative at all reasonable times.

(b) Every licensed dealer-wholesaler, and processor shall deliver with each transaction, sale or delivery a signed invoice stating the

date, quantity, grade and size of the eggs sold, and shall keep a copy of each invoice for the same period as stated in subdivision (a) of this Section.

Sec. 17a. The Commissioner shall publish annually, in such form as he may deem proper, information concerning the movement and sale of eggs, and a report of the results of the official inspections of eggs sold, offered for sale, or otherwise distributed within the state; provided, however, that information concerning movement and sale of eggs shall not disclose the scope of operations of any person.

Out-of-State Seller

Sec. 18. Nothing herein shall be construed as requiring an out-of-state seller of eggs to secure a license under this Act unless the sale is made to the retailer or consumer.

Penalty

Sec. 19. Any person violating the provisions of this Act shall be guilty of a misdemeanor and upon conviction thereof shall be fined not less than Fifty Dollars (\$50.00) and not more than One Thousand Dollars (\$1,000.00). CHAPTER SIXTEEN. FORESTS

Art. 165-9. Control of Forest Pests

Purpose

Sec. 1. In order to protect forest resources, enhance the growth and maintenance of forests, promote stability of forest-using industries, protect recreational wildlife uses and conserve other values of the forest, it is hereby declared to be the public policy of the State of Texas to control forest pests in or threatening forests in the State of Texas.

Definitions

Sec. 2. (a) "Forest pests" means insects and diseases that are harmful, injurious or destructive to forests and whose damage, if uncontrolled, is of considerable economic importance. These pests include but are not limited to the following: pine bark beetles of the genera *Dendroctonus*, *Ips*, *Pissodes*, and *Hylobius*; sawflies of the genus *Neodiprion*; defoliators

in the genera *Datana*, *Malacosoma*, *Hyphantria*, *Diapheromera*, and *Galerucella*; pine shoot moth of the genus *Rhyacionia*; wilt of the genus *Chalora* and rots of the genera *Fomes* and *Polyporus*.

(b) "Forest land" means lands on which the trees are potentially valuable for timber products, protection of watersheds, wildlife habitat, recreational uses or for other purposes, but shall not include any land within the incorporated limits of any village, town, or city.

(c) "Forest" includes the standing trees on any forest land.

(d) "Person" includes any individual, firm, partnership, corporation, association or other business whether or not incorporated.

(e) "Control" includes prevent, retard, suppress, eradicate or destroy.

(f) "Infestation" includes actual infestation or infection at condition beyond normal proportion causing abnormal epidemic loss to present and/or future commercial timber supply.

(g) "Landowner" and "owner" includes any person who owns forest lands, or who has such forest land under his direction irrespective of ownership.

(h) "Forest owner" means any person who owns the standing trees on any forest land, either by a present right or by a future right under the terms of a valid existing contract.

(i) "Tract" means all contiguous land in common ownership.

(j) The singular and plural number shall each include the other unless the context otherwise requires.

(k) The masculine gender shall include the feminine and neuter.

Public Nuisance

Sec. 3. Forest pests are declared to be a public nuisance.

Landowner Duty

Sec. 4. Each owner of forest land shall control such forest pests on lands owned by him or under his direction as hereinafter provided.

Administrative Responsibility

Sec. 5. The Texas Forest Service shall administer this Act and make all relevant determinations. It shall make surveys and investigations to determine the existence of infestations of forest pests, and means practical for their control by landowners. For this purpose, duly delegated representatives of the Texas Forest Service may enter private lands and public lands, including, if permission is obtained, those held by the United States, for the purpose of conducting such surveys and investigations. All its information shall be available to all interested landowners.

Area Proceedings

Sec. 6. Whenever the Texas Forest Service finds an infestation existent or threatened in the State, it shall determine when control mea-

asures are needed, the nature of such control measures, their availability and the techniques by which the control measures shall be applied. Having determined that an infestation exists, the Texas Forest Service shall give notice of the fact by:

a. Placing a notice in a newspaper or newspapers, if any, in the county or counties in which any infested lands are located, or if no such newspaper exists, then placing a notice in a newspaper or newspapers of general circulation in the county or counties in which any infested lands are located, stating its findings, and setting a time and place for a hearing, not less than ten (10) days from the date of such notice, on the need for the control of the pest.

b. Mailing copies of such notice to owners of forest land known to the Texas Forest Service to have holdings in the affected area.

c. Arranging for publicity on the subject by all news media serving the affected area.

At the hearing, the agent of the Texas Forest Service who presides will describe the conditions that have been found, explain the measures needed to control the pest infestation, hear all suggestions and protests and record the proceedings. As soon as practicable after the hearing, the Texas Forest Service shall promulgate procedures to be followed for the control of the infestation, mailing copy to all appearing at the hearing, to all to whom notices were originally sent and publishing by newspaper circulated in the affected area in manner the same as publication of preliminary notice. Such publication is notice as of its publication date to each landowner within the affected area and as to each tract of land therein.

Specific Proceedings

Sec. 7. If in instances to which Section 6 has not been applied control measures are needed to check the spread of the forest pests on forest land owned or controlled by any person, written notice, signed by a duly authorized representative of the Texas Forest Service, whose mailing address shall be shown on said notice, shall be given to such person informing him of the facts as found to exist, of his responsibilities for the control measures, of the control technique that is recommended, and of the authority of the Texas Forest Service in the event the landowner takes no action toward controlling the pest. The notice may be given by personal service on the landowner, or on the person having control of the forest land, or by registered or certified mail directed to such person at his last known address, or, if such person or his address be unknown, then such notice shall be given by publication in one issue of a newspaper of general circulation in the county in which the land is located, which published notice, in addition to the other mat-

ters contained therein as above provided, shall state the name of the owner, if known, and shall briefly describe the land to which the notice applies; no other notice shall be necessary under the provisions of this law.

Duties after Determination

Sec. 8. (a) Within ten (10) days after the giving of notice, whether under Section 6 or 7, exclusive of the date of the giving of such notice, each affected landowner shall commence diligently to take measures to control the infestation as prescribed, and continue such activity with all practical expedition and efficiency under the direction of the Texas Forest Service. The landowner shall notify the Texas Forest Service of his actions, and the result thereof; and each such landowner may report to and consult with the representative or representatives of the Texas Forest Service as often as may be necessary. The Texas Forest Service may change its prescribed procedures as conditions or new information may require. The Texas Forest Service shall inform itself of what is done and the result thereof, and upon request certify when all reasonably practicable measures to be done by landowners, pursuant to its prescribed procedures, shall have been completed.

(b) Where all or part of the standing trees are owned by someone other than the landowner, either by a present right or by a future right under the terms of a valid existing contract, the landowner shall, within ten (10) days after receiving the notice provided for above from the Texas Forest Service, notify the Texas Forest Service of such facts and furnish the names and addresses of any such forest owner.

Notice to Forest Owner

Sec. 9. Where the landowner has given the Texas Forest Service notice of any interest in the forest upon his land owned by another, as provided for above, then the Texas Forest Service shall furnish the same information to this forest owner that it is required by this Act to give to the landowner.

Appeal

Sec. 10. Any landowner, or person having control of forest land, aggrieved by the notice given by the Texas Forest Service shall have the right to seek relief in the district court of the county in which the land is situated, and at no time while such litigation is pending shall the Texas Forest Service proceed with any control measures, unless permission to do so is given by the court upon a showing of probable harm due to any delay in using such control measures. Proceedings to obtain relief shall be initiated by the aggrieved landowner or other person having control of the forest land, within ten (10) days from and after the giving of such notice, exclusive of the date of the giving of such notice in the manner hereinabove provided, and not thereafter. The district court shall give priority to any such case. If the final judgment in any such action be in fa-

vor of the landowner, then the landowner may be entitled to injunctive relief against the use of any control measures on his forest land by the Texas Forest Service until such time as the court may determine. If the final judgment be against the landowner, or if the landowner shall fail to seek relief in the district court of said county, the notice from the Texas Forest Service shall be final and the Texas Forest Service shall summarily take the measures necessary to control the infestation.

Control Measures by Agency

Sec. 11. In the event pest control measures as prescribed by the Texas Forest Service are not applied by the landowner or any other person within ten (10) days from the giving of the notice herein provided, exclusive of the date of the giving of such notice, representatives of the Texas Forest Service shall enter upon said lands and cause the forest pest to be controlled or destroyed. All charges and expenses of such control or destruction shall be paid for by the owner of the land upon which the infestation occurred. If the control is undertaken by the Texas Forest Service, the cost, not to exceed Ten Dollars (\$10) for each infested acre or part of such an acre on which control measures have been employed, shall constitute a legal claim against such landowner, but shall not constitute a lien on any land owned by such landowner, and may be recovered by suit brought in behalf of the Texas Forest Service by the Attorney General in the county where the infestation occurred, together with all costs incurred in such suit; provided, however, in the event that the tract with respect to which the Texas Forest Service conducted control measures contains fifty (50) acres of forest land or less, and the landowner in whose name the record title to such land stands owns no more than fifty (50) acres of forest land in the county in which the infestation occurred, then the cost of control shall be borne by the Texas Forest Service.

Landowner Reimbursement

Sec. 12. Where the landowner has given the Texas Forest Service notice of any interest owned by another in the forest upon his land, and where the landowner has made expenditures for pest control purposes pursuant to Section 8a, or has paid any legal claim against him because of the provisions of Section 11, then such landowner shall have a right to a reasonable reimbursement for such expenses from the forest owner, such reimbursement to be proportional to the interest owned in the forest by the forest owner.

Cooperative Agreements

Sec. 13. In order to accomplish the control of such forest pests, the Texas Forest Service may enter into cooperative agreements with private landowners or forest owners, the Federal Government, or other public or private agencies.

Sec. 3. Any dog, whether registered and tagged or not, when found attacking any sheep, goats, calves, and/or other domestic animals or fowls, or which has recently made, or is about to make such attack on any sheep, goats, calves, and/or other domestic animals and witnessing or having knowledge of such attack and without liability in damage to the owner of such dog. Any dog, whether registered and tagged or not, known or suspected to be a killer of sheep, goats, calves, or other domestic animals or fowls, is hereby declared to be a public nuisance and such dog may be detained or impounded by any person until the owner may be notified, and until all damage done by said dog shall have been determined and paid to the proper parties. Any dog known to have attacked, killed, or injured any sheep, goat, calf, or other domestic animal or fowl, shall be killed by the owner of such dog, and upon failure of such owner so to do, any sheriff, deputy sheriff, constable, police officer, magistrate, or County Commissioner is authorized to kill such dog, and such officer is further authorized to go upon the premises of the owner of such dog for such purpose.

The owner of any sheep, goats, or other domestic animals, subject to the ravages of sheep-killing dogs, may place poison on the premises where such sheep, goats, and other domesticated animals are kept, after posting notices of such poison at each place of entrance to said premises.

Annual Registration Tax; Disposition of Money

Sec. 4. Each dog so registered shall be subject to a tax of One Dollar (\$1) which shall be paid to the County Treasurer at the time of such registration and shall cover the costs of registration and identification tag, and shall be good for the period of one year from date of such registration. Upon the removal of a dog from one county to another, the owner may present his registration certificate to the County Treasurer of the county to which such dog is removed and receive without additional cost a registration certificate effective to the end of the year for which such dog was registered in the other county and likewise in any other county to which such dog may be removed. The tax so collected shall be placed in a special fund and shall be used only for defraying the expenses of administration of this Act in such

county and for reimbursing the owner or owners of sheep, goats, calves, and/or other domestic animals, and/or fowls that may have been killed in such county by dogs not owned by the person seeking reimbursement. Such payment shall be made on order of the Commissioners Court and only on satisfactory proof. Such payment shall be made in the amount, and at such time as the said Commissioners Court may determine, and in the event that such fund shall be insufficient to reimburse all injured parties in full, payment shall be made pro rata. The County Treasurer shall keep an accurate record showing all amounts coming into said fund and disbursements therefrom. Provided, that any dog brought into the county for breeding purposes, trial, or show for a period of not exceeding ten (10) days shall not be required to be registered. Provided further, that upon sale or transfer of ownership of a dog, the registration certificate shall be transferred to the new owner.

Penalty

Sec. 5. The owner of any dog who shall willfully fail or refuse to register such dog, or who shall willfully fail or refuse to allow a dog to be killed when ordered by the proper authorities so to do, or who shall willfully violate any provision of this Act, shall be guilty of a misdemeanor and upon conviction thereof, shall be fined in any sum not exceeding One Hundred Dollars (\$100), or by confinement in the county jail for not more than thirty (30) days, or by both such fine and imprisonment.

Local Option; Election Procedure

Sec. 6. This Act shall not be effective in any county unless and until the qualified property taxpaying voters of such county, by a majority vote at an election held for such purposes, shall have voted therefor. Upon a petition signed by one hundred (100), or a majority of the qualified property taxpaying voters of a county, the Commissioners Court shall order an election to be held throughout such county in not less than ten (10) nor more than twenty (20) days to determine whether or not the registration of and the tax on dogs shall be required in such county. Notice of such election shall be given by the publication of said notice one time in a newspaper of general circulation in the English language in said county. But if there be no newspaper in the English language and of general circulation published in the said county, then such notice shall be posted at the courthouse door for a period of not less than one week before such election. At such elec-

tion those favoring the putting into force of this law in such county shall have written or printed on their ballots the words: "For Registration of and Tax on Dogs" and those opposed to the proposition shall have written or printed on their ballots the words: "Against the Registration of and Tax on Dogs." If a majority of those voting at such election shall be in favor of such registration and tax, then such law shall become effective within ten (10) days from the date on which the result of such election shall have been declared. Returns of such election shall be made by the presiding officers of same within three (3) days after such election, and in duplicate to the County Judge and County Clerk. The Commissioners Court shall canvass such returns and declare the result not later than the first Monday after such returns are made, and if the vote be in favor of the registration of and tax on dogs, then the County Judge shall issue his proclamation declaring the result of said election and putting the same into force and effect in said county, which proclamation shall be published one time in a newspaper of general circulation in the English language in said county. But if there be no newspaper in the English language and of general circulation published in said county, then such proclamation shall be posted at the courthouse door.

When an election under this Section shall have been held and the result of same has been adverse to the registration of and tax on dogs, then no other election shall be held on the same subject for a period of six (6) months. But if the result shall be for the registration of and tax on dogs, then no election for the repeal of same shall be held for a period of two (2) years. The returns of such election shall be preserved for one year after such election.

When an election, under this Act, shall have been held and the results shall be for the registration of and tax on dogs, each owner or person having control of any dog of the age of six (6) months or more in said county shall, within thirty (30) days from the date of the proclamation herein provided for, register said dog with the County Treasurer of said county under the provisions of this law.

Sec. 7. If any provision, paragraph, or sentence of this Act shall be held invalid, such invalidity shall not affect or invalidate the remaining provisions, paragraphs, and sentences of this Act.

(G) All indictments shall be returned to the 144th, 175th, and 186th District Courts of Bexar County. The district clerk shall docket successively on the dockets of the district courts of the 37th, 45th, 57th, 73rd, 131st, 150th, and 166th Judicial Districts all civil cases, actions, causes, petitions, applications, or other proceedings so that the first case or proceeding filed on or after the effective date of this Act and every eighth case or proceeding thereafter shall be docketed in the 37th Judicial District; and the second case or proceeding filed and every eighth case or proceeding thereafter filed shall be docketed in the 45th Judicial District; and the third case or proceeding filed and every eighth case or proceeding thereafter filed shall be docketed in the 57th Judicial District; and the fourth case or proceeding and every eighth case or proceeding thereafter filed shall be docketed in the 73rd Judicial District; and the fifth case or proceeding and every eighth case or proceeding thereafter filed shall be docketed in the 131st Judicial District; and the sixth case or proceeding and every eighth case or proceeding thereafter filed shall be docketed in the 150th Judicial District; and the seventh case or proceeding and every eighth case or proceeding thereafter filed shall be docketed in the 166th Judicial District; and so on seriatim; and in this manner all cases or proceedings filed to be docketed in and divided equally among the 37th, 45th, 57th, 73rd, 131st, 150th, and 166th District Courts, one-seventh in each court.

(H) The district judges of Bexar County shall, on or before the first day of January and the first day of July of each year, or at such other times as may be determined by a majority of the district judges, elect one of the district judges to serve as presiding judge of the Bexar County District Courts for a period of time to be set by the judges. The presiding judge of the Bexar County District Judges shall, from time to time as occasion may require in order to adjust the business and dockets of the courts, transfer, or cause to be transferred, causes from any of the courts to any other of the courts in order that the business of the courts will be continually equalized and distributed among them to the end that each judge will at all times be provided with cases or proceedings to try or otherwise consider and that the trial of a cause will not be delayed be-

cause of the disqualification of the judge in whose court it is pending. When a case is transferred, proper order shall be entered upon the minutes of the court as evidence of the transfer. It is the intention of this section that the 144th, 175th, and 186th District Courts give preference to criminal cases, matters, or proceedings, while the other district courts give preference to civil cases, matters, or proceedings. For that purpose the 144th, 175th, and 186th District Courts constitute the criminal district courts of Bexar County, while the other district courts constitute the civil district courts of Bexar County. Each judge shall sign the minutes of each term of his court within thirty (30) days after the end of the term and shall also sign the minutes at the end of each volume of the minutes, and each judge sitting in a court shall sign the minutes of the proceedings that were had before him.

(I) In the absence, except as otherwise provided herein, sickness, or disqualification of a Judge of any of the District Courts of Bexar County, Texas, any of the other Judges of the said District Courts may act and preside; or any regularly practicing lawyer of the Bar of Bexar County, who has all the qualifications of a District Judge, may be elected to act and preside over any of the said Courts during such absence, sickness, or inability of any of the regular Judges to act and preside therein; such Special Judge to be elected according to Title 40 of the Revised Civil Statutes of the State of Texas, 1925, as amended.

(J) All bail bonds, recognizances or other obligations, taken for the appearance of the defendants, parties and witnesses in any of the said District Courts of Bexar County, Texas, or any inferior Court of Bexar County, Texas, shall be binding on all such defendants, parties and witnesses and their sureties for appearance in any of said Courts in which said cause may be pending or to which same may be transferred. In all cases transferred from one of the said Courts to another, all process, bonds, recognizances and obligations extant at the time of such transfer shall be returned to and filed in the Court to which the case is transferred and shall be valid and binding as though originally issued out of the Court to which it is transferred.

(K) Each judge of the said District Courts of Bexar County, Texas, may take a vacation at any time during the calendar year, during which time the terms of court of which he is judge shall remain open and the judge of any other district court may hold such court during the vacation of the judge thereof. During the period of such vacation, it shall not be lawful for a special judge of such court to be elected by the practicing lawyers of such court because of the absence of the judge on his vacation, unless no judge of the said district courts is in the county. The judges of the said district courts shall by agreement among themselves take their vacations alternately so that there shall be at all times at least six (6) of

the said judges in the county at all times of the year.

(L) The Judge of each of the several District Courts shall appoint an official court reporter for his Court as provided by the General Law who will be compensated as provided by law.

The sheriff of Bexar County shall appoint one deputy to serve as bailiff for each of the district courts; except that the sheriff of Bexar County shall appoint two deputies to serve as bailiffs for each the 144th, and 175th, and the 186th District Courts, each of which courts must give preference to the trial of criminal cases, matters, or proceedings. The persons appointed as deputies must be acceptable to the judge of the court to which they are appointed and the appointments for each court must be approved and confirmed in writing by the judge before the appointments become effective. The appointed deputy sheriffs shall, before assuming their duties, take the oath of office prescribed by the Constitution of the State of Texas; and the sheriff of Bexar County is authorized to require the deputies to furnish bonds in an amount, and conditioned and payable, as may be prescribed by the sheriff or provided by law. The deputies shall act in the name of their principal, and they may perform all official acts as may be lawfully performed by the sheriff of Bexar County in person. The deputies shall, from and after their appointments, qualification, and confirmation, as hereinabove provided, continue as deputies at the pleasure of the judge of the court to which they were appointed; and should any of the judges, for any reason, not further desire the services of the deputies appointed to his court, the sheriff of Bexar County shall, upon the request of the judge, appoint another deputy for that court, the appointment to be made in the same manner hereinabove provided. The deputies shall attend all sessions of the district court to which they are appointed and also shall perform and render services in and for the court, and for the judge, as are usually performed and rendered by sheriffs and deputies in and about the several district courts of this state, and including the serving of any and all processes, subpoenas, warrants, and writs of any and all kinds and nature in both civil and criminal cases, matters, and proceedings; and the deputies shall also perform and render any and all other services that may from time to time be assigned to them or to any of them by the judges of the courts. The deputies have, possess, and enjoy the same rights, powers, authority, and privileges that the sheriffs and their deputies throughout this

state may now or hereafter possess and enjoy. The deputies may act for each other, and they shall act for each other when required to do so by any of the judges or by the sheriff; but the deputies acting for each other are not entitled to receive, nor may they receive, any additional compensation. The sheriff of Bexar County shall, in the event of a vacancy caused by any reason, immediately appoint another deputy for the court in which the vacancy occurred, the appointment to be subject to the written approval and confirmation of the judge of that court. The judge of each court shall fix the salary to be paid the deputies for his court, in any sum not less than Three Thousand Nine Hundred Dollars (\$3,900) annually. The annual salaries to be paid to the deputies, when fixed by the judges as herein provided, shall be paid to them either monthly or twice monthly out of a fund of Bexar County as provided by law for the payment of salaries of the several deputies of the sheriff of Bexar County, and the payment of the salaries shall be made in the manner provided by law. Provided that nothing herein shall be construed as preventing the sheriff of Bexar County from assigning additional deputies to any of the district courts when circumstances require, or when requested to do so by the judge of any of the district courts. Provided that nothing contained in Section 4 of this Act is intended to change the duties of the sheriff of Bexar County except as herein specifically and expressly stated.

The district clerk shall appoint one deputy for each of the district courts; provided that the persons appointed must be acceptable to the judges of the courts, and the appointment for each court must be confirmed in writing by the judge before it becomes effective. The appointed deputy clerks shall, before assuming their duties, take the oath of office prescribed by the Constitution of the State of Texas; and the district clerk of Bexar County is authorized to require the deputies to furnish bonds in an amount, and conditioned and payable, as may be prescribed by the district clerk or provided by law. The deputy district clerks shall act in the name of their principal, and they may perform all official acts as may be lawfully performed by the district clerk in person; and each deputy shall attend all sessions of the court to which he was appointed, and perform the services in and for the court that are usually performed by the district clerk and deputies in the several district courts of this state; and the deputies shall also perform any and all other services that may from time to time be assigned them by the judges of the courts. The deputies may act for each other in any matter pertaining to the clerical business of the courts, and they shall act for each other when requested to do so by the judges or by the district clerk; but the deputies acting for

each other are not entitled to receive, nor may they receive, any additional compensation. The deputies shall, from and after their appointments, confirmations, and qualifications, as herein provided, continue as deputies at the pleasure of the judges; and should any of the judges, for any reason, not further desire the services of the deputy appointed to his court, the district clerk of Bexar County shall, upon request of the judge, appoint another deputy for that court, the appointment to be made in the manner hereinabove provided. In the event of a vacancy, caused by any reason, the district clerk shall immediately appoint another deputy for the court in which the vacancy occurred, the appointment to be subject to the written approval and confirmation of the judge of that court. The respective judges of the district courts of Bexar County shall determine and fix the salary of the deputy district clerk appointed for each district court in an amount not less than Four Thousand Four Hundred Dollars (\$4,400) annually. The annual salaries to be paid to the deputy district clerks shall be paid either in equal monthly or twice monthly installments out of such fund of Bexar County, Texas, as provided by law for the payment of the salaries of the several deputies of the district clerk of Bexar County, Texas, and such payment of said salaries shall be made in the manner provided by law. Provided that nothing herein shall be construed as preventing the district court of Bexar County from assigning additional deputies to any of the courts when circumstances require, or when requested to do so by the judge of any of the courts. Provided that nothing contained in Section 4 of this Act is intended to change the duties and powers that heretofore have been and are now being exercised by the district clerk of Bexar County except as herein specifically and expressly stated.

(O) The criminal district attorney of Bexar County shall be the district attorney of the 37th, 45th, 57th, 73rd, 131st, 144th, 150th, 166th, 175th, and 186th District Courts and shall be compensated as provided by law.

(P) Each of the said District Courts shall have an official seal as now provided by law for District Courts.

(Q) The judges of the 144th, 175th, and 186th District Courts shall alternately appoint grand jury commissioners and empanel grand juries; and further, they may appoint grand jury bailiffs, not to exceed five (5). The compensation, salaries and expenses of such judges while so assigned or reassigned shall be paid in accordance with the laws of the state, except that the salary of such retired judges shall be paid out of moneys appropriated from the General Revenue Fund for such purpose in an amount representing the differ-

For the trial of cases and the entry of orders and the disposition of other business necessary, the judge of any district in this State, or any District Judge sent to any district in this State by the Presiding Judge of an Administrative District, shall have power, by entering an order on the minutes, to convene a special term of the court for the disposition of the business coming before the district court.

The district clerk performing the duties of clerk for the Administrative District shall conduct the correspondence for the Presiding Judge of the Administrative District, keep a record of all its proceedings, and a complete and accurate record of all cases pending in the several courts of the Administrative District, the time of their filing, the style and purposes of the causes, and their final disposition, and such other matters as may be prescribed by the council of judges herein referred to. For such purposes he is authorized, with the approval of the Presiding Judge, to purchase the necessary office equipment, stamps, stationery and supplies, and to employ one additional deputy clerk, under the

direction of the council of judges or such rules as they may promulgate. Such cost shall be divided pro rata among the counties and paid by the counties on the certificate of the Presiding Judge. He shall, under the direction of the Presiding Judge of the Administrative District, make an annual report, and such special reports as may be directed by the Presiding Judge of the District, to the Attorney General. Such reports shall be there filed and open to public inspection, and shall be condensed and tabulated in the biennial reports of the Attorney General.

