2. Shall pay on behalf of the insured named therein and any other person, as insured, using any such motor vehicle or motor vehicles with the express or implied permission of such named insured, all sums which the insured shall become legally obligated to pay as damages arising out of the ownership, maintenance or use of such motor vehicle or motor vehicles within the United States of America or the Dominion of Canada, subject to limits exclusive of interest and costs, with respect to each such motor vehicle, as follows: Ten Thousand Dollars ($10,000) because of bodily injury to or death of one person in any one accident and, subject to said limit for one person, Twenty Thousand Dollars ($20,000) because of bodily injury to or death of two (2) or more persons in any one accident, and Five Thousand Dollars ($5,000) because of injury to or destruction of property of others in any one accident. The policy may exclude coverage of the first Two Hundred Fifty Dollars ($250) of liability for bodily injury to or death of any one person in any one accident, and, subject to that exclusion for one person, may exclude coverage for the first Five Hundred Dollars ($500) of liability for the bodily injury to or death of two (2) or more persons in any one accident and may exclude coverage for the first Two Hundred Fifty Dollars ($250) of liability for the injury to or destruction of property of others in any one accident.

(c) Such operator's policy of liability insurance shall pay on behalf of the insured named therein all sums which the insured shall become legally obligated to pay as damages arising out of the use by him of any motor vehicle not owned by him, within the same territorial limits and subject to the same limits of liability as are set forth above with respect to an owner's policy of liability insurance.

(d) Such motor vehicle liability policy shall state the name and address of the named insured, the coverage afforded by the policy, the premium charged therefor, the policy period and the limits of liability, and shall contain an agreement or be endorsed that insurance is provided thereunder in accordance with the coverage defined in this Act as respects bodily injury and death or property damage, or both, and is subject to all the provisions of this Act.

(e) Such motor vehicle liability policy shall not insure:

1. Any obligation for which the insured or any company as his insurer may be held liable under any workmen's compensation law;

2. Any liability on account of bodily injury to or death of any employee of the insured while engaged in the employment, other than domestic, of the insured, or in domestic employment if benefits therefor are either payable or required to be provided under any workmen's compensation law; nor

3. Any liability because of injury to or destruction of property owned by, rented to, in charge of or transported by the insured.
(f) Every motor vehicle liability policy shall be subject to the following provisions which need not be contained therein:

1. The liability of the insurance company with respect to the insurance required by this Act shall become absolute whenever injury or damage covered by said motor vehicle liability policy occurs; said policy may not be canceled or annulled as to such liability by any agreement between the insurance company and the insured after the occurrence of the injury or damage; no statement made by the insured or on his behalf and no violation of said policy shall defeat or void said policy;

2. The satisfaction by the insured of a judgment for such injury or damage shall not be a condition precedent to the right or duty of the insurance company to make payment on account of such injury or damage;

3. The insurance company shall have the right to settle any claim covered by the policy, and if such settlement is made in good faith, the amount thereof shall be deductible from the limits of liability specified in Subdivision 2 of Subsection (b) of this Section;

4. The policy, the written application therefor, if any, and any rider or endorsement which does not conflict with the provisions of the Act shall constitute the entire contract between the parties.

(g) Any policy which grants the coverage required for a motor vehicle liability policy may also grant any lawful coverage in excess of or in addition to the coverage specified for a motor vehicle liability policy and such excess or additional coverage shall not be subject to the provisions of this Act. With respect to a policy which grants such excess or additional coverage the term "motor vehicle liability policy" shall apply only to that part of the coverage which is required by this Section.

(h) Any motor vehicle liability policy may provide that the insured shall reimburse the insurance company for any payment the insurance company would not have been obligated to make under the terms of the policy except for the provisions of this Act.

(i) Any motor vehicle liability policy may provide for the prorating of the insurance thereunder with other valid and collectible insurance.

(j) The requirements for a motor vehicle liability policy may be fulfilled by the policies of one (1) or more insurance companies which policies together meet such requirements.

(k) Any binder issued pending the issuance of a motor vehicle liability policy shall be deemed to fulfill the requirements for such a policy.

Notice of Cancellation or Termination of Certified Policy

Sec. 22. When an insurance company has certified a motor vehicle liability policy under Section 19 or a policy under Section 20, the insurance so certified shall not be canceled or terminated until at least five (5) days after a notice of cancellation or termination of the liability insurance so certified shall be received in the office of the Department, except that such a policy subsequently procured and certified shall, on the effective date of its certification, terminate the insurance previously certified with respect to any motor vehicle designated in both certificates.

Act Not to Affect Other Policies

Sec. 23. (a) This Act shall not be held to apply to or affect policies of motor vehicle insurance against liability which may now or hereafter be required by any other law of this State, and such policies, if they contain an agreement or are endorsed to conform to the requirements of this Act, may be certified as proof of financial responsibility under this Act.

(b) This Act shall not be held to apply to or affect policies insuring solely the insured named in the policy against liability resulting from the maintenance or use by persons in the insured's employ or on his behalf of motor vehicles not owned by the insured.

Bond as Proof

Sec. 24. (a) Proof of financial responsibility may be furnished by filing a bond with the Department, accompanied by the statutory recording fee of the County Clerk to cover the cost of recordation of the notice provided for herein, and with at least two (2) individual sureties each owning real estate within this State, not exempt under the Constitution or laws of the State of Texas, and together having equities equal in value to at least twice the amount of such bond. Such real estate shall be scheduled in the bond approved by a judge of a court of record, and shall be certified by the tax assessor and collector of the county where the property is situated as being free from any tax liens. Such bond shall be conditioned for payments in amounts and under the same circumstances as would be required in a motor vehicle liability policy, and shall not be cancelable except after five (5) days written notice is received by the Department, but cancellation shall not prevent recovery with respect to any right or cause of action arising prior to the date of cancellation. Such bond shall constitute a lien in favor of the State upon the real estate so scheduled of any surety, which lien shall exist in favor of any holder of a final judgment against the person who has filed such bond. Notice to that effect, which shall include a description of the real estate so scheduled in the bond, shall be filed by the Department in the office of the County Clerk of the county where such real estate is situated. Such notice shall be accompanied by the statutory fee for the services of the County Clerk in connection with the recordation of such notice, and the County Clerk or his deputy, upon receipt of such notice, shall acknowledge and
cause the same to be recorded in the lien records. Recordation shall constitute notice as provided by the statutes governing the recordation of liens on real estate.

(b) If a judgment, rendered against the principal on such real estate bond, shall not be satisfied within sixty (60) days after it has become final, the judgment creditor may, for his own use and benefit and at his sole expense, bring an action or actions in the name of the State against the persons who executed such bond, including an action or proceeding to foreclose any lien that may exist upon the real estate of a person who has executed such bond, which foreclosure action shall be brought in like manner and subject to all the provisions of law applicable to an action to foreclose a mortgage on real estate.

Money or Securities as Proof

Sec. 25. (a) Proof of financial responsibility may be evidenced by the certificate of the State Treasurer that the person named therein has deposited with him Twenty-five Thousand Dollars ($25,000) in cash, or securities such as may legally be purchased by savings banks or for trust funds of a market value of Twenty-five Thousand Dollars ($25,000). The State Treasurer shall not accept any such deposit and issue a certificate therefor and the Department shall not accept such certificate, unless accompanied by evidence that there are no unsatisfied judgments of any character against the depositor in the county where the depositor resides.

(b) Such deposit shall be held by the State Treasurer to satisfy, in accordance with the provisions of this Act, any execution on a judgment issued against such person making the deposit, for damages, including damages for care and loss of services, because of bodily injury to or death of any person, or for damages because of injury to or destruction of property, including the loss of use thereof, resulting from the ownership, maintenance, use or operation of a motor vehicle after such deposit was made. Money or securities so deposited shall not be subject to attachment or execution unless such attachment or execution shall arise out of a suit for damages as aforesaid.

Owner May Give Proof for Others

Sec. 26. Whenever any person required to give proof of financial responsibility hereunder is or later becomes an operator in the employ of any owner, or is or later becomes a member of the immediate family or household of the owner, the Department shall accept proof given by such owner in lieu of proof by such other person to permit such other person to operate a motor vehicle for which the owner has given proof as herein provided. The Department shall designate the restrictions imposed by this Section on the face of such person's license.

Substitution of Proof

Sec. 27. The Department shall consent to the cancellation of any bond or certificate of insurance or the Department shall direct and the State Treasurer shall return any money or securities to the person entitled thereto upon the substitution and acceptance of other adequate proof of financial responsibility pursuant to this Act.

Other Proof May be Required

Sec. 28. Whenever any proof of financial responsibility filed under the provisions of this Act no longer fulfills the purposes for which required, the Department shall for the purpose of this Act, require other proof as required by this Act and shall suspend the license and all registrations or any nonresident's operating privilege pending the filing of such other proof.

Duration of Proof—When Proof May be Cancelled or Returned

Sec. 29. The Department shall upon request consent to the immediate cancellation of any bond or certificate of insurance, or the Department shall direct and the State Treasurer shall return to the person entitled thereto any money or securities deposited pursuant to this Act as proof of financial responsibility, or the Department shall waive the requirement of filing proof, in any of the following events:

1. At any time after five (5) years from the date such proof was required when, during the five-year period preceding the request, the Department has not received record of a conviction or a forfeiture of bail which would require or permit the suspension or revocation of the license, registration or nonresident's operating privilege of the person by or for whom such proof was furnished; or

2. In the event of the death of the person on whose behalf such proof was filed or the permanent incapacity of such person to operate a motor vehicle; or

3. In the event the person who has given proof surrenders his license and registration to the Department;

Provided, however, that the Department shall not consent to the cancellation of any bond or the return of any money or securities in the event any action for damages upon a liability covered by such proof is then pending or any judgment upon any such liability is then unsatisfied, or in the event the person who has filed such bond or deposited such money or securities has, within two (2) years immediately preceding such request, been involved as an operator or owner in any motor vehicle accident resulting in injury or damage to the person or property of others. An affidavit of the applicant as to the nonexistence of such facts, or that he has been released from all of his liability, or has been finally adjudicated not to be liable, for such injury or damage, shall be sufficient evidence thereof in the absence of evidence to the contrary in the records of the Department.
Whenever any person whose proof has been cancelled or returned under Subdivision 3 of this Section applies for a license or registration within a period of five (5) years from the date proof was originally required, any such application shall be refused unless the applicant shall re-establish such proof for the remainder of such five-year period.

**ARTICLE V—VIOLATION OF PROVISIONS OF ACT—PENALTIES**

**Transfer of Registration to Defeat Purpose of Act Prohibited**

Sec. 30. If an owner's registration has been suspended hereunder, such registration shall not be transferred nor the motor vehicle in respect of which such registration was issued registered in any other name until the Department is satisfied that such transfer of registration is proposed in good faith and not for the purpose or with the effect of defeating the purposes of this Act. Nothing in this Section shall in any wise affect the rights of any conditional vendor, chattel mortgagee or lessor of a motor vehicle registered in the name of another as owner who becomes subject to the provisions of this Section.

**Surrender of License and Registration**

Sec. 31. Any person whose license or registration shall have been suspended as herein provided, or whose policy of insurance or bond, when required under this Act, shall have been cancelled or terminated or who shall neglect to furnish other proof upon request of the Department, shall return his license and registration to the Department within ten (10) days after receiving notice from the Department in writing, either by personal delivery thereof to the person to be so notified or by deposit in the United States mail of such notice in an envelope with postage prepaid, addressed to such person at the last address supplied to the Department by the licensee, which notice shall be presumed to be complete upon the expiration of nine (9) days after such is deposited in the United States mail. If any person shall fail to return to the Department the license or registration as provided herein, the Department shall forthwith direct any employee of the Department to secure possession thereof and to return the same to the Department. The Director of the Department of Public Safety, or a person designated by him, may file a complaint in any court of competent jurisdiction under Subsection (d) of Section 32 against any person whom he has reason to believe has wilfully failed to return license or registration as required herein. Proof of the giving of notice in either such manner as above set out may be made by the certificate of any employee of the Department that such notice was prepared in the regular course of business and placed in the United States mail as a part of the regular organized activity of the Department, or, if given in person, by certificate of the employee of the Department, naming the person to whom such notice was given and specifying the time, place and manner of the giving thereof.

**Other Violations—Penalties**

Sec. 32. (a) Failure to report an accident as required in Section 4 shall be punished by a fine not in excess of Twenty-five Dollars ($25), and in the event of injury or damage to the person or property of another in such accident, the Department shall suspend the license of the person failing to make such report, or the non-resident's operating privilege of such person, until such report has been filed and for such further period not to exceed thirty (30) days as the Department may fix.

(b) Any person who gives information required in a report or otherwise as provided for in Section 4, knowing or having reason to believe that such information is false, or who shall forge or, without authority, sign any evidence of proof of financial responsibility, or who files or offers for filing any such evidence of proof knowing or having reason to believe that it is forged or signed without authority, shall be fined not more than One Thousand Dollars ($1,000) or imprisoned for not more than one year, or both.

(c) Any person whose license or registration or non-resident's operating privilege has been suspended or revoked under this Act and who, during such suspension or revocation drives any motor vehicle upon any highway or knowingly permits any motor vehicle owned by such person to be operated by another upon any highway, except as permitted under this Act, shall be fined not more than Five Hundred Dollars ($500) or imprisoned not exceeding six (6) months, or both.

(d) Any person wilfully failing to return license or registration as required in Section 31 shall be fined not more than Two Hundred Dollars ($200).

(e) Any person who shall violate any provision of this Act for which no penalty is otherwise provided shall be fined not more than Five Hundred Dollars ($500) or imprisoned not more than ninety (90) days, or both.

(f) Any person who is required to maintain proof of financial responsibility under this Act and who, during the period financial responsibility is required to be maintained, drives any motor vehicle owned by him upon any highway or knowingly permits any motor vehicle owned by him to be operated by another upon any highway, except as permitted under this Act, when proof of financial responsibility is not in force, shall be fined not more than Five Hundred Dollars ($500) or imprisoned not exceeding six (6) months, or both.

(g) Any case now or hereafter pending on the docket of any court involving prosecution under any provision of this Act shall be given precedence on the docket of such court and prosecution shall proceed with all due diligence.

(1) Accidents and deaths on their streets and highways present a very serious human and economic problem with a major deleterious effect on the public welfare.

(2) There is a vital need for the development of greater interjurisdictional cooperation to achieve the necessary uniformity in the laws, rules, regulations and codes relating to vehicle equipment, and to accomplish this by such means as will minimize the time between the development of demonstrably and scientifically sound safety features and their incorporation into vehicles.

(b) The purposes of this compact are to:

(1) Promote uniformity in regulation of and standards for equipment.

(2) Secure uniformity of law and administrative practice in vehicular regulation and related safety standards to permit incorporation of desirable equipment changes in vehicles in the interest of greater traffic safety.

(3) To provide means for the encouragement and utilization of research which will facilitate the achievement of the foregoing purposes, with due regard for the findings set forth in subdivision (a) of this Article.

ARTICLE II. DEFINITIONS

As used in this compact:

(a) "Vehicle" means every device in, upon or by which any person or property is or may be transported or drawn upon a highway, excepting devices moved by human power or used exclusively upon stationary rails or tracks.

The commission shall be composed of one commissioner from each party state who shall be appointed, serve and be subject to removal in accordance with the laws of the state which he represents. If authorized by the laws of his party state, a commissioner may provide for the discharge of his duties and the performance of his functions on the commission, either for the duration of his membership or for any lesser period of time, by an alternate. No such alternate shall be entitled to serve unless notification of his identity and appointment shall have been given to the commission in such form as the commission may require. Each commissioner, and each alternate, when serving in the place and stead of a commissioner, shall be entitled to be reimbursed by the commission for expenses actually incurred in attending commission meetings or while engaged in the business of the commission.

(b) The commissioners shall be entitled to one vote each on the commission. No action of the commission shall be binding unless taken at a meeting at which a majority of the total number of votes on the commission are cast in favor thereof. Action of the commission shall be only at a meeting at which a majority of the commissioners, or their alternates, are present.

(c) The commission shall have a seal.

(d) The commission shall elect annually, from among its members, a chairman, a vice-chairman and a treasurer. The commission may appoint an Executive Director and fix his duties and compensation. Such Executive Director shall serve at the pleasure of the commission, and together with the Treasurer shall be bonded in such amount as the commission shall determine. The Executive Director also shall serve as secretary. If there be no Executive Director, the commission shall elect a Secretary in addition to the other officers provided by this subdivision.

(e) Irrespective of the civil service, personnel or other merit system laws of any of the party states, the Executive Director with the approval of the commission, or the commission if there be no Executive Director, shall appoint, remove or discharge such personnel as may be necessary for the performance of the commission's functions, and shall fix the duties and compensation of such personnel.

(f) The commission may establish and maintain independently or in conjunction with any one or more of the party states, a suitable retirement system for its full time employees. Employees of the commission shall be eligible for social security coverage in respect of old age and survivor's insurance provided that the commission takes such steps as may be necessary pursuant to the laws of the United States to participate in such program or insurance as a governmental agency or unit. The commission may establish and maintain or participate in such additional program of employee benefits as may be appropriate.

ARTICLE V. VEHICULAR EQUIPMENT

(a) In the interest of vehicular and public safety, the commission may study the need for or desirability of the establishment of or changes in performance requirements of restrictions for any item of equipment. As a result of such study, the commission may publish a report relating to any item or items of equipment, and the issuance of such a report shall be a condition precedent to any proceedings or other action provided or authorized by this Article. No less than sixty days after the publication of a report containing the results of such study, the commission upon due notice shall hold a hearing or hearings at such place or places as it may determine.

(b) Following the hearing or hearings provided for in subdivision (a) of this Article, and with due regard for standards recommended by appropriate professional and technical associations and agencies, the commission may issue rules, regulations or codes embodying performance requirements or restrictions for any item or items of equipment covered in the report, which in the opinion of the commission will be fair and equitable and effectuate the purposes of this compact.

(c) Each party state obligates itself to give due consideration to any and all rules, regulations and codes issued by the commission and hereby declares its policy and intent to be the embodiment of performance requirements or restrictions for such research and testing in any party state.

(d) The commission shall send prompt notice of its action in issuing any rule, regulation or code pursuant to this Article to the appropriate motor vehicle agency of each party state and such notice shall contain the complete text of the rule, regulation or code.

(e) If the constitution of a party state requires, or its Statutes provide, the approval of the Legislature by appropriate resolution or act may be made a condition precedent to the taking effect in such party state of any rule, regulation or code. In such event, the commission of such party state shall submit any commission rule, regulation or code to the Legislature as promptly as may be in lieu of administrative acceptance or rejection thereof by the party state.

(f) Except as otherwise specifically provided in or pursuant to subdivisions (e) and (g) of this Article, the appropriate motor vehicle agency of a party state shall in accordance with its constitution or procedural laws adopt the rule, regulation or code within six months of the sending of the notice, and, upon such adoption, the rule, regulation or code shall have the force and effect of law therein.

(a) The commission shall submit to the executive head or designated officer or officers of each party state a budget of its estimated expenditures for such period as may be required by the laws of that party state for presentation to the Legislature thereof.

(b) Each of the commission's budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states. The total amount of appropriations under any such budget shall be apportioned among the party states as follows: one-third in equal shares, and the remainder in proportion to the number of motor vehicles registered in each party state. In determining the number of such registrations, the commission may employ such source or sources of information as, in its judgment present the most equitable and accurate comparisons among the party states. Each of the commission’s budgets of estimated expenditures and requests for appropriations shall indicate the source or sources used in obtaining information concerning vehicular registrations.

(c) The commission shall not pledge the credit of any party state. The commission may meet any of its obligations in whole or in part with funds available to it under Article III(h) of this compact, provided that the commission takes specific action setting aside such funds prior to incurring any obligation to be met in whole or in part in such manner. Except where the commission makes use of funds available to it under Article III(h) hereof, the commission shall not incur any obligation prior to the allotment of funds by the party states adequate to meet the same.

(d) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its rules. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a qualified public accountant and the report of the audit shall be included in and become a part of the annual reports of the commission.

(e) The accounts of the commission shall be open at any reasonable time for inspection by duly constituted officers of the party states and by any persons authorized by the commission.

(f) Nothing contained herein shall be construed to prevent commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the commission.

ARTICLE VII. CONFLICT OF INTEREST

(a) The commission shall adopt rules and regulations with respect to conflict of interest for the commissioners of the party states, and their alternates, if any, and for the staff of the commission and contractors with the commission to the end that no member or employee or contractor shall have a pecuniary or other incompatible interest in the manufacture, sale or distribution of motor vehicles or vehicular equipment or in any facility or enterprise employed by the commission, or in its behalf, for testing, conduct of investigations or research. In addition to any penalty for violation of such rules and regulations as may be applicable under the laws of the violator’s jurisdiction of residence, employment or business, any violation of a commission rule or regulation adopted pursuant to this Article shall require the immediate discharge of any violating employee and the immediate vacating of membership, or relinquishing of status as a member on the commission by any commissioner or alternate. In the case of a contractor, any violation of any such rule or regulation shall make any contract of the violator with the commission subject to cancellation by the commission.

(b) Nothing contained in this Article shall be deemed to prevent a contractor for the commission from using any facilities subject to his control in the performance of the contract even though such facilities are not devoted solely to work of or done on behalf of the commission; nor to prevent such a contractor from receiving remuneration or profit from the use of such facilities.

ARTICLE VIII. ADVISORY AND TECHNICAL COMMITTEES

The commission may establish such advisory and technical committees as it may deem necessary, membership on which may include private citizens and public officials, and may cooperate with and use the services of any such committees and the organizations which the members represent in furthering any of its activities.

ARTICLE IX. ENTRY INTO FORCE AND WITHDRAWAL

(a) This compact shall enter into force when enacted into law by any six or more states. Thereafter, this compact shall become effective as to any other state upon its enactment thereof.

(b) Any party state may withdraw from this compact by enacting a statute repealing the
same, but no such withdrawal shall take effect until one year after the executive head of the withdrawing state has given notice in writing of the withdrawal to the executive heads of all other party states. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

ARTICLE X. CONSTRUCTION AND SEVERABILITY

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the Constitution of any state or of the United States, the constitutionality of the remainder of this compact shall not be affected thereby. If this compact shall be held contrary to the Constitution of any state participating herein, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the state affected as to all severable matters.

ART. 6701I-4. DRIVING BY CERTAIN MINORS WHILE INTOXICATED; TRAFFIC VIOLATIONS

Sec. 1. Any male minor who has passed his 14th birthday but has not reached his 17th birthday, and any female minor who has passed her 14th birthday but has not reached her 17th birthday, and who drives or operates an automobile or any other motor vehicle on any public road or highway in this state or upon any street or alley within the limits of any city, town or village, or upon any beach as defined in Chapter 430, Acts of the 51st Legislature, 1949, while under the influence of intoxicating liquor, or who drives or operates an automobile or any other motor vehicle in such way as to violate any traffic law of this state, shall be guilty of a misdemeanor and shall be punished by a fine of not more than One Hundred Dollars ($100.00). As used in this section, the term "any traffic law of this state" shall include the following statutes, as herefore or hereafter amended:

Sec. 1a. No such minor may plead guilty to any offense described in Section 1 of this Act except in open court before the judge. No such minor shall be convicted of such an offense or fined as provided in this Act except in the presence of one or both parents or guardians having legal custody of the minor. The court shall cause one or both parents or guardians to be summoned to appear in court and shall require one or both of them to be present during all proceedings in the case. However, the court may waive the requirement of the presence of parents or guardians in any case in which, after diligent effort, the court is unable to locate them or to compel their presence.

Sec. 2. No such minor, after conviction or plea of guilty and imposition of fine, shall be committed to any jail in default of payment of the fine imposed, but the court imposing such fine shall have power to suspend and take possession of such minor's driving license and retain the same until such fine has been paid.

Sec. 3. If any such minor shall drive any motor vehicle upon any public road or highway in this state or upon any street or alley within the limits of any corporate city, town or village, or upon any beach as defined in Chapter 430, Acts of the 51st Legislature, 1949, without having a valid driver's license authorizing such driving, such minor shall be guilty of a misdemeanor and shall be fined as set out in Section 1 hereof.

The offenses created under this Act shall be under the jurisdiction of the courts regularly empowered to try misdemeanors carrying the penalty herein affixed, and shall not be under the jurisdiction of the Juvenile Courts; but nothing contained in this Act shall be construed to otherwise repeal or affect the statutes regulating the powers and duties of Juvenile Courts. The provisions of this Act shall be cumulative of all other laws on this subject.

Sec. 5. Chapter 436, Acts of the 51st Legislature, Regular Session, 1949, is hereby repealed, but the repeal thereof shall not exempt from punishment any person who may have previously violated such repealed law, and persons convicted of a violation thereof shall be punished as therein provided.

ART. 6701I-5. CHEMICAL TESTS FOR INTOXICATION; IMPLIED CONSENT; EVIDENCE

Sec. 1. Any person who operates a motor vehicle upon the public highways of this state shall be deemed to have given consent, subject to the provisions of this Act, to a chemical test, or tests, of his breath for the purpose of determining the alcoholic content of his blood if arrested for any offense arising out of acts alleged to have been committed while a person was driving or in actual physical control of a motor vehicle while under the influence of intoxicating liquor. Any person so arrested may consent to the taking of any other type of chemical test, or tests, to determine the alcoholic content of his blood, but he shall not be deemed, solely on the basis of his operation of a motor vehicle upon the public highways of this state, to have given consent to any type of chemical test other than a chemical test, or tests, of his breath. The test, or tests, shall be administered at the direction of a law enforcement officer having reasonable grounds to believe the person to have been driving or in actual physical control of a motor vehicle upon the public highways of this state while under the influence of intoxicating liquor.

Sec. 2. If a person under arrest refuses, upon the request of a law enforcement officer, to submit to a chemical breath test designated by the law enforcement officer as provided in Section 1, none shall be given, but the Texas Department of Public Safety, upon the receipt of a sworn report of the law enforcement officer that he had reasonable grounds to believe
the arrested person had been driving or was in actual physical control of a motor vehicle upon the public highways of this State while under the influence of intoxicating liquor and that the person had refused to submit to the breath test upon the request of the law enforcement officer, shall set the matter for a hearing as provided in Section 22(a), Chapter 173, Acts of the 47th Legislature, Regular Session, 1941, as amended (Article 6687b, Vernon's Texas Civil Statutes), if, upon such hearing the court finds (1) that probable cause existed that such person was driving or in actual physical control of a motor vehicle upon the highway while under the influence of intoxicating liquor at the time of the arrest by the officer, (2) that the person was placed under arrest by the officer at such time and before offering the person an opportunity to be tested under the provisions of this Act, and (3) that such person refused to submit to the test upon request of the officer, the Director of the Texas Department of Public Safety shall suspend the person's license to drive, or any nonresident operating privilege for the period ordered by the court, but not to exceed one (1) year. If the person is a resident without a license or permit to operate a motor vehicle in this State, the Texas Department of Public Safety shall deny to the person the issuance of a license or permit to operate a motor vehicle in this State, the Texas Department of Public Safety shall deny to the person the issuance of a license or permit for a period ordered by the court, but not to exceed one (1) year. Provided, however, that should such person be found "not guilty" of the offense of driving while under the influence of intoxicating liquor or if said cause be dismissed, then the Director of the Texas Department of Public Safety shall in no case suspend such person's driver's license; or, if the event that proceedings had been instituted resulting in the suspension of such person's driver's license, then the Director of the Texas Department of Public Safety shall immediately reinstate such license upon notification of such acquittal or dismissal by the county clerk of the county in which the case was pending. Notification to the Director of the Texas Department of Public Safety shall be made by certified mail.

Sec. 3. (a) Upon the trial of any criminal action or proceeding arising out of acts alleged to have been committed by any person while driving or in actual physical control of a motor vehicle and while under the influence of intoxicating liquor, evidence of the amount of alcohol in the person's blood at the time of the act alleged as shown by chemical analysis of his blood, breath, urine, or any other bodily substance, shall be admissible and if there was at that time more than ten percent by weight of alcohol in the person's blood, it shall be presumed that the person was under the influence of intoxicating liquor.

(b) Chemical analysis of the person's breath, to be considered valid under the provisions of this section, must be performed according to methods approved by the Texas Department of Public Safety and by an individual possessing a valid certificate issued by the Texas Department of Public Safety for this purpose. The Texas Department of Public Safety is authorized to approve satisfactory techniques or methods, to ascertain the qualifications and competence of individuals to conduct such analysis, and to issue certificates certifying such fact. These certificates shall be subject to termination or revocation, for cause, at the discretion of the Texas Department of Public Safety.

c) When a person shall submit to a blood test at the request of a law enforcement officer under the provisions of this Act, only a physician, qualified technician, chemist, registered professional nurse, or licensed vocational nurse under the supervision or direction of a licensed physician may withdraw blood for the purpose of determining the alcoholic content therein. The sample must be taken by a physician or in a physician's office or hospital licensed by the Texas Department of Health. This limitation shall not apply to the taking of breath specimens. The person drawing blood at the request of a law enforcement officer under the provisions of this Act, or hospital where that person is taken for the purpose of securing the specimen, shall not be held liable for damages arising from the request of the law enforcement officer to take the specimen as provided herein, provided the blood was withdrawn according to recognized medical procedures, and provided further that the foregoing shall not relieve any such person from liability for negligence in the withdrawing of any blood sample. Breath specimens must be taken and analysis made under such conditions as may be prescribed by the Texas Department of Public Safety, and by such persons as the Texas Department of Public Safety has certified to be qualified.

d) The person tested may, upon request and within a reasonable time not to exceed two hours after the arrest, have a physician, qualified technician, chemist, or registered professional nurse of his own choosing administer a chemical test, or tests, in addition to any administered at the direction of a law enforcement officer. The failure or inability to obtain an additional test by a person shall not preclude the admission of evidence relating to the test, or tests, taken at the direction of the law enforcement officer.

e) Upon the request of a person who has submitted to a chemical test, or tests, at the request of a law enforcement officer, full information concerning the test, or tests, shall be made available to him or his attorney.

(f) If for any reason the person's request to have a chemical test for intoxication refused by the officer or any other person acting for or on behalf of the state, such fact may be introduced into evidence on the trial of such person.
lature, Regular Session, 1941, as amended (Article 6687b, Vernon's Texas Civil Statutes).

Sec. 5. If any provision of this Act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable.

Art. 6701m-1. Inscription on State Vehicle

There shall be printed upon each side of every automobile, truck or other motor vehicle owned by the State of Texas the word "Texas," followed in letters of not less than two (2) inches high by the title of the department, bureau, board, commission or official having the custody of such car, and such inscription shall be in a color sufficiently different from the body of the car so that the lettering shall be plainly legible at a distance of not less than one hundred (100) feet, and the official having control thereof shall have such wording placed thereon herein, and whoever drives any automobile, truck or other motor vehicle belonging to the State upon the streets of any town or city or upon a highway without such inscription printed thereon shall be fined not less than Twenty-five Dollars ($25.00) nor more than One Hundred Dollars ($100). Provided however, that the provisions of this Section shall not apply to automobiles used by police and sheriffs' departments, which shall be unmarked at the discretion of the sheriff or the police chief. Provided further, that the provisions of this Section shall not apply to any county or counties having a population of three hundred and fifty thousand ($350,000) or more, according to the last preceding Federal Census.

[Acts 1939, 56th Leg., p. 531, ch. 235, § 1.]

Art. 6701½. Mobile Homes; Movement of Overlength and Overwidth on Highways; Permits; Fees

A. When any person, firm, or corporation shall desire to move over a state highway a mobile home and/or a component part thereof, which in combination with the towing vehicle, is in excess of the legal length or width provided by law, the State Highway Department may, upon application, issue a permit for the movement of said equipment. Provided, however, that all cities and towns having a state highway within their limits shall designate to the State Highway Department the route within the city or town to be used by said equipment moving over the state highways. When so designated, the route shall be shown on said maps routing said equipment by the State Highway Department. In the event a route is not so designated by a city or town, the State Highway Department shall determine the route on the state highway for equipment within such cities or towns. No fee or license shall be required by any city or town for movement of said oversized mobile homes and/or component parts thereof on the route of a state highway designated by the State Highway Department or on said special route designated by a city or town.

B. The application for a permit as provided for in this Article shall be in writing and contain the following:

1. The make and model of the mobile home, the overall length and width, the make and model of the towing vehicle, the length and width of the towing vehicle and the overall length and width of the combined mobile home and/or component part thereof and towing vehicle.

2. The highway or highways over which the same is to be moved, indicating the point of origin and destination.

[Acts 1925, S.B. 84.]

Art. 6710. Damages to Land

Any such owner may, at the time stated in such notice, or previously thereto, but not in any event thereafter, present to the jury a written statement of the damages claimed by him, incidental to the opening of such road, and thereupon the jury shall proceed to assess the damages, returning their assessment and the claimant's statement with their report. If the commissioners court approves the report and orders such road to be opened, they shall consider the assessment and damages by the jury and the claimant's statement thereof, and allow to such owner just damages and adequate compensation for the land taken. When same are paid or secured by special deposit with the county treasurer to the credit of such owner and after notice of such payment or deposit to the owner, and if no objection is made to the jury's report, said court may proceed to have such road opened, if deemed of sufficient importance. Said owner may appeal from such assessment as in cases of appeal from judgment of justice courts, but such appeal shall not prevent the road from being opened, but shall be only to fix the amount of damages.

[Acts 1925, S.B. 84.]

Art. 6711. Neighborhood Roads

Any lines between different persons or owners of lands, any section line, or any practicable route, practicable route as used herein, shall mean a route which will not unduly inconvenience the owners or persons occupying the land through which such route shall be declared, that the Commissioners Court may agree on in order to avoid hills, mountains or streams through any and all enclosures, shall be declared a public highway on the following conditions:

1. One or more freeholders, or owners of lands, persons, firms or corporations, into whose lands there is now no public road or public means of access, who desires an access road connecting his said land with the county public road system, may make a sworn application to the Commissioners Court for an order establishing such road, designating the lines sought to be opened, and the names and residences of the person or persons affected by such proposed access road, and stating the facts which show a necessity therefor.

2. Upon the filing of such application the County Clerk shall issue a notice, reciting the substance thereof, directed to the Sheriff or any Constable of the County, commanding him to summon such landowners as may be affected by the opening of said road, naming them, to appear at the next regular term of the Commissioners Court to contest the same, if they so desire, and to testify as to the amount of damage they will sustain, if any, by reason of the establishment of such road. Said notice shall be served in the manner and for the length of time provided for the service of citations in civil actions in justice courts, and shall be returned in like manner as such citation.

3. At a regular term of the court, after due service of such notice, the court may hear evidence as to the truth of such application, and if it appears that the said applicants have no means of access to their lands and premises, it may issue an order declaring the lines designated in the application, or such lines as may be fixed by the Commissioners Court, to be a public highway, and direct the same to be opened by the owners thereof and left open for a space of not less than fifteen (15) feet nor more than thirty (30) feet on each side of said line, but the marked trees and other objects used to designate said lines, and the corners of surveys, shall not be removed nor defaced. Notice of such order shall be immediately served on such owners, and return thereon made as hereinabove provided. A copy of such order shall be filed in the Deed Records in the office of the County Clerk of said County.

4. The damages to such landowners shall be assessed by a jury of freeholders, as for other public roads, and all costs attending the proceedings in opening said road shall be paid by the County, and the Commissioners Court shall not be required to keep such road worked by the road hands as in the case of other public roads, but shall place said roads in the first instance in condition for use as access public roads.

Art. 6711a. Roads to Public Streams and Lakes

What May be Declared Public Highways

Sec. 1. Any lines between different persons or owners of land, any section line, any survey line, any survey subdivision line or any direct practicable route through an enclosure containing not less than five hundred (500) acres of land that the Commissioners Court or a majority thereof may agree to open in order to furnish access to public streams, lakes and bays in the Counties of Leon or Madison, may be declared public highways upon the following conditions:

Application for Road

Sec. 2. Ten (10) citizens of the county in which such application is filed, or one or more persons living within such an enclosure, who desire a means of access to public streams, lakes or bays in the Counties of Leon or Madi-

Notice to Land Owners

Sec. 3. Upon the filing of such application the clerk shall issue a notice reciting the substance thereof directed to sheriff or any constable of the county, commanding him to summons such land owners, naming them, to appear at the next regular term of the Commissioners Court and show cause why said line should not be declared public highways. Said notice shall be served in the manner and for the length of time provided for the service of citations in civil actions in Justice Courts, and shall be returned in like manner as such citation.

Directing Opening of Road

Sec. 4. At a regular term of Court, after due service of such notice, if the Commissioners Court deems that the proposed road comes within the provisions of this Act and is of public importance it shall issue an order declaring the lines designated in the application, or lines fixed by the Commissioners Court, to be public highways, and direct the same to be opened by the owners thereof and left open for a space of fifteen (15) feet on each side of said line, but the marked trees and other objects used to designate said lines, and the corners of surveys shall not be removed or defaced. Notice of such order shall be immediately served upon such owners, and return made thereon, as before provided.

Working Road

Sec. 5. The Commissioners Court shall not be required to keep any such roads worked by the road hands as in the case of other public roads.

Damages Assessed

Sec. 6. The damages to such land owners shall be assessed by a jury of freeholders, as for other public roads, and all cost attending the proceeding in opening neighborhood roads, if the application is granted, shall be paid by the county.

Navigable Streams

Sec. 7. The lack of adequate roads for the purpose of public access to navigable streams or public lakes, or to shores of lakes or bays within the State not hereby declared to create a public necessity for additional roads in the Counties of Leon or Madison, which will furnish a means of such access for the general public. "Navigable streams," as that term is used herein, are defined to be statutory navigable streams of an average width of thirty (30) feet, and public lakes are defined to be those lakes in which the State owns the beds, or reserves the right of access for its citizens for fishing, boating, hunting or other recreation.

Public Necessity for Road

Sec. 8. A public necessity for roads of the character herein defined is declared to exist where any existing public roads which furnish access to public rivers, lakes or bays are more than five (5) miles apart, and/or where there is an area of at least five (5) miles on any such river, stream, lake or bay without a road to furnish public access to such stream, lake or bay.

Order Opening Road

Sec. 9. On application being filed in accordance with Sections 1, 2, 3, 4, 5, and 6 of this Act, the Commissioners Courts of Leon and Madison Counties may issue an order opening a public road sixty (60) feet in width running parallel with and adjacent to the bank of any statutory navigable stream of this State for such distance as the Court may deem necessary, said right of way to be used for access to said public streams, and for camping purposes. The opening of highways along and adjacent to the banks of said navigable streams shall be in accordance with the terms of this Act and compensation shall be made to the owners of said lands as provided for in Section 6 of this Act.

Purpose of Act

Sec. 10. It is the purpose of this Act to make accessible public streams, bays, lakes and other bodies of public waters which are now fenced in and not accessible to the general public, by establishing roads and highways. Any bank of a stream and shore of a lake or bay which extends more than five (5) miles without a public highway furnishing access to the public, said bank or shore of said stream, lake or bay is declared to be inaccessible and subject to be opened to public access under the terms of this Act.

Application to Leon and Madison Counties

Sec. 10-a. No provision of this Act shall be applicable to any other county in this State except to the Counties of Leon and Madison.

Art. 6711b. Neighborhood Roads

Such person shall place a permanent hitching post and stile block on each side of and within sixty feet of such gate. Any person who may place a gate on or across a third-class road, or on or across any road such as is designated in article 836 who shall wilfully or negligently fail to comply with any requirement of this article shall be fined not less than five nor more than twenty dollars for each offense, and each week of such failure is a separate offense. Whoever wilfully or negligently leaves open any gate on or across any third-class road, or on or across any road such as is designated in article 836, shall be fined as above provided for.

[Acts 1925, S.B. 84.]

Art. 6713. Road Supervisors

Except when road commissioners are employed, the county commissioners shall be supervisors of public roads in their respective counties, and each commissioner shall supervise the public roads within his commissioners precinct once each month. He shall also make a sworn report to each regular term of the commissioners court held in his county during the year, showing:

Said report shall be spread upon the minutes of the court, to be considered in improving public roads and determining the amount of taxes levied therefor.

[Acts 1925, S.B. 84.]

Art. 6714. Reports

[Acts 1925, S.B. 84.]

Art. 6715. Across Public Lands

No public road shall be opened across lands owned and used or for actual use by the State, educational, eleemosynary, or other public State institutions for public purposes and not subject to sale under the general laws of the State, without the consent of the trustees of said institution and the approval of the Governor. The roads heretofore opened across such lands may be closed by the authorities in charge of any such lands whenever they deem it necessary to protect the interests of the State, upon repayment to the county where the land is situated with eight per cent interest, the amount actually paid out by said county for the condemnation of said lands as shown by the records of the commissioners court.

[Acts 1925, S.B. 84.]

Art. 6716. Damage to Roads

The county commissioner of any precinct, or county road superintendent of any county, or road supervisor, whose road is affected, may forbid the use of highways or parts thereof when from wet weather or recent construction or repairs they cannot be safely used without probable serious damages to same, or when the bridge or culverts on same are unsafe, under the following rules:

When such complaint is filed, the judge shall set the same down for a day certain not more than three days later, and shall give written notice to such official of the day and purpose of such hearing. The judge shall hear testimony offered by the parties thereto, and upon conclusion thereof, shall render judgment sustaining, revoking or modifying such order or notice, and such judgment shall be final as to the issues raised.

Term of Engineer; Removal
Sec. 7. The County Road Engineer shall hold his position for an indefinite term and may be removed by a majority vote of the Commissioners Court. He shall see that the policies of the Commissioners Court relating to the county road department are faithfully executed, supervise the administration of the county road department, and prepare detailed annual budget estimates for the construction and maintenance of the county roads and the operation of the county road department. The County Road Engineer shall prepare estimates and specifications for all equipment, materials, supplies, and labor necessary for the construction and maintenance of the county roads and the operation of the county road department. The County Road Engineer shall serve as custodian for all equipment, materials, and supplies belonging to the county road department, prepare plans and specifications for all county road construction and maintenance, maintain cost accounting records on county road department expenditures, keep a perpetual inventory of all county road department equipment, material and supplies, and perform such other duties as the Commissioners Court may require which are consistent with this Act.

Purchase of Equipment and Supplies

Sec. 15. All equipment, materials and supplies for the construction and maintenance of county roads and for the county road department shall be purchased by the Commissioners Court on competitive bids in conformity with estimates and specifications prepared by the County Road Engineer; except when upon recommendation of the County Road Engineer and when in the judgment of the Commissioners Court it is deemed in the best interest for the county to do so, purchases in an amount not to exceed One Thousand Dollars ($1,000.00) may be made through negotiation by the Commissioners Court or the Commissioners Court’s duly authorized representative, upon requisition to be approved by the Commissioners Court or the County Auditor without advertising for competitive bids. Before any claims covering the purchase of such equipment, materials and supplies and for any services contracted for by the Commissioners Court shall be ordered paid by the Commissioners Court, the County Road Engineer shall certify in writing to the correctness of the claims therefor and shall certify that the respective equipment, materials and supplies covered by the claims conform to specifications approved by him and that the same respective equipment, materials and supplies were delivered in good condition in the operation of the county road department, and that any road department services contracted for by the Commissioners Court have been satisfactorily performed. Arts. 6717 to 6728. Repealed by Acts 1965, 59th Leg., p. 945, ch. 459, § 1, eff. Aug. 30, 1965

Art. 6729. Condemnation of Road Material

The commissioners court may use either timber, earth, stone, gravel, or other necessary material most convenient therefor to build, repair, or maintain any public road or any part of any public road in the county without regard to the location or extent thereof or the funds from which such repair or maintenance is paid. In such case the owner of any such material shall be paid a fair and just compensation therefor as may be agreed upon by the owner or his agent and the commissioners court. Should the owner and the commissioners court fail to agree upon the compensation to be paid for the material required, then the county, upon the order of said court, shall proceed to condemn the same. If such material is needed for the general system of county highways, then payment shall be made from the road and bridge fund of the county, or from the proceeds of any county issue of bonds. If such material is to be used for the benefit of any defined district or political subdivision of the county, then the cost of such material shall be paid from funds of such defined district or subdivision arising through sale of bonds or the collection of special taxes. The commissioners appointed to condemn the property shall receive two dollars for each day they may be necessarily engaged in the performance of their duties, to be paid out of the same fund from which payment is made for materials on the order of the commissioners court. Compensation awarded by said commissioners for material shall be paid to the owner or deposit-ed with the county treasurer to the credit of such owner, and when so paid or deposited the county shall have the right to enter upon and use said material. If the owner or the county is not satisfied with the compensation awarded, he or said county may appeal therefrom as in condemnation cases; provided, the commissioners appointed to condemn such road material shall, after due hearing, fix a fair and rea-sonable value for such material; and if it has a market value, then such market value shall be determined and the market value fixed as compensation to the owners, or if the material has no market value, then its val-ue shall be fixed at such sum as the evidence shows the material to be reasonably worth for the purpose for which it was used. The value may be fixed either as a whole or in quantities, by the yard for earth, for sand, or broken stone, or by the perch for stone, and per tree, or per post, or per foot where trees are suitable for lumber or for timbers in such quanti-ties as may be needed upon estimates secured by the commissioners court.

Art. 6736. Road and Bridge Funds
All moneys appropriated by law, or by order of the commissioners court, for working public roads or building bridges, shall be expended under the order of the commissioners court, except when otherwise herein provided, and said court shall from time to time make the necessary orders for utilizing such money and for utilizing convict labor for such purposes.
[Acts 1925, S.B. 84.]

2. ROAD COMMISSIONERS

Art. 6737. Employment
Each commissioners court may employ not exceeding four road commissioners, who shall be resident citizens of the district for which they are employed, and when more than one is employed, the district that each road commissioner is to control shall be defined and fixed by the court. Such road commissioners shall receive such compensation as may be agreed upon by the court, not to exceed two dollars per day for the time actually engaged. Each road commissioner shall first execute a bond, payable to the county judge of the county and his successors in office, in the sum of one thousand dollars, with one or more good and sufficient sureties, to be approved by the county judge, and conditioned for the faithful performance of his duties.
[Acts 1925, S.B. 84.]

Art. 6738. Powers and Duties
A road commissioner shall have control over all overseers, hands, tools, machinery and teams to be used upon the roads in his district; and may require overseers to order out hands in any number he may designate for the purpose of opening, working or repairing roads or building or repairing bridges or culverts in his district. He shall see that all roads and bridges in his district are kept in good repair, and he shall, under the direction and control of the commissioners court, inaugurate a system of grading and draining public roads in his district, and see that such system is carried out by the overseers and hands under his control, and shall obey all orders of the commissioners court; and he shall be responsible for the safe-keeping and liable for the loss or destruction of all machinery, tools or teams placed under his control, unless such loss is without his fault, and when he shall be discharged he shall deliver them to the person designated by the court.
[Acts 1925, S.B. 84.]

Art. 6739. Expenditures
He shall expend such money as may be placed in his hands by the commissioners court under its direction in the most economical and advantageous manner on the public roads, bridges and culverts of his district; and all his acts shall be subject to the control, supervision, orders and approval of the commissioners court. He shall work the convicts and such other labor as may be furnished him by the commissioners court. When he has funds in his hands to expend for labor on the roads, and when it shall be necessary for any overseer in his district to work more than five days during any one year upon the public roads, he may employ such overseer to continue his duties as such for such length of time as may be necessary, and pay him for such services not more than one dollar and fifty cents per day for the time actually employed after the five days; provided, that the hands shall not be required to work when there shall be on hand, after building and repairing bridges, a sufficient road fund to provide for the necessary work on the roads. Said road commissioner shall report to the commissioners court at each regular term under oath showing an itemized account of all money he has received to be expended on roads and bridges and what disposition he has made of the money, and showing the condition of all roads, bridges and culverts in his district, and such other facts as the court may desire information upon, and shall make such other reports and at such time as the court may desire.
[Acts 1925, S.B. 84.]

Art. 6740. Expenditure of Road Fund
The commissioners court shall see that the road and bridge fund of their county is judiciously and equitably expended on the roads and bridges of their county, and, as nearly as the condition and necessity of the roads will permit, it shall be expended in each county commissioners precinct in proportion to the amount collected in such precinct. Money used in building permanent roads shall first be used only on first or second-class roads, and on those which shall have the right of way furnished free of cost to make as straight a road as is practicable and having the greatest bonus offered by the citizens of money, labor or other property.
[Acts 1925, S.B. 84.]

Art. 6741. Powers of Court
The commissioners court may make and enforce all reasonable and necessary rules and orders for the working and repairing of public roads, and to utilize the labor to be used and money expended thereon, not in conflict with the laws of this State. Said court may purchase or hire all necessary road machinery, tools or teams, and hire such labor as may be needed in addition to the labor required of citizens to build or repair the roads.
[Acts 1925, S.B. 84.]
Art. 6742. Donations

Commissioners court or road commissioners may accept donations of money, lands, labor of men, teams or tools, or any other kind of property or material to aid in building roads in their counties, and may authorize any person to make a drain along any public road for the purpose of draining his land, and require the person draining his land to do such work under the direction of the road commissioner.

[Acts 1925, S.B. 84.]

3. ROAD SUPERINTENDENTS

Art. 6743. Appointment

The commissioners court of any county subject to this law may appoint a competent person as road superintendent for such county, or one such superintendent in each commissioners precinct, as it shall determine by an order made at a regular term thereof. Such order shall be entered on the minutes of such court, and shall not be void for want of form, but a substantial compliance with the provisions of this subdivision shall be sufficient. Every road superintendent shall be a qualified voter in the county or precinct for which he is appointed, and shall hold his office for two years or until removed by the commissioners court for good cause. No county shall be under the operation of this law whose commissioners court does not appoint a road superintendent or superintendents.

