The commission must approve or disapprove the petition by written order within 30 days after the date of receipt of the petition. A written order approving the petition constitutes reissuance of the certificate of need;

Sec. 4. (a) The Authority shall be governed by a Board of Directors consisting of not less than seven (7) nor more than eleven (11) members to be determined at the time of creating the Authority. Unless otherwise provided in the resolution authorizing the issuance of bonds or the Trust Indenture securing them, the number of Directors may be increased or decreased from time to time by amendment to the ordinance creating the Authority adopted by the Governing Body of the City or ordinances creating the Authority adopted by the Governing Bodies of the Cities, but no decrease in number shall have the effect of shortening the term of any incumbent Director. Except as hereinafter in this Section provided, the first Directors shall be appointed by the Governing Body of the City or the Governing Bodies of the Cities, and they shall serve until their successors are appointed as hereinafter provided. If Authority includes more than one City, each Governing Body shall appoint an equal number of Directors unless otherwise agreed by the Cities. When the Authority issues its revenue bonds the resolution authorizing the issuance of the bonds or the Trust Indenture securing them may prescribe the method of selecting and the term of office of a majority of the members of the Board. The Board of Directors may not, however, provide for the delegation to such committees of the Authority of the power to issue bonds, enter into or amend a lease of a Hospital or a management agreement with respect to a Hospital or to employ or discharge a manager or executive director. The Board may employ a manager or executive director of the Hospital and such other employees, experts and agents as it may see fit, or enter into a management agreement with any person and it may delegate to the manager the power to manage the Hospital and to employ and discharge employees. The Board may lease the Hospital as otherwise provided by law and may employ legal counsel.

Sec. 5. The Board of Directors shall elect from among their members a president and vice-president, and shall elect a secretary and a treasurer who may or may not be Directors, and may elect such other officers as may be authorized by Authority’s bylaws. The offices of secretary and treasurer may be combined. The president shall have the same right to vote on all matters as other members of the Board. A majority of the members of the Board shall constitute a quorum and when a quorum is present action may be taken by a majority vote of Directors present. If the bylaws so provide, the Board of Directors, by resolution adopted by a majority of the Directors in office, may designate one or more committees, which, to the extent and in the manner provided in such resolution or in the bylaws, shall have and exercise the authority of the Board of Directors in the management of the Authority. Each such committee shall consist of two or more persons who are directors and may have additional nonvoting members who, if such resolution or the bylaws so provide, need not be directors. The Board of Directors may not, however, provide for the delegation to such committees of the Authority of the power to issue bonds, enter into or amend a lease of a Hospital or a management agreement with respect to a Hospital or to employ or discharge a manager or executive director. The Board may employ a manager or executive director of the Hospital and such other employees, experts and agents as it may see fit, or enter into a management agreement with any person and it may delegate to the manager the power to manage the Hospital and to employ and discharge employees. The Board may lease the Hospital as otherwise provided by law and may employ legal counsel.

chase existing Hospitals, furnishings and equipment for its Hospitals, and to operate and maintain Hospitals. A Hospital need not be located within the City or Cities.

Revenue Bonds

Sec. 7. The Authority may issue revenue bonds to provide funds for any of its purposes. Such bonds shall be payable from and secured by a pledge of all or any designated part of the revenues to be derived from the operation of the Hospital or Hospitals and any other revenues resulting from the ownership of the Hospital properties. The bonds may be additionally secured by a mortgage or deed of trust on real property of Authority or by a chattel mortgage on its personal property, or by both.

Procedure for Bond Issue; Requisites; Maturity; Sales; Registration

Sec. 8. The bonds shall be authorized by resolution adopted by a majority vote of a quorum of the Board of Directors, and shall be signed by the president or vice-president and countersigned by the secretary, or either or both of their facsimile signatures may be printed thereon. The seal of the Authority shall be impressed or printed thereon. The bonds shall mature serially or otherwise in not to exceed forty (40) years and may be sold at a price and under terms determined by the Board of Directors to be the most advantageous reasonably obtainable, provided that the net effective interest rate as defined by law in Article 717k–2 does not exceed ten per cent (10%) per annum, and within the discretion of the Board, may be made callable prior to maturity at such times and prices as may be prescribed in the resolution authorizing the bonds, and may be made registrable as to principal or have to both principal and interest.

Operation of Hospital; Rates Charged; Creation of Funds; Lease Conditions

Sec. 14. The Hospital shall be operated without the intervention of private profit for the use and benefit of the public. But it shall be the duty of the Board of Directors to charge sufficient rates for services rendered by the Hospital and to utilize other sources of its revenues that revenues will be produced sufficient to pay all expenses in connection with the ownership, operation and upkeep of the Hospital, to pay the interest on the bonds as it becomes due, to create a sinking fund to pay the bonds as they become due, and to create and maintain a bond reserve fund and other funds as provided in the Bond Resolution or Trust Indenture. In the event the Hospital is leased, it shall be the duty of the Board of Directors to provide for the payment of lease rentals in the lease which will be sufficient, when taken with other pledged sources of its estimated revenues, and to pay the interest on the bonds as it becomes due, to create a sinking fund to pay the bonds as they become due, and to create and maintain a bond reserve fund and other funds as provided in the Bond Resolution or Trust Indenture. The Bond Resolution or Trust Indenture may prescribe systems, methods, routines and procedures under or in accordance with which the hospital shall be operated.

[See Compact Edition, Volume 4 for text of 15 to 17]

Investment of Funds and Proceeds of Bonds

Sec. 18. The law as to the security for and the investment of funds, applicable to Cities, shall control, insofar as applicable the investment of funds belonging to Authority. The Bond Resolution or the Indenture or both may further restrict the making of such investments. In addition to other powers Authority shall have the right to invest the proceeds of its bonds, until such money is needed, in the manner authorized in the Bond Resolution or Indenture, and the proceeds of its bonds may be deposited in such banks and may be paid out pursuant to such terms as may be provided in the Bond Resolution or Trust Indenture.

Land previously acquired by an issuer in the exercise of the power of eminent domain may be sold or leased, under the provisions of this Act; provided that the governing body of the issuer determines that (a) such use will not interfere with the purpose for which such land was originally acquired or that such land is no longer needed for such purpose, (b) at least seven years have elapsed since such land was so acquired, and (c) such land was not acquired for park purposes unless such sale or lease of park land has been approved at an election held under the authority of Article 1112, Revised Civil Statutes of Texas.
Sec. 7. (a) Each issuer is hereby authorized to provide by resolution, from time to time, for the issuance of negotiable revenue bonds or notes or any other evidences of indebtedness for the purpose of paying all or any part of the cost of a hospital project. The bonds or notes of each issue shall be dated, shall bear interest at such rate or rates, and shall mature at such time or times, not exceeding 40 years from their date, as may be determined by the issuer and may be made redeemable before maturity, at the option of the issuer, at such price or prices and under such terms and conditions as may be determined by the issuer.

(b) The principal of, redemption premium, if any, and the interest on such bonds or notes shall be payable from and secured by a pledge of any or any other revenues, if any, of the ownership, operation, lease, use, mortgage, and/or sale of the hospital project for which such bonds or notes have been issued and/or from such other revenues, if any, as may be provided by a non-profit corporation, all as specified by the resolution of the governing body or in any trust indenture or other instrument securing the bonds or notes.

(c) One or more series of bonds or notes may be issued for each hospital project or any hospital projects may be combined in one or more series of bonds or notes if the governing body, in the exercise of its discretion, deems the same to be in the best interest of the issuer, but each hospital project may be considered separately with respect to the provisions of Sections 8 and 9 of this Act.

(d) The issuer shall determine the form of the bonds or notes, including any interest coupons to be attached thereto, and shall determine the denomination or denominations of the bonds or notes and the place or places of payment of principal, redemption premium, if any, and interest. Provision may be made for execution of the bonds or notes and coupons, if any, under the provisions of Chapter 204, Acts of the 57th Legislature, 1961, as amended (Article 717c–1, Vernon's Texas Civil Statutes). In cases where any officer whose signature or a facsimile of whose signature shall appear on any bonds, notes, or coupons shall cease to be such officer before the delivery of such bonds or notes, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes, the same as if he had remained in office until such delivery. The bonds or notes may be issued in coupon or in registered form, or both, or may be payable to a specific person, as the issuer may determine, and provisions may be made for the registration of any coupon bonds or notes as to the principal alone and also as to both principal and interest, and provision may be made for the conversion of coupon bonds or notes into registered bonds or notes without coupons and for the reconversion into coupon bonds or notes of any registered bonds or notes without coupons. If the duty of such conversion or reconversion is imposed upon a trustee in a trust agreement, the substituted bonds or notes need not be reapproved by the Attorney General of Texas, and they shall remain incontestable. The issuer shall sell the bonds or notes at such price or prices as shall be determined by the governing body of the issuer.

(e) The proceeds of the bonds or notes shall be used solely for the payment of the cost of the hospital project for which the bonds or notes were issued, and shall be disbursed in such manner and under such restrictions, if any, provided in the resolution authorizing their issuance or in the trust agreement securing the same. If the proceeds of the bonds or notes shall exceed the cost of the hospital project for which the same shall have been issued, the surplus shall be deposited to the credit of the sinking fund for such bonds or notes.

(f) From the proceeds from the sale of the bonds or notes, the governing body may set aside amounts for payments into reserve funds, and provisions for such funds may be made in the resolution authorizing the bonds or notes or any instruments securing the same. The proceeds from the sale of the bonds or notes may be invested: (1) in direct, indirect, or guaranteed obligations of the United States government or its agencies maturing in the manner that may be specified by the resolution authorizing the bonds or notes or any instrument securing the bonds or notes; or (2) in certificates of deposit of any bank or trust company which deposits are secured by such obligations. Any bank or trust company with trust powers may be designated by the governing body to act as depository of the proceeds of the bonds or notes or of contract or lease revenues. Such bank or trust company shall furnish such indemnifying bonds or pledge such securities as may be required by the issuer to secure the deposits.

(g) Prior to the preparation or issuance of definitive bonds or notes, the issuer may issue interim receipts or temporary bonds or notes, with or without coupons, exchangeable for definitive bonds or notes when such bonds or notes shall have been executed and are available for delivery. Such interim receipts or temporary bonds or notes shall be for a maximum term of two years. The issuer shall submit such interim receipts or temporary bonds or notes to the Attorney General of Texas in accordance with Subsection (i) of this Section 7.

(h) Bonds or notes may be issued in accordance with the provisions of this Act without obtaining the consent of any department, division, commission, board, bureau, or agency of the State of Texas, and
without any proceedings or the happening of any conditions or things other than those proceedings, conditions, or things which are specifically required by this Act.

(i) After issuance of the bonds or notes is authorized and before the bonds or notes may be delivered to the purchaser thereof, the bonds or notes and the proceedings authorizing their issuance and securing the bonds or notes shall be presented to the Attorney General of Texas for examination. Where such bonds or notes recite that they are secured by a pledge of all or any part of the revenues of the issuer to be derived from any lease or other contract, such contracts shall also be submitted to the Attorney General of Texas. If the attorney general finds that such bonds or notes have been duly authorized in accordance with the constitution and laws of the State of Texas and that such contracts, if any, submitted to him securing any relating to the bonds or notes have been made in accordance with the constitution and laws of the State of Texas, he shall approve the bonds or notes and such contracts. The bonds or notes when approved shall be registered by the Comptroller of Public Accounts of the State of Texas. After such approval and registration, the bonds or notes and any and all contracts submitted therewith shall be valid and binding obligations in accordance with their terms, and shall be incontestable, in any court or other forum.

(j) Nothing in this Act shall supersede the provisions of the state certificate of need law.

(k) Before authorizing the issuance of any bonds or notes or calling an election on any matters authorized by this Act, the issuer shall deposit with the chief administrative officer of the issuer a full and complete description of any proposed hospital project, including a detailed listing and explanation of projected costs, the reasons for the hospital project, and the names of the owners of the nonprofit corporation for whom the hospital project is to be constructed. All of the information deposited or required to be deposited by this section is public information.

Resolution for Issuance of Bonds or Notes; Publication; Protests of Issuance; Election

Sec. 8. Before issuing any bonds or notes in accordance with the provisions of this Act, the governing body of an issuer shall adopt a resolution declaring its intention to do so and stating the maximum amount of bonds or notes proposed to be issued, the purpose for which the bonds or notes are to be issued, and the tentative date, time, and place at which the governing body proposes to authorize the issuance of such bonds or notes. A substantial copy of such resolution shall be published three times in a newspaper or newspapers of general circulation in the territorial limits of the issuer. The first publication shall be made not more than 45 days prior to the tentative date fixed in such resolution and the third publication shall be made not less than 10 days prior to the tentative date fixed in such resolution for the authorization of the bonds or notes. If at least 5 percent or 20,000 of the qualified electors of the issuer, whichever is less, shall file a written protest against the issuance of such proposed bonds or notes at no later than the close of business the business day before the tentative date specified for the authorization of such bonds or notes, then an election on the question of the issuance of such bonds or notes shall be called and held as herein provided. If no such protest is filed, then such bonds or notes may be issued by the issuer without an election at any time within a period of two years after the tentative date specified in the resolution; provided, however, that the governing body of an issuer, in its discretion, may call an election on such question, in which event it shall not be necessary to publish the notice of its intention to issue bonds or notes as provided herein.

Election on Issuance of Bonds or Notes

Sec. 9. If an election is called, notice thereof shall be published three times in a newspaper or newspapers of general circulation in the territorial limits of the issuer. The first publication shall be made not more than 45 days prior to the date fixed for such election, and the third publication shall be made not less than 10 days prior to the date fixed for such election. The election shall be conducted in accordance with the general laws of Texas pertaining to bond elections in cities, except as modified by the provisions of this Act. The order calling the election shall specify the date of such election, the place or places of holding the election, and the presiding judge and alternate judge for each voting place, and shall provide for clerks as provided in the Election Code of the State of Texas. The form of ballot shall be in conformity with the applicable provisions of such election code and the ballots shall provide for voting for or against the following proposition: “The issuance of revenue bonds or notes or other evidences of indebtedness for the hospital project or hospital projects.” As soon as practicable after such election is held, the governing body of the issuer shall convene and canvass the returns of the election, and in the event a majority of the voters voting in such election approves the proposition, such governing body shall so find and declare and shall be authorized to proceed with the authorization of bonds or notes. No election shall again be called on the proposition of issuing revenue bonds or notes for any hospital project which has been defeated by a majority of the voters voting in an election within six months of the proposed new election, and no bonds or notes shall be issued for any such hospital project until a majority of the voters voting in an
election held for that purpose approve the issuance of such bonds or notes.

Sec. 10. Any lease or other contract entered into pursuant to this Act may be for such term as the parties may agree, and may provide that it shall continue in effect until the bonds or notes specified therein, or refunding or substitution bonds or notes issued in lieu of such bonds or notes, are fully paid or provision has been made for their final payment.

Refunding Bonds or Notes

Sec. 11. An issuer is hereby authorized to provide by resolution for the issuance of its revenue refunding bonds or notes for the purpose of refunding any bonds, notes, or other evidences of indebtedness then outstanding, issued to provide a hospital project, which bonds, notes, or evidences of indebtedness may or may not have been issued under the provisions of this Act, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds, notes, or evidences of indebtedness. The bonds, notes, or evidences of indebtedness previously issued and to be refunded by the revenue refunding bonds or notes described in this Section 11 need not have been originally issued by the issuer of the revenue refunding bonds or notes. The issuance of such bonds or notes, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties, and obligations of the issuer in respect of the same, shall be governed by the provisions of the Act insofar as the same may be applicable. Within the discretion of the issuer, the refunding bonds or notes may be issued in exchange or substitution for outstanding bonds, notes, or other evidences of indebtedness or may be sold and the proceeds used for the purpose of paying or redeeming outstanding bonds, notes, or other evidences of indebtedness.

Securing Bonds or Notes by Trust Agreement

Sec. 12. (a) Any bonds or notes issued under the provisions of this Act may be secured by a trust agreement by and between the issuer and a corporate trustee, which may be any trust company or bank having the powers of a trust company within the State of Texas. Any such trust agreement may pledge or assign lease income, contract, payments, fees, or any other charges to be received from a non-profit corporation. Such bonds or notes, within the discretion of the governing body of the issuer, may be additionally secured by a mortgage, a deed of trust lien, or other security interest upon a designated hospital project vesting in the trustee power to sell such hospital project for the payment of the indebtedness, power to operate such hospital project, and all other powers and authority for the further security of the bonds or notes.

(b) The trust agreement may evidence a pledge of all or any part of the revenues of the issuer to be derived from the ownership, operation, lease, use, mortgage, and/or sale of any hospital project for the payment of principal of, redemption premium, if any, and interest on such bonds or notes as the same shall become due and payable and may provide for the creation and maintenance of reserves. Any such trust agreement or any resolution providing for the issuance of such bonds or notes may contain such provisions for protecting and enforcing the rights and remedies of the holders thereof as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the issuer and the non-profit corporation in relation to the acquisition of property and the construction, improvement, maintenance, repair, operation, and insurance of the hospital project in connection with which such bonds or notes shall have been issued, and the custody, safeguarding, and application of all money. Any such trust agreement may set forth the rights and remedies of the bondholders or note-holders and of the trustee, and may restrict the individual right of action by bondholders or note-holders as is customary in trust agreements or trust indentures securing bonds and debentures of corporations. In addition to the foregoing, any such trust agreement may contain such provisions as the issuer may deem reasonable and proper for the security of the bondholders or note-holders and may also contain provisions governing the issuance of bonds and notes to replace lost, stolen, or mutilated bonds or notes. All expenses incurred by any issuer in carrying out the provisions of any such trust agreement may be treated as a part of the cost of the operation of the hospital project with respect to which the bonds or notes have been issued.

Default in Payment of Bonds or Notes; Enforcement by Mandamus or by Appointment of Receiver

Sec. 13. Any agreement or contract made in accordance with the provisions of this Act may contain a provision that, in the event of a default in the payment of the principal of, redemption premium, if any, or the interest on bonds or notes issued in accordance with, or relating to, such agreement, or in the performance of any agreement contained in the proceedings, mortgage, or instruments relating to such bonds or notes, such payment and performance may be enforced by mandamus or by the appointment of a receiver in equity with power to charge and collect rates, rents, or contract payments and to apply the revenues from the hospital project in accordance with such resolution, mortgage, or instruments.

Foreclosure of Mortgage to Secure Bonds or Notes

Sec. 14. Any mortgage to secure bonds or notes issued in accordance with the provisions of this Act
may also provide that, in the event of a default in the payment thereof or the violation of any agreement contained in the mortgage, the property secured by the mortgage may be foreclosed and sold under proceedings in equity or in any other manner now or hereafter permitted by law. Such mortgage may also provide that any trustee under such mortgage or the holder of any of the bonds or notes secured thereby may become the purchaser at any foreclosure sale if the highest bidder therefor.

Sec. 15. If an authority issues bonds or notes in accordance with the provisions of this Act, notwithstanding any provision of law, and under no circumstances, shall the method of selecting and the term of office of any of the members of the governing body of such authority be prescribed in the resolution authorizing the issuance of such bonds or notes, the trust agreement securing such bonds or notes, or any other agreement relating to such bonds or notes.

Sec. 16. Except as limited by the provisions of this Act, each governing body of an issuer shall have full and complete authority with respect to bonds or notes of such issuer, lease agreements in which such issuer is lessor, sales agreements, and all other contracts and the provisions thereof.

Sec. 17. In carrying out the purposes of this Act, the issuer will be performing an essential public function and any bonds or notes issued by it and their transfer and the interest therefrom, including any profits made from the sale thereof, shall at all times be free from taxation by the State of Texas or any municipality or political subdivision thereof.

Sec. 18. Bonds or notes issued under the provisions of this Act, and coupons, if any, representing interest thereon, shall when delivered be deemed full and complete authority with respect to bonds or notes of such issuer, lease agreements in which such issuer is lessor, sales agreements, and all other contracts and the provisions thereof.

Sec. 19. Unless the bonds and notes issued under this Act are ineligible for investments in accordance with the criterion established in other statutes, rulings, or regulations of the State of Texas or the United States, then the bonds and notes under this Act shall be and are hereby declared to be legal and authorized investments for any banks; savings banks; trust companies; building and loan associations; insurance companies; fiduciaries; trustees and guardians; and sinking funds of cities, towns, villages, counties, school districts, and other political corporations or subdivisions of the State of Texas. Such bonds or notes shall be eligible to secure the deposit of any and all public funds of the State of Texas and any and all public funds of cities, towns, villages, counties, school districts, and other political corporations or subdivisions of the State of Texas, and they shall be lawful and sufficient security for said deposits at their face value when accompanied by all unmatured coupons, if any, appurtenant thereto.

Expenses of Relocation, Rerouting, Altering Construction, etc.

Sec. 20. In the event any issuer, in the exercise of the power of relocation or any other power, makes necessary the relocation, raising, lowering, rerouting, or changing the grade of, or altering the construction of any highway, railroad, electric transmission line, cable television transmission line, telegraph or telephone properties and facilities, or pipelines, all such necessary relocation, raising, lowering, rerouting, changing of grade, or alteration of construction shall be accomplished at the sole expense of the issuer or the non-profit corporation. Such expense shall be paid from the proceeds of the sale of the bonds or notes. The term “sole expense” shall mean the actual cost of such relocation, raising, lowering, rerouting, changing the grade of, or alteration of construction to provide comparable replacement, without enhancement, of such facilities, after deducting therefrom the net salvage value derived from the old facility.

Sec. 21. The provisions of this Act are severable. If any word, phrase, clause, paragraph, sentence, section, part, or provision of this Act or the application thereof to any person or circumstance shall be held to be invalid or unconstitutional, the remainder of this Act shall nevertheless be valid; and the legislature hereby declares that this Act would have been enacted without such invalid or unconstitutional word, phrase, clause, paragraph, sentence, section, part, or provision.

Sections 2 and 3 of the 1975 amendatory act provided:

"Sec. 2. If any provision of this Act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable."

"Sec. 3. All laws and parts of laws in conflict herewith are hereby repealed."

Disciplinary Action

Sec. 11. (1) The board shall be authorized to revoke, suspend, or refuse to renew, a nursing home administrator's license after due notice and hearing upon the following grounds or any of them:

(a) upon proof that such licensee has wilfully or repeatedly violated any of the provisions of this Act or the rules adopted in accordance therewith;

Art. 4447r. Cooperative Associations by Eligible Institutions

Establishment; Names; Purposes
Sec. 1. Associations may hereafter be established for the purpose of enabling “eligible institutions” (as defined in this Act) to cooperate with each other for the purposes named in this Act. Only eligible institutions can become members of associations established under this Act. Each association chartered under this Act shall contain as part of its name the words “Cooperative Association,” and its purposes shall be limited to establishing, operating, and maintaining a “system” or “systems” (as defined in this Act) on a cooperative basis solely for the use and benefit of eligible institutions. Eligible institutions are authorized to create and establish each association only under such terms and conditions as may be prescribed by the governing bodies of the respective eligible institutions.

Definitions
Sec. 2. The following terms used in this Act shall have the following meanings:

(1) The term “eligible institutions” shall include only health-related state-supported institutions, including, but not limited to, Texas A&M University System, The University of Texas System, and Texas Woman’s University, and nonprofit health-related institutions, a unit of which is situated in any county of this state having a population in excess of 1,600,000 inhabitants according to the most recent federal census. In addition to other activities, such entities must be engaged in health-related pursuits to become eligible institutions, and must be exempt from federal income tax. It is not a requirement of this Act that any component institution of any state-supported institution be a member of any association created under this Act, but any one or more of such component institutions may be a member of any one or more associations.

(2) The term “system” shall include all properties and facilities necessary, incidental, and appropriate for the purposes of providing laundering services, central heating and cooling services (including steam and chilled water supply), cable television and other communication services, including transmission of x-rays, records, and other copy, parking facilities and traffic control facilities and devices on private streets, and food processing and dietary food preparation and supply services, together with the buildings and land (whether leasehold or other interests) necessary to provide the foregoing services, properties and facilities, all by and for the benefit of the members of the cooperative associations created under this Act.

Sec. 3. Each association established under this Act shall have the following specific powers, rights, and functions:

(1) to acquire, own, and operate a system or systems on a cooperative basis solely for the benefit of the eligible institutions which are members of the association and to engage in such activities for the benefit of such members as are necessarily related to the acquisition, ownership, operation, and maintenance of the system or systems as defined in this Act;

(2) to acquire by purchase, lease, or otherwise, lands and estates in lands (whether leasehold or otherwise) appropriate or reasonably incidental to the system or systems as defined in this Act; to own, hold, improve, develop, and manage any real estate so acquired; to construct, or cause to be constructed, improve, enlarge, and equip buildings or other structures on any such real estate; and to encumber and dispose of any lands or estates in lands and any such buildings or other structures at any time owned or held by the association;
(3) to acquire by purchase, lease, manufacture, or otherwise, any personal property appropriate or reasonably incidental to the system or systems as defined in this Act; and

(4) to borrow or raise money; to sell, grant security interests in, pledge, and otherwise dispose of and realize upon accounts receivable, contract rights, and other choses in action; and to make, draw, accept, endorse, execute, and issue bonds, debentures, notes, or other obligations for money so borrowed or in payment for property purchased, and to secure the payment thereof by mortgage upon, or creation of security interests in, or pledge of, or conveyance or assignment in trust of, the whole or any part of the property, real or personal, of the association, all of the above being authorized to the extent necessary to accomplish the purposes set forth in this Act.

Public Funds

Sec. 4. No public funds appropriated to any department of the state government or to any state institution shall be used in establishing any association authorized by this Act.

Articles of Incorporation

Sec. 5. Eligible institutions desiring to establish associations hereunder may, in the exercise of the rights herein granted and subject to the limitations herein provided, prepare and file articles under the general corporation laws of the State of Texas, which corporation laws, including the Texas Business Corporations Act, shall upon such filing govern such associations except wherein such laws conflict with the provisions of this Act.

Franchise Tax Exemption; Reports; Surplus Revenue

Sec. 6. The associations established under this Act shall be purely cooperative and not for profit, and shall not be required to pay any annual franchise tax, but shall nevertheless file a written report to the secretary of state showing their assets and the condition of their affairs annually. Such associations may by their directors, in accordance with their bylaws, pass any surplus revenue derived from each system to the surplus fund or divide such funds among the members thereof in proportion to their respective contributions to the working capital of the association and patronage of their members.

Loaning Money to Members

Sec. 7. The associations established under this Act shall not have the power to loan money to their members.

Loans From Public or Private Sources; Services and Costs

Sec. 8. The associations established under this Act shall only have the powers enumerated in Section 3 of this Act. The creation, operation, or maintenance of each system may be accomplished in whole or in part with the proceeds of loans obtained from any public or private source. Such associations are authorized to furnish services from each system to any and all eligible institutions and to determine the amounts to be charged as the cost of furnishing such services.

Bonds, Notes or Other Obligations

Sec. 9. From time to time each association established under this Act shall have authority to borrow money and to deliver evidences of indebtedness to include bonds or notes in such amounts as may be necessary for the purpose of creating, enlarging, operating, or maintaining the system or systems. Such bonds, notes, or other evidences of indebtedness authorized by this Act shall be paid solely from the revenues received from the operation of the system or systems or from funds specifically provided for that purpose from other sources, and said revenues and funds may be pledged to secure the payment of such bonds, notes, or other evidences of indebtedness. Said bonds, notes, or other evidences of indebtedness authorized under this Act shall never constitute indebtedness of the State of Texas or of any of the eligible institutions that are members of any association, and the holders thereof shall never have the right to demand or to enforce payment of principal or interest of the bonds, notes, or other evidences of obligations out of funds, other than those specifically pledged to the payment thereof.

Bonds as Legal and Authorized Investments

Sec. 10. All bonds of the associations established by this Act shall be and are hereby declared to be legal, eligible, and authorized investments for banks, savings and loan associations, insurance companies, fiduciaries, and trustees.

Election to Membership; Voting Rights; Suspension or Expulsion; Transfer of Membership Certificates

Sec. 11. (a) Membership in the associations established under this Act shall be limited to eligible institutions and can be obtained only by election to membership at the time of organization by the organizers thereof, or by the board of directors of the association, when organized under such rules and limitations as may be contained in the bylaws. Members shall have voting rights in the management of the affairs of the association contained in the bylaws of the association.

(b) Members may be suspended or expelled for misconduct under such rules and regulations as may be prescribed in the bylaws. In case of expulsion, the association shall pay to the members such amount and at such time as may be fixed in its bylaws in cancellation of such membership; provided, however, that such member's contractual obligations pledged to the payment of the association's notes, bonds, or other evidences of indebtedness shall have been fully paid or provided for.

Rule 47a. Form and Contents of Birth Certificates; Supplementary Certificate; Certificates of
Adoption, Annulment and Revocation.—The stan-
dard certificate of birth shall be in such form and
shall provide for such items of information as may
be prescribed by the State Department of Health.
All items prescribed on the certificate of birth are
hereby declared necessary for the legal, social and
sanitary purposes subserved by registration records.
Provided that the name of the father, or any infor-
mation by which he might be identified, shall not be
written into the birth or death certificate of any
illegitimate child; and provided further, that any
statement that the father of an illegitimate child
wishes to make as to its parentage may, when placed
in the form of an affidavit, be attached to the
original birth record. The state registrar, county
clerk, or local registrar shall not issue a certified
copy disclosing illegitimacy or otherwise disclose ille-
gitimacy unless the issuance of the certified copy or
the disclosure is authorized by order of the county
court of the county in which the birth, death, or
fetal death occurred or unless the person applying
for the certified copy is the natural mother of the
illegitimate child and such child has not been adopted
by other parties. The State Department of Health
shall be specifically authorized to use and to provide
programs to notify the mothers of young children about
health needs for the children.

Subject to the regulations of the State Depart-
ment of Health, any person:

(a) legitimated by the subsequent marriage of
its parents;

(b) whose parentage has been determined by
a court of competent jurisdiction; or

(c) adopted under the law existing at the time
of adoption in this state or any other state or
territory of the United States of America may
request the state registrar to file a supplemen-
tary certificate of birth on the basis of the
status subsequently acquired or established and
of which proof is submitted.

The application to file a supplementary certificate of
birth may be filed by the person, if of age, or a legal

shall require such proof in these cases as the State
Department of Health may by regulation prescribe.
The preparation and filing of supplementary certifi-

the regulations of the State Department of Health.
Provided, however, that when a child is adopted the
new birth certificate shall be in the names of the
parents by adoption, and the copies of birth certifi-
cates or birth records made therefrom shall not
disclose the child to be adopted. After the supple-
mentary certificate is filed, any information dis-

certificate of birth and to the documents filed upon
which the supplementary certificate is based shall
not be authorized except upon order of a court of
competent jurisdiction.

A certificate of each adoption, annulment of
adoption, and revocation of adoption ordered or de-
 creed in this state shall be filed with the state
registrar as hereinafter provided. The information
necessary to prepare the certificates shall be sup-
plied to the clerk of the court by the petitioner for
adoption, annulment of adoption, or revocation of
adoption at the time the petition is filed. The clerk
of the court shall thereupon prepare the certificate
on a form furnished by and containing such items of
information as may be determined by the State
Department of Health and shall, immediately after
the decree becomes final, complete the certificate.
On or before the 10th of each month, the clerk shall
forward to the state registrar the certificates com-
pleted by him for decrees which have become final
during the preceding calendar month.

Provided, that the above provisions shall not, in
any way, be construed as affecting the property
rights of natural or adoptive parents or of natural or
adopted children, or as amending, modifying, or
repealing any of the present laws of the State of
Texas governing descent and distribution of proper-
ty.

Subject to the regulations of the State Depart-
ment of Health, any person whose name has been
changed by court order may request the state regis-
tracer to attach to the original birth record an amend-

attach such amendment may be made by the person,
if of age, or a legal representative of the person.
The state registrar shall require such proof of
change of name as the State Department of Health
may by regulation prescribe.

[Amended by Acts 1975, 64th Leg., p. 227, ch. 86, § 1, eff. Sept. 1, 1975.]

Art. 4477-10. Treating and Conveying Waste in Cities of 1,200,000 or More

Application

Sec. 1. This Act shall be applicable to all incorporated cities, including home-rule cities, having a population of 1,200,000 or more according to the last preceding federal census (hereinafter called “eligible city”).

Acquisition of Property; Construction of Improvements; “Waste” Defined

Sec. 2. An eligible city is authorized to acquire, by purchase, lease or otherwise, any or all property (real, personal or mixed) and to construct or otherwise acquire, improve and equip any property for the purposes of treating and conveying waste, including, but not limited to waste treatment facilities including plants, disposal fields, lagoons and areas devoted to sanitary landfills for the purposes of treating, neutralizing, stabilizing or disposal of waste, and sewer systems including pipelines, conduits, canals, pumping stations, force mains, and all other constructions, devices, and appurtenant appliances used to transport waste (such waste treatment facilities and sewer systems are hereinafter called “project” or “projects”). An eligible city is also authorized to enter into leases and other contracts, including installment sale agreements, with persons, firms or corporations to use or acquire a project or projects of such city and to enter into agreements under which the project or projects may be operated on behalf of such city; such leases, contracts and agreements to contain such terms and conditions as the eligible city deems appropriate. Each and all of the foregoing purposes are hereby found and declared to be public purposes and proper municipal functions. The term “waste” as used in this section has the meaning defined in the Texas Water Quality Act, codified as Chapter 21 of the Texas Water Code, as heretofore and hereafter amended.¹

Issuance of Bonds

Sec. 3. For any purpose or purposes authorized under Section 2 of this Act, the governing body of an eligible city may issue its revenue bonds from time to time in one or more series to be payable from and secured by liens on all or part of the revenues derived from any project or projects.

Ordinances Authorizing Bonds; Maturity; Registration as “Security”; Disposition of Proceeds from Sale; Property Tax

Sec. 4. (a) Said bonds may be issued when authorized by ordinance duly adopted by an eligible city’s governing body and may mature serially or otherwise within not to exceed 40 years from their date or dates, and provision may be made for the subsequent issuance of additional parity bonds, or subordinate lien bonds, under any terms or conditions that may be set forth in the ordinance authorizing the issuance of such bonds.

(b) Said bonds, and any interest coupons appertaining thereto, shall be deemed to be a “security” within the meaning of Chapter 8, Investment Securities, Uniform Commercial Code (Chapter 785, Acts of the 60th Legislature, Regular Session, 1967).¹ The bonds may be issued registrable as to principal alone or as to principal and interest, and may be issued in such form, denominations, and manner, and under such terms, conditions and details, and may be sold in such manner, at such price, and under such terms, and such bonds shall bear interest at such rates, all as shall be determined and provided in the ordinance authorizing the issuance of the bonds.

(c) If so provided in said ordinance, the proceeds from the sale of the bonds may be used for paying interest on the bonds during and after the period of the acquisition, construction or improvement of any project or projects, for paying expenses of operation and maintenance of said project or projects, for creating a reserve fund for the payment of the principal of and interest on the bonds, and for establishing any other funds. The proceeds of sale of the bonds may be placed on time deposit or invested, until needed, all to the extent, and in the manner provided, in the bond ordinance.
(d) An eligible city is authorized to levy and pledge to the payment of the operation and maintenance of any project or projects, either as a supplement to the pledge of revenues for such purpose or in lieu thereof, a continuing annual ad valorem tax at a rate or rates on each $100 valuation of taxable property within said city sufficient for such purposes, all as may be provided in said ordinance authorizing the issuance of such bonds; provided, that such taxes shall be within any constitutional or charter limit for eligible cities; and provided further, that no part of any moneys raised by such taxes shall ever be used for the payment of the interest on or principal of any bonds issued hereunder. The proceeds of any such taxes thus pledged shall be utilized annually to the extent required by, or provided in, the ordinance for operation and maintenance of such projects, and such city in its discretion may covenant in such ordinance that certain costs of operating and maintaining such projects, as may be enumerated therein, or all of such costs, will be paid by the eligible city from the proceeds of such tax.

(e) An eligible city shall not acquire or construct any such project or projects with the proceeds of bonds, notes, or other evidences of indebtedness the interest on which is exempt from federal income taxation by virtue of Section 103(c)(4) of the Internal Revenue Code of 1954, as hereafter amended, unless (1) such project is operated by an eligible city or a political subdivision of the State of Texas on behalf of such eligible city or, (2) such project provides pretreatment for waste which is then discharged into a project operated by an eligible city or a political subdivision on behalf of such city.

Sec. 5. An eligible city is authorized to fix and collect fees, purchase prices, rentals, rates and charges for the sale, occupancy, use or availability of all or any of the projects in such amounts and in such manner as may be determined by the governing body of the eligible city.

Sec. 6. (a) An eligible city may pledge all or any part of the revenues, income or receipts from such fees, purchase prices, rentals, rates and charges to the payment of the bonds, including the payment of principal, interest and any other amounts required or permitted in connection with the bonds. The pledged fees, purchase prices, rentals, rates and charges shall be fixed and collected in amounts that will be at least sufficient, together with any other pledged resources, to provide for all payments of principal, interest and any other amounts required in connection with the bonds, and, to the extent required by the ordinance authorizing the issuance of the bonds, to provide for the payment of expenses in connection with the bonds, and for the payment of operation, maintenance and other expenses in connection with the projects.

(b) The bonds may be additionally secured by mortgages or deeds of trust on any real property relating to the projects owned or to be acquired by the eligible city and by chattel mortgages, liens or security interests on any personal property appurtenant to that real property. The governing body of the eligible city may authorize the execution of trust indentures, mortgages, deeds of trust or other forms of encumbrances to evidence the indebtedness.

(c) An eligible city may also pledge to the payment of the bonds all or any part of any grant, donation, revenues or income received or to be received from the United States government or any other public or private source, whether pursuant to an agreement or otherwise.

Refunding Bonds

Sec. 7. (a) Any bonds issued pursuant to this Act may be refunded or otherwise refinanced by the issuance of refunding bonds for that purpose under any terms or conditions as are determined by ordinance of the governing body of the eligible city. All appropriate provisions of this Act are applicable to refunding bonds, and the refunding bonds shall be issued in the manner provided in this Act for other bonds. The refunding bonds may be sold and delivered in amounts necessary to pay the principal, interest and redemption premium, if any, of bonds to be refunded, at maturity or on any redemption date.

(b) The refunding bonds may be issued to be exchanged for the bonds being refunded by them. In that case, the comptroller of public accounts shall register the refunding bonds and deliver them to the holder or holders of the bonds being refunded in accordance with the provisions of the ordinance authorizing the refunding bonds. The exchange may be made in one delivery or in several installment deliveries.

(c) Bonds issued at any time by a city under this Act also may be refunded in the manner provided by any other applicable law.

Examination of Bonds by Attorney General; Approval and Registration

Sec. 8. All bonds issued under this Act and the appropriate proceedings authorizing their issuance shall be submitted to the attorney general for examination. If the bonds recite that they are secured by a pledge of revenues or rentals from a contract or lease, a copy of the contract or lease and the pro-
ceedings relating to it shall also be submitted to the attorney general. If he finds that the bonds have been authorized and any contract or lease has been made in accordance with law, he shall approve the bonds and the contract or lease, and thereupon the bonds shall be registered by the comptroller of public accounts. After approval and registration the bonds and any contract or lease relating to them are incontestable for any reason, and are valid and binding obligations for all purposes in accordance with their terms.

**Bonds as Legal and Authorized Investments and Security**

Sec. 9. All bonds issued under this Act are legal and authorized investments for all banks, trust companies, building and loan associations, savings and loan associations, insurance companies of all kinds and types, fiduciaries, trustees, and guardians, and for all interest and sinking funds and other public funds of the state and all agencies, subdivisions, and instrumentalities of the state, including all counties, cities, towns, villages, school districts, and all other kinds and types of districts, public agencies, and bodies politic. **Cumulative Effect; Conflicting Laws**

Sec. 10. This Act is cumulative of all other law on the subject, but this Act shall be wholly sufficient authority within itself for the issuance of the bonds and the performance of the other acts and procedures authorized by it without reference to any other law or any restrictions or limitations contained therein, except as herein specifically provided. When any bonds are issued under this Act, then to the extent of any conflict or inconsistency between any provisions of this Act and any provision of any law or home-rule-charter provision, the provisions of this Act shall prevail and control. An eligible city shall have the right to use the provisions of any other laws, not in conflict with the provisions of this Act, to the extent convenient or necessary to carry out any power or authority, express or implied, granted by this Act.

**Severability**

Sec. 11. In case any one or more of the sections, provisions, clauses, or words of this Act, or the application thereof to any situation or circumstance, shall for any reason be held to be invalid or unconstitutional, such invalidity or unconstitutionality shall not affect any other sections, provisions, clauses, or words of this Act, or the application thereof to any other situation or circumstance, and it is intended that this Act shall be severable and shall be construed and applied as if any such invalid or unconstitutional section, provision, clause, or word had not been included herein.

Art. 4494r. County Hospital Authority Act

Sec. 2. As used in this law, “County” means any county in the State of Texas; “Governing Body” means the Commissioners Court of a county; “Authority” means a County Hospital Authority created under this Act; “Board” or “Board of Directors” means the board of directors of the Authority; “bond” or “bonds” means bonds or notes; “Bond Resolution” means the resolution authorizing the issuance of revenue bonds; “Trust Indenture” means the mortgage, deed of trust or other instrument pledging revenues of, or creating a mortgage lien on properties, or both, to secure the revenue bonds issued by the Authority; “Trustee” means the trustee under the Trust Indenture; “Hospital” or “Hospitals” means any “Hospital Project” as defined in Section 3(g) of Senate Bill No. 243, as enacted, Acts of the 64th Legislature, Regular Session, 1975, as now or hereafter amended. ¹

¹ Classified as art. 4437e-2

Sec. 4. (a) The Authority shall be governed by a Board of Directors consisting of not less than seven (7) nor more than eleven (11) members to be determined at the time of creating the Authority. Unless otherwise provided or the resolution authorizing the issuance of bonds or the Trust Indenture securing them, the number of Directors may be increased or decreased from time to time by amendment to the order creating the Authority adopted by the Governing Body of the County, but no decrease in number shall have the effect of shortening the term of any incumbent Director. Except as hereinabove in this Section provided, the first Directors shall be appointed by the Governing Body of the County, and they shall serve until their successors are appointed as hereinabove provided. When the Authority issues its revenue bonds the resolution authorizing the issuance of the bonds or the Trust Indenture securing them may prescribe the method of selecting and the term of office of a majority of the members of the Board. The remaining members of the Board shall be appointed by the Governing Body of the County. The Trust Indenture may also provide that, in the event of default as defined in the Trust Indenture, the Trustee may appoint all of the Directors, in which event the terms of the Directors then in office shall automatically terminate. Unless and until provision is made in the Bond Resolution or Indenture in connection with the issuance of bonds for the appointment by other means of part of the Directors, all of the Directors shall be appointed by the Governing Body of the County for terms not to exceed three (3) years, but the terms of Directors appointed prior to the issuance of the first issue of revenue bonds shall be subject to the exercise of the provision herein made for appointment of a majority of the members of the Board in connection with the issuance of the bonds. No officer or employee of
any such County shall be eligible for appointment as a Director. Directors shall not receive compensation for services but shall be entitled to reimbursement of their expenses incurred in performing such service.

(b) In the event the Authority purchases from a nonprofit corporation a hospital then in existence or in process of construction, the first members of the Board of Directors and their successors shall be determined as provided in the contract of purchase.

Sec. 5. The Board of Directors shall elect from among their members a president and vice president, and shall elect a secretary and a treasurer who may or may not be Directors, and may elect such other officers as may be authorized by Authority's bylaws. The offices of secretary and treasurer may be combined. The president shall have the same right to vote on all matters as other members of the Board. A majority of the members of the Board shall constitute a quorum and when a quorum is present action may be taken by a majority vote of Directors present. If the bylaws so provide, the Board of Directors, by resolution adopted by a majority of the Directors in office, may designate one or more committees, which, to the extent and in the manner provided in such resolution or in the bylaws, shall have and exercise the authority of the Board of Directors in the management of the Authority. Each such committee shall consist of two or more persons who are directors and may have additional non-voting members who, if such resolution or the bylaws so provide, need not be directors. The Board of Directors may not, however, provide for the delegation to such committees of the Authority of the power to issue bonds, enter into or amend a lease of a Hospital or a management agreement with respect to a Hospital or to employ or discharge a manager or an executive director. The Board may employ a manager or executive director of the Hospital and such other employees, experts and agents as it may see fit, or enter into a management agreement with any person and it may delegate to the manager the power to manage the Hospital and to employ and discharge employees. The Board may lease the Hospital as otherwise provided by law and may employ legal counsel.

Construction, Operation and Equipment of Hospitals

Sec. 6. The Authority shall have the power to construct, enlarge, furnish and equip Hospitals, purchase existing Hospitals, furnishings and equipment for its Hospitals, and to operate and maintain Hospitals. A Hospital must be located within the County creating the Authority.

Revenue Bonds

Sec. 7. The Authority may issue revenue bonds to provide funds for any of its purposes. Such bonds shall be payable from and secured by a pledge of all or any part of the revenues to be derived from the operation of the Hospital or Hospitals and any other revenues resulting from the ownership of the Hospital properties. The bonds may be additionally secured by a mortgage or deed of trust on real property of Authority or by a chattel mortgage on its personal property, or by both.

Content of Bonds; Maturity

Sec. 8. The bonds shall be authorized by resolution adopted by a majority vote of a quorum of the Board of Directors, and shall be signed by the president or vice president and countersigned by the secretary, or either or both of their facsimile signatures may be printed thereon. The seal of the Authority shall be impressed or printed thereon. The bonds shall mature serially or otherwise in not to exceed forty (40) years and may be sold at a price and under terms determined by the Board of Directors to be the most advantageous reasonably obtainable, provided that the net effective interest rate as defined by law in Article 717k–2 does not exceed ten per cent (10%) per annum, and within the discretion of the Board, may be made callable prior to maturity at such times and prices as may be prescribed in the resolution authorizing the bonds, and may be made registrable as to principal or as to both principal and interest.

Junior Lien Bonds; Parity Bonds

Sec. 10. Bonds constituting a junior lien on the revenues or properties may be issued unless prohibited by the Bond Resolution or Trust Indenture. Parity bonds may be issued under conditions specified in the Bond Resolution or Trust Indenture.

Bonds may be issued for the purpose of refunding outstanding bonds in the manner provided in this Act for other bonds, and may be exchanged by the Comptroller of Public Accounts of the State of Texas or sold and the proceeds applied in accordance with the procedure prescribed in Chapter 508, Acts of the Fifty-fourth Legislature ¹ or other applicable law.

The commissioners court of each county which is authorized by law to issue revenue bonds for and on behalf of a hospital district in the county shall have the option, within its discretion and on its own motion, of calling an advisory election for the purpose of ascertaining whether or not a majority of the resident, qualified electors of the hospital district voting at an election held for such purpose favor the issuance of any such revenue bonds. In the event a commissioners court determines to exercise such option, it is authorized to call an election for such purpose, to be held in accordance with the Texas Election Code, except as hereinafter provided. The order of election shall set forth the date of the election, the proposition to be submitted and voted on, the polling places, the hours during which the polls will be open, and any other matters deemed necessary or advisable by the commissioners court. The expenses of holding the election shall be paid from hospital district funds. Notice of the election shall be given by publishing a substantial copy of the election order one time, at least 10 days prior to the date set for the election, in a newspaper of general circulation in the hospital district. The commissioners court shall canvass the returns and declare the results of the election; but the election shall be advisory only and shall not affect the authority of the commissioners court to issue revenue bonds for and on behalf of the hospital district under any applicable law if no election is required thereby. [Added by Acts 1975, 64th Leg., p. 952, ch. 359, § 1, eff. June 19, 1975.]

Art. 4494r-5. Payment of Current Operating Expenses of County-Wide Hospital District in Counties of 1,000,000 or More

Applicability of Act

Sec. 1. This Act shall be applicable to counties now or hereafter containing a population of 1,000,000 or more according to the last preceding federal census, wherein there exists a county-wide hospital district whose taxes are levied and collected by the commissioners court and which has teaching hospital facilities that are affiliated with a state-owned medical school, such counties hereinafter referred to as "authorized counties."

Revenue Anticipation Agreements Authorized

Sec. 2. The commissioners court of any authorized county is hereby authorized to enter into and execute with any bank or banks or other corporations, partnerships, persons, financial institutions, or lending institutions revenue anticipation agreements in accordance with this Act.

Advances and Repayments: Revenue Anticipation Agreements

Sec. 3. Upon a finding and determination by the commissioners court of an authorized county that the projected revenues and tax collections of and for the hospital district will not be received by the district at the times necessary to pay when due the district's operating and maintenance expenses, the commissioners court may execute a revenue anticipation agreement by which the other contracting
party (or parties) agrees to advance to the district, and the authorized county and the district agree to repay (from the sources hereinbelow specified), funds necessary for the operation and maintenance of the district's hospital facilities during the term of the revenue anticipation agreement. The revenue anticipation agreement may be upon such terms as the parties may agree, subject to the following limitations:

(a) The term of the revenue anticipation agreement shall not exceed two years.

(b) Advances made to the district during the term of the agreement shall not be made more frequently than once each month and each shall not be greater in amount than the difference between (i) the accumulated and unpaid operating and maintenance expenses of the district, and (ii) the revenues and income of the district, including tax revenues, actually received by the district to the date of the advance and lawfully available for the purpose of paying such expenses. The party or parties making the advances may conclusively rely on certifications made by authorized officers of the district as to the facts specified in this subsection.

(c) The advances under the revenue anticipation agreement may bear interest at a rate or rates not exceeding the rate permitted by law for revenue bonds of the district, shall mature and become due and payable on a date not later than the last day of the term of the revenue anticipation agreement, shall be subject to prepayment without penalty at any time before their maturity date, and they shall not be refunded or in any manner refinanced or extended. The agreement may provide that the rates or rate of interest on the advances may be determined at the time made by reference to such determinative factors and formulae as the parties may agree.

(d) If, in any month during the term of the agreement while advances are outstanding, revenues, including tax revenues, are received and are not required to pay and are not lawfully committed to the payment of other obligations and expenses of the district, the commissioners court shall apply the same upon receipt to the payment or prepayment of any advances at the time outstanding and unpaid under the revenue anticipation agreement, and no advances shall be made under a subsequent revenue anticipation agreement until all advances made under the prior agreement have been paid in full, retired, and canceled.

(e) Advances made under the revenue anticipation agreement shall be and are hereby directed to be secured by and payable, either or both, (1) from a pledge of and lien upon revenues of the district derived from the operation and maintenance of its hospital facilities, and/or (2) from tax revenues when collected, levied for the purpose of operating and maintaining the district's facilities for the year during which the advances are made. Upon default in the payment or repayment of any advances made under the terms of the revenue anticipation agreement when due or when required to be prepaid under the terms of this Act, any district court may be petitioned by mandamus or otherwise to enforce the agreement and prepayment as required by this Act.

Use of Advances

Sec. 4. Funds received from advances made pursuant to revenue anticipation agreements authorized by this Act shall be used solely for the purposes authorized by this Act. However, it shall not be a defense to repayment of advances that the funds have been used for a purpose not authorized hereby. The auditor of the affairs of the hospital district shall concurrently with the regular audit thereof audit the use of said funds and shall certify to the commissioners court whether or not the funds have been used for proper operating and maintenance purposes as authorized hereby.

Bonds or Notes: Ad Valorem Taxes

Sec. 5. (a) The commissioners court of an authorized county is authorized to include in any revenue anticipation agreement provisions pursuant to which the authorized county will agree to execute and deliver, concurrently with the making of advances under the agreement, interest-bearing bonds (which also may be designated as notes) evidencing the obligation of the authorized county and the hospital district to repay the advances made pursuant to the agreement and in accordance therewith and with this Act. Such bonds or notes may be delivered upon such terms and may contain such provisions not inconsistent with Section 3 of this Act as may be prescribed in the revenue anticipation agreement.

(b) The provisions hereof relating to advances shall apply to bonds or notes evidencing the obligation to repay the same issued under this section. It is provided, however, that if such hospital district was created pursuant to the authority granted to the legislature by Article IX, Section 4, of the Texas Constitution and the creation of such hospital district was approved at an election held in such hospital district as required by Article IX, Section 4, of the Texas Constitution or if such hospital district was created pursuant to any other constitutional provision which would permit the levy and pledge of taxes as hereinafter authorized, then regardless of any restrictions in any other law of this state the commissioners court also is authorized in addition to
the mandatory security required in Section 3(e) hereof to pay and secure the bonds or notes issued under this section from and by annual ad valorem taxes levied and to be levied on all taxable property in such hospital district, and such annual ad valorem taxes may be pledged to the payment of the principal of and interest on the bonds or notes to the extent required therein and in the agreement. If such annual ad valorem taxes are thus pledged it shall be the duty of the commissioners court annually to levy a tax on all taxable property in the hospital district sufficient or to the extent necessary to pay the principal of and the interest on the bonds or notes when due, but the rate of the tax, if any, for each year may be fixed after giving consideration to the amount of money estimated to be received from revenues pledged under Section 3 hereof which may be available for the payment of such principal and interest, all to the extent required therein and in the manner provided in the revenue anticipation agreement, but provided further that such annual ad valorem tax together with all other annual ad valorem taxes levied in the hospital district shall never exceed a maximum annual rate of 75 cents on the $100 valuation of all taxable property within such hospital district. Further, if such annual ad valorem taxes are thus pledged, it shall be the duty of the commissioners court during each year while any of the bonds or notes or interest thereon are outstanding and unpaid to compute and ascertain a rate and amount of ad valorem tax, if any, which will be sufficient to raise and produce the money required to make the aforesaid payment to the extent required; and said tax shall be based on the latest approved tax rolls of such hospital district, with full allowance being made for tax delinquencies and the cost of tax collection. Said rate and amount of ad valorem tax shall be levied and ordered to be levied subject to the maximum limitation prescribed above against all taxable property in such hospital district for each year while any of the bonds or notes or interest thereon are outstanding and unpaid; and said tax shall be assessed and collected each such year and used for such purpose to the extent so required.

(c) Upon the issuance, sale, and delivery of bonds or notes under the authority of this section, such bonds or notes shall be incontestable in any court or other forum for any reason and shall be valid and binding obligations in accordance with their terms and conditions for all purposes. Such bonds or notes shall constitute "investment securities" under the Uniform Commercial Code of Texas. Any such bonds or notes shall be legal and authorized security for public funds of this state and its political subdivisions and shall be legal and authorized investments by all banks, savings banks, savings and loan associations, and insurance companies of all types.

Sec. 6. This Act shall be cumulative of all other laws on the subject, but this Act shall be wholly sufficient authority within itself for the execution of revenue anticipation agreements and the issuance of bonds or notes to evidence obligations to repay advances made thereunder and the performance of the other acts and procedures authorized hereby without reference to any other laws or any restrictions or limitations contained therein, except as herein specifically provided; and when any bonds are being issued pursuant to the authority of this Act, then to the extent of any conflict or inconsistency between any provisions of this Act and any provisions of any other law, the provisions of this Act shall prevail and control.

CHAPTER SIX A. CHIROPRACTORS

Art. 4512b. Practice of Chiropractic

[See Compact Edition, Volume 4 for text of 1 to 7]

Annual Registration Renewal

Sec. 8. It shall be unlawful for any person who shall be licensed for the practice of chiropractic by the Texas Board of Chiropractic Examiners as created by this Act, unless such person be registered as such practitioner with the Texas Board of Chiropractic Examiners on or before the first day of January A.D. 1950, or thereafter registered in like manner annually as provided by this Act on or before the first day of January each year to practice chiropractic in this State. Each person so licensed and registered shall be deemed to have complied with the requirements and prerequisites of the laws governing the practice of chiropractic in this State. Each person so registered with the Texas Board of Chiropractic Examiners shall pay in connection with each annual registration and for the receipt hereafter provided for, a fee fixed by the Texas Board of Chiropractic Examiners not to exceed Fifty Dollars ($50), which fee shall accompany the application of every such person for registration. Such payment shall be made to the Texas Board of Chiropractic Examiners. Every person so registered shall file with said Board a written application for annual registration, setting forth his full name, his age, place of residence, the county or counties in which his certificate entitling him to practice chiropractic has been registered, and the place or places where he is engaged in the practice of chiropractic, as well as the college of chiropractic from which he graduated, and the number and date of his license certificate. Upon receipt of such application, accompanied by the registration fee, the Texas Board of Chiropractic Examiners, after ascertaining either from the records of the Board or from other sources deemed by it to be reliable, that the applicant is a licensed practitioner of chiropractic in this State, shall issue to the applicant an annual registration receipt certifying that the applicant has filed such application and has paid the registration fee mentioned for the year in question; provided, that the filing of such application, the payment of the registration fee and the issuance of such receipt shall not entitle the holder thereof to lawfully practice chiropractic within the State of Texas unless he has in fact been previously licensed as such chiropractor by the Texas Board of Chiropractic Examiners, as prescribed by law, and has recorded his license certificate entitling him to practice, as issued by said Board, in the district clerk's office of the several counties in which the same may be required by law to be recorded, and unless his license to practice chiropractic is in full force and effect; and provided further that, in any prosecution for the unlawful practice of chiropractic as denounced in Section 6 hereof, such receipt showing payment of the annual registration fee required by this Section shall not be treated as evidence that the holder thereof is lawfully entitled to practice chiropractic.