Expenses of Meeting of Judges

Sec. 8. The several district judges of the District, when required to attend the annual or special sessions of the judges herein prescribed, shall, in addition to all other compensation allowed them by law, receive their actual traveling expenses going to and returning from the place of meeting, and their actual expenses while in attendance on the meeting.

Expenses Paid by Counties Composing District

Sec. 9. All of the aforesaid salaries, compensation, and expenses, and all other expenses authorized and incurred herein for the purpose of administering this Law, shall be paid by the several counties composing the Administrative District out of the General Fund of said counties. Said salaries, compensations, expenses, and expenditures herein authorized are to be paid in proportion to the number of weeks provided by Law for holding District Court in the respective counties, on certificates of approval of the Presiding Judge of the Administrative Judicial District.

Expenses of Judge Filling Assignment

Sec. 10. When the district judges are assigned under the provisions of this Act to districts other than their own district, and out of their own counties, they shall, in addition to all other compensation permitted or authorized by law, receive their actual expenses in going to and returning from their several assignments, and their actual living expenses while in the performance of their duties under assignments, which expenses shall be paid out of the General Fund of the county in which their duties under assignments are performed, upon accounts certified and approved by the Presiding Judge of the Administrative District.

2a(4) of Article 200a of Vernon's Texas Civil Statutes, and the pay received from all sources by the judge of the court to which he is so assigned, such amount to be paid by the county upon approval of the presiding judge of the Administrative District in which such court is located.

Compensation for Performing Duties as Presiding Judge of Administrative Judicial Districts

Sec. 11. (a) In addition to and cumulative of all other compensation, expenses, and perquisites authorized by law and this Act, Presiding Judges of Administrative Judicial Districts shall receive not to exceed \$3,000 per annum as compensation for performing duties as the Presiding Judge of an Administrative Judicial District. In each Administrative Judicial District the salary of the administrative judge shall be set biennially by the Texas Civil Judicial Council, heretofore created, as provided for in Chapter 19, Acts of the 41st Legislature, 1st Called Session, 1929, as amended (Article 2328a, Vernon's Texas Civil Statutes). Whether an administrative judge is active in administrative duties, performs part time, or is retired from the bench shall be considered in arriving at the salary. Each county comprising the Administrative Judicial District shall upon certification pay out of the officers salary fund or the general fund of the county the amount of salary fairly apportioned to it. The aforesaid salary, or compensation, and all other expenses incidental thereto, shall be paid annually by the said counties in each Administrative Judicial District to the Presiding Judge of each Administrative Judicial District, and by said Judge placed in an Administrative Fund, from which said salary, and other expenses incidental thereto, shall be paid. Said salary shall be paid in twelve equal monthly payments. Said salary shall be apportioned according to the population of each judicial district comprising the Administrative Judicial District and after so apportioned the amount apportioned to each judicial district shall be apportioned to each county comprising the judicial district according to the population of the county.

(b) In addition to and cumulative of all other compensation, expenses, and perquisites authorized by law and this Act, the Presiding Judge of any Administrative Judicial District in Texas which has forty or more district courts therein, when such Presiding Judge is a retired district judge, shall receive not less than \$5,000.00 nor more than \$15,000.00 per annum as compensation for performing duties as the Presiding Judge of such Administrative Judicial District. Biennially the Council of Judges of such Administrative Judicial District shall fix the amount of such compensation by a majority vote of the judges. Sections 2 and 3 of the 1965 Act provided:

"Sec. 2. This Act does not affect the enforcement of arbitration agreements made before the effective date of this Act.

"Sec. 3. This Act takes effect on January 1, 1966."

Former articles 224 to 238 were derived from Const. art. 16, § 13 and Acts 1846, p. 127.

Art. 224. Validity of Arbitration Agreements

A written agreement concluded upon the advice of counsel to both parties as evidenced by counsels' signatures thereto to submit any existing controversy to arbitration or a provision in a written contract concluded upon the advice of counsel to both parties as evidenced by counsels' signatures thereto to submit to arbitration any controversy thereafter arising between the parties is valid, enforceable and irrevocable, save upon such grounds as exist at law or in equity for the revocation of any contract. Provided, however, that none of the provisions of this Act shall apply to any labor union contract or to any arbitration agreements or to any arbitrations held pursuant to agreements between any employer and any employee of that employer or between their respective representatives, to any contract of insurance or any controversy thereunder, or to any construction contract or any document relating thereto.

[Acts 1965, 59th Leg., p. 1593, ch. 689, § 1, eff. Jan. 1, 1966.]

Art. 225. Proceedings to Compel or Stay Arbitrations

Sec. A. On application of a party showing an agreement described in Article 224 of this Act, and the opposing party's refusal to arbitrate, the court shall order the parties to proceed with arbitration; but if the opposing party denies the existence of the agreement to arbitrate, the court shall proceed summarily to the determination of the issue so raised and shall order arbitration if found for the moving party; otherwise, the application shall be denied.

Sec. B. On application, the court may stay an arbitration proceeding commenced or threatened on a showing that there is no agreement to arbitrate. Such an issue, when in substantial and bona fide dispute, shall be forthwith and summarily tried and the stay ordered if found for the moving party. If found for the opposing party, the court shall order the parties to proceed to arbitration.

Sec. C. If an issue referable to arbitration under the alleged agreement is involved in an action or proceeding pending in a court having jurisdiction to hear applications under Section A of Article 234 of this Act, the application shall be made therein. Otherwise and subject

to Article 235 of this Act, the application may be made in any court of competent jurisdiction.

Sec. D. Any action or proceeding involving an issue subject to arbitration shall be stayed if an order for arbitration or an application therefor has been made under the provisions of this Article 225, or, if the issue is severable, the stay may be with respect thereto only. When the application is made in such action or proceeding, the order for arbitration shall include such stay.

Sec. E. An order for arbitration shall not be refused on the ground that the claim in issue lacks merit or bona fides or because any fault or grounds for the claim sought to be arbitrated have not been shown.

[Acts 1965, 59th Leg., p. 1593, ch. 689, § 1, eff. Jan. 1, 1966.]

Art. 226. Appointment of Arbitrators by Court

If the arbitration agreement provides a method of appointment of arbitrators, this method shall be followed. In the absence thereof, or if the agreed method fails or for any reason cannot be followed, or when an arbitrator appointed fails or is unable to act and his successor has not been duly appointed, the court on application of a party setting forth the nature of the issues to be arbitrated and the qualifications of the proposed arbitrators shall appoint one or more qualified arbitrators. An arbitrator so appointed has all the powers of one specifically named in the agreement.

[Acts 1965, 59th Leg., p. 1593, ch. 689, § 1, eff. Jan. 1, 1966.]

Art. 228. Hearings before Arbitrators and Notices Thereof

Unless otherwise provided by the agreement:

Sec. A. The arbitrators shall appoint a time and place for the hearing and cause notification to the parties to be served personally or by registered or certified mail with return receipt requested not less than five days before the hearing. Appearance at the hearing waives such notice. The arbitrators may adjourn the hearing from time to time as necessary and, on request of a party and for good cause, or upon their own motion, may postpone the hearing to a time not later than the date fixed by the agreement for making the award unless the parties consent to a later date. The arbitrators may hear and determine the controversy upon the evidence produced notwithstanding the failure of a party duly notified to appear. The court on application may direct the arbitrators to proceed promptly with the hearing and determination of the controversy.

Sec. B. The parties are entitled to be heard, to present evidence material to the controversy and to cross-examine witnesses appearing at the hearing.

Sec. C. The hearing shall be conducted by all the arbitrators but a majority may determine any question and render a final award. If, during the course of the hearing, an arbitrator for any reason ceases to act, the remaining arbitrator or arbitrators appointed to act as neutrals may continue with the hearing and determination of the controversy.

Art. 230. Testimony at Hearings before Arbitrators by Witnesses; Subpoenas and Dispositions Therefor

Sec. B. The arbitrators may authorize a deposition to be taken of a witness who cannot be required by subpoena to appear before them or who is unable to attend the hearing, for use as evidence, or may authorize a deposition of an adverse witness for discovery or evidentiary purposes, such depositions to be taken in the manner provided by law for depositions in a civil action pending in a district court.

Sec. C. The arbitrators may issue or cause to be issued by any one of them, subpoenas for the attendance of witnesses and for the production of books, records, documents, and other evidence; the appearance of the witness required by such a subpoena may be either at the hearing before the arbitrators or at the deposition of the witness. On application of a party or, if an application to the court is pending under Articles 236, 237 and 238, on submission to the arbitrators by the court under such conditions as the court may order, the arbitrators may modify or correct the award upon the grounds stated in Section A of Article 238, or for the purpose of clarifying the award. The application shall be made within twenty days after delivery of the award to the applicant. Sec. B. The making of an agreement described in Article 224 and to which that Article is applicable (but this expressly shall not be the effect of the making of an agreement to which that Article is made inapplicable by the last sentence thereof), which provides for or authorizes an arbitration in this State, confers

jurisdiction on the court to enforce the agreement under this Act and to enter judgment on an award thereunder.

[Acts 1965, 59th Leg., p. 1593, ch. 689, § 1, eff. Jan. 1, 1966.]

Art. 235. Applications to Courts and the Effect Thereof; Court Proceedings on Applications to Courts; Venue Thereof; Stay of Proceedings in Another Court Pursuant to a Later Application; What the Court may Require that an Application Contain; When Applications may be Filed in Advance of or Pending or at or after the Conclusion of Arbitration Proceedings; Acquisition of Jurisdiction over Adverse Parties by Service of Process or in Rem by Ancillary Proceedings; Court Relief in Aid of Pending or Prospective Arbitration Proceedings or the Enforcement of Court Orders or Decrees or Satisfaction of Court Judgments; Court Hearings on Applications

Sec. A. The jurisdiction of a court may be invoked by the filing with the clerk of that court of an application for the entry by the court of a judgment or decree or order provided for by the terms of this Act. Upon the filing of the initial application and the payment to the clerk of the fees of court required to be paid on the filing of a civil action in the court, the clerk shall docket the proceedings as a civil action pending in that court.

Sec. B. The filing of the initial application shall be with the clerk of the court of that county in Texas in which (if it does so provide) the arbitration agreement shall provide that the hearing before the arbitrators shall be held; or if the hearing has been held, in the county in which it was held. Otherwise, the initial application shall be filed in the county in which the adverse party resides (or one of them if there are two or more adverse parties) or has a place of business; or if no adverse party has a residence or place of business in this State, in any county. The initial application filed with the clerk of a court having jurisdiction but in a county other than as provided for in this Section, shall be transferred to a court of the county provided for in this Section by an order comparable to an order sustaining a plea of privilege to be sued in a civil action in a district court of a county other than the county in which an action is filed; provided that such order of transfer shall be entered only if applied for by a party adverse to the applicant who files the initial application, within twenty days of the service of process on such adverse party and in advance of any other appearance in the court of that adverse party other than one challenging the jurisdiction of the court.

Sec. C. An initial application having been so filed, the court having jurisdiction thus invoked, may by order or orders stay proceedings pursuant to any application later filed seeking to invoke the jurisdiction of any other court or the entry of a judgment or decree or order pro-

vided for by the terms of this Act; or may stay any civil action or other proceeding later instituted; provided, however, that any such stay of proceedings in any civil action or other proceeding or pursuant to an application later filed in any other court shall be limited to and affect only an issue subject to arbitration under the arbitration agreement pursuant to the terms of which the initial application was so filed.

Sec. D. As provided in Section C of Article 225, the initial application and all subsequent applications to the court relating to arbitration of an issue subject to arbitration under an arbitration agreement shall be filed in a civil action or proceeding pending in a court having jurisdiction to hear applications under the provisions of Section A of Article 234 if the civil action or proceeding is pending before the filing of the initial application as otherwise provided by Section A of Article 235.

Sec. E. The court may require that an application filed under this Act for entry by it of any judgment or decree or order shall show the jurisdiction of the court, shall have attached to it a copy of the arbitration agreement, shall define the issue or issues subject to arbitration between the parties under the arbitration agreement, shall specify the status of the proceedings before arbitrators and show the need for the entry of the judgment, decree or order by the court sought by the applicant. No application shall be deemed inadequate because of the absence of any of these requirements unless the court shall, in its discretion, first require that the application as filed be amended to meet the requirements of the court and a period of ten days is granted to the applicant to permit him to comply.

Sec. F. An application for entry by the court of a judgment or decree or order provided for by the terms of this Act may be filed in advance of the institution of any arbitration proceedings but in aid thereof, or during the pendency of any arbitration proceeding before the arbitrators or, subject to the provisions of subsequent Articles of this Act, at or after the conclusion thereof.

Sec. G. In advance of the institution of any arbitration proceedings, but in aid thereof, an application may be filed for order or orders to be entered by the court, including but not limited to applications:

(i) invoking the jurisdiction of the court over the adverse party and for effecting same by service of process on him in advance of the institution of arbitration proceedings (it not being required to be shown in this connection that the adverse party is about to, or may, absent himself from the state if jurisdiction over him is not effected by service of process on him before the institution of arbitration proceedings); or

(ii) invoking the jurisdiction of the court over the controversy in rem, by attachment, garnishment, sequestration, or

any other ancillary proceeding in the manner by which, and on complying with the conditions under which, such proceedings may be instituted and conducted ancillary to a civil action in a district court; or

(iii) seeking to restrain or enjoin the destruction of the subject matter of the controversy or any essential part thereof, or the destruction or alteration of books, records, documents, or evidence needed for the arbitration proceeding, or seeking from the court in its discretion, order for deposition or depositions needed in advance of the commencement of the arbitration proceedings for discovery, for perpetuation of testimony or for evidence; or

(iv) seeking the appointment of arbitrator or arbitrators so that proceedings before them under the arbitration agreement may proceed; or

(v) seeking any other relief, which the court can grant in its discretion, needed to permit the orderly arbitration proceedings to be instituted and conducted and to prevent any improper interference or delay thereof.

Sec. H. During the pendency of any arbitration proceedings before the arbitrators, an application may be filed for order or orders to be entered by the court, including but not limited to applications:

(i) referred to or to serve any purpose referred to in Section G of this Article; or

(ii) to require compliance by any adverse party or any witness with order or orders made by arbitrators during the arbitration proceedings, pursuant to provisions of this Act; or

(iii) to require the issuance and service under orders of the court rather than orders made by the arbitrators, of subpoenas, notices or other court processes in aid of the arbitration proceedings before the arbitrators; or in any ancillary proceedings in rem by attachment, garnishment, sequestration or otherwise, in the manner of and on complying with the conditions under which such ancillary proceedings may be instituted and conducted ancillary to a civil action in a district court; or

(iv) to seek to effect or maintain security for the satisfaction of any court judgment that may be later entered pursuant to the provisions of an award. During the pendency of the arbitration proceedings or at or after their conclusion, an application may be filed to seek any of the above mentioned relief or otherwise aid in the enforcement of any court judgment or decree or order entered pursuant to the provisions of this Act; or for relief as provided in Articles 236, 237 and 238.

Sec. I. On filing of any initial application herein authorized, the clerk of the court shall issue process for service upon each adverse

party named therein, attaching a copy of the application to each, and appropriate officials authorized so to do may proceed to effect service of such process on each adverse party, the form and substance of the process and service and the return of service, insofar as applicable, being the form provided for as to process and service on a defendant in a civil action in a district court.

Sec. J. Upon the filing of any application other than the initial application, if the jurisdiction over the adverse party has been established by service of process on him or in rem upon the initial application (though, if not, then on such subsequent application there shall be a service of process as provided for in Section I of this Article), each subsequent application with reference to the same arbitration proceedings or prospective proceedings under the same arbitration agreement and relating to the same controversy or controversies, shall be treated for the purposes of notice to each adverse party, as if a motion filed in a pending civil action in a district court. Every such subsequent application to the court for any relief and every initial application shall be heard by the court in the manner and pursuant to the notice provided by law or rule of court as to the making and hearing of such a motion.

[Acts 1965, 59th Leg., p. 1593, ch. 689, § 1, eff. Jan. 1, 1966.]

Art. 236. Confirmation of an Award

Upon application of a party, the court shall confirm an award, unless within the time limits hereinafter imposed grounds are urged for vacating or modifying or correcting the award, in which case the court shall proceed as provided in Articles 237 and 238 of this Act.

[Acts 1965, 59th Leg., p. 1593, ch. 689, § 1, eff. Jan. 1, 1966.]

Art. 237. Vacating an Award

Sec. A. Upon application of a party, the court shall vacate an award where:

- (1) The award was procured by corruption, fraud or other undue means;
- (2) There was evident partiality by an arbitrator appointed as a neutral or corruption in any of the arbitrators or misconduct or wilful misbehavior of any of the arbitrators prejudicing the rights of any party;
- (3) The arbitrators exceeded their powers;
- (4) The arbitrators refused to postpone the hearing upon sufficient cause being shown therefor or refused to hear evidence material to the controversy or otherwise so conducted the hearing, contrary to the provisions of Article 228, as to prejudice substantially the rights of a party; or
- (5) There was no arbitration agreement and the issue was not adversely determined in proceedings under Article 225 and the party did not participate in the arbitration hearing without raising the

objection; but the fact that the relief was such that it could not or would not be granted by a court of law or equity is not ground for vacating or refusing to confirm the award.

Sec. B. An application under this Article shall be made within ninety days after delivery of a copy of the award to the applicant, except that, if predicated upon corruption, fraud or other undue means, it shall be made within ninety days after such grounds are known or should have been known.

Sec. C. In vacating the award on grounds other than stated in paragraph 5 of Section A of this Article, the court may order a rehearing before new arbitrators chosen as provided in the agreement, or in the absence thereof, by the court in accordance with the provisions of Article 226; or, if the award is vacated on grounds set forth in paragraphs 3 and 4 of Section A of this Article, the court may order a rehearing before the arbitrators who made the award or their successors appointed in accordance with the provisions of Article 226. The time within which the agreement requires the award to be made is applicable to the rehearing and commences from the date of the order.

Sec. D. If the application to vacate is denied and no motion to modify or correct the award is pending, the court shall confirm the award.

Art. 238. Modification or Correction of Award

Sec. A. Upon application made within ninety days after delivery of a copy of the award to the applicant, the court shall modify or correct the award where:

- (1) There was an evident miscalculation of figures or an evident mistake in the description of any person, thing, or property referred to in the award;
- (2) The arbitrators have awarded upon a matter not submitted to them and the award may be corrected without affecting the merits of the decision upon the issues submitted; or
- (3) The award is imperfect in a matter of form, not affecting the merits of the controversy.

Sec. B. If the application is granted, the court shall modify and correct the award so as to effect its intent and shall confirm the award as so modified and corrected. Otherwise, the court shall confirm the award as made.

Sec. C. An application to modify or correct an award may be joined in the alternative with an application to vacate the award.

[Acts 1965, 59th Leg., p. 1593, ch. 689, § 1, eff. Jan. 1, 1966.]

Art. 238-1. Judgment or Decree Upon an Award; The Enforcement Thereof

1. That pending the arbitration, the existing status prior to any disagreement or strike, shall not be changed.

2. That the award shall be filed in the office of the clerk of the district court of the county in which said arbitration is held, and shall be final and conclusive upon both parties, unless set aside for error of law, apparent on the record.

3. That the respective parties to the award will each faithfully execute the same, and that the same may be specifically enforced in equity so far as the powers of a court of equity permit.

4. That the employes dissatisfied with the award shall not, by reason of such dissatisfaction, quit the service of said employer or receiver before the expiration of thirty days, nor without giving said employer or receiver thirty days written notice of their intention to quit.

[Acts 1925, S.B. 84.]

Art. 243. Arbitrators to Take Oath, Etc.

The board may make and enforce the rules for its government and transaction of the business before it and fix its sessions and adjournment, and shall hear and examine such witnesses as may be brought before the board, and such other proof as may be given relative to the matter in dispute.

[Acts 1925, S.B. 84.]

Art. 245. Adjudication ¹ Terminates Powers

When said board shall have rendered its adjudication and determination, its powers shall cease, unless there may be at the time in existence other similar grievances or disputes between the same class of persons mentioned in the first article of this subdivision, and in such case such persons may submit their differences to said board, which shall have power to act and adjudicate and determine the same as fully as if said board were originally created for the settlement of such difference or differences.

[Acts 1925, S.B. 84.]

The fees of witnesses of the aforesaid board shall be fifty cents for each day's attendance and five cents per mile traveled by the nearest route to, and returning from, the place where attendance is required by the board. All subpoenas shall be signed by the secretary of the board and may be served by any person of full age authorized by the board to serve the same. And the fees and mileage of witnesses and the per diem and traveling expenses of said arbitrators shall be taxed as costs against either or all of the parties to said arbitration, as the board of arbitrators may deem just, and shall constitute part of their award; and each of the parties to said arbitration shall, before the arbitrators proceed to consider the matters submitted to them, give a bond, with two or more good and sufficient sureties, in an amount to be fixed by the board of arbitration, conditioned for the payment of all expenses connected with the said arbitration.

One copy shall be filed in the district clerk's office, one copy shall be given to the employer or receiver, and one copy to the employes or their duly authorized representative. The award, being filed in the District Clerk's office, as hereinbefore provided, shall go into practical

operation, and judgment shall be entered thereon accordingly, at the expiration of ten days from such filing, unless within such ten days either party shall file exceptions thereto for matter of law apparent on the record; in which case said award shall go into practical operation, and judgment shall be rendered accordingly, when such exceptions shall have been fully disposed of by either said district court or on appeal therefrom.

[Acts 1925, S.B. 84.]

The premium on the bond shall be paid from the Architects Registration Fund.

This fund shall be paid out only by warrants of the State Comptroller, upon itemized vouchers, approved by the chairman or acting chairman and attested by the secretary-treasurer of the Board. Disbursements shall not in any way be a charge upon the General Revenue Fund of this State.

(b). To aid the Board in performing its duties, the Board shall maintain an office in Austin, Travis County, Texas. (b). In addition to the powers and duties granted to the Board by other provisions of this Act, the Board may make all rules consistent with the laws and constitution of this State which are reasonably necessary for the proper performance of its duties, the regulation of the practice of architecture and the examination and registration of applicants to practice architecture in this State, and the enforcement of this Act.

(c). The Texas Board of Architectural Examiners is hereby empowered and authorized to enforce such rules and regulations, the provisions of this Act, and the statutes of this state pertaining to the practice of architecture, by applying to a court of competent jurisdiction in the county of the residence of the defendant or the county where the violation occurred for relief by injunction, restraining order, or such other relief as may be available from such court, in order to enjoin or restrain a person, firm, corporation, partnership or any other group or combination of persons from the commission of any act which is contrary to or in violation of such rules, regulations or statutes. The Board has the right to institute these actions in its own name. The remedy provided by this section shall be in addition to any other remedy provided by law. The Board may be represented by the Attorney General, the District Attorney, or the County Attorney, and by other counsel when necessary.

Meetings; Examinations; Fee; Certificate

Sec. 6(a). It shall be the duty of the Texas Board of Architectural Examiners to hold meetings at least twice each year at such times and places as the Board may determine for the purpose of transacting its business and to examine all applicants for license to practice architecture in this State on any subjects and procedures pertaining to architecture which the Board in its discretion may require.

(b). Each person applying for examination shall pay to the Board a uniform fee to be fixed by the Board, but which shall not exceed One Hundred Dollars (\$100.00). The Board shall report to each applicant within a reasonable time after the examination whether or not the applicant passed or failed the examination. An applicant who has passed the examination shall be granted a certificate to practice architecture in this State. more legally practicing architects, as prescribed in the rules and regulations adopted by the Board.

(b). Repealed by Acts 1973, 63rd Leg., p. 806, ch. 361, § 11, eff. June 12, 1973.

(c). Until June 30, 1980, the Board may accept for examination, an applicant, although not a graduate as above required, who possesses all of the other qualifications and furnishes evidence acceptable to the Board of his having completed not less than eight years satisfactory experience in architecture in the office or offices of one or more legally practicing architects, or any combination of architectural schooling and experience totaling eight years.

Licensees from Other States or Countries; Fees

Sec. 8(a). The Texas Board of Architectural Examiners may, in its discretion in each instance, grant a certificate to practice architecture in this State to an architect who possesses a valid and current certificate or license to practice architecture in another State or territory of the United States of America or of another country, where the requirements and qualifications of such other jurisdiction were, at the time of the granting of such certificate or license to practice architecture in such other jurisdiction, equal to or the equivalent of the requirements of the Texas Board of Architectural Examiners at the time of the filing of such application for a reciprocal certificate. An applicant for a certificate under this section shall possess all of the other qualifications prescribed in this Act for other applicants and shall make application in the same manner and form as any other applicant; and such applicant shall furnish the Board such documents and other evidence concerning his application and qualifications as will substantiate his qualifications.

(b). All applications under this Section shall be accompanied by a fee of One Hundred Dollars (\$100.00) payable to the Texas Board of Architectural Examiners for the processing and investigating of the application so filed and for the issuance of the certificate herein provided for. The provisions of this section shall apply only where the laws, legal requirements and regulations of such other jurisdiction extend like or similar privileges to practice architecture in such other jurisdiction to registered architects of this State.