[Acts 1925, S.B. 84.]

Art. 6744. Oath and Bond

Each road superintendent shall within twenty days after his appointment take and subscribe the oath required by the Constitution, and give bond payable to and to be approved by the county judge in such sum as the commissioners court may fix, conditioned that he will faithfully perform all the duties required of him by law or the commissioners court, and that he will pay out and disburse the funds subject to his control as the law provides or said court may direct.

[Acts 1925, S.B. 84.]

Art. 6745. Salary

Each road superintendent shall receive such salary as the commissioners court may fix, to be paid on the order of said court at stated intervals. In counties of less than fifteen thousand inhabitants the county superintendent's salary shall never exceed one thousand dollars per annum, and in counties of more than fifteen thousand inhabitants it shall not exceed twelve hundred dollars per annum. The salary of precinct superintendents in counties of less than fifteen thousand inhabitants shall not exceed three hundred dollars per annum, and in counties of over fifteen thousand inhabitants, it shall never exceed four hundred dollars per annum. Said court may suspend the salary of any superintendent whose continued services are not needed.

[Acts 1925, S.B. 84.]

Art. 6746. Powers

Subject to the orders of said court, each superintendent shall have general supervision over all public roads of his county or precinct, and shall superintend the laying out of new roads, the making, changing, working and repairing of roads, and the building of bridges except where otherwise contracted and over all county convicts worked on such roads, but this shall not prevent the commissioners court from employing a person to watch and manage such convicts and direct the work to be done by them. Said road superintendent shall take charge of and be responsible for the safe-keeping of all tools, machinery, implements and teams placed under his control by the commissioners court and execute his receipt therefor, which shall be filed with the county clerk. He shall be liable for the loss, injury or destruction of any such tools, teams, implements or machinery unless such loss occurred without his fault, and for the wrongful or improper expenditure of any road funds coming into his hands. On leaving office, he shall deliver all such money and property to such person as the commissioners court may direct.

[Acts 1925, S.B. 84.]

Art. 6747. Duties

Each superintendent shall see that all roads and bridges in his county or precinct are kept in good repair, and he shall, under the direction of the commissioners court, inaugurate and carry out a system of working, grading and draining the public roads in his county or precinct. He shall act as supervisor of the roads in his county or precinct, and perform all the duties of supervisor devolving on the county commissioners in counties not adopting this law, and he shall do and perform such other service as said court may require.

[Acts 1925, S.B. 84.]

Art. 6748. Road Districts

When said court so directs, each superintendent shall divide his county or precinct into road districts of convenient size, to be approved by said court, and define the boundaries thereof and designate the same by number. Such boundaries shall be recorded in the road minutes of the commissioners court. He shall ascertain the names of all persons subject to road duty in each district and keep a record thereof and report the same to the commissioners court.

[Acts 1925, S.B. 84.]

Art. 6750. Accounts and Reports

Each superintendent shall make a sworn report to said court at each regular term thereof showing an itemized account of all money belonging to the road fund he has received, from whom received, and what disposition he has made of the same, the condition of all roads and bridges in the county or precinct, and such
other matters as the court may desire information upon, and shall make such other reports at such times as such court may require. Within ten days after collection of any money on account of the road or bridge fund he shall pay the same over to the county treasurer, taking his receipt therefor, and shall keep an accurate account thereof.  
[Acts 1925, S.B. 84.]

Art. 6751. Powers of Court

The commissioners court of any such county is authorized to purchase or hire all necessary road machinery, tools, implements, teams and labor required to grade, drain, or repair the roads of such county, and said court is authorized and empowered to make all reasonable and necessary rules, orders and regulations not in conflict with law for laying out, working and otherwise improving the public roads, and to utilize the labor and money expended thereon, and to enforce the same.  
[Acts 1925, S.B. 84.]

Art. 6752. Extra Road Force

Each road superintendent shall employ a sufficient force to enable him to do the necessary work in his county or precinct, as the case may be, having due regard for the condition of the county road and bridge fund and the quality and durability of the work to be done, and shall buy or hire such tools, teams, implements and machinery as the commissioners court may direct, and he shall work such roads in such manner as the commissioners court may direct, and such work shall at all times be subject to the general supervision of the commissioners court. He shall make the best contract possible for such labor or machinery, and in payment therefor he shall issue to the person entitled thereto his certificate showing the amount due, the purpose for which it was given, and upon the commissioners court, a warrant shall issue therefor to the holder thereof on the county treasurer, to be paid by him out of the proper fund as other warrants. All such certificates shall be dated, numbered and signed by the road superintendent, and he and his sureties on his official bond shall be liable for all loss or damages caused by the wrongful issue of any such certificate or any extravagance in the amount thereof.  
[Acts 1925, S.B. 84.]

Art. 6753. Contracts for Road Work

The commissioners court may, when deemed best, construct, grade, gravel or otherwise improve any road or bridge by contract, and advertise for bids, and may reject any bid. The contract shall be awarded to the lowest responsible bidder, who shall enter into bond with good and sufficient sureties payable to and to be approved by the county judge, in such sum as said court may determine, conditioned for the faithful compliance with such contract. At the time of making such contract said court shall direct the county treasurer to pass the amount of money stipulated in such contract to a particular fund and to keep a separate account thereof, and the same shall be used for no other purpose and can only be paid out on the order of said court.  
[Acts 1925, S.B. 84.]

Art. 6754. Donations

The commissioners court may accept donations of money, land, teams, tools, or labor, or any other kind of property or material to aid in building or keeping up roads in the county, and said court or any road superintendent, with the concurrence of the commissioners, may authorize any person to make a drain along any public road, the same to be done under the direction of the road superintendent or such other person as said court may direct.  
[Acts 1925, S.B. 84.]

Art. 6757. Injuring Property

Any person who shall knowingly or wilfully destroy, injure or misplace any bridge, culvert, drain, sewer, ditch, signboard or mile post or anything of like character, placed upon any road for the benefit of the same, shall be liable to the county and any person injured for all damages caused thereby.  
[Acts 1925, S.B. 84.]

Art. 6759. Definitions

As used in this subdivision, “road” includes roadbed, ditches, drains, bridges, culverts, and every part of such road, and “work” and “working” includes the opening and laying out of new roads, widening, constructing, draining, repairing, and everything else that may be done in and about any road.  
[Acts 1925, S.B. 84.]

Art. 6760. Law Cumulative

This law shall be cumulative of all other general laws on the subject of roads and bridges not in conflict herewith, and where not otherwise provided herein such general laws shall apply; but in case of conflict with other general laws the provisions of this chapter shall govern.  
[Acts 1925, S.B. 84.]

Art. 6761. Counties Exempt

The counties of Angelina, Aransas, Blanco, Bowie, Calhoun, Camp, Cass, Cherokee, Comal, Dallas, Delta, DeWitt, Fayette, Franklin, Galveston, Gillespie, Grayson, Gregg, Harris, Harrison, Henderson, Hill, Hopkins, Houston, Jack, Jackson, Jasper, Lamar, Lavaca, Limestone, McLennan, Milam, Montgomery, Morris, Nacogdoches, Newton, Panola, Parker, Rains, Red River, Refugio, Sabine, San Augustine, Shelby, Smith, Tarrant, Titus, Travis, Trinity, Tyler, Upshur, Van Zandt, Victoria, Washington, and Wood are exempted from the provisions of this
subdivision; provided that the commissioners
court of Dallas and Collin counties may accept
and adopt the provisions of this law in lieu of
the special acts for Dallas, Collin, Grayson and
other counties, if in their judgment, its provi­
sions are better suited to Dallas and Collin
counties than the said special laws.
[Acts 1925, S.B. 84.]

4. OPTIONAL ROAD LAW

Art. 6762. Ex-officio Commissioners

In all counties of this state, as shown by the
preceding federal census to contain as many as
thirty-five thousand (35,000) inhabitants or
more, the members of the Commissioners Court
shall be ex officio road commissioners of their
respective precincts; and under the direction
of the Commissioners Court shall have charge
of the teams, tools and machinery belonging to
the county and placed in their hands by said
court. They shall superintend the laying out
of new roads, the making or changing of roads
and the building of bridges under rules adopt­
ed by said court. Each commissioner shall
first execute a bond of ($1,000.00) payable to and
to be approved by the County Judge for the use and benefit of
the road and bridge fund, conditioned that he
will perform all the duties required of him by
law, or by the Commissioners Court, and that
he will account for all money or other property
belonging to the county that may come into his
possession.
[Acts 1925, S.B. 84; Acts 1957, 55th Leg., p. 433, ch. 208, § 1.]

Art. 6763. Powers

The commissioners court shall adopt such
system for working, laying out, draining and
repairing the public roads as they deem best,
and from time to time said court may change
their plan or system of working. Said court
may purchase such teams, tools and machinery
as may be necessary for the working of public
roads; and construct, grade, or otherwise
improve any road or bridge by contract in the
manner provided in the preceding subdivision
of this chapter. Said court may employ any
hands and teams on the public roads under
such regulations and for such prices as they
may deem best.
[Acts 1925, S.B. 84; Acts 1957, 55th Leg., p. 433, ch. 208, § 1.]

Art. 6764. County Convicts

The commissioners court may provide the
necessary houses, prisons, clothing, bedding,
food, medicine, medical attention and superin­tendents and guards for the safe and humane
keeping of county convicts. Said court may
provide such reasonable regulations and pun­ishment as may be necessary to require such
convicts to perform good work, and may pro­vide a reward not to exceed ten dollars, to be
paid out of the road and bridge fund, for the
recapture and delivery of any escaped convict
to be paid to any person other than the guard
or person in charge of such convict at the time
of his escape.
[Acts 1925, S.B. 84; Acts 1957, 55th Leg., p. 433, ch. 208, § 1.]

Art. 6766. To Direct Work

Each county commissioner, when acting as
road commissioner, shall inform himself of the
condition of the public roads in his precinct,
and shall determine what character of work
shall be done on said roads, and shall direct
the manner of grading, draining or otherwise
improving the same, which directions shall be
followed and obeyed by all road overseers of
his precinct.
[Acts 1925, S.B. 84; Acts 1957, 55th Leg., p. 433, ch. 208, § 1.]

Art. 6769. Law Cumulative

The provisions of this subdivision shall be
cumulative of all general laws on the subject
of roads, when not in conflict therewith, but in
case of such conflict this law shall control.
This law shall not be in operation in any coun­
try unless the commissioners court thereof in
their judgment may deem it advisable, and
then only by an order of said court when all
the members are present, made at some regular
term thereof, accepting the provisions hereof.
Such order shall be entered on the minutes of
said court, and shall not be void for want of
form, but a substantial compliance of the pro­
visions hereof shall be sufficient.
[Acts 1925, S.B. 84; Acts 1957, 55th Leg., p. 433, ch. 208, § 1.]

Art. 6770. Certain Counties Excepted

The provisions of this subdivision shall not
apply to the counties of Fannin, Lamar, Gray­
son, Collin, Dallas, and Bell.
[Acts 1925, S.B. 84; Acts 1927, 40th Leg., p. 222, ch. 350, § 1.]

Art. 6770a-4. Repealed by Acts 1965, 59th

laws and parts of laws.
Art. 6771. Powers

For the purpose of this subdivision all public roads and highways that have been or may be laid out and established agreeably to law, and all roads and highways that have been opened to and used by the public for a period of ten years prior to March 25, 1897, and which have not been discontinued or closed to the use of the public agreeably to law, are hereby declared to be public roads.

The commissioners court at any regular session thereof may cause to be constructed and maintained, as hereinafter provided, ditches, drains and water courses, hereinafter called ditches on and within the exterior lines of all public roads situated within the county sufficient in capacity to carry off and into the natural waterways of the county, all surface water reasonably adjacent and liable to collect in said ditch from natural causes, or by means of the construction of private lateral ditches as hereinafter provided for, and shall also have power to construct, in connection with such ditch any side, lateral, spur or branch ditch of water course necessary to the accomplishment of the purposes of this law. No ditch shall be constructed along any public road unless at the same time an outlet is constructed to a natural waterway, sufficient in capacity to carry off all water that may collect therein.

[Acts 1925, S.B. 84.]

Art. 6772. Culverts

No road overseer, or any court, shall, on petition or otherwise, have the power to change the natural course of any branch, creek or stream, but such volume of water shall always enter and cross said road at its natural crossing; and overseers shall always, in draining their roads, provide a culvert sufficiently broad and tall to permit said stream to flow at high tide, from its intersection with said road, across its natural outfall at the opposite natural channel.

[Acts 1925, S.B. 84.]

Art. 6773. Petition

A petition shall first be filed with the county clerk, signed by at least one hundred tax payers and voters of said county, setting forth the necessity and availability for such drainage system, and the number of miles of public roads within such county, as accurately as the same may be known, and as near as practicable the width and depth required for the ditches to be constructed along the first class roads of the county. Said petition shall also separately state the name and location of each natural waterway of such county crossed by each of the first class public roads of said county, and the distance of said natural waterways one from the other along said road. Said petition shall also state the names and residences, if known, of the owners of the lands adjacent to each of said first class public roads, and with-

in one mile thereof, and, if unknown, shall so state.

[Acts 1925, S.B. 84.]

Art. 6774. Notice of Hearing

Upon the filing of said petition, the clerk shall issue five notices in writing, containing a brief statement of the contents of said petition, commanding all persons interested to appear at the next regular term of the commissioners court and contest the same. One of said notices shall be posted at the courthouse door of such county, and one each at four other public places in such county, no two of which shall be in the same town or city, for twenty days prior to the first day of the next regular term of the commissioners court after the issuance thereof. Said notices shall be posted by the sheriff of the county, who shall make due returns to the clerk of said court of such notices, on or before the said first day of the term; and for such services the sheriff shall receive three dollars, and the clerk one dollar and fifty cents.

[Acts 1925, S.B. 84.]

Art. 6775. Hearing

At the time specified, said court shall hear and determine the petition in connection with all protests, remonstrances or objections therefor; and, if they find that the adoption of the drainage system provided for herein is necessary, advisable or for the public benefit, or for the best interest of the county, the court shall so order, and the order shall be entered at length upon the minutes of the court and become a part of the record thereof, and the same shall recite the time, character and manner of service of notice. If it appears therefrom that notice has been given as provided for herein, the said order shall be final. If said court refuses to adopt said drainage system, no other application therefor shall be heard for one year thereafter.

[Acts 1925, S.B. 84.]

Art. 6776. Survey

At the same or any succeeding term of said court after the entry of such order, said court shall employ a competent surveyor, who shall be an engineer, to run a line of levels along the public roads of the county, and to measure the same from the beginning to the terminus of said road, and to measure the distance of each waterway crossed by said roads from the beginning point. Said survey and the drainage system shall be first applied to the first class roads of such county, and thereafter to roads of the second and third class. Nothing herein shall be construed to prohibit said court from constructing one or more ditches at the same time, as the financial condition of the county will permit.

[Acts 1925, S.B. 84.]

Art. 6777. Survey: Report

The surveyor shall, as soon as practicable after his employment, proceed to make such survey and system of levels, and shall cause
stakes or monuments to be placed along said line at intervals of one hundred feet, with such intermediate stakes as may be necessary, numbered progressively, and shall establish permanent bench marks along said lines at intervals of one mile or less, as may be necessary, and shall establish by stake or monument of a different character and appearance from all other stakes or monuments, the highest point upon said road between each of the natural waterways crossed by the road; and said surveyor shall also measure and establish by suitable marks, the frontage of each tract of land abutting on said road; and if there be a natural waterway adjacent to the line of said road and ditch and the same is necessary to be utilized as an outlet for the water at any point on said ditch, the surveyor shall measure the distance to same, and run the line of levels thereto, at the nearest practicable point on said road and ditch. He shall prepare a map showing the location of said ditch or ditches, together with the position of stakes or monuments with numbers corresponding with those on the ground, and the position of bench marks, with their elevations referred to an assumed or previously determined datum. Said map shall also show the lines and boundaries of adjacent land, and the courses and distances of any adjacent watercourses, together with a profile of the line of the ditch which shall show the assumed datum and the grade line of the bottom of the same, and the elevation of each stake, monument, or other important feature along the line, such as top of banks, and bottom of all ditches or watercourses, and surface of water, top of rail and bottom of tie, foot of embankment, and bottom of borrow pits of all railroads. Said map, or the explanation accompanying same, shall be in tabular form give the depth of cut, width at bottom and width at top, at the source, outlet, and at each one hundred feet stake or monument to said ditch; and shall show the total number of cubic yards of earth to be excavated and removed from said ditch between each natural waterway into which the water is to be conveyed, and an estimate of the cost of each portion of the said ditch or ditches lying between natural waterways crossed by said road, together with an estimate of total cost of the whole work. He shall also prepare detailed specifications for the execution of such project. Whenever in his opinion it may be advantageous to run said ditch underground through drainage tiles, he shall so state in said report, map and specifications, together with the statement of the locality of said underground ditch, and length thereof, and the dimensions or character of filling or other material required therefor. As soon as completed, he shall file said survey, report, map, explanation and estimate with the county clerk.

[Acts 1925, S.B. 84.]

Art. 6778. Jury of View

At any regular or called session of the commissioners court after the filing of said report, map, explanation, specifications and estimate, the court shall appoint a jury of five freeholders of the county who shall meet at a time and place to be specified by the said court in the order appointing them. The county clerk shall thereupon issue to said viewers a certified copy of the petition and order of the court, together with the original report, map, explanation, specifications and estimate of the surveyor; and, if said jury of viewers shall fail or refuse from any cause to perform the duties required under such appointment, or if their report, from any cause, should not be adopted, the court may at any succeeding term appoint another jury of viewers, whose appointment and duties shall be the same as required in the first instance. Said jury shall proceed at the time and place so specified, after giving notice to each abutting land owner, and owner of land within one mile of said ditch, as hereinafter provided, and after viewing the line of the proposed ditch and after hearing all protests, claims and remonstrances offered, they shall take the several partial estimates, and the surveyor's estimate of the total cost of the work as a basis, and shall have lines run parallel to the lines of said ditch at a distance of one mile on either side thereof, and shall set apart and apportion to each parcel of land abutting on said road and ditch, or within said parallel lines, and to each person, firm or corporation owning the same, its proportionate share of the one-half of the total cost of said ditch, taking into consideration the relative amount of benefit derived by said land from the construction thereof. They shall assess the amount of damages or compensation due to each land owner through whose land any spur, branch or lateral ditch, is or may be constructed under the order of appointment. Before such ditch is opened said sum shall be paid on the order of the commissioners court out of the county treasury from the fund set aside for the construction of said ditch. Said survey shall make a sworn report to the commissioners court and as soon as practicable after their meeting, signed by at least three of said jury, and shall return with their report an accurate and full description of each tract of land assessed by them, with the number of acres and the name of the owners thereof, and the amount assessed against each tract and the owner thereof. The jury shall also return with their report the map, profile, explanation and estimates of the surveyor, together with a copy of the specifications; and the same shall be filed with the clerk, and shall become a public record and be preserved as such. The court shall act upon said report of the next regular term, and determine whether to accept or reject the same; provided that the court may appoint separate juries of view for each road and ditch to be constructed, if deemed desirable or advantageous to the public.

[Acts 1925, S.B. 84.]

Art. 6779. Oath of Viewers

Said jury shall first take the following oath: "I do solemnly swear that I am not directly interested in the construction of the proposed..."
ditch, either as the owner or otherwise, of ad-
jacent land lying within one mile thereof, and 
that I am not of kin to any person who is so in-
terested. I further swear that I have no bias 
or prejudice toward any person directly in-
ested in said ditch, and that I will assess the 
amount of expense due on and by all adjacent 
lands lying within one mile of said ditch, ac-
cording to law, without fear, favor, hatred or 
hope of reward, to the best of my knowledge 
and ability. So help me God."

[Acts 1925, S.B. 84.]

Art. 6780. Notice of Assessments

The said jury shall issue a written notice to 
the land owner of each abutting tract along 
said ditch, and to each land owner, any part of 
whose land lies within one mile of the line of 
said ditch, or to his agent or attorney, of the 
time and place when they will assess the one-
half of the expense incidental to the construc-
tion of the ditch or ditches specified in the or-
der of appointment; which notice shall be 
served at least five days before the day named 
therein, by any person competent to testify; 
and a duplicate of said notice, together with 
the returns of said service, shall be returned 
and filed with the report of the jury of view-
ers. If such owner is a non-resident of the 
county, and has no resident, agent or attorney 
therein, the notice shall be given by publica-
tion in a newspaper published in the county, as 
notices are required to be given to non-resident 
defendants in actions in the district courts; 
and said notices shall be complete after four 
weeks publication thereof prior to the date 
named for the meeting of the jury of view, and 
at any time thereafter the jury of viewers may 
proceed to assess the proportionate part of 
such expense against said non-resident land 
owner, and the land owned by him subject 
thereto. The cost of such publication shall be 
paid by the county, on an order of the commis-
sioners court.

[Acts 1925, S.B. 84.]

Art. 6781. Claims

Any person whose land may be affected by 
such ditch may appear before said viewers and 
freely express his opinion on all matters per-
taining to the assessment of expense against 
him. The owner of any such lands may at the 
time stated in such notice, or previously the-
eto, present to the jury a written statement of 
y any objections to, or dissatisfaction therewith, 
and any claim for damages which he may have 
sustained by reason of making said ditch or 
drain; and a failure to so make such objection 
or claim for damages or compensation shall be 
deemed a waiver of all claim or right thereto. 
All such claims or objections shall be returned 
to the commissioners court in connection with 
the report of the viewers. Any adjacent land 
owner may appear before and be heard by the 
commissioners court on his protest or remon-
strance or claim against the action of said 
jury.

[Acts 1925, S.B. 84.]

Art. 6782. Appeals

Any person, firm or corporation, aggrieved 
by any such assessments, may appeal from the 
final order of the commissioners court approv-
ing the report of said jury to any proper court 
within the county by giving notice of appeal in 
open court and having the same entered as a 
part of the judgment of the court, and by fil-
ing within ten days thereafter, a transcript of 
the proceeding had in the commissioners court, 
with the justice or clerk of the court to which 
appeal is taken, together with an appeal bond, 
with at least two good sureties, to be approved 
by such clerk or justice, in double the amount 
of the probable costs to accrue, conditioned 
that the appellant will prosecute his appeal to 
effect, and pay all costs that may be adjudged 
against him in said court. Appeals from an 
assessment of expense shall be heard upon this 
issue: whether the assessments made against 
the appellant for the construction of such ditch 
are in proportion to the benefits to be derived 
therefrom. Appeals from an assessment of 
compensation shall be heard upon this issue: 
whether the assessment of compensation made 
by the jury is adequate to the injury occa-
sioned and to the value of the land.

[Acts 1925, S.B. 84.]

Art. 6783. Trial on Appeal

In the trial of all such appealed cases the 
burden of proof shall rest upon the appellant; 
and the court or jury trying the cause shall 
state the correct amount of expense chargeable 
to appellant, or the correct amount of compen-
sation due to appellant as found by them, and 
the same shall be entered as the judgment of 
the court thereon, and from such judgment no 
further appeal shall be allowed to either party. 
If the verdict of the jury shall find the appel-
ellant chargeable with a less amount of expense, 
or that the appellant is entitled to a greater 
amount of compensation as damages, than was 
found by the jury of viewers, the costs shall be 
adjudged against the county; otherwise the 
same shall be adjudged against the appellant. 
Within five days after the entry of such judg-
ment, the clerk or justice shall issue and re-
turn to the commissioners court a certified 
copy of such judgment, to be filed with the pa-
ers pertaining to such ditch, and the same 
shall be entered by the commissioners court as 
the judgment of said court, and thereafter the 
appellant shall be held for, or claim, the 
amount specified in said judgment.

[Acts 1925, S.B. 84.]

Art. 6784. Appropriation: Construction

The commissioners court of such county may, 
at the next term thereof, after the filing of 
the report of the jury of viewers and the entry of 
the order approving the same, if the report be 
approved, make an order setting aside such 
portion of the road and bridge fund, and such 
portion of the special road and bridge fund as 
may be necessary for the construction of the 
ditch described in the report of the jury of 
viewers, and shall also enter an order to the
overseers of the road adjoining said ditch or to the supervisors of the road, or to the road commissioner, commanding him to construct such ditch in accordance with the specifications of the surveyor, which shall be turned over to him for his information, and that the earth taken therefrom shall be used in making a raised road adjoining said ditch. The court shall further order that all the road hands apportioned to said road, and that any teams, tools or materials, belonging to the county, and necessary to the execution of such work, be apportioned to said overseer, supervisor or commissioner, for the completion thereof; and shall authorize such overseer, supervisor or commissioner to employ such additional labor and teams, and to purchase tools and implements as may be necessary, to be paid for out of the road and bridge fund set aside therefor, on the order of the commissioners court, and said order shall also show the amount of compensation to be allowed to said overseer, supervisor, or road commissioner for his services. [Acts 1925, S.B. 84.]

Art. 6785. Special Overseer

The commissioners court may employ some suitable and competent person, other than the overseer, road commissioner or supervisor, if to the best interest of the county, and such person shall have the same powers, duties and responsibilities as provided for overseers, road commissioners, and supervisors in the preceding article, and the court shall enter an order showing the amount of compensation to be paid him for his services. [Acts 1925, S.B. 84.]

Art. 6786. List of Assessments

At the same or at any succeeding term after the entry of such order for the construction of the ditches and roadway, the commissioners court shall make and enter upon the minutes of the court a list showing the names of the owners, amounts due, the tract of land, original grantees, number of acres covered by each assessment of expense, as made and reported by the jury of viewers and approved by the court; and the county clerk shall issue a certificate against each person on said list showing the amount of each assessment and for what ditch or road the same was issued, and the tract of land on which said amount was assessed. Such certificate shall be signed by the county judge in open court, and attested under the hand and seal of the county clerk, which fact shall be noted upon the minutes of said court. [Acts 1925, S.B. 84.]

Art. 6787. Assessments: Collection

All assessments, sums, and charges by said viewers, or order of court, assessed against any land and the owner thereof, shall be a lien thereon, unless prohibited by the Constitution of this State. The county judge shall deliver the certificate to the county treasurer, taking his receipt therefor, which shall be filed with the papers and archives concerning such ditch; and the county treasurer shall collect the sums due on such certificates, and deposit the amount so collected to the credit of the road and bridge fund. If any person against whom any such certificate may be issued fails or refuses to pay the same to the county treasurer on demand therefor, such treasurer shall turn same over to the county attorney, who shall at once file suit thereon, and have the lien on said land foreclosed, or for a personal judgment as may be lawful. [Acts 1925, S.B. 84.]

Art. 6788. Compensation

The jury of viewers shall each receive three dollars per day for their services for each day so actually engaged; and said surveyor shall receive such sum as the commissioners court may allow. [Acts 1925, S.B. 84.]

Art. 6789. Private Ditch

Any owner of lands or tracts of land abutting on said road or ditch, or the owner of any tract of land lying wholly or partially within one mile of such road or ditch, may construct at his own cost lateral drainage ditches and connect the same with such main ditch or ditches as shall be constructed under the provisions of this subdivision. [Acts 1925, S.B. 84.]

Art. 6789a. Acquiring Right of Way for Diversion of Streams and Drainage Channels in Locating, Relocating, or Maintaining Roads

Any Commissioners' Court is hereby authorized and empowered to acquire by purchase or by condemnation any new or wider right-of-way or land not exceeding one hundred (100) feet in width for stream bed diversion and drainage channels only in connection with the locating, relocating, construction, reconstruction or maintenance of any public road, and to pay for the same out of the County Road and Bridge Fund or out of any available county funds. [Acts 1939, 46th Leg., p. 484, § 1.]

CHAPTER FOUR. SPECIAL ROAD TAX

Art. 6790. Election

The commissioners court shall order an election upon presentation to it at any regular session of a petition signed by two hundred qualified voters and property tax payers of the county, or a petition of fifty persons so qualified in any political subdivision or defined district of the county, requesting said court to order an election to determine whether said court shall levy upon the property within said terri-

property. Such levy shall be made at the same
time other county taxes are levied, if such elec-
tion is held in time therefor, but otherwise it
can be made at any time before the rolls are
made out. If at the election, the proposition
for said tax shall carry, no petition for its re-
peal shall be granted in less than two years.
But if it fail to carry, another petition may be
granted in one year, but not sooner; and the
order granting the second or any subsequent
petition may fix a greater or less rate of levy,
not to exceed fifteen cents on the one hundred
dollars worth of property, and if no greater
rate is levied for any one year the commission-
ers court may lower the rate for the next year
without a petition therefor. An election to re-
peal the levy may be ordered and held as in
other cases, but there must be satisfactory
proof presented to said commissioners court
that there is great dissatisfaction with such tax
and that it is probable that a majority of
the citizens of the county or political subdivi-
sion or defined district who are authorized
to vote for said tax would vote for the repeal
of the law, and unless such proof be made the
petition to repeal shall be denied.

[Acts 1925, S.B. 84.]

Art. 6793. No Bonds to Issue

No bonds shall ever be issued under the pro-
visions of this chapter.

[Acts 1925, S.B. 84.]

Before granting a license to any person to build a toll bridge, the commissioners' court shall take bond in the sum of one thousand dollars, with good and sufficient sureties, conditioned that the contractor shall build and keep in constant repair the bridges so contemplated for the term of years agreed upon. If any person shall sustain damages in consequence of the owner or keeper of any toll bridge not having complied with the conditions of his bond, the person so damaged may bring an action of debt against the owner or keeper of such toll bridge on his or their bond, in the county in which such license was granted, and recover judgment for the damages so sustained.

Sec. 1. The Commissioners' Court situated within any County having not less than three hundred and fifty thousand (350,000) population, according to the last preceding Federal Census shall have full power and authority to grant to a person, firm or private corporation, a franchise for the construction, maintenance and operation of a toll underpass or tunnel under any stream, channel or body of water in the State of Texas and necessary approaches thereto and to enter into a contract with such person, firm or corporation to finance, build, construct, own, maintain, and operate such toll underpass or tunnel and approaches, with a reasonable toll charge to be agreed upon, to be levied upon or charged all railroads, persons, vehicles, cattle, motor cars and motor busses and/or other vehicles of transportation passing through said tunnel or underpass; said franchise to be granted to said person, firm or corporation for such number of years as the Court may think proper not to exceed fifty (50) years and such contract and franchise to provide that such persons, firm or corporation shall keep said tunnel and/or underpass and approaches in continuous repair during the term of said contract or franchise; the granting of said franchise shall be conditioned that the contractor shall build and keep in continuous repair the tunnel or underpass and approaches so contemplated for the term of years agreed upon, in accordance with the plans and specifications therefor set out in said contract and franchise.

Option of County to Purchase

Sec. 2. The Commissioners' Court may provide in said contract and franchise that the county shall have the right to purchase said tunnel and/or underpass at a time and for a price to be agreed upon in said contract or franchise.

Regulations as to Crossing Under Navigable Stream

Sec. 3. Said tunnel or underpass when crossing a navigable stream shall be located, built and constructed at a reasonable depth below the fixed navigable depth of such navigable stream, river or channel, as may be provided by law or by the rules and regulations of the State authorities and/or Department of the United States Government having control or charge of said river, stream or channel and said franchise from the Commissioners' Court of the County wherein such tunnel or underpass is to be built, constructed, operated and maintained, shall so provide.

Eminent Domain

Sec. 4. Art. 6795b. Causeways, Bridges, and Tunnels Authorized in Gulf Coast Counties of 20,000 or More

Construction and Operation Authorized; Cost and Expenses

Sec. 1. Any county in the State of Texas which borders on the Gulf of Mexico and which has a population of twenty thousand (20,000) or more, according to the last Federal Census, preceding the authorization of bonds hereunder, acting through its Commissioners Court, is hereby authorized and empowered to construct, acquire, improve, operate, and maintain a causeway, bridge, tunnel, or any combination of such facilities, including all necessary approaches, fixtures, accessories, and equipment (all of which are hereinafter referred to as "the project") from one point in said county to another in, over, through, or under the waters of the Gulf of Mexico or any bay or inlet opening thereinto, and to issue its revenue bonds payable solely from the revenues to be derived from the operation thereof, to pay the cost of such construction, acquisition, or improvement. The cost of the project shall be considered to include the cost of construction, the cost of all property, real, personal, and mixed, and all appurtenances, easements, contracts, franchises, pavements, and properties of every nature, used or useful in connection with the construction, acquisition, improvement, operation, and maintenance of the project; shall include the payment of the cost of condemning any such property, including the payment of the court costs and attorneys fees; shall include the payment of all legal, fiscal, and engineering expenses incurred in connection with the acquisition and construction of the project and the making of preliminary surveys and investigations and the authorization and issuance of the revenue bonds; and shall include the payment of interest on the bonds prior to and during the period occupied by the construction of the project and for one year thereafter. If the Commissioners Court shall consider it desirable to acquire, through purchase or lease, existing ferry properties for the purpose of operating such properties during the period of construction, over the route to be traversed by the project, such properties may be so acquired and the cost thereof paid from the proceeds of the bonds. Any preliminary expenses paid from county funds shall be repaid to such funds from the proceeds of the bonds when available, and all expenses incurred for such projects herebefore entered into are hereby validated and confirmed; provided, however, that nothing in this Act shall authorize the construction of a bridge over and across any ship channel or waterway with a maintained depth of twenty (20) feet or more.

Bonds; Charge Only on Revenues of Project; Approval and Registration

Sec. 2. No bonds authorized hereunder shall ever be a debt of the county issuing them, but shall be solely a charge upon the revenues of the project and shall never be reckoned in determining the power of the county to issue any bonds for any purpose authorized by law. Each such bond shall contain this clause: "The holder hereof shall never have the right to demand payment of this obligation if any funds raised or to be raised by taxation." Bonds issued hereunder may be presented to the Attorney General for his approval in the same manner and with like effect as is provided for the approval of tax bonds issued by counties. In such case the bonds shall be registered by the State Comptroller in the case of other county bonds.

Acceptance of Federal Aid; Contracts; Acquisition of Property

Sec. 3. Any county proceeding hereunder may accept any loan, gift, or grant from the United States of America or the State of Texas, or any agency or instrumentality thereof, and may enter into any agreement or agreements not prohibited by the constitution which may be necessary to obtain such loan, grant, or gift. Construction contracts may be awarded with or without advertised notice for bids in such manner as may be deemed advisable by the Commissioners Court. Such county may enter on any lands, waters, and premises for the purpose of making surveys, soundings, and examinations, and if considered advisable may exercise the right of eminent domain and may institute condemnation proceedings under the provisions of any pertinent general law of Texas for the purpose of acquiring lands or property necessary or convenient to the construction, acquisition or efficient operation of the project.

The county shall have the right to immediate possession of the property which is the subject matter of the condemnation proceedings and may enter thereon. The State of Texas hereby expressly grants to any such county full easements and rights of way through, across, under, and over any land or property owned by the State which may be necessary or convenient to the construction, acquisition or efficient operation of the project.
Sec. 4. Bonds issued hereunder may be authorized by resolution at one time or from time to time. Such bonds shall be payable solely from the revenues to be derived from the operation of the project and it shall be the mandatory duty of the county to impose such tolls and charges for use of the project as will be fully sufficient to operate and maintain the project, pay principal of and interest on the bonds when due and establish such reserve therefor as may be provided, and establish an adequate fund for depreciation and replacement. The Commissioners Court shall have full discretion in fixing the details of the bonds and in determining the manner of sale thereof, provided that the bonds shall not run more than forty (40) years from their date, and that the interest rate and sale price shall be such that the interest cost of the bonds shall not exceed six (6) per cent per annum, computed on average maturities according to standard tables of bond values. The bonds may be redeemable in whole or in part at any time at such manner and at such prices as may be determined by the Commissioners Court prior to the issuance of the bonds. All bonds issued hereunder shall and are hereby declared to have all of the qualifications and incidents of negotiable instruments under the Negotiable Instruments Law of Texas.1 Provision may be made for registration of such bonds as to principal or interest or both. The proceeds of the bonds shall be used solely to pay the cost of the project as above defined, and shall be disbursed under such restrictions as may be provided in the bond resolution or trust indenture hereinafter mentioned, and there shall be and is hereby created and granted a lien upon such moneys until so applied in favor of the holders of the bonds or any trustee provided for in respect of such bonds. Unless otherwise provided in such resolution or indenture, if the proceeds of the bonds prove insufficient to pay the cost of the project, additional bonds may be issued to the amount of the deficit and shall be deemed to be of the same issue and entitled to payment from the same fund without preference or priority of the bonds first issued. Any surplus remaining from bond proceeds after the cost of the project has been paid in full shall be used in paying interest on and retiring bonds. Prior to the issuance of definitive bonds, temporary or interim bonds, with or without coupons, exchangeable for definitive bonds may be issued. Such bonds may be authorized and issued without any proceedings or the happening of any conditions or things or the publication of any proceedings or notices other than those specifically specified and required by this Act, and may be authorized and issued without regard to the requirements of other restrictions, or procedural provisions contained in any other law. The resolution authorizing the bonds may provide that such bonds shall contain a recital that they are issued pursuant to this Act and such recital shall be conclusive evidence of their validity and the regularity of their issuance.

If so provided by the Commissioners Court, the bonds may be secured by a trust indenture by and between the county and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or outside of the State of Texas. Such trust indenture may pledge or assign tolls and revenues but shall not convey or mortgage the project itself or any part thereof. Either the resolution providing for the issuance of the bonds or such trust indenture may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the county in relation to the acquisition of properties and the construction, maintenance, operation, repair, and insurance of the project, and the custody, safeguarding, and application of all moneys. It shall be lawful for any bank or trust company in this State, or thereunder shall and are hereby declared to have all of the qualifications and incidents of negotiable instruments under the Negotiable Instruments Law of Texas.1 Provision may be made for registration of such bonds as to principal or interest or both. The proceeds of the bonds or revenues derived from the operation of the project and to furnish such indemnity bonds or to pledge such securities as may be required by the county. Such bond resolution or indenture may set forth the rights and remedies of the bondholders and of the trustee and may restrict the individual rights of action of the bondholders. In addition to the foregoing, such bond resolution or trust indenture may contain such other provisions as the Commissioners Court may deem reasonable and proper for the security of the bondholders including, but without limitation, covenants prescribing all happenings or occurrences which constitute events of default and the terms and conditions upon which any or all of the bonds shall become or may be declared to be due before maturity and as to the rights, liabilities, powers, and duties arising upon the breach by the county of any of its duties or obligations.

1 Articles 5923 to 5948 (repealed; see, now, Business and Commerce Code, § 3.101 et seq.).

Rights of Bondholders or Trustee for Bondholders; Receiver

Sec. 5. Any holder or holders of bonds issued hereunder, including a trustee or trustees for such holders, shall have the right in addition to all other rights by mandamus or other proceeding in any court of competent jurisdiction to enforce his or their rights against the county and its employees and against any board which may be created to operate the project and against the agents and employees thereof, including, but not limited to, the right to require the county and such board to impose and collect sufficient tolls and charges to carry out the agreements contained in the bond resolution or trust indenture and to perform all agreements and covenants therein contained and duties arising therefrom, and to apply for and obtain the appointment of a receiver for the project. If such receiver be appointed, he may enter, and take possession of the project
and maintain the project and collect and receive all revenues and tolls arising therefrom in the same manner as the county itself might do and shall dispose of such moneys and apply same in accordance with the obligations of the county under the bond resolution or trust indenture and as the Court may direct.

Board of Trustees to Manage Project

Sec. 6. The management and control of the project during such time as any of the bonds remain outstanding may by the terms of the bond resolution or trust indenture be placed in the hands of a Board of Trustees to be named therein, consisting of not more than five (5) members, to be appointed in such manner and to have such powers and duties as may be therein provided.

Bonds Free From Taxation

Sec. 7. The accomplishment of the purposes stated in this Act being for the benefit of the people of this State and for the improvement of their commerce and property, the county in carrying out the purposes of this Act will be performing an essential governmental function and shall not be required to pay any tax or assessment on the project or any part thereof, and the bonds issued hereunder and their transfer and the income therefrom, including any profits made on the sale thereof, shall at all times be free from taxation within this State.

Powers of Counties and of State Highway Commission

Sec. 8. The powers herein granted may be carried out by such counties and the projects may be acquired and operated and tolls and charges fixed and maintained without the consent, approval, supervision, or regulation of any commission, department, bureau, agency, or officer of the State of Texas, provided however, that nothing in this Section shall be construed to prevent the State Highway Commission from operating and maintaining the project or contributing to the cost of such maintenance not inconsistent with the rights of bondholders as may be agreed to by the county. The State Highway Commission shall have authority without further legislative enactment to make such provision for and contributions toward maintenance of the project as it may see fit, and to lease the project under such terms not inconsistent with the provisions of the bond resolution or trust indenture as may be agreed upon with the county, and to declare the project or any part thereof to be a part of the State Highway System and to operate the project or such part thereof as a part of the State Highway System, provided, however, that such declaration may be made and such operation undertaken only to the extent that property and contract rights in the project and in the bonds are not unfavorably affected thereby. When all of the bonds and interest thereon shall have been paid, or a sufficient amount for the payment of all bonds and the interest thereon to maturity shall have been set aside in a trust fund for the benefit of the bondholders and shall continue to be held for that purpose, the project shall become a part of the State Highway System and shall be maintained by the State Highway Commission, free of tolls.

Refunding Bonds

Sec. 9. Subject to any restrictions which may appear in the aforesaid bond indenture or bond resolution, the Commissioners Court may by resolution provide for the issuance of bonds for the purpose of refunding any bonds issued under this Act and at the time outstanding. The issuance of such refunding bonds, the maturities and other terms thereof, the rights of the holders thereof, and the duties of the county in respect to the same, shall be governed by the foregoing provisions of this Act in so far as the same may be applicable, but no such refunding bonds shall be delivered unless authorized in exchange for the bonds authorized to be refunded thereby or unless sold and delivered to provide funds for the payment of matured or redeemable bonds maturing or redeemable within three (3) months.

Repeal

Sec. 10. House Bill No. 9, Chapter 28, Acts, Fourth Called Session, Forty-third Legislature, is hereby repealed.

Partial Invalidity

Sec. 11. That if any clause, sentence, paragraph, or part of this Act shall for any reason be adjudged by any Court of competent jurisdiction to be invalid or ineffective, such judgment shall not affect, impair, or invalidate the remainder of this Act, but shall be confined in its operation to the clause, sentence, paragraph, or part thereof directly involved in the controversy in which such judgment has been rendered.

Art. 6795b-1. Causeways, Bridges, and Tunnels Authorized in Gulf Coast Counties of 50,000 or More

Construction and Operation Authorized; Cost and Expenses

Sec. 1. Any county in the State of Texas which borders on the Gulf of Mexico and which has a population of fifty thousand (50,000) or more, according to the last Federal Census preceding the authorization of bonds hereunder, acting through its Commissioners Court, is hereby authorized and empowered to construct, acquire, improve, operate and maintain a causeway, bridge, tunnel, or any combination of such facilities, including all necessary approaches, fixtures, accessories, and equipment (all of which are hereinafter referred to as "the project") from one (1) point in said county to another, or from one (1) point in said county to a point in another county (regardless of the population of such other county), in, over, through or under the waters of the Gulf of Mexico or any bay or inlet open-
from the operation thereof, to pay the cost of such construction, acquisition, or improvement. Among other things, the cost of the project may include the following: the cost of construction; the cost of all property, real, personal, and mixed, and all appurtenances, easements, contracts, franchises, pavements, and properties of every nature, used or useful in connection with the construction, acquisition, improvement, operation, and maintenance of the project; the payment of the cost of condemning any such property, including both the payment of the award and the payment of the court costs and attorneys fees; the payment of all legal, fiscal, and engineering expenses incurred in connection with the acquisition and construction of the project and the making of preliminary surveys and investigations and the authorization and issuance of the revenue bonds; and the payment of interest on the bonds prior to and during the period occupied in connection with the acquisition and construction of the project and the making of any causeway, bridge, tunnel, or combination thereof constructed or acquired and financed hereunder extends from a point in the county road system of such county, and all roads are hereby made applicable to any project constructed or acquired hereunder in so far as they do not conflict with the provisions hereof; and each county into which the project extends may acquire necessary lands or right of ways or other property by purchase, condemnation or otherwise, under the General Laws of Texas, and the county issuing the bonds shall have such powers with respect to necessary lands or right of ways or other property in each county into which the project extends; provided that provision for the payment of the purchase price, award, or other costs may be upon such terms as may be agreed upon by the Commissioners Courts of the county issuing the bonds and the other county, and the proceeds of the bonds issued hereunder may be used for such purposes; and provided, further, that no election shall be necessary to authorize the issuance of any bonds issued hereunder payable solely from revenues, but in case no election is held, notice of intention to issue such bonds shall be given as provided in Sections 2 and 3 of the Bond and Warrant Law of 1931, as amended, and the authority to issue such bonds shall be subject to the right of referendum provided in Section 4 of said Law. Bonds authorized to be issued under this law shall not be sold initially for less than par and accrued interest. No funds raised or to be raised by taxation in any county shall be expended on any such project extending between two (2) counties unless the Commissioners Court of such county is authorized to expend such funds by a vote of the electors qualified to vote at an election called by the Commissioners Court for such purpose. Notice of such election shall be published once a week for two (2) consecutive weeks in a newspaper of general circulation in said county, the first publication to be not less than fifteen (15) days prior to the date of said election.

Sec. 2. Except as expressly provided in this Section, no bonds authorized hereunder shall ever be a debt of the county issuing them, but shall be solely a charge upon the revenues of the project and shall never be reckoned in determining the powers of the county to issue any bonds for any purpose authorized by law. Each such bond shall contain this clause: “The holder hereof shall never have the right to demand payment of this obligation out of any funds raised or to be raised by taxation.” Bonds issued hereunder may be presented to the Attorney General for his approval in the same manner and with like effect as is provided for the approval of tax bonds issued by counties. In such case the bonds shall be registered by the State Comptroller as in the case of other county bonds. But notwithstanding any limitations in this Act or in the law which it amends, any county proceeding hereunder after this amendatory Act becomes effective may issue bonds for such purpose secured by any one of the following methods:

(a) Solely by the pledge of revenues as prescribed hereinabove in this Section and elsewhere in Chapter 304, Acts of the Regular Session of the Fiftieth Legislature; or

(b) A pledge of and payable from either an ad valorem tax levied out of the Road and Bridge Fund Tax authorized for counties under Article 8, Section 9 of the Constitution, or an unlimited ad valorem tax authorized under Article 3, Section 52 of
Art. 6795b-1

TITLE 116

Sec. 4. The bonds issued hereunder may be authorized by resolution at one time or from time to time. Such bonds shall be payable solely from the revenues to be derived from the operation of the project and it shall be the mandatory duty of the county to impose such tolls and charges for use of the project as will be fully sufficient to operate and maintain the project, pay principal of and interest on the bonds when due and establish such reserve therefore as may be provided, and establish an adequate fund for depreciation and replacement. The Commissioners Court shall have full discretion in fixing the details of the bonds and in determining the manner of sale thereof, provided that the bonds shall not run more than forty (40) years from their date, and that the interest rate and sale price shall be such that the interest cost of the bonds shall not exceed six per cent (6%) per annum, computed on average maturities according to standard tables of bond values. The bonds may be redeemable prior to maturity in such manner and at such prices as may be determined by the Commissioners Court prior to the issuance of the bonds. All bonds issued hereunder shall and are hereby declared to have all of the qualifications and incidents of negotiable instruments under the Negotiable Instruments Law of Texas.1 Provision may be made for registration of such bonds as to principal or interest or both. The proceeds of the bonds shall be used solely to pay the cost of the project as above defined, and shall be disbursed under such restrictions as may be provided in the bond resolution or trust indenture hereinafter mentioned, and there shall be and is hereby created and granted a lien upon such moneys until so applied in favor of the holders of the bonds or any trustee provided for in respect of such bonds. Unless otherwise provided in such resolution or indenture, if the proceeds of the bonds prove insufficient to pay the cost of the project, additional bonds may be issued to the amount of such deficit and shall be deemed to be of the same issue and entitled to payment from the same fund and subject to the same priority or priority of the bonds first issued. Any surplus remaining from bond proceeds after the cost of the project has been paid in full shall be used in paying interest on and retiring...
bonds. Prior to the issuance of definitive bonds, temporary or interim bonds, with or without coupons, exchangeable for definitive bonds may be issued. Such bonds may be authorized and issued without any proceedings or the happening of any conditions or things or the publication of any proceedings or notices other than those specifically specified and required by this Act, and may be authorized and issued without regard to the requirements, restrictions, or procedural provisions contained in any other law. The resolution authorizing the bonds may provide that such bonds shall contain a recital that they are issued pursuant to this Act and such recital shall be conclusive evidence of their validity and the regularity of their issuance.

If so provided by the Commissioners Court, the bonds may be secured by a trust indenture by and between the county and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or outside of the State of Texas. Such trust indenture may pledge or assign tolls and revenues but shall not convey or mortgage the project itself or any part thereof. Either the resolution providing for the issuance of the bonds or such trust indenture may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the county in relation to the acquisition of properties and the construction, maintenance, operation, repair, and insurance of the project, and the custody, safeguarding, and application of all moneys. It shall be lawful for any bank or trust company in this State to act as depository of the proceeds of the bonds or revenues derived from the operation of the project and to furnish such indemnity bonds or to pledge such securities as may be required by the county. Such bond resolution or indenture may set forth the rights and remedies of the bondholders and of the trustee and may restrict the individual rights of action of the bondholders. In addition to the foregoing, such bond resolution or trust indenture may contain such other provisions as the Commissioners Court may deem reasonable and proper for the security of the bondholders including, but without limitation, covenants prescribing all happenings or occurrences which constitute events of default and the terms and conditions upon which any or all of the bonds shall become or may be declared to be due before maturity and as to the rights, liabilities, powers and duties arising upon the breach by the county of any of its duties or obligations.