[See Compact Edition, Volume 4 for text of 8a to 9a]

Examination of Applicants for License; Persons Practicing or Beginning Study Before Date of Act

Sec. 10. All applicants for license to practice chiropractic in this State, not otherwise licensed under the provisions of this law, must successfully pass an
examination by the Texas Board of Chiropractic Examiners established by this law. The Board is authorized to adopt and enforce rules of procedure not inconsistent with the statutory requirements. All applicants shall be eligible for examination who are citizens of the United States and present satisfactory evidence to the Board that they are more than twenty-one (21) years of age, of good moral character, have completed sixty (60) semester hours of college courses, other than a chiropractic school, and are graduates of bona fide reputable chiropractic schools (whose entrance requirements and course of instruction are as high as those of the better class of chiropractic schools in the United States); a reputable chiropractic school shall maintain a resident course of instruction equivalent to not less than four (4) terms of eight (8) months each, or a resident course of not less than the number of semester hours required by The University of Texas for the granting of a Bachelor of Arts degree; shall give a course of instruction in the fundamental subjects named in Section 12 of this Act; and shall have the necessary teaching force and facilities for proper instruction in all of said subjects. Applications for examination must be made in writing, verified by affidavit, and filed with the secretary of the Board, on forms prescribed by the Board, accompanied by a fee of Fifty Dollars ($50). All applicants shall be given due notice of the date and place of such examination.

The Board may grant a license without a written examination to an applicant that holds a National Board of Chiropractic Examiners certificate who meets the requirements of this chapter and who has satisfactorily passed a personal interview and a practical examination and has paid an additional fee of Fifty Dollars ($50).

If any applicant, because of failure to pass the required examination, shall be refused a license, he or she, at such time as the Texas Board of Chiropractic Examiners may fix, not exceeding one (1) year, shall be permitted to take a subsequent examination, upon such subjects required in the original examination as the Board may prescribe except that the applicant shall not be required to take a re-examination on subjects in which he has made a grade of seventy-five per cent (75%) or more, provided the applicant shall apply for re-examination within one (1) year upon the payment of such part of Fifty Dollars ($50) as the Board may determine and state. In the event satisfactory grades shall be made in the subjects prescribed and taken on such re-examination, the Board shall grant to the applicant a license to practice chiropractic. The Board shall determine the grade to be given the examinees on the answers turned in on the subjects of complete and partial examination, and its decision thereupon shall be final.

Provided, however, that those who are regularly engaged in the practice of chiropractic in this State on April 18, 1949, and who have completed a resident course and hold diplomas from schools recognized by the Board as being regularly organized and conducted as chiropractic schools at the time of the issuance of such diplomas, shall be licensed under this Act, provided they apply therefor within six (6) months after the effective date of this Act, and provided further that they shall meet the provisions of this Act with reference to citizenship, age, and good moral character; and

Provided that those who have begun the study of chiropractic prior to the effective date of this Act in institutions regularly organized and conducted as chiropractic schools shall be licensed under this Act, provided they complete a standard chiropractic resident course of one hundred and twenty (120) semester hours in such school or schools and receive diplomas therefrom; and provided further that they shall meet the provisions of this Act with reference to citizenship, age, and good moral character.

Conduct of Examinations; Subjects

Sec. 12. All examinations for license to practice chiropractic shall be conducted in writing in the English language and in such manner as to be entirely fair and impartial to all applicants. All applicants shall be known to the examiners only by numbers, without names or other method of identification on examination papers by which members of the Board may be able to identify such applicants, or examinees, until after the general averages of the examinees' numbers in the class have been determined, and license granted or refused. Examinations shall be conducted on practical and theoretical chiropractic and in the subjects of anatomy-histology, chemistry, bacteriology, physiology, symptomatology, pathology and analysis of the human spine, and hygiene and public health. Upon satisfactory examination, conducted as aforesaid under the rules of the Board, which shall consist of an average grade of not less than seventy-five per cent (75%) with not less than sixty per cent (60%) in any one subject, applicants shall be granted license to practice chiropractic. All questions and answers, with the grades attached, authenticated by the signature of the examiner, shall be preserved in the executive office of the Board for one (1) year. All applicants examined at the same time shall be given identical questions. All certificates shall be attested by the seal of the Board, and signed by all members of the Board, or a quorum thereof.

Proceedings under this section shall be begun by filing charges with the Texas State Board of Examiners of Psychologists in writing and under oath. Said charges may be made by any person or persons. The Chairman of the Board shall set a time and place for hearing, and shall cause a copy of the charges, together with a notice of the time and place fixed for hearing, to be served on the respondent or his counsel at least ten (10) days prior thereto. When personal service is impossible, or cannot be effected, the Board shall cause to be published once a week for two (2) successive weeks a notice of the hearing in a newspaper published in the county wherein the respondent was last known to live, and shall mail a copy of the charges and of such notice to the respondent at his last known address. At said hearing the respondent shall have the right to appear either personally or by counsel, or both, to produce witnesses or evidence in his behalf, to cross-examine witnesses, and to have subpoenas issued by the Board. The proceeding on appeal shall be under the substantial evidence rule, and which appeal shall be taken in any District Court of the county in which the person whose certificate of registration or license is involved resides. Upon application, the Board may recertify the applicant or reissue a license to a person whose license has been cancelled or suspended, but such application, in the case of cancellation or revocation, shall not be made prior to one (1) year after the cancellation or revocation and shall be made in such manner and form as the Board may require.

Provided, however, that the Board shall have the right and may, upon majority vote, rule that the order revoking, cancelling, or suspending the psychologists' license or certification be probated so long as the probationer conforms to such orders and rules as the Board may set out as the terms of probation. The Board, at the time of probation, shall set out the period of time which shall constitute the probationary period. Provided further, that the Board may at any time while the probationer remains on probation hold a hearing, and upon majority vote, rescind the probation and enforce the Board's original action in revoking, cancelling, or suspending the psychologists' license or certification, the said hearing to rescind the probation shall be called by the Chairman of the Texas State Board of Examiners of Psychologists who shall cause to be issued a notice setting a time and place for the hearing and containing the charges or complaints against the probationer, said notice to be served on the probationer or his counsel at least ten (10) days prior to the time set for the hearing. When personal service is impossible, or cannot be effected, the same provisions for service in lieu of personal service as heretofore set out in this Act shall apply. At said hearing the respondent shall have the right to appear either personally or by counsel or both, to

is not physically and mentally competent to render

psychological services with reasonable skill and safety

to his patients, or is afflicted with a disease or condi­
tion, either physical or mental, which would

impair his competency to render psychological ser­
vices, the Board may request that that person submit

to a physical examination by a medical doctor ap­

proved by the Board or submit to a mental examina­
tion by a medical doctor or licensed psychologist

approved by the Board.

(b) If the applicant or person seeking renewal of

certification refuses to submit to the examination,

the Board shall issue an order requiring that person

to show cause for his refusal and shall schedule a

notice is served on the person who has refused to

submit to the examination. Notice shall be given

either by personal service or by registered mail

may appear personally and by counsel and present

evidence in justification of his refusal to submit to

the examination. After a complete hearing the

2 Article 5069-2.01(f).

Art. 5069-14.03. Regulations
(a) The Commissioner shall, as deemed necessary, determine what disclosure requirements are necessary in order to bring the duties and requirements imposed under this Title into conformity with the applicable federal consumer protection law and any lawful regulations promulgated under that law, from time to time, and transmit his findings to the Commission.

(b) The Commission may prescribe from time to time such rules and regulations as may be necessary or proper in carrying out the provisions of this Chapter. Such rules and regulations may contain such classifications, differentiations, or other provisions and may provide for such adjustments and exceptions as in the judgment of the Commission are necessary or proper to carry out the purposes of this Chapter, to prevent circumvention or evasion thereof, or to facilitate compliance therewith; provided, however, that no such rule or regulation shall contain any classification, differentiation, or other provision with respect to, or provide for any adjustment or exception for, any class of transaction which would result in less stringent disclosure requirements than afforded that class of transaction under the federal consumer protection law and Regulation Z issued by the Board of Governors of the Federal Reserve System pursuant thereto.

(c) Before the Commission makes such regulations, the Commissioner shall conduct a public hearing on the proposed regulations and make such recommendations to the Commission regarding such regulations as he finds are necessary to effectuate the purposes of this Chapter. Any person who violates any valid regulation or any provision thereof so adopted and promulgated shall be subject to the penalties hereinafter provided.

(d) The disclosure of an amount of percentage which is greater than the amount of percentage required to be disclosed by any regulations promulgated under this Chapter does not in itself constitute a violation of this Title or such regulations.

[Acts 1975, 64th Leg., p. 421, ch. 184, § 1, eff. Dec. 31, 1975.]

Art. 5069-14.04. Determination of Finance Charge
(a) Except as otherwise provided in this Article, the amount of the finance charge in connection with any consumer-credit transaction shall be determined as the sum of all charges payable directly or indirectly by the person to whom the credit is extended and imposed directly or indirectly by the creditor as an incident to the extension of credit, including any of the following types of charges which are applicable:

(1) interest, time-price differential, and any amount payable under a point, discount, or other system of additional charges;

(2) service or carrying charge;

(3) loan fee, finder's fee, or similar charge;

(4) fee for an investigation or credit report; or

(5) premium or other charge for any guarantee or insurance protecting the creditor against the obligor's default or other credit loss.

(b) Charges or premiums for credit-life, accident, or health insurance written in connection with any consumer-credit transaction shall be included in the finance charge unless:

(1) the coverage of the debtor by the insurance is not a factor in the approval by the creditor of the extension of credit, and this fact is clearly disclosed in writing to the person applying for or obtaining the extension of credit; and

(2) in order to obtain the insurance in connection with the extension of credit, the person to whom the credit is extended must give specific affirmative written indication of his desire to do so after written disclosure to him of the cost thereof.

(c) Charges or premiums for insurance, written in connection with any consumer-credit transaction, against loss of or damage to property or against liability arising out of the ownership or use of property shall be included in the finance charge unless a clear and specific statement in writing is furnished by the creditor to the person to whom the credit is extended, setting forth the cost of the insurance if obtained from or through the creditor and stating that the person to whom the credit is extended may choose the person through which the insurance is to be obtained.

(d) If any of the following items are itemized and disclosed in accordance with the regulations of the Commission in connection with any transaction, then the creditor need not include that item in the computation of the finance charge with respect to that transaction:

(1) fees and charges prescribed by law which actually are or will be paid to public officials for
Art. 5069–14.04 INTEREST; CONSUMER CREDIT; ETC.

determining the existence of, or for perfecting or releasing or satisfying any security related to, the credit transaction;

(2) the premium payable for any insurance in lieu of perfecting any security interest otherwise required by the creditor in connection with the transaction, if the premium does not exceed the fees and charges described in Subsection (1) of this Section which would otherwise be payable;

(3) taxes; or

(4) any other type of charge which is not for credit and the exclusion of which from the finance charge is approved by the Commission by regulation.

(e) The following items, when charged in connection with any extension of credit secured by an interest in real property, shall not be included in the computation of the finance charge with respect to that transaction:

(1) fees or premiums for title examination, title insurance, or similar purposes;

(2) fees for preparation of a deed, settlement statement, or other documents;

(3) escrows for future payments of taxes and insurances;

(4) fees for notarizing deeds and other documents;

(5) appraisal fees; or

(6) credit reports.

Art. 5069–14.05. Determination of Annual Percentage Rate

(a) The annual percentage rate applicable to any extension of consumer credit shall be determined, in accordance with the regulations of the Commission:

(1) in the case of any extension of credit other than under an open-end credit plan, as

(A) that nominal annual percentage rate which will yield a sum equal to the amount of the finance charge when it is applied to the unpaid balances of the amount financed, calculated according to the actuarial method of allocating payments made on a debt between the amount financed and the amount of the finance charge, pursuant to which a payment is applied first to the accumulated finance charge and the balance is applied to the unpaid amount financed; or

(B) the rate determined by any method prescribed by the Commission as a method which materially simplifies computation while retaining reasonable accuracy as compared with the rate determined under Subparagraph (A) of this Subsection;

(2) in the case of any extension of credit under an open-end credit plan, as the quotient (expressed as a percentage) of the total finance charge for the period to which it relates divided by the amount upon which the finance charge for that period is based, multiplied by the number of such periods in a year.

(b) Where a creditor imposes the same finance charge for balances within a specified range, the annual percentage rate shall be computed on the median balance within the range, except that if the Commission determines that a rate so computed would not be meaningful, or would be materially misleading, the annual percentage rate shall be computed on such other basis as the Commission may by regulation require.

(e) The annual percentage rate may be rounded to the nearest quarter of 1 percent for credit transactions payable in substantially equal installments when a creditor determines the total finance charge on the basis of a single add-on, discount, periodic, or other rate and the rate is converted into an annual percentage rate under procedures prescribed by the Commission.

(d) The Commission may authorize the use of rate tables or charts which may provide for disclosure of annual percentage rates which vary from the rate determined in accordance with Section (a)(1)(A) of this Article by not more than such tolerances as the Commission may allow. The Commission may not allow a tolerance greater than 8 percent of that rate except to simplify compliance where irregular payments are involved.

(e) In the case of creditors determining the annual percentage rate in a manner other than as described in Section (e) or (d) of this Article, the Commission may authorize other reasonable tolerances.

[Acts 1975, 64th Leg., p. 421, ch. 184, § 1, eff. Dec. 31, 1975.]

Art. 5069–14.06. Administrative Enforcement

(a) Compliance with the requirements imposed under this Chapter shall be enforced by the Commissioner, who may exercise for such purpose any authority conferred upon him by law.

(b) The Commissioner shall be responsible for seeking exemption from federal administration of the provisions of any federal consumer protection law to the extent and in the manner prescribed by any such law or any regulation duly issued pursuant thereto.

(c) At such time as the Commissioner shall deem necessary to insure compliance with this Chapter, he or his authorized representative shall examine the records of any creditor doing business in the State. In the course of such examination the Commissioner or his authorized representative shall have free access to the office, place of business, files, safes, and vaults of such creditor and shall have the right to
make copies of any book, account, paper, correspondence, or record. The Commissioner or his representative may, during the course of such examination, administer oaths and examine any person under oath upon any subject pertinent to any matter about which the Commissioner is authorized by this Chapter to consider, investigate, or secure information. Any creditor refusing to let the Commissioner or his authorized representative examine or make copies of all relevant documents shall be subject to the penalties provided in Article 14.08 of this Chapter. The information obtained in the course of such examination shall be confidential. Each creditor shall pay to the Commissioner an amount assessed by the Commissioner to cover the direct and indirect cost of such examination and a proportionate part of general administrative expenses.

Art. 5069–14.07. Views of Other Agencies

In exercising the functions under this title, the Commissioner may obtain, upon request, the views of any other agencies which, in the judgment of the Commissioner, exercise regulatory or supervisory functions with respect to any class of creditors subject to this Title.

[Acts 1975, 64th Leg., p. 421, ch. 184, § 1, eff. Dec. 31, 1975.]

Art. 5069–14.08. Criminal Liability for Willful and Knowing Violation

Whoever willfully and knowingly (1) gives false or inaccurate information or fails to provide information which he is required to disclose under the provisions of this Chapter or any regulation issued thereunder, (2) uses any chart or table authorized by the Commission under Article 14.05 in such manner as to consistently understate the annual percentage rate determined under Article 14.05(a)(1)(A), or (3) otherwise fails to comply with any requirement imposed under this Chapter, shall be fined not more than Five Thousand Dollars or imprisoned not more than one year, or both.

[Acts 1975, 64th Leg., p. 421, ch. 184, § 1, eff. Dec. 31, 1975.]

Art. 5069–14.09. Penalties Inapplicable to Governmental Agencies

No civil or criminal penalty provided under this Chapter for any violation thereof may be imposed upon the United States or any agency thereof, or upon any state or political subdivision thereof, or any agency of any state or political subdivision.

[Acts 1975, 64th Leg., p. 421, ch. 184, § 1, eff. Dec. 31, 1975.]

Art. 5069–14.10. Liability of Assignees

Except as otherwise specifically provided in this Title, any civil action for a violation of this Title which may be brought against the original creditor in any credit transaction may be maintained against any subsequent assignee of the original creditor where the violation from which the alleged liability arose is apparent on the face of the instrument assigned unless the assignment is involuntary.

[Acts 1975, 64th Leg., p. 421, ch. 184, § 1, eff. Dec. 31, 1975.]

(a) Each creditor shall disclose clearly and conspicuously, in accordance with the regulations of the Commission, to each person to whom consumer credit is extended and upon whom a finance charge is or may be imposed, the information required under this Chapter.

(b) If there is more than one obligor, a creditor need not furnish a statement of information required under this Chapter to more than one of them.

(c) For the purpose of Section (a), the information required under this Chapter shall include a full statement of closing costs to be incurred by the consumer, which shall be presented, in accordance with the regulations of the Commission:

(1) prior to the time when any down payment is made; or

(2) in the case of a consumer-credit transaction involving real property, at the time the creditor makes a commitment with respect to the transaction.

The Commission may provide by regulation that any portion of the information required to be disclosed by this Article may be given in the form of estimates where the provider of such information is not in a position to know exact information.

[Acts 1975, 64th Leg., p. 421, ch. 184, § 1, eff. Dec. 31, 1975.]

Art. 5069–14.12. Form of Disclosure; Additional Information

(a) Regulations of the Commission need not require that disclosures pursuant to this Chapter be made in the order set forth in this Chapter and may permit the use of terminology different from that employed in this Chapter if it conveys substantially the same meaning.

(b) Any creditor may supply additional information or explanations with any disclosures required under this Chapter.

[Acts 1975, 64th Leg., p. 421, ch. 184, § 1, eff. Dec. 31, 1975.]

Art. 5069–14.13. Effect of Subsequent Occurrence

If information disclosed in accordance with this Chapter is subsequently rendered inaccurate as the result of any act, occurrence, or agreement subsequent to the delivery of the required disclosures, the inaccuracy resulting therefrom does not constitute a violation of this Chapter.

[Acts 1975, 64th Leg., p. 421, ch. 184, § 1, eff. Dec. 31, 1975.]
Art. 5069-14.14  Right of Rescission as to Certain Transactions

(a) Except as otherwise provided in this Article, in the case of any consumer-credit transaction in which a security interest, including any such interest arising by operation of law, is or will be retained or acquired in any real property which is used or is expected to be used as the residence of the person to whom credit is extended, the obligor shall have the right to rescind the transaction until midnight of the third business day following the consummation of the transaction or the delivery of the disclosures required under this Article and all other material disclosures required under this Chapter, whichever is later, by notifying the creditor, in accordance with regulations of the Commission, of his intention to do so. The creditor shall clearly and conspicuously disclose, in accordance with the regulations of the Commission, to any obligor in a transaction subject to this Article the rights of the obligor under this Article. The creditor shall also provide, in accordance with regulations of the Commission, an adequate opportunity to the obligor to exercise his right to rescind any transaction subject to this Article.

(b) When an obligor exercises his right to rescind under Section (a) of this Article, he is not liable for any finance or other charge, and any security interest given by the obligor, including any such interest arising by operation of law, becomes void upon such a rescission. Within ten days after receipt of a notice of rescission, the creditor shall return to the obligor any money or property given as earnest money, down payment, or otherwise and shall take any action necessary or appropriate to reflect the termination of any security interest created under the transaction. If the creditor has delivered any property to the obligor, the obligor may retain possession of it. Upon the performance of the creditor’s obligations under this Article, the obligor shall tender the property to the creditor, except that if return of the property in kind would be impracticable or inequitable, the obligor shall tender its reasonable value. Tender shall be made at the location of the property or at the residence of the obligor, at the option of the obligor. If the creditor does not take possession of the property within ten days after tender by the obligor, ownership of the property vests in the obligor without obligation on his part to pay for it.

(c) Notwithstanding any rule of evidence, written acknowledgment of receipt of any disclosures required under this Article by a person to whom a statement is required to be given pursuant to this Article does no more than create a rebuttable presumption of delivery thereof.

(d) The Commission may, if it finds that such action is necessary in order to permit homeowners to meet bona fide personal financial emergencies, prescribe regulations authorizing the modification or waiver of any rights created under this Article to the extent and under the circumstances set forth in those regulations.

(e) This Article does not apply to the creation or retention of a first lien against a dwelling to finance the acquisition of that dwelling or to a consumer-credit transaction in which an agency of the State is the creditor.

(f) An obligor’s rights of rescission shall expire three years after the date of consummation of the transaction or upon the sale of the property, whichever occurs earlier, notwithstanding the fact that the disclosures required under this Article or any other material disclosures required under this Chapter have not been delivered to the obligor.

[Acts 1975, 64th Leg., p. 421, ch. 184, § 1, eff. Dec. 31, 1975.]

Art. 5069-14.15  Content of Periodic Statements

(a) If a creditor transmits periodic statements in connection with any extension of consumer credit other than under an open-end consumer-credit plan, then each of those statements shall set forth each of the following items:

(1) the annual percentage rate of the total finance charge;
(2) the date by which or the period (if any) within which payment must be made in order to avoid additional finance charges or other charges; and
(3) such of the items set forth in Article 14.16(b) as the Commission may by regulation require as appropriate to the terms and conditions under which the extension of credit in question is made.

[Acts 1975, 64th Leg., p. 421, ch. 184, § 1, eff. Dec. 31, 1975.]

Art. 5069-14.16  Open-End Consumer-Credit Plans

(a) Before opening any account under an open-end consumer-credit plan, the creditor shall disclose to the person to whom credit is to be extended each of the following items, to the extent applicable:

(1) the conditions under which a finance charge may be imposed, including the time period (if any) within which any credit extended may be repaid without incurring a finance charge, except that the creditor may, at his election and without disclosure, impose no such finance charge if payment is received after the termination of such time period;
(2) the method of determining the balance upon which a finance charge will be imposed;
(3) the method of determining the amount of the finance charge, including any minimum or fixed amount imposed as a finance charge;
(4) where one or more periodic rates may be used to compute the finance charge, each such rate, the range of balances to which it is applicable, and the corresponding nominal annual percentage rate determined by multiplying the periodic rate by the number of periods in a year;

(5) if the creditor so elects:

(A) the average effective annual percentage rate of return received from accounts under the plan for a representative period of time; or

(B) whenever circumstances are such that the computation of a rate under Subparagraph (A) of this Subsection would not be feasible or practical, or would be misleading or meaningless, a projected rate of return to be received from accounts under the plan. The Commission shall prescribe regulations, consistent with commonly accepted standards for accounting or statistical procedures, to carry out the purposes of this Subsection;

(6) the conditions under which any other charges may be imposed, and the method by which they will be determined; and

(7) the conditions under which the creditor may retain or acquire any security interest in any property to secure the payment of any credit extended under the plan, and a description of the interest or interests which may be so retained or acquired.

(b) The creditor of any account under an open-end consumer-credit plan shall transmit to the obligor, for each billing cycle at the end of which there is an outstanding balance in that account or with respect to which a finance charge is imposed, a statement setting forth each of the following items to the extent applicable:

(1) the outstanding balance in the account at the beginning of the statement period;

(2) the amount and date of each extension of credit during the period and a brief identification on or accompanying the statement of each extension of credit in a form prescribed by regulations of the Commission sufficient to enable the obligor to identify the transaction or relate it to copies of sales vouchers or similar instruments previously furnished;

(3) the total amount credited to the account during the period;

(4) the amount of any finance charge added to the account during the period, itemized to show the amounts, if any, due to the application of percentage rates and the amount, if any, imposed as a minimum or fixed charge;

(5) where one or more periodic rates may be used to compute the finance charge, each such rate, the range of balances to which it is applicable, and, unless the annual percentage rate (determined under Article 14.05(a)(2)) is required to be disclosed pursuant to Subsection (6), the corresponding nominal annual percentage rate determined by multiplying the periodic rate by the number of periods in a year;

(6) where the total finance charge exceeds fifty cents for a monthly or longer billing cycle, or the pro rata part of fifty cents for a billing cycle shorter than monthly, the total finance charge expressed as an annual percentage rate (determined under Article 14.05(a)(2)), except that if the finance charge is the sum of two or more products of a rate times a portion of the balance, the creditor may, in lieu of disclosing a single rate for the total charge, disclose each such rate expressed as an annual percentage rate, and the part of the balance to which it is applicable;

(7) at the election of the creditor, the average effective annual percentage rate of return (or the projected rate) under the plan as prescribed in Section (a)(5) of this Article;

(8) the balance on which the finance charge was computed and a statement of how the balance was determined. If the balance is determined without first deducting all credits during the period, that fact and the amount of such payments shall also be disclosed;

(9) the outstanding balance in the account at the end of the period; and

(10) the date by which or the period (if any) within which payment must be made to avoid additional finance charges, except that the creditor may, at his election and without disclosure, impose no such additional finance charge if payment is received after such date or the termination of such period.

(c) In the case of any open-end consumer-credit plan in existence on the effective date of this Act, the items described in Section (a) of this Article, to the extent applicable, shall be disclosed in a notice mailed or delivered to the obligor not later than thirty days after the effective date of this Act; provided, however, this Subsection shall not apply to any creditor who has made such disclosure and notification under the provisions of the Truth in Lending Act.

[Acts 1975, 64th Leg., p. 421, ch. 184, § 1, eff. Dec. 31, 1975.]

Art. 5069–14.17. Sales not Under Open-End Credit Plans

(a) In connection with each consumer-credit sale not under an open-end credit plan, the creditor shall
disclose each of the following items which is applicable:

1. the cash price of the property or service purchased;
2. the sum of any amounts credited as down payment (including any trade-in);
3. the difference between the amount referred to in Subsection (1) and the amount referred to in Subsection (2) of this Section;
4. all other charges, individually itemized, which are included in the amount of the credit extended but which are not part of the finance charge;
5. the total amount to be financed (the sum of the amount described in Subsection (3) plus the amount described in Subsection (4) of this Section);
6. except in the case of a sale of a dwelling, the amount of the finance charge, which may in whole or in part be designated as a time-price differential or any similar term to the extent applicable;
7. the finance charge expressed as an annual percentage rate except in the case of a finance charge:
   a. which does not exceed Five Dollars and is applicable to an amount financed not exceeding Seventy-five Dollars, or
   b. which does not exceed Seven Dollars and fifty cents and is applicable to an amount financed exceeding Seventy-five Dollars.

A creditor may not divide a consumer-credit sale into two or more sales to avoid the disclosure of an annual percentage rate pursuant to this Section;
8. the number, amount, and due dates or periods of payments scheduled to repay the indebtedness;
9. the default, delinquency, or similar charges payable in the event of late payments; and
10. a description of any security interest held or to be retained or acquired by the credit or in connection with the extension of credit, and a clear identification of the property to which the security interest relates.

(b) Except as otherwise provided in this Chapter, the disclosures required under Section (a) of this Article shall be made before the credit is extended, and may be made by disclosing the information in the contract or other evidence of indebtedness to be signed by the purchaser.

(c) If a creditor receives a purchase order by mail or telephone without personal solicitation, and the cash price and the deferred-payment price and the terms of financing, including the annual percentage rate, are set forth in the creditor's catalog or other printed material distributed to the public, then the disclosures required under Section (a) of this Article may be made at any time not later than the date the first payment is due.

(d) If a consumer-credit sale is one of a series of consumer-credit sales transactions made pursuant to an agreement providing for the addition of the deferred payment price of that sale to an existing outstanding balance and the person to whom the credit is extended has approved in writing both the annual percentage rate or rates and the method of computing the finance charge or charges and the creditor retains no security interest in any property as to which he has received payments aggregating the amount of the sales price including any finance charges attributable thereto, then the disclosure required under Section (a) of this Article for the particular sale may be made at any time not later than the date the first payment for that sale is due. For the purposes of this Section, in the case of items purchased on different dates, the first purchased shall be deemed first paid for, and in the case of items purchased on the same date, the lowest priced shall be deemed first paid for.

[Acts 1975, 64th Leg., p. 421, ch. 184, § 1, eff. Dec. 31, 1975.]

Art. 5069-14.17

INTEREST; CONSUMER CREDIT; ETC.

Consumer Loans not Under Open-End Credit Plans

(a) Any creditor making a consumer loan or otherwise extending consumer credit in a transaction which is neither a consumer-credit sale nor under an open-end consumer-credit plan shall disclose each of the following items, to the extent applicable:

1. the amount of credit of which the obligor will have the actual use or which is or will be paid to him or for his account or to another person on his behalf;
2. all charges, individually itemized, which are included in the amount of credit extended but which are not part of the finance charge;
3. the total amount to be financed (the sum of the amounts referred to in Subsection (1) plus the amounts referred to in Subsection (2) of this Section);
4. except in the case of a loan secured by a first lien on a dwelling and made to finance the purchase of that dwelling, the amount of the finance charge;
5. the finance charge expressed as an annual percentage rate except in the case of a finance charge:
   a. which does not exceed Five Dollars and is applicable to an extension of consumer credit not exceeding Seventy-five Dollars, or
(B) which does not exceed Seven Dollars and fifty cents and is applicable to an extension of consumer credit exceeding Seventy-five Dollars.

A creditor may not divide an extension of credit into two or more transactions to avoid the disclosure of an annual percentage rate pursuant to this Section;

(6) the number, amount, and the due dates or periods of payments scheduled to repay the indebtedness;

(7) the default, delinquency, or similar charges payable in the event of late payments; and

(8) a description of any security interest held or to be retained or acquired by the creditor in connection with the extension of credit and a clear identification of the property to which the security interest relates.

(b) Except as otherwise provided in this Chapter, the disclosures required by Section (a) of this Article shall be made before the credit is extended, and may be made by disclosing the information in the note or solicitation and the terms of financing, including the annual percentage rate for representative amounts.

(c) A creditor may not be held liable in any action brought under this Article for a violation of this Chapter if the creditor shows by a preponderance of evidence that the violation was not intentional and resulted from a bona fide error notwithstanding the maintenance of procedures reasonably adapted to avoid any such error.

(d) Any action which may be brought under this Article against the original creditor in any credit transaction involving a security interest in real property may be maintained against any subsequent assignee of the original creditor where the assignee, its subsidiaries, or affiliates were in a continuing business relationship with the original creditor either at the time the credit was extended or at the time of the assignment unless the assignment was involuntary, or the assignee shows by a preponderance of evidence that it did not have reasonable grounds to believe that the original creditor was engaged in violations of this Chapter and that it maintained procedures reasonably adapted to apprise it of the existence of any such violation.

(e) Any action under this Article shall be brought in any court of this State having jurisdiction thereof within four years from the date of the loan or retail installment transaction or two years from the last maturity date, whichever is earlier, except, in the case of open-end credit transactions, two years from the date of the occurrence of the violation.

(f) No provision of this Article or Article 14.08, imposing any liability, shall apply to any act done or omitted in good faith in conformity with any rule, regulation, or interpretation thereof by the Commission, notwithstanding that after such act or omission has occurred, such rule, regulation, or interpretation is amended, rescinded, or determined by judicial or other authority to be invalid for any reason.

(g) The multiple failure to disclose to any person any information required under this Chapter to be disclosed in connection with a single account under an open-end consumer-credit plan, other single consumer-credit sale, consumer loan, or other extension of consumer credit, shall entitle the person to a single recovery under this Section, but continued failure to disclose after a recovery has been granted shall give rise to rights to additional recoveries.

[Acts 1975, 64th Leg., p. 421, ch. 184, § 1, eff. Dec. 31, 1975.]

Art. 5069–14.20. Written Acknowledgment as Proof of Receipt

Except as provided in Article 14.14(c) and except in the case of actions brought under Article 14.19(d), in any action or proceeding by or against any subse-
quent assignee of the original creditor without knowledge to the contrary by the assignee when he acquires the obligation, written acknowledgment of receipt by a person to whom a statement is required to be given pursuant to this Title shall be conclusive proof of the delivery thereof and, unless the violation is apparent on the face of the statement, of compliance with this Chapter. This Article does not affect the rights of the obligor in any action against the original creditor.

[Acts 1975, 64th Leg., p. 421, ch. 184, § 1, eff. Dec. 31, 1975.]

Art. 5069-14.21. Catalogs and Multiple-Page Advertisements

For the purposes of this Chapter, a catalog or other multiple-page advertisement shall be considered a single advertisement if it clearly and conspicuously displays a credit-terms table on which the information required to be stated under this Chapter is clearly set forth.

[Acts 1975, 64th Leg., p. 421, ch. 184, § 1, eff. Dec. 31, 1975.]

Art. 5069-14.22. Advertising of Down Payments and Installments

No advertisement to aid, promote, or assist directly or indirectly any extension of consumer credit may state:

1. that a specific periodic consumer-credit amount or installment amount can be arranged unless the creditor usually and customarily arranges credit payments or installments for that period and in that amount;

2. that a specified down payment is required in connection with any extension of consumer credit unless the creditor usually and customarily arranged down payments in that amount.

Furthermore, they shall cause the jails in their respective counties to be kept in a clean and healthy condition, provided with water of safe quality and ample quantity and sewer disposal facilities in accordance with good sanitary standards, and provided with clean, comfortable mattresses and blankets, sufficient for the comfort of the prisoners, and that food is prepared and served in a palatable and sanitary manner and according to good dietary practices and of a quality to maintain good health. Such jails shall comply with the provisions of this Act and with the rules and procedures of the Commission on Jail Standards.

SUITABLE SEGREGATION

The term “safe and suitable jails,” as used in this Act, shall be construed to mean jails which provide adequate segregation facilities by having separate enclosures, formed by solid masonry or solid metal walls, or solid walls of other comparable material, separating witnesses from all classifications of prisoners; and males from females; and juveniles from adults; and first offenders, awaiting trial, from all classifications of convicted prisoners; and prisoners with communicable or contagious diseases from all other classifications of prisoners. Furthermore, the term “safe and suitable jails” shall be construed to mean jails either now or hereafter constructed, except that, in lieu of maintaining its own jail, any county whose population is not large enough to justify building a new jail or remodeling its old jail shall be exempt from the provisions of this Act by contracting with the nearest available county whose jail meets the requirements set forth in this Act for the incarceration of its prisoners at a daily per capita rate equal to the cost of maintaining prisoners in said jail, or at a daily rate mutually agreed to by the contracting counties.

No person suspected of insanity, or who has been legally adjudged insane, shall be housed or held in a jail, except that such a person who demonstrates homicidal tendencies, and who must be restrained from committing acts of violence against other persons, may be held in a jail for a period of time not to exceed a total of twenty-four (24) hours, during which period he shall be kept under observation continuously. At the end of the twenty-four (24) hour period, such person shall be released or taken to a hospital or mental hospital. Furthermore, for such temporary holding of each person suspected of insanity, or who has been legally adjudged insane, there shall be provided a special enclosure or room, not less than forty (40) square feet and having a ceiling height of not less than eight (8) feet above the floor. Furthermore, the floor and the walls of such enclosure shall be provided with a soft covering designed to protect a violent person, temporarily held therein, from self-injury or destruction. One hammock, not less than two (2) feet, three (3) inches wide and six (6) feet, three (3) inches long, made of elastic or fibrous material shall be provided in each such special enclosure.

SUITABLE SECURITY AND SAFETY

For the purpose of this Act, the term “safe and suitable jails” is further defined to mean jails which provide adequate security and safety facilities by having separate cells or compartments, dormitories, and day rooms, of varying dimensions and capacities for prisoners confined therein, except that, if practicable, no one such cell or compartment shall be designed for confining two (2) prisoners only. Cells or compartments shall be designed to accommodate from one (1) to eight (8) prisoners each, and furthermore, such dormitories and day rooms shall be designed to accommodate not more than twenty-four (24) prisoners each. Furthermore, in each such jail there shall be provided individual one-man or one-woman cells to accommodate not less than thirty per cent (30%) of the total designated prisoner capacity of the jail and dormitory-type space may be provided to accommodate not more than forty per cent (40%) of the total designated prisoner capacity of the jail. All cells, compartments and dormitories for sleeping purposes, where each such cell, compartment or dormitory is designed to accommodate three (3) or more prisoners, shall be accessible to a day room to which prisoners may be given access during the day. Cells for one (1) prisoner only shall have a minimum floor area of forty (40) square feet and all other cells,
compartments, dormitories and day rooms (including safety vestibule area) shall have a minimum floor area equal to eighteen (18) square feet for each prisoner to be confined therein. The ceiling height above finished floor shall be not less than eight (8) feet for any cell, compartment, dormitory or day room where prisoners are confined.

The term “safe and suitable jails,” as used in this Act, is further defined to mean that, for reasons of safety to officers and security, the entrance and/or exit to each group of enclosures forming a cell block or group of cells and/or compartments used for the confinement of three (3) or more prisoners shall be through a safety vestibule having one (1) or more interior doors in addition to the main outside entrance door to such cell block, all arranged to be locked, unlocked, opened or closed by control means located outside of any such enclosure or cell block.

**SUITABLE SANITATION AND HEALTH**

The term “safe and suitable jails” is further defined to mean jails which provide adequate facilities for maintaining proper standards in sanitation and health. Each cell designed for one (1) prisoner only shall be provided with a water closet and a combination lavatory and drinking fountain, table and seat. Each cell, compartment or dormitory designed for three (3) or more prisoners, shall be provided with one (1) water closet and one (1) combination lavatory and drinking fountain for each twelve (12) prisoners or fraction thereof to be confined therein. Furthermore, all such cells, compartments and dormitories shall be provided with one (1) bunk, not less in size than two (2) feet, three (3) inches wide and six (6) feet, three (3) inches long, for each prisoner to be confined therein. Furthermore, each day room for the confinement of three (3) or more prisoners shall be provided with one (1) water closet, one (1) combination lavatory and drinking fountain and one (1) shower bath for each twelve (12) prisoners, or fraction thereof, to be confined therein. Furthermore, each day room shall be otherwise suitably furnished.

The provisions of this Act are enforceable by the Commission on Jail Standards. [Amended by Acts 1975, 64th Leg., p. 1283, ch. 480, § 15, eff. June 19, 1975.]

**Art. 5115.1. Commission on Jail Standards**

**Policy**

Sec. 1. It is the policy of the State of Texas that all county jail facilities in the state conform to certain minimum standards of construction, maintenance, and operation. It is the purpose of the legislature by this Act to implement this policy by establishing a commission on jail standards with the authority and responsibility to administer the provision of this Act and other laws relating to standards for county jails.

**Definitions**

Sec. 2. In this Act:

(1) “Commission” means the Commission on Jail Standards.

(2) “Executive director” means the executive director of the Commission on Jail Standards.

(3) “County jail” means any jail, lockup, or other facility that is operated by or for a county for the confinement of persons accused or convicted of an offense.

(4) “Prisoners” means persons confined in a county jail.

**Commission Created**

Sec. 3. The Commission on Jail Standards is created.

**Membership—Appointment, Terms, Vacancies**

Sec. 4. (a) The commission consists of nine members appointed by the governor with the advice and consent of the senate. Two members shall be county sheriffs, one from a county with a population of over 200,000 persons and one from a county with a population of 200,000 or less, according to the latest United States census. One member shall be a county judge; one shall be a practitioner of medicine licensed by the State Board of Medical Examiners; the other five positions shall be filled by citizens of the state who hold no public office. The sheriffs and the county judge appointed to the commission shall perform the duties of a member of the commission in addition to their other duties.

(b) Except as provided by Subsection (c) of this section, members are appointed for a term of six years expiring on January 31 of an odd-numbered year.

(c) For terms that begin within 60 days after the effective date of this Act, the governor shall appoint:

(1) three members for terms that expire on January 31, 1981;

(2) three members for terms that expire on January 31, 1979; and

(3) three members for terms that expire on January 31, 1977.

(d) If a sheriff or county judge on the commission ceases to hold office or if a vacancy otherwise occurs in the membership of the commission, the governor shall appoint a replacement who possesses the same qualifications as the member who vacated his posi-
tion, with the advice and consent of the senate, to serve the unexpired portion of the term. If a vacancy occurs at a time when the senate is not in session, the vacancy shall nevertheless be filled on an interim basis, and the interim appointee shall serve as a member of the commission until his nomination has been acted on by the senate.

Chairman; Vice-Chairman

Sec. 5. The commission shall biennially elect one of its members chairman and one vice-chairman for a term of two years beginning on February 1 of each odd-numbered year.

Meetings; Quorum; Rules

Sec. 6. (a) The commission shall hold a regular meeting each calendar quarter and may hold special meetings at the call of the chairman or on the written request of three members. The chairman, or in his absence, the vice-chairman, shall preside at all meetings of the commission.

(b) Five members constitute a quorum for the transaction of business.

(c) The commission shall adopt, amend, and rescind rules for the conduct of its proceedings.

Expenses

Sec. 7. Members of the commission are not entitled to compensation but are entitled to reimbursement for actual and necessary expenses incurred in performing their official duties.

Director; Staff

Sec. 8. (a) The commission shall employ an executive director to serve at the will of the commission. The executive director is subject to the policy direction of the commission and is the chief executive officer of the commission.

(b) The executive director may employ personnel as necessary to enforce and administer this Act.

(c) The executive director and employees are entitled to compensation and expenses as provided by legislative appropriation.

Duties of the Commission

Sec. 9. (a) The commission shall:

1. promulgate reasonable rules and procedures establishing minimum standards for the construction, equipment, maintenance, and operation of county jails;
2. promulgate reasonable rules and procedures establishing minimum standards for the custody, care, and treatment of prisoners;
3. promulgate reasonable rules establishing minimum standards for the number of jail supervisory personnel and for programs and services to meet the needs of prisoners;
4. promulgate reasonable rules and procedures establishing minimum requirements for programs of rehabilitation, education, and recreation in county jails;
5. revise, amend, or change rules and procedures if necessary, in a manner not inconsistent with this Act;
6. provide consultation and technical assistance to local government officials with respect to county jails;
7. review and comment on plans for the construction and major modification or renovation of county jails;
8. require that the sheriff and commissioners of each county submit to the commission, on a form prescribed by the commission, an annual report on the conditions in each county jail within their jurisdiction, including all information necessary to determine compliance with state law, commission orders, and the rules promulgated under this Act;
9. review the reports submitted under Subdivision (8) of this subsection and require its employees to inspect county jails regularly to insure compliance with state law, commission orders, and rules and procedures promulgated under this Act; and
10. determine annually, or more often, whether each county jail is in compliance with the rules and procedures promulgated under this Act.

(b) The fact that compliance with a commission rule or procedure requires major modification or renovation of an existing jail or construction of a new jail does not render a commission rule or procedure unreasonable.

Annual Report

Sec. 10. The commission shall make a report to the governor, the lieutenant governor, and the speaker of the house of representatives, not later than January 31 of each year, covering its operations, its findings concerning county jails during the preceding year, and whatever recommendations it deems appropriate.

Enforcement of Jail Standards

Sec. 11. (a) The commission shall be granted access at any reasonable time to any county jail facility or part of any county jail facility and shall be granted access to all books, records, and data pertaining to any county jail which the commission or the executive director deems necessary for the administration of the commission's functions, powers, and duties. The commissioners and sheriff of each
county shall furnish the commission or any of its members, or the executive director or any employee designated by the executive director, any information which he states is necessary to enable the commission to discharge its functions, powers, and duties, to determine whether its rules are being observed or whether its orders are being obeyed and otherwise to implement the purposes of this Act. In the exercise of its function, powers, and duties, the commission may issue subpoenas and subpoenas duces tecum to compel the attendance of witnesses and the production of books, records, and documents, administer oaths, and take testimony concerning all matters within its jurisdiction. The commission is not bound by strict rules of evidence or procedure in the conduct of its proceedings, but its determinations shall be founded on sufficient legal evidence to sustain them. The commission may delegate to the executive director the authority conferred by this subsection.

(b) When the commission finds that a county jail is not in compliance with state law, or the rules and procedures of the commission, or fails to meet the minimum standards prescribed by the commission or by state law, it shall report the noncompliance to the commissioners and sheriff of the county responsible for the jail that is not in compliance. The commission shall send a copy of the report to the governor.

(c) The commission shall grant the county or sheriff a reasonable time, not to exceed one year after a report of noncompliance, to comply with its rules and procedures and with state law. On application of the sheriff or commissioners of a county, if clearly justified by the facts and circumstances, the commission may grant reasonable variances for operation of county jails not in strict compliance with state law, except that no variance may be granted to permit unhealthy, unsanitary, or unsafe conditions.

(d) If the commissioners or sheriff does not comply within the time granted by the commission, the commission may, by order, prohibit the confinement of prisoners in the noncomplying jail and designate another detention facility for their confinement. If a prohibition and transfer order is issued, the sheriff of the county in which the noncomplying jail is situated shall immediately transfer all prisoners to the detention facility specified by the commission.

(e) The county responsible for a nonconforming jail shall bear the cost of transportation and maintenance of prisoners transferred from a noncomplying jail by order of the commission. The costs of transportation and maintenance shall be determined by the commission and shall be paid into the treasury of the entity operating the detention facility to which the prisoners are transferred.

(f) The commission, in lieu of closing a county jail, may institute an action in its own name to enforce, or enjoin the violation of, its orders, rules, or procedures, or of Article 5115, Revised Civil Statutes of Texas, 1925, as amended. The commission shall be represented by the attorney general. An action brought pursuant to this subsection is in addition to any other action, proceeding, or remedy provided by law, and may be brought in a district court of Travis County. A suit brought under this subsection shall be given preferential setting and shall be tried by the court, without a jury. The court shall issue an injunction ordering compliance if it finds:

1. that the county jail is being operated in such a manner that it does not comply with the rules and procedures promulgated by the commission or with state law; and

2. that the commissioners or sheriff has been given a reasonable time to comply with the rules and procedures and has failed to do so.

Judicial Review

Sec. 12. (a) A county may appeal a commission order issued under Subsection (d), Section 11, of this Act by filing a petition in a district court of Travis County.

(b) The petition must be filed within 30 days after the date of the commission's order.

(c) Service of citation on the commission must be accomplished within 30 days after the date the petition is filed. Citation may be served on the executive director.

(d) In an action brought under this section, the court is confined to the record developed by the commission, and the only issues before the court are:

1. whether the order of the commission is based on substantial evidence; and

2. whether the order is arbitrary, capricious, or illegal.

Regulations

Sec. 13. (a) The commission shall promulgate the regulations required by Section 9 of this Act on or before January 1, 1977.

(b) On or before March 1, 1977, the commission shall mail a copy of the regulations promulgated pursuant to Section 9 of this Act to each county sheriff in this state. The chairman shall certify to the governor that the commission has complied with the requirements established by this section.

Qualifications of Jail Personnel

Sec. 14. (a) The Commission on Law Enforcement Officer Standards and Education shall establish minimum physical, mental, educational, and
moral standards for persons employed or utilized in the operation of county jails.

(b) The authority and power of the Commission on Law Enforcement Officer Standards and Education is extended to cover all county jail personnel. The staff of the Commission on Law Enforcement Officer Standards and Education shall be enlarged sufficiently to discharge the additional responsibilities imposed by this section. Counties shall have a period of one year following establishment of standards for county jail personnel within which to have all jail personnel certified by the Commission on Law Enforcement Officers Standards and Education.

It is the intent of the legislature, by this Act, to provide that assistance to small business entities and, by doing so, to promote economic competition to the benefit of all persons in this state. It is the intent of the legislature that each state agency shall attempt to award ten percent of all purchases of articles, supplies, commodities, materials, services, or contracts for services to small business.

Sec. 2. It is the legislature's intent to improve the general welfare and safety of the citizens of this state. The legislature finds that mobile homes have become a primary housing resource of many of the citizens of the state; that a growing awareness exists that many consumers are injured by unprincipled and dishonest members of the mobile home industry, that current warranties are deficient, that existing means of remedying these injustices are inadequate and do not provide a viable means for protecting the consumer, and that it is the responsibility of the state to provide for the protection of its citizens through the imposition of certain regulations on the mobile home industry. In recognition of these findings, the legislature deems it necessary to expand various regulatory powers to deal with these problems. The legislature finds this to be the most economical and efficient means of dealing with this problem and serving the public interest. Accordingly, this Act shall be liberally construed and applied to promote its underlying policies and purposes.

**Administrative Hearings**

Sec. 15. (a) Any manufacturer who violates or fails to comply with the requirements for a certificate of acceptability shall be notified in writing setting forth facts describing the alleged violation and instructed to correct the violation within 30 days. Should the manufacturer fail to make the necessary correction(s) within the specified time, the commissioner may, after notice and hearing, suspend or revoke any certificate of acceptability if he finds that:

1. the manufacturer has failed to pay the fees authorized by this Act; or
2. the manufacturer, either knowingly or without the exercise of due care to prevent the
same, has violated any provision of this Act or any regulation or order lawfully made pursuant to and within the authority of this Act.

Judicial Review

Sec. 16. (a) Any party to the hearing aggrieved by the decision or order of the commissioner may secure judicial review thereof in the following manner:

(1) The petition must be filed in a district court of Travis County, Texas, within 30 days after the decision or order of the commissioner becomes final.

(2) The filing of a petition for review shall not itself stay the effect of the decision or order complained of, but the commissioner or the reviewing court may order a stay upon appropriate terms and if a stay is so granted no supersedeas bond shall be required.

(3) Service of process: the petition for review shall be served on the commissioner and upon all parties of record in any hearing before the commissioner in respect to the matter for which review is sought. After service of such petition upon the commissioner and within the time permitted for filing an answer, or as soon thereafter as the record is made available to the commissioner, the commissioner shall certify to the district court in which such petition is filed the record of the proceedings to which the petition refers. The cost of preparing and certifying such record shall be paid to the commissioner by the petitioner and taxed as part of the cost in the case, to be paid as directed by the court upon final determination of said cause.

(4) The review of any decision or order of the commissioner shall be tried by the court without a jury in the same manner as civil actions generally, but no evidence shall be admissible which was not adduced at the hearing on the matter before the commissioner or officially noticed in the record of such hearing.

(5) The burden of proof shall be on the plaintiff. The reviewing court may affirm the action complained of or remand the matter to the commissioner for further proceedings.

(6) Appeals from any final judgment may be taken by either party in the manner provided for in civil actions generally, but no appeal bond shall be required of the commissioner.

(c) Whenever it appears that any dealer, manufacturer, salesperson, or installer has violated or is threatening to violate any of the provisions of this Act or of the rules and regulations of the department, either the attorney general or the department may cause a civil suit to be instituted either for injunctive relief to restrain such dealer, manufactur-
er, salesperson, or installer from continuing the violation or threat of violation or for the assessment and recovery of the civil penalty or for both.

(d) Any contract between a consumer and a mobile home salesperson, dealer, or manufacturer is voidable at the option of the consumer if said manufacturer, dealer, or salesperson was not bonded as per the provisions of this Act at the time the contract was consummated.

(e) Failure to comply with the warranty provisions in Section 14 of this Act is considered a deceptive trade practice in addition to those practices delineated in Chapter 17, Subchapter E, Texas Business & Commerce Code. As such, the venue provisions and all remedies available in said subchapter apply to and are cumulative with the remedies provided in this Act.

1 Business and Commerce Code, § 17.41 et seq.

Sec. 18. (a) Any waiver by a consumer of the provisions of this Act is contrary to public policy and is unenforceable and void.

(b) No provision of this Act shall exclude any other remedy available at law or equity to the consumer.

(c) If any provision of this Act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of this Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable.

When the Commissioner of the United States Section of the International Boundary and Water Commission, United States and Mexico, shall make application to the Governor of the State of Texas describing the area and the interest therein which is determined necessary or expedient for use under the treaty and the Act, the governor shall issue a grant of such interest for and on behalf of the State of Texas to the United States of America, conveying to it the area and the interest described in the application, and the grant, except as provided in Section 3 of this Act, shall reserve to the State of Texas all minerals, except rock, sand, and gravel needed by the United States in the operation or construction by the United States or its agents of any of the works described in Section 1 of this Act, subject to the proviso that the minerals so reserved to the state may not be explored for, developed, or produced in a manner which will at any time prevent or interfere with the operation or construction by the United States of America of any of the works described in Section 1 of this Act, and providing further, that prior to exploring for or developing the reserved minerals, the written consent and approval of the United States Section, International Boundary and Water Commission, United States and Mexico, or its successor agency, shall be obtained as to the proposed area sought to be explored or developed by the State of Texas, including, but not by way of limitation, the location of and production facilities for oil and/or gas wells and/or other minerals.

In locations where the United States Commissioner applies for fee title to the bed and banks of the Rio Grande to be granted to the United States for the relocation and rectification of the channel under the treaty causing a portion of the existing channel to be within the territorial limits of Mexico after its relocation and rectification, the grant shall contain the same reservations and provisos as those prescribed in Section 2 of this Act on that portion only of the existing channel which will remain within the territorial limits of the United States on completion of the relocation and rectification project.

Sec. 4. in this Act. The authority granted by this Act to the Governor of the State of Texas extends only to the bed and banks of the Rio Grande to the extent that title to the bed and banks is by law vested in the State of Texas, whether under the civil law, or common law, or court decisions of the State of Texas, or otherwise. Sec. 1. (a) Each oil and gas lease covering land leased by the School Land Board, or by any board for lease of any state lands (excluding the Board for Lease of University Lands) or by the surface owner of lands under which the state owns the minerals, commonly referred to as Relinquishment Act lands, which Relinquishment Act lease shall be subject to approval by the Commissioner of the General Land Office before it is effective, shall contain a provision granting such board authorized to lease such lands, or the owner of the soil of Relinquishment Act lands and the Commissioner of the General Land Office the authority to take their royalty in kind. Such option may be exercised at the discretion of the School Land Board, or any board for lease authorized to lease state lands, or the surface owner acting as agent for the state in leasing state-owned minerals under lands in which he owns the surface, and the Commissioner of the General Land Office. Such option to take royalty in-kind may be exercised at any time or from time to time on not less than 60 days’ notice to the holder of the lease. Such other reasonable provisions not inconsistent with this Act may be included in the lease by the land commissioner or any board for lease of state lands.

Sec. 2. (a) In this Act, “royalty” or “royalties” refers either:

(1) to royalty payable in a sum of money equal to the market value for the general area where produced and when run; or

(2) to royalty collectible in kind.

(b) This Act shall not be construed to surrender or in any way affect the right of the state or the owner of the soil under existing or future leases to receive royalty from its lessee on the basis of the fair market value produced from state public lands or Relinquishment Act lands.

[Amended by Acts 1975, 64th Leg., p. 590, ch. 241, § 1, eff. May 20, 1975.]

3. SOLD ASYLUM AND SCHOOL LANDS

Art. 5372. Forfeiture of Rights

Such forfeiture may be set aside and all rights theretofore existing shall be reinstated at any time before the rights of another intervene, upon satisfactory evidence of future compliance with the provisions of this law.

[Amended by Acts 1975, 64th Leg., p. 1939, ch. 635, § 1, eff. Sept. 1, 1975.]

All royalties due under any lease of state lands or minerals which are required to be paid to the General Land Office shall be due and payable in the following manner:

Royalty on oil shall be due and payable on or before the 5th day of the second month succeeding the month of production, and royalty on gas shall be due and payable on or before the 15th day of the second month succeeding the month of production, accompanied by the affidavit of the owner, manager or other authorized agent, completed in the form and manner prescribed by the General Land Office and showing the gross amount and disposition of all oil and gas produced and the market value of the oil and gas, together with a copy of all documents, records or reports confirming the gross production, disposition and market value including gas meter readings, pipeline receipts, gas line receipts, and other checks or memoranda of amount produced and put into pipelines, tanks, or pools and gas lines or gas storage, and any other reports or records which the General Land Office may require to verify the gross production, disposition and market value. A copy of all contracts under which gas is sold or processed and all subsequent agreements and amendments to such contracts shall be filed with the General Land Office within thirty (30) days after entering into or making such contracts, agreements or amendments. Such contracts and agreements when received by the General Land Office shall be held in confidence by the General Land Office unless otherwise authorized by Lessee. The books and accounts, receipts and discharges of all lines, tanks, pools and meters, and all contracts and other records pertaining to the production, transportation, sale and marketing of the oil and gas shall at any time be subject to inspection and examination by the Land Commissioner, the Attorney General, the Governor, or the representative of either. Each royalty payment shall be accompanied by a check stub, schedule, summary or other remittance advice showing by the assigned General Land Office lease number the amount of royalty being paid on each lease. Any royalty not paid or affidavits and supporting documents not filed when due shall become delinquent and shall have added to the sum owing a delinquency penalty of one percent (1%) of such sum for each thirty (30) day period of delinquency or a fractional period thereof; provided, however, that each such penalty shall never be less than Five Dollars ($5). The lessee shall bear all responsibility for paying or causing royalties to be paid as prescribed by the due date provided herein. Payment of the delinquency penalty shall in no way operate to prohibit the State's right of forfeiture as provided by law nor act to postpone the date on which royalties were originally due. The above penalty provisions shall not apply in cases of title dispute as to the State's portion of the royalty or to that portion of the royalty in dispute as to fair market value.

[Amended by Acts 1975, 64th Leg., p. 1939, ch. 635, § 2, eff. Sept. 1, 1975.]

All other provisions relating to the exercise of the power of eminent domain shall be in accord with the commission’s existing powers and authority relating to eminent domain. However, the commission does not have the authority to condemn any submerged public lands under the jurisdiction of the School Land Board.

(d) Proposed actions and actions of the commission pursuant to this Act which have potential for significant environmental impact or effect upon coastal public lands, coastal marshes and similar areas, wildlife, and fisheries shall be coordinated with appropriate state and federal agencies having environmental, wildlife, and fisheries responsibilities.

(e) All agencies and political subdivisions of the State of Texas shall, within their legal authority and available resources, assist the commission in carrying out the purposes of this Act. All such agencies and political subdivisions are hereby authorized without any form of advertisement to make conveyance of title or rights and easements, owned by any such body, to any property needed by the commission to meet its responsibilities under this Act as the nonfederal sponsor of the Gulf Intracoastal Waterway.

(f) The commission, in cooperation with all appropriate persons, shall continually evaluate the Gulf Intracoastal Waterway as it relates to Texas. Such evaluations shall include an assessment of the importance of the Gulf Intracoastal Waterway, including an identification of direct and indirect beneficiaries; identification of principal problems and possible solutions to such problems, including estimated costs, economic benefits, and environmental effects; evaluation of the need for significant modifications to the Gulf Intracoastal Waterway; and specific recommendations for legislative actions that the commission believes to be in the best interest of the state in carrying out the policy of the state as declared in Section 2 of this Act. The results of this evaluation shall be published in a report to be presented to each regular session of the legislature.