Seal; Restricted Use; Penalty

Sec. 9. Every registered architect shall obtain and keep a seal, such as is authorized, prescribed, and approved by the Texas Board of Architectural Examiners, with which he or she shall stamp or impress all drawings or specifications issued from his or her office for use in this State. The design of the seal shall be the same as that to be used by the Texas Board of Architectural Examiners, except that it shall bear the words "Registered Architect, State of Texas" instead of "Texas Board of Architectural Examiners." No person, firm, partnership,

corporation or any other group or combination of persons shall use or attempt to use such prescribed seal, or any similar seal, or replica thereof unless the use is by and through an architect duly registered under the provisions of this Act. No architect duly registered under this Act shall authorize or permit the use of his seal by any unregistered person, firm, corporation, partnership or any other group or combination of persons without his personal supervision, and a violation hereof shall be grounds for cancellation of the registration certificate of any such offending architect.

Practice of Architecture Defined; Exceptions

Sec. 10(a). "Practice of Architecture" shall mean any service or creative work, either public or private, applying the art and science of developing design concepts, planning for functional relationships and intended uses, and establishing the form, appearance, aesthetics, and construction details, for any building or buildings, or environs, to be constructed, enlarged or altered, the proper application of which requires architectural education, training and experience. "Practice architecture" or "practicing architecture" shall mean performing or doing, or offering or attempting to do or perform any service, work, act or thing within the scope of the practice of architecture.

(b). Notwithstanding any other provision of this Act or any rule or regulation of the Board of Architectural Examiners, it is the intent of this Act to acknowledge the necessity of professional inter-relations and cooperation between the professions for the benefit of the public and to achieve the highest standards in design, planning, and building. Therefore, nothing in this Act or any such rule or regulation, heretofore or hereafter adopted, shall be construed or given effect in any manner whatsoever so as to prevent, limit or restrict any professional engineer licensed under the laws of this State from performing any act, service or work within the definition of the practice of professional engineering as defined by the Texas Engineering Practice Act.¹

(c). Nothing in this Act shall be construed as curtailing draftsmen, clerks of the works, superintendents and other employees of registered architects or engineers, under provisions of this Act from acting under the instructions, control or supervision of such architect or engineer employers.

(d). Nothing in this Act may be construed as curtailing any regular full time employee of a privately owned public utility or cooperative utility and/or affiliates who is engaged solely and exclusively in performing services for such utility and/or its affiliates. This exemption includes the use of job titles and personnel classifications by such persons not in connection with any offer of architectural services to the public, providing that no name, title, or words are used which tend to convey the impression that an unlicensed person is offering architectural services to the public.

(e). Nothing in this Act shall be construed to prohibit the use of the title "Landscape Architect" by qualified persons or to limit the practice of landscape architecture.

(f). Nothing in this Act shall be construed to prohibit the use of the title "Interior Designer" or "Interior Decorator" by qualified persons or to limit the practice of interior designing or interior decorating.

(g). Nothing in this Act shall prevent registered professional engineers licensed under the laws of this State from planning and supervising work, such as railroad, hydroelectric work, industrial plants, or other construction primarily intended for engineering use or structures incidental thereto, nor prevent said engineers from planning, designing, or supervising the mechanical, electrical, or structural features of any building.

(h). A firm, partnership, association or corporation, including firms, partnerships, corporations and joint stock associations carrying on the practice of engineering under Section 17 of the Texas Engineering Practice Act, may engage in the practice of architecture and may hold itself out to the public as offering architectural services, provided that the actual practice of architecture on behalf of such firms, partnerships or corporations is carried on, conducted and performed only by architects registered, and licensed in this State.

(i). No firm, partnership, association, or corporation may engage in the practice of architecture, or hold itself out to the public as being engaged in the practice of architecture or use the word "architect" or "architecture" in its name in any manner unless all architectural services are rendered by and through persons to whom registration certificates have been duly issued, and which certificates are in full force and effect.

¹ Article 3271a.

Revocation or Cancellation of Certificates

Sec. 11. Registration certificates of architects issued in accordance with this Act shall remain in full force and effect until expiration date unless revoked or suspended for cause as herein provided. The registration certificate and right of any person to practice architecture in this State may be revoked and cancelled by the Texas Board of Architectural Examiners after due notice and hearing and upon the proof of the violation of the law in any respect in regard thereto, or for any cause for which the Texas Board of Architectural Examiners is authorized to refuse to grant registration certificates, or for proof of gross incompetency, or for recklessness in the construction of buildings on the part of the architect designing, planning, or supervising the construction or alteration of same, or for dishonest practice on the part of the holder of such registration certificate. The action of the Board in revoking and cancelling such registration

certificate may be appealed to a District Court in the County of residence of the aggrieved party, and such appeal shall be trial de novo as in cases from the justice court to the county court.

Annual Registration and Fee; Certificate of Renewal; Failure to Renew; Suspension and Revocation

Sec. 12(a). It shall be the duty of all persons now or hereafter engaged in the practice of architecture in this State who desire to continue in such practice to register annually with the Texas Board of Architectural Examiners on or before the first day of January of each calendar year. Each person so registering shall pay a fee of not more than Fifty Dollars (\$50.00) for residents and not more than One Hundred Dollars (\$100.00) for nonresidents. Upon receipt of the required fee within the time and in the manner prescribed by the Board the designated officer or employee of the Board shall thereupon issue to such registered architect a certificate of renewal of his or her registration certificate for the term of one year.

(b). Any registered architect who shall fail to have his or her registration certificate renewed before the first day of January of each and every year shall have his or her registration certificate suspended; and it shall be the duty of the secretary-treasurer of the Board to mail a notice of such suspension to such architect at his last known address. But the failure to renew such registration certificate in the time stated shall not deprive such architect of the right of reinstatement and renewal thereafter; but the fee to be paid upon the renewal of a registration certificate after the first day of January and before the first of April of the same year shall be an additional Twenty Dollars (\$20.00) to cover the additional expense incurred by the Board in effecting the renewal; and in the event that the renewal is not made before the first day of April of the year following, such certificate to practice architecture in this State may be revoked and an entry of such revocation made in the official records of the Board; and thereafter the applicant may be required in the discretion of the Board in each case to take and satisfactorily pass such examination as may be prescribed by the Board, and if the applicant passes such examination successfully the fee to be paid upon the renewal of the registration certificate shall be, in such case, the sum not to exceed One Hundred Dollars (\$100.00) as set by the Board; and provided that a registered architect, as herein defined, who is on active duty as a member of the Armed Forces of the United States of America subsequent to October 1, 1940, and who was at the time of his entry into said service or is now in good standing as a registered architect in this State, shall have his name continued on the list of registered architects and shall be exempt from the payment of any further fee during his service, as aforesaid, and until separated from the service; and

when his active duty status ceases and he is separated from the service, he shall be exempt from payment of such fee for the then current fiscal year.

(c). Repealed by Acts 1973, 63rd Leg., p. 806, ch. 361, § 11, eff. June 12, 1973.

Expiration Dates of Registrations; Proration of Fees

Sec. 12A. The board by rule may adopt a system under which registrations expire on various dates during the year. The date for mailing notice of suspension and the period for reinstatement shall be adjusted accordingly. For the year in which the expiration date is changed, registration fees payable on September 30 shall be prorated on a monthly basis so that each registrant shall pay only that portion of the registration fee which is allocable to the number of months during which the registration is valid. On renewal of the registration on the new expiration date, the total registration fee is payable.

Penalty

Sec. 13. If any person or firm shall, for a fee or other direct compensation, pursue the practice of the profession of architecture in this State as herein defined, or shall engage in this State in the profession or business of planning, designing, or supervising the construction of buildings to be erected or altered by or for other persons than himself, herself, or themselves, and shall advertise, or put out any sign, card, or drawings in this State designating himself, herself, or themselves as an architect, architectural designer, or other title of profession or business using some form of the word "Architect" without first having complied with the provisions of this Act, such person, or the members of such firm, shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined not less than Twenty-five Dollars (\$25.00) and not more than Two Hundred Dollars (\$200.00) for each offense; and each and every day of violation of this Act as above set forth shall constitute a separate offense.

Exceptions from Act

Sec. 14. This Act shall not apply:

1. To the practice of architecture solely as an officer or employee of the United States, but persons so engaged or employed shall not engage in the private practice of architecture in this State without first having a registration certificate as herein provided;

2. To legally qualified architects residing in another State or county outside the border of the United States, who do not maintain nor open offices in this State, who agree to perform or hold themselves out as able to perform any of the professional services involved in the practice of architecture, provided that when performing the architectural service in this State,

they shall employ a resident registered architect of this State as a consultant, or shall act as a consultant of a registered architect in this State or shall register as an architect in this State as provided by this Act;

3. To the preparation of plans and specifications for and the supervision of the alteration of any building not involving substantial and major structural changes;

4. To the preparation of plans and specifications for and the supervision of the construction, enlargement, or alteration of private buildings which are used exclusively for farm, ranch, or agricultural purposes or used exclusively for storage of raw agricultural commodities.

5. Four members of the board shall constitute a quorum for the transaction of business. The board may adopt such reasonable rules and regulations of the orderly conduct of its affairs as it may deem necessary, and may from time to time amend such rules and regulations.

Sec. 5. (a) From and after the effective date of this Act, no person shall represent himself or practice in any manner as a landscape architect, as defined herein, unless such person shall be licensed as provided herein. The examination to be prepared by the members of the board and given by the board at its office in Austin, Travis County, Texas, or such other place as the board may determine or designate, provided however, that one-third of the board shall be present at each examination held and provided further that not more than three examinations may be held during any calendar year. The scope of the examination and the methods of procedure shall be prescribed by the board with special reference to the applicant's ability which will insure safety to the public welfare and the property rights. A candidate failing an examination may apply for reexamination at the expiration of six months, and shall be reexamined one time without payment of additional fee.

(b) No person shall engage in, work at, or conduct the business of landscape irrigation, or yard sprinkler construction or repairing in this state, and connect to any private or public, raw or potable water supply system unless such person is the holder of a valid certificate of registration as provided for by this section. (c) Any landscape architect licensed under this Act shall not have to be licensed as a landscape irrigator in order to perform the necessary services for design, construction, repair and installation of any landscape irrigation system.

Reciprocal Provisions

Sec. 6. The board may certify for registration without examination an applicant who is legally registered as a landscape architect or irrigator in any state or country whose requirements for registration are at least substantial-

ly equivalent to the requirements of this state and which extends the same privilege of reciprocity to landscape architects or irrigators registered in this state. Such application shall be accompanied by a fee to be determined by the board.

Certificates of Registration

Sec. 7. All certificates of registration shall expire on the 31st day of August of each year, following their issuance or renewal and shall become invalid on that date unless renewed. It shall be the duty of the secretary of the board to notify every person registered under this Act of that date of expiration of his certificate and the amount of the fee that shall be required for its renewal for one year; such notice shall be mailed at least one month in advance of the date of the expiration of said certificate. Renewal may be effected at any time during the month of July or August of each year by payment of the fee as prescribed and set by the board. The fee for a landscape architect's certificate shall be not less than \$10 nor more than \$50. The fee for a landscape irrigator's certificate shall be not more than \$100. Failure on the part of any registrant to renew his certificate annually, and by not later than August 31st, as required above shall not deprive such person of the right of renewal, but the fee to be paid for the renewal of a certificate after August 31st shall be increased 10 percent for each month or fraction of a month that renewal payment is delayed; and provided further, that if such failure to renew shall continue for more than one year after the date of expiration of the registration certificate, the applicant must reapply for registration and must qualify under Section 5 of this Act. All renewal certificates shall carry the same registration number as the original certificate.

Expiration dates of certificates of registration; proration of fee

Sec. 7A. The board by rule may adopt a system under which certificates of registration expire on various dates during the year. Renewals may be made at any time during the two months prior to the expiration date, and renewal fees paid after the expiration date shall be increased 10 percent for each month or fraction of a month that renewal payment is delayed. For the year in which the expiration date is changed, registration fees payable on August 31 shall be prorated on a monthly basis so that each registrant shall pay only that portion of the registration fee which is allocable to the number of months during which the registration is valid. On renewal of the registration on the new expiration date, the total of the registration fee is payable.

Revocation and Reissuance of Certificates

Sec. 8. (a) The board has the power to revoke the certificate of registration of any registrant who is charged with and found guilty of:

- (1) Violations of provisions of this Act;
- (2) The practice of any fraud or deceit in obtaining a certificate of registration;

(3) Any gross negligence, incompetency, or misconduct in the practice of landscape architecture or irrigation;

(4) Holding himself out to the public or any member thereof as an engineer or making use of the words "engineer," "engineered," "professional engineer," "P.E.," or any other terms tending to create the impression that such registrant is authorized to practice engineering or any other profession unless he is licensed under provisions of Texas Engineering Practice Act or the other applicable licensing law of this state.

(5) Holding himself out to the public or any member thereof as a surveyor or making use of the words "surveyor," "surveyed," "registered public surveyor," "R. P. S.," or any other terms tending to create the impression that such registrant is authorized to practice surveying or any other profession unless he is licensed under the provisions of the Registered Public Surveyors Act² or the other applicable licensing law of this state.

(b) In determining the truth of any such charges the board shall proceed upon sworn information furnished it by any reliable resident of this state; such information shall be in writing and shall be duly verified by the person familiar with the facts therein charged, and three copies of the same shall be filed with the secretary of the board. Upon receipt of such information the board, if it deems the information sufficient to support further action on its part, shall make an order setting the charges therein contained for hearing at a specified time and place, and the secretary of the board shall cause a copy of the board's order and of the information contained in the written charges to be served upon the accused at least 30 days before the date appointed in the order for the hearing. The accused may appear in person or by counsel or both, at the time and place named in the order and make his defense to the same. The board shall have the power, through its chairman or secretary, to administer oaths and compel the attendance of witnesses before it as in civil cases in the district court, by subpoena issued over the signature of the secretary and the seal of the board.

Any person who may feel himself aggrieved by reason of the revocation of his certificate of registration of the board, as hereinabove authorized, shall have the right to file suit within 30 days within receiving notice of the board's order revoking his certificate of registration in the district in the county of his residence of the county in which the alleged events relied upon, and grounds for revocation, took place, to annul or vacate the order of the board revoking the certificates of registration; said suit to be filed against the board as defendant, and service of process may be had upon its chairman or secretary. The only issues to be tried in such cause shall be whether such per-

son has been guilty as originally found by the board, which issue shall be by trial de novo, as that term is commonly used in connection with an appeal from the justice of the peace court to the county court, and the substantial evidence rule shall not apply.

All expenditures for the administration and enforcement of this Act shall be in the amounts and for the purposes fixed by the general appropriation bill.

Severability

Sec. 11. If any article, section, subsection, sentence, clause or phrase of this Act is for any purpose or reason held to be unconstitutional, such invalid portion shall not affect the validity of the remaining portions of this Act. The Legislature hereby declares that it would have passed the valid portions of the Act irrespective of the fact that any one or more portions thereof be declared unconstitutional.

Repeal of Conflicting Legislation with Proviso

[Acts 1925, S.B. 84.]

Art. 301. Judgment and Foreclosure

When an attachment issued from a county or justice court has been levied upon land, no order or decree foreclosing the lien thereby acquired shall be necessary, but the judgment shall briefly recite the issuance and levy of such attachment, and such recital shall be sufficient to preserve such lien. The land so attached may be sold under execution after judgment, and the sale thereof shall vest in the purchaser all the estate of the defendant in attachment in

Sec. 2. Reports to Annual Meetings

The several sections and committees shall deliver to the Executive Director at least forty-five days before the annual meeting their respective reports and recommendations. Such reports and recommendations may be printed and sent to each member of the State Bar before the annual meeting, but any section or committee may present at the annual meeting any additional report or recommendation. [Jan. 22, 1957.]

ARTICLE IV. REGISTRATION AND DUES

Sec. 1. Registration

Immediately upon the taking effect of these rules the Secretary shall furnish every member a registration card by first class mail, which card shall, within thirty days after the same is mailed, be returned by the member by first class mail and shall contain such information as the Board of Directors may require.

In like manner, such registration card shall be furnished to and filed by each person thereafter admitted to the Bar in Texas.

Sec. 2. Suspension for Failure to File Registration Card

Any member who fails to return his registration card completely filled out within thirty days after its being mailed to him shall be regarded as delinquent and shall be given written notice thereof by the Secretary. If the delinquent member fails to mail his registration card within thirty days after such notice is mailed, he shall cease to be a member of the Bar, but shall be reinstated upon mailing or delivering his registration card completely filled out to the Secretary.

Sec. 3. Fiscal Year

The fiscal year of the Bar shall begin June 1 of each year and end May 31 of the next succeeding year.

Sec. 4. Membership Fee

The annual membership fee prescribed by the Supreme Court shall be due and payable by each member to the Clerk of the Supreme Court June 1 of each fiscal year. However, any person becoming a member before the first day of December shall pay on admission the full membership fee for that fiscal year, but if such person becomes a member after December 1, he shall pay on admission one-half of the annual membership fee. It shall be the duty of the Clerk to issue to each member so paying such fee a membership card. It shall be the duty of the Clerk to keep all books, and other records proper and necessary to carry out the provisions of this section.

Sec. 5. Suspension for Non-payment of Fees

A member in default of payment of the fee for sixty days after it is due shall be regarded as delinquent and shall be given written notice thereof by the Clerk of the Supreme Court. If the delinquent member fails to pay such fee within thirty days thereafter, he shall cease to be a member, but shall be reinstated upon payment of the fees due at the time he ceased to be a member, together with fees for the current year and for any intervening fiscal years during which he has practiced law in the State of Texas. If at the end of ninety days after June 1, a member has not paid to the Clerk membership dues for the current year, the Clerk shall strike from the rolls of the State Bar the name of the delinquent member.

Any County or District Judge, or any Judge of any Appellate Court of this State, shall have the right, and it shall be his duty to refuse any person the privilege of practicing in such court, unless such person is currently a member of the State Bar of Texas in good standing. Any lawyer in this State whose name has been stricken from the rolls of the State Bar for non-payment of dues, and who has not been reinstated, shall not be permitted to practice law in this State, and if such lawyer does engage in the practice of law, such continued practice of law by such delinquent member shall constitute the unauthorized practice of law on the part of such person, and he may be enjoined by any court of competent jurisdiction.

[Jan. 22, 1957.]

Sec. 6. Reinstatement of Members

A member removing from the state, may file notice thereof in writing with the Secretary. ARTICLE V. OFFICERS

Sec. 1. Officers Named

The Officers of the State Bar of Texas shall be a President, a President-Elect, a Vice-President, a General Counsel, and an Executive Director. The President, President-Elect and Vice-President shall each serve for a term of one year, and neither shall succeed himself in office.

[Jan. 22, 1957.]

Sec. 2. How President, President-Elect, and Vice-President Elected

The State Bar shall elect annually from its membership a President-Elect and a Vice-President in the manner and form provided in Article VI, Section 3, for the election of Directors, except that the election shall be for the entire state instead of by districts. The ballots cast at any such election shall be marked and returned by the voting members and thereafter

canvassed and the results declared, as prescribed in said Section 3.

At its regular January meeting each year, the Board of Directors shall nominate by majority vote not fewer than two members of the State Bar as candidates for President-Elect and not fewer than two members of the State Bar as candidates for Vice-President for the ensuing year, which nominations shall be published in the Bar Journal and by all practicable means. All such names shall be printed on the official ballot.

Any other member's name shall be printed also on the ballot as a candidate for President-Elect or Vice-President when a petition in writing, signed by not fewer than 175 members requesting such action, is filed with the Executive Director on or before March 15th.

Every ballot for President-Elect and Vice-President shall be designated as "Official Ballot, State Bar of Texas." The ballots shall be mailed to members at the same time as ballots for the election of Directors are mailed, or a combined ballot may be used for both Officers and Directors.

The President-Elect shall automatically become President at the conclusion of his term as President-Elect. However, in the event of the death of the President-Elect before taking office as President, or in event he notifies the Board of his inability or refusal to serve as President, the Vice-President shall succeed to the Presidency and the Board shall thereupon be authorized to elect a new Vice-President by a majority vote of its members.

[Jan. 22, 1957; Dec. 30, 1965.]

Sec. 3. When Officers Assume Duties

The President-Elect, Vice-President, and Directors shall take office immediately upon the adjournment of the annual meeting next after their election. The President shall take office immediately upon the adjournment of the annual meeting held at the close of his term as President-Elect.

[Jan. 22, 1957.]

Sec. 4. How Executive Director Elected

The Executive Director shall be elected by a majority vote of the Board of Directors and shall hold office during the pleasure of the Board, but his term in no event shall exceed two years. He may be re-elected as many times as the Board of Directors may choose. The Executive Director shall also be Treasurer of the State Bar and shall receive from the Clerk of the Supreme Court all funds of the State Bar after deducting all expenses provided for in Section 7 of this Article.

[Jan. 22, 1957; Dec. 20, 1971.]

Sec. 4a. How General Counsel Elected

The General Counsel shall be elected by a majority vote of the Board of Directors and shall hold office during the pleasure of the Board, but his term in no event shall exceed two years. He may be re-elected as many

times as the Board of Directors may choose. He shall be a member of the State Bar and shall have had at least seven years' experience in the practice of law within the State of Texas. The Board of Directors may appoint such assistants to the General Counsel as it deems necessary, such assistants to be appointed with the advice of the General Counsel.

[Jan. 22, 1957.]

Sec. 4b. Duties of the General Counsel

The duties of the General Counsel shall include all of those duties usually expected of and performed by a general counsel in private law practice. It shall be the duty of the General Counsel to expedite, coordinate, and standardize throughout all Grievance Districts of Texas the procedure, method and practice for the processing of grievance complaints and the control of unauthorized practice of law. Also, where time permits, the General Counsel and his assistants, if any, shall assist in the investigation and development of the cases of grievance and unauthorized practice matters, and may sit through and participate in the trials. The General Counsel and his assistants, if any, shall perform such other and further duties as may be directed by the Board. The Board shall fix the salaries of the General Counsel and such assistants as are deemed necessary, to be paid in equal monthly installments.

[Jan. 22, 1957.]

Sec. 5. Duties of President, President-Elect, and Vice-President

The President shall preside at all meetings of the State Bar, and in his absence or inability to act, or at his request, the President-Elect or the Vice-President shall preside. Each shall perform such other duties as usually belong to his office. The President-Elect shall be an ex-officio member of all standing and special committees and shall have responsibility for coordinating the work of the various committees and sections.

[Jan. 22, 1957.]

Sec. 6. Duties of the Executive Director

The Executive Director shall be responsible for the execution of the policies and directives of the Board with reference to all activities of the State Bar, except such activities as may be made the responsibility of the General Counsel by the Board or under these rules. He shall expedite and assist in the work of all standing and special committees, and shall serve as Editor-In-Chief of the Texas Bar Journal. He shall serve as Secretary to the Board and the State Bar, performing all duties required of the Secretary by these rules and other duties usually required of a secretary and a treasurer, including such other duties as may be assigned to him by the Board of Directors. Wherever the word "Secretary" is used in these Rules, it shall be taken to mean Executive Director. The Board shall fix his salary, which shall be paid in equal monthly installments. He shall be required to execute a cor-

porate surety bond in such amount as the Board may direct, conditioned upon the faithful performance of his duties, the premium for which shall be paid by the State Bar. All of his accounts shall be audited annually by accountants selected by the Board of Directors, and a statement of the audit shall be printed in full in the next issue of the Bar Journal following the filing of such report. The Executive Director, with the approval of the Board of Directors, may employ such administrative, stenographic, and clerical assistants as the work of his office may require, salaries to be fixed by the Board of Directors and paid out of the funds of the State Bar.

[Jan. 22, 1957.]

Sec. 7. Clerical Assistance for Clerk of the Supreme Court

The Clerk of the Supreme Court, with the approval of the Supreme Court, may employ one assistant to assist in discharging the duties imposed upon him by these rules and the State Bar Act.¹ The Clerk shall also be entitled to such stationery, office supplies, stamps and other items as may be needed to carry on the work imposed upon him by these rules and the State Bar Act. The salary of such assistant shall be fixed by the Board, which salary and the expenses above provided for, shall be paid each month by the Clerk of the Court, on approval of the Supreme Court, from the funds in his hands belonging to the State Bar. The Clerk may retain in his hands out of such funds an amount sufficient to take care of the expenses provided for by this Section.

¹ Article 320a-1.

ARTICLE VI. BOARD OF DIRECTORS

Sec. 1. How Comprised

The Board shall consist of one Director elected from each of the Bar Districts of this State and any additional district hereafter created. The President, President-Elect, and Vice-President of the State Bar shall be ex-officio members of the Board with the same powers and duties as those of elected members.

At the first meeting after the Directors assume office, the Board shall elect one of their own number as Chairman. He shall serve for one year and shall preside at all meetings of the Board.

[Jan. 22, 1957; Dec. 30, 1965.]

Sec. 2. Qualifications of Director; Vacancies; How Filled

Each elected Director shall be a resident of the District for which he is elected and upon removal from the District shall thereby automatically vacate his office. No member, except residents of Bexar, Dallas, Harris and Tarrant Counties, may be a candidate for Director if the county of his residence was the county of residence of the last preceding Director from that District. This prohibition shall not apply to a member appointed to fill a vacancy, if at the time of the next regular annual election

following his appointment the combined service of himself and his predecessor as Director does not exceed eighteen calendar months.

If there be any vacancy, the President shall appoint some member who is a resident of the District in which the vacancy exists to serve until the next regular annual election of Directors. The appointed Director may be a resident of the same county as his predecessor only in the event that the predecessor served as a Director for less than eighteen months. This restriction shall not apply to residents of the four populous counties above named.