1 Articles 5932 to 5948 (repealed; see, now, Business and Commerce Code, § 5.101 et seq.).

Rights of Bondholders or Trustee for Bondholders; Receiver

Sec. 5. Any holder or holders of bonds issued hereunder, including a trustee or trustees for such holders, shall have the right in addition to all other rights by mandamus or other proceeding in any Court of competent jurisdiction to enforce his or their rights against the county and its employees and against any board which may be created to operate the project and against the agents and employees thereof, including, but not limited to, the right to require the county and such board to impose and collect sufficient tolls and charges to carry out the agreements and covenants in the bond resolution or trust indenture and to perform all agreements and covenants therein contained and duties arising therefrom, and to apply for and obtain the appointment of a receiver for the project. If such receiver be appointed, he may enter and take possession of the project and maintain the project and collect and receive all revenues and tolls arising therefrom in the same manner as the county itself might do and shall dispose of such moneys and apply same in accordance with the obligations of the county under the bond resolution or trust indenture and as the Court may direct.

Contract or Lease Agreement

Sec. 5a. Any county proceeding hereunder after this amendment becomes effective may, within the discretion of the Commissioners Court, to the extent prescribed by the bond resolution or the trust indenture or pursuant to the provisions thereof make a contract or lease agreement under which the facilities may be operated for a period fixed therein not extending beyond the date of the maturity of the last maturing bond, by another agency, person, firm, or corporation, provided that nothing in such contract or lease shall be so interpreted as to interfere with the right of the holders of the bonds or their representatives to require proper operation and maintenance of the facilities and the payments for the benefit of the bonds as prescribed in the bond resolution or in the trust indenture.

Bonds Free From Taxation

Sec. 6. The accomplishment of the purposes stated in this Act being for the benefit of the people of this State and for the improvement of their commerce and property, the county in carrying out the purposes of this Act will be performing an essential governmental function and shall not be required to pay any tax or assessment on the project or any part thereof, and the bonds issued hereunder and their transfer and the income therefrom, including any profits made on the sale thereof, shall at all times be free from taxation within this State.

Powers of Counties and of State Highway Commission

Sec. 7. The powers herein granted may be carried out by such counties and the projects may be acquired and operated and tolls and charges fixed and maintained without the consent, approval, supervision or regulation of any commission, department, bureau, agency, or officer of the State of Texas, provided, however, that nothing in this Section shall be construed to prevent the State Highway Commission from operating and maintaining the project or contributing to the cost of such operation and
maintenance under such provisions as may be agreed to by the county which are not inconsistent with the rights of bondholders or the rights of any agency, person, firm or corporation then operating the project under lease or contract with the county. The State Highway Commission shall have authority without further legislative enactment to make such provision for and contributions toward operation and maintenance of the project as it may see fit, and to lease the project under such terms not inconsistent with the provisions of the bond resolution or trust indenture as may be agreed upon with the county, and to declare the project or any part thereof to be a part of the State Highway System and to operate the project or such part thereof as a part of the State Highway System, provided, however, that such declaration may be made and such operation undertaken only to the extent that property and contract rights in the project and in the bonds are not unfavorably affected thereby. When all of the bonds and interest thereon shall have been paid, or a sufficient amount for the payment of all bonds and the interest thereon to maturity shall have been set aside in a trust fund for the benefit of the bondholders and shall continue to be held for that purpose, the project shall become a part of the State Highway System and shall be maintained by the State Highway Commission, free of tolls.

Contributions by United States or by State

Sec. 7(a). The county is hereby authorized to accept from the United States Government or any of its departments or agencies or from the State of Texas or any of its departments or agencies, any contributions or assistance available from such source or sources in connection with the acquisition, construction and operation of such project and to enter into agreements with one or any of them in reference to the acquisition, construction and operation of the project.

Bonds as Legal Investments or Security

Sec. 7(b). All bonds issued under this law before and after this amendment shall be and are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, savings and loan associations, insurance companies, fiduciaries, trustees, guardians, and for the sinking funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas. Such bonds shall be eligible to secure the deposit of any and all public funds of the State of Texas, and any and all public funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas; and such bonds shall be lawful and sufficient security for said deposits to the extent of their value, when accompanied by all unmatured coupons appurtenant thereto.
the Republic of Mexico, acting through its Commissioners Court, is hereby authorized and empowered as a part of its road and bridge system to acquire a toll bridge or bridges by construction or otherwise, and to acquire any existing toll bridge or bridges with their rights and franchises and appurtenant properties, by purchase thereof from the owner or owners thereof; either by purchase of the properties as such, or, if such toll bridge or bridges are owned by a private corporation, either by purchase from it of the properties, as such, or by purchasing the capital stock of such corporation from the owner or owners of such stock, either all of the outstanding capital stock of such corporation, or a sufficient amount thereof as required under the law for the dissolution and liquidation of such corporation, and immediately liquidating such corporation, paying the debts and obligations or liabilities thereof, and winding up its business and affairs, and causing conveyance of its properties to said county, taking the title to such stock either in the name of such county or in the name of a trustee therefor; and voting or causing such stock to be voted to carry out and accomplish such purposes, all in such manner and to such effect as to vest title to said toll bridge or bridges with all their rights, franchises and appurtenant properties in such county. The purchase and acquisition of any such properties or stock of such corporation from the owner or owners thereof shall be for such price, upon such terms and conditions, and upon such covenants and agreements as may be mutually agreed upon in respect thereto, by and between such owner or owners and the Commissioners Court of such county, the action of the latter being expressed by appropriate resolution or order consistent with the subject and purpose of this Act, but under no event shall the said bridge or bridges be acquired by condemnation under the powers of eminent domain.

Maintenance and Operation: Eminent Domain; Franchises

Sec. 2. Any such county thus acquiring any such toll bridge or bridges, through its Commissioners Court, shall have power to maintain and operate same, and to own, hold and control same, and to make or cause to be made any repairs, or improvements thereto, and to such end shall have all rights and privileges of acquiring property by condemnation under the power of eminent domain accruing to counties of this State for public purposes under general law. Any such county thus acquiring any such properties shall have the power to renew or extend any franchise therefor, and to obtain new or additional franchises therefor, and to do any and all things required, or that may be proper or necessary to the maintenance and operation thereof, and conduct of the business thereof, and of rendering the services thereof to the public and to the patrons of said bridge or bridges; and to such end purposes shall have power to make and enter into and to carry out, observe, and perform any and all contracts, agreements, and undertakings, of any and every kind, required by the United States of America or the Republic of Mexico or any of their departments, officers, or governmental agencies, or the public authorities thereof.

Tolls, Fees and Charges; Power of County to Collect; Purpose of Tolls

Sec. 3. Any such county thus acquiring any such toll bridge or bridges shall have power, through its Commissioners Court as expressed by appropriate resolution or order thereof, to fix and to enforce and collect tolls, fees and charges for the use thereof, and for the passage or transportation of persons or property, passengers, vehicles, freight and commodities, over and across such toll bridge or bridges. Such tolls, fees and charges shall be fixed from time to time by the Commissioners Court and collected under its direction in accordance with the provisions and requirements of any permits or franchises granted or extended by any governmental authority in respect of or applicable thereto; and subject to the provisions and requirements of such permits or franchises, such tolls, fees and charges shall be just and reasonable and nondiscriminatory, as determined by the Commissioners Court of such county, with no free service until the bonds herein provided to be issued to purchase or otherwise to acquire such properties, together with the interest on such bonds, and all duties and obligations incident thereto or arising therefrom are first fully paid, met and discharged; and, subject to the provisions and requirements of any such permits and franchises, and such tolls, fees and charges shall be sufficient at all times to produce revenues adequate:

(a) To pay all expenses necessary for the maintenance and operation of such toll bridge or bridges, and to comply with the requirements and make all payments necessary under the provisions of any such permits and franchises therefor;

(b) To pay the interest on and the principal of all bonds issued under this Act, when and as the same shall become due and payable;

(c) To pay all sinking fund and/or reserve fund payments agreed to be made in respect of any such bonds, and, payable out of such revenues, when and as the same shall become due and payable; and

(d) To fulfill the terms of any agreements made with the holders of such bonds and/or with any person in their behalf; out of the revenues which may be received in excess of those required for the purposes specified in subparagraphs (a), (b), (c), and (d) above, the Commissioners Court of any such county may in its discretion establish a reasonable depreciation and emergency fund, for such purposes (by purchase and cancellation or redemption) bonds issued under this Act, or apply the
same to accomplish any of the purposes of this Act.

It is the intention of this Act that the tolls, fees and charges herein provided for shall be those necessary to fulfill all obligations imposed by this Act. Nothing herein shall be construed as depriving the State of Texas of its power to regulate and control tolls and charges to be collected for such purposes, or to provide for bridges over any such river to be used free of any tolls or charges, provided that the State of Texas does hereby pledge to and agree with the purchasers and successive holders of the bonds issued hereunder that the State will not limit or alter the power hereby vested in any such county and the Commissioners Court thereof to establish and collect such fees and charges as will produce revenues sufficient to pay the items specified in subparagraphs (a), (b), (c) and (d) of this Section 3 of this Act, or exercise its powers in any way which may impair the rights or remedies of the holders of the bonds, or of any person acting in their behalf until the bonds, together with interest thereon and with interest on unpaid installments of interest and all costs and expenses in connection with any acts or proceedings by or on behalf of the bondholders and all other obligations of any such county in connection with such bonds are fully met and discharged.

The term "toll bridge, with its rights and franchises and appurtenant properties" as used herein is hereby defined to mean and include the physical properties of any such bridge together with and including all permits, grants, franchises, rights and privileges, of every kind granted or extended by the United States of America, or the Congress thereof, or by the Republic of Mexico, or the Congress thereof or any department, officer, agency or governmental authority of either or said two (2) Nations; or by any State or municipality or political subdivision of either or both of said two (2) Nations; for or in relation to or in respect of the maintenance or operation of any such toll bridge, or the collection of tolls, fees and charges for the use thereof; and including all lands, right of ways, easements, leaseholds, contractual or other interests of any kind in the land in either or both of said two (2) Nations, held or used in or in any manner incident to or for the maintenance, or operation of any such bridge or the approaches thereto, or for the use or occupancy of any buildings, structures, appurtenances, appliances, roads, streets, parks, grounds, or conveniences and facilities of any kind, relating or in any manner incident thereto; including all buildings, structures, appurtenances, appliances, equipment, conveniences and facilities of every kind, held or used in or in any manner incident to or for the maintenance and operation of such bridge; and including all rights and properties of every kind incident to or used for the maintenance or operation of any such toll bridge; provided, however, that any such county, in exercising the powers herein granted may acquire by purchase as herein provided, all or any part of any such toll bridge or bridges that is, either the entire bridge or only that part thereof which is situated within the State of Texas; and either all or any part of or any of the respective grants, permits, franchises, rights, contracts, privileges, easements, leases, lands, right of ways, buildings, structures, appurtenances, appliances, equipment, facilities and other interests and items above-enumerated, as included within the meaning of the term "toll bridge with its rights and franchises and appurtenant properties" and as used in this Act, as the Commissioners Court of any such county may, in its discretion determine and deem best.

Sec. 5. Any such county acquiring any such toll bridge or bridges shall have the power, in connection with the maintenance and operation thereof, to acquire land and a site or sites for the purpose, adjacent to such bridge or bridges, and to construct, maintain and operate parks, recreation grounds and facilities, camps, quarters, accommodations and facilities for the use and convenience of the public; and to fix and enforce and collect fees, rentals and charges for the use thereof, which shall be just and reasonable and non-discriminatory, as determined by and fixed from time to time by the Commissioners Court of such county; and to make and enforce reasonable rules and regulations therefor, and to manage, control, govern, police and regulate the same but under no event shall the land, site or sites mentioned in this Section be acquired by condemnation under the powers of eminent domain.

Sec. 6. To accomplish the purposes of this Act, any such county shall have the power to borrow money from any person or corporation, and, without limiting the generality of the foregoing to borrow money and accept grants from the United States of America, or from any corporation or agency created by the United States of America, or designated or empowered to act as agency thereof, and in connection with any such loan or grant, to enter into such agreements as the United States of America or such agency or corporation thereof may require in respect or in relation thereto.

Sec. 7. Any such county, through its Commissioners Court, shall have the power to accomplish the purposes of this Act, by the issuance, sale and delivery of its negotiable bonds; which bonds or the proceeds of the sale thereof may be used to acquire a toll bridge or bridges by construction, purchase or otherwise. In the event such bonds or the proceeds thereof are used to purchase any then existing toll bridge
with its rights and franchises and appurtenant properties from the owner or owners thereof, or such part or portion thereof as may be purchased by any such county as herein provided for, either by purchase of the properties, as such, or by using such bonds or the proceeds of the sale thereof for the purchase from any owner or owners thereof of the stock of any corporation owning such toll bridge or bridges and for the liquidation and winding up of the business and affairs of such corporation and paying the debts and obligations or liabilities thereof, and all in such manner and to such effect as to vest title to such toll bridge or bridges with their rights and franchises and appurtenant properties for such part or portion thereof as may be purchased, in said county, as provided for herein; and which bonds may be exchanged for property or sold to accomplish any of the purposes of this Act as herein provided.

Sec. 8. Any such county shall have the power, in respect to any such bonds issued in pursuance of the provisions of this Act to accomplish all or any of the purposes of this Act, to mortgage or pledge all or any part of or any interest in the said toll bridge or bridges, with their rights and franchises and appurtenant properties, or any other properties acquired or to be acquired with such bonds or the proceeds of the sale thereof, and all or any part of the gross or net revenues thereafter received by such county for or in respect of any such properties so acquired or to be acquired by such county with such bonds or the proceeds of the sale thereof; to secure the payment of the principal of and interest on such bonds, and of such sinking fund and reserve fund agreed to be made in respect of such bonds and to make and enter into such covenants and agreements with the purchasers of such bonds or any person in their behalf in respect thereto and for securing the payment thereof and for providing rights and remedies to the owners and holders of any such bonds or to any person in their behalf, as the Commissioners Court of any such county may in its discretion approve, determine and provide by appropriate resolution or order adopted for such purposes; all in accordance with the provisions of this Act.

So in enrolled bill. Probably should be "pursuance".

Bonds to be Charge Solely on Revenues of Bridge

Sec. 9. No bonds authorized to be issued by this Act shall ever be a debt of the county issuing them, but shall be solely a charge upon the revenues of the toll bridge or bridges and appurtenances constructed and acquired through the issuance of such bonds and shall never be reckoned in determining the power of the county to issue any bonds for any purpose authorized by law. Each such bond shall contain this clause: "The holder hereof shall never have the right to demand payment of said obligation out of any funds raised or to be raised by taxation." Bonds issued hereunder may be presented to the Attorney General for his approval and if such bonds shall not have been so presented, or if such bonds shall have been so presented in accordance with the Constitution and laws of this State, they shall be approved by the Attorney General and shall be registered by the Comptroller of Public Accounts in the same manner as provided for the approval of tax bonds issued by counties of this State. After such approval and registration the bonds shall be incontestable.

Additional Bonds; Trust Indenture

Sec. 10. When any county has bonds outstanding payable from the revenues of any toll bridge or bridges, additional bonds may be issued to the extent and under the conditions prescribed by the provisions of the outstanding bonds and the proceedings relating thereto including the provisions of any trust indenture securing such outstanding bonds, and any such additional bonds may be secured by a pledge of and lien on the net revenues of the bridge or bridges on a parity with such outstanding bonds to the extent, in the manner, and under the conditions set out in the proceedings and/or the trust indenture securing and authorizing such previously issued and outstanding bonds. After any such county shall have acquired a toll bridge or bridges under the provisions of this Act it may in the manner herein prescribed with relation to the issuance of original bonds, issue and deliver subsequent bonds for the purpose of repairing or improving or reconstructing or replacing a toll bridge or bridges, or for any one or more of such purposes, subject only to the restrictions contained in the resolution or orders of the Commissioners Court authorizing the original bonds and in the deed of indenture, if any, securing such original issue of bonds.

Bonds; Payable Solely From Revenues; Tolls Fixed to be Sufficient to Pay; Depository of Proceeds

Sec. 11. The bonds issued hereunder may be authorized by resolution of the Commissioners Court from time to time or from time to time. Such bonds shall be payable solely from the revenues to be derived from the operation of the toll bridge or bridges referred to in the bond proceedings and it shall be the mandatory duty of the Commissioners Court to impose such tolls and charges for the use of the bridge or bridges thus encumbered as will be fully sufficient to satisfy all the purposes set forth in Section 8 of this Act. The Commissioners Court shall have full discretion in fixing the details of the bonds and in determining the manner of sale thereof. All bonds issued hereunder shall and are hereby declared to have all of the qualifications and incidents of negotiable instruments under the Negotiable Instrument Law of Texas. If so provided by the Commissioners Court bonds may be secured by a trust indenture by and between the county and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or outside of the State of Texas. Such trust indenture may either pledge or assign the tolls, fees and revenues or mort-
gage the bridge or bridges or any part thereof, or both. Either the resolution or order providing for the issuance of the bonds or the trust indenture securing same may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the county with relation to the acquisition of properties and the construction, maintenance, operation, repair and insurance of the bridge or bridges and the custody, safeguarding, and application of all moneys. It shall be lawful for any bank or trust company in this State to act as depository of the proceeds of the bonds or revenues derived from the operation of the bridge or bridges and to furnish such indemnity bonds or to pledge such securities as may be required by the county.

**Depository of Proceeds**

Sec. 12. If such bonds are sold for cash, the proceeds of the sale thereof shall be deposited in such depository and shall be paid out pursuant to such terms and conditions, as may be agreed upon between the Commissioners Court and the purchasers of such bonds.

**Rights of Bondholders; Receivers**

Sec. 13. Any holder or holders of bonds issued hereunder, including the Trustee or Trustees for such holders, shall have the right in addition to all other rights, by mandamus or in any other proceedings in any court of competent jurisdiction to enforce his or their rights against the county and its officers and employees including, but not limited to, the right to require the county and its Commissioners Court to impose and collect sufficient tolls and charges to carry out the agreements contained in the bond resolution or trust indenture, and to perform all agreements and covenants therein contained and duties arising therefrom, and to apply for and obtain the employment of a receiver for the bridge or bridges. If such receiver be appointed, he may enter and take possession of such bridge or bridges and maintain them and collect and receive all revenues and tolls arising therefrom in the same manner as the county itself might do and shall dispose of such moneys and apply same in accordance with the provisions of the county's obligations under the bond resolution or order or trust indenture and as the court may direct.

**Amounts and Denominations of Bonds; Interest Rate; Coupon or Registered; Place of Payment**

Sec. 14. Any such bonds issued by any such county in pursuance of and to accomplish the purposes of this Act shall be in such aggregate principal amount or amounts, of such denominations, shall bear such date or dates, and be of such maturities, bearing interest at such rate or rates, not exceeding six per cent (6%) per annum, payable annually or semiannually on such respective dates, in such form, containing such terms, provisions and conditions, either coupon or registered, with such registration privileges, such provisions for the call or redemption thereof before maturity, payable at such place or places within or without the State of Texas, as the Commissioners Court of any such county may in its discretion approve and determine and provide by resolution or order adopted for such purposes.

**Sale or Exchange of Bonds; Cash or Terms**

Sec. 15. Any bonds issued by such county in pursuance of and to accomplish the purposes of this Act may either be:

(a) Sold for cash, at private or public sale, at such price or prices as the Commissioners Court of such county may determine, provided that the interest cost of the money received therefor, computed to maturity in accordance with standard bond tables in general use by banks and insurance companies, shall not exceed six per cent (6%); or

(b) May be issued on such terms as the Commissioners Court of any such county shall determine in exchange for property of any kind, real, personal or mixed, or any interest therein, which the Commissioners Court of such county shall determine to be proper and necessary to accomplish any of the purposes of this Act; or

(c) May be issued in exchange for like principal amount of any other bonds of such issue matured or unmatured.

**Exemption From Taxation; Property and Bonds**

Sec. 16. The accomplishment of the purposes stated in this Act being for the benefit of the people of this State and for the improvement of their commerce and property, the county in carrying out the purposes of this Act will be performing an essential governmental function and shall not be required to pay any tax or assessment on the properties acquired hereunder or on any part thereof and the bonds issued hereunder and their transfer and the income therefrom, including any profits made on the sale thereof, shall at all times be free from taxation within this State. It is provided, however, that any such county which may acquire any such toll bridge or bridges by purchase from private owner or owners thereof may make payments in lieu of ad valorem taxes previously paid by such private owner or owners to any common or independent school district in which such properties are situated. Any payments so made shall be in such amounts as may be determined upon by the Commissioners Court and shall be considered as an operation expense for all purposes of this Act.

**Refunding Bonds**

Sec. 17. Subject to any restrictions which may appear in the bond resolutions or orders or in the trust indentures pertaining to the issuance of bonds hereunder, the Commissioners Court may by resolution or order provide for the issuance of bonds for the purpose of re-
funding any bonds issued under this Act and at the time outstanding.

Bonds; Legal Investments

Sec. 18. All bonds issued under the law are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, savings and loan associations, insurance companies, fiduciaries, trustees, guardians, and for the sinking funds of cities, towns, villages, counties, school districts or other political corporations or subdivisions of the State of Texas, including the State Permanent School Fund; and such bonds shall be lawful and sufficient security for such deposits to the extent of their par value, when accompanied by all unmatured coupons appurtenant thereto.

Referendum Not Necessary

Sec. 19. Such counties may purchase such properties and issue such bonds as are herein provided and may use such bonds or the proceeds of the sale thereof for the purchase of any such properties, or to accomplish any other purposes of this Act by action of its Commissioners Court as expressed by resolution or order authorizing and effecting same, and without the necessity of any referendum, and without the necessity of calling or holding any election to authorize any such action, and without the necessity of giving or publishing any notice of intention to acquire any such properties or to issue any such bonds, and without the necessity of advertising or calling for any competitive bids in respect thereto.

Limitations on Authority of Counties

Sec. 20. Nothing in this Act shall authorize any such county acting in pursuance hereof or to accomplish any of the purposes hereof, to levy or collect any taxes or assessments therefor or in any respect thereto or to pledge the credit of the county in any manner to issue and sell or deliver any bonds or to create any obligations of any kind or to incur any liabilities of any kind or to make or enter into any contracts or agreements of any kind, to be paid or performed or met or discharged out of or from any taxes or assessments. This Act shall constitute full authority for the authorization and issuance of bonds hereunder and no other act or law with regard to the authorization or issuance of obligations, or the deposit of the proceeds thereof in any way impeding or restricting the carrying out of the acts and things herein authorized to be done shall be construed as applying thereto or to any acts or proceedings taken hereunder and acts or things done pursuant hereto and for the accomplishment of the purposes of this act.

Act Cumulative of Other Laws

Sec. 21. This Act is declared cumulative of all other acts and laws; and the powers, rights, privileges and functions hereby conferred on any such county, shall not prevent the exercise by any such county of any and all other powers, rights, privileges, or functions conferred upon such county by any other act or law now existing or hereafter enacted.

CHAPTER SIX. PARTICULAR COUNTIES, LAW RELATING TO

Art. 6812b.

Sec. 1. In all counties in this State having a population of more than one hundred and ninety-eight thousand (198,000) inhabitants, and less than four hundred thousand (400,000) inhabitants according to the last preceding Federal Census, and wherein is situated an incorporated city having a population in excess of two hundred and fifty thousand (250,000) inhabitants according to the last preceding Federal Census, the Commissioners Court of such counties shall have full power and authority, and it shall be its duty to adopt, at a meeting of said court of which the county judge and at least three (3) of the county commissioners shall be present and cause to be recorded in the minutes of said court, and put into effect such rules, regulations, plans and system for the maintenance, laying out, opening, widening, draining, grading, constructing, building and repairing of the public roads of said counties, other than the State highways located therein, as the available funds of the counties will permit so as to facilitate travel between the communities thereof, subject to and in harmony with the duties of the county engineer as herein specified. Where such rules, regulations, plans and system have already been adopted by the Commissioners Court of such counties and are of record, it shall not be necessary to repeat the same in the absence of public necessity therefor, but same may be amended and supplemented from time to time as the public needs may require.

Sec. 2. The Commissioners Court of each such county shall appoint a county engineer, but the selection shall be controlled by considerations of skill and ability for the task; such engineer may be selected at any regular meeting of the Commissioners Court, or at any special meeting called for that purpose, and such engineer shall hold his office for a period of two (2) years, his term of office expiring concurrently with the terms of other county officers, but may be removed at the pleasure of the Commissioners Court. Such engineer shall receive a salary to be fixed by the Commissioners Court not to exceed Ten Thousand Dollars ($10,000) per annum out of the second-class road and bridge fund; such engineer before entering upon the discharge of his duties, shall take the oath of office prescribed by law, and shall execute a bond in the sum of Fifteen Thousand Dollars ($15,000), with a good and sufficient surety or sureties thereon, payable to the county judge of said county and his successors in office in trust, for the use and benefit of the road and bridge fund of said county, to be approved by the court, conditioned that such engineer will faithfully and efficiently discharge and perform all of the duties required of him by law and by the orders of said Commissioners Court and shall faithfully and honestly and in due time, account for all the money, property and materials placed in his custody.

Classification and Record of Roads

Sec. 3. The county engineer shall, under the direction of the Commissioners Court, and as soon as practicable, classify all public roads in such county, and such classification when completed, and when approved by the court, shall become a part of the permanent records of said county, and such classification, records and indexes have heretofore been prepared there shall be no necessity to repeat the same in the absence of public necessity therefor, but same may be amended and supplemented from time to time as the facts and public need may demand.

Inventory and Appraisal of Equipment; Disposal and Purchase

Sec. 4. The county engineer shall at the end of every three (3) months, acting in conjunction with the county purchasing agent of said county, make a complete inventory and appraisal of all tools, machinery, equipment, materials, trucks, cars, and other property owned by the second-class road and bridge fund, and transmit the same in written form to the Commissioners Court and the county auditor, which written report shall be kept as a "Permanent Inventory Record" by the county.
Art. 6812b

TITLE 116

856

auditor, and when any of said tools, machinery, trucks, cars and other property and equipment become unusable, the Commissioners Court shall enter an order upon the minutes of the court, stating such facts and the reason for disposing of such equipment and shall have authority to dispose of same as it deems best. When in its opinion it is necessary to purchase other machinery, supplies, tools and other equipment and materials, the Commissioners Court shall enter an order on the minutes showing the necessity therefor. All equipment purchased or acquired as herein specified, shall be shown on the "Permanent Inventory Record."

Employees

Sec. 5. The Commissioners Court shall employ all help necessary for the discharge of their public service. Such employees shall receive such compensation as may be fixed by the court, but in all such cases an order shall be entered and entered on the minutes of the court, stating such facts and the reason for such employment and the amount of compensation to be paid each employee and the fund out of which it is to be paid.

Daily Time Sheet

Sec. 6. The engineer shall keep, or cause to be kept, in duplicate a daily time sheet which shall show the amount of time and the character of work performed and the place where the same is performed by each person working for the county on road maintenance or construction, and such other records in connection therewith as the Commissioners Court and the county auditor may require, one (1) copy of which shall be furnished the county auditor, and one (1) copy shall be retained in the office of the engineer.

Master Plan

Sec. 7. The county engineer shall, when funds are available and when authorized by the Commissioners Court to do so, make a careful and thorough survey of all roads at that time opened and constructed with a view of determining what new roads and connections of roads should be opened and constructed, as well as what roads should be widened and improved. In making such survey, he shall take into consideration the convenience of the traveling public, and especially the convenience of the citizenship of the county, looking at all times to the entire county as a unit and wholly disregarding precinct lines.

Adoption and Alteration of Master Plan

Sec. 8. The Commissioners Court shall, when said "Master Plan" is submitted to them for adoption, or if after adoption an amendment or change thereto shall be deemed advisable, set a date at a regular meeting of the Commissioners Court called for that purpose, and give public notice thereof at least two (2) weeks in advance of such meeting, and if a majority of the Commissioners Court call for that purpose, and give public notice thereof at least two (2) weeks in advance of such meeting, and if a majority of the Commissioners Court shall become author to alter and/or change or amend any of the provisions thereof, inviting the citizenship of the county to be present and protest any part of said "Master Plan" and to make suggestions as they seem pertinent in connection with same, or any change therein, but the decision of the Commissioners Court shall become final and conclusive as to said "Master Plan" and any succeeding Commissioners Court shall have the power or authority to alter and/or change or amend any of the provisions thereof except by unanimous vote of the Commissioners Court. Provided, that where such "Master Plan" has once been adopted, there shall be no necessity to repeat the same in advance of public necessity therefor, but same may be amended and altered when public necessity therefor is shown, and after notice is given as hereinafore provided.

Subdivisions and Additions

Sec. 9. Many subdivisions and additions, for residential, industrial and commercial purposes, lying and being outside the corporate limits of any city, town or village, have in recent years been platted and such plats and ded-
indications approved by Commissioners Courts and filed for record in such counties. And many more such subdivisions will hereafter be prepared and submitted to Commissioners Courts of said counties. The platting and dedicating of such additions and the consequent sale of lots in such subdivisions have caused the rapid development of such subdivisions and consequent increase of traffic in, on and along the dedicated streets in said additions and subdivisions, and it shall be the duty of the county engineer and the Commissioners Court to cause the "Master Plan" to be conformed to such needs and demands of such subdivision by constructing adequate highways leading from such subdivisions to the county seat, provided that from and after the passage of this Act the Commissioners Court, before approving the plat or plan of any subdivision lying outside the corporate limits of any city, town or village, as required by Article 6626 of the Revised Civil Statutes of the State of Texas, 1925, as amended, shall require such subdivider to enter into a written contract and agreement with the county that such subdivider or dedicator will grade, and gravel, all streets and provide all necessary drainage structures within such tract of land so subdivided. Such street improvements and drainage structures shall be in accordance with standard plans and specifications prepared by the county engineer. Such contract shall be for the benefit of any person or persons, firm or corporation who may thereafter acquire by purchase or otherwise any lot or lots in said addition or subdivision, and the faithful performance of said contract as to the initial improvements of said streets shall be deemed a part of the consideration paid for said lot and be read into the contract of sale of same, and such contract shall be enforceable at the instance, and suit if necessary, of the owner or owners of any of said lot or lots in a given subdivision suing singly or as a group or class. After such initial street improvements have been completed in accordance with such plans, said streets then become and remain a part of the county road system and shall be maintained by the county unless and until included within the corporate limits of some city, town or village capable of maintaining its own streets.

Payment of Employees

Sec. 10. It shall be the duty of the county auditor to compute the pay for all employees under the court's supervision from time sheets furnished him by the engineer, and no check or warrant shall be issued in favor of any such employee without the approval of such auditor. It shall be the duty of said auditor to see that no employee is paid for time not actually served by such employees and to this end he shall have authority, at any time in his duty, at such time or times as he deems advisable, to check any or all of such employees while they are actually engaged in work. Nothing in this Act, however, shall be construed as repealing or being in conflict with the provisions of Article 2372g-1, Vernon's Revised Statutes of 1925.

Special Counsel

Sec. 11. The Commissioners Court shall have the authority to employ special counsel, learned in the law, to advise the court or the Commissioners thereof in all matters wherein the services of counsel may be required, and also to conduct the litigation of the county in which the interests of the county may be involved, which employment may be made for such time and on such terms as the Commissioners Court may deem proper and expedient.

Surveys, Plans and Specifications; Grading; Drainage; Culverts and Bridges

Sec. 12. Before actual construction shall have begun on any road or highway so to be improved, the county engineer, under the direction of the Commissioners Court, shall make careful and accurate surveys of the roads and highways to be improved, and shall file with the records of the courts plans and specifications and estimates as to the cost thereof. Provided, that the provisions of this Section shall not apply to work done by county convicts. As far as practicable, all such roads shall be thoroughly graded and drained, and all roadbeds, bridges, culverts and drain pipes shall be of durable material, the bridges to be of steel or cement and the drain pipes of vitrified clay or of material equally durable and lasting. All culverts and bridges on first and second-class roads shall not be less than twenty-four (24) feet in length and of sufficient strength to support all forms of motor traffic, and the weight of all farm and road engines.

Acquisition of Land: Condemnation

Sec. 13. Whenever in the judgment of the Commissioners Court it shall be or become necessary to lay out and construct any road or highway in or through the county or any part thereof, whether said road extends through any city, town, village, hamlet, community or otherwise or whenever it shall be or become necessary in the judgment of the Commissioners Court to occupy any land, in town or county, for the purpose of constructing, building, opening, widening, straightening, draining, grading, improving, repairing or maintaining any public road or highway of said counties or any part thereof, said court, through the agents and employees of the county may enter upon, occupy and take such land, paying therefor, if the owner thereof and said court can agree on the price thereof, as to the value of the land so taken and the amount of damage, if any there be to the remainder, but if such owner and the Commissioners Court cannot agree with respect to such value or damage or both, then said county may proceed to condemn such land for any of the purposes aforesaid, and shall therefor be deemed entitled to the same manner as now or may hereafter be prescribed by law for condemnation by railroad corporations and may condemn land for right of way under such proceeding with a right to invoke the Statutes, in so far as the same may
be applicable for the exercise of the right of eminent domain by railroad corporations except that, in no case, shall the county be required to give bond or to deposit more than the amount assessed by the Commissioners in condemnation; provided however, that nothing contained in this Section shall be held to repeal the provisions of the General Law now in force or that may hereafter be passed relating to the opening or construction of public roads by a jury of view, but this Section shall be held to be cumulative thereof, and the Commissioners Court of said county may, at the option of said court, in such cases proceed under the provisions of such General Law or under the provisions of this Act according as same may be best adapted, in the judgment of said Commissioners Court, to expedite the relief sought to be obtained.

Drainage of Railroad Rights of Way

Sec. 14. Whenever it shall be made to appear to the satisfaction of said Court that it is necessary for the better drainage of any public road or roads within said county that the ditches along the right of way of any railroad in the county should be emptied and drained, said court may, by an order entered upon its minutes at a regular or special term of the court, require any such railway whose ditches or borrow pits are so constructed or so out of repair as to impede the easy and rapid flow of water accumulating on, along or near its right of way to the nearest gully, ravine, creek, water course or outlet, and it shall be the duty of said railway in reference to which said order is made and entered within sixty (60) days after a certified copy of said order shall have been delivered to any general officer of such railway company or to any of its agents in said county to supply proper and sufficient drain- age in the premises and within sixty (60) days thereafter to commence the work so ordered to be done and to continue such work with reasonable dispatch until its completion. In the event such railway company, its officers and agents shall fail to commence work within sixty (60) days from the date of service of a certified copy of such order, or having begun shall fail to finish the same within a reasonable time, the Commissioners Court may have such work performed, keeping an accurate account of the money expended upon said work, and said money so expended being reasonable in amount, may be recovered from the railway company along whose right of way said work was done at the suit of the county for the benefit of its road and bridge fund in any court of competent jurisdiction.

Payment of Road Taxes; Overseers

Sec. 15. In such county the payment of road taxes by labor is abolished and all provisions of laws concerning overseers shall be of no further force or effect.

County Commissioners; Duties and Compensation

Sec. 16. Each member of the Commissioners Court shall be and he is hereby required to devote all of his time (unless prevented by illness) to the duties of his office, and shall be in attendance at all sessions of the court. In addition thereto he shall personally inspect the conditions of the roads and bridges of the county, and shall see to it that employees under the control of the Commissioners Court perform their full duties. Each member shall receive an annual salary as provided by the General Statutes of the State of Texas relating to the salaries of county commissioners in counties having a population which conforms to the population of the counties affected by this Act. Said salaries to be paid out of the road and bridge fund of the county.

Amount of Road and Bridge Tax

Sec. 17. It shall be unlawful for said Commissioners Court to levy any road and bridge tax in excess of the maximum rate prescribed by law, and any member of said court who shall vote for such excessive levy, knowing it to be excessive, shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not more than Five Hundred Dollars ($500).

Convict Labor

Sec. 18. Said court may require all county convicts of said county, who may be physically able and not otherwise employed, to work on the public roads of said county under such rules and regulations as the court may prescribe, and each convict so worked shall receive a credit of Three Dollars ($3) per day, one half of which shall be as nearly as practicable, applied to the fine, and one half to the court costs, provided that this shall not be construed as to relieve a convict from the payment of all costs for which he would be liable under the General Laws of this State; said court may, as a reward for good behavior and faithful service, grant a reasonable commutation which shall in no case exceed one-tenth (1/10) of the whole time. Said court may direct all such houses, tents, clothing, bedding, food, medicine, medical attention, supplies and guards as it may deem necessary or proper for the safe and humane treatment and for the safe-keeping of such county convicts. Said court may also provide and enforce and such guards may, under the direction of said court in accordance with its rules and regulations, administer such reasonable and humane punishment as may be necessary to require such convicts to perform good work. Said court may provide a reward, not exceeding Ten Dollars ($10) in any instance, to be paid out of the road and bridge fund for the capture and delivery of an escaped convict, but no such reward shall be paid to any guard or persons in charge of or assisting such convict at the time of his escape.

Bond Issues; Resolution; Election

Sec. 19. Whenever the Commissioners Court shall deem it necessary or expedient to build, construct, improve, repair or maintain first or second-class roads of a permanent na-
ture with the proceeds of the sale of bonds issued for road and bridge purposes under the terms of this Act, said court, shall at any regular meeting pass and record in its minutes a resolution setting forth that it is the sense of said court that public roads and bridges of a permanent nature should be built, constructed, improved, repaired or maintained and that the county should issue its bonds to raise money for that purpose in an amount to be named in such resolution, and said resolution shall be submitted to the vote of the property-owning, qualified voters of the county under the law and the Constitution at any regular or special election which the court may order for that purpose, and if at such election a majority of the votes cast shall be for such resolution, then the same shall be deemed to be adopted; otherwise it shall be deemed to be rejected. Such election shall be governed in all respects by the laws governing elections in this State, save that the time for holding such elections, the manner and kind of notice shall be fixed by the Commissioners Court, and the returns shall be made and canvassed in the same manner and the result declared by proclamation of the county judge, which proclamation shall be posted in at least three (3) public places in the county, or at the option of the court published one time in a daily newspaper of general circulation in the county.

Qualifications of Voters; Ballots

Sec. 20. No person shall be permitted to vote at any election provided for in the next preceding Section of this Act unless he is a property owner, taxpayer, who has duly rendered his property for taxation, and a qualified voter of the county under the law and Constitution of Texas. Those desiring to vote for the resolution shall have written or printed on their ballots the words “FOR the Resolution to issue bonds to _______” and those desiring to vote against the resolution shall have written or printed on their ballots the following: “AGAINST the Resolution to issue bonds to _______” (here insert such purpose of the proposed bond issue as set forth in said resolution). Preparation and Execution of Bonds; Terms of Bonds; Registration and Enrollment; Sale or Negotiation; Tax Levy

Sec. 21. If, at the election hereinafore provided for, a majority of the property-owning qualified voters, under the Constitution and Laws of the State, shall vote in favor of the resolution hereinafore provided for and the Commissioners Court shall have canvassed the vote and declared the result, and proclamation therefor has been made by the county judge or publication made in lieu thereof, declaring said result, then it shall be the duty of said court to prepare and execute the bonds of the county in such sums as may be deemed advisable by the court, not exceeding the amount authorized at the election, said bonds to bear interest at not exceeding five per cent (5%) per annum, payable annually or semi-annually as the courts shall direct, which bonds shall be redeemable or payable not more than forty (40) years from date thereof, and at such intermediate periods, serially or otherwise as the court may direct, the time of maturity to be expressed on the face of the bonds and such bonds shall be registered or enrolled as in case of other county bonds, and the same shall not be sold or negotiated at less than their par value; provided, however, that the tax levy for the payment of interest and principal on any issue of bonds under the terms of this Act shall not exceed in any one case the sum of Fifteen Cents (15¢) on the One Hundred Dollars ($100) property valuation, and the amount of bonds so to be issued shall be limited accordingly; provided further, that nothing in this language or in the terms of this Act shall be held to impair the right of the county to issue bonds under the provisions of Article 3 of Section 52 of the State Constitution and the Statutes enacted pursuant thereof.

Levy of Tax; Use of Tax and Bond Proceeds

Sec. 22. At or prior to the issuance of said bonds, it shall be the duty of said Commissioners Court to levy an annual ad valorem tax on all property within the county liable to taxation, sufficient to provide for the interest on such bonds and to create a sinking fund for the payment of the principal thereof at the maturity of same. Such tax and the levy thereof may vary or lessen accordingly as assessed taxable values may increase or diminish from year to year. The fund arising from such tax and the levy thereof shall not be used for any other purpose than that for which it was created, and the proceeds of the sale of such bonds shall be confined strictly for the purpose for which they were issued, subject only to the incidental expense incurred in the issuance and sale thereof. It shall be unlawful for said court to transfer any money or fund from the road and bridge fund to any other purpose, except as outlined in Section 15 of this Act, than the laying out, opening, widening, draining, constructing, building, repairing and maintaining the public roads of said counties and the incidental and necessary expense growing out of the issuance of said bonds and the sale thereof.

Account and Disbursement of Bond Proceeds

Sec. 23. It shall be the duty of the county treasurer to keep a separate account of all moneys received from the sale of bonds of said county issued for road and bridge purposes, and said treasurer shall pay out none of it except on written order or warrant of said court, specifying the contract against which it is drawn or for the purpose for which it is expended.
Contracts; Alternative Methods; Record of Cost

Sec. 24. Except as otherwise provided in this Act, no contract requiring the expenditure of money derived from the sale of bonds authorized by this Act shall be made until said county engineer shall have made and filed with the Commissioners Court maps, profiles, plans, specifications, and estimates of the work to be done under such contract and not until said court shall have considered the same and ordered it of record. Provided, however, that in the event said court shall have advertised for and rejected bids, it may, in its discretion proceed to do the work mentioned in said advertisement. In the expenditure of road funds other than moneys derived from the sale of bonds, the Commissioners Court may authorize the building, construction and repair of roads by contract, day labor or convict labor as said court may deem to be for the best interest of the county. In every instance where the court chooses to do so under the terms of this Act to build, improve, repair or maintain roads by having the work done by the county, then the county must keep a careful and accurate record of the cost of the work, provided the work referred to in this Section shall be done under the direction of the county engineer in harmony with the other provisions of this Act.

Purchase of Equipment and Material

Sec. 25. Any and all tools, implements, machinery, material and supplies which may be purchased from the second-class road and bridge fund by the court under its direction shall be purchased only after competitive bids therefor shall have been invited by the court, and then only from the lowest responsible bidder, with the right on the part of the court to reject any and all bids and call for other competitive bids thereon; provided, however, bridge lumber, corrugated iron pipe for culverts, road surfacing materials, cement, gasoline, groceries, convict supplies and other materials in regular or constant use may be purchased in carload or other practical large lots under competitive bidding as herein stipulated.

Advertisements and Bids; Bond of Successful Bidder; Withholding Percentage of Estimates

Sec. 26. Whenever, pursuant to the provisions of this Act, said court shall desire to make a purchase or let a contract for which competitive bids are required under the terms of this Act, said court or the county auditor under its direction, may advertise for bids therefor in such manner and for such length of time as the order of the court may prescribe, with the right on the part of the court in every case to reject any and all bids; the advertisement for bids shall be made by either posting same or by publication in such manner and for such length of time as the court may direct; provided, however, that this shall not be held to invalidate or prevent purchases without competitive bids under the terms of the next preceding Section hereof. Whenever any such contract is let in which competitive bids are required, the successful bidder or contractor shall enter into a bond in a sum not less than the amount of the contract with a surety company authorized to do business in Texas thereon, payable to the county judge or his successors in office, in trust for the use and benefit of the road and bridge fund of said counties, to be approved by the court and conditioned for the faithful performance of said contract and upon such other conditions as the court may require. In no event shall such contract be or become effective until the bond herein required shall have been filed and approved by the court. Provided, further, that during the progress of such work, the court in allowing estimates on the contract shall withhold fifteen per cent (15%) of each estimate until the work shall have been entirely completed and is accepted by the county engineer and by the Commissioners Court.

Transfers to Road and Bridge Fund

Sec. 27. The Commissioners Court is authorized and empowered, whenever and in such manner as it may determine, to transfer to and make a part of the road and bridge fund of said county any money now in the county, to pay interest and create a sinking fund for any bonds of said county heretofore issued and which have now been retired and cancelled. Such money so transferred to the road and bridge fund may be expended by the Commissioners Court at their discretion in constructing or repairing any of the first-class or cross roads of the county, such expenditures to be made in compliance with the provisions and requirements of this Act.

Record of Vote on Expenditures

Sec. 28. The records of the Commissioners Court shall show in detail every vote for expenditure of any of the funds mentioned in this Act.

Shade Trees; Signboards or Signposts

Sec. 29. The Commissioners Court may, where funds are available for that purpose, plant shade trees along the side of the public roads; the Commissioners Court may protect all shade trees along the side of said thoroughfares and erect, place and keep a substantial signboard or signpost at every point where a public road forks or is intersected by another public road and such signboard or signpost shall contain a legible inscription directing the way and giving the distance of the next important place on such highway. Any person who shall willfully remove, injure, deface or mutilate or injure the growth of any shade tree along the side of a public road or any signboard or signpost thereon or thereabouts shall be deemed guilty of a misdemeanor and on conviction thereof shall be punished by a fine of not less than Twenty-five Dollars ($25) nor more than One Hundred Dollars ($100).
Financial Interest of Members of Commissioners Court;
Violations of Act

Sec. 30. It shall be unlawful for any member of the Commissioners Court or for any county officer to be or become financially interested, directly or indirectly, in any contract with said county for road work or for the purchase or sale of any material or supplies of any character or in any transaction whatsoever in connection with any of the roads of said county, excepting only his own salary, fees or per diem. If any such county commissioner or such county officer shall willfully violate any of the foregoing provisions of this Section, he shall be punished by a fine of not less than Five Hundred Dollars ($500) nor more than One Thousand Dollars ($1,000) or by imprisonment in the county jail of said county for not more than one (1) year or by both such fine and imprisonment and in addition thereto shall be forthwith removed from office as provided for by General Law. If any member of said Commissioners Court or any such officer shall willfully violate any of the other provisions of this Act, he shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not more than Five Hundred Dollars ($500) or by imprisonment in the county jail of said county for not more than six (6) months or by both such fine and imprisonment.

Fines and Moneys Collected Applied to Road and Bridge Fund

Sec. 31. All fines for any and all violations of any of the provisions of this Act and any and all moneys which may be collected by or on behalf of said county, on, under, or by virtue of any contract which may be executed under the provisions of this Act shall be applied to the road and bridge fund of said county.

Definitions

Sec. 32. The terms “Road” and “Highway” as used in this Act shall be held to include bridges, viaducts, causeways, culverts, roadbeds, ditches, drains and every part of a road or highway as such terms are commonly understood whether herein specified or not.

Judicial Notice of Law

Sec. 33. This Act is and shall be held and construed to be a public act of which the court shall take cognizance without proof thereof, and in any court proceedings wherein the provisions of this Act are drawn in question, the necessity for pleadings or proving same is hereby dispensed with.

Law Cumulative; Conflict or Inconsistency

Sec. 34. The provisions of this Act are and shall be held and construed to be cumulative of all General Laws of this State on the subject treated of and embraced in this Act when not in conflict or inconsistent herewith, but in case of such conflict or inconsistency in whole or in part, this Act shall control said county.

Partial Invalidity

Sec. 35. If any section, subdivision, paragraph, sentence, clause or word of this Act shall be held to be unconstitutional, the remaining portions of same shall, nevertheless, be valid and it is declared that such remaining portions would have been included in this Act though the unconstitutional portion had been omitted.

[Acts 1951, 52nd Leg., p. 471, ch. 296.]

Art. 6812b-1. Counties of 49,400 to 52,000;
County Engineer; Duties

County Engineer

Sec. 1. The commissioners court of any county having a population of not less than 49,400 nor more than 52,000, according to the last preceding federal census, may appoint a county engineer, but the selection shall be controlled by considerations of skill and ability for the task. The engineer may be selected at any regular meeting of the commissioners court, or at any special meeting called for that purpose. The engineer selected shall be a Registered Professional Engineer in the State of Texas. The engineer shall hold his office for a period of two years, his term of office expiring concurrently with the terms of other county officers, and he may be removed at the pleasure of the commissioners court. The engineer shall receive a salary to be fixed by the commissioners court not to exceed the amount of the salary paid to the highest county official, to be paid out of the Road and Bridge Fund. The engineer, before entering upon the discharge of his duties, shall take the oath of office prescribed by law, and shall execute a bond in the sum of $15,000 with a good and sufficient surety or sureties thereon, payable to the county judge of the county and successors in office in trust, for the use and the benefit of the Road and Bridge Fund, of the county to be approved by the court, conditioned that such engineer will faithfully and efficiently discharge and perform all of the duties required of him by law and by the orders of said commissioners court and shall faithfully and honestly and in due time account for all of the money, property and materials placed in his custody.

Classification and Record of Roads

Sec. 2. (a) The county engineer shall, under the direction of the commissioners court, and as soon as practicable, classify all public roads in such county, and such classification when completed, and when approved by the court, shall become a part of the permanent records of roads and bridges of said county. He shall prepare a suitable map of which shall be delineated in appropriate colors the various roads which shall be designated as first, second, and third class roads. The map shall show to which place each road belongs and the nature of its construction. He shall make a complete indexed record of each county road in the county and all bridges. The records shall
show when each county road was dedicated to the use of the public, a complete description as to location, measured length, width of right-of-way, character of construction, and terminals of same.