(g) Prior to approval or implementation by the commission of any plan or project for acquisition or acquisition of any property or interest in property for any dredge material disposal site, or for the widening, relocation, or alteration of the main channel of the Gulf Intracoastal Waterway which requires the acquisition of any additional property or interest in property, to satisfy federal local sponsor requirements, the commission shall hold public hear-
ings for the purpose of receiving evidence and testimony concerning the desirability of such proposed dredge material disposal site and of any such widening, relocation, or alteration of the main channel of the Gulf Intracoastal Waterway, prior to which hearing the commission shall publish notice of such plan, project, and hearing, at least once a week for three successive weeks in a newspaper of general circulation published in the county seat of each county in which any such proposed dredge material disposal site or part thereof is located and in which the channel or any portion of the channel of the Gulf Intracoastal Waterway to be widened, relocated, or altered is located, of the date, time, and place of such hearing. If after such public hearing the commission shall determine that such proposed dredge material site plan or project or such proposed plan or project for widening, relocation, or alteration of the main channel of the Gulf Intracoastal Waterway, as the case may be, can be accomplished without unjustifiable waste of publicly or privately owned natural resources and without permanent substantial adverse impact on the environment, wildlife, or fisheries, the commission may then, upon its approval of such plan or project, proceed to implement such plan or project and acquire, in such manner as is provided in Section 6(c) of this Act, such additional property or interest in property necessary to satisfy federal local sponsorship requirements for implementation of such plans for such dredge material site or for such widening, relocation, or alteration of the main channel of the Gulf Intracoastal Waterway.

Funding

Sec. 7. The legislature is hereby authorized to appropriate from the General Revenue Fund funds in the amount necessary to accomplish the purposes of this Act.

Administration of the Act

Sec. 4. The governor is hereby designated as the officer of the state to approve or disapprove an application to the secretary of transportation to own, construct, or operate a deepwater port off the Texas Gulf Coast. The commissioner of the general land office is hereby designated the officer of the state charged with the administration, implementation, and coordination of the provisions of this Act relating to the determination by state or local agencies that such an application complies with state and local laws relating to environmental protection, land and water use, and coastal zone management.

Determination of Compliance with State and Local Law

Sec. 5. (a) Upon receipt of a copy of an application transmitted from the secretary of transportation pursuant to the federal Deepwater Port Act of 1974, 33 U.S.C.A. 1501 et seq., the governor shall immediately transmit a copy of the application to the commissioner of the general land office and to the Attorney General of Texas.

(b) Within 15 days after the receipt of an application from the governor, the commissioner shall publish notice of the application in any official register of the State of Texas, in the newspaper of greatest general circulation in Travis County and in each of the five most populous counties in Texas, according to the latest United States census, and in a newspaper in the adjacent coastal county and in any county adjoining the adjacent coastal county in which such notice would not have otherwise been published under this subsection.

(c) Within 30 days after the receipt of an application from the governor, the attorney general shall determine and forward to the governor and to the commissioner a list of the state or local agencies which have jurisdiction to administer laws relating to environmental protection, land and water use, and coastal zone management, and also within whose boundaries are located facilities constituting a deepwater port, as defined by Section 3(5) herein.

(d) Upon receipt of the list of state or local agencies prepared by the attorney general pursuant to Subsection (c) of this section, the commissioner shall immediately transmit a copy of the application to each such state or local agency for review and determination of whether the application complies with the laws or regulations administered by such state or local agency.

(e) The state or local agency shall report such determination to the commissioner in writing within 60 days after its receipt of a copy of the application from the commissioner.

(f) If any state or local agency reports to the commissioner that the application does not in compliance, such agency shall set forth in detail the manner in which the application does not comply with any law or regulation administered by the agency and shall report to the commissioner how the application can be brought into compliance with the law or regulation involved. A copy of such report shall be forwarded by the commissioner to the applicant, and the applicant shall be entitled to respond in writing to the state or local agency which issued such report and to request that a public hearing be held by the commissioner on the provisions of the application determined by the state or local agency not to comply with state or local law.

(g) The failure of a state or local agency to forward a determination report to the commissioner within the time period established in Subsection (e) of this section shall constitute a presumption that the application complies with the law or regulations administered by that agency.

(h) One copy of the application shall be filed in the general land office and in the office of the county judge of the adjacent coastal county for public inspection and shall be available to the public for inspection or duplication during normal business hours. A person requesting a copy of the application may be charged a reasonable fee for duplicating and mailing costs. The applicant may be charged a reasonable fee to cover the costs of reproducing and mailing copies of applications to state and local agencies, unless the applicant provides the number of copies required by such agencies.

Hearings on the Application

Sec. 6. (a) As provided in Section 5(f) of this Act, an applicant shall be entitled to a public hearing on the provisions in his application which have been determined by a state or local agency not to be in compliance with the laws which they have jurisdiction to administer.

(b) Upon receipt of a request from an applicant for such a hearing, the commissioner shall publish notice of such hearing as provided in Section 5(b) of this Act. The notice shall describe the purpose of the hearing and the date, time, and place of the hearing. The date of the publication and of any personal notice of the hearing shall be not less than 10 days before the date set for the hearing.

(c) The commissioner may also hold a public hearing on the determination of compliance reports submitted to him by the state and local agencies. Notice of such hearing shall be given as provided by Subsection (b) of this section.

(d) The commissioner may consolidate any hearing held under this section with the hearing required by the federal Deepwater Port Act of 1974, 33 U.S.C.A. 1501 et seq., to be held in Texas by the secretary of transportation.
(e) All hearings on the application shall be concluded not later than 120 days after the date on which the commissioner received the application from the governor; provided, however, that the commissioner shall be entitled to hold a hearing after such 120 day period if the federal hearing required to be held in Texas has not been held and the commissioner has determined and given notice that a hearing provided for in this section will be held in conjunction with the federal hearing.

(f) Notwithstanding Subsection (e) of this section, the commissioner shall be required to comply with the date provided in Section 7(a) for transmitting his report to the governor.

Report to the Governor

Sec. 7. (a) Within 150 days after the receipt of an application from the governor, the land commissioner shall transmit to the governor a report in the form of a written summary of the determination of compliance reports submitted by any state or local agency, together with the transcript and testimony from any public hearing held by the commissioner or any joint hearing held in the state with the secretary of transportation.

(b) If the commissioner's report contains a determination by a state or local agency that the application does not comply with a law relating to environmental protection, land and water use, or coastal zone management, the commissioner shall include in his report the manner in which the application does not comply and how the application can be brought into compliance.

(c) The failure of the commissioner to transmit his summary report to the governor within the time period established in Subsection (a) of this section shall constitute a presumption that the application complies with state and local law.

Action on the Application by the Governor

Sec. 8. (a) Upon receipt of the report from the commissioner, and not later than 45 days after the last public hearing held on the application by the secretary of transportation pursuant to Section 5(g) of the federal Deepwater Port Act of 1974, 33 U.S. C.A. 1501 et seq., the governor shall notify the secretary of transportation whether he approves or disapproves the application.

(b) If the governor concludes that the application does not comply with state laws relating to environmental protection, land and water use, and coastal zone management, he may disapprove the application. However, if he concludes that the application can be amended to comply with such laws, he may approve the application and shall notify the secretary of transportation of the manner in which the application does not comply and how the application can be brought into compliance with such laws.

(c) The governor shall transmit copies of his notification to the secretary, the applicant, the commissioner, and to the state and local agencies to whom were transmitted copies of the application by the commissioner pursuant to Section 5(d) herein.

Effect on Other Laws

Sec. 13. Nothing herein shall be construed in any way to limit, impair, diminish, change, or curtail the power, authority, and activities of any state or local governmental agency, but all power and authority vested in and exercised by such agencies are hereby specifically reserved as to them; and none of the statutory law pertaining to those existing authorities or districts is amended, changed, or repealed by the provisions hereof.

Art. 5421c-1. Excess Acreage Where Tract of Land Titled or Patented

In all cases where the area of a tract of land titled or patented exceeds the quantity called for in the title or patent, and where under the existing law the title to all or any part thereof shall or may be affected by the existence of such excess, then any person owning such survey, or portion of said survey, or having an interest therein may pay for the total excess acreage in the survey, or the total excess in a given tract out of the patented or titled survey, at such price as the School Land Board may fix. Any person owning an interest in a titled or patented survey, or any portion thereof, in which excess acreage exists who desires to pay for such excess acreage, shall file with the Land Commissioner a request for an appraisement of the land with corrected field notes describing the patented tract, and if purchasing excess in a portion of a tract, also field notes describing the portion in which he is making application to purchase the excess in the form now provided by law, together with a statement of the facts pertaining to his right to purchase, which statement shall be sworn to, and such other evidence of his right to purchase as the Commissioner may require. Should it appear that such excess actually exists and that the applicant is entitled to the benefits of the law, then the Commissioner shall execute a deed of acquittance covering such land in the name of the original patentee or his assignees with such reservation of minerals or with no mineral reservation, accordingly as may have been the case when the survey was titled or patented. Such transfer shall inure distributively to the benefit of the
true and lawful owners of such land in proportion to their holdings.

Art. 5421c-13. Trades of Interests in Public Free School Fund Lands

Sec. 1. (a) The School Land Board in conjunction with the General Land Office is authorized to trade fee and lesser interests in Public Free School Fund Lands for fee and lesser interests in lands not dedicated to the Public Free School Fund upon a decision by the School Land Board and the Commissioner of the General Land Office that such trade or trades are in the best public interest of the People of Texas. Such trade or trades may be made either for the purpose of aggregating sufficient acreage of contiguous lands to create a manageable unit; for acquiring lands having unique biological, geological, cultural, or recreational value; or to create a buffer zone for the enhancement of already existing public land, facilities, or amenities. Such trades shall be on an appraised value basis (such appraisal to be made by appraisers of the General Land Office and concurrent in by the School Land Board, and such appraisal shall be conclusive proof of the value of the land). The trades shall be for land of at least equal value. The State of Texas shall retain the subsurface mineral rights to oil and gas wherever practical and in all events when there is oil and gas production within fifty (50) miles of such State land. Such trades shall be by a deed to be signed jointly by the Governor, the Commissioner of the General Land Office and the Governor. Failure of the Governor to sign such a deed constitutes his veto of the proposed trade, and the proposed trade shall not be made.

(b) All lands acquired by trade under the authority of this Act shall be dedicated to the Public Free School Fund.

Sec. 2. In the event any such trade or trades be made, the School Land Board shall report each trade to the succeeding legislature, setting out such facts as warranted the trade or trades.

Sec. 3. The authority granted by this Act to trade Public Free School Fund Lands shall expire on December 31, 1978, and no trades shall be made after that date.

Art. 5421m. Veterans' Land Board

[See Compact Edition, Volume 4 for text of 1 to 11]

Subdivision of Land; Purchase and Sale; Payment of Costs; Rules and Regulations for Sale of Land

Sec. 12. Land acquired by the Board may be subdivided for the purpose of sale as provided herein into tracts of such size as the Board may deem advisable; and, with respect to land acquired with the moneys of the Veterans' Land Fund attributable to any bonds hereafter issued and sold, the Board is hereby authorized to use the moneys of the Veterans' Land Fund attributable to the bonds hereafter issued and sold for the purpose of paying the expenses of surveying and monumenting such land and the tracts thereof; the cost of constructing roads thereon; any legal fees, recordation fees, and advertising costs arising out of the purchase and sale or resale of such land and the tracts thereof; and other like costs necessary or incidental to the purchase and sale of any lands so acquired by the Board; but such expenses shall be added to the price of such lands when sold or resold by the Board. No moneys of any Division of the Veterans' Land Fund created prior to the effective date of this Act may be used for paying the expenses listed herein until there are sufficient moneys of such Division to retire all of the bonds secured by such Division, at which time all such moneys, except such portion thereof as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, shall be usable to pay such expenses as fully as the moneys attributable to any bonds hereafter issued and sold by the Board.

Land acquired and subdivided pursuant to this section shall be offered for sale in accordance with such rules and regulations as the Board may adopt and shall be sold by the Board to veterans qualified to participate in the Veterans' Land Program in conformance with the provisions of this Act governing the sale of lands purchased by the Board generally; but no tract may be sold under the provisions of this Section for a price, to include any addition of the expenses above mentioned, in excess of Fifteen Thousand Dollars ($15,000) unless the purchaser pays in cash as a down payment the amount of the sale price in excess thereof in accordance with the Board's rules and regulations but not later than the date of sale, in addition to the initial payment required by Section 17 of this Act. In the event that a sale hereunder is not consummated, any down payment received shall be refunded to the veteran.

The foregoing notwithstanding, any land acquired and subdivided pursuant to this Section which has first been offered for sale to veterans and which has not been sold to such purchasers may be sold to any purchaser in the same manner as lands forfeited under the provisions of this Act.

Purchase of Land Selected by Veteran

Sec. 16. Anything contained in this Act to the contrary notwithstanding, it is expressly provided
that where the veteran desires a particular tract of land located in this State, containing not less than ten (10) acres, he may, upon proper showing of eligibility to benefits hereunder, be authorized by the Board to select the land which he desires and submit his selection to such Board on such form as it may prescribe. The Board may purchase such land from the owner thereof upon the terms agreed, if the Board is satisfied of the value and desirability of the property submitted, and pay not to exceed Fifteen Thousand Dollars ($15,000) therefor unless the veteran pays to the Board in cash that portion of the price in excess of the amount that the Board agrees to pay in accordance with the Board's rules and regulations but by not later than the date on which the Board acquires title thereto. Any such cash payment shall be considered a down payment on the price of the land when sold by the Board to a veteran selecting same and shall be in addition to the initial payment required by Section 17 of this Act. The Board shall cause to be made such appraisement of the property as it deems necessary in order to determine value, and before consummating a purchase shall satisfy itself as to title as provided in Section 11 of this Act. No transaction under this Act shall be considered together with any other transaction so as to constitute a block deal between the State and two or more veteran purchasers, and each tract of land shall be considered as a wholly separate entity without dependence upon any other tract of land, substance, matter, person or thing in determining its value, purchase or sale, under any of the provisions of this Act; provided, however, that nothing in this Act shall be construed so as to prevent the purchase and/or sale of contiguous tracts of land to separate purchasers so long as the value of the land is determined in the above manner. The property so acquired shall become a part of the Veterans' Land Fund, but the veteran who has selected the land so acquired shall have a preference right to purchase the same from the Board. The rules and regulations governing the sale of land under this section shall be governed by the provisions hereinafter made with reference to sale of land generally by the Board, except where same conflicts with this section. In order to be entitled to such preference right, the veteran shall, before the Board purchases said land, have agreed in writing to purchase said selected land from the Board for the price paid therefor; but if the veteran fails or refuses to exercise such preference right, the land may be sold by the Board in the same manner as provided for the sale of land forfeited under the provisions of this Act. If the title to said land is not approved and accepted by the Board, any amount paid to the Board in excess of the amount which the Board agreed to pay for such selected land shall be refunded to the veteran together with any other down payment remitted to the Board. **Group Life Insurance Coverage Cancelling Indebtedness of Purchasers**

Sec. 16(B). The Board may enter into a master contract or agreement with one or more life insurance companies authorized to do business in Texas to provide group life insurance coverage cancelling upon death the indebtedness due the Board of persons purchasing land under the Texas Veterans Land Program. Such contract shall not prohibit cancellation by the insurer of the entire contract upon reasonable notice to the Board but shall prohibit cancellation of individual coverage except as hereinafter expressly authorized. The master contract or agreement shall provide, in addition to those provisions of Article 3.50 of the Insurance Code of the State of Texas, that the life insurance coverage will be offered by the writing insurance company or companies to all such persons without a physical examination and that no such person shall be denied coverage because he is disabled at the time of application for such coverage. The policy contract shall express and control the contractual relationship between all parties thereto and shall be approved by the State Board of Insurance in accordance with the provisions of the Insurance Code of Texas, as amended. It shall not be mandatory that any person purchasing land under the Texas Veterans Land Program accept the offer of such coverage, and refusal by such person to accept the offer of such coverage shall not be a ground for the Board to decline to enter into a contract of sale and purchase with any such person. Such coverage shall be terminated as to any person of the group upon: (1) the satisfaction of the indebtedness due the Board; or (2) upon the Board's approval of a transfer of interest in the land being purchased from the Board; or (3) upon failure to make timely payment of the premium to be paid for such coverage; such master contract may provide that coverage will terminate upon the person purchasing land under the Texas Veterans Land Program attaining the age of sixty-five (65) years. When coverage has been terminated as to any member of the group for failure to make timely payment of the premium, renewal of coverage shall be subject to evidence of insurability as required by and satisfactory to the insurance company and upon payment of the premium due plus any penalty that may be provided. The total insurance coverage as to any person of the group shall not at any time exceed the indebtedness due the Board, but in no event shall such total insurance coverage exceed such amount as may be provided in said master contract. The Board may collect, or provide for the collection of, the premium for such coverage in any
Art. 5421m  LANDS—PUBLIC  1092

reasonable manner. If the death of a person of the
group occurs while the insurance coverage is in
force, the benefits of such coverage shall be paid to
the Veterans Land Board for credit to the Veterans
Land Fund and shall cancel the indebtedness due the
Board.

The following words and phrases shall for the
purposes of Section 16(B) of this Act have the mean­
ing indicated:

a. “Persons purchasing land under the Texas
Veterans Land Program” shall mean any person
or persons, and his or their successors or assigns,
who are buying land from the Veterans Land
Board under contract of sale and purchase,
whether such land has been sold by the Board
under Section 12, Section 16, or Section 19(A) of
this Act.

b. “Person of the group” shall mean any
person purchasing land under the Texas Veter­
ans Land Program, as defined above, who has
elected to accept the offer of the insurance
coverage provided for in Section 16(B) of this
Act.

c. “The indebtedness due the Board” shall
mean the principal and interest thereon neces­
sary to pay in full the obligation set forth in any
contract of sale and purchase under which any
person of the group, as defined above, is pur­
chasing land from the Veterans Land Board,
exclusive of delinquent principal, interest, and
penalties.

Contract of Sale; Payment; Transfer; Deed

Sec. 17. The sale of all lands hereunder by the
Board may be properly initiated by Contract of Sale
and Purchase, and said contract shall be recorded in
the deed records in the County where the land is
located. The purchaser shall make an initial pay­
ment of at least five percent (5%) of the selling price
of the land if sold pursuant to Section 12 of this Act
or at least five percent (5%) of the amount that the
Board agrees to pay for the land if sold pursuant to
Section 16 of this Act, in neither event to exceed
five percent (5%) of Fifteen Thousand Dollars ($15,-
000) together with any additional down payment as
provided in said Sections 12 and 16. The balance of
said selling price shall be amortized over a period to
be fixed by the Board, but not exceeding forty (40)
years, together with interest thereon at a rate to be
fixed by the Board; not to exceed one and one-half
percent (1½%) per annum more than the accepted
bid price for each series within a bond sale division;
provided, however, that the purchaser shall have the
right on any installment date to pay any or all
installments still remaining unpaid; provided fur­
ther, that in any individual case, the Board may, for
good cause, postpone from time to time, upon such
terms as the Board may deem proper, the payment
of the whole or any part of any installment of the
selling price or interest thereon. The Board is em­
powered in each individual case to specify the terms
of the contract entered into with the purchaser, not
contrary to the provisions of this Act, but no proper­
ty sold under the provisions of this Act shall be
transferred, sold, or conveyed in whole or in part,
until the original veteran purchaser has enjoyed
possession for a period of three (3) years from the
date of purchase of said property, and complied with
all the terms and conditions of this Act and the rules
and regulations of the Board; provided, however,
that should the veteran purchaser die or become
financially incapacitated, or in the event of an invol­
untary transfer by court order or proceedings such
as, but not limited to, bankruptcy, sheriff or trustee
sale, or divorce, the property may be conveyed be­
fore the expiration of said three (3) years by said
purchaser or his heirs, administrators, or executors
by complying with the rules and regulations promul­
gated by the Board and by securing the approval of
the Board. After said three year period, a purchaser
may at any time, transfer, sell or convey land pur­
chased under the provisions of this Act, provided all
mature interest, principal and taxes have been paid
and the terms and conditions of this Act and the
rules and regulations of the Board have been met
and the approval of the Board obtained; provided,
however, if the sale is to other than a qualified
Texas veteran, the assignee and all subsequent as­
signees shall assume an interest rate on the indebted­
ness to the Board to be fixed by the Board at not
less than one percent (1%) per annum greater than
the rate fixed by the Board for sales to veterans
under Sections 12 and 16 of this Act and the
rules and regulations of the Board have been met
and the approval of the Board obtained; provided,
however, in any individual case, the Board may deem
proper, the payment

State under the contract of sale is paid, the Chairman of the Board shall execute a deed under seal to the original purchaser of the land or to the last assignee whose assignment has been approved by the Board. Nothing herein, however, shall be construed to prohibit the Board from accepting full payment for a portion of a tract and issuing a deed thereto, in accordance with its rules and regulations; and all deeds issued by the Board and executed by the Chairman thereof under seal, whether conveying all the land contracted to be sold to a veteran or other purchaser or a part of such land, are hereby ratified, confirmed, and validated. If a deed is executed to other than the legal owner or to a deceased grantee, such deed and the rights conveyed therein shall nevertheless inure to the benefit of the lawful owner.

Sec. 21. The Board is hereby authorized and empowered to make and promulgate such rules and regulations under this Act, and not inconsistent herewith, as it shall deem to be necessary or advisable. Such rules and regulations shall be considered a part of this Act and any violation thereof shall subject the offender to prosecution under the provisions of Section 32 hereof. The Board shall likewise have the power to prescribe the form and contents of all notices, bids, applications, awards, contracts, deeds or instruments whatsoever in any manner used by it in so carrying out such project and plan when the same shall not be in conflict with the law. The Board is hereby made the sole judge of the legality of any purchase contract under this Act, and anyone availing himself of the provisions of this Act shall by so doing agree to abide by the same; and should the Board declare a forfeiture under said purchase contract, then the purchaser shall vacate the premises within forty-five (45) days after the date of letter giving notice of such declaration, such letter to be forwarded by registered mail to the last known address of such purchaser.

The Board is hereby authorized and required to collect a fee in the amount they feel necessary from each applicant under Section 16 of this Act and to deposit such fees in a bank and any and all interest remaining after payment for such items shall be refunded except as provided in Section 19(A) of this Act.

The Board is further authorized and required to charge and collect for the use of the State the following fees for the processing and servicing of purchase applications and Contracts of Sale and Purchase and matters incidental thereto. Any such fees, or a portion thereof, which in the opinion of the Board are unused shall be refunded.

1. Fee for each appraisal for each application under Section 16 of this Act $35.00
2. Contract of Sale and Purchase transfer fee for each transfer $35.00
3. Mineral lease service fee for each lease executed by purchasers $10.00

7. Service fee for each Contract of Sale and Purchase $35.00
8. Fee for homestead, severance, or paid-in-full deed $20.00

2. steam and other gases, hot water and hot brines resulting from water, gas, or other fluids artificially introduced into geothermal formations;

3. heat or other associated energy found in geothermal formations; and

(ii) correctional custody for not more than 30 days;
(iii) forfeiture of not more than one-half of 1 month's pay per month for 2 months or a fine of not more than $75;
(iv) reduction to the lowest or any intermediate pay grade, if the grade from which demoted is within the promotion authority of the officer imposing the reduction or any officer subordinate to the one who imposes the reduction, but an enlisted member in a pay grade above E-4 may not be reduced more than 2 pay grades;
(v) extra duties, including fatigue or other duties, for not more than 45 days which need not be consecutive and for not more than 2 hours per day, holidays included;
(vi) restriction to certain specified limits with or without suspension from duty, for not more than 60 days;
(vii) detention of not more than one-half of 1 months pay per month for 3 months. Detention of pay shall be for a stated period of not more than 1 year but if the offender's term of service expires earlier, the detention shall terminate upon that expiration. No 2 or more of the punishments of arrest in quarters, correctional custody, extra duties, and restriction may be combined to run consecutively in the maximum amount imposable for each. Whenever any of those punishments are combined to run consecutively, there must be an apportionment. In addition, fine or forfeiture of pay may not be combined with detention of pay without an apportionment. For the purposes of this subsection “correctional custody” is the physical restraint of a person during duty or non-duty hours and may include extra duties, fatigue duties, or hard labor. If practicable, correctional custody will not be served in immediate association with persons awaiting trial or held in confinement pursuant to trial by courts-martial.

(c) An officer in charge may impose upon enlisted members assigned to the unit of which he is in charge such of the punishments authorized under subsection (b)(2)(A)-(G) of this Section as the Governor may specifically prescribe by regulation.

(d) The officer who imposes the punishment authorized in subsection (b) or his successor in command, may, at any time, suspend probationally any part or amount of the unexecuted punishment imposed and may suspend probationally a reduction in grade or fine or forfeiture imposed under subsection (b), whether or not executed. In addition, he may, at any time, remit or mitigate any part or amount of the unexecuted punishment imposed and may set aside in whole or in part the punishment, whether executed or unexecuted; and restore all rights, privileges, and property affected. He may also mitigate reduction in grade to fine or forfeiture or detention of pay.

When mitigating:
(1) arrest in quarters to restriction, or
(2) extra duties to restriction, the mitigated punishment shall not be for a greater period than the punishment mitigated. When mitigating forfeiture of pay to detention of pay, the amount of the detention shall not be greater than the amount of the forfeiture. When mitigating reduction in grade to fine, forfeiture or detention of pay, the amount of the fine, forfeiture or detention shall not be greater than the amount that could have been imposed initially under this Section by the officer who imposed the punishment mitigated.

(e) A person punished under this Section who considers his punishment unjust or disproportionate to the offense may, through the proper channel, appeal to the next superior authority. The appeal shall be promptly forwarded and decided, but the person punished may in the meantime be required to...
undergo the punishment adjudged. The superior authority may exercise the same powers with respect to the punishment imposed as may be exercised under subsection (d) of this Section by the officer who imposed the punishment. Before acting on an appeal from a punishment of:

1. arrest in quarters for more than 7 days;
2. correctional custody for more than 7 days;
3. forfeiture of more than 7 days pay;
4. reduction of 1 or more pay grades from the fourth or a higher pay grade;
5. extra duties for more than 14 days;
6. restriction of more than 14 days pay;
7. detention of more than 14 days pay; the authority who is to act on the appeal shall refer the case to a judge advocate or legal officer of the state military forces for consideration and advice, and may so refer the case upon appeal from any punishment imposed under subsection (b).

(f) The imposition and enforcement of disciplinary punishment under this Section for any act or omission is not a bar to trial by court-martial for a serious crime or offense growing out of the same act or omission, and not properly punishable under this Section, but the fact that a disciplinary punishment has been enforced may be shown by the accused upon trial, and when so shown shall be considered in determining the measure of punishment to be adjudged in the event of a finding of guilty.

(g) The Governor may, by regulation, prescribe the form of records to be kept of proceedings under this Section and may also prescribe that certain categories of those proceedings shall be in writing.

SUBCHAPTER IV. COURTS-MARTIAL

Sec. 16. The three kinds of courts-martial in each of the state military forces are:

1. general court-martial, consisting of:
   (A) a military judge and not less than 5 members; or
   (B) only a military judge, if before the court is assembled the accused, knowing the identity of the military judge and after consultation with defense counsel, requests in writing a court composed only of a military judge and the military judge approves;

2. special court-martial, consisting of:
   (A) not less than 3 members; or
   (B) a military judge and not less than 3 members; or
   (C) only a military judge, if one has been detailed to the court, and the accused under the same conditions as those prescribed in clause (1)(B) so requests; and

3. Summary court-martial, consisting of 1 officer, who shall be a military judge or an attorney licensed to practice law in this state.

Jurisdiction of Courts-martial in General

Sec. 17. Each force of the state military forces has court-martial jurisdiction over all persons subject to this Code. The exercise of jurisdiction by one force over personnel of another force shall be in accordance with regulations prescribed by the Governor.

Jurisdiction of General Courts-martial

Sec. 18. (a) Subject to Section 17 of this Code, general courts-martial have jurisdiction to try persons subject to this Code for any offense made punishable by this Code and may, under such limitations as the Governor may prescribe, adjudge any of the following punishments:

1. A fine of not more than $200 or confinement for not more than 200 days;
2. Forfeiture of pay and allowances;
3. A reprimand;
4. Dismissal or dishonorable discharge;
5. Reduction of a noncommissioned officer to the ranks; or
6. Any combination of these punishments.

(b) A dismissal or dishonorable discharge may not be adjudged unless a complete record of the proceedings and testimony has been made, counsel having the qualifications prescribed under Section 27(b) of this Code was detailed to represent the accused, and a military judge was detailed to the trial.

Jurisdiction of Special Courts-martial

Sec. 19. (a) Subject to Section 17 of this Code, special courts-martial have jurisdiction to try persons subject to this Code, except commissioned officers, for any offense for which they may be punished under this Code. A special court-martial has the same powers of punishment as a general court-martial, except that a fine or confinement imposed by a special court-martial may not be more than $100 fine or confinement of not more than 100 days for a single offense.

(b) A dismissal or dishonorable discharge may not be adjudged unless a complete record of the proceedings and testimony has been made, counsel having the qualifications prescribed under Section 27(b) of this title was detailed to represent the accused, and a military judge was detailed to the trial, except in any case in which a military judge could not be detailed to the trial because of physical conditions or military exigencies. In any such case in which a military judge was not detailed to the trial, the
convening authority shall make a detailed written statement, to be appended to the record, stating the reason or reasons a military judge could not be detailed.

Jurisdiction of Summary Courts-martial

Sec. 20. (a) Subject to Section 17 of this Code, summary courts-martial have jurisdiction to try persons subject to this Code, except officers, for any offense made punishable by this Code.

(b) No person with respect to whom summary courts-martial have jurisdiction may be brought to trial before a summary court-martial if he objects thereto. If objection to trial by summary court-martial is made by an accused, trial may be ordered by special or general court-martial, as may be appropriate.

c) A summary court-martial may sentence to a fine of not more than $25 or confinement for not more than 25 days for a single offense, to forfeiture of pay and allowances, and reduction of a noncommissioned officer to the ranks.

Sec. 20A. Reserved.

Jurisdiction of Courts-martial not Exclusive

Sec. 21. The provisions of this chapter conferring jurisdiction upon courts-martial do not deprive military commissions, provost courts, or other military tribunals of concurrent jurisdiction with respect to offenders or offenses that by statute or by the law of war may be tried by military commissions, provost courts, or other military tribunals.

SUBCHAPTER V. COMPOSITION OF COURTS-MARTIAL

Who May Convene General Courts-martial

Sec. 22. In the militia or state military forces not in federal service general courts-martial may be convened by:

(a) the Governor of the State of Texas; or
(b) the Adjutant General or any other General Officer under such regulations as the Governor may promulgate.

Who May Convene Special Courts-martial

Sec. 23. In the state military forces not in federal service, the commanding officer of a garrison, fort, post, camp, air base, auxiliary air base, or other place where troops are on duty, or of a regiment, brigade, regiment, wing, group, detached battalion, detached squadron, or other detached command, may convene special courts-martial. Special courts-martial may also be convened by superior authority. When any such officer is an accuser, the court may be convened by superior competent authority if considered advisable by him.

Who May Convene Summary Courts-martial

Sec. 24. (a) In the state military forces not in federal service, the commanding officer of a garrison, fort, post, camp, air base, auxiliary air base, or other place where troops are on duty, or of a regiment, wing, group, detached battalion, detached squadron, detached company, or other detachment, may convene a summary court-martial.

(b) Any warrant officer in a state duty status is eligible to serve on general and special courts-martial for the trial of any person, other than a commissioned officer, who may lawfully be brought before such courts for trial.

(c) (1) Any enlisted member of the state military forces in a state duty status who is not a member of the same unit as the accused is eligible to serve on general and special courts-martial for the trial of any enlisted member of the state military forces who may lawfully be brought before such courts for trial but he shall serve as a member of a court only if, before the conclusion of a session called by the military judge under Section 39(a) of this Code prior to trial or, in the absence of such a session, before the court is assembled for the trial of the accused, the accused personally has requested in writing that enlisted members serve on it. After such a request, the accused may not be tried by a general or special court-martial the membership of which does not include enlisted members in a number comprising at least one-third of the total membership of the court, unless eligible members cannot be obtained on account of physical conditions or military exigencies. If such members cannot be obtained, the court may be convened and the trial held without them, but the convening authority shall make a detailed written statement, to be appended to the record, stating why they could not be obtained.

2) In this Section, the word “unit” means any regularly organized body of the state military forces.

(d) (1) When it can be avoided, no person subject to this Code may be tried by a court-martial, any member of which is junior to him in rank or grade.

(2) When convening a court-martial, the convening authority shall detail as members thereof such members of the state military forces as, in his opinion, are best qualified for the duty by reason of age, education, training, experience, length of service, and judicial temperament. No member of the state military forces is eligible to serve as a member of a general or special court-martial when he is the accuser or a witness for the prosecution or has acted as investigating officer or as counsel in the same case.
Art. 5788 MILITIA—SOLDIERS, SAILORS AND MARINES

Military Judge of a Court-martial

Sec. 26. (a) The authority convening a general court-martial shall, and, subject to regulations issued by the Governor, the authority convening a special or summary court-martial may detail a military judge thereto. A military judge shall preside over open sessions of the court-martial to which he has been detailed.

(b) A military judge shall be a commissioned officer of the state military forces who is a member of the bar of a Federal court and a member of the bar of the highest court of this state and who is certified to be qualified for duty as a military judge by the State Judge Advocate General of the state military forces.

(c) The military judge of a general court-martial shall be designated by the State Judge Advocate General, or his designee, for detail by the convening authority, and, unless the court-martial was convened by the Governor or the Adjutant General, neither the convening authority nor any member of his staff shall prepare or review any report concerning the effectiveness, fitness, or efficiency of the military judge so detailed, which relates to his performance of duty as a military judge.

(d) No person is eligible to act as military judge in a case if he is the accuser or a witness for the prosecution or has acted as investigating officer or a counsel in the same case.

(e) The military judge of a court-martial may not consult with the members of the court except in the presence of the accused, trial counsel, and defense counsel, nor may he vote with the members of the court.

(f) A military judge detailed to preside over a court-martial hereunder shall not be subject to any report concerning the effectiveness, fitness, or efficiency of that military judge so detailed, which relates to his performance of duty as a military judge, by such convening authority, nor any member of his staff.

(g) All trial counsel, defense counsel, military judges, legal officers, summary court officers, and any other person certified by the State Judge Advocate General to perform legal functions under this Code, shall be used interchangeably, as needed, among all of the state military forces.

Detail of Trial Counsel and Defense Counsel

Sec. 27. (a) For each general, special, and summary court-martial the authority convening the court shall detail trial counsel and defense counsel and such assistants as he considers appropriate. No person who has acted as investigating officer, military judge, or court member in any case may act later as trial counsel, assistant trial counsel, or, unless expressly requested by the accused, as defense counsel, or assistant defense counsel in the same case. No person who has acted for the prosecution may act later in the same case for the defense, nor may any person who has acted for the defense act later in the same case for the prosecution.

(b) Trial counsel or defense counsel detailed for a general court-martial:

(1) Must be a graduate of an accredited law school and a member of the bar of a Federal court or of the highest court of a state; and

(2) Must be certified as competent to perform such duties by the State Judge Advocate General.

(c) In the case of a special or summary court-martial:

(1) The accused shall be afforded the opportunity to be represented at the trial by counsel having the qualifications prescribed under Section 27(b) of this Code unless counsel having such qualifications cannot be obtained on account of physical conditions or military exigencies. If counsel having such qualifications cannot be obtained, the court may be convened and the trial held but the convening authority shall make a detailed written statement, to be appended to the record, stating why counsel with such qualifications could not be obtained;

(2) If the trial counsel is qualified to act as counsel before a general court-martial, the defense counsel detailed by the convening authority must be a person similarly qualified; and

(3) If the trial counsel is a judge advocate, or a member of the bar of a Federal court or the highest court of a state, the defense counsel detailed by the convening authority must be one of the foregoing.

Detail or Employment of Reporters and Interpreters

Sec. 28. Under such regulations as the Governor may prescribe, the convening authority of a general or special court-martial, military commission, court of inquiry, or a military tribunal shall detail or employ qualified court reporters who shall record the proceedings of and testimony taken before that court, commission, or tribunal. Under like regulations the convening authority may detail or employ interpreters who shall interpret for the court, commission, or tribunal.

Absent and Additional Members

Sec. 29. (a) No member of a general or special court-martial may be absent or excused after the court has been assembled for the trial of the accused except for physical disability or as the result of a
challenge or by order of the convening authority for good cause.

(b) Whenever a general court-martial, other than a general court-martial composed of a military judge only, is reduced below 5 members the trial may not proceed unless the convening authority details new members sufficient in number to provide not less than 5 members. The trial may proceed with the new members present after the recorded evidence previously introduced has been read to the court in the presence of the military judge, the accused, and counsel for both sides.

(c) Whenever a special court-martial, other than a special court-martial composed of a military judge only, is reduced below 3 members, the trial may not proceed unless the convening authority details new members sufficient in number to provide not less than 3 members. The trial shall proceed with the new members present as if no evidence had previously been introduced at the trial, unless a verbatim record of the evidence previously introduced before the members of the court or a stipulation thereof is read to the court in the presence of the military judge, the accused, and counsel for both sides.

(d) If the military judge of a court-martial composed of a military judge only is unable to proceed with the trial because of physical disability, as a result of a challenge, or for other good cause, the trial shall proceed, subject to any applicable conditions of Section 16(1)(B) or (2)(C) of this Code, after the detail of a new military judge as if no evidence had previously been introduced, unless a verbatim record of the evidence previously introduced or stipulation thereof is read in court in the presence of the new military judge, the accused, and counsel for both sides.

SUBCHAPTER VI. PRE-TRIAL PROCEDURE

Sec. 30. (a) Charges and specifications shall be signed by a person subject to this Code under oath before a commissioned officer of the state military force authorized to administer oaths and shall state:

(1) That the signer has personal knowledge of, or has investigated, the matters set forth therein; and

(2) That they are true in fact to the best of his knowledge and belief.

(b) Upon the preferring of charges, the proper authority shall take immediate steps to determine what disposition should be made thereof in the interest of justice and discipline, and the person accused shall be informed of the charges against him as soon as practicable.

Compulsory Self-Incrimination Prohibited

Sec. 31. (a) No person subject to this Code may compel any person to incriminate himself or to answer any question the answer to which may tend to incriminate him.

(b) No person subject to this Code may interrogate, or request any statement from an accused or a person suspected of an offense without first informing him of the nature of the accusation and advising him that he does not have to make any statement regarding the offense of which he is accused or suspected and that any statement made by him may be used as evidence against him in a trial by court-martial.

(c) No person subject to this Code may compel any person to make a statement or produce evidence before any military tribunal if the statement or evidence is not material to the issue and may tend to degrade him.

(d) No statement obtained from any person in violation of this Section, or through the use of coercion, unlawful influence, or unlawful inducement may be received in evidence against him in a trial by court-martial.

Investigation

Sec. 32. (a) No charge or specification may be referred to a general court-martial for trial until a thorough and impartial investigation of all the matters set forth therein has been made. This investigation shall include inquiry as to the truth of the matter set forth in the charges, consideration of the form of charges, and a recommendation as to the disposition which should be made of the case in the interest of justice and discipline.

(b) The accused shall be advised of the charges against him and of his right to be represented at that investigation by counsel. Upon his own request, he shall be represented by civilian counsel if provided by him, or military counsel of his own selection if such counsel is reasonably available, or by counsel detailed by the officer exercising general court-martial jurisdiction over the command. At that investigation full opportunity shall be given to the accused to cross-examine witnesses against him if they are available and to present anything he may desire in his own behalf, either in defense or mitigation, and the investigating officer shall examine available witnesses requested by the accused. If the charges are forwarded after the investigation, they shall be accompanied by a statement of the substance of the testimony taken on both sides and a copy thereof shall be given to the accused.

(c) If an investigation of the subject matter of an offense has been conducted before the accused is charged with the offense, and if the accused was
present at the investigation and afforded the opportunities for representation, cross-examination, and presentation prescribed in subsection (b) of this Section, no further investigation of that charge is necessary under this Section unless it is demanded by the accused after he is informed of the charge. A demand for further investigation entitles the accused to recall witnesses for further cross-examination and to offer any new evidence in his own behalf.

(d) The requirements of this Section are binding on all persons administering this Code but failure to follow them does not constitute jurisdictional error.

Forwarding of Charges

Sec. 33. When a person is held for trial by general court-martial the commanding officer shall, within 8 days after the accused is ordered into arrest or confinement, if practicable, forward the charges, together with the investigation and allied papers, to the officer exercising general court-martial jurisdiction. If that is not practicable, he shall report in writing to that officer the reasons for delay.

Advice of Staff Judge Advocate and Reference for Trial

Sec. 34. (a) Before directing the trial of any charge by general court-martial, the convening authority shall refer it to his staff judge advocate or legal officer for consideration and advice. The convening authority may not refer a charge to a general court-martial for trial unless he has found that the charge alleges an offense under this Code and is warranted by evidence indicated in the report of investigation.

(b) If the charges or specifications are not formally correct or do not conform to the substance of the evidence contained in the report of the investigating officer, formal corrections, and such changes in the charges and specifications as are needed to make them conform to the evidence may be made.

Service of Charges

Sec. 35. The trial counsel to whom court-martial charges are referred for trial shall cause to be served upon the accused a copy of the charges upon which trial is to be had. In time of peace no person may, against his objections, be brought to trial, or be required to participate by himself or counsel in a session called by the military judge under Section 39(a) of this Code in a general court-martial case within a period of 5 days after the service of charges upon him, or in a special court-martial case within a period of 3 days after the service of charges upon him.

SUBCHAPTER VII. TRIAL PROCEDURE

Governor May Prescribe Rules

Sec. 36. The procedure, including modes of proof, in cases before military courts and other military tribunals may be prescribed by the Governor by regulations, which shall, so far as he considers practicable, apply the principles of law and the rules of evidence generally recognized in the trial of criminal cases in the courts of the State of Texas, but which may not be contrary to or inconsistent with this Code.

Unlawfully Influencing Action of Court

Sec. 37. (a) No authority convening a general, special or summary court-martial nor any other commanding officer, or officer serving on the staff thereof, may censure, reprimand, or admonish the court or any member, military judge, or counsel thereof, with respect to the findings or sentence adjudged by the court, or with respect to any other exercise of its or his functions in the conduct of the proceeding. No person subject to this Code may attempt to coerce or, by any unauthorized means, influence the action of the court-martial or any other military tribunal or any member thereof, in reaching the findings or sentence in any case, or the action of any convening, approving, or reviewing authority with respect to his judicial acts. The foregoing provisions of the subsection shall not apply with respect to (1) general instructional or informational courses in military justice if such courses are designed solely for the purpose of instructing members of a command in the substantive and procedural aspects of court-martial, or (2) to statements and instructions given in open court by the military judge, president of a special court-martial, or counsel.

(b) In the preparation of an effectiveness, fitness, or efficiency report, or any other report or document used in whole or in part for the purpose of determining whether a member of the state military forces is qualified to be advanced in grade, or in determining the assignment or transfer of a member of the state military forces or in determining whether a member of the state military forces should be retained on duty, no person subject to this Code may, in preparing any such report (1) consider or evaluate the performance of duty of any such member as a member of a court-martial, or (2) give a less favorable rating or evaluation of any member of the state military forces because of the zeal with which such member, as counsel, represented any accused before a court-martial.

Duties of Trial Counsel and Defense Counsel

Sec. 38. (a) The trial counsel of a general or special court-martial shall prosecute in the name of
the State of Texas, and shall, under the direction of the court, prepare the record of the proceedings.

(b) The accused has the right to be represented in his defense before a general, special or summary court-martial by civilian counsel if provided by him, or by military counsel of his own selection if reasonably available, or by the defense counsel detailed under Section 27 of this Code. Should the accused have counsel of his own selection, the defense counsel, and assistant defense counsel, if any, who were detailed, shall, if the accused so desires, act as his associate counsel; otherwise they shall be excused by the military judge or by the president of a court-martial without a military judge.

(c) In every court-martial proceeding, the defense counsel may, in the event of conviction, forward for attachment to the record of proceedings, a brief of such matters he feels should be considered in behalf of the accused on review, including any objection to the contents of the record which he considers appropriate.

(d) An assistant trial counsel of a general court-martial may, under the direction of the trial counsel or when he is qualified to be a trial counsel as required by Section 27 of this Code, perform any duty imposed by law, regulation, or the custom of the service upon the trial counsel of the court. An assistant trial counsel of a special court-martial may perform any duty of the trial counsel.

(e) An assistant defense counsel of a general or special court-martial may, under the direction of the defense counsel or when he is qualified to be the defense counsel as required by Section 27 of this Code, perform any duty imposed by law, regulation, or the custom of the service upon counsel for the accused.

Sessions

Sec. 39. (a) At any time after the service of charges which have been referred for trial to a court-martial composed of a military judge and members, the military judge may, subject to Section 35 of this Code, call the court into session without the presence of the members for the purpose of:

(1) Hearing and determining motions raising defenses or objections which are capable of determination without trial of the issues raised by a plea of not guilty;

(2) Hearing and ruling upon any matter which may be ruled upon by the military judge under this chapter, whether or not the matter is appropriate for later consideration or decision by the members of the court;

(3) If permitted by regulations of the Governor, holding the arraignment and receiving the pleas of the accused; and

(4) Performing any other procedural function which may be performed by the military judge under this chapter or under rules prescribed pursuant to Section 36 of this Code and which does not require the presence of the members of the court. These proceedings shall be conducted in the presence of the accused, the defense counsel, and the trial counsel and shall be made a part of the record.

(b) When the members of a court-martial deliberate or vote, only the members may be present. All other proceedings, including any other consultation of the members of the court with counsel or the military judge, shall be made a part of the record and shall be in the presence of the accused, the defense counsel, the trial counsel, and in cases in which a military judge has been detailed to the court, the military judge.

Continuances

Sec. 40. The military judge or a court-martial without a military judge may, for reasonable cause, grant a continuance to any party for such time, and as often, as may appear to be just.

Challenges

Sec. 41. (a) The military judge and members of a general or special court-martial may be challenged by the accused or the trial counsel for cause stated to the court. The military judge, or, if none, the court shall determine the relevancy and validity of challenges for cause, and may not receive a challenge to more than 1 person at a time. Challenges by trial counsel shall ordinarily be presented and decided before those by the accused are offered.

(b) Each accused and the trial counsel are entitled to 1 peremptory challenge, but the military judge may not be challenged except for cause.

Oaths

Sec. 42. Before performing their respective duties, military judges, members of general and special courts-martial, trial counsel, assistant trial counsel, defense counsel, assistant defense counsel, reporters, and interpreters shall take an oath to perform their duties faithfully. The oath or affirmation shall be taken in the presence of the accused, and shall read as follows:

(a) Court members:

"You, __________, do swear (or affirm) that you will faithfully perform all the duties incumbent upon you as a member of this court; that you will faithfully and impartially try, according to the evidence, your conscience, and the laws and regulations provided for trials by courts-martial,
the case of (the) (each) accused now before this court; and that if any doubt should arise not explained by the laws and regulations, then according to the best of your understanding and the customs of the service in like cases; that you will not divulge the findings and sentence in any case until they shall have been duly announced by the court; and that you will not disclose or discover the vote or opinion of any particular member of the court upon a challenge or upon the findings or sentence unless required to do so before a court of justice in due course of law. So help you God.”

(b) Military judge:
“You, ______, do swear (or affirm) that you will faithfully and impartially perform, according to your conscience and the laws and regulations provided for trials by courts-martial, all the duties incumbent upon you as military judge of this court; that if any doubt should arise not explained by the laws and regulations, then according to the best of your understanding and the customs of the service in like cases; and that you will not divulge the findings or sentence in any case until they shall have been duly announced by the court. So help you God.”

(c) Trial counsel and assistant trial counsel:
“You, ______ (and) ______, do swear (or affirm) that you will faithfully perform the duties of trial counsel and will not divulge the findings or sentence of the court to any but the proper authority until they shall be duly disclosed. So help you God.”

(d) Defense counsel and assistant defense counsel:
“You, ______ (and) ______, do swear (or affirm) that you will faithfully perform the duties of defense (and individual) counsel and will not divulge the findings or sentence of the court to any but the proper authority until they shall be duly disclosed. So help you God.”

(e) Court of inquiry:
The recorder of a court of inquiry shall administer to the members the following oath: “You shall well and truly examine and inquire, according to the evidence, into the matter now before you without partiality, favor, affection, prejudice or hope of reward. So help you God.” After which the president of the court shall administer to the recorder the following oath: “You do swear that you will according to your best abilities, accurately and impartially record the proceedings of the court and the evidence to be given in the case in hearing. So help you God.”

(f) Witnesses:
All persons who give evidence before a court-martial or court of inquiry shall be examined on oath administered by the presiding officer in the following form: “You swear (or affirm) that the evidence you shall give in the case now in hearing shall be the truth, the whole truth, and nothing but the truth. So help you God.”

(g) Reporter or interpreter:
“You swear (or affirm) that you will faithfully perform the duties of reporter (or interpreter) to this court. So help you God.”

Statute of Limitations
Sec. 43. (a) A person charged with desertion or absence without leave in time of war, or with aiding the enemy or with mutiny may be tried and punished at any time without limitation.

(b) Except as otherwise provided in this Section, a person charged with desertion in time of peace or with the offenses punishable under Sections 115, 116 and 117 of this Code is not liable to be tried by court-martial if the offense was committed more than 3 years before the receipt of sworn charges and specifications by an officer exercising summary court-martial jurisdiction over the command.

(c) Except as otherwise provided in this Section, a person charged with any offense is not liable to be tried by court-martial or punished under Section 15 of this Code if the offense was committed more than 2 years before the receipt of sworn charges and specifications by an officer exercising summary court-martial jurisdiction over the command, or before the imposition of punishment under Section 15 of this Code.

(d) Periods in which the accused was absent from territory in which the state has the authority to apprehend him, or in the custody of civil authorities, or in the hands of the enemy, shall be excluded in computing the period of limitation prescribed in this Section.

Former Jeopardy
Sec. 44. (a) No person may be tried a second time in any military court of the State of Texas for the same offense.

(b) No proceedings in which an accused has been found guilty by a court-martial upon any charge or specification is a trial in the sense of this Section until the finding of guilty has become final after review of the case has been fully completed.
(c) A proceeding which, after the introduction of evidence but before a finding, is dismissed or terminated by the convening authority on motion of the prosecution for failure of available evidence or witnesses without any fault of the accused is a trial in the sense of this Section.

Pleas of the Accused

Sec. 45. (a) If an accused after arraignment makes an irregular pleading, or after a plea of guilty sets up matter inconsistent with the plea, or if it appears that he has entered the plea of guilty improvidently or through lack of understanding of its meaning and effect, or if he fails or refuses to plead, a plea of not guilty shall be entered in the record, and the court shall proceed as though he had pleaded not guilty.

(b) With respect to any charge or specification to which a plea of guilty has been made by the accused and accepted by the military judge, or by a court-martial without a military judge, a finding of guilty of the charge or specification may, if permitted by regulations of the Governor, be entered immediately without vote. This finding shall constitute the finding of the court unless the plea of guilty is withdrawn prior to the announcement of the sentence, in which event the proceedings shall continue as though the accused had pleaded not guilty.

Opportunity to Obtain Witnesses and Other Evidence

Sec. 46. (a) The trial counsel, the defense counsel, accused, and the court-martial shall have equal opportunity to obtain witnesses and other evidence. Each shall have the right of compulsory process for obtaining witnesses.

(b) The presiding officer of a court-martial may:

(1) Issue a warrant for the arrest of any accused person who having been served with a warrant and a copy of the charges, disobeys a written order by the convening authority to appear before the court;

(2) Issue subpoenas duces tecum and other subpoenas;

(3) Enforce by attachment the attendance of witnesses and the production of books and papers; and

(4) Sentence for refusal to be sworn or to answer, as provided in actions before civil courts of the state.

(c) Process issued in court-martial cases to compel witnesses to appear and testify and to compel the production of other evidence shall run to any part of the state and shall be executed by civil officers or peace officers as described by the laws of the state.

Refusal to Appear or Testify

Sec. 47. (a) Any person not subject to this Code who:

(1) Has been duly subpoenaed to appear as a witness or to produce books and records before a military court or before any military or civil officer or peace officer designated to take a deposition to be read in evidence before a court;

(2) Has been duly paid or tendered the fees and mileage of a witness at the rates allowed to witnesses under Section 145 of this Code. These fees are to be paid by the Adjutant General's Department as hereinafter provided; and

(3) Wilfully neglects or refuses to appear, or refuses to qualify as a witness or to testify or to produce any evidence which that person may have been legally subpoenaed to produce; is guilty of an offense against the state and may be punished by fine not to exceed $1,000 or confinement not to exceed 60 days in jail, or by both fine and confinement, and such witness shall be prosecuted in the appropriate county court.

(b) The appropriate prosecuting official for the state in any county court having jurisdiction where the military proceeding was convened shall, upon submission of a complaint to him by the presiding officer of a military court, commission, court of inquiry, or board, file an information against and prosecute any person violating this Section.

Contempts

Sec. 48. A military court may punish for contempt any person who uses any menacing word, sign, or gesture in its presence, or who disturbs its proceedings by any riot or disorder. Punishment may not exceed confinement for 30 days or a fine of $100, or both.

Depositions

Sec. 49. (a) At any time after charges have been signed, as provided in Section 30 of this Code, any party may take oral or written depositions unless the military judge, a court-martial without a military judge hearing the case, or, if the case is not being heard, an authority competent to convene a court-martial for the trial of those charges forbids it for good cause. If a deposition is to be taken before charges are referred for trial, such an authority may designate commissioned officers to represent the prosecution and the defense and may authorize those officers to take the deposition of any witness.

(b) The party at whose instance a deposition is to be taken shall give to every other party reasonable written notice of the time and place for taking the deposition.
(c) Depositions may be taken before and authenticated by any military or civil officer authorized by laws of the state or by the laws of the place where the deposition is taken to administer oaths.

(d) Any duly authenticated deposition taken upon reasonable notice to the other parties, so far as otherwise admissible under the rules of evidence, may be read in evidence before any military court or commission, or in any proceeding before a court of inquiry or military board, if it appears:

1. That the witness resides or is beyond the state in which the court-martial or court of inquiry is ordered to sit, or beyond the distance of 100 miles from the place of trial or hearing;
2. That the witness by reason of death, age or sickness, bodily infirmity, imprisonment, military necessity, non-amenability to process, or other reasonable cause, is unable or refuses to appear and testify in person at the place of trial or hearing; or
3. That the present whereabouts of the witness is unknown.

Admissibility of Records of Courts of Inquiry

Sec. 50. (a) In any case not extending to the dismissal of a commissioned officer, the sworn testimony, contained in the duly authenticated record of proceedings of a court of inquiry, of a person whose oral testimony cannot be obtained, may, if otherwise admissible under the rules of evidence, be read in evidence by any party before a court-martial if the accused was a party before the court of inquiry and if the same issue was involved or if the accused consents to the introduction of such evidence.

(b) Such testimony may be read in evidence only by the defense in cases extending to the dismissal of a commissioned officer.

(c) Such testimony may also be read in evidence before a court of inquiry or a military board.

(d) In all courts of inquiry both enlisted men and officers shall have the right to counsel and the right to cross examination of all witnesses.

Voting and Rulings

Sec. 51. (a) Voting by members of a general or special court-martial on the findings, on the sentence, and by members of a court-martial without a military judge upon questions of challenge, shall be by secret written ballot. The junior member of the court shall count the votes. The count shall be checked by the president, who shall forthwith announce the result of the ballot to the members of the court.

(b) The military judge and, except for questions of challenge, the president of a court-martial without a military judge shall rule upon all questions of law and all interlocutory questions arising during the proceedings. Any such ruling made by the military judge upon any question of law or any interlocutory question other than the factual issue of mental responsibility of the accused, or by the president of a court-martial without a military judge upon any question of law other than a motion for a finding of not guilty, is final and constitutes the ruling of the court. However, the military judge or the president of a court-martial without a military judge may change his ruling at any time during the trial. Unless the ruling is final, if any member objects thereto, the court shall be cleared and closed and the question decided by a voice vote as provided in Section 52 of this Code beginning with the junior in rank.

(c) Before a vote is taken on the findings, the military judge or the president of a court-martial without a military judge shall, in the presence of the accused and counsel, instruct the members of the court as to the elements of the offense and charge them:

1. That the accused must be presumed to be innocent until his guilt is established by legal and competent evidence beyond reasonable doubt;
2. That in the case being considered, if there is a reasonable doubt as to the guilt of the accused, the doubt must be resolved in favor of the accused and he must be acquitted;
3. That, if there is a reasonable doubt as to the degree of guilt, the finding must be in a lower degree as to which there is no reasonable doubt; and
4. That the burden of proof of establishing the guilt of the accused beyond reasonable doubt is upon the state.

(d) Subsections (a), (b), and (c) of this Section do not apply to a court-martial composed of a military judge only. The military judge of such a court-martial shall determine all questions of law and fact arising during the proceedings and, if the accused is convicted, adjudge an appropriate sentence. The military judge of such a court-martial shall make a general finding and shall in addition on request find the facts specially. If an opinion or memorandum of decision is filed, it will be sufficient if the findings of fact appear therein.

Number of Votes Required

Sec. 52. (a) No person may be convicted of an offense, except by the concurrence of two-thirds of the members present at the time the vote is taken.

(b) All sentences shall be determined by the concurrence of two-thirds of the members present at the time the vote is taken.
(c) All other questions to be decided by the members of a general or special court-martial shall be determined by a majority vote. A tie vote on a challenge disqualifies the member challenged, but a determination to reconsider a finding of guilty or to reconsider a sentence, with a view toward decreasing it, may be made by any lesser vote which indicates that the reconsideration is not opposed by the number of votes required for that finding or sentence. A tie vote on a motion for a finding of not guilty or on a motion relating to the question of the accused's sanity is a determination against the accused. A tie vote on any other question is a determination in favor of the accused.

Court to Announce Action

Sec. 53. A court-martial shall announce its findings and sentence to the parties as soon as determined.