Each last immediate retiring President shall be a member ex-officio of the Board of Directors for one year next succeeding his retirement.

[Jan. 22, 1957; Dec. 8, 1965.]

Sec. 3. How Chosen

Each Director of the State Bar shall be elected by the members of the Bar residing in the District which such Director is to serve.

No member's name shall be printed on the ballot as a candidate for Director unless a petition in writing requesting such action, signed by at least five per cent of the members residing in such District, is filed with the Executive Director of the State Bar. Each such petition or application must be filed on or before March 15 of each year.

On or before the tenth day of April of each year, the Executive Director of the State Bar shall cause to be printed a ballot for each District in which a Director is to be elected for that year. The name and place of residence of each candidate shall be printed on such ballot.

The Executive Director on April 15 (unless that day be Sunday or a legal holiday, in which event, on the next following working day) of each year, shall send by first-class mail to each registered member of the State Bar residing in any District for which a Director is to be elected during that year, at his address as shown by State Bar Records, a true copy of the ballot containing the printed names of the several candidates for Director for that District.

In all elections, the voter shall mark out the names of all candidates he does not wish to vote for. If the name of the person for whom the voter wishes to vote is not printed on the ballot, the voter shall mark through the names which appear on the ballot in that race and shall write in the name of the candidate for whom he wishes to vote in the appropriate space. The failure of a voter to mark his ballot in strict conformity with these directions shall not invalidate such ballot and it shall be counted in all races wherein the intention of the voter is clearly ascertainable, except where the State Bar Act or Rules otherwise expressly prohibit the counting of the ballot.

The Board shall adopt such further regulations as it may deem advisable to insure the validity and secrecy of ballots. The member shall return his ballot in any regular or runoff

election in accordance with these Rules and any regulations adopted by the Board. No ballot shall be counted unless it is received at State Bar Headquarters or is postmarked within fourteen (14) days after the day on which the ballot was mailed from State Bar Headquarters.

The Executive Director shall keep the ballots unopened in a safe container under private lock until the day following the deadline for voting. Thereafter, he, together with the Clerk of the Supreme Court, and such assistants as they may require and designate, shall count and tally all votes cast in all the several districts, but the final count shall not be announced until the fifth day following the deadline for voting (or the next succeeding working day if such fifth day be Sunday or a legal holiday). The person receiving the majority of votes cast in each District shall be declared elected Director for that District for the succeeding term.

If no candidate receives a majority of the votes cast, a runoff election shall be held and only the names of the two candidates who receive the highest number of votes for such office shall be placed on the official ballot. In a runoff election, the voter shall not be entitled to vote for a candidate whose name is not printed on the ballot.

Within ten days after the results of the regular election are announced, the Executive Director shall send by first-class mail a runoff ballot to each registered member of the State Bar eligible to vote in such runoff election. If the final result of any runoff election shall be a tie between the two runoff candidates, the Executive Director shall certify both names to the Board of Directors, whereupon such Board shall immediately break the tie by designating which of the two candidates shall serve, and the Board shall notify both candidates, the Executive Director and the Clerk of the Supreme Court of its decision.

All Directors when elected shall assume office immediately after adjournment of the annual meeting next after their election. All expenses reasonably incident to holding, canvassing and declaring the results of the elections for Directors referred to in this Article shall be paid out of State Bar funds.

[Jan. 22, 1957; Dec. 3, 1965.]

Sec. 4. Staggered Terms

At the first meeting of the Board of Directors after this amended rule is adopted and becomes effective (but not earlier than the September 1948 meeting) the eleven newly-elected Directors shall draw for three-year terms and two-year terms, the seven newly-elected Directors drawing three-year terms to serve for one year beyond the two-year term for which they were elected and the remaining four such Directors to serve for the balance of the two-year term to which elected. Likewise, the Directors whose terms under the former rule would expire in 1949 shall draw for three-year and

two-year terms, the three Directors drawing three-year terms to serve for one year beyond the two years for which they were elected. In 1949 Directors shall be elected in the Districts of the remaining seven Directors and each of the seven so elected, as well as each Director thereafter elected at any annual election for Directors shall serve for a term of three years unless he shall be elected or appointed to fill an unexpired term, in which event he shall serve for the unexpired term only.

In the event any additional Bar District is hereafter created, a Director therefor shall be elected at the next ensuing annual election for Directors for a three-year term. No Director who has served for three years shall succeed himself.

[Jan. 22, 1957; Dec. 30, 1965.]

Sec. 4a. Removal of Directors

If any Director should, as determined by the Board of Directors, become incapacitated from performing his duties as Director, or if any Director should be absent from any two consecutive regular meetings of the Board of Directors or from a total of any four meetings, without cause deemed adequate by the Board of Directors, he may be removed by the Board of Directors at any regular meeting by resolution declaring his position vacant.

[Jan. 22, 1957.]

Sec. 5. Duties of the Board of Directors

The Board shall be the general executive agency of the State Bar and upon it shall rest the duty of enforcing the provisions of the Act creating the State Bar.¹

The Board shall make such regulations, not inconsistent with law or these rules, as shall be necessary and proper for the protection of the property of the State Bar, and for the preservation of good order and the conduct of the affairs of the Bar.

It shall from time to time suggest to the Supreme Court the submission to the Bar of new rules for the government of the Bar or such amendments to these rules as it may think requisite or expedient, upon majority vote of the directors present at any meeting considering such matters.

The Board shall direct the manner and purposes for which all funds of the State Bar shall be disbursed, but it shall have no power to make the State Bar liable for any debts in excess of the amount of money in the treasury at any one time not subject to liabilities already existent.

The Board shall perform all other duties required of it under other articles and sections of these rules and shall have full power to exercise whatever functions may be necessary or incident to the full exercise of any power bestowed upon it by these rules or by the laws of this state and not inconsistent therewith.

¹ Article 320a-1.

Sec. 6. Regular Meetings

The Board of Directors shall hold regular meetings at such times as may be designated by the Board, such meetings to be as near as may be practicable to the fourth Saturdays in January, April, and October each year at a place to be selected by the majority vote of the Directors present at the last preceding meeting, and shall hold a regular meeting on the day preceding the opening day of the annual meeting of the State Bar in the city where such annual meeting is held. Another regular meeting shall be held on the closing day of the annual meeting following adjournment of such annual meeting, at which time newly elected Officers and Directors shall take their places on the Board.

[Jan. 22, 1957.]

Sec. 7. Special Meetings

The Board of Directors may, by a majority vote at any regular meeting, designate a time and place for a special meeting, or the President of the State Bar in his discretion may, and upon written request of ten Directors shall call special meetings of the Board of Directors for a time and place designated in the call. If the President shall fail or refuse for five days after such request by ten Directors to call a special meeting, the Secretary shall call the meeting, specifying the time and place for holding the meeting. Any such call shall specify the matters to be considered, and nothing else may be considered. The time for such meeting shall be not less than five nor more than ten days from the date of the call.

Sec. 8. Notice of Special Meetings

Notice of special meetings shall be mailed or telegraphed to each Director at his office address, as it appears in the Secretary's records, unless he shall file with the Secretary a written waiver of notice. The notice shall specify the time, place and purpose of the special meeting.

Sec. 9. Quorum

A majority of the Board of Directors shall constitute a quorum for the transaction of business at all meetings, and no action whatever may be taken except upon a majority vote of the Directors present.

ARTICLE VI—A. DISQUALIFICATION FOR OFFICE IN STATE BAR

From the date of passage of this rule, no member of the State Bar holding any political office for which remuneration is received or a candidate for such office shall be qualified to hold office in the State Bar.

Provided that this rule shall not affect any officer of said Bar for the tenure of the term for which he has been elected.

[June 5, 1944.]

ARTICLE VII. COMMITTEES AND SECTIONS**Sec. 1. Creation; Membership; Officers**

The Board of Directors shall create from time to time such committees and sections as it may deem advisable and necessary and shall define powers and functions. As soon as practicable after the close of each fiscal year, the incoming President, with the advice and consent of the Board of Directors, shall appoint the members of all such committees for the ensuing year. Officers of sections shall be elected by such sections at the annual meeting.

Sec. 2. Vacancies

Vacancies occurring in memberships of committees shall be filled by the President for the unexpired term.

ARTICLE VIII. MEETINGS OF STATE BAR**Sec. 1. Time and Place of Annual Meeting**

The annual meeting of the State Bar shall be held between June 15th and July 15th of each year at a time and place to be determined by vote of the Board of Directors at its regular January meeting preceding. The Board of Directors may at any regular or special meeting prior to the holding of an annual meeting change the date (within the above period of time) or the place of, or cancel, such annual meeting for that year.

[Jan. 22, 1957.]

Sec. 2. Program for Annual Meetings

The program for the annual meeting shall be prepared by the President, with the advice and consent of the Board of Directors. Programs for each section meeting, to be held in conjunction with the annual meeting of the State Bar, shall be prepared by the presiding officer of each section with the advice and consent of the President of the State Bar and the Board of Directors. All programs shall be submitted to the Board for approval at its regular April meeting preceding the annual meeting.

[Jan. 22, 1957.]

Sec. 3. Special Meetings

Special meetings of the State Bar shall be called by the Secretary, (1) upon two-thirds vote of the Directors, or (2) upon written petition of at least five hundred members of the State Bar.

When such a meeting is voted by the Board, it shall designate the time and place of the meeting. The time shall be not less than twenty or more than forty days after the call is voted. When the call is made by a minimum of five hundred members, the President in his approval shall designate the place the meeting is to be held and the time, which shall be not less than twenty nor more than forty days after the President's approval. No matters may be considered at any special meeting except those plainly set forth in the call.

Sec. 4. Notice of Special Meetings

At least ten days before any special meeting is to convene, the Secretary shall mail to each member at his office address a notice of the time and place of the meeting and the purposes for which the meeting is to be held.

Sec. 5. Order of Business at Annual Meetings

The order of business at annual meetings shall be fixed by the President, with the advice and consent of the Board of Directors, and shall be included in the program submitted to the Board at its April meeting as prescribed in Section 2 of this Article.

Sec. 5a. Procedure as to Proposals

Resolutions (except courtesy resolutions), motions, recommendations and other proposals by any member, section or committee, which are to be presented at the annual meeting, shall be filed with the Executive Director not less than forty-five (45) days prior to the first day of the annual meeting. Provided, the Board of Directors may in a proper case waive the time of filing.

At its meeting immediately preceding the annual meeting, the Board of Directors will determine whether the proposed action is of such importance, or seriously affects policy of the State Bar, or for any other proper reason should be submitted to a referendum of the members of the State Bar. Where the Board of Directors has so determined, the vote in the Resolution Committee and in the General Assembly of the annual meeting shall be upon whether the proposed action shall be submitted to a referendum vote of the members of the State Bar. Courtesy resolutions presented at the annual meeting shall be approved or rejected at such meeting.

The Board of Directors shall submit a proposal to a referendum, as above specified, prior to the next annual meeting, after giving due notice thereof to the members of the State Bar and providing equal opportunity through the Texas Bar Journal for discussion of the subject, pro and con.

[June 20, 1960.]

Sec. 6. Quorum at Annual or Special Meetings

One hundred members of the State Bar shall constitute a quorum for the transaction of business at any annual or special meeting.

Sec. 7. Rules to Govern Proceedings

All proceedings at any meeting of the State Bar shall be governed by Roberts' Rules of Order, unless and until any rules therein contained may be superseded by other rules adopted by majority vote at an annual meeting; provided, however, that any new rule adopted by an annual meeting shall not be effective until the following annual meeting.

[Jan. 22, 1957.]

Sec. 8. How Member May Vote at Annual or Special Meetings

No member may vote at any regular or special meeting of the State Bar unless he is present on the floor at the time a vote is called.

ARTICLE IX. ELECTIONS ADOPTING OR AMENDING RULES**Sec. 1. Submission to Members**

In submitting these rules, or any amendment, to the members of the State Bar, the Supreme Court shall cause to be furnished to each member a ballot which shall afford the member an opportunity to indicate clearly his approval or disapproval of each rule or amendment submitted.

Sec. 2. Counting of Ballots

On the thirty-first day after the ballots shall have been mailed to the registered members as required by the State Bar Act¹ (unless the thirty-first day shall fall on Sunday or a legal holiday, in which event it shall be done on the next succeeding working day), the Clerk of the Supreme Court and the Secretary of the State Bar, with the aid of such assistants as the Supreme Court may by order designate, shall open and count the ballots. The Clerk shall immediately certify in writing to the Court the results of the election; whereupon the Supreme Court shall immediately declare and adopt such rules as may have been adopted by the State Bar and promulgate the rules as directed and required by the State Bar Act.

¹ Article 320a-1.

Sec. 3. Publication of Rules

When these rules shall have been adopted by the State Bar and promulgated by the Supreme Court, the Secretary shall immediately cause the rules to be published in pamphlet form and a copy thereof mailed to each member of the State Bar at his office address. In like manner, all rules or amendments subsequently adopted and promulgated shall be published and mailed to each member. The expense of publication and mailing the rules shall be paid out of funds of the State Bar.

Sec. 4. Expenses of Such Elections

All expenses reasonably incident to holding, canvassing, and declaring the results of all such elections referred to in this Article shall be paid by warrant against State Bar funds.

ARTICLE X. FISCAL**Sec. 1. Budget Committee**

There is hereby created a Budget Committee, and its membership shall consist of the President of the State Bar, who shall be ex-officio Chairman, the President-Elect, the Vice-President, the Chairman of the Board, and two members of the Board of Directors to be appointed by the President, and who shall serve for one year.

[Jan. 22, 1957.]

Sec. 2. Annual Budget

It shall be the duty of the Budget Committee to advise with and assist the Executive Director in the preparation of the annual budget for the State Bar for the fiscal year, next after their appointment. The budget shall be fully prepared and ready for consideration by the Board of Directors at its regular April meeting in each year. The Board may amend the budget as it deems proper, but the budget, whether amended or not, shall be approved by the Board at its April meeting. The budget shall itemize all purposes for which warrants may be issued against State Bar funds for the ensuing fiscal year and shall show the total amounts which may be expended for each purpose, and no warrants may be drawn for any purpose after the total amount allocated thereto shall have been exhausted.

The budget may be amended at any time, to meet any unforeseen emergency, by two-thirds vote of the members present at any regular or special meeting of the Board of Directors. Each amendment shall specify the items and purposes for which additional expenditures are allowed and specify the total amount additionally allocated to each purpose.

[Jan. 22, 1957.]

Sec. 3. Bar Warrants; How and for What Purposes Drawn

No warrant on account of the State Bar of Texas shall be drawn against State Bar funds, nor paid out of the funds, unless the warrant is countersigned by the Executive Director, the President, or the Vice-President. The Executive Director shall see that no warrant is so drawn and issued except to pay some item of expense authorized in the annual budget, or some amendment thereto; and that no warrant is drawn, if its payment shall overdraw the amount allocated by the budget or its amendments to the payment of that item. Each warrant shall specify thereon what item of expenditure it is drawn to pay.

The Board of Directors and Officers of the State Bar shall be without authority to make any contract or incur any debt that cannot be paid from the receipts for the current year, except with the concurrent approval obtained by referendum of all members of the State Bar and the Supreme Court.

Any violation by the Executive Director of the terms of this Section, or neglect by him to perform the duties imposed by this Section, shall constitute a breach of trust and he shall be liable therefor on his bond to the State Bar.

[Jan. 22, 1957.]

Sec. 4. Expenses of Officers and Directors

The Board of Directors may provide for the payment of all actual and necessary expenses incurred by the officers and directors of the State Bar in the discharge of their duties, except those incurred in attendance upon the annual meetings of the Bar.

ARTICLE XI. STATE BAR JOURNAL**Sec. 1. Journal Provided For**

A monthly journal, devoted to legal matters and the affairs of the State Bar and its members, may be published and circulated under the direction of the Board of Directors.

Sec. 2. Circulation to Members

A copy of the Journal when published shall be mailed to each member of the State Bar registered in the principal office of the Bar, without expense to the member additional to the annual dues paid by him.

Sec. 3. Publication of Bar Matters

The Journal, without charge to the State Bar, shall print all notices, reports of committees, and such other items as may be indicated by the President or the Board of Directors.

ARTICLE XII. DISCIPLINE AND SUSPENSION OF MEMBERS**A. GRIEVANCE COMMITTEES**

The sections of original Article XII were repealed in 1957 and new sections 1 to 36 were substituted therefor.

Sec. 1. Grievance Committee Districts

Each Bar District shall have one or more Grievance Committees as hereinafter set forth. At the first meeting of the Board of Directors after adoption of this amendment, the Board, with the advice of the Director for each Bar District, shall determine whether the duties of a Grievance Committee can be performed effectively by one committee for the entire district, or whether the same should be divided into two or three Grievance Committee Districts; and where more than one such district is deemed in order, the Board shall create such districts, naming the county or counties to be included in each. In Bar Districts composed of only one county, the Board, in its discretion, may provide for as many county-wide grievance committees with concurrent jurisdiction as are deemed in order. In such cases the Board shall promulgate a system of assigning complaints to the committees so as to equalize the workload of the committees. The Board shall have the power to change the boundaries of such districts, and to create new ones, from time to time, as may be required by virtue of Bar redistricting, or for other good reason.

[Jan. 22, 1957; Dec. 30, 1965.]

Sec. 2. Grievance Committee Districts, Designation of

The Grievance Committee Districts shall be designated according to the Bar Districts, that is, for example, "Grievance Committee District No. 5," corresponding with Bar District No. 5, and where there shall be more than one Grievance Committee District for the Bar District, the designation, for example, shall be "Grievance Committee District No. 21-A" (or 21-B, or 21-C).

[Jan. 22, 1957; Dec. 30, 1965.]

Sec. 3. Size of Grievance Committees

Each District Grievance Committee shall consist of as many members as are deemed necessary by the Board of Directors for the expeditious transaction of its business.

[Jan. 22, 1957; Dec. 30, 1965.]

Sec. 4. Appointment and Tenure of Grievance Committee Members

The President, upon recommendation of the Director, or Directors, if there be more than one for the District, shall appoint the members of the Grievance Committee or Committees for the Bar District. Each member of a Grievance Committee shall be a resident of the Grievance Committee District for which he is appointed. Except as hereinafter provided, each member shall serve for a term of three years, beginning with the adjournment of the annual meeting of the State Bar.

All members shall be eligible to re-appointment.

The President and Directors shall give precedence to Grievance Committee appointments, and notice of the appointments, when made, shall be given the appointees, the holdover members, and the retiring members, of the Committee. Delay in making appointments shall not deprive the Committee of its power to act, and retiring members shall continue to hold office pending the organization meeting of the new committee.

In making appointments for the first time after this amended rule has been adopted and become effective, or after Bar re-districting, or after change in boundaries of districts, the President shall specify which members of the Committee whose terms have not expired shall serve for one more year, which for two more years, and which, if any, shall serve for three more years, and likewise with reference to appointments then being made, which members

shall serve for one, two, or three years, to the end that thereafter the terms of approximately one-third of the Committee shall expire each year.

[Jan. 22, 1957; Dec. 30, 1965.]

Sec. 5. Organization of Grievance Committees and Quorum

It shall be the duty of the Director to call promptly the first meeting of the Grievance Committee or Committees in his District and to preside until after the Committee shall have elected its own Chairman. A majority of the Committee shall constitute a quorum for all purposes.

[Jan. 22, 1957.]

Sec. 6. Disqualification of Members

If a matter shall arise before a Committee where the Committee considers one or more of the members disqualified to act, such member or members shall be excluded from further participation therein, and if the Chairman, or a majority of the remainder of the Committee, shall be of the opinion that one or more temporary members should be appointed to act in his or their stead, the President shall make such appointment on request, to be effective only so far as concerns the matter in question.

[Jan. 22, 1957.]

**B. GRIEVANCE COMMITTEE ACTION
ON COMPLAINTS****Sec. 7. "Complaint" and "Formal Complaint" Distinguished**

The term "complaint" shall embrace all complaints brought before a Grievance Committee, whether verbally or in writing. By "Formal Complaint" is meant the pleading by which a disciplinary action is instituted by a Grievance Committee in District Court.

[Jan. 22, 1957.]

CODE OF PROFESSIONAL RESPONSIBILITY

Sec. 8. Code of Professional Responsibility

Order of the Supreme Court dated December 20, 1971, amended Articles XII and XIII by promulgating a new Code of Professional Responsibility in Section 8 of Article XII, consisting of nine Canons of Ethics, to replace the forty-three canons appearing in Article XIII, Section 3, and by making other changes in these articles in conformity therewith.

- b. Definitions.
- a. The following Code of Professional Responsibility shall govern the conduct of members of the State Bar.

Canon 1

A Lawyer Should Assist in Maintaining the Integrity and Competence of the Legal Profession

ETHICAL CONSIDERATIONS

EC 1-1. A basic tenet of the professional responsibility of lawyers is that every person in our society should have ready access to the independent professional services of a lawyer of integrity and competence. Maintaining the in-

tegrity and improving the competence of the bar to meet the highest standards is the ethical responsibility of every lawyer.

EC 1-2. The public should be protected from those who are not qualified to be lawyers by reason of a deficiency in education or moral standards or of other relevant factors but who nevertheless seek to practice law. To assure the maintenance of high moral and educational standards of the legal profession, lawyers should affirmatively assist courts and other appropriate bodies in promulgating, enforcing, and improving requirements for admission to the bar. In like manner, the bar has a positive obligation to aid in the continued improvement of all phases of pre-admission and post-admission legal education.

EC 1-3. Before recommending an applicant for admission, a lawyer should satisfy himself that the applicant is of good moral character. Although a lawyer should not become a self-appointed investigator or judge of applicants for admission, he should report to proper officials all unfavorable information he possesses relating to the character or other qualifications of an applicant.

EC 1-4. The integrity of the profession can be maintained only if conduct of lawyers in violation of the Disciplinary Rules is brought to the attention of the proper officials. A lawyer should reveal voluntarily to those officials all unprivileged knowledge of conduct of lawyers which he believes clearly to be in violation of the Disciplinary Rules. A lawyer should, upon request, serve on and assist committees and boards having responsibility for the administration of the Disciplinary Rules.

EC 1-5. A lawyer should maintain high standards of professional conduct and should encourage fellow lawyers to do likewise. He should be temperate and dignified, and he should refrain from all illegal and morally reprehensible conduct. Because of his position in society, even minor violations of law by a lawyer may tend to lessen public confidence in the legal profession. Obedience to law exemplifies respect for law. To lawyers especially, respect for the law should be more than a platitude.

EC 1-6. An applicant for admission to the bar or a lawyer may be unqualified, temporarily or permanently, for other than moral and educational reasons, such as mental or emotional instability. Lawyers should be diligent in taking steps to see that during a period of disqualification such person is not granted a license or, if licensed, is not permitted to practice. In like manner, when the disqualification has terminated, members of the bar should assist such person in being licensed, or, if licensed, in being restored to his full right to practice.

DISCIPLINARY RULES

DR 1-101. Maintaining Integrity and Competence of the Legal Profession

(A) A lawyer is subject to discipline if he has made a materially false statement in, or if

he has deliberately failed to disclose a material fact requested in connection with, his application for admission to the bar.

(B) A lawyer shall not further the application for admission to the bar of another person known by him to be unqualified in respect to character, education, or other relevant attribute.

DR 1-102. Misconduct

(A) A lawyer shall not:

- (1) Violate a Disciplinary Rule.
- (2) Circumvent a Disciplinary Rule through actions of another.
- (3) Engage in illegal conduct involving moral turpitude.
- (4) Engage in conduct involving dishonesty, fraud, deceit, or misrepresentation.
- (5) Engage in conduct that is prejudicial to the administration of justice.
- (6) Engage in any other conduct that adversely reflects on his fitness to practice law.

DR 1-103. Disclosure of Information to Authorities

(A) A lawyer possessing unprivileged knowledge of a violation of DR 1-102 shall report such knowledge to a tribunal or other authority empowered to investigate or act upon such violation.

(B) A lawyer possessing unprivileged knowledge or evidence concerning another lawyer or a judge shall reveal fully such knowledge or evidence upon proper request of a tribunal or other authority empowered to investigate or act upon the conduct of lawyers or judges.

Canon 2

**A Lawyer Should Assist the Legal Profession
in Fulfilling Its Duty to Make
Legal Counsel Available**

ETHICAL CONSIDERATIONS

EC 2-1. The need of members of the public for legal services is met only if they recognize their legal problems, appreciate the importance of seeking assistance, and are able to obtain the services of acceptable legal counsel. Hence, important functions of the legal profession are to educate laymen to recognize their legal problems, to facilitate the process of intelligent selection of lawyers, and to assist in making legal services fully available.

Recognition of Legal Problems

EC 2-2. The legal profession should assist laymen to recognize legal problems because such problems may not be self-revealing and often are not timely noticed. Therefore, lawyers acting under proper auspices should encourage and participate in educational and public relations programs concerning our legal system with particular reference to legal prob-

lems that frequently arise. Such educational programs should be motivated by a desire to benefit the public rather than to obtain publicity or employment for particular lawyers. Examples of permissible activities include preparation of institutional advertisements and professional articles for lay publications and participation in seminars, lectures, and civic programs. But a lawyer who participates in such activities should shun personal publicity.