(b) Each road shall be indexed in the record by the same number and name as it is delineated on the map. As new roads are opened and improved, and the existing roads are widened or improved so as to change their class, such facts shall be added to the record of such roads in the "Records of Roads." Such information shall be made available to the public; provided, however, that any omission in respect to the above requirement shall not invalidate any contract for the construction or repair of any road or highway in said county, and where such classification, records and indexes have heretofore been prepared there shall be no necessity to repeat the same in the absence of public necessity therefor, but same may be amended, added to or taken from as the facts of public need may demand.

Inventory and Appraisal of Equipment: Disposal and Purchase

Sec. 3. The county engineer shall at the end of every 12 months, acting in conjunction with each commissioner of the county, make a complete inventory and appraisement of all tools, machinery, equipment, materials, trucks, cars, and other property owned by the respective commissioners, and transmit the same in written form to the commissioners court and the county auditor, which report shall be kept as a permanent inventory record by the county auditor. When any of said tools, machinery, trucks, cars, and other property becomes unusable, the commissioners court shall enter an order upon the minutes of the court, stating such facts and reason for disposing of such equipment and shall have authority to dispose of same as it deems best. When in its opinion it is necessary to purchase other machinery, supplies, tools, and other equipment and materials, the commissioners court shall enter an order on the minutes showing the necessity therefor. All equipment purchased or acquired as herein specified, shall be shown on the permanent inventory record.

Master Plan

Sec. 4. The county engineer shall, when funds are available and when authorized by the commissioners court, to do so, make a careful and thorough study of all roads at that time opened and constructed with a view of determining what new roads and connections of roads should be opened and constructed, as well as what roads should be widened and improved. In making such survey, he should take into consideration the convenience of the traveling public, and especially the convenience of the citizenship of the county, so that each community a part of the county shall have easy and practical connection with the other and the state highway system of roads in the county, thereby furnishing to the citizenship of the county a convenient means of ingress and egress into and out of every city and town, as well as every other community in the county. The roads indicated in such surveys to be opened and constructed, as well as existing roads that are designated to be widened and improved, shall be located and designated with the view of giving the entire county an efficient road system. The commissioners court shall, in selecting roads or new roads, as well as the improvement of existing roads, look to the density of the population and amount of traffic that will normally flow over such roads; such survey when completed by the engineer, and when adopted by the commissioners court at a regular meeting thereof, shall be known as the Master Plan. When such Master Plan has been completed and adopted by the court as it is stipulated, the same shall be made into permanent record form and kept by the county engineer, and after such adoption, all new construction, widening and permanent improvement shall be done in accordance with such Master Plan and with the view of ultimately completing the same, both as to location and character of construction. The construction of said Master Plan shall proceed as the available funds of the county will permit, and each unit of such construction shall be made in accordance with such Master Plan. The order in which the roads or projects in the construction of said Master Plan are constructed shall be determined by the county engineer, with the approval of the commissioners court and in determining the priority of roads or projects, the engineer and court shall take into consideration the necessity and convenience of the public and should give priority to those roads or projects that will result in the greatest service to the greatest number of the citizenship of the county, looking at all times to the entire county as a unit and wholly disregarding precinct lines.

Adoption and Amendment of Master Plan

Sec. 5. The commissioners court shall when said Master Plan is submitted to them for adoption, or if after adoption, an amendment or change thereto shall be deemed advisable, set a date at a regular meeting of commissioners court called for that purpose, and give public notice thereof at least two weeks in advance of such meeting and the purpose thereof, inviting the citizenship of the county to be present to protest any part of said Master Plan and also to make such suggestions as they deem pertinent in connection with same, or any change therein, but the decision of the commissioners court shall become and be final and conclusive as to said Master Plan, and no succeeding commissioners court shall have the power or authority to alter or change or amend any of the provisions thereof except by unanimous vote and after hearing evidence thereon. Provided, that where such Master Plan has once been adopted, there shall be no necessity to repeat the same in absence of public necessity thereof, for same may be amended and altered.
when public necessity therefor is shown, and
after notice is given as herein above provided.

Subdivisions

Sec. 6. It shall be the duty of the county engineer
and the commissioners court in each
respective precinct to cause the Master Plan to be
conformed to the needs and demands of ex­
isting and new subdivisions by constructing
adequate highways leading from such subdivi­
sions to the county seat. Provided that from
and after the passage of this Act, the commis­
sioners court, before approving the plan or
plans of any subdivision lying outside the cor­
porate limits of any city, town, or village, as
required by Article 6626, Revised Civil Stat­
tutes of Texas, 1925, as amended, shall require
such subdivision to enter into a written con­
tract in agreement with the county, then such
subdivider or dirt dealer will grade, and gravel
all streets and provide all necessary drainage
structures within such tract of land so subdi­
vided. Such street improvements and drainage
structures shall be in accordance with stand­
ard plans and specifications prepared by the
county engineer. Such contracts shall be for
the benefit of any person or persons, firm or
 corporation who may thereafter acquire by
purchase or otherwise any lot or lots in said
addition or subdivision, and the faithful per­
formance of said contract as to the initial im­
provements of said streets shall be deemed a
part of the consideration paid for said lot and
be read into the contract of sale of same, and
such contract shall be enforceable at the in­
stance, if necessary, of the owner or owners of
any lot or lots in a given subdivision, suing
singly or as a group or class. After such
initial street improvements have been com­
pleted in accordance with such plans, said streets
then become and remain a part of the county
road system and shall be maintained by the
county unless and until included within the
corporate limits of a city, town or village ca­
ble of maintaining its own streets.

Inspections of Plats, Subdivision Plans and Land En­
compassed; Advice to Commissioners Court
and Developers

Sec. 7. The county engineer when directed
do so by the commissioners court of the
county, shall inspect all plats and plans of subdivi­
sions to be recorded within said county,
and make an on-site inspection of the land en­
compassed within said subdivision and advise
the court as to the roads, drainage, sewage,
and all aspects of said subdivision and terrain.
The county engineer when and if required by
the commissioners court, shall affix his signa­
ture to said plat along with the county judge
and the commissioners court upon any plat ap­
proved and accepted by the commissioners
court and filed in the county clerk's office.
The county engineer will offer advice and sug­
gestions to said developer and commissioners
court in order to promote conformity with any
and all rules and regulations for subdividing
as laid out by the commissioners court.
such conflict or inconsistency in whole or in part, this Act shall control.

Severability

Sec. 14. If any section, subdivision, paragraph, sentence, clause, or word in this Act shall be held to be unconstitutional, the remaining portions of same shall nevertheless be valid and it is declared that such remaining portions would have been included in this Act though the unconstitutional portion had been omitted.

County Engineer; Release From Position

Sec. 15. If at any time the commissioners court at any time feels that the county engineer position is no further of any necessity or benefit to the county, then said commissioners court has the authority to release said engineer without any obligation to fill said position or vacancy.

Art. 6812c. Building or Set-Back Lines; Adjacent Counties of 350,000

Establishment of Set-Back Lines on Major Highways and Roads

Sec. 1. Whenever the Commissioners Court in any county having a population of not less than 350,000 according to the last Federal Decennial Census and which is adjacent to another county having a population of not less than 350,000 according to the last Federal Decennial Census, deems that the general welfare will be promoted thereby, it is hereby authorized and empowered to establish building lines or set-back lines on major highways and roads in such county, not to exceed one hundred fifty (150) feet from the center line of such major highways and roads, and to prohibit any new building being located within such building or set-back lines outside of the corporate limits of any city, village or incorporated town. Such Commissioners Court is further authorized and empowered to regulate and limit and to change and amend by order such building or set-back lines on such major highways or roads and to prohibit any new buildings being located within such building or set-back lines outside the corporate limits of any city, village or incorporated town.

Hearing and Adoption of Plan; Amendment or Alteration

Sec. 2. Before the adoption of any plan for major highways and the establishing of building or set-back lines thereon the Commissioners Court shall hold at least one public hearing related thereto, fifteen days notice of the time and place of which shall be published in at least one newspaper having general circulation within the county. Such hearing may be adjourned from time to time. Adoption of the major highway plan shall be by resolution carried by not less than a majority vote of the full membership of the court. The establishment of building or set-back lines shall be by order passed by not less than a majority vote of the full membership of the court. After adoption of a major highway plan or plans an attested copy shall be filed with the County Clerk. Thereafter, the Commissioners Court may upon like approval, publication and notice change, amend, supplement or alter the major highway plan and building lines relating thereto.

Notice; Failure to Begin Construction

Sec. 3. The property owners of all property fronting upon any major highway or road on which a building line or set-back line has been established shall be charged with notice of the requirement of the building line order. All building lines established pursuant to this Act shall be shown in a general manner upon a map and the same shall be filed with the County Clerk and notice thereof shall be published in at least one newspaper having general circulation within the county, and such notice shall also be posted in at least three conspicuous places along each highway affected; provided, however, that in the event the county should fail to begin the construction of the improvement or widening of the road on which any building or set-back line has been established within four (4) years from the date when said building or set-back line had been fixed, such designation of the building or set-back line shall cease and be of no force or effect unless the time is extended therefor by agreement of the county and the property owners interested.

Board of Adjustment

Sec. 4. The Commissioners Court is hereby authorized and empowered to appoint a Board of Adjustment. Such Board shall consist of five (5) freeholders of such county. The membership of the first Board appointed shall serve respectively: two members for one year, and three members for two years. Thereafter members shall be appointed for terms of two years. Members shall be removable for cause by the Commissioners Court upon written charge after public hearings. Vacancies shall be filled by the Commissioners Court for the unexpired term of any member whose term becomes vacant. The Board of Building Line Adjustment shall elect its own chairman and shall adopt rules of procedure. All meetings of the Board shall be open to the public and minutes shall be kept and filed in the office of the Board and shall be a public record. Said Board of Adjustment shall have the following powers and it shall be its duty to modify or vary the regulations affecting building lines or set-back lines in specific cases, subject to appropriate conditions and safeguards in cases where unnecessary hardship may result from a literal enforcement of such building line or set-back line requirements, so that substantial justice may be done and the intent and purpose of the regulations to protect the public welfare and public safety observed:

Such Board of Adjustment shall hear and decide appeals where, by reason of exceptional narrowness, shallowness, shape, topography, existing building development or other excep-
tional and extraordinary situation or condition of a specific piece of property, the strict application of a building line established under this Act would result in peculiar and exceptional difficulties to, or hardship to, the owner of such property, to authorize upon an appeal relating to such property, a variance from the strict application under such conditions as such Board of Adjustment may impose so as to relieve the hardship or difficulties, provided such relief can be granted without substantially impairing the intent and purpose of the building line or set-back line.

The Board of Adjustment shall, with appropriate safeguards, authorize the construction of improvements or structures which may enroach upon any building or set-back line established under this Act; provided, however, that should the county proceed with the projected improvement of the road within the time specified herein, then the owner of such improvements will be required to remove the same without cost to the county whatsoever.

Violation of Line; Injunction or Abatement

Sec. 5. In case any building or structure is erected, constructed or reconstructed in violation of any building line or set-back line established under this Act; provided, however, that should the county proceed with the projected improvement of the road within the time specified herein, then the owner of such improvements will be required to remove the same without cost to the county whatsoever.

Appeals

Sec. 6. Any property owner who feels injured or damaged by any Act or order of the Board of Adjustment may appeal within thirty days from such act or order to the Commissioners Court of such county. Any property owner in such county who feels injured or damaged by any final order of such Board of Adjustment or by any final order of such Commissioners Court shall have and is hereby given the right to appeal from such order to the District Court or to any other court having jurisdiction thereof, provided that such appeal shall be made within thirty days from the date of such order; and provided further that such appellant shall execute an appeal bond in an amount fixed by such court.

[Acts 1959, 56th Leg., p. 838, ch. 377.]

Art. 6823a. Travel Regulations Act of 1959

Short Title

Sec. 1. This Act is the "Travel Regulations Act of 1959."

Application of Act

Sec. 2. The provisions of this Act shall apply to all officers, heads of state agencies, and state employees. Heads of state agencies shall mean elected state officials, excluding members of the Legislature who shall receive travel reimbursement as provided by the Constitution, appointed state officials, appointed state officials whose appointment is subject to Senate confirmation, directors of legislative interim committees or boards, heads of state hospitals and special schools, and heads of state institutions of higher education.

Basis of Reimbursement; Per Diem; Allowance; Rate; Computation

Sec. 3. a. Reimbursement from funds appropriated by the Legislature for traveling and other necessary expenses incurred by the various officials, heads of state agencies, and employees of the state in the active discharge of their duties shall be on the basis of either a per diem or actual expenses as specifically fixed and appropriated by the Legislature in General Appropriation Acts. A per diem allowance shall mean a flat daily rate payment in lieu of actual expenses incurred for meals and lodging and as such shall be legally construed as additional compensation for official travel purposes only.

b. The rate of per diem and transportation allowance and method of computing those rates shall be those set forth in General Appropriation Acts providing for the expenses of the state government from year to year.

Acceptance of Money From Corporation or Person Under Examination; Violation

Sec. 4. Unless otherwise provided by law, officers and employees traveling to the performance of their official duties shall not accept any sums of money for wages or expenses, from any corporation, firm, or person who may be or is being audited, examined, inspected or investigated, and must receive their traveling expenses from the amounts appropriated in the Appropriation Acts. The Comptroller is hereby prohibited from paying the salary of any employee of the state who violates these provisions.

Advanced Approval of Governor; Travel Outside United States

Sec. 5. Any travel connected with official business of the state for which reimbursement for travel expenses incurred is claimed, with the exception of travel to, in, and from the several states, United States possessions, Mexico, and Canada, must have the advance written approval of the Governor. Blanket authority by
the Governor may be given the Department of Public Safety to law enforcement personnel.

Rules and Regulations; Standard Expense Account Forms; Reimbursement for Travel by Private Conveyance; Overpayment

Sec. 6. a. The Comptroller of Public Accounts is to promulgate rules and regulations to facilitate the execution of the travel regulations, as defined in this Act or as may hereafter be contained in General Appropriations Acts, and shall, with the concurrence of the State Auditor, prescribe the form on which travel expenses are to be submitted. The Comptroller shall approve claims for travel expense and issue warrants on basis of approved claims.

Such rules and regulations as are prescribed by the Comptroller shall be subject to final approval by the Attorney General. After such approval has been given, official copies of the rules and regulations, including administrative policies and/or interpretations of these rules and regulations, shall be filed with the Secretary of State.

b. Standard expense account forms shall be used by all state agencies in preparing the expense accounts for traveling state employees. Such forms shall contain information stating

(1) the point of origin and the town, place or point of destination of each trip and the reimbursable mileage travelled between each point, town, or place. This provision shall also apply to intra-city mileage;

(2) the actual period of time the employee is away from his designated headquarters entitling him to travel expenses; and

(3) a brief statement which clearly shows the purpose of the trip and the character of official business performed.

c. In determining transportation reimbursement for travel by private conveyance, the Comptroller shall base reimbursement on the mileage by shortest highway distance between point of origin and the destination via intermediate points at which official state business is conducted and other necessary mileage at points where official state business is conducted. In determining the amounts of reimbursement for transportation by personal car within the State, the Comptroller shall compute all distances according to the shortest route between points. In determining the amount of reimbursement for transportation by personal car within this state, the Comptroller shall adopt a mileage guide including a chart of distances showing the shortest route between points, and which shall include all Farm-to-Market roads and shall be reissued annually.

d. When two or more employees travel in a single private conveyance, only one shall receive a transportation allowance, but this provision shall not preclude each traveler from receiving a per diem allowance.

e. When two, three, or four officials or employees of the same state agency with the same itinerary on the same dates are required to travel on the same official state business for which travel reimbursement for mileage in a personal car is claimed, mileage reimbursement will be claimed and allowed for only one of the employees except as provided hereafter. To the extent of mileage reimbursement claimed, the Comptroller shall consider such travel claims as multiple claims and may pay only one such claim. If more than four employees attend such meeting or conference in more than one car, full mileage reimbursement shall be allowed for one car for each four employees and for any fraction in excess of a multiple of four employees. If, in any instance, it is not feasible for these officials or employees to travel in the same car, then prior official approval from the head of the state department or agency shall be obtained and shall be considered as authorization and the basis for reimbursement for travel for each person authorized to use his personal car in such travel.

f. Should an officer or employee of the state receive an overpayment for travel expenses from money appropriated in the Appropriations Acts, he is to reimburse the state for such overpayment.

Double Travel Expense Payments: Reimbursement by Non-State Agency

Sec. 7. Double travel expense payments to state officials or employees are prohibited. When an employee engages in travel for which he is to be compensated by a non-state agency, he shall not receive any reimbursement for such travel from authorized amounts in the General Appropriation Acts.

Local Transportation Allowance; Limits

Sec. 8. An employee whose duties customarily require travel within his designated headquarters may be authorized a local transportation allowance for this travel. Such allowance, however, shall never exceed the transportation allowance for use of a privately owned automobile as set by the Legislature in the General Appropriations Acts.

Disallowance of Per Diem Reimbursement

Sec. 9. Neither a per diem allowance nor partial per diem allowance as set out in the General Appropriations Acts shall be allowed for the period of time on those days when an employee is:

(1) At his official designated headquarters.

(2) Absent from post of duty for personal reasons.

(3) Absent from post of duty for any reason not connected with duties of the agency by which the employee is employed.

(4) Away from designated headquarters for a period of less than six consecutive hours.
When an employee leaves his post of duty for any reason not connected with the duties of the agency by which such employee is employed, or for personal reasons, the employee shall clearly show he is absent for personal reasons on the expense account and will also show the hour and date of departure from post of duty and the hour and date he returned to said post of duty.

**Public Conveyances; Courtesy Cards**

Sec. 10. The provisions of this Act shall not preclude reimbursement of claims by officials or employees for use of public conveyances. Transportation is authorized by courtesy cards for air, rail and bus lines.

**Exclusions**

Sec. 11. None of the provisions of this Act shall apply to reimbursement for travel expenses incurred by officials or employees of athletic departments of the institutions of higher education, to reimbursement for travel expenses to officials or employees of institutions of higher education from gifts or bequests, or to reimbursement for travel expenses of officials or employees when expenses for such travel are paid or reimbursed to the institutions of higher education under provisions of contracts between the institutions and the Federal Government or other contracting agencies. The governing boards of the respective institutions of higher education shall make such necessary rules and regulations as may be deemed advisable for the administration and control of such travel.

**Art. 6827. Evidence of Qualification**

Upon demand of any citizen of this State, the Comptroller, Treasurer, commissioners courts, county treasurers and all other officers of this State or of any municipal division thereof, who are authorized or required by law to audit, pay or order to be paid, claims due from the State, or any county or municipal division thereof, to any person as salary, fees, compensation, perquisites or emoluments or services for official services rendered by such person as an officer thereof, before auditing, paying or ordering payment of such claim, shall require such claimant to produce the certificate of his election or appointment to such office directed by the laws of this State to be issued to such officer, or if his claim be founded upon the judgment or decree of a court of this State authorized by law to hear and determine the claims of persons to office, then a copy of the record of such judgment or decree certified under the hand and seal of the legal custodian of such record to be a true copy thereof.

[Acts 1925, S.B. 84.]

**Art. 6828. Unauthorized Officers**

It shall be unlawful for any officer or court of this State, or of any municipal division thereof, to allow, audit, pay or order to be paid, the claim of any person for salary, compensation, fees, perquisites, emoluments or services, as an officer of the State or of any municipal division thereof, except to such person as has been duly elected such officer by the qualified voters of this State, and whose election has been ascertained and certified or declared in the manner required by law, or who has been appointed such officer by the taxing power under the Constitution and laws of this State, or who has been adjudged entitled thereto by a State court of competent jurisdiction, and has qualified as such officer in accordance with law. Any person not so elected, appointed and qualified shall not be entitled to receive pay for services as such officer, or to exercise the powers or jurisdiction of such officer. The official acts of any person claiming a right to exercise such power or jurisdiction contrary to the provisions of this law shall be void.

[Acts 1925, S.B. 84.]

INTERSTATE CIVIL DEFENSE AND DISASTER COMPACT

The contracting States solemnly agree:

"Article 1. The purpose of this compact is to provide mutual aid among the States in meeting any emergency or disaster from enemy attack or other cause (natural or otherwise) including sabotage and subversive acts and direct attacks by bombs, shellfire, and atomic, radiological, chemical, bacteriological means, and other weapons. Each party state shall extend to the civil defense forces of any other party state, while operating within its state limits under the terms and conditions of this compact, the same powers (except that of arrest unless specifically authorized by the receiving state), duties, rights, privileges and immunities as if they were performing their duties in the state in which normally employed or rendering services. "Article 5. No party state or its officers or employees rendering aid in another state pursuant to this compact shall be liable on ac-
count of any act or omission in good faith on the part of such forces while so engaged, or on account of the maintenance or use of any equipment or supplies in connection therewith.

The United States Government may relieve the party state receiving aid from any liability and reimburse the party state supplying civil defense forces for the compensation paid to and the transportation, subsistence and maintenance expenses of such forces during the time of the rendition of such aid or assistance outside the state and may also pay fair and reasonable compensation for the use or utilization of the supplies, materials, equipment or facilities so utilized or consumed.

After the termination of the emergency or disaster the party state of which the evacuees are resident shall assume the responsibility for the ultimate support or repatriation of such evacuees.

"Article 10. This compact shall be available to any state, territory or possession of the United States, and the District of Columbia. The term 'state' may also include any neighboring foreign country or province or state thereof.

"Article 11. The committee established pursuant to Article 1 of this compact may request the Civil Defense Agency of the United States Government to act as an informational and coordinating body under this compact, and representatives of such agency of the United States Government may attend meetings of such committee.

"Article 12. This compact shall become operative immediately upon its ratification by any state as between it and any other state or states so ratifying and shall be subject to approval by Congress unless prior Congressional approval has been given. Duly authenticated copies of this compact and of such supplementary agreements as may be entered into shall, at the time of their approval, be deposited with each of the party states and with the Civil Defense Agency and other appropriate agencies of the United States Government.

"Article 13. This compact shall continue in force and remain binding on each party state until the Legislature or the Governor of such party state takes action to withdraw therefrom. Such action shall not be effective until ninety (90) days after notice thereof has been sent by the Governor of the party state desiring to withdraw to the Governors of all other party states.

"Article 14. This compact shall be construed to effectuate the purpose stated in Article 1, hereof. If any provision of this compact is declared unconstitutional, or the applicability thereof to any persons or circumstances is held invalid, the constitutionality of the remainder of this compact and the applicability thereof to other persons and circumstances shall not be affected thereby.

"Article 15. This compact shall become binding and obligatory when it shall have been signed by the Governors of the respective states enumerated in this compact; when it
shall have been ratified by the Legislature of each state that requires ratification of said compact by the Legislature; and when ratified by the Congress of the United States. Failure of the United States Congress to ratify within sixty (60) days after transmittal, the consent shall be considered as granted. Notice of ratification by each of the states which are a party to this compact shall be given by the Governor of that state to the Governors of the other states and to the President of the United States, and the President is hereby requested to give notice to the Governor of each state of approval by the Congress of the United States.

Sec. 2. Duly authenticated copies of this Act shall, upon its approval, be transmitted to the Governor of each state, to the President of the Senate of the United States, and the President is hereby requested to give notice to the Governor of each state that requires ratification of said compact by the Legislature; and when ratified by the Legislature, to the Governor of each state, to the President of the United States, and the President is hereby requested to give notice to the Governor of each state of approval by the Congress of the United States.

6. Authorize and provide for coordination of activities relating to disaster prevention, preparedness, response, and recovery by agencies and officers of this state, and similar state-local, interstate, federal-state, and foreign activities in which the state and its political subdivisions may participate;

7. Provide a disaster management system embodying all aspects of pre-disaster preparedness and post-disaster response; and

8. Assist in prevention of disasters caused or aggravated by inadequate planning for and regulation of public and private facilities and land use.

Limitations

Sec. 3. Nothing in this Act may be construed to:

1. Interfere with the course or conduct of a labor dispute, except that actions otherwise authorized by this Act or other laws may be taken when necessary to forestall or mitigate imminent or existing danger to public health or safety;

2. Interfere with dissemination of news or comment on public affairs, but any communications facility or organization (including but not limited to radio and television stations, wire services, and newspapers) may be required to transmit or print public service messages furnishing information or instructions in connection with a disaster emergency;

3. Affect the jurisdiction or responsibilities of police forces, fire fighting forces, units of the armed forces of the United States, or of any personnel thereof, when on active duty, but state, local, and interjurisdictional disaster emergency plans shall place reliance upon the forces available for performance of functions related to disaster emergencies; or

4. Limit, modify, or abridge the authority of the governor to proclaim martial law or exercise any other powers vested in him under the constitution, statutes, or common law of this state independent of, or in conjunction with, any provisions of this Act.

Definitions

Sec. 4. As used in this Act:

1. “Disaster” means the occurrence or imminent threat of widespread or severe damage, injury, or loss of life or property resulting from any natural or man-made cause, including but not limited to fire, flood, earthquake, wind, storm, wave action, oil spill or other water contamination requiring emergency action to avert danger or damage, volcanic activity, epidemic, air contamination, blight, drought, infestation, explosion, riot, or hostile military or paramilitary action.

2. “Political subdivision” means any county, city, or other unit of local government.

3. “Organized volunteer groups” means organizations such as the American National Red Cross, The Salvation Army, Civil Air Patrol, Radio Amateur Civil Emergency Services, and other similar organizations recognized by federal or state statute, regulation, or memorandum.

The Governor and Disaster Emergencies

Sec. 5. (a) The governor is responsible for meeting the dangers to the state and people presented by disasters.
(b) Under this Act, the governor may issue executive orders, proclamations, and regulations and amend or rescind them. Executive orders, proclamations, and regulations have the force and effect of law.

(c) The governor may establish by executive order or proclamation a Defense and Disaster Relief Council, to advise and assist him in all matters relating to defense and disaster relief. The council shall be composed of the heads of state agencies, boards, and commissions and representatives of organized volunteer groups he may deem appropriate.

(d) A disaster emergency shall be declared by executive order or proclamation of the governor if he finds a disaster has occurred or that the occurrence or the threat of disaster is imminent. The state of disaster emergency continues until the governor finds that the threat or danger has passed or the disaster has been dealt with to the extent that emergency conditions no longer exist and terminates the state of disaster emergency by executive order or proclamation, but no state of disaster emergency may continue for longer than 30 days unless renewed by the governor. The legislature by concurrent resolution may terminate a state of disaster emergency at any time. On termination by the legislature, the governor shall issue an executive order or proclamation ending the state of disaster emergency. All executive orders or proclamations issued under this subsection shall indicate the nature of the disaster emergency and the pursuant recovery aspects of the state or area in question and is authority for the designation of the governor. The division shall have the capacity to carry out the functions for compensation under Section 13 of this Act, commander or utilize any private property if he finds it necessary to cope with the disaster emergency.

(e) An executive order or proclamation of a state of disaster emergency activates the disaster response and recovery aspects of the state, local, and interjurisdictional disaster emergency plans applicable to the political subdivision or area in question and is authority for the deployment and use of any forces to which the plan or plans apply and for use or distribution of any supplies, equipment, and materials, and facilities assembled, stockpiled, or arranged to be made available pursuant to this Act or any other provision of law relating to disaster emergencies.

(f) During the continuance of any state of disaster emergency and the pursuant recovery period, the governor is commander-in-chief of state agencies, boards, and commissions having emergency responsibilities. To the greatest extent practicable, the governor shall delegate or assign command authority by prior arrangement embodied in appropriate executive orders or plans, but nothing in this Act restricts his authority to do so by orders issued at the time of the disaster emergency.

(g) In addition to any other powers conferred upon the governor by law, he may:

1. suspend the provisions of any regulatory statute prescribing the procedures for conduct of state business, or the orders, rules, or regulations of any state agency, if strict compliance with the provisions of any statute, order, rule, or regulation would in any way prevent, hinder, or delay necessary action in coping with the emergency;

2. utilize all available resources of the state government and of each political subdivision of the state which are reasonably necessary to cope with the disaster emergency;

3. transfer the direction, personnel, or functions of state departments and agencies or their units for the purpose of performing or facilitating emergency services;

4. subject to any applicable requirements for compensation under Section 13 of this Act, commander or utilize any private property if he finds it necessary to cope with the disaster emergency;

5. recommend the evacuation of all or part of the population from any stricken or threatened area in the state if he deems this action necessary for the preservation of life or other disaster mitigation, response, or recovery;

6. prescribe routes, modes of transportation, and destinations in connection with evacuation;

7. control ingress and egress to and from a disaster area, and the movement of persons and the occupancy of premises in the area;

8. suspend or limit the sale, dispensing, or transportation of alcoholic beverages, firearms, explosives, and combustibles; and

9. make provision for the availability and use of temporary emergency housing.

State Division of Disaster Emergency Services

Sec. 6. (a) A Division of Disaster Emergency Services is established in the office of the governor. The division shall have a director appointed by and to serve at the pleasure of the governor. The division shall have coordinating and planning officers and other professional, technical, secretarial, and clerical employees necessary for the performance of its functions.

(b) The Division of Disaster Emergency Services shall prepare and maintain a comprehensive state disaster plan and keep it current. The plan may include:

1. provisions for prevention and minimization of injury and damage caused by disaster;
Art. 6889-6 TITLE

(2) provisions for prompt and effective response to disaster;
(3) provisions for emergency relief;
(4) identification of areas particularly vulnerable to disasters;
(5) recommendations for zoning, building, and other land-use controls, safety measures or securing mobile homes or other nonpermanent or semipermanent structures, and other preventive and preparedness measures designed to eliminate or reduce disasters or their impact;
(6) provisions for assistance to local officials in designing local emergency action plans;
(7) authorization and procedures for the erection or other construction of temporary works designed to protect against or mitigate danger, damage, or loss from flood, conflagration, or other disaster;
(8) preparation and distribution to the appropriate state and local officials of state catalogs of federal, state, and private assistance programs;
(9) organization of manpower and channels of assistance;
(10) coordination of federal, state, and local disaster activities;
(11) coordination of the state disaster plan with the disaster plans of the federal government; and
(12) other necessary matters.

c) The Division of Disaster Emergency Services shall take an integral part in the development and revision of local and interjurisdictional disaster plans prepared under Section 8 of this Act. To this end it shall employ or otherwise secure the services of professional and technical personnel capable of providing expert assistance to political subdivisions, their disaster agencies, and interjurisdictional planning and disaster agencies. These personnel shall consult with subdivisions and agencies on a regularly scheduled basis and shall make field reviews of the areas, circumstances, and conditions to which particular local and interjurisdictional disaster plans are intended to apply, and may suggest revisions.

d) In preparing and revising the state disaster plan, the Division of Disaster Emergency Services shall seek the advice and assistance of local government, business, labor, industry, agriculture, civic, and volunteer organizations and community leaders. In advising local and interjurisdictional agencies, the division shall encourage them also to seek advice from these sources.

e) The state disaster plan or any part of it may be incorporated in regulations of the Division of Disaster Emergency Services or executive orders which have the force and effect of law.

(f) The Division of Disaster Emergency Services shall:

(1) determine requirements of the state and its political subdivisions for food, clothing, and other necessities in event of an emergency;
(2) procure and pre-position supplies, medicines, materials, and equipment;
(3) promulgate standards and requirements for local and interjurisdictional disaster plans;
(4) periodically review local and interjurisdictional disaster plans;
(5) provide for mobile support units;
(6) establish and operate or assist political subdivisions, their disaster agencies, and interjurisdictional disaster agencies to establish and operate training programs and programs of public information;
(7) make surveys of public and private industries, resources, and facilities in the state which are necessary to carry out the purposes of this Act;
(8) plan and make arrangements for the availability and use of any private facilities, services, and property and provide for payment for use under terms and conditions agreed upon if the facilities are used and payment is necessary;
(9) establish a register of persons with types of training and skills important in emergency prevention, preparedness, response, and recovery;
(10) establish a register of mobile and construction equipment and temporary housing available for use in a disaster emergency;
(11) prepare, for issuance by the governor, executive orders, proclamations, and regulations necessary or appropriate in coping with disasters;
(12) cooperate with the federal government and any public or private agency or entity in achieving any purpose of this Act and in implementing programs for disaster prevention, preparation, response, and recovery; and
(13) do other things necessary, incidental, or appropriate for the implementation of this Act.

Financing

Sec. 7. (a) It is the intent of the legislature and declared to be the policy of the state that funds to meet disaster emergencies always be available.

(b) The Disaster Emergency Funding Board, composed of the governor, the lieutenant governor, speaker of the house, chairmen of the senate and house appropriations committees and the director of the Division of Emergency Services, is established.

(c) A Disaster Contingency Fund is established which shall receive money appropriated
thereto by the legislature. Money in the Disaster Contingency Fund shall remain in the fund until expended.

(d) It is the legislative intent that the first recourse shall be to funds regularly appropriated to state and local agencies. If the governor finds that the demands placed on these funds in coping with a particular disaster are unreasonably great, he may, with the concurrence of the Disaster Emergency Funding Board, make funds available from the Disaster Contingency Fund. If money available from the Disaster Contingency Fund is insufficient, and if the governor finds that other sources of money to cope with the disaster are not available or are insufficient, the governor, with the concurrence of the Disaster Emergency Funding Board may transfer and expend money appropriated for other purposes.

(e) Whenever the federal government or any other public or private agency or individual offers to the state, or through the state to any political subdivision of the state, services, equipment, supplies, materials, or funds as gifts, grants, or loans for purposes of civil defense or disaster relief, the governor, if required by the donor, and the political subdivision through its executive officer or governing body, may accept the offer in behalf of the state or its political subdivision. The governor or his designated agent is authorized to determine when a public calamity or disaster has occurred. Where any gift, grant, or loan is accepted by the state, the governor or, on his designation, the State Defense and Disaster Relief Council or the State Coordinator of Defense and Disaster Relief, or any other officer or agency the governor may designate, has authority to dispense the gift, grant, or loan directly to accomplish the purpose for which it was made, or to allocate and transfer to any political subdivision of this state services, equipment, supplies, materials, or funds in the amount he or his designated agent may determine. All these funds received by the state shall be placed in the state treasury in a special fund or funds and shall be disbursed by warrants issued by the comptroller of public accounts on order of the governor or his designated agent and a record of the disbursements shall be kept. Where the funds are to be used for the purchase of equipment, supplies, or commodities of any kind, it is not necessary that bids be obtained or that the purchases be approved by any other agency. On receipt of an order for disbursement, the comptroller shall issue a warrant without delay. All political subdivisions of the state, including counties, municipalities, and all other political subdivisions of every nature, are authorized to accept and utilize all services, equipment, supplies, materials, and funds to the full extent authorized by the agreement under which they are received by the state or by the political subdivision.

Local and Interjurisdictional Disaster Agencies and Services

Sec. 8. (a) Each political subdivision within this state is within the jurisdiction of and served by the Division of Disaster Emergency Services and by a local or interjurisdictional agency responsible for disaster preparedness and coordination of response.

(b) Each county shall maintain a disaster agency or participate in a local or interjurisdictional disaster agency which, except as otherwise provided under this Act, has jurisdiction over and serves the entire county or interjurisdictional area.

(c) The governor shall determine which municipal corporations need disaster agencies of their own and shall recommend that they be established and maintained. He shall make his determinations on the basis of the municipality's disaster vulnerability and capability of response related to population size and concentration. The disaster agency of a county shall cooperate with the disaster agencies of municipalities situated in its borders but shall not have jurisdiction in a municipality having its own disaster agency. The Division of Disaster Emergency Services shall publish and keep current a list of municipalities required to have disaster agencies under this subsection. Nothing in this subsection may be construed as limiting the constitutional and statutory powers of local governments.

(d) Any provision of this Act or other law to the contrary notwithstanding, the governor may recommend that a political subdivision establish and maintain a disaster agency jointly with one or more contiguous political subdivisions, if he finds that the establishment and maintenance of an agency or participation in it is made necessary by circumstances or conditions that make it unusually difficult to provide disaster prevention, preparedness, response, or recovery services under other provisions of this Act.

(e) Each political subdivision which does not have a disaster agency and has not made arrangements to secure or participate in the services of an agency shall have a liaison officer designated to facilitate the cooperation and protection of that subdivision in the work of disaster prevention, preparedness, response, and recovery.

(f) The mayor, county judge, or other principal executive officer of each political subdivision in the state shall notify the Division of Disaster Emergency Services of the manner in which the political subdivision is providing or securing disaster planning and emergency services, identify the person who heads the agency from which the service is obtained, and furnish additional pertinent information that the division requires.

(g) Each local and interjurisdictional agency shall prepare and keep current a local or interjurisdictional disaster emergency plan for its area.
Art. 6889-6  TITLE 120A

(h) The local or interjurisdictional disaster agency, as the case may be, shall prepare in written form and distribute to all appropriate officials a clear and complete statement of the emergency responsibilities of all local agencies and officials of the disaster channels of assistance.

(i) Each shall have the power to make appropriations for defense and disaster relief in the manner provided by law for making appropriations for ordinary expenses of such political subdivisions and shall have power to enter into agreements for the purpose of organizing defense and disaster relief divisions, to provide for a mutual method of financing the organization of such units on a basis satisfactory to said political subdivisions, and shall have power to render aid to other subdivisions under mutual aid agreements provided that the functioning of said units shall be coordinated by the State Defense and Disaster Relief Council. For the payment of the cost of any equipment, construction, acquisition, or any improvements for carrying out the provisions of this Act, counties, incorporated cities and towns, including home-rule cities, may issue time warrants. These time warrants shall be issued in accordance with the provisions of Chapter 168, Acts of the 42nd Legislature, Regular Session, 1931, as amended (Article 2368a, Vernon's Texas Civil Statutes); provided that time warrants shall not be issued for financing permanent construction or improvements for civil defense purposes except on the right of a referendum vote as provided in Section 4, Chapter 168, Acts of the 42nd Legislature, Regular Session, 1931, as amended (Article 2368a, Vernon's Texas Civil Statutes).

Establishment of Intergovernmental Disaster Planning and Service Areas

Sec. 9. (a) If the governor finds that two or more adjoining counties would be better served by an interjurisdictional arrangement than by maintaining separate disaster agencies and services, he may delineate by executive order or regulation an interjurisdictional area adequate to plan for, prevent, or respond to disaster in that area and direct steps to be taken as necessary, including the creation of an interjurisdictional relationship, a joint disaster emergency plan, mutual aid, or an area organization for emergency planning and services. A finding of the governor pursuant to this subsection shall be based on one or more factors related to the difficulty of maintaining an efficient and effective disaster prevention, preparedness, response, and recovery system on a unijurisdictional basis, such as:

1. small or sparse population;
2. limitations on public financial resources severe enough to make maintenance of a separate disaster agency and services unreasonably burdensome;
3. unusual vulnerability to disaster as evidenced by a past history of disasters, topographical features, drainage character, disaster potential, and presence of disaster-prone facilities or operations;
4. the interrelated character of the counties in a multicounty area; or
5. other relevant conditions or circumstances.

(b) If the governor finds that a vulnerable area lies only partly within this state and includes territory in another state or states or territory in a foreign jurisdiction and that it would be desirable to establish an interstate or international relationship, mutual aid, or an area organization for disaster, he shall take steps to that end as desirable. If this action is taken with jurisdictions that have enacted the Interstate Civil Defense and Disaster Compact (Article 6889-5, Vernon's Texas Civil Statutes), any resulting agreement or agreements may be considered supplemental agreements pursuant to Article VI of that compact.

(c) If the other jurisdiction or jurisdictions with which the governor proposes to cooperate pursuant to Subsection (b) of this section have not enacted that compact, he may negotiate special agreements with the jurisdiction or jurisdictions. Any agreement for its making does not otherwise exist, becomes effective only after its text has been communicated to the legislature and provided that neither house of the legislature has disapproved it by adjournment of the next ensuing session competent to consider it or within 30 days of its submission, whichever is longer.

Intergovernmental Arrangements

Sec. 10. (a) This state has enacted into law and enters into the Interstate Civil Defense and Disaster Compact (Article 6889-5, Vernon's Texas Civil Statutes), with all states, as defined in that Act, bordering this state which have enacted or may enact the compact in the form substantially contained in Chapter 312, Acts of the 52nd Legislature, 1951 (Article 6889-5, Vernon's Texas Civil Statutes).

(b) The governor may enter into the compact with any state which does not border this state if he finds that joint action with that state is desirable in meeting common intergovernmental problems of emergency disaster planning, prevention, response, and recovery.

(c) Nothing in Subsections (a) and (b) of this section may be construed to limit previous or future entry into the Interstate Civil Defense and Disaster Compact of this state with other states.

(d) If any person holds a license, certificate, or other permit issued by any state or political subdivision of any state evidencing the meeting of qualifications for professional, mechanical, or other skills, the person may render aid involving that skill in this state to meet an emergency or disaster; this state shall give due consideration to the license, certificate, or other permit.

Local Disaster Emergencies

Sec. 11. (a) A local disaster emergency may be declared only by the governing body of
a political subdivision. It may not be continued or renewed for a period in excess of seven days except by or with the consent of the governing body of the political subdivision. Any order or proclamation declaring, continuing, or terminating a local disaster emergency shall be given prompt and general publicity and shall be filed promptly with the city secretary or county clerk as applicable.

(b) The effect of a declaration of a local disaster emergency is to activate the response and recovery aspects of any and all applicable local or interjurisdictional disaster emergency plans and to authorize the furnishing of aid and assistance under the declaration.

(c) No interjurisdictional agency or its official may declare a local disaster emergency, unless expressly authorized to do so by the agreement pursuant to which the agency functions. However, an interjurisdictional disaster agency shall provide aid and services in accordance with the agreement pursuant to which it functions.

Disaster Prevention

Sec. 12. (a) In addition to disaster prevention measures as included in the state, local, and interjurisdictional disaster plans, the governor shall consider, on a continuing basis, steps that could be taken to prevent or reduce the harmful consequences of disasters. At his discretion, and pursuant to any other authority and competence they have, state agencies, including but not limited to those charged with responsibilities in connection with floodplain management, stream encroachment and flow regulation, weather modification, fire prevention and control, air quality, public works, land use and land-use planning, and construction standards, shall make studies of disaster prevention-related matters. The governor, from time to time, shall make recommendations to the legislature, local governments, and other appropriate public and private entities as may facilitate measures for prevention or reduction of the harmful consequences of disasters.

(b) The Water Development Board and other state agencies, in conjunction with the Division of Disaster Emergency Services, shall keep land uses and construction of structures and other facilities under continuing study and identify areas which are particularly susceptible to severe land shifting, subsidence, flood, or other catastrophic occurrence. The studies under this subsection shall concentrate on means of reducing or avoiding the dangers caused by this occurrence or its consequences.

(c) If the Division of Disaster Emergency Services believes on the basis of the studies or other competent evidence that an area is susceptible to a disaster of catastrophic proportions without adequate warning, that existing building standards and land-use controls in that area are inadequate and could add substantially to the magnitude of the disaster, and that changes in zoning regulations, other land-use regulations, or building requirements are essential in order to further the purposes of this section, it shall specify the essential changes to the governor. If the governor on review of the recommendations finds after public hearing that the changes are essential, he shall make appropriate recommendations to the agencies or local governments with jurisdiction over the area and subject matter. If no action or insufficient action pursuant to his recommendations is taken within the time specified by the governor, he shall so inform the legislature and request legislative action appropriate to mitigate the impact of disaster.

(d) The governor, at the same time that he makes his recommendations pursuant to Subsection (c) of this section, may suspend the standard or control which he finds to be inadequate to protect the public safety and by regulation place a new standard or control in effect. The new standard or control shall remain in effect until rejected by concurrent resolution of both houses of the legislature or amended by the governor. During the time it is in effect, the standard or control contained in the governor's regulation shall be administered and given effect by all relevant regulatory agencies of the state and local governments to which it applies. The governor's action is subject to judicial review but is not subject to temporary stay pending litigation.

Compensation

Sec. 13. (a) Each person in this state shall conduct himself and keep and manage his affairs and property in ways that will reasonably assist and will not unreasonably detract from the ability of the state and the public successfully to meet disaster emergencies. This obligation includes appropriate personal service and use or restriction on the use of property in time of disaster emergency. This Act neither increases nor decreases these obligations but recognizes their existence under the constitution and statutes of this state and the common law. Compensation for services or for the taking or use of property shall be only to the extent that obligations recognized in this Act are exceeded in a particular case and then only to the extent that the claimant may not be deemed to have volunteered his services or property without compensation.

(b) No personal services may be compensated by the state or any subdivision or agency of the state, except pursuant to statute or local law or ordinance.

(c) Compensation for property shall be made only if the property was commandeered or otherwise used in coping with a disaster emergency and its use or destruction was ordered by the governor or a member of the disaster emergency forces of this state.

(d) Any person claiming compensation for the use, damage, loss, or destruction of property under this Act shall file a claim for compensation with the Division of Disaster Emergency Services in the form and manner the Division of Disaster Emergency Services provides.
Art. 6889-6

(e) Unless the amount of compensation on account of property damaged, lost, or destroyed is agreed between the claimant and the Division of Disaster Emergency Services, the amount of compensation shall be calculated in the same manner as compensation due for taking of property pursuant to the condemnation laws of this state.

(f) Nothing in this section applies to or authorizes compensation for the destruction or damaging of standing timber or other property in order to provide a firebreak or to the release of waters or the breach of impoundments in order to reduce pressure or other danger from actual or threatened flood, or contravention of Article I, Section 17, of the Texas Constitution, or statutes pertaining to that section.

Communications

Sec. 14. The Division of Disaster Emergency Services shall ascertain in cooperation with the Criminal Justice Council or its successor agency what means exist for rapid and efficient communications in times of disaster emergencies. The division shall consider the desirability of supplementing these communications resources or of integrating them into a comprehensive state or state-federal telecommunications or other communications system or network. In studying the character and feasibility of any system or its several parts, the division shall evaluate the possibility of their multipurpose use for general state and local governmental purposes. The division shall make recommendations to the governor as appropriate.

Mutual Aid

Sec. 15. (a) Political subdivisions not participating in interjurisdictional arrangements pursuant to this Act nevertheless shall be encouraged and assisted by the Division of Disaster Emergency Services to conclude suitable arrangements for furnishing mutual aid in coping with disasters. The arrangements shall include provision of aid by persons and units in public employ.

(b) In reviewing local disaster plans, the governor or his agent shall consider whether they obtain adequate provisions for the rendering and receipt of mutual aid.

(c) It is a sufficient reason for the governor or his agent to require an interjurisdictional agreement or arrangement pursuant to Section 9 of this Act that the area involved and political subdivisions in it have available equipment, supplies, and forces necessary for mutual aid on a regional basis and that the political subdivisions have not already made adequate provision for mutual aid; but in requiring the making of an interjurisdictional arrangement to accomplish the purpose of this section, the governor need not require establishment and maintenance of an interjurisdictional agency or arrangement for any other disaster purposes.

Weather Modification

Sec. 16. The Division of Disaster Emergency Services shall keep continuously appraised of weather conditions which present danger of precipitation or other climatic activity severe enough to constitute a disaster. If the division determines that precipitation that may result from weather modification operations, either by itself or in conjunction with other precipitation or climatic conditions or activity, would exist or contribute to the severity of a disaster, it shall request, in the name of the governor, that the officer or agency empowered to issue permits for weather modification operations suspend the issuance of the permits. On the governor's request, no permits may issue until the division informs the officer or agency that the danger has passed.

Severability

Sec. 17. If any provision of this Act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are held to be severable.

2. STOCK LAW ELECTIONS

Art. 6930. To Order Election

Upon the written petition of fifty (50) freeholders of any county, or upon the petition of twenty (20) freeholders of any subdivision of a county, the Commissioners Court of such county shall order an election to be held in said county or subdivision, on some day named in the order, for the purpose of enabling the freeholders of such county or subdivision to determine whether any one or more of the following classes of animals, to wit: horses, mules, jacks, jennets, donkeys, hogs, sheep, and goats, shall be permitted to run at large in such county or subdivision.

[Acts 1925, S.B. 84; Acts 1953, 53rd Leg., p. 789, ch. 315, § 1.]

Art. 6931. Territory Between Subdivisions

Whenever there is territory between two (2) subdivisions of a county which have adopted a stock law, or when there is territory adjoining a subdivision which has adopted a stock law, in a county, or in an adjoining county, and in such territory there are less than fifty (50) freeholders, an election shall be ordered on a petition of a majority of the freeholders residing in such territory by the Commissioners Court of the county in which the territory lies, and the election shall be held as provided by law in other cases relating to the adoption of the stock law. If there be less than twenty (20) freeholders in such intervening or adjoining territory, then on petition of a majority of the owners of the land to said Commissioners Court, the said Commissioners Court shall issue an order extending the stock law to said territory and the same shall be included in the territory of such adjoining subdivision; in cases where there are no freeholders on such intervening or adjoining territory, then on the petition of the owner or owners of the land to said Commissioners Court, the said Court shall issue an order extending the stock law to said territory, and the same shall be included in the territory of such adjoining subdivision; and any person or persons who own lands adjoining any other lands which have been added to territory in which a stock law prevails, shall have the same right, and on petition of the owner or owners of such lands to the said Court, the said Court shall issue an order extending the stock law to said territory, and the same shall be included in the territory of such adjoining subdivision.

[Acts 1925, S.B. 84; Acts 1945, 49th Leg., p. 530, ch. 318, § 1.]