Record of Trial

Sec. 54. (a) Each general court-martial shall keep a separate record of the proceedings of the trial of each case brought before it and the record shall be authenticated by the signature of the military judge. If the record cannot be authenticated by the military judge by reason of his death, disability, or absence, it shall be authenticated by the signature of the trial counsel or by that of a member if the trial counsel is unable to authenticate it by reason of his death, disability, or absence. In a court-martial consisting of only a military judge, the record shall be authenticated by the court reporter under the same conditions that would impose such a duty on a member under this subsection. If the proceedings have resulted in an acquittal of all charges and specifications or, if not affecting a general or flag officer, in a sentence not including discharge and not in excess of that which may otherwise be adjudged by a special court-martial, the record shall contain such matters as may be prescribed by regulations of the Governor.

(b) Each special and summary court-martial shall keep a separate record of the proceedings in each case, and the record shall contain the matter and shall be authenticated in the manner required by such regulations as the Governor may prescribe.

(c) A copy of the record of the proceedings of each general and special court-martial shall be given to the accused as soon as it is authenticated.

SUBCHAPTER VIII. SENTENCES
Cruel and Unusual Punishments Prohibited

Sec. 55. Punishment by flogging, or by branding, marking or tattooing on the body, or any other cruel or unusual punishment, may not be adjudged by any court-martial or inflicted upon any person subject to this Code. The use of irons, single or double, except for the purpose of safe custody, is prohibited.

Maximum Limits

Sec. 56. The punishment which a court-martial may direct for an offense may not exceed the limits prescribed by this Code nor limits prescribed by the Governor of the State of Texas.

Effective Date of Sentences

Sec. 57. (a) Whenever a sentence of a court-martial as lawfully adjudged and approved includes a forfeiture of pay or allowances in addition to confinement not suspended or deferred, the forfeiture may apply to pay or allowances becoming due on or after the date the sentence is approved by the convening authority. No forfeiture may extend to any pay or allowances accrued before that date.

(b) Any period of confinement included in a sentence of a court-martial begins to run from the date the sentence is adjudged by the court-martial, but periods during which the sentence to confinement is suspended or deferred shall be excluded in computing the service of the term of confinement.

(c) On application by an accused who is under sentence to confinement that has not been ordered executed, the convening authority or, if the accused is no longer under his jurisdiction, the officer exercising general court-martial jurisdiction over the command to which the accused is currently assigned, may in his sole discretion defer service of the sentence to confinement. The deferment shall terminate when the sentence is ordered executed. The deferment may be rescinded at any time by the officer who granted it or, if the accused is no longer under his jurisdiction, by the officer exercising general court-martial jurisdiction over the command to which the accused is currently assigned.

(d) In the militia or state military forces not in federal service, no sentence of dismissal or dishonorable discharge may be executed until it is approved by the Governor.

(e) All other sentences of courts-martial are effective on the date ordered executed.

Execution of Confinement

Sec. 58. (a) A sentence of confinement adjudged by a military court, whether or not the sentence includes discharge or dismissal, and whether or not the discharge or dismissal has been executed, may be carried into execution by confinement in any place of confinement under the control of any of the forces of the state military forces or in any jail, penitentiary, or prison designated for that purpose. Persons so confined in a jail, penitentiary, or prison are subject to the same discipline and treatment as persons confined or committed to the jail, penitentia-

ry, or prison by the courts of the state or of any political subdivision thereof.

(b) The omission of the words “hard labor” from any sentence or punishment of a court-martial adjudging confinement does not deprive the authority executing that sentence or punishment of the power to require hard labor as a part of the punishment.

(c) The keepers, officers, and wardens of city or county jails and other jails, penitentiaries, or prisons designated by the Governor, or by such person as he may authorize to act under Section 10 of this Code, shall receive persons ordered into confinement before trial and persons committed to confinement by a military court and shall confine them according to law. No such keeper, officer, or warden may require payment of any fee or charge for so receiving or confining a person.

SUBCHAPTER IX. REVIEW OF COURTS-MARTIAL

Error of Law; Lesser Included Offense

Sec. 59. (a) A finding or sentence of a court-martial may not be held incorrect on the ground of an error of law unless the error materially prejudices the substantial rights of the accused.

(b) Any reviewing authority with the power to approve or affirm a finding of guilty may approve or affirm, instead, so much of the finding as includes a lesser included offense.

Initial Action on the Record

Sec. 60. After trial by court-martial the record shall be forwarded to the convening authority, and action thereon may be taken by the person who convened the court, a commissioned officer commanding for the time being, a successor in command, or any officer exercising general court-martial jurisdiction.

Same General Court-martial Records

Sec. 61. The convening authority shall refer the record of each general court-martial to his judge advocate who shall submit his written opinion to the convening authority. If the final action of the court has resulted in an acquittal of all charges and specifications, the opinion shall be limited to questions of jurisdiction.

Reconsideration and Revision

Sec. 62. (a) If a specification before a court-martial has been dismissed on motion and the ruling does not amount to a finding of not guilty, the convening authority may return the record to the court for reconsideration of the ruling and any further appropriate action.

(b) Where there is an apparent error or omission in the record or where the record shows improper or inconsistent action by a court-martial with respect to a finding or sentence which can be rectified without material prejudice to the substantial rights of the accused, the convening authority may return the record to the court for appropriate action. In no case, however, may the record be returned:

(1) For reconsideration of a finding of not guilty, or a ruling which amounts to a finding of not guilty;

(2) For consideration of a finding of not guilty of any charge, unless the record shows a finding of guilty under a specification laid under that charge, which sufficiently alleges a violation of some Section of this Code; or

(3) For increasing the severity of the sentence unless the sentence prescribed for the offense is mandatory.

Rehearings

Sec. 63. (a) If the convening authority disapproves the finding and sentence of a court-martial he may, except where there is lack of sufficient evidence in the record to support the findings, order a rehearing. In such a case he shall state the reasons for disapproval. If he disapproves the findings and sentence and does not order a rehearing, he shall dismiss the charges.

(b) Each rehearing shall take place before a court-martial composed of members not members of the court-martial which first heard the case. Upon a rehearing the accused may not be tried for any offense of which he was found not guilty by the first court-martial, and no sentence in excess of or more severe than the original sentence may be imposed, unless the sentence is based upon a finding of guilty of an offense not considered upon the merits in the original proceedings, or unless the sentence prescribed for the offense is mandatory.

Approval by the Convening Authority

Sec. 64. In acting on the findings and sentence of a court-martial, the convening authority may approve only such findings of guilty, and the sentence or such part or amount of the sentence, as he finds correct in law and fact and as he in his discretion determines should be approved. Unless he indicates otherwise, approval of the sentence is approval of the findings and sentence.

Disposition of Records After Review by Convening Authority

Sec. 65. (a) If the convening authority is the Governor, his action on the review of any record of trial is final.
(b) In all other cases not covered by subsection (a) of this Section, if the sentence of a special court-martial as approved by the convening authority includes a dishonorable discharge, whether or not suspended, the entire record shall be sent to the appropriate judge advocate or legal officer of the state military forces concerned to be reviewed in the same manner as a record of trial by general court-martial. The record and the opinion of the judge advocate or legal officer shall then be sent to the State Judge Advocate General for review.

(c) All other special and summary court-martial records shall be sent to the judge advocate or legal officer of the appropriate force of the state military forces and shall be acted upon, transmitted, and disposed of as may be prescribed by regulations prescribed by the Governor.

(d) The State Judge Advocate General shall review the record of trial in each case sent to him for review as provided under subsection (b) of this Section. If the final action of the court-martial has resulted in an acquittal of all charges and specifications, the opinion of the State Judge Advocate General is limited to questions of jurisdiction.

(e) The State Judge Advocate General shall take final action in any case reviewable by him.

Review by State Judge Advocate General

Sec. 66. (a) In a case reviewable by the State Judge Advocate General under this Section, the State Judge Advocate General may act only with respect to the findings and sentence as approved by the convening authority. He may affirm only such findings of guilty, and the sentence or such part or amount of the sentence, as he finds correct in law and fact and determines, on the basis of the entire record, should be approved. In considering the record, he may weigh the evidence, judge the credibility of witnesses, and determine controverted questions of fact, recognizing that the trial court saw and heard the witnesses. If the State Judge Advocate General sets aside the findings and sentence, he may, except where the setting aside is based on lack of sufficient evidence in the record to support the findings, order a rehearing. If he sets aside the findings and sentence and does not order a rehearing, he shall order that the charges be dismissed.

(b) In a case reviewable by the State Judge Advocate General under this or the preceding Section, he shall instruct the convening authority to act in accordance with his decision on the review. If he has ordered a rehearing but the convening authority finds a rehearing impracticable, he may dismiss the charges.
paid compensation equal to that compensation as prescribed for the Judges of the Texas Courts of Civil Appeals, as per the then current appropriation bill for the State of Texas, together with the actual cost of their meals and lodging and actual travel expense or the amount set by the then current appropriation bill if private transportation is utilized.

(b) The Texas Court of Military Appeals shall have appellate jurisdiction, upon petition of an accused, to hear and review the record in:

(1) All general and special court-martial cases; and

(2) All other cases where a judge of this court has made a determination that there may be a constitutional issue involved.

(c) The accused has 60 calendar days, from the time of receipt of actual notice of the final action on his case, under this Code to petition the Texas Court of Military Appeals for review. The court shall act upon such a petition within 60 calendar days of the receipt thereof. In the event the court fails or refuses to grant such petition for review the final action of the convening authority will be deemed to have been approved; notwithstanding any other provision of this Code, upon the court granting a hearing of an appeal, the court may grant a stay or defer service of the sentence of confinement or any other punishment under this Code until the court's final decision upon the case.

(d) In a case reviewable under subsection (b)(1) of this Section the Texas Court of Military Appeals may act only with respect to the findings and sentence as finally approved and ordered executed by the convening authority. In a case reviewable under subsection (b)(2) of this Section this court need take action only with respect to issues specified in the grant of review. This court shall take action only with respect to matters of law, and the action of this court is final.

(e) If the Texas Court of Military Appeals sets aside the findings and sentence, it may, except where the setting aside is based on lack of sufficient evidence in the record to support the findings, order a rehearing. If it sets aside the findings and sentence and does not order a rehearing, it shall order that the charges be dismissed. After the Texas Court of Military Appeals has acted on the case, the record shall be returned to the State Judge Advocate General who shall notify the convening authority of the court's decision. If further action is required the State Judge Advocate General shall instruct the convening authority to take action in accordance with that decision. If the court has ordered a rehearing, but the convening authority finds a rehearing impracticable, he may dismiss the charges.

Sec. 68. Reserved.

Sec. 69. Reserved.

Appellate Counsel

Sec. 70. The trial counsel and defense counsel of a court-martial shall serve in the capacity of appellate counsel upon an appeal authorized under this Code. The accused has the additional right to be represented by civilian counsel at his own expense. Should the defense or trial counsel become unable to perform their duties because of illness or other disability, the convening authority will appoint a qualified trial or defense counsel to continue the proceedings.

Sec. 71. Reserved.

Vacation of Suspension

Sec. 72. (a) Before the vacation of the suspension of a special court-martial sentence which as approved includes a dismissal or dishonorable discharge, or of any general court-martial sentence, the officer having special court-martial jurisdiction over the probationer shall hold a hearing on the alleged violation of probation. The probationer shall be represented at the hearing by military counsel if he so desires.

(b) The record of the hearing and the recommendation of the officer having special court-martial jurisdiction shall be sent for action to the Governor in cases involving a general court-martial sentence and to the commanding officer of the force of the state military forces of which the probationer is a member in all other cases covered by subsection (a) of this Section. If the Governor or commanding officer vacates the suspension, any unexecuted part of the sentence except a dismissal shall be executed.

(c) The suspension of any other sentence may be vacated by any authority competent to convene, for the command in which the accused is serving or assigned, a court of the kind that imposed the sentence.

Petition for a New Trial

Sec. 73. At any time within 2 years after approval by the convening authority of a court-martial sentence, the accused may petition the State Judge Advocate General for a new trial on ground of newly discovered evidence or fraud on the court-martial. If the accused's case is pending before the Texas Court of Military Appeals when this petition is filed, the appeal will not proceed until the State Judge Advocate General has made a decision on the request. If the petition is granted, the appeal will be dismissed. If the petition is denied, the Court of Military Appeals will continue its proceedings on the case.
Remission or Suspension

Sec. 74. (a) A convening authority may remit or suspend any part or amount of the unexecuted part of any sentence, including all uncollected forfeitures.

(b) The Governor may, for good cause, substitute an administrative form of discharge for a discharge or dismissal executed in accordance with the sentence of a court-martial.

Restoration

Sec. 75. (a) Under such regulations as the Governor may prescribe, all rights, privileges, and property affected by an executed part of a court-martial sentence which has been set aside or disapproved, except an executed dismissal or discharge shall be restored unless a new trial or rehearing is ordered and such executed part is included in a sentence imposed upon a new trial or hearing.

(b) If a previously executed sentence of dishonorable discharge is not imposed on a new trial, the Governor shall substitute therefor a form of discharge authorized for administrative issuance unless the accused is to serve out the remainder of his enlistment.

(c) If a previously executed sentence of dismissal is not imposed on a new trial, the Governor shall substitute therefor a form of discharge authorized for administrative issue, and the commissioned officer dismissed by that sentence may be reappointed by the Governor alone to such commissioned grade and with such rank as in the opinion of the Governor that former officer would have attained had he not been dismissed. The reappointment of such former officer may be made if a position vacancy is available under applicable tables of organization. All the time between the dismissal and reappointment shall be considered as service for all purposes.

Finality of Proceedings, Findings, and Sentences

Sec. 76. The appellate review of records of trial provided by this Code, the proceedings, findings, and sentences of courts-martial as reviewed and approved, as required by this Code, and all dismissals and discharges carried into execution under sentences by courts-martial following review and approval as required by this Code, are final and conclusive.

Orders publishing the proceedings of the courts-martial and all action taken pursuant to those proceedings are binding upon all departments, courts, agencies, and officers of the state, subject only to action upon a petition for a new trial as provided in Section 73 of this Code.

ARTICLE I. FINDINGS AND PURPOSES

(a) The party states find that:

(1) Mining and the contributions thereof to the economy and well-being of every state are of basic significance.

(2) The effects of mining on the availability of land, water, and other resources for other uses present special problems which properly can be approached only with due consideration for the rights and interests of those engaged in mining, those using or proposing to use these resources for other purposes, and the public.

(3) Measures for the reduction of the adverse effects of mining on land, water, and other resources may be costly and the devising of means to deal with them are of both public and private concern.

(4) Such variables as soil structure and composition, physiography, climatic conditions, and the needs of the public make impracticable the application to all mining areas of a single standard for the conservation, adaptation, or restoration of mined land, or the development of mineral and other natural resources, but justifiable requirements of law and practice relating to the effects of mining on land, water, and other resources may be reduced in equity or effectiveness unless they pertain similarly from state to state for all mining operations similarly situated.

(5) The states are in a position and have the responsibility to assure that mining shall be conducted in accordance with sound conservation principles and with due regard for local conditions.

(b) The purposes of this compact are to:

(1) advance the protection and restoration of land, water, and other resources affected by mining;

(2) assist in the reduction or elimination or counteracting of pollution or deterioration of land, water, and air attributable to mining;

(3) encourage, with due recognition of relevant regional, physical, and other differences, programs in each of the party states which will achieve comparable results in protecting, conserving, and improving the usefulness of natural resources, to the end that the most desirable conduct of mining and related operations may be universally facilitated;

(4) assist the party states in their efforts to facilitate the use of land and other resources affected by mining, so that such use may be consistent with sound land use, public health, and public safety, and to this end to study and recommend, wherever desirable, techniques for the improvement, restoration, or protection of such land and other resources;

(5) assist in achieving and maintaining an efficient and productive mining industry and in increasing economic and other benefits attributable to mining.

ARTICLE II. DEFINITIONS

As used in this compact, the term:

(a) "Mining" means the breaking of the surface soil in order to facilitate or accomplish the extraction or removal of minerals, ores, or other solid matter, any activity or process constituting all or part of a process for the extraction or removal of minerals, ores, and other solid matter from its original location, and the preparation, washing, cleaning, or other treatment of minerals, ores, or other solid matter so as to make them suitable for commercial, industrial, or construction use; but shall not include those aspects of deep mining not having significant effect on the surface, and shall not include...
excavation or grading when conducted solely in aid of on-site farming or construction.
(b) "State" means a state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, or a territory or possession of the United States.

ARTICLE III. STATE PROGRAMS
Each party state agrees that within a reasonable time it will formulate and establish an effective program for the conservation and use of mined land, by the establishment of standards, enactment of laws, or the continuing of the same in force, to accomplish:
(a) the protection of the public and the protection of adjoining and other landowners from damage to their land and the structures and other property thereon resulting from the conduct of mining operations or the abandonment or neglect of land and property formerly used in the conduct of such operations;
(b) the conduct of mining and the handling of refuse and other mining wastes in ways that will reduce adverse effects on the economic, residential, recreational, or aesthetic value and utility of land and water;
(c) the institution and maintenance of suitable programs of adaptation, restoration, and rehabilitation of mined land;
(d) the prevention, abatement, and control of water, air, and soil pollution resulting from mining, present, past, and future.

ARTICLE IV. POWERS
In addition to any other powers conferred on the Interstate Mining Commission established by Article IV of this compact, such commission shall have power to:
(a) study mining operations, processes, and techniques for the purpose of gaining knowledge concerning the effects of such operations, processes, and techniques on land, soil, water, air, plant and animal life, recreation, and patterns of community or regional development or change;
(b) study the conservation, adaptation, improvement, and restoration of land and related resources affected by mining;
(c) make recommendations concerning any aspect or aspects of law or practice and governmental administration dealing with matters within the purview of this compact;
(d) gather and disseminate information relating to any of the matters within the purview of this compact;
(e) cooperate with the federal government and any public or private entities having interest in any subject coming within the purview of this compact;
(f) consult, on the request of a party state and within resources available therefor, with the officials of such state in respect to any problem within the purview of this compact;
(g) study and make recommendations with respect to any practice, process techniques, or course of action that may improve the efficiency of mining or the economic yield from mining operations;
(h) study and make recommendations relating to the safeguarding of access to resources which are or may become the subject of mining operations to the end that the needs of the economy for the products of mining may not be adversely affected by unplanned or inappropriate use of land and other resources containing minerals or otherwise connected with actual or potential mining sites.

ARTICLE V. THE COMMISSION
(a) There is hereby created an agency of the party states to be known as the "Interstate Mining Commission," hereinafter called "the commission." The commission shall be composed of one commissioner from each party state who shall be the governor thereof. Pursuant to the laws of his party state, each governor shall have the assistance of any advisory body (including membership from mining industries, conservation interests, and such other public and private interests as may be appropriate) in considering problems relating to mining and in discharging his responsibilities as the commissioner of his state on the commission. In any instance where a governor is unable to attend a meeting of the commission or perform any other function in connection with the business of the commission, he shall designate an alternate, from among the members of the advisory body required by this paragraph, who shall represent him and act in his place and stead. The designation of an alternate shall be communicated by the governor to the commission in such manner as its bylaws may provide.
(b) The commissioners shall be entitled to one vote each on the commission. No action of the commission making a recommendation pursuant to Articles IV(e), IV(g), and IV(h) of this compact, or requesting, accepting, or disposing of funds, services, or other property pursuant to this paragraph or Article V(g), V(h), or VII of this compact, shall be valid unless taken at a meeting at which a majority of the total number of votes on the commission is cast in favor thereof. All other action shall be by a majority of those present and voting; provided that action of the commission shall be only at a meeting at which a majority of the commissioners, or their alternates, is present. The commission may estab-
lish and maintain such facilities as may be necessary for the transacting of its business. The commission may acquire, hold, and convey real and personal property and any interest therein.

(c) The commission shall have a seal.

(d) The commission shall elect annually, from among its members, a chairman, a vice-chairman, and a treasurer. The commission shall appoint an executive director and fix his duties and compensation. Such executive director shall serve at the pleasure of the commission. The executive director, the treasurer, and such other personnel as the commission shall designate shall be bonded. The amount or amounts of such bond or bonds shall be determined by the commission.

(e) Irrespective of the civil service, personnel, or other merit system laws of any of the party states, the executive director with the approval of the commission, shall appoint, remove, or discharge such personnel as may be necessary for the performance of the commission’s functions, and shall fix the duties and compensation of such personnel.

(f) The commission may establish and maintain independently or in conjunction with a party state, a suitable retirement system for its employees. Employees of the commission shall be eligible for social security coverage in respect of old age and survivor’s insurance provided that the commission takes such steps as may be necessary pursuant to the laws of the United States, to participate in such program of insurance as a governmental agency or unit. The commission may establish and maintain or participate in such additional programs of employee benefits as it may deem appropriate.

(g) The commission may borrow, accept, or contract for the services of personnel from any state, the United States, or any other governmental agency, or from any person, firm, association, or corporation.

(h) The commission may accept for any of its purposes and functions under this compact any and all donations, and grants of money, equipment, supplies, materials, and service, conditional or otherwise, from any state, the United States, or any other governmental agency, or from any person, firm, association, or corporation, and may receive, utilize, and dispose of the same. Any donation or grant accepted by the commission pursuant to this paragraph or services borrowed pursuant to Paragraph (g) of this article shall be reported in the annual report of the commission. Such report shall include the nature, amount, and conditions, if any, of the donation, grant, or services borrowed and the identity of the donor or lender.

(i) The commission shall adopt bylaws for the conduct of its business and shall have the power to amend and rescind these bylaws. The commission shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto, with the appropriate agency or officer in each of the party states.

(j) The commission annually shall make to the governor, legislature, and advisory body required by Article V(a) of each party state a report covering the activities of the commission for the preceding year, and embodying such recommendations as may have been made by the commission. The commission may make such additional reports as it may deem desirable.

ARTICLE VI. ADVISORY, TECHNICAL, AND REGIONAL COMMITTEES

The commission shall establish such advisory, technical, and regional committees as it may deem necessary, membership on which shall include private persons and public officials, and shall cooperate with and use the services of any such committees and the organizations which the members represent in furthering any of its activities. Such committees may be formed to consider problems of special interest to any party states, problems dealing with particular commodities or types of mining operations, problems related to reclamation, development, or use of mined land, or any other matters of concern to the commission.

ARTICLE VII. FINANCE

(a) The commission shall submit to the governor or designated officer or officers of each party state a budget of its estimated expenditures for such period as may be required by the laws of that party state for presentation to the legislature thereof.

(b) Each of the commission’s budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states. The total amount of appropriations requested under any such budget shall be apportioned among the party states as follows: one-half in equal shares, and the remainder in proportion to the value of minerals, ores, and other solid matter mined. In determining such values, the commission shall employ such available public source or sources of information as, in its judgment, present the most equitable and accurate comparisons among the party states. Each of the commission’s budgets of estimated expenditures and requests for appropriations shall indicate the source or sources used in obtaining information concerning value of minerals, ores, and other solid matter mined.

(c) The commission shall not pledge the credit of any party state. The commission may meet any of its obligations in whole or in part with funds available to it under Article V(h) of this compact; provided that the commission takes specific action setting aside such funds prior to incurring any obligation to be met in whole or in part in such manner. Except
where the commission makes use of funds available to it under Article V(h) of this compact, the commission shall not incur any obligation prior to the allotment of funds by the party states adequate to meet the same.

(d) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its bylaws. All receipts and disbursements of funds handled by the commission shall be audited yearly by a qualified public accountant and the report of the audit shall be included in and become part of the annual report of the commission.

(e) The accounts of the commission shall be open at any reasonable time for inspection by duly constituted officers of the party states and by any persons authorized by the commission.

(f) Nothing contained herein shall be construed to prevent commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the commission.

ARTICLE VIII. ENTRY INTO FORCE AND WITHDRAWAL

(a) This compact shall enter into force when enacted into law by any four or more states. Thereafter, this compact shall become effective as to any other state on its enactment thereof.

(b) Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the governor of the withdrawing state has given notice in writing of the withdrawal to the governors of all other party states. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

ARTICLE IX. EFFECT ON OTHER LAWS

Nothing in this compact shall be construed to limit, repeal, or supersede any other law of any party state.

ARTICLE X. CONSTRUCTION AND SEVERABILITY

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable, and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any state or of the United States, or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state participating herein, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the state affected as to all severable matters.

(a) The Texas Mining Council is established in the office of the governor. The Texas Mining Council shall perform the duties of the advisory board referred to in Article V(a) of the Interstate Mining Compact.

(b) The Texas Mining Council consists of 11 members appointed by the governor. A member of the Texas Mining Council must be a member of the general public who has demonstrated a continuing interest in conservation matters, the head of a state agency, board, or commission, or a representative of the mining industry. Of the 11 members, at least three shall be members of the general public who have demonstrated an interest in conservation matters, at least three shall be representatives of the mining industry, and at least two shall be heads of state agencies, boards, or commissions. Members of the Texas Mining Council serve without compensation but are entitled to actual expenses incurred for attendance at council meetings or attendance at meetings of the Interstate Mining Commission as alternate for the governor. Service of members who are heads of state agencies, boards, or commissions is in addition to their other duties. The term of a member is two years. A person serving as a member of the Texas Mining Council who is the head of a state agency, board, or commission ceases to be a member of the council if he ceases to be head of a state agency, board, or commission.

Arts. 5920-5 to 5920-9. [Reserved]

Art. 5920-10. Surface Mining and Reclamation Act

[Text of article effective Jan. 1, 1976]

Short Title
Sec. 1. This Act shall be known and may be cited as the “Texas Surface Mining and Reclamation Act.”

Declaration of Policy
Sec. 2. The legislature finds and declares that:

1. The extraction of minerals by surface mining operations is a basic and essential activity making an important contribution to the economic well-being of the state and nation;

2. Proper reclamation of surface-mined lands is necessary to prevent undesirable land and water conditions that would be detrimental to the general welfare, health, safety, and property rights of the citizens of this state;

3. Surface mining takes place in diverse areas where the geologic, topographic, climatic, biological, and social conditions are significantly different and that reclamation operations and the specifications therefor must vary accordingly;

4. It is not always possible to extract minerals required by our society without disturbing the surface of the earth and producing waste materials, and the very character of certain types of surface mining operations occasionally precludes complete restoration of the affected lands to their original condition;

5. Unregulated surface mining may destroy or diminish the utility of land for commercial, industrial, residential, recreational, agricultural, and forestry purposes by causing erosion and landslides, by contributing to floods, by polluting the water, by destroying fish and wildlife habitat, by impairing natural beauty, by damaging the property of citizens, by creating hazards dangerous to life and property, by degrading the quality of life in local communities, and by counteracting governmental programs and efforts to conserve soil, water, and other natural resources, which results are hereby declared to be inimical to the public interest and destructive to the public health, safety, welfare, and economy of the State of Texas;

6. Due to their unique character or location, some lands within the state may be unsuitable for all or certain types of surface mining operations;

7. Reclamation of surface-mined land as provided by this Act will allow the mining of valuable minerals in a manner designed for the protection and subsequent beneficial use of these lands.

Purposes
Sec. 3. It is hereby declared to be the purpose of this Act, therefore, to prevent the adverse effects to society and the environment resulting from unregulated surface mining operations, as defined herein; to assure that the rights of surface landowners and other persons with a legal interest in the land or appurtenances thereto are protected from such unregulated surface mining operations; to assure that surface mining operations are not conducted where reclamation as required by this Act is not possible; to assure that surface mining operations are so conducted as to prevent unreasonable degradation to land and water resources; to assure that reclamation of all surface-mined lands is accomplished as contemporaneously as practicable with the surface mining, recognizing that the extraction of minerals by responsible mining operations is an essential and beneficial economic activity.

Definitions
Sec. 4. For the purposes of this Act, unless the context requires a different definition:

1. “Minerals” means coal, lignite, uranium, and uranium ore.

2. “Surface mining” means the mining of minerals by removing the overburden lying above the natural deposit thereof and mining directly from the natural deposits thereby exposed, and those aspects of underground mining occasions precludes complete restoration of the affected lands to their original condition;

3. “Exploration activity” means the disturbance of the surface or subsurface for the purpose of or related to determining the location, quantity, or quality of a mineral deposit, except those exploration activities associated with the drilling of test holes or core holes except where required by federal law.

4. “Affected land” or “land affected” means (A) the area from which any materials are to be or have been displaced in a surface mining operation, (B) the area upon which any materials so displaced are to be or have been deposited, (C) the haul roads and impoundment basins within the surface mining area, and (D) all other land whose natural state has been or will be disturbed as a result of the surface mining operations.
Art. 5920-10

(5) "Surface mining operation" means the activities conducted at a mining site, including extraction, storage, processing, and shipping of minerals and reclamation of the land affected.

(6) "Operator" means the individual or entity, including any public or governmental agency, that is to engage or that is engaged in a surface mining operation, including any individual or entity whose permit has expired or been suspended or revoked.

(7) "Overburden" means all materials displaced in a mining operation which are not, or will not be, removed from the affected area.

(8) "Reclamation" means the process of restoring an area affected by a surface mining operation to its original or other substantially beneficial condition, considering past and possible future uses of the area and the surrounding topography. The basic objective is to reestablish, where required, on a continuing basis vegetation and other natural conditions consistent with the anticipated subsequent use of the affected land. The process may require contouring, terracing, grading, backfilling, resoiling, revegetation, compaction and stabilization; setting ponds, water impoundments, diversion ditches, and other water treatment facilities in order to minimize water diminution to existing water sources, pollution, soil and wind erosion, or flooding resulting from mining or any other activity which may be deemed necessary to accomplish the reclamation of the land affected to a substantially beneficial condition.

(9) "Topsoil" means the unconsolidated mineral matter naturally present on the surface of the earth which has been subjected to and influenced by genetic and environmental factors of parent material, climate, macro- and microorganisms, and topography, all acting over a period of time, and that is necessary for the growth and regeneration of vegetation on the surface of the earth.

(10) "Surface mining permit" means the written certification by the commission that the named operator may conduct the surface mining operations described in the certification during the term of the surface mining permit and in the manner established in the certification.

(11) "Person affected" means any person who is a resident of a county or any county adjacent or contiguous to the county in which a mining operation is or is proposed to be located, including any person who is doing business or owns land in the county or adjacent or contiguous county and any local government. Such person affected shall also demonstrate that he has suffered or will suffer actual injury or economic damage.

(12) "Commission" means the Railroad Commission of Texas.

(13) "Fund" means the Land Reclamation Fund.

(14) "Toxic material" means any substance present in sufficient concentration or amount to cause injury or illness to plant, animal, or human life.

(15) "Approximate original contour" means that surface configuration achieved by backfilling and grading of the surface-mined area so that it resembles the surface configuration of the land prior to mining and blends into and complements the drainage pattern of the surrounding terrain, with all highwalls, spoil piles, and depressions eliminated, although the new contour may thus subsequently be at a moderately lower or higher elevation than existed prior to the surface mining operation.

(16) "Person" means an individual, partnership, society, joint-stock company, firm, company, corporation, business organization, governmental agency, or any organization or association of citizens.

(17) "Party to the administrative proceedings" means any person who has participated in a public hearing or filed a valid petition or timely objection pursuant to any provision of this Act.

(18) "Permit area" means all the area designated as such in the permit application and shall include all land affected by the surface mining operations during the term of the permit and may include any contiguous area which the operator proposes to surface mine thereafter.

Exclusions and Exemptions

Sec. 5. The provisions of this Act shall not apply to any of the following activities or areas:

(1) surface mining operations conducted on public lands regulated by the General Land Office; provided that such affected lands are reclaimed in a manner consistent with the provisions of this Act; and

(2) any land where the overburden has been removed and any minerals have been produced prior to the date of enactment of this Act.

Powers of the Commission

Sec. 6. The commission shall be the mining and reclamation authority for the State of Texas and shall have exclusive jurisdiction for the establishment of reclamation requirements for mining operations in the state. It shall seek the accomplishment of the purposes of this Act by all practicable methods and in so doing shall have the following authority and powers:

...
(1) to adopt and amend rules and regulations pertaining to surface mining and reclamation operations consistent with the general intent and purposes of this Act;

(2) to issue permits pursuant to the provisions of this Act;

(3) to conduct hearings pursuant to the provisions of this Act, for the purpose of which it may administer oaths or affirmations, subpoena witnesses and compel their attendance, take evidence, and require production of any books, papers, correspondence, memoranda, agreements, or other documents or records that are deemed relevant or material to the administration of this Act;

(4) to issue orders requiring an operator to take such actions as are necessary to comply with this Act and regulations adopted hereunder;

(5) to issue orders modifying prior orders;

(6) to issue a final order revoking the permit of an operator who has failed to comply with an order of the commission to take any action required by this Act or regulations adopted hereunder, whereupon the operator's performance bond shall be forfeited if it is determined that this is necessary to reclaim lands disturbed by the operator's surface mining operation;

(7) to order the immediate cessation of an ongoing surface mining operation if it finds that such operation creates an imminent danger to the health or safety of the public, or is causing or can reasonably be expected to cause significant imminent environmental harm to land, air, or water resources, and to take such other action or make such changes in a permit which are reasonably necessary to avoid or alleviate such conditions;

(8) to hire employees, to adopt standards for employment of such persons, and to hire and authorize the hiring of outside contractors to assist in carrying out the requirements of this Act;

(9) to enter on and inspect for the purpose of assuring compliance with the terms of this Act, in person or by its agents, any surface mining operation that is subject to the provisions of this Act;

Sec. 7. (a) Not later than the end of 120 days, immediately following the effective date of this Act, the commission shall publish proposed rules and regulations, including proposed rules governing practice and procedure, pertaining to surface mining and reclamation operations to accomplish the purposes of this Act. Before adopting any rules and regulations, the commission shall hold a public hearing. Notice of the date, time, place, and purpose of the hearing shall be given 30 days prior to the scheduled date of the hearing:

(1) by mail to all operators known by the commission to be actively engaged in surface mining;

(2) by mail to persons who request notification of such proposed regulations; and

(3) to other interested parties by publication once weekly for three consecutive weeks in the newspaper of greatest general circulation in Travis County, Texas, and in each of the other five most populous counties in the state. Any person shall be entitled to submit written comments or to appear and offer evidence at such public hearing. The commission shall consider all comments and relevant data presented at such hearing before final promulgation and publication of rules and regulations under this Act. The commission shall, in any event, comply with the requirements of Chapter 274, Acts of the 57th Legislature, Regular Session, 1961, as amended (Article 6252–13, Vernon's Texas Civil Statutes).

(b) Following the publication of proposed rules and regulations and the conduct of a public hearing on such proposed rules and regulations, but in no case later than the end of 180 days, immediately following the effective date of this Act, the commission shall promulgate and publish rules and regulations covering a permanent regulatory procedure for surface mining and reclamation operations setting mining and reclamation performance standards based on the general intent and purposes of this Act.
A certified copy of all rules and regulations adopted by the commission shall be filed with the secretary of state; such rules and regulations shall become effective 30 days after such filing.

(c) The commission, prior to amending or repealing any previously adopted rules and regulations, or adopting additional rules and regulations, shall comply with the notice, hearing, and filing requirements of Subsections (a) and (b) of this section.

(d) A rule or regulation or any amendment thereof adopted by the commission may differ in its terms and provisions as between particular conditions, particular mining techniques, type of minerals being extracted, particular areas of the state or any other conditions that appear relevant and necessary so long as the action taken is consistent with attainment of the general intent and purposes of the Act.

(e) On passage of any federal surface mining legislation, the commission shall take the steps necessary to establish the exclusive jurisdiction of this state over the regulation of surface mining and reclamation operations. Should the federal administrative agency disapprove the regulatory program of this state as submitted, the commission shall take all necessary and appropriate steps, including making recommendations for remedial legislation, to clarify, alter, or amend such program to comply with the requirements of the federal act.

**Permit Applications**

Sec. 8. (a) After the expiration of the 180 days following the promulgation of rules and regulations pursuant to Section 7 of this Act, no person shall conduct any surface mining operation without having first obtained a surface mining permit issued by the commission pursuant to this Act; provided, however, that any operator conducting a surface mining operation in this state on such date who has filed a permit application in accordance with the provisions of this Act may continue to conduct such surface mining operation until such time as the commission approves or denies his application.

(b) Surface mining permits issued pursuant to the requirements of this Act shall be issued for a term not to exceed five years in the case of coal and lignite and for a term not to exceed ten years for uranium and uranium ore and shall be nontransferable, except as set out in Section 15 of this Act.

(c) Each application for a surface mining permit shall be accompanied by an initial application fee as determined by the commission in accordance with a published fee schedule. Such fee shall be based as nearly as possible on the actual or anticipated cost of reviewing the application, but in no event shall exceed $200.

(d) After approval but prior to issuance of the surface mining permit, the applicant shall pay an approved application fee in the amount of $10 per acre of the affected land, which may be paid in annual installments apportioned over the term of the permit.

(e) Upon application to the commission for a surface mining permit, an operator shall submit three copies of a permit application on a form prescribed by the commission which shall require such information as the commission reasonably deems necessary to process the application and to insure compliance with the provisions of this Act. The application requirements shall include, but not be limited to, information concerning:

1. the name, address, ownership, and management officers of the permit applicant and affiliated persons engaged in surface mining;
2. legal and equitable interests of record, if reasonably ascertainable, in the surface and mineral estates of the permit area and in the surface estate of land located within 500 feet of the permit area; provided, however, that the mineral estate includes only minerals as defined in this Act;
3. persons residing on the property at the time of the application;
4. current or previous surface mining permits held by the applicant, including any revocations, suspensions, or bond forfeitures;
5. the type and method of surface mining operation, the engineering techniques, and the equipment that is proposed to be used, including mining schedules, the nature and expected amount of overburden to be removed, the depth of excavations, a description of the affected land and permit area, the results of any test borings, test pits, or core samplings which have been gathered from the permit area, and the anticipated hydrologic consequences of the mining operation;
6. the applicant's legal right to surface mine the affected land; and
7. other pertinent matters which the commission reasonably deems necessary to effectuate the provisions of this Act.

(f) After a permit application has been approved but before the permit is issued, the applicant shall file a certificate of insurance certifying that the applicant has in force a public liability insurance policy issued by an insurance company authorized to conduct business in the State of Texas covering all surface mining operations of the applicant in this state and affording bodily injury protection and accidental business property damage protection in an amount determined by the commission to adequately compensate any persons damaged as a result of surface mining and reclamation operations. Such policy shall be maintained in full force and effect.
during the term of the permit or any renewal, including the length of all reclamation operations.

(g) Each application shall include a copy of a reclamation plan prepared pursuant to Section 10 of this Act.

(h) An applicant shall include with the application a copy of the notice published in compliance with the requirements of Section 16 of this Act.

(i) The commission shall file a copy of each application for public inspection with the county clerk at the county courthouse of the county where any portion of the mining is proposed to occur after deleting the confidential information according to Section 24 of this Act.

(j) The commission shall immediately submit copies of the permit application to the Texas Parks and Wildlife Department, Texas Water Development Board, Texas Water Quality Board, General Land Office, Texas Air Control Board, Texas Historical Commission, Texas Water Rights Commission, Texas State Soil and Water Conservation Board, Bureau of Economic Geology, Texas State Department of Health, and to any other state agency whose jurisdiction the commission feels the particular mining operation may affect. Each such agency shall review the permit application and submit such comments as the agency cares to make within 30 days of receipt of the application. Such comments shall include an enumeration of permits or licenses required under the agency’s jurisdiction. Such comments shall be made a part of the record and one copy shall be furnished to the applicant.

(k) The commission shall adopt rules and regulations permitting an operator of more than one non-contiguous surface mining operation to submit a single application for a combined surface mining permit covering all of his mining operations. Such application shall require detailing of information as required by this section for each separate location. An operator operating under such a combined permit may submit a consolidated reclamation plan covering all of his operations under rules and regulations prescribed by the commission, but he may be required to furnish specific information relative to reclamation of any single operating area if the commission determines that such is necessary to carry out the purposes of this Act. Except as provided in this subsection, each surface mining operation submitted as part of a combined permit application shall be separate and independent of all other surface mining operations contained in the same permit application. The commission may approve or deny any individual surface mining operation and the reclamation plans that relate thereto without affecting any other portion of the same permit application.

Sec. 9. The commission shall promulgate rules and regulations in accordance with Subsections (a) and (b), Section 7 of this Act for the conduct of exploration activities as defined in this Act.

Reclamation Plan

Sec. 10. (a) A reclamation plan shall be developed in a manner consistent with local, physical, environmental, and climatological conditions and current mining and reclamation technologies. A reclamation plan submitted as part of a permit application shall include the following information:

1. the identification of the entire area to be mined and affected over the estimated life of the mining operation;
2. the condition of the land to be covered by the permit prior to any mining, including:
   A. the uses existing at the time of the application, and if the land has a history of previous mining, the uses, if reasonably ascertainable, which immediately preceded any mining;
   B. the capability of the land prior to any mining to support a variety of uses giving consideration to soil and foundation characteristics, topography, and vegetative cover;
3. the capacity of the land to support its anticipated use following reclamation, including a discussion of the capacity of the reclaimed land to support alternative uses;
4. a description of how the proposed post-mining land condition is to be achieved and the necessary support activities that may be needed to achieve the condition, including an estimate of the cost per acre of the reclamation;
5. the steps taken to comply with applicable air and water quality and water rights laws and regulations and any applicable health and safety standards, including copies of any pertinent permit applications;
6. a general timetable that the operator estimates will be necessary for accomplishing the major events contained in the reclamation plan;
7. such other information as the commission, by rule or regulation, shall determine to be reasonably necessary to effectuate the purposes of this Act.

(b) The operator may revise or amend the reclamation plan at any time in accordance with the requirements of Subsection (b) of Section 15 of this Act.
quire that such surface mining operations will meet all applicable reclamation standards of this Act and such other requirements as the commission shall establish by rule and regulation.

(b) Reclamation standards shall apply to all surface mining and reclamation operations not otherwise exempted or excluded and shall require the operator as a minimum to:

1. conduct surface mining operations in a manner consistent with prudent mining practice, so as to maximize the utilization and conservation of the resource being recovered so that reaffecting the land in the future through surface mining can be minimized;

2. restore the land affected to the same or a substantially beneficial condition considering the present and past uses of the land, so long as such condition does not present any actual or probable hazard to public health or safety or pose an actual or probable threat of water diminution or pollution, and the permit applicants' declared anticipated land use following reclamation is not deemed to be impractical or unreasonable, to involve unreasonable delay in implementation, or to be violative of federal, state, or local law; provided that a variety of postmining land conditions which differ from the land condition immediately preceding the surface mining operation, including but not limited to stock ponds, fishing or recreational lakes, school or park sites, industrial, commercial, or residential sites, or open space uses, may be approved by the commission if the proposed condition is determined to be substantially beneficial and complies with the provisions of this section;

3. reduce all highwalls, spoil piles, and banks to a degree to control erosion effectively and sufficient to sustain vegetation, where required, consistent with the anticipated subsequent use of the affected land; provided that backfilling, compacting, and grading shall be required to restore the approximate original contour where required by federal law and for uranium and uranium ore where the volume of overburden is large in comparison to the volume of mineral deposit and the commission deems such requirement to be practical;

4. stabilize and protect all surface areas affected by the mining and reclamation operation effectively to control erosion and attendant air and water pollution;

5. remove the topsoil, if any, from the land in a separate layer, replace it on the backfill area, or if not utilized immediately, segregate it in a separate pile from other spoil and when the topsoil is not replaced on a backfill area within a time short enough to avoid deterioration of the topsoil, maintain a successful cover by quick growing plants or other means thereafter so that the topsoil is preserved from wind and water erosion, remains free of any contamination by acid or other toxic material, and is in a usable condition for sustaining vegetation when restored during reclamation; except if topsoil is of insufficient quantity or of poor quality for sustaining vegetation and if other strata can be shown to be as suitable for vegetation requirements, then the operator shall remove, segregate, and preserve in a like manner such other strata which is best able to support vegetation; provided that the requirements of this provision shall not apply if a mixing of strata can be shown to be equally suitable for revegetation requirements;

6. replace the topsoil or the best available subsoil, if any, on top of the land to be reclaimed;

7. fill any auger holes with an impervious material in order to prevent drainage;

8. minimize the disturbances to the prevailing hydrologic balance at the mine site and in associated offsite areas and to the quality and quantity of water in surface and groundwater systems both during and after surface mining operations and during reclamation by:
   
   A. avoiding acid or other toxic mine drainage by such measures as, but not limited to:
      
      i. preventing or removing water from contact with toxic-producing deposits,
      
      ii. treating drainage to reduce toxic content,
      
      iii. casing, sealing, or otherwise managing boreholes, shafts, and wells to keep acid or other toxic drainage from entering ground and surface waters;
   
   B. conducting surface mining operations so as to prevent unreasonable additional contributions of suspended solids to streamflow or runoff outside the permit area above natural levels under seasonal flow conditions;
   
   C. consistent with good water conservation practices, removing such temporary or large siltation structures from drainways after disturbed areas are revegetated and stabilized;
   
   D. such other actions as the commission may prescribe pursuant to rules or regulations;

9. stabilize any waste piles;

10. refrain from surface mining in proximity to active and abandoned underground mines where such mining would cause breakthroughs
or would endanger the health or safety of miners;

(11) with respect to the use of impoundments for the disposal of mine wastes, processing wastes, or other liquid or solid wastes, incorporate current engineering practices for the design and construction of water retention facilities which, at a minimum, shall be compatible with the requirements of Section 6.0731, Water Code, and applicable federal laws, insure that leachate will not pollute surface or groundwater, and locate impoundments so as not to endanger public health and safety should failure occur;

(12) insure that all debris, acid-forming materials, toxic materials, or materials constituting a fire hazard are treated or disposed of in a manner designed to prevent contamination of ground or surface waters or combustion;

(13) insure that any explosives are used only in accordance with existing state and federal law and regulations promulgated by the commission;

(14) insure that all reclamation efforts proceed as contemporaneously as practicable with the surface mining operations;

(15) insure that construction, maintenance, and postmining conditions of access roads into and across the site of operations will minimize erosion and siltation, pollution of air and water, damage to fish or wildlife or their habitat, or public or private property; provided that the commission may permit the retention after mining of certain access roads if compatible with the approved reclamation plan;

(16) refrain from the construction of roads or other access ways up a stream bed or drainage channel or in proximity to such channel where such construction would seriously alter the normal flow of water;

(17) establish on all affected lands, where required in the approved reclamation plan, a diverse vegetative cover native to the affected land where vegetation existed prior to mining and capable of self-regeneration and plant succession in the natural vegetation of the area; except that introduced species may be used in the revegetation process where desirable or necessary to achieve the approved reclamation plan;

(18) assume responsibility for successful revegetation for a period of four years beyond the first year in which the vegetation has been successfully established as evidenced by the land being used as anticipated in the reclamation plan, provided that the four-year period of responsibility shall commence no later than two complete growing seasons after the vegetation has been successfully established as determined by the commission;

(19) with respect to permanent impoundments of water as part of the approved reclamation plan, insure that:

(A) the size of the impoundment and the availability of water are adequate for its intended purpose,

(B) the impoundment dam construction will meet the requirements of Section 6.0731, Water Code, and applicable federal laws,

(C) the quality of impounded water will be suitable on a permanent basis for its intended use and the discharges from the impoundment will not degrade the water quality in the receiving stream,

(D) final grading will provide adequate safety and access for anticipated water users, and

(E) such water impoundments will not result in the diminution of the quality or quantity of water utilized by adjacent or surrounding landowners for agricultural, industrial, recreational, or domestic uses; and

(20) meet such other criteria pursuant to the commission's rules and regulations as are necessary to achieve reclamation in accordance with the purposes of this Act, taking into consideration the physical, climatological, and other characteristics of the site.

(c) The purpose of this section is to cause the land affected to be restored to the same condition as the land enjoyed before the mining or some substantially beneficial condition. A method of reclamation other than that provided in this section may be approved by the commission, after public hearing, if the commission determines that any method of reclamation required by this section is not practicable and that such alternative method will provide for the affected land to be restored to a substantially beneficial condition. If an alternative method of reclamation is generally applicable to all surface mining operations involving a particular mineral, the commission shall promulgate appropriate rules and regulations in accordance with Subsection (d) of Section 7.

Permit Approval or Denial

Sec. 12. (a) The surface mining permit shall be granted if it is established that the application complies with the requirements of this Act and all applicable federal and state laws. The commission shall deny a permit if:
Art. 5920-10 MINES AND MINING

(1) the commission finds that the reclamation as required by this Act cannot be accomplished by means of the proposed reclamation plan;

(2) any part of the proposed operation lies within an area designated as unsuitable for surface mining as designated by Section 13 of this Act; provided, however, the application may be amended to exclude such designated areas;

(3) the commission is advised by the Texas Water Quality Board that the proposed mining operation will cause pollution of any water of the state, or by the Texas Air Control Board that the proposed mining operation will cause pollution of the ambient air of the state, in violation of the laws of this state;

(4) the applicant has had any other permit issued hereunder revoked, or any bond posted to comply with this Act forfeited, and the conditions causing the bond to be forfeited have not been corrected to the satisfaction of the commission;

(5) the commission determines that the proposed operation will endanger the health and safety of the public;

(6) the surface mining operation will adversely affect any public highway or road; or

(7) the operator is unable to produce the bonds or otherwise meet the requirements of Section 14 of this Act.

(b) The commission may approve a surface mining permit conditioned upon the approval of all other state permits or licenses which may be required.

Designation of Lands Unsuitable for Surface Mining

Sec. 13. (a) The commission shall develop rules and regulations adopting appropriate procedures whereby, in accordance with the provisions of this section, lands in this state can be identified and designated unsuitable for all or certain types of surface mining; provided that such rules and regulations shall be of sufficient detail to provide reasonable notice to prospective operators of areas which might be designated as unsuitable for surface mining.

(b) When application is made to conduct surface mining operations, the commission shall prepare a detailed statement on the potential mineral and other resources of the area, the demand for such resources, and the impact of such designation on the environment, the economy, and the supply of the mineral.

(e) Following the survey, the area may be designated unsuitable for all or certain types of surface mining if:

(1) the commission determines that reclamation pursuant to the requirements of this Act is not feasible;

(2) such operations will result in significant damage to important areas of historic, cultural, or archaeological value or to important natural systems;

(3) such operations will affect renewable resource lands resulting in a substantial loss or reduction of long-range productivity of water supply or food or fiber products, such lands to include aquifers and aquifer recharge areas;

(4) such operations are located in areas subject to frequent flooding or areas of unstable geology and may reasonably be expected to endanger life and property;

(5) such operations will adversely affect any national park, national monument, national historic landmark, property listed on the national register of historic places, national forest, national wilderness area, national wildlife refuge, national wild and scenic river area, state park, state wildlife refuge, state forest, recorded Texas historic landmark, state historic site, state archaeological landmark, or city or county park; or

(6) where such operations would endanger any public road, public building, cemetery, school, church, or similar structure or existing dwelling outside the permit area.

(d) Any person shall have the right to petition the commission to have an area designated as unsuitable for surface mining operations or to have such a designation terminated. Such a petition shall contain allegations of facts with supporting evidence which in the opinion of the commission would tend to establish the allegations. The commission shall make a determination of the validity of the petition. If the petition is found to be valid, it shall be kept on file by the commission and made available for public inspection. Upon application for a surface mining permit for which a valid petition has been filed, the commission shall hold a public hearing in accordance with the requirements of Section 16 of this Act in the locality of the proposed mining operation. Any person affected may intervene prior to such public hearing by filing allegations of facts with supporting evidence which would tend to establish the alle-
gations. Within 60 days after such hearing, the commission shall issue and furnish to the petitioner and any other party to the hearing a written decision regarding the petition and the reasons therefor. In the event that all the petitioners and the applicant stipulate agreement prior to the requested hearing, such hearing need not be held.

(e) The commission may modify, amend, or terminate a designation pursuant to the requirements of this section.

(f) The provisions of this section shall not apply to land on which surface mining operations are being conducted on the date of enactment of this Act.

Performance Bonds

Sec. 14. (a) After a surface mining permit application has been approved but before such a permit is issued, the applicant shall file with the commission on a form prescribed by rule and regulation a bond for performance payable to the State of Texas and conditional on full and faithful performance of all the requirements of this Act and the permit. The bond shall cover that area of land within the permit area on which the operator will initiate and conduct surface mining and reclamation operations. As succeeding increments of surface mining and reclamation operations are to be initiated and conducted within the permit area, the operator shall file with the commission an additional bond or bonds to cover such increments in accordance with this section.

The amount of the bond required for each bonded area shall depend on the reclamation requirements of the approved permit and shall be determined by the commission on the basis of at least two independent estimates, one of which shall be submitted by the permit applicant and the other prepared at the commission's direction under procedures established by rule or regulation; provided that only one independent estimate need be submitted if the applicant waives his right to submit an estimate. The amount of the bond shall be determined by the commission and shall be sufficient to assure the completion of the reclamation plan if the work had to be performed by a third party in the event of forfeiture; provided, however, that in no event shall it exceed the highest independent estimate.

(b) The commission may accept the bond of the operator itself, without separate surety, when the operator demonstrates to the satisfaction of the commission the existence of a suitable agent to receive service of process and a history of financial solvency and continuous operation sufficient to self-insure or bond such amount.

(c) Liability under the bond shall be for the duration of surface mining and reclamation operations and for a period coincident with the operator's responsibility pursuant to Section 11 of this Act.

(d) The bond shall be executed by the operator and a corporate surety licensed to do business in the State of Texas, except that the operator may elect to deposit cash or negotiable securities acceptable to the commission, or an assignment of a savings account in a Texas bank on an assignment form prescribed by the commission's rules and regulations. The cash deposit or market value of such substitute collateral shall be equal to or greater than the amount of the bond required for the bonded area.

(e) Cash or other substitute collateral shall be deposited on the same terms as the terms on which surety bonds may be deposited.

(f) The amount of the bond or deposit required and the terms of acceptance of the applicant's bond or substitute collateral may be increased or decreased from time to time to reflect changes in the cost of future reclamation of land mined or to be mined. The amount of the bond or substitute collateral may be reduced only in accordance with the provisions of Section 23 of this Act.

Renewal, Revision, or Transfer of Permits

Sec. 15. The commission shall promulgate rules and regulations for renewal, revision, or transfer of surface mining permits.

(a) Renewal. Any valid surface mining permit issued pursuant to this Act shall carry with it the right of successive renewal on expiration with respect to areas within the boundaries of the existing permit. The holder of such permit may apply for renewal and such renewal shall be issued, on the following requirements and written finding by the commission that:

1. the terms and conditions of the existing permit are being satisfactorily met;
2. the performance bond or substitute collateral required under the terms of this Act will continue in full force and effect and unimpaired for the requested renewal, revision, or transfer;
3. the operator has provided additional or revised information as required by the commission; and
4. notice under Section 16 of this Act has been provided with respect to the application for renewal, revision or transfer.

Each application for renewal of a surface mining permit shall be accompanied by a renewal application fee as determined by the commission in accordance with a published fee schedule. Such fee shall be based as nearly as possible on the actual or anticipated cost of reviewing the application, but in no event shall exceed $200. The approved application fee as provided in Subsection (c), Section 8, shall not be applicable to a renewal application except the portion, if any, which addresses any new land areas.
If an application for renewal of a valid mining permit includes a proposal to extend the mining operation beyond the boundaries authorized in the existing permit, the portion of the application for renewal of a valid permit which addresses any new land areas shall be subject to the full standards, including application fees, applicable to new applications under this Act.

Any surface mining permit renewal shall be for a term not to exceed the period of the original permit established by this Act. Application for permit renewal shall be made at least 90 days prior to the expiration of the valid permit.

(b) Revision. During the term of any surface mining permit, the permittee may submit an application, together with a revised reclamation plan, to the commission for a revision of the permit.

An application for a revision of a permit shall not be approved unless the commission finds that reclamation as required by the Act can be accomplished under the revised reclamation plan. The revision shall be approved or disapproved within 60 days.

The commission shall by rule or regulation establish guidelines for a determination of the scale or extent of a revision request for which all permit application information requirements and procedures, including notice and hearings, shall apply; provided that any revisions which propose a substantial change in the intended future use of the land or significant alteration in the reclamation plan shall, at a minimum, be subject to the notice and hearing requirements set out in Section 16 of this Act.

Any extensions to the area covered by the permit except incidental boundary revisions, must be made by application for another permit or for revision of a permit.

(c) Transfer. No transfer, assignment, or sale of the rights granted under any permit issued pursuant to this Act shall be made without the written approval of the commission. Any person desiring to succeed to the interests of a permittee hereunder must file an application on a form prescribed by the commission and containing such pertinent information as the commission by regulation may require. Among the information which the commission shall require are the following:

(1) the information required by Subdivisions (1) and (4), Subsection (e), Section 8 of this Act relating to ownership and other mining activities of the applicant;

(2) proof that the public liability insurance requirement of Section 8 of this Act will be fulfilled;

(3) proof that the performance bond or substitute collateral required in Section 14 of this Act will be furnished; and

(4) the statement of the applicant that he will faithfully carry out all of the requirements of the reclamation plan approved in the original application.

The application for transfer shall be approved, subsequent to notice and opportunity for public hearing, if any is required under Section 16 of this Act, on the written finding by the commission that the requirements of Subsection (a) of this section have been met.

The application for transfer shall be denied if the applicant has had any permit issued hereunder revoked, or any bond posted to comply with this Act forfeited, and the conditions causing the bond to be forfeited have not been corrected to the satisfaction of the commission.

Public Notice and Public Hearings

Sec. 16. (a) At the time of submission of an application for a surface mining permit, or for revision, renewal, or transfer of an existing permit, pursuant to the provisions of this Act, the applicant shall publish notice of the ownership, location, and boundaries of the permit area sufficient so that the proposed operation is readily locatable by local residents, and the location where the application is available for public inspection. Such notice shall be placed in the local newspaper of greatest general circulation in the locality of the proposed surface mine at least once a week for four consecutive weeks. The commission shall contact various local governmental bodies, planning agencies, sewage and water treatment authorities or water companies having jurisdiction over or in the locality in which the proposed surface mining will take place, and the owners of record of all surface areas within 500 feet of any part of the permit area, notifying them of the applicant's intention to surface mine a particularly described tract of land and indicating the applicant's permit number, if any, and where a copy of the proposed mining and reclamation plan may be inspected. Such comments shall be made a part of the record and one copy shall be furnished to the operator.