EC 2-3. Whether a lawyer acts properly in volunteering advice to a layman to seek legal services depends upon the circumstances. The giving of advice that one should take legal action could well be in fulfillment of the duty of the legal profession to assist laymen in recognizing legal problems. The advice is proper only if motivated by a desire to protect one who does not recognize that he may have legal problems or who is ignorant of his legal rights or obligations. Hence, the advice is improper if motivated by a desire to obtain personal benefit, secure personal publicity, or cause litigation to be brought merely to harass or injure another. Obviously, a lawyer should not contact a non-client, directly or indirectly, for the purpose of being retained to represent him for compensation.

EC 2-4. Since motivation is subjective and often difficult to judge, the motives of a lawyer who volunteers advice likely to produce legal controversy may well be suspect if he receives professional employment or other benefits as a result. A lawyer who volunteers advice that one should obtain the services of a lawyer generally should not himself accept employment, compensation, or other benefit in connection with that matter. However, it is not improper for a lawyer to volunteer such advice and render resulting legal services to close friends, relatives, former clients (in regard to matters germane to former employment), and regular clients.

EC 2-5. A lawyer who writes or speaks for the purpose of educating members of the public to recognize their legal problems should carefully refrain from giving or appearing to give a general solution applicable to all apparently similar individual problems, since slight changes in fact situations may require a material variance in the applicable advice; otherwise, the public may be misled and misadvised. Talks and writings by lawyers for laymen should caution them not to attempt to solve individual problems upon the basis of the information contained therein.

Selection of a Lawyer: Generally

EC 2-6. Formerly a potential client usually knew the reputations of local lawyers for competency and integrity and therefore could select a practitioner in whom he had confidence. This traditional selection process worked well because it was initiated by the client and the choice was an informed one.

EC 2-7. Changed conditions, however, have seriously restricted the effectiveness of the

traditional selection process. Often the reputations of lawyers are not sufficiently known to enable laymen to make intelligent choices. The law has become increasingly complex and specialized. Few lawyers are willing and competent to deal with every kind of legal matter, and many laymen have difficulty in determining the competence of lawyers to render different types of legal services. The selection of legal counsel is particularly difficult for transients, persons moving into new areas, persons of limited education or means, and others who have little or no contact with lawyers.

EC 2-8. Selection of a lawyer by a layman often is the result of the advice and recommendation of third parties—relatives, friends, acquaintances, business associates, or other lawyers. A layman is best served if the recommendation is disinterested and informed. In order that the recommendation be disinterested, a lawyer should not seek to influence another to recommend his employment. A lawyer should not compensate another person for recommending him, for influencing a prospective client to employ him, or to encourage future recommendations.

Selection of a Lawyer: Professional Notices and Listings

EC 2-9. The traditional ban against advertising by lawyers, which is subject to certain limited exceptions, is rooted in the public interest. Competitive advertising would encourage extravagant, artful, self-laudatory brashness in seeking business and thus could mislead the layman. Furthermore, it would inevitably produce unrealistic expectations in particular cases and bring about distrust of the law and lawyers. Thus, public confidence in our legal system would be impaired by such advertisements of professional services. The attorney-client relationship is personal and unique and should not be established as the result of pressures and deceptions. History has demonstrated that public confidence in the legal system is best preserved by strict, self-imposed controls over, rather than by unlimited, advertising.

EC 2-10. Methods of advertising that are subject to the objections stated above should be and are prohibited. However, the Disciplinary Rules recognize the value of giving assistance in the selection process through forms of advertising that furnish identification of a lawyer while avoiding such objections. For example, a lawyer may be identified in the classified section of the telephone directory, in the office building directory, and on his letterhead and professional card. But at all times the permitted notices should be dignified and accurate.

EC 2-11. The name under which a lawyer conducts his practice may be a factor in the selection process. The use of a trade name or an assumed name could mislead laymen concerning the identity, responsibility, and status of those practicing thereunder. Accordingly, a lawyer in private practice should practice only under his own name, the name of a lawyer em-

ploying him, a partnership name composed of the name of one or more of the lawyers practicing in a partnership, or, if permitted by law, in the name of a professional legal corporation, which should be clearly designated as such. For many years some law firms have used a firm name retaining one or more names of deceased or retired partners and such practice is not improper if the firm is a bona fide successor of a firm in which the deceased or retired person was a member, if the use of the name is authorized by law or by contract, and if the public is not misled thereby. However, the name of a partner who withdraws from a firm but continues to practice law should be omitted from the firm name in order to avoid misleading the public.

EC 2-12. A lawyer occupying a judicial, legislative, or public executive or administrative position who has the right to practice law concurrently may allow his name to remain in the name of the firm if he actively continues to practice law as a member thereof. Otherwise, his name should be removed from the firm name, and he should not be identified as a past or present member of the firm; and he should not hold himself out as being a practicing lawyer.

EC 2-13. In order to avoid the possibility of misleading persons with whom he deals, a lawyer should be scrupulous in the representation of his professional status. He should not hold himself out as being a partner or associate of a law firm if he is not one in fact, and thus should not hold himself out as a partner or associate if he only shares offices with another lawyer.

EC 2-14. In some instances a lawyer confines his practice to a particular field of law. In the absence of state controls to insure the existence of special competence, a lawyer should not be permitted to hold himself out as a specialist or as having special training or ability, other than in the historically excepted fields of admiralty, trademark, and patent law.

EC 2-15. The legal profession has developed lawyer referral systems designed to aid individuals who are able to pay fees but need assistance in locating lawyers competent to handle their particular problems. Use of a lawyer referral system enables a layman to avoid an uninformed selection of a lawyer because such a system makes possible the employment of competent lawyers who have indicated an interest in the subject matter involved. Lawyers should support the principle of lawyer referral systems and should encourage the evolution of other ethical plans which aid in the selection of qualified counsel.

Financial Ability to Employ Counsel: Generally

EC 2-16. The legal profession cannot remain a viable force in fulfilling its role in our society unless its members receive adequate compensation for services rendered, and reasonable fees should be charged in appropriate cases to

clients able to pay them. Nevertheless, persons unable to pay all or a portion of a reasonable fee should be able to obtain necessary legal services, and lawyers should support and participate in ethical activities designed to achieve that objective.

Financial Ability to Employ Counsel: Persons Able to Pay Reasonable Fees

EC 2-17. The determination of a proper fee requires consideration of the interests of both client and lawyer. A lawyer should not charge more than a reasonable fee, for excessive cost of legal service would deter laymen from utilizing the legal system in protection of their rights. Furthermore, an excessive charge abuses the professional relationship between lawyer and client. On the other hand, adequate compensation is necessary in order to enable the lawyer to serve his client effectively and to preserve the integrity and independence of the profession.

EC 2-18. The determination of the reasonableness of a fee requires consideration of all relevant circumstances, including those stated in the Disciplinary Rules. The fees of a lawyer will vary according to many factors, including the time required, his experience, ability, and reputation, the nature of the employment, the responsibility involved, and the results obtained. Suggested fee schedules and economic reports of state and local bar associations provide some guidance on the subject of reasonable fees. It is a commendable and long-standing tradition of the bar that special consideration is given in the fixing of any fee for services rendered a brother lawyer or a member of his immediate family.

EC 2-19. As soon as feasible after a lawyer has been employed, it is desirable that he reach a clear agreement with his client as to the basis of the fee charges to be made. Such a course will not only prevent later misunderstanding but will also work for good relations between the lawyer and the client. It is usually beneficial to reduce to writing the understanding of the parties regarding the fee, particularly when it is contingent. A lawyer should be mindful that many persons who desire to employ him may have had little or no experience with fee charges of lawyers, and for this reason he should explain fully to such persons the reasons for the particular fee arrangement he proposes.

EC 2-20. Contingent fee arrangements in civil cases have long been commonly accepted in the United States in proceedings to enforce claims. The historical bases of their acceptance are that (1) they often, and in a variety of circumstances, provide the only practical means by which one having a claim against another can economically afford, finance, and obtain the services of a competent lawyer to prosecute his claim, and (2) a successful prosecution of the claim produces a *res* out of which the fee can be paid. Although a lawyer generally should decline to accept employment

on a contingent fee basis by one who is able to pay a reasonable fixed fee, it is not necessarily improper for a lawyer, where justified by the particular circumstances of a case, to enter into a contingent fee contract in a civil case with any client who, after being fully informed of all relevant factors, desires that arrangement. Because of the human relationships involved and the unique character of the proceedings, contingent fee arrangements in domestic relation cases are rarely justified. In administrative agency proceedings contingent fee contracts should be governed by the same considerations as in other civil cases. Public policy properly condemns contingent fee arrangements in criminal cases, largely on the ground that legal services in criminal cases do not produce a *res* with which to pay the fee.

EC 2-21. A lawyer should not accept compensation or any thing of value incident to his employment or services from one other than his client without the knowledge and consent of his client after full disclosure.

EC 2-22. Without the consent of his client, a lawyer should not associate in a particular matter another lawyer outside his firm. A fee may be properly divided between lawyers properly associated if the division is in proportion to the services performed and the responsibility assumed by each lawyer, or is with a forwarding attorney, and if the total fee is reasonable.

EC 2-23. A lawyer should be zealous in his efforts to avoid controversies over fees with clients and should attempt to resolve amicably any differences on the subject. He should not sue a client for a fee unless necessary to prevent fraud or gross imposition by the client.

Financial Ability to Employ Counsel: Persons Unable to Pay Reasonable Fees

EC 2-24. A layman whose financial ability is not sufficient to permit payment of any fee cannot obtain legal services, other than in cases where a contingent fee is appropriate, unless the services are provided for him. Even a person of moderate means may be unable to pay a reasonable fee which is large because of the complexity, novelty, or difficulty of the problem or similar factors.

EC 2-25. Historically, the need for legal services of those unable to pay reasonable fees has been met in part by lawyers who donated their services or accepted court appointments on behalf of such individuals. The basic responsibility for providing legal services for those unable to pay ultimately rests upon the individual lawyer, and personal involvement in the problems of the disadvantaged can be one of the most rewarding experiences in the life of a lawyer. Every lawyer, regardless of professional prominence or professional workload, should find time to participate in serving the disadvantaged. The rendition of free legal services to those unable to pay reasonable fees continues to be an obligation of each lawyer,

but the efforts of individual lawyers are often not enough to meet the need. Thus it has been necessary for the profession to institute additional programs to provide legal services. Accordingly, legal aid offices, lawyer referral services, and other related programs have been developed, and others will be developed, by the profession. Every lawyer should support all proper efforts to meet this need for legal services.

Acceptance and Retention of Employment

EC 2-26. A lawyer is under no obligation to act as adviser or advocate for every person who may wish to become his client; but in furtherance of the objective of the bar to make legal services fully available, a lawyer should not lightly decline proffered employment. The fulfillment of this objective requires acceptance by a lawyer of his share of tendered employment which may be unattractive both to him and the bar generally.

EC 2-27. History is replete with instances of distinguished and sacrificial services by lawyers who have represented unpopular clients and causes. Regardless of his personal feelings, a lawyer should not decline representation because a client or a cause is unpopular or community reaction is adverse.

EC 2-28. The personal preference of a lawyer to avoid adversary alignment against judges, other lawyers, public officials, or influential members of the community does not justify his rejection of tendered employment.

EC 2-29. When a lawyer is appointed by a court or requested by a bar association to undertake representation of a person unable to obtain counsel, whether for financial or other reasons, he should not seek to be excused from undertaking the representation except for compelling reasons. Compelling reasons do not include such factors as the repugnance of the subject matter of the proceeding, the identity or position of a person involved in the case, the belief of the lawyer that the defendant in a criminal proceeding is guilty, or the belief of the lawyer regarding the merits of the civil case.

EC 2-30. Employment should not be accepted by a lawyer when he is unable to render competent service or when he knows or it is obvious that the person seeking to employ him desires to institute or maintain an action merely for the purpose of harassing or maliciously injuring another. Likewise, a lawyer should decline employment if the intensity of his personal feeling, as distinguished from a community attitude, may impair his effective representation of a prospective client. If a lawyer knows a client has previously obtained counsel, he should not accept employment in the matter unless the other counsel approves or withdraws, or the client terminates the prior employment.

EC 2-31. Full availability of legal counsel requires both that persons be able to obtain

counsel and that lawyers who undertake representation complete the work involved. Trial counsel for a convicted defendant should continue to represent his client by advising whether to take an appeal and, if the appeal is prosecuted, by representing him through the appeal unless new counsel is substituted or withdrawal is permitted by the appropriate court.

EC 2-32. A decision by a lawyer to withdraw should be made only on the basis of compelling circumstances, and in a matter pending before a tribunal he must comply with the rules of the tribunal regarding withdrawal. A lawyer should not withdraw without considering carefully and endeavoring to minimize the possible adverse effect on the rights of his client and the possibility of prejudice to his client as a result of his withdrawal. Even when he justifiably withdraws, a lawyer should protect the welfare of his client by giving due notice of his withdrawal, suggesting employment of other counsel, delivering to the client all papers and property to which the client is entitled, cooperating with counsel subsequently employed, and otherwise endeavoring to minimize the possibility of harm. Further, he should refund to the client any compensation not earned during the employment.

DISCIPLINARY RULES

DR 2-101. Publicity in General

(A) A lawyer shall not prepare, cause to be prepared, use, or participate in the use of, any form of public communication that contains professionally self-laudatory statements calculated to attract lay clients; as used herein, "public communication" includes, but is not limited to, communication by means of television, radio, motion picture, newspaper, magazine, or book.

(B) A lawyer shall not publicize himself, his partner, or associate as a lawyer through newspaper or magazine advertisements, radio or television announcements, display advertisements in city or telephone directories, or other means of commercial publicity, nor shall he authorize or permit others to do so in his behalf, except as permitted under DR 2-103. This does not prohibit limited and dignified identification of a lawyer as a lawyer as well as by name:

(1) In political advertisements when his professional status is germane to the political campaign or to a political issue.

(2) In public notices when the name and profession of a lawyer are required or authorized by law or are reasonably pertinent for a purpose other than the attraction of potential clients.

(3) In routine reports and announcements of a bona fide business, civic, professional, or political organization in which he serves as a director or officer.

(4) In and on legal documents prepared by him.

(5) In and on legal textbooks, treatises, and other legal publications, and in dignified advertisements thereof.

(C) A lawyer shall not compensate or give any thing of value to representatives of the press, radio, television, or other communication medium in anticipation of or in return for professional publicity in a news item.

DR 2-102. Professional Notices, Letterheads, Offices, and Law Lists

(A) A lawyer or law firm shall not use professional cards, professional announcement cards, office signs, letterheads, telephone directory listings, law lists, legal directory listings, or similar professional notices or devices, except that the following may be used if they are in dignified form:

(1) A professional card of a lawyer identifying him by name and as a lawyer, and giving his addresses, telephone numbers, the name of his law firm, and any information permitted under DR 2-105. A professional card of a law firm may also give the names of members and associates. Such cards may be used for identification but may not be published in periodicals, magazines, newspapers, or other media.

(2) A brief professional announcement card stating new or changed associations or addresses, change of firm name, or similar matters pertaining to the professional office of a lawyer or law firm, which may be mailed to lawyers, clients, former clients, personal friends, and relatives. It shall not state biographical data except to the extent reasonably necessary to identify the lawyer or to explain the change in his association, but it may state the immediate past position of the lawyer. It may give the names and dates of predecessor firms in a continuing line of succession. It shall not state the nature of the practice except as permitted under DR 2-105.

(3) A sign on or near the door of the office in the building directory identifying the law office. The sign shall not state the nature of the practice, except as permitted under DR 2-105.

(4) A letterhead of a lawyer identifying him by name and as a lawyer, and giving his addresses, telephone numbers, the name of his law firm, associates and any information permitted under DR 2-105. A letterhead of a law firm may also give the names of members and associates, and names and dates relating to deceased and retired members. A lawyer may be designated "Of Counsel" on a letterhead if he has a continuing relationship with a lawyer or law firm, other than as a partner or associate. A lawyer or law firm may be designated as "General Counsel" or by similar professional reference on stationery of a client if he or the firm devotes a substantial amount of professional time in the representation of that client. The let-

terhead of a law firm may give the names and dates of predecessor firms in a continuing line of succession.

(5) A listing of the office of a lawyer or law firm in the alphabetical and classified sections of the telephone directory or directories for the geographical area or areas in which the lawyer resides or maintains offices or in which a significant part of his clientele resides and in the city directory of the city in which his or the firm's office is located, but the listing may give only the name of the lawyer or law firm, the fact he is a lawyer, addresses, and telephone numbers. The listing shall not be in distinctive form or type. A law firm may have a listing in the firm name separate from that of its members and associates. The listing in the classified section shall not be under a heading or classification other than "Attorneys" or "Lawyers," except that additional headings or classifications descriptive of the types of practice referred to in DR 2-105 are permitted.

(6) A listing in a reputable law list or legal directory giving brief biographical and other informative data. A law list or directory is not reputable if its management or contents are likely to be misleading or injurious to the public or to the profession. A law list is conclusively established to be reputable if it is certified by the American Bar Association as being in compliance with its rules and standards. The published data may include only the following: name, including name of law firm and names of professional associates; addresses and telephone numbers; one or more fields of law in which the lawyer or law firm concentrates; a statement that practice is limited to one or more fields of law; a statement that the lawyer or law firm specializes in a particular field of law or law practice but only if authorized under DR 2-105(A)(4); date and place of birth; date and place of admission to the bar of state and federal courts; schools attended, with dates of graduation, degrees, and other scholastic distinctions; public or quasi-public offices; military service; posts of honor; legal authorships; legal teaching positions; memberships, offices, committee assignments, and section memberships in bar associations; memberships and offices in legal fraternities and legal societies; technical and professional licenses; memberships in scientific, technical and professional associations and societies; foreign language ability; names and addresses of references, and, with their consent, names of clients regularly represented.

(B) A lawyer in private practice shall not practice under a trade name, a name that is misleading as to the identity of the lawyer or lawyers practicing under such name, or a firm

name containing names other than those of one or more of the lawyers in the firm, except that the name of a professional corporation or professional association may contain "P.C." or "P.A." or similar symbols indicating the nature of the organization, and if otherwise lawful a firm may use as, or continue to include in, its name the name or names of one or more deceased or retired members of the firm or of a predecessor firm in a continuing line of succession. A lawyer who assumes a judicial, legislative, or public executive or administrative post or office shall not permit his name to remain in the name of a law firm or to be used in professional notices of the firm during any significant period in which he is not actively and regularly practicing law as a member of the firm, and during such period other members of the firm shall not use his name in the firm name or in professional notices of the firm.

(C) A lawyer shall not hold himself out as having a partnership with one or more other lawyers unless they are in fact partners.

(D) A partnership shall not be formed or continued between or among lawyers licensed in different jurisdictions unless all enumerations of the members and associates of the firm on its letterhead and in other permissible listings make clear the jurisdictional limitations on those members and associates of the firm not licensed to practice in all listed jurisdictions; however, the same firm name may be used in each jurisdiction.

(E) A lawyer who is engaged both in the practice of law and another profession or business shall not so indicate on his letterhead, office sign, or professional card, nor shall he identify himself as a lawyer in any publication in connection with his other profession or business.

(F) Nothing contained herein shall prohibit a lawyer from using or permitting the use of, in connection with his name, an earned degree or title derived therefrom indicating his training in the law.

DR 2-103. Recommendation of Professional Employment

(A) A lawyer shall not recommend employment, as a private practitioner, of himself, his partner, or associate to a non-lawyer who has not sought his advice regarding employment of a lawyer.

(B) Except as permitted under DR 2-103(C), a lawyer shall not compensate or give anything of value to a person or organization to recommend or secure his employment by a client, or as a reward for having made a recommendation resulting in his employment by a client.

(C) A lawyer shall not request a person or organization to recommend employment, as a private practitioner, of himself, his partner, or associate, except that he may request referrals from a lawyer referral service operated, sponsored, or approved by a bar association repre-

sentative of the general bar of the geographical area in which the association exists and may pay its fees incident thereto.

(D) A lawyer shall not knowingly assist a person or organization that recommends, furnishes, or pays for legal services to promote the use of his services or those of his partners or associates. However, he may cooperate in a dignified manner with the legal service activities of any of the following, provided that his independent professional judgment is exercised in behalf of his client without interference or control by any organization or other person:

(1) A legal aid office or public defender office:

(a) Operated or sponsored by a duly accredited law school.

(b) Operated or sponsored by a bona fide non-profit community organization.

(c) Operated or sponsored by a governmental agency.

(d) Operated, sponsored, or approved by a bar association representative of the general bar of the geographical area in which the association exists.

(2) A military legal assistance office.

(3) A lawyer referral service operated, sponsored, or approved by a bar association representative of the general bar of the geographical area in which the association exists.

(4) A bar association representative of the general bar of the geographical area in which the association exists.

(5) Any other non-profit organization that recommends, furnishes, or pays for legal services to its members or beneficiaries, but only in those instances and to the extent that controlling constitutional interpretation at the time of the rendition of the services requires the allowance of such legal service activities, and only if the following conditions, unless prohibited by such interpretation, are met:

(a) The primary purposes of such organization do not include the rendition of legal services.

(b) The recommending, furnishing, or paying for legal services to its members is incidental and reasonably related to the primary purposes of such organization.

(c) Such organization does not derive a financial benefit from the rendition of legal services by the lawyer.

(d) The member or beneficiary for whom the legal services are rendered, and not such organization, is recognized as the client of the lawyer in that matter.

(E) A lawyer shall not accept employment when he knows or it is obvious that the person

who seeks his services does so as a result of conduct prohibited under this Disciplinary Rule.

DR 2-104. Suggestion of Need of Legal Services

(A) A lawyer who has given unsolicited advice to a layman that he should obtain counsel or take legal action shall not accept employment resulting from that advice, except that:

(1) A lawyer may accept employment by a close friend, relative, former client (if the advice is germane to the former employment), or one whom the lawyer reasonably believes to be a client.

(2) A lawyer may accept employment that results from his participation in activities designed to educate laymen to recognize legal problems, to make intelligent selection of counsel, or to utilize available legal services if such activities are conducted or sponsored by any of the offices or organizations enumerated in DR 2-103(D)(1) through (5), to the extent and under the conditions prescribed therein.

(3) A lawyer who is furnished or paid by any of the offices or organizations enumerated in DR 2-103(D)(1), (2), or (5) may represent a member or beneficiary thereof, to the extent and under the conditions prescribed therein.

(4) Without affecting his right to accept employment, a lawyer may speak publicly or write for publication on legal topics so long as he does not emphasize his own professional experience or reputation and does not undertake to give individual advice.

(5) If success in asserting rights or defenses of his client in litigation in the nature of a class action is dependent upon the joinder of others, a lawyer may accept, but shall not seek, employment from those contacted for the purpose of obtaining their joinder.

DR 2-105. Limitation of Practice

(A) A lawyer shall not hold himself out publicly as a specialist or as limiting his practice, except as permitted under DR 2-102(A)(6) or as follows:

(1) A lawyer admitted to practice before the United States Patent Office may use the designation "Patents," "Patent Attorney," or "Patent Lawyer," or any combination of those terms, on his letterhead and office sign. A lawyer engaged in the trademark practice may use the designation "Trademark," "Trademark Attorney," or "Trademark Lawyer," or any combination of those terms, on his letterhead and office sign, and a lawyer engaged in the admiralty practice may use the designation "Admiralty," "Proctor in Admiralty," "Admiralty Lawyer," or any combination of these terms, on his letterhead and office sign.

(2) A lawyer may permit his name to be listed in lawyer referral service offices according to the fields of law in which he will accept referrals.

(3) A lawyer available to act as a consultant to or as an associate of other lawyers in a particular branch of law or legal service may distribute to other lawyers and publish in legal journals a dignified announcement of such availability, but the announcement shall not contain a representation of special competence or experience. The announcement shall not be distributed to lawyers more frequently than once in a calendar year, but it may be published periodically in legal journals.

(4) A lawyer who is certified as a specialist in a particular field of law or law practice by the authority having jurisdiction under state law over the subject of specialization by lawyers may hold himself out as such specialist but only in accordance with the rules prescribed by that authority.

DR 2-106. Fees for Legal Services

(A) A lawyer shall not enter into an agreement for, charge, or collect an illegal or clearly excessive fee.

(B) A fee is clearly excessive when, after a review of the facts, a lawyer of ordinary prudence would be left with a definite and firm conviction that the fee is in excess of a reasonable fee. Factors to be considered as guides in determining the reasonableness of a fee include the following:

(1) The time and labor required, the novelty and difficulty of the questions involved, and the skill requisite to perform the legal service properly.

(2) The likelihood, if apparent to the client, that the acceptance of the particular employment will preclude other employment by the lawyer.

(3) The fee customarily charged in the locality for similar legal services.

(4) The amount involved and the results obtained.

(5) The time limitations imposed by the client or by the circumstances.

(6) The nature and length of the professional relationship with the client.

(7) The experience, reputation, and ability of the lawyer or lawyers performing the services.

(8) Whether the fee is fixed or contingent.

(C) A lawyer shall not enter into an arrangement for, charge, or collect a contingent fee for representing a defendant in a criminal case.

DR 2-107. Division of Fees Among Lawyers

(A) A lawyer shall not divide a fee for legal services with another lawyer who is not a

partner in or associate of his law firm or law office, unless:

(1) The client consents to employment of the other lawyer after a full disclosure that a division of fees will be made.

(2) The division is made in proportion to the services performed and responsibility assumed by each, or is made with a forwarding lawyer.

(3) The total fee of the lawyers does not clearly exceed reasonable compensation for all legal services they rendered the client.

(B) This Disciplinary Rule does not prohibit payment to a former partner or associate pursuant to a separation or retirement agreement.