Art. 6932. Requisites of Petition

Such petition shall set forth clearly the class or classes of animals enumerated in the preceding articles which the petitioners desire shall not run at large in such county or subdivision. If the petition be from the freeholders of a subdivision of any county, such subdivision shall be particularly described and the boundaries thereof designated.

[Acts 1925, S.B. 84.]

Art. 6933. Election Ordered

Upon the filing of such petition, the commissioners court, at its next regular term thereafter, shall order an election to be held throughout the county, or the particular subdivision thereof, as the case may be, on a day to be designated in the order, not less than thirty days from the date of such order.

[Acts 1925, S.B. 84.]

Art. 6934. Order and Notice

Immediately after the passage of an order for an election by the commissioners court, the county judge shall issue an order for such election and cause public notice thereof to be given for at least thirty days before the day of election, by publication of the order therefor in some newspaper published in the county; but if no newspaper be published in the county, then by posting copies of such order at the courthouse door, and at some public place in each justice's precinct, if the election be or-

dered for the whole county, or at three public places in the subdivision, if the election be ordered for a subdivision. The order of the county judge shall specify:

1. The petition and the action of the commissioners court.
2. The class of animals it is proposed shall not run at large.
3. The territorial limits to be affected.
4. The day of election.
5. The places at which polls are to be opened.

[Acts 1925, S.B. 84.]

Art. 6935. Manner of Voting

All votes at such election shall be by ballot, and all ballots shall have printed thereon the words, "For letting run at large" and "Against letting run at large". In the blank spaces there shall be printed the name of the animal or animals designated in the order. There shall be printed just above the propositions to be voted on, this instruction note: "Scratch or mark out one statement so that the one remaining shall indicate the way you wish to vote". The voters shall mark their ballots and the votes shall be counted in accordance with this instruction note.

[Acts 1925, S.B. 84; Acts 1935, 54th Leg., p. 665, ch. 236, § 1.]

Art. 6936. Returns of Election

The returns shall be opened, tabulated and counted by the commissioners court of the county in the same manner as provided for all general elections in this State.

[Acts 1925, S.B. 81.]

Art. 6937. Proclamation of Result

If a majority of the votes cast at such election shall be against letting such animals run at large, the county judge shall immediately issue his proclamation declaring the result, which proclamation shall be posted at the court house door, and after the expiration of thirty days from its issuance it shall be unlawful to permit to run at large within the limits designated any animal of the class mentioned in said proclamation.

[Acts 1925, S.B. 84; Acts 1935, 54th Leg., p. 665, ch. 236, § 2.]

Art. 6938. Stock Impounded

If any stock forbidden to run at large shall enter the inclosed lands, or shall, without being herded, roam about the residence, lots or cultivated land of any person, other than the owner of such stock, without his consent, in any county or subdivision in which the provisions of this subdivision have become operative in the manner provided in the preceding articles, the owner, lessee or person in lawful possession of such lands may impound said stock and detain the same until his fees and all damages occasioned by said stock are paid to him. No animals shall be impounded unless they have entered upon the inclosed lands or shall be found roaming about the residence, lots, or cultivated land of another; and whenever any stock is impounded notice thereof shall at once be given to the owner, if known, and such owner shall be entitled to their possession upon payment of fees and damages.

[Acts 1925, S.B. 84.]

Art. 6939. Fees and Damages

Any owner, lessee, or person in lawful possession of inclosed lands shall be entitled to the following fees for impounding stock, to wit: Ten cents per day per head for hogs, ten cents per day per head for goats, and five cents per day per head for sheep. The damages done by such stock, if any, may be assessed by any three disinterested freeholders of the subdivision in which said stock is taken up, who shall upon the application of the taker-up of the stock be appointed by the justice of the peace of the precinct in which such subdivision is situated. Where said justice shall fail or refuse to make such appointment, or where the stock law has been adopted by an entire county, said freeholders shall be appointed by the county judge of the county. Said freeholders, after being duly sworn to discharge with impartiality the duties devolving upon them by said appointment, shall proceed after hearing the evidence to determine whether or not any trespass prohibited by the provisions of this law has been committed, and to ascertain the damages, if any, occasioned thereby, and the fees due to the taker-up of the stock by reason of said trespass, and shall make an assessment of damages and fees, in writing, and signed by said freeholders, or two of them, and verified by the affidavit of said freeholders, to the effect that said assessment is just and that they have no bias in favor of or prejudice against any party interested therein, and shall file said assessment with said justice, which shall be final; provided, that the owner of the stock, if known, shall have five days' notice of the time and place of the meeting of said freeholders, and if the owner is unknown then a written notice thereof shall be posted in two public places in said subdivision, and one at the door of the courthouse of the county; and provided, further, that nothing in this law shall be construed to deprive the taker-up of the stock to enforce by suit in a court of competent jurisdiction any claim he may have for such fees and damages, and to subject the stock so taken for the payment of the same under the provisions of this law. After the filing of the assessment, as provided for in this article, the constable of the precinct shall sell such stock at public auction for cash, after having given notice of such sale, as in constable's sales of personal property, and apply the proceeds thereof duly deducting the expenses thereof, to the satisfaction of said fees and damages, and shall pay the balance, if any remains, to the owner of such stock. The justices and constables shall receive for their services the same compensa-
tion as is allowed for like services in civil cases.

[Acts 1925, S.B. 84.]

Art. 6940. Stock Sold

If no owner can be found of stock so impounded, the taker-up may make affidavit before a justice of the peace of the county, describing the stock impounded by him, and that the owner is unknown to affiant, which affidavit shall be forthwith delivered to the county clerk by such justice, to be kept in his office for inspection. After the filing of such assessment, the constable of the precinct shall sell such stock as in case where the owner is known; and if anything remains after satisfying the expenses of said sale and the fees and damages due to the taker-up, he shall report the same under oath to the county clerk, and pay the same over to the county treasurer, to be received and disbursed by him, as in case of sales of estrays; or the taker-up may at his option, after the expiration of five days, estray such stock, according to the laws regulating estrays in this State.

[Acts 1925, S.B. 84.]

Art. 6941. Subsequent Elections

Whenever an election is held under the provisions of this law for any county or subdivision, and the proposition for a stock and fence law, as herein provided, is defeated, no other election for such purpose shall be held within that locality for the space of twelve months thereafter. But the defeat of the proposition for a county shall not prevent another election from being held immediately thereafter for any subdivision of such county; nor shall a defeat of the proposition for any subdivision prevent an election from being held immediately thereafter for the entire county.

[Acts 1925, S.B. 84.]

Art. 6942. Lawful Fence

Should any stock not permitted to run at large enter any inclosure of any owner of the see of land, entitled to the benefit of this law, without his consent, it shall be lawful for the owner or lessee of said inclosure to impound said stock; and it shall be the duty of the owner or lessee of said land to give notice immediately to the owner of said stock of their impounding and detention; and the owner of said stock shall be entitled to the possession of his stock on payment of expenses incurred in impounding and keeping said stock; provided, that in such county or subdivision said owners or lessees shall not be required to fence against the stock not permitted to run at large; and any fence in said county or subdivision which is sufficient to keep out ordinary stock permitted to run at large under this chapter shall be deemed a lawful fence. Three barbed wires with posts not more than thirty feet apart, and one or more stays between them or pickets four feet high and not more than six inches apart, shall constitute a lawful fence. If boards or rails are used, then three boards to be not less than five inches wide and one thick, or four rails shall constitute a lawful fence; provided, that all fencing built under the provision of this chapter shall be four feet high. Nothing in this subdivision shall prevent the freeholders of any county or subdivision of a county where the stock law prevails from deciding by a majority vote whether or not three barbed wires without a board shall constitute a lawful fence in such county or subdivision thereof; the election for such purpose to be conducted in the same manner and under the same rules as elections provided for in this chapter governing the passage of the stock law.

[Acts 1925, S.B. 84.]

Art. 6942a. Misuse of Grazing Land Under One Fence; Injunction

Sec. 1. That, where one owner or lessee holds a separate tract or tracts of grazing or pasture land adjoining or adjacent to a tract or tracts of similar land held by another owner or lessee, fenced under one fence or enclosure surrounding said tracts, separately owned or leased, or enclosed with natural barriers and fences, it shall be unlawful for either owner or lessee of any such tract, or tracts, so enclosed, desiring to pasture the tract or tracts owned or leased by him, to place or keep, or cause to be placed or kept in said general enclosure, more cattle or other livestock than the tract, or tracts, owned or leased by him will reasonably pasture. Any one owning or leasing such land within said general enclosure injured by any other owner or lessee placing or keeping in said general enclosure, more cattle, or other livestock than the land owned or leased by him separately will reasonably pasture, may recover his damages by suit against the person excessively grazing said land or placing excess cattle and other livestock in such general enclosure, and shall have a lien upon the livestock of said person thus offending until said damages and all costs recovered are fully paid. It shall be unlawful for any person to place, or cause to be placed in said general enclosure, cattle or other livestock, unless he has a sufficient permanent supply of water on the land owned or leased by him in such general enclosure for such cattle or livestock; and the placing or causing to be placed in such general enclosure cattle or other livestock by any person holding or leasing land in such general enclosure but not having a sufficient permanent supply of water on the land shall be deemed guilty of intentional and willful fraud and also subject to said full civil damages.

Sec. 1-a. The words "reasonably pasture" used in the foregoing Section are hereby interpreted to mean: "that number of livestock that a prudent and experienced livestock raiser is accustomed to graze on a range similar to the enclosure referred to in said Section 1 above and that such enclosure will supply ample
grazing to, under the usual condition of such community wherein such enclosure is located."

Sec. 1-b. The words "owner" or "lessee" used in the foregoing Sections shall be interpreted to mean: "owner or lessee as shown by deed, lease or other written instrument of record in the county clerk's office in the county where the land claimed to be owned or leased is located."

Sec. 2. Any person who shall willfully violate any provision of the preceding Article shall be fined not less than Ten Dollars ($10) nor more than Five Hundred Dollars ($500), or imprisoned in the County Jail not exceeding six (6) months, or by both such fine and imprisonment, and each animal placed in the general enclosure referred to in the preceding Article in violation of the terms thereof, for each day or part of a day, shall constitute a separate offense.

Sec. 2-a. Any person entitled to recover damages by suit under the provisions of Section 1 of this Act, or any person in whose favor a suit for damages may lie under the provisions thereof, shall, in addition to all other relief and remedies provided for in said Section, be entitled to an injunction in the proper court against any person or persons violating any of the provisions of this Act, upon proper showing and proof, enjoining the further violation or threatened violation of said provisions.

Art. 6943. Stock Not to be Injured

If any person whose fence is insufficient under this law shall, with guns, dogs or otherwise maim, wound, kill any cattle, or any horse, mule, jack or jennet, or procure the same to be done, such person or persons so offending shall give full satisfaction to the party injured for all damages by such person or persons sustained, to be recovered as in other suits for damages; provided, that this article shall not so construed as to authorize any person in any event to kill, maim or wound any horse, mule, jack, jennet or cattle belonging to another. When a trespass has been committed by any cattle or horses on the cleared or cultivated land of any person who has complied with the provisions of this chapter, in the erection of a lawful fence, such person may complain thereof to the justice of the peace of the precinct in which such trespass shall have been committed; and such justice is hereby authorized and required to cause two disinterested and impartial freeholders to be summoned, who shall on oath view and examine whether such fence is sufficient, and in case the justice shall so order, the said freeholders shall certify the same in writing; and, if it shall so appear that said fence is insufficient, then the owner of such cattle or horses shall make just satisfaction for the trespass to the party injured, to be recovered before any tribunal having proper jurisdiction. In case of a second trespass by the same cattle or horses, the owner or lessee of the premises upon which the trespass is committed may, if he deem it necessary for the protection and preservation of his premises or growing crops thereon, cause said stock to be penned and turned over to the sheriff or constable, and held responsible to the person damaged for all damages caused by said stock and all costs thereof. It shall be lawful for the owner or lessee of such enclosures as are contemplated in this law to charge twenty-five cents per day per head for impounding such stock as referred to in this law.

[Acts 1925, S.B. 84.]

Art. 6944. No Election Within Two Years

After the adoption of the stock law in any county or subdivision, no election under the preceding articles shall be held within the same prescribed limits in less than two years after an election under this law has been held therein; but at the expiration of that time the commissioners court of each county in the State, whenever petitioned to do so by a majority of the freeholders, who are qualified voters under the constitution and laws of a county which has formerly adopted the stock law, or by a majority of the freeholders who are qualified voters under the constitution and laws of the subdivision of a county which has formerly adopted the stock law, shall order another election to be held by the freeholders who are qualified voters under the constitution and laws of such county, or subdivision, to determine whether hogs, sheep and goats shall be permitted to run at large in said county or subdivision, which election shall be ordered, held, notice thereof given, the votes returned and counted in all respects as provided by this law for a first election.

[Acts 1925, S.B. 84.]

Art. 6945. Proclamation Issued

If, in a county or subdivision which has formerly adopted the stock law, a majority of the legal votes cast at such election shall be "Against the stock law," the county judge shall immediately issue his proclamation declaring the result; which proclamation shall be posted at the courthouse door, and after the expiration of one hundred and eighty days from its issuance it shall be lawful to permit to run at large, within the limits designated, any animal of the class mentioned in said proclamation; if a majority of the legal votes cast at such election shall be "For the stock law," he shall so state in his proclamation, and the operation of the law shall be in no way affected by such election.

[Acts 1925, S.B. 84.]

Art. 6946. Elections Validated

All elections held in any county in this State for the purpose of determining whether or not hogs, sheep, or goats shall be permitted to run at large in such county or subdivision as provided in this chapter, wherein the petition was filed, orders of the election made by the com-
missioners court, notice thereof given, such
election held and a majority of the freeholders
voting at such election, voted in favor of the
same, and such election may have been invali-
dated by the failure of some ministerial officer
to perform the duties required of him, the
same is hereby in all things validated, and
shall be by each court of this State held to be
valid elections just the same as if the officers
charged with the duty of opening, tabulating
and counting the votes, had complied with the
law, as provided in this chapter.
[Acts 1925, S.B. 84.]

Art. 6946a. Local Option “Hog Law”

Whoever shall wilfully turn out or cause to
be turned out on land not his own or under his
control or wilfully fail or refuse to keep up
any stock, prohibited by law from running at
large in any county or subdivision of any coun-
ty in which the stock law has been adopted, or
willfully allow such stock to trespass upon the
land of another in such county or subdivision
thereof, or wilfully permit to run at large any
stock of his own, or of which he has the control,
and not permitted to run at large in any county or subdivision of
any county in which the stock law has been adopted, shall be fined not less than five nor
more than fifty dollars.

[1925 P.C.]

Art. 6946b. Local Option “Horse Law”

mules, jacks, jennets, or cattle to run at large
in any territory in this State where the provi-
sions of the laws of this State have been
adopted prohibiting any of such animals from
running at large shall be fined not less than
Five Dollars ($5) nor more than Two Hundred
Dollars ($200).

[1925 P.C.; Acts 1949, 51st Leg., p. 356, ch. 150, § 1.]

3. FREE RANGE ELECTIONS

Art. 6947. Limited Free Range

Upon the written petition of fifty freeholders of any county, or upon the petition of twenty
freeholders of any subdivision of any county, which county or subdivision has heretofore
adopted, or may hereafter adopt, the hog law
under the provisions of this chapter the com-

purpose of enabling the freeholders of such
county or subdivision to determine whether
hogs shall have a free range in said county or
subdivision from the fifteenth day of Novem-

subdivisions of a county which have adopted
the hog law, and in such intervening territory
there is less than fifty freeholders, an election
shall be ordered on the petition of a majority
of the freeholders residing in such intervening
territory, and the election shall be held for the
purpose named herein. If the petition be from

the freeholders of a subdivision of any county,

Immediately after the passage of an order
for an election by the commissioners court, the
county judge shall issue an order for such elec-
tion and cause public notices thereof to be giv-

election, by publication of the order therefor in
some newspaper published in the county, if
there be one; if no newspaper be published in
the county then by posting copies of such order
at the courthouse door, and at some public
place in each justice’s precinct, if such election
be ordered for the whole county, or at three
public places in the subdivision, if the election
be ordered for a subdivision. The order of the
county judge shall specify:

1. The petition and the action of the
commissioners court.

When such justice shall fail or refuse to make assessments, or when the stock law has been adopted by an entire county, said freeholders shall be appointed by the County Judge of the county. Said freeholders, after being duly sworn to discharge with impartiality the duties devolving upon them by said appointment, shall proceed after hearing the evidence to determine whether or not any trespass prohibited by the provisions of this Chapter has been committed, and to ascertain the damages, if any, occasioned thereby, and the fees due the taker-up of the stock by reason of said trespass, and shall make an assessment of damages and fees in writing and signed by said freeholders, or two (2) of them, and verified by the affidavit of said freeholders to the effect that said assessment is just and that they have no bias in favor of or prejudice against any party interested therein, and shall file said assessment with the justice of the peace, which shall be final; provided, that the owner of the stock, if known, shall have five (5) days notice of the time and place of the meeting of said freeholders, and if the owner is unknown, then a written notice thereof shall be posted in two (2) public places in said subdivision and one (1) at the courthouse door of the county.

Such inspector shall not be held liable for any damage which may accrue to such hides by reason of the treatment thereof for the purpose of enabling him to inspect the same, and such treatment as may be necessary to enable the inspector to unfold and inspect such hides shall be wholly at the risk of the importer or person in whose possession such hides may be found. In addition to the inspection fees allowed such inspector for the inspection of said hides, there shall be paid by the importer or the person in whose possession said hides may be found, and all expenses for handling and treatment of said hides. If the importer or the person in whose possession said hides may be found after inspection, fails or refuses to pay said expenses for retreatment, or if he fails or refuses to pay the inspection fees as required by law, the inspector may retain possession of said hides and sell a sufficient number thereof, after three days public notice, to the highest and best bidder, to pay said inspection fees and all necessary expenses in connection therewith.

Art. 6990. Animals Imported
Horses, mules and cattle imported from Mexico into this State shall be inspected in accordance with the provisions of Article 6978, and with like authority to retain and sell as provided in the preceding article for a failure to pay the inspection fees.

Art. 6991. Notify if Stolen
If an inspector finds among hides or animals imported from Mexico any hides or animals which from the brand or from other evidence, he has reason to believe have been stolen from the lawful owner, he shall separate said hides or animals from others undergoing inspection and take possession of the same and notify any person he believes to be interested therein to come forward and institute suit for the recovery of the same. If no person appears to claim said hides or animals, the inspector shall within twenty-four hours, make oath before the district judge, the county judge, or any justice of the peace of the county, according to the value of the property involved, that he has reason to believe that said hides or animals have been stolen; whereupon said judge or justice shall issue a citation directing the importer or party claiming the same to appear before him at his office within a time specified, not to exceed twenty-four hours, to show cause why said property should not be condemned.

Art. 6992. Importer to Recover
If said importer or claimant makes proof that he is the lawful owner of said hides or animals by showing a bill of sale from the owner of same, or his legally authorized agent, and by showing complete chain of transfer of title from the original owner of the brand to himself, or his firm, such judge or justice shall direct the same to be delivered to said importer or claimant upon his paying the inspection fees.

Art. 6993. Hides or Animals Sold
If the importer or claimant of said hides or animals fail to establish his claim as the lawful owner of the same, or to any number of hides or animals so seized, the district judge, county judge or justice shall direct that said property be sold at public auction by the inspector, after a notice of ten days, published in a newspaper, should there be one published in said county, or if no newspaper be published in the county, then by written notice, posted at the courthouse door and two or more other places in said county, and the said hides shall be sold to the highest and best bidder. The inspector shall retain twenty-five per cent of the purchase money, after having deducted and paid all necessary expenses incurred by reason of said sale, and he shall deposit the remainder of said purchase money with the county treasurer, and take his receipt therefor. Said treasurer shall place one-half of said sum of money to the credit of the school fund and the other
Art. 6993

half to the credit of the jury fund of said county.
[Acts 1925, S.B. 84.]

Art. 6994. Property Delivered to Owner

If any person appears and claims any hides or animals imported from Mexico at any time before the same shall have been sold as above directed, and should said claim be established before such judge or justice of the peace of the peace of said county, such property shall be delivered to the claimant, and all costs accruing therein shall be paid by the importer; provided that at any time before proceedings shall have been commenced as above directed the importer may be permitted to pay the lawful owner, his agent or attorney, for any hides or animals imported by him from Mexico and presented in any county of this State for inspection, and upon such payment and the fees for inspection such hides or animals shall be released.
[Acts 1925, S.B. 84.]

Art. 6995. Brand Recorded Once

In all cases where application for registration of any mark or brand shall be made, the county clerk shall receive and record the same, unless an examination of the recorded list of marks and brands shows that a similar mark and brand is already upon record in such county, in which event he shall refuse to register or give any certificate for the same; provided, that if such applicant shall have previously had such mark and brand recorded in some other county, and shall have a certificate from the clerk thereof, stating that such brand and mark had been recorded in said county at some time anterior to the time of the registration of the similar mark and brand in the county in which the applicant may desire to have his brand recorded, then said brand and mark shall be recorded; and the clerk shall make a minute on the record setting forth said facts.
[Acts 1925, S.B. 84.]

Art. 6996. In County of Range

All marks and brands of cattle shall be recorded in the county or counties in which they usually range. When cattle are gathered near the county line, the bills of sale of the same shall be recorded in both counties. When any stock or cattle is sold, the fact shall be noted on the record opposite or near the record of its mark or brand, giving the name of the vendor and vendee and date of sale, and this shall be done as often as there is a sale. The inspector shall procure certified copies of the marks and brands of this county for himself and his deputies, and monthly have added thereto the marks and brands that may be recorded.
[Acts 1925, S.B. 84.]

Art. 6997. Only One to be Used

No person owning and claiming stock shall, in originally marking and branding animals, make use of more than one mark and brand.

Any person may own and possess animals in many marks and brands, the same having been acquired by him by purchase; and written bills of sale, properly acknowledged from the previous owner or owners shall be sufficient evidence of such purchase, but the increase of such animals, or of any animal counterbranded by such person from other stocks of cattle owned by him, shall be branded or counterbranded by one and the same brand; and when marked by such person shall be marked in one and the same mark.
[Acts 1925, S.B. 84.]

[1925 P.C.]

Art. 6998. Counterbranding

In all cases where the counterbranding of any cattle shall be deemed necessary or expedient, the person so counterbranding shall counterbrand the existing brand of the animal by which the owner thereof is then known, or by which it is then claimed and owned, by branding below the said brand its facsimile, that is, similar letters, characters or numbers, as the case may be; and he shall also place on said animals the brand of the then owner thereof; but no person shall change or alter the ear marks of any animal, but in counterbranding shall leave the ears bearing the same mark or marks as before counterbranding.
[Acts 1925, S.B. 84.]

Art. 6998a. Unlawful Counterbranding

Whoever counterbrands any cattle without the consent of the owner or his agent shall be fined not less than ten nor more than fifty dollars for each animal so counterbranded.
[1925 P.C.]

Art. 6999. Authority to Gather, etc.

Any person having marks and brands recorded in the office of the county clerk may file with the inspector a list of his recorded marks and brands, certified by the clerk under his seal, to which certified lists shall be attached the names of any person or persons whom the owner of said stock may wish to authorize to gather, drive or otherwise handle his stock. The filing of said list with the inspector shall be deemed sufficient authority to the person or persons named in such list to gather, drive or otherwise handle any animals of the marks and brands therein described.
[Acts 1925, S.B. 84.]

Art. 7000. Inspections Personal

In making inspections, the inspector shall not trust to the statement or representations of any persons, but he shall in person carefully
inspect and examine each animal or hide separately so as to identify the marks and brands, and in case of animals, the ages and sexes. He shall also carefully examine the bills of sale and lists of brands and marks for the cattle inspected by him; and, if satisfied that the person claiming the cattle inspected has correct bills of sale or chain of transfer in writing from the record owner, or is the owner himself in whole or part of the mark and brand of each animal in his drove or herd which should be inspected, and that he has none other in said herd or under his control to be carried with it, he will then, and not until then, make out a certificate, which he shall first enter in his record, under his hand and seal containing the number of cattle in each mark and brand, with their respective ages and sexes, thus inspected, and that they appear to be the property of the person for whom they were inspected, naming him, as appears by bills of sale from recorded owner of the marks and brands on the cattle inspected by him, or the owner of the brand and mark himself, and that he has none other in his herd or under his control that should be inspected; and that he intends to drive or ship them, naming the place in the State for sale or slaughter; or if out of the State, he shall then name the place on the border of the State through which it is proposed to drive or ship such stock.

[Acts 1925, S.B. 84.]

Art. 7001. Inspection Before Export

Whenever any person shall be about to drive or ship any stock out of the State, if the inspector shall believe or is informed by any credible person that said person has other stock in his herd than those covered by his original certificate of inspection, or by subsequent purchase duly attested by proper bill of sale, the inspector at said point of shipment or border county where said person leaves the State, shall be authorized to inspect said stock in the same manner as in the original inspection; and, if any stock is found in said herd other than those covered by his original certificate of inspection, or by subsequent purchase duly and properly authenticated by bill of sale, the fees of said inspection shall be paid as provided in Article 6988, provided that said inspector shall in no case be authorized to receive or demand more than three cents per head for each head of cattle inspected; but if not, then said fees shall be paid by the person at whose instance said inspection was made; and if said inspection is made by the inspector at his own instance, and no stock is found in said herd, except those properly accounted for under the provisions of this article, then said inspector shall receive no fees for said inspection.

[Acts 1925, S.B. 84.]

Art. 7002. Seizure of Other Cattle

If the inspector at the point of destination shall find upon inspection that the owner of the herd or person in charge has in his herd other cattle besides those inspected originally in the county from which said herd was driven, he shall seize said cattle and take them into possession, and thereupon the same proceedings shall be had as are prescribed in Article 6981. If the person in charge of any such cattle refuses to deliver the same into the possession of the inspector, such inspector may obtain a writ of sequestration from any justice of the peace, county judge or district judge, according as the value of such cattle may come within the jurisdiction of either. Such writ may be obtained upon the affidavit of the inspector, stating that he believes such cattle have been unlawfully acquired, shall issue without bond, and be forthwith executed by the sheriff or any constable of the county; and thereupon said proceedings shall be had before the officer issuing the writ, either in term time or in vacation.

[Acts 1925, S.B. 84.]

Art. 7003. Proceeds Into Treasury

The net proceeds of the sale of cattle condemned under the preceding article, save one-fourth of such proceeds retained by the inspector for his compensation, shall be paid into the county treasury, subject to the claim of the true owner of such cattle. If no claim be set up and established thereto within one year from the date of its deposit, such proceeds shall pass into the general fund of the county, and all claims thereto shall thereafter be barred. At the time such proceeds are originally deposited in the county treasury the inspector shall accompany such deposit with a certified statement, under his hand and seal, of the number of cattle sold, the mark and brand of each animal, with the amount for which sold.

[Acts 1925, S.B. 84.]

Art. 7004. Change of Destination

If the owner of the inspected herd desires to sell, slaughter or ship the cattle, or any of them, at any place other than the destination named in the original certificate of inspection he may do so by first having his herd inspected at the point of destination therein named and a new certificate of inspection issued to him at that point, naming the new point of destination or shipment; and upon his arrival at such new point of destination, like proceedings shall be had in the way of inspection, comparison and return of the certificate of inspection, as are prescribed for the original point of destination.

If said person desires to be accompanied by a peace officer the said person may apply to any magistrate in the County wherein said property is located for the issuance of a search warrant, and it shall be the duty of the said magistrate to issue the same, but no such search warrant shall issue without describing as near as may be the premise or other place to be entered; nor without probable cause, supported by oath or affirmation. It shall not be necessary to describe said premises or place by field notes or metes and bounds, or other measures, but it will be sufficient if the search warrant contains such reasonable description as will enable the owner or caretaker of said property to know just what property is referred to therein. Any person, firm or corporation who shall refuse to permit any person to whom said search warrant is issued to make said entry or to perform any duty or exercise any authority designated in said search warrant under authority of this Act, or who shall refuse to permit any peace officer or any helper or any assistant to said person to whom said search warrant is issued to make said entry or to exercise any authority or perform any duty designated in said search warrant under authority of this Act shall be fined not less than Twenty-five nor more than One Hundred Dollars. Owners of land, pastures, premises and other places shall not be considered caretakers of live stock thereon if some other person has control of said premises by virtue of any lease or rental contract, or by some other authority, unless the owner of said premises is also owner of the said live stock, domestic animals or domestic fowls located thereon, nor shall a tenant of premises be considered a caretaker of live stock, domestic animals or domestic fowls thereon unless said tenant has control of said premises or said live stock, domestic animals or domestic fowls.

Control and Eradication of Bovine Brucellosis

Sec. 23A. (1) Purpose. It is the purpose of this Section to bring about the effective control and eventual eradication of bovine brucellosis in the State of Texas and to accomplish that purpose in the most effective, practical, and expeditious manner.

(2) The Livestock Sanitary Commission of Texas may enter into cooperative agreements with the United States Department of Agriculture for the control and eradication of bovine brucellosis in Texas.

(3) The Livestock Sanitary Commission of Texas, in cooperation with the United States Department of Agriculture, is hereby authorized to engage in area or county programs for the control and eradication of bovine brucellosis to the end that all the area of this State may eventually become a modified certified brucellosis free area.

(4) When seventy-five per cent (75%) of the cattle owners in any area or county in this State, as reflected on the current tax rolls, owning at least fifty-one per cent (51%) of the cattle within that affected area or county, as reflected by said tax rolls, shall petition the Livestock Sanitary Commission of Texas to have such area or county designated as a modified certified brucellosis free area, the Livestock Sanitary Commission of Texas may declare that county or area to be a brucellosis control area. If such area follows county boundary lines it shall be designated as a “County Brucellosis Control Area,” the name of the county identifying the area.

(4a) Regardless of the provisions of this section, the Commission, on a finding that at least 75 percent of the cattle owners of the State, as reflected on the current tax rolls, owning at least 51 percent of the cattle within the State, have petitioned the Commission for establishment of Type II brucellosis control areas under this Section 23A, may designate any county or area as a Type II control area if it has not already been so designated.

(5) In the event that, for any valid reasons, the Livestock Sanitary Commission of Texas should decide that conditions within and surrounding the county originating such petition make it impractical to operate a brucellosis control area within the boundaries of such county, then the Texas Livestock Sanitary Commission is authorized to add additional territory to such county area in reasonable amount or to eliminate part of such county area in reasonable amount, and to establish the boundary of such control area along practical and reasonable lines, provided that, before such control area can be established it must be determined that at least seventy-five per cent (75%) of the cattle owners within the boundaries of the area so established, owning at least fifty-one per cent (51%) of the cattle within that area, request the Texas Livestock Sanitary Commission to have such area designated as a modified, certified brucellosis free area. When an area not following county boundary lines is established as a brucellosis control area by the Texas Livestock Sanitary Commission such area shall be designated as “Special Brucellosis Control Area.”

(6) In order to establish and designate an area, either County or Special, as a brucellosis control area, the Texas Livestock Sanitary Commission shall issue a proclamation describing the area by boundaries. Said proclamation shall state that said area is designated and established as a “Brucellosis Control Area,” either County or Special, and state the date upon which brucellosis control work shall start within that area, which date shall be not less than ninety (90) days after the date of such proclamation. Such proclamation shall be publicized by posting copies thereof in at least three (3) public places within the affected area and at the door of the courthouse of the county seat or seats of the county or counties affected, which posting shall be made at least ninety (90) days before the effective date of the proclamation.

Said proclamation shall also fix the date, which shall be not less than thirty (30) days after the date of the proclamation, at which time a hearing will be had in the office of the Livestock Sanitary Commission of Texas, at which hearing any person owning cattle within the affected area who desires to protest the designation and establishment of the control area shall have the right to appear, either in person or by representative or both, and there express to the Livestock Sanitary Commission his views and opinions as to why such brucellosis control area should not be designated and established. Within ten (10) days after such hearing the Commission shall issue a statement showing its decision upon the question of whether or not such control area shall be designated and established and such decision by the Livestock Sanitary Commission shall be final.

(7) Two (2) types of brucellosis control areas may be established. These types are:

I. An area in which no testing shall be required but in which all female calves
shall be required to be officially vaccinated within ages fixed by regulation of the Texas Livestock Sanitary Commission and in compliance with the regulations of such Commission relating to vaccination.

II. An area in which such tests, vaccinations, identifying practices, quarantines, disposition of infected animals and other practices as provided by regulations of the Texas Livestock Sanitary Commission shall be followed.

The petition of the cattle owners constituting the basis for the proclamation establishing the brucellosis control area shall state which type, "I" or "II", control area is desired in the affected area and the proclamation establishing the control area shall designate which type, "I" or "II", is established. No type control shall be established unless that type has been properly requested.

(8) “Type I” Control Area.

After the effective date of the proclamation establishing an area, either County or Special, as a “Type I” brucellosis control area, it shall be the duty of all cattle owners owning cattle within the area to, at their own expense, have all female calves owned by them officially vaccinated for brucellosis in accordance with the applicable regulations issued by the Texas Livestock Sanitary Commission. Failure on the part of any person owning cattle within the designated area to have female calves owned by him so vaccinated in accordance with said regulations shall constitute a misdemeanor and upon conviction shall be punished by a fine of not less than Ten Dollars ($10), nor more than One Hundred Dollars ($100), and each female calf owned by such person that is not so vaccinated in compliance with such regulations shall constitute a separate offense.

(9) “Type II” Control Area.

Whenever the Livestock Sanitary Commission of Texas shall designate and establish an area, either County or Special, as a “Type II” brucellosis control area, the Livestock Sanitary Commission shall proceed to conduct such tests, vaccinations and other practices, and to enforce such rules and regulations as may be necessary to qualify said county for certification or recertification as a modified certified brucellosis free area as outlined in the uniform regulations of the United States Department of Agriculture and the Livestock Sanitary Commission of Texas. An area may be certified as a brucellosis free area when not more than one per cent (1%) of the cattle and not more than five per cent (5%) of the herds are positive to thirty (30) months of age, steers and spayed heifers.

(10) The Livestock Sanitary Commission of Texas is prohibited from adopting any regulation dealing with brucellosis that would prohibit or interfere with the free movement of officially vaccinated calves from unquarantined herds under thirty (30) months of age within the State of Texas.

(10a) The Texas Animal Health Commission shall provide a brucellosis milk ring test (BRT) as an alternate test for brucellosis, and the owner, part owners or caretakers of cattle to certify or re-certify such cattle to be free of bovine brucellosis. Any owner, part owners or caretakers adopting this alternate method to certify or re-certify such cattle to be free of bovine brucellosis shall be required to submit such cattle for a brucellosis milk ring test (BRT) and such cattle shall pass three (3) successive negative tests at intervals of not less than three (3) or more than four (4) months apart during the period of a year.

If any one of the three (3) brucellosis milk ring tests (BRT) results, conducted annually, is positive and indicates a reactor or reactors may be present in a herd, within ten (10) days after receipt of notice by any owner, part owners or caretakers, a second brucellosis milk ring test (BRT) shall be taken, if requested by any owner, part owners or caretakers, and if determined positive, that such cattle must be submitted for a bovine brucellosis blood test at the expense of the Texas Animal Health Commission. Such cattle shall only be determined free of bovine brucellosis after having passed a negative bovine brucellosis blood test. Provided, however, that if any animal or animals in a herd shows a positive reaction, within ten (10) days after receipt of notice by any owner, part owners or caretakers, a second bovine brucellosis blood test shall be taken, if requested by any owner, part owners or caretakers, at the expense of the Texas Animal Health Commission, and if the second blood test results in a positive reaction, such animal or animals shall be branded and disposed of according to the provisions of this Act. It is further provided, that in the event of problem herds the culture material of any positive reactor or reactors shall be sent to an approved laboratory to determine if the positive test is the result of inoculation by a brucellosis vaccine or the actual disease of brucellosis.

(11) In order to effectuate the provisions and purposes of this Section, the Livestock Sanitary Commission of Texas is hereby authorized to promulgate such rules and regulations and to require such reports and records as may be necessary to the testing, vaccinating and movement of cattle into and within said areas declared to be in the process of accreditation and into certified brucellosis free areas.

(12) Any person, firm or corporation that shall ship, drive, haul, truck or otherwise transport cattle into and within any county or area declared to be in the process of accreditation or that has been designated as a modified brucellosis free area without an écrit certificate as provided for in accordance with the rules and regulations of the Livestock Sanitary Commission of Texas shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined in a sum of not less than
Ten Dollars ($10) nor more than One Hundred Dollars ($100) for each head of cattle which said person, firm, or corporation, railroad or other common carrier shall haul, drive, drift, lead or otherwise move into such designated area in violation hereof.

(18) Representatives of the Livestock Sanitary Commission of Texas, including members of said Commission, are hereby authorized to enter into any public or private property for the exercise of any authority or the performance of any duty authorized under this Section. Any person who refuses to permit representatives of the Livestock Sanitary Commission to enter upon any property or premises of which he is owner, tenant, or caretaker for the purpose of carrying out the provisions of this Section, shall be deemed guilty of a misdemeanor and upon conviction shall be fined any sum not less than Ten Dollars ($10) and not more than Two Hundred Dollars ($200), and each separate day on which said refusal is made shall be considered a separate offense.

(14) If a representative of the Commission desires to be accompanied by a peace officer, provisions of Section 6 of this Act with respect to issuing search warrants shall apply to representatives engaged in brucellosis control and eradication.

(15) The Livestock Sanitary Commission of Texas is hereby authorized to employ veterinarians, inspectors, stenographers and necessary clerical help and such other persons it may deem necessary for the performance of any duty under this Section or the enforcement of any provisions of this Section and may detail its veterinarians, inspectors and other persons for any duty authorized under this Section or incidental thereto.

(16) All tests and vaccinations provided in this Section may be given and conducted by any person certified by the Texas Livestock Sanitary Commission, whether such person be a Doctor of Veterinary Medicine, or not.

(17) Owners, part owners and caretakers owning or having charge of cattle located within a Type II brucellosis control area, shall submit their cattle, furnish sufficient labor and facilities when directed by the Livestock Sanitary Commission of Texas or its authorized representative, in order that necessary blood or milk specimen may be secured from their cattle or in order that they may be vaccinated, tattooed, branded, ear notched or tagged in accordance with the regulations of the Livestock Sanitary Commission of Texas. Owners and caretakers owning or having charge of cattle located within a Type II brucellosis control area who fail or refuse to gather their cattle and furnish necessary labor and facilities in drawing blood or milk samples, vaccinating and identifying animals shall be deemed guilty of a misdemeanor and upon conviction shall be fined not less than Ten Dollars ($10) nor more than Two Hundred Dollars ($200) and each day of refusal or failure to submit cattle and render the assistance required under this Section shall be a separate offense.

(19) Indemnities shall not be paid for any cattle which may be reactors to any test for brucellosis made under the provisions of this Section.

(20) Before regulations of the Livestock Sanitary Commission relating to control work of brucellosis in all types of areas shall become effective, notice of intent to promulgate such regulations shall be given by publication in at least three (3) newspapers having state-wide circulation: Said notice shall also inform the public that on a designated date stated in such published notice a hearing will be had at the office of the Livestock Sanitary Commission of Texas, at which hearing any person who objects to such proposed regulations or any part thereof shall have the right to appear either in person or by representative or both, and to state his objections. All such facts and evidence developed at such hearing shall be considered and evaluated by the Livestock Sanitary Commission and public notice shall be given by the Livestock Sanitary Commission within ten (10) days after such hearing stating whether or not such objections have been approved and adopted or have been disapproved and rejected by the Livestock Sanitary Commission.

(21) If any person, corporation or other party at interest be dissatisfied with any rule, order, act or regulation adopted by said Livestock Sanitary Commission of Texas, separately or in conjunction with the United States Department of Agriculture or any other agency, such dissatisfied person, corporation or other entity, after failing to get relief from said Commission, may within twenty (20) days of the date of issuance of such rule, order, act or regulation, file a petition setting forth the particular objection to such rule, order, act or regulation or either or all of them in the District Court of the county where said order, act or regulations have been or proposed to be enforced, against said Livestock Sanitary Commission of Texas as defendant. In all trials under this Section the burden of proof shall rest upon the plaintiff, who must show by the preponderance of evidence that the rules, or-
orders, acts or regulations complained of are unreasonable to it or them.

[Acts 1925, S.B. 84.]

Arts. 7376 to 7388. Repealed by Rules of Civil Procedure (Acts 1939, 46th Leg., p. 201, § 1)

Art. 7389. Damages

Where it is alleged and proved that one of the parties is in possession of the premises, the court or jury, if they find for the adverse party, shall assess the damages for the use and occupation of the premises. If special injury to the property be alleged and proved, the damages for such injury shall also be assessed, and the proper judgment shall be entered therefor, on which execution may issue; but damages shall not be assessed under this article for use and occupation or for injuries done over two years prior to the commencement of the suit. [Acts 1925, S.B. 84.]

Art. 7390. Repealed by Rules of Civil Procedure (Acts 1939, 46th Leg., p. 201, § 1)

Art. 7392. Former Laws Shall Govern, When

[Acts 1925, S.B. 84.]

2. CLAIM FOR IMPROVEMENTS

Art. 7393. Claim of Improvements

The defendant in any action of trespass to try title may allege in his pleadings that he and those under whom he claims have had adverse possession in good faith of the premises in controversy for at least one year next before the commencement of such suit, and that he and those under whom he claims have made permanent and valuable improvements thereon, being possessors
thereof in good faith, the court or jury shall at
the same time estimate from the testimony:

1. The value at the time of trial of such
improvements as were so made before the
filing of the suit not exceeding the amount
to which the value of the premises is ac-
tually increased thereby.

2. The value of the use and occupation
of the premises during the time the de-
fendant was in possession thereof (exclu-
sive of the improvements thereon made by
himself or those under whom he claims),
and also, if authorized by the pleadings,
the damages for waste or other injury to
the premises committed by him, not com-
puting such annual value for a longer time
than two years before suit, nor damages
for waste or injury done before said two
years.

3. The value of the premises recovered
without the improvements made as afores-
aid.

[Acts 1925, S.B. 84.]

Art. 7395. Rents and Profits as Offset
If the sum estimated for the improvements
exceeds the damages estimated against the
defendant and the value of the use and occupation
as aforesaid, there shall then be estimated
against him, if authorized by the testimony, the
value of the use and occupation and the dam-
ages for injury done by him or those under
whom he claims, for any time before the said
two years, so far as may be necessary to bal-
ance the claim for improvements, but no fur-
ther; and he shall not be liable for the excess,
if any, beyond the value of the improvements.

[Acts 1925, S.B. 84.]

Art. 7396. Judgment for Excess
If it shall appear from the finding of the
court or jury under the two preceding articles
that the estimated value of the improvements
exceeds the estimated value of the
improvements, judgment shall be entered
for the plaintiff for the excess and costs in ad-
dition to a judgment for the premises; but
should the estimated value of the improve-
ments exceed the estimated value of the use
and occupation and damages, judgment shall
be entered for the defendant for the excess.

[Acts 1925, S.B. 84.]

Art. 7397. Writ of Possession
In any action of trespass to try title, when
the lands or tenements have been adjudged to
the defendant, and the estimated value of the
improvements in excess of the value of the use
and occupation and damages has been ad-
judged to the defendant, no writ of possession
shall be issued for the term of one year after
the date of the judgment, unless the plaintiff
shall pay to the clerk of the court for the de-
fendant the amount of such judgment in favor
of the defendant, with the interest thereon.

[Acts 1925, S.B. 84.]

Art. 7398. Failure of Plaintiff to Pay
If the plaintiff shall neglect for the term of
one year to pay the amount of said judgment
in favor of the defendant, with the interest
thereon as directed in the preceding article,
and the defendant shall within six months aft-
er the expiration of said year, pay to the clerk
of the court for the plaintiff the value of the
lands or tenements, without regard to the im-
provements as estimated by the court or jury,
then the plaintiff shall be forever barred of his
right of possession, and from ever having or
maintaining any action whatever against the
defendant, his heirs or assigns, for the lands
or tenements recovered by such suit.

[Acts 1925, S.B. 84.]

Art. 7399. Defendant Failing to Pay
If the defendant or his legal representatives
shall not, within six months aforesaid, pay to
the clerk for the plaintiff the estimated value
of the lands or tenements, as directed in the
preceding article, then the plaintiff may sue
out his writ of possession as in ordinary cases.

[Acts 1925, S.B. 84.]

Art. 7400. Repealed by Rules of Civil Proce-
dure (Acts 1939, 46th Leg., p. 201, § 1.)

Art. 7401. Duty of the Clerk
If payment is made to the clerk of the court
by the plaintiff or defendant, as provided in
the preceding articles, such clerk shall enter a
memorandum of such payment, with the date
thereof, on the page of the record on which the
judgment was entered; and he shall, on de-
mand, pay the money to the party entitled, tak-
ing his receipt therefor, dated and signed on
the page of the record aforesaid.

[Acts 1926, S.B. 84.]

Art. 7401A. Removal of Improvements
Sec. 1. In an action of trespass to try title,
the defendant may in his pleadings:

(1) allege that he and those under
whom he claims have had adverse posses-
sion of the premises in controversy with-
out the intent to defraud, and that he and
those under whom he claims have made
permanent and valuable improvements on
the land during the time they have had
possession, without the intent to defraud;

(2) identify the improvements; and

(3) include in his prayer for relief a
prayer for judgment allowing the defend-
ant, in the event the court or jury finds
that he is not the rightful owner of the
land, to remove the improvements upon
the premises in controversy without the
intent to defraud, in such amount as the
court deems proper under the circumstan-
ces, conditioned upon the defendant's removal of the improve-
ments in such a manner as to restore the
land to substantially the same condition as
that which obtained before the improve-
ments were made.
Sec. 2. If the defendant has pleaded as provided in Section 1 of this article and the court or jury finds that he is not the rightful owner of the land, but that he and those under whom he claims, being possessors of the land without the intent to defraud, have made permanent and valuable improvements on the land without the intent to defraud, then the court or jury shall at the same time determine whether or not the improvements can be removed without substantial and permanent damage to the land.

Sec. 3. If the court or jury determines that the improvements can be removed without substantial and permanent damage to the land, then the court shall fix the amount of the surety bond, and, upon the defendant's giving of a bond in that amount, conditioned as stated in Section 1 of this article, the court shall appoint a referee to supervise the removal of the improvements and to make such reports to the court as the court may direct. The court shall retain jurisdiction of the suit and make final disposition of the case and determine the rights, duties, and liabilities of the parties and sureties consistent with the relevant principles of law and equity.

Sec. 4. The court may condition the defendant's right to remove the improvements on the satisfaction of any money judgment in favor of the plaintiff arising out of any claim of the plaintiff in the suit.

Sec. 5. The remedy provided by this article is cumulative of all other remedies provided by this title and by other applicable statutes and rules of law and equity, and the defendant may plead for this remedy as an alternative to any other remedy to which he may be entitled.

Art. 7425a. Conveyance by Trustees

Where a trust is created, but is not contained or declared in the conveyance to the trustee, or when a conveyance or transfer is made to a trustee without disclosing the names of the beneficiary, or beneficiaries, the trustee shall be held to have the power to convey or transfer or encumber the title and whenever he shall execute and deliver a conveyance or transfer or encumbrance of such property, as trustee, such conveyance or transfer or encumbrance shall not thereafter be questioned by any one claiming as a beneficiary under such trust or by any one claiming by, through, or under an undisclosed beneficiary, provided that none of the trust property in the hands of said trustee shall be liable for personal obligations of said trustee.

Art. 7425a-1. Charitable Trusts; Appointment of Trustees; Vacancies; Absence of Agreement

If a vacancy occurs in the number of trustees originally appointed under a valid charitable trust agreement and the trust agreement does not provide for filling such vacancy, then the vacancy may, at the discretion of the remaining trustees, be filled upon the affirmative vote of a majority of the remaining trustees.

Art. 7425a-2. Employment of Banks by Fiduciaries as Custodians of Securities

Sec. 1. In this Act, unless the context requires a different definition, "fiduciary" means an executor, administrator, trustees of express trusts, including a corporation or a natural person acting as a fiduciary, and a successor or substitute fiduciary, whether designated in a trust instrument or not.

Sec. 2. (A) In the absence of contrary or limiting provisions in the court order or decree appointing a fiduciary, or in a subsequent or-
der or decree, or in the will, deed or other instrument, every fiduciary is authorized to employ any bank incorporated in this state or any national bank located in this state as custodian of any stock or other securities held as a fiduciary, and the cost thereof, except in the case of a corporate fiduciary, shall be a charge upon the estate or trust. The records of such bank shall at all times show the ownership of such stock or other securities. Such stock or other securities shall at all times be kept separate from the assets of such bank and may be kept by such bank

(1) in a manner such that all certificates representing the securities from time to time constituting the assets of a particular estate, trust or other fiduciary account are held separate from those of all other estates, trusts or accounts; or

(2) in a manner such that, without certification as to ownership attached, certificates representing securities of the same class of the same issuer and from time to time constituting assets of particular estates, trusts or other fiduciary accounts are held in bulk, including, to the extent feasible, the merging of certificates of small denomination into one or more certificates of large denomination, provided that a bank when operating under the method of safekeeping security certificates described in this subparagraph (2), shall be subject to such rules and regulations as, in the case of state chartered institutions, the State Finance Commission and, in the case of national banking associations, the Comptroller of the Currency may from time to time issue. Such bank shall on demand by the fiduciary, certify in writing the securities held by it for such estate, trust or fiduciary account.