(b) Any person affected or any federal, state, or local governmental agency or authority shall have the right to file written objections to the application for a surface mining permit or for the renewal, revision, or transfer of such a permit with the commission within 30 days after the last publication of the above notice. Such comments shall be made a part of the record and one copy shall be furnished to the operator.
(c) If the commission determines that the application is of a significance sufficient to warrant a public hearing, the commission shall then hold a public hearing in the locality of the proposed surface mining and reclamation operations. In determining whether to hold public hearing, the commission shall consider any objections which have been filed. Notice of the date, time, and location of such public hearing shall be published by the commission in the newspaper of greatest general circulation in the locality at least once a week for three consecutive weeks prior to the scheduled hearing date.

(d) A verbatim transcript and complete record of the proceedings of each public hearing shall be retained by the commission. On request, the commission shall transcribe all or part of any such proceedings and shall furnish a verbatim transcript within a reasonable time to the requesting party; provided that the commission may charge a fee based on the estimated cost of the service of transcribing and printing the requested material.

Decisions of Commission and Appeals

Sec. 17. (a) If a public hearing has been held pursuant to Section 16 of this Act, the commission shall issue and furnish all of the parties to the administrative proceedings with its written findings based on the record, granting or denying the application in whole or in part and stating the reasons therefor, within 30 days of said hearings.

(b) If there has been no public hearing held pursuant to Section 16 of this Act, the commission shall notify the applicant and any objectors within 45 days after the last publication of the notice required by Section 16 of this Act whether the application has been approved or disapproved. If the application is approved, the permit shall be issued. If the application is disapproved, specific reasons therefor shall be set forth in the notification. Within 30 days after the applicant is notified that the permit or any portion thereof has been denied, the applicant may request a hearing on the reasons for the said disapproval. The commission shall hold a hearing within 30 days of said request and provide notification to all interested parties at the time that the applicant is so notified. Within 30 days after the hearing, the commission shall issue and furnish the applicant, and all persons who participated in the hearing, with the written decision of the commission based on the record granting or denying the permit in whole or in part and stating the reasons therefor.

Judicial Review

Sec. 18. (a) Any party to the administrative proceedings whose interest is or may be adversely affected by any ruling, order, decision, or other act of the commission may appeal by filing a petition in a district court of Travis County or in the county in which the greater portion of the land in question is located.

(b) The petition must be filed within 30 days after the date of the commission's action, or, in case of a ruling, order, or decision, within 30 days after its effective date.

(c) The plaintiff shall pursue his action with reasonable diligence. If the plaintiff does not prosecute his action within one year after the action is filed, the court shall presume that the action has been abandoned. The court shall dismiss the suit on a motion for dismissal made by the attorney general unless the plaintiff, after receiving due notice, can show good and sufficient cause for the delay.

(d) The court shall hear such complaint solely on the record made before the commission. The findings of the commission, if supported by substantial evidence on the record considered as a whole, shall be upheld.

(e) The court may, under such conditions as it may prescribe, grant such temporary relief as it deems appropriate pending final determination of the proceedings.

(f) The commencement of a proceeding under this section shall not, unless specifically ordered by the court, operate as a stay of the action, order, or decision of the commission.

(g) Any action arising under this Act shall be given precedence by the court over cases of a different nature.

Inspections and Monitoring

Sec. 19. (a) The commission shall require each permittee to:

(1) establish and maintain appropriate records;
(2) make reports, the frequency and nature of which shall be prescribed by the commission;
(3) install, use, and maintain any necessary monitoring equipment for the purpose of observing and determining relevant surface or subsurface effects of the mining operation or reclamation program; and
(4) provide such other information relative to mining and reclamation operations as the commission determines reasonable and necessary.

(b) The authorized representatives of the commission, without advance notice and on presentation of appropriate credentials to the operation supervisor, if present, shall have the right of entry to, on, or through any surface mining operation or any premises in which any records required to be maintained under Subsection (a) of this section are located and may at reasonable times, and without delay, have
access to and copy any records, and inspect any monitoring equipment or method of operation required under this Act.

(c) The inspections by the commission shall occur on an irregular basis at a frequency necessary to insure compliance with the intent and purposes of this Act and the commission's rules and regulations for the surface mining and reclamation operations covered by each permit; occur only during normal operating hours if practicable; occur without prior notice to the permittee or his agents or employees; and include the filing of inspection reports adequate to enforce the requirements of and to carry out the terms and purposes of this Act, and the commission shall make such reports part of the record and furnish one copy of the report to the operator. The commission shall so far as practicable establish a system of rotation of inspectors.

(d) Each permittee shall maintain at the entrances to the surface mining and reclamation operations a clearly visible sign that sets forth the name, business address, and phone number of the permittee and the permit number of the surface mining and reclamation operations.

(e) Each inspector, on detection of each violation of any requirement of this Act, shall forthwith inform the operator orally at the time of the inspection and subsequently in writing and shall report in writing any such violation to the commission.

Enforcement

Sec. 20. (a) When, on the basis of any inspection, the commission or its authorized representative or agent determines that any condition or practices exist, or that any permittee is in violation of any requirement of this Act or any permit condition required by this Act, which condition, practice, or violation also creates an imminent danger to the health or safety of the public, or is causing or can reasonably be expected to cause significant imminent harm to land, air, or water resources, the commission shall issue an order to the permittee or his agent fixing a reasonable time but not more than 30 days for the abatement of the violation. If on expiration of the period of time as originally fixed or subsequently extended, for good cause shown and on the written finding of the commission, the commission finds that the violation has not been abated and after a hearing, if requested by the operator, it may order a cessation of surface mining operations on the portion thereof relevant to the violation. Such cessation order shall remain in effect until the commission determines that the violation has been abated, or until modified, vacated, or terminated by the commission pursuant to Subsection (c) of this section.

(b) When, on the basis of any inspection, the commission or its authorized representative or agent determines that any permittee is in violation of any requirement of this Act or any permit condition required by this Act, but such violation does not create an imminent danger to the health or safety of the public, or cause or can be reasonably expected to cause significant imminent harm to land, air, or water resources, the commission shall issue a notice to the permittee or his agent fixing a reasonable time but not more than 30 days for the abatement of the violation. If on expiration of the period of time as originally fixed or subsequently extended, for good cause shown and on the written finding of the commission, the commission finds that the violation has not been abated and after a hearing, if requested by the operator, it may order a cessation of surface mining operations on the portion thereof relevant to the violation. Such cessation order shall remain in effect until the commission determines that the violation has been abated, or until modified, vacated, or terminated by the commission pursuant to Subsection (c) of this section.

(c) When, on the basis of any inspection, the commission has reason to believe that a pattern of violations of any requirements of this Act or any permit conditions required by this Act exists or has existed, and if the commission also finds that such violations are caused by the unwarranted failure of the permittee to comply with any requirements of this Act or any permit conditions, or that such violations are willfully caused by the permittee, the commission shall forthwith issue an order to the permittee to show cause as to why the permit should not be suspended or revoked, the commission shall time and place for a public hearing to be held in accordance with the notice and procedural requirements of Section 16 of this Act. On the permittee's failure to show cause as to why the permit should not be suspended or revoked, the commissioner shall forthwith suspend or revoke the permit.

(d) Notices and orders issued pursuant to this section shall set forth with reasonable specificity the nature of the violation and the remedial action required, the period of time established for abatement, and a reasonable description of the portion of the surface mining and reclamation operation to which the notice or order applies. Each notice or order issued under this section shall be given promptly to the permittee or his agent by the commission and all such notices and orders shall be in writing and shall be signed by the commission or its authorized representative. Any notice or order issued pursuant to this section may be modified, vacated, or terminated by the commission.

(e) The commission may request the attorney general to institute a civil action for relief, including a permanent or temporary injunction, restraining or-
der, or any other appropriate order in a district court in Travis County or in the county in which the greater portion of the surface mining and reclamation operation is located, whenever such permittee:

1. violates or fails or refuses to comply with any order or decision issued by the commission under this Act;
2. interferes with, hinders, or delays the commission or its authorized representative in carrying out the provisions of this Act;
3. refuses to admit such authorized representative to the mine;
4. refuses to permit inspection of the mine by such authorized representative;
5. refuses to furnish any information or report requested by the commission in accordance with the rules and regulations of the commission; or
6. refuses to permit access to, and copying of, such records as the commission reasonably determines necessary in carrying out the provisions of this Act.

Such court shall have jurisdiction to provide such relief as may be appropriate. Any relief granted by the court to enforce an order under Subdivision (1) of this subsection shall continue in effect until the completion or final termination of all proceedings for review of such order under this Act, unless, prior thereto, the district court granting such relief sets it aside or modifies it.

Penalties

Sec. 21. (a) The commission may cause a civil suit to be instituted praying for injunctive relief to restrain the permittee from continuing the violation or threat of violation, or for the assessment of a civil penalty of not more than $5,000 for each day of violation, as the court may deem proper, or for both injunctive relief and civil penalty. In determining the amount of the penalty, consideration shall be given to the permittee’s history of previous violations of this Act; the appropriateness of such penalty to the size of the business of the permittee charged; the seriousness of the violation, including any irreparable harm to the environment and any hazard to the health or safety of the public; whether the permittee was negligent; and the demonstrated good faith of the permittee charged in attempting to achieve rapid compliance after notification of the violation.

(b) Any person who willfully and knowingly violates a condition of a permit issued pursuant to this Act or fails or refuses to comply with any order issued under Section 20 of this Act, or any order incorporated in a final decision issued by the commission under this Act, shall, on conviction by a district court, be punished by a criminal penalty of not more than $10,000, or by imprisonment for not more than one year, or both.

(c) Whenever a corporate permittee violates a condition of a permit issued pursuant to this Act or fails or refuses to comply with any order issued under Section 20 of this Act, or any order incorporated in a final decision issued by the commission under this Act, any director, officer, or agent of such corporation who willfully and knowingly authorized, ordered, or carried out such violation, failure, or refusal shall on conviction by a district court be punished by a criminal penalty of not more than $10,000, or by imprisonment for not more than one year, or both.

(d) Whoever knowingly makes any false statement, representation, or certification, or knowingly fails to make any statement, representation, or certification in any application, record, report, plan, or other document filed or required to be maintained pursuant to this Act, shall, on conviction by a district court, be punished by a criminal penalty of not more than $10,000, or by imprisonment for not more than one year, or both.

(e) The commission may request the attorney general to institute a suit to recover civil or criminal penalties, or for injunctive relief, or for both, as authorized in this section, in a district court in Travis County or in the county in which the greater portion of the surface mining and reclamation operation is located.

Land Reclamation Fund

Sec. 22. (a) All sums received through the payment of fees, loans, grants, penalties, and bond forfeitures shall be placed in the State Treasury and credited to a special account to be designated the Land Reclamation Fund. This fund shall be available to the commission and may be expended for the administration and enforcement of this Act and for the reclamation of lands affected by surface mining operations.

(b) All proceeds from the forfeiture of bonds and penalties recovered shall be expended to reclaim in accordance with the provisions of this Act lands with respect to which the bonds were provided and penalties assessed.

(c) In the reclamation of land affected by surface mining for which it has funds available, the commission may avail itself of any services which may be provided by other state agencies or the federal government, and may compensate them for such services. The commission may cause the reclamation work to be done by its own employees or by employees of other governmental agencies or through contracts with qualified persons. Such contracts shall be awarded to the lowest bidder on competitive bids after reasonable advertisement. The commission and any other agency and any con-
tractor under a contract shall have the right of access to the land affected to carry out such reclamation.

Release of Performance Bonds or Deposits

Sec. 23. (a) At any time an operator may file an application with the commission for the release of all or part of the performance bond or deposit. Such application shall be on a form prescribed by the commission and shall contain, in addition to other information the commission may require, the type and the approximate date of reclamation work performed and a description of the results achieved as they relate to the operator's reclamation plan. The commission shall file a copy of the bond release application for public inspection with the county clerk at the county courthouse of the county where the surface mining and reclamation operation is located. The operator shall submit a copy of a notice placed once a week for four consecutive weeks in the newspaper of greatest general circulation in the locality of the surface mining and reclamation operation. Such advertisement shall be considered part of any bond release application and shall contain a notification of the location and boundaries of the land affected, the permit number and the date approved, the amount of the bond filed and the portion sought to be released, and where the bond release application has been placed for public inspection.

(b) On receipt of the notification and request, the commission shall within a reasonable time, not to exceed 45 days, conduct an inspection and evaluation of the reclamation work involved. Such evaluation shall consider, among other things, the degree of difficulty to complete any remaining reclamation, whether pollution of surface and subsurface water is occurring, the probability of continuance or future occurrence of such pollution, and the estimated cost of abating such pollution.

(c) The commission may release in whole or in part said bond or deposit if it is satisfied that reclamation covered by the bond or deposit or portion thereof has been accomplished as required by this Act according to the following schedule:

1. When the operator completes any required backfilling, regrading, and drainage control of a bonded area in accordance with his approved reclamation plan, the release of up to 75 percent of the bond or substitute collateral for the applicable permit area; provided, however, that the amount of the unreleased portion of the bond or substitute collateral shall not be less than the amount necessary to assure completion of the reclamation work by a third party in the event of forfeiture; and
2. When the operator has successfully completed the remaining reclamation activities, but not before the expiration of the period specified for operator responsibility in Section 11 of this Act, release the remaining portion of the bond or substitute collateral; provided, however, that no bond shall be fully released until all reclamation requirements of this Act are fully met.

(d) If the commission disapproves the application for release of the bond or portion thereof, he shall notify the operator, in writing, stating the reasons for disapproval and recommending corrective actions necessary to secure said release.

(e) Within 30 days after any application for total or partial bond release is filed with the commission, the commission shall notify the local governmental agency in which the surface mining operation is located by certified mail.

(f) Any person or the officer or head of any federal, state, or local governmental agency shall have the right to file written objections to the proposed release from bond to the commission within 30 days after the last publication of notice under Subsection (a) of this section. Where the commission determines that the application is of a significance sufficient to warrant a public hearing, considering any objections which may have been filed, the commission shall hold a public hearing. The commission shall inform all the interested parties of the time and place of the hearing to be conducted in accordance with Section 16 of this Act, and hold a public hearing in the locality of the surface mining operation proposed for bond release. Notice of the date, time, and location of such public hearings shall be published by the commission in accordance with the provisions of Section 16 of this Act.

Confidentiality

Sec. 24. Information submitted to the commission pertaining to mineral deposits, test borings, core samplings, or information concerning trade secrets or privileged commercial or financial information that relates to the competitive rights of the applicant and specifically identified as confidential by the applicant and which is not essential for any public review as determined by the commission, shall not be disclosed by any member, agent, or employee of the commission.

Appropriation

Sec. 25. Funds for the operation of the commission under the provisions of this Act shall be appropriated by the legislature.

Severability

Benefit Increases: Continuance of Annuities and Death Benefit Plans

Sec. 5–1. Notwithstanding any other provisions of Chapter 352, Acts of the 50th Legislature, 1947, as amended (Article 6228a, Vernon’s Texas Civil Statutes), the provisions of this section shall apply to all annuities payable on and after September 1, 1975. With respect to retirements and deaths occurring prior to February 25, 1975, the annuity increase provided for retired appointive officers and employees in S.B. No. 56, Acts of the 64th Legislature, Regular Session, 1975, is continued in full force and effect. Service retirement standard annuities payable for appointive officers and employees by virtue of retirements or deaths occurring on and after February 25, 1975, shall be computed on the basis of the average monthly compensation of the member for the sixty (60) highest months of compensation during the last one hundred twenty (120) months of creditable service times one and one-half per cent (1.5%) of such average for each of the first ten (10) years of creditable service, plus two per cent (2%) of such average for each subsequent year of creditable service, but the service retirement standard annuity may not be less than Seventy-five Dollars ($75.00) per month and may not exceed eighty per cent (80%) of the average compensation so calculated, except that for retirements or deaths after February 24, 1975, and before September 1, 1977, the benefit shall be the greater of (a) the benefit as calculated under this section or (b) the benefit as calculated under the law in effect on September 1, 1973. Service retirement standard annuities for elective state officials payable by virtue of retirement or death of any person retired or who retires as an elective state official or who at the time of death was eligible to select a death benefit annuity as an elective state official shall on and after September 1, 1975, be calculated upon the basis of two per cent (2%) of the State salary paid to district judges on that date or as adjusted thereafter times years of creditable service as an elective state official, but no service retirement standard annuity so calculated may exceed sixty per cent (60%) of such judicial salary. A disability retirement annuity for appointive officers and employees retiring on disability on and after February 25, 1975, shall be calculated on the basis of one and seven-tenths per cent (1.7%) per year of creditable service, but in no event will the disability retirement annuity be greater than seventy per cent (70%) of compensation as calculated under Section 5 of this Act, nor less than the greater of (a) thirty-five per cent (35%) of such compensation or (b) One Hundred Ten Dollars ($110.00) per month. Any death benefit annuity plan selected by a member shall remain in effect during such time as such person may be receiving disability retirement benefits; and upon death of the person receiving such benefits, the designated beneficiary shall receive monthly annuities in accordance with the plan selected. Notwithstanding any other provisions of this Act, the State of Texas shall pay from the State Accumulation Fund an additional lump sum death benefit in the amount of Five Thousand Dollars ($5,000) upon satisfactory proof of the death, occurring on or after September 1, 1975, of any officer or employee retired as an annuitant under the provisions of the Retirement Acts administered by the Board of Trustees of the Employees Retirement System. Such benefit shall be paid as provided by the laws of descent and distribution unless the retiree has directed in writing that it be paid otherwise. Upon certification by the Employees Retirement System the Comptroller of Public Accounts shall transfer each month from the General Revenue Fund to the State Accumulation Fund the estimated amount required for the payment of such death benefits. The Board of Trustees shall certify to the Comptroller of Public Accounts and to the State Treasurer at the close of each fiscal year the amount required for that year. So long as this death benefit is provided no State funds may be used to pay life insurance premiums for retired officers and employees under the jurisdiction of the Employees Retirement System. Nothing herein shall preclude retiree participation in State Group Life Insurance plans for which the retiree pays his own premiums. With respect to retirements on and after September 1, 1975, the calculation of reduced annuities provided in Subsection B of Section 5 of this Act shall be made without regard to the sex of annuitant or nominee involved.

1 Acts 1975, 64th Leg., p. 10, ch. 8, adding § 5–2 to this article.

Group Insurance Premiums

Sec. 5–2. On and after September 1, 1975, the appropriated amount available for Group Insurance premiums for retired annuitants under the jurisdiction of the Board of Trustees of the Employees Retirement System of Texas shall be applied to
Group Health Insurance premiums for such annuitants.

The Treasurer of the State of Texas shall be custodian of said money and securities. Said Board is hereby authorized and empowered to acquire, hold, manage, purchase, sell, assign, trade, transfer, and dispose of any securities, evidences of debt, and other investments in which said securities, money, and assets have been or may hereafter be invested by said Board. Said Board is hereby authorized and empowered to invest and reinvest any of said money, securities, and assets, as well as the proceeds of any of such investments, in bonds, notes, or other evidences of indebtedness which are guaranteed as to principal and interest by the United States or any agency of the United States, or by the State of Texas, or by any county, city, school district, municipal corporation, or other political subdivision of the State of Texas, both general and special obligations; or in home office facilities to be used in administering the Employees Retirement System including land, equipment, and office building; or in such corporation bonds, notes, other evidences of indebtedness, and corporation stocks, including common and preferred stocks, of any corporation created or existing under the laws of the United States or of any of the states of the United States, as said Board may deem to be proper investments; provided that in making each and all of such investments said Board shall exercise the judgment and care under the circumstances then prevailing which men of ordinary prudence, discretion, and intelligence exercise in the management of their own affairs, not in regard to speculation but in regard to the permanent disposition of their funds, considering the probable income therefrom as well as probable safety of their capital; and further provided, that a sufficient sum shall be kept on hand to meet payments as they become due each year under such retirement plan, as may now or hereafter be provided by law. Unless investments authorized herein are hereafter further restricted by an Act of the Legislature, no more than one per cent (1%) of the book value of the total assets of the Employees Retirement System shall be invested in the stock of any one (1) corporation, nor shall more than five per cent (5%) of the voting stock of any one (1) corporation be owned; and provided further, that stocks eligible for purchase shall be restricted to stocks of companies incorporated within the United States which have paid cash dividends for ten (10) consecutive years or longer immediately prior to the date of purchase and which, except for bank stocks and insurance stocks, are listed upon an exchange registered with the Securities and Exchange Commission or its successor; and provided further, that not less than twenty-five per cent (25%) at any one time of the book value of investments of said Fund shall be invested in Government and Municipal Securities as enumerated above.

B. The State Board of Trustees, on August 31, 1975, and thereafter on the last day of each fiscal year, shall transfer from the Interest Fund to the Employees Saving Fund interest computed at the rate of five per cent (5%) on the mean balances of the amounts for the fiscal year standing to the credit of all members. In addition, the Board shall, as required during the year, transfer interest from the Interest Fund to the Employees Saving Fund in amounts equal to the interest credited during the year to members whose accounts are closed by death, retirement, or withdrawal of contributions.

The State Board of Trustees, on August 31, 1975, and thereafter on the last day of each fiscal year, shall transfer from the Interest Fund to the Retirement Annuity Reserve Fund an amount equal to five per cent (5%) of the mean amount in the Retirement Annuity Reserve Fund for the fiscal year then ending.

The State Board of Trustees shall transfer from the Interest Fund to the Expense Fund such amounts as are determined from time to time to be necessary for the payment of expenses of the Employees Retirement System in excess of amounts otherwise available.

The State Board of Trustees, on August 31, 1975, and thereafter on the last day of each fiscal year, after making other transfers as provided in this subsection, shall transfer all remaining interest in the Interest Fund to the State Accumulation Fund.

Method of Financing

Sec. 8. A. Notwithstanding any other provisions of Chapter 352, Acts of the 50th Legislature, 1947, as amended (Article 6228a, Vernon's Texas Civil Statutes), the provisions of this subsection shall apply on and after September 1, 1975, with respect to the amounts to be paid by members and by the State. The terms "State Contributions," "State Matching," and "State Matching Contributions" as used in this Act shall mean State money paid to the System at the rate of seven and one-half per cent (7 1/2%) of the aggregate compensation paid contributing members. The amount contributed by the State of Texas to the Retirement System during any one (1) year shall be at least seven and one-half per cent (7 1/2%) of the aggregate compensation of all members and shall be paid in monthly installments. For creditable service not previously established, the State shall contribute funds in an amount which
shall bear the same ratio to the members contribution required to establish such service as the State's contribution bears to the contributions required of contributing employee members at the time such service is established. Effective September 1, 1975, the amount contributed by each member of the Retirement System shall be six per cent (6%) of the annual compensation paid to each member, except that members of the Texas Legislature shall contribute eight per cent (8%) of such compensation. Notwithstanding any other provisions of Chapter 352, Acts of the 50th Legislature, 1947, as amended (Article 6228a, Vernon's Texas Civil Statutes), a member's contribution on or after September 1, 1975, for any previous service to be credited as elective state official service shall be the greater of (a) eight per cent (8%) of the salary being paid to members of the Legislature at the time the service is established or (b) six per cent (6%) of the State salary currently applicable to the position previously occupied plus in either case, applicable fees and interest charges. It is provided further, that all contributions made by the State shall be from and charged to the respective funds appropriated, allocated, and provided to pay the salary or compensation of the member for whose benefit the contribution is made. All of the assets of the Retirement System shall be credited according to the purpose for which they are held to one (1) of five (5) funds; namely, the Employees Saving Fund, the State Accumulation Fund, the Retirement Annuity Reserve Fund, the Interest Fund, and the Expense Fund.

1. The Employees Saving Fund.

The Employees Saving Fund shall be a fund in which shall be accumulated six per cent (6%) contributions from the compensation of members, including interest earnings. Contributions to and payments from the Employees Saving Fund shall be made as follows:

(a) Beginning on the effective date of this Act, each department of the State shall cause to be deducted from the salary of each member on each and every payroll period, six per cent (6%) of his earnable compensation. In determining the amount earnable by a member in a payroll period, the State Board of Trustees may consider the rate of annual compensation payable to such member on the first day of the payroll period as continuing throughout such payroll period, and it may omit deductions from compensation for any period less than one-half (½) of a full payroll period if an employee was not a member on the first day of the payroll period, and to facilitate the making of deductions, it may modify the deductions required of any member by such an amount as shall not exceed one-tenth (⅕) of one per cent (1%) of the annual compensation upon the basis of which such deduction is to be made.

(b) The deductions provided for herein shall be made notwithstanding that the minimum compensation provided for by law for any member shall be reduced thereby. Every member shall be deemed to consent and agree to the deductions made and provided for herein and shall receipt for his full salary or compensation, and payment of salary or compensation less said deduction, shall be a full and complete discharge and acquittance of all claims and demands whatsoever for the services rendered by such person during the period covered by such payment, except as to the benefits provided under this Act. The department head of the State shall certify to the State Board of Trustees on each and every payroll, or in such other manner as said Board may prescribe, the amounts to be deducted; and each of said amounts shall be deducted, and when deducted shall be paid into said Employees Saving Fund, and shall be credited to the individual account of the member from whose compensation said deduction was made.

(c) After August 31, 1974, interest computed at the rate of five (5%) per cent per year on amounts credited to the accounts of individual members is earned monthly, to be credited on August 31, 1975, and thereafter on the last day of each fiscal year. However, after the last day of the month in which this Act takes effect, interest shall be credited to accounts closed by death or withdrawal of contributions through the last day of the month preceding the calendar month in which death occurs or in which the withdrawal request is validated by the Employees Retirement System, and interest shall be credited to accounts closed by retirement through the date of retirement. Interest shall be computed on the mean balance standing to the credit of the member for the fiscal year, or for the applicable portion of the fiscal year in case of death, retirement, or withdrawal of contributions.

(d) Upon the retirement of a member, his accumulated contributions shall be transferred from the Employees Saving Fund to the Retirement Annuity Reserve Fund.

2. State Accumulation Fund.

The State Accumulation Fund shall be the fund in which shall be accumulated all contributions made to the Employees Retirement System by the State of Texas. Contributions to and payments from this fund shall be made as follows:

(a) The State of Texas shall pay each year in monthly installments into the State Accumulation Fund the amount of State contributions required by this subsection. The State Board of Trustees shall certify annually to the Comptroller of Public Accounts and to the State Treasur-
er the amount so ascertained, and such an amount shall be paid each year in monthly installments in the manner hereinafter provided into the State Accumulation Fund by the Comptroller from the funds appropriated as contributions to the Employees Retirement System by the State of Texas.

(b) Upon the retirement of a member, an amount equal to the difference between the total reserve at present worth reserve value of the retirement annuity of the member and the amount standing to the credit of the individual account of the member who retires shall be transferred from the State Accumulation Fund into the Retirement Annuity Reserve Fund as a part of the reserve requirements for the annuity to be paid to the retired member.

The Retirement Annuity Reserve Fund shall be the fund in which shall be held all reserves for annuities granted and in force and from which shall be paid all annuities payable as provided in this Act. This fund shall be made up of the transfers as follows:

(a) At the time of service or disability retirement the accumulated contributions of a retiring member shall be transferred from the Employees Saving Fund to the Retirement Annuity Reserve Fund as a partial reserve for the annuity purchased by his contributions.

(b) An amount equal to the difference between the total reserve at present worth reserve value of the retirement annuity of the member and the amount standing to the credit of the individual account of the member who retires shall be transferred from the State Accumulation Fund into the Retirement Annuity Reserve Fund as a part of the reserve requirements for the annuity to be paid to the retired member.

(c) Transfers and payments from the Retirement Annuity Reserve Fund shall be made as provided in Section 5, Subsection C, Paragraph 8B, and payments from this fund shall be made as follows:

(a) The Executive Secretary shall prepare annually an itemized budget showing the amount required to defray the expenses for the ensuing fiscal year and shall submit the report to the State Board of Trustees for its review and adoption.

(b) Each member shall pay with the first payment to the Employees Saving Fund each year and each year thereafter he is a member of the System, and in addition thereto, a sum of Two Dollars ($2), which amount shall be credited to the Expense Fund, said payments for the Expense Fund shall be made to the State Board of Trustees in the same way as payments to the Employees Saving Fund shall be made, as provided for in this Act; provided, however, that if said payment for the Expense Fund of any member is not made with said first payment of said member, the State Board of Trustees may deduct the amount of the payment for the Expense Fund from said first payment of said member.

(c) If the amount estimated to be required to meet the expenses of the State Board of Trustees is in excess of Two Dollars ($2) per member contributor for the year, the State Board of Trustees as evidenced by a resolution by the Board recorded in its minutes shall transfer to the Expense Fund from the Interest Fund an amount necessary to cover the expenses as estimated for the year.

(d) With respect to any fiscal year for which the Legislature, on behalf of each contributing member of the Employees Retirement System, appropriates for deposit in the Expense Fund a membership fee equal to or exceeding Two Dollars ($2) for each such member, the fees required in Paragraph (b) above shall be waived.

[See Compact Edition, Volume 5 for text of 8B and 8C]

4. Interest Fund.

The Interest Fund is hereby created to facilitate the crediting of interest to the various other funds. All income, interest, and dividends derived from the deposits and investments authorized by this Act shall be paid into the Interest Fund.

5. Expense Fund.

The Expense Fund shall be the fund from which the expenses of administration and maintenance of the Retirement System shall be paid. Transfers to...
beneficiaries under Retirement Acts administered by
the System are to be considered in the manner of
personnel records and such records are hereby
deemed to be confidential information under the
provisions of Chapter 424, Acts of the 63rd Legisla
ture, 1973 (Article 6252-17a, Vernon's Texas Civil
Statutes). Any member who retires under the pro
visions of this Act is entitled to be paid in a lump
sum from funds of the department from which the
member retires for any accumulated leave for which
he may be paid. The amount paid shall be computed
in the same manner as if the employee had taken
leave at the rate of compensation being paid the
employee at the time of retirement and is payable on
the date of retirement.

Creditable Service

Sec. 6.

5. Creditable service at retirement on which the retirement allowance of a member shall be based shall consist of the current service rendered by him for which he has contributions credited to his account in the Employees Saving Fund, and also, if he has a prior service certificate which is in full force and effect, the length of the service credited on his prior service certificate.

Any member, who has terminated a previous membership by withdrawal of then-accumulated deposits while absent from service, may, if the participating subdivision with which he is presently employed agrees to underwrite and assume the obligations therefor and if the member has at least twenty-four (24) consecutive months of creditable service with his present employer since reestablishment of membership, deposit in the System in a lump sum payment the amount withdrawn, plus a withdrawal charge of five percent (5%) of such amount per annum from the date of withdrawal to the date of redeposit, and shall thereupon be entitled to restoration of all creditable service to which he had been entitled at date of termination of the earlier membership; and the amount redeposited shall be placed
in the member's individual account in the Employees Saving Fund of the System, but the five percent (5%) per annum charge shall be deposited to the credit of the participating subdivision assuming the other obligations arising from granting of credit for such former service. In such event the consenting subdivision's account in the Subdivision Prior Service Accumulation Fund shall be charged with the necessary reserves to fund any prior service credits restored to the member, and its account in the Subdivision Current Service Accumulation Fund shall be charged with the reserves required to provide for funding of any current service credits restored to the member. No such restoration of credits shall be undertaken by any participating subdivision unless it shall first be determined by the actuary that the granting of such credits by the participating subdivision would not impair the ability of the subdivision to meet all present and prospective liabilities of the subdivision's account in the Subdivision Prior Service Accumulation Fund and in the Subdivision Current Service Accumulation Fund, and would not impair the ability of the subdivision to provide for payment of prior service annuities or current service annuities.

[See Compact Edition, Volume 5 for text of 6.6 to 6.11(c).]

(d) The increases in credits or benefits and additional coverages which may be adopted and allowed by the subdivision (conditioned that it may provide for funding the same as hereinbelow provided) are one or more of the following:

1. Increase in Current Service Credits to be allowed thereafter, which may be increased by 20% multiples;
2. Increase in Current Service Credits theretofore allowed, which may be increased by 20% multiples;
3. Increase in Current Service Annuities in effect;
4. Increase in Allocated Prior Service Credits theretofore granted and in effect;
5. Increase in Prior Service Annuities in effect;
6. Granting the right of deferred service retirement, as hereinbelow defined, to any of its employees who has accumulated twenty (20) or more years of Creditable Service with such subdivision and other participating subdivisions which have adopted twenty-year deferred service eligibility.

The terms "right of deferred service retirement" as used above means the right to remain in service and to file a written selection with the Retirement Board of an optional allowance and designated nominee (as provided in Subsection 3 of Section 7), and in the event the member thereafter dies while in service he shall be considered to have retired effective as of the last day of the calendar month next preceding the month in which death occurs. In event any person eligible for deferred service retirement shall die without having a written selection of optional allowance and designated beneficiary on file with said Board, or whose designated nominee under options one or two is not living at the date of death of the member; such member shall be considered to have elected Option Three retirement, or (at the election of his beneficiary) shall be considered as having been an active member at date of death and the beneficiary may thereby elect to receive the accumulated contributions of the deceased member.

(7) Granting prior service credit for any periods of active service (not in excess of 36 months total), in the armed forces of the United States performed during the time the United States was involved in organized conflict with foreign forces, whether in a formal state of war or police action, to any person who was an employee of such subdivision immediately prior to the beginning of such service in the armed forces, who entered such service without intervening employment and who returned to the employment of the participating subdivision within one hundred eighty (180) days following his discharge from or release from active duty with the armed forces.

(8) Granting the right of deferred service retirement, as that term is defined in Paragraph (6) above, to any of its employees who shall have attained the age of sixty (60) years and has accumulated twelve (12) or more years of creditable service with such subdivision and other participating subdivisions which have adopted twelve-year deferred service eligibility, provided, however, that no participating subdivision shall be eligible to grant the benefits described in this Paragraph (8) unless such subdivision has previously granted or is currently granting the twenty-year deferred service benefits as described in Paragraph (6) above.

(9) Granting to any of its employees who has accumulated at least twelve (12) years of creditable service with such subdivision and other participating subdivisions which have adopted twelve-year vesting, the right, if he withdraws from service prior to attainment of age sixty (60), to remain a member and to retire at age sixty (60), or at any date subsequent thereto which is not later than the date of mandatory retirement, conditioned that the member is still living at date of retirement and conditioned that he has not withdrawn his accumulated contributions.
(10) Granting to any person who is or was a member of the military service during the time the United States was or is involved in organized conflict with foreign forces, whether in a state of war or a police action involving conflict with foreign forces, or for reason of crisis within this country, and within a period of twelve (12) months after the end of the conflict, and who has been or is relieved from active military service under conditions other than dishonorable, and who at any time thereafter becomes a member of the Texas County and District Retirement System, either as an elective or appointive officer or an employee, the right to apply for and receive credit for retirement service under this Act, upon the following conditions having been met: (A) If such elective official or appointive official or employee has been employed by a participating subdivision or subdivisions for ten (10) years and has ten (10) years' retirement credit as an employee, he shall be allowed current service credit for each month of his active military service, but not to exceed three (3) years. (B) If such elective official or appointive official or employee has been employed by a participating subdivision or subdivisions for fifteen (15) years, and has fifteen (15) years' retirement credit as an employee, he shall be allowed current service credit for each month of his active military service, but not to exceed five (5) years. (C) Notwithstanding any other provisions herein no person otherwise eligible for credit for military service herein shall be eligible to receive such credit if such person shall be receiving or hereafter receives any military retirement provided by any federal law or regulation or federal retirement act, for at least twenty (20) years' active duty. No person shall be granted credit for any such service that is simultaneously credited by the Texas County and District Retirement System or by any other retirement system or program established under or governed by the laws of this State. All applications for credit for military service under this Act must be made within one year after the effective date of granting by the subdivision of such credit for military service, or within one year of the date the person making such application first is eligible for said credit, whichever is later. Any person applying for credit authorized by this provision shall pay to the Texas County and District Retirement System a sum equal to the number of months in actual service for which credit or additional credit is sought times his average per month deposit, not to exceed Fifteen Dollars ($15) per month, made with the retirement system during the first twelve (12) months as an employee after becoming a member of the retirement system. Such contributions made for military retirement credit shall be deposited in the member's individual account in the Employees Saving Fund. Benefit contributions shall be made by the subdivision in an amount equal to the amount deposited by the member. The Board of Trustees of the Texas County and District Retirement System shall determine and by order define the period or periods which shall be recognized as organized conflict or crisis within the contemplation of this Act; and thereupon shall allow credit for every full month of such period or periods. (a) Effective September 1, 1973, any eligible person who is a member of one of the systems and not retired, except as provided by this section, under any of the provisions of either the Judicial Retirement System of Texas, Chapter 99, Acts of the 51st Legislature, Regular Session, 1949, as amended (Article 6228b, Vernon's Texas Civil Statutes), or the Teacher Retirement System of Texas, Chapter 470, Acts of the 45th Legislature, Regular Session, 1937, as amended (Chapter 3, Texas Education Code, Vernon's Texas Civil Statutes), or the Employees Retirement System of Texas, Chapter 352, Acts of the 50th Legislature, Regular Session, 1947, as amended (Article 6228a, Vernon's Texas Civil Statutes), or the Employees Retirement System of Texas, Chapter 352, Acts of the 50th Legislature, Regular Session, 1947, as amended (Article 6228a, Vernon's Texas Civil Statutes), may: (1) continue membership; (2) become a member of the other systems for the purpose of establishing or re-establishing creditable service in such other systems, provided that the total creditable service among such systems shall equal or exceed the minimum amount of creditable service required for a service retirement at age 60 in any class of membership in which he has performed service creditable in any of the systems. Any person who has retired on the basis of membership in one or more of
the classes of service described above, and who has thereafter served for at least 12 months in any other of such classes of service may, after retirement from such other class of service, apply for benefits based upon that service. The additional benefit shall be payable beginning with the month following the month in which a valid application is made, and any optional plan previously selected in lieu of a standard annuity shall apply. Service may not be claimed for the purposes of this Act unless such service has first been classified as creditable service in the system in which such service is to be established. It is expressly provided that records of all individual members and beneficiaries in the custody of the state retirement systems named in this Act are to be considered in the manner of personnel records, and such records are hereby deemed to be confidential information under the provisions of Chapter 424, Acts of the 63rd Legislature, Regular Session, 1973 (Article 6252–17a, Vernon’s Texas Civil Statutes).

2. CITY PENSIONS

Art. 6243a. Firemen's, Policemen's and Fire Alarm Operators' Pension System; Cities and Towns of 432,000 or More Having Fully or Partially Paid Departments

[See Compact Edition, Volume 5 for text of 1 to 1B]

Administrator of Fund; Professional Investment Management Services

Sec. 1C. (a) The Board of Trustees shall have the authority to appoint an administrator to keep records, make computations and perform various other related duties necessary for the operation of the Firemen, Policemen, and Fire Alarm Operators' Pension Fund, but except for clerical assistance, he shall not have any duties relating to investment of the Reserve Retirement Fund, as provided in Section 15 hereof. Compensation for such an administrator shall be determined by the city and paid out of the general funds of the city.

(b) A person appointed administrator of the Fund shall not, by virtue of that appointment, become Secretary of the Board, but the Board may also appoint him as its Secretary, in which event he shall serve in that capacity with no additional compensation.

(c) If the Board appoints an administrator for the Fund, he shall perform in his office the functions of the City Secretary as they are specified in any other Sections hereof, and the City Secretary shall be relieved of such functions, except that the City Secretary shall continue to attest all certificates and documents issued under the seal of the city.

(d) In the administration of the Reserve Retirement Fund pursuant to Section 15, if the Board of Trustees determines that assistance provided by advisory service alone, as authorized under Section 1A above, will not enable the Board to make investments of such funds as efficiently and beneficially as could be done with the service of professional investment management, the Board may contract for such service with one or more organizations in such business, including a bank maintaining a trust department, any such investment manager to have the qualifications required by law and also the approval of the Board; provided the Board does not delegate its ultimate responsibility for investing the Reserve Retirement Fund. In any such contract, the Board, in the exercise of its discretion with respect to investments, shall specify policies and guidelines with which the investment manager must comply in respect to each investment arranged by such manager.

(e) The cost of any investment management services contracted for by the Board of Trustees may be paid in whole or in part by the city. If the city does not make provision for payment of such cost, either in whole or in part, then the amount required to make payment in full shall be paid from the Firemen, Policemen, and Fire Alarm Operators' Pension Fund.

Custody of Fund

Sec. 5. The Treasurer of said city or town shall be Ex-officio Treasurer of said Fund. All money for said Fund shall be paid over to and received by the Treasurer for the use of said Fund, and the duties thus imposed upon such Treasurer shall be additional duties for which he shall be liable under his oath and bond as such city or town Treasurer, but he shall receive no compensation therefor. The principal duties hereby imposed on the Treasurer are to receive and promptly deposit income, including periodic contributions to the Fund, and make transfers of sums in conformity with the system adopted by the Board to make funds available for investment, paying annuities, making refunds, and other authorized payments.

Investment Custody Account Agreements

Sec. 5A. (a) If the Board contracts for investment management service, as authorized by Section 1C(d) above, it may, with respect to every such contract, also enter into an investment custody account agreement, designating a bank as custodian for all the assets allocated to the Reserve Retirement Fund for a particular investment manager.

(b) Under a custody account agreement, the Board shall require the designated bank to perform the duties and assume the responsibilities of custodian in relation to the investment contract to which the custody account agreement is established.

(c) The authority of the Board to make a custody account agreement is supplementary to its authority to make an investment management contract to which it relates. Allocation of assets to a custody
account shall be coordinated by the Treasurer and the bank designated as custodian for such assets.

(d) The cost of any custody account agreement entered into by the Board of Trustees may be paid in whole or in part by the city. If the city does not make provision for payment of such cost, either in whole or in part, then the amount required to make payment in full shall be paid from the Firemen, Policemen, and Fire Alarm Operators' Pension Fund.

[See Compact Edition, Volume 5 for text of 6 to 13]

Share of Cost to be Paid Out of Public Treasury

Sec. 14. The financial share of the cost of the pension system to be paid out of the public Treasury shall be as follows:

(a) Funds contributed by the city as its share of the amount required for the payment of benefits due members under the pension system and for no other purpose. Such contributions shall be annually appropriated by the City Council and periodically paid on the basis of a percentage of the total wages and salaries of the members of the Police and Fire Departments who are under the pension system. The amount of this percentage and any change in it can be determined only by a majority vote of the voters of the city.

(b) Funds appropriated by the City Council to carry out various other provisions of the Act that authorize expenditures in connection with the administration of the Act.

Investment of Surplus

Sec. 15. (a) Whenever, in the opinion of said Board, there is on hand in said Pension Fund a surplus over and above a reasonably safe amount to take care of current demands upon said Fund, such surplus, or so much thereof as in the judgment of said Board is deemed proper, shall be put into a Reserve Fund for investment for the sole benefit of said Pension Fund.

(b) In making investments and supervising investments, members of the Board of Trustees shall exercise the judgment and care under the circumstances then prevailing, which men of ordinary prudence, discretion and intelligence exercise in the management of their own affairs, not in regard to speculation but in regard to probable income therefrom as well as the probable safety of their capital.

(c) The Board of Trustees has the ultimate responsibility for the investment of funds, which the Board may exercise directly by purchasing or selling securities or other investments, but it shall have the authority to exercise discretion in determining the procedure that it deems most efficient and beneficial for the Reserve Retirement Fund in carrying out such responsibility. The Board may contract for professional advisory service pursuant to Section 1A(a) and also may contract for professional investment management service pursuant to Section 1C(d).

Any contract that the Board may make with an investment manager shall set forth policies and guidelines of the Board with references to standard rating services and specific criteria for determining the quality of investments.

(d) The Board, in exercising its control, may at any time, and shall at frequent intervals, monitor the investments made by any investment manager, and shall enforce full compliance with the requirements of the Board.

(e) No investment manager other than a bank that has a contract with the Board to provide assistance in making investments shall be the custodian of any of the securities or other assets of the Reserve Retirement Fund. Pursuant to Section 5A(a), the Board may designate a bank to serve as custodian to perform the customary duty of safekeeping as well as duties incident to the execution of transactions. When the demands of the Pension Fund require, the Board shall withdraw from the custodian money for use in paying benefits to members of the Pension System and for such other uses as are authorized by this Act and approved by a majority of the Board.

(f) The regulations set forth in this Section for the investment of surplus funds shall apply to the original Pension System specifically established in this Act, as well as to any amended plan established pursuant to Section 11A hereof by Section 11B or related provision of law.

[Amended by Acts 1975, 64th Leg., p. 789, ch. 304, §§ 1 to 5, eff. May 27, 1975.]

Section 6 of the 1975 amendatory act provided:

"If any provision of this Act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of the Act are declared to be severable."

The three policemen and the three firemen named above shall be elected to a term of four (4) years. The term for a citizen designated by the mayor is four (4) years. The board shall be known as the Board of Firemen, Policemen, and Fire Alarm Operators Pension Fund, Trustees of ___________, Texas. (b) If the fireman is eligible to be retired under the provisions of Section 4 of this Act, he may elect to have his monthly pension allowance calculated under that section.

Sec. 7. (a) Whenever a fireman dies or becomes disabled from any cause other than a disability acquired in the performance of his duty as a fireman, a monthly pension allowance shall be paid to the fireman or his beneficiaries.

(b) The monthly pension allowance shall be computed as follows:

(1) If the fireman becomes disabled, he shall be paid a monthly pension allowance equal to 25 percent of the average monthly salary of the fireman, plus two and one-half percent of the
average monthly salary for each full year of service and of participation in a fund except that the monthly pension allowance shall not exceed 50 percent of the average monthly salary. The average monthly salary shall be based on the monthly average of the fireman’s salary for the highest 36 months during his service, or so much as he may have served preceding the date of the retirement.

(2) If the fireman was eligible to be retired under the provisions of Section 4 of this Act, he or his beneficiaries may elect to have their monthly pension allowance calculated under that section.

(3) If a fireman dies and leaves surviving him both a widow who married the fireman prior to his retirement, and a child or children of the fireman under the age of 18 years, the board of trustees shall order paid to the widow of the fireman a monthly pension allowance equal to one-half of the amount the fireman would have been entitled to receive, if disabled, under the provisions of Subdivision (1) of this subsection, and in addition the board of trustees shall order paid to the widow or other person having the care and custody of the child or children under the age of 18 years a monthly pension allowance for the use and benefit of the child or children equal to the amount provided for the widow. If the fireman leaves no child under the age of 18 years surviving him or if at any time after the death of the fireman no child is entitled to allowance, then the monthly pension allowance to be paid the widow shall be equal to the full amount the fireman would have been entitled to receive, if disabled, under Subdivision (1) of this subsection, except that the allowance to a widow, if no child is entitled to allowance, shall not exceed one-half of the maximum base salary for the position of pipeman at the time of the death of the fireman.

(4) If the fireman dies and if his widow dies after being entitled to her allowance, or in the event that there is no widow to receive an allowance, the amount of the monthly pension allowance to be paid, for use and benefit of the child or children under the age of 18 years, to the person having the care and custody of the child or children shall be computed as follows: an amount equal to one-half of the amount the fireman would have been entitled to receive, if disabled, under the provisions of Subdivision (1) of this subsection shall be paid for each of the fireman’s children under the age of 18 years, except that the total monthly pension allowance provided for children shall not exceed the amount to which the fireman would have been entitled under Subdivision (1) of this subsection, nor shall the allowance for the children exceed one-half of the maximum base salary provided for the position of pipeman at the time of the death of the fireman.

(5) If the fireman dies and only if no widow or child is entitled to an allowance under the provisions of this section, a monthly pension allowance equal to one-half of the amount the fireman would have been entitled to receive, if disabled, under Subdivision (1) of this subsection shall be paid to each parent of the deceased fireman on proof to the board of trustees that the parent was dependent on the fireman immediately prior to the death of the fireman, except that the total monthly pension allowance provided for parents shall not exceed one-half of the maximum base salary provided for the position of pipeman at the time of the death of the fireman.

(c) Allowance or benefits payable under the provisions of this section for any minor child shall cease when that child becomes 18 years of age or marries. If a fireman who is covered by a provision of this Act dies and leaves a child who is totally disabled as a result of a physical or mental illness, injury, or retardation, that child is entitled to receive any pension allowance to which he is entitled under this Act and is further entitled to continue receiving the allowance so long as he remains totally disabled. If the child is not entitled to a pension allowance under this Act solely because he is over the maximum age at the time of the death of his parent and the child is totally disabled as a result of a physical or mental illness, injury, or retardation, the child is entitled to receive as an allowance that to which he would have been entitled had he been under the maximum age at the time of the death of his parent.

(d) The provisions of this section are not applicable to a fireman or his beneficiaries if the fireman’s death or disability results from suicide or attempted suicide before the fireman has completed two years of service with the fire department for which he was employed.

(e) The wife of a deceased fireman who had served actively for a period of 20 years or more in a regularly active fire department shall, insofar as the provisions of this section are concerned, be considered the fireman’s widow as long as she is not married, notwithstanding that she may have married and divorced or married after the fireman died and she became a widow. A widow covered under this section shall be limited to the pension allowance of the deceased member of this fund, to whom she was last married.

(f) The monthly pension allowance of beneficiaries of a deceased fireman who retired after the effective date of this Act shall have their monthly pension allowances provided for under this section or
Section 11 adjusted annually in accordance with the Consumer Price Index for Urban Wage Earners and Clerical Workers as determined by the United States Department of Labor. The adjusted pension allowance shall never be less than the amount granted the beneficiaries on the death of the member without regard to changes in the consumer price index. The adjusted pension allowance shall never be more than the amount granted the beneficiaries on the death of the member increased by three percent annually notwithstanding a greater increase in the consumer price index.

**Certificates of Disability**

Sec. 8. (a) No person may be retired either for total or temporary disability, except as provided in this Act, nor receive any allowance from the fund, unless and until there has been filed with the board of trustees certificates of his disability or eligibility signed and sworn to by that person and his physician or by any physician selected by the board of trustees. The board of trustees, in its discretion, may require other or additional evidence of disability before ordering retirement or payment.

(b) Any fireman or beneficiary who is entitled to receive a pension allowance under any provision of this Act is entitled to receive the allowance from and after the date on which the fireman ceases to carry out his regular duties as a fireman, notwithstanding the fact that the fireman may remain on the payroll of his fire department or receive sick leave, vacation, or other pay after the termination of his regular duties as a fireman, except that in the event of a delay resulting from the requirements of Subsection (a) of this section, the fireman or beneficiary shall, when the allowance is approved by the board, be paid the full amount of the allowance which has accrued since the termination of the fireman's regular duties as a fireman.

(c) If any fireman or one or more beneficiaries of a fireman shall be or becomes entitled to receive payments from a fund under the provisions of more than one section of this Act, the fireman or beneficiaries shall be entitled to and shall be required to elect one section under which the payments shall be computed and paid.

**Contributions of Members**

Sec. 9. Each fireman who is a member of a fully paid fire department which has a firemen's relief and retirement fund, and who was participating in the firemen's relief and retirement fund of his city on July 22, 1957, shall be required to make the contributions to the fund provided by this Act, and each fireman shall be entitled to participate in the benefits provided by this Act.

The allowance or allowances shall be paid as follows:

(1) If the member dies and leaves surviving him both a widow who married the member prior to his retirement and a child or children of the member under the age of 18 years, the board of trustees shall order paid to the widow of the member a monthly pension allowance equal to one-half of the amount the member would have been entitled to receive, and in addition the board of trustees shall order paid to the widow or other person having the care and custody of the child or children under the age of 18 years a monthly pension allowance, for the use and benefit of the child or children, equal to the amount provided for the widow. If the member leaves no child under the age of 18 years surviving him or if at any time after the death of the member no child is entitled to allowance, the monthly pension allowance to be paid the widow shall equal the full amount the member would have been entitled to receive, except that the allowance to a widow, if no child is entitled to allowance, shall not exceed one-half of the maximum base salary provided for the position of pipeman at the time of the death of the member.

(2) If the member dies and if his widow dies after being entitled to her allowance, or in the event there is no widow to receive an allowance, the amount of the monthly pension allowance to be paid, for the use and benefit of the child or children under the age of 18 years, to the person having the care and custody of the child or children shall be computed as follows: an amount equal to one-half of the amount that member would have been entitled to receive shall be paid for each of the member’s children under the age of 18 years, except that the total monthly pension allowance provided for children shall not exceed the amount which the member would have been entitled to receive, nor shall such allowance for the children exceed one-half of the maximum base salary provided for the position of pipeman at the time of the death of the member.

(b) Allowance or benefits payable under the provisions of this section for any minor child shall cease when the child becomes 18 years of age or marries, except that if a fireman who is covered by a provision of this Act dies and leaves a child who is totally disabled as a result of a physical or mental illness, injury, or retardation, that child is entitled to receive any pension allowance to which he is entitled under this Act and is further entitled to continue receiving the allowance so long as he or she remains totally disabled. If the child is not entitled to a pension allowance under this Act solely because he or she is over the maximum age at the time of the death of his or her parent and the child is totally disabled as a result of a physical or mental illness, injury, or retardation, the child is entitled to receive as an allowance that to which he or she would have been entitled had he or she been under the maximum age at the time of the death of his parent.

Sec. 16. Any retired fireman may be recalled to duty in case of great conflagration and shall perform such duty as the chief of the fire department may direct, but shall have no claim against a city for payment for duty so performed.

Appeal to District Court

Sec. 17. Any person possessing the qualifications required for retirement for length of service or disability or having claim for temporary disability, or any of his beneficiaries, who deems himself aggrieved by the decision or order of the board of trustees, whether because of rejection or the amount allowed, may appeal from the decision or order of the board of a district court in the county where the board is located by giving written notice of the intention to appeal. The notice shall contain a statement of the intention to appeal, together with a brief statement of the grounds and reasons why the party feels aggrieved. The notice shall be served personally on the chairman or secretary or treasurer of the board within 20 days after the date of the order or decision. After service of the notice, the party appealing shall file with the district court a copy of the notice of intention to appeal, together with the affidavit of the party making service showing how, when, and on whom the notice was served. Within 30 days after service of the notice of intention to appeal upon the board, the secretary or treasurer of the board shall make up and file with the district court a transcript of all papers and proceedings in the case before the board and when the copy of the notice of intention to appeal and the transcript has been filed with the court, the appeal shall be deemed perfected and the court shall docket the appeal, assign the appeal a number, fix a date for hearing the appeal, and notify both the appellant and the board of the date fixed for the hearing. At any time before rendering its decision on the appeal, the court may require further or additional proof or information, either documentary or under oath. On rendition of a decision on the appeal, the court shall give to each party to appeal a copy of the decision and shall direct the board as to the disposition of the case. The final decision or order of the district court is appealable in the same manner as are civil cases generally.

Employment of Certified Public Accountants; Audit

Sec. 18. The board of trustees may engage and employ a certified public accountant or firm of certified public accountants to perform an audit of the firemen’s relief and retirement fund at times and intervals as it may deem necessary. The city may pay the entire cost of the audits; if not paid by the city, the cost may be paid from the assets of the fund.
Computation of Length of Service

Sec. 19. In computing the time or period for retirement for length of service, less than one year out of service or any time served in the armed forces of the nation during war or national emergency shall be construed as continuous service, but if out more than one year and less than five years, credit shall be given for prior service but deduction made for the length of time out of service. If out of service more than five years, no previous service shall be counted, except that if a fireman is out of service over five years through no fault of his own and subsequently returns to the department, this period of time shall not be counted against him insofar as his retirement time is concerned.

City Attorney to Represent Board of Trustees in Appeals

Sec. 20. The city attorney, without additional compensation, shall appear for and represent the board of trustees of the fund in that city in all legal matters of litigation.

Investment of Surplus

Sec. 21. (a) Whenever, in the opinion of the board of trustees, there is on hand in the fireman's relief and retirement fund a surplus over and above a reasonably safe amount to take care of current demands upon the fund, the surplus, or so much of the fund as in the judgment of the board is deemed proper, may be invested in bonds or other interest bearing obligations and securities of the United States, the State of Texas, or any county, city, or other political subdivision of the State of Texas; in shares or share accounts of savings and loan associations, where the shares or share accounts are insured under and by virtue of the Federal Savings and Loan Insurance Corporation; in first lien real estate mortgage securities issued by the Federal Housing Administration under the National Housing Act of the United States, as amended from time to time; and in such corporation bonds, preferred stocks, and common stocks as the board may deem to be proper investments for the fund.

(b) In making each and all investments, the board shall exercise the judgment and care under the circumstances then prevailing which men of ordinary prudence, discretion, and intelligence exercise in the management of their own affairs not in regard to speculation but in regard to the permanent disposition of their funds, considering the probable income as well as the probable safety of their capital.

(c) Not more than four percent of the fund shall be invested in corporate securities issued by any one corporation, nor shall more than five percent of the voting stock of any one corporation be owned.

(d) Stocks eligible for purchase shall be restricted to stocks of companies incorporated within the Unit-States which have paid dividends for five consecutive years or longer immediately prior to the date of purchase and which, except for bank stocks and insurance stocks, are listed on an exchange registered with the Securities and Exchange Commission or its successors.

Employment of Counseling Service

Sec. 22. The board of trustees may engage and employ professional investment counselors to advise and assist the board in the investment of the assets of the fund. The investment counseling service must be provided by a nationally known organization whose business functions include rendering continuous investment advisory service to public pension and retirement funds. The city may pay the entire cost of this counseling service; if not paid by the city the cost may be paid from the assets of the fund.

Employment of Actuary

Sec. 23. The board of trustees may employ an actuary no more than once every three years and pay his compensation out of the pension fund.