DR 2-108. Agreements Restricting the Practice of a Lawyer

(A) A lawyer shall not be a party to or participate in a partnership or employment agreement with another lawyer that restricts the right of a lawyer to practice law after the termination of a relationship created by the agreement, except as a condition to payment of retirement benefits.

(B) In connection with the settlement of a controversy or suit, a lawyer shall not enter into an agreement that restricts his right to practice law.

DR 2-109. Acceptance of Employment

(A) A lawyer shall not accept employment on behalf of a person if he knows or it is obvious that such person wishes to:

(1) Bring a legal action, conduct a defense, or assert a position in litigation, or otherwise have steps taken for him, merely for the purpose of harassing or maliciously injuring any person.

(2) Present a claim or defense in litigation that is not warranted under existing law, unless it can be supported by good faith argument for an extension, modification, or reversal of existing law.

DR 2-110. Withdrawal from Employment

(A) In general.

(1) If permission for withdrawal from employment is required by the rules of a tribunal, a lawyer shall not withdraw from employment in a proceeding before that tribunal without its permission.

(2) In any event, a lawyer shall not withdraw from employment until he has taken reasonable steps to avoid foreseeable prejudice to the rights of his client, including giving due notice to his client, allowing time for employment of other counsel, delivering to the client all papers and property to which the client is entitled, and complying with applicable laws and rules.

(3) A lawyer who withdraws from employment shall refund promptly any part

of a fee paid in advance that has not been earned.

(B) Mandatory withdrawal.

A lawyer representing a client before a tribunal, with its permission if required by its rules, shall withdraw from employment, and a lawyer representing a client in other matters shall withdraw from employment, if:

(1) He knows or it is obvious that his client is bringing the legal action, conducting the defense, or asserting a position in the litigation, or is otherwise having steps taken for him, merely for the purpose of harassing or maliciously injuring any person.

(2) He knows or it is obvious that his continued employment will result in violation of a Disciplinary Rule.

(3) His mental or physical condition renders it unreasonably difficult for him to carry out the employment effectively.

(4) He is discharged by his client.

(C) Permissive withdrawal.

If DR 2-110(B) is not applicable, a lawyer may not request permission to withdraw in matters pending before a tribunal, and may not withdraw in other matters, unless such request or such withdrawal is because:

(1) His client:

(a) Insists upon presenting a claim or defense that is not warranted under existing law and cannot be supported by good faith argument for an extension, modification, or reversal of existing law.

(b) Personally seeks to pursue an illegal course of conduct.

(c) Insists that the lawyer pursue a course of conduct that is illegal or that is prohibited under the Disciplinary Rules.

(d) By other conduct renders it unreasonably difficult for the lawyer to carry out his employment effectively.

(e) Insists, in a matter not pending before a tribunal, that the lawyer engage in conduct that is contrary to the judgment and advice of the lawyer but not prohibited under the Disciplinary Rules.

(f) Deliberately disregards an agreement or obligation to the lawyer as to expenses or fees.

(2) His continued employment is likely to result in a violation of a Disciplinary Rule.

(3) His inability to work with co-counsel indicates that the best interests of the client likely will be served by withdrawal.

(4) His mental or physical condition renders it difficult for him to carry out the employment effectively.

(5) His client knowingly and freely assents to termination of his employment.

(6) He believes in good faith, in a proceeding pending before a tribunal, that the tribunal will find the existence of other good cause for withdrawal.

Canon 3

A Lawyer Should Assist in Preventing the Unauthorized Practice of Law

ETHICAL CONSIDERATIONS

EC 3-1. The prohibition against the practice of law by a layman is grounded in the need of the public for integrity and competence of those who undertake to render legal services. Because of the fiduciary and personal character of the lawyer-client relationship and the inherently complex nature of our legal system, the public can better be assured of the requisite responsibility and competence if the practice of law is confined to those who are subject to the requirements and regulations imposed upon members of the legal profession.

EC 3-2. The sensitive variations in the considerations that bear on legal determinations often make it difficult even for a lawyer to exercise appropriate professional judgment, and it is therefore essential that the personal nature of the relationship of client and lawyer be preserved. Competent professional judgment is the product of a trained familiarity with law and legal processes, a disciplined, analytical approach to legal problems, and a firm ethical commitment.

EC 3-3. A non-lawyer who undertakes to handle legal matters is not governed as to integrity or legal competence by the same rules that govern the conduct of a lawyer. A lawyer is not only subject to that regulation but also is committed to high standards of ethical conduct. The public interest is best served in legal matters by a regulated profession committed to such standards. The Disciplinary Rules protect the public in that they prohibit a lawyer from seeking employment by improper overtures, from acting in cases of divided loyalties, and from submitting to the control of others in the exercise of his judgment. Moreover, a person who entrusts legal matters to a lawyer is protected by the attorney-client privilege and by the duty of the lawyer to hold inviolate the confidences and secrets of his client.

EC 3-4. A layman who seeks legal services often is not in a position to judge whether he will receive proper professional attention. The entrustment of a legal matter may well involve the confidences, the reputation, the property, the freedom, or even the life of the client. Proper protection of members of the public demands that no person be permitted to act in the confidential and demanding capacity of a lawyer unless he is subject to the regulations of the legal profession.

EC 3-5. It is neither necessary nor desirable to attempt the formulation of a single, specific definition of what constitutes the practice of

law. Functionally, the practice of law relates to the rendition of services for others that call for the professional judgment of a lawyer. The essence of the professional judgment of the lawyer is his educated ability to relate the general body and philosophy of law to a specific legal problem of a client; and thus, the public interest will be better served if only lawyers are permitted to act in matters involving professional judgment. Where this professional judgment is not involved, non-lawyers, such as court clerks, police officers, abstracters, and many governmental employees, may engage in occupations that require a special knowledge of law in certain areas. But the services of a lawyer are essential in the public interest whenever the exercise of professional legal judgment is required.

EC 3-6. A lawyer often delegates tasks to clerks, secretaries, and other lay persons. Such delegation is proper if the lawyer maintains a direct relationship with his client, supervises the delegated work, and has complete professional responsibility for the work product. This delegation enables a lawyer to render legal service more economically and efficiently.

EC 3-7. The prohibition against a non-lawyer practicing law does not prevent a layman from representing himself, for then he is ordinarily exposing only himself to possible injury. The purpose of the legal profession is to make educated legal representation available to the public; but anyone who does not wish to avail himself of such representation is not required to do so. Even so, the legal profession should help members of the public to recognize legal problems and to understand why it may be unwise for them to act for themselves in matters having legal consequences.

EC 3-8. Since a lawyer should not aid or encourage a layman to practice law, he should not practice law in association with a layman or otherwise share legal fees with a layman. This does not mean, however, that the pecuniary value of the interest of a deceased lawyer in his firm or practice may not be paid to his estate or specified persons such as his widow or heirs. In like manner, profit-sharing retirement plans of a lawyer or law firm which include non-lawyer office employees are not improper. These limited exceptions to the rule against sharing legal fees with laymen are permissible since they do not aid or encourage laymen to practice law.

EC 3-9. Regulation of the practice of law is accomplished principally by the respective states. Authority to engage in the practice of law conferred in any jurisdiction is not per se a grant of the right to practice elsewhere, and it is improper for a lawyer to engage in practice where he is not permitted by law or by court order to do so. However, the demands of business and the mobility of our society pose distinct problems in the regulation of the practice of law by the states. In furtherance of

the public interest, the legal profession should discourage regulation that unreasonably imposes territorial limitations upon the right of a lawyer to handle the legal affairs of his client or upon the opportunity of a client to obtain the services of a lawyer of his choice in all matters including the presentation of a contested matter in a tribunal before which the lawyer is not permanently admitted to practice.

DISCIPLINARY RULES

DR 3-101. Aiding Unauthorized Practice of Law

(A) A lawyer shall not aid a non-lawyer in the unauthorized practice of law.

(B) A lawyer shall not practice law in a jurisdiction where to do so would be in violation of regulations of the profession in that jurisdiction.

DR 3-102. Dividing Legal Fees with a Non-Lawyer

(A) A lawyer or law firm shall not share legal fees with a non-lawyer, except that:

(1) An agreement by a lawyer with his firm, partner, or associate may provide for the payment of money, over a reasonable period of time after his death, to his estate or to one or more specified persons.

(2) A lawyer who undertakes to complete unfinished legal business of a deceased lawyer may pay to the estate of the deceased lawyer that proportion of the total compensation which fairly represents the services rendered by the deceased lawyer.

(3) A lawyer or law firm may include non-lawyer employees in a retirement plan, even though the plan is based in whole or in part on a profit-sharing arrangement.

DR 3-103. Forming a Partnership with a Non-Lawyer

(A) A lawyer shall not form a partnership with a non-lawyer if any of the activities of the partnership consist of the practice of law.

Canon 4

A Lawyer Should Preserve the Confidences and Secrets of a Client

ETHICAL CONSIDERATIONS

EC 4-1. Both the fiduciary relationship existing between lawyer and client and the proper functioning of the legal system require the preservation by the lawyer of confidences and secrets of one who has employed or sought to employ him. A client must feel free to discuss whatever he wishes with his lawyer and a lawyer must be equally free to obtain information beyond that volunteered by his client. A lawyer should be fully informed of all the facts of the matter he is handling in order for his client to obtain the full advantage of our legal system. It is for the lawyer in the exercise of

his independent professional judgment to separate the relevant and important from the irrelevant and unimportant. The observance of the ethical obligation of a lawyer to hold inviolate the confidences and secrets of his client not only facilitates the full development of facts essential to proper representation of the client but also encourages laymen to seek early legal assistance.

EC 4-2. The obligation to protect confidences and secrets obviously does not preclude a lawyer from revealing information when his client consents after full disclosure, when necessary to perform his professional employment, when permitted by Disciplinary Rules, or when required by law. Unless the client otherwise directs, a lawyer may disclose the affairs of his client to partners or associates of his firm. It is a matter of common knowledge that the normal operation of a law office exposes confidential professional information to non-lawyer employees of the office, particularly secretaries and those having access to the files; and this obligates a lawyer to exercise care in selecting and training his employees so that the sanctity of all confidences and secrets of his clients may be preserved. If the obligation extends to two or more clients as to the same information, a lawyer should obtain the permission of all before revealing the information. A lawyer must always be sensitive to the rights and wishes of his client and act scrupulously in the making of decisions which may involve the disclosure of information obtained in his professional relationship. Thus, in the absence of consent of his client after full disclosure, a lawyer should not associate another lawyer in the handling of a matter; nor should he, in the absence of consent, seek counsel from another lawyer if there is a reasonable possibility that the identity of the client or his confidences or secrets would be revealed to such lawyer. Both social amenities and professional duty should cause a lawyer to shun indiscreet conversations concerning his clients.

EC 4-3. Unless the client otherwise directs, it is not improper for a lawyer to give limited information from his files to an outside agency necessary for statistical, bookkeeping, accounting, data processing, banking, printing, or other legitimate purposes, provided he exercises due care in the selection of the agency and warns the agency that the information must be kept confidential.

EC 4-4. The attorney-client privilege is more limited than the ethical obligation of a lawyer to guard the confidences and secrets of his client. This ethical precept, unlike the evidentiary privilege, exists without regard to the nature or source of information or the fact that others share the knowledge. A lawyer should endeavor to act in a manner which preserves the evidentiary privilege; for example, he should avoid professional discussions in the presence of persons to whom the privilege does not extend. A lawyer owes an obligation to advise the client of the attorney-client privilege

and timely to assert the privilege unless it is waived by the client.

EC 4-5. A lawyer should not use information acquired in the course of the representation of a client to the disadvantage of the client and a lawyer should not use, except with the consent of his client after full disclosure, such information for his own purposes. Likewise, a lawyer should be diligent in his efforts to prevent the misuse of such information by his employees and associates. Care should be exercised by a lawyer to prevent the disclosure of the confidences and secrets of one client to another, and no employment should be accepted that might require such disclosure.

EC 4-6. The obligation of a lawyer to preserve the confidences and secrets of his client continues after the termination of his employment. Thus a lawyer should not attempt to sell a law practice as a going business because, among other reasons, to do so would involve the disclosure of confidences and secrets. A lawyer should also provide for the protection of the confidences and secrets of his client following the termination of the practice of the lawyer, whether termination is due to death, disability, or retirement. For example, a lawyer might provide for the personal papers of the client to be returned to him and for the papers of the lawyer to be delivered to another lawyer or to be destroyed. In determining the method of disposition, the instructions and wishes of the client should be a dominant consideration.

DISCIPLINARY RULES

DR 4-101. Preservation of Confidences and Secrets of a Client

(A) "Confidence" refers to information protected by the attorney-client privilege under applicable law, and "secret" refers to other information gained in the professional relationship that the client has requested be held inviolate or the disclosure of which would be embarrassing or would be likely to be detrimental to the client.

(B) Except when permitted under DR 4-101(C), a lawyer shall not knowingly:

(1) Reveal a confidence or secret of his client.

(2) Use a confidence or secret of his client to the disadvantage of the client.

(3) Use a confidence or secret of his client for the advantage of himself or of a third person, unless the client consents after full disclosure.

(C) A lawyer may reveal:

(1) Confidences or secrets with the consent of the client or clients affected, but only after a full disclosure to them.

(2) Confidences or secrets when permitted under Disciplinary Rules or required by law or court order.

(3) The intention of his client to commit a crime and the information necessary to prevent the crime.

(4) Confidences or secrets necessary to establish or collect his fee or to defend himself or his employees or associates against an accusation of wrongful conduct.

(D) A lawyer shall exercise reasonable care to prevent his employees, associates, and others whose services are utilized by him from disclosing or using confidences or secrets of a client, except that a lawyer may reveal the information allowed by DR 4-101(C) through an employee.

Canon 5

A Lawyer Should Exercise Independent Professional Judgment on Behalf of a Client

ETHICAL CONSIDERATIONS

EC 5-1. The professional judgment of a lawyer should be exercised, within the bounds of the law, solely for the benefit of his client and free of compromising influences and loyalties. Neither his personal interests, the interests of other clients, nor the desires of third persons should be permitted to dilute his loyalty to his client.

Interests of a Lawyer That May Affect His Judgment

EC 5-2. A lawyer should not accept proffered employment if his personal interests or desires will, or there is a reasonable probability that they will, affect adversely the advice to be given or services to be rendered the prospective client. After accepting employment, a lawyer carefully should refrain from acquiring a property right or assuming a position that would tend to make his judgment less protective of the interests of his client.

EC 5-3. The self-interest of a lawyer resulting from his ownership of property in which his client also has an interest or which may affect property of his client may interfere with the exercise of free judgment on behalf of his client. If such interference would occur with respect to a prospective client, a lawyer should decline employment proffered by him. After accepting employment, a lawyer should not acquire property rights that would adversely affect his professional judgment in the representation of his client. Even if the property interests of a lawyer do not presently interfere with the exercise of his independent judgment, but the likelihood of interference can reasonably be foreseen by him, a lawyer should explain the situation to his client and should decline employment or withdraw unless the client consents to the continuance of the relationship after full disclosure. A lawyer should not seek to persuade his client to permit him to invest in an undertaking of his client nor make improper use of his professional relationship to

influence his client to invest in an enterprise in which the lawyer is interested.

EC 5-4. If, in the course of his representation of a client, a lawyer is permitted to receive from his client a beneficial ownership in publication rights relating to the subject matter of the employment, he may be tempted to subordinate the interests of his client to his own anticipated pecuniary gain. For example, a lawyer in a criminal case who obtains from his client television, radio, motion picture, newspaper, magazine, book, or other publication rights with respect to the case may be influenced, consciously or unconsciously, to a course of conduct that will enhance the value of his publication rights to the prejudice of his client. To prevent these potentially differing interests, such arrangements should be scrupulously avoided prior to the termination of all aspects of the matter giving rise to the employment, even though his employment has previously ended.

EC 5-5. A lawyer should not suggest to his client that a gift be made to himself or for his benefit. If a lawyer accepts a gift from his client, he is peculiarly susceptible to the charge that he unduly influenced or overreached the client. If a client voluntarily offers to make a gift to his lawyer, the lawyer may accept the gift, but before doing so, he should urge that his client secure disinterested advice from an independent, competent person who is cognizant of all the circumstances. Other than in exceptional circumstances, a lawyer should insist that an instrument in which his client desires to name him beneficially be prepared by another lawyer selected by the client.

EC 5-6. A lawyer should not consciously influence a client to name him as executor, trustee, or lawyer in an instrument. In those cases where a client wishes to name his lawyer as such, care should be taken by the lawyer to avoid even the appearance of impropriety.

EC 5-7. The possibility of an adverse effect upon the exercise of free judgment by a lawyer on behalf of his client during litigation generally makes it undesirable for the lawyer to acquire a proprietary interest in the cause of his client or otherwise to become financially interested in the outcome of the litigation. However, it is not improper for a lawyer to protect his right to collect a fee for his services by the assertion of legally permissible liens, even though by doing so he may acquire an interest in the outcome of litigation. Although a contingent fee arrangement gives a lawyer a financial interest in the outcome of litigation, a reasonable contingent fee is permissible in civil cases because it may be the only means by which a layman can obtain the services of a lawyer of his choice. But a lawyer, because he is in a better position to evaluate a cause of action, should enter into a contingent fee arrangement only in those instances where the arrangement will be beneficial to the client.

EC 5-8. A financial interest in the outcome of litigation also results if monetary advances are made by the lawyer to his client. Although this assistance generally is not encouraged, there are instances when it is not improper to make loans to a client. For example, the advancing or guaranteeing of payment of the costs and expenses of litigation by a lawyer may be the only way a client can enforce his cause of action, but the ultimate liability for such costs and expenses should be that of the client.

EC 5-9. Occasionally a lawyer is called upon to decide in a particular case whether he will be a witness or an advocate. If a lawyer is both counsel and witness, he becomes more easily impeachable for interest and thus may be a less effective witness. Conversely, the opposing counsel may be handicapped in challenging the credibility of the lawyer when the lawyer also appears as an advocate in the case. An advocate who becomes a witness is in the unseemly and ineffective position of arguing his own credibility. The roles of an advocate and of a witness are inconsistent; the function of an advocate is to advance or argue the cause of another, while that of a witness is to state facts objectively.

EC 5-10. Problems incident to the lawyer-witness relationship arise at different stages; they relate either to whether a lawyer should accept employment or should withdraw from employment. Regardless of when the problem arises, his decision is to be governed by the same basic considerations. It is not objectionable for a lawyer who is a potential witness to be an advocate if it is unlikely that he will be called as a witness because his testimony would be merely cumulative or if his testimony will relate only to an uncontested issue. In the exceptional situation where it will be manifestly unfair to the client for the lawyer to refuse employment or to withdraw when he will likely be a witness on a contested issue, he may serve as advocate even though he may be a witness. In making such decision, he should determine the personal or financial sacrifice of the client that may result from his refusal of employment or withdrawal therefrom, the materiality of his testimony, and the effectiveness of his representation in view of his personal involvement. In weighing these factors, it should be clear that refusal or withdrawal will impose an unreasonable hardship upon the client before the lawyer accepts or continues the employment. Where the question arises, doubts should be resolved in favor of the lawyer testifying and against his becoming or continuing as an advocate.

EC 5-11. A lawyer should not permit his personal interests to influence his advice relative to a suggestion by his client that additional counsel be employed. In like manner, his personal interests should not deter him from suggesting that additional counsel be employed; on the contrary, he should be alert to the desirability of recommending additional counsel

when, in his judgment, the proper representation of his client requires it. However, a lawyer should advise his client not to employ additional counsel suggested by the client if the lawyer believes that such employment would be a disservice to the client, and he should disclose the reasons for his belief.

EC 5-12. Inability of co-counsel to agree on a matter vital to the representation of their client requires that their disagreement be submitted by them jointly to their client for his resolution, and the decision of the client shall control the action to be taken.

EC 5-13. A lawyer should not maintain membership in or be influenced by any organization of employees that undertakes to prescribe, direct, or suggest when or how he should fulfill his professional obligations to a person or organization that employs him as a lawyer. Although it is not necessarily improper for a lawyer employed by a corporation or similar entity to be a member of an organization of employees, he should be vigilant to safeguard his fidelity as a lawyer to his employer, free from outside influences.

Interests of Multiple Clients

EC 5-14. Maintaining the independence of professional judgment required of a lawyer precludes his acceptance or continuation of employment that will adversely affect his judgment on behalf of or dilute his loyalty to a client. This problem arises whenever a lawyer is asked to represent two or more clients who may have differing interests, whether such interests be conflicting, inconsistent, diverse, or otherwise discordant.

EC 5-15. If a lawyer is requested to undertake or to continue representation of multiple clients having potentially differing interests, he must weigh carefully the possibility that his judgment may be impaired or his loyalty divided if he accepts or continues the employment. He should resolve all doubts against the propriety of the representation. A lawyer should never represent in litigation multiple clients with differing interests; and there are few situations in which he would be justified in representing in litigation multiple clients with potentially differing interests. If a lawyer accepted such employment and the interests did become actually differing, he would have to withdraw from employment with likelihood of resulting hardship on the clients; and for this reason it is preferable that he refuse the employment initially. On the other hand, there are many instances in which a lawyer may properly serve multiple clients having potentially differing interests in matters not involving litigation. If the interests vary only slightly, it is generally likely that the lawyer will not be subjected to an adverse influence and that he can retain his independent judgment on behalf of each client; and if the interests become differing, withdrawal is less likely to have a disruptive effect upon the causes of his clients.

EC 5-16. In those instances in which a lawyer is justified in representing two or more clients having differing interests, it is nevertheless essential that each client be given the opportunity to evaluate his need for representation free of any potential conflict and to obtain other counsel if he so desires. Thus before a lawyer may represent multiple clients, he should explain fully to each client the implications of the common representation and should accept or continue employment only if the clients consent. If there are present other circumstances that might cause any of the multiple clients to question the undivided loyalty of the lawyer, he should also advise all of the clients of those circumstances.

EC 5-17. Typically recurring situations involving potentially differing interests are those in which a lawyer is asked to represent co-defendants in a criminal case, co-plaintiffs in a personal injury case, an insured and his insurer, and beneficiaries of the estate of a decedent. Whether a lawyer can fairly and adequately protect the interests of multiple clients in these and similar situations depends upon an analysis of each case. In certain circumstances, there may exist little chance of the judgment of the lawyer being adversely affected by the slight possibility that the interests will become actually differing; in other circumstances, the chance of adverse effect upon his judgment is not unlikely.

EC 5-18. A lawyer employed or retained by a corporation or similar entity owes his allegiance to the entity and not a stockholder, director, officer, employee, representative, or other person connected with the entity. In advising the entity, a lawyer should keep paramount its interests and his professional judgment should not be influenced by the personal desires of any person or organization. Occasionally a lawyer for an entity is requested by a stockholder, director, officer, employee, representative, or other person connected with the entity to represent him in an individual capacity; in such case the lawyer may serve the individual only if the lawyer is convinced that differing interests are not present.

EC 5-19. A lawyer may represent several clients whose interests are not actually or potentially differing. Nevertheless, he should explain any circumstances that might cause a client to question his undivided loyalty. Regardless of the belief of a lawyer that he may properly represent multiple clients, he must defer to a client who holds the contrary belief and withdraw from representation of that client.

EC 5-20. A lawyer is often asked to serve as an impartial arbitrator or mediator in matters which involve present or former clients. He may serve in either capacity if he first discloses such present or former relationships. After a lawyer has undertaken to act as an impartial arbitrator or mediator, he should not thereafter represent in the dispute any of the parties involved.

Desires of Third Persons

EC 5-21. The obligation of a lawyer to exercise professional judgment solely on behalf of his client requires that he disregard the desires of others that might impair his free judgment. The desires of a third person will seldom adversely affect a lawyer unless that person is in a position to exert strong economic, political, or social pressures upon the lawyer. These influences are often subtle, and a lawyer must be alert to their existence. A lawyer subjected to outside pressures should make full disclosure of them to his client; and if he or his client believes that the effectiveness of his representation has been or will be impaired thereby, the lawyer should take proper steps to withdraw from representation of his client.

EC 5-22. Economic, political, or social pressures by third persons are less likely to impinge upon the independent judgment of a lawyer in a matter in which he is compensated directly by his client and his professional work is exclusively with his client. On the other hand, if a lawyer is compensated from a source other than his client, he may feel a sense of responsibility to someone other than his client.

EC 5-23. A person or organization that pays or furnishes lawyers to represent others possesses a potential power to exert strong pressures against the independent judgment of those lawyers. Some employers may be interested in furthering their own economic, political, or social goals without regard to the professional responsibility of the lawyer to his individual client. Others may be far more concerned with establishment or extension of legal principles than in the immediate protection of the rights of the lawyer's individual client. On some occasions, decisions on priority of work may be made by the employer rather than the lawyer with the result that prosecution of work already undertaken for clients is postponed to their detriment. Similarly, an employer may seek, consciously or unconsciously, to further its own economic interests through the actions of the lawyers employed by it. Since a lawyer must always be free to exercise his professional judgment without regard to the interests or motives of a third person, the lawyer who is employed by one to represent another must constantly guard against erosion of his professional freedom.