(B) Every fiduciary is authorized to cause any stock or other securities (hereinafter referred to as "securities") held by any bank when acting as fiduciary, whether alone or jointly with an individual, with the consent of the individual fiduciary, if any (who is hereby authorized to give such consent), to be registered and held in the name of a nominee of such bank without disclosure of the fiduciary relationship; and, in the case of an individual acting as fiduciary, to direct any bank located in this state to register and hold any securities deposited with such bank in the name of a nominee of such bank. The bank shall not re-deliver such securities to the individual fiduciary, who authorized their registration in the name of a nominee of the bank, without first registering the securities in the name of the individual fiduciary, as such. But, any sale of such securities by the bank at the direction of the individual fiduciary shall not be treated as a re-delivery. The bank may make any disposition of such securities which is authorized or directed by an order or decree of the court having jurisdiction of the estate or trust. Any such bank shall be liable for any loss occasioned by the acts of its nominee with respect to the securities so registered. The records of the bank shall at all times show the ownership of any such securities and of those held in bearer form. Such securities and those held in bearer form shall at all times be kept separate from the assets of the bank and may be kept by such bank

(1) in a manner such that all certificates representing the securities from time to time constituting the assets of a particular estate, trust or other fiduciary account are held separate from those of all other estates, trusts or accounts; or

(2) in a manner such that, without certification as to ownership attached, certificates representing securities of the same class of the same issuer and from time to time constituting assets of particular estates, trusts or other fiduciary accounts are held in bulk, including, to the extent feasible, the merging of certificates of small denomination into one or more certificates of large denomination, provided that a bank, when operating under the method of safekeeping security certificates described in this subparagraph (2), shall be subject to such rules and regulations as, in the case of state chartered institutions, the State Finance Commission and, in the case of national banking associations, the Comptroller of the Currency may from time to time issue. Such bank shall, on demand by any party to an accounting by such bank as fiduciary or on demand by the attorney for such party, certify in writing the securities held by such bank as such fiduciary.

Sec. 3. This Act shall be regarded as permissive and shall be cumulative of all the general laws on the subject.

Art. 7425b. Payment of Money to Trustees

Whenever one shall actually and in good faith pay a sum of money to a trustee, which the trustee is authorized to receive, he shall not be responsible for the proper application of the money, according to the trust; and any right or title derived from the trustee in consideration of such payment shall not be impeached or called in question in consequence of a misapplication by the trustee of the money so paid.

Art. 7425b-19. Contracts of Trustee

Whenever a trustee shall make a contract which is within his powers as trustee, or a predecessor trustee shall have made such a contract, and a cause of action arises thereon:

A. The party in whose favor the cause of action has accrued may sue the trustee in his representative capacity, and any judgment rendered in such action in favor of the plaintiff shall be collectible by execution out of the trust property. In such an action the plaintiff need not prove that the trustee could have secured reimbursement from the trust fund if he had paid the plaintiff's claim.

B. No judgment shall be rendered in favor of the plaintiff in such action unless he proves that within thirty (30) days after the beginning of such action, or within such other time as the court may fix, and more than thirty (30) days prior to obtaining the judgment, he notified each of the beneficiaries known to the trustee who then had a present or contingent interest, or in the case of a charitable trust the Attorney General of Texas, and any corporation which is a beneficiary or agency in the performance of such charitable trust, of the existence of the action. Such notice shall be given by mailing copies thereof by registered mail addressed to the parties to be notified at their last known addresses. The trustee shall furnish the plaintiff a list of the beneficiaries or persons having an interest in the trust estate, and their addresses, if their whereabouts are known to the trustee, within ten (10) days after written demand therefor, and notification of the persons on such list shall constitute compliance with the duty placed on the plaintiff by this section.

Any beneficiary, or in the case of charitable trusts the Attorney General of Texas, and any corporation which is a beneficiary or agency in the performance of such charitable trust, may intervene in such action and contest the right of the plaintiff to recover. If any beneficiary is a minor or has been adjudged incompetent, the court shall appoint a guardian ad litem, whose duty it shall be to defend such action.

C. The plaintiff may also hold the trustee who made the contract personally liable on such contract, if the contract does not exclude such personal liability. The addition of the word "trustee" or the words "as trustee" after the signature of a trustee to a contract shall be deemed prima facie evidence of an intent to exclude the trustee from personal liability.

[Acts 1943, 48th Leg., p. 232, ch. 148, § 18.]

Art. 7425b-20. Exoneration or Reimbursement for Torts

A trustor who has incurred personal liability for a tort committed in the administration of the trust is entitled to exoneration therefor from the trust property:

A. If he has not discharged the claim, or to be reimbursed therefor out of trust funds if he has paid the claim; if

1. The tort was a common incident of the kind of business activity in which the trustee was properly engaged for the trust; or

2. Although the tort was not a common incident of such activity, if neither the trustee nor any officer or employee of the trustee was guilty of actionable negligence in incurring the liability.

B. If a trustee commits a tort which increases the value of the trust property, he shall be entitled to exoneration or reimbursement with respect thereto to the extent of such increase in value, even though he would not otherwise be entitled to exoneration or reimbursement.

[Acts 1943, 48th Leg., p. 232, ch. 148, § 20.]

Art. 7425b-21. Tort Liability of Trust Estate

Where a trustee or his predecessor has incurred personal liability for a tort committed in the course of his administration:

A. The trustee in his representative capacity may be sued and collection had from the trust property, if the court shall determine in such action:

1. That the tort was a common incident of the kind of business activity in which the trustee or his predecessor was properly engaged for the trust; or

2. That although the tort was not a common incident of such activity neither the trustee nor his predecessor, nor any officer or employee of the trustee or his predecessor, was guilty of actionable negligence in incurring the liability; or

3. That although the tort did not fall within classes 1 or 2 above, it increased the value of the trust property.

If the tort is within classes 1 or 2 above, collection may be had of the full amount of damage proved; and if the tort is within class 3 above, collection may be had only to the extent of the permanent increases in the value of the trust property.

B. In an action against the trustee in his representative capacity under this section the plaintiff need not prove that the
trustee could have secured reimbursement from the trust fund if he had paid the plaintiff's claim.

C. No judgment shall be rendered in favor of the plaintiff in such action unless he proves that within thirty (30) days after the beginning of the action, or within such other period as the court may fix and more than thirty (30) days prior to obtaining the judgment, he notified each of the beneficiaries known to the trustee, who then had a present or contingent interest of the existence and nature of the action. Such notice shall be given by registered mail addressed to such beneficiaries at their last known addresses. The trustee shall furnish the plaintiff a list of such beneficiaries and their addresses, within ten (10) days after written demand therefore, and notification of the persons on such list shall constitute compliance with the duty placed on the plaintiff by this section. Any beneficiary may intervene in such action and contest the right of the plaintiff to recover. If any beneficiary is a minor or has been adjudged incompetent, the court shall appoint a guardian ad litem, whose duty it shall be to defend such action.

D. The trustee may also be held personally liable for any tort committed by him, or his agents or employees in the course of their employments, subject to the rights of exoneration or reimbursement provided in Section 20 of this Act.

[Acts 1943, 48th Leg., p. 232, ch. 148, § 21.]

Art. 7425b-22. Power of Trustor

The trustor of any trust affected by this Act may, by provisions in the instrument creating the trust, or by an amendment of the trust if the trustor reserved the power to amend the trust, relieve his trustee from any or all of the duties, restrictions, and liabilities which would otherwise be imposed upon him by this Act; or alter or deny to his trustee any or all of the privileges and powers conferred upon the trustee by this Act; or add duties, restrictions, liabilities, privileges, or powers to those imposed or granted by this Act; but no act of the trustor shall relieve a corporate trustee from the duties, restrictions, and liabilities imposed upon it by Sections 10, 11, and 12 of this Act.

[Acts 1943, 48th Leg., p. 232, ch. 148, § 22.]

Art. 7425b-23. Power of Beneficiary

Any beneficiary of a trust affected by this Act may, if of full legal capacity and acting upon full information, by written instrument delivered to the trustee, relieve the trustee as to such beneficiary from any or all of the duties, restrictions, responsibilities and liabilities which would otherwise be imposed upon the trustee by this Act, including the release of the trustee from any or all liability to such beneficiary for past violations of any of the provisions of the Act, except as to the duties, restrictions, and liabilities imposed on corporate trustees by Sections 10, 11, and 12 herein.

Art. 7425b-24. Power of the Court

A. The district court shall have original jurisdiction to construe the provisions of any trust instrument; to determine the law applicable thereto; the powers, responsibilities, duties, and liability of trustee; the existence or non-existence of facts affecting the administration of the trust estate; to require accounting by trustee; and to surcharge trustee.

B. In cases where there be a single trustee, the venue of such actions shall be in the county of the residence of such trustee; or if a corporation, in the county of its principal place of business. Where there are two or more trustees, then the venue shall be in the county where the principal office of the trust is maintained.

C. Actions hereunder may be brought by a trustee, beneficiary, or any person affected by or having an active interest in the administration of the trust estate. If the action is predicated upon any act or obligation of any beneficiary, such beneficiary shall be a necessary party to the proceedings. The only necessary parties to such actions shall be those persons designated by name in the instrument creating the trust, and any persons who may be actually receiving distributions from the trust estate at the time the action is filed; contingent beneficiaries designated as a class shall not be necessary parties.

D. Except as otherwise provided herein, the provisions of the statutes and rules of court governing civil procedure, commencement of action, process, process by publication, appointment of guardians ad litem, supersedeas and appeal, shall govern all actions and proceedings instituted under the provisions of this Act.

E. A court of competent jurisdiction may, for cause shown and upon notice to the beneficiaries, relieve a trustee from any or all of the duties, limitations, and restrictions which would otherwise be placed upon him by this Act, or wholly or partly release and excuse a trustee, who has acted honestly and reasonably, from liability for violations of the provisions of this Act.

[Acts 1943, 48th Leg., p. 232, ch. 148, § 24.]

Art. 7425b-25. Powers, Duties, and Responsibilities of Trustees

In the absence of contrary or limiting provisions in the instrument creating the trust, or a subsequent order or decree of a court of competent jurisdiction, the trustee of an express trust is authorized:

A. To exchange, re-exchange, sub-divide, develop, improve, dedicate to public use, make or vacate public plats, adjust boundaries, and/or partition real property, and to adjust differences in valuation by giving or receiving money or money's worth. Easements may be dedicated to

Any stock or other securities obtained by conversion, reorganization, consolidation, merger, liquidation, or the exercise of subscription rights shall be free, unless the trust instrument provides otherwise, from any restrictions on sale or otherwise contained in the trust instrument relative to the securities originally held.

G. Generally to execute and deliver any deed or other instrument and to do all things in relation to such trust necessary, desirable, or advisable for carrying out any of the above powers or those considered incident to the purposes of such trust. In addition to the other rights, powers, and authority granted to and conferred upon the trustee of an express trust by this, The Texas Trust Act, the trustee may sell, exchange, transfer, assign, convey, mortgage, or otherwise encumber, lease, contract for the joint exploration and development of the trust property, with other properties, and otherwise contract with reference to oil, gas, or other minerals or natural resources, and mineral rights and mineral royalties, which may be or become a part of the trust estate, upon such terms and conditions, and for such royalties, rents, benefits, and consideration as the trustee may deem to be to the best interest of the trust estate.

I. The following rules of administration shall be applicable to all express trusts but such rules shall not be exclusive of those otherwise imposed by law, unless the latter be contrary to these rules:

1. Where a trustee is authorized to sell or dispose of land, such authority shall include the right to sell or dispose of a part thereof, whether the division is horizontal, vertical, or made in any other way, or of undivided interests therein.

2. Where a trustee is authorized by the trust instrument creating the trust or by law to pay, expend, or otherwise apply capital money subject to the trust for any purpose or in any manner, he shall have and shall be deemed always to have had the power to raise the money so required by selling, converting, calling in, or mortgaging or

3. A trustee shall have a lien, and may reimburse himself with interest, for, or pay or discharge out of the trust property, either principal or income or both, all advances made for the convenience, benefit or protection of the trust or its property, and all expenses, losses, and liabilities, not resulting from the negligence of the trustee, incurred in or about the execution or protection of the trust or because of his holding or ownership of any property subject thereto.

4. When the happening of any event, including marriage, divorce, attainment of a certain age, performance of educational requirements, death, or any other event, determines or affects the distribution of income or principal of trust estates, the trustees shall not be liable for mistakes of fact made prior to the actual knowledge or written notice of such fact.

J. For the powers, duties, and responsibilities stated in this Act shall not be deemed to exclude other implied powers, duties, or responsibilities not inconsistent herewith.

K. Pay all taxes and assessments levied or assessed against the trust estate or the trustee by governmental taxing or assessing agencies.

L. Unless the instrument creating the trust provides to the contrary, the trustee of any trust created after the effective date of this amendment shall be required to give bond payable to all persons interested in the trust as their interest may appear, conditioned for the faithful performance of the duties as trustee, to be in such amount and with such surety or sureties as the District Court shall, by order entered in a proceeding brought for such purpose, direct and approve. If the proceeding be brought by the person named as trustee, citation in respect thereof shall not be necessary, but the proceeding may be upon ex parte verified petition showing the nature and probable value of the trust estate, and the District Court may, in term time or vacation, hear the application and enter such order in respect thereof as the court shall deem proper. If the proceeding be brought by some other person interested in the trust estate, as in Section 24 hereof provided. Any bond made pursuant to the terms of this Subsection shall be deposited with the Clerk of the District Court in which the order shall have been entered, and suit may be maintained on a certified copy thereof, provided that any recovery thereon shall, upon appropriate proof by the surety or sureties, reduce their liability on such bond pro tanto. Failure to comply with the provisions of this paragraph shall not render void or voidable, or otherwise affect, any act or transaction of the trustee with any third person.

Provided, however, that this Subsection shall not apply to corporate trustees which are authorized by law to act as trustee of any trust affected by this Act.

M. In the event that any property which is or may become a part of the assets of a trust is situated in a state or states other than the State of Texas, or in a foreign country, the Texas trustee is empowered to name an individual or corporate trustee qualified to act in any such state or foreign country in connection with the property situated therein as ancillary trustee of such property and require such security as may be designated by the Texas trustee. The ancillary trustee so appointed shall have all rights, powers, discretions, responsibilities and duties as are delegated to it by the Texas trustee, within the limits of the authority possessed by the Texas trustee, but shall exercise and discharge same subject to such limitations or directions of the Texas trustee as shall be specified in the instrument evidencing the appointment. The ancillary trustee shall be answerable to the Texas trustee for all monies, assets or other property entrusted to it or received by it in connection with the administration of the trust. The Texas trustee may remove such ancillary trustee and may or may not appoint a successor at any time or from time to time to any or all of the assets. Provided, however, that if the ancillary trustee is to be appointed in any jurisdiction that requires any kind of procedure or judicial order for the appointment of such an ancillary trustee or to authorize it to act, the Texas trustee and the ancillary trustee must conform to all such requirements.

N. Whenever an instrument containing a trust reserves unto the trustor, or vests in an advisory or investment committee, or in any other person or persons (including a co-trustee), to the exclusion of the trustee or to the exclusion of one or more of several trustees, authority to direct the making or retention of investments, or of any investment, or the performance of any other act in the management and administration of the trust, the excluded trustee or co-trustee shall not be liable as trustee or co-trustee for any loss resulting from the making or retention of any investment
pursuant to such authorized direction, or
from the doing of any act in the manage-
ment and administration of the trust in ac-
cordance with such authorized direction.
This Subsection shall not be applicable if
the terms of the trust instrument contain
contrary provisions with respect to the lia-
bility of the excluded trustee or co-trustee.

Art. 7425b-26. Right of Trustee to Determine
Principal and Income

This Act shall govern the ascertainment of
income and principal, and the apportionment
of receipts and expenses between tenants and
remaindermen in all cases where an express
trust has been created; except that in the es-

tablishment of the principal, provision may be
made touching all matters covered by this Act,
and the person establishing the principal may
himself direct the manner of ascertainment of
income and principal and the apportionment
of receipts and expenses or grant discretion to
the trustee or other person to do so, and such
 provision and direction, where not otherwise
counter to law, shall control notwithstanding
this Act.

Art. 7425b-27. Income and Principal—Dispo-
sition

Unless otherwise expressly provided in this
Act:

A. All receipts of money or other prop-
erty paid or delivered as rent of realty or

such insurance has been issued for the
benefit of either tenant or remainderman

be deemed principal unless otherwise ex-

principal.

C. All income after deduction of exp-

reasonable reserves, shall be paid and de-

already in his possession or held for accu-
mulation where legally so directed by the
terms of the transaction by which the prin-
cipal was established; while the prin-
cipal shall be held for ultimate distribu-

by law.

Art. 7425b-28. Apportionment of Income

Whenever a tenant shall have the right to in-

shall not include dividends, and such rights
shall cease and determine by death or in any
other manner at a time other than the date

mainding income shall be paid to the person
next entitled to income by the terms of the trans-
action by which the principal was estab-
lished. But no action shall be brought by the
trustee or tenant to recover such apportioned
income or any portion thereof until after the
day on which it would have become due to the
tenant but for the determination of the right of
the tenant entitled thereto. The provisions of
this section shall apply whether an ultimate re-
mainderman is specifically named or not.
Likewise, when the right of the first tenant ac-

of such periodic payments, he shall only receive
that portion of such income which amounts to
the same percentage thereof as the time during

any sale of the right are principal.

(b) Except to the extent that the corporation
indicates that some part of a corporate distri-
bution is a settlement of preferred or guaran-
teed dividends accrued since the trustee be-
came a stockholder or is in lieu of an ordinary cash dividend, a corporate distribution is principal if the distribution is pursuant to

(1) a call of shares;

(2) a merger, consolidation, reorganization, or other plan by which assets of the corporation are acquired by another corporation; or

(3) a total or partial liquidation of the corporation, including any distribution which the corporation indicates is a distribution in total or partial liquidation or any distribution of assets, other than cash, pursuant to a court decree or final administrative order by a government agency ordering distribution of the particular assets.

d) Except as provided in Subsections (a), (b), and (c), all corporate distributions are income, including cash dividends, distributions of or rights to subscribe to shares or securities or obligations of corporations other than the distributing corporation, and the proceeds of the rights or property distributions. Except as provided in Subsections (b) and (c), if the distributing corporation gives a stockholder an option to take new stock or cash or an option to purchase additional shares, the principal shall be allocated as follows:

[Acts 1943, 48th Leg., p. 232, ch. 148, § 30.]

Art. 7425b–31. Principal Used in Business

When principal is used in business, the net profits and any increase or decrease in the principal shall be allocated as follows:

A. Whenever a trustee or a tenant is authorized by the terms of the transaction by which the principal was established, or by law, to use any part of the principal in the continuance of a business which the original owner of the property comprising the principal had been carrying on, the net profits of such business attributable to such principal shall be deemed income.

B. Where such business consists of buying and selling property—including the buying and selling of goods, wares and merchandise in operating and conducting a retail or wholesale business—the net profits for any period shall be ascertained by deducting from the gross returns during and the inventory value of the property at the end of such period, the expenses and purchases during the period and the inventory value of the property at the beginning of such period.

C. Where such business does not consist of buying and selling property, the net income shall be computed in accordance with the customary practice of such business, but not in such way as to decrease the principal.

[Acts 1943, 48th Leg., p. 232, ch. 148, § 31.]

Where any part of the principal consists of animals employed in business, the provision of Section 31 of this Act shall apply, and in other cases where the animals are held as a part of the principal partly or wholly because of the offspring or increase which they are expected to produce, all offspring or increase shall be deemed principal to the extent necessary to maintain the original number of such animals and the remainder shall be deemed income; and in all other cases such offspring or increase shall be deemed income.

[Acts 1943, 48th Leg., p. 232, ch. 148, § 32.]
Art. 7425b-33. Disposition of Natural Resources

Where any part of the principal consists of any interest in lands, including royalties, overriding royalties, and working interest, from which may be taken timber, minerals, oil, gas or other natural resources, and the trustee or tenant is authorized by law or by the terms of the transaction by which the principal or trust was established to sell, lease, or otherwise develop such natural resources, and no provision is made for the disposition of the proceeds thereof, such proceeds, if received as delay rentals on a lease shall be deemed income, but if received as consideration, whether as bonus or consideration for the execution of the lease or as royalties, overriding or limited royalties, or consideration for the execution of the lease if received as consideration, whether as bonus thereof, such proceeds, if received as delay rentals on a lease shall be deemed income, but in case of his death, his personal representative, shall be entitled to share in the net proceeds received from the property as delayed income to the extent hereinafter stated. The basis under this Section for establishing value of property acquired through foreclosure of a mortgage held by the trust, shall be the net investment in the property up to the date of re-sale by the trust and not the price bid at the foreclosure sale. Net investment shall consist of all moneys invested and advanced.

B. Such income shall be the difference between the net proceeds received from the property and the amount which, had it been placed at simple interest at the rate of four (4%) per cent per annum for the period during which the change was delayed, would have produced the net proceeds at the time of change, but in no event shall such income be more than the amount by which the net proceeds exceed the fair inventory value of the property, or in default thereof, its market value at the time the principal was established or its costs where purchased later. The net proceeds shall consist of the gross proceeds received from the property less any expenses incurred in disposing of it and less all carrying charges which are chargeable to principal during the period it has been unproductive. No allocation to income shall be made when the net proceeds from any sale are less than the value of the property as determined by sub-section A of this section.

C. The change shall be taken to have been delayed from the time when the duty to make it first arose, which shall be presumed, in the absence of evidence to the contrary, to be one year after the trustee first received the property if then unproductive, otherwise one year after it became unproductive.

D. If the tenant has received any income from the property or has had any beneficial use thereof during the period while the change has been delayed, his share of the delayed income shall be reduced by the amount of such income received or the value of the use had.

E. In case of successive tenants the delayed income shall be divided among them or their representatives according to the
length of the period for which each was entitled to income.

F. Where a trustee is required to change the form of investment under the provisions of the instrument by which the trust is created or under the existing law, he shall use reasonable care in determining the necessity for such change and the time and manner of changing said form of investment. Provided, that the provisions in this Section shall not be construed to require a trustee to change the form of an investment.

(b) “Donee” means any person, whether resident or non-resident of this State, who, either alone or with another or others, has the right to exercise a power.

(c) “Objects”, when used in connection with a power, means the persons in whose favor the power may be exercised.

(B) At any time or times release his power

(c) so as to limit in any other respect the extent to which it may be exercised.

Requisites of Release; Delivery

Sec. 3. A release of a power, whether partial or complete, shall be valid and effective, with or without a consideration, when the donee thereof executes and acknowledges, in the manner required by law for execution and recordation of deeds, an instrument evidencing an intent to make the release, and delivers the instrument or causes it to be delivered, either:

(A) To any person or in any manner specified for such purpose in the instrument creating the power; or

(B) To any adult person, other than the donee so releasing, who may take any of the property which is subject to the power in the event of its non-exercise or to one in whose favor it may be exercised after such partial release; or

Powers Exercisable by Two or More Donees

Sec. 4. If a power is or may be exercisable by two or more donees, either in an individual or fiduciary capacity in conjunction with one another or successively, a release thereof in whole or in part by any one or more of the donees shall not, unless the instrument creating the power otherwise provides, prevent or limit the exercise or participation in the exercise thereof by the other donee or donees.

Sec. 5. (A) No fiduciary or other person, association or corporation having the possession or control of any property subject to a power (other than the donee thereof) shall be deemed to have notice of a release of the power unless and until the original or a copy of the release is delivered to such fiduciary or other person, association or corporation.

Recording and Indexing

Sec. 6. County Clerks are authorized and directed to record releases in the Deed Records of their respective counties, and to index the same, the name of the donee being entered in the grantor index, and to charge therefor at the rate applicable to deeds.

Failure to Deliver or File

Sec. 7. Rights and Means Not Exclusive

Sec. 11. The rights and means provided for in this Act for the release of a power are not exclusive, but are in addition to all other rights and means of a donee to release a power in whole or in part.

Releases Prior to Enactment of Law

Sec. 12. Nothing in this Act shall invalidate any valid release made prior to the enactment hereof, and all releases made prior to such enactment, which are not valid under law then existing but which are in substantial compliance with the requirements hereof, are hereby validated, unless the power intended to be affected by such an invalid release was thereafter, but prior to the enactment hereof, exercised.

Declaratory of Common Law; Liberal Construction; Applicability

Sec. 13. This Act shall, so far as possible, be deemed to be declaratory of the common law of the State of Texas and shall be liberally construed so as to effectuate the intent that all powers whatsoever, except powers in trust which are imperative, shall be releasable unless otherwise expressly provided in the instrument creating the power.

Conflict With Other Laws

Sec. 14. Insofar as the provisions of this Act may conflict with other Acts or parts thereof, the provisions of this Act shall control.

Partial Invalidity

Sec. 15. If any provisions of this Act or the application thereof is held invalid, such invalidity shall not affect the other provisions or applications of this Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable.

1 Acts 1973, 63rd Leg., p. 1723, ch. 626, classified as art. 5923b, changed the age of majority to eighteen.

(c) Applicants shall demonstrate such standard of proficiency as the Board may determine is essential for a qualified veterinarian.

Sec. 13A. The Board by rule may adopt a system under which licenses expire on various dates during the year. For the year in which the expiration date is changed, license fees payable on March 1 shall be prorated on a monthly basis so that each licensee shall pay only that portion of the license fee which is allocable to the number of months during which the license is valid. On renewal of the license on the new expiration date, the total license renewal fee is payable.

Revocation or Suspension of License; Refusal to Examine Applicant or Issue or Renew License; Grounds

Sec. 14. The Board may revoke or suspend any license, may refuse to examine an applicant, to issue a license or to issue a renewal of a license, after notice and hearing as provided in Section 15 of this Act, or as provided by the rules of the Board, if it finds that an applicant or licensee:

(f) Has permitted or allowed another to use his license, or certificate to practice veterinary medicine in this state, for the purpose of treating, or offering to treat, sick, injured or afflicted animals.

Procedure for Revocation or Suspension of License

Sec. 15. Proceedings by the Board for the suspension or revocation of a license to practice veterinary medicine shall be as follows:

(a) Proceedings may be instituted by any member of the Board or its employees or by any other person, by filing with the Board a sworn statement setting forth the grounds upon which the person presenting the statement believes the Board should revoke or suspend the license.

(b) Upon the filing of such statement the executive secretary shall cause such investigation to be made as he deems necessary to determine the existence of such grounds, and if the executive secretary is of the opinion that grounds for suspension or revocation of a license exist, he shall cause appropriate entries to be made on a hearing docket and shall fix a time and place for hearing as may be prescribed by the rules of the Board.

(c) The executive secretary shall cause notice of the hearing to be given the licensee, whose license is under consideration for suspension or revocation, not less than ten (10) days prior to the date fixed for hearing. Notice of hearing shall be served as is provided by law in civil cases in the District Courts of this State, and shall contain a brief statement of the statutory grounds upon which revocation or suspension of license is being considered; the date, time and place of hearing; and a statement that the licensee may appear and offer such evidence as is pertinent to the question of revocation or suspension of license.

(d) The Board shall conduct hearings under such rules as the Board may adopt, and may administer oaths and subpoena and compel attendance of witnesses, deemed by the Board or the licensee to have knowledge which would aid the Board in reaching a proper decision and for enforcement of this Act, in the same manner as the District Courts of this State in civil proceedings.

(e) The Board may, by a three-fourths vote of the members of the Board present, evidenced by the signatures of such members on the order, reprimand a licensee or order an accused licensee's license suspended for such time as the Board may determine, or order his license revoked.

Appeals

Sec. 16. a. Within 30 days after issuance of an order by the Board suspending, revoking, or refusing to renew a license, the affected licensee or applicant may appeal such order to the district court of the county in which the applicant or licensee maintained his principal office for the practice of veterinary medicine on the dates of the commission of the acts relied upon by the Board to suspend or revoke a
license or refuse to issue a renewal of a license. An applicant who has never practiced veterinary medicine may, within 30 days after issuance of an order by the Board refusing to examine the qualifications of the applicant or refusing to issue a license to the applicant, appeal the Board’s order to the district court of the county in which the applicant resided at the time he made such application to the Board.

b. The trial in the district court shall be de novo as in cases of appeal from the justice courts to the county courts of the State of Texas. Either party may demand a jury to pass upon the disputed fact issues. The district court upon final hearing shall enter its judgment suspending or revoking the license or refusing to suspend or revoke the license as the court may determine. The Board or the applicant or licensee may appeal as in other civil cases.

Injunction Proceedings; Venue

Sec. 17. The Attorney General or any District or County Attorney may institute any injunction proceeding or any such other proceeding incident to such injunction proceeding as to enforce the provisions of this Act and to enjoin any person from the practice of veterinary medicine, as defined in this Act, without such person having complied with the other provisions of this Act. The venue for such injunction proceedings shall be in the county of the residence of the person against whom such injunction proceedings are instituted.

Penalties

Sec. 18. (a) Any member or employee of the Board who issues a license other than as provided in this Act, or who gives an applicant for examination a list of questions to be answered at the examination, shall be fined not less than Two Hundred Dollars ($200), nor more than One Thousand Dollars ($1,000).

(b) Any person who practices, offers or attempts to practice veterinary medicine in this State without first having complied with the provisions of this Act shall be fined not less than Twenty-five Dollars ($25), nor more than Two Hundred Dollars ($200). Each day of practicing, attempting or offering to practice is a separate offense.

Fees

Sec. 19. Applicants for examinations shall pay to the Board a fee of Fifty Dollars ($50), and an applicant for license under the reciprocal provisions of this Act shall pay to the Board a fee of One Hundred Dollars ($100) at the time of application to the Board for such license. Licensees shall pay to the Board for annual renewal of licenses, a fee of not less than Five Dollars ($5), nor more than Thirty Dollars ($30), as determined by the Board, based upon the needs of the Board, and a licensee whose license has been lost or destroyed shall be issued a duplicate license after application and upon payment of a fee of Twenty Dollars ($20).

Veterinary Fund

Sec. 20. All fees collected by the Board under this Act shall be placed in the State Treasury every thirty (30) days, as collected, to the credit of a special fund to be known as the "Veterinary Fund," and all expenditures from this fund shall be on order of the Board, on warrants issued by the State Comptroller for the purposes and in the amounts fixed by the Legislature in appropriation bills. On August 31st of each year, all money in excess of Forty Thousand Dollars ($40,000) remaining in said "Veterinary Fund" shall revert to the General Revenue Fund of the State Treasury.

Payment of Compensation, Expenses and Costs

Sec. 21. The compensation and expenses of Board members, the salaries and expenses of employees, and all other costs of the Board in the administration of this Act shall be paid from the Veterinary Fund created by this Act, and no moneys for such purposes shall be paid from the General Fund of this State.

Art. 7465b. Texas Veterinary Medical Diagnostic Laboratory

Sec. 1. There is hereby created an agency of the State of Texas to be known as the Texas Veterinary Medical Diagnostic Laboratory. It shall not be a part or unit of any institution or system of higher education of the state but it shall be under the jurisdiction and supervision of the Board of Directors of Texas A&M University. The said Board of Directors shall staff the agency with an executive director and such other employees necessary for the proper functioning thereof.

Sec. 2. The Board of Directors of Texas A&M University shall make available to the State Building Commission state land in Brazos County for a site on which shall be constructed and equipped a building to house the facilities of the Texas Veterinary Medical Diagnostic Laboratory and an animal building for use related to the use of the laboratory building.

1. That the employé was guilty of contributory negligence.
2. That the injury was caused by the negligence of a fellow employé.
3. That the employé had assumed the risk of the injury incident to his employment; but such employer may defend in such action on the ground that the injury was caused by the willful intention of the employé to bring about the injury, or was so caused while the employé was in a state of intoxication.
4. In all such actions against an employer who is not a subscriber, as defined hereafter in this law, it shall be necessary to a recovery for the plaintiff to prove negligence of such employer or some agent or servant of such employer acting within the general scope of his employment.

PART 2.

Art. 8307. Industrial Accident Board

Sec. 1. In an action to recover damages for personal injuries sustained by an employé in the course of his employment, or for death resulting from personal injuries sustained by domestic servants or casual employees engaged in employment incidental to a personal residence, farm laborers, ranch laborers, nor to the employees of any person, firm or corporation operating any steam, electric, street, or interurban railway as a common carrier.

Nonresidents; Employment of Labor; Service of Process on Chairman of Industrial Accident Board

Sec. 2a. The acceptance by a nonresident of this State of the rights, privileges and benefits extended by law to such persons of employing labor within the State of Texas shall be deemed equivalent to an appointment by such nonresident of the Chairman of the Industrial Accident Board of this State, or his successor in office, to be his true and lawful attorney and agent upon whom may be served all lawful process in any civil action or proceeding now pending or hereafter instituted against said nonresident growing out of any accident resulting in the injury or death of any employee of said nonresident, occurring in the course of employment of the employee in this State, when the action or proceeding is brought by the employee, his heirs or legal representative.

Service of process under this Section shall be in the same manner and method as that prescribed in Chapter 125, Acts of the Forty-first Legislature, Regular Session, 1929, as last amended by Chapter 502, Acts of the Fifty-sixth Legislature, Regular Session, 1959. Art. 8306

Waiver of Common Law or Statutory Right of Action

Sec. 3a. An employee of a subscriber shall be held to have waived his right of action at common law or under any statute of this State to recover damages for injuries sustained in the course of his employment if he shall not have given his employer, at the time of his contract of hire, notice in writing that he claimed said right or if the contract of hire was made before the employer became a subscriber, if the employee shall not have given the said notice within five days of notice of such subscription. An employee who has given notice to his employer that he claimed his right of action at common law or under any statute may thereafter waive such claim by notice in writing, which shall be in effect five days after its delivery to his employer or his agent. Any employee of a subscriber who has not waived his right of action at common law or under any statute to recover damages for injury sustained in the course of his employment, as above provided in this section, shall, as well as his legal beneficiaries and representatives have his or their cause of action for such injuries as now exist by the common law and statutes of this State, which action shall be subject to all defenses under the common law and statutes of this State.

Compensation, When to be Paid

Sec. 3b. If an employee who has not given notice of his claim of common law or statutory rights of action, or who has given such notice and waived the same, sustains an injury in the course of his employment, he shall be paid compensation by the association as hereinafter provided, if his employer is a subscriber at the time of the injury.

Notice of Provision for Compensation

Sec. 4. Employers whose employers are not at the time of the injury subscribers to said association, and the representatives and beneficiaries of deceased employees who at the time of the injury were working for nonsubscribing employers can not participate in the benefits of said insurance association, but they shall be entitled to bring suit and may recover judgment against such employers, or any of them, for all damages, sustained by reason of any personal injury received in the course of employment or by reason of death resulting from such injury, and the provisions of section 1 of this law shall be applied in all such actions.

Exemplary Damages

Sec. 5. Nothing in this law shall be taken or held to prohibit the recovery of exemplary damages by the surviving husband, wife, heirs of his or her body, or such of them as there may be of any deceased employee whose death is occasioned by homicide from the wilful act or omission or gross negligence of any person, firm or corporation from the employer of such employee at the time of the injury causing the death of the latter. In any suit so brought for exemplary damages the trial shall be de novo, and no presumption shall exist that any award, ruling or finding of the Industrial Accident Board was correct. In any such suit, such award, ruling or finding shall neither be pleaded nor offered in evidence.
Sec. 6. No compensation shall be paid under this law for an injury which does not incapacitate the employee for a period of at least one week from earning full wages, but if incapacity extends beyond one week compensation shall begin to accrue on the eighth day after the injury. The medical aid, hospital services, chiropractic services, and medicines, as provided for in Section 7 hereof, shall be supplied as and when needed and according to the terms and provisions of said Section 7. If incapacity does not follow at once after the infliction of the injury or within eight days thereof but does result subsequently, compensation shall begin to accrue with the eighth day after the date incapacity commenced. In any event the employee shall be entitled to the medical aid, hospital service, chiropractic service, and medicines provided in this law. Provided further, that if such incapacity continues for four (4) weeks or longer, compensation shall be computed from the inception date of such incapacity.

Sec. 7. The employee shall have the sole right to select or choose the persons or facilities to furnish medical aid, chiropractic services, hospital services, and nursing and the association shall be obligated for same or, alternatively, at the employee's option, the association shall furnish such medical aid, hospital services, nursing, chiropractic services, and medicines as may reasonably be required at the time of the injury and at any time thereafter to cure and relieve from the effects naturally resulting from the injury. Such treatment shall include treatments necessary to physical rehabilitation, including proper fitting and training in the use of prosthetic appliances, for such period as the nature of the injury may require or as necessary to reasonably restore the employee to his normal level of physical capacity or as necessary to give reasonable relief from pain, but shall not include any other phase of vocational rehabilitation. The obligation of the association to be responsible for hospital services as herein provided shall not be held to include any obligation on the part of the association to pay for medical, nursing or surgical services not ordinarily provided by hospitals as a part of their services.

Upon receipt thereof, the Board shall promptly analyze each notice of injury incurred by an injured employee covered under this law. If the Board concludes that vocational rehabilitation is indicated in any such case, it immediately shall take the necessary steps to inform the injured employee of the services and facilities available to him under the Texas Rehabilitation Commission and the Board immediately shall notify said Commission of such case. Recommendations of the Commission as to services and facilities shall be made after consultation by the Board with the physician or chiropractor furnishing medical aid or chiropractic services as required by this Section, who shall retain general supervision of treatment of the injured employee and, should the employee request it, the Board shall consult with a physician or chiropractor specially trained in such treatment. The Board may pay or co-operate with said Texas Rehabilitation Commission with reference to the work of said Commission in providing said services and facilities to injured employees covered under the provisions of this law.

Provided that any physician or chiropractor rendering medical or chiropractic care to any injured workman shall render an initial report as soon as practical identifying the injured workman and stating the nature and extent of the injury and thereafter shall render subsequent reports reasonably necessary to keep the status of the claimant's condition known. The reports are to be made to the Industrial Accident Board, the association, and the injured workman. The failure of the physician or chiropractor to make such reports shall relieve the association and the injured workman from any obligation to pay for the services rendered by the physician or chiropractor.

Sec. 7a. If it be shown that the employee is receiving medical aid, hospital services, chiropractic services, and medicines provided for by Section 7 hereof in such manner that there is reasonable ground for believing that the life, health or recovery of the employee is being endangered or impaired thereby, the Board may order a change in the physician, chiropractor or other requirements of said section after holding a hearing on the change. If the employee fails promptly to comply with such order after receiving it, the Board may relieve the association from its responsibility to pay for or alternatively furnish medical aid, hospital services, chiropractic services, and medicines until such time as the employee complies with the order of the Board.

Sec. 7b. All fees and charges under Sections 7 and 7a hereof shall be fair and reasonable, shall be subject to regulation of the Board and shall be limited to such charges as are reasonable for similar treatment of injured persons of a like standard of living where such treatment is paid for by the injured person himself or someone acting for him. In determining what fees are reasonable, the Board may also consider the increased security of payment afforded by this law. Where such medical aid, hospital service, chiropractic service or medicines are furnished by a public hospital or other institution, payment thereof shall be made to the proper authorities conducting the same, and the amount so paid shall be promptly reported to the Board.

Sec. 7c. All fees of attorneys for representing claimants before the Board under the pro-
visions of this law shall be subject to the approval of the Board. No attorneys' fees for representing claimants before the Board shall be allowed or approved against any party or parties not represented by such attorney, nor exceeding an amount equal to twenty-five per cent (25%) of the total recovery, in addition to the reasonable expenses incurred by the attorney in the preparation and presentation of the said claim before the Board, such expenses to be allowed by the Board. Where an attorney represents only a part of those interested in the allowance of a claim before the Board and his services in prosecuting such claim and obtaining an award there inures to the benefit of others jointly interested therein, then the Board may take these facts into consideration and allow the attorney a reasonable charge, to be assessed against the interest of those receiving benefits from the service of such attorney. The attorneys' fees herein provided for may be redeemed by the association by the payment of any amount or may be commuted by the agreement of the parties subject to the approval of the Board, but not until the claim represented by said attorney has been finally determined by the Board and recognized and accepted by the association. After the approval, as first above provided for, if the association be notified in writing of such claim or agreement for legal services, the same shall be a lien against any amount thereafter to be paid as compensation; provided, that where the employee's compensation is payable by the association in periodical installments, the Board shall fix at the time of approval the proportion of each installment to be paid on account of said legal services.

Artificial Appliances

Sec. 7-e. (a) In all cases where liability for compensation exists for an injury sustained by an employee in the course of his employment where artificial appliances of any kind would materially and beneficially improve the future usefulness and occupational opportunities of such injured employee, the association shall furnish such employee with the artificial appliance or appliances needed by him for such occupational opportunities and shall continue to furnish the needed artificial appliance or appliances until a satisfactory fit is obtained in the judgment of the attending physician or physicians. The association shall not be liable for replacing or repairing any artificial appliances so furnished. The cost of such artificial appliances so furnished to any such employee shall be in keeping with the salary or wages received by such employee.

(b) In the event the association shall fail or refused to furnish or provide such artificial appliances, such employee shall make application to the Board for such artificial appliances. On receipt of such application the Board shall order a medical examination of the employee and obtain such other evidence as in their opinion they may deem necessary after which the Board shall determine whether or not the artificial appliances would materially and beneficially improve the future usefulness and occupational opportunities of the injured employee and in the event they find that such improvement would exist, then the Board shall order the association to furnish the artificial appliances.

Death Benefit

Sec. 8. (a) If death results from the injury, the association shall pay the legal beneficiaries of the deceased employee a weekly payment equal to sixty-six and two-thirds per cent (66-%%) of the employee's average weekly wage, but not less than the minimum weekly benefit nor more than the maximum weekly benefit set forth in Section 29 of this article.

(b) The weekly benefits payable to the widower or widower of a deceased employee shall be continued until the death or remarriage of the beneficiary. In the event of remarriage a lump sum payment equal in amount to the benefits due for a period of two (2) years shall be paid to the widower or widower. The weekly benefits payable to a child shall be continued until the child reaches eighteen (18) years of age, or beyond such age if actually dependent, or until twenty-five (25) years of age if enrolled as a full-time student in any accredited educational institution. All other legal beneficiaries are entitled to weekly benefits for a period of three hundred and sixty (360) weeks.

(c) Upon the termination of the eligibility of any child to receive benefits, the portion of compensation paid to such child shall thereaf-
ter be paid to any remaining child or children entitled to benefits under the provisions of this Act. If there is no other eligible child then such benefits shall be added to those being paid to the surviving spouse entitled to receive benefits under the provisions of this Act.

(d) The benefits payable to a widow, widower, or children under this section shall not be paid in a lump sum except in events of remarriage or in case of bona fide disputes as to the liability of the association for the death. Any settlement of a disputed case shall be approved by the board or court only upon an express finding that a bona fide dispute exists as to such liability.

Upon settlement of all cases where the carrier admits liability for the death but a dispute exists as to the proper beneficiary or beneficiaries, the settlement shall be paid in periodic payments as provided by the law, with a reasonable attorney's fee not to exceed twenty-five per cent (25%) of the settlement. The attorney's fee shall be paid periodically and not in a lump sum.

Persons to Whom Death Benefits Payable; Exemptions; Distributions; Payments

Sec. 8a. The compensation provided for in the foregoing section of this law shall be for the sole and exclusive benefit of the surviving husband who has not, for good cause and for a period of three years prior thereto, abandoned his wife at the time of the injury, and of the wife who has not, at the time of the injury without good cause and for a period of three years prior thereto, abandoned her husband, and of the minor children, parents and stepmother, without regard to the question of dependency, dependent grandparents, dependent children, dependent grandchildren and dependent brothers and sisters of the deceased employee; and the amount recovered thereunder shall be the net for the debts of the deceased nor the debts of the beneficiary or beneficiaries and shall be distributed among the beneficiaries as may be entitled to the same as hereinbefore provided, according to the laws of descent and distribution of this State; provided, the right in such beneficiary or beneficiaries to recover compensation for death be determined by the facts that exist at the date of the death of the deceased and that said right be a complete, absolute and vested one.

Sec. 8b. In case death occurs as a result of the injury after a period of total or partial incapacity, for which compensation has been paid, the period of incapacity shall be deducted from the total period of compensation and the benefits paid thereunder from the maximum allowed for the death.

Funeral Expenses

Sec. 9. If the deceased employee leaves no legal beneficiaries, the association shall pay all expenses incident to his last sickness as a result of the injury, and in addition a funeral benefit not to exceed Five Hundred Dollars ($500).

If the deceased employee leaves a legal beneficiary or beneficiaries, and is buried at the expense of the beneficiary or beneficiaries, or is buried at the expense of his employer or any other person, the expense of such burial, not to exceed Five Hundred Dollars ($500), shall be payable without discount for present payment to the person or persons at whose expense the burial occurred, subject to the approval of the Board; and such burial expense, regardless of to whom it is paid, shall be in addition to the compensation due the beneficiary or beneficiaries of such deceased employee.

Total Incapacity

Sec. 10. While the incapacity for work resulting from the injury is total, the association shall pay the injured employee a weekly compensation equal to sixty-six and two-thirds per cent (66-2/3%) of his average weekly wages, but not more than the maximum weekly benefit nor less than the minimum weekly benefit set forth in Section 29 of this article, and in no case shall the period covered by such compensation be greater than four hundred and one (401) weeks from the date of injury.

Partial Incapacity

Sec. 11. While the incapacity for work resulting from the injury is partial, the association shall pay the injured employee a weekly compensation equal to sixty-six and two-thirds per cent (66-2/3%) of the difference between his average weekly wages before the injury and his average weekly wage earning capacity during the existence of such partial incapacity, but in no case more than the maximum weekly benefit set forth in Section 29 of this article. The period covered by such compensation shall be in no case greater than three hundred (300) weeks; provided that in no case shall the period of compensation for total and partial incapacity exceed four hundred and one (401) weeks from the date of injury. Compensation for all partial incapacity resulting from a general injury shall be computed in the manner provided in this Section, and shall not be computed on a basis of a percentage of disability.
Sec. 11a. In cases of the following injuries, the incapacity shall conclusively be held to be total and permanent, to wit:

1. The total and permanent loss of the sight of both eyes.
2. The loss of both feet at or above the ankle.
3. The loss of both hands at or above the wrist.
4. A similar loss of one hand and one foot.
5. An injury to the spine resulting in permanent and complete paralysis of both arms or both legs or of one arm and one leg.
6. An injury to the skull resulting in incurable insanity or imbecility.

In any of the above enumerated cases it shall be considered that the total loss of the use of a member shall be equivalent to and draw the same compensation during the time of such total loss of the use thereof as for the total and permanent loss of such member.

The above enumeration is not to be taken as exclusive but in all other cases the burden of proof shall be on the claimant to prove that his injuries have resulted in permanent, total incapacity.

Specific Compensation

Sec. 12. For the injuries enumerated in the following schedule the employee shall receive in lieu of all other compensation except medical aid, hospital services and medicines as elsewhere herein provided, a weekly compensation equal to sixty-six and two-thirds per cent (66½%) of the average weekly wages of such employee, but not less than the minimum weekly benefit per week nor exceeding the maximum weekly benefit set forth in Section 29 of this article, for the respective periods stated herein, to wit:

For the loss of a thumb, sixty-six and two-thirds per cent (66½%) of the average weekly wages during sixty (60) weeks.

For the loss of a first finger, commonly called the index finger, sixty-six and two-thirds per cent (66½%) of the average weekly wages during forty-five (45) weeks.

For the loss of a second finger, sixty-six and two-thirds per cent (66½%) of the average weekly wage during thirty (30) weeks.

For the loss of a third finger, sixty-six and two-thirds per cent (66½%) of the average weekly wages during twenty-one (21) weeks.

For the loss of a fourth finger, commonly known as the little finger, sixty-six and two-thirds per cent (66½%) of the average weekly wages during fifteen (15) weeks.

The loss of the second or distal phalange of the thumb shall be considered to be equal to the loss of one-half (½) of such thumb; the loss of more than one-half (½) of such thumb shall be considered to be equal to the loss of the whole thumb.

The loss of the third or distal phalange of any finger shall be considered to be equal to the loss of one-third (⅓) of such finger.

The loss of more than the middle and distal phalange of any finger shall be considered to be equal to the loss of the whole finger, provided that in no case shall the amount received for the loss of a thumb and more than one (1) finger on the same hand exceed the amount provided in this schedule for the loss of a hand.

For the loss of the metacarpal bone (bone or palm) for the corresponding thumb, finger or fingers above, add ten (10) weeks to the number of weeks as above subject to the limitation that in no case shall the amount received for the loss of a thumb and more than one (1) hand be more than for the loss of the hand.

For ankylosis (total stiffness) of or contracture (due to scars or injuries) which make the fingers useless, the same number of weeks shall apply to such finger or fingers or parts of fingers (not thumb) as given above.

For the loss of a hand, sixty-six and two-thirds per cent (66½%) of the average weekly wage during one hundred and fifty (150) weeks.

For the loss of an arm at or above the elbow, sixty-six and two-thirds per cent (66½%) of the average weekly wage during two hundred (200) weeks.

For the loss of one (1) of the toes other than the great toe, sixty-six and two-thirds per cent (66½%) of the average weekly wages during ten (10) weeks.

For the loss of the great toe, sixty-six and two-thirds per cent (66½%) of the average weekly wages during thirty (30) weeks.

The loss of more than two-thirds of any toe shall be considered to be equal to the loss of the whole toe.

The loss of less than two-thirds of any toe shall be considered to be equal to the loss of one-half (½) of the toe.

For the loss of a foot, sixty-six and two-thirds per cent (66½%) of the average weekly wages during one hundred and twenty-five (125) weeks.