Action for Recovery of Benefits Wrongfully Obtained

Sec. 24. The board of trustees may recover by civil action from any offending party or from his bondsmen, if any, any money paid out or obtained from the fund through fraud, misrepresentation, defalcation, theft, embezzlement, or misapplication and may institute, conduct, and maintain the action in the name of the board of trustees for the use and benefit of the fund.

Pro Rata Reduction of Benefits on Deficiency

Sec. 25. If for any reason the fund or funds made available for any purpose covered by this Act shall be insufficient to pay in full any allowance or disability benefits, all granted allowances or disability benefits shall be proratably reduced for such time as the deficiency exists.

Termination of Active Service; Allowances and Benefits

Sec. 26. After a fireman terminates his active service, the amounts of all allowances and benefits which the fireman or his beneficiaries may thereafter become entitled to receive from a firemen's relief and retirement fund shall be computed on the basis of the schedule of allowances and benefits in effect for the fireman's relief and retirement fund at the time of the termination of the fireman's active service.

Employment of Attorney

Sec. 27. The board of trustees of the firemen's relief and retirement fund may employ an attorney to render a legal opinion or to represent the trustees in any litigation involving matters coming under this Act.
Sec. 28. The board of trustees of the firemen's relief and retirement fund may employ a physician or physicians to examine firemen prior to their becoming a member of the fund or to examine a fireman applying for a disability pension allowance.

Increase of Monthly Allowance

Sec. 29. The monthly pension benefit or allowance provided by any section of this Act may be increased if:

1. the increase is first approved by a qualified actuary selected by the board of trustees of the firemen's relief and retirement fund; the qualified actuary shall be a Fellow of the Society of Actuaries or a Fellow of the Conference of Actuaries in Public Practice or a Member of the American Academy of Actuaries;

2. a majority of the participating members of the pension fund vote for the increase by a secret ballot;

3. increase applies only to active firemen in the department at the time of the change of the increase and those who enter the department thereafter; and

4. the increase does not deprive a member, without his written consent, of a right to receive benefits which have already become fully vested and matured in a member.

Cities With Full Paid Fire Department; Transfer of Firemen

Sec. 30. (a) A fireman who transfers from the fire department of one city to that of a city covered by this Act and desires to participate in the fund of that city shall:

1. be less than 35 years old;

2. pass a physical examination taken at his expense and performed by a physician selected by the board; and

3. pay into the fund of that city an amount equal to the total contribution he would have made had he been employed by that city instead of the city from which he transferred, plus six percent interest.

(b) The city to which the fireman has transferred shall pay an amount equal to the amount it would have paid had the fireman been employed by that city instead of the city from which he transferred, plus six percent interest.

(c) No fireman may participate in the fund of the city to which he has transferred until he has complied with the provisions of this Act.

(2) The Board shall annually, beginning in 1972, at or before its regular meeting in the month of March, review the Cost of Living Indexes of the United States Bureau of Labor Statistics for the preceding calendar year. If such index should report an increase or decrease during such calendar year in the cost of living as much as three percent (3%) as compared with the Cost of Living Index at the close of the year 1971 (which is hereby declared to be the base index) the Board shall enter its order increasing or decreasing all pension payments by three percent (3%), or more (depending on the amount of increase or decrease) but only by full percentage points closest to the exact amount of such increase or decrease. Such increase or decrease shall be effective retroactively as of the month of January next preceding such March (or earlier) Board meeting and shall continue in effect for at least one full year thereafter, and until there has been an additional increase or decrease of at least three percent (3%) compared to such base figure. Provided, however, that no pension shall ever be decreased below the amount at which it was originally granted, except pursuant to the provisions of Section 15 of this Act. Provided, further, that all pensions granted on or before December 31, 1974, whether granted in compliance herewith or not as to amount are hereby validated and confirmed as to amount.

Art. 6243g. Municipal Pension System in Cities of 1,200,000 or More

Creation of Pension System

Sec. 1. There is hereby created a Municipal Pension System in all cities in this state having a population of one million two hundred thousand (1,200,000) or more according to the last preceding or any future Federal Census.

Pension Board

Sec. 5.

[See Compact Edition, Volume 5 for text of 5(a) to (i)]

(j) The Pension Board shall determine each member’s credited service on the basis of the personnel and financial records of the city and the records of the Pension Board. The Board may permit any member to pay into the Pension Fund and thereby obtain credit for any service with the city for which credit would otherwise be allowable under this amended Act save only for the fact that no contributions were made by such member with respect to such service, or the fact that contributions, although made with respect thereto, were thereafter refunded to such member as a separation allowance and not subsequently repaid. The following provisions shall apply to such payments:

(1) For service during the period September 1, 1943, to May 29, 1967, the employee shall pay a sum computed at the rate of Twelve Dollars ($12) a month, and the city shall pay into the Pension Fund one and one-half (1½) times the amount so paid by the employee.

(2) For service during the period May 29, 1967, to January 5, 1970, the employee shall pay a sum computed at the rate of three percent (3%) of his salary with the minimum payment being Twelve Dollars ($12) a month, and the city shall pay into the Pension Fund one and one-half (1½) times the amount so paid by the employee.

(3) For service during the period January 5, 1970, to September 1, 1971, the employee shall pay a sum computed at the rate of three percent (3%) of his salary with the minimum payment being Twelve Dollars ($12) a month, and the city shall pay into the Pension Fund an amount equal to eleven and one-quarter percent (11¼%) of such salary for the same period of time.

(4) For service during the period September 1, 1971, to January 1, 1976, the employee shall pay a sum computed at the rate of four percent (4%) of his salary, and the city shall pay into the Pension Fund an amount equal to thirteen and one-half percent (13½%) of such salary for the same period of time.

(5) For service on and after January 1, 1976, the employee shall pay a sum computed at the rate of four percent (4%) of his salary, and the city shall pay into the Pension Fund an amount equal to eighteen percent (18%) of such salary for the same period of time.

(6) In addition to the amounts to be paid by the employee as specified above, the employee shall also pay interest on the same amounts at the rate of six percent (6%) per annum from the time the contributions would have been deducted, if made, or the time contributions were refunded as a separation allowance, as the case may be, to the time of repayment of such contributions into the Pension Fund.

[See Compact Edition, Volume 5 for text of 6 and 7]

Contributions by City

Sec. 8. In addition to the payments provided for in the next preceding section, such city shall pay monthly into such Pension Fund, from its general fund or other available source, an amount equal to eighteen percent (18%) of the total of the monthly salaries paid to members for the same period of time, less an amount equal to the total amount of the employer’s part of the payments made by the city for such period of time with respect to such members, to the federal government under the provisions of the Social Security Act and Federal Insurance Contributions Act, it being the intention hereof that the combined total of the payments made by such city, as an employer, with respect to such members, for social security and pension fund purposes shall at all times be eighteen percent (18%) of the total of all salaries paid to all such members.

Surplus: Investment

Sec. 10. (a) Whenever, in the opinion of the said Pension Board, there is on hand in said Pension Fund a surplus over and above a reasonably safe
amount to take care of current demands upon such Funds, such surplus, or so much thereof as in the judgment of the said Pension Board is deemed proper, may be invested in the following:

(1) In bonds or other interest-bearing obligations and securities of the United States, the State of Texas, or any county, city or other political subdivision of the State of Texas;

(2) In first lien real estate mortgage securities insured by the Federal Housing Administration under the National Housing Act of the United States, as amended from time to time; ¹

(3) In such corporation bonds, preferred stocks and common stocks as the Pension Board may deem to be proper investments for said Funds, provided, however, that not more than fifty percent (50%) of said Funds shall be invested at any given time in corporate stocks, nor shall investments in securities issued by any one (1) corporation be more than five percent (5%) of this Fund, nor shall more than five percent (5%) of the voting stock of any one (1) corporation be owned; and provided further, that stocks eligible for purchase shall be restricted to stocks of companies incorporated within the United States which have paid dividends for ten (10) consecutive years or longer immediately prior to the date of purchase and which, except for bank stocks and insurance stocks, are listed upon an exchange registered with the Securities and Exchange Commission or its successors, except that two percent (2%) of the Fund may be invested in common stocks that do not have a ten (10) year dividend record; or

(4) In real property, divided or undivided, whether or not productive or unproductive of income, including, without limitation, investments of undivided interests in real property consisting of beneficial shares or interests in any commingled fund or any commingled trust which is established for the purpose of, and is primarily engaged in, investment in real property, such as, for example, a group or collective investment trust administered and controlled by a bank or trust company; provided that not more than ten percent (10%) of said Fund shall be invested at any given time in such real property.

(b) In making each and all such investments said Pension Board shall exercise the judgment and care under the circumstances then prevailing which men of ordinary prudence, discretion, and intelligence exercise in the management of their own affairs not in regard to speculation but in regard to the permanent disposition of their funds, considering the safety of their capital. The said Board shall have authority to buy and sell any of its authorized investments.

¹ 12 U.S.C.A. § 1701 et seq.
PENSIONS

Art. 6243g

(d) All members who retire under this section or under Section 12 on or after January 1, 1976, shall have their pensions adjusted annually upward or downward in accordance with the Consumer Price Index for Urban Wage Earners and Clerical Workers as determined by the United States Department of Labor. The adjusted pension shall never be less than the basic pension which the retired member would otherwise be entitled to receive without regard to changes in the Consumer Price Index. The adjusted pension shall never be greater than the amount of the retired member's basic pension plus cumulative increases of not to exceed two percent (2%) annually, notwithstanding a greater increase in the Consumer Price Index.

Disability Pensions

Sec. 12.

[See Compact Edition, Volume 5 for text of 12(a) to (c)]

(d) Any member receiving a pension on account of "ordinary" or "accidental disability" shall, each January 1, submit a sworn affidavit stating his earnings, if any, obtained from any gainful occupation. If the earnings together with the pension being received by any member exceed the monthly salary of such member at the time of his separation from service, the Pension Board shall have authority to reduce the amount of pension. Failure to submit an affidavit of earnings or a materially false affidavit shall be cause for suspension of the pension upon proper action by the Pension Board.

No member shall receive payment of a pension under Section 11 and this section at the same time. However, in the event a member already eligible for retirement under Section 11 should retire for disability under this section, and, thereafter, although his disability ceases to exist, he does not return to work for the city, he shall be entitled to continue to receive a pension under Section 11, calculated in accordance with the length of service and the schedule of benefits for Section 11 which would have been applicable at the time of his original retirement for disability.

When any member has been retired for ordinary or accidental disability, he shall be subject at all times to re-examination by the Pension Board and shall submit himself to such further examination as the Pension Board may require. If any member shall refuse to submit himself to any such examination, the Pension Board may, within its discretion, order said payments stopped. If a member who has been retired under the provisions of this Section should thereafter recover so that in the opinion of the Pension Board he is able to perform the usual and customary duties formerly handled by him for said city, and such member is reinstated or tendered reinstatement to the position he had at the time of his retirement, then the Pension Board shall order such pension payments stopped.

Monthly Allowance to Widows and Children

Sec. 13. If any member of the Pension System, as herein defined, shall die from any cause whatsoever after having completed ten (10) years of service with the city, or if, while in the service of the city, any member shall die from any cause growing out of or in consequence of the performance of his duty, or shall die after he has been retired on pension because of length of service or disability and shall leave a surviving widow or widower, or a child or children under the age of eighteen (18) years, or both such widow or widower and child or children, said Board shall order paid monthly allowances as follows:

(a) To the widow or widower, so long as she or he remains a single person and provided she or he shall have married such member prior to her or his retirement, a sum equal to one-half (% of the retirement benefits that the deceased member would have been entitled to had she or he been totally disabled at the time of her or his retirement or death, but the allowance payable to any such widow or widower shall not in any event be less than Fifty Dollars ($50) a month.

(b) To the guardian of each child the sum of Sixteen Dollars ($16) a month until such child reaches the age of eighteen (18) years.

(c) In the event the widow or widower dies after being entitled to her or his allowance as provided, or in the event there be no widow or widower to receive such allowance, the amount to be paid to the guardian of any child or children under the age of eighteen (18) years shall be increased to the sum of Thirty-Two Dollars ($32) a month for each such child; provided, however, that the total allowance to be paid all beneficiaries or dependents, as herein provided, shall not exceed the monthly pension that would have been paid the pensioner had he continued to live and retire on pension at the date of his death. Allowances or benefits payable to any minor child shall cease when such child becomes eighteen (18) years of age or marries, provided that when there are only children to collect a pension as beneficiaries, if at the time the last child reaches eighteen (18) years of age, the amount the employee contributed has not been paid out in pensions, the balance shall be refunded to the children. By the term "guardian," as used herein, shall be meant the surviving widow or widower with whom the child or children reside, or any guard-
ian appointed by law, or the person standing in “loco parentis” to such dependent minor child responsible for his or her care and upbringing.

Termination of Employment; Death; Reemployment

Sec. 16. When any member of such Pension System shall leave the employment of such city, either voluntarily or involuntarily, before becoming eligible for a retirement or disability pension, he shall thereupon cease to be a member of such Pension System, and shall have refunded to him all of the payments made by him into said Pension Fund by way of salary deductions without interest, subject to the following provisos:

(a) If such member has completed twenty-five (25) or more years of service at the time of termination of employment but has not yet attained the age of fifty (50) years he may, by written notice to the Pension Board, make an irrevocable election to leave his contributions in the Pension Fund, in which event he shall, upon reaching the age of fifty (50) years, be entitled to a pension on the basis of the schedule of benefits for retiring members that was in effect at the time of his separation from the service.

(b) If such member has completed twenty (20) or more years of service at the time of termination of employment but has not yet attained the age of fifty-five (55) years he may, by written notice to the Pension Board, make an irrevocable election to leave his contributions in the Pension Fund, in which event he shall, upon reaching the age of fifty-five (55) years, be entitled to a pension on the basis of the schedule of benefits for retiring members that was in effect at the time of his separation from service.

(c) If such member has completed fifteen (15) or more years of service at the time of termination of employment but has not yet attained the age of sixty (60) years he may, by written notice to the Pension Board, make an irrevocable election to leave his contributions in the Pension Fund, in which event he shall, upon reaching the age of sixty (60) years, be entitled to a pension on the basis of the schedule of benefits for retiring members that was in effect at the time of his separation from service.

(d) If, while still employed by the city, whether eligible for a pension or not, a member dies, then, unless the provisions of Section 13 hereof are applicable, all of his rights in the Pension Fund shall be satisfied by the refund to his designated beneficiary, if any, or if none, to his estate, of all the payments theretofore made by him into the Pension Fund by way of employee’s contributions, without interest.

(e) The provisions of Section 13 concerning payments to widows, widowers and children shall apply in the case of any former member who has made the election permitted by (a), (b) or (e), above, and who dies before reaching the age at which he would be entitled to a pension. If there be no surviving widow, widower or children, then all of such member’s rights in the Pension Fund shall be satisfied by the refund to his designated beneficiary if any, or if none, to his estate, of all the payments theretofore made by him into the Pension Fund by way of employee’s contributions, without interest.

(f) It is not the intention of this Amendatory Act to change the status of any former member of the Pension System whose services with the city were terminated under a previous Act. Refunds of contributions above provided for shall be paid such departing member, his beneficiary or estate in a lump sum, but if, in the opinion of the Pension Board, the funds on hand are too low to justify such lump sum payment, said payment shall be refunded on a monthly basis in such amounts as may be determined by the Pension Board.

(g) When a member has left the service of such city, as aforesaid, and has therefore ceased to be a member of such Pension System, if such person shall thereafter be reemployed by the city, he shall thereupon be reinstated as a member of such Pension System, provided he is in good physical and mental condition as evidenced by a written certificate by a duly licensed and practicing physician residing in said city, satisfactory to the Pension Board. Previous service of such member with such city shall not be counted toward his retirement pension unless such member returns to the service of the city within ten (10) years from his separation therefrom and also shall, within three (3) months after his reemployment by the city, repay in one lump sum to such Pension Fund all moneys withdrawn by him upon his separation from the service plus interest thereon at the rate of six percent (6%) a year from the date of such withdrawal. The three (3) months limitation above mentioned is subject, nevertheless, to the Board’s authority as expressed in Section 5(j).

(h) If any member of the pension system, after having made the election permitted by (a), (b) or (c), above, at the time of separation from the service of the city, shall be reemployed by the city before becoming eligible to receive pension benefits, the following provisions shall apply to the computation of the pension due such member upon his subsequent retirement:

1. The portion of such member’s pension attributable to his period of credited service
accrued prior to his making the aforesaid election shall be calculated on the basis of the schedule of benefits for retiring members that was in effect at the time said election was made.

2. The portion of such member’s pension attributable to his period of credited service accrued after his reemployment by the city shall be calculated on the basis of the schedule of benefits for retiring members that is in effect at the time of such subsequent retirement.

[See Compact Edition, Volume 5 for text of 17 to 21]

Sec. 22. Subject to the provisions of Section 17, any former employee of any city now on retirement by such city shall hereafter be paid at the same rate he is now receiving and it is not the intention of this Act to change the status of any member now on Pension by such city. Provided, however, that the minimum pension payable to retired employees shall be One Hundred Dollars ($100) a month, and as to those surviving spouses of former employees, who receive pensions under Section 18 of this Act, the minimum pension shall be Fifty Dollars ($50) a month, it being further provided that this provision shall not apply retroactively to any pension payments previously made to any of such persons.

Art. 6243g-1. Pension System in Cities Over 900,000

[See Compact Edition, Volume 5 for text of 1 to 6]

Art. 6243g-1. Pension System in Cities Over 900,000

Sec. 11. (a) A person who becomes a member of the Pension System on or after the effective date of this amendatory Act and who has been in the service of the city police department for the period of twenty (20) years may retire at the age of fifty (50) years and shall be entitled to a retirement pension of an amount equal to thirty percent (30%) of the base salary provided for the classified position in the police department held by the member, provided that if the member has not held the same classified position for five (5) years prior to the date of retirement, the retirement pension shall be based on the average monthly base salary of the member for five (5) years preceding retirement. Except as provided in Subsection (a-1) of this section, no retirement pension may be paid to a member who has not attained the age of fifty (50) years. Subject to the limitations provided in Subsection (b) of this section, the computation of retirement pension shall include any increase or decrease of the base salary or the average monthly base salary for the classified position or positions on which the member retired even though the increase or decrease occurs after retirement.

(a-1) A person who was a member of the pension system before the effective date of this amendatory Act, may retire regardless of age upon completion of twenty (20) years of service in the city police department and shall be entitled to a retirement pension of an amount equal to thirty percent (30%) of the base salary provided for the classified position in the police department held by the member, provided that if the member has not held the same classified position for five (5) years prior to the date of retirement, the retirement pension shall be based on the average monthly base salary of the member for five (5) years preceding retirement. Subject to the limitations provided in Subsection (b) of this section, the computation of retirement pension shall include any increase or decrease of the base salary or the average monthly base salary for the classified position or positions on which the member retired even though the increase or decrease occurs after retirement.

(b) If a member of the Police Pension System is promoted or appointed to any classified position above the third highest in the personnel classifica-
tion schedule, that member's contribution and retirement benefits will be computed on the base salary of the third highest classified positions in the police department. For the purposes of this Act, the position of Chief of Police shall be considered the highest classified position in the personnel classification schedule in the police department.

(c) Any member of such Pension System who has been in the service of the city police department for a period of years in excess of twenty (20) years, and who retires from the service of the police department, shall, in addition to the thirty percent (30%) of his base salary be paid an additional sum equal to two percent (2%) of his base salary per month for each year of service in the police department in excess of twenty (20) years. For example, a member with twenty-five (25) years' service would be entitled to forty percent (40%); a member with thirty (30) years, fifty percent (50%); etc.

(d) It shall be compulsory for any member to retire from the service of the police department upon attaining the age of sixty-five (65) years. Failure of any member of the Pension System to comply with this provision shall deprive the member and his dependents of any of the benefits provided herein. If at the time of retirement because of maximum age requirements, the member has completed less than twenty (20) years of service, his monthly retirement pension shall be prorated on the basis of one and one-half percent (1\frac{1}{2}%) of the base salary of the classified position of the member per month for each year of service completed. Subject to the limitations provided in Subsection (b) of this section, the computation of retirement pension shall include any increase or decrease of the base salary or the average monthly base salary for the classified position or positions on which the member retired even though the increase or decrease occurs after retirement.

(e) Upon a member's completion of twenty (20) years of service in the police department and thereafter, when such member retires, whether such retirement be voluntary or involuntary, such monthly payment shall begin forthwith and continue for the remainder of the member's life. However, when such member has completed twenty (20) years' service in the police department and if the physicians of the Pension Board agree that the member is physically fit to continue his active duties in the police department, they may so certify, and the member may continue in the service of the city police department until the member attains the age of sixty-five (65) years, at which time his retirement pension shall be computed as hereinbefore stated.

The computation of retirement pension shall include any increase or decrease of the base salary or the average monthly base salary for the classified position or positions on which the member retired, even though the increase or decrease occurs after retirement.

3. Municipality Prior Service Accumulation Fund:

The Municipality Prior Service Accumulation Fund shall be the Fund in which shall be accumulated all prior service contributions made to the Retirement System by the participating municipalities for the purpose of providing the amounts required for payment of prior service annuities; and from which prior service annuities shall be paid to the extent herein provided.

Contributions to and payments from this Fund shall be made as follows:

   (a) All prior service contributions payable by participating municipalities shall be paid into the Municipality Prior Service Accumulation Fund and shall be credited to the accounts of the respective participating municipalities in such Fund.

   (b) All payments under prior service annuities arising from prior service credits, special prior service credits, and antecedent service credits, or updated service credits granted by a participating municipality shall be paid from this Fund and charged to such participating municipality’s account in this Fund subject to the following: the Board shall have the power to reduce proportionately all payments under prior service annuities arising from prior service credits, special prior service credits, and antecedent service credits, or updated service credits granted by any participating municipality, at any time and for such period of time as is necessary so that the payments under such prior service annuities in any year shall not exceed the amounts available in such participating municipality’s account in the Municipality Prior Service Accumulation Fund for payment of prior service annuities in such year.

(c) Whenever, at the end of any year, the amount accumulated in any municipality’s account in the Municipality Prior Service Accumulation Fund shall equal or exceed the reserve required, as of the end of such year, according to calculations made by the actuary and approved by the Board on the basis of mortality and other tables adopted by the Board, to meet all future payments in full under prior service annuities, arising from prior service credits, special prior service credits, and antecedent service credits, or updated service credits granted by such participating municipality, then in effect or to become effective thereafter, then the payment of prior service contributions to the System by such participating municipality shall be discontinued.

Thereafter, should it be determined, according to calculations made by the actuary and approved by the Board on the basis of mortality and other tables adopted by the Board, that the amount to the credit of such participating municipality’s account in the Municipality Prior Service Accumulation Fund at the end of any year is less than the reserve required as of the end of such year to meet all future payments in full under prior service annuities, then in effect or to become effective thereafter arising from prior service credits, special prior service credits, antecedent service credits, or updated service credits granted by such participating municipality, such municipality shall resume payment of Prior Service Contributions, subject to the limitations of Section IV of this Act.

5. Refunds to Certain Municipalities.

Creditable Service

Sec. VI.

[See Compact Edition, Volume 5 for text of VI, 1 to 5]

6. (a) As to employees of municipalities beginning participation in the System prior to January 1, 1976, "Prior Service Credit" shall mean an amount equivalent to the accumulation at interest of a series
of equal monthly payments of ten per cent (10%) of a member’s “average prior service compensation” (not to exceed Three Hundred Dollars ($300.00) per month) for the number of months of prior service certified to in such member’s Prior Service Certificate. Such accumulation shall be at regular interest and on the basis that interest is allowed at the end of each twelve (12) months period and is allowed on the accumulation at the beginning of each such twelve (12) months period and is not to be allowed for parts of a year.

(b) As to employees of municipalities beginning participation in the System on and after January 1, 1976, "Prior Service Credit" shall mean such percentage (any multiple of ten percent (10%) but not exceeding one hundred percent (100%)) of the “Base Prior Service Credit” as may be specified in the participation ordinance adopted by the governing body, condition that it shall first have been determined, according to calculations made by the actuary and approved by the Board, that the municipality has the ability to fund within twenty-five (25) years from date of participation all prior service obligations proposed to be undertaken by the municipality. “Base Prior Service Credit” shall be determined as an amount equivalent to the accumulation at three percent (3%) interest of a series of monthly payments for the number of months of prior service certified to in such member’s Prior Service Certificate. Each monthly payment will be equal to the member’s “average prior service compensation” multiplied by the sum of (1) the member's deposit rate and (2) the member’s deposit rate multiplied by the municipal current service matching ratio.

8. Any member who has terminated a previous membership by withdrawal of then-accumulated deposits while absent from service, may if the municipality with which he is presently employed agrees to underwrite and assumes the obligations therefor and if the member has at least twenty-four (24) consecutive months of creditable service with his present employer since reestablishment of membership, deposit in the System in a lump-sum payment the amount withdrawn, plus a withdrawal charge of five percent (5%) of such amount per annum from the date of withdrawal to the date of redeposit, and shall thereupon be entitled to credit for all service to which he had been entitled at date of termination of the earlier membership, with like effect as if all such service had been performed as an employee of the consenting municipality. The amount so redeposited shall be placed in the member’s individual account in the Employees Saving Fund of the System, but the five percent (5%) per annum charge shall be deposited to the Municipality Current Service Accumulation account of the municipality assuming the municipality's account in the Municipality Prior Service Accumulation Fund shall be charged with the necessary reserves to fund any such prior service credits so granted to the member, and its account in the Municipality Current Service Accumulation Fund shall be charged with the reserves required to provide for funding of any such current service credits so granted to the member. No such granting of credits shall be undertaken by any municipality unless it shall first be determined by the actuary that the granting of such credits by the participating municipality would not impair the ability of the municipality to meet all present and prospective liabilities of the municipality’s account in the Municipality Prior Service Accumulation Fund and in the Municipality Current Service Accumulation Fund, and would not impair the ability of the municipality to provide for payment of prior service annuities or current service annuities.

Benefits

Sec. VII. 1. Service Retirement Eligibility;

[See Compact Edition, Volume 5 for text of VII, 1(a)]

(b) In any participating municipality which hereafter elects to participate in the System, and in those presently participating municipalities which by action of the governing body shall hereafter elect to provide the additional coverage allowed by this paragraph, any member of the System, after one year from the effective date of his membership, shall also be eligible for service retirement who shall have attained the age of fifty (50) years, and shall have completed at least twenty-five (25) years of creditable service in the municipality electing to provide the coverage allowed by this paragraph, and in any such participating municipality as shall have elected to provide the additional coverage allowed by this paragraph, any member who is an employee of such participating municipality at the time of his completion of at least twenty (20) years of creditable service with cities that have granted such vesting who may withdraw from service shall continue to be a member despite the fact that his absence from service may exceed sixty (60) consecutive months, and shall become eligible for service retirement at attainment of a prescribed minimum service retirement age. If it is so elected by a presently participating municipality, and approved by the Board, the amount of additional current service reserves required on account of the increased coverages permitted by this subsection shall be transferred as the effective date of such increased coverages from the municipality's account in the Municipality Prior Service Credit shall be determined as an amount equivalent to the accumulation at three percent (3%) interest of a series of monthly payments for the number of months of prior service certified to in such member’s Prior Service Certificate. Each monthly payment will be equal to the member’s “average prior service compensation” multiplied by the sum of (1) the member's deposit rate and (2) the member’s deposit rate multiplied by the municipal current service matching ratio.

8. Any member who has terminated a previous membership by withdrawal of then-accumulated deposits while absent from service, may if the municipality with which he is presently employed agrees to underwrite and assumes the obligations therefor and if the member has at least twenty-four (24) consecutive months of creditable service with his present employer since reestablishment of membership, deposit in the System in a lump-sum payment the amount withdrawn, plus a withdrawal charge of five percent (5%) of such amount per annum from the date of withdrawal to the date of redeposit, and shall thereupon be entitled to credit for all service to which he had been entitled at date of termination of the earlier membership, with like effect as if all such service had been performed as an employee of the consenting municipality. The amount so redeposited shall be placed in the member’s individual account in the Employees Saving Fund of the System, but the five percent (5%) per annum charge shall be deposited to the Municipality Current Service Accumulation account of the municipality assuming the municipality’s account in the Municipality Prior Service Accumulation Fund shall be charged with the necessary reserves to fund any such prior service credits so granted to the member, and its account in the Municipality Current Service Accumulation Fund shall be charged with the reserves required to provide for funding of any such current service credits so granted to the member. Benefits

Sec. VII. 1. Service Retirement Eligibility;

[See Compact Edition, Volume 5 for text of VII, 1(a)]

(b) In any participating municipality which hereafter elects to participate in the System, and in those presently participating municipalities which by action of the governing body shall hereafter elect to provide the additional coverage allowed by this paragraph, any member of the System, after one year from the effective date of his membership, shall also be eligible for service retirement who shall have attained the age of fifty (50) years, and shall have completed at least twenty-five (25) years of creditable service in the municipality electing to provide the coverage allowed by this paragraph, and in any such participating municipality as shall have elected to provide the additional coverage allowed by this paragraph, any member who is an employee of such participating municipality at the time of his completion of at least twenty (20) years of creditable service with cities that have granted such vesting who may withdraw from service shall continue to be a member despite the fact that his absence from service may exceed sixty (60) consecutive months, and shall become eligible for service retirement at attainment of a prescribed minimum service retirement age. If it is so elected by a presently participating municipality, and approved by the Board, the amount of additional current service reserves required on account of the increased coverages permitted by this subsection shall be transferred as the effective date of such increased coverages from the municipality's account in the Municipality Prior
Service Accumulation Fund to its account in the Municipality Current Service Accumulation Fund. No such transfer shall be authorized, unless it shall be determined, according to calculations made by the actuary, that such transfer would not impair the ability of the municipality to meet all liabilities of the municipality's account in the Municipality Prior Service Accumulation Fund and would not impair the ability of the municipality to provide for payment of prior service annuities.

[See Compact Edition, Volume 5 for text of VII, 1(e) to (e)]

2. Standard Benefit on Service Retirement;
(a) A member who retires upon the basis of service eligibility shall be entitled to receive a “standard service retirement benefit” which shall be an allowance payable in equal monthly installments during the lifetime of the member, and in the event of his death before sixty (60) monthly payments of such benefit have been made, such payments shall continue to be paid to the member's beneficiary until the remainder of the sixty (60) monthly payments have been made. The “standard service retirement benefit” of a member shall consist of (1) a current service benefit which is the actuarial equivalent of his current service annuity reserve, and (2) a prior service benefit to which his Accumulated Prior Service Credit, Accumulated Special Prior Service Credit, and Accumulated Antecedent Service Credit, or to which his Accumulated Updated Service Credit, if any, entitles him under the provisions of this Act.

(b) The current service annuity reserve of the member shall be derived from:

(a) His current service annuity reserve shall be derived from:

Upon the recommendation of the actuary, the Board shall have the power to reduce payments for prior service annuities as provided in Section V of this Act.

7. Requirements and Conditions Applicable to Disability Benefits;

Once each year during the first five (5) years following retirement of a member on a disability retirement allowance, and once in every three-year period thereafter, the Board may, and upon his application shall, require any disability annuitant who has not yet attained the age of sixty (60) years to undergo a medical examination, such examination to be made at the place of residence of said annuitant or any other place mutually agreed upon, by a physician or physicians designated by the Board. Should any disability annuitant who has not yet attained the age of sixty (60) years refuse to submit to at least one (1) medical examination in any such periods by a physician or physicians designated by the Board, his allowance shall be discontinued until his withdrawal of such refusal, and should his refusal continue for one (1) year, all his rights in and to his allowance shall be revoked by the Board.

Optional Provision for Increased Current Service Annuitites

Sec. XIV. Any participating municipality electing to do so may provide for an increased current service annuity reserve at retirement of employees of such municipality, upon the following terms and conditions:

[See Compact Edition, Volume 5 for text of XIV, 1 to 5]

6. The increased rate of contributions authorized hereunder shall only be made effective at the beginning of a calendar year. A municipality beginning participation in the System on or after January 1, 1976, however, may elect to begin participation on the basis of contributing at retirement one hundred fifty percent (150%) or two hundred percent (200%) of its member’s accumulated deposits arising from service during each year such undertaking remains in effect.

7. A participating municipality may revert to current-service contributions on an equal-matching basis, or reduce from two hundred per centum (200%) matching to one hundred fifty per centum (150%) matching of deposits as to any service rendered by its members or after the 1st day of January of the ensuing calendar year after adoption of an ordinance terminating (as to such future service) contributions at the higher percentages allowed under this Section; provided such ordinance shall have been adopted prior to the 1st day of January of the ensuing calendar year.

Optional Provision for Antecedent Service Credits

Sec. XV. Any participating municipality electing to do so may provide for “special prior service credits” to be allowed as to employees of such municipality retiring subsequent to the effective date of the undertaking of the municipality to provide such increased credits, upon the following terms and conditions:

[See Compact Edition, Volume 5 for text of XV, (1) to (6)]

7) No participating municipality may allow special prior service credits after January 1, 1976, but any such credits theretofore allowed shall remain in effect, unless supplanted by Updated Service Credits allowed by such municipality.

Optional Provision for Antecedent Service Credits

Sec. XVI. Subject to the terms and conditions hereinafter stated, any participating municipality electing to do so may undertake to grant antecedent service credit to those persons in its employment at the effective date of the municipality’s election to provide such credit.

[See Compact Edition, Volume 5 for text of XVI, (1) to (8)]

9) No participating municipality may allow Antecedent Service Credits after January 1, 1976, but any such credits theretofore allowed shall continue in effect unless supplanted by Updated Service Credits allowed by such municipality.

Optional Provision for Updated Service Credits

Sec. XVII. (1)(a) Under the conditions hereinafter set forth, any municipality participating in this System prior to January 1, 1975, may provide for each of its members to be granted an “Updated Service Credit” as a substitute for and in lieu of all Prior Service Credits, Special Prior Service Credits and Antecedent Service Credits theretofore allowed such member by reason of service with such municipality, or as a substitute for previously granted Updated Service Credits.

(b) Any municipality beginning participation between January 1, 1975, and December 1, 1975, shall not be eligible to allow Updated Service Credits until it has been a participating municipality in the System for one or more calendar years. Any municipality beginning participation on or after January 1, 1976, shall not be eligible to allow Updated Service Credits until it has been a participating municipality in the System for four or more calendar years.

(2) The governing body by ordinance shall determine whether to grant Updated Service Credits to
members by reason of employment with such municipality, and shall designate the effective date of election of such credits; provided that the date elected shall be the beginning of any calendar year subsequent to the effective date of this section and further provided that the System shall receive the ordinance prior to the effective date of election. Except for the first election to grant Updated Service Credits, the effective date of any such election by a participating municipality must be four or more years subsequent to the effective date of any previous election.

(3) Updated Service Credit shall mean such percentage (any multiple of ten percent (10%) but not exceeding one hundred percent (100%)) of the "Base Updated Service Credit" as the governing body may select; provided, however, that each member shall be entitled as a minimum to an Updated Service Credit that is equal to the total of the member's Accumulated Prior Service Credit, Accumulated Special Prior Service Credit and Accumulated Antecedent Service Credit, or his previously granted Accumulated Updated Service Credit, as of the study date. The study date on which updated service credits are calculated shall be one year prior to the effective date of election of such Updated Service Credits.

(4) "Base Updated Service Credit" shall be determined as the number 1.03 multiplied by the difference by which the amount calculated as provided in (a) below, exceeds the amount calculated as provided in (b) below, and where:

"(a)" is an amount equivalent to the accumulation at three percent (3%) interest of a series of monthly payments for the number of months of creditable service standing to the credit of the member for service to the study date. Each such monthly payment shall be equal to the member's average updated service compensation, as defined below, multiplied by the sum of (1) the member's deposit rate and (2) the member's deposit rate multiplied by the municipal current service matching ratio in effect at the effective date of election. "Average updated service compensation" means the monthly average compensation received by an employee member for the three (3) years immediately preceding the study date; but if there are less than three (3) years of such service, the average shall be computed for the number of months of such service within such thirty-six (36) month period. If an employee member has no service during the three (3) years immediately preceding the study date, then the average shall be computed for the three (3) years, or fraction thereof, of service rendered in the most recent period preceding the study date; and

"(b)" is an amount equal to the sum of: (1) the member's accumulated contributions on the study date subject to a 1 to 1 matching ratio multiplied by 2, and (2) the member's accumulated contributions on the study date subject to a 1.5 to 1 matching ratio multiplied by 2.5, and (3) the member's accumulated contributions on the study date subject to a 2 to 1 matching ratio multiplied by 3.

(5) Municipality liabilities attributable to Updated Service Credits shall be an obligation of the municipality to the Municipality Prior Service Accumulation Fund and shall be paid for by prior service contributions by the participating municipality as provided elsewhere in this statute. The actuary shall annually determine the municipality prior service contribution rate necessary to pay for these liabilities and other liabilities of the municipality to the Municipality Prior Service Accumulation Fund.

(6) No Updated Service Credit shall be permitted, and no provision therefor shall become effective, unless and until the proposal is approved by the Board as conforming to requirements of this Act. The Board shall adopt such rules as it deems necessary to insure that the System receives from the participating municipality such certified information as is required by the actuary in sufficient time to make the necessary studies prior to the effective date of election of Updated Service Credits. The Board shall not approve the allowance of Updated Service Credit by any participating municipality until it shall have been determined (according to calculations made by the Actuary and approved by the Board, on the basis of mortality and other tables adopted by the Board) that (a) all obligations of the Municipality Prior Service Accumulation Fund including those arising from the Updated Service Credits can be funded by the municipality within its maximum total contribution rate by the end of the twenty-fifth year from the latest effective date of election of allowance of Updated Service Credits, or from the latest effective date of increase in annuities to retired members and their beneficiaries, whichever period is longer; and (b) prior service annuities payable thereafter will not result in a probable future depletion of the Municipality's Prior Service Accumulation Fund with the resulting need to reduce prior service annuities payable to retired members.

(7) Accumulated Updated Service Credit shall mean Updated Service Credit accumulated at regular interest from the effective date of election of Updated Service Credits until the effective date of such member's retirement.

(8) Any participating municipality electing to provide Updated Service Credits must also elect on the same date to base member's monthly deposits on the member's total monthly earnings, if not previously so elected.
(9) Any municipality granting Updated Service Credits shall not be eligible to grant Special Prior Service Credits, as defined in Section XV, and Antecedent Service Credits, as defined in Section XVI, subsequent to their date of election of Updated Service Credits.

Optional Increases in Benefits to Persons Drawing Annuities

Sec. XVIII. (1) Subject to the limitations hereinafter set out, any participating municipality may from time to time authorize and provide for increases in the current service annuities and prior service annuities being paid to retired employees and to beneficiaries of deceased employees of such municipality.

(2) The increased benefit shall be ten percent (10%), twenty percent (20%), thirty percent (30%), forty percent (40%), or fifty percent (50%) of the then benefit being paid to such retired member or beneficiary by reason of service performed by such member for the municipality undertaking to grant such increase; and the governing body of the municipality shall by ordinance determine the percentage of increase to be so allowed.

(3) On the effective date of such increased benefits, there shall be transferred out of the participating municipality's account in the Prior Service Accumulation Fund, to the Current Service Annuity Reserve Fund, the amount determined by the actuary as required to fund the increased liabilities attributable to the increases allowed by such municipality in the current service annuities being paid to its retired employees and beneficiaries of deceased employees.

(4) The reserves required to fund increases allowed by such municipality in the prior service annuities being paid to its retired employees and their beneficiaries, shall become a charge against and an chargeable to its account in the Municipality Service Accumulation Fund, including those arising from such liabilities, together with all other liabilities chargeable to its account in the Municipality Prior Service Accumulation Fund, shall be paid for by contributions to said Fund as elsewhere provided in this statute. The actuary shall annually determine the municipality prior service contribution rate necessary to pay for the additional liabilities above, and all other liabilities of the municipality to the Municipality Prior Service Accumulation Fund, within a period of twenty-five (25) years from effective date of latest increases in annuities to retired members and beneficiaries, or from the latest effective date of allowance by the municipality of Updated Service Credits, whichever is later.

(5) The increases in benefits payable to retired employees and their beneficiaries may be made effective January 1, 1976, or on the first day of any year thereafter; provided, that no additional increase in benefits shall be allowed by a participating municipality until four years have elapsed since the effective date of the latest increase in any such benefit.

(6) No increases in benefits being paid to retired members and their beneficiaries shall be permitted, and no provision therefor shall become effective, unless and until the proposal is approved by the Board as conforming to requirements of this Act. The Board shall not approve the allowance by any participating municipality of increases in annuities to retired employees and their beneficiaries, until it shall have been determined (according to calculations made by the Actuary and approved by the Board, on the basis of mortality and other tables adopted by the Board) that (a) all obligations of the municipality in the Municipality Prior Service Accumulation Fund, including those arising from such increased benefits can be funded by the municipality within its maximum total contribution rate by the end of the twenty-fifth year from the effective date of election of such increased benefits or the granting of Updated Service Credits, whichever is later, and (b) prior service annuities payable thereafter will not result in a probable future depletion of the municipality's account in the Municipality Prior Service Accumulation Fund with the resulting need to reduce prior service annuities payable to retired members.

[Amended by Acts 1975, 64th Leg., p. 382, ch. 171, §§ 1 to 16, eff. Sept. 1, 1975.]

Section 17 of the 1975 amendatory act provided: "If any provision of this Act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions of this Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable."

Art. 6243k. Retirement, Disability and Death Benefit Systems for Appointive City or Town Employees

An incorporated city or town may create a retirement, disability, and death benefit system for its appointive officers and employees if a majority of the qualified voters of the city or town voting on the proposition approve the creation at an election called for that purpose. See, now, art. 6252-13a.

Art. 6252-13a. Administrative Procedure and Texas Register Act

Purpose

Sec. 1. It is declared the public policy of this state to afford minimum standards of uniform practice and procedure for state agencies, to provide for public participation in the rulemaking process, to provide adequate and proper public notice of proposed agency rules and agency actions through publication of a state register, and to restate the law of judicial review of agency action.

Short Title

Sec. 2. This Act shall be known and may be cited as the Administrative Procedure and Texas Register Act.

Definitions

Sec. 3. As used in this Act:

(1) "Agency" means any state board, commission, department, or officer having statewide jurisdiction, other than an agency wholly financed by federal funds, the legislature, the courts, the Industrial Accident Board, and institutions of higher education, that makes rules or determines contested cases.

(2) "Contested case" means a proceeding, including but not restricted to ratemaking and licensing, in which the legal rights, duties, or privileges of a party are to be determined by an agency after an opportunity for adjudicative hearing.

(3) "License" includes the whole or part of any agency permit, certificate, approval, registration, or similar form of permission required by law.

(4) "Licensing" includes the agency process respecting the granting, denial, renewal, revocation, suspension, annulment, withdrawal, or amendment of a license.

(5) "Party" means each person or agency named or admitted as a party.

(6) "Person" means any individual, partnership, corporation, association, governmental subdivision, or public or private organization of any character other than an agency.

(7) "Rule" means any agency statement of general applicability that implements, interprets, or describes law or policy, or describes the procedure or practice requirements of an agency. The term includes the amendment or repeal of a prior rule but does not include statements concerning only the internal management or organization of any agency and not affecting private rights or procedures.

(8) "Register" means the Texas Register established by this Act.

Public Information; Adoption of Rules; Availability of Rules and Orders

Sec. 4. (a) In addition to other rulemaking requirements imposed by law, each agency shall:

(1) adopt rules of practice setting forth the nature and requirements of all formal and informal procedures available;

(2) index and make available for public inspection all rules and all other written statements of policy or interpretations formulated, adopted, or used by the agency in the discharge of its functions; and

(3) index and make available for public inspection all final orders, decisions, and opinions.

(b) No agency rule, order, or decision made or issued on or after the effective date of this Act is valid or effective against any person or party, nor may it be invoked by the agency for any purpose, until it has been indexed and made available for public inspection as required by this Act. This provision is not applicable in favor of any person or party who has actual knowledge of the rule, order, or decision.

Procedure for Adoption of Rules

Sec. 5. (a) Prior to the adoption of any rule, an agency shall give at least 30 days' notice of its intended action. Notice of the proposed rule shall
be filed with the secretary of state and published by the secretary of state in the Texas Register. The notice must include:

(1) a brief explanation of the proposed rule;
(2) the text of the proposed rule, except any portion omitted as provided in Section 6(c) of this Act, prepared in a manner to indicate the words to be added or deleted from the current text, if any;
(3) a statement of the statutory or other authority under which the rule is proposed to be promulgated;
(4) a request for comments on the proposed rule from any interested person; and
(5) any other statement required by law.

(b) Each notice of a proposed rule becomes effective as notice when published in the register. The notice shall be mailed to all persons who have made timely written requests of the agency for advance notice of its rulemaking proceedings. However, failure to mail the notice does not invalidate any actions taken or rules adopted.

(c) Prior to the adoption of any rule, an agency shall afford all interested persons reasonable opportunity to submit data, views, or arguments, orally or in writing. In the case of substantive rules, opportunity for public hearing must be granted if requested by at least 25 persons, by a governmental subdivision or agency, or by an association having at least 25 members. The agency shall consider fully all written and oral submissions concerning the proposed rule. On adoption of a rule, the agency, if requested to do so by an interested person either prior to adoption or within 30 days after adoption, shall issue a concise statement of the principal reasons for and against its adoption, incorporating in the statement its reasons for overruling the considerations urged against its adoption.

(d) If an agency finds that an imminent peril to the public health, safety, or welfare requires adoption of a rule on fewer than 30 days' notice and states in writing its reasons for that finding, it may proceed without prior notice or hearing or on any abbreviated notice and hearing that it finds practicable to adopt an emergency rule. The rule may be effective for a period of not longer than 120 days renewable once for a period not exceeding 60 days, but the adoption of an identical rule under Subsections (a) and (e) of this section is not precluded. An emergency rule adopted under the provisions of this subsection, and the agency's written reasons for the adoption, shall be filed in the office of the secretary of state for publication in the Texas Register.

(e) No rule hereafter adopted is valid unless adopted in substantial compliance with this section. A proceeding to contest any rule on the ground of noncompliance with the procedural requirements of this section must be commenced within two years after the effective date of the rule.

(f) An agency may use informal conferences and consultations as means of obtaining the viewpoints and advice of interested persons concerning contemplated rulemaking. Each agency is authorized to appoint committees of experts or interested persons or representatives of the general public to advise it with respect to any contemplated rulemaking. The powers of these committees are advisory only.

Creation of Texas Register

Sec. 6. (a) The secretary of state shall compile, index, and publish a publication to be known as the Texas Register, which shall contain:

(1) notices of proposed rules issued after the effective date of this Act and filed in the office of the secretary of state as provided in Section 5 of this Act;
(2) the text of rules adopted after the effective date of this Act and filed in the office of the secretary of state;
(3) notices of open meetings issued after the effective date of this Act and filed in the office of the secretary of state as provided by law;
(4) executive orders issued by the governor after the effective date of this Act;
(5) summaries of requests made after the effective date of this Act for opinions of the attorney general, which shall be prepared by the attorney general and forwarded to the secretary of state;
(6) summaries of opinions of the attorney general issued after the effective date of this Act, which shall be prepared by the attorney general and forwarded to the secretary of state; and
(7) other information of general interest to the public of Texas, which may include, but is not limited to, federal legislation or regulations affecting the state or state agencies and state agency organizational and personnel changes.

(b) The secretary of state shall publish the register at regular intervals, but not less than 100 times each calendar year.

(c) The secretary of state may omit from the register any information the publication of which he deems cumbersome, expensive, or otherwise inexpedient, if the information is made available in printed or processed form by the adopting agency on application for it, and if the register contains a notice stating the general subject matter of the information and the manner in which a copy of it may be obtained.
(d) One copy of each issue of the register shall be made available free on request to each board, commission, and department having statewide jurisdiction, to the governor, to the lieutenant governor, to the attorney general, to each member of the legislature, to each county clerk in the state, and to the supreme court, court of criminal appeals, and each court of civil appeals.

(e) The secretary of state shall make copies of the register available to other persons on payment of reasonable fees to be fixed by the secretary of state.

Filing of Existing Documents

Sec. 7. Before March 1, 1976, each agency shall file in the office of the secretary of state two certified copies of each rule existing on the effective date of this Act. Existing rules become effective immediately on filing with the secretary of state.

Filing Procedures

Sec. 8. (a) Each agency shall file a document for publication in the Texas Register by delivering to the office of the secretary of state during normal working hours two certified copies of the document to be filed. On receipt of a document required by this Act to be filed in the office of the secretary of state and published in the register, the secretary of state shall note the day and hour of filing on the certified copies. One certified copy of each filed document must be maintained in original form or on microfilm in a permanent register in the office of the secretary of state and, on filing, shall be made available immediately for public inspection during regular business hours.

(b) If there is a conflict, the official text of a rule is the text on file with the secretary of state, and not the text published in the register or on file with the issuing agency.

(c) The secretary of state may promulgate rules to insure the effective administration of this Act. The rules may include, but are not limited to, rules prescribing paper size and the format of documents required to be filed by this Act. The secretary of state may refuse to accept for filing and publication any document that does not substantially conform to the promulgated rules.

(d) The secretary of state may maintain on microfilm the files of agency rules and any other information required by this Act to be published in the register and, after microfilming, destroy the original copies of all information submitted for publication.

Tables of Contents; Certification; Liaison

Sec. 9. (a) Each issue of the register must contain a table of contents.

(b) A cumulative index to all information required by this Act to be published during the previous year shall be published at least once each year.

(c) Each document submitted to the secretary of state for filing or publication as provided in this Act must be certified by an official of the submitting agency authorized to certify documents of that agency.

(d) Each agency shall designate at least one individual to act as a liaison through whom all required documents may be submitted to the secretary of state for filing and publication.

Effect of Filing

Sec. 10. (a) Each rule hereafter adopted becomes effective 20 days after the filing of two certified copies in the office of the secretary of state, except that:

(1) if a later date is required by statute or specified in the rule, the later date is the effective date; and

(2) subject to applicable constitutional or statutory provisions, an emergency rule becomes effective immediately on filing with the secretary of state, or on a stated date less than 20 days thereafter, if the agency finds that this effective date is necessary because of imminent peril to the public health, safety, or welfare; and

(3) if a federal statute or regulation requires that an agency implement a rule by a certain date, the rule is effective on the prescribed date.

(b) An agency finding, as described in Subsection (a)(2) of this section, and a brief statement of the reasons for it, shall be filed with the rule. The agency shall take appropriate measures to make emergency rules known to persons who may be affected by them.

(c) A rule adopted as provided in Subsection (a)(3) of this section shall be filed in the office of the secretary of state and published in the register.

Petition for Adoption of Rules

Sec. 11. Any interested person may petition an agency requesting the adoption of a rule. Each agency shall prescribe by rule the form for petitions and the procedure for their submission, consideration, and disposition. Within 60 days after submission of a petition, the agency either shall deny the petition in writing, stating its reasons for the denial, or shall initiate rulemaking proceedings in accordance with Section 5 of this Act.

Declaratory Judgment on Validity or Applicability of Rules

Sec. 12. The validity or applicability of any rule, including an emergency rule adopted under Section
5(d) of this Act, may be determined in an action for declaratory judgment in a district court of Travis County, and not elsewhere, if it is alleged that the rule, or its threatened application, interferes with or impairs, or threatens to interfere with or impair, the legal rights or privileges of the plaintiff. The agency must be made a party to the action. A declaratory judgment may be rendered whether the plaintiff has requested the agency to pass on the validity or applicability of the rule in question. However, no proceeding brought under this section may be used to delay or stay a hearing after notice of hearing has been given if a suspension, revocation, or cancellation of a license by an agency is at issue before the agency.

Contested Cases; Notice; Hearings; Records

Sec. 13. (a) In a contested case, all parties must be afforded an opportunity for hearing after reasonable notice of not less than 10 days.

(b) The notice must include:

(1) a statement of time, place, and nature of the hearing;
(2) a statement of the legal authority and jurisdiction under which the hearing is to be held;
(3) a reference to the particular sections of the statutes and rules involved; and
(4) a short and plain statement of the matters asserted.

(c) If the agency or other party is unable to state the matters in detail at the time the notice is served, the initial notice may be limited to a statement of the issues involved. Thereafter, on timely written application, a more definite and detailed statement must be furnished not less than three days prior to the date set for the hearing.

(d) Opportunity must be afforded all parties to respond and present evidence and argument on all issues involved.

(e) Unless precluded by law, informal disposition may be made of any contested case by stipulation, agreed settlement, consent order, or default.

(f) The record in a contested case includes:

(1) all pleadings, motions, and intermediate rulings;
(2) evidence received or considered;
(3) a statement of matters officially noticed;
(4) questions and offers of proof, objections, and rulings of them;
(5) proposed findings and exceptions;
(6) any decision, opinion, or report by the officer presiding at the hearing; and
(7) all staff memoranda or data submitted to or considered by the hearing officer or members of the agency who are involved in making the decision.

(g) Proceedings, or any part of them, must be transcribed on written request of any party. The agency may pay the cost of the transcript or assess the cost to one or more parties. This Act does not limit an agency to a stenographic record of proceedings.

(h) Findings of fact must be based exclusively on the evidence and on matters officially noticed.

Rules of Evidence, Official Notice

Sec. 14. (a) In contested cases, irrelevant, immaterial, or unduly repetitious evidence shall be excluded. The rules of evidence as applied in nonjury civil cases in the district courts of this state shall be followed. When necessary to ascertain facts not reasonably susceptible of proof under those rules, evidence not admissible thereunder may be admitted, except where precluded by statute, if it is of a type commonly relied upon by reasonably prudent men in the conduct of their affairs. Agencies shall give effect to the rules of privilege recognized by law. Objections to evidentiary offers may be made and shall be noted in the record. Subject to these requirements, if a hearing will be expedited and the interests of the parties will not be prejudiced substantially, any part of the evidence may be received in written form.

(b) In connection with any contested case held under the provisions of this Act, an agency may swear witnesses and take their testimony under oath.

(c) On its own motion or on the written request of any party to a contested case pending before it, on a showing of good cause, and on deposit of sums that will reasonably insure payment of the amounts estimated to accrue under Subsections (f)(1) and (2) of this section, an agency shall issue a subpoena addressed to the sheriff or any constable to require the attendance of witnesses and the production of books, records, papers, or other objects as may be necessary and proper for the purposes of the proceedings.

(d) On its own motion or on the written request of any party to a contested case pending before it, on a showing of good cause, and on deposit of sums that will reasonably insure payment of the amounts estimated to accrue under Subsections (f)(1) and (2) of this section, an agency shall issue a commission, addressed to the several officers authorized by statute to take depositions, to require that the deposition of a witness be taken, which commission shall authorize the issuance of any subpoenas necessary to require that the witness appear and produce, at the time the deposition is taken, books, records, papers, or other objects as may be necessary and proper for the purposes of the proceeding. The deposition of a
member of an agency board may not be taken after a date has been set for hearing.

(e) The place of taking the depositions shall be in the county of the witness’ residence, or where the witness is employed or regularly transacts business in person. The commission shall authorize and require the officer or officers to whom it is addressed, or either of them, to examine the witness before him on the date and at the place named in the commission and to take answers under oath to questions which may be propounded to the witness by the parties to the proceeding, the agency, or the attorneys for the parties or the agency. The commission shall require the witness to remain in attendance from day to day until the deposition is begun and completed.

(f) The witness shall be carefully examined, the testimony shall be reduced to writing or typewriting by the officer taking the deposition, or by some person under the officer’s personal supervision, or by the deponent in the officer’s presence, and by no other person, and shall, after it has been reduced to writing or typewriting, be subscribed by the deponent.

(g) The officer taking the oral deposition may not sustain objections to any of the testimony taken, or exclude any of it, and any of the parties or attorneys engaged in taking testimony have their objections reserved for the action of the agency before which the matter is pending. The administrator or other officer conducting the hearing is not confined to objections made at the taking of the testimony.

(h) When the testimony is fully transcribed, the deposition shall be submitted to the witness for examination and read to or by the witness, unless the examination and reading are waived by the witness and by the parties in writing. However, if the witness is a party to the contested case pending before the agency with an attorney of record, the deposition officer shall notify the attorney of record in writing by registered mail or certified mail that the deposition is ready for examination and reading at the office of the deposition officer, and if the witness does not appear and examine, read, and sign the deposition within 20 days after the mailing of the notice, the deposition shall be returned as provided in this Act for unsigned depositions. In any event, the witness must sign the deposition at least three days prior to the hearing, or it shall be returned as provided in this Act for unsigned depositions. Any changes in form or substance which the witness desires to make shall be entered on the deposition by the officer with a statement of the reasons given by the witness for making them. The deposition shall then be signed by the witness, unless the parties present at the taking of the deposition by stipulation waive the signing or the witness is ill, cannot be found, or refuses to sign. If the deposition is not signed by the witness, the officer shall sign it and state on the record the fact of the waiver, illness, or absence of the witness or the fact of the refusal to sign, together with the reason, if any, given for failure to sign. The deposition may then be used as fully as though signed.

(i) A deposition may be returned to the agency before which the contested case is pending either by mail, or by a party interested in taking the deposition, or by any other person. If returned by mail, the agency shall endorse on the deposition that it was received from the post office and shall cause the agency employee so receiving the deposition to sign it. If not sent by mail, the person delivering it to the agency shall make affidavit before the agency that he received it from the hands of the officer before whom it was taken, that it has not been out of his possession since, and that it has undergone no alteration.

(j) A deposition, after being filed with the agency, may be opened by any employee of the agency at the request of either party or his counsel. The employee shall endorse on the deposition on what day and at whose request it was opened, signing the deposition, and it shall remain on file with the agency for the inspection of any party.

(k) Regardless of whether cross interrogatories have been propounded, any party is entitled to use the deposition in the contested case pending before the agency.