EC 5-24. To assist a lawyer in preserving his professional independence, a number of courses are available to him. For example, a lawyer should not practice with or in the form of a professional legal corporation, even though the corporate form is permitted by law, if any director, officer, or stockholder of it is a non-lawyer. Although a lawyer may be employed by a business corporation with non-lawyers serving as directors or officers, and they necessarily have the right to make decisions of business policy, a lawyer must decline to accept direction of his professional judgment from any layman. Various types of legal aid

offices are administered by boards of directors composed of lawyers and laymen. A lawyer should not accept employment from such an organization unless the board sets only broad policies and there is no interference in the relationship of the lawyer and the individual client he serves. Where a lawyer is employed by an organization, a written agreement that defines the relationship between him and the organization and provides for his independence is desirable since it may serve to prevent misunderstanding as to their respective roles. Although other innovations in the means of supplying legal counsel may develop, the responsibility of the lawyer to maintain his professional independence remains constant, and the legal profession must insure that changing circumstances do not result in loss of the professional independence of the lawyer.

DISCIPLINARY RULES**DR 5-101. Refusing Employment When the Interests of the Lawyer May Impair His Independent Professional Judgment**

(A) Except with the consent of his client after full disclosure, a lawyer shall not accept employment if the exercise of his professional judgment on behalf of his client will be or reasonably may be affected by his own financial, business, property, or personal interests.

(B) A lawyer shall not accept employment in contemplated or pending litigation if he knows or it is obvious that he or a lawyer in his firm ought to be called as a witness, except that he may undertake the employment and he or a lawyer in his firm may testify:

(1) If the testimony will relate solely to an uncontested matter.

(2) If the testimony will relate solely to a matter of formality and there is no reason to believe that substantial evidence will be offered in opposition to the testimony.

(3) If the testimony will relate solely to the nature and value of legal services rendered in the case by the lawyer or his firm to the client.

(4) As to any matter, if refusal would work a substantial hardship on the client because of the distinctive value of the lawyer or his firm as counsel in the particular case.

DR 5-102. Withdrawal as Counsel When the Lawyer Becomes a Witness

(A) If, after undertaking employment in contemplated or pending litigation, a lawyer learns or it is obvious that he or a lawyer in his firm ought to be called as a witness on behalf of his client, he shall withdraw from the conduct of the trial and his firm, if any, shall not continue representation in the trial, except that he may continue the representation and he or a lawyer in his firm may testify in the circumstances enumerated in DR 5-101(B)(1) through (4).

(B) If, after undertaking employment in contemplated or pending litigation, a lawyer learns or it is obvious that he or a lawyer in his firm may be called as a witness other than on behalf of his client, he may continue the representation until it is apparent that his testimony is or may be prejudicial to his client.

DR 5-103. Avoiding Acquisition of Interest in Litigation

(A) A lawyer shall not acquire a proprietary interest in the cause of action or subject matter of litigation he is conducting for a client, except that he may:

- (1) Acquire a lien granted by law to secure his fee or expenses.
- (2) Contract with a client for a reasonable contingent fee in a civil case.

DR 5-104. Limiting Business Relations with a Client

(A) A lawyer shall not enter into a business transaction with a client if they have differing interests therein and if the client expects the lawyer to exercise his professional judgment therein for the protection of the client, unless the client has consented after full disclosure.

(B) Prior to conclusion of all aspects of the matter giving rise to his employment, a lawyer shall not enter into any arrangement or understanding with a client or a prospective client by which he acquires an interest in publication rights with respect to the subject matter of his employment or proposed employment.

DR 5-105. Refusing to Accept or Continue Employment if the Interests of Another Client May Impair the Independent Professional Judgment of the Lawyer

(A) A lawyer shall decline proffered employment if the exercise of his independent professional judgment in behalf of a client will be or is likely to be adversely affected by the acceptance of the proffered employment, except to the extent permitted under DR 5-105(C).

(B) A lawyer shall not continue multiple employment if the exercise of his independent professional judgment in behalf of a client will be or is likely to be adversely affected by his representation of another client, except to the extent permitted under DR 5-105(C).

(C) In the situations covered by DR 5-105(A) and (B), a lawyer may represent multiple clients if it is obvious that he can adequately represent the interest of each and if each consents to the representation after full disclosure of the possible effect of such representation on the exercise of his independent professional judgment on behalf of each.

(D) If a lawyer is required to decline employment or to withdraw from employment under DR 5-105, no partner or associate of his or his firm may accept or continue such employment.

DR 5-106. Settling Similar Claims of Clients

(A) A lawyer who represents two or more clients shall not make or participate in the making of an aggregate settlement of the claims of or against his clients, unless each client has consented to the settlement after being advised of the existence and nature of all the claims involved in the proposed settlement, of the total amount of the settlement, and of the participation of each person in the settlement.

DR 5-107. Avoiding Influence by Others Than the Client

(A) Except with the consent of his client after full disclosure, a lawyer shall not:

- (1) Accept compensation for his legal services from one other than his client.
- (2) Accept from one other than his client any thing of value related to his representation of or his employment by his client.

(B) A lawyer shall not permit a person who recommends, employs, or pays him to render legal services for another to direct or regulate his professional judgment in rendering such legal services.

(C) A lawyer shall not practice with or in the form of a professional corporation or association authorized to practice law for a profit, if:

- (1) A non-lawyer owns any interest therein, except that a fiduciary representative of the estate of a lawyer may hold the stock or interest of the lawyer for a reasonable time during administration;
- (2) A non-lawyer is a corporate director or officer thereof; or
- (3) A non-lawyer has the right to direct or control the professional judgment of a lawyer.

Canon 6

A Lawyer Should Represent a Client Competently

ETHICAL CONSIDERATIONS

EC 6-1. Because of his vital role in the legal process, a lawyer should act with competence and proper care in representing clients. He should strive to become and remain proficient in his practice and should accept employment only in matters which he is or intends to become competent to handle.

EC 6-2. A lawyer is aided in attaining and maintaining competence by keeping abreast of current legal literature and developments, participating in continuing legal education programs, concentrating in particular areas of the law, and by utilizing other available means. He has the additional ethical obligation to assist in improving the legal profession, and he may do so by participating in bar activities intended to advance the quality and standards of members of the profession. Of particular im-

portance is the careful training of his younger associates and the giving of sound guidance to all lawyers who consult him. In short, a lawyer should strive at all levels to aid the legal profession in advancing the highest possible standards of integrity and competence and to meet those standards himself.

EC 6-3. While the licensing of a lawyer is evidence that he has met the standards then prevailing for admission to the bar, a lawyer generally should not accept employment in any area of the law in which he is not qualified. However, he may accept such employment if in good faith he expects to become qualified through study and investigation, as long as such preparation would not result in unreasonable delay or expense to his client. Proper preparation and representation may require the association by the lawyer of professionals in other disciplines. A lawyer offered employment in a matter in which he is not and does not expect to become so qualified should either decline the employment or, with the consent of his client, accept the employment and associate a lawyer who is competent in the matter.

EC 6-4. Having undertaken representation, a lawyer should use proper care to safeguard the interests of his client. If a lawyer has accepted employment in a matter beyond his competence but in which he expected to become competent, he should diligently undertake the work and study necessary to qualify himself. In addition to being qualified to handle a particular matter, his obligation to his client requires him to prepare adequately for and give appropriate attention to his legal work.

EC 6-5. A lawyer should have pride in his professional endeavors. His obligation to act competently calls for higher motivation than that arising from fear of civil liability or disciplinary penalty.

EC 6-6. A lawyer should not seek, by contract or other means, to limit his individual liability to his client for his malpractice. A lawyer who handles the affairs of his client properly has no need to attempt to limit his liability for his professional activities and one who does not handle the affairs of his client properly should not be permitted to do so. A lawyer who is a stockholder in or is associated with a professional legal corporation may, however, limit his liability for malpractice of his associates in the corporation, but only to the extent permitted by law.

DISCIPLINARY RULES

DR 6-101. Failing to Act Competently

(A) A lawyer shall not:

(1) Handle a legal matter which he knows or should know he is not competent to handle.

(2) Handle a legal matter without preparation adequate in the circumstances.

(3) Willfully or intentionally neglect a legal matter entrusted to him.

DR 6-102. Limiting Liability to Client

(A) A lawyer shall not attempt in advance to exonerate himself from or limit his liability to this client for his malpractice.

Canon 7

A Lawyer Should Represent a Client Zealously Within the Bounds of the Law

ETHICAL CONSIDERATIONS

EC 7-1. The duty of a lawyer, both to his client and to the legal system, is to represent his client zealously within the bounds of the law, which includes Disciplinary Rules and enforceable professional regulations. The professional responsibility of a lawyer derives from his membership in a profession which has the duty of assisting members of the public to secure and protect available legal rights and benefits. In our government of laws and not of men, each member of our society is entitled to have his conduct judged and regulated in accordance with the law; to seek any lawful objective through legally permissible means; and to present for adjudication any lawful claim, issue, or defense.

EC 7-2. The bounds of the law in a given case are often difficult to ascertain. The language of legislative enactments and judicial opinions may be uncertain as applied to varying factual situations. The limits and specific meaning of apparently relevant law may be made doubtful by changing or developing constitutional interpretations, inadequately expressed statutes or judicial opinions, and changing public and judicial attitudes. Certainty of law ranges from well-settled rules through areas of conflicting authority to areas without precedent.

EC 7-3. Where the bounds of law are uncertain, the action of a lawyer may depend on whether he is serving as advocate or adviser. A lawyer may serve simultaneously as both advocate and adviser, but the two roles are essentially different. In asserting a position on behalf of his client, an advocate for the most part deals with past conduct and must take the facts as he finds them. By contrast, a lawyer serving as adviser primarily assists his client in determining the course of future conduct and relationships. While serving as advocate, a lawyer should resolve in favor of his client doubts as to the bounds of the law. In serving a client as adviser, a lawyer in appropriate circumstances should give his professional opinion as to what the ultimate decisions of the courts would likely be as to the applicable law.

Duty of the Lawyer to a Client

EC 7-4. The advocate may urge any permissible construction of the law favorable to his client, without regard to his professional opinion as to the likelihood that the construction will ultimately prevail. His conduct is within the bounds of the law, and therefore permissible, if the position taken is supported by the

law or is supportable by a good faith argument for an extension, modification, or reversal of the law. However, a lawyer is not justified in asserting a position in litigation that is frivolous.

EC 7-5. A lawyer as adviser furthers the interest of his client by giving his professional opinion as to what he believes would likely be the ultimate decision of the courts on the matter at hand and by informing his client of the practical effect of such decision. He may continue in the representation of his client even though his client has elected to pursue a course of conduct contrary to the advice of the lawyer so long as he does not thereby knowingly assist the client to engage in illegal conduct or to take a frivolous legal position. A lawyer should never encourage or aid his client to commit criminal acts or counsel his client on how to violate the law and avoid punishment therefor.

EC 7-6. Whether the proposed action of a lawyer is within the bounds of the law may be a perplexing question when his client is contemplating a course of conduct having legal consequences that vary according to the client's intent, motive, or desires at the time of the action. Often a lawyer is asked to assist his client in developing evidence relevant to the state of mind of the client at a particular time. He may properly assist his client in the development and preservation of evidence of existing motive, intent, or desire; obviously, he may not do anything furthering the creation or preservation of false evidence. In many cases a lawyer may not be certain as to the state of mind of his client, and in those situations he should resolve reasonable doubts in favor of his client.

EC 7-7. In certain areas of legal representation not affecting the merits of the cause or substantially prejudicing the rights of a client, a lawyer is entitled to make the decisions on his own. But otherwise the authority to make decisions is exclusively that of the client and, if made within the framework of the law, such decisions are binding on his lawyer. As typical examples in civil cases, it is for the client to decide whether he will accept a settlement offer or whether he will waive his right to plead an affirmative defense. A defense lawyer in a criminal case has the duty to advise his client fully on whether a particular plea to a charge appears to be desirable and as to the prospects of success on appeal, but it is for the client to decide what plea should be entered and whether an appeal should be taken.

EC 7-8. A lawyer should exert his best efforts to insure that decisions of his client are made only after the client has been informed of relevant considerations. A lawyer ought to initiate this decision-making process if the client does not do so. Advice of a lawyer to his client need not be confined to purely legal considerations. A lawyer should advise his client of the possible effect of each legal alter-

native. A lawyer should bring to bear upon this decision-making process the fullness of his experience as well as his objective viewpoint. In assisting his client to reach a proper decision, it is often desirable for a lawyer to point out those factors which may lead to a decision that is morally just as well as legally permissible. He may emphasize the possibility of harsh consequences that might result from assertion of legally permissible positions. In the final analysis, however, the lawyer should always remember that the decision whether to forego legally available objectives or methods because of non-legal factors is ultimately for the client and not for himself. In the event that the client in a non-adjudicatory matter insists upon a course of conduct that is contrary to the judgment and advice of the lawyer but not prohibited by Disciplinary Rules, the lawyer may withdraw from the employment.

EC 7-9. In the exercise of his professional judgment on those decisions which are for his determination in the handling of a legal matter, a lawyer should always act in a manner consistent with the best interests of his client. However, when an action in the best interest of his client seems to him to be unjust, he may ask his client for permission to forego such action.

EC 7-10. The duty of a lawyer to represent his client with zeal does not militate against his concurrent obligation to treat with consideration all persons involved in the legal process and to avoid the infliction of needless harm.

EC 7-11. The responsibilities of a lawyer may vary according to the intelligence, experience, mental condition or age of a client, the obligation of a public officer, or the nature of a particular proceeding. Examples include the representation of an illiterate or an incompetent, service as a public prosecutor or other government lawyer, and appearances before administrative and legislative bodies.

EC 7-12. Any mental or physical condition of a client that renders him incapable of making a considered judgment on his own behalf casts additional responsibilities upon his lawyer. Where an incompetent is acting through a guardian or other legal representative, a lawyer must look to such representative for those decisions which are normally the prerogative of the client to make. If a client under disability has no legal representative, his lawyer may be compelled in court proceedings to make decisions on behalf of the client. If the client is capable of understanding the matter in question or of contributing to the advancement of his interests, regardless of whether he is legally disqualified from performing certain acts, the lawyer should obtain from him all possible aid. If the disability of a client and the lack of a legal representative compel the lawyer to make decisions for his client, the lawyer should consider all circumstances then prevailing and act with care to safeguard and ad-

vance the interests of his client. But obviously a lawyer cannot perform any act or make any decision which the law requires his client to perform or make, either acting for himself if competent, or by a duly constituted representative if legally incompetent.

EC 7-13. The responsibility of a public prosecutor differs from that of the usual advocate; his duty is to seek justice, not merely to convict. This special duty exists because: (1) the prosecutor represents the sovereign and therefore should use restraint in the discretionary exercise of governmental powers, such as in the selection of cases to prosecute; (2) during trial the prosecutor is not only an advocate but he also may make decisions normally made by an individual client, and those affecting the public interest should be fair to all; and (3) in our system of criminal justice the accused is to be given the benefit of all reasonable doubts. With respect to evidence and witnesses, the prosecutor has responsibilities different from those of a lawyer in private practice: the prosecutor should make timely disclosure to the defense of available evidence, known to him, that tends to negate the guilt of the accused, mitigate the degree of the offense, or reduce the punishment. Further, a prosecutor should not intentionally avoid pursuit of evidence merely because he believes it will damage the prosecution's case or aid the accused.

EC 7-14. A government lawyer who has discretionary power relative to litigation should refrain from instituting or continuing litigation that is obviously unfair. A government lawyer not having such discretionary power who believes there is lack of merit in a controversy submitted to him should so advise his superiors and recommend the avoidance of unfair litigation. A government lawyer in a civil action or administrative proceeding has the responsibility to seek justice and to develop a full and fair record, and he should not use his position or the economic power of the government to harass parties or to bring about unjust settlements or results.

EC 7-15. The nature and purpose of proceedings before administrative agencies vary widely. The proceedings may be legislative or quasi-judicial, or a combination of both. They may be *ex parte* in character, in which event they may originate either at the instance of the agency or upon motion of an interested party. The scope of an inquiry may be purely investigative or it may be truly adversary looking toward the adjudication of specific rights of a party or of classes of parties. The foregoing are but examples of some of the types of proceedings conducted by administrative agencies. A lawyer appearing before an administrative agency, regardless of the nature of the proceeding it is conducting, has the continuing duty to advance the cause of his client within the bounds of the law. Where the applicable rules of the agency impose specific obligations upon a lawyer, it is his duty to comply therewith, unless the lawyer has a legitimate basis

for challenging the validity thereof. In all appearances before administrative agencies, a lawyer should identify himself, his client if identity of his client is not privileged, and the representative nature of his appearance. It is not improper, however, for a lawyer to seek from an agency information available to the public without identifying his client.

EC 7-16. The primary business of a legislative body is to enact laws rather than to adjudicate controversies, although on occasion the activities of a legislative body may take on the characteristics of an adversary proceeding, particularly in investigative and impeachment matters. The role of a lawyer supporting or opposing proposed legislation normally is quite different from his role in representing a person under investigation or on trial by a legislative body. When a lawyer appears in connection with proposed legislation, he seeks to affect the lawmaking process, but when he appears on behalf of a client in investigatory or impeachment proceedings, he is concerned with the protection of the rights of his client. In either event, he should identify himself and his client, if identity of his client is not privileged, and should comply with applicable laws and legislative rules.

EC 7-17. The obligation of loyalty to his client applies only to a lawyer in the discharge of his professional duties and implies no obligation to adopt a personal viewpoint favorable to the interests or desires of his client. While a lawyer must act always with circumspection in order that his conduct will not adversely affect the rights of a client in a matter he is then handling, he may take positions on public issues and espouse legal reforms he favors without regard to the individual views of any client.

EC 7-18. The legal system in its broadest sense functions best when persons in need of legal advice or assistance are represented by their own counsel. For this reason a lawyer should not communicate on the subject matter of the representation of his client with a person he knows to be represented in the matter by a lawyer, unless pursuant to law or rule of court or unless he has the consent of the lawyer for that person. If one is not represented by counsel, a lawyer representing another may have to deal directly with the unrepresented person; in such an instance, a lawyer should not undertake to give advice to the person who is attempting to represent himself, except that he may advise him to obtain a lawyer.

Duty of the Lawyer to the Adversary System of Justice

EC 7-19. Our legal system provides for the adjudication of disputes governed by the rules of substantive, evidentiary, and procedural law. An adversary presentation counters the natural human tendency to judge too swiftly in terms of the familiar that which is not yet fully known; the advocate, by his zealous preparation and presentation of facts and law, enables

the tribunal to come to the hearing with an open and neutral mind and to render impartial judgments. The duty of a lawyer to his client and his duty to the legal system are the same: to represent his client zealously within the bounds of the law.

EC 7-20. In order to function properly, our adjudicative process requires an informed, impartial tribunal capable of administering justice promptly and efficiently according to procedures that command public confidence and respect. Not only must there be competent, adverse presentation of evidence and issues, but a tribunal must be aided by rules appropriate to an effective and dignified process. The procedures under which tribunals operate in our adversary system have been prescribed largely by legislative enactments, court rules and decisions, and administrative rules. Through the years certain concepts of proper professional conduct have become rules of law applicable to the adversary adjudicative process. Many of these concepts are the bases for standards of professional conduct set forth in the Disciplinary Rules.

EC 7-21. The civil adjudicative process is primarily designed for the settlement of disputes between parties, while the criminal process is designed for the protection of society as a whole. Threatening to use, or using, the criminal process to coerce adjustment of private civil claims or controversies is a subversion of that process; further, the person against whom the criminal process is so misused may be deterred from asserting his legal rights and thus the usefulness of the civil process in settling private disputes is impaired. As in all cases of abuse of judicial process, the improper use of criminal process tends to diminish public confidence in our legal system.

EC 7-22. Respect for judicial rulings is essential to the proper administration of justice; however, a litigant or his lawyer may, in good faith and within the framework of the law, take steps to test the correctness of a ruling of a tribunal.

EC 7-23. The complexity of law often makes it difficult for a tribunal to be fully informed unless the pertinent law is presented by the lawyers in the cause. A tribunal that is fully informed on the applicable law is better able to make a fair and accurate determination of the matter before it. The adversary system contemplates that each lawyer will present and argue the existing law in the light most favorable to his client. Where a lawyer knows of legal authority in the controlling jurisdiction directly adverse to the position of his client, he should inform the tribunal of its existence unless his adversary has done so; but, having made such disclosure, he may challenge its soundness in whole or in part.

EC 7-24. In order to bring about just and informed decisions, evidentiary and procedural rules have been established by tribunals to permit the inclusion of relevant evidence and ar-

gument and the exclusion of all other considerations. The expression by a lawyer of his personal opinion as to the justness of a cause, as to the credibility of a witness, as to the culpability of a civil litigant, or as to the guilt or innocence of an accused is not a proper subject for argument to the trier of fact. It is improper as to factual matters because admissible evidence possessed by a lawyer should be presented only as sworn testimony. It is improper as to all other matters because, were the rule otherwise, the silence of a lawyer on a given occasion could be construed unfavorably to his client. However, a lawyer may argue, on his analysis of the evidence, for any position or conclusion with respect to any of the foregoing matters.

EC 7-25. Rules of evidence and procedure are designed to lead to just decisions and are part of the framework of the law. Thus while a lawyer may take steps in good faith and within the framework of the law to test the validity of rules, he is not justified in consciously violating such rules and he should be diligent in his efforts to guard against his unintentional violation of them. As examples, a lawyer should subscribe to or verify only those pleadings that he believes are in compliance with applicable law and rules; a lawyer should not make any prefatory statement before a tribunal in regard to the purported facts of the case on trial unless he believes that his statement will be supported by admissible evidence; a lawyer should not ask a witness a question solely for the purpose of harassing or embarrassing him; and a lawyer should not by subterfuge put before a jury matters which it cannot properly consider.

EC 7-26. The law and Disciplinary Rules prohibit the use of fraudulent, false, or perjured testimony or evidence. A lawyer who knowingly participates in introduction of such testimony or evidence is subject to discipline. A lawyer should, however, present any admissible evidence his client desires to have presented unless he knows, or from facts within his knowledge should know, that such testimony or evidence is false, fraudulent, or perjured.

EC 7-27. Because it interferes with the proper administration of justice, a lawyer should not suppress evidence that he or his client has a legal obligation to reveal or produce. In like manner, a lawyer should not advise or cause a person to secrete himself or to leave the jurisdiction of a tribunal for the purpose of making him unavailable as a witness therein.

EC 7-28. Witnesses should always testify truthfully and should be free from any financial inducements that might tempt them to do otherwise. A lawyer should not pay or agree to pay a non-expert witness an amount in excess of reimbursement for expenses and financial loss incident to his being a witness; however, a lawyer may pay or agree to pay an expert witness a reasonable fee for his services as an expert. But in no event should a lawyer

pay or agree to pay a contingent fee to any witness. A lawyer should exercise reasonable diligence to see that his client and lay associates conform to these standards.

EC 7-29. To safeguard the impartiality that is essential to the judicial process, veniremen and jurors should be protected against extraneous influences. When impartiality is present, public confidence in the judicial system is enhanced. There should be no extrajudicial communication with veniremen prior to trial or with jurors during trial by or on behalf of a lawyer connected with the case. Furthermore, a lawyer who is not connected with the case should not communicate with or cause another to communicate with a venireman or a juror about the case. After the trial, communication by a lawyer with jurors is permitted so long as he refrains from asking questions or making comments that tend to harass or embarrass the juror or to influence actions of the juror in future cases. Were a lawyer to be prohibited from communicating after trial with a juror, he could not ascertain if the verdict might be subject to legal challenge, in which event the invalidity of a verdict might go undetected. When an extrajudicial communication by a lawyer with a juror is permitted by law, it should be made considerably and with deference to the personal feelings of the juror.

EC 7-30. Vexatious or harassing investigations of veniremen or jurors seriously impair the effectiveness of our jury system. For this reason, a lawyer or anyone on his behalf who conducts an investigation of veniremen or jurors should act with circumspection and restraint.

EC 7-31. Communications with or investigations of members of families of veniremen or jurors by a lawyer or by anyone on his behalf are subject to the restrictions imposed upon the lawyer with respect to his communications with or investigations of veniremen and jurors.

EC 7-32. Because of his duty to aid in preserving the integrity of the jury system, a lawyer who learns of improper conduct by or towards a venireman, a juror, or a member of the family of either should make a prompt report to the court regarding such conduct.

EC 7-33. A goal of our legal system is that each party shall have his case, criminal or civil, adjudicated by an impartial tribunal. The attainment of this goal may be defeated by dissemination of news or comments which tend to influence judge or jury. Such news or comments may prevent prospective jurors from being impartial at the outset of the trial and may also interfere with the obligation of jurors to base their verdict solely upon the evidence admitted in the trial. The release by a lawyer of out-of-court statements regarding an anticipated or pending trial may improperly affect the impartiality of the tribunal. For these reasons, standards for permissible and prohibited conduct of a lawyer with respect to trial publicity have been established.

EC 7-34. The impartiality of a public servant in our legal system may be impaired by the receipt of gifts or loans. A lawyer, therefore, is never justified in making a gift or a loan to a judge, a hearing officer, or an official or employee of a tribunal if the gift or loan is likely to, or may appear to others to be likely to, influence his judgment or obtain some benefit for the lawyer or his client. Likewise, campaign contributions should be handled discreetly so as to avoid the appearance of impropriety.

EC 7-35. All litigants and lawyers should have access to tribunals on an equal basis. Generally, in adversary proceedings a lawyer should not communicate with a judge relative to a matter pending before, or which is to be brought before, a tribunal over which he presides in circumstances which might have the effect or give the appearance of granting undue advantage to one party. For example, a lawyer should not communicate with a tribunal by a writing unless a copy thereof is promptly delivered to opposing counsel or to the adverse party if he is not represented by a lawyer. Ordinarily an oral communication by a lawyer with a judge or hearing officer should be made only upon adequate notice to opposing counsel, or, if there is none, to the opposing party. A lawyer should not condone or lend himself to private importunities by another with a judge or hearing officer on behalf of himself or his client.