For the loss of a leg, at or above the knee, sixty-six and two-thirds per cent (66½%) of the average weekly wages during two hundred (200) weeks.

For the total and permanent loss of the sight of one (1) eye, sixty-six and two-thirds per cent (66½%) of the average
weekly wages during one hundred (100) weeks.

In the foregoing enumerated cases of permanent, partial incapacity, it shall be considered that the permanent loss of the use of a member shall be equivalent to and draw the same compensation as the loss of that member.

For the complete and permanent loss of the hearing in both ears, sixty-six and two-thirds per cent (66-²/₃%) of the average weekly wages during one hundred and fifty (150) weeks.

For the loss of an eye and leg above the knee, sixty-six and two-thirds per cent (66-²/₃%) of the average weekly wages during a period of three hundred and fifty (350) weeks.

For the loss of an eye and an arm above the elbow, sixty-six and two-thirds per cent (66-²/₃%) of the average weekly wages during a period of three hundred and fifty (350) weeks.

For the loss of an eye and a hand, sixty-six and two-thirds per cent (66-²/₃%) of the average weekly wages during a period of three hundred and twenty-five (325) weeks.

For the loss of an eye and a foot, sixty-six and two-thirds per cent (66-²/₃%) of the average weekly wages during a period of three hundred (300) weeks.

Where the employee sustains concurrent injuries resulting in concurrent incapacities, he shall receive compensation only for the injury which produces the longest period of incapacity; but this Section shall not affect liability for the concurrent loss or the loss of the use thereof of more than one (1) member, for which member compensation is provided in this schedule, which shall be in lieu of all other compensation in such cases.

In all cases of permanent partial incapacity it shall be considered that the permanent loss of the use of the member is equivalent to, and shall draw the same compensation as the loss of that member; but the compensation in and by said schedule provided shall be in lieu of all other compensation in such cases.

In all other cases of partial incapacity, including any disfigurement which will impair the future usefulness or occupational opportunities of the injured employee, compensation shall be determined according to the percentage of incapacity, taking into account among other things any previous incapacity, the nature of the physical injury or disfigurement, the occupation of the injured employee, and the age at the time of the injury. The compensation paid therefor shall be calculated by first determining a basic figure amounting to sixty-six and two-thirds per cent (66-²/₃%) of the average weekly wages of the employee, but which basic figure shall not exceed the maximum weekly benefit set forth in Section 29 of this article; such basic figure shall then be multiplied by the percentage of incapacity caused by the injury, and the result shall be the weekly compensation which shall be paid for such period not exceeding three hundred (300) weeks as the Board may determine. Whenever the weekly payments under this paragraph would be less than Three Dollars ($3) per week, the period may be shortened, and the payments correspondingly increased by the Board.

Injured Employé, Refusal of Employment

Sec. 12a. If the injured employé refuses employment reasonably suited to his incapacity and physical condition, procured for him in the locality where injured or at a place agreeable to him, he shall not be entitled to compensation during the period of such refusal, unless in the opinion of the board such refusal is justifiable. This section shall not apply in cases of specific injuries for which a schedule is fixed by this law.

Hernia

Sec. 12b. In all claims for hernia resulting from injury sustained in the course of employment, it must be definitely proven to the satisfaction of the board:

1. That there was an injury resulting in hernia.
2. That the hernia appeared suddenly and immediately following the injury.
3. That the hernia did not exist in any degree prior to the injury for which compensation is claimed.
4. That the injury was accompanied by pain.

In all such cases where liability for compensation exists, the association shall provide competent surgical treatment by radical operation. In case the injured employé refuses to submit to the operation, the board shall immediately order a medical examination of such employé by a physician or physicians of its own selection at a time and place to be named by the association, or either of them, shall have the right to have his or their physician present. The physician or physicians so selected shall make to the board a written report, signed and sworn to, setting forth the facts developed at such examination and giving his or their opinion as to the advisability or non-advisability of an operation. If it be shown to the board by such examination and such report thereof and the expert opinions thereon that the employé has any chronic disease or is otherwise in such physical condition as to render it more than ordinarily unsafe to submit to such operation he shall, if unwilling to submit to the operation, be entitled to compensation for incapacity under the general provisions of this law. If the examination and the written report thereof and the expert opinions thereon then on file before the board do not show to the board the existence of disease or other physical condition...
rendering the operation more than ordinarily unsafe and the board shall unanimously so find and so reduce its findings to writing and file the same in the case and furnish the employé and the association with a copy of its findings, then if the employé with the knowledge of the result of such examination, such report, such opinions and such findings, thereafter refuses to submit within a reasonable time, which time shall be fixed in the findings of the board, to such operation, he shall be entitled to compensation for incapacity under the general provisions of this law for a period not exceeding one year.

If the employé submits to the operation and the same is successful, which shall be determined by the board, he shall in addition to the surgical benefits herein provided for be entitled to compensation for incapacity under the general provisions of this law for a period not exceeding one year.

If the hernia results in death within one year after it is sustained, or the operation results in death, such death shall be held a result of the injury causing such hernia and compensated accordingly under this law. This paragraph shall not apply where the employé has wilfully refused to submit to an operation which has been found by the examination herein provided for not to be more than ordinarily unsafe.

Subsequent injury; Second Injury Fund

Sec. 12c. If an employee who has suffered a previous injury shall suffer a subsequent injury which results in a condition of incapacity to which both injuries or their effects have contributed, the association shall be liable for all compensation provided by this Act, but said association shall be reimbursed from the “Second Injury Fund” as hereinafter described, to the extent that the previous injury contributes to the combined incapacity.

Permanent and Total Incapacity Through Loss of or Loss of Use of, Another Member or Organ

Sec. 12c-1. If an employee who has previously lost, or lost the use of, one hand, one arm, one foot, one leg, or one eye, becomes permanently and totally incapacitated through the loss or loss of use of another member or organ, the association shall be liable for all compensation provided by this Act, not to exceed 401 weeks, but said association shall be reimbursed from the “Second Injury Fund,” as hereinafter described, to the extent that its payment exceeds the amount due for the second injury as above set out. In order to qualify for reimbursement from the “Second Injury Fund” under this section, the association must file its claim with the Industrial Accident Board within 180 days following date of injury, together with evidence of its payment of all compensation provided by this Act, and such payment shall be calculated in the same manner in which the payment of compensation herein provided for is calculated.

Second Injury Fund; How Created

Sec. 12c-2. The special fund known as the “Second Injury Fund” shall be created in the following manner:

(a) In every case of the death of an employee under this Act where there is no person entitled to compensation surviving said employee, the association shall pay to the Industrial Accident Board the full death benefits, but not to exceed 360 weeks of compensation, as provided in Section 4, of Article 8306, Revised Civil Statutes of Texas, 1925, as amended, to be deposited with the Treasurer of the State for the benefit of said Fund and the Board shall direct the distribution thereof.

(b) When the total amount of all such payments into the Fund, together with the accumulated interest thereon, equals or exceeds Two Hundred Fifty Thousand Dollars ($250,000) in excess of existing liabilities, no further payments shall be required to be paid to said Fund; but whenever thereafter the amount of such Fund shall be reduced below One Hundred Twenty-Five Thousand Dollars ($125,000) by reason of payments from such Fund, the payments to such Fund shall be resumed forthwith, and shall continue until such Fund again amounts to Two Hundred Fifty Thousand Dollars ($250,000) including accumulated interest thereon.

Change of Condition, Mistake or Fraud; Review

Sec. 12d. Upon its own motion or upon the application of any person interested showing a change of condition, mistake or fraud, the Board at any time within the compensation period, may review any award or order, ending, diminishing or increasing compensation previously awarded, within the maximum and minimum provided in this Law, or change or revoke its previous order denying compensation, sending immediately to the parties a copy of its subsequent order or award. Provided, when such previous order has denied compensation, application to review same shall be made to the Board within twelve months after its entry, and not afterward. Review under this Section shall be only upon notice to the parties interested.
Sec. 12e. In all cases where liability for compensation exists for an injury sustained by an employe in the course of his employment and a surgical operation for such injury will effect a cure of the employe or will materially and beneficially improve his condition, the association or the employe may demand that a surgical operation be had upon the employe as herein provided, and the association shall provide and pay for all necessary surgical treatment, medicines and hospital services incident to the performance of said operation, provided the same is had. In case either of said parties demands in writing to the board such operation, the board shall immediately order a medical examination of the employe in the same manner as is provided for in the section of this law relating to hernia. If it be shown by the examination, report of facts and opinions of experts, all reduced to writing and filed with the board, that such operation is advisable and will relieve the condition of the injured employe or will materially benefit him, the board shall so state in writing and upon unanimous order of said board in writing, a copy of which shall be delivered to the employe and the association, shall direct the employe at a time and place therein stated to submit himself to an operation for said injury. If the board should find that said operation is not advisable, then the employe shall continue to be compensated for his incapacity under the general provisions of this law. If the board shall unanimously find and so state in writing that said operation is advisable, it shall make its order to that effect, stating the time and place when and where such operation is to be performed, naming the physicians therein who shall perform said operation, and if the employe refuses to submit to such operation, the board may order or direct the association to suspend the whole or any part of his compensation during the time of said period of refusal. The results of such operation, the question as to whether the injured employe shall be required to submit thereto and the benefits and liabilities arising therefrom shall attach, be treated, handled and determined by the board in the same way as is provided in the case of hernia in this law.

Physicians or Chiropractors Employed by Subscriber or Association

Sec. 12f. In all cases where a subscriber or the association has in his or its employ a physician or physicians, a chiropractor or chiropractors, regularly paid in any manner whatsoever by such subscriber or association to administer to or treat injured employees, the name or names of such physicians or chiropractors at the date of employment of the same shall be filed with the Board together with a copy of the contract of such employment. If the contract of such physician or physicians, chiropractor or chiropractors is not in writing, then the same shall be reduced to writing and a copy thereof filed with the Board. Such contract shall state fully the extent and scope of the employment and the compensation to be paid such physicians or chiropractors. If the association or subscriber willfully fails or refuses to comply with this provision of this law, then an injured employee or any person acting for him shall have the right to provide hospital services, chiropractic services, optical aids and medicine for said injured employee, at the expense of and the same shall be charged to the association, and the subscriber or association shall notify the employee at or before the time of injury what physician or physicians, chiropractor or chiropractors are contracted with to attend and render professional services to his or its employees.

Insurance Premiums

Sec. 12g. It shall be unlawful for any subscriber or any employer who seeks to comply with the provisions of this law to either directly or indirectly collect any premiums by any means or pretense whatever any premium under this law or part thereof paid or to be paid upon any policy of such insurance under this law which covers such employes, or any intended policy of such insurance designed to cover such employes. If any such subscriber or any employer of labor in this State violates this provision of this law, then any employer or the legal beneficiary of any employer of such subscriber or employer or subscriber shall be entitled to all the benefits of this law and in addition thereto shall have a separate right of action to recover damages against such employer without regard to the compensation paid or to be paid to such employee or beneficiary under this law. The association shall in no wise be responsible because of such separate action by such employe or beneficiary against such employer on such separate cause of action.

Indemnity or Insurance Contracts

Sec. 12h. Every contract or agreement of an employer, the purpose of which is to indemnify him from loss or damage on account of the injury of an employe by accidental means or on account of the negligence of such employer or his officer, agent or servant, shall be absolutely void unless it also covers liability for the payment of the compensation provided for by this law. This section shall not apply to employers of labor who are not eligible under the terms hereof to become subscribers thereto, nor to employers whose employes have elected to reject the provisions of this law, nor to employers eligible to come under the terms of this law who do not elect to do so, but who choose to carry insurance upon their employes independently of this law and without attempting in such insurance to provide compensation under the terms of this law. Any evasion of this section whereby an insurance company shall undertake, under the guise of writing insurance against the risk of the employers who do not see proper to come under this law, to provide this insurance substantially or in any material respect similar to the insurance provided for by this law shall render such insurance void as provided for in this section.
Art. 8306

Minors

Sec. 121. If it be established that the injured employee were a minor when injured and that under normal condition his wages would be expected to increase, that fact may be considered in arriving at his average weekly wages, and compensation may be fixed accordingly.

A minor who has been employed in any hazardous or other employment which is prohibited by any Statute of this State, shall nevertheless be entitled to receive compensation under the terms and provisions of this Act; provided, that this Section shall not be construed to excuse or justify any person, firm or corporation employing or permitting to be employed a minor in any hazardous or other employment prohibited by any Statute of this State.

Sec. 15. In cases where death or incapacity in any degree results from an injury, the liability of the association may be redeemed by the payment of a lump-sum by agreement of the parties thereto subject to the approval of the Industrial Accident Board. Where in the judgment of the Board manifest hardship and injury would otherwise result, the Board may compel the association to redeem the liability by payment of the award of the Board in a lump-sum by agreement of the parties thereto subject to the approval of the board, commute all future installments of compensation payable to alien beneficiaries, not residents of the United States, by paying to such alien beneficiaries the sum agreed upon and filing receipts therefor with the board.

Increase of Weekly Compensation

Sec. 15a. In any case where compensation is payable weekly at a definite sum and for a definite period, and it appears to the Board that the amount of compensation being paid is inadequate to meet the necessities of the employee or beneficiary, the Board shall have the power to increase the amount of compensation by correspondingly decreasing the number of weeks for which the same is to be paid, allowing discount for present payment at the rate of four (4%) per cent, compounded annually, provided that in no case shall the amount to which it is increased exceed the amount of the average weekly wages upon which the compensation is based; provided it is not intended hereby to prevent lump-sum settlement when approved by the Board.

The provisions of this section shall also apply to compensation which is payable under any law enacted pursuant to Section 59, Section 60, or Section 61 of Article III of the Constitution of Texas.

Death, Survival of Cause of Action

Sec. 16. In all cases of injury resulting in death, where such injury was sustained in the course of employment, cause of action shall survive.

Non-resident and Resident Alien Beneficiaries

Sec. 17. Non-resident alien beneficiaries and resident alien beneficiaries shall be entitled to compensation under this law. Non-resident alien beneficiaries may be officially represented by the consular officers of the nation of which such alien or aliens may be citizens or subjects, and in such cases the consular officers shall have the right to receive for distribution for such non-resident alien beneficiaries all compensation awarded hereunder, and the receipt of such consular officers shall be a full discharge of all sums paid to and received by them. The association may at any time, subject to the approval of the board, commute all future installments of compensation payable to alien beneficiaries, not residents of the United States, by paying to such alien beneficiaries the sum agreed upon and filing receipts therefor with the board.

Weekly Compensation; Non-payment; Forfeiture or Revocation of Association's License

Sec. 18. It is the purpose of this law that the compensation herein provided for shall be paid from week to week and as it accrues and directly to the person entitled thereto, unless the liability is redeemed as in such cases provided elsewhere herein. If the association willfully fails or refuses to pay compensation as and when the same matures and accrues, the board shall notify said association that such is the course it is pursuing. If after such notice the association continues to willfully refuse and fail to meet these payments of compensation as provided for in this law, the board shall have the power to hold that such association is not complying with the provisions of this law, and shall certify such fact to the Commissioner of Insurance, and said certificate shall be sufficient cause to justify said Commissioner to revoke or forfeit the license or permit of such association to do business in Texas; provided, said power of the board shall not be held to deny the association the right to bring suit or suits to set aside any ruling, order or decision of the board.

Injuries Sustained Outside State; Venue

Sec. 19. If an employee, who has been hired in this State, sustains injury in the course of his employment he shall be entitled to compen-
sation according to the Law of this State even though such injury was received outside of the State, and that such employee, though injured out of the State of Texas, shall be entitled to the same rights and remedies as if injured within the State of Texas, except that in such cases of injury outside of Texas, the suit of either the injured employee or his beneficiaries, or of the Association, to set aside an award of the Industrial Accident Board of Texas, or to enforce it, as mentioned in Article 8307, Sections 5-5a, shall be brought either

a. In the county of Texas where the contract of hiring was made; or
b. In the county of Texas where such employee or his beneficiaries or any of them reside when the suit is brought, or
c. In the county where the employee or the employer resided when the contract of hiring was made, as the one filing such suit may elect.

Providing that such injury shall have occurred within one year from the date such injured employee leaves this State; and provided, further, that no recovery can be had by the injured employee hereunder in the event he has elected to pursue his remedy and recovers in the state where such injury occurred.

"Injury" or "Personal Injury", and "Occupational Disease" Defined; Ordinary Diseases

Sec. 20. Wherever the terms "Injury" or "Personal Injury" are used in the Workmen's Compensation Laws of this State, such terms shall be construed to mean damage or harm to the physical structure of the body and such diseases or infections as naturally result therefrom. The terms "Injury" and "Personal Injury" shall also be construed to mean all included "Occupational Diseases," as hereinafter defined. Whenever the term "Occupational Disease" is used in the Workmen's Compensation Laws of this State, such term shall be construed to mean any disease arising out of and in the course of employment which causes damage or harm to the physical structure of the body and such other diseases or infections as naturally result therefrom. An "Occupational Disease" shall also include damage or harm to the physical structure of the body occurring as the result of repetitious physical traumatic activities extending over a period of time and arising in the course of employment; provided, that the date of the cumulative injury shall be the date disability was caused thereby. Ordinary diseases of life to which the general public is exposed outside of the employment shall not be compensable, except where such diseases follow as an incident to an "Occupational Disease" or "Injury" as defined in this section.

False Representations as to Previous Disease

Sec. 21. If the employee, at the time of his employment, willfully and falsely represents in writing that he has not previously been afflicted with the occupational disease which is the cause of incapacity or death, no compensation shall be payable.

Aggravation of Previously Existing Diseases

Sec. 22. Where an occupational disease is aggravated by any other non-compensable disease or infirmity, or where incapacity or death from any other non-compensable cause, is aggravated, prolonged, accelerated or in anywise contributed to by an occupational disease, the number of weeks of compensation payable by the Association shall be reduced and limited to such proportion only of the total number of weeks of compensation that would be payable if the occupational disease were the sole cause of the incapacity or death, as such occupational disease, as a causative factor, bears to all the causes of such incapacity or death, such reduction in compensation to be effected by reducing the number of weekly payments of compensation for which the Association is liable.

Retroactive Effect of Statute

Sec. 23. The provisions of this Act do not apply to cases of incapacity or death resulting from a disease in which the last injurious exposure to the hazards of such disease occurred before the date on which this Act takes effect.

Employer, Who Deemed

Sec. 24. Where compensation is payable for an occupational disease, the employer in whose employ the employee was last injuriously exposed to the hazards of such disease occurred before the date on which this Act takes effect shall be deemed the employer within the meaning of the Act.

Workmen's Compensation Fund

Sec. 28. There is hereby established as a special fund, separate and apart from all public monies or funds of this state, a Workmen's Compensation Fund which shall be used by the Board for the purpose of paying costs of the administration of the law, in addition to amounts appropriated by the Legislature of the State of Texas. The State Treasurer shall be the treasurer and custodian of the fund. He shall administer such fund in accordance with the directions of the Board, and the Comptroller shall issue warrants upon it in accordance with the directions of the Board. In addition to all other taxes now being paid, each stock company, mutual company, reciprocal, or inter-insurance exchange or Lloyds Association writing Workmen's Compensation insurance in this state, shall pay annually into the State Treasury, for the use and benefit of the Workmen's Compensation Fund, an amount equal to one-fourth (¼) of one percent (1%) of gross premiums collected by such company or association during the preceding year under workmen's compensation policies written by such companies or associations covering risks in this state according to the reports made to the Board of Insurance Commissioners as required by law. Said amount shall be collected at the
same time and in the same manner as provided by law for the collection of taxes on gross premiums of such workmen's compensation insurance carriers. All self-insurers under any of the Workmen's Compensation Acts of the State of Texas shall report to the State Board of Insurance the total amount of their medical and indemnity costs for the previous year and pay a like amount of tax as provided above on said total amount of medical and indemnity costs. The Industrial Accident Board is herein authorized and directed to decrease the amount of tax herein provided for any year if the revenue received from House Bill 686, 62nd Legislature, 1971, produces sufficient revenue to pay the appropriations authorized the Industrial Accident Board by the Legislature for that year. Failure to make any report required by this Section shall be punishable by fine not to exceed one thousand ($1000) Dollars and failure to pay any tax within thirty (30) days after same is due under this Section shall be punishable by a penalty of ten percent (10%) of the amount, and shall be recovered by the Attorney General in a suit brought by him in the name of the State of Texas and such penalties when collected shall be deposited in the State Treasury for the use and benefit of the Workmen's Compensation Fund.

Maximum and Minimum Weekly Benefits

Sec. 29. (a) After August 31, 1973, and before September 1, 1974, the maximum weekly benefit shall be Sixty-three Dollars ($63) and the minimum weekly benefit shall be Fifteen Dollars ($15).

(b) After August 31, 1974, the maximum weekly benefit shall be Seventy Dollars ($70) and the minimum weekly benefit shall be Sixteen Dollars ($16).

(c) If the annual average of the manufacturing production workers average weekly wage in Texas exceeds by Ten Dollars ($10) the average weekly wage for those workers in 1974 as determined by the Texas Employment Commission and published in its report, "The Average Weekly Wage," the maximum weekly benefit shall be increased by Seven Dollars ($7) and the minimum weekly benefit shall be increased by One Dollar ($1) above the amounts specified in Subsection (b) of this section beginning with the commencement of the state fiscal year following the publication of the report. Thereafter, each additional Ten Dollar ($10) increase in the average weekly wage for manufacturing production workers in Texas as annually determined and reported by the Texas Employment Commission shall increase the maximum weekly benefit by an additional Seven Dollars ($7) and the minimum weekly benefit by an additional One Dollar ($1) beginning with the commencement of the state fiscal year following the publication of the report.}

Section 1 of Acts 1969, 61st Leg., p. 48, ch. 18, provided: "This Act shall be entitled "The Workmen's Compensation Administrative Referral Bill." The purpose of this Act is to provide prompt and fair workmen's compensation payments for injured workers; to minimize the expense and delay of court action and the resultant drain on the resources of the claimant; to provide for equitable administration of the law with the goal of channeling the largest possible amount of the premium dollar into the pocket of the injured worker."

Sections 2 to 8 of the act of 1969 amended secs. 70, 71, 106, 111, 12 to 15 and 12c-5 of this article; sections 9 and 10 amended art. 3507, §§ 3, 10; section 11 amended art. 3809, § 4; and section 12 amended art. 3809a.

As respects claims for injury sustained prior to the effective date of this Act, no inchoate, vested, marked, existing or other right, remedy, powers, duties, or authority, either of any employee or legal beneficiary, or of the Board, or of the association, or of any other person shall be in any way affected by any of the amendments or repeal herein made to the original law hereby amended or repealed, but all such rights, remedies, powers, duties, and authority shall remain and be in force under the original law just as if the amendments or repeals hereby adopted had never been made, and to that end it is hereby declared that as regards such injuries occurring prior to the effective date of this Act, said original law is not repealed, but the same is, and shall remain in full force and effect in all respects a new enactment."

As respects claims for injury sustained prior to the effective date of this Act, no inchoate, vested, marked, existing or other right, remedy, powers, duties, or authority, either of any employee or legal beneficiary, or of the Board, or of the association, or of any other person shall be in any way affected by any of the amendments or repeal herein made to the original law hereby amended or repealed, but all such rights, remedies, powers, duties, and authority shall remain and be in force under the original law just as if the amendments or repeals hereby adopted had never been made, and to that end it is hereby declared that as regards such injuries occurring prior to the effective date of this Act, said original law is not repealed, but the same is, and shall remain in full force and effect in all respects a new enactment. As respects claims for injury sustained prior to the effective date of this Act, no inchoate, vested, marked, existing or other right, remedy, powers, duties, or authority, either of any employee or legal beneficiary, or of the Board, or of the association, or of any other person shall be in any way affected by any of the amendments or repeal herein made to the original law hereby amended or repealed, but all such rights, remedies, powers, duties, and authority shall remain and be in force under the original law just as if the amendments or repeals hereby adopted had never been made, and to that end it is hereby declared that as regards such injuries occurring prior to the effective date of this Act, said original law is not repealed, but the same is, and shall remain in full force and effect in all respects a new enactment.
Sec. 5. If any section, paragraph or provision of this Act be declared unconstitutional or invalid for any reason, nothing therein shall not in any manner affect the remaining sections, paragraphs or provisions of this Act, but the same shall remain in full force and effect.

Sec. 6. All laws or parts of laws in conflict herewith are expressly repealed to the extent of such conflict.

Sections 2 to 4 of Acts 1971, 62nd Leg., p. 838, ch. 372, provided:

Sec. 2. As respects claims for injury sustained prior to the effective date of this Act, no inchoate, vested, matured, existing or other rights, remedies, powers, duties, or authority, either of any employee or legal beneficiary, or of the Board, or of the association, or of any other person shall be in any way affected by any of the amendments or repeal herein made to the original law hereby amended or repealed, but all such rights, remedies, powers, duties, and authority shall remain and be in force as under the original law just as if the amendments or repeals hereby adopted had never been made, and to that end it is hereby declared that as respects such injuries occurring prior to the effective date of this Act, said original law is not repealed, but the same is, and shall remain in full force and effect as to all such rights, remedies, powers, duties, and authority; and further that an amendment is a continuation thereof, and only in other respects a new enactment.

Sec. 3. Art. 8307

Sec. 3. The Board may appoint a Secretary, pre-hearing officers and other employees as may be necessary to properly administer this Act. It shall also be allowed a reasonable sum, the amount to be determined by the Legislature, for pre-hearing officers, clerical and other services, office equipment, traveling expenses and all other expenses necessary.

Sec. 4. The Board may make rules not inconsistent with this law for carrying out and enforcing its provisions, and may require any employee claiming to have sustained injury to submit himself for examination before such Board or someone acting under its authority at some reasonable time and place within the State, and as often as may be reasonably ordered by the Board to a physician or physicians, a chiropractor or chiropractors authorized to practice under the laws of this State. If the employee or the association requests, he or it shall be entitled to have a physician or physicians, chiropractor or chiropractors of his or its own selection present to participate in such examination. Refusal of the employee to submit to such examination shall deprive him of his right to compensation during the continuance of such refusal. When a right to compensation is thus suspended no compensation shall be payable in respect to the period of suspension. If any employee shall persist in insanitary or injurious practices which tend to either imperil or retard his recovery, or shall refuse to submit to such medical or surgical treatment, chiropractic service or other remedial treatment recognized by the State, as is reasonably essential to promote his recovery, the board may in its discretion order or direct the association to reduce or suspend compensation of any such injured employee. No compensation shall be reduced or suspended under the terms of this Section without reasonable notice to the employee and an opportunity to be heard.

When authorized by the Board, the Association shall have the privilege of having any injured employee examined by a physician or physicians, chiropractor or chiropractors of its own selection, at reasonable times, at a place or places suitable to the condition of the injured employee and convenient and accessible to him. The Association shall pay for such examination and the reasonable expense incident to the injured employee in submitting thereto. The injured employee shall have the privilege to have a physician or chiropractor of his own selection present to participate in such examination. Provided, when such examination is directed by the Board at the request of the Association, the Association shall pay the fee of the physician or chiropractor selected by the employee, such fee to be fixed by the Board.

Process and procedure shall be as summary as may be under this law. The Board or any member thereof shall have the power to subpoena witnesses, administer oaths, inquire into matters of fact, examine such parts of the books and records of the parties to a proceeding as relate to questions in dispute, punish for contempt, imprison, or impose a fine in the same extent as a District Court may do, and to bar persons guilty of unethical or fraudulent conduct from practicing before the Board. All rulings and decisions of the board relating to disputed claims shall be upon questions of fact and in accord with the provisions of this law.

Notice of Injury; Claim for Compensation

Sec. 4a. Unless the Association or subscriber have notice of the injury, no proceeding for compensation for injury under this law shall be maintained unless a notice of the injury shall have been given to the Association or subscriber within thirty (30) days after the happening of an injury or the first distinct manifestation of an occupational disease, and unless a claim for compensation with respect to such injury shall have been made within six (6) months after the occurrence of the injury or of the first distinct manifestation of an occupational disease; or, in case of death of the employee or in the event of his physical or mental incapacity, within six (6) months after death or the removal of such physical or mental incapacity. For good cause the Board may, in meritorious cases, waive the strict compliance with the foregoing limitations as to notice, and the filing of the claim before the Board.

Determination of Questions; Suit to Set Aside Final Ruling and Decision; Revocation of Association's License

Sec. 5. All questions arising under this law, if not settled by agreement of the parties interested therein and within the provisions of this law, shall, except as otherwise provided, be determined by the Board. Any interested party who is not willing and does not consent to abide by the final ruling and decision of said Board shall, within twenty (20) days after the rendition of said final ruling and decision by said Board, file with said Board notice that he will not abide by said final ruling and decision. And he shall within twenty (20) days after giving such notice bring suit in the county where the injury occurred to set aside said final ruling and decision, and said Board shall proceed no further toward the adjustment of such claim, other than heretofore provided. In all cases of occupational diseases, for the purpose of determining venue when an appeal is effected to set aside the final ruling and decision of the Board, suit shall be brought in a court of competent jurisdiction in the said county in which the employee was last exposed to the disease alleged, prior to the manifestation of the disease, or death therefrom, or in the county in which the adverse party resides or has a permanent place or business, or by agreement of the parties in a court of competent jurisdiction in any county in this state.
Whenever such suit is brought, the rights and liability of the parties thereto shall be determined by the provisions of this law, and the suit of the injured employee or person suing on account of the death of such employee shall be against the Association, if the employer of such injured or deceased employee at the time of such injury or death was a subscriber as defined in this law. If the final order of the Board is against the Association, then the Association and not the employer shall bring suit to set aside said final ruling and decision of the Board, if it so desires, and the court shall in either event determine the issues in such cause, instead of the Board, upon trial de novo, and the burden or proof shall be upon the party claiming compensation. The Industrial Accident Board shall furnish any interested party claiming compensation. The Industrial Association and not the employer shall bring suit and the burden or proof shall be upon the party in said claim pending in court, upon request, free of charge, with a certified copy of the notice of the employer becoming a subscriber, filed with the Board, and the same when properly certified to shall be admissible in evidence in any court in this state upon trial of such claim therein pending, and shall be prima facie proof of all facts stated in such notice in the trial of said cause unless same is denied under oath by the opposing party therein. In case of recovery, the same shall not exceed the maximum compensation allowed under the provisions of this law. If any party to such final ruling and decision of the Board, after having given notice as above provided, fails within said twenty (20) days to institute and prosecute a suit to set the same aside, then said final ruling and decision shall be binding upon all parties thereto; and, if the same is against the Association, it shall at once comply with such final ruling and decision; and failing to do so, the Board shall certify the fact to the Commissioner of Insurance, and such certificate shall be sufficient cause to justify said Commissioner to revoke or forfeit the license or permit of such Association to do business in Texas.

Notwithstanding any other provision of this law, as amended, no award of the Board, and no judgment of the court, having jurisdiction of a claim against the association for the cost or expense of items of medical aid, hospital services, nursing, chiropractic services, medicines or prosthetic appliances furnished to an employee under circumstances creating a liability therefor on the part of the association under the provisions of this law, shall include in such award or judgment any cost or expense of any such items not actually furnished to and received by the injured employee prior to the date of said award or judgment. The first such final award or judgment rendered on such claim shall be res judicata of the liability of the association for all such cost or expense which could have been claimed up to the date of said award or judgment and of the issue that the injury of said employee is subject to the provisions of this law with respect to such items, but shall not be res judicata of the obligation of the association to furnish or pay for any such items after the date of said award or judgment. After the first such final award or judgment, the Board shall have continuing jurisdiction in the same case to render successive awards to determine the liability of the association for the cost or expense of any such items actually furnished to and received by said employee not more than six (6) months prior to the date of each such successive award, until the association shall have fully discharged its obligation under this law to furnish all such medical aid, hospital services, nursing, chiropractic services, medicines or prosthetic appliances to which said employee may be entitled; provided, each such successive award of the Board shall be subject to a suit to set aside said award by a court of competent jurisdiction, in the same manner as provided in the case of other awards under this law.

1 So in enrolled bill. Probably should be “of”.

Rights and Remedies of Claimant

Sec. 5a. In all cases where the board shall make a final order, ruling or decision as provided in the preceding section and against the association, and the association shall fail and refuse to obey or comply with the same and shall fail or refuse to bring suit to set the same aside as in said section is provided, then in that event, the claimant in addition to the rights and remedies given him and the board in said section may bring suit where the injury occurred, upon said order, ruling or decision. If he secures a judgment sustaining such order, ruling or decision in whole or in part, he shall also be entitled to recover the further sum of twelve per cent as damages upon the amount of compensation so recovered in said judgment, together with a reasonable attorney's fee for the prosecution and collection of such claim.

Where the board has made an award against an association requiring the payment to an injured employee or his beneficiaries of any weekly or monthly payments, under the terms of this law, and such association should thereafter fail or refuse, without justifiable cause, to continue to make said payments promptly as they mature, then the said injured employee or his beneficiaries, in case of his death, shall have the right to mature the entire claim to institute suit thereon to collect the full amount thereof, together with twelve per cent penalties and attorney's fees, as herein provided for. Suit may be brought under the provisions of this section, either in the county where the accident occurred, or in any county where the claimants reside, or where one or more of such claimants may have his place of residence at the time of the institution of the suit.

Sec. 5b. In computing the twenty (20) days for the filing with the Board notices of unwillingness to abide by the final ruling and deci-

of the Board, and likewise in computing the twenty (20) days to institute a suit to set aside the final ruling of said Board, if the last day is a legal holiday or is Sunday, then, and in such case, such last day shall not be counted, and the time shall be and the same is hereby extended so as to include the next succeeding business day; but this provision shall not extend to or include any cases now filed or now pending in the trial court or on appeal from the trial court; the rights of the parties in such suits now pending or on appeal from the trial courts shall be determined by the law existing prior to the passage of this Act.

Sec. 6a. Where the injury for which compensation is payable under this law was caused under circumstances creating a legal liability in some person other than the subscriber to pay damages in respect thereof, the employee may proceed either at law against that person to recover damages or against the association for compensation under this law, and if he proceeds at law against the person other than the subscriber, then he shall not be held to have waived his rights to compensation under this law. If the claimant is a beneficiary under the death benefits provisions of Section 8a, Article 8306, Revised Civil Statutes of Texas, 1925, as amended, a judgment shall not constitute an election but the amount of such recovery shall first pay costs and attorney's fees and then reimburse the association, and if there be any excess it shall be paid to the beneficiaries in the same ratio as they received death benefits and the association shall suspend further payments of benefits until the suspended benefits shall equal the amount of such excess at which time benefits shall be resumed. If compensation be claimed under this law by the injured employee or his legal beneficiaries, then the association shall be subrogated to the rights of the injured employee, and may enforce in the name of the injured employee or of his legal beneficiaries the liability of said other person, and in case the recovery is for a sum greater than that paid or assumed by the association to the employee or his legal beneficiaries, then out of the sum so recovered the association shall reimburse itself and pay said costs and the excess so recovered shall be paid to the injured employee or his beneficiaries. However, when the claimant is represented by an attorney, and the association's interest is not actively represented by an attorney, the association shall pay such fee to the claimant's attorney not to exceed one-third (1/3) of said subrogation recovery or as may have been agreed upon between the claimant's attorney and the association or in the absence of such agreement the court shall allow a reasonable attorney's fee to the claimant's attorney for recovery of the association's interest which in no case shall exceed thirty-three and one-third (33-1/3%) payable out of the association's part of the recovery. In any case where the claimant's attorney is also representing the subrogated association, a full written disclosure must be made to the claimant, prior to actual employment by the association as an attorney, and acknowledged by the claimant, and a signed copy of the same furnished to all concerned parties and made a part of the file in the Industrial Accident Board. A copy of the disclosure with authorization and consent, shall also be filed.
with the claimant's pleadings prior to any judgment entered and approved by the court. Unless the claimant's attorney complies with all of the requirements as prescribed in this section, the attorney shall not be entitled to receive any of the fees prescribed in this section to which he would be entitled pursuant to an agreement with the association.

If the association obtains an attorney to actively represent its interest and if the attorney actively participates in obtaining a recovery, the court shall award and apportion an attorney's fee allowable out of the association's subrogation recovery between such attorneys taking into account the benefit accruing to the association as a result of each attorney's service, the aggregate of such fees not to exceed thirty-three and one-third per cent (33 1/3%) of the subrogated interest.

If at the conclusion of a third party action a workmen's compensation beneficiary is entitled to compensation, the net amount recovered by such beneficiary from the third party action shall be applied to reimburse the association for past benefits and medical expenses paid and any amount in excess of past benefits and medical expenses shall be treated as an advance against future benefit payments of compensation to which the beneficiary is entitled to receive under the Act. When the advance is adequate to cover all future compensation and medical benefit payments as provided by this law, no further payment shall be made by the association but if insufficient, the association shall resume such payments when the advance is exhausted. The reasonable and necessary medical expenses incurred by the claimant on account of the injury shall be deducted from the advance in the same manner as benefit payments.

Record of Injuries; Reports
Sec. 7. Every subscriber shall hereafter keep a record of all injuries, fatal or otherwise, sustained by his employees in the course of their employment. Within eight (8) days after the occurrence of an accident resulting in an injury to an employee, causing his absence from work for more than one (1) day, or within eight (8) days after the employee notifies the employer of a definite manifestation of an occupational disease, a written report thereof shall be made to the Board on blanks to be procured from the Board for that purpose. Upon the termination of the incapacity of the injured employee, or if such incapacity extends beyond a period of sixty (60) days, the subscriber shall make a supplemental report upon blanks to be procured for that purpose. The said report shall contain the name and nature of the business of the employer, the location of the establishment, the name, age, sex and occupation of the injured employee, and the character of work in which he was engaged at the time of the injury, and shall state the date and hour of receiving such injury or of the definite manifestation of the occupational disease, and the nature and cause of the injury, and such other information as the Board may require. Any employer wilfully failing or refusing to make any such report within the time herein provided, or wilfully failing or refusing to give said Board any information demanded by said Board relating to any injury to any employee, which information is in the possession of or can be ascertained by the employer by the use of reasonable diligence, shall be liable for and shall pay to the State of Texas a penalty of not more than One Thousand ($1,000.00) Dollars for each and every offense, the same to be recovered in a suit to be instituted and prosecuted in Travis County by the Attorney General or by the district or county attorney, under his direction, in a District Court thereof.

Failure to File Report; Limitation on Filing of Claim
Sec. 7a. Where the association or subscriber has been given notice or the association or subscriber has knowledge of an injury or death of an employee and fails, neglects, or refuses to file a report thereof as required by the provisions of Section 7 of this Article, the limitation in Section 4a of this Article in respect to the filing of a claim for compensation shall not begin to run against the claim of the injured employee or his dependents entitled to compensation, or in favor of either the association or subscriber until such report shall have been furnished as required by Section 7 of this Article.

Claim Forms to Employee; Filing Requirements
Sec. 7b. Upon receipt of the written report required under Section 7 of this Article the Industrial Accident Board shall immediately furnish the injured employee claim forms which shall clearly inform the employee of the filing requirements of Section 4a of this Article, and if applicable, Section 7a of this Article.

Quorum of Board; Seal; Proceedings as Evidence
Sec. 8. A majority of the Board shall constitute a quorum to transact business, and the Act or decision of any two members thereof shall be held the act or decision of the Board, except as otherwise herein specifically provided. No vacancy shall impair the right of the remaining member or members of the Board to exercise all the powers of the Board. The Board shall provide itself with a seal on which shall be inscribed the words “Industrial Accident Board, State of Texas.” Any Order, award or proceeding of said Board when duly attested by any member of the Board or its secretary, shall be admissible as evidence of the act of said Board in any Court of this State.

Certified Copy of Records; Fees
Sec. 9. Upon the written request and payment of the fees therefor, which fees shall be the same as those charged for similar services in the Secretary of State's office, the board shall furnish to any person entitled thereto a certified copy of any order, award, decision or paper on file in the office of said board, and
the fees so received for such copies shall be paid into the State Treasury and credited to the general revenue fund. No fee or salary shall be paid to any person in said department for making such copies in excess of the fees charged for such copies.

Hearings; Investigations; Appearance of Claimants; Pre-hearing Conferences and Officers; Rules and Regulations

Sec. 10. (a) Said Board or any member thereof may hold hearings or take testimony or make investigations at any point within this state, reporting the result thereof, if the same is made by one member, to the Board. The Board shall also employ and use the assistance of a sufficient number of pre-hearing officers for the purpose of adjusting and settling claims for compensation; provided, however, that pre-hearing officers shall not be empowered to take testimony.

Notwithstanding any provision of this Act, no claimant shall be required to appear before the Board or Board Member within a distance greater than one hundred (100) miles from the courthouse of the county of the claimant's residence or within a greater distance than one hundred (100) miles of the courthouse of the county where the injury occurred.

(b) The Board shall examine and review all controverted claims and shall schedule and hold pre-hearing conferences on such claims as the Board may designate. It shall have the power to direct the parties, their attorneys or the duly authorized agents of the parties to appear before the Board, any member thereof or a pre-hearing officer for pre-hearing conferences to attempt to adjust and settle the claim amicably and to take such other action other than taking of testimony that may aid in the disposition of the claim. Provided, however, that no matter occurring during, or fact developed in, a pre-hearing conference shall be deemed as admissions or evidence or impeachment against the association, employee or the subscriber in any proceedings before the Board, or elsewhere in a contested case where the facts involved therein or in any one of them is sought to be contradicted by the association, employee or the subscriber. The Board shall promulgate procedural rules and regulations not inconsistent with this law to govern such pre-hearing conferences and provided further, such rules and regulations shall not affect nor change any substantive portion of this law.

Association Suspending Payments

Sec. 11. When the association suspends or stops payment of compensation, it shall immediately notify the board of that fact, giving the board the name, number and style of the claim, the amount paid thereon, the date of the suspension or stopping of payment thereon, and the reason for such suspension or stopping.

Compensation Payments; Compromise; Commutation

Sec. 12. The board upon application of either party may, in its discretion, having regard to the welfare of the employee and the convenience of the association, authorize compensation to be paid monthly or quarterly.

Where the liability of the association or the extent of the injury of the employee is uncertain, indefinite or incapable of being satisfactorily established, the board may approve any compromise, adjustment, settlement or commutation thereof made between the parties.

Medical Committee; Examination of Employee; Report

Sec. 13. (a) If, on the hearing of a claim for compensation for occupational disease, any controverted medical question or questions shall arise, upon the request of either party, or its own motion, the Board shall appoint a Medical Committee consisting of three (3) doctors, duly qualified in the diagnosis and treatment of occupational diseases, and licensed to practice in the state, and the Board shall reserve its decision and award until it shall have received a report from such Medical Committee. The date of incapacity, if in dispute, shall be deemed to be a medical question.

(b) The Medical Committee, upon reference to it of a case of occupational disease, shall notify the employee, or, in case he be dead, his beneficiary or beneficiaries, and the Association to appear before the Medical Committee at a time and place stated in the notice. If the employee be living he shall appear before the Medical Committee at the time and place specified, and he shall submit to such examinations including clinical and x-ray examinations as the Medical Committee may require. The employee, or, if he be dead, his beneficiary or beneficiaries, and the Association shall be entitled to have present at all such examinations a physician of his or its own selection, who shall be given in an opportunity to witness the same, and whose services shall be paid for by the person who engaged his services. The claimant and the Association shall produce to the Medical Committee all reports, medical and x-ray examinations which may be in their respective possession or control showing the past or present condition of the employee, to assist the Medical Committee in reaching its conclusion.

(c) The Medical Committee shall, if it deems advisable, inspect or cause to be inspected, the plant or industrial operation or process, where the exposure to the occupational disease is alleged to have occurred, to determine whether such conditions exist in such plant, industrial operation or process as to produce the occupational disease complained of.

(d) The Medical Committee shall, as soon as practicable after it has completed its consideration of a case, report to the Board its opinion regarding all medical questions involved in the case. The Medical Committee shall include in its report a statement of what, if any, physician or physicians were present at the examination on behalf of the claimant or Association and what, if any, medical reports and x-rays were produced by or on behalf of the claimant or Association.
(e) The Medical Committee shall file its report in triplicate with the Board, which shall send one copy thereof to the claimant and one copy to the Association. All fees, costs, and expenses incident to the functioning of said Medical Committee shall be paid by the party requesting same; the Board shall determine the reasonableness of said fees, costs and expenditures.

(f) If the employee refuses to submit to such examination, all action on his claim for compensation shall be suspended during such period as he persists in such refusal.

(g) Where a case of occupational disease is pending in any court of this state, upon the motion of either party, or upon its own motion, the court shall appoint a Medical Committee consisting of three (3) doctors duly qualified in the diagnosis and treatment of occupational diseases and licensed to practice in the state, and shall direct the employee to submit to examination, including clinical and x-ray examination, as the Medical Committee may require or deem advisable. The Medical Committee shall report its findings and conclusions in open court, and such may be rebuttable. The court shall pass on the reasonableness of the fees, costs and other expenditures of the Medical Committee, which fees shall be taxed as costs.

Autopsy

Sec. 14. Upon the filing of a claim for compensation for death by reason of an occupational disease where an autopsy is necessary to accurately and scientifically determine the cause of death, upon the request of either party, or on its own motion, such autopsy shall be ordered by the Board. The Board shall designate a duly licensed physician, who is a specialist in such examinations, to perform or attend such autopsy, and to certify his findings thereon. Such findings are to be filed with the Board and shall be a public record. All proceedings for compensation shall be suspended upon refusal of the beneficiaries of the deceased employee to permit such autopsy when ordered, and no compensation shall be payable for any period during which such autopsy is refused. No autopsy shall be held in any case, by any person, without notice first being given to the parties in interest, (if they reside in this state or their whereabouts can be reasonably ascertained,) of the time and place thereof, and reasonable time and opportunity given such parties in interest to have a representative or representatives present to witness the same. If such notice is not given, all evidence obtained by such autopsy shall be suppressed on motion duly made to the Board.

Sec. 11. If the number of subscribers falls below fifty, or the number of employes to whom the association may be bound to pay compensation falls below 2,000, no further policies shall be issued until other employers have subscribed, who, together with existing subscribers, amount to not less than fifty, who have not less than 2,000 employes to whom the association may be bound to pay compensation, said subscriptions to be subject to the provisions of the preceding section.

Every subscriber shall, in accordance with the law and his contract, pay his proportionate part of any assessment which may be levied by the association on account of losses and expenses incurred during any calendar year while he is a subscriber.

It is the purpose of this Act that the compensation herein provided for shall be paid from week to week and as it accrues and directly to the person entitled thereto, unless the liability is redeemed as in such cases provided elsewhere herein; except that the institution may provide that an injured workman may remain on the payroll until his earned annual and sick leave is exhausted, during which time the services provided in Section 7, Article 8306, as amended, will remain available to the workman but no workmen's compensation payment will accrue or become due and payable to the injured workman.

Examination by Physicians or Chiropractors; Process and Procedure
Sec. 10. The Board may require any workman claiming to have sustained injury to submit himself for examination before such Board or some one acting under its authority at some reasonable time and place within the State, and as often as may be reasonably ordered by the Board to a physician or physicians, chiropractor or chiropractors, authorized to practice under the Laws of this State. If the workman or the institution requests, he or it shall be entitled to have a physician or physicians, a chiropractor or chiropractors of his or its own selection present to participate in such examination. Refusal of the workman to submit to such examination shall deprive him of his right to compensation during the continuance of such refusal. When a right to compensation is thus suspended no compensation shall be payable in respect to the period of suspension. If any workman shall persist in insanitary or injurious practices which tend to either imperil or retard his recovery, or shall refuse to submit to such medical or surgical treatment, chiropractic, or other remedial treatment recognized by the State, as is reasonably essential to promote his recovery, the Board may in its discretion order or direct the institution to reduce or suspend the compensation of any such injured workman. No compensation shall be reduced or suspended under the terms of this Section without reasonable notice to the workman and an opportunity to be heard.

The institution shall have the privilege of having any injured workman examined by a physician or physicians, a chiropractor or chiropractors of its own selection, at reasonable times, at a place or places suitable to the condition of the injured workman and convenient and accessible to him. The institution shall pay for such examination and the reasonable expense incident to the injured workman in submitting thereto. The injured workman shall have the privilege to have a physician or chiropractor of his own selection present to participate in such examination. Provided, when such examination is directed by the Board or the institution, the institution shall pay the fee of the physician or chiropractor selected by the workman, such fee to be fixed by the Board.

Process and procedure shall be as summary as may be under this Act. The Board or any member thereof shall have power to subpoena witnesses, administer oaths, inquire into matters of fact, examine such parts of the books and records of the parties to a proceeding as relate to questions in dispute. All rulings and decisions of the Board relating to disputed claims shall be upon questions of fact and in accord with the provisions of this Act.

Decisions of Board; Suits; Enforcement of Award
Sec. 11. All questions arising under this Act, if not settled by agreement of the parties interested therein and within the provisions of this Act, shall, except as otherwise provided, be determined by the Board. Any interested party who is not willing and does not consent to abide by the final ruling and decision of said Board shall within twenty (20) days after the rendition of said final ruling and decision by said Board, file with said Board notice that he will not abide by said final ruling and decision. And he shall within twenty (20) days after giving such notice bring suit in the county where the injury occurred to set aside said final ruling and decision and said Board shall proceed no further toward the adjustment of
such claim, other than hereinafter provided. Whenever such suit is brought, the rights and liability of the parties thereto shall be determined by the provisions of this Act and the suit of the injured workman or person suing on account of the death of such workman shall be against the institution. If the final order of the Board is against the institution, then the institution shall bring suit to set aside said final ruling and decision of the Board, if it so desires, and the court shall in either event determine the issues in such cause instead of the Board upon trial de novo and the burden of proof shall be upon the party claiming compensation. The Board shall furnish any interested party in said claim pending in court upon request free of charge, with a certified copy of the notice of the institution becoming an insurer filed with the Board and the same when properly certified to shall be admissible in evidence in any court in this State upon trial of such claim therein pending and shall be prima-facie proof of all facts stated in such notice in the trial of said cause unless same is denied under oath by the opposing party therein. In case of recovery the same shall not exceed the maximum compensation allowed under the provisions of this Act. If any party to any such final ruling and decision of the Board, after having given notice as above provided, fails within said twenty (20) days to institute and prosecute a suit to set the same aside, then said final ruling and decision shall be binding upon all parties thereto, and, if the same is against the institution, it shall at once comply with such final ruling and decision.