(l) A witness or deponent who is not a party and who is subpoenaed or otherwise compelled to attend any hearing or proceeding to give a deposition or to produce books, records, papers, or other objects that may be necessary and proper for the purposes of the proceeding under the authority of this section is entitled to receive:

(1) Mileage of 10 cents a mile, or a greater amount as prescribed by agency rule, for going to, and returning from the place of the hearing or the place where the deposition is taken, if the place is more than 25 miles from the person's place of residence; and

(2) A fee of $10 a day, or a greater amount as prescribed by agency rule, for each day or part of a day the person is necessarily present as a witness or deponent.

(m) Mileage and fees to which a witness is entitled under this section shall be paid by the party or agency at whose request the witness appears or the deposition is taken, on presentation of proper vouchers sworn by the witness and approved by the agency.

(n) In the case of failure of a person to comply with a subpoena or commission issued under the authority of this Act, the agency issuing the subpoena or commission, acting through the attorney agen-
eral, or the party requesting the subpoena or commis-
sion, may bring suit to enforce the subpoena or com-
mision in a district court in Travis County. The
court, if it determines that good cause exists for the
issuance of the subpoena or commission, shall order
compliance with the requirements of the subpoena
or commission. Failure to obey the order of the
court may be punished by the court as contempt.

(o) In contested cases, documentary evidence may
be received in the form of copies or excerpts if the
original is not readily available. On request, parties
shall be given an opportunity to compare the copy
with the original.

(p) In contested cases, a party may conduct cross-
examinations required for a full and true disclosure
of the facts.

(q) In connection with any hearing held under the
provisions of this Act, official notice may be taken of
all facts judicially cognizable. In addition, notice
may be taken of generally recognized facts within
the area of the agency's specialized knowledge.
Parties shall be notified either before or during the
hearing, or by reference in preliminary reports or
otherwise, of the material officially noticed, includ-
ing any staff memoranda or data, and they must be
afforded an opportunity to contest the material so
noticed. The special skills or knowledge of the
agency and its staff may be utilized in evaluating
the evidence.

(r) In contested cases, all parties are entitled to
the assistance of their counsel before administrative
agencies. This right may be expressly waived.

Examination of Record by Agency

Sec. 15. If in a contested case a majority of the
officials of the agency who are to render the final
decision have not heard the case or read the record,
the decision, if adverse to a party to the proceeding
other than the agency itself, may not be made until
a proposal for decision is served on the parties, and
an opportunity is afforded to each party adversely
affected to file exceptions and present briefs to the
officials who are to render the decision. The propos-
al for decision must contain a statement of the
reasons for the proposed decision and of each finding
of fact and conclusion of law necessary to the pro-
posed decision, prepared by the person who conduct-
ed the hearing or by one who has read the record.
The parties by written stipulation may waive com-
pliance with this section.

Decisions and Orders

Sec. 16. (a) A final decision or order adverse to a
party in a contested case must be in writing or
stated in the record.

(b) A final decision must include findings of fact
and conclusions of law, separately stated. Findings
of fact, if set forth in statutory language, must be
accompanied by a concise and explicit statement of
the underlying facts supporting the findings. If, in
accordance with agency rules, a party submitted
proposed findings of fact, the decision shall include a
ruling on each proposed finding. Parties shall be
notified either personally or by mail of any decision
or order. On written request, a copy of the decision
or order shall be delivered or mailed to any party
and to his attorney of record.

(c) A decision is final, in the absence of a timely
motion for rehearing, on the expiration of the period
for filing a motion for rehearing, and is final and
appealable on the date of rendition of the order
overruling the motion for rehearing, or on the date
the motion is overruled by operation of law. If an
agency board includes a member who (1) receives no
salary for his work as a board member and who (2)
resides outside Travis County, the board may rule on
a motion for rehearing at a meeting or by mail,
telephone, telegraph, or other suitable means of
communication. If an agency finds that an immi-
nent peril to the public health, safety, or welfare
requires immediate effect of a final decision or order
in a contested case, it shall recite the finding in the
decision or order as well as the fact that the decision
or order is final and effective on the date rendered,
in which event the decision or order is final and
appealable on the date rendered and no motion for
rehearing is required as a prerequisite for appeal.

(d) The final decision or order must be rendered
within 60 days after the date the hearing is finally
closed. In a contested case heard by other than a
majority of the officials of an agency, the agency
may prescribe a longer period of time within which
the final order or decision of the agency shall be
issued. The extension, if so prescribed, shall be
announced at the conclusion of the hearing.

(e) Except as provided in Subsection (c) of this
section, a motion for rehearing is a prerequisite
in an appeal. A motion for rehearing must be filed
within 15 days after the date of rendition of a final
decision or order. Replies to a motion for rehearing
must be filed with the agency within 25 days after
the date of rendition of the final decision or order,
and agency action on the motion must be taken
within 45 days after the date of rendition of the
final decision or order. If agency action is not taken
within the 45-day period, the motion for rehearing is
overruled by operation of law 45 days after the date
of rendition of the final decision or order. The
agency may by written order extend the period of
time for filing the motions and replies and taking
agency action, except that an extension may not
extend the period for agency action beyond 90 days
after the date of rendition of the final decision or
order. In the event of an extension, the motion for
rehearing is overruled by operation of law on the
date fixed by the order, or in the absence of a fixed date, 90 days after the date of the final decision or order.

(f) The parties may by agreement with the approval of the agency provide for a modification of the times provided in this section.

Ex Parte Consultations

Sec. 17. Unless required for the disposition of ex parte matters authorized by law, members or employees of an agency assigned to render a decision or to make findings of fact and conclusions of law in a contested case may not communicate, directly or indirectly, in connection with any issue of fact or law with any party or his representative, except on notice and opportunity for all parties to participate.

Licenses

Sec. 18. (a) When the grant, denial, or renewal of a license is required to be preceded by notice and opportunity for hearing, the provisions of this Act concerning contested cases apply.

(b) When a licensee has made timely and sufficient application for the renewal of a license or a new license for any activity of a continuing nature, the existing license does not expire until the application has been finally determined by the agency, and in case the application is denied or the terms of the new license limited, until the last day for seeking review of the agency order or a later date fixed by order of the reviewing court.

(c) No revocation, suspension, annulment, or withdrawal of any license is effective unless, prior to the institution of agency proceedings, the agency gave notice by personal service or by registered or certified mail to the licensee of facts or conduct alleged to warrant the intended action, and the licensee was given an opportunity to show compliance with all requirements of law for the retention of the license.

Judicial Review of Contested Cases

Sec. 19. (a) A person who has exhausted all administrative remedies available within the agency and who is aggrieved by a final decision in a contested case is entitled to judicial review under this Act. This section is cumulative of other means of redress provided by statute.

(b) Proceedings for review are instituted by filing a petition within 30 days after the decision complained of is final and appealable. Unless otherwise provided by statute:

(1) the petition is filed in a District Court of Travis County, Texas;

(2) a copy of the petition must be served on the agency and all parties of record in the proceedings before the agency; and

(3) the filing of the petition vacates an agency decision for which trial de novo is the manner of review authorized by law, but does not affect the enforcement of an agency decision for which another manner of review is authorized.

(c) If the manner of review authorized by law for the decision complained of is by trial de novo, the reviewing court shall try all issues of fact and law in the manner applicable to other civil suits in this state but may not admit in evidence the fact of prior agency action or the nature of that action (except to the limited extent necessary to show compliance with statutory provisions which vest jurisdiction in the court). Any party to a trial de novo review may have, on demand, a jury determination of all issues of fact on which such a determination could be had in other civil suits in this state.

(d) If the manner of review authorized by law for the decision complained of is other than by trial de novo:

(1) after service of the petition on the agency, and within the time permitted for filing an answer (or such additional time as may be allowed by the court), the agency shall transmit to the reviewing court the original or a certified copy of the entire record of the proceeding under review. By stipulation of all parties to the review proceedings, the record may be shortened. A party unreasonably refusing to stipulate to limit the record may be taxed by the court for the additional costs. The court may require or permit subsequent corrections or additions to the record;

(2) any party may apply to the court for leave to present additional evidence and the court, if it is satisfied that the additional evidence is material and that there were good reasons for the failure to present it in the proceeding before the agency, may order that the additional evidence be taken before the agency on conditions determined by the court. The agency may modify its findings and decision by reason of the additional evidence and shall file such evidence and any modifications, new findings, or decisions with the reviewing court;

(3) the review is conducted by the court sitting without a jury and is confined to the record, except that the court may receive evidence of procedural irregularities alleged to have occurred before the agency but which are not reflected in the record.

(e) The scope of judicial review of agency decisions is as provided by the law under which review is sought. Where the law authorizes appeal by trial de novo, the courts shall try the case in the manner applicable to other civil suits in this state and as though there had been no intervening agency action or decision. Where the law authorizes review under
the substantial evidence rule, or where the law does not define the scope of judicial review, the court may not substitute its judgment for that of the agency as to the weight of the evidence on questions committed to agency discretion but may affirm the decision of the agency in whole or in part and shall reverse or remand the case for further proceedings if substantial rights of the appellant have been prejudiced because the administrative findings, inferences, conclusions, or decisions are:

1. in violation of constitutional or statutory provisions;
2. in excess of the statutory authority of the agency;
3. made upon unlawful procedure;
4. affected by other error of law;
5. not reasonably supported by substantial evidence in view of the reliable and probative evidence in the record as a whole; or
6. arbitrary or capricious or characterized by abuse of discretion or clearly unwarranted exercise of discretion.

Appeals

Sec. 20. Appeals from any final judgment of the district court may be taken by any party in the manner provided for in civil actions generally, but no appeal bond may be required of an agency.

Exceptions

Sec. 21. (a) This Act does not apply to suspensions of driver's licenses as authorized in Article IV, Chapter 173, Acts of the 47th Legislature, Regular Session, 1941, as amended (Article 6687b, Vernon's Texas Civil Statutes).

(b) Sections 12 through 20 of this Act do not apply to the granting, payment, denial, or withdrawal of financial or medical assistance or benefits under service programs of the State Department of Public Welfare.

(c) Sections 12 through 20 of this Act do not apply to the Texas Department of Mental Health and Mental Retardation in the allocation of grants-in-aid by the department to mental health and mental retardation services provided by community centers.

Repeal of Conflicting Laws

Sec. 22. Chapter 274, Acts of the 57th Legislature, Regular Session, 1961, as amended (Article 6252–13, Vernon's Texas Civil Statutes), and all other laws and parts of laws in conflict with this Act are repealed. This Act does not repeal any existing statutory provisions conferring investigatory authority on any agency, including any provision which grants an agency the power, in connection with investigatory authority, to take depositions, administer oaths or affirmations, examine witnesses, receive evidence, conduct hearings, or issue subpoenas or summons.

Effective Date

Sec. 23. This Act takes effect on January 1, 1976.

The political subdivision which adopts this formal procedure shall have authority to promulgate rules and regulations to effectuate the purpose of this Act.

(c) If a political subdivision establishes a formal procedure in compliance with this section, the deferral officer designated in the procedure shall become the appropriate local official for purposes of receiving the notice as set out in Section 4 of this Act.
Art. 6252-17. Prohibition on Governmental Bodies
From Holding Meetings Which are
Closed to the Public

In case of emergency or urgent public necessity, which shall be expressed in the notice, it shall be sufficient if the notice is posted two hours before the meeting is convened. Provided further, that where a meeting has been called with notice thereof posted in accordance with this subsection, additional subjects may be added to the agenda for such meeting by posting a supplemental notice, in which the emergency or urgent public necessity requiring consideration of such additional subjects is expressed. In the event of an emergency meeting, or in the event any subject is added to the agenda in a supplemental notice posted for a meeting other than an emergency meeting, it shall be sufficient if the notice or supplemental notice is posted two hours before the meeting is convened, and the presiding officer or the member calling such emergency meeting or posting supplemental notice to the agenda for any other meeting shall, if request therefor containing all pertinent information has previously been filed at the headquarters of the governmental body, give notice by telephone or telegraph to any news media requesting such notice and consenting to pay any and all expenses incurred by the governmental body in providing such special notice. The notice provisions for legislative committee meetings shall be as provided by the rules of the house and senate.

The commission of a single such act by a person required to be licensed under this Act and not so licensed shall constitute a violation of this Act.

Sec. 5. (a) The administration of the provisions of this Act is vested in a commission, to be known as the “Texas Real Estate Commission,” consisting of six members to be appointed by the governor with the advice and consent of two-thirds of the senate present. The commissioners hold office for six years or until their successors are appointed and have qualified. Within 15 days after their appointments, they shall qualify by taking the constitutional oath of office and furnishing a bond payable to the Governor of Texas in the penal sum of $10,000, conditional on the faithful performance of their duties as prescribed by law. A vacancy for any cause shall be filled by the governor for the unexpired term. The members of the commission in office at the effective date of this Act shall constitute the commission and shall continue in office until the 5th day of October of the years in which their respective terms expire, or until their successors are appointed and have qualified. At a regular meeting in October of each year, the commission shall elect from its own membership a chairman, vice-chairman, and secretary. A quorum of the commission consists of four members.

(b) All members, officers, employees, and agents of the commission are subject to the code of ethics and standards of conduct imposed by Chapter 421, Acts of the 63rd Legislature, Regular Session, 1973 (Article 6252-9b, Vernon’s Texas Civil Statutes).

(c) Each member of the commission shall be a citizen of Texas and a qualified voter, and shall have been engaged in the real estate brokerage business as a licensed real estate broker as his major occupation for at least five years next preceding his appointment.

(d) Each member of the commission shall receive as compensation for each day actually spent on his official duties the sum of $50 and his actual and necessary expenses incurred in the performance of his official duties.

(e) The commission shall have the authority and power to make and enforce all rules and regulations necessary for the performance of its duties, to establish standards of conduct and ethics for its licensees in keeping with the purposes and intent of this Act or to insure compliance with the provisions of this Act. In addition to any other action, proceeding, or remedy authorized by law, the commission shall have the right to institute an action in its own name to enjoin any violation of any provision of this Act or any rule or regulation of the commission and in order for the commission to sustain such action it shall not be necessary to allege or prove, either than an adequate remedy at law does not exist, or that substantial or irreparable damage would result from the continued violation thereof. Either party to such action may appeal to the appellate court having
jurisdiction of said cause. The commission shall not be required to give any appeal bond in any action or proceeding to enforce the provisions of this Act.

(f) The commission is empowered to select and name an administrator, who shall also act as executive secretary, and to select and employ such other subordinate officers and employees as are necessary to administer this Act. The salaries of the administrator and the officers and employees shall be fixed by the commission not to exceed such amounts as are fixed by the applicable general appropriations bill. The commission may designate a subordinate officer as assistant administrator who shall be authorized to act for the administrator in his absence.

(g) When in this Act a power, right, or duty is conferred on the commission, the power, right, or duty shall be exercised by the administrator or by the assistant administrator, unless the commission directs otherwise by an order entered in the minutes of a commission meeting; and in such case, the power, right, or duty shall rest in or on the commission. Service of process on the administrator or assistant administrator shall be service of process on the commission. Reports, notices, applications, or instruments of any kind required to be filed with the commission shall be considered filed with the commission if filed with the administrator or assistant administrator. A decision, order, or act of the commission referred to in this Act, other than an order of the commission relative to the administrator or his powers, rights, or duties, means and includes an order, decision, or act of the administrator or of the assistant administrator when duly acting for the administrator. Where the commission is authorized in this Act to delegate authority or to designate agents, the administrator, or the assistant administrator when duly acting for the administrator, shall have the right and the power to delegate authority and designate agents, unless the commission shall enter its order in the minutes of a commission meeting directing otherwise. The administrator, or the assistant administrator when duly acting for the administrator, shall act as manager, secretary, and custodian of all records, unless the commission shall otherwise order, and each shall devote his entire time to his office.

(h) The commission shall adopt a seal of a design which it shall prescribe. Copies of all records and papers in the office of the commission, duly certified and authenticated by the seal of the commission, shall be received in evidence in all courts with like effect as the original.

(i) Except as provided in Subsection (j) of this section, all money derived from fees, assessments, or charges under this Act, shall be paid by the commission into the State Treasury for safekeeping, and shall be placed by the State Treasurer in a separate fund to be available for the use of the commission in the administration of this Act on requisition by the commission. A necessary amount of the money so paid into the State Treasury is hereby specifically appropriated to the commission for the purpose of paying the salaries and expenses necessary and proper for the administration of this Act, including equipment and maintenance of supplies for the offices or quarters occupied by the commission, and necessary travel expenses for the commission or persons authorized to act for it when performing duties under this Act. At the end of the state fiscal year, any unused portion of the funds in the special account, except such funds as may be appropriated to administer this Act pending receipt of additional revenues available for that purpose, shall be paid into the General Revenue Fund. The comptroller shall, on requisition of the commission, draw warrants from time to time on the State Treasurer for the amount specified in the requisition, not exceeding, however, the amount in the fund at the time of making a requisition. However, all money expended in the administration of this Act shall be specified and determined by itemized appropriation in the general departmental appropriation bill for the Texas Real Estate Commission, and not otherwise.

(j) Fifteen dollars received by the commission for each annual certification of real estate broker licensure status and $7.50 received by the commission for each annual certification of real estate salesman licensure status shall be transmitted to Texas A&M University for deposit in a separate banking account. The money in the separate account shall be expended for the support and maintenance of the Texas Real Estate Research Center and for carrying out the purposes, objectives, and duties of the center.

Licenses; Qualification

Sec. 6. (a) A person desiring to act as a real estate broker in this state shall file an application for a license with the commission on a form prescribed by the commission. A broker desiring to engage a person to participate in real estate brokerage activity shall join the person in filing an application for a salesman license on a form prescribed by the commission.

(b) To be eligible for a license, an individual must be a citizen of the United States, be at least 18 years of age, and be a legal resident of Texas for at least six months immediately preceding the filing of an application, and must satisfy the commission as to his honesty, trustworthiness, integrity, and competency. However, the competency of the individual, for the purpose of qualifying for the granting of licensure privileges, shall be judged solely on the basis of the examination referred to in Section 7 of this Act.
(c) To be eligible for a license, a corporation must designate one of its officers to act for it. The designated person must be a citizen of the United States, be at least 18 years of age, and be a resident of Texas for at least six months immediately preceding the filing of an application, and must be qualified to be licensed individually as a real estate broker. However, the competency of the person shall be judged solely on the basis of the examination referred to in Section 7 of this Act.

Examinations; Educational Requirements

Sec. 7. (a) Competency as referred to in Section 6 of this Act shall be established by an examination prepared by or contracted for by the commission. The examination shall be given at such times and at such places within the state as the commission shall prescribe. The examination shall be of scope sufficient in the judgment of the commission to determine that a person is competent to act as a real estate broker or salesman in a manner to protect the interest of the public. The examination for a salesman license shall be less exacting and less stringent than the examination for a broker license. The commission shall furnish each applicant with study material and references on which his examination shall be based. When an applicant for real estate licensure fails a qualifying examination, he may apply for reexamination by filing a request therefor together with the proper fee. The examination requirement shall be satisfied within one year from the date the application for a license is filed. Courses of study required for licensure shall include but not be limited to the following: arithmetical calculations as used in real estate transactions; rudimentary principles of conveyancing; the general purposes and effect of deeds, deeds of trust, mortgages, land contracts of sales, leases, liens, and listing contracts; elementary principles of land economics and appraisals; fundamentals of obligations between principal and agent; principles of real estate practice and canons of ethics pertaining thereto; and the provisions of this Act and rules and regulations of the commission.

(b) The commission shall waive the examination of an applicant for broker licensure who has, within one year previous to the filing of his application, been licensed in this state as a broker, and shall waive the examination of an applicant for salesman licensure who has, within one year previous to the filing of his application, been licensed in this state as either a broker or salesman.

(c) From and after the effective date of this Act, each applicant for broker licensure shall furnish the commission satisfactory evidence that he has had not less than two years active experience in this state as a licensed real estate sales practitioner during the 36-month period immediately preceding the filing of the application; and, in addition, prior to January 1, 1977, shall furnish the commission satisfactory evidence that he has successfully completed 180 classroom hours in real estate courses or related courses accepted by the commission. On or after January 1, 1977, an applicant for real estate broker licensure shall submit evidence, satisfactory to the commission, of successful completion at an accredited college or university of 12 semester hours of real estate or related courses accepted by the commission, or of a course of study accepted by the commission as being equivalent to the courses offered by accredited colleges and universities. On or after January 1, 1979, the number of required semester hours shall be increased to 15; on or after January 1, 1981, the number of required semester hours shall be increased to 30; and on or after January 1, 1983, the number of required semester hours shall be increased to 48. On or after January 1, 1985, an applicant for a real estate broker license shall submit evidence, satisfactory to the commission, that he has successfully completed 60 semester hours in real estate or related courses accepted by the commission from an accredited college or university, or that he has completed a course of study accepted by the commission as being equivalent to the courses offered by accredited colleges and universities. The requirement of not less than two years experience as a Texas real estate licensee during the 36-month period immediately preceding the filing of the application for broker licensure shall not apply to applications submitted on or after January 1, 1985. These qualifications for broker licensure shall not be required of an applicant who, at the time of making the application, is duly licensed as a real estate broker by any other state in the United States if that state’s requirements for licensure are comparable to those of Texas.

(d) From and after the effective date of this Act, as a prerequisite for applying for salesman licensure prior to January 1, 1977, each applicant shall furnish the commission satisfactory evidence that he has completed 30 classroom hours in a basic real estate fundamentals course or related course accepted by the commission. As a condition for the second annual certification of salesman licensure privileges, the licensee shall furnish the commission satisfactory evidence that he has successfully completed an additional 30 classroom hours of real estate courses or related courses accepted by the commission, and as a condition for the third annual certification of salesman licensure privileges, the licensee shall furnish the commission satisfactory evidence that he has successfully completed an additional 30 classroom hours of real estate courses or related courses accepted by the commission. On or after January 1, 1977, an applicant for real estate salesman licensure shall submit evidence, satisfactory to the commis-
sion, of successful completion at an accredited college or university of six semester hours of real estate courses or related courses accepted by the commission, or of a course of study accepted by the commission as being equivalent to the courses offered by accredited colleges and universities. On or after January 1, 1979, the number of required semester hours shall be increased to 12; on or after January 1, 1981, the number of required semester hours shall be increased to 21; and on or after January 1, 1983, the number of required semester hours shall be increased to 36.

(e) On or after January 1, 1985, the commission shall accept applications for broker licensure only, and each license issued on or after January 1, 1985, shall be designated as a license to practice real estate.

(f) Insofar as is necessary for the administration of this Act, the commission is authorized to inspect and accredit educational programs or courses of study in real estate and to establish standards of accreditation for such programs conducted in the State of Texas, other than accredited colleges and universities. Schools, other than accredited colleges and universities, which are authorized to offer real estate educational courses pursuant to provisions of this section shall be required to maintain a corporate surety bond in the sum of $10,000 payable to the commission, for the benefit of a party who may suffer damages resulting from failure of a commission approved school or course to fulfill obligations attendant to the approval.

(g) A person who is licensed as a salesman on the effective date of this Act is not subject to the educational requirements or prerequisites of this Act as a condition for holding salesman license privileges. A person who is licensed as a broker on the effective date of this Act is not subject to the educational requirements or prerequisites of this Act as a condition for holding broker licensure privileges. A person who is licensed as a real estate salesman on the effective date of this Act may submit an application for broker licensure during the 24-month period immediately following such date if he furnishes evidence satisfactory to the commission that he meets the prerequisites for applying for broker licensure in force and effect on the day prior to the effective date of this Act.

Real Estate Recovery Fund

Sec. 8. Part 1. (a) The commission shall establish a real estate recovery fund which shall be set apart and maintained by the commission as provided in this section. The fund shall be used in the manner provided in this section for reimbursing aggrieved persons who suffer monetary damages by reason of certain acts committed by a duly licensed real estate broker or salesman, or by an unlicensed employee or agent of a broker or salesman, provided the broker or salesman was licensed by the State of Texas at the time the act was committed, provided the act was performed in the scope of activity which constitutes a broker or salesman as defined by this Act, and provided recovery is ordered by a court of competent jurisdiction against the broker or salesman. The use of the fund as provided in Part 1 of this section is limited to an act that is either:

(1) a violation of Section 15(3) and (4) of this Act, or
(2) conduct which constitutes fraud, misrepresentation, deceit, false pretenses, or trickery.

(b) On the effective date of this Act, the commission shall collect from each real estate broker and salesman licensed by this state a fee of $10 which shall be deposited in the real estate recovery fund. The commission shall suspend a license issued under the provisions of this Act for failure to pay this fee. After the effective date of this Act, when a person makes application for an original license pursuant to this Act he shall pay, in addition to his original license application fee, a fee of $10 which shall be deposited in the real estate recovery fund. If the commission does not issue the license, this fee shall be returned to the applicant.

Part 2. If on December 31 of any year the balance remaining in the real estate recovery fund is less than $300,000, each real estate broker and each real estate salesman, on recertification of his license during the following calendar year, shall pay, in addition to his license recertification fee, a fee of $10, which shall be deposited in the real estate recovery fund, or a pro rata share of the amount necessary to bring the fund to $1 million, whichever is less.

Part 3. (a) No action for a judgment which subsequently results in an order for collection from the real estate recovery fund shall be started later than two years from the accrual of the cause of action. When an aggrieved person commences action for a judgment which may result in collection from the real estate recovery fund, the real estate broker or real estate salesman shall notify the commission in writing to this effect at the time of the commencement of the action.

(b) Upon the entry of a final judgment in any suit which may involve payment from the real estate recovery fund, the judgment creditor shall promptly notify the commission of the granting of the judgment. In the event payment is to be requested from the real estate recovery fund, the real estate broker or real estate salesman shall notify the commission of the granting of the judgment in a court of competent jurisdiction against the broker or salesman.

(c) When an aggrieved person recovers a valid judgment in a court of competent jurisdiction against a real estate broker, or real estate salesman,
on the grounds described in Part 1(a) of this section that occurred on or after the effective date of this Act, the aggrieved person may, after final judgment has been entered, execution returned nulla bona, and a judgment lien perfected, file a verified claim in the court in which the judgment was entered and, on 20 days' written notice to the commission, may apply to the court for an order directing payment out of the real estate recovery fund of the amount unpaid on the judgment, subject to the limitations stated in Part 8 of this section.

(d) The court shall proceed on the application forthwith. On the hearing on the application, the aggrieved person is required to show that:

1. The judgment is based on facts allowing recovery under Part 1(a) of this section;
2. He is not a spouse of the debtor, or the personal representative of the spouse;
3. He has complied with all the requirements of Part 3 of this section;
4. He has obtained a judgment as set out in Part 3(e) of this section, stating the amount of the judgment and the amount owing on the judgment at the date of the application;
5. He has made all reasonable searches and inquiries to ascertain whether the judgment debtor is possessed of real or personal property or other assets liable to be sold or applied in satisfaction of the judgment;
6. That by the search he has discovered no real or personal property or other assets liable to be sold or applied, or has discovered insufficient real or personal property or other assets liable to be sold or applied, and that he has taken all necessary action and proceedings for the realization of satisfaction of the judgment, and that the amount realized was insufficient to satisfy the judgment, stating the amount realized and the balance remaining due on the judgment after application of the amount realized.
7. The court shall make an order directed to the commission requiring payment from the real estate recovery fund of whatever sum it finds to be payable on the claim, pursuant to and in accordance with the limitations contained in this section, if the court is satisfied, on the hearing, of the truth of all matters required to be shown by the aggrieved person by Part 3(d) of this section and that the aggrieved person has fully pursued and exhausted all remedies available to him for recovering the amount awarded by the judgment of the court.
8. If the commission pays from the real estate recovery fund any amount toward satisfaction of a judgment against a licensed real estate broker or real estate salesman, the license of the broker or salesman shall be automatically revoked on the issuance of a court order authorizing payment from the real estate recovery fund. No broker or salesman is eligible to receive a new license until he has repaid in full, plus interest at the rate of six percent a year, the amount paid from the real estate recovery fund on his account. A discharge in bankruptcy shall not relieve a person from the penalties and disabilities provided in this Act.

Part 4. The sums received by the real estate commission for deposit in the real estate recovery fund shall be held by the commission in trust for carrying out the purposes of the real estate recovery fund. These funds may be invested and reinvested in the same manner as funds of the Texas State Employees Retirement System, and the interest from these investments shall be deposited to the credit of the real estate recovery fund, provided, however, that no investments shall be made which will impair the necessary liquidity required to satisfy judgment payments awarded pursuant to this section.

Part 5. When the real estate commission receives notice of entry of a final judgment and a hearing is scheduled under Part 3(d) of this section, the commission may notify the Attorney General of Texas of its desire to enter an appearance, file a response, appear at the court hearing, defend the action, or take whatever other action it deems appropriate on behalf of, and in the name of, the defendant, and take recourse through any appropriate method of review on behalf of, and in the name of, the defendant. In taking such action the real estate commission and attorney general shall act only to protect the fund from spurious or unjust claims.

Part 6. When, on the order of the court, the commission has paid from the real estate recovery fund any sum to the judgment creditor, the commission shall be subrogated to all of the rights of the judgment creditor to the extent of the amount paid. The judgment creditor shall assign all his right, title, and interest in the judgment up to the amount paid by the commission which amount shall have priority for repayment in the event of any subsequent recovery on the judgment. Any amount and interest recovered by the commission on the judgment shall be deposited to the fund.

Part 7. The failure of an aggrieved person to comply with the provisions of this section relating to the real estate recovery fund shall constitute a waiver of any rights under this section.

Part 8. (a) Notwithstanding any other provision, payments from the real estate recovery fund are subject to the conditions and limitations in Subsections (b) through (d) of this part.
(b) Payments may be made only pursuant to an order of a court of competent jurisdiction, as provided in Part 3, and in the manner prescribed by this section.
Refusal to Issue License; Review

Sec. 10. If the commission declines or fails to license an applicant, it shall immediately give written notice of the refusal to the applicant. Before the applicant may appeal to a district court as provided in Section 18 of this Act, he must file within 10 days after the receipt of the notice an appeal from the ruling, requesting a time and place for a hearing before the commission. A sponsoring broker is an applicant and must file the appeal if an application to license a person as a salesman has been disapproved. The commission shall set a time and place for the hearing within 30 days from the receipt of the appeal, giving 10 days' notice of the hearing to the applicant. The time of the hearing may be continued from time to time with the consent of the applicant. Following the hearing, the commission shall enter an order which is, in its opinion, appropriate in the matter concerned.

If an applicant fails to request a hearing as provided in this section, the commission's ruling shall become final and not subject to review by the courts.

Fees

Sec. 11. The commission shall charge and collect the following fees:

(1) a fee not to exceed $40 for the filing of an original application for real estate broker licensure;
(2) a fee not to exceed $40 for annual certification of real estate broker licensure status;
(3) a fee of $20 for the filing of an original application for salesman licensure;
(4) a fee of $20 for annual certification of real estate salesman licensure status;
(5) a fee not to exceed $10 for taking a license examination;
(6) a fee of $10 for filing a request for a license for each additional office or place of business;
(7) a fee of $10 for filing a request for a license for a change of place of business or change of sponsoring broker;
(8) a fee of $10 for filing a request to replace a license lost or destroyed;
(9) a fee of $400 for filing an application for approval of a real estate course pursuant to the provisions of Subsection (f) of Section 7 of this Act; and
(10) a fee of $200 per annum for and in each year of operation of a real estate course, established pursuant to the provisions of Subsection (f) of Section 7 of this Act.

(c) Payments for claims arising out of the same transaction shall be limited in the aggregate to $10,000 irrespective of the number of claimants.
(d) Payments for claims based on judgments against any one licensed real estate broker or salesman may not exceed in the aggregate $20,000 within any calendar year, but in no event may payments for claims based on judgments against any one licensed real estate broker or salesman exceed in the aggregate $40,000, until the fund has been reimbursed by the licensee for all amounts paid.

Part 9. Nothing contained in this section shall limit the authority of the commission to take disciplinary action against a licensee for a violation of this Act or the rules and regulations of the commission; nor shall the repayment in full of all obligations to the real estate recovery fund by a licensee nullify or modify the effect of any other disciplinary proceeding brought pursuant to this Act.

Part 10. Any person receiving payment out of the real estate recovery fund pursuant to Section 8 of this Act shall be entitled to receive reasonable attorney fees as determined by the court, subject to the limitations stated in Part 8 of this section.

Issuance of License; Annual Certification Fees; Expiration Dates

Sec. 9. (a) When an applicant has satisfactorily met all requirements and conditions of this Act, a license shall be issued which may remain in force and effect so long as the holder of the license remains in compliance with the obligations of this Act, which include payment of the annual certification fee as provided in Section 11 of this Act. Annual certification fees shall be paid in September, October, and November of each calendar year. Each salesman license issued shall be delivered or mailed to the broker with whom the salesman is associated and shall be kept under his custody and control.

(b) An applicant is not permitted to engage in the real estate business either as a broker or salesman until a license evidencing his authority to engage in the real estate business has been received.

(c) The commission by rule may adopt a system under which licenses expire on various dates during the year. Dates for payment of the annual certification fee shall be adjusted accordingly. For the year in which the certification date is changed, annual certification fees payable shall be prorated on a monthly basis so each licensee shall pay only that portion of the license fee which is allocable to the number of months during which the license is valid. On certification of the license on the new certification date, the total annual certification fee is payable.
Art. 6573a  REAL ESTATE DEALERS

Maintenance and Location of Offices; Display of License

Sec. 12. (a) Each resident broker shall maintain a fixed office within this state. The address of the office shall be designated on the broker's license. Within 10 days after a move from a previously designated address, the broker shall submit applications for new licenses for himself and each salesman associated with him, designating the new location of his office, together with the required fee, or fees, whereupon the commission shall issue a license, or licenses, reflecting the new location, provided the new location complies with the terms of this section.

(b) If a broker maintains more than one place of business within this state, he shall apply for, pay the required fee for, and obtain an additional license to be known as a branch office license for each additional office he maintains.

(c) The license or licenses of the broker shall at all times be prominently displayed in the licensee's place or places of business.

(d) Each broker shall also prominently display in his place or in one of his places of business the license of each real estate salesman associated with him.

Inactive Licenses

Sec. 13. (a) When the association of a salesman with his sponsoring broker is terminated, the broker shall immediately return the salesman license to the commission. The salesman license then becomes inactive.

(b) The salesman license may be activated if, within the calendar year, a request, accompanied by the required fee, is filed with the commission by a licensed broker advising that he assumes sponsorship of the salesman.

Unlawful Employment or Compensation; Nonresident License

Sec. 14. (a) It is unlawful for a licensed broker to employ or compensate directly or indirectly a person for performing an act enumerated in the definition of real estate broker in Section 2 of this Act if the person is not a licensed broker or licensed salesman in this state or an attorney at law licensed in this state or in any other state. However, a licensed broker may pay a commission to a licensed broker of another state if the foreign broker does not conduct in this state any of the negotiations for which the fee, compensation, or commission is paid.

(b) A resident broker of another state may obtain a license as a broker in this state by complying with all requirements of this Act, provided that the nonresident broker is licensed as a broker by the state of his residence and provided that the state of his residence has legal standards of qualification which the commission finds equivalent to this Act and which state offers the same privileges to licensed brokers of this state. A nonresident licensee need not maintain a place of business within this state.

The commission may license the nonresident broker without examination if he has qualified for a broker license in the state in which he resides by written examination considered equivalent to that offered by this state and if his state of residence permits licenses to be issued without written examinations to brokers resident in and licensed after passing an examination by this state. However, the commission may, in its discretion, refuse to issue a broker license to an applicant who is not a resident of this state for the same reasons that it may refuse to license a resident of this state.

(c) Each nonresident applicant shall file an irrevocable consent that legal actions may be commenced against him in the proper court of any county of this state in which a cause of action may arise, or in which the plaintiff may reside, by service of process or pleading authorized by the laws of this state, or by serving the administrator or assistant administrator of the commission. The consent shall stipulate that the service of process or pleading shall be valid and binding in all courts as if personal service had been made on the nonresident broker in this state. The consent shall be duly acknowledged, and if made by a corporation, shall be authenticated by its seal. A service of process or pleading served on the commission shall be by duplicate copies, one of which shall be filed in the office of the commission and the other forwarded by registered mail to the last known principal address which the commission has for the nonresident broker against whom the process or pleading is directed. No default in an action may be taken except on certification by the commission that a copy of the process or pleading was mailed to the defendant as provided in this section, and no default judgment may be taken in an action or proceeding until 20 days after the day of mailing of the process or pleading to the defendant.

Notwithstanding any other provision of this subsection, a nonresident of this state who resides in a city whose boundaries are contiguous at any point to the boundaries of a city of this state, and who has been an actual bona fide resident of that city for at least six months immediately preceding the filing of his application, is eligible to be licensed as a real estate broker or salesman under this Act in the same manner as a resident of this state. If he is licensed in this manner, he shall at all times maintain a place of business in the city in which he resides or in the city in this state which is contiguous to the city in which he resides, and he may not maintain a place of business at another location in this state unless he also complies with the requirements of Section 14(b) of this Act. The place of business
must satisfy the requirements of Subsection (a) of Section 12 of this Act, but the place of business shall be deemed a definite place of business in this state within the meaning of Subsection (a) of Section 12.

Sec. 15. The commission may, on its own motion, and shall, on the verified complaint in writing of any person, provide the complaint, or the complaint together with evidence, documentary or otherwise, presented in connection with the complaint, provides reasonable cause, investigate the actions and records of a real estate broker or real estate salesman. The commission may suspend or revoke a license issued under the provisions of this Act at any time when it has been determined that:

(1) (A) the licensee has entered a plea of guilty or nolo contendere to, or been found guilty of, or been convicted of, a felony, in which fraud is an essential element, and the time for appeal has elapsed or the judgment or conviction has been affirmed on appeal, irrespective of an order granting probation following such conviction, suspending the imposition of sentence; or

(B) a final money judgment has been rendered against the licensee resulting from contractual obligations of the licensee incurred in the pursuit of his business, and such judgment remains unsatisfied for a period of more than six months after becoming final; or

(2) the licensee has procured, or attempted to procure, a real estate license, for himself or a salesman, by fraud, misrepresentation or deceit, or by making a material misstatement of fact in an application for a real estate license; or

(3) the licensee, when selling, trading, or renting real property in his own name, engaged in misrepresentation or dishonest or fraudulent action; or

(4) the licensee, while performing an act constituting a broker or salesman, as defined by this Act, has been guilty of:

(A) making a material misrepresentation, or failing to disclose to a potential purchaser any latent structural defect or any other defect known to the broker or salesman. Latent structural defects and other defects do not refer to trivial or insignificant defects but refer to those defects that would be a significant factor to a reasonable and prudent purchaser in making a decision to purchase; or

(B) making a false promise of a character likely to influence, persuade, or induce any person to enter into a contract or agree-

ment when the licensee could not or did not intend to keep such promise; or

(C) pursuing a continued and flagrant course of misrepresentation or making of false promises through agents, salesmen, advertising, or otherwise; or

(D) failing to make clear, to all parties to a transaction, which party he is acting for, or receiving compensation from more than one party except with the full knowledge and consent of all parties; or

(E) failing within a reasonable time properly to account for or remit money coming into his possession which belongs to others, or commingling money belonging to others with his own funds; or

(F) paying a commission or fees to or dividing a commission or fees with anyone not licensed as a real estate broker or salesman in this state or in any other state, or not an attorney at law licensed in this state or any other state, for compensation for services as a real estate agent; or

(G) failing to specify in a listing contract a definite termination date which is not subject to prior notice; or

(H) accepting, receiving, or charging an undisclosed commission, rebate, or direct profit on expenditures made for a principal; or

(I) soliciting, selling, or offering for sale real property under a scheme or program that constitutes a lottery or deceptive practice; or

(J) acting in the dual capacity of broker and undisclosed principal in a transaction; or

(K) guaranteeing, authorizing, or permitting a person to guarantee that future profits will result from a resale of real property; or

(L) placing a sign on real property offering it for sale, lease, or rent without the written consent of the owner or his authorized agent; or

(M) inducing or attempting to induce a party to a contract of sale or lease to break the contract for the purpose of substituting in lieu thereof a new contract; or

(N) negotiating or attempting to negotiate the sale, exchange, lease, or rental of real property with an owner or lessor, knowing that the owner or lessor had a written outstanding contract, granting exclusive agency in connection with the property to another real estate broker; or

(P) publishing, or causing to be published, an advertisement including, but not limited to, advertising by newspaper, radio, television, or display which is misleading, or which is likely to deceive the public, or which in any manner tends to create a misleading impression, or which fails to identify the person causing the advertisement to be published as a licensed real estate broker or agent; or

(R) publishing or circulating an unjustified or unwarranted threat of legal proceedings, or other action; or

(V) conduct which constitutes dishonest dealings, bad faith, or untrustworthiness; or

(W) acting negligently or incompetently in performing an act for which a person is required to hold a real estate license; or

(X) disregarding or violating a provision of this Act; or

(Y) failing within a reasonable time to deposit money received as escrow agent in a real estate transaction, either in trust with a title company authorized to do business in this state, or in a custodial, trust, or escrow account maintained for that purpose in a banking institution authorized to do business in this state; or

(Z) disbursing money deposited in a custodial trust, or escrow account, as provided in Subsection (Y) before the transaction concerned has been consummated or finally otherwise terminated; or

(AA) failing or refusing on demand to produce a document, book, or record in his possession concerning a real estate transaction conducted by him for inspection by the Real Estate Commission or its authorized personnel or representative; or

(CC) failing without just cause to surrender to the rightful owner, on demand, a document or instrument coming into his possession.

The provisions of this section do not relieve a person from civil liability or from criminal prosecution under this Act or under the laws of this state.

Unauthorized Practice of Law

Sec. 16. A license granted under the provisions of this Act shall be suspended or revoked by the commission on proof that the licensee, not being licensed and authorized to practice law in this state, for a consideration, reward, pecuniary benefit, present or anticipated, direct or indirect, or in connection with or as a part of his employment, agency, or fiduciary relationship as a licensee, drew a deed, note, deed of trust, will, or other written instrument that may transfer or anywise affect the title to or an interest in land, or advised or counseled a person as to the validity or legal sufficiency of an instrument or as to the validity of title to real estate.

Hearings

Sec. 17. (a) Before a license is suspended or revoked, the licensee is entitled to a public hearing. The commission shall prescribe the time and place of the hearing. However, the hearing shall be held, if the licensee so desires, within the county where the licensee has his principal place of business, or if the licensee is a nonresident, the hearing may be called at the licensee's last known address, as reflected by the commission's records, at least 10 days prior to the date set for the hearing. The notice calling the hearing shall recite the allegations against the licensee and the notice may be served personally or by mailing it by certified mail to the licensee. Art. 6663c. Administration and Funding of Mass Transportation

Findings and Purpose

Sec. 1. (a) The legislature finds that:

(1) transportation is the lifeblood of an urbanized society, and the health and welfare of that society depend on the provision of efficient, economical, and convenient transportation within and between urban areas;

(2) public transportation is an essential component of the state’s transportation system;

(3) energy consumption and economic growth are vitally influenced by the availability of public transportation;

(4) providing public transportation has become so financially burdensome that private industry can no longer provide service in many areas in the state and that the continuation of this essential service on a private or proprietary basis is threatened; and

(5) providing public transportation is a public, governmental responsibility and a matter of direct concern to state government and to all the citizens of the state.

(b) The purposes of this Act are to provide:

(1) improved public transportation for the state through local governments acting as agents and instrumentalities of the state;

(2) state assistance to local governments and their instrumentalities in financing public transportation systems to be operated by local governments as determined by local needs; and

(3) coordinated direction by a single state agency of both highway development and public transportation improvement.

Definitions

Sec. 2. In this Act:

(1) “Capital improvement” means the acquisition, construction, reconstruction, or improvement of facilities, equipment, or land for use by operation, lease, or otherwise in public transportation service in urbanized areas, and all expenses incidental to the acquisition, construction, reconstruction, or improvement including designing, engineering, supervising, inspecting, surveying, mapping, relocation assistance, acquisition of rights-of-way, and replacement of housing sites.

(2) “Commission” means the State Highway and Public Transportation Commission.

(3) “Department” means the State Department of Highways and Public Transportation.

(4) “Federally funded project” means a public transportation project proposed for funding under this Act which is being funded in part under the provisions of the Urban Mass Transportation Act of 1964, as amended, the Federal-Aid Highway Act of 1973, as amended, or other federal program for funding public transportation.

(5) “Local share requirement” means the amount of funds which are required and are eligible to match federally funded projects for the improvement of public transportation in this state.

(6) “Public transportation” means transportation by bus, rail, watercraft, or other means which provides general or specialized service to the public on a regular or continuing basis.

(7) “Urbanized area” means an area so designated by the United States Bureau of the Census or by general state law.

Formula Program

Sec. 3. (a) The commission shall administer the formula program and allocate 60 percent of the funds in the public transportation fund to that program.

(b) Only an urbanized area with a population in excess of 200,000 according to the last preceding federal census is eligible for participation in the formula program. A municipality, regional authority, or other local governmental entity designated as a recipient of federal funds by the governor with the concurrence of the Secretary of the United States Department of Transportation is a designated recipient of funds under the formula program.

(c) The funds allocated to the formula program shall be apportioned annually on the basis of a formula under which the designated recipients of an
eligible urbanized area are entitled to receive an amount equal to the sum of:

(1) one-half of the total amount apportioned to the formula program for the year multiplied by the ratio by which the population of the eligible urbanized area bears to the total population of all eligible urbanized areas that are eligible for the formula program; and

(2) one-half of the total amount apportioned to the formula program for the year multiplied by the ratio by which the number of inhabitants per square mile of the eligible urbanized area bears to the combined number of inhabitants per square mile of all eligible urbanized areas.

(d) Designated recipients may only use formula program funds to provide 65 percent of the local share requirement of federally funded projects for capital improvements.

(e) Within 30 days after an application for funds under the formula program is received, if there are unallocated formula funds for the applicant, the commission shall certify to the federal government that the state share of the local share requirement is available. The application must contain a certification by the designated recipient that:

(1) funds are available to provide 35 percent of the local share requirement of federally assisted programs; and

(2) the proposed public transportation project is consistent with ongoing, continuing, cooperative, and comprehensive regional transportation planning being carried out in accordance with the provisions of the Urban Mass Transportation Act of 1964, as amended, and the Federal-Aid Highway Act of 1973, as amended.

(f) If the commission has previously certified that the state share is available for a project, the commission shall direct that payment of the state share be made to the designated recipient within 30 days after federal approval of a proposed transportation project proposal.

(g) Funds allocated by the department for use in the formula program which are unencumbered and unexpended one year after the close of the fiscal year for which the funds were originally allocated shall be transferred at that time by the commission for use in the discretionary program.

Discretionary Program

Sec. 4. (a) The commission shall allocate 40 percent of the funds annually credited to the public transportation fund to the discretionary program, which shall be administered by the commission.

(b) Except as provided in Subsection (e) of this section, only rural and urban areas of the state other than urbanized areas eligible for participation in the formula program are eligible for participation in the discretionary program. Any local government having the power to operate or maintain a public transportation system may be a designated recipient of funds from the discretionary program.

(c) Designated recipients under the discretionary program may use discretionary program funds only to provide 65 percent of the local share requirement of federally funded projects for capital improvements, except that if a designated recipient certifies that federal funds are unavailable for a proposed project and the commission finds that the project is vitally important to the development of public transportation in this state, the commission may supply 50 percent of the total cost of that public transportation project to the designated recipient.

(d) In considering any project under this section, the commission shall take into consideration the need for fast, safe, efficient, and economical public transportation.

(e) Designated recipients in urbanized areas eligible for participation in the formula program and any local government having the power to operate or maintain a public transportation system within an urbanized area are also eligible to apply for and receive funds allocated by the commission for use in the discretionary program which are unexpended and unencumbered one year after the close of the fiscal year for which the funds were originally allocated and all unexpended and unencumbered funds transferred from the formula program to the discretionary program. The commission shall make grants out of the discretionary fund to designated recipients under the provisions of this section.

Sec. 5. The Public Transportation Fund is established as a special fund in the State Treasury. The Public Transportation Fund may only be used by the State Department of Highways and Public Transportation in carrying out the responsibilities and duties of the commission and the department for public transportation purposes as established under this state law. Weight of Load

Sec. 5. Except as otherwise provided by law, no commercial motor vehicle, truck-tractor, trailer or semitrailer, nor combination of such vehicles, shall be operated over, on, or upon the public highways outside the limits of an incorporated city or town, having a weight in excess of one or more of the following limitations:

(1) No such vehicle nor combination of vehicles shall have a greater weight than twenty thousand (20,000) pounds carried on any one axle, including all enforcement tolerances; or which a tandem axle weight in excess of thirty-four thousand (34,000) pounds, including all enforcement tolerances; or with an overall gross weight on a group of two or more consecutive axles produced by application of the following formula:

\[ W = 500 \left( \frac{LN + 12N + 36}{N-1} \right) \]

where \( W \) = overall gross weight on any group of two or more consecutive axles to the nearest 500 pounds, \( L \) = distance in feet between the extreme of any group of two or more consecutive axles, and \( N \) = number of axles in group.
under consideration, except that two consecutive sets of tandem axles may carry a gross load of 34,000 pounds each providing the overall distance between the first and last axles of such consecutive sets of tandem axles is thirty-six (36) feet or more; provided, that such overall gross weight may not exceed eighty thousand (80,000) pounds, including all enforcement tolerances.

(2) No such vehicle nor combination of vehicles shall have a greater weight than six hundred (600) pounds per inch width of tire upon any wheel concentrated upon the surface of the highway and using high-pressure tires, and a greater weight than six hundred and fifty (650) pounds per inch width of tire upon any wheel concentrated upon the surface of the highway and using low-pressure tires, and no wheel shall carry a load in excess of eight thousand (8,000) pounds on high-pressure tires and ten thousand (10,000) pounds on low-pressure tires, nor any axle a load in excess of sixteen thousand (16,000) pounds on high-pressure tires, and twenty thousand (20,000) pounds on low-pressure tires.

(3) Nothing in this section shall be construed as permitting size or weight limits on the national system of interstate and defense highways in this state in excess of those permitted under 28 U.S.C. Section 127. If the federal government prescribes or adopts vehicle size or weight limits greater than those now prescribed by 28 U.S.C. Section 127 for the national system of interstate and defense highways, the increased limits shall become effective on the highways and roads of this state.

(4) Nothing in this section shall be construed to deny the operation of any vehicle or combination of vehicles that could be lawfully operated upon the highways and roads of this state.

(5) In this section, an axle load is defined as the total load transmitted to the road by all wheels whose centers may be included between two (2) parallel transverse vertical planes forty (40) inches apart, extending across the full width of the vehicle. Tandem axle group is defined as two (2) or more axles spaced forty (40) inches or more apart from center to center having at least one (1) common point of weight suspension.

ARTICLE III—SECURITY FOLLOWING ACCIDENT

[See Compact Edition, Volume 5 for text of 1 to 3]

Section 1. (a) If twenty (20) days after the receipt of a report of a motor vehicle accident within this State which has resulted in bodily injury or death, or damage to the property of any one person of at least Two Hundred Fifty Dollars ($250), the Department does not have on file evidence satisfactory to it that the person who would otherwise be required to file security under Subsection (b) of this section has been released from liability, or has been finally adjudicated not to be liable, or has executed a duly acknowledged written agreement providing for the payment of an agreed amount in installments with respect to all claims for injuries or damages resulting from the accident, and the Department finds that there is a reasonable probability of a judgment being rendered against the person as a result of the accident, the Department shall determine the amount of security which shall be sufficient in its judgment, and in no event less than Two Hundred Fifty Dollars ($250) to satisfy any judgment or judgments for damages resulting from such accident as may be recovered against each operator or owner.

(b) The Department shall, subject to the provisions of Subsection (e) of this section, suspend the license and all registrations of each operator and owner of a motor vehicle in any manner involved in such accident, if there is found to be a reasonable probability of a judgment being rendered against that person as a result of the accident, and if such operator or owner is a nonresident the privilege of operating a motor vehicle within this State, and the privilege of the use within this State of any motor vehicle owned by him unless such operator, owner or operator and owner shall deposit security in the sum so determined by the Department or by a person presiding at a hearing and in no event less than Two Hundred Fifty Dollars ($250), and unless such operator and owner shall give proof of financial responsibility.
Before suspension of a license, registration, or privilege, the Department must find that there is a reasonable probability of a judgment being rendered against the person as a result of the accident and the amount of security that must be deposited. For this purpose it may consider the report of the investigating officer, the accident reports of all parties involved, and any affidavits of persons having knowledge of the facts. Notice of the determination by the Department shall be served personally on the person or mailed by certified mail, return receipt requested, to the affected person's last known address, as shown by the records of the Department. The notice shall specify that the license to operate a motor vehicle and the registration, or nonresident's operating privilege, will be suspended unless the person, within twenty (20) days after personal service or the mailing of the notice, establishes that the provisions of this section are not applicable to him and that he has previously furnished such information to the Department or that there is no reasonable probability of a judgment being rendered against him as a result of the accident. The notice shall recite that the person to whom it is addressed is entitled to a hearing as provided in this Act if a written request for a hearing is delivered or mailed to the Department within twenty (20) days after personal service or the mailing of the notice. The person's license to operate the vehicle and his registration or nonresident's operating privilege may not be suspended pending the outcome of the hearing and any appeal.

If a hearing is requested, the Department shall summon the person requesting the hearing to appear for the hearing as provided in this subsection. The hearing shall be held not less than ten (10) days after notice is given to the person requesting the hearing and written charges shall be made and a copy given to the person requesting the hearing at the time he is given the hearing notice. Jurisdiction for the hearing is vested in the judge of a police court, or a justice of the peace in the county and precinct in which the person requesting the hearing resides. The hearing officer may receive a fee for hearing these cases if the fee is approved by the commissioners court of the county of jurisdiction, but the fee may not be more than Five Dollars ($5) a case and shall be paid from the general revenue fund of the county. The hearing officer may administer oaths and may issue subpoenas for the attendance of witnesses and the production of relative books and papers. It shall be the duty of the court to set the matter for hearing upon ten (10) days written notice to the Department. Such proceeding shall have precedence over all other matters of a different nature, and shall be tried before the judge within fifteen (15) days from the filing thereof, and neither party shall be entitled to a jury. At the hearing, the issues to be determined are whether there is a reasonable probability of a judgment being rendered against the person requesting the hearing as a result of the accident and, if so, the amount of security that will be sufficient to satisfy any judgment or judgments for damages resulting from the accident, but in no event less than Two Hundred Fifty Dollars ($250), that may be recovered from the person requesting the hearing. The officer who presides at the hearing shall report the findings in the case to the Department. Notice as required by this paragraph shall be served personally on the person or mailed by certified mail, return receipt requested, to the person's last known address, as shown by the records of the Department.

If, after a hearing, the determination is that there is a reasonable probability of a judgment being rendered against the person as a result of the accident, the person may appeal the findings to the county court of the county in which the hearing was held and the appeal shall be de novo.

If a written request for a hearing is not delivered or mailed to the Department within twenty (20) days after personal service or the mailing of notice and the person has not established within that time that the provisions of this section do not apply to him or if within twenty (20) days after a hearing and exhaustion of the appeal procedure, if an appeal is made in which the decision is against the person requesting the hearing, security and proof of financial responsibility are not deposited with the Department, the Department shall suspend the person's license to operate a motor vehicle, the vehicle registration, or nonresident's operating privilege until the person complies with the provisions of this Act.

Notice of such suspension shall be sent by the Department to such operator and owner not less than ten (10) days prior to the effective date of such suspension and shall state the amount required as security and the necessity for proof of financial responsibility. Where erroneous information is given the Department with respect to the matters set forth in subdivisions 2, 3, and 4 of Subsection (c) of this Section, it shall take appropriate action as hereinafter provided, within sixty (60) days after receipt by it or correct information with respect to said matters.

The determination by the Department or by a person presiding at a hearing of the question of whether there is a reasonable probability of a judgment being rendered against a person as a result of an accident may not be introduced in evidence in any civil suit for damages arising from the accident.

(c) This section shall not apply under the conditions stated in Section 6 nor:

1. To a motor vehicle operator or owner against whom the Department or a person presiding at a hearing finds there is not a reasona-
ble probability of a judgment being rendered as a result of the accident;

2. To such operator or owner if such owner had in effect at the time of such accident a motor vehicle liability policy with respect to the motor vehicle involved in such accident;

3. To such operator, if not the owner of such motor vehicle, if there was in effect at the time of such accident a motor vehicle liability policy or bond with respect to his operation of motor vehicles not owned by him;

4. To any person employed by the government of the United States, when such person is acting within the scope or office of his employment;

5. To such operator or owner if the liability of such operator or owner for damages resulting from such accident is, in the judgment of the Department, covered by any other form of liability insurance policy or bond; nor

6. To any person qualifying as a self-insurer under Section 34 of this Act, or to any person operating a motor vehicle for such self-insurer.

No such policy or bond shall be effective under this section or under Section 7 unless issued by an insurance company or surety company authorized to write motor vehicle liability insurance in this State, except that if such motor vehicle was not registered in this State, or was a motor vehicle which was registered elsewhere than in this State at the effective date of the policy, or the most recent renewal thereof, such policy or bond shall not be effective under this section unless the insurance company or surety company if not authorized to do business in this State shall execute a power of attorney authorizing the Department to accept service on its behalf of notice or process in any action upon such policy or bond arising out of such accident; providing, however, every such policy or bond is subject, if the accident has resulted in bodily injury or death, to a limit, exclusive of interest and costs, of not less than Ten Thousand Dollars ($10,000) because of bodily injury to or death of one person in any one accident and, subject to said limit for one person, to a limit of not less than Twenty Thousand Dollars ($20,000) because of bodily injury to or death of two (2) or more persons in any one accident and, if the accident has resulted in injury to or destruction of property, to a limit of not less than Five Thousand Dollars ($5,000) because of injury to or destruction of property of others in any one accident. The policy or bond may exclude coverage for the first Five Hundred Dollars ($500) of liability for the bodily injury to or death of two (2) or more persons in any one accident and may exclude coverage for the first Two Hundred Fifty Dollars ($250) of liability for the injury to or destruction of property of others in any one accident.