EC 7-36. Judicial hearings ought to be conducted through dignified and orderly procedures designed to protect the rights of all parties. Although a lawyer has the duty to represent his client zealously, he should not engage in any conduct that offends the dignity and decorum of proceedings. While maintaining his independence, a lawyer should be respectful, courteous, and above-board in his relations with a judge or hearing officer before whom he appears. He should avoid undue solicitude for the comfort or convenience of judge or jury and should avoid any other conduct calculated to gain special consideration.

EC 7-37. In adversary proceedings, clients are litigants and though ill feeling may exist between clients, such ill feeling should not influence a lawyer in his conduct, attitude, and demeanor towards opposing lawyers. A lawyer should not make unfair or derogatory personal reference to opposing counsel. Haranguing and offensive tactics by lawyers interfere with the orderly administration of justice and have no proper place in our legal system.

EC 7-38. A lawyer should be courteous to opposing counsel and should accede to reasonable requests regarding court proceedings, settings, continuances, waiver of procedural formalities, and similar matters which do not prejudice the rights of his client. He should follow local customs of courtesy or practice, unless he gives timely notice to opposing counsel of his intention not to do so. A lawyer should be

punctual in fulfilling all professional commitments.

EC 7-39. In the final analysis, proper functioning of the adversary system depends upon cooperation between lawyers and tribunals in utilizing procedures which will preserve the impartiality of the tribunal and make their decisional processes prompt and just, without impinging upon the obligation of the lawyer to represent his client zealously within the framework of the law.

DR 7-104. Communicating With One of Adverse Interest

(A) During the course of his representation of a client a lawyer shall not:

Canon 8

A Lawyer Should Assist in Improving the Legal System

ETHICAL CONSIDERATIONS

EC 8-1. Changes in human affairs and imperfections in human institutions make necessary constant efforts to maintain and improve our legal system. This system should function in a manner that commands public respect and fosters the use of legal remedies to achieve redress of grievances. By reason of education and experience, lawyers are especially qualified to recognize deficiencies in the legal system and to initiate corrective measures therein. Thus they should participate in proposing and supporting legislation and programs to improve the system, without regard to the general interests or desires of clients or former clients.

EC 8-2. Rules of law are deficient if they are not just, understandable, and responsive to the needs of society. If a lawyer believes that the

existence or absence of a rule of law, substantive or procedural, causes or contributes to an unjust result, he should endeavor by lawful means to obtain appropriate changes in the law. He should encourage the simplification of laws and the repeal or amendment of laws that are outmoded. Likewise, legal procedures should be improved whenever experience indicates a change is needed.

EC 8-3. The fair administration of justice requires the availability of competent lawyers. Members of the public should be educated to recognize the existence of legal problems and the resultant need for legal services, and should be provided methods for intelligent selection of counsel. Those persons unable to pay for legal services should be provided needed services. Clients and lawyers should not be penalized by undue geographical restraints upon representation in legal matters, and the bar should address itself to improvements in licensing, reciprocity, and admission procedures consistent with the needs of modern commerce.

EC 8-4. Whenever a lawyer seeks legislative or administrative changes, he should identify the capacity in which he appears, whether on behalf of himself, a client, or the public. A lawyer may advocate such changes on behalf of a client even though he does not agree with them. But when a lawyer purports to act on behalf of the public, he should espouse only those changes which he conscientiously believes to be in the public interest.

EC 8-5. Fraudulent, deceptive, or otherwise illegal conduct by a participant in a proceeding before a tribunal or legislative body is inconsistent with fair administration of justice, and it should never be participated in or condoned by lawyers. Unless constrained by his obligation to preserve the confidences and secrets of his client, a lawyer should reveal to appropriate authorities any knowledge he may have of such improper conduct.

EC 8-6. Judges and administrative officials having adjudicatory powers ought to be persons of integrity, competence, and suitable temperament. Generally, lawyers are qualified, by personal observation or investigation, to evaluate the qualifications of persons seeking or being considered for such public offices, and for this reason they have a special responsibility to aid in the selection of only those who are qualified. It is the duty of lawyers to endeavor to prevent political considerations from outweighing judicial fitness in the selection of judges. Lawyers should protest earnestly against the appointment or election of those who are unsuited for the bench and should strive to have elected or appointed thereto only those who are willing to forego pursuits, whether of a business, political, or other nature, that may interfere with the free and fair consideration of questions presented for adjudication. Adjudicatory officials, not being wholly free to defend themselves, are entitled to receive the support of the bar against unjust

criticism. While a lawyer as a citizen has a right to criticize such officials publicly, he should be certain of the merit of his complaint, use appropriate language, and avoid petty criticisms, for unrestrained and intemperate statements tend to lessen public confidence in our legal system. Criticisms motivated by reasons other than a desire to improve the legal system are not justified.

EC 8-7. Since lawyers are a vital part of the legal system, they should be persons of integrity, of professional skill, and of dedication to the improvement of the system. Thus a lawyer should aid in establishing, as well as enforcing, standards of conduct adequate to protect the public by insuring that those who practice law are qualified to do so.

EC 8-8. Lawyers often serve as legislators or as holders of other public offices. This is highly desirable, as lawyers are uniquely qualified to make significant contributions to the improvement of the legal system. A lawyer who is a public officer, whether full or part-time, should not engage in activities in which his personal or professional interests are or foreseeably may be in conflict with his official duties.

EC 8-9. The advancement of our legal system is of vital importance in maintaining the rule of law and in facilitating orderly changes; therefore, lawyers should encourage, and should aid in making, needed changes and improvements.

DISCIPLINARY RULES

DR 8-101. Action as a Public Official

(A) A lawyer who holds public office shall not:

(1) Use his public position to obtain, or attempt to obtain, a special advantage in legislative matters for himself or for a client under circumstances where he knows or it is obvious that such action is not in the public interest.

(2) Use his public position to influence, or attempt to influence, a tribunal to act in favor of himself or of a client.

(3) Accept any thing of value from any person when the lawyer knows or it is obvious that the offer is for the purpose of influencing his action as a public official.

DR 8-102. Statements Concerning Judges and Other Adjudicatory Officers

(A) A lawyer shall not knowingly make false statements of fact concerning the qualifications of a candidate for election or appointment to a judicial office.

(B) A lawyer shall not knowingly make false accusations against a judge or other adjudicatory officer.

Canon 9

A Lawyer Should Avoid Even the Appearance of Professional Impropriety

ETHICAL CONSIDERATIONS

EC 9-1. Continuation of the American concept that we are to be governed by rules of law requires that the people have faith that justice can be obtained through our legal system. A lawyer should promote public confidence in our system and in the legal profession.

EC 9-2. Public confidence in law and lawyers may be eroded by irresponsible or improper conduct of a lawyer. On occasion, ethical conduct of a lawyer may appear to laymen to be unethical. In order to avoid misunderstandings and hence to maintain confidence, a lawyer should fully and promptly inform his client of material developments in the matters being handled for the client. While a lawyer should guard against otherwise proper conduct that has a tendency to diminish public confidence in the legal system or in the legal profession, his duty to clients or to the public should never be subordinate merely because the full discharge of his obligation may be misunderstood or may tend to subject him or the legal profession to criticism. When explicit ethical guidance does not exist, a lawyer should determine his conduct by acting in a manner that promotes public confidence in the integrity and efficiency of the legal system and the legal profession.

EC 9-3. After a lawyer leaves judicial office or other public employment, he should not accept employment in connection with any matter in which he had substantial responsibility prior to his leaving, since to accept employment would give the appearance of impropriety even if none exists.

EC 9-4. Because the very essence of the legal system is to provide procedures by which matters can be presented in an impartial manner so that they may be decided solely upon the merits, any statement or suggestion by a lawyer that he can or would attempt to circumvent those procedures is detrimental to the legal system and tends to undermine public confidence in it.

EC 9-5. Separation of the funds of a client from those of his lawyer not only serves to protect the client but also avoids even the appearance of impropriety, and therefore commingling of such funds should be avoided.

EC 9-6. Every lawyer owes a solemn duty to uphold the integrity and honor of his profession; to encourage respect for the law and for the courts and the judges thereof; to observe the Code of Professional Responsibility; to act as a member of a learned profession, one dedicated to public service; to cooperate with his brother lawyers in supporting the organized bar through the devoting of his time, efforts, and financial support as his professional standing and ability reasonably permit; to

conduct himself so as to reflect credit on the legal profession and to inspire the confidence, respect, and trust of his clients and of the public; and to strive to avoid not only professional impropriety but also the appearance of impropriety.

DISCIPLINARY RULES

DR 9-101. Avoiding Even the Appearance of Impropriety

(A) A lawyer shall not accept private employment in a matter upon the merits of which he has acted in a judicial capacity.

(B) A lawyer shall not accept private employment in a matter in which he had substantial responsibility while he was a public employee.

(C) A lawyer shall not state or imply that he is able to influence improperly or upon irrelevant grounds any tribunal, legislative body, or public official.

DR 9-102. Preserving Identity of Funds and Property of a Client

(A) All funds of clients paid to a lawyer or law firm, other than advances for costs and expenses, shall be deposited in one or more identifiable bank accounts maintained in the state in which the law office is situated and no funds belonging to the lawyer or law firm shall be deposited therein except as follows:

(1) Funds reasonably sufficient to pay bank charges may be deposited therein.

(2) Funds belonging in part to a client and in part presently or potentially to the lawyer or law firm must be deposited therein, but the portion belonging to the lawyer or law firm may be withdrawn when due unless the right of the lawyer or law firm to receive it is disputed by the client, in which event the disputed portion shall not be withdrawn until the dispute is finally resolved.

(B) A lawyer shall:

(1) Promptly notify a client of the receipt of his funds, securities, or other properties.

(2) Identify and label securities and properties of a client promptly upon receipt and place them in a safe deposit box or other place of safekeeping as soon as practicable.

(3) Maintain complete records of all funds, securities, and other properties of a client coming into the possession of the lawyer and render appropriate accounts to his client regarding them.

(4) Promptly pay or deliver to the client as requested by a client the funds, securities, or other properties in the possession of the lawyer which the client is entitled to receive.

b. **Definitions.**¹ As used in the above Disciplinary Rules of the Code of Professional Responsibility:

(1) "Differing interest" include every interest that will adversely affect either the judgment or the loyalty of a lawyer to a client, whether it be a conflicting, inconsistent, diverse, or other interest.

(2) "Law firm" includes a professional legal corporation.

(3) "Person" includes a corporation, an association, a trust, a partnership, and any other organization or legal entity.

(4) "Professional legal corporation" means a corporation, or an association treated as a corporation, authorized by law to practice law for profit.

(5) "State" includes the District of Columbia, Puerto Rico, and other federal territories and possessions.

(6) "Tribunal" includes all courts and all other adjudicatory bodies.

(7) "A bar association representative of the general bar" includes a bar association of specialists as referred to in DR 2-105(A)(1) or (4).

Adopted Dec. 20, 1971.

¹"Confidence" and "secret" are defined in DR 4-101(A).

Sec. 9. Professional Misconduct

a. Professional misconduct consists of any of the following:

(1) Misconduct as specified in DR 1-102, Code of Professional Responsibility; and

(2) A violation of Art. 430, Penal Code (Barratry).

b. Professional Misconduct constitutes grounds for disciplinary action regardless of whether the act or acts in question may constitute an offense under the Penal Code of this State, and whether the accused member is being prosecuted for, or has been acquitted of the violation of the Penal Code.

c. Disbarment shall be compulsory as provided in Sec. 6 of Art. 320a-1 (State Bar Act).

d. The Code of Professional Responsibility is cumulative of all laws of the State of Texas relating to the professional conduct of lawyers and to the practice of law.

[Jan. 22, 1957; Dec. 20, 1971.]

Sec. 10. Four-year Limitation Rule and Exceptions

Except in cases where disbarment is compulsory under Section 9, no member shall be reprimanded, suspended, or disbarred for misconduct occurring more than four years prior to the time of filing of a complaint with the Grievance Committee; but limitation will not run where fraud or concealment is involved until such misconduct is discovered or should have been discovered by reasonable diligence. The complaint shall be considered as filed when made in writing to the Committee or any member thereof.

In cases where the accused attorney has been found guilty of professional misconduct,

evidence may be introduced after the close of the trial, relating to misconduct otherwise barred by limitation, for consideration in determining the punishment to be decreed.

[Jan. 22, 1957.]

Sec. 11. Complaints, Filing of

It shall be the duty of each District Grievance Committee and its members to receive complaints of professional misconduct, alleged to have been committed by an attorney within the district, or by an attorney having his office or residence therein; and each Committee member shall report to his committee any case of professional misconduct which shall come or be brought to his attention. The Committee may, in any case, require a sworn statement setting forth the matter complained of as a condition to taking further action.

[Jan. 22, 1957.]

Sec. 12. Complaints, Investigation of

The Committee shall make such investigation of each complaint as it may deem appropriate under the circumstances of the case, preliminary to taking action as set forth under Section 16. In conducting a hearing as a part of any investigation, the Committee may require testimony to be given under oath or affirmation. The name of the accused member and the proceedings shall be kept private, so far as is consistent with development of the facts. Where the complaint appears to be of such nature as will not call for disciplinary action and can probably be dismissed without the necessity of hearing the accused attorney, the Committee need not notify him of the filing of the complaint.

[Jan. 22, 1957.]

Sec. 13. Notices Issued to Witnesses

In any investigation or hearing before the Grievance Committee, it may require the attendance of witnesses and the production of documentary or other evidence by issuing notices to witnesses, ordering them to appear and testify or to produce said documentary or other evidence. Such notices shall be issued at the request of the Committee, or the accused attorney, but in the latter case without expense to the State Bar. Such notice must be in writing and signed by the presiding member of the Committee, and shall notify the witness of the time and place he is to appear. If the witness is commanded to produce documentary or other evidence, the notice shall contain a brief description of such evidence.

[Jan. 22, 1957.]

Sec. 14. Service of Notices to Witnesses

Notice to a witness shall be served on the witness personally or by mailing the same to him by registered mail, return receipt requested. Proof of service may be made by certificate of the person making the same, with return receipt attached when made by registered mail.

[Jan. 22, 1957.]

Sec. 15. Examination of Witness before District Judge; Procedure

If any witness, other than the accused attorney, after such notice has been given, fails or refuses to appear before the Committee, or to produce books, papers, documents, letters, or other evidence described in the notice, or refuses to be sworn, or testify, or if a witness is not a resident of, or is not to be found in, the county in which the hearing is being held, such witness shall be compelled by a Judge of any district court to appear and testify at a hearing before such judge in the same manner as witnesses may be compelled to appear and testify in a civil suit in the district court. Application for such hearing may be filed by any party to such proceeding in any district court of the county in which such witness resides or may be found. The judge shall fix by order a time and place for such hearing and shall provide for such notice to the Grievance Committee and the accused attorney as he deems proper. If such witness fails to appear, or testify, or produce such documentary or other evidence as may be requested, he shall be punished as in cases of contempt.

[Jan. 22, 1957.]

Sec. 16. Complaints, Action on, after Investigation

At the conclusion of its investigation, the Committee shall take action on the complaint in one of the following ways:

(a) If the Committee shall be of the opinion that no disciplinary action is warranted, it shall dismiss the complaint and notify the complainant, and the accused attorney also, if he shall have had notice of the complaint.

(b) If, in a case where the accused has had notice of the complaint and opportunity to be heard, the Committee shall decide that he should be reprimanded, the reprimand shall be reduced to writing. At its discretion, the Committee may require the accused to appear before it for delivery of the reprimand, or it may send a copy thereof to him by registered mail; and it shall determine what publicity, if any, shall be given the reprimand.

If the accused shall deem the reprimand unwarranted, he may, within ten days after delivery or mailing thereof, file suit in the district court of the county of his residence to set the same aside, failing which, the reprimand shall become final, and a copy thereof, together with a copy of the complaint, shall be mailed to the Clerk of the Supreme Court, also to the Secretary of the State Bar, and a memorandum of the reprimand shall be made on the membership rolls kept by said Clerk. At the discretion of the Committee, a third copy of the reprimand may be delivered to the Clerk of the District Court of the residence or office address of the attorney for entry upon the minutes of the court.

(c) If the Committee shall be of the opinion that the license of the accused should be revoked, or suspended for a period not to exceed three years, and shall have reason to believe the accused will accept its action as final, it shall prepare a form of judgment and submit the same to him; and upon his agreement to its entry, evidenced by memorandum in writing signed and acknowledged by him, the Committee shall enter judgment accordingly, and the same shall have the force and effect of a judgment of the District Court of the county of the residence of the accused. Copies of the judgment, together with copies of the complaint, shall be mailed to the Secretary of the State Bar, the Clerk of the Supreme Court, and the Clerk of the District Court of the county of residence of the accused, in the last case for entry upon the minutes of court. If the attorney's license has been revoked, the Clerk of the Supreme Court shall strike his name from the rolls; if suspended, the said Clerk shall strike the name from the rolls for the time suspended.

(d) In other cases, the Committee shall direct procedure by Formal Complaint as hereinafter set forth.

The order should be to the effect that license of the party to practice law in the State of Texas is thereby revoked, or suspended for the period stated, as the case may be, and that copies of the judgment be transmitted pursuant to Section 16(c). Sec. 23. Counsel for Prosecution of Disciplinary Actions

Also, upon request made by the Committee to the District Attorney of the county in which the action is to be

tried, it shall be his duty to represent it in such actions, either alone or in association with counsel for the Committee, at the option of the Committee.

If the judgment be one finding the defendant guilty as aforesaid, it shall direct transmittal of certified copies of the judgment and complaint to the Secretary of the State Bar and the Clerk of the Supreme Court; and the latter shall make proper notation on the membership rolls.

At any time after the expiration of five years from the date of final judgment of disbarment of a member, he may petition the District Court of the county of his residence for reinstatement. The petition shall allege in substance that petitioner at the time of filing is of good moral character, and since his disbarment, has been living a life of generally good conduct, and that he has made full amends and restitution to all persons, if any, naming them, who may have suffered pecuniary loss by reason of the misconduct for which he was disbarred. The petition shall state the name and address of the Chairman of the District Grievance Committee and the name and address of the Secretary of the State Bar.

[Jan. 22, 1957.]

Sec. 33. Notice, Hearing and Judgment

The court shall examine the petition and, if satisfied that it states sufficient grounds to authorize reinstatement under these rules, shall fix by order endorsed on the petition a time and place for a hearing, and shall direct the clerk to serve each of the parties required to be named in the petition, by mailing to each of them by registered mail, return receipt requested, a certified copy of such petition and order. Thereafter, in term time or vacation, after the expiration of not less than fifteen days from the date of mailing of such notices, the court shall proceed without the aid of a jury to hear testimony both for and against the petitioner. rendering judgment. Either party to such hearing shall have the right of appeal from the judgment as provided in this Article. E. MENTAL INCOMPETENCE

Sec. 34. Suspension and Reinstatement

The license to practice of any member who is mentally unfit and attempting to conduct the practice of law, may be suspended as provided in this rule:

a. Grounds for suspension. The license to practice of any member shall be suspended upon a finding that the member: (1) has been judicially declared to be mentally incompetent, or (2) is mentally unfit to practice law and that such member is attempting to conduct the practice of law.

b. Procedure. The procedure for suspension under this rule is the same procedure provided for the discipline of members for professional misconduct, subject to the following provisions:

(1) A member not represented by counsel shall be represented by counsel appointed by the Court.

(2) Suspension under this rule shall not be for a definite period of time but shall be until the member is reinstated in accordance with the provisions of this rule.

(3) Disciplinary proceedings may not be instituted or maintained against a member while his license to practice is suspended under this rule, provided, however, the period of limitations specified in Section 10 is tolled during the time such suspension is in effect.

c. Reinstatement. A member whose license to practice has been suspended under this rule may be reinstated upon application, as follows:

(1) Application. Application for reinstatement shall be by written petition, verified and filed in the District Court of the county of residence of the applicant or in the District Court that suspended the applicant's license to practice. The application shall state the name, age, residence and address of the applicant, the court in which he was suspended together with the number and style of that case, a detailed description of applicant's activities since suspension including the

facts of any employment, the details concerning hospitalization and medical treatment of applicant since his suspension, the facts and circumstances that in the opinion of applicant entitle him to be reinstated, and any other matters believed by applicant to be relevant to his application. The application shall also state the name and address of the Chairman of the District Grievance Committees where he presently resides and where his license to practice was suspended and the name and address of the Executive Director of the State Bar.

(2) Supporting documents. If the applicant has been restored to competency by an order of a court of competent jurisdiction, a certified copy of the order shall accompany his application. If applicant has been treated by a physician with respect to matters involved in his suspension, a letter from the physician concerning the current condition of the applicant shall accompany his application. An applicant who is unable to supply a supporting document required by this rule shall satisfy the court that applicant in good faith and with due diligence attempted to supply the supporting document.

(3) Time for filing application. An applicant's first application for reinstatement may be filed at any time after his license to practice has been suspended under the rule. If the first application is denied after a hearing on its merits, a second application for reinstatement may be filed at any time after the expiration of six months from the date of denial of the first application. Subsequent applications shall not be filed until after the expiration of one year from the date of denial on its merits of the next proceeding application.

(4) Notice, hearing and judgment. The procedure for reinstatement under this rule is the same as provided in Section 33 of Article XII of the State Bar Rules.

Clerks of court, sheriffs, and other officers shall receive the same fee for their services in carrying out the applicable provisions of these rules as such officers would receive if performing similar services in connection with other suits.

[Jan. 22, 1957.]

**ARTICLE XIII. UNAUTHORIZED
PRACTICE OF LAW**

Order of the Supreme Court dated December 20, 1971, amended Articles XII and XIII by promulgating a new Code of Professional Responsibility in Section 8 of Article XII, consisting of nine Canons of Ethics, to replace the forty-three canons appearing in Article XIII, Section 3, and by making other changes in these articles in conformity therewith.

Article XIII incorporates the provisions of former sections 34 and 37 to 41 of Article XII.

A. GRIEVANCE COMMITTEE MAY ACT

It shall be the duty of each Grievance Committee and its members to receive complaints of unauthorized practice of the law by laymen and lay agencies, and the participation of attorneys therein. In each case, the Committee shall make such investigation as it deems appropriate, in which connection it shall have the benefit of Sections 13, 14 and 15.

Each Grievance Committee may institute and prosecute suits or proceedings to suppress, prohibit, or prevent such unauthorized practice, or take such other action as it may deem advisable. Authority to file suit in the name of the Committee may be conferred by resolution adopted at a meeting, or without a meeting, by individual authorization of a majority of the members. Section 23, with reference to representation by counsel, shall also apply in unauthorized practice suits or proceedings, but nothing herein shall be construed as requiring procedure by Formal Complaint, except in actions against attorneys seeking suspension or disbarment.

The Board of Directors may from time to time employ a suitable person or persons to make investigation of the unauthorized practice of law, or of the participation of attorneys therein, or to perform such other duties as the Board may require, such persons to receive compensation as fixed by the Board.

These rules shall be cumulative of all other laws relating to the unauthorized or the unlaw-

ful practice of the law, and nothing herein shall be construed as affecting the right of any lawyer or group or association of lawyers to sue on behalf of the profession.

**B. UNAUTHORIZED PRACTICE
COMMITTEE****Sec. 37. Unauthorized Practice Committee,
Appointment of**

The President shall appoint an Unauthorized Practice Committee of the State Bar, to consist of seven members who, except as herein provided, shall serve for a term of three years, beginning with the adjournment of the annual meeting of the State Bar, all members of the Committee being eligible to re-appointment. The President shall designate each year which member shall act as Chairman. A majority of the Committee shall constitute a quorum.

Since the Committee as constituted at present consists of nine members with staggered terms of three years, the President, in making the first appointment after this amended rule has been adopted and become effective, shall appoint but one member. The following year, the President shall appoint one member for a two-year term and two for three-year terms, to the end that thereafter the terms of no fewer than two or more than three members shall expire each year.

**Sec. 38. Unauthorized Practice Committee,
Functions of**

The Unauthorized Practice Committee shall keep itself and the State Bar informed with respect to the unauthorized practice of the law by laymen and lay agencies and the participation of attorneys therein, and concerning methods for the prevention thereof. The Committee shall seek the elimination of such unauthorized practice by such action and methods as may be appropriate for that purpose, including the cooperation with, and advice and assistance to, the Grievance Committee and to Bar association committees.

**Sec. 39. Unauthorized Practice Committee,
Suits by**

The Unauthorized Practice Committee shall have concurrent jurisdiction with the Grievance Committees so far as concerns institution of unauthorized practice suits and proceedings, as set forth under the State Bar Rules, and authority to file suit in the name of the Committee may be conferred by resolution adopted at a meeting, or without a meeting, by individual authorization of a majority of the members.

Sec. 40. Conferences with Lay Groups

Conferences with representatives of lay groups, whose activities may approach the practice of law, for the purpose of promoting the cooperation of such groups shall be under the supervision of the Unauthorized Practice Committee. Upon request by the Chairman, the President shall appoint a special Conference

Committee for conference with a specific lay group. Any Statements of Principles (or Policies) entered into in such conferences, along the line of those promulgated by National Conference Committees, shall be entered into subject to the approval of the Board of Directors.

Sec. 41. Application of Miscellaneous Provisions to Unauthorized Practice Committee

The Miscellaneous Provisions of Article XII of the State Bar Rules (Sections 35 and 36) shall apply also with respect to the Unauthorized Practice Committee and its operations.