In all cases where the Board shall make a final order, ruling, or decision, as provided in the preceding section and against the institution, and the institution shall willfully fail and refuse to obey or comply with the same and shall fail or refuse to bring suit to set the same aside as in said section is provided, then in that event the claimant in addition to the provisions of this Act, if any party to any such final ruling and decision of the Board, after having given notice as above provided, fails within said twenty (20) days to institute and prosecute a suit to set the same aside, then said final ruling and decision shall be binding upon all parties thereto, and, if the same is against the institution, it shall at once comply with such final ruling and decision.

Where the Board has made an award against the institution requiring the payment to an injured workman or his beneficiaries of any weekly or monthly payments, under the terms of this Act, and the institution should thereafter fail or refuse, without justifiable cause, to continue to make said payments promptly as they mature, then the said injured workman or his beneficiaries, in case of his death, shall have the right to mature the entire claim and to institute suit thereon to collect the full amount thereof, together with twelve per cent (12%) penalties and attorney's fees as herein provided for. Suit may be brought under provisions of this Section, either in the county where the accident occurred, or in any county where the claimants reside, or where one or more of such claimants may have his place of residence at the time of the institution of the suit.

Record of Injuries; Reports

Sec. 12. The institution shall hereafter keep a record of all injuries fatal or otherwise, sustained by its workmen in the course of their employment. Within eight (8) days after the occurrence of an accident resulting in an injury to a workman, causing his absence from work for more than one day, a written report thereof shall be made to the Board on blanks to be procured from the Board for that purpose. Upon the termination of the incapacity of the injured workman, or if such incapacity extends beyond a period of sixty (60) days, the institution shall make a supplemental report upon blanks to be procured for that purpose. The said report shall contain the name, age, sex and occupation of the injured workman and the character of work in which he was engaged at the time of the injury, and shall state the place, date and hour of receiving such injury and the nature and cause of the injury, and such other information as the Board may require. The institution shall be responsible for the submission of the reports in the time specified in this Section.

Rules and Regulations; Physicians or Chiropractors for Examinations; Reports of Examinations

Sec. 13. The institution is authorized to promulgate and publish such rules and regulations and to prescribe and furnish such forms as may be necessary to the effective administration of this Act, and the institution shall have authority to make and enforce such rules for the prevention of accidents and injuries as may be deemed necessary. It shall be the duty of the institution to designate a convenient number of regularly licensed practicing physicians, surgeons and chiropractors for the purpose of making physical examinations of all persons employed or to be employed in the service of the institution to determine who may be physically fit to be classified as "workman" as that term is defined in subsection 2 of Section 2 of this Act, and said physicians, surgeons and chiropractors so designated and so conducting such examinations shall make and file with the institution a complete transcript of said examination in writing and sworn to upon a form to be furnished by the institution. It shall be the duty of the institution to preserve as a part of the permanent records of the institution all reports of such examinations so filed with it.

Physical Examination Necessary to be Certified as Workman; Exception

Sec. 14. Except as provided in Section 15, no person shall be certified as a workman in...
the institution under the terms and provisions of this Act until he has submitted himself for a physical examination as provided in Section 13 herein and has been certified by the examining physician, surgeon, or chiropractor, to be physically fit to perform the duties and services to which he is to be assigned.

Certification as Workman of Person Failing to Pass Physical Examination; Waiver of Insurance Coverage

Sec. 15. In the discretion of the institution, any person failing to pass a physical examination as provided in Section 14 may be certified as a workman on the condition that such person shall execute in writing, prior to his employment, or continued employment if such person is already employed by the institution upon the effective date hereof, a waiver of coverage under the provisions of this Act. Such waiver shall be valid and binding on the workman so executing it and in the event of injury or death of the workman suffered in the course of his employment no compensation or death benefits shall be paid to him or his beneficiaries.

Certified Copies of Orders, Awards and Decisions

Sec. 16. Any order, award, or proceeding of said Board when duly attested by any member of the Board or its secretary shall be admissible as evidence of the act of said Board in any court of this State.

Upon the written request and payment of the fees therefor, which fees shall be the same as those charged for similar services in the Secretary of State's office, the Board shall furnish to any person entitled thereto a certified copy of any order, award, decision, or paper on file in the office of said Board and the fees so received for such copies shall be paid into the General Revenue Fund; provided that the institution shall be furnished such certified copies without charge. No fee or salary shall be paid to any person in said Board for making such copies in excess of the fees charged for such copies.

Suit to Set Aside Final Decision

Sec. 17. Any interested party who is not willing and does not consent to abide by the final ruling and decision of the Board shall, in the manner and within the time provided by Section 11 of this Act, file notice with said Board, and bring suit in the county where the injury occurred to set aside said final ruling and decision; however, in the event such suit is brought in any county other than the county where the injury occurred, the court in which same is filed shall, upon ascertaining that it does not have jurisdiction to render judgment upon the merit, transfer the case to the proper court in the county where the injury occurred.

Provided, however, that notice of said transfer shall be given to the parties and said suit when filed in the court to which the transfer is made, shall be considered for all purposes, the same as if originally filed in said court.
Any Clerk of a District or County Court who fails to comply with the provisions of this Act shall be guilty of a misdemeanor and upon conviction shall be punished by a fine of not more than Two Hundred and Fifty Dollars ($250).

Partial invalidity

Sec. 22. If any section, paragraph, or provision of this Act be declared unconstitutional or invalid for any reason, such holding shall not in any manner affect the remaining sections, paragraphs, or provisions of this Act, but the same shall remain in full force and effect.

7. Any reference to a workman herein who has been injured shall, when the workman is dead, also include the legal beneficiaries, as that term is herein used, of such workmen to whom compensation may be payable. Whenever in this Act the singular is used, the plural shall be included; whenever the masculine gender is used, the feminine and neuter shall be included.

Group Insurance of Employees Other Than Workmen; Compensation for Workmen; Acceptance of Provisions

Sec. 3. After the effective date of this Act the Board of Regents of The University of Texas is hereby authorized to require, as a condition of employment, all employees except workmen as defined above, to acquire protection under a group life and accident insurance plan approved by it.

After the effective date, any workman, as defined in this Act, who sustains an injury in the course of his employment shall be paid compensation as hereinafter provided.

The institution is hereby authorized to be self-insuring and is charged with the administration of this Act. The institution shall notify the Board of the effective date of such insurance, stating in such notice the nature of the work performed by the workmen of the institution, the approximate number of workmen, and the estimated amount of payroll.

The institution shall give notice to all workmen that, effective at the time stated in such notice, the institution has provided for payment of insurance.

Workmen of the institution shall be conclusively deemed to have accepted the provisions hereof in lieu of common law or statutory causes of action, if any, for injuries resulting in the course of their employment.
Compensation for Injury in Course of Employment

Sec. 4. If a workman of the institution sustains an injury in the course of his employment, he shall be paid compensation by the institution as herein provided except that compensation for any person employed on less than a full work-day basis shall not exceed sixty per cent (60%) of his average weekly earning.

Defenses

Sec. 5. In an action to recover damages for personal injuries sustained by a workman in the course of his employment, or for death resulting from personal injuries so sustained, the institution may defend in such action on the ground that the injury was caused by the willful intention of the workman to bring about the injury, or was so caused while the workman was in a state of intoxication.

Exclusiveness of Remedy; Exemptions and Non-Assignability

Sec. 6. Workmen of the institution and parents of minor workmen shall have no right of action against the agents, servants, or employees of the institution for damages for personal injuries, nor shall representatives and beneficiaries of deceased workmen have a right of action against the agents, servants or employees of the institution for injuries resulting in death, but such workmen and their representatives and beneficiaries shall look for compensation solely to the institution as is provided in this Act. All compensation allowed herein shall be exempt from garnishment, attachment, judgment, and all other suits or claims, and no such right of action and no such compensation and no part thereof nor of either shall be assignable, except as otherwise herein provided, and any attempt to assign the same shall be void.

Applicability of Existing Laws

Sec. 7. The following sections are adopted and shall govern as applicable under the provisions of this Act: Sections 1, 6, 7b, 7c, 7d, 7e, 8, 8a, 8b, 9, 10, 11, 11a, 12, 12a, 12b, 12c, 12d, 12e, 12f, 12i, 13, 15, 15a, 16, 17, 19, 20, 21, 22, 23, 24, 25, 26, and 27 of Article 8306, Revised Civil Statutes of Texas, 1925, as amended, and as may be hereafter amended; Section 1, Chapter 248, Acts of the 42 Legislatuure, Regular Session, 1931 (Article 8306a, Vernon's Texas Civil Statutes), as last amended by Section 26, Chapter 26, Acts of the 53rd Legislature, Regular Session, 1955, and as may be hereafter amended; Sections 4a, 6a, 10, 11, 12, 13, and 14 of Article 8307, Revised Civil Statutes of Texas, 1925, as amended, and as may be hereafter amended; Sections 4 and 5, Article 8309, Revised Civil Statutes of Texas, 1925, as amended, and as may be hereafter amended; Section 1, Chapter 179, Acts of the 42nd Legislature, Regular Session, 1931 (Article 8309a, Vernon's Texas Civil Statutes), as amended by Section 7, Chapter 178, Acts of the 53rd Legislature, Regular Session, 1955, and as may be hereafter amended.

Wherever the words "association," "subscriber," or "employer," or the equivalent of any of these words, are used in Article 8306, 8307, or 8309, Revised Civil Statutes of Texas, as amended, or as may be hereafter amended, and in Section 1, Chapter 179, Acts of the 42nd Legislature, Regular Session, 1931 (Article 8309a, Vernon's Texas Civil Statutes), as amended by Section 7, Chapter 178, Acts of the 53rd Legislature, Regular Session, 1953, and as may be hereafter amended, for the purpose of this Act they mean "the institution."

Attorney's Fees

Weekly Payments; Annual and Sick Leave

Sec. 9. It is the purpose of this Act that compensation herein provided for shall be paid from week to week and as it accrues and directly to the person entitled thereto, unless the liability is redeemed as in such cases provided elsewhere herein; except that the institution may provide that an injured workman may remain on the payroll until his earned annual and sick leave is exhausted, during which time the services in Section 7, Article 8306, Revised Civil Statutes of Texas, 1925, as amended, and as may be hereafter amended, will remain available to the workman, but no workman's compensation payment will accrue or become due and payable to the injured employee.

Medical Examinations; Insanitary or Injurious Practices; Process and Procedure

Sec. 10. The Board may require any workman claiming to have sustained injury to submit himself for examination before such Board or someone acting under its authority at some reasonable time and place within the State, and as often as may be reasonably ordered by the Board to a physician or physicians authorized to practice under the Laws of this State. If the workman or the institution requests, he or it shall be entitled to have a physician or physicians of his or its own selection present to participate in such examination. Refusal of the workman to submit to such examination shall deprive him of his right to compensation during the continuance of such refusal. When a right to compensation is thus suspended no compensation shall be payable in respect to the period of such suspension. If any workman shall persist in insanitary or injurious practices which tend to either imperil or retard his recovery, or shall refuse to submit to such medical or surgical treatment or other remedial treatment recognized by the State, as is reasonably essential to promote his recovery, the Board may in its discretion order or direct the institution to reduce or suspend the compensation of any such injured workman. No compensation shall be reduced or suspended under the terms of this Section without reasonable notice to the workman and an opportunity to be heard.
The institution shall have the privilege of having any injured workman examined by a physician or physicians of its own selection, at reasonable times, at a place or places suitable to the convenience and accessibility of the injured workman and at a time and expense for which the institution shall be held reasonably responsible. The institution shall pay for such examination and the reasonable expense incident to the injured workman in submitting thereto. The injured workman shall have the privilege to have a physician of his own selection present to participate in such examination. Provided, when such examination is directed by the Board or the institution, the institution shall pay the fee of the physician selected by the workman, such fee to be fixed by the Board.

Process and procedure shall be as summary as may be under this Act. The Board or any member thereof shall have power to subpoena witnesses, administer oaths, inquire into matters of fact, examine such parts of the books and records of the parties to a proceeding as relate to questions in dispute. All rulings and decisions of the Board relating to disputed claims shall be upon questions of fact and in accord with the provisions of this Act.

Board to Determine Questions; Suits to Set Aside or Enforce Rulings; Failure to Make Payments

Sec. 11. All questions arising under this Act, if not settled by agreement of the parties interested therein and within the provisions of this Act, shall, except as otherwise provided, be determined by the Board. Any interested party who is not willing and does not consent to abide by the final ruling and decision of said Board shall within twenty (20) days after the rendition of said final ruling and decision by the said Board, file with said Board notice that he will not abide by said final ruling and decision. And he shall within twenty (20) days after giving such notice bring suit in the county where the injury occurred to set aside said final ruling and decision and said Board shall proceed no further toward the adjustment of such claim, other than hereinafter provided. Whenever such suit is brought, the rights and liabilities of the parties thereto shall be determined by the provisions of this Act and the suit of the injured workman or person suing on account of the death of such workman shall be against the institution. If the final order of the Board is against the institution, then the institution shall bring suit to set aside said final ruling and decision of the Board, if it so desires, and the court shall in either event determine the issues in such cause instead of the Board upon trial de novo and the burden of proof shall be upon the party claiming compensation. The Board shall furnish any interested party in said claim pending in court upon request free of charge, with a certified copy of the ruling or decision of the Board and an order compelling an insurer filed with the Board and the same when properly certified to be shall be admissible in evidence in any court in this State upon trial of such claim therein pending and shall be prima-facie proof of all facts stated in such notice in the trial of said cause unless same is denied under oath by the opposing party therein. In case of recovery the same shall not exceed the maximum compensation allowed under the provisions of this Act. If any party fails to comply with such final ruling and decision of the Board, after having given notice as above provided, fails within said twenty (20) days to institute and prosecute a suit to set the same aside, then said final ruling and decision shall be binding upon all parties thereto, and, if the same is against the institution, it shall at once comply with such final ruling and decision.

In all cases where the Board shall make a final order, ruling, or decision, as provided in the preceding section and against the institution, and the institution shall willfully fail and refuse to obey or comply with the same, or fail or refuse to bring suit to set the same aside as in said Section is provided, then in that event the claimant in addition to the rights and remedies given him and the Board in said Section may, after demanding compliance, bring suit in a Court of competent jurisdiction, upon said order, ruling, or decision. If he secures a judgment sustaining such order, ruling, or decision in whole or in part, he shall also be entitled to recover the further sum of twelve per cent (12%) as damages upon the amount of compensation so recovered in said judgment, together with a reasonable attorney's fee for the prosecution and collection of such claim.

Where the Board has made an award against the institution requiring the payment to an injured workman or his beneficiaries of any weekly or monthly payments, under the terms of this Act, and the institution should thereafter fail or refuse, without justification, to continue to make said payments promptly as they mature, then the said injured workman or his beneficiaries, in case of his death, shall have the right to mature the entire claim and to institute suit thereon to collect the full amount thereof, together with twelve percent (12%) penalties and attorney's fees as herein provided for. Suit may be brought under provisions of this Section, either in the county where the accident occurred, or in any county where the claimants reside, or where one or more of such claimants may have his place of residence at the time of the institution of the suit.

Records and Reports

Sec. 12. The institution shall hereafter keep a record of all injuries fatal or otherwise, sustained by its workmen in the course of their employment. Within eight (8) days after the occurrence of an accident resulting in an injury to a workman, causing his absence from work for more than twenty-four (24) hours, a written report thereof shall be made to the Board on blanks to be procured from the Board for that purpose. Upon the termination of the incapacity of the injured workman, or if such incapacity extends beyond a period of sixty (60) days, the institu-
tion shall make a supplemental report upon blanks to be procured for that purpose. The said report shall contain the name, age, sex and occupation of the injured workman and the character of work in which he was engaged at the time of the injury, and shall state the place, date and hour of receiving such injury and the nature and cause of the injury, and such other information as the Board may require. The institution shall be responsible for the submission of the reports in the time specified in this Section.

Rules and Regulations; Designation of Physicians and Surgeons; Reports of Examinations

Sec. 13. The institution is authorized to promulgate and publish such rules and regulations and to prescribe and furnish such forms as may be necessary to the effective administration of this Act, and the institution shall have authority to make and enforce such rules for the prevention of accidents and injuries as may be deemed necessary. It shall be the duty of the institution to designate a convenient number of regularly licensed practicing physicians and surgeons for the purpose of making physical examinations of all persons employed or to be employed in the service of the institution to determine who may be physically fit to be classified as "workman" as that term is defined in subsection 2 of Section 2 of this Act, and said physicians and surgeons so designated and so conducting such examinations shall make and file with the institution a complete transcript of said examination in writing and sworn to upon a form to be furnished by the institution. It shall be the duty of the institution to preserve as a part of the permanent records of the institution all reports of such examinations so filed with it.

Physical Examination Before Certification

Waiver of Rights

Sec. 15. An agreement to waive his rights under this Act made in writing by any workman prior to his employment shall be valid.

Evidence; Certified Copies

Sec. 16. Any order, award, or proceeding of said Board when duly attested by any member of the Board or its secretary shall be admissible as evidence of the Act of said Board in any Court of this State.

Upon the written request and payment of the fees therefor, which fees shall be the same as those charged for similar services in the Secretary of State's office, the Board shall furnish to any person entitled thereto a certified copy of any order, award, decision, or paper on file in the office of said Board and the fees so received for such copies shall be paid into the State Treasury and credited to the General Revenue Fund; provided that the institution shall be furnished such certified copies without charge. No fee or salary shall be paid to any person in said Board for making such copies in excess of the fees charged for such copies.

Venue of Suits; Transfer to Proper County

Sec. 17. Any interested party who is not willing and does not consent to abide by the final ruling and decision of the Board shall, in the manner and within the time provided by Section 11 of this Act, file notice with said Board, and bring suit in the county where the injury occurred to set aside said final ruling and decision; however, in the event such suit is brought in any county other than the county where the injury occurred, the court in which same is filed shall, upon ascertaining that it does not have jurisdiction to render judgment upon the merit, transfer the case to the proper court in the county where the injury occurred. Provided, however, that notice of said transfer shall be given to the parties and said suit when filed in the court to which the transfer is made, shall be considered for all purposes, the same as if originally filed in said court.

Time for Hearing

Sec. 18. When an injured workman has sustained an injury in the course of employment and filed claim for compensation and given notice as required by law, the Board shall hear his claim for compensation within a reasonable time. Provided, however, when such injured workman is being paid compensation as provided in this Act, and the institution is furnishing either hospitalization or medical treatment to such workman, the Board may, within its discretion, delay or postpone the hearing of his claim, and no appeal shall be taken from any such order made by the Board.

Setting Aside Funds; Account; Reports

Sec. 19. The institutions covered by this Act are hereby authorized to set aside from available appropriations other than itemized salary appropriations an amount not to exceed two per cent (2%) of the annual workman payroll of the institution for the payment of all costs, administrative expense, charges, benefits, and awards authorized by this Act.

The amounts so set aside shall be set up in a separate account in the records of the institution, which account shall show the disbursements authorized by this act; provided the amounts so set aside in this account shall not exceed two per cent (2%) of the annual workman payroll at any one time. A statement of the amounts set aside for and disbursements from said account shall be included in reports made to the Governor and the Legislature as required by the Statutes.

Legal Representative

Sec. 20. The Attorney General of the State of Texas shall be the legal representative of the institution and is hereby given power and authority to bring and defend all suits and hearings necessary to carry out the purposes of this Act.
Art. 8309d  

DUTIES OF CLERK OF COURT AND ATTORNEYS

Sec. 21. That in every case appealed from the Board to any District or County Court, the Clerk of such Court shall, within twenty (20) days after the filing thereof, mail to the Board a notice giving the style, number, and date of filing such suit, and shall, within twenty (20) days after judgment is rendered in such suit, mail to the Board a certified copy of such judgment. The duties devolving upon District and County Clerks under this Act shall constitute a part of their ex officio duties and for such services they shall not be entitled to any fee.

In every such case the attorney preparing the judgment shall file the original and a copy of same with the Clerk of the Court. However, the failure of such attorney to comply with this provision shall not excuse the failure of the Clerk of a District or County Court to mail a certified copy of such judgment to the Board as above provided.

Any Clerk of a District or County Court who fails to comply with the provisions of this Act shall be guilty of a misdemeanor and upon conviction shall be punished by a fine of not more than Two Hundred and Fifty Dollars ($250).

PARTIAL UNCONSTITUTIONALITY

Sec. 22. If any section, sentence, clause or part of this Act is for any reason held to be unconstitutional, such decision shall not affect the remaining portions of this Act. The Legislature hereby declares that it would have passed this Act and each sentence, clause and part thereof despite the fact that one or more sections, sentences, clauses or parts thereof be declared unconstitutional.

Constitutional Authority

Sec. 1. By virtue of the provisions of Section 59 of Article III of the Constitution of the State of Texas granting the Legislature power to pass such laws as may be necessary to provide for workmen’s compensation insurance for state employees, as in its judgment is necessary or required, and to provide for the payment of all costs, charges, and premiums on such insurance, provision is made as hereinafter set forth.

Definitions

Sec. 2. The following words and phrases as used in this Act shall, unless a different meaning is plainly required by the context, have the following meanings, respectively:

1. “Institution” whenever used in this Act shall be held to mean the institution and agency under the direction or government of the Board of Regents of Texas Tech University including the following: Texas Tech University, Lubbock; Pan Tech Farm, Carson County, Texas; Texas Tech University School of Medicine at Lubbock;

Any other agencies now or hereafter under the direction and control of said Board of Regents;

2. “Workman” shall mean every person in the service of Texas Tech University under any appointment or expressed contract of hire, oral or written, whose name appears upon the payroll of the university.

Authority of Institution; Notice

Sec. 3. The institution is hereby authorized to either be self-insuring or to purchase Workmen’s Compensation Insurance for their employees from a company authorized to do business in the State of Texas, and who shall be charged with the administration of this Act. The institution shall notify the Board of the effective date of such insurance, stating in such notice the nature of the work performed by the workmen of the institution, the approximate number of workmen, and the estimated amount of payroll.

Compensation for Injury in Course of Employment

Sec. 4. If a workman of the institution sustains an injury in the course of his employ-
ment, he shall be paid compensation by the institution as herein provided except that compensation for any person employed on less than a full work-day basis shall not exceed sixty per cent (60%) of his average weekly earning.

Actions; Defenses

Sec. 5. In an action to recover damages for personal injuries sustained by a workman in the course of his employment, or for death resulting from personal injuries so sustained, the institution may defend in such action on the ground that the injury was caused by the willful intention of the workman to bring about the injury, or was so caused while the workman was in a state of intoxication.

Exclusiveness of Remedy; Exemption of Compensation From Legal Process; Assignability

Sec. 6. Workmen of the institution and parents of minor workmen shall have no right of action against the agents, servants, or employees of the institution for damages for personal injuries, nor shall representatives and beneficiaries of deceased workmen have a right of action against the agents, servants or employees of the institution for injuries resulting in death, but such workmen and their representatives and beneficiaries shall look for compensation solely to the institution as is provided in this Act. All compensation allowed herein shall be exempt from garnishment, attachment, judgment, and all other suits or claims, and no such right of action and no such compensation and no part thereof nor of either shall be assignable, except as otherwise herein provided, and any attempt to assign the same shall be void.

Laws Governing

Sec. 7. Unless otherwise provided herein, Sections 1, 6, 7, 7b, 7c, 7e, 8, 8a, 8b, 9, 10, 11, 11a, 12, 12a, 12b, 12c, 12d, 12e, 12f, 13, 13a, 15a, 15b, 16, 17, 17a, 18, 20, 21, 22, 23, 24, 25, 26, and 27 of Article 8306, Revised Civil Statutes of Texas, 1925, as amended or as they may hereafter be amended; Chapter 248, Acts of the 42nd Legislature, Regular Session, 1931 (compiled as Article 8306a of Vernon's Texas Civil Statutes), as amended or as it may hereafter be amended; Sections 4a, 6a, 11, 12, 13 and 14 of Article 8307, Revised Civil Statutes of Texas, 1925, as amended or as they may hereafter be amended; and Sections 4 and 5 of Article 8309, Revised Civil Statutes of Texas, 1925, as amended or as they may hereafter be amended, are adopted and shall govern where applicable. However, when in the above adopted Sections of Articles 8306, 8307 and 8309 of the Revised Civil Statutes of Texas, 1925, the words "association," "subscriber," "employer" or their equivalent appear, they shall mean "the institution."

Attorney's Fees

Sec. 8. For representing the interest of any claimant in any matter carried from the Board into the courts, it shall be lawful for the attorney representing such interest to contract with any beneficiary under this Act for an attorney's fee for such representation, such fee to be determined as herein provided and, when the amount recovered exceeds the amount of the award appealed from, to include not more than one-third (1/3) of the amount by which the judgment exceeds the award, such fee for services so rendered to be determined and allowed by the trial court in which such causes may be heard and determined.

Payment of Compensation

Sec. 9. It is the purpose of this Act that the compensation herein provided for shall be paid from week to week and as it accrues and directly to the person entitled thereto, unless the liability is redeemed as in such cases provided elsewhere herein.

Examination by Physician; Process and Procedure

Sec. 10. The Board may require any workman claiming to have sustained injury to submit himself for examination before such Board or some one acting under its authority at some reasonable time and place within the state, and as often as may be reasonably ordered by the Board to a physician or physicians authorized to practice under the laws of this state. If the workman or the institution requests, he or it shall be entitled to have a physician or physicians of his or its own selection present to participate in such examination. Refusal of the workman to submit to such examination shall deprive him of his right to compensation during the continuance of such refusal. When a right to compensation is thus suspended no compensation shall be payable in respect to the period of suspension. If any workman shall persist in insanitary or injurious practices which tend to either imperil or retard his recovery, or shall refuse to submit to such medical or surgical treatment or other remedial treatment recognized by the state, as is reasonably essential to promote his recovery, the Board may in its discretion order or direct the institution to reduce or suspend the compensation of any such injured workman. No compensation shall be reduced or suspended under the terms of this section without reasonable notice to the workman and an opportunity to be heard.

The institution shall have the privilege of having any injured workman examined by a physician or physicians of its own selection, at reasonable times, at a place or places suitable to the condition of the injured workman and convenient and accessible to him. The institution shall pay for such examination and the reasonable expense incident to the injured workman in submitting thereto. The injured workman shall have the privilege of having a physician of his own selection present to participate in such examination when such examination is directed by the Board or the institution, the institution shall pay the fee of the physician selected by the workman, such fee to be fixed by the Board.

1047 WORKMEN'S COMPENSATION LAW Art. 8309f
Process and procedure shall be as summary as may be under this Act. The Board or any member thereof shall have the power to subpœna witnesses, administer oaths, inquire into matters of fact, and examine such parts of the books and records of the parties to a proceeding as relate to questions in dispute. All rulings and decisions of the Board relating to disputed claims shall be upon questions of fact and in accordance with the provisions of this Act.

Decisions of Board; Suits to Set Aside Decisions; Suit on Order, Ruling or Decision; Suit to Collect Award

Sec. 11. All questions arising under this Act, if not settled by agreement of the parties interested therein and within the provisions of this Act, shall, except as otherwise provided, be determined by the Board. Any interested party who is not willing and does not consent to abide by the final ruling and decision of said Board shall within twenty (20) days after rendition of said final ruling and decision by the said Board, file with said Board notice that he will not abide by said final ruling and decision. And he shall within twenty (20) days after giving such notice bring suit in the county where the injury occurred to set aside said final ruling and decision and said Board shall proceed no further toward the adjustment of such claim, other than hereinafter provided. Whenever such suit is brought, the rights and liability of the parties thereto shall be determined by the provisions of this Act and the suit of the injured workman or person suing on account of the death of such workman shall be against the institution. If the final order of the Board is against the institution, then the institution shall bring suit to set aside said final ruling and decision of the Board, if it so desires, and the court shall in either event determine issues in such cause, instead of the Board, upon trial de novo, and the burden of proof shall be upon the party claiming compensation. The Board shall furnish any interested party in said claim pending in court, upon request, free of charge, with a certified copy of the notice of the institution becoming an insurer filed with the Board, and the same when properly certified to shall be admissible in evidence in any court in this state upon trial of such claim therein pending and shall be prima facie proof of all facts stated in such notice in the trial of said cause unless same is denied under oath by the opposing party therein. In case of recovery the same shall not exceed the maximum compensation allowed under the provisions of this Act. If any party to any such final ruling and decision of the Board, after having given notice as above provided, fails within said twenty (20) days to institute and prosecute a suit to set the same aside, then said final ruling and decision shall be binding upon all parties thereto, and, if the same is against the institution, it shall at once comply with such final ruling and decision.

In all cases where the Board shall make a final order, ruling, or decision, as provided in the preceding section and against the institution, and the institution shall willfully fail and refuse to obey or comply with the same and shall fail or refuse to bring suit to set the same aside as in said section is provided, then in that event the claimant in addition to the rights and remedies given him and the Board in said section may, after demanding compliance, bring suit in a court of competent jurisdiction, upon said order, ruling, or decision. If he secures a judgment sustaining such order, ruling, or decision in whole or in part, he shall also be entitled to recover the further sum of twelve per cent (12%) as damages upon the amount of compensation so recovered in said judgment, together with a reasonable attorney's fee for the prosecution and collection of such claim.

Where the Board has made an award against the institution requiring the payment to an injured workman or his beneficiaries of any weekly or monthly payments, under the terms of this Act, and the institution should thereafter fail or refuse, without justifiable cause, to continue to make said payments promptly as they mature, then the said injured workman or his beneficiaries, in case of his death, shall have the right to mature the entire claim and to institute suit thereon to collect the full amount thereof, together with twelve per cent (12%) penalties and attorney's fee as herein provided. Suit may be brought under provisions of this section, either in the county where the accident occurred, or in any county where the claimants reside, or where one or more of such claimants may have his place of residence at the time of the institution of the suit.

Record of Injuries; Reports

Sec. 12. The institution shall hereafter keep a record of all injuries, fatal or otherwise, sustained by its workmen in the course of their employment. Within eight (8) days after the occurrence of an accident resulting in an injury to a workman, causing his absence from work for more than one day, a written report thereof shall be made to the Board on blanks to be procured for that purpose. The said report shall contain the name, age, sex and occupation of the injured workman and the character of work in which he was engaged at the time of the injury, and shall state the place, date and hour of receiving such injury and the nature and cause of the injury, and such other information as the Board may require. The institution shall be responsible for the submission of the reports in the time specified in this section.
Sec. 13. The institution is authorized to promulgate and publish such rules and regulations and to prescribe and furnish such forms as may be necessary to the effective administration of this Act, and the institution shall have authority to make and enforce such rules for the prevention of accidents and injuries as may be deemed necessary. It shall be the duty of the institution to designate a convenient number of regularly licensed practicing physicians and surgeons for the purpose of making physical examinations of all persons employed or to be employed in the service of the institution to determine who may be physically fit to be classified as "workman" as that term is defined in subsection 2 of Section 2 of this Act, and said physicians and surgeons so designated and so conducting such examinations shall make and file with the institution a complete transcript of said examination in writing and sworn to upon a form to be furnished by the institution. It shall be the duty of the institution to preserve as a part of the permanent records of the institution all reports of such examinations so filed with it.

Physical Examination Before Certification

Sec. 14. No person shall be certified as a workman of the institution under the terms and provisions of this Act until he has submitted himself for a physical examination as provided in Section 13 herein and has been certified by the examining physician or surgeon to be physically fit to perform the duties and services to which he is to be assigned; provided that absence of a physical examination shall not be a bar to recovery.

Waiver of Rights

Sec. 15. An agreement to waive his rights under this Act made in writing by any workman prior to his employment shall be valid.

Orders, Awards or Proceeding as Evidence; Certified Copies; Fees

Sec. 16. Any order, award, or proceeding of said Board when duly attested by any member of the Board or its secretary shall be admissible as evidence of the act of said Board in any court of this state.

Upon the written request and payment of the fees therefor, which fees shall be the same as those charged for similar services in the Secretary of State's office, the Board shall furnish to any person entitled thereto a certified copy of any order, award, decision, or paper on file in the office of said Board and the fees so received for such copies shall be paid into the State Treasury and credited to the General Revenue Fund; provided that the institution shall be furnished such certified copies without charge. No fee or salary shall be paid to any person in said Board for making such copies in excess of the fees charged for such copies.

Venue of Suits; Transfer to Proper County

Sec. 17. Any interested party who is not willing and does not consent to abide by the final ruling and decision of the Board shall, in the manner and within the time provided by Section 11 of this Act, file notice with said Board, and bring suit in the county where the injury occurred to set aside said final ruling and decision; however, in the event such suit is brought in any county other than the county where the injury occurred, the court in which same is filed shall, upon ascertaining that it does not have jurisdiction to render judgment upon the merit, transfer the case to the proper court in the county where the injury occurred. Provided, however, that notice of said transfer shall be given to the parties and said suit when filed in the court to which the transfer is made, shall be considered for all purposes, the same as if originally filed in said court.

Time for Hearing of Claim

Sec. 18. When an injured workman has sustained an injury in the course of employment and filed claim for compensation and given notice as required by law, the Board shall hear his claim for compensation within a reasonable time. Provided, however, when such injured workman is being paid compensation as provided in this Act, and the institution is furnishing either hospitalization or medical treatment to such workman, the Board may, within its discretion, delay or postpone the hearing of his claim, and no appeal shall be taken from any such order made by the Board.

Amounts to be Set Aside for Awards and Expenses; Accounts; Reports

Sec. 19. The institution covered by this Act is hereby authorized to set aside from available appropriations other than itemized salary appropriations an amount not to exceed three and one-half percent (3½%) of the annual workman payroll of the institution for the payment of all costs, administrative expense, charges, benefits, insurance, and awards authorized by this Act.

The amounts so set aside shall be set up in a separate account in the records of the institution, which account shall show the disbursements authorized by this Act; provided the amounts so set aside in this account shall not exceed three and one-half percent (3½%) of the annual workman payroll at any one time. A statement of the amounts set aside for and disbursements from said account shall be included in reports made to the Governor and the Legislature and required by the statutes.
Art. 8309f

Legal Representative of Institution

Sec. 20. The Attorney General of the State of Texas shall be the legal representative of the institution and is hereby given power and authority to bring and defend all suits and hearings necessary to carry out the purposes of this Act.

Appeals; Notice; Duties of Clerk of Court and Attorneys

Sec. 21. In every case appealed from the Board to any District or County Court, the clerk of such court shall, within twenty (20) days after the filing thereof, mail to the Board a notice giving the style, number, and date of filing such suit, and shall, within twenty (20) days after judgment is rendered in such suit, mail to the Board a certified copy of such judgment. The duties devolving upon district and county clerks under this Act shall constitute a part of their ex officio duties and for such services they shall not be entitled to any fee.

In every such case the attorney preparing the judgment shall file the original and a copy of same with the clerk of the court. However, the failure of such attorney to comply with this provision shall not excuse the failure of the clerk of a district or county court to mail a certified copy of such judgment to the Board as above provided.

Any clerk of a district or county court who fails to comply with the provisions of this Act shall be guilty of a misdemeanor and upon conviction shall be punished by a fine of not more than Two Hundred and Fifty Dollars ($250.00).

Option of Institution as to Appropriations

Sec. 22. The institution covered by this Act shall have an option to set aside available appropriations, depending on the availability of such appropriations, as approved by the Legislature. Under no circumstances shall the institution be obligated to execute this Act should it jeopardize its existing financial operations.

Partial Invalidity

Sec. 23. If any section, sentence, clause or part of this Act is for any reason held to be unconstitutional, such decision shall not affect the remaining portions of this Act. The Legislature hereby declares that it would have passed this Act and each sentence, clause and part thereof despite the fact that one or more sections, sentences, clauses or parts thereof be declared unconstitutional.

(n) Nothing in this Section shall prevent the practice of barbering or practice as a hairdresser or cosmetologist by present holders of "Class B" certificates, but any persons obtaining a "Class B" certificate as that term is defined in House Bill No. 104, Acts of the Forty-first Legislature, First Called Session, 1929, as amended (codified as Article 734a, Penal Code of the State of Texas), after the effective date of this Act shall not engage in the practice of barbering as barbering is defined in the said House Bill No. 104.

Sec. 20b. The board by rule may adopt a system under which certificates expire on various dates during the year. For the year in which the expiration date is changed, certificate renewal fees payable on November 1 shall be prorated on a monthly basis so that each certificate holder shall pay only that portion of the certificate renewal fee which is allocable to the number of months during which the certificate is valid. On renewal of the certificate on the new expiration date, the total certificate renewal fee is payable.

Refusal, Suspension or Revocation of Certificates; Grounds

Operation of Unnumbered Motorboats

Sec. 3. Every undocumented motorboat on the waters of this state shall be numbered, except as provided by exemptions in this Act. No person shall operate or give permission for the operation of any motorboat on such waters unless the motorboat is numbered as required by this Act which numbering system shall be in accord with the Federal Boating Act of 1958 and subsequent Federal legislation thereto, and unless (1) the certificate of number awarded to such motorboat is in full force and effect, and (2) the identifying number set forth in the certificate is properly displayed on each side of the bow of such motorboat.

Identification Number

Sec. 4. (a) The owner of each motorboat requiring numbering by this state shall file an application for number with the department on forms approved by it. The application shall be signed by the owner of the motorboat and shall be accompanied by a fee for which is herein-after provided. Upon receipt of the application in approved form, the department shall enter the same upon the records of its office and issue to the applicant a certificate of number stating the number awarded to the motorboat and the name and address of the owner. The owner shall paint on or attach to each side of the motorboat or vessel near the bow thereof the identification number, and a validation decal, in such manner as may be prescribed by the department. The number shall read from left to right and shall be of block characters of good proportion of not less than three (3) inches in height. The numbers shall be of a color which will contrast the hull material of the vessel and so maintained as to be clearly visible and legible. The certificate of number shall be pocket size. The letters "C", "I", "O", and "Q" shall be omitted from all letter sequences.

(c) The owner of any vessel or motorboat for which a current certificate of number has been awarded pursuant to any Federal law or a federally approved numbering system of another state shall, if such motorboat, or vessel is operated on the waters of this state in excess of ninety (90) days, make application for a certificate of number in the manner prescribed in this Act for a resident of this state.

(d) The department may award any certificate of number directly or may authorize any person to act as agent for awarding of certificates. In the event that a person accepts authorization he shall execute a faithful performance bond of not less than One Thousand Dollars ($1,000) in favor of the State of Texas and may be assigned a block or blocks of numbers and certificates which upon award, in conformity with this Act and with any rules and regulations of the department, shall be valid as if awarded directly by the department. Such agent shall be entitled to a fee for his services not to exceed ten percent (10%) of the fee for each certificate.

(e) The owner shall furnish the department notice of the transfer of all or any part of his interest other than the creation of a security interest in a motorboat numbered in this state or of the destruction or abandonment of such motorboat, within a reasonable time thereof. In all such cases, the notice shall be accompanied by a surrender of the certificate of number. When the surrender of the certificate is by reason of the motorboat being destroyed or abandoned, the department shall cancel the certificate and enter such fact in the records. The purchaser of a motorboat shall within a reasonable time after acquiring same present evidence of ownership thereof and make application to the department for transfer to him of the certificate of number issued to such motorboat, giving his name, address, and number of the motorboat and shall at the same time pay to the department a fee of One Dollar ($1). Upon receipt of the application and fee the department shall transfer the certificate of number issued for such motorboat to the new owner. Unless such application is made and fee paid within a reasonable time, such motorboat shall be deemed to be without certificate of number, and it shall be unlawful for any person to operate such motorboat until the certificate is issued.

(f) All ownership records of the department made or kept pursuant to this Act shall be public records. Copies of all rules and regulations pursuant to this Act shall be furnished without cost with each certificate of number issued.

Changes of address shall be noted on the records of the department.

(i) In the event that any certificate of number becomes lost, mutilated or illegible, the owner of the motorboat for which the certificate was issued may obtain a duplicate upon application to the department and the payment of a fee of One Dollar ($1).

(j) It shall be unlawful for any person to paint, attach, or otherwise display on either side of the bow of any motorboat any number other than the number awarded to said motorboat or granted reciprocity pursuant to this Act.

(k) It shall be unlawful for any person to deface or alter the certificate of number or number assigned and appearing on the bow of any boat.

(l) An application for the renewal of certificate of number shall be prepared by the department and mailed to each vessel owner within a period consisting of the last ninety (90) days before the expiration date on the certificate of number and the same number will be issued upon renewal. Any application not so received shall be treated in the same manner as an original application.

Ownership

Sec. 5. (a) A certified statement on the application for number shall be the minimum requirement for proof of ownership.

(b) Liens: Liens of all kinds, including reservations or transfers of title to secure debts, or claims, will be disregarded in determining ownership of a vessel.

A lien holder who acquires possession and title by virtue of default in the terms of the lien instrument, or any person who acquires ownership through such action as a lien holder, may apply for a number and shall attach to such application a notarized affidavit of repossession.

(c) Transfers by Operation of Law: Any person who acquires ownership of a vessel by inheritance, devise, or bequest may apply for a certificate of number by attaching a notarized heirship affidavit to his application along with the prescribed fee.

Any person who acquires ownership of a vessel by bankruptcy proceedings, through receivership or by any other involuntary divestiture of ownership, may apply for a certificate of number by attaching a copy of the court order, authorizing such action, to his application together with the prescribed fee.

(d) Cancellation of Certificate and Voiding of Number: A certificate of number may be cancelled and the identification number voided by the Department even though such action occurs before the expiration date on the certificate and such certificate is not surrendered to this Department. 1. Surrender of certificate for cancellation.
2. Issuance of new number for the same boat.
3. Issuance of a marine document by the Bureau of Customs for the same vessel.
4. False or fraudulent certification in an application for number.
5. Failure to pay the prescribed fee.

Manufacturer's or Builder's Serial Number

(b) The owner of any vessel not required to carry a manufacturer's serial number may file an application for a serial number with the Department on forms approved by it. The application shall be signed by the owner of the vessel and shall be accompanied by a fee of One Dollar ($1). Upon receipt of the application in approved form, the Department shall enter the same upon the records of its office and issue to the applicant a serial number.

(c) No person shall willfully destroy, remove, alter, cover, or deface the manufacturer's serial number, or plate bearing such serial number, or the serial number issued by the Department, on any boat. The possession of a boat with a serial number which has been altered, defaced, mutilated, or removed, is forbidden, and any person who obtains or comes into possession of such a boat is required to file with the Department a sworn statement describing the boat, proving legal ownership and, if known, the reason for the destruction, removal or defacement of the serial number.

Dealer's and Manufacturer's Number

Sec. 7. (a) Any dealer or manufacturer of motorboats of this state may, instead of securing a certificate of number for each motorboat he may wish to show or demonstrate or test on waters of this State, procure a dealer's and manufacturer's number which shall be attached to any motorboat which he sends temporarily on the waters. The two-year fee for a dealer's
and manufacturer's number shall be Twenty-five Dollars ($25). Every dealer or manufacturer applying for such a number shall apply on forms provided by the Department. The application shall state that the applicant is a dealer or manufacturer within the meaning of this Act, and the facts stated on the application shall be sworn before an officer authorized to administer oaths. No such number shall be issued until the provisions of this Article have been satisfied.

(b) Each dealer or manufacturer holding a dealer's or manufacturer's number may issue a reasonable temporary facsimile of such number which may be used by any authorized person. A person purchasing a motorboat may use the dealer's number for a period not to exceed fifteen (15) days, prior to filing application for number. The form of the facsimile of the dealer's and manufacturer's number and the manner of display shall be prescribed by the Department.

(a) All peace officers and game wardens of this State and its political subdivisions shall have and are hereby given authority as enforcement officers for the purposes of this Act, and they and each of them shall have the power and authority to enforce the provisions of this Act by arrest and the taking into custody any person who may commit any act or offense prohibited by this Act or any person who may violate any provision of this Act. All boat operators underway and sighting a rotating blue beacon light will immediately reduce power and bring their boat to a no wake speed, and subsequent stop, until intentions of water safety boat are understood. Game Wardens are authorized to assist in the search and rescue for victims of water-oriented accidents. The use of rotating blue beacon lights is autho-
rized for Texas Parks and Wildlife and police water safety vessels and none other.

(b) Any such officer in order to enforce the provisions of this Act is hereby given the power and the authority to stop and to board any vessel subject to this Act and to inspect same for compliance with this Act. Any operator of a vessel required to hold a certificate of number aboard the vessel under the provisions of this Act, who fails or refuses, on demand of any officer, to show such officer the certificate of number, shall be deemed guilty of a violation of this Act. Officers so boarding any vessel shall first identify themselves by presenting proper credentials and it shall be unlawful for any person operating a boat on the waters of this State to refuse to obey the directions of such officer when such officer is acting pursuant to this Act. Provided, however, that the safety of the vessel shall always be the paramount consideration of any arresting officer.

(c) If any vessel or associated equipment is used in violation of this Act or regulation or standards issued thereunder so as to create in the judgment of a peace officer or game warden, an especially hazardous condition, he may direct the operator to return to mooring and that the vessel may not be subsequently used until the condition creating the violation is corrected.

(d) Any such officer arresting a person for a violation of this Act may deliver to such alleged violator a written notice to appear (within fifteen (15) days) from and after the date of such alleged violation, before the justice court having jurisdiction of the offense. Such person so arrested shall sign said written notice to appear and thereby promise to make his appearance in accordance with the requirement set forth, whereupon he may be released. It shall be unlawful for any person who has made such written promise to appear before the court in the county having jurisdiction to fail to appear, and such failure to appear at the time specified shall constitute a misdemeanor and warrant for his arrest may be issued.

(e) Venue for any alleged violation or offense under the terms and provisions of this Act shall be in the justice court or county court having jurisdiction where such alleged violation or offense shall have been committed. For any offense under this Act there shall be a presumption that such offense was committed in the justice precinct and county wherein the dam containing such body of water is located.

Fines and Penalties

Sec. 26. It shall be the duty of any justice of the peace, clerk of any court, or any other officer of this State receiving any fine or penalty imposed by any court for violation of this Act within ten (10) days after receipt of such fine or penalty, to remit same to deposit of Special Boat Fund, giving the docket number of the case, name of the person fined, and the section of article of the law under which conviction was secured. In Justice Court cases the amount to be remitted to said Fund shall be eighty-five percent (85%) of such fines and penalties; in County Court cases the amount to be remitted to said Fund shall be eighty percent (80%) of such fines and penalties. All costs of the Court shall be retained by the Court having jurisdiction of the offense to be deposited as other fees in the proper county fund.

The Department shall use the Special Boat Fund for administering the provisions of this Act and purchasing all necessary forms and supplies including the reimbursement of the Department for any such material produced by its existing facilities or work performed by other divisions of said Department, and for acquiring land for recreational purposes, and any remaining funds shall be used to purchase, construct, or maintain boat ramps on or near public waters, as provided in Section 29 of this Act.

(b) Buoys and Markers. In addition to the construction of boat ramps, the Department is authorized to provide for a standardized buoy marking program for the inland waters for the State of Texas. The Department is authorized to purchase and provide the controlling agency of such water bodies with buoys and markers from remaining funds in excess of the cost of administering this Act.

Uniformity

Sec. 30. In the interest of uniformity it is hereby declared to be a basic policy of the State of Texas that the basic authority for the enactment of boating regulations is reserved to the State.

Acceptance of Federal Grants

Sec. 31. The Parks and Wildlife Department is authorized to apply to any appropriate agency or officers of the United States for participation in or the receipt of aid from any Federal programs as now provided by Federal law or as may hereafter be enacted which relates to water safety, including acquisition, maintenance and operating cost of facilities, purchase of equipment and supplies, personnel salaries and other Federally-approved reimbursable expenses, including but not limited to the cost of training personnel, public boat safety information and education, and general administrative and enforcement costs. The Parks and Wildlife Department is specifically authorized to enter into contracts or agreements with the United States for the purpose of complying with all necessary requirements for the receipt of funds made available under any Federal Act later passed and as said Act shall hereafter be amended by Congress.

The binding shall be of the best style and workmanship and in law buckram of the best quality, and the title page of each volume shall recite and show that it is published by authority of the State of Texas, and each shall be authenticated by the certificate of the Secretary of State annexed thereto, as other laws when published are required to be certified; and said State Board of Control shall require said edition to be electrotyped and shall secure and preserve the plates as the property of the State, same to be delivered to the Secretary of State.

Sec. 23j. Copies for Officials.—The Secretary of State shall furnish one copy of each volume to each member of the Legislature including the Lieutenant Governor and to each county judge in the State and shall in addition thereto furnish each county judge of the State a sufficient number of each of said volumes to supply each elective county and precinct officer with one copy of each of said volumes and the Secretary of State shall furnish one copy of each volume to each of the judges of the Supreme Court, the Courts of Civil and Criminal Appeals, to each district judge, to each district attorney, and each executive at the seat of government and four copies to the librarian of the State Library.