7. Wherever the word "bond" appears in this section or this Act, it shall mean a bond filed with and approved by the Department of Public Safety.

CHAPTER SIX. PARTICULAR COUNTIES

LAW RELATING TO

ARTICLE

6812f. Road Improvements and Assessments by Galveston County Commissioners Court [NEW].

Art. 6812f. Road Improvements and Assessments by Galveston County Commissioners Court

Improvements Authorized

Sec. 1. The Commissioners Court of Galveston County may cause to be improved any county road in the county, whether by filling, grading, raising, paving, or repairing in a permanent manner, or by
Art. 6812f

ROADS, BRIDGES, AND FERRIES

constructing, reconstructing, repairing, or realigning curbs, gutters, and sidewalks, or by constructing drains and culverts.

Constitutional Basis

Sec. 2. This Act is a local law relating to the maintenance of public roads authorized by Article VIII, Section 9, of the Texas Constitution.

Assessments Against Property Owners; Liens

Sec. 3. (a) The commissioners court by order may assess all or any part of the cost of constructing, reconstructing, repairing, or realigning curbs, gutters, and sidewalks, and not more than ninetenths of the cost of any other improvements authorized by this Act, against property abutting on the portion of the county road to be improved, and against the owners of that property. The commissioners court may provide the time, terms, and conditions of payment and default of the assessments, and may prescribe the rate of interest on them, which may not exceed eight percent a year.

(b) Any assessment against abutting property is a first and prior lien on the property from the date improvements are ordered, and is a personal liability and charge against the owner or owners of the property, whether named or not. Nothing in this Act empowers the commissioners court to fix a lien against any interest in property that is exempt at the time the improvements are ordered, but the owner or owners of the property are personally liable for any assessment in connection with the property.

Front Foot Rule

Sec. 4. The part of the cost of improvements on each portion of the county road ordered improved which is assessed against abutting property and owners of the property shall be apportioned among the parcels of abutting property and the owners thereof in accordance with the front foot plan or rule, except that if the application of this rule would, in the judgment of the commissioners court, in particular cases, result in injustice or inequity, the commissioners court may apportion and assess the costs against abutting property owners in a manner that the commissioners court determines is just and equitable, so as to produce a substantial equality of benefits received and burdens imposed. Provided, however, it is expressly found and determined that railroad rights-of-way will not benefit from such improvements and may not be assessed therefor.

Certificates

Sec. 5. (a) The commissioners court may order the issuance of assignable certificates in evidence of assessments levied, declaring the lien on the property and the liability of the true owner or owners of the property, and may fix the terms and conditions of the certificates. Any certificate that recites substantially that the proceedings referred to in it have occurred in compliance with law and that all prerequisites to the fixing of the assessment lien against the property described in the certificate and the personal liability of the owner or owners of the property have been performed, is prima facie evidence of all matters recited in the certificate, and no further proof of the matters is required.

(b) In any suit on an assessment or reassessment in evidence of which a certificate may be issued in accordance with the provisions of this Act, it is sufficient to allege the substance of the recitals in the certificate and that the recitals are in fact true. Further allegations as to the proceedings relating to the assessment or reassessment are not necessary.

(c) The assessments are collectable with interest, expense of collections, and reasonable attorney's fee, if any are incurred, and are a first and prior lien on the property assessed, superior to all other liens and claims except county, school district, and city ad valorem taxes, and are a personal liability and charge against owners of the property assessed.

Joint Assessments

Sec. 6. Assessments against several parcels of property may be made in one assessment when owned by the same person, firm, corporation, or estate, and property owned jointly may be assessed jointly.

Estimate

Sec. 7. No assessment is valid unless the commissioners court makes or causes to be made an estimate of the cost of the improvement or improvements to be constructed, and the estimate is included in any published or mailed notice of the public hearing required by this Act.

Public Hearing and Notice

Sec. 8. (a) No assessment may be made against any abutting property or its owners until after notice and opportunity for hearing has been provided in accordance with this Act, and no assessment may be made against any abutting property or owners of it in excess of the special benefits to the property and owners resulting from the enhanced value of the property by means of the improvement, as may be determined at the hearing.

(b) Notice shall be by advertisement inserted at least three times in a newspaper of general circulation in the county, the first publication to be made at least 21 days before the date of the hearing. Additional written notice of the hearing shall be given by depositing in the United States mail, at least 14 days before the date of the hearing, postage
prepaid, in an envelope addressed to the owners of the respective properties abutting the county road to be improved, as the names of the owners are shown on the then current rendered or unrendered tax rolls of the county, at the addresses listed there. To be sufficient and binding on any person owning or claiming the abutting property, or any interest in it, the mailed notice must describe in general terms the nature of the improvements for which assessments are to be levied, the county road or portion of it to be improved, the estimated cost per front foot proposed to be assessed against the property and the owner or owners of the property, the estimated total cost of the improvement or improvements, and the time and place of the hearing. The notice to be mailed may be a copy of the public notice, which must contain all of the information required for a mailed notice to be sufficient and binding. If the owner is listed on the county tax rolls as "unknown," no notice is required to be mailed. If the owner is shown on the county tax roll as an estate, the mailed notice may be addressed to the estate.

(c) The commissioners court shall hold the hearing. Any person owning abutting property or any interest in it may be heard at the hearing on any matter relating to the improvement or assessment, including the amount of the proposed assessment or assessments, the lien and liability created by it, the special benefits to the abutting property and owners of the property by the improvements for which assessments are to be levied, and the accuracy, sufficiency, regularity, and validity of the proceedings and contract in connection with the improvements and proposed assessments.

(d) The commissioners court may correct any errors, inaccuracies, irregularities, and invalidities, and may supply any deficiencies, and may determine the amount of assessments and all other matters necessary, and may levy the assessments before, during, or after the construction of the improvements, except no part of any assessment may be made to mature prior to acceptance by the county of the improvements for which the assessment is levied.

Appeal

Sec. 9. Any person owning or claiming any interest in any property assessed under the provisions of this Act, who desires to contest any assessment because of the amount of it or any inaccuracy, irregularity, invalidity, or insufficiency of the proceedings or contract with reference to it, or with reference to the improvements, or because of any matter or thing not in the discretion of the commissioners court, may appeal to a district court in the county within 15 days after the time the assessment is levied. Any person who fails to institute suit within this time shall be held to have waived every matter that might have been heard at the hearing before the commissioners court, and shall be barred and estopped from contesting or questioning the assessment or any matter relating to it, and the only defense to any assessment in a suit to enforce it is that the notice of hearing was not mailed or delivered as required by this Act, was not published, or did not contain the information required by this Act, or that the assessments exceeded the amount of the estimate. No words or acts of any officer or employee of the county, or any member of the commissioners court, shall in any way affect the force and effect of the provisions of this Act.

Changes in Proceedings

Sec. 10. The commissioners court may provide for any changes in plans, methods, or contracts for improvements, but any change substantially affecting the nature or quality of any improvements may be made only after it is determined by a four-fifths vote of the commissioners court that it is not practical to proceed with the improvement as previously provided, and following any such vote, the commissioners court may make the substantial change only after first obtaining the consent of the person, firm, or corporation with which the commissioners court has contracted for construction of the improvements, and after obtaining a new estimate for the cost of the improvements and holding a new hearing, together with the issuance of proper notice as required by this Act. The commissioners court may at any time abandon any improvement with the consent of the person, firm, or corporation constructing the improvements, and shall by order cancel any assessments levied for abandoned improvements.

Correction

Sec. 11. If any assessment is for any reason held or determined to be invalid or unenforceable, the commissioners court may supply any deficiency in proceedings and correct any mistake or irregularity relating to the assessment, and may at any time make and levy reassessments after notice and hearing as nearly as possible in the manner provided by this Act for the original improvements. Recitals in certificates issued in evidence of reassessments shall have the same force as provided for recitals relating to original assessments.

Art. 6823a. Travel Regulations Act of 1959

[See Compact Edition, Volume 5 for text of 1 and 2]

Basis of Reimbursement or Advance; Per Diem and Transportation Allowance: Rate and Computation; Revolving Petty Cash Fund

Sec. 3. a. A reimbursement or advance from funds appropriated by the Legislature for traveling and other necessary expenses incurred by the various officials, heads of state agencies, and employees of the state in the active discharge of their duties shall be on the basis of either a per diem or actual expenses as specifically fixed and appropriated by the Legislature in General Appropriation Acts. A per diem allowance shall mean a flat daily rate payment in lieu of actual expenses incurred for meals and lodging and as such shall be legally construed as additional compensation for official travel purposes only.

[See Compact Edition, Volume 5 for text of 3b]

c. All agencies, boards, commissions, departments, and institutions are authorized to establish a revolving petty cash fund out of funds in the State Treasury or local funds in accordance with Section 6, Subsection g of this Article. The sole purpose of the petty cash fund shall be to advance projected travel expense. This fund shall be reimbursed by warrants drawn and approved by the Comptroller of Public Accounts out of funds in the State Treasury or checks drawn against funds held outside the treasury.

Advanced Approval of Governor; Travel Outside United States

Sec. 5. Any travel connected with official business of the state for which reimbursement for travel expenses incurred is claimed or for which an advance for travel expenses to be incurred is sought, with the exception of travel to, in, and from the several states, United States possessions, Mexico, and Canada, must have the advance written approval of the Governor. Blanket authority by the Governor may be given the Department of Public Safety to law enforcement personnel.

Rules and Regulations; Standard Expense Account Forms; Reimbursement or Advance Payment for Travel by Private Conveyance; Overpayment

Sec. 6.

[See Compact Edition, Volume 5 for text of 6a]

b. Standard expense account forms shall be used by all state agencies in preparing the expense accounts for traveling state employees. Such forms shall contain information stating

(1) the point of origin and the town, place or point of destination of each trip and the reimbursable mileage travelled, or projected, between each point, town, or place. This provision shall also apply to intra-city mileage;

(2) the actual period of time the employee is away, or plans to be away, from his designated headquarters entitling him to travel expenses; and

(3) a brief statement which clearly shows the purpose of the trip and the character of official business performed or to be performed.

c. In determining transportation reimbursement or advance payment for travel by private conveyance, the Comptroller shall determine the mileage by shortest highway distance between point of origin and the destination via intermediate points at which official state business is conducted and other necessary mileage at points where official state business is conducted. In determining the amounts of reimbursement or advance payment for transportation by personal car within the State, the Comptroller shall compute all distances according to the shortest route between points. In determining the amount of reimbursement or advance payment for transportation by personal car within this state, the Comptroller shall adopt a mileage guide including a chart of distances showing the shortest route between points, and which shall include all Farm-to-Market roads and shall be reissued annually.

[See Compact Edition, Volume 5 for text of 6d]

e. When two, three, or four officials or employees of the same state agency with the same itinerary on the same dates are required to travel on the same official state business for which travel reimbursement for mileage in a personal car is claimed, or for which an advance payment is sought, a payment will be claimed and allowed for only one of the employees except as provided hereafter. To the extent of mileage claimed, the Comptroller shall consider such
travel claims as multiple claims and may pay only one such claim. If more than four employees attend such meeting or conference in more than one car, full mileage shall be allowed for one car for each four employees and for any fraction in excess of a multiple of four employees. If, in any instance, it is not feasible for these officials or employees to travel in the same car, then prior official approval from the head of the state department or agency shall be obtained and shall be considered as authorization and the basis for reimbursement, or advance payment, for travel for each person authorized to use his personal car in such travel.

[See Compact Edition, Volume 5 for text of 6f]

g. The Comptroller shall, by promulgation of appropriate rules and regulations, establish a procedure by which a state officer or employee may receive in advance the projected travel expense to be incurred in a particular exercise of official duties. The Comptroller shall require a final accounting after the actual travel expense has been determined to provide for reimbursement and adjustment, as necessary, to equalize the allowance and the actual expense incurred.

Double Travel Expense Payments; Compensation by Non-state Agency

Sec. 7. Double travel expense payments to state officials or employees are prohibited. When an employee engages in travel for which he is to be compensated by a non-state agency, he shall not receive any reimbursement, and may not seek an advance payment, for such travel from authorized amounts in the General Appropriation Acts.

Local Transportation Allowance; Limits

Sec. 8. An employee whose duties customarily require travel within his designated headquarters may be authorized a local transportation allowance for this travel. Such allowance, however, may not exceed the transportation allowance for use of a privately owned automobile as set by the Legislature in the General Appropriations Acts, except that an employee with a physical handicap which precludes his personal operation of a privately owned automobile may, without regard to the standard otherwise set in the General Appropriations Acts, be authorized a reasonable transportation allowance not to exceed the amount to which such handicapped employee would be entitled for similar travel occurring outside of his designated headquarters.

[See Compact Edition, Volume 5 for text of 9]

Public Conveyances; Courtesy Cards

Sec. 10. The provisions of this Act shall not preclude reimbursement of claims, or requests for advance payments, by officials or employees for use of public conveyances. Transportation is authorized by courtesy cards for air, rail and bus lines.

[Amended by Acts 1975, 64th Leg., p. 1090, ch. 410, § 1, eff. June 19, 1975; Acts 1975, 64th Leg., p. 1387, ch. 535, §§ 1 to 5, eff. Sept. 1, 1975.]
Art. 6840. Grounds for Issuance and Dissolution

Sec. 1. (a) Judges of the district and county courts and justices of the peace shall, at the commencement or during the progress of any civil suit, before final judgment; have power to issue writs of sequestration, returnable to their respective courts, in the cases and upon the grounds provided for in Subsections (b) through (e) of this section.

(b) When a person sues for the title or possession of any personal property or fixtures of any type or kind or sues for the foreclosure or enforcement of a mortgage or lien or security interest upon personal property or fixtures of any type or kind, a writ of sequestration may be issued if a reasonable conclusion may be drawn that there is immediate danger that the defendant or party in possession thereof will conceal, dispose of, ill-treat, waste, or destroy such property, or remove the same out of the limits of the county during the pendency of the suit.

(c) When a person sues for the title or possession of real property or sues for the foreclosure or enforcement of a mortgage or lien on real property, a writ of sequestration may be issued if a reasonable conclusion may be drawn that the defendant or party in possession thereof will make use of his possession to injure or ill-treat such property or waste or convert to his own use the timber, rents, fruits, or revenue thereof.

(d) A writ of sequestration may be issued when any person sues for the title or possession of any property from which he has been ejected by force or violence.

(e) A writ of sequestration may be issued when any person sues to try the title to any real property, or to remove cloud upon the title to such real property, or to foreclose a lien upon any such real property, or for a partition of real property, and makes oath that the defendant or either of them, in the event there be more than one defendant, is a nonresident of this state.

Sec. 2. The application for the issuance of the writ shall be made under oath and shall set forth specific facts stating the nature of the plaintiff's claim, the amount in controversy, if any, and the facts justifying the issuance.

Sec. 3. (a) When a writ of sequestration has been issued as provided in this article and the rules of civil procedure, the defendant may seek a dissolution of the writ by written motion filed with the court.

(b) A hearing on the motion to dissolve the writ shall be held and the issue determined not later than 10 days after the motion to dissolve is filed, unless the parties agree to an extension of time. At the hearing, the writ shall be dissolved unless the party who secured the issuance of the writ proves the specific facts alleged and the grounds relied upon for its issuance.

(c) If the writ is dissolved, the action shall proceed as if no writ had been issued except that an action for damages for wrongfully securing the issuance of the writ must be brought as a compulsory counterclaim. In addition to all other elements of damages, the party moving to dissolve the writ may recover his reasonable attorney's fees incurred in the dissolution of the writ.

(d) If the writ is dissolved and the personal property sought to be subjected to the writ is consumer goods, as that term is defined in the Texas Business and Commerce Code, the defendant or the party in possession shall be entitled to damages which shall be reasonable attorney's fees and the greatest of One Hundred Dollars ($100.00), the finance charge contracted for, or actual damages. No damages may be awarded for the failure of the plaintiff to prove by a preponderance of the evidence the specific facts alleged and such failure is a result of a bona fide error. For a bona fide error to be available as a defense, the plaintiff must prove the use of reasonable procedures to avoid such error.

(e) A motion to dissolve the writ is cumulative of the right of replevy, and the filing of the motion to dissolve shall stay any further proceedings under the writ until a hearing is had, and the issue is determined.

Sec. 4. Requisites of Writ of Sequestration. There shall be prominently displayed on the face of the writ, in 10-point type and in a manner calculated
to advise a reasonably attentive person of its contents, the following:

"YOU HAVE A RIGHT TO REGAIN POSSESSION OF THE PROPERTY BY FILING A 'REPLEVY' BOND.

"YOU HAVE A RIGHT TO SEEK TO REGAIN POSSESSION OF THE PROPERTY BY FILING WITH THE COURT A MOTION TO DISEOLVE THIS WRIT."

The Governor and Disaster Emergencies

Sec. 5. (a) The governor is responsible for meeting the dangers to the state and people presented by disasters.

(b) Under this Act, the governor may issue executive orders, proclamations, and regulations and amend or rescind them. Executive orders, proclamations, and regulations have the force and effect of law.

(e) The governor may establish by executive order a Disaster Emergency Services Council to advise and assist him in all matters relating to disaster preparedness, emergency services, and disaster recovery. The Disaster Emergency Services Council is composed of the heads of state agencies, boards, and commissions and representatives of organized volunteer groups.

(d) A disaster emergency may be declared by executive order or proclamation of the governor if he finds a disaster has occurred or that the occurrence or the threat of disaster is imminent. The state of disaster emergency continues until the governor finds that the threat or danger has passed or the disaster has been dealt with to the extent that emergency conditions no longer exist and terminates the state of disaster emergency by executive order, but no state of disaster emergency may continue for longer than 30 days unless renewed by the governor. The legislature by law may terminate a state of disaster emergency at any time. On termination by the legislature, the governor shall issue an executive order ending the state of disaster emergency. All executive orders or proclamations issued under this subsection shall indicate the nature of the disaster, the area threatened, and the conditions which have brought it about or which make possible termination of the state of disaster emergency. An executive order or proclamation shall be disseminated promptly by means calculated to bring its contents to the attention of the general public and, unless the circumstances attendant on the disaster prevent or impede, promptly filed with the State Division of Disaster Emergency Services, the secretary of state, and the county clerk or city secretary in the area or areas to which it applies.

(e) An executive order or proclamation setting forth a state of disaster emergency activates the disaster response and recovery aspects of the state, local, and interjurisdictional disaster emergency plans applicable to the political subdivision or area in question and is authority for the deployment and use of any forces to which the plan or plans apply and for use or distribution of any supplies, equipment, and materials and facilities assembled, stockpiled, or arranged to be made available pursuant to this Act or any other provision of law relating to disaster emergencies.

(f) During the continuance of any state of disaster emergency and the pursuant recovery period, the governor is commander-in-chief of state agencies, boards, and commissions having emergency responsibilities. To the greatest extent practicable, the governor shall delegate or assign command authority by prior arrangement embodied in appropriate executive orders or plans, but nothing in this Act restricts his authority to do so by orders issued at the time of the disaster emergency.

(g) In addition to any other powers conferred on the governor by law, he may

(1) suspend the provisions of any regulatory statute prescribing the procedures for conduct of state business or the orders, rules, or regulations of any state agency if strict compliance with the provisions of any statute, order, rule, or regulation would in any way prevent, hinder, or delay necessary action in coping with the emergency;

(2) utilize all available resources of the state government and of each political subdivision of the state which are reasonably necessary to cope with the disaster emergency;

(3) temporarily reassign direction, personnel, or functions of state executive departments and agencies or their units for the purpose of performing or facilitating emergency services;

(7) control ingress and egress to and from a disaster area and the movement of persons and the occupancy of premises in the area;
(8) suspend or limit the sale, dispensing, or transportation of alcoholic beverages, firearms, explosives, and combustibles;
(9) enter into purchase, lease, or other arrangements with an agency of the United States for temporary housing units to be occupied by disaster victims and to make units available to any political subdivision of the state;
(10) assist any political subdivision which is the locus of temporary housing for disaster victims to acquire sites necessary for temporary housing and to do all things required to prepare the site to receive and utilize temporary housing units by advancing or lending funds available to the governor from any appropriation made by the legislature or from any other source; “passing through” funds made available by any agency, public or private; or becoming a copartner with the political subdivision for the execution and performance of any temporary housing for disaster victims project;
(11) under such regulations as he shall prescribe, temporarily suspend or modify for not to exceed 60 days any public health, safety, zoning, transportation within or across the state, or other requirement of law or regulation within this state when by proclamation he deems the suspension or modification essential to provide temporary housing for disaster victims;
(12) on his determination that a local government of the state has or will suffer a substantial loss of tax and other revenues from a major disaster and has demonstrated a need for financial assistance to perform its governmental functions, apply to the federal government on behalf of the local government for a loan, receive and disburse the proceeds of any approved loan to any applicant local government, determine the amount needed by any applicant local government to restore or resume its governmental functions, certify that to the federal government provided that no application amount may exceed 25 percent of the annual operating budget of the applicant for the fiscal year in which the major disaster occurs, and recommend to the federal government, based on his review the cancellation of all or any part of repayment when in the first three full fiscal-year periods following the major disaster the revenues of the local government are insufficient to meet its operating expenses, including additional disaster-related expenses of a municipal operation character;
(13) through the use of state departments or agencies or the use of any of the state’s instrumentalities, clear or remove from publicly or privately owned land or water, debris and wreckage that may threaten public health or safety or public or private property in any disaster emergency declared by the governor or major disaster as declared by the President of the United States;
(14) accept funds from the federal government and utilize the funds to make grants to any local government for the purpose of removing debris or wreckage from publicly or privately owned land or water;
(15) on his determination that financial assistance is essential to meet disaster-related necessary expenses or serious needs of individuals or families adversely affected by a major disaster which cannot be otherwise adequately met from other means of assistance, accept a grant by the federal government to fund financial assistance, subject to terms and conditions as may be imposed on the grant, and enter into an agreement with the federal government or any officer or agency of the United States pledging the state to participate in funding not more than 25 percent of the financial assistance authorized in this subsection;
(16) make financial grants to meet disaster-related necessary expenses or serious needs of individuals or families adversely affected by a major disaster which cannot otherwise adequately be met from other means of assistance, which shall not exceed an aggregate amount in excess of that established by federal statute to an individual or family in any single major disaster declared by the President of the United States; and
(17) make rules and regulations as are necessary for carrying out the purposes of this Act, including standards of eligibility for persons applying for benefits, procedures for applying and administration, methods of investigation, filing, and approving applications, and formation of local or statewide boards to pass on applications and procedures for appeals.
(h) The governor may designate the Texas Department of Public Welfare or other state agency to carry out the functions of providing financial aid to individuals or families qualified for disaster relief. The governor may allocate funds appropriated under this Act to implement the purposes of this Act.
(i) Nothing in this Act may be construed to limit the governor’s authority to apply for, administer, or expend any grant, gift, or payment in aid of disaster prevention, preparedness, response, or recovery.
(j) No debris or wreckage from public or private property may be removed until the affected local
government, corporation, organization, or individual presents an unconditional authorization for removal to the governor. No debris or wreckage may be removed from private property until the state is indemnified against any claim arising from removal. Whenever the governor provides for clearance of debris or wreckage under the provisions of this Act, state employees or other individuals acting by authority of the governor may enter on private land or water to perform tasks necessary to the removal or clearance operation. Except in cases of willful misconduct, gross negligence, or bad faith, a state employee or agent performing his duties while complying with orders of the governor issued under the provisions of this Act shall not be liable for the death of or injury to persons or damage to property.

(k) Any political subdivision of this state is expressly authorized to acquire, temporarily or permanently, by purchase, lease, or otherwise, sites required for installation of temporary housing units for disaster victims and to enter into whatever arrangements (including purchase of temporary housing units and payment of transportation charges) which are necessary to prepare or equip the sites to utilize the housing units.

State Division of Disaster Emergency Services

Sec. 6. (a) A Division of Disaster Emergency Services is established in the office of the governor. The division shall have a director appointed by and shall serve at the pleasure of the governor. The division shall have coordinating and planning officers and other professional, technical, secretarial, and clerical employees necessary for the performance of its functions.

(b) The Division of Disaster Emergency Services shall prepare and maintain a comprehensive state disaster plan and keep it current. The plan may include

To this end it shall employ or otherwise secure the services of professional and technical personnel capable of providing expert assistance to political subdivisions, their disaster agencies, and interjurisdictional planning and disaster agencies. These personnel shall consult with subdivisions and agencies on a regularly scheduled basis and shall make field reviews of the areas, circumstances, and conditions to which particular local and interjurisdictional disaster plans are intended to apply and may suggest revisions.

(d) In preparing and revising the state disaster plan, the Division of Disaster Emergency Services shall seek the advice and assistance of local government, business, labor, industry, agriculture, civic, and volunteer organizations and community leaders. In advising local and interjurisdictional agencies, the Division of Disaster Emergency Services shall encourage them also to seek advice from the sources.

(e) The state disaster plan or any part of it may be incorporated in regulations of the Division of Disaster Emergency Services or executive orders which have the force and effect of law.

(f) The Division of Disaster Emergency Services shall

(1) determine requirements of the state and its political subdivisions for food, clothing, and other necessities in event of an emergency;
(2) procure and pre-position supplies, medicines, materials, and equipment;
(3) promulgate standards and requirements for local and interjurisdictional disaster plans;
(4) periodically review local and interjurisdictional disaster plans;
(5) provide for mobile support units;
(6) establish and operate or assist political subdivisions, their disaster agencies, and interjur-
risidntional disaster agencies to establish and operate training programs and programs of public information;

(7) make surveys of public and private industries, resources, and facilities in the state which are necessary to carry out the purposes of this Act;

(8) plan and make arrangements for the availability and use of any private facilities, services, and property and provide for payment for use under terms and conditions agreed on if the facilities are used and payment is necessary;

(9) establish a register of persons with types of training and skills important in emergency prevention, preparedness, response, and recovery;

(10) establish a register of mobile and construction equipment and temporary housing available for use in a disaster emergency;

(11) prepare, for issuance by the governor, executive orders and regulations necessary or appropriate in coping with disasters;

(12) cooperate with the federal government and any public or private agency or entity in achieving any purpose of this Act and in implementing programs for disaster prevention, preparation, response, and recovery; and

(13) do other things necessary, incidental, or appropriate for the implementation of this Act.

Financing

Sec. 7. (a) It is the intent of the legislature and declared to be the policy of the state that funds to meet disaster emergencies always be available.

(b) The Disaster Emergency Funding Board, which is composed of the governor, the lieutenant governor, the chairman of the State Board of Insurance, the commissioner of the State Department of Public Welfare, and the director of the Division of Disaster Emergency Services, is established.

(c) A disaster contingency fund is established which shall receive money appropriated by the legislature.

(d) It is the legislative intent that the first recourse shall be to funds regularly appropriated to state and local agencies. If the governor finds that the demands placed on these funds in coping with a particular disaster are unreasonably great, he may with the concurrence of the Disaster Emergency Funding Board make funds available from the Disaster Contingency Fund.

(e) Whenever the federal government or any other public or private agency or individual offers to the state or through the state to any political subdivision of the state, services, equipment, supplies, materials, or funds as gifts, grants, or loans for purposes of emergency services or disaster recovery, the governor, if required by the donor, and the political subdivision through its executive officer or governing body may accept the offer in behalf of the state or its political subdivision. The governor or his designated agent is authorized to determine when a public calamity or disaster has occurred. Where any gift, grant, or loan is accepted by the state, the governor or on his designation the State Disaster Emergency Services Council or the State Coordinator of Disaster Emergency Services may dispense the gift, grant, or loan directly to accomplish the purpose for which it was made or allocate and transfer to any political subdivision of this state, services, equipment, supplies, materials, or funds in the amount he or his designated agent may determine. All these funds received by the state shall be placed in a special fund or funds and shall be disbursed by warrants issued by the comptroller of public accounts on order of the governor or his designated agent, who may be named by him either in a written agreement accepting the funds or in a written authorization filed with the secretary of state. Where the funds are to be used for the purchase of equipment, supplies, or commodities of any kind, it is not necessary that bids be obtained or that the purchases be approved by any other agency. On receipt of an order for disbursement, the comptroller shall issue a warrant without delay. Political subdivisions are authorized to accept and utilize all services, equipment, supplies, materials, and funds to the full extent authorized by the agreement under which they are received by the state or by the political subdivision.

Local and Interjurisdictional Disaster Agencies and Services

Sec. 8. (a) Each political subdivision within this state is within the jurisdiction of and served by the Division of Disaster Emergency Services and by a local or interjurisdictional agency responsible for disaster preparedness and coordination of response.

(b) Each county shall maintain a disaster agency or participate in a local or interjurisdictional agency which, except as otherwise provided under this Act, has jurisdiction over and serves the entire county or interjurisdictional area.

(c) The governor shall determine which municipal corporations need disaster agencies of their own and shall recommend that they be established and maintained. He shall make his determinations on the basis of the municipality's disaster vulnerability and capability of response related to population size and concentration. The disaster agency of a county shall cooperate with the disaster agencies of municipalities situated within its borders but shall not have jurisdiction in a municipality having its own disaster agency. The Division of Disaster Emergency Serv-
ices shall publish and keep current a list of municipalities required to have disaster agencies under this subsection. Nothing in this subsection may be construed as limiting the constitutional and statutory powers of local governments.

(d) The governor may recommend that a political subdivision establish and maintain a disaster agency jointly with one or more contiguous political subdivisions if he finds that the establishment and maintenance of any agency or participation in it is made necessary by circumstances or conditions that make it unusually difficult to provide disaster prevention, preparedness, response, or recovery services under other provisions of this Act.

(e) Each political subdivision which does not have a disaster agency and has not made arrangements to secure or participate in the services of an agency shall have a liaison officer designated to facilitate the cooperation and protection of that subdivision in the work of disaster prevention, preparedness, response, and recovery.

(f) The mayor, county judge, or other principal executive officer of each political subdivision in the state shall notify the Division of Disaster Emergency Services of the manner in which the political subdivision is providing or securing disaster planning and emergency services, identify the person who heads the agency from which the service is obtained, and furnish additional pertinent information that the division requires.

(g) Each local and interjurisdictional agency shall prepare and keep current a local or interjurisdictional disaster emergency plan for its area.

(h) The local or interjurisdictional disaster agency shall prepare in written form and distribute to all appropriate officials a clear and complete statement of the emergency responsibilities of all local agencies and officials and of the disaster channels of assistance.

(i) A political subdivision may make appropriations for disaster emergency services as provided by law for making appropriations for ordinary expenses of the political subdivisions and may enter into agreements for the purpose of organizing disaster emergency service divisions, provide for a mutual method of financing the organization of units on a basis satisfactory to the political subdivisions, and render aid to other subdivisions under mutual aid agreements provided that the functioning of said units shall be coordinated by the State Disaster Emergency Services Council. For the payment of the cost of any equipment, construction, acquisition, or any improvements for carrying out the provisions of this Act, counties and incorporated cities and towns may issue time warrants. These time warrants shall be issued in accordance with the provisions of Chapter 163, General Laws, Acts of the 42nd Legislature, Regular Session, 1931, as amended (Article 2368a, Vernon’s Texas Civil Statutes). Time warrants shall not be issued for financing permanent construction or improvements for disaster emergency services purposes except on the right of a referendum vote as provided in Section 4, Chapter 163, General Laws, Acts of the 42nd Legislature, Regular Session, 1931, as amended (Article 2368a, Vernon’s Texas Civil Statutes).

Establishment of Interjurisdictional Disaster Planning and Service Areas

Sec. 9. (a) If the governor finds that two or more adjoining counties would be better served by an interjurisdictional arrangement than by maintaining separate disaster agencies and services, he may delineate by executive order or regulation an interjurisdictional area adequate to plan for, prevent, or respond to disaster in that area and direct steps to be taken as necessary, including the creation of an interjurisdictional relationship, a joint disaster emergency plan, mutual aid, or an area organization for emergency planning and services. A finding of the governor pursuant to this subsection shall be based on one or more factors related to the difficulty of maintaining an efficient and effective disaster prevention, preparedness, response, and recovery system on a unijurisdictional basis, such as

1. small or sparse population;
2. limitations on public financial resources severe enough to make maintenance of a separate disaster agency and services unreasonably burdensome;
3. unusual vulnerability to disaster as evidenced by a past history of disasters, topographical features, drainage characteristics, disaster potential, and presence of disaster-prone facilities or operations;
4. the interrelated character of the counties in a multicounty area; or
5. other relevant conditions or circumstances.

(b) If the governor finds that a vulnerable area lies only partly within this state and includes territory in another state or states or territory in a foreign jurisdiction and that it would be desirable to establish an interstate or international relationship, mutual aid, or an area organization for disaster, he shall take steps to that end as desirable. If this action is taken with jurisdictions that have enacted the Interstate Civil Defense and Disaster Compact (Article 6889-5, Vernon’s Texas Civil Statutes), any resulting agreement or agreements may be considered supplemental agreements pursuant to Article 6 of that compact.

(c) If the other jurisdiction with which the governor proposes to cooperate pursuant to Subsection (b) of this section has not enacted that compact, he may
Intergovernmental Arrangements

Sec. 10. (a) This state has enacted into law and enters into the Interstate Civil Defense and Disaster Compact (Article 6889–5, Vernon’s Texas Civil Statutes) with all states, as defined in that Act, bordering this state which have enacted or may enact the compact in the form substantially contained in Chapter 312, Acts of the 52nd Legislature, 1951 (Article 6889–5, Vernon’s Texas Civil Statutes).

(b) The governor may enter into the compact with any state which does not border this state if he finds that joint action with that state is desirable in meeting common intergovernmental problems of emergency disaster planning, prevention, response, and recovery.

(c) Nothing in Subsections (a) and (b) of this section may be construed to limit previous or future entry into the Interstate Civil Defense and Disaster Compact of this state with other states.

(d) If any person holds a license, certificate, or other permit issued by any state or political subdivision of any state evidencing the meeting of qualifications for professional, mechanical, or other skills, the person may render aid involving the skill in this state to meet an emergency or disaster, and this state shall give due consideration to the license, certificate, or other permit.

Local Disaster Emergencies

Sec. 11. (a) A local disaster emergency may be declared only by the governing body of a political subdivision. It may not be continued or renewed for a period in excess of seven days except by or with the consent of the governing body of the political subdivision. Any order or proclamation declaring, continuing, or terminating a local disaster emergency shall be given prompt and general publicity and shall be filed promptly with the city secretary or county clerk as applicable.

(b) The effect of a declaration of a local disaster emergency is to activate the response and recovery aspects of any and all applicable local or interjurisdictional disaster emergency plans and to authorize the furnishing of aid and assistance under the declaration.

(c) No interjurisdictional agency or its official may declare a local disaster emergency unless expressly authorized to do so by the agreement pursuant to which the agency functions. However, an interjurisdictional disaster agency shall provide aid and services in accordance with the agreement pursuant to which it functions.

Disaster Prevention

Sec. 12. (a) In addition to disaster prevention measures as included in the state, local, and interjurisdictional disaster plans, the governor shall consider on a continuing basis steps that could be taken to prevent or reduce the harmful consequences of disasters. At his direction and pursuant to any other authority and competence they have, state agencies including but not limited to those charged with responsibilities in connection with floodplain management, stream encroachment and flow regulation, weather modification, fire prevention and control, air quality, public works, land use and land-use planning, and construction standards shall make studies of disaster-prevention-related matters. The governor from time to time shall make recommendations to the legislature, local governments, and other appropriate public and private entities as may facilitate measures for prevention or reduction of the harmful consequences of disasters.

(b) The Water Development Board and other state agencies in conjunction with the Division of Disaster Emergency Services shall keep land uses and construction of structures and other facilities under continuing study and identify areas which are particularly susceptible to severe land shifting, subsidence, flood, or other catastrophic occurrence. The studies undertaken under this subsection shall concentrate on means of reducing or avoiding the dangers caused by this occurrence or its consequences.

(c) If the Division of Disaster Emergency Services believes on the basis of the studies or other competent evidence that an area is susceptible to a disaster of catastrophic proportions without adequate warning, that existing building standards and land-use controls in that area are inadequate and could add substantially to the magnitude of the disaster, and that changes in zoning regulations, other land-use regulations, or building requirements are essential in order to further the purposes of this section, it shall specify the essential changes to the governor. If the governor on review of the recommendations finds after public hearing that the changes are essential, he shall make appropriate recommendations to the agencies or local governments with jurisdiction over the area and subject matter. If no action or insufficient action pursuant to his recommendations is taken within the time specified by the governor, he shall so inform the legislature and request legislative action appropriate to mitigate the impact of disaster.
(d) The governor, at the same time that he makes his recommendations pursuant to Subsection (c) of this section, may suspend the standard or control which he finds to be inadequate to protect the public safety and by regulation place a new standard or control in effect. The new standard or control shall remain in effect until rejected by concurrent resolution of both houses of the legislature or amended by the governor. During the time it is in effect, the standard or control contained in the governor's regulation shall be administered and given effect by all relevant regulatory agencies of the state and local governments to which it applies. The governor's action is subject to judicial review but is not subject to temporary stay pending litigation.

Compensation

Sec. 13. (a) Each person in this state shall conduct himself and keep and manage his affairs and property in ways that will reasonably assist and will not unreasonably detract from the ability of the state and the public successfully to meet disaster emergencies. This obligation includes appropriate personal service and use or restriction on the use of property in time of disaster emergency. This Act neither increases nor decreases these obligations but recognizes their existence under the constitution and statutes of this state and the common law. Compensation for services or for the taking or use of property shall be only to the extent that obligations recognized in this Act are exceeded in a particular case and then only to the extent that the claimant may not be deemed to have volunteered his services or property without compensation.

(b) No personal services may be compensated by the state or any subdivision or agency of the state except pursuant to statute or ordinance.

(c) Compensation for property shall be made only if the property was commandeered or otherwise used in coping with a disaster emergency and its use or destruction was ordered by the governor or a member of the disaster emergency forces of this state.

(d) Any person claiming compensation for the use, damage, loss, or destruction of property under this Act shall file a claim for compensation with the Division of Disaster Emergency Services in the form and manner the Division of Disaster Emergency Services provides.

(e) Unless the amount of compensation on account of property damaged, lost, or destroyed is agreed between the claimant and the Division of Disaster Emergency Services, the amount of compensation shall be calculated in the same manner as compensation due for taking of property pursuant to the condemnation laws of this state.

(f) Nothing in this section applies to or authorizes compensation for the destruction or damaging of standing timber or other property in order to provide a firebreak or to the release of water or the breach of impoundments in order to reduce pressure or other danger from actual or threatened flood, or contravention of Article I, Section 17, of the Texas Constitution, or statutes pertaining to that section.

Communications

Sec. 14. The Division of Disaster Emergency Services shall ascertain in cooperation with the Criminal Justice Council or its successor agency what means exist for rapid and efficient communication in times of disaster emergencies. The division shall consider the desirability of supplementing these communication resources or of integrating them into a comprehensive state or state-federal telecommunication or other communication system or network. In studying the character and feasibility of any system or its several parts, the division shall evaluate the possibility of their multipurpose use for general state and local governmental purposes. The division shall make recommendations to the governor as appropriate.

Mutual Aid

Sec. 15. (a) Political subdivisions not participating in interjurisdictional arrangements pursuant to this Act nevertheless shall be encouraged and assisted by the Division of Disaster Emergency Services to conclude suitable arrangements for furnishing mutual aid in coping with disasters. The arrangements shall include provision of aid by persons and units in public employ.

(b) In reviewing local disaster plans, the governor or his agent shall consider whether they obtain adequate provisions for the rendering and receipt of mutual aid.

(c) It is a sufficient reason for the governor or his agent to require an interjurisdictional agreement or arrangement pursuant to Section 9 of this Act that the area involved and political subdivisions in it have available equipment, supplies, and forces necessary to provide mutual aid on a regional basis and that the political subdivisions have not already made adequate provision for mutual aid, but in requiring the making of an interjurisdictional arrangement to accomplish the purpose of this section, the governor need not require establishment and maintenance of an interjurisdictional agency or arrangement for any other disaster purposes.

Weather Modification

Sec. 16. The Division of Disaster Emergency Services shall keep continuously apprised of weather conditions which present danger of precipitation or other climatic activities service enough to constitute a disaster. If the division determines that precipita-
tion that may result from weather modification operations, either by itself or in conjunction with other precipitation or climatic conditions or activity, would create or contribute to the severity of a disaster, it shall request in the name of the governor that the officer or agency empowered to issue permits for weather modification operations suspend the issuance of the permits. On the governor's request, no permits may be issued until the division informs the officer or agency that the danger has passed.

Insurance Coverage

Sec. 17. The Disaster Emergency Funding Board may expend money from the Disaster Contingency Fund to acquire insurance coverage on state-owned facilities not already covered by insurance that have been damaged or destroyed by a disaster in an area declared a major disaster area by the governor and the President of the United States under the provisions of federal and state laws relating to disaster.

Severability

Sec. 18. If any provision of this Act or the application thereof is held invalid, such invalidity shall not affect other provisions or applications of the Act, and to this end the provisions of this Act are held to be severable. All plans, regulations, and executive orders and proclamations not in conflict herewith are continued in full force and effect.

Repealer

Sec. 19. The Texas Disaster Act of 1973 (Article 6889–6, Vernon's Texas Civil Statutes) is repealed. [Acts 1975, 64th Leg., p. 731, ch. 289, eff. May 22, 1975.]
CHAPTER THREE. SLAUGHTER AND SHIPMENT

Article 6910b. Payment for Livestock Purchased for Slaughter [NEW].

Definitions

Sec. 1. As used in this Act, unless the context clearly requires otherwise, the following words and phrases shall have the meaning ascribed to them in this section:

(a) "Livestock" means cattle, sheep, goats, or hogs.

(b) "Meat Processor" means a person, corporation, association, or other legal entity engaged in the business of slaughtering cattle, sheep, goats, or hogs, and processing or packaging them for sale as meat.

Method and Time of Payment

Sec. 2. A meat processor who purchases livestock from a seller, or any person, corporation, association, or other legal entity who purchases livestock from a seller for slaughter, shall make payment by cash or check for the purchase price of the livestock and actually deliver the cash or check to the seller or his representative at the location where the purchaser takes physical possession of the livestock on the day the transfer of possession occurs or shall wire transfer of funds on the business day within which the possession of said livestock is transferred; provided that if the transfer of possession is accomplished after normal banking hours, said payment shall be made in the manner herein provided not later than the close of the first business day following said transfer of possession. In the case of "grade and yield" selling, the purchaser shall make payment by wire transfer of funds not later than the close of the first business day following determination of "grade and yield." Provided, however, that an alternate method of payment may be made by an agreement in writing between the owner of the livestock and the purchaser thereof, or their respective representatives with express authority; that such agreement must state that it may be cancelled at any time by either party, from and after which cancellation, payment as herein provided shall be required. No such agreement shall alter any other provision of this or any other section of this Act.

Further, all instruments issued in payment hereunder shall be drawn on banks which are so located as not to artificially delay collection of funds through mail or otherwise cause a lapse of undue time in the clearance process.

Penalty for Noncompliance

Sec. 3. In all cases where a purchaser who purchases livestock for slaughter from a seller shall fail to make payment for such livestock as herein provided or shall artificially delay collection of funds for the payment of such livestock, such purchaser shall be liable to pay the owner of such livestock, in addition to the price of the livestock, twelve percent (12%) damages on the amount of such price, together with interest on the purchase price of the livestock at the highest legal rate from and after the transfer of possession until payment is made as herein provided, together with a reasonable attorneys' fee for the prosecution of collection of such payment.

Lien to Secure Sales Price

Sec. 4. Any person, partnership, firm, corporation, or other organization who sells livestock for slaughter shall have a lien on such animal, its carcass, all products therefrom, and proceeds thereof to secure all or a part of its sales price.

Attachment and Perfection of Lien

Sec. 5. The lien provided herein shall be deemed to have attached and to be perfected upon delivery of the livestock to the purchaser without further action, and such lien shall continue in the livestock, its carcass, all products therefrom, and proceeds thereof without regard to possession thereof by the party entitled to such lien without further perfection.

Lien on Commingled Livestock, Carcasses or Products

Sec. 6. If the livestock or its carcass or products therefrom are so commingled with other livestock, carcasses, or products therefrom so that the identity thereof is lost, then the lien herein granted shall extend to the same effect as if same had been perfected originally in all such animals, carcasses,
and products with which it has become commingled; provided, however, that all liens so extended under this section to such commingled livestock, carcasses, and products shall be on a parity with one another, and provided further that with respect to such commingled carcasses or products upon which a lien or liens have been so extended under this section, no such lien shall be enforceable as against any purchaser without actual knowledge thereof purchasing one or more of such carcasses or products in the ordinary course of trade or business from the party having commingled such carcasses or products, nor against any subsequent transferee from such purchaser, but in the event of such sale, such lien shall instead extend to the proceeds of such sale.

Priority of Lien

Sec. 7. The lien provided for in this article shall have priority over any other lien or perfected security interest in the livestock, its carcass, all products therefrom, and proceeds thereof not granted hereunder.

Severability

Sec. 8. If any provision of this Act or the application thereof to any person or circumstance shall be held to be invalid or unconstitutional, the remainder of the Act, and the application of such provision to other persons or circumstances shall not be affected thereby.

If the search does not reveal the owner, the sheriff or his designee shall advertise the impoundment of the estray in a newspaper of general circulation in the county at least twice during the next 15 days and post a notice of the impoundment of the estray on the public notice board of the courthouse.

**Recovery by Owner**

(c) The sheriff shall receive the proceeds from the sale of the animal and do the following:

3. cause the report of sale of impounded stock to be filed in the estray book.

(d) The net proceeds remaining from the sale of an estray after estray handling fees have been paid shall be delivered by the sheriff to the county treasurer. These net proceeds shall be placed in the jury fund of the county for the uses made of that fund, subject to claim by the original owner of the estray as provided herein.

**Use of Estray**

Sec. 8. During the period of time an estray is held by one who impounded the estray, the animal may not be used by that person for any purpose.

**Injury or Death to Estray**

Sec. 9. A person who has impounded an estray is liable for any abuse or negligent injury of the animal. The report shall be filed in the estray book.

**Recovery by Owner of Proceeds Delivered to County Treasurer**

evidence is furnished to a trustee or other fiduciary of the employees' trust or other obligor within such one-year period that there is or will be no trustee to receive the death benefits, payment of such death benefits shall be made as required or permitted by such employee's beneficiary designation, the plan of which the employees' trust is a part, or the retirement-annuity contract, and failing such other designation or provision in such plan or contract, such death benefits shall be paid to the personal representative of the deceased employee as a part of such deceased employee's estate.

**Exemption from Taxes and Debts**

Sec. 5. Unless the trust agreement, declaration of trust, or will provides otherwise, death benefits payable to a trustee as provided in Sections 2, 3, and 4 of this Act (i) shall not be deemed part of the deceased employee's estate, (ii) shall not be subject to any obligation to pay debts of the deceased employee or his estate or other charges enforceable against such estate, and (iii) shall not be subject to any obligation to pay any taxes enforceable against the deceased employee's estate to any greater extent than if such death benefits were payable, free of trust, to beneficiaries other than the executor or administrator of the estate of the deceased employee.

**Commingling of Assets**

Sec. 6. Death benefits paid to a trustee in accordance with Sections 2, 3, or 4 of this Act may be commingled with any other assets accepted by such trustee either before or after receipt of such death benefits, and held in trust.

**Application of This Act**

Sec. 7. Nothing in this Act shall affect the validity of any beneficiary designation heretofore made by an employee, in accordance with the terms of the plan of which the employees' trust is a part or in accordance with the terms of the retirement-annuity contract, naming a trustee of a trust under a trust agreement, declaration of trust, or under a will as beneficiary of death benefits.

**Declaratory of Common Law; Liberal Construction**

Sec. 8. This Act shall, insofar as possible, be deemed declaratory of the common law of the State of Texas and shall be liberally construed so as to effectuate the intent that death benefits received by a trustee of a trust under a trust agreement, declaration of trust, or will are not subject to the obligations of the employee or of his estate unless such trust expressly provides otherwise. Neither a reference in any will to any death benefits nor the naming of the trustee of a trust created by a will shall cause such death benefits to be included in the property administered as a part of the testator's estate or require inclusion of such death benefits in any inventory filed with the county court.

The Board shall also employ and use the assistance of a sufficient number of pre-hearing officers for the purpose of adjusting and settling claims for compensation; provided, however, that pre-hearing officers shall not be empowered to take testimony.

CHAPTER ONE. BARBERS

Art. 8402. Registering Name and Location; Exclusive Jurisdiction of State Board of Barber Examiners and Cosmetology Commission

Every person owning, operating or managing a barber shop or beauty parlor shall register his full name and the location of said shop or parlor in a book to be kept in the office of the State Board of Health for that purpose, and every owner, operator or manager of a barber shop or beauty parlor that is first opened for business hereafter shall within five days after the opening of such shop or parlor register in like manner. In event of a change in the manager or location of any such shop or parlor, the manager of same shall call at or communicate by mail with said board within five days after such change takes place and inform said board thereof. In order that the public may fix responsibility for services, acts, or treatments performed by persons licensed by the State Board of Barber Examiners vis-a-vis those performed by persons licensed by the Texas Cosmetology Commission, to promote the efficient and orderly administration of laws regulating barbers and the practice of barbering and the laws regulating cosmetologists and the practice of cosmetology and to avoid confusion of the public as well as avoid conflicts of jurisdiction between such board and commission which might impede effective administration or enforcement of the laws under their respective jurisdictions, from and after January 31, 1976, no person licensed by the barber board shall perform, offer, or attempt to perform barbering or any part thereof;

(b) directly or indirectly, employ, use, cause to be used, or make use of any of the following terms or any combinations, variations, or abbreviations thereof, as a professional, business, or commercial identification, title, name, representation, claim, asset, or means of advantage or benefit: “barber,” “barbering,” “barber school,” “barber college,” “barber shop,” “barber salon”;

(c) directly or indirectly, employ, use, cause to be used, or make use of any letter, abbreviation, word, symbol, slogan, sign, or any combination or variation thereof, which in any manner whatsoever tends or is likely to create any impression with the public or any member thereof that any person is qualified or authorized to practice barbering or own or manage any barber shop, barber school or college.

Barber Shop Permit; Application; Fees; Display; Transfer; Renewal; Supervision; Recovery Operation

Sec. 3. (a) No person may own, operate, or manage a barber shop without a barber shop permit issued by the board.

(b) Any firm, corporation or person who opens a new barber shop shall within three days submit an application in writing to the board for a temporary barber shop permit together with an inspection fee of $25. The applicant must place in his application the permanent address of his shop including a legal description of the premises to be licensed and all rules and regulations of the board.

(c) The board shall issue a barber shop permit to an applicant who holds a valid class A barber license and whose shop meets the minimum health standards for barber shops as promulgated by the State Department of Public Health and all rules and regulations of the board.
(d) A barber shop permit must be displayed in a conspicuous place in the barber shop for which the permit is issued.

(e) Permits are not transferable to another person. If the ownership of a barber shop is transferred to another person, the shop may continue in operation if the new owner applies for and obtains a new permit within 30 days after the transfer of ownership.

(f) To continue operating a barber shop, a person must renew the permit issued to his shop by paying a renewal fee of $25. All permits expire on July 1 of odd-numbered years.

(g) No person may operate a barber shop unless the shop is at all times under the sole and exclusive supervision and management of a registered Class A barber, and no person is practicing on the premises by authority of any license, permit or certificate issued by the Texas Cosmetology Commission.

(h) A person operating under a permit who wishes to move his operation to another location approved by the board may do so by notifying the Board of Barber Examiners ten days before he makes the move.

Ownership of any vessel other than a motorboat or an outboard motor of any horsepower but new not evidenced by a certificate of title or, if new, by a manufacturer's or importer's certificate. A separate certificate of title or manufacturer's or importer's certificate shall be secured for a motorboat and an outboard motor.

"(b) No person may sell, assign, transfer, or otherwise dispose of an interest in a motorboat or outboard motor without either (1) delivering to the transferee a certificate of title in the name of the transferee properly endorsed to show the transfer of title; or (2) if the transferee is not a manufacturer or dealer and the vessel or outboard motor is new, delivering to the Department a manufacturer's or importer's certificate showing the endorsement of the manufacturer and all intervening owners or (3) if the transferee is a manufacturer or dealer and the vessel or outboard motor is new, delivering to the transferee a manufacturer's or importer's certificate showing the endorsement of the manufacturer and all intervening owners, or (4) if the motorboat or outboard motor is not covered by a certificate of title or manufacturer's or importer's certificate, delivering to the Department (if the transferee is a manufacturer or dealer) or to the transferee (if the transferee is not a manufacturer or dealer) sufficient evidence of title and other information so that a certificate of title will be issued thereto the transferee. No person shall acquire an interest in a motorboat or outboard motor until a certificate of title to the motorboat or outboard motor has been issued in the name of such person, or if such person is a dealer or manufacturer and the motorboat or outboard motor is new, until the manufacturer's or importer's certificate is properly endorsed showing the signature of the manufacturer or all intervening owners.

"(c) Except as provided in Subsection (f) of this Section 5, all liens, encumbrances, and security interests in a motorboat or outboard motor created after the effective date of this Act shall be noted on the certificate of title pertaining to such motorboat or outboard motor, (ii) take priority according to the order of time in which they are noted on the certificate of title, and (iii) be valid as against other general creditors of the owner of the motorboat or outboard motor, subsequent purchasers thereof, and holders of unnoted security interests.

"(d) Application for a certificate of title shall be made to the Department on forms it prescribes showing, among other items, the name and address of the owner, a description of the motorboat or outboard motor (including, as appropriate, its make, model, year, length, construction material, manufacturer's or builder's number, hull identification number (HIN), motor number, outdrive number, horsepower), name and address of purchaser and date of purchase, name and address of any security interest owner, and such other information as the Department may prescribe to reflect the ownership of the motorboat or outboard motor, a security interest thereon, or to further describe the above items. The application shall provide for the fee prescribed hereunder and by such evidence as the Department shall reasonably require to establish that the applicant or other person entitled to a certificate of title or a noted security interest. Such evidence may include a certificate of title issued by another state or jurisdiction, manufacturer's or importer's certificate, bill of sale, assignment, contract, probate or heirship proceedings or information, judgment of a court of competent jurisdiction, or other documents. Every manufacturer or dealer selling or exchanging a motorboat or outboard motor to a person not a manufacturer or dealer or as manufacturer or dealer shall make application for a certificate of title in the name of the purchaser or transferee. In all other cases the purchaser shall make the application for a certificate of title. The application shall be made within 20 days after the date of sale of the motorboat or outboard motor. If a dealer acquires a used vessel or outboard motor covered by a certificate of title, the dealer need not secure a certificate of title in his name but may apply for a certificate of title in the name of the person to whom, other than another dealer, to whom he subsequently sells or otherwise transfers the motorboat or outboard motor, submitting the certificate of title with an appropriate assignment endorsement.

"(e) The certificate of title issued by the Department shall contain the name and address of the owner of the motorboat or outboard motor, the owner of any security interest therein, a description of the motorboat or outboard motor, and be in the form prescribed by the Department. If there is no lien on the motorboat or outboard motor, the original certificate of title, marked 'Original', shall be delivered to the owner and a copy retained by the Department. If there is a lien, the original certificate shall be sent to the first lien holder and the duplicate original, marked 'Duplicate Original', shall be delivered to the owner and a copy retained by the Department. Title may be transferred only by surrender of the original certificate of title properly endorsed to show the transfer of title.

"(f) The manufacturer's or importer's certificate shall describe the motorboat or outboard motor per Subsection (d) above, certify to the manufacture or other origin of the motorboat or outboard motor, be signed by the manufacturer or the equivalent thereof, and show thereon the endorsement of the original and each subsequent transferee up to and including the applicant for the certificate of title. No lien, encumbrance, or security agreement shall be shown thereon. Any security interest or other lien may be perfected as provided by Chapter 9 of the Business and Commerce Code as long as the motorboat or outboard motor is new.

"(g) The provisions of Subsections (d), (e), and (f) shall likewise apply to those vessels on which a certificate may but is not required to be issued.

"(h) The Department shall by regulation provide for the replacement of lost, stolen, or mutilated certificates.

"(i) A certificate of title shall be required as proof of ownership of a motorboat on an application for a number as required by this Act unless a certificate of title has not otherwise been required by the terms of this section, in which event a certified statement of ownership shall be sufficient to secure a number. A certificate of number may be cancelled and the identification number voided for the Department even though such action occurs before the expiration date on the certificate, and such certificate is not surrendered to this Depart­ment. Certain causes for cancellation of certificates and voiding of numbers include but are not limited to the following:

"(1) Surrender of certificate for cancellation;

"(2) Issuance of a new number for the same boat;

"(3) Issuance of a marine document by the Bureau of Customs for the same vessel;

"(4) False or fraudulent certification in an application for number;

"(5) False certification of ownership on certificate of title or number;

"(6) The dismantling, destruction, or change in the form or character of a motorboat or outboard motor so that it does not fit the definition thereof or is not correctly described in the certificate.

"(7) The provisions of this Section 5 shall not apply to vessels with a valid marine document issued by the Bureau of Customs of the United States or any federal agency successor thereto, nor to any outboard motor 14 feet in length or less.

"(8) The fee for the issuance of a certificate of title or the notation of a security interest or other lien or encumbrance shall be treated as fees collected pursuant to Section 27 of this Act and shall be $2.00 until September 1, 1977, and $1.50 then and thereafter.

"Section 3 of the aforesaid 1975 amendatory act provided: "The effective date of this Act is January 1, 1976."

"(9) A person who intentionally or knowingly violates or fails to comply with the provisions of Subsection (a), Section 21 of this Act is guilty of a misdemeanor and on conviction is punishable by confinement in jail for a term not to exceed one year, or by a fine not to exceed $2,000, or by both."
